#### CONGRESSIONAL FINDINGS OF MICROLENDING EXPANSION ACT OF 1992

Section 112 of Pub. L. 102-366 provided that: “The Congress finds that—

“(1) nationwide, there are many individuals who possess skills that, with certain short-term assistance, could enable them to become successfully self-employed;

“(2) many talented and skilled individuals who are employed in low-wage occupations could, with suffi-

cient opportunity, start their own small business concerns, which could provide them with an improved standard of living;

“(3) most such individuals have little or no savings, a nonexistent or poor credit history, and no access to credit or capital with which to start a business venture;

“(4) women, minorities, and individuals residing in areas of high unemployment and high levels of poverty have particular difficulty obtaining access to credit or capital;

“(5) providing such individuals with small-scale, short-term financial assistance in the form of microloans, together with intensive marketing, management, and technical assistance, could enable them to start or maintain small businesses, to become self-sufficient, and to raise their standard of living;

“(6) banking institutions are reluctant to provide such assistance because of the administrative costs associated with processing and servicing the loans and because they lack experience in providing the type of marketing, management, and technical assistance needed by such borrowers;

“(7) many organizations that have had successful experiences in providing microloans and marketing, management, and technical assistance to such borrowers exist throughout the Nation; and

“(8) loans from the Federal Government to intermediaries for the purpose of relending to start-up, newly established and growing small business concerns are an important catalyst to attract private sector participation in microlending.”

“(b) PRECEDENTIAL VALUE OF PRIOR DECISIONS.—A decision issued under section 7(j)(11)(F)(vii) of the Small Business Act that is issued prior to the date of enactment of this Act [Sept. 4, 1992] shall not have value as precedent in deciding any subsequent protest until such time as the decision is published in full text.”

**CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSES OF PUB. L. 100-656**

Section 101 of Pub. L. 100-656 provided that:

“(a) FINDINGS.—The Congress finds that—

“(1) the Capital Ownership Development Program administered by the Small Business Administration and the award of contracts pursuant to section 8(a) of the Small Business Act [15 U.S.C. 637(a)] remain a primary tool for improving opportunities for small business concerns owned and controlled by socially and economically disadvantaged individuals in the Federal procurement process and bringing such concerns into the nation’s economic mainstream;

“(2) although some progress has resulted from the Program, it has generally failed to meet its objectives, which remain as valid now as when the Program was initiated;

“(3) too few concerns that have exited the Program have been prepared to compete successfully in the open marketplace on competitive procurements, and many concerns have developed an unhealthy dependency on sole-source contracts by the time they are required to leave the Program;

“(4) the application and certification process for admitting new participants to the Program is inordinately lengthy and burdensome;

“(5) the Administration has often not efficiently and equitably administered and managed the Program in a manner that provided clear lines of responsibility for implementing and monitoring many of the administrative duties under the Program;

“(6) the Administration and some program participants have given insufficient attention and support to the business development goals of the Program and instead have focused almost entirely on the size of contract awards or the number of firms certified to participate in the Program;

“(7) many Federal procuring agencies have failed to identify and offer the necessary amount of contract support in order to allow for diversification and growth of disadvantaged businesses participating in the Program;

“(8) contract support as well as business development expenses have been misused both by the Administration and Program participants and have not been equitably distributed pursuant to objective criteria;

“(9) the widespread perception of undue political influence in the operation and administration of the Program has significantly contributed to the Program’s poor image and has deterred utilization of the Program by socially and economically disadvantaged concerns and by Federal procuring agencies; and

“(10) it is imperative that increased competition and other substantial reforms be accomplished in the Program in order to promote the Congressionally mandated business development objectives and purposes.

“(b) PURPOSES.—The purposes of this Act [see Short Title of 1988 Amendment note set out under section 631 of this title] therefore are to—

“(1) affirm that the Capital Ownership Development Program and the section 8(a) [15 U.S.C. 637(a)] authority shall be used exclusively for business development purposes to help small businesses owned and controlled by the socially and economically disadvantaged to compete on an equal basis in the mainstream of the American economy;

“(2) affirm that the measure of success of the Capital Ownership Development Program, and the section 8(a) authority, shall be the number of competitive firms that exit the Program without being unreasonably reliant on section 8(a) contracts and that are able to compete on an equal basis in the mainstream of the American economy;

“(3) ensure that program benefits accrue to individuals who are both socially and economically disadvantaged;

“(4) increase the number of small businesses owned and controlled by such individuals from which the United States may purchase products and services (including construction work); and

“(5) ensure integrity, competence, and efficiency in the administration of business development services and the Federal contracting opportunities made available to eligible small businesses.”

“(b) PILOT PROGRAM.—(1) Within 180 days after the effective date of this subsection [Nov. 15, 1988] the Administrator shall designate three regions of the Administration to conduct a pilot program pursuant to the provisions of this subsection. The designated regions shall contain approximately 30 per centum of the total number of Program Participants as of the time of designation.

“(A) conduct contract negotiations on behalf of the Administration for contracts awarded pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) when performance will be rendered by one or more firms in such Specialist's assigned portfolio;

“(B) facilitate and otherwise assist such firms in negotiating for the receipt of contracts to be let pursuant to such section.

“(3) The Administration shall take such actions as may be appropriate to train and qualify such Specialists to perform the negotiations required pursuant to paragraph (2).

“(4) To the extent practicable, the Administrator shall ensure that the performance appraisal system applicable to a Business Opportunity Specialist employed in a region designated pursuant to paragraph (1) affords substantial recognition to how well such Specialist's assigned portfolio of concerns participating in the program established by section 7(j)(10) of the Small Business Act (15 U.S.C. 636(j)(10)) are achieving competitiveness and furthering the business development purposes of the program.

“(5) The Administration shall establish personnel positions for Business Opportunity Specialists employed in the regions designated pursuant to paragraph (1) that are classified at a grade level of the General Schedule that are sufficient, in the opinion of the Administrator, to attract and retain highly qualified personnel.

“(c) REPORT AND PILOT PROGRAM TERMINATION.—(1) Within 120 days after the termination of the pilot program conducted pursuant to subsection (b), the Administration shall issue a report to the Committees on Small Business of the Senate and of the House of Representatives [Committee on Small Business of Senate now Committee on Small Business and Entrepreneurship of Senate] on the effectiveness of the pilot. Such report shall contain such recommendations for administrative or legislative change as may be appropriate.

“(2) The pilot program conducted pursuant to subsection (b) shall be terminated three years after the date on which the Committees on Small Business of the Senate and of the House of Representatives [Committee on Small Business of Senate now Committee on Small Business and Entrepreneurship of Senate] receive written notification from the Administrator that the pilot is in full operation in each of the three designated pilot regions.”

### § 637. Additional powers

**(a) Procurement contracts; subcontracts to disadvantaged small business concerns; performance bonds; contract negotiations; definitions; eligibility; determinations; publication; recruitment; construction subcontracts; annual estimates; Indian tribes**

(1) It shall be the duty of the Administration and it is hereby empowered, whenever it determines such action is necessary or appropriate—

(A) to enter into contracts with the United States Government and any department, agency, or officer thereof having procurement powers obligating the Administration to furnish articles, equipment, supplies, services, or materials to the Government or to perform construction work for the Government. In any case in which the Administration certifies to any officer of the Government having procurement powers that the Administration is competent and responsible to perform any specific Government procurement contract to be let by any such officer, such officer shall be authorized in his discretion to let such procurement contract to the Administration upon such terms and conditions as may be agreed upon between the Administration and the procurement officer. Whenever the Administration and such procurement officer fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. Not later than 5 days from the date the Administration is notified of a procurement officer's adverse decision, the Administration may notify the contracting officer of the intent to appeal such adverse decision, and within 15 days of such date the Administrator shall file a written request for a reconsideration of the adverse decision with the Secretary of the department or agency head. For the purposes of this subparagraph, a procurement officer's adverse decision includes a decision not to make available for award pursuant to this subsection a particular procurement requirement or the failure to agree on the terms and conditions of a contract to be awarded noncompetitively under the authority of this subsection. Upon receipt of the notice of intent to appeal, the Secretary of the department or the agency head shall suspend further action regarding the procurement until a written decision on the Administrator's request for reconsideration has been issued by such Secretary or agency head, unless such officer makes a written determination that urgent and compelling circumstances which significantly affect interests of the United States will not permit waiting for a reconsideration of the adverse decision. If the Administrator's request for reconsideration is denied, the Secretary of the department or agency head shall specify the reasons why the selected firm was determined to be incapable to perform the procurement requirement, and the findings supporting such determination, which shall be made a part of the contract file for the requirement. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price;

(B) to arrange for the performance of such procurement contracts by negotiating or otherwise letting subcontracts to socially and economically disadvantaged small business concerns for construction work, services, or the manufacture, supply, assembly of such articles, equipment, supplies, materials, or parts thereof, or servicing or processing in connection therewith, or such management services as may be necessary to enable the Administration to perform such contracts;

(C) to make an award to a small business concern owned and controlled by socially and economically disadvantaged individuals which has completed its period of Program Participation as prescribed by section 636(j)(15) of this title, if—

(i) the contract will be awarded as a result of an offer (including price) submitted in response to a published solicitation relating to a competition conducted pursuant to subparagraph (D); and

(ii) the prospective contract awardee was a Program Participant eligible for award of the contract on the date specified for receipt of offers contained in the contract solicitation; and

(D)(i) A contract opportunity offered for award pursuant to this subsection shall be awarded on the basis of competition restricted to eligible Program Participants if—

(I) there is a reasonable expectation that at least two eligible Program Participants will submit offers and that award can be made at a fair market price, and

(II) the anticipated award price of the contract (including options) will exceed \$5,000,000 in the case of a contract opportunity assigned a standard industrial classification code for manufacturing and \$3,000,000 (including options) in the case of all other contract opportunities.

(ii) The Associate Administrator for Minority Small Business and Capital Ownership Development, on a nondelegable basis, is authorized to approve a request from an agency to award a contract opportunity under this subsection on the basis of a competition restricted to eligible Program Participants even if the anticipated award price is not expected to exceed the dollar amounts specified in clause (i)(II). Such approvals shall be granted only on a limited basis.

(2) Notwithstanding subsections (a), (b), and (e) of section 3131 of title 40, no small business concern shall be required to provide any amount of any bond as a condition of receiving any subcontract under this subsection if the Administrator determines that such amount is inappropriate for such concern in performing such contract: *Provided*, That the Administrator shall exercise the authority granted by the paragraph only if—

(A) the Administration takes such measures as it deems appropriate for the protection of persons furnishing materials and labor to a small business receiving any benefit pursuant to this paragraph;

(B) the Administration assists, insofar as practicable, a small business receiving the

benefits of this paragraph to develop, within a reasonable period of time, such financial and other capability as may be needed to obtain such bonds as the Administration may subsequently require for the successful completion of any program conducted under the authority of this subsection;

(C) the Administration finds that such small business is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue bond or bonds subject to the guarantee provisions of Title IV of the Small Business Investment Act of 1958 [15 U.S.C. 692 et seq.]; and

(D) the small business is determined to be a start-up concern and such concern has not been participating in any program conducted under the authority of this subsection for a period exceeding one year.

The authority to waive bonds provided in this paragraph (2) may not be exercised after September 30, 1988.

(3)(A) Any Program Participant selected by the Administration to perform a contract to be let noncompetitively pursuant to this subsection shall, when practicable, participate in any negotiation of the terms and conditions of such contract.

(B)(i) For purposes of paragraph (1) a "fair market price" shall be determined by the agency offering the procurement requirement to the Administration, in accordance with clauses (ii) and (iii).

(ii) The estimate of a current fair market price for a new procurement requirement, or a requirement that does not have a satisfactory procurement history, shall be derived from a price or cost analysis. Such analysis may take into account prevailing market conditions, commercial prices for similar products or services, or data obtained from any other agency. Such analysis shall consider such cost or pricing data as may be timely submitted by the Administration.

(iii) The estimate of a current fair market price for a procurement requirement that has a satisfactory procurement history shall be based on recent award prices adjusted to insure comparability. Such adjustments shall take into account differences in quantities, performance times, plans, specifications, transportation costs, packaging and packing costs, labor and materials costs, overhead costs, and any other additional costs which may be deemed appropriate.

(C) An agency offering a procurement requirement for potential award pursuant to this subsection shall, upon the request of the Administration, promptly submit to the Administration a written statement detailing the method used by the agency to estimate the current fair market price for such contract, identifying the information, studies, analyses, and other data used by such agency. The agency's estimate of the current fair market price (and any supporting data furnished to the Administration) shall not be disclosed to any potential offeror (other than the Administration).

(D) A small business concern selected by the Administration to perform or negotiate a contract to be let pursuant to this subsection may

request the Administration to protest the agency's estimate of the fair market price for such contract pursuant to paragraph (1)(A).

(4)(A) For purposes of this section, the term "socially and economically disadvantaged small business concern" means any small business concern which meets the requirements of subparagraph (B) and—

(i) which is at least 51 per centum unconditionally owned by—

(I) one or more socially and economically disadvantaged individuals,

(II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or

(III) an economically disadvantaged Native Hawaiian organization, or

(ii) in the case of any publicly owned business, at least 51 per centum of the stock of which is unconditionally owned by—

(I) one or more socially and economically disadvantaged individuals,

(II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or

(III) an economically disadvantaged Native Hawaiian organization.

(B) A small business concern meets the requirements of this subparagraph if the management and daily business operations of such small business concern are controlled by one or more—

(i) socially and economically disadvantaged individuals described in subparagraph (A)(i)(I) or subparagraph (A)(ii)(I),

(ii) members of an economically disadvantaged Indian tribe described in subparagraph (A)(i)(II) or subparagraph (A)(ii)(II), or

(iii) Native Hawaiian organizations described in subparagraph (A)(i)(III) or subparagraph (A)(ii)(III).

(C) Each Program Participant shall certify, on an annual basis, that it meets the requirements of this paragraph regarding ownership and control.

(5) Socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(6)(A) Economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. In determining the degree of diminished credit and capital opportunities the Administration shall consider, but not be limited to, the assets and net worth of such socially disadvantaged individual. In determining the economic disadvantage of an Indian tribe, the Administration shall consider, where available, information such as the following: the per capita income of members of the tribe excluding judgment awards, the percentage of the local Indian population below the poverty level, and the tribe's access to capital markets.

(B) Each Program Participant shall annually submit to the Administration—

(i) a personal financial statement for each disadvantaged owner;

(ii) a record of all payments made by the Program Participant to each of its disadvantaged owners or to any person or entity affiliated with such owners; and

(iii) such other information as the Administration may deem necessary to make the determinations required by this paragraph.

(C)(i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the standards to establish economic disadvantage pursuant to subparagraph (A) have not been met, the Administration shall conduct a review to determine whether such Program Participant and its disadvantaged owners continue to be impaired in their ability to compete in the free enterprise system due to diminished capital and credit opportunities when compared to other concerns in the same business area, which are not socially disadvantaged.

(ii) If the Administration determines, pursuant to such review, that a Program Participant and its disadvantaged owners are no longer economically disadvantaged for the purpose of receiving assistance under this subsection, the Program Participant shall be graduated pursuant to section 636(j)(10)(G) of this title subject to the right to a hearing as provided for under paragraph (9).

(D)(i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the amount of funds or other assets withdrawn from a Program Participant for the personal benefit of its disadvantaged owners or any person or entity affiliated with such owners may have been unduly excessive, the Administration shall conduct a review to determine whether such withdrawal of funds or other assets was detrimental to the achievement of the targets, objectives, and goals contained in such Program Participant's business plan.

(ii) If the Administration determines, pursuant to such review, that funds or other assets have been withdrawn to the detriment of the Program Participant's business, the Administration shall—

(I) initiate a proceeding to terminate the Program Participant pursuant to section 636(j)(10)(F) of this title, subject to the right to a hearing under paragraph (9); or

(II) require an appropriate reinvestment of funds or other assets and such other steps as the Administration may deem necessary to ensure the protection of the concern.

(E) Whenever the Administration computes personal net worth for any purpose under this paragraph, it shall exclude from such computation—

(i) the value of investments that disadvantaged owners have in their concerns, except that such value shall be taken into account under this paragraph when comparing such concerns to other concerns in the same business area that are owned by other than socially disadvantaged persons;

(ii) the equity that disadvantaged owners have in their primary personal residences, except that any portion of such equity that is attributable to unduly excessive withdrawals from a Program Participant or a concern applying for program participation shall be taken into account.

(7)(A) No small business concern shall be deemed eligible for any assistance pursuant to this subsection unless the Administration determines that with contract, financial, technical, and management support the small business concern will be able to perform contracts which may be awarded to such concern under paragraph (1)(C) and has reasonable prospects for success in competing in the private sector.

(B) Limitations established by the Administration in its regulations and procedures restricting the award of contracts pursuant to this subsection to a limited number of standard industrial classification codes in an approved business plan shall not be applied in a manner that inhibits the logical business progression by a participating small business concern into areas of industrial endeavor where such concern has the potential for success.

(8) All determinations made pursuant to paragraph (5) with respect to whether a group has been subjected to prejudice or bias shall be made by the Administrator after consultation with the Associate Administrator for Minority Small Business and Capital Ownership Development. All other determinations made pursuant to paragraphs (4), (5), (6), and (7) shall be made by the Associate Administrator for Minority Small Business and Capital Ownership Development under the supervision of, and responsible to, the Administrator.

(9)(A) Subject to the provisions of subparagraph (E), the Administration, prior to taking any action described in subparagraph (B), shall provide the small business concern that is the subject of such action, an opportunity for a hearing on the record, in accordance with chapter 5 of title 5.

(B) The actions referred to in subparagraph (A) are—

(i) denial of program admission based upon a negative determination pursuant to paragraph (4), (5), or (6);

(ii) a termination pursuant to section 636(j)(10)(F) of this title;

(iii) a graduation pursuant to section 636(j)(10)(G) of this title; and

(iv) the denial of a request to issue a waiver pursuant to paragraph (21)(B).

(C) The Administration's proposed action, in any proceeding conducted under the authority of this paragraph, shall be sustained unless it is found to be arbitrary, capricious, or contrary to law.

(D) A decision rendered pursuant to this paragraph shall be the final decision of the Administration and shall be binding upon the Administration and those within its employ.

(E) The adjudicator selected to preside over a proceeding conducted under the authority of this paragraph shall decline to accept jurisdiction over any matter that—

(i) does not, on its face, allege facts that, if proven to be true, would warrant reversal or modification of the Administration's position;

- (ii) is untimely filed;
- (iii) is not filed in accordance with the rules of procedure governing such proceedings; or
- (iv) has been decided by or is the subject of an adjudication before a court of competent jurisdiction over such matters.

(F) Proceedings conducted pursuant to the authority of this paragraph shall be completed and a decision rendered, insofar as practicable, within ninety days after a petition for a hearing is filed with the adjudicating office.

(10) The Administration shall develop and implement an outreach program to inform and recruit small business concerns to apply for eligibility for assistance under this subsection. Such program shall make a sustained and substantial effort to solicit applications for certification from small business concerns located in areas of concentrated unemployment or underemployment or within labor surplus areas and within States having relatively few Program Participants and from small disadvantaged business concerns in industry categories that have not substantially participated in the award of contracts let under the authority of this subsection.

(11) To the maximum extent practicable, construction subcontracts awarded by the Administration pursuant to this subsection shall be awarded within the county or State where the work is to be performed.

(12)(A) The Administration shall require each concern eligible to receive subcontracts pursuant to this subsection to annually prepare and submit to the Administration a capability statement. Such statement shall briefly describe such concern's various contract performance capabilities and shall contain the name and telephone number of the Business Opportunity Specialist assigned such concern. The Administration shall separate such statements by those primarily dependent upon local contract support and those primarily requiring a national marketing effort. Statements primarily dependent upon local contract support shall be disseminated to appropriate buying activities in the marketing area of the concern. The remaining statements shall be disseminated to the Directors of Small and Disadvantaged Business Utilization for the appropriate agencies who shall further distribute such statements to buying activities with such agencies that may purchase the types of items or services described on the capability statements.

(B) Contracting activities receiving capability statements shall, within 60 days after receipt, contact the relevant Business Opportunity Specialist to indicate the number, type, and approximate dollar value of contract opportunities that such activities may be awarding over the succeeding 12-month period and which may be appropriate to consider for award to those concerns for which it has received capability statements.

(C) Each executive agency reporting to the Federal Procurement Data System contract actions with an aggregate value in excess of \$50,000,000 in fiscal year 1988, or in any succeeding fiscal year, shall prepare a forecast of expected contract opportunities or classes of contract opportunities for the next and succeeding

fiscal years that small business concerns, including those owned and controlled by socially and economically disadvantaged individuals, are capable of performing. Such forecast shall be periodically revised during such year. To the extent such information is available, the agency forecasts shall specify:

(i) The approximate number of individual contract opportunities (and the number of opportunities within a class).

(ii) The approximate dollar value, or range of dollar values, for each contract opportunity or class of contract opportunities.

(iii) The anticipated time (by fiscal year quarter) for the issuance of a procurement request.

(iv) The activity responsible for the award and administration of the contract.

(D) The head of each executive agency subject to the provisions of subparagraph (C) shall within 10 days of completion furnish such forecasts to—

(i) the Director of the Office of Small and Disadvantaged Business Utilization established pursuant to section 644(k) of this title for such agency; and

(ii) the Administrator.

(E) The information reported pursuant to subparagraph (D) may be limited to classes of items and services for which there are substantial annual purchases.

(F) Such forecasts shall be available to small business concerns.

(13) For purposes of this subsection, the term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (within the meaning of the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.]) which—

(A) is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians, or

(B) is recognized as such by the State in which such tribe, band, nation, group, or community resides.

(14)(A) A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees that—

(i) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern; and

(ii) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

(B) The Administrator may change the percentage under clause (i) or (ii) of subparagraph (A) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category. A percentage established under the preceding sentence may

not differ from a percentage established under section 644(o) of this title.

(C) The Administration shall establish, through public rulemaking, requirements similar to those specified in subparagraph (A) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph. The percentage applicable to any such requirement shall be determined in accordance with subparagraph (B), except that such a percentage may not differ from a percentage established under section 644(o) of this title for the same industry category.

(15) For purposes of this subsection, the term “Native Hawaiian Organization” means any community service organization serving Native Hawaiians in the State of Hawaii which—

(A) is a nonprofit corporation that has filed articles of incorporation with the director (or the designee thereof) of the Hawaii Department of Commerce and Consumer Affairs, or any successor agency,

(B) is controlled by Native Hawaiians, and

(C) whose business activities will principally benefit such Native Hawaiians.

(16)(A) The Administration shall award sole source contracts under this section to any small business concern recommended by the procuring agency offering the contract opportunity if—

(i) the Program Participant is determined to be a responsible contractor with respect to performance of such contract opportunity;

(ii) the award of such contract would be consistent with the Program Participant’s business plan; and

(iii) the award of the contract would not result in the Program Participant exceeding the requirements established by section 636(j)(10)(I) of this title.

(B) To the maximum extent practicable, the Administration shall promote the equitable geographic distribution of sole source contracts awarded pursuant to this subsection.

(iii) such volunteers shall in no way provide services to a client of such Administration with a delinquent loan outstanding, except upon a specific request signed by such client for assistance in connection with such matter.

(D) Notwithstanding any other provision of law, no payment for supportive services or reimbursement of out-of-pocket expenses made to persons serving pursuant to this paragraph shall be subject to any tax or charge or be treated as wages or compensation for the purposes of unemployment, disability, retirement, public assistance, or similar benefit payments, or minimum wage laws.

(B) If a Government procurement officer finds that an otherwise qualified small business concern may be ineligible due to the provisions of section 35(a)<sup>4</sup> of title 41, he shall notify the Administration in writing of such finding. The Administration shall review such finding and shall either dismiss it and certify the small business concern to be an eligible Government contractor for a specific Government contract or if it concurs in the finding, forward the matter to the Secretary of Labor for final disposition, in which case the Administration may certify the small business concern only if the Secretary of Labor finds the small business concern not to be in violation.

AMENDMENTS

2004—Par. (2). Pub. L. 108-271 substituted “Government Accountability Office” for “General Accounting Office”.

**§ 638. Research and development**

**(a) Declaration of policy**

Research and development are major factors in the growth and progress of industry and the national economy. The expense of carrying on research and development programs is beyond the means of many small-business concerns, and such concerns are handicapped in obtaining the benefits of research and development programs conducted at Government expense. These small-business concerns are thereby placed at a competitive disadvantage. This weakens the com-

petitive free enterprise system and prevents the orderly development of the national economy. It is the policy of the Congress that assistance be given to small-business concerns to enable them to undertake and to obtain the benefits of research and development in order to maintain and strengthen the competitive free enterprise system and the national economy.

**(b) Assistance to small-business concerns**

It shall be the duty of the Administration, and it is empowered—

- (1) to assist small-business concerns to obtain Government contracts for research and development;

- (2) to assist small-business concerns to obtain the benefits of research and development performed under Government contracts or at Government expense;

- (3) to provide technical assistance to small-business concerns to accomplish the purposes of this section; and<sup>1</sup>

- (4) to develop and maintain a source file and an information program to assure each qualified and interested small business concern the opportunity to participate in Federal agency small business innovation research programs and small business technology transfer programs;

- (5) to coordinate with participating agencies a schedule for release of SBIR and STTR solicitations, and to prepare a master release schedule so as to maximize small businesses’ opportunities to respond to solicitations;

- (6) to independently survey and monitor the operation of SBIR and STTR programs within participating Federal agencies;

- (7) to report not less than annually to the Committee on Small Business of the Senate, and to the Committee on Science and the Committee on Small Business of the House of Representatives, on the SBIR and STTR programs of the Federal agencies and the Administration’s information and monitoring efforts related to the SBIR and STTR programs, including the data on output and outcomes collected pursuant to subsections (g)(10), (o)(9), and (o)(15) of this section, the number of proposals received from, and the number and total amount of awards to, HUBZone small business concerns under each of the SBIR and STTR programs, and a description of the extent to which Federal agencies are providing in a timely manner information needed to maintain the database described in subsection (k) of this section; and

- (8) to provide for and fully implement the tenets of Executive Order No. 13329 (Encouraging Innovation in Manufacturing).

**(c) Consultation and cooperation with Government agencies; studies and recommendations**

The Administration is authorized to consult and cooperate with all Government agencies and to make studies and recommendations to such agencies, and such agencies are authorized and directed to cooperate with the Administration in order to carry out and to accomplish the purposes of this section.

<sup>1</sup> So in original. The word “and” probably should not appear.

**(d) Joint programs; approval of agreements; withdrawal of approval; publication in Federal Register**

(1) The Administrator is authorized to consult with representatives of small-business concerns with a view to assisting and encouraging such firms to undertake joint programs for research and development carried out through such corporate or other mechanism as may be most appropriate for the purpose. Such joint programs may, among other things, include the following purposes:

(A) to construct, acquire, or establish laboratories and other facilities for the conduct of research;

(B) to undertake and utilize applied research;

(C) to collect research information related to a particular industry and disseminate it to participating members;

(D) to conduct applied research on a protected, proprietary, and contractual basis with member or nonmember firms, Government agencies, and others;

(E) to prosecute applications for patents and render patent services for participating members; and

(F) to negotiate and grant licenses under patents held under the joint program, and to establish corporations designed to exploit particular patents obtained by it.

(2) The Administrator may, after consultation with the Attorney General and the Chairman of the Federal Trade Commission, and with the prior written approval of the Attorney General, approve any agreement between small-business firms providing for a joint program of research and development, if the Administrator finds that the joint program proposed will maintain and strengthen the free enterprise system and the economy of the Nation. The Administrator or the Attorney General may at any time withdraw his approval of the agreement and the joint program of research and development covered thereby, if he finds that the agreement or the joint program carried on under it is no longer in the best interests of the competitive free enterprise system and the economy of the Nation. A copy of the statement of any such finding and approval intended to be within the coverage of this subsection, and a copy of any modification or withdrawal of approval, shall be published in the Federal Register. The authority conferred by this subsection on the Administrator shall not be delegated by him.

(3) No act or omission to act pursuant to and within the scope of any joint program for research and development, under an agreement approved by the Administrator under this subsection, shall be construed to be within the prohibitions of the antitrust laws or the Federal Trade Commission Act [15 U.S.C. 41 et seq.]. Upon publication in the Federal Register of the notice of withdrawal of his approval of the agreement granted under this subsection, either by the Administrator or by the Attorney General, the provisions of this subsection shall not apply to any subsequent act or omission to act by reason of such agreement or approval.

#### CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSE: SMALL BUSINESS INNOVATION DEVELOPMENT ACT OF 1982

Section 2 of Pub. L. 97-219 provided that:

“(1) technological innovation creates jobs, increases productivity, competition, and economic growth, and is a valuable counterforce to inflation and the United States balance-of-payments deficit;

“(2) while small business is the principal source of significant innovations in the Nation, the vast majority of federally funded research and development is conducted by large businesses, universities, and Government laboratories; and

“(3) small businesses are among the most cost-effective performers of research and development and are particularly capable of developing research and development results into new products.

“(b) Therefore, the purposes of the Act [amending this section] are—

“(1) to stimulate technological innovation;

“(2) to use small business to meet Federal research and development needs;

“(3) to foster and encourage participation by minority and disadvantaged persons in technological innovation; and

“(4) an analysis of the extent to which awards in the first phase of the SBIR program are made to small business concerns that have received more than 15 second phase awards under the SBIR program in the preceding 5 fiscal years, considering—

“(A) the extent to which such concerns were able to secure Federal or private sector follow-on funding;

“(B) the extent to which the research developed under such awards was commercialized; and

“(C) the amount of commercialization of research developed under such awards, as compared to the amount of commercialization of SBIR research for the entire SBIR program;

“(5) the results of periodic random audits of the extramural budget of each such Federal agency;

“(6) a review of the extent to which the purposes of this title [see Short Title of 1992 Amendments note set out under section 631 of this title] and the Small Business Innovation Development Act of 1982 [see Short Title of 1982 Amendment note set out under section 631 of this title] have been met with regard to fostering and encouraging the participation of women-owned small business concerns and socially and economically disadvantaged small business concerns (as defined in the Small Business Act [15 U.S.C. 631 et seq.]) in technological innovation, in general, and the SBIR program, in particular;

#### EX. ORD. NO. 11518. INCREASED REPRESENTATION OF INTERESTS OF SMALL BUSINESS CONCERNS BEFORE GOVERNMENT DEPARTMENTS AND AGENCIES

Ex. Ord. No. 11518, Mar. 20, 1970, 35 F.R. 4939, provided: WHEREAS the policy of the Government of the United States is to insure the continuance of a strong and healthy free enterprise system; and

WHEREAS the existence of a strong and healthy free enterprise system is directly related to the well being and competitive strength of small business concerns and their opportunities for free entry into business, growth, and expansion; and

WHEREAS the departments and agencies of the United States Government exercise, through their regulatory and other programs and practices, a significant influence on the well being and competitive strength of business concerns, particularly minority-owned business concerns, and their opportunities for free entry into business, growth and expansion; and

WHEREAS members of minority groups traditionally have aspired to own their own businesses and thereby to participate in our free enterprise system; and

WHEREAS members of certain minority groups through no fault of their own have been denied the full opportunity to achieve these aspirations; and

WHEREAS the policy of the Executive Branch of the United States Government continues to be, as was described by President Dwight D. Eisenhower, “to strive to eliminate obstacles to the growth of small business”; and

WHEREAS the Small Business Act (72 Stat. 384, 15 U.S.C. 631) declares the Congressional policy that the United States Government should aid, counsel, assist and protect, insofar as is possible, the interests of small business concerns; and

WHEREAS the Small Business Administration is the agency within the Executive Branch of the United States Government especially responsible for and with an established program of advocacy in matters relating to small business; and

WHEREAS section 8(b)(12) of the Small Business Act (72 Stat. 391, 15 U.S.C. 637(b)(12)) empowers the Small Business Administration to consult and cooperate with all Government agencies for the purpose of insuring that small business concerns receive fair and reasonable treatment from such agencies, and section 10(f) of that Act (72 Stat. 393, 15 U.S.C. 639(f)) requires each department and agency of the Federal Government, when requested by the Administrator of the Small Business Administration, to consult and cooperate with the Administration in the formulation by such department or agency of policies affecting small business concerns, in order to insure that small business interests will be recognized, protected, and preserved:

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States and in furtherance of the purpose and policy of the Small Business Act, it is ordered as follows:

SECTION 1. The Small Business Administration, as the spokesman for and advocate of the small business com-

munity, shall advise and counsel small business concerns in their dealings with the departments and agencies of the United States Government to the end that the views of small business concerns will be fully heard, their rights fully protected, and their valid interests fully advanced.

SEC. 2. Departments and agencies of the Executive Branch of the United States Government shall call upon the Small Business Administration for advice, guidance, and assistance when considering matters which reasonably can be construed as materially affecting the well being or competitive strength of small business concerns or their opportunities for free entry into business, growth, or expansion. In taking action on such matters, these departments and agencies shall act in a manner calculated to advance the valid interests of small business concerns.

SEC. 3. The Small Business Administration, whenever it determines that the valid interests of small business concerns so warrant, shall take such action as may be appropriate to insure the timely presentation to departments and agencies of the United States Government of matters materially affecting the well being or competitive strength of small business concerns or their opportunities for free entry into business, growth, or expansion. To this end, the Small Business Administration may participate in investigations, hearings, or other proceedings pending before such departments or agencies and submit evidence, briefs, and arguments in accordance with, and to the extent permitted by, the department's or agency's rules of practice and procedure.

SEC. 4. In performing the responsibilities and duties placed on it by this order, the Small Business Administration shall particularly consider the needs and interests of minority-owned small business concerns and of members of minority groups seeking entry into the business community.

SEC. 5. Nothing in this order shall be construed to authorize the Small Business Administration to act as an attorney for an individual concern in any investigation, hearing, or other proceeding pending before any department or agency of the United States Government. Nothing in this order shall be construed to subject any department or agency to the authority of any other department or agency, to affect the present authority of any department or agency to participate in the proceedings of another department or agency, or to affect the authority of the Attorney General under 28 U.S.C. 519.

SEC. 6. The term "small business concern" as used in this order shall have the same meaning as in the Small Business Act.

RICHARD NIXON.

#### **§ 639a. Review of loan program; submission of estimated needs for additional authorization**

It is the sense of the Congress that the regular business loan program of the Small Business Administration should be reviewed by the Congress at least once every two years. It is further the sense of the Congress that the Small Business Administration should submit its estimated needs for additional authorization for such program to the Congress at least one year in advance of the date on which such authorization is to be provided, in order to assure an orderly and recurring review of such program and to avoid emergency appeals for additional authorization. Compliance by the Small Business Administration with the foregoing policy will enable the Congress on and after July 25, 1962, to provide additional authorization for such program on a two-year basis.

**§ 644. Awards or contracts**

**(a) Determination**

To effectuate the purposes of this chapter, small-business concerns within the meaning of this chapter shall receive any award or contract or any part thereof, and be awarded any con-

tract for the sale of Government property, as to which it is determined by the Administration and the contracting procurement or disposal agency (1) to be in the interest of maintaining or mobilizing the Nation's full productive capacity, (2) to be in the interest of war or national defense programs, (3) to be in the interest of assuring that a fair proportion of the total purchases and contracts for property and services for the Government in each industry category are placed with small-business concerns, or (4) to be in the interest of assuring that a fair proportion of the total sales of Government property be made to small-business concerns; but nothing contained in this chapter shall be construed to change any preferences or priorities established by law with respect to the sale of electrical power or other property by the Government or any agency thereof. These determinations may be made for individual awards or contracts or for classes of awards or contracts. If a proposed procurement includes in its statement of work goods or services currently being performed by a small business, and if the proposed procurement is in a quantity or estimated dollar value the magnitude of which renders small business prime contract participation unlikely, or if a proposed procurement for construction seeks to package or consolidate discrete construction projects, or the solicitation involves an unnecessary or unjustified bundling of contract requirements, as determined by the Administration, the Procurement Activity shall provide a copy of the proposed procurement to the Procurement Activity's Small Business Procurement Center Representative at least 30 days prior to the solicitation's issuance along with a statement explaining (1) why the proposed acquisition cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement, (2) why delivery schedules cannot be established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government, (3) why the proposed acquisition cannot be offered so as to make small business participation likely, (4) why construction cannot be procured as separate discrete projects, or (5) why the agency has determined that the bundled contract (as defined in section 632(o) of this title) is necessary and justified. The thirty-day notification process shall occur concurrently with other processing steps required prior to issuance of the solicitation. Within 15 days after receipt of the proposed procurement and accompanying statement, if the Procurement Center Representative believes that the procurement as proposed will render small business prime contract participation unlikely, the Representative shall recommend to the Procurement Activity alternative procurement methods which would increase small business prime contracting opportunities. Whenever the Administration and the contracting procurement agency fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. For purposes of clause (3) of the first sentence of this subsection, an industry category is a discrete group of similar

goods and services. Such groups shall be determined by the Administration in accordance with the definition of a "United States industry" under the North American Industry Classification System, as established by the Office of Management and Budget, except that the Administration shall limit such an industry category to a greater extent than provided under such classification codes if the Administration receives evidence indicating that further segmentation for purposes of this paragraph is warranted due to special capital equipment needs or special labor or geographic requirements or to recognize a new industry. A market for goods or services may not be segmented under the preceding sentence due to geographic requirements unless the Government typically designates the area where work for contracts for such goods or services is to be performed and Government purchases comprise the major portion of the entire domestic market for such goods or services and, due to the fixed location of facilities, high mobilization costs, or similar economic factors, it is unreasonable to expect competition from business concerns located outside of the general areas where such concerns are located. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price.

**(b) Placement of contracts by contracting procurement agency**

With respect to any work to be performed the amount of which would exceed the maximum amount of any contract for which a surety may be guaranteed against loss under section 694b of this title, the contracting procurement agency shall, to the extent practicable, place contracts so as to allow more than one small business concern to perform such work.

**(c) Programs for blind and handicapped individuals**

(1) As used in this subsection:

(A) The term "Committee" means the Committee for Purchase From People Who Are Blind or Severely Disabled established under section 46 of title 41.

(B) The term "public or private organization for the handicapped" has the same meaning given such term in section 632(e) of this title.

(C) The term "handicapped individual" has the same meaning given such term in section 632(f) of this title.

(2)(A) During fiscal year 1995, public or private organizations for the handicapped shall be eligible to participate in programs authorized under this section in an aggregate amount not to exceed \$40,000,000.

(B) None of the amounts authorized for participation by subparagraph (A) may be placed on the procurement list maintained by the Committee pursuant to section 47 of title 41.

(3) The Administrator shall monitor and evaluate such participation.

(4)(A) Not later than ten days after the announcement of a proposed award of a contract by an agency or department to a public or private organization for the handicapped, a for-profit small business concern that has experi-

enced or is likely to experience severe economic injury as the result of the proposed award may file an appeal of the proposed award with the Administrator.

(B) If such a concern files an appeal of a proposed award under subparagraph (A) and the Administrator, after consultation with the Executive Director of the Committee, finds that the concern has experienced or is likely to experience severe economic injury as the result of the proposed award, not later than thirty days after the filing of the appeal, the Administration shall require each agency and department having procurement powers to take such action as may be appropriate to alleviate economic injury sustained or likely to be sustained by the concern.

(5) Each agency and department having procurement powers shall report to the Office of Federal Procurement Policy each time a contract subject to paragraph (2)(A) is entered into, and shall include in its report the amount of the next higher bid submitted by a for-profit small business concern. The Office of Federal Procurement Policy shall collect data reported under the preceding sentence through the Federal procurement data system and shall report to the Administration which shall notify all such agencies and departments when the maximum amount of awards authorized under paragraph (2)(A) has been made during any fiscal year.

(6) For the purpose of this subsection, a contract may be awarded only if at least 75 per centum of the direct labor performed on each item being produced under the contract in the sheltered workshop or performed in providing each type of service under the contract by the sheltered workshop is performed by handicapped individuals.

(7) Agencies awarding one or more contracts to such an organization pursuant to the provisions of this subsection may use multiyear contracts, if appropriate.

#### **(d) Priority**

For purposes of this section priority shall be given to the awarding of contracts and the placement of subcontracts to small business concerns which shall perform a substantial proportion of the production on those contracts and subcontracts within areas of concentrated unemployment or underemployment or within labor surplus areas. Notwithstanding any other provision of law, total labor surplus area set-asides pursuant to Defense Manpower Policy Number 4 (32A C.F.R. Chapter 1) or any successor policy shall be authorized if the Secretary or his designee specifically determines that there is a reasonable expectation that offers will be obtained from a sufficient number of eligible concerns so that awards will be made at reasonable prices. As soon as practicable and to the extent possible, in determining labor surplus areas, consideration shall be given to those persons who would be available for employment were suitable employment available. Until such definition reflects such number, the present criteria of such policy shall govern.

#### **(e) Procurement strategies; contract bundling**

##### **(1) In general**

To the maximum extent practicable, procurement strategies used by the various agen-

cies having contracting authority shall facilitate the maximum participation of small business concerns as prime contractors, subcontractors, and suppliers.

#### **(2) Market research**

##### **(A) In general**

Before proceeding with an acquisition strategy that could lead to a contract containing consolidated procurement requirements, the head of an agency shall conduct market research to determine whether consolidation of the requirements is necessary and justified.

##### **(B) Factors**

For purposes of subparagraph (A), consolidation of the requirements may be determined as being necessary and justified if, as compared to the benefits that would be derived from contracting to meet those requirements if not consolidated, the Federal Government would derive from the consolidation measurably substantial benefits, including any combination of benefits that, in combination, are measurably substantial. Benefits described in the preceding sentence may include the following:

- (i) Cost savings.
- (ii) Quality improvements.
- (iii) Reduction in acquisition cycle times.
- (iv) Better terms and conditions.
- (v) Any other benefits.

##### **(C) Reduction of costs not determinative**

The reduction of administrative or personnel costs alone shall not be a justification for bundling of contract requirements unless the cost savings are expected to be substantial in relation to the dollar value of the procurement requirements to be consolidated.

#### **(3) Strategy specifications**

If the head of a contracting agency determines that a proposed procurement strategy for a procurement involves a substantial bundling of contract requirements, the proposed procurement strategy shall—

(A) identify specifically the benefits anticipated to be derived from the bundling of contract requirements;

(B) set forth an assessment of the specific impediments to participation by small business concerns as prime contractors that result from the bundling of contract requirements and specify actions designed to maximize small business participation as subcontractors (including suppliers) at various tiers under the contract or contracts that are awarded to meet the requirements; and

(C) include a specific determination that the anticipated benefits of the proposed bundled contract justify its use.

#### **(4) Contract teaming**

In the case of a solicitation of offers for a bundled contract that is issued by the head of an agency, a small-business concern may submit an offer that provides for use of a particular team of subcontractors for the perform-

ance of the contract. The head of the agency shall evaluate the offer in the same manner as other offers, with due consideration to the capabilities of all of the proposed subcontractors. If a small business concern teams under this paragraph, it shall not affect its status as a small business concern for any other purpose.

**(f) Repealed. Pub. L. 103-355, title VII, § 7101(a), Oct. 13, 1994, 108 Stat. 3367**

**(g) Goals for participation of small business concerns in procurement contracts**

(1) The President shall annually establish Government-wide goals for procurement contracts awarded to small business concerns, small business concerns owned and controlled by service-disabled<sup>1</sup> veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women. The Government-wide goal for participation by small business concerns shall be established at not less than 23 percent of the total value of all prime contract awards for each fiscal year. The Government-wide goal for participation by service-disabled veterans shall be established at not less than 3 percent of the total value of all prime contract and subcontract awards for each fiscal year. The Governmentwide goal for participation by qualified HUBZone small business concerns shall be established at not less than 1 percent of the total value of all prime contract awards for fiscal year 1999, not less than 1.5 percent of the total value of all prime contract awards for fiscal year 2000, not less than 2 percent of the total value of all prime contract awards for fiscal year 2001, not less than 2.5 percent of the total value of all prime contract awards for fiscal year 2002, and not less than 3 percent of the total value of all prime contract awards for fiscal year 2003 and each fiscal year thereafter. The Government-wide goal for participation by small business concerns owned and controlled by socially and economically disadvantaged individuals shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year. The Government-wide goal for participation by small business concerns owned and controlled by women shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year. Notwithstanding the Government-wide goal, each agency shall have an annual goal that presents, for that agency, the maximum practicable opportunity for small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to participate in the performance of contracts let by such agency. The Administration and the Administrator of the Of-

fice of Federal Procurement Policy shall, when exercising their authority pursuant to paragraph (2), insure that the cumulative annual prime contract goals for all agencies meet or exceed the annual Government-wide prime contract goal established by the President pursuant to this paragraph.

(2) The head of each Federal agency shall, after consultation with the Administration, establish goals for the participation by small business concerns, by small business concerns owned and controlled by service-disabled veterans, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women in procurement contracts of such agency. Goals established under this subsection shall be jointly established by the Administration and the head of each Federal agency and shall realistically reflect the potential of small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to perform such contracts and to perform subcontracts under such contracts. Whenever the Administration and the head of any Federal agency fail to agree on established goals, the disagreement shall be submitted to the Administrator of the Office of Federal Procurement Policy for final determination. For the purpose of establishing goals under this subsection, the head of each Federal agency shall make consistent efforts to annually expand participation by small business concerns from each industry category in procurement contracts of the agency, including participation by small business concerns owned and controlled by service-disabled veterans, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women. The head of each Federal agency, in attempting to attain such participation, shall consider—

(A) contracts awarded as the result of unrestricted competition; and

(B) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 637(a) of this title.

**(h) Reports to Administration; submittal of information to Congress**

(1) At the conclusion of each fiscal year, the head of each Federal agency shall report to the Administration on the extent of participation by small business concerns, small business concerns owned and controlled by veterans (including service-disabled veterans), qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in procurement contracts of such agency. Such reports shall contain appropriate justifications for failure to meet the goals established under subsection (g) of this section.

<sup>1</sup> So in original. Probably should be "service-disabled".

(2) The Administration shall annually compile and analyze the reports submitted by the individual agencies pursuant to paragraph (1) and shall submit them to the President and the Congress. The Administration's submission to the President shall include the following:

(A) The Government-wide goals for participation by small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women and the performance in attaining such goals.

(B) The goals in effect for each agency and the agency's performance in attaining such goals.

(C) An analysis of any failure to achieve the Government-wide goals or any individual agency goals and the actions planned by such agency (and approved by the Administration) to achieve the goals in the succeeding fiscal year.

(D) The number and dollar value of contracts awarded to small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women through—

- (i) noncompetitive negotiation,
- (ii) competition restricted to small business concerns owned and controlled by socially and economically disadvantaged individuals,
- (iii) competition restricted to small business concerns, qualified HUBZone small business concerns, and
- (iv) unrestricted competitions,

for each agency and on a Government-wide basis.

(G) review the systems that account for the acquisition and management of technical data within the procurement center to assure that such systems provide the maximum availability and access to data needed for the preparation of offers to sell to the United States those supplies to which such data pertain which potential offerors are entitled to receive.

(3) A breakout procurement center representative is authorized to appeal the failure to act favorably on any recommendation made pursuant to paragraph (2). Such appeal shall be filed and processed in the same manner and subject to the same conditions and limitations as an appeal filed by the Administrator pursuant to subsection (a) of this section.

Such sessions shall acquaint the participants with the provisions of this subsection and shall instruct them in methods designed to further the purposes of such subsection.

(1) Each agency subject to the requirements of section 2323 of title 10 shall, when implementing such requirements—

(B) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

(3) The Administration shall establish, through public rulemaking, requirements similar to those specified in paragraph (1) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such paragraph. quired by subsection (g) [amending section 717 of Pub. **“PART A—SHORT TITLE AND FINDINGS**

**“SEC. 701. SHORT TITLE.**

“This title [amending section 632 of this title and section 541 of former Title 40, Public Buildings, Property, and Works [now 40 U.S.C. 1102], enacting provisions set out as notes under sections 632 and 644 of this title, and amending provisions set out as a note under section 644 of this title] may be cited as the ‘Small Business Competitiveness Demonstration Program Act of 1988’.

**“SEC. 702. FINDINGS.**

“The Congress finds that—

“(1) many small business concerns have repeatedly demonstrated their ability to fulfill a broad range of Government requirements for products, services (including research, development, technical, and professional services), and construction, through the Federal procurement process;

“(2) various Congressional mandated reforms to the Federal procurement process, including the Competition in Contracting Act of 1984 [Pub. L. 98-369, div. B, title VII, see Tables for classification], the Defense Procurement Reform Act of 1984 [Pub. L. 98-525, title XII, see Tables for classification], and the Small Business and Federal Procurement Competition Enhancement Act of 1984 [Pub. L. 98-577, see Tables for classification], were designed to eliminate obstacles to competition and thereby to broaden small business participation; and

“(3) traditional agency efforts to implement the mandate for small business participation in a fair proportion of Federal procurements as required by section 15(a) of the Small Business Act [15 U.S.C. 644(a)] have resulted in—

“(A) a concentration of procurement contract awards in a limited number of industry categories, often dominated by small business concerns, through the use of set-asides, for the purpose of assuring the attainment of the agency’s overall small business contracting goals; and

“(B) inadequate efforts to expand small business participation in agency procurements of products or services which have historically demonstrated low rates of small business participation despite substantial potential for expanded small business participation.

**“PART B—DEMONSTRATION PROGRAM**

**“SEC. 711. SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM.**

“(a) **ESTABLISHMENT.**—There is established a Small Business Competitiveness Demonstration Program (hereafter referred to in this title as ‘the Program’) pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413) to provide for the testing of innovative procurement methods and procedures. The Administrator of Federal Procurement Policy shall designate the Administrator of the Small Business Administration as the executive agent responsible for conducting the test.

“(b) **PURPOSES.**—The purposes of the Program are to demonstrate whether—

“(1) the competitive capabilities of small business firms in certain industry categories will enable them to successfully compete on an unrestricted basis for Federal contracting opportunities,

“(2) the use of targeted goaling and management techniques by procuring agencies, in conjunction with the Small Business Administration, can expand small business participation in Federal contracting opportunities which have been historically low, despite adequate numbers of qualified small business contractors in the economy, and

“(3) expanded use of full and open competition, as specified by the Competition in Contracting Act of 1984 (10 U.S.C. 2302(3) and 41 U.S.C. 403(7)), adversely affects small business participation in certain industry categories, taking into consideration the numerical dominance of small firms, the size and scope of most contracting opportunities, and the competitive capabilities of small firms.

“(c) **PROGRAM TERM.**—The Program shall commence on January 1, 1989.

“(d) **APPLICATION.**—The Program shall apply to contract solicitations for the procurement of services in industry groups designated in section 717.

**“SEC. 712. ENHANCED SMALL BUSINESS PARTICIPATION GOALS.**

“(a) **ENHANCED GOALS FOR DESIGNATED INDUSTRY GROUPS.**—Each participating agency shall establish an annual small business participation goal that is 40 percent of the dollar value of the contract awards for each of the designated industry groups. In attaining its small business participation goal for contract awards for each of the designated industry groups, each participating agency shall make a good faith effort to assure that emerging small business concerns are awarded not less than 15 percent of the dollar value of the contract awards for each of the designated industry groups.

“(b) **SPECIAL ASSISTANCE FOR EMERGING SMALL BUSINESS CONCERNS.**—

“(1) **SMALL BUSINESS RESERVE.**—During the term of the Program, all contract opportunities in the industry groups designated in section 717 shall be reserved for exclusive competition among emerging small business concerns in accordance with the competition standard specified in section 15(j) of the Small Busi-

ness Act (15 U.S.C. 644(j)), if the estimated award value of the contract is equal to or less than the greater of:

“(A) \$25,000, or

“(B) such larger dollar amount established pursuant to paragraph (2).

“(2) ADJUSTMENTS TO THE SMALL BUSINESS RESERVE.—If the goal of awarding emerging small business concerns 15 percent of the total dollar value of contracts in a designated industry category is determined not to have been attained, upon the review of award data conducted in accordance with subsection (d)(1) of this section, the Administrator for Federal Procurement Policy, to ensure attainment of such goal, shall prescribe, on a semiannual basis, appropriate adjustments to the dollar threshold for contract opportunities in such designated industry category below which competition shall be conducted exclusively among emerging small business concerns.

“(3) SMALL BUSINESS SMALL PURCHASE RESERVE.—The requirements of this subsection dealing with the reserve amount shall apply notwithstanding the amount specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)).

“(4) EXCLUSION OF MODIFICATIONS TO EXISTING CONTRACTS ABOVE THE SMALL PURCHASE THRESHOLD.—Any modification or follow-on award to a contract having an initial award value in excess of \$25,000 shall not be subject to the limitations on competition required by this subsection.

“(c) TARGETING INDUSTRY CATEGORIES WITH LIMITED SMALL BUSINESS PARTICIPATION.—(1) Concurrent with the term of the Small Business Competitiveness Demonstration Program, the head of each participating agency shall implement a program to expand small business participation in the agency’s acquisition of selected products and services in 10 industry categories which have historically demonstrated low rates of small business participation. The products and services to be targeted for the small business participation expansion program and the special goals for such program, shall be developed in conjunction with the Administrator of the Small Business Administration, and shall be subject to the requirements of section 15(g) of the Small Business Act (15 U.S.C. 644(g)).

“(2) The products or services selected for the small business participation expansion program shall be drawn from industry categories that:

“(A) are the recipients of substantial purchases by the Federal Government;

“(B) have less than 10 percent of such annual purchases made from small business concerns; and

“(C) have significant amounts of small business productive capacity that have not been utilized by the Government.

“(3) In developing its small business participation expansion program, each participating agency shall:

“(A) prepare, and furnish to the Administration, a detailed, time-phased strategy (with incremental numerical goals); and

“(B) encourage and promote joint ventures, teaming agreements and other similar arrangements, which permit small business concerns to effectively compete for contract solicitations for which an individual small business concern would lack the requisite capacity or capability needed to establish responsibility for the award of a contract.

“(d) MONITORING AGENCY PERFORMANCE.—

“(1) Participating agencies shall monitor the attainment of their small business participation goals on an annual basis. An annual review by each participating agency shall be completed not later than January 31 of each year, based on the data for the preceding fiscal year, from October 1 through September 30.

“(2) All awards to small business concerns (including small business concerns owned and controlled by socially and economically disadvantaged individuals) shall be counted toward attainment of the goals specified in subsection (a) of this section.

“(3) Modifications to a participating agency’s solicitation practices, pursuant to section 713(b), shall be

made at the beginning of the fiscal year quarter following each review, if the rate of small business participation is less than 40 percent of the contract awards.

#### “SEC. 713. PROCUREMENT PROCEDURES.

“(a) FULL AND OPEN COMPETITION.—Except as provided in subsections (b) and (c), each contract opportunity with an anticipated value of more than \$25,000 for the procurement of services from firms in the designated industry groups (unless set aside pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 2323 of title 10, United States Code) shall be solicited on an unrestricted basis during the term of the Program, if the participating agency has attained its small business participation goal pursuant to section 712(a). Any regulatory requirements which are inconsistent with this provision shall be waived.

“(b) RESTRICTED COMPETITION.—If a participating agency has failed to attain its small business participation goal under section 712(a), subsequent contracting opportunities, which are in excess of the reserve thresholds specified pursuant to section 712(b) shall be solicited through a competition restricted to eligible small business concerns pursuant to section 15(a) of the Small Business Act (15 U.S.C. 644(a)) only at those buying activities of the participating agency that failed to attain the small business participation goal required by section 712(a). Upon determining that its contract awards to small business concerns again meet the goals required by section 712(a), a participating agency shall promptly resume the use of unrestricted solicitations pursuant to subsection (a). Such modifications in the participating agency’s solicitation practices shall be made as soon as practicable, but not later than the beginning of the quarter following completion of the review made pursuant to section 712(d) indicating that changes to solicitation practices are required.

“(c) RELATIONSHIP WITH THE COMPETITION IN CONTRACTING ACT OF 1984.—Subsections (a) and (b) shall not be construed to supersede the application of the Competition in Contracting Act of 1984 (98 Stat. 1175) [Pub. L. 98-369, div. B, title VII, see Tables for classification].

“(d) RELATIONSHIP TO OTHER APPLICABLE LAW.—Solicitations for the award of contracts for architectural and engineering services (including surveying and mapping) issued by a Military Department or a Defense agency shall comply with the requirements of subsections (a) and (b) of section 2855 of title 10, United States Code.

#### “SEC. 714. REPORTING.

“(a) AWARDS OF \$25,000 OR LESS.—During the term of the Small Business Competitiveness Demonstration Program, each award of \$25,000 or less made by a participating agency for the procurement of a service in any of the designated industry categories shall be reported to the Federal Procurement Data Center in the same manner as if the purchase were in excess of \$25,000.

“(b) SUBCONTRACTING ACTIVITY.—

“(1) SIMPLIFIED DATA COLLECTION SYSTEM.—The Administrator for Federal Procurement Policy shall develop and implement a simplified system to collect data on the participation of small business concerns (including small business concerns owned and controlled by socially and economically disadvantaged individuals) as other than prime contractors.

“(2) PARTICIPATING INDUSTRIES.—The system established under paragraph (1) shall be used to collect data regarding contracts for architectural and engineering services (including surveying and mapping). The Administrator for Federal Procurement Policy may expand such system to collect data regarding such other designated industry groups as deemed appropriate.

“(3) PARTICIPATING AGENCIES.—As part of the system established under paragraph (1) data shall be collected from—

“(A) the Environmental Protection Agency;

“(B) the National Aeronautics and Space Administration;

“(C) the United States Army Corps of Engineers (Civil Works); and

“(D) the Department of Energy.

The Administrator for Federal Procurement Policy may require the participation of additional departments or agencies from the list of participating agencies designated in section 718.

“(4) DETERMINING SMALL BUSINESS PARTICIPATION RATES.—The value of other than prime contract awards to small business concerns furnishing architectural and engineering services (including surveying and mapping) or other services in support of such contracts (or other services provided by small business concerns in other designated industry groups as may be designated for participation by the Administrator for Federal Procurement) shall be counted towards determining whether the small business participation goal required by section 712(a) has been attained.

“(5) DURATION.—The system described in subsection (a) shall be established not later than October 1, 1996 (or as soon as practicable thereafter on the first day of a subsequent quarter of fiscal year 1997), and shall terminate on September 30, 1997.

“(C) SIZE AND STATUS OF SMALL BUSINESS CONCERNS.—During the term of the Program, each participating agency shall collect data pertaining to the size of the small business concern and the status of the small business concern (as a small business concern owned and controlled by socially and economically disadvantaged individuals) receiving any award for the procurement of—

“(1) services in each of the designated industry groups; and

“(2) products or services from industry categories selected for participation in the small business participation expansion program, pursuant to section 712(c).

#### “SEC. 715. TEST PLAN AND POLICY DIRECTION.

“(a) TEST PLAN.—The Administrator for Federal Procurement Policy may further specify the manner and conduct of the test activities required by this title through a test plan issued pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413).

“(b) POLICY DIRECTION.—The Administrator for Federal Procurement Policy, in cooperation with the Administrator of the Small Business Administration, shall issue a policy directive (which shall be binding on all participating agencies) to ensure consistent Government-wide implementation of this title in the Federal Acquisition Regulation, title 48 of the Code of Federal Regulations, issued pursuant to the Office of Federal Procurement Policy Act [41 U.S.C. 401 et seq.].

#### “SEC. 716. REPORTS TO CONGRESS.

“(a) IN GENERAL.—Within 180 days after data for each of fiscal years 1991 through 2000 are available from the Federal Procurement Data Center, the Administrator of the Small Business Administration shall report the results of the Small Business Competitiveness Demonstration Program to the Committees on Small Business of the Senate and House of Representatives [Committee on Small Business of Senate now Committee on Small Business and Entrepreneurship of Senate], to the Committee on Governmental Affairs [now Committee on Homeland Security and Governmental Affairs] of the Senate, and to the Committee on Government Reform and Oversight [now Committee on Oversight and Government Reform] of the House of Representatives. The views of the Administrator of the Small Business Administration shall be included in the report.

“(b) ANALYSIS OF PROGRAM.—The report shall include a section prepared by the Administrator of the Small Business Administration specifying the cumulative results of the intensive goaling and management program conducted to expand small business participation in agency acquisitions of selected products and services.

“(c) RECOMMENDATIONS.—To the extent the results of the Program demonstrate sufficiently high small busi-

ness participation based on unrestricted contract competition in the designated industry groups, the report to be submitted during calendar year 1997 shall include recommendations (if appropriate) for changes in legislation or modifications of procurement regulations aimed at increasing reliance on unrestricted competition if high rates of small business participation in the Federal procurement market can be maintained.

#### “SEC. 717. DESIGNATED INDUSTRY GROUPS.

“(a) IN GENERAL.—For the purposes of participation in this Program, the designated industry groups are—

“(1) construction (excluding dredging);

“(2) refuse systems and related services;

“(3) architectural and engineering services (including surveying and mapping);

“(4) non-nuclear ship repair; and

“(5) landscaping and pest control services.

“(b) CONSTRUCTION.—Construction shall include contract awards assigned one of the standard industrial classification codes or North American Industrial Classification Codes that comprise—

“(1) Major Group 15 (Building Construction—General Contractors and Operative Builders),

[now 40 U.S.C. 1101 to 1104].

“(f) ALTERNATIVE DATA.—In the event that standard industrial classification codes or North American Industrial Classification Codes are not assigned to individual contract awards reported to the Federal Procurement Data Center by January 1, 1989, the Program may be conducted on the basis of the product and service codes used to report data pertaining to such contract awards, related to the maximum practicable extent to the standard industrial classification code or North American Industrial Classification Code for the service being provided by the contractor.

The Administrator for Federal Procurement Policy is authorized to require any participating agencies to report separately in any manner deemed appropriate to enhance the attainment of the test activities authorized by this title.

“(d) **SMALL BUSINESS PARTICIPATION.**—‘Small business participation’ shall include the aggregate dollar value of every procurement contract award made to a small business concern, without regard to whether such award was based on restricted or unrestricted competition, or was made on a sole source basis.

“(e) **STANDARD INDUSTRIAL CLASSIFICATION CODE.**—‘Standard industrial classification code’ means a four digit code assigned to an industry category in the Standard Industrial Classification Manual published by the Office of Management and Budget in effect on the date of enactment of this Act [Nov. 15, 1988].

“PART C—ALTERNATIVE PROGRAM FOR CLOTHING AND TEXTILES

“SEC. 721. ALTERNATIVE PROGRAM FOR CLOTHING AND TEXTILES.

“(a) **ESTABLISHMENT.**—Subject to the requirements of subsection (b), of the total dollar amount of contracts for each standard industrial classification code for clothing and textiles awarded by the Defense Logistics Agency for each of the fiscal years 1989, 1990, and 1991:

“(1) To the maximum extent practicable, 50 percent shall not be restricted by the size status of the competing business concerns.

“(2) To the maximum extent practicable, 50 percent shall be made available for award pursuant to—

“(A) section 8(a) of the Small Business Act (15 U.S.C. 637(a));

“(B) section 2323 of title 10, United States Code; and

“(C) section 15(a) of the Small Business Act (15 U.S.C. 644(a)), if the criteria for such awards are met pursuant to part 19.5 (Set-Asides for Small Business) of title 48, Code of Federal Regulations, as in effect on September 1, 1988.

“(b) **COMPUTATION.**—In order to calculate the percent limitation established pursuant to subsection (a), the Department may establish, after consultation with the Small Business Administration, major groupings of standard industrial classification codes that are closely related and apply such limitations to such groupings.

“(c) **PROGRAM TERM.**—The Program shall commence on January 1, 1989, and terminate on September 30, 1996.

“(d) **REPORT.**—The Secretary of Defense shall issue reports to the Congress on the operations of the program established pursuant to this section. Such reports shall detail the effects of the program on the mobilization base and on small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals. Interim reports shall be submitted every 6 months during the term of the program to the Committees on Armed Services and Small Business of the House of Representatives and the Senate.

“SEC. 722. EXPANDING SMALL BUSINESS PARTICIPATION IN DREDGING.

“(a) **ESTABLISHMENT.**—The Secretary of the Army (hereafter in this section referred to as the ‘Secretary’) shall conduct a program to expand the participation of

small business concerns and emerging small business concerns in contracting opportunities for dredging solicited on or after January 1, 1989, commencing on October 1, 1989.

“(b) **ENHANCED GOALS.**—Of the aggregate value of all suitable contracts for dredging, the Department of the Army (hereafter in this section referred to as the ‘Department’) shall make every reasonable effort to award to small business concerns:

“(1) 20 percent during fiscal year 1989, including 5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

“(2) 25 percent during fiscal year 1990, including 7.5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

“(3) 30 percent during fiscal year 1991, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

“(4) 30 percent during fiscal year 1992, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns; and

“(5) not less than 20 percent during fiscal year 1993, and each subsequent year during the term of the program, including not less than 5 percent of the dollar value of suitable contracts that shall be reserved for emerging small business concerns.

The total value of contracts to be performed exclusively through the use of so-called dustpan dredges or seagoing hopper dredges is deemed to be generally unsuitable for performance by small business concerns and is to be excluded in calculating whether the rates of small business participation specified in subsection (b) have been attained.

“(c) **CONTRACT AWARD PROCEDURES.**—(1) Except as provided in paragraphs (3) and (4), the Department shall solicit and award contracts for dredging through full and open competition in conformity with section 2304 of title 10, United States Code, section 15 of the Small Business Act (15 U.S.C. 644), and the implementing procurement regulations promulgated in conformity with section 6 of the Office of Federal Procurement Policy Act (41 U.S.C. 405). Nothing herein shall impair the award of contracts pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 2323 of title 10, United States Code.

“(2) Prior to making a determination to restrict a solicitation for the performance of a dredging contract for exclusive competition among 2 or more eligible small business concerns in accordance with section 19.5 of the Governmentwide Federal Procurement Regulation (48 C.F.R. 19.5, or any successor thereto), the contracting officer shall make a determination that each anticipated offeror is a responsible source (as defined under section 4(7) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(7))) and has (or can demonstrate the capability to obtain) the specialized dredging equipment deemed necessary to perform the work to be required in accordance with the schedule to be specified in the solicitation.

“(3) Contracting opportunities for dredging shall be reserved for competition among emerging small business concerns if their estimated award value is below an amount to be specified by the Administrator for Federal Procurement Policy (hereafter in this section referred to as the ‘Administrator’), upon the recommendation of the Secretary. Such reserve amount shall be established by the Administrator at the start of the program at a level which can reasonably be expected to result in the Department attaining the applicable participation goal for emerging small business concerns. Such reserve threshold shall be reviewed by the Secretary and adjusted by the Administrator to the extent necessary on a semiannual basis beginning after the end of the second quarter of fiscal year 1989 on the basis of the aggregate of contract awards for the four fiscal year quarters preceding the date of the review.

“(4) The Secretary shall restrict for competition among all eligible small business concerns such additional contracting opportunities for dredging in such numbers and at such estimated award values as can

reasonably be expected to result in the Department exceeding the applicable participation goal for small business concerns generally.

“(d) ACQUISITION STRATEGIES TO FOSTER SMALL BUSINESS PARTICIPATION.—(1) In attaining the goals for participation by small business concerns and emerging small business concerns, the Secretary is encouraged to:

“(A) specify contract requirements and contractual terms and conditions that are conducive to competition by small business concerns and emerging small business concerns, consistent with the mission or program requirements of the Department;

“(B) foster joint ventures, teaming agreements, and other similar arrangements, which permit small business concerns to effectively compete for contract opportunities for which an individual firm would lack the requisite capacity or capability needed to establish responsibility for the award of a contract; and

“(C) foster subcontracting through plans negotiated and enforced pursuant to section 8(d) of the Small Business Act (15 U.S.C. 637(d)) or solicitation requirements specifying minimum percentages of subcontracting for the purpose of determining the responsiveness of an offer.

“(2) During the term of the program, data shall be collected pertaining to the actual size of the firm receiving an award as a small business concern or an emerging small business concern.

“(e) SIZE STANDARD.—For the purposes of the program established by subsection (a), the size standard pertaining to standard industrial classification code 1629 (Dredging and Surface Cleanup Activities) in effect on October 1, 1988 shall remain in effect until September 30, 1990.

“(f) REPORTS.—

“(1) The Secretary shall furnish a report to the Committees on Small Business of the Senate and House of Representatives [Committee on Small Business of Senate now Committee on Small Business and Entrepreneurship of Senate], the Administrator of the Small Business Administration, and the Administrator for Federal Procurement Policy within 120 days after September 30, 1995, regarding compliance with this section.

“(2) Interim reports shall be submitted annually within 90 days after the close of each fiscal year during the term of the program established under subsection (a). The Secretary may include recommendations regarding adjustments to the Department's participation goals for small business concerns and emerging small business concerns and to the applicable size standard, if the Secretary determines that such goals cannot reasonably be attained from the pool of firms meeting the current size standard.”

[Section 1202(a)(1) of Pub. L. 103-446 provided that the amendment made by that section to section 13(e) of Pub. L. 102-54 [amending section 718 of Pub. L. 100-656, set out above] is effective as of June 13, 1991, and as if included in the enactment of Pub. L. 102-54.]

#### SEGMENTATION OF INDUSTRY CATEGORY OF SHIPBUILDING AND SHIP REPAIR

Section 741 of Pub. L. 100-656 provided that: “The Small Business Administration, pursuant to the authority of section 15(a) of the Small Business Act (15 U.S.C. 644(a)), shall segment the industry category of shipbuilding and ship repair, as follows:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Small Business Act, 15 U.S.C. 631, *et seq.*, section 7106 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103-355) [amending 15 U.S.C. 632, 637, 644, 645], and the Office of Federal Procurement Policy [Act], 41 U.S.C. 403, *et seq.*, and in order to strengthen the executive branch's commitment to increased opportunities for women-owned small businesses, it is hereby ordered as follows:

SECTION 1. *Executive Branch Policy.* In order to reaffirm and strengthen the statutory policy contained in the Small Business Act, 15 U.S.C. 644(g)(1), it shall be the policy of the executive branch to take the steps necessary to meet or exceed the 5 percent Government-wide goal for participation in procurement by women-owned small businesses (WOSBs). Further, the execu-

tive branch shall implement this policy by establishing a participation goal for WOSBs of not less than 5 percent of the total value of all prime contract awards for each fiscal year and of not less than 5 percent of the total value of all subcontract awards for each fiscal year.

SEC. 2. *Responsibilities of Federal Departments and Agencies.* Each department and agency (hereafter referred to collectively as “agency”) that has procurement authority shall develop a long-term comprehensive strategy to expand opportunities for WOSBs. Where feasible and consistent with the effective and efficient performance of its mission, each agency shall establish a goal of achieving a participation rate for WOSBs of not less than 5 percent of the total value of all prime contract awards for each fiscal year and of not less than 5 percent of the total value of all subcontract awards for each fiscal year. The agency’s plans shall include, where appropriate, methods and programs as set forth in section 4 of this order.

SEC. 3. *Responsibilities of the Small Business Administration.* The Small Business Administration (SBA) shall establish an Assistant Administrator for Women’s Procurement within the SBA’s Office of Government Contracting. This officer shall be responsible for:

(b) advising agencies on how to implement strategies that will increase the participation of WOSBs in Federal procurement;

(c) evaluating, on a semiannual basis, using the Federal Procurement Data System (FPDS), the achievement of prime and subcontract goals and actual prime and subcontract awards to WOSBs for each agency;

(d) preparing a report, which shall be submitted by the Administrator of the SBA to the President, through the Interagency Committee on Women’s Business Enterprise and the Office of Federal Procurement Policy (OFPP), on findings based on the FPDS, regarding prime contracts and subcontracts awarded to WOSBs;

(e) making recommendations and working with Federal agencies to expand participation rates for WOSBs, with a particular emphasis on agencies in which the participation rate for these businesses is less than 5 percent;

(f) providing a program of training and development seminars and conferences to instruct women on how to participate in the SBA’s 8(a) [15 U.S.C. 637(a)] program, the Small Disadvantaged Business (SDB) program, the HUBZone program, and other small business contracting programs for which they may be eligible;

(g) developing and implementing a single uniform Federal Government-wide website, which provides links to other websites within the Federal system concerning acquisition, small businesses, and women-owned businesses, and which provides current procurement information for WOSBs and other small businesses;

(h) developing an interactive electronic commerce database that allows small businesses to register their businesses and capabilities as potential contractors for Federal agencies, and enables contracting officers to identify and locate potential contractors; and

(i) working with existing women-owned business organizations, State and local governments, and others in order to promote the sharing of information and the development of more uniform State and local standards for WOSBs that reduce the burden on these firms in competing for procurement opportunities.

SEC. 4. *Other Responsibilities of Federal Agencies.* To the extent permitted by law, each Federal agency shall work with the SBA to ensure maximum participation of WOSBs in the procurement process by taking the following steps:

(a) designating a senior acquisition official who will work with the SBA to identify and promote contracting opportunities for WOSBs;

(b) requiring contracting officers, to the maximum extent practicable, to include WOSBs in competitive acquisitions;

(c) prescribing procedures to ensure that acquisition planners, to the maximum extent practicable, structure acquisitions to facilitate competition by and among small businesses, HUBZone small businesses, SDBs, and WOSBs, and providing guidance on structuring acquisitions, including, but not limited to, those expected to result in multiple award contracts, in order to facilitate competition by and among these groups;

(d) implementing mentor-protégé programs, which include women-owned small business firms; and

(e) offering industry-wide as well as industry-specific outreach, training, and technical assistance programs for WOSBs including, where appropriate, the use of Government acquisitions forecasts, in order to assist WOSBs in developing their products, skills, business planning practices, and marketing techniques.

SEC. 5. *Subcontracting Plans.* The head of each Federal agency, or designated representative, shall work closely with the SBA, OFPP, and others to develop procedures to increase compliance by prime contractors with subcontracting plans proposed under section 8(d) of the Small Business Act (15 U.S.C. 637(d)) or section 834 of Public Law 101-189, as amended (15 U.S.C. 637 note), including subcontracting plans involving WOSBs.

SEC. 6. *Action Plans.* If a Federal agency fails to meet its annual goals in expanding contract opportunities for WOSBs, it shall work with the SBA to develop an action plan to increase the likelihood that participation goals will be met or exceeded in future years.

SEC. 7. *Compliance.* Independent agencies are requested to comply with the provisions of this order.

SEC. 8. *Consultation and Advice.* In developing the long-term comprehensive strategies required by section 2 of this order, Federal agencies shall consult with, and seek information and advice from, State and local governments, WOSBs, other private-sector partners, and other experts.

SEC. 9. *Judicial Review.* This order is for internal management purposes for the Federal Government. It does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies, its officers, its employees, or any other person.

EX. ORD. NO. 13170. INCREASING OPPORTUNITIES AND ACCESS FOR DISADVANTAGED BUSINESSES

Ex. Ord. No. 13170, Oct. 6, 2000, 65 F.R. 60827, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Small Business Act (15 U.S.C. 631 *et seq.*), section 7102 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103-355, 15 U.S.C. 644 note), the Office of Federal Procurement Policy Act (41 U.S.C. 403 *et seq.*), Executive Order 11625 [15 U.S.C. 631 note], and to provide for increased access for disadvantaged businesses to Federal contracting opportunities, it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of the executive branch to ensure nondiscrimination in Federal procurement opportunities for businesses in the Small Disadvantaged Business Program (SDBs), businesses in the section 8(a) Business Development program of the Small Business Administration (8(a)s), and Minority Business Enterprises (MBEs) as defined in section 6 of Executive Order 11625, of October 13, 1971, and to take affirmative action to ensure inclusion of these businesses in Federal contracting. These businesses are of vital importance to job growth and the economic strength of the United States but have faced historic exclusion and underutilization in Federal procurement.

All agencies within the executive branch with procurement authority are required to take all necessary steps, as permitted by law, to increase contracting between the Federal Government and SDBs, 8(a)s, and MBEs.

SEC. 2. *Responsibilities of Executive Departments and Agencies with Procurement Authority.* The head of each executive department and agency shall carry out the terms of this order and shall designate, where appropriate, his or her Deputy Secretary or equivalent to implement the terms of this order.

(a) Each department and agency with procurement authority shall:

(i) aggressively seek to ensure that 8(a)s, SDBs, and MBEs are aware of future prime contracting opportunities through wide dissemination of contract announcements, including sources likely to reach 8(a)s, SDBs, other small businesses, and MBEs. Each department and agency shall use all available forms of communication to implement this provision, including the Internet, speciality press, and trade press;

(ii) work with the Small Business Administration (SBA) to ensure that information regarding sole source contracts awarded through the section 8(a) program receives the widest dissemination possible to 8(a)s;

(iii) ensure that the price evaluation preference programs authorized by the Federal Acquisition Streamlining Act of 1994 [Pub. L. 103-355, see Tables for classification] are used to the maximum extent permitted by law in areas of economic activity in which SDBs have historically been underused;

(iv) aggressively use the firms in the section 8(a) program, particularly in the developmental stage of the program, so that these firms have an opportunity to overcome artificial barriers to Federal contracting and gain access to the Federal procurement arena;

(v) ensure that department and agency heads take all reasonable steps so that prime contractors meet or exceed Federal subcontracting goals, and enforce subcontracting commitments as required by the Small Business Act (15 U.S.C. 637(d)) and other related laws. In particular, they shall ensure that prime contractors actively solicit bids for subcontracting opportunities from 8(a)s and SDBs, and fulfill their SDB and section 8(d) subcontracting obligations. Enforcement of SDB subcontracting plan commitments shall include assessments of liquidated damages, where appropriate, pursuant to applicable contract clauses;

(vi) encourage the establishment of business-to-business mentoring and teaming relationships, including the implementation of Mentor-Protege programs, to foster the development of the technical and managerial capabilities of 8(a)s and SDBs and to facilitate long-term business relationships;

(vii) offer information, training, and technical assistance programs for 8(a)s and SDBs including, where appropriate, Government acquisition forecasts in order to assist 8(a)s and SDBs in developing their products, skills, business planning practices, and marketing techniques;

(viii) train program and procurement officials regarding the policy of including 8(a)s and SDBs in Federal procurement. This includes prescribing procedures to ensure that acquisition planners, to the maximum extent practicable, structure acquisitions to facilitate competition by SDBs and 8(a)s, including their participation in the competition of multiple award requirements;

(ix) provide the information required by the Department of Commerce when it requests data to develop the benchmarks used in the price evaluation preference programs authorized by the Federal Acquisition Streamlining Act of 1994;

(x) ensure that Directors of Offices of Small and Disadvantaged Business Utilization carry out their responsibilities to maximize the participation of 8(a)s and SDBs in Federal procurement and, in particular, ensure that the Directors report directly to the head of each department or agency as required by law; and

(xi) as required by law, establish with the Small Business Administration small business goals to ensure that the government-wide goal for participation of small business concerns is not less than 23 percent of Federal prime contracts. Where feasible and consistent with the effective and efficient performance of its mission, each agency shall establish a goal of achieving a participation rate for SDBs of not less than 5 percent of the total value of prime contract awards for each fiscal year and of not less than 5 percent of the total value of subcontract awards for each year. Each agency shall also establish a goal for awards made to 8(a) firms pursuant to section 8(a) of the Small Business Act [15 U.S.C. 637(a)]. These goals shall be considered the minimum goals and every effort shall be taken to exceed these goals wherever feasible.

(b) Each department and agency with procurement authority shall:

(i) develop a long-term comprehensive plan to implement the requirements of section 2(a) of this order and submit this plan to the Director of the Office of Management and Budget (OMB) within 90 days of the date of this order. The Director of OMB shall review each plan and report to the President on the sufficiency of each plan to carry out the terms of this order; and

(ii) annually, by April 30 each year, assess its efforts and the results of those efforts to increase utilization of 8(a)s, SDBs, and MBEs as both prime contractors and subcontractors and report on those efforts to the President through the Director of OMB, who shall review the evaluations made of the agency assessments by the Small Business Administration.

SEC. 3. *Responsibilities of the Small Business Administration.* The Administrator of the SBA shall:

(a) evaluate on a semi-annual basis, using the Federal Procurement Data System (FPDS), the achievement of government-wide prime and subcontract goals and the actual prime and subcontract awards to 8(a)s and SDBs for each department and agency. The OMB shall review SBA's evaluation;

(b) ensure that Procurement Center Representatives receive adequate training regarding the section 8(a) and SDB programs and that they consistently and aggressively seek opportunities for maximizing the use of 8(a)s and SDBs in department and agency procurements; and

(c) ensure that each department and agency's small and disadvantaged business procurement goals as well as the amount of procurement of each department and agency with 8(a)s, SDBs, and MBEs is publicly available in an easily accessible and understandable format such as through publication on the Internet.

SEC. 4. *Federal Advertising.* Each department or agency that contracts with businesses to develop advertising for the department or agency or to broadcast Federal advertising shall take an aggressive role in ensuring substantial minority-owned entities' participation, including 8(a), SDB, and MBE, in Federal advertising-related procurements. Each department and agency shall ensure that all creation, placement, and transmission of Federal advertising is fully reflective of the Nation's diversity. To achieve this diversity, special attention shall be given to ensure placement in publications and television and radio stations that reach specific ethnic and racial audiences. Each department and agency shall ensure that payment for Federal advertising is commensurate with fair market rates in the relevant market. Each department and agency shall structure advertising contracts as commercial acquisitions consistent with part 12 of the Federal Acquisition Regulation processes and paperwork to enhance participation by 8(a)s, SDBs, and MBEs.

SEC. 5. *Information Technology.* Each department and agency shall aggressively seek to ensure substantial 8(a), SDB, and MBE participation in procurements for and related to information technology, including procurements in the telecommunications industry. In so doing, the Chief Information Officer in each depart-

ment and agency shall coordinate with procurement officials to implement this section.

SEC. 6. *General Services Administration Schedules.* The SBA and the General Services Administration (GSA) shall act promptly to expand inclusion of 8(a)s and SDBs on GSA Schedules, and provide greater opportunities for 8(a) and SDB participation in orders under such schedules. The GSA should ensure that procurement and program officials at all levels that use GSA Schedules aggressively seek to utilize the Schedule contracts of 8(a)s and SDBs. The GSA shall allow agencies ordering from designated 8(a) firms under the Multiple Award Schedule to count those orders toward their 8(a) procurement goals.

SEC. 7. *Bundling Contracts.* To the extent permitted by law, departments and agencies must submit to the SBA for review any contracts that are proposed to be bundled. The determination of the SBA with regard to the appropriateness of bundling in each instance must be carefully reviewed by the department or agency head, or his or her designee, and must be given due consideration. If there is an unresolvable conflict, then the SBA or the department or agency can seek assistance from the OMB.

SEC. 8. *Awards Program.* The Secretary of Commerce and the Administrator of the SBA shall jointly undertake a feasibility study to determine the appropriateness of an awards program for executive departments and agencies who best exemplify the letter and intent of this order in increasing opportunities for 8(a)s, SDBs, and MBEs in Federal procurement. Such study shall be presented to the President within 90 days of the date of this order.

SEC. 9. *Applicability.* Independent agencies are requested to comply with the provisions of this order.

SEC. 10. *Administration, Enforcement, and Judicial Review.*

(a) This order shall be carried out to the extent permitted by law and consistent with the Administration's priorities and appropriations.

(b) This order is not intended and should not be construed to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or its employees.

WILLIAM J. CLINTON.

#### DELEGATION OF AUTHORITY TO ESTABLISH ANNUAL GOALS FOR PARTICIPATION OF SMALL BUSINESS CONCERNS IN PROCUREMENT CONTRACTS

Memorandum of the President of the United States, June 6, 1990, 55 F.R. 27453-27455, provided:

Memorandum for the Director of the Office of Management and Budget

By the authority vested in me as President by the Constitution and laws of the United States, including section 15(g) of the Small Business Act, as amended [subsec. (g) of this section], and section 301 of Title 3 of the United States Code, I hereby delegate to the Director of the Office of Management and Budget the authority vested in the President to establish the annual goals required by Section 502 of the Business Opportunity Development Reform Act of 1988 (P.L. 100-656) [amending this section].

You are authorized and directed to publish this memorandum in the Federal Register.

GEORGE BUSH.

#### CONTINUED COMMITMENT TO SMALL, SMALL DISADVANTAGED, AND SMALL WOMEN-OWNED BUSINESSES IN FEDERAL PROCUREMENT

Memorandum of President of the United States, Oct. 13, 1994, 59 F.R. 52397, provided:

Memorandum for the Heads of Executive Departments and Agencies [and] the President's Management Council

It is the policy of the Federal Government that a fair proportion of its contracts be placed with small, small disadvantaged, and small women-owned businesses.

Such businesses should also have the maximum practicable opportunity to participate as subcontractors in contracts awarded by the Federal Government consistent with efficient contract performance. I am committed to the continuation of this policy. Therefore, I ask that you encourage the use of various tools, including set-asides, price preferences, and section 8(a) of the Small Business Act (15 U.S.C. 637(a)), as necessary to achieve this policy objective.

The Federal Acquisition Streamlining Act of 1994 [Pub. L. 103-355, see Short title of 1994 Amendment note set out under section 251 of Title 41, Public Contracts] authorizes civilian agencies to utilize set-aside procurements for small disadvantaged businesses. The Act also, for the first time, establishes goals for contracting with small women-owned businesses. These provisions, along with others in the Act, will provide greater access to Federal Government business opportunities for small, small disadvantaged, and small women-owned businesses. Department and agency heads should ensure that efforts to streamline acquisition procedures encourage the participation of these businesses in Federal procurements.

This memorandum shall be published in the Federal Register.

WILLIAM J. CLINTON.

The Administration shall require any applicant for a small business development center grant with performance commencing on or after January 1, 1992 to have its own budget and to primarily utilize institutions of higher education and women's business centers operating pursuant to section 656 of this title to provide services to the small business community. The term of such grants shall be made on a calendar year basis or to coincide with the Federal fiscal year.

(2) The Small Business Development Centers shall work in close cooperation with the Administration's regional and local offices, the Department of Commerce, appropriate Federal, State and local agencies and the small business community to serve as an active information dissemination and service delivery mechanism for existing trade promotion, trade finance, trade adjustment, trade remedy and trade data collection programs of particular utility for small businesses.

(3) The Small Business Development Center Program shall be under the general management and oversight of the Administration for the delivery of programs and services to the small business community. Such programs and services shall be jointly developed, negotiated, and

agreed upon, with full participation of both parties, pursuant to an executed cooperative agreement between the Small Business Development Center applicant and the Administration.

(A) Small business development centers are authorized to form an association to pursue matters of common concern. If more than a majority of the small business development centers which are operating pursuant to agreements with the Administration are members of such an association, the Administration is authorized and directed to recognize the existence and activities of such an association and to consult with it and develop documents (i) announcing the annual scope of activities pursuant to this section, (ii) requesting proposals to deliver assistance as provided in this section and (iii) governing the general operations and administration of the Small Business Development Center Program, specifically including the development of regulations and a uniform negotiated cooperative agreement for use on an annual basis when entering into individual negotiated agreements with small business development centers.

(B) RESTRICTION.—The matching amount described in subparagraph (A) shall not include any indirect costs or in-kind contributions derived from any Federal program.

**(C) FUNDING FORMULA.—**

(i) IN GENERAL.—Subject to clause (iii), the amount of a formula grant received by a State under this subparagraph shall be equal to an amount determined in accordance with the following formula:

(I) The annual amount made available under section 20(a)<sup>2</sup> for the Small Business Development Center Program, less any reductions made for expenses authorized by clause (v) of this subparagraph, shall be divided on a pro rata basis, based on the percentage of the population of each State, as

<sup>2</sup> See References in Text note below.

compared to the population of the United States.

(II) If the pro rata amount calculated under subclause (I) for any State is less than the minimum funding level under clause (iii), the Administration shall determine the aggregate amount necessary to achieve that minimum funding level for each such State.

(III) The aggregate amount calculated under subclause (II) shall be deducted from the amount calculated under subclause (I) for States eligible to receive more than the minimum funding level. The deductions shall be made on a pro rata basis, based on the population of each such State, as compared to the total population of all such States.

(IV) The aggregate amount deducted under subclause (III) shall be added to the grants of those States that are not eligible to receive more than the minimum funding level in order to achieve the minimum funding level for each such State, except that the eligible amount of a grant to any State shall not be reduced to an amount below the minimum funding level.

(ii) GRANT DETERMINATION.—The amount of a grant that a State is eligible to apply for under this subparagraph shall be the amount determined under clause (i), subject to any modifications required under clause (iii), and shall be based on the amount available for the fiscal year in which performance of the grant commences, but not including amounts distributed in accordance with clause (iv). (II) If the amount made available is less than \$81,500,000, the minimum funding level shall be the remainder of \$500,000 minus a percentage of \$500,000 equal to the percentage amount by which the amount made available is less than \$81,500,000.

(III) If the amount made available is more than \$90,000,000, the minimum funding level shall be the sum of \$500,000 plus a percentage of \$500,000 equal to the percentage amount by which the amount made available exceeds \$90,000,000.

(iv) DISTRIBUTIONS.—Subject to clause (iii), if any State does not apply for, or use, its full funding eligibility for a fiscal year, the Administration shall distribute the remaining funds as follows:

(I) If the grant to any State is less than the amount received by that State in fis-

cal year 2000, the Administration shall distribute such remaining funds, on a pro rata basis, based on the percentage of shortage of each such State, as compared to the total amount of such remaining funds available, to the extent necessary in order to increase the amount of the grant to the amount received by that State in fiscal year 2000, or until such funds are exhausted, whichever first occurs.

(II) If any funds remain after the application of subclause (I), the remaining amount may be distributed as supplemental grants to any State, as the Administration determines, in its discretion, to be appropriate, after consultation with the association referred to in subsection (a)(3)(A) of this section.

(II) LIMITATION.—No funds described in subclause (I) may be used for examination expenses under section 20(a)(1)(E)<sup>2</sup> if the usage would reduce the amount of grants made available under clause (i)(I) of this subparagraph to less than \$85,000,000 (after excluding any amounts provided in appropriations Acts, or accompanying report language, for specific institutions or for purposes other than the general small business development center program) or would further reduce the amount of such grants below such amount.

REFERENCES IN TEXT

Section 20(a), referred to in subsec. (a)(4)(C)(i)(I), (v), means section 2[20(a)] of Pub. L. 85-536, as amended, which is set out as a note under section 631 of this title.

Section 312(a) of the Small Business Regulatory Enforcement Fairness Act of 1996, referred to in subsec. (c)(3)(R), probably means section 212(a) of Pub. L. 104-121, which is set out in a note under section 601 of Title 5, Government Organization and Employees, because Pub. L. 104-121 does not contain a section 312.

The provisions of title 5 governing appointments in the competitive service, referred to in subsec. (h)(1), are classified to section 3301 et seq. of Title 5.

The General Schedule, referred to in subsecs. (h)(1) and (i)(2), is set out under section 5332 of Title 5.

CODIFICATION

October 22, 1994, referred to in subsec. (k)(1), was in the original “the date of enactment of this subsection”, which was translated as meaning the date of enactment of Pub. L. 103-403, which amended subsec. (k) generally, to reflect the probable intent of Congress.

A prior section 648 of this title, act July 30, 1953, ch. 282, title II, §219, 67 Stat. 239, which related to requirements for loans, was omitted as superseded by section 642 of this title. See Codification note set out under section 631 of this title.

A prior section 2[21] of Pub. L. 85-536 was renumbered section 2[44] and is set out as a note under section 631 of this title.

“(1) programs to foster economic development among small high-technology firms vary widely among the States;

### § 657e. Mentoring Networks

#### (a) Findings

Congress finds that—

(1) the SBIR and STTR programs create jobs, increase capacity for technological innovation, and boost international competitiveness;

(2) increasing the quantity of applications from all States to the SBIR and STTR programs would enhance competition for such awards and the quality of the completed projects; and

(3) mentoring is a natural complement to the FAST program of reaching out to new companies regarding the SBIR and STTR programs as an effective and low-cost way to improve the likelihood that such companies will succeed in such programs in developing and commercializing their research.

#### (b) Authorization for Mentoring Networks

The recipient of an award or participant in a cooperative agreement under section 657d of this title may use a reasonable amount of such assistance for the establishment of a Mentoring Network under this section.

#### (d) Mentoring database

The Administrator shall—

Such purchases or guarantees may be made by the Administration on such terms and conditions as it deems appropriate, pursuant to regulations issued by the Administration. The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guarantee under this subsection. (ii) The maximum amount of outstanding leverage made available to—

- (I) any 1 company described in clause (iii) may not exceed the lesser of 300 percent of private capital of the company, or \$175,000,000; and

(3) Subject to the foregoing dollar and percentage limits, a company licensed under section 681(c) of this title may issue and have outstanding both guaranteed debentures and participating securities: *Provided*, That the total amount of participating securities outstanding shall not exceed 200 per centum of private capital.

For purposes of this subsection, the term "venture capital" includes such common stock, preferred stock, or other financing with subordination or nonamortization characteristics as the Administration determines to be substantially similar to equity financing.

The Administrator—

(1) shall not permit a licensee having outstanding leverage to incur third party debt that would create or contribute to an unreasonable risk of default or loss to the Federal Government; and

(2) shall permit such licensees to incur third party debt only on such terms and subject to such conditions as may be established by the Administrator, by regulation or otherwise.

(d) Investments in smaller enterprises

The Administrator shall require each licensee, as a condition of approval of an application for leverage, to certify in writing that not less than 25 percent of the aggregate dollar amount of fi-

nancings of that licensee shall be provided to smaller enterprises.

**(e) Capital impairment**

Before approving any application for leverage submitted by a licensee under this chapter, the Administrator—

(1) shall determine that the private capital of the licensee meets the requirements of section 682(a) of this title; and

(2) shall determine, taking into account the nature of the assets of the licensee, the amount and terms of any third party debt owed by such licensee, and any other factors determined to be relevant by the Administrator, that the private capital of the licensee has not been impaired to such an extent that the issuance of additional leverage would create or otherwise contribute to an unreasonable risk of default or loss to the Federal Government.

**(f) Redemption or repurchase of preferred stock**

Notwithstanding any other provision of law—

(1) the Administrator may allow the issuer of any preferred stock sold to the Administration before November 1, 1989 to redeem or repurchase such stock, upon the payment to the Administration of an amount less than the par value of such stock, for a repurchase price determined by the Administrator after consideration of all relevant factors, including—

(A) the market value of the stock;

(B) the value of benefits provided and anticipated to accrue to the issuer;

(C) the amount of dividends paid, accrued, and anticipated; and

(D) the estimate of the Administrator of any anticipated redemption; and

(2) any moneys received by the Administration from the repurchase of preferred stock shall be available solely to provide debenture leverage to licensees having 50 percent or more in aggregate dollar amount of their financings invested in smaller enterprises.

**(g) Guarantee of payment of and authority to purchase participating securities**

In order to encourage small business investment companies to provide equity capital to small businesses, the Administration is authorized to guarantee the payment of the redemption price and prioritized payments on participating securities issued by such companies which are licensed pursuant to section 681(c) of this title, and a trust or a pool acting on behalf of the Administration is authorized to purchase such securities. Such guarantees and purchases shall be made on such terms and conditions as the Administration shall establish by regulation. For purposes of this section, (A) the term “participating securities” includes preferred stock, a preferred limited partnership interest or a similar instrument, including debentures under the terms of which interest is payable only to the extent of earnings and (B) the term “prioritized payments” includes dividends on stock, interest on qualifying debentures, or priority returns on preferred limited partnership interests which are paid only to the extent of earnings. Participating securities guaranteed under this subsection shall be subject to the fol-

lowing restrictions and limitations, in addition to such other restrictions and limitations as the Administration may determine:

(1) Participating securities shall be redeemed not later than 15 years after their date of issuance for an amount equal to 100 percent of the original issue price plus the amount of any accrued prioritized payment: *Provided*, That if, at the time the securities are redeemed, whether as scheduled or in advance, the issuing company (A) has not paid all accrued prioritized payments in full as provided in paragraph (2) below and (B) has not sold or otherwise disposed of all investments subject to profit distributions pursuant to paragraph (1), the company's obligation to pay accrued and unpaid prioritized payments shall continue and payment shall be made from the realized gain, if any, on the disposition of such investments, but if on disposition there is no realized gain, the obligation to pay accrued and unpaid prioritized payments shall be extinguished: *Provided further*, That in the interim, the company shall not make any in-kind distributions of such investments unless it pays to the Administration such sums, up to the amount of the unrealized appreciation on such investments, as may be necessary to pay in full the accrued prioritized payments.

(2) Prioritized payments on participating securities shall be preferred and cumulative and payable out of the retained earnings available for distribution, as defined by the Administration, of the issuing company at a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities on such securities, adjusted to the nearest one-eighth of 1 percent, plus, for participating securities obligated after September 30, 2001, an additional charge, in an amount established annually by the Administration, as necessary to reduce to zero the cost (as defined in section 661a of title 2) to the Administration of purchasing and guaranteeing participating securities under this chapter, which amount may not exceed 1.46 percent per year, and which shall be paid to and retained by the Administration.

(3) In the event of liquidation of the company, participating securities shall be senior in priority for all purposes to all other equity interests in the issuing company, whenever created.

(4) Any company issuing a participating security under this chapter shall commit to invest or shall invest an amount equal to the outstanding face value of such security solely in equity capital. As used in this subsection, “equity capital” means common or preferred stock or a similar instrument, including subordinated debt with equity features which is not amortized and which provides for interest payments from appropriate sources, as determined by the Administration.

(5) The only debt (other than leverage obtained in accordance with this subchapter) which any company issuing a participating security under this subsection may have out-

standing shall be temporary debt in amounts limited to not more than 50 per centum of private capital.

(6) The Administration may permit the proceeds of a participating security to be used to pay the principal amount due on outstanding debentures guaranteed by the Administration, if (A) the company has outstanding equity capital invested in an amount equal to the amount of the debentures being refinanced and (B) the Administration receives profit participation on such terms and conditions as it may determine, but not to exceed the per centums specified in paragraph (11).

(7) For purposes of computing profit participation under paragraph (11), except as otherwise determined by the Administration, the management expenses of any company which issues participating securities shall not be greater than 2.5 per centum per annum of the combined capital of the company, plus \$125,000 if the company's combined capital is less than \$20,000,000. For purposes of this paragraph, (A) the term "combined capital" means the aggregate amount of private capital and outstanding leverage and (B) the term "management expenses" includes salaries, office expenses, travel, business development, office and equipment rental, bookkeeping and the development, investigation and monitoring of investments, but does not include the cost of services provided by specialized outside consultants, outside lawyers and outside auditors, who perform services not generally expected of a venture capital company nor does such term include the cost of services provided by any affiliate of the company which are not part of the normal process of making and monitoring venture capital investments.

(8) Notwithstanding paragraph (9), if a company is operating as a limited partnership or as a subchapter S corporation or an equivalent pass-through entity for tax purposes and if there are no accumulated and unpaid prioritized payments, the company may make annual distributions to the partners, shareholders, or members in amounts not greater than each partner's, shareholder's, or member's maximum tax liability. For purposes of this paragraph, the term "maximum tax liability" means the amount of income allocated to each partner, shareholder, or member (including an allocation to the Administration as if it were a taxpayer) for Federal income tax purposes in the income tax return filed or to be filed by the company with respect to the fiscal year of the company immediately preceding such distribution, multiplied by the highest combined marginal Federal and State income tax rates for corporations or individuals, whichever is higher, on each type of income included in such return. For purposes of this paragraph, the term "State income tax" means the income tax of the State where the company's principal place of business is located. A company may also elect to make a distribution under this paragraph at any time during any calendar quarter based on an estimate of the maximum tax liability. If a company makes 1 or more interim distributions for a calendar year, and the aggregate amount of those dis-

tributions exceeds the maximum amount that the company could have distributed based on a single annual computation, any subsequent distribution by the company under this paragraph shall be reduced by an amount equal to the excess amount distributed.

(9) After making any distributions as provided in paragraph (8), a company with participating securities outstanding may distribute the balance of income to its investors, specifically including the Administration, in the per centums specified in paragraph (11), if there are no accumulated and unpaid prioritized payments and if all amounts due the Administration pursuant to paragraph (11) have been paid in full, subject to the following conditions:

(A) As of the date of the proposed distribution, if the amount of leverage outstanding is more than 200 per centum of the amount of private capital, any amounts distributed shall be made to private investors and to the Administration in the ratio of leverage to private capital.

(B) As of the date of the proposed distribution, if the amount of leverage outstanding is more than 100 per centum but not more than 200 per centum of the amount of private capital, 50 per centum of any amounts distributed shall be made to the Administration and 50 per centum shall be made to the private investors.

(C) If the amount of leverage outstanding is 100 per centum, or less, of the amount of private capital, the ratio shall be that for distribution of profits as provided in paragraph (11).

(D) Any amounts received by the Administration under subparagraph (A) or (B) shall be applied first as profit participation as provided in paragraph (11) and any remainder shall be applied as a prepayment of the principal amount of the participating securities or debentures.

(10) After making any distributions pursuant to paragraph (8), a company with participating securities outstanding may return capital to its investors, specifically including the Administration, if there are no accumulated and unpaid prioritized payments and if all amounts due the Administration pursuant to paragraph (11) have been paid in full. Any distributions under this paragraph shall be made to private investors and to the Administration in the ratio of private capital to leverage as of the date of the proposed distribution: *Provided*, That if the amount of leverage outstanding is less than 50 per centum of the amount of private capital or \$10,000,000, whichever is less, no distribution shall be required to be made to the Administration unless the Administration determines, on a case by case basis, to require distributions to the Administration to reduce the amount of outstanding leverage to an amount less than \$10,000,000.

(11)(A) A company which issues participating securities shall agree to allocate to the Administration a share of its profits determined by the relationship of its private capital to the amount of participating securities guaranteed by the Administration in accordance with the following:

(i) If the total amount of participating securities is 100 per centum of private capital or less, the company shall allocate to the Administration a per centum share computed as follows: the amount of participating securities divided by private capital times 9 per centum.

(ii) If the total amount of participating securities is more than 100 per centum but not greater than 200 per centum of private capital, the company shall allocate to the Administration a per centum share computed as follows:

- (I) 9 per centum, plus
- (II) 3 per centum of the amount of participating securities minus private capital divided by private capital.

(B) Notwithstanding any other provision of this paragraph—

(i) in no event shall the total per centum required by this paragraph exceed 12 per centum, unless required pursuant to the provisions of (ii) below,

(ii) if, on the date the participating securities are marketed, the interest rate on Treasury bonds with a maturity of 10 years is a rate other than 8 per centum, the Administration shall adjust the rate specified in paragraph (A) above, either higher or lower, by the same per centum by which the Treasury bond rate is higher or lower than 8 per centum, and

(iii) this paragraph shall not be construed to create any ownership interest of the Administration in the company.

(12) A company may elect to make an in-kind distribution of securities only if such securities are publicly traded and marketable. The company shall deposit the Administration's share of such securities for disposition with a trustee designated by the Administration or, at its option and with the agreement of the company, the Administration may direct the company to retain the Administration's share. If the company retains the Administration's share, it shall sell the Administration's share and promptly remit the proceeds to the Administration. As used in this paragraph, the term "trustee" means a person who is knowledgeable about and proficient in the marketing of thinly traded securities.

#### (h) Computation of amounts due under participating securities

The computation of amounts due the Administration under participating securities shall be subject to the following terms and conditions:

(1) The formula in subsection (g)(11) of this section shall be computed annually and the Administration shall receive distributions of its profit participation at the same time as other investors in the company.

(2) The formula shall not be modified due to an increase in the private capital unless the increase is provided for in a proposed business plan submitted to and approved by the Administration.

(3) After distributions have been made, the Administration's share of such distributions shall not be recomputed or reduced.

(4) If the company prepays or repays the participating securities, the Administration shall receive the requisite participation upon the distribution of profits due to any investments held by the company on the date of the repayment or prepayment.

(5) If a company is licensed on or before March 31, 1993, it may elect to exclude from profit participation all investments held on that date and in such case the Administration shall determine the amount of the future expenses attributable to such prior investment: *Provided*, That if the company issues participating securities to refinance debentures as authorized in subsection (g)(6) of this section, it may not elect to exclude profits on existing investments under this paragraph.

#### (i) Leverage fee

With respect to leverage granted by the Administration to a licensee, the Administration shall collect from the licensee a nonrefundable fee in an amount equal to 3 percent of the face amount of leverage granted to the licensee in the following manner: 1 percent upon the date on which the Administration enters into any commitment for such leverage with the licensee, and the balance of 2 percent (or 3 percent if no commitment has been entered into by the Administration) on the date on which the leverage is drawn by the licensee.

#### (j) Calculation of subsidy rate

All fees, interest, and profits received and retained by the Administration under this section shall be included in the calculations made by the Director of the Office of Management and Budget to offset the cost (as that term is defined in section 661a of title 2) to the Administration of purchasing and guaranteeing debentures and participating securities under this chapter.

#### (k) Energy saving debentures

In addition to any other authority under this chapter, a small business investment company licensed in the first fiscal year after December 19, 2007, or any fiscal year thereafter may issue Energy Saving debentures.

1997—Subsec. (b)(2)(D). Pub. L. 105-135, §215(b)(1)(A), added subpar. (D).

Such payments shall be made by the Administration to the holder of the debenture, its agents or assigns, or to the appropriate central registration agent, if any. The authority to reduce interest rates as provided in this subsection shall be limited to amounts provided in advance in appropriations Acts, and the total amount shall be reserved within the business loan and investment fund to pay an amount equal to the amount of the reduction as it becomes due.”

As used in this subsection, the term ‘capital indirectly obtained’ includes income generated by a State financing authority or similar State institution or agency or from the investment of State or local money or amounts originally provided to nonprofit institutions or corporations which such institutions or corporations, in their discretion, determine to invest in a company licensed under section 681(d) of this title.”

Subsec. (f). Pub. L. 104-208, §208(h)(1)(A)(ii), added subsec. (f) and struck out former subsec. (f) which read as follows: “Notwithstanding the provisions of any other law, rule, or regulation, the Administration is authorized to allow the issuer of any preferred stock heretofore sold to the Administration to redeem or repurchase such stock upon the payment to the Administration of an amount less than the par value of such stock. The Administration, in its sole discretion, shall determine the repurchase price after considering factors including, but not limited to, the market value of the stock, the value of benefits previously provided and anticipated to accrue to the issuer, the amount of dividends previously paid, accrued, and anticipated, and the Administration’s estimate of any anticipated redemption. The Administration may guarantee debentures as provided in paragraph (5) of subsection (c) of this section and allow the issuer to use the proceeds to make the payments authorized herein. Any monies received by the Administration from the repurchase of preferred stock shall be deposited in the business loan and investment fund and shall be available solely to

provide assistance to companies operating under the authority of section 681(d) of this title, to the extent and in the amounts provided in advance in appropriations Acts.”

Subsec. (g)(2). Pub. L. 104-208, §208(d)(6)(B), substituted “1 percent, plus an additional charge of 1 percent per annum which shall be paid to and retained by the Administration” for “1 per centum, plus, at the time the guarantee is issued, such additional charge, if any, toward covering other costs of the program as the Administration may determine to be consistent with its purposes, but not to exceed 2 per centum”.

Subsec. (g)(4). Pub. L. 104-208, §208(d)(5), struck out “and maintain” after “shall invest”.

#### **(h) Certifications of eligibility**

##### **(1) Certification by small business concern**

Prior to receiving financial assistance from a company licensed pursuant to section 681 of this title, a small business concern shall certify in writing that it meets the eligibility requirements of the Small Business Investment Company Program or the Specialized Small

Business Investment Company Program, as applicable.

##### **(2) Certification by company**

Prior to providing financial assistance to a small business concern under this chapter, a company licensed pursuant to section 681 of this title shall certify in writing that it has reviewed the application for assistance of the small business concern and that all documentation and other information supports the eligibility of the applicant.

##### **(3) Retention of certifications**

Certificates made pursuant to paragraphs (1) and (2) shall be retained by the company licensed pursuant to section 681 of this title for the duration of the financial assistance.

##### **(i) Interest rates**

(1) The purpose of this subsection is to facilitate the orderly and necessary flow of long-term loans and equity funds from small business investment companies to small business concerns.

(2) In the case of a business loan, the small business investment company making such loan may charge interest on such loan at a rate which does not exceed the maximum rate prescribed by regulation by the Administration for loans made by any licensee (determined without regard to any State rate incorporated by such regulation). In this paragraph, the term "interest" includes only the maximum mandatory sum, expressed in dollars or as a percentage rate, that is payable with respect to the business loan amount received by the small business concern, and does not include the value, if any, of contingent obligations, including warrants, royalty, or conversion rights, granting the small business investment company an ownership interest in the equity or increased future revenue of the small business concern receiving the business loan.

(3) A State law or constitutional provision shall be preempted for purposes of paragraph (2) with respect to any loan if such loan is made before the date, on or after April 1, 1980, on which such State adopts a law or certifies that the voters of such State have voted in favor of any provision, constitutional or otherwise, which states explicitly and by its terms that such State does not want the provisions of this subsection to apply with respect to loans made in such State, except that such State law or constitutional or other provision shall be preempted in the case of a loan made, on or after the date on which such law is adopted or such certification is made, pursuant to a commitment to make such loan which was entered into on or after April 1, 1980, and prior to the date on which such law is adopted or such certification is made.

(4)(A) If the maximum rate of interest authorized under paragraph (2) on any loan made by a small business investment company exceeds the rate which would be authorized by applicable State law if such State law were not preempted for purposes of this subsection, the charging of interest at any rate in excess of the rate authorized by paragraph (2) shall be deemed a forfeiture of the greater of (i) all interest which the loan carries with it, or (ii) all interest which has been agreed to be paid thereon.

(B) In the case of any loan with respect to which there is a forfeiture of interest under subparagraph (A), the person who paid the interest may recover from a small business investment company making such loan an amount equal to twice the amount of the interest paid on such loan. Such interest may be recovered in a civil action commenced in a court of appropriate jurisdiction not later than two years after the most recent payment of interest.

#### AMENDMENTS

2004—Subsec. (b). Pub. L. 108-447, which directed the amendment of section 308(b) of the Small Business Investment Act by substituting “Any such company that is licensed before October 1, 2004 and has outstanding financings is authorized to invest funds not needed for its operations—” and pars. (1) to (3) for last sentence, was executed to this section, which is section 308 of the Small Business Investment Act of 1958, to reflect the probable intent of Congress. Prior to amendment, last sentence read as follows: “Such companies with outstanding financings are authorized to invest funds not reasonably needed for their operations in direct obligations of, or obligations guaranteed as to principal and interest by, the United States, or in certificates of deposit maturing within one year or less, issued by any institution the accounts of which are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, or in savings accounts of such institutions.”

1999—Subsec. (i)(2). Pub. L. 106-9 inserted at end: “In this paragraph, the term ‘interest’ includes only the maximum mandatory sum, expressed in dollars or as a percentage rate, that is payable with respect to the business loan amount received by the small business concern, and does not include the value, if any, of contingent obligations, including warrants, royalty, or conversion rights, granting the small business investment company an ownership interest in the equity or increased future revenue of the small business concern receiving the business loan.”

(A), (B), and (C) which described the rates.

(3)(A) “in the case of a State statute, July 1, 1980” was substituted for “July 1, 1981”, in par. (3)(B) “December 28, 1979” was substituted for “November 5, 1979”, and in par. (3)(C) “December 28, 1979” was substituted for “November 5, 1979”.

**§ 687a. Revocation and suspension of licenses; cease and desist orders****(a) Grounds for suspension or revocation**

A license may be revoked or suspended by the Administration—

(1) for false statements knowingly made in any written statement required under this subchapter, or under any regulation issued under this subchapter by the Administration;

(2) if any written statement required under this subchapter, or under any regulation issued under this subchapter by the Administrator, fails to state a material fact necessary in order to make the statement not misleading in the light of the circumstances under which the statement was made;

(3) for willful or repeated violation of, or willful or repeated failure to observe, any provision of this chapter;

(4) for willful or repeated violation of, or willful or repeated failure to observe, any rule or regulation of the Administration authorized by this chapter; or

(5) for violation of, or failure to observe, any cease and desist order issued by the Administration under this section.

**(b) Grounds for cease and desist order**

Where a licensee or any other person has not complied with any provision of this chapter, or of any regulation issued pursuant thereto by the Administration, or is engaging or is about to engage in any acts or practices which constitute or will constitute a violation of such chapter or regulation, the Administration may order such licensee or other person to cease and desist from such action or failure to act. The Administration may further order such licensee or other person to take such action or to refrain from such action as the Administration deems necessary to insure compliance with this chapter and the regulations. The Administration may also suspend the license of a licensee, against whom an order has been issued, until such licensee complies with such order.

**(c) Order to show cause; contents; hearing; issuance and service**

Before revoking or suspending a license pursuant to subsection (a) of this section, or issuing a cease and desist order pursuant to subsection (b) of this section, the Administration shall serve upon the licensee and any other person involved an order to show cause why an order revoking or suspending the license or a cease and desist order should not be issued. Any such order to show cause shall contain a statement of the matters of fact and law asserted by the Administration and the legal authority and jurisdiction under which a hearing is to be held, and shall set forth that a hearing will be held before the Administration at a time and place stated in the order. If after hearing, or a waiver thereof, the Administration determines on the record that an order revoking or suspending the license or a cease and desist order should issue, it shall promptly issue such order, which shall include a statement of the findings of the Administration and the grounds and reasons therefor and specify the effective date of the order, and shall cause the order to be served on the licensee and any other person involved.

**(d) Subpena of person, and books, papers and documents; fees and mileage; enforcement**

The Administration may require by subpena the attendance and testimony of witnesses and the production of all books, papers, and documents relating to the hearing from any place in the United States. Witnesses summoned before the Administration shall be paid by the party at whose instance they were called the same fees and mileage that are paid witnesses in the courts of the United States. In case of disobedience to a subpena, the Administration, or any party to a proceeding before the Administration, may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of books, papers, and documents.

**(e) Petition to modify or set aside order; filing, time and place, Administration to submit record; action of court; review**

An order issued by the Administration under this section shall be final and conclusive unless within thirty days after the service thereof the licensee, or other person against whom an order is issued, appeals to the United States court of appeals for the circuit in which such licensee has its principal place of business by filing with the clerk of such court a petition praying that the Administration's order be set aside or modified in the manner stated in the petition. After the expiration of such thirty days, a petition may be filed only by leave of court on a showing of reasonable grounds for failure to file the petition theretofore. The clerk of the court shall immediately cause a copy of the petition to be delivered to the Administration, and the Administration shall thereupon certify and file in the court a transcript of the record upon which the order complained of was entered. If before such record is filed the Administration amends or sets aside its order, in whole or in part, the petitioner may amend the petition within such time as the court may determine, on notice to the Administration. The filing of a petition for review shall not of itself stay or suspend the operation of the order of the Administration, but the court of appeals in its discretion may restrain or suspend, in whole or in part, the operation of the order pending the final hearing and determination of the petition. The court may affirm, modify, or set aside the order of the Administration. If the court determines that the just and proper disposition of the case requires the taking of additional evidence, the court shall order the Administration to reopen the hearing for the taking of such evidence, in such manner and upon such terms and conditions as the court may deem proper. The Administration may modify its findings as to the facts, or make new findings, by reason of the additional evidence so taken, and it shall file its modified or new findings and the amendments, if any, of its order, with the record of such additional evidence. No objection to an order of the Administration shall be considered by the court unless such objection was urged before the Administration or, if it was not so urged, unless there were reasonable grounds for failure to do so. The judgment and decree of the court affirming, modifying, or setting aside any such order of the Administra-

tion shall be subject only to review by the Supreme Court of the United States upon certification or certiorari as provided in section 1254 of title 28.

**(f) Enforcement of order**

If any licensee or other person against which or against whom an order is issued under this section fails to obey the order, the Administration may apply to the United States court of appeals, within the circuit where the licensee has its principal place of business, for the enforcement of the order, and shall file a transcript of the record upon which the order complained of was entered. Upon the filing of the application the court shall cause notice thereof to be served on the licensee or other person. The evidence to be considered, the procedure to be followed, and the jurisdiction of the court shall be the same as is provided in subsection (e) of this section for applications to set aside or modify orders.

**(a) Investigation of violations**

The Administration may make such investigations as it deems necessary to determine whether a licensee or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this chapter, or of any rule or regulation under this chapter, or of any order issued under this chapter. The Administration shall permit any person to file with it a statement in writing, under oath or otherwise as the Administration shall determine, as to all the facts and circumstances concerning the matter to be investigated. For the purpose of any investigation, the Administration is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena issued to, any person, including a licensee, the Administration may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents; and such court may issue an order requiring such person to appear before the Administration, there to produce records, if so ordered, or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found.

**(b) Examinations and reports**

Each small business investment company shall be subject to examinations made by direction of the Investment Division of the Administration, which may be conducted with the assistance of a private sector entity that has both the qualifications to conduct and expertise in conducting such examinations, and the cost of such examinations, including the compensation of the examiners, may in the discretion of the Administration be assessed against the company examined and when so assessed shall be paid by such company. Fees collected under this subsection shall be deposited in the account for salaries and expenses of the Administration, and are authorized to be appropriated solely to cover the costs of examinations and other program oversight activities. Every such company shall make such reports to the Administration at such times and in such form as the Administration may require; except that the Administration is authorized to exempt from making such reports any such company which is registered under the Investment Company Act of 1940 [15 U.S.C. 80a-1 et seq.] to the extent necessary to avoid duplication in reporting requirements.

**(c) Examinations of small business investment companies**

Each small business investment company shall be examined at least every two years in such detail so as to determine whether or not—

- (1) it has engaged solely in lawful activities and those contemplated by this subchapter;

- (3) it has acquired or exercised illegal control of an assisted small business;
- (4) it has made investments in small businesses for not less than 1 year;

- (7) it has charged an interest rate in excess of the maximum permitted by law:

*Provided*, That the Administration may waive the examination (A) for up to one additional year if, in its discretion, it determines such a delay would be appropriate, based upon the amount of debentures being issued by the company and its repayment record, the prior operating experience of the company, the contents and results of the last examination and the management expertise of the company, or (B) if it is a company whose operations have been suspended while the company is involved in litigation or is in receivership.

**(d) Valuations**

**(1) Frequency of valuations**

**(A) In general**

Each licensee shall submit to the Administrator a written valuation of the loans and investments of the licensee not less often than semiannually or otherwise upon the request of the Administrator, except that any licensee with no leverage outstanding shall submit such valuations annually, unless the Administrator determines otherwise.

**(B) Material adverse changes**

Not later than 30 days after the end of a fiscal quarter of a licensee during which a material adverse change in the aggregate valuation of the loans and investments or operations of the licensee occurs, the licensee shall notify the Administrator in writing of the nature and extent of that change.

**(C) Independent certification**

**(i) In general**

Not less than once during each fiscal year, each licensee shall submit to the Administrator the financial statements of the licensee, audited by an independent certified public accountant approved by the Administrator.

**(ii) Audit requirements**

Each audit conducted under clause (i) shall include—

- (I) a review of the procedures and documentation used by the licensee in preparing the valuations required by this section; and

- (II) a statement by the independent certified public accountant that such valuations were prepared in conformity with the valuation criteria applicable to the licensee established in accordance with paragraph (2).

**(2) Valuation criteria**

Each valuation submitted under this subsection shall be prepared by the licensee in accordance with valuation criteria, which shall—

- (A) be established or approved by the Administrator; and

#### (3) Hearings

##### (A) Timing

A hearing described in paragraph (2) shall be fixed for a date not earlier than 30 days nor later than 60 days after the date of service of notice of the hearing, unless an earlier or a later date is set by the Administrator at the request of—

(i) the management official, and for good cause shown; or

(ii) the Attorney General of the United States.

If a judgment of conviction with respect to an offense described in paragraph (1) is entered against a management official, then at such time as the judgment is not subject to further appellate review, the Administrator may issue and serve upon the management official an order removing that management official, which removal shall become effective upon service of a copy of the order upon the licensee.

**(4) Authority upon dismissal or other disposition**

A finding of not guilty or other disposition of charges described in paragraph (1) shall not preclude the Administrator from thereafter instituting proceedings to suspend or remove the management official from office, or to prohibit the management official from participation in the management or conduct of the affairs of the licensee, or both, pursuant to subsection (b) or (c) of this section.

**(3) Authority to modify orders**

The Administrator may modify, terminate, or set aside any order issued under this section—

(A) at any time, upon such notice, and in such manner as the Administrator deems proper, unless a petition for review is timely filed in a court of appeals of the United States, as provided in paragraph (4)(B), and thereafter until the record in the proceeding has been filed in accordance with paragraph (4)(C); and

**SUBCHAPTER IV—A—GUARANTEES**

**PART A—COMMERCIAL OR INDUSTRIAL LEASE AND QUALIFIED CONTRACT GUARANTEES**

**§ 692. Authority of Administration to guarantee payment of rentals by small business concerns under leases of commercial and industrial property**

**(a) Nonavailability of guarantees from other sources; participation with qualified sureties**

The Administration may, whenever it determines such action to be necessary or desirable, and upon such terms and conditions as it may prescribe, guarantee the payment of rentals under leases of commercial and industrial property entered into by small business concerns to enable such concerns to obtain such leases. Any such guarantee may be made or effected either directly or in cooperation with any qualified surety company or other qualified company through a participation agreement with such company. The foregoing powers shall be subject, however, to the following restrictions and limitations:

(1) No guarantee shall be issued by the Administration (A) if a guarantee meeting the requirements of the applicant is otherwise available on reasonable terms, and (B) unless the Administration determines that there ex-

ists a reasonable expectation that the small business concern in behalf of which the guarantee is issued will perform the covenants and conditions of the lease.

(2) The Administration shall, to the greatest extent practicable, exercise the powers conferred by this section in cooperation with qualified surety or other companies on a participation basis.

**(b) Uniform annual fee; processing fees**

The Administration shall fix a uniform annual fee for its share of any guarantee under this section which shall be payable in advance at such time as may be prescribed by the Administrator. The amount of any such fee shall be determined in accordance with sound actuarial practices and procedures, to the extent practicable, but in no case shall such amount exceed, on the Administration's share of any guarantee made under this part, 2½ per centum per annum of the minimum annual guaranteed rental payable under any guaranteed lease: *Provided*, That the Administration shall fix the lowest fee that experience under the program established hereby has shown to be justified. The Administration may also fix such uniform fees for the processing of applications for guarantees under this section as the Administrator determines are reasonable and necessary to pay the administrative expenses that are incurred in connection therewith.

**(c) Escrow; default; additional discretionary provisions**

In connection with the guarantee of rentals under any lease pursuant to authority conferred by this section, the Administrator may require, in order to minimize the financial risk assumed under such guarantee—

(1) that the lessee pay an amount, not to exceed one-fourth of the minimum guaranteed annual rental required under the lease, which shall be held in escrow and shall be available (A) to meet rental charges accruing in any month for which the lessee is in default, or (B) if no default occurs during the term of the lease, for application (with accrued interest) toward final payments of rental charges under the lease;

(2) that upon occurrence of a default under the lease, the lessor shall, as a condition precedent to enforcing any claim under the lease guarantee, utilize the entire period, for which there are funds available in escrow for payment of rentals, in reasonably diligent efforts to eliminate or minimize losses, by releasing the commercial or industrial property covered by the lease to another qualified tenant, and no claim shall be made or paid under the guarantee until such effort has been made and such escrow funds have been exhausted;

(3) that any guarantor of the lease will become a successor of the lessor for the purpose of collecting from a lessee in default rentals which are in arrears and with respect to which the lessor has received payment under a guarantee made pursuant to this section; and

(4) such other provisions, not inconsistent with the purposes of this part, as the Administrator may in his discretion require.

Any such guarantee may be made or effected either directly or in cooperation with any qualified surety company or other qualified company through a participation agreement with such company. The foregoing powers shall be subject, however, to the following restrictions and limitations:

(1) Notwithstanding any other law, rule, or regulation or fiscal policy to the contrary, the guarantee authorized in the case of pollution control facilities or property shall be issued when such property is acquired by the use of proceeds from industrial revenue bonds which provide the holders interest which is exempt from Federal income tax, and the Administration is expressly prohibited from denying such guarantee due to the property being so acquired.

(2) Any such guarantee shall be for the full amount of the payments due under such qualified contract and shall be a full faith and credit obligation of the United States.

The Administration may also fix such uniform fees for the processing of applications for guarantees under this section as the Administrator determines are reasonable and necessary to pay the administrative expenses that are incurred in connection therewith.

**(d) Requirements of Administration; escrow; default; discretionary provisions**

In connection with the guarantee of rentals under any qualified contract pursuant to authority conferred by this section, the Administrator may require, in order to minimize the financial risk assumed under such guarantee—

**§ 694b. Surety bond guarantees****(a) Authority of Administration to guarantee surety against loss from principal's breach of bond**

(1)(A) The Administration may, upon such terms and conditions as it may prescribe, guarantee and enter into commitments to guarantee any surety against loss resulting from a breach of the terms of a bid bond, payment bond, performance bond, or bonds ancillary thereto, by a principal on any total work order or contract amount at the time of bond execution that does not exceed \$5,000,000.

(B) The Administrator may guarantee a surety under subparagraph (A) for a total work order or contract amount that does not exceed \$10,000,000, if a contracting officer of a Federal agency certifies that such a guarantee is necessary.

(3) The Administration may authorize any surety, without further administration approval, to issue, monitor, and service such bonds subject to the Administration's guarantee.

(1) prior to making any payment under this subsection, the Administration shall first determine that a breach of the terms of such bond was imminent;

In no event shall the Administration pay a surety pursuant to this subsection an amount exceeding the guaranteed share of the bond available to such surety pursuant to subsection (a) of this section.

**(c) Limitation of liability**

Any guarantee or agreement to indemnify under this section shall obligate the Administration to pay to the surety a sum—

(2) not to exceed 90 per centum of the loss incurred and paid in the case of a surety requiring the Administration's specific approval for the issuance of such bond, but in no event may the Administration make any duplicate payment pursuant to subsection (b) of this section or any other subsection;

#### (e) Reimbursement of surety; conditions

Pursuant to any such guarantee or agreement, the Administration shall reimburse the surety, as provided in subsection (c) of this section, except that the Administration shall be relieved of liability (in whole or in part within the discretion of the Administration) if—

##### (b) Loans; obligations of development companies

The Administration is authorized to make loans to State development companies to assist

in carrying out the purposes of this chapter. Any funds advanced under this subsection shall be in exchange for obligations of the development company which bear interest at such rate, and contain such other terms, as the Administration may fix, and funds may be so advanced without regard to the use and investment by the development company of funds secured by it from other sources.

##### (c) Maximum loans to development companies

The total amount of obligations purchased and outstanding at any one time by the Administration under this section from any one State development company shall not exceed the total amount borrowed by it from all other sources. Funds advanced to a State development company under this section shall be treated on an equal basis with those funds borrowed by such company after August 21, 1958, regardless of source, which have the highest priority, except when this requirement is waived by the Administrator.

##### (d) Eligibility for assistance

In order to qualify for assistance under this subchapter, the development company must demonstrate that the project to be funded is directed toward at least one of the following economic development objectives—

(1) the creation of job opportunities within two years of the completion of the project or the preservation or retention of jobs attributable to the project;

(2) improving the economy of the locality, such as stimulating other business development in the community, bringing new income into the area, or assisting the community in diversifying and stabilizing its economy; or

(3) the achievement of one or more of the following public policy goals:

(B) expansion of exports,

(C) expansion of minority business development or women-owned business development,

(H) business restructuring arising from Federally mandated standards or policies affecting the environment or the safety and health of employees,

(I) reduction of energy consumption by at least 10 percent,

(J) increased use of sustainable design, including designs that reduce the use of greenhouse gas emitting fossil fuels, or low-impact design to produce buildings that reduce the use of non-renewable resources and minimize environmental impact, or

(K) plant, equipment and process upgrades of renewable energy sources such as the

small-scale production of energy for individual buildings or communities consumption, commonly known as micropower, or renewable fuels producers including biodiesel and ethanol producers.

In subparagraphs (J) and (K), terms have the meanings given those terms under the Leadership in Energy and Environmental Design (LEED) standard for green building certification, as determined by the Administrator.

If eligibility is based upon the criteria set forth in paragraph (2) or (3), the project need not meet the job creation or job preservation criteria developed by the Administration if the overall portfolio of the development company meets or exceeds such job creation or retention criteria.

#### (e) Creation or retention of jobs

(1) A project meets the objective set forth in subsection (d)(1) of this section if the project creates or retains one job for every \$65,000 guaranteed by the Administration, except that the amount is \$100,000 in the case of a project of a small manufacturer.

(2) Paragraph (1) does not apply to a project for which eligibility is based on the objectives set forth in paragraph (2) or (3) of subsection (d) of this section, if the development company's portfolio of outstanding debentures creates or retains one job for every \$65,000 guaranteed by the Administration.

(3) For projects in Alaska, Hawaii, State-designated enterprise zones, empowerment zones and enterprise communities, labor surplus areas, as determined by the Secretary of Labor, and for other areas designated by the Administrator, the development company's portfolio may average not more than \$75,000 per job created or retained.

to meet its obligations to protect the Federal Government from risk of loss.

#### **(3) Applicability of criteria after designation**

The Administrator may revoke the designation of a certified development company as a premier certified lender under this section at any time, if the Administrator determines that the certified development company does not meet any requirement described in subparagraphs (A) through (D) of paragraph (2).

##### **(1) Establishment**

A company designated as a premier certified lender shall establish a loss reserve for financing approved pursuant to this section.

(B) 25 percent additional not later than 1 year after a debenture is closed.

(C) 25 percent additional not later than 2 years after a debenture is closed.

##### **(5) Replenishment**

If a loss has been sustained by the Administration, any portion of the loss reserve, and other funds provided by the premier company as necessary, may be used to reimburse the Administration for the premier company's share of the loss as provided in subsection (b)(2)(C) of this section. If the company utilizes the reserve, within 30 days it shall replace an equivalent amount of funds.

##### **(6) Disbursements**

The preceding sentence shall not apply with respect to any debenture before 100 percent of the contribution described in paragraph (4) with respect to such debenture has been made.

**(7) Alternative loss reserve**

**(A) Election**

With respect to any eligible calendar quarter, any qualified high loss reserve PCL may elect to have the requirements of this paragraph apply in lieu of the requirements of paragraphs (2) and (4) for such quarter.

**(B) Contributions**

**(i) Ordinary rules inapplicable**

Except as provided under clause (ii) and paragraph (5), a qualified high loss reserve PCL that makes the election described in subparagraph (A) with respect to a calendar quarter shall not be required to make contributions to its loss reserve during such quarter.

**(ii) Based on loss**

A qualified high loss reserve PCL that makes the election described in subparagraph (A) with respect to any calendar quarter shall, before the last day of such quarter, make such contributions to its loss reserve as are necessary to ensure that the amount of the loss reserve of the PCL is—

(I) not less than \$100,000; and

(II) sufficient, as determined by a qualified independent auditor, for the PCL to meet its obligations to protect the Federal Government from risk of loss.

**(iii) Certification**

**(D) Recontribution**

If the requirements of this paragraph apply to a qualified high loss reserve PCL for any calendar quarter and cease to apply to such PCL for any subsequent calendar quarter, such PCL shall make a contribution to its loss reserve in such amount as the Administrator may determine provided that such amount does not exceed the amount which would result in the total amount in the loss reserve being equal to the amount which would have been in such loss reserve had this paragraph never applied to such PCL. The Administrator may require that such payment be made as a single payment or as a series of payments.

**(E) Risk management**

If a qualified high loss reserve PCL fails to meet the requirement of subparagraph (F)(iii) during any period for which an election is in effect under subparagraph (A) and such failure continues for 180 days, the requirements of paragraphs (2), (4), and (6) shall apply to such PCL as of the end of such 180-day period and such PCL shall make the contribution to its loss reserve described in subparagraph (D). The Administrator may waive the requirements of this subparagraph.

**(F) Qualified high loss reserve PCL**

The term “qualified high loss reserve PCL” means, with respect to any calendar year, any premier certified lender designated by the Administrator as a qualified high loss reserve PCL for such year. The notice shall be given to the company as soon as possible after the financing is identified, but not less than 90 days before the date the Administration first makes any records on such financing available for examination by prospective purchasers prior to its offering in a package of loans for bulk sale.

**(2) Limitations**

The Administration shall not offer any loan described in paragraph (1) as part of a bulk sale unless it—

- (A) provides prospective purchasers with the opportunity to examine the Administration's records with respect to such loan; and

**(e) Loan approval authority**

**(1) In general**

Notwithstanding section 697(b)(6) of this title, and subject to such terms and conditions as the Administration may establish, the Administration may permit a company designated as a premier certified lender under this section to approve, authorize, close, service, foreclose, litigate (except that the Administration may monitor the conduct of any such litigation to which a premier certified lender is a party), and liquidate loans that are funded with the proceeds of a debenture issued by such company and may authorize the guarantee of such debenture.

**(2) Scope of review**

The approval of a loan by a premier certified lender shall be subject to final approval as to eligibility of any guarantee by the Administration pursuant to section 697(a) of this title, but such final approval shall not include review of decisions by the lender involving creditworthiness, loan closing, or compliance with legal requirements imposed by law or regulation.

**(f) Review**

After the issuance and sale of debentures under this section, the Administration, at intervals not greater than 12 months, shall review the financings made by each premier certified lender. The review shall include the lender's credit decisions and general compliance with the eligibility requirements for each financing approved under the program authorized under this

### § 697f. Prepayment of development company debentures

#### (a) In general

##### (1) Prepayment authorized

Subject to the requirements set forth in subsection (b) of this section, an issuer of a debenture purchased by the Federal Financing Bank and guaranteed by the Administration under this chapter may, at the election of the borrower (in the case of a loan under section 697 of this title) or the issuer (in the case of a small business investment company) and with the approval of the Administration, prepay

such debenture in accordance with the provisions of this section.

#### (2) Procedure

##### (A) In general

In making a prepayment under paragraph (1)—

(i) the borrower (in the case of a loan under section 697 of this title) or the issuer (in the case of a small business investment company) shall pay to the Federal Financing Bank an amount that is equal to the sum of the unpaid principal balance due on the debenture as of the date of the prepayment (plus accrued interest at the coupon rate on the debenture) and the amount of the repurchase premium described in subparagraph (B); and

(ii) the Administration shall pay to the Federal Financing Bank the difference between the repurchase premium paid by the borrower under this subsection and the repurchase premium that the Federal Financing Bank would otherwise have received.

##### (B) Repurchase premium

###### (i) In general

For purposes of subparagraph (A)(i), the repurchase premium is the amount equal to the product of—

(I) the unpaid principal balance due on the debenture on the date of prepayment; and

(IV) with respect to a 25-year term loan, 11.5 percent.

###### (iii) Adjustments to applicable percentage rate

The percentage rates described in clause (ii) shall be increased or decreased by the Administration by a factor not to exceed one-third, if the same factor is applied in each case and if the Administration determines that an adjustment is necessary, based on the number of borrowers having given notice of their intent to participate, in order to make the program (including the amounts appropriated for this purpose under Public Law 103-317) result in no substantial net gain or loss of revenue to the Federal Financing Bank or to the Administration. Amounts collected in excess of the amount necessary to ensure revenue neutrality shall be refunded to the borrowers.

##### (b) Requirements

For purposes of subsection (a) of this section, the requirements of this subsection are that—

**(4) New debentures**

Issuers of debentures under subchapter III of this chapter may issue new debentures in accordance with such subchapter in order to prepay existing debentures as authorized in this section.

**(5) Preliminary notice**

**(A) In general**

The Administration shall use certified mail and other reasonable means to notify each eligible borrower of the prepayment

program provided in this subchapter. Each preliminary notice shall specify the range and dollar amount of repurchase premiums which could be required of that borrower in order to participate in the program. In carrying out this program, the Administration shall provide a period of not less than 45 days following the receipt of such notice by the borrower during which the borrower must notify the Administration of the borrower's intent to participate in the program. The Administration shall require that a borrower who gives notice of its intent to participate to make an earnest money deposit of \$1,000 which shall not be refundable but which shall be credited toward the final repurchase premium.

**(B) "Borrower" defined**

For purposes of this paragraph, the term "borrower", in the case of a small business investment company or a specialized small business investment company, means "issuer".

**(6) Final notice**

Based upon the response to the preliminary notice under paragraph (5), the Administration shall make a final computation of the necessary prepayment premiums and shall notify each qualified respondent of the results of such computation. Each qualified respondent shall be afforded not less than 4 months to complete the prepayment.

**(e) Definitions**

For purposes of this section—

(1) the term "issuer" means—

(A) the qualified State or local development company that issued a debenture pursuant to section 697 of this title, which has been purchased by the Federal Financing Bank; and

The Secretary shall have sole discretion to accept or reject bids under such criteria as the Secretary deems appropriate.

**(c) Rules and regulations**

The program shall be operated under such rules and regulations issued by the Secretary as the Secretary deems necessary to ensure, among other things, that—

- (1) payments may be made under the program only on the quantity of dairy products sold by an entity for export in any year that is in addition to, and not in place of, any export sales of dairy products that the entity would otherwise make in the absence of the program;

- (2) If payments in commodities are authorized, such payments shall be made through the issuance of generic certificates redeemable in commodities.

- (3) If generic certificates issued in accordance with the program provided for by this section are exchanged for dairy products owned by the Commodity Credit Corporation, the regulations issued by the Secretary shall ensure that—

- (A) such dairy products, or an equal quantity of other dairy products, will be sold for export by the entity; and

- (2) Any such rate established or approved by the Secretary shall be published in the Federal Register or publicly announced through other appropriate means, and shall be at a level or levels as will encourage the exportation of United States dairy products by entities.

**(f) Required funding**

**(1) Funds and commodities**

Except as provided in paragraph (2), the Commodity Credit Corporation shall in each

(e) Shall have all the rights, privileges, and immunities of the United States with respect to the right to priority of payment with respect to debts due from insolvent, deceased, or bankrupt debtors. Notwithstanding any other provision of law, the Commodity Credit Corporation shall, to the maximum extent practicable, in consultation with the Secretary of State, and upon terms and conditions prescribed or approved by the Secretary of Agriculture, accept strategic and critical materials produced abroad in exchange for agricultural commodities acquired by the Corporation. Insofar as practicable, in effecting such exchange of goods, the Secretary shall: (1) use normal commercial trade channels; (2) take action to avoid displacing usual marketings of United States agricultural commodities and the products thereof; (3) take reasonable precautions to prevent the resale or transshipment to other countries, or use for other than domestic use in the importing country, of agricultural commodities used for such exchange; and (4) give priority to commodities easily storable and those which serve as prime incentive goods to stimulate production of critical and strategic materials. The Corporation may solicit bids from, and utilize, private trading firms to effect such exchange of goods. The determination of the quantities and qualities of such materials which are desirable for stock piling and the determination of which materials are strategic and critical shall be made in the manner prescribed by section 3 of the Strategic and Critical Materials Stock Piling Act [50 U.S.C. 98b]. Strategic and critical materials acquired by Commodity Credit Corporation in exchange for agricultural commodities shall, to the extent approved by the President, be transferred to the stock pile provided for by the Strategic and Critical Materials Stock Piling Act [50 U.S.C. 98 et seq.]; and in the same fiscal year such materials are transferred to the stock pile the Commodity Credit Corporation shall be reimbursed for the strategic and critical materials so transferred to the stock pile from the funds made available for the purpose of the Strategic and Critical Materials Stock Piling Act, in an amount equal to the fair market value, as determined by the Secretary of the Treasury, of the material transferred to the stock pile. If the volume of petroleum products (including crude oil) stored in the Strategic Petroleum Reserve is less than the level prescribed

under section 6234 of title 42, the Corporation shall, to the maximum extent practicable and with the approval of the Secretary of Agriculture, make available annually to the Secretary of Energy, upon the request of the Secretary of Energy, a quantity of agricultural products owned by the Corporation with a market value at the time of such request of at least \$300,000,000 for use by the Secretary of Energy in acquiring petroleum products (including crude oil) produced abroad for placement in the Strategic Petroleum Reserve through an exchange of such agricultural products. The terms and conditions of each such exchange, including provisions for full reimbursement to the Commodity Credit Corporation, shall be determined by the Secretary of Energy and the Secretary of Agriculture. Nothing contained herein shall limit the authority of the Commodity Credit Corporation to acquire, hold, or dispose of such quantity of strategic and critical materials as it deems advisable in carrying out its functions and protecting its assets: *Provided*, That, notwithstanding any other provision of law, where a grain storage facility owned by the Corporation is not needed by the Corporation and, upon being offered for sale no person offers to pay the minimum price set by the Corporation for such facility for use in connection with storage or handling of agricultural commodities, then the Corporation may, without declaring such facility to be excess property, sell it by bids at not less than such minimum price to any public or private nonprofit agency or organization for use for the purposes of such agency or organization. This provision shall apply also to facilities which on the effective date of this Act have been declared excess to the needs of the Commodity Credit Corporation but have not been claimed by any other Government agency, or surplus to the needs of the Government but not disposed of pursuant to the provisions of the Federal Property and Administrative Services Act of 1949, as amended.<sup>2</sup>

(j) Shall determine the character of and the necessity for its obligations and expenditures and the manner in which they shall be incurred, allowed, and paid.

(k) Shall have authority to make final and conclusive settlement and adjustment of any claims by or against the Corporation or the accounts of its fiscal officers.

(l) May make such loans and advances of its funds as are necessary in the conduct of its business.

Notwithstanding any other provision of this subchapter, the Corporation may, in the exercise of its power to remove and dispose of surplus agricultural commodities, export, or cause to be exported, not to exceed such amounts of commodities owned by the Corporation as will enable the Corporation to finance research and development of external combustion engines using fuel other than that derived from petroleum and petroleum products. ## SHORT TITLE

Act Feb. 22, 1935, which is classified to this chapter, is popularly known as the “Hot Oil Act” and also as the “Connally Hot Oil Act”.

**§ 715a. Definitions**

As used in this chapter—

(1) The term “contraband oil” means petroleum which, or any constituent part of which, was produced, transported, or withdrawn from storage in excess of the amounts permitted to be produced, transported, or withdrawn from storage under the laws of a State or under any regulation or order prescribed thereunder by any board, commission, officer, or other duly authorized agency of such State, or any of the products of such petroleum, except petroleum or any of its constituent parts, title to which has been acquired by a State pursuant to its laws.

(2) The term “products” or “petroleum products” includes any article produced or derived in whole or in part from petroleum or any product thereof by refining, processing, manufacturing, or otherwise.

(3) The term “interstate commerce” means commerce between any point in a State and any point outside thereof, or between points within the same State but through any place outside thereof, or from any place in the United States to a foreign country, but only insofar as such commerce takes place within the United States.

(Feb. 22, 1935, ch. 18, § 2, 49 Stat. 30; Pub. L. 89-644, Oct. 13, 1966, 80 Stat. 890.)

## AMENDMENTS

1966—Pub. L. 89-644 inserted provisions in par. (1) exempting petroleum or any of its constituent parts, title to which has been acquired by a State pursuant to its laws.

**§ 715b. Interstate transportation of contraband oil forbidden**

The shipment or transportation in interstate commerce from any State of contraband oil produced in such State is prohibited. For the purposes of this section contraband oil shall not be deemed to have been produced in a State if none of the petroleum constituting such contraband oil, or from which it was produced or derived, was produced, transported, or withdrawn from storage in excess of the amounts permitted to be produced, transported, or withdrawn from storage under the laws of such State or under any regulation or order prescribed thereunder by any board, commission, officer, or other duly authorized agency of such State.

(Feb. 22, 1935, ch. 18, § 3, 49 Stat. 31.)

**§ 715c. Suspension of operation of section 715b of this title**

Whenever the President finds that the amount of petroleum and petroleum products moving in interstate commerce is so limited as to be the cause, in whole or in part, of a lack of parity between supply (including imports and reasonable

withdrawals from storage) and consumptive demand (including exports and reasonable additions to storage) resulting in an undue burden on or restriction of interstate commerce in petroleum and petroleum products, he shall by proclamation declare such finding, and thereupon the provisions of section 715b of this title shall be inoperative until such time as the President shall find and by proclamation declare that the conditions which gave rise to the suspension of the operation of the provisions of such section no longer exist. If any provision of this section or the application thereof shall be held to be invalid, the validity of application of section 715b of this title shall not be affected thereby.

(Feb. 22, 1935, ch. 18, § 4, 49 Stat. 31.)

**§ 715d. Enforcement of chapter****(a) Rules and regulations**

The President shall prescribe such regulations as he finds necessary or appropriate for the enforcement of the provisions of this chapter, including but not limited to regulations requiring reports, maps, affidavits, and other documents relating to the production, storage, refining, processing, transporting, or handling of petroleum and petroleum products, and providing for the keeping of books and records, and for the inspection of such books and records and of properties and facilities.

**(b) Certificate of clearance for petroleum and petroleum products**

Whenever the President finds it necessary or appropriate for the enforcement of the provisions of this chapter he shall require certificates of clearance for petroleum and petroleum products moving or to be moved in interstate commerce from any particular area, and shall establish a board or boards for the issuance of such certificates. A certificate of clearance shall be issued by a board so established in any case where such board determines that the petroleum or petroleum products in question does not constitute contraband oil. Denial of any such certificate shall be by order of the board, and only after reasonable opportunity for hearing. Whenever a certificate of clearance is required for any area in any State, it shall be unlawful to ship or transport petroleum or petroleum products in interstate commerce from such area unless a certificate has been obtained therefor.

**(c) Review of order of denial of certificate of clearance**

Any person whose application for a certificate of clearance is denied may obtain a review of the order denying such application in the United States District Court for the district wherein the board is sitting by filing in such court within thirty days after the entry of such order a written petition praying that the order of the board be modified or set aside, in whole or in part. A copy of such petition shall be forthwith served upon the board, and thereupon the board shall certify and file in the court a transcript of the record upon which the order complained of was entered. Upon the filing of such transcript, such court shall have jurisdiction to affirm, modify, or set aside such order, in whole or in

part. No objection to the order of the board shall be considered by the court unless such objection shall have been urged before the board. The finding of the board as to the facts, if supported by evidence, shall be conclusive. The judgment and decree of the court shall be final, subject to review as provided in sections 1254, 1291, and 1292 of title 28.

(Feb. 22, 1935, ch. 18, § 5, 49 Stat. 31.)

#### CODIFICATION

In subsec. (c), “sections 1254, 1291, and 1292 of title 28” substituted for “sections 128 and 240 of the Judicial Code, as amended [28 U.S.C. 225 and 347]” on authority of act June 25, 1948, ch. 646, 62 Stat. 869, the first section of which enacted Title 28, Judiciary and Judicial Procedure.

#### (a) Seizure procedure; return of contraband oil

Contraband oil shipped or transported in interstate commerce in violation of the provisions of this chapter shall be liable to be proceeded against in any district court of the United States within the jurisdiction of which the same may be found, and seized for forfeiture to the United States by a process of libel for condemnation; but in any such case the court may in its discretion, and under such terms and conditions as it shall prescribe, order the return of such contraband oil to the owner thereof where undue hardship would result from such forfeiture. The proceedings in such cases shall conform as nearly as may be to proceedings in rem in admiralty, except that either party may demand a trial by jury of any issue of fact joined in any such case, and all such proceedings shall be at the suit of and in the name of the United States. Contraband oil forfeited to the United States as provided in this section shall be used or disposed of pursuant to such rules and regulations as the President shall prescribe.

#### (b) Certificates of clearance

No such forfeiture shall be made in the case of contraband oil owned by any person (other than a person shipping such contraband oil in violation of the provisions of this chapter) who has with respect to such contraband oil a certificate of clearance which on its face appears to be valid and to have been issued by a board created under authority of section 715d of this title, certifying that the shipment in question is not contraband oil, and such person had no reasonable ground for believing such certificate to be invalid or to have been issued as a result of fraud or misrepresentation of fact.

(Feb. 22, 1935, ch. 18, § 7, 49 Stat. 32.)

### § 715g. Refusal of carrier to accept shipment without certificate of clearance; certificate as justifying acceptance of shipment

No common carrier who shall refuse to accept petroleum or petroleum products from any area in which certificates of clearance are required under authority of this chapter, by reason of the failure of the shipper to deliver such a certificate to such carrier, or who shall refuse to accept any petroleum or petroleum products when having reasonable ground for believing that such petroleum or petroleum products constitute contraband oil, shall be liable on account of such refusal for any penalties or damages. No common carrier shall be subject to any penalty under section 715e of this title in any case where (1) such carrier has a certificate of clearance which on its face appears to be valid and to have been issued by a board created under authority of section 715d of this title, certifying that the shipment in question is not contraband oil, and such carrier had no reasonable ground for believing such certificate to be invalid or to have been issued as a result of fraud or misrepresentation of fact, or (2) such carrier, as respects any shipment originating in any area where certificates of clearance are not required under authority of this chapter, had no reasonable ground for believing such petroleum or petroleum products to constitute contraband oil.

#### (a) Necessity of regulation in public interest

As disclosed in reports of the Federal Trade Commission made pursuant to S. Res. 83 (Seventieth Congress, first session) and other reports made pursuant to the authority of Congress, it is declared that the business of transporting and selling natural gas for ultimate distribution to the public is affected with a public interest, and that Federal regulation in matters relating to the transportation of natural gas and the sale thereof in interstate and foreign commerce is necessary in the public interest.

#### (b) Transactions to which provisions of chapter applicable

The provisions of this chapter shall apply to the transportation of natural gas in interstate

commerce, to the sale in interstate commerce of natural gas for resale for ultimate public consumption for domestic, commercial, industrial, or any other use, and to natural-gas companies engaged in such transportation or sale, and to the importation or exportation of natural gas in foreign commerce and to persons engaged in such importation or exportation, but shall not apply to any other transportation or sale of natural gas or to the local distribution of natural gas or to the facilities used for such distribution or to the production or gathering of natural gas.

#### (c) Intrastate transactions exempt from provisions of chapter; certification from State commission as conclusive evidence

The provisions of this chapter shall not apply to any person engaged in or legally authorized to engage in the transportation in interstate commerce or the sale in interstate commerce for resale, of natural gas received by such person from another person within or at the boundary of a State if all the natural gas so received is ultimately consumed within such State, or to any facilities used by such person for such transportation or sale, provided that the rates and service of such person and facilities be subject to regulation by a State commission. The matters exempted from the provisions of this chapter by this subsection are declared to be matters primarily of local concern and subject to regulation by the several States. A certification from such State commission to the Federal Power Commission that such State commission has regulatory jurisdiction over rates and service of such person and facilities and is exercising such jurisdiction shall constitute conclusive evidence of such regulatory power or jurisdiction.

#### (d) Vehicular natural gas jurisdiction

The provisions of this chapter shall not apply to any person solely by reason of, or with respect to, any sale or transportation of vehicular natural gas if such person is—

- (1) not otherwise a natural-gas company; or
- (2) subject primarily to regulation by a State commission, whether or not such State commission has, or is exercising, jurisdiction over the sale, sale for resale, or transportation of vehicular natural gas.

"(1) in closed containers; or

"(2) otherwise to any person for use by such person as a fuel in a self-propelled vehicle, shall not be considered to be a transportation or sale of natural gas within the meaning of any State law, regulation, or order in effect before January 1, 1989. TERMINATION OF FEDERAL POWER COMMISSION;  
TRANSFER OF FUNCTIONS

Federal Power Commission terminated and functions, personnel, property, funds, etc., transferred to Secretary of Energy (except for certain functions transferred to Federal Energy Regulatory Commission) by sections 7151(b), 7171(a), 7172(a)(1), 7291, and 7293 of Title 42, The Public Health and Welfare.

**§ 717b. Exportation or importation of natural gas; LNG terminals****(a) Mandatory authorization order**

After six months from June 21, 1938, no person shall export any natural gas from the United States to a foreign country or import any natural gas from a foreign country without first having secured an order of the Commission authorizing it to do so. The Commission shall issue such order upon application, unless, after opportunity for hearing, it finds that the proposed exportation or importation will not be consistent with the public interest. The Commission may by its order grant such application, in whole or in part, with such modification and upon such terms and conditions as the Commission may find necessary or appropriate, and may from time to time, after opportunity for hearing, and for good cause shown, make such supplemental order in the premises as it may find necessary or appropriate.

**(b) Free trade agreements**

With respect to natural gas which is imported into the United States from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas, and with respect to liquefied natural gas—

- (1) the importation of such natural gas shall be treated as a “first sale” within the meaning of section 3301(21) of this title; and
- (2) the Commission shall not, on the basis of national origin, treat any such imported natural gas on an unjust, unreasonable, unduly discriminatory, or preferential basis.

**(c) Expedited application and approval process**

For purposes of subsection (a) of this section, the importation of the natural gas referred to in subsection (b) of this section, or the exportation of natural gas to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas, shall be deemed to be consistent with the public interest, and applications for such importation or exportation shall be granted without modification or delay.

**(d) Construction with other laws**

Except as specifically provided in this chapter, nothing in this chapter affects the rights of States under—

- (1) the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.);
- (2) the Clean Air Act (42 U.S.C. 7401 et seq.); or
- (3) the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.).

**(e) LNG terminals**

(1) The Commission shall have the exclusive authority to approve or deny an application for the siting, construction, expansion, or operation of an LNG terminal. Except as specifically provided in this chapter, nothing in this chapter is intended to affect otherwise applicable law related to any Federal agency’s authorities or responsibilities related to LNG terminals.

(2) Upon the filing of any application to site, construct, expand, or operate an LNG terminal, the Commission shall—

- (A) set the matter for hearing;
- (B) give reasonable notice of the hearing to all interested persons, including the State commission of the State in which the LNG terminal is located and, if not the same, the Governor-appointed State agency described in section 717b-1 of this title;
- (C) decide the matter in accordance with this subsection; and
- (D) issue or deny the appropriate order accordingly.

(3)(A) Except as provided in subparagraph (B), the Commission may approve an application described in paragraph (2), in whole or part, with such modifications and upon such terms and conditions as the Commission find<sup>1</sup> necessary or appropriate.

(B) Before January 1, 2015, the Commission shall not—

- (i) deny an application solely on the basis that the applicant proposes to use the LNG

terminal exclusively or partially for gas that the applicant or an affiliate of the applicant will supply to the facility; or

(ii) condition an order on—

(I) a requirement that the LNG terminal offer service to customers other than the applicant, or any affiliate of the applicant, securing the order;

(II) any regulation of the rates, charges, terms, or conditions of service of the LNG terminal; or

(III) a requirement to file with the Commission schedules or contracts related to the rates, charges, terms, or conditions of service of the LNG terminal.

(C) Subparagraph (B) shall cease to have effect on January 1, 2030.

(4) An order issued for an LNG terminal that also offers service to customers on an open access basis shall not result in subsidization of expansion capacity by existing customers, degradation of service to existing customers, or undue discrimination against existing customers as to their terms or conditions of service at the facility, as all of those terms are defined by the Commission.

**(f) Military installations**

(1) In this subsection, the term “military installation”—

(A) means a base, camp, post, range, station, yard, center, or homeport facility for any ship or other activity under the jurisdiction of the Department of Defense, including any leased facility, that is located within a State, the District of Columbia, or any territory of the United States; and

(B) does not include any facility used primarily for civil works, rivers and harbors projects, or flood control projects, as determined by the Secretary of Defense.

(2) The Commission shall enter into a memorandum of understanding with the Secretary of Defense for the purpose of ensuring that the Commission coordinate and consult<sup>2</sup> with the Secretary of Defense on the siting, construction, expansion, or operation of liquefied natural gas facilities that may affect an active military installation.

### § 717b-1. State and local safety considerations

#### (a) Promulgation of regulations

The Commission shall promulgate regulations on the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) pre-filing process within 60 days after August 8, 2005. An applicant shall comply with pre-filing process required under the National Environmental Policy Act of 1969 prior to filing an application with the Commission. The regulations shall require that the pre-filing process commence at least 6 months prior to the filing of an application for authorization to construct an LNG terminal and encourage applicants to cooperate with State and local officials.

#### (b) State consultation

The Governor of a State in which an LNG terminal is proposed to be located shall designate the appropriate State agency for the purposes of consulting with the Commission regarding an application under section 717b of this title. The Commission shall consult with such State agency regarding State and local safety considerations prior to issuing an order pursuant to section 717b of this title. For the purposes of this section, State and local safety considerations include—

- (1) the kind and use of the facility;
- (2) the existing and projected population and demographic characteristics of the location;
- (3) the existing and proposed land use near the location;
- (4) the natural and physical aspects of the location;
- (5) the emergency response capabilities near the facility location; and
- (6) the need to encourage remote siting.

#### (c) Advisory report

The State agency may furnish an advisory report on State and local safety considerations to the Commission with respect to an application no later than 30 days after the application was filed with the Commission. Before issuing an

order authorizing an applicant to site, construct, expand, or operate an LNG terminal, the Commission shall review and respond specifically to the issues raised by the State agency described in subsection (b) of this section in the advisory report. This subsection shall apply to any application filed after August 8, 2005. A State agency has 30 days after August 8, 2005 to file an advisory report related to any applications pending at the Commission as of August 8, 2005.

**(d) Inspections**

The State commission of the State in which an LNG terminal is located may, after the terminal is operational, conduct safety inspections in conformance with Federal regulations and guidelines with respect to the LNG terminal upon written notice to the Commission. The State commission may notify the Commission of any alleged safety violations. The Commission shall transmit information regarding such allegations to the appropriate Federal agency, which shall take appropriate action and notify the State commission.

**(e) Emergency Response Plan**

(1) In any order authorizing an LNG terminal the Commission shall require the LNG terminal operator to develop an Emergency Response Plan. The Emergency Response Plan shall be prepared in consultation with the United States Coast Guard and State and local agencies and be approved by the Commission prior to any final approval to begin construction. The Plan shall include a cost-sharing plan.

(2) A cost-sharing plan developed under paragraph (1) shall include a description of any direct cost reimbursements that the applicant agrees to provide to any State and local agencies with responsibility for security and safety—

(A) at the LNG terminal; and

(B) in proximity to vessels that serve the facility.

(June 21, 1938, ch. 556, §3A, as added Pub. L. 109-58, title III, §311(d), Aug. 8, 2005, 119 Stat. 687.)

For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

**§ 717c. Rates and charges**

**(a) Just and reasonable rates and charges**

All rates and charges made, demanded, or received by any natural-gas company for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission, and all rules and regulations affecting or pertaining to such rates or charges, shall be just and reasonable, and any such rate or charge that is not just and reasonable is declared to be unlawful.

**(b) Undue preferences and unreasonable rates and charges prohibited**

No natural-gas company shall, with respect to any transportation or sale of natural gas subject

to the jurisdiction of the Commission, (1) make or grant any undue preference or advantage to any person or subject any person to any undue prejudice or disadvantage, or (2) maintain any unreasonable difference in rates, charges, service, facilities, or in any other respect, either as between localities or as between classes of service.

**(c) Filing of rates and charges with Commission; public inspection of schedules**

Under such rules and regulations as the Commission may prescribe, every natural-gas company shall file with the Commission, within such time (not less than sixty days from June 21, 1938) and in such form as the Commission may designate, and shall keep open in convenient form and place for public inspection, schedules showing all rates and charges for any transportation or sale subject to the jurisdiction of the Commission, and the classifications, practices, and regulations affecting such rates and charges, together with all contracts which in any manner affect or relate to such rates, charges, classifications, and services.

**(d) Changes in rates and charges; notice to Commission**

Unless the Commission otherwise orders, no change shall be made by any natural-gas company in any such rate, charge, classification, or service, or in any rule, regulation, or contract relating thereto, except after thirty days' notice to the Commission and to the public. Such notice shall be given by filing with the Commission and keeping open for public inspection new schedules stating plainly the change or changes to be made in the schedule or schedules then in force and the time when the change or changes will go into effect. The Commission, for good cause shown, may allow changes to take effect without requiring the thirty days' notice herein provided for by an order specifying the changes so to be made and the time when they shall take effect and the manner in which they shall be filed and published.

**(e) Authority of Commission to hold hearings concerning new schedule of rates**

Whenever any such new schedule is filed the Commission shall have authority, either upon complaint of any State, municipality, State commission, or gas distributing company, or upon its own initiative without complaint, at once, and if it so orders, without answer or formal pleading by the natural-gas company, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, charge, classification, or service; and, pending such hearing and the decision thereon, the Commission, upon filing with such schedules and delivering to the natural-gas company affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such schedule and defer the use of such rate, charge, classification, or service, but not for a longer period than five months beyond the time when it would otherwise go into effect; and after full hearings, either completed before or after the rate, charge, classification, or service goes into effect, the Commission may make such orders with reference thereto as would be proper in a

proceeding initiated after it had become effective. If the proceeding has not been concluded and an order made at the expiration of the suspension period, on motion of the natural-gas company making the filing, the proposed change of rate, charge, classification, or service shall go into effect. Where increased rates or charges are thus made effective, the Commission may, by order, require the natural-gas company to furnish a bond, to be approved by the Commission, to refund any amounts ordered by the Commission, to keep accurate accounts in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts were paid, and, upon completion of the hearing and decision, to order such natural-gas company to refund, with interest, the portion of such increased rates or charges by its decision found not justified. At any hearing involving a rate or charge sought to be increased, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the natural-gas company, and the Commission shall give to the hearing and decision of such questions preference over other questions pending before it and decide the same as speedily as possible.

**(f) Storage services**

(1) In exercising its authority under this chapter or the Natural Gas Policy Act of 1978 (15 U.S.C. 3301 et seq.), the Commission may authorize a natural gas company (or any person that will be a natural gas company on completion of any proposed construction) to provide storage and storage-related services at market-based rates for new storage capacity related to a specific facility placed in service after August 8, 2005, notwithstanding the fact that the company is unable to demonstrate that the company lacks market power, if the Commission determines that—

(A) market-based rates are in the public interest and necessary to encourage the construction of the storage capacity in the area needing storage services; and

(B) customers are adequately protected.

(2) The Commission shall ensure that reasonable terms and conditions are in place to protect consumers.

(3) If the Commission authorizes a natural gas company to charge market-based rates under this subsection, the Commission shall review periodically whether the market-based rate is just, reasonable, and not unduly discriminatory or preferential.

2005—Subsec. (f). Pub. L. 109-58 added subsec. (f).

1962—Subsec. (e). Pub. L. 87-454 inserted “or gas distributing company” after “State commission”, and

ADVANCE RECOVERY OF EXPENSES INCURRED BY NATURAL GAS COMPANIES FOR NATURAL GAS RESEARCH, DEVELOPMENT, AND DEMONSTRATION PROJECTS

Pub. L. 102-104, title III, Aug. 17, 1991, 105 Stat. 531, authorized Federal Energy Regulatory Commission, pursuant to this section, to allow recovery, in advance, of expenses by natural-gas companies for research, development and demonstration activities by Gas Research Institute for projects on use of natural gas in motor vehicles and on use of natural gas to control emissions from combustion of other fuels, subject to Commission finding that benefits, including environmental benefits, to both existing and future ratepayers resulting from such activities exceed all direct costs to both existing and future ratepayers, prior to repeal by Pub. L. 102-486, title IV, § 408(c), Oct. 24, 1992, 106 Stat. 2882.

**§ 717c-1. Prohibition on market manipulation**

It shall be unlawful for any entity, directly or indirectly, to use or employ, in connection with the purchase or sale of natural gas or the purchase or sale of transportation services subject to the jurisdiction of the Commission, any manipulative or deceptive device or contrivance (as those terms are used in section 78j(b) of this title) in contravention of such rules and regulations as the Commission may prescribe as necessary in the public interest or for the protection of natural gas ratepayers. Nothing in this section shall be construed to create a private right of action.

(June 21, 1938, ch. 556, § 4A, as added Pub. L. 109-58, title III, § 315, Aug. 8, 2005, 119 Stat. 691.)

**§ 717d. Fixing rates and charges; determination of cost of production or transportation**

**(a) Decreases in rates**

Whenever the Commission, after a hearing had upon its own motion or upon complaint of any State, municipality, State commission, or gas distributing company, shall find that any rate, charge, or classification demanded, observed, charged, or collected by any natural-gas company in connection with any transportation or sale of natural gas, subject to the jurisdiction of the Commission, or that any rule, regulation, practice, or contract affecting such rate, charge, or classification is unjust, unreasonable, unduly discriminatory, or preferential, the Commission shall determine the just and reasonable rate, charge, classification, rule, regulation, practice, or contract to be thereafter observed and in force, and shall fix the same by order: *Provided, however,* That the Commission shall have no power to order any increase in any rate contained in the currently effective schedule of such natural gas company on file with the Commission, unless such increase is in accordance with a new schedule filed by such natural gas company; but the Commission may order a decrease where existing rates are unjust, unduly discriminatory, preferential, otherwise unlawful, or are not the lowest reasonable rates.

**(b) Costs of production and transportation**

The Commission upon its own motion, or upon the request of any State commission, whenever

it can do so without prejudice to the efficient and proper conduct of its affairs, may investigate and determine the cost of the production or transportation of natural gas by a natural-gas company in cases where the Commission has no authority to establish a rate governing the transportation or sale of such natural gas.

(June 21, 1938, ch. 556, § 5, 52 Stat. 823.)

**§ 717e. Ascertainment of cost of property**

**(a) Cost of property**

The Commission may investigate and ascertain the actual legitimate cost of the property of every natural-gas company, the depreciation therein, and, when found necessary for rate-making purposes, other facts which bear on the determination of such cost or depreciation and the fair value of such property.

**(b) Inventory of property; statements of costs**

Every natural-gas company upon request shall file with the Commission an inventory of all or any part of its property and a statement of the original cost thereof, and shall keep the Commission informed regarding the cost of all additions, betterments, extensions, and new construction.

(June 21, 1938, ch. 556, § 6, 52 Stat. 824.)

**§ 717f. Construction, extension, or abandonment of facilities**

**(a) Extension or improvement of facilities on order of court; notice and hearing**

Whenever the Commission, after notice and opportunity for hearing, finds such action necessary or desirable in the public interest, it may by order direct a natural-gas company to extend or improve its transportation facilities, to establish physical connection of its transportation facilities with the facilities of, and sell natural gas to, any person or municipality engaged or legally authorized to engage in the local distribution of natural or artificial gas to the public, and for such purpose to extend its transportation facilities to communities immediately adjacent to such facilities or to territory served by such natural-gas company, if the Commission finds that no undue burden will be placed upon such natural-gas company thereby: *Provided*, That the Commission shall have no authority to compel the enlargement of transportation facilities for such purposes, or to compel such natural-gas company to establish physical connection or sell natural gas when to do so would impair its ability to render adequate service to its customers.

**(b) Abandonment of facilities or services; approval of Commission**

No natural-gas company shall abandon all or any portion of its facilities subject to the jurisdiction of the Commission, or any service rendered by means of such facilities, without the permission and approval of the Commission first had and obtained, after due hearing, and a finding by the Commission that the available supply of natural gas is depleted to the extent that the continuance of service is unwarranted, or that the present or future public convenience or necessity permit such abandonment.

**(c) Certificate of public convenience and necessity**

(1)(A) No natural-gas company or person which will be a natural-gas company upon completion of any proposed construction or extension shall engage in the transportation or sale of natural gas, subject to the jurisdiction of the Commission, or undertake the construction or extension of any facilities therefor, or acquire or operate any such facilities or extensions thereof, unless there is in force with respect to such natural-gas company a certificate of public convenience and necessity issued by the Commission authorizing such acts or operations: *Provided, however*, That if any such natural-gas company or predecessor in interest was bona fide engaged in transportation or sale of natural gas, subject to the jurisdiction of the Commission, on February 7, 1942, over the route or routes or within the area for which application is made and has so operated since that time, the Commission shall issue such certificate without requiring further proof that public convenience and necessity will be served by such operation, and without further proceedings, if application for such certificate is made to the Commission within ninety days after February 7, 1942. Pending the determination of any such application, the continuance of such operation shall be lawful.

(B) In all other cases the Commission shall set the matter for hearing and shall give such reasonable notice of the hearing thereon to all interested persons as in its judgment may be necessary under rules and regulations to be prescribed by the Commission; and the application shall be decided in accordance with the procedure provided in subsection (e) of this section and such certificate shall be issued or denied accordingly: *Provided, however*, That the Commission may issue a temporary certificate in cases of emergency, to assure maintenance of adequate service or to serve particular customers, without notice or hearing, pending the determination of an application for a certificate, and may by regulation exempt from the requirements of this section temporary acts or operations for which the issuance of a certificate will not be required in the public interest.

(2) The Commission may issue a certificate of public convenience and necessity to a natural-gas company for the transportation in interstate commerce of natural gas used by any person for one or more high-priority uses, as defined, by rule, by the Commission, in the case of—

(A) natural gas sold by the producer to such person; and

(B) natural gas produced by such person.

**(d) Application for certificate of public convenience and necessity**

Application for certificates shall be made in writing to the Commission, be verified under oath, and shall be in such form, contain such information, and notice thereof shall be served upon such interested parties and in such manner as the Commission shall, by regulation, require.

**(e) Granting of certificate of public convenience and necessity**

Except in the cases governed by the provisos contained in subsection (c)(1) of this section, a

certificate shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operation, sale, service, construction, extension, or acquisition covered by the application, if it is found that the applicant is able and willing properly to do the acts and to perform the service proposed and to conform to the provisions of this chapter and the requirements, rules, and regulations of the Commission thereunder, and that the proposed service, sale, operation, construction, extension, or acquisition, to the extent authorized by the certificate, is or will be required by the present or future public convenience and necessity; otherwise such application shall be denied. The Commission shall have the power to attach to the issuance of the certificate and to the exercise of the rights granted thereunder such reasonable terms and conditions as the public convenience and necessity may require.

**(f) Determination of service area; jurisdiction of transportation to ultimate consumers**

(1) The Commission, after a hearing had upon its own motion or upon application, may determine the service area to which each authorization under this section is to be limited. Within such service area as determined by the Commission a natural-gas company may enlarge or extend its facilities for the purpose of supplying increased market demands in such service area without further authorization; and

(2) If the Commission has determined a service area pursuant to this subsection, transportation to ultimate consumers in such service area by the holder of such service area determination, even if across State lines, shall be subject to the exclusive jurisdiction of the State commission in the State in which the gas is consumed. This section shall not apply to the transportation of natural gas to another natural gas company.

**(g) Certificate of public convenience and necessity for service of area already being served**

Nothing contained in this section shall be construed as a limitation upon the power of the Commission to grant certificates of public convenience and necessity for service of an area already being served by another natural-gas company.

**(h) Right of eminent domain for construction of pipelines, etc.**

When any holder of a certificate of public convenience and necessity cannot acquire by contract, or is unable to agree with the owner of property to the compensation to be paid for, the necessary right-of-way to construct, operate, and maintain a pipe line or pipe lines for the transportation of natural gas, and the necessary land or other property, in addition to right-of-way, for the location of compressor stations, pressure apparatus, or other stations or equipment necessary to the proper operation of such pipe line or pipe lines, it may acquire the same by the exercise of the right of eminent domain in the district court of the United States for the district in which such property may be located, or in the State courts. The practice and procedure in any action or proceeding for that purpose in the district court of the United States shall conform as nearly as may be with the prac-

tice and procedure in similar action or proceeding in the courts of the State where the property is situated: *Provided*, That the United States district courts shall only have jurisdiction of cases when the amount claimed by the owner of the property to be condemned exceeds \$3,000.

Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of this title.

**§ 717g. Accounts; records; memoranda**

**(a) Rules and regulations for keeping and preserving accounts, records, etc.**

Every natural-gas company shall make, keep, and preserve for such periods, such accounts, records of cost-accounting procedures, correspondence, memoranda, papers, books, and other records as the Commission may by rules and regulations prescribe as necessary or appropriate for purposes of the administration of this chapter: *Provided, however*, That nothing in this chapter shall relieve any such natural-gas company from keeping any accounts, memoranda, or records which such natural-gas company may be required to keep by or under authority of the laws of any State. The Commission may prescribe a system of accounts to be kept by such

natural-gas companies, and may classify such natural-gas companies and prescribe a system of accounts for each class. The Commission, after notice and opportunity for hearing, may determine by order the accounts in which particular outlays or receipts shall be entered, charged, or credited. The burden of proof to justify every accounting entry questioned by the Commission shall be on the person making, authorizing, or requiring such entry, and the Commission may suspend a charge or credit pending submission of satisfactory proof in support thereof.

**(b) Access to and inspection of accounts and records**

The Commission shall at all times have access to and the right to inspect and examine all accounts, records, and memoranda of natural-gas companies; and it shall be the duty of such natural-gas companies to furnish to the Commission, within such reasonable time as the Commission may order, any information with respect thereto which the Commission may by order require, including copies of maps, contracts, reports of engineers, and other data, records, and papers, and to grant to all agents of the Commission free access to its property and its accounts, records, and memoranda when requested so to do. No member, officer, or employee of the Commission shall divulge any fact or information which may come to his knowledge during the course of examination of books, records, data, or accounts, except insofar as he may be directed by the Commission or by a court.

**(c) Books, accounts, etc., of the person controlling gas company subject to examination**

The books, accounts, memoranda, and records of any person who controls directly or indirectly a natural-gas company subject to the jurisdiction of the Commission and of any other company controlled by such person, insofar as they relate to transactions with or the business of such natural-gas company, shall be subject to examination on the order of the Commission.

(June 21, 1938, ch. 556, § 8, 52 Stat. 825.)

**§ 717h. Rates of depreciation**

**(a) Depreciation and amortization**

The Commission may, after hearing, require natural-gas companies to carry proper and adequate depreciation and amortization accounts in accordance with such rules, regulations, and forms of account as the Commission may prescribe. The Commission may from time to time ascertain and determine, and by order fix, the proper and adequate rates of depreciation and amortization of the several classes of property of each natural-gas company used or useful in the production, transportation, or sale of natural gas. Each natural-gas company shall conform its depreciation and amortization accounts to the rates so ascertained, determined, and fixed. No natural-gas company subject to the jurisdiction of the Commission shall charge to operating expenses any depreciation or amortization charges on classes of property other than those prescribed by the Commission, or charge with respect to any class of property a percentage of depreciation or amortization other than that prescribed therefor by the Commission. No

such natural-gas company shall in any case include in any form under its operating or other expenses any depreciation, amortization, or other charge or expenditure included elsewhere as a depreciation or amortization charge or otherwise under its operating or other expenses. Nothing in this section shall limit the power of a State commission to determine in the exercise of its jurisdiction, with respect to any natural-gas company, the percentage rates of depreciation or amortization to be allowed, as to any class of property of such natural-gas company, or the composite depreciation or amortization rate, for the purpose of determining rates or charges.

**(b) Rules**

The Commission, before prescribing any rules or requirements as to accounts, records, or memoranda, or as to depreciation or amortization rates, shall notify each State commission having jurisdiction with respect to any natural-gas company involved and shall give reasonable opportunity to each such commission to present its views and shall receive and consider such views and recommendations.

(June 21, 1938, ch. 556, § 9, 52 Stat. 826.)

**§ 717i. Periodic and special reports**

**(a) Form and contents of reports**

Every natural-gas company shall file with the Commission such annual and other periodic or special reports as the Commission may by rules and regulations or order prescribe as necessary or appropriate to assist the Commission in the proper administration of this chapter. The Commission may prescribe the manner and form in which such reports shall be made, and require from such natural-gas companies specific answers to all questions upon which the Commission may need information. The Commission may require that such reports shall include, among other things, full information as to assets and liabilities, capitalization, investment and reduction thereof, gross receipts, interest due and paid, depreciation, amortization, and other reserves, cost of facilities, cost of maintenance and operation of facilities for the production, transportation, or sale of natural gas, cost of renewal and replacement of such facilities, transportation, delivery, use, and sale of natural gas. The Commission may require any such natural-gas company to make adequate provision for currently determining such costs and other facts. Such reports shall be made under oath unless the Commission otherwise specifies.

**(b) Unlawful conduct**

It shall be unlawful for any natural-gas company willfully to hinder, delay, or obstruct the making, filing, or keeping of any information, document, report, memorandum, record, or account required to be made, filed, or kept under this chapter or any rule, regulation, or order thereunder.

(June 21, 1938, ch. 556, § 10, 52 Stat. 826.)

**§ 717j. State compacts for conservation, transportation, etc., of natural gas**

**(a) Assembly of pertinent information; report to Congress**

In case two or more States propose to the Congress compacts dealing with the conservation, production, transportation, or distribution of natural gas it shall be the duty of the Commission to assemble pertinent information relative to the matters covered in any such proposed compact, to make public and to report to the Congress information so obtained, together with such recommendations for further legislation as may appear to be appropriate or necessary to carry out the purposes of such proposed compact and to aid in the conservation of natural-gas resources within the United States and in the orderly, equitable, and economic production, transportation, and distribution of natural gas.

**(b) Assembly of information relative to operation of compact; report to Congress**

It shall be the duty of the Commission to assemble and keep current pertinent information relative to the effect and operation of any compact between two or more States heretofore or hereafter approved by the Congress, to make such information public, and to report to the Congress, from time to time, the information so obtained, together with such recommendations as may appear to be appropriate or necessary to promote the purposes of such compact.

**(c) Availability of services, etc., of other agencies**

In carrying out the purposes of this chapter, the Commission shall, so far as practicable, avail itself of the services, records, reports, and information of the executive departments and other agencies of the Government, and the President may, from time to time, direct that such services and facilities be made available to the Commission.

(June 21, 1938, ch. 556, § 11, 52 Stat. 827.)

**§ 717k. Officials dealing in securities**

It shall be unlawful for any officer or director of any natural-gas company to receive for his own benefit, directly or indirectly, any money or thing of value in respect to the negotiation, hypothecation, or sale by such natural-gas company of any security issued, or to be issued, by such natural-gas company, or to share in any of the proceeds thereof, or to participate in the making or paying of any dividends, other than liquidating dividends, of such natural-gas company from any funds properly included in capital account.

(June 21, 1938, ch. 556, § 12, 52 Stat. 827.)

**§ 717l. Complaints**

Any State, municipality, or State commission complaining of anything done or omitted to be done by any natural-gas company in contravention of the provisions of this chapter may apply to the Commission by petition, which shall briefly state the facts, whereupon a statement of the complaint thus made shall be forwarded by the Commission to such natural-gas company, which shall be called upon to satisfy the

complaint or to answer the same in writing within a reasonable time to be specified by the Commission.

(June 21, 1938, ch. 556, § 13, 52 Stat. 827.)

**§ 717m. Investigations by Commission**

**(a) Power of Commission**

The Commission may investigate any facts, conditions, practices, or matters which it may find necessary or proper in order to determine whether any person has violated or is about to violate any provisions of this chapter or any rule, regulation, or order thereunder, or to aid in the enforcement of the provisions of this chapter or in prescribing rules or regulations thereunder, or in obtaining information to serve as a basis for recommending further legislation to the Congress. The Commission may permit any person to file with it a statement in writing, under oath or otherwise, as it shall determine, as to any or all facts and circumstances concerning a matter which may be the subject of investigation. The Commission, in its discretion, may publish in the manner authorized by section 825k of title 16, and make available to State commissions and municipalities, information concerning any such matter.

**(b) Determination of adequacy of gas reserves**

The Commission may, after hearing, determine the adequacy or inadequacy of the gas reserves held or controlled by any natural-gas company, or by anyone on its behalf, including its owned or leased properties or royalty contracts; and may also, after hearing, determine the propriety and reasonableness of the inclusion in operating expenses, capital, or surplus of all delay rentals or other forms of rental or compensation for unoperated lands and leases. For the purpose of such determinations, the Commission may require any natural-gas company to file with the Commission true copies of all its lease and royalty agreements with respect to such gas reserves.

**(c) Administration of oaths and affirmations; subpoena of witnesses, etc.**

For the purpose of any investigation or any other proceeding under this chapter, any member of the Commission, or any officer designated by it, is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, contracts, agreements, or other records which the Commission finds relevant or material to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States or at any designated place of hearing. Witnesses summoned by the Commission to appear before it shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

**(d) Jurisdiction of courts of United States**

In case of contumacy by, or refusal to obey a subpoena issued to, any person, the Commission may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where

such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, correspondence, memoranda, contracts, agreements, and other records. Such court may issue an order requiring such person to appear before the Commission or member or officer designated by the Commission, there to produce records, if so ordered, or to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found or may be doing business. Any person who willfully shall fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, contracts, agreements, or other records, if in his or its power so to do, in obedience to the subpoena of the Commission, shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of not more than \$1,000 or to imprisonment for a term of not more than one year, or both.

**(e) Testimony of witnesses**

The testimony of any witness may be taken at the instance of a party, in any proceeding or investigation pending before the Commission, by deposition at any time after the proceeding is at issue. The Commission may also order testimony to be taken by deposition in any proceeding or investigation pending before it at any stage of such proceeding or investigation. Such depositions may be taken before any person authorized to administer oaths not being of counsel or attorney to either of the parties, nor interested in the proceeding or investigation. Reasonable notice must first be given in writing by the party or his attorney proposing to take such deposition to the opposite party or his attorney of record, as either may be nearest, which notice shall state the name of the witness and the time and place of the taking of his deposition. Any person may be compelled to appear and depose, and to produce documentary evidence, in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Commission, as hereinbefore provided. Such testimony shall be reduced to writing by the person taking deposition, or under his direction, and shall, after it has been reduced to writing, be subscribed by the deponent.

**(f) Deposition of witnesses in a foreign country**

If a witness whose testimony may be desired to be taken by deposition be in a foreign country, the deposition may be taken before an officer or person designated by the Commission, or agreed upon by the parties by stipulation in writing to be filed with the Commission. All depositions must be promptly filed with the Commission.

**(g) Witness fees**

Witnesses whose depositions are taken as authorized in this chapter, and the person or officer taking the same, shall be entitled to the same fees as are paid for like services in the courts of the United States.

(June 21, 1938, ch. 556, §14, 52 Stat. 828; Pub. L. 91-452, title II, §218, Oct. 15, 1970, 84 Stat. 929.)

**§ 717p. Joint boards**

**(a) Reference of matters to joint boards; composition and power**

The Commission may refer any matter arising in the administration of this chapter to a board to be composed of a member or members, as determined by the Commission, from the State or each of the States affected or to be affected by such matter. Any such board shall be vested with the same power and be subject to the same duties and liabilities as in the case of a member of the Commission when designated by the Commission to hold any hearings. The action of such board shall have such force and effect and its

proceedings shall be conducted in such manner as the Commission shall by regulations prescribe. The Board shall be appointed by the Commission from persons nominated by the State commission of each State affected, or by the Governor of such State if there is no State commission. Each State affected shall be entitled to the same number of representatives on the board unless the nominating power of such State waives such right. The Commission shall have discretion to reject the nominee from any State, but shall thereupon invite a new nomination from that State. The members of a board shall receive such allowances for expenses as the Commission shall provide. The Commission may, when in its discretion sufficient reason exists therefor, revoke any reference to such a board.

**(b) Conference with State commissions regarding rate structure, costs, etc.**

The Commission may confer with any State commission regarding rate structures, costs, accounts, charges, practices, classifications, and regulations of natural-gas companies; and the Commission is authorized, under such rules and regulations as it shall prescribe, to hold joint hearings with any State commission in connection with any matter with respect to which the Commission is authorized to act. The Commission is authorized in the administration of this chapter to avail itself of such cooperation, services, records, and facilities as may be afforded by any State commission.

**(c) Information and reports available to State commissions**

The Commission shall make available to the several State commissions such information and reports as may be of assistance in State regulation of natural-gas companies. Whenever the Commission can do so without prejudice to the efficient and proper conduct of its affairs, it may, upon request from a State commission, make available to such State commission as witnesses any of its trained rate, valuation, or other experts, subject to reimbursement of the compensation and traveling expenses of such witnesses. All sums collected hereunder shall be credited to the appropriation from which the amounts were expended in carrying out the provisions of this subsection.

The Commission is authorized to appoint and fix the compensation of such officers, attorneys, examiners, and experts as may be necessary for carrying out its functions under this chapter; and the Commission may, subject to civil-service laws, appoint such other officers and employees as are necessary for carrying out such functions and fix their salaries in accordance with chapter 51 and subchapter III of chapter 53 of title 5.

REFERENCES IN TEXT

The civil-service laws, referred to in text, are set forth in Title 5, Government Organization and Employees. See, particularly, section 3301 et seq. of Title 5.

CODIFICATION

Provisions that authorized the Commission to appoint and fix the compensation of such officers, attorneys, examiners, and experts as may be necessary for carrying out its functions under this chapter “without regard to the provisions of other laws applicable to the employment and compensation of officers and employees of the United States” are omitted as obsolete and superseded.

As to the compensation of such personnel, sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the Classification Act of 1923 and all other laws or parts of laws inconsistent with the 1949 Act. The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, § 8(a), 80 Stat. 632, and reenacted as chapter 51 and subchapter III of chapter 53 of Title 5, Government Organization and Employees. Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

Such appointments are now subject to the civil service laws unless specifically excepted by those laws or by laws enacted subsequent to Executive Order 8743, Apr. 23, 1941, issued by the President pursuant to the Act of Nov. 26, 1940, ch. 919, title I, § 1, 54 Stat. 1211, which covered most excepted positions into the classified (competitive) civil service. The Order is set out as a note under section 3301 of Title 5.

“Chapter 51 and subchapter III of chapter 53 of title 5” substituted in text for “the Classification Act of 1949, as amended” on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5.

AMENDMENTS

1949—Act Oct. 28, 1949, substituted “Classification Act of 1949” for “Classification Act of 1923”.

REPEALS

Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89-554, Sept. 6, 1966, § 8, 80 Stat. 632, 655.

**§ 717r. Rehearing and review**

**(a) Application for rehearing; time**

Any person, State, municipality, or State commission aggrieved by an order issued by the Commission in a proceeding under this chapter to which such person, State, municipality, or State commission is a party may apply for a rehearing within thirty days after the issuance of such order. The application for rehearing shall set forth specifically the ground or grounds upon which such application is based. Upon such application the Commission shall have power to grant or deny rehearing or to abrogate or modify its order without further hearing. Unless the Commission acts upon the application for rehearing within thirty days after it is filed, such application may be deemed to have been denied. No proceeding to review any order of the Commission shall be brought by any person unless such person shall have made application to the Commission for a rehearing thereon. Until the record in a proceeding shall have been filed in a court of appeals, as provided in subsection (b) of this section, the Commission may at any time, upon reasonable notice and in such manner as it shall deem proper, modify or set aside, in whole or in part, any finding or order made or issued by it under the provisions of this chapter.

**(b) Review of Commission order**

Any party to a proceeding under this chapter aggrieved by an order issued by the Commission

in such proceeding may obtain a review of such order in the court of appeals of the United States for any circuit wherein the natural-gas company to which the order relates is located or has its principal place of business, or in the United States Court of Appeals for the District of Columbia, by filing in such court, within sixty days after the order of the Commission upon the application for rehearing, a written petition praying that the order of the Commission be modified or set aside in whole or in part. A copy of such petition shall forthwith be transmitted by the clerk of the court to any member of the Commission and thereupon the Commission shall file with the court the record upon which the order complained of was entered, as provided in section 2112 of title 28. Upon the filing of such petition such court shall have jurisdiction, which upon the filing of the record with it shall be exclusive, to affirm, modify, or set aside such order in whole or in part. No objection to the order of the Commission shall be considered by the court unless such objection shall have been urged before the Commission in the application for rehearing unless there is reasonable ground for failure so to do. The finding of the Commission as to the facts, if supported by substantial evidence, shall be conclusive. If any party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence in the proceedings before the Commission, the court may order such additional evidence to be taken before the Commission and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The Commission may modify its findings as to the facts by reason of the additional evidence so taken, and it shall file with the court such modified or new findings, which is supported by substantial evidence, shall be conclusive, and its recommendation, if any, for the modification or setting aside of the original order. The judgment and decree of the court, affirming, modifying, or setting aside, in whole or in part, any such order of the Commission, shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

#### **(c) Stay of Commission order**

The filing of an application for rehearing under subsection (a) of this section shall not, unless specifically ordered by the Commission, operate as a stay of the Commission's order. The commencement of proceedings under subsection (b) of this section shall not, unless specifically ordered by the court, operate as a stay of the Commission's order.

#### **(d) Judicial review**

##### **(1) In general**

The United States Court of Appeals for the circuit in which a facility subject to section 717b of this title or section 717f of this title is proposed to be constructed, expanded, or operated shall have original and exclusive jurisdiction over any civil action for the review of an order or action of a Federal agency (other

than the Commission) or State administrative agency acting pursuant to Federal law to issue, condition, or deny any permit, license, concurrence, or approval (hereinafter collectively referred to as "permit") required under Federal law, other than the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.).

##### **(2) Agency delay**

The United States Court of Appeals for the District of Columbia shall have original and exclusive jurisdiction over any civil action for the review of an alleged failure to act by a Federal agency (other than the Commission) or State administrative agency acting pursuant to Federal law to issue, condition, or deny any permit required under Federal law, other than the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.), for a facility subject to section 717b of this title or section 717f of this title. The failure of an agency to take action on a permit required under Federal law, other than the Coastal Zone Management Act of 1972, in accordance with the Commission schedule established pursuant to section 717n(c) of this title shall be considered inconsistent with Federal law for the purposes of paragraph (3).

##### **(3) Court action**

If the Court finds that such order or action is inconsistent with the Federal law governing such permit and would prevent the construction, expansion, or operation of the facility subject to section 717b of this title or section 717f of this title, the Court shall remand the proceeding to the agency to take appropriate action consistent with the order of the Court. If the Court remands the order or action to the Federal or State agency, the Court shall set a reasonable schedule and deadline for the agency to act on remand.

##### **(4) Commission action**

For any action described in this subsection, the Commission shall file with the Court the consolidated record of such order or action to which the appeal hereunder relates.

##### **(5) Expedited review**

The Court shall set any action brought under this subsection for expedited consideration.

**§ 717y. Voluntary conversion of natural gas users to heavy fuel oil**

**(a) Transfer of contractual interests**

(1) In order to facilitate voluntary conversion of facilities from the use of natural gas to the use of heavy petroleum fuel oil, the Commission shall, by rule, provide a procedure for the approval by the Commission of any transfer to any person described in paragraph 2(B)(i), (ii), or (iii) of contractual interests involving the receipt of natural gas described in paragraph 2(A).

(2)(A) The rule required under paragraph (1) shall apply to—

(i) natural gas—

(I) received by the user pursuant to a contract entered into before September 1, 1977, not including any renewal or extension thereof entered into or on or after such date other than any such extension or renewal pursuant to the exercise by such user of an option to extend or renew such contract;

(II) other than natural gas the sale for resale or the transportation of which was subject to the jurisdiction of the Federal Power Commission under the Natural Gas Act [15 U.S.C. 717 et seq.] as of September 1, 1977;

(III) which was used as a fuel in any facility in existence on September 1, 1977.

(ii) natural gas subject to a prohibition order issued under section 717z of this title.

(B) The rule required under paragraph (1) shall permit the transfer of contractual interests—

(i) to any interstate pipeline;

(ii) to any local distribution company served by an interstate pipeline; and

(iii) to any person served by an interstate pipeline for a high priority use by such person.

(3) The rule required under paragraph (1) shall provide that any transfer of contractual interests pursuant to such rule shall be under such terms and conditions as the Commission may prescribe. Such rule shall include a requirement for refund of any consideration, received by the person transferring contractual interests pursuant to such rule, to the extent such consideration exceeds the amount by which the costs actually incurred, during the remainder of the period of the contract with respect to which such contractual interests are transferred, in direct association with the use of heavy petroleum fuel oil as a fuel in the applicable facility exceeds the price under such contract for natural gas, subject to such contract, delivered during such period.

(4) In prescribing the rule required under paragraph (1), and in determining whether to approve any transfer of contractual interests, the Commission shall consider whether such transfer of contractual interests is likely to increase demand for imported refined petroleum products.

**(b) Commission approval**

(1) No transfer of contractual interests authorized by the rule required under subsection (a)(1) of this section may take effect unless the Commission issues a certificate of public convenience and necessity for such transfer if such natural gas is to be resold by the person to whom

such contractual interests are to be transferred. Such certificate shall be issued by the Commission in accordance with the requirements of this subsection and those of section 7 of the Natural Gas Act [15 U.S.C. 717f], and the provisions of such Act [15 U.S.C. 717 et seq.] applicable to the determination of satisfaction of the public convenience and necessity requirements of such section.

(2) The rule required under subsection (a)(1) of this section shall set forth guidelines for the application on a regional or national basis (as the Commission determines appropriate) of the criteria specified in subsection (e)(2) and (3) of this section to determine the maximum consideration permitted as just compensation under this section.

**(c) Restrictions on transfers unenforceable**

Any provision of any contract, which provision prohibits any transfer of any contractual interests thereunder, or any commingling or transportation of natural gas subject to such contract with natural gas the sale for resale or transportation of which is subject to the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.], or terminates such contract on the basis of any such transfer, commingling, or transportation, shall be unenforceable in any court of the United States and in any court of any State if applied with respect to any transfer approved under the rule required under subsection (a)(1) of this section.

**(d) Contractual obligations unaffected**

The person acquiring contractual interests transferred pursuant to the rule required under subsection (a)(1) of this section shall assume the contractual obligations which the person transferring such contractual interests has under such contract. This section shall not relieve the person transferring such contractual interests from any contractual obligation of such person under such contract if such obligation is not performed by the person acquiring such contractual interests.

**(e) Definitions**

For purposes of this section—

(1) The term “natural gas” has the same meaning as provided by section 2(5) of the Natural Gas Act [15 U.S.C. 717a(5)].

(2) The term “just compensation”, when used with respect to any contractual interests pursuant to the rule required under subsection (a)(1) of this section, means the maximum amount of, or method of determining, consideration which does not exceed the amount by which—

(A) the reasonable costs (not including capital costs) incurred, during the remainder of the period of the contract with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section, in direct association with the use of heavy petroleum fuel oil as a fuel in the applicable facility, exceeds

(B) the price under such contract for natural gas, subject to such contract, delivered during such period.

For purposes of subparagraph (A), the reasonable costs directly associated with the use of

heavy petroleum fuel oil as a fuel shall include an allowance for the amortization, over the remaining useful life, of the undepreciated value of depreciable assets located on the premises containing such facility, which assets were directly associated with the use of natural gas and are not usable in connection with the use of such heavy petroleum fuel oil.

(3) The term “just compensation”, when used with respect to any intrastate pipeline which would have transported or distributed natural gas with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section, means an amount equal to any loss of revenue, during the remaining period of the contract with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section, to the extent such loss—

(A) is directly incurred by reason of the discontinuation of the transportation or distribution of natural gas resulting from the transfer of contractual interests pursuant to the rule required under subsection (a)(1) of this section; and

(B) is not offset by—

(i) a reduction in expenses associated with such discontinuation; and

(ii) revenues derived from other transportation or distribution which would not have occurred if such contractual interests had not been transferred.

(4) The term “contractual interests” means the right to receive natural gas under contract as affected by an applicable curtailment plan filed with the Commission or the appropriate State regulatory authority.

(5) The term “interstate pipeline” means any person engaged in natural gas transportation subject to the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.].

(6) The term “high-priority use” means any use of natural gas (other than its use for the generation of steam for industrial purposes or electricity) identified by the Commission as a high priority use for which the Commission determines a substitute fuel is not reasonably available.

(7) The term “heavy petroleum fuel oil” means number 4, 5, or 6 fuel oil which is domestically refined.

(8) The term “local distribution company” means any person, other than any intrastate pipeline or any interstate pipeline, engaged in the transportation, or local distribution, of natural gas and the sale of natural gas for ultimate consumption.

(9) The term “intrastate pipeline” means any person engaged in natural gas transportation (not including gathering) which is not subject to the jurisdiction of the Commission under the Natural Gas Act.

(10) The term “facility” means any electric powerplant, or major fuel burning installation, as such terms are defined in the Powerplant and Industrial Fuel Use Act of 1978 [42 U.S.C. 8301 et seq.].

(11) The term “curtailment plan” means a plan (including any modification of such plan

required by the Natural Gas Policy Act of 1978 [15 U.S.C. 3301 et seq.]), in effect under the Natural Gas Act or State law, which provides for recognizing and implementing priorities of service during periods of curtailed deliveries by any local distribution company, intrastate pipeline, or interstate pipeline.

(12) The term “interstate commerce” has the same meaning as such term has under the Natural Gas Act.

#### **(f) Coordination with this chapter**

(1) Consideration in any transfer of contractual interests pursuant to the rule required under subsection (a)(1) of this section shall be deemed just and reasonable for purposes of sections 4 and 5 of the Natural Gas Act [15 U.S.C. 717c, 717d] if such consideration does not exceed just compensation.

(2) No person shall be subject to the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.] as a natural gas-company (within the meaning of such Act) or to regulation as a common carrier under any provision of Federal or State law solely by reason of making any sale, or engaging in any transportation, of natural gas with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section.

(3) Nothing in this section shall exempt from the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.] any transportation in interstate commerce of natural gas, any sale in interstate commerce for resale of natural gas, or any person engaged in such transportation or such sale to the extent such transportation, sale, or person is subject to the jurisdiction of the Commission under such Act without regard to the transfer of contractual interests pursuant to the rule required under subsection (a)(1) of this section.

(4) Nothing in this section shall exempt any person from any obligation to obtain a certificate of public convenience and necessity for the sale in interstate commerce for resale or the transportation in interstate commerce of natural gas with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section.

#### **(g) Volume limitation**

No supplier of natural gas under any contract, with respect to which contractual interests have been transferred pursuant to the rule required under subsection (a)(1) of this section, shall be required to supply natural gas during any relevant period in volume amounts which exceed the lesser of—

(1) the volume determined by reference to the maximum delivery obligations specified in such contract;

(2) the volume which such supplier would have been required to supply, under the curtailment plan in effect for such supplier, to the person, who transferred contractual interests pursuant to the rule required under subsection (a)(1) of this section, if no such transfer had occurred; and

(3) the volume actually delivered or for which payment would have been made pursuant to such contract during the 12-calendar-

month period ending immediately before such transfer of contractual interests.

#### CODIFICATION

Section was enacted as part of the Public Utility Regulatory Policies Act of 1978, and not as part of the Natural Gas Act which comprises this chapter.

#### DEFINITIONS

For definitions of terms used in this section, see section 2602 of Title 16, Conservation.

### § 717z. Emergency conversion of utilities and other facilities

#### (a) Presidential declaration

The President may declare a natural gas supply emergency (or extend a previously declared emergency) if he finds that—

(1) a severe natural gas shortage, endangering the supply of natural gas for high-priority uses, exists or is imminent in the United States or in any region thereof; and

(2) the exercise of authorities under this section is reasonably necessary, having exhausted other alternatives (not including section 3363 of this title) to the maximum extent practicable, to assist in meeting natural gas requirements for such high-priority uses.

#### (b) Limitation

(1) Any declaration of a natural gas supply emergency (or extension thereof) under subsection (a) of this section, shall terminate at the earlier of—

(A) the date on which the President finds that any shortage described in subsection (a) of this section does not exist or is not imminent; or

(B) 120 days after the date of such declaration of emergency (or extension thereof).

(2) Nothing in this subsection shall prohibit the President from extending, under subsection (a) of this section, any emergency (or extension thereof) previously declared under subsection (a) of this section, upon the expiration of such declaration of emergency (or extension thereof) under paragraph (1)(B).

#### (c) Prohibitions

During a natural gas emergency declared under this section, the President may, by order,

prohibit the burning of natural gas by any electric powerplant or major fuel-burning installation if the President determines that—

(1) such powerplant or installation had on September 1, 1977 (or at any time thereafter) the capability to burn petroleum products without damage to its facilities or equipment and without interference with operational requirements;

(2) significant quantities of natural gas which would otherwise be burned by such powerplant or installation could be made available before the termination of such emergency to any person served by an interstate pipeline for use by such person in a high-priority use; and

(3) petroleum products will be available for use by such powerplant or installation throughout the period the order is in effect.

#### (d) Limitations

The President may specify in any order issued under this section the periods of time during which such order will be in effect and the quantity (or rate of use) of natural gas that may be burned by an electric powerplant or major fuel-burning installation during such period, including the burning of natural gas by an electric powerplant to meet peak load requirements. No such order may continue in effect after the termination or expiration of such natural gas supply emergency.

#### (e) Exemption for secondary uses

The President shall exempt from any order issued under this section the burning of natural gas for the necessary processes of ignition, startup, testing, and flame stabilization by an electric powerplant or major fuel-burning installation.

#### (f) Exemption for air-quality emergencies

The President shall exempt any electric powerplant or major fuel-burning installation in whole or in part, from any order issued under this section for such period and to such extent as the President determines necessary to alleviate any imminent and substantial endangerment to the health of persons within the meaning of section 7603 of title 42.

#### (g) Limitation on injunctive relief

(1) Except as provided in paragraph (2), no court shall have jurisdiction to grant any injunctive relief to stay or defer the implementation of any order issued under this section unless such relief is in connection with a final judgment entered with respect to such order.

(2)(A) On the petition of any person aggrieved by an order issued under this section, the United States District Court for the District of Columbia may, after an opportunity for a hearing before such court and on an appropriate showing, issue a preliminary injunction temporarily enjoining, in whole or in part, the implementation of such order.

(B) For purposes of this paragraph, subpoenas for witnesses who are required to attend the District Court for the District of Columbia may be served in any judicial district of the United States, except that no writ of subpoena under the authority of this section shall issue for wit-

nesses outside of the District of Columbia at a greater distance than 100 miles from the place of holding court unless the permission of the District Court for the District of Columbia has been granted after proper application and cause shown.

#### (h) Definitions

For purposes of this section—

(1) The terms “electric powerplant”, “powerplant”, “major fuel-burning installation”, and “installation” shall have the same meanings as such terms have under section 8302 of title 42.

(2) The term “petroleum products” means crude oil, or any product derived from crude oil other than propane.

(3) The term “high priority use” means any—

(A) use of natural gas in a residence;

(B) use of natural gas in a commercial establishment in amounts less than 50 Mcf on a peak day; or

(C) any use of natural gas the curtailment of which the President determines would endanger life, health, or maintenance of physical property.

(4) The term “Mcf”, when used with respect to natural gas, means 1,000 cubic feet of natural gas measured at a pressure of 14.73 pounds per square inch (absolute) and a temperature of 60 degrees Fahrenheit.

#### (i) Use of general terms

In applying the provisions of this section in the case of natural gas subject to a prohibition order issued under this section, the term “petroleum products” (as defined in subsection (h)(2) of this section) shall be substituted for the term “heavy petroleum fuel oil” (as defined in section 717y(e)(7) of this title) if the person subject to any order under this section demonstrates to the Commission that the acquisition and use of heavy petroleum fuel oil is not technically or economically feasible.

#### § 719. Congressional findings

The Congress finds and declares that—

(1) a natural gas supply shortage exists in the contiguous States of the United States;

(2) large reserves of natural gas in the State of Alaska could help significantly to alleviate this supply shortage;

(3) the expeditious construction of a viable natural gas transportation system for delivery of Alaska natural gas to United States markets is in the national interest; and

(4) the determinations whether to authorize a transportation system for delivery of Alaska natural gas to the contiguous States and, if so, which system to select, involve questions of the utmost importance respecting national energy policy, international relations, national security, and economic and environmental impact, and therefore should appropriately be addressed by the Congress and the President in addition to those Federal officers and agencies assigned functions under law pertaining to the selection, construction, and initial operation of such a system.

(Pub. L. 94-586, § 2, Oct. 22, 1976, 90 Stat. 2903.)

#### EXPIRATION DATE

Section 20 of Pub. L. 94-586 provided that: “This Act [this chapter] shall terminate in the event that no decision of the President takes effect under section 8 of this Act [section 719f of this title], such termination to occur at the end of the last day on which a decision could be, but is not, approved under such section.”

#### SHORT TITLE

Section 1 of Pub. L. 94-586 provided that: “This Act [enacting this chapter and provisions set out as notes under this section and section 1651 of Title 43, Public Lands] may be cited as the ‘Alaska Natural Gas Transportation Act of 1976’.”

#### ANTITRUST STUDY

Section 19 of Pub. L. 94-586 directed Attorney General of United States to conduct a thorough study of antitrust issues and problems relating to production and transportation of Alaska natural gas and, not later than six months after Oct. 22, 1976, to complete such study and submit to Congress a report containing his findings and recommendations with respect thereto.

#### § 719a. Congressional statement of purpose

The purpose of this chapter is to provide the means for making a sound decision as to the selection of a transportation system for delivery of Alaska natural gas to the contiguous States

for construction and initial operation by providing for the participation of the President and the Congress in the selection process, and, if such a system is approved under this chapter, to expedite its construction and initial operation by (1) limiting the jurisdiction of the courts to review the actions of Federal officers or agencies taken pursuant to the direction and authority of this chapter, and (2) permitting the limitation of administrative procedures and effecting the limitation of judicial procedures related to such actions. To accomplish this purpose it is the intent of the Congress to exercise its constitutional powers to the fullest extent in the authorizations and directions herein made, and particularly with respect to the limitation of judicial review of actions of Federal officers or agencies taken pursuant thereto.

(Pub. L. 94-586, §3, Oct. 22, 1976, 90 Stat. 2903.)

#### § 719b. Definitions

As used in this chapter:

(1) the term "Alaska natural gas" means natural gas derived from the area of the State of Alaska generally known as the North Slope of Alaska, including the Continental Shelf thereof;

(2) the term "Commission" means the Federal Power Commission;

(3) the term "Secretary" means the Secretary of the Interior;

(4) the term "provision of law" means any provision of a Federal statute or rule, regulation, or order issued thereunder; and

(5) the term "approved transportation system" means the system for the transportation of Alaska natural gas designated by the President pursuant to section 719e(a) or 719f(b) of this title and approved by joint resolution of the Congress pursuant to section 719f of this title.

#### § 719c. Federal Power Commission reviews and reports

##### (a) Proceedings; suspension, vacation or removal of suspension; issuance of certificate of convenience and necessity

(1) Notwithstanding any provision of the Natural Gas Act or any other provision of law, the Commission shall suspend all proceedings pending before the Commission on October 22, 1976, relating to a system for the transportation of Alaska natural gas as soon as the Commission determines to be practicable after such date, and the Commission may refuse to act on any application, amendment thereto, or other requests for action under the Natural Gas Act relating to a system for the transportation of Alaska natural gas until such time as (A) a decision of the President designating such a system for approval takes effect pursuant to section 719f

of this title, (B) no such decision takes effect pursuant to section 719f of this title, or (C) the President decides not to designate such a system for approval under section 719f of this title and so advises the Congress pursuant to section 719e of this title.

(2) In the event a decision of the President designating such a system takes effect pursuant to this chapter, the Commission shall forthwith vacate proceedings suspended under paragraph (1) and, pursuant to section 719g of this title and in accordance with the President's decision, issue a certificate of public convenience and necessity respecting such system.

(3) In the event such a decision of the President does not take effect pursuant to this chapter or the President decides not to designate such a system and so advises the Congress pursuant to section 719e of this title, the suspension provided for in paragraph (1) of this subsection shall be removed.

##### (b) Recommendation; submittal to President; rule for presentation of data, views, and arguments; Federal agency cooperation

(1) The Commission shall review all applications for the issuance of a certificate of public convenience and necessity relating to the transportation of Alaska natural gas pending on October 22, 1976, and any amendments thereto which are timely made, and after consideration of any alternative transportation system which the Commission determines to be reasonable, submit to the President not later than May 1, 1977, a recommendation concerning the selection of such a transportation system. Such recommendation may be in the form of a proposed certificate of public convenience and necessity, or in such other form as the Commission determines to be appropriate, or may recommend that no decision respecting the selection of such a transportation system be made at this time or pursuant to this chapter. Any recommendation that the President approve a particular transportation system shall (A) include a description of the nature and route of the system, (B) designate a person to construct and operate the system, which person shall be the applicant, if any, which filed for a certificate of public convenience and necessity to construct and operate such system, (C) if such recommendation is for an all-land pipeline transportation system, or a transportation system involving water transportation, include provision for new facilities to the extent necessary to assure direct pipeline delivery of Alaska natural gas contemporaneously to points both east and west of the Rocky Mountains in the lower continental United States.

(2) The Commission may, by rule, provide for the presentation of data, views, and arguments before the Commission or a delegate of the Commission pursuant to such procedures as the Commission determines to be appropriate to carry out its responsibilities under paragraph (1) of this subsection. Such a rule shall, to the extent determined by the Commission, apply, notwithstanding any provision of law that would otherwise have applied to the presentation of data, views, and arguments.

(3) The Commission may request such information and assistance from any Federal agency

as the Commission determines to be necessary or appropriate to carry out its responsibilities under this chapter. Any Federal agency requested to submit information or provide assistance shall submit such information to the Commission at the earliest practicable time after receipt of a Commission request.

**(c) Report; public availability; factors to be discussed**

The Commission shall accompany any recommendation under subsection (b)(1) of this section with a report, which shall be available to the public, explaining the basis for such recommendation and including for each transportation system reviewed or considered a discussion of the following:

(1) for each year of the 20-year period which begins with the first year following October 22, 1976, the estimated—

(A) volumes of Alaska natural gas which would be available to each region of the United States directly, or indirectly by displacement or otherwise, and

(B) transportation costs and delivered prices of any such volumes of gas by region;

(2) the effects of each of the factors described in subparagraphs (A) and (B) of paragraph (1) on the projected natural gas supply and demand for each region of the United States and on the projected supplies of alternative fuels available by region to offset shortages of natural gas occurring in such region for each such year;

(3) the impact upon competition;

(4) the extent to which the system provides a means for the transportation to United States markets of natural resources or other commodities from sources in addition to the Prudhoe Bay Reserve;

(5) environmental impacts;

(6) safety and efficiency in design and operation and potential for interruption in deliveries of Alaska natural gas;

(7) construction schedules and possibilities for delay in such schedules or for delay occurring as a result of other factors;

(8) feasibility of financing;

(9) extent of reserves, both proven and probable and their deliverability by year for each year of the 20-year period which begins with the first year following October 22, 1976;

(10) the estimate of the total delivered cost to users of the natural gas to be transported by the system by year for each year of the 20-year period which begins with the first year following October 22, 1976;

(11) capability and cost of expanding the system to transport additional volumes of natural gas in excess of initial system capacity;

(12) an estimate of the capital and operating costs, including an analysis of the reliability of such estimates and the risk of cost overruns; and

(13) such other factors as the Commission determines to be appropriate.

**(d) Recommendation not based upon Canadian pipeline system decision**

The recommendation by the Commission pursuant to this section shall not be based upon the

fact that the Government of Canada or agencies thereof have not, by then rendered a decision as to authorization of a pipeline system to transport Alaska natural gas through Canada.

**(e) Transportation system: recommendation, submittal to President; environmental impact statement: submittal to President**

If the Commission recommends the approval of a particular transportation system, it shall submit to the President with such recommendation (1) an identification of those facilities and operations which are proposed to be encompassed within the term “construction and initial operation” in order to define the scope of directions contained in section 719g of this title and (2) the terms and conditions permitted under the Natural Gas Act [15 U.S.C. 717 et seq.], which the Commission determines to be appropriate for inclusion in a certificate of public convenience and necessity to be issued respecting such system. The Commission shall submit to the President contemporaneously with its report an environmental impact statement prepared respecting the recommended system, if any, and each environmental impact statement which may have been prepared respecting any other system reported on under this section.

Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of this title.

Federal Power Commission terminated and functions, personnel, property, funds, etc., transferred to Secretary of Energy (except for certain functions transferred to Federal Energy Regulatory Commission) by sections 7151(b), 7171(a), 7172(a)(1), 7291, and 7293 of Title 42, The Public Health and Welfare.

**§ 719e. Presidential decision and report**

**(a) Dateline for decision; transmission to Congress, delay: notice to Congress; contents of decision; chairman, appointment; Federal inspector of construction: duties, including establishment of joint surveillance and monitoring agreement**

(1) As soon as practicable after July 1, 1977, but not later than September 1, 1977, the President shall issue a decision as to whether a transportation system for delivery of Alaska natural gas should be approved under this chapter. If he determines such a system should be so approved, his decision shall designate such a system for approval pursuant to section 719f of this title and shall be consistent with section 719c(b)(1)(C) of this title to assure delivery of Alaska natural gas to points both east and west of the Rocky Mountains in the continental United States. The President in making his decision shall take into consideration the Commission's recommendation pursuant to section 719c of this title, the report under section 719c(c) of this title, and any comments submitted under section 719d of this title; and his decision to designate a system for approval shall be based on his determination as to which system, if any, best serves the national interest.

(2) The President, for a period of up to 90 additional calendar days after September 1, 1977, may delay the issuance of his decision and transmittal thereof to the House of Representatives and the Senate, if he determines (A) that there exists no environmental impact statement prepared relative to a system he wishes to consider or that any prepared environmental impact statement relative to a system he wishes to consider is legally or factually insufficient, or (B) that the additional time is otherwise necessary to enable him to make a sound decision on an Alaska natural gas transportation system. The President shall promptly, but in no case any later than September 1, 1977, notify the House of

Representatives and the Senate if he so delays his decision and submit a full explanation of the basis of any such delay.

(3) If, on or before May 1, 1977, the President determines to delay issuance and transmittal of his decision to the House of Representatives and the Senate pursuant to paragraph (2) of this subsection, he may authorize a delay of not more than 90 days in the date of taking of any action specified in sections 719c and 719d of this title. The President shall promptly notify the House of Representatives and the Senate of any such authorization of delay and submit a full explanation of the basis of any such authorization.

(4) If the President determines to designate for approval a transportation system for delivery of Alaska natural gas to the contiguous States, he shall in such decision—

(A) describe the nature and route of the system designated for approval;

(B) designate a person to construct and operate such a system, which person shall be the applicant, if any, which filed for a certificate of public convenience and necessity to construct and operate such system;

(C) identify those facilities, the construction of which, and those operations, the conduct of which, shall be encompassed within the term “construction and initial operation” for purposes of defining the scope of the directions contained in section 719g of this title, taking into consideration any recommendation of the Commission with respect thereto; and

(D) identify those provisions of law, relating to any determination of a Federal officer or agency as to whether a certificate, permit, right-of-way, lease, or other authorization shall be issued or be granted, which provisions the President finds (i) involve determinations which are subsumed in his decision and (ii) require waiver pursuant to section 719f(g) of this title in order to permit the expeditious construction and initial operation of the transportation system.

(5) Repealed. Pub. L. 102-486, title XXX, § 3012(a), Oct. 24, 1992, 106 Stat. 3128.

(6) If the President determines to designate for approval a transportation system for delivery of Alaska natural gas to the contiguous States, he may identify in such decision such terms and conditions permissible under existing law as he determines appropriate for inclusion with respect to any issuance or authorization directed to be made pursuant to section 719g of this title.

#### **(b) Transmittal to Congress**

The decision of the President made pursuant to subsection (a) of this section shall be transmitted to both Houses of Congress and shall be considered received by such Houses for the purposes of this section on the first day on which both are in session occurring after such decision is transmitted. Such decision shall be accompanied by a report explaining in detail the basis for his decision with specific reference to the factors set forth in sections 719c(c) and 719d(a) of this title, and the reasons for any revision, modification of, or substitution for, the Commission recommendation.

#### **(c) Financial analysis**

The report of the President pursuant to subsection (b) of this section shall contain a finan-

cial analysis for the transportation system designated for approval. Unless the President finds and states in his report submitted pursuant to this section that he reasonably anticipates that the system designated by him can be privately financed, constructed, and operated, his report shall also be accompanied by his recommendation concerning the use of existing Federal financing authority or the need for new Federal financing authority.

#### **(d) Views and objectives involving intergovernmental and international cooperation**

In making his decision under subsection (a) of this section the President shall inform himself, through appropriate consultation, of the views and objectives of the States, the Government of Canada, and other governments with respect to those aspects of such a decision that may involve intergovernmental and international cooperation among the Government of the United States, the States, the Government of Canada, and any other government.

#### **(e) Decision effective as provided in section 719f of this title; financing authority unaffected**

If the President determines to designate a transportation system for approval, the decision of the President shall take effect as provided in section 719f of this title, except that the approval of a decision of the President shall not be construed as amending or otherwise affecting the laws of the United States so as to grant any new financing authority as may have been identified by the President pursuant to subsection (c) of this section.

## PART II. OTHER PROVISIONS

### SEC. 201. EXECUTIVE POLICY BOARD

The Executive Policy Board for the Alaska Natural Gas Transportation System, hereinafter the “Executive Policy Board”, which shall be established by executive order, shall advise the Federal Inspector on the performance of the Inspector’s functions. All other functions assigned, or which could be assigned pursuant to the Decision, to the Executive Policy Board are hereby transferred to the Federal Inspector.

(a) The Agency Authorized Officers shall be detailed to and located within the Office. The Federal Inspector shall delegate to each Agency Authorized Officer the authority to enforce the terms, conditions, and stipulations of each grant, permit, or other authorization issued by the Federal agency which appointed the Agency Authorized Officer. In the exercise of these enforcement functions, the Agency Authorized Officers shall be subject to the supervision and direction of the Federal Inspector, whose decision on enforcement matters shall constitute “action” for purposes of Section 10 of the Act (15 U.S.C. 719h).

(b) The Federal Inspector shall be responsible for coordinating the expeditious discharge of nonenforcement activities by Federal agencies and coordinating the compliance by all the Federal agencies with Section 9 of the Act (15 U.S.C. 719g). Such coordination may include serving as the “one window” point for filing for and issuance of all necessary permits, certificates, grants or other authorizations, and, consistent with law, Federal government requests for data or information related to any application for a permit, certificate, grant or other authorization. Upon agreement between the Federal Inspector and the head of any agency, that agency may delegate to the Federal Inspector any statutory function vested in such agency related to the functions of the Federal Inspector.

(c) The Federal Inspector and Agency Authorized Officers in implementing the enforcement authorities herein transferred shall carry out the enforcement policies and procedures established by the Federal agencies which nominally administer these authorities, except where the Federal Inspector determines that such policies and procedures would require action inconsistent with Section 9 of the Act (15 U.S.C. 719g).

(d) Under the authority of Section 15 of the Act (15 U.S.C. 719m), the Federal Inspector will undertake to obtain appropriations for all aspects of the Federal Inspector’s operations. Such undertaking shall include appropriations for all of the functions specified in the Act and in the general terms and conditions of the Decision as well as for the enforcement activities of the Federal Inspector. The Federal Inspector will consult with the various Federal agencies as to resource requirements for enforcing their respective permits and other authorizations in preparing a unified budget for the Office. The budget shall be reviewed by the Executive Policy Board.

### SEC. 203. SUBSEQUENT TRANSFER PROVISION

(a) Effective upon the first anniversary of the date of initial operation of the Alaska Natural Gas Transportation System, the functions transferred by Section 102 of this Plan shall be transferred to the agency which performed the functions on the date prior to date the

provisions of Section 102 of this Plan were made effective pursuant to Section 205 of this Plan.

(b) Upon the issuance of the final determination order by the Director of the Office of Management and Budget for the transfers provided for by subsection (a) of this section, the Office and the position of Federal Inspector shall, effective on the date of that order, stand abolished.

#### SEC. 204. INCIDENTAL TRANSFERS

So much of the personnel, property, records and unexpended balances of appropriations, allocations and other funds employed, used, held, available, or to be made available in connection with the functions transferred under this Plan, as the Director of the Office of Management and Budget shall determine, shall be transferred to the appropriate agency or component at such time or times as the Director of the Office of Management and Budget shall provide, except that no such unexpended balances transferred shall be used for purposes other than those for which the appropriation was originally made. The Director of the Office of Management and Budget shall provide for the terminating of the affairs of the Office and the Federal Inspector upon their abolition pursuant to this Plan and for such further measures and dispositions as such Director deems necessary to effectuate the purposes of this Plan.

#### SEC. 205. EFFECTIVE DATE

This Plan shall become effective at such time or times as the President shall specify, but not sooner than the earliest time allowable under Section 906 of Title 5 of the United States Code, except that the provisions of Section 203 shall occur as provided by the terms of that Section.

[Pursuant to Ex. Ord. No. 12142, June 21, 1979, 44 F.R. 36927, this Reorg. Plan is effective July 1, 1979].

[For abolition of Office of the Federal Inspector for the Alaska Natural Gas Transportation System and transfer of functions and authority, see section 3012(b) of Pub. L. 102-486, set out as an Abolition of Office of Federal Inspector note above.]

#### MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I am submitting to you today Reorganization Plan No. 1 of 1979 to create the Office of Federal Inspector for the Alaska Natural Gas Transportation System and establish the position of Federal Inspector. Creation of this Office and the transfer of appropriate Federal enforcement authority and responsibility is consistent with my September 1977 Decision and Report to the Congress on the Alaska Natural Gas Transportation System. This decision was approved by the Congress November 2, 1977.

The Alaska Gas Transportation System is a 4,748-mile pipeline to be constructed in partnership with Canada. Canada completed legislation enacting a similar transfer last year and has already appointed an official to coordinate its activities prior to and during pipeline construction. The Northwest Alaska Pipeline Company has been selected to construct the pipeline, with completion scheduled in late 1984. Estimated construction costs are \$10-\$15 billion, to be financed by private investment.

Natural gas is among the Nation's most valuable fuels. It is in the national interest to bring Alaskan gas reserves to market at the lowest possible price for consumers. Construction of a gas pipeline from the Prudhoe Bay reserves in Alaska through Canada to points in the West and Midwest United States will provide a system which will deliver more Alaskan natural gas at less cost to a greater number of Americans than any alternative transportation system. Every effort must be made to ensure timely completion of the pipeline at the lowest possible cost consistent with Federal regulatory policies.

As a result of our experience in construction of the Trans-Alaska Oil Pipeline, we recognize the need for

the Federal Government to be in a strong position to manage its own role in this project through prompt, coordinated decisionmaking in pre-construction approval functions and in enforcing the terms and conditions of the permits, certificates, leases, and other authorizations to be issued by various Federal agencies. We must avoid duplicating the delays and cost escalations experienced in the construction of the Trans-Alaska Pipeline System. The Plan I am submitting would establish clear responsibility for the efficient functioning of Federal enforcement activities by assigning the Federal Inspector authority to carry out these responsibilities.

The Alaska Natural Gas Transportation Act of 1976 [15 U.S.C. 719 et seq.] only provided for monitoring the construction of the pipeline. The Plan transfers to the Federal Inspector the authority to supervise the enforcement of terms and conditions of the permits and other authorizations, including those to be issued by the Departments of Agriculture, Interior, Transportation, and Treasury, and the Environmental Protection Agency, the Federal Energy Regulatory Commission, and the U.S. Army Corps of Engineers. The Plan provides for the Federal Inspector to coordinate other Federal activities directly related to the pipeline project. Federal agencies retain their authority to issue permits and related authorizations, but enforcement of the terms and conditions of these authorizations is transferred to the Federal Inspector. Transfer of enforcement authority from Federal agencies to the Federal Inspector is limited in scope to their participation in this project and in duration to the pre-construction, construction, and initial operation phases of the project.

The Decision and Report to the Congress recommended an Executive Policy Board with policy-making and supervisory authority over the Federal Inspector. I plan to sign an Executive Order upon approval of this Plan by the Congress which will create an Executive Policy Board which will be only advisory, but which will enhance communication and coordinate among Federal agencies and with the Federal Inspector. The Plan modifies the Decision and Report in that regard. The Federal Inspector will use the policies and procedures of the agencies involved in exercising the transferred enforcement responsibilities to the maximum extent practicable. The Board provides the opportunity for agencies to contribute to the policy deliberations of the Inspector and exercises an oversight role to insure that pipeline activities are carried on within existing regulatory policy. The Board is required to review the budget of the Office of the Federal Inspector and periodically report to me on the progress of construction and on major problems encountered. I am convinced that the Federal Inspector must have authority commensurate with his responsibilities.

Each of the provisions of this proposed reorganization would accomplish one or more of the purposes set forth in Section 901(a) of Title 5 of the United States Code. The appointment and compensation of the Federal Inspector is in accordance with the provisions of the Alaska Natural Gas Transportation Act of 1976 [15 U.S.C. 719 et seq.], and the Reorganization Act of 1977. The provisions for appointment and pay in this Plan are necessary by reason of a reorganization made by the Plan. The rate of compensation is comparable to rates for similar positions within the Executive Branch. This reorganization will result in a reduction in the cost of construction for the pipeline system and ultimately in savings to American consumers. A small increase in cost to the Federal government will result from the creation of the Office of the Federal Inspector. The Plan requires that the Office and the position of Federal Inspector will be abolished upon the first anniversary date after the pipeline becomes operational.

THE WHITE HOUSE, April 2, 1979.

EX. ORD. NO. 12142. ALASKA NATURAL GAS  
TRANSPORTATION SYSTEM

Ex. Ord. No. 12142, June 21, 1979, 44 F.R. 36927, provided:

1-102. In accord with Section 201 of that Plan, there is hereby established the Executive Policy Board for the system for the transportation of Alaska natural gas ("the System") as such system is defined in the Alaska Natural Gas Transportation Act of 1976 (15 U.S.C. 719 et seq.).

1-103. The Board shall consist of the Secretaries of the Departments of Agriculture, Energy, Labor, Transportation, and the Interior, the Administrator of the Environmental Protection Agency, the Chief of Engineers of the United States Army, and the Chairman of the Federal Energy Regulatory Commission. Additional members may be elected to the Board by vote of a majority of the members. The Board will by majority vote elect a Chairman to serve for a one-year term.

1-104. The Board shall perform the following functions:

(a) Advise the Federal Inspector for the Alaska Natural Gas Transportation System (the "Federal Inspector") established by Reorganization Plan No. 1 of 1979, on policy issues in accord with applicable law and existing Departmental or Agency policies.

A copy of each statement shall be forwarded promptly to the Board and made available to the public by the Federal Inspector.

1-107. After written notice of a proposed enforcement action is given by the Federal Inspector, the Federal Inspector will be subject to the rules of procedure for ex parte contacts as reflected in the guidelines and policies of Departments and Agencies from which the specific enforcement authority is transferred.

1-108. The Federal Inspector and all employees of the Office of the Federal Inspector shall be subject to the provisions of Executive Order No. 11222 concerning standards of conduct for Federal employees. The Federal Inspector shall issue standards of conduct, pursuant to the Order, for the Office of the Federal Inspector.

1-109. To the extent permitted by law, each Department and Agency shall cooperate with and furnish necessary information and assistance to the Board in the performance of its functions.

1-110. This Order shall be effective on July 1, 1979.

§ 719f. Congressional review

(a) Effectiveness of decision designating transportation system for approval upon enactment of joint resolution

Any decision under section 719e(a) of this title or subsection (b) of this section designating for approval a transportation system for the delivery of Alaska natural gas shall take effect upon enactment of a joint resolution within the first period of 60 calendar days of continuous session of Congress beginning on the date after the date of receipt by the Senate and House of Representatives of a decision transmitted pursuant to section 719e(b) of this title or subsection (b) of this section.

(b) New decision: statement of reasons for proposal; transmittal to Congress

If the Congress does not enact such a joint resolution within such 60-day period, the President, not later than the end of the 30th day following the expiration of the 60-day period, may propose a new decision and shall provide a detailed statement concerning the reasons for such proposal. The new decision shall be submitted in accordance with section 719e(a) of this title and transmitted to the House of Representatives and the Senate on the same day while both are in session and shall take effect pursuant to subsection (a) of this section. In the event that a resolution respecting the President's decision was defeated by vote of either House, no new decision may be transmitted pursuant to this subsection unless such decision differs in a material respect from the previous decision.

(c) Sessions of Congress

For purposes of this section—

(1) continuity of session of Congress is broken only by an adjournment sine die; and

(2) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of the 60-day calendar period.

(d) Rules under rulemaking powers of Congress; change of rules; "resolution" defined; referral to Congressional committees; debate limitation; motion for consideration of resolution; debate on resolution; nondebatable motions and appeals from procedural decisions

(1) This subsection is enacted by Congress—

(A) as an exercise of the rulemaking power of each House of Congress, respectively, and as such it is deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in that House in the case of resolutions described by paragraph (2) of this subsection; and it supercedes other rules only to the extent that it is inconsistent therewith; and

(B) with full recognition of the constitutional right of either House to change the rules (so far as those rules relate to the procedure of that House) at any time, in the same manner and to the same extent as in the case of any other rule of such House.

(2) For purposes of this chapter, the term "resolution" means (A) a joint resolution, the resolving clause of which is as follows: "That the House of Representatives and Senate approve

the Presidential decision on an Alaska natural gas transportation system submitted to the Congress on \_\_\_\_\_, 19 \_\_, and find that any environmental impact statements prepared relative to such system and submitted with the President's decision are in compliance with the Natural<sup>1</sup> Environmental Policy Act of 1969.”; the blank space therein shall be filled with the date on which the President submits his decision to the House of Representatives and the Senate; or (B) a joint resolution described in subsection (g) of this section.

(3) A resolution once introduced with respect to a Presidential decision on an Alaska natural gas transportation system shall be referred to one or more committees (and all resolutions with respect to the same Presidential decision on an Alaska natural gas transportation system shall be referred to the same committee or committees) by the President of the Senate or the Speaker of the House of Representatives, as the case may be.

(4)(A) If any committee to which a resolution with respect to a Presidential decision on an Alaska natural gas transportation system has been referred has not reported it at the end of 30 calendar days after its referral, it shall be in order to move either to discharge such committee from further consideration of such resolution or to discharge such committee from consideration of any other resolution with respect to such Presidential decision on an Alaska natural gas transportation system which has been referred to such committee.

(B) A motion to discharge may be made only by an individual favoring the resolution, shall be highly privileged (except that it may not be made after the committee has reported a resolution with respect to the same Presidential decision on an Alaska natural gas transportation system), and debate thereon shall be limited to not more than 1 hour, to be divided equally between those favoring and those opposing the resolution. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion was agreed to or disagreed to.

(C) If the motion to discharge is agreed to or disagreed to, the motion may not be made with respect to any other resolution with respect to the same Presidential decision on an Alaska natural gas transportation system.

(5)(A) When any committee has reported, or has been discharged from further consideration of, a resolution, but in no case earlier than 30 days after the date of receipt of the President's decision to the Congress, it shall be at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the resolution. The motion shall be highly privileged and shall not be debatable. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion was agreed to or disagreed to.

(B) Debate on the resolution described in paragraph (2)(A) of this subsection shall be limited to not more than 10 hours and on any resolution described in subsection (g) of this section to one

hour. This time shall be divided equally between those favoring and those opposing such resolution. A motion further to limit debate shall not be debatable. An amendment to, or motion to recommit the resolution shall not be in order, and it shall not be in order to move to reconsider the vote by which such resolution was agreed to or disagreed to or, thereafter within such 60-day period, to consider any other resolution respecting the same Presidential decision.

(6)(A) Motions to postpone, made with respect to the discharge from committee, or the consideration of a resolution and motions to proceed to the consideration of other business, shall be decided without debate.

(B) Appeals from the decision of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedures relating to a resolution shall be decided without debate.

**(e) Presidential finding respecting and supplementation or modification of environmental impact statement; submittal to Congressional committees**

The President shall find that any required environmental impact statement relative to the Alaska natural gas transportation system designated for approval by the President has been prepared and that such statement is in compliance with the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.]. Such finding shall be set forth in the report of the President submitted under section 719e of this title. The President may supplement or modify the environmental impact statements prepared by the Commission or other Federal officers or agencies. Any such environmental impact statement shall be submitted contemporaneously with the transmittal to the Senate and House of Representatives of the President's decision pursuant to section 719e(b) of this title or subsection (b) of this section.

**(f) Report of Commission: submittal to Congress; Council on Environmental Quality: hearings, report, submittal to Congress; Congressional committee hearings**

Within 20 days of the transmittal of the President's decision to the Congress under section 719e(b) of this title or under subsection (b) of this section, (1) the Commission shall submit to the Congress a report commenting on the decision and including any information with regard to that decision which the Commission considers appropriate, and (2) the Council on Environmental Quality shall provide an opportunity to any interested person to present oral and written data, views, and arguments on any environmental impact statement submitted by the President relative to any system designated by him for approval which is different from any system reported on by the Commission under section 719c(c) of this title, and shall submit to the Congress a report summarizing any such views received. The committees in each House of Congress to which a resolution has been referred under subsection (d)(3) of this section shall conduct hearings on the Council's report and include in any report of the committee respecting such resolution the findings of the committee on the legal and factual sufficiency of any environ-

mental impact statement submitted by the President relative to any system designated by him for approval.

**(g) Waiver; submittal to Congress**

(1) At any time after a decision designating a transportation system is submitted to the Congress pursuant to this section, if the President finds that any provision of law applicable to actions to be taken under subsection (a) or (c) of section 719g of this title require waiver in order to permit expeditious construction and initial operation of the approved transportation system, the President may submit such proposed waiver to both Houses of Congress.

(2) Such provision shall be waived with respect to actions to be taken under subsection (a) or (c) of section 719g of this title upon enactment of a joint resolution pursuant to the procedures specified in subsections (c) and (d) of this section (other than subsection (d)(2) thereof) within the first period of 60 calendar days of continuous session of Congress beginning on the date after the date of receipt by the Senate and House of Representatives of such proposal.

**(a) Earliest practicable date for issuance or grant of authorizations**

(B) sufficient downstream capacity will exist to transport the Alaska natural gas moving through the project to markets in the contiguous United States.

**(c) Expedited approval process**

Not later than 60 days after the date of issuance of the final environmental impact statement under section 720b of this title for an Alaska natural gas transportation project, the Commission shall issue a final order granting or denying any application for a certificate of public convenience and necessity for the project under section 7(c) of the Natural Gas Act (15 U.S.C. 717f(c)) and this section.

If no application for the issuance of a certificate or amended certificate of public convenience and necessity authorizing the construction and operation of an Alaska natural gas transportation project has been filed with the Commission by the date that is 18 months after October 13, 2004, the Secretary shall conduct a study of alternative approaches to the construction and operation of such an Alaska natural gas transportation project.

**(b) Scope of study**

The study under subsection (a) shall take into consideration the feasibility of—

(1) establishing a Federal Government corporation to construct an Alaska natural gas transportation project; and

(2) securing alternative means of providing Federal financing and ownership (including alternative combinations of Government and private corporate ownership) of the Alaska natural gas transportation project.

**(c) Consultation**

It is the sense of Congress that—

- (1) an Alaska natural gas transportation project would provide significant economic benefits to the United States and Canada; and
- (2) to maximize those benefits, the sponsors of the Alaska natural gas transportation project should make every effort to—
  - (A) use steel that is manufactured in North America; and

In this section, the term “small business concern” has the meaning given the term in section 632(a) of this title.

**(b) Sense of Congress**

It is the sense of Congress that—

- (1) an Alaska natural gas transportation project would provide significant economic benefits to the United States and Canada; and
- (2) to maximize those benefits, the sponsors of the Alaska natural gas transportation project should maximize the participation of small business concerns in contracts and subcontracts awarded in carrying out the project.

**§ 720k. Alaska pipeline construction training program****(a) Program****(1) Establishment**

The Secretary of Labor (in this section referred to as the “Secretary”) shall make grants to the Alaska Workforce Investment Board—

- (A) to recruit and train adult and dislocated workers in Alaska, including Alaska Natives, in the skills required to construct and operate an Alaska gas pipeline system; and
- (B) for the design and construction of a training facility to be located in Fairbanks, Alaska, to support an Alaska gas pipeline training program.

**(2) Coordination with existing programs**

**§ 720l. Sense of Congress concerning natural gas demand**

It is the sense of Congress that—

(1) North American demand for natural gas will increase dramatically over the course of the next several decades;

(2) both the Alaska Natural Gas Pipeline and the Mackenzie Delta Natural Gas project in Canada will be necessary to help meet the increased demand for natural gas in North America;

(3) Federal and State officials should work together with officials in Canada to ensure both projects can move forward in a mutually beneficial fashion;

(4) Federal and State officials should acknowledge that the smaller scope, fewer permitting requirements, and lower cost of the Mackenzie Delta project means it will most likely be completed before the Alaska Natural Gas Pipeline;

(5) natural gas production in the 48 contiguous States and Canada will not be able to meet all domestic demand in the coming decades; and

(6) as a result, natural gas delivered from Alaskan North Slope will not displace or reduce the commercial viability of Canadian natural gas produced from the Mackenzie Delta or production from the 48 contiguous States.

(Pub. L. 108-324, div. C, §114, Oct. 13, 2004, 118 Stat. 1264.)

**§ 720m. Sense of Congress concerning Alaskan ownership**

It is the sense of Congress that—

(1) Alaska Native Regional Corporations, companies owned and operated by Alaskans, and individual Alaskans should have the opportunity to own shares of the Alaska natural gas pipeline in a way that promotes economic development for the State; and

(2) to facilitate economic development in the State, all project sponsors should negotiate in good faith with any willing Alaskan person that desires to be involved in the project.

**§ 720n. Loan guarantees****(a) Authority**

(1) The Secretary may enter into agreements with 1 or more holders of a certificate of public convenience and necessity issued under section 720a(b) of this title or section 719g of this title or with an entity the Secretary determines is qualified to construct and operate a liquefied natural gas project to transport liquefied natural gas from Southcentral Alaska to West Coast States, to issue Federal guarantee instruments with respect to loans and other debt obligations for a qualified infrastructure project.

(2) Subject to the requirements of this section, the Secretary may also enter into agreements with 1 or more owners of the Canadian portion of a qualified infrastructure project to issue Federal guarantee instruments with respect to loans and other debt obligations for a qualified infrastructure project as though such owner were a holder described in paragraph (1).

(3) The authority of the Secretary to issue Federal guarantee instruments under this section for a qualified infrastructure project shall expire on the date that is 2 years after the date on which the final certificate of public convenience and necessity (including any Canadian certificates of public convenience and necessity) is issued for the project. A final certificate shall be considered to have been issued when all certificates of public convenience and necessity have been issued that are required for the initial transportation of commercially economic quantities of natural gas from Alaska to the continental United States.

**(b) Conditions**

(1) The Secretary may issue a Federal guarantee instrument for a qualified infrastructure project only after a certificate of public convenience and necessity under section 720a(b) of this title or an amended certificate under section 719g of this title has been issued for the project, or after the Secretary certifies there exists a qualified entity to construct and operate a liquefied natural gas project to transport liquefied natural gas from Southcentral Alaska to West Coast States. In no case shall loan guarantees be issued for more than one qualified project.

(2) The Secretary may issue a Federal guarantee instrument under this section for a qualified infrastructure project only if the loan or other debt obligation guaranteed by the instrument has been issued by an eligible lender.

(3) The Secretary shall not require as a condition of issuing a Federal guarantee instrument under this section any contractual commitment

or other form of credit support of the sponsors (other than equity contribution commitments and completion guarantees), or any throughput or other guarantee from prospective shippers greater than such guarantees as shall be required by the project owners.

(4) Such loan guarantee may be utilized only by the project chosen by the Federal Energy Regulatory Commission as the qualified project.

**(c) Limitations on amounts**

(1) The amount of loans and other debt obligations guaranteed under this section for a qualified infrastructure project shall not exceed 80 percent of the total capital costs of the project, including interest during construction.

(2) The principal amount of loans and other debt obligations guaranteed under this section shall not exceed, in the aggregate, \$18,000,000,000, which amount shall be indexed for United States dollar inflation from October 13, 2004, as measured by the Consumer Price Index, except that the total amount of principal that may be guaranteed for a qualified liquefied natural gas project may not exceed a principal amount in which the cost of loan guarantees, as defined by section 661a(5) of title 2, exceeds \$2,000,000,000.

**(d) Loan terms and fees**

(1) The Secretary may issue Federal guarantee instruments under this section that take into account repayment profiles and grace periods justified by project cash flows and project-specific considerations. The term of any loan guaranteed under this section shall not exceed 30 years.

(2) An eligible lender may assess and collect from the borrower such other fees and costs associated with the application and origination of the loan or other debt obligation as are reasonable and customary for a project finance transaction in the oil and gas sector.

**(e) Regulations**

The Secretary may issue regulations to carry out this section.

**(f) Authorization of appropriations**

There are authorized to be appropriated such sums as may be necessary to cover the cost of loan guarantees under this section, as defined by section 661a(5) of title 2. Such sums shall remain available until expended.

**(g) Definitions**

In this section:

**(1) Consumer Price Index**

The term “Consumer Price Index” means the Consumer Price Index for all-urban consumers, United States city average, as published by the Bureau of Labor Statistics, or if such index shall cease to be published, any successor index or reasonable substitute thereof.

**(2) Eligible lender**

The term “eligible lender” means any non-Federal qualified institutional buyer (as defined by section 230.144A(a) of title 17, Code of Federal Regulations (or any successor regulation), known as Rule 144A(a) of the Securities and Exchange Commission and issued under

the Securities Act of 1933 [15 U.S.C. 77a et seq.]), including—

(A) a qualified retirement plan (as defined in section 4974(c) of title 26) that is a qualified institutional buyer; and

(B) a governmental plan (as defined in section 414(d) of title 26) that is a qualified institutional buyer.

**(3) Federal guarantee instrument**

The term “Federal guarantee instrument” means any guarantee or other pledge by the Secretary to pledge the full faith and credit of the United States to pay all of the principal and interest on any loan or other debt obligation entered into by a holder of a certificate of public convenience and necessity.

**(4) Qualified infrastructure project**

The term “qualified infrastructure project” means an Alaskan natural gas transportation project or system consisting of the design, engineering, finance, construction, and completion of pipelines and related transportation and production systems (including gas treatment plants<sup>1</sup> liquification plants and liquefied natural gas tankers for transportation of liquefied natural gas from southcentral Alaska to the West Coast), and appurtenances thereto, that are used to transport natural gas from the Alaska North Slope to the continental United States.

#### SUBCHAPTER I—FEDERAL ENERGY ADMINISTRATION

### § 761. Congressional declaration of purpose

#### (a) Objectives

The Congress hereby declares that the general welfare and the common defense and security require positive and effective action to conserve scarce energy supplies, to insure fair and efficient distribution of, and the maintenance of fair and reasonable consumer prices for, such supplies, to promote the expansion of readily usable energy sources, and to assist in develop-

ing policies and plans to meet the energy needs of the Nation.

#### (b) Necessity for reorganization

The Congress finds that to help achieve these objectives, and to assure a coordinated and effective approach to overcoming energy shortages, it is necessary to reorganize certain agencies and functions of the executive branch and to establish a Federal Energy Administration.

#### (c) Creation of Federal Energy Administration

The sole purpose of this chapter is to create an administration in the executive branch, called the Federal Energy Administration, to vest in the Administration certain functions as provided in this chapter, and to transfer to such Administration certain executive branch functions authorized by other laws, where such transfer is necessary on an interim basis to deal with the Nation's energy shortages.

The Administrator shall not allow costs attributable to changes in ownership and movement of propane gas where, in

- (12) perform such other functions as may be prescribed by law.

#### (c) Exercise of delegated discretion concerning exemptions

(1) The Administrator shall not exercise the discretion delegated to him by the President, pursuant to section 754(b)<sup>1</sup> of this title, to submit to the Congress as one energy action any amendment to the regulation under section 753(a)<sup>1</sup> of this title, pursuant to section 760a<sup>1</sup> of this title, which amendment exempts any oil, refined petroleum product, or refined product category from both the allocation and pricing provisions of the regulation under section 753<sup>1</sup> of this title.

If any person is aggrieved or adversely affected by a denial of a request for adjustment under the preceding sentences, he may request a review of such denial by the agency and may obtain judicial review in accordance with subsection (c) of this section when such a denial becomes final. plant equipment to burn coal, or (B) such powerplant or installation is required to meet a design or construction requirement under subsection (c) of this section.

##### (b) Prerequisites to issuance or effectiveness of orders prohibiting use of natural gas or petroleum products as primary energy source

The requirements referred to in subsection (a) of this section are as follows:

(1) An order under subsection (a) of this section may not be issued with respect to a powerplant or installation unless the Federal Energy Administrator finds (A) that the burning of coal by such plant or installation, in lieu of petroleum products or natural gas, is practicable and consistent with the purposes of this chapter, (B) that coal and coal transportation facilities will be available during the period the order is in effect, and (C) in the case of a powerplant, that the prohibition under subsection (a) of this section will not impair the reliability of service in the area served by such plant. Such an order shall be rescinded or modified to the extent the Federal Energy Administrator determines that any requirement described in subparagraph (A), (B), or (C) of this paragraph is no longer met; and such an order may at any time be modified if the Federal Energy Administrator determines that such order, as modified, complies with the requirements of this section.

(2)(A) Before issuing an order under subsection (a) of this section which is applicable to a powerplant or installation for a period ending on or before June 30, 1975, the Federal Energy Administrator (i) shall give notice to the public and afford interested persons an opportunity for written presentations of data, views, and arguments, (ii) shall consult with the Administrator of the Environmental Protection Agency, and (iii) shall take into account the likelihood that the powerplant or installation will be permitted to burn coal after June 30, 1975.

(B) An order described in subparagraph (A) of this paragraph shall not become effective until the date which the Administrator of the Environmental Protection Agency certifies pursuant to section 1857c-10(d)(1)(A)<sup>1</sup> of title 42 is the earliest date that such plant or installation will be able to comply with the air pollution requirements which will be applicable to it. Such order shall not be effective for any period certified by the Administrator of the Environmental Protection Agency pursuant to section 1857c-10(d)(3)(B)<sup>1</sup> of title 42.

(3)(A) Before issuing an order under subsection (a) of this section which is applicable to a powerplant or installation after June 30, 1975 (or modifying an order to which paragraph (2) applies, so as to apply such order to a powerplant or installation after such date), the Federal Energy Administrator shall give notice to the public and afford interested persons an opportunity for oral and written presentations of data, views, and arguments.

(B) An order (or modification thereof) described in subparagraph (A) of this paragraph

<sup>1</sup> See References in Text note below.

shall not become effective until (i) the Administrator of the Environmental Protection Agency notifies the Federal Energy Administrator under section 1857c-10(d)(1)(B)<sup>1</sup> of title 42 that such plant or installation will be able on and after July 1, 1975, to burn coal and to comply with all applicable air pollution requirements without a compliance date extension under section 1857c-10(c)<sup>1</sup> of title 42, or (ii) if such notification is not given, the date which the Administrator of the Environmental Protection Agency certifies pursuant to section 1857c-10(d)(1)(B)<sup>1</sup> of title 42 is the earliest date that such plant or installation will be able to comply with all applicable requirements of such 1857c-10<sup>1</sup> of title 42. Such order (or modification) shall not be effective during any period certified by the Administrator of the Environmental Protection Agency under section 1857c-10(d)(3)(B)<sup>1</sup> of title 42.

**(c) Construction and design of powerplants or other major fuel burning installations**

The Federal Energy Administrator may require that any powerplant or other major fuel burning installation in the early planning process (other than a combustion gas turbine or combined cycle unit) be designed and constructed so as to be capable of using coal as its primary energy source. No powerplant or other major fuel burning installation may be required under this subsection to be so designed and constructed, if the Administrator determines that (1) in the case of a powerplant to do so is likely to result in an impairment of reliability or adequacy of service, or (2) an adequate and reliable supply of coal is not expected to be available. In considering whether to impose a design and construction requirement under this subsection, the Federal Energy Administrator shall consider the existence and effects of any contractual commitment for the construction of such facilities and the capability of the owner to recover any capital investment made as a result of any requirement imposed under this subsection.

**(d) Allocation of coal**

The Federal Energy Administrator may, by rule or order, allocate coal (1) to any powerplant or major fuel-burning installation to which an order under subsection (a) of this section has been issued, or (2) to any other person to the extent necessary to carry out the purposes of this chapter.

**(e) Definitions**

For purposes of this section:

(1) The term “powerplant” means a fossil-fuel fired electric generating unit which produces electric power for purposes of sale or exchange.

(2) The term “coal” includes coal derivatives.

**(f) Expiration of authority; effective dates**

(1) Authority to issue orders or rules under subsections (a) through (d) of this section shall expire at midnight, December 31, 1978. Such a rule or order may take effect at any time before January 1, 1985.

(2) Authority to amend, repeal, rescind, modify, or enforce such rules or orders shall expire

at midnight, December 31, 1984; but the expiration of such authority shall not affect any administrative or judicial proceeding which relates to any act or omission which occurred prior to January 1, 1985.

tification required to be given by the Administrator of the Environmental Protection Agency under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act, shall be given only when the Governor of the State in which is located the source to which the proposed order under section 113(d)(5) of the Clean Air Act [section 7413(d)(5) of Title 42] is to be issued gives his prior written concurrence.

“(2) In the case of any major stationary source to which any requirement is applicable under section 113(d)(5)(B) of the Clean Air Act [section 7413(d)(5)(B) of Title 42] and for which certification is required under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. L. 93-319], the Administrator of the Environmental Protection Agency shall certify the date which he determines is the earliest date that such source will be able to comply with all such requirements. In the case of any plant or installation which the Administrator of the Environmental Protection Agency determines (after consultation with the State) will not be subject to an order under section 113(d) of the Clean Air Act [section 7413(d) of Title 42] and for which certification is required under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. L. 93-319], the Administrator of the Environmental Protection Agency shall certify the date which he determines is the earliest date that such plant or installation will be able to burn coal in compliance with all applicable emission limitations under the implementation plan.

“(3) Any certification required under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. ### **§ 793. Protection of public health and environment**

#### **(a) Distribution of low sulfur fuel**

Any allocation program provided for in section 792 of this title or in the Emergency Petroleum Allocation Act of 1973 [15 U.S.C. 751 et seq.],<sup>1</sup> shall, to the maximum extent practicable, include measures to assure that available low sulfur fuel will be distributed on a priority basis to those areas of the United States designated by the Administrator of the Environmental Protection Agency as requiring low sulfur fuel to avoid or minimize adverse impact on public health.

#### **(b) Study of chronic effects of sulfur oxide emissions among exposed populations**

In order to determine the health effects of emissions of sulfur oxides to the air resulting from any conversions to burning coal to which section 119<sup>1</sup> of the Clean Air Act [42 U.S.C. 1857c-10] applies, the Department of Health and Human Services shall, through the National Institute of Environmental Health Sciences and in cooperation with the Environmental Protection Agency, conduct a study of chronic effects among exposed populations. The sum of \$3,500,000 is authorized to be appropriated for such a study. In order to assure that long-term

studies can be conducted without interruption, such sums as are appropriated shall be available until expended.

#### **(c) Major Federal actions significantly affecting the quality of the human environment**

(1) No action taken under the Clean Air Act [42 U.S.C. 7401 et seq.] shall be deemed a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(2) No action under section 792 of this title for a period of one year after initiation of such action shall be deemed a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.]. However, before any action under section 792 of this title that has a significant impact on the environment is taken, if practicable, or in any event within sixty days after such action is taken, an environmental evaluation with analysis equivalent to that required under section 102(2)(C) of the National Environmental Policy Act [42 U.S.C. 4332(2)(C)], to the greatest extent practicable within this time constraint, shall be prepared and circulated to appropriate Federal, State, and local government agencies and to the public for a thirty-day comment period after which a public hearing shall be held upon request to review outstanding environmental issues. Such an evaluation shall not be required where the action in question has been preceded by compliance with the National Environmental Policy Act by the appropriate Federal agency. Any action taken under section 792 of this title which will be in effect for more than a one-year period or any action to extend an action taken under section 792 of this title to a total period of more than one year shall be subject to the full provisions of the National Environmental Policy Act, notwithstanding any other provision of this chapter.

#### **(d) Importation of hydroelectric energy**

In order to expedite the prompt construction of facilities for the importation of hydroelectric energy thereby helping to reduce the shortage of petroleum products in the United States, the Federal Power Commission is hereby authorized and directed to issue a Presidential permit pursuant to Executive Order 10485 of September 3, 1953, for the construction, operation, maintenance, and connection of facilities for the transmission of electric energy at the borders of the United States without preparing an environmental impact statement pursuant to section 102 of the National Environmental Policy Act of 1969 [42 U.S.C. 4332] for facilities for the transmission of electric energy between Canada and the United States in the vicinity of Fort Covington, New York.

### § 1021. Congressional declarations

#### (a) Generally

The Congress declares that it is the continuing policy and responsibility of the Federal Government to use all practicable means, consistent with its needs and obligations and other essential national policies, and with the assistance and cooperation of both small and larger businesses, agriculture, labor, and State and local governments, to coordinate and utilize all its plans, functions, and resources for the purpose of creating and maintaining, in a manner calculated to foster and promote free competitive enterprise and the general welfare, conditions which promote useful employment opportunities, including self-employment, for those able, willing, and seeking to work, and promote full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international

competitiveness of agriculture, business, and industry, and reasonable price stability as provided in section 1022b(b) of this title.

**(b) Full opportunities for employment**

The Congress further declares and establishes as a national goal the fulfillment of the right to full opportunities for useful paid employment at fair rates of compensation of all individuals able, willing, and seeking to work.

**(c) Inflation**

The Congress further declares that inflation is a major national problem requiring improved government policies relating to food, energy, improved and coordinated fiscal and monetary management, the reform of outmoded rules and regulations of the Federal Government, the correction of structural defects in the economy that prevent or seriously impede competition in private markets, and other measures to reduce the rate of inflation.

**(d) Coordination of Federal policies and programs**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to improve the coordination and integration of the policies and programs of the Federal Government toward achievement of the objectives of such Act through better management, increased efficiency, and attention to long-range as well as short-range problems and to balancing the Federal budget.

**(e) Federal controls**

The Congress further declares that, although it is the purpose under the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to seek diligently and to encourage the voluntary cooperation of the private sector in helping to achieve the objectives of such Act, no provisions of such Act or this chapter shall be used, with respect to any portion of the private sector of the economy, to provide for Federal Government control of production, employment, allocation of resources, or wages and prices, except to the extent authorized under other Federal laws.

**(f) Expansion of private employment**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to maximize and place primary emphasis upon the expansion of private employment, and all programs and policies under such Act shall be in accord with such purpose. Toward this end, the effort to expand jobs to the full employment level shall be in this order of priority to the extent consistent with balanced growth—

(1) expansion of conventional private jobs through improved use of general economic and structural policies, including measures to encourage private sector investment and capital formation;

(2) expansion of private employment through Federal assistance in connection with the priority programs in such Act;

(3) expansion of public employment other than through the provisions of section 206 of such Act [15 U.S.C. 3116]; and

(4) when recommended by the President under section 206 of such Act [15 U.S.C. 3116] and subject to the limitations in such section, the creation of employment through the methods set forth in such section.

**(g) Trade deficits**

The Congress further declares that trade deficits are a major national problem requiring a strong national export policy including improved Government policies relating to the promotion, facilitation, and financing of commercial and agricultural exports, Government policies designed to reduce foreign barriers to exports through international negotiation and agreement, Federal support for research, development, and diffusion of new technologies to promote innovation in agriculture, business, and industry, the elimination or modification of Government rules or regulations that burden or disadvantage exports and the national and international competitiveness of agriculture, business, and industry, the reexamination of antitrust laws and policies when necessary to enable agriculture, business, and industry to meet foreign competition in the United States and abroad, and the achievement of a free and fair international trading system and a sound and stable international monetary order.

**(h) Balanced Federal budget**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to achieve a balanced Federal budget consistent with the achievement of the medium-term goals specified in section 1022a of this title.

**(i) Investment needs of private enterprise**

The Congress further declares that it is the continuing policy and responsibility of the Federal Government, in cooperation with State and local governments, to use all practical means consistent with other essential considerations of national policy to provide sufficient incentives to assure meeting the investment needs of private enterprise, including the needs of small and medium sized businesses, in order to increase the production of goods, the provision of services, employment, the opportunity for profit, the payment of taxes, and to reduce and control inflation. To the extent it is reasonably possible to do so, private enterprise investments in depressed urban and rural areas should be promoted to reduce the high levels of unemployment that exist there.

**(j) Reliance on private sector**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to rely principally on the private sector for expansion of economic activity and creation of new jobs for a growing labor force. Toward this end, it is the purpose of this chapter to encourage the adoption of fiscal policies that would establish the share of the gross national product accounted for by Federal outlays at the lowest level consistent with national needs and priorities.

#### (b) Interim numerical goals for initial Economic Reports

The medium-term goals in the first three Economic Reports and, subject to the provisions of subsection (d) of this section, in each Economic

Report thereafter shall include (as part of the five-year goals in each Economic Report) interim numerical goals for—

(1) reducing the rate of unemployment, as set forth pursuant to section 1022(d) of this title, to not more than 3 per centum among individuals aged twenty and over and 4 per centum among individuals aged sixteen and over within a period not extending beyond the fifth calendar year after the first such Economic Report;

(2) reducing the rate of inflation, as set forth pursuant to section 1022(e) of this title, to not more than 3 per centum within a period not extending beyond the fifth calendar year after the first such Economic Report: *Provided*, That policies and programs for reducing the rate of inflation shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment; and

(3) reducing the share of the Nation's gross national product accounted for by Federal outlays to 21 per centum or less by 1981, and to 20 per centum or less by 1983 and thereafter, or the lowest level consistent with national needs and priorities: *Provided*, That policies and programs for achieving the goal specified in this clause shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment.

For purposes of this subsection, the first Economic Report shall be the Report issued in the first calendar year after October 27, 1978.

#### (c) Achievement of full employment, balanced budget, zero inflation rate, and 20 per centum level of Federal outlays as a proportion of gross national product for succeeding Economic Reports

**(d) Review by President; report to Congress; modification of timetables**

In the second Economic Report after October 27, 1978, the President shall review the numerical goals and timetables for the reduction of unemployment, inflation, and Federal outlays as a proportion of gross national product, and the goal of balancing the Federal budget; report to the Congress on the degree of progress being made, the programs and policies being used, and any obstacles to achieving such goals and timetables; and, if necessary, propose corrective economic measures toward achievement of such goals and timetables: *Provided*, That beginning with the second Report and in any subsequent Reports, if the President finds it necessary, the President may recommend modification of the timetable or timetables for the achievement of the goals provided for in subsection (b) of this section and the annual numerical goals to make them consistent with the modified timetable or timetables, and the Congress may take such action as it deems appropriate consistent with title III of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3131 et seq.].

**(e) Interim numerical goals for succeeding Economic Reports**

If, after achievement of the 3 and 4 per centum goals specified in subsection (b) of this section, the unemployment rate for a year as set forth pursuant to section 1022(d) of this title is more than 3 per centum among individuals aged twenty and over or more than 4 per centum among individuals aged sixteen and over, the next Economic Report after such rate is set forth and each succeeding Economic Report shall include (as part of the five-year goals in each Economic Report) the interim numerical goal of reducing unemployment to not more than the levels specified in subsection (b)(1) of this section as soon as practicable but not later than the fifth calendar year after the first such Economic Report, counting as the first calendar year the year in which such Economic Report is issued: *Provided*, That, if the President finds it necessary, the President may, under the authority provided in subsection (d) of this section, recommend modification of the timetable provided for in this subsection for the reduction of unemployment, and for the purposes of section 304 of the Full Employment and Balanced Growth Act of 1978, such recommendation by the President shall be treated as a recommendation made under subsection (d) of this section.

**(f) Action taken to reduce unemployment**

(1) In taking action to reduce unemployment in accord with the numerical goals and timetable established under subsection (b) of this section, every effort shall be made to reduce those differences between the rates of unemployment among youth, women<sup>1</sup> minorities, handicapped persons, veterans, middle-aged and older persons and other labor force groups and the overall rate of unemployment which are caused by any improper factors with the ultimate ob-

jective of removing such differentials to the extent possible.

(2) Insofar as the differences specified in the preceding paragraph are due to lack of training and skills, occupational practices, and other relevant factors, the Secretary of Labor shall—

(A) take such action as practicable to achieve the objectives of this subsection;

(B) make studies, develop information, and make recommendations toward remedying these differences in rates of unemployment, and prepare and submit to the President an annual report containing the recommendations; and

ployees. See, particularly, section 3301 et seq. of Title 5.

#### CODIFICATION

In subsec. (a), provisions that fixed the compensation of members of the Council have been omitted as obsolete. The positions of chairman and members of the Council are under the Executive Schedule, see sections 5313 and 5315 of Title 5, Government Organization and Employees.

In subsec. (b), provisions that authorized the Council to fix the compensation of such specialists and other experts as may be necessary for the carrying out of its functions under this chapter, without regard to “the Classification Act of 1923, as amended”, were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that references in other laws to the 1923 Act should be held and considered to mean the 1949 Act, it did not have the effect of continuing the exceptions contained in this subsection because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, §8(a), 80 Stat. 632 (of which section 1 revised and enacted Title 5, Government Organization and Employees, into law). Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

“Chapter 51 and subchapter III of chapter 53 of title 5” substituted in subsec. (b) for “the Classification Act of 1949” on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5.

#### AMENDMENTS

1978—Subsec. (a). Pub. L. 95-523, §110(a)(1), inserted “full” after “policy to promote”.

Subsec. (c)(4). Pub. L. 95-523, §110(a)(2), inserted “including small and larger business” after “free competitive enterprise” and inserted “full” after “and to maintain”.

Subsec. (e). Pub. L. 95-523, §110(a)(3), (4), inserted in par. (1) “, and shall consult with the board or boards established under section 1022f of this title” after “as it deems advisable” and after par. (2) inserted provisions authorizing and directing the Council to seek and obtain the cooperation of executive and independent agencies in the development of specialized studies essential to its responsibilities.

1961—Subsec. (f). Pub. L. 87-49 struck out provisions which limited the appropriations for salaries of the members and officers and employees of the Council to not more than \$345,000 for each fiscal year.

1949—Subsec. (b). Act Oct. 28, 1949, substituted “Classification Act of 1949” for “Classification Act of 1923”.

#### REPEALS

Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89-554, Sept. 6, 1966, §8, 80 Stat. 632, 655.

#### TRANSFER OF FUNCTIONS

Certain functions of Council of Economic Advisers transferred to Chairman, see 1953 Reorg. Plan No. 9, eff. Aug. 1, 1953, 18 F.R. 4542, set out below. 1953 Reorg. Plan No. 9 also abolished office of Vice Chairman.

#### TERMINATION OF ADVISORY COMMITTEES

Advisory committees in existence on Jan. 5, 1973, to terminate not later than the expiration of the 2-year period following Jan. 5, 1973, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided by law. See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

The functions vested in the Council of Economic Advisers by section 4(b) of the Employment Act of 1946 (60 Stat. 24) [subsec. (b) of this section], and so much of the functions vested in the Council by section 4(c) of that Act [subsec.
