**TITLE I—AMENDMENTS TO TITLE XIX OF THE PUBLIC
HEALTH SERVICE ACT**

SEC. 101. Section 1911 (42 U.S.C. 300x) is amended by striking out "and" after "1983," and by inserting before the period a comma and the following: "\$515,000,000 for fiscal year 1985, \$545,000,000 for fiscal year 1986, and \$576,000,000 for fiscal year 1987".

SEC. 102. (a) Title XIX is amended by striking out section 1912 and inserting in lieu thereof the following:

"GRANTS

"SEC. 1912. (a) The Secretary may use not more than 1 percent of the amount appropriated under section 1911 for any fiscal year to make grants to public and nonprofit private entities for projects for the training and retraining of employees adversely affected by changes in the delivery of mental health services and for providing such employees assistance in securing employment.

42 USC 300x-1.

"(b) No grant may be made by the Secretary under subsection (a) unless an application therefor has been submitted to, and approved by, the Secretary. Such application shall be in such form, submitted in such manner, and contain and be accompanied by such information, as the Secretary may specify. No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under subsection (a).

"ALLOTMENTS

"SEC. 1913. (a)(1) If the amount available for allotment from appropriations under section 1911 for a fiscal year does not exceed \$490,000,000, the Secretary shall allot such amount—

42 USC 300x-1a.

“(A) on the basis of a formula prescribed by the Secretary which is based equally—

“(i) on the population of each State, and

“(ii) the population of each State weighted by its relative per capita income, or

“(B) on the basis of the amount received by a State in fiscal year 1984,

whichever yields a higher amount. For purposes of subparagraph (A), the term ‘relative per capita income’ means the quotient of the per capita income of the United States and the per capita income of the State, except that if the State is Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, the Commonwealth of Puerto Rico, or the Virgin Islands, the quotient shall be considered to be one.

42 USC 300x.

“(2) If the amount available for allotment from appropriations under section 1911 for a fiscal year is at least \$490,000,000, the Secretary shall allot \$490,000,000 in accordance with paragraph (1) and shall allot the amount which is in excess of such amount on the basis of the formula described in paragraph (1)(A).

“(3) Notwithstanding paragraph (1), if the aggregate of the amounts to be allotted to each State pursuant to paragraph (1)(B) in any fiscal year exceeds the total amount available for allotment from appropriations under section 1911, the amount to be allotted to a State for such fiscal year shall be an amount which bears the same ratio to the amount which is to be allotted to the State pursuant to such paragraph as the total amount available for allotment from appropriations under section 1911 bears to the total of the amount required to be appropriated and made available under such section for allotments to provide each State with the allotment required by such paragraph.

“(4) To the extent that all the funds appropriated under section 1911 for a fiscal year and available for allotment in such fiscal year are not otherwise allotted to States because—

“(A) one or more States have not submitted an application or description of activities in accordance with section 1916 for the fiscal year;

“(B) one or more States have notified the Secretary that they do not intend to use the full amount of their allotment; or

“(C) some State allotments are offset or repaid under section 1917(b)(3);

such excess shall be allotted among each of the remaining States in proportion to the amount otherwise allotted to such States for the fiscal year without regard to this paragraph.

Indians.

“(b)(1) If the Secretary—

“(A) receives a request from the governing body of an Indian tribe or tribal organization within any State that funds under this part be provided directly by the Secretary to such tribe or organization, and

“(B) determines that the members of such tribe or tribal organization would be better served by means of grants made directly by the Secretary on this part,

the Secretary shall reserve from amounts which would otherwise be allotted to such State under subsection (a) for the fiscal year the amount determined under paragraph (2).

“(2) The Secretary shall reserve for the purpose of paragraph (1) from amounts that would otherwise be allotted to such State under subsection (a) an amount equal to the amount which bears the same

ratio to the State's allotment for the fiscal year involved as the total amount provided or allotted for fiscal year 1980 by the Secretary to such tribe or tribal organization under—

“(A) the Community Mental Health Centers Act,

“(B) the Mental Health Systems Act,

“(C) section 301 of this Act,

“(D) sections 301 and 312 of the Comprehensive Alcohol Abuse and Alcoholism, Prevention, Treatment, and Rehabilitation Act of 1970, and

“(E) sections 409 and 410 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act,

bore to the total amount provided or allotted for such fiscal year by the Secretary to the State and entities (including Indian tribes and tribal organizations) in the State under such provisions of law.

“(3) The amount reserved by the Secretary on the basis of a determination under this subsection shall be granted to the Indian tribe or tribal organization serving the individuals for whom such a determination has been made.

“(4) In order for an Indian tribe or tribal organization to be eligible for a grant for a fiscal year under this subsection, it shall submit to the Secretary a plan for such fiscal year which meets such criteria as the Secretary may prescribe.

“(5) The terms ‘Indian tribe’ and ‘tribal organization’ have the same meaning given such terms in section 4(b) and section 4(c) of the Indian Self-Determination and Education Assistance Act.”

(b)(1) The Secretary of Health and Human Services shall enter into an agreement with a nongovernmental entity to review the allotment of funds to the States under part B of title XIX of the Public Health Service Act for the purpose of determining whether a formula for the allotment of funds under such part can be devised which is more equitable than the formula specified in section 1913 of such Act. In conducting such review, such entity shall consider—

(A) the financial resources of the various States;

(B) the populations of the States;

(C) any relevant conditions or circumstances which have changed since the date of enactment of such part B; and

(D) any other factor which the Secretary may consider appropriate.

(2) In conducting the review required by paragraph (1), such entity shall consult with appropriate representatives of State and local governments.

(3) By October 1, 1986, the Secretary shall prepare and transmit to the Congress a report concerning the review conducted under paragraph (1) which includes such recommendations as the Secretary considers appropriate.
