## CONCURRENT RESOLUTIONS—SEPT. 28, 1984

(4) rapidly developing technology makes it possible that projections of election results will be made earlier and in more elections, especially in States with more than one poll closing time (which States might consider adopting a single closing time);

(5) if projections of election results are based on exit interviews and the news media do not voluntarily refrain from making those projections before the polls close, then a uniform

closing time will not solve this problem; and

(6) with the approach of the 1984 election, there is continued concern about the impact of early projections of election results

on the electoral process.

SEC. 2. In light of the findings set forth in the first section of this resolution, it is the sense of the Congress that, to maintain the appropriate balance between freedom of the press and the integrity of the electoral process, in future elections-

(1) broadcasters and other members of the news media should voluntarily refrain from characterizing or projecting results of an election before all polls for the office have closed; and

(2) the news media, including industry, trade, and professional organizations, should adopt guidelines to assure that data from exit interviews are not used to characterize or project results of an election before all polls for the office have closed.

Agreed to September 21, 1984.

#### GENERAL PROVISIONS

Sec. 2. (a) For fiscal years 1985, 1986, and 1987, any revenues raised by legislation enacted on or after March 15, 1984, shall only be used to reduce the Federal budget deficits for such fiscal years except to the extent that such legislation earmarks all or any part of

such revenues for specific spending programs.

(b) For fiscal years 1985, 1986, and 1987, increased funding would be appropriate if authorizations are enacted for education programs, environmental protection, health research activities, and such specific low-income programs as employment initiatives for disadvantaged youth, public works jobs for community renewal, increased funding for Aid to Families with Dependent Children and the State component of the Supplemental Security Income program in order to ensure that the purchasing power of recipients is maintained, increased funding for title XX of the Social Security Act, and an increase in the earned income tax credit, pursuant to subsection (a)

above, if sufficient outlay reductions or new revenues are also enacted to ensure that the legislation is deficit neutral.

#### ADMINISTRATIVE SAVINGS

SEC. 3. It is the sense of the Congress that the executive branch shall achieve as much of the \$153.2 billion in savings as is feasible, but in no case less than \$2.0 billion over fiscal years 1985 through 1987 which have been recommended by the President's Private Sector Survey on Cost Control and which can be achieved through administrative action within that branch of Government. It is further the sense of the Congress that the President should report to Congress each year, in conjunction with the annual budget submission, on the progress made in achieving the savings required by this section, and that the budget submission for fiscal year 1986 should contain information regarding such administrative savings as have already been achieved.

President of U.S. Report.

(b) Section 311(a) of the Congressional Budget Act of 1974, as made applicable by subsection (a) of this section, shall not apply to bills, resolutions, or amendments within the jurisdiction of a committee, or any conference report on any such bill or resolution, if-

(1) the enactment of such bill or resolution as reported;

(c) The provisions of this section shall cease to apply when Congress completes action on a subsequent concurrent resolution on the budget for fiscal year 1985 pursuant to section 304 or 310 of the Congressional Budget Act of 1974.
