For purposes of paragraph (1), individuals related by the half blood or by legal adoption shall be treated as if they were related by the whole blood.

(f) Coordination with section 481

(2) Annual accrual method of accounting defined

For purposes of paragraph (1), the term “annual accrual method of accounting” means a method under which revenues, costs, and expenses are computed on an accrual method of accounting and the preproductive period expenses incurred during the taxable year are charged to harvested crops or deducted in determining the taxable income for such years.

§ 453A. Special rules for nondealers

(a) General rule

In the case of an installment obligation to which this section applies—

(1) interest shall be paid on the deferred tax liability with respect to such obligation in the manner provided under subsection (c), and

(2) the pledging rules under subsection (d) shall apply.

(b) Installment obligations to which section applies

(1) In general

This section shall apply to any obligation which arises from the disposition of any property under the installment method, but only if

the sales price of such property exceeds \$150,000.

(2) Special rule for interest payments

For purposes of subsection (a)(1), this section shall apply to an obligation described in paragraph (1) arising during a taxable year only if—

(A) such obligation is outstanding as of the close of such taxable year, and

(B) the face amount of all such obligations held by the taxpayer which arose during, and are outstanding as of the close of, such taxable year exceeds \$5,000,000.

Except as provided in regulations, all persons treated as a single employer under subsection (a) or (b) of section 52 shall be treated as one person for purposes of this paragraph and subsection (c)(4).

(3) Exception for personal use and farm property

An installment obligation shall not be treated as described in paragraph (1) if it arises from the disposition—

(A) by an individual of personal use property (within the meaning of section 1275(b)(3)), or

(B) of any property used or produced in the trade or business of farming (within the meaning of section 2032A(e)(4) or (5)).

(4) Special rule for timeshares and residential lots

An installment obligation shall not be treated as described in paragraph (1) if it arises from a disposition described in section 453(I)(2)(B), but the provisions of section 453(I)(3) (relating to interest payments on timeshares and residential lots) shall apply to such obligation.

(5) Sales price

For purposes of paragraph (1), all sales or exchanges which are part of the same transaction (or a series of related transactions) shall be treated as 1 sale or exchange.

(c) Interest on deferred tax liability

(1) In general

If an obligation to which this section applies is outstanding as of the close of any taxable year, the tax imposed by this chapter for such taxable year shall be increased by the amount of interest determined in the manner provided under paragraph (2).

(2) Computation of interest

For purposes of paragraph (1), the interest for any taxable year shall be an amount equal to the product of—

(A) the applicable percentage of the deferred tax liability with respect to such obligation, multiplied by

(B) the underpayment rate in effect under section 6621(a)(2) for the month with or within which the taxable year ends.

(3) Deferred tax liability

For purposes of this section, the term “deferred tax liability” means, with respect to any taxable year, the product of—

(A) the amount of gain with respect to an obligation which has not been recognized as

of the close of such taxable year, multiplied by

(B) the maximum rate of tax in effect under section 1 or 11, whichever is appropriate, for such taxable year.

For purposes of applying the preceding sentence with respect to so much of the gain which, when recognized, will be treated as long-term capital gain, the maximum rate on net capital gain under section 1(h) or 1201 (whichever is appropriate) shall be taken into account.

(4) Applicable percentage

For purposes of this subsection, the term “applicable percentage” means, with respect to obligations arising in any taxable year, the percentage determined by dividing—

(A) the portion of the aggregate face amount of such obligations outstanding as of the close of such taxable year in excess of \$5,000,000, by

(B) the aggregate face amount of such obligations outstanding as of the close of such taxable year.

(5) Treatment as interest

Any amount payable under this subsection shall be taken into account in computing the amount of any deduction allowable to the taxpayer for interest paid or accrued during the taxable year.

(6) Regulations

The Secretary shall prescribe such regulations as may be necessary to carry out the provisions of this subsection including regulations providing for the application of this subsection in the case of contingent payments, short taxable years, and pass-thru entities.

(d) Pledges, etc., of installment obligations

(1) In general

For purposes of section 453, if any indebtedness (hereinafter in this subsection referred to as “secured indebtedness”) is secured by an installment obligation to which this section applies, the net proceeds of the secured indebtedness shall be treated as a payment received on such installment obligation as of the later of—

(A) the time the indebtedness becomes secured indebtedness, or

(B) the time the proceeds of such indebtedness are received by the taxpayer.

(2) Limitation based on total contract price

The amount treated as received under paragraph (1) by reason of any secured indebtedness shall not exceed the excess (if any) of—

(A) the total contract price, over

(B) any portion of the total contract price received under the contract before the later of the times referred to in subparagraph (A) or (B) of paragraph (1) (including amounts previously treated as received under paragraph (1) but not including amounts not taken into account by reason of paragraph (3)).

(3) Later payments treated as receipt of tax paid amounts

If any amount is treated as received under paragraph (1) with respect to any installment

obligation, subsequent payments received on such obligation shall not be taken into account for purposes of section 453 to the extent that the aggregate of such subsequent payments does not exceed the aggregate amount treated as received under paragraph (1).

(4) Secured indebtedness

For purposes of this subsection indebtedness is secured by an installment obligation to the extent that payment of principal or interest on such indebtedness is directly secured (under the terms of the indebtedness or any underlying arrangements) by any interest in such installment obligation.

(e) Regulations

The Secretary shall prescribe such regulations as may be necessary to carry out the purposes of this section, including regulations—

(1) disallowing the use of the installment method in whole or in part for transactions in which the rules of this section otherwise would be avoided through the use of related persons, pass-thru entities, or intermediaries, and

(2) providing that the sale of an interest in a partnership or other pass-thru entity will be treated as a sale of the proportionate share of the assets of the partnership or other entity.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 26, 56 of this title.

§ 453B. Gain or loss disposition of installment obligations

(a) General rule

If an installment obligation is satisfied at other than its face value or distributed, transmitted, sold, or otherwise disposed of, gain or loss shall result to the extent of the difference between the basis of the obligation and—

(1) the amount realized, in the case of satisfaction at other than face value or a sale or exchange, or

(2) the fair market value of the obligation at the time of distribution, transmission, or disposition, in the case of the distribution, transmission, or disposition otherwise than by sale or exchange.

any gain or loss so resulting shall be considered as resulting from the sale or exchange of the property in respect of which the installment obligation was received.

(b) Basis of obligation

The basis of an installment obligation shall be the excess of the face value of the obligation over an amount equal to the income which would be returnable were the obligation satisfied in full.

(c) Special rule for transmission at death

Except as provided in section 691 (relating to recipients of income in respect of decedents), this section shall not apply to the transmission of installment obligations at death.

(d) Exception for distributions to which section 337(a) applies

Subsection (a) shall not apply to any distribution to which section 337(a) applies.

(e) Life insurance companies

(1) In general

In the case of a disposition of an installment obligation by any person other than a life insurance company (as defined in section 816(a)) to such an insurance company or to a partnership of which such an insurance company is a partner, no provision of this subtitle providing for the nonrecognition of gain shall apply with respect to any gain resulting under subsection (a). If a corporation which is a life insurance company for the taxable year was (for the preceding taxable year) a corporation which was not a life insurance company, such corporation shall, for purposes of this subsection and subsection (a), be treated as having transferred to a life insurance company, on the last day of the preceding taxable year, all installment obligations which it held on such last day. A partnership of which a life insurance company becomes a partner shall, for purposes of this subsection and subsection (a), be treated as having transferred to a life insurance company, on the last day of the preceding taxable year of such partnership, all installment obligations which it holds at the time such insurance company becomes a partner.

(2) Special rule where life insurance company elects to treat income as not related to insurance business

Paragraph (1) shall not apply to any transfer or deemed transfer of an installment obligation if the life insurance company elects (at such time and in such manner as the Secretary may by regulations prescribe) to determine its life insurance company taxable income—

(A) by returning the income on such installment obligation under the installment method prescribed in section 453, and

(B) as if such income were an item attributable to a noninsurance business (as defined in section 806(b)(3)).

(f) Obligation becomes unenforceable

For purposes of this section, if any installment obligation is canceled or otherwise becomes unenforceable—

(1) the obligation shall be treated as if it were disposed of in a transaction other than a sale or exchange, and

(2) if the obligor and obligee are related persons (within the meaning of section 453(f)(1)), the fair market value of the obligation shall be treated as not less than its face amount.

(g) Transfers between spouses or incident to divorce

In the case of any transfer described in subsection (a) of section 1041 (other than a transfer in trust)—

(1) subsection (a) of this section shall not apply, and

(2) the same tax treatment with respect to the transferred installment obligation shall apply to the transferee as would have applied to the transferor.

(h) Certain liquidating distributions by S corporations

If—

(1) an installment obligation is distributed by an S corporation in a complete liquidation, and

(2) receipt of the obligation is not treated as payment for the stock by reason of section 453(h)(1),

then, except for purposes of any tax imposed by subchapter S, no gain or loss with respect to the distribution of the obligation shall be recognized by the distributing corporation. Under regulations prescribed by the Secretary, the character of the gain or loss to the shareholder shall be determined in accordance with the principles of section 1366(b).

§ 454. Obligations issued at discount

(a) Non-interest-bearing obligations issued at a discount

If, in the case of a taxpayer owning any non-interest-bearing obligation issued at a discount and redeemable for fixed amounts increasing at stated intervals or owning an obligation described in paragraph (2) of subsection (c), the increase in the redemption price of such obligation occurring in the taxable year does not (under the method of accounting used in computing his taxable income) constitute income to him in such year, such taxpayer may, at his election made in his return for any taxable year, treat such increase as income received in such taxable year. If any such election is made with respect to any such obligation, it shall apply also to all such obligations owned by the taxpayer at the beginning of the first taxable year to which it applies and to all such obligations thereafter acquired by him and shall be binding for all subsequent taxable years, unless on application by the taxpayer the Secretary permits him, subject to such conditions as the Secretary deems necessary, to change to a different method. In the case of any such obligations owned by the taxpayer at the beginning of the first taxable year to which his election applies, the increase in the redemption price of such obligations occurring between the date of acquisition (or, in the case of an obligation described in paragraph (2) of subsection (c), the date of acquisition of the series E bond involved) and the first day of such taxable year shall also be treated as income received in such taxable year.

In the case of any obligation—

(1) of the United States; or

(2) of a State or a possession of the United States, or any political subdivision of any of the foregoing, or of the District of Columbia,

which is issued on a discount basis and payable without interest at a fixed maturity date not exceeding 1 year from the date of issue, the amount of discount at which such obligation is originally sold shall not be considered to accrue until the date on which such obligation is paid at maturity, sold, or otherwise disposed of.

(c) Matured United States savings bonds

In the case of a taxpayer who—

(1) holds a series E United States savings bond at the date of maturity, and

(2) pursuant to regulations prescribed under chapter 31 of title 31 (A) retains his investment in such series E bond in an obligation of the United States, other than a current income obligation, or (B) exchanges such series E bond for another nontransferable obligation of the United States in an exchange upon which gain or loss is not recognized because of section 1037 (or so much of section 1031 as relates to section 1037),

the increase in redemption value (to the extent not previously includible in gross income) in excess of the amount paid for such series E bond shall be includible in gross income in the taxable year in which the obligation is finally redeemed or in the taxable year of final maturity, whichever is earlier. This subsection shall not apply to a corporation, and shall not apply in the case of any taxable year for which the taxpayer’s taxable income is computed under an accrual method of accounting or for which an election made by the taxpayer under subsection (a) applies.

This section is referred to in sections 219, 403, 414, 415, 818, 3121, 4974, 6051 of this title; title 4 section 114; title 11 section 101; title 12 section 1821; title 42 section 409.

§ 458. Magazines, paperbacks, and records returned after the close of the taxable year

(a) Exclusion from gross income

A taxpayer who is on an accrual method of accounting may elect not to include in the gross income for the taxable year the income attributable to the qualified sale of any magazine, paperback, or record which is returned to the taxpayer before the close of the merchandise return period.

(b) Definitions and special rules

For purposes of this section—

(1) Magazine

The term “magazine” includes any other periodical.

(2) Paperback

The term “paperback” means any book which has a flexible outer cover and the pages of which are affixed directly to such outer cover. Such term does not include a magazine.

(3) Record

The term “record” means a disc, tape, or similar object on which musical, spoken, or other sounds are recorded.

(4) Separate application with respect to magazines, paperbacks, and records

If a taxpayer makes qualified sales of more than one category of merchandise in connection with the same trade or business, this section shall be applied as if the qualified sales of each such category were made in connection with a separate trade or business. For purposes of the preceding sentence, magazines, paperbacks, and records shall each be treated as a separate category of merchandise.

(5) Qualified sale

A sale of a magazine, paperback, or record is a qualified sale if—

(A) at the time of sale, the taxpayer has a legal obligation to adjust the sales price of such magazine, paperback, or record if it is not resold, and

(B) the sales price of such magazine, paperback, or record is adjusted by the taxpayer because of a failure to resell it.

(6) Amount excluded

The amount excluded under this section with respect to any qualified sale shall be the lesser of—

(A) the amount covered by the legal obligation described in paragraph (5)(A), or

(B) the amount of the adjustment agreed to by the taxpayer before the close of the merchandise return period.

(7) Merchandise return period

(A) Except as provided in subparagraph (B), the term “merchandise return period” means, with respect to any taxable year—

(i) in the case of magazines, the period of 2 months and 15 days first occurring after the close of taxable year, or

(ii) in the case of paperbacks and records, the period of 4 months and 15 days first occurring after the close of the taxable year.

(B) The taxpayer may select a shorter period than the applicable period set forth in subparagraph (A).

(C) Any change in the merchandise return period shall be treated as a change in the method of accounting.

(8) Certain evidence may be substituted for physical return of merchandise

Under regulations prescribed by the Secretary, the taxpayer may substitute, for the physical return of magazines, paperbacks, or records required by subsection (a), certification or other evidence that the magazine, paperback, or record has not been resold and will not be resold if such evidence—

(A) is in the possession of the taxpayer at the close of the merchandise return period, and

(B) is satisfactory to the Secretary.

(9) Repurchased¹ by the taxpayer not treated as resale

A repurchase by the taxpayer shall be treated as an adjustment of the sales price rather than as a resale.

(c) Qualified sales to which section applies

(1) Election of benefits

This section shall apply to qualified sales of magazines, paperbacks, or records, as the case may be, if and only if the taxpayer makes an election under this section with respect to the trade or business in connection with which such sales are made. An election under this section may be made without the consent of the Secretary. The election shall be made in such manner as the Secretary may by regulations prescribe² and shall be made for any taxable year not later than the time prescribed by law for filing the return for such taxable year (including extensions thereof).

(2) Scope of election

An election made under this section shall apply to all qualified sales of magazines, paperbacks, or records, as the case may be, made in connection with the trade or business with

¹ So in original. Probably should be “Repurchase”.

² So in original. Probably should be “prescribe”.

respect to which the taxpayer has made the election.

(3) Period to which election applies

An election under this section shall be effective for the taxable year for which it is made and for all subsequent taxable years, unless the taxpayer secures the consent of the Secretary to the revocation of such election.

(4) Treatment as method of accounting

Except to the extent inconsistent with the provisions of this section, for purposes of this subtitle, the computation of taxable income under an election made under this section shall be treated as a method of accounting.

(d) 5-year spread of transitional adjustments for magazines

In applying section 481(c) with respect to any election under this section which applies to magazines, the period for taking into account any decrease in taxable income resulting from the application of section 481(a)(2) shall be the taxable year for which the election is made and the 4 succeeding taxable years.

(e) Suspense account for paperbacks and records

(1) In general

In the case of any election under this section which applies to paperbacks or records, in lieu of applying section 481, the taxpayer shall establish a suspense account for the trade or business for the taxable year for which the election is made.

(2) Initial opening balance

The opening balance of the account described in paragraph (1) for the first taxable year to which the election applies shall be the largest dollar amount of returned merchandise which would have been taken into account under this section for any of the 3 immediately preceding taxable years if this section had applied to such preceding 3 taxable years. This paragraph and paragraph (3) shall be applied by taking into account only amounts attributable to the trade or business for which such account is established.

(3) Adjustments in suspense account

At the close of each taxable year the suspense account shall be—

(A) reduced the excess (if any) of—

(i) the opening balance of the suspense account for the taxable year, over

(ii) the amount excluded from gross income for the taxable year under subsection (a), or

(B) increased (but not in excess of the initial opening balance) by the excess (if any) of—

(i) the amount excluded from gross income for the taxable year under subsection (a), over

(ii) the opening balance of the account for the taxable year.

(4) Gross income adjustments

(A) Reductions excluded from gross income

In the case of any reduction under paragraph (3)(A) in the account for the taxable

year, an amount equal to such reduction shall be excluded from gross income for such taxable year.

(B) Increases added to gross income

In the case of any increase under paragraph (3)(B) in the account for the taxable year, an amount equal to such increase shall be included in gross income for such taxable year.

If the initial opening balance exceeds the dollar amount of returned merchandise which would have been taken into account under subsection (a) for the taxable year preceding the first taxable year for which the election is effective if this section had applied to such preceding taxable year, then an amount equal to the amount of such excess shall be included in gross income for such first taxable year.

(5) Subchapter C transactions

The application of this subsection with respect to a taxpayer which is a party to any transaction with respect to which there is nonrecognition of gain or loss to any party to the transaction by reason of subchapter C shall be determined under regulations prescribed by the Secretary.

(Added Pub. L. 95-600, title III, §372(a), Nov. 6, 1978, 92 Stat. 2860.)

EFFECTIVE DATE

Section 372(c) of Pub. L. 95-600 provided that: "The amendments made by this section [enacting this section] shall apply to taxable years beginning after September 30, 1979."

§ 460. Special rules for long-term contracts

(a) Requirement that percentage of completion method be used

In the case of any long-term contract, the taxable income from such contract shall be determined under the percentage of completion method (as modified by subsection (b)).

(b) Percentage of completion method

(1) Requirements of percentage of completion method

Except as provided in paragraph (3), in the case of any long-term contract with respect to which the percentage of completion method is used—

(A) the percentage of completion shall be determined by comparing costs allocated to the contract under subsection (c) and incurred before the close of the taxable year with the estimated total contract costs, and

(B) upon completion of the contract (or, with respect to any amount properly taken into account after completion of the contract, when such amount is so properly taken into account), the taxpayer shall pay (or shall be entitled to receive) interest computed under the look-back method of paragraph (2).

In the case of any long-term contract with respect to which the percentage of completion method is used, except for purposes of applying the look-back method of paragraph (2), any income under the contract (to the extent

not previously includible in gross income) shall be included in gross income for the taxable year following the taxable year in which the contract was completed. For purposes of subtitle F (other than sections 6654 and 6655), any interest required to be paid by the taxpayer under subparagraph (B) shall be treated as an increase in the tax imposed by this chapter for the taxable year in which the contract is completed (or, in the case of interest payable with respect to any amount properly taken into account after completion of the contract, for the taxable year in which the amount is so properly taken into account).

(2) Look-back method

The interest computed under the look-back method of this paragraph shall be determined by—

(A) first¹ allocating income under the contract among taxable years before the year in which the contract is completed on the basis of the actual contract price and costs instead of the estimated contract price and costs,

(B) second, determining (solely for purposes of computing such interest) the overpayment or underpayment of tax for each taxable year referred to in subparagraph (A) which would result solely from the application of subparagraph (A), and

(C) then using the overpayment rate established by section 6621, compounded daily, on the overpayment or underpayment determined under subparagraph (B).

For purposes of the preceding sentence, any amount properly taken into account after completion of the contract shall be taken into account by discounting (using the Federal mid-term rate determined under section 1274(d) as of the time such amount was properly taken into account) such amount to its value as of the completion of the contract. The taxpayer may elect with respect to any contract to have the preceding sentence not apply to such contract.

(3) Special rules

(A) Simplified method of cost allocation

In the case of any long-term contract, the Secretary may prescribe a simplified procedure for allocation of costs to such contract in lieu of the method of allocation under subsection (c).

(B) Look-back method not to apply to certain contracts

Paragraph (1)(B) shall not apply to any contract—

(i) the gross price of which (as of the completion of the contract) does not exceed the lesser of—

(I) \$1,000,000, or

(II) 1 percent of the average annual gross receipts of the taxpayer for the 3 taxable years preceding the taxable year in which the contract was completed, and

(ii) which is completed within 2 years of the contract commencement date.

For purposes of this subparagraph, rules similar to the rules of subsections (e)(2) and (f)(3) shall apply.

(4) Simplified look-back method for pass-thru entities

(A) In general

In the case of a pass-thru entity—

(i) the look-back method of paragraph (2) shall be applied at the entity level,

(ii) in determining overpayments and underpayments for purposes of applying paragraph (2)(B)—

(I) any increase in the income under the contract for any taxable year by reason of the allocation under paragraph (2)(A) shall be treated as giving rise to an underpayment determined by applying the highest rate for such year to such increase, and

(II) any decrease in such income for any taxable year by reason of such allocation shall be treated as giving rise to an overpayment determined by applying the highest rate for such year to such decrease, and

(iii) any interest required to be paid by the taxpayer under paragraph (2) shall be paid by such entity (and any interest entitled to be received by the taxpayer under paragraph (2) shall be paid to such entity).

(B) Exceptions

(i) Closely held pass-thru entities

This paragraph shall not apply to any closely held pass-thru entity.

(ii) Foreign contracts

This paragraph shall not apply to any contract unless substantially all of the income from such contract is from sources in the United States.

(C) Other definitions

For purposes of this paragraph—

(i) Highest rate

The term “highest rate” means—

(I) the highest rate of tax specified in section 11, or

(II) if at all times during the year involved more than 50 percent of the interests in the entity are held by individuals directly or through 1 or more other pass-thru entities, the highest rate of tax specified in section 1.

(ii) Pass-thru entity

The term “pass-thru entity” means any—

(I) partnership,

(II) S corporation, or

(III) trust.

(iii) Closely held pass-thru entity

The term “closely held pass-thru entity” means any pass-thru entity if, at any time during any taxable year for which there is income under the contract, 50 percent or more (by value) of the beneficial interests in such entity are held (directly or indirectly) by or for 5 or fewer persons. For

(5) Election to use 10-percent method

(A) General rule

In the case of any long-term contract with respect to which an election under this paragraph is in effect, the 10-percent method shall apply in determining the taxable income from such contract.

(B) 10-percent method

For purposes of this paragraph—

(i) In general

The 10-percent method is the percentage of completion method, modified so that any item which would otherwise be taken into account in computing taxable income with respect to a contract for any taxable year before the 10-percent year is taken into account in the 10-percent year.

(ii) 10-percent year

The term “10-percent year” means the 1st taxable year as of the close of which at least 10 percent of the estimated total contract costs have been incurred.

(C) Election

(D) Coordination with other provisions

(i) Simplified method of cost allocation

This paragraph shall not apply to any taxpayer which uses a simplified procedure for allocation of costs under paragraph (3)(A).

(ii) Look-back method

The 10-percent method shall be taken into account for purposes of applying the look-back method of paragraph (2) to any taxpayer making an election under this paragraph.

(c) Allocation of costs to contract

(1) Direct and certain indirect costs

In the case of a long-term contract, all costs (including research and experimental costs) which directly benefit, or are incurred by reason of, the long-term contract activities of the taxpayer shall be allocated to such contract in the same manner as costs are allocated to extended period long-term contracts under section 451 and the regulations thereunder.

(2) Costs identified under cost-plus and certain Federal contracts

In the case of a cost-plus long-term contract or a Federal long-term contract, any cost not allocated to such contract under paragraph (1) shall be allocated to such contract if such cost is identified by the taxpayer (or a related person), pursuant to the contract or Federal, State, or local law or regulation, as being attributable to such contract.

(3) Allocation of production period interest to contract

(A) In general

Except as provided in subparagraphs (B) and (C), in the case of a long-term contract, interest costs shall be allocated to the contract in the same manner as interest costs are allocated to property produced by the taxpayer under section 263A(f).

(B) Production period

In applying section 263A(f) for purposes of subparagraph (A), the production period shall be the period—

(i) beginning on the later of—

(I) the contract commencement date, or

(II) in the case of a taxpayer who uses an accrual method with respect to long-term contracts, the date by which at least 5 percent of the total estimated costs (including design and planning costs) under the contract have been incurred, and

(ii) ending on the contract completion date.

(C) Application of de minimis rule

In applying section 263A(f) for purposes of subparagraph (A), paragraph (1)(B)(iii) of such section shall be applied on a contract-by-contract basis; except that, in the case of a taxpayer described in subparagraph (B)(i)(II) of this paragraph, paragraph (1)(B)(iii) of section 263A(f) shall be applied on a property-by-property basis.

(4) Certain costs not included

This subsection shall not apply to any—

(A) independent research and development expenses,

(B) expenses for unsuccessful bids and proposals, and

(C) marketing, selling, and advertising expenses.

Subsections (a), (b), and (c)(1) and (2) shall not apply to—

- (A) any home construction contract, or
- (B) any other construction contract entered into by a taxpayer—
 - (i) who estimates (at the time such contract is entered into) that such contract will be completed within the 2-year period beginning on the contract commencement date of such contract, and
 - (ii) whose average annual gross receipts for the 3 taxable years preceding the taxable year in which such contract is entered into do not exceed \$10,000,000.

for the 3 taxable years of such persons preceding the taxable year in which the contract described in paragraph (1) is entered into shall be included in the gross receipts of the taxpayer for the period described in paragraph (1)(B). The Secretary shall prescribe regulations which provide attribution rules that take into account, in addition to the persons and entities described in the preceding sentence, taxpayers who engage in construction contracts through partnerships, joint ventures, and corporations.

(3) Controlled group of corporations

For purposes of this subsection, the term “controlled group of corporations” has the meaning given to such term by section 1563(a), except that—

For purposes of this section—

(1) In general

The term “long-term contract” means any contract for the manufacture, building, installation, or construction of property if such contract is not completed within the taxable year in which such contract is entered into.

(2) Special rule for manufacturing contracts

A contract for the manufacture of property shall not be treated as a long-term contract unless such contract involves the manufacture of—

- (A) any unique item of a type which is not normally included in the finished goods inventory of the taxpayer, or
- (B) any item which normally requires more than 12 calendar months to complete (without regard to the period of the contract).

(3) Aggregation, etc.

For purposes of this subsection, under regulations prescribed by the Secretary—

(A) 2 or more contracts which are interdependent (by reason of pricing or otherwise) may be treated as 1 contract, and

(B) a contract which is properly treated as an aggregation of separate contracts may be so treated.

(g) Contract commencement date

For purposes of this section, the term “contract commencement date” means, with respect to any contract, the first date on which any costs (other than bidding expenses or expenses incurred in connection with negotiating the contract) allocable to such contract are incurred.

(h) Regulations

The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section, including regulations to prevent the use of related parties, pass-thru entities, intermediaries, options, or other similar arrangements to avoid the application of this section.

§ 461. General rule for taxable year of deduction

(a) General rule

The amount of any deduction or credit allowed by this subtitle shall be taken for the taxable year which is the proper taxable year under the method of accounting used in computing taxable income.

(b) Special rule in case of death

In the case of the death of a taxpayer whose taxable income is computed under an accrual method of accounting, any amount accrued as a deduction or credit only by reason of the death of the taxpayer shall not be allowed in computing taxable income for the period in which falls the date of the taxpayer’s death.

(c) Accrual of real property taxes

(1) In general

If the taxable income is computed under an accrual method of accounting, then, at the election of the taxpayer, any real property tax which is related to a definite period of time shall be accrued ratably over that period.

(2) When election may be made

(A) Without consent

A taxpayer may, without the consent of the Secretary, make an election under this subsection for his first taxable year in which he incurs real property taxes. Such an election shall be made not later than the time prescribed by law for filing the return for such year (including extensions thereof).

(B) With consent

A taxpayer may, with the consent of the Secretary, make an election under this subsection at any time.

(d) Limitation on acceleration of accrual of taxes

(1) General rule

In the case of a taxpayer whose taxable income is computed under an accrual method of accounting, to the extent that the time for accruing taxes is earlier than it would be but for any action of any taxing jurisdiction taken after December 31, 1960, then, under regulations prescribed by the Secretary, such taxes shall be treated as accruing at the time they would have accrued but for such action by such taxing jurisdiction.

(2) Limitation

Under regulations prescribed by the Secretary, paragraph (1) shall be inapplicable to any item of tax to the extent that its application would (but for this paragraph) prevent all persons (including successors in interest) from ever taking such item into account.

(e) Dividends or interest paid on certain deposits or withdrawable accounts

Except as provided in regulations prescribed by the Secretary, amounts paid to, or credited

¹ So in original. Does not conform to section catchline.

to the accounts of, depositors or holders of accounts as dividends or interest on their deposits or withdrawable accounts (if such amounts paid or credited are withdrawable on demand subject only to customary notice to withdraw) by a mutual savings bank not having capital stock represented by shares, a domestic building and loan association, or a cooperative bank shall not be allowed as a deduction for the taxable year to the extent such amounts are paid or credited for periods representing more than 12 months. Any such amount not allowed as a deduction as the result of the application of the preceding sentence shall be allowed as a deduction for such other taxable year as the Secretary determines to be consistent with the preceding sentence.

(f) Contested liabilities

If—

- (1) the taxpayer contests an asserted liability,
- (2) the taxpayer transfers money or other property to provide for the satisfaction of the asserted liability,
- (3) the contest with respect to the asserted liability exists after the time of the transfer, and
- (4) but for the fact that the asserted liability is contested, a deduction would be allowed for the taxable year of the transfer (or for an earlier taxable year) determined after application of subsection (h),

then the deduction shall be allowed for the taxable year of the transfer. This subsection shall not apply in respect of the deduction for income, war profits, and excess profits taxes imposed by the authority of any foreign country or possession of the United States.

(g) Prepaid interest

(1) In general

If the taxable income of the taxpayer is computed under the cash receipts and disbursements method of accounting, interest paid by the taxpayer which, under regulations prescribed by the Secretary, is properly allocable to any period—

- (A) with respect to which the interest represents a charge for the use or forbearance of money, and
- (B) which is after the close of the taxable year in which paid,

shall be charged to capital account and shall be treated as paid in the period to which so allocable.

(2) Exception

This subsection shall not apply to points paid in respect of any indebtedness incurred in connection with the purchase or improvement of, and secured by, the principal residence of the taxpayer to the extent that, under regulations prescribed by the Secretary, such payment of points is an established business practice in the area in which such indebtedness is incurred, and the amount of such payment does not exceed the amount generally charged in such area.

(h) Certain liabilities not incurred before economic performance

(1) In general

For purposes of this title, in determining whether an amount has been incurred with respect to any item during any taxable year, the all events test shall not be treated as met any earlier than when economic performance with respect to such item occurs.

(2) Time when economic performance occurs

Except as provided in regulations prescribed by the Secretary, the time when economic performance occurs shall be determined under the following principles:

(A) Services and property provided to the taxpayer

If the liability of the taxpayer arises out of—

- (i) the providing of services to the taxpayer by another person, economic performance occurs as such person provides such services,
- (ii) the providing of property to the taxpayer by another person, economic performance occurs as the person provides such property, or
- (iii) the use of property by the taxpayer, economic performance occurs as the taxpayer uses such property.

(B) Services and property provided by the taxpayer

If the liability of the taxpayer requires the taxpayer to provide property or services, economic performance occurs as the taxpayer provides such property or services.

(C) Workers compensation and tort liabilities of the taxpayer

If the liability of the taxpayer requires a payment to another person and—

- (i) arises under any workers compensation act, or
- (ii) arises out of any tort,

economic performance occurs as the payments to such person are made. Subparagraphs (A) and (B) shall not apply to any liability described in the preceding sentence.

(D) Other items

In the case of any other liability of the taxpayer, economic performance occurs at the time determined under regulations prescribed by the Secretary.

(3) Exception for certain recurring items

(A) In general

Notwithstanding paragraph (1) an item shall be treated as incurred during any taxable year if—

- (i) the all events test with respect to such item is met during such taxable year (determined without regard to paragraph (1)),
- (ii) economic performance with respect to such item occurs within the shorter of—
 - (I) a reasonable period after the close of such taxable year, or
 - (II) 8½ months after the close of such taxable year,

(iii) such item is recurring in nature and the taxpayer consistently treats items of such kind as incurred in the taxable year in which the requirements of clause (i) are met, and

(iv) either—

(I) such item is not a material item, or

(II) the accrual of such item in the taxable year in which the requirements of clause (i) are met results in a more proper match against income than accruing such item in the taxable year in which economic performance occurs.

(B) Financial statements considered under subparagraph (A)(iv)

In making a determination under subparagraph (A)(iv), the treatment of such item on financial statements shall be taken into account.

(6) Disqualification of Fund

In any case in which the Fund violates any provision of this section or section 4951, the Secretary may disqualify such Fund from the application of this section. In any case to which this paragraph applies, the Fund shall be treated as having distributed all of its funds on the date such determination takes effect.

Such regulations may provide that, to the extent such payment to the Fund is made more than 2½ months after the close of the taxable year, any adjustment to the tax attributable to such payment shall not affect the amount of interest payable with respect to periods

§ 469. Passive activity losses and credits limited

(a) Disallowance

(1) In general

If for any taxable year the taxpayer is described in paragraph (2), neither—

- (A) the passive activity loss, nor
- (B) the passive activity credit,

for the taxable year shall be allowed.

(2) Persons described

The following are described in this paragraph:

- (A) any individual, estate, or trust,
- (B) any closely held C corporation, and
- (C) any personal service corporation.

(b) Disallowed loss or credit carried to next year

Except as otherwise provided in this section, any loss or credit from an activity which is disallowed under subsection (a) shall be treated as a deduction or credit allocable to such activity in the next taxable year.

(c) Passive activity defined

For purposes of this section—

(1) In general

The term “passive activity” means any activity—

- (A) which involves the conduct of any trade or business, and
- (B) in which the taxpayer does not materially participate.

(2) Passive activity includes any rental activity

Except as provided in paragraph (7), the term “passive activity” includes any rental activity.

(3) Working interests in oil and gas property

(A) In general

The term “passive activity” shall not include any working interest in any oil or gas property which the taxpayer holds directly or through an entity which does not limit the liability of the taxpayer with respect to such interest.

(B) Income in subsequent years

If any taxpayer has any loss for any taxable year from a working interest in any oil or gas property which is treated as a loss which is not from a passive activity, then any net income from such property (or any property the basis of which is determined in whole or in part by reference to the basis of such property) for any succeeding taxable year shall be treated as income of the taxpayer which is not from a passive activity. If the preceding sentence applies to the net income from any property for any taxable year, any credits allowable under subpart B (other than section 27(a)) or D of part IV of subchapter A for such taxable year which are attributable to such property shall be treated as credits not from a passive activity to the extent the amount of such credits does not exceed the regular tax liability of the taxpayer for the taxable year which is allocable to such net income.

(4) Material participation not required for paragraphs (2) and (3)

Paragraphs (2) and (3) shall be applied without regard to whether or not the taxpayer materially participates in the activity.

(5) Trade or business includes research and experimentation activity

For purposes of paragraph (1)(A), the term “trade or business” includes any activity involving research or experimentation (within the meaning of section 174).

(6) Activity in connection with trade or business or production of income

(7) Special rules for taxpayers in real property business

(A) In general

If this paragraph applies to any taxpayer for a taxable year—

- (i) paragraph (2) shall not apply to any rental real estate activity of such taxpayer for such taxable year, and
- (ii) this section shall be applied as if each interest of the taxpayer in rental real estate were a separate activity.

Notwithstanding clause (ii), a taxpayer may elect to treat all interests in rental real estate as one activity. Nothing in the preceding provisions of this subparagraph shall be construed as affecting the determination of whether the taxpayer materially participates with respect to any interest in a limited partnership as a limited partner.

(B) Taxpayers to whom paragraph applies

This paragraph shall apply to a taxpayer for a taxable year if—

- (i) more than one-half of the personal services performed in trades or businesses

by the taxpayer during such taxable year are performed in real property trades or businesses in which the taxpayer materially participates, and

(ii) such taxpayer performs more than 750 hours of services during the taxable year in real property trades or businesses in which the taxpayer materially participates.

In the case of a joint return, the requirements of the preceding sentence are satisfied if and only if either spouse separately satisfies such requirements. For purposes of the preceding sentence, activities in which a spouse materially participates shall be determined under subsection (h).

(C) Real property trade or business

For purposes of this paragraph, the term “real property trade or business” means any real property development, redevelopment, construction, reconstruction, acquisition, conversion, rental, operation, management, leasing, or brokerage trade or business.

(D) Special rules for subparagraph (B)

(i) Closely held C corporations

In the case of a closely held C corporation, the requirements of subparagraph (B) shall be treated as met for any taxable year if more than 50 percent of the gross receipts of such corporation for such taxable year are derived from real property trades or businesses in which the corporation materially participates.

(ii) Personal services as an employee

For purposes of subparagraph (B), personal services performed as an employee shall not be treated as performed in real property trades or businesses. The preceding sentence shall not apply if such employee is a 5-percent owner (as defined in section 416(i)(1)(B)) in the employer.

(d) Passive activity loss and credit defined

For purposes of this section—

(1) Passive activity loss

The term “passive activity loss” means the amount (if any) by which—

(A) the aggregate losses from all passive activities for the taxable year, exceed

(B) the aggregate income from all passive activities for such year.

(2) Passive activity credit

The term “passive activity credit” means the amount (if any) by which—

(A) the sum of the credits from all passive activities allowable for the taxable year under—

(i) subpart D of part IV of subchapter A, or

(ii) subpart B (other than section 27(a)) of such part IV, exceeds

(B) the regular tax liability of the taxpayer for the taxable year allocable to all passive activities.

(e) Special rules for determining income or loss from a passive activity

For purposes of this section—

(1) Certain income not treated as income from passive activity

In determining the income or loss from any activity—

(A) In general

There shall not be taken into account—

(i) any—

(I) gross income from interest, dividends, annuities, or royalties not derived in the ordinary course of a trade or business,

(II) expenses (other than interest) which are clearly and directly allocable to such gross income, and

(III) interest expense properly allocable to such gross income, and

(ii) gain or loss not derived in the ordinary course of a trade or business which is attributable to the disposition of property—

(I) producing income of a type described in clause (i), or

(II) held for investment.

For purposes of clause (ii), any interest in a passive activity shall not be treated as property held for investment.

(B) Return on working capital

For purposes of subparagraph (A), any income, gain, or loss which is attributable to an investment of working capital shall be treated as not derived in the ordinary course of a trade or business.

(2) Passive losses of certain closely held corporations may offset active income

(A) In general

If a closely held C corporation (other than a personal service corporation) has net active income for any taxable year, the passive activity loss of such taxpayer for such taxable year (determined without regard to this paragraph)—

(i) shall be allowable as a deduction against net active income, and

(ii) shall not be taken into account under subsection (a) to the extent so allowable as a deduction.

A similar rule shall apply in the case of any passive activity credit of the taxpayer.

(B) Net active income

For purposes of this paragraph, the term “net active income” means the taxable income of the taxpayer for the taxable year determined without regard to—

(i) any income or loss from a passive activity, and

(ii) any item of gross income, expense, gain, or loss described in paragraph (1)(A).

(3) Compensation for personal services

Earned income (within the meaning of section 911(d)(2)(A)) shall not be taken into account in computing the income or loss from a passive activity for any taxable year.

(4) Dividends reduced by dividends received deduction

For purposes of paragraphs (1) and (2), income from dividends shall be reduced by the

amount of any dividends received deduction under section 243, 244, or 245.

(f) Treatment of former passive activities

For purposes of this section—

(1) In general

If an activity is a former passive activity for any taxable year—

(A) any unused deduction allocable to such activity under subsection (b) shall be offset against the income from such activity for the taxable year,

(B) any unused credit allocable to such activity under subsection (b) shall be offset against the regular tax liability (computed after the application of paragraph (1)) allocable to such activity for the taxable year, and

(C) any such deduction or credit remaining after the application of subparagraphs (A) and (B) shall continue to be treated as arising from a passive activity.

(2) Change in status of closely held C corporation or personal service corporation

If a taxpayer ceases for any taxable year to be a closely held C corporation or personal service corporation, this section shall continue to apply to losses and credits to which this section applied for any preceding taxable year in the same manner as if such taxpayer continued to be a closely held C corporation or personal service corporation, whichever is applicable.

(3) Former passive activity

The term “former passive activity” means any activity which, with respect to the taxpayer—

(A) is not a passive activity for the taxable year, but

(B) was a passive activity for any prior taxable year.

(g) Dispositions of entire interest in passive activity

If during the taxable year a taxpayer disposes of his entire interest in any passive activity (or former passive activity), the following rules shall apply:

(1) Fully taxable transaction

(A) In general

If all gain or loss realized on such disposition is recognized, the excess of—

(i) any loss from such activity for such taxable year (determined after the application of subsection (b)), over

(ii) any net income or gain for such taxable year from all other passive activities (determined after the application of subsection (b)),

shall be treated as a loss which is not from a passive activity.

(B) Subparagraph (A) not to apply to disposition involving related party

If the taxpayer and the person acquiring the interest bear a relationship to each other described in section 267(b) or section 707(b)(1), then subparagraph (A) shall not apply to any loss of the taxpayer until the

taxable year in which such interest is acquired (in a transaction described in subparagraph (A)) by another person who does not bear such a relationship to the taxpayer.

(C) Income from prior years

To the extent provided in regulations, income or gain from the activity for preceding taxable years shall be taken into account under subparagraph (A)(ii) for the taxable year to the extent necessary to prevent the avoidance of this section.

(2) Disposition by death

If an interest in the activity is transferred by reason of the death of the taxpayer—

(A) paragraph (1)(A) shall apply to losses described in paragraph (1)(A) to the extent such losses are greater than the excess (if any) of—

(i) the basis of such property in the hands of the transferee, over

(ii) the adjusted basis of such property immediately before the death of the taxpayer, and

(B) any losses to the extent of the excess described in subparagraph (A) shall not be allowed as a deduction for any taxable year.

(3) Installment sale of entire interest

In the case of an installment sale of an entire interest in an activity to which section 453 applies, paragraph (1) shall apply to the portion of such losses for each taxable year which bears the same ratio to all such losses as the gain recognized on such sale during such taxable year bears to the gross profit from such sale (realized or to be realized when payment is completed).

(h) Material participation defined

(A) the aggregate cost reflected in such opening inventory of the liquidated goods so replaced during such year, over

(B) such aggregate replacement cost.

(c) Qualified liquidation defined

For purposes of this section—

(1) In general

The term "qualified liquidation" means—

(II) any embargo, international boycott, or other major foreign trade interruption,

has made difficult or impossible the replacement during the liquidation year of any class of goods for any class of taxpayers, and

(ii) that the application of this section to that class of goods and taxpayers is necessary to carry out the purposes of this section,

he shall publish a notice of such determinations in the Federal Register, together with the period to be affected by such notice.

If the closing inventory of the taxpayer for any replacement year reflects an increase over the opening inventory of such goods for such year, the goods reflecting such increase shall be considered, in the order of their acquisition, as having been acquired in replacement of the goods most recently liquidated (whether or not in a qualified liquidation) and not previously replaced.

(2) Amount at which replacement goods taken into account

In the case of any qualified liquidation, any goods considered under paragraph (1) as having been acquired in replacement of the goods liquidated in such liquidation shall be taken into purchases and included in the closing inventory of the taxpayer for the replacement year at the inventory cost basis of the goods replaced.

(f) Special rules for application of adjustments

(1) Period of limitations

If—

(A) an adjustment is required under this section for any taxable year by reason of the replacement of liquidated goods during any replacement year, and

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 860L, 988 of this title.

PART III—ADJUSTMENTS

Sec.	
481.	Adjustments required by changes in method of accounting.
482.	Allocation of income and deductions among taxpayers.
483.	Interest on certain deferred payments.

AMENDMENTS

1964—Pub. L. 88-272, title II, §224(b), Feb. 26, 1964, 78 Stat. 79, added item 483.

§ 481. Adjustments required by changes in method of accounting

(a) General rule

In computing the taxpayer’s taxable income for any taxable year (referred to in this section as the “year of the change”)—

(1) if such computation is under a method of accounting different from the method under which the taxpayer’s taxable income for the preceding taxable year was computed, then

(2) there shall be taken into account those adjustments which are determined to be necessary solely by reason of the change in order to prevent amounts from being duplicated or omitted, except there shall not be taken into account any adjustment in respect of any taxable year to which this section does not apply unless the adjustment is attributable to a change in the method of accounting initiated by the taxpayer.

(b) Limitation on tax where adjustments are substantial

(1) Three year allocation

If—

(A) the method of accounting from which the change is made was used by the taxpayer in computing his taxable income for the 2 taxable years preceding the year of the change, and

(B) the increase in taxable income for the year of the change which results solely by reason of the adjustments required by subsection (a)(2) exceeds \$3,000,

then the tax under this chapter attributable to such increase in taxable income shall not be greater than the aggregate increase in the taxes under this chapter (or under the corresponding provisions of prior revenue laws) which would result if one-third of such increase in taxable income were included in taxable income for the year of the change and one-third of such increase were included for each of the 2 preceding taxable years.

(2) Allocation under new method of accounting

If—

(A) the increase in taxable income for the year of the change which results solely by reason of the adjustments required by subsection (a)(2) exceeds \$3,000, and

(B) the taxpayer establishes his taxable income (under the new method of accounting) for one or more taxable years consecutively preceding the taxable year of the change for which the taxpayer in computing taxable income used the method of accounting from which the change is made,
