(d) KWAJALEIN PAYMENTS.—

(1) **STATEMENT OF POLICY.**—The Congress of the United States hereby declares that it is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, and the related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligations and responsibilities under Title Three of the Compact and the subsidiary agreements concluded pursuant thereto.

(2) **FAILURE TO PAY.**—In the event that the Government of the Marshall Islands fails to make payments in accordance with paragraph (1) of this subsection, the Government of the United States shall initiate procedures under Section 313 of the Compact and consult with the Government of the Marshall Islands with respect to the basis for such non-payment of funds. The United States shall expeditiously resolve the matter of any non-payment of funds as described in paragraph (1) of this subsection pursuant to Section 313 of the Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 105(g)(2) of this joint resolution.

Post, p. 1812.

(2) In the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) If the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) At the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(f) **NUCLEAR TEST EFFECTS.**—In approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak), \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

Post, p. 1812.

(g) **ESPOUSAL PROVISIONS.**—(1) It is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(h) **DOE RADIOLOGICAL HEALTH CARE PROGRAM; USDA AGRICULTURAL AND FOOD PROGRAMS.**—

(1) **MARSHALL ISLANDS PROGRAM.**—Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, the President (either through an appropriate

department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining 174 members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermonuclear "Bravo" test, pursuant to Public Laws 95-134 and 96-205. Such medical care and its accompanying logistical support shall total \$22,500,000 over the first 11 years of the Compact.

(2) AGRICULTURAL AND FOOD PROGRAMS.—Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first five years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall provide technical and other assistance—

President of U.S.

(A) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak;

(B) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.

Post, p. 1812.

(3) PAYMENTS.—Payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(i) RONGELAP.—(1) Because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) The purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: "The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978", dated November 1982, are

adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) It is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(j) **FOUR ATOLL HEALTH CARE PROGRAM.**—(1) Services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95-134 and Public Law 96-205 and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) At the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) The Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(k) **ENJEBI COMMUNITY TRUST FUND.**—Notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the

"Enjebi Community Trust Fund" (hereafter in this subsection referred to as the "Fund"), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be ex gratia, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) **ENJEBI TRUST AGREEMENT.**—The Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of 250 million dollars.

Ante, p. 1781.

(2) **MONITOR CONDITIONS.**—Upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) **RESETTLEMENT OF ENJEBI.**—In the event that the United States determines that the people of Enjebi can within 25 years of the date of the enactment of this joint resolution resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) **RESETTLEMENT OF OTHER LOCATION.**—In the event that the United States determines that within 25 years of the date of the enactment of this joint resolution the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the people of Enjebi and con-

curred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) **INTEREST FROM FUND.**—Prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) **DISCLAIMER OF LIABILITY.**—Neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(l) **BIKINI ATOLL CLEANUP.**—

(1) **DECLARATION OF POLICY.**—The Congress hereby determines and declares that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraphs (2) and (3) of this subsection.

(2) **CLEANUP FUNDS.**—There are hereby authorized to be appropriated such sums as are necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

(3) **CONDITIONS OF FUNDING.**—The funds referred to in paragraph (2) shall be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(m) **AGREEMENT ON AUDITS.**—In accordance with section 233 of the Compact, the President of the United States, in consultation with the Comptroller General of the United States, shall negotiate with the Government of the Marshall Islands an agreement which shall provide as follows:

(1) **GENERAL AUTHORITY OF THE GAO TO AUDIT.**—

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Marshall Islands under Articles I and II of Title Two of the Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Marshall Islands.

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 233 of the Compact. (B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any

audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) GAO ACCESS TO RECORDS.—

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least three years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Marshall Islands.

(3) REPRESENTATIVE STATUS FOR GAO REPRESENTATIVES.—The Comptroller General and his duly authorized representatives shall be accorded the status set forth in Article V of Title One of the Compact.

(4) ANNUAL FINANCIAL STATEMENTS.—As part of the annual report submitted by the Government of the Marshall Islands under section 211 of the Compact, the Government shall include annual financial statements which account for the use of all of the funds provided by the Government of the United States to the Government under the Compact or otherwise. Such financial statements shall be prepared in accordance with generally accepted accounting procedures, except as may otherwise be mutually agreed. Not later than 180 days after the end of the United States fiscal year with respect to which such funds were provided, each such statement shall be submitted to the President for audit and transmission to the Congress.

Post, p. 1813.

(5) DEFINITION OF AUDITS.—As used in this subsection, the term "audits" includes financial, program, and management audits, including determining—

(A) whether the Government of the Marshall Islands has met the requirements set forth in the Compact, or any related agreement entered into under the Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Marshall Islands pursuant to such grants or assistance.

(6) COOPERATION BY MARSHALL ISLANDS.—The Government of the Marshall Islands will cooperate fully with the Comptroller General of the United States in the conduct of such audits as the Comptroller General determines necessary to enable the Comptroller General to fully discharge his responsibilities under this joint resolution.

(4) **COMMITMENT OF CONGRESS TO REDRESS ADVERSE CONSEQUENCES.**—The Congress hereby declares that, if any adverse consequences to United States territories and commonwealths or the State of Hawaii result from implementation of the Compact of Free Association, the Congress will act sympathetically and expeditiously to redress those adverse consequences.

(5) **DEFINITION OF U.S. TERRITORIES AND COMMONWEALTHS.**—As used in this subsection, the term "United States territories and commonwealths" means the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(1) Nothing in the Compact or this joint resolution shall be interpreted as recognition by the United States of any claim by the Federated States of Micronesia or by the Marshall Islands to jurisdiction or authority over highly migratory species of fish during the time such species of fish are found outside the territorial sea of the Federated States of Micronesia or the Marshall Islands.

(2) It is the understanding of Congress that none of the monies made available pursuant to the Compact or this joint resolution will be used by either the Federated States of Micronesia or the Marshall Islands for enforcement actions against any vessel of the United States on the basis of fishing by any such vessel for highly migratory species of fish outside the territorial sea of the

Vessels.

Federated States of Micronesia or the Marshall Islands, respectively, in the absence of a licensing agreement.

(3) Appropriate United States officials shall apply the policies and provisions of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.) and the Fishermen's Protective Act of 1967 (22 U.S.C. 1971 et seq.) with regard to any action taken by the Federated States of Micronesia or the Marshall Islands affecting any vessel of the United States engaged in fishing for highly migratory species of fish in waters outside the territorial seas of the Federated States of Micronesia or the Marshall Islands, respectively. For the purpose of applying the provisions of section 5 of the Fishermen's Protective Act of 1967 (22 U.S.C. 1975), monies made available to either the Federated States of Micronesia or the Marshall Islands pursuant to the provisions of the Compact or this joint resolution shall be treated as "assistance to the government of such country under the Foreign Assistance Act of 1961". For purposes of this Act only, certification by the President in accordance with such section 5 shall be accompanied by a report to Congress on the basis for such certification, and such certification shall have no effect if by law Congress so directs prior to the expiration of 60 days during which Congress is in continuous session following the date of such certification.

(4) For the purpose of paragraphs (1) and (3) of this subsection—

(i) to negotiate and conclude with the governments of the Central, Western, and South Pacific Ocean, including the Federated States of Micronesia and the Marshall Islands, a regional licensing agreement setting forth agreed terms of access for United States tuna vessels fishing in the region; and

(ii) that such an agreement should overcome existing jurisdictional differences and provide for a mutually beneficial relationship between the United States and the Pacific Island States that will promote the development of the tuna and other latent fisheries resources of the Central, Western, and South Pacific Ocean and the economic development of the region.

(B) At such time as an agreement referred to in subparagraph (A) is submitted to the Senate for advice and consent to ratification, the Secretary of State, after consultation with the Secretary of Commerce and other interested agencies and concerned governments, shall submit to the Congress a proposed long term regional fisheries development program which may include, but not be limited to—

The Congress finds that—

(3) policies and programs designed for the United States as a whole may impose inappropriate standards on noncontiguous Pacific areas because of their unique circumstances and needs; and

(4) the present Federal organizational arrangements for liaison with (and providing assistance to) the insular areas may not be adequate—

(A) to coordinate the delivery of Federal programs and services to noncontiguous Pacific areas;

(B) to provide a consistent basis for administration of programs;

(C) to adapt policy to the special requirements of each area and modify the application of Federal programs, laws, and regulations accordingly;

(b) **CONTENTS.**—The reports required in subsection (a) of this section shall set forth clearly defined policies regarding United States, and United States associated, noncontiguous Pacific areas, including—

(1) the role of and impacts on the noncontiguous Pacific areas in the formulation and conduct of foreign policy;

(2) the applicability of standards contained in Federal laws, regulations, and programs to the noncontiguous Pacific areas and any modifications which may be necessary to achieve the intent of such laws, regulations, and programs consistent with the unique character of the noncontiguous Pacific areas;

(3) the effectiveness of the Federal executive organizational arrangements for—

(A) providing liaison between the Federal Government and the governments of the noncontiguous Pacific areas;

(B) coordinating Federal actions in a manner which recognizes the unique circumstances and needs of the noncontiguous Pacific areas; and

(C) achieving the objective of Federal policy and ensuring that the Congress receives the information necessary to discharge its responsibilities; and

(4) actions which may be needed to facilitate the economic and social health and development of the noncontiguous Pacific areas, consistent with their self-determined objectives.
