"SEC. 19. (a)(1)(A) From the sums appropriated under this Act the Secretary shall, subject to the provisions of this subsection and subsection (b), pay to the Commonwealth of Puerto Rico not to exceed \$825,000 for each fiscal year to finance 100 per centum of the expenditures for food assistance provided to needy persons, and 50 per centum of the administrative expenses related to the provision of such assistance.

"(B) The payments to the Commonwealth for any fiscal year shall not exceed the expenditures by that jurisdiction during that year for the provision of the assistance the provision of which is included in the plan of the Commonwealth approved under subsection (b) and 50 per centum of the related administrative expenses.

"(2) The Secretary shall, subject to the provisions of subsection (b), pay to the Commonwealth for the applicable fiscal year, at such times and in such manner as the Secretary may determine, the amount estimated by the Commonwealth pursuant to subsection (b)(1)(A)(iv), reduced or increased to the extent of any prior overpayment or current underpayment which the Secretary determines has been made under this section and with respect to which adjustment has not already been made under this subsection.

"(b)(1)(A) In order to receive payments under this Act for any fiscal year, the Commonwealth shall have a plan for that fiscal year approved by the Secretary under this section. By July 1 of each year, if the Commonwealth wishes to receive payments, it shall submit a plan for the provision of the assistance described in subsection (a)(1)(A) for the following fiscal year which—

“(v) includes such other information as the Secretary may require.

“(B)(i) The Secretary shall approve or disapprove any plan submitted pursuant to subparagraph (A) no later than August 1 of the year in which it is submitted. The Secretary shall approve any plan which complies with the requirements of subparagraph (A). If a plan is disapproved because it does not comply with any of the requirements of that paragraph the Secretary shall, except as provided in subparagraph (B)(ii), notify the appropriate agency in the Commonwealth that payments will not be made to it under subsection (a) for the fiscal year to which the plan applies until the Secretary is satisfied that there is no longer any such failure to comply, and until the Secretary is so satisfied, the Secretary will make no payments.

“(ii) The Secretary may suspend the denial of payments under subparagraph (B)(i) for such period as the Secretary determines appropriate and instead withhold payments provided for under subsection (a), in whole or in part, for the fiscal year to which the plan applies, until the Secretary is satisfied that there is no longer any failure to comply with the requirements of subparagraph (A), at which time such withheld payments shall be paid.

“(2)(A) The Commonwealth shall provide for a biennial audit of expenditures under its program for the provision of the assistance described in subsection (a)(1)(A), and within 120 days of the end of each fiscal year in which the audit is made, shall report to the Secretary the findings of such audit.

“(B) Within 120 days of the end of the fiscal year, the Commonwealth shall provide the Secretary with a statement as to whether the payments received under subsection (a) for that fiscal year exceeded the expenditures by it during that year for which payment is authorized under this section, and if so, by how much, and such other information as the Secretary may require.

“(C)(i) If the Secretary finds that there is a substantial failure by the Commonwealth to comply with any of the requirements of subparagraphs (A) and (B), or to comply with the requirements of subsection (b)(1)(A) in the administration of a plan approved under subsection (b)(1)(B), the Secretary shall, except as provided in subparagraph (C)(ii), notify the appropriate agency in the Commonwealth that further payments will not be made to it under subsection (a) until the Secretary is satisfied that there will no longer be any such failure to comply, and until the Secretary is so satisfied, the Secretary shall make no further payments.

“(ii) The Secretary may suspend the termination of payments under subparagraph (C)(i) for such period as the Secretary determines appropriate, and instead withhold payments provided for under subsection (a), in whole or in part, until the Secretary is satisfied that there will no longer be any failure to comply with the requirements of subparagraphs (A) and (B) and subsection (b)(1)(A), at which time such withheld payments shall be paid.

“(iii) Upon a finding under subparagraph (C)(i) of a substantial failure to comply with any of the requirements of subparagraphs (A) and (B) and subsection (b)(1)(A), the Secretary may, in addition to or in lieu of any action taken under subparagraphs (C)(i) and (C)(ii), refer

the matter to the Attorney General with a request that injunctive relief be sought to require compliance by the Commonwealth of Puerto Rico, and upon suit by the Attorney General in an appropriate district court of the United States and a showing that noncompliance has occurred, appropriate injunctive relief shall issue.

“(c)(1) The Secretary shall provide for the review of the programs for the provision of the assistance described in subsection (a)(1)(A) for which payments are made under this Act.

“(2) The Secretary is authorized as the Secretary deems practicable to provide technical assistance with respect to the programs for the provision of the assistance described in subsection (a)(1)(A).

“(d) Whoever knowingly and willfully embezzles, misapplies, steals, or obtains by fraud, false statement, or forgery, any funds, assets, or property provided or financed under this section shall be fined not more than \$10,000 or imprisoned for not more than five years, or both, but if the value of the funds, assets or property involved is not over \$200, the penalty shall be a fine of not more than \$1,000 or imprisonment for not more than one year, or both.”

(b) Notwithstanding the provisions of section 19 of the Food Stamp Act of 1977, as added by this section—

(1) the amount payable to the Commonwealth of Puerto Rico under section 19 for fiscal year 1982 shall be \$206,500,000, and the Secretary of Agriculture is authorized to grant such waivers of the requirements imposed by that section with respect to that fiscal year as the Secretary determines appropriate to carry out the purposes of that section; and

(2) in order to receive the amounts payable under this subsection or section 19 for fiscal years 1982 and 1983, the Commonwealth shall submit, for the Secretary's approval, the plan required by the provisions of subsection (b) of section 19 by April 1, 1982.

The Secretary shall adjust this estimate of net Government purchases to reflect the effect of current and expected availability of feed, feed prices, milk-feed price ratio, utility cow prices, dairy cow numbers and dairy heifer replacement stocks on milk production during the marketing year. After making this final estimate, the Secretary shall support the price of milk at not less than the level indicated by the following schedule, nor more than 90 per centum of the parity price therefor:

In no event shall the support price be less than the dollar amount of the support price then currently in effect for milk: *Provided*, That if the Secretary determines that the inventory of dairy products, at the end of the marketing year, exceeds five hundred million pounds of nonfat dry milk or five and one-half billion pounds milk equivalent of butter and cheese, the support price for the next marketing year shall be established at the minimum level indicated by this schedule based upon estimated Government price support purchases net of sales for unrestricted use for such year. The Secretary shall notify, in writing, the chairman of the Senate Committee on Agriculture, Nutrition, and Forestry and the chairman of the House Committee on Agriculture of the Secretary's decision and reasons therefor thirty days prior to the effective date of the new support level. Notwithstanding the foregoing, if during any marketing year dairy product imports into the United States are increased as the result of an expansion of imports or termination of import restraints established pursuant to section 22 of the Agricultural Adjustment Act, the support price shall be redetermined by reducing the final estimate of net Government purchases by the milk equivalent (butterfat basis) of dairy products or nonfat dry milk or its equivalent of other products derived from such increased imports. If a review of net Government purchases as provided for in subsection (c) indicates that purchases during the most recent six-month period are being made at an annual rate exceeding five and one-half billion pounds milk equivalent (butterfat basis), or five hundred million pounds of nonfat dry milk, the support price of milk need not be adjusted unless such adjustment is necessary to prevent a support price at less than 75 per centum of parity as determined at the beginning of the semiannual period. The Secretary shall notify, in writing, the chairman of the Senate Committee on Agriculture, Nutrition, and Forestry and the chairman of the House Committee on Agriculture of the Secretary's decision and the reasons therefor thirty days prior to the effective date of such semiannual adjustment."

The Secretary shall issue regulations establishing criteria in accordance with the preceding sentence and setting forth minimum standards for determining the level of economic distress of cities and urban counties for eligibility for such grants. These standards shall take into account factors such as the

age of housing; the extent of poverty; the extent of population lag; growth of per capita income; and, where data are available, the extent of unemployment and job lag.

“(2) the city or urban county has demonstrated to the satisfaction of the Secretary that basic services supplied by the city or urban county to the area described in subsection (b)(2) are at least equivalent, as measured by per capita expenditures, to those supplied to other areas within the city or urban county which are similar in population size and physical characteristics and which have median incomes above the median income for the city or urban county;

“(3) the grant will be used in connection with a project which will directly benefit the low- and moderate-income families and individuals residing in the area described in subsection (b)(2); and

Reviews and audits.

“(h) No assistance may be provided under this section for projects intended to facilitate the relocation of industrial or commercial plants or facilities from one area to another, unless the Secretary finds that the relocation does not significantly and adversely affect the unemployment or economic base of the area from which the industrial or commercial plant or facility is to be relocated.

Industrial or commercial plants or facilities, assistance.

“(i) Not less than 25 per centum of the funds made available for grants under this section shall be used for cities with populations of less than fifty thousand persons which are not central cities of a metropolitan statistical area.

“(j) A grant may be made under this section only where the Secretary determines that there is a strong probability that (1) the non-Federal investment in the project would not be made without the grant, and (2) the grant would not substitute for non-Federal funds which are otherwise available to the project.

“(k) In making grants under this section, the Secretary shall take such steps as the Secretary deems appropriate to assure that the amount of the grant provided is the least necessary to make the project feasible.

“(l) For purposes of this section, the Secretary may reduce or waive the requirement in section 102(a)(5)(B)(ii) that a town or township be closely settled.

42 USC 5302.

“RENTAL PAYMENTS; DEFINITIONS

“SEC. 3. (a) Dwelling units assisted under this Act shall be rented only to families who are lower income families at the time of their initial occupancy of such units. “(2) The term ‘lower income families’ means those families whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area on the basis of the Secretary’s findings that such variations are necessary because of prevailing levels of construction costs or unusually high or low family incomes. The term ‘very low-income families’ means lower income families whose incomes do not exceed 50 per

centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families.

As used in this paragraph, the term 'tenant programs and services' includes the development and maintenance of tenant organizations which participate in the management of lower income housing projects; the training of tenants to manage and operate such projects and the utilization of their services in project management and operation; counseling on household management, housekeeping, budgeting, money management, child care, and similar matters; advice as to resources for job training and placement, education, welfare, health, and other community services; services which are directly related to meeting tenant needs and providing a wholesome living environment; and referral to appropriate agencies in the community when necessary for the provision of such services. The Secretary shall provide that the amount of rent paid by any family shall not increase, as a result of the amendments made by this section and as a result of any other provision of Federal law redefining which governmental benefits are required to or may be considered as income, by more than 10 per centum during any 12-month period unless the increase above such 10 per centum is attributed solely to increases in income which are not caused by such amendments or by such redefinitions. The limitation contained in the preceding sentence shall remain in effect and may not be changed or superceded except by another provision of law which amends this subsection. The provisions of subsections (a) through (h) shall be implemented and fully applicable to all affected tenants no later than five years following the date of enactment of this Act, except that the Secretary may extend the time for implementation if the Secretary determines that full implementation would result in extraordinary hardship for any class of tenants.

Multifamily
Mortgage
Foreclosure Act
of 1981.

PART 6—MULTIFAMILY MORTGAGE FORECLOSURE

SHORT TITLE

12 USC 3701
note.

SEC. 361. This part may be cited as the "Multifamily Mortgage Foreclosure Act of 1981".

FINDINGS AND PURPOSE

12 USC 3701.

SEC. 362. (a) The Congress finds that—

12 USC 1707.
42 USC 1452b.

(1) disparate State laws under which the Secretary of Housing and Urban Development forecloses real estate mortgages which the Secretary holds pursuant to title II of the National Housing Act or section 312 of the Housing Act of 1964 covering multiunit residential and nonresidential properties burden the programs administered by the Secretary pursuant to these authorities, and cause detriment to the residents of the affected projects and the community generally;

(2) long periods to complete the foreclosure of these mortgages under certain State laws lead to deterioration in the condition of the properties involved; necessitate substantial Federal management and holding expenditures; increase the risk of vandalism, fire loss, depreciation, damage, and waste with respect to the properties; and adversely affect the residents of the projects and the neighborhoods in which the properties are located;

(3) these conditions seriously impair the Secretary's ability to protect the Federal financial interest in the affected properties and frustrate attainment of the objectives of the underlying Federal program authorities, as well as the national housing goal of "a decent home and a suitable living environment for every American family";

(4) application of State redemption periods to these mortgages following their foreclosure would impair the salability of the properties involved and discourage their rehabilitation and improvement, thereby compounding the problems referred to in clause (3);

(5) the availability of a uniform and more expeditious procedure for the foreclosure of these mortgages by the Secretary and continuation of the practice of not applying postsale redemption periods to such mortgages will tend to ameliorate these conditions; and

(6) providing the Secretary with a nonjudicial foreclosure procedure will reduce unnecessary litigation by removing many foreclosures from the courts where they contribute to overcrowded calendars.

(b) The purpose of this part is to create a uniform Federal foreclosure remedy for multiunit residential and nonresidential mortgages held by the Secretary of Housing and Urban Development pursuant to title II of the National Housing Act or section 312 of the Housing Act of 1964.

DEFINITIONS

12 USC 3702.

SEC. 363. As used in this part—

(1) "mortgage" means a deed of trust, mortgage, deed to secure debt, security agreement, or any other form of instrument under which any interest in property, real, personal or mixed, or any interest in property including leaseholds, life estates, reversionary interests, and any other estates under applicable State law, is

conveyed in trust, mortgaged, encumbered, pledged, or otherwise rendered subject to a lien, for the purpose of securing the payment of money or the performance of an obligation;

(2) "multifamily mortgage" means a mortgage held by the Secretary pursuant to title II of the National Housing Act or section 312 of the Housing Act of 1964 covering any property, except a property on which there is located a one- to four-family residence;

12 USC 1707.
42 USC 1452b.

(3) "mortgage agreement" means the note or debt instrument and the mortgage instrument, deed of trust instrument, trust deed, or instrument or instruments creating the mortgage, including any instrument incorporated by reference therein (including any applicable regulatory agreement), and any instrument or agreement amending or modifying any of the foregoing;

(4) "mortgagor" means the obligor, grantor, or trustor named in the mortgage agreement and, unless the context otherwise indicates, includes the current owner of record of the security property whether or not personally liable on the mortgage debt;

(5) "person" includes any individual, group of individuals, association, partnership, corporation, or organization;

(6) "record" and "recorded" include "register" and "registered" in the instance of registered land;

(7) "security property" means the property, real, personal or mixed, or an interest in property, including leaseholds, life estates, reversionary interests, and any other estates under applicable State law, together with fixtures and other interests subject to the lien of the mortgage under applicable State law;

(8) "State" means the several States, the District of Columbia, the Commonwealth of Puerto Rico, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands, and Indian tribes as defined by the Secretary;

(9) "county" means county as defined in section 2 of title I, United States Code; and

1 USC 2.

(10) "Secretary" means the Secretary of Housing and Urban Development.

APPLICABILITY

SEC. 364. Multifamily mortgages held by the Secretary encumbering real estate located in any State may be foreclosed by the Secretary in accordance with this part, or pursuant to other foreclosure procedures available, at the option of the Secretary.

12 USC 3703.

DESIGNATION OF FORECLOSURE COMMISSIONER

SEC. 365. A foreclosure commissioner or commissioners designated pursuant to this part shall have a nonjudicial power of sale as provided in this part. Where the Secretary is the holder of a multifamily mortgage, the Secretary may designate a foreclosure commissioner and, with or without cause, may designate a substitute foreclosure commissioner to replace a previously designated foreclosure commissioner, by executing a duly acknowledged, written designation stating the name and business or residential address of the commissioner or substitute commissioner. The designation shall be effective upon execution. Except as provided in section 368(b), a copy of the designation shall be mailed with each copy of the notice of default and foreclosure sale served by mail in accordance with section 369(1). The foreclosure commissioner, if a natural person, shall be a resident of the State in which the security property is located and, if

12 USC 3704.

not a natural person, the foreclosure commissioner must be duly authorized to transact business under the laws of the State in which the security property is located. The foreclosure commissioner shall be a person who is responsible, financially sound and competent to conduct the foreclosure. More than one foreclosure commissioner may be designated. If a natural person is designated as foreclosure commissioner or substitute foreclosure commissioner, such person shall be designated by name, except that where such person is designated in his or her capacity as an official or employee of the government of the State or subdivision thereof in which the security property is located, such person may be designated by his or her unique title or position instead of by name. The Secretary shall be a guarantor of payment of any judgment against the foreclosure commissioner for damages based upon the commissioner's failure properly to perform the commissioner's duties. As between the Secretary and the mortgagor, the Secretary shall bear the risk of any financial default by the foreclosure commissioner. In the event that the Secretary makes any payment pursuant to the preceding two sentences, the Secretary shall be fully subrogated to the rights satisfied by such payment.

PREREQUISITES TO FORECLOSURE

12 USC 3705.

SEC. 366. Foreclosure by the Secretary under this part of a multi-family mortgage may be commenced, as provided in section 368, upon the breach of a covenant or condition in the mortgage agreement for which foreclosure is authorized under the mortgage, except that no such foreclosure may be commenced unless any previously pending proceeding, judicial or nonjudicial, separately instituted by the Secretary to foreclose the mortgage other than under this part has been withdrawn, dismissed, or otherwise terminated. No such separately instituted foreclosure proceeding on the mortgage shall be instituted by the Secretary during the pendency of foreclosure pursuant to this part. Nothing in this part shall preclude the Secretary from enforcing any right, other than foreclosure, under applicable State law, including any right to obtain a monetary judgment. Nothing in this part shall preclude the Secretary from foreclosing under this part where the Secretary has obtained or is seeking any other remedy available pursuant to Federal or State law or under the mortgage agreement, including, but not limited to, the appointment of a receiver, mortgagee-in-possession status or relief under an assignment of rents.

NOTICE OF DEFAULT AND FORECLOSURE SALE

12 USC 3706.

SEC. 367. (a) The notice of default and foreclosure sale to be served in accordance with this part shall be subscribed with the name and address of the foreclosure commissioner and the date on which subscribed, and shall set forth the following information:

- (1) the names of the Secretary, the original mortgagee and the original mortgagor;
- (2) the street address or a description of the location of the security property, and a description of the security property, or so much thereof as is to be offered for sale, sufficient to identify the property to be sold;

(4) the failure to make payment, including the due date of the earliest installment payment remaining wholly unpaid as of the date the notice is subscribed, or the description of other default or defaults upon which foreclosure is based, and the acceleration of the secured indebtedness;

(5) the date, time, and place of the foreclosure sale;

(6) a statement that the foreclosure is being conducted pursuant to this part;

(7) the types of costs, if any, to be paid by the purchaser upon transfer of title; and

(8) the amount and method of deposit to be required at the foreclosure sale (except that no deposit shall be required of the Secretary), the time and method of payment of the balance of the foreclosure purchase price and other appropriate terms of sale.

(b)(1) Except as provided in paragraph (2)(A), the Secretary may require, as a condition and term of sale, that the purchaser at a foreclosure sale under this part agree to continue to operate the security property in accordance with the terms, as appropriate, of the loan program under section 312 of the Housing Act of 1964, the program under which insurance under title II of the National Housing Act was originally provided with respect to such property, or any applicable regulatory or other agreement in effect with respect to such property immediately prior to the time of foreclosure sale.

42 USC 1452b.

12 USC 1707.

(2)(A) In any case where the majority of the residential units in a property subject to such a sale are occupied by residential tenants at the time of the sale, the Secretary shall require, as a condition and term of sale, any purchaser (other than the Secretary) to operate the property in accordance with such terms, as appropriate, of the programs referred to in paragraph (1).

(B) In any case where the Secretary is the purchaser of a multifamily project, the Secretary shall manage and dispose of such project in accordance with the provisions of section 203 of the Housing and Community Development Amendments of 1978.

12 USC 1715z-11.

COMMENCEMENT OF FORECLOSURE

SEC. 368. (a) If the Secretary as holder of a multifamily mortgage determines that the prerequisites to foreclosure set forth in section 366 are satisfied, the Secretary may request the foreclosure commissioner to commence foreclosure of the mortgage. Upon such request, the foreclosure commissioner shall commence foreclosure of the mortgage, by commencing service of a notice of default and foreclosure sale in accordance with section 369.

12 USC 3707.

(b) Subsequent to commencement of a foreclosure under this part, the Secretary may designate a substitute foreclosure commissioner at any time up to forty-eight hours prior to the time of foreclosure sale, and the foreclosure shall continue without prejudice, unless the substitute commissioner, in his or her sole discretion, finds that continuation of the foreclosure sale will unfairly affect the interests of the mortgagor. In the event that the substitute commissioner makes such a finding, the substitute commissioner shall cancel the foreclosure sale, or adjourn such sale in the manner provided in section 369B(c). Upon designation of a substitute foreclosure commissioner, a copy of the written notice of such designation referred to in section 365 shall be served upon the persons set forth in section 369(1) of this part (1) by mail as provided in such section 369 (except that the minimum time periods between mailing and the date of foreclosure sale prescribed in such section shall not apply to notice by mail

pursuant to this subsection), or (2) in any other manner, which in the substitute commissioner's sole discretion, is conducive to achieving timely notice of such substitution. In the event a substitute foreclosure commissioner is designated less than forty-eight hours prior to the time of the foreclosure sale, the pending foreclosure shall be terminated and a new foreclosure shall be commenced by commencing service of a new notice of default and foreclosure sale.

SERVICE OF NOTICE OF DEFAULT AND FORECLOSURE SALE

12 USC 3708.

SEC. 369. The foreclosure commissioner shall serve the notice of default and foreclosure sale provided for in section 367 upon the following persons and in the following manner, and no additional notice shall be required to be served notwithstanding any notice requirements of any State or local law—

(1) **NOTICE BY MAIL.**—The notice of default and foreclosure sale, together with the designation required by section 365, shall be sent by certified or registered mail, postage prepaid and return receipt requested, to the following persons:

(C) all persons holding liens of record upon the security property, as the record exists forty-five days prior to the date originally set for foreclosure sale, whether or not the notice describes a sale adjourned as provided in this part.

Subtitle D—Elementary and Secondary Education Block Grant

Education Consolidation and Improvement Act of 1981. 20 USC 3801 note.

SEC. 551. This subtitle may be cited as the “Education Consolidation and Improvement Act of 1981”.

**CHAPTER 1—FINANCIAL ASSISTANCE TO MEET SPECIAL
EDUCATIONAL NEEDS OF DISADVANTAGED CHILDREN**

DECLARATION OF POLICY

20 USC 3801.

SEC. 552. The Congress declares it to be the policy of the United States to continue to provide financial assistance to State and local educational agencies to meet the special needs of educationally deprived children, on the basis of entitlements calculated under title I of the Elementary and Secondary Education Act of 1965, but to do so in a manner which will eliminate burdensome, unnecessary, and unproductive paperwork and free the schools of unnecessary Federal supervision, direction, and control. Further, the Congress recognizes the special educational needs of children of low-income families, and that concentrations of such children in local educational agencies adversely affect their ability to provide educational programs which will meet the needs of such children. The Congress also finds that Federal assistance for this purpose will be more effective if education officials, principals, teachers, and supporting personnel are freed from overly prescriptive regulations and administrative burdens which are not necessary for fiscal accountability and make no contribution to the instructional program.

20 USC 2701.

DURATION OF ASSISTANCE

20 USC 3802.

SEC. 553. During the period beginning October 1, 1982, and ending September 30, 1987, the Secretary shall, in accordance with the provisions of this subtitle, make payments to State educational agencies for grants made on the basis of entitlements created under title I of the Elementary and Secondary Education Act of 1965 and calculated in accordance with provisions of that title in effect on September 30, 1982.

AUTHORIZED PROGRAMS

- SEC. 555. (a) GENERAL.—Each State and local educational agency shall use the payments under this chapter for programs and projects (including the acquisition of equipment and, where necessary, the construction of school facilities) which are designed to meet the special educational needs of educationally deprived children. 20 USC 3804.
- (b) PROGRAM DESIGN.—State agency programs shall be designed to serve those categories of children counted for eligibility for grants under section 554(a)(2) in accordance with the requirements of this chapter.
- (c) PROGRAM DESCRIPTION.—A local education agency may use funds received under this chapter only for programs and projects which are designed to meet the special educational needs of educationally deprived children identified in accordance with section 556(b)(2), and which are included in an application for assistance approved by the State educational agency. Such programs and projects may include the acquisition of equipment and instructional materials, employment of special instructional and counseling and guidance personnel, employment and training of teacher aides, payments to teachers of amounts in excess of regular salary schedules as a bonus for service in schools serving project areas, the training of teachers, the construction, where necessary, of school facilities, other expenditures authorized under title I of the Elementary and Secondary Education Act as in effect September 30, 1982, and planning for such programs and projects.
- (d) RECORDS AND INFORMATION.—Each State educational agency shall keep such records and provide such information to the Secretary as may be required for fiscal audit and program evaluation (consistent with the responsibilities of the Secretary under this chapter).

APPROVAL OF APPLICATIONS

- SEC. 556. (a) APPLICATION BY LOCAL EDUCATIONAL AGENCY.—A local educational agency may receive a grant under this chapter for any fiscal year if it has on file with the State educational agency an application which describes the programs and projects to be conducted with such assistance for a period of not more than three years, 20 USC 3805.

and such application has been approved by the State educational agency.

(b) **APPLICATION ASSURANCES.**—The application described in subsection (a) shall be approved if it provides assurances satisfactory to the State educational agency that the local educational agency will keep such records and provide such information to the State educational agency as may be required for fiscal audit and program evaluation (consistent with the responsibilities of the State agency under this chapter), and that the programs and projects described—

(1)(A) are conducted in attendance areas of such agency having the highest concentrations of low-income children;

(B) are located in all attendance areas of an agency which has a uniformly high concentration of such children; or

(C) are designed to utilize part of the available funds for services which promise to provide significant help for all such children served by such agency;

(2) are based upon an annual assessment of educational needs which identifies educationally deprived children in all eligible attendance areas, permits selection of those children who have the greatest need for special assistance, and determines the needs of participating children with sufficient specificity to ensure concentration on those needs;

(3) are of sufficient size, scope, and quality to give reasonable promise of substantial progress toward meeting the special educational needs of the children being served and are designed and implemented in consultation with parents and teachers of such children;

(4) will be evaluated in terms of their effectiveness in achieving the goals set for them, and that such evaluations shall include objective measurements of educational achievement in basic skills and a determination of whether improved performance is sustained over a period of more than one year; and

(5) make provision for services to educationally deprived children attending private elementary and secondary schools in accordance with section 557.

PARTICIPATION OF CHILDREN ENROLLED IN PRIVATE SCHOOLS

20 USC 3806.

SEC. 557. (a) GENERAL REQUIREMENTS.—To the extent consistent with the number of educationally deprived children in the school district of the local educational agency who are enrolled in private elementary and secondary schools, such agency shall make provisions for including special educational services and arrangements (such as dual enrollment, educational radio and television, and mobile educational services and equipment) in which such children can participate and which meet the requirements of sections 555(c), 556(b) (2), (3), and (4), and 558(b). Expenditures for educational services and arrangements pursuant to this section for educationally deprived children in private schools shall be equal (taking into account the number of children to be served and the special educational needs of such children) to expenditures for children enrolled in the public schools of the local educational agency.

(b) **BYPASS PROVISION.**—(1) If a local educational agency is prohibited by law from providing for the participation in special programs for educationally deprived children enrolled in private elementary and secondary schools as required by subsection (a), the Secretary shall waive such requirements, and shall arrange for the provision of

services to such children through arrangements which shall be subject to the requirements of subsection (a).

(2) If the Secretary determines that a local educational agency has substantially failed to provide for the participation on an equitable basis of educationally deprived children enrolled in private elementary and secondary schools as required by subsection (a), he shall arrange for the provision of services to such children through arrangements which shall be subject to the requirements of subsection (a), upon which determination the provisions of subsection (a) shall be waived.

(3)(A) When the Secretary arranges for services pursuant to this subsection, he shall, after consultation with the appropriate public and private school officials, pay to the provider the cost of such services, including the administrative cost of arranging for such services, from the appropriate allocation or allocations under this chapter.

(B) Pending final resolution of any investigation or complaint that could result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State or local educational agency the amount he estimates would be necessary to pay the cost of such services.

(C) Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any failure or inability on the part of the local educational agency to meet the requirements of subsection (a).

(4)(A) The Secretary shall not take any final action under this subsection until the State educational agency and local educational agency affected by such action have had an opportunity, for at least forty-five days after receiving written notice thereof, to submit written objections and to appear before the Secretary or his designee to show cause why such action should not be taken.

(B) If a State or local educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A) of this paragraph, it may within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

(C) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Upon the filing of a petition under subparagraph (B), the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

(c) Any bypass determination by the Secretary under title I of the Elementary and Secondary Education Act of 1965 prior to the effective date of this chapter shall remain in effect to the extent consistent with the purposes of this chapter.

GENERAL PROVISIONS

20 USC 3807.

SEC. 558. (a) MAINTENANCE OF EFFORT.—(1) Except as provided in paragraph (2), a local educational agency may receive funds under this chapter for any fiscal year only if the State educational agency finds that either the combined fiscal effort per student or the aggregate expenditures of that agency and the State with respect to the provision of free public education by that agency for the preceding fiscal year was not less than 90 per centum of such combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

(2) The State educational agency shall reduce the amount of the allocation of funds under this chapter in any fiscal year in the exact proportion to which a local educational agency fails to meet the requirement of paragraph (1) by falling below 90 per centum of both the combined fiscal effort per student and aggregate expenditures (using the measure most favorable to such local agency), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

Waiver of requirements.

(3) The State educational agency may waive, for one fiscal year only, the requirements of this subsection if the State educational agency determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the local educational agency.

(b) FEDERAL FUNDS TO SUPPLEMENT, NOT SUPPLANT REGULAR NON-FEDERAL FUNDS.—A local educational agency may use funds received under this chapter only so as to supplement and, to the extent practical, increase the level of funds that would, in the absence of such Federal funds, be made available from non-Federal sources for the education of pupils participating in programs and projects assisted under this chapter, and in no case may such funds be so used as to supplant such funds from such non-Federal sources. In order to demonstrate compliance with this subsection a local education agency shall not be required to provide services under this chapter outside the regular classroom or school program.

(c) COMPARABILITY OF SERVICES.—(1) A local educational agency may receive funds under this chapter only if State and local funds will be used in the district of such agency to provide services in project areas which, taken as a whole, are at least comparable to services being provided in areas in such district which are not receiving funds under this chapter. Where all school attendance areas in the district of the agency are designated as project areas, the agency may receive such funds only if State and local funds are used to provide services which, taken as a whole, are substantially comparable in each project area.

(2) A local educational agency shall be deemed to have met the requirements of paragraph (1) if it has filed with the State educational agency a written assurance that it has established—

(A) a districtwide salary schedule;

(B) a policy to ensure equivalence among schools in teachers, administrators, and auxiliary personnel; and

(C) a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. Unpredictable changes in student enrollment or personnel assignments which occur after the beginning of a school year shall not be included as a factor in determining comparability of services.

(d) **EXCLUSION OF SPECIAL STATE AND LOCAL PROGRAM FUNDS.**—For the purposes of determining compliance with the requirements of subsections (b) and (c), a local educational agency may exclude State and local funds expended for carrying out special programs to meet the educational needs of educationally deprived children, if such programs are consistent with the purposes of this chapter.

(e) **ALLOCATION OF FUNDS IN CERTAIN STATES.**—In any State in which a large number of local educational agencies overlap county boundaries, the State educational agency is authorized to make allocations of basic grants and special incentive grants directly to local educational agencies without regard to counties, if such allocations were made during fiscal year 1982, except that (1) precisely the same factors are used to determine the amount of such grants to counties, and (2) a local educational agency dissatisfied with such determination is afforded an opportunity for a hearing on the matter by the State educational agency.

CHAPTER 2—CONSOLIDATION OF FEDERAL PROGRAMS FOR ELEMENTARY AND SECONDARY EDUCATION

STATEMENT OF PURPOSE

SEC. 561. (a) It is the purpose of this chapter to consolidate the program authorizations contained in—

- (1) titles II, III, IV, V, VI, VIII, and IX (except part C) of the Elementary and Secondary Education Act of 1965;
- (2) the Alcohol and Drug Abuse Education Act;
- (3) part A and section 532 of title V of the Higher Education Act of 1965;
- (4) the Follow Through Act (on a phased basis);
- (5) section 3(a)(1) of the National Science Foundation Act of 1950 relating to precollege science teacher training; and
- (6) the Career Education Incentive Act;

into a single authorization of grants to States for the same purposes set forth in the provisions of law specified in this sentence, but to be used in accordance with the educational needs and priorities of State and local educational agencies as determined by such agencies. It is the further purpose and intent of Congress to financially assist State and local educational agencies to improve elementary and secondary education (including preschool education) for children attending both public and private schools, and to do so in a manner designed to greatly reduce the enormous administrative and paperwork burden imposed on schools at the expense of their ability to educate children.

(b) The basic responsibility for the administration of funds made available under this chapter is in the State educational agencies, but it is the intent of Congress that this responsibility be carried out with a minimum of paperwork and that the responsibility for the design and implementation of programs assisted under the chapter shall be mainly that of local educational agencies, school superintendents and principals, and classroom teachers and supporting personnel, because they have the most direct contact with students and are most directly responsible to parents.

20 USC 3815.

(1) children from low-income families,

(2) children living in economically depressed urban and rural areas, and

(3) children living in sparsely populated areas.

(b) The Secretary shall approve criteria suggested by the State educational agency for adjusting allocations under subsection (a) if such criteria are reasonably calculated to produce an equitable distribution of funds with reference to the factors set forth in subsection (a).

Subchapter E—General Provisions

MAINTENANCE OF EFFORT; FEDERAL FUNDS SUPPLEMENTARY

SEC. 585. (a)(1) Except as provided in paragraph (2), a State is entitled to receive its full allocation of funds under this chapter for any fiscal year if the Secretary finds that either the combined fiscal effort per student or the aggregate expenditures within the State with respect to the provision of free public education for the preceding fiscal year was not less than 90 per centum of such combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

20 USC 3861.

(2) The Secretary shall reduce the amount of the allocation of funds under this chapter in any fiscal year in the exact proportion to which the State fails to meet the requirements of paragraph (1) by falling below 90 per centum of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

(3) The Secretary may waive, for one fiscal year only, the requirements of this subsection if he determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State.

Waiver of requirements.

(b) A State or local educational agency may use and allocate funds received under this chapter only so as to supplement and, to the extent practical, increase the level of funds that would, in the absence of Federal funds made available under this chapter, be made available from non-Federal sources, and in no case may such funds be used so as to supplant funds from non-Federal sources.

(c) The Secretary is specifically authorized to issue regulations to enforce the provisions of this section.

Regulations.

PARTICIPATION OF CHILDREN ENROLLED IN PRIVATE SCHOOLS

SEC. 586. (a)(1) To the extent consistent with the number of children in the school district of a local educational agency which is eligible to receive funds under this chapter or which serves the area in which a program or project assisted under this chapter is located who are enrolled in private nonprofit elementary and secondary schools, or with respect to instructional or personnel training programs funded by the State educational agency from funds reserved for State use

20 USC 3862.

under section 565, such agency after consultation with appropriate private school officials, shall provide for the benefit of such children in such schools secular, neutral, and nonideological services, materials, and equipment including the participation of the teachers of such children (and other educational personnel serving such children) in training programs, and the repair, minor remodeling, or construction of public facilities as may be necessary for their provision (consistent with subsection (c) of this section), or, if such service, materials, and equipment are not feasible or necessary in one or more such private schools as determined by the local educational agency after consultation with the appropriate private school officials, shall provide such other arrangements as will assure equitable participation of such children in the purposes and benefits of this chapter.

Contract
authority.

(2) If no program or project is carried out under subsection (a)(1) of this section in the school district of a local educational agency, the State educational agency shall make arrangements, such as through contracts with nonprofit agencies or organizations, under which children in private schools in that district are provided with services and materials to the extent that would have occurred if the local educational agency had received funds under this chapter.

(3) The requirements of this section relating to the participation of children, teachers, and other personnel serving such children shall apply to programs and projects carried out under this chapter by a State or local educational agency, whether directly or through grants to or contracts with other public or private agencies, institutions, or organizations.

(b) Expenditures for programs pursuant to subsection (a) shall be equal (consistent with the number of children to be served) to expenditures for programs under this chapter for children enrolled in the public schools of the local educational agency, taking into account the needs of the individual children and other factors which relate to such expenditures, and when funds available to a local educational agency under this chapter are used to concentrate programs or projects on a particular group, attendance area, or grade or age level, children enrolled in private schools who are included within the group, attendance area, or grade or age level selected for such concentration shall, after consultation with the appropriate private school officials, be assured equitable participation in the purposes and benefits of such programs or projects.

(c)(1) The control of funds provided under this chapter and title to materials, equipment, and property repaired, remodeled, or constructed therewith shall be in a public agency for the uses and purposes provided in this chapter, and a public agency shall administer such funds and property.

(2) The provision of services pursuant to this section shall be provided by employees of a public agency or through contract by such public agency with a person, an association, agency, or corporation who or which, in the provision of such services, is independent of such private school and of any religious organizations, and such employment or contract shall be under the control and supervision of such public agency, and the funds provided under this chapter shall not be commingled with State or local funds.

Waiver of
requirements.

(d) If by reason of any provision of law a State or local educational agency is prohibited from providing for the participation in programs of children enrolled in private elementary and secondary schools, as required by this section, the Secretary shall waive such requirements and shall arrange for the provision of services to such children

through arrangements which shall be subject to the requirements of this section.

(e)(1) If the Secretary determines that a State or a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of children enrolled in private elementary and secondary schools as required by this section, he may waive such requirements and shall arrange for the provision of services to such children through arrangements which shall be subject to the requirements of this section.

Waiver of requirements.

(2) Pending final resolution of any investigation or complaint that could result in a determination under this subsection or subsection (d), the Secretary may withhold from the allocation of the affected State or local educational agency the amount he estimated would be necessary to pay the cost of those services.

(f) Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any failure or inability on the part of the State or local educational agency to meet the requirements of subsections (a) and (b).

(g) When the Secretary arranges for services pursuant to this section, he shall, after consultation with the appropriate public and private school officials, pay the cost of such services, including the administrative costs of arranging for those services, from the appropriate allotment of the State under this chapter.

(h)(1) The Secretary shall not take any final action under this section until the State educational agency and the local educational agency affected by such action have had an opportunity, for at least forty-five days after receiving written notice thereof, to submit written objections and to appear before the Secretary or his designee to show cause why that action should not be taken.

(2) If a State or local educational agency is dissatisfied with the Secretary's final action after a proceeding under paragraph (1) of this subsection, it may within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based this action, as provided in section 2112 of title 28, United States Code.

(3) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(4) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

(i) Any bypass determination by the Secretary under titles II through VI and VIII and IX of the Elementary and Secondary Education Act of 1965 prior to the effective date of this chapter shall remain in effect to the extent consistent with the purposes of this chapter.

(3) which are deemed necessary to reasonably insure that there

 required by this subtitle.

(b) In all other matters relating to the details of planning, develop-

 to otherwise assist in carrying out the purposes of this subtitle.

(c) Regulations issued pursuant to this subtitle shall not have the
 standing of a Federal statute for the purposes of judicial review.

WITHHOLDING OF PAYMENTS

20 USC 3872.

SEC. 592. (a) Whenever the Secretary after reasonable notice to any
 State educational agency and an opportunity for a hearing on the
 record, finds that there has been a failure to comply substantially
 with any assurances required to be given or conditions required to be
 met under this subtitle the Secretary shall notify such agency of
 these findings and that beginning sixty days after the date of such
 notification, further payments will not be made to the State under
 this subtitle, or affected chapter thereof (or, in his discretion, that the
 State educational agency shall reduce or terminate further payments
 under the subtitle or affected chapter thereof, to specified local
 educational agencies or State agencies affected by the failure) until
 he is satisfied that there is no longer any such failure to comply. Until
 he is so satisfied, (1) no further payments shall be made to the State
 under the subtitle or affected chapter thereof, or (2) payments by the
 State educational agency under the subtitle or affected chapter
 thereof shall be limited to local educational agencies and State

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The filing of such petition shall act to suspend any withholding of funds by the Secretary pending the judgment of the court and prior to a final action on any review of such judgment. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

20 USC 3873.

(b) A State educational agency shall be presumed to have complied with this subtitle, but the findings of fact by the Secretary, if supported by the weight of evidence, may overcome such presumption. The court may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings.

(c) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. (B)(i) 33 $\frac{1}{3}$ percent of any amount available after all allotments have been made under clause (A) for such fiscal year shall be distributed on the basis of the relative number of children from birth through 18 years of age, on whose behalf payments are made under the program of aid to families with dependent children under a State plan approved under part A of title IV of the Social Security Act in each State as compared to all States; and

The Secretary shall not require non-Federal contributions in excess of 20 percent of the approved costs of programs or activities assisted under this subchapter.

DESIGNATION OF HEAD START AGENCIES

SEC. 641. (a) The Secretary is authorized to designate as a Head Start agency any local public or private nonprofit agency which (1) has the power and authority to carry out the purposes of this subchapter and perform the functions set forth in section 642 within a community; and (2) is determined by the Secretary to be capable of planning, conducting, administering, and evaluating, either directly or by other arrangements, a Head Start program.

42 USC 9836.

(b) For purposes of this subchapter, a community may be a city, county, or multicounty or multicounty unit within a State, an Indian reservation, or a neighborhood or other area (irrespective of boundaries or political subdivisions) which provides a suitable organizational base and possesses the commonality of interest needed to operate a Head Start program.

"Community."

(c) In the administration of the provisions of this section, the Secretary shall give priority in the designation of Head Start agencies to any local public or private nonprofit agency which is receiving funds under any Head Start program on the date of the enactment of this Act, except that—

(1) the Secretary shall, before giving such priority, determine that the agency involved meets program and fiscal requirements established by the Secretary; and

(2) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the Secretary shall give priority in the designation of Head Start agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds in the fiscal year preceding the fiscal year for which the determination is made.

The provisions of clause (2) shall apply only to agencies actually operating Head Start programs.

(d) The Secretary shall require that the practice of significantly involving parents and area residents affected by the program in selection of Head Start agencies be continued.

POWERS AND FUNCTIONS OF HEAD START AGENCIES

42 USC 9837.

SEC. 642. (a) In order to be designated as a Head Start agency under this subchapter, an agency must have authority under its charter or applicable law to receive and administer funds under this subchapter, funds and contributions from private or local public sources which may be used in support of a Head Start program, and funds under any Federal or State assistance program pursuant to which a public or private nonprofit agency (as the case may be) organized in accordance with this subchapter, could act as grantee, contractor, or sponsor of projects appropriate for inclusion in a Head Start program. Such an agency must also be empowered to transfer funds so received, and to delegate powers to other agencies, subject to the powers of its governing board and its overall program responsibilities. The power to transfer funds and delegate powers must include the power to make transfers and delegations covering component projects in all cases where this will contribute to efficiency and effectiveness or otherwise further program objectives.

(b) In order to be so designated, a Head Start agency must also (1) establish effective procedures by which parents and area residents concerned will be enabled to directly participate in decisions that influence the character of programs affecting their interests; (2) provide for their regular participation in the implementation of such programs; (3) provide technical and other support needed to enable parents and area residents to secure on their own behalf available assistance from public and private sources; and (4) establish procedures to seek reimbursement, to the extent feasible, from other agencies for services for which any such other agency is responsible, which are provided to a Head Start participant by the Head Start agency.

(c) The head of each Head Start agency shall coordinate with other programs serving the children in the Head Start agency to carry out the provisions of this subsection.

SUBMISSION OF PLANS TO GOVERNORS

42 USC 9838.

SEC. 643. In carrying out the provisions of this subchapter, no contract, agreement, grant, or other assistance shall be made for the purpose of carrying out a Head Start program within a State unless a plan setting forth such proposed contract, agreement, grant, or other assistance has been submitted to the Governor of the State, and such plan has not been disapproved by the Governor within 30 days of such submission, or, if so disapproved, has been reconsidered by the Secretary and found by the Secretary to be fully consistent with the provisions and in furtherance of the purposes of this subchapter. Funds to cover the costs of the proposed contract, agreement, grant, or other assistance shall be obligated from the appropriation which is current at the time the plan is submitted to the Governor. This section shall not, however, apply to contracts, agreements, grants, loans, or other assistance to any institution of higher education in existence on the date of the enactment of this Act.

ADMINISTRATIVE REQUIREMENTS AND STANDARDS

42 USC 9839.

SEC. 644. (a) Each Head Start agency shall observe standards of organization, management, and administration which will assure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of this subchapter and the

objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism. Each such agency shall establish or adopt rules to carry out this section, which shall include rules to assure full staff accountability in matters governed by law, regulations, or agency policy. Each agency shall also provide for reasonable public access to information, including public hearings at the request of appropriate community groups and reasonable public access to books and records of the agency or other agencies engaged in program activities or operations involving the use of authority or funds for which it is responsible. Each such agency shall adopt for itself and other agencies using funds or exercising authority for which it is responsible, rules designed to (1) establish specific standards governing salaries, salary increases, travel and per diem allowances, and other employee benefits; (2) assure that only persons capable of discharging their duties with competence and integrity are employed and that employees are promoted or advanced under impartial procedures calculated to improve agency performance and effectiveness; (3) guard against personal or financial conflicts of interest; and (4) define employee duties in an appropriate manner which will in any case preclude employees from participating, in connection with the performance of their duties, in any form of picketing, protest, or other direct action which is in violation of law.

(b) No financial assistance shall be extended under this subchapter in any case in which the Secretary determines that the costs of developing and administering a program assisted under this subchapter exceed 15 percent of the total costs, including non-Federal contributions to such costs, of such program. The Secretary shall establish by regulation, criteria for determining (1) the costs of developing and administering such program; and (2) the total costs of such program. In any case in which the Secretary determines that the cost of administering such program does not exceed 15 percent of such total costs but is, in the judgment of the Secretary, excessive, the Secretary shall forthwith require the recipient of such financial assistance to take such steps prescribed by the Secretary as will eliminate such excessive administrative cost, including the sharing by one or more Head Start agencies of a common director and other administrative personnel. The Secretary may waive the limitation prescribed by this subsection for specific periods of time not to exceed 12 months whenever the Secretary determines that such a waiver is necessary in order to carry out the purposes of this subchapter.

(c) The Secretary shall prescribe rules or regulations to supplement subsection (a), which shall be binding on all agencies carrying on Head Start program activities with financial assistance under this subchapter. The Secretary may, where appropriate, establish special or simplified requirements for smaller agencies or agencies operating in rural areas. Policies and procedures shall be established to ensure that indirect costs attributable to the common or joint use of facilities and services by programs assisted under this subchapter and other programs shall be fairly allocated among the various programs which utilize such facilities and services.

(d) At least 30 days prior to their effective date, all rules, regulations, guidelines, instructions, and application forms shall be published in the Federal Register and shall be sent to each grantee with the notification that each such grantee has the right to submit comments pertaining thereto to the Secretary prior to the final adoption thereof.

(D) not less than 50 percent of the families to be served in the community are eligible under the eligibility criteria established by the Secretary under paragraph (1);

the Head Start program in each such locality shall establish the criteria for eligibility, except that no child residing in such community whose family is eligible under such eligibility criteria shall, by virtue of such project's eligibility criteria, be denied an opportunity to participate in such program.

(b) The Secretary shall not prescribe any fee schedule or otherwise provide for the charging of any fees for participation in Head Start programs, unless such fees are authorized by legislation hereafter enacted. Nothing in this subsection shall be construed to prevent the families of children who participate in Head Start programs and who are willing and able to pay the full cost of such participation from doing so.

SEC. 646. The Secretary shall prescribe procedures to assure that—

(2) financial assistance under this subchapter shall not be suspended, except in emergency situations, unless the recipient agency has been given reasonable notice and opportunity to show cause why such action should not be taken; and

42 USC 9842.

Other children in kindergarten and primary grades, including such other children enrolled in private nonprofit elementary schools, who were previously enrolled in preschool programs of a compensatory nature which received

The Secretary shall not require non-Federal contributions in excess of 20 percent of the approved costs of programs or activities assisted under this subchapter.

“(2) The Secretary shall reserve for the purpose of paragraph (1) from amounts that would otherwise be allotted to such State under subsection (a) an amount equal to the amount which bears the same ratio to the State's allotment for the fiscal year involved as the total amount granted for fiscal year 1982 by the Secretary to such tribe or tribal organization under section 330 bore to the total amount granted for such fiscal year by the Secretary to the State and entities (including Indian tribes and tribal organizations) in the State under section 330.

42 USC 300y-4.

“(2) Any amount paid to a State for a fiscal year and remaining unobligated at the end of such year shall remain available to such

“(2) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the State and the amount of any other costs incurred in connection with the detail of such officer or employee,

when the furnishing of supplies or equipment or the detail of an officer or employee is for the convenience of and at the request of the State and for the purpose of conducting activities described in section 1926. The amount by which any payment is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment or in detailing the personnel, on which the reduction of the payment is based, and the amount shall be deemed to be part of the payment and shall be deemed to have been paid to the State.

“GRANTS TO COMMUNITY HEALTH CENTERS

42 USC 300y-5.

“Sec. 1926. (a)(1) In fiscal years 1983 and 1984 each State shall use for grants under paragraphs (2) and (3) the entire amount allotted to it under section 1924 for such fiscal year and the entire amount required to be made available under paragraph (4).

“(2) From the amounts paid to it under section 1925 for fiscal year 1983 and from the State funds required to be made available under paragraph (4) for such fiscal year, each State shall make grants to each community health center which received a grant for its operation under section 330(d) for fiscal year 1982 and which meets the requirements of this paragraph. A grant may be made under this paragraph to a community health center only—

42 USC 254c.

“(A) if the center has made an application to the State in accordance with section 330(e), and

“(B) if the center meets the requirements for receiving a grant under section 330 for its operation.

The amount of a grant under this paragraph to a center shall be not less than the amount the center received under section 330(d) for fiscal year 1982. If the State determines under subparagraph (B) that a community health center which has applied for a grant does not meet the requirements referred to in that subparagraph, the Secretary shall review the State's determination. If the Secretary finds that the center does not meet such requirements, the State may withhold a grant to the center under this paragraph.

“(3) In fiscal years 1983 and 1984, each State shall make grants to community health centers within the State which serve medically underserved populations and which meet the requirements of this paragraph. A grant under this paragraph for fiscal year 1983 shall be made from any amount not obligated under paragraph (2) or (4) for such fiscal year, and a grant for fiscal year 1984 shall be made from the amounts paid to it under section 1925 for the fiscal year and from the State funds required to be made available under paragraph (4) for the fiscal year. A grant may be made under this paragraph to a community health center only—

“(A) if the center has made an application to the State in accordance with section 330(e), and

“(B) if the center meets the requirements for receiving a grant under section 330 for its operation.

42 USC 254c.

The limitation prescribed by section 330(g)(3) shall apply with respect to grants under this paragraph. States shall make grants under this paragraph in such a manner that medically underserved populations which have been served by community health centers and which are still medically underserved populations will continue to receive health care, and in making such grants a State shall not, to the extent practicable, disrupt established provider-patient relationships.

“(4)(A) In fiscal year 1983 a State which receives an allotment under section 1924 for that fiscal year shall make available, from State funds, for the grants described in paragraphs (2) and (3) and for State administrative expenses for such grants for such fiscal year an amount equal to 20 percent of its allotment. In fiscal year 1984 a State which receives an allotment under section 1924 for that fiscal year shall make available, from State funds, for the grants described in paragraphs (2) and (3) and for State administrative expenses for such grants for such fiscal year an amount equal to one-third of its allotment.

“(B) A State, at the request of a community health center, may reduce the amount of the State’s contribution under subparagraph (A) to the center by—

“(i) the fair market value of any supplies or equipment furnished to the center, and

“(ii) the amount of the pay, allowances, and travel expenses of any officer or employee of the State when detailed to the center and the amount of any other costs incurred in connection with the detail of such officer or employee,

when the furnishing of supplies or equipment or the detail of an officer or employee is for the convenience of and at the request of the center and for the purpose of activities centers assisted under this section. The amount by which any payment is so reduced shall be available for payment by the State of the costs incurred in furnishing the supplies or equipment or in detailing the personnel, on which the reduction of the payment is based, and the amount shall be deemed to be part of the payment and shall be deemed to have been paid by the State under subparagraph (A).

“(5) A State may not use any funds paid to it under section 1925 for the purposes of administration of the grants required by paragraphs (2) and (3).

“(6) For purposes of this part—

“(A) the term ‘community health center’ has the same meaning as that term has under section 330(a), and

“(B) a medically underserved population is such a population designated by the Secretary under section 330(b)(3).

“Community health center.”

“(b) A State may not use amounts paid to it under section 1925 to—

“(1) provide inpatient services, except in fiscal year 1983 in the case of a community health center which used funds provided under section 330 for fiscal year 1982 to provide such services,

“(2) make cash payments to intended recipients of health services,

“(3) purchase or improve land, purchase, construct, or permanently improve (other than minor remodeling) any building or other facility, or purchase major medical equipment,

“(4) satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds, or

"(5) provide financial assistance to any entity other than a public or nonprofit private community health center. The Secretary may waive the limitation contained in paragraph (3) upon the request of a State if the Secretary finds that there are extraordinary circumstances to justify the waiver and that granting the waiver will assist in carrying out this part. The prohibition prescribed by this subsection (other than paragraph (4)) shall apply with respect to any amount required to be made available under subsection (a)(4).

Each such application shall contain assurances that the legislature of the State has complied with the provisions of subsection (b) and that the State will meet the requirements of subsection (c).

The application of a State shall also contain assurances, satisfactory to the Secretary, that the State has the administrative capability to administer grants under section 1926, to determine the need for services of community health centers by medically underserved populations, and to evaluate the performance of community health centers.

"(d)(1) The chief executive officer of the State shall, as part of the application required by subsection (a), prepare and furnish to the Secretary (in accordance with such form as the Secretary shall provide) a description of the intended use of the payments the State will receive under section 1925 for that fiscal year and the funds the State is required to obligate under section 1926(a)(4) for that fiscal year.

"(2) The description required by paragraph (1) shall be made public within the State in such manner as to facilitate comment from any person (including any Federal or other public agency) during develop-

ment of the description and after its transmittal. The description shall be revised (consistent with this section) throughout the year as may be necessary to reflect substantial changes in the programs and activities assisted under this part, and any revision shall be subject to the requirements of the preceding sentence.

“(b)(1) Each State shall establish fiscal control and fund accounting procedures as may be necessary to assure the proper disbursement of and accounting for Federal funds paid to the State under section 1925.

“(2) Each State shall annually audit its expenditures from payments received under section 1925. Such State audits shall be conducted by an entity independent of any agency administering a program funded under this part and, to the extent practicable, in accordance with the Comptroller's General standards for auditing governmental organizations, programs, activities, and functions. Within 30 days following the date each audit is completed, the chief executive officer of the State shall transmit a copy of that audit to the Secretary.

“(3) Each State shall, after being provided by the Secretary with adequate notice and opportunity for a hearing within the affected State, repay to the United States amounts found not to have been expended in accordance with the requirements of section 1926 or the certification and assurances provided under section 1927. If such repayment is not made, the Secretary shall, after providing the State with adequate notice and opportunity for a hearing, offset such amounts against the amount of any allotment to which the State is or may become entitled under section 1924.

The Secretary shall withhold such funds until the Secretary finds that the reason for the withholding has been removed and there is reasonable assurance that it will not recur. Subtitle G—Adolescent Family Life

SEC. 955. (a) The Public Health Service Act is amended by adding at the end thereof the following new title:

"TITLE XX—ADOLESCENT FAMILY LIFE DEMONSTRATION PROJECTS

"FINDINGS AND PURPOSES

42 USC 300z.

"SEC. 2001. (a) The Congress finds that—

"(1) in 1978, an estimated one million one hundred thousand teenagers became pregnant, more than five hundred thousand teenagers carried their babies to term, and over one-half of the babies born to such teenagers were born out of wedlock;

"(2) adolescents aged seventeen and younger accounted for more than one-half of the out of wedlock births to teenagers;

"(3) in a high proportion of cases, the pregnant adolescent is herself the product of an unmarried parenthood during adolescence and is continuing the pattern in her own lifestyle;

"(4) it is estimated that approximately 80 per centum of unmarried teenagers who carry their pregnancies to term live with their families before and during their pregnancy and remain with their families after the birth of the child;

"(5) pregnancy and childbirth among unmarried adolescents, particularly young adolescents, often results in severe adverse health, social, and economic consequences, including: a higher percentage of pregnancy and childbirth complications; a higher incidence of low birth weight babies; a higher frequency of developmental disabilities; higher infant mortality and morbidity; a decreased likelihood of completing schooling; a greater likelihood that an adolescent marriage will end in divorce; and higher risks of unemployment and welfare dependency;

"(6)(A) adoption is a positive option for unmarried pregnant adolescents who are unwilling or unable to care for their children since adoption is a means of providing permanent families for such children from available approved couples who are unable or have difficulty in conceiving or carrying children of their own to term; and

"(B) at present, only 4 per centum of unmarried pregnant adolescents who carry their babies to term enter into an adoption plan or arrange for their babies to be cared for by relatives or friends;

"(7) an unmarried adolescent who becomes pregnant once is likely to experience recurrent pregnancies and childbearing, with increased risks;

"(8)(A) the problems of adolescent premarital sexual relations, pregnancy, and parenthood are multiple and complex and are frequently associated with or are a cause of other troublesome situations in the family; and

"(B) such problems are best approached through a variety of integrated and essential services provided to adolescents and their families by other family members, religious and charitable organizations, voluntary associations, and other groups in the private sector as well as services provided by publicly sponsored initiatives;

"(9) a wide array of educational, health, and supportive services are not available to adolescents with such problems or to their families, or when available frequently are fragmented and thus are of limited effectiveness in discouraging adolescent premarital sexual relations and the consequences of such relations;

"(10)(A) prevention of adolescent sexual activity and adolescent pregnancy depends primarily upon developing strong family values and close family ties, and since the family is the basic social unit in which the values and attitudes of adolescents concerning sexuality and pregnancy are formed, programs designed to deal with issues of sexuality and pregnancy will be successful to the extent that such programs encourage and sustain the role of the family in dealing with adolescent sexual activity and adolescent pregnancy;

"(B) Federal policy therefore should encourage the development of appropriate health, educational, and social services where such services are now lacking or inadequate, and the better coordination of existing services where they are available; and

"(C) services encouraged by the Federal Government should promote the involvement of parents with their adolescent chil-

dren, and should emphasize the provision of support by other family members, religious and charitable organizations, voluntary associations, and other groups in the private sector in order to help adolescents and their families deal with complex issues of adolescent premarital sexual relations and the consequences of such relations; and

“(11)(A) there has been limited research concerning the societal causes and consequences of adolescent pregnancy;

“(B) there is limited knowledge concerning which means of intervention are effective in mediating or eliminating adolescent premarital sexual relations and adolescent pregnancy; and

“(C) it is necessary to expand and strengthen such knowledge in order to develop an array of approaches to solving the problems of adolescent premarital sexual relations and adolescent pregnancy in both urban and rural settings.

“(b) Therefore, the purposes of this title are—

“(1) to find effective means, within the context of the family, of reaching adolescents before they become sexually active in order to maximize the guidance and support available to adolescents from parents and other family members, and to promote self discipline and other prudent approaches to the problem of adolescent premarital sexual relations, including adolescent pregnancy;

“(2) to promote adoption as an alternative for adolescent parents;

“(3) to establish innovative, comprehensive, and integrated approaches to the delivery of care services for pregnant adolescents, with primary emphasis on unmarried adolescents who are seventeen years of age or under, and for adolescent parents, which shall be based upon an assessment of existing programs and, where appropriate, upon efforts to establish better coordination, integration, and linkages among such existing programs in order to—

“(A) enable pregnant adolescents to obtain proper care and assist pregnant adolescents and adolescent parents to become productive independent contributors to family and community life; and

“(B) assist families of adolescents to understand and resolve the societal causes which are associated with adolescent pregnancy;

“(4) to encourage and support research projects and demonstration projects concerning the societal causes and consequences of adolescent premarital sexual relations, contraceptive use, pregnancy, and child rearing;

“(5) to support evaluative research to identify effective services which alleviate, eliminate, or resolve any negative consequences of adolescent premarital sexual relations and adolescent child-bearing for the parents, the child, and their families; and

“(6) to encourage and provide for the dissemination of results, findings, and information from programs and research projects relating to adolescent premarital sexual relations, pregnancy, and parenthood.

“AUTHORITY TO MAKE GRANTS FOR DEMONSTRATION PROJECTS

42 USC 300z-2.

“SEC. 2003. (a) The Secretary may make grants to further the purposes of this title to eligible grant recipients which have submitted an application which the Secretary finds meets the requirements of section 2006 for demonstration projects which the Secretary determines will help communities provide appropriate care and prevention services in easily accessible locations. Demonstration projects shall, as appropriate, provide, supplement, or improve the quality of such services. Demonstration projects shall use such methods as will strengthen the capacity of families to deal with the sexual behavior, pregnancy, or parenthood of adolescents and to make use of support systems such as other family members, friends, religious and charitable organizations, and voluntary associations.

“(b) Grants under this title for demonstration projects may be for the provision of—

“(1) care services;

“(2) prevention services; or

“(3) a combination of care services and prevention services.

"USES OF GRANTS FOR DEMONSTRATION PROJECTS FOR SERVICES

"SEC. 2004. (a) Except as provided in subsection (b), funds provided for demonstration projects for services under this title may be used by grantees only to—

42 USC 300z-3.

"(1) provide to eligible persons—

"(A) care services;

"(B) prevention services; or

"(C) care and prevention services (in the case of a grantee who is providing a combination of care and prevention services);

"(2) coordinate, integrate, and provide linkages among providers of care, prevention, and other services for eligible persons in furtherance of the purposes of this title;

"(3) provide supplemental services where such services are not adequate or not available to eligible persons in the community and which are essential to the care of pregnant adolescents and to the prevention of adolescent premarital sexual relations and adolescent pregnancy;

"(5) fulfill assurances required for grant approval by section 2006.

"(b)(1) No funds provided for a demonstration project for services under this title may be used for the provision of family planning services (other than counseling and referral services) to adolescents unless appropriate family planning services are not otherwise available in the community.

"(2) Any grantee who receives funds for a demonstration project for services under this title and who, after determining under paragraph (1) that appropriate family planning services are not otherwise available in the community, provides family planning services (other than counseling and referral services) to adolescents may only use funds provided under this title for such family planning services if all funds received by such grantee from all other sources to support such family planning services are insufficient to support such family planning services.

"(c) Grantees who receive funds for a demonstration project for services under this title shall charge fees for services pursuant to a fee schedule approved by the Secretary as a part of the application described in section 2006 which bases fees charged by the grantee on the income of the eligible person or the parents or legal guardians of the eligible person and takes into account the difficulty adolescents face in obtaining resources to pay for services. A grantee who receives funds for a demonstration project for services under this title may not, in any case, discriminate with regard to the provision of services to any individual because of that individual's inability to provide payment for such services, except that in determining the ability of an unemancipated minor to provide payment for services, the income of the family of an unemancipated minor shall be considered in determining the ability of such minor to make such payments unless the parents or guardians of the unemancipated minor refuse to make such payments.

PROJECTS FOR SERVICES**

“(B) additional amounts are necessary for the direct costs of conducting limited demonstration projects for the provision of necessary services in order to provide data for research carried out under this title.

“(4) The amount of any grant or contract made under this section may remain available for obligation or expenditure after the close of the one-year period for which such grant or contract is made in order to assist the recipient in preparing the report required by subsection (f)(1).

“(3) in the case of an application for a research project, the panel established by subsection (e)(2) has determined that the project is of scientific merit.

“(d) The Secretary shall, where appropriate, coordinate research and dissemination activities carried out under this section with research and dissemination activities carried out by the National Institutes of Health.

“(e)(1) The Secretary shall establish a system for the review of applications for grants and contracts under this section. Such system shall be substantially similar to the system for scientific peer review of the National Institutes of Health and shall meet the requirements of paragraphs (2) and (3).

“(2) In establishing the system required by paragraph (1), the Secretary shall establish a panel to review applications under this section. SEC. 985. (a) Congress finds that—

(1) because of national budgetary considerations, it has become necessary to terminate Federal appropriations for Public Health Service hospitals and clinics,

(2) with proper planning and coordination, some of these hospitals and clinics could be transferred to State, local, or private control or become financially self-sufficient and continue to provide effective and efficient health care to individuals in the areas in which they are located,

(3) a precipitous closure of these hospitals and clinics will preclude the possibility of such orderly transfer to entities which are willing and able to take over operations at such facilities and will cause unnecessary and costly hardships on the patients and staffs at such facilities and on the communities in which the facilities are located, and

(4) it is in the national interest, consistent with sound budgetary considerations, to assist in the orderly and prompt transfer of such operations to State, local, or private operation or in the achievement of financial self-sufficiency where feasible.

(b) The purposes of this subtitle are—

(1) to provide for the prompt and orderly closure by October 31, 1981, of Public Health Service hospitals and clinics which cannot reasonably be transferred to State, local, or private operation or become financially self-sufficient and for the transfer or achievement of financial self-sufficiency by September 30, 1982, of those hospitals and clinics which can be so transferred or which can achieve such financial self-sufficiency, and

(2) to provide for transitional assistance for merchant seamen whose entitlement to receive free care through Public Health Service hospitals and clinics is repealed and who are hospitalized at the end of fiscal year 1981 and require continuing hospitalization.

42 USC 248b
note.

ELIMINATION OF MERCHANT MARINE ENTITLEMENT TO HEALTH SERVICES

SEC. 986. (a) Subsection (h) of section 2 and subsections (a) and (b) of section 322 of the Public Health Service Act are repealed.

42 USC 201, 249.

(b)(1) Section 322(e) of such Act is amended—

(A) by striking out “entitled to care and treatment under subsection (a) of this section and persons”; and

(B) by striking out “subsection (c)” and inserting in lieu thereof “subsection (a)”.

(2) Subsections (c), (d), and (e) of section 322 of such Act are redesignated as subsections (a), (b), and (c), respectively.

(3) The section heading for section 322 of such Act is amended by striking out “SEAMEN” and inserting in lieu thereof “PERSONS UNDER QUARANTINE”.

(4) Section 332(a)(2)(C) of such Act is amended by striking out “seamen” and inserting in lieu thereof “persons under quarantine”.

42 USC 254e.

(c) The amendments and repeals made by this section shall take effect on October 1, 1981.

Effective date.

SEC. 987. (a) The Secretary of Health and Human Services (hereinafter in this subtitle referred to as the “Secretary”) shall, in accordance with this section and notwithstanding section 818 of Public Law 93-155, provide for the closure, transfer, or financial self-sufficiency of all hospitals and other stations of the Public Health Service (hereinafter in this subtitle referred to as the “Service”) not later than September 30, 1982.

42 USC 248b.

(b) Not later than July 1, 1981, the Secretary shall notify each Service hospital and other station, and the chief executive officer of each State and of each locality in which such a hospital or other station is located, that the Secretary will accept proposals for the transfer of each such hospital and station from the Service to a public (including Federal) or nonprofit private entity or for the achievement of financial self-sufficiency of each such hospital and station not later than September 30, 1982. No such proposal shall be considered by the Secretary if it is submitted later than September 1, 1981.

42 USC 248a.

(c) The Secretary shall evaluate promptly each proposal submitted under subsection (b) with respect to a hospital or other station and determine, not later than September 30, 1981, whether or not under such proposal the hospital or station—

(1) will be maintained as a general health care facility providing a range of services to the population within its service area,

(2) will continue to make services available to existing patient populations, and

(3) has a reasonable expectation of financial viability and, in the case of a hospital or station that is not proposed to be transferred, of financial self-sufficiency.

Paragraph (1) shall not apply in the case of a proposal for the transfer of a discrete, minor, freestanding part of a hospital or station to a local public entity for the purpose of continuing the provision of services to refugees.

(d)(1) If the Secretary determines that a proposal for a hospital or other station does not meet the standards of subsection (c) or if there is no proposal submitted under subsection (b) with respect to a hospital or other station, the Secretary shall provide for the closure of the hospital or station by not later than October 31, 1981.

(2) If the Secretary determines that a proposal for a hospital or other station meets the standards of subsection (c), the Secretary shall take such steps, within the amounts available through appropriations, as may be necessary and proper—

(A) to operate (or participate or assist in the operation of) the hospital or station by the Service until the transfer is accomplished or financial self-sufficiency is achieved,

(B) to bring the hospital or station into compliance with applicable licensure, accreditation, and local medical practice standards, and

(C) to provide for such other legal, administrative, personnel, and financial arrangements (including allowing payments made with respect to services provided by the hospital or station to be made directly to that hospital or station) as may be necessary to effect a timely and orderly transfer of such hospital or station (including the land, building, and equipment thereof) from the Service, or for the financial self-sufficiency of the hospital or station, not later than September 30, 1982.

(e) There is established, within the Office of the Assistant Secretary for Health of the Department of Health and Human Services, an identifiable administrative unit which shall have direct responsibility and authority for overseeing the activities under this section.

(f) For purposes of this section, a hospital or station cannot be found to be financially self-sufficient if the hospital or station is relying, in whole or in part, on direct appropriated funds for its continued operations.

(1) on September 30, 1981, is receiving inpatient hospital services at a Public Health Service hospital on the basis of the entitlement contained in section 322(a) of the Public Health Service Act (42 U.S.C. 249(a)), as such section was in effect on such date, for treatment of a condition,

(2) requires continued hospitalization after such date for treatment of that condition (or requires outpatient services related to such condition), and

(3) the Secretary determines has no other source of inpatient hospital services available for continued treatment of that condition.

"(1) whether or not such powerplant has or previously had the technical capability to use coal or another alternate fuel as a primary energy source;

"(2) whether or not such powerplant could have the technical capability to use coal or another alternate fuel as a primary energy source without having—

"(A) substantial physical modification of the powerplant, or

"(B) substantial reduction in the rated capacity of the powerplant; and

"(3) whether or not it is financially feasible to use coal or another alternate fuel as a primary energy source in such a powerplant.

"(b) AUTHORITY OF SECRETARY TO PROHIBIT WHERE COAL OR ALTERNATE FUEL CAPABILITY EXISTS.—The Secretary may prohibit, in accordance with section 303(a) or (b), the use of petroleum or natural gas, or both, as a primary energy source in any existing electric powerplant, if an affirmative certification under subsection (a)(1), (2), and (3) is in effect with respect to such powerplant and if, after examining the basis for the certification, the Secretary concurs with the certification.

(b) The Railroad Retirement Act of 1974 is amended by adding at the end thereof the following:

"BENEFIT PRESERVATION

"SEC. 22. (a) In any fiscal year in which the Board determines that general revenue borrowing authority available under this Act will be used to borrow an amount equal to or greater than fifty percent of the total amount available under such borrowing authority for that fiscal year, the Board shall, on or before April 1 of that year, report to the Report to President, Speaker of the House, and President of the Senate. 45 USC 231u.

President, the Speaker of the House, and the President of the Senate, in writing—

“(1) the aggregate amount it will need to borrow for that fiscal year and the aggregate amount it is authorized to borrow for that fiscal year;

“(2) the first fiscal year during which benefits under this Act must be reduced, in the absence of any adjustments, because insufficient funds (including any general revenue borrowing authority under this Act) would preclude payment of full benefits (other than benefits payable from the Dual Benefits Payments Account) for every month in such fiscal year;

“(3) the first fiscal year during which the Board would recommend suspension of the authority to borrow contained in section 10(d) of the Railroad Unemployment Insurance Act, in order to prevent depletion of the Railroad Retirement Account; and

“(4) the amount, if any, of adjustments (stated in terms of percentage of taxable payroll), and any other changes such as cash flow adjustments, necessary to preserve the financial solvency of the Railroad Retirement Account, if such adjustments were effective at the beginning of the next succeeding fiscal year.

45 USC 360.

Publication in Federal Register.

The Board shall, not less than 20 nor more than 30 days after the submission of a written report under this subsection, publish such report in the Federal Register.

“(b) Not later than 180 days after the publication in the Federal Register of any Board report referred to in subsection (a) of this section which states an amount of adjustments (in terms of percentage of taxable payroll) necessary to preserve the financial solvency of the railroad retirement account—

“(1) representatives of railroad employees and carriers shall, jointly or separately, submit to the President, the Speaker of the House, and the President of the Senate, funding proposals designed to preserve the financial solvency of the Railroad Retirement Account; and

Recommendations.

“(2) the President shall submit to the Speaker of the House and the President of the Senate such recommendations as he may deem appropriate with respect to the preservation of the Railroad Retirement Account, including a specific proposal to assure continuous payments of social security equivalent benefits by separating the social security equivalent benefits from industry pension equivalent benefits payable under this Act.

Publication in Federal Register.

“(c) Not later than 180 days after the submission of a written report under subsection (a) of this section which states the first fiscal year during which benefits under this Act must be reduced because insufficient funds would preclude payment of full benefits for every month of that year, the Board shall issue and publish in the Federal Register such regulations as may be necessary which shall be designed to—

“(1) provide a constant level of benefits at the maximum level possible for every month of that fiscal year; and

“(2) provide that no individual shall receive less during that fiscal year than the amount otherwise payable if the employee's service as an employee after December 31, 1936, had been covered under the Social Security Act, minus the amount of any reduction required under section 3(m) or 4(i) of this Act.

42 USC 1305.
45 USC 231b,
231c.

Unless otherwise provided by law enacted after the date of enactment of this section, or by a later report filed by the Board under subsection (a) of this section, regulations issued by the Board under this subsection shall apply beginning with the fiscal year designated by

the Board in its written report under subsection (a) of this section. Any Board regulation which becomes effective under this subsection may be modified, rescinded, or superseded in the same manner and to the same extent as in the case of any other Board regulation issued under authority of this Act.”

SEC. 1127. (a) Section 15(b) of the Railroad Retirement Act of 1974 is amended by inserting “(1)” after “(b)” and by inserting at the end thereof the following new subdivision:

45 USC 231n.

“(2) In any month when the Board finds that the balance in the Railroad Retirement Account is insufficient to pay annuity amounts due to be paid during the following month, the Board shall report to the Secretary of the Treasury the additional amount of money necessary in order to make such annuity payments, and the Secretary shall transfer to the credit of the Railroad Retirement Account such additional amount upon receiving such report from the Board. The total amount of money outstanding to the Railroad Retirement Account from the general fund at any time during any fiscal year shall not exceed the total amount of money the Board and the Trustees of the Social Security Trust Fund estimate will be transferred to the Railroad Retirement Account pursuant to section 7(c)(2) of this Act with respect to such fiscal year. Whenever the Board determines that the sums in the Railroad Retirement Account are sufficient to pay annuity amounts, the Board shall request the Secretary of the Treasury to retransfer to the general fund from the Railroad Retirement Account all or any part of the amount outstanding, and the Secretary of the Treasury shall make such retransfer of the amount requested. Not later than 10 days after a transfer to the Railroad Retirement Account under section 7(c)(2) of this Act, any amount of money outstanding to the Railroad Retirement Account from the general fund under this subdivision shall be retransferred in accordance with this subdivision. Any amount retransferred shall include an amount of interest computed at a rate determined in accordance with the following two sentences: The rate of interest payable with respect to an amount outstanding for any month shall be equal to the average investment yield for the most recent auction (before such month) of United States Treasury bills with maturities of 52 weeks, deeming any amount outstanding at the beginning of a month to have been borrowed at the beginning of such month. For this purpose the amount of interest computed in accordance with the preceding sentence but not repaid by the end of such month shall be added to the amount outstanding at the beginning of the next month.”

45 USC 231f.

SEC. 1128. (a) Section 5(f) of the Railroad Unemployment Insurance Act is amended by striking out “fifteen” and by inserting in lieu thereof “thirty”.

(b)(1) The amendment made by section 1116(a) of this Act shall take effect October 1, 1981, except that the years of service of an individual shall not be considered less after enactment of this Act for any individual who files an application before April 1, 1982 than such individual had during the month of September 1981.

(2) The amendments made by sections 1116(b)(1), 1118(c)(2), 1119(b)(5), 1119(c), 1119(h)(3), 1119(i)(3), 1120(a), 1120(d), 1121(c)(1), 1121(c)(2), 1123, and 1125 of this Act shall take effect January 1, 1975.

45 USC 231t.

(c) The amendment made by section 1117(a) of this Act shall take effect October 1, 1981, and shall apply only with respect to individuals whose supplemental annuity closing date under section 2(b) of the Railroad Retirement Act of 1974 before the effective date of the amendment to such section by this Act did not occur before October 1, 1981.

(e)(1) The amendments made by sections 1118(e)(3), 1119(d)(2), 1119(h)(1), and 1119(h)(4) of this Act shall take effect on the date of the enactment of this Act.

In all other awards made on or after October 1, 1981, and before October 1, 1986, for purposes of determining the initial annuity amounts only, the provisions of section 4(g) of the Railroad Retirement Act of 1974, as in effect before amendment by this Act shall be applicable. Annuity amounts determined under section 4(g) of

the Railway Retirement Act of 1974 before amendment by this Act or under section 207(2) of Public Law 93-445 shall be increased only by the same percentage, or percentages, as an employee's annuity amount determined under section 3(b) of the Railroad Retirement Act of 1974 is increased under section 3(g) of the Railroad Retirement Act of 1974 on or after October 1, 1981. PART 1—GENERAL PROVISIONS

FINDINGS

45 USC 1101.

45 USC 701 note.

SEC. 1132. The Congress finds and declares that—

(1) the processes set in motion by the Regional Rail Reorganization Act of 1973 have failed to create a self-sustaining railroad system in the Northeast region of the United States and have cost United States taxpayers many billions of dollars over original estimates;

(2) current arrangements for the provision of rail freight and commuter service in the Northeast and Midwest regions of the United States are inadequate to meet the transportation needs of the public and the needs of national security;

(3) although the Federal Government has provided billions of dollars in assistance for Conrail and its employees, the Federal interest in ensuring the flow of interstate commerce through rail service in the private sector has not been achieved, and the protection of interstate commerce requires Federal intervention to preserve essential rail service in the private sector;

(4) the provisions for protection of employees of bankrupt railroads contained in the Regional Rail Reorganization Act of 1973 have resulted in the payment of benefits far in excess of levels anticipated at the time of enactment, have imposed an excessive fiscal burden on the Federal taxpayer, and are now an obstacle to the establishment of improved rail service and continued rail employment in the Northeast region of the United States; and

(5) since holding Conrail liable for employee protection payments would destroy its prospects of becoming a profitable carrier and further injure its employees, an alternative employee protection system must be developed and funded.

PURPOSE

45 USC 1102.

SEC. 1133. It is therefore declared to be the purpose of the Congress in this subtitle to provide for—

(1) the removal by a date certain of the Federal Government's obligation to subsidize the freight operations of Conrail;

(2) transfer of Conrail commuter service responsibilities to one or more entities whose principal purpose is the provision of commuter service; and

(3) an orderly return of Conrail freight service to the private sector.

GOALS

SEC. 1134. It is the goal of this subtitle to provide Conrail the opportunity to become profitable through the achievement of the following objectives: 42 USC 1103.

(1) **NONAGREEMENT PERSONNEL.**—(A) Employees who are not subject to collective bargaining agreements (hereafter in this section referred to as “nonagreement personnel”) should forego wage increases and benefits in an amount proportionately equivalent to the amount foregone by agreement employees pursuant to paragraph (4) of this section, adjusted annually to reflect inflation.

(B) After May 1, 1981, the number of nonagreement personnel should be reduced proportionately to any reduction in agreement employees (excluding reductions pursuant to the termination program under section 702 of the Regional Rail Reorganization Act of 1973).

Post, p. 662.

(2) **SUPPLIERS.**—To facilitate the orderly movement of goods in interstate commerce, materials and services should continue to be available to Conrail, under normal business practices, including the provision of credit and normal financing arrangements.

(3) **SHIPPERS.**—Conrail should utilize the revenue opportunities available to it under the Staggers Rail Act of 1980 and subtitle IV of title 49, United States Code.

49 USC 10101
note.

(4) **AGREEMENT EMPLOYEES.**—(A) Conrail should enter into collective bargaining agreements with its employees which would reduce Conrail’s costs in an amount equal to \$200,000,000 a year, beginning April 1, 1981, adjusted annually to reflect inflation.

49 USC 10101 *et*
seq.

(B) Agreements under this subparagraph may provide for reductions in wage increases and for changes in fringe benefits common to agreement employees, including vacations and holidays.

(C) The cost reductions required under this subparagraph in the first year of the agreement may be deferred, but the aggregate cost reductions should be no less than an average of \$200,000,000 per year for each of the first three one-year periods beginning April 1, 1981.

(D) The amount of cost reductions provided under this paragraph shall be calculated by subtracting the cost of an agreement entered into under this paragraph from (i) the cost that would otherwise result from the application of the national agreement reached by railroad industry and its employees, or (ii) until such national agreement is reached, the cost which the United States Railway Association estimates would result from the application of such a national agreement.

Notification.
45 USC 586.**"SEC. 506. PROPERTY TRANSFER.**

"(a) Not later than April 1, 1982, each commuter authority shall notify Amtrak Commuter and Conrail whether it intends to operate its own commuter service or to contract with Amtrak Commuter for the operation of such service.

"(b)(1) A commuter authority may initiate negotiations with Conrail for the transfer of commuter service operated by Conrail.

"(2) Any transfer agreement between such a commuter authority and Conrail shall specify at least—

"(A) the service responsibilities to be transferred;

"(B) the rail properties to be conveyed; and

"(C) a transfer date not later than January 1, 1983.

"(3) Any transfer agreement under this subsection shall be entered into not later than September 1, 1982.

"(c) Not later than September 1, 1982, Conrail and Amtrak Commuter shall agree on terms and conditions for the transfer to Amtrak Commuter of all of Conrail's commuter service in the Northeast Corridor, except for commuter service to be transferred directly to a commuter authority under an agreement entered into under subsection (b) of this section, and any rail properties used or useful for the operation of such commuter service. Such service and properties shall be transferred to Amtrak Commuter not later than January 1, 1983.

"(d) If, by September 1, 1982, Conrail and Amtrak Commuter have not signed an agreement pursuant to subsection (c) of this section, the Secretary shall, within 30 days, determine which rail properties shall be transferred to Amtrak Commuter and the terms and conditions under which such rail properties and the Northeast Corridor commuter service of Conrail shall be transferred to Amtrak Commuter. Such transfer shall occur not later than January 1, 1983.

"(e) Following the transfer of commuter service and properties to Amtrak Commuter, and upon the request of any commuter authority for which the service is provided by Amtrak Commuter, Amtrak Commuter and such commuter authority shall agree upon terms and conditions for the transfer to the commuter authority of such service and any rail properties used or useful in the operation of such commuter service.

"(f) If, within 90 days after a request for the transfer of commuter services is made by a commuter authority under subsection (e),

Amtrak Commuter and such commuter authority do not sign an agreement pursuant to subsection (e) of this section, Amtrak Commuter or the commuter authority may appeal to the Secretary. Upon such appeal the Secretary shall determine which rail properties shall be transferred and the terms and conditions of such transfer.

“(g) Consideration for inventory, including tools, spare parts, and fuel, transferred under this section shall be based on book value. The transfer of fixed facilities and rolling stock under this section shall be without consideration.

“(h)(1) Notwithstanding any other provision of this Act, if an interest in rail properties is conveyed pursuant to this section, and if such conveyance is in accordance with the requirements of paragraph (2) of this subsection, the conveyance of such properties shall be deemed an assignment. Any such assignment shall relieve Conrail of liability for any breach which occurs after the date of such conveyance, except that Conrail shall remain liable for any breach, event of default, or violation of covenant which occurred (and any charges or obligations which accrued) prior to the date of such conveyance, regardless of whether the assignee thereof assumes such liabilities, charges, or obligations. If any such liabilities, charges, or obligations (accrued prior to the date of such conveyance) are paid by or on behalf of any person or entity other than Conrail, such person or entity shall have a claim to direct reimbursement from Conrail, together with interest on the amount so paid.

“(2)(A) A conveyance referred to in paragraph (1) of this subsection may be effected only if—

“(ii) such conveyance is made subject to such obligations; and

“(iii) in the event of a conveyance of property to persons other than Class I or II railroads, such conveyance must be approved by any party who is an owner, lessor, equipment trustee, or conditional sale vendor to Conrail on any debt instrument imposing a lien or encumbrance on or otherwise affecting the title or interest in the rail properties to be conveyed, except that such approval may not be unreasonably withheld and may be withheld only for lack of credit worthiness.

As used in this subsection, the term ‘rail properties’ means assets or rights owned, leased, or otherwise controlled by Conrail, other than real property, which are used or useful in rail transportation service.

“Rail properties.”

“(B) Subject to the provisions of this subsection, the provisions of this Act shall not affect the title and interests of any lessor, equipment trust trustee, or conditional sale vendor under any conditional sale agreement, equipment trust agreement, or lease under section 1168 of title 11, United States Code. An assignee to whom such a conveyance is made shall assume all liability under such conditional sale agreement, equipment trust agreement, or lease. Such an assignment or conveyance to, and such an assumption of liability by such an assignee, shall not be deemed a breach, an event of default, or a violation of any covenant of any such conditional sale agreement, equipment trust agreement, or lease so assigned or conveyed, notwithstanding any provision of any such agreement or lease.

“(i) Conrail shall retain rail properties which are used chiefly in freight service and appropriate trackage rights for freight operations

over any rail properties which are transferred under this section. Any dispute regarding such rights may be submitted to the Commission for final and binding determination.

“(j) Nothing contained in this title shall be construed to affect the rights, duties, or obligations of Conrail or its successor in title and any bi-state commuter authority under any agreement, lease, or contract subject to which property was conveyed to Conrail pursuant to the Regional Rail Reorganization Act of 1973.

“TRANSFER PLAN

“SEC. 405. (a) INITIAL DISCUSSIONS.—If the Corporation is determined not to be a profitable carrier by the USRA Board under subsection (a) or (b) of section 403, or if any plan for the purchase of the common stock of the Corporation under section 404(b) is not approved by the Secretary, or if at any time the Corporation requires funding from the Federal Government in excess of amounts authorized on or before the effective date of the Northeast Rail Service Act of 1981, the Secretary, in consultation with the Corporation, shall initiate discussions and negotiations under section 5 of the Department of Transportation Act (49 U.S.C. 1654) with potential purchasers for the transfer of the Corporation’s freight rail properties and service responsibilities, specifically including freight terminal operations in the Northeast Corridor.

45 USC 765.

Ante, p. 643.

“(b) CONFERENCES.—As a part of the process set forth in subsection (a), the Secretary shall consult with railroads, representatives of employees of the Corporation and other railroads that may be affected, appropriate State and local government officials, shippers, consumer representatives, potential purchasers or operators other than railroads, and holders of purchase money equipment obligations. The Secretary shall hold conferences in developing plans for the sale of the Corporation and persons attending or represented at such conferences shall not be liable under the antitrust laws of the United States with respect to any discussion at such conference, or with respect to any agreements reached at such conferences, which are entered into with the approval of the Secretary.

“(c) FREIGHT TRANSFER AGREEMENTS.—Any agreement for the transfer of the Corporation’s rail properties and service responsibilities (hereafter in this title referred to as ‘freight transfer agreements’) shall specify the rail properties and the service responsibilities to be transferred to the acquiring railroad and the price to be paid for rail properties transferred, and shall include such other terms as the Secretary, consulting with the Corporation, and the acquiring railroad consider appropriate.

“(d) TERMINAL COMPANIES.—Not later than 1 year after the freight transfer agreements are implemented pursuant to section 408 of this title, the Secretary shall arrange for the formation by railroads of one or more terminal companies, to be operated as private corporations without Federal operating subsidy, to provide switching and terminal services in the Northeast Corridor without preference to the traffic of any railroad. Notwithstanding the provisions of the preceding sentence, the Secretary shall not be required to arrange for the formation of such terminal companies if he certifies in writing to the Congress that individual acquiring railroads are capable of assuring adequate freight terminal operations in the Northeast Corridor.

“(e) COMPETITION.—Discussion and negotiations for freight transfer agreements shall be conducted, to the maximum extent practicable, to assure the preservation and enhancement of rail competition in the Northeast. In the development of freight transfer agreements, rail lines which have heavy rail freight activity shall receive priority designation for competitive service. In determining such priority the Secretary shall consider shipper input and other relevant data.

“(f) REPORT.—The Secretary shall submit to the Congress every six months a report regarding his activities under this section. If the Secretary finds that he is unable to sell the interest of the United States in the common stock of the Corporation under section 401 of

“(b) TRANSFER DATE.—All freight transfer agreements entered into under this title shall include as a term a common transfer date.

“(c) CONSOLIDATION.—The Secretary shall consolidate, for purposes of approval and review, all freight transfer agreements and shall ensure that no less than 75 percent of the total rail service operated by the Corporation on the date of transfer shall be maintained under the aggregate of such agreements. If the Secretary acts to grant preliminary or final approval to the freight transfer agreements, the Secretary shall include in his determination a listing of those rail properties not specified in such agreements for transfer, and the likely disposition of such properties.

The Secretary shall, upon the expiration of such 30-day period, transmit the freight transfer agreements with any proposed modifications to the Attorney General. The Attorney General shall, within 10 days of receipt of such transmittal, advise the Secretary as to whether any freight transfer agreement or combination of agreements would create or maintain a situation inconsistent with the antitrust laws of the United States, and the Secretary shall give due consideration to any such advice that may be rendered. The transmittal to the Attorney General shall contain such information as the Attorney General may require in order to advise the Secretary as to whether the freight transfer agreements under consideration would create or maintain a situation inconsistent with such antitrust laws.

“(b) COMMISSION.—The Secretary shall also transmit the freight transfer agreements with any proposed modifications to the Commission on the same date that the Secretary transmits them to the Attorney General. The Commission shall, within 10 days of receipt of such transmittal, advise the Secretary as to the effect of any freight transfer agreement or combination of agreements on the adequacy of public transportation and whether any freight transfer agreement or combination of agreements would have an adverse effect on other railroads or on competition among railroads.

“(c) FINAL APPROVAL.—After consideration of comments received and any advice rendered by the Attorney General and the Commission, but no later than 90 days after the close of public comment under subsection (a), the Secretary may grant final approval to the

freight transfer agreements. With the consent of the acquiring railroad, the Secretary may modify a freight transfer agreement prior to granting such final approval.

“(d) CONGRESSIONAL REVIEW.—If the Secretary grants final approval to the freight transfer agreements, the Secretary shall, within 10 days of such approval, transmit a copy of such agreements to each House of Congress, together with the Secretary’s determination of final approval. The freight transfer agreements shall be deemed approved at the end of 60 calendar days of continuous session of the Congress, unless either the House of Representatives or the Senate or both passes a resolution during such period stating that they do not favor the freight transfer agreements. For purposes of this subsection—

“(1) continuity of session of the Congress is broken only by an adjournment *sine die*; and

“(2) the days on which either House is not in session because of adjournment of more than 3 days to a day certain are excluded in the computation of the period described in this subsection.

An assignee to whom such a conveyance is made shall assume all liability under such conditional sale agreement, equipment trust agreement, or lease. Such an assignment or conveyance to, and such an assumption of liability by such an assignee, shall not be deemed a breach, an event of default, or a violation of any covenant of any such conditional sale agreement, equipment trust agreement, or lease so assigned or conveyed, notwithstanding any provision of any such agreement or lease.

“SUBSIDIARIES

An employee shall be considered deprived of employment if unable to obtain a position with an acquiring railroad, or to obtain a position with the Corporation, the National Railroad Passenger Corporation, or a commuter authority through the normal exercise of seniority or, in the case of a non-agreement employee, by written application.

45 USC 797.

"(2) If the parties are unable to reach agreement under paragraph (1) within 90 days, the Secretary of Labor shall, within 30 days after the expiration of such 90-day period, prescribe the benefit schedule.

45 USC 771.
Ante, p. 643.

"(b) USE OF FUNDS.—The agreement entered into under this section may provide for the use of funds made available under section 713 of this Act for the following purposes:

"(2) Moving expenses for employees who must make a change in residence.

"(3) Retraining expenses for employees who are seeking employment in new areas.

"(d) LIMITATION.—(1) The agreement of the parties and the benefit schedule prescribed by the Secretary under this section may not require the expenditure of funds in excess of the amount authorized to be appropriated under section 713 of this Act, or provide benefits for any individual employee in excess of \$20,000.

"(2) No individual shall become eligible for benefits under this section after the last day of the eighteen-month period beginning on the date of transfer under section 401 or 404 of this Act.

"SEC. 702. (a) GENERAL.—The Corporation may terminate the employment of certain employees, in accordance with this section, upon the payment of an allowance of \$350 for each month of active service with the Corporation or with a railroad in reorganization, but in no event may any such termination allowance exceed \$25,000.

"(b) EMPLOYMENT NEEDS.—Within 90 days after the effective date of this title, the Corporation shall determine, for each location, the number of employees that the Corporation intends to separate under subsection (a) of this section.

"(c) NOTIFICATION AND SEPARATION PROCEDURE.—(1) Within 90 days after the effective date of this title, the Corporation shall notify its employees of their rights and responsibilities under this section.

"(2) Within 90 days after the effective date of this title, the Corporation shall notify each train and engine service employee eligible to be separated under paragraph (3) that such employee may be entitled to receive a separation payment under this section if such employee files a written request to be separated. Such notice may be revised from time to time.

"(3) If the number of employees who request to be separated pursuant to paragraph (2) of this subsection is greater, in engine service at any location, than the number of excess firemen at the location, and in train service at the location than the number of excess second and third brakemen, as determined by the Corporation, the Corporation shall separate the employees described in paragraph (2) of this subsection in order of seniority beginning with the most senior employee, until the excess firemen and second and third brakemen positions at that location, as determined by the Corporation, have been eliminated.

"(d) DESIGNATED SEPARATIONS.—If the number of employees who are separated pursuant to subsection (c)(3) is less at any location than the number of excess firemen in freight and commuter service and second and third brakemen in freight service at such location, as determined by the Corporation, the Corporation may, after 210 days after the effective date of this title, designate for separation employees in engine service or train service respectively in inverse order of seniority, beginning with the most junior employee in active service at such location until the excess firemen in freight and commuter service and second and third brakemen in freight service, at that location have been eliminated. An employee designated under this subsection may choose (1) to furlough himself voluntarily, in which case the next most junior employee protected under the fireman manning or crew consist agreements or any other agreement or law, in the same craft or class at such location may be separated instead and receive the separation allowance, or (2) to exercise his seniority to another location, in which case the Corporation may separate, under the provisions of this subsection, the next most junior protected employee in active service at the location to which seniority ultimately is exercised.

"(e) EFFECT ON POSITIONS.—(1) The Corporation shall refrain from filling one fireman position in freight service, or in commuter service where applicable, for each employee in engine service separated in accordance with this section.

"(2) The Corporation may refrain from filling one brakeman position in excess of one conductor and one brakeman on one crew in freight service for each employee in train service who is separated in accordance with this section.

“(3) Positions permitted to be not filled under this subsection shall be not filled in different types of freight service actually operated at or from the location in a sequence to be agreed upon between the Corporation and the general chairman representative of classes or crafts of employees having jurisdiction over the positions to be not filled. If no such agreement is reached, the Corporation may designate the position to be not filled.

“(4) Notwithstanding paragraphs (1) and (2) of this subsection, the Corporation shall retain all rights it has under any provision of law or agreement to refrain from filling any position of employment.

“(f) PROCEDURES.—The Corporation and representatives of the various classes and crafts of employees to be separated may agree on procedures to implement this section, but the absence of such agreement shall not interfere with implementation of the separations authorized by this section.

“(g) COMMUTER EMPLOYEES.—The provisions of this section shall apply to the separation of firemen in commuter service, except that with respect to such employees the Corporation is required to make the separations authorized by this section.

“PREFERENTIAL HIRING

Prior to the exercise of authority under this subsection, the Corporation shall negotiate an agreement with the representatives of the employees involved permitting such employees the right to follow their work. 45 USC 797e.

The Secretary shall substitute for the evidence of such debt contingency notes conforming to the limited terms set forth in this subsection.

(2) If the interest of the United States is limited under paragraph (1), any new debt issued by such a railroad subsequent to the issuance of the debt described in paragraph (1) shall have higher priority in the event of bankruptcy, liquidation, or abandonment of the assets of Conrail than the debt described in such paragraph.

Amtrak

Act of 1981.

SHORT TITLE

SEC. 1170. This subtitle may be cited as the "Amtrak Improvement Act of 1981".

45 USC 501 note.

FINDINGS

SEC. 1171. Section 101 of the Rail Passenger Service Act (45 U.S.C. 501) is amended to read as follows:

"(a) The Congress finds that the public convenience and necessity require that the National Railroad Passenger Corporation provide, to the extent that the Corporation's budget allows, modern, cost-efficient, and energy-efficient intercity railroad passenger service between crowded urban areas and in other parts of the country; that rail passenger service can help in alleviating the overcrowding of airways, airports, and highways; and that to the maximum extent feasible travelers in America should have the freedom to choose the mode of transportation most convenient to their needs.

“(b) The Congress further finds that a greater degree of cooperation is necessary among railroads, the Corporation, State, regional, and local governments and the private sector, labor organizations, and suppliers of services and equipment to the Corporation in order to achieve the level of performance sufficient to justify expenditure of public funds.

“(c) The Congress further finds that—

“(1) modern, efficient commuter rail passenger service is important to the viability and well-being of major urban areas and to the national goals of energy conservation and self-sufficiency;

“(2) Amtrak, as a passenger service entity, should be available to operate commuter service through its subsidiary Amtrak Commuter under contract with commuter agencies which do not choose to operate such service themselves as a part of the governmental functions of the State;

“(3) the Northeast Corridor is a valuable national resource used by intercity passenger, commuter passenger, and freight services; and

“(4) greater coordination between intercity and commuter passenger services are required.”

"(i) adequate assurances by such State, agency, or person that it has sufficient resources to meet its share of the cost of such service for the period such service is to be provided;

"(ii) a market analysis acceptable to the Corporation to ensure that there is adequate demand to warrant such service; and

"(iii) a statement by such State, agency, or person that it agrees to pay in each year of operation of such service at least—

"(I) 45 percent in the first year of operation; and

"(II) 65 percent in each year of operation thereafter; of the short-term avoidable losses of operating such service and 50 percent of the associated capital costs.

"(2)(A) The Corporation shall review each application submitted by a State, agency, or person for the institution or retention of service under this subsection to determine whether—

"(i) the application complies with the requirements of paragraph (1)(B) of this subsection; and

“(ii) there is a reasonable probability that the service requested can be provided with the resources available to the Corporation.

“(B) Any application submitted by a group of States shall be considered in the same manner as an application submitted by a single State, and not on the basis of whether each State that is a party to such application meets the requirements of paragraph (1)(B) of this subsection.

“(3)(A) The Corporation may enter into an agreement with such State, agency, or person for the institution or retention of such service, in accordance with the funding formula set forth in paragraph (1)(B) of this subsection, if the Corporation determines that such service can be provided with resources available to the Corporation.

“(B) An agreement entered into pursuant to this subsection may by mutual agreement be renewed for one or more additional terms of not more than 2 years.

“(C) If more than one application is made for service and all applications are consistent with the requirements of this subsection, but all the services applied for cannot be provided with the available resources of the Corporation, the board of directors shall decide in its discretion which application or applications best serve the public interest and can be provided with the available resources of the Corporation.

“(4)(A) Any funds provided by the Corporation under an agreement with a State, an agency or a person pursuant to this subsection which are allocated for associated capital costs and which are not expended during the fiscal year for which they are provided shall remain available until expended.

“(B) The board of directors shall, after consultation with the appropriate officials of each State that contributes to the operation of service under this subsection, establish the basis for determining the short-term avoidable loss and associated capital costs of service operated under this subsection and the total revenues from such service. In addition, the Corporation shall provide appropriate State officials with the basis for determining such loss, costs, and revenues for each route on which service is operated under this subsection.

“(5)(A) Prior to instituting any fare increase that applies to service provided under this subsection and that represents an increase of more than 5 percent over a 6-month period, the Corporation shall consult with and obtain the views of the appropriate officials of each State to be affected by such fare increase. The Corporation shall provide the officials of each such State with an explanation of the circumstances warranting the proposed fare increase (such as the unique costs of or demand for the services involved).

“(B) A proposed fare increase described in subparagraph (A) shall take effect 90 days after the date the Corporation first consults with the affected States pursuant to such subparagraph. Within thirty days of the initial consultation, the affected State may submit proposals to the Corporation for reducing costs and increasing revenues in connection with service provided under this subsection. Following such thirty-day period, the Corporation, after taking into consideration such proposals as may be submitted by a State, shall decide whether to implement the proposed fare increase in whole or in part.

“(C) Notwithstanding the provision of subparagraph (B) of this paragraph, the Corporation may increase fares pursuant to this paragraph during the first month of a fiscal year if the authorization for appropriations or the appropriations for the benefit of the

Corporation for such fiscal year are not enacted at least 90 days prior to the beginning of such fiscal year, and the Corporation may increase fares pursuant to this paragraph during the 30 days following enactment of any appropriation for the benefit of the Corporation or rescission thereof. Notice of fare increases pursuant to the preceding sentence shall be given by the Corporation to any affected State as soon as possible following the decision to effect such fare increase.

“(6) At least 2 but not more than 5 percent of all revenues generated by each particular route operated under the authority of this subsection shall be dedicated to advertising and promotion of such service on a local level.”

(b) The amendments made by subsection (a) of this section shall apply to any agreement entered into under section 403(b) of the Rail Passenger Service Act after October 1, 1981, and to any renewal after October 1, 1983, of any agreement entered into under such section 403(b) prior to October 1, 1981.

45 USC 601.

“(B) The Corporation shall conduct an annual review of each route in the basic system to determine if such route is projected to meet the criteria set forth in paragraph (1) or paragraph (2) of subsection (d), whichever is applicable to such route, as adjusted to reflect constant 1979 dollars. If the Corporation determines on the basis of such review that such route will not meet the criteria set forth in the appropriate paragraph, the Corporation shall discontinue, modify, or adjust the operation of rail passenger service over such route so that the criteria will be met.

Annual review.

“(C) The annual review conducted by the Corporation under subparagraph (B) shall include an evaluation of the potential market demand for, and the cost of providing service on routes or portions thereof, and the potential market demand for, and cost of providing service on, alternative routings. The Corporation shall transmit the results of the annual review to each House of the Congress and to the Secretary of Transportation.

“(D)(i) No later than 30 days after the beginning of each fiscal year, the Corporation shall evaluate the financial requirements for operating the basic system and its progress in achieving the system-wide performance standards prescribed in this Act during such fiscal year. If the Corporation determines that the funds to be available for such fiscal year are insufficient to meet the projected operating costs, or if the Corporation projects that the system cannot meet the performance standards of this Act, the Corporation shall, in accordance with this subparagraph, take such action as may be necessary to reduce such costs and improve performance.

“(ii) Any action taken by the Corporation to reduce costs or improve performance pursuant to this subparagraph shall be designed to continue the maximum level of service practicable, and may include—

“(II) increases in fares;

“(III) reductions in the costs of sleeper car service on certain routes;

“(IV) reductions in the costs of dining car service on certain routes;

“(ii) Notice of any discontinuance of service pursuant to this paragraph or section 403(b) of this Act shall be given in such a manner as the Corporation determines will afford an opportunity for any State or group of States, or any regional or local agency or other person, to agree to share the cost of such route, train, or service, or some portion of such route, train, or service. Such notice shall be given at least 90 days prior to such discontinuance.

“(iii) Notwithstanding the provisions of clause (ii), the Corporation may discontinue service pursuant to this paragraph or section 403(b) of this Act during the first month of a fiscal year if the authorization for appropriations or the appropriations for the benefit of the Corporation for such fiscal year are not enacted at least 90 days prior to the beginning of such fiscal year, and the Corporation may discontinue service pursuant to this paragraph or section 403(b) of this Act during the 30 days following enactment of any appropriation for the benefit of the Corporation or rescission thereof. “(b) The Commission shall rely upon voluntary consumer product safety standards rather than promulgate a consumer product safety standard prescribing requirements described in subsection (a) whenever compliance with such voluntary standards would eliminate or adequately reduce the risk of injury addressed and it is likely that there will be substantial compliance with such voluntary standards.

“(c) If any person participates with the Commission in the development of a consumer product safety standard, the Commission may agree to contribute to the person's cost with respect to such participation, in any case in which the Commission determines that such contribution is likely to result in a more satisfactory standard than would be developed without such contribution, and that the person is financially responsible. Regulations of the Commission shall set forth the items of cost in which it may participate, and shall exclude any contribution to the acquisition of land or buildings. Payments under agreements entered into under this subsection may be made without regard to section 3648 of the Revised Statutes of the United States (31 U.S.C. 529).”

ADMINISTRATIVE PROCEDURE

15 USC 2058.

SEC. 1203. (a) Section 9 is amended to read as follows:

“PROCEDURE FOR CONSUMER PRODUCT SAFETY RULES

Publication in
Federal
Register.

“SEC. 9. (a) A proceeding for the development of a consumer product safety rule shall be commenced by the publication in the Federal Register of an advance notice of proposed rulemaking which shall—

“(1) identify the product and the nature of the risk of injury associated with the product;

“(2) include a summary of each of the regulatory alternatives under consideration by the Commission (including voluntary consumer product safety standards);

“(3) include information with respect to any existing standard known to the Commission which may be relevant to the proceedings, together with a summary of the reasons why the Commission believes preliminarily that such standard does not eliminate or adequately reduce the risk of injury identified in paragraph (1);

“(4) invite interested persons to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days or more than 60 days after the date of publication of the notice), comments with respect to the risk of injury identified by the Commission, the regulatory alternatives being considered, and other possible alternatives for addressing the risk;

“(5) invite any person (other than the Commission) to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days after the date of publication of the notice), an existing standard or a portion of a standard as a proposed consumer product safety standard; and

"(6) invite any person (other than the Commission) to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days after the date of publication of the notice), a statement of intention to modify or develop a voluntary consumer product safety standard to address the risk of injury identified in paragraph (1) together with a description of a plan to modify or develop the standard.

The Commission shall transmit such notice within 10 calendar days to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Energy and Commerce of the House of Representatives.

Transmittal to congressional committees.

"(b)(1) If the Commission determines that any standard submitted to it in response to an invitation in a notice published under subsection (a)(5) if promulgated (in whole, in part, or in combination with any other standard submitted to the Commission or any part of such a standard) as a consumer product safety standard, would eliminate or adequately reduce the risk of injury identified in the notice under subsection (a)(1), the Commission may publish such standard, in whole, in part, or in such combination and with nonmaterial modifications, as a proposed consumer product safety rule.

"(2) If the Commission determines that—

"(A) compliance with any standard submitted to it in response to an invitation in a notice published under subsection (a)(6) is likely to result in the elimination or adequate reduction of the risk of injury identified in the notice, and

"(B) it is likely that there will be substantial compliance with such standard,

the Commission shall terminate any proceeding to promulgate a consumer product safety rule respecting such risk of injury and shall publish in the Federal Register a notice which includes the determination of the Commission and which notifies the public that the Commission will rely on the voluntary standard to eliminate or reduce the risk of injury.

Publication in Federal Register.

"(c) No consumer product safety rule may be proposed by the Commission unless, not less than 60 days after publication of the notice required in subsection (a), the Commission publishes in the Federal Register the text of the proposed rule, including any alternatives, which the Commission proposes to promulgate, together with a preliminary regulatory analysis containing—

Publication in Federal Register.

"(1) a preliminary description of the potential benefits and potential costs of the proposed rule, including any benefits or costs that cannot be quantified in monetary terms, and an identification of those likely to receive the benefits and bear the costs;

"(2) a discussion of the reasons any standard or portion of a standard submitted to the Commission under subsection (a)(5) was not published by the Commission as the proposed rule or part of the proposed rule;

"(3) a discussion of the reasons for the Commission's preliminary determination that efforts proposed under subsection (a)(6) and assisted by the Commission as required by section 5(a)(3) would not, within a reasonable period of time, be likely to result in the development of a voluntary consumer product safety standard that would eliminate or adequately reduce the risk of injury addressed by the proposed rule; and

tial costs and benefits, and a brief explanation of why such alternatives should not be published as a proposed rule. The Commission shall transmit such notice within 10 calendar days to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Energy and Commerce of the House of Representatives.

"(d)(1) Within 60 days after the publication under subsection (c) of a proposed consumer product safety rule respecting a risk of injury associated with a consumer product, the Commission shall—

"(A) promulgate a consumer product safety rule respecting the risk of injury associated with such product, if it makes the findings required under subsection (f), or

"(B) withdraw the applicable notice of proposed rulemaking if it determines that such rule is not (i) reasonably necessary to eliminate or reduce an unreasonable risk of injury associated with the product, or (ii) in the public interest;

except that the Commission may extend such 60-day period for good cause shown (if it publishes its reasons therefor in the Federal Register).

"(2) Consumer product safety rules shall be promulgated in accordance with section 553 of title 5, United States Code, except that the Commission shall give interested persons an opportunity for the oral presentation of data, views, or arguments, in addition to an opportunity to make written submissions. A transcript shall be kept of any oral presentation.

"(e) A consumer product safety rule shall express in the rule itself the risk of injury which the standard is designed to eliminate or reduce. In promulgating such a rule the Commission shall consider relevant available product data including the results of research, development, testing, and investigation activities conducted generally and pursuant to this Act. In the promulgation of such a rule the Commission shall also consider and take into account the special needs of elderly and handicapped persons to determine the extent to which such persons may be adversely affected by such rule.

"(f)(1) Prior to promulgating a consumer product safety rule, the Commission shall consider, and shall make appropriate findings for inclusion in such rule with respect to—

"(A) the degree and nature of the risk of injury the rule is designed to eliminate or reduce;

"(B) the approximate number of consumer products, or types or classes thereof, subject to such rule;

"(C) the need of the public for the consumer products subject to such rule, and the probable effect of such rule upon the utility, cost, or availability of such products to meet such need; and

"(D) any means of achieving the objective of the order while minimizing adverse effects on competition or disruption or dislocation of manufacturing and other commercial practices consistent with the public health and safety.

"(2) The Commission shall not promulgate a consumer product safety rule unless it has prepared, on the basis of the findings of the Commission under paragraph (1) and on other information before the Commission, a final regulatory analysis of the rule containing the following information:

"(A) A description of the potential benefits and potential costs of the rule, including costs and benefits that cannot be quantified in monetary terms, and the identification of those likely to receive the benefits and bear the costs.

“(B) A description of any alternatives to the final rule which were considered by the Commission, together with a summary description of their potential benefits and costs and a brief explanation of the reasons why these alternatives were not chosen.

“(C) A summary of any significant issues raised by the comments submitted during the public comment period in response to the preliminary regulatory analysis, and a summary of the assessment by the Commission of such issues.

The Commission shall publish its final regulatory analysis with the rule.

“(3) The Commission shall not promulgate a consumer product safety rule unless it finds (and includes such finding in the rule)—

“(A) that the rule (including its effective date) is reasonably necessary to eliminate or reduce an unreasonable risk of injury associated with such product;

“(B) that the promulgation of the rule is in the public interest;

“(C) in the case of a rule declaring the product a banned hazardous product, that no feasible consumer product safety standard under this Act would adequately protect the public from the unreasonable risk of injury associated with such product;

“(D) in the case of a rule which relates to a risk of injury with respect to which persons who would be subject to such rule have adopted and implemented a voluntary consumer product safety standard, that—

“(i) compliance with such voluntary consumer product safety standard is not likely to result in the elimination or adequate reduction of such risk of injury; or

“(ii) it is unlikely that there will be substantial compliance with such voluntary consumer product safety standard;

“(E) that the benefits expected from the rule bear a reasonable relationship to its costs; and

“(F) that the rule imposes the least burdensome requirement which prevents or adequately reduces the risk of injury for which the rule is being promulgated.

“(4)(A) Any preliminary or final regulatory analysis prepared under subsection (c) or (f)(2) shall not be subject to independent judicial review, except that when an action for judicial review of a rule is instituted, the contents of any such regulatory analysis shall constitute part of the whole rulemaking record of agency action in connection with such review.

“(B) The provisions of subparagraph (A) shall not be construed to alter the substantive or procedural standards otherwise applicable to judicial review of any action by the Commission.

“(g)(1) Each consumer product safety rule shall specify the date such rule is to take effect not exceeding 180 days from the date promulgated, unless the Commission finds, for good cause shown, that a later effective date is in the public interest and publishes its reasons for such finding. The effective date of a consumer product safety standard under this Act shall be set at a date at least 30 days after the date of promulgation unless the Commission for good cause shown determines that an earlier effective date is in the public interest. In no case may the effective date be set at a date which is earlier than the date of promulgation. A consumer product safety standard shall be applicable only to consumer products manufactured after the effective date.

"Stockpiling."

"(2) The Commission may by rule prohibit a manufacturer of a consumer product from stockpiling any product to which a consumer product safety rule applies, so as to prevent such manufacturer from circumventing the purpose of such consumer product safety rule. For purposes of this paragraph, the term 'stockpiling' means manufacturing or importing a product between the date of promulgation of such consumer product safety rule and its effective date at a rate which is significantly greater (as determined under the rule under this paragraph) than the rate at which such product was produced or imported during a base period (prescribed in the rule under this paragraph) ending before the date of promulgation of the consumer product safety rule.

Publication
in Federal
Register.

"(h) The Commission may by rule amend or revoke any consumer product safety rule. Such amendment or revocation shall specify the date on which it is to take effect which shall not exceed 180 days from the date the amendment or revocation is published unless the Commission finds for good cause shown that a later effective date is in the public interest and publishes its reasons for such finding. Where an amendment involves a material change in a consumer product safety rule, sections 7 and 8, and subsections (a) through (g) of this section shall apply. In order to revoke a consumer product safety rule, the Commission shall publish a proposal to revoke such rule in the Federal Register, and allow oral and written presentations in accordance with subsection (d)(2) of this section. It may revoke such rule only if it determines that the rule is not reasonably necessary to eliminate or reduce an unreasonable risk of injury associated with the product. Section 11 shall apply to any amendment of a consumer product safety rule which involves a material change and to any revocation of a consumer product safety rule, in the same manner and to the same extent as such section applies to the Commission's action in promulgating such a rule."

PUBLIC DISCLOSURE OF INFORMATION

SEC. 1204. Section 6 (15 U.S.C. 2055) is amended to read as follows:

“PUBLIC DISCLOSURE OF INFORMATION

“SEC. 6. (a)(1) Nothing contained in this Act shall be construed to require the release of any information described by subsection (b) of section 552 of title 5, United States Code, or which is otherwise protected by law from disclosure to the public.

“(2) All information reported to or otherwise obtained by the Commission or its representative under this Act which information contains or relates to a trade secret or other matter referred to in section 1905 of title 18, United States Code, or subject to section 552(b)(4) of title 5, United States Code, shall be considered confidential and shall not be disclosed.

“(3) The Commission shall, prior to the disclosure of any information which will permit the public to ascertain readily the identity of a manufacturer or private labeler of a consumer product, offer such manufacturer or private labeler an opportunity to mark such information as confidential and therefore barred from disclosure under paragraph (2).

“(4) All information that a manufacturer or private labeler has marked to be confidential and barred from disclosure under paragraph (2), either at the time of submission or pursuant to paragraph (3), shall not be disclosed, except in accordance with the procedures established in paragraphs (5) and (6).

“(5) If the Commission determines that a document marked as confidential by a manufacturer or private labeler to be barred from disclosure under paragraph (2) may be disclosed because it is not confidential information as provided in paragraph (2), the Commis-

sion shall notify such person in writing that the Commission intends to disclose such document at a date not less than 10 days after the date of receipt of notification.

“(6) Any person receiving such notification may, if he believes such disclosure is barred by paragraph (2), before the date set for release of the document, bring an action in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the documents are located, or in the United States District Court for the District of Columbia to restrain disclosure of the document. Any person receiving such notification may file with the appropriate district court or court of appeals of the United States, as appropriate, an application for a stay of disclosure. The documents shall not be disclosed until the court has ruled on the application for a stay.

“(7) Nothing in this Act shall authorize the withholding of information by the Commission or any officer or employee under its control from the duly authorized committees or subcommittees of the Congress, and the provisions of paragraphs (2) through (6) shall not apply to such disclosures, except that the Commission shall immediately notify the manufacturer or private labeler of any such request for information designated as confidential by the manufacturer or private labeler.

“(8) The provisions of paragraphs (2) through (6) shall not prohibit the disclosure of information to other officers or employees concerned with carrying out this Act or when relevant in any administrative proceeding under this Act, or in judicial proceedings to which the Commission is a party. Any disclosure of relevant information in Commission administrative proceedings, or in judicial proceedings to which the Commission is a party, shall be governed by the rules of the Commission (including in camera review rules for confidential material) for such proceedings or by court rules or orders, except that the rules of the Commission shall not be amended in a manner inconsistent with the purposes of this section.

“(b)(1) Except as provided by paragraph (2) of this subsection, not less than 30 days prior to its public disclosure of any information obtained under this Act, or to be disclosed to the public in connection therewith (unless the Commission finds that the public health and safety requires a lesser period of notice and publishes such a finding in the Federal Register), the Commission shall, to the extent practicable, notify and provide a summary of the information to, each manufacturer or private labeler of any consumer product to which such information pertains, if the manner in which such consumer product is to be designated or described in such information will permit the public to ascertain readily the identity of such manufacturer or private labeler, and shall provide such manufacturer or private labeler with a reasonable opportunity to submit comments to the Commission in regard to such information. The Commission shall take reasonable steps to assure, prior to its public disclosure thereof, that information from which the identity of such manufacturer or private labeler may be readily ascertained is accurate, and that such disclosure is fair in the circumstances and reasonably related to effectuating the purposes of this Act. In disclosing any information under this subsection, the Commission may, and upon the request of the manufacturer or private labeler shall, include with the disclosure any comments or other information or a summary thereof submitted by such manufacturer or private labeler to the extent permitted by and subject to the requirements of this section.

“(2) If the Commission determines that a document claimed to be inaccurate by a manufacturer or private labeler under paragraph (1) should be disclosed because the Commission believes it has complied with paragraph (1), the Commission shall notify the manufacturer or private labeler that the Commission intends to disclose such document at a date not less than 10 days after the date of the receipt of notification. The Commission may provide a lesser period of notice of intent to disclose if the Commission finds that the public health and safety requires a lesser period of notice and publishes such finding in the Federal Register.

“(3) Prior to the date set for release of the document, the manufacturer or private labeler receiving the notice described in paragraph (2) may bring an action in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the documents are located or in the United States District Court for the District of Columbia to enjoin disclosure of the document. The district court may enjoin such disclosure if the Commission has failed to take the reasonable steps prescribed in paragraph (1).

“(4) Paragraphs (1) through (3) of this subsection shall not apply to the public disclosure of (A) information about any consumer product with respect to which product the Commission has filed an action under section 12 (relating to imminently hazardous products), or which the Commission has reasonable cause to believe is in violation of section 19 (relating to prohibited acts); or (B) information in the course of or concerning a rulemaking proceeding (which shall commence upon the publication of an advance notice of proposed rulemaking or a notice of proposed rulemaking), an adjudicatory proceeding (which shall commence upon the issuance of a complaint) or other administrative or judicial proceeding under this Act.

15 USC 2061.

15 USC 2068.

“(5) In addition to the requirements of paragraph (1), the Commission shall not disclose to the public information submitted pursuant to section 15(b) respecting a consumer product unless—

15 USC 2064.

“(A) the Commission has issued a complaint under section 15 (c) or (d) alleging that such product presents a substantial product hazard;

“(B) in lieu of proceeding against such product under section 15 (c) or (d), the Commission has accepted in writing a remedial settlement agreement dealing with such product; or

“(C) the person who submitted the information under section 15(b) agrees to its public disclosure.

The provisions of this paragraph shall not apply to the public disclosure of information with respect to a consumer product which is the subject of an action brought under section 12, or which the Commission has reasonable cause to believe is in violation of section 19(a), or information in the course of or concerning a judicial proceeding.

TITLE XIX—SMALL BUSINESS

SEC. 1901. This title may be cited as the “Small Business Budget Reconciliation and Loan Consolidation/Improvement Act of 1981”.

SEC. 1902. Subsection (a) of section 7 of the Small Business Act is amended to read as follows:

“(a) The Administration is empowered to the extent and in such amounts as provided in advance in appropriation Acts to make loans for plant acquisition, construction, conversion, or expansion, including the acquisition of land, material, supplies, equipment, and working capital, and to make loans to any qualified small business concern, including those owned by qualified Indian tribes, for purposes of this Act. Such financings may be made either directly or in cooperation with banks or other financial institutions through agreements to participate on an immediate or deferred (guaranteed) basis. These powers shall be subject, however, to the following restrictions, limitations, and provisions:

“(1) No financial assistance shall be extended pursuant to this subsection if the applicant can obtain credit elsewhere. No immediate participation may be purchased unless it is shown that a deferred participation is not available; and no direct financing may be made unless it is shown that a participation is not available.

“(2) In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration, except as provided in paragraph (6), shall be:

“(A) not less than 90 per centum of the balance of the financing outstanding at the time of disbursement if such financing does not exceed \$100,000; and

“(B) subject to the limitation in paragraph (3)—

“(i) not less than 70 per centum nor more than 90 per centum of the financing outstanding at the time of disbursement if such financing exceeds \$100,000 but is less than \$714,285, and

“(ii) less than 70 per centum of the financing outstanding at the time of disbursement if such financing exceeds \$714,285;

Provided, That the Administration shall not use the per centum of guarantee requested as a criterion to establish priorities in approving guarantee requests nor shall the Administration reduce the per centum guaranteed to less than 90 per centum pursuant to subparagraph (B) other than by a determination made on each application.

“(3) No loan under this subsection shall be made if the total amount outstanding and committed (by participation or otherwise) to the borrower from the business loan and investment fund established by this Act would exceed \$500,000: *Provided*, That no such loan made or effected either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate basis shall exceed \$350,000.

“(4) The rate of interest on financings made on a deferred basis shall be legal and reasonable but shall not exceed a rate prescribed by the Administration, and the rate of interest for the Administration's share of any direct or immediate participation loan shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans and adjusted to the nearest one-eighth of 1 per centum, and an additional amount as determined by the Administration, but not to exceed 1 per centum per annum: *Provided*, That for those loans to assist any public or private organization for the handicapped or to assist any handicapped individual as provided in paragraph (10) of this subsection, the interest rate shall be 3 per centum per annum.

“(5) No such loans including renewals and extensions thereof may be made for a period or periods exceeding twenty-five years, except that such portion of a loan made for the purpose of acquiring real property or constructing, converting, or expanding facilities may have a maturity of twenty-five years plus such additional period as is estimated may be required to complete such construction, conversion, or expansion.

“(6) All loans made under this subsection shall be of such sound value or so secured as reasonably to assure repayment: *Provided, however, That—*

“(A) for loans to assist any public or private organization or to assist any handicapped individual as provided in paragraph (10) of this subsection any reasonable doubt shall be resolved in favor of the applicant;

“(B) recognizing that greater risk may be associated with loans for energy measures as provided in paragraph (12) of this subsection, factors in determining ‘sound value’ shall include, but not be limited to, quality of the product or service; technical qualifications of the applicant or his employees; sales projections; and the financial status of the business concern: *Provided further, That such status need*

not be as sound as that required for general loans under this subsection; and

“(C) the Administration shall not decline to participate in a loan on a deferred basis under this subsection solely because such loan will be used to refinance all or any part of the existing indebtedness of a small business concern, unless the Administration determines that—

“(i) the holder of such existing indebtedness is in a position likely to sustain a loss if such refinancing is not provided, and

“(ii) if the Administration provides such refinancing through an agreement to participate on a deferred basis, it will be in a position likely to sustain part or all of any loss which would have otherwise been sustained by the holder of the original indebtedness: *Provided further*, That the Administration may decline to approve such refinancing if it determines that the loan will not benefit the small business concern.

On that portion of the loan used to refinance existing indebtedness held by a bank or other lending institution, the Administration shall limit the amount of deferred participation to 80 per centum of the amount of the loan at the time of disbursement: *Provided further*, That any authority conferred by this subparagraph on the Administration shall be exercised solely by the Administration and shall not be delegated to other than Administration personnel.

“(7) The Administration may defer payments on the principal of such loans for a grace period and use such other methods as it deems necessary and appropriate to assure the successful establishment and operation of such concern.

“(8)(A) Any loan made under the authority of this subsection by the Administration in cooperation with a bank or other lending institution through an agreement to participate on a deferred basis, may, upon the concurrence of the Administration, borrower and such bank or institution, have the term of such loan extended or such loan refinanced with an extension of its term: *Provided*, That the aggregate term of such extended or refinanced loan does not exceed the term permitted pursuant to paragraph (5): *And provided further*, That such extended loans, or refinancings shall be repaid in equal installments of principal and interest.

“(B) An additional service fee not exceeding 1 per centum of the outstanding amount of the principal may be paid by the borrower to the lender in consideration for such lender extending the term or refinancing of such borrower's indebtedness if such extension or refinancing results in the term of such indebtedness exceeding ten years.

“(C) The authority provided in this paragraph shall not be construed to otherwise limit the authority of the Administration to set terms and conditions of the loan.

“(9) The Administration may provide loans under this subsection to finance residential or commercial construction or rehabilitation for sale: *Provided, however*, That such loans shall not be used primarily for the acquisition of land.

“(10) The Administration may provide loans under this subsection to assist any public or private organization for the handicapped or to assist any handicapped individual in establishing, acquiring, or operating a small business concern.

15 USC 631.

“(11) The Administration may provide loans under this subsection to any small business concern, or to any qualified person seeking to establish such a concern when it determines that such loan will further the policies established in section 2(c) of this Act, with particular emphasis on the preservation or establishment of small business concerns located in urban or rural areas with high proportions of unemployed or low-income individuals or owned by low-income individuals.

“(12) The Administration may provide loans under this subsection to assist any small business concern, including start up, to enable such concern to design architecturally or engineer, manufacture, distribute, market, install, or service energy measures: *Provided, however,* That such loan proceeds shall not be used primarily for research and development.

15 USC 695.

“(13) The Administration may provide financings under this subsection to State and local development companies for the purposes of, and subject to the restrictions in, title V of the Small Business Investment Act of 1958.

“(14) The Administration under this subsection may provide extensions and revolving lines of credit for export purposes to enable small business concerns to develop foreign markets and for preexport financing: *Provided, however,* That no such extension or revolving line of credit may be made for a period or periods exceeding eighteen months. A bank or participating lending institution may establish the rate of interest on extensions and revolving lines of credit as may be legal and reasonable.

“(15)(A) The Administration may guarantee loans under this subsection to qualified employee trusts with respect to a small business concern for the purpose of purchasing stock of the concern under a plan approved by the Administrator which, when carried out, results in the qualified employee trust owning at least 51 per centum of the stock of the concern.

“(B) The plan requiring the Administrator’s approval under subparagraph (A) shall be submitted to the Administration by the trustee of such trust with its application for the guarantee. Such plan shall include an agreement with the Administrator which is binding on such trust and on the small business concern and which provides that—

26 USC 401.

“(i) not later than the date the loan guaranteed under subparagraph (A) is repaid (or as soon thereafter as is consistent with the requirements of section 401(a) of the Internal Revenue Code of 1954), at least 51 per centum of the total stock of such concern shall be allocated to the accounts of at least 51 per centum of the employees of such concern who are entitled to share in such allocation,

“(ii) there will be periodic reviews of the role in the management of such concern of employees to whose accounts stock is allocated, and

“(iii) there will be adequate management to assure management expertise and continuity.

“(C) In determining whether to guarantee any loan under this paragraph, the individual business experience or personal assets of employee-owners shall not be used as criteria, except inasmuch as certain employee-owners may assume managerial responsibilities, in which case business experience may be considered.

“(D) For purposes of this paragraph, a corporation which is controlled by any other person shall be treated as a small business concern if such corporation would, after the plan described in subparagraph (B) is carried out, be treated as a small business concern.

“(E) The Administration shall compile a separate list of applications for assistance under this paragraph, indicating which applications were accepted and which were denied, and shall report periodically to the Congress on the status of employee-owned firms assisted by the Administration.”.

CHAPTER 1—REIMBURSEMENT CHANGES

PAYMENTS TO PROMOTE CLOSING AND CONVERSION OF UNDERUTILIZED HOSPITAL FACILITIES

SEC. 2101. (a) Part C of title XVIII of the Social Security Act is amended by adding at the end the following new section:

“PAYMENTS TO PROMOTE CLOSING AND CONVERSION OF UNDERUTILIZED HOSPITAL FACILITIES

“SEC. 1884. (a) Any hospital may file an application with the Secretary (in such form and including such data and information as the Secretary may require) for establishment of a transitional allowance under this title with respect to the closing or conversion of an underutilized hospital facility. The Secretary also may establish procedures, consistent with this section, by which a hospital, before undergoing an actual closure or conversion of a hospital facility, can have a determination made as to whether or not it will be eligible for a transitional allowance under this section with respect to such closure or conversion. 42 USC 1395uu.

“(b) If the Secretary finds, after consideration of an application under subsection (a), that—

“(1) the hospital's closure or conversion—

“(A) is formally initiated after September 30, 1981,

“(B) is expected to benefit the program under this title by (i) eliminating excess bed capacity, (ii) discontinuing an underutilized service for which there are adequate alternative sources, or (iii) substituting for the underutilized service some other service which is needed in the area, and

“(C) is consistent with the findings of an appropriate health planning agency and with any applicable State program for reduction in the number of hospital beds in the State, and

“(2) in the case of a complete closure of a hospital—

“(A) the hospital is a private nonprofit hospital or a local governmental hospital, and

“(B) the closure is not for replacement of the hospital, the Secretary may include as an allowable cost in the hospital's reasonable cost (for the purpose of making payments to the hospital under this title) an amount (in this section referred to as a 'transitional allowance'), as provided in subsection (c).

“(c)(1) Each transitional allowance established shall be reasonably related to the prior or prospective use of the facility involved under this title and shall recognize—

“(A) in the case of a facility conversion or closure (other than a complete closure of a hospital)—

“(i) in the case of a private nonprofit or local governmental hospital, that portion of the hospital’s costs attributable to capital assets of the facility which have been taken into account in determining reasonable cost for purposes of determining the amount of payment to the hospital under this title, and

“(ii) in the case of any hospital, transitional operating cost increases related to the conversion or closure to the extent that such operating costs exceed amounts ordinarily reimbursable under this title; and

“(B) in the case of complete closure of a hospital, the outstanding portion of actual debt obligations previously recognized as reasonable for purposes of reimbursement under this title, less any salvage value of the hospital.

“(2) A transitional allowance shall be for a period (not to exceed 20 years) specified by the Secretary, except that, in the case of a complete closure described in paragraph (1)(B), the Secretary may provide for a lump-sum allowance where the Secretary determines that such a one-time allowance is more efficient and economical.

“(3) A transitional allowance shall take effect on a date established by the Secretary, but not earlier than the date of completion of the closure or conversion concerned.

Matters that were raised or that could have been raised in a hearing before the Secretary or in an appeal pursuant to subsection (d) may not be raised

“(iii) fiscal year 1984, shall be reduced by 4.5 percent,

of the amount to which the State is otherwise entitled (without regard to payments under subsection (t) and without regard to payments for claims relating to expenditures made before fiscal year 1981).

“(B) No reduction may be made under subparagraph (A) for a quarter unless, as of the first day of the quarter, the Secretary has promulgated and has in effect final regulations (on an interim or other basis) implementing paragraphs (10)(C) and (13)(A) of section 1902(a) (as amended by the Medicare and Medicaid Amendments of 1981).

“(C) For purposes of this paragraph, the term ‘State’ only includes the fifty States and the District of Columbia and does not include any State which did not have a plan approved under this title as of July 1, 1981.

“(2) The percentage reduction imposed by paragraph (1) for a State for a quarter shall be reduced—

“(A) by one percentage point if the State has a qualified hospital cost review program (described in paragraph (3)) for the quarter,

“(B) by one percentage point if the State has a high unemployment rate (as determined under paragraph (4)) for the quarter, and

“(D) The Secretary determines that the annual rate of increase in aggregate hospital inpatient costs per capita or per admission (as defined by the Secretary) in the State during the most recent calendar year ending at least nine months before such quarter (or, at the State’s option, during the 2 or 3 calendar-year period ending with that calendar year) is at least two percentage points less than the annual rate of increase during that calendar year (or that period, as the case may be) in such costs per capita or per admission for hospitals located in the United States (excluding from such computation, with respect to any calendar year in any period, any State which had in existence a qualified hospital cost review program (or, in the case of periods before January 1, 1982, had a hospital cost review program which the Secretary determines met for such periods the provisions of subparagraphs (A), (B), and (C) of this paragraph) during that entire calendar year).

“(4)(A) For purposes of paragraph (2)(B), a State has a high unemployment rate with respect to a quarter if the average of the monthly unemployment rates (as determined by the Bureau of Labor Statistics) for the State for the three months immediately before such quarter is equal to or greater than 150 percent of the average of such rates for the United States for such months.

“(ii) any amount carried forward from the previous quarter under subparagraph (B).

Subclause (I) of clause (i) shall only apply to quarters during fiscal year 1982.

“(B) If the total amount of the State’s third party and fraud and abuse recoveries (defined in subparagraph (A)) for a quarter (beginning on or after October 1, 1981) exceeds one percent of the amount of Federal payments that the Secretary estimates are due the State under this title for that quarter (without regard to subsection (t)), the amount of such excess shall be carried forward to the following quarter for purposes of clause (ii) of subparagraph (A).”

Such application shall be in such form, be submitted in such manner, and contain and be accompanied by such information as the Secretary may specify. No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under this title.

"(b) From the remaining amounts appropriated under section 501(a) for any fiscal year, the Secretary shall allot to each State which has transmitted a description of intended activities and statement of assurances for the fiscal year under section 505, an amount determined as follows:

“(B) no other advance was made to such State under section 1201 during such calendar year and after the date on which the repayment of the advance was completed.

“(3)(A) Interest payable under paragraph (1) which was attributable to periods during any fiscal year shall be paid by the State to the Secretary of the Treasury not later than the first day of the following fiscal year. If interest is payable under paragraph (1) on any advance (hereinafter in this subparagraph referred to as the ‘first advance’) by reason of another advance made to such State after September 30 of the calendar year in which the first advance was made, interest on such first advance attributable to periods before such September 30 shall be paid not later than the day after the date on which the other advance was made.

“(B) Notwithstanding subparagraph (A), in the case of any advance made during the last 5 months of any fiscal year, interest on such advance attributable to periods during such fiscal year shall not be required to be paid before the last day of the succeeding taxable year. If the Secretary of Labor determines that any State action results in the paying of such interest directly or indirectly (by an equivalent reduction in State unemployment taxes or otherwise) from such unemployment fund, the Secretary of Labor shall not certify such State’s unemployment compensation law under section 3304 of the Internal Revenue Code of 1954. Such noncertification shall be made in accordance with section 3304(c) of such Code. 26 USC 3304.

“(6)(A) For purposes of paragraph (2), any voluntary repayment shall be applied against advances made under section 1201 on the last made first repaid basis. Any other repayment of such an advance shall be applied against advances on a first made first repaid basis.

“(B) For purposes of this paragraph, the term ‘voluntary repayment’ means any repayment made under subsection (a). “Voluntary repayment.”

“(7) This subsection shall only apply to advances made on or after April 1, 1982, and before January 1, 1988.”

19 USC 2271.

“(1) Such worker’s total or partial separation before his application under this chapter occurred—

For purposes of this paragraph, the terms 'benefit year' and 'extended benefit period' shall have the same respective meanings given to them in the Federal-State Extended Unemployment Compensation Act of 1970."
