MISCELLANEOUS PROVISIONS

AUTOMATIC SECOND BUDGET RESOLUTION

SEC. 3. (a) If the Congress has not completed action by October 1, 1985, on the concurrent resolution on the budget required to be reported under section 310(a) of the Congressional Budget Act of 1974 for fiscal year 1986, then, for purposes of section 311 of such Act, this concurrent resolution shall be deemed to be the concurrent resolution required to be reported under section 310 of such Act.

2 USC 641.
2 USC 642.

(b) In the House of Representatives, section 311(a) of the Congressional Budget Act of 1974, as made applicable by subsection (a) of this section, shall not apply to bills, resolutions, or amendments within the jurisdiction of a committee, or any conference report on any such bill or resolution, if—

- (1) the enactment of such bill or resolution as reported;
- (2) the adoption and enactment of such amendment; or
- (3) the enactment of such bill or resolution in the form recommended in such conference report;

would not cause the appropriate allocation for such committee of new discretionary budget authority or new spending authority as described in section 401(c)(2)(C) of the Congressional Budget Act of 1974 made pursuant to section 302(a) of such Act for fiscal year 1986 to be exceeded.

2 USC 651.
2 USC 633.

TAX REFORM

SEC. 4. (a). The Congress finds that—

- (1) the existing tax structure of the United States distorts economic activity, leading to an inefficient use of national resources and a weakening of our domestic economic vitality and competitive posture in international markets;
- (2) the relative tax burdens among various taxpayer categories are manifestly unfair insofar as they arise from differences in the capabilities of taxpayers to take advantage of complicated tax laws;

(3) the ability of the Federal Government to plan and conduct rational fiscal policy is frustrated by elaborate schemes to avoid taxation and the unintended effects of tax incentives and penalties;

(4) progressive erosion of voluntary compliance threatens the fiscal integrity of our public finances and the confidence of our citizens in the Federal Government's capacity to govern; and

(5) a number of plans, each designed to simplify and reform the Tax Code, have been before the Congress for a time sufficient to allow for extensive analysis and evaluation.

(b) It is therefore the sense of the Congress that tax reform should be adopted as soon as possible, and that it should incorporate the following principles and objectives:

(1) efficiency and responsiveness to market conditions in the economic activities of American businesses and consumers;

(2) simplicity of structure and lower marginal tax rates;

(3) a fair and equitable distribution of the tax burden among all taxpayers, with relief for those below the poverty level, and incentives to bring them into the work force;

(4) a broader tax base, with deductions essential to avoid genuine hardship or to protect the economic security of the American people; and

(5) increased incentives for work, saving, and investment.

CBO SCOREKEEPING REQUIREMENTS

SEC. 5. It is the sense of the Senate that because the Senate requires timely reporting of legislative action on spending bills, and because the Senate requires continual control over the budget, the Director of the Congressional Budget Office shall issue a weekly report during periods when the Senate is in session detailing and tabulating the progress of congressional action on bills and resolutions providing new budget authority and changing revenues and the public debt for a fiscal year, including, but not limited to the requirements set forth in Public Law 93-344, section 308(b).

31 USC 1329.

FARM LOSS DEDUCTION

SEC. 6. It is the sense of the Senate that revenues should be increased and it is assumed that tax legislation will be enacted to limit to the national median family income the amount of farm loss which may be deducted against nonfarm income, and it is further assumed that revenues derived from enactment of such legislation be used to reduce individual income tax rates and to assure that full-time, family-size farm operators will not be disadvantaged by unfair competition from high-income taxpayers with substantial nonfarm income.

ENHANCED TAX LAW ENFORCEMENT

SEC. 7. It is the sense of the Congress that revenues should be increased and it is assumed that the Committees on Finance and Ways and Means will develop legislation to reduce the tax enforcement gap, estimated by the Internal Revenue Service at \$92,000,000,000 in fiscal year 1986. It is further assumed that such legislation should provide for increased and improved enforcement and collection, through audits, examinations, and other steps designed to identify and eliminate tax cheating and increase revenue collections from individuals and corporations currently evading Federal taxes, and that the legislation should include steps designed to

increase voluntary compliance with tax laws and that such steps may include increased staff for taxpayer assistance, speedier processing of returns and provision of public information designed to build public trust and understanding of Internal Revenue Service enforcement efforts and that such legislation should also provide that the resources of the Internal Revenue Service shall be increased to accomplish full enforcement of United States tax laws, increasing voluntary compliance.

INTERNATIONAL MONETARY CONFERENCE

SEC. 8. It is the sense of the Congress that the Administration should consider convening a high level meeting of the major industrial countries for the express purpose of exploring options to improve the functioning of the international monetary system, including measures to stabilize currency exchange rates, reduce interest rates, promote maximum domestic and world economic growth, and help assure domestic price stability.

COMMITTEE REVIEW OF THE PRESIDENT'S PRIVATE SECTOR SURVEY ON COST CONTROL

SEC. 9. It is the sense of the House of Representatives that—

(1) each of its standing committees should review and study, on a continuing basis, those portions of the President's Private Sector Survey on Cost Control affecting subjects within its jurisdiction;

(2) each of its standing committees should, in its consideration of any bill or joint resolution of a public character within its jurisdiction, review those portions of the President's Private Sector Survey on Cost Control pertaining to such bill or resolution; and

(3) each report of any such committee on a bill or joint resolution of a public character should contain—

(A) an identification of each recommendation of the President's Private Sector Survey on Cost Control implemented in such bill or resolution and the estimated dollar amount of program cost savings or revenue enhancement as a result of the implementation of each such recommendation; and

(B) a statement setting forth each recommendation of the President's Private Sector Survey on Cost Control pertaining to such bill or resolution, the disposition of each such recommendation, and the reasons for such disposition.

LIMITATION ON BENEFITS TO ALIENS

SEC. 10. It is the sense of the Congress that functional totals should be reduced to reflect a limitation on the amount of social security benefits paid to illegal and nonresident aliens. It is assumed that the Finance Committee and the Ways and Means Committee will report legislation to accomplish the required changes in law. Such legislation may limit benefits to the amount of wage-earner's contribution plus interest, unless the wage-earner is a citizen of a country with which the United States has a treaty or totalization agreement and that this provision would apply to individuals becoming eligible on or after January 1, 1986.

Agreed to August 1, 1985.
