Public Law 96-454
96th Congress

An Act

To reduce regulation of and increase competition in the household goods moving industry, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That this Act may be cited as the “Household Goods Transportation Act of 1980”.

DECLARATION OF POLICY

SEC. 2. (a) The Congress hereby finds—

(1) that a safe, stable, and financially sound system of transportation of household goods by motor common carriers is vital to the maintenance of a strong national economy and a strong national defense;

(2) that the best means of assuring such a system is through competition and reduced regulation;

(3) that maximum flexibility on the part of the carriers in the pricing of their services best serves the shippers of household goods and allows a variety of quality and price options to meet market demands; and

(4) that the interest of individual shippers can be best protected by allowing carriers of household goods maximum flexibility in serving the needs of their shippers, by providing accurate and complete information concerning carriers’ performance and individual shippers’ rights and remedies, by reducing the amount of unnecessary regulations, and by strengthening remedies for violations of those regulations that are necessary for protection of individual shippers.

(b) The appropriate authorizing committees of Congress shall conduct periodic oversight hearings on the effects of this legislation, no less than annually for the first 5 years following the date of enactment of this Act, to ensure that this Act is being implemented according to congressional intent and purpose.

DEFINITIONS

“(10) ‘household goods’ means—

“(A) personal effects and property used or to be used in a dwelling when a part of the equipment or supply of such dwelling and such other similar property as the Commission may provide by regulation; except that this subparagraph shall not be construed to include property moving from a factory or store, except such property as the householder has purchased with intent to use in his dwelling and which is
transported at the request of, and the transportation charges paid to the carrier by, the householder;

"(B) furniture, fixtures, equipment, and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment, or supply of such stores, offices, museums, institutions, hospitals, or other establishments and such other similar property as the Commission may provide by regulation; except that this subparagraph shall not be construed to include the stock-in-trade of any establishment, whether consignor or consignee, other than used furniture and used fixtures, except when transported as incidental to moving of the establishment, or a portion thereof, from one location to another; and

"(C) articles, including objects of art, displays, and exhibits, which because of their unusual nature or value require the specialized handling and equipment usually employed in moving household goods and such other similar articles as the Commission may provide by regulation; except that this subparagraph shall not be construed to include any article, whether crated or uncrated, which does not, because of its unusual nature or value, require the specialized handling and equipment usually employed in moving household goods."); and

(2) by redesignating paragraphs (10) through (28) of such section, and any references thereto, as paragraphs (11) through (29), respectively.

(b)(1) Section 250(a)(1) of the Internal Revenue Code of 1954 is amended by striking out "10102(17)" and inserting in lieu thereof "10102(18)".

RATES

49 USC 10734. "§10734. Household goods rates—estimates; guarantees of service

"(a)(1) Subject to the provisions of paragraph (2) of this subsection, a motor common carrier providing transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title may, subject to the provisions of this chapter (including the general tariff requirements of section 10762 of this title), establish a rate for the transportation of household goods which is based on the carrier's written, binding estimate of charges for providing such transportation.

"(2) Any rate established under this subsection must be available on a nonpreferential basis to shippers and must not result in charges to shippers which are predatory.

"(b)(1) Subject to the provisions of paragraph (2) of this subsection, a motor common carrier providing transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title may, subject to the provisions of this chapter (including the general tariff requirements of section 10762 of this title), establish rates for the transportation of household goods which guarantee that the carrier will pick up and deliver such household goods at the times specified in the contract for such services and
provide a penalty or per diem payment in the event the carrier fails to pick up or deliver such household goods at the specified time. The charges, if any, for such guarantee and penalty provision may vary to reflect one or more options available to meet a particular shipper's needs but must be contained in the tariff the carrier publishes for such service under this title.

"(2) Before a carrier may establish a rate for any service under paragraph (1) of this subsection, the Commission may require such carrier to have in effect and keep in effect, during any period such rate is in effect under such paragraph, a rate for such service which does not guarantee the pick up and delivery of household goods at the times specified in the contract for such services and which does not provide a penalty or per diem payment in the event the carrier fails to pick up or deliver household goods at the specified time."

(b) The analysis for chapter 107 of title 49, United States Code, is amended by inserting

“(b) Each motor common carrier providing transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title shall use due diligence and reasonable care in selecting and maintaining agents who are sufficiently knowledgeable, fit, willing, and able to provide adequate household goods transportation services (including accessorial and terminal services) and to fulfill the obligations imposed upon them by this subtitle and by such carrier.

“(4) Upon filing of a petition with the Commission by an agent who is the subject of an order issued pursuant to the second sentence of paragraph (3) of this subsection and after notice, a hearing shall be held with an opportunity to be heard. At such hearing, a determination shall be made whether the order issued pursuant to paragraph (3) of this subsection should be rescinded.

RULES AND REGULATIONS

SEC. 6. (a)(1) Chapter 111 of title 49, United States Code, is amended
by inserting after section 11109 the following new section:

"§11110. Household goods carrier operations

(a)(1) The regulations and paperwork required of motor common
carriers providing transportation of household goods subject to the
jurisdiction of the Commission under subchapter II of chapter 105 of
this title shall be minimized to the maximum extent feasible consist­
tent with the protection of individual shippers.

(2) The Interstate Commerce Commission may issue regulations,
including regulations protecting individual shippers, in order to
carry out this subtitle with respect to the transportation of household
goods by motor common carrier.

(3) Regulations of the Commission protecting individual shippers
shall include, where appropriate, reasonable performance standards
for the transportation of household goods subject to the jurisdiction of
the Commission under subchapter II of chapter 105 of this title. In
establishing performance standards under this paragraph, the Com­
misson shall take into account at least the following:

(A) the level of performance that can be achieved by a well­
managed motor common carrier transporting household goods;

(B) the degree of harm to individual shippers which could
result from a violation of the regulation;

(C) the need to set the level of performance at a level
sufficient to deter abuses which result in harm to consumers and
violations of regulations;

(D) service requirements of the carriers;

(E) the cost of compliance in relation to the consumer benefits
to be achieved from such compliance; and

(F) the need to set the level of performance at a level designed
to encourage carriers to offer service responsive to shipper needs.

(4) Nothing in this section shall be construed to limit the Commis­
ion's authority to require reports from motor common carriers
providing transportation of household goods or to require such
carriers to provide specified information to consumers concerning
their past performance.

(b)(1) Every motor common carrier providing transportation of
household goods subject to the jurisdiction of the Commission under
subchapter II of chapter 105 of this title may, upon request of a
prospective shipper, provide the shipper with an estimate of charges
for transportation of household goods and for the proposed services. The Commission shall not prescribe specific formulas, forms, methods, or techniques for providing a prospective shipper with such an estimate. The Commission shall not prohibit any such carrier from charging a prospective shipper for providing a written, binding estimate for the transportation and proposed services, nor shall the Commission require the final charges to a shipper to be based on an estimate.

"(2) Any charge for an estimate of charges provided by a motor common carrier to a shipper for transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title shall be subject to the antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12).

"(c) The Commission shall issue regulations that provide motor carriers providing transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title with the maximum possible flexibility in weighing shipments, consistent with assurance to the shipper of accurate weighing practices. The Commission shall not prohibit such carriers from backweighing shipments or from basing their charges on the reweigh weights if the shipper observes both the tare and gross weighings (or, prior to such weighings, waives in writing the opportunity to observe such weighings) and such weighings are performed on the same scale."

(2) The analysis for chapter 111 of title 49, United States Code, is amended by inserting

"11110. Household goods carrier operations."

after

"11109. Loading and unloading motor vehicles."

(b)(1) Not later than sixty days after the date of enactment of this Act, the Interstate Commerce Commission shall institute a rulemaking proceeding in which it shall review and revise all of its operational regulations pertaining to transportation of household goods to carry out the purposes of section 11110(a) of title 49, United States Code.

(2) The Interstate Commerce Commission shall conclude the rulemaking proceeding required by this subsection within two hundred and seventy days after the date of enactment of this Act.

(3) To the maximum extent feasible, the provisions of this section, including the amendments made by this section, shall apply to rules and regulations pertaining to transportation of household goods for the United States Government issued by departments, agencies, and instrumentalities of the United States (other than the Interstate Commerce Commission), including rules and regulations established for the distribution of such traffic, to the same extent as such provisions apply to rules and regulations issued by the Interstate Commerce Commission.

DISPUTE SETTLEMENT

SEC. 7. (a)(1) Chapter 117 of title 49, United States Code, is amended by inserting after section 11710 the following new section:

"§11711. Dispute settlement program for household goods carriers

"(a)(1) One or more motor common carriers providing transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title who want to establish
a program to settle disputes between such carriers and shippers of household goods concerning the transportation of household goods may submit an application for establishing such program to the Commission. Such application shall be in such form and contain such information as the Commission may, by regulation, require. The Commission shall review and approve, in accordance with the provisions of this section, each application submitted under this subsection.

"(2) The Commission shall approve, at least within 45 days of its filing, any application to establish a program for settling disputes concerning the transportation of household goods which meets the requirements of subsection (b) of this section.

"(3) The Commission may investigate at any time the functioning of any program approved under this section and, after notice and an opportunity for a hearing, may suspend or revoke its approval for failure to meet the requirements of this section and such regulations as the Commission may issue to carry out the provisions of this section.

"(b) No program for settling disputes concerning the transportation of household goods may be approved under this section unless the program is a fair and expeditious method for settling such disputes and complies with each of the following requirements and such regulations as the Commission may issue:

"(1) The program is designed to prevent a carrier from having any special advantage in any case in which the claimant resides or does business at a place distant from the carrier's principal or other place of business.

"(2) The program provides for adequate notice of the availability of such program, including a concise easy-to-read, accurate summary of the program and disclosure of the legal effects of election to utilize the program. Such notice must be given to persons for whom household goods are to be transported by the carrier before such goods are tendered to the carrier for transportation.

"(3) Upon request of a shipper, the carrier must promptly provide such forms and other information as are necessary for initiating an action under the program to resolve a dispute.

"(4) Each person, authorized pursuant to the program to arbitrate or otherwise settle disputes, must be independent of the parties to the dispute and must be capable, as determined under such regulations as the Commission may issue, to resolve such disputes fairly and expeditiously. The program must ensure that each person chosen to settle the disputes is authorized and able to obtain from the shipper or carrier any material and relevant information to the extent necessary to carry out a fair and expeditious decisionmaking process.

"(5) No fee for instituting a proceeding under the program may be charged the shipper; except that, if the program is binding solely on the carrier, the shipper may be charged a fee of not more than $25 for instituting a proceeding under the program. In any case in which a shipper is charged a fee under this paragraph for instituting a proceeding under the program and such dispute is settled in favor of the shipper, the person settling the dispute must refund such fee to the shipper unless the person settling the dispute determines that such refund is inappropriate.

"(6) The program must not require the shipper to agree to utilize the dispute settlement program prior to the time that a dispute arises.
“(7) The program may provide for an oral presentation of a
dispute concerning transportation of household goods by a party
to the dispute (or a party’s representative), but such oral presenta-
tion may be made only if all parties to the dispute expressly
agree to such presentation and the date, time, and location of
such presentation.

“(8) Any person settling a dispute concerning transportation of
household goods under the program must, as expeditiously as
possible but at least within 60 days of receipt of written notifica-
tion of the dispute, render a decision based on the information
gathered, except that, in any case in which a party to the dispute
fails to provide in a timely manner any information concerning
such dispute which the person settling the dispute may reason-
ably require to resolve the dispute, the dispute settler may
extend such 60-day period for a reasonable period of time. A
decision resolving a dispute may include any remedies appropri-
ate under the circumstances, including repair, replacement,
refund, reimbursement for expenses, and compensation for
damages.

“(c) Materials and information obtained in the course of a decision-
making process to settle a dispute under a dispute settlement
program approved under this section may not be used to bring an
action under section 11910 of this title.

“(d) In any court action to resolve a dispute between a shipper of
household goods and a motor common carrier providing transporta-
tion subject to the jurisdiction of the Commission under subchapter II
of chapter 105 of this title concerning the transportation of household
goods by such carrier, the shipper shall be awarded reasonable
attorney’s fees if—

“(1) the shipper submits a claim to the carrier within 120 days
after the date the shipment is delivered or the date the delivery is
scheduled, whichever is later;

“(2) the shipper prevails in such court action; and

“(3)(A) no dispute settlement program approved under this
section was available for use by the shipper to resolve the
dispute; or

“(B) a decision resolving the dispute was not rendered under a
dispute settlement program approved under this section within
the period provided under subsection (b)(8) of this section or an
extension of such period under such subsection; or

“(C) the court proceeding is to enforce a decision rendered
under a dispute settlement program approved under this section
and is instituted after the period for performance under such
decision has elapsed.

“(e) In any court action to resolve a dispute between a shipper of
household goods and a motor common carrier providing transporta-
tion subject to the jurisdiction of the Commission under subchapter II
of chapter 105 of this title concerning the transportation of household
goods by such carrier, such carrier may be awarded reasonable
attorney’s fees by the court only if the shipper brought such action in
bad faith—

“(1) after resolution of such dispute under a dispute settlement
program approved under this section; or

“(2) after institution of a proceeding by the shipper to resolve
such dispute under a dispute settlement program approved
under this section but before (A) the period provided under
subsection (b)(8) for resolution of such dispute (including, if
applicable, an extension of such period under such subsection)
ends, and (B) a decision resolving such dispute is rendered under such program.

"(f) The provisions of this section shall apply only in the case of collect-on-delivery transportation of those types of household goods described in section 10102(10)(A) of this title.

(2) The analysis for chapter 117 of title 49, United States Code, is amended by inserting

"11711. Dispute settlement program for household goods carriers."

after

"11710. Liability when property is delivered in violation of routing instructions."

(b) The amendments made by this section shall take effect on the date of enactment of this Act, except that subsections (d) and (e) of section 11711 of title 49, United States Code, as inserted in chapter 117 of such title by subsection (a)(1) of this section, shall take effect on the two hundred and fortieth day following such date of enactment.

**PENALTIES**

Sec. 8. (a) Section 11901 of title 49, United States Code, is amended—

(1) by adding at the end of subsection (g) the following new sentence: "After the date of enactment of this sentence, no penalties shall be imposed under this subsection for a violation relating to the transportation of household goods. Any such penalties that were imposed prior to such date of enactment shall be collected only in accordance with the provisions of subsection (h) of this section."

No penalty shall be imposed under this paragraph for any failure to make, prepare, or preserve the record in the form and manner prescribed by the Commission unless the shipper or shippers have suffered harm as a result of such failure.

"(2) In determining and negotiating the amount of a civil penalty under this subsection, the degree of culpability, any history of prior such conduct, the degree of harm to shipper or shippers, ability to pay, the effect on ability to do business, whether the shipper has been adequately compensated before institution of the proceeding, and such other matters as fairness may require shall be taken into account.

the Commission may, in writing, notify the carrier, receiver, or trustee of its determinations and may elect to assess civil penalties under this paragraph for such failures and refusals in lieu of proceeding under paragraph (1) of this subsection with respect to such failures and refusals. If the Commission elects to assess civil penalties under this paragraph, such civil penalties may only be assessed after notice and opportunity for a hearing.

"(B) Subject to the provisions of paragraph (3) of this subsection, the amount of a civil penalty which may be assessed under this paragraph for a failure or refusal shall not be more than $1,000 for such failure or refusal and $500 for each additional day during which such failure or refusal continues.

"(4)(A) No civil penalty may be imposed under this subsection for a failure or refusal to comply with a regulation issued by the Commission relating to protection of individual shippers unless the shipper or shippers have suffered harm as a result of such failure or refusal.

"(B) In addition, no civil penalty may be imposed under this subsection for a failure or refusal to comply with a regulation issued by the Commission relating to protection of individual shippers—
"(i) if, before receiving notice from the Commission of such failure or refusal, the carrier, receiver, or trustee adequately compensates the shipper or shippers, or offers adequate compensation to the shipper or shippers, for the harm they have suffered as a result of such failure or refusal; or

“(ii) in the case of a carrier, receiver, or trustee that does not know or have reason to know that the shipper or shippers have suffered harm as a result of such failure or refusal before receiving notice from the Commission of such failure or refusal, if such carrier, receiver, or trustee adequately compensates the shipper or shippers, offers adequate compensation to the shipper or shippers, for such harm before commencement under this subsection of the assessment hearing or trial, as the case may be.

“(5) In determining and negotiating the amount of a civil penalty under this subsection, the degree of culpability, any history of prior such conduct, the degree of harm to shipper or shippers, ability to pay, the effect on ability to do business, and such other matters as fairness may require shall be taken into account.

“(j) Any person that knowingly engages in or knowingly authorizes an agent or other person (1) to falsify documents used in the transportation of household goods subject to the jurisdiction of the Commission under subchapter II of chapter 105 of this title which evidence the weight of a shipment, or (2) to charge for accessorial services which are not performed or for which the carrier is not entitled to be compensated in any case in which such services are not reasonably necessary in the safe and adequate movement of the shipment, is liable to the United States for a civil penalty of not more than $2,000 for each violation and of not more than $5,000 for each subsequent violation. Any State may bring a civil action in the United States district courts to compel a person to pay a civil penalty assessed under this subsection.”.

However, pending final Commission action in a proceeding under section 10708 of this title to determine whether a proposed rate for the transportation of household goods for the United States Government under this subsection is predatory or not, the Commission may suspend the proposed rate under subsection (b) of such section 10708 only if it appears from specific facts shown by the verified complaint of a person that—
