(2)(A) Notwithstanding any other provision of law, the interim covered service of such covered employee shall be considered—

(i) in determining entitlement to and computing the amount of an annuity (other than a disability or survivor annuity) commencing under a covered retirement system during the period beginning January 1, 1984, and ending on the earlier of the date a new Government retirement system takes effect or January 1, 1986, by reason of the retirement of such covered employee during such period only if such covered employee makes a deposit to the credit of such covered retirement system for such covered service in an amount computed as provided in subsection (f); and

(ii) in computing a disability or survivor annuity which commences under a covered retirement system during such period and is based in any part on such interim covered service.

(B) Notwithstanding any other provision of law, an annuity to which subparagraph (A)(ii) applies shall be reduced by the portion of the amount of any benefits which is payable under title II of the Social Security Act and is attributable to the interim covered service considered in computing the amount of such annuity, as determined under subsection (g), unless, in the case of a survivor annuity, a covered employee has made a deposit with respect to such covered service for the purposes of subparagraph (A)(i) before the date on which payment of such annuity commences.

42 USC 401.

(3) Notwithstanding any other provision of law, if a new Government retirement system is not established or is inapplicable to such a covered employee who retires or dies subject to a covered retirement system after the date on which such new Government retirement system takes effect, the interim covered service of such covered employee shall be considered in determining entitlement to and computing the amount of an annuity under a covered retirement system based on the service of such covered employee only if such covered employee makes a deposit to the credit of such covered retirement system for such covered service in an amount computed as provided in subsection (f).

42 USC 415.

(e) A reduction in annuity under subsection (b)(2)(B) or (c)(2) shall commence on the first day of the first month after the date on which payment of benefits under title II of the Social Security Act commence and shall be redetermined each time an increase in such benefits takes effect pursuant to section 215(i) of the Social Security Act. In the case of an annuity of a participant or former participant in a covered retirement system, of a surviving spouse or child of such participant or former participant, or of any other person designated by such participant or former participant to receive an annuity, under a covered retirement system (other than a former spouse) the reduction in annuity under subsection (b)(2)(B) or (c)(2) shall be calculated before any reduction in such annuity provided under such system for the purpose of paying an annuity under such system to any former spouse of such participant or former participant based on the service of such participant or former participant.

(f) For the purposes of subsection (b) or (c), the amount of a deposit to the credit of the applicable covered retirement system shall be equal to the excess of—

(2) the amount which was deducted and withheld from such basic pay for such interim covered service pursuant to section 204(a) and was not refunded to such covered employee.

42 USC 401.

(g) For the purpose of subsections (b)(2)(B) and (c)(2), the portion of the amount of the benefits which is payable under title II of the Social Security Act to an individual and is attributable to interim covered service shall be determined by—
