§ 1201. Findings

The Congress finds that—

(1) the Alaska Railroad, which was built by the Federal Government to serve the transportation and development needs of the Territory of Alaska, presently is providing freight and passenger services that primarily benefit residents and businesses in the State of Alaska;

(2) many communities and individuals in Alaska are wholly or substantially dependent on the Alaska Railroad for freight and passenger service and provision of such service is an essential governmental function;

(3) continuation of services of the Alaska Railroad and the opportunity for future expansion of those services are necessary to achieve Federal, State, and private objectives; however, continued Federal control and financial support are no longer necessary to accomplish these objectives;

(4) the transfer of the Alaska Railroad and provision for its operation by the State in the manner contemplated by this chapter is made pursuant to the Federal goal and ongoing program of transferring appropriate activities to the States;

(5) the State's continued operation of the Alaska Railroad following the transfer contemplated by this chapter, together with such expansion of the railroad as may be necessary or convenient in the future, will constitute an appropriate public use of the rail system and associated properties, will provide an essential governmental service, and will promote the general welfare of Alaska's residents and visitors; and

(6) in order to give the State government the ability to determine the Alaska Railroad's role in serving the State's transportation needs in the future, including the opportunity to extend rail service, and to provide a savings to the Federal Government, the Federal Government should offer to transfer the railroad to the State, in accordance with the provisions of this chapter, in the same manner in which other Federal transportation functions (including highways and airports) have been transferred since Alaska became a State in 1959.

§ 1203. Transfer authorization

(a) Authority of Secretary; time, manner, etc., of transfer

Subject to the provisions of this chapter, the United States, through the Secretary, shall transfer all rail properties of the Alaska Railroad to the State. Such transfer shall occur as soon as practicable after the Secretary has made the certifications required by subsection (d) of this section and shall be accomplished in the manner specified in subsection (b) of this section.

(b) Simultaneous and interim transfers, conveyances, etc.

(1) On the date of transfer, the Secretary shall simultaneously:

(A) deliver to the State a bill of sale conveying title to all rail properties of the Alaska Railroad except any interest in real property;

(B) deliver to the State an interim conveyance of the rail properties of the Alaska Railroad that are not conveyed pursuant to subparagraph (A) of this paragraph and are not subject to unresolved claims of valid existing rights;

(C) deliver to the State an exclusive license granting the State the right to use all rail properties of the Alaska Railroad not conveyed pursuant to subparagraphs (A) or (B) of this paragraph pending conveyances in accordance with the review and settlement or final administrative adjudication of claims of valid existing rights;

(D) convey to the State a deed granting the State (i) an exclusive-use easement for that portion of the right-of-way of the Alaska Railroad within the Denali National Park and Preserve extending not less than one hundred feet on either side of the main or branch line tracks, and eight feet on either side of the centerline of the "Y" track connecting the main line of the railroad to the power station at McKinley Park Station and (ii) title to railroad-related improvements within such right-of-way.

Prior to taking the action specified in subparagraphs (A) through (D) of this paragraph, the Secretary shall consult with the Secretary of the Interior. The exclusive-use easement granted pursuant to subparagraph (D) of this paragraph and all rights afforded by such easement shall be exercised only for railroad purposes, and for such other transportation, transmission, or communication purposes for which lands subject to such easement were utilized as of January 14, 1983.

(2) The Secretary shall deliver to the State an interim conveyance of rail properties of the Alaska Railroad described in paragraph (1)(C) of this subsection that become available for conveyance to the State after the date of transfer as a result of settlement, relinquishment, or final administrative adjudication pursuant to section 1205 of this title. Where the rail properties to be conveyed pursuant to this paragraph are surveyed at the time they become available for conveyance to the State, the Secretary shall deliver a patent therefor in lieu of an interim conveyance.

(3) The force and effect of an interim conveyance made pursuant to paragraphs (1)(B) or (2) of this subsection shall be to convey to and vest in the State exactly the same right, title, and interest in and to the rail properties identified therein as the State would have received had it been issued a patent by the United States. The Secretary of the Interior shall survey the land conveyed by an interim conveyance to the State pursuant to paragraphs (1)(B) or (2) of this subsection and, upon completion of the survey, the Secretary shall issue a patent therefor.

(4) The license granted pursuant to paragraph (1)(C) of this subsection shall authorize the State to use, occupy, and directly receive all benefits of the rail properties described in the license for the operation of the State-owned railroad in conformity with the Memorandum of Understanding referred to in section 1205(b)(3) of this title. The license shall be exclusive, subject only to valid leases, permits, and other instru-

ments issued before the date of transfer and easements reserved pursuant to subsection (c)(2) of this section. With respect to any parcel conveyed pursuant to this chapter, the license shall terminate upon conveyance of such parcel.

(c) Reservations to United States in interim conveyances and patents

(1) Interim conveyances and patents issued to the State pursuant to subsection (b) of this section shall confirm, convey and vest in the State all reservations to the United States (whether or not expressed in a particular patent or document of title), except the unexercised reservations to the United States for future rights-of-way made or required by the first section of the Act of March 12, 1914 (43 U.S.C. 975d). The conveyance to the State of such reservations shall not be affected by the repeal of such Act under section 615 of this title.¹

(2) In the license granted under subsection (b)(1)(C) of this section and in all conveyances made to the State under this chapter, there shall be reserved to the Secretary of the Interior, the Secretary of Defense and the Secretary of Agriculture, as appropriate, existing easements for administration (including agency transportation and utility purposes) that are identified in the report required by section 1204(a) of this title. The appropriate Secretary may obtain, only after consent of the State, such future easements as are necessary for administration. Existing and future easements and use of such easements shall not interfere with operations and support functions of the State-owned railroad.

(3) There shall be reserved to the Secretary of the Interior the right to use and occupy, without compensation, five thousand square feet of land at Talkeetna, Alaska, as described in ARR lease numbered 69-25-0003-5165 for National Park Service administrative activities, so long as the use or occupation does not interfere with the operation of the State-owned railroad. This reservation shall be effective on the date of transfer under this section or the expiration date of such lease, whichever is later.

(d) Certifications by Secretary; scope, subject matter, etc.

(1) Prior to the date of transfer, the Secretary shall certify that the State has agreed to operate the railroad as a rail carrier in intrastate and interstate commerce.

(2)(A) Prior to the date of transfer, the Secretary shall also certify that the State has agreed to assume all rights, liabilities, and obligations of the Alaska Railroad on the date of transfer, including leases, permits, licenses, contracts, agreements, claims, tariffs, accounts receivable, and accounts payable, except as otherwise provided by this chapter.

(B) Notwithstanding the provisions of subparagraph (A) of this paragraph, the United States shall be solely responsible for—

(i) all claims and causes of action against the Alaska Railroad that accrue on or before the date of transfer, regardless of the date on which legal proceedings asserting such claims were or may be filed, except that the United

¹ See References in Text note below.

States shall, in the case of any tort claim, only be responsible for any such claim against the United States that accrues before the date of transfer and results in an award, compromise, or settlement of more than \$2,500, and the United States shall not compromise or settle any claim resulting in State liability without the consent of the State, which consent shall not be unreasonably withheld; and

(ii) all claims that resulted in a judgment or award against the Alaska Railroad before the date of transfer.

(C) For purposes of subparagraph (B) of this paragraph, the term “accrue” shall have the meaning contained in section 2401 of title 28.

(D) Any hazardous substance, petroleum or other contaminant release at or from the State-owned rail properties that began prior to January 5, 1985, shall be and remain the liability of the United States for damages and for the costs of investigation and cleanup. Such liability shall be enforceable under 42 U.S.C. 9601 et seq.¹ for any release described in the preceding sentence.

(3)(A) Prior to the date of transfer, the Secretary shall also certify that the State-owned railroad has established arrangements pursuant to section 1206 of this title to protect the employment interests of employees of the Alaska Railroad during the two-year period commencing on the date of transfer. These arrangements shall include provisions—

(i) which ensure that the State-owned railroad will adopt collective bargaining agreements in accordance with the provisions of subparagraph (B) of this paragraph;

(ii) for the retention of all employees, other than officers of the Alaska Railroad, who elect to transfer to the State-owned railroad in their same positions for the two-year period commencing on the date of transfer, except in cases of reassignment, separation for cause, resignation, retirement, or lack of work;

(iii) for the payment of compensation to transferred employees (other than employees provided for in subparagraph (E) of this paragraph), except in cases of separation for cause, resignation, retirement, or lack of work, for two years commencing on the date of transfer at or above the base salary levels in effect for such employees on the date of transfer, unless the parties otherwise agree during that two-year period;

(iv) for priority of reemployment at the State-owned railroad during the two-year period commencing on the date of transfer for transferred employees who are separated for lack of work, in accordance with subparagraph (C) of this paragraph (except for officers of the Alaska Railroad, who shall receive such priority for one year following the date of transfer);

(v) for credit during the two-year period commencing on the date of transfer for accrued annual and sick leave, seniority rights, and relocation and turnaround travel allowances which have been accrued during their period of Federal employment by transferred² employees retained by the State-owned rail-

road (except for officers of the Alaska Railroad, who shall receive such credit for one year following the date of transfer);

(vi) for payment to transferred employees retained by the State-owned railroad during the two-year period commencing on the date of transfer, including for one year officers retained or separated under subparagraph (E) of this paragraph, of an amount equivalent to the cost-of-living allowance to which they are entitled as Federal employees on the day before the date of transfer, in accordance with the provisions of subparagraph (D) of this paragraph; and

(vii) for health and life insurance programs for transferred employees retained by the State-owned railroad during the two-year period commencing on the date of transfer, substantially equivalent to the Federal health and life insurance programs available to employees on the day before the date of transfer (except for officers of the Alaska Railroad, who shall receive such credit for one year following the date of transfer).

(B) The State-owned railroad shall adopt all collective bargaining agreements which are in effect on the date of transfer. Such agreements shall continue in effect for the two-year period commencing on the date of transfer, unless the parties agree to the contrary before the expiration of that two-year period. Such agreements shall be renegotiated during the two-year period, unless the parties agree to the contrary. Any labor-management negotiation impasse declared before the date of transfer shall be settled in accordance with chapter 71 of title 5. Any impasse declared after the date of transfer shall be subject to applicable State law.

(C) Federal service shall be included in the computation of seniority for transferred employees with priority for reemployment, as provided in subparagraph (A)(iv) of this paragraph.

(D) Payment to transferred employees pursuant to subparagraph (A)(vi) of this paragraph shall not exceed the percentage of any transferred employee's base salary level provided by the United States as a cost-of-living allowance on the day before the date of transfer, unless the parties agree to the contrary.

(E) Prior to the date of transfer, the Secretary shall also certify that the State-owned railroad has agreed to the retention, for at least one year from the date of transfer, of the offices of the Alaska Railroad, except in cases of separation for cause, resignation, retirement, or lack of work, at or above their base salaries in effect on the date of transfer, in such positions as the State-owned railroad may determine; or to the payment of lump-sum severance pay in an amount equal to such base salary for one year to officers not retained by the State-owned railroad upon transfer or, for officers separated within one year on or after the date of transfer, of a portion of such lump-sum severance payment (diminished pro rata for employment by the State-owned railroad within one year of the date of transfer prior to separation).

(4) Prior to the date of transfer, the Secretary shall also certify that the State has agreed to allow representatives of the Secretary adequate access to employees and records of the Alaska

Railroad when needed for the performance of functions related to the period of Federal ownership.

(5) Prior to the date of transfer, the Secretary shall also certify that the State has agreed to compensate the United States at the value, if any, determined pursuant to section 1204(d) of this title.

(a) Availability of lands among rail properties

Lands among the rail properties of the Alaska Railroad shall not be—

(1) available for selection under section 12 of the Act of January 2, 1976, as amended (43 U.S.C. 1611, note), subject to the exception contained in section 12(b)(8)(i)(D) of such Act, as amended by subsection (d)(5) of this section;

(2) available for conveyance under section 1425 of the Alaska National Interest Lands Conservation Act (Public Law 96-487; 94 Stat. 2515);

(3) available for conveyance to Chugach Natives, Inc., under sections 1429 or 1430 of the Alaska National Interest Lands Conservation Act (Public Law 96-487; 94 Stat. 2531) or under sections 12(c) or 14(h)(8) of the Alaska Native Claims Settlement Act (43 U.S.C. 1611(c) and 1613(h)(8), respectively); or

(4) available under any law or regulation for entry, location, or for exchange by the United States, or for the initiation of a claim or selection by any party other than the State or other transferee under this chapter, except that this paragraph shall not prevent a conveyance pursuant to section 12(b)(8)(i)(D) of the Act of January 2, 1976 (43 U.S.C. 1611, note), as amended by subsection (d)(5) of this section.

(b) Review and settlement of claims; administrative adjudication; management of lands; procedures applicable

(1)(A) During the ten months following January 14, 1983, so far as practicable consistent with the priority of preparing the report required pursuant to section 1204(a) of this title, the Secretary of the Interior, Village Corporations with claims of valid existing rights, and the State shall review and make a good faith effort to settle as many of the claims as possible. Any agreement to settle such claims shall take effect and bind the United States, the State, and the Village Corporation only as of the date of transfer of the railroad.

(B) At the conclusion of the review and settlement process provided in subparagraph (A) of this paragraph, the Secretary of the Interior shall prepare a report identifying lands to be conveyed in accordance with settlement agreements under this chapter or applicable law. Such settlement shall not give rise to a presumption as to whether a parcel of land subject to such agreement is or is not public land.

(2) The Secretary of the Interior shall have the continuing jurisdiction and duty to adjudicate unresolved claims of valid existing rights pursuant to applicable law and this chapter. The Secretary of the Interior shall complete the final administrative adjudication required under this subsection not later than three years after January 14, 1983, and shall complete the survey of all lands to be conveyed under this chapter not later than five years after January 14, 1983, and after consulting with the Governor of the State of Alaska to determine priority of survey with regard to other lands being processed for patent to the State. The Secretary of the Interior shall give priority to the adjudication of Village Corporation claims as required in this section. Upon completion of the review and settlement process required by paragraph (1)(A) of this subsection, with respect to lands not subject to an agreement under such paragraph, the Secretary of the Interior shall adjudicate which lands subject to claims of valid existing rights filed by Village Corporations, if any, are public lands and shall complete such final administrative adjudication within two years after January 14, 1983.

(3) Pending settlement or final administrative adjudication of claims of valid existing rights filed by Village Corporations prior to the date of transfer or while subject to the license granted

² See References in Text note below.

to the State pursuant to section 1203(b)(1)(C) of this title, lands subject to such claims shall be managed in accordance with the Memorandum of Understanding among the Federal Railroad Administration, the State, Eklutna, Incorporated, Cook Inlet Region, Incorporated (as that term is used in section 12 of the Act of January 2, 1976 (Public Law 94-204; 89 Stat. 1150)), and Toghoththele Corporation, executed by authorized officers or representatives of each of these entities. Duplicate originals of the Memorandum of Understanding shall be maintained and made available for public inspection and copying in the Office of the Secretary, at Washington, District of Columbia, and in the Office of the Governor of the State of Alaska, at Juneau, Alaska.

(4) The following procedures and requirements are established to promote finality of administrative adjudication of claims of valid existing rights filed by Village Corporations, to clarify and simplify the title status of lands subject to such claims, and to avoid potential impairment of railroad operations resulting from joint or divided ownership in substantial segments of right-of-way:

(A)(i) Prior to final administrative adjudication of Village Corporation claims of valid existing rights in land subject to the license granted under section 1203(b)(1)(C) of this title, the Secretary of the Interior may, notwithstanding any other provision of law, accept relinquishment of so much of such claims as involved lands within the right-of-way through execution of an agreement with the appropriate Village Corporation effective on or after the date of transfer. Upon such relinquishment, the interest of the United States in the right-of-way shall be conveyed to the State pursuant to section 1203(b)(1)(B) or (2) of this title.

(ii) With respect to a claim described in clause (i) of this subparagraph that is not settled or relinquished prior to final administrative adjudication, the Congress finds that exclusive control over the right-of-way by the Alaska Railroad has been and continues to be necessary to afford sufficient protection for safe and economic operation of the railroad. Upon failure of the interested Village Corporation to relinquish so much of its claims as involve lands within the right-of-way prior to final adjudication of valid existing rights, the Secretary shall convey to the State pursuant to section 1203(b)(1)(B) or (2) of this title all right, title and interest of the United States in and to the right-of-way free and clear of such Village Corporation's claim to and interest in lands within such right-of-way.

(B) Where lands within the right-of-way, or any interest in such lands, have been conveyed from Federal ownership prior to January 14, 1983, or is subject to a claim of valid existing rights by a party other than a Village Corporation, the conveyance to the State of the Federal interest in such properties pursuant to section 1203(b)(1)(B) or (2) of this title shall grant not less than an exclusive-use easement in such properties. The foregoing requirements shall not be construed to permit the conveyance to the State of less than the entire Fed-

eral interest in the rail properties of the Alaska Railroad required to be conveyed by section 1203(b) of this title. If an action is commenced against the State or the United States contesting the validity or existence of a reservation of right-of-way for the use or benefit of the Alaska Railroad made prior to January 14, 1983, the Secretary of the Interior, through the Attorney General, shall appear in and defend such action.

(c) Judicial review; remedies available; standing of State

(1) The final administrative adjudication pursuant to subsection (b) of this section shall be final agency action and subject to judicial review only by an action brought in the United States District Court for the District of Alaska.

(2) No administrative or judicial action under this chapter shall enjoin or otherwise delay the transfer of the Alaska Railroad pursuant to this chapter, or substantially impair or impede the operations of the Alaska Railroad or the State-owned railroad.

(3) Before the date of transfer, the State shall have standing to participate in any administrative determination or judicial review pursuant to this chapter. If transfer to the State does not occur pursuant to section 1203 of this title, the State shall not thereafter have standing to participate in any such determination or review.

(d) Omitted

(e) Liability of State for damage to land while used under license

The State shall be liable to a party receiving a conveyance of land among the rail properties of the Alaska Railroad subject to the license granted pursuant to section 1203(b)(1)(C) of this title for damage resulting from use by the State of the land under such license in a manner not authorized by such license.

§ 1206. Employees of Alaska Railroad

(a) Coverage under Federal civil service retirement laws; election, funding, nature of benefits, etc., for employees transferring to State-owned railroad; voluntary separation incentives

(1) Any employees who elect to transfer to the State-owned railroad and who on the day before the date of transfer are subject to the civil service retirement law (subchapter III of chapter 83 of title 5) shall, so long as continually employed by the State-owned railroad without a break in service, continue to be subject to such law, except that the State-owned railroad shall have the option of providing benefits in accordance with the provisions of paragraph (2) of this subsection. Employment by the State-owned railroad without a break in continuity of service shall be considered to be employment by the United States Government for purposes of subchapter III of chapter 83 of title 5. The State-owned railroad shall be the employing agency for purposes of section 8334(a) of title 5 and shall contribute to the Civil Service Retirement and Disability Fund a sum as provided by such section, except that such sum shall be determined by applying to the total basic pay (as defined in section 8331(3) of title 5) paid to the employees of the State-owned railroad who are covered by the civil service retirement law, the per centum rate determined annually by the Director of the Office of Personnel Management to be the excess of the total normal cost per centum rate of the civil service retirement system over the employee deduction rate specified in section 8334(a) of title 5. The State-owned railroad shall pay into the Federal Civil Service Retirement and Disability Fund that portion of the cost of administration of such Fund which is demonstrated by the Director of the Office of Personnel Management to be attributable to its employees.

(2) At any time during the two-year period commencing on the date of transfer, the State-owned railroad shall have the option of providing to transferred employees retirement benefits, reflecting prior Federal service, in or substantially equivalent to benefits under the retirement program maintained by the State for State employees. If the State decides to provide benefits under this paragraph, the State shall provide such benefits to all transferred employees, except those employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5 within five years after the date of transfer and who elect to remain participants in the Federal retirement program.

(3) If the State provides benefits under paragraph (2) of this subsection—

(A) the provisions of paragraph (1) of this subsection regarding payments into the Civil

Service Retirement and Disability Fund for those employees who are transferred to the State program shall have no further force and effect (other than for employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5 within five years after the date of transfer and who elect to remain participants in the Federal retirement program); and

(B) all of the accrued employee and employer contributions and accrued interest on such contributions made by and on behalf of the transferred employees during their prior Federal service (other than amounts for employees who will meet the age and service requirements for retirement under section 8336(a), (b), (c) or (f) of title 5 within five years after the date of transfer and who elect to remain participants in the Federal retirement program) shall be withdrawn from the Federal Civil Service Retirement and Disability Fund and shall be paid into the retirement fund utilized by the State-owned railroad for the transferred employees, in accordance with the provisions of paragraph (2) of this subsection. Upon such payment, credit for prior Federal service under the Federal civil service retirement system shall be forever barred, notwithstanding the provisions of section 8334 of title 5.

(4)(A) The State-owned railroad shall be included in the definition of "agency" for purposes of section 3(a), (b), (c), and (e) of the Federal Workforce Restructuring Act of 1994 and may elect to participate in the voluntary separation incentive program established under such Act. Any employee of the State-owned railroad who meets the qualifications as described under the first sentence of paragraph (1) shall be deemed an employee under such Act.

(B) An employee who has received a voluntary separation incentive payment under this paragraph and accepts employment with the State-owned railroad within 5 years after the date of separation on which payment of the incentive is based shall be required to repay the entire amount of the incentive payment unless the head of the State-owned railroad determines that the individual involved possesses unique abilities and is the only qualified applicant available for the position.

(b) Coverage for employees not transferring to State-owned railroad

Employees of the Alaska Railroad who do not transfer to the State-owned railroad shall be entitled to all of the rights and benefits available to them under Federal law for discontinued employees.

(c) Rights and benefits of transferred employees whose employment with State-owned railroad is terminated

Transferred employees whose employment with the State-owned railroad is terminated during the two-year period commencing on the date of transfer shall be entitled to all of the rights and benefits of discontinued employees that such employees would have had under Federal law if their termination had occurred immediately before the date of the transfer, except

that financial compensation paid to officers of the Alaska Railroad shall be limited to that compensation provided pursuant to section 1203(d)(3)(E) of this title. Such employees shall also be entitled to seniority and other benefits accrued under Federal law while they were employed by the State-owned railroad on the same basis as if such employment had been Federal service.

(d) Lump-sum payment for unused annual leave for employees transferring to State-owned railroad

Any employee who transfers to the State-owned railroad under this chapter shall not be entitled to lump-sum payment for unused annual leave under section 5551 of title 5, but shall be credited by the State with the unused annual leave balance at the time of transfer.

(e) Continued coverage for certain employees and annuitants in Federal health benefits plans and life insurance plans

(1) Any person described under the provisions of paragraph (2) may elect life insurance coverage under chapter 87 of title 5 and enroll in a health benefits plan under chapter 89 of title 5 in accordance with the provisions of this subsection.

(2) The provisions of paragraph (1) shall apply to any person who—

(A) on March 30, 1994, is an employee of the State-owned railroad;

(B) has 20 years or more of service (in the civil service as a Federal employee or as an employee of the State-owned railroad, combined) on the date of retirement from the State-owned railroad; and

(C)(i) was covered under a life insurance policy pursuant to chapter 87 of title 5 on January 4, 1985, for the purpose of electing life insurance coverage under the provisions of paragraph (1); or

(ii) was enrolled in a health benefits plan pursuant to chapter 89 of title 5 on January 4, 1985, for the purpose of enrolling in a health benefits plan under the provisions of paragraph (1).

(3) For purposes of this section, any person described under the provisions of paragraph (2) shall be deemed to have been covered under a life insurance policy under chapter 87 of title 5 and to have been enrolled in a health benefits plan under chapter 89 of title 5 during the period beginning on January 5, 1985, through the date of retirement of any such person.

(4) The provisions of paragraph (1) shall not apply to any person described under paragraph (2) until the date such person retires from the State-owned railroad.

(a) Laws, authorities, etc., applicable to State-owned railroad with status as rail carrier engaged in interstate and foreign commerce

(1) After the date of transfer to the State pursuant to section 1203 of this title, the State-owned railroad shall be a rail carrier engaged in interstate and foreign commerce subject to part A of subtitle IV of title 49 and all other Acts applicable to rail carriers subject to that chapter,¹ including the antitrust laws of the United States, except, so long as it is an instrumentality of the State of Alaska, the Railroad Retirement Act of 1974 (45 U.S.C. 231 et seq.), the Railroad Retirement Tax Act (26 U.S.C. 3201 et seq.), the Railway Labor Act (45 U.S.C. 151 et seq.), the Act of April 22, 1908 (45 U.S.C. 51 et seq.) (popularly referred to as the “Federal Employers’ Liability Act”), and the Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.). Nothing in this chapter shall preclude the State from explicitly invoking by law any exemption from the antitrust laws as may otherwise be available.

(2) The transfer to the State authorized by section 1203 of this title and the conferral of jurisdiction to the Interstate Commerce Commission pursuant to paragraph (1) of this subsection are intended to confer upon the State-owned railroad all business opportunities available to comparable railroads, including contract rate agreements meeting the requirements of section 10713² of title 49, notwithstanding any participation in such agreements by connecting water carriers.

(3) All memoranda which sanction noncompliance with Federal railroad safety regulations contained in 49 CFR Parts 209-236, and which are in effect on the date of transfer, shall continue in effect according to their terms as “waivers of compliance” (as that term is used in section 20103(d) of title 49).

(5) Revenues generated by the State-owned railroad, including any amount appropriated or otherwise made available to the State-owned railroad, shall be retained and managed by the State-owned railroad for railroad and related purposes.

(6)(A) After the date of transfer, continued operation of the Alaska Railroad by a public corporation, authority or other agency of the State shall be deemed to be an exercise of an essential governmental function, and revenue derived from such operation shall be deemed to accrue to the State for the purposes of section 115(a)(1) of title 26. Obligations issued by such entity shall also be deemed obligations of the State for the purposes of section 103(a)(1)² of title 26, but not obligations within the meaning of section 103(b)(2)² of title 26.

(B) Nothing in this chapter shall be deemed or construed to affect customary tax treatment of private investment in the equipment or other assets that are used or owned by the State-owned railroad.

(b) Procedures for issuance of certificate of public convenience and necessity; inventory, valuation, or classification of property; additional laws, authorities, etc., applicable

As soon as practicable after January 14, 1983, the Interstate Commerce Commission shall promulgate an expedited, modified procedure for providing on the date of transfer a certificate of public convenience and necessity to the State-owned railroad. No inventory, valuation, or classification of property owned or used by the State-owned railroad pursuant to subchapter V² of chapter 107 of title 49 shall be required during the two-year period after the date of transfer. The provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and section 382(b) of the Energy Policy and Conservation Act (42 U.S.C. 6362(b)) shall not apply to actions of the Commission under this subsection.
