EX. ORD. NO. 13507. ESTABLISHMENT OF THE WHITE HOUSE OFFICE OF HEALTH REFORM

Ex. Ord. No. 13507, Apr. 8, 2009, 74 F.R. 17071, provided: By the authority vested in me as President by the Constitution and the laws of the United States of America, and in the interest of providing all Americans access to affordable and high-quality health care, it is hereby ordered as follows:

Section 1. Policy. Reforming the health care system is a key goal of my Administration. The health care system suffers from serious and pervasive problems; access to health care is constrained by high and rising costs; and the quality of care is not consistent and must be improved, in order to improve the health of our citizens and our economic security.

Sec. 2. Establishment. (a) There is established a White House Office of Health Reform (Health Reform Office) within the Executive Office of the President that will provide leadership to the executive branch in establishing policies, priorities, and objectives for the Federal Government’s comprehensive effort to improve access to health care, the quality of such care, and the sustainability of the health care system.

(b) The Secretary of Health and Human Services, to the extent permitted by law, shall establish within the Department of Health and Human Services (HHS) an Office of Health Reform, which shall coordinate closely with the White House Office of Health Reform.

Sec. 3. Functions. The principal functions of the Health Reform Office, to the extent permitted by law, are to:

(a) work with executive departments and agencies to ensure that Federal Government policy decisions and programs are consistent with the President’s stated goals with respect to health reform;

(b) coordinate public outreach activities conducted by executive departments and agencies designed to gather input from the public, from demonstration and pilot projects, and from public-private partnerships on the problems and priorities for policy measures designed to meet the President’s goals for improvement of the health care system;

(c) bring to the President’s attention concerns, ideas, and policy options for strengthening, increasing the efficiency, and improving the quality of the health care system;

(d) work with State, local, and community policymakers and public officials to expand coverage, improve quality and efficiency, and slow the growth of health care costs;

(e) develop and implement strategic initiatives under the President’s agenda to strengthen the public agencies and private organizations that can improve the performance of the health care system;

(f) work with the Congress and executive departments and agencies to eliminate unnecessary legislative, regulatory, and other bureaucratic barriers that impede effective delivery of efficient and high-quality health care;
§ 202. Administration and supervision of Service

The Public Health Service in the Department of Health and Human Services shall be administered by the Assistant Secretary for Health under the supervision and direction of the Secretary.

AMENDMENTS

1993—Pub. L. 103-43 substituted “Health and Human Services” for “Health, Education, and Welfare” and “Assistant Secretary for Health” for “Surgeon General”.

TRANSFER OF FUNCTIONS

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3501 of this title, Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953, Secretary and Department of Health, Education, and Welfare redesignated Secretary and Department of Health and Human Services by section 508(b) of Pub. L. 96-86 which is classified to section 3508(b) of Title 20, Education.

INTERNATIONAL HEALTH ADMINISTRATION

REORGANIZATION PLAN NO. 3 OF 1966

Prepared by the President and transmitted to the Senate and the House of Representatives in Congress assembled, April 25, 1966, pursuant to the provisions of the Reorganization Act of 1949, 63 Stat. 203, as amended [see 5 U.S.C. 901 et seq.].

PUBLIC HEALTH SERVICE

SECTION 1. TRANSFER OF FUNCTIONS

(a) Except as otherwise provided in subsection (b) of this section, there are hereby transferred to the Secretary of Health, Education, and Welfare (hereinafter referred to as the Secretary) all functions of the Public Health Service, of the Surgeon General of the Public Health Service, and of all other officers and employees of the Public Health Service, and all functions of all agencies of or in the Public Health Service.

(b) This section shall not apply to the functions vested by law in any advisory council, board, or committee of or in the Public Health Service which is established by law or is required by law to be established.

SECTION 2. PERFORMANCE OF TRANSFERRED FUNCTIONS

The Secretary may from time to time make such provisions as he shall deem appropriate authorizing the performance of any of the functions transferred to him by the provisions of this reorganization plan by any officer, employee, or agency of the Public Health Service or of the Department of Health, Education, and Welfare.

SECTION 3. ABOLITIONS

(a) The following agencies of the Public Health Service are hereby abolished:

(1) The Bureau of Medical Services, including the office of Chief of the Bureau of Medical Services.

(2) The Bureau of State Services, including the office of Chief of the Bureau of State Services.

(3) The agency designated as the National Institutes of Health (42 U.S.C. 203), including the office of Director of the National Institutes of Health (42 U.S.C. 206(b)) but excluding the several research Institutes in the agency designated as the National Institutes of Health.

(4) The agency designated as the Office of the Surgeon General (42 U.S.C. 203(i)), together with the office held by the Deputy Surgeon General (42 U.S.C. 206(a)).

(b) The Secretary shall make such provisions as he shall deem necessary respecting the winding up of any outstanding affairs of the agencies abolished by the provisions of this section.

SECTION 4. INCIDENTAL TRANSFERS

As he may deem necessary in order to carry out the provisions of this reorganization plan, the Secretary may from time to time effect transfers within the Department of Health, Education, and Welfare of any of the records, property, personnel and unexpended balances (available or to be made available) of appropriations, allocations, and other funds of the Department which relate to functions affected by this reorganization plan.

[The Secretary and Department of Health, Education, and Welfare were redesignated the Secretary and Department of Health and Human Services, respectively, by 20 U.S.C. 3508.]

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

Barack Obama

Today we face new challenges and unparalleled opportunities in the field of health. Building on the
progress of the past several years, we have truly begun to match the achievements of our medicine to the needs of our people. The task ahead is immense. As a nation, we will unceasingly pursue our research and learning, our training and building, our testing and treatment. But now our concern must also turn to the organization of our Federal health programs. As citizens we are entitled to the very best health services our resources can provide. As taxpayers, we demand the most efficient and economic health organizations that can be devised.

I ask the Congress to approve a reorganization plan to bring new strength to the administration of Federal health programs.

I propose a series of changes in the organization of the Public Health Service that will bring to all Americans a structure modern in design, more efficient in operation and better prepared to meet the great and growing needs of the future. Through such improvements we can achieve the full promise of the landmark health legislation enacted by the 89th Congress.

I do not propose these changes lightly. They follow a period of careful deliberation. For many months the Secretary of Health, Education, and Welfare, and the Surgeon General have consulted leading experts in the Nation—physicians, administrators, scientists, and public health specialists. They have confirmed my belief that modernization and reorganization of the Public Health Service are urgently required and long overdue.

II

The Public Health Service is an operating agency of the Department of Health, Education, and Welfare. It is the principal arm of the Federal Government in the field of health. Its programs are among those most vital to our well-being. Since 1953 more than 50 new programs have been placed in the Public Health Service. Its budget over the past 12 years has increased tenfold—from $250 million to $2.4 billion.

Today the organization of the Public Health Service is clearly obsolete. The requirement that new and expanding programs be administered through an organizational structure established by law more than two decades ago stands as a major obstacle to the fulfillment of our Nation’s health goals.

As presently constituted, the Public Health Service is composed of four major components:

National Institutes of Health.
Bureau of State Services.
Office of the Surgeon General.

Under present law, Public Health Service functions must be assigned only to these four components. This structure was designed to provide separate administrative arrangements for health research, programs of State and local aid, health services, and executive staff resources. At a time when these functions could be neatly compartmentalized, the structure was adequate. But today the situation is different.

Under recent legislation many new programs provide for an integrated attack on specific disease problems or health hazards in the environment by combining health services, State and local aid, and research. Each new program of this type necessarily is assigned to one of the three operating components of the Public Health Service. Yet none of these components is intended to administer programs involving such a variety of approaches.

Our health problems are difficult enough without having them complicated by outmoded organizational arrangements. But if we merely take the step of integrating the four agencies within the Public Health Service we will not go far enough. More is required.

III

The Department of Health, Education, and Welfare performs major health or health-related functions which are not carried out through the Public Health Service, although they are closely related to its functions. Among these are:

Health insurance for the aged, administered through the Social Security Administration;

Medical assistance for the needy, administered through the Welfare Administration;

Regulation of the manufacture, labeling, and distribution of drugs, carried out through the Food and Drug Administration; and

Grants-in-aid to States for vocational rehabilitation of the handicapped, administered by the Vocational Rehabilitation Administration.

Expenditures for health and health-related programs of the Department administered outside the Public Health Service have increased from $44 million in 1953 to an estimated $5.4 billion in 1967.

As the head of the Department, the Secretary of Health, Education, and Welfare is responsible for the Administration and coordination of all the Department’s health functions. He has clear authority over the programs I have just mentioned.

But today he lacks this essential authority over the Public Health Service. The functions of that agency are vested in the Surgeon General and not in the Secretary. This diffusion of responsibility is unsound and unwise.

To secure the highest possible level of health services for the American people the Secretary of Health, Education, and Welfare must be given the authority to establish—and modify as necessary—the organizational structure for Public Health Service programs.

He must also have the authority to coordinate health functions throughout the Department. The reorganization plan I propose will accomplish these purposes. It will provide the Secretary with the flexibility to create new and responsive organizational arrangements to keep pace with the changing and dynamic nature of our health programs.

My views in this respect follow a basic principle of good government set by the Hoover Commission in 1949 when it recommended that “the Department head should be given authority to determine the organization within his Department.”

IV

In summary, the reorganization plan would:

Transfer to the Secretary of Health, Education, and Welfare the functions now vested in the Surgeon General of the Public Health Service and in its various subordinate units (this transfer will not affect certain statutory advisory bodies such as the National Advisory Cancer and Heart Councils);

Abolish the four principal statutory components of the Public Health Service, including the offices held by their heads (the Bureau of Medical Services, the Bureau of State Services, the National Institutes of Health exclusive of its several research institutes such as the National Cancer and Heart Institutes, and the Office of the Surgeon General); and

Authorize the Secretary to assign the functions transferred to him by the plan to officials and entities of the Public Health Service and to other agencies of the Department as he deems appropriate.

Thus, the Secretary would be—

Enabled to assure that all health functions of the Department are carried out as effectively and economically as possible;

Given authority commensurate with his responsibility; and

Made responsible in fact for matters for which he is now, in any case, held accountable by the President, the Congress, and the people.

V

I have found, after investigation, that each reorganization included in the accompanying reorganization plan is necessary to accomplish one or more of the pur-
poses set forth in section 2(a) of the Reorganization Act of 1949, as amended.

Should the reorganizations in the accompanying reorganization plan take effect, they will make possible more effective and efficient administration of the affected health programs. It is, however, not practicable at this time to itemize the reductions in expenditures which may result.

I strongly recommend that the Congress allow the reorganization plan to become effective.

LYNDON B. JOHNSON.

EXECUTIVE ORDER NO. 10506

EX. ORD. NO. 10506, DEC. 10, 1953, 18 F.R. 8219, which delegated certain functions of the President relating to the Public Health Service, was superseded by Ex. Ord. No. 11140, Jan. 30, 1964, 29 F.R. 1637, set out below.

EX. ORD. NO. 11140, DELEGATION OF FUNCTIONS

By virtue of the authority vested in me by Section 301 of Title 3 of the United States Code, and as President of the United States, it is ordered as follows:

SECTION 1. The Secretary of Health and Human Services is hereby authorized and empowered, without the approval, ratification, or other action of the President, to perform the following-described functions vested in the President under the Public Health Service Act (58 Stat. 682), as amended (this chapter):

(a) The authority under Section 203 (42 U.S.C. 204) to appoint commissioned officers of the Reserve Corps.

(b) The authority under Section 206(b) (42 U.S.C. 207(b)) to prescribe titles, appropriate to the several grades, for commissioned officers of the Public Health Service other than medical officers.

(c) The authority under Section 207(a) (42 U.S.C. 207(a)(2)) to terminate commissions of officers of the Reserve Corps without the consent of the officers concerned.

(d) The authority under Section 210(a), (k), and (l) (42 U.S.C. 211(a), (k), and (l)) to make or terminate temporary promotions of commissioned officers of the Regular Corps and Reserve Corps.

(e) The authority under Section 211(a)(i) (42 U.S.C. 212(a)(i)) to approve voluntary retirements under that section.

(f) The authority to prescribe regulations under the following-designated Sections: 207(a), 207(b), 208(c), 210(a), 210(b), 210(d)(1), 210(h), 210(i), 210(j)(1), 210(k), 211(a), 211(a), and 211(d)(1), 211(i), 211(j)(1), 211(k), 216(a), 216(a), and 228.

(g) The authority under Sections 321(a) and 364(a) (42 U.S.C. 249(a) and 249(a)) to approve the selection of suitable sites for and the establishment of additional institutions, hospitals, stations, grounds, and anchorages; subject, however, to the approval of the Director of the Office of Management and Budget, except as he may otherwise provide.

SEC. 2. The Surgeon General is hereby authorized and empowered, without the approval, ratification, or other action of the President, to perform the function vested in the President by Sections 203 and 207(a)(2) of the Public Health Service Act (58 Stat. 683, 685), as amended (42 U.S.C. 204 and 207(a)(2)), or, otherwise, of accepting voluntary resignations of commissioned officers of the Regular Corps or the Reserve Corps.

SEC. 3. The Secretary of Health and Human Services is hereby authorized and empowered, without the approval, ratification, or other action of the President, to exercise the authority vested in the President by Section 704 of Title 37 of the United States Code to prescribe regulations.

SEC. 4. The Secretary of Health and Human Services is hereby authorized to redelegate all or any part of the functions set forth under (a), (b), (c), and (d) of Section 1 hereof to the Surgeon General of the Public Health Service or other official of that Service who is required to be appointed by and with the advice and consent of the Senate.

SEC. 5. All actions heretofore taken by appropriate authority with respect to the matters affected by this order and in force at the time of the issuance of this order, including any regulations prescribed or approved with respect to such matters, shall, except as they may be inconsistent with the provisions of this order, remain in effect until amended, modified, or revoked pursuant to the authority conferred by this order.

SEC. 6. As used in this order, the term “functions” embraces duties, powers, responsibilities, authority, or discretion, and the term “perform” may be construed to mean “exercise”.

SEC. 7. (a) Executive Order No. 10506 of December 10, 1953, entitled “Delegating Certain Functions of the President under the Public Health Service Act,” is hereby superseded.

(b) Executive Orders Nos. 9993 of August 31, 1948, 10001 of January 29, 1949, 10280 of August 16, 1951, 10354 of May 26, 1952, and 10497 of October 27, 1953, which prescribed regulations relating to commissioned officers and employees of the Public Health Service, are hereby revoked. Nothing in this subsection shall be deemed to alter or otherwise affect the regulations prescribed by the Surgeon General (42 CFR Parts 21 and 22) to replace the regulations prescribed by the orders described in the preceding sentence.

§ 203. Organization of Service

The Service shall consist of (1) the Office of the Surgeon General, (2) the National Institutes of Health, (3) the Bureau of Medical Services, and (4) the Bureau of State Services, respectively, the several functions of the Service, and to establish within them such divisions, sections, and other units as he may find necessary; and from time to time abolish, transfer, and consolidate divisions, sections, and other units and assign their functions and personnel in such manner as he may find necessary for efficient operation of the Service. No division shall be established, abolished, or transferred, and no divisions shall be consolidated, except with the approval of the Secretary. The National Institutes of Health shall be administered as a part of the field service. The Secretary may delegate to any officer or employee of the Service such of his powers and duties under this chapter, except the making of regulations, as he may deem necessary or expedient.

AMENDMENTS

1 So in original. The “and” probably should not appear.

2 So in original. Probably should be followed by “(d)”.

3 See 1993 Amendment note below.
§ 204. Commissioned corps; composition; appointment of Regular and Reserve officers; appointment and status of warrant officers

There shall be in the Service a commissioned Regular Corps and, for the purpose of securing a reserve for duty in the Service in time of national emergency, a Reserve Corps. All commissioned officers shall be citizens and shall be appointed without regard to the civil-service laws and compensated without regard to chapter 51 and subchapter III of chapter 53 of title 5. Commissioned officers of the Reserve Corps shall be appointed by the President and commissioned officers of the Regular Corps shall be appointed by him by and with the advice and consent of the Senate. Commissioned officers of the Reserve Corps shall at all times be subject to call to active duty by the Surgeon General, including active duty for the purpose of training and active duty for the purpose of determining their fitness for appointment in the Regular Corps. Warrant officers may be appointed to the Service for the purpose of providing support to the health and delivery systems maintained by the Service and any warrant officer appointed to the Service shall be considered for purposes of this chapter and title 37 to be a commissioned officer within the commissioned corps of the Service.

Amendments

1948—Act Feb. 28, 1948, struck out provision that all active service in Reserve Corps, as well as service in Regular Corps, shall be credited for purpose of promotion in Regular Corps.

Delegation of Functions

Functions of President delegated to Secretary of Health and Human Services and Surgeon General, see Ex. Ord. No. 11140, Jan. 30, 1964, 29 F.R. 1637, as amended, set out as a note under section 202 of this title.

Osteopaths as Reserve Officers

Section 709 of act July 1, 1944, formerly § 609, renumbered §709 by act Aug. 13, 1946, ch. 958, §5, 60 Stat. 1049, which provided for appointment of osteopaths as reserve officers until six months after World War II, was repealed by Joint Res. July 25, 1947, ch. 327, §1, 61 Stat. 449.

§ 204a. Deployment readiness

(a) Readiness requirements for Commissioned Corps officers

(1) In general

The Secretary, with respect to members of the following Corps components, shall establish requirements, including training and medical examinations, to ensure the readiness of such components to respond to urgent or emergency public health care needs that cannot otherwise be met at the Federal, State, and local levels:

(A) Active duty Regular Corps.

(B) Active Reserves.

(2) Annual assessment of members

The Secretary shall annually determine whether each member of the Corps meets the applicable readiness requirements established under paragraph (1).
§ 205. Appointment and tenure of office of Surgeon General; reversion in rank

The Surgeon General shall be appointed from the Regular Corps for a four-year term by the President by and with the advice and consent of the Senate. The Surgeon General shall be appointed from individuals who (1) are members of the Regular Corps, and (2) have specialized training or significant experience in public health programs. Upon the expiration of such term the Surgeon General, unless reappointed, shall revert to the grade and number in the Regular or Reserve Corps that he would have occupied had he not served as Surgeon General.

(4) Waiver of requirements

(A) In general

The Secretary may waive one or more of the requirements established under paragraph (1) for an individual who is not able to meet such requirements because of—

(i) a disability;

(ii) a temporary medical condition; or

(iii) any other extraordinary limitation as determined by the Secretary.

(B) Regulations

The Secretary shall promulgate regulations under which a waiver described in subparagraph (A) may be granted.

(c) Deployment of detailed or assigned officers

For purposes of pay, allowances, and benefits of a Commissioned Corps officer who is detailed or assigned to a Federal entity, the deployment of such officer by the Secretary in response to an urgent or emergency public health care need shall be deemed to be an authorized activity of the Federal entity to which the officer is detailed or assigned.

(5) Urgent or emergency public health care need

For purposes of this section and section 215 of this title, the term “urgent or emergency public health care need” means a health care need, as determined by the Secretary, arising as the result of—

(A) a national emergency declared by the President under the National Emergencies Act (50 U.S.C. 1601 et seq.);

(B) an emergency or major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.);

(C) a public health emergency declared by the Secretary under section 247d of this title; or

(D) any emergency that, in the judgment of the Secretary, is appropriate for the deployment of members of the Corps.

(b) Corps management for deployment

The Secretary shall—

(1) organize members of the Corps into units for rapid deployment by the Secretary to respond to urgent or emergency public health care needs;

(2) establish appropriate procedures for the command and control of units or individual members of the Corps that are deployed at the direction of the President or the Secretary in response to an urgent or emergency public health care need of national, State or local significance;

(3) ensure that members of the Corps are trained, equipped and otherwise prepared to fulfill their public health and emergency response roles; and

(4) ensure that deployment planning takes into account—

(A) any deployment exemptions that may be granted by the Secretary based on the unique requirements of an agency and an individual’s functional role in such agency; and

(B) the nature of the urgent or emergency public health care need.

ment of an individual from the Regular Corps and with specialized training and significant experience, for provisions relating to appointment of an individual sixty-four years of age or older. Pub. L. 97–25 inserted provision that the President may appoint to office of Surgeon General an individual who is sixty-four years of age or older.

**TRANSFER OF FUNCTIONS**

Office of Surgeon General abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

### § 206. Assignment of officers

**(a) Deputy Surgeon General**

The Surgeon General shall assign one commissioned officer from the Regular Corps to administer the Office of the Surgeon General, to act as Surgeon General during the absence or disability of the Surgeon General or in the event of a vacancy in that office, and to perform such other duties as the Surgeon General may prescribe, and while so assigned he shall have the title of Deputy Surgeon General.

**(b) Assistant Surgeons General**

The Surgeon General shall assign eight commissioned officers from the Regular Corps to be, respectively, the Director of the National Institutes of Health, the Chief of the Bureau of State Services, the Chief of the Bureau of Medical Services, the Chief Medical Officer of the United States Coast Guard, the Chief Dental Officer of the Service, the Chief Nurse Officer of the Service, the Chief Pharmacist Officer of the Service, and the Chief Sanitary Engineering Officer of the Service, and while so serving they shall each have the title of Assistant Surgeon General.

**(c) Creation of temporary positions as Assistant Surgeons General**

1. The Surgeon General, with the approval of the Secretary, is authorized to create special temporary positions in the grade of Assistant Surgeons General when necessary for the proper staffing of the Service. The Surgeon General may assign officers of either the Regular Corps or the Reserve Corps to any such temporary position, and while so serving they shall each have the title of Assistant Surgeon General.

2. Except as provided in this paragraph, the number of special temporary positions created by the Surgeon General under paragraph (1) shall not on any day exceed 1 per centum of the highest number, during the ninety days preceding such day, of officers of the Regular Corps on active duty and officers of the Reserve Corps on active duty for more than thirty days. If on any day the number of such special temporary positions exceeds such 1 per centum limitation, for a period of not more than one year after such day, the number of such special temporary positions shall be reduced for purposes of complying with such 1 per centum limitation only by the resignation, retirement, death, or transfer to a position of a lower grade, of any officer holding any such temporary position.

(d) **Designation of Assistant Surgeon General with respect to absence, disability, or vacancy in offices of Surgeon General and Deputy Surgeon General**

The Surgeon General shall designate the Assistant Surgeon General who shall serve as Surgeon General in case of absence or disability, or vacancy in the offices, of both the Surgeon General and the Deputy Surgeon General.

### AMENDMENTS

1979—Subsec. (b). Pub. L. 96–76, § 302(b), inserted provisions relating to assignment of Chief Nurse Officer and Chief Pharmacist Officer, and substituted “eight” for “six”.

Subsec. (c). Pub. L. 96–76, § 303, designated existing provisions as par. (1), struck out provisions relating to maximum number of special temporary positions, and added par. (2).

1948—Subsec. (b). Act June 16, 1948, substituted “National Institutes of Health” for “National Institute of Health”.

Subsecs. (c), (d). Act Feb. 28, 1948, added subsec. (c) and redesignated former subsec. (c) as (d).

### EFFECTIVE DATE OF 1979 AMENDMENT

Section 314 of Pub. L. 96–76 provided that: ‘‘The amendments made by sections 303, 304, 305, 306, 307, and 313 (amending this section, sections 207, 209, 210, and 211 of this title, and sections 301, 415, and 1006 of Title 37, Pay and Allowances of the Uniformed Services) shall take effect on October 1, 1979.’’

### TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 531(d), 556(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Office of Surgeon General, together with office held by Deputy Surgeon General, Bureau of Medical Services, including office of Chief of Bureau of Medical Services, Bureau of State Services, including office of Chief of Bureau of Medical Services, Bureau of State Services, including office of Chief of Bureau of State Services, and National Institutes of Health, including office of Director of National Institutes of Health, abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 301 of this title. Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20.
§ 207. Grades, ranks, and titles of commissioned officers

(a) Grades of commissioned officers

The Surgeon General, during the period of his appointment as such, shall be of the same grade as the Surgeon General of the Army; the Deputy Surgeon General and the Chief Medical Officer of the United States Coast Guard, while assigned as such, shall have the grade corresponding with the grade of major general; and the Chief Dental Officer, while assigned as such, shall have the grade as is prescribed by law for the officer of the Dental Corps selected and appointed as Assistant Surgeon General of the Army. During the period of appointment to the position of Assistant Secretary for Health, a commissioned officer of the Public Health Service shall have the grade corresponding to the grade of General of the Army. Assistant Surgeons General, while assigned as such, shall have the grade corresponding with either the grade of brigadier general or the grade of major general, as may be determined by the Secretary after considering the importance of the duties to be performed: Provided, That the number of Assistant Surgeons General having a grade higher than that corresponding to the grade of brigadier general shall at no time exceed one-half of the number of positions created by subsection (b) of section 206 of this title or pursuant to subsection (c) of section 206 of this title. The grades of commissioned officers of the Service shall correspond with grades of officers of the Army as follows:

(1) Officers of the director grade—colonel;
(2) Officers of the senior grade—lieutenant colonel;
(3) Officers of the full grade—major;
(4) Officers of the senior assistant grade—captain;
(5) Officers of the assistant grade—first lieutenant;
(6) Officers of the junior assistant grade—second lieutenant;
(7) Chief warrant officers of (W–4) grade—chief warrant officer (W–4);
(8) Chief warrant officers of (W–3) grade—chief warrant officer (W–3);
(9) Chief warrant officers of (W–2) grade—chief warrant officer (W–2); and
(10) Warrant officers of (W–1) grade—warrant officer (W–1).

(b) Titles of medical officers

The titles of medical officers of the foregoing grades shall be respectively (1) medical director, (2) senior surgeon, (3) surgeon, (4) senior assistant surgeon, (5) assistant surgeon, and (6) junior assistant surgeon. The President is authorized to prescribe titles, appropriate to the several grades, for commissioned officers of the Service other than medical officers. All titles of the officers of the Reserve Corps shall have the suffix "Reserve".

(c) Repealed. Pub. L. 96–76, title III, § 304(b), Sept. 29, 1979, 93 Stat. 584

(d) Maximum number in grade for each fiscal year

Within the total number of officers of the Regular Corps authorized by the appropriation Act or Acts for each fiscal year to be on active duty, the Secretary shall by regulation prescribe the maximum number of officers authorized to be in each of the grades of the warrant officer (W–1) grade to the director grade, inclusive. Such numbers shall be determined after considering the anticipated needs of the Service during the fiscal year, the funds available, the number of officers in each grade at the beginning of the fiscal year, and the anticipated appointments, the anticipated promotions based on years of service, and the anticipated retirements during the fiscal year. The number so determined for any grade for a fiscal year may not exceed the number limitation (if any) contained in the appropriation Act or Acts for such year. Such regulations for each fiscal year shall be prescribed as promptly as possible after the appropriation Act fixing the authorized strength of the corps for that year, and shall be subject to amendment only if such authorized strength or such number limitation is thereafter changed. The maxima established by such regulations shall not require (apart from action pursuant to other provisions of this chapter) any officer to be separated from the Service or reduced in grade.

(e) Exception to grade limitations for officers assigned to Department of Defense

In computing the maximum number of commissioned officers of the Public Health Service authorized by law to hold a grade which corresponds to the grade of brigadier general or major general, there may be excluded from such computation not more than three officers who hold such a grade so long as such officers are assigned to duty and are serving in a policy-making position in the Department of Defense.

(f) Exception to maximum number limitations for officers assigned to Department of Defense

In computing the maximum number of commissioned officers of the Public Health Service authorized by law or administrative determination to serve on active duty, there may be excluded from such computation officers who are assigned to duty in the Department of Defense.

A MENDMENTS

1989—Subsec. (e). Pub. L. 101–93, which directed the substitution of "the Department of Defense" for "the office of Assistant Secretary for Health, a commissioned officer of the Public Health Service shall have the grade corresponding to the grade of General of the Army.".

fairs”, was executed by making the substitution for “the office of the Assistant Secretary of Defense for Health Affairs” as the probable intent of Congress. 1947—Subsec. (c). Pub. L. 89–117 added subsec. (e).
Subsec. (c). Pub. L. 96–76, § 304(b), struck out subsec. (c) setting forth the grade and pay and allowances as director for a commissioned officer below the grade of major general assigned to serve as chief of a division.
Subsec. (d). Pub. L. 96–76, § 304(c), substituted “warrant officer (W–1)” for “junior assistant”.
1952—Subsec. (a). Act July 17, 1952, provided that the Chief Medical Officer of the Coast Guard should have the grade, pay, and allowances of a major general.
1951—Subsec. (a). Act Oct. 31, 1951, provided equality of grade, pay, and allowances between the Chief Dental Officer and the comparable officer in the Army.
1949—Subsec. (a). Act Feb. 28, 1949, increased grade of Deputy Surgeon General from brigadier general to major general and increased grade of certain Assistant Surgeons General from brigadier general to major general as the Federal Security Administrator might determine.
Subsecs. (c), (d). Act Feb. 28, 1949, added subsecs. (c) and (d).

**Effective Date of 1990 Amendment**

**Effective Date of 1979 Amendment**

**Effective Date of 1962 Amendment**

**Transfer of Functions**
For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as notes under sections 468 and 551 of Title 6.
Corps who, during such fiscal year, have been or will be retired upon attainment of age sixty-four or have for any other reason ceased to be on active duty. In determining the number of appointments authorized by this subsection an appointment shall be deemed to be made in the fiscal year in which the nomination is transmitted by the President to the Senate.

(2) In addition to the number of original appointments to the Regular Corps authorized by paragraph (1) to be made to grades above that of senior assistant, original appointments authorized to be made to the Regular Corps in any year may be made to grades above that of senior assistant, but not above that of director, in the case of any individual who—

(A)(i) was on active duty in the Reserve Corps on July 1, 1960, (ii) was on such active duty immediately prior to such date, and (iii) applies for appointment to the Regular Corps prior to July 1, 1962; or

(B) does not come within clause (A)(i) and (ii) but was on active duty in the Reserve Corps continuously for not less than one year immediately prior to his appointment to the Regular Corps and has not served on active duty continuously for a period, occurring after June 30, 1960, of more than three and one-half years prior to applying for such appointment.

(3) No person shall be appointed pursuant to this subsection unless he meets standards established in accordance with regulations of the President.

c) Issuance of commissions

Commissions evidencing the appointment by the President of officers of the Regular or Reserve Corps shall be issued by the Secretary under the seal of the Department of Health and Human Services.

d) Date of appointment; credit for service

(1) For purposes of basic pay and for purposes of promotion, any person appointed under subsection (a) of this section to the grade of senior assistant in the Regular Corps, and any person appointed under subsection (b) of this section shall, except as provided in paragraphs (2) and (3) of this subsection, be considered as having had on the date of appointment the following length of service: Three years if appointed to the senior assistant grade, ten years if appointed to the full grade, seventeen years if appointed to the senior grade, and eighteen years if appointed to the director grade.

(2) For purposes of basic pay, any person appointed under subsection (a) of this section to the grade of senior assistant in the Regular Corps, and any person appointed under subsection (b) of this section, shall, in lieu of the credit provided in paragraph (1) of this subsection, be credited with the service for which he is entitled to credit under any other provision of law if such service exceeds that to which he would be entitled under such paragraph.

(3) For purposes of promotion, any person originally appointed in the Regular Corps to the senior assistant grade or above who has had active service in the Reserve Corps shall be considered as having had on the date of appointment the length of service provided for in paragraph (1) of this subsection, plus whichever of the following is greater: (A) The excess of his total active service in the Reserve Corps (above the grade of junior assistant) over the length of service provided in such paragraph, to the extent that such excess is on account of service in the Reserve Corps in or above the grade to which he is appointed in the Regular Corps or (B) his active service in the same or any higher grade in the Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he would have had the training and experience necessary for such appointment.

(4) For purposes of promotion, any person whose original appointment is to the assistant grade in the Regular Corps shall be considered as having had on the date of appointment service equal to his total active service in the Reserve Corps in and above the assistant grade.

e) Reappointment; credit for service

(1) A former officer of the Regular Corps may, if application for appointment is made within two years after the date of the termination of his prior commission in the Regular Corps, be reappointed to the Regular Corps without examination, except as the Surgeon General may otherwise prescribe, and without regard to the numerical limitations of subsection (b) of this section.

(2) Reappointments pursuant to this subsection may be made to the permanent grade held by the former officer at the time of the termination of his prior commission, or to the next higher grade if such officer meets the eligibility requirements prescribed by regulation for original appointment to such higher grade. For purposes of pay, promotion, and seniority in grade, such reappointed officer shall receive the credits for service to which he would be entitled if such appointment were an original appointment, but in no event less than the credits he held at the time his prior commission was terminated, except that if such officer is reappointed to the next higher grade he shall receive no credit for seniority in grade.

(3) No former officer shall be reappointed pursuant to this subsection unless he shall meet such standards as the Secretary may prescribe.

(f) Special consultants

In accordance with regulations, special consultants may be employed to assist and advise in the operations of the Service. Such consultants may be appointed without regard to the civil-service laws.

(g) Designation for fellowships; duties; pay

In accordance with regulations, individual scientists, other than commissioned officers of the Service, may be designated by the Surgeon General to receive fellowships, appointed for duty with the Service without regard to the civil-service laws, may hold their fellowships under conditions prescribed therein, and may be designated for studies or investigations either in this country or abroad during the terms of their fellowships.

(h) Aliens

Persons who are not citizens may be employed as consultants pursuant to subsection (f) of this
section and may be appointed to fellowships pursuant to subsection (g) of this section. Unless otherwise specifically provided, any prohibition in any other Act against the employment of aliens, or against the payment of compensation to them, shall not be applicable in the case of persons employed or appointed pursuant to such subsections.

(i) Civil service appointments by Secretary

The appointment of any officer or employee of the Service made in accordance with the civil-service laws shall be made by the Secretary, and may be made effective as of the date on which such officer or employee enters upon duty.

REFERENCES IN TEXT

The civil-service laws, referred to in subssecs. (f), (g), and (i), are set out in Title 5, Government Organization and Employees. See, particularly, section 3301 et seq. of Title 5.

CODIFICATION

In subsec. (f), the words "and their compensation may be fixed without regard to the Classification Act of 1923, as amended", and in subsec. (g), the words "and compensated without regard to the Classification Act of 1923, as amended" were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that references in other laws to the 1923 Act should be held and considered to mean the 1949 Act, it did not have the effect of continuing the exceptions contained in subssecs. (f) and (g) because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, §8(a), 80 Stat. 632 (of which section 1 revised and enacted Title 5, Government Organization and Employees, into law). Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

In subsec. (h), the references to subsections (f) and (g) of this section were, in the original references to subsections (e) and (f) and were changed to reflect the probable intent of Congress.

PRIOR PROVISIONS

A prior section 207 of act July 1, 1944, was classified to section 208 of this title, prior to repeal by act Feb. 28, 1948, ch. 83, §5(a), 62 Stat. 49.

AMENDMENTS

1979—Subsec. (a)(1). Pub. L. 96-76 inserted applicability to warrant officers and chief warrant officers.

Subsec. (b), Pub. L. 86-415, §3, designated first, second and third sentences as par. (1), fourth sentence as par. (2), and added par. (3).

1956—Subsec. (a)(1). Act Apr. 27, 1956, §3(a), inserted reference to subsection (e) of this section.

Subsec. (a)(2). Act Apr. 27, 1956, §3(c)(1), substituted "an indefinite period" for "a period of not more than five years".

Subsecs. (e) to (i). Act Apr. 27, 1956, §3(b), added subsec. (e) and redesignated former subssecs. (e) to (h) as (f) to (i), respectively.

1949—Subsec. (a)(1). Act Feb. 28, 1948, struck out "surgery" after "several branches of medicine".

Subsec. (a)(2). Act Feb. 28, 1948, struck out "such any such" commission before "may be terminated", and "in his discretion" after "at any time".

Subsec. (b). Act Feb. 28, 1948, provided for grade and number of original appointments.

Subsecs. (c) to (f). Act Feb. 28, 1948, added subssecs. (c) and (d) and redesignated former subssecs. (c) and (d) as (e) and (f), respectively. Former subssecs. (e) and (f) redesignated (g) and (h).

Subsec. (g). Act Feb. 28, 1948, redesignated former subsec. (e) as (g) and changed reference in text from "subsection (c) of this section" to "subsection (e) of this section", and "subsection (d) of this section" to "subsection (g) of this section".

Subsec. (h). Act Feb. 28, 1948, redesignated former subsec. (f) as (h).

1946—Subsec. (b). Act July 3, 1946, authorized appointment of additional officers to grades above that of senior assistant but not above that of director, and limits the number so appointed to 20.

EFFECTIVE DATE OF 1979 AMENDMENT

EFFECTIVE DATE OF 1960 AMENDMENT

Section 8(a) of Pub. L. 86-415 provided that: "The amendments made by sections 2 and 5(b) [amending this section and section 210 of this title] shall become effective July 1, 1960."

EFFECTIVE DATE OF 1949 AMENDMENT

Amendment by act Oct. 12, 1949, effective Oct. 1, 1949, see section 533(a) of act Oct. 12, 1949, set out as a note under section 84(a) of Title 33, Navigation and Navigable Waters.

TRANSFER OF FUNCTIONS

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, set out as a note under section 202 of this title. Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96-88 which is classified to section 509(b) of Title 20, Education.

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3901 of this title, Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953, Secretary and Department of
Health, Education, and Welfare redesignated Secretary and Department of Health and Human Services by section 508(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20.

DELEGATION OF FUNCTIONS

Functions of President delegated to Secretary of Health and Human Services and Surgeon General, see Ex. Ord. No. 11460, Jan. 30, 1964, 29 F.R. 1657, as amended, set out as a note under section 202 of this title.

PERSONAL SERVICES CONTRACTING

SIMILAR PROVISIONS

Similar provisions were contained in the following prior appropriation acts:

TERM OF RESERVE COMMISSIONS IN EFFECT ON APRIL 27, 1956

Section 3(c)(2) of act Apr. 27, 1956, provided that: “The enactment of paragraph (1) of this subsection (amending subsec. (a)(2) of this section) shall not affect the term of the commission of any officer in the Reserve Corps in effect on the date of such enactment [Apr. 27, 1956] unless such officer consents in writing to the extension of his commission for an indefinite period, in which event his commission shall be so extended without the necessity of a new appointment.”

§§ 209a, 209b. Omitted

CODIFICATION

Section 309a, act Dec. 22, 1944, ch. 660, title I, 88 Stat. 856, which related to number of regular commissioned nurses to be appointed, their grades, and their length of service for purposes of pay and pay periods, was not repeated in subsequent appropriation acts.

Section 209b, act Dec. 22, 1944, ch. 660, title I, 88 Stat. 857, which authorized appointment of fifty additional regular commissioned officers of which twenty-four were to be in grades above that of senior assistant, was not repeated in subsequent appropriation acts.

Section, act July 3, 1945, ch. 263, title II, 59 Stat. 370, provided that for purposes of pay and pay period officers appointed to grades above that of senior assistant pursuant to section 209c of this title shall be considered as having had on date of appointment service equal to that of junior officer of grade to which appointed.

§ 209d. Appointment of osteopaths as commissioned officers

Graduates of colleges of osteopathy whose graduates are eligible for licensure to practice medicine or osteopathy in a majority of the States of the United States, or approved by a body or bodies acceptable to the Secretary, shall be eligible, subject to the other provisions of this Act, for appointment as commissioned medical officers in the Public Health Service.

CODIFICATION

Section was not enacted as a part of the Public Health Service Act which comprises this chapter.

TRANSFER OF FUNCTIONS

Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 508(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

§ 210. Pay and allowances

(a) Commissioned officers of Regular and Reserve Corps; special pay for active duty; incentive special pay for Public Health Service nurses

(1) Commissioned officers of the Regular and Reserve Corps shall be entitled to receive such pay and allowances as are now or may hereafter be authorized by law.

(2) For provisions relating to the receipt of special pay by commissioned officers of the Regular and Reserve Corps while on active duty, see section 303a(b) of title 37.

(b) Purchase of supplies

Commissioned officers on active duty and retired officers entitled to retired pay pursuant to section 211(g)(3), 212, or 213a(a) of this title, shall be permitted to purchase supplies from the Army, Navy, Air Force, and Marine Corps at the same price as is charged officers thereof.

(c) Members of national advisory or review councils or committees

Members of the National Advisory Health Council and members of other national advisory
or review councils or committees established under this chapter, including members of the Technical Electronic Product Radiation Safety Standards Committee and the Board of Regents of the National Library of Medicine, but excluding ex officio members, while attending conferences or meetings of their respective councils or committees or while otherwise serving at the request of the Secretary, shall be entitled to receive compensation at rates to be fixed by the Secretary, but at rates not exceeding the daily equivalent of the rate specified at the time of such service for grade GS–18 of the General Schedule, including traveltime; and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in the Government service employed intermittently.

(d) Field employees

Field employees of the Service, except those employed on a per diem or fee basis, who render part-time duty and are also subject to call at any time for services not contemplated in their regular part-time employment, may be paid annual compensation for such part-time duty and, in addition, such fees for such other services as the Surgeon General may determine, but in no case shall the total paid to any such employee for any fiscal year exceed the amount of the minimum annual salary rate of the classification grade of the employee.

(e) Additional pay for service at Gillis W. Long Hansen’s Disease Center

Any civilian employee of the Service who is employed at the Gillis W. Long Hansen’s Disease Center on April 7, 1986, shall be entitled to receive, in addition to any compensation to which the employee may otherwise be entitled and for so long as the employee remains employed at the Center, an amount equal to one-fourth of such compensation.

(f) Allowances included in fellowships

Individuals appointed under section 209(g) of this title shall have included in their fellowships such stipends or allowances, including travel and subsistence expenses, as the Surgeon General may deem necessary to procure qualified fellows.

(g) Positions in professional, scientific and executive service; compensation; appointment

The Secretary is authorized to establish and fix the compensation for, within the Public Health Service, not more than one hundred and seventy-nine positions, of which not less than one hundred and fifteen shall be for the National Institutes of Health, not less than forty shall be for the National Institute on Alcohol Abuse and Alcoholism for individuals engaged in research on alcohol abuse and alcoholism, not less than ten shall be for the National Center for Health Services Research, not more than fourteen shall be for the National Center on Alcohol, Drug Abuse, and Alcoholism, and not less than ten shall be for the National Center for Health Care Technology, in the professional, scientific, and executive service, each such position being established to effectuate those research and development activities of the Public Health Service which require the services of specially qualified scientific, professional and administrative personnel: Provided, That the rates of compensation for positions established pursuant to the provisions of this subsection shall not be less than the minimum rate of grade 16 of the General Schedule nor more than (1) the highest rate of grade 18 of the General Schedule, or (2) in the case of two such positions, the rate specified, at the time the service in the position is performed, for level II of the Executive Schedule (5 U.S.C. § 3313); and such rates of compensation for all positions included in this proviso shall be subject to the approval of the Director of the Office of Personnel Management. Positions created pursuant to this subsection shall be included in the classified civil service of the United States, but appointments to such positions shall be made without competitive examination upon approval of the proposed appointee’s qualifications by the Director of the Office of Personnel Management or such officers or agents as it may designate for this purpose.

Prior provisions

A prior section 208 of act July 1, 1944, was renumbered section 207 and is classified to section 209 of this title.

Amendments

2000—Subsec. (a)(2). Pub. L. 106–398 added par. (2) and struck out former par. (2) which read as follows:
“(2)(A) Except as provided in subparagraph (B), commissioned medical and dental officers in the Regular and Reserve Corps shall while on active duty be paid special pay in the same amounts as, and under the same terms and conditions which apply to, the special pay now or hereafter paid to commissioned medical and dental officers of the Armed Forces under chapter 5 of title 37.

“(B) A commissioned medical officer in the Regular or Reserve Corps (other than an officer serving in the Indian Health Service) may not receive additional special pay under section 302(a)(4) of title 37 for any period during which the officer is providing obligated service under (i) section 234 of this title, (ii) section 234(e) of this title (as such section was in effect prior to October 1, 1977), or (iii) section 234(f) of this title (as such section was in effect between October 1, 1977, and August 13, 1981).”

Subsec. (a)(3). Pub. L. 198-398, § 1[(div. A), title VI, § 634(b)(1)], struck out par. (3) which read as follows: “Commissioned nurse officers in the Regular and Reserve Corps shall, while in active duty, be paid incentive special pay in the same amounts as, and under the same terms and conditions which apply to, the incentive special pay now or hereafter paid to commissioned nurse officers of the Armed Forces under chapter 5 of title 37.”

Subsec. (e). Pub. L. 99–272, § 17002(b), amended subsec. (e) generally. Prior to amendment, subsec. (e) read as follows: “Whenever any noncommissioned officer or other employee of the Service is assigned for duty which the Surgeon General finds requires intimate contact with persons afflicted with leprosy, he may be entitled to receive, as provided by regulations of the President, in addition to any pay or compensation to which he may otherwise be entitled, not more than one-half of such pay or compensation.”

1985—Subsec. (a)(2). Pub. L. 99–117 substituted “(A) Except as provided in subparagraph (B), commissioned” for “Commissioned”, and added subpar. (B).

1980—Subsec. (a). Pub. L. 96–398 redesignated existing provisions as par. (1) and added par. (2).

1979—Subsec. (c). Pub. L. 96–32 substituted “section 5703 of title 5” for “section 5703(b) of title 5”.

1978—Subsec. (g). Pub. L. 95–625 increased limitation on establishment of positions to one hundred and seventy-nine from one hundred and fifty-five and required minimum number of positions for certain National Centers: ten, National Center for Health Services Research, twelve, National Center for Health Statistics, and seven, National Center for Health Care Technology.

1977—Subsec. (g). Pub. L. 95–83 increased limitation on establishment of positions to one hundred and fifty-five and required not less than five for the National Institute on Alcohol Abuse and Alcoholism for individuals engaged in research on alcohol abuse and alcoholism.

1971—Subsec. (f). Pub. L. 92–157, which directed that “subsection (g)” be substituted for “section 209(g)” was executed by substituting “section 209(g) of this title” for “section 209(f) of this title”, to reflect the probable intent of Congress.

1970—Subsec. (c). Pub. L. 91–515 extended coverage to encompass members of other national review councils or national advisory or review committees established under this chapter, including members of the Technical Electronic Product Radiation Safety Standards Committee and the Board of Regents of the National Library of Medicine, authorized service to be at the request of the Secretary in place of the Surgeon General, and revised rates of compensation and travel allowances.

1969—Subsec. (g). Pub. L. 90–757 inserted “(1)” after “nor more than” and added cl. (2).

1962—Subsec. (b). Pub. L. 87–649 struck out sentence which permitted commissioned officers on active duty to make allotments from their pay, and substituted “Commissioned officers on active duty and retired officers” for “Such officers, and retired officers.” See section 704 of Title 37, Pay and Allowances of the Uniformed Services.

Subsec. (g). Pub. L. 87–793 substituted provisions requiring the rates of compensation to be not less than the minimum rate of grade 18 and not more than the highest rate of grade 18 of the General Schedule, for provisions which prescribed annual rates of compensation of not less than $12,500 nor more than $15,000.

1960—Subsec. (b). Pub. L. 86–415 authorized retired officers entitled to retired pay pursuant to section 211(g)(3), 212, or 213(a)(1) of this title, to purchase supplies, and included the purchase of supplies from the Air Force.

Subsec. (g). Pub. L. 86–703 substituted “one hundred and fifty” for “eighty-five” and “one hundred and fifteen” for “seventy-three”.

1958—Subsec. (g). Pub. L. 85–929 substituted “in the professional, scientific, and executive service” for “in the professional and scientific service”, and substituted “of specially qualified scientific, professional, and administrative personnel” for “of specially qualified scientific or professional personnel”.

Pub. L. 85–462, substituted “eighty-five positions, of which not less than seventy-three shall be for the National Institutes of Health” for “sixty positions”.

1956—Subsec. (g). Act June 29, 1956, substituted “$20,000” for “$15,000”.

1955—Subsec. (g). Act Aug. 1, 1955, increased from thirty to sixty the number of positions which the Administrator may establish in the professional and scientific service.

1950—Subsec. (b). Act Aug. 9, 1950, struck out “and may be granted leaves of absence without any deduction from their pay” after “allotments from their pay” in first sentence.

Subsec. (c). Act Aug. 15, 1950, § 3(e), made provisions applicable to members of all national advisory councils.

Subsec. (g). Act Aug. 15, 1950, § 4(b), added subsec. (g).

Subsec. (b). Act Oct. 12, 1949, redesignated subsec. (c) as (b) and repealed former subsec. (b) relating to Reserve officers.

Subsec. (c). Act Oct. 12, 1949, redesignated subsec. (e) as (c), Former subsec. (c) redesignated (b).

Subsec. (d). Act Oct. 12, 1949, redesignated subsec. (f) as (d) and repealed former subsec. (d) relating to female commissioned officers and defining “dependent”.

Subsec. (e). Act Oct. 12, 1949, redesignated subsec. (g) as (e) and struck out references to allowances. Former subsec. (e) redesignated (c).

Subsec. (f). Act Oct. 12, 1949, redesignated subsec. (h) as (f), Former subsec. (f) redesignated (d).

Subsec. (g). Act Oct. 12, 1949, redesignated subsecs. (g) and (h) as (e) and (f), respectively.

1948—Subsec. (b). Act Feb. 28, 1948, inserted “except as otherwise provided by law”.

Subsec. (e). Acts June 16, 1948, § 4(d), and June 24, 1948, § 4(d), made section applicable to the National Advisory Heart Council and increased the per diem of all members from $20 to $50, and made section applicable to the National Advisory Dental Research Council, respectively.

Subsec. (b). Act Feb. 28, 1948, substituted “section 209(f) of this title” for “section 209(d) of this title”.

1946—Subsec. (e). Act July 3, 1946, inserted “members of the National Advisory Mental Health Council”.

Similar provisions were contained in the following prior appropriation acts:

Nurses and Allied Health Professionals

Pub. L. 100–436, title II, §214, Sept. 20, 1988, 102 Stat. 1700, provided that: "Funds made available for fiscal year 1989 and hereafter to the National Institutes of Health shall be available for payment of nurses and allied health professionals using pay, schedule options, benefits, and other authorities as provided for the nurses of the Veterans' Administration under 38 U.S.C. chapter 73."

§210–1. Annual and sick leave

(a) Regulations

In accordance with regulations of the President, commissioned officers of the Regular Corps and officers of the Reserve Corps on active duty may be granted annual leave and sick leave without any deductions from their pay and al-
lowances: Provided. That such regulations shall not authorize annual leave to be accumulated in excess of sixty days.

(d) Definitions

For purposes of this section the term “accumulated annual leave” means unused accrued annual leave carried forward from one leave year into a succeeding leave year, and the term “accrued annual leave” means the annual leave accruing to an officer during one leave year.

PARTIAL REPEAL OF SUBSECTION (d)

Subsection (d) of this section was repealed by Pub. L. 87–649, § 14b, Sept. 7, 1962, 76 Stat. 499, insofar as it was applicable to the last sentence of subsection (c) of this section which authorized a lump-sum payment to an officer credited with unused accumulated and accrued annual leave. See section 501 of Title 37, Pay and Allowances of the Uniformed Services.

AMENDMENTS

1979—Subsec. (c). Pub. L. 96–76, repealed subsec. (c) which set forth limitations on granting of annual leave under subsec. (a) of this section.

1962—Subsec. (b). Pub. L. 87–649 repealed subsec. (b) which required forfeiture of all pay and allowances of an officer absent without leave. See section 583 of Title 37, Pay and Allowances of the Uniformed Services.

Subsec. (c). Pub. L. 87–649 repealed last sentence which authorized a lump-sum payment for unused accumulated and accrued annual leave on date of separation, retirement, or release from active duty. See section 501 of Title 37, Pay and Allowances of the Uniformed Services.

EFFECTIVE DATE OF 1962 AMENDMENT

EFFECTIVE DATE

Section effective July 1, 1950, see section 3(a) of act Aug. 9, 1950, set out as an Effective Date of 1950 Amendment note under section 210 of this title.

TRANSFER OF FUNCTIONS

Functions of Public Health Service, of Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 23, 1966, 31 F.R. 8855, 80 Stat. 1610, set out as a note under section 202 of this title. Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 505(b) of Pub. L. 98–551 which is classified to section 555(b) of Title 20, Education.

DELÉGATION OF FUNCTIONS

Functions of President delegated to Secretary of Health and Human Services, see Ex. Ord. No. 11140, Jan. 30, 1964, 29 F.R. 1637, as amended, set out as a note under section 202 of this title.

COMPENSATION FOR PRIOR ACCUMULATED AND ACCRUED LEAVE; LIMITATION; INAPPLICABLE TO OFFICERS ON TERMINAL LEAVE PRIOR TO JULY 1, 1950

Section 3(b), (c) of act Aug. 9, 1950, provided that any officer credited with more than sixty days of accumulated and accrued leave on June 30, 1949, be compensated for so much of such leave as exceeds sixty days, that such compensation be due and payable on July 1, 1950, and that the provisions of this Act not apply to any officer on terminal leave preceding separation, retirement, or release from active duty.

AVAILABILITY OF FUNDS

Section 4 of act Aug. 9, 1950, provided for the availability of funds for payment of compensation for prior accumulated and accrued leave for any officer under section 3 of this Act.

LEAVE REGULATIONS

Section 5 of act Aug. 9, 1950, provided that: “Except insofar as the provisions of this Act [enacting this section, amending section 210 of this title, and enacting provisions set out as notes under this section and section 210 of this title] are inconsistent therewith, leave regulations adopted prior to the enactment of this Act [Aug. 9, 1950], pursuant to the Public Health Service Act [this chapter], shall remain in effect until repealed, amended, or superseded.”

Section, act Feb. 28, 1948, ch. 83, § 5(e), (f), 62 Stat. 41, related to service credit for commissioned officers on active duty Feb. 28, 1948, and to service credit for pay and promotion purposes of certain appointees during period Feb. 28, 1948, to July 1, 1948.

§ 210b. Professional categories

(a) Division of corps; basis of categories

For the purpose of establishing eligibility of officers of the Regular Corps for promotions, the Surgeon General shall by regulation divide the corps into professional categories. Each category shall, as far as practicable, be based upon one of the subjects of examination set forth in section 207(a)(1) of this title or upon a subdivision of such subject, and the categories shall be designed to group officers by fields of training in such manner that officers in any one grade in any one category will be available for similar duty in the discharge of the several functions of the Service.

(b) Assignment of officers

Each officer of the Regular Corps on active duty shall, on the basis of his training and experience, be assigned by the Surgeon General to one of the categories established by regulations under subsection (a) of this section. Except upon amendment of such regulations, no assignment so made shall be changed unless the Surgeon General finds (1) that the original assignment was erroneous, or (2) that the officer is equally well qualified to serve in another category to which he has requested to be transferred, and that such transfer is in the interests of the Service.

(c) Maximum number of officers in each category

Within the limits fixed by the Secretary in regulations under section 207(d) of this title for
any fiscal year, the Surgeon General shall determine for each category in the Regular Corps the maximum number of officers authorized to be in each of the grades from the warrant officer (W–1) grade to the director grade, inclusive.

(d) Vacancies in grade for purposes of promotion

The excess of the number so fixed for any grade in any category over the number of officers of the Regular Corps on active duty in such grade in such category (including in the case of the director grade, officers holding such grade in accordance with section 207(c) of this title) shall for the purpose of promotions constitute vacancies in such grade in such category. For purposes of this subsection, an officer who has been temporarily promoted or who is temporarily holding the grade of director in accordance with section 207(c) of this title shall be deemed to hold the grade to which so promoted or which he is temporarily holding; but while he holds such promotion or grade, and while any officer is temporarily assigned to a position pursuant to section 206(c) of this title, the number fixed under subsection (c) of this section for the grade of his permanent rank shall be reduced by one.

(e) Absence of vacancy in grade as affecting promotion

The absence of a vacancy in a grade in a category shall not prevent an appointment to such grade pursuant to section 209 of this title, a permanent length of service promotion, or the recall of a retired officer to active duty; but the making of such an appointment, promotion, or recall shall be deemed to fill a vacancy if one exists.

(f) Vacancy in grade as affecting maximum number for each category

Whenever a vacancy exists in any grade in a category the Surgeon General may increase by one the number fixed by him under subsection (c) of this section for the next lower grade in the same category, without regard to the numbers fixed in regulations under section 207(d) of this title; and in that event the vacancy in the higher grade shall not be filled except by a permanent promotion, and upon the making of such promotion the number for the next lower grade shall be reduced by one.

PRIOR PROVISIONS

A prior section 209 of act July 1, 1944, was renumbered section 208 and is classified to section 210 of this title.

AMENDMENTS

1979—Subsec. (c). Pub. L. 96–76 substituted “warrant officer (W–1)” for “assistant”.

EFFECTIVE DATE OF 1979 AMENDMENT

TRANSFER OF FUNCTIONS

Office of Surgeon General abolished by section 3 of Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, and functions thereof transferred to Secretary of Health, Education, and Welfare by section 1 of Reorg. Plan No. 3 of 1966, set out as a note under section 202 of this title, Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by section 5 of Reorg. Plan No. 1 of 1953, set out as a note under section 3301 of this title, Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1953, Secretary and Department of Health, Education, and Welfare redesignated Secretary and Department of Health and Human Services by section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20.

§211. Promotion of commissioned officers

(a) Permanent or temporary promotions; examination

Promotions of officers of the Regular Corps to any grade up to and including the director grade shall be either permanent promotions based on length of service, other permanent promotions to fill vacancies, or temporary promotions. Permanent promotions shall be made by the President, by and with the advice and consent of the Senate, and temporary promotions shall be made by the President. Each permanent promotion shall be to the next higher grade, and shall be made only after examination given in accordance with regulations of the President.

(b) Promotion to certain grades only to fill vacancies; regulations; “restricted grade” defined

The President may by regulation provide that in a specified professional category permanent promotions to the senior grade, or to both the full grade and the senior grade, shall be made only if there are vacancies in such grade. A grade in any category with respect to which such regulations have been issued is referred to in this section as a “restricted grade”.

(c) Examinations

Examinations to determine qualification for permanent promotions may be either non-competitive or competitive, as the Surgeon General shall in each case determine; except that examinations for promotions to the assistant or senior assistant grade shall in all cases be non-competitive. The officers to be examined shall be selected by the Surgeon General from the professional category, and in the order of seniority in the grade, from which promotion is to be recommended. In the case of a competitive examination the Surgeon General shall determine in advance of the examination the number (which may be one or more) of officers who, after passing the examination, will be recommended to the President for promotion; but if the examination is one for promotions based on length of service, or is one for promotions to fill vacancies other than vacancies in the director grade or in a restricted grade, such number shall not be less than 80 per centum of the number of officers to be examined.
(d) Permanent promotions to qualified officers on length of service

Officers of the Regular Corps, found pursuant to subsection (c) of this section to be qualified, shall be given permanent promotions based on length of service, as follows:

(1) Officers in the warrant officer (W–1) grade, chief warrant officer (W–2) grade, chief warrant officer (W–3) grade, chief warrant officer (W–4) grade, and junior assistant grade shall be promoted at such times as may be prescribed in regulations of the President.

(2) Officers with permanent rank in the assistant grade, the senior assistant grade, and the full grade shall (except as provided in regulations under subsection (b) of this section) be promoted after completion of three, ten, and seventeen years, respectively, of service in grades above the junior assistant grade; and such promotions, when made, shall be effective, for purposes of pay and seniority in grade, as of the day following the completion of such years of service. An officer with permanent rank in the assistant, senior assistant, or full grade who has not completed such years of service shall be promoted at the same time, and his promotion shall be effective as of the same day, as any officer junior to him in the same grade in the same professional category who is promoted under this paragraph.

(e) Promotion of professional category officers to fill certain vacancies

Officers in a professional category of the Regular Corps, found pursuant to subsection (c) of this section to be qualified, may be given permanent promotions to fill any or all vacancies in such category in the senior assistant grade, the full grade, the senior grade, or the director grade; but no officer who has not had one year of service with permanent or temporary rank in the next lower grade shall be promoted to any restricted grade or to the director grade.

(f) Reexamination upon failure of promotion; effective date of promotion

If an officer who has completed the years of service required for promotion to a grade under paragraph (2) of subsection (d) of this section fails to receive such promotion, he shall (unless he has already been twice examined for promotion to such grade) be given a reexamination for promotion to such grade. If he is thereupon promoted (otherwise than under subsection (e) of this section), the effective date of such promotion shall be one year later than it would have been but for such failure. Upon the effective date of any permanent promotion of such officer to such grade, he shall be considered as having had only the length of service required for such promotion which he previously failed to receive.

(g) Separation from service upon failure of promotion

If, for reasons other than physical disability, an officer of the Regular Corps in the warrant officer (W–1) grade or junior assistant grade is found pursuant to subsection (c) of this section not to be qualified for promotion he shall be separated from the Service. If, for reasons other than physical disability, an officer of the Regular Corps in the chief warrant officer (W–2), chief warrant officer (W–3), assistant, senior assistant, or full grade, after having been twice examined for promotion (other than promotion to a restricted grade), fails to be promoted—

(1) if in the chief warrant officer (W–2) or assistant grade he shall be separated from the Service and paid six months’ basic pay and allowances;

(2) if in the chief warrant officer (W–3) or senior assistant grade he shall be separated from the Service and paid one year’s basic pay and allowances;

(3) if in the full grade he shall be considered as not in line for promotion and shall, at such time thereafter as the Surgeon General may determine, be retired from the Service with retired pay (unless he is entitled to a greater amount by reason of another provision of law)—

(A) in the case of an officer who first became a member of a uniformed service before September 8, 1980, at the rate of 2½ percent of the retired pay base determined under section 1406(h) of title 10 for each year, not in excess of 30, of his active commissioned service in the Service; or

(B) in the case of an officer who first became a member of a uniformed service on or after September 8, 1980, at the rate determined by multiplying—

(i) the retired pay base determined under section 1407 of title 10; by

(ii) the retired pay multiplier determined under section 1409 of such title for the number of years of his active commissioned service in the Service.

(h) Separation from service upon refusal to stand examination

If an officer of the Regular Corps, eligible to take an examination for promotion, refuses to take such examination, he may be separated from the Service in accordance with regulations of the President.

(i) Review of record; separation from service

At the end of his first three years of service, the record of each officer of the Regular Corps originally appointed to the senior assistant grade or above, shall be reviewed in accordance with regulations of the President and, if found not qualified for further service, he shall be separated from the Service and paid six months’ pay and allowances.

(j) Determination of order of seniority

(1) The order of seniority of officers in a grade in the Regular Corps shall be determined, subject to the provisions of paragraph (2) of this subsection, by the relative length of time spent in active service after the effective date of each such officer’s original appointment or permanent promotion to that grade. When permanent promotions of two or more officers to the same grade are effective on the same day, their relative seniority shall be the same as it was in the grade from which promoted. In all other cases of original appointments or permanent promotions (or both) to the same grade effective on the same day, relative seniority shall be determined in accordance with regulations of the President.
(2) In the case of an officer originally appointed in the Regular Corps to the grade of assistant or above, his seniority in the grade to which appointed shall be determined after inclusion, as service in such grade, of any active service in such grade or in any higher grade in the Reserve Corps, but (if the appointment is to the grade of senior assistant or above) only to the extent of whichever of the following is greater: (A) His active service in such grade or any higher grade in the Reserve Corps after the first day on which, under regulations in effect on the date of his appointment to the Regular Corps, he had the training and experience necessary for such appointment, or (B) the excess of his total active service in the Reserve Corps (above the grade of junior assistant) over three years if his appointment in the Regular Corps is to the senior assistant grade, over ten years if the appointment is to the full grade, or over seventeen years if the appointment is to the senior grade.

(k) Temporary promotions; fill vacancy in higher grade; war or national emergency; selection of officers; termination of appointment

Any commissioned officer of the Regular Corps in any professional category may be recommended to the President for temporary promotion to fill a vacancy in any higher grade in such category, up to and including the director grade. In time of war, or of national emergency proclaimed by the President, any commissioned officer of the Regular Corps in any grade in any professional category may be recommended to the President for promotion to any higher grade in such category, up to and including the director grade, whether or not a vacancy exists in such grade. The selection of officers to be recommended for temporary promotions shall be made in accordance with regulations of the President. Promotion of an officer recommended pursuant to this subsection may be made without regard to length of service, without examination, and without vacating his permanent appointment, and shall carry with it the pay and allowances of the permanent grade to which promoted. Such promotions may be terminated at any time, as may be directed by the President.

(l) Determination of requirements of Service by Secretary; assignment of Reserve Officers to professional categories; temporary promotions; termination of temporary promotions

Whenever the number of officers of the Regular Corps on active duty, plus the number of officers of the Reserve Corps who have been on active duty for thirty days or more, exceeds the authorized strength of the Regular Corps, the Secretary shall determine the requirements of the Service in each grade in each category, based upon the total number of officers so serving on active duty and the tasks being performed by the Service; and the Surgeon General shall thereupon assign each officer of the Reserve Corps on active duty to a professional category. If the Secretary finds that the number of officers fixed under section 210b(c) of this title for any grade and category (or the number of officers, including officers of the Reserve Corps, on active duty in such grade in such category, if such number is greater than the number fixed under section 210b(c) of this title) is insufficient to meet such requirements of the Service, officers of either the Regular Corps or the Reserve Corps may be recommended for temporary promotion to such grade in such category. Any such promotion may be terminated at any time, as may be directed by the President.

(m) Acceptance of promotion; oath and affidavit

Any officer of the Regular Corps, or any officer of the Reserve Corps on active duty, who is promoted to a higher grade shall, unless he expressly declines such promotion, be deemed for all purposes to have accepted such promotion; and shall not be required to renew his oath of office, or to execute a new affidavit as required by section 3332 of title 5.

Codification

In subsec. (m), “section 3332 of title 5” substituted for “the Act of December 11, 1926, as amended (5 U.S.C. 21a)” on authority of Pub. L. 89–554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

Amendments

1986—Subsec. (g)(3). Pub. L. 99–348 added subpars. (A) and (B) and struck out former subpars. (A) and (B) which read as follows: “(A) In the case of an officer who first became a member of a uniformed service before September 8, 1980, at the rate of 2½ per cent of basic pay of the permanent grade held by him at the time of retirement for each complete year, not in excess of thirty, of his active commissioned service in the Service; or

(B) In the case of an officer who first became a member of a uniformed service on or after September 8, 1980, 2½ per cent of the monthly retired pay base computed under section 1407(h) of title 10, for each year, not in excess of thirty, of his active commissioned service in the Service.”

1980—Subsec. (g)(3). Pub. L. 96–342 revised provisions into subpars. (A) and (B) and substituted provisions respecting computation of retired pay for officers who became members of the uniformed service before Sept. 8, 1980, and for officers who became members of the uniformed service on or after Sept. 8, 1980, for provisions respecting computation of retired pay for officers.

Subsec. (g). Pub. L. 96–76, §307(b), in provision before par. (1), inserted applicability to separation from Service of warrant officers and chief warrant officers subsequent to one examination or two examinations, respectively, in par. (1), inserted applicability to a chief warrant officer (W–2), and in par. (2), inserted applicability to a chief warrant officer (W–3).

1962—Subsec. (g). Pub. L. 87–649 substituted “basic pay” for “pay” in cls. (1) and (2).

1960—Subsec. (g). Pub. L. 86–415 substituted “of the basic pay of the permanent grade held by him at the time of retirement for each year” for “of his active duty pay at the time of retirement for each complete year” in cl. (3).

Section, act Feb. 28, 1948, ch. 83, §6(b)–(f), 62 Stat. 45, dealt with promotion of Public Health Service officers.

Savings Provision
Repeal not to affect any action taken or proceeding pending at the time of repeal, see section 501(h) of Pub. L. 94–412, set out as a note under section 1601 of Title 50, War and National Defense.

§211c. Promotion credit for medical officers in assistant grade

Any medical officer of the Regular Corps of the Public Health Service who—
(1)(A) was appointed to the assistant grade in the Regular Corps and whose service in such Corps has been continuous from the date of appointment or (B) may hereafter be appointed to the assistant grade in the Regular Corps, and
(2) had or will have completed a medical internship on the date of such appointment, shall be credited with one year for purposes of promotion and seniority in grade, except that no such credit shall be authorized if the officer has received or will receive similar credit for his internship under other provisions of law. In the case of an officer on active duty on the effective date of this section who is entitled to the credit authorized herein, the one year shall be added to the promotion and seniority-in-grade credits with which he is credited on such date.

July 1, 1944, ch. 373, title II, §220, as added Apr. 30, 1956, ch. 223, §3, 70 Stat. 121.

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, set out as a note under section 202 of this title. Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 3508(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

§212. Retirement of commissioned officers

(a) Age; voluntariness; length of service; computation of retired pay
(1) A commissioned officer of the Service shall, if he applies for retirement, be retired on or after the first day of the month following the month in which he attains the age of sixty-four years. This paragraph does not permit or require the involuntary retirement of any individual because of the age of the individual.
(2) A commissioned officer of the Service who has had less than thirty years of active service may be retired by the Secretary, and shall be retired if he applies for retirement, on the first day of any month after completion of thirty years of active service.
(3) Any commissioned officer of the Service who has had less than thirty years of active service may be retired by the Secretary, with or without application by the officer, on the first day of any month after completion of twenty or more years of active service of which not less than ten are years of active commissioned service in any of the uniformed services.
(4) Except as provided in paragraph (6), a commissioned officer retired pursuant to paragraph (1), (2), or (3) who was (in the case of an officer in the Reserve Corps) on active duty with the Service on the day preceding such retirement shall receive retired pay at the rate of 2½ per centum of the basic pay of the highest grade held by him as such officer and in which, in the case of a temporary promotion to such grade, he has performed active duty for not less than six months, (A) for each year of active service, or (B) if it results in higher retired pay, for each of the following years:

(i) his years of active service (determined without regard to subsection (d) of this section) as a member of a uniformed service; plus

(ii) in the case of a medical or dental officer, four years and, in the case of a medical officer, who has completed one year of medical internship or the equivalent thereof, one additional year, the four years and the one year to be reduced by the period of active service performed during such officer's attendance at medical school or dental school or during his medical internship; plus

(iii) the number of years of service with which he was entitled to be credited for purposes of basic pay on May 31, 1958, or (if higher) on any date prior thereto, reduced by any such year included under clause (i) and further reduced by any such year with which he was entitled to be credited under paragraphs (7) and (8) of section 205(a) of title 37 on any date before June 1, 1958;

except that (C) in the case of any officer whose retired pay, so computed, is less than 50 per centum of such basic pay, who retires pursuant to paragraph (1) of this subsection, who has not less than twelve whole years of active service (computed without the application of subsection (e) of this section), and who does not use, for purposes of a retirement annuity under subchapter III of chapter 83 of title 5, any service which is also creditable in computing his retired pay from the Service, it shall, instead, be 50 per centum of such pay, and (D) the retired pay of an officer shall in no case be more than 75 per centum of such basic pay.

(5) With the approval of the President, a commissioned officer whose service as Surgeon General, Deputy Surgeon General, or Assistant Surgeon General has totaled four years or more and who has not had less than twenty-five years of active service in the Service may retire voluntarily at any time; and except as provided in paragraph (6), his retired pay shall be at the rate of 75 per centum of the basic pay of the highest grade held by him as such officer.

(6) The retired pay of a commissioned officer retired under this subsection who first became a member of a uniformed service after September 7, 1980, is determined by multiplying—

(A) the retired pay base determined under section 1407 of title 10; by

(B) the retired pay multiplier determined under section 1409 of such title for the number of years of service credited to the officer under paragraph (4).

(7) Retired pay computed under section 211(g)(3) of this title or under paragraph (4) or (5) of this subsection, if not a multiple of $1, shall be rounded to the next lower multiple of $1.

(b) Basic pay of highest temporary grade

For purposes of subsection (a) of this section, the basic pay of the highest grade to which a commissioned officer has received a temporary promotion means the basic pay to which he would be entitled if serving on active duty in such grade on the date of his retirement.

(c) Recall to active duty

A commissioned officer, retired for reasons other than for failure of promotion to the senior grade, may (1) if an officer of the Regular Corps or an officer of the Reserve Corps entitled to retired pay under subsection (a) of this section, be involuntarily recalled to active duty during such times as the Commissioned Corps constitutes a branch of the land or naval forces of the United States, and (2) if an officer of either the Regular or Reserve Corps, be recalled to active duty at any time with his consent.

(d) “Active service” defined

The term “active service”, as used in subsection (a) of this section, includes:

(1) all active service in any of the uniformed services;

(2) active service with the Public Health Service, other than as a commissioned officer, which the Surgeon General determines is comparable to service performed by commissioned officers of the Service, except that, if there are more than five years of such service only the last five years thereof may be included;

(3) all active service (other than service included under the preceding provisions of this subsection) which is creditable for retirement purposes under laws governing the retirement of members of any of the uniformed services; and

(4) service performed as a member of the Senior Biomedical Research Service established by section 237 of this title, except that, if there are more than 5 years of such service, only the last 5 years thereof may be included.

(e) Crediting of part of year

For the purpose of determining the number of years by which a percentage of the basic pay of an officer is to be multiplied in computing the amount of his retired pay pursuant to section 211(g)(3) of this title or paragraph (4) of subsection (a) of this section, each full month of service that is in addition to the number of full years of service credited to an officer is counted as one-twelfth of a year and any remaining fractional part of a month is disregarded.

(f) Retirement or separation for physical disability

For purposes of retirement or separation for physical disability under chapter 61 of title 10, a commissioned officer of the Service shall be credited, in addition to the service described in section 1208(a)(2) of that title, with active service with the Public Health Service, other than as a commissioned officer, which the Surgeon General determines is comparable to service performed by commissioned officers of the Service, except that, if there are more than five years of such service, only the last five years
thereof may be so credited. For such purposes, such section 1208(a)(2) shall be applicable to offi-
cers of the Regular or Reserve Corps of the Serv-
vice.

CODIFICATION

In subsec. (a)(4), “subchapter III of chapter 83 of title 5” substituted for “the Civil Service Retirement Act” on authority of Pub. L. 89–554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

AMENDMENTS

1986—Subsec. (a)(6). Pub. L. 99–348 amended par. (6) generally. Prior to amendment, par. (6) read as follows: “In computing retired pay under paragraph (4) or (5) in the case of any commissioned officer who first became a member of a uniformed service on or after September 8, 1980, the monthly retired pay base computed under section 1407(h) of title 10 shall be used in lieu of using the basic pay of the highest grade held by him as such officer.”

Subsec. (e). Pub. L. 98–94, § 923(f), substituted “each full month of service that is in addition to the number of full years of service credited to an officer is counted as one-twelfth of a year and any remaining fractional part of a month is disregarded” for “a part of a year that is six months or more is counted as a whole year, and a part of a year that is less than six months is disregarded”.

1981—Subsec. (a)(1). Pub. L. 97–35 substituted “shall, if he applies for retirement, be retired on or after” for “shall be retired on”, and substituted provisions relating to involuntary retirement as a result of age, for provisions relating to inapplicability to the Surgeon General.

Pub. L. 97–25 inserted provision that this paragraph does not apply to Surgeon General.

stituted “Except as provided in paragraph (6), a” for “A”.

Subsec. (a)(5). Pub. L. 96–342, § 813(h)(2)(B), sub-
stituted “except as provided in paragraph (6), his” for “his”.

1979—Subsec. (e). Pub. L. 96–76 struck out require-
ments respecting active service for purposes of credit.

1960—Pub. L. 86–415 amended section generally, and among other changes, authorized retirement of com-
misioned officers who have had less than 30 years of active service any time after the completion of 20 years of active service, permitted persons who have served as

Deputy Surgeons General or Assistant Surgeons Gen-
eral for four or more years and who have had at least 25 years of active service to retire voluntarily at any time, provided for the recall to active duty of officers of the Reserve Corps entitled to retired pay under subsection (a) of this section during such times as the Corps constitutes a branch of the land or naval forces of the United States, authorized credit, for retirement purposes, of active service in the uniformed services and limited to five years the crediting of active service with the Public Health Service other than as a commissioned officer, and established the methods for com-
putation of retired pay for active duty officers retiring for age or length of service.

Subsec. (b)(1). Act Apr. 27, 1956, § 5(b), authorized crediting of noncommissioned service in the Service for purposes of retirement.

Subsec. (c). Act Apr. 27, 1956, § 5(c), permitted recall of retired officers of the Regular Corps without their consent whenever the Regular Corps has military status, and authorized recall of retired officers of the Regular or Reserve Corps with their consent at any time.

Subsec. (g). Act Aug. 10, 1956, provided for crediting of service for purposes of retirement or separation for physical disability under chapter 61 of title 10.

1949—Subsec. (a). Act Oct. 12, 1949, redesignated sub-
sec. (b) as (a), substituted “subsection (b)” for “sub-
section (c)” and repealed former subsec. (a) relating to retirement for disability or disease.

Subsec. (b). Act Oct. 12, 1949, redesignated subsec. (c) as (b) and struck out reference to retirement for dis-
ability or disease. Former subsec. (b) redesignated (a).

Subsec. (c). Act Oct. 12, 1949, redesignated subsec. (d) as (c) and struck out reference to recovery from a dis-
ability. Former subsec. (c) redesignated (b).

Subsecs. (d) to (f). Act Oct. 12, 1949, redesignated sub-
secs. (e) to (g) as (d) to (f), respectively. Former subsec. (d) redesignated (c).

Subsecs. (g), (h). Act Oct. 12, 1949, redesignated sub-
sec. (h) as (g) and amended subsection generally to re-
late to retirement or separation for physical disability. Former subsec. (g) redesignated (f).

Subsec. (c)(2). Act Feb. 28, 1948, made subdivision appli-
cable to grade of Assistant Surgeon General.

Subsec. (d). Act Feb. 28, 1948, substituted “under the provisions of subsection (b) of this section” for “for age”.

Subsecs. (g), (h). Act Feb. 28, 1948, added subsecs. (g) and (h).

(b) State health or mental health authorities

Upon the request of any State health authority or, in the case of work relating to mental health, any State mental health authority, personnel of the Service may be detailed by the Surgeon General for the purpose of assisting such State or a political subdivision thereof in work related to the functions of the Service.

(c) Congressional committees and nonprofit educational, research, or other institutions engaged in health activities for special studies and dissemination of information

The Surgeon General may detail personnel of the Service to any appropriate committee of the Congress or to nonprofit educational, research or other institutions engaged in health activities for special studies of scientific problems and for the dissemination of information relating to public health.

(d) Availability of funds; reimbursement by State; detailed services deemed service for computation of pay, promotion, etc.

Personnel detailed under subsections (b) and (c) of this section shall be paid from applicable appropriations of the Service, except that, in accordance with regulations such personnel may be placed on leave without pay and paid by the State, subdivision, or institution to which they are detailed. In the case of detail of personnel under subsections (b) or (c) of this section to be paid from applicable Service appropriations, the Secretary may condition such detail on an agreement by the State, subdivision, or institution concerned that such State, subdivision, or institution shall reimburse the United States for the amount of such payments made by the Service. The services of personnel while detailed pursuant to this section shall be considered as having been performed in the Service for purposes of the computation of basic pay, promotion, retirement, compensation for injury or death, and the benefits provided by section 213 of this title.

(e) Commissioned Corps officers; urgent or emergency public health care needs

Except with respect to the United States Coast Guard and the Department of Defense, and except as provided in agreements negotiated with officials at agencies where officers of the Commissioned Corps may be assigned, the Secretary shall have the sole authority to deploy any Commissioned Corps officer assigned under this section to an entity outside of the Department of Health and Human Services for service under the Secretary’s direction in response to an urgent or emergency public health care need (as defined in section 204(a)(5) of this title).

Codification

In subsec. (a), Air Force was inserted on the authority of section 207(a), (f) of act July 26, 1947, ch. 343, title II, 61 Stat. 502, which established a separate Department of the Air Force, and Secretary of Defense Transfer Order No. 40 (App. Act 74). July 22, 1949, which transferred certain functions, insofar as they pertain to the Air Force, which were not previously transferred to the Department of the Air Force and Secretary of the Air Force. Section 207(a), (f) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces”, which in sections 8010 to 8013 continued the Department of the Air Force under the administrative supervision of a Secretary of the Air Force.

Amendments

1979—Subsec. (c). Pub. L. 96-76, §309(a), inserted provisions authorizing detail of personnel to appropriate committees of Congress.

Subsec. (d). Pub. L. 96-76, §309(b), inserted provisions relating to agreements by States, etc., for reimbursement upon detail of personnel.

1949—Subsec. (d). Act Oct. 12, 1949, substituted “the computation of basic pay” for “longevity pay”.

1946—Subsec. (b). Act July 3, 1946, provided for detail of personnel on request from a State mental health authority.

Effective Date of 1949 Amendment

Amendment by act Oct. 12, 1949, effective Oct. 1, 1949, set out in section 533(a) of act Oct. 12, 1949, set out as a note under section 854a of Title 33, Navigation and Navigable Waters.

Transfer of Functions

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Plan No. 1 of 1963, set out as a note under section 3501 of this title. Federal Security Agency and office of Administrator abolished by section 8 of Reorg. Plan No. 1 of 1963. Secretary and Department of Health, Education, and Welfare redesignated Secretary and Department of Health and Human Services by section 509(b) of Pub. L. 96-88 which is classified to section 358(b) of Title 20, Education.

Transfers of Personnel Occasioned by Creation of the Environmental Protection Agency

“(1) Subject to such requirements as the Civil Service Commission may prescribe, any commissioned officer of the Public Health Service (other than an officer who...
retires under section 211 of the Public Health Service Act [section 212 of this title] after his election but prior to his transfer pursuant to this paragraph and paragraph 51 of title 5, United States Code, which, upon the day before the effective date of Reorganization Plan Numbered 3 of 1970 (hereinafter in this subsection referred to as the ‘plan’), is serving as such officer (A) primarily in the performance of functions transferred by such plan to the Environmental Protection Agency or its Administrator (hereinafter in this subsection referred to as the ‘Agency’ and the ‘Administrator’, respectively), may, if such officer so elects, acquire competitive status and be transferred to a competitive position in the Agency; or (B) primarily in the performance of functions determined by the Secretary of Health, Education, and Welfare (hereinafter in this subsection referred to as the ‘Secretary’) to be materially related to the functions so transferred, may, if authorized by agreement between the Secretary and the Administrator, and if such officer so elects, acquire such status and be so transferred.

“(2) An election pursuant to paragraph (1) shall be effective only if made in accordance with such procedures as may be prescribed by the Civil Service Commission (A) before the close of the 24th month after the effective date of the plan [Dec. 2, 1970], or (B) in the case of a commissioned officer who would be liable for training and service under the Military Selective Service Act of 1950, (section 202 of Title 50, App., War and National Defense) but for the operation of section 6(b)(3) thereof (50 U.S. App. 656(b)(3)), before (if it occurs later than the close of such 24th month) the close of the 90th day after the day on which he has completed his 24th month of service as such officer.

“(3)(A) Except as provided in subparagraph (B), any commissioned officer of the Public Health Service who, pursuant to paragraphs (1) and (2), elects to transfer to a position in the Agency which is subject to chapter 51 and subchapter III of chapter 53 of title 5, United States Code (hereinafter in this subsection referred to as the ‘transferring officer’), shall receive a pay rate of the General Schedule grade of such position which is not less than the sum of the following amounts computed as of the day preceding the date of such election:

"(i) the basic pay, the special pay, the continuation pay, and the subsistence and quarters allowances, to which he is annually entitled as a commissioned officer of the Public Health Service who, prior to transfer pursuant to paragraphs (1) and (2), elects to transfer to a position in the Agency which is subject to chapter 51 and subchapter III of chapter 53 of title 5, United States Code; and

"(ii) the amount of Federal income tax, as determined by estimate of the Secretary, which the transferring officer, had he remained a commissioned officer, would have been required to pay on his subsistence and quarters allowances for the taxable year then current if they had not been tax free;

"(iii) an amount equal to the biweekly average cost of the coverages designated ‘high option, self and family’ under the Government-wide Federal employee health benefits programs plans, multiplied by twenty-six; and

"(iv) an amount equal to 7 per centum of the sum of the amounts determined under clauses (i) through (iii), inclusive.

“(B) A transferring officer shall in no event receive, pursuant to subparagraph (A), a pay rate in excess of the maximum rate applicable under the General Schedule to the class of position, as established under chapter 51 of title 5, United States Code, to which such officer is transferred pursuant to paragraphs (1) and (2).

“(4)(A) A transferring officer shall be credited, on the date of his transfer pursuant to his election under paragraphs (1) and (2), with one hour of sick leave for each week of active service, as defined by section 211(d) of the Public Health Service Act [section 212(d) of this title].

“(B) The annual leave to the credit of a transferring officer on the day before the day of his transfer, shall, on such day of transfer, be transferred to his credit in the amount of the sum of each of the following:

"(i) the number of hours that have accrued to the credit of the transferring officer during the calendar year then current and which remain unused, shall thereafter remain in his credit until such time as his credit under this paragraph shall be reduced in the manner described by subsection (c) of section 8304 of title 5, United States Code.

"(5) A transferring officer who is required to change his official station as a result of his transfer under this subsection shall be paid such travel, transportation, and related expenses and allowances, as would be provided pursuant to subchapter II of chapter 57 of title 37, United States Code, in the case of a civilian employee so transferred in the interest of the Government. Such officer shall not (either at the time of such transfer or upon a subsequent separation of service) be deemed to have separated from, or changed permanent station within, a uniformed service for purposes of section 404 of title 37, United States Code.

“(6) Each transferring officer who prior to January 1, 1988, was insured pursuant to the Federal Employees’ Group Life Insurance Act of 1954, and who subsequently waived such insurance, shall be entitled to become insured under chapter 87 of title 5, United States Code, upon his transfer to the Agency regardless of age and insurability.

“(7)(A) Effective as of the date a transferring officer acquires competitive status as an employee of the Agency, there shall be considered as the civilian service of such officer for all purposes of chapter 83 of title 5, United States Code, (i) his active service as defined by section 211(d) of the Public Health Service Act [section 212(d) of this title], or (ii) any period for which he would have been entitled, upon his retirement as a commissioned officer of the Public Health Service, to receive retired pay pursuant to section 211(a)(4)(B) of such Act [section 212(a)(4)(B) of this title]; however, no transferring officer may become entitled to benefits under both subchapter III of such chapter and title II of the Social Security Act [section 401 et seq. of this title] based on service as such a commissioned officer performed after 1956, but the individual (or his survivors) may irrevocably elect to waive benefit credit for the service under one such law to secure credit under the other.

“(B) A transferring officer on whose behalf a deposit is required to be made by subparagraph (C) and who, after transfer to a competitive position in the Agency under paragraphs (1) and (2), is separated from Federal service or transfers to a position not covered by subchapter III of chapter 83 of title 5, United States Code, shall not be entitled, nor shall his survivors be entitled, to a refund of any amount on his behalf transferred to a position not covered by such subchapter III with respect to which a deposit is required under subparagraph (C), no credit shall be allowed under such subchapter III with respect to such service.

“(C) The Secretary shall deposit in the Treasury of the United States to the credit of the Civil Service Retirement and Disability Fund, on behalf of and to the credit of such transferring officer, an amount equal to that which such individual would be required to deposit in such fund to cover the years of service credited to him for purposes of his retirement under subparagraph (A), had such service been service as an employee as defined in section 8331(1) of title 5, United States Code. The amount so required to be deposited with respect to any transferring officer shall be computed on the basis of the sum of each of the amounts described in paragraph (3)(A) which were received by, or accrued to the benefit of, such officer during the years so credited. The deposits which the Secretary is required to make under this subparagraph with respect to any transferring officer shall be made within two years after the date of his transfer as provided in paragraphs (1) and (2), and the amounts due under this subparagraph shall include interest computed from the period of service so credited to the date of payment in accordance with section 833(e) of title 5, United States Code.
§ 216. Regulations

(a) Prescription by President: appointments, retirement, etc.

The President shall from time to time prescribe regulations with respect to the appointment, promotion, retirement, termination of commission, titles, pay, uniforms, allowances (including increased allowances for foreign service), and discipline of the commissioned corps of the Service.

(b) Proclamation by Surgeon General; administration of Service

The Surgeon General, with the approval of the Secretary, unless specifically otherwise provided, shall promulgate all other regulations necessary to the administration of the Service, including regulations with respect to uniforms for employees, and regulations with respect to the custody, use, and preservation of the records, papers, and property of the Service.

(c) Preference to school of medicine

No regulation relating to qualifications for appointment of medical officers or employees shall give preference to any school of medicine.

Subsec. (g)(1), (2). Pub. L. 95–628 substituted “section 254b” for “section 254d”.

1976—Subsec. (d). Pub. L. 94–571 inserted provision that the Council advise the Secretary regarding policies and priorities with respect to grants and contracts in the field of alcohol abuse and alcoholism.

1950—Act Aug. 15, 1950, §3(a), made subsection applicable to National Advisory Council on Alcohol Abuse and Alcoholism, and inserted alcohol abuse and alcoholism to enumeration of diseases concerning which members of such Council must be skilled, and prescribed manner in which terms of members of Council would expire.

1944—Subsecs. (d), (e), (g). Pub. L. 92–218, §6(a)(1)(A), (B), struck out reference to National Advisory Cancer Council before National Advisory Mental Health Council in two places and struck out “cancer,” before “psychiatric disorders”.

1970—Subsec. (a). Pub. L. 91–616, §401(a), made subsection applicable to National Advisory Council on Alcohol Abuse and Alcoholism, and inserted alcohol abuse and alcoholism to enumeration of diseases concerning which members of such Council must be skilled, and prescribed manner in which terms of members of Council would expire.

Subsec. (b). Pub. L. 91–616, §401(b), inserted reference to National Advisory Council on Alcohol Abuse and Alcoholism authorizing the Surgeon General to utilize the services of members of such Council for additional periods.

Pub. L. 91–515 inserted “or committees” after “councils”.

1950—Act Aug. 15, 1950, §3(d), amended section catchline to reflect addition of new advisory councils.

Subsec. (a). Act Aug. 15, 1950, §3(a), applied provisions to all of the advisory councils with regard to composition, qualifications, and appointment and tenure of members.

Subsec. (b). Act Aug. 15, 1950, §3(b), made subsection applicable to new advisory councils.

Subsec. (c). Act Aug. 15, 1950, §3(c), redesignated subsec. (e) as (c) and repealed former subsec. (c).

Subsecs. (d), (f), (g). Act Aug. 15, 1950, §3(c), repealed subsec. (d), (f), and (g).

1948—Acts June 16, 1948, §4(c), and June 24, 1948, §4(c), included in section catchline the National Advisory Heart and Dental Research Councils, respectively.

Subsec. (b). Acts June 16, 1948, §4(b), and June 24, 1948, §4(b), made subsection applicable to the National Advisory Heart Council and the National Advisory Dental Research Council, respectively.

Subsec. (f). Act June 16, 1948, §4(a), added subsec. (f) which established the National Advisory Heart Council.

Subsec. (g). Act June 24, 1948, §4(a), added subsec. (g) which established the National Advisory Dental Research Council.

Subsec. (b). Act July 3, 1946, inserted “or of the National Advisory Mental Health Council”.

Subsecs. (d), (e). Act July 3, 1946, added subsecs. (d) and (e).

**Effective Date of 1978 Amendment**

Section 362(b) of Pub. L. 95–622 provided that the amendment made by that section is effective Nov. 1, 1978.

**Effective Date of 1975 Amendment**

Amendment by Pub. L. 94–63 effective July 1, 1975, see section 608 of Pub. L. 94–63, set out as a note under section 247b of this title.

**Effective Date of 1974 Amendment**

**Effective Date of 1972 Amendment**

Section 9 of Pub. L. 92–423 provided that: “This Act and the amendments made by this Act [see Short Title of 1972 Amendment note under section 201 of this title] shall take effect sixty days after the date of enactment of this Act [Sept. 19, 1972] or on such prior date after the date of enactment of this Act as the President shall prescribe and publish in the Federal Register.”

**Effective Date of 1971 Amendment**

Section 7 of Pub. L. 92–218 provided that:

“(a) This Act and the amendments made by this Act [enacting sections 286a to 286g and 286l of this title, amending this section and sections 241, 262, 283, and 294 of this title, and enacting provisions set out as notes under sections 281 and 286 of this title] shall take effect sixty days after the date of enactment of this Act [Dec. 23, 1971] or on such prior date after the date of enactment of this Act as the President shall prescribe and publish in the Federal Register.

“(b) The first sentence of section 454 of the Public Health Service Act [section 286l of this title] (added by section 5 of this Act) shall apply only with respect to appointments made after the effective date of this Act (as prescribed by subsection (a)).

“(c) Notwithstanding the provisions of subsection (a), members of the National Cancer Advisory Board (authorized under section 410B of the Public Health Service Act, as added by this Act) [section 286f of this title] may be appointed, in the manner provided for in such section, at any time after the date of enactment of this Act [Dec. 23, 1971]. Such officers shall be compensated from the date they first take office, at the rates provided for in such section 410B [section 286f of this title].”

**Effective Date of 1950 Amendment**

Section 3(a), (c) of act Aug. 15, 1950, provided that the amendments and repeals made by that section are effective Oct. 1, 1950.

**Transfer of Functions**

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8853, 80 Stat. 1610, set out as a note under section 202 of this title. Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96–48 which is classified to section 358(b) of Title 20, Education.

For transfer of certain membership functions, insofar as they pertain to the Air Force, which functions were not previously transferred from Secretary of the Army to Secretary of the Air Force and from Department of the Army to Department of the Air Force, see Secretary of Defense Transfer Order No. 40 (App. C(7)), July 22, 1949.

**Reference to Community, Migrant, Public Housing, or Homeless Health Center Considered Reference to Health Center**

Reference to community health center, migrant health center, public housing health center, or homeless health center considered reference to health center, see section 4(e) of Pub. L. 94–63, set out as a note under section 245b of this title.

**Expiration of Terms of Office on September 30, 1950**

Section 3(c) of act Aug. 15, 1950, provided in part that terms of office as members of national advisory councils pursuant to this section subsisting on Sept. 30, 1950, shall expire at the close of business on such day.

**Termination of National Advisory Health Council**

Section 3(a)(1) of Pub. L. 99–158 provided that: “The National Advisory Health Council established under section 217 [this section] is terminated.”

**Termination of Advisory Committees**

Pub. L. 93–641, §6, Jan. 4, 1974, 88 Stat. 2275, set out as a note under section 274f of this title, provided that an advisory committee established pursuant to the Public Health Service Act shall terminate at such time as may be specifically prescribed by an Act of Congress enacted after Jan. 4, 1973.

§218a. Training of officers

(a) In general

Appropriations available for the pay and allowances of commissioned officers of the Service shall also be available for the pay and allowances of any such officer on active duty while attending any Federal or non-Federal educational institution or training program and, subject to regulations of the President and to the limitation prescribed in such appropriations, for payment of his tuition, fees, and other necessary expenses incident to such attendance.

(b) Voluntary separation within period subsequent to attendance

Any officer whose tuition, fees, and other necessary expenses are paid pursuant to subsection (a) of this section while attending an edu-
cational institution or training program for a period in excess of thirty days shall be obligated to pay to the Service an amount equal to two times the total amount of such tuition, fees, and other necessary expenses received by such officer during such period, and two times the total amount of any compensation received by, and any allowance paid to, such officer during such period, if after return to active service such officer voluntarily leaves the Service within (1) six months, or (2) twice the period of such attendance, whichever is greater. Such subsequent period of service shall commence upon the cessation of such attendance and of any further continuous period of training duty for which no tuition and fees are paid by the Service and which is part of the officer's prescribed formal training program, whether such further training is at a Service facility or otherwise. The Surgeon General may waive, in whole or in part, any payment which may be required by this subsection upon a determination that such payment would be inequitable or would not be in the public interest.

(c) Training in leave without pay status

A commissioned officer may be placed in leave without pay status while attending an educational institution or training program whenever the Secretary determines that such status is in the best interest of the Service. For purposes of computation of basic pay, promotion, retirement, compensation for injury or death, and the benefits provided by sections 213 and 233 of this title, an officer in such status pursuant to the preceding sentence shall be considered as performing service in the Service and shall have an active service obligation as set forth in subsection (b) of this section.

AMENDMENTS

1979—Subsec. (b). Pub. L. 96–76 substituted provisions relating to payment by an officer to the Service upon voluntary separation of two times the total amount of tuition, fees, and other necessary expenses received by such officer and two times the total amount of any compensation received by, and any allowance paid to, such officer, for provisions relating to reimbursement by the officer to the Service upon voluntary separation of tuition and fees and in last sentence substituted “payment” for “reimbursement” wherever appearing.

1966—Subsec. (a). Act Apr. 27, 1956, § 6(a), authorized training of all officers of the Service, and substituted “any Federal or non-Federal educational institution or training program” for “any educational institution”.

Subsec. (b). Act Apr. 27, 1956, § 6(b), required reimbursement of tuition and fees by officers who receive training in excess of 30 days and who voluntarily leave the Service within a period of time which is equal to twice the period of such training, with a minimum period of six months of service, and a maximum period of two years, and permitted the Surgeon General to waive any reimbursement.

TRANSFER OF FUNCTIONS

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. REFERENCES IN TEXT

This Act, referred to in text, is act July 3, 1946, ch. 538, 60 Stat. 421, as amended, known as the National Mental Health Act, which enacted sections 232 and 242a of this title, amended sections 201, 209, 210, 215, 218, 219, 241, 244, and 246 of this title, and enacted provisions set out as notes under section 201 of this title. For complete classification of this Act to the Code, see Short Title of 1946 Amendment note set out under section 201 of this title and Tables.

CODIFICATION

Section was enacted as a part of the National Mental Health Act, and not as a part of the Public Health Service Act which comprises this chapter.

TRANSFER OF FUNCTIONS

Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

Functions of Federal Works Agency and of all agencies thereof, together with functions of Federal Works Administrator transferred to Administrator of General Services by section 108(a) of act June 30, 1949. Both Federal Works Agency and office of Federal Works Administrator abolished by section 108(b) of that act. See Historical and Revision Notes under section 303(b) of Title 40, Public Buildings, Property, and Works. Section 303(b) of Title 40 was amended generally by Pub. L. 109–313, §2(a)(1), Oct. 6, 2006, 120 Stat. 1734, and, as so amended, no longer relates to the Federal Works Agency and Commissioner of Public Buildings. See 2006 Amendment note under section 303 of Title 40.

§ 233. Civil actions or proceedings against commissioned officers or employees

(a) Exclusiveness of remedy

The remedy against the United States provided by sections 1346(b) and 2672 of title 28, or by alternative benefits provided by the United States where the availability of such benefits precludes a remedy against the United States pursuant to section 1346(b) of title 28, for damage for personal injury, including death, resulting from the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigation, by any commissioned officer or employee of the Public Health Service while acting within the scope of his office or employment, shall be exclusive of any other civil action or proceeding by reason of the same subject-matter against the officer or employee (or his estate) whose act or omission gave rise to the claim.

(b) Attorney General to defend action or proceeding; delivery of process to designated official; furnishing of copies of pleading and process to United States attorney, Attorney General, and Secretary

The Attorney General shall defend any civil action or proceeding brought in any court against any person referred to in subsection (a) of this section (or his estate) for any such damage or injury. Any such person against whom such civil action or proceeding is brought shall deliver within such time after date of service or knowledge of service as determined by the Attorney General, all process served upon him or an attested true copy thereof to his immediate superior or to whomsoever was designated by the Secretary to receive such papers and such person shall promptly furnish copies of the pleading and process therein to the United States attorney for the district embracing the place wherein the proceeding is brought, to the Attorney General, and to the Secretary.
(c) Removal to United States district court; procedure; proceeding upon removal deemed a tort action against United States; hearing on motion to remand to determine availability of remedy against United States; remand to State court or dismissal

Upon a certification by the Attorney General that the defendant was acting in the scope of his employment at the time of the incident out of which the suit arose, any such civil action or proceeding commenced in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States of the district and division embracing the place wherein it is pending and the proceeding deemed a tort action brought against the United States under the provisions of title 28 and all references thereto. Should a United States district court determine on a hearing on a motion to remand held before a trial on the merit that the case so removed is one in which a remedy by suit within the meaning of subsection (a) of this section is not available against the United States, the case shall be remanded to the State Court: Provided, That where such a remedy is precluded because of the availability of a remedy through proceedings for compensation or other benefits from the United States as provided by any other law, the case shall be dismissed, but in the event the running of any limitation of time for commencing, or filing an application or claim in, such proceedings for compensation or other benefits shall be deemed to have been suspended during the pendency of the civil action or proceeding under this section.

(d) Compromise or settlement of claim by Attorney General

The Attorney General may compromise or settle any claim asserted in such civil action or proceeding in the manner provided in section 2677 of title 28 and with the same effect.

(e) Assault or battery

For purposes of this section, the provisions of section 2660(h) of title 28 shall not apply to assault or battery arising out of negligence in the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigations.

(f) Authority of Secretary or designee to hold harmless or provide liability insurance for assigned or detailed employees

The Secretary or his designee may, to the extent that he deems appropriate, hold harmless or provide liability insurance for any officer or employee of the Public Health Service for damage for personal injury, including death, negligently caused by such officer or employee while acting within the scope of his office or employment and as a result of the performance of medical, surgical, dental, or related functions, including the conduct of clinical studies or investigations, if such employee is assigned to a foreign country or detailed to a State or political subdivision thereof or to a non-profit institution, and if the circumstances are such as are likely to preclude the remedies of third persons against the United States described in section 2679(b) of title 28, for such damage or injury.

(g) Exclusivity of remedy against United States for entities deemed Public Health Service employees; coverage for services furnished to individuals other than center patients; application process; subrogation of medical malpractice claims; applicable period; entity and contractor defined

(1)(A) For purposes of this section and subject to the approval by the Secretary of an application under subparagraph (D), an entity described in paragraph (4), and any officer, governing board member, employee, or contractor of such an entity who is a physician or other licensed or certified health care practitioner (subject to paragraph (5)), shall be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under subsection (k)(3) of this section (subject to paragraph (3)). The remedy against the United States for an entity described in paragraph (4) and any officer, governing board member, employee, or contractor (subject to paragraph (5)) of such an entity who is deemed to be an employee of the Public Health Service pursuant to this paragraph shall be exclusive of any other civil action or proceeding to the same extent as the remedy against the United States is exclusive pursuant to subsection (a) of this section.

(B) The deeming of any entity or officer, governing board member, employee, or contractor of the entity to be an employee of the Public Health Service for purposes of this section shall apply with respect to services provided—

(i) to all patients of the entity, and

(ii) subject to subparagraph (G), to individuals who are not patients of the entity.

(C) Subparagraph (B)(ii) applies to services provided to individuals who are not patients of an entity if the Secretary determines, after reviewing an application submitted under subparagraph (D), that the provision of the services to such individuals—

(i) benefits patients of the entity and general populations that could be served by the entity through community-wide intervention efforts within the communities served by such entity;

(ii) facilitates the provision of services to patients of the entity; or

(iii) are otherwise required under an employment contract (or similar arrangement) between the entity and an officer, governing board member, employee, or contractor of the entity.

(D) The Secretary may not under subparagraph (A) deem an entity or an officer, governing board member, employee, or contractor of the entity to be an employee of the Public Health Service for purposes of this section, and may not apply such deeming to services described in subparagraph (B)(ii), unless the entity has submitted an application for such deeming to the Secretary in such form and such manner as the Secretary shall prescribe. The application shall contain detailed information, along with supporting documentation, to verify that the entity, and the officer, governing board member, employee, or contractor of the entity, as the
§ 233

The Secretary shall make a determination as to whether an entity or an officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section within 30 days after the receipt of an application under subparagraph (D). The determination of the Secretary that an entity or an officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section shall apply for the period specified by the Secretary under subparagraph (A).

Once the Secretary makes a determination that an entity or an officer, governing board member, employee, or contractor of an entity is deemed to be an employee of the Public Health Service for purposes of this section, the determination shall be final and binding upon the Secretary and the Attorney General and other parties to any civil action or proceeding. Except as provided in subsection (i) of this section, the Secretary and the Attorney General may not determine that the provision of services which are the subject of such a determination are not covered under this section.

In the case of an entity described in paragraph (4) that has not submitted an application under subparagraph (D):

(i) The Secretary may not consider the entity in making estimates under subsection (k)(1) of this section.

(ii) This section does not affect any authority of the entity to purchase medical malpractice liability insurance coverage with Federal funds provided to the entity under section 254b, 254b, or 256a of this title.

In the case of an entity described in paragraph (4) in effect, the entity may, through notifying the Secretary in writing, elect to terminate the applicability of this subsection to the entity. With respect to such election by the entity:

(i) The election is effective upon the expiration of the 30-day period beginning on the date on which the entity submits such notification.

(ii) Upon taking effect, the election terminates the applicability of this subsection to the entity and each officer, governing board member, employee, and contractor of the entity.

(iii) Upon the effective date for the election, clauses (i) and (ii) of subparagraph (G) apply to the entity to the same extent and in the same manner as such clauses apply to an entity that has not submitted an application under subparagraph (D).

(iv) If after making the election the entity submits an application under subparagraph (D), the election does not preclude the Secretary from approving the application and thereby restoring the applicability of this subsection to the entity and each officer, governing board member, employee, and contractor of the entity, subject to the provisions of this subsection and the subsequent provisions of this section.

If, with respect to an entity or person deemed to be an employee for purposes of paragraph (1), a cause of action is instituted against the United States pursuant to this section, any claim of the entity or person for benefits under an insurance policy with respect to medical malpractice relating to such cause of action shall be subrogated to the United States.

This subsection shall apply with respect to a cause of action arising from an act or omission which occurs on or after January 1, 1981.

An entity described in this paragraph is a public or non-profit private entity receiving Federal funds under section 254b of this title.

For purposes of paragraph (1), an individual may be considered a contractor of an entity described in paragraph (4) only if:

(A) the individual normally performs on average at least 32½ hours of service per week for the entity for the period of the contract; or

(B) in the case of an individual who normally performs an average of less than 32½ hours of services per week for the entity for the period of the contract, the individual is a licensed or certified provider of services in the fields of family practice, general internal medicine, general pediatrics, or obstetrics and gynecology.

(h) Qualifications for designation as Public Health Service employee

The Secretary may not approve an application under subsection (g)(1)(D) of this section unless the Secretary determines that the entity—

(1) has implemented appropriate policies and procedures to reduce the risk of malpractice and the risk of lawsuits arising out of any health or health-related functions performed by the entity;

(2) has reviewed and verified the professional credentials, references, claims history, fitness, professional review organization findings, and license status of its physicians and other licensed or certified health care practitioners, and, where necessary, has obtained the permission from these individuals to gain access to this information;

(3) has no history of claims having been filed against the United States as a result of the application of this section to the entity or its officers, employees, or contractors; and, if such a history exists, has cooperated with the Attorney General in defending against any such claims and either has taken, or will take, any necessary corrective steps to assure against such claims in the future; and

(4) will fully cooperate with the Attorney General in providing information relating to an estimate described under subsection (k) of this section.

(i) Authority of Attorney General to exclude health care professionals from coverage

Notwithstanding subsection (g)(1) of this section, the Attorney General, in consultation with the Secretary, may on the record deter-

mine, after notice and opportunity for a full and fair hearing, that an individual physician or other licensed or certified health care practitioner who is an officer, employee, or contractor of an entity described in subsection (g)(4) of this section shall not be deemed to be an employee of the Public Health Service for purposes of this section, if treating such individual as such an employee would expose the Government to an unreasonably high degree of risk of loss because such individual—

(A) fails to comply with the policies and procedures that the entity has implemented pursuant to subsection (h)(1) of this section;

(B) has a history of claims filed against him or her as provided for under this section that is outside the norm for licensed or certified health care practitioners within the same specialty;

(C) refused to reasonably cooperate with the Attorney General in defending against any such claim;

(D) provided false information relevant to the individual’s performance of his or her duties to the Secretary, the Attorney General, or an applicant for or recipient of funds under this chapter; or

(E) was the subject of disciplinary action taken by a State medical licensing authority or a State or national professional society.

(2) A final determination by the Attorney General under this subsection that an individual physician or other licensed or certified health care professional shall not be deemed to be an employee of the Public Health Service shall be effective upon receipt by the entity employing such individual of notice of such determination, and shall apply only to acts or omissions occurring after the date such notice is received.

(j) Remedy for denial of hospital admitting privileges to certain health care providers

In the case of a health care provider who is an officer, employee, or contractor of an entity described in subsection (g)(4) of this section, section 234h(e) of this title shall apply with respect to the provider to the same extent and in the same manner as such section applies to any member of the National Health Service Corps.

(k) Estimate of annual claims by Attorney General; criteria; establishment of fund; transfer of funds to Treasury accounts

(1)(A) For each fiscal year, the Attorney General, in consultation with the Secretary, shall estimate by the beginning of the year the amount of all claims which are expected to arise under this section (together with related fees and expenses of witnesses) for which payment is expected to be made in accordance with section 1346 and chapter 171 of title 28 from the acts or omissions, during the calendar year that begins during that fiscal year, of entities described in subsection (g)(4) of this section and of officers, employees, or contractors (subject to subsection (g)(5) of this section) of such entities.

(B) The estimate under subparagraph (A) shall take into account—

(i) the value and frequency of all claims for damage for personal injury, including death, resulting from the performance of medical, surgical, dental, or related functions by entities described in subsection (g)(4) of this section or by officers, employees, or contractors (subject to subsection (g)(5) of this section) of such entities who are deemed to be employees of the Public Health Service under subsection (g)(1) of this section that, during the preceding 5-year period, are filed under this section or, with respect to years occurring before this subsection takes effect, are filed against persons other than the United States.

(ii) the amounts paid during that 5-year period on all claims described in clause (i), regardless of when such claims were filed, adjusted to reflect payments which would not be permitted under section 1346 and chapter 171 of title 28, and

(iii) amounts in the fund established under paragraph (2) but unspent from prior fiscal years.

(2) Subject to appropriations, for each fiscal year, the Secretary shall establish a fund of an amount equal to the amount estimated under paragraph (1) that is attributable to entities receiving funds under each of the grant programs described in paragraph (4) of subsection (g) of this section, but not to exceed a total of $10,000,000 for each such fiscal year. Appropriations for purposes of this paragraph shall be made separate from appropriations made for purposes of sections 254b, 254b and 256a of this title.

(3) In order for payments to be made for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of entities described in subsection (g)(4) of this section and of officers, governing board member,3 employees, or contractors (subject to subsection (g)(5) of this section) of such entities, the total amount contained within the fund established by the Secretary under paragraph (2) for a fiscal year shall be transferred not later than the December 31 that occurs during the fiscal year to the appropriate accounts in the Treasury.

(l) Timely response to filing of action or proceeding

(1) If a civil action or proceeding is filed in a State court against any entity described in subsection (g)(4) of this section or any officer, governing board member, employee, or any contractor of such an entity for damages described in subsection (a) of this section, the Attorney General, within 15 days after being notified of such filing, shall make an appearance in such court and advise such court as to whether the Secretary has determined under subsections (g) and (h) of this section, that such entity, officer, governing board member, employee, or contractor of the entity is deemed to be an employee of the Public Health Service for purposes of this section with respect to the actions or omissions that are the subject of such civil action or proceeding. Such advice shall be deemed to satisfy the provisions of subsection (c) of this section that the Attorney General certify that an entity, officer, governing board member, em-

employee, or contractor of the entity was acting within the scope of their employment or responsibility.

(2) If the Attorney General fails to appear in State court within the time period prescribed under paragraph (1), upon petition of any entity or officer, governing board member, employee, or contractor of the entity named, the civil action or proceeding shall be removed to the appropriate United States district court. The civil action or proceeding shall be stayed in such court until such court conducts a hearing, and makes a determination, as to the appropriate forum or procedure for the assertion of the claim for damages described in subsection (a) of this section and issues an order consistent with such determination.

(m) Application of coverage to managed care plans

(1) An entity or officer, governing board member, employee, or contractor of an entity described in subsection (g)(1) of this section shall, for purposes of this section, be deemed to be an employee of the Public Health Service with respect to services provided to individuals who are enrollees of a managed care plan if the entity contracts with such managed care plan for the provision of services.

(2) Each managed care plan which enters into a contract with an entity described in subsection (g)(1) of this section shall deem the entity and any officer, governing board member, employee, or contractor of the entity as meeting whatever malpractice coverage requirements such plan may require of contracting providers for a calendar year if such entity or officer, governing board member, employee, or contractor of the entity has been deemed to be an employee of the Public Health Service for purposes of this section for such calendar year. Any plan which is found by the Secretary on the record, after notice and an opportunity for a full and fair hearing, to have violated this subsection shall, for a period to be determined by the Secretary, to receive and to be eligible to receive any Federal funds under titles XVIII or XIX of the Social Security Act [42 U.S.C. 1395 et seq., 1396 et seq.].

(3) For purposes of this subsection, the term "managed care plan" shall mean health maintenance organizations and similar entities that contract at-risk with payors for the provision of health services or plan enrollees and which contract with providers (such as entities described in subsection (g)(4) of this section) for the delivery of such services to plan enrollees.

(n) Report on risk exposure of covered entities

(1) Not later than one year after December 26, 1995, the Comptroller General of the United States shall submit to the Congress a report on the following:

(A) The medical malpractice liability claims experience of entities that have been deemed to be employees for purposes of this section.

(B) The risk exposure of such entities.

(C) The value of private sector risk-management services, and the value of risk-management services and procedures required as a condition of receiving a grant under section 254b, 254b, or 256a of this title.4

(D) A comparison of the costs and the benefits to taxpayers of maintaining medical malpractice liability coverage for such entities pursuant to this section, taking into account—

(i) an analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of such entities.

(2) The report under paragraph (1) shall include the following:

(A) A comparison of—

(i) claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by the Federal Government pursuant to deeming entities as employees for purposes of this section; and

(ii) an estimate of the medical malpractice liability insurance coverage if this section were not in effect; with

(B) A comparison of—

(i) claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by private medical malpractice liability insurance.

(C) An estimate of the medical malpractice liability loss history of such entities for the 10-year period preceding October 1, 1996, including but not limited to the following:

(i) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by the Federal Government pursuant to deeming entities as employees for purposes of this section.

(ii) Claims that have been paid and that are estimated to be paid, and legal expenses to handle such claims that have been paid and that are estimated to be paid, by private medical malpractice liability insurance.

(D) An analysis of whether the cost of premiums for private medical malpractice liability insurance coverage is consistent with the liability claims experience of entities that

have been deemed as employees for purposes of this section.

(3) In preparing the report under paragraph (1), the Comptroller General of the United States shall consult with public and private entities with expertise on the matters with which the report is concerned.

(o) Volunteer services provided by health professionals at free clinics

(1) For purposes of this section, a free clinic health professional shall in providing a qualifying health service to an individual be deemed to be an employee of the Public Health Service for a calendar year that begins during a fiscal year for which a transfer was made under paragraph (6)(D). The preceding sentence is subject to the provisions of this subsection.

(2) In providing a health service to an individual, a health care practitioner shall for purposes of this subsection be considered to be a free clinic health professional if the following conditions are met:

(A) The service is provided to the individual at a free clinic, or through offsite programs or events carried out by the free clinic.

(B) The free clinic is sponsoring the health care practitioner pursuant to paragraph (5)(C).

(C) The service is a qualifying health service (as defined in paragraph (4)).

(D) Neither the health care practitioner nor the free clinic receives any compensation for the service from the individual or from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program). With respect to compliance with such condition:

(i) The health care practitioner may receive repayment from the free clinic for reasonable expenses incurred by the health care practitioner in the provision of the service to the individual.

(ii) The free clinic may accept voluntary donations for the provision of the service by the health care practitioner to the individual.

(E) Before the service is provided, the health care practitioner or the free clinic provides written notice to the individual of the extent to which the legal liability of the health care practitioner is limited pursuant to this subsection (or in the case of an emergency, the written notice is provided to the individual as soon after the emergency as is practicable). If the individual is a minor or is otherwise legally incompetent, the condition under this subparagraph is that the written notice be provided to a legal guardian or other person with legal responsibility for the care of the individual.

(F) At the time the service is provided, the health care practitioner is licensed or certified in accordance with applicable law regarding the provision of the service.

(3)(A) For purposes of this subsection, the term "free clinic" means a health care facility operated by a nonprofit private entity meeting the following requirements:

(i) The entity does not, in providing health services through the facility, accept reimbursement from any third-party payor (including reimbursement under any insurance policy or health plan, or under any Federal or State health benefits program).

(ii) The entity, in providing health services through the facility, either does not impose charges on the individuals to whom the services are provided, or imposes a charge according to the ability of the individual involved to pay the charge.

(iii) The entity is licensed or certified in accordance with applicable law regarding the provision of health services.

(B) With respect to compliance with the conditions under subparagraph (A), the entity involved may accept voluntary donations for the provision of services.

(4) For purposes of this subsection, the term "qualifying health service" means any medical assistance required or authorized to be provided in the program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.], without regard to whether the medical assistance is included in the plan submitted under such program by the State in which the health care practitioner involved provides the medical assistance. References in the preceding sentence to such program shall as applicable be considered to be references to any successor to such program.

(5) Subsection (g) of this section (other than paragraphs (3) through (5) and subsections (h), (i), and (j) of this section apply to a health care practitioner for purposes of this subsection to the same extent and in the same manner as such subsections apply to an officer, governing board member, employee, or contractor of an entity described in subsection (g)(4) of this section, subject to paragraph (6) and subject to the following:

(A) The first sentence of paragraph (1) applies in lieu of the first sentence of subsection (g)(1)(A) of this section.

(B) This subsection may not be construed as deeming any free clinic to be an employee of the Public Health Service for purposes of this section.

(C) With respect to a free clinic, a health care practitioner is not a free clinic health professional unless the free clinic sponsors the health care practitioner. For purposes of this subsection, the free clinic shall be considered to be sponsoring the health care practitioner if—

(i) with respect to the health care practitioner, the free clinic submits to the Secretary an application meeting the requirements of subsection (g)(1)(D) of this section; and

(ii) the Secretary, pursuant to subsection (g)(1)(E) of this section, determines that the health care practitioner is deemed to be an employee of the Public Health Service.

(D) In the case of a health care practitioner who is determined by the Secretary pursuant to subsection (g)(1)(E) of this section to be a free clinic health professional, this subsection applies to the health care practitioner (with respect to the free clinic sponsoring the health care practitioner pursuant to subparagraph
§ 233 TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 86

(C) for any cause of action arising from an act or omission of the health care practitioner occurring on or after the date on which the Secretary makes such determination.

(E) Subsection (g)(4)(F) of this section applies to a health care practitioner for purposes of this subsection only to the extent that, in providing health services to an individual, each of the conditions specified in paragraph (2) is met.

(6)(A) For purposes of making payments for judgments against the United States (together with related fees and expenses of witnesses) pursuant to this section arising from the acts or omissions of free clinic health professionals, there is authorized to be appropriated $10,000,000 for each fiscal year.

(B) The Secretary shall establish a fund for purposes of this subsection. Each fiscal year amounts appropriated under subparagraph (A) shall be deposited in such fund.

(C) Not later than May 1 of each fiscal year, the Attorney General, in consultation with the Secretary, shall submit to the Congress a report providing an estimate of the amount of claims (together with related fees and expenses of witnesses) that, by reason of the acts or omissions of free clinic health professionals, will be paid pursuant to this section during the calendar year that begins in the following fiscal year. Subsection (k)(1)(B) of this section applies to the estimate under paragraph (6)(A) for purposes of administration to individuals during the effective period of the declaration.

(D) Not later than December 31 of each fiscal year, the Secretary shall transfer from the fund under subparagraph (B) to the appropriate accounts in the Treasury an amount equal to the estimate made under subparagraph (C) for the calendar year beginning in such fiscal year, subject to the extent of amounts in the fund.

(7)(A) This subsection takes effect on the date of the enactment of the first appropriations Act that makes an appropriation under paragraph (6)(A), except as provided in subparagraph (B)(i).

(B)(i) Effective on August 21, 1996—

(I) the Secretary may issue regulations for carrying out this subsection, and the Secretary may accept and consider applications submitted pursuant to paragraph (5)(C); and

(II) reports under paragraph (6)(C) may be submitted to the Congress.

(ii) For the first fiscal year for which an appropriation is made under subparagraph (A) of paragraph (6), if an estimate under subparagraph (C) of such paragraph has not been made for the calendar year beginning in such fiscal year, the transfer under subparagraph (D) of such paragraph shall be made notwithstanding the lack of the estimate, and the transfer shall be made in an amount equal to the amount of such appropriation.

(p) Administration of smallpox countermeasures by health professionals

(1) In general

For purposes of this section, and subject to other provisions of this subsection, a covered person shall be deemed to be an employee of the Public Health Service with respect to liability arising out of administration of a covered countermeasure against smallpox to an individual during the effective period of a declaration by the Secretary under paragraph (2)(A).

(2) Declaration by Secretary concerning countermeasure against smallpox

(A) Authority to issue declaration

(i) In general

The Secretary may issue a declaration, pursuant to this paragraph, concluding that an actual or potential bioterrorist incident or other actual or potential public health emergency makes advisable the administration of a covered countermeasure to a category or categories of individuals.

(ii) Covered countermeasure

The Secretary shall specify in such declaration the substance or substances that shall be considered covered countermeasures (as defined in paragraph (7)(A)) for purposes of administration to individuals during the effective period of the declaration.

(iii) Effective period

The Secretary shall specify in such declaration the beginning and ending dates of the effective period of the declaration, and may subsequently amend such declaration to shorten or extend such effective period, provided that the new closing date is after the date when the declaration is amended.

(iv) Publication

The Secretary shall promptly publish each such declaration and amendment in the Federal Register.

(B) Liability of United States only for administrations within scope of declaration

Except as provided in paragraph (5)(B)(ii), the United States shall be liable under this subsection with respect to a claim arising out of the administration of a covered countermeasure to an individual only if—

(i) the countermeasure was administered by a qualified person, for a purpose stated in paragraph (7)(A)(i), and during the effective period of a declaration by the Secretary under subparagraph (A) with respect to such countermeasure; and

(ii) the individual was within a category of individuals covered by the declaration;

or

(i) the qualified person administering the countermeasure had reasonable grounds to believe that such individual was within such category.

(C) Presumption of administration within scope of declaration in case of accidental vaccinia inoculation

(i) In general

If vaccinia vaccine is a covered countermeasure specified in a declaration under subparagraph (A), and an individual to whom the vaccinia vaccine is not adminis-
tered contracts vaccinia, then, under the circumstances specified in clause (ii), the individual—

(I) shall be rebuttably presumed to have contracted vaccinia from an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B); and

(II) shall (unless such presumption is rebutted) be deemed for purposes of this subsection to be an individual to whom a covered countermeasure was administered by a qualified person in accordance with the terms of such declaration and as described by subparagraph (B).

(ii) Circumstances in which presumption applies

The presumption and deeming stated in clause (i) shall apply if—

(I) the individual contracts vaccinia during the effective period of a declaration under subparagraph (A) or by the date 30 days after the close of such period;

(II) the individual has resided with, or has had contact with, an individual to whom such vaccine was administered as provided by clauses (i) and (ii) of subparagraph (B) and contracts vaccinia after such date.

(D) Acts and omissions deemed to be within scope of employment

(i) In general

In the case of a claim arising out of alleged transmission of vaccinia from an individual described in clause (ii), acts or omissions by such individual shall be deemed to have been taken within the scope of such individual’s office or employment for purposes of—

(I) subsection (a) of this section; and

(II) section 1346(b) and chapter 171 of title 28.

(ii) Individuals to whom deeming applies

An individual is described by this clause if—

(I) vaccinia vaccine was administered to such individual as provided by subparagraph (B); and

(II) such individual was within a category of individuals covered by a declaration under subparagraph (A)(I).

(3) Exhaustion; exclusivity; offset

(A) Exhaustion

(i) In general

A person may not bring a claim under this subsection unless such person has exhausted such remedies as are available under part C of this subchapter, except that if the Secretary fails to make a final determination on a request for benefits or compensation filed in accordance with the requirements of such part within 240 days after such request was filed, the individual may seek any remedy that may be available under this section.

(ii) Tolling of statute of limitations

The time limit for filing a claim under this subsection, or for filing an action based on such claim, shall be tolled during the pendency of a request for benefits or compensation under part C of this subchapter.

(iii) Construction

This subsection shall not be construed as superseding or otherwise affecting the application of a requirement, under chapter 171 of title 28, to exhaust administrative remedies.

(B) Exclusivity

The remedy provided by subsection (a) of this section shall be exclusive of any other civil action or proceeding for any claim or suit this subsection encompasses, except for a proceeding under part C of this subchapter.

(C) Offset

The value of all compensation and benefits provided under part C of this subchapter for an incident or series of incidents shall be offset against the amount of an award, compromise, or settlement of money damages in a claim or suit under this subsection based on the same incident or series of incidents.

(4) Certification of action by Attorney General

Subsection (c) of this section applies to actions under this subsection, subject to the following provisions:

(A) Nature of certification

The certification by the Attorney General that is the basis for deeming an action or proceeding to be against the United States, and for removing an action or proceeding from a State court, is a certification that the action or proceeding is against a covered person and is based upon a claim alleging personal injury or death arising out of the administration of a covered countermeasure.

(B) Certification of Attorney General conclusive

The certification of the Attorney General of the facts specified in subparagraph (A) shall conclusively establish such facts for purposes of jurisdiction pursuant to this subsection.

(5) Covered person to cooperate with United States

(A) In general

A covered person shall cooperate with the United States in the processing and defense of a claim or action under this subsection based on alleged acts or omissions of such person.

(B) Consequences of failure to cooperate

Upon the motion of the United States or any other party and upon finding that such person has failed to so cooperate—

(i) the court shall substitute such person as the party defendant in place of the United States and, upon motion, shall remand any such suit to the court in which it was instituted if it appears that the court lacks subject matter jurisdiction;

(ii) the United States shall not be liable based on the acts or omissions of such person; and
(iii) the Attorney General shall not be obligated to defend such action.

(6) Recourse against covered person in case of gross misconduct or contract violation

(A) In general

Should payment be made by the United States to any claimant bringing a claim under this subsection, either by way of administrative determination, settlement, or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover for that portion of the damages so awarded or paid, as well as interest and any costs of litigation, resulting from the failure of any covered person to carry out any obligation or responsibility assumed by such person under a contract with the United States or from any grossly negligent, reckless, or illegal conduct or willful misconduct on the part of such person.

(B) Venue

The United States may maintain an action under this paragraph against such person in the district court of the United States in any State to any claimant bringing a claim under this paragraph against such person in

(7) Definitions

As used in this subsection, terms have the following meanings:

(A) Covered countermeasure

The term “covered countermeasure” or “covered countermeasure against smallpox”, means a substance that is—

(i) used to prevent or treat smallpox (including the vaccinia or another vaccine); or

(ii) used to control or treat the adverse effects of vaccinia inoculation or of administration of another covered countermeasure; and

(iii) specified in a declaration under paragraph (2).

(B) Covered person

The term “covered person”, when used with respect to the administration of a covered countermeasure, means a person who is—

(i) a manufacturer or distributor of such countermeasure;

(ii) a health care entity under whose auspices—

(I) such countermeasure was administered;

(II) a determination was made as to whether, or under what circumstances, an individual should receive a covered countermeasure;

(III) the immediate site of administration on the body of a covered countermeasure was monitored, managed, or cared for; or

(IV) an evaluation was made of whether the administration of a countermeasure was effective;

(iii) a qualified person who administered such countermeasure;

(iv) a State, a political subdivision of a State, or an agency or official of a State or of such a political subdivision, if such State, subdivision, agency, or official has established requirements, provided policy guidance, supplied technical or scientific advice or assistance, or otherwise supervised or administered a program with respect to administration of such countermeasures;

(v) in the case of a claim arising out of alleged transmission of vaccinia from an individual—

(I) the individual who allegedly transmitted the vaccinia, if vaccinia vaccine was administered to such individual as provided by paragraph (2)(B) and such individual was within a category of individuals covered by a declaration under paragraph (2)(A)(i); or

(II) an entity that employs an individual described by clause (I) where such individual has privileges or is otherwise authorized to provide health care;

(vi) an official, agent, or employee of a person described in clause (i), (ii), (iii), or (iv);

(vii) a contractor of, or a volunteer working for, a person described in clause (i), (ii), or (iv), if the contractor or volunteer performs a function for which a person described in clause (i), (ii), or (iv) is a covered person;

(viii) an individual who has privileges or is otherwise authorized to provide health care under the auspices of an entity described in clause (i) or (vi). II.

(C) Qualified person

The term “qualified person”, when used with respect to the administration of a covered countermeasure, means a licensed health professional or other individual who—

(i) is authorized to administer such countermeasure under the law of the State in which the countermeasure was administered; or

(ii) is otherwise authorized by the Secretary to administer such countermeasure.

(D) Arising out of administration of a covered countermeasure

The term “arising out of administration of a covered countermeasure”, when used with respect to a claim or liability, includes a claim or liability arising out of—

(i) determining whether, or under what conditions, an individual should receive a covered countermeasure;

(ii) obtaining informed consent of an individual to the administration of a covered countermeasure;

(iii) monitoring, management, or care of an immediate site of administration on the body of a covered countermeasure, or evaluation of whether the administration of the countermeasure has been effective; or

§ 235. Administration of grants in multigrant projects; promulgation of regulations

For the purpose of facilitating the administration of, and expediting the carrying out of the purposes of, the programs established by subchapters V, VI, and VII of this chapter, and sections 242b, 246(a), 246(b), 246(c), 246(d), and 246(e) of this title in situations in which grants are sought or made under two or more of such programs with respect to a single project, the Secretary is authorized to promulgate regulations—

(1) under which the administrative functions under such programs with respect to such project will be performed by a single administrative unit which is the administrative unit charged with the administration of any of such programs or is the administrative unit charged with the supervision of two or more of such programs;

(2) designed to reduce the number of applications, reports, and other materials required under such programs to be submitted with respect to such project, and otherwise to simplify, consolidate, and make uniform (to the extent feasible), the data and information required to be contained in such applications, reports, and other materials; and

(3) under which inconsistent or duplicative requirements imposed by such programs will be revised and made uniform with respect to such project;

except that nothing in this section shall be construed to authorize the Secretary to waive or
sustain, with respect to any such project, any requirement with respect to any of such programs if such requirement is imposed by law or by any regulation required by law.

Amendments

1971—Pub. L. 92–157 provided for administration of programs established under subchapters V and VI of this chapter.

§ 236. Orphan Products Board

(a) Establishment; composition; chairman

There is established in the Department of Health and Human Services a board for the development of drugs (including biologics) and devices (including diagnostic products) for rare diseases or conditions to be known as the Orphan Products Board. The Board shall be comprised of the Assistant Secretary for Health of the Department of Health and Human Services and representatives, selected by the Secretary, of the Food and Drug Administration, the National Institutes of Health, the Centers for Disease Control and Prevention, and any other Federal department or agency which the Secretary determines has activities relating to drugs and devices for rare diseases or conditions. The Assistant Secretary for Health shall chair the Board.

(b) Function

The function of the Board shall be to promote the development of drugs and devices for rare diseases or conditions and the coordination among Federal, other public, and private agencies in carrying out their respective functions relating to the development of such articles for such diseases or conditions.

(c) Duties with respect to drugs for rare diseases or conditions

In the case of drugs for rare diseases or conditions the Board shall—

(1) evaluate—

(A) the effect of subchapter B of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360aa et seq.] on the development of such drugs, and

(B) the implementation of such subchapter; 1

(2) evaluate the activities of the National Institutes of Health for the development of drugs for such diseases or conditions,

(3) assure appropriate coordination among the Food and Drug Administration, the National Institutes of Health and the Centers for Disease Control and Prevention in the carrying out of their respective functions relating to the development of drugs for such diseases or conditions to assure that the activities of each agency are complementary,

(4) assure appropriate coordination among all interested Federal agencies, manufacturers, and organizations representing patients, in their activities relating to such drugs,

(5) with the consent of the sponsor of a drug for a rare disease or condition exempt under section 505(i) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(i)] or regulations issued under such section, inform physicians and the public respecting the availability of such drug for such disease or condition and inform physicians and the public respecting the availability of drugs approved under section 505(c) of such Act [21 U.S.C. 355(c)] or licensed under section 262 of this title for rare diseases or conditions,

(6) seek business entities and others to undertake the sponsorship of drugs for rare diseases or conditions, seek investigators to facilitate the development of such drugs, and seek business entities to participate in the distribution of such drugs, and

(7) recognize the efforts of public and private entities and individuals in seeking the development of drugs for rare diseases or conditions and in developing such drugs.

(d) Consultation

The Board shall consult with interested persons respecting the activities of the Board under this section and as part of such consultation shall provide the opportunity for the submission of oral views.

(e) Annual report; contents

The Board shall submit to the Committee on Labor and Human Resources of the Senate and the Committee on Energy and Commerce of the House of Representatives an annual report—

(1) identifying the drugs which have been designated under section 520 of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bb] for a rare disease or condition,

(2) describing the activities of the Board, and

(3) containing the results of the evaluations carried out by the Board.

The Director of the National Institutes of Health shall submit to the Board for inclusion in the annual report a report on the rare disease and condition research activities of the Institutes of the National Institutes of Health; the Secretary of the Treasury shall submit to the Board for inclusion in the annual report a report on the use of the credit against tax provided by section 44H 2 of title 26; and the Secretary of

NATIONAL COMMISSION ON ORPHAN DISEASES

The Commission shall review—

"(1) basic research conducted on rare diseases;

"(2) the use in research on rare diseases of knowledge developed in other research;

"(3) applied and clinical research on the prevention, diagnosis, and treatment of rare diseases; and

"(4) the dissemination to the public, health care professionals, researchers, and drug and medical device manufacturers of knowledge developed in research on rare diseases and other diseases which can be used in the prevention, diagnosis, and treatment of rare diseases.

"(c) REVIEW REQUIREMENTS.—In assessing the activities of the National Institutes of Health, and the Food and Drug Administration in connection with research on rare diseases, the Commission shall review—

"(1) the appropriateness of the priorities currently placed on research on rare diseases;

"(2) the relative effectiveness of grants and contracts when used to fund research on rare diseases;

"(3) the appropriateness of specific requirements applicable to applications for funds for research on rare diseases taking into consideration the reasonable capacity of applicants to meet such requirements;

"(4) the adequacy of the scientific basis for such research, including the adequacy of the research facilities and research resources used in such research and the appropriateness of the scientific training of the personnel engaged in such research;

"(5) the effectiveness of activities undertaken to encourage such research;

"(6) the organization of the peer review process applicable to applications for funds for such research to determine if the organization of the peer review process could be revised to improve the effectiveness of the review provided to proposals for research on rare diseases;

"(7) the effectiveness of the coordination between the national research institutes of the National Institutes of Health, the Food and Drug Administration, and private entities in supporting such research; and

"(8) the effectiveness of activities undertaken to assure that knowledge developed in research on nonrare diseases is, when appropriate, used in research on rare diseases.

"(d) COMPOSITION.—The Commission shall be composed of twenty members appointed by the Secretary of Health and Human Services as follows:

"(1) Ten members shall be appointed from individuals who are not officers or employees of the Government and who by virtue of their training or experience in research on rare diseases or in the treatment of rare diseases are qualified to serve on the Commission.

"(2) Five members shall be appointed from individuals who are not officers or employees of the Government and who have a rare disease or are employed to represent or are members of an organization concerned about rare disease.

"(3) Four nonvoting members shall be appointed for the directors of the national research institutes of the National Institutes of Health which the Secretary determines are involved with rare diseases.

"(4) One nonvoting member shall be appointed from officers or employees of the Food and Drug Administration who the Secretary determines are involved with rare diseases.

A vacancy in the Commission shall be filled in the manner in which the original appointment was made. If any member of the Commission who was appointed to the Commission as a director of a national research institution or as an officer or employee of the Food and Drug Administration leaves that office or position, or if any member of the Commission who was appointed from persons who are not officers or employees of the Government becomes an officer or employee of the Government, such member may continue as a member of the Commission for not longer than the ninety-day period beginning on the date such member leaves that office or position or becomes such an officer or employee, as the case may be.

"(e) TERM.—Members shall be appointed for the life of the Commission.

"(f) COMPENSATION.—

"(1) Except as provided in paragraph (2), members of the Commission shall each be entitled to receive compensation at a rate not to exceed the daily equivalent of the annual rate of basic pay in effect for grade GS–18 of the General Schedule for each day (including traveltime) during which they are engaged in the actual performance of duties as members of the Commission.

"(2) Members of the Commission who are full-time officers or employees of the Government shall receive no additional pay by reason of their service on the Commission.

"(g) CHAIRMAN.—The Chairman of the Commission shall be designated by the members of the Commission.

"(h) STAFF.—Subject to such rules as may be prescribed by the Commission, the Commission may appoint and fix the pay of such personnel as it determines are necessary to enable the Commission to carry out its functions. Personnel shall be appointed subject to the provisions of title 5, United States Code, governing appointment in the competitive service, and shall be paid in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates.

"(1) EXPERTS AND CONSULTANTS.—Subject to such rules as may be prescribed by the Commission, the Commission may procure temporary and intermittent services under section 3109(b) of title 5 of the United States Code, but at rates for individuals not to exceed the daily equivalent of the basic pay payable for grade GS–15 of the General Schedule.

"(2) DETAIL OF PERSONNEL.—Upon request of the Commission, the head of any Federal agency is authorized to detail, on a reimbursable basis, any of the personnel of such agency to the Commission to assist the Commission in carrying out its functions.

"(i) ADMINISTRATIVE SUPPORT SERVICES.—The Administrator of General Services shall provide to the Commission on a reimbursable basis such administrative support services as the Commission may require.

"(j) GENERAL AUTHORITY.—The Commission may, for the purpose of carrying out this section, hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence, as the Commission considers appropriate.

"(m) INFORMATION.—The Commission may secure directly from any department or agency of the United States information necessary to enable it to carry out this section. Upon request of the Chairman, the head of such department or agency shall furnish such information to the Commission.

") REPORT.—The Commission shall transmit to the Secretary and to each House of the Congress a report not later than February 1, 1989, on the activities of the Commission. The report shall contain a detailed statement of the findings and conclusions of the Commission, together with its recommendations for—

"(1) a long range plan for the use of public and private resources to improve research into rare diseases and to assist in the prevention, diagnosis, and treatment of rare diseases; and

"(2) such legislation or administrative actions as it considers appropriate.

") TERMINATION.—The Commission shall terminate 90 days after the date of the submittal of its report under subsection (n).

") FUNDS.—The Director of the National Institutes of Health shall make available $1,000,000 to the Com-
§ 237. Silvio O. Conte Senior Biomedical Research Service

(a) Creation; number of members

(1) There shall be in the Public Health Service a Silvio O. Conte Senior Biomedical Research Service, not to exceed 500 members.

(2) The authority established in paragraph (1) regarding the number of members in the Silvio O. Conte Senior Biomedical Research Service is in addition to any authority established regarding the number of members in the commissioned Regular Corps, in the Reserve Corps, and in the Senior Executive Service. Such paragraph may not be construed to require that the number of members in the commissioned Regular Corps, in the Reserve Corps, or in the Senior Executive Service be reduced to offset the number of members serving in the Silvio O. Conte Senior Biomedical Research Service (in this section referred to as the “Service”).

(b) Appointments; qualifications; provisions inapplicable to members

The Service shall be appointed by the Secretary without regard to the provisions of title 5 regarding appointment, and shall consist of individuals outstanding in the field of biomedical research or clinical research evaluation. No individual may be appointed to the Service unless such individual (1) has earned a doctoral level degree in biomedicine or a related field, and (2) meets the qualification standards prescribed by the Office of Personnel Management for appointment to a position at GS–15 of the General Schedule. Notwithstanding any previous applicability to an individual who is a member of the Service, the provisions of subchapter I of chapter 35 (relating to performance appraisal and performance actions), chapter 51 (relating to classification), subchapter III of chapter 53 (relating to General Schedule pay rates), and chapter 75 (relating to adverse actions) of title 5 shall not apply to any member of the Service.

(c) Performance appraisal system

The Secretary shall develop a performance appraisal system designed to—

(1) provide for the systematic appraisal of the performance of members, and

(2) encourage excellence in performance by members.

(d) Pay of members

(1) The Secretary shall determine, subject to the provisions of this subsection, the pay of members of the Service.

(2) The pay of a member of the Service shall not be less than the minimum rate payable for GS–15 of the General Schedule and shall not exceed the rate payable for level 1 of the Executive Schedule unless approved by the President under section 5377(d)(2) of title 5.

(e) Contribution to retirement system of institutions of higher education

The Secretary may, upon the request of a member who—

(1) performed service in the employ of an institution of higher education immediately prior to his appointment as a member of the Service, and

(2) retains the right to continue to make contributions to the retirement system of such institution, contribute an amount not to exceed 10 percent per annum of the member’s basic pay to such institution’s retirement system on behalf of such member. A member who requests that such contribution be made shall not be covered by, or earn service credit under, any retirement system established for employees of the United States under title 5, but such service shall be creditable for determining years of service under section 6303(a) of such title.

(f) Career and noncareer appointment of certain individuals

Subject to the following sentence, the Secretary may, notwithstanding the provisions of title 5 regarding appointment, appoint an individual who is separated from the Service involuntarily and without cause to a position in the competitive civil service at GS–15 of the General Schedule, and such appointment shall be a career appointment. In the case of such an individual who immediately prior to his appointment to the Service was not a career appointee in the civil service or the Senior Executive Service, such appointment shall be in the excepted civil service and may not exceed a period of 2 years.

(g) Rules and regulations

The Secretary shall promulgate such rules and regulations, not inconsistent with this section, as may be necessary for the efficient administration of the Service.

(2) The provisions of title 5 regarding appointments, referred to in subsections (b), (d)(2), and (f), are set out under section 5332 of Title 5, Government Organization and Employees.

The provisions of title 5 regarding appointments, referred to in subsections (b) and (f), are classified to section 3301 et seq. of Title 5. Level I of the Executive Schedule, referred to in subsection (d)(2), is set out in section 5312 of Title 5.

Section effective on the 90th day following Nov. 5, 1990, see section 520 (title III, §304(c)) of Pub. L. 101–509, set out as an Effective Date of 1990 Amendment note under section 212 of this title.

Part B—Miscellaneous Provisions

Codification

This part was classified to subchapter XXV (§300aaa et seq.) of this chapter prior to its renumbering by Pub.
§ 238. Gifts for benefit of Service

(a) Acceptance by Secretary

The Secretary of Health and Human Services is authorized to accept on behalf of the United States gifts made unconditionally by will or otherwise for the benefit of the Service or for the carrying out of any of its functions. Conditional gifts may be so accepted if recommended by the Surgeon General, and the principal of and income from any such conditional gift shall be held, invested, reinvested, and used in accordance with its conditions, but no gift shall be accepted which is conditioned upon any expenditure not to be met therefrom or from the income thereof unless such expenditure has been approved by Act of Congress.

(b) Depository of funds; availability for expenditure

Any unconditional gift of money accepted pursuant to the authority granted in subsection (a) of this section, the net proceeds from the liquidation (pursuant to subsection (c) or subsection (d) of this section) of any other property so accepted, and the proceeds of insurance on any such gift property not used for its restoration, shall be deposited in the Treasury of the United States and are hereby appropriated and shall be held in trust by the Secretary of the Treasury for the benefit of the Service, and he may invest and reinvest such funds in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. Such gifts and the income from such investments shall be available for expenditure in the operation of the Service and the performance of its functions, subject to the same examination and audit as is provided for appropriations made for the Service by Congress.

(c) Evidences of unconditional gifts of intangible property

The evidences of any unconditional gift of intangible personal property, other than money, accepted pursuant to the authority granted in subsection (a) of this section and held to the Secretary of the Treasury and he, in his discretion, may hold them, or liquidate them except that they shall be liquidated upon the request of the Secretary of Health and Human Services, whenever necessary to meet payments required in the operation of the Service or the performance of its functions. The proceeds and income from any such property held by the Secretary of the Treasury shall be available for expenditure as is provided in subsection (b) of this section.

(d) Real property or tangible personal property

The Secretary of Health and Human Services shall hold any real property or any tangible personal property accepted unconditionally pursuant to the authority granted in subsection (a) of this section and he shall permit such property to be used for the operation of the Service and the performance of its functions or he may lease or hire such property, and may insure such property, and deposit the income thereof with the Secretary of the Treasury to be available for expenditure as provided in subsection (b) of this section: Provided, That the income from any such real property or tangible personal property shall be available for expenditure in the discretion of the Secretary of Health and Human Services for the maintenance, preservation, or repair and insurance of such property and that any proceeds from insurance may be used to restore the property insured. Any such property when not required for the operation of the Service or the performance of its functions may be liquidated by the Secretary of Health and Human Services, and the proceeds thereof deposited with the Secretary of the Treasury, whenever in his judgment the purposes of the gifts will be served thereby.

OBLIGATIONS RELATED TO AGREEMENT WITH PRIVATE ENTITIES

§ 238f. Recovery

(a) Right of United States to recover base amount plus interest

If any facility with respect to which funds have been paid under the Community Mental Health Centers Act [42 U.S.C. 2689 et seq.] is, at any time within twenty years after the completion of remodeling, construction, or expansion or after the date of its acquisition—

(1) sold or transferred to any entity (A) which would not have been qualified to file an application under section 222 of such Act [42 U.S.C. 2689] (as such section was in effect prior to October 1, 1981) or (B) which is disapproved as a transferee by the State mental health agency or by another entity designated by the chief executive officer of the State, or

(2) ceases to be used by a community mental health center in the provision of comprehensive mental health services,

the United States shall be entitled to recover from the transferee, transferee, or owner of the facility, the base amount prescribed by subsection (c)(1) of this section plus the interest (if any) prescribed by subsection (c)(2) of this section.

(b) Notice of sale, transfer, or change

The transferee and transferee of a facility that is sold or transferred as described in subsection (a)(1) of this section, or the owner of a facility the use of which changes as described in subsection (a)(2) of this section, shall provide the Secretary written notice of such sale, transfer, or change within 10 days after the date on which such sale, transfer, or cessation of use occurs or
entitled to recover under subsection (a) of this section is the amount bearing the same ratio to the then value (as determined by the Secretary) based on the average of the bond equivalent rates of ninety-one-day Treasury bills auctioned during that period.  

(B) The period referred to in subparagraph (A) is the period beginning—  

(i) if notice is provided as prescribed by subsection (b) of this section, 91 days after the date on which such sale, transfer, or cessation of use occurs, or  

(ii) if notice is not provided as prescribed by subsection (b) of this section, 11 days after such sale, transfer, or cessation of use occurs, and ending on the date the amount the United States is entitled to recover is collected.

(d) Waiver of recovery rights

The Secretary may waive the recovery rights of the United States under subsection (a) of this section with respect to a facility (under such conditions as the Secretary may establish by regulation) if the Secretary determines that there is good cause for waiving such rights.

(e) Pre-judgment lien

The right of recovery of the United States under subsection (a) of this section shall not, prior to judgment, constitute a lien on any facility.

Amendments

1985—Pub. L. 99–129 amended section generally. Prior to amendment, section read as follows: “If any facility of a community mental health center acquired, remodeled, constructed, or expanded with funds provided under the Community Mental Health Centers Act is, at any time within twenty years after the completion of such remodeling, construction, or expansion or after the date of its acquisition with such funds—  

(1) sold or transferred to any person or entity (A) which is not qualified to file an application under section 222 of the Community Mental Health Centers Act, or (B) which is not approved as a transferee by the State agency of the State in which such facility is located, or its successor; or  

(2) not used by a community mental health center in the provision of comprehensive mental health services, and the Secretary has not determined that there is good cause for termination of such use, the United States shall be entitled to recover from either the transferor or the transferee in the case of a sale or transfer or from the owner in the case of termination of use an amount bearing the same ratio to the then value (as determined by the agreement of the parties or by action brought in the United States district court for the district in which the center is situated) of so much of such facility or center as constituted an approved project or projects.

The right of recovery shall not constitute a lien upon such facility or center prior to judgment.”  

1981—Pub. L. 97–35 substituted “the Community Mental Health Centers Act” for “this subchapter” and “section 222 of the Community Mental Health Centers Act” for “section 2689j of this title”.  

1979—Pub. L. 95–622 substituted “this subchapter” for “this part”.

Effective Date of 1985 Amendment

Section 226(b) of Pub. L. 99–129 provided that: “In the case of any facility that was or is constructed, remodeled, expanded, or acquired on or before the date of enactment of this Act (Oct. 22, 1985) or within 180 days after the date of enactment of this Act, the period described in clause (i) or (ii), as the case may be, of section 211(c)(2)(B) [now 241(c)(2)(B)] of the Public Health Service Act (subsec. (c)(2)(B)(ii) of this section) (as amended by subsection (a) of this section) shall begin no earlier than 181 days after the date of enactment of this Act.”

Effective Date of 1981 Amendment

Section 902(h) of Pub. L. 97–35 provided that: “The amendments made by this section (amending this sec-
tion and sections 201, 225a [now 238d], 225b [now 238j], 243, 246, 289k–1, 300d–4, 300d–6, 300f–2, 300m, 300m–3, 9412, and 9511 of this title, repealing sections 247b–1, 247b–2, 255, 300d to 300d–3, 300d–5, 300d–7 to 300d–9, 300d–21, 2689 to 2689m, 2689m to 2689p, 2689r to 2689aa, 9411, 9421 to 9423, 9431 to 9438, 9451, 9452, 9461 to 9465, 9471 to 9473, 9481, 9491 to 9493, 9502, 9512, 9521, and 9523 of this title, repealing provisions set out as notes under sections 286 and 2699 of this title, and transferring section 2689m to section 225d [now 238j] of this title] shall take effect October 1, 1981.’’

Effective Date of 1978 Amendment

Section 110(c) of Pub. L. 95–622 provided that the amendment made by that section is effective July 29, 1975.

Effective Date

Section effective July 1, 1975, see section 608 of Pub. L. 94–63, set out as an Effective Date of 1975 Amendment note under section 247b of this title.

Other Legal Rights of United States Not Adversely Affected by 1985 Amendment

Section 226(c) of Pub. L. 99–120 provided that: ‘‘The amendments made by subsection (a) of this section [amending this section] shall not adversely affect other legal rights of the United States.’’

§ 238m. Use of fiscal agents

(a) Contracting authority

The Secretary may enter into contracts with fiscal agents—

(1)(A) to determine the amounts payable to persons who, on behalf of the Indian Health Service, furnish health services to eligible Indians,

(B) to determine the amounts payable to persons who, on behalf of the Public Health Service, furnish health services to individuals pursuant to section 247d or 249 of this title,

(2) to receive, disburse, and account for funds in making payments described in paragraph (1),

(3) to make such audits of records as may be necessary to assure that these payments are proper, and

(4) to perform such additional functions as may be necessary to carry out the functions described in paragraphs (1) through (3).

(b) Contracting prerequisites

(1) Contracts under subsection (a) of this section may be entered into without regard to section 5 of title 41 or any other provision of law requiring competition.

(2) No such contract shall be entered into with an entity unless the Secretary finds that the entity will perform its obligations under the contract efficiently and effectively and will meet such requirements as to financial responsibility, legal authority, and other matters as he finds pertinent.

(c) Advances under contracts

A contract under subsection (a) of this section may provide for advances of funds to enable entities to make payments under the contract.

(d) Applicable statutory provisions

Subsections (d) and (e) of section 1395u of this title shall apply to contracts with entities under subsection (a) of this section in the same manner as they apply to contracts with carriers under that section.

(e) ‘‘Fiscal agent’’ defined

In this section, the term ‘‘fiscal agent’’ means a carrier described in section 1395u(f)(1) of this title and includes, with respect to contracts under subsection (a)(1)(A) of this section, an Indian tribe or tribal organization acting under contract with the Secretary under the Indian Self-Determination Act (Public Law 93–638) [25 U.S.C. 450f et seq.].

§ 238n. Abortion-related discrimination in governmental activities regarding training and licensing of physicians

(a) In general

The Federal Government, and any State or local government that receives Federal financial assistance, may not subject any health care entity to discrimination on the basis that—

(1) the entity refuses to undergo training in the performance of induced abortions, to require or provide such training, to perform such abortions, or to provide referrals for such training or such abortions;

(2) the entity refuses to make arrangements for any of the activities specified in paragraph (1); or

(3) the entity attends (or attended) a postgraduate physician training program, or any other program of training in the health professions, that does not (or did not) perform induced abortions or require, provide or refer for training in the performance of induced abortions, or make arrangements for the provision of such training.

§ 238p. Recommendations and guidelines regarding automated external defibrillators for Federal buildings

(a) Guidelines on placement

The Secretary shall establish guidelines with respect to placing automated external defibrillator devices in Federal buildings. Such guidelines shall take into account the extent to which such devices may be used by lay persons, the typical number of employees and visitors in the buildings, the extent of the need for security measures regarding the buildings, buildings or portions of buildings in which there are special circumstances such as high electrical voltage or extreme heat or cold, and such other factors as the Secretary determines to be appropriate.

(b) Related recommendations

The Secretary shall publish in the Federal Register the recommendations of the Secretary on the appropriate implementation of the placement of automated external defibrillator devices under subsection (a) of this section, including procedures for the following:

(1) Implementing appropriate training courses in the use of such devices, including the role of cardiopulmonary resuscitation.

(2) Proper maintenance and testing of the devices.

(3) Ensuring coordination with appropriate licensed professionals in the oversight of training of the devices.

(4) Ensuring coordination with local emergency medical systems regarding the placement and incidents of use of the devices.

(c) Consultations; consideration of certain recommendations

In carrying out this section, the Secretary shall—

(1) consult with appropriate public and private entities;

(2) consider the recommendations of national and local public-health organizations...
Certain Technologies and Practices Regarding Survival Rates for Cardiac Arrest

Pub. L. 106–129, §7, Dec. 6, 1999, 113 Stat. 1676, provided that: "The Secretary of Health and Human Services shall, in consultation with the Administrator of the General Services Administration and other appropriate public and private entities, develop recommendations regarding the placement of automatic external defibrillators in Federal buildings as a means of improving the survival rates of individuals who experience cardiac arrest in such buildings, including recommendations on training, maintenance, and medical oversight, and on coordinating with the system for emergency medical services."

§238q. Liability regarding emergency use of automated external defibrillators

(a) Good Samaritan protections regarding AEDs

Except as provided in subsection (b) of this section, any person who uses or attempts to use an automated external defibrillator device on a victim of a perceived medical emergency is immune from civil liability for any harm resulting from the use or attempted use of such device; and in addition, any person who acquired the device is immune from such liability, if the harm was not due to the failure of such acquirer of the device—

(1) to notify local emergency response personnel or other appropriate entities of the most recent placement of the device within a reasonable period of time after the device was placed;

(2) to properly maintain and test the device; or

(3) to provide appropriate training in the use of the device to an employee or agent of the acquirer when the employee or agent was the person who used the device on the victim, except that such requirement of training does not apply if—

(A) the employee or agent was not an employee or agent who would have been reasonably expected to use the device; or

(B) the period of time elapsing between the engagement of the person as an employee or agent and the occurrence of the harm (or between the acquisition of the device and the occurrence of the harm, in any case in which the device was acquired after such engagement of the person) was not a reasonably sufficient period in which to provide the training.

(b) Inapplicability of immunity

Immunity under subsection (a) of this section does not apply to a person if—

(1) the harm involved was caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the victim who was harmed;

(2) the person is a licensed or certified health professional who used the automated external defibrillator device while acting within the scope of the license or certification of the professional and within the scope of the employment or agency of the professional;

(3) the person is a hospital, clinic, or other entity whose purpose is providing health care directly to patients, and the harm was caused by an employee or agent of the entity who

for improving the survival rates of individuals who experience cardiac arrest in nonhospital settings by minimizing the time elapsing between the onset of cardiac arrest and the initial medical response, including defibrillation as necessary and prudent.

(3) consult with and counsel other Federal agencies where such devices are to be used.

(d) Date certain for establishing guidelines and recommendations

The Secretary shall comply with this section not later than 180 days after November 13, 2000.

(e) Definitions

For purposes of this section:

(1) The term "automated external defibrillator device" has the meaning given such term in section 238q of this title.

(2) The term "Federal building" includes a building or portion of a building leased or rented by a Federal agency, and includes buildings on military installations of the United States.

(July 1, 1944, ch. 373, title II, §247, as added Pub. L. 106–505, title IV, §403, Nov. 13, 2000, 114 Stat. 2337.)

FINDINGS

Pub. L. 106–505, title IV, §402, Nov. 13, 2000, 114 Stat. 2336, provided that: "Congress makes the following findings:

"(1) Over 700 lives are lost every day to sudden cardiac arrest in the United States alone.

"(2) Two out of every three sudden cardiac deaths occur before a victim can reach a hospital.

"(3) More than 95 percent of these cardiac arrest victims will die, many because of lack of readily available life saving medical equipment.

"(4) With current medical technology, up to 30 percent of cardiac arrest victims could be saved if victims had access to immediate medical response, including defibrillation and cardiopulmonary resuscitation.

"(5) Once a victim has suffered a cardiac arrest, every minute that passes before returning the heart to a normal rhythm decreases the chance of survival by 10 percent.

"(6) Most cardiac arrests are caused by abnormal heart rhythms called ventricular fibrillation. Ventricular fibrillation occurs when the heart’s electrical system malfunctions, causing a chaotic rhythm that prevents the heart from pumping oxygen to the victim’s brain and body.

"(7) Communities that have implemented programs ensuring widespread public access to defibrillators, combined with appropriate training, maintenance, and coordination with local emergency medical systems, have dramatically improved the survival rates from cardiac arrest.

"(8) Automated external defibrillator devices have been demonstrated to be safe and effective, even when used by lay people, since the devices are designed not to allow a user to administer a shock until after the device has analyzed a victim’s heart rhythm and determined that an electric shock is required.

"(9) Increasing public awareness regarding automated external defibrillator devices and encouraging their use in Federal buildings will greatly facilitate their adoption.

"(10) Limiting the liability of Good Samaritans and acquirers of automated external defibrillator devices in emergency situations may encourage the use of automated external defibrillator devices, and result in saved lives."

used the device while acting within the scope of the employment or agency of the employee or agent; or

(4) the person is an acquirer of the device who leased the device to a health care entity (or who otherwise provided the device to such entity for compensation without selling the device to the entity), and the harm was caused by an employee or agent of the entity who used the device while acting within the scope of the employment or agency of the employee or agent.

(c) Rules of construction

(1) In general

The following applies with respect to this section:

(A) This section does not establish any cause of action, or require that an automated external defibrillator device be placed at any building or other location.

(B) With respect to a class of persons for which this section provides immunity from civil liability, this section supersedes the law of a State only to the extent that the State has no statute or regulations that provide persons in such class with immunity for civil liability arising from the use by such persons of automated external defibrillator devices in emergency situations (within the meaning of the State law or regulation involved).

(C) This section does not waive any protection from liability for Federal officers or employees under—

(i) section 233 of this title; or

(ii) sections 1346(b), 2672, and 2679 of title 28 or under alternative benefits provided by the United States where the availability of such benefits precludes a remedy under section 1346(b) of title 28.

(2) Civil actions under Federal law

(A) In general

The applicability of subsections (a) and (b) of this section includes applicability to any action for civil liability described in subsection (a) of this section that arises under Federal law.

(B) Federal areas adopting State law

If a geographic area is under Federal jurisdiction and is located within a State but out of the jurisdiction of the State, and if, pursuant to Federal law, the law of the State applies in such area regarding matters for which there is no applicable Federal law, then an action for civil liability described in subsection (a) of this section that in such area arises under the law of the State is subject to subsections (a) through (c) of this section in lieu of any related State law that would apply in such area in the absence of this subparagraph.

(d) Federal jurisdiction

In any civil action arising under State law, the courts of the State involved have jurisdiction to apply the provisions of this section exclusive of the jurisdiction of the courts of the United States.

(e) Definitions

(1) Perceived medical emergency

For purposes of this section, the term “perceived medical emergency” means circumstances in which the behavior of an individual leads a reasonable person to believe that the individual is experiencing a life-threatening medical condition that requires an immediate medical response regarding the heart or other cardiopulmonary functioning of the individual.

(2) Other definitions

For purposes of this section:

(A) The term “automated external defibrillator device” means a defibrillator device that—

(i) is commercially distributed in accordance with the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.);

(ii) is capable of recognizing the presence or absence of ventricular fibrillation, and is capable of determining without intervention by the user of the device whether defibrillation should be performed;

(iii) upon determining that defibrillation should be performed, is able to deliver an electrical shock to an individual; and

(iv) in the case of a defibrillator device that may be operated in either an automated or a manual mode, is set to operate in the automated mode.

(B)(i) The term “harm” includes physical, nonphysical, economic, and noneconomic losses.

(ii) The term “economic loss” means any pecuniary loss resulting from harm (including the loss of earnings or other benefits related to employment, medical expense loss, replacement services loss, loss due to death, burial costs, and loss of business or employment opportunities) to the extent recovery for such loss is allowed under applicable State law.

(iii) The term “noneconomic losses” means losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium (other than loss of domestic service), hedonic damages, injury to reputation and all other nonpecuniary losses of any kind or nature.

References in Text

The Federal Food, Drug, and Cosmetic Act, referred to in subsec. (e)(2)(A)(i), is act June 25, 1938, ch. 675, 52 Stat. 1040, as amended, which is classified generally to chapter 9 (§301 et seq.) of Title 21, Food and Drugs. Part C—Smallpox Emergency Personnel Protection

§ 239. General provisions

(a) Definitions

For purposes of this part:
(1) Covered countermeasure
The term “covered countermeasure” means a covered countermeasure as specified in a Declaration made pursuant to section 233(p) of this title.

(2) Covered individual
The term “covered individual” means an individual—
(A) who is a health care worker, law enforcement officer, firefighter, security personnel, emergency medical personnel, other public safety personnel, or support personnel for such occupational specialties;
(B) who is or will be functioning in a role identified in a State, local, or Department of Health and Human Services smallpox emergency response plan (as defined in paragraph (7)) approved by the Secretary;
(C) who has volunteered and been selected to be a member of a smallpox emergency response plan described in subparagraph (B) prior to the time at which the Secretary publicly announces that an active case of smallpox has been identified either within or outside of the United States; and
(D) to whom a smallpox vaccine is administered pursuant to such approved plan during the effective period of the Declaration (including the portion of such period before April 30, 2003).

(3) Covered injury
The term “covered injury” means an injury, disability, illness, condition, or death (other than a minor injury such as minor scarring or minor local reaction) determined, pursuant to the procedures established under section 239a of this title, to have been sustained by an individual as the direct result of—
(A) administration to the individual of a covered countermeasure during the effective period of the Declaration; or
(B) accidental vaccinia inoculation of the individual in circumstances in which—
(i) the vaccinia is contracted during the effective period of the Declaration or within 30 days after the end of such period;
(ii) smallpox vaccine has not been administered to the individual; and
(iii) the individual has been in contact with an individual who is (or who was accidentally inoculated by) a covered individual.

(4) Declaration

(5) Effective period of the Declaration
The term “effective period of the Declaration” means the effective period specified in the Declaration, unless extended by the Secretary.

(6) Eligible individual
The term “eligible individual” means an individual who is (as determined in accordance with section 239a of this title)—
(A) a covered individual who sustains a covered injury in the manner described in paragraph (3)(A); or
(B) an individual who sustains a covered injury in the manner described in paragraph (3)(B).

(7) Smallpox emergency response plan
The term “smallpox emergency response plan” or “plan” means a response plan detailing actions to be taken in preparation for a possible smallpox-related emergency during the period prior to the identification of an active case of smallpox either within or outside the United States.

(b) Voluntary program
The Secretary shall ensure that a State, local, or Department of Health and Human Services plan to vaccinate individuals that is approved by the Secretary establishes procedures to ensure, consistent with the Declaration and any applicable guidelines of the Centers for Disease Control and Prevention, that—
(1) potential participants are educated with respect to contraindications, the voluntary nature of the program, and the availability of potential benefits and compensation under this part;
(2) there is voluntary screening provided to potential participants that can identify health conditions relevant to contraindications; and
(3) there is appropriate post-inoculation medical surveillance that includes an evaluation of adverse health effects that may reasonably appear to be due to such vaccine and prompt referral of, or the provision of appropriate information to, any individual requiring health care as a result of such adverse health event.

§239a. Determination of eligibility and benefits
(a) In general
The Secretary shall establish procedures for determining, as applicable with respect to an individual—
(1) whether the individual is an eligible individual;
(2) whether an eligible individual has sustained a covered injury or injuries for which medical benefits or compensation may be available under sections 239c and 239d of this title, and the amount of such benefits or compensation; and
(3) whether the covered injury or injuries of an eligible individual caused the individual’s death for purposes of benefits under section 239e of this title.

(b) Covered individuals
The Secretary may accept a certification, by a Federal, State, or local government entity or private health care entity participating in the administration of covered countermeasures under the Declaration, that an individual is a covered individual.

(c) Criteria for reimbursement
(1) Injuries specified in injury table
In any case where an injury or other adverse effect specified in the injury table established
under section 239b of this title as a known effect of a vaccine manifests in an individual within the time period specified in such table, such injury or other effect shall be presumed to have resulted from administration of such vaccine.

(2) Other determinations

In making determinations other than those described in paragraph (1) as to the causation or severity of an injury, the Secretary shall employ a preponderance of the evidence standard and take into consideration all relevant medical and scientific evidence presented for consideration, and may obtain and consider the views of qualified medical experts.

(d) Deadline for filing request

The Secretary shall not consider any request for a benefit under this part with respect to an individual, unless—

(1) in the case of a request based on the administration of the vaccine to the individual, the individual files with the Secretary an initial request for benefits or compensation under this part not later than one year after the date of administration of the vaccine; or

(2) in the case of a request based on accidental smallpox inoculation, the individual files with the Secretary an initial request for benefits or compensation under this part not later than two years after the date of the first symptom or manifestation of onset of the adverse effect.

(e) Structured settlements at Secretary’s option

In any case in which there is a reasonable likelihood that compensation or payment under section 239c, 239d, or 239e(b) of this title will be required for a period in excess of one year from the date an individual is determined eligible for such compensation or payment, the Secretary shall have the discretion to make a lump-sum payment, purchase an annuity or medical insurance policy, or execute an appropriate structured settlement agreement, provided that such payment, annuity, policy, or agreement is actuarially determined to have a value equal to the present value of the projected total amount of benefits or compensation that the individual is eligible to receive under such section or sections.

(f) Review of determination

(1) Secretary’s review authority

The Secretary may review a determination under this section at any time on the Secretary’s own motion or on application, and may affirm, vacate, or modify such determination in any manner the Secretary deems appropriate. The Secretary shall develop a process by which an individual may file a request for reconsideration of any determination made by the Secretary under this section.

(2) Judicial and administrative review

No court of the United States, or of any State, District, territory or possession thereof, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this section. No officer or employee of the United States shall review any action by the Secretary under this section (unless the President specifically directs otherwise).

(2) Amendments

The Secretary may by regulation amend the table established under paragraph (1). An amendment to the table takes effect on the date of the promulgation of the final rule that makes the amendment, and applies to all requests for benefits or compensation under this part that are filed on or after such date and are pending as of such date. In addition, the amendment applies retroactively to an individual who was not with respect to the injury involved an eligible individual under the table as in effect before the amendment but who with respect to such injury is an eligible individual under the table as amended. With respect to a request for benefits or compensation under this part by an individual who becomes an eligible individual as described in the preceding sentence, the Secretary may not provide such benefits or compensation unless the request (or amendment to a request, as applicable) is filed before the expiration of one year after the effective date of the amendment to the table in the case of an individual to whom the vaccine was administered and before the expiration of two years after such effective date in the case of a request based on accidental smallpox inoculation.

§ 239b. Smallpox vaccine injury table

(a) Establishment required

The Secretary shall establish by interim final regulation a table identifying adverse effects (including injuries, disabilities, illnesses, conditions, and deaths) that shall be presumed to result from the administration of (or exposure to) a smallpox vaccine, and the time period in which the first symptom or manifestation of onset of each such adverse effect must manifest in order for such presumption to apply.

(b) Amendments

The Secretary may by regulation amend the table established under paragraph (1). An amendment to the table takes effect on the date of the promulgation of the final rule that makes the amendment, and applies to all requests for benefits or compensation under this part that are filed on or after such date or are pending as of such date. In addition, the amendment applies retroactively to an individual who was not with respect to the injury involved an eligible individual under the table that are filed on or after such date or are pending as of such date. In addition, the amendment applies retroactively to an individual who was not with respect to the injury involved an eligible individual under the table as in effect before the amendment but who with respect to such injury is an eligible individual under the table as amended. With respect to a request for benefits or compensation under this part by an individual who becomes an eligible individual as described in the preceding sentence, the Secretary may not provide such benefits or compensation unless the request (or amendment to a request, as applicable) is filed before the expiration of one year after the effective date of the amendment to the table in the case of an individual to whom the vaccine was administered and before the expiration of two years after such effective date in the case of a request based on accidental smallpox inoculation.

§ 239c. Medical benefits

(a) In general

Subject to the succeeding provisions of this section, the Secretary shall make payment or reimbursement for medical items and services as reasonable and necessary to treat a covered injury of an eligible individual, including the services, appliances, and supplies prescribed or recommended by a qualified physician, which the Secretary considers likely to cure, give relief, reduce the degree or the period of disability, or aid in lessening the amount of monthly compensation.

(b) Benefits secondary to other coverage

Payment or reimbursement for services or benefits under subsection (a) of this section

1 So in original. No subsec. (b) has been enacted.
shall be secondary to any obligation of the United States or any third party (including any State or local governmental entity, private insurance carrier, or employer) under any other provision of law or contractual agreement, to pay for or provide such services or benefits.

(July 1, 1944, ch. 373, title II, § 264, as added Pub. L. 106–20, § 2, Apr. 30, 2003, 117 Stat. 641.)

§ 239d. Compensation for lost employment income

(a) In general

Subject to the succeeding provisions of this section, the Secretary shall provide compensation to an eligible individual for loss of employment income (based on such income at the time of injury) incurred as a result of a covered injury, at the rate specified in subsection (b) of this section.

(b) Amount of compensation

(1) In general

Compensation under subsection (a) of this section shall be at the rate of 66 2/3 percent of the relevant pay period (weekly, monthly, or otherwise), except as provided in paragraph (2).

(2) Augmented compensation for dependents

If an eligible individual has one or more dependents, the basic compensation for loss of employment income as described in paragraph (1) shall be augmented at the rate of 8 1/3 percent.

(3) Consideration of other programs

(A) In general

The Secretary may consider the provisions of sections 8114, 8115, and 8146a of title 5, and any implementing regulations, in determining the amount of payment under subsection (a) of this section and the circumstances under which such payments are reasonable and necessary.

(B) Minors

With respect to an eligible individual who is a minor, the Secretary may consider the provisions of section 8113 of title 5, and any implementing regulations, in determining the amount of payment under subsection (a) of this section and the circumstances under which such payments are reasonable and necessary.

(4) Treatment of self-employment income

For purposes of this section, the term “employment income” includes income from self-employment.

(c) Limitations

(1) Benefits secondary to other coverage

(A) In general

Any compensation under subsection (a) of this section shall be secondary to the obligation of the United States or any third party (including any State or local governmental entity, private insurance carrier, or employer), under any other law or contractual agreement, to pay compensation for loss of employment income or to provide disability or retirement benefits.

(B) Relation to other obligations

Compensation under subsection (a) of this section shall not be made to an eligible individual to the extent that the total of amounts paid to the individual under such subsection and under the other obligations referred to in subparagraph (A) is an amount that exceeds the rate specified in subsection (b)(1) of this section. If under any such other obligation a lump-sum payment is made, such payment shall, for purposes of this paragraph, be deemed to be received over multiple years rather than received in a single year. The Secretary may, in the discretion of the Secretary, determine how to apportion such payment over multiple years.

(2) No benefits in case of death

No payment shall be made under subsection (a) of this section in compensation for loss of employment income subsequent to the receipt, by the survivor or survivors of an eligible individual, of benefits under section 239e of this title for death.

(3) Limit on total benefits

(A) In general

Except as provided in subparagraph (B)—

(i) total compensation paid to an individual under subsection (a) of this section shall not exceed $50,000 for any year; and

(ii) the lifetime total of such compensation for the individual may not exceed an amount equal to the amount authorized to be paid under section 239e of this title.

(B) Permanent and total disability

The limitation under subparagraph (A)(ii) does not apply in the case of an eligible individual who is determined to have a covered injury or injuries meeting the definition of disability in section 416(i) of this title.

(4) Waiting period

(A) In general

Except as provided in subparagraph (B), an eligible individual shall not be provided compensation under this section for the first 5 work days of loss of employment income.

(B) Exception

Subparagraph (A) does not apply if the period of loss of employment income of an eligible individual is 10 or more work days.

(5) Termination of benefits

No payment shall be made under subsection (a) of this section in compensation for loss of employment income once the eligible individual involves reaches the age of 65.

(d) Benefit in addition to medical benefits

A benefit under subsection (a) of this section shall be in addition to any amounts received by an eligible individual under section 239c of this title.

(July 1, 1944, ch. 373, title II, § 265, as added Pub. L. 106–20, § 2, Apr. 30, 2003, 117 Stat. 642.)

1So in original. Probably should be “involved”.

(1) shall be secondary to any other obligation of the United States or any third party (including any State or local governmental entity, private insurance carrier, or employer) under any other provision of law or contractual agreement, to pay for or provide such services or benefits.
§ 239e. Payment for death

(a) Death benefit

(1) In general

The Secretary shall pay, in the case of an eligible individual whose death is determined to have resulted from a covered injury or injuries, a death benefit in the amount determined under paragraph (2) to the survivor or survivors in the same manner as death benefits are paid pursuant to the Public Safety Officers’ Benefits Program under subpart I of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.) with respect to an eligible deceased (except that in the case of an eligible individual who is a minor with no living parent, the legal guardian shall be considered the survivor in the place of the parent).

(2) Benefit amount

(A) In general

The amount of the death benefit under paragraph (1) in a fiscal year shall equal the amount of the comparable benefit calculated under the Public Safety Officers’ Benefits Program under subpart I of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.) in such fiscal year, without regard to any reduction attributable to a limitation on appropriations, but subject to subparagraph (B).

(B) Reduction for payments for lost employment income

The amount of the benefit as determined under subparagraph (A) shall be reduced by the total amount of any benefits paid under section 239d of this title with respect to lost employment income.

(3) Limitations

(A) In general

No benefit is payable under paragraph (1) with respect to the death of an eligible individual if—

(i) a disability benefit is paid with respect to such individual under the Public Safety Officers’ Benefits Program under subpart I of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.); or

(ii) a death benefit is paid or payable with respect to such individual under the Public Safety Officers’ Benefits Program under subpart I of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.).

(B) Exception in the case of a limitation on appropriations for disability benefits under PSOB

In the event that disability benefits available to an eligible individual under the Public Safety Officers’ Benefits Program under subpart I of part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796 et seq.) are reduced because of a limitation on appropriations, and such reduction would affect the amount that would be payable under subparagraph (A) without regard to this subparagraph, benefits shall be available under paragraph (1) to the extent necessary to ensure that the survivor or survivors of such individual receives a total amount equal to the amount described in paragraph (2).

(b) Election in case of dependents

(1) In general

In the case of an eligible individual whose death is determined to have resulted from a covered injury or injuries, if the individual had one or more dependents under the age of 18, the legal guardian of the dependents may, in lieu of the death benefit under subsection (a) of this section, elect to receive on behalf of the aggregate of such dependents payments in accordance with this subsection. An election under the preceding sentence is effective in lieu of a request under subsection (a) of this section by an individual who is not the legal guardian of such dependents.

(2) Amount of payments

Payments under paragraph (1) with respect to an eligible individual described in such paragraph shall be made as if such individual were an eligible individual to whom compensation would be paid under subsection (a) of section 239d of this title, with the rate augmented in accordance with subsection (b)(2) of such section and with such individual considered to be an eligible individual described in subsection (c)(3)(B) of such section.

(3) Limitations

(A) Age of dependents

No payments may be made under paragraph (1) once the youngest of the dependents involved reaches the age of 18.

(B) Benefits secondary to other coverage

(i) In general

Any payment under paragraph (1) shall be secondary to the obligation of the United States or any third party (including any State or local governmental entity, private insurance carrier, or employer), under any other law or contractual agreement, to pay compensation for loss of employment income or to provide disability benefits, retirement benefits, life insurance benefits on behalf of dependents under the age of 18, or death benefits.

(ii) Relation to other obligations

Payments under paragraph (1) shall not be made to with respect to an eligible individual to the extent that the total of amounts paid with respect to the individual under such paragraph and under the other obligations referred to in clause (i) is an amount that exceeds the rate of payment that applies under paragraph (2). If under any such other obligation a lump-sum payment is made, such payment shall, for purposes of this subparagraph, be deemed to be received over multiple years rather than received in a single year. The

1So in original.
Secretary may, in the discretion of the Secretary, determine how to apportion such payment over multiple years.

(c) Benefit in addition to medical benefits

A benefit under subsection (a) or (b) of this section shall be in addition to any amounts received by an eligible individual under section 239c of this title.

§ 239f. Administration

(a) Administration by agreement with other agency or agencies

The Secretary may administer any or all of the provisions of this part through Memorandum of Agreement with the head of any appropriate Federal agency.

(b) Regulations

The head of the agency administering this part or provisions thereof (including any agency head administering such Act 1 or provisions through a Memorandum of Agreement under subsection (a) of this section) may promulgate such implementing regulations as may be found necessary and appropriate. Initial implementing regulations may be interim final regulations.

§ 239g. Authorization of appropriations

For the purpose of carrying out this part, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2003 through 2007, to remain available until expended, including administrative costs and costs of provision and payment of benefits. The Secretary’s payment of any benefit under section 239c, 239d, or 239e of this title shall be subject to the availability of appropriations under this section.

SUBCHAPTER II—GENERAL POWERS AND DUTIES

PART A—RESEARCH AND INVESTIGATIONS

§ 241. Research and investigations generally

(a) Authority of Secretary

The Secretary shall conduct in the Service, and encourage, cooperate with, and render assistance to other appropriate public authorities, scientific institutions, and scientists in the conduct of, and promote the coordination of, research, investigations, experiments, demonstrations, and studies relating to the causes, diagnosis, treatment, control, and prevention of physical and mental diseases and impairments of man, including water purification, sewage treatment, and pollution of lakes and streams. In carrying out the foregoing the Secretary is authorized to—

(1) collect and make available through publications and other appropriate means, information as to, and the practical application of, such research and other activities;

(2) make available research facilities of the Service to appropriate public authorities, and to health officials and scientists engaged in special study;

(3) make grants-in-aid to universities, hospitals, laboratories, and other public or private institutions, and to individuals for such research projects as are recommended by the advisory council to the entity of the Department supporting such projects and make, upon recommendation of the advisory council to the appropriate entity of the Department, grants-in-aid to public or nonprofit universities, hospitals, laboratories, and other institutions for the general support of their research;

(4) secure from time to time and for such periods as he deems advisable, the assistance and advice of experts, scholars, and consultants from the United States or abroad;

(5) for purposes of study, admit and treat at institutions, hospitals, and stations of the Service, persons not otherwise eligible for such treatment;

(6) make available, to health officials, scientists, and appropriate public and other nonprofit institutions and organizations, technical advice and assistance on the application of statistical methods to experiments, studies, and surveys in health and medical fields;

(7) enter into contracts, including contracts for research in accordance with and subject to the provisions of law applicable to contracts entered into by the military departments under sections 2353 and 2354 of title 10, except that determination, approval, and certification required thereby shall be by the Secretary of Health and Human Services; and

(8) adopt, upon recommendations of the advisory council to the appropriate entities of the Department or, with respect to mental health, the National Advisory Mental Health Council, such additional means as the Secretary considers necessary or appropriate to carry out the purposes of this section.

The Secretary may make available to individuals and entities, for biomedical and behavioral
research, substances and living organisms. Such substances and organisms shall be made available under such terms and conditions (including payment for them) as the Secretary determines appropriate.

(b) Testing for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects; consultation

(1) The Secretary shall conduct and may support through grants and contracts studies and testing of substances for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects. In carrying out this paragraph, the Secretary shall consult with entities of the Federal Government, outside of the Department of Health and Human Services, engaged in comparable activities. The Secretary, upon request of such an entity and under appropriate arrangements for the payment of expenses, may conduct for such entity studies and testing of substances for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects.

(2)(A) The Secretary shall establish a comprehensive program of research into the biological effects of low-level ionizing radiation under which program the Secretary shall conduct such research and may support such research by others through grants and contracts.

(B) The Secretary shall conduct a comprehensive review of Federal programs of research on the biological effects of ionizing radiation.

(3) The Secretary shall conduct and may support through grants and contracts research and studies on human nutrition, with particular emphasis on the role of nutrition in the prevention and treatment of disease and on the maintenance and promotion of health, and programs for the dissemination of information respecting human nutrition to health professionals and the public. In carrying out activities under this paragraph, the Secretary shall provide for the coordination of such of these activities as are performed by the different divisions within the Department of Health and Human Services and shall consult with entities of the Federal Government, outside of the Department of Health and Human Services, engaged in comparable activities. The Secretary, upon request of such an entity and under appropriate arrangements for the payment of expenses, may conduct and support such activities for such entity.

(4) The Secretary shall publish a biennial report which contains—

(A) a list of all substances (i) which either are known to be carcinogens or may reasonably be anticipated to be carcinogens and (ii) to which a significant number of persons residing in the United States are exposed;

(B) information concerning the nature of such exposure and the estimated number of persons exposed to such substances;

(C) a statement identifying (i) each substance contained in the list under subparagraph (A) for which no effluent, ambient, or exposure standard has been established by a Federal agency, and (ii) for each effluent, ambient, or exposure standard established by a Federal agency with respect to a substance contained in the list under subparagraph (A), the extent to which, on the basis of available medical, scientific, or other data, such standard, and the implementation of such standard by the agency, decreases the risk to public health from exposure to the substance; and

(D) a description of (i) each request received during the year involved—

(I) from a Federal agency outside the Department of Health and Human Services for the Secretary, or

(II) from an entity within the Department of Health and Human Services to any other entity within the Department, to conduct research into, or testing for, the carcinogenicity of substances or to provide information described in clause (ii) of subparagraph (C), and (ii) how the Secretary and each such other entity, respectively, have responded to each such request.

(5) The authority of the Secretary to enter into any contract for the conduct of any study, testing, program, research, or review, or assessment under this subsection shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance in appropriation Acts.

(c) Diseases not significantly occurring in United States

The Secretary may conduct biomedical research, directly or through grants or contracts, for the identification, control, treatment, and prevention of diseases (including tropical diseases) which do not occur to a significant extent in the United States.

(d) Protection of privacy of individuals who are research subjects

The Secretary may authorize persons engaged in biomedical, behavioral, clinical, or other research (including research on mental health, including research on the use and effect of alcohol and other psychoactive drugs) to protect the privacy of individuals who are the subject of such research by withholding from all persons not connected with the conduct of such research the names or other identifying characteristics of such individuals. Persons so authorized to protect the privacy of such individuals may not be compelled in any Federal, State, or local civil, criminal, administrative, legislative, or other proceedings to identify such individuals.

(e) Preterm labor and delivery and infant mortality

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall expand, intensify, and coordinate the activities of the Centers for Disease Control and Prevention with respect to preterm labor and delivery and infant mortality.

1948—Subsec. (d). Acts June 16, 1948, §4(f), and June 24, 1948, §4(e), made provisions applicable to the National Advisory Heart Council and the National Advisory Dental Research Council, respectively.

Subsec. (d). Act June 25, 1948, continued in basic legislation the authority to purchase penicillin and other antibiotic compounds for use in research projects.

Subsec. (g). Acts June 16, 1948, §4(f), and June 24, 1948, §4(f), made provisions applicable to the National Advisory Heart Council and the National Advisory Dental Research Council, respectively.

1946—Subsec. (d). Act July 3, 1946, made the National Advisory Mental Health Council the body to make recommendations to the Surgeon General on awarding of grants-in-aid for research projects with respect to mental health.

Subsec. (g). Act July 3, 1946, gave National Advisory Health Council the right to make recommendations to carry out purposes of this section.

CHANGE OF NAME

"Secretary of Health and Human Services" substituted for "Secretary of Health, Education, and Welfare" in subsec. (a)(7), and "Department of Health and Human Services" substituted for "Department of Health, Education, and Welfare" in subsec. (b)(1), (3), and (4)(D)(I), (II), pursuant to section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

EFFICACIOUS DATE OF 1978 AMENDMENT

Sections 261 and 262 of Pub. L. 95–622 provided that the amendments made by those sections are effective Oct. 1, 1979.

EFFICACIOUS DATE OF 1974 AMENDMENT

Section 194(b) of Pub. L. 93–348 provided that: "The amendments made by subsection (a) [amending this section and sections 242a, 282, 286a, 286b, 287a, 287b, 287c, 288a, 289c, 290c–1, 289g, 289k, and heading preceding section 289l of this title] shall not apply with respect to commitments made before the date of the enactment of this Act [July 12, 1974] by the Secretary of Health, Education, and Welfare for research training under the provisions of the Public Health Service Act amended or repealed by subsection (a)."

EFFICACIOUS DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92–423 effective 60 days after Apr. 26, 1966, substituted for "Secretary of Health and Human Services, after consultation with organizations with expertise in preventing such practices, shall carry out outreach activities to educate individuals practicing such mutilation and with representatives of organizations with expertise in preventing such practices.

(3) Develop recommendations for the education of students of schools of medicine and osteopathic medicine regarding female genital mutilation and complications arising from such mutilation. Such recommendations shall be disseminated to such schools.

(4) For purposes of this section the term female genital mutilation means the removal or infibulation (or both) of the whole or part of the clitoris, the labia minora, or the labia majora.

(d) The Secretary of Health and Human Services shall commence carrying out this section not later than 90 days after the date of enactment of this Act [Apr. 26, 1966]."

SENTINEL DISEASE CONCEPT STUDY

Section 1910 of Pub. L. 103–43 directed Secretary of Health and Human Services, in cooperation with Agency for Toxic Substances and Disease Registry and Centers for Disease Control and Prevention, to design and implement a pilot sentinel disease surveillance system for identifying relationship between occupation of household members and incidence of subsequent conditions or diseases in other members of household, and required Director of the National Institutes of Health to prepare and submit to Congress, not later than 4 years after June 10, 1993, a report concerning this project.

STUDY OF THYROID MORBIDITY FOR HANFORD, WASHINGTON

Section 161 of Pub. L. 100–607, as amended by Pub. L. 102–331, title III, §312(c)(1), Oct. 27, 1992, 106 Stat. 3506, directed Secretary of Health and Human Services, acting through Director of Centers for Disease Control and Prevention, to conduct a study of thyroid morbidity of the population, including Indian tribes and tribal organizations, in vicinity of Hanford, in State of Washington, authorized Director to contract out portions of study, and required Director, not later than 42 months after Nov. 4, 1996, to transmit a report, including such study, to Congress, chief executive officers of States of Oregon and Washington, and governing officials of Indian tribes in vicinity of Hanford, Washington.

NATIONAL COMMISSION ON SLEEP DISORDERS RESEARCH

Section 162 of Pub. L. 100–607 directed Secretary of Health and Human Services, after consultation with Director of National Institutes of Health, to establish a National Commission on Sleep Disorders Research to conduct a comprehensive study of present state of knowledge of incidence, prevalence, morbidity, and mortality resulting from sleep disorders, and of social
and economic impact of such disorders, evaluate public and private facilities and resources (including trained personnel and research activities) available for diagnosis, prevention, and treatment of, and research into, such disorders, and identify programs (including biological, physiological, behavioral, environmental, and social programs) by which improvement in management of research into such disorders could be accomplished, and, not later than 12 months after initial meeting of Commission, to submit to appropriate Committee of Congress a final report, and provided for termination of the Commission 30 days after submission of final report.

RESEARCH WITH RESPECT TO HEALTH RESOURCES AND SERVICES ADMINISTRATION

Section 832 of Pub. L. 100–607 provided that with respect to any program of research pursuant to this chapter, any such program carried out in fiscal year 1987 by an agency other than Health Resources and Services Administration (or appropriate to be carried out by an agency other than Health Resources and Services Administration) could not, for each of fiscal years 1989 through 1991, be carried out by such Administration. Such an agency (or appropriate to be carried out by such an agency) could not, for each of fiscal years 1989 through 1991, carry out such an agency (or appropriate to be carried out by such an agency) could not, for each of fiscal years 1989 through 1991, be carried out by such Administration.

CONTINUING CARE FOR PSYCHIATRIC PATIENTS IN FORMER CLINICAL RESEARCH CENTER AT NATIONAL INSTITUTE ON DRUG ABUSE

Pub. L. 99–117, §10, Oct. 7, 1985, 99 Stat. 494, provided that: “In any fiscal year beginning after September 30, 1981, from funds appropriated for carrying out section 301 of the Public Health Service Act [this section] with respect to mental health, the Secretary of Health and Human Services may provide, by contract or otherwise, for the continuing care of psychiatric patients who were under active and continuous treatment at the National Institute on Drug Abuse Clinical Research Center on the date such Clinical Research Center ceased operations.”

ANALYSIS OF THYROID CANCER: CREATION AND PUBLICATION OF RADIOEPIDEMIOLOGICAL TABLES

1. conduct scientific research and prepare analyses necessary to develop valid and credible assessments of the risks of thyroid cancer that are associated with thyroid doses of Iodine 131;

2. conduct scientific research and prepare analyses necessary to develop valid and credible methods to estimate the thyroid doses of Iodine 131 that are received by individuals from nuclear bomb fallout; and

3. conduct scientific research and prepare analyses necessary to develop valid and credible assessments of the exposure to Iodine 131 that the American people received from the Nevada atmospheric nuclear bomb tests.

“(b) Within one year after the date of enactment of this Act [Jan. 4, 1983], the Secretary of Health and Human Services shall devise and publish radioepidemiological tables that estimate the likelihood that persons who have or have had any of the radiation related cancers and who have received specific doses prior to the onset of such disease developed cancer as a result of these doses. These tables shall show a probability of causation of developing each radiation related cancer associated with receipt of doses ranging from 1 millirad to 1,000 rads in terms of sex, age at time of exposure, time from exposure to the onset of the cancer in question, and such other categories as the Secretary, after consulting with appropriate scientific experts, determines to be relevant. Each probability of causation shall be calculated and displayed as a single percentage figure.

“(c) At the time the Secretary of Health and Human Services publishes the tables pursuant to paragraph (1), such Secretary shall also publish—

“(A) for the tables of each radiation related cancer, an evaluation which will assess the credibility, validity, and degree of certainty associated with such tables; and

“(B) a compilation of the formulas that yielded the probabilities of causation listed in such tables. Such formulas shall be published in such a manner and together with information necessary to determine the probability of causation of any individual who has or has had a radiation related cancer and has received any given dose.

“(d) The tables specified in paragraph (1) and the formulas specified in paragraph (2) shall be devised from the best available data that are most applicable to the United States, and shall be devised in accordance with the best available scientific procedures and expertise.”

TERMINATION OF ADVISORY COMMITTEES

Pub. L. 93–641, §6, Jan. 4, 1975, 88 Stat. 2275, set out as a note under section 217a of this title, provided that an advisory committee established pursuant to the Public Health Service Act shall terminate at such time as may be specifically prescribed by an Act of Congress enacted after Jan. 4, 1975.

EXECUTIVE ORDER NO. 13435

Ex. Ord. No. 13435, June 20, 2007, 72 F.R. 34591, which directed research with stem cells not derived from the creation or destruction of a human embryo or fetus, was revoked by Ex. Ord. No. 13505, §5(b), Mar. 9, 2009, 74 F.R. 10668, set out below.

EX. ORD. NO. 13505, REMOVING BARRIERS TO RESPONSIBLE SCIENTIFIC RESEARCH INVOLVING HUMAN STEM CELLS

Ex. Ord. No. 13505, Mar. 9, 2009, 74 F.R. 10667, provided: “By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Policy. Research involving human embryonic stem cells and human non-embryonic stem cells has the potential to lead to better understanding and treatment of many disabling diseases and conditions. Advances over the past decade in this promising scientific field have been encouraging, leading to broad agreement in the scientific community that the research should be supported by Federal funds. For the past 8 years, the authority of the Department of Health and Human Services, including the National Institutes of Health (NIH), to fund and conduct human embryonic stem cell research has been limited by Presidential actions. The purpose of this order is to remove these limitations on scientific inquiry, to expand NIH support for the exploration of human stem cell research, and in so doing to enhance the contribution of America’s scientists to important new discoveries and new therapies for the benefit of humankind.

Sec. 2. Research. The Secretary of Health and Human Services (Secretary), through the Director of NIH, may support and conduct responsible, scientifically worthy human stem cell research, including human embryonic stem cell research, to the extent permitted by law.

Sec. 3. Guidance. Within 120 days from the date of this order, the Secretary, through the Director of NIH, shall review existing NIH guidance and other widely recognized guidelines on human stem cell research, including provisions establishing appropriate safeguards, and issue new NIH guidance on such research that is consistent with this order. The Secretary, through NIH, shall review and update such guidance periodically, as appropriate.

Sec. 4. General Provisions. (a) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(b) Nothing in this order shall be construed to impair or otherwise affect:

(i) authority granted by law to an executive department, agency, or the head thereof; or

(ii) functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.
§ 242. Studies and investigations on use and misuse of narcotic drugs and other drugs; annual report to Attorney General; cooperation with States

(a) In carrying out the purposes of section 241 of this title with respect to drugs the use or misuse of which might result in drug abuse or dependence, the studies and investigations authorized therein shall include the use and misuse of narcotic drugs and other drugs. Such studies and investigations shall further include the quantities of crude opium, coca leaves, and their salts, derivatives, and preparations, and other drugs subject to control under the Controlled Substances Act [21 U.S.C. 801 et seq.] and Controlled Substances Import and Export Act [21 U.S.C. 951 et seq.], together with reserves thereof, necessary to supply the normal and emergency medicinal and scientific requirements of the United States. The results of studies and investigations of the quantities of narcotic drugs or other drugs subject to control under such Acts, together with reserves of such drugs, that are necessary to supply the normal and emergency medicinal and scientific requirements of the United States, shall be reported not later than the first day of April of each year to the Attorney General, to be used at his discretion in determining manufacturing quotas or importation requirements under such Acts.

(b) The Surgeon General shall cooperate with States for the purposes of solving their narcotic drug problems and shall give authorized representatives of the States the benefit of his experience in the care, treatment, and rehabilitation of narcotic addicts to the end that each State may be encouraged to provide adequate facilities and methods for the care and treatment of its narcotic addicts.

The Controlled Substances Act, referred to in subsec. (a), is title II of Pub. L. 91–513, Oct. 27, 1970, 84 Stat. 1242, as amended, which is classified principally to subchapter I (§801 et seq.) of chapter 13 of Title 21, Food and Drugs. For complete classification of this Act to the Code, see Short Title note set out under section 801 of Title 21 and Tables.

AMENDMENTS

1979—Subsec. (a). Pub. L. 91–513 inserted references to drug dependency, drugs other than narcotic drugs, and substances subject to control under the Controlled Substances Act and the Controlled Substances Import and Export Act, substituted the first day of April of each year for the first day of September of each year as the date by which the study results must be submitted, substituted the Attorney General for the Secretary of the Treasury as the officer to whom the report is to be submitted, and struck out references to the Narcotic Drugs Import and Export Act.

EFFECTIVE DATE OF 1970 AMENDMENT

Amendment by Pub. L. 91–513 effective on first day of seventh calendar month that begins after Oct. 26, 1970, see section 704 of Pub. L. 91–513, set out as an Effective Date note under section 801 of Title 21, Food and Drugs.

SAVINGS PROVISION

Amendment by Pub. L. 91–513 not to affect or abate any prosecutions for violation of law or any civil set-
zuores or forfeitures and injunctive proceedings commenced prior to the effective date of such amendment, and all administrative proceedings pending before the Bureau of Narcotics and Dangerous Drugs on Oct. 27, 1970, to be continued and brought to final determination in accord with laws and regulations in effect prior to Oct. 27, 1970, see section 702 of Pub. L. 91–513, set out as a note under section 321 of Title 21. Food and Drugs.

TRANSFER OF FUNCTIONS

Marihuana and Health Reporting

§ 242b. General authority respecting research, evaluations, and demonstrations in health statistics, health services, and health care technology
(a) Scope of activities
The Secretary may, through the Agency for Healthcare Research and Quality or the National Center for Health Statistics, or using Ruth L. Kirschstein National Research Service Awards or other appropriate authorities, undertake and support training programs to provide for an expanded and continuing supply of individuals qualified to perform the research, evaluation, and demonstration projects set forth in section 242k of this title and in subchapter VII of this chapter.

(b) Additional authority; scope of activities
To implement subsection (a) of this section and section 242k of this title, the Secretary may, in addition to any other authority which under other provisions of this chapter or any other law may be used by him to implement such subsection, do the following:

(1) Utilize personnel and equipment, facilities, and other physical resources of the Department of Health and Human Services, permit appropriate (as determined by the Secretary) entities and individuals to utilize the physical resources of such Department, provide technical assistance and advice, make grants to public and nonprofit private entities and individuals, and, when appropriate, enter into contracts with public and private entities and individuals.

(2) Admit and treat at hospitals and other facilities of the Service persons not otherwise eligible for admission and treatment at such facilities.

(3) Secure, from time to time and for such periods as the Secretary deems advisable but in accordance with section 3109 of title 5, the assistance and advice of consultants from the United States or abroad. The Secretary may for the purpose of carrying out the functions set forth in sections 242c, 242k, and 242n of this title, obtain (in accordance with section 3109 of title 5, but without regard to the limitation in such section on the number of days or the period of service) for each of the centers the services of not more than fifteen experts who have appropriate scientific or professional qualifications.

(4) Acquire, construct, improve, repair, operate, and maintain laboratory, research, and other necessary facilities and equipment, and such other real or personal property (including patents) as the Secretary deems necessary; and acquire, without regard to section 8141 of title 40, by lease or otherwise, through the Administrator of General Services, buildings or parts of buildings in the District of Columbia or communities located adjacent to the District of Columbia.

(c) Coordination of activities through units of Department
(1) The Secretary shall coordinate all health services research, evaluations, and demonstrations, all health statistical and epidemiological activities, and all research, evaluations, and demonstrations respecting the assessment of health care technology undertaken and supported through units of the Department of Health and Human Services. To the maximum extent feasible such coordination shall be carried out through the Agency for Healthcare Research and Quality and the National Center for Health Statistics.

(2) The Secretary shall coordinate the health services research, evaluations, and demonstrations, the health statistical and (where appropriate) epidemiological activities, and the research, evaluations, and demonstrations respecting the assessment of health care technology authorized by this chapter through the Agency for Healthcare Research and Quality and the National Center for Health Statistics.

AMENDMENTS

1993—Subsec. (d). Pub. L. 103–183 struck out subsec. (d) which directed Secretary to conduct an ongoing study of present and projected future health costs of pollution and other environmental conditions resulting from human activity and to submit to Congress reports on the study.

1989—Subsec. (a). Pub. L. 101–239, § 6103(e)(1)(B), substituted “the Agency for Health Care Policy and Research” for “the National Center for Health Services Research and Health Care Technology Assessment” and “in section 242k of this title and in subsection VII of this chapter” for “in sections 242c, 242k, and 242n of this title”.

1987—Subsec. (b)(1). Pub. L. 101–139 substituted “‘the Agency for Health Care Policy and Research’” for “‘the National Center for Health Services Research and Health Care Technology Assessment’” and added subpars. (E), (F), and (G) to par. (1).

1986—Subsec. (c). Pub. L. 99–505, § 5(c)(1), (2), substituted “the National Center for the Delivery of Health Care” for “the National Center for the Delivery of Health Care and for Evaluation, Demonstration, and Evaluation of Health Services Research and Development”.

1984—Subsec. (b)(3). Pub. L. 98–551, § 5(c)(1), (3), substituted “the National Center for Health Services Research and Health Care Technology Assessment” for “the National Center for Health Services Research and Development”.

1979—Subsec. (b)(1), (3). Pub. L. 96–32, § 5(a), (b), amended directory language of Pub. L. 95–623, § 3(b), (d), and required no change in text. See 1978 Amendment note below.

1978—Subsec. (a)(1). Pub. L. 95–623, § 3(a), substituted provisions relating to the Secretary acting through the National Center for Health Care Technology for such action through other units of the Department of Health, Education, and Welfare and “conduct” for “undertake”, included epidemiological activities, and declared as an objective the improvement of the effectiveness, efficiency, and quality of Federal health services.

Subsec. (a)(2). Pub. L. 95–623, § 3(a), provided for emphasis on demonstrations, evaluations, and epidemiological activities; redesignated as subpar. (A) former subpar. (C); struck out “technology” and “quality” after “organization,” and “utilization,” respectively, and end clause “including systems for the delivery of preventive, personal, and mental health care” and former subpar. (A) activities respecting “the determination of an individual’s health”; added subpars. (B) through (D); struck out former subpar. (D) activities respecting “individual and community knowledge of individual health and the systems for the delivery of health care”; added subpars. (E) through (I); and redesignated as subpar. (J) former subpar. (B).

Subsec. (b)(1). Pub. L. 95–623, § 3(b), as amended by Pub. L. 96–32, § 5(a), substituted “when, appropriate, enter into contracts with public and private entities and individuals” for “enter into contracts with public and private entities and individuals, for (A) health services research, evaluation, and demonstrations, and (B) health services research and health statistics training, and (C) health statistical activities”.

Subsec. (b)(3). Pub. L. 95–623, § 3(d), as amended by Pub. L. 96–32, § 5(b), substituted “advisable but in accordance with section 3109 of title 5” for “advisable”, struck out “experts and” before “consultants”, and authorized the Secretary to obtain the services of experts with appropriate scientific or professional qualifications.

Subsec. (c). Pub. L. 95–623, § 3(c), designated existing text as par. (1), substituted “evaluations, and demonstrations, all health statistical and epidemiological activities, and all research, evaluations, and demonstrations respecting the assessment of health care technology” for “evaluation, demonstration, and health statistical activities” before “undertaken and supported”, required coordination of activities to also
be carried out through the National Center for Health Care Technology, and added par. (2).

1974—Pub. L. 93–353, in revising generally provisions of subsecs. (a) to (c), provided for general authority respecting health statistics and health services research, evaluation, and demonstration projects. Subsec. (a) relating to scope of activities, subsec. (b) relating to additional authority and scope of activities, and subsec. (c) relating to coordination of activities through units of the Department. Former provisions related to research and demonstrations relating to health facilities and services, subsec. (a) relating to grants and contracts for research, experiments, or demonstrations and related training, cost limitation, wage rates, labor standards, and other conditions, and payments (former subsec. (a)(2) and (3) now being covered by section 242m(h) and (e), respectively), subsec. (b) relating to systems of health and rehabilitation plans and coverage report on existing legislative proposals, and subsec. (c) relating to authorization of appropriations.

1970—Subsec. (a)(1). Pub. L. 91–515, §§ 201(a)(1), 203, redesignated subsec. (a) as (a)(1), substituted "(A)" and "(B)" for "(1)" and "(2)", and "(i) to (iii)" for "(A) to (G)", and added cls. (iv) and (v).

Subsec. (a)(2). Pub. L. 91–515, § 201(a)(2), redesignated subsec. (b) as (a)(2), and substituted "subsection" for "section" wherever appearing.

Subsecs. (c), (d), Pub. L. 91–515, §§ 201(a)(3)(A), (c), (202), redesignated subsec. (d) as (c), and substituted provisions authorizing appropriations for the fiscal years ending June 30, 1970, June 30, 1971, and June 30, 1973, and authorizing to be appropriated such additional sums for each fiscal year as may be necessary to carry out the provisions of subsec. (b), for provisions authorizing appropriations of $30,000,000 for the fiscal year ending June 30, 1968, $40,000,000 for the fiscal year ending June 30, 1969, and $60,000,000 for the fiscal year ending June 30, 1970. Former subsec. (c) redesignated (a)(3)(A).

Pub. L. 91–296 struck out provisions authorizing use of appropriated funds for evaluation of program authorized by this section. See section 229b of this title.

for Health Statistics (hereinafter in this section referred to as the “Center”) which shall be under the direction of a Director who shall be appointed by the Secretary. The Secretary, acting through the Center, shall conduct and support statistical and epidemiological activities for the purpose of improving the effectiveness, efficiency, and quality of health services in the United States.

(b) Duties

In carrying out subsection (a) of this section, the Secretary, acting through the Center,

(1) shall collect statistics on—

(A) the extent and nature of illness and disability of the population of the United States (or of any groupings of the people included in the population), including life expectancy, the incidence of various acute and chronic illnesses, and infant and maternal morbidity and mortality.

(B) the impact of illness and disability of the population on the economy of the United States and on other aspects of the well-being of its population (or of such groupings).

(C) environmental, social, and other health hazards,

(D) determinants of health,

(E) health resources, including physicians, dentists, nurses, and other health professionals by specialty and type of practice and the supply of services by hospitals, extended care facilities, home health agencies, and other health institutions,

(F) utilization of health care, including utilization of (i) ambulatory health services by specialties and types of practice of the health professionals providing such services, and (ii) services of hospitals, extended care facilities, home health agencies, and other institutions,

(G) health care costs and financing, including the trends in health care prices and cost, the sources of payments for health care services, and Federal, State, and local governmental expenditures for health care services, and

(H) family formation, growth, and dissolution;

(2) shall undertake and support (by grant or contract) research, demonstrations, and evaluations respecting new or improved methods for obtaining current data on the matters referred to in paragraph (1); and

(3) may undertake and support (by grant or contract) epidemiological research, demonstrations, and evaluations on the matters referred to in paragraph (1); and

(4) may collect, furnish, tabulate, and analyze statistics, and prepare studies, on matters referred to in paragraph (1) upon request of public and nonprofit private entities under arrangements under which the entities will pay the cost of the service provided.

Amounts appropriated to the Secretary from payments made under arrangements made under paragraph (4) shall be available to the Secretary for obligation until expended.

(c) Statistical and epidemiological compilations and surveys

The Center shall furnish such special statistical and epidemiological compilations and sur-

veys as the Committee on Labor and Human Resources and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives may request. Such statistical and epidemiological compilations and surveys shall not be made subject to the payment of the actual or estimated cost of the preparation of such compilations and surveys.

(d) Technical aid to States and localities

To insure comparability and reliability of health statistics, the Secretary shall, through the Center, provide adequate technical assistance to assist State and local jurisdictions in the development of model laws dealing with issues of confidentiality and comparability of data.

(e) Cooperative Health Statistics System

For the purpose of producing comparable and uniform health information and statistics, there is established the Cooperative Health Statistics System. The Secretary, acting through the Center, shall—

(1) coordinate the activities of Federal agencies involved in the design and implementation of the System;

(2) undertake and support (by grant or contract) research, development, demonstrations, and evaluations respecting the System;

(3) make grants to and enter into contracts with State and local health agencies to assist them in meeting the costs of data collection and other activities carried out under the System; and

(4) review the statistical activities of the Department of Health and Human Services to assure that they are consistent with the System.

States participating in the System shall designate a State agency to administer or be responsible for the administration of the statistical activities within the State under the System. The Secretary, acting through the Center, shall prescribe guidelines to assure that statistical activities within States participating in the system produce uniform and timely data and assure appropriate access to such data.

(f) Federal-State cooperation

To assist in carrying out this section, the Secretary, acting through the Center, shall cooperate and consult with the Departments of Commerce and Labor and any other interested Federal departments or agencies and with State and local health departments and agencies. For such purpose he shall utilize insofar as possible the services or facilities of any agency of the Federal Government and, without regard to section 5 of title 41, of any appropriate State or other public agency, and may, without regard to such section, utilize the services or facilities of any private agency, organization, group, or individual, in accordance with written agreements between the head of such agency, organization, or group and the Secretary or between such individuals and the Secretary. Payment, if any, for such services or facilities shall be made in such amounts as may be provided in such agreement.

1 So in original. Probably should be capitalized.
(g) Collection of health data; data collection forms
To secure uniformity in the registration and collection of mortality, morbidity, and other health data, the Secretary shall prepare and distribute suitable and necessary forms for the collection and compilation of such data.

(h) Registration area records
(1) There shall be an annual collection of data from the records of births, deaths, marriages, and divorces in registration areas. The data shall be obtained only from and restricted to such records of the States and municipalities which the Secretary, in his discretion, determines possess records affording satisfactory data in necessary detail and form. The Secretary shall encourage States and registration areas to obtain detailed data on ethnic and racial populations, including subpopulations of Hispanics, Asian Americans, and Pacific Islanders with significant representation in the State or registration area. Each State or registration area shall be paid by the Secretary the Federal share of its reasonable costs (as determined by the Secretary) for collecting and transcribing (at the request of the Secretary and by whatever method authorized by him) its records for such data.

(2) There shall be an annual collection of data from a statistically valid sample concerning the general health, illness, and disability status of the civilian noninstitutionalized population. Specific topics to be addressed under this paragraph, on an annual or periodic basis, shall include the incidence of illness and accidental injuries, prevalence of chronic diseases and impairments, disability, physician visits, hospitalizations, and the relationship between demographic and socioeconomic characteristics and health characteristics.

(i) Technical assistance in effective use of statistics
The Center may provide to public and nonprofit private entities technical assistance in the effective use in such activities of statistics collected or compiled by the Center.

(j) Coordination of health statistical and epidemiological activities
In carrying out the requirements of paragraph (2) and (3) of subsection (e) of this section, the Secretary shall coordinate health statistical and epidemiological activities of the Department of Health and Human Services by—
(1) establishing standardized means for the collection of health information and statistics under laws administered by the Secretary;
(2) developing, in consultation with the National Committee on Vital and Health Statistics, and maintaining the minimum sets of data needed on a continuing basis to fulfill the collection requirements of subsection (b)(1) of this section;
(3) after consultation with the National Committee on Vital and Health Statistics, establishing standards to assure the quality of health statistical and epidemiological data collection, processing, and analysis;
(4) in the case of proposed health data collections of the Department which are required to be reviewed by the Director of the Office of Management and Budget under section 3509 of title 44, reviewing such proposed collections to determine whether they conform with the minimum sets of data and the standards promulgated pursuant to paragraphs (2) and (3), and if any such proposed collection is found not to be in conformance, by taking such action as may be necessary to assure that it will conform to such sets of data and standards, and periodically reviewing ongoing health data collections of the Department, subject to review under such section 3509 to determine if the collections are being conducted in accordance with the minimum sets of data and the standards promulgated pursuant to paragraphs (2) and (3), and if any such collection is found not to be in conformance, by taking such action as may be necessary to assure that the collection will conform to such sets of data and standards not later than the ninetieth day after the date of the completion of the review of the collection.

(k) National Committee on Vital and Health Statistics; establishment; membership; term of office; compensation; functions; consultations of Secretary with Committee and professional advisory groups
(1) There is established in the Office of the Secretary a committee to be known as the National Committee on Vital and Health Statistics (hereinafter in this subsection referred to as the "Committee") which shall consist of 18 members.

(2) The members of the Committee shall be appointed from among persons who have distinguished themselves in the fields of health statistics, electronic interchange of health care information, privacy and security of electronic information, population-based public health, purchasing or financing health care services, integrated computerized health information systems, health services research, consumer interests in health information, health data standards, epidemiology, and the provision of health services. Members of the Committee shall be appointed for terms of 4 years.

(3) Of the members of the Committee—
(A) 1 shall be appointed, not later than 60 days after August 21, 1996, by the Speaker of the House of Representatives after consultation with the Minority Leader of the House of Representatives;
(B) 1 shall be appointed, not later than 60 days after August 21, 1996, by the President pro tempore of the Senate after consultation with the Minority Leader of the Senate; and
(C) 16 shall be appointed by the Secretary.

(4) Members of the Committee shall be compensated in accordance with section 210(c) of this title.

(5) The Committee—
(A) shall assist and advise the Secretary—
(i) to delineate statistical problems bearing on health and health services which are of national or international interest;
(ii) to stimulate studies of such problems by other organizations and agencies when—
See References in Text note below.
ever possible or to make investigations of such problems through subcommittees; (iii) to determine, approve, and revise the terms, definitions, classifications, and guidelines for assessing health status and health services, their distribution and costs, for use (I) within the Department of Health and Human Services, (II) by all programs administered or funded by the Secretary, including the Federal-State-local cooperative health statistics system referred to in subsection (e) of this section, and (III) to the extent possible as determined by the head of the agency involved, by the Department of Veterans Affairs, the Department of Defense, and other Federal agencies concerned with health and health services; (iv) with respect to the design of and approval of health statistical and health information systems concerned with the collection, processing, and tabulation of health statistics within the Department of Health and Human Services, with respect to the Cooperative Health Statistics System established under subsection (e) of this section, and with respect to the standardized means for the collection of health information and statistics to be established by the Secretary under subsection (j)(1) of this section; (v) to review and comment on findings and proposals developed by other organizations and agencies and to make recommendations for their adoption or implementation by local, State, national, or international agencies; (vi) to cooperate with national committees of other countries and with the World Health Organization and other national agencies in the studies of problems of mutual interest; (vii) to issue an annual report on the state of the Nation’s health, its health services, their costs and distributions, and to make proposals for improvement of the Nation’s health statistics and health information systems; and (viii) in complying with the requirements imposed on the Secretary under part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.]; (B) shall study the issues related to the adoption of uniform data standards for patient medical record information and the electronic exchange of such information; (C) shall report to the Secretary not later than 4 years after August 21, 1996, recommendations and legislative proposals for such standards and electronic exchange; and (D) shall be responsible generally for advising the Secretary and the Congress on the status of the implementation of part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.]. (6) In carrying out health statistical activities under this part, the Secretary shall consult with, and seek the advice of, the Committee and other appropriate professional advisory groups. (7) Not later than 1 year after August 21, 1996, and annually thereafter, the Committee shall submit to the Congress, and make public, a report regarding the implementation of part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.]. Such report shall address the following subjects, to the extent that the Committee determines appropriate: (A) The extent to which persons required to comply with part C of the Social Security Act are cooperating in implementing the standards adopted under such part. (B) The extent to which such entities are meeting the security standards adopted under such part and the types of penalties assessed for noncompliance with such standards. (C) Whether the Federal and State Governments are receiving information of sufficient quality to meet their responsibilities under such part. (D) Any problems that exist with respect to implementation of such part. (E) The extent to which timetables under such part are being met. (f) Data specific to particular ethnic and racial populations In carrying out this section, the Secretary, acting through the Center, shall collect and analyze adequate health data that is specific to particular ethnic and racial populations, including data collected under national health surveys. Activities carried out under this subsection shall be in addition to any activities carried out under subsection (m) of this section. (m) Grants for assembly and analysis of data on ethnic and racial populations (1) The Secretary, acting through the Center, may make grants to public and nonprofit private entities for— (A) the conduct of special surveys or studies on the health of ethnic and racial populations or subpopulations; (B) analysis of data on ethnic and racial populations and subpopulations; and (C) research on improving methods for developing statistics on ethnic and racial populations and subpopulations. (2) The Secretary, acting through the Center, may provide technical assistance, standards, and methodologies to grantees supported by this subsection in order to maximize the data quality and comparability with other studies. (3) Provisions of section 242m(d) of this title do not apply to surveys or studies conducted by grantees under this subsection unless the Secretary, in accordance with regulations the Secretary may issue, determines that such provisions are necessary for the conduct of the survey or study and receives adequate assurance that the grantee will enforce such provisions. (4)(A) Subject to subparagraph (B), the Secretary, acting through the Center, shall collect data on Hispanics and major Hispanic subpopulations and American Indians, and for developing special area population studies on major Asian American and Pacific Islander populations. (B) The provisions of subparagraph (A) shall be effective with respect to a fiscal year only to the extent that funds are appropriated pursuant to paragraph (3) of subsection (n) of this section, and only if the amounts appropriated for such fiscal year pursuant to each of paragraphs (1)
and (2) of subsection (n) of this section equal or exceed the amounts so appropriated for fiscal year 1997.

(n) Authorization of appropriations

(1) For health statistical and epidemiological activities undertaken or supported under subsections (a) through (l) of this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1991 through 2003.

(2) For activities authorized in paragraphs (1) through (3) of subsection (m) of this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1999 through 2003. Of such amounts, the Secretary shall use not more than 10 percent for administration and for activities described in subsection (m)(2) of this section.

(3) For activities authorized in subsection (m)(4) of this section, there are authorized to be appropriated $1,000,000,000 for fiscal year 1998, and such sums as may be necessary for each of the fiscal years 1999 through 2002.

(4) For activities authorized in paragraphs (1), (2), and (3) of subsection (n) of this section, there are authorized to be appropriated $1,500,000 for fiscal year 1991, $7,500,000 for fiscal year 1992, $10,000,000 for fiscal year 1993, and $10,000,000 for each of the fiscal years 1994 through 2003.

Subsec. (n)(2). Pub. L. 105–392, §201(b)(3)(A), in first sentence, substituted “paragraphs (1) through (3) of subsection (m)” for “subsection (m)” and substituted “such sums as may be necessary for each of the fiscal years 1999 through 2003” for “$5,000,000 for fiscal year 1991, $7,500,000 for fiscal year 1992, $10,000,000 for fiscal year 1993, and $10,000,000 for each of the fiscal years 1994 through 2003.”

Subsec. (k)(2). Pub. L. 104–191, §263(2), added par. (2) generally. Prior to amendment, par. (2) read as follows: “The members of the Committee shall be appointed by the Secretary from among persons who have distinguished themselves in the fields of health statistics, health planning, epidemiology, and the provision of health services. Members of the Committee shall be appointed for terms of 4 years.”

Subsec. (k)(3), (4). Pub. L. 104–191, §263(3), added par. (3) and redesignated former par. (3) as (4). Former par. (4) redesignated (5).

Subsec. (k)(5). Pub. L. 104–191, §263(4), amended par. (5) generally. Prior to amendment, par. (5) consisted of subpars. (A) to (G) relating to Committee functions in assisting and advising the Secretary.

1993—Subsec. (c). Pub. L. 103–183, §501(a)(1), substituted “Committee on Labor and Human Resources” for “Committee on Human Resources”.

Subsec. (g). Pub. L. 103–183, §501(a)(2), substituted “data” for “data which shall be published as a part of the health reports published by the Secretary”.

Subsec. (k)(2). Pub. L. 103–183, §501(a)(4), struck out subpar. (A) designation, substituted “Members” for “Except as provided in subparagraph (B), members”, and struck out subpar. (B) which related to extensions of membership terms of members of National Committee on Vital and Health Statistics whose terms were to expire in calendar years 1988, 1989, and 1990, and redesignated subsec. (m) as (l), substituted “subsection (m)” for “subsection (n)”, and struck out former subsec. (l) which related to development of plan for collection and coordination of statistical and epidemiological data on effects of environment on health and establishment of guidelines for compilation, analysis, and distribution of statistics and information necessary for coordinated determination of effects of conditions of employment and indoor and outdoor environmental conditions on public health.

Subsec. (n), (o). Pub. L. 103–183, §501(a)(5)(B), (d), (d), redesignated subsec. (o) as (n), in par. (1) substituted “(l)” for “(m)” and “1998” for “1996”, and in par. (2) substituted “(m)” for “(n)”, struck out “and” after “1992,”, inserted “and”, and added “$10,000,000 for each of the fiscal years 1994 through 1998”, and substituted “(m)(2)” for “(n)(2)”. Former subsec. (n) redesignated (m).

1990—Subsec. (h). Pub. L. 101–527, §7(a), designated existing text as par. (1), inserted after second sentence
“The Secretary shall encourage States and registration areas to obtain detailed data on ethnic and racial populations, including subpopulations of Hispanics, Asian Americans, and Pacific Islanders with significant representation in the State or registration area,” and added par. (2).

Subsecs. (m) to (o). Pub. L. 101–327, § 7(7)(1), (c), added subsec. (m) and redesignated former subsec. (m) as (o) and amended it generally. Prior to amendment, subsec. (o) read as follows: “For health statistical and epidemiological activities undertaken or supported under this section, there are authorized to be appropriated $55,000,000 for fiscal year 1988 and such sums as may be necessary for each of the fiscal years 1989 and 1990.”

1989—Subsec. (a). Pub. L. 101–239, § 6103(e)(2)(A), inserted at end “The Secretary, acting through the Center, shall conduct and support statistical and epidemiological activities for the purpose of improving the effectiveness, efficiency, and quality of health services in the United States.”

Subsec. (b). Pub. L. 101–239, § 6103(e)(2)(B), substituted “subsection (a) of this section” for “section 242b(a) of this title”.

Subsec. (m). Pub. L. 101–239, § 6103(e)(2)(C), added subsec. (m). 1987—Subsec. (a). Pub. L. 100–177, § 104, struck out “and supervised by the Assistant Secretary for Health (or such other officer of the Department as may be designated by the Secretary as the principal adviser to him for health programs).”

Subsec. (k)(1). Pub. L. 100–177, § 105(a)(1), substituted “16 members” for “fifteen members”.

Subsec. (k)(2)(A). Pub. L. 100–177, § 105(a)(2), substituted “term of 4 years” for “terms of three years”.

Subsec. (k)(2)(B). Pub. L. 100–177, § 105(a)(3), added subpar. (B) and struck out former subpar. (B) which read as follows: “Of the members first appointed—

(i) five shall be appointed for terms of one year,

(ii) five shall be appointed for terms of two years, and

(iii) five shall be appointed for terms of three years, as designated by the Secretary at the time of appointment. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed only for the remainder of such term. A member may serve after the expiration of his term until his successor has taken office.”

1983—Subsec. (l)(2)(D). Pub. L. 97–414 redesignated subpar. (E) as (D) and struck out former subpar. (D) which provided that the Center would serve as a clearinghouse for statistics and information with respect to which guidelines had been established under subpar. (A).

Subsec. (l)(2)(E) to (Q). Pub. L. 97–414 redesignated subpar. (E) and (Q) as (E) and (P), respectively. Former subpar. (E) redesignated (D).

Subsec. (e). Pub. L. 97–35, § 920(a), (d)(1), in par. (3) inserted applicability to other activities, and in par. (4) substituted “Health and Human Services” for “Health, Education, and Welfare”.

1978—Subsec. (b). Pub. L. 95–623, § 8(a), struck out “may” after “through the Center,”.

pars. (1) and (2) “shall collect” and “shall undertake” for “collect” and “undertake”, respectively, and added pars. (3) and (4) and provision for availability of certain appropriated funds from par. (4) payments until expended.

Subsec. (c). Pub. L. 95–623, § 5(b), substituted “statistical and epidemiological compilations” for “statistical compilations” in two places and “Committee on Human Resources” for “Committee on Labor and Public Welfare” of the Senate.

Subsec. (e). Pub. L. 95–623, § 5(c)(1), incorporated in introductory text prior cl. (1) provision requiring the Secretary to assist State and local health agencies and Federal agencies involved in health matters in the design and implementation of a cooperative system for producing comparable and uniform health information and statistics at the Federal, State, and local levels; enacted in pars. (1) and (2) provisions almost identical to prior cls. (2) and (3); enacted par. (3); struck out former cl. (4) provision for the Federal share of the data collection costs under the system; enacted in par. (4) provisions almost identical to former cl. (5); and required State designation of a State administrative agency to be responsible for the statistical activities within the State under the System and Federal guidelines for production of uniform and timely data and appropriate access to the data.

Subsec. (f). Pub. L. 95–623, § 5(d), substituted “the Secretary, acting through the Center, shall cooperate and consult” for “the Secretary shall cooperate and consult”.

Subsecs. (i), (j). Pub. L. 95–623, § 5(f), added subsecs. (i) and (j). Former subsec. (i) redesignated (k).

Subsec. (k). Pub. L. 95–623, § 5(c)(2), (e), (f), struck from par. (1) “United States” before “National Committee on Vital and Health Statistics”; authorized in par. (2A) the appointment of Committee members from distinguished persons in field of health planning; required the Committee to assist and advise the Secretary with respect to the Cooperative Health Statistics System and the standardized means for the collection of health information and statistics to be established by the Secretary; and redesignated such amended subsec. (i) as (k).

CHANGE OF NAME

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

Committee on Energy and Commerce of House of Representatives treated as referring to Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by section 1(a) of Pub. L. 101–527, § 7(b)(1), (c), added.

EFFECTIVE DATE OF 1990 AMENDMENT

Section 12 of Pub. L. 101–127 provided that: “This Act and the amendments made by this Act [enacting sections 254c–1, 254k, 256a, 294bb, 294cc, and 300a–6 of this title, amending this section and sections 222m, 224b, 294c, 294m, 294c, and 295g–2 of this title, enacting provisions set out as notes under sections 201 and 300a–6 of this title, and repealing provisions set out as a note under section 222h of this title] shall take effect October 1, 1990, or upon the date of the enactment of this Act [Nov. 6, 1990], whichever occurs later.”
§ 242. International cooperation

(a) Cooperative endeavors

The Secretary may participate with other countries in cooperative endeavors in—

(1) biomedical research, health care technology, and the health services research and statistical analysis authorized under section 242k of this title and subchapter VII; and

(2) biomedical research, health care services, health care research, or other related activities in furtherance of the activities, objectives or goals authorized under the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008.

(b) Authority of Secretary; building construction prohibition

In connection with the cooperative endeavors authorized by subsection (a) of this section, the Secretary may—

(1) make such use of resources offered by participating foreign countries as he may find necessary and appropriate;

(2) establish and maintain fellowships in the United States and in participating foreign countries;

(3) make grants to public institutions or agencies and to nonprofit private institutions or agencies in the United States and in participating foreign countries for the purpose of establishing and maintaining the fellowships authorized by paragraph (2);

(4) make grants or loans of equipment and materials, for use by public or nonprofit institutions or agencies, or by individuals, in participating foreign countries;

(5) participate and otherwise cooperate in any international meetings, conferences, or other activities concerned with biomedical research, health services research, health statistics, or health care technology;

(6) facilitate the interchange between the United States and participating foreign countries, of research scientists and experts who are engaged in experiments or programs of biomedical research, health services research, health statistical activities, or health care technology activities, and in carrying out such purpose may pay per diem compensation, subsistence, and travel for such scientists and experts when away from their places of residence at rates not to exceed those provided in section 5703(b) of title 5 for persons in the Government service employed intermittently;

(7) procure, in accordance with section 3109 of title 5, the temporary or intermittent services of experts or consultants;

(8) enter into contracts with individuals for the provision of services (as defined in section 104 of part 37 of title 49, Code of Federal Regulations (48 CFR 37.104)) in participating foreign countries, which individuals may not be deemed employees of the United States for the purpose of any law administered by the Office of Personnel Management;

(9) provide such funding advance or reimbursement to the Secretary of State, as may be necessary, to pay the costs of acquisition, lease, construction, alteration, equipping, furnishing or management of facilities outside of the United States; and

(10) in consultation with the Secretary of State, through grant or cooperative agreement, make funds available to public or nonprofit private institutions or agencies in foreign countries in which the Secretary is participating in activities described under subsection (a) to acquire, lease, construct, alter, or renovate facilities in those countries.

(c) Benefits for overseas assignees

The Secretary may provide to personnel appointed or assigned by the Secretary to serve abroad, allowances and benefits similar to those provided under chapter 9 of title I of the Foreign Service Act of 1980 (22 U.S.C. 4081 et seq.). Leaves of absence for personnel under this subsection shall be on the same basis as that provided under subchapter I of chapter 63 of title 5 or section 903 of the Foreign Service Act of 1980 (22 U.S.C. 4083) to individuals serving in the Foreign Service.

(d) Strategies to improve injection safety

In carrying out immunization programs and other programs in developing countries for the prevention, treatment, and control of infectious diseases, including HIV/AIDS, tuberculosis, and malaria, the Director of the Centers for Disease Control and Prevention, in coordination with the Coordinator of United States Government Activities to Combat HIV/AIDS Globally, the National Institutes of Health, national and local government, and other organizations, such as the World Health Organization and the United Nations Children’s Fund, shall develop and implement effective strategies to improve injection safety, including eliminating unnecessary injections, promoting sterile injection practices and technologies, strengthening the procedures for proper needle and syringe disposal, and improving the education and information provided to the public and to health professionals.

See References in Text note below.
§ 242m. General provisions respecting effectiveness, efficiency, and quality of health services

(a) Reports to Congress and President; preparation; review by Office of Management and Budget

(1) Not later than March 15 of each year, the Secretary shall submit to the President and Congress the following reports:

(A) A report on health care costs and financing. Such report shall include a description and analysis of the statistics collected under section 242k(b)(1)(G) of this title.

(B) A report on health resources. Such report shall include a description and analysis, by geographical area, of the statistics collected under section 242k(b)(1)(E) of this title.

(C) A report on the utilization of health resources. Such report shall include a description and analysis, by age, sex, income, and geographic area, of the statistics collected under section 242k(b)(1)(F) of this title.

(D) A report on the health of the Nation's people. Such report shall include a description and analysis, by age, sex, income, and geographic area, of the statistics collected under section 242k(b)(1)(A) of this title.

(2) The reports required in paragraph (1) shall be prepared through the National Center for Health Statistics.

(3) The Office of Management and Budget may review any report required by paragraph (1) of this subsection before its submission to Congress, but the Office may not revise any such report or delay its submission beyond the date prescribed for its submission, and may submit to Congress its comments respecting any such report.

(b) Grants or contracts; applications, submittal; application peer review group; findings and recommendations; necessity of favorable recommendation; appointments

(1) No grant or contract may be made under section 242b, 242k, or 242l of this title unless an application therefor has been submitted to the Secretary in such form and manner, and containing such information, as the Secretary may by regulation prescribe and unless a peer review group referred to in paragraph (2) has recommended the application for approval.

(2)(A) Each application submitted for a grant or contract under section 242k of this title in an amount exceeding $50,000 of direct costs and for a health services research, evaluation, or demonstration project, or for a grant under section 242k(m) of this title, shall be submitted to a peer review group for an evaluation of the technical

Section 5706 of title 5, referred to in subsection (b)(6), was amended generally by Pub. L. 94–22, § 4, May 19, 1975, 89 Stat. 85, and, as so amended, does not contain a subsection (b).

CODIFICATION

Section was formerly classified to section 242f of this title.
and scientific merits of the proposals made in each such application. The Director of the National Center for Health Statistics shall establish such peer review groups as may be necessary to provide for such an evaluation of each such application.

(B) A peer review group to which an application is submitted pursuant to subparagraph (A) shall report its findings and recommendations respecting the application to the Secretary, acting through the Director of the National Center for Health Statistics, in such form and manner as the Secretary shall by regulation prescribe. The Secretary may not approve an application described in such subparagraph unless a peer review group has recommended the application for approval.

(C) The Secretary, acting through the Director of the National Center for Health Statistics, shall make appointments to the peer review groups required in subparagraph (A) from among United States and who possess appropriate technical and scientific qualifications, except that peer review groups regarding grants under section 242k(m) of this title may include appropriately qualified such officers and employees.

(c) Development and dissemination of statistics

The Secretary shall take such action as may be necessary to assure that statistics developed under sections 242b and 242k of this title are of high quality, timely, comprehensive as well as specific, standardized, and adequately analyzed and indexed, and shall publish, make available, and disseminate such statistics on as wide a basis as is practicable.

(d) Information; publication restrictions

No information, if an establishment or person supplying the information or described in it is identifiable, obtained in the course of activities undertaken or supported under section 242b, 242k, or 242l of this title may be used for any purpose other than the purpose for which it was supplied unless such establishment or person has consented (as determined under regulations of the Secretary) to its use for such other purpose; and in the case of information obtained in the course of health statistical or epidemiological activities under section 242b or 242k of this title, such information may not be published or released in other form if the particular establishment or person supplying the information or described in it is identifiable unless such establishment or person has consented (as determined under regulations of the Secretary) to its publication or release in other form.

(e) Payment procedures; advances or reimbursements; installments; conditions; reductions

(1) Payments of any grant or under any contract under section 242b, 242k, or 242l of this title may be made in advance or by way of reimbursement, and in such installments and on such conditions, as the Secretary deems necessary to carry out the purposes of such section.

(2) The amounts otherwise payable to any person under a grant or contract made under section 242b, 242k, or 242l of this title shall be reduced by—

(A) amounts equal to the fair market value of any equipment or supplies furnished to such person by the Secretary for the purpose of carrying out the project with respect to which such grant or contract is made, and

(B) amounts equal to the pay, allowances, traveling expenses, and related personnel expenses attributable to the performance of services by an officer or employee of the Government in connection with such project, if such officer or employee was assigned or detailed by the Secretary to perform such services, but only if such person requested the Secretary to furnish such equipment or supplies, or such services, as the case may be.

(f) Contracts without regard to section 3324 of title 31 and section 5 of title 41

Contracts may be entered into under section 242b or 242k of this title without regard to section 3324 of title 31 and section 5 of title 41.

(1) The amounts otherwise payable to any person under a grant or contract made under section 242b or 242k of this title may be used for any purpose other than the purpose for which it was supplied, unless such establishment or person has consented (as determined under regulations of the Secretary) to its use for such other purpose; and in the case of information obtained in the course of health statistical or epidemiological activities under section 242b or 242k of this title, such information may not be published or released in other form if the particular establishment or person supplying the information or described in it is identifiable unless such establishment or person has consented (as determined under regulations of the Secretary) to its publication or release in other form.

Prior Provisions

Provisions similar to those comprising subsec. (e) of this section were contained in subsec. (a)(3) of section 304 of act July 1, 1944, ch. 373, title III, as added July 28, 1955, ch. 417, § 3, 69 Stat. 382, and amended (formerly classified to section 242a(a)(3) of this title), prior to general amendment of section 304 by Pub. (12) two Members of the House of Representatives appointed by the Speaker of the House in consultation with the Minority Leader, and two members of the Senate appointed by the Majority Leader in consultation with the Minority Leader, not more than one of whom from each body shall be members of the same political party; and
(13) three members of the general public, to be appointed by the Secretary, that shall include one representative each from—
(A) a nonprofit group representing older Americans;
(B) a private voluntary health organization concerned with the health problems affecting older Americans; and
(C) a nonprofit organization concerned with research related to the health and independence of older Americans.

(b) Chair
The Secretary, acting through either the Assistant Secretary for Health or the Director of the National Institute on Aging, shall serve as the Chair of the Task Force.

(c) Quorum
A majority of the members of the Task Force shall constitute a quorum, and a lesser number may hold hearings.

(d) Meetings
The Task Force shall meet periodically at the call of the Chair, but in no event less than twice each year.

(e) Compensation and expenses
(1) Compensation
Members of the Task Force who are not regular full-time employees of the United States Government shall, while attending meetings and conferences of the Task Force or otherwise engaged in the business of the Task Force (including traveltime), be entitled to receive compensation at a rate fixed by the Secretary, but not exceeding the rate specified at the time of such service under GS–18 of the General Schedule.

CODIFICATION
Section was enacted as part of the Home Health Care and Alzheimer’s Disease Amendments of 1990, and not as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

EFFECTIVE DATE OF 1992 AMENDMENT
Amendment by Pub. L. 102–321 effective Oct. 1, 1992, with provision for programs providing financial assistance, see section 801(c), (d) of Pub. L. 102–321, set out as a note under section 236 of this title.

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES
References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 329 (title I, § 101(c)(1)) of Pub. L. 101–509, set out in a note under section 5576 of Title 5.

§ 242q–2. Administrative staff and support
The Secretary, acting through either the Assistant Secretary for Health or the Director of the National Institute on Aging, shall appoint an Executive Secretary for the Task Force and shall provide the Task Force with such administrative staff and support as may be necessary to enable the Task Force to carry out subsections (b) and (c) of section 242q of this title.

CODIFICATION
Section was enacted as part of the Home Health Care and Alzheimer’s Disease Amendments of 1990, and not as part of the Public Health Service Act which comprises this chapter.

Section, Pub. L. 101–557, title III, § 304, Nov. 15, 1990, 104 Stat. 2770, related to reports that provided recommendations required in section 242q(b) of this title.

EFFECTIVE DATE OF REPEAL
Repeal applicable only with respect to amounts appropriated for fiscal year 2007 or subsequent fiscal years, see section 109 of Pub. L. 109–482, set out as an Effective Date of 2007 Amendment note under section 281 of this title.

§ 242q–4. Definitions
For purposes of sections 242q to 242q–5 of this title:

(1) Aging research
(A) The term “aging research” means research on the aging process and on the diag-
nosis and treatment of diseases, disorders, and complications related to aging, including menopause. Such research includes research on such treatments, and on medical devices and other medical interventions regarding such diseases, disorders, and complications, that can assist individuals in avoiding institutionalization and prolonged hospitalization and in otherwise increasing the independence of the individuals.

(B) For purposes of subparagraph (A), the term “independence”, with respect to diseases, disorders, and complications of aging, means the functional ability of individuals to perform activities of daily living or instrumental activities of daily living without assistance or supervision.

(2) Secretary
The term “Secretary” means the Secretary of Health and Human Services.

(3) Task Force
The term “Task Force” means the Task Force on Aging Research established under section 242q(a) of this title.

§ 242q–5. Authorization of appropriations
For the purpose of carrying out sections 242q to 242q–5 of this title, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1991 through 1993.

(a) Enforcement of quarantine regulations; prevention of communicable diseases
The Secretary is authorized to accept from State and local authorities any assistance in the enforcement of quarantine regulations made pursuant to this chapter which such authorities may be able and willing to provide. The Secretary shall also assist States and their political subdivisions in the prevention and suppression of communicable diseases and with respect to other public health matters, shall cooperate with and aid State and local authorities in the enforcement of their quarantine and other health regulations, and shall advise the several States on matters relating to the preservation and improvement of the public health.

(b) Comprehensive and continuing planning; training of personnel for State and local health work; fees
The Secretary shall encourage cooperative activities between the States with respect to comprehensive and continuing planning as to their current and future health needs, the establishment and maintenance of adequate public health services, and otherwise carrying out public health activities. The Secretary may charge only private entities reasonable fees for the training of personnel under the preceding sentence.

(c) Development of plan to control epidemics and meet emergencies or problems resulting from disasters; cooperative planning; temporary assistance; reimbursement of United States
The Secretary shall encourage cooperative activities between the States with respect to comprehensive and continuing planning as to their current and future health needs, the establishment and maintenance of adequate public health services, and otherwise carrying out public health activities. The Secretary may charge only private entities reasonable fees for the training of personnel under the preceding sentence.

§ 242r. Improvement and publication of data on food-related allergic responses
(a) In general
The Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention and in consultation with the Commissioner of Food and Drugs, shall improve (including by educating physicians and other health care providers) the collection of, and publish as it becomes available, national data on—

(1) the prevalence of food allergies;
(2) the incidence of clinically significant or serious adverse events related to food allergies; and
(3) the use of different modes of treatment for and prevention of allergic responses to foods.

(b) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary.

§ 243. General grant of authority for cooperation
(a) Enforcement of quarantine regulations; prevention of communicable diseases
The Secretary is authorized to accept from State and local authorities any assistance in the enforcement of quarantine regulations made pursuant to this chapter which such authorities may be able and willing to provide. The Secretary shall also assist States and their political subdivisions in the prevention and suppression of communicable diseases and with respect to other public health matters, shall cooperate with and aid State and local authorities in the enforcement of their quarantine and other health regulations, and shall advise the several States on matters relating to the preservation and improvement of the public health.

(b) Comprehensive and continuing planning; training of personnel for State and local health work; fees
The Secretary shall encourage cooperative activities between the States with respect to comprehensive and continuing planning as to their current and future health needs, the establishment and maintenance of adequate public health services, and otherwise carrying out public health activities. The Secretary may charge only private entities reasonable fees for the training of personnel under the preceding sentence.

(c) Development of plan to control epidemics and meet emergencies or problems resulting from disasters; cooperative planning; temporary assistance; reimbursement of United States
The Secretary shall encourage cooperative activities between the States with respect to comprehensive and continuing planning as to their current and future health needs, the establishment and maintenance of adequate public health services, and otherwise carrying out public health activities. The Secretary may charge only private entities reasonable fees for the training of personnel under the preceding sentence.
providing for the cooperative planning between the Service and public and private community health programs and agencies to cope with health problems (including epidemics and health emergencies).

(2) The Secretary may, at the request of the appropriate State or local authority, extend temporary (not in excess of six months) assistance to States or localities in meeting health emergencies of such a nature as to warrant Federal assistance. The Secretary may require such reimbursement of the United States for assistance provided under this paragraph as he may determine to be reasonable under the circumstances. Any reimbursement so paid shall be credited to the applicable appropriation for the Service for the year in which such reimbursement is received.

(7) The Service for the year in which such reimbursement is received.

(a) In general

The Secretary shall award grants to States, political subdivisions of States, Indian tribes, and tribal organizations to develop and implement public access defibrillation programs—

(1) by training and equipping local emergency medical services personnel, including emergency medical technicians, and other first responders, to administer immediate care, including cardiopulmonary resuscitation and automated external defibrillation, to cardiac arrest victims;

(2) by purchasing automated external defibrillators, placing the defibrillators in public places where cardiac arrests are likely to occur, and training personnel in such places to administer cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims;

(3) by setting procedures for proper maintenance and testing of such devices, according to the guidelines of the manufacturers of the devices;

(4) by providing training to members of the public in cardiopulmonary resuscitation and automated external defibrillation;

(5) by integrating the emergency medical services system with the public access defibrillation programs so that emergency medical services personnel, including dispatchers, are informed about the location of automated external defibrillators in their community; and

(6) by encouraging private companies, including small businesses, to purchase automated external defibrillators and provide training for their employees to administer cardiopulmonary resuscitation and external automated defibrillation to cardiac arrest victims in their community.

(b) Preference

In awarding grants under subsection (a) of this section, the Secretary shall give a preference to

the Surgeon General to train personnel for State and local health work, is effective July 1, 1966.

FOOD ALLERGENS IN THE FOOD CODE

Pub. L. 101–222, title II, § 209, Aug. 2, 2004, 118 Stat. 910, provided that: “The Secretary of Health and Human Services shall, in the Conference for Food Protection, as part of its efforts to encourage cooperative activities between the States under section 311 of the Public Health Service Act (42 U.S.C. 243), pursue revision of the Food Code to provide guidelines for preparing allergen-free foods in food establishments, including in restaurants, grocery store delicatessens and bakeries, and elementary and secondary school cafeterias. The Secretary shall consider guidelines and recommendations developed by public and private entities for public and private food establishments for preparing allergen-free foods in pursuing this revision.”

TRAINING OF PRIVATE PERSONS SUBJECT TO REIMBURSEMENT OR ADVANCES TO APPROPRIATIONS

Pub. L. 103–333, title II, Sept. 30, 1994, 108 Stat. 2550, provided in part: “That for fiscal year 1995 and subsequent fiscal years training of private persons shall be made subject to reimbursement or advances to this appropriation for not in excess of the full cost of such training.”
a State, political subdivision of a State, Indian tribe, or tribal organization that—

(1) has a particularly low local survival rate for cardiac arrests, or a particularly low local response rate for cardiac arrest victims; or

(2) demonstrates in its application the greatest commitment to establishing and maintaining a public access defibrillation program.

(c) Use of funds

A State, political subdivision of a State, Indian tribe, or tribal organization that receives a grant under subsection (a) of this section may use funds received through such grant to—

(1) purchase automated external defibrillators that have been approved, or cleared for marketing, by the Food and Drug Administration;

(2) provide automated external defibrillation and basic life support training in automated external defibrillator usage through nationally recognized courses;

(3) provide information to community members about the public access defibrillation program to be funded with the grant;

(4) provide information to the local emergency medical services system regarding the effectiveness of the public access defibrillation program; and

(5) further develop strategies to improve access to automated external defibrillators in public places.

(d) Application

(1) In general

To be eligible to receive a grant under subsection (a) of this section, a State, political subdivision of a State, Indian tribe, or tribal organization shall prepare and submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

(2) Contents

An application submitted under paragraph (1) shall—

(A) describe the comprehensive public access defibrillation program to be funded with the grant and demonstrate how such program would make automated external defibrillation accessible and available to cardiac arrest victims in the community;

(B) contain procedures for implementing appropriate nationally recognized training courses in performing cardiopulmonary resuscitation and the use of automated external defibrillators;

(C) contain procedures for ensuring direct involvement of a licensed medical professional and coordination with the local emergency medical services system in the oversight of training and notification of incidents of the use of the automated external defibrillators;

(D) contain procedures for proper maintenance and testing of the automated external defibrillators, according to the labeling of the manufacturer;

(E) contain procedures for ensuring notification of local emergency medical services system personnel, including dispatchers, of the location and type of devices used in the public access defibrillation program; and

(F) provide for the collection of data regarding the effectiveness of the public access defibrillation program to be funded with the grant in affecting the out-of-hospital cardiac arrest survival rate.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated $25,000,000 for fiscal year 2003, and such sums as may be necessary for each of the fiscal years 2004 through 2006. Not more than 10 percent of amounts received under a grant awarded under this section may be used for administrative expenses.

PRIOR PROVISIONS

A prior section 312 of act July 1, 1944, was classified to section 244–1 of this title prior to repeal by Pub. L. 94–484.

AMENDMENTS

2003—Subsec. (c)(6), (7). Pub. L. 108–41 added par. (6) and redesignated former par. (6) as (7).

FINDINGS

Pub. L. 107–188, title I, §159(b), June 12, 2002, 116 Stat. 634, provided that: ‘‘Congress makes the following findings:

‘‘(1) Over 220,000 Americans die each year from cardiac arrest. Every 2 minutes, an individual goes into cardiac arrest in the United States.

‘‘(2) The chance of successfully returning to a normal heart rhythm diminishes by 10 percent each minute following sudden cardiac arrest.

‘‘(3) Eighty percent of cardiac arrests are caused by ventricular fibrillation, for which defibrillation is the only effective treatment.

‘‘(4) Sixty percent of all cardiac arrests occur outside the hospital. The average national survival rate for out-of-hospital cardiac arrest is only 5 percent.

‘‘(5) Communities that have established and implemented public access defibrillation programs have achieved average survival rates for out-of-hospital cardiac arrest as high as 50 percent.

‘‘(6) According to the American Heart Association, widespread use of defibrillators could save as many as 50,000 lives nationally each year.

‘‘(7) Successful public access defibrillation programs ensure that cardiac arrest victims have access to early 911 notification, early cardiopulmonary resuscitation, early defibrillation, and early advanced care.’’

Section, act July 1, 1944, ch. 373, title III, §312, formerly §306, as added Aug. 2, 1956, ch. 871, title I, §101,
§ 245a. Public access defibrillation demonstration projects

(a) In general

The Secretary shall award grants to political subdivisions of States, Indian tribes, and tribal organizations to develop and implement innovative, comprehensive, community-based public access defibrillation demonstration projects that—

(1) provide cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims in unique settings;

(2) provide training to community members in cardiopulmonary resuscitation and automated external defibrillation; and

(3) maximize community access to automated external defibrillators.

(b) Use of funds

A recipient of a grant under subsection (a) of this section shall use the funds provided through the grant to—

(1) purchase automated external defibrillators that have been approved, or cleared for marketing, by the Food and Drug Administration;

(2) provide basic life training in automated external defibrillator usage through nationally recognized courses;

(3) provide information to community members about the public access defibrillation demonstration project to be funded with the grant;

(4) provide information to the local emergency medical services system regarding the placement of automated external defibrillators in the unique settings; and

(5) further develop strategies to improve access to automated external defibrillators in public places.

(c) Application

(1) In general

To be eligible to receive a grant under subsection (a) of this section, a political subdivision of a State, Indian tribe, or tribal organization shall prepare and submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

(2) Contents

An application submitted under paragraph (1) may—

(A) describe the innovative, comprehensive, community-based public access defibrillation demonstration project to be funded with the grant;

(B) explain how such public access defibrillation demonstration project represents innovation in providing public access to automated external defibrillation; and

(C) provide for the collection of data regarding the effectiveness of the demonstration project to be funded with the grant in—

(i) providing emergency cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims in the setting served by the demonstration project; and

(ii) affecting the cardiac arrest survival rate in the setting served by the demonstration project.

(d) Authorization of appropriations

There is authorized to be appropriated to carry out this section $5,000,000 for each of fiscal years 2002 through 2006. Not more than 10 percent of amounts received under a grant awarded under this section may be used for administrative expenses.

(Prior Provisions)

A prior section 245a, acts July 1, 1944, ch. 373, title III, § 313, as added Pub. L. 107–188, title I, § 159(c), June 12, 2002, 116 Stat. 636.)
§ 246. Grants and services to States

(a) Comprehensive health planning and services

(1) In order to assist the States in comprehensive and continuing planning for their current and future health needs, the Secretary is authorized during the period beginning July 1, 1966, and ending June 30, 1973, to make grants to States which have submitted, and had approved by the Secretary, State plans for comprehensive State health planning. For the purposes of carrying out this subsection, there are hereby authorized to be appropriated $2,500,000 for the fiscal year ending June 30, 1967, $7,000,000 for the fiscal year ending June 30, 1968, $10,000,000 for the fiscal year ending June 30, 1969, $15,000,000 for the fiscal year ending June 30, 1970, $15,000,000 for the fiscal year ending June 30, 1971, $17,000,000 for the fiscal year ending June 30, 1972, $20,000,000 for the fiscal year ending June 30, 1973, and $10,000,000 for the fiscal year ending June 30, 1974.

In order to be approved for purposes of this subsection, a State plan for comprehensive State health planning must—

(A) designate, or provide for the establishment of, a single State agency, which may be an interdepartmental agency, as the sole agency for administering or supervising the administration of the State’s health planning functions under the plan;

(B) provide for the establishment of a State health planning council, which shall include representatives of Federal, State, and local agencies (including as an ex officio member, if there is located in such State one or more hospitals or other health care facilities of the Department of Veterans Affairs, the individual whom the Secretary of Veterans Affairs shall have designated to serve on such council as the representative of the hospitals or other health care facilities of such Department which are located in such State) and non-governmental organizations and groups concerned with health (including representation of the regional medical program or programs included in whole or in part within the State), and of consumers of health services, to advise such State agency in carrying out its functions under the plan, and a majority of the membership of such council shall consist of representatives of consumers of health services;

(C) set forth policies and procedures for the expenditure of funds under the plan, which, in the judgment of the Secretary, are designed to provide for comprehensive State planning for health services (both public and private and including home health care), including the facilities and persons required for the provision of such services, to meet the health needs of the people of the State and including environmental considerations as they relate to public health;

(D) provide for encouraging cooperative efforts among governmental or nongovernmental agencies, organizations and groups concerned with health services, facilities, or manpower, and for cooperative efforts between such agencies, organizations, and groups and similar agencies, organizations, and groups in the fields of education, welfare, and rehabilitation;

(E) contain or be supported by assurances satisfactory to the Secretary that the funds paid under this subsection will be used to supplement and, to the extent practicable, to increase the level of funds that would otherwise be made available by the State for the purpose of comprehensive health planning and not to supplant such non-Federal funds;

(F) provide such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are found by the Secretary to be necessary for the proper and efficient operation of the plan;

(G) provide that the State agency will make such reports, in such form and containing such information, as the Secretary may from time to time reasonably require, and will keep such records and afford such access thereto as the Secretary finds necessary to assure the correctness and verification of such reports;

(H) provide that the State agency will from time to time, but not less often than annually, review its State plan approved under this subsection and submit to the Secretary appropriate modifications thereof;

(I) effective July 1, 1968, (i) provide for assisting each health care facility in the State to develop a program for capital expenditures for replacement, modernization, and expansion which is consistent with an overall State plan developed in accordance with criteria established by the Secretary after consultation with the State which will meet the needs of the State for health care facilities, equipment, and services without duplication and otherwise in the most efficient and economical manner, and (ii) provide that the State agency furnishing such assistance will periodically review the program (developed pursuant to clause (i)) of each health care facility in the State and recommend appropriate modification thereof;

(J) provide for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for funds paid to the State under this subsection; and

(K) contain such additional information and assurances as the Secretary may find necessary to carry out the purposes of this subsection.

(3)(A) From the sums appropriated for such purpose for each fiscal year, the several States shall be entitled to allotments determined, in accordance with regulations, on the basis of the population and the per capita income of the respective States; except that no such allotment to any State for any fiscal year shall be less than 1 per centum of the sum appropriated for such fiscal year pursuant to paragraph (1). Any such allotment to a State for a fiscal year shall remain available for obligation by the State, in accordance with the provisions of this subsection and the State’s plan approved there-
under, until the close of the succeeding fiscal year.

(B) The amount of any allotment to a State under subparagraph (A) for any fiscal year which the Secretary determines will not be required by the State, during the period for which it is available, for the purposes for which allotted shall be available for reallocation by the Secretary from time to time, on such date or dates as he may fix, to other States with respect to which such a determination has not been made, in proportion to the original allotments to such States under subparagraph (A) for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount so reallocated to a State from funds appropriated pursuant to this subsection for a fiscal year shall be deemed part of its allotment under subparagraph (A) for such fiscal year.

(4) From each State’s allotment for a fiscal year under this subsection, the State shall from time to time pay the Federal share of the expenditures incurred during that year or the succeeding year pursuant to its State plan approved under this subsection. Such payments shall be made on the basis of estimates by the Secretary of the sums the State will need in order to perform the planning under its approved State plan under this subsection, but with such adjustments as may be necessary to take account of previously made underpayments or overpayments. The “Federal share” for any State for purposes of this subsection shall be all, or such part as the Secretary may determine, of the cost of such planning, except that in the case of the allotments for the fiscal year ending June 30, 1970, it shall not exceed 75 per centum of such cost.

(b) Project grants for areawide health planning; authorization of appropriations; prerequisites for grants; application; contents

(1)(A) The Secretary is authorized, during the period beginning July 1, 1966, and ending June 30, 1970, to make grants to any public or nonprofit private agency, institution, and organization which is consistent with an overall State plan approved under this section, for the planning and making of a comprehensive regional, metropolitan area, or other plan for capital expenditures for replacement, modernization, and expansion of health care facilities, and practicing physicians serving such area, and the general public. For the purposes of carrying out this subsection, there are hereby authorized to be appropriated $5,000,000 for the fiscal year ending June 30, 1967, $7,500,000 for the fiscal year ending June 30, 1968, $10,000,000 for the fiscal year ending June 30, 1969, $15,000,000 for the fiscal year ending June 30, 1970, $20,000,000 for the fiscal year ending June 30, 1971, $30,000,000 for the fiscal year ending June 30, 1972, $40,000,000 for the fiscal year ending June 30, 1973, and $25,100,000 for the fiscal year ending June 30, 1974.

(B) Project grants may be made by the Secretary under subparagraph (A) to the State agency administering or supervising the administration of the State plan approved under subparagraph (A) of this section with respect to a particular region or area, but only if (i) no application for such a grant with respect to such region or area has been filed by any other agency or organization qualified to receive such a grant, and (ii) such State agency certifies, and the Secretary finds, that ample opportunity has been afforded to qualified agencies and organizations to file application for such a grant with respect to such region or area and that it is improbable that, in the foreseeable future, any agency or organization which is qualified for such a grant will file application therefor.

(2)(A) In order to be approved under this subsection, an application for a grant under this subsection must contain or be supported by reasonable assurances that there has been or will be established, in or for the area with respect to which such grant is sought, an areawide health planning council. The membership of such council shall include representatives of public, voluntary, and nonprofit private agencies, institutions, and organizations concerned with health (including representatives of the interests of local government of the regional medical program for such area, and of consumers of health services). A majority of the members of such council shall consist of representatives of consumers of health services.

(B) In addition, an application for a grant under this subsection must contain or be supported by reasonable assurances that the areawide health planning agency has made provision for assisting health care facilities in its area to develop a program for capital expenditures for replacement, modernization, and expansion which is consistent with an overall State plan which will meet the needs of the State and the area for health care facilities, equipment, and services without duplication and otherwise in the most efficient and economical manner.

(c) Project grants for training, studies, and demonstrations; authorization of appropriations

The Secretary is also authorized, during the period beginning July 1, 1966, and ending June 30, 1974, to make grants to any public or non-

AMENDMENTS

1991—Subsec. (a)(2)(B). Pub. L. 102–54 substituted “Department of Veterans Affairs” for “Veterans Administration”, “Secretary of Veterans Affairs” for “Administrator of Veterans Affairs” and “such Department” for “such Administration”. 1985—Subsec. (g). Pub. L. 99–117 directed that subsec. (g) be repealed. Previously, subsec. (g) was repealed by Pub. L. 96–368. See 1989 Amendment note below. 1981—Subsec. (d). Pub. L. 96–35 struck out subsec. (d) which related to grants for services, form, manner, etc., of application, review of activities undertaken, allotments, and authorization of appropriations. 1980—Subsec. (g). Pub. L. 96–18 struck out subsec. (g) which related to application, procedures applicable, amount, etc., for State mental health program grants.

1970—Pub. L. 91–515, §282, substituted “Secretary” for “Surgeon General” in subsecs. (a)(1), (a)(2)(C), (E) to (H), (K), (a)(3)(B), (a)(4), (b)(1)(A), (c), (d)(1), (d)(2)(C), (F) to (H), (J), (d)(4)(A), (d)(6), and (g)(1) to (3).

Pub. L. 91–296, §111(b), inserted provisions requiring that before grants be made to agencies or organizations to develop or revise health plans for an area the Secretary determine that the agency or organization provide systems for appropriate representation of the interest of the hospitals, practicing physicians, and the general public.
Subsec. (g)(4)(B). Pub. L. 90–174 struck out subsec. (h) to (m) which dealt, respectively, with requirement that State funds be provided for same purpose as that for which allotted funds are spent, cessation of Federal aid and procedures in connection therewith, promulgation of rules and regulations and consultation with State health authorities precedent thereto, availability of appropriated funds for administrative expenses including printing and travel expenses, applicability of section to Guam and Samoa, and reduction of payments commensurate to expense of detailing Public Health Service personnel to States.

Subsec. (m). Pub. L. 87–385, §2(d), added subsec. (m).

particularly vulnerable population groups, and development and regulation of health care facilities and health services delivery systems; and

"(B) The States and their communities, not the Federal Government, should have primary responsibility for identifying and measuring the impact of public health problems and the allocation of resources for their amelioration."

Section 2 of Pub. L. 89–749 provided that:

"(a) The Congress declares that fulfillment of our national purpose depends on promoting and assuring the highest level of health attainable for every person, in an environment which contributes positively to healthful individual and family living; that attainment of this goal depends on an effective partnership, involving close intergovernmental collaboration, official and voluntary efforts, and participation of individuals and organizations; that Federal financial assistance must be directed to support the marshaling of all health resources—national, State, and local—to assure comprehensive health services of high quality for every person, but without interference with existing patterns of private professional practice of medicine, dentistry, and related healing arts.

"(b) To carry out such purpose, and recognizing the changing character of health problems, the Congress finds that comprehensive planning for health services, health manpower, and health facilities is essential at every level of government; that desirable administration requires strengthening the leadership and capacities of State health agencies; and that support of health services provided people in their communities should be broadened and made more flexible."

Section 2 of act July 3, 1966, provided that:

"(a) The Congress hereby finds and declares—

"(1) that the latest information on the number and relevant characteristics of persons in the country suffering from heart disease, cancer, diabetes, arthritis and rheumatism, and other diseases, injuries, and handicapping conditions is now seriously out of date; and

"(2) that periodic inventories providing reasonably current information on these matters are urgently needed for purposes such as (A) appraisal of the true state of health of our population (including both adults and children), (B) adequate planning of any programs to improve their health, (C) research in the field of chronic diseases, and (D) measurement of the numbers of persons in the working ages so disabled as to be unable to perform gainful work.

"(b) It is, therefore, the purpose of this Act [see Short Title of 1966 Amendment note set out under section 201 of this title] to provide (1) for a continuing survey and related healing arts.

"(b) To carry out such purpose, and recognizing the changing character of health problems, the Congress finds that comprehensive planning for health services, health manpower, and health facilities is essential at every level of government; that desirable administration requires strengthening the leadership and capacities of State health agencies; and that support of health services provided people in their communities should be broadened and made more flexible.

Section 2 of act July 3, 1966, provided that:

"(a) The Congress hereby finds and declares—

"(1) that the latest information on the number and relevant characteristics of persons in the country suffering from heart disease, cancer, diabetes, arthritis and rheumatism, and other diseases, injuries, and handicapping conditions is now seriously out of date; and

"(b) It is, therefore, the purpose of this Act [see Short Title of 1966 Amendment note set out under section 201 of this title] to provide (1) for a continuing survey and special studies to secure on a non-compulsory basis accurate and current statistical information on the amount, distribution, and effects of illness and disability in the United States and the services received for or because of such conditions; and (2) for studying methods and survey techniques for securing such statistical information, with a view toward their continuing improvement."

LIMITATION ON GRANTS-IN-AID TO SCHOOLS OF PUBLIC HEALTH

Section 2 of Pub. L. 85–544, which had limited the authority of the Surgeon General to make grants-in-aid totaling not to exceed $1,000,000 annually to schools of public health for fiscal year beginning July 1, 1954, and July 1, 1956, was repealed by section 2 of Pub. L. 86–720, Sept. 8, 1960, 74 Stat. 820.

GRANTS TO STATES TO PROVIDE FOR VACCINATION AGAINST POLIOMYELITIS

APPLICABILITY OF REORGANIZATION PLAN NO. 3 OF 1966

Section 7 of Pub. L. 89–749 provided that: "The provisions enacted by this Act [amending this section and sections 242g and 243 of this title] shall be subject to the provisions of Reorganization Plan No. 3 of 1966 [set out as a note under section 202 of this title]."

§ 246a. Bureau of State Services management fund; establishment; advancements; availability

For the purpose of facilitating the economical and efficient conduct of operations in the Bureau of State Services which are financed by two or more appropriations where the costs of operation are not readily susceptible of distribution as charges to such appropriations, there is established the Bureau of State Services management fund. Such amounts as the Secretary may determine to represent a reasonable distribution of estimated costs among the various appropriations involved may be advanced each year to this fund and shall be available for expenditure for such costs under such regulations as may be prescribed by the Secretary: Provided, That funds advanced to this fund shall be available only in the fiscal year in which they are advanced: Provided further, That final adjustments of advances in accordance with actual costs shall be effected wherever practicable with the appropriations from which such funds are advanced.

CONCIPATION

Section was not enacted as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

§ 247. Omitted

Section, act July 1, 1944, ch. 373, title III, § 315, as added Oct. 4, 1968, Pub. L. 100–471, § 1, 102 Stat. 2284, which related to grants for treatment drugs for acquired immune deficiency syndrome, ceased to exist Mar. 31, 1989, pursuant to subsec. (d) thereof.

PRIOR PROVISIONS

§ 247a. Family support groups for Alzheimer's disease patients

(a) Establishment; priorities

Subject to available appropriations, the Secretary, acting through the National Institute of
Mental Health, the National Institutes of Health, and the Administration on Aging, shall promote the establishment of family support groups to provide, without charge, educational, emotional, and practical support to assist individuals with Alzheimer’s disease or a related memory disorder and members of the families of such individuals. In promoting the establishment of such groups, the Secretary shall give priority to—

(1) university medical centers and other appropriate health care facilities which receive Federal funds from the Secretary and which conduct research on Alzheimer’s disease or provide services to individuals with such disease; and

(2) community-based programs which receive funds from the Secretary, acting through the Administration on Aging.

(b) National network to coordinate groups

The Secretary shall promote the establishment of a national network to coordinate the family support groups described in subsection (a) of this section.

Prior Provisions

Amendments

1993—Subsec. (c). Pub. L. 103–43 struck out subsec. (c) which read as follows: “The Secretary shall report to Congress, not later than one year after May 23, 1986, on family support groups and the network of such groups established pursuant to this section.”

§ 247b. Project grants for preventive health services

(a) Grant authority

The Secretary may make grants to States, and in consultation with State health authorities, to political subdivisions of States and to other public entities to assist them in building the costs of establishing and maintaining preventive health service programs.

(b) Application

No grant may be made under subsection (a) of this section unless an application therefor has been submitted to, and approved by, the Secretary. Such an application shall be in such form and be submitted in such manner as the Secretary shall by regulation prescribe and shall provide—

(1) a complete description of the type and extent of the program for which the applicant is seeking a grant under subsection (a) of this section;

(2) with respect to each such program (A) the amount of Federal, State, and other funds obligated by the applicant in its latest annual accounting period for the provision of such program, (B) a description of the services provided by the applicant in such program in such period, (C) the amount of Federal funds needed by the applicant to continue providing such services in such program, and (D) if the applicant proposes changes in the provision of the services in such program, the priorities of such proposed changes, reasons for such changes, and the amount of Federal funds needed by the applicant to make such changes;

(3) assurances satisfactory to the Secretary that the program which will be provided with funds under a grant under subsection (a) of this section will be provided in a manner consistent with the State health plan in effect under section 300m–3(c) of this title and in those cases where the applicant is a State, that such program will be provided, where appropriate, in a manner consistent with any plans in effect under an application approved under section 247 of this title;

(4) assurances satisfactory to the Secretary that the applicant will provide for such fiscal control and fund accounting procedures as the Secretary by regulation prescribes to assure the proper disbursement of and accounting for funds received under grants under subsection (a) of this section;

(5) assurances satisfactory to the Secretary that the applicant will provide for periodic evaluation of its program or programs;

(6) assurances satisfactory to the Secretary that the applicant will make such reports (in such form and containing such information as the Secretary may by regulation prescribe) as the Secretary may reasonably require and keep such records and afford such access thereto as the Secretary may find necessary to assure the correctness of, and to verify, such reports;

(7) assurances satisfactory to the Secretary that the applicant will comply with any other conditions imposed by this section with respect to grants; and

(8) such other information as the Secretary may by regulation prescribe.

(c) Approval; annual project review

(1) The Secretary shall not approve an application submitted under subsection (b) of this section for a grant for a program for which a grant was previously made under subsection (a) of this section unless the Secretary determines—

(A) the program for which the application was submitted is operating effectively to achieve its stated purpose,

(B) the applicant complied with the assurances provided the Secretary when applying for such previous grant, and

(C) the applicant will comply with the assurances provided with the application.

(2) The Secretary shall review annually the activities undertaken by each recipient of a grant

See References in Text note below.
under subsection (a) of this section to determine if the program assisted by such grant is operating effectively to achieve its stated purposes and if the recipient is in compliance with the assurances provided the Secretary when applying for such grant.

(d) Amount of grant; payment

The amount of a grant under subsection (a) of this section shall be determined by the Secretary. Payments under such grants may be made in advance on the basis of estimates or by the way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants.

(e) Reduction

The Secretary, at the request of a recipient of a grant under subsection (a) of this section, may reduce the amount of such grant by—

(1) the fair market value of any supplies (including vaccines and other preventive agents) or equipment furnished the grant recipient, and

(2) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the grant recipient and the amount of any other costs incurred in connection with the detail of such officer or employee, when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such grant recipient and for the purpose of carrying out a program with respect to which the grant under subsection (a) of this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the grant recipient.

(f) Recordkeeping; audit authority

(1) Each recipient of a grant under subsection (a) of this section shall keep such records as the Secretary shall by regulation prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the undertaking in connection with which such grant was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of grants under subsection (a) of this section that are pertinent to such grants.

(g) Use of grant funds; mandatory treatment prohibited

(1) Nothing in this section shall limit or otherwise restrict the use of funds which are granted to a State or to an agency or a political subdivision of a State under provisions of Federal law (other than this section) and which are available for the conduct of preventive health service programs from being used in connection with programs assisted through grants under subsection (a) of this section.

(2) Nothing in this section shall be construed to require any State or any agency or political subdivision of a State to have a preventive health service program which would require any person, who objects to any treatment provided under such a program, to be treated or to have any child or ward treated under such program.

(h) Reports

The Secretary shall include, as part of the report required by section 300u–4 of this title, a report on the extent of the problems presented by the diseases and conditions referred to in subsection (j) of this section; on the amount of funds obligated under grants under subsection (a) of this section in the preceding fiscal year for each of the programs listed in subsection (j) of this section; and on the effectiveness of the activities assisted under grants under subsection (a) of this section in controlling such diseases and conditions.

(i) Technical assistance

The Secretary may provide technical assistance to States, State health authorities, and other public entities in connection with the operation of their preventive health service programs.

(j) Authorization of appropriations

(1) Except for grants for immunization programs the authorization of appropriations for which are established in paragraph (2), for grants under subsections (a) and (k)(1) of this section for preventive health service programs to immunize without charge children, adolescents, and adults against vaccine-preventable diseases, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1998 through 2005. Not more than 10 percent of the total amount appropriated under the preceding sentence for any fiscal year shall be available for grants under subsection (k)(1) of this section for such fiscal year.

(2) For grants under subsection (a) of this section for preventive health service programs for the provision without charge of immunizations with vaccines approved for use, and recommended for routine use, after October 1, 1997, there are authorized to be appropriated such sums as may be necessary.

(k) Additional grants to States, political subdivisions, and other public and nonprofit private entities

(1) The Secretary may make grants to States, political subdivisions of States, and other public and nonprofit private entities for—

(A) research into the prevention and control of diseases that may be prevented through vaccination; 

(B) demonstration projects for the prevention and control of such diseases; 

(C) public information and education programs for the prevention and control of such diseases; and
(D) education, training, and clinical skills improvement activities in the prevention and control of such diseases for health professionals (including allied health personnel).

(2) The Secretary may make grants to States, political subdivisions of States, and public and nonprofit private entities for—

(A) research into the prevention and control of diseases and conditions;

(B) demonstration projects for the prevention and control of such diseases and conditions;

(C) public information and education programs for the prevention and control of such diseases and conditions for health professionals (including allied health personnel).

(3) No grant may be made under this subsection unless an application therefor is submitted to the Secretary in such form, at such time, and containing such information as the Secretary may by regulation prescribe.

(4) Subsections (d), (e), and (f) of this section shall apply to grants under this subsection in the same manner as such subsections apply to grants under subsection (a) of this section.

(5) No more than 10 percent of the amount appropriated under this section for any fiscal year shall be available for grants under subsection (k)(2) of this section for such fiscal year.

Subsec. (j)(2). Pub. L. 103–183, §301(b)(2)(A), (B), redesignated par. (3) as (2) and struck out former par. (2) which read as follows: "The Secretary may make grants to States, political subdivisions of States, and other public and nonprofit private entities for—

(a) research into the prevention, control, and elimination of tuberculosis, especially research concerning strains of tuberculosis resistant to drugs and research concerning cases of tuberculosis that affect certain populations;

(b) demonstration projects for the prevention, control, and elimination of tuberculosis;

(c) public information and education programs for prevention, control, and elimination of tuberculosis; and

(d) education, training, and clinical skills improvement activities in the prevention, control, and elimination of tuberculosis for health professionals, including allied health personnel."
Subsec. (k). Pub. L. 100–177, §111(b), added subsec. (k).
1981—Subsec. (a). Pub. L. 97–35, §928(a), struck out par. (1) which related to grants to State health authorities, and redesignated par. (2) as entire section and, as so redesignated, struck out reference to former par. (1).
1979—Subsec. (j)(4), (5). Pub. L. 96–32 added par. (4), redesignated former par. (4) as (5) and, in par. (3) as so redesignated, substituted ‘‘paragraph (1), (2), (3), or (4) for ‘‘paragraph (1), (2), or (3)’’’.
1978—Pub. L. 95–626, §202, amended section generally, substituting provisions relating to project grants for preventive health services for provisions relating to grants for disease control programs.
Subsec. (g)(2). Pub. L. 95–626, §204(b)(2), struck out ‘‘Except as provided in section 247f of this title, ‘‘before ‘‘No funds appropriated under any provision of this chapter’’’.
1976—Pub. L. 94–317 amended section generally to include many non-communicable diseases as well as expanding coverage of communicable diseases, increased appropriations for grants, widened scope of Secretary’s authority to make grants and enter into contracts to include nonprofit private entities, and required a report from the Secretary on the effectiveness of all Federal and other public and private activities in controlling the diseases covered under this section.
1974—Subsec. (a). Pub. L. 93–354, §4(1)–(3), substituted ‘‘communicable and other disease control’’ for ‘‘communicable disease control’’, ‘‘communicable and other diseases’’ for ‘‘communicable diseases’’, and ‘‘communicable and other disease control program’’ for ‘‘communicable disease program’’.
Subsec. (i). Pub. L. 93–354, §4(1), substituted ‘‘communicable and other disease control’’ for ‘‘communicable disease control’’.
1972—Subsec. (a). Pub. L. 92–449 substituted provision for grants by the Secretary in consultation with the State health authority to agencies and political subdivisions of States, for former provision for grants by the Secretary with the approval of the State health authority to political subdivisions or instrumentalities of States, incorporated existing provisions in provision designated as cl. (1), inserting ‘‘in the area served by the applicant for the grant’’, substituting a cl. (2) reading ‘‘design of the applicant’s communicable disease program to determine its effectiveness’’, for former provision reading ‘‘levels of performance in preventing and controlling such disease’’, struck out appropriations authorization of $75,000,000 and $90,000,000 for fiscal years ending June 30, 1971, and 1972, now covered for subsequent years in subsec. (d), and struck out provision for use of grants to meet cost of studies to determine the control needs of communities and the means of best meeting such needs, now covered in subsec. (h)(1) of this section.
Subsec. (b). Pub. L. 92–449 substituted provisions of par. (1) respecting applications for grants, submission, approval, form, and content of applications; par. (2) respecting application requirements; par. (3) respecting former former subsec. (g) provisions respecting consent of individuals for former definitions provision now incorporated in subsec. (b) of this section.
Subsec. (c). Pub. L. 92–449 designated existing provisions as par. (1) and among minor punctuation changes inserted ‘‘under grants’’ after ‘‘Payments’’; and redesignated former subsec. (d) as par. (2), inserted of the government after ‘‘in detailing the personnel for ‘‘personal services’’, and struck out provision that reduced amount shall, for purposes of subsec. (c), be deemed to have been paid to the agency.
Subsec. (g). Pub. L. 92–449 incorporated former subsec. (f) provisions in introductory text and cl. (3), prescribed a January 1 submission date, and inserted provisions of cls. (1), (2), and (4), For: an example, inserted ‘‘in detailing the personnel for ‘‘personal services’’, and struck out provision that reduced amount shall, for purposes of subsec. (c), be deemed to have been paid to the agency.
Subsec. (h). Pub. L. 92–449 redesignated former subsec. (b) as (h), substituted in introductory text ‘‘this section’’ for ‘‘this subsection’’, and in par. (1) struck ‘‘venerable disease’’ after ‘‘tuberculosis’’, inserted ‘‘other than venerable disease’’ after ‘‘other communicable diseases’’, and included in definition of ‘‘communicable disease control program’’ vaccination programs, laboratory services, and control studies.
Subsec. (i). Pub. L. 92–449 redesignated former subsec. (e) as (i), inserted reference to agency of a State, and substituted ‘‘under provisions of Federal law (other than this chapter)’’ for ‘‘under other provisions of this chapter or other Federal law’’.
1970—Subsec. (a). Pub. L. 91–464 authorized appropriations of $75,000,000 for fiscal year ending June 30, 1971, and $90,000,000 for fiscal year ending June 30, 1972, and made award of grants dependent upon extent of communicable disease and success of programs and permitted use of grants for meeting cost of programs and studies to control communicable diseases and struck out reference to purchase of vaccines and use of grants for salaries and expenses of personnel and to authority of the Surgeon General.
Subsec. (b). Pub. L. 91–464 substituted definitions of ‘‘communicable disease control program’’ and ‘‘State’’ for ‘‘definition of ‘‘immunization program’’’.
Subsec. (c). Pub. L. 91–464 substituted reference to Secretary for reference to Surgeon General and struck out provisions relating to purchasing and furnishing of vaccines and requirement of obtaining assurances from recipients of grants.
Subsec. (e). Pub. L. 91–464 struck out reference to title V of the Social Security Act and substituted pro-
visions for the use of funds for the conduct of communicable disease control programs for provisions for the purchase of vaccine or for organizing, promoting, conducting, or participating in immunization programs.

Subsecs. (f), (g). Pub. L. 91–464 added subsecs. (f) and (g).

1965—Subsec. (a). Pub. L. 89–109, §2(a), (b), (d)(1), inserted “and each of the next three fiscal years”, substituted “the fiscal year ending prior to July 1, 1968” for “the fiscal years ending June 30, 1963, and June 30, 1964”, “tetanus, and measles” for “and tetanus”, “of preschool age” for “under the age of five years”, and “immunization” for “intensive community vaccination”, and permitted grants to be used to pay costs in connection with immunization of other infectious diseases.

Subsec. (b). Pub. L. 89–109, §2(c), (d)(1), substituted “against the diseases referred to in subsection (a) of this section” for “against poliomyelitis, diphtheria, whooping cough, and tetanus”, “of preschool age” for “who are under the age of five years” and “immunization” for “intensive community vaccination” in two places.

Subsec. (c). Pub. L. 89–109, §2(d)(1), (e), inserted “on the basis of estimates” and “(with necessary adjustments on account of underpayments or overpayments)” in par. (1), and substituted “immunization” for “intensive community vaccination” in pars. (2) and (3).

ASSISTANCE OF ADMINISTRATOR OF VETERANS’ AFFAIRS IN ADMINISTRATION OF NATIONAL SWINE FLU IMMUNIZATION PROGRAM OF 1976; CLAIMS FOR DAMAGES

Pub. L. 94–140, §3, Sept. 23, 1976, 90 Stat. 1301, provided that, in order to assist Secretary of Health, Education, and Welfare in carrying out National Swine Flu Immunization Program of 1976 pursuant to 42 U.S.C. 247b(j), as added by Pub. L. 94–380, Administrator of Veterans’ Affairs, in accordance with 42 U.S.C. 247b(j), could authorize administration of vaccine, procured under such program and provided by Secretary at no cost to Veterans’ Administration, to eligible veterans (voluntarily requesting such vaccine) in connection with provision of care for a disability under chapter 17 of title 38, in any health care facility under jurisdiction of Administrator, and provided for consideration and processing of claims and suits for damages for personal injury or death, in connection with administration of vaccine.

STUDY BY SECRETARY OF SCOPE AND EXTENT OF LIABILITY ARISING OUT OF IMMUNIZATION PROGRAM; ALTERNATIVE PROTECTIVE APPROACHES; REPORT TO CONGRESS

Section 3 of Pub. L. 94–380 directed Secretary to conduct a study of liability for personal injuries or death arising out of immunization programs and of alternative approaches to provide protection against such liability and report to Congress on findings of such study by Aug. 12, 1977.

§ 247b–1. Screenings, referrals, and education regarding lead poisoning

(a) Authority for grants

(1) In general

Subject to paragraph (2), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and political subdivisions of States for the initiation and expansion of community programs designed—

(A) to provide, for infants and children—

(i) screening for elevated blood lead levels;

(ii) referral for treatment of such levels; and

(II) referral for environmental intervention associated with such levels; and

(B) to provide education about childhood lead poisoning.

(2) Authority regarding certain entities

With respect to a geographic area with a need for activities authorized in paragraph (1), in any case in which neither the State nor the political subdivision in which such area is located has applied for a grant under paragraph (1), the Secretary may make a grant under such paragraph to any entity (other than a political subdivision) that meets the requirements of paragraph (1) for carrying out such activities in the area.

(3) Provision of all services and activities through each grantee

In making grants under paragraph (1), the Secretary shall ensure that each of the activities described in such paragraph is provided through each grantee under such paragraph. The Secretary may authorize such a grantee

1 See References in Text notes below.
to provide the services and activities directly, or through arrangements with other providers.

(b) Status as medicaid provider

(1) In general

Subject to paragraph (2), the Secretary may not make a grant under subsection (a) of this section unless, in the case of any service described in such subsection that is made available pursuant to the State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the State involved—

(A) the applicant for the grant will provide the service directly, and the applicant has entered into a participation agreement under the State plan and is qualified to receive payments under such plan; or

(B) the applicant will enter into an agreement with a provider under which the provider will provide the service, and the provider has entered into such a participation agreement and is qualified to receive such payments.

(2) Waiver regarding certain secondary agreements

(A) In the case of a provider making an agreement pursuant to paragraph (1)(B) regarding the provision of services, the requirement established in such paragraph regarding a participation agreement shall be waived by the Secretary if the provider does not, in providing health care services, impose a charge or accept reimbursement available from any third-party payor, including reimbursement under any insurance policy or under any Federal or State health benefits plan.

(B) A determination by the Secretary of whether a provider referred to in subparagraph (A) meets the criteria for a waiver under such subparagraph shall be made without regard to whether the provider accepts voluntary donations regarding the provision of services to the public.

c) Priority in making grants

In making grants under subsection (a) of this section, the Secretary shall give priority to applications for programs that will serve areas with a high incidence of elevated blood lead levels in infants and children.

d) Grant application

No grant may be made under subsection (a) of this section, unless an application therefor has been submitted to, and approved by, the Secretary. Such an application shall be in such form and shall be submitted in such manner as the Secretary shall prescribe and shall include each of the following:

(1) A complete description of the program which is to be provided by or through the applicant.

(2) Assurances satisfactory to the Secretary that the program to be provided under the grant applied for will include educational programs designed to—

(A) communicate to parents, educators, and local health officials the significance and prevalence of lead poisoning in infants and children (including the sources of lead exposure, the importance of screening young children for lead, and the preventive steps that parents can take in reducing the risk of lead poisoning) which the program is designed to detect and prevent; and

(B) communicate to health professionals and paraprofessionals updated knowledge concerning lead poisoning and research (including the health consequences, if any, of low-level lead burden; the prevalence of lead poisoning among all socioeconomic groupings; the benefits of expanded lead screening; and the therapeutic and other interventions available to prevent and combat lead poisoning in affected children and families).

(3) Assurances satisfactory to the Secretary that the applicant will report on a quarterly basis the number of infants and children screened for elevated blood lead levels, the number of infants and children who were found to have elevated blood lead levels, the number and type of medical referrals made for such infants and children, the outcome of such referrals, and other information to measure program effectiveness.

(4) Assurances satisfactory to the Secretary that the applicant will make such reports respecting the program involved as the Secretary may require.

(5) Assurances satisfactory to the Secretary that the applicant will coordinate the activities carried out pursuant to subsection (a) of this section with related activities and services carried out in the State by grantees under title V or XIX of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq.].

(6) Assurances satisfactory to the Secretary that Federal funds made available under such a grant for any period will be so used as to supplement and, to the extent practical, increase the level of State, local, and other non-Federal funds that would, in the absence of such Federal funds, be made available for the program for which the grant is to be made and will in no event supplant such State, local, and other non-Federal funds.

(7) Assurances satisfactory to the Secretary that the applicant will ensure complete and consistent reporting of all blood lead test results from laboratories and health care providers to State and local health departments in accordance with guidelines of the Centers for Disease Control and Prevention for standardized reporting as described in subsection (m) of this section.

(8) Such other information as the Secretary may prescribe.

e) Relationship to services and activities under other programs

(1) In general

A recipient of a grant under subsection (a) of this section may not make payments from the grant for any service or activity to the extent that payment has been made, or can reasonably be expected to be made, with respect to such service or activity—

(A) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(B) by an entity that provides health services on a prepaid basis.
(2) Applicability to certain secondary agreements for provision of services

Paragraph (1) shall not apply in the case of a provider through which a grantee under subsection (a) of this section provides services under such subsection if the Secretary has provided a waiver under subsection (b)(2) of this section regarding the provider.

(f) Method and amount of payment

The Secretary shall determine the amount of a grant made under subsection (a) of this section. Payments under such grants may be made in advance on the basis of estimates or by way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants. Not more than 10 percent of any grant may be obligated for administrative costs.

(g) Supplies, equipment, and employee detail

The Secretary, at the request of a recipient of a grant under subsection (a) of this section, may reduce the amount of such grant by—

(1) the fair market value of any supplies or equipment furnished the grant recipient; and
(2) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the grant recipient and the amount of any other costs incurred in connection with the detail of such officer or employee;

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such grant recipient and for the purpose of carrying out a program with respect to which the grant under subsection (a) of this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the grant recipient.

(h) Records

Each recipient of a grant under subsection (a) of this section shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the undertaking in connection with which such grant was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(i) Audit and examination of records

The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of a grant under subsection (a) of this section, that are pertinent to such grant.

(j) Annual report

(1) In general

Not later than May 1 of each year, the Secretary shall submit to the Congress a report on the effectiveness during the preceding fiscal year of programs carried out with grants under subsection (a) of this section and of any programs that are carried out by the Secretary pursuant to subsection (l)(2) of this section.

(2) Certain requirements

Each report under paragraph (1) shall include, in addition to any other information that the Secretary may require, the following information:

(A) The number of infants and children screened.
(B) Demographic information on the population of infants and children screened, including the age and racial or ethnic status of such population.
(C) The number of screening sites.
(D) A description of the severity of the extent of the blood lead levels of the infants and children screened, expressed in categories of severity.
(E) The sources of payment for the screenings.
(F) The number of grantees that have established systems to ensure mandatory reporting of all blood lead tests from laboratories and health care providers to State and local health departments.
(G) A comparison of the data provided pursuant to subparagraphs (A) through (F) with the equivalent data, if any, provided in the report under paragraph (l) preceding the report involved.

(k) Indian tribes

For purposes of this section, the term “political subdivision” includes Indian tribes.

(l) Funding

(1) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated $40,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1994 through 2005.

(2) Allocation for other programs

Of the amounts appropriated under paragraph (1) for any fiscal year, the Secretary may reserve not more than 20 percent for carrying out programs regarding the activities described in subsection (a) of this section in addition to the program of grants established in such subsection.

(m) Guidelines for standardized reporting

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall develop national guidelines for the uniform reporting of all blood lead test results to State and local health departments.

The reference to section 254b of this title the first place appearing, referred to in subsec. (a)(2), was in the original a reference to section 329, meaning section 329 of act July 1, 1944, which was omitted in the general amendment of this title and amendments described in subparagraphs (A) through (E).

The Social Security Act, referred to in subsec. (b)(1) and (d)(5), is act Aug. 14, 1935, ch. 531, 49 Stat. 620, as amended. Titles V and XIX of the Act are classified generally to subchapters V (§ 701 et seq.) and XIX (§ 1396 et seq.), respectively, of chapter 7 of this title. For complete classification of this Act to the Code, see section 1305 of this title and Tables.
(ii) the Secretary of Housing and Urban Development;
(iii) the Administrator of the Environmental Protection Agency; and
(iv) senior staff of each of the officials specified in clauses (i) through (iii), as selected by the officials respectively.

(C) The Task Force shall—
(i) review, evaluate, and coordinate current strategies and plans formulated by the officials serving as members of the Task Force, including—
(I) the plan of the Secretary of Health and Human Services entitled "Strategic Plan for the Elimination of Lead Poisoning", dated February 21, 1991;
(II) the plan of the Secretary of Housing and Urban Development entitled "Comprehensive and Workable Plan for the Abatement of Lead-Based Paint in Privately Owned Housing", dated December 7, 1990; and
(III) the strategy of the Administrator of the Environmental Protection Agency entitled "Strategy for Reducing Lead Exposures", dated February 21, 1991;
(ii) develop a unified implementation plan for programs that receive Federal financial assistance for activities related to the prevention of lead poisoning;
(iii) establish a mechanism for sharing and disseminating information among the agencies represented on the Task Force;
(iv) identify the most promising areas of research and education concerning lead poisoning;
(v) identify the practical and technological constraints to expanding lead poisoning prevention;
(vi) annually carry out a comprehensive review of Federal programs providing assistance to prevent lead poisoning, and not later than May 1 of each year, submit to the Committee on Labor and Human Resources of the Senate and the Committee on the Environment and Public Works of the Senate, and to the Committee on Energy and Commerce of the House of Representatives, a report that summarizes the findings made as a result of such review and that contains the recommendations of the Task Force on the programs and policies with respect to which the Task Force is established, including related budgetary recommendations; and
(vii) annually review and coordinate departmental and agency budgetary requests with respect to all lead poisoning prevention activities of the Federal Government.

(b) Technology assessment and epidemiology

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall, directly or through grants or contracts—
(1) provide for the development of improved, more cost-effective testing measures for detecting lead toxicity in children;
(2) provide for the development of improved methods of assessing the prevalence of lead poisoning, including such methods as may be necessary to conduct individual assessments for each State;
(3) provide for the collection of data on the incidence and prevalence of lead poisoning of infants and children, on the demographic characteristics of infants and children with such poisoning (including racial and ethnic status), and on the source of payment for treatment for such poisoning (including the extent to which insurance has paid for such treatment); and
(4) provide for any applied research necessary to improve the effectiveness of programs for the prevention of lead poisoning in infants and children.

(7) 1986—Pub. L. 99–660 substituted "Secretary of Labor" for "Secretary of Health and Human Services" in the fifth, sixth, and seventh full par.

§ 247b–3a. Training and reports by the Health Resources and Services Administration

(a) Training

The Secretary of Health and Human Services, acting through the Administrator of the Health Resources and Services Administration and in collaboration with the Administrator of the Centers for Medicare & Medicaid Services and the Director of the Centers for Disease Control and Prevention, shall conduct education and training programs for physicians and other health care providers regarding childhood lead poisoning, current screening and treatment recommendations and requirements, and the scientific, medical, and public health basis for those policies.

(b) Report

The Secretary of Health and Human Services, acting through the Administrator of the Health Resources and Services Administration, annually shall report to Congress on the number of children who received services through health centers established under section 25b of this title and received a blood lead screening test during the prior fiscal year, noting the percentage that such children represent as compared to all children who received services through such health centers.

(c) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be nec-
§ 247b–4
TITLE 42—THE PUBLIC HEALTH AND WELFARE

(a) In general

(1) National Center

There is established within the Centers for Disease Control and Prevention a center to be known as the National Center on Birth Defects and Developmental Disabilities (referred to in this section as the “Center”), which shall be headed by a director appointed by the Director of the Centers for Disease Control and Prevention.

(2) General duties

The Secretary shall carry out programs—

(A) to collect, analyze, and make available data on birth defects, developmental disabilities, and disabilities and health (in a manner that facilitates compliance with subsection (c)(2) of this section), including data on the causes of such defects and disabilities and on the incidence and prevalence of such defects and disabilities;

(B) to operate regional centers for the conduct of applied epidemiological research on the prevention of such defects and disabilities;

(C) to provide information and education to the public on the prevention of such defects and disabilities;

(D) to conduct research on and to promote the prevention of such defects and disabilities, and secondary health conditions among individuals with disabilities; and

(E) to support a National Spina Bifida Program to prevent and reduce suffering from the Nation’s most common permanently disabling birth defect.

(3) Folic acid

The Secretary shall carry out section 247b–11 of this title through the Center.

(4) Certain programs

(A) Transfers

All programs and functions described in subparagraph (B) are transferred to the Center, effective upon the expiration of the 180-day period beginning on October 17, 2000.

(B) Relevant programs

The programs and functions described in this subparagraph are all programs and functions that—

(i) relate to birth defects; folic acid; cerebral palsy; mental retardation; child development; newborn screening; autism; fragile X syndrome; fetal alcohol syndrome; pediatric genetic disorders; disability prevention; or other relevant diseases, disorders, or conditions as determined 1 the Secretary; and

(ii) were carried out through the National Center for Environmental Health as of the day before October 17, 2000.

(b) Grants and contracts

(1) In general

In carrying out subsection (a) of this section, the Secretary may make grants to and enter into contracts with public and nonprofit private entities.

(2) Supplies and services in lieu of award funds

(A) Upon the request of a recipient of an award of a grant or contract under paragraph (1), the Secretary may, subject to subparagraph (B), provide supplies, equipment, and services for the purpose of aiding the recipient in carrying out the purposes for which the award is made and, for such purposes, may detail to the recipient any officer or employee of the Department of Health and Human Services.

(B) With respect to a request described in subparagraph (A), the Secretary shall reduce the amount of payments under the award in- volved by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(3) Application for award

The Secretary may make an award of a grant or contract under paragraph (1) only if an application for the award is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out the purposes for which the award is to be made.

(c) Biennial report

Not later than February 1 of fiscal year 1999 and of every second such year thereafter, the Secretary shall submit to the Committee on

‘‘(2) Thousands of the 150,000 infants born with a serious birth defect annually face a lifetime of chronic disability and illness.‘’

AMENDMENTS

Subsecs. (b), (c). Pub. L. 108–154, § 2(2)(B), redesignated subsecs. (c) and (d) as (b) and (c), respectively, and struck out former subsec. (b) which related to additional provisions regarding collection of data.

Subsec. (d)(1). Pub. L. 108–154, § 2(3)(A), added par. (1) and struck out former par. (1) which read as follows: ‘‘contains information regarding the incidence and prevalence of birth defects and to the extent to which birth defects have contributed to the incidence and prevalence of infant mortality;’’. Subsec. (d)(2). Pub. L. 108–154, § 2(3)(B), inserted ‘‘, developmental disabilities, and secondary health conditions among individuals with disabilities’’ after ‘‘defects’’.

Subsec. (d)(5) to (7). Pub. L. 108–154, § 2(3)(C)–(E), added paras. (5) and (6) and redesignated former par. (5) as (7).

Subsec. (f). Pub. L. 108–154, § 2(6) substituted ‘‘such sums as may be necessary for each of fiscal years 2003 through 2007.’’ for ‘‘$30,000,000 for fiscal year 1999, $40,000,000 for fiscal year 2000, and such sums as may be necessary for each of the fiscal years 2001 and 2002.’’

Subsec. (a). Pub. L. 106–310, § 611(2), added subsec. (a) and struck out heading and text of former subsec. (a) relating to Secretary’s responsibility, acting through the Centers for Disease Control and Prevention, in the care and prevention of birth defects.

Subsec. (b)(1). Pub. L. 106–310, § 611(3), substituted ‘‘subsection (a)(2)(A) of this section’’ for ‘‘subsection (a)(1) of this section’’ in introductory provisions.

“(3) Birth defects threaten the lives of infants of all racial and ethnic backgrounds. However, some conditions pose excess risks for certain populations. For example, compared to all infants born in the United States, Hispanic-American infants are more likely to be born with anencephaly and other neural tube defects and African-American infants are more likely to be born with sickle-cell anemia.

“(4) Birth defects can be caused by exposure to environmental hazards, adverse health conditions during pregnancy, or genetic mutations. Prevention efforts are slowed by lack of information about the number and causes of birth defects. Outbreaks of birth defects may go undetected because surveillance and research efforts are underdeveloped and poorly coordinated.

“(5) Public awareness strategies, such as programs using folic acid vitamin supplements to prevent spina bifida and alcohol avoidance programs to prevent Fetal Alcohol Syndrome, are essential to prevent the heartache and costs associated with birth defects.”

§ 247b–4a. Early detection, diagnosis, and interventions for newborns and infants with hearing loss

(a) Definitions

For the purposes of this section only, the following terms in this section are defined as follows:

(1) Hearing screening

Newborn and infant hearing screening consists of objective physiologic procedures to detect possible hearing loss and to identify newborns and infants who, after rescreening, require further audiologic and medical evaluations.

(2) Audiologic evaluation

Audiologic evaluation consists of procedures to assess the status of the auditory system; to establish the site of the auditory disorder; the type and degree of hearing loss, and the potential effects of hearing loss on communication; and to identify appropriate treatment and referral options. Referral options should include linkage to State IDEA part C coordinating agencies or other appropriate agencies, medical evaluation, hearing aid/sensory aid assessment, audiologic rehabilitation treatment, national and local consumer, self-help, parent, and education organizations, and other family-centered services.

(3) Medical evaluation

Medical evaluation by a physician consists of key components including history, examination, and medical decision making focused on symptomatic and related body systems for the purpose of diagnosing the etiology of hearing loss and related physical conditions, and for identifying appropriate treatment and referral options.

(4) Medical intervention

Medical intervention is the process by which a physician provides medical diagnosis and direction for medical and/or surgical treatment options of hearing loss and/or related medical disorders associated with hearing loss.

(5) Audiologic rehabilitation

Audiologic rehabilitation (intervention) consists of procedures, techniques, and technologies to facilitate the receptive and expressive communication abilities of a child with hearing loss.

(6) Early intervention

Early intervention (e.g., nonmedical) means providing appropriate services for the child with hearing loss and ensuring that families of the child are provided comprehensive, consumer-oriented information about the full range of family support, training, information services, communication options and are given the opportunity to consider the full range of educational and program placements and options for their child.

(b) Purposes

The purposes of this section are to clarify the authority within the Public Health Service Act [42 U.S.C. 201 et seq.] to authorize statewide newborn and infant hearing screening, evaluation and intervention programs and systems, technical assistance, a national applied research program, and interagency and private sector collaboration for policy development, in order to assist the States in making progress toward the following goals:

(1) All babies born in hospitals in the United States and its territories should have a hearing screening before leaving the birthing facility. Babies born in other countries and residing in the United States via immigration or adoption should have a hearing screening as early as possible.

(2) All babies who are not born in hospitals in the United States and its territories should have a hearing screening within the first 3 months of life.

(3) Appropriate audiologic and medical evaluations should be conducted by 3 months for all newborns and infants suspected of having hearing loss to allow appropriate referral and provisions for audiologic rehabilitation, medical and early intervention before the age of 6 months.

(4) All newborn and infant hearing screening programs and systems should include a component for audiologic rehabilitation, medical and early intervention options that ensures linkage to any new and existing statewide systems of intervention and rehabilitative services for newborns and infants with hearing loss.

(5) Public policy in regard to newborn and infant hearing screening and intervention should be based on applied research and the recognition that newborns, infants, toddlers, and children who are deaf or hard-of-hearing have unique language, learning, and communication needs, and should be the result of consultation with pertinent public and private sectors.

(c) Statewide newborn and infant hearing screening, evaluation and intervention programs and systems

Under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], the Secretary of Health and Human Services (in this section referred to as the “Secretary”), acting through the Administrator of the Health Resources and Services Administration, shall make awards of grants or cooperative agree-
ments to develop statewide newborn and infant hearing screening, evaluation and intervention programs and systems for the following purposes:

(1) To develop and monitor the efficacy of statewide newborn and infant hearing screening, evaluation and intervention programs and systems. Early intervention includes referral to schools and agencies, including community, consumer, and parent-based agencies and organizations and other programs mandated by part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.], which offer programs specifically designed to meet the unique language and communication needs of deaf and hard-of-hearing newborns, infants, toddlers, and children.

(2) To collect data on statewide newborn and infant hearing screening, evaluation and intervention programs and systems that can be used for applied research, program evaluation and policy development.

(d) Technical assistance, data management, and applied research

(1) Centers for Disease Control and Prevention

Under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall make awards of grants or cooperative agreements to provide technical assistance to State agencies to complement an intramural program and to conduct applied research related to newborn and infant hearing screening, evaluation and intervention programs and systems. The program shall develop standardized procedures for data management and program effectiveness and costs, such as—

(A) to ensure quality monitoring of newborn and infant hearing loss screening, evaluation, and intervention programs and systems;

(B) to provide technical assistance on data collection and management;

(C) to study the costs and effectiveness of newborn and infant hearing screening, evaluation and intervention programs and systems conducted by State-based programs in order to answer issues of importance to State and national policymakers;

(D) to identify the causes and risk factors for congenital hearing loss;

(E) to study the effectiveness of newborn and infant hearing screening, audiologic and medical evaluations and intervention programs and systems by assessing the health, intellectual and social developmental, cognitive, and language status of these children at school age; and

(F) to promote the sharing of data regarding early hearing loss with State-based birth defects and developmental disabilities monitoring programs for the purpose of identifying previously unknown causes of hearing loss.

(2) National Institutes of Health

Under the existing authority of the Public Health Service Act, the Director of the National Institutes of Health, acting through the Director of the National Institute on Deafness and Other Communication Disorders, shall for purposes of this section, continue a program of research and development on the efficacy of new screening techniques and technology, including clinical studies of screening methods, and studies on efficacy of intervention, and related research.

(e) Coordination and collaboration

(1) In general

Under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], in carrying out programs under this section, the Administrator of the Health Resources and Services Administration, the Director of the Centers for Disease Control and Prevention, and the Director of the National Institutes of Health shall collaborate and consult with other Federal agencies; State and local agencies, including those responsible for early intervention services pursuant to title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (Medicaid Early and Periodic Screening, Diagnosis and Treatment Program); title XXI of the Social Security Act [42 U.S.C. 1397aa et seq.] (State Children’s Health Insurance Program); title V of the Social Security Act [42 U.S.C. 701 et seq.] (Maternal and Child Health Block Grant Program); and part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.]; consumer groups of and that serve individuals who are deaf and hard-of-hearing and their families; appropriate national medical and other health and education specialty organizations; persons who are deaf and hard-of-hearing and their families; other qualified professional personnel who are proficient in deaf or hard-of-hearing children’s language and who possess the specialized knowledge, skills, and attributes needed to serve deaf and hard-of-hearing newborns, infants, toddlers, children, and their families; third-party payers and managed care organizations; and related commercial industries.

(2) Policy development

Under the existing authority of the Public Health Service Act, the Administrator of the Health Resources and Services Administration, the Director of the Centers for Disease Control and Prevention, and the Director of the National Institutes of Health shall coordinate and collaborate on recommendations for policy development at the Federal and State levels and with the private sector, including consumer, medical and other health and education professional-based organizations, with respect to newborn and infant hearing screening, evaluation and intervention programs and systems.

(3) State early detection, diagnosis, and intervention programs and systems; data collection

Under the existing authority of the Public Health Service Act, the Administrator of the Health Resources and Services Administration and the Director of the Centers for Disease Control and Prevention shall coordinate and collaborate in assisting States to establish newborn and infant hearing screening, evalua-
tion and intervention programs and systems under subsection (c) of this section and to develop a data collection system under subsection (d) of this section.

(f) Rule of construction

Nothing in this section shall be construed to preempt any State law.

(g) Authorization of appropriations

(1) Statewide newborn and infant hearing screening, evaluation and intervention programs and systems

For the purpose of carrying out subsection (c) of this section under the existing authority of the Public Health Service Act [42 U.S.C. 201 et seq.], there are authorized to the Health Resources and Services Administration appropriations in the amount of $5,000,000 for fiscal year 2000, $8,000,000 for fiscal year 2001, and such sums as may be necessary for fiscal year 2002.

(2) Technical assistance, data management, and applied research; Centers for Disease Control and Prevention

For the purpose of carrying out subsection (d)(1) of this section under the existing authority of the Public Health Service Act, there are authorized to the Centers for Disease Control and Prevention, appropriations in the amount of $5,000,000 for fiscal year 2000, $7,000,000 for fiscal year 2001, and such sums as may be necessary for fiscal year 2002.

(3) Technical assistance, data management, and applied research; National Institute on Deafness and Other Communication Disorders

For the purpose of carrying out subsection (d)(2) of this section under the existing authority of the Public Health Service Act, there are authorized to the National Institute on Deafness and Other Communication Disorders appropriations for such sums as may be necessary for each of the fiscal years 2000 through 2002.

(b) Omitted

(b) Studies on relationship between prematurity and birth defects

(1) In general

The Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention, shall, subject to the availability of appropriations, conduct ongoing epidemiological studies on the relationship between prematurity, birth defects, and developmental disabilities.

(2) Report

Not later than 2 years after December 22, 2006, and every 2 years thereafter, the Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention, shall submit to the appropriate committees of Congress reports concerning the progress and any results of studies conducted under paragraph (1).

(c) Pregnancy risk assessment monitoring survey

(1) In general

The Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention, shall establish systems for the collection of maternal-infant clinical and biomedical information, including electronic health records, electronic databases, and biobanks, to link with the Pregnancy Risk Assessment Monitoring System (PRAMS) and other epidemiological studies of prematurity in order to track pregnancy outcomes and prevent preterm birth.
(2) Authorization of appropriations

There is authorized to be appropriated to carry out paragraph (1) $3,000,000 for each of fiscal years 2007 through 2011.

(d) Evaluation of existing tools and measures

The Secretary of Health and Human Services shall review existing tools and measures to ensure that such tools and measures include information related to the known risk factors of low birthweight and preterm birth.

(e) Authorization of appropriations

There is authorized to be appropriated to carry out this section, except for subsection (c), $5,000,000 for each of fiscal years 2007 through 2011.

Codification

Section is comprised of section 3 of Pub. L. 109–450. Subsec. (a) of section 3 of Pub. L. 109–450 amended section 241 of this title.

Section was enacted as part of the Prematurity Research Expansion and Education for Mothers who deliver Infants Early Act or the PREEMIE Act, and not as part of the Public Health Service Act which comprises this chapter.

Purpose

Pub. L. 109–450, § 2, Dec. 22, 2006, 120 Stat. 3341, provided that: "It is the purpose of this Act (enacting this section and sections 247b–4g and 280g–5 of this title and amending sections 241 and 280g–4 of this title) to—

"(1) reduce rates of preterm labor and delivery;

"(2) work toward an evidence-based standard of care for pregnant women at risk of preterm labor or other serious complications, and for infants born preterm and at a low birthweight; and

"(3) reduce infant mortality and disabilities caused by prematurity."

§ 247b–4g. Interagency Coordinating Council on Prematurity and LowBirthweight

(a) Purpose

It is the purpose of this section to stimulate multidisciplinary research, scientific exchange, and collaboration among the agencies of the Department of Health and Human Services and to assist the Department in targeting efforts to achieve the greatest advances toward the goal of reducing prematurity and low birthweight.

(b) Establishment

The Secretary of Health and Human Services shall establish an Interagency Coordinating Council on Prematurity and Low Birthweight (referred to in this section as the Council) to carry out the purpose of this section.

(c) Composition

The Council shall be composed of members to be appointed by the Secretary, including representatives of the agencies of the Department of Health and Human Services.

(d) Activities

The Council shall—

(1) annually report to the Secretary of Health and Human Services and Congress on current Departmental activities relating to prematurity and low birthweight;

(2) carry out other activities determined appropriate by the Secretary of Health and Human Services; and

(3) oversee the coordination of the implementation of this Act.

References in Text

This Act, referred to in subsec. (d)(3), is Pub. § 247b–5. Preventive health measures with respect to prostate cancer

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and local health departments for the purpose of enabling such States and departments to carry out programs that may include the following:

(1) To identify factors that influence the attitudes or levels of awareness of men and health care practitioners regarding screening for prostate cancer.

(2) To evaluate, in consultation with the Agency for Health Care Policy and Research and the National Institutes of Health, the effectiveness of screening strategies for prostate cancer.

(3) To identify, in consultation with the Agency for Health Care Policy and Research, issues related to the quality of life for men after prostate cancer screening and follow-up.

(4) To develop and disseminate public information and education programs for prostate cancer, including appropriate messages about the risks and benefits of prostate cancer screening for the general public, health care providers, policy makers and other appropriate individuals.

(5) To improve surveillance for prostate cancer.

(6) To address the needs of underserved and minority populations regarding prostate cancer.

(7) Upon a determination by the Secretary, who shall take into consideration recommendations by the United States Preventive Services Task Force and shall seek input, where appropriate, from professional societies and other private and public entities, that there is sufficient consensus on the effectiveness of prostate cancer screening—

(A) to screen men for prostate cancer as a preventive health measure;

(B) to provide appropriate referrals for the medical treatment of men who have been screened under subparagraph (A) and to ensure, to the extent practicable, the provision

1So in original. Probably should be “prostate”.
of appropriate followup services and support services such as case management;

(C) to establish mechanisms through which State and local health departments can monitor the quality of screening procedures for prostate cancer, including the interpretation of such procedures; and

(D) to improve, in consultation with the Health Resources and Services Administration, the education, training, and skills of health practitioners (including appropriate allied health professionals) in the detection and control of prostate cancer.

(8) To evaluate activities conducted under paragraphs (1) through (7) through appropriate surveillance or program monitoring activities.

(b) Requirement of matching funds

(1) In general

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees, with respect to the costs to be incurred by the applicant in carrying out the purpose described in such section, to make available non-Federal contributions (in cash or in kind under paragraph (2)) toward such costs in an amount equal to not less than $1 for each $3 of Federal funds provided in the grant. Such contributions may be made directly or through donations from public or private entities.

(2) Determination of amount of non-Federal contribution

(A) Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including equipment or services (and excluding indirect or overhead costs). Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(B) In making a determination of the amount of non-Federal contributions for purposes of paragraph (1), the Secretary may include only non-Federal contributions in excess of the average amount of non-Federal contributions made by the applicant involved toward the purpose described in subsection (a) of this section for the 2-year period preceding the fiscal year for which the applicant involved is applying to receive a grant under such subsection.

(C) In making a determination of the amount of non-Federal contributions for purposes of paragraph (1), the Secretary shall, subject to subparagraphs (A) and (B) of this paragraph, include any non-Federal amounts expended pursuant to title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] by the applicant involved toward the purpose described in subsection (a) of this section.

(c) Education on significance of early detection

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that, in carrying out subsection (a)(3) of this section, the applicant will carry out education programs to communicate to men, and to local health officials, the significance of the early detection of prostate cancer.

(d) Requirement of provision of all services by date certain

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees—

(1) to ensure that, initially and throughout the period during which amounts are received pursuant to the grant, not less than 60 percent of the grant is expended to provide each of the services or activities described in paragraphs (1) and (2) of such subsection;

(2) to ensure that, by the end of any second fiscal year of payments pursuant to the grant, each of the services or activities described in such subsection is provided; and

(3) to ensure that not more than 40 percent of the grant is expended to provide the services or activities described in paragraphs (3) through (6) of such section.

(e) Additional required agreements

(1) Priority for low-income men

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that low-income men, and men at risk of prostate cancer, will be given priority in the provision of services and activities pursuant to paragraphs (1) and (2) of such subsection.

(2) Limitation on imposition of fees for services

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that, if a charge is imposed for the provision of services or activities under the grant, such charge—

(A) will be made according to a schedule of charges that is made available to the public;

(B) will be adjusted to reflect the income of the man involved; and

(C) will not be imposed on any man with an income of less than 100 percent of the official poverty line, as established by the Director of the Office of Management and Budget and revised by the Secretary in accordance with section 9902(2) of this title.

(3) Relationship to items and services under other programs

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that the grant will not be expended to make payment for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service—

(A) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(B) by an entity that provides health services on a prepaid basis.

(4) Coordination with other prostate cancer programs

The Secretary may not make a grant under subsection (a) of this section unless the appli-
cant involved agrees that the services and activities funded through the grant will be coordinated with other Federal, State, and local prostate cancer programs.

(5) Limitation on administrative expenses

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that not more than 10 percent of the grant will be expended for administrative expenses with respect to the grant.

(6) Restrictions on use of grant

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that the grant will not be expended to provide inpatient hospital services for any individual.

(7) Records and audits

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved agrees that:

(A) the applicant will establish such fiscal control and fund accounting procedures as may be necessary to ensure the proper disbursement of, and accounting for, amounts received by the applicant under such section; and

(B) upon request, the applicant will provide records maintained pursuant to paragraph (1) to the Secretary or the Comptroller of the United States for purposes of auditing the expenditures by the applicant of the grant.

(f) Reports to Secretary

The Secretary may not make a grant under subsection (a) of this section unless the applicant involved submits to the Secretary such reports as the Secretary may require with respect to the grant.

(g) Description of intended uses of grant

The Secretary may not make a grant under subsection (a) of this section unless—

(1) the applicant involved submits to the Secretary a description of the purposes for which the applicant intends to expend the grant;

(2) the description identifies the populations, areas, and localities in the applicant with a need for the services or activities described in subsection (a) of this section;

(3) the description provides information relating to the services and activities to be provided, including a description of the manner in which the services and activities will be coordinated with similar services or activities of public or nonprivate entities; and

(4) the description provides assurances that the grant funds will be used in the most cost-effective manner.

(h) Requirement of submission of application

The Secretary may not make a grant under subsection (a) of this section unless an application for the grant is submitted to the Secretary, the application contains the description of intended uses required in subsection (g) of this section, and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(i) Method and amount of payment

The Secretary shall determine the amount of a grant made under subsection (a) of this section. Payments under such grants may be made in advance on the basis of estimates or by way of reimbursement, with necessary adjustments on account of the underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants.

(j) Technical assistance and provision of supplies and services in lieu of grant funds

(1) Technical assistance

The Secretary may provide training and technical assistance with respect to the planning, development, and operation of any program or service carried out pursuant to subsection (a) of this section. The Secretary may provide such technical assistance directly or through grants to, or contracts with, public and private entities.

(2) Provision of supplies and services in lieu of grant funds

(A) Upon the request of an applicant receiving a grant under subsection (a) of this section, the Secretary may, subject to subparagraph (B), provide supplies, equipment, and services for the purpose of aiding the applicant in carrying out such section and, for such purpose, may detail to the applicant any officer or employee of the Department of Health and Human Services.

(B) With respect to a request described in subparagraph (A), the Secretary shall reduce the amount of payments under the grant under subsection (a) of this section to the applicant involved by an amount equal to the costs of detailing personnel (including pay, allowances, and travel expenses) and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(k) “Units of local government” defined

For purposes of this section, the term “units of local government” includes Indian tribes.

(l) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, there are authorized to be appropriated $20,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1994 through 2004.

(2) Allocation for technical assistance

Of the amounts appropriated under paragraph (1) for a fiscal year, the Secretary shall reserve not more than 20 percent for carrying out subsection (j)(1) of this section.

(July 1, 1944, ch. 373, title III, §317D, as added Pub. L. 102-531, title III, §308, Oct. 27, 1992, 106
§ 247b-6. National strategy for combating and eliminating tuberculosis

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States, political subdivisions, and other public entities for preventive health service programs for the prevention, control, and elimination of tuberculosis.

(b) Research and development; demonstration projects; education and training

With respect to the prevention, treatment, control, and elimination of tuberculosis, the Secretary may, directly or through grants to public or nonprofit private entities, carry out the following:

(1) Research, with priority given to research and development concerning latent tuberculosis infection, strains of tuberculosis resistant to drugs, and research concerning cases of tuberculosis that affect certain populations at risk for tuberculosis.

(2) Research and development and related activities to develop new tools for the elimination of tuberculosis, including drugs, diagnostics, vaccines, and public health interventions, such as directly observed therapy and non-pharmaceutical intervention, and methods to enhance detection and response to outbreaks of tuberculosis, including multidrug resistant tuberculosis. The Secretary is encouraged to give priority to programmatically relevant research so that new tools can be utilized in public health practice.

(3) Demonstration projects for—

(A) the development of regional capabilities to prevent, control, and eliminate tuberculosis and prevent multidrug resistant and extensively drug resistant strains of tuberculosis;

(B) the intensification of efforts to reduce health disparities in the incidence of tuberculosis;

(C) the intensification of efforts to control tuberculosis along the United States-Mexico border and among United States-Mexico binational populations, including through expansion of the scope and number of programs that—

(i) detect and treat binational cases of tuberculosis; and

(ii) treat high-risk cases of tuberculosis referred from Mexican health departments;

(D) the intensification of efforts to prevent, detect, and treat tuberculosis among foreign-born persons who are in the United States;

(E) the intensification of efforts to prevent, detect, and treat tuberculosis among populations and settings documented as having a high risk for tuberculosis; and

(F) tuberculosis detection, control, and prevention.

(4) Public information and education activities.

(5) Education, training, clinical skills improvement activities, and workplace exposure prevention for health professionals, including allied health personnel and emergency response employees.

(6) Support of Centers to carry out activities under paragraphs (1) through (4).

(7) Collaboration with international organizations and foreign countries in carrying out such activities.

(8) Develop, enhance, and expand information technologies that support tuberculosis control including surveillance and database management systems with cross-jurisdictional capabilities, which shall conform to the standards and implementation specifications for such information technologies as recommended by the Secretary.
(c) Cooperation with providers of primary health services
The Secretary may make a grant under subsection (a) or (b) of this section only if the applicant for the grant agrees that, in carrying out activities under the grant, the applicant will cooperate with public and nonprofit private providers of primary health services or substance abuse services, including entities receiving assistance under section 254b, 254b, or 256a of this title

(d) Application for grant
(1) In general
The Secretary may make a grant under subsection (a) or (b) of this section only if an application for the grant is submitted to the Secretary and the application, subject to paragraph (2), is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out the subsection involved.

(2) Plan for prevention, control, and elimination
The Secretary may make a grant under subsection (a) of this section only if the application under paragraph (1) contains a plan regarding the prevention, control, and elimination of tuberculosis in the geographic area with respect to which the grant is sought.

(3) Determination of amount of nonfederal contributions
(A) Priority
In awarding grants under subsection (a) or (b), the Secretary shall give highest priority to an applicant that provides assurances that the applicant will contribute non-Federal funds to carry out activities under this section, which may be provided directly or through donations from public or private entities and may be in cash or in kind, including equipment or services.

(B) Federal amounts not to be included as contributions
Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of non-Federal contributions as described in subparagraph (A).

(e) Supplies and services in lieu of grant funds
(1) In general
Upon the request of a grantee under subsection (a) or (b) of this section, the Secretary may, subject to paragraph (2), provide supplies, equipment, and services for the purpose of aiding the grantee in carrying out the subsection involved and, for such purpose, may detail to the State any officer or employee of the Department of Health and Human Services.

(2) Corresponding reduction in payments
With respect to a request described in paragraph (1), the Secretary shall reduce the amount of payments under the grant involved by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary shall, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(f) Advisory Council
(1) In general
The Secretary shall establish an advisory council to be known as the Advisory Council for the Elimination of Tuberculosis (in this subsection referred to as the “Council”).

(2) Duties
The Council shall provide advice and recommendations regarding the elimination of tuberculosis to the Secretary. In addition, the Council shall, with respect to eliminating such disease, provide to the Secretary and other appropriate Federal officials advice on—
(A) coordinating the activities of the Department of Health and Human Services and other Federal agencies that relate to the disease, including activities under subsection (b);
(B) responding rapidly and effectively to emerging issues in tuberculosis; and
(C) efficiently utilizing the Federal resources involved.

(3) Comprehensive plan
(A) In general
In carrying out paragraph (2), the Council shall make or update recommendations on the development, revision, and implementation of a comprehensive plan to eliminate tuberculosis in the United States.

(B) Consultation
In carrying out subparagraph (A), the Council may consult with appropriate public and private entities, which may, subject to the direction or discretion of the Secretary, include—
(i) individuals who are scientists, physicians, laboratorians, and other health professionals, who are not officers or employees of the Federal Government and who represent the disciplines relevant to tuberculosis elimination;
(ii) members of public-private partnerships or private entities established to address the elimination of tuberculosis;
(iii) members of national and international nongovernmental organizations whose purpose is to eliminate tuberculosis;
(iv) members from the general public who are knowledgeable with respect to tuberculosis elimination including individuals who have or have had tuberculosis; and
(v) scientists, physicians, laboratorians, and other health professionals who reside in a foreign country with a substantial incidence or prevalence of tuberculosis, and who represent the specialties and disciplines relevant to the research under consideration.

1See References in Text notes below.
§ 247b-6

(C) Certain components of plan

In carrying out subparagraph (A), the Council shall, subject to the direction or discretion of the Secretary—

(i) consider recommendations for the involvement of the United States in continuing global and cross-border tuberculosis control activities in countries where a high incidence of tuberculosis directly affects the United States; and

(ii) review the extent to which progress has been made toward eliminating tuberculosis.

(4) Biennial report

(A) In general

The Council shall submit a biennial report to the Secretary, as determined necessary by the Secretary, on the activities carried under this section. Each such report shall include the opinion of the Council on the extent to which its recommendations regarding the elimination of tuberculosis have been implemented, including with respect to—

(i) activities under subsection (b); and

(ii) the national plan referred to in paragraph (3).

(B) Public

The Secretary shall make a report submitted under subparagraph (A) public.

(5) Composition

The Council shall be composed of—

(A) ex officio representatives from the Centers for Disease Control and Prevention, the National Institutes of Health, the United States Agency for International Development, the Agency for Healthcare Research and Quality, the Health Resources and Services Administration, the United States-Mexico Border Health Commission, and other Federal departments and agencies that carry out significant activities related to tuberculosis;

(B) State and local tuberculosis control and public health officials;

(C) individuals who are scientists, physicians, laboratorians, and other health professionals who represent disciplines relevant to tuberculosis elimination; and

(D) members of national and international nongovernmental organizations established to address tuberculosis elimination.

(6) Staff, information, and other assistance

The Secretary shall provide to the Council such staff, information, and other assistance as may be necessary to carry out the duties of the Council.

(g) Federal Tuberculosis Task Force

(1) Duties

The Federal Tuberculosis Task Force (in this subsection referred to as the “Task Force”) shall provide to the Secretary and other appropriate Federal officials advice on research into new tools under subsection (b)(2), including advice regarding the efficient utilization of the Federal resources involved.

(2) Comprehensive plan for new tools development

In carrying out paragraph (1), the Task Force shall make recommendations on the development of a comprehensive plan for the creation of new tools for the elimination of tuberculosis, including drugs, diagnostics, and vaccines.

(3) Consultation

In developing the comprehensive plan under paragraph (1), the Task Force shall consult with external parties including representatives from groups such as—

(A) scientists, physicians, laboratorians, and other health professionals who represent the specialties and disciplines relevant to the research under consideration;

(B) members from public-private partnerships, private entities, or foundations (or both) engaged in activities relevant to research under consideration;

(C) members of national and international nongovernmental organizations established to address tuberculosis elimination;

(D) members from the general public who are knowledgeable with respect to tuberculosis including individuals who have or have had tuberculosis; and

(E) scientists, physicians, laboratorians, and other health professionals who reside in a foreign country with a substantial incidence or prevalence of tuberculosis, and who represent the specialties and disciplines relevant to the research under consideration.

(h) Authorization of appropriations

(1) General program

(A) In general

For the purpose of carrying out this section, there are authorized to be appropriated $200,000,000 for fiscal year 2009, $210,000,000 for fiscal year 2010, $220,500,000 for fiscal year 2011, $231,525,000 for fiscal year 2012, and $243,101,250 for fiscal year 2013.

(B) Reservation for emergency grants

Of the amounts appropriated under subparagraph (A) for a fiscal year, the Secretary may reserve not more than 25 percent for emergency grants under subsection (a) for any geographic area, State, political subdivision of a State, or other public entity in which there is, relative to other areas, a substantial number of cases of tuberculosis, multidrug resistant tuberculosis, or extensively drug resistant tuberculosis or a substantial rate of increase in such cases.

(C) Priority

In allocating amounts appropriated under subparagraph (A), the Secretary shall give priority to allocating such amounts for grants under subsection (a).

(D) Allocation of funds

(i) Requirement of formula

Of the amounts appropriated under subparagraph (A), not reserved under subpara-
graph (B), and allocated by the Secretary for grants under subsection (a), the Secretary shall distribute a portion of such amounts to grantees under subsection (a) on the basis of a formula.

(ii) Relevant factors

The formula developed by the Secretary under clause (i) shall take into account the level of tuberculosis morbidity and case complexity in the respective geographic area and may consider other factors relevant to tuberculosis in such area.

(iii) No change to formula required

This subparagraph does not require the Secretary to modify the formula that was used by the Secretary to distribute funds to grantees under subsection (a) for fiscal year 2009.

(2) Limitation

The authorization of appropriations established in paragraph (1) for a fiscal year is effective only if the amount appropriated under such paragraph for such year equals or exceeds the amount appropriated to carry out this section for fiscal year 2009.

2002—Subsec. (c). Pub. L. 107–251 substituted "254(b)" for "254c, 254b(h)" before", or".

Subsec. (g)(1)(B). Pub. L. 105–392, § 405(1)(B), substituted "25 percent" for "$50,000,000".

Pub. L. 105–392, § 401(b)(1), substituted "carrying out subsection (b)" for "making grants under subsection (b)".

Effective Date of 2003 Amendment

Amendment by Pub. L. 108–183 deemed to have taken effect immediately after the enactment of Pub. L. 108–183, set out as a note under section 233 of this title.

Effective Date of 1998 Amendment

Amendment by section 401(b)(1) of Pub. L. 105–392 deemed to have taken effect immediately after enactment of Pub. L. 103–183, see section 401(e) of Pub. L. 105–392, set out as a note under section 242m of this title.

Construction of 2008 Amendment

Pub. L. 110–392, title I, § 111(b), Oct. 13, 2008, 122 Stat. 4199, provided that: "With respect to the advisory council under section 317E(f) of the Public Health Service Act [42 U.S.C. 247b–6f]), the amendments made by subsection (a) (amending this section) may not be construed as terminating the membership on such council of any individual serving as such a member as of the day before the date of the enactment of this Act [Oct. 13, 2008]."

Termination of Advisory Councils

Advisory councils established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a council established by the President or an officer of the Federal Government, such council is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a council established by Congress, its duration is otherwise provided by law. See sections 3(2) and 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

Pub. L. 92–464, § 6, Jan. 4, 1973, 86 Stat. 2275, set out as a note under section 217a of this title, provided that an advisory committee established pursuant to the Public Health Service Act shall terminate at such time as may be specifically prescribed by an Act of Congress enacted after Jan. 3, 1975.

§ 247b–7. Loan repayment program

(a) In general

(1) Authority

Subject to paragraph (2), the Secretary may carry out a program of entering into contracts with appropriately qualified health professionals under which such health professionals agree to conduct prevention activities, as employees of the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry, in consideration of the Federal Government agreeing to repay, for each year of such service, not more than $35,000 of the principal and interest of the educational loans of such health professionals.

(2) Limitation

The Secretary may not enter into an agreement with a health professional pursuant to paragraph (1) unless such professional—
§ 247b–8. Fellowship and training programs

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall establish fellowship and training programs to be conducted by such Centers to train individuals to develop skills in epidemiology, surveillance, laboratory analysis, and other disease detection and prevention methods. Such programs shall be designed to enable health professionals and health personnel trained under such programs to work, after receiving such training, in local, State, national, and international efforts toward the prevention and control of diseases, injuries, and disabilities. Such fellowships and training may be administered through the use of either appointment or nonappointment procedures.

Amendments

§ 247b–9. Diabetes in children and youth

(a) Surveillance on juvenile diabetes

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall develop a sentinel system to collect data on juvenile diabetes, including with respect to incidence and prevalence, and shall establish a national database for such data.

(b) Type 2 diabetes in youth

The Secretary shall implement a national public health effort to address type 2 diabetes in youth, including—

1. enhancing surveillance systems and expanding research to better assess the prevalence and incidence of type 2 diabetes in youth and determine the extent to which type 2 diabetes is incorrectly diagnosed as type 1 diabetes among children; and
2. developing and improving laboratory methods to assist in diagnosis, treatment, and prevention of diabetes including, but not limited to, developing noninvasive ways to monitor blood glucose to prevent hypoglycemia and improving existing glucometers that measure blood glucose.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 247b–10. Compilation of data on asthma

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall—

1. conduct local asthma surveillance activities to collect data on the prevalence and severity of asthma and the quality of asthma management;
2. compile and annually publish data on the prevalence of children suffering from asthma in each State; and
3. to the extent practicable, compile and publish data on the childhood mortality rate associated with asthma nationally.

(b) Surveillance activities

The Director of the Centers for Disease Control and Prevention, acting through the representative of the Director on the National Asthma Education Prevention Program Coordinating Committee, shall, in carrying out subsection (a) of this section, provide an update on surveillance activities at each Committee meeting.

(c) Collaborative efforts

The activities described in subsection (a)(1) of this section may be conducted in collaboration with eligible entities awarded a grant under section 280g of this title.

(d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such
sections have been effective in carrying out the purposes of the program under subsection (a) of this section.

Methods of evaluation under the preceding sentence may include surveys of knowledge and attitudes on the consumption of folic acid and on blood folate levels. Such methods may include complete and timely monitoring of infants who are born with neural tube defects.

(b) Consultations with States and private entities

In carrying out subsection (a) of this section, the Secretary shall consult with the States and with other appropriate public or private entities, including national nonprofit private organizations, health professionals, and providers of health insurance and health plans.

(c) Technical assistance

The Secretary may (directly or through grants or contracts) provide technical assistance to public and nonprofit private entities in carrying out the activities described in subsection (a) of this section.

(d) Evaluations

The Secretary shall (directly or through grants or contracts) provide for the evaluation of activities under subsection (a) of this section in order to determine the extent to which such activities have been effective in carrying out the purposes of the program under such subsection, including the effects on various demographic populations. Methods of evaluation under the preceding sentence may include surveys of knowledge and attitudes on the consumption of folic acid and on blood folate levels. Such methods may include complete and timely monitoring of infants who are born with neural tube defects.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§247b-11. Effects of folic acid in prevention of birth defects

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall expand and intensify programs (directly or through grants or contracts) for the following purposes:

(1) To provide education and training for health professionals and the general public for purposes of explaining the effects of folic acid in preventing birth defects and for purposes of encouraging each woman of reproductive capacity (whether or not planning a pregnancy) to consume on a daily basis a dietary supplement that provides an appropriate level of folic acid.

(2) To conduct research with respect to such education and training, including identifying effective strategies for increasing the rate of consumption of folic acid by women of reproductive capacity.

(3) To conduct research to increase the understanding of the effects of folic acid in preventing birth defects, including understanding with respect to cleft lip, cleft palate, and heart defects.

(4) To provide for appropriate epidemiological activities regarding folic acid and birth defects, including epidemiological activities regarding neural tube defects.

(b) Consultations with States and private entities

In carrying out subsection (a) of this section, the Secretary shall consult with the States and with other appropriate public or private entities, including national nonprofit private organizations, health professionals, and providers of health insurance and health plans.

(c) Technical assistance

The Secretary may (directly or through grants or contracts) provide technical assistance to public and nonprofit private entities in carrying out the activities described in subsection (a) of this section.

(d) Evaluations

The Secretary shall (directly or through grants or contracts) provide for the evaluation of activities under subsection (a) of this section in order to determine the extent to which such activities have been effective in carrying out the purposes of the program under such subsection, including the effects on various demographic populations. Methods of evaluation under the preceding sentence may include surveys of knowledge and attitudes on the consumption of folic acid and on blood folate levels. Such methods may include complete and timely monitoring of infants who are born with neural tube defects.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§247b-12. Safe motherhood

(a) Surveillance

(1) Purpose

The purpose of this subsection is to develop surveillance systems at the local, State, and national level to better understand the burden of maternal complications and mortality and to decrease the disparities among population at risk of death and complications from pregnancy.

(2) Activities

For the purpose described in paragraph (1), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may carry out the following activities:

(A) The Secretary may establish and implement a national surveillance program to identify and promote the investigation of deaths and severe complications that occur during pregnancy.

(B) The Secretary may expand the Pregnancy Risk Assessment Monitoring System to provide surveillance and collect data in each State.

(C) The Secretary may expand the Maternal and Child Health Epidemiology Program to provide technical support, financial assistance, or the time-limited assignment of senior epidemiologists to maternal and child health programs in each State.

(b) Prevention research

(1) Purpose

The purpose of this subsection is to provide the Secretary with the authority to further expand research concerning risk factors, prevention strategies, and the roles of the family, health care providers and the community in safe motherhood.

(2) Research

The Secretary may carry out activities to expand research relating to—

(A) encouraging preconception counseling, especially for at risk populations such as diabetics;

(B) the identification of critical components of prenatal delivery and postpartum care;

(C) the identification of critical components of prenatal delivery and postpartum care;

(D) the identification of critical components of prenatal delivery and postpartum care;

(E) preventing preterm delivery;

(F) preventing urinary tract infections;

(G) preventing unnecessary caesarean sections;

(H) an examination of the higher rates of maternal mortality among African American women;

(I) an examination of the relationship between domestic violence and maternal complications and mortality;

(J) preventing and reducing adverse health consequences that may result from smoking, alcohol and illegal drug use before, during and after pregnancy;

(K) preventing infections that cause maternal and infant complications; and

(L) other areas determined appropriate by the Secretary.

c) Prevention programs

(1) In general

The Secretary may carry out activities to promote safe motherhood, including—

(A) public education campaigns on healthy pregnancies and the building of partnerships with outside organizations concerned about safe motherhood;

(B) education programs for physicians, nurses and other health care providers; and

(C) activities to promote community support services for pregnant women.

d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 247b–13. Prenatal and postnatal health

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall carry out programs—

(1) to collect, analyze, and make available data on prenatal smoking, alcohol and illegal drug use, including data on the implications of such activities and on the incidence and prevalence of such activities and their implications;

(2) to conduct applied epidemiological research on the prevention of prenatal and postnatal smoking, alcohol and illegal drug use;

(3) to support, conduct, and evaluate the effectiveness of educational and cessation programs; and

(4) to provide information and education to the public on the prevention and implications of prenatal and postnatal smoking, alcohol and illegal drug use.

(b) Grants

In carrying out subsection (a) of this section, the Secretary may award grants to and enter into contracts with States, local governments, scientific and academic institutions, federally qualified health centers, and other public and nonprofit entities, and may provide technical and consultative assistance to such entities.

c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 247b–14. Oral health promotion and disease prevention

(a) Grants to increase resources for community water fluoridation

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and Indian tribes for the purpose of increasing the resources available for community water fluoridation.

(2) Use of funds

A State shall use amounts provided under a grant under paragraph (1)—

(A) to purchase fluoridation equipment;

(B) to train fluoridation engineers;

(C) to develop educational materials on the benefits of fluoridation; or

(D) to support the infrastructure necessary to monitor and maintain the quality of water fluoridation.

(b) Community water fluoridation

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in collaboration with the Director of the Indian Health Service, shall establish a demonstration project that is designed to assist rural water systems in successfully implementing the water fluoridation guidelines of the Centers for Disease Control and Prevention that are entitled “Engineering and Administrative Recommendations for Water Fluoridation, 1996” (referred to in this subsection as the “EARWF”).

(2) Requirements

(A) Collaboration

In collaborating under paragraph (1), the Directors referred to in such paragraph shall ensure that technical assistance and training are provided to tribal programs located in each of the 12 areas of the Indian Health Service. The Director of the Indian Health Service shall provide coordination and administrative support to tribes under this section.

(B) General use of funds

Amounts made available under paragraph (1) shall be used to assist small water systems in improving the effectiveness of water fluoridation and to meet the recommendations of the EARWF.

(C) Fluoridation specialists

(i) In general

In carrying out this subsection, the Secretary shall provide for the establishment of fluoridation specialist engineering positions in each of the Dental Clinical and Preventive Support Centers through which technical assistance and training will be provided to tribal water operators, tribal utility operators and other Indian Health Service personnel working directly with fluoridation projects.

(ii) Liaison

A fluoridation specialist shall serve as the principal technical liaison between the
Indian Health Service and the Centers for Disease Control and Prevention with respect to engineering and fluoridation issues.

(iii) CDC

The Director of the Centers for Disease Control and Prevention shall appoint individuals to serve as the fluoridation specialists.

(D) Implementation

The project established under this subsection shall be planned, implemented, and evaluated over the 5-year period beginning on the date on which funds are appropriated under this section and shall be designed to serve as a model for improving the effectiveness of water fluoridation systems in small rural communities.

(3) Evaluation

In conducting the ongoing evaluation as provided for in paragraph (2)(D), the Secretary shall ensure that such evaluation includes—

(A) the measurement of changes in water fluoridation compliance levels resulting from assistance provided under this section;

(B) the identification of the administrative, technical and operational challenges that are unique to the fluoridation of small water systems;

(C) the development of a practical model that may be easily utilized by other tribal, State, county or local governments in improving the quality of water fluoridation within tribal territories; and

(D) the measurement of any increased percentage of Native Americans or Alaskan Natives who receive the benefits of optimally fluoridated water.

(e) School-based dental sealant program

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in consultation with the Administrator of the Health Resources and Services Administration, may award grants to States and Indian tribes to provide for the development of school-based dental sealant programs to improve the access of children to sealants.

(2) Use of funds

A State shall use amounts received under a grant under paragraph (1) to provide funds to eligible school-based entities or to public elementary or secondary schools to enable such entities or schools to provide children with access to dental care and dental sealant services. Such services shall be provided by licensed dental health professionals in accordance with State practice licensing laws.

(3) Eligibility

To be eligible to receive funds under paragraph (1), an entity shall—

(A) prepare and submit to the State an application at such time, in such manner and containing such information as the State may require; and

(B) be a public elementary or secondary school—

(i) that is located in an urban area in which and more than 50 percent of the student population is participating in Federal or State free or reduced meal programs; or

(ii) that is located in a rural area and, with respect to the school district in which the school is located, the district involved has a median income that is at or below 235 percent of the poverty line, as defined in section 9902(2) of this title.

(d) Definitions

For purposes of this section, the term ‘‘Indian tribe’’ means an Indian tribe or tribal organization as defined in section 450b(b) and section 450b(c) of title 25.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(7) 1

REFERENCES IN TEXT

Section 450b of title 25, referred to in subsec. (d), has been amended, and subsecs. (b) and (c) of section 450b no longer define the terms ‘‘Indian tribe’’ and ‘‘tribal organization’’. However, such terms are defined elsewhere in that section.

§ 247b–14a. Identification of interventions that reduce the burden and transmission of oral, dental, and craniofacial diseases in high risk populations; development of approaches for pediatric oral and craniofacial assessment

(a) In general

The Secretary of Health and Human Services, through the Maternal and Child Health Bureau, the Indian Health Service, and in consultation with the National Institutes of Health and the Centers for Disease Control and Prevention, shall—

(1) support community-based research that is designed to improve understanding of the etiology, pathogenesis, diagnosis, prevention, and treatment of pediatric oral, dental, craniofacial diseases and conditions and their sequelae in high risk populations;

(2) support demonstrations of preventive interventions in high risk populations including nutrition, parenting, and feeding techniques; and

(3) develop clinical approaches to assess individual patients for the risk of pediatric dental disease.

(b) Compliance with State practice laws

Treatment and other services shall be provided pursuant to this section by licensed dental health professionals in accordance with State practice and licensing laws.

(c) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section for each of the fiscal years 2001 through 2005.

§ 247b–15. Surveillance and education regarding hepatitis C virus

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may (directly and through grants to public and nonprofit private entities) provide for programs to carry out the following:

(1) To cooperate with the States in implementing a national system to determine the incidence of hepatitis C virus infection (in this section referred to as “HCV infection”) and to assist the States in determining the prevalence of such infection, including the reporting of chronic HCV cases.

(2) To identify, counsel, and offer testing to individuals who are at risk of HCV infection as a result of receiving blood transfusions prior to July 1992, or as a result of other risk factors.

(3) To provide appropriate referrals for counseling, testing, and medical treatment of individuals identified under paragraph (2) and to ensure, to the extent practicable, the provision of appropriate follow-up services.

(4) To develop and disseminate public information and education programs for the detection and control of HCV infection, with priority given to high risk populations as determined by the Secretary.

(5) To improve the education, training, and skills of health professionals in the detection and control of HCV infection, with priority given to pediatricians and other primary care physicians, and obstetricians and gynecologists.

(b) Laboratory procedures

The Secretary may (directly and through grants to public and nonprofit private entities) carry out programs to provide for improvements in the quality of clinical-laboratory procedures regarding hepatitis C, including reducing variability in laboratory results on hepatitis C antibody and PCR testing.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

STUDY AND DEMONSTRATION PROJECTS REGARDING CASES OF HEPATITIS C AMONG CERTAIN EMERGENCY RESPONSE EMPLOYEES

(a) Authority to make grants

(1) In general

The Secretary shall make grants to States to support public health activities in States and localities where data suggests that at
least 5 percent of preschool-age children have an elevated blood lead level through—

(A) effective, ongoing outreach and community education targeted to families most likely to be at risk for lead poisoning;

(B) individual family education activities that are designed to reduce ongoing exposures to lead for children with elevated blood lead levels, including through home visits and coordination with other programs designed to identify and treat children at risk for lead poisoning; and

(C) the development, coordination and implementation of community-based approaches for comprehensive lead poisoning prevention from surveillance to lead hazard control.

(2) State match

A State is not eligible for a grant under this section unless the State agrees to expend (through State or local funds) $1 for every $2 provided under the grant to carry out the activities described in paragraph (1).

(3) Application

To be eligible to receive a grant under this section, a State shall submit an application to the Secretary in such form and manner and containing such information as the Secretary may require.

(b) Coordination with other children’s programs

A State shall identify in the application for a grant under this section how the State will coordinate operations and activities under the grant with—

(1) other programs operated in the State that serve children with elevated blood lead levels, including any such programs operated under title V, XIX, or XXI of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq., 1397aa et seq.], respectively, of chapter IV of title 7 of this title; and

(2) one or more of the following—

(A) the child welfare and foster care and adoption assistance programs under parts B and E of title IV of such Act [42 U.S.C. 620 et seq., 670 et seq.];

(B) the head start program established under the Head Start Act (42 U.S.C. 9831 et seq.);

(C) the program of assistance under the special supplemental nutrition program for women, infants and children (WIC) under section 1786 of this title;

(D) local public and private elementary or secondary schools; or

(E) public housing agencies, as defined in section 1437a of this title.

(c) Performance measures

The Secretary shall establish needs indicators and performance measures to evaluate the activities carried out under grants awarded under this section. Such indicators shall be commensurate with national measures of maternal and child health programs and shall be developed in consultation with the Director of the Centers for Disease Control and Prevention.

(d) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of the fiscal years 2001 through 2005.

§247b–17. Human papillomavirus (Johanna’s Law)

(a) Surveillance

(1) In general

The Secretary, acting through the Centers for Disease Control and Prevention, shall—

(A) enter into cooperative agreements with States and other entities to conduct sentinel surveillance or other special studies that would determine the prevalence in various age groups and populations of specific types of human papillomavirus (referred to in this section as “HPV”) in different sites in various regions of the United States, through collection of special specimens for HPV using a variety of laboratory-based testing and diagnostic tools; and

(B) develop and analyze data from the HPV sentinel surveillance system described in subparagraph (A).

(2) Report

The Secretary shall make a progress report to the Congress with respect to paragraph (1) no later than 1 year after the effective date of this section.

(b) Prevention activities; education program

(1) In general

The Secretary, acting through the Centers for Disease Control and Prevention, shall conduct prevention research on HPV, including—

(A) behavioral and other research on the impact of HPV-related diagnosis on individuals;

(B) formative research to assist with the development of educational messages and information for the public, for patients, and for their partners about HPV;

(C) surveys of physician and public knowledge, attitudes, and practices about genital HPV infection; and

(D) upon the completion of and based on the findings under subparagraphs (A) through (C), develop and disseminate educational materials for the public and health care providers regarding HPV and its impact and prevention.
§ 247b-17

TITLE 42—THE PUBLIC HEALTH AND WELFARE

(2) Report; final proposal

The Secretary shall make a progress report to the Congress with respect to paragraph (1) not later than 1 year after the effective date of this section, and shall develop a final report not later than 3 years after such effective date, including a detailed summary of the significant findings and problems and the best strategies to prevent future infections, based on available science.

(c) HPV education and prevention

(1) In general

The Secretary shall prepare and distribute educational materials for health care providers and the public that include information on HPV. Such materials shall address—

(A) modes of transmission;

(B) consequences of infection, including the link between HPV and cervical cancer;

(C) the available scientific evidence on the effectiveness or lack of effectiveness of condoms in preventing infection with HPV; and

(D) the importance of regular Pap smears, and other diagnostics for early intervention and prevention of cervical cancer purposes in preventing cervical cancer.

(2) Medically accurate information

Educational material under paragraph (1), and all other relevant educational and prevention materials prepared and printed from this date forward for the public and health care providers by the Secretary (including materials prepared through the Food and Drug Administration, the Centers for Disease Control and Prevention, and the Health Resources and Services Administration), or by contractors, grantees, or subgrantees thereof, that are specifically designed to address STDs including HPV shall contain medically accurate information regarding the effectiveness or lack of effectiveness of condoms in preventing infection with the STD the materials are designed to address. Such requirement only applies to materials mass produced for the public and health care providers, and not to routine communications.

(d) Johanna’s Law

(1) National public awareness campaign

(A) In general

The Secretary shall carry out a national campaign to increase the awareness and knowledge of health care providers and women with respect to gynecologic cancers.

(B) Written materials

Activities under the national campaign under subparagraph (A) shall include—

(i) maintaining a supply of written materials that provide information to the public on gynecologic cancers; and

(ii) distributing the materials to members of the public upon request.

(C) Public service announcements

Activities under the national campaign under subparagraph (A) shall, in accordance with applicable law and regulations, include developing and placing, in telecommunications media, public service announcements intended to encourage women to discuss with their physicians their risks of gynecologic cancers. Such announcements shall inform the public on the manner in which the written materials referred to in subparagraph (B) can be obtained upon request, and shall call attention to early warning signs and risk factors based on the best available medical information.

(2) Report and strategy

(A) Report

Not later than 6 months after January 12, 2007, the Secretary shall submit to the Congress a report including the following:

(i) A description of the past and present activities of the Department of Health and Human Services to increase awareness and knowledge of the public with respect to different types of cancer, including gynecologic cancers.

(ii) A description of the past and present activities of the Department of Health and Human Services to increase awareness and knowledge of health care providers with respect to different types of cancer, including gynecologic cancers.

(iii) For each activity described pursuant to clause (i) or (ii), a description of the following:

(I) The funding for such activity for fiscal year 2006 and the cumulative funding for such activity for previous fiscal years.

(II) The background and history of such activity, including—

(aa) the goals of such activity;

(bb) the communications objectives of such activity;

(cc) the identity of each agency within the Department of Health and Human Services responsible for any aspect of the activity; and

(dd) how such activity is or was expected to result in change.

(III) How long the activity lasted or is expected to last.

(IV) The outcomes observed and the evaluation methods, if any, that have been, are being, or will be used with respect to such activity.

(V) For each such outcome or evaluation method, a description of the associated results, analyses, and conclusions.

(B) Strategy

(i) Development; submission to Congress

Not later than 3 months after submitting the report required by subparagraph (A), the Secretary shall develop and submit to the Congress a strategy for improving efforts to increase awareness and knowledge of the public and health care providers with respect to different types of cancer, including gynecological cancers.

(ii) Consultation

In developing the strategy under clause (i), the Secretary should consult with qualified private sector groups, including nonprofit organizations.
(3) Full compliance

(A) IN GENERAL.—Not later than March 1, 2008, the Secretary shall ensure that all provisions of this section, including activities directed to be carried out by the Centers for Disease Control and Prevention and the Food and Drug Administration, are fully implemented and being complied with. Not later than April 30, 2008, the Secretary shall submit to Congress a report that certifies compliance with the preceding sentence and that contains a description of all activities undertaken to achieve such compliance.

(B) If the Secretary fails to submit the certification as provided for under subparagraph (A), the Secretary shall, not later than 3 months after the date on which the report is to be submitted under subparagraph (A), and every 3 months thereafter, submit to Congress an explanation as to why the Secretary has not yet complied with the first sentence of subparagraph (A), a detailed description of all actions undertaken within the month for which the report is being submitted to bring the Secretary into compliance with such sentence, and the anticipated date the Secretary expects to be in full compliance with such sentence.

(4) Authorization of appropriations

For the purpose of carrying out this subsection, there is authorized to be appropriated $16,500,000 for the period of fiscal years 2007 through 2009.

AMENDMENTS

§ 247b–18. Surveillance and research regarding muscular dystrophy

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants and cooperative agreements to public or nonprofit private entities (including health departments of States and political subdivisions of States, and including universities and other educational entities) for the collection, analysis, and reporting of data on Duchenne and other forms of muscular dystrophy. In making such awards, the Secretary may provide direct technical assistance in lieu of cash.

(b) National muscular dystrophy epidemiology program

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants to public or nonprofit private entities (including health departments of States and political subdivisions of States, and including universities and other educational entities) for the purpose of carrying out epidemiological activities regarding Duchenne and other forms of muscular dystrophies, including collecting and analyzing information on the number, incidence, correlates, and symptoms of cases. In carrying out the preceding sentence, the Secretary shall provide for a national surveillance program. In making awards under this subsection, the Secretary may provide direct technical assistance in lieu of cash.

(c) Coordination with centers of excellence

The Secretary shall ensure that epidemiological information under subsections (a) and (b) of this section is made available to centers of excellence supported under section 283G(b) of this title by the Director of the National Institutes of Health.

(d) Data

In carrying out this section, the Secretary may ensure that any data on patients that is collected as part of the Muscular Dystrophy STARnet (under a grant under this section) is regularly updated to reflect changes in patient condition over time.

(e) Reports and study

(1) Annual report

Not later than 18 months after October 8, 2008, and annually thereafter, the Director of the Centers for Disease Control and Prevention shall submit to the appropriate committees of the Congress a report—

(A) concerning the activities carried out by MD STARnet site 1 funded under this section during the year for which the report is prepared;

(B) containing the data collected and findings derived from the MD STARnet sites each fiscal year (as funded under a grant under this section during fiscal years 2008 through 2012); and

(C) that every 2 years outlines prospective data collection objectives and strategies.

(2) Tracking health outcomes

The Secretary may provide health outcome data on the health and survival of people with muscular dystrophy.

(f) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section.

AMENDMENTS

2008—Subsecs. (d) to (f). Pub. L. 110–361 added subsecs. (d) and (e) and redesignated former subsec. (d) as (f).

1So in original. Probably should be plural.
Duchenne Muscular Dystrophy (DMD) is the world’s most common and catastrophic form of genetic childhood disease, and is characterized by a rapidly progressive muscle weakness that almost always results in death, usually by 20 years of age.

(2) Duchenne muscular dystrophy is genetically inherited, and mothers are the carriers in approximately 70 percent of all cases.

(3) If a female is a carrier of the dystrophin gene, there is a 50 percent chance per birth that her male offspring will have Duchenne muscular dystrophy, and a 50 percent chance per birth that her female offspring will be carriers.

(4) Duchenne is the most common lethal genetic disorder of childhood worldwide, affecting approximately 1 in every 3,500 boys worldwide.

(5) Children with muscular dystrophy exhibit extreme symptoms of weakness, delay in walking, waddling gait, difficulty in climbing stairs, and progressive mobility problems often in combination with muscle hypertrophy.

(6) Other forms of muscular dystrophy affecting children and adults include Becker, limb girdle, congenital, facioscapulohumeral, myotonic, oculopharyngeal, distal, and Emery-Dreifuss muscular dystrophies.

(7) Myotonic muscular dystrophy (also known as Steinert’s disease and dystrophia myotonica) is the second most prominent form of muscular dystrophy and the type most commonly found in adults. Unlike any of the other muscular dystrophies, the muscle weakness is accompanied by myotonia (delayed relaxation of muscles after contraction) and by a variety of abnormalities in addition to those of muscle.

(8) Facioscapulohumeral muscular dystrophy (referred to in this section as ‘‘FSHD’’) is a neuromuscular disorder that is inherited genetically and has an estimated frequency of 1 in 20,000. FSHD, affecting between 15,000 to 40,000 persons, causes a progressive and severe [sic] loss of skeletal muscle gradually bringing weakness and reduced mobility. Many persons with FSHD become severely physically disabled and spend many decades in a wheelchair.

(9) FSHD is regarded as a novel genetic phenomenon resulting from a crossover of subtelomeric DNA and may be the only human disease caused by a deletion-mutation.

(10) Each of the muscular dystrophies, though distinct in progressivity and severity of symptoms, have a devastating impact on tens of thousands of children and adults throughout the United States and worldwide and impose severe physical and economic burdens on those affected.

(11) Muscular dystrophies have a significant impact on quality of life—not only for the individual who experiences its painful symptoms and resulting disability, but also for family members and caregivers.

(12) Development of therapies for these disorders, while realistic with recent advances in research, is likely to require costly investments and infrastructure to support gene and other therapies.

(13) There is a shortage of qualified researchers in the field of neuromuscular research.

(14) Many family physicians and health care professionals lack the knowledge and resources to detect and properly diagnose the disease as early as possible, thus exacerbating the progressiveness of symptoms in cases that go undetected or misdiagnosed.

(15) There is a need for efficient mechanisms to translate clinically relevant findings in muscular dystrophy research from basic science to applied work.

(16) Educating the public and health care community throughout the country about this devastating disease is of paramount importance and is in every respect in the public interest and to the benefit of all communities.”

The Secretary of Health and Human Services (referred to in this Act as the “Secretary”) shall establish and implement a program to provide information and education on muscular dystrophy to health professionals and the general public, including information and education on advances in the diagnosis and treatment of muscular dystrophy and training and continuing education through programs for scientists, physicians, medical students, and other health professionals who provide care for patients with muscular dystrophy.

(b) Stipends

The Secretary may use amounts made available under this section provides for stipends for health professionals who are enrolled in training programs under this section.

(c) Requirements

In carrying out this section, the Secretary may—

(1) partner with leaders in the muscular dystrophy patient community;

(2) cooperate with professional organizations and the patient community in the development and issuance of care considerations for Duchenne-Becker muscular dystrophy, and other forms of muscular dystrophy, and in periodic review and updates, as appropriate; and

(3) widely disseminate the Duchenne-Becker muscular dystrophy and other forms of muscular dystrophy care considerations as broadly as possible, including through partnership opportunities with the muscular dystrophy patient community.

(d) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section.

AMENDMENTS
2008—Subsecs. (c), (d). Pub. L. 110–361 added subsec. (c) and redesignated former subsec. (c) as (d).

§ 247b–20. Food safety grants

(a) In general
The Secretary may award grants to States and Indian tribes (as defined in section 450b(e) of title 25) to expand participation in networks to enhance Federal, State, and local food safety efforts, including meeting the costs of establishing and maintaining the food safety surveillance, technical, and laboratory capacity needed for such participation.

(b) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated $19,500,000 for fiscal year 2002, and such sums as may be necessary for each of the fiscal years 2003 through 2006.

(1) Coordination grants to States; assessment and control grants to political subdivisions
With respect to mosquito control programs to prevent and control mosquito-borne diseases (referred to in this section as “control programs”), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States for the purpose of—

(A) coordinating control programs in the State involved; and
(B) assisting such State in making grants to political subdivisions of the State to conduct assessments to determine the immediate needs in such subdivisions for control programs, and to develop, on the basis of such assessments, plans for carrying out control programs in the subdivisions.

(2) Preference in making grants
In making grants under paragraph (1), the Secretary shall give preference to States that have one or more political subdivisions with an incidence, prevalence, or high risk of mosquito-borne disease, or a population of infected mosquitoes, that is substantial relative to political subdivisions in other States.

(3) Certain requirements
A grant may be made under paragraph (1) only if—

(A) the State involved has developed, or agrees to develop, a plan for coordinating control programs in the State, and the plan takes into account any assessments or plans described in subsection (b)(3) of this section that have been conducted or developed, respectively, by political subdivisions in the State;
(B) in developing such plan, the State consulted or will consult (as the case may be) under subparagraph (A)) with political subdivisions in the State that are carrying out or planning to carry out control programs;
(C) the State agrees to monitor control programs in the State in order to ensure that the programs are carried out in accordance with such plan, with priority given to coordination of control programs in political subdivisions described in paragraph (2) that are contiguous;

(D) the State agrees that the State will make grants to political subdivisions as described in paragraph (1)(B), and that such a grant will not exceed $10,000; and
(E) the State agrees that the grant will be used to supplement, and not supplant, State and local funds available for the purpose described in paragraph (1).

(4) Reports to Secretary
A grant may be made under paragraph (1) only if the State involved agrees that, promptly after the end of the fiscal year for which the grant is made, the State will submit to the Secretary a report that—

(A) describes the activities of the State under the grant; and
(B) contains an evaluation of whether the control programs of political subdivisions in the State were effectively coordinated with each other, which evaluation takes into account any reports that the State received under subsection (b)(5) of this section from such subdivisions.

(5) Number of grants
A State may not receive more than one grant under paragraph (1).

(b) Prevention and control grants to political subdivisions

(1) In general
The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to political subdivisions of States or consortia of political subdivisions of States, for the operation of control programs.

(2) Preference in making grants
In making grants under paragraph (1), the Secretary shall give preference to a political subdivision or consortium of political subdivisions that—

(A) has—
(i) a history of elevated incidence or prevalence of mosquito-borne disease;
(ii) a population of infected mosquitoes; or
(iii) met criteria determined by the Secretary to suggest an increased risk of elevated incidence or prevalence of mosquito-borne disease in the pending fiscal year;
(B) demonstrates to the Secretary that such political subdivision or consortium of
political subdivisions will, if appropriate to the mosquito circumstances involved, effectively coordinate the activities of the control programs with contiguous political subdivisions;
(C) demonstrates to the Secretary (directly or through State officials) that the State in which such a political subdivision or consortium of political subdivisions is located has identified or will identify geographic areas in such State that have a significant need for control programs and will effectively coordinate such programs in such areas; and
(D) is located in a State that has received a grant under subsection (a) of this section.

(3) Requirement of assessment and plan
A grant may be made under paragraph (1) only if the political subdivision or consortium of political subdivisions involved—
(A) has conducted an assessment to determine the immediate needs in such subdivision or consortium for a control program, including an entomological survey of potential mosquito breeding areas; and
(B) has, on the basis of such assessment, developed a plan for carrying out such a program.

(4) Requirement of matching funds
(A) In general
With respect to the costs of a control program to be carried out under paragraph (1) by a political subdivision or consortium of political subdivisions, a grant under such paragraph may be made only if the subdivision or consortium agrees to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than \( \frac{1}{3} \) of such costs ($1 for each $2 of Federal funds provided in the grant).

(B) Determination of amount contributed
Non-Federal contributions required in subparagraph (A) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(C) Waiver
The Secretary may waive the requirement established in subparagraph (A) if the Secretary determines that extraordinary economic conditions in the political subdivision or consortium of political subdivisions involved justify the waiver.

(5) Reports to Secretary
A grant may be made under paragraph (1) only if the political subdivision or consortium of political subdivisions involved agrees that, promptly after the end of the fiscal year for which the grant is made, the subdivision or consortium will submit to the Secretary, and to the State within which the subdivision or consortium is located, a report that describes the control program and contains an evaluation of whether the program was effective.

(6) Amount of grant; number of grants
(A) Amount of grant
(i) Single political subdivision
A grant under paragraph (1) awarded to a political subdivision for a fiscal year may not exceed $100,000.

(ii) Consortium
A grant under paragraph (1) awarded to a consortium of 2 or more political subdivisions may not exceed $110,000 for each political subdivision. A consortium is not required to provide matching funds under paragraph (4) for any amounts received by such consortium in excess of amounts each political subdivision would have received separately.

(iii) Waiver of requirement
A grant may exceed the maximum amount in clause (i) or (ii) if the Secretary determines that the geographical area covered by a political subdivision or consortium awarded a grant under paragraph (1) has an extreme need due to the size or density of—
(I) the human population in such geographical area; or
(II) the mosquito population in such geographical area.

(B) Number of grants
A political subdivision or a consortium of political subdivisions may not receive more than one grant under paragraph (1).

(c) Applications for grants
A grant may be made under subsection (a) or (b) of this section only if an application for the grant is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(d) Technical assistance
Amounts appropriated under subsection (f) of this section may be used by the Secretary to provide training and technical assistance with respect to the planning, development, and operation of assessments and plans under subsection (a) of this section and control programs under subsection (b) of this section. The Secretary may provide such technical assistance directly or through awards of grants or contracts to public and private entities.

(e) Definition of political subdivision
In this section, the term "political subdivision" means the local political jurisdiction immediately below the level of State government, including counties, parishes, and boroughs. If State law recognizes an entity of general government that functions in lieu of, and is not within, a county, parish, or borough, the Secretary may recognize an area under the jurisdiction of such other entities of general government as a political subdivision for purposes of this section.
(f) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, there are authorized to be appropriated $100,000,000 for fiscal year 2003, and such sums as may be necessary for each of fiscal years 2004 through 2007.

(2) Public health emergencies

In the case of control programs carried out in response to a mosquito-borne disease that constitutes a public health emergency, the authorization of appropriations under paragraph (1) is in addition to applicable authorizations of appropriations under the Public Health Security and Bioterrorism Preparedness and Response Act of 2002.

(3) Fiscal year 2004 appropriations

For fiscal year 2004, 50 percent or more of the funds appropriated under paragraph (1) shall be used to award grants to political subdivisions or consortia of political subdivisions under subsection (b) of this section.

(4) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1995 through 1998.

§ 247b–22. Microbicide research

(a) In general

The Director of the Centers for Disease Control and Prevention is strongly encouraged to fully implement the Centers’ microbicide agenda to support research and development of microbicides for use to prevent the transmission of the human immunodeficiency virus.

(b) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for each of fiscal years 2009 through 2013 to carry out this section.

§ 247c. Sexually transmitted diseases; prevention and control projects and programs

(a) Technical assistance to public and nonprofit private entities and scientific institutions

The Secretary may provide technical assistance to appropriate public and nonprofit private entities and to scientific institutions for their research in, and training and public health programs for, the prevention and control of sexually transmitted diseases.

(b) Research, demonstration, and public information and education projects

The Secretary may make grants to States, political subdivisions of States, and any other public and nonprofit private entity for—

(1) research into the prevention and control of sexually transmitted diseases;

(2) demonstration projects for the prevention and control of sexually transmitted diseases;

(3) public information and education programs for the prevention and control of such diseases; and

(4) education, training, and clinical skills improvement activities in the prevention and control of such diseases for health professionals (including allied health personnel).

(c) Project grants to States

The Secretary is also authorized to make project grants to States and, in consultation with the State health authority, to political subdivisions of States, for—

(1) sexually transmitted diseases surveillance activities, including the reporting, screening, and followup of diagnostic tests for, and diagnosed cases of, sexually transmitted diseases;

(2) casefinding and case followup activities respecting sexually transmitted diseases, including contact tracing of infectious cases of sexually transmitted diseases and routine testing, including laboratory tests and followup systems;

(3) interstate epidemiologic referral and followup activities respecting sexually transmitted diseases; and

(4) such special studies or demonstrations to evaluate or test sexually transmitted diseases prevention and control strategies and activities as may be prescribed by the Secretary.

(d) Grants for innovative, interdisciplinary approaches

The Secretary may make grants to States and political subdivisions of States for the development, implementation, and evaluation of innovative, interdisciplinary approaches to the prevention and control of sexually transmitted diseases.

(e) Authorization of appropriations; terms and conditions; payments; recordkeeping; audit; grant reduction; information disclosure

(1) For the purpose of making grants under subsections (b) through (d) of this section, there are authorized to be appropriated $85,000,000 for fiscal year 1994, and such sums as may be necessary for each of the fiscal years 1995 through 1998.

(2) Each recipient of a grant under this section shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant, the total cost of the project or undertaking in connection with which such grant was given or used, and the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(3) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients of grants under this section that are pertinent to such grants.

(4) The Secretary, at the request of a recipient of a grant under this section, may reduce such
grant by the fair market value of any supplies or equipment furnished to such recipient and by the amount of pay, allowances, travel expenses, and any other costs in connection with the detail of an officer or employee of the United States to the recipient when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such recipient and for the purpose of carrying out the program with respect to which the grant under this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies, equipment, or personal services on which the reduction of such grant is based.

(5) All information obtained in connection with the examination, care, or treatment of any individual under any program which is being carried out with a grant made under this section shall not, without such individual's consent, be disclosed except as may be necessary to provide service to him or as may be required by a law of a state or political subdivision of a State. Information derived from any such program may be disclosed—

(A) in summary, statistical, or other form; or

(B) for clinical or research purposes;

but only if the identity of the individuals diagnosed or provided care or treatment under such program is not disclosed.

(f) Consent of individuals

Nothing in this section shall be construed to require any State or any political subdivision of a State to have a sexually transmitted diseases program which would require any person, who objects to any treatment provided under such a program, to be treated under such a program.

PRIOR PROVISIONS

AMENDMENTS

§247c TITLE 42—THE PUBLIC HEALTH AND WELFARE Page 178

Subsec. (c)(3). Pub. L. 103–183, §401(c)(2), which directed the substitution of “; and” for “; and”, could not be executed because “; and” did not appear.

Subsec. (e). Pub. L. 103–183, §401(a)(1), redesignated subsec. (d), relating to authorization of appropriations, etc., as (e).

Subsec. (e)(1). Pub. L. 103–183, §401(b), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “For the purpose of making grants under subsection (b) and (c) of this section there are authorized to be appropriated $45,000,000 for the fiscal year ending September 30, 1979, $51,500,000 for the fiscal year ending September 30, 1980, $50,000,000 for the fiscal year ending September 30, 1981, $46,500,000 for the fiscal year ending September 30, 1982, $46,500,000 for the fiscal year ending September 30, 1983, $50,000,000 for the fiscal year ending September 30, 1984, $57,000,000 for the fiscal year ending September 30, 1985, $68,000,000 for the fiscal year ending September 30, 1986, $78,000,000 for fiscal year 1989 and such sums as may be necessary for each of the fiscal years 1990 and 1991. For grants under subsection (b) of this section in any fiscal year, the Secretary shall obligate not less than 10 per centum of the amount appropriated for such fiscal year under the preceding sentence. Grants made under subsection (b) or (c) of this section shall be made on such terms and conditions as the Secretary finds necessary to carry out the purposes of such subsection, and payments under any such grants shall be made in advance or by way of reimbursement and in such installments as the Secretary finds necessary.”

Subsec. (e)(5). Pub. L. 103–183, §401(c)(3), as amended by Pub. L. 105–392, §401(c), substituted “form; or” for “form, or” in subpar. (A) and “purposes;” for “purposes,” in subpar. (B).

Subsec. (d). Pub. L. 100–607, §311(2), (3), redesignated subsec. (e) as (d) and struck out former subsec. (d) which related to acquired immune deficiency syndrome.

Subsec. (d)(1). Pub. L. 100–607, §311(4), substituted “(b) and (c)” for “(b), (c), and (d)” struck out “and” after “1986,” and inserted “; $78,000,000 for fiscal year 1989, and such sums as may be necessary for each of the fiscal years 1990 and 1991” before period at end of first sentence; substituted “(b) or (c)” for “(b), (c), and (d)” in third sentence; and struck out at end “If the appropriations under the first sentence for fiscal year 1985 exceed $50,000,000, one-half of the amount in excess of $50,000,000 shall be made available for grants under subsection (d) of this section; if the appropriations under the first sentence for fiscal year 1986 exceed $52,500,000, one-half of the amount in excess of $52,500,000 shall be made available for such grants; and if the appropriations under the first sentence for fiscal year 1987 exceed $55,000,000, one-half of the amount in excess of $55,000,000 shall be made available for such grants.”

Subsecs. (e) to (g). Pub. L. 100–607, §311(3), (5), struck out subsec. (f) which related to conditional limitation on use of funds and redesignated subsecs. (e) and (g) as (d) and (e), respectively.

1984—Subsec. (a). Pub. L. 98–555, §3(b)(1), substituted “research in, and training and public health programs for, the prevention and control of sexually transmitted diseases” for “research, training, and public health programs for the prevention and control of venereal disease”.

Subsec. (b). Pub. L. 98–555, §3(b)(2), in amending subsec. (b) generally, designated existing provisions as pars. (1) to (3), added par. (4), and substituted references to sexually transmitted diseases for reference to venereal disease.

Subsec. (c). Pub. L. 98–555, §3(b)(3), (6)(A), substituted “sexually transmitted diseases” for “venereal disease”
wherever appearing, struck out par. (4) relating to professional venereal disease education, training and clinical skills improvement activities, and redesignated par. (5) as (4).

Subsec. (e). Pub. L. 98–555, §3(a), (b)(4), (5), redesignated subsec. (d) as (e), and strike out so redesignated, substituted “(b), (c), and (d)” for “(b) and (c)”.

Inserted provisions authorizing appropriations for fiscal years ending Sept. 30, 1965, 1966, and 1967, substituted “(c)” for “(b)”, and strike out so redesignated, substituted “(b), (c), and (d)” for “(b) and (c)”.

Second sentence of subsec. (e)(1), the amendment was executed by making the substitution in third sentence of subsec. of “(b)” or “(c)” not appear in second sentence. Former subsec. (e) redesignated (f).

Subsecs. (f), (g), Pub. L. 98–555, §3(b)(5)(A), (6)(A), (C), redesignated subsecs. (e) and (f) as (f) and (g), respectively, in subsecs. (f) and (g) as so redesignated, substituted “sexually transmitted diseases” for “venereal disease”, and struck out former subsec. (g) which defined venereal disease.

1978—Subsec. (b). Pub. L. 95–626, §204(c)(2), as amended by Pub. L. 96–32, substituted “research, demonstrations, and public information and education for the prevention and control of venereal disease” for “research, demonstrations, education, and training for the prevention and control of venereal disease”, struck out “(1)” preceding provisions thus amended, and struck out par. (2) which authorized appropriation of $5,000,000 for fiscal year 1976, $6,600,000 for fiscal year 1977, and $7,600,000 for fiscal year 1978 for purpose of carrying out this subsection.

Subsec. (c). Pub. L. 95–626, §204(d), struck out “(1)” after “(c)” at beginning of existing provisions, changed designations at beginning of each of the five clauses from “(A)”, “(B)”, “(C)”, “(D)”, and “(E)” to “(1)”, “(2)”, “(3)”, “(4)”, and “(5)”, respectively, substituted “The Secretary is also authorized” for “The Secretary is authorized” in provisions preceding cl. (1) as redesignated, substituted “professional (including all public health personnel) venereal disease education, training and clinical skills improvement activities” for “professional and public venereal disease education activities” in cl. (4) as redesignated, and struck out former par. (2) which had authorized appropriations of $32,000,000 for fiscal year 1976, $41,500,000 for fiscal year 1977, and $59,000,000 for fiscal year 1978.

Subsec. (d)(1). Pub. L. 95–626, §204(c)(1), inserted provisions authorizing appropriations of $45,000,000 for fiscal year ending Sept. 30, 1979, $51,500,000 for fiscal year ending Sept. 30, 1980, and $59,000,000 for fiscal year ending Sept. 30, 1981, for purpose of making grants under subsec. (b) and (c) of this section, and inserted provisions directing Secretary to obligate not less than 5 per centum of amount appropriated for any fiscal year.

Subsec. (f). Pub. L. 95–626, §204(h)(1), redesignated subsec. (g) as (f). Former subsec. (f), requiring that not to exceed 50 per centum of amounts appropriated for any fiscal year under subsec. (b) and (c) of this section could be used by Secretary for grants for such fiscal year under section 247b of this title, was struck out.

Subsec. (g). Pub. L. 95–626, §204(h)(1), redesignated subsec. (h) as (g). Former subsec. (g), redesignated (f).

1976—Subsec. (a). Pub. L. 94–317, §203(c), substituted “public and nonprofit private entities and to” for “public authorities and”.

Subsec. (b)(2). Pub. L. 94–317, §203(b)(1), substituted provisions authorizing appropriations of $5,000,000 for fiscal year 1976, $6,600,000 for fiscal year 1977, and $7,600,000 for fiscal year 1978, for provisions authorizing appropriations of $7,500,000 for fiscal year ending June 30, 1973, and for each of the two succeeding fiscal years.

Subsec. (c). Pub. L. 94–317, §203(b)(2), (d), (e), (f)(1), (3), (8), redesignated subsec. (d) as (c), inserted, in par. (1)(B), reference to routine testing, including laboratory tests and followup systems and substituted in par. (1)(E) “prevention and control strategies and activities” for “control” and, in par. (2), provisions authorizing appropriations of $32,000,000 for fiscal year 1976, $41,500,000 for fiscal year 1977, and $43,500,000 for fiscal year 1978, for provisions authorizing appropriations of $39,000,000 for the fiscal year ending June 30, 1973, and for each of the next two succeeding fiscal years.

Former subsec. (d), which provided for authorization of appropriations to enable the Secretary to make grants to state authorities to establish and maintain programs for diagnosis and treatment of venereal disease was amended by striking out reference to dark-field microscope techniques for diagnosis of both gonorrhea and syphilis, and as so amended, was repealed.

Subsec. (d). Pub. L. 94–317, §203(f)(2), (4), (5), (8), redesignated subsec. (e) as (d), substituted in par. (1) “or (c)” for “or (d)”, struck out in par. (4) provisions relating to the amount of reduction of a grant under former subsec. (c) whereby such amount shall be deemed a part of the grant to the recipient of the grant and shall be deemed to have been paid to such recipient, and inserted in par. (5) reference to requirement by law of a State or political subdivision of a State. Former subsec. (d) redesignated (c).

Subsec. (e). Pub. L. 94–317, §203(f)(8), (g), redesignated subsec. (f) as (e) and substituted “247b(g)(2) of this title” for “247b(d)(4) of this title”. Former subsec. (e) redesignated (d).

Subsec. (f). Pub. L. 94–317, §203(f)(6), (8), redesignated subsec. (g) as (f) and substituted “and (c)” for “(c), and (d)”. Former subsec. (f) redesignated (e).

Subsec. (g). Pub. L. 94–317, §203(f)(7), (8), redesignated subsec. (h) as (g) and struck out “treated or to have any child or ward of his” after “a program, to be”. Former subsec. (g) redesignated (f).

Distribution of Information on Acquired Immune Deficiency Syndrome by Director of Centers for Disease Control to Every American Household

Pub. L. 100–202, §101(h) [title II], Dec. 22, 1987, 101 Stat. 1329–256, 1329–365, provided; “That the Director shall cause to be distributed without necessary clearance of the content by any official, organization or office, an AIDS mailer to every American household by June 30, 1988, as approved and funded by the Congress in Public Law 100–71 [July 11, 1987, 101 Stat. 391].”

Congressional Findings and Declarations

Section 204(a) of Pub. L. 95–626 provided that: “The Congress finds and declares that—

(1) the number of reported cases of venereal disease persists in epidemic proportions in the United States;

(2) the number of persons affected by venereal disease and reported to public health authorities is only a fraction of those actually affected;
“(3) the incidence of venereal disease continues to be particularly high among American youth, ages fifteen to twenty-nine, and among populations in metropolitan areas;

“(4) venereal disease accounts for severe permanent disabilities and sometimes death in newborns and causes reproductive dysfunction in women of child-bearing age;

“(5) it is conservatively estimated that the public cost of health care for persons suffering from complications of venereal disease exceeds one-half billion dollars annually;

“(6) the number of trained Federal venereal disease prevention and control personnel has fallen to a dangerously inadequate level;

“(7) no vaccine for syphilis, gonorrhea, or any other venereal disease has yet been developed, nor does a blood test for the detection of asymptomatic gonorrhea in women exist, nor are safe and effective therapeutic agents available for some other venereal diseases;

“(8) school health education programs, public information and awareness campaigns, mass diagnostic screening and case followup have all been found to be effective venereal disease prevention and control methodologies;

“(9) skilled and knowledgeable health care providers, informed and concerned individuals and active, well-coordinated voluntary groups are fundamental to venereal disease prevention and control;

“(10) biomedical research toward improved diagnostic and therapeutic tools is of singular importance to the elimination of venereal disease; and

“(11) an increasing number of sexually transmissible diseases besides syphilis and gonorrhea have become a public health hazard.”

Section 203(a) of Pub. L. 94–317 provided that: “The Congress finds and declares that—

“(1) the number of reported cases of venereal disease continues in epidemic proportions in the United States;

“(2) the number of patients with venereal disease reported to public health authorities is only a fraction of those treated by physicians;

“(3) the incidence of venereal disease is particularly high among individuals in the 20–24 age group, and in metropolitan areas;

“(4) venereal disease accounts for needless deaths and leads to such severe disabilities as sterility, insanity, blindness, and crippling conditions;

“(5) the number of cases of congenital syphilis, a preventable disease, in infants under one year of age increased by 33¹⁄₃ per centum between 1970 and 1971;

“(6) health education programs in schools and through the mass media may prevent a substantial portion of the venereal disease problem; and

“(7) medical authorities have no successful vaccine for syphilis or gonorrhea and no blood test for the detection of gonorrhea among the large reservoir of asymptomatic females.

“(b) In order to preserve and protect the health and welfare of all citizens, it is the purpose of this Act [this chapter] to establish a national program for the prevention and control of venereal disease.”

§ 247c–1. Infertility and sexually transmitted diseases

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States, political subdivisions of States, and other public or nonprofit private entities for the purpose of carrying out the activities described in subsection (c) of this section regarding any treatable sexually transmitted disease that can cause infertility in women if treatment is not received for the disease.

(b) Authority regarding individual diseases

With respect to diseases described in subsection (a) of this section, the Secretary shall, in making a grant under such subsection, specify the particular disease or diseases with respect to which the grant is to be made. The Secretary may not make the grant unless the applicant involved agrees to carry out this section only with respect to the disease or diseases so specified.

(c) Authorized activities

With respect to any sexually transmitted disease described in subsection (a) of this section, the activities referred to in such subsection are—

(1) screening women for the disease and for secondary conditions resulting from the disease, subject to compliance with criteria issued under subsection (f) of this section;

(2) providing treatment to women for the disease;

(3) providing counseling to women on the prevention and control of the disease (including, in the case of a woman with the disease, counseling on the benefits of locating and providing such counseling to any individual from whom the woman may have contracted the disease and any individual whom the woman may have exposed to the disease);

(4) providing follow-up services;

(5) referrals for necessary medical services for women screened pursuant to paragraph (1), including referrals for evaluation and treatment with respect to acquired immune deficiency syndrome and other sexually transmitted diseases;
(6) in the case of any woman receiving services pursuant to any of paragraphs (1) through (5), providing to the partner of the woman the services described in such paragraphs, as appropriate;
(7) providing outreach services to inform women of the availability of the services described in paragraphs (1) through (6);
(8) providing to the public information and education on the prevention and control of the disease, including disseminating such information; and
(9) providing training to health care providers in carrying out the screenings and counseling described in paragraphs (1) and (3).

(d) Requirement of availability of all services through each grantee
The Secretary may make a grant under subsection (a) of this section only if the applicant involved agrees that each activity authorized in subsection (c) of this section will be available through the applicant. With respect to compliance with such agreement, the applicant may expend the grant to carry out any of the activities directly, and may expend the grant to enter into agreements with other public or nonprofit private entities under which the entities carry out the activities.

(e) Required providers regarding certain services
The Secretary may make a grant under subsection (a) of this section only if the applicant involved agrees that, in expending the grant to carry out activities authorized in subsection (c) of this section, the services described in paragraphs (1) through (7) of such subsection will be provided only through entities that are State or local health departments, grantees under section 254b, 254h, 256a, or 300 of this title, or are other public or nonprofit private entities that provide health services to a significant number of low-income women.

(f) Quality assurance regarding screening for diseases
For purposes of this section, the Secretary shall establish criteria for ensuring the quality of screening procedures for diseases described in subsection (a) of this section.

(g) Confidentiality
The Secretary may make a grant under subsection (a) of this section only if the applicant involved agrees, subject to applicable law, to maintain the confidentiality of information on individuals with respect to activities carried out under subsection (c) of this section.

(h) Limitation on imposition of fees for services
The Secretary may make a grant under subsection (a) of this section only if the applicant involved agrees that, if a charge is imposed for the provision of services or activities under the grant, such charge—
(1) will be made according to a schedule of charges that is made available to the public;
(2) will be adjusted to reflect the income of the individual involved; and
(3) will not be imposed on any individual with an income of less than 150 percent of the official poverty line, as established by the Director of the Office of Management and Budget and revised by the Secretary in accordance with section 9902(2) of this title.

(i) Limitations on certain expenditures
The Secretary may make a grant under subsection (a) of this section only if the applicant involved agrees that not less than 80 percent of the grant will be expended for the purpose of carrying out paragraphs (1) through (7) of subsection (c) of this section.

(j) Reports to Secretary

(1) Collection of data
The Secretary may make a grant under subsection (a) of this section only if the applicant involved agrees, with respect to any disease selected under subsection (b) of this section for the applicant, to submit to the Secretary, for each fiscal year for which the applicant receives such a grant, a report providing—
(A) the incidence of the disease among the population of individuals served by the applicant;
(B) the number and demographic characteristics of individuals in such population;
(C) the types of interventions and treatments provided by the applicant, and the health conditions with respect to which referrals have been made pursuant to subsection (c)(5) of this section;
(D) an assessment of the extent to which the activities carried pursuant to subsection (a) of this section have reduced the incidence of infertility in the geographic area involved; and
(E) such other information as the Secretary may require with respect to the project carried out with the grant.

(2) Utility and comparability of data
The Secretary shall carry out activities for the purpose of ensuring the utility and comparability of data collected pursuant to paragraph (1).

(k) Maintenance of effort
With respect to activities for which a grant under subsection (a) of this section is authorized to be expended, the Secretary may make such a grant only if the applicant involved agrees to maintain expenditures of non-Federal amounts for such activities at a level that is not less than the average level of such expenditures maintained by the applicant for the 2-year period preceding the fiscal year for which the applicant is applying to receive such a grant.

(l) Requirement of application

(1) In general
The Secretary may make a grant under subsection (a) of this section only if the application for the grant is submitted to the Secretary in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(2) Submission of plan for program of grantee

(A) In general
The Secretary may make a grant under subsection (a) of this section only if the ap-
applicant involved submits to the Secretary a plan describing the manner in which the applicant will comply with the agreements required as a condition of receiving such a grant, including a specification of the entities through which activities authorized in subsection (c) of this section will be provided.

(B) Participation of certain entities

The Secretary may make a grant under subsection (a) of this section only if the applicant provides assurances satisfactory to the Secretary that the plan submitted under subparagraph (A) has been prepared in consultation with an appropriate number and variety of—

(i) representatives of entities in the geographic area involved that provide services for the prevention and control of sexually transmitted diseases, including programs to provide to the public information and education regarding such diseases; and

(ii) representatives of entities in such area that provide family planning services.

(m) Duration of grant

The period during which payments are made to an entity from a grant under subsection (a) of this section may not exceed 3 years. The provision of such payments shall be subject to annual approval by the Secretary of the payments and subject to the availability of appropriations for the fiscal year involved to make the payments in such year. The preceding sentence may not be construed to establish a limitation on the number of grants under such subsection that may be made to an entity.

(n) Technical assistance, and supplies and services in lieu of grant funds

(1) Technical assistance

The Secretary may provide training and technical assistance to grantees under subsection (a) of this section with respect to the planning, development, and operation of any program or service carried out under such subsection. The Secretary may provide such technical assistance directly or through grants or contracts.

(2) Supplies, equipment, and employee detail

The Secretary, at the request of a recipient of a grant under subsection (a) of this section, may reduce the amount of such grant by—

(A) the fair market value of any supplies or equipment furnished the grant recipient; and

(B) the amount of the pay, allowances, and travel expenses of any officer or employee of the Government when detailed to the grant recipient and the amount of any other costs incurred in connection with the detail of such officer or employee;

when the furnishing of such supplies or equipment or the detail of such an officer or employee is for the convenience of and at the request of such grant recipient and for the purpose of carrying out a program with respect to which the grant under subsection (a) of this section is made. The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment, or in detailing the personnel, on which the reduction of such grant is based, and such amount shall be deemed as part of the grant and shall be deemed to have been paid to the grant recipient.

(o) Evaluations and reports by Secretary

(1) Evaluations

The Secretary shall, directly or through contracts with public or private entities, provide for annual evaluations of programs carried out pursuant to subsection (a) of this section in order to determine the quality and effectiveness of the programs.

(2) Report to Congress

Not later than 1 year after the date on which amounts are first appropriated pursuant to subsection (q) of this section, and biennially thereafter, the Secretary shall submit to the Committee on Energy and Commerce of the House of Representatives, and to the Committee on Labor and Human Resources of the Senate, a report—

(A) summarizing the information provided to the Secretary in reports made pursuant to subsection (j)(1) of this section, including information on the incidence of sexually transmitted diseases described in subsection (a) of this section; and

(B) summarizing evaluations carried out pursuant to paragraph (1) during the preceding fiscal year.

(p) Coordination of Federal programs

The Secretary shall coordinate the program carried out under this section with any similar programs administered by the Secretary (including coordination between the Director of the Centers for Disease Control and Prevention and the Director of the National Institutes of Health).

(q) Authorization of appropriations

For the purpose of carrying out this section, other than subsections (o) and (r) of this section, there are authorized to be appropriated $25,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1994 through 1998.

(r) Separate grants for research on delivery of services

(1) In general

The Secretary may make grants for the purpose of conducting research on the manner in which the delivery of services under subsection (a) of this section may be improved. The Secretary may make such grants only to grantees under such subsection and to public and nonprofit private entities that are carrying out programs substantially similar to programs carried out under such subsection.

(2) Authorization of appropriations

For the purpose of carrying out paragraph (1), there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1993 through 1998.

(July 1, 1944, ch. 373, title III, §318A, as added Pub. L. 102–531, title III, §304, Oct. 27, 1992, 106
§ 247d. Public health emergencies

(a) Emergencies

If the Secretary determines, after consultation with such public health officials as may be necessary, that—

(1) a disease or disorder presents a public health emergency; or

(2) a public health emergency, including significant outbreaks of infectious diseases or bioterrorist attacks, otherwise exists,

the Secretary may take such action as may be appropriate to respond to the public health emergency, including making grants, providing awards for expenses, and entering into contracts and conducting and supporting investigations into the cause, treatment, or prevention of a disease or disorder as described in paragraphs (1) and (2). Any such determination of a public health emergency terminates upon the Secretary declaring that the emergency no longer exists, or upon the expiration of the 90-day period beginning on the date on which the determination is made by the Secretary, whichever occurs first. Determinations that terminate under the preceding sentence may be renewed by the Secretary (on the basis of the same or additional facts), and the preceding sentence applies to each such renewal. Not later than 48 hours after making a determination under this subsection of a public health emergency (including a renewal), the Secretary shall submit to the Congress written notification of the determination.

(b) Public Health Emergency Fund

(1) In general

There is established in the Treasury a fund to be designated as the “Public Health Emergency Fund” to be made available to the Secretary without fiscal year limitation to carry out subsection (a) of this section only if a public health emergency has been declared by the Secretary under such subsection. There is authorized to be appropriated to the Fund such sums as may be necessary.

(2) Report

Not later than 90 days after the end of each fiscal year, the Secretary shall prepare and submit to the Committee on Appropriations of the House of Representatives a report describing—

(A) the expenditures made from the Public Health Emergency Fund in such fiscal year; and

(B) each public health emergency for which the expenditures were made and the activities undertaken with respect to each emergency which was conducted or supported by expenditures from the Fund.

(c) Supplement not supplant

Funds appropriated under this section shall be used to supplement and not supplant other Federal, State, and local public funds provided for activities under this section.

(d) Data submittal and reporting deadlines

In any case in which the Secretary determines that, wholly or partially as a result of a public

§ 247c–2. Data collection regarding programs under subchapter XXIV

For the purpose of collecting and providing data for program planning and evaluation activities under subchapter XXIV of this chapter, there are authorized to be appropriated to the Secretary (acting through the Director of the Centers for Disease Control and Prevention) such sums as may be necessary for each of the fiscal years 2001 through 2005. Such authorization of appropriations is in addition to other authorizations of appropriations that are available for such purpose.

health emergency that has been determined pursuant to subsection (a) of this section, individuals or public or private entities are unable to comply with deadlines for the submission to the Secretary of data or reports required under any law administered by the Secretary, the Secretary may, notwithstanding any other provision of law, grant such extensions of such deadlines as the circumstances reasonably require, and may waive, wholly or partially, any sanctions otherwise applicable to such failure to comply. Before or promptly after granting such an extension or waiver, the Secretary shall notify the Congress of such action and publish in the Federal Register a notice of the extension or waiver.

PRIOR PROVISIONS

CHANGE OF NAME

Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

AMENDMENTS

Pub. L. 107–188, §144(a), inserted at end of concluding provisions “Any such determination of a public health emergency terminates upon the Secretary declaring that the emergency no longer exists, or upon the expiration of the 90-day period beginning on the date on which the determination is made by the Secretary, whichever occurs first. Determinations that terminate under the preceding sentence may be renewed by the Secretary (on the basis of the same or additional facts), and the preceding sentence applies to each such renewal. Not later than 48 hours after making a determination under this subsection of a public health emergency (including a renewal), the Secretary shall submit to the Congress written notification of the determination.”

EFFECTIVE DATE OF 2002 AMENDMENT

Pub. L. 107–188, title I, §144(b), June 12, 2002, 116 Stat. 630, provided that: “The amendment made by subsection (a) [amending this section] applies to any public health emergency under section 319(a) of the Public Health Service Act [subsec. (a) of this section], including any such emergency that was in effect as of the day before the date of the enactment of this Act [June 12, 2002]. In the case of such an emergency that was in effect as of such day, the 90-day period described in such section with respect to the termination of the emergency is deemed to begin on such date of enactment.”

§247d–1. Vaccine tracking and distribution

(a) Tracking

The Secretary, together with relevant manufacturers, wholesalers, and distributors as may agree to cooperate, may track the initial distribution of federally purchased influenza vaccine in an influenza pandemic. Such tracking information shall be used to inform Federal, State, local, and tribal decision makers during an influenza pandemic.

(b) Distribution

The Secretary shall promote communication between State, local, and tribal public health officials and such manufacturers, wholesalers, and distributors as agree to participate, regarding the effective distribution of seasonal influenza vaccine. Such communication shall include estimates of high priority populations, as determined by the Secretary, in State, local, and tribal jurisdictions in order to inform Federal, State, local, and tribal decision makers during vaccine shortages and supply disruptions.

(c) Confidentiality

The information submitted to the Secretary or its contractors, if any, under this section or under any other section of this chapter related to vaccine distribution information shall remain confidential in accordance with the exception from the public disclosure of trade secrets, commercial or financial information, and information obtained from an individual that is privileged and confidential, as provided for in section 552(b)(4) of title 5, and subject to the penalties and exceptions under sections 1832 and 1833 of title 18 relating to the protection and theft of trade secrets, and subject to privacy protections that are consistent with the regulations promulgated under section 266(c) of the Health Insurance Portability and Accountability Act of 1996. None of such information provided by a manufacturer, wholesaler, or distributor shall be disclosed without its consent to another manufacturer, wholesaler, or distributor, or shall be used in any manner to give a manufacturer, wholesaler, or distributor a proprietary advantage.

(d) Guidelines

The Secretary, in order to maintain the confidentiality of relevant information and ensure that none of the information contained in the systems involved may be used to provide proprietary advantage within the vaccine market, while allowing State, local, and tribal health officials access to such information to maximize the delivery and availability of vaccines to high priority populations, during times of influenza pandemics, vaccine shortages, and supply disruptions, in consultation with manufacturers, distributors, wholesalers and State, local, and tribal health departments, shall develop guidelines for subsections (a) and (b).
(e) Authorization of appropriations

There are authorized to be appropriated to carry out this section, such sums for each of fiscal years 2007 through 2011.

(f) Report to Congress

As part of the National Health Security Strategy described in section 300hh–1 of this title, the Secretary shall provide an update on the implementation of subsections (a) through (d).

AMENDMENTS

2006—Pub. L. 109–417 amended section catchline and text generally, substituting provisions relating to vaccine tracking and distribution for provisions relating to establishment of capacities to combat threats to public health.

2002—Subsec. (a)(1). Pub. L. 107–188 substituted “five years” for “10 years”.

§ 247d–3a. Improving State and local public health security

(a) In general

To enhance the security of the United States with respect to public health emergencies, the Secretary shall award cooperative agreements to eligible entities to enable such entities to conduct the activities described in subsection (d).

(b) Eligible entities

To be eligible to receive an award under subsection (a), an entity shall—

(1)(A) be a State;

(B) be a political subdivision determined by the Secretary to be eligible for an award under this section (based on criteria described in subsection (i)(1)); or

(C) be a consortium of entities described in subparagraph (A); and

(2) prepare and submit to the Secretary an application at such time, and in such manner, and containing such information as the Secretary may require, including—

(A) an All-Hazards Public Health Emergency Preparedness and Response Plan which shall include—

(i) a description of the activities such entity will carry out under the agreement to meet the goals identified under section 300hh–1 of this title;

(ii) a pandemic influenza plan consistent with the requirements of paragraphs (2) and (5) of subsection (g);

(iii) preparedness and response strategies and capabilities that take into account the medical and public health needs of at-risk individuals in the event of a public health emergency;

(iv) a description of the mechanism the entity will implement to utilize the Emergency Management Assistance Compact or other mutual aid agreements for medical and public health mutual aid; and

(v) a description of how the entity will include the State Unit on Aging in public health emergency preparedness;

(B) an assurance that the entity will report to the Secretary on an annual basis (or more frequently as determined by the Secretary) on the evidence-based benchmarks and objective standards established by the Secretary to evaluate the preparedness and response capabilities of such entity under subsection (g);

(C) an assurance that the entity will conduct, on at least an annual basis, an exercise or drill that meets any criteria established by the Secretary to test the preparedness and response capabilities of such entity, and that the entity will report back to the Secretary within the application of the following year on the strengths and weaknesses identified through such exercise or drill, and corrective actions taken to address material weaknesses;

(D) an assurance that the entity will provide to the Secretary the data described under section 247d–4(d)(3) of this title as determined feasible by the Secretary;

(E) an assurance that the entity will conduct activities to inform and educate the hospitals within the jurisdiction of such entity on the role of such hospitals in the plan required under subparagraph (A); and

(F) an assurance that the entity, with respect to the plan described under subparagraph (A), has developed and will implement an accountability system to ensure that such entity make satisfactory annual improvement and describe such system in the plan under subparagraph (A); and

(G) a description of the means by which to obtain public comment and input on the plan described in subparagraph (A) and on the implementation of such plan, that shall include an advisory committee or other similar mechanism for obtaining comment from the public and from other State, local, and tribal stakeholders; and

(H) as relevant, a description of the process used by the entity to consult with local departments of public health to reach consensus, approval, or concurrence on the relative distribution of amounts received under this section.

So in original. Probably should be “describes”. 
(c) Limitation
Beginning in fiscal year 2009, the Secretary may not award a cooperative agreement to a State unless such State is a participant in the Emergency System for Advance Registration of Volunteer Health Professionals described in section 247d-7b of this title.

(d) Use of funds
(1) In general
An award under subsection (a) shall be expended for activities to achieve the preparedness goals described under paragraphs (1), (2), (4), (5), and (6) of section 300hh–1(b) of this title.

(2) Effect of section
Nothing in this subsection may be construed as establishing new regulatory authority or as modifying any existing regulatory authority.

(e) Coordination with local response capabilities
An entity shall, to the extent practicable, ensure that activities carried out under an award under subsection (a) are coordinated with activities of relevant Metropolitan Medical Response Systems, local public health departments, the Cities Readiness Initiative, and local emergency plans.

(f) Consultation with Homeland Security
In making awards under subsection (a), the Secretary shall consult with the Secretary of Homeland Security to—

(1) ensure maximum coordination of public health and medical preparedness and response activities with the Metropolitan Medical Response System, and other relevant activities;
(2) minimize duplicative funding of programs and activities;
(3) analyze activities, including exercises and drills, conducted under this section to develop recommendations and guidance on best practices for such activities; and
(4) disseminate such recommendations and guidance, including through expanding existing lessons learned information systems to create a single Internet-based point of access for sharing and distributing medical and public health best practices and lessons learned from drills, exercises, disasters, and other emergencies.

(g) Achievement of measurable evidence-based benchmarks and objective standards
(1) In general
Not later than 180 days after December 19, 2006, the Secretary shall develop or where appropriate adopt, and require the application of, measurable evidence-based benchmarks and objective standards that measure levels of preparedness with respect to the activities described in this section and with respect to activities described in section 247d-3b of this title. In developing such benchmarks and standards, the Secretary shall consult with and seek comments from State, local, and tribal officials and private entities, as appropriate. Where appropriate, the Secretary shall incorporate existing objective standards. Such benchmarks and standards shall—

(A) include outcome goals representing operational achievement of the National Preparedness Goals developed under section 300hh–1(b) of this title; and
(B) at a minimum, require entities to—

(i) measure progress toward achieving the outcome goals; and
(ii) at least annually, test, exercise, and rigorously evaluate the public health and medical emergency preparedness and response capabilities of the entity, and report to the Secretary on such measured responses and capabilities and measured and tested progress toward achieving outcome goals, based on criteria established by the Secretary.

(2) Criteria for pandemic influenza plans
(A) In general
Not later than 180 days after December 19, 2006, the Secretary shall develop and disseminate to the chief executive officer of each State criteria for an effective State plan for responding to pandemic influenza.

(B) Rule of construction
Nothing in this section shall be construed to require the duplication of Federal efforts with respect to the development of criteria or standards, without regard to whether such efforts were carried out prior to or after December 19, 2006.

(3) Technical assistance
The Secretary shall, as determined appropriate by the Secretary, provide to a State, upon request, technical assistance in meeting the requirements of this section, including the provision of advice by experts in the development of high-quality assessments, the setting of State objectives and assessment methods, the development of measures of satisfactory annual improvement that are valid and reliable, and other relevant areas.

(4) Notification of failures
The Secretary shall develop and implement a process to notify entities that are determined by the Secretary to have failed to meet the requirements of paragraph (1) or (2). Such process shall provide such entities with the opportunity to correct such noncompliance.

(5) Withholding of amounts from entities that fail to achieve benchmarks or submit influenza plan
Beginning with fiscal year 2009, and in each succeeding fiscal year, the Secretary shall—

(A) withhold from each entity that has failed substantially to meet the benchmarks and performance measures described in paragraph (1) for the immediately preceding fiscal year (beginning with fiscal year 2008), pursuant to the process developed under paragraph (4), the amount described in paragraph (6); and
(B) withhold from each entity that has failed to submit to the Secretary a plan for responding to pandemic influenza that meets the criteria developed under paragraph (2), the amount described in paragraph (6).

See Codification note below.
(6) Amounts described

(A) In general

The amounts described in this paragraph are the following amounts that are payable to an entity for activities described in this section or section 247d-3b of this title:

(i) For the fiscal year immediately following a fiscal year in which an entity experienced a failure described in subparagraph (A) or (B) of paragraph (5) by the entity, an amount equal to 10 percent of the amount the entity was eligible to receive for such fiscal year.

(ii) For the fiscal year immediately following two consecutive fiscal years in which an entity experienced such a failure, an amount equal to 15 percent of the amount the entity was eligible to receive for such fiscal year, taking into account the withholding of funds for the immediately preceding fiscal year under clause (i).

(iii) For the fiscal year immediately following three consecutive fiscal years in which an entity experienced such a failure, an amount equal to 20 percent of the amount the entity was eligible to receive for such fiscal year, taking into account the withholding of funds for the immediately preceding fiscal years under clauses (i) and (ii).

(iv) For the fiscal year immediately following four consecutive fiscal years in which an entity experienced such a failure, an amount equal to 25 percent of the amount the entity was eligible to receive for such fiscal year, taking into account the withholding of funds for the immediately preceding fiscal years under clauses (i), (ii), and (iii).

(B) Separate accounting

Each failure described in subparagraph (A) or (B) of paragraph (5) shall be treated as a separate failure for purposes of calculating amounts withheld under subparagraph (A).

(7) Reallocation of amounts withheld

(A) In general

The Secretary shall make amounts withheld under paragraph (6) available for making awards under section 247d-3b of this title to entities described in subsection (b)(1) of such section.

(B) Preference in reallocation

In making awards under section 247d-3b of this title with amounts described in subparagraph (A), the Secretary shall give preference to eligible entities (as described in section 247d-3b(b)(1) of this title) that are located in whole or in part in States from which amounts have been withheld under paragraph (6).

(8) Waive or reduce withholding

The Secretary may waive or reduce the withholding described in paragraph (6), for a single entity or for all entities in a fiscal year, if the Secretary determines that mitigating conditions exist that justify the waiver or reduction.

(h) Grants for real-time disease detection improvement

(1) In general

The Secretary may award grants to eligible entities to carry out projects described under paragraph (4).

(2) Eligible entity

For purposes of this section, the term “eligible entity” means an entity that is—

(A)(i) a hospital, clinical laboratory, university; or

(ii) a poison control center or professional organization in the field of poison control; and

(B) a participant in the network established under subsection 4 247d-4(d) of this title.

(3) Application

Each eligible entity desiring a grant under this subsection shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(4) Use of funds

(A) In general

An eligible entity described in paragraph (2)(A)(i) that receives a grant under this subsection shall use the funds awarded pursuant to such grant to carry out a pilot demonstration project to purchase and implement the use of advanced diagnostic medical equipment to analyze real-time clinical specimens for pathogens of public health or bioterrorism significance and report any results from such project to State, local, and tribal public health entities and the network established under section 247d-4(d) of this title.

(B) Other entities

An eligible entity described in paragraph (2)(A)(ii) that receives a grant under this section shall use the funds awarded pursuant to such grant to—

(i) improve the detection, surveillance, and investigative capabilities of poison control centers for chemical, biological, radiological, and nuclear threats or exposures, in consultation with the appropriate State, local, and tribal public health entities; or

(ii) provide surge capacity in the event of a chemical, biological, radiological, or nuclear event through the establishment of alternative poison control center work-sites and the training of nontraditional personnel.

*So in original. Probably should be “section”.*
(i) Funding

(1) Authorization of appropriations

(A) In general

For the purpose of carrying out this section, there is authorized to be appropriated $824,000,000 for fiscal year 2007, of which $35,000,000 shall be used to carry out subsection (h), for awards pursuant to paragraphs (3) (subject to the authority of the Secretary to make awards pursuant to paragraphs (4) and (5)), and such sums as may be necessary for each of fiscal years 2008 through 2011.

(B) Coordination

There are authorized to be appropriated, $10,000,000 for fiscal year 2007 to carry out subsection (f)(4) of this section and section 300hh–16 of this title.

(C) Requirement for State matching funds

Beginning in fiscal year 2009, in the case of any State or consortium of two or more States, the Secretary may not award a cooperative agreement under this section unless the State or consortium of States agree that, with respect to the amount of the cooperative agreement awarded by the Secretary, the State or consortium of States will make available (directly or through donations from public or private entities) non-Federal contributions in an amount equal to—

(i) for the first fiscal year of the cooperative agreement, less than the average level of such expenditures maintained by the entity for the preceding 2 year period.

(ii) for any second fiscal year of the cooperative agreement, and for any subsequent fiscal year of such cooperative agreement, not less than 10 percent of such costs ($1 for each $10 of Federal funds provided in the cooperative agreement).

(D) Determination of amount of non-Federal contributions

As determined by the Secretary, non-Federal contributions required in subparagraph (C) may be provided directly or through donations from public or private entities and may be in cash or in kind, fairly evaluated, including plant, equipment or services. Amounts provided by the Federal government, or services assisted or subsidized to any significant extent by the Federal government, may not be included in determining the amount of such non-Federal contributions.

(2) Maintaining State funding

(A) In general

An entity that receives an award under this section shall maintain expenditures for public health security at a level that is not less than the average level of such expenditures maintained by the entity for the preceding 2 year period.

(B) Rule of construction

Nothing in this section shall be construed to prohibit the use of awards under this section to pay salary and related expenses of public health and other professionals employed by State, local, or tribal public health agencies who are carrying out activities supported by such awards (regardless of whether the primary assignment of such personnel is to carry out such activities).

(3) Determination of amount

(A) In general

The Secretary shall award cooperative agreements under subsection (a) to each State or consortium of 2 or more States that submits to the Secretary an application that meets the criteria of the Secretary for the receipt of such an award and that meets other implementation conditions established by the Secretary for such awards.

(B) Base amount

In determining the amount of an award pursuant to subparagraph (A) for a State, the Secretary shall first determine an amount the Secretary considers appropriate for the State (referred to in this paragraph as the “base amount”), except that such amount may not be greater than the minimum amount determined under subparagraph (D).

(C) Increase on basis of population

After determining the base amount for a State under subparagraph (B), the Secretary shall increase the base amount by an amount equal to the product of—

(i) the amount appropriated under paragraph (1)(A)(i)(I)\(^2\) for the fiscal year, less an amount equal to the sum of all base amounts determined for the States under subparagraph (B), and less the amount, if any, reserved by the Secretary under paragraphs (4) and (5); and

(ii) subject to paragraph (4)(C), the percentage constituted by the ratio of an amount equal to the population of the State over an amount equal to the total population of the States (as indicated by the most recent data collected by the Bureau of the Census).

(D) Minimum amount

Subject to the amount appropriated under paragraph (1)(A)(i)(I), a State shall be eligible for a State shall be the greater of the base amount as increased under subparagraph (C), or the minimum amount under this subparagraph. The minimum amount under this subparagraph is—

(i) in the case of each of the several States, the District of Columbia, and the Commonwealth of Puerto Rico, an amount equal to the lesser of—

(I) $5,000,000; or

(II) if the amount appropriated under paragraph (1)(A)(i)(I)\(^2\) is less than $667,000,000, an amount equal to 0.75 percent of the amount appropriated under such paragraph, less the amount, if any, reserved by the Secretary under paragraphs (4) and (5); or

\(^2\)See References in Text note below.
(ii) in the case of each of American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the Virgin Islands, an amount determined by the Secretary to be appropriate, except that such amount may not exceed the amount determined under clause (i).

(4) Certain political subdivisions

(A) In general

For fiscal year 2007, the Secretary may, before making awards pursuant to paragraph (3) for such year, reserve from the amount appropriated under paragraph (1) for the year an amount determined necessary by the Secretary to make awards under subsection (a) of this section to political subdivisions that have a substantial number of residents, have a substantial local infrastructure for responding to public health emergencies, and face a high degree of risk from bioterrorist attacks or other public health emergencies. Not more than three political subdivisions may receive awards pursuant to this subparagraph.

(B) Coordination with Statewide plans

An award pursuant to subparagraph (A) may not be made unless the application of the political subdivision involved is in coordination with, and consistent with, applicable Statewide plans described in subsection (c) of this section.

(C) Relationship to formula grants

In the case of a State that will receive an award pursuant to paragraph (3), and in which there is located a political subdivision that will receive an award pursuant to subparagraph (A), the Secretary shall, in determining the amount under paragraph (3)(C) for the State, subtract from the population of the State an amount equal to the population of such political subdivision.

(D) Continuity of funding

In determining whether to make an award pursuant to subparagraph (A) to a political subdivision, the Secretary may consider, as a factor indicating that the award should be made, that the political subdivision received public health funding from the Secretary for fiscal year 2006.

(5) Significant unmet needs; degree of risk

(A) In general

For fiscal year 2007, the Secretary may, before making awards pursuant to paragraph (3) for such year, reserve from the amount appropriated under paragraph (1) for the year an amount determined necessary by the Secretary to make awards under subsection (a) of this section to eligible entities that—

(i) have a significant need for funds to build capacity to identify, detect, monitor, and respond to a bioterrorist or other threat to the public health, which need will not be met by awards pursuant to paragraph (3); and

(ii) face a particularly high degree of risk of such a threat.

(B) Recipients of grants

Awards pursuant to subparagraph (A) may be supplemental awards to States that receive awards pursuant to paragraph (3), or may be awards to eligible entities described in subsection (b)(1)(B) of this section within such States.

(C) Finding with respect to District of Columbia

The Secretary shall consider the District of Columbia to have a significant unmet need for purposes of subparagraph (A), and to face a particularly high degree of risk for such purposes, on the basis of the concentration of entities of national significance located within the District.

(6) Funding of local entities

The Secretary shall, in making awards under this section, ensure that with respect to the cooperative agreement awarded, the entity make available appropriate portions of such award to political subdivisions and local departments of public health through a process involving the consensus, approval or concurrence with such local entities.

(j) Administrative and fiscal responsibility

(1) Annual reporting requirements

Each entity shall prepare and submit to the Secretary annual reports on its activities under this section and section 247d–3b of this title. Each such report shall be prepared by, or in consultation with, the health department. In order to properly evaluate and compare the performance of different entities assisted under this section and section 247d–3b of this title and to assure the proper expenditure of funds under this section and section 247d–3b of this title, such reports shall be in such standardized form and contain such information as the Secretary determines and describes within 180 days of December 19, 2006 (after consultation with the States) to be necessary to—

(A) secure an accurate description of those activities;

(B) secure a complete record of the purposes for which funds were spent, and of the recipients of such funds;

(C) describe the extent to which the entity has met the goals and objectives it set forth under this section or section 247d–3b of this title;

(D) determine the extent to which funds were expended consistent with the entity’s application transmitted under this section or section 247d–3b of this title; and

(E) publish such information on a Federal Internet website consistent with subsection (k).

(2) Audits; implementation

(A) In general

Each entity receiving funds under this section or section 247d–3b of this title shall, not less often than once every 2 years, audit its expenditures from amounts received under this section or section 247d–3b of this title. Such audits shall be conducted by an entity independent of the agency administering a program funded under this section or section 247d–3b of this title in accordance with the Comptroller General’s standards for auditing governmental organizations, programs, ac-
activities, and functions and generally accepted auditing standards. Within 30 days following the completion of each audit report, the entity shall submit a copy of that audit report to the Secretary.

(B) Repayment

Each entity shall repay to the United States amounts found by the Secretary, after notice and opportunity for a hearing to the entity, not to have been expended in accordance with this section or section 247d–3b of this title and, if such repayment is not made, the Secretary may offset such amounts against the amount of any allotment to which the entity is or may become entitled under this section or section 247d–3b of this title or may otherwise recover such amounts.

(C) Withholding of payment

The Secretary may, after notice and opportunity for a hearing, withhold payment of funds to any entity which is not using its allotment under this section or section 247d–3b of this title in accordance with this section. The Secretary may withhold such funds until the Secretary finds that the reason for the withholding has been removed and there is reasonable assurance that it will not recur.

(3) Maximum carryover amount

(A) In general

For each fiscal year, the Secretary, in consultation with the States and political subdivisions, shall determine the maximum percentage amount of an award under this section that an entity may carryover to the succeeding fiscal year.

(B) Amount exceeded

For each fiscal year, if the percentage amount of an award under this section unexpended by an entity exceeds the maximum percentage permitted by the Secretary under subparagraph (A), the entity shall return to the Secretary the portion of the unexpended amount that exceeds the maximum amount permitted to be carried over by the Secretary.

(C) Action by Secretary

The Secretary shall make amounts returned to the Secretary under subparagraph (B) available for awards under section 247d–3b(b)(1) of this title. In making awards under section 247d–3b(b)(1) of this title with amounts collected under this paragraph the Secretary shall give preference to entities that are located in whole or in part in States from which amounts have been returned under subparagraph (B).

(D) Waiver

An entity may apply to the Secretary for a waiver of the maximum percentage amount under subparagraph (A). Such an application for a waiver shall include an explanation why such requirement should not apply to the entity and the steps taken by such entity to ensure that all funds under an award under this section will be expended appropriately.

(E) Waive or reduce withholding

The Secretary may waive the application of subparagraph (B), or reduce the amount determined under such subparagraph, for a single entity pursuant to subparagraph (D) or for all entities in a fiscal year, if the Secretary determines that mitigating conditions exist that justify the waiver or reduction.

(k) Compilation and availability of data

The Secretary shall compile the data submitted under this section and make such data available in a timely manner on an appropriate Internet website in a format that is useful to the public and to other entities and that provides information on what activities are best contributing to the achievement of the outcome goals described in subsection (g).

REFERENCES IN TEXT

Paragraph (1)(A) of subsec. (i), referred to in subsec. (1)(3)(C), (D), was struck out and a new paragraph (1)(A) added by Pub. L. 109–417, title II, §201(4)(A), Dec. 19, 2006, 120 Stat. 2837. The new paragraph (1)(A) does not contain a clause (i).

Codification

December 19, 2006, referred to in subsec. (g)(2)(B), was in the original “the date of enactment of this section”, which was translated as meaning the date of enactment of Pub. L. 109–417, which enacted subsec. (g) of this section, to reflect the probable intent of Congress.

Amendments

2006—Pub. L. 109–417, §201(1), substituted “Improving State and local public health security” for “Grants to improve State, local, and hospital preparedness for and response to bioterrorism and other public health emergencies” in section catchline.

Subsecs. (a) to (h). Pub. L. 109–417, §201(2), added subsecs. (a) to (h) and struck out former subsecs. (a) to (h) which related to grants to improve State, local, and hospital preparedness for and response to bioterrorism and other public health emergencies.

Pub. L. 109–417, §201(2), struck out subsec. (i) which defined “eligible entity”.

Subsec. (1)(1) to (3)(A). Pub. L. 109–417, §201(4)(A), added par. (1) to (3)(A) and struck out former par. (1) to (3)(A) which related to appropriations for fiscal years 2003 through 2006, use of amounts to supplement and not supplant other funds, and conditions for receipt of award in fiscal year 2003.

Subsec. (1)(6). Pub. L. 109–417, §201(4)(E), added par. (6) and struck out heading and text of former par. (6). Text read as follows: “For fiscal year 2003, the Secretary shall make awards under this section ensure that appropriate portions of such awards are made available to political subdivisions, local departments of public health, hospitals (including children’s hospitals), clinics, health centers, or primary care facilities, or consortia of such entities.”
§ 247d–3b. Partnerships for State and regional hospital preparedness to improve surge capacity

(a) In general

The Secretary shall award competitive grants or cooperative agreements to eligible entities to enable such entities to improve surge capacity and enhance community and hospital preparedness for public health emergencies.

(b) Eligibility

To be eligible for an award under subsection (a), an entity shall—

(1)(A) be a partnership consisting of—

(i) one or more hospitals, at least one of which shall be a designated trauma center, consistent with section 300d–13(c) of this title;

(ii) one or more other local health care facilities, including clinics, health centers, primary care facilities, mental health centers, mobile medical assets, or nursing homes; and

(iii)(I) one or more political subdivisions;

(II) one or more States; or

(III) one or more States and one or more political subdivisions; and

(B) prepare, in consultation with the Chief Executive Officer and the lead health officials of the State, District, or territory in which the hospital and health care facilities described in subparagraph (A) are located, and submit to the Secretary, an application at such time, in such manner, and containing such information as the Secretary may require; or

(2)(A) be an entity described in section 247d–3a(b)(1) of this title; and

(B) submit an application at such time, in such manner, and containing such information as the Secretary may require, including the information or assurances required under section 247d–3a(b)(2) of this title and an assurance that the State will adhere to any applicable guidelines established by the Secretary.

(c) Use of funds

An award under subsection (a) shall be expended for activities to achieve the preparedness goals described under paragraphs (1), (3), (4), (5), and (6) of section 300hh–1(b) of this title.

(d) Preferences

(1) Regional coordination

In making awards under subsection (a), the Secretary shall give preference to eligible entities that submit applications that, in the determination of the Secretary—

(A) will enhance coordination—

(i) among the entities described in subsection (b)(1)(A)(i); and

(ii) between such entities and the entities described in subsection (b)(1)(A)(ii); and

(B) include, in the partnership described in subsection (b)(1)(A), a significant percentage of the hospitals and health care facilities within the geographic area served by such partnership.

(2) Other preferences

In making awards under subsection (a), the Secretary shall give preference to eligible entities that, in the determination of the Secretary—

(A) include one or more hospitals that are participants in the National Disaster Medical System;

(B) are located in a geographic area that faces a high degree of risk, as determined by the Secretary in consultation with the Secretary of Homeland Security; or

(C) have a significant need for funds to achieve the medical preparedness goals described in section 300hh–1(b)(3) of this title.

(e) Consistency of planned activities

The Secretary may not award a cooperative agreement to an eligible entity described in subsection (b)(1) unless the application submitted by the entity is coordinated and consistent with an applicable State All-Hazards Public Health Emergency Preparedness and Response Plan and relevant local plans, as determined by the Secretary in consultation with relevant State health officials.

(f) Limitation on awards

A political subdivision shall not participate in more than one partnership described in subsection (b)(1).

(g) Coordination with local response capabilities

An eligible entity shall, to the extent practicable, ensure that activities carried out under an award under subsection (a) are coordinated with activities of relevant local Metropolitan Medical Response Systems, local Medical Reserve Corps, the Cities Readiness Initiative, and local emergency plans.
(h) Maintenance of funding

(1) In general

An entity that receives an award under this section shall maintain expenditures for health care preparedness at a level that is not less than the average level of such expenditures maintained by the entity for the preceding 2 year period.

(2) Rule of construction

Nothing in this section shall be construed to prohibit the use of awards under this section to pay salary and related expenses of public health and other professionals employed by State, local, or tribal agencies who are carrying out activities supported by such awards (regardless of whether the primary assignment of such personnel is to carry out such activities).

(i) Performance and accountability

The requirements of section 247d–3a(g), (j), and (k) of this title shall apply to entities receiving awards under this section (regardless of whether such entities are described under subsection (b)(1)(A) or (b)(2)(A)) in the same manner as such requirements apply to entities under section 247d–3a of this title. An entity described in subsection (b)(1)(A) shall make such reports available to the lead health official of the State in which such partnership is located.

(j) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, there is authorized to be appropriated $474,000,000 for fiscal year 2007, and such sums as may be necessary for each of fiscal years 2008 through 2011.

(2) Reservation of amounts for partnerships

Prior to making awards described in paragraph (1), the Secretary may reserve from the amount appropriated under paragraph (1) for a fiscal year an amount determined appropriate by the Secretary for making awards to entities described in subsection (b)(1)(A).

(3) Improving the capacities of the Centers for Disease Control and Prevention

(A) In general

The Secretary shall improve the capacities of the Centers for Disease Control and Prevention relating to preparedness for and responding effectively to bioterrorism and other public health emergencies, including increasing the security of such facilities.

(B) Multiyear contracting authority

For any project of designing, constructing, equipping, or renovating any facility under subparagraph (A), the Secretary may enter into a single contract or related contracts that collectively include the full scope of the project, and the solicitation and contract shall contain the clause “availability of funds” found at section 52.232–18 of title 48, Code of Federal Regulations.

(C) Improving laboratory facilities related to bioterrorism and other public health emergencies, including increasing the security of such facilities.

AMENDMENTS

2006—Pub. L. 109–417 amended section catchline and text generally. Prior to amendment, section consisted of subsecs. (a) to (i) relating to partnerships for community and hospital preparedness.

§ 247d–4. Revitalizing the Centers for Disease Control and Prevention

(a) Facilities; capacities

(1) Findings

Congress finds that the Centers for Disease Control and Prevention has an essential role in defending against and combating public health threats domestically and abroad and requires secure and modern facilities, and expanded and improved capabilities related to bioterrorism and other public health emergencies, sufficient to enable such Centers to conduct this important mission.

(2) Facilities

(A) In general

The Director of the Centers for Disease Control and Prevention may design, construct, and equip new facilities, renovate existing facilities (including laboratories, laboratory support buildings, scientific communication facilities, transshipment complexes, secured and isolated parking structures, office buildings, and other facilities and infrastructure), and upgrade security of such facilities, in order to better conduct the capacities described in section 247d–1 of this title, and for supporting public health activities.

(B) Multiyear contracting authority

For any project of designing, constructing, equipping, or renovating any facility under subparagraph (A), the Director of the Centers for Disease Control and Prevention may enter into a single contract or related contracts that collectively include the full scope of the project, and the solicitation and contract shall contain the clause “availability of funds” found at section 52.232–18 of title 48, Code of Federal Regulations.

(C) Improving laboratory facilities related to bioterrorism and other public health emergencies, including increasing the security of such facilities.

AMENDMENTS

2006—Pub. L. 109–417 amended section catchline and text generally. Prior to amendment, section consisted of subsecs. (a) to (i) relating to partnerships for community and hospital preparedness.
(b) National communications and surveillance networks

(1) In general

The Secretary, directly or through awards of grants, contracts, or cooperative agreements, shall provide for the establishment of an integrated system or systems of public health alert communications and surveillance networks between and among—
(A) Federal, State, and local public health officials;
(B) public and private health-related laboratories, hospitals, and other health care facilities; and
(C) any other entities determined appropriate by the Secretary.

(2) Requirements

The Secretary shall ensure that networks under paragraph (1) allow for the timely sharing and discussion, in a secure manner, of essential information concerning bioterrorism or another public health emergency, or recommended methods for responding to such an attack or emergency.

(3) Standards

Not later than one year after June 12, 2002, the Secretary, in cooperation with health care providers and State and local public health officials, shall establish any additional technical and reporting standards (including standards for interoperability) for networks under paragraph (1).

(c) Authorization of appropriations

(1) Facilities; capacities

(A) Facilities

For the purpose of carrying out subsection (a)(2) of this section, there are authorized to be appropriated $300,000,000 for each of the fiscal years 2002 and 2003, and such sums as may be necessary for each of the fiscal years 2004 through 2006.

(B) Mission; improving capacities

For the purposes of achieving the mission of the Centers for Disease Control and Prevention described in subsection (a)(1) of this section, for carrying out subsection (a)(d) of this section, for better conducting the capacities described in section 247d-1 of this title, and for supporting public health activities, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2002 through 2006.

(2) National communications and surveillance networks

For the purpose of carrying out subsection (b) of this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2002 through 2006.

(d) Public health situational awareness

(1) In general

Not later than 2 years after December 19, 2006, the Secretary, in collaboration with State, local, and tribal public health officials, shall establish a near real-time electronic nationwide public health situational awareness capability through an interoperable network of systems to share data and information to enhance early detection of rapid response to, and management of, potentially catastrophic infectious disease outbreaks and other public health emergencies that originate domestically or abroad. Such network shall be built on existing State situational awareness systems or enhanced systems that enable such connectivity.

(2) Strategic plan

Not later than 180 days after December 19, 2006, the Secretary shall submit to the appropriate committees of Congress, a strategic plan that demonstrates the steps the Secretary will undertake to develop, implement, and evaluate the network described in paragraph (1), utilizing the elements described in paragraph (3).

(3) Elements

The network described in paragraph (1) shall include data and information transmitted in a standardized format from—
(A) State, local, and tribal public health entities, including public health laboratories;
(B) Federal health agencies;
(C) zoonotic disease monitoring systems;
(D) public and private sector health care entities, hospitals, pharmacies, poison control centers or professional organizations in the field of poison control, and clinical laboratories, to the extent practicable and provided that such data are voluntarily provided simultaneously to the Secretary and appropriate State, local, and tribal public health agencies; and
(E) such other sources as the Secretary may deem appropriate.

(4) Rule of construction

Paragraph (3) shall not be construed as requiring separate reporting of data and information from each source listed.

(5) Required activities

In establishing and operating the network described in paragraph (1), the Secretary shall—
(A) utilize applicable interoperability standards as determined by the Secretary through a joint public and private sector process;
(B) define minimal data elements for such network;
(C) in collaboration with State, local, and tribal public health officials, integrate and build upon existing State, local, and tribal capabilities, ensuring simultaneous sharing of data, information, and analyses from the network described in paragraph (1) with State, local, and tribal public health agencies; and
(D) in collaboration with State, local, and tribal public health officials, develop procedures and standards for the collection, analysis, and interpretation of data that States, regions, or other entities collect and report to the network described in paragraph (1).
(e) State and regional systems to enhance situational awareness in public health emergencies

(1) In general
To implement the network described in subsection (d), the Secretary may award grants to States or consortia of States to enhance the ability of such States or consortia of States to establish or operate a coordinated public health situational awareness system for regional or Statewide early detection of, rapid response to, and management of potentially catastrophic infectious disease outbreaks and public health emergencies, in collaboration with appropriate public health agencies, sentinel hospitals, clinical laboratories, pharmacies, poison control centers, other health care organizations, and animal health organizations within such States.

(2) Eligibility
To be eligible to receive a grant under paragraph (1), the State or consortium of States shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require, including an assurance that the State or consortium of States will submit to the Secretary—

(A) reports of such data, information, and metrics as the Secretary may require;
(B) a report on the effectiveness of the systems funded under the grant; and
(C) a description of the manner in which grant funds will be used to enhance the timelines and comprehensiveness of efforts to detect, respond to, and manage potentially catastrophic infectious disease outbreaks and public health emergencies.

(3) Use of funds
A State or consortium of States that receives an award under this subsection—

(A) shall establish, enhance, or operate a coordinated public health situational awareness system for regional or Statewide early detection of, rapid response to, and management of potentially catastrophic infectious disease outbreaks and public health emergencies;
(B) may award grants or contracts to entities described in paragraph (1) within or serving such State to assist such entities in improving the operation of information technology systems, facilitating the secure exchange of data and information, and training personnel to enhance the operation of the system described in subparagraph (A); and
(C) may conduct a pilot program for the development of multi-State telehealth network test beds that build on, enhance, and securely link existing State and local telehealth programs to prepare for, monitor, respond to, and manage the events of public health emergencies, facilitate coordination and communication among medical, public health, and emergency response agencies, and provide medical services through telehealth initiatives within the States that are involved in such a multi-State telehealth network test bed.

(4) Limitation
Information technology systems acquired or implemented using grants awarded under this section must be compliant with—

(A) interoperability and other technological standards, as determined by the Secretary; and
(B) data collection and reporting requirements for the network described in subsection (d).

(5) Independent evaluation
Not later than 4 years after December 19, 2006, the Government Accountability Office shall conduct an independent evaluation, and submit to the Secretary and the appropriate committees of Congress a report concerning the activities conducted under this subsection and subsection (d).

(f) Telehealth enhancements for emergency response

(1) Evaluation
The Secretary, in consultation with the Federal Communications Commission and other relevant Federal agencies, shall—

(A) conduct an inventory of telehealth initiatives in existence on December 19, 2006, including—

(i) the specific location of network components;
(ii) the medical, technological, and communications capabilities of such components;
(iii) the functionality of such components; and
(iv) the capacity and ability of such components to handle increased volume during the response to a public health emergency;
(B) identify methods to expand and interconnect the regional health information networks funded by the Secretary, the State and regional broadband networks funded through the rural health care support mechanism pilot program funded by the Federal Communications Commission, and other telehealth networks;
(C) evaluate ways to prepare for, monitor, respond rapidly to, or manage the events of, a public health emergency through the enhanced use of telehealth technologies, including mechanisms for payment or reimbursement for use of such technologies and personnel during public health emergencies;
(D) identify methods for reducing legal barriers that deter health care professionals from providing telemedicine services, such as by utilizing State emergency health care professional credentialing verification systems, encouraging States to establish and implement mechanisms to improve interstate medical licensure cooperation, facilitating the exchange of information among States regarding investigations and adverse actions, and encouraging States to waive the application of licensing requirements during a public health emergency;
(E) evaluate ways to integrate the practice of telemedicine within the National Disaster Medical System; and
(F) promote greater coordination among existing Federal interagency telemedicine
§ 247d-5. Combating antimicrobial resistance

(a) Task force

(1) In general

The Secretary shall establish an Antimicrobial Resistance Task Force to provide advice and recommendations to the Secretary and coordinate Federal programs relating to antimicrobial resistance. The Secretary may appoint or select a committee, or other organization in existence as of November 13, 2000, to serve as such a task force, if such committee, or other organization meets the requirements of this section.

(2) Members of task force

The task force described in paragraph (1) shall be composed of representatives from such Federal agencies, and shall seek input from public health constituencies, manufacturers, veterinary and medical professional societies and others, as determined to be necessary by the Secretary, to develop and implement a comprehensive plan to address the public health threat of antimicrobial resistance.

(3) Agenda

(A) In general

The task force described in paragraph (1) shall consider factors the Secretary considers appropriate, including—

(i) public health factors contributing to increasing antimicrobial resistance;

(ii) public health needs to detect and monitor antimicrobial resistance;

(iii) detection, prevention, and control strategies for resistant pathogens;

(iv) the need for improved information and data collection;

(v) the assessment of the risk imposed by pathogens presenting a threat to the public health; and

(vi) any other issues which the Secretary determines are relevant to antimicrobial resistance.

(B) Detection and control

The Secretary, in consultation with the task force described in paragraph (1) and State and local public health officials, shall—

(i) develop, improve, coordinate or enhance participation in a surveillance plan to detect and monitor emerging antimicrobial resistance; and

(ii) develop, improve, coordinate or enhance participation in an integrated information system to assimilate, analyze, and exchange antimicrobial resistance data between public health departments.

(4) Meetings

The task force described under paragraph (1) shall convene not less than twice a year, or more frequently as the Secretary determines to be appropriate.

(b) Research and development of new antimicrobial drugs and diagnostics

The Secretary and the Director of Agricultural Research Services, consistent with the recommendations of the task force established under subsection (a) of this section, shall directly or through awards of grants or cooperative agreements to public or private entities provide for the conduct of research, investigations, experiments, demonstrations, and studies in the health sciences that are related to—

(1) the development of new therapeutics, including vaccines and antimicrobials, against resistant pathogens;

(2) the development or testing of medical diagnostics to detect and monitor emerging antimicrobial resistance;

(3) the epidemiology, mechanisms, and pathogenesis of antimicrobial resistance;

(4) the sequencing of the genomes, or other DNA analysis, or other comparative analysis, of priority pathogens (as determined by the Director of the National Institutes of Health in consultation with the task force established under subsection (a) of this section), in collaboration and coordination with the activities of the Department of Defense and the Joint Genome Institute of the Department of Energy; and

(5) other relevant research areas.

(c) Education of medical and public health personnel

The Secretary, after consultation with the Assistant Secretary for Health, the Surgeon General, the Director of the Centers for Disease Control and Prevention, and other appropriate Federal agencies and entities, shall—

(1) develop, improve, coordinate or enhance the dissemination of evidence-based educational information to meet the needs of medical and public health personnel and the public, including in-person training and continuing medical education, and other educational activities designed to increase awareness and enhance participation in an integrated information system to assimilate, analyze, and exchange antimicrobial resistance data between public health departments; and

(2) develop, improve, coordinate or enhance education and training of public health professionals, including educational activities conducted by the task force established under paragraph (1) of this section and education conducted by the Secretary and the Director of the National Institutes of Health.
Control and Prevention, the Administrator of the Health Resources and Services Administration, the Director of the Agency for Healthcare Research and Quality, members of the task force described in subsection (a) of this section, professional organizations and societies, and such other public health officials as may be necessary, shall—

(1) develop and implement educational programs to increase the awareness of the general public with respect to the public health threat of antimicrobial resistance and the appropriate use of antibiotics;
(2) develop and implement educational programs to instruct health care professionals in the prudent use of antibiotics; and
(3) develop and implement programs to train laboratory personnel in the recognition or identification of resistance in pathogens.

(d) Grants

(1) In general

The Secretary shall award competitive grants to eligible entities to enable such entities to increase the capacity to detect, monitor, and combat antimicrobial resistance.

(2) Eligible entities

Eligible entities for grants under paragraph (1) shall be State or local public health agencies, Indian tribes or tribal organizations, or other public or private nonprofit entities.

(3) Use of funds

An eligible entity receiving a grant under paragraph (1) shall use funds from such grant for activities that are consistent with the factors identified by the task force under subsection (a)(3) of this section, which may include activities that—
(A) provide training to enable such entity to identify patterns of resistance rapidly and accurately;
(B) develop, improve, coordinate or enhance participation in information systems by which data on resistant infections can be shared rapidly among relevant national, State, and local health agencies and health care providers; and
(C) develop and implement policies to control the spread of antimicrobial resistance.

(e) Grants for demonstration programs

(1) In general

The Secretary shall award competitive grants to eligible entities to establish demonstration programs to promote judicious use of antimicrobial drugs or control the spread of antimicrobial-resistant pathogens.

(2) Eligible entities

Eligible entities for grants under paragraph (1) may include hospitals, clinics, institutions of long-term care, professional medical societies, schools or programs that train medical laboratory personnel, or other public or private nonprofit entities.

(3) Technical assistance

The Secretary shall provide appropriate technical assistance to eligible entities that receive grants under paragraph (1).

(f) Supplement not supplant

Funds appropriated under this section shall be used to supplement and not supplant other Federal, State, and local public funds provided for activities under this section.

(g) Authorization of appropriations

There are authorized to be appropriated to carry out this section, $40,000,000 for fiscal year 2001, $25,000,000 for each of the fiscal years 2002 and 2003, and such sums as may be necessary for each of the fiscal years 2004 through 2006.

(A) Development

An eligible entity receiving a grant under paragraph (5) shall use funds from such grant for activities that are consistent with the factors identified by the task force under subsection (a)(3) of this section, which may include activities that—
(A) provide training to enable such entity to identify patterns of resistance rapidly and accurately;
(B) develop, improve, coordinate or enhance participation in information systems by which data on resistant infections can be shared rapidly among relevant national, State, and local health agencies and health care providers; and
(C) develop and implement policies to control the spread of antimicrobial resistance.

§ 247d-5a. Identification of clinically susceptible concentrations of antimicrobials

(a) Definition

In this section, the term “clinically susceptible concentrations” means specific values which characterize bacteria as clinically susceptible, intermediate, or resistant to the drug (or drugs) tested.

(b) Identification

The Secretary of Health and Human Services (referred to in this section as the “Secretary”), through the Commissioner of Food and Drugs, shall identify (where such information is reasonably available) and periodically update clinically susceptible concentrations.

(c) Public availability

The Secretary, through the Commissioner of Food and Drugs, shall make such clinically susceptible concentrations publicly available, such as by posting on the Internet, not later than 30 days after the date of identification and any update under this section.

(d) Effect

Nothing in this section shall be construed to restrict, in any manner, the prescribing of antibiotics by physicians, or to limit the practice of medicine, including for diseases such as Lyme and tick-borne diseases.
§ 247d–6. Public health countermeasures to a bio-terrorist attack

(a) All-hazards public health and medical response curricula and training

(1) In general
The Secretary, in collaboration with the Secretary of Defense, and in consultation with relevant public and private entities, shall develop core health and medical response curricula and trainings by adapting applicable existing curricula and training programs to improve responses to public health emergencies.

(2) Curriculum
The public health and medical response training program may include course work related to—
(A) medical management of casualties, taking into account the needs of at-risk individuals;
(B) public health aspects of public health emergencies;
(C) mental health aspects of public health emergencies;
(D) national incident management, including coordination among Federal, State, local, tribal, international agencies, and other entities; and
(E) protecting health care workers and health care first responders from workplace exposures during a public health emergency.

(3) Peer review
On a periodic basis, products prepared as part of the program shall be rigorously tested and peer-reviewed by experts in the relevant fields.

(4) Credit
The Secretary and the Secretary of Defense shall—
(A) take into account continuing professional education requirements of public health and healthcare professions; and
(B) cooperate with State, local, and tribal accrediting agencies and with professional associations in arranging for students enrolled in the program to obtain continuing professional education credit for program courses.

(5) Dissemination and training
(A) In general
The Secretary may provide for the dissemination and teaching of the materials described in paragraphs (1) and (2) by appropriate means, as determined by the Secretary.

(B) Certain entities
The education and training activities described in subparagraph (A) may be carried out by Federal public health or medical entities, appropriate educational entities, professional organizations and societies, private accrediting organizations, and other non-profit institutions or entities meeting criteria established by the Secretary.

(C) Grants and contracts
In carrying out this subsection, the Secretary may carry out activities directly or through the award of grants and contracts, and may enter into interagency agreements with other Federal agencies.

(b) Advice to the Federal Government

(1) Required advisory committees
In coordination with the working group under subsection (a) of this section, the Secretary shall establish advisory committees in accordance with paragraphs (2) and (3) to provide expert recommendations to assist such working groups in carrying out their respective responsibilities under subsections (a) and (b) of this section.

(2) National Advisory Committee on At-Risk Individuals and Public Health Emergencies

(A) In general
For purposes of paragraph (1), the Secretary shall establish an advisory committee to be known as the National Advisory Committee on At-Risk Individuals and Public Health Emergencies (referred to in this paragraph as the “Advisory Committee”).

(B) Duties
The Advisory Committee shall provide recommendations regarding—
(i) the preparedness of the health care (including mental health care) system to respond to public health emergencies as they relate to at-risk individuals;
(ii) needed changes to the health care and emergency medical service systems and emergency medical services protocols to meet the special needs of at-risk individuals; and
(iii) changes, if necessary, to the national stockpile under section 300hh–12 of this title to meet the emergency health security of at-risk individuals.

(C) Composition
The Advisory Committee shall be composed of such Federal officials as may be appropriate to address the special needs of the diverse population groups of at-risk populations.

(D) Termination
The Advisory Committee terminates six years after June 12, 2002.

(3) Emergency Public Information and Communications Advisory Committee

(A) In general
For purposes of paragraph (1), the Secretary shall establish an advisory committee to be known as the Emergency Public Information and Communications Advisory Committee (referred to in this paragraph as the “EPIC Advisory Committee”).

(B) Duties
The EPIC Advisory Committee shall make recommendations to the Secretary and re-
port on appropriate ways to communicate public health information regarding bioterrorism and other public health emergencies to the public.

(C) Composition

The EPIC Advisory Committee shall be composed of individuals representing a diverse group of experts in public health, medicine, communications, behavioral psychology, and other areas determined appropriate by the Secretary.

(D) Dissemination

The Secretary shall review the recommendations of the EPIC Advisory Committee and ensure that appropriate information is disseminated to the public.

(E) Termination

The EPIC Advisory Committee terminates one year after June 12, 2002.

(c) Expansion of Epidemic Intelligence Service Program

The Secretary may establish officer positions in the Epidemic Intelligence Service Program, in addition to the number of the officer positions offered under such Program in 2006, for individuals who agree to participate, for a period of not less than 2 years, in the Career Epidemiology Field Officer program in a State, local, or tribal health department that serves a health professional shortage area (as defined under section 254(a) of this title), a medically underserved population (as defined under section 254e(a) of this title), or a medically underserved area or area at high risk of a public health emergency as designated by the Secretary.

(d) Centers for Public Health Preparedness; core curricula and training

(1) In general

The Secretary may establish at accredited schools of public health, Centers for Public Health Preparedness (hereafter referred to in this section as the “Centers”).

(2) Eligibility

To be eligible to receive an award under this subsection to establish a Center, an accredited school of public health shall agree to conduct activities consistent with the requirements of this subsection.

(3) Core curricula

The Secretary, in collaboration with the Centers and other public or private entities shall establish core curricula based on established competencies leading to a 4-year bachelor’s degree, a graduate degree, a combined bachelor and master’s degree, or a certificate program, for use by each Center. The Secretary shall disseminate such curricula to other accredited schools of public health and other health professions schools determined appropriate by the Secretary, for voluntary use by such schools.

(4) Core competency-based training program

The Secretary, in collaboration with the Centers and other public or private entities shall facilitate the development of a competency-based training program to train public health practitioners. The Centers shall use such training program to train public health practitioners. The Secretary shall disseminate such training program to other accredited schools of public health, health professions schools, and other public or private entities as determined by the Secretary, for voluntary use by such entities.

(5) Content of core curricula and training program

The Secretary shall ensure that the core curricula and training program established pursuant to this subsection respond to the needs of State, local, and tribal public health authorities and integrate and emphasize essential public health security capabilities consistent with section 300hh-1(b)(2) of this title.

(6) Academic-workforce communication

As a condition of receiving funding from the Secretary under this subsection, a Center shall collaborate with a State, local, or tribal public health department to—

(A) define the public health preparedness and response needs of the community involved;

(B) assess the extent to which such needs are fulfilled by existing preparedness and response activities of such school or health department, and how such activities may be improved;

(C) prior to developing new materials or trainings, evaluate and utilize relevant materials and trainings developed by others Centers; and

(D) evaluate community impact and the effectiveness of any newly developed materials or trainings.

(7) Public health systems research

In consultation with relevant public and private entities, the Secretary shall define the existing knowledge base for public health preparedness and response systems, and establish a research agenda based on Federal, State, local, and tribal public health preparedness priorities. As a condition of receiving funding from the Secretary under this subsection, a Center shall conduct public health systems research that is consistent with the agenda described under this paragraph.

(e) Accelerated research and development on priority pathogens and countermeasures

(1) In general

With respect to pathogens of potential use in a bioterrorist attack, and other agents that may cause a public health emergency, the Secretary, taking into consideration any recommendations of the working group under subsection (a) of this section, shall conduct, and award grants, contracts, or cooperative agreements for, research, investigations, experiments, demonstrations, and studies in the health sciences relating to—

(A) the epidemiology and pathogenesis of such pathogens;

(B) the sequencing of the genomes, or other DNA analysis, or other comparative
analysis, of priority pathogens (as determined by the Director of the National Institutes of Health in consultation with the working group established in subsection (a) of this section), in collaboration and coordination with the activities of the Department of Defense and the Joint Genome Institute of the Department of Energy;

(C) the development of priority countermeasures; and

(D) other relevant areas of research;

with consideration given to the needs of children and other vulnerable populations.

(2) Priority

The Secretary shall give priority under this section to the funding of research and other studies related to priority countermeasures.

(3) Role of Department of Veterans Affairs

In carrying out paragraph (1), the Secretary shall consider using the biomedical research and development capabilities of the Department of Veterans Affairs, in conjunction with that Department’s affiliations with health professions universities. When advantageous to the Government in furtherance of the purposes of such paragraph, the Secretary may enter into cooperative agreements with the Secretary of Veterans Affairs to achieve such purposes.

(4) Priority countermeasures

For purposes of this section, the term “priority countermeasure” means a drug, biological product, device, vaccine, vaccine adjuvant, antiviral, or diagnostic test that the Secretary determines to be—

(A) a priority to treat, identify, or prevent infection by a biological agent or toxin listed pursuant to section 262a(a)(1) of this title, or harm from any other agent that may cause a public health emergency; or

(B) a priority to treat, identify, or prevent conditions that may result in adverse health consequences or death and may be caused by the administration of a drug, biological product, device, vaccine, vaccine adjuvant, antiviral, or diagnostic test that is a priority under subparagraph (A).

(f) Authorization of appropriations

(1) Fiscal year 2007

There are authorized to be appropriated to carry out this section for fiscal year 2007—

(A) to carry out subsection (a)—

(i) $5,000,000 to carry out paragraphs (1) through (4); and

(ii) $7,000,000 to carry out paragraph (5);

(B) to carry out subsection (c), $3,000,000; and

(C) to carry out subsection (d), $31,000,000, of which $5,000,000 shall be used to carry out paragraphs (3) through (5) of such subsection.

(2) Subsequent fiscal years

There are authorized to be appropriated such sums as may be necessary to carry out this section for fiscal year 2008 and each subsequent fiscal year.

AMENDMENTS

2006—Subsec. (a). Pub. L. 109–417, §304(1), added subsec. (a) and struck out heading and text of former subsec. (a) which established a working group on bioterrorism and other public health emergencies.

Subsec. (b)(2)(C). Pub. L. 109–417, §301(d)(4), substituted “at-risk populations” for “children, and child health experts on infectious disease, environmental health, toxicology, and other relevant professional disciplines”.

Subsec. (b)(2)(D). Pub. L. 109–417, §301(d)(5), substituted “six years” for “one year”.

Subsec. (b)(3)(B). Pub. L. 109–417, §301(e), struck out “and the working group under subsection (a) of this section” after “Secretary”.

Subsecs. (c) to (h). Pub. L. 109–417, §304(2)–(4), added subsecs. (c), (d), and (f), redesignated subsec. (b) as (e), and struck out former subsecs. (c) to (g), which related to: in subsec. (c), development of communication strategy; in subsec. (d), Federal Internet site on bioterrorism; in subsec. (e), grants to increase capacity to detect, diagnose, and respond to acts of bioterrorism; in subsec. (f), assistance to State and local health agencies to enable effective response to attacks; and, in subsec. (g), education and training activities.

Subsecs. (i), (j). Pub. L. 109–417, §304(5), struck out subsecs. (i) and (j) which related to report to congressional committees on public health and medical consequences of a bioterrorist attack and the supplementary nature of funds appropriated under this section, respectively.

Subsec. (b)(4)(B). Pub. L. 108–276, §2(d)(2), substituted “to treat, identify, or prevent conditions” for “to diagnose conditions”.

2002—Subsec. (a). Pub. L. 107–188, §108, added subsec. (a) and struck out heading and text of former subsec. (a). Text read as follows: “The Secretary, in coordination with the Secretary of Defense, shall establish a joint interdepartmental working group on preparedness and readiness for the medical and public health effects of a bioterrorist attack on the civilian population. Such joint working group shall—

“(1) coordinate research on pathogens likely to be used in a bioterrorist attack on the civilian population as well as therapies to treat such pathogens;

“(2) coordinate research and development into equipment to detect pathogens likely to be used in a bioterrorist attack on the civilian population and protect against infection from such pathogens;

“(3) develop shared standards for equipment to detect and to protect against infection from pathogens likely to be used in a bioterrorist attack on the civilian population; and

“(4) coordinate the development, maintenance, and procedures for the release of, strategic reserves of...
Subsec. (g). Pub. L. 107–188, §105, amended heading and text of subsec. (g) generally. Prior to amendment, text read as follows: “The Secretary, in collaboration with members of the working group described in subsection (b) of this section, and professional organizations and societies, shall—

“(1) develop and implement educational programs to instruct public health officials, medical professionals, and other personnel working in health care facilities in the recognition and care of victims of a bioterrorist attack; and

“(2) develop and implement programs to train laboratory personnel in the recognition and identification of a potential bioweapon.”

Pub. L. 107–188, §104(a)(2), redesignated subsec. (e) as (g). Former subsec. (g) redesignated (i).

Subsec. (h). Pub. L. 107–188, §105, amended heading and text of subsec. (h) generally. Prior to amendment, text read as follows: “The Secretary, in consultation with the Federal Communications Commission, the National Telecommunications and Information Administration, and other appropriate Federal agencies, shall conduct a study to determine whether local public health entities have the ability to maintain communications in the event of a bioterrorist attack or other public health emergency. The study shall examine whether redundancies are required in the telecommunications system, particularly with respect to mobile communications, for public health entities to maintain systems operability and connectivity during such emergencies. The study shall also include recommendations to industry and public health entities about how to implement such redundancies if necessary.”

§ 247d-6a. Authority for use of certain procedures regarding qualified countermeasure research and development activities

(a) In general

(1) Authority

In conducting and supporting research and development activities regarding countermeasures under section 247d–6(h) of this title, the Secretary may conduct and support such activities in accordance with this section and, in consultation with the Director of the National Institutes of Health, as part of the program under section 285f of this title, if the activities concern qualified countermeasures.

(2) Definitions

In this section:

(A) Qualified countermeasure

The term “qualified countermeasure” means a drug (as that term is defined by section 321(g)(1) of title 21), biological product (as that term is defined by section 262(i) of
this term, or device (as that term is defined by section 321(h) of title 21), that the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 6) to—

(i) diagnose, mitigate, prevent, or treat harm from any biological agent (including organisms that cause an infectious disease) or toxin, chemical, radiological, or nuclear agent that may cause a public health emergency affecting national security; or

(ii) diagnose, mitigate, prevent, or treat harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device that is used as described in this subparagraph.

(B) Infectious disease

The term “infectious disease” means a disease potentially caused by a pathogenic organism (including a bacteria, virus, fungus, or parasite) that is acquired by a person and that reproduces in that person.

(3) Interagency cooperation

(A) In general

In carrying out activities under this section, the Secretary is authorized, subject to subparagraph (B), to enter into interagency agreements and other collaborative undertakings with other agencies of the United States Government.

(B) Limitation

An agreement or undertaking under this paragraph shall not authorize another agency to exercise the authorities provided by this section.

(4) Availability of facilities to the Secretary

In any grant, contract, or cooperative agreement entered into under the authority provided in this section with respect to a biocontainment laboratory or other related or ancillary specialized research facility that the Secretary determines necessary for the purpose of performing, administering, or supporting qualified countermeasure research and development activities under this section that the Secretary determines necessary to respond to pressing research and development needs under this section, the amount specified in section 403(11) of title 41, as applicable pursuant to section 252(a) of title 41, shall be deemed to be $25,000,000 in the administration, with respect to such procurement, of—

(i) section 253(g)(1)(A) of title 41 and its implementing regulations; and

(ii) section 252a(b) of title 41 and its implementing regulations.

(B) Application of certain provisions

Notwithstanding subparagraph (A) and the provision of law and regulations referred to in such subparagraph, each of the following provisions shall apply to procurements described in this paragraph to the same extent that such provisions would apply to such procurements in the absence of subparagraph (A):

(i) Chapter 37 of title 40 (relating to contract work hours and safety standards).

(ii) Subsections (a) and (b) of section 57 of title 41.

(iii) Section 254d of title 41 (relating to the examination of contractor records).

(iv) Section 3131 of title 40 (relating to bonds of contractors of public buildings or works).

(v) Subsection (a) of section 254 of title 41 (relating to contingent fees to middlemen).

(vi) Section 6962 of this title.

(vii) Section 1354 of title 31 (relating to the limitation on the use of appropriated funds for contracts with entities not meeting veterans employment reporting requirements).

(C) Internal controls to be instituted

The Secretary shall institute appropriate internal controls for procurements that are under this paragraph, including requirements with regard to documenting the justification for use of the authority in this paragraph with respect to the procurement involved.

(D) Authority to limit competition

In conducting a procurement under this paragraph, the Secretary may not use the authority provided for under subparagraph (A) to conduct a procurement on a basis other than full and open competition unless the Secretary determines that the mission of the BioShield Program under the Project BioShield Act of 2004 would be seriously impaired without such a limitation.

(2) Procedures other than full and open competition

(A) In general

In using the authority provided in section 253(c)(1) of title 41 to use procedures other than competitive procedures in the case of a procurement described in paragraph (1) of this subsection, the phrase “available from
only one responsible source’ in such section 253(c)(1) shall be deemed to mean ‘available from only one responsible source or only from a limited number of responsible sources’.

(B) Relation to other authorities
The authority under subparagraph (A) is in addition to any other authority to use procedures other than competitive procedures.

(C) Applicable government-wide regulations
The Secretary shall implement this paragraph in accordance with government-wide regulations implementing such section 253(c)(1) (including requirements that offers be solicited from as many potential sources as is practicable under the circumstances, that required notices be published, and that submitted offers be considered), as such regulations apply to procurements for which an agency has authority to use procedures other than competitive procedures when the property or services needed by the agency are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the agency.

(3) Increased micropurchase threshold
(A) In general
For a procurement described by paragraph (1), the amount specified in subsections (c), (d), and (f) of section 428 of title 41 shall be deemed to be $15,000 in the administration of that section with respect to such procurement.

(B) Internal controls to be instituted
The Secretary shall institute appropriate internal controls for purchases that are under this paragraph and that are greater than $2,500.

(C) Exception to preference for purchase card mechanism
No provision of law establishing a preference for using a Government purchase card method for purchases shall apply to purchases that are under this paragraph and that are greater than $2,500.

(4) Review
(A) Review allowed
Notwithstanding subsection (f) of this section, section 1491 of title 28, and section 3556 of title 31, review of a contracting agency decision relating to a procurement described in paragraph (1) may be had only by filing a protest—

(i) with a contracting agency; or

(ii) with the Comptroller General under subchapter V of chapter 35 of title 31.

(B) Override of stay of contract award or performance committed to agency discretion
Notwithstanding section 1491 of title 28 and section 3553 of title 31, the following authorizations by the head of a procuring activity are committed to agency discretion:

(i) An authorization under section 3553(c)(2) of title 31 to award a contract for a procurement described in paragraph (1) of this subsection.

(ii) An authorization under section 3553(d)(3)(C) of such title to perform a contract for a procurement described in paragraph (1) of this subsection.

(c) Authority to expedite peer review
(1) In general
The Secretary may, as the Secretary determines necessary to respond to pressuring qualified countermeasure research and development needs under this section, employ such expedited peer review procedures (including consultation with appropriate scientific experts) as the Secretary, in consultation with the Director of NIH, deems appropriate to obtain assessment of scientific and technical merit and likely contribution to the field of qualified countermeasure research, in place of the peer review and advisory council review procedures that would be required under sections 241(a)(3), 284(b)(1)(A), 284(b)(2), 284a(3)(A), 289h, and 289c of this title, as applicable to a grant, contract, or cooperative agreement only:

(A) that is for performing, administering, or supporting qualified countermeasure research and development activities; and

(B) the amount of which is not greater than $1,500,000.

(2) Subsequent phases of research
The Secretary’s determination of whether to employ expedited peer review with respect to any subsequent phases of a research grant, contract, or cooperative agreement under this section shall be determined without regard to the peer review procedures used for any prior peer review of that same grant, contract, or cooperative agreement.

Nothing in the preceding sentence may be construed to impose any requirement with respect to peer review not otherwise required under any other law or regulation.

(d) Authority for personal services contracts
(1) In general
For the purpose of performing, administering, or supporting qualified countermeasure research and development activities, the Secretary may, as the Secretary determines necessary to respond to pressuring qualified countermeasure research and development needs under this section, obtain by contract (in accordance with section 3109 of title 5, but without regard to the limitations in such section on the period of service and on pay) the personal services of experts or consultants who have scientific or other professional qualifications, except that in no case shall the compensation provided to any such expert or consultant exceed the daily equivalent of the annual rate of compensation for the President.

(2) Federal Tort Claims Act coverage
(A) In general
A person carrying out a contract under paragraph (1), and an officer, employee, or governing board member of such person, shall, subject to a determination by the Secretary, be deemed to be an employee of the
Department of Health and Human Services for purposes of claims under sections 1346(b) and 2672 of title 28 for money damages for personal injury, including death, resulting from performance of functions under such contract.

(B) Exclusivity of remedy

The remedy provided by subparagraph (A) shall be exclusive of any other civil action or proceeding by reason of the same subject matter against the entity involved (person, officer, employee, or governing board member) for any act or omission within the scope of the Federal Tort Claims Act.

(C) Recourse in case of gross misconduct or contract violation

(i) In general

Should payment be made by the United States to any claimant bringing a claim under this paragraph, either by way of administrative determination, settlement, or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover against any entity identified in subparagraph (B) for that portion of the damages so awarded or paid, as well as interest and any costs of litigation, resulting from the failure of any such entity to carry out any obligation or responsibility assumed by such entity under a contract with the United States or from any grossly negligent or reckless conduct or intentional or willful misconduct on the part of such entity.

(ii) Venue

The United States may maintain an action under this subparagraph against such entity in the district court of the United States in which such entity resides or has its principal place of business.

(3) Internal controls to be instituted

(A) In general

The Secretary shall institute appropriate internal controls for contracts under this subsection, including procedures for the Secretary to make a determination of whether a person, or an officer, employee, or governing board member of a person, is or is not deemed to be an employee of the Department of Health and Human Services pursuant to paragraph (2)

(B) Determination of employee status to be final

A determination by the Secretary under subparagraph (A) that a person, or an employee, governing board member of a person, is or is not deemed to be an employee of the Department of Health and Human Services shall be final and binding on the Secretary and the Attorney General and other parties to any civil action or proceeding.

(4) Number of personal services contracts limited

The number of experts and consultants whose personal services are obtained under paragraph (1) shall not exceed 30 at any time.

(e) Streamlined personnel authority

(1) In general

In addition to any other personnel authorities, the Secretary may, as the Secretary determines necessary to respond to pressing qualified countermeasure research and development needs under this section, without regard to those provisions of title 3 governing appointments in the competitive service, and without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, appoint professional and technical employees, not to exceed 30 such employees at any time, to positions in the National Institutes of Health to perform, administer, or support qualified countermeasure research and development activities in carrying out this section.

(2) Limitations

The authority provided for under paragraph (1) shall be exercised in a manner that—

(A) recruits and appoints individuals based solely on their abilities, knowledge, and skills;

(B) does not discriminate for or against any applicant for employment on any basis described in section 2302(b)(1) of title 5;

(C) does not allow an official to appoint an individual who is a relative (as defined in section 3110(a)(2) of such title) of such official;

(D) does not discriminate for or against an individual because of the exercise of any activity described in paragraph (9) or (10) of section 2302(b) of such title; and

(E) accords a preference, among equally qualified persons, to persons who are preference eligibles (as defined in section 2108(3) of such title).

(3) Internal controls to be instituted

The Secretary shall institute appropriate internal controls for appointments under this subsection.

(f) Actions committed to agency discretion

Actions by the Secretary under the authority of this section are committed to agency discretion.

AMENDMENTS

2006—Subsec. (a)(2). Pub. L. 109–417 added par. (2) and struck out heading and text of former par. (2). Text read as follows: "For purposes of this section, the term 'qualified countermeasure' means a drug (as that term is defined by section 321(g)(1) of title 21), biological product (as that term is defined by section 262(a) of this title), or device (as that term is defined by section 321(h) of title 21) that the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 28).

"(A) treat, identify, or prevent harm from any biological, chemical, radiological, or nuclear agent that may cause a public health emergency affecting national security;

"(B) treat, identify, or prevent harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device that is used as described in subparagraph (A)."

RULE OF CONSTRUCTION

Pub. L. 108–276, §2(e), July 21, 2004, 118 Stat. 842, provided that: "Nothing in this section (enacting this section and amending sections 247d–6, 267a–2, and 306aa–6 of this title) has any legal effect on sections 302(2), 302(4), 304(a), or 304(b) of the Homeland Security Act of 2002 [6 U.S.C. 182(2), (4), 184(a), (b)]."

COLLABORATION AND COORDINATION

"(a) LIMITED ANTITRUST EXEMPTION.—

"(1) MEETINGS AND CONSULTATIONS TO DISCUSS SECURITY COUNTERMEASURES, QUALIFIED COUNTERMEASURES, OR QUALIFIED PANDEMIC OR EPIDEMIC PRODUCT DEVELOPMENT.—

"(A) AUTHORITY TO CONDUCT MEETINGS AND CONSULTATIONS.—The Secretary of Health and Human Services (referred to in this subsection as the 'Secretary'), in coordination with the Attorney General and the Secretary of Homeland Security, may conduct meetings and consultations with persons engaged in the development of a security countermeasure or product (as defined in section 319F–2 of the Public Health Service Act (42 U.S.C. 247d–6b)) (as amended by this Act), a qualified countermeasure (as defined in section 319F–1 of the Public Health Service Act (42 U.S.C. 247d–6a)) (as amended by this Act), or a qualified pandemic or epidemic product (as defined in section 319F–3 of the Public Health Service Act (42 U.S.C. 247d–6d)) for the purpose of the development, manufacture, distribution, purchase, or storage of a countermeasure or product, as determined by the Secretary;

"(ii) be open to persons involved in the development, manufacture, distribution, purchase, or storage of a countermeasure or product, as determined by the Secretary; and

"(iii) be open to the Attorney General, the Secretary of Homeland Security, and the Chairman:

"(B) DETERMINATION.—The Secretary may not require participants to disclose confidential commercial or proprietary information.

"(C) LIMITATION.—The Secretary may not require participants to disclose confidential commercial or proprietary information.

"(D) TRANSCRIPT.—The Secretary shall maintain a complete verbatim transcript of each meeting or consultation conducted under this subsection. Such transcript (or a portion thereof) shall not be disclosed under section 552 of title 5, United States Code, to the extent that the Secretary, in consultation with the Attorney General and the Secretary of Homeland Security, determines that disclosure of such transcript (or portion thereof) would pose a threat to national security. The transcript (or portion thereof) with respect to which the Secretary has made such a determination shall be deemed to be information described in subsection (b)(3) of such section 552.

"(E) EXEMPTION.—

"(i) IN GENERAL.—Subject to clause (ii), it shall not be a violation of the antitrust laws for any person to participate in a meeting or consultation conducted in accordance with this paragraph.

"(ii) LIMITATION.—Clause (i) shall not apply to any agreement or conduct that results from a meeting or consultation and that is not covered by an exemption granted under paragraph (4).

"(2) SUBMISSION OF WRITTEN AGREEMENTS.—The Secretary shall submit each written agreement regarding covered activities that is made pursuant to meetings or consultations conducted under paragraph (1) to the Attorney General and the Chairman for consideration. In addition to the proposed agreement itself, any submission shall include:

"(A) an explanation of the intended purpose of the agreement;

"(B) a specific statement of the substance of the agreement;

"(C) a description of the methods that will be utilized to achieve the objectives of the agreement;

"(D) an explanation of the cooperative effort among the particular participating persons to achieve the objectives of the agreement; and

"(E) any other relevant information determined necessary by the Attorney General, in consultation with the Chairman and the Secretary.

"(3) EXEMPTION FOR CONDUCT UNDER APPROVED AGREEMENT.—It shall not be a violation of the antitrust laws for a person to engage in conduct in accordance with a written agreement to the extent that such agreement has been granted an exemption under paragraph (4), during the period for which the exemption is in effect.

"(4) ACTION ON WRITTEN AGREEMENTS.—

"(A) IN GENERAL.—The Attorney General, in consultation with the Chairman, shall grant, deny, grant in part and deny in part, or propose modifications to an exemption request regarding a written agreement submitted under paragraph (2), in a written statement to the Secretary, within 15 business days of the receipt of such request. An exemption granted under this paragraph shall take effect immediately.

"(B) EXTENSION.—The Attorney General may extend the 15-day period referred to in subparagraph (A) for an additional period of not to exceed 10 business days.

"(C) DETERMINATION.—An exemption shall be granted regarding a written agreement submitted in accordance with paragraph (2) only to the extent...
that the Attorney General, in consultation with the Chairman and the Secretary, finds that the conduct that will be exempted will not have any substantial anticompetitive effect that is not reasonably necessary for ensuring the availability of the countermeasure or product involved.

(5) LIMITATION ON AND RENEWAL OF EXEMPTIONS.—An exemption granted under paragraph (4) shall be limited to covered activities, and such exemption shall be renewed (with modifications, as appropriate, consistent with the finding described in paragraph (4)(C), on the date that is 3 years after the date on which the exemption is granted unless the Attorney General in consultation with the Chairman determines that the exemption should not be renewed (with modifications, as appropriate) considering the factors described in paragraph (4).

(6) AUTHORITY TO OBTAIN INFORMATION.—Consideration by the Attorney General for granting or renewing an exemption submitted under this section shall be considered an antitrust investigation for purposes of the Antitrust Civil Process Act (15 U.S.C. 1311 et seq.).

(7) LIMITATION ON PARTIES.—The use of any information acquired under an agreement for which an exemption has been granted under paragraph (4), for any purpose other than specified in the exemption, shall be subject to the antitrust laws and any other applicable laws.

(8) REPORT.—Not later than one year after the date of enactment of this Act [Dec. 19, 2006] and biennially thereafter, the Attorney General and the Chairman shall report to Congress on the use of the exemption from the antitrust laws provided by this subsection.

(b) SUNSET.—The applicability of this section shall expire at the end of the 6-year period that begins on the date of enactment of this Act [Dec. 19, 2006].

(c) DEFINITIONS.—In this section:

(1) ANTITRUST LAWS.—The term 'antitrust laws'—

(A) has the meaning given such term in subsection (a) of the first section of the Clayton Act (15 U.S.C. 12(a)), except that such term includes section 5 of the Federal Trade Commission Act (15 U.S.C. 45) to the extent such section 5 applies to unfair methods of competition; and

(B) includes any State law similar to the laws referred to in subparagraph (A).

(2) COUNTERMEASURE OR PRODUCT.—The term 'countermeasure or product' refers to a security countermeasure, qualified countermeasure, or qualified pandemic or epidemic product (as those terms are defined in subsection (a)(1)).

(3) COVERED ACTIVITIES.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the term 'covered activities' includes any activity relating to the development, manufacture, distribution, purchase, or storage of a countermeasure or product.

(B) EXCEPTION.—The term 'covered activities' shall not include, with respect to a meeting or consultation conducted under subsection (a)(1) or an agreement for which an exemption has been granted under subsection (a)(4), the following activities involving 2 or more persons:

(i) Exchanging information among competitors relating to costs, profitability, or distribution of any product, process, or service if such information is not reasonably necessary to carry out covered activities;

(ii) Entering into any other agreement or engaging in any other conduct relating to the development, manufacture, distribution, purchase, or storage of a countermeasure or product, except regarding which such meeting or consultation is being conducted; or

(iii) That are described in the agreement as exempted.

(II) Entering into any agreement or engaging in any other conduct—

(i) to restrict or require the sale, licensing, or sharing of inventions, developments, products, processes, or services not developed through, produced by, or distributed or sold through such covered activities; or

(ii) to restrict or require participation, by any person participating in such covered activities, in other research and development activities, except as reasonably necessary to prevent the misappropriation of proprietary information contributed by any person participating in such covered activities or of the results of such covered activities.

(iii) Enter into any agreement or engaging in any other conduct allocating a market with a competitor that is not expressly exempted from the antitrust laws under subsection (a)(4).

(iv) Exchanging information among competitors relating to production (other than production by such covered activities) of a product, process, or service if such information is not reasonably necessary to carry out such covered activities.

(v) Entering into any agreement or engaging in any other conduct restricting, requiring, or otherwise involving the production of a product, process, or service that is not expressly exempted from the antitrust laws under subsection (a)(4).

(vi) Except as otherwise provided in this subsection, entering into any agreement or engaging in any other conduct to restrict or require participation by any person participating in such covered activities, in any unilateral or joint activity that is not reasonably necessary to carry out such covered activities.

(vii) Entering into any agreement or engaging in any other conduct restricting or setting the price at which a countermeasure or product is offered for sale, whether by bid or otherwise.

OUTREACH

Pub. L. 108–276, §6, July 21, 2004, 118 Stat. 862, provided that: ‘‘The Secretary of Health and Human Services shall develop outreach measures to ensure to the extent practicable that diverse institutions, including Historically Black Colleges and Universities and those serving large proportions of Black or African Americans, American Indians, Appalachian Americans, Alaska Natives, Asians, Native Hawaiians, other Pacific Islanders, Hispanics or Latinos, or other underrepresented populations, are meaningfully aware of available research and development grants, contracts, cooperative agreements, and procurements conducted under sections 2 and 3 of this Act [enacting this section and section 320 of Title 6, Domestic Security, amend- ing sections 247d–4, 247d–6b, 287a–2, and 300aa–6 of this title and sections 312 and 313 of Title 6, renumbering section 300h–12 of this title as section 247d–6b of this title, and enacting provisions set out as notes under this section and section 247d–6b of this title].’’

RECOMMENDATION FOR EXPORT CONTROLS ON CERTAIN BIOMEDICAL COUNTERMEASURES

Pub. L. 108–276, §7, July 21, 2004, 118 Stat. 863, provided that: ‘‘Upon the award of any grant, contract, or cooperative agreement under section 2 or 3 of this Act [enacting this section and section 320 of Title 6, Domestic Security, amending sections 247d–4, 247d–6b, 287a–2, and 300aa–6 of this title and sections 312 and 313 of Title 6, renumbering section 300h–12 of this title as section 247d–6b of this title, and enacting provisions set out as notes under this section and section 247d–6b of this title], the Secretary of Health and Human Services shall, in consultation with the heads of other appropriate Federal agencies, determine whether the countermeasure involved in such grant, contract, or cooperative agreement is subject to existing export-related controls and, if not, may make a rec-
ommendation to the appropriate Federal agency or agencies that such countermeasure should be included on the list of controlled items subject to such control.”

ENSURING COORDINATION, COOPERATION AND THE ELIMINATION OF UNNECESSARY DUPLICATION IN PROGRAMS DESIGNED TO PROTECT THE HOMELAND FROM BIOLOGICAL, CHEMICAL, RADIOLICAL, AND NUCLEAR AGENTS

“(a) ENSURING COORDINATION OF PROGRAMS.—The Secretary of Health and Human Services, the Secretary of Homeland Security, and the Secretary of Defense shall ensure that the activities of their respective Departments coordinate, complement, and do not unnecessarily duplicate programs to identify potential domestic threats from biological, chemical, radiological or nuclear agents, detect domestic incidents involving such agents, analyze such incidents, and develop necessary countermeasures. The aforementioned Secretaries shall further ensure that information and technology possessed by the Departments relevant to these activities are shared with the other Departments.

“(b) DESIGNATION OF AGENCY COORDINATION OFFICER.—The Secretary of Health and Human Services, the Secretary of Homeland Security, and the Secretary of Defense shall each designate an officer or employee of their respective Departments who shall coordinate, through regular meetings and communications, with the other aforementioned Departments such programs and activities carried out by their Departments.”

§ 247d-6b. Strategic National Stockpile and security countermeasure procurements

(a) Strategic National Stockpile

(1) In general

The Secretary, in collaboration with the Director of the Centers for Disease Control and Prevention, and in coordination with the Secretary of Homeland Security (referred to in this section as the “Homeland Security Secretary”), shall maintain a stockpile of drugs, vaccines and other biological products, medical devices, and other supplies in such numbers, types, and amounts as are determined by the Secretary to be appropriate and practicable, taking into account other available sources, to provide for the emergency health security of children and other vulnerable populations, in the event of a bioterrorist attack or other public health emergency. The Secretary shall conduct an annual review (taking into account at-risk individuals) of the contents of the stockpile, including non-pharmaceutical supplies, and make necessary additions or modifications to the contents based on such review.

(2) Procedures

The Secretary, in managing the stockpile under paragraph (1), shall—

(A) consult with the working group under section 247d-8(a) of this title;

(B) ensure that adequate procedures are followed with respect to such stockpile for inventory management and accounting, and for the physical security of the stockpile;

(C) in consultation with Federal, State, and local officials, take into consideration the timing and location of special events;

(D) review and revise, as appropriate, the contents of the stockpile on a regular basis to ensure that emerging threats, advanced technologies, and new countermeasures are adequately considered;

(E) devise plans for the effective and timely supply-chain management of the stockpile, in consultation with appropriate Federal, State and local agencies, and the public and private health care infrastructure;

(F) deploy the stockpile as required by the Secretary of Homeland Security to respond to an actual or potential emergency;

(G) deploy the stockpile at the discretion of the Secretary to respond to an actual or potential public health emergency or other situation in which deployment is necessary to protect the public health or safety; and

(H) ensure the adequate physical security of the stockpile.

(b) Smallpox vaccine development

(1) In general

The Secretary shall award contracts, enter into cooperative agreements, or carry out such other activities as may reasonably be required in order to ensure that the stockpile under subsection (a) of this section includes an amount of vaccine against smallpox as determined by such Secretary to be sufficient to meet the health security needs of the United States.

(2) Rule of construction

Nothing in this section shall be construed to limit the private distribution, purchase, or sale of vaccines from sources other than the stockpile described in subsection (a) of this section.

(c) Additional authority regarding procurement of certain countermeasures; availability of special reserve fund

(1) In general

(A) Use of fund

A security countermeasure may, in accordance with this subsection, be procured with amounts in the special reserve fund under paragraph (3).

(B) Security countermeasure

For purposes of this subsection, the term “security countermeasure” means a drug (as that term is defined by section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))), biological product (as that term is defined by section 262(i) of this title), or device (as that term is defined by section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))) that—

(i) the Secretary determines to be a priority (consistent with sections 182(2) and 184(a) of title 6) to diagnose, mitigate, prevent, or treat harm from any biological, chemical, radiological, or nuclear agent identified as a material threat under paragraph (2)(A)(ii), or to diagnose, mitigate, prevent, or treat harm from a condition that may result in adverse health consequences or death and may be caused by administering a drug, biological product, or device against such an agent;

(ii) the Secretary determines under paragraph (2)(B)(ii) to be a necessary countermeasure; and

(D) review and revise, as appropriate, the contents of the stockpile on a regular basis to ensure that emerging threats, advanced technologies, and new countermeasures are adequately considered;
(II)(aa) is approved or cleared under chapter V of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 351 et seq.] or licensed under section 262 of this title; or

(bb) is a countermeasure for which the Secretary determines that sufficient and satisfactory clinical experience or research data (including data, if available, from pre-clinical and clinical trials) support a reasonable conclusion that the countermeasure will qualify for approval or licensing within eight years after the date of a determination under paragraph (5); or

(2) Determination of material threats

(A) Material threat

The Homeland Security Secretary, in consultation with the Secretary and the heads of other agencies as appropriate, shall on an ongoing basis—

(i) assess current and emerging threats of chemical, biological, radiological, and nuclear agents; and

(ii) determine which of such agents present a material threat against the United States population sufficient to affect national security.

(B) Public health impact; necessary countermeasures

The Secretary shall on an ongoing basis—

(i) assess the potential public health consequences for the United States population of exposure to agents identified under subparagraph (A)(ii); and

(ii) determine, on the basis of such assessment, the agents identified under subparagraph (A)(ii) for which countermeasures are necessary to protect the public health.

(C) Notice to Congress

The Secretary and the Homeland Security Secretary shall promptly notify the designated congressional committees (as defined in paragraph (10)) that a determination has been made pursuant to subparagraph (A) or (B).

(D) Assuring access to threat information

In making the assessment and determination required under subparagraph (A), the Homeland Security Secretary shall use all relevant information to which such Secretary is entitled under section 122 of title 6, including but not limited to information, regardless of its level of classification, relating to current and emerging threats of chemical, biological, radiological, and nuclear agents.

(3) Assessment of availability and appropriateness of countermeasures

(A) In general

The Secretary, in consultation with the Homeland Security Secretary, shall assess on an ongoing basis the availability and appropriateness of specific countermeasures to address specific threats identified under paragraph (2).

(B) Information

The Secretary shall institute a process for making publicly available the results of assessments under subparagraph (A) while withholding such information as—

(i) would, in the judgment of the Secretary, tend to reveal public health vulnerabilities; or

(ii) would otherwise be exempt from disclosure under section 552 of title 5.

(4) Call for development of countermeasures; commitment for recommendation for procurement

(A) Proposal to the President

If, pursuant to an assessment under paragraph (3), the Homeland Security Secretary and the Secretary make a determination that a countermeasure would be appropriate but is either currently not developed or unavailable for procurement as a security countermeasure or is approved, licensed, or cleared only for alternative uses, such Secretaries may jointly submit to the President a proposal to—

(i) issue a call for the development of such countermeasure; and

(ii) make a commitment that, upon the first development of such countermeasure that meets the conditions for procurement under paragraph (5), the Secretaries will, based in part on information obtained pursuant to such call, make a recommendation under paragraph (6) that the special reserve fund under paragraph (10) be made available for the procurement of such countermeasure.

(B) Countermeasure specifications

The Homeland Security Secretary and the Secretary shall, to the extent practicable, include in the proposal under subparagraph (A)—

(i) estimated quantity of purchase (in the form of number of doses or number of effective courses of treatments regardless of dosage form);

(ii) necessary measures of minimum safety and effectiveness;

(iii) estimated price for each dose or effective course of treatment regardless of dosage form; and

(iv) other information that may be necessary to encourage and facilitate research, development, and manufacture of the countermeasure or to provide specifications for the countermeasure.

(C) Presidential approval

If the President approves a proposal under subparagraph (A), the Homeland Security Secretary and the Secretary shall make known to persons who may respond to a call for the countermeasure involved—

(i) the call for the countermeasure;

(ii) specifications for the countermeasure under subparagraph (B); and

(iii) the commitment described in subparagraph (A)(ii).
(5) Secretary’s determination of countermeasures appropriate for funding from special reserve fund

(A) In general

The Secretary, in accordance with the provisions of this paragraph, shall identify specific security countermeasures that the Secretary determines, in consultation with the Homeland Security Secretary, to be appropriate for inclusion in the stockpile under subsection (a) of this section pursuant to procurements made with amounts in the special reserve fund under paragraph (10) (referred to in this subsection individually as a “procurement under this subsection”).

(B) Requirements

In making a determination under subparagraph (A) with respect to a security countermeasure, the Secretary shall notify the designated congressional committees of each decision of countermeasures were considered and rejected for procurement under this section, and the reasons therefor.

(6) Recommendation for President’s approval

(A) Recommendation for procurement

In the case of a security countermeasure that the Secretary has, in accordance with paragraphs (5) and (6), determined to be appropriate for procurement under this subsection, the Homeland Security Secretary and the Secretary shall jointly submit to the President, in coordination with the Director of the Office of Management and Budget, a recommendation that the special reserve fund under paragraph (10) be made available for the procurement of such countermeasure.

(B) Presidential approval

The special reserve fund under paragraph (10) is available for a procurement of a security countermeasure only if the President has approved a recommendation under subparagraph (A) regarding the countermeasure.

(C) Notice to designated congressional committees

The Secretary and the Homeland Security Secretary shall notify the designated congressional committees of each decision of the President to approve a recommendation under subparagraph (A) regarding the countermeasure, including, where available, the number of, nature of, and other information concerning potential suppliers of such countermeasure, and whether other potential suppliers of the same or similar countermeasures were considered and rejected for procurement under this section and the reasons therefor.

(D) Subsequent specific countermeasures

Procurement under this subsection of a security countermeasure for a particular purpose does not preclude the subsequent procurement under this subsection of any other security countermeasure for such purpose if the Secretary has determined under paragraph (5)(A) that such countermeasure is appropriate for inclusion in the stockpile and, as determined by the Secretary, such countermeasure provides improved safety or effectiveness, or for other reasons enhances preparedness to respond to threats of use of a biological, chemical, radiological, or nuclear agent. Such a determination by the Secretary is committed to agency discretion.

(E) Rule of construction

Recommendations and approvals under this paragraph apply solely to determinations that the special reserve fund under paragraph (10) will be made available for a procurement of a security countermeasure, and not to the substance of contracts for such procurement or other matters relating to awards of such contracts.

(7) Procurement

(A) In general

For purposes of a procurement under this subsection that is approved by the President under paragraph (6), the Homeland Security Secretary and the Secretary shall have responsibilities in accordance with subparagraphs (B) and (C).

(B) Interagency agreement; cost

The Homeland Security Secretary shall enter into an agreement with the Secretary for procurement of a security countermeasure in accordance with the provisions of this paragraph. The special reserve fund under paragraph (10) shall be available for payments made by the Secretary to a vendor for such procurement.

(C) Procurement

(i) In general

The Secretary shall be responsible for—

(I) arranging for procurement of a security countermeasure, including negotiating terms (including quantity, production schedule, and price) of, and entering into, contracts and cooperative agreements, and for carrying out such other activities as may reasonably be required, in accordance with the provisions of this subparagraph; and

(II) promulgating such regulations as the Secretary determines necessary to implement the provisions of this subsection.

(ii) Contract terms

A contract for procurements under this subsection shall (or, as specified below, may) include the following terms:

(I) Payment conditioned on delivery

The contract shall provide that no payment may be made until delivery of a
portion, acceptable to the Secretary, of the total number of units contracted for, except that, notwithstanding any other provision of law, the contract may provide that, if the Secretary determines (in the Secretary’s discretion) that an advance payment, partial payment for significant milestones, or payment to increase manufacturing capacity is necessary to ensure success of a project, the Secretary shall pay an amount, not to exceed 10 percent of the contract amount, in advance of delivery. The Secretary shall, to the extent practicable, make the determination of advance payment at the same time as the issuance of a solicitation. The contract shall provide that such advance payment is required to be repaid if there is a failure to perform by the vendor under the contract. The contract may also provide for additional advance payments of 5 percent each for meeting the milestones specified in such contract, except that such payments shall not exceed 50 percent of the total contract amount. If the specified milestones are reached, the advanced payments of 5 percent shall not be required to be repaid. Nothing in this subclause shall be construed as affecting the rights of vendors under provisions of law or regulation (including the Federal Acquisition Regulation) relating to the termination of contracts for the convenience of the Government.

(II) Discounted payment

The contract may provide for a discounted price per unit of a product that is not licensed, cleared, or approved as described in paragraph (I)(B)(i)(III)(aa) at the time of delivery, and may provide for payment of an additional amount per unit if the product becomes so licensed, cleared, or approved before the expiration date of the contract (including an additional amount per unit of product delivered before the effective date of such licensing, clearance, or approval).

(III) Contract duration

The contract shall be for a period not to exceed five years, except that, in first awarding the contract, the Secretary may provide for a longer duration, not exceeding eight years, if the Secretary determines that complexities or other difficulties in performance under the contract justify such a period. The contract shall be renewable for additional periods, none of which shall exceed five years.

(IV) Storage by vendor

The contract may provide that the vendor will provide storage for stocks of a product delivered to the ownership of the Federal Government under the contract, for such period and under such terms and conditions as the Secretary may specify, and in such case amounts from the special reserve fund under paragraph (10) shall be available for costs of shipping, handling, storage, and related costs for such product.

(V) Product approval

The contract shall provide that the vendor seek approval, clearance, or licensing of the product from the Secretary; for a timetable for the development of data and other information to support such approval, clearance, or licensing; and that the Secretary may waive part or all of this contract term on request of the vendor or on the initiative of the Secretary.

(VI) Non-stockpile transfers of security countermeasures

The contract shall provide that the vendor will comply with all applicable export-related controls with respect to such countermeasure.

(VII) Sales exclusivity

The contract may provide that the vendor is the exclusive supplier of the product to the Federal Government for a specified period of time, not to exceed the term of the contract, on the condition that the vendor is able to satisfy the needs of the Government. During the agreed period of sales exclusivity, the vendor shall not assign its rights of sales exclusivity to another entity or entities without approval by the Secretary. Such a sales exclusivity provision in such a contract shall constitute a valid basis for a sole source procurement under section 253(c)(1) of title 41.

(VIII) Warm based surge capacity

The contract may provide that the vendor establish domestic manufacturing capacity of the product to ensure that additional production of the product is available in the event that the Secretary determines that there is a need to quickly purchase additional quantities of the product. Such contract may provide a fee to the vendor for establishing and maintaining such capacity in excess of the initial requirement for the purchase of the product. Additionally, the cost of maintaining the domestic manufacturing capacity shall be an allowable and allocable direct cost of the contract.

(IX) Contract terms

The Secretary, in any contract for procurement under this section, may specify—

(aa) the dosing and administration requirements for countermeasures to be developed and procured;

(bb) the amount of funding that will be dedicated by the Secretary for development and acquisition of the countermeasure; and

(cc) the specifications the countermeasure must meet to qualify for procurement under a contract under this section.
(iii) Availability of simplified acquisition procedures

(I) In general
If the Secretary determines that there is a pressing need for a procurement of a specific countermeasure, the amount of the procurement under this subsection shall be deemed to be below the threshold amount specified in section 403(11) of title 41, for purposes of application to such procurement, pursuant to section 252a(a) of title 41, of—

(aa) section 253(g)(1)(A) of title 41 and its implementing regulations; and

(bb) section 252a(b) of title 41 and its implementing regulations.

(II) Application of certain provisions
Notwithstanding subclause (I) and the provision of law and regulations referred to in such clause, each of the following provisions shall apply to procurements described in this clause to the same extent that such provisions would apply to such procurements in the absence of subclause (I):

(aa) Chapter 37 of title 40 (relating to contract work hours and safety standards).

(bb) Subsections (a) and (b) of section 57 of title 41.

(cc) Section 254d of title 41 (relating to the examination of contractor records).

(dd) Section 3131 of title 40 (relating to bonds of contractors of public buildings or works).

(ee) Subsection (a) of section 254 of title 41 (relating to contingent fees to middlemen).

(ff) Section 6962 of this title.

(II) Internal controls to be established
The Secretary shall establish appropriate internal controls for procurements made under this clause, including requirements with respect to documentation of the justification for the use of the authority provided under this paragraph with respect to the procurement involved.

(IV) Authority to limit competition
In conducting a procurement under this subparagraph, the Secretary may not use the authority provided for under subclause (I) to conduct a procurement on a basis other than full and open competition unless the Secretary determines that the mission of the BioShield Program under the Project BioShield Act of 2004 would be seriously impaired without such a limitation.

(iv) Procedures other than full and open competition

(I) In general
In using the authority provided in section 253(c)(1) of title 41 to use procedures other than competitive procedures in the case of a procurement under this subsection, the phrase "available from only one responsible source" in such section 253(c)(1) shall be deemed to mean "available from only one responsible source or only from a limited number of responsible sources".

(II) Relation to other authorities
The authority under subclause (I) is in addition to any other authority to use procedures other than competitive procedures.

(III) Applicable government-wide regulations
The Secretary shall implement this clause in accordance with government-wide regulations implementing such section 253(c)(1) (including requirements that offers be solicited from as many potential sources as is practicable under the circumstances, that required notices be published, and that submitted offers be considered), as such regulations apply to procurements for which an agency has authority to use procedures other than competitive procedures when the property or services needed by the agency are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the agency.

(v) Premium provision in multiple award contracts

(I) In general
If, under this subsection, the Secretary enters into contracts with more than one vendor to procure a security countermeasure, such Secretary may, notwithstanding any other provision of law, include in each of such contracts a provision that—

(aa) identifies an increment of the total quantity of security countermeasure required, whether by percentage or by numbers of units; and

(bb) promises to pay one or more specified premiums based on the priority of such vendors’ production and delivery of the increment identified under item (aa), in accordance with the terms and conditions of the contract.

(II) Determination of Government’s requirement not reviewable
If the Secretary includes in each of a set of contracts a provision as described in subclause (I), such Secretary’s determination of the total quantity of security countermeasure required, and any amendment of such determination, is committed to agency discretion.
(vi) Extension of closing date for receipt of proposals not reviewable

A decision by the Secretary to extend the closing date for receipt of proposals for a procurement under this subsection is committed to agency discretion.

(vii) Limiting competition to sources responding to request for information

In conducting a procurement under this subsection, the Secretary may exclude a source that has not responded to a request for information under section 253a(a)(1)(B) of title 41 if such request has given notice that the Secretary may so exclude such a source.

(8) Interagency cooperation

(A) In general

In carrying out activities under this section, the Homeland Security Secretary and the Secretary are authorized, subject to sub-paragraph (B), to enter into interagency agreements and other collaborative undertakings with other agencies of the United States Government. Such agreements may allow other executive agencies to order qualified and security countermeasures under procurement contracts or other agreements established by the Secretary. Such ordering process (including transfers of appropriated funds between an agency and the Department of Health and Human Services as reimbursements for such orders for countermeasures) may be conducted under the authority of section 1535 of title 31, except that all such orders shall be processed under the terms established under this subsection for the procurement of countermeasures.

(B) Limitation

An agreement or undertaking under this paragraph shall not authorize another agency to exercise the authorities provided by this section to the Homeland Security Secretary or to the Secretary.

(9) Restrictions on use of funds

Amounts in the special reserve fund under paragraph (10) shall not be used to pay—

(A) costs for the purchase of vaccines under procurement contracts entered into before July 21, 2004; or

(B) costs other than payments made by the Secretary to a vendor for a procurement of a security countermeasure under paragraph (7).

(10) Definitions

(A) Special reserve fund

For purposes of this subsection, the term “special reserve fund” has the meaning given such term in section 3101 of the Homeland Security Act of 2002.

(B) Designated congressional committees

For purposes of this section, the term “designated congressional committees” means the following committees of the Congress:

CHANGE OF NAME

Committee on Government Reform of House of Representatives changed to Committee on Oversight and Government Reform of House of Representatives by House Resolution No. 6, One Hundred Tenth Congress, Jan. 5, 2007.

EFFECTIVE DATE OF 2002 AMENDMENT

STOCKPILE FUNCTIONS TRANSFERRED

“(1) IN GENERAL.—Except as provided in paragraph (2), there shall be transferred to the Secretary of Health and Human Services the functions, personnel, assets, unexpended balances, and liabilities of the Strategic National Stockpile, including the functions of the Secretary of Homeland Security relating thereto.

“(2) EXCEPTIONS.—

“(A) FUNCTIONS.—The transfer of functions pursuant to paragraph (1) shall not include such functions as are explicitly assigned to the Secretary of Homeland Security by this Act [see Short Title of 2004 Amendments note set out under section 201 of this title] (including the amendments made by this Act).

“(B) ASSETS AND UNEXPENDED BALANCES.—The transfer of assets and unexpended balances pursuant to paragraph (1) shall not include the funds appropriated under the heading ‘BIODEFENSE COUNTERMEASURES’ in the Department of Homeland Security Appropriations Act, 2004 [Public Law 108–90 [117 Stat. 1148]].”

POTASSIUM IODIDE

“(a) IN GENERAL.—Through the national stockpile under section 121 [now section 319F–2 of act July 1, 1944, this section], the President, subject to subsections (b) and (c), shall make available to State and local governments potassium iodide tablets for stockpiling and for distribution as appropriate to public facilities, such as schools and hospitals, in quantities sufficient to provide adequate protection for the population within 20 miles of a nuclear power plant.

“(b) STATE AND LOCAL PLANS.—

“(1) IN GENERAL.—Subsection (a) applies with respect to a State or local government, subject to para-
graph (2), if the government involved meets the following conditions:

"(A) Such government submits to the President a plan for the stockpiling of potassium iodide tablets, and for the distribution and utilization of potassium iodide tablets in the event of a nuclear incident.

"(B) The plan is accompanied by certifications by such government that the government has not already received sufficient quantities of potassium iodide tablets from the Federal Government.

"(C) The local government has petitioned the State to modify the State plan to address such populations at a distance greater than 10 miles from the nuclear power plant involved.

"(D) The local government has submitted its local plan under paragraph (1)(A) to the State, and the State has approved the plan and certified that the plan is not inconsistent with the State emergency plan.

"(E) GUIDELINES.—Not later than one year after the date of the enactment of this Act [June 12, 2002], the President, in consultation with individuals representing appropriate Federal, State, and local agencies, shall establish guidelines for the stockpiling of potassium iodide tablets, and for the distribution and utilization of potassium iodide tablets in the event of a nuclear incident. Such tablets may not be made available under subsection (a) until such guidelines have been established.

"(F) INFORMATION.—The President shall carry out activities to inform State and local governments of the program under this section.

"(G) REPORTS.—(1) PRESIDENT.—Not later than six months after the date on which the guidelines under subsection (c) are issued, the President shall submit to the Congress a report—

"(i) on whether potassium iodide tablets have been made available under subsection (a) or other Federal, State, or local programs, and the extent to which State and local governments have established stockpiles of such tablets; and

"(ii) the measures taken by the President to implement this section.

"(H) NATIONAL ACADEMY OF SCIENCES.—(1) IN GENERAL.—The President shall request the National Academy of Sciences to enter into an agreement with the President under which the Academy conducts a study to determine what is the most effective and safe way to distribute and administer potassium iodide tablets on a mass scale. If the Academy declines to conduct the study, the President shall enter into an agreement with any other appropriate public or nonprofit private entity to conduct the study.

"(2) REPORT.—The President shall ensure that, not later than six months after the date of the enactment of this Act [June 12, 2002], the study required in subparagraph (A) is completed and a report describing the findings made in the study is submitted to the Congress.

"(I) APPLICABILITY.—Subsections (a) and (d) cease to apply as requirements if the President determines that there is an alternative and more effective prophylaxis or preventive measures for adverse thyroid conditions that may result from the release of radionuclides from nuclear power plants.

§ 247d–6c. Reports regarding authorities under this Act

(a) Secretary of Health and Human Services

(1) Annual reports on particular exercises of authority

(A) Relevant authorities

The Secretary of Health and Human Services (referred to in this subsection as the “Secretary”) shall submit reports in accordance with subparagraph (B) regarding the exercise of authority under the following provisions of law:

(i) With respect to section 247d–6a of this title:

(I) Subsection (b)(1) (relating to increased simplified acquisition threshold).

(II) Subsection (b)(2) (relating to procedures other than full and open competition).
§ 247d–6c  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 214

(III) Subsection (c) (relating to expedited peer review procedures).

(ii) With respect to section 247d–6b of this title:

(I) Subsection (c)(7)(C)(iii) (relating to simplified acquisition procedures).

(II) Subsection (c)(7)(C)(iv) (relating to procedures other than full and open competition).

(III) Subsection (c)(7)(C)(v) (relating to premium provision in multiple-award contracts).

(iii) With respect to section 360bb-3 of title 21:

(I) Subsection (a)(1) (relating to emergency uses of certain drugs and devices).

(II) Subsection (b)(1) (relating to a declaration of an emergency).

(III) Subsection (e) (relating to conditions on authorization).

(B) Contents of reports

The Secretary shall annually submit to the designated congressional committees a report that summarizes—

(i) the particular actions that were taken under the authorities specified in subparagraph (A), including, as applicable, the identification of the threat agent, emergency, or the biomedical countermeasure with respect to which the authority was used;

(ii) the reasons underlying the decision to use such authorities, including, as applicable, the options that were considered and rejected with respect to the use of such authorities;

(iii) the number of, nature of, and other information concerning the persons and entities that received a grant, cooperative agreement, or contract pursuant to the use of such authorities, and the persons and entities that were considered and rejected for such a grant, cooperative agreement, or contract, except that the report need not disclose the identity of any such person or entity; and

(iv) whether, with respect to each procurement that is approved by the President under section 247d–6b(c)(6) of this title, a contract was entered into within one year after such approval by the President.

(2) Annual summaries regarding certain activity

The Secretary shall annually submit to the designated congressional committees a report that summarizes the activity undertaken pursuant to the following authorities under section 247d–6a of this title:

(A) Subsection (b)(3) (relating to increased micropurchase threshold).

(B) Subsection (d) (relating to authority for personal services contracts).

(C) Subsection (e) (relating to streamlined personnel authority).

With respect to subparagraph (B), the report shall include a provision specifying, for the one-year period for which the report is submitted, the number of persons who were paid amounts greater than $100,000 and the number of persons who were paid amounts between $50,000 and $100,000.

(3) Report on additional barriers to procurement of security countermeasures

Not later than one year after July 21, 2004, the Secretary, in consultation with the Secretary of Homeland Security, shall report to the designated congressional committees any potential barriers to the procurement of security countermeasures that have not been addressed by this Act.

(b) Government Accountability Office review

(1) In general

Four years after July 21, 2004, the Comptroller General of the United States shall initiate a study—

(A)(i) to review the Secretary of Health and Human Services’ utilization of the authorities granted under this Act with respect to simplified acquisition procedures, procedures other than full and open competition, increased micropurchase thresholds, personal services contracts, streamlined personnel authority, and the purchase of security countermeasures under the special reserve fund; and

(ii) to make recommendations to improve the utilization or effectiveness of such authorities in the future;

(B)(i) to review and assess the adequacy of the internal controls instituted by such Secretary with respect to such authorities, where required by this Act; and

(ii) to make recommendations to improve the effectiveness of such controls;

(C)(i) to review such Secretary’s utilization of the authority granted under this Act to authorize an emergency use of a biomedical countermeasure, including the means by which the Secretary determines whether and under what conditions any such authorizations should be granted and the benefits and adverse impacts, if any, resulting from the use of such authority; and

(ii) to make recommendations to improve the utilization or effectiveness of such authority and to enhance protection of the public health;

(D) to identify any purchases or procurements that would not have been made or would have been significantly delayed except for the authorities described in subparagraph (A)(i); and

(E)(i) to determine whether and to what extent activities undertaken pursuant to the biomedical countermeasure research and development authorities established in this Act have enhanced the development of biomedical countermeasures affecting national security; and

(ii) to make recommendations to improve the ability of the Secretary to carry out these activities in the future.

(2) Additional provisions regarding determination on development of biomedical countermeasures affecting national security

In the report under paragraph (1), the determination under subparagraph (E) of such paragraph shall include—
(A) the Comptroller General’s assessment of the current availability of countermeasures to address threats identified by the Secretary of Homeland Security;

(B) the Comptroller General’s assessment of the extent to which programs and activities under this Act will reduce any gap between the threat and the availability of countermeasures to an acceptable level of risk; and

(C)(i) the Comptroller General’s assessment of threats to national security that are posed by technology that will enable, during the 10-year period beginning on July 21, 2004, the development of antibiotic resistant, mutated, or bioengineered strains of biological agents; and

(ii) recommendations on short-term and long-term governmental strategies for addressing such threats, including recommendations for Federal policies regarding research priorities, the development of countermeasures, and investments in technology.

(3) Report

A report providing the results of the study under paragraph (1) shall be submitted to the designated congressional committees not later than five years after July 21, 2004.

(c) Report regarding biocontainment facilities

Not later than 120 days after July 21, 2004, the Secretary of Homeland Security and the Secretary of Health and Human Services shall jointly report to the designated congressional committees whether there is a lack of adequate large-scale biocontainment facilities necessary for the testing of security countermeasures in accordance with Food and Drug Administration requirements.

(d) Designated congressional committees

For purposes of this section, the term “designated congressional committees” means the following committees of the Congress:

(1) In the House of Representatives: the Committee on Energy and Commerce, the Committee on Appropriations, the Committee on Government Reform, and the Select Committee on Homeland Security (or any successor to the Select Committee).

(2) In the Senate: the appropriate committees.

§ 247d-6d. Targeted liability protections for pandemic and epidemic products and security countermeasures

(a) Liability protections

(1) In general

Subject to the other provisions of this section, a covered person shall be immune from suit and liability under Federal and State law with respect to all claims for loss caused by, arising out of, relating to, or resulting from the administration to or the use by an individual of a covered countermeasure if a declaration under subsection (b) of this section has been issued with respect to such countermeasure.

(2) Scope of claims for loss

(A) Loss

For purposes of this section, the term “loss” means any type of loss, including—

(i) death;

(ii) physical, mental, or emotional injury, illness, disability, or condition;

(iii) fear of physical, mental, or emotional injury, illness, disability, or condition, including any need for medical monitoring; and

(iv) loss of or damage to property, including business interruption loss.

Each of clauses (i) through (iv) applies without regard to the date of the occurrence, presentation, or discovery of the loss described in the clause.

(B) Scope

The immunity under paragraph (1) applies to any claim for loss that has a causal relationship with the administration to or use by an individual of a covered countermeasure, including a causal relationship with the design, development, clinical testing or investigation, manufacture, labeling, distribution, formulation, packaging, marketing, promotion, sale, purchase, donation, dispensing, prescribing, administration, licensing, or use of such countermeasure.

(3) Certain conditions

Subject to the other provisions of this section, immunity under paragraph (1) with respect to a covered countermeasure applies only if—

(A) the countermeasure was administered or used during the effective period of the declaration that was issued under subsection (b) of this section with respect to the countermeasure;

(B) the countermeasure was administered or used for the category or categories of diseases, health conditions, or threats to health specified in the declaration; and

(C) in addition, in the case of a covered person who is a program planner or qualified person with respect to the administration or use of the countermeasure, the countermeasure was administered to or used by an individual who—

(i) was in a population specified by the declaration; and

(ii) was at the time of administration physically present in a geographic area
specified by the declaration or had a connection to such area specified in the declaration.

(4) Applicability of certain conditions
With respect to immunity under paragraph (1) and subject to the other provisions of this section:

(A) In the case of a covered person who is a manufacturer or distributor of the covered countermeasure involved, the immunity applies without regard to whether such countermeasure was administered to or used by an individual in accordance with the conditions described in paragraph (3)(C).

(B) In the case of a covered person who is a program planner or qualified person with respect to the administration or use of the covered countermeasure, the scope of immunity includes circumstances in which the countermeasure was administered to or used by an individual in circumstances in which the covered person reasonably could have believed that the countermeasure was administered or used in accordance with the conditions described in paragraph (3)(C).

(5) Effect of distribution method
The provisions of this section apply to a covered countermeasure regardless of whether such countermeasure is obtained by donation, commercial sale, or any other means of distribution, except to the extent that, under paragraph (2)(E) of subsection (b) of this section, the declaration under such subsection provides that subsection (a) of this section applies only to covered countermeasures obtained through a particular means of distribution.

(6) Rebuttable presumption
For purposes of paragraph (1), there shall be a rebuttable presumption that any administration or use, during the effective period of the emergency declaration by the Secretary under subsection (b) of this section, of a covered countermeasure shall have been for the category or categories of diseases, health conditions, or threats to health with respect to which such declaration was issued.

(b) Declaration by Secretary

(1) Authority to issue declaration
Subject to paragraph (2), if the Secretary makes a determination that a disease or other health condition or other threat to health constitutes a public health emergency, or that there is a credible risk that the disease, condition, or threat may in the future constitute such an emergency, the Secretary may make a declaration, through publication in the Federal Register, recommending, under conditions as the Secretary may specify, the manufacture, testing, development, distribution, administration, or use of one or more covered countermeasures, and stating that subsection (a) of this section is in effect with respect to the activities so recommended.

(2) Contents
In issuing a declaration under paragraph (1), the Secretary shall identify, for each covered countermeasure specified in the declaration—

(A) the category or categories of diseases, health conditions, or threats to health for which the Secretary recommends the administration or use of the countermeasure;

(B) the period or periods during which, including as modified by paragraph (3), subsection (a) of this section is in effect, which period or periods may be designated by dates, or by milestones or other description of events, including factors specified in paragraph (6);

(C) the population or populations of individuals for which subsection (a) of this section is in effect with respect to the administration or use of the countermeasure (which may be a specification that such subsection applies without geographic limitation to all individuals);

(D) the geographic area or areas for which subsection (a) of this section is in effect with respect to the administration or use of the countermeasure (which may be a specification that such subsection applies without geographic limitation), including, with respect to individuals in the populations identified under subparagraph (C), a specification, as determined appropriate by the Secretary, of whether the declaration applies only to individuals physically present in such areas or whether in addition the declaration applies to individuals who have a connection to such areas, which connection is described in the declaration; and

(E) whether subsection (a) of this section is effective only to a particular means of distribution as provided in subsection (a)(5) of this section for obtaining the countermeasure, and if so, the particular means to which such subsection is effective.

(3) Effective period of declaration

(A) Flexibility of period
The Secretary may, in describing periods under paragraph (2)(B), have different periods for different covered persons to address different logistical, practical or other differences in responsibilities.

(B) Additional time to be specified
In each declaration under paragraph (1), the Secretary, after consulting, to the extent the Secretary deems appropriate, with the manufacturer of the covered countermeasure, shall also specify a date that is after the ending date specified under paragraph (2)(B) and that allows what the Secretary determines is—

(i) a reasonable period for the manufacturer to arrange for disposition of the covered countermeasure, including the return of such product to the manufacturer; and

(ii) a reasonable period for covered persons to take such other actions as may be appropriate to limit administration or use of the covered countermeasure.

(C) Additional period for certain strategic national stockpile countermeasures
With respect to a covered countermeasure that is in the stockpile under section 247d-6b of this title, if such countermeasure was the subject of a declaration under paragraph (1)
at the time that it was obtained for the stockpile, the effective period of such declaration shall include a period when the countermeasure is administered or used pursuant to a distribution or release from the stockpile.

(4) Amendments to declaration

The Secretary may through publication in the Federal Register amend any portion of a declaration under paragraph (1). Such an amendment shall not retroactively limit the applicability of subsection (a) of this section with respect to the administration or use of the covered countermeasure involved.

(5) Certain disclosures

In publishing a declaration under paragraph (1) in the Federal Register, the Secretary is not required to disclose any matter described in section 552(b) of title 5.

(6) Factors to be considered

In deciding whether and under what circumstances or conditions to issue a declaration under paragraph (1) with respect to a covered countermeasure, the Secretary shall consider the desirability of encouraging the design, development, clinical testing or investigation, manufacture, labeling, distribution, formulation, packaging, marketing, promotion, sale, purchase, donation, dispensing, prescribing, administration, licensing, and use of such countermeasure.

(7) Judicial review

No court of the United States, or of any State, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this subsection.

(8) Preemption of State law

During the effective period of a declaration under subsection (b) of this section, or at any time with respect to conduct undertaken in accordance with such declaration, no State or political subdivision of a State may establish, enforce, or continue in effect with respect to a covered countermeasure any provision of law or legal requirement that—

(A) is different from, or is in conflict with, any requirement applicable under this section; and

(B) relates to the design, development, clinical testing or investigation, formulation, manufacture, distribution, sale, donation, purchase, marketing, promotion, packaging, labeling, licensing, use, any other aspect of safety or efficacy, or the prescribing, dispensing, or administration by qualified persons of the covered countermeasure, or to any matter included in a requirement applicable to the covered countermeasure under this section or any other provision of this chapter, or under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.].

(9) Report to Congress

Within 30 days after making a declaration under paragraph (1), the Secretary shall submit to the appropriate committees of the Congress a report that provides an explanation of the reasons for issuing the declaration and the reasons underlying the determinations of the Secretary with respect to paragraph (2). Within 30 days after making an amendment under paragraph (4), the Secretary shall submit to such committees a report that provides the reasons underlying the determination of the Secretary to make the amendment.

(c) Definition of willful misconduct

(1) Definition

(A) In general

Except as the meaning of such term is further restricted pursuant to paragraph (2), the term “willful misconduct” shall, for purposes of subsection (d) of this section, denote an act or omission that is taken—

(i) intentionally to achieve a wrongful purpose;

(ii) knowingly without legal or factual justification; and

(iii) in disregard of a known or obvious risk that is so great as to make it highly probable that the harm will outweigh the benefit.

(B) Rule of construction

The criterion stated in subparagraph (A) shall be construed as establishing a standard for liability that is more stringent than a standard of negligence in any form or recklessness.

(2) Authority to promulgate regulatory definition

(A) In general

The Secretary, in consultation with the Attorney General, shall promulgate regulations, which may be promulgated through interim final rules, that further restrict the scope of actions or omissions by a covered person that may qualify as “willful misconduct” for purposes of subsection (d) of this section.

(B) Factors to be considered

In promulgating the regulations under this paragraph, the Secretary, in consultation with the Attorney General, shall consider the need to define the scope of permissible civil actions under subsection (d) of this section in a way that will not adversely affect the public health.

(C) Temporal scope of regulations

The regulations under this paragraph may specify the temporal effect that they shall be given for purposes of subsection (d) of this section.

(D) Initial rulemaking

Within 180 days after December 30, 2005, the Secretary, in consultation with the Attorney General, shall commence and complete an initial rulemaking process under this paragraph.

(3) Proof of willful misconduct

In an action under subsection (d) of this section, the plaintiff shall have the burden of proving by clear and convincing evidence willful misconduct by each covered person sued...
and that such willful misconduct caused death or serious physical injury.

(4) Defense for acts or omissions taken pursuant to Secretary's declaration

Notwithstanding any other provision of law, a program planner or qualified person shall not have engaged in “willful misconduct” as a matter of law where such program planner or qualified person acted consistent with applicable directions, guidelines, or recommendations by the Secretary regarding the administration or use of a covered countermeasure that is specified in the declaration under subsection (b) of this section, provided either the Secretary, or a State or local health authority, was provided with notice of information regarding serious physical injury or death from the administration or use of a covered countermeasure that is material to the plaintiff's alleged loss within 7 days of the actual discovery of such information by such program planner or qualified person.

(5) Exclusion for regulated activity of manufacturer or distributor

(A) In general

If an act or omission by a manufacturer or distributor with respect to a covered countermeasure, which act or omission is alleged under subsection (e)(3)(A) of this section to constitute willful misconduct, is subject to regulation by this chapter or by the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], such act or omission shall not constitute “willful misconduct” for purposes of subsection (d) of this section if—

(i) neither the Secretary nor the Attorney General has initiated an enforcement action with respect to such act or omission; or

(ii) such an enforcement action has been initiated and the action has been terminated or finally resolved without a covered remedy.

Any action or proceeding under subsection (d) of this section shall be stayed during the pendency of such an enforcement action.

(B) Definitions

For purposes of this paragraph, the following terms have the following meanings:

(i) Enforcement action

The term “enforcement action” means a criminal prosecution, an action seeking an injunction, a seizure action, a civil monetary proceeding based on willful misconduct, a mandatory recall of a product because voluntary recall was refused, a proceeding to compel repair or replacement of a product, a termination of an exemption under section 505(f)(1) or 520(g) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(f)(1), 360(g)], a debarment, an investigator disqualification, a revocation of an authorization under section 564 of such Act [21 U.S.C. 360bbb–3], or a suspension or withdrawal of an approval or clearance under chapter V of such Act [21 U.S.C. 351 et seq.] or of a licensure under section 262 of this title.

(ii) Covered remedy

The term “covered remedy” means an outcome—

(I) that is a criminal conviction, an injunction, or a condemnation, a civil monetary payment, a product recall, a repair or replacement of a product, a termination of an exemption under section 505(f)(1) or 520(g) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(f)(1), 360(g)], a debarment, an investigator disqualification, a revocation of an authorization under section 564 of such Act [21 U.S.C. 360bbb–3], or a suspension or withdrawal of an approval or clearance under chapter V of such Act or of a licensure under section 262 of this title; and

(II) that results from a final determination by a court or from a final agency action.

(iii) Final

The terms “final” and “finally”—

(I) with respect to a court determination, or to a final resolution of an enforcement action that is a court determination, mean a judgment from which an appeal of right cannot be taken or a voluntary or stipulated dismissal; and

(II) with respect to an agency action, or to a final resolution of an enforcement action that is an agency action, mean an order that is not subject to further review within the agency and that has not been reversed, vacated, enjoined, or otherwise nullified by a final court determination or a voluntary or stipulated dismissal.

(C) Rules of construction

(i) In general

Nothing in this paragraph shall be construed—

(I) to affect the interpretation of any provision of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], of this chapter, or of any other applicable statute or regulation; or

(II) to impair, delay, alter, or affect the authority, including the enforcement discretion, of the United States, of the Secretary, of the Attorney General, or of any other official with respect to any administrative or court proceeding under this chapter, under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], under title 18, or under any other applicable statute or regulation.

(ii) Mandatory recalls

A mandatory recall called for in the declaration is not a Food and Drug Administration enforcement action.

\(^1\) So in original. Probably should be chapter “V”.

\(^2\) See title 18.
(d) Exception to immunity of covered persons

(1) In general

Subject to subsection (f) of this section, the sole exception to the immunity from suit and liability of covered persons set forth in subsection (a) of this section shall be for an exclusive Federal cause of action against a covered person for death or serious physical injury proximately caused by willful misconduct, as defined pursuant to subsection (c) of this section, by such covered person. For purposes of purposes of section 2679(b)(2)(B) of title 28, such a cause of action is not an action brought for violation of a statute of the United States under which an action against an individual is otherwise authorized.

(2) Persons who can sue

An action under this subsection may be brought for wrongful death or serious physical injury by any person who suffers such injury or by any representative of such a person.

(e) Procedures for suit

(1) Exclusive Federal jurisdiction

Any action under subsection (d) of this section shall be filed and maintained only in the United States District Court for the District of Columbia.

(2) Governing law

The substantive law for decision in an action under subsection (d) of this section shall be derived from the law, including choice of law principles, of the State in which the alleged willful misconduct occurred, unless such law is inconsistent with or preempted by Federal law, including provisions of this section.

(3) Pleading with particularity

In an action under subsection (d) of this section, the complaint shall plead with particularity each element of the plaintiff’s claim, including—

(A) each act or omission, by each covered person sued, that is alleged to constitute willful misconduct relating to the covered countermeasure administered to or used by the person on whose behalf the complaint was filed;

(B) facts supporting the allegation that such alleged willful misconduct proximately caused the injury claimed; and

(C) facts supporting the allegation that the person on whose behalf the complaint was filed suffered death or serious physical injury.

(4) Verification, certification, and medical records

(A) In general

In an action under subsection (d) of this section, the plaintiff shall verify the complaint in the manner stated in subparagraph (B) and shall file with the complaint the materials described in subparagraph (C). A complaint that does not substantially comply with subparagraphs (B) and (C) shall not be accepted for filing and shall not stop the running of the statute of limitations.

(B) Verification requirement

(i) In general

The complaint shall include a verification, made by affidavit of the plaintiff under oath, stating that the pleading is true to the knowledge of the deponent, except as to matters specifically identified as being alleged on information and belief, and that as to those matters the plaintiff believes it to be true.

(ii) Identification of matters alleged upon information and belief

Any matter that is not specifically identified as being alleged upon the information and belief of the plaintiff, shall be regarded for all purposes, including a criminal prosecution, as having been made upon the knowledge of the plaintiff.

(C) Materials required

In an action under subsection (d) of this section, the plaintiff shall file with the complaint—

(i) an affidavit, by a physician who did not treat the person on whose behalf the complaint was filed, certifying, and explaining the basis for such physician’s belief, that such person suffered the serious physical injury or death alleged in the complaint and that such injury or death was proximately caused by the administration or use of a covered countermeasure; and

(ii) certified medical records documenting such injury or death and such proximate causal connection.

(5) Three-judge court

Any action under subsection (d) of this section shall be assigned initially to a panel of three judges. Such panel shall have jurisdiction over such action for purposes of considering motions to dismiss, motions for summary judgment, and matters related thereto. If such panel has denied such motions, or if the time for filing such motions has expired, such panel shall refer the action to the chief judge for assignment for further proceedings, including any trial. Section 1253 of title 28 and paragraph (3) of subsection (b) of section 2284 of title 28 shall not apply to actions under subsection (d) of this section.

(6) Civil discovery

(A) Timing

In an action under subsection (d) of this section, no discovery shall be allowed—

(i) before each covered person sued has had a reasonable opportunity to file a motion to dismiss;

(ii) in the event such a motion is filed, before the court has ruled on such motion; and

(iii) in the event a covered person files an interlocutory appeal from the denial of such a motion, before the court of appeals has ruled on such appeal.

(B) Standard

Notwithstanding any other provision of law, the court in an action under subsection
(d) of this section shall permit discovery only with respect to matters directly related to material issues contested in such action, and the court shall compel a response to a discovery request (including a request for admission, an interrogatory, a request for production of documents, or any other form of discovery request) under Rule 37, Federal Rules of Civil Procedure, only if the court finds that the requesting party needs the information sought to prove or defend as to a material issue contested in such action and that the likely benefits of a response to such request equal or exceed the burden or cost for the responding party of providing such response.

(7) Reduction in award of damages for collateral source benefits

(A) In general

In an action under subsection (d) of this section, the amount of an award of damages that would otherwise be made to a plaintiff shall be reduced by the amount of collateral source benefits to such plaintiff.

(B) Provider of collateral source benefits not to have lien or subrogation

No provider of collateral source benefits shall recover any amount against the plaintiff or receive any lien or credit against the plaintiff’s recovery or be equitably or legally subrogated to the right of the plaintiff in an action under subsection (d) of this section.

(C) Collateral source benefit defined

For purposes of this paragraph, the term “collateral source benefit” means any amount paid or to be paid in the future to or on behalf of the plaintiff, or any service, product, or other benefit provided or to be provided in the future to or on behalf of the plaintiff, as a result of the injury or wrongful death, pursuant to—

(i) any State or Federal health, sickness, income-disability, accident, or workers’ compensation law;

(ii) any health, sickness, income-disability, or accident insurance that provides health benefits or income-disability coverage;

(iii) any contract or agreement of any group, organization, partnership, or corporation to provide, pay for, or reimburse the cost of medical, hospital, dental, or income disability benefits; or

(iv) any other publicly or privately funded program.

(8) Noneconomic damages

In an action under subsection (d) of this section, any noneconomic damages may be awarded only in an amount directly proportional to the percentage of responsibility of a defendant for the harm to the plaintiff. For purposes of this paragraph, the term “noneconomic damages” means damages for losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium, hedonic damages, injury to reputation, and any other nonpecuniary losses.

(9) Rule 11 sanctions

Whenever a district court of the United States determines that there has been a violation of Rule 11 of the Federal Rules of Civil Procedure in an action under subsection (d) of this section, the court shall impose upon the attorney, law firm, or parties that have violated Rule 11 or are responsible for the violation, an appropriate sanction, which may include an order to pay the other party or parties for the reasonable expenses incurred as a direct result of the filing of the pleading, motion, or other paper that is the subject of the violation, including a reasonable attorney’s fee. Such sanction shall be sufficient to deter repetition of such conduct or comparable conduct by others similarly situated, and to compensate the party or parties injured by such conduct.

(10) Interlocutory appeal

The United States Court of Appeals for the District of Columbia Circuit shall have jurisdiction of an interlocutory appeal by a covered person taken within 30 days of an order denying a motion to dismiss or a motion for summary judgment based on an assertion of the immunity from suit conferred by subsection (a) of this section or based on an assertion of the exclusion under subsection (c)(5) of this section.

(f) Actions by and against the United States

Nothing in this section shall be construed to abrogate or limit any right, remedy, or authority that the United States or any agency thereof may possess under any other provision of law or to waive sovereign immunity or to abrogate or limit any defense or protection available to the United States or its agencies, instrumentalities, officers, or employees under any other law, including any provision of chapter 171 of title 28 (relating to tort claims procedure).

(g) Severability

If any provision of this section, or the application of such provision to any person or circumstance, is held to be unconstitutional, the remainder of this section and the application of such remainder to any person or circumstance shall not be affected thereby.

(h) Rule of construction concerning National Vaccine Injury Compensation Program

Nothing in this section, or any amendment made by the Public Readiness and Emergency Preparedness Act, shall be construed to affect the National Vaccine Injury Compensation Program under subchapter XIX of this chapter.

(i) Definitions

In this section:

(1) Covered countermeasure

The term “covered countermeasure” means—

(A) a qualified pandemic or epidemic product (as defined in paragraph (7));

(B) a security countermeasure (as defined in section 247d-6b(c)(1)(B) of this title); or

(C) a drug (as such term is defined in section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1)), biological
product (as such term is defined by section 262(i) of this title), or device (as such term is defined by section 201(h) of the Federal Food, Drug and Cosmetic Act [21 U.S.C. 321(h)] that is authorized for emergency use in accordance with section 564 of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 360bbb–3].

(2) Covered person

The term “covered person”, when used with respect to the administration or use of a covered countermeasure, means—

(A) the United States; or
(B) a person or entity that is—

(i) a manufacturer of such countermeasure;
(ii) a distributor of such countermeasure;
(iii) a program planner of such countermeasure;
(iv) a qualified person who prescribed, administered, or dispensed such countermeasure; or
(v) an official, agent, or employee of a person or entity described in clause (i), (ii), (iii), or (iv).

(3) Distributor

The term “distributor” means a person or entity engaged in the distribution of drugs, biologics, or devices, including but not limited to manufacturers; repackers; common carriers; air carriers; own-label distributors; private-label distributors; jobbers; brokers; warehouses, and wholesale drug distributors; private-label distributors; jobbers; contract carriers; air carriers; own-label distributors; private-label distributors; jobbers; brokers; warehouses, and wholesale drug distributors; and retail pharmacies.

(4) Manufacturer

The term “manufacturer” includes—

(A) a contractor or subcontractor of a manufacturer;
(B) a supplier or licensor of any product, intellectual property, service, research tool, or component or other article used in the design, development, clinical testing, investigation, or manufacturing of a covered countermeasure; and
(C) any or all of the parents, subsidiaries, affiliates, successors, and assigns of a manufacturer.

(5) Person

The term “person” includes an individual, partnership, corporation, association, entity, or public or private corporation, including a Federal, State, or local government agency or department.

(6) Program planner

The term “program planner” means a State or local government, including an Indian tribe, a person employed by the State or local government, or other person who supervised or administered a program with respect to the administration, dispensing, distribution, provision, or use of a security countermeasure or a qualified pandemic or epidemic product, including a person who has established requirements, provided policy guidance, or supplied technical or scientific advice or assistance or provides a facility to administer or use a covered countermeasure in accordance with a declaration under subsection (b) of this section.

(7) Qualified pandemic or epidemic product

The term “qualified pandemic or epidemic product” means a drug (as such term is defined by section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 321(g)(1)], biological product (as such term is defined by section 262(i) of this title), or device (as such term is defined by section 201(h) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 321(h)] that is—

(A)(i) a product manufactured, used, designed, developed, modified, licensed, or procured—

(I) to diagnose, mitigate, prevent, treat, or cure a pandemic or epidemic; or
(II) to limit the harm such pandemic or epidemic might otherwise cause; or

(ii) a product manufactured, used, designed, developed, modified, licensed, or procured to diagnose, mitigate, prevent, treat, or cure a serious or life-threatening disease or condition caused by a product described in clause (i); and

(B)(i) approved or cleared under chapter V of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 351 et seq.] or licensed under section 262 of this title; or

(ii) the object of research for possible use as described by subparagraph (A) and is the subject of an exemption under section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(i), 360(g)]; or

(8) Qualified person

The term “qualified person”, when used with respect to the administration or use of a covered countermeasure, means—

(A) a licensed health professional or other individual who is authorized to prescribe, administer, or dispense such countermeasures under the law of the State in which the countermeasure was prescribed, administered, or dispensed; or

(B) a person within a category of persons so identified in a declaration by the Secretary under subsection (b) of this section.

(9) Security countermeasure

The term “security countermeasure” has the meaning given such term in section 247d–6b(c)(1)(B) of this title.

(10) Serious physical injury

The term “serious physical injury” means an injury that—

(A) is life threatening;

(B) results in permanent impairment of a body function or permanent damage to a body structure; or

(C) necessitates medical or surgical intervention to preclude permanent impairment of a body function or permanent damage to a body structure.

REFERENCES IN TEXT

The Federal Food, Drug, and Cosmetic Act, referred to in subsecs. (b)(8)(B), (c)(5)(A), (B)(i), (ii)(I), (C)(i), and (1)(7)(B)(i), is act June 25, 1938, ch. 675, 52 Stat. 1040, as amended, which is classified generally to chapter 9 (§301 et seq.) of Title 21, Food and Drugs. Chapter V of the Act is classified generally to subchapter V (§§351 et seq.) of chapter 9 of Title 21. For complete classification of this Act to the Code, see section 301 of Title 21 and Tables.

The Federal Rules of Civil Procedure, referred to in subsec. (e)(6)(B), (9), are set out in the Appendix to Title 28, Judiciary and Judicial Procedure.

The provisions of section 239b of this title (other than a provision of subsection (a)(2) of such section that relates to accidental vaccinia inoculation) shall apply to the table established under section 239b of this title.

No court of the United States, or of any State, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this paragraph.

(c) Voluntary program

The Secretary shall ensure that a State, local, or Department of Health and Human Services plan to administer or use a covered countermeasure is consistent with any declaration under 247d–6d of this title and any applicable determination of, whether an individual is an eligible individual, whether such individual has sustained a covered injury, whether compensation may be available under this section, and the amount of such compensation shall be those stated in section 239a of this title (other than in subsection (d)(2) of such section), in regulations issued pursuant to that section, and in such additional or alternate regulations as the Secretary may promulgate for purposes of this section. In making determinations under this section, other than those described in paragraph (5)(A) as to the direct causation of a covered injury, the Secretary may only make such determination based on compelling, reliable, valid, medical and scientific evidence.

(5) Covered countermeasure injury table

(A) In general

The Secretary shall by regulation establish a table identifying covered injuries that shall be presumed to be directly caused by the administration or use of a covered countermeasure and the time period in which the first symptom or manifestation of onset of each such adverse effect must manifest in order for such presumption to apply. The Secretary may only identify such covered injuries, for purpose of inclusion on the table, where the Secretary determines, based on compelling, reliable, valid, medical and scientific evidence that administration or use of the covered countermeasure directly caused such covered injury.

(B) Amendments

The provisions of section 239b of this title (other than a provision of subsection (a)(2) of such section that relates to accidental vaccinia inoculation) shall apply to the table established under this section.

(C) Judicial review

No court of the United States, or of any State, shall have subject matter jurisdiction to review, whether by mandamus or otherwise, any action by the Secretary under this paragraph.

(6) Meanings of terms

In applying sections 239a, 239b, 239c, 239d, and 239e of this title for purposes of this section—

(A) the terms “vaccine” and “smallpox vaccine” shall be deemed to mean a covered countermeasure;

(B) the terms “smallpox vaccine injury table” and “table established under section 239b of this title” shall be deemed to refer to the table established under paragraph (4); and

(C) other terms used in those sections shall have the meanings given to such terms by this section.

(c) Voluntary program

The Secretary shall ensure that a State, local, or Department of Health and Human Services plan to administer or use a covered countermeasure is consistent with any declaration under 247d–6d of this title and any applicable
(d) Exhaustion; exclusivity; election

(1) Exhaustion

Subject to paragraph (5), a covered individual may not bring a civil action under section 247d–6(d) of this title against a covered person (as such term is defined in section 247d–6(1)(2) of this title) unless such individual has exhausted such remedies as are available under subsection (a) of this section, except that if amounts have not by law been provided for the Fund under subsection (a) of this section, or if the Secretary fails to make a final determination on a request for benefits or compensation filed in accordance with the requirements of this section within 240 days after such request was filed, the individual may seek any remedy that may be available under section 247d–6(d) of this title.

(2) Tolling of statute of limitations

The time limit for filing a civil action under section 247d–6(d) of this title for an injury or death shall be tolled during the pendency of a claim for compensation under subsection (a) of this section.

(3) Rule of construction

This section shall not be construed as superseding or otherwise affecting the application of a requirement, under chapter 171 of title 28, to exhaust administrative remedies.

(4) Exclusivity

The remedy provided by subsection (a) of this section shall be exclusive of any other civil action or proceeding for any claim or suit this section encompasses, except for a proceeding under section 247d–6 of this title.

(5) Election

If under subsection (a) of this section the Secretary determines that a covered individual qualifies for compensation, the individual has an election to accept the compensation or to bring an action under section 247d–6(d) of this title. If such individual elects to accept the compensation, the individual may not bring such an action.

(e) Definitions

For purposes of this section, the following terms shall have the following meanings:

(1) Covered countermeasure

The term “covered countermeasure” has the meaning given such term in section 247d–6 of this title.

(2) Covered individual

The term “covered individual”, with respect to administration or use of a covered countermeasure pursuant to a declaration, means an individual—

(A) who is in a population specified in such declaration, and with respect to whom the administration or use of the covered coun-

termmeasure satisfies the other specifications of such declaration; or

(B) who uses the covered countermeasure, or to whom the covered countermeasure is administered, in a good faith belief that the individual is in the category described by subparagraph (A).

(3) Covered injury

The term “covered injury” means serious physical injury or death.

(4) Declaration

The term “declaration” means a declaration under section 247d–6(b) of this title.

(5) Eligible individual

The term “eligible individual” means an individual who is determined, in accordance with subsection (b) of this section, to be a covered individual who sustains a covered injury.

§ 247d–7. Demonstration program to enhance bioterrorism training, coordination, and readiness

(a) In general

The Secretary shall make grants to not more than three eligible entities to carry out demonstration programs to improve the detection of pathogens likely to be used in a bioterrorist attack, the development of plans and measures to respond to bioterrorist attacks, and the training of personnel involved with the various responsibilities and capabilities needed to respond to acts of bioterrorism upon the civilian population. Such awards shall be made on a competitive basis and pursuant to scientific and technical review.

(b) Eligible entities

Eligible entities for grants under subsection (a) of this section are States, political subdivisions of States, and public or private non-profit organizations.

(c) Specific criteria

In making grants under subsection (a) of this section, the Secretary shall take into account the following factors:

(1) Whether the eligible entity involved is proximate to, and collaborates with, a major research university with expertise in scientific training, identification of biological agents, medicine, and life sciences.

(2) Whether the entity is proximate to, and collaborates with, a laboratory that has expertise in the identification of biological agents.

(3) Whether the entity demonstrates, in the application for the program, support and participation of State and local governments and research institutions in the conduct of the program.

(4) Whether the entity is proximate to, and collaborates with, or is, an academic medical
center that has the capacity to serve an uninsured or underserved population, and is equipped to educate medical personnel.

(5) Such other factors as the Secretary determines to be appropriate.

(d) Duration of award

The period during which payments are made under a grant under subsection (a) of this section may not exceed 5 years. The provision of such payments shall be subject to annual approval by the Secretary of the payments and subject to the availability of appropriations for the fiscal year involved to make the payments.

(e) Supplement not supplant

Grants under subsection (a) of this section shall be used to supplement, and not supplant, other Federal, State, or local public funds provided for the activities described in such subsection.

(f) Government Accountability Office report

Not later than 180 days after the conclusion of the demonstration programs carried out under subsection (a) of this section, the Comptroller General of the United States shall submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate, and the Committee on Commerce and the Committee on Appropriations of the House of Representatives, a report that describes the ability of grantees under such subsection to detect pathogens likely to be used in a bioterrorist attack, develop plans and measures for dealing with such threats, and train personnel involved with the various responsibilities and capabilities needed to deal with bioterrorist threats.

(g) Authorization of appropriations

There is authorized to be appropriated to carry out this section $6,000,000 for fiscal year 2001, and such sums as may be necessary through fiscal year 2006.

(§ 247d-7a. Grants regarding training and education of certain health professionals

(a) In general

The Secretary may make awards of grants and cooperative agreements to appropriate public and nonprofit private health or educational entities, including health professions schools and programs as defined in section 295p of this title, for the purpose of providing low-interest loans, partial scholarships, partial fellowships, revolving loan funds, or other cost-sharing forms of assistance for the education and training of individuals in any category of health professions for which there is a shortage that the Secretary determines should be alleviated in order to prepare for or respond effectively to bioterrorism and other public health emergencies.

(b) Authority regarding non-Federal contributions

The Secretary may require as a condition of an award under subsection (a) of this section that a grantee under such subsection provide non-Federal contributions toward the purpose described in such subsection.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized such sums as may be necessary for each of the fiscal years 2002 through 2006.

(§ 247d-7b. Emergency system for advance registration of health profession volunteers

(a) In general

Not later than 12 months after December 19, 2006, the Secretary shall link existing State verification systems to maintain a single national interoperable network of systems, each system being maintained by a State or group of States, for the purpose of verifying the credentials and licenses of health care professionals who volunteer to provide health services during a public health emergency.

(b) Requirements

The interoperable network of systems established under subsection (a) of this section as the “verification network”) shall include—

(1) with respect to each volunteer health professional included in the verification network—

(A) information necessary for the rapid identification of, and communication with, such professionals; and

(B) the credentials, certifications, licenses, and relevant training of such individuals; and

(2) the name of each member of the Medical Reserve Corps, the National Disaster Medical System, and any other relevant federally-sponsored or administered programs determined necessary by the Secretary.

(c) Other assistance

The Secretary may make grants and provide technical assistance to States and other public or nonprofit private entities for activities relating to the verification network developed under subsection (a) of this section.

(d) Accessibility

The Secretary shall ensure that the verification network is electronically accessible by State, local, and tribal health departments and
can be linked with the identification cards under section 300hh–15 of this title.

(e) Confidentiality

The Secretary shall establish and require the application of and compliance with measures to ensure the effective security of, integrity of, and access to the data included in the verification network.

(f) Coordination

The Secretary shall coordinate with the Secretary of Veterans Affairs and the Secretary of Homeland Security to assess the feasibility of integrating the verification network under this section with the VetPro system of the Department of Veterans Affairs and the National Emergency Responder Credentialing System of the Department of Homeland Security. The Secretary shall, if feasible, integrate the verification network under this section with such VetPro system and the National Emergency Responder Credentialing System.

(g) Updating of information

The States that are participants in the verification network shall, on at least a quarterly basis, work with the Director to provide for the updating of the information contained in the verification network.

(h) Clarification

Inclusion of a health professional in the verification network shall not constitute appointment of such individual as a Federal employee for any purpose, either under section 300hh–11(c) of this title or otherwise. Such appointment may only be made under section 300hh–11 or 300hh–15 of this title.

(i) Health care provider licenses

The Secretary shall encourage States to establish and implement mechanisms to waive the application of licensing requirements applicable to health professionals, who are seeking to provide medical services (within their scope of practice), during a national, State, local, or tribal public health emergency upon verification that such health professionals are licensed and in good standing in another State and have not been disciplined by any State health licensing or discipline board.

(j) Rule of construction

This section may not be construed as authorizing the Secretary to issue requirements regarding the provision by the States of credentials, licenses, accreditations, or hospital privileges.

(k) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated $2,000,000 for fiscal year 2002, and such sums as may be necessary for each of the fiscal years 2003 through 2011.

(§ 247d–7c. Supplies and services in lieu of award funds)

(a) In general

Upon the request of a recipient of an award under any of sections 247d through 247d–7b of this title or section 247d–7d of this title, the Secretary may, subject to subsection (b) of this section, provide supplies, equipment, and services for the purpose of aiding the recipient in carrying out the purposes for which the award is made and, for such purposes, may detail to the recipient any officer or employee of the Department of Health and Human Services.

(b) Corresponding reduction in payments

With respect to a request described in subsection (a) of this section, the Secretary shall reduce the amount of payments under the award involved by an amount equal to the costs of detailing personnel and the fair market value of any supplies, equipment, or services provided by the Secretary. The Secretary may, for the payment of expenses incurred in complying with such request, expend the amounts withheld.

(§ 247d–7d. Security for countermeasure development and production)

(a) In general

The Secretary, in consultation with the Attorney General and the Secretary of Defense, may provide technical or other assistance to provide security to persons or facilities that conduct development, production, distribution, or storage of priority countermeasures (as defined in section 247d–6(b)(4) of this title).

(b) Guidelines

The Secretary may develop guidelines to enable entities eligible to receive assistance under subsection (a) of this section to secure their facilities against potential terrorist attack.

(§ 247d–7e. Biomedical Advanced Research and Development Authority)

(a) Definitions

In this section:

(1) BARDA

The term “BARDA” means the Biomedical Advanced Research and Development Authority.
§ 247d–7e  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 226

(2) Fund
The term “Fund” means the Biodefense Medical Countermeasure Development Fund established under subsection (d).

(3) Other transactions
The term “other transactions” means transactions, other than procurement contracts, grants, and cooperative agreements, such as the Secretary of Defense may enter into under section 2371 of title 10.

(4) Qualified countermeasure
The term “qualified countermeasure” has the meaning given such term in section 247d–6a of this title.

(5) Qualified pandemic or epidemic product
The term “qualified pandemic or epidemic product” has the meaning given the term in section 247d–6b of this title.

(6) Advanced research and development
(A) In general
The term “advanced research and development” means, with respect to a product that is or may become a qualified countermeasure or a qualified pandemic or epidemic product, activities that predominantly—

(i) are conducted after basic research and preclinical development of the product; and

(ii) are related to manufacturing the product on a commercial scale and in a form that satisfies the regulatory requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] or under section 262 of this title.

(B) Activities included
The term under subparagraph (A) includes—

(i) testing of the product to determine whether the product may be approved, cleared, or licensed under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] or under section 262 of this title for a use that is or may be the basis for such product becoming a qualified countermeasure or qualified pandemic or epidemic product, or to help obtain such approval, clearance, or license;

(ii) design and development of tests or models, including animal models, for such testing;

(iii) activities to facilitate manufacture of the product on a commercial scale with consistently high quality, as well as to improve and make available new technologies to increase manufacturing surge capacity;

(iv) activities to improve the shelf-life of the product or technologies for administering the product; and

(v) such other activities as are part of the advanced stages of testing, refinement, improvement, or preparation of the product for such use and as are specified by the Secretary.

(7) Security countermeasure
The term “security countermeasure” has the meaning given such term in section 247d–6b of this title.

(8) Research tool
The term “research tool” means a device, technology, biological material (including a cell line or an antibody), reagent, animal model, computer system, computer software, or analytical technique that is developed to assist in the discovery, development, or manufacture of qualified countermeasures or qualified pandemic or epidemic products.

(9) Program manager
The term “program manager” means an individual appointed to carry out functions under this section and authorized to provide project oversight and management of strategic initiatives.

(10) Person
The term “person” includes an individual, partnership, corporation, association, entity, or public or private corporation, and a Federal, State, or local government agency or department.

(b) Strategic plan for countermeasure research, development, and procurement
(1) In general
Not later than 6 months after December 19, 2006, the Secretary shall develop and make public a strategic plan to integrate biodefense and emerging infectious disease requirements with the advanced research and development, strategic initiatives for innovation, and the procurement of qualified countermeasures and qualified pandemic or epidemic products. The Secretary shall carry out such activities as may be practicable to disseminate the information contained in such plan to persons who may have the capacity to substantially contribute to the activities described in such strategic plan. The Secretary shall update and incorporate such plan as part of the National Health Security Strategy described in section 300hh–1 of this title.

(2) Content
The strategic plan under paragraph (1) shall guide—

(A) research and development, conducted or supported by the Department of Health and Human Services, of qualified countermeasures and qualified pandemic or epidemic products against possible biological, chemical, radiological, and nuclear agents and to emerging infectious diseases;

(B) innovation in technologies that may assist advanced research and development of qualified countermeasures and qualified pandemic or epidemic products referred to in this section as “countermeasure and product advanced research and development”; and

(C) procurement of such qualified countermeasures and qualified pandemic or epidemic products by such Department.

(c) Biomedical Advanced Research and Development Authority
(1) Establishment
There is established within the Department of Health and Human Services the Biomedical Advanced Research and Development Authority.
(2) In general

Based upon the strategic plan described in subsection (b), the Secretary shall coordinate the acceleration of countermeasure and product advanced research and development by—

(A) facilitating collaboration between the Department of Health and Human Services and other Federal agencies, relevant industries, academia, and other persons, with respect to such advanced research and development;

(B) promoting countermeasure and product advanced research and development;

(C) facilitating contacts between interested persons and the offices or employees authorized by the Secretary to advise such persons regarding requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] and under section 262 of this title; and

(D) promoting innovation to reduce the time and cost of countermeasure and product advanced research and development.

(3) Director

The BARDA shall be headed by a Director (referred to in this section as the “Director”) who shall be appointed by the Secretary and to whom the Secretary shall delegate such functions and authorities as necessary to implement this section.

(4) Duties

(A) Collaboration

To carry out the purpose described in paragraph (2)(A), the Secretary shall—

(i) facilitate and increase the expeditious and direct communication between the Department of Health and Human Services and relevant persons with respect to countermeasure and product advanced research and development, including by—

(I) facilitating such communication regarding the processes for procuring such advanced research and development with respect to qualified countermeasures and qualified pandemic or epidemic products of interest; and

(II) soliciting information about and data from research on potential qualified countermeasures and qualified pandemic or epidemic products and related technologies;

(ii) at least annually—

(I) convene meetings with representatives from relevant industries, academia, other Federal agencies, international agencies as appropriate, and other interested persons;

(II) sponsor opportunities to demonstrate the operation and effectiveness of relevant biodefense countermeasure technologies; and

(III) convene such working groups on countermeasure and product advanced research and development as the Secretary may determine are necessary to carry out this section; and

(iii) carry out the activities described in section 405 of the Pandemic and All-Hazards Preparedness Act.

(B) Support advanced research and development

To carry out the purpose described in paragraph (2)(B), the Secretary shall—

(i) conduct ongoing searches for, and support calls for, potential qualified countermeasures and qualified pandemic or epidemic products;

(ii) direct and coordinate the countermeasure and product advanced research and development activities of the Department of Health and Human Services;

(iii) establish strategic initiatives to accelerate countermeasure and product advanced research and development and innovation in such areas as the Secretary may identify as priority unmet need areas; and

(iv) award contracts, grants, cooperative agreements, and enter into other transactions, for countermeasure and product advanced research and development.

(C) Facilitating advice

To carry out the purpose described in paragraph (2)(C) the Secretary shall—

(i) connect interested persons with the offices or employees authorized by the Secretary to advise such persons regarding the regulatory requirements under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] and under section 262 of this title related to the approval, clearance, or licensure of qualified countermeasures or qualified pandemic or epidemic products; and

(ii) with respect to persons performing countermeasure and product advanced research and development funded under this section, enable such offices or employees to provide to the extent practicable such advice in a manner that is ongoing and that is otherwise designed to facilitate expeditious development of qualified countermeasures and qualified pandemic or epidemic products that may achieve such approval, clearance, or licensure.

(D) Supporting innovation

To carry out the purpose described in paragraph (2)(D), the Secretary may award contracts, grants, and cooperative agreements, or enter into other transactions, such as prize payments, to promote—

(i) innovation in technologies that may assist countermeasure and product advanced research and development;

(ii) research on and development of research tools and other devices and technologies; and

(iii) research to promote strategic initiatives, such as rapid diagnostics, broad spectrum antimicrobials, and vaccine manufacturing technologies.

(5) Transaction authorities

(A) Other transactions

(i) In general

The Secretary shall have the authority to enter into other transactions under this subsection in the same manner as the Sec-
§ 247d-7e  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 228

of paragraph (4), a person make available to the Secretary on an ongoing basis, and submit upon request to the Secretary, all data related to or resulting from countermeasure and product advanced research and development carried out pursuant to this section.

(C) Advance payments; advertising

The Secretary may waive the requirements of section 3324(a) of title 31 or section 5 of title 41 upon the determination by the Secretary that such waiver is necessary to obtain countermeasures or products under this section.

(D) Milestone-based payments allowed

In awarding contracts, grants, and cooperative agreements, and in entering into other transactions, under this section, the Secretary may use milestone-based awards and payments.

(E) Foreign nationals eligible

The Secretary may under this section award contracts, grants, and cooperative agreements to, and may enter into other transactions with, highly qualified foreign national persons outside the United States, alone or in collaboration with American participants, when such transactions may inure to the benefit of the American people.

(F) Establishment of research centers

The Secretary may assess the feasibility and appropriateness of establishing, through contract, grant, cooperative agreement, or other transaction, an arrangement with an existing research center in order to achieve the goals of this section. If such an agreement is not feasible and appropriate, the Secretary may establish one or more federally-funded research and development centers, or university-affiliated research centers, in accordance with section 253(c)(3) of title 41.

(6) At-risk individuals

In carrying out the functions under this section, the Secretary may give priority to the advanced research and development of qualified countermeasures and qualified pandemic or epidemic products that are likely to be safe and effective with respect to children, pregnant women, elderly, and other at-risk individuals.

(7) Personnel authorities

(A) Specially qualified scientific and professional personnel

(i) In general

In addition to any other personnel authorities, the Secretary may—

(I) without regard to those provisions of title 5 governing appointments in the competitive service, appoint highly qualified individuals to scientific or professional positions in BARDA, such as program managers, to carry out this section; and

(II) compensate them in the same manner and subject to the same terms and
conditions in which individuals appointed under section 9903 of such title are compensated, without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates.

(ii) Manner of exercise of authority

The authority provided for in this subparagraph shall be exercised subject to the same limitations described in section 247d–6a(e)(2) of this title.

(iii) Term of appointment

The term limitations described in section 9903(c) of title 5 shall apply to appointments under this subparagraph, except that the references to the “Secretary” and to the “Department of Defense’s national security missions” shall be deemed to be to the Secretary of Health and Human Services and to the mission of the Department of Health and Human Services under this section.

(B) Special consultants

In carrying out this section, the Secretary may appoint special consultants pursuant to section 209(f) of this title.

(C) Limitation

(i) In general

The Secretary may hire up to 100 highly qualified individuals, or up to 50 percent of the total number of employees, whichever is less, under the authorities provided for in subparagraphs (A) and (B).

(ii) Report

The Secretary shall report to Congress on a biennial basis on the implementation of this subparagraph.

(d) Fund

(1) Establishment

There is established the Biodefense Medical Countermeasure Development Fund, which shall be available to carry out this section in addition to such amounts as are otherwise available for this purpose.

(2) Funding

To carry out the purposes of this section, there are authorized to be appropriated to the Fund—

(A) $1,070,000,000 for fiscal years 2006 through 2008, the amounts to remain available until expended; and

(B) such sums as may be necessary for subsequent fiscal years, the amounts to remain available until expended.

(e) Inapplicability of certain provisions

(1) Disclosure

(A) In general

The Secretary shall withhold from disclosure under section 552 of title 5 specific technical data or scientific information that is created or obtained during the countermeasure and product advanced research and development carried out under subsection (c) that reveals significant and not otherwise publicly known vulnerabilities of existing medical or public health defenses against biological, chemical, nuclear, or radiological threats. Such information shall be deemed to be information described in section 552(b)(3) of title 5.

(B) Review

Information subject to nondisclosure under subparagraph (A) shall be reviewed by the Secretary every 5 years, or more frequently as determined necessary by the Secretary, to determine the relevance or necessity of continued nondisclosure.

(C) Sunset

This paragraph shall cease to have force or effect on the date that is 7 years after December 19, 2006.

(2) Review

Notwithstanding section 14 of the Federal Advisory Committee Act, a working group of BARDA under this section and the National Biodefense Science Board under section 247d–7f of this title shall each terminate on the date that is 5 years after the date on which each such group or Board, as applicable, was established. Such 5-year period may be extended by the Secretary for one or more additional 5-year periods if the Secretary determines that any such extension is appropriate.

§ 247d-7f. National Biodefense Science Board and working groups

(a) In general

(1) Establishment and function

The Secretary shall establish the National Biodefense Science Board (referred to in this section as the “Board”) to provide expert advice and guidance to the Secretary on scientific, technical and other matters of special interest to the Department of Health and Human Services regarding current and future chemical, biological, nuclear, and radiological agents, whether naturally occurring, accidental, or deliberate.

(2) Membership

The membership of the Board shall be comprised of individuals who represent the Nation’s preeminent scientific, public health, and medical experts, as follows—

(A) such Federal officials as the Secretary may determine are necessary to support the functions of the Board;

(B) four individuals representing the pharmaceutical, biotechnology, and device industries;

(C) four individuals representing academia; and

(D) five other members as determined appropriate by the Secretary, of whom—

(i) one such member shall be a practicing healthcare professional; and

(ii) one such member shall be an individual from an organization representing healthcare consumers.

(3) Term of appointment

A member of the Board described in subparagraph (B), (C), or (D) of paragraph (2) shall serve for a term of 3 years, except that the Secretary may adjust the terms of the initial Board appointees in order to provide for a staggered term of appointment for all members.

(4) Consecutive appointments; maximum terms

A member may be appointed to serve not more than 3 terms on the Board and may serve not more than 2 consecutive terms.

(5) Duties

The Board shall—

(A) advise the Secretary on current and future trends, challenges, and opportunities presented by advances in biological and life sciences, biotechnology, and genetic engineering with respect to threats posed by naturally occurring infectious diseases and chemical, biological, radiological, and nuclear agents;

(B) at the request of the Secretary, review and consider any information and findings received from the working groups established under subsection (b); and

(C) at the request of the Secretary, provide recommendations and findings for expanded, intensified, and coordinated biodefense research and development activities.

(6) Meetings

(A) Initial meeting

Not later than one year after December 19, 2006, the Secretary shall hold the first meeting of the Board.

(B) Subsequent meetings

The Board shall meet at the call of the Secretary, but in no case less than twice annually.

(7) Vacancies

Any vacancy in the Board shall not affect its powers, but shall be filled in the same manner as the original appointment.

(8) Chairperson

The Secretary shall appoint a chairperson from among the members of the Board.

(9) Powers

(A) Hearings

The Board may hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence as the Board considers advisable to carry out this subsection.

(B) Postal services

The Board may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

(10) Personnel

(A) Employees of the Federal Government

A member of the Board that is an employee of the Federal Government may not receive additional pay, allowances, or benefits by reason of the member’s service on the Board.

(B) Other members

A member of the Board that is not an employee of the Federal Government may be compensated at a rate not to exceed the daily equivalent of the annual rate of basic pay prescribed for level IV of the Executive Schedule under section 5315 of title 5 for each day (including travel time) during which the member is engaged in the actual performance of duties as a member of the Board.

(C) Travel expenses

Each member of the Board shall receive travel expenses, including per diem in lieu of subsistence, in accordance with applicable provisions under subchapter I of chapter 57 of title 5.

(D) Detail of Government employees

Any Federal Government employee may be detailed to the Board with the approval for the contributing agency without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

(b) Other working groups

The Secretary may establish a working group of experts, or may use an existing working group or advisory committee, to—

(1) identify innovative research with the potential to be developed as a qualified countermeasure or a qualified pandemic or epidemic product;

(2) identify accepted animal models for particular diseases and conditions associated with...
any biological, chemical, radiological, or nuclear agent, any toxin, or any potential pandemic infectious disease, and identify strategies to accelerate animal model and research tool development and validation; and
(3) obtain advice regarding supporting and facilitating advanced research and development related to qualified countermeasures and qualified pandemic or epidemic products that are likely to be safe and effective with respect to children, pregnant women, and other vulnerable populations, and other issues regarding activities under this section that affect such populations.

(c) Definitions

Any term that is defined in section 247d–7e of this title and that is used in this section shall have the same meaning in this section as such term is given in section 247d–7e of this title.

(d) Authorization of appropriations

There are authorized to be appropriated $1,000,000 to carry out this section for fiscal year 2007 and each fiscal year thereafter.

§247d–9. Dental education for parents of newborns

(a) In general

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall establish a program to fund innovative oral health activities that improve the oral health of children under 6 years of age who are eligible for services provided under a Federal health program, to increase the utilization of dental services by such children, and to decrease the incidence of early childhood and baby bottle tooth decay.

(b) Grants

The Secretary shall award grants to or enter into contracts with public or private nonprofit schools of dentistry or accredited dental training institutions or programs, community dental programs, and programs operated by the Indian Health Service (including federally recognized Indian tribes that receive medical services from the Indian Health Service, urban Indian health programs funded under title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.], and tribes that contract with the Indian Health Service pursuant to the Indian Self-Determination and Education Assistance Act [25 U.S.C. 450 et seq.]) to enable such schools, institutions, and programs to develop programs of oral health promotion, to increase training of oral health services providers in accordance with State practice laws, or to increase the utilization of dental services by eligible children.

(c) Distribution

In awarding grants under this section, the Secretary shall, to the extent practicable, ensure an equitable national geographic distribution of the grants, including areas of the United States where the incidence of early childhood caries is highest.

(d) Authorization of appropriations

There is authorized to be appropriated to carry out this section $10,000,000 for each fiscal year 2001 through 2005.

§247d–9. Dental education for parents of newborns

(a) In general

The Secretary shall develop and implement, through entities that fund or provide perinatal care services to targeted low-income children under a State child health plan under title XXI of the Social Security Act [42 U.S.C. 1397aa et seq.], a program to deliver oral health educational materials that inform new parents about risks for, and prevention of, early childhood caries and the need for a dental visit within their newborn’s first year of life.

References in Text

The Social Security Act, referred to in text, is act Aug. 14, 1935, ch. 531, 49 Stat. 620. Title XXI of the Act is classified generally to subchapter XXI (§1397aa et seq.) of chapter 7 of this title. For complete classification of this Act to the Code, see section 1305 of this title and Tables.

Codification

Section was enacted as part of the Children’s Health Insurance Program Reauthorization Act of 2009, and not as part of the Public Health Service Act which comprises this chapter.

Effective Date

Section effective Apr. 1, 2009, and applicable to child health assistance and medical assistance provided on or after that date, with certain exceptions, see section 3 of Pub. L. 111–3, set out as a note under section 1396 of this title.

§ 247e. National Hansen’s Disease Programs Center

(a) Care and treatment

(1) At or through the National Hansen’s Disease Programs Center (located in the State of Louisiana), the Secretary shall without charge provide short-term care and treatment, including outpatient care, for Hansen’s disease and related complications to any person determined by the Secretary to be in need of such care and treatment. The Secretary may not at or through such Center provide long-term care for any such disease or complication.

(2) The Center referred to in paragraph (1) shall conduct training in the diagnosis and management of Hansen’s disease and related complications, and shall conduct and promote the coordination of research (including clinical research), investigations, demonstrations, and studies relating to the causes, diagnosis, treatment, control, and prevention of Hansen’s disease and other mycobacterial diseases and complications related to such diseases.

(3) Paragraph (1) is subject to section 211 of the Department of Health and Human Services Appropriations Act, 1998, referred to in subsec. (a)(3), is section 211 of Pub. L. 105–78, which enacted this section and provisions set out as notes below.

(b) Additional sites authorized

In addition to the Center referred to in subsection (a) of this section, the Secretary may establish sites regarding persons with Hansen’s disease. Each such site shall provide for the outpatient care and treatment for Hansen’s disease and related complications to any person determined by the Secretary to be in need of such care and treatment.

(c) Agency designated by Secretary

The Secretary shall carry out subsections (a) and (b) of this section acting through an agency of the Service. For purposes of the preceding sentence, the agency designated by the Secretary shall carry out both activities relating to the provision of health services and activities relating to the conduct of research.

(d) Payments to Board of Health of Hawaii

The Secretary shall make payments to the Board of Health of the State of Hawaii for the care and treatment (including outpatient care) in its facilities of persons suffering from Hansen’s disease at a rate determined by the Secretary. The rate shall be approximately equal to the operating cost per patient of such facilities, except that the rate may not exceed the comparable costs per patient with Hansen’s disease for care and treatment provided by the Center referred to in subsection (a) of this section. Payments under this subsection are subject to the availability of appropriations for such purpose.

(1) For care and treatment provided by the Center referred to in subsection (a) of this section, the Secretary may establish sites regarding persons with Hansen’s disease at a rate determined by the Secretary to be in need of such care and treatment. Each such site shall provide for the outpatient care and treatment for Hansen’s disease. The rate shall be approximately equal to the per diem operating cost per patient of such facilities, except that such per diem rate shall not be greater than the comparable per diem operating cost per patient at the National Leprosarium, Carville, Louisiana.

Subsec. (a)(1), Pub. L. 105–78 substituted “National Hansen’s Disease Programs Center” for “Gillis W. Long Hansen’s Disease Center”. 1997—Pub. L. 105–78 amended section catchline and text generally, substituting present provisions for former provisions which related to: in subsec. (a), care and treatment; and in subsec. (b), payments to Board of Health of Hawaii. 1985—Pub. L. 99–117 substituted “Hansen’s disease program” for “Receipt, apprehension, detention, treatment, and release of lepers” in section catchline. Subsec. (a). Pub. L. 99–117 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: The Service shall, in accordance with regulations, receive into any hospital of the Service suitable for his accommodation any person afflicted with leprosy who presents himself for care, detention, or treatment, or who may be apprehended under subsection (b) of this section or section 264 of this title, and any person afflicted with leprosy duly consigned to the care of the Service by the proper health authority of any State. The Surgeon General is authorized, upon the request of any health authority, to send for any person within the jurisdiction of such authority who is afflicted with leprosy and to convey such person to the appropriate hospital for detention and treatment. When the transportation of any such person is undertaken, the Surgeon General is authorized to make payments to the Board of Health of the State for the care and treatment in its facilities of persons afflicted with leprosy at a per diem rate, determined from time to time by the Surgeon General, which shall, subject to the availability of appropriations, be approximately equal to the per diem operating cost per patient of such facilities, except that such per diem rate shall not be greater than the comparable per diem operating cost per patient at the National Leprosarium, Carville, Louisiana.

Subsec. (b), Pub. L. 99–117 amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: “The Surgeon General may provide by regulation for
the apprehension, detention, treatment, and release of persons being treated by the Service for leprosy."

1979—Subsec. (a). Pub. L. 96–32 substituted "apprehended under subsection (b) of this section or section 264 of this title" for "apprehended under section 256 or 264 of this title".

1978—Pub. L. 95–629 designated existing provisions as subsec. (a) and added subsec. (b).

1949—Act June 29, 1949, authorized payment of travel expenses of indigent leper patients.

CHANGE OF NAME

"(b) PUBLIC LAW 105–78.—References in section 211 of Public Law 105–78 [amending this section and enacting provisions set out as a note under this section] and in added subsec. (b), (2), transfer to the State such items as the Secretary determines to be necessary, and the Secretary may authorize such exceptions as the Secretary determines to be appropriate.

"(d) For purposes of subsection (b)(2), the conditions specified in this subsection with respect to a transfer of title are the following:

"(1) During the 30-year period beginning on the date on which the transfer is made, the real property and improvements referred to in subsection (b)(1) (referred to in this subsection as the 'transferred property') will be used exclusively for purposes that promote the health or education of the public, with such incidental exceptions as the Secretary may approve.

"(2) For purposes of monitoring the extent to which the transferred property is being used in accordance with paragraph (1), the Secretary will have access to such documents as the Secretary determines to be necessary, and the Secretary may require the advance approval of the Secretary for such contracts, conveyances of real or personal property, or other transactions as the Secretary determines to be necessary.

"(3) The relocation of patients from the transferred property will be completed not later than 3 years after the date on which the transfer is made, except to the extent the Secretary determines that relocating particular patients is not feasible. During the period of relocation, the Secretary will have unrestricted access to the transferred property, and after such period will have such access as may be necessary with respect to the patients who pursuant to the preceding sentence are not relocated.

"(4)(A) With respect to projects to make repairs and energy-related improvements at the transferred property, the Secretary will provide for the completion of all such projects for which contracts have been awarded and appropriations have been made as of the date on which the transfer is made.

"(B) If upon completion of the projects referred to in subparagraph (A) there are any unobligated balances of amounts appropriated for the projects, and the sum of such balances is in excess of $100,000—

"(i) the Secretary will expend such amount for the purposes referred to in paragraph (1), which may include the renovation of facilities at the transferred property.

"(5)(A) The Secretary will provide the real property for use as a museum on the transferred property, and will permit members of the public to visit the museum.

"(B) The State will maintain the museum located on the transferred property, will permit individuals who were long-term-care patients of the Center to be buried at the cemetery, and will permit members of the public to visit the cemetery.

"(6) In the case of each individual who as of the date of the enactment of this Act [Nov. 13, 1997] is a Federal employee at the transferred property with facilities management or dietary duties—

"(A) the Secretary will offer the individual an employment position with the State, the position with the requirements similar to the duties of the individual performed in his or her most recent position at the transferred property, and the position with the State will provide compensation and benefits that are similar to the compensation and benefits provided for such most recent position, subject to the concurrence of the Governor of the State.

"(B) If the individual becomes an employee of the State pursuant to subparagraph (A), the State will..."
make payments in accordance with subsection (e)(2)(B) (relating to disability), as applicable with respect to the individual.

(7) The Federal Government may, consistent with the intended uses by the State of the transferred property, carry out at such property activities regarding at-risk youth.

(8) Such additional conditions as the Secretary determines to be necessary to protect the interests of the United States.

(e)(1) This subsection applies if the transfer under subsection (b) is made.

(2) In the case of each individual who as of the date of the enactment of this Act [Nov. 13, 1997] is a Federal employee at the Center with facilities management or dietary duties, and who becomes an employee of the State pursuant to subsection (d)(6)(A):

(A) The provisions of subchapter III of chapter 83 of title 5, United States Code, or of chapter 84 of such title, whichever are applicable, that relate to disability shall be considered to remain in effect with respect to the individual (subject to subparagraph (C)) until the earlier of-

(i) the expiration of the 2-year period beginning on the date on which the transfer under subsection (b) is made; or

(ii) the date on which the individual first meets all conditions for coverage under a State program for payments during retirement by reason of disability.

(B) The payments to be made by the State pursuant to subsection (d)(6)(B) with respect to the individual are payments to the Civil Service Retirement and Disability Fund, if the individual is receiving Federal disability coverage pursuant to subparagraph (A). Such payments are to be made in a total amount equal to that portion of the normal-cost percentage (determined through the use of dynamic assumptions) of the basic pay of the individual that is allocable to such coverage and is paid for service performed during the period for which such coverage is in effect. Such amount is to be determined in accordance with chapter 84 of such title 5, is to be paid at such time and in such manner as mutually agreed by the State and the Office of Personnel Management, and is in lieu of individual or agency contributions otherwise required.

(C) In the determination pursuant to subparagraph (A) of whether the individual is eligible for Federal disability coverage (during the applicable period of time under such subparagraph), service as an employee of the State after the date of the transfer under subsection (b) shall be counted toward the service requirement specified in the first sentence of section 8337(a) or 8451(a)(1)(A) of such title 5 (whichever is applicable).

(3) In the case of each individual who as of the date of the enactment of this Act is a Federal employee with a position at the Center and is, for duty at the Center, receiving the pay differential under section 208(e) of the Public Health Service Act [section 210(e) of this title] or under section 210(d) of such title 5, United States Code:

(A) If as of the date of the transfer under subsection (b) the individual is eligible for an annuity under section 8336 or 8412 of title 5, United States Code, then once the individual separates from the service and thereby becomes entitled to receive the annuity, the pay differential shall be included in the computation of the annuity if the individual separated from the service not later than the expiration of the 90-day period beginning on the date of the transfer.

(B) If the individual is not eligible for such an annuity as of the date of the transfer under subsection (b) but subsequently does become eligible, then once the individual separates from the service and thereby becomes entitled to receive the annuity, the pay differential shall be included in the annuity if the individual separated from the service not later than the expiration of the 90-day period beginning on the date on which the individual first became eligible for the annuity.

(C) For purposes of this paragraph, the individual is eligible for the annuity if the individual meets all conditions under such section 8336 or 8412 to be entitled to the annuity, except the condition that the individual be separated from the service.

(4) With respect to individuals who as of the date of the enactment of this Act are Federal employees with positions at the Center and are not, for duty at the center, receiving the pay differential under section 208(e) of the Public Health Service Act [section 210(e) of this title] or under section 5545(d) of title 5, United States Code:

(A) During the calendar years 1997 and 1998, the Secretary may in accordance with this paragraph provide to any such individual a voluntary separation incentive payment. The purpose of such payments is to avoid or minimize the need for involuntary separations under a reduction in force with respect to the Center.

(B) During calendar year 1997, any payment under subparagraph (A) shall be made under section 663 of the Treasury, Postal Service, and General Government Appropriations Act, 1997 (as contained in section 101(f) of division A of Public Law 104–208) [5 U.S.C. 5597 note], except that, for purposes of this subparagraph, subsection (b) of such section 663 does not apply.

(C) During calendar year 1998, such section 663 applies with respect to payments under subparagraph (A) to the same extent and in the same manner as such section applied with respect to the payments during fiscal year 1997, and for purposes of this subparagraph, the reference in subsection (c)(2)(D) of such section 663 to December 31, 1997, is deemed to be a reference to December 31, 1998.

(5) The following provisions apply if under subsection (a) the Secretary makes the decision to relocate the Center:

(A) The site to which the Center is relocated shall be in the vicinity of Baton Rouge, in the State of Louisiana.

(B) The facility involved shall continue to be designated as the National Hansen’s Disease Programs Center.

(C) The Secretary shall make reasonable efforts to inform the patients of the Center with respect to the planning and carrying out of the relocation.

(D) In the case of each individual who as of October 1, 1996, was a patient of the Center and is considered by the Director of the Center to be a long-term-care patient (referred to in this subsection as an ‘eligible patient’), the Secretary shall continue to provide for the long-term care of the eligible patient, without charge, for the remainder of the life of the patient.

(E)(A) For purposes of paragraph (4), an eligible patient who is legally competent has the following options with respect to support and maintenance and other nonmedical expenses:

(i) For the remainder of his or her life, the patient may reside at the Center.

(ii) For the remainder of his or her life, the patient may receive payments each year at an annual rate of $33,000 (adjusted in accordance with subparagraphs (C) and (D)), and may not reside at the Center. Payments under this clause are in complete discharge of the obligation of the Federal Government under paragraph (4) for support and maintenance and other nonmedical expenses of the patient.

(B) The choice by an eligible patient of the option under clause (i) of subparagraph (A) may at any time be revoked by the patient, and the patient may instead choose the option under clause (ii) of such subparagraph. The choice by an eligible patient of the option under such clause (ii) is irrevocable.

(C) Payments under paragraph (A)(ii) shall be made on a monthly basis, and shall be pro rated as applicable. In 1999 and each subsequent year, the Department of Health and Human Services shall make payments in accordance with clause (ii) of subparagraph (A).
monthly amount of such payments shall be increased by a percentage equal to any percentage increase tak-

effect under section 215(i) of the Social Security Act [section 415(i) of this title] (relating to a cost-of-

living increase) for benefits under title II of such Act [section 401 et seq. of this title] (relating to Federal

old-age, survivors, and disability insurance benefits). Any such percentage increase in monthly payments

under subparagraph (A)(ii) shall take effect in the same month as the percentage increase under such

section 215(i) takes effect.

(3) With respect to the provision of outpatient and inpatient medical care for Hansen's disease and

related complications to an eligible patient:

(i) The choice the patient makes under subparagraph (A)(ii) and receives inpatient care at or

through the Center.

(ii) If the patient chooses the option under subparagraph (A)(ii) and receives inpatient care at or

through the Center, the Secretary may reduce the amount of payments under such subparagraph,

except to the extent that reimbursement for the expenses of such care is available to the provider of

the care through the program under title XVIII of the Social Security Act [section 1395 et seq. of this

title] or the program under title XIX of such Act [section 1396 et seq. of this title]. Any such reduc-

tion shall be made on the basis of the number of days for which the patient received the inpatient

care.

(6) The Secretary shall provide to each eligible pa-

tient such information and time as may be necessary

for the patient to make an informed decision regard-

ing the options under paragraph (5)(A).

(7) After the date of the enactment of this Act

[Nov. 13, 1997], the Center may not provide long-term

care for any individual who as of such date was not

receiving such care as a patient of the Center.

(8) If upon completion of the projects referred to

in subsection (d)(4)(A) there are unobligated balances

of amounts appropriated for the projects, such bal-

ances are available to the Secretary for expenses re-

lating to the relocation of the Center, except that, if

the sum of such balances is in excess of $100,000, such

excess is available to the State in accordance with

subsection (d)(4)(B). The amounts available to the

Secretary pursuant to the preceding sentence are

available until expended.

(9) For purposes of this section:

(i) The term ‘Center’ means the National Hansen’s

Disease Programs Center.

(ii) The term ‘Secretary’ means the Secretary of

Health and Human Services.

(iii) The term ‘State’ means the State of Louisi-

ana.”

§ 248a. Closing or transfer of hospitals; reduc-

tion of services; Congressional authorization re-

quired

(a) Except as provided in subsection (b) of this

section, the Secretary of Health and Human

Services shall take such action as may be nec-

essary to assure that the hospitals of the Public

Health Service, located in Seattle, Washington,

Boston, Massachusetts, San Francisco, California,

Galveston, Texas, New Orleans, Louisiana,

Baltimore, Maryland, Staten Island, New York,

and Norfolk, Virginia, shall continue—

(1) in operation as hospitals of the Public

Health Service,

(2) to provide for all categories of individuals

entitled or authorized to receive care and

treatment at hospitals or other stations of the

Title 42—The Public Health and Welfare
Public Health Service inpatient, outpatient, and other health care services in like manner as such services were provided on January 1, 1973, to such categories of individuals at the hospitals of the Public Health Service referred to in the matter preceding paragraph (1) and at a level and range at least as great as the level and range of such services which were provided (or authorized to be provided) by such hospitals on such date, and

(3) to conduct at such hospitals a level and range of other health-related activities (including training and research activities) which is not less than the level and range of such activities which were being conducted on January 1, 1973, at such hospitals.

(b)(1) The Secretary may—

(A) close or transfer control of a hospital of the Public Health Service to which subsection (a) of this section applies,

(B) reduce the level and range of health care services provided at such a hospital from the level and range required by subsection (a)(2) of this section or change the manner in which such services are provided at such a hospital from the manner required by such subsection, or

(C) reduce the level and range of the other health-related activities conducted at such hospital from the level and range required by subsection (a)(3) of this section, if Congress by law (enacted after November 16, 1973) specifically authorizes such action.

(2) Any recommendation submitted to the Congress for legislation to authorize an action described in paragraph (1) with respect to a hospital of the Public Health Service shall be accompanied by a copy of the written, unqualified approval of the proposed action submitted to the Secretary by each (A) section 314(a) State health planning agency whose section 314(a) plan covers (in whole or in part) the area in which such hospital is located, or which is served by such hospital, and (B) section 314(b) areawide health planning agency whose section 314(b) plan covers (in whole or in part) such area.

(3) For purposes of this subsection, the term ‘section 314(a) State health planning agency’ means the agency of a State which administers or supervises the administration of a State’s health planning functions under a State plan approved under section 314(a) of the Public Health Service Act (referred to in paragraph (2) as a ‘section 314(a) plan’); and the term ‘section 314(b) areawide health planning agency’ means a public or nonprofit private agency or organization which has developed a comprehensive regional, metropolitan, or other local area plan or plans referred to in section 314(b) of that Act (referred to in paragraph (2) as a ‘section 314(b) plan’).

Section 314 of the Public Health Service Act, referred to in subsec. (b)(2), (3), is classified to section 246 of this title.

Codification
Section was enacted as part of the Department of Defense Appropriation Authorization Act, 1974, and not as part of the Public Health Service Act which comprises this chapter.

Prior Provisions
Provisions similar to those comprising this section were contained in Pub. L. 92–585, § 3, Oct. 27, 1972, 86 Stat. 1292, setting out procedure to be followed in closing or transferring control of hospitals or other health care delivery facilities of Public Health Service, prior to repeal by Pub. L. 93–155, § 818(c).

Change of Name
“Secretary of Health and Human Services” substituted for “Secretary of Health, Education, and Welfare” in subsec. (a) pursuant to section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

§ 248b. Transfer or financial self-sufficiency of public health service hospitals and clinics

(a) Deadline for closure, transfer, or financial self-sufficiency

The Secretary of Health and Human Services (hereinafter in this subtitle referred to as the “Secretary”) shall, in accordance with this section and notwithstanding section 248a of this title, provide for the closure, transfer, or financial self-sufficiency of all hospitals and other stations of the Public Health Service (hereinafter in this subtitle referred to as the “Service”) not later than September 30, 1982.

(b) Proposals for transfer or financial self-sufficiency

Not later than July 1, 1981, the Secretary shall notify each Service hospital and other station, and the chief executive officer of each State and of each locality in which such a hospital or other station is located, that the Secretary will accept proposals for the transfer of each such hospital and station from the Service to a public (including Federal) or nonprofit private entity or for the achievement of financial self-sufficiency of each such hospital and station not later than September 30, 1982. No such proposal shall be considered by the Secretary if it is submitted later than September 1, 1981.

(c) Evaluation of proposals

The Secretary shall evaluate promptly each proposal submitted under subsection (b) of this section with respect to a hospital or other station and determine, not later than September 30, 1981, whether or not under such proposal the hospital or station—

(1) will be maintained as a general health care facility providing a range of services to the population within its service area,

(2) will continue to make services available to existing patient populations, and

(3) has a reasonable expectation of financial viability and, in the case of a hospital or station that is not proposed to be transferred, of financial self-sufficiency.

Paragraph (1) shall not apply in the case of a proposal for the transfer of a discrete, minor, freestanding part of a hospital or station to a local public entity for the purpose of continuing the provision of services to refugees.
(d) Rejection or approval of proposal

(1) If the Secretary determines that a proposal for a hospital or other station does not meet the standards of subsection (c) of this section or if there is no proposal submitted under subsection (b) of this section with respect to a hospital or other station, the Secretary shall provide for the closure of the hospital or station by not later than October 31, 1981.

(2) If the Secretary determines that a proposal for a hospital or other station meets the standards of subsection (c) of this section, the Secretary shall take such steps, within the amounts available through appropriations, as may be necessary and proper—

(A) to operate (or participate or assist in the operation of) the hospital or station by the Service until the transfer is accomplished or financial self-sufficiency is achieved.

(B) to bring the hospital or station into compliance with applicable licensure, accreditation, and local medical practice standards, and

(C) to provide for such other legal, administrative, personnel, and financial arrangements (including allowing payments made with respect to services provided by the hospital or station to be made directly to that hospital or station) as may be necessary to effect a timely and orderly transfer of such hospital or station (including the land, building, and equipment thereof) from the Service, or for the financial self-sufficiency of the hospital or station, not later than September 30, 1982.

(e) Establishment of identifiable administrative unit

There is established, within the Office of the Assistant Secretary for Health of the Department of Health and Human Services, an identifiable administrative unit which shall have direct responsibility and authority for overseeing the activities under this section.

(f) Finding of financial self-sufficiency

For purposes of this section, a hospital or station shall be found not to be financially self-sufficient if the hospital or station is relying, in whole or in part, on direct appropriated funds for its continued operations.

Section 988 of Pub. L. 97–35 provided that: ‘‘(a) The Secretary shall provide, by contract or other arrangement with a Federal entity and without charge but subject to subsection (b), for the continuation of inpatient hospital services and (outpatient services related to the condition of hospitalization) to any individual who—

‘‘(1) on September 30, 1981, is receiving inpatient hospital services at a Public Health Service hospital on the basis of the entitlement contained in section 222(a) of the Public Health Service Act (42 U.S.C. 249(a)), as such section was in effect on such date, for treatment of a condition,

‘‘(2) requires continued hospitalization after such date for treatment of that condition (or requires outpatient services related to such condition), and

‘‘(3) the Secretary determines has no other source of inpatient hospital services available for continued treatment of that condition.

‘‘(b) Services may not be provided under subsection (a) to an individual after the earlier of—

‘‘(1) September 30, 1982,

‘‘(2) the end of the first 60-day consecutive period (beginning after September 30, 1981) during the entire period of which the individual is not an inpatient of a hospital.

‘‘(c) Notwithstanding any other provision of law, the head of any Federal department or agency which provides, under other authority of law and through federal
facilities, inpatient hospital services or outpatient services, or both, is authorized to provide inpatient hospital services (and related outpatient services) to individuals under contract or other arrangement with the Secretary pursuant to this section."

FOREIGN SEAMEN

Section 810(c), formerly §710(c), of act July 1, 1944, as reenumbered by acts Aug. 13, 1946, ch. 958, §3(b), 60 Stat. 1049; July 30, 1956, ch. 779, §3(b), 70 Stat. 720, which gave foreign seamen the same benefits as accorded seamen employed on United States vessels under subsection (a)(1) of this section, was repealed effective Jan. 25, 1948, by Joint Res. July 25, 1947, ch. 327, §2(b), 61 Stat. 451.

§ 250. Medical care and treatment of Federal prisoners

The Service shall supervise and furnish medical treatment and other necessary medical, psychiatric, and related technical and scientific services, authorized by section 4005 of title 18, in penal and correctional institutions of the United States.

(July 1, 1944, ch. 373, title III, §323, 58 Stat. 697.)

CODIFICATION

“Section 4005 of title 18” substituted in text for “the Act of May 7, 1930, as amended (U.S.C., 1940 edition, title 18, secs. 751, 752)” on authority of act June 25, 1948, ch. 645, 62 Stat. 684, the first section of which enacted Title 18, Crimes and Criminal Procedure.

TRANSFER OF FUNCTIONS

§ 250a. Transfer of appropriations

The Attorney General may transfer to the Health Resources and Services Administration such amounts as may be necessary for direct expenditures by that Administration for medical relief for inmates of Federal penal and correctional institutions.

CODIFICATION

Section was enacted as part of the appropriation act cited as the credit to this section, and not as part of the Public Health Service Act which comprises this chapter.

§ 251. Medical examination and treatment of Federal employees; medical care at remote stations

(a) The Surgeon General is authorized to provide at institutions, hospitals, and station of the Service medical, surgical, and hospital services and supplies for persons entitled to treatment under subchapter I of Chapter 81 of title 5 and extensions thereof. The Surgeon General may also provide for making medical examinations of—

(1) employees of the Federal Government for retirement purposes;

(2) employees in the Federal classified service, and applicants for appointment, as re-
subjected by the Director of the Office of Personnel Management for the purpose of promoting health and efficiency;

(3) seamen for purposes of qualifying for certificates of service; and

(4) employees eligible for benefits under the Longshore and Harbor Workers’ Compensation Act, as amended [33 U.S.C. 901 et seq.], as requested by any deputy commissioner thereunder.

(b) The Secretary is authorized to provide medical, surgical, and dental treatment and hospitalization and optometric care for Federal employees (as defined in section 901(1) of title 5) and their dependents at remote medical facilities of the Public Health Service where such care and treatment are not otherwise available. Such employees and their dependents who are not entitled to this care and treatment under any other provision of law shall be charged for it at rates established by the Secretary to reflect the reasonable cost of providing the care and treatment. Any payments pursuant to the preceding sentence shall be credited to the applicable appropriation to the Public Health Service for the year in which such payments are received.

§253. Medical services to Coast Guard, National Oceanic and Atmospheric Administration, and Public Health Service

(a) Persons entitled to medical services

Subject to regulations of the President—
(1) commissioned officers, chief warrant officers, warrant officers, cadets, and enlisted personnel of the Regular Coast Guard on active duty, including those on shore duty and those on detached duty; and Regular, and temporary members of the United States Coast Guard Reserve when on active duty;
(2) commissioned officers, ships' officers, and members of the crews of vessels of the National Oceanic and Atmospheric Administration on active duty, including those on shore duty and those on detached duty; and
(3) commissioned officers of the Regular or Reserve Corps of the Public Health Service on active duty;
shall be entitled to medical, surgical, and dental treatment and hospitalization by the Service. The Surgeon General may detail commissioned officers for duty aboard vessels of the Coast Guard or the National Oceanic and Atmospheric Administration.

(b) Health care for involuntarily separated officers and dependents

(1) The Secretary may provide health care for an officer of the Regular or Reserve Corps involuntarily separated from the Service, and for any dependent of such officer, if—
(A) the officer or dependent was receiving health care at the expense of the Service at the time of separation; and
(B) the Secretary finds that the officer or dependent is unable to obtain appropriate insurance for the conditions for which the officer or dependent was receiving health care.

(2) Health care may be provided under paragraph (1) for a period of not more than one year from the date of separation of the officer from the Service.

c) Examination of personnel of Service assigned to Coast Guard or National Oceanic and Atmospheric Administration

The Service shall provide all services referred to in subsection (a) of this section required by the Coast Guard or National Oceanic and Atmospheric Administration and shall perform all duties prescribed by statute in connection with the examinations to determine physical or mental condition for purposes of appointment, enlistment, and reenlistment, promotion and retirement, and officers of the Service assigned to duty on Coast Guard or National Oceanic and Atmospheric Administration vessels may extend aid to the crews of American vessels engaged in deep-sea fishing.

The Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96-88 which is classified to section 307(b) of Title 20, Education.

§253a. Medical services to retired personnel of National Oceanic and Atmospheric Administration

(a) Eligibility

Subject to regulations of the President, retired ships' officers and retired members of the crews of vessels of the National Oceanic and Atmospheric Administration shall be entitled to medical, surgical, and dental treatment and hospitalization by the Public Health Service if the ships' officer or crew member, (1) was on active duty as a vessel employee of the National Oceanic and Atmospheric Administration on July 1, 1963, or on July 19, 1963, whichever is later, and his employment as a vessel employee was continuous from that date until retirement, or (2) was retired as a vessel employee of the National Oceanic and Atmospheric Administration on or before July 1, 1963, or on July 19, 1963, whichever is later.

(b) Treatment of dependents of personnel

Subject to regulations of the President, dependent members of families (as defined in such
regulations) of ships’ officers and members of crews of vessels of the National Oceanic and Atmospheric Administration, whether such, ships’ officers and members of crew are on active duty or retired, shall be furnished medical advice and outpatient treatment by the Public Health Service and, if suitable accommodations are available, they shall also be furnished hospitalization by the Public Health Service if the ships’ officer or crew member (1) was on active duty as a vessel employee of the National Oceanic and Atmospheric Administration on July 1, 1963, or on July 19, 1963, whichever is later, and his employment as a vessel employee has been continuous from that time, or (2) was on active duty as a vessel employee of the National Oceanic and Atmospheric Administration on or before July 1, 1963, or on July 19, 1963, whichever is later, and his employment was continuous from that time until retirement, or (3) was retired as a vessel employee of the National Oceanic and Atmospheric Administration on or before July 1, 1963, or on July 19, 1963, whichever is later, and his employment as such vessel employee has been continuous from that time until retirement, or (4) was on active duty as a vessel employee of the National Oceanic and Atmospheric Administration on or before July 1, 1963, or on July 19, 1963, whichever is later, and his employment as such vessel employee has been continuous from that time.

(c) Identification

The National Oceanic and Atmospheric Administration shall furnish proper identification to those persons entitled to medical treatment under the provisions of this section.

(Pub. L. 88–71, § 253a, Title 33, Navigation and Navigable Waters.

AMENDMENTS

1964—Subsec. (a), Pub. L. 88–400, § 253a(a), substituted “by the Public Health Service: Provided, That” for “at facilities of the Public Health Service: Provided, That”.

Subsec. (b), Pub. L. 88–400, § 253a(b), struck out “at his hospitals and relief stations” before “and, if suitable accommodations” and substituted “by the Public Health Service” for “at hospitals of the Public Health Service: Provided, That”.

CHANGE OF NAME

DEFINITIONS

As used in these regulations, the term:

(1) “Retired ships’ officer and retired crew member” means a noncommissioned ships’ officer or crew member of a vessel of the Coast and Geodetic Survey [now National Oceanic and Atmospheric Administration] who either was on active duty as a vessel employee on July 19, 1963, and whose employment as such vessel employee was continuous from that date until the date of his retirement, or who had retired as a vessel employee on or before July 19, 1963.

(2) “Active duty ships’ officer and active duty crew member” means a noncommissioned ships’ officer or crew member on active duty as a vessel employee of the Coast and Geodetic Survey [now National Oceanic and Atmospheric Administration] on July 19, 1963, and whose employment as such vessel employee has been continuous from that time.

(3) “Dependent members of families”, with respect to active duty or retired ships’ officers or crew members, means:

(A) the lawful wife;

(B) the unmarried legitimate child, including an adopted child or stepchild, who has not passed his twenty-first birthday; and

(C) the father or mother, if in fact dependent upon such active duty or retired ships’ officer or crew member for over one-half of his or her support.

(4) “Relief stations” means Public Health Service outpatient clinics and outpatient offices.

(5) “Outpatient clinic” means a full-time outpatient medical facility, operated in Federally owned or leased space under the supervision of a commissioned medical officer or a full-time civil service medical officer (formerly known as a Second-Class Relief Station).

(6) “Outpatient office” means a part-time outpatient facility serving all classes of legal beneficiaries, located in other than Federal space, and in the charge of a local private physician under contract to the Service to provide medical care on an annual or fee basis (formerly known as a Third-Class Relief Station).

SEC. 2. Persons entitled to treatment. The following persons shall be entitled to medical care under these regulations:

(1) Retired ships’ officers and retired crew members of the Coast and Geodetic Survey [now National Oceanic and Atmospheric Administration];

(2) Dependent members of families of persons described in paragraph (1) of this section;

(3) Dependent members of families of active duty ships’ officers and crew members of the Coast and Geo-
entitled to medical relief at hospitals and other stations of the Public Health Service prior to July 1, 1944, and who retired under the provisions of section 763 of title 33, shall be entitled to medical, surgical, and dental treatment and hospitalization at hospitals and other stations of the Public Health Service.

CODIFICATION

Section was enacted as a part of Health Services Research, Health Statistics, and Medical Libraries Act of 1974, and also as a part of Health Services Research and Evaluation and Health Statistics Act of 1974, and not as a part of the Public Health Service Act which comprises this chapter.

EFFECTIVE DATE

Section 108(b) of Pub. L. 93–353 provided that: "Subsection (a) [enacting this section] shall be effective from December 28, 1973."

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, of the Bureau of the Coast and Geodetic Survey (now National Oceanic and Atmospheric Administration, Surgeon General of the Public Health Service, the United States Coast Guard, and the United States Public Health Service, see sections 468(b), 551(d), 552(d), and 467 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 52 of Title 6.

§254. Interdepartmental work

Nothing contained in this part shall affect the authority of the Service to furnish any materials, supplies, or equipment, or perform any work of services, requested in accordance with sections 1535 and 1536 of title 31, or the authority of any other executive department to furnish any materials, supplies, or equipment, or perform any work or services, requested by the Department of Health and Human Services for the Service in accordance with that section.

CODIFICATION

TRANSFER OF FUNCTIONS

Functions of Public Health Service, Surgeon General of Public Health Service, and all other officers and employees of Public Health Service, and functions of all agencies of or in Public Health Service transferred to Secretary of Health, Education, and Welfare by Reorg. Plan No. 3 of 1966, eff. June 25, 1966, 31 F.R. 8855, 80 Stat. 1610, set out as a note under section 202 of this title. Secretary of Health, Education, and Welfare redesignated Secretary of Health and Human Services by section 509(b) of Pub. L. 96–88 which is classified to section 1906(b) of Title 20, Education.

Functions of Federal Security Administrator transferred to Secretary of Health, Education, and Welfare and all agencies of Federal Security Agency transferred to Department of Health, Education, and Welfare by
§ 254a. Sharing of medical care facilities and resources

(a) Definitions

For purposes of this section—

(1) the term "specialized health resources" means health care resources (whether equipment, space, or personnel) which, because of cost, limited availability, or unusual nature, are either unique in the health care community or are subject to maximum utilization only through mutual use;

(2) the term "hospital", unless otherwise specified, includes (in addition to other hospitals) any Federal hospital.

(b) Statement of purpose; agreements or arrangements; reciprocity; reimbursement; credits

For the purpose of maintaining or improving the quality of care in Public Health Service facilities and to provide a professional environment therein which will help to attract and retain highly qualified and talented health personnel, to encourage mutually beneficial relationships between Public Health Service facilities and hospitals and other health facilities in the health care community, and to promote the full utilization of hospitals and other health facilities and resources, the Secretary may—

(1) enter into agreements or arrangements with schools of medicine, schools of osteopathic medicine, and with other health professions schools, agencies, or institutions, for such interchange or cooperative use of facilities and services on a reciprocal or reimbursable basis, as will be of benefit to the training or research programs of the participating agencies; and

(2) enter into agreements or arrangements with hospitals and other health care facilities for the mutual use or the exchange of use of specialized health resources, and providing for reciprocal reimbursement.

Any reimbursement pursuant to any such agreement or arrangement shall be based on charges covering the reasonable cost of such utilization, including normal depreciation and amortization costs of equipment. Any proceeds to the Government under this subsection shall be credited to the applicable appropriation of the Public Health Service for the year in which such proceeds are received.

Amendments

Availability of Appropriations for Expenses of Sharing Medical Care Facilities and Resources

Pub. L. 102-394, title II, §204, Oct. 6, 1992, 106 Stat. 1811, provided that: "Funds advanced to the National Institutes of Health Management Fund from appropriations in this Act or subsequent Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Acts shall be available for the expenses of sharing medical care facilities and resources pursuant to section 327A of the Public Health Service Act (42 U.S.C. 254a)."

Similar provisions were contained in the following prior appropriation acts:

Part D—Primary Health Care

Subpart I—Health Centers

Amendments

§ 254b. Health centers

(a) "Health center" defined

(1) In general

For purposes of this section, the term "health center" means an entity that serves a population that is medically underserved, or a special medically underserved population comprised of migratory and seasonal agricultural workers, the homeless, and residents of public housing, by providing, either through the staff and supporting resources of the center or through contracts or cooperative arrangements—

(A) required primary health services (as defined in subsection (b)(1) of this section); and

(B) as may be appropriate for particular centers, additional health services (as defined in subsection (b)(2) of this section) necessary for the adequate support of the primary health services required under subparagraph (A); for all residents of the area served by the center (hereafter referred to in this section as the "catchment area").

(2) Limitation

The requirement in paragraph (1) to provide services for all residents within a catchment area shall not apply in the case of a health center receiving a grant only under subsection (g), (h), or (i) of this section.
(b) Definitions

For purposes of this section:

(1) Required primary health services

(A) In general

The term "required primary health services" means—

(i) basic health services which, for purposes of this section, shall consist of—

(I) health services related to family medicine, internal medicine, pediatrics, obstetrics, or gynecology that are furnished by physicians and where appropriate, physician assistants, nurse practitioners, and nurse midwives;

(II) diagnostic laboratory and radiologic services;

(III) preventive health services, including—

(aa) prenatal and perinatal services;

(bb) appropriate cancer screening;

(cc) well-child services;

(dd) immunizations against vaccine-preventable diseases;

(ee) screenings for elevated blood lead levels, communicable diseases, and cholesterol;

(ff) pediatric eye, ear, and dental screenings to determine the need for vision and hearing correction and dental care;

(gg) voluntary family planning services; and

(hh) preventive dental services;

(iv) emergency medical services; and

(V) pharmaceutical services as may be appropriate for particular centers;

(ii) referrals to providers of medical services (including specialty referral when medically indicated) and other health-related services (including substance abuse and mental health services);

(iii) patient case management services (including counseling, referral, and follow-up services) and other services designed to assist health center patients in establishing eligibility for and gaining access to Federal, State, and local programs that provide or financially support the provision of medical, social, housing, educational, or other related services;

(iv) services that enable individuals to use the services of the health center (including outreach and transportation services and, if a substantial number of the individuals in the population served by a center are of limited English-speaking ability, the services of appropriate personnel fluent in the language spoken by a predominant number of such individuals); and

(v) education of patients and the general population served by the health center regarding the availability and proper use of health services.

(B) Exception

With respect to a health center that receives a grant only under subsection (g) of this section, the Secretary, upon a showing of good cause, shall—

(i) waive the requirement that the center provide all required primary health services under this paragraph; and

(ii) approve, as appropriate, the provision of certain required primary health services only during certain periods of the year.

(2) Additional health services

The term "additional health services" means services that are not included as required primary health services and that are appropriate to meet the health needs of the population served by the health center involved. Such term may include—

(A) behavioral and mental health and substance abuse services;

(B) recuperative care services;

(C) environmental health services, including—

(i) the detection and alleviation of unhealthful conditions associated with—

(II) water supply;

(III) air quality; or

(IV) exposure to lead;

(ii) sewage treatment;

(iii) solid waste disposal;

(iv) rodent and parasitic infestation;

(v) field sanitation;

(vi) housing; and

(vii) other environmental factors related to health; and

(D) in the case of health centers receiving grants under subsection (g) of this section, special occupation-related health services for migratory and seasonal agricultural workers, including—

(i) screening for and control of infectious diseases, including parasitic diseases; and

(ii) injury prevention programs, including prevention of exposure to unsafe levels of agricultural chemicals including pesticides.

(3) Medically underserved populations

(A) In general

The term "medically underserved population" means the population of an urban or rural area designated by the Secretary as an area with a shortage of personal health services or a population group designated by the Secretary as having a shortage of such services.

(B) Criteria

In carrying out subparagraph (A), the Secretary shall prescribe criteria for determining the specific shortages of personal health services of an area or population group. Such criteria shall—

(i) take into account comments received by the Secretary from the chief executive officer of a State and local officials in a State; and

(ii) include factors indicative of the health status of a population group or residents of an area, the ability of the residents of an area or of a population group to pay for health services and their accessibility to them, and the availability of
§ 254b

(1) In general

The Secretary may not designate a medically underserved population in a State or terminate the designation of such a population unless, prior to such designation or termination, the Secretary provides reasonable notice and opportunity for comment and consults with—

(i) the chief executive officer of such State;

(ii) local officials in such State; and

(iii) the organization, if any, which represents a majority of health centers in such State.

(D) Permissible designation

The Secretary may designate a medically underserved population that does not meet the criteria established under subparagraph (B) if the chief executive officer of the State in which such population is located and local officials of such State recommend the designation of such population based on unusual local conditions which are a barrier to access to or the availability of personal health services.

(c) Planning grants

(1) In general

(A) Centers

The Secretary may make grants to public and nonprofit private entities for projects to plan and develop health centers which will serve medically underserved populations. A project for which a grant may be made under this subsection may include the cost of the acquisition and lease of buildings and equipment (including the costs of amortizing the principal of, and paying the interest on, loans) and shall include—

(i) an assessment of the need that the population proposed to be served by the health center for which the project is undertaken has for required primary health services and additional health services;

(ii) the design of a health center program for such population based on such assessment;

(iii) efforts to secure, within the proposed catchment area of such center, financial and professional assistance and support for the project;

(iv) initiation and encouragement of continuing community involvement in the development and operation of the project; and

(v) proposed linkages between the center and other appropriate provider entities, such as health departments, local hospitals, and rural health clinics, to provide better coordinated, higher quality, and more cost-effective health care services.

(B) Managed care networks and plans

The Secretary may make grants to health centers that receive assistance under this section to enable the centers to plan and develop a managed care network or plan. Such

a grant may only be made for such a center if—

(i) the center has received grants under subsection (e)(1)(A) of this section for at least 2 consecutive years preceding the year of the grant under this subparagraph or has otherwise demonstrated, as required by the Secretary, that such center has been providing primary care services for at least the 2 consecutive years immediately preceding such year; and

(ii) the center provides assurances satisfactory to the Secretary that the provision of such services on a prepaid basis, or under another managed care arrangement, will not result in the diminution of the level or quality of health services provided to the medically underserved population served prior to the grant under this subparagraph.

(C) Practice management networks

The Secretary may make grants to health centers that receive assistance under this section to enable the centers to plan and develop practice management networks that will enable the centers to—

(i) reduce costs associated with the provision of health care services;

(ii) improve access to, and availability of, health care services provided to individuals served by the centers;

(iii) enhance the quality and coordination of health care services; or

(iv) improve the health status of communities.

(D) Use of funds

The activities for which a grant may be made under subparagraph (B) or (C) may include the purchase or lease of equipment, which may include data and information systems (including paying for the costs of amortizing the principal of, and paying the interest on, loans for equipment), the provision of training and technical assistance related to the provision of health care services on a prepaid basis or under another managed care arrangement, and other activities that promote the development of practice management or managed care networks and plans.

(2) Limitation

Not more than two grants may be made under this subsection for the same project, except that upon a showing of good cause, the Secretary may make additional grant awards.

(3) Recognition of high poverty

(A) In general

In making grants under this subsection, the Secretary may recognize the unique needs of high poverty areas.

(B) High poverty area defined

For purposes of subparagraph (A), the term “high poverty area” means a catchment area which is established in a manner that is consistent with the factors in subsection (k)(3)(J), and the poverty rate of which is greater than the national average poverty
rate as determined by the Bureau of the Census.

(d) Loan guarantee program

(1) Establishment

(A) In general

The Secretary shall establish a program under which the Secretary may, in accordance with this subsection and to the extent that appropriations are provided in advance for such program, guarantee up to 90 percent of the principal and interest on loans made by non-Federal lenders to health centers, funded under this section, for the costs of developing and operating managed care networks or plans described in subsection (c)(1)(B) of this section, or practice management networks described in subsection (c)(1)(C) of this section.

(B) Use of funds

Loan funds guaranteed under this subsection may be used—

(i) to establish reserves for the furnishing of services on a pre-paid basis;
(ii) for costs incurred by the center or centers, otherwise permitted under this section, as the Secretary determines are necessary to enable a center or centers to develop, operate, and own the network or plan; or
(iii) to refinance an existing loan (as of the date of refinancing) to the center or centers, if the Secretary determines—

(I) that such refinancing will be beneficial to the health center and the Federal Government; or

(II) that the center (or centers) can demonstrate an ability to repay the refinanced loan equal to or greater than the ability of the center (or centers) to repay the original loan on the date the original loan was made.

(C) Publication of guidance

Prior to considering an application submitted under this subsection, the Secretary shall publish guidelines to provide guidance on the implementation of this section. The Secretary shall make such guidelines available to the universe of parties affected under this subsection, distribute such guidelines to such parties upon the request of such parties, and provide a copy of such guidelines to the appropriate committees of Congress.

(D) Provision directly to networks or plans

At the request of health centers receiving assistance under this section, loan guarantees provided under this paragraph may be made directly to networks or plans that are at least majority controlled and, as applicable, at least majority owned by those health centers.

(E) Federal credit reform

The requirements of the Federal Credit Reform Act of 1990 (2 U.S.C. 661 et seq.) shall apply with respect to loans refinanced under subparagraph (B)(iii).

(2) Protection of financial interests

(A) In general

The Secretary may not approve a loan guarantee for a project under this subsection unless the Secretary determines that—

(i) the terms, conditions, security (if any), and schedule and amount of repayments with respect to the loan are sufficient to protect the financial interests of the United States and are otherwise reasonable, including a determination that the rate of interest does not exceed such percent per annum on the principal obligation outstanding as the Secretary determines to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the United States, except that the Secretary may not require as security any center asset that is, or may be, needed by the center or centers involved to provide health services;

(ii) the loan would not be available on reasonable terms and conditions without the guarantee under this subsection; and

(iii) amounts appropriated for the program under this subsection are sufficient to provide loan guarantees under this subsection.

(B) Recovery of payments

(i) In general

The United States shall be entitled to recover from the applicant for a loan guarantee under this subsection the amount of any payment made pursuant to such guarantee unless the Secretary for good cause waives such right of recovery (subject to appropriations remaining available to permit such a waiver) and, upon making any such payment, the United States shall be subrogated to all of the rights of the recipient of the payments with respect to which the guarantee was made. Amounts recovered under this clause shall be credited as reimbursements to the financing account of the program.

(ii) Modification of terms and conditions

To the extent permitted by clause (iii) and subject to the requirements of section 504(e) of the Credit Reform Act of 1990 (2 U.S.C. 661c(e)), any terms and conditions applicable to a loan guarantee under this subsection (including terms and conditions imposed under clause (iv)) may be modified or waived by the Secretary to the extent the Secretary determines it to be consistent with the financial interest of the United States.

(iii) Incontestability

Any loan guarantee made by the Secretary under this subsection shall be incontestable—

(I) in the hands of an applicant on whose behalf such guarantee is made unless the applicant engaged in fraud or misrepresentation in securing such guarantee; and

(II) as to any person (or successor in interest) who makes or contracts to
make a loan to such applicant in reliance thereon unless such person (or successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

(iv) Further terms and conditions

Guarantees of loans under this subsection shall be subject to such further terms and conditions as the Secretary determines to be necessary to assure that the purposes of this section will be achieved.

(3) Loan origination fees

(A) In general

The Secretary shall collect a loan origination fee with respect to loans to be guaranteed under this subsection, except as provided in subparagraph (C).

(B) Amount

The amount of a loan origination fee collected by the Secretary under subparagraph (A) shall be equal to the estimated long term cost of the loan guarantees involved to the Federal Government (excluding administrative costs), calculated on a net present value basis, after taking into account any appropriations that may be made for the purpose of offsetting such costs, and in accordance with the criteria used to award loan guarantees under this subsection.

(C) Waiver

The Secretary may waive the loan origination fee for a health center applicant who demonstrates to the Secretary that the applicant will be unable to meet the conditions of the loan if the applicant incurs the additional cost of the fee.

(4) Defaults

(A) In general

Subject to the requirements of the Credit Reform Act of 1990 (2 U.S.C. 661 et seq.), the Secretary may take such action as may be necessary to prevent a default on a loan guaranteed under this subsection, including the waiver of regulatory conditions, deferral of loan payments, renegotiation of loans, and the expenditure of funds for technical and consultative assistance, for the temporary payment of the interest and principal on such a loan, and for other purposes. Any such expenditure made under the preceding sentence on behalf of a health center or centers shall be made under such terms and conditions as the Secretary shall prescribe, including the implementation of such organizational, operational, and financial reforms as the Secretary determines are appropriate and the disclosure of such financial or other information as the Secretary may require to determine the extent of the implementation of such reforms.

(B) Foreclosure

The Secretary may take such action, consistent with State law respecting foreclosure procedures and, with respect to reserves required for furnishing services on a prepaid basis, subject to the consent of the affected States, as the Secretary determines appropriate to protect the interest of the United States in the event of a default on a loan guaranteed under this subsection, except that the Secretary may only foreclose on assets offered as security (if any) in accordance with paragraph (2)(A)(1).

(5) Limitation

Not more than one loan guarantee may be made under this subsection for the same network or plan, except that upon a showing of good cause the Secretary may make additional loan guarantees.

(6) Authorization of appropriations

There are authorized to be appropriated to carry out this subsection such sums as may be necessary.

(e) Operating grants

(1) Authority

(A) In general

The Secretary may make grants for the costs of the operation of public and nonprofit private health centers that provide health services to medically underserved populations.

(B) Entities that fail to meet certain requirements

The Secretary may make grants, for a period of not to exceed 2 years, for the costs of the operation of public and nonprofit private entities which provide health services to medically underserved populations.

(C) Operation of networks and plans

The Secretary may make grants to health centers that receive assistance under this section, or at the request of the health centers, directly to a network or plan (as described in subparagraphs (B) and (C) of subsection (c)(1) of this section) that is at least majority controlled and, as applicable, at least majority owned by such health centers receiving assistance under this section, for the costs associated with the operation of such network or plan, including the purchase or lease of equipment (including the costs of amortizing the principal of, and paying the interest on, loans for equipment).

(2) Use of funds

The costs for which a grant may be made under subparagraph (A) or (B) of paragraph (1) may include the costs of acquiring and leasing buildings and equipment (including the costs of amortizing the principal of, and paying interest on, loans), and the costs of providing training related to the provision of required primary health services and additional health services and to the management of health center programs.

(3) Construction

The Secretary may award grants which may be used to pay the costs associated with ex-
panding and modernizing existing buildings or constructing new buildings (including the costs of amortizing the principal of, and paying the interest on, loans) for projects approved prior to October 1, 1996.

(4) Limitation
Not more than two grants may be made under subparagraph (B) of paragraph (1) for the same entity.

(5) Amount
(A) In general
The amount of any grant made in any fiscal year under subparagraphs (A) and (B) of paragraph (1) to a health center shall be determined by the Secretary, but may not exceed the amount by which the costs of operation of the center in such fiscal year exceed the total of—
(i) State, local, and other operational funding provided to the center; and
(ii) the fees, premiums, and third-party reimbursements, which the center may reasonably be expected to receive for its operations in such fiscal year.

(B) Networks and plans
The total amount of grant funds made available for any fiscal year under paragraph (1)(C) and subparagraphs (B) and (C) of subsection (c)(1) of this section to a health center or to a network or plan shall be determined by the Secretary, but may not exceed 2 percent of the total amount appropriated under this section for such fiscal year.

(C) Payments
Payments under grants under subparagraph (A) or (B) of paragraph (1) shall be made in advance or by way of reimbursement and in such installments as the Secretary finds necessary and adjustments may be made for overpayments or underpayments.

(D) Use of nongrant funds
Nongrant funds described in clauses (i) and (ii) of subparagraph (A), including any such funds in excess of those originally expected, shall be used as permitted under this section, and may be used for such other purposes as are not specifically prohibited under this section if such use furthers the objectives of the project.

(f) Infant mortality grants
(1) In general
The Secretary may make grants to health centers for the purpose of assisting such centers in—
(A) providing comprehensive health care and support services for the reduction of—
(i) the incidence of infant mortality; and
(ii) morbidity among children who are less than 3 years of age; and

(B) developing and coordinating service and referral arrangements between health centers and other entities for the health management of pregnant women and children described in subparagraph (A).

(2) Priority
In making grants under this subsection the Secretary shall give priority to health centers providing services to any medically underserved population among which there is a substantial incidence of infant mortality or among which there is a significant increase in the incidence of infant mortality.

(3) Requirements
The Secretary may make a grant under this subsection only if the health center involved agrees that—
(A) the center will coordinate the provision of services under the grant to each of the recipients of the services;
(B) such services will be continuous for each such recipient;
(C) the center will provide follow-up services for individuals who are referred by the center for services described in paragraph (1);
(D) the grant will be expended to supplement, and not supplant, the expenditures of the center for primary health services (including prenatal care) with respect to the purpose described in this subsection; and
(E) the center will coordinate the provision of services with other maternal and child health providers operating in the catchment area.

(g) Migratory and seasonal agricultural workers
(1) In general
The Secretary may award grants for the purposes described in subsections (c), (e), and (f) of this section for the planning and delivery of services to a special medically underserved population comprised of—
(A) migratory agricultural workers, seasonal agricultural workers, and members of the families of such migratory and seasonal agricultural workers who are within a designated catchment area; and
(B) individuals who have previously been migratory agricultural workers but who no longer meet the requirements of subparagraph (A) of paragraph (3) because of age or disability and members of the families of such individuals who are within such catchment area.

(2) Environmental concerns
The Secretary may enter into grants or contracts under this subsection with public and private entities to—
(A) assist the States in the implementation and enforcement of acceptable environmental health standards, including enforcement of standards for sanitation in migratory agricultural worker and seasonal agricultural worker labor camps, and applicable Federal and State pesticide control standards; and
(B) conduct projects and studies to assist the several States and entities which have received grants or contracts under this section in the assessment of problems related to camp and field sanitation, exposure to unsafe levels of agricultural chemicals including pesticides, and other environmental health hazards to which migratory agricultural workers and seasonal agricultural workers, and members of their families, are exposed.
§ 254b

TITLE 42—THE PUBLIC HEALTH AND WELFARE

(3) Definitions

For purposes of this subsection:

(A) Migratory agricultural worker

The term "migratory agricultural worker" means an individual whose principal employment is in agriculture, who has been so employed within the last 24 months, and who establishes for the purposes of such employment a temporary abode.

(B) Seasonal agricultural worker

The term "seasonal agricultural worker" means an individual whose principal employment is in agriculture on a seasonal basis and who is not a migratory agricultural worker.

(C) Agriculture

The term "agriculture" means farming in all its branches, including—

(i) cultivation and tillage of the soil;
(ii) the production, cultivation, growing, and harvesting of any commodity grown on, in, or as an adjunct to or part of a commodity grown in or on, the land; and
(iii) any practice (including preparation and processing for market and delivery to storage or to market or to carriers for transportation to market) performed by a farmer or on a farm incidental to or in conjunction with an activity described in clause (ii).

(h) Homeless population

(1) In general

The Secretary may award grants for the purposes described in subsections (c), (e), and (f) of this section for the planning and delivery of services to a special medically underserved population comprised of homeless individuals, including grants for innovative programs that provide outreach and comprehensive primary health services to homeless children and youth and children and youth at risk of homelessness.

(2) Required services

In addition to required primary health services (as defined in subsection (b)(1) of this section), an entity that receives a grant under this subsection shall be required to provide substance abuse services as a condition of such grant.

(3) Supplement not supplant requirement

A grant awarded under this subsection shall be expended to supplement, and not supplant, the expenditures of the health center and the value of in kind contributions for the delivery of services to the population described in paragraph (1).

(4) Temporary continued provision of services to certain former homeless individuals

If any grantee under this subsection has provided services described in this section under the grant to a homeless individual, such grantee may, notwithstanding that the individual is no longer homeless as a result of becoming a resident in permanent housing, expend the grant to continue to provide such services to the individual for not more than 12 months.

(5) Definitions

For purposes of this section:

(A) Homeless individual

The term "homeless individual" means an individual who lacks housing (without regard to whether the individual is a member of a family), including an individual whose primary residence during the night is a supervised public or private facility that provides temporary living accommodations and an individual who is a resident in transitional housing.

(B) Substance abuse

The term "substance abuse" has the same meaning given such term in section 290cc–34(4) of this title.

(C) Substance abuse services

The term "substance abuse services" includes detoxification, risk reduction, outpatient treatment, residential treatment, and rehabilitation for substance abuse provided in settings other than hospitals.

(i) Residents of public housing

(1) In general

The Secretary may award grants for the purposes described in subsections (c), (e), and (f) of this section for the planning and delivery of services to a special medically underserved population comprised of residents of public housing (such term, for purposes of this subsection, shall have the same meaning given such term in section 1437a(b)(1) of this title) and individuals living in areas immediately accessible to such public housing.

(2) Supplement not supplant

A grant awarded under this subsection shall be expended to supplement, and not supplant, the expenditures of the health center and the value of in kind contributions for the delivery of services to the population described in paragraph (1).

(3) Consultation with residents

The Secretary may not make a grant under paragraph (1) unless, with respect to the residents of the public housing involved, the applicant for the grant—

(A) has consulted with the residents in the preparation of the application for the grant; and

(B) agrees to provide for ongoing consultation with the residents regarding the planning and administration of the program carried out with the grant.

(j) Access grants

(1) In general

The Secretary may award grants to eligible health centers with a substantial number of clients with limited English speaking proficiency to provide translation, interpretation, and other such services for such clients with limited English speaking proficiency.

(2) Eligible health center

In this subsection, the term "eligible health center" means an entity that—

(A) is a health center as defined under subsection (a) of this section;
(B) provides health care services for clients for whom English is a second language; and

(C) has exceptional needs with respect to linguistic access or faces exceptional challenges with respect to linguistic access.

(3) Grant amount

The amount of a grant awarded to a center under this subsection shall be determined by the Administrator. Such determination of such amount shall be based on the number of clients for whom English is a second language that is served by such center; and larger grant amounts shall be awarded to centers serving larger numbers of such clients.

(4) Use of funds

An eligible health center that receives a grant under this subsection may use funds received through such grant to—

(A) provide translation, interpretation, and other such services for clients for whom English is a second language, including hiring professional translation and interpretation services; and

(B) compensate bilingual or multilingual staff for language assistance services provided by the staff for such clients.

(5) Application

An eligible health center desiring a grant under this subsection shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require, including—

(A) an estimate of the number of clients that the center serves for whom English is a second language;

(B) the ratio of the number of clients for whom English is a second language to the total number of clients served by the center;

(C) a description of any language assistance services that the center proposes to provide to aid clients for whom English is a second language; and

(D) a description of the exceptional needs of such center with respect to linguistic access or a description of the exceptional challenges faced by such center with respect to linguistic access.

(6) Authorization of appropriations

There are authorized to be appropriated to carry out this subsection, in addition to any funds authorized to be appropriated or appropriated for health centers under any other subsection of this section, such sums as may be necessary for each of fiscal years 2002 through 2006.

(k) Applications

(1) Submission

No grant may be made under this section unless an application therefore is submitted to, and approved by, the Secretary. Such an application shall be submitted in such form and manner and shall contain such information as the Secretary shall prescribe.

(2) Description of need

An application for a grant under subparagraph (A) or (B) of subsection (e)(1) of this section for a health center shall include—

(A) a description of the need for health services in the catchment area of the center;

(B) a demonstration by the applicant that the area or the population group to be served by the applicant has a shortage of personal health services; and

(C) a demonstration that the center will be located so that it will provide services to the greatest number of individuals residing in the catchment area or included in such population group.

Such a demonstration shall be made on the basis of the criteria prescribed by the Secretary under subsection (b)(3) of this section or on any other criteria which the Secretary may prescribe to determine if the area or population group to be served by the applicant has a shortage of personal health services. In considering an application for a grant under subparagraph (A) or (B) of subsection (e)(1) of this section, the Secretary may require as a condition to the approval of such application an assurance that the applicant will provide any health service defined under paragraphs (1) and (2) of subsection (b) of this section that the Secretary finds is needed to meet specific health needs of the area to be served by the applicant. Such a finding shall be made in writing and a copy shall be provided to the applicant.

(3) Requirements

Except as provided in subsection (e)(1)(B) of this section, the Secretary may not approve an application for a grant under subparagraph (A) or (B) of subsection (e)(1) of this section unless the Secretary determines that the entity for which the application is submitted is a health center (within the meaning of subsection (a) of this section) and that—

(A) the required primary health services of the center will be available and accessible in the catchment area of the center promptly, as appropriate, and in a manner which assures continuity;

(B) the center has made and will continue to make every reasonable effort to establish and maintain collaborative relationships with other health care providers in the catchment area of the center.

(C) the center will have an ongoing quality improvement system that includes clinical services and management, and that maintains the confidentiality of patient records;

(D) the center will demonstrate its financial responsibility by the use of such accounting procedures and other requirements as may be prescribed by the Secretary;

(E) the center—

(i) has or will have a contractual or other arrangement with the agency of the State, in which it provides services, which administers or supervises the administration of a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the payment of all or a part of the center’s costs in providing health services to persons who are eligible for medical assistance under such a State plan; and

(ii) has or will have a contractual or other arrangement with the State agency
administering the program under title XXI of such Act (42 U.S.C. 1397aa et seq.) with respect to individuals who are State children’s health insurance program beneficiaries; or

(ii) has made or will make every reasonable effort to enter into arrangements described in subclauses (I) and (II) of clause (I);

(F) the center has made or will make and will continue to make every reasonable effort to collect appropriate reimbursement for its costs in providing health services to persons who are entitled to insurance benefits under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.), to medical assistance under a State plan approved under title XIX of such Act (42 U.S.C. 1396 et seq.), or to assistance for medical expenses under any other public assistance program or private health insurance program;

(G) the center—

(i) has prepared a schedule of fees or payments for the provision of its services consistent with locally prevailing rates or charges and designed to cover its reasonable costs of operation and has prepared a corresponding schedule of discounts to be applied to the payment of such fees or payments, which discounts are adjusted on the basis of the patient’s ability to pay;

(ii) has made and will continue to make every reasonable effort—

(I) to secure from patients payment for services in accordance with such schedules; and

(ii) to collect reimbursement for health services to persons described in subparagraph (F) on the basis of the full amount of fees and payments for such services without application of any discount;

(iii) will assure that no patient will be denied health care services due to an individual’s inability to pay for such services; and

(ii) will assure that any fees or payments required by the center for such services will be reduced or waived to enable the center to fulfill the assurance described in subclause (I); and

(iii) has submitted to the Secretary such reports as the Secretary may require to determine compliance with this subparagraph;

(H) the center has established a governing board which except in the case of an entity operated by an Indian tribe or tribal or Indian organization under the Indian Self-Determination Act (25 U.S.C. 450f et seq.) or an urban Indian organization under the Indian Health Care Improvement Act (25 U.S.C. 1651 et seq.)—

(i) is composed of individuals, a majority of whom are being served by the center and who, as a group, represent the individuals being served by the center;

(ii) meets at least once a month, selects the services to be provided by the center, schedules the hours during which such services will be provided, approves the center’s annual budget, approves the selection of a director for the center, and, except in the case of a governing board of a public center (as defined in the second sentence of this paragraph), establishes general policies for the center; and

(iii) in the case of an application for a second or subsequent grant for a public center, has approved the application or if the governing body has not approved the application, the failure of the governing body to approve the application was unreasonable;

except that, upon a showing of good cause the Secretary shall waive, for the length of the project period, all or part of the requirements of this subparagraph in the case of a health center that receives a grant pursuant to subsection (g), (h), (i), or (p) of this section;

(I) the center has developed—

(i) an overall plan and budget that meets the requirements of the Secretary; and

(ii) an effective procedure for compiling and reporting to the Secretary such statistics and other information as the Secretary may require relating to—

(I) the costs of its operations;

(II) the patterns of use of its services;

(III) the availability, accessibility, and acceptability of its services; and

(IV) such other matters relating to operations of the applicant as the Secretary may require;

(J) the center will review periodically its catchment area to—

(i) ensure that the size of such area is such that the services to be provided through the center (including any satellite) are available and accessible to the residents of the area promptly and as appropriate;

(ii) ensure that the boundaries of such area conform, to the extent practicable, to relevant boundaries of political subdivisions, school districts, and Federal and State health and social service programs; and

(iii) ensure that the boundaries of such area eliminate, to the extent possible, barriers to access to the services of the center, including barriers resulting from the area’s physical characteristics, its residential patterns, its economic and social grouping, and available transportation;

(K) in the case of a center which serves a population including a substantial proportion of individuals of limited English-speaking ability, the center—

(i) developed a plan and made arrangements responsive to the needs of such population for providing services to the extent practicable in the language and cultural context most appropriate to such individuals; and

(ii) identified an individual on its staff who is fluent in both that language and in English and whose responsibilities shall include providing guidance to such individ-
(L) the center, has developed an ongoing referral relationship with one or more hospitals; and

(M) the center encourages persons receiving or seeking health services from the center to participate in any public or private (including employer-offered) health programs or plans for which the persons are eligible, so long as the center, in complying with this subparagraph, does not violate the requirements of subparagraph (G)(iii)(I).

For purposes of subparagraph (H), the term "public center" means a health center funded (or to be funded) through a grant under this section to a public agency.

(4) Approval of new or expanded service applications

The Secretary shall approve applications for grants under subparagraph (A) or (B) of subsection (e)(1) of this section for health centers which—

(A) have not received a previous grant under such subsection; or

(B) have applied for such a grant to expand their services;

in such a manner that the ratio of the medically underserved populations in rural areas which may be expected to use the services provided by such centers to the medically underserved populations in urban areas which may be expected to use the services provided by such centers is not less than two to three or greater than three to two.

(l) Technical assistance

The Secretary shall establish a program through which the Secretary shall provide (either through the Department of Health and Human Services or by grant or contract) technical and other assistance to eligible entities to assist such entities to meet the requirements of subsection (k)(3) of this section. Services provided through the program may include necessary technical and nonfinancial assistance, including fiscal and program management assistance, training in fiscal and program management, operational and administrative support, and the provision of information to the entities of the variety of resources available under this subchapter and how those resources can be best used to meet the health needs of the communities served by the entities.

(m) Memorandum of agreement

In carrying out this section, the Secretary may enter into a memorandum of agreement with a State. Such memorandum may include, where appropriate, provisions permitting such State to—

(1) analyze the need for primary health services for medically underserved populations within such State;

(2) assist in the planning and development of new health centers;

(3) review and comment upon annual program plans and budgets of health centers, including comments upon allocations of health care resources in the State;

(4) assist health centers in the development of clinical practices and fiscal and administrative systems through a technical assistance plan which is responsive to the requests of health centers; and

(5) share information and data relevant to the operation of new and existing health centers.

(n) Records

(1) In general

Each entity which receives a grant under subsection (e) of this section shall establish and maintain such records as the Secretary shall require.

(2) Availability

Each entity which is required to establish and maintain records under this subsection shall make such books, documents, papers, and records available to the Secretary or the Comptroller General of the United States, or any of their duly authorized representatives, for examination, copying or mechanical reproduction on or off the premises of such entity upon a reasonable request therefore. The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have the authority to conduct such examination, copying, and reproduction.

(o) Delegation of authority

The Secretary may delegate the authority to administer the programs authorized by this section to any office, except that the authority to enter into, modify, or issue approvals with respect to grants or contracts may be delegated only within the central office of the Health Resources and Services Administration.

(p) Special consideration

In making grants under this section, the Secretary shall give special consideration to the unique needs of sparsely populated rural areas, including giving priority in the awarding of grants for new health centers under subsections (c) and (e) of this section, and the granting of waivers as appropriate and permitted under subsections (b)(1)(B)(i) and (k)(3)(G) of this section.

(q) Audits

(1) In general

Each entity which receives a grant under this section shall provide for an independent annual financial audit of any books, accounts, financial records, files, and other papers and property which relate to the disposition or use of the funds received under such grant and such other funds received by or allocated to the project for which such grant was made. For purposes of assuring accurate, current, and complete disclosure of the disposition or use of the funds received, each such audit shall be conducted in accordance with generally accepted accounting principles. Each audit shall evaluate—

(A) the entity’s implementation of the guidelines established by the Secretary respecting cost accounting,

(B) the processes used by the entity to meet the financial and program reporting requirements of the Secretary, and
(C) the billing and collection procedures of the entity and the relation of the procedures to its fee schedule and schedule of discounts and to the availability of health insurance and public programs to pay for the health services it provides.

A report of each such audit shall be filed with the Secretary at such time and in such manner as the Secretary may require.

(2) Records

Each entity which receives a grant under this section shall establish and maintain such records as the Secretary shall by regulation require to facilitate the audit required by paragraph (1). The Secretary may specify by regulation the form and manner in which such records shall be established and maintained.

(3) Availability of records

Each entity which is required to establish and maintain records or to provide for and audit under this subsection shall make such books, documents, papers, and records available to the Secretary or the Comptroller General of the United States, or any of their duly authorized representatives, for examination, copying or mechanical reproduction on or off the premises of such entity upon a reasonable request therefore. The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have the authority to conduct such examination, copying, and reproduction.

(4) Waiver

The Secretary may, under appropriate circumstances, waive the application of all or part of the requirements of this subsection with respect to an entity.

(r) Authorization of appropriations

(1) In general

For the purpose of carrying out this section, in addition to the amounts authorized to be appropriated under subsection (d), there are authorized to be appropriated—

(A) $2,065,000,000 for fiscal year 2008;
(B) $2,313,000,000 for fiscal year 2009;
(C) $2,602,000,000 for fiscal year 2010;
(D) $2,940,000,000 for fiscal year 2011; and
(E) $3,337,000,000 for fiscal year 2012.

(2) Special provisions

(A) Public centers

The Secretary may not expend in any fiscal year, for grants under this section to public centers (as defined in the second sentence of subsection (k)(3) of this section) the governing boards of which (as described in subsection (k)(3)(H) of this section) do not establish general policies for such centers, an amount which exceeds 5 percent of the amounts appropriated under this section for that fiscal year. For purposes of applying the preceding sentence, the term “public centers” shall not include health centers that receive grants pursuant to subsection (h) or (i) of this section.

(B) Distribution of grants

For fiscal year 2002 and each of the following fiscal years, the Secretary, in awarding grants under this section, shall ensure that the proportion of the amount made available under each of subsections (g), (h), and (i) of this section, relative to the total amount appropriated to carry out this section for that fiscal year, is equal to the proportion of the amount made available under that subsection for fiscal year 2001, relative to the total amount appropriated to carry out this section for fiscal year 2001.

(3) Funding report

The Secretary shall annually prepare and submit to the appropriate committees of Congress a report concerning the distribution of funds under this section that are provided to meet the health care needs of medically underserved populations, including the homeless, residents of public housing, and migratory and seasonal agricultural workers, and the appropriateness of the delivery systems involved in responding to the needs of the particular populations. Such report shall include an assessment of the relative health care access needs of the targeted populations and the rationale for any substantial changes in the distribution of funds.

For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 25 and Tables.

A prior section 254a–1, act July 1, 1944, ch. 373, title III, §328, as added Nov. 10, 1978, Pub. L. 95–626, title I, §114, 92 Stat. 3563; amended Pub. L. 96–88, title V,

A prior section 330 of act July 1, 1944, was classified to this section 254a of this title prior to the general amendment of this subpart by Pub. L. 104-299, §2.

AMENDMENTS

Subsec. (r)(1). Pub. L. 108-163, §2(a)(2)(A), added par. (1) generally. Prior to amendment, text read as follows: "Any such grant may include the acquisition and lease of housing, or social services (including family and personal counseling, consumer education, and career development services), and other qualified services that shall provide health and health-related services (including fiscal and program management assistance and training in such management) to any public or private nonprofit entity to assist entities in developing plans for, or operating as, health centers, and in meeting the requirements of subsection (j)(2) of this section."

Pub. L. 108-163, §2(a)(1)(C), amended subsec. (k) to read as if pars. (8) through (11) of section 101 of Pub. L. 107-251 had not been enacted. See 2002 Amendment notes below.

Subsec. (l). Pub. L. 108-163, §2(a)(2)(H), inserted "(either through the Department of Health and Human Services or by grant or contract)" after "shall provide" and substituted "(k)(3)(C)" for "(k)(3)(C)".

Subsecs. (m) to (o). Pub. L. 108-163, §2(a)(1)(C), amended subsecs. (m) to (o) to read as if pars. (8) through (11) of section 101 of Pub. L. 107-251 had not been enacted. See 2002 Amendment notes below.

Pub. L. 108-163, §2(a)(1)(C), amended subsec. (p) to read as if pars. (8) through (11) of section 101 of Pub. L. 107-251 had not been enacted. See 2002 Amendment note below.

Pub. L. 108-163, §2(a)(1)(C), amended subsec. (r) to read as if pars. (8) through (11) of section 101 of Pub. L. 107-251 had not been enacted. See 2002 Amendment note below.

Subsec. (s)(1). Pub. L. 108-163, §2(a)(2)(J)(1), substituted "$1,340,000,000 for fiscal year 2002" for "$802,124,000 for fiscal year 1997, and such sums as may be necessary for each of the fiscal years 2003 through 2006 for "$1,320,000,000 for fiscal year 1997, and such sums as may be necessary for each of the fiscal years 1998 through 2001".

Subsec. (s). Pub. L. 108-163, §2(a)(1)(C), amended subsec. (s) to read as if pars. (8) through (11) of section 101 of Pub. L. 107-251 had not been enacted. See 2002 Amendment note below.

Subsec. (b)(2)(B). Pub. L. 107-251, §101(2)(B), (C), added subpar. (B) and redesignated former subpars. (A) and (B) as (C) and (D), respectively.

Subsec. (c)(1)(B). Pub. L. 107-251, §101(3)(A)(i), struck out concluding provisions which read as follows: “Any such grant may include the acquisition and lease

Subsec. (j)(3)(E)(ii). Pub. L. 107–251, §101(7)(A)(ii), substituted “arrangements described in subclauses (I) and (II) of clause (i)” for “such an arrangement”.

Subsec. (k). Pub. L. 107–251, §101(8)(B), which directed the redesignation of subsecs. (j), (k), and (m) through (q) as subsecs. (n), (o), and (p) through (s), respectively, could not be executed. The new subsec. (m) to be added read as follows:

Subsec. (m). Pub. L. 107–251, §101(9), which directed striking subsec. (m) as redesignated by paragraph (9)(B) and adding a new subsec. (m), could not be executed. The new subsec. (m) to be added read as follows:

Subsec. (n) to (p). Pub. L. 107–251, §101(8)(B), which directed the redesignation of subsecs. (j), (k), and (m) through (q) as subsecs. (n), (o), and (p) through (s), respectively, could not be executed.

Subsec. (r). Pub. L. 107–251, §101(8)(B), which directed the redesignation of subsecs. (j), (k), and (m) through (q) as subsecs. (n), (o), and (p) through (s), respectively, could not be executed.

Subsec. (s). Pub. L. 107–251, §101(8)(B), which directed the redesignation of subsecs. (j), (k), and (m) through (q) as subsecs. (n), (o), and (p) through (s), respectively, could not be executed.

Subsec. (s)(1). Pub. L. 107–251, §101(11)(A), substituted “$3,400,000,000 for fiscal year 2002 and such sums as may be necessary for each of the fiscal years 2003 through 2006” for “$802,124,000 for fiscal year 1997, and such sums as may be necessary for each of the fiscal years 1998 through 2001”.

**Effective Date of 2008 Amendment**

SAVINGS PROVISION FOR CURRENT GRANTS, CONTRACTS, AND COOPERATIVE AGREEMENTS

Section 3(b) of Pub. L. 104–299 provided that: ‘‘The Secretary of Health and Human Services shall ensure the continued funding of grants made, or contracts or cooperative agreements entered into, under subpart I of part D of title III of the Public Health Service Act (42 U.S.C. 254b et seq.) (as such subpart existed on the day prior to the date of enactment of this Act [Oct. 11, 1996]), until the expiration of the grant period or the term of the contract or cooperative agreement. Such funding shall be continued under the same terms and conditions as were in effect on the date on which the grant, contract or cooperative agreement was awarded, subject to the availability of appropriations.’’

STUDIES RELATING TO COMMUNITY HEALTH CENTERS

‘‘(i) DEFINITIONS.—For purposes of this subsection—

‘‘(A) the term ‘community health center’ means a health center receiving assistance under section 330 of the Public Health Service Act (42 U.S.C. 254b); and

‘‘(B) the term ‘medically underserved population’ has the meaning given that term in such section 330.

‘‘(II) SCHOOL-BASED HEALTH CENTER STUDY.—

‘‘(A) IN GENERAL.—Not later than 2 years after the date of enactment of this Act [Oct. 8, 2008], the Comptroller General of the United States shall issue a report to the appropriate Committees of Congress relating to community health centers, which may include models that—

‘‘(i) incorporate care coordination, disease management, and other services demonstrated to improve care;

‘‘(ii) are designed to address multiple, co-occurring diseases and conditions;

‘‘(iii) improve access to providers through non-traditional means, such as the use of remote monitoring equipment;

‘‘(IV) target various medically underserved populations, including uninsured patient populations;

‘‘(V) increase access to specialty care, including referrals and diagnostic testing; and

‘‘(VI) enhance the use of electronic health records to improve quality;

‘‘(III) efforts to determine how effective quality improvement models may be adapted for implementation by community health centers that vary by size, budget, staffing, services offered, populations served, and other characteristics determined appropriate by the Secretary;

‘‘(IV) types of technical assistance and resources provided to community health centers that may facilitate the implementation of quality improvement interventions;

‘‘(V) proposed or adopted methodologies for community health center evaluations of quality improvement interventions, including any development of new measures that are tailored to safety-net, community-based providers;

‘‘(VI) successful strategies for sustaining quality improvement interventions in the long-term and

‘‘(VII) partnerships with other Federal agencies and private organizations or networks as appropriate, to enhance health care quality in community health centers.

‘‘(C) DISSEMINATION.—The Administrator of the Health Resources and Services Administration shall establish a formal mechanism or mechanisms for the ongoing dissemination of agency initiatives, best practices, and other information that may assist health care quality improvement efforts in community health centers.’’

REFERENCE TO COMMUNITY, MIGRANT, PUBLIC HOUSING, OR HOMELESS HEALTH CENTER CONSIDERED REFERENCE TO HEALTH CENTER

Section 4(c) of Pub. L. 104–299 provided that: ‘‘Whenever any reference is made in any provision of law, regulation, rule, record, or document to a community health center, migrant health center, public housing health center, or homeless health center, such reference shall be considered a reference to a health center.’’

LEGISLATIVE PROPOSAL FOR CHANGES CONFORMING TO

Section 4(e) of Pub. L. 104–299 provided that: ‘‘After consultation with the appropriate committees of the
You are authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

§ 254c. Rural health care services outreach, rural health network development, and small health care provider quality improvement grant programs

(a) Purpose

The purpose of this section is to provide grants for expanded delivery of health care services in rural areas, for the planning and implementation of integrated health care networks in rural areas, and for the planning and implementation of small health care provider quality improvement activities.

(b) Definitions

(1) Director

The term “Director” means the Director specified in subsection (d) of this section.

(2) Federally qualified health center; rural health clinic

The terms “Federally qualified health center” and “rural health clinic” have the meanings given the terms in section 233a(aa) of this title.

(3) Health professional shortage area

The term “health professional shortage area” means a health professional shortage area designated under section 254e of this title.

(4) Medically underserved community

The term “medically underserved community” has the meaning given the term in section 258c(bb) of this title.

(5) Medically underserved population

The term “medically underserved population” has the meaning given the term in section 254b(bbb) of this title.

(c) Program

The Secretary shall establish, under section 241 of this title, a small health care provider quality improvement grant program.

(d) Administration

(1) Programs

The rural health care services outreach, rural health network development, and small health care provider quality improvement grant programs established under section 241 of this title shall be administered by the Director of the Office of Rural Health Policy of the Health Resources and Services Administration, in consultation with State offices of rural health or other appropriate State government agencies.

(2) Grants

(A) In general

In carrying out the programs described in paragraph (1), the Director may award grants under subsections (e), (f), and (g) of this section to expand access to, coordinate, and improve the quality of essential health care services, and enhance the delivery of health care, in rural areas.
(B) Types of grants
The Director may award the grants—
(i) to promote expanded delivery of health care services in rural areas under subsection (e) of this section;
(ii) to provide for the planning and implementation of integrated health care networks in rural areas under subsection (f) of this section; and
(iii) to provide for the planning and implementation of small health care provider quality improvement activities under subsection (g) of this section.

(e) Rural health care services outreach grants

(1) Grants
The Director may award grants to eligible entities to promote rural health care services outreach by expanding the delivery of health care services to include new and enhanced services in rural areas. The Director may award the grants for periods of not more than 3 years.

(2) Eligibility
To be eligible to receive a grant under this subsection for a project, an entity—
(A) shall be a rural public or rural non-profit private entity;
(B) shall represent a consortium composed of members—
(i) that include 3 or more health care providers; and
(ii) that may be nonprofit or for-profit entities; and
(C) shall not previously have received a grant under this subsection for the same or a similar project, unless the entity is proposing to expand the scope of the project or the area that will be served through the project.

(3) Applications
To be eligible to receive a grant under this subsection, an eligible entity, in consultation with the appropriate State office of rural health or another appropriate State entity, shall prepare and submit to the Secretary an application, at such time, in such manner, and containing such information as the Secretary may require, including—
(A) a description of the project that the eligible entity will carry out using the funds provided under the grant;
(B) a description of the manner in which the project funded under the grant will meet the health care needs of rural underserved populations in the local community or region to be served;
(C) a description of how the local community or region to be served will be involved in the development and ongoing operations of the project;
(D) a plan for sustaining the project after Federal support for the project has ended;
(E) a description of how the project will be evaluated; and
(F) other such information as the Secretary determines to be appropriate.

(f) Rural health network development grants

(1) Grants
(A) In general
The Director may award rural health network development grants to eligible entities to promote, through planning and implementation, the development of integrated health care networks that have combined the functions of the entities participating in the networks in order to—
(i) achieve efficiencies;
(ii) expand access to, coordinate, and improve the quality of essential health care services; and
(iii) strengthen the rural health care system as a whole.

(B) Grant periods
The Director may award such a rural health network development grant for implementation activities for a period of 3 years. The Director may also award such a rural health network development grant for planning activities for a period of 1 year, to assist in the development of an integrated health care network, if the proposed participants in the network do not have a history of collaborative efforts and a 3-year grant would be inappropriate.

(2) Eligibility
To be eligible to receive a grant under this subsection, an entity—
(A) shall be a rural public or rural non-profit private entity;
(B) shall represent a network composed of participants—
(i) that include 3 or more health care providers; and
(ii) that may be nonprofit or for-profit entities; and
(C) shall not previously have received a grant under this subsection (other than a grant for planning activities) for the same or a similar project.

(3) Applications
To be eligible to receive a grant under this subsection, an eligible entity, in consultation with the appropriate State office of rural health or another appropriate State entity, shall prepare and submit to the Secretary an application, at such time, in such manner, and containing such information as the Secretary may require, including—
(A) a description of the project that the eligible entity will carry out using the funds provided under the grant;
(B) an explanation of the reasons why Federal assistance is required to carry out the project;
(C) a description of—
(i) the history of collaborative activities carried out by the participants in the network;
(ii) the degree to which the participants are ready to integrate their functions; and
(iii) how the local community or region to be served will benefit from and be involved in the activities carried out by the network;
§ 254c TITLe 42—THE PUBLIC HEALTH AND WELFARE

(D) a description of how the local community or region to be served will experience increased access to quality health care services across the continuum of care as a result of the integration activities carried out by the network; and
(E) a plan for sustaining the project after Federal support for the project has ended; and
(F) a description of how the project will be evaluated; and
(G) other such information as the Secretary determines to be appropriate.

(g) Small health care provider quality improvement grants

(1) Grants

The Director may award grants to provide for the planning and implementation of small health care provider quality improvement activities. The Director may award the grants for periods of 1 to 3 years.

(2) Eligibility

To be eligible for a grant under this subsection, an entity—
(A) shall be a rural public or rural nonprofit private health care provider or provider of health or another appropriate State entity;
(B) for construction.

(2) Coordination with other agencies

The Secretary shall coordinate activities carried out under grant programs described in this section, to the extent practicable, with Federal and State agencies and nonprofit organizations that are operating similar grant programs, to maximize the effect of public dollars in funding meritorious proposals.

(3) Preference

In awarding grants under this section, the Secretary shall give preference to entities that—
A) located in health professional shortage areas or medically underserved communities, or serve medically underserved populations; or
B) propose to develop projects with a focus on primary care, and wellness and prevention strategies.

(i) Report

Not later than September 30, 2005, the Secretary shall prepare and submit to the appropriate committees of Congress a report on the progress and accomplishments of the grant programs described in subsections (e), (f), and (g) of this section.

(j) Authorization of appropriations

There are authorized to be appropriated to carry out this section $45,000,000 for each of fiscal years 2008 through 2012.

PRIORITY PROVISIONS

77011705
to community health centers, prior to the general amendment of this subpart by Pub. L. 104–299, §2.

**AMENDMENTS**

2008—Subsec. (j). Pub. L. 110–355 substituted “$45,000,000 for each of fiscal years 2008 through 2012.” for “$40,000,000 for fiscal year 2012, and such sums as may be necessary for each of fiscal years 2003 through 2006.”

2002—Pub. L. 107–251 amended section generally. Prior to amendment, section related to a rural health outreach, network development, and telemedicine grant program, and in subsec. (a), provided for administration by the Office of Rural Health Policy; in subsec. (b), set out the objectives of grants; in subsec. (c), set out eligibility requirements; in subsec. (d), described preferred characteristics of applicant networks; in subsec. (e), specified permitted uses of grant funds; in subsec. (f), limited the duration of grants; and in subsec. (g), authorized appropriations.

**EFFECTIVE DATE OF 2003 AMENDMENT**

**EFFECTIVE DATE**

Section effective Oct. 1, 1996, see section 5 of Pub. L. 104–299, as amended, set out as an Effective Date of 1996 Amendment note under section 235 of this title.

**RURAL ACCESS TO EMERGENCY DEVICES**

Pub. L. 106–505, title IV, subtitle B, Nov. 13, 2000, 114 Stat. 2340, provided that:

‘‘SEC. 411. SHORT TITLE. ‘‘This subtitle may be cited as the ‘Rural Access to Emergency Devices Act’ or the ‘Rural AED Act’.’

‘‘SEC. 412. FINDINGS. ‘‘Congress makes the following findings:

‘‘(1) Heart disease is the leading cause of death in the United States.

‘‘(2) The American Heart Association estimates that 250,000 Americans die from sudden cardiac arrest each year.

‘‘(3) A cardiac arrest victim’s chance of survival drops 10 percent for every minute that passes before his or her heart is returned to normal rhythm.

‘‘(4) Because most cardiac arrest victims are initially in ventricular fibrillation, and the only treatment for ventricular fibrillation is defibrillation, prompt access to defibrillation to return the heart to normal rhythm is essential.

‘‘(5) Lifesaving technology, the automated external defibrillator, has been developed to allow trained lay rescuers to respond to cardiac arrest by using this simple device to shock the heart into normal rhythm.

‘‘(6) Those people who are likely to be first on the scene of a cardiac arrest situation in many communities, particularly smaller and rural communities, lack sufficient numbers of automated external defibrillators to respond to cardiac arrest in a timely manner.

‘‘(7) The American Heart Association estimates that more than 50,000 deaths could be prevented each year if defibrillators were more widely available to designated responders.

‘‘(8) Legislation should be enacted to encourage greater public access to automated external defibrillators in communities across the United States.

‘‘SEC. 413. GRANTS. ‘‘(a) IN GENERAL.—The Secretary of Health and Human Services, acting through the Rural Health Outreach Office of the Health Resources and Services Administration, shall award grants to community partnerships that meet the requirements of subsection (b) to enable such partnerships to purchase equipment and provide training as provided for in subsection (c).

‘‘(b) COMMUNITY PARTNERSHIPS.—A community partnership meets the requirements of this subsection if such partnership—

‘‘(1) is composed of local emergency response entities such as community training facilities, local emergency responders, fire and rescue departments, police, community hospitals, and local non-profit entities and for-profit entities concerned about cardiac arrest survival rates;

‘‘(2) evaluates the local community emergency response times to assess whether they meet the standards established by national public health organizations such as the American Heart Association and the American Red Cross; and

‘‘(3) submits to the Secretary of Health and Human Services an application at such time, in such manner, and containing such information as the Secretary may require.

‘‘(c) USE OF FUNDS.—Amounts provided under a grant under this section shall be used—

‘‘(1) to purchase automated external defibrillators that have been approved, or cleared for marketing, by the Food and Drug Administration; and

‘‘(2) to provide defibrillator and basic life support training in automated external defibrillator usage through the American Heart Association, the American Red Cross, or other nationally recognized training courses.

‘‘(d) REPORT. — Not later than 4 years after the date of the enactment of this Act [Nov. 13, 2000], the Secretary of Health and Human Services shall prepare and submit to the appropriate committees of Congress a report containing data relating to whether the increased availability of defibrillators has affected survival rates in the communities in which grantees under this section operated. The procedures under which the Secretary obtains data and prepares the report under this subsection shall not impose an undue burden on program participants under this section.

‘‘(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated $25,000,000 for fiscal years 2001 through 2003 to carry out this section.

**REPORT ON TELE MEDICINE**

Pub. L. 106–129, §6, Dec. 6, 1999, 113 Stat. 1675, provided that: ‘‘Not later than January 10, 2001, the Secretary of Health and Human Services shall submit to the Congress a report that—

‘‘(1) identifies any factors that inhibit the expansion and accessibility of telemedicine services, including factors relating to telemedicine networks;

‘‘(2) identifies any factors that, in addition to geographical isolation, should be used to determine which patients need or require access to telemedicine care;

‘‘(3) determines the extent to which—

‘‘(A) patients receiving telemedicine service have benefited from the services, and are satisfied with the treatment received pursuant to the services; and

‘‘(B) the medical outcomes for such patients would have differed if telemedicine services had not been available to the patients;

‘‘(4) determines the extent to which physicians involved with telemedicine services have been satisfied with the medical aspects of the services;

‘‘(5) determines the extent to which primary care physicians are enhancing their medical knowledge and experience through the interaction with specialists provided by telemedicine consultations; and

‘‘(6) identifies legal and medical issues relating to State licensing of health professionals that are presented by telemedicine services, and provides any recommendations of the Secretary for responding to such issues.’’
§ 254c–1. Grants for health services for Pacific Islanders

(a) Grants

The Secretary of Health and Human Services (hereafter in this section referred to as the “Secretary”) shall provide grants to, or enter into contracts with, public or private nonprofit agencies that have demonstrated experience in serving the health needs of Pacific Islanders living in the Territory of American Samoa, the Commonwealth of Northern Mariana Islands, the Territory of Guam, the Republic of the Marshall Islands, the Republic of Palau, and the Federated States of Micronesia.

(b) Use of grants or contracts

Grants or contracts made or entered into under subsection (a) of this section shall be used, among other items—

(1) to continue, as a priority, the medical officer training program in Pohnpei, Federated States of Micronesia;
(2) to improve the quality and availability of health and mental health services and systems, with an emphasis therein on preventive health services and health promotion programs and projects, including improved health data systems;
(3) to improve the quality and availability of health manpower, including programs and projects to train new and upgrade the skills of existing health professionals by—
   (A) establishing dental officer, dental assistant, nurse practitioner, or nurse clinical specialist training programs;
   (B) providing technical training of new auxiliary health workers;
   (C) upgrading the training of currently employed health personnel in special areas of need;
   (D) developing long-term plans for meeting health profession needs;
   (E) developing or improving programs for faculty enhancement or post-doctoral training; and
   (F) providing innovative health professions training initiatives (including scholarships) targeted toward ensuring that residents of the Pacific Basin attend and graduate from recognized health professional programs;
(4) to improve the quality of health services, including laboratory, x-ray, and pharmacy, provided in ambulatory and inpatient settings through quality assurance, standard setting, and other culturally appropriate means;
(5) to improve facility and equipment repair and maintenance systems;
(6) to improve alcohol, drug abuse, and mental health prevention and treatment services and systems;
(7) to improve local and regional health planning systems; and
(8) to improve basic local public health systems, with particular attention to primary care and services to those most in need.

No funds under subsection (b) of this section shall be used for capital construction.

(c) Advisory Council

The Secretary of Health and Human Services shall establish a “Pacific Health Advisory Coun-

clil” which shall consist of 12 members and shall include—

(1) the Directors of the Health Departments for the entities identified in subsection (a) of this section; and
(2) 6 members, including a representative of the Rehabilitation Hospital of the Pacific, representing organizations in the State of Hawaii actively involved in the provision of health services or technical assistance to the entities identified in subsection (a) of this section. The Secretary shall solicit the advice of the Governor of the State of Hawaii in appointing the 5 Council members in addition to the representative of the Rehabilitation Hospital of the Pacific from the State of Hawaii.

The Secretary shall be responsible for providing sufficient staff support to the Council.

(d) Advisory Council functions

The Council shall meet at least annually to—

(1) recommend priority areas of need for funding by the Public Health Service under this section; and
(2) review progress in addressing priority areas and make recommendations to the Secretary for needed program modifications.

(e) Omitted

(f) Authorization of appropriation

There is authorized to be appropriated to carry out this section $10,000,000 for each of the fiscal years 1991 through 1993.

Codification

Section was enacted as part of the Disadvantaged Minority Health Improvement Act of 1990, and not as part of the Public Health Service Act which comprises this chapter.

Subsec. (e) of this section, which required the Secretary, in consultation with the Council, to annually prepare and submit to appropriate committees of Congress a report describing the expenditure of funds authorized to be appropriated under this section, with any recommendations of the Secretary, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 101–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See, also, page 96 of House Document No. 103–7.

Termination of Advisory Councils

Advisory councils established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a council established by the President or an officer of the Federal Government, such council is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a council established by Congress, its duration is otherwise provided by law. See sections 3(2) and 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 254c–2. Special diabetes programs for type I diabetes

(a) In general

The Secretary, directly or through grants, shall provide for research into the prevention and cure of Type 1 diabetes.

1 So in original. Probably should not be capitalized.
(b) Funding

(1) Transferred funds

Notwithstanding section 1397dd(a) of this title, from the amounts appropriated in such section for each of fiscal years 1998 through 2002, $30,000,000 is hereby transferred and made available in such fiscal year for grants under this section.

(2) Appropriations

For the purpose of making grants under this section, there is appropriated, out of any funds in the Treasury not otherwise appropriated—

(A) $70,000,000 for each of fiscal years 2001 and 2002 (which shall be combined with amounts transferred under paragraph (1) for each such fiscal years);

(B) $100,000,000 for fiscal year 2003; and

(C) $150,000,000 for each of fiscal years 2004 through 2011.

2007—Subsec. (b)(2)(C). Pub. L. 110–173 substituted text read as follows: ‘‘The Secretary shall make grants for services for the prevention and treatment of type I diabetes in children, and for research in diabetes grant programs established under the amendments made by this chapter (chapter 3 (§§ 4921–4923) of subtitle J of title IV of Pub. L. 105–33, enacting this section and section 254c–3 of this title).’’

[Pub. L. 110–275, §303(c), which directed amendment of section 4923(b) of Pub. L. 105–33 by substituting ‘‘a second interim report’’ for ‘‘a final report’’ in par. (2) and thereby adding par. (3) at end to read ‘‘a report on such evaluation not later than January 1, 2011.’’, could not be executed because of prior repeal.]

§254c-3. Special diabetes programs for Indians

(a) In general

The Secretary shall make grants for providing services for the prevention and treatment of diabetes in accordance with subsection (b) of this section.

(b) Services through Indian health facilities

For purposes of subsection (a) of this section, services under such subsection are provided in accordance with this subsection if the services are provided through any of the following entities:

(1) The Indian Health Service.

(2) An Indian health program operated by an Indian tribe or tribal organization pursuant to a contract, grant, cooperative agreement, or compact with the Indian Health Service pursuant to the Indian Self-Determination Act [25 U.S.C. 450f et seq.].

(3) An urban Indian health program operated by an urban Indian organization pursuant to a grant or contract with the Indian Health Service pursuant to title V of the Indian Health Care Improvement Act [25 U.S.C. 1661 et seq.].

(c) Funding

(1) Transferred funds

Notwithstanding section 1397dd(a) of this title, from the amounts appropriated in such section for each of fiscal years 1998 through 2002, $30,000,000, to remain available until expended, is hereby transferred and made available in such fiscal year for grants under this section.

(2) Appropriations

For the purpose of making grants under this section, there is appropriated, out of any money in the Treasury not otherwise appropriated—

(A) $70,000,000 for each of fiscal years 2001 and 2002 (which shall be combined with amounts transferred under paragraph (1) for each such fiscal years);

(B) $100,000,000 for fiscal year 2003; and

(C) $150,000,000 for each of fiscal years 2004 through 2011.

(2008—Subsec. (b)(2)(C). Pub. L. 110–275 substituted text read as follows: ‘‘The Secretary shall make grants for services for the prevention and treatment of type I diabetes in children, and for research in diabetes grant programs established under the amendments made by this chapter (chapter 3 (§§ 4921–4923) of subtitle J of title IV of Pub. L. 105–33, enacting this section and section 254c–3 of this title).’’

[Pub. L. 110–275, §303(c), which directed amendment of section 4923(b) of Pub. L. 105–33 by substituting ‘‘a second interim report’’ for ‘‘a final report’’ in par. (2) and thereby adding par. (3) at end to read ‘‘a report on such evaluation not later than January 1, 2011.’’, could not be executed because of prior repeal.]
§ 254c–4. Centers for strategies on facilitating utilization of preventive health services among various populations

(a) In general
The Secretary, acting through the appropriate agencies of the Public Health Service, shall make grants to public or nonprofit private entities for the establishment and operation of regional centers whose purpose is to develop, establish, and disseminate effective strategies, which utilize quality management measures, to assist public and private health care programs and providers in the appropriate utilization of preventive health care services by specific populations.

(b) Research and training
The activities carried out by a center under subsection (a) of this section may include establishing programs of research and training with respect to the purpose described in such subsection, including the development of curricula for training individuals in implementing the strategies developed under such subsection.

(c) Priority regarding infants and children
In carrying out the purpose described in subsection (a) of this section, the Secretary shall give priority to various populations of infants, young children, and their mothers.

(d) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2000 through 2004.

§ 254c–5. Epilepsy; seizure disorder

(a) National public health campaign
(1) In general
The Secretary shall develop and implement a national public health campaign to: (A) give priority to various populations of infants, young children, and their mothers; and (B) establish and operate and regional centers whose purpose is to develop, establish, and disseminate effective strategies, which utilize quality management measures, to assist public and private health care programs and providers in the appropriate utilization of preventive health care services by specific populations.

(b) Research and training
The activities carried out by a center under subsection (a) of this section may include establishing programs of research and training with respect to the purpose described in such subsection, including the development of curricula for training individuals in implementing the strategies developed under such subsection.

(c) Priority regarding infants and children
In carrying out the purpose described in subsection (a) of this section, the Secretary shall give priority to various populations of infants, young children, and their mothers.

(d) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2000 through 2004.
and shall contain such information as the Secretary may prescribe.

(c) Definitions
For purposes of this section:

(1) The term “epilepsy” refers to a chronic and serious neurological condition characterized by excessive electrical discharges in the brain causing recurring seizures affecting all life activities. The Secretary may revise the definition of such term to the extent the Secretary determines necessary.

(2) The term “medically underserved” has the meaning applicable under section 254g(6) of this title.

(d) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(1) In general
The Secretary shall make grants to national, regional, or local adoption organizations for the purpose of developing and implementing programs to train the designated staff of eligible health centers in providing adoption information and referrals to pregnant women on an equal basis with all other courses of action included in nondirective counseling to pregnant women.

(2) Best-practices guidelines

(A) In general
A condition for the receipt of a grant under paragraph (1) is that the adoption organization involved agree that, in providing training under such paragraph, the organization will follow the guidelines developed under subparagraph (B).

(B) Process for development of guidelines

(i) In general
The Secretary shall establish and supervise a process described in clause (ii) in which the participants are—

(I) an appropriate number and variety of adoption organizations that, as a group, have expertise in all models of adoption practice and that represent all members of the adoption triad (birth mother, infant, and adoptive parent); and

(II) affected public health entities.

(ii) Description of process
The process referred to in clause (i) is a process in which the participants described in such clause collaborate to develop best-practices guidelines on the provision of adoption information and referrals to pregnant women on an equal basis with all other courses of action included in nondirective counseling to pregnant women.

(iii) Date certain for development
The Secretary shall ensure that the guidelines described in clause (ii) are developed not later than 180 days after October 17, 2000.

(C) Relation to authority for grants
The Secretary may not make any grant under paragraph (1) before the date on which the guidelines under subparagraph (B) are developed.

(3) Use of grant

(A) In general
With respect to a grant under paragraph (1)—

(i) an adoption organization may expend the grant to carry out the programs directly or through grants to or contracts with other adoption organizations;

(ii) the purposes for which the adoption organization expends the grant may include the development of a training curriculum, consistent with the guidelines developed under paragraph (2)(B); and

(iii) a condition for the receipt of the grant is that the adoption organization agree that, in providing training for the designated staff of eligible health centers, such organization will make reasonable efforts to ensure that the individuals who provide the training are individuals who are knowledgeable in all elements of the adoption process and are experienced in providing adoption information and referrals in the geographic areas in which the eligible health centers are located, and that the designated staff receive the training in such areas.

(B) Rule of construction regarding training of trainers

With respect to individuals who under a grant under paragraph (1) provide training for the designated staff of eligible health centers (referred to in this subparagraph as “trainers”), subparagraph (A)(iii) may not be construed as establishing any limitation regarding the geographic area in which the trainers receive instruction in being such trainers. A trainer may receive such instruction in a different geographic area than the area in which the trainer trains (or will train) the designated staff of eligible health centers.

(4) Adoption organizations; eligible health centers; other definitions

For purposes of this section:

(A) The term “adoption organization” means a national, regional, or local organization—

(i) among whose primary purposes are adoption;

(ii) that is knowledgeable in all elements of the adoption process and on providing adoption information and referrals to pregnant women; and

(iii) that is a nonprofit private entity.

(B) The term “designated staff”, with respect to an eligible health center, means staff of the center who provide pregnancy or adoption information and referrals (or will provide such information and referrals after receiving training under a grant under paragraph (1)).
(C) The term “eligible health centers” means public and nonprofit private entities that provide health services to pregnant women.

(5) Training for certain eligible health centers

A condition for the receipt of a grant under paragraph (1) is that the adoption organization involved agree to make reasonable efforts to ensure that the eligible health centers with respect to which training under the grant is provided include—

(A) eligible health centers that receive grants under section 300 of this title (relating to voluntary family planning projects);

(B) eligible health centers that receive grants under section 254b of this title (relating to community health centers, migrant health centers, and centers regarding homeless individuals and residents of public housing); and

(C) eligible health centers that receive grants under this chapter for the provision of services in schools.

(6) Participation of certain eligible health clinics

In the case of eligible health centers that receive grants under section 254b or 300 of this title:

(A) Within a reasonable period after the Secretary begins making grants under paragraph (1), the Secretary shall provide eligible health centers with complete information about the training available from organizations receiving grants under such paragraph. The Secretary shall make reasonable efforts to encourage eligible health centers to arrange for designated staff to participate in such training. Such efforts shall affirm Federal requirements, if any, that the eligible health center provide nondirective counseling to pregnant women.

(B) All costs of such centers in obtaining the training shall be reimbursed by the organization that provides the training, using grants under paragraph (1).

(C) Not later than 1 year after October 17, 2000, the Secretary shall submit to the appropriate committees of the Congress a report evaluating the extent to which adoption information and referral, upon request, are provided by eligible health centers. Within a reasonable time after training under this section is initiated, the Secretary shall submit to the appropriate committees of the Congress a report evaluating the extent to which adoption information and referral, upon request, are provided by eligible health centers in order to determine the effectiveness of such training and the extent to which such training complies with subsection (a)(1) of this section. In preparing the reports required by this subparagraph, the Secretary shall in no respect interpret the provisions of this section to allow any interference in the provider-patient relationship, any breach of patient confidentiality, or any monitoring or auditing of the counseling process or patient records which breaches patient confidentiality or reveals patient identity. The reports required by this subparagraph shall be conducted by the Secretary acting through the Administrator of the Health Resources and Services Administration and in collaboration with the Director of the Agency for Healthcare Research and Quality.

(b) Application for grant

The Secretary may make a grant under subsection (a) of this section only if an application for the grant is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 254c–7. Special needs adoption programs; public awareness campaign and other activities

(a) Special needs adoption awareness campaign

(1) In general

The Secretary shall, through making grants to nonprofit private entities, provide for the planning, development, and carrying out of a national campaign to provide information to the public regarding the adoption of children with special needs.

(2) Input on planning and development

In providing for the planning and development of the national campaign under paragraph (1), the Secretary shall provide for input from a number and variety of adoption organizations throughout the States in order that the full national diversity of interests among adoption organizations is represented in the planning and development of the campaign.

(3) Certain features

With respect to the national campaign under paragraph (1):

(A) The campaign shall be directed at various populations, taking into account as appropriate differences among geographic regions, and shall be carried out in the language and cultural context that is most appropriate to the population involved.

(B) The means through which the campaign may be carried out include—

(i) placing public service announcements on television, radio, and billboards; and

(ii) providing information through means that the Secretary determines will reach individuals who are most likely to adopt children with special needs.

(C) The campaign shall provide information on the subsidies and supports that are available to individuals regarding the adoption of children with special needs.

(D) The Secretary may provide that the placement of public service announcements, and the dissemination of brochures and
other materials, is subject to review by the Secretary.

(4) Matching requirement

(A) In general

With respect to the costs of the activities to be carried out by an entity pursuant to paragraph (1), a condition for the receipt of a grant under such paragraph is that the entity agree to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than 25 percent of such costs.

(B) Determination of amount contributed

Non-Federal contributions under subparagraph (A) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such contributions.

(b) National resources program

The Secretary shall (directly or through grant or contract) carry out a program that, through toll-free telecommunications, makes available to the public information regarding the adoption of children with special needs. Such information shall include the following:

(1) A list of national, State, and regional organizations that provide services regarding such adoptions, including exchanges and other information on communicating with the organizations. The list shall represent the full national diversity of adoption organizations.

(2) Information beneficial to individuals who adopt such children, including lists of support groups for adoptive parents and other postadoptive services.

(c) Other programs

With respect to the adoption of children with special needs, the Secretary shall make grants—

(1) to provide assistance to support groups for adoptive parents, adopted children, and siblings of adopted children; and

(2) to carry out studies to identify—

(A) the barriers to completion of the adoption process; and

(B) those components that lead to favorable long-term outcomes for families that adopt children with special needs.

(d) Application for grant

The Secretary may make an award of a grant or contract under this section only if an application for the award is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(e) Funding

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(3) Special projects

Nothing in paragraph (2) shall be construed to prevent the Secretary from awarding grants under subsection (a) for special projects that are intended to address significant disparities in perinatal health indicators in communities along the United States-Mexico border or in Alaska or Hawaii.

(c) Coordination

Recipients of grants under subsection (a) of this section shall coordinate their services and activities with the State agency or agencies that administer block grant programs under title V of the Social Security Act [42 U.S.C. 701 et seq.] in order to promote cooperation, inte-

gration, and dissemination of information with Statewide systems and with other community services funded under the Maternal and Child Health Block Grant.

(d) Rule of construction
Except to the extent inconsistent with this section, this section may not be construed as affecting the authority of the Secretary to make modifications in the program carried out under subsection (a) of this section.

(e) Funding
(1) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated—
(A) $120,000,000 for fiscal year 2008; and
(B) for each of fiscal years 2009 through 2013, the amount authorized for the preceding fiscal year increased by the percentage increase in the Consumer Price Index for all urban consumers for such year.

(2) Allocation
(A) Program administration
Of the amounts appropriated under paragraph (1) for a fiscal year, the Secretary may reserve up to 5 percent for coordination, dissemination, technical assistance, and data activities that are determined by the Secretary to be appropriate for carrying out the program under this section.

(B) Evaluation
Of the amounts appropriated under paragraph (1) for a fiscal year, the Secretary may reserve up to 5 percent for coordination, dissemination, technical assistance, and data activities that are determined by the Secretary to be appropriate for carrying out the program under this section.

(f) Rule of construction
Except to the extent inconsistent with this section, this section may not be construed as affecting the authority of the Secretary to make modifications in the program carried out under subsection (a) of this section.

Subsec. (e), Pub. L. 110–339, §2(b)(2), (c), added subsec. (e) and struck out former subsec. (e) which related to additional services for at-risk pregnant women and infants.

Subsec. (f), Pub. L. 110–339, §2(b)(2), struck out subsec. (f) which related to funding of program and additional services for at-risk pregnant women and infants.

§ 254c–9. Establishment of program of grants

(a) In general
The Secretary of Health and Human Services shall in accordance with sections 254c–9 to 254c–13 of this title make grants to provide for projects for the establishment, operation, and coordination of effective and cost-efficient systems for the delivery of essential services to individuals with lupus and their families.

(b) Recipients of grants
A grant under subsection (a) of this section may be made to an entity only if the entity is a public or nonprofit private entity, which may include a State or local government; a public or nonprofit private hospital, community-based organization, hospice, ambulatory care facility, community health center, migrant health center, or homeless health center; or other appropriate public or nonprofit private entity.

(c) Certain activities
To the extent practicable and appropriate, the Secretary shall ensure that projects under subsection (a) of this section provide services for the diagnosis and disease management of lupus. Activities that the Secretary may authorize for such projects may also include the following:

(1) Delivering or enhancing outpatient, ambulatory, and home-based health and support services, including case management and comprehensive treatment services, for individuals with lupus; and delivering or enhancing support services for their families.

(2) Delivering or enhancing inpatient care management services that prevent unnecessary hospitalization or that expedite discharge, as medically appropriate, from inpatient facilities of individuals with lupus.

(3) Improving the quality, availability, and organization of health care and support services (including transportation services, attendant care, homemaker services, day or respite care, and providing counseling on financial assistance and insurance) for individuals with lupus and support services for their families.

(d) Integration with other programs
To the extent practicable and appropriate, the Secretary shall integrate the program under sections 254c–9 to 254c–13 of this title with other grant programs carried out by the Secretary, including the program under section 254b of this title.

Codification
Section was enacted as part of the Lupus Research and Care Amendments of 2000, and also as part of the
Public Health Improvement Act, and not as part of the Public Health Service Act which comprises this chapter.

§ 254c–10. Certain requirements

A grant may be made under section 254c–9 of this title only if the applicant involved makes the following agreements:

(1) Not more than 5 percent of the grant will be used for administration, accounting, reporting, and program oversight functions.

(2) The grant will be used to supplement and not supplant funds from other sources related to the treatment of lupus.

(3) The applicant will abide by any limitations deemed appropriate by the Secretary on any charges to individuals receiving services pursuant to the grant. As deemed appropriate by the Secretary, such limitations on charges may vary based on the financial circumstances of the individual receiving services.

(4) The grant will not be expended to make payment for services authorized under section 254c–9(a) of this title to the extent that payment has been made, or can reasonably be expected to be made, with respect to such services—

(A) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(B) by an entity that provides health services on a prepaid basis.

(5) The applicant will, at each site at which the applicant provides services under section 254c–9(a) of this title, post a conspicuous notice informing individuals who receive the services of any Federal policies that apply to the imposition of charges on such individuals.

CODIFICATION

Section was enacted as part of the Lupus Research and Care Amendments of 2000, and also as part of the Public Health Improvement Act, and not as part of the Public Health Service Act which comprises this chapter.

§ 254c–11. Technical assistance

The Secretary may provide technical assistance to assist entities in complying with the requirements of sections 254c–9 to 254c–13 of this title in order to make such entities eligible to receive grants under section 254c–9 of this title.

CODIFICATION

Section was enacted as part of the Lupus Research and Care Amendments of 2000, and also as part of the Public Health Improvement Act, and not as part of the Public Health Service Act which comprises this chapter.

§ 254c–12. Definitions

(7) Telehealth technologies

The term “telehealth technologies” means technologies relating to the use of electronic information, and telecommunications tech-
§ 254c–14

The Secretary shall establish, under section 241 of this title, telehealth network and telehealth resource centers grant programs.

(e) Administration

(1) Establishment

There is established in the Health Resources and Services Administration an Office for the Advancement of Telehealth. The Office shall be headed by a Director.

(2) Duties

The telehealth network and telehealth resource centers grant programs established under section 241 of this title shall be administered by the Director, in consultation with the State offices of rural health, State offices concerning primary care, or other appropriate State government entities.

(d) Grants

(1) Telehealth network grants

The Director may, in carrying out the telehealth network grant program referred to in subsection (b) of this section, award grants to eligible entities for projects to demonstrate how telehealth technologies can be used through telehealth networks in rural areas, frontier communities, and medically underserved areas, and for medically underserved populations, to—

(A) expand access to, coordinate, and improve the quality of health care services;
(B) improve and expand the training of health care providers; and
(C) expand and improve the quality of health information available to health care providers, and patients and their families, for decisionmaking.

(2) Telehealth resource centers grants

The Director may, in carrying out the telehealth resource centers grant program referred to in subsection (b) of this section, award grants to eligible entities for projects to demonstrate how telehealth technologies can be used in the areas and communities, and for the populations, described in paragraph (1), to establish telehealth resource centers.

(e) Grant periods

The Director may award grants under this section for periods of not more than 4 years.

(f) Eligible entities

(1) Telehealth network grants

(A) Grant recipient

To be eligible to receive a grant under subsection (d)(1) of this section, an entity shall be a nonprofit entity.

(B) Telehealth networks

(i) In general

To be eligible to receive a grant under subsection (d)(1) of this section, an entity shall demonstrate that the entity will provide services through a telehealth network.

(ii) Nature of entities

Each entity participating in the telehealth network may be a nonprofit or for-profit entity.

(iii) Composition of network

The telehealth network shall include at least 2 of the following entities (at least 1 of which shall be a community-based health care provider):

(I) Community or migrant health centers or other Federally qualified health centers.
(II) Health care providers, including pharmacists, in private practice.
(III) Entities operating clinics, including rural health clinics.
(IV) Local health departments.
(V) Nonprofit hospitals, including community access hospitals.
(VI) Other publicly funded health or social service agencies.
(VII) Long-term care providers.
(VIII) Providers of health care services in the home.
(IX) Providers of outpatient mental health services and entities operating outpatient mental health facilities.
(X) Local or regional emergency health care providers.
(XI) Institutions of higher education.
(XII) Entities operating dental clinics.

(2) Telehealth resource centers grants

To be eligible to receive a grant under subsection (d)(2) of this section, an entity shall be a nonprofit entity.

(g) Applications

To be eligible to receive a grant under subsection (d) of this section, an eligible entity, in consultation with the appropriate State office of rural health or another appropriate State entity, shall prepare and submit to the Secretary an application, at such time, in such manner, and containing such information as the Secretary may require, including—

(1) a description of the project that the eligible entity will carry out using the funds provided under the grant;
(2) a description of the manner in which the project funded under the grant will meet the health care needs of rural or other populations to be served through the project, or improve the access to services of, and the quality of the services received by, those populations;
(3) evidence of local support for the project, and a description of how the areas, communities, or populations to be served will be involved in the development and ongoing operations of the project;
(4) a plan for sustaining the project after Federal support for the project has ended;
(5) information on the source and amount of non-Federal funds that the entity will provide for the project;
(6) information demonstrating the long-term viability of the project, and other evidence of institutional commitment of the entity to the project;
In the case of an application for a project involving a telehealth network, information demonstrating how the project will promote the integration of telehealth technologies into the operations of health care providers, to avoid redundancy, and improve access to and the quality of care; and
(8) other such information as the Secretary determines to be appropriate.

(h) Terms; conditions; maximum amount of assistance

The Secretary shall establish the terms and conditions of each grant program described in subsection (b) of this section and the maximum amount of a grant to be awarded to an individual recipient for each fiscal year under this section. The Secretary shall publish, in a publication of the Health Resources and Services Administration, notice of the application requirements for each grant program described in subsection (b) of this section for each fiscal year.

(i) Preferences

(1) Telehealth networks

In awarding grants under subsection (d)(1) of this section for projects involving telehealth networks, the Secretary shall give preference to an eligible entity that meets at least 1 of the following requirements:

(A) Organization

The eligible entity is a rural community-based organization or another community-based organization.

(B) Services

The eligible entity proposes to use Federal funds made available through such a grant to develop plans for, or to establish, telehealth networks that provide mental health, public health, long-term care, home care, preventive, or case management services.

(C) Coordination

The eligible entity demonstrates how the project to be carried out under the grant will be coordinated with other relevant federally funded projects in the areas, communities, and populations to be served through the grant.

(D) Network

The eligible entity demonstrates that the project involves a telehealth network that includes an entity that—

(i) provides clinical health care services, or educational services for health care providers and for patients or their families; and

(ii) is—

(I) a public library;  
(II) an institution of higher education; or  
(III) a local government entity.

(E) Connectivity

The eligible entity proposes a project that promotes local connectivity within areas, communities, or populations to be served through the project.

(F) Integration

The eligible entity demonstrates that health care information has been integrated into the project.

(2) Telehealth resource centers

In awarding grants under subsection (d)(2) of this section for projects involving telehealth resource centers, the Secretary shall give preference to an eligible entity that meets at least 1 of the following requirements:

(A) Provision of services

The eligible entity has a record of success in the provision of telehealth services to medically underserved areas or medically underserved populations.

(B) Collaboration and sharing of expertise

The eligible entity has a demonstrated record of collaborating and sharing expertise with providers of telehealth services at the national, regional, State, and local levels.

(C) Broad range of telehealth services

The eligible entity has a record of providing a broad range of telehealth services, which may include—

(i) a variety of clinical specialty services;

(ii) patient or family education;

(iii) health care professional education; and

(iv) rural residency support programs.

(j) Distribution of funds

(1) In general

In awarding grants under this section, the Director shall ensure, to the greatest extent possible, that such grants are equitably distributed among the geographical regions of the United States.

(2) Telehealth networks

In awarding grants under subsection (d)(1) of this section for a fiscal year, the Director shall ensure that—

(A) not less than 50 percent of the funds awarded shall be awarded for projects in rural areas; and

(B) the total amount of funds awarded for such projects for that fiscal year shall be not less than the total amount of funds awarded for such projects for fiscal year 2001 under section 254c of this title (as in effect on the day before October 26, 2002).

(k) Use of funds

(1) Telehealth network program

The recipient of a grant under subsection (d)(1) of this section may use funds received through such grant for salaries, equipment, and operating or other costs, including the cost of—

(A) developing and delivering clinical telehealth services that enhance access to community-based health care services in rural areas, frontier communities, or medically underserved areas, or for medically underserved populations;

(B) developing and acquiring, through lease or purchase, computer hardware and software, audio and video equipment, computer network equipment, interactive equipment, data terminal equipment, and other equipment that furthers the objectives of the telehealth network grant program;
§ 254c–14

TITLE 42—THE PUBLIC HEALTH AND WELFARE

(C)(i) developing and providing distance education, in a manner that enhances access to care in rural areas, frontier communities, or medically underserved areas, or for medically underserved populations; or

(ii) mentoring, precepting, or supervising health care providers and students seeking to become health care providers, in a manner that enhances access to care in the areas and communities, or for the populations, described in clause (i);

(D) developing and acquiring instructional programming;

(E)(i) providing for transmission of medical data, and maintenance of equipment; and

(ii) providing for compensation (including travel expenses) of specialists, and referring health care providers, who are providing telehealth services through the telehealth network, if no third party payment is available for the telehealth services delivered through the telehealth network;

(F) developing projects to use telehealth technology to facilitate collaboration between health care providers;

(G) collecting and analyzing usage statistics and data to document the cost-effectiveness of the telehealth services; and

(H) carrying out such other activities as are consistent with achieving the objectives of this section, as determined by the Secretary.

(2) Telehealth resource centers

The recipient of a grant under subsection (d)(2) of this section may use funds received through such grant for salaries, equipment, and operating or other costs for—

(A) providing technical assistance, training, and support, and providing for travel expenses, for health care providers and a range of health care entities that provide or will provide telehealth services;

(B) disseminating information and research findings related to telehealth services;

(C) promoting effective collaboration among telehealth resource centers and the Office;

(D) conducting evaluations to determine the best utilization of telehealth technologies to meet health care needs;

(E) promoting the integration of the technologies used in clinical information systems with other telehealth technologies;

(F) fostering the use of telehealth technologies to provide health care information and education for health care providers and consumers in a more effective manner; and

(G) implementing special projects or studies under the direction of the Office.

(l) Prohibited uses of funds

An entity that receives a grant under this section may not use funds made available through the grant—

(1) to acquire real property;

(2) for expenditures to purchase or lease equipment, to the extent that the expenditures would exceed 40 percent of the total grant funds;

(3) in the case of a project involving a telehealth network, to purchase or install transmission equipment (such as laying cable or telephone lines, or purchasing or installing microwave towers, satellite dishes, amplifiers, or digital switching equipment);

(4) to pay for any equipment or transmission costs not directly related to the purposes for which the grant is awarded;

(5) to purchase or install general purpose voice telephone systems;

(6) for construction; or

(7) for expenditures for indirect costs (as determined by the Secretary), to the extent that the expenditures would exceed 15 percent of the total grant funds.

(m) Collaboration

In providing services under this section, an eligible entity shall collaborate, if feasible, with entities that—

(1)(A) are private or public organizations, that receive Federal or State assistance; or

(B) are public or private entities that operate centers, or carry out programs, that receive Federal or State assistance; and

(2) provide telehealth services or related activities.

(n) Coordination with other agencies

The Secretary shall coordinate activities carried out under grant programs described in subsection (b) of this section, to the extent practicable, with Federal and State agencies and nonprofit organizations that are operating similar programs, to maximize the effect of public dollars in funding meritorious proposals.

(o) Outreach activities

The Secretary shall establish and implement procedures to carry out outreach activities to advise potential end users of telehealth services in rural areas, frontier communities, medically underserved areas, and medically underserved populations in each State about the grant programs described in subsection (b) of this section.

(p) Telehealth

It is the sense of Congress that, for purposes of this section, States should develop reciprocity agreements so that a provider of services under this section who is a licensed or otherwise authorized health care provider under the law of 1 or more States, and who, through telehealth technology, consults with a licensed or otherwise authorized health care provider in another State, is exempt, with respect to such consultation, from any State law of the other State that prohibits such consultation on the basis that the first health care provider is not a licensed or authorized health care provider under the law of that State.

(q) Report

Not later than September 30, 2005, the Secretary shall prepare and submit to the appropriate committees of Congress a report on the progress and accomplishments of the grant programs described in subsection (b) of this section.

(r) Regulations

The Secretary shall issue regulations specifying, for purposes of this section, a definition of the term “frontier area”. The definition shall be based on factors that include population den-
sity, travel distance in miles to the nearest medical facility, travel time in minutes to the nearest medical facility, and such other factors as the Secretary determines to be appropriate. The Secretary shall develop the definition in consultation with the Director of the Bureau of the Census and the Administrator of the Economic Research Service of the Department of Agriculture.

(a) Authorization of appropriations

There are authorized to be appropriated to carry out this section—

(1) for grants under subsection (d)(1) of this section, $40,000,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006; and

(2) for grants under subsection (d)(2) of this section, $20,000,000 for fiscal year 2002, and such sums as may be necessary for each of fiscal years 2003 through 2006.

AMENDMENTS

Subsec. (c)(1). Pub. L. 108–163, §2(c)(2), substituted “Health Resources and Services Administration” for “Health and Resources and Services Administration”.

EFFECTIVE DATE OF 2003 AMENDMENT

§ 254c–15. Rural emergency medical service training and equipment assistance program

(a) Grants

The Secretary, acting through the Administrator of the Health Resources and Services Administration (referred to in this section as the “Secretary”) shall award grants to eligible entities to enable such entities to provide for improved emergency medical services in rural areas.

(b) Eligibility

To be eligible to receive a grant under this section, an entity shall—

(1) be—

(A) a State emergency medical services office;

(B) a State emergency medical services association;

(C) a State office of rural health;

(D) a local government entity;

(E) a State or local ambulance provider; or

(F) any other entity determined appropriate by the Secretary;

and

(2) prepare and submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require, that includes—

(A) a description of the activities to be carried out under the grant; and

(B) an assurance that the eligible entity will comply with the matching requirement of subsection (e) of this section.

(c) Use of funds

An entity shall use amounts received under a grant made under subsection (a) of this section, either directly or through grants to emergency medical service squads that are located in, or that serve residents of, a nonmetropolitan statistical area, an area designated as a rural area by any law or regulation of a State, or a rural census tract of a metropolitan statistical area (as determined under the most recent Goldsmith Modification, originally published in a notice of availability of funds in the Federal Register on February 27, 1992, 57 Fed. Reg. 6725), to—

(1) recruit emergency medical service personnel;

(2) recruit volunteer emergency medical service personnel;

(3) train emergency medical service personnel in emergency response, injury prevention, safety awareness, and other topics relevant to the delivery of emergency medical services;

(4) fund specific training to meet Federal or State certification requirements;

(5) develop new ways to educate emergency health care providers through the use of technology-enhanced educational methods (such as distance learning);

(6) acquire emergency medical services equipment, including cardiac defibrillators;

(7) acquire personal protective equipment for emergency medical services personnel as required by the Occupational Safety and Health Administration; and

(8) educate the public concerning cardiopulmonary resuscitation, first aid, injury prevention, safety awareness, illness prevention, and other related emergency preparedness topics.

(d) Preference

In awarding grants under this section the Secretary shall give preference to—

(1) applications that reflect a collaborative effort by 2 or more of the entities described in subparagraphs (A) through (F) of subsection (b)(1) of this section; and

(2) applications submitted by entities that intend to use amounts provided under the grant to fund activities described in any of paragraphs (1) through (5) of subsection (c) of this section.

(e) Matching requirement

The Secretary may not award a grant under this section to an entity unless the entity agrees that the entity will make available (directly or through contributions from other public or private entities) non-Federal contributions toward the activities to be carried out under the grant in an amount equal to 25 percent of the amount received under the grant.

(f) Emergency medical services

In this section, the term “emergency medical services”—

(1) means resources used by a qualified public or private nonprofit entity, or by any other entity recognized as qualified by the State involved, to deliver medical care outside of a medical facility under emergency conditions that occur—

(A) as a result of the condition of the patient; or
(B) as a result of a natural disaster or similar situation; and

(2) includes services delivered by an emergency medical services provider (either compensated or volunteer) or other provider recognized by the State involved that is licensed or certified by the State as an emergency medical technician or its equivalent (as determined by the State), a registered nurse, a physician assistant, or a physician that provides services similar to services provided by such an emergency medical services provider.

(g) Authorization of appropriations

(1) In general

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of fiscal years 2002 through 2006.

(2) Administrative costs

The Secretary may use not more than 10 percent of the amount appropriated under paragraph (1) for a fiscal year for the administrative expenses of carrying out this section.

§ 254c–16. Mental health services delivered via telehealth

(a) Definitions

In this section:

(1) Eligible entity

The term ‘‘eligible entity’’ means a public or nonprofit private telehealth provider network that offers services that include mental health services provided by qualified mental health providers.

(2) Qualified mental health professionals

The term ‘‘qualified mental health professionals’’ refers to providers of mental health services reimbursed under the medicare program carried out under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) who have additional training in the treatment of mental illness in children and adolescents or who have additional training in the treatment of mental illness in the elderly.

(3) Special populations

The term ‘‘special populations’’ refers to the following 2 distinct groups:

(A) Children and adolescents in mental health underserved rural areas or in mental health underserved urban areas.

(B) Elderly individuals located in long-term care facilities in mental health underserved rural or urban areas.

(4) Telehealth

The term ‘‘telehealth’’ means the use of electronic information and telecommunications technologies to support long distance clinical health care, patient and professional health-related education, public health, and health administration.

(b) Program authorized

(1) In general

The Secretary, acting through the Director of the Office for the Advancement of Telehealth of the Health Resources and Services Administration, shall award grants to eligible entities to establish demonstration projects for the provision of mental health services to special populations as delivered remotely by qualified mental health professionals using telehealth and for the provision of education regarding mental illness as delivered remotely by qualified mental health professionals using telehealth.

(2) Populations served

The Secretary shall award the grants under paragraph (1) in a manner that distinguishes the grants so as to serve equitably the populations described in subparagraphs (A) and (B) of subsection (a)(3) of this section.

(c) Use of funds

(1) In general

An eligible entity that receives a grant under this section shall use the grant funds—

(A) for the populations described in subparagraph (A) of this paragraph—

(i) to provide mental health services, including diagnosis and treatment of mental illness, as delivered remotely by qualified mental health professionals using telehealth; and

(ii) to collaborate with local public health entities to provide the mental health services; and

(B) for the populations described in subparagraph (B) of this paragraph—

(i) to provide mental health services, including diagnosis and treatment of mental illness, in long-term care facilities as delivered remotely by qualified mental health professionals using telehealth; and

(ii) to collaborate with local public health entities to provide the mental health services.

(2) Other uses

An eligible entity that receives a grant under this section may also use the grant funds to—

(A) pay telecommunications costs; and

(B) pay qualified mental health professionals on a reasonable cost basis as determined by the Secretary for services rendered.

(3) Prohibited uses

An eligible entity that receives a grant under this section shall not use the grant funds to—

(A) purchase or install transmission equipment (other than such equipment used by qualified mental health professionals to deliver mental health services using telehealth under the project involved); or

(B) build upon or acquire real property.

(d) Equitable distribution

In awarding grants under this section, the Secretary shall ensure, to the greatest extent possible, that such grants are equitably distributed among geographical regions of the United States.

(e) Application

An entity that desires a grant under this section shall submit an application to the Sec-
(f) Report

Not later than 4 years after October 26, 2002, the Secretary shall prepare and submit to the appropriate committees of Congress a report that shall evaluate activities funded with grants under this section.

(g) Authorization of appropriations

There are authorized to be appropriated to carry out this section, $20,000,000 for fiscal year 2002 and such sums as may be necessary for fiscal years 2003 through 2006.

(1) For the purpose of eliminating health manpower shortages in health professional shortage areas, there is established, within the Service, the National Health Service Corps, which shall consist of—

(A) such officers of the Regular and Reserve Corps of the Service as the Secretary may designate,

(B) such civilian employees of the United States as the Secretary may appoint, and

(C) such other individuals who are not employees of the United States.

(2) The Corps shall be utilized by the Secretary to provide primary health services in health professional shortage areas.

(3) For purposes of this subpart and subpart III:

(A) The term “Corps” means the National Health Service Corps.

(B) The term “Corps member” means each of the officers, employees, and individuals of which the Corps consists pursuant to paragraph (1).

(C) The term “health professional shortage area” has the meaning given such term in section 254e(a) of this title.

(D) The term “primary health services” means health services regarding family medicine, internal medicine, pediatrics, obstetrics and gynecology, dentistry, or mental health, that are provided by physicians or other health professionals.

(E)(i) The term “behavioral and mental health professionals” means health service psychologists, licensed clinical social workers, licensed professional counselors, marriage and family therapists, psychiatric nurse specialists, and psychiatrists.

(ii) The term “graduate program of behavioral and mental health” means a program that trains behavioral and mental health professionals.

(b) Recruitment and fellowship programs

(1) The Secretary may conduct at schools of medicine, osteopathic medicine, dentistry, and, as appropriate, nursing and other schools of the health professions, including schools at which graduate programs of behavioral and mental health are offered, and at entities which train
§ 254d  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 276

allied health personnel, recruiting programs for the Corps, the Scholarship Program, and the Loan Repayment Program. Such recruiting programs shall include efforts to recruit individuals who will serve in the Corps other than pursuant to obligated service under the Scholarship or Loan Repayment Program.

(2) In the case of physicians, dentists, behavioral and mental health professionals, certified nurse midwives, certified nurse practitioners, and physician assistants who have an interest and a commitment to providing primary health care, the Secretary may establish fellowship programs to enable such health professionals to gain exposure to and expertise in the delivery of primary health services in health professional shortage areas. To the maximum extent practicable, the Secretary shall ensure that any such programs are established in conjunction with accredited residency programs, and other training programs, regarding such health professions.

(c) Travel and moving expenses; persons entitled; reimbursement; limitation

(1) The Secretary may reimburse an applicant for a position in the Corps (including an individual considering entering into a written agreement pursuant to section 254n of this title) for the actual and reasonable expenses incurred in traveling to and from the applicant’s place of residence to an eligible site to which the applicant may be assigned under section 254f of this title for the purpose of evaluating such site with regard to being assigned at such site. The Secretary may establish a maximum total amount that may be paid to an individual as reimbursement for such expenses.

(2) The Secretary may also reimburse the applicant for the actual and reasonable expenses incurred for the travel of 1 family member to accompany the applicant to such site. The Secretary may establish a maximum total amount that may be paid to an individual as reimbursement for such expenses.

(3) In the case of an individual who has entered into a contract for obligated service under the Scholarship Program or the Loan Repayment Program, the Secretary may reimburse such individual for all or part of the actual and reasonable expenses incurred in transporting the individual, the individual’s family, and the family’s possessions to the site of the individual’s assignment under section 254f of this title. The Secretary may establish a maximum total amount that may be paid to an individual as reimbursement for such expenses.

(d) Monthly pay adjustments of members directly engaged in delivery of health services in health professional shortage area; “monthly pay” defined; monthly pay adjustment of member with service obligation incurred under Scholarship Program or Loan Repayment Program; personnel system applicable

(1) The Secretary may, under regulations promulgated by the Secretary, adjust the monthly pay of each member of the Corps (other than a member described in subsection (a)(1)(C) of this section) who is directly engaged in the delivery of health services in a health professional shortage area as follows:

(A) During the first 36 months in which such a member is so engaged in the delivery of health services, his monthly pay may be increased by an amount which when added to the member’s monthly pay and allowances will provide a monthly income competitive with the average monthly income from a practice of an individual who is a member of the profession of the Corps member, who has equivalent training, and who has been in practice for a period equivalent to the period during which the Corps member has been in practice.

(B) During the period beginning upon the expiration of the 36 months referred to in subparagraph (A) and ending with the month in which the member’s monthly pay and allowances are equal to or exceed the monthly income he received for the last of such 36 months, the member may receive in addition to his monthly pay and allowances an amount which when added to such monthly pay and allowances equals the monthly income he received for such last month.

(C) For each month in which a member is directly engaged in the delivery of health services in a health professional shortage area in accordance with an agreement with the Secretary entered into under section 294n(f)(1)(C) of this title, under which the Secretary is obligated to make payments in accordance with section 294n(f)(2) of this title, the amount of any monthly increase under subparagraph (A) or (B) with respect to such member shall be decreased by an amount equal to one-twelfth of the amount which the Secretary is obligated to pay upon the completion of the year of practice in which such month occurs.

For purposes of subparagraphs (A) and (B), the term “monthly pay” includes special pay received under chapter 5 of title 37.

(2) In the case of a member of the Corps who is directly engaged in the delivery of health services in a health professional shortage area in accordance with a service obligation incurred under the Scholarship Program or the Loan Repayment Program, the adjustment in pay authorized by paragraph (1) may be made for such a member only upon satisfactory completion of such service obligation, and the first 36 months of such member’s being so engaged in the delivery of health services shall, for purposes of paragraph (1)(A), be deemed to begin upon such satisfactory completion.

(3) A member of the Corps described in subparagraph (C) of subsection (a)(1) of this section shall when assigned to an entity under section 254f of this title be subject to the personnel system of such entity, except that such member shall receive during the period of assignment the income that the member would receive if the member was a member of the Corps described in subparagraph (B) of such subsection.

(e) Employment ceiling of Department not affected by Corps members

Corps members assigned under section 254f of this title to provide health services in health professional shortage areas shall not be counted against any employment ceiling affecting the Department.

1 See References in Text note below.
(f) Assignment of personnel provisions inapplicable to members whose service obligation incurred under Scholarship Program or Loan Repayment Program

Sections 215 and 217 of this title shall not apply to members of the National Health Service Corps during their period of obligated service under the Scholarship Program or the Loan Repayment Program, except when such members are Commissioned Corps officers who entered into a contract with Secretary under section 254f–1 of this title on December 31, 2006 and when the Secretary determines that exercising the authority provided under section 215 or 217 of this title with respect to any such officer to would not cause unreasonable disruption to health care services provided in the community in which such officer is providing health care services.

(g) Conversion from Corps member to commissioned officer; retirement credits

(1) The Secretary shall, by rule, prescribe conversion provisions applicable to any individual who, within a year after completion of service as a member of the Corps described in subsection (a)(1)(C) of this section, becomes a commissioned officer in the Regular or Reserve Corps of the Service.

(2) The rules prescribed under paragraph (1) shall provide that in applying the appropriate provisions of this chapter which relate to retirement, any individual who becomes such an officer shall be entitled to have credit for any period of service as a member of the Corps described in subsection (a)(1)(C) of this section.

(h) Effective administration of program

The Secretary shall ensure that adequate staff is provided to the Service with respect to effectively administering the program for the Corps.

(i) Demonstration projects; waivers

(1) In carrying out subpart III, the Secretary may, in accordance with this subsection, carry out demonstration projects in which individuals who have entered into a contract for obligated service under the Loan Repayment Program receive waivers under which the individuals are authorized to satisfy the requirement of obligated service through providing clinical service that is not full-time.

(2) A waiver described in paragraph (1) may be provided by the Secretary only if—

(A) the entity for which the service is to be performed—

(i) has been approved under section 254f–1 of this title for assignment of a Corps member; and

(ii) has requested in writing assignment of a health professional who would serve less than full time;

(B) the Secretary has determined that assignment of a health professional who would serve less than full time would be appropriate for the area where the entity is located;

(C) a Corps member who is required to perform obligated service has agreed in writing to be assigned for less than full-time service to an entity described in subparagraph (A);

(D) the entity and the Corps member agree in writing that the less than full-time service provided by the Corps member will not be less than 16 hours of clinical service per week;

(E) the Corps member agrees in writing that the period of obligated service pursuant to section 254f–1 of this title will be extended so that the aggregate amount of less than full-time service performed will equal the amount of service that would be performed through full-time service under section 254m of this title; and

(F) the Corps member agrees in writing that if the Corps member begins providing less than full-time service but fails to begin or complete the period of obligated service, the method stated in 254o(c) of this title for determining the damages for breach of the individual’s written contract will be used after converting periods of obligated service or of service performed into their full-time equivalents.

(3) In evaluating a demonstration project described in paragraph (1), the Secretary shall examine the effect of multidisciplinary teams.

Section 407(c) of Pub. L. 94–484 provided that:

"(1) The amendment made by subsections (a) and (b) [enacting this subpart and repealing section 254b of this title] shall apply only with respect to fiscal years beginning after September 30, 1977, except that the Secretary of Health, Education, and Welfare [now Health and Human Services] shall carry out the activities described in section 332 of the Public Health Service Act [as added by such amendment] [section 254e of this title] after the date of enactment of this Act (Oct. 12, 1976).

"(2)(A) Any area for which a designation under section 329(b) of the Public Health Service Act (as in effect on September 30, 1977) [former section 254b(b) of this title] was in effect on such date and in which National Health Service Corps personnel were, on such date, providing, under an assignment made under such section (as so in effect), health care and services for persons residing in such area shall, effective as of October 1, 1977, be considered under subpart II of part C of title III of such Act (as added by such amendment) [section 254e of this title], and (i) have had an application approved under section 333 of such Act (as so added) [section 254f of this title] for the assignment of Corps personnel unless, as determined under subparagraph (B) of this paragraph, the assignment period applicable to such area (within the meaning of section 333(d) as so added) [former section 254g of this title] has expired.

"(B) The assignment period (within the meaning of such section 334) [former section 254g of this title] applicable to an area described in subparagraph (A) of this paragraph shall be considered to have begun on the date Corps personnel were first assigned to such area under section 329 of such Act (as in effect on September 30, 1977) [former section 254b of this title].

"(C) In the case of any physician or dentist member of the Corps who was providing health care and services on September 30, 1977, under an assignment made under section 329(b) of such Act (as in effect on September 30, 1977) [former section 254b(b) of this title], the number of the months during which such member provided such care and services before October 1, 1977, shall be counted in determining the application of the additional pay provisions of section 333(d) of such Act (as added by subsection (b) of this section) [subsec. (d) of this section] to such number.

"(3) The amendment made by subsection (b) which established an Advisory Council previously established under section 329 of the Public Health Service Act [former section 254b of this title] shall not be construed as requiring the establishment of a new Advisory Council under such section 337 [section 254j of this title], and the amendment made by such subsection with respect to the composition of such Advisory Council shall apply with respect to appointments made to the Advisory Council after October 1, 1977, and the Secretary of Health, Education, and Welfare [now Health and Human Services] shall make appointments to the Advisory Council after such date in a manner which will bring about, at the earliest feasible time, the Advisory Council composition prescribed by the amendment."

§ 254e. Health professional shortage areas

(a) Designation by Secretary; removal from areas designated; "medical facility" defined

(1) For purposes of this subpart the term "health professional shortage area" means (A) an area in an urban or rural area (which need not conform to the geographic boundaries of a political subdivision and which is a rational area for the delivery of health services) which the Secretary determines has a health manpower shortage and which is not reasonably accessible to an adequately served area, (B) a population group which the Secretary determines has such a shortage, or (C) a public or nonprofit private medical facility or other public facility which the Secretary determines has such a shortage. All Federally qualified health centers and rural health clinics, as defined in section 1861(aa) of the Social Security Act (42 U.S.C. 1395x(aa)), that meet the requirements of section 254g of this title shall be automatically designated as having such a shortage. The Secretary shall not remove an area from the areas determined to be health professional shortage areas under subparagraph (A) of the preceding sentence until the Secretary has afforded interested persons and groups in such area an opportunity to provide data and information in support of the designation as a health professional shortage area or a population group described in subparagraph (B) of such sentence or a facility described in subparagraph (C) of such sentence, and has made a determination on the basis of the data and information submitted by such persons and groups and other data and information available to the Secretary.

(2) For purposes of this subsection, the term "medical facility" means a facility for the delivery of health services and includes:

(A) a hospital, State mental hospital, public health center, outpatient medical facility, rehabilitation facility, facility for long-term care, community mental health center, migrant health center, facility operated by a city or county health department, and community health center;

(B) such a facility of a State correctional institution or of the Indian Health Service, and a health program or facility operated by a tribe or tribal organization under the Indian Self-Determination Act [25 U.S.C. 450f et seq.];

(C) such a facility used in connection with the delivery of health services under section 248 of this title (relating to hospitals), 249 of this title (relating to care and treatment of persons under quarantine and others), 250 of this title (relating to care and treatment of Federal prisoners), 251 of this title (relating to examination and treatment of certain Federal employees), 252 of this title (relating to examination of aliens), 253 of this title (relating to services to certain Federal employees), 247(e) of this title (relating to services for persons with Hansen's disease), or 254(b) of this title (relating to the provision of health services to homeless individuals); and

(D) a Federal medical facility.

(3) Homeless individuals (as defined in section 254b(h)(5) of this title), seasonal agricultural workers (as defined in section 254g(y)(3) of this
(b) Criteria for designation of health professional shortage areas; promulgation of regulations

The Secretary shall establish by regulation criteria for the designation of areas, population groups, medical facilities, and other public facilities, in the States, as health professional shortage areas. In establishing such criteria, the Secretary shall take into consideration the following:

(1) The ratio of available health manpower to the number of individuals in an area or population group, or served by a medical facility or other public facility under consideration for designation.

(2) Indicators of need, notwithstanding the supply of health manpower, for health services for the individuals in an area or population group or served by a medical facility or other public facility under consideration for designation.

(3) The percentage of physicians serving an area, population group, medical facility, or other public facility under consideration for designation who are employed by hospitals and who are graduates of foreign medical schools.

(c) Considerations in determination of designation

In determining whether to make a designation, the Secretary shall take into consideration the following:

(1) The recommendations of the Governor of each State in which the area, population group, medical facility, or other public facility under consideration for designation is in whole or part located.

(2) The extent to which individuals who are (A) residents of the area, members of the population group, or patients in the medical facility or other public facility under consideration for designation, and (B) entitled to have payment made for medical services under title XVIII, XIX, or XXI of the Social Security Act (42 U.S.C. 1395 et seq., 1396 et seq., 1397aa et seq.), cannot obtain such services because of suspension of physicians from the programs described in subsection (b) of this section.

(d) Designation; publication of descriptive lists

(1) In accordance with the criteria established under subsection (b) of this section and the considerations listed in subsection (c) of this section the Secretary shall designate health professional shortage areas in the States, publish a descriptive list of the areas, population groups, medical facilities, and other public facilities so designated, and at least annually review and, as necessary, revise such designations.

(2) For purposes of paragraph (1), a complete descriptive list shall be published in the Federal Register not later than July 1 of 1991 and each subsequent year.

(e) Notice of proposed designation of areas and facilities; time for comment

(1) Prior to the designation of a public facility, including a Federal medical facility, as a health professional shortage area, the Secretary shall give written notice of such proposed designation to the chief administrative officer of such facility and request comments within 30 days with respect to such designation.

(2) Prior to the designation of a health professional shortage area under this section, the Secretary shall, to the extent practicable, give written notice of the proposed designation of such area to appropriate public or private nonprofit entities which are located or have a demonstrated interest in such area and request comments from such entities with respect to the proposed designation of such area.

(f) Notice of designation

The Secretary shall give written notice of the designation of a health professional shortage area, not later than 60 days from the date of such designation, to—

(1) the Governor of each State in which the area, population group, medical facility, or other public facility so designated is in whole or part located; and

(2) appropriate public or nonprofit private entities which are located or which have a demonstrated interest in the area so designated.

(g) Recommendations to Secretary

Any person may recommend to the Secretary the designation of an area, population group, medical facility, or other public facility as a health professional shortage area.

(h) Public information programs in designated areas

The Secretary may conduct such information programs in areas, among population groups, and in medical facilities and other public facilities designated under this section as health professional shortage areas as may be necessary to inform public and nonprofit private entities which are located or have a demonstrated interest in such areas of the assistance available under this subchapter by virtue of the designation of such areas.

(i) Dissemination

The Administrator of the Health Resources and Services Administration shall disseminate information concerning the designation criteria described in subsection (b) of this section to—

(1) the Governor of each State;

(2) the representative of any area, population group, or facility selected by any such Governor to receive such information;

(3) the representative of any area, population group, or facility that requests such information; and

(4) the representative of any area, population group, or facility determined by the Administrator to be likely to meet the criteria described in subsection (b) of this section.

(j) Regulations and report

(1) The Secretary shall submit the report described in paragraph (2) if the Secretary, acting through the Administrator of the Health Resources and Services Administration, issues—

(A) a regulation that revises the definition of a health professional shortage area for purposes of this section; or
(B) a regulation that revises the standards concerning priority of such an area under section 254f-1 of this title.

(2) On issuing a regulation described in paragraph (1), the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report that describes the regulation.

(3) Each regulation described in paragraph (1) shall take effect 180 days after the committees described in paragraph (2) receive a report referred to in such paragraph describing the regulation.

PRIOR PROVISIONS

A prior section 332 of act July 1, 1944, was renumbered section 340, and was classified to section 256 of this title prior to repeal by Pub. L. 95–626.

AMENDMENTS

2008—Subsec. (a)(1). Pub. L. 110–355 struck out “‘Not earlier than 6 years after such date of designation, and every 6 years thereafter, each such center or clinic shall demonstrate that the center or clinic meets the applicable requirements of the Federal regulations regarding the definition of a health professional shortage area for purposes of this section.”’ before “The Secretary shall not”.

2002—Subsec. (a)(1). Pub. L. 107–251, §302(a)(1)(A), inserted after first sentence “All Federally qualified health centers and rural health clinics, as defined in section 1861(aa) of the Social Security Act (42 U.S.C. 1395x(aa)), that meet the requirements of section 254g of this title shall be automatically designated as having such a shortage. Not earlier than 6 years after such date of enactment, and every 6 years thereafter, each such center or clinic shall demonstrate that the center or clinic meets the applicable requirements of the Federal regulations, issued after the date of enactment of this Act, that revise the definition of a health professional shortage area for purposes of this section.”

Subsec. (a)(8). Pub. L. 107–251, §302(a)(1)(B), substituted “254b(h)(4) of this title”, seasonal agricultural workers (as defined in section 254b(g)(3) of this title) and migratory agricultural workers (as so defined), and residents of public housing (as defined in section 1437a(b)(1) of this title) may be population groups” for “256(r) of this title may be a population group”.

Subsec. (b)(2). Pub. L. 107–251, §302(a)(2), struck out after “designation,” the following: “with special consideration to indicators of—

“(A) infant mortality,
“(B) access to health services,
“(C) health status, and
“(D) ability to pay for health services”.

Subsec. (a)(2)(B). Pub. L. 101–597, §102(b)(2), inserted before semicolon “, and a health program or facility operated by a tribe or tribal organization under the Indian Self-Determination Act”.

Subsec. (a)(2)(C). Pub. L. 101–597, §102(b)(3), substituted “section” for “sections” before “248”, struck out “or” before “253” and “or section” before “247v”, and inserted before semicolon “, or 256 of this title (relating to the provision of health services to homeless individuals)”.

Subsec. (b). Pub. L. 101–597, §401(b)(a)), substituted reference to health professional shortage area for reference to health manpower shortage area.

Pub. L. 101–597, §102(c)(1), struck out “, promulgated not later than May 1, 1977,” after “establish by regulation”.

Subsec. (c). Pub. L. 101–597, §102(c)(2), redesignated pars. (2) and (3) as (1) and (2), respectively, and struck out former par. (1) which read as follows:

“(A) The recommendations of each health systems agency (designated under section 3001 of this title) for a health service area which includes all or any part of the area, population group, medical facility, or other public facility under consideration for designation.
“(B) The recommendations of the State health planning and development agency (designated under section 300m of this title) concerning priority of such an area under such section 300n of this title for a health service area which includes all or any part of the area, population group, medical facility, or other public facility under consideration for designation.
“(C) The recommendations of the State health planning and development agency (designated under section 300n of this title) concerning priority of such an area under such section 300m of this title for a health service area which includes all or any part of the area, population group, medical facility, or other public facility under consideration for designation.”

Subsec. (d). Pub. L. 101–597, §401(b)(a)), substituted reference to health professional shortage area for reference to health manpower shortage area in par. (1).

Pub. L. 101–597, §102(a), (c)(3), designated existing provision as par. (1), struck out “, not later than November 1, 1977,” after “Secretary shall designate,” and added par. (2).

Subsec. (e). Pub. L. 101–597, §401(b)(a)), substituted reference to health professional shortage area for re-
ference to health manpower shortage area wherever appearing.

Pub. L. 101–597, § 102(c)(4), redesignated par. (3) as (2) and struck out former par. (2) which read as follows:

“(A) each health systems agency (designated under section 300l–4 of this title) for a health service area which includes all or any part of the area, population group, medical facility, or other public facility so designated; or

“(B) the State health planning and development agency of the State (designated under section 300m of this title) if there is a part of such area, population group, medical facility, or other public facility within a health service area for which no health systems agency has been designated; and”. Subsecs. (g), (h). Pub. L. 101–597, § 401(b)(a), substituted reference to health professional shortage area for reference to health manpower shortage area.

1987—Subsec. (a)(1). Pub. L. 100–177, § 302(1), inserted sentence at end relating to removal of an area from areas determined to be health manpower shortage areas.

**GAO Study**

Pub. L. 107–251, title III, § 302(e), Oct. 26, 2002, 116 Stat. 1645, provided that: “Not later than February 1, 2005, the Comptroller General of the United States shall submit to the Congress a report on the appropriateness of the criteria, including but not limited to infant mortality rates, access to health services taking into account the distance to primary health services, the rate of poverty and ability to pay for health services, and low birth rates, established by the Secretary of Health and Human Services for the designation of health professional shortage areas and whether the deeming of federally qualified health centers and rural health clinics as such areas is appropriate and necessary.”

**Reference to Community, Migrant, Public Housing, or Homeless Health Center Considered Reference to Health Center**

Reference to community health center, migrant health center, public housing health center, or homeless health center, considered reference to health center, see section 4(c) of Pub. L. 104–299, set out as a note under section 254b of this title.

**Evaluation of Criteria Used to Designate Health Manpower Shortage Areas: Report to Congress**

Section 2702(c) of Pub. L. 97–35 directed the Secretary of Health and Human Services, effective Oct. 1, 1981, to evaluate the criteria used under section 254e(b) of this title to determine if the use of the criteria resulted in areas which did not have a shortage of health professionals personnel being designated as health manpower shortage areas, and to consider different criteria (including the actual use of health professionals personnel in an area by the residents, taking into account their health status and indicators of unmet demand and likelihood that such demand would not be met in two years) which might be used to designate health manpower shortage areas. The Secretary was to report the results of his activities to Congress not later than Nov. 30, 1982.
§ 254f. Corps personnel
(a) Conditions necessary for assignment of Corps personnel to area; contents of application for assignment; assignment to particular facility; approval of applications

(1) The Secretary may assign members of the Corps to provide, under regulations promulgated by the Secretary, health services in or to a health professional shortage area during the assignment period only if—
   (A) a public or private entity, which is located or has a demonstrated interest in such area makes application to the Secretary for such assignment;
   (B) such application has been approved by the Secretary;
   (C) the entity agrees to comply with the requirements of section 254g of this title; and
   (D) the Secretary has (i) conducted an evaluation of the need and demand for health manpower for the area, the intended use of Corps members to be assigned to the area, community support for the assignment of Corps members to the area, the area’s efforts to secure health manpower for the area, and the fiscal management capability of the entity to which Corps members would be assigned and (ii) on the basis of such evaluation has determined that—
      (I) there is a need and demand for health manpower for the area;
      (II) there has been appropriate and efficient use of any Corps members assigned to the entity for the area;
      (III) there is general community support for the assignment of Corps members to the entity;
      (IV) the area has made unsuccessful efforts to secure health manpower for the area;
      (V) there is a reasonable prospect of sound fiscal management, including efficient collection of fee-for-service, third-party, and other appropriate funds, by the entity with respect to Corps members assigned to such entity; and
      (VI) the entity demonstrates willingness to support or facilitate mentorship, professional development, and training opportunities for Corps members.

An application for assignment of a Corps member to a health professional shortage area shall include a demonstration by the applicant that the area or population group to be served by the applicant has a shortage of personal health services and that the Corps member will be located so that the member will provide services to the greatest number of persons residing in such area or included in such population group. Such a demonstration shall be made on the basis of the criteria prescribed by the Secretary under section 254e(b) of this title and on additional criteria which the Secretary shall prescribe to determine if the area or population group to be served by the applicant has a shortage of personal health services.

(2) Corps members may be assigned to a Federal health care facility, but only upon the request of the head of the department or agency of which such facility is a part.

(3) In approving applications for assignment of members of the Corps the Secretary shall not discriminate against applications from entities which are not receiving Federal financial assistance under this chapter. In approving such applications, the Secretary shall give preference to applications in which a nonprofit entity or public entity shall provide a site to which Corps members may be assigned.

(b) Corps member income assurances; grants respecting sufficiency of financial resources

(1) The Secretary may not approve an application for the assignment of a member of the Corps described in subparagraph (C) of section 254d(a)(1) of this title to an entity unless the application of the entity contains assurances satisfactory to the Secretary that the entity (A) has sufficient financial resources to provide the member of the Corps with an income of not less than the income to which the member would be entitled if the member was a member described in subparagraph (B) of section 254d(a)(1) of this title, or (B) would have such financial resources if a grant was made to the entity under paragraph (2).

(2)(A) If in approving an application of an entity for the assignment of a member of the Corps described in subparagraph (C) of section 254d(a)(1) of this title the Secretary determines that the entity does not have sufficient financial resources to provide the member of the Corps with an income of not less than the income to which the member would be entitled if the member was a member described in subparagraph (B) of section 254d(a)(1) of this title, the Secretary may make a grant to the entity to assure that the member of the Corps assigned to it will receive during the period of assignment to the entity such an income.

(B) The amount of any grant under subparagraph (A) shall be determined by the Secretary. Payments under such a grant may be made in advance or by way of reimbursement, and at such intervals and on such conditions, as the Secretary finds necessary. No grant may be made unless an application therefor is submitted to and approved by the Secretary. Such an application shall be in such form, submitted in such manner, and contain such information, as the Secretary shall by regulation prescribe.

(c) Assignment of members without regard to ability of area to pay for services

The Secretary shall assign Corps members to entities in health professional shortage areas without regard to the ability of the individuals in such areas, population groups, medical facilities, or other public facilities to pay for such services.

(d) Entities entitled to aid; forms of assistance; coordination of efforts; agreements for assignment of Corps members; qualified entity

(1) The Secretary may provide technical assistance to a public or private entity which is located in a health professional shortage area and which desires to make an application under this section for assignment of a Corps member to such area. Assistance provided under this paragraph may include assistance to an entity in (A) analyzing the potential use of health professionals personnel in defined health services delivery areas by the residents of such areas, (B)
determining the need for such personnel in such areas, (C) determining the extent to which such areas will have a financial base to support the practice of such personnel and the extent to which additional financial resources are needed to adequately support the practice; (D) determining the types of inpatient and other health services that should be provided by such personnel in such areas, and (E) developing long-term plans for addressing health professional shortages and improving access to health care. The Secretary shall encourage entities that receive technical assistance under this paragraph to communicate with other communities, State Offices of Rural Health, State Primary Care Associations and Offices, and other entities concerned with site development and community needs assessment.

(2) The Secretary may provide, to public and private entities which are located in a health professional shortage area to which area a Corps member has been assigned, (A) technical assistance to assist in the recruitment of health manpower for such areas, and (B) current information on public and private programs which provide assistance in the securing of health manpower.

(4)(A) The Secretary shall undertake to demonstrate the improvements that can be made in the assignment of members of the Corps to health professional shortage areas and in the delivery of health care by Corps members in such areas through coordination with States, political subdivisions of States, agencies of States and political subdivisions, and other public and private entities which have expertise in the planning, development, and operation of centers for the delivery of primary health care. In carrying out this subparagraph, the Secretary shall enter into agreements with qualified entities which provide that if—

(i) the entity places in effect a program for the planning, development, and operation of centers for the delivery of primary health care in health professional shortage areas which reasonably addresses the need for such care in such areas, and

(ii) under the program the entity will perform the functions described in subparagraph (B),

the Secretary will assign under this section members of the Corps in accordance with the program.

(B) For purposes of subparagraph (A), the term "qualified entity" means a State, political subdivision of a State, an agency of a State or political subdivision, or other public or private entity operating solely within one State, which the Secretary determines is able—

(i) to analyze the potential use of health professions personnel in defined health services delivery areas by the residents of such areas;

(ii) to determine the need for such personnel in such areas and to recruit, select, and retain health professions personnel (including members of the National Health Service Corps) to meet such need;

(iii) to determine the extent to which such areas will have a financial base to support the practice of such personnel and the extent to which additional financial resources are needed to adequately support the practice;

(iv) to determine the types of inpatient and other health services that should be provided by such personnel in such areas;

(v) to assist such personnel in the development of their clinical practice and fee schedules and in the management of their practice;

(vi) to assist in the planning and development of facilities for the delivery of primary health care; and

(vii) to assist in establishing the governing bodies of centers for the delivery of such care and to assist such bodies in defining and carrying out their responsibilities.

(c) Practice within State by Corps member

Notwithstanding any other law, any member of the Corps licensed to practice medicine, osteopathic medicine, dentistry, or any other health profession in any State shall, while serving in the Corps, be allowed to practice such profession in any State.
1981—Subsec. (a)(1). Pub. L. 101–597, § 401(b)(a), redesignated subsec. (c) as (a) and substitute “as one” for “will be” and “Corps” respectively.

Subsec. (a)(2). Pub. L. 101–597, § 401(b)(b), redesignated subsec. (d) as (a) and struck out former subsec. (b) which related to approval of application for assignment of Corps personnel subject to review and comment on application by health service agencies in designated area.

Subsec. (b). Pub. L. 101–597, § 103(b), redesignated subsec. (d) as (a) and struck out former subsec. (c) which related to approval of application, consideration and approval by Secretary, priorities, cooperation with Corps members, and comments by health professionals and societies in designated areas.

Subsec. (c). Pub. L. 101–597, § 103(b)(2), redesignated subsec. (e) as (c) and struck out former subsec. (c) which related to applications, consideration and approval by Secretary, priorities, cooperation with Corps members, and comments by health professionals and societies in designated areas.

Subsec. (d). Pub. L. 101–597, § 103(b)(2), redesignated subsec. (f) as (d) and struck out former subsec. (e) which related to methods of assignments of Corps members.

Subsec. (e). Pub. L. 101–597, § 103(b)(2), redesignated subsec. (g) as (e) and struck out former subsec. (f) which provided for placement of Corps members for assignment upon basis of characteristics.

Subsec. (f). Pub. L. 101–597, § 103(b)(2), redesignated subsec. (g) as (f) and struck out former subsec. (f) which related to study and contracts for study by health service agencies in designated areas.

Subsec. (g). Pub. L. 101–597, § 103(b)(2), redesignated subsec. (h) as (g) and struck out former subsec. (g) which related to study and contracts for study of methods of assignments of Corps members.

Subsec. (h). Pub. L. 101–597, § 103(b)(2), redesignated subsec. (i) as (h) and struck out former subsec. (i) which provided for placement of physicians in medically underserved areas and assignment of family physicians, respectively.

(a) In general

In approving applications made under section 254f of this title for the assignment of Corps members, the Secretary shall—

(1) give priority to any such application that—

(A) is made regarding the provision of primary health services to a health professional shortage area with the greatest such shortage; and

(B) is made by an entity that—

(i) serves a health professional shortage area described in subparagraph (A);

(ii) coordinates the delivery of primary health services with related health and social services;

(iii) has a documented record of sound fiscal management; and

(iv) will experience a negative impact on its capacity to provide primary health services if a Corps member is not assigned to the entity;

(2) with respect to the geographic area in which the health professional shortage area is located, take into consideration the willingness of individuals in the geographic area, and of the appropriate governmental agencies or health entities in the area, to assist and cooperate with the Corps in providing effective primary health services; and

(3) take into consideration comments of medical, osteopathic, dental, or other health professional societies whose members deliver services to the health professional shortage area, or if no such societies exist, comments of physicians, dentists, or other health professionals delivering services to the area.

(b) Establishment of criteria for determining priorities

(1) In general

The Secretary shall establish criteria specifying the manner in which the Secretary makes a determination under subsection (a)(1)(A) of this section of the health professional shortage areas with the greatest such shortages.

(2) Publication of criteria

The criteria required in paragraph (1) shall be published in the Federal Register not later than July 1, 1981. Any revisions made in the criteria by the Secretary shall be effective upon publication in the Federal Register.

(c) Notifications regarding priorities

(1) Proposed list

The Secretary shall prepare and publish a proposed list of health professional shortage areas and entities that would receive priority under subsection (a)(1) of this section in the assignment of Corps members. The list shall contain the information described in para-
§ 254f–1

TITLES 42—THE PUBLIC HEALTH AND WELFARE

§ 254f–1

(4) Revisions

posed format. All such entities shall have 30

days after the date of publication of the list to provide additional data and information in support of inclusion on the list or in support of a higher priority determination and the Secretary shall reasonably consider such data and information in preparing the final list under paragraph (2).

(2) Preparation of list for applicable period

For the purpose of carrying out paragraph (3), the Secretary shall prepare and, as appropriate, update a list of health professional shortage areas and entities that are receiving priority under subsection (a)(1) of this section in the assignment of Corps members. Such list—

(A) shall include a specification, for each such health professional shortage area, of the entities for which the Secretary has provided an authorization to receive assignments of Corps members in the event that Corps members are available for the assignments; and

(B) shall, of the entities for which an authorization described in subparagraph (A) has been provided, specify—

(i) the entities provided such an authorization for the assignment of Corps members who are participating in the Scholarship Program;

(ii) the entities provided such an authorization for the assignment of Corps members who are participating in the Loan Repayment Program; and

(iii) the entities provided such an authorization for the assignment of Corps members who have become Corps members other than pursuant to contractual obligations under the Scholarship or Loan Repayment Programs.

The Secretary may set forth such specifications by medical specialty.

(3) Notification of affected parties

(A) Entities

Not later than 30 days after the Secretary has added to a list under paragraph (2) an entity specified as described in subparagraph (A) of such paragraph, the Secretary shall notify such entity that the entity has been provided an authorization to receive assignments of Corps members in the event that Corps members are available for the assignments.

(B) Individuals

In the case of an individual obligated to provide service under the Scholarship Program, not later than 3 months before the date described in section 254m(b)(5) of this title, the Secretary shall provide to such individual the names of each of the entities specified as described in paragraph (2)(B)(i) that is appropriate for the individual’s medical specialty and discipline.

(4) Revisions

If the Secretary proposes to make a revision in the list under paragraph (2), and the revision would adversely alter the status of an entity with respect to the list, the Secretary shall notify the entity of the revision. Any entity adversely affected by such a revision shall be notified in writing by the Secretary of the reasons for the revision and shall have 30 days from such notification to file a written appeal of the determination involved which shall be reasonably considered by the Secretary before the revision to the list becomes final. The revision to the list shall be effective with respect to assignment of Corps members beginning on the date that the revision becomes final.

(d) Limitation on number of entities offered as assignment choices in Scholarship Program

(1) Determination of available Corps members

By April 1 of each calendar year, the Secretary shall determine the number of participants in the Scholarship Program who will be available for assignments under section 254f of this title during the program year beginning on July 1 of that calendar year.

(2) Determination of number of entities

At all times during a program year, the number of entities specified under subsection (c)(2)(B)(i) of this section shall be—

(A) not less than the number of participants determined with respect to that program year under paragraph (1); and

(B) not greater than twice the number of participants determined with respect to that program year under paragraph (1).

AMENDMENTS

2003—Subsec. (c)(4). Pub. L. 108–163 substituted “30 days from such notification” for “30 days”.

2002—Subsec. (a)(1)(A). Pub. L. 107–251, § 304(1), struck out “15, as determined in accordance with subsection (b) of this section after “such shortage”’.’’ Subsec. (b). Pub. L. 107–251, § 304(2), (7), redesignated subsec. (c) as (b) and struck out heading and text of former subsec. (b). Text read as follows: “In making a determination under subsection (a)(1)(A) of this section of the health professional shortage areas with the greatest such shortages, the Secretary may consider only the following factors:

(1) The ratio of available health manpower to the number of individuals in the area or population group involved, or served by the medical facility or other public facility involved.

(2) Indicators of need as follows:

(A) The rate of low birthweight births.

(B) The rate of infant mortality.

(C) The rate of poverty.

(D) Access to primary health services, taking into account the distance to such services.”’’ Subsec. (c). Pub. L. 107–251, § 304(7), redesignated subsec. (d) as (c), redesignated subsec. (c) redesignated (b). Subsec. (c)(1). Pub. L. 107–251, § 304(3), struck out second sentence, which read as follows: “Such criteria shall specify the manner in which the factors described in subsection (b) of this section are implemented regarding such a determination.’’ Subsec. (d). Pub. L. 107–251, § 304(7), redesignated subsec. (e) as (d). Former subsec. (d) redesignated (c).
§ 254g. Charges for services by entities using Corps members

(a) Availability of services regardless of ability to pay or payment source

An entity to which a Corps member is assigned shall not deny requested health care services, and shall not discriminate in the provision of services to an individual the period applicable to

(1) because the individual is unable to pay for the services; or

(2) because payment for the services would be made under—

(A) the medicare program under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.);

(B) the medicaid program under title XIX of such Act (42 U.S.C. 1396 et seq.); or

(C) the State children’s health insurance program under title XXI of such Act (42 U.S.C. 1397aa et seq.).

(b) Charges for services

The following rules shall apply to charges for health care services provided by an entity to which a Corps member is assigned:

(1) In general

(A) Schedule of fees or payments

Except as provided in paragraph (2), the entity shall prepare a schedule of fees or payments for the entity’s services, consistent with locally prevailing rates or charges and designed to cover the entity’s reasonable cost of operation.

(B) Schedule of discounts

Except as provided in paragraph (2), the entity shall prepare a corresponding schedule of discounts (including, in appropriate cases, waivers) to be applied to the payment of such fees or payments. In preparing the schedule, the entity shall adjust the discounts on the basis of a patient’s ability to pay.

(C) Use of schedules

The entity shall make every reasonable effort to secure from patients fees and payments for services in accordance with such schedules, and fees or payments shall be sufficiently discounted in accordance with the schedule described in subparagraph (B).

(2) Services to beneficiaries of Federal and federally assisted programs

In the case of health care services furnished to an individual who is a beneficiary of a program listed in subsection (a)(2) of this section, the entity—

(A) shall accept an assignment pursuant to section 1842(b)(3)(B)(ii) of the Social Security Act (42 U.S.C. 1395u(b)(3)(B)(ii)) with respect to an individual who is a beneficiary under the medicare program; and

(B) shall enter into an appropriate agreement with—

(i) the State agency administering the program under title XIX of such Act [42 U.S.C. 1396 et seq.] with respect to an individual who is a beneficiary under the medicaid program; and

(ii) the State agency administering the program under title XXI of such Act [42 U.S.C. 1397aa et seq.] with respect to an individual who is a beneficiary under the State children’s health insurance program.

(3) Collection of payments

The entity shall take reasonable and appropriate steps to collect all payments due for health care services provided by the entity, including payments from any third party (including a Federal, State, or local government agency and any other third party) that is responsible for part or all of the charge for such services.
§ 254h. Provision of health services by Corps members

(a) Means of delivery of services; cooperation with other health care providers

In providing health services in a health professional shortage area, Corps members shall utilize the techniques, facilities, and organizational forms most appropriate for the area, population group, medical facility, or other public facility, and shall, to the maximum extent feasible, provide such services (1) to all individuals in, or served by, such health professional shortage area regardless of their ability to pay for the services, and (2) in a manner which is cooperative with other health care providers serving such health professional shortage area.

(b) Utilization of existing health facilities; lease, acquisition, and use of equipment and supplies; permanent and temporary professional services

(1) Notwithstanding any other provision of law, the Secretary may (A) to the maximum extent feasible make such arrangements as he determines necessary to enable Corps members to utilize the health facilities in or serving the health professional shortage area in providing health services; (B) make such arrangements as he determines are necessary for the use of equipment and supplies of the Service and for the lease or acquisition of other equipment and supplies; and (C) secure the permanent or temporary services of physicians, dentists, nurses, administrators, and other health personnel. If there are no health facilities in or serving such area, the Secretary may arrange to have Corps members provide health services in the nearest health facilities of the Service or may lease or otherwise provide facilities in or serving such area for the provision of health services.

(2) If the individuals in or served by a health professional shortage area are being served (as determined under regulations of the Secretary) by a hospital or other health care delivery facility of the Service, the Secretary may, in addition to such other arrangements as he may make under paragraph (1), arrange for the utilization of such hospital or facility by Corps members in providing health services, but only to the extent that such utilization will not impair the delivery of health services and treatment through such hospital or facility to individuals who are entitled to health services and treatment through such hospital or facility.

(c) Loan; purposes; limitations

The Secretary may make one loan to any entity with an approved application under section 254f of this title to assist such entity in meeting the costs of (1) establishing medical, dental, or other health profession practices, including the development of medical practice management systems; (2) acquiring equipment for use in providing health services; and (3) renovating buildings to establish health facilities. No loan may be made under this subsection unless an application therefor is submitted to, and approved by, the Secretary. The amount of any such loan shall be determined by the Secretary, except that no such loan may exceed $50,000.

(d) Property and equipment disposal; fair market value; sale at less than full market value

Upon the expiration of the assignment of all Corps members to a health professional shortage area, the Secretary may (notwithstanding any other provision of law) sell, to any appropriate local entity, equipment and other property of the United States utilized by such members in providing health services. Sales made under this subsection shall be made at the fair market value (as determined by the Secretary) of the equipment or such other property; except that the Secretary may make such sales for a lesser value to an appropriate local entity, if he determines that the entity is financially unable to pay the full market value.

(e) Admitting privileges denied to Corps member by hospital; notice and hearing; denial of Federal funds for violation; “hospital” defined

(1)(A) It shall be unlawful for any hospital to deny an authorized Corps member admitting privileges when such Corps member otherwise meets the professional qualifications established by the hospital for granting such privileges and agrees to abide by the published bylaws of the hospital and the published bylaws, rules, and regulations of its medical staff.

(B) Any hospital which is found by the Secretary, after notice and an opportunity for a hearing on the record to show cause why such section shall upon such finding cease, for a period to be determined by the Secretary, to receive and to be eligible to receive any Federal funds under this chapter or under titles XVIII,
(2) For purposes of this subsection, the term "hospital" includes a State or local public hospital, a private profit hospital, a private nonprofit hospital, a general or special hospital, and any other type of hospital (excluding a hospital owned or operated by an agency of the Federal Government), and any related facilities.

§ 254h–1. Facilitation of effective provision of Corps services

(a) Consideration of individual characteristics of members in making assignments

In making an assignment of a Corps member to an entity that has had an application approved under section 254f of this title, the Secretary shall, subject to making the assignment in accordance with section 254f–1 of this title, seek to assign to the entity a Corps member who has (and whose spouse, if any, has) characteristics that increase the probability that the member will remain in the health professional shortage area involved after the completion of the period of service in the Corps.

(b) Counseling on service in Corps

(1) In general

The Secretary shall, subject to paragraph (3), offer appropriate counseling on service in the Corps to individuals during the period of membership in the Corps, particularly during the initial period of each assignment.

(2) Career advisor regarding obligated service

(A) In the case of individuals who have entered into contracts for obligated service under the Scholarship or Loan Repayment Program, counseling under paragraph (1) shall include appropriate counseling on matters particular to such obligated service. The Secretary shall ensure that career advisors for providing such counseling are available to such individuals throughout the period of participation in the Scholarship or Loan Repayment Program.

(B) With respect to the Scholarship Program, counseling under paragraph (1) shall include counseling individuals during the period in which the individuals are pursuing an educational degree in the health profession involved, including counseling to prepare the individual for service in the Corps.

(3) Extent of counseling services

With respect to individuals who have entered into contracts for obligated service under the Scholarship or Loan Repayment Program, this subsection shall be carried out regarding such individuals throughout the period of obligated service (and, additionally, throughout the period specified in paragraph (2)(B), in the case of the Scholarship Program). With respect to Corps members generally, this subsection shall be carried out to the extent practicable.

(c) Grants regarding preparation of students for practice

With respect to individuals who have entered into contracts for obligated service under the Scholarship or Loan Repayment Program, the Secretary may make grants to, and enter into contracts with, public and nonprofit private entities (including health professions schools) for the conduct of programs designed to prepare such individuals for the effective provision of primary health services in the health professional shortage areas to which the individuals are assigned.

(d) Professional development and training

(1) In general

The Secretary shall assist Corps members in establishing and maintaining professional relationships and development opportunities, including by—

(A) establishing appropriate professional relationships between the Corps member involved and the health professions community of the geographic area with respect to which the member is assigned;

(B) establishing professional development, training, and mentorship linkages between the Corps member involved and the larger health professions community, including through distance learning, direct mentorship, and development and implementation of training modules designed to meet the educational needs of offsite Corps members;

(C) establishing professional networks among Corps members; or

(D) engaging in other professional development, mentorship, and training activities for Corps members, at the discretion of the Secretary.
(2) Assistance in establishing professional relationships

In providing such assistance under paragraph (1), the Secretary shall focus on establishing relationships with hospitals, with academic medical centers and health professions schools, with area health education centers under section 294a of this title, with health education and training centers under section 294b of this title, and with border health education and training centers under such section 294b of this title. Such assistance shall include assistance in obtaining faculty appointments at health professions schools.

(3) Supplement not supplant

Such efforts under this subsection shall supplement, not supplant, non-government efforts by professional health provider societies to establish and maintain professional relationships and development opportunities.

(e) Temporary relief from Corps duties

(1) In general

The Secretary shall, subject to paragraph (4), provide assistance to Corps members in establishing arrangements through which Corps members may, as appropriate, be provided temporary relief from duties in the Corps in order to pursue continuing education in the health professions, to participate in exchange programs with teaching centers, to attend professional conferences, or to pursue other interests, including vacations.

(2) Assumption of duties of member

(A) Temporary relief under paragraph (1) may be provided only if the duties of the Corps member involved are assumed by another health professional. With respect to such temporary relief, the duties may be assumed by Corps members or by health professionals who are not Corps members, if the Secretary approves the professionals for such purpose. Any health professional so approved by the Secretary shall, during the period of providing such temporary relief, be deemed to be a Corps member for purposes of section 233 of this title.

(B) In carrying out paragraph (1), the Secretary shall provide for the formation and continued existence of a group of health professionals to provide temporary relief under such paragraph.

(3) Recruitment from general health professions community

In carrying out paragraph (1), the Secretary shall—

(A) encourage health professionals who are not Corps members to enter into arrangements under which the health professionals temporarily assume the duties of Corps members for purposes of paragraph (1); and

(B) with respect to the entities to which Corps members have been assigned under section 254f of this title, encourage the entities to facilitate the development of arrangements described in subparagraph (A).

(4) Limitation

In carrying out paragraph (1), the Secretary may not, except as provided in paragraph (5), obligate any amounts (other than for incidental expenses) for the purpose of—

(A) compensating a health professional who is not a Corps member for assuming the duties of a Corps member; or

(B) paying the costs of a vacation, or other interests that a Corps member may pursue during the period of temporary relief under such paragraph.

(5) Sole providers of health services

In the case of any Corps member who is the sole provider of health services in the geographic area involved, the Secretary may, from amounts appropriated under section 254k of this title, obligate on behalf of the member such sums as the Secretary determines to be necessary for purposes of providing temporary relief under paragraph (1).

(f) Determinations regarding effective service

In carrying out subsection (a) of this section and sections 254(d) and 254–1(d) of this title, the Secretary shall carry out activities to determine—

(1) the characteristics of physicians, dentists, and other health professionals who are more likely to remain in practice in health professional shortage areas after the completion of the period of service in the Corps;

(2) the characteristics of health manpower shortage areas, and of entities seeking assignments of Corps members, that are more likely to retain Corps members after the members have completed the period of service in the Corps; and

(3) the appropriate conditions for the assignment and utilization in health manpower shortage areas of certified nurse practitioners, certified nurse midwives, and physician assistants.

PRIORITY PROVISIONS

A prior section 336 of act July 1, 1944, was renumbered section 336A by Pub. L. 97–35, § 2706(a), and is classified to section 254i of this title.

AMENDMENTS

2008—Subsec. (d). Pub. L. 110–355 amended subsec. (d) generally. Prior to amendment, text read as follows: “The Secretary shall assist Corps members in establishing appropriate professional relationships between the Corps member involved and the health professions community of the geographic area with respect to which the member is assigned, including such relationships with hospitals, with health professions schools, with area health education centers under section 295g–1 of this title, with health education and training centers under such section, and with border health education and training centers under such section. Such assistance shall include assistance in obtaining faculty appointments at health professions schools.”
§ 254i. Annual report to Congress; contents

The Secretary shall submit an annual report to Congress, and shall include in such report with respect to the previous calendar year—

(1) the number, identity, and priority of all health professional shortage areas designated in such year and the number and type of health professional shortage areas for which the Secretary estimates will be designated in the subsequent year;

(2) the number of applications filed under section 254f of this title in such year for assignment of Corps members and the action taken on each such application;

(3) the number and types of Corps members assigned in such year to health professional shortage areas, the number and types of additional Corps members which the Secretary estimates will be assigned to such areas in the subsequent year, and the need for additional members for the Corps;

(4) the recruitment efforts engaged in for the Corps in such year and the number of qualified individuals who applied for service in the Corps in such year;

(5) the number of patients seen and the number of patient visits recorded during such year with respect to each health professional shortage area to which a Corps member was assigned during such year;

(6) the number of Corps members who elected, and the number of Corps members who did not elect, to continue to provide health services in health professional shortage areas after termination of their service in the Corps and the reasons (as reported to the Secretary) of members who did not elect for not making such election;

(7) the results of evaluations and determinations made under section 254f(a)(1)(D) of this title during such year; and

(8) the amount charged during such year for health services provided by Corps members, the amount which was collected in such year by entities in accordance with section 254g of this title, and the amount which was paid to the Secretary in such year under such agreements.

2002—Subsecs. (c), (f)(1). Pub. L. 107–251 substituted ‘‘health professional shortage areas’’ for ‘‘health manpower shortage areas’’.

Prior to amendment, section read as follows:

“(a) The Secretary may make grants to and enter into contracts with public and private nonprofit entities for the conduct of programs which are designed to prepare individuals subject to a service obligation under the National Health Service Corps Scholarship Program or Loan Repayment Program to effectively provide health services in the health manpower shortage area to which they are assigned.

“(b) No grant may be made or contract entered into under subsection (a) of this section unless an application therefor is submitted to and approved by the Secretary. Such an application shall be in such form, submitted in such manner, and contain such information, as the Secretary shall by regulation prescribe.’’

Subsec. (a). Pub. L. 101–597, § 401(b)(a), substituted ‘‘health professional shortage area’’ for ‘‘health manpower shortage area’’.

Subsec. (b). Pub. L. 100–177 substituted ‘‘Scholarship Program or Loan Repayment Program’’ for ‘‘scholarship program’’.

§ 254j. National Advisory Council on National Health Service Corps

(a) Establishment; appointment of members

There is established a council to be known as the National Advisory Council on the National Health Service Corps (hereinafter in this section referred to as the ‘‘Council’’). The Council shall be composed of not more than 15 members appointed by the Secretary. The Council shall consult with, advise, and make recommendations to, the Secretary with respect to his responsibilities in carrying out this part (other than section 254r 1 of this title), and shall review and comment upon regulations promulgated by the Secretary under this part.

(b) Term of members; compensation; expenses

(1) Members of the Council shall be appointed for a term of three years, except that any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member’s predecessor was appointed shall be appointed for the remainder of such term. No member shall be removed, except for cause. Members may not be reappointed to the Council.

(2) Members of the Council (other than members who are officers or employees of the United States), while attending meetings or conferences thereof or otherwise serving on the business of the Council, shall be entitled to receive for each day (including traveltime) in which they are so serving compensation at a rate fixed by the Secretary (but not to exceed the daily equivalent of the annual rate of basic pay in effect for grade GS–18 of the General Schedule); and while so serving away from their homes or regular places of business all members may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in the Government Service employed intermittently.

(c) Termination

Section 14 of the Federal Advisory Committee Act shall not apply with respect to the Council.

2002—Par. (8). Pub. L. 107–251 struck out ‘‘agreements under’’ after ‘‘in accordance with’’.

1982—Pub. L. 97–375 struck out ‘‘on May 1 of each year’’ after ‘‘report to Congress’’.

MENDMENTS

2002—Par. (8). Pub. L. 107–251 struck out ‘‘agreements under’’ after ‘‘in accordance with’’.

1982—Pub. L. 97–375 struck out ‘‘on May 1 of each year’’ after ‘‘report to Congress’’.

§ 254k. Authorization of appropriations

(a) For the purpose of carrying out this subpart, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2008 through 2012.

(b) An appropriation under an authorization under subsection (a) of this section for any fiscal year may be made at any time before that fiscal year and may be included in an Act making an appropriation under an authorization under subsection (a) of this section for another fiscal year; but no funds may be made available from any appropriation under such authorization for obligation under sections 254d through 254h, section 254i, and section 254j of this title before the fiscal year for which such appropriation is authorized.

AMENDMENTS

2002—Subsec. (a). Pub. L. 107–251 struck out par. (1) designation before “For the purpose”, substituted “2002 through 2006” for “1991 through 2000”, and struck out par. (2) as read as follows: “In the case of individuals who serve in the Corps other than pursuant to obligated service under the Scholarship or Loan Repayment Program, the Secretary each fiscal year shall, to the extent practicable, make assignments under section 254f of this title of such individuals who are certified nurse midwives, certified nurse practitioners, or physician assistants.”

1990—Subsec. (a). Pub. L. 101–597 added subsec. (a) and struck out former subsec. (a) which read as follows: “To carry out this subpart, there are authorized to be appropriated $65,000,000 for fiscal year 1988, $65,000,000 for fiscal year 1989, and $65,000,000 for fiscal year 1990.”

1987—Subsec. (a). Pub. L. 100–177 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “To carry out the purposes of this subpart, there are authorized to be appropriated $47,000,000 for the fiscal year ending September 30, 1976; $64,000,000 for the fiscal year ending September 30, 1979; $62,000,000 for the fiscal year ending September 30, 1980; $110,000,000 for the fiscal year ending September 30, 1982; $120,000,000 for the fiscal year ending September 30, 1983; and $130,000,000 for the fiscal year ending September 30, 1984.”

1979—Subsec. (a). Pub. L. 95–426 substituted “$64,000,000” for “$57,000,000” as amount authorized to be appropriated for fiscal year ending Sept. 30, 1979.

SUBPART III—SCHOLARSHIP PROGRAM AND LOAN REPAYMENT PROGRAM

AMENDMENTS

§ 254l. National Health Service Corps Scholarship Program

(a) Establishment

The Secretary shall establish the National Health Service Corps Scholarship Program to assure, with respect to the provision of primary health services pursuant to section 254d(a)(2) of this title—

(1) an adequate supply of physicians, dentists, behavioral and mental health professionals, certified nurse midwives, certified nurse practitioners, and physician assistants; and

(2) if needed by the Corps, an adequate supply of other health professionals.

(b) Eligibility; application; written contract

To be eligible to participate in the Scholarship Program, an individual must—

(1) be accepted for enrollment, or be enrolled, as a full-time student (A) in an accred-
(c) Review and evaluation of information and forms by prospective applicant

(1) In disseminating application forms and contract forms to individuals desiring to participate in the Scholarship Program, the Secretary shall include with such forms—

(A) a fair summary of the rights and liabilities of an individual whose application is approved (and whose contract is accepted) by the Secretary, including in the summary a clear explanation of the damages to which the United States is entitled under section 254f of this title in the case of the individual’s breach of the contract; and

(B) information respecting meeting a service obligation through private practice under an agreement under section 254n of this title and such other information as may be necessary for the individual to understand the individual’s prospective participation in the Scholarship Program and service in the Corps, including a statement of all factors considered in approving applications for participation in the Program and in making assignments for participants in the Program.

(2) The application form, contract form, and all other information furnished by the Secretary under this subpart shall be written in a manner calculated to be understood by the average individual applying to participate in the Scholarship Program. The Secretary shall make such application forms, contract forms, and other information available to individuals desiring to participate in the Scholarship Program on a date sufficiently early to insure that such individuals have adequate time to carefully review and evaluate such forms and information.

(3)(A) The Secretary shall distribute to health professions schools materials providing information on the Scholarship Program and shall encourage the schools to disseminate the materials to the students of the schools.

(B) (i) In the case of any health professional whose period of obligated service under the Scholarship Program is nearing completion, the Secretary shall encourage the individual to remain in a health professional shortage area and to continue providing primary health services.

(ii) During the period in which a health professional is planning and making the transition to private practice from obligated service under the Scholarship Program, the Secretary may provide assistance to the professional regarding such transition if the professional is remaining in a health professional shortage area and is continuing to provide primary health services.

(C) In the case of entities to which participants in the Scholarship Program are assigned under section 254f of this title, the Secretary shall encourage the entities to provide options with respect to assisting the participants in remaining in the health professional shortage areas involved, and in continuing to provide primary health services, after the period of obligated service under the Scholarship Program is completed. The options with respect to which the Secretary provides such encouragement may include options regarding the sharing of a single employment position in the health professions by 2 or more health professionals, and options regarding the recruitment of couples where both of the individuals are health professionals.

(d) Factors considered in providing contracts; priorities

(1) Subject to section 254f–1 of this title, in providing contracts under the Scholarship Program—

(A) the Secretary shall consider the extent of the demonstrated interest of the applicants for the contracts in providing primary health services;

(B) the Secretary, in considering applications from individuals accepted for enrollment or enrolled in dental school, shall consider applications from all individuals accepted for enrollment or enrolled in any accredited dental school in a State; and

(C) may 1 consider such other factors regarding the applicants as the Secretary determines to be relevant to selecting qualified individuals to participate in such Program.

(2) In providing contracts under the Scholarship Program, the Secretary shall give priority—

(A) first, to any application for such a contract submitted by an individual who has previously received a scholarship under this section or under section 294z 1 of this title;

(B) second, to any application for such a contract submitted by an individual who has characteristics that increase the probability that the individual will continue to serve in a health professional shortage area after the period of obligated service pursuant to subsection (f) of this section is completed; and

(C) third, subject to subparagraph (B), to any application for such a contract submitted by an individual who is from a disadvantaged background.

(e) Commencement of participation in Scholarship Program; notice

(1) An individual becomes a participant in the Scholarship Program only upon the Secretary’s approval of the individual’s application submitted under subsection (b)(4) of this section and the Secretary’s acceptance of the contract submitted by the individual under subsection (b)(4) of this section.

1 So in original.
(2) The Secretary shall provide written notice to an individual promptly upon the Secretary’s approving, under paragraph (1), of the individual’s participation in the Scholarship Program.

(f) Written contract; contents

The written contract (referred to in this subpart) between the Secretary and an individual shall contain—

(1) an agreement that—

(A) subject to paragraph (2), the Secretary agrees (i) to provide the individual with a scholarship (described in subsection (g) of this section) in each such school year or years for a period of years (not to exceed four school years) determined by the individual, during which period the individual is pursuing a course of study described in subsection (b)(1)(B) of this section, and (ii) to accept (subject to the availability of appropriated funds for carrying out sections 254d through 254h and section 254j of this title) the individual into the Corps (or for equivalent service as otherwise provided in this subpart); and

(B) subject to paragraph (2), the individual agrees—

(i) to accept provision of such a scholarship to the individual;

(ii) to maintain enrollment in a course of study described in subsection (b)(1)(B) of this section until the individual completes the course of study;

(iii) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined under regulations of the Secretary by the educational institution offering such course of study);

(iv) if pursuing a degree from a school of medicine or osteopathic medicine, to complete a residency in a specialty that the Secretary determines is consistent with the needs of the Corps; and

(v) to serve for a time period (hereinafter in the subpart referred to as the “period of obligated service”) equal to—

(I) one year for each school year for which the individual was provided a scholarship under the Scholarship Program, or

(II) two years,

whichever is greater, as a provider of primary health services in a health professional shortage area (designated under section 254e of this title) to which he is assigned by the Secretary as a member of the Corps, or as otherwise provided in this subpart;

(2) a provision that any financial obligation of the United States arising out of a contract entered into under this subpart and any obligation of the individual which is conditioned thereon, is contingent upon funds being appropriated for scholarships under this subpart and to carry out the purposes of sections 254d through 254h and sections 254j and 254k of this title;

(3) a statement of the damages to which the United States is entitled, under section 254o of this title, for the individual’s breach of the contract; and

(4) such other statements of the rights and liabilities of the Secretary and of the individual, not inconsistent with the provisions of this subpart.

(g) Scholarship provisions; contract with educational institution; increase in monthly stipend

(1) A scholarship provided to a student for a school year under a written contract under the Scholarship Program shall consist of—

(A) payment to, or (in accordance with paragraph (2)) on behalf of, the student of the amount (except as provided in section 292k of this title) of—

(i) the tuition of the student in such school year; and

(ii) all other reasonable educational expenses, including fees, books, and laboratory expenses, incurred by the student in such school year; and

(B) payment to the student of a stipend of $400 per month (adjusted in accordance with paragraph (3)) for each of the 12 consecutive months beginning with the first month of such school year.

(2) The Secretary may contract with an educational institution, in which a participant in the Scholarship Program is enrolled, for the payment to the educational institution of the amounts of tuition and other reasonable educational expenses described in paragraph (1)(A). Payment to such an educational institution may be made without regard to section 3324(a) and (b) of title 31.

(3) The amount of the monthly stipend, specified in paragraph (1)(B) and as previously adjusted (if at all) in accordance with this paragraph, shall be increased by the Secretary for each school year ending in a fiscal year beginning after September 30, 1978, by an amount (rounded to the nearest highest multiple of $1) equal to the amount of such stipend multiplied by the overall percentage (under section 5303 of title 5) of the adjustment (if such adjustment is an increase) in the rates of pay under the General Schedule made effective in the fiscal year in which such school year ends.

(h) Employment ceiling of Department unaffected

Notwithstanding any other provision of law, individuals who have entered into written contracts with the Secretary under this section, while undergoing academic training, shall not be counted against any employment ceiling affecting the Department.

Section 228 of Pub. L. 99–129 provided that—

(1) the Act and the amendments and repeals made by this Act (enacting sections 294j–1 to 294h–3 of this title, amending this section and sections 292a, 292b, 292h, 292j, 293c, 294a, 294b, 294d, 294e, 294g, 294j, 294m to 294p, 294z, 295f to 295g–6, 295g–7, 295g–8, 295g–9, 295g–10, 295g–11, 295g–12, 295g–13, 295g–14, 295g–15, and 300aa–14 of this title, repealing sections 292c, 295 to 295e–5, 295f–1, 295f–2, 295g, 295g–1, 295g–3, 295g–4, 295g–5, 295g–7, 295g–9, 295g–10, 295g–11, 295g–12 to 295g–8a, and 295g–9 of this title, enacting provisions set out as notes under sections 201, 292h, 293c, 294h, 294e, and 300aa–14 of this title and section 422 of the Appendix to Title 50, War and National Defense, and amending provisions set out as a note under section 298b–5 of this title) shall take effect on the date of enactment of this Act [Oct. 22, 1985].

(2) The amendments made by section 208(a)(1) of this Act (enacting section 294a of this title) shall take effect as of October 1, 1985.

(3) The amendments made by section 208(h) of this Act (amending section 294a of this title) shall take effect as of October 1, 1983.

(4) The provisions of section 746 of the Public Health Service Act (as added by the amendment made by section 208(h)(2) of this Act) (section 294g–2 of this title) shall take effect as of June 30, 1984.

(5) The amendments made by section 208(k)(2) of this Act (amending sections 294m and 297a of this title) shall take effect as of June 30, 1984.

(6) The amendments made by section 213(a) of this Act (amending section 295g–1 of this title) shall take effect as of October 1, 1985.
(2) if needed by the Corps, an adequate supply of other health professionals.

(b) Eligibility

To be eligible to participate in the Loan Repayment Program, an individual must—

(1)(A) have a degree in medicine, osteopathic medicine, dentistry, or another health profession, or an appropriate degree from a graduate program of behavioral and mental health, or be certified as a nurse midwife, nurse practitioner, or physician assistant;
(B) be enrolled in an approved graduate training program in medicine, osteopathic medicine, dentistry, behavioral and mental health, or other health profession; or
(C) be enrolled as a full-time student—
   (i) in an accredited (as determined by the Secretary) educational institution in a State; and
   (ii) in the final year of a course of a study or program, offered by such institution and approved by the Secretary, leading to a degree in medicine, osteopathic medicine, dentistry, or other health profession;
(2) be eligible for, or hold, an appointment as a commissioned officer in the Regular or Reserve Corps of the Service or be eligible for selection for civilian service in the Corps; and
(3) submit to the Secretary an application for a contract described in subsection (f) of this section (relating to the payment by the Secretary of the educational loans of the individual in consideration of the individual serving for a period of obligated service).

(c) Information to be included with application and contract forms; understandability; availability

(1) Summary and information

In disseminating application forms and contract forms to individuals desiring to participate in the Loan Repayment Program, the Secretary shall include with such forms—

(A) a fair summary of the rights and liabilities of an individual whose application is approved (and whose contract is accepted) by the Secretary, including in the summary a clear explanation of the damages to which the United States is entitled under section 254f of this title in the case of the individual’s breach of the contract; and
(B) information respecting meeting a service obligation through private practice under an agreement under section 254n of this title and such other information as may be necessary for the individual to understand the individual’s prospective participation in the Loan Repayment Program and service in the Corps.

(2) Understandability

The application form, contract form, and all other information furnished by the Secretary under this subpart shall be written in a manner calculated to be understood by the average individual applying to participate in the Loan Repayment Program.

(3) Availability

The Secretary shall make such application forms, contract forms, and other information available to individuals desiring to participate in the Loan Repayment Program on a date sufficiently early to ensure that such individuals have adequate time to carefully review and evaluate such forms and information.

(4) Recruitment and retention

(A) The Secretary shall distribute to health professions schools materials providing information on the Loan Repayment Program and shall encourage the schools to disseminate the materials to the students of the schools.

(B)(i) In the case of any health professional whose period of obligated service under the Loan Repayment Program is nearing completion, the Secretary shall encourage the individual to remain in a health professional shortage area and to continue providing primary health services.

(ii) During the period in which a health professional is planning and making the transition to private practice from obligated service under the Loan Repayment Program, the Secretary may provide assistance to the professional regarding such transition if the professional is remaining in a health professional shortage area and is continuing to provide primary health services.

(C) In the case of entities to which participants in the Loan Repayment Program are assigned under section 254f of this title, the Secretary shall encourage the entities to provide options with respect to assisting the participants in remaining in the health professional shortage areas involved, and in continuing to provide primary health services, after the period of obligated service under the Loan Repayment Program is completed. The options with respect to which the Secretary provides such encouragement may include options regarding the sharing of a single employment position in the health professions by 2 or more health professionals, and options regarding the recruitment of couples where both of the individuals are health professionals.

(d) Factors considered in providing contracts; priorities

(1) Subject to section 254f-1 of this title, in providing contracts under the Loan Repayment Program—

(A) the Secretary shall consider the extent of the demonstrated interest of the applicants for the contracts in providing primary health services; and
(B) may consider such other factors regarding the applicants as the Secretary determines to be relevant to selecting qualified individuals to participate in such Program.

(2) In providing contracts under the Loan Repayment Program, the Secretary shall give priority—

(A) to any application for such a contract submitted by an individual whose training is in a health profession or specialty determined by the Secretary to be needed by the Corps;
(B) to any application for such a contract submitted by an individual who has (and whose spouse, if any, has) characteristics that increase the probability that the individual will continue to serve in a health professional
shortage area after the period of obligated service pursuant to subsection (f) of this section is completed; and
(C) subject to subparagraph (B), to any application for such a contract submitted by an individual who is from a disadvantaged background.

(e) Approval required for participation
An individual becomes a participant in the Loan Repayment Program only upon the Secretary and the individual entering into a written contract described in subsection (f) of this section.

(f) Contents of contracts
The written contract (referred to in this subpart) between the Secretary and an individual shall contain—

(1) an agreement that—
(A) subject to paragraph (3), the Secretary agrees—
(i) to pay on behalf of the individual loans in accordance with subsection (g) of this section; and
(ii) to accept (subject to the availability of appropriated funds for carrying out sections 254d through 254h of this title and section 254j of this title) the individual into the Corps (or for equivalent service as otherwise provided in this subpart); and
(B) subject to paragraph (3), the individual agrees—
(i) to accept loan payments on behalf of the individual;
(ii) in the case of an individual described in subsection (b)(1)(C) of this section, to maintain enrollment in a course of study or training described in such subsection until the individual completes the course of study or training;
(iii) in the case of an individual described in subsection (b)(1)(C) of this section, while enrolled in such course of study or training, to maintain an acceptable level of academic standing (as determined under regulations of the Secretary by the educational institution offering such course of study or training); and
(iv) to serve for a time period (hereinafter in this subpart referred to as the "period of obligated service") equal to 2 years or such longer period as the individual may agree to, as a provider of primary health services in a health professional shortage area (designated under section 254e of this title) to which such individual is assigned by the Secretary as a member of the Corps or released under section 254n of this title;
(2) a provision permitting the Secretary to extend for such longer additional periods, as the individual may agree to, the period of obligated service agreed to by the individual under paragraph (1)(B)(iv), including extensions resulting in an aggregate period of obligated service in excess of 4 years;
(3) a provision that any financial obligation of the United States arising out of a contract entered into under this subpart and any obligation of the individual that is conditioned thereon, is contingent on funds being appropriated for loan repayments under this subpart and to carry out the purposes of sections 254d through 254h of this title and sections 254j and 254k of this title;
(4) a statement of the damages to which the United States is entitled, under section 254o of this title for the individual's breach of the contract; and
(5) such other statements of the rights and liabilities of the Secretary and of the individual, not inconsistent with this subpart.

(g) Payments

(1) In general
A loan repayment provided for an individual under a written contract under the Loan Repayment Program shall consist of payment, in accordance with paragraph (2), on behalf of the individual of the principal, interest, and related expenses of government and commercial loans received by the individual regarding the undergraduate or graduate education of the individual (or both), which loans were made for—
(A) tuition expenses;
(B) all other reasonable educational expenses, including fees, books, and laboratory expenses, incurred by the individual; or
(C) reasonable living expenses as determined by the Secretary.

(2) Payments for years served

(A) In general
For each year of obligated service that an individual contracts to serve under subsection (f) of this section the Secretary may pay up to $35,000 on behalf of the individual for loans described in paragraph (1). In making a determination of the amount to pay for a year of such service by an individual, the Secretary shall consider the extent to which each such determination—
(i) affects the ability of the Secretary to maximize the number of contracts that can be provided under the Loan Repayment Program from the amounts appropriated for such contracts;
(ii) provides an incentive to serve in health professional shortage areas with the greatest such shortages; and
(iii) provides an incentive with respect to the health professional involved remaining in a health professional shortage area, and continuing to provide primary health services, after the completion of the period of obligated service under the Loan Repayment Program.

(B) Repayment schedule
Any arrangement made by the Secretary for the making of loan repayments in accordance with this subpart shall provide that any repayments for a year of obligated service shall be made no later than the end of the fiscal year in which the individual completes such year of service.

(3) Tax liability
For the purpose of providing reimbursements for tax liability resulting from payments under paragraph (2) on behalf of an individual—
(A) the Secretary shall, in addition to such payments, make payments to the individual in an amount equal to 39 percent of the total amount of loan repayments made for the taxable year involved; and

(B) may make such additional payments as the Secretary determines to be appropriate with respect to such purpose.

(4) Payment schedule
The Secretary may enter into an agreement with the holder of any loan for which payments are made under the Loan Repayment Program to establish a schedule for the making of such payments.

(h) Employment ceiling
Notwithstanding any other provision of law, individuals who have entered into written contracts with the Secretary under this section, while undergoing academic or other training, shall not be counted against any employment ceiling affecting the Department.

PRIOR PROVISIONS
A prior section 338B of act July 1, 1944, was renumbered section 338C by section 201(2) of Pub. L. 100–177 and is classified to section 254m of this title.

AMENDMENTS

Pub. L. 101–109, § 202(f)(2)(A), substituted ``(Except as described in subparagraph (B) and paragraph (3), for each year'' and ``(35,000)'' for ``(20,000)'' inserted at end ``(including extensions resulting in an aggregate period of obligated service in excess of 4 years)''.

Subsec. (g)(2)(B), (C). Pub. L. 101–109, § 202(f)(2)(B), redesignated subpar. (C) as (B) and struck out former subpar. (B) which read as follows: ``(1) the number, and type of health profession as a member of the Corps for the period of obligated service provided in such contract.''

(b) Notice to individual; information for informed decision; eligibility; notice to Secretary; qualification and appointment as commissioned officer; appointment as civilian member; designation of non-United States employee as member; deferment of obligated service

(1) If an individual is required under subsection (a) of this section to provide service as specified in section 254(f)(1)(B)(v) or 254–1(1)(1)(B)(v) of this title (hereinafter in this subsection referred to as ``obligated service''), the Secretary shall, not later than ninety days before the date described in paragraph (5), determine if the individual shall provide such service as a member of the Corps.

(A) as a member of the Corps who is a commissioned officer in the Regular or Reserve Corps of the Service or who is a civilian employee of the United States; or

(B) as a member of the Corps who is not such an officer or employee, and shall notify such individual of such determination.

(2) If the Secretary determines that an individual shall provide obligated service as a member of the Corps who is a commissioned officer in the Service or a civilian employee of the United States, the Secretary shall, not later than sixty days before the date described in paragraph (5), provide such individual with sufficient information regarding the advantages and disadvantages of service as such a commissioned officer or civilian employee to enable the individual to make a decision on an informed basis. To be eligible to provide obligated service as a commissioned officer in the Service, an individual shall notify the Secretary, not later than thirty days before the date described in paragraph (5), of the individual’s desire to provide such service as such an officer. If an individual qualifies for an appointment as such an officer, the Secretary shall, as soon as possible after the date described in paragraph (5), appoint the individual as a commissioned officer of the Regular or Reserve Corps of the Service and shall designate the individual as a member of the Corps.
(3) If an individual provided notice by the Secretary under paragraph (2) does not qualify for appointment as a commissioned officer in the Service, the Secretary shall, as soon as possible after the date described in paragraph (5), appoint such individual as a civilian employee of the United States and designate the individual as a member of the Corps.

(4) If the Secretary determines that an individual shall provide obligated service as a member of the Corps who is not an employee of the United States, the Secretary shall, as soon as possible after the date described in paragraph (5), designate such individual as a member of the Corps to provide such service.

(5) (A) In the case of the Scholarship Program, the date referred to in paragraphs (1) through (4) shall be the date on which the individual completes the training required for the degree for which the individual receives the scholarship, except that—

(i) for an individual receiving such a degree after September 30, 2000, from a school of medicine or osteopathic medicine, such date shall be the date the individual completes a residency in a specialty that the Secretary determines is consistent with the needs of the Corps; and

(ii) at the request of an individual, the Secretary may, consistent with the needs of the Corps, defer such date until the end of a period of time required for the individual to complete advanced training (including an internship or residency).

(B) No period of internship, residency, or other advanced clinical training shall be counted toward satisfying a period of obligated service under this subpart.

(C) In the case of the Loan Repayment Program, if an individual is required to provide obligated service under such Program, the date referred to in paragraphs (1) through (4) shall be the date determined under subparagraph (A) in the case of an individual who is enrolled in the final year of a course of study;

(ii) shall, in the case of an individual who is enrolled in an approved graduate training program in medicine, osteopathic medicine, dentistry, or other health profession, be the date the individual completes such training program; and

(iii) shall, in the case of an individual who has a degree in medicine, osteopathic medicine, dentistry, or other health profession and who has completed graduate training, be the date the individual enters into an agreement with the Secretary under section 254f–1 of this title.

(d) Assignment of personnel

The Secretary shall assign individuals performing obligated service in accordance with a written contract under the Scholarship Program to health professional shortage areas in accordance with sections 254d through 254h and sections 254j and 254k of this title. If the Secretary determines that there is no need in a health professional shortage area (designated under section 254e of this title) for a member of the profession in which an individual is obligated to provide service under a written contract and if such individual is an officer in the Service or a civilian employee of the United States, the Secretary may detail such individual to serve his period of obligated service as a full-time member of such profession in such unit of the Department as the Secretary may determine.

Subsec. (b)(5)(B). Pub. L. 107–251, § 311(1)(B)(i), redesignated subpar. (C) as (B) and struck out former subpar. (B) which read as follows:

"(B) In the case of the Scholarship Program, with respect to an individual receiving a degree from a school of medicine, osteopathic medicine, or dentistry, the number of years referred to in subparagraph (A)(i) shall be 3 years.

"(ii) In the case of the Scholarship Program, with respect to an individual receiving a degree from a school of veterinary medicine, optometry, podiatry, or pharmacy, the number of years referred to in subparagraph (A)(i) shall be 1 year."

Subsec. (b)(5)(C)(i). Pub. L. 107–251, § 311(1)(B)(iv), substituted subparagraph (A) for subparagraph (B), or (D).

Subsec. (b)(5)(D). Pub. L. 107–251, § 311(1)(B)(ii), struck out subpar. (D) which read as follows: "In the case of the Scholarship Program, with respect to an individual receiving a degree from an institution other than a school referred to in subparagraph (A), the date referred to in paragraphs (1) through (4) shall be the date on which the individual completes the academic training of the individual leading to such degree.

Subsec. (e). Pub. L. 107–251, § 311(2), struck out subsec. (e) which related to service under National Research Service Award Program as credit against obligated service time.

1987—Subsec. (a). Pub. L. 100–177, § 306(1), inserted "or 254i-1", and made technical amendment to reference to section 254n of this title to reflect renumbering of corresponding section of original act.

Subsec. (b)(5). Pub. L. 100–177, § 306(3), substituted par. (5) consisting of subpars. (A) to (E) for former par. (5) consisting of subpars. (A) and (B).

Subsec. (c)(2). Pub. L. 100–177, § 306(4), made technical amendment to reference to section 254n of this title to reflect renumbering of corresponding section of original act.

1985—Subsec. (e). Pub. L. 97–414 inserted "or under section 234 of this title" for "or under section 254m(a) or section 234 of this title" throughout.

1978—Subsec. (d). Pub. L. 95–626 substituted "part II of part D" for "part II of part C".

Effective Date of 1981 Amendment

Section 2709(h) of Pub. L. 97–35 provided that: "The amendments made by paragraphs (2), (3), and (5)(B) of subsection (c) [amending this section] shall apply with respect to contracts entered into under the National Health Service Corps scholarship program under subpart III of part C of title VII of the Public Health Service Act (section 294 et seq. of this title) after the date of the enactment of this Act [Aug. 13, 1981]. An individual who before such date has entered into such a contract and who has not begun the period of obligated service required under such contract shall have the opportunity to revise such contract to permit the individual to serve such period as a member of the National Health Service Corps who is not an employee of the United States."

Effective Date

Section effective Oct. 1, 1977, see section 408(b)(1) of Pub. L. 94–484, set out in part as a note under section 294 of this title.

full-time private clinical practice (including service as a salaried employee in an entity directly providing health services) of his health profession—

(1) in the case of an individual who received a scholarship under the Scholarship Program or a loan repayment under the Loan Repayment Program and who is performing obligated service as a member of the Corps in a health professional shortage area on the date of his application for such a release, in the health professional shortage area in which such individual is serving on such date or in the case of an individual for whom a loan payment was made under the Loan Repayment Program and who is performing obligated service as a member of the Corps in a health professional shortage area on the date of the application of the individual for such a release, in the health professional shortage area selected by the Secretary; or

(2) in the case of any other individual, in a health professional shortage area (designated under section 254e of this title) selected by the Secretary.

(b) Written agreement; actions to ensure compliance

(1) The written agreement described in subsection (a) of this section shall—

(A) provide that, during the period of private practice by an individual pursuant to the agreement, the individual shall comply with the requirements of section 254g of this title that apply to entities; and

(B) contain such additional provisions as the Secretary may require to carry out the objectives of this section.

(2) The Secretary shall take such action as may be appropriate to ensure that the conditions of the written agreement prescribed by this subsection are adhered to.

(c) Breach of service contract

If an individual breaches the contract entered into under section 254f or 254l–1 of this title by failing (for any reason) to begin his service obligation in accordance with an agreement entered into under subsection (a) of this section or to complete such service obligation, the Secretary may permit such individual to perform such service obligation as a member of the Corps.

(d) Travel expenses

The Secretary may pay an individual who has entered into an agreement with the Secretary under subsection (a) of this section an amount reasonably incurred in transporting himself, his family, and his possessions to the location of his private clinical practice.

(e) Sale of equipment and supplies

Upon the expiration of the written agreement under subsection (a) of this section, the Secretary may (notwithstanding any other provision of law) sell to the individual who has entered into an agreement with the Secretary under subsection (a) of this section, equipment and other property of the United States utilized by such individual in providing health services. Sales made under this subsection shall be made at the fair market value (as determined by the Secretary) of the equipment or such other property, except that the Secretary may make such sales for a lesser value to the individual if he determines that the individual is financially unable to pay the full market value.

(f) Malpractice insurance

The Secretary may, out of appropriations authorized under section 254k of this title, pay to individuals participating in private practice under this section the cost of such individual's malpractice insurance and the lesser of—

(1) (A) $10,000 in the first year of obligated service;

(B) $7,500 in the second year of obligated service;

(C) $5,000 in the third year of obligated service; and

(D) $2,500 in the fourth year of obligated service; or

(2) an amount determined by subtracting such individual's net income before taxes from the income the individual would have received as a member of the Corps for each such year of obligated service.

(g) Technical assistance

The Secretary shall, upon request, provide to each individual released from service obligation under this section technical assistance to assist such individual in fulfilling his or her agreement under this section.

(1) (A) $10,000 in the first year of obligated service;

(B) $7,500 in the second year of obligated service;

(C) $5,000 in the third year of obligated service; and

(D) $2,500 in the fourth year of obligated service; or

(2) an amount determined by subtracting such individual's net income before taxes from the income the individual would have received as a member of the Corps for each such year of obligated service.

PRIORITY PROVISIONS

A prior section 338D of this title, was renumbered section 338E by section 201(2) of Pub. L. 100–177 and is classified to section 254e of this title.

AMENDMENTS

2002—Subsec. (b). Pub. L. 107–251 added subsec. (b) and struck out former subsec. (b) which related to written agreements, regulations, and actions to ensure compliance.

1987—Subsec. (a). Pub. L. 100–177, § 307(1)–(3), made technical amendment to reference to section 254m of this title to reflect renumbering of corresponding section of original act, in introductory provisions, in par.
(1) inserted “who received a scholarship under the Scholarship Program or a loan repayment under the Loan Repayment Program and” after “individual” the first time it appeared as the probable intent of Congress, and inserted “or in the case of an individual for whom a loan payment was made under the Loan Repayment Program and who is performing obligated service as a member of the Corps in a health manpower shortage area on the date of the application of the individual for such a release, in the health manpower shortage area selected by the Secretary”, and in par. (2) inserted “selected by the Secretary”.

Subsec. (b). Pub. L. 100–177, § 307(4), inserted at end “The Secretary shall take such action as may be appropriate to ensure that the conditions of the written agreement prescribed by this subsection are adhered to.”

Subsec. (e). Pub. L. 100–177, § 307(b), designated par. (2) as entire subsection and struck out par. (1) which read as follows: “The Secretary may make such arrangements as he determines are necessary for the individual for the use of equipment and supplies and for the lease or acquisition of other equipment and supplies.”

1981—Subsec. (a). Pub. L. 97–35, § 2709(d)(1), inserted provision respecting requirements of applicable State law, substituted references to sections 254m(a) and 254n of this title, for reference to section 294u(a) of this title, and in cl. (2) struck out priority requirement under section 254f(c) of this title.

Subsecs. (c) to (g). Pub. L. 97–35, § 2709(d)(3), added subsecs. (c) to (g).

Section effective Oct. 1, 1977, see section 408(b)(1) of Pub. L. 94–484, set out as a note under section 254f of this title.

§ 254o. Breach of scholarship contract or loan repayment contract

(a) Failure to maintain academic standing; dismissal from institution; voluntary termination; liability; failure to accept payment

(1) An individual who has entered into a written contract with the Secretary under section 254f of this title and who—

(A) fails to maintain an acceptable level of academic standing in the educational institution in which he is enrolled (such level determined by the educational institution under regulations of the Secretary); or

(B) is dismissed from such educational institution for disciplinary reasons; or

(C) voluntarily terminates the training in such an educational institution for which he is

provided a scholarship under such contract, before the completion of such training,

in lieu of any service obligation arising under such contract, shall be liable to the United States for the amount which has been paid to him, or on his behalf, under the contract.

(2) An individual who has entered into a written contract with the Secretary under section 254f–1 of this title and who—

(A) in the case of an individual who is enrolled in the final year of a course of study, fails to maintain an acceptable level of academic standing in the educational institution in which such individual is enrolled (such level determined by the educational institution under regulations of the Secretary) or voluntarily terminates such enrollment or is dismissed from such educational institution before completion of such course of study; or

(B) in the case of an individual who is enrolled in a graduate training program, fails to complete such training program and does not receive a waiver from the Secretary under section 254f–1(b)(1)(B)(ii) of this title,

in lieu of any service obligation arising under such contract shall be liable to the United States for the amount that has been paid on behalf of the individual under the contract.

(b) Failure to commence or complete service obligations; formula to determine liability; payment to United States; recovery of delinquent damages; disclosure to credit reporting agencies

(1)(A) Except as provided in paragraph (2), if an individual breaches his written contract by failing (for any reason not specified in subsection (a) of this section or section 254p(d) of this title) to begin such individual’s service obligation under section 254f of this title in accordance with section 254m or 254n of this title, to complete such service obligation, or to complete a required residency as specified in section 254f(b)(1)(B)(iv) of this title, the United States shall be entitled to recover from the individual an amount determined in accordance with the formula

\[
A = \Phi \left( \frac{1 - e^{-tu}}{t} \right)
\]

in which “\( A \)” is the amount the United States is entitled to recover, “\( \Phi \)” is the sum of the amounts paid under this subpart to or on behalf of the individual and the interest on such amounts which would be payable if at the time the amounts were paid they were loans bearing interest at the maximum legal prevailing rate, as determined by the Treasurer of the United States; “\( t \)” is the total number of months in the individual’s period of obligated service; and “\( e \)” is the number of months of such period served by him in accordance with section 254m of this title or a written agreement under section 254n of this title.

(B)(1) Any amount of damages that the United States is entitled to recover under this subsection or under subsection (c) of this section shall, within the 1-year period beginning on the date of the breach of the written contract (or such longer period beginning on such date as
specified by the Secretary), be paid to the United States. Amounts not paid within such period shall be subject to collection through deductions in Medicare payments pursuant to section 1395ccc of this title.

(ii) Damages described in clause (i) are delinquent for 3 months, the Secretary shall, for the purpose of recovering such damages—

(I) utilize collection agencies contracted with by the Administrator of the General Services Administration; or

(II) enter into contracts for the recovery of such damages with collection agencies selected by the Secretary.

(iii) Each contract for recovering damages pursuant to this subsection shall provide that the contractor will, not less than once each 6 months, submit to the Secretary a status report on the success of the contractor in collecting such damages. Section 3718 of title 31 shall apply to any such contract to the extent not inconsistent with this subsection.

(iv) To the extent not otherwise prohibited by law, the Secretary shall disclose to all appropriate credit reporting agencies information relating to damages of more than $100 that are entitled to be recovered by the United States under this subsection and that are delinquent by more than 60 days or such longer period as is determined by the Secretary.

(2) If an individual is released under section 254m of this title from a service obligation under section 234 of this title (as in effect on September 30, 1977) and if the individual does not meet the service obligation incurred under section 254m of this title, subsection (f) of such section 234 of this title shall apply to such individual in lieu of paragraph (1) of this subsection.

(3) The Secretary may terminate a contract with an individual under section 254f of this title if, not later than 45 days before the end of the fiscal year in which the contract was entered into, the individual—

(A) submits a written request for such termination; and

(B) repays all amounts paid on behalf of the individual under section 254f–1(g) of this title.

(3) Damages that the United States is entitled to recover shall be paid in accordance with subsection (b)(1)(B) of this section.

(d) Cancellation of obligation upon death of individual; waiver or suspension of obligation for impossibility, hardship, or unconscionability; release of debt by discharge in bankruptcy; time limitations

(1) Any obligation of an individual under the Scholarship Program (or a contract thereunder) or the Loan Repayment Program (or a contract thereunder) for service or payment of damages shall be canceled upon the death of the individual.

(2) The Secretary shall by regulation provide for the partial or total waiver or suspension of any obligation of service or payment by an individual under the Scholarship Program (or a contract thereunder) or the Loan Repayment Program (or a contract thereunder) whenever compliance by the individual is impossible or would involve extreme hardship to the individual and if enforcement of such obligation with respect to any individual would be unconscionable.

(3)(A) Any obligation of an individual under the Scholarship Program (or a contract thereunder) or the Loan Repayment Program (or a contract thereunder) for payment of damages may be released by a discharge in bankruptcy under title 11 only if such discharge is granted after the expiration of the 7-year period beginning on the first date that payment of such damages is required, and only if the bankruptcy court finds that nondischarge of the obligation would be unconscionable.

(B)(i) Subparagraph (A) shall apply to any financial obligation of an individual under the provision of law specified in clause (ii) to the same extent and in the same manner as such subparagraph applies to any obligation of an individual under the Scholarship or Loan Repayment Program (or contract thereunder) for payment of damages.

(ii) The provision of law referred to in clause (i) is subsection (f) of section 234 of this title, as in effect prior to the repeal of such section by section 408(b)(1) of Public Law 94–484.

(e) Inapplicability of Federal and State statute of limitations on actions for collection

Notwithstanding any other provision of Federal or State law, there shall be no limitation on the period within which suit may be filed, a judgment may be enforced, or an action relating to an offset or garnishment, or other action, may be initiated or taken by the Secretary, the Attorney General, or the head of another Federal agency, as the case may be, for the repayment of the amount due from an individual under this section.

(f) Effective date

The amendment made by section 313(a)(4) of the Health Care Safety Net Amendments of 2002 (Public Law 107–251) shall apply to any obligation for which a discharge in bankruptcy has not been granted before the date that is 31 days after October 26, 2002.

Subsec. (c)(1), Pub. L. 107–251, §313(a)(3)(A)(ii), added subpars. (A) to (C) and concluding provisions and struck out former subpars. (A) to (C) which related, respectivety, to amounts to be recovered in the case of a contract for a 2-year period of obligated service, in the case of a contract for a period of obligated service of greater than 2 years where the breach occurred before the end of the first 2 years of such period, and in the case of a contract for a period of obligated service of greater than 2 years, where the breach occurred after the first 2 years of such period.

Subsec. (c)(2), Pub. L. 107–251, §313(a)(3)(B), added par. (2) and struck out former par. (2) which read as follows: "For purposes of paragraph (1), the term ‘unserved obligation penalty’ means the amount equal to the product of the number of months of obligated service that were not completed by an individual, multiplied by $1,000, except that in any case in which the individual fails to serve 1 year, the unserved obligation penalty shall be equal to the full period of obligated service multiplied by $1,000."

Subsec. (c)(3), (4), Pub. L. 107–251, §313(a)(3)(B), (C), re-designated par. (4) as (3) and struck out former par. (3) which read as follows: "The Secretary may waive, in whole or in part, the rights of the United States to recover amounts under this section in any case of extreme hardship or other good cause shown, as determined by the Secretary."

1987—Pub. L. 100–177, §203(e)(6), inserted "or loan repayment contract" in section catchline.

Subsec. (a), Pub. L. 100–177, §202(e)(1), designated existing provisions as par. (1), and former pars. (1) to (4) as subpars. (A) to (D), respectively, and added par. (2).

Subsec. (b)(1), Pub. L. 100–177, §202(e)(2), designated existing provisions as subpar. (A), made technical amendments to references to sections 254m, 254n, and 254p of this title wherever appearing to reflect renumbering of corresponding sections of original act, inserted "under section 254m of this title" after first reference to "service obligation" as the probable intent of Congress, struck out at end "Any amount of damages which the United States is entitled to recover under this subsection shall, within the one year period beginning on the date of the breach of the written contract (or such longer period beginning on such date as specified by the Secretary for good cause shown), be paid to the United States," and added subpar. (B).

Subsec. (b)(1)(B)(i), Pub. L. 100–203, as amended by Pub. L. 100–360, inserted at end "Amounts not paid
within such period shall be subject to collection through deductions in Medicare payments pursuant to section 1395ccc of this title.

Subsec. (c). Pub. L. 100–177, §202(c)(4), added subsec. (c). Former subsec. (c) redesignated (d).

Subsec. (d). Pub. L. 100–177, §§202(c)(3), (5), 308(a), redesignated subsec. (d) as (c) in pars. (1), (2), and (3), inserted “or the Loan Repayment Program (or a contract thereunder)”, and in par. (3) inserted “, and only if the bankruptcy court finds that nondischarge of the obligation would be unconscionable”.

1981—Subsec. (a). Pub. L. 97–35, §2709(e)(1), (2), redesignated subsec. (b) as (a) and, as so redesignated, in introductory text substituted “254” for “294t” and added par. (4). Former subsec. (a), which related to liability of individual upon failure to accept payment, was struck out.

Subsec. (b). Pub. L. 97–35, §2709(e)(1), (3), redesignated subsec. (c) as (b) and, as so redesignated, designated existing provisions as par. (1) and made numerous changes to reflect renumbering of subpart sections, and added par. (2). Former subsec. (b), redesignated (a).

Subsecs. (c), (d), Pub. L. 97–35, §2709(e)(1), (4)(A), redesignated subsec. (d) as (c) and, as so redesignated, in par. (2) inserted reference to partial or total waiver. Former subsec. (c), redesignated (b).

1977—Subsec. (c). Pub. L. 95–83 substituted “& ‘is the sum of the amounts paid under this subpart to or on behalf of the individual and the interest on such amounts which would be payable if at the time the amounts were paid they were loans” for “ ‘is the sum of the amount paid under this subpart to or on behalf of the individual and the interest on such amount which would be payable if at the time it was paid it was a loan’ ”.

Section effective Oct. 1, 1977, see section 408(b)(1) of Pub. L. 94–484, set out in part as a note under section 254l of this title.

Effective Date: Savings Provision; Credit for Period of Internship or Residency Before September 30, 1977, Towards Service Obligation
See section 408(b)(2) of Pub. L. 94–484, set out as a note under section 254l of this title.
§ 254p. Special loans for former Corps members to enter private practice

(a) Persons entitled; conditions

The Secretary may, out of appropriations authorized under section 254k of this title, make one loan to a Corps member who has agreed in writing—

(1) to engage in the private full-time clinical practice of the profession of the member in a health professional shortage area (designated under section 254e of this title) for a period of not less than 2 years which—

(A) in the case of a Corps member who is required to complete a period of obligated service under this subpart, begins not later than 1 year after the date on which such individual completes such period of obligated service; and

(B) in the case of an individual who is not required to complete a period of obligated service under this subpart, begins at such time as the Secretary considers appropriate;

(2) to conduct such practice in accordance with section 254n(b)(1) of this title; and

(3) to such additional conditions as the Secretary may require to carry out this section.

Such a loan shall be used to assist such individual in meeting the costs of beginning the practice of such individual’s profession in accordance with such agreement, including the costs of acquiring equipment and renovating facilities for use in providing health services, and of hiring nurses and other personnel to assist in providing health services. Such loan may not be used for the purchase or construction of any building.

(b) Amount of loan; maximum interest rate

(1) The amount of a loan under subsection (a) of this section to an individual shall not exceed $25,000.

(2) The interest rate for any such loan shall not exceed an annual rate of 5 percent.

(c) Application for loan; submission and approval; interest rates and repayment terms

The Secretary may not make a loan under this section unless an application therefor has been submitted to, and approved by, the Secretary. The Secretary shall, by regulation, set interest rates and repayment terms for loans under this section.

(d) Breach of agreement; notice; determination of liability

If the Secretary determines that an individual has breached a written agreement entered into under subsection (a) of this section, he shall, as soon as practicable after making such determination, notify the individual of such determination. If within 60 days after the date of giving such notice, such individual is not practicing his profession in accordance with the agreement under such subsection and has not provided assurances satisfactory to the Secretary that he will not knowingly violate such agreement again, the United States shall be entitled to recover from such individual—

(1) in the case of an individual who has received a grant under this section (as in effect prior to October 1, 1984), an amount determined under section 254o(b) of this title, except that in applying the formula contained in such section “v” shall be the sum of the amount of the grant made under subsection (a) of this section to such individual and the interest on such amount which would be payable if at the time it was paid it was a loan bearing interest at the maximum legal prevailing rate, “t” shall be the number of months that such individual agreed to practice his profession under such agreement, and “s” shall be the number of months that such individual practices his profession in accordance with such agreement; and

(2) in the case of an individual who has received a loan under this section, the full amount of the principal and interest owed by such individual under this section.
§ 254q. Authorization of appropriations

(a) Authorization of appropriations

For the purposes of carrying out this subpart, there are authorized to be appropriated—

(1) for fiscal year 2008, $131,500,000;
(2) for fiscal year 2009, $143,335,000;
(3) for fiscal year 2010, $156,235,150;
(4) for fiscal year 2011, $170,296,410; and
(5) for fiscal year 2012, $185,622,980.

(b) Scholarships for new participants

Of the amounts appropriated under subsection (a) of this section for a fiscal year, the Secretary shall obligate not less than 10 percent for the purpose of providing contracts for—

(1) scholarships under this subpart to individuals who have not previously received such scholarships; or
(2) scholarships or loan repayments under the Loan Repayment Program under section 254l-1 of this title to individuals from disadvantaged backgrounds.

(c) Scholarships and loan repayments

With respect to certification as a nurse practitioner, nurse midwife, or physician assistant, the Secretary shall, from amounts appropriated under subsection (a) of this section for a fiscal year, obligate not less than a total of 10 percent for contracts for both scholarships under the Scholarship Program under section 254f of this title and loan repayments under the Loan Repayment Program under section 254l-1 of this title to individuals who are entering the first year of a course of study or program described in section 254l(b)(1)(B) of this title that leads to such a certification or individuals who are eligible for the loan repayment program as specified in section 254l-1(b) of this title for a loan related to such certification.

(1) (1) $12,500 if the individual agrees to practice his profession in accordance with the agreement for a period of at least one year; but less than two years; or
(2) $25,000 if the individual agrees to practice his profession in accordance with the agreement for a period of at least two years.

Subsec. (c). Pub. L. 100–177, § 309(2), struck out “grant” or “before ‘loan’” in first sentence.

Subsec. (d)(1). Pub. L. 100–177, § 309(3), substituted “under this section (as in effect prior to October 1, 1984)” for “under this section”, and made technical amendment to reference to section 254a(b)(1) of this title to reflect renumbering of corresponding section of original act.

1983—Subsec. (d)(1). Pub. L. 97–414 substituted “section 254a(b)” for “section 254a(c)”.

1981—Subsec. (a). Pub. L. 97–35, § 2709(f)(2)–(4), made numerous changes to reflect renumbering of subpart sections, among them inserting references to section 254f of this title and striking out references to section 294v of this title, and added applicability to loans.

Subsec. (c). Pub. L. 97–35, § 2709(f)(6), inserted provisions relating to loans and interest rates, etc.

Subsec. (d). Pub. L. 97–35, § 2709(f)(7), restructured and revised criteria determining amount of liability of individual within 60 days after the date of notice instead of within 120 days after the date of notice.

Effective Date

Section effective Oct. 1, 1977, see section 408(b)(1) of Pub. L. 94–484, set out in part as a note under section 254f of this title.

Effective Date. Savings Provision; Credit for Period of Internship or Residency Before September 30, 1977, Towards Service Obligation

See section 408(b)(2) of Pub. L. 94–484, set out as a note under section 254f of this title.

AMENDMENTS

2008—Subsec. (a). Pub. L. 110–355 substituted “appropriated—” for “appropriated $146,250,000 for fiscal year 2008, and such sums as may be necessary for each of fiscal years 2009 through 2006.” and added pars. (1) to (5).

§ 254q–1. Grants to States for loan repayment programs

(a) In general

(1) Authority for grants

The Secretary, acting through the Administrator of the Health Resources and Services Administration, may make grants to States for the purpose of assisting the States in operating programs described in paragraph (2) in order to provide for the increased availability of primary health care services in health professional shortage areas. The National Advisory Council established under section 254l of this title shall advise the Administrator regarding the program under this section.

(2) Loan repayment programs

The programs referred to in paragraph (1) are, subject to subsection (c) of this section, programs of entering into contracts under which the State involves agrees to pay all or part of the principal, interest, and related expenses of the educational loans of health professionals in consideration of the professionals agreeing to provide primary health services in health professional shortage areas.

(3) Direct administration by State agency

The Secretary may not make a grant under paragraph (1) unless the State involved agrees that the program operated with the grant will be administered directly by a State agency.

(b) Requirement of matching funds

(1) In general

The Secretary may not make a grant under subsection (a) of this section unless the State agrees that, with respect to the costs of making payments on behalf of individuals under contracts made pursuant to paragraph (2) of such subsection, the State will make available (directly or through donations from public or private entities) non-Federal contributions in cash toward such costs in an amount equal to not less than $1 for each $1 of Federal funds provided in the grant.

(2) Determination of amount of non-Federal contribution

In determining the amount of non-Federal contributions in cash that a State has provided pursuant to paragraph (1), the Secretary may not include any amounts provided to the State by the Federal Government.

(c) Coordination with Federal program

(1) Assignments for health professional shortage areas under Federal program

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that, in carrying out the program operated with the grant, the State will assign health professionals participating in the program only to public and nonprofit private entities located in and providing health services in health professional shortage areas.

(2) Remedies for breach of contracts

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that the contracts provided by the State pursuant to paragraph (2) of such subsection will provide remedies for any breach of the contracts by the health professionals involved.

(3) Limitation regarding contract inducements

(A) Except as provided in subparagraph (B), the Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that the contracts provided by the State pursuant to paragraph (2) of such subsection will not be provided on terms that are more favorable to health professionals than the most favorable terms that the Secretary is authorized to provide for contracts under the Loan Repayment Program under section 254l–1 of this title, including terms regarding—

(i) the annual amount of payments provided on behalf of the professionals regarding educational loans; and

(ii) the availability of remedies for any breach of the contracts by the health professionals involved.

(B) With respect to the limitation established in subparagraph (A) regarding the annual amount of payments that may be provided to a health professional under a contract provided by a State pursuant to subsection (a)(2) of this section, such limitation shall not apply with respect to a contract if—

(i) the excess of such annual payments above the maximum amount authorized in section 254f–1(g)(2)(A) of this title for annual payments regarding contracts is paid solely from non-Federal contributions under subsection (b) of this section; and

(ii) the contract provides that the health professional involved will satisfy the requirement of obligated service under the contract solely through the provision of primary health services in a health professional shortage area that is receiving priority for purposes of section 254f–1(a)(1) of this title and that is authorized to receive assignments under section 254f of this title.

(d) Restrictions on use of funds

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that the grant will not be expended—

(1) to conduct activities for which Federal funds are expended—

(A) within the State to provide technical or other nonfinancial assistance under subsection (f) of section 254c of this title;

(B) under a memorandum of agreement entered into with the State under subsection (h) of such section; or

(C) under a grant under section 254r of this title; or

(2) for any purpose other than making payments on behalf of health professionals under

See References in Text note below.
contracts entered into pursuant to subsection (a)(2) of this section.

(e) Reports

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees—

(1) to submit to the Secretary such reports regarding the States loan repayment program, as are determined to be appropriate by the Secretary; and

(2) to submit such a report not later than January 10 of each fiscal year immediately following any fiscal year for which the State has received such a grant.

(f) Requirement of application

The Secretary may not make a grant under subsection (a) of this section unless an application for the grant is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out such subsection.

(g) Noncompliance

(1) In general

The Secretary may not make payments under subsection (a) of this section to a State for any fiscal year subsequent to the first fiscal year of such payments unless the Secretary determines that, for the immediately preceding fiscal year, the State has complied with each of the agreements made by the State under this section.

(2) Reduction in grant relative to number of breached contracts

(A) Before making a grant under subsection (a) of this section to a State for a fiscal year, the Secretary shall determine the number of contracts provided by the State under paragraph (2) of such subsection with respect to which there has been an initial breach by the health professionals involved during the fiscal year preceding the fiscal year for which the State is applying to receive the grant.

(B) Subject to paragraph (3), in the case of a State with 1 or more initial breaches for purposes of subparagraph (A), the Secretary shall reduce the amount of a grant under subsection (a) of this section to the State for the fiscal year involved by an amount equal to the sum of the expenditures of Federal funds made regarding the contracts involved and an amount representing interest on the amount of such expenditures, determined with respect to each contract on the basis of the maximum legal rate prevailing for loans made during the time amounts were paid under the contract, as determined by the Treasurer of the United States.

(3) Waiver regarding reduction in grant

The Secretary may waive the requirement established in paragraph (2)(B) with respect to the initial breach of a contract if the Secretary determines that such breach by the health professional involved was attributable solely to the professional having a serious illness.

(h) “State” defined

For purposes of this section, the term “State” means each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, Palau, the Marshall Islands, and the Commonwealth of the Northern Mariana Islands.

(i) Authorization of appropriations

(1) In general

For the purpose of making grants under subsection (a) of this section, there are authorized to be appropriated $12,000,000 for fiscal year 2008, and such sums as may be necessary for each of fiscal years 2009 through 2012.

(2) Availability

Amounts appropriated under paragraph (1) shall remain available until expended.

(j) Public health loan repayment

(1) In general

The Secretary may award grants to States for the purpose of assisting such States in operating loan repayment programs under which such States enter into contracts to repay all or part of the eligible loans borrowed by, or on behalf of, individuals who agree to serve in State, local, or tribal health departments that serve health professional shortage areas or other areas at risk of a public health emergency, as designated by the Secretary.

(2) Loans eligible for repayment

To be eligible for repayment under this subsection, a loan shall be a loan made, insured, or guaranteed by the Federal Government that is borrowed by, or on behalf of, an individual to pay the cost of attendance for a program of education leading to a degree appropriate for such emergency, as determined by the Secretary.

(3) Applicability of existing requirements

With respect to awards made under paragraph (1)—

(A) the requirements of subsections (b), (f), and (g) shall apply to such awards; and

(B) the requirements of subsection (c) shall apply to such awards except that with respect to paragraph (1) of such subsection, the State involved may assign an individual only to public and nonprofit private entities that serve health professional shortage areas or areas at risk of a public health emergency, as determined by the Secretary.

(4) Authorization of appropriations

There are authorized to be appropriated to carry out this subsection, such sums as may be necessary for each of fiscal years 2007 through 2010.

§ 254r. Grants to States for operation of offices of rural health

(a) In general

The Secretary, acting through the Director of the Office of Rural Health Policy (established in section 912 of this title), may make grants to States for the purpose of improving health care in rural areas through the operation of State offices of rural health.

(b) Requirement of matching funds

(1) In general

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees, with respect to the costs to be incurred by the State in carrying out the purpose described in such subsection, to provide non-Federal contributions toward such costs in an amount equal to—

(A) for the first fiscal year of payments under the grant, not less than $1 for each $3 of Federal funds provided in the grant;

(B) for any second fiscal year of such payments, not less than $1 for each $1 of Federal funds provided in the grant; and

(C) for any third fiscal year of such payments, not less than $3 for each $1 of Federal funds provided in the grant.

(2) Determination of amount of non-Federal contribution

(A) Subject to subparagraph (B), non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(B) The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that—

(i) for the first fiscal year of payments under the grant, 100 percent or less of the non-Federal contributions required in paragraph (1) will be provided in the form of in-kind contributions;

(ii) for any second fiscal year of such payments, not more than 50 percent of such non-Federal contributions will be provided in the form of in-kind contributions; and

(iii) for any third fiscal year of such payments, such non-Federal contributions will be provided solely in the form of cash.

(c) Certain required activities

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that activities carried out by an office operated pursuant to such subsection will include—

(1) establishing and maintaining within the State a clearinghouse for collecting and disseminating information on—

(A) rural health care issues;

(B) research findings relating to rural health care; and

(C) innovative approaches to the delivery of health care in rural areas;

(2) coordinating the activities carried out in the State that relate to rural health care, including providing coordination for the purpose of avoiding redundancy in such activities; and

(3) identifying Federal and State programs regarding rural health, and providing tech-
technical assistance to public and nonprofit private entities participating in such programs.

(d) Requirement regarding annual budget for office

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that, for any fiscal year for which the State receives such a grant, the office operated pursuant to subsection (a) of this section will be provided with an annual budget of not less than $50,000.

(e) Certain uses of funds

(1) Restrictions

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees that—

(A) if research with respect to rural health is conducted pursuant to the grant, not more than 10 percent of the grant will be expended for such research; and

(B) the grant will not be expended—

(i) to provide health care (including providing cash payments regarding such care);

(ii) to conduct activities for which Federal funds are expended—

(I) within the State to provide technical and other nonfinancial assistance under subsection (f) of section 254c 1 of this title;

(II) under a memorandum of agreement entered into with the State under subsection (h) of such section; or

(III) under a grant under section 254q-1 of this title;

(iii) to purchase medical equipment, to purchase ambulances, aircraft, or other vehicles, or to purchase major communications equipment;

(iv) to purchase or improve real property; or

(v) to carry out any activity regarding a certificate of need.

(2) Authorities

Activities for which a State may expend a grant under subsection (a) of this section include—

(A) paying the costs of establishing an office of rural health for purposes of subsection (a) of this section;

(B) subject to paragraph (1)(B)(i)(III), paying the costs of any activity carried out with respect to recruiting and retaining health professionals to serve in rural areas of the State; and

(C) providing grants and contracts to public and nonprofit private entities to carry out activities authorized in this section.

(f) Reports

The Secretary may not make a grant under subsection (a) of this section unless the State involved agrees—

(1) to submit to the Secretary reports containing such information as the Secretary may require regarding activities carried out under this section by the State; and

(2) to submit such a report not later than January 10 of each fiscal year immediately following any fiscal year for which the State has received such a grant.

(g) Requirement of application

The Secretary may not make a grant under subsection (a) of this section unless an application for the grant is submitted to the Secretary and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out such subsection.

(h) Noncompliance

The Secretary may not make payments under subsection (a) of this section to a State for any fiscal year subsequent to the first fiscal year of such payments unless the Secretary determines that, for the immediately preceding fiscal year, the State has complied with each of the agreements made by the State under this section.

(i) “State” defined

For purposes of this section, the term “State” means each of the several States.

(j) Authorization of appropriations

(1) In general

For the purpose of making grants under subsection (a) of this section, there are authorized to be appropriated $3,000,000 for fiscal year 1991, $4,000,000 for fiscal year 1992, $3,000,000 for fiscal year 1993, and such sums as may be necessary for each of the fiscal years 1998 through 2002.

(2) Availability

Amounts appropriated under paragraph (1) shall remain available until expended.

(k) Termination of program

No grant may be made under this section after the aggregate amounts appropriated under subsection (j)(1) of this section are equal to $36,000,000.

(See References in Text note below.)
§ 254s. Native Hawaiian Health Scholarships

(a) Eligibility

Subject to the availability of funds appropriated under the authority of subsection (d) of this section, the Secretary shall provide funds to Papa Ola Lokahi for the purpose of providing scholarship assistance to students who—

(1) meet the requirements of section 254l(b) of this title, and

(2) are Native Hawaiians.

(b) Terms and conditions

(1) The scholarship assistance provided under subsection (a) of this section shall be provided under the same terms and subject to the same conditions, regulations, and rules that apply to scholarship assistance provided under section 254l of this title.

(2) The Native Hawaiian Health Scholarship program shall not be administered by or through the Indian Health Service.

(c) "Native Hawaiian" defined

For purposes of this section, the term "Native Hawaiian" means any individual who is—

(1) a citizen of the United States,

(2) a resident of the State of Hawaii, and

(3) a descendant of the aboriginal people, who prior to 1778, occupied and exercised sovereignty in the area that now constitutes the State of Hawaii, as evidenced by—

(A) genealogical records,

(B) Kupuna (elders) or Kama‘aina (long-term community residents) verification, or

(C) birth records of the State of Hawaii.

(d) Authorization of appropriations

There are authorized to be appropriated $1,800,000 for each of the fiscal years 1990, 1991, and 1992 for the purpose of funding the scholarship assistance provided under subsection (a) of this section.

AMENDMENTS

Subsec. (k). Pub. L. 105–392, §301(3), substituted “$36,000,000” for “$10,000,000”.

Communications for Rural Health Providers

Pub. L. 102–538, title I, §154, formerly §134, Oct. 27, 1992, 106 Stat. 3541, renumbered §154 by Pub. L. 103–66, Aug. 10, 1993, 107 Stat. 379, directed Secretary of Commerce, in conjunction with Secretary of Health and Human Services, to establish an advisory panel to develop recommendations for the improvement of rural health care through the collection of information needed by providers and the improvement in the use of communications to disseminate such information and, not later than 1 year after establishment of Panel to prepare and submit to Congress a report summarizing the recommendations made by the Panel.

§ 254t. Demonstration project

(a) Program authorized

The Secretary shall establish a demonstration project to provide for the participation of individuals who are chiropractic doctors or pharmacists in the Loan Repayment Program described in section 254l of this title.

(b) Procedure

An individual that receives assistance under this section shall receive obligated service at a site unless—

(B) such physician or other health professional licensed to prescribe drugs to provide obligated service at such site under section 254m or 254n of this title; and

(C) the site is an urban area.

§ 254u. Demonstration project

(a) Program authorized

The Secretary shall establish a demonstration project to provide for the participation of individuals who are chiropractic doctors or pharmacists in the Loan Repayment Program described in section 254l of this title.

(b) Program authorized

An individual that receives assistance under this section shall receive obligated service at a site unless—

(B) such physician or other health professional licensed to prescribe drugs to provide obligated service at such site under section 254m or 254n of this title; and

(C) the site is an urban area.

§ 254v. Demonstration project

(a) Program authorized

The Secretary shall establish a demonstration project to provide for the participation of individuals who are chiropractic doctors or pharmacists in the Loan Repayment Program described in section 254l of this title.

(b) Program authorized

An individual that receives assistance under this section shall receive obligated service at a site unless—

(B) such physician or other health professional licensed to prescribe drugs to provide obligated service at such site under section 254m or 254n of this title; and

(C) the site is an urban area.
health professional licensed to prescribe drugs must supervise an individual receiving assistance under the demonstration project under this section, with respect to such project.

(B) Licensure of health professionals

Nothing in this section shall be construed to supersede State law regarding licensure of health professionals.

(d) Designations

The demonstration project described in this section, and any providers who are selected to participate in such project, shall not be considered by the Secretary in the designation of a health professional shortage area under section 254e of this title during fiscal years 2002 through 2004.

(e) Rule of construction

This section shall not be construed to require any State to participate in the project described in this section.

(f) Report

(1) In general

The Secretary shall evaluate the participation of individuals in the demonstration projects under this section and prepare and submit a report containing the information described in paragraph (2) to—

(A) the Committee on Health, Education, Labor, and Pensions of the Senate;

(B) the Subcommittee on Labor, Health and Human Services, and Education of the Committee on Appropriations of the Senate;

(C) the Committee on Energy and Commerce of the House of Representatives; and

(D) the Subcommittee on Labor, Health and Human Services, and Education of the Committee on Appropriations of the House of Representatives.

(2) Content

The report described in paragraph (1) shall detail—

(A) the manner in which the demonstration project described in this section has affected access to primary care services, patient satisfaction, quality of care, and health care services provided for traditionally underserved populations;

(B) how the participation of chiropractic doctors and pharmacists in the Loan Repayment Program might affect the designation of health professional shortage areas; and

(C) whether adding chiropractic doctors and pharmacists as permanent members of the National Health Service Corps would be feasible and would enhance the effectiveness of the National Health Service Corps.

(g) Authorization of appropriations

(1) In general

There are authorized to be appropriated to carry out this section, such sums as may be necessary for fiscal years 2002 through 2004.

(2) Fiscal year 2005

If the Secretary determines and certifies to Congress by not later than September 30, 2004, that the number of individuals participating in the demonstration project established under this section is insufficient for purposes of performing the evaluation described in subsection (f)(1) of this section, the authorization of appropriations under paragraph (1) shall be extended to include fiscal year 2005.

(3) Authorization of appropriations for fiscal year 2006

There are authorized to be appropriated—

(A) to the Secretary to provide for the demonstration project described in this section, with respect to the program described in section 254–1 of this title, an individual shall—

(I) comply with all rules and requirements described in such section (other than section 254–1(f)(1)(B)(iv) of this title); and

(II) agree to serve for a time period equal to 2 years, or such longer period as the individual may agree to, in a State, local, or tribal health department, described in subsection (a).

(B) to the Secretary to provide for the demonstration project under subsection (a), the impact of such participation on State, local, and tribal health departments, and the benefit and feasibility of permanently allowing such placements in the Loan Repayment Program.

(e) Authorization of appropriations

There are authorized to be appropriated to carry out this section, such sums as may be necessary for each of fiscal years 2007 through 2010.
§ 255. Home health services

(a) Purpose; authorization of grants and loans; considerations; conditions on loans; appropriations

(1) For the purpose of encouraging the establishment and initial operation of home health programs to provide home health services in areas which such services are inadequate or not readily accessible, the Secretary may, in accordance with the provisions of this section, make grants to public and nonprofit private entities and loans to proprietary entities to meet the initial costs of establishing and operating such home health programs. Such grants and loans may include funds to provide training for parapersonals (including homemaker home health aides) to provide home health services.

(2) In making grants and loans under this subsection, the Secretary shall—

(A) consider the relative needs of the several States for home health services;

(B) give preference to areas in which a high percentage of the population proposed to be served is composed of individuals who are elderly, medically indigent, or disabled; and

(C) give special consideration to areas with inadequate means of transportation to obtain necessary health services.

(3)(A) No loan may be made to a proprietary entity under this section unless the application for such loan contains assurances satisfactory to the Secretary that—

(i) at the time the application is made the entity is fiscally sound;

(ii) the entity is unable to secure a loan for the project for which the application is submitted from non-Federal lenders at the rate of interest prevailing in the area in which the entity is located; and

(iii) during the period of the loan, such entity will remain fiscally sound.

(B) Loans under this section shall be made at an interest rate comparable to the rate of interest prevailing on the date the loan is made with respect to the marketable obligations of the United States of comparable maturities, adjusted to provide for administrative costs.

(4) Applications for grants and loans under this subsection shall be in such form and contain such information as the Secretary shall prescribe.

(5) There are authorized to be appropriated for grants and loans under this subsection $5,000,000 for each of the fiscal years ending on September 30, 1983, September 30, 1984, September 30, 1985, September 30, 1986, and September 30, 1987.

(b) Grants and contracts for training programs for paraprofessionals; considerations; applications; appropriations

(1) The Secretary may make grants to and enter into contracts with public and private entities to assist them in developing appropriate training programs for paraprofessionals (including homemaker home health aides) to provide home health services.

(2) Any program established with a grant or contract under this subsection to train homemaker home health aides shall—

(A) extend for at least forty hours, and consist of classroom instruction and at least twenty hours (in the aggregate) of supervised clinical instruction directed toward preparing students to deliver home health services;

(B) be carried out under appropriate professional supervision and be designed to train students to maintain or enhance the personal care of an individual in his home in a manner which promotes the functional independence of the individual; and

(C) include training in—

(i) personal care services designed to assist an individual in the activities of daily living such as bathing, exercising, personal grooming, and getting in and out of bed; and

(ii) household care services such as maintaining a safe living environment, light housekeeping, and assisting in providing good nutrition (by the purchasing and preparation of food).

(3) In making grants and entering into contracts under this subsection, special consideration shall be given to entities which establish or will establish programs to provide training for persons fifty years of age and older who wish to become paraprofessionals (including homemaker home health aides) to provide home health services.

(4) Applications for grants and contracts under this subsection shall be in such form and contain such information as the Secretary shall prescribe.

(5) There are authorized to be appropriated for grants and contracts under this subsection $2,000,000 for each of the fiscal years ending September 30, 1983, September 30, 1984, September 30, 1985, September 30, 1986, and September 30, 1987.

(c) Report to Congress with respect to grants and loans and training of personnel

The Secretary shall report to the Committee on Labor and Human Resources of the Senate and the Committee on Energy and Commerce of the House of Representatives on or before January 1, 1984, with respect to—

(1) the impact of grants made and contracts entered into under subsections (a) and (b) of this section (as such subsections were in effect prior to October 1, 1981);

(2) the need to continue grants and loans under subsections (a) and (b) of this section (as such subsections are in effect on the day after January 4, 1983); and

(3) the extent to which standards have been applied to the training of personnel who provide home health services.
(d) “Home health services” defined

For purposes of this section, the term “home health services” has the meaning prescribed for the term by section 1395x(m) of this title.

Report to Congress Concerning Results of Studies Evaluating Home and Community Based Health Services; Studies of Reimbursement Methodologies; Investigation of Fraud; Demonstration Projects; Home Health Services Defined

Section 6(b)–(f) of Pub. L. 97–414 directed Secretary of Health and Human Services to report results of studies evaluating home and community based health services, and any recommendations for legislative action which might improve the provision of such services, to Congress prior to Jan. 1, 1985, to compile and analyze results of significant public or private studies relating to reimbursement methodologies for home health services and to report recommendations to Congress within 180 days after Jan. 1, 1983, to investigate methods available to stem medicare and medicaid fraud and abuse and extent to which such methods are applied and to report results to Congress within 18 months of Jan. 1, 1983, to develop and carry out demonstration projects commencing no later than Jan. 1, 1984, to test methods for identifying patients at risk of institutionalization who could be treated more cost-effectively with home health services, and to test alternative reimbursement methodologies for home health agencies in order to determine most cost-effective way of providing home health services, and to report to Congress with regard to the demonstrations no later than Jan. 1, 1985; and provided “home health services” for purposes of this section.

Subpart V—Healthy Communities Access Program

Prior Provisions

§256. Grants to strengthen the effectiveness, efficiency, and coordination of services for the uninsured and underinsured

(a) In general

The Secretary may award grants to eligible entities to assist in the development of integrated health care delivery systems to serve communities of individuals who are uninsured and individuals who are underinsured—

(1) to improve the efficiency of, and coordination among, the providers providing services through such systems;

(2) to assist communities in developing programs targeted toward preventing and managing chronic diseases; and

(3) to expand and enhance the services provided through such systems.

(b) Eligible entities

To be eligible to receive a grant under this section, an entity shall be an entity that—

(1) represents a consortium—

(A) whose principal purpose is to provide a broad range of coordinated health care services for a community defined in the entity’s grant application as described in paragraph (2); and

(B) that includes at least one of each of the following providers that serve the community (unless such provider does not exist within the community, declines or refuses to participate, or places unreasonable conditions on their participation):

(i) a Federally qualified health center (as defined in section 1386x(aa) of this title);

(ii) a hospital with a low-income utilization rate (as defined in section 1396r–4(b)(3) of this title), that is greater than 25 percent;

(iii) a public health department; and

(iv) an interested public or private sector health care provider or an organization that has traditionally served the medically uninsured and underserved; and

(2) submits to the Secretary an application, in such form and manner as the Secretary shall prescribe, that—

(A) defines a community or geographic area of uninsured and underinsured individuals;

(B) identifies the providers who will participate in the consortium’s program under the grant, and specifies each provider’s con-
§ 256

(1) Number of awards

(A) In general

For each of fiscal years 2003, 2004, 2005, and 2006, the Secretary may not make more than 35 new awards under subsection (a) of this section (excluding renewals of such awards).

(B) Rule of construction

This paragraph shall not be construed to affect awards made before fiscal year 2003.

(2) In general

An eligible entity may not receive a grant under this section (including with respect to any such grant made before fiscal year 2003) for more than 3 consecutive fiscal years, except that such entity may receive such a grant award for not more than 1 additional fiscal year if—

(A) the eligible entity submits to the Secretary a request for a grant for such an additional fiscal year;

(B) the Secretary determines that extraordinary circumstances (as defined in paragraph (3)) justify the granting of such request; and

(C) the Secretary determines that granting such request is necessary to further the objectives described in subsection (a) of this section.

(3) Extraordinary circumstances

(A) In general

In paragraph (2), the term “extraordinary circumstances” means an event (or events) that is outside of the control of the eligible entity that has prevented the eligible entity from fulfilling the objectives described by such entity in the application submitted under subsection (b)(2) of this section.

(B) Examples

Extraordinary circumstances include—

(i) natural disasters or other major disruptions to the security or health of the community or geographic area served by the eligible entity; or

(ii) a significant economic deterioration in the community or geographic area served by such eligible entity, that directly and adversely affects the entity receiving an award under subsection (a) of this section.

(d) Priorities

In awarding grants under this section, the Secretary—

(1) shall accord priority to applicants that demonstrate the extent of unmet need in the community involved for a more coordinated system of care; and

(2) may accord priority to applicants that best promote the objectives of this section, taking into consideration the extent to which the application involved—

(A) identifies a community whose geographical area has a high or increasing percentage of individuals who are uninsured;

(B) demonstrates that the applicant has included in its consortium providers, support systems, and programs that have a tradition of serving uninsured individuals and underinsured individuals in the community;

(C) shows evidence that the program would expand utilization of preventive and primary care services for uninsured and underinsured individuals and families in the community, including behavioral and mental health services, oral health services, or substance abuse services;
proposes a program that would improve coordination between health care providers and appropriate social service providers;

(G) demonstrates a likelihood that the proposed program will continue after support under this section ceases.

(e) Use of funds

(1) Use by grantees

(A) In general

Except as provided in paragraphs (2) and (3), a grantee may use amounts provided under this section only for—

(i) direct expenses associated with achieving the greater integration of a health care delivery system so that the system either directly provides or ensures the provision of a broad range of culturally competent services, as appropriate, including primary, secondary, and tertiary services, as well as substance abuse treatment and mental health services; and

(ii) direct patient care and service expansions to fill identified or documented gaps within an integrated delivery system.

(B) Specific uses

The following are examples of purposes for which a grantee may use grant funds under this section, when such use meets the conditions stated in subparagraph (A):

(i) direct expenses associated with closing gaps in health care service.

(ii) Improvements to case management.

(iii) Improvements to coordination of transportation to health care facilities.

(iv) Development of provider networks and other innovative models to engage physicians in voluntary efforts to serve the medically underserved within a community.

(v) Recruitment, training, and compensation of necessary personnel.

(vi) Acquisition of technology for the purpose of coordinating care.

(vii) Improvements to provider communication, including implementation of shared information systems or shared clinical systems.

(viii) Development of common processes for determining eligibility for the programs provided through the system, including creating common identification cards and single sliding scale discounts.

(ix) Development of specific prevention and disease management tools and processes.

(x) Translation services.

(xi) Carrying out other activities that may be appropriate to a community and that would increase access by the uninsured to health care, such as access initiatives for which private entities provide non-Federal contributions to supplement the Federal funds provided through the grants for the initiatives.

(2) Direct patient care limitation

Not more than 15 percent of the funds provided under a grant awarded under this section may be used for providing direct patient care and services.

(3) Reservation of funds for national program purposes

The Secretary may use not more than 3 percent of funds appropriated to carry out this section for providing technical assistance to grantees, obtaining assistance of experts and consultants, holding meetings, developing of tools, disseminating of information, evaluation, and carrying out activities that will extend the benefits of programs funded under this section to communities other than the community served by the program funded.

(f) Grantee requirements

(1) Evaluation of effectiveness

A grantee under this section shall—

(A) report to the Secretary annually regarding—

(i) progress in meeting the goals and measurable objectives set forth in the grant application submitted by the grantee under subsection (b) of this section; and

(ii) the extent to which activities conducted by such grantee have—

(I) improved the effectiveness, efficiency, and coordination of services for uninsured and underinsured individuals in the communities or geographic areas served by such grantee;

(II) resulted in the provision of better quality health care for such individuals; and

(III) resulted in the provision of health care to such individuals at lower cost than would have been possible in the absence of the activities conducted by such grantee; and

(B) provide for an independent annual financial audit of all records that relate to the disposition of funds received through the grant.

(2) Progress

The Secretary may not renew an annual grant under this section for an entity for a fiscal year unless the Secretary is satisfied that the consortium represented by the entity has made reasonable and demonstrable progress in meeting the goals and measurable objectives set forth in the entity’s grant application for the preceding fiscal year.

(g) Maintenance of effort

With respect to activities for which a grant under this section is authorized, the Secretary may award such a grant only if the applicant for the grant, and each of the participating providers, agree that the grantee and each such provider will maintain its expenditures of non-Federal funds for such activities at a level that is not less than the level of such expenditures during the fiscal year immediately preceding the fiscal year for which the applicant is applying to receive such grant.

(h) Technical assistance

The Secretary may, either directly or by grant or contract, provide any entity that receives a
grant under this section with technical and other nonfinancial assistance necessary to meet the requirements of this section.

(i) Evaluation of program

Not later than September 30, 2005, the Secretary shall prepare and submit to the appropriate committees of Congress a report that describes the extent to which projects funded under this section have been successful in improving the effectiveness, efficiency, and coordination of services for uninsured and underinsured individuals in the communities or geographic areas served by such projects, including whether the projects resulted in the provision of better quality health care for such individuals, and whether such care was provided at lower costs, than would have been provided in the absence of such projects.

(j) Demonstration authority

The Secretary may make demonstration awards under this section to historically black health professions schools for the purposes of—

(1) developing patient-based research infrastructure at historically black health professions schools, which have an affiliation, or affiliations, with any of the providers identified in subsection (b)(1)(B) of this section;

(2) establishment of joint and collaborative programs of medical research and data collection between historically black health professions schools and such providers, whose goal is to improve the health status of medically underserved populations; or

(3) supporting the research-related costs of patient care, data collection, and academic training resulting from such affiliations.

(k) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of fiscal years 2002 through 2006.

(l) Date certain for termination of program

Funds may not be appropriated to carry out this section after September 30, 2006.

### Prior Provisions

A prior section 256, act July 1, 1944, ch. 373, title III, §340, as added Pub. L. 107–251, title IV, §402, Oct. 26, 2002, 116 Stat. 1655, provided that: "The purpose of this title [enacting this subpart and subpart X (§256f et seq.) of this part and provisions set out as a note under section 1396a of this title] is to provide assistance to communities and consortia of health care providers and others, to develop or strengthen integrated community health care delivery systems that coordinate health care services for individuals who are uninsured or underinsured and to develop or strengthen activities related to providing coordinated care for individuals with chronic conditions who are uninsured or underinsured, through the—

(1) coordination of services to allow individuals to receive efficient and higher quality care and to gain entry into and receive services from a comprehensive system of care;

(2) development of the infrastructure for a health care delivery system characterized by effective collaboration, information sharing, and clinical and financial coordination among all providers of care in the community; and

(3) provision of new Federal resources that do not supplant funding for existing Federal categorical programs that support entities providing services to low-income populations."

### § 256a. Patient navigator grants

(a) Grants

The Secretary, acting through the Administrator of the Health Resources and Services Administration, may make grants to eligible entities for the development and operation of demonstration programs to provide patient navigator services to improve health care outcomes. The Secretary shall coordinate with, and ensure the participation of, the Indian Health Service, the National Cancer Institute, the Office of Rural Health Policy, and such other offices and agencies as deemed appropriate by the Secretary, regarding the design and evaluation of the demonstration programs.

(b) Use of funds

The Secretary shall require each recipient of a grant under this section to use the grant to recruit, assign, train, and employ patient navigators who have direct knowledge of the communities they serve to facilitate the care of individuals, including by performing each of the following duties:

(1) Acting as contacts, including by assisting in the coordination of health care services and provider referrals, for individuals who are seeking prevention or early detection services for, or who following a screening or early detection service are found to have a symptom, abnormal finding, or diagnosis of, cancer or other chronic disease.

(2) Facilitating the involvement of community organizations in assisting individuals who are at risk for or who have cancer or other chronic diseases to receive better access to high-quality health care services (such as by creating partnerships with patient advocacy groups, charities, health care centers, etc.).
(c) Prohibitions

(1) Referral fees
The Secretary shall require each recipient of a grant under this section to prohibit any patient navigator providing services under the grant from accepting any referral fee, kickback, or other thing of value in return for referring an individual to a particular health care provider.

(2) Legal fees and costs
The Secretary shall prohibit the use of any grant funds received under this section to pay any fees or costs resulting from any litigation, arbitration, mediation, or other proceeding to resolve a legal dispute.

(d) Grant period

(1) In general
Subject to paragraphs (2) and (3), the Secretary may award grants under this section for periods of not more than 3 years.

(2) Extensions
Subject to paragraph (3), the Secretary may extend the period of a grant under this section. Each such extension shall be for a period of not more than 1 year.

(3) Limitations on grant period
In carrying out this section, the Secretary—
(A) shall ensure that the total period of a grant does not exceed 4 years; and
(B) may not authorize any grant period ending after September 30, 2010.

(e) Application

(1) In general
To seek a grant under this section, an eligible entity shall submit an application to the Secretary in such form, in such manner, and containing such information as the Secretary may require.

(2) Contents
At a minimum, the Secretary shall require each such application to outline how the eligible entity will establish baseline measures and benchmarks that meet the Secretary’s requirements to evaluate program outcomes.

(f) Uniform baseline measures
The Secretary shall establish uniform baseline measures in order to properly evaluate the impact of the demonstration projects under this section.

(g) Preference
In making grants under this section, the Secretary shall give preference to eligible entities that demonstrate in their applications plans to utilize patient navigator services to overcome significant barriers in order to improve health care outcomes in their respective communities.

(h) Duplication of services
An eligible entity that is receiving Federal funds for activities described in subsection (b) of this section on the date on which the entity submits an application under subsection (e) of this section may not receive a grant under this section unless the entity can demonstrate that amounts received under the grant will be utilized to expand services or provide new services to individuals who would not otherwise be served.

(i) Coordination with other programs
The Secretary shall ensure coordination of the demonstration grant program under this section with existing authorized programs in order to facilitate access to high-quality health care services.

(j) Study; reports

(1) Final report by Secretary
Not later than 6 months after the completion of the demonstration grant program under this section, the Secretary shall conduct a study of the results of the program and submit to the Congress a report on such results that includes the following:
(A) An evaluation of the program outcomes, including—
(i) quantitative analysis of baseline and benchmark measures; and
(ii) aggregate information about the patients served and program activities.
(B) Recommendations on whether patient navigator programs could be used to improve patient outcomes in other public health areas.

(2) Interim reports by Secretary
The Secretary may provide interim reports to the Congress on the demonstration grant program under this section at such intervals as the Secretary determines to be appropriate.

(3) Reports by grantees
The Secretary may require grant recipients under this section to submit interim and final reports on grant program outcomes.
§ 256b TITLE 42—THE PUBLIC HEALTH AND WELFARE

(k) Rule of construction
This section shall not be construed to authorize funding for the delivery of health care services (other than the patient navigator duties listed in subsection (b) of this section).

(l) Definitions
In this section:
(1) The term “eligible entity” means a public or nonprofit private health center (including a Federally qualified health center (as that term is defined in section 1396x(aa)(4) of this title)), a health facility operated by or pursuant to a contract with the Indian Health Service, a hospital, a cancer center, a rural health clinic, an academic health center, or a nonprofit entity that enters into a partnership or coordinates referrals with such a center, clinic, facility, or hospital to provide patient navigator services.
(2) The term “health disparity population” means a population that, as determined by the Secretary, has a significant disparity in the overall rate of disease incidence, prevalence, morbidity, mortality, or survival rates as compared to the health status of the general population.
(3) The term “patient navigator” means an individual who has completed a training program approved by the Secretary to perform the duties listed in subsection (b) of this section.

(m) Authorization of appropriations
(1) In general
To carry out this section, there are authorized to be appropriated $2,000,000,000 for fiscal year 2006, $5,000,000,000 for fiscal year 2007, $8,000,000,000 for fiscal year 2008, $6,500,000,000 for fiscal year 2009, and $3,500,000,000 for fiscal year 2010.

(2) Availability
The amounts appropriated pursuant to paragraph (1) shall remain available for obligation through the end of fiscal year 2010.

Prior Provisions

SUBPART VII—DRUG PRICING AGREEMENTS
§ 256b. Limitation on prices of drugs purchased by covered entities
(a) Requirements for agreement with Secretary
(1) In general
The Secretary shall enter into an agreement with each manufacturer of covered drugs under which the amount required to be paid (taking into account any rebate or discount, as provided by the Secretary) to the manufacturer for covered drugs (other than drugs described in paragraph (3)) purchased by a covered entity on or after the first day of the first month that begins after November 4, 1992, does not exceed an amount equal to the average manufacturer price for the drug under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] in the preceding calendar quarter, reduced by the rebate percentage described in paragraph (2).

(2) “Rebate percentage” defined
(A) In general
For a covered outpatient drug purchased in a calendar quarter, the “rebate percentage” is the amount (expressed as a percentage) equal to—
(i) the average total rebate required under section 1927(c) of the Social Security Act [42 U.S.C. 1396r–8(c)] with respect to the drug (for a unit of the dosage form and strength involved) during the preceding calendar quarter; divided by
(ii) the average manufacturer price for such a unit of the drug during such quarter.

(B) Over the counter drugs
(i) In general
For purposes of subparagraph (A), in the case of over the counter drugs, the “rebate percentage” shall be determined as if the rebate required under section 1927(c) of the Social Security Act [42 U.S.C. 1396r–8(c)] is based on the applicable percentage provided under section 1927(c)(4) of such Act.

(ii) “Over the counter drug” defined
The term “over the counter drug” means a drug that may be sold without a prescription and which is prescribed by a physician (or other persons authorized to prescribe such drug under State law).

(3) Drugs provided under State medicaid plans
Drugs described in this paragraph are drugs purchased by the entity for which payment is made by the State under the State plan for medical assistance under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.].

(4) “Covered entity” defined
In this section, the term “covered entity” means an entity that meets the requirements described in paragraph (5) and is one of the following:
(A) A Federally-qualified health center (as defined in section 1905(l)(2)(B) of the Social Security Act [42 U.S.C. 1396d(l)(2)(B)]).

(B) An entity receiving a grant under section 256a of this title.

(C) A family planning project receiving a grant or contract under section 300 of this title.

(D) An entity receiving a grant under subpart II of part C of subchapter XXIV of this chapter (relating to categorical grants for outpatient early intervention services for HIV disease).

1 See References in Text note below.
(E) A State-operated AIDS drug purchasing assistance program receiving financial assistance under subchapter XXIV of this chapter.

(F) A black lung clinic receiving funds under section 957(a) of title 30.

(G) A comprehensive hemophilia diagnostic treatment center receiving a grant under section 501(a)(2) of the Social Security Act [42 U.S.C. 701(a)(2)].

(H) A Native Hawaiian Health Center receiving funds under the Native Hawaiian Health Care Act of 1988.

(I) An urban Indian organization receiving funds under title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.].

(J) Any entity receiving assistance under subchapter XXIV of this chapter (other than a State or unit of local government or an entity described in subparagraph (D)), but only if the entity is certified by the Secretary pursuant to paragraph (7).

(K) An entity receiving funds under section 247c of this title (relating to treatment of sexually transmitted diseases) or section 247b(j)(2) of this title (relating to treatment of tuberculosis) through a State or unit of local government, but only if the entity is certified by the Secretary pursuant to paragraph (7).

(L) A subsection (d) hospital (as defined in section 1886(d)(1)(B) of the Social Security Act [42 U.S.C. 1395ww(d)(1)(B)]) that—

(i) is owned or operated by a unit of State or local government, is a public or private non-profit corporation which is formally granted governmental powers by a unit of State or local government, or is a private non-profit hospital which has a contract with a State or local government to provide health care services to low income individuals who are not entitled to benefits under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] or eligible for assistance under the State plan under this subchapter;

(ii) for the most recent cost reporting period that ended before the calendar quarter involved, had a disproportionate share adjustment percentage (as determined under section 1886(d)(5)(F) of the Social Security Act [42 U.S.C. 1395ww(d)(5)(F)]) greater than 11.75 percent or was described in section 1886(d)(5)(F)(I)(II) of such Act [42 U.S.C. 1395ww(d)(5)(F)(I)(II)]; and

(iii) does not obtain covered outpatient drugs through a group purchasing organization or other group purchasing arrangement.

(5) Requirements for covered entities

(A) Prohibiting duplicate discounts or rebates

(i) In general

A covered entity shall not request payment under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for medical assistance described in section 1905(a)(12) of such Act [42 U.S.C. 1396d(a)(12)] with respect to a drug that is subject to an agreement under this section if the drug is subject to the payment of a rebate to the State under section 1927 of such Act [42 U.S.C. 1396r–8].

(ii) Establishment of mechanism

The Secretary shall establish a mechanism to ensure that covered entities comply with clause (i). If the Secretary does not establish a mechanism within 12 months under the previous sentence, the requirements of section 1927(a)(5)(C) of the Social Security Act [42 U.S.C. 1396r–8(a)(5)(C)] shall apply.

(B) Prohibiting resale of drugs

With respect to any covered outpatient drug that is subject to an agreement under this subsection, a covered entity shall not resell or otherwise transfer the drug to a person who is not a patient of the entity.

(C) Auditing

A covered entity shall permit the Secretary and the manufacturer of a covered outpatient drug that is subject to an agreement under this subsection with the entity (acting in accordance with procedures established by the Secretary relating to the number, duration, and scope of audits) to audit at the Secretary's or the manufacturer's expense the records of the entity that directly pertain to the entity's compliance with the requirements described in subparagraphs (A) or (B) with respect to drugs of the manufacturer.

(D) Additional sanction for noncompliance

If the Secretary finds, after notice and hearing, that a covered entity is in violation of a requirement described in subparagraphs (A) or (B), the covered entity shall be liable to the manufacturer of the covered outpatient drug that is the subject of the violation in an amount equal to the reduction in the price of the drug (as described in subparagraph (A)) provided under the agreement between the entity and the manufacturer under this paragraph.

(6) Treatment of distinct units of hospitals

In the case of a covered entity that is a distinct part of a hospital, the hospital shall not be considered a covered entity under this paragraph unless the hospital is otherwise a covered entity under this subsection.

(7) Certification of certain covered entities

(A) Development of process

Not later than 60 days after November 4, 1992, the Secretary shall develop and implement a process for the certification of entities described in subparagraphs (J) and (K) of paragraph (4).

(B) Inclusion of purchase information

The process developed under subparagraph (A) shall include a requirement that an entity applying for certification under this paragraph submit information to the Secretary concerning the amount such entity expended for covered outpatient drugs in the

\[\text{So in original. Probably should be "paragraph".}\]
preceding year so as to assist the Secretary in evaluating the validity of the entity's subsequent purchases of covered outpatient drugs at discounted prices.

(C) Criteria

The Secretary shall make available to all manufacturers of covered outpatient drugs a description of the criteria for certification under this paragraph.

(D) List of purchasers and dispensers

The certification process developed by the Secretary under subparagraph (A) shall include procedures under which each State shall, not later than 30 days after the submission of the descriptions under subparagraph (C), prepare and submit a report to the Secretary that contains a list of entities described in subparagraphs (J) and (K) of paragraph (4) that are located in the State.

(E) Recertification

The Secretary shall require the recertification of entities certified pursuant to this paragraph on a not more frequent than annual basis, and shall require that such entities submit information to the Secretary to permit the Secretary to evaluate the validity of subsequent purchases by such entities in the same manner as that required under subparagraph (B).

(8) Development of prime vendor program

The Secretary shall establish a prime vendor program under which covered entities may enter into contracts with prime vendors for the distribution of covered outpatient drugs. If a covered entity obtains drugs directly from a manufacturer, the manufacturer shall be responsible for the costs of distribution.

(9) Notice to manufacturers

The Secretary shall notify manufacturers of covered outpatient drugs and single State agencies under section 1902(a)(5) of the Social Security Act [42 U.S.C. 1396a(a)(5)] of the identities of covered entities under this paragraph, and of entities that no longer meet the requirements of paragraph (5) or that are no longer certified pursuant to paragraph (7).

(10) No prohibition on larger discount

Nothing in this subsection shall prohibit a manufacturer from charging a price for a drug that is lower than the maximum price that may be charged under paragraph (1).

(b) Other definitions

In this section, the terms ‘average manufacturer price’, ‘covered outpatient drug’, and ‘manufacturer’ have the meaning given such terms in section 1927(k) of the Social Security Act [42 U.S.C. 1396r–8(k)].

(c) References to Social Security Act

Any reference in this section to a provision of the Social Security Act [42 U.S.C. 301 et seq.] shall be deemed to be a reference to the provision as in effect on November 4, 1992.

(d) Compliance with requirements

A manufacturer is deemed to meet the requirements of subsection (a) of this section if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of this section (as in effect immediately after November 4, 1992), as applied by the Secretary, and would have entered into an agreement under this section (as such section was in effect at such time), but for a legislative change in this section (or the application of this section) after November 4, 1992.

(1) Definitions

The Secretary may be charged under paragraph (1).

(a) Large maximum price

Any reference in this section to a provision of this Act is classified generally to chapter 7 (§301 et seq.) of this title. Titles XVIII and XIX of the Act are classified generally to subchapters XVIII (§1395 et seq.) and XIX (§1396 et seq.) of chapter 7 of this title, respectively. Amendments

Study of Treatment of Certain Clinics as Covered Entities Eligible for Prescription Drug Discounts

Section 602(b) of Pub. L. 102–585 directed Secretary of Health and Human Services to conduct a study of feasibility and desirability of including specified entities receiving funds from a State as covered entities eligible for limitations on prices of covered outpatient drugs under 42 U.S.C. 256b(a) and, not later than 1 year after Nov. 4, 1992, to submit a report to Congress on the study, including in the report a description of the entities that were the subject of the study, an analysis of the extent to which such entities procured prescription...
drugs, and an analysis of the impact of the inclusion of such entities as covered entities on the quality of care provided to and the health status of the patients of such entities.

SUBPART VIII—BULK PURCHASES OF VACCINES FOR CERTAIN PROGRAMS

AMENDMENTS

§ 256c. Bulk purchases of vaccines for certain programs

(a) Agreements for purchases

(1) In general

Not later than 180 days after October 27, 1992, the Secretary, acting through the Director of the Centers for Disease Control and Prevention and in consultation with the Administrator of the Health Resources and Services Administration, shall enter into negotiations with manufacturers of vaccines for the purpose of establishing and maintaining agreements under which entities described in paragraph (2) may purchase vaccines from the manufacturers at the prices specified in the agreements.

(2) Relevant entities

The entities referred to in paragraph (1) are entities that provide immunizations against vaccine-preventable diseases with assistance provided under section 254b of this title.

(b) Negotiation of prices

In carrying out subsection (a) of this section, the Secretary shall, to the extent practicable, ensure that the prices provided for in agreements under such subsection are comparable to the prices provided for in agreements negotiated by the Secretary on behalf of grantees under section 254b(j)(1) of this title.

(c) Authority of Secretary

In carrying out subsection (a) of this section, the Secretary, in the discretion of the Secretary, may enter into the agreements described in such subsection (and may decline to enter into such agreements), may modify such agreements, may extend such agreements, and may terminate such agreements.

(d) Rule of construction

This section may not be construed as requiring any State to reduce or terminate the supply of vaccines provided by the State to any of the entities described in subsection (a)(2) of this section.

(1) May make the information involved available to such individuals as the entity determines appropriate;

(2) may, as appropriate, provide information under subsection (a) of this section on the need for self-examination of the breasts and on the skills for such self-examinations;

(3) shall provide information under subsection (a) of this section in the language and cultural context most appropriate to the individuals to whom the information is provided; and

(4) shall refer such clients as the entities determine appropriate for breast and cervical cancer screening, treatment, or other appropriate services.

(e) Relevant entities

The entities specified in this subsection are the following:

(1) Entities receiving assistance under section 247b-

(2) Entities receiving assistance under section 247c of this title (relating to sexually transmitted diseases).

(3) Migrant health centers receiving assistance under section 254b-

(4) Community health centers receiving assistance under section 254a-

(5) Entities receiving assistance under section 254b(h) of this title (relating to homeless individuals).

(6) Entities receiving assistance under section 256a-

(7) Entities providing services with assistance under subchapter III-A of this chapter or subchapter XVII of this chapter.

(8) Entities receiving assistance under section 309 of this title (relating to family planning).

(9) Entities receiving assistance under subchapter XXIV of this chapter (relating to services with respect to acquired immune deficiency syndrome).

(10) Non-Federal entities authorized under the Indian Self-Determination Act (25 U.S.C. 450f et seq.).

§ 256d. Breast and cervical cancer information

(a) In general

As a condition of receiving grants, cooperative agreements, or contracts under this chapter, each of the entities specified in subsection (c) of this section shall, to the extent determined to be appropriate by the Secretary, make available information concerning breast and cervical cancer.

(b) Certain authorities

In carrying out subsection (a) of this section, an entity specified in subsection (c) of this section—

(1) may make the information involved available to such individuals as the entity determines appropriate;

(2) may, as appropriate, provide information under subsection (a) of this section on the need for self-examination of the breasts and on the skills for such self-examinations;

(3) shall provide information under subsection (a) of this section in the language and cultural context most appropriate to the individuals to whom the information is provided; and

(4) shall refer such clients as the entities determine appropriate for breast and cervical cancer screening, treatment, or other appropriate services.

(c) Relevant entities

The entities specified in this subsection are the following:

(1) Entities receiving assistance under section 247b-

(2) Entities receiving assistance under section 247c of this title (relating to sexually transmitted diseases).

(3) Migrant health centers receiving assistance under section 254b-

(4) Community health centers receiving assistance under section 254a-

(5) Entities receiving assistance under section 254b(h) of this title (relating to homeless individuals).

(6) Entities receiving assistance under section 256a-

(7) Entities providing services with assistance under subchapter III-A of this chapter or subchapter XVII of this chapter.

(8) Entities receiving assistance under section 309 of this title (relating to family planning).

(9) Entities receiving assistance under subchapter XXIV of this chapter (relating to services with respect to acquired immune deficiency syndrome).

(10) Non-Federal entities authorized under the Indian Self-Determination Act (25 U.S.C. 450f et seq.).

See References in Text note below.
(B) Indirect expense amount

The amount determined under subsection (d) of this section for indirect expenses associated with the treatment of more severely ill patients and the additional costs relating to teaching residents in such programs.

(2) Capped amount

(A) In general

The total of the payments made to children’s hospitals under paragraph (1)(A) or paragraph (1)(B) in a fiscal year shall not exceed the funds appropriated under paragraph (1) or (2), respectively, of subsection (f) of this section for such payments for that fiscal year.

(B) Pro rata reductions of payments for direct expenses

If the Secretary determines that the amount of funds appropriated under subsection (f)(1) of this section for a fiscal year is insufficient to provide the total amount of payments otherwise due for such periods under paragraph (1)(A), the Secretary shall reduce the amounts so payable on a pro rata basis to reflect such shortfall.

(3) Annual reporting required

(A) Reduction in payment for failure to report

(i) In general

The amount payable under this section to a children’s hospital for a fiscal year (beginning with fiscal year 2008 and after taking into account paragraph (2)) shall be reduced by 25 percent if the Secretary determines that—

(I) the hospital has failed to provide the Secretary, as an addendum to the hospital’s application under this section for such fiscal year, the report required under subparagraph (B) for the previous fiscal year; or

(II) such report fails to provide the information required under any clause of such subparagraph.

(ii) Notice and opportunity to provide missing information

Before imposing a reduction under clause (i) on the basis of a hospital’s failure to provide information described in clause (i)(II), the Secretary shall provide notice to the hospital of such failure and the Secretary’s intention to impose such reduction and shall provide the hospital with the opportunity to provide the required information within a period of 30 days beginning on the date of such notice. If the hospital provides such information within such period, no reduction shall be made under clause (i) on the basis of the previous failure to provide such information.

(B) Annual report

The report required under this subparagraph for a children’s hospital for a fiscal year is a report that includes (in a form and manner specified by the Secretary) the fol-
ferring information for the residency academic year completed immediately prior to such fiscal year:

(i) The types of resident training programs that the hospital provided for residents described in subparagraph (C), such as general pediatrics, internal medicine/pediatrics, and pediatric subspecialties, including both medical subspecialties certified by the American Board of Pediatrics (such as pediatric gastroenterology) and non-medical subspecialties approved by other medical certification boards (such as pediatric surgery).

(ii) The number of training positions for residents described in subparagraph (C), the number of such positions recruited to fill, and the number of such positions filled.

(iii) The types of training that the hospital provided for residents described in subparagraph (C) related to the health care needs of different populations, such as children who are underserved for reasons of family income or geographic location, including rural and urban areas.

(iv) The changes in residency training for residents described in subparagraph (C) which the hospital has made during such residency academic year (except that the first report submitted by the hospital under this subparagraph shall be for such changes since the first year in which the hospital received payment under this section), including:

(I) changes in curricula, training experiences, and types of training programs, and benefits that have resulted from such changes; and

(II) changes for purposes of training the residents in the measurement and improvement of the quality and safety of patient care.

(v) The numbers of residents described in subparagraph (C) who completed their residency training at the end of such residency academic year and care for children within the borders of the service area of the hospital or within the borders of the State in which the hospital is located. Such numbers shall be disaggregated with respect to residents who completed residencies in general pediatrics or internal medicine/pediatrics, subspecialty residencies, and dental residencies.

(C) Residents

The residents described in this subparagraph are those who—

(i) are in full-time equivalent resident training positions in any training program sponsored by the hospital; or

(ii) are in a training program sponsored by an entity other than the hospital, but who spend more than 75 percent of their training time at the hospital.

(D) Report to Congress

Not later than the end of fiscal year 2011, the Secretary, acting through the Administrator of the Health Resources and Services Administration, shall submit a report to the Congress—

(i) summarizing the information submitted in reports to the Secretary under subparagraph (B); and

(ii) describing the results of the program carried out under this section; and

(iii) making recommendations for improvements to the program.

(c) Amount of payment for direct graduate medical education

(1) In general

The amount determined under this subsection for payments to a children's hospital for direct graduate expenses relating to approved graduate medical residency training programs for a fiscal year is equal to the product of—

(A) the updated per resident amount for direct graduate medical education, as determined under paragraph (2); and

(B) the average number of full-time equivalent residents in the hospital's graduate approved medical residency training programs (as determined under section 1395ww(h)(4) of this title during the fiscal year.

(2) Updated per resident amount for direct graduate medical education

The updated per resident amount for direct graduate medical education for a hospital for a fiscal year is an amount determined as follows:

(A) Determination of hospital single per resident amount

The Secretary shall compute for each hospital operating an approved graduate medical education program (regardless of whether or not it is a children's hospital) a single per resident amount equal to the average (weighted by number of full-time equivalent residents) of the primary care per resident amount and the non-primary care per resident amount computed under section 1395ww(h)(4) of this title for cost reporting periods ending during fiscal year 1997.

(B) Determination of wage and non-wage-related proportion of the single per resident amount

The Secretary shall estimate the average proportion of the single per resident amounts computed under subparagraph (A) that is attributable to wages and wage-related costs.

(C) Standardizing per resident amounts

The Secretary shall establish a standardized per resident amount for each such hospital—

(i) by dividing the single per resident amount computed under subparagraph (A) into a wage-related portion and a non-wage-related portion by applying the proportion determined under subparagraph (B); and

(ii) by dividing the wage-related portion by the factor applied under section 1395ww(d)(3)(E) of this title for discharges occurring during fiscal year 1999 for the hospital's area; and
(iii) by adding the non-wage-related portion to the amount computed under clause (ii).

(D) Determination of national average

The Secretary shall compute a national average per resident amount equal to the average of the standardized per resident amounts computed under subparagraph (C) for such hospitals, with the amount for each hospital weighted by the average number of full-time equivalent residents at such hospital.

(E) Application to individual hospitals

The Secretary shall compute for each such hospital that is a children's hospital a per resident amount—

(1) by dividing the national average per resident amount computed under subparagraph (D) into a wage-related portion and a non-wage-related portion by applying the proportion determined under subparagraph (B);

(ii) by multiplying the wage-related portion by the factor applied under section 1395ww(d)(3)(E) of this title for discharges occurring during the preceding fiscal year for the hospital's area; and

(iii) by adding the non-wage-related portion to the amount computed under clause (ii).

(F) Updating rate

The Secretary shall update such per resident amount for each such children's hospital by the estimated percentage increase in the consumer price index for all urban consumers during the period beginning October 1997 and ending with the midpoint of the Federal fiscal year for which payments are made.

(d) Amount of payment for indirect medical education

(1) In general

The amount determined under this subsection for payments to a children's hospital for indirect expenses associated with the treatment of more severely ill patients and the additional costs associated with the teaching of residents for a fiscal year is equal to the amount appropriated for such expenses for the fiscal year to determine the final amount payable to the hospital for the current fiscal year for both direct expense and indirect expense amounts. Based on such determination, the Secretary shall recoup any overpayments made and pay any balance due to the extent possible. The final amount so determined shall be considered a final intermediary determination for the purposes of section 1395ww(d) of this title and shall be subject to administrative and judicial review under that section in the same manner as the amount of payment under section 1395ww(d)

(2) Interim payments

The Secretary shall determine, before the beginning of each fiscal year involved for which payments may be made for a hospital under this section, the amounts of the payments for direct graduate medical education and indirect medical education for such fiscal year and shall (subject to paragraph (2)) make the payments of such amounts in 12 equal interim installments during such period. Such interim payments to each individual hospital shall be based on the number of residents reported in the hospital's most recently filed Medicare cost report prior to the application date for the Federal fiscal year for which the interim payment amounts are established. In the case of a hospital that does not report residents on a Medicare cost report, such interim payments shall be based on the number of residents trained during the hospital's most recently completed Medicare cost report filing period.

(2) Withholding

The Secretary shall withhold up to 25 percent from each interim installment for direct and indirect graduate medical education paid under paragraph (1) as necessary to ensure a hospital will not be overpaid on an interim basis.

(3) Reconciliation

Prior to the end of each fiscal year, the Secretary shall determine any changes to the number of residents reported by a hospital in the application of the hospital for the current fiscal year to determine the final amount payable to the hospital for the current fiscal year for both direct expense and indirect expense amounts. Based on such determination, the Secretary shall recoup any overpayments made and pay any balance due to the extent possible. The final amount so determined shall be considered a final intermediary determination for the purposes of section 1395ww(d) of this title and shall be subject to administrative and judicial review under that section in the same manner as the amount of payment under section 1395ww(d) of this title is subject to review under such section.

(f) Authorization of appropriations

(1) Direct graduate medical education

(A) In general

There are hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, for payments under subsection (b)(1)(A) of this section—

(i) for fiscal year 2000, $90,000,000;

(ii) for fiscal year 2001, $85,000,000;

(iii) for each of the fiscal years 2002 through 2005, such sums as may be necessary; and

(iv) for each of fiscal years 2007 through 2011, $110,000,000.

1 See References in Text note below.
(B) Carryover of excess

The amounts appropriated under subparagraph (A) for fiscal year 2000 shall remain available for obligation through the end of fiscal year 2001.

(2) Indirect medical education

There are hereby authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, for payments under subsection (b)(1)(B) of this section—

(A) for fiscal year 2000, $190,000,000;

(B) for fiscal year 2001, $190,000,000;

(C) for each of the fiscal years 2002 through 2005, such sums as may be necessary; and

(D) for each of fiscal years 2007 through 2011, $220,000,000.

(g) Definitions

In this section:

(1) Approved graduate medical residency training program

The term “approved graduate medical residency training program” has the meaning given the term “approved medical residency training program” in section 1395ww(h)(5)(A) of this title.

(2) Children’s hospital

The term “children’s hospital” means a hospital with a Medicare payment agreement which is excluded from the Medicare inpatient prospective payment system pursuant to section 1395ww(d)(1)(B)(iii) of this title and its accompanying regulations.

(3) Direct graduate medical education costs

The term “direct graduate medical education costs” has the meaning given such term in section 1395ww(h)(5)(C) of this title.
§ 256f. Designated dental health professional shortage area

In this subpart, the term “designated dental health professional shortage area” means an area, population group, or facility that is designated by the Secretary as a dental health professional shortage area under section 254e of this title or designated by the applicable State as having a dental health professional shortage.

§ 256g. Grants for innovative programs

(a) Grant program authorized

The Secretary, acting through the Administrator of the Health Resources and Services Administration, is authorized to award grants to States for the purpose of helping States develop and implement innovative programs to address the dental workforce needs of designated dental health professional shortage areas in a manner that is appropriate to the States’ individual needs.

(b) State activities

A State receiving a grant under subsection (a) of this section may use funds received under the grant for—

(1) loan forgiveness and repayment programs for dentists who—

(A) agree to practice in designated dental health professional shortage areas;

(B) are dental school graduates who agree to serve as public health dentists for the Federal, State, or local government; and

(C) agree to—

(i) provide services to patients regardless of such patients’ ability to pay; and

(ii) use a sliding payment scale for patients who are unable to pay the total cost of services;

(2) dental recruitment and retention efforts;

(3) grants and low-interest or no-interest loans to help dentists who participate in the medicaid program under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) to establish or expand practices in designated dental health professional shortage areas by equipping dental offices or sharing in the overhead costs of such practices;

(4) the establishment or expansion of dental residency programs in coordination with accredited dental training institutions in States without dental schools;

(5) programs developed in consultation with State and local dental societies to expand or establish oral health services and facilities in designated dental health professional shortage areas, including services and facilities for children with special needs, such as—

(A) the expansion or establishment of a community-based dental facility, free-standing dental clinic, consolidated health center, school-linked dental facility, or United States dental school-based facility;

(B) the establishment of a mobile or portable dental clinic; and

(C) the establishment or expansion of private dental services to enhance capacity through additional equipment or additional hours of operation;

(6) placement and support of dental students, dental residents, and advanced dentistry trainees;

(7) continuing dental education, including distance-based education;

(8) practice support through teledentistry conducted in accordance with State laws;

(9) community-based prevention programs such as water fluoridation and dental sealant programs;

(10) coordination with local educational agencies within the State to foster programs that promote children going into oral health or science professions;

(11) the establishment of faculty recruitment programs at accredited dental training institutions whose mission includes community outreach and service and that have a demonstrated record of serving underserved States;

(12) the development of a State dental officer position or the augmentation of a State dental office to coordinate oral health and access issues in the State; and

(13) any other activities determined to be appropriate by the Secretary.

(c) Application

(1) In general

Each State desiring a grant under this section shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

(2) Assurances

The application shall include assurances that the State will meet the requirements of subsection (d) of this section and that the State possesses sufficient infrastructure to manage the activities to be funded through the grant and to evaluate and report on the outcomes resulting from such activities.

(d) Matching requirement

The Secretary may not make a grant to a State under this section unless that State agrees that, with respect to the costs to be incurred by the State in carrying out the activities for which the grant was awarded, the State will provide non-Federal contributions in an amount equal to not less than 40 percent of Federal funds provided under the grant. The State may provide the contributions in cash or in kind, fairly evaluated, including plant, equipment, and services and may provide the contributions from State, local, or private sources.

(e) Report

Not later than 5 years after October 26, 2002, the Secretary shall prepare and submit to the appropriate committees of Congress a report containing data relating to whether grants provided under this section have increased access to dental services in designated dental health professional shortage areas.
(f) Authorization of appropriations  
There is authorized to be appropriated to carry out this section $25,000,000 for the 5-fiscal year period beginning with fiscal year 2008.

PART E—NARCOTIC ADDICTS AND OTHER DRUG ABUSERS

§ 257a. Transferred

CODIFICATION  

§ 258a. Transferred

CODIFICATION  
Section, act July 8, 1947, ch. 210, title II, § 201, 61 Stat. 269, which related to transfer of balances in working capital fund, narcotic hospitals, to surplus fund, was transferred and is set out as a note under section 290a of this title.

PART F—LICENSING OF BIOLOGICAL PRODUCTS AND CLINICAL LABORATORIES

SUBPART 1—BIOLOGICAL PRODUCTS

§ 262. Regulation of biological products

(a) Biologies license  
(1) No person shall introduce or deliver for introduction into interstate commerce any biological product unless—
(A) a biologies license is in effect for the biological product; and
(B) each package of the biological product is plainly marked with—
(i) the proper name of the biological product contained in the package;
(ii) the name, address, and applicable license number of the manufacturer of the biological product; and
(iii) the expiration date of the biological product.

(2)(A) The Secretary shall establish, by regulation, requirements for the approval, suspension, and revocation of biologies licenses.

(B) PEDIATRIC STUDIES.—A person that submits an application for a license under this paragraph shall submit to the Secretary as part of the application any assessments required under section 505B of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355].

(C) The Secretary shall approve a biologies license application—
(i) on the basis of a demonstration that—
(I) the biological product that is the subject of the application is safe, pure, and potent; and
(II) the facility in which the biological product is manufactured, processed, packed, or held meets standards designed to assure that the biological product continues to be safe, pure, and potent; and
(ii) if the applicant (or other appropriate person) consents to the inspection of the facility that is the subject of the application, in accordance with subsection (c) of this section.
§ 262

(D) POSTMARKET STUDIES AND CLINICAL TRIALS; LABELING; RISK EVALUATION AND MITIGATION STRATEGY.—A person that submits an application for a license under this paragraph is subject to sections 505(o), 505(p), and 505–1 of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 355(o), (p), 355–1].

(3) The Secretary shall prescribe requirements under which a biological product undergoing investigation shall be exempt from the requirements of paragraph (1).

(b) Falsely labeling or marking package or container; altering label or mark

No person shall falsely label or mark any package or container of any biological product or alter any label or mark on the package or container of the biological product so as to falsify the label or mark.

(c) Inspection of establishment for propagation and preparation

Any officer, agent, or employee of the Department of Health and Human Services, authorized by the Secretary for the purpose, may during all reasonable hours enter and inspect any establishment for the propagation or manufacture and preparation of any biological product.

(d) Recall of product presenting imminent hazard; violations

(1) Upon a determination that a batch, lot, or other quantity of a product licensed under this section presents an imminent or substantial hazard to the public health, the Secretary shall issue an order immediately ordering the recall of such batch, lot, or other quantity of such product. An order under this paragraph shall be issued in accordance with section 554 of title 5.

(2) Any violation of paragraph (1) shall subject the violator to a civil penalty of up to $100,000 per day of violation. The amount of a civil penalty under this paragraph shall, effective December 1 of each year beginning 1 year after the effective date of this paragraph, be increased by the percent change in the Consumer Price Index for the base quarter of such year over the Consumer Price Index for the base quarter of the preceding year, adjusted to the nearest ¼ of 1 percent. For purposes of this paragraph, the term “base quarter”, as used with respect to a year, means the calendar quarter ending on September 30 of such year and the price index for the 3 months comprising such quarter.

(e) Interference with officers

No person shall interfere with any officer, agent, or employee of the Service in the performance of any duty imposed upon him by this section or by regulations made by authority thereof.

(f) Penalties for offenses

Any person who shall violate, or aid or abet in violating, any of the provisions of this section shall be punished upon conviction by a fine not exceeding $500 or by imprisonment not exceeding one year, or by both such fine and imprisonment, in the discretion of the court.

(g) Construction with other laws

Nothing contained in this chapter shall be construed as in any way affecting, modifying, repealing, or superseding the provisions of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.].

(h) Exportation of partially processed biological products

A partially processed biological product which—

(1) is not in a form applicable to the prevention, treatment, or cure of diseases or injuries of man;

(2) is not intended for sale in the United States; and

(3) is intended for further manufacture into final dosage form outside the United States,

shall be subject to no restriction on the export of the product under this chapter or the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] if the product is manufactured, processed, packaged, and held in conformity with current good manufacturing practice requirements or meets international manufacturing standards as certified by an international standards organization recognized by the Secretary and meets the requirements of section 801(e)(1) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 381(e)].

(i) “Biological product” defined

In this section, the term “biological product” means a virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, or analogous product, or arsphenamine or derivative of arsphenamine (or any other trivalent organic arsenic compound), applicable to the prevention, treatment, or cure of a disease or condition of human beings.

(j) Application of Federal Food, Drug, and Cosmetic Act

The Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], including the requirements under sections 505(o), 505(p), and 505–1 of such Act [21 U.S.C. 355(o), (p), 355–1], applies to a biological product subject to regulation under this section, except that a product for which a license has been approved under subsection (a) shall not be required to have an approved application under section 505 of such Act.

Amendments

Subsec. (j). Pub. L. 110–85, § 901(c)(2), inserted "... including the requirements under sections 505(o), 505(p), and 505–1 of such Act," after "...and Cosmetic Act..."

2003—Subsec. (a)(2)(B), (C). Pub. L. 108–155 added subpar. (B) and redesignated former subpar. (B) as (C).

Subsec. (b). Pub. L. 105–115, § 123(b), amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: "No person shall falsely label or mark any package or container of any virus, serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, or other product aforesaid; nor alter any label or mark on any package or container of any virus, serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, or other product aforesaid so as to falsify such label or mark."
Subsec. (c). Pub. L. 105–115, § 123(c), substituted "biological product." for "virus, serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, or other product aforesaid for sale, barter, or exchange in the District of Columbia, or to be sent, carried, or brought from any State or possession into any other State or possession or into any foreign country, or from any foreign country into any State or possession."
Subsec. (d). Pub. L. 105–115, § 123(a)(2), designated par. (2) as subsec. (d), redesignated subpars. (A) and (B) of par. (2) as pars. (1) and (2), respectively, in par. (2), substituted "Any violation of paragraph (1)" for "...Any violation of subparagraph (A)" and substituted "this paragraph" for "...this subparagraph" wherever appearing, and struck out former par. (1) which read as follows: "Licenses for the maintenance of establishments for the propagation or manufacture and preparation of products described in subsection (a) of this section may be issued only upon a showing that the establishment and the products for which a license is desired meet such standards. All licenses shall be issued, suspended, and revoked as prescribed by regulations and all licenses issued for the maintenance of establishments for the propagation or manufacture and preparation, in any foreign country, of any such products for sale, barter, or exchange in any State or possession shall be issued upon condition that the licensees will permit the inspection of their establishments in accordance with subsection (c) of this section."
1996—Subsec. (b). Pub. L. 104–194, § 2104, amended subsec. (h) generally, revising and restating former provisions, which also related to exportation of partially processed biological products.
Subsec. (h)(1)(A). Pub. L. 104–134, § 2102(d)(2), substituted "in a country listed under section 802(b)(1)" for "...in a country listed under section 802(b)(1)A" and "...to a country listed under section 802(b)(1)" for "...to a country listed under section 802(b)(1)A".
1992—Subsec. (c). Pub. L. 102–300, which directed substitution of "Health and Human Services" for "Health, Education, and Welfare", could not be executed because the words "Health, Education, and Welfare" did not appear in original statutory text. Previously, references to Department and Secretary of Health and Human Services were substituted for references to Federal Security Agency and its Administrator pursuant to provisions cited in Transfer of Functions note below.

Effective Date of 2007 Amendment
Amendment by Pub. L. 110–85 effective 180 days after Sept. 27, 2007, see section 909 of Pub. L. 110–85, set out as a note under section 331 of Title 21, Food and Drugs.

Effective Date of 2003 Amendment
Amendment by Pub. L. 108–155 effective Dec. 3, 2003, except as otherwise provided, see section 4 of Pub. L. 108–155, set out as an Effective Date note under section 356c of Title 21, Food and Drugs.

Effective Date of 1997 Amendment
Amendment by Pub. L. 105–115 effective 90 days after Nov. 21, 1997, except as otherwise provided, see section 501 of Pub. L. 105–115, set out as a note under section 321 of Title 21, Food and Drugs.

Effective Date of 1986 Amendment
Section 108(b) of Pub. L. 99–660 provided that: "Paragraph (1) of section 351(b) of the Public Health Service Act [former subsec. (h)(1) of this section] as added by subsection (a) shall take effect upon the expiration of 90 days after the date of the enactment of this Act [Nov. 14, 1986]."

Transfer of Functions
Secretary of Health, Education, and Welfare redesignated Secretary and Department of Health and Human Services by section 508(b) of Pub. L. 98–23, set out as a note under section 3508(b) of Title 20, Education, Training, Employment and Welfare.

Enhanced Penalties and Control of Biological Agents
"(a) FINDINGS.—The Congress finds that—
§ 262a. Enhanced control of dangerous biological agents and toxins

(a) Regulatory control of certain biological agents and toxins

(1) List of biological agents and toxins

(A) In general

The Secretary shall by regulation establish and maintain a list of each biological agent and each toxin that has the potential to pose a severe threat to public health and safety.

(B) Criteria

In determining whether to include an agent or toxin on the list under subparagraph (A), the Secretary shall—

(i) consider—

(I) the effect on human health of exposure to the agent or toxin;

(II) the degree of contagiousness of the agent or toxin and the methods by which the agent or toxin is transferred to humans;

(III) the availability and effectiveness of pharmacotherapies and immunizations to treat and prevent any illness resulting from infection by the agent or toxin; and

(IV) any other criteria, including the needs of children and other vulnerable populations, that the Secretary considers appropriate; and

(ii) consult with appropriate Federal departments and agencies and with scientific experts representing appropriate professional groups, including groups with pediatric expertise.

(2) Biennial review

The Secretary shall review and republish the list under paragraph (1) biennially, or more often as needed, and shall by regulation revise the list as necessary in accordance with such paragraph.

(b) Regulation of transfers of listed agents and toxins

The Secretary shall by regulation provide for—

(1) the establishment and enforcement of safety procedures for the transfer of listed agents and toxins, including measures to ensure—

(A) proper training and appropriate skills to handle such agents and toxins; and

(B) proper laboratory facilities to contain and dispose of such agents and toxins;

(2) the establishment and enforcement of safeguard and security measures to prevent access to such agents and toxins for use in domestic or international terrorism or for any other criminal purpose;

(3) the establishment of procedures to protect the public safety in the event of a transfer or potential transfer of such an agent or toxin in violation of the safety procedures established under paragraph (1) or the safeguard and security measures established under paragraph (2); and

(4) appropriate availability of biological agents and toxins for research, education, and other legitimate purposes.

(c) Possession and use of listed agents and toxins

The Secretary shall by regulation provide for the establishment and enforcement of standards and procedures governing the possession and use of listed agents and toxins, including the provisions described in paragraphs (1) through (4) of subsection (b) of this section, in order to protect the public health and safety.

(d) Registration; identification; database

(1) Registration

Regulations under subsections (b) and (c) of this section shall require registration with the Secretary of the possession, use, and transfer of listed agents and toxins, and shall include provisions to ensure that persons seeking to register under such regulations have a lawful purpose to possess, use, or transfer such agents and toxins, including provisions in accordance with subsection (e)(6) of this section.

(2) Identification; database

Regulations under subsections (b) and (c) of this section shall require that registration include (if available to the person registering) information regarding the characterization of listed agents and toxins to facilitate their identification, including their source. The Secretary shall maintain a national database that includes the names and locations of registered persons, the listed agents and toxins such persons are possessing, using, or transferring, and information regarding the characterization of such agents and toxins.

(e) Safeguard and security requirements for registered persons

(1) In general

Regulations under subsections (b) and (c) of this section shall include appropriate safeguard and security requirements for persons possessing, using, or transferring a listed agent or toxin commensurate with the risk such agent or toxin poses to public health and safety (including the risk of use in domestic or international terrorism). The Secretary shall establish such requirements in collaboration with the Secretary of Homeland Security and the Attorney General, and shall ensure compliance with such requirements as part of the registration system under such regulations.
(2) Limiting access to listed agents and toxins

Requirements under paragraph (1) shall include provisions to ensure that registered persons—

(A) provide access to listed agents and toxins to only those individuals whom the registered person involved determines have a legitimate need to handle or use such agents and toxins;

(B) submit the names and other identifying information for such individuals to the Secretary and the Attorney General, promptly after first determining that the individuals need access under subparagraph (A), and periodically thereafter while the individuals have such access, not less frequently than once every five years;

(C) deny access to such agents and toxins by individuals whom the Attorney General has identified as restricted persons; and

(D) limit or deny access to such agents and toxins by individuals whom the Attorney General has identified as within any category under paragraph (3)(B)(ii), if limiting or denying such access by the individuals involved is determined appropriate by the Secretary, in consultation with the Attorney General.

(3) Submitted names; use of databases by attorney general

(A) In general

Upon the receipt of names and other identifying information under paragraph (2)(B), the Attorney General shall, for the sole purpose of identifying whether the individuals involved are within any of the categories specified in subparagraph (B), promptly use criminal, immigration, national security, and other electronic databases that are available to the Federal Government and are appropriate for such purpose.

(B) Certain individuals

For purposes of subparagraph (A), the categories specified in this subparagraph regarding an individual are that—

(1) the individual is a restricted person; or

(II) the individual is reasonably suspected by any Federal law enforcement or intelligence agency of—

(I) committing a crime set forth in section 2332a(g)(5) of title 18; or

(II) knowing involvement with an organization that engages in domestic or international terrorism (as defined in section 2331 of such title 18) or with any other organization that engages in intentional crimes of violence; or

(III) being an agent of a foreign power (as defined in section 1801 of title 50).

(C) Notification by Attorney General regarding submitted names

After the receipt of a name and other identifying information under paragraph (2)(B), the Attorney General shall promptly notify the Secretary whether the individual is within any of the categories specified in subparagraph (B).

(4) Notifications by Secretary

The Secretary, after receiving notice under paragraph (3) regarding an individual, shall promptly notify the registered person involved of whether the individual is granted or denied access under paragraph (2). If the individual is denied such access, the Secretary shall promptly notify the individual of the denial.

(5) Expedited review

Regulations under subsections (b) and (c) of this section shall provide for a procedure through which, upon request to the Secretary by a registered person who submits names and other identifying information under paragraph (2)(B) and who demonstrates good cause, the Secretary may, as determined appropriate by the Secretary—

(A) request the Attorney General to expedite the process of identification under paragraph (3)(A) and notification of the Secretary under paragraph (3)(C); and

(B) expedite the notification of the registered person by the Secretary under paragraph (4).

(6) Process regarding persons seeking to register

(A) Individuals

Regulations under subsections (b) and (c) of this section shall provide that an individual who seeks to register under either of such subsections is subject to the same processes described in paragraphs (2) through (4) as apply to names and other identifying information submitted to the Attorney General under paragraph (2)(B). Paragraph (5) does not apply for purposes of this subparagraph.

(B) Other persons

Regulations under subsections (b) and (c) of this section shall provide that, in determining whether to deny or revoke registration by a person other than an individual, the Secretary shall submit the name of such person to the Attorney General, who shall use criminal, immigration, national security, and other electronic databases available to the Federal Government, as appropriate for the purpose of promptly notifying the Secretary whether the person, or, where relevant, the individual who owns or controls such person, is a restricted person or is reasonably suspected by any Federal law enforcement or intelligence agency of being within any category specified in paragraph (3)(B)(ii) (as applied to persons, including individuals). Such regulations shall provide that a person who seeks to register under either of such subsections is subject to the same processes described in paragraphs (2) and (4) as apply to names and other identifying information submitted to the Attorney General under paragraph (2)(B). Paragraph (5) does not apply for purposes of this subparagraph. The Secretary may exempt Federal, State, or local governmental agencies from the requirements of this subparagraph.
§ 262a

(7) Review

(A) Administrative review

(i) In general

Regulations under subsections (b) and (c) of this section shall provide for an opportunity for a review by the Secretary—

(I) when requested by the individual involved, of a determination under paragraph (2) to deny the individual access to listed agents and toxins; and

(II) when requested by the person involved, of a determination under paragraph (6) to deny or revoke registration for such person.

(ii) Ex parte review

During a review under clause (i), the Secretary may consider information relevant to the review ex parte to the extent that disclosure of the information could compromise national security or an investigation by any law enforcement agency.

(iii) Final agency action

The decision of the Secretary in a review under clause (i) constitutes final agency action for purposes of section 702 of title 5.

(B) Certain procedures

(i) Submission of ex parte materials in judicial proceedings

When reviewing a decision of the Secretary under subparagraph (A), and upon request made ex parte and in writing by the United States, a court, upon a sufficient showing, may review and consider ex parte documents containing information the disclosure of which could compromise national security or an investigation by any law enforcement agency. If the court determines that portions of the documents considered ex parte should be disclosed to the person involved to allow a response, the court shall authorize the United States to delete from such documents specified items of information the disclosure of which could compromise national security or an investigation by any law enforcement agency, or to substitute a summary of the information to which the person may respond. Any order by the court authorizing the disclosure of information that the United States believes could compromise national security or an investigation by any law enforcement agency shall be subject to the processes set forth in subparagraphs (A) and (B)(i) of section 2333(b)(5) of title 18 (relating to interlocutory appeal and expedited consideration).

(ii) Disclosure of information

In a review under subparagraph (A), and in any judicial proceeding conducted pursuant to such review, neither the Secretary nor the Attorney General may be required to disclose to the public any information that under subsection (h) of this section shall not be disclosed under section 552 of title 5.

(8) Notifications regarding theft or loss of agents

Requirements under paragraph (1) shall include the prompt notification of the Secretary, and appropriate Federal, State, and local law enforcement agencies, of the theft or loss of listed agents and toxins by the Secretary.

(9) Technical assistance for registered persons

The Secretary, in consultation with the Attorney General, may provide technical assistance to registered persons to improve security of the facilities of such persons.

(f) Inspections

The Secretary shall have the authority to inspect persons subject to regulations under subsection (b) or (c) of this section to ensure their compliance with such regulations, including prohibitions on restricted persons and other provisions of subsection (e) of this section.

(g) Exemptions

(1) Clinical or diagnostic laboratories

Regulations under subsections (b) and (c) of this section shall exempt clinical or diagnostic laboratories and other persons who possess, use, or transfer listed agents or toxins that are contained in specimens presented for diagnosis, verification, or proficiency testing, provided that—

(A) the identification of such agents or toxins is reported to the Secretary, and when required under Federal, State, or local law, to other appropriate authorities; and

(B) such agents or toxins are transferred or destroyed in a manner set forth by the Secretary by regulation.

(2) Products

(A) In general

Regulations under subsections (b) and (c) of this section shall exempt products that are, bear, or contain listed agents or toxins and are cleared, approved, licensed, or registered under any of the Acts specified in subparagraph (B), unless the Secretary by order determines that applying additional regulation under subsection (b) or (c) of this section to a specific product is necessary to protect public health and safety.

(B) Relevant laws

For purposes of subparagraph (A), the Acts specified in this subparagraph are the following:

(ii) Section 262 of this title.

(C) Investigational use

(i) In general

The Secretary may exempt an investigational product that is, bears, or contains a

21 U.S.C. 151–159, 301 et seq.
listed agent or toxin from the applicability of provisions of regulations under subsection (b) or (c) of this section when such product is being used in an investigation authorized under any Federal Act and the Secretary determines that applying additional regulation under subsection (b) or (c) of this section to such product is not necessary to protect public health and safety.

(ii) Certain processes
Regulations under subsections (b) and (c) of this section shall set forth the procedures for applying for an exemption under clause (i). In the case of investigational products authorized under any of the Acts specified in subparagraph (B), the Secretary shall make a determination regarding a request for an exemption not later than 14 days after the first date on which both of the following conditions have been met by the person requesting the exemption:

(I) The person has submitted to the Secretary an application for the exemption meeting the requirements established by the Secretary.

(II) The person has notified the Secretary that the investigation has been authorized under such an Act.

(3) Public health emergencies
The Secretary may temporarily exempt a person from the applicability of the requirements of this section, in whole or in part, if the Secretary determines that such exemption is necessary to provide for the timely participation of the person in a response to a domestic or foreign public health emergency (whether determined under section 247d(a) of this title or otherwise) that involves a listed agent or toxin. With respect to the emergency involved, such exemption for a person may not exceed 30 days, except that the Secretary, after review of whether such exemption remains necessary, may provide one extension of an additional 30 days.

(4) Agricultural emergencies
Upon request of the Secretary of Agriculture, after the granting by such Secretary of an exemption under section 8401(g)(1)(D) of title 7 pursuant to a finding that there is an agricultural emergency, the Secretary of Health and Human Services may temporarily exempt a person from the applicability of the requirements of this section, in whole or in part, to provide for the timely participation of the person in a response to the agricultural emergency. With respect to the emergency involved, the exemption under this paragraph for a person may not exceed 30 days, except that upon request of the Secretary of Agriculture, the Secretary of Health and Human Services may, after review of whether such exemption remains necessary, provide one extension of an additional 30 days.

(h) Disclosure of information

(1) Nondisclosure of certain information
No Federal agency specified in paragraph (2) shall disclose under section 552 of title 5 any of the following:

(A) Any registration or transfer documentation submitted under subsections (b) and (c) of this section for the possession, use, or transfer of a listed agent or toxin; or information derived therefrom to the extent that it identifies the listed agent or toxin possessed, used, or transferred by a specific registered person or discloses the identity or location of a specific registered person.

(B) The national database developed pursuant to subsection (d) of this section, or any other compilation of the registration or transfer information submitted under subsections (b) and (c) of this section to the extent that such compilation discloses site-specific registration or transfer information.

(C) Any portion of a record that discloses the site-specific or transfer-specific safeguard and security measures used by a registered person to prevent unauthorized access to listed agents and toxins.

(D) Any notification of a release of a listed agent or toxin submitted under subsections (b) and (c) of this section, or any notification of theft or loss submitted under such subsections.

(E) Any portion of an evaluation or report of an inspection of a specific registered person conducted under subsection (f) of this section that identifies the listed agent or toxin possessed by a specific registered person or that discloses the identity or location of a specific registered person if the agency determines that public disclosure of the information would endanger public health or safety.

(2) Covered agencies
For purposes of paragraph (1) only, the Federal agencies specified in this paragraph are the following:

(A) The Department of Health and Human Services, the Department of Justice, the Department of Agriculture, and the Department of Transportation.

(B) Any Federal agency to which information specified in paragraph (1) is transferred by any agency specified in subparagraph (A) of this paragraph.

(C) Any Federal agency that is a registered person, or has a sub-agency component that is a registered person.

(D) Any Federal agency that awards grants or enters into contracts or cooperative agreements involving listed agents and toxins to or with a registered person, and to which information specified in paragraph (1) is transferred by any such registered person.

(3) Other exemptions
This subsection may not be construed as altering the application of any exemptions to public disclosure under section 552 of title 5, except as to subsection 552(b)(3) of such title, to any of the information specified in paragraph (1).

(4) Rule of construction
Except as specifically provided in paragraph (1), this subsection may not be construed as al-

“(a) DATE CERTAIN FOR NOTICE OF POSSESSION.—Not later than 90 days after the date of the enactment of this Act [June 12, 2002], all persons (unless exempt under subsection (g) of section 351A of the Public Health Service Act [subsec. (g) of this section], as added by section 201 of this Act) in possession of biological agents or toxins listed under such section 351A of the Public Health Service Act [this section] shall notify the Secretary of Health and Human Services of such possession. Not later than 30 days after such date of enactment, the Secretary shall provide written guidance on how such notice is to be provided to the Secretary.

“(b) DATE CERTAIN FOR PROMULGATION; EFFECTIVE DATE REGARDING CRIMINAL AND CIVIL PENALTIES.—Not later than 180 days after the date of the enactment of this Act [June 12, 2002], the Secretary of Health and Human Services shall promulgate an interim final rule for carrying out section 351A of the Public Health Service Act [this section], subject to subsection (c). Such interim final rule shall take effect 60 days after the date on which such rule is promulgated, including for purposes of—

“(1) section 175b(c) of title 18, United States Code (relating to criminal penalties), as added by section 231(a)(5) of this Act; and

“(2) section 351A(i) of the Public Health Service Act [subsec. (i) of this section] (relating to civil penalties).

“(c) TRANSITIONAL PROVISION REGARDING CURRENT RESEARCH AND EDUCATION.—The interim final rule under subsection (b) shall include time frames for the applicability of the rule that minimize disruption of research or educational projects that involve biological agents and toxins listed pursuant to section 351A(a)(1) of the Public Health Service Act [subsec. (a)(1) of this section] and that were underway as of the effective date of such rule.”

§ 263. Preparation of biological products by Service

(a) The Service may prepare for its own use any product described in section 262 of this title and any product necessary to carrying out any of the purposes of section 241 of this title.

(b) The Service may prepare any product described in section 262 of this title for use of other Federal departments or agencies, and public or private agencies and individuals engaged in work in the field of medicine when such product is not available from establishments licensed under such section.

(2002—Pub. L. 107-188, title II, §201(b), June 12, 2002, 116 Stat. 646, required the Secretary of Health and Human Services to notify the Secretary of Health and Human Services of such possession. Not later than 30 days after such date of enactment, the Secretary shall provide written guidance on how such notice is to be provided to the Secretary.

Not later than 30 days after such date of enactment, the Secretary shall provide written guidance on how such notice is to be provided to the Secretary.

§ 263. Preparation of biological products by Service

(a) The Service may prepare for its own use any product described in section 262 of this title and any product necessary to carrying out any of the purposes of section 241 of this title.

(b) The Service may prepare any product described in section 262 of this title for use of other Federal departments or agencies, and public or private agencies and individuals engaged in work in the field of medicine when such product is not available from establishments licensed under such section.
(b) Certificate requirement

No person may solicit or accept materials derived from the human body for laboratory examination or other procedure unless there is in effect for the laboratory a certificate issued by the Secretary under this section applicable to the category of examinations or procedures which includes such examination or procedure.

(c) Issuance and renewal of certificates

(1) In general

The Secretary may issue or renew a certificate for a laboratory only if the laboratory meets the requirements of subsection (d) of this section.

(2) Term

A certificate issued under this section shall be valid for a period of 2 years or such shorter period as the Secretary may establish.

(d) Requirements for certificates

(1) In general

A laboratory may be issued a certificate or have its certificate renewed if—

(A) the laboratory submits (or if the laboratory is accredited under subsection (e) of this section, the accreditation body which accredited the laboratory submits), an application—

(i) in such form and manner as the Secretary shall prescribe,

(ii) that describes the characteristics of the laboratory examinations and other procedures performed by the laboratory including—

(I) the number and types of laboratory examinations and other procedures performed,

(II) the methodologies for laboratory examinations and other procedures employed, and

(III) the qualifications (educational background, training, and experience) of the personnel directing and supervising the laboratory and performing the laboratory examinations and other procedures, and

(iii) that contains such other information as the Secretary may require to determine compliance with this section, and

(B) Changes

If a laboratory makes changes in the examinations and other procedures performed by it only with respect to examinations and procedures which are described in paragraph (3), the laboratory shall report such changes to the Secretary not later than 6 months after the change has been put into effect. If a laboratory proposes to make changes in the examinations and procedures performed by it such that the laboratory will perform an examination or procedure not described in paragraph (3), the laboratory shall report such change to the Secretary before the change takes effect.

(C) Effect

Subsections (f) and (g) of this section shall not apply to a laboratory to which has been issued a certificate of waiver.

(3) Examinations and procedures

The examinations and procedures identified in paragraph (2) are laboratory examinations and procedures that have been approved by the Food and Drug Administration for home use or that, as determined by the Secretary, are simple laboratory examinations and procedures that have an insignificant risk of an erroneous result, including those that—
(A) employ methodologies that are so simple and accurate as to render the likelihood of erroneous results by the user negligible, or

(B) the Secretary has determined pose no unreasonable risk of harm to the patient if performed incorrectly.

(4) “Certificate” defined
As used in this section, the term “certificate” includes a certificate of waiver issued under paragraph (2).

(e) Accreditation

(1) In general
A laboratory may be accredited for purposes of obtaining a certificate if the laboratory—

(A) meets the standards of an approved accreditation body, and

(B) authorizes the accreditation body to submit to the Secretary (or such State agency as the Secretary may designate) such records or other information as the Secretary may require.

(2) Approval of accreditation bodies

(A) In general
The Secretary may approve a private nonprofit organization to be an accreditation body for the accreditation of laboratories if—

(i) using inspectors qualified to evaluate the methodologies used by the laboratories in performing laboratory examinations and other procedures, the accreditation body agrees to inspect a laboratory for purposes of accreditation with such frequency as determined by Secre-

(t),

(ii) the standards applied by the body in determining whether or not to accredit a laboratory are equal to or more stringent than the standards issued by the Secretary under subsection (f) of this section,

(iii) there is adequate provision for assuring that the standards of the accreditation body continue to be met by the laboratory,

(iv) in the case of any laboratory accredited by the body which has had its accreditation denied, suspended, withdrawn, or revoked or which has had any other action taken against it by the accrediting body, the accrediting body agrees to submit to the Secretary the name of such laboratory within 30 days of the action taken,

(v) the accreditation body agrees to notify the Secretary at least 30 days before it changes its standards, and

(vi) if the accreditation body has its approval withdrawn by the Secretary, the body agrees to notify each laboratory accredited by the body of the withdrawal within 10 days of the withdrawal.

(B) Criteria and procedures
The Secretary shall promulgate criteria and procedures for approving an accreditation body and for withdrawing such approval if the Secretary determines that the accreditation body does not meet the requirements of subparagraph (A).

(C) Effect of withdrawal of approval
If the Secretary withdraws the approval of an accreditation body under subparagraph (B), the certificate of any laboratory accredited by the body shall continue in effect for 60 days after the laboratory receives notification of the withdrawal of the approval, except that the Secretary may extend such period for a laboratory if it determines that the laboratory submitted an application for accreditation or a certificate in a timely manner after receipt of the notification of the withdrawal of approval. If an accreditation body withdraws or revokes the accreditation of a laboratory, the certificate of the laboratory shall continue in effect—

(i) for 45 days after the laboratory receives notice of the withdrawal or revocation of the accreditation, or

(ii) until the effective date of any action taken by the Secretary under subsection (i) of this section.

(D) Evaluations
The Secretary shall evaluate annually the performance of each approved accreditation body by—

(i) inspecting under subsection (g) of this section a sufficient number of the laboratories accredited by such body to allow a reasonable estimate of the performance of such body, and

(ii) such other means as the Secretary determines appropriate.

(f) Standards

(1) In general
The Secretary shall issue standards to assure consistent performance by laboratories issued a certificate under this section of valid and reliable laboratory examinations and other procedures. Such standards shall require each laboratory issued a certificate under this section—

(A) to maintain a quality assurance and quality control program adequate and appropriate for the validation and reliability of the laboratory examinations and other procedures of the laboratory and to meet requirements relating to the proper collection, transportation, and storage of specimens and the reporting of results,

(B) to maintain records, equipment, and facilities necessary for the proper and effective operation of the laboratory,

(C) in performing and carrying out its laboratory examinations and other procedures, to use only personnel meeting such qualifications as the Secretary may establish for the direction, supervision, and performance of examinations and procedures within the laboratory, which qualifications shall take into consideration competency, training, experience, job performance, and education and which qualifications shall, as appropriate, be different on the basis of the type of examinations and procedures being performed by the laboratory and the risks and consequences of erroneous results associated with such examinations and procedures,
(D) to qualify under a proficiency testing program meeting the standards established by the Secretary under paragraph (3), and
(E) to meet such other requirements as the Secretary determines necessary to assure consistent performance by such laboratories of accurate and reliable laboratory examinations and procedures.

(2) Considerations
In developing the standards to be issued under paragraph (1), the Secretary shall, within the flexibility provided under subparagraphs (A) through (E) of paragraph (1), take into consideration—
(A) the examinations and procedures performed and the methodologies employed,
(B) the degree of independent judgment involved,
(C) the amount of interpretation involved,
(D) the difficulty of the calculations involved,
(E) the calibration and quality control requirements of the instruments used,
(F) the type of training required to operate the instruments used in the methodology, and
(G) such other factors as the Secretary considers relevant.

(3) Proficiency testing program
(A) In general
The Secretary shall establish standards for the proficiency testing programs for laboratories issued a certificate under this section which are conducted by the Secretary, conducted by an organization approved under subparagraph (C), or conducted by an approved accrediting body. The standards shall require that a laboratory issued a certificate under this section be tested for each examination and procedure conducted within a category of examinations or procedures for which it has received a certificate, except for examinations and procedures for which the Secretary has determined that a proficiency test cannot reasonably be developed. The testing shall be conducted on a quarterly basis, except where the Secretary determines for technical and scientific reasons that a particular examination or procedure may be tested less frequently (but not less often than twice per year).

(B) Criteria
The standards established under subparagraph (A) shall include uniform criteria for acceptable performance under a proficiency testing program, based on the available technology and the clinical relevance of the laboratory examination or other procedure subject to such program. The criteria shall be established for all examinations and procedures and shall be uniform for each examination and procedure. The standards shall also include a system for grading proficiency testing performance to determine whether a laboratory has performed acceptably for a particular quarter and acceptably for a particular examination or procedure or category of examination or procedure over a period of successive quarters.

(C) Approved proficiency testing programs
For the purpose of administering proficiency testing programs which meet the standards established under subparagraph (A), the Secretary shall approve a proficiency testing program offered by a private nonprofit organization or a State if the program meets the standards established under subparagraph (A) and the organization or State provides technical assistance to laboratories seeking to qualify under the program. The Secretary shall evaluate each program approved under this subparagraph annually to determine if the program continues to meet the standards established under subparagraph (A) and shall withdraw the approval of any program that no longer meets such standards.

(D) Onsite testing
The Secretary shall perform, or shall direct a program approved under subparagraph (C) to perform, onsite proficiency testing to assure compliance with the requirements of subsection (d)(5) of this section. The Secretary shall perform, on an onsite or other basis, proficiency testing to evaluate the performance of a proficiency testing program approved under subparagraph (C) and to assure quality performance by a laboratory.

(E) Training, technical assistance, and enhanced proficiency testing
The Secretary may, in lieu of or in addition to actions authorized under subsection (h), (i), or (j) of this section, require any laboratory which fails to perform acceptably on an individual examination and procedure or a category of examination and procedures—
(i) to undertake training and to obtain the necessary technical assistance to meet the requirements of the proficiency testing program,
(ii) to enroll in a program of enhanced proficiency testing, or
(iii) to undertake any combination of the training, technical assistance, or testing described in clauses (i) and (ii).

(F) Testing results
The Secretary shall establish a system to make the results of the proficiency testing programs subject to the standards established by the Secretary under subparagraph (A) available, on a reasonable basis, upon request of any person. The Secretary shall include with results made available under this subparagraph such explanatory information as may be appropriate to assist in the interpretation of such results.

(4) National standards for quality assurance in cytology services
(A) Establishment
The Secretary shall establish national standards for quality assurance in cytology services designed to assure consistent performance by laboratories of valid and reliable cytological services.
(B) Standards

The standards established under subparagraph (A) shall include—

(i) the maximum number of cytology slides that any individual may screen in a 24-hour period,

(ii) requirements that a clinical laboratory maintain a record of (I) the number of cytology slides screened during each 24-hour period by each individual who examines cytology slides for the laboratory, and (II) the number of hours devoted during each 24-hour period to screening cytology slides by such individual,

(iii) criteria for requiring rescreening of cytological preparations, such as (I) random rescreening of cytology specimens determined to be in the benign category, (II) focused rescreening of such preparations in high risk groups, and (III) for each abnormal cytological result, rescreening of all prior cytological specimens for the patient, if available,

(iv) periodic confirmation and evaluation of the proficiency of individuals involved in screening or interpreting cytological preparations, including announced and unannounced on-site proficiency testing of such individuals, with such testing to take place, to the extent practicable, under normal working conditions,

(v) procedures for detecting inadequately prepared slides, for assuring that no cytological diagnosis is rendered on such slides, and for notifying referring physicians of such slides,

(vi) requirements that all cytological screening be done on the premises of a laboratory that is certified under this section,

(vii) requirements for the retention of cytology slides by laboratories for such periods of time as the Secretary considers appropriate, and

(viii) standards requiring periodic inspection of cytology services by persons capable of evaluating the quality of cytology services.

(g) Inspections

(1) In general

The Secretary may, on an announced or unannounced basis, enter and inspect, during regular hours of operation, laboratories which have been issued a certificate under this section. In conducting such inspections the Secretary shall have access to all facilities, equipment, materials, records, and information that the Secretary determines have a bearing on whether the laboratory is being operated in accordance with this section. As part of such an inspection the Secretary may copy any such material or require it to be submitted to the Secretary. An inspection under this paragraph may be made only upon presenting identification to the owner, operator, or agent in charge of the laboratory being inspected.

(2) Compliance with requirements and standards

The Secretary shall conduct inspections of laboratories under paragraph (1) to determine their compliance with the requirements of subsection (d) of this section and the standards issued under subsection (f) of this section. Inspections of laboratories not accredited under subsection (e) of this section shall be conducted on a biennial basis or with such other frequency as the Secretary determines to be necessary to assure compliance with such requirements and standards. Inspections of laboratories accredited under subsection (e) of this section shall be conducted on such basis as the Secretary determines is necessary to assure compliance with such requirements and standards.

(h) Intermediate sanctions

(1) In general

If the Secretary determines that a laboratory which has been issued a certificate under this section no longer substantially meets the requirements for the issuance of a certificate, the Secretary may impose intermediate sanctions in lieu of the actions authorized by subsection (i) of this section.

(2) Types of sanctions

The intermediate sanctions which may be imposed under paragraph (1) shall consist of—

(A) directed plans of correction,

(B) civil money penalties in an amount not to exceed $10,000 for each violation listed in subsection (i)(1) of this section or for each day of substantial noncompliance with the requirements of this section,

(C) payment for the costs of on-site monitoring, or

(D) any combination of the actions described in subparagraphs (A), (B), and (C).

(3) Procedures

The Secretary shall develop and implement procedures with respect to when and how each of the intermediate sanctions is to be imposed under paragraph (1). Such procedures shall provide for notice to the laboratory and a reasonable opportunity to respond to the proposed sanction and appropriate procedures for appealing determinations relating to the imposition of intermediate sanctions.

(i) Suspension, revocation, and limitation

(1) In general

Except as provided in paragraph (2), the certificate of a laboratory issued under this section may be suspended, revoked, or limited if the Secretary finds, after reasonable notice and opportunity for hearing to the owner or operator of the laboratory, that such owner or operator or any employee of the laboratory—

(A) has been guilty of misrepresentation in obtaining the certificate,

(B) has performed or represented the laboratory as entitled to perform a laboratory examination or other procedure which is not within a category of laboratory examinations or other procedures authorized in the certificate,

(C) has failed to comply with the requirements of subsection (d) of this section or the standards prescribed by the Secretary under subsection (f) of this section,

So in original. Probably should be followed by a period.

So in original. Probably should be “require it to”.

§ 263a
§ 263a  

(D) has failed to comply with reasonable requests of the Secretary for—

(i) any information or materials, or

(ii) work on materials,

that the Secretary concludes is necessary to determine the laboratory’s continued eligibility for its certificate or continued compliance with the Secretary’s standards under subsection (f) of this section.

(E) has refused a reasonable request of the Secretary, or any Federal officer or employee duly designated by the Secretary, for permission to inspect the laboratory and its operations and pertinent records during the hours the laboratory is in operation.

(F) has violated or aided and abetted in the violation of any provisions of this section or of any regulation promulgated thereunder, or

(G) has not complied with an intermediate sanction imposed under subsection (h) of this section.

(2) Action before a hearing

If the Secretary determines that—

(A) the failure of a laboratory to comply with the standards of the Secretary under subsection (f) of this section presents an imminent and serious risk to human health, or

(B) a laboratory has engaged in an action described in subparagraph (D) or (E) of paragraph (1),

the Secretary may suspend or limit the certificate of the laboratory before holding a hearing under paragraph (1), regarding such failure or refusal. The opportunity for a hearing shall be provided no later than 60 days from the effective date of the suspension or limitation. A suspension or limitation under this paragraph shall stay in effect until the Secretary may suspend or limit the certificate of the laboratory before holding a hearing under paragraph (1).

(3) Ineligibility to own or operate laboratories after revocation

No person who has owned or operated a laboratory which has had its certificate revoked may, within 2 years of the revocation of the certificate, own or operate a laboratory for which a certificate has been issued under this section. The certificate of a laboratory which has been excluded from participation under the Medicare program under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] because of actions relating to the quality of the laboratory shall be suspended for the period the laboratory is so excluded.

(4) Improper referrals

Any laboratory that the Secretary determines intentionally refers its proficiency testing samples to another laboratory for analysis shall have its certificate revoked for at least one year and shall be subject to appropriate fines and penalties as provided for in subsection (h) of this section.

(j) Injunctions

Whenever the Secretary has reason to believe that continuation of any activity by a laboratory would constitute a significant hazard to the public health the Secretary may bring suit in the district court of the United States for the district in which such laboratory is situated to enjoin continuation of such activity. Upon proper showing, a temporary injunction or restraining order against continuation of such activity pending issuance of a final order under this subsection shall be granted without bond by such court.

(k) Judicial review

(1) Petition

Any laboratory which has had an intermediate sanction imposed under subsection (h) of this section or has had its certificate suspended, revoked, or limited under subsection (i) of this section may, at any time within 60 days after the date the action of the Secretary under subsection (i) or (h) of this section becomes final, file a petition with the United States court of appeals for the circuit wherein the laboratory has its principal place of business for judicial review of such action. As soon as practicable after receipt of the petition, the clerk of the circuit court shall transmit a copy of the petition to the Secretary or other officer designated by the Secretary for that purpose. As soon as practicable after receipt of the copy, the Secretary shall file in the court the record on which the action of the Secretary is based, as provided in section 2112 of title 28.

(2) Additional evidence

If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order such additional evidence (and evidence in rebuttal of such additional evidence) to be taken before the Secretary, and to be adduced upon the hearing in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify the findings of the Secretary as to the facts, or make new findings, by reason of the additional evidence so taken, and the Secretary shall file such modified or new findings, and the recommendations of the Secretary, if any, for the modification or setting aside of his original action, with the return of such additional evidence.

(3) Judgment of court

Upon the filing of the petition referred to in paragraph (1), the court shall have jurisdiction to affirm the action, or to set it aside in whole or in part, temporarily or permanently. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive.

(4) Finality of judgment

The judgment of the court affirming or setting aside, in whole or in part, any such action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(l) Sanctions

Any person who intentionally violates any requirement of this section or any regulation pro-
muligated thereunder shall be imprisoned for not more than one year or fined under title 18, or both, except that if the conviction is for a second or subsequent violation of such a requirement such person shall be imprisoned for not more than 3 years or fined in accordance with title 18, or both.

(m) Fees

(1) Certificate fees

The Secretary shall require payment of fees for the issuance and renewal of certificates, except that the Secretary shall only require a nominal fee for the issuance and renewal of certificates of waiver.

(2) Additional fees

The Secretary shall require the payment of fees for inspections of laboratories which are not accredited and for the cost of performing proficiency testing on laboratories which do not participate in proficiency testing programs approved under subsection (f)(3)(C) of this section.

(3) Criteria

(A) Fees under paragraph (1)

Fees imposed under paragraph (1) shall be sufficient to cover the general costs of administering this section, including evaluating and monitoring proficiency testing programs approved under subsection (f) of this section and accrediting bodies and implementing and monitoring compliance with the requirements of this section.

(B) Fees under paragraph (2)

Fees imposed under paragraph (2) shall be sufficient to cover the cost of the Secretary in carrying out the inspections and proficiency testing described in paragraph (2).

(C) Fees imposed under paragraphs (1) and (2)

Fees imposed under paragraphs (1) and (2) shall vary by group or classification of laboratory, based on such considerations as the Secretary determines are relevant, which may include the dollar volume and scope of the testing being performed by the laboratories.

(n) Information

On April 1, 1990 and annually thereafter, the Secretary shall compile and make available to physicians and the general public information, based on the previous calendar year, which the Secretary shall consult with appropriate private organizations and public agencies.

The information to be compiled under paragraphs (1) through (6) shall be information for the calendar year preceding the date the information is to be made available to the public and shall be accompanied by such explanatory information as may be appropriate to assist in the interpretation of the information compiled under such paragraphs.

(o) Delegation

In carrying out this section, the Secretary may, pursuant to agreement, use the services or facilities of any Federal or State or local public agency or nonprofit private organization, and may pay therefor in advance or by way of reimbursement, and in such installments, as the Secretary may determine.

(p) State laws

(1) Except as provided in paragraph (2), nothing in this section shall be construed as affecting the power of any State to enact and enforce laws relating to the matters covered by this section to the extent that such laws are not inconsistent with this section or with the regulations issued under this section.

(2) If a State enacts laws relating to matters covered by this section which provide for requirements equal to or more stringent than the requirements of this section or than the regulations issued under this section, the Secretary may exempt clinical laboratories in that State from compliance with this section.

(q) Consultations

In carrying out this section, the Secretary shall consult with appropriate private organizations and public agencies.

REFERENCES IN TEXT

The Social Security Act, referred to in subsecs. (1)(3) and (n)(6), is act Aug. 14, 1935, ch. 531, 49 Stat. 620, as amended. Titles XVIII and XIX of the Social Security Act are classified generally to subchapters XVIII (§1395 et seq.) and XIX (§1396 et seq.), respectively, of chapter 7 of this title. For complete classification of this Act to the Code, see section 1385 of this title and Tables.

CODIFICATION

Subsec. (e)(3) of this section, which required the Secretary to annually prepare and submit to certain com-
mittees of Congress a report describing the results of the evaluation conducted under subsec. (e)(2)(D) of this section, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See also, page 96 of House Document No. 103–7.

AMENDMENTS

1997—Subsec. (d)(3). Pub. L. 105–115 amended heading and text of par. (3) generally. Prior to amendment, text read as follows: "The examinations and procedures identified in paragraph (2) are simple laboratory examinations and procedures which, as determined by the Secretary, have an insignificant risk of an erroneous result, including those which—

(A) have been approved by the Food and Drug Administration for home use,

(B) employ methodologies that are so simple and accurate as to render the likelihood of erroneous results negligible, or

(C) the Secretary has determined pose no reasonable risk of harm to the patient if performed incorrectly."

1967—Pub. L. 90–578 substituted "Certification of laboratories" for "Licensing of laboratories" in section catchline, and amended text generally, revising and re-stating as subsecs. (a) to (q) provisions of former subsecs. (a) to (l).

EFFECTIVE DATE OF 1997 AMENDMENT

Amendment by Pub. L. 105–115 effective 90 days after Nov. 21, 1997, except as otherwise provided, see section 501 of Pub. L. 105–115, set out as a note under section 321 of Title 21, Food and Drugs.

EFFECTIVE DATE OF 1988 AMENDMENT; EXCEPTIONS; CONTINUING APPLICABILITY

Section 3 of Pub. L. 100–578 provided that: "Subsections (g)(1), (h), (i), (j), (k), (l), and (m) of section 353 of the Public Health Service Act [this section], as amended by section 101 [probably means section 2 of Pub. L. 100–578], shall take effect January 1, 1988, except that any reference in such subsections to the standards established under subsection (d) of such section 353, as in effect on December 31, 1988. During the period beginning January 1, 1989, and ending December 31, 1989, subsections (a) through (d) and subsection (i) through (l) of such section 353 as in effect on December 31, 1988, shall continue to apply to clinical laboratories. The remaining subsections of such section 353, as so amended, shall take effect January 1, 1990, except that subsections (f)(1)(C) and (g)(2) shall take effect July 1, 1991, with respect to laboratories which were not subject to the requirements of such section 353 as in effect on December 31, 1988."

EFFECTIVE DATE

Section 5(b) of Pub. L. 90–174 provided that: "The amendment made by subsection (a) [enacting this section] shall become effective on the first day of the thirteenth month after the month [December 1967] in which it is enacted, except that the Secretary of Health, Education, and Welfare may postpone such effective date for such additional period as he finds necessary, but not beyond the first day of the 19th month after such month [December 1967] in which the amendment is enacted."

STUDIES

Section 4 of Pub. L. 100–578 directed Secretary to conduct studies and submit report to Congress, not later than May 1, 1990, relating to the reliability and quality control procedures of clinical laboratory testing programs and the effect of errors in the testing procedures and results on the diagnosis and treatment of patients.

§ 263a–1. Assisted reproductive technology programs

(a) In general

Effective 2 years after October 24, 1992, each assisted reproductive technology (as defined in section 263a–7 of this title) program shall annually report to the Secretary through the Centers for Disease Control—

(1) pregnancy success rates achieved by such program through each assisted reproductive technology, and

(2) the identity of each embryo laboratory (as defined in section 263a–7 of this title) used by such program and whether the laboratory is certified under section 263a–2 of this title or has applied for such certification.

(b) Pregnancy success rates

(1) In general

For purposes of subsection (a)(1) of this section, the Secretary shall, in consultation with the organizations referenced in subsection (c) of this section, define pregnancy success rates and shall make public any proposed definition in such manner as to facilitate comment from any person (including any Federal or other public agency) during its development.

(2) Definition

In developing the definition of pregnancy success rates, the Secretary shall take into account the effect on success rates of age, diagnosis, and other significant factors and shall include in such rates—

(A) the basic live birth rate calculated for each assisted reproductive technology performed by an assisted reproductive technology program by dividing the number of pregnancies which result in live births by the number of ovarian stimulation procedures attempted by such program, and

(B) the live birth rate per successful oocyte retrieval procedure calculated for each assisted reproductive technology performed by an assisted reproductive technology program by dividing the number of pregnancies which result in live births by the number of successful oocyte retrieval procedures performed by such program.

(c) Consultation

In developing the definition under subsection (b) of this section, the Secretary shall consult with appropriate consumer and professional organizations with expertise in using, providing, and evaluating professional services and embryo laboratories associated with assisted reproductive technologies.

CHANGE OF NAME

EFFECTIVE DATE

Section 9 of Pub. L. 102–493 provided that: “This Act [enacting this section, sections 263a–2 to 263a–7 of this title, and provisions set out as a note under section 201 of this title] shall take effect upon the expiration of 2 years after the date of the enactment of this Act [Oct. 24, 1992].”

§ 263a–2. Certification of embryo laboratories

(a) In general

(1) Development

Not later than 2 years after October 24, 1992, the Secretary, through the Centers for Disease Control, shall develop a model program for the certification of embryo laboratories (referred to in this section as a “certification program”) to be carried out by the States.

(2) Consultation

In developing the certification program under paragraph (1), the Secretary shall consult with appropriate consumer and professional organizations with expertise in using, providing, and evaluating professional services and embryo laboratories associated with the assisted reproductive technology programs.

(b) Distribution

The Secretary shall distribute a description of the certification program to—

(1) the Governor of each State,
(2) the presiding officers of each State legislature,
(3) the public health official of each State, and
(4) the official responsible in each State for the operation of the State’s contract with the Secretary under section 1385aa of this title, and shall encourage such officials to assist in the State adopting such program.

(c) Requirements

The certification program shall include the following requirements:

(1) Administration

The certification program shall be administered by the State and shall provide for the inspection and certification of embryo laboratories in the State by the State or by approved accreditation organizations.

(2) Application requirements

The certification program shall provide for the submission of an application to a State by an embryo laboratory for certification, in such form as may be specified by the State. Such an application shall include—

(A) assurances satisfactory to the State that the embryo laboratory will be operated in accordance with the standards under subsection (d) of this section,
(B) a report to the State identifying the assisted reproductive technology programs with which the laboratory is associated, and
(C) such other information as the State finds necessary.

An embryo laboratory which meets the requirements of section 263a of this title shall, for the purposes of subparagraph (A) be considered in compliance with the standards referred to in such subparagraph which are the same as the standards in effect under section 263a of this title.

(d) Standards

The certification program shall include the following standards developed by the Secretary:

(1) A standard to assure consistent performance of procedures by each embryo laboratory certified under the certification program or by an approved accreditation organization in a State which has not adopted the certification program.

(2) A standard for a quality assurance and a quality control program to assure valid, reliable, and reproducible procedures in the laboratory.

(3) A standard for the maintenance of records (on a program by program basis) on laboratory tests and procedures performed, including the scientific basis of, and the methodology used for, the tests, procedures, and preparation of any standards or controls, criteria for acceptable and unacceptable outcomes, criteria for sample rejection, and procedures for safe sample disposal.

(4) A standard for the maintenance of written records on personnel and facilities necessary for proper and effective operation of the laboratory, schedules of preventive maintenance, function verification for equipment, and the release of such records to the State upon demand.

(5) A standard for the use of such personnel who meet such qualifications as the Secretary may develop.

(e) Certification under State programs

A State may qualify to adopt the certification program if the State has submitted an application to the Secretary to adopt such program and the Secretary has approved the application. Such an application shall include—

(1) assurances by the State satisfactory to the Secretary that the certification program within the State meets the requirements of this section,
(2) an agreement to make such reports as the Secretary may require, and
(3) information about any proposed use of accreditation organizations under subsection (g) of this section.

(f) Use of accreditation organizations

A State which has adopted the certification program may use accreditation organizations approved under section 263a–3 of this title to inspect and certify embryo laboratories.

(g) Inspections

(1) In general

A State which qualifies to adopt the certification program within the State shall conduct

1 So in original. Probably should be “reproducible”.
2 So in original. Probably should be subsection “(f)”.  
inspections in accordance with paragraph (2) to determine if laboratories in the State meet the requirements of such program. Such inspections shall be carried out by the State or by accreditation organizations used by the State under subsection (g) of this section.

(2) Requirements

Inspections carried out under paragraph (1) shall:

(A) be periodic and unannounced, or
(B) be announced in such circumstances as the Secretary determines will not diminish the likelihood of discovering deficiencies in the operations of a laboratory.

Before making a determination under subparagraph (B), the Secretary shall make public, in such manner as to facilitate comment from any person (including any Federal or other public agency), a proposal indicating the circumstances under which announced inspections would be permitted.

(3) Results

The specific findings, including deficiencies, identified in an inspection carried out under paragraph (1) and any subsequent corrections to those deficiencies shall be announced and made available to the public upon request beginning no later than 60 days after the date of the inspection.

(h) Validation inspections

(1) In general

The Secretary may enter and inspect, during regular hours of operation, embryo laboratories—

(A) which have been certified by a State under the certification program, or
(B) which have been certified by an accreditation organization approved by the Secretary under section 263a–3 of this title, for the purpose of determining whether the laboratory is being operated in accordance with the standards in subsection (d) of this section.

(2) Access to facilities and records

In conducting an inspection of an embryo laboratory under paragraph (1), the Secretary shall have access to all facilities, equipment, materials, records, and information which the Secretary determines is necessary to determine if such laboratory is being operated in accordance with the standards in subsection (d) of this section. As part of such an inspection, the Secretary may copy any material, record, or information inspected or require it to be submitted to the Secretary. Such an inspection may be made only upon the presentation of identification to the owner, operator, or agent in charge of the laboratory being inspected.

(3) Failure to comply

If the Secretary determines as a result of an inspection under paragraph (1) that the embryo laboratory is not in compliance with the standards in subsection (d) of this section, the Secretary shall:

(A) notify the State in which the laboratory is located and, if appropriate, the accreditation organization which certified the laboratory,
(B) make available to the public the results of the inspection,
(C) conduct additional inspections of other embryo laboratories under paragraph (1) to determine if—

(i) such State in carrying out the certification program is reliably identifying the deficiencies of such laboratory, or
(ii) the accreditation organization which certified such laboratories is reliably identifying such deficiencies,
(D) if the Secretary determines—

(i) that such State in carrying out the certification program has not met the requirements applicable to such program, or
(ii) the accreditation organization which certified such laboratory has not met the requirements of section 263a–3 of this title, the Secretary may revoke the approval of the State certification program or revoke the approval of such accreditation organization.

(i) Limitation

(1) Secretary

In developing the certification program, the Secretary may not establish any regulation, standard, or requirement which has the effect of exercising supervision or control over the practice of medicine in assisted reproductive technology programs.

(2) State

In adopting the certification program, a State may not establish any regulation, standard, or requirement which has the effect of exercising supervision or control over the practice of medicine in assisted reproductive technology programs.

(j) Term

The term of a certification issued by a State or an accreditation organization in a State shall be prescribed by the Secretary in the certification program and shall be valid for a period of time to be defined by the Secretary through the public comment process described in subsection (h)(2) of this section. The Secretary shall provide an application for recertification to be submitted at the time of changes in the ownership of a certified laboratory or changes in the administration of such a laboratory.

CODIFICATION

Section was enacted as part of the Fertility Clinic Success Rate and Certification Act of 1992, and not as part of the Public Health Service Act which comprises this chapter.

CHANGE OF NAME

EFFECTIVE DATE

Section effective upon expiration of 2 years after Oct. 24, 1992, see section 9 of Pub. L. 102–493, set out as a note under section 263a–1 of this title.

3 So in original. Probably should be “deficiencies.”.
4 So in original. Probably should be subsection “(g)(2)”.
§ 263a–3. Accreditation organizations

(a) Approval of accreditation organizations

Not later than 2 years after October 24, 1992, the Secretary, through the Centers for Disease Control, shall promulgate criteria and procedures for the approval of accreditation organizations to inspect and certify embryo laboratories. The procedures shall require an application to the Secretary by an accreditation organization for approval. An accreditation organization which has received such an approval—

(1) may be used by States in the certification program under section 263a–2 of this title to inspect and certify embryo laboratories, or

(2) may certify embryo laboratories in States which have not adopted such a certification program.

(b) Criteria and procedures

The criteria and procedures promulgated under subsection (a) of this section shall include—

(1) requirements for submission of such reports and the maintenance of such records as the Secretary or a State may require, and

(2) requirements for the conduct of inspections under section 263a–2(h)1 of this title.

(c) Evaluations

The Secretary shall evaluate annually the performance of each accreditation organization approved by the Secretary by—

(1) inspecting under section 263a–2(1)2 of this title a sufficient number of embryo laboratories accredited by such an organization to allow a reasonable estimate of the performance of such organization, and

(2) such other means as the Secretary determines to be appropriate.

(d) Transition

If the Secretary revokes approval under section 263a–2(1)(3)(D)3 of this title of an accreditation organization after an evaluation under subsection (c) of this section, the certification of any embryo laboratory accredited by the organization shall continue in effect for 60 days after the laboratory is notified by the Secretary of the withdrawal of approval, except that the Secretary may extend the period during which the certification shall remain in effect if the Secretary determines that the laboratory submitted an application to another approved accreditation organization for certification after receipt of such notice in a timely manner.

CODIFICATION

Section was enacted as part of the Fertility Clinic Success Rate and Certification Act of 1992, and not as part of the Public Health Service Act which comprises this chapter.

§ 263a–4. Certification revocation and suspension

(a) In general

A certification issued by a State or an accreditation organization for an embryo laboratory shall be revoked or suspended if the State or organization finds, on the basis of inspections and after reasonable notice and opportunity for hearing to the owner or operator of the laboratory, that the owner or operator or any employee of the laboratory—

(1) has been guilty of misrepresentation in obtaining the certification,

(2) has failed to comply with any standards under section 263a–2 of this title applicable to the certification, or

(3) has refused a request of the State or accreditation organization for permission to inspect the laboratory, its operations, and records.

(b) Effect

If the certification of an embryo laboratory is revoked or suspended, the certification of the laboratory shall continue in effect for 60 days after the laboratory receives notice of the revocation or suspension. If the certification of an embryo laboratory is revoked or suspended, the laboratory may apply for recertification after one year after the date of the revocation or suspension.

CODIFICATION

Section was enacted as part of the Fertility Clinic Success Rate and Certification Act of 1992, and not as part of the Public Health Service Act which comprises this chapter.

§ 263a–5. Publication

The Secretary, through the Centers for Disease Control, shall not later than 3 years after October 24, 1992, and annually thereafter publish and distribute to the States and the public—

(1)(A)1 pregnancy success rates reported to the Secretary under section 263a–1(a)(1) of this title and, in the case of an assisted reproductive technology program which failed to report one or more success rates as required under such section, the name of each such program and each pregnancy success rate which the program failed to report, and

(B) from information reported under section 263a–1(a)(2) of this title—

(i) the identity of each embryo laboratory in a State which has adopted the certification program under such program and whether such laboratory is certified under section 263a–2 of this title,

(ii) the identity of each embryo laboratory in a State which has not adopted such cer-
tification program and which has been certified by an accreditation organization approved by the Secretary under section 263a-3 of this title, and

(iii) in the case of an embryo laboratory which is not certified under section 263a-2 of this title or certified by an accreditation organization approved by the Secretary under section 263a-3 of this title, whether the laboratory applied for certification.

CODIFICATION

§ 263a–6. Fees
The Secretary may require the payment of fees for the purpose of, and in an amount sufficient to cover the cost of, administering sections 263a–1 to 263a–7 of this title. A State operating a program under section 263a–2 of this title may require the payment of fees for the purpose of, and in an amount sufficient to cover the costs of, administering its program.

SUBPART 3—MAMMOGRAPHY FACILITIES

PRIOR PROVISIONS

§ 263b. Certification of mammography facilities

(a) Definitions
As used in this section:

(1) Accreditation body
The term ‘‘accreditation body’’ means a body that has been approved by the Secretary under subsection (e)(1)(A) of this section to accredit mammography facilities.

(2) Certificate
The term ‘‘certificate’’ means the certificate described in subsection (b)(1) of this section.

(3) Facility
(A) In general
The term ‘‘facility’’ means a hospital, outpatient department, clinic, radiology practice, or mobile unit, an office of a physician, or other facility as determined by the Secretary, that conducts breast cancer screening or diagnosis through mammography activities. Such term does not include a facility of the Department of Veterans Affairs.
(B) Activities

For the purposes of this section, the activities of a facility include the operation of equipment to produce the mammogram, the processing of the film, the initial interpretation of the mammogram and the viewing conditions for that interpretation. Where procedures such as the film processing, or the interpretation of the mammogram are performed in a location different from where the mammogram is performed, the facility performing the mammogram shall be responsible for meeting the quality standards described in subsection (f) of this section.

(4) Inspection

The term “inspection” means an onsite evaluation of the facility by the Secretary, or State or local agency on behalf of the Secretary.

(5) Mammogram

The term “mammogram” means a radiographic image produced through mammography.

(6) Mammography

The term “mammography” means radiography of the breast.

(7) Survey

The term “survey” means an onsite physics consultation and evaluation performed by a medical physicist as described in subsection (f)(1)(E) of this section.

(8) Review physician

The term “review physician” means a physician as prescribed by the Secretary under subsection (f)(1)(D) of this section who meets such additional requirements as may be established by an accreditation body under subsection (e) of this section and approved by the Secretary to review clinical images under subsection (e)(1)(B)(i) of this section on behalf of the accreditation body.

(b) Certificate requirement

(1) Certificate

No facility may conduct an examination or procedure described in paragraph (2) involving mammography after October 1, 1994, unless the facility obtains—

(A) a certificate or a temporary renewal certificate—

(i) that is issued, and, if applicable, renewed, by the Secretary in accordance with paragraphs 1 or 2 of subsection (c) of this section;

(ii) that is applicable to the examination or procedure to be conducted; and

(iii) that is displayed prominently in such facility;

(B) a provisional certificate or a limited provisional certificate—

(i) that is issued by the Secretary in accordance with paragraphs (3) and (4) of subsection (c) of this section;

(ii) that is applicable to the examination or procedure to be conducted; and

(iii) that is displayed prominently in such facility.

The reference to a certificate in this section includes a temporary renewal certificate, provisional certificate, or a limited provisional certificate.

(2) Examination or procedure

A facility shall obtain a certificate in order to—

(A) operate radiological equipment that is used to image the breast;

(B) provide for the interpretation of a mammogram produced by such equipment at the facility or under arrangements with a qualified individual at a facility different from where the mammography examination is performed; and

(C) provide for the processing of film produced by such equipment at the facility or under arrangements with a qualified individual at a facility different from where the mammography examination is performed.

(c) Issuance and renewal of certificates

(1) In general

The Secretary may issue or renew a certificate for a facility if the person or agent described in subsection (d)(1)(A) of this section meets the applicable requirements of subsection (d)(1) of this section with respect to the facility. The Secretary may issue or renew a certificate under this paragraph for not more than 3 years.

(2) Temporary renewal certificate

The Secretary may issue a temporary renewal certificate, for a period of not to exceed 45 days, to a facility seeking reaccreditation if the accreditation body has issued an accreditation extension, for a period of not to exceed 45 days, for any of the following:

(A) The facility has submitted the required materials to the accreditation body within the established time frames for the submission of such materials but the accreditation body is unable to complete the reaccreditation process before the certification expires.

(B) The facility has acquired additional or replacement equipment, or has had significant personnel changes or other unforeseen situations that have caused the facility to be unable to meet reaccreditation timeframes, but in the opinion of the accreditation body have not compromised the quality of mammography.

(3) Limited provisional certificate

The Secretary may, upon the request of an accreditation body, issue a limited provisional certificate to an entity to enable the entity to conduct examinations for educational purposes while an onsite visit from an accreditation body is in progress. Such certificate shall be valid only during the time the site visit team from the accreditation body is physically in the facility, and in no case shall be valid for longer than 72 hours. The issuance of a certificate under this paragraph shall not preclude the entity from qualifying for a provisional certificate under paragraph (4).
(4) Provisional certificate

The Secretary may issue a provisional certificate for an entity to enable the entity to qualify as a facility. The applicant for a provisional certificate shall meet the requirements of subsection (d)(1) of this section, except providing information required by clauses (iii) and (iv) of subsection (d)(1)(A) of this section. A provisional certificate may be in effect no longer than 6 months from the date it is issued, except that it may be extended once for a period of not more than 90 days if the owner, lessor, or agent of the facility demonstrates to the Secretary that without such extension access to mammography in the geographic area served by the facility would be significantly reduced and if the owner, lessor, or agent of the facility will describe in a report to the Secretary steps that will be taken to qualify the facility for certification under subsection (b)(1) of this section.

(d) Application for certificate

(1) Submission

The Secretary may issue or renew a certificate for a facility if—

(A) the person who owns or leases the facility or an authorized agent of the person, submits to the Secretary, in such form and manner as the Secretary shall prescribe, an application that contains at a minimum—

(i) a description of the manufacturer, model, and type of each x-ray machine, image receptor, and processor operated in the performance of mammography by the facility;

(ii) a description of the procedures currently used to provide mammography at the facility, including—

(I) the types of procedures performed and the number of such procedures performed in the prior 12 months;

(II) the methodologies for mammography; and

(III) the names and qualifications (educational background, training, and experience) of the personnel performing mammography and the physicians reading and interpreting the results from the procedures;

(iii) proof of on-site survey by a qualified medical physicist as described in subsection (f)(1)(E) of this section; and

(iv) proof of accreditation in such manner as the Secretary shall prescribe; and

(B) the person or agent submits to the Secretary—

(i) a satisfactory assurance that the facility will be operated in accordance with standards established by the Secretary under subsection (f) of this section to assure the safety and accuracy of mammography;

(ii) a satisfactory assurance that the facility will—

(I) permit inspections under subsection (g) of this section; and

(II) make such records and information available, and submit such reports, to the Secretary as the Secretary may require; and

(III) update the information submitted under subparagraph (A) or assurances submitted under this subparagraph on a timely basis as required by the Secretary; and

(iii) such other information as the Secretary may require.

An applicant shall not be required to provide in an application under subparagraph (A) any information which the applicant has supplied to the accreditation body which accredited the applicant, except as required by the Secretary.

(2) Appeal

If the Secretary denies an application for the certification of a facility submitted under paragraph (1)(A), the Secretary shall provide the owner or lessor of the facility or the agent of the owner of the lessor who submitted such application—

(A) a statement of the grounds on which the denial is based, and

(B) an opportunity for an appeal in accordance with the procedures set forth in regulations of the Secretary published at part 498 of title 42, Code of Federal Regulations.

(3) Effect of denial

If the application for the certification of a facility is denied, the facility may not operate unless the denial of the application is overturned at the conclusion of the administrative appeals process provided in the regulations referred to in paragraph (2)(B).

(e) Accreditation

(1) Approval of accreditation bodies

(A) In general

The Secretary may approve a private non-profit organization or State agency to accredit facilities for purposes of subsection (d)(1)(A)(iv) of this section if the accreditation body meets the standards for accreditation established by the Secretary as described in subparagraph (B) and provides the assurances required by subparagraph (C).

(B) Standards

The Secretary shall establish standards for accreditation bodies, including—

(i) standards that require an accreditation body to perform—

(I) a review of clinical images from each facility accredited by such body not less often than every 3 years which review will be made by qualified review physicians; and

(II) a review of a random sample of clinical images from such facilities in each 3-year period beginning October 1, 1994, which review will be made by qualified review physicians;

(ii) standards that prohibit individuals conducting the reviews described in clause (i) from maintaining any relationship to the facility undergoing review which would constitute a conflict of interest;

(iii) standards that limit the imposition of fees for accreditation to reasonable amounts;
(iv) standards that require as a condition of accreditation that each facility undergo a survey at least annually by a medical physicist as described in subsection (f)(1)(E) of this section to ensure that the facility meets the standards described in subparagraphs (A) and (B) of subsection (f)(1) of this section;
(v) standards that require monitoring and evaluation of such survey, as prescribed by the Secretary;
(vi) standards that are equal to standards established under subsection (f) of this section which are relevant to accreditation as determined by the Secretary; and
(vii) such additional standards as the Secretary may require.

(C) Assurances
The accrediting body shall provide the Secretary satisfactory assurances that the body will—
(i) comply with the standards as described in subparagraph (B);
(ii) comply with the requirements described in paragraph (4);
(iii) submit to the Secretary the name of any facility for which the accreditation body denies, suspends, or revokes accreditation;
(iv) notify the Secretary in a timely manner before the accreditation body changes the standards of the body;
(v) notify each facility accredited by the accreditation body if the Secretary withdraws approval of the accreditation body under paragraph (2) in a timely manner; and
(vi) provide such other additional information as the Secretary may require.

(D) Regulations
Not later than 9 months after October 27, 1992, the Secretary shall promulgate regulations under which the Secretary may approve an accreditation body.

(2) Withdrawal of approval
(A) In general
The Secretary shall promulgate regulations under which the Secretary may withdraw the approval of an accreditation body if the Secretary determines that the accreditation body does not meet the standards under subparagraph (B) of paragraph (1), the requirements of clauses (i) through (vi) of subparagraph (C) of paragraph (1), or the requirements of paragraph (4).

(B) Effect of withdrawal
If the Secretary withdraws the approval of an accreditation body under subparagraph (A), the certificate of any facility accredited by the body shall continue in effect until such time as the Secretary determines to be appropriate.

(3) Accreditation
To be accredited by an approved accreditation body a facility shall meet—
(A) the standards described in paragraph (1)(B) which the Secretary determines are applicable to the facility, and
(B) such other standards which the accreditation body may require.

(4) Compliance
To ensure that facilities accredited by an accreditation body will continue to meet the standards of the accreditation body, the accreditation body shall—
(A) make onsite visits on an annual basis of a sufficient number of the facilities accredited by the body to allow a reasonable estimate of the performance of the body; and
(B) take such additional measures as the Secretary determines to be appropriate.

Visits made under subparagraph (A) shall be made after providing such notice as the Secretary may require.

(5) Revocation of accreditation
If an accreditation body revokes the accreditation of a facility, the certificate of the facility shall continue in effect until such time as may be determined by the Secretary.

(6) Evaluation and report
(A) Evaluation
The Secretary shall evaluate annually the performance of each approved accreditation body by—
(i) inspecting under subsection (g)(2) of this section a sufficient number of the facilities accredited by the body to allow a reasonable estimate of the performance of the body; and
(ii) such additional means as the Secretary determines to be appropriate.

(B) Report
The Secretary shall annually prepare and submit to the Committee on Labor and Human Resources of the Senate and the Committee on Energy and Commerce of the House of Representatives a report that describes the results of the evaluation conducted in accordance with subparagraph (A).

(1) In general
The standards referred to in subsection (d)(1)(B)(i) of this section are standards established by the Secretary which include—
(A) standards that require establishment and maintenance of a quality assurance and quality control program at each facility that is adequate and appropriate to ensure the reliability, clarity, and accuracy of interpretation of mammograms and standards for appropriate radiation dose;
(B) standards that require use of radiological equipment specifically designed for mammography, including radiologic standards and standards for other equipment and materials used in conjunction with such equipment;
(C) a requirement that personnel who perform mammography—
(1) be licensed by a State to perform radiological procedures; or
(II) be certified as qualified to perform radiological procedures by an organization described in paragraph (2)(A); and
(II) during the 2-year period beginning October 1, 1994, meet training standards
for personnel who perform mammography or meet experience requirements which shall at a minimum include 1 year of experience in the performance of mammography; and

(ii) upon the expiration of such 2-year period meet minimum training standards for personnel who perform mammograms;

(D) a requirement that mammograms be interpreted by a physician who is certified as qualified to interpret radiological procedures, including mammography—

(I) by a board described in paragraph (2)(B); or

(II) by a program that complies with the standards described in paragraph (2)(C); and

(ii) who meets training and continuing medical education requirements as established by the Secretary;

(E) a requirement that individuals who survey mammography facilities be medical physicists—

(i) licensed or approved by a State to perform such surveys, reviews, or inspections for mammography facilities;

(ii) certified in diagnostic radiological physics or certified as qualified to perform such surveys by a board as described in paragraph (2)(D); or

(iii) in the first 5 years after October 27, 1992, who meet other criteria established by the Secretary which are comparable to the criteria described in clause (i) or (ii);

(F) a requirement that a medical physicist who is qualified in mammography as described in subparagraph (E) survey mammography equipment and oversee quality assurance practices at each facility;

(G) a requirement that—

(I) a facility that performs any mammogram—

(i) except as provided in subclause (II), maintain the mammogram in the permanent medical records of the patient for a period of not less than 5 years, or not less than 10 years if no subsequent mammograms of such patient are performed at the facility, or longer if mandated by State law; and

(ii) upon the request of or on behalf of the patient, or upon the request of the patient, transfer the mammogram to a medical institution, to a physician of the patient, or to the patient directly; and

(iii) a facility must assure the preparation of a written report of the results of any mammography examination signed by the interpreting physician;

(II) such written report shall be provided to the patient's physicians (if any);

(III) if such a physician is not available or if there is no such physician, the written report shall be sent directly to the patient; and

(IV) upon request or if not such a physician is available or there is no such physician, a summary of the written report shall be sent directly to the patient in terms easily understood by a lay person; and

(H) standards relating to special techniques for mammography of patients with breast implants.

Subparagraph (G) shall not be construed to limit a patient's access to the patient's medical records.

(2) Certification of personnel

The Secretary shall by regulation—

(A) specify organizations eligible to certify individuals to perform radiological procedures as required by paragraph (1)(C);

(B) specify boards eligible to certify physicians to interpret radiological procedures, including mammography, as required by paragraph (1)(D);

(C) establish standards for a program to certify physicians described in paragraph (1)(D); and

(D) specify boards eligible to certify medical physicists who are qualified to survey mammography equipment and to oversee quality assurance practices at mammography facilities.

(g) Inspections

(1) Annual inspections

(A) In general

The Secretary may enter and inspect facilities to determine compliance with the certification requirements under subsection (b) of this section and the standards established under subsection (f) of this section. The Secretary shall, if feasible, delegate to a State or local agency the authority to make such inspections.

(B) Identification

The Secretary, or State or local agency acting on behalf of the Secretary, may conduct inspections only on presenting identification to the owner, operator, or agent in charge of the facility to be inspected.

(C) Scope of inspection

In conducting inspections, the Secretary or State or local agency acting on behalf of the Secretary—

(I) shall have access to all equipment, materials, records, and information that the Secretary or State or local agency considers necessary to determine whether the facility is being operated in accordance with this section; and

(II) may copy, or require the facility to submit to the Secretary or the State or local agency, any of the materials, records, or information.

(D) Qualifications of inspectors

Qualified individuals, as determined by the Secretary, shall conduct all inspections. The Secretary may request that a State or local agency acting on behalf of the Secretary designate a qualified officer or employee to conduct the inspections, or designate a qualified Federal officer or employee to conduct inspections. The Secretary shall establish minimum qualifications and appropriate training for inspectors and criteria for certification of inspectors in order to inspect facilities for compliance with subsection (f) of this section.
(E) Frequency
The Secretary or State or local agency acting on behalf of the Secretary shall conduct inspections under this paragraph of each facility not less often than annually, subject to paragraph (6).

(F) Records and annual reports
The Secretary or a State or local agency acting on behalf of the Secretary which is responsible for inspecting mammography facilities shall maintain records of annual inspections required under this paragraph for a period as prescribed by the Secretary. Such a State or local agency shall annually prepare and submit to the Secretary a report concerning the inspections carried out under this paragraph. Such reports shall include a description of the facilities inspected and the results of such inspections.

(2) Inspection of accredited facilities
The Secretary shall inspect annually a sufficient number of the facilities accredited by an accreditation body to provide the Secretary with a reasonable estimate of the performance of such body.

(3) Inspection of facilities inspected by State or local agencies
The Secretary shall inspect annually facilities inspected by State or local agencies acting on behalf of the Secretary to assure a reasonable performance by such State or local agencies.

(4) Timing
The Secretary, or State or local agency, may conduct inspections under paragraphs (1), (2), and (3), during regular business hours or at a mutually agreeable time and after providing such notice as the Secretary may prescribe, except that the Secretary may waive such requirements if the continued performance of mammography at such facility threatens the public health.

(5) Limited reinspection
Nothing in this section limits the authority of the Secretary to conduct limited reinspections of facilities found not to be in compliance with this section.

(6) Demonstration program
(A) In general
The Secretary may establish a demonstration program under which inspections under paragraph (1) of selected facilities are conducted less frequently by the Secretary (or as applicable, by State or local agencies acting on behalf of the Secretary) than the interval specified in subparagraph (E) of such paragraph.

(B) Requirements
Any demonstration program under subparagraph (A) shall be carried out in accordance with the following:
(i) The program may not be implemented before April 1, 2001. Preparations for the program may be carried out prior to such date.
(ii) In carrying out the program, the Secretary may not select a facility for inclusion in the program unless the facility is substantially free of incidents of non-compliance with the standards under subsection (f) of this section. The Secretary may at any time provide that a facility will no longer be included in the program.
(iii) The number of facilities selected for inclusion in the program shall be sufficient to provide a statistically significant sample, subject to compliance with clause (ii).
(iv) Facilities that are selected for inclusion in the program shall be inspected at such intervals as the Secretary determines will reasonably ensure that the facilities are maintaining compliance with such standards.

(h) Sanctions
(1) In general
In order to promote voluntary compliance with this section, the Secretary may, in lieu of taking the actions authorized by subsection (i) of this section, impose one or more of the following sanctions:
(A) Directed plans of correction which afford a facility an opportunity to correct violations in a timely manner.
(B) Payment for the cost of onsite monitoring.

(2) Patient information
If the Secretary determines that the quality of mammography performed by a facility (whether or not certified pursuant to subsection (c) of this section) was so inconsistent with the quality standards established pursuant to subsection (f) of this section as to present a significant risk to individual or public health, the Secretary may require such facility to notify patients who received mammograms at such facility, and their referring physicians, of the deficiencies presenting such risk, the potential harm resulting, appropriate remedial measures, and such other relevant information as the Secretary may require.

(3) Civil money penalties
The Secretary may assess civil money penalties in an amount not to exceed $10,000 for—
(A) failure to obtain a certificate as required by subsection (b) of this section,
(B) each failure by a facility to substantially comply with, or each day on which a facility fails to substantially comply with, the standards established under subsection (f) of this section or the requirements described in subclauses (I) through (III) of subsection (d)(1)(B)(ii) of this section,
(C) each failure to notify a patient of risk as required by the Secretary pursuant to paragraph (2), and
(D) each violation, or for each aiding and abetting in a violation of, any provision of, or regulation promulgated under, this section by an owner, operator, or any employee of a facility required to have a certificate.

(4) Procedures
The Secretary shall develop and implement procedures with respect to when and how each of the sanctions is to be imposed under para-
§ 263b  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 356

graphs (1) through (3). Such procedures shall provide for notice to the owner or operator of the facility and a reasonable opportunity for the owner or operator to respond to the proposed sanctions and appropriate procedures for appealing determinations relating to the imposition of sanctions.

(i) Suspension and revocation

(1) In general

The certificate of a facility issued under subsection (c) of this section may be suspended or revoked if the Secretary finds, after providing, except as provided in paragraph (2), reasonable notice and an opportunity for a hearing to the owner or operator of the facility, that the owner, operator, or any employee of the facility—

(A) has been guilty of misrepresentation in obtaining the certificate;

(B) has failed to comply with the requirements of subsection (d)(1)(B)(ii)(III) of this section or the standards established by the Secretary under subsection (f) of this section;

(C) has failed to comply with reasonable requests of the Secretary (or of an accreditation body approved pursuant to subsection (e) of this section) for any record, information, report, or material that the Secretary (or such accreditation body or State carrying out certification program requirements pursuant to subsection (q) of this section) concludes is necessary to determine the continued eligibility of the facility for a certificate or continued compliance with the standards established under subsection (f) of this section;

(D) has refused a reasonable request of the Secretary, any Federal officer or employee duly designated by the Secretary, or any State or local officer or employee duly designated by the State or local agency, for permission to inspect the facility or the operations and pertinent records of the facility in accordance with subsection (g) of this section;

(E) has violated or aided and abetted in the violation of any provision of, or regulation promulgated under, this section; or

(F) has failed to comply with a sanction imposed under subsection (h) of this section.

(2) Action before a hearing

(A) In general

The Secretary may suspend the certificate of the facility before holding a hearing required by paragraph (1) if the Secretary has reason to believe that the circumstance of the case will support one or more of the findings described in paragraph (1) and that—

(i) the failure or violation was intentional; or

(ii) the failure or violation presents a serious risk to human health.

(B) Hearing

If the Secretary suspends a certificate under subparagraph (A), the Secretary shall provide an opportunity for a hearing to the owner or operator of the facility not later than 60 days from the effective date of the suspension. The suspension shall remain in effect until the decision of the Secretary made after the hearing.

(3) Ineligibility to own or operate facilities after revocation

If the Secretary revokes the certificate of a facility on the basis of an act described in paragraph (1), no person who owned or operated the facility at the time of the act may, within 2 years of the revocation of the certificate, own or operate a facility that requires a certificate under this section.

(j) Injunctions

If the Secretary determines that—

(1) continuation of any activity related to the provision of mammography by a facility would constitute a serious risk to human health, the Secretary may bring suit in the district court of the United States for the district in which the facility is situated to enjoin continuation of the activity; and

(2) a facility is operating without a certificate as required by subsection (b) of this section, the Secretary may bring suit in the district court of the United States for the district in which the facility is situated to enjoin the operation of the facility.

Upon a proper showing, the district court shall grant a temporary injunction or restraining order against continuation of the activity or against operation of a facility, as the case may be, without requiring the Secretary to post a bond, pending issuance of a final order under this subsection.

(k) Judicial review

(1) Petition

If the Secretary imposes a sanction on a facility under subsection (h) of this section or suspends or revokes the certificate of a facility under subsection (i) of this section, the owner or operator of the facility may, not later than 60 days after the date the action of the Secretary becomes final, file a petition with the United States court of appeals for the circuit in which the facility is situated for judicial review of the action. As soon as practicable after receipt of the petition, the clerk of the court shall transmit a copy of the petition to the Secretary or other officer designated by the Secretary. As soon as practicable after receipt of the copy, the Secretary shall file in the court the record on which the action of the Secretary is based, as provided in section 2112 of title 28.

(2) Additional evidence

If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order the additional evidence (and evidence in rebuttal of the additional evidence) to be taken before the Secretary, and to be adduced upon the hearing in such manner and upon such terms and conditions as the court may determine to be prop-
er. The Secretary may modify the findings of the Secretary as to the facts, or make new findings, by reason of the additional evidence so taken, and the Secretary shall file the modified or new findings, and the recommendations of the Secretary, if any, for the modification or setting aside of the original action of the Secretary with the return of the additional evidence.

(3) Judgment of court

Upon the filing of the petition referred to in paragraph (1), the court shall have jurisdiction to affirm the action, or to set the action aside in whole or in part, temporarily or permanently. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive.

(4) Finality of judgment

The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28.

(f) Information

(1) In general

Not later than October 1, 1996, and annually thereafter, the Secretary shall compile and make available to physicians and the general public information that the Secretary determines is useful in evaluating the performance of facilities, including a list of facilities—

(A) that have been convicted under Federal or State laws relating to fraud and abuse, false billings, or kickbacks;

(B) that have been subject to sanctions under subsection (h) of this section, together with a statement of the reasons for the sanctions;

(C) that have had certificates revoked or suspended under subsection (i) of this section, together with a statement of the reasons for the revocation or suspension;

(D) against which the Secretary has taken action under subsection (i) of this section, together with a statement of the reasons for the action;

(E) whose accreditation has been revoked, together with a statement of the reasons of the revocation;

(F) against which a State has taken adverse action; and

(G) that meets such other measures of performance as the Secretary may develop.

(2) Date

The information to be compiled under paragraph (1) shall be information for the calendar year preceding the date the information is to be made available to the public.

(3) Explanatory information

The information to be compiled under paragraph (1) shall be accompanied by such explanatory information as may be appropriate to assist in the interpretation of the information compiled under such paragraph.

(m) State laws

Nothing in this section shall be construed to limit the authority of any State to enact and enforce laws relating to the matters covered by this section that are at least as stringent as this section or the regulations issued under this section.

(n) National Advisory Committee

(1) Establishment

In carrying out this section, the Secretary shall establish an advisory committee to be known as the National Mammography Quality Assurance Advisory Committee (hereafter in this subsection referred to as the "Advisory Committee").

(2) Composition

The Advisory Committee shall be composed of not fewer than 13, nor more than 19 individuals, who are not officers or employees of the Federal Government. The Secretary shall make appointments to the Advisory Committee from among—

(A) physicians,

(B) practitioners, and

(C) other health professionals, whose clinical practice, research specialization, or professional expertise include a significant focus on mammography. The Secretary shall appoint at least 4 individuals from among national breast cancer or consumer health organizations with expertise in mammography, at least 2 industry representatives with expertise in mammography equipment, and at least 2 practicing physicians who provide mammography services.

(3) Functions and duties

The Advisory Committee shall—

(A) advise the Secretary on appropriate quality standards and regulations for mammography facilities;

(B) advise the Secretary on appropriate standards and regulations for accreditation bodies;

(C) advise the Secretary in the development of regulations with respect to sanctions;

(D) assist in developing procedures for monitoring compliance with standards under subsection (f) of this section;

(E) make recommendations and assist in the establishment of a mechanism to investigate consumer complaints;

(F) report on new developments concerning breast imaging that should be considered in the oversight of mammography facilities;

(G) determine whether there exists a shortage of mammography facilities in rural and health professional shortage areas and determine the effects of personnel or other requirements of subsection (f) of this section on access to the services of such facilities in such areas;

(H) determine whether there will exist a sufficient number of medical physicists after October 1, 1999, to assure compliance with the requirements of subsection (f)(1)(E) of this section;

(I) determine the costs and benefits of compliance with the requirements of this section (including the requirements of regulations promulgated under this section); and
(J) perform other activities that the Secretary may require.

The Advisory Committee shall report the findings made under subparagraphs (G) and (I) to the Secretary and the Congress no later than October 1, 1993.

(4) Meetings
The Advisory Committee shall meet not less than quarterly for the first 3 years of the program and thereafter, at least annually.

(5) Chairperson
The Secretary shall appoint a chairperson of the Advisory Committee.

(o) Consultations
In carrying out this section, the Secretary shall consult with appropriate Federal agencies within the Department of Health and Human Services for the purposes of developing standards, regulations, evaluations, and procedures for compliance and oversight.

(p) Breast cancer screening surveillance research grants

(1) Research

(A) Grants
The Secretary shall award grants to such entities as the Secretary may determine to be appropriate to establish surveillance systems in selected geographic areas to provide data to evaluate the functioning and effectiveness of breast cancer screening programs in the United States, including assessments of participation rates in screening mammography, diagnostic procedures, incidence of breast cancer, mode of detection (mammography screening or other methods), outcome and follow up information, and such related epidemiologic analyses that may improve early cancer detection and contribute to reduction in breast cancer mortality. Grants may be awarded for further research on breast cancer surveillance systems upon the Secretary’s review of the evaluation of the program.

(B) Use of funds
Grants awarded under subparagraph (A) may be used—

(i) to study—

(I) methods to link mammography and clinical breast examination records with population-based cancer registry data; 
(II) methods to provide diagnostic outcome data, or facilitate the communication of diagnostic outcome data, to radiology facilities for purposes of evaluating patterns of mammography interpretation; and
(III) mechanisms for limiting access and maintaining confidentiality of all stored data; and

(ii) to conduct pilot testing of the methods and mechanisms described in subclauses (I), (II), and (III) of clause (i) on a limited basis.

(C) Grant application
To be eligible to receive funds under this paragraph, an entity shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(D) Report
A recipient of a grant under this paragraph shall submit a report to the Secretary containing the results of the study and testing conducted under clauses (i) and (ii) of subparagraph (B), along with recommendations for methods of establishing a breast cancer screening surveillance system.

(2) Establishment
The Secretary shall establish a breast cancer screening surveillance system based on the recommendations contained in the report described in paragraph (1)(D).

(3) Standards and procedures
The Secretary shall establish standards and procedures for the operation of the breast cancer screening surveillance system, including procedures to maintain confidentiality of patient records.

(4) Information
The Secretary shall recruit facilities to provide to the breast cancer screening surveillance system relevant data that could help in the research of the causes, characteristics, and prevalence of, and potential treatments for, breast cancer and benign breast conditions, if the information may be disclosed under section 552 of title 5.

(q) State program

(1) In general
The Secretary, upon application, authorize a State—

(A) to carry out, subject to paragraph (2), the certification program requirements under subsections (b), (c), (d), (g)(1), (h), (i), and (j) of this section (including the requirements under regulations promulgated pursuant to such subsections), and

(B) to implement the standards established by the Secretary under subsection (f) of this section, with respect to mammography facilities operating within the State.

(2) Approval
The Secretary may approve an application under paragraph (1) if the Secretary determines that—

(A) the State has enacted laws and issued regulations relating to mammography facilities which are the requirements of this section (including the requirements under regulations promulgated pursuant to such subsections), and

(B) the State has provided satisfactory assurances that the State—

(i) has the legal authority and qualified personnel necessary to enforce the requirements of and the regulations promulgated pursuant to this section (including the requirements under regulations promulgated pursuant to such subsections), and

(ii) will devote adequate funds to the administration and enforcement of such requirements, and
(iii) will provide the Secretary with such information and reports as the Secretary may require.

(3) Authority of Secretary
In a State with an approved application—
(A) the Secretary shall carry out the Secretary’s functions under subsections (e) and (f) of this section;
(B) the Secretary may take action under subsections (h), (i), and (j) of this section; and
(C) the Secretary shall conduct oversight functions under subsections (g)(2) and (g)(3) of this section.

(4) Withdrawal of approval
(A) In general
The Secretary may, after providing notice and opportunity for corrective action, withdraw the approval of a State’s authority under paragraph (1) if the Secretary determines that the State does not meet the requirements of such paragraph. The Secretary shall promulgate regulations for the implementation of this subparagraph.

(B) Effect of withdrawal
If the Secretary withdraws the approval of a State under subparagraph (A), the certificate of any facility certified by the State shall continue in effect until the expiration of a reasonable period, as determined by the Secretary, for such facility to obtain certification by the Secretary.

(r) Funding
(1) Fees
(A) In general
The Secretary shall, in accordance with this paragraph and collect fees from persons described in subsection (d)(1)(A) of this section (other than persons who are governmental entities, as determined by the Secretary) to cover the costs of inspections conducted under subsection (g)(1) of this section by the Secretary or a State acting under a delegation under subparagraph (A) of such subsection. Fees may be assessed and collected under this paragraph only in such manner as would result in an aggregate amount of fees collected during any fiscal year which equals the aggregate amount of costs for such fiscal year for inspections of facilities of such persons under subsection (g)(1) of this section. A person's liability for fees shall be reasonably based on the proportion of the inspection costs which relate to such person.

(B) Deposit and appropriations
(i) Deposit and availability
Fees collected under subparagraph (A) shall be deposited and available only to the extent provided in advance in appropriation Acts.

(ii) Appropriations
Fees collected under subparagraph (A) shall be collected and available only to the extent provided in advance in appropriation Acts.

(2) Authorization of appropriations
There are authorized to be appropriated to carry out this section—
(A) to award research grants under subsection (p) of this section, such sums as may be necessary for each of the fiscal years 1993 through 2007; and
(B) for the Secretary to carry out other activities which are not supported by fees authorized and collected under paragraph (1), such sums as may be necessary for fiscal years 1993 through 2007.

“(i) the failure of a facility to comply with the standards established by the Secretary under subsection (f) of this section presents a serious risk to human health; or

“(ii) a facility has engaged in an action described in subparagraph (D) or (E) of paragraph (1);”.

Subsec. (i)(2)(A). Pub. L. 105–248, §13, substituted “appropriations” for “fiscal years” and “fiscal year” for “fiscal years”.

CHANGE OF NAME

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

TERMINATION OF ADVISORY COMMITTEES

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees. Pub. L. 93–641, §6, Jan. 4, 1974, 88 Stat. 2273, set out as a note under section 903 of this title, provided that an advisory committee established pursuant to the Public Health Service Act shall terminate at such time as may be specifically prescribed by an Act of Congress enacted after Jan. 4, 1975.

REGULATIONS

“(1) under which the Secretary may approve accreditation bodies under section 354(e) of the Public Health Service Act (42 U.S.C. 263b(e)); and

“(2) establishing quality standards under section 354(f) of the Public Health Service Act (42 U.S.C. 263b(f)).”

STUDY

Section 3 of Pub. L. 102–539 directed Comptroller General of United States to conduct a study of the certification program authorized in this section to determine if the program has resulted in improved in quality and accessibility of mammography services, and if the program has reduced the frequency of poor quality mammography and improved early detection of breast cancer, with Comptroller General, not later than 3 years from Oct. 27, 1992, submit to Congress an interim report of results of study and, not later than 5 years from such date to submit a final report.

PART G—QUARANTINE AND INSPECTION

§264. Regulations to control communicable diseases

(a) Promulgation and enforcement by Surgeon General

The Surgeon General, with the approval of the Secretary, is authorized to make and enforce such regulations as in his judgment are necessary to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the States or possessions, or from one State or possession into any other State or possession. For purposes of carrying out and enforcing such regulations, the Surgeon General may provide for such inspection, fumigation, disinfection, sanitation, pest extermination, destruction of animals or articles found to be so infected or contaminated as to be sources of dangerous infection to human beings, and other measures, as in his judgment may be necessary.
(b) Apprehension, detention, or conditional release of individuals

Regulations prescribed under this section shall not provide for the apprehension, detention, or conditional release of individuals except for the purpose of preventing the introduction, transmission, or spread of such communicable diseases as may be specified from time to time in Executive orders of the President upon the recommendation of the Secretary, in consultation with the Surgeon General.¹

(c) Application of regulations to persons entering from foreign countries

Except as provided in subsection (d) of this section, regulations prescribed under this section, insofar as they provide for the apprehension, detention, examination, or conditional release of individuals, shall be applicable only to individuals coming into a State or possession from a foreign country or a possession.

(d) Apprehension and examination of persons reasonably believed to be infected

(1) Regulations prescribed under this section may provide for the apprehension and examination of any individual reasonably believed to be infected with a communicable disease in a qualifying stage and (A) to be moving or about to move from a State to another State; or (B) to be a probable source of infection to individuals who, while infected with such disease in a qualifying stage, will be moving from a State to another State. Such regulations may provide that if upon examination any such individual is found to be infected, he may be detained for such time and in such manner as may be reasonably necessary. For purposes of this subsection, the term “State” includes, in addition to the several States, only the District of Columbia.

(2) For purposes of this subsection, the term “communicable disease”, with respect to a communicable disease, means that such disease—(A) is in a communicable stage; or (B) is in a precommunicable stage, if the disease would be likely to cause a public health emergency if transmitted to other individuals.

(e) Preemption

Nothing in this section or section 266 of this title, or the regulations promulgated under such sections, may be construed as superseding any provision under State law (including regulations and including provisions established by political subdivisions of States), except to the extent that such a provision conflicts with an exercise of Federal authority under this section or section 266 of this title.

AMENDMENTS

2002—Pub. L. 107–188, §142(a)(1), (2), (b)(1), and (c), which directed certain amendments to section 361 of the Public Health Act, was executed by making the amendments to this section, which is section 361 of the Public Health Service Act, to reflect the probable intent of Congress. See below.

Subsec. (b). Pub. L. 107–188, §142(a)(1), substituted “Executive orders of the President upon the recommendation of the Secretary, in consultation with the Surgeon General,” for “Executive orders of the President upon the recommendation of the National Advisory Health Council and the Surgeon General”.

Subsec. (d). Pub. L. 107–188, §142(a)(2), (b)(1), substituted in first sentence “Regulations” for “On recommendation of the National Advisory Health Council, regulations”, “in a qualifying stage” for “in a communicable stage” in two places, designated existing text par. (1) and substituted “(A)” and “(B)” for “(1)” and “(2)”, respectively, and added par. (2).

1976—Subsec. (d). Pub. L. 94–317 inserted provision defining “State” to include, in addition to the several States, only the District of Columbia.

EFFECTIVE DATE OF 1960 AMENDMENT

Amendment by Pub. L. 86–624 effective Aug. 21, 1959, see section 47(c) of Pub. L. 86–624, set out as a note under section 201 of this title.

EVALUATION OF PUBLIC HEALTH AUTHORITIES

Pub. L. 110–382, title I, §121, Oct. 13, 2008, 122 Stat. 4200, provided that:“(a) IN GENERAL.—Not later than 180 days after the date of enactment of the Comprehensive Tuberculosis Elimination Act of 2008 [Oct. 13, 2008], the Secretary of Health and Human Services shall prepare and submit to the appropriate committees of Congress a report that evaluates and provides recommendations on changes needed to Federal and State public health authorities to address current disease containment challenges such as isolation and quarantine.

“(b) CONTENTS OF EVALUATION.—The report described in subsection (a) shall include—

“(1) an evaluation of the effectiveness of current policies to detain patients with active tuberculosis; 

“(2) an evaluation of whether Federal laws should be strengthened to expressly address the movement of individuals with active tuberculosis; and

“(3) specific legislative recommendations for changes to Federal laws, if any.

“(c) UPDATE OF QUARANTINE REGULATIONS.—Not later than 240 days after the date of enactment of this Act [Oct. 13, 2008], the Secretary of Health and Human Services shall promulgate regulations to update the current interstate and foreign quarantine regulations found in parts 70 and 71 of title 42, Code of Federal Regulations.”
§ 265. Suspension of entries and imports from designated places to prevent spread of communicable diseases

Whenever the Surgeon General determines that by reason of the existence of any communicable disease in a foreign country there is serious danger of the introduction of such disease into the United States, and that this danger is so increased by the introduction of persons or property from such country that a suspension of the right to introduce such persons and property is required in the interest of the public health, the Surgeon General, in accordance with regulations approved by the President, shall have the power to prohibit, in whole or in part, the introduction of persons and property from such countries or places as he shall designate in order to avert such danger, and for such period of time as he may deem necessary for such purpose.

TRANSFER OF FUNCTIONS

§ 266. Special quarantine powers in time of war

To protect the military and naval forces and war workers of the United States, in time of war, against any communicable disease specified in Executive orders as provided in subsection (b) of section 264 of this title, the Secretary, in consultation with the Surgeon General, is authorized to provide by regulations for the apprehension and examination, in time of war, of any individual reasonably believed (1) to be infected with such disease and (2) to be a probable source of infection to members of the armed forces of the United States or to individuals engaged in the production or transportation of arms, munitions, ships, food, clothing, or other supplies for the armed forces. Such regulations may provide that if upon examination any such individual is found to be so infected, he may be detained for such time and in such manner as may be reasonably necessary.

Amendments

2002—Pub. L. 107–188, which directed substitution of “the Secretary, in consultation with the Surgeon General” for “the Surgeon General, on recommendation of the National Advisory Health Council,” and striking out of “in a communicable stage” after “(1)” to be infected with such disease”, in section 363 of the Public Health Act, was executed to this section, which is section 363 of the Public Health Service Act, to reflect the probable intent of Congress.

TRANSFER OF FUNCTIONS

TERMINATION OF WAR AND EMERGENCIES

Joint Res. July 25, 1947, ch. 327, §3, 61 Stat. 451, provided that in the interpretation of this section, the date July 25, 1947, shall be deemed to be the date of termination of any state of war therefore declared by Congress and of the national emergencies proclaimed by the President on Sept. 8, 1939, and May 27, 1941.
§ 267. Quarantine stations, grounds, and anchorages

(a) Control and management

Except as provided in title II of the Act of June 15, 1917, as amended [30 U.S.C. 191 et seq.], the Surgeon General shall control, direct, and manage all United States quarantine stations, grounds, and anchorages, designate their boundaries, and designate the quarantine officers to be in charge thereof. With the approval of the President he shall from time to time select suitable sites for and establish such additional stations, grounds, and anchorages in the States and possessions of the United States as in his judgment are necessary to prevent the introduction of communicable diseases into the States and possessions of the United States.

(b) Hours of inspection

The Surgeon General shall establish the hours during which quarantine service shall be performed at each quarantine station, and, upon application by any interested party, may establish quarantine inspection during the twenty-four hours of the day, or any fraction thereof, at such quarantine stations as, in his opinion, require such extended service. He may restrict the performance of quarantine inspection to hours of daylight for such arriving vessels as cannot, in his opinion, be satisfactorily inspected during hours of darkness. No vessel shall be required to undergo quarantine inspection during the hours of darkness, unless the quarantine officer at such quarantine station shall deem an immediate inspection necessary to protect the public health. Uniformity shall not be required in the hours during which quarantine inspection may be obtained at the various ports of the United States.

(c) Overtime pay for employees of Service

The Surgeon General shall fix a reasonable rate of extra compensation for overtime services of employees of the United States Public Health Service, Foreign Quarantine Division, performing overtime duties including the operation of vessels, in connection with the inspection or quarantine treatment of persons (passengers and crews), conveyances, or goods arriving by land, water, or air in the United States or any place subject to the jurisdiction thereof, hereinafter referred to as “employees of the Public Health Service”, when required to be on duty between the hours of 6 o’clock antemeridian and 6 o’clock antemeridian (or between the hours of 7 o’clock postmeridian and 7 o’clock antemeridian at stations which have a declared workday of from 7 o’clock antemeridian to 7 o’clock postmeridian), or on Sundays or holidays, such rate, in lieu of compensation under any other provision of law, to be fixed at two times the basic hourly rate for each hour that the overtime extends beyond 6 o’clock (or 7 o’clock as the case may be) postmeridian, and two times the basic hourly rate for each overtime hour worked on Sundays or holidays. As used in this subsection, the term “basic hourly rate” shall mean the regular basic rate of pay which is applicable to such employees for work performed within their regular scheduled tour of duty.

(d) Payment of extra compensation to United States; bond or deposit to assure payment; deposit of moneys to credit of appropriation

(1) The said extra compensation shall be paid to the United States by the owner, agent, consignee, operator, or master or other person in charge of any conveyance, for whom, at his request, services as described in this subsection (hereinafter referred to as overtime service) are performed. If such employees have been ordered to report for duty and have so reported, and the requested services are not performed by reason of circumstances beyond the control of the employees concerned, such extra compensation shall be paid on the same basis as though the overtime services had actually been performed during the period between the time the employees were ordered to report for duty and did so report, and the time they were notified that their services would not be required, and in any case as though their services had continued for not less than one hour. The Surgeon General with the approval of the Secretary of Health and Human Services may prescribe regulations requiring the owner, agent, consignee, operator, or master or other person for whom the overtime services are performed to file a bond in such amounts and containing such conditions and with such sureties or in lieu of a bond, to deposit money or obligations of the United States in such amount, as will assure the payment of charges under this subsection, which bond or deposit may cover one or more transactions or all transactions during a specified period: Provided, That no charges shall be made for services performed in connection with the inspection of (1) persons arriving by international highways, ferries, bridges, or tunnels, or the conveyances in which they arrive, or (2) persons arriving by aircraft or railroad trains, the operations of which are covered by published schedules, or the aircraft or trains in which they arrive, or (3) persons arriving by vessels operated between Canadian ports and ports on Puget Sound or operated on the Great Lakes and connecting waterways, the operations of which are covered by published schedules, or the vessels in which they arrive. (2) Moneys collected under this subsection shall be deposited in the Treasury of the United States to the credit of the appropriation charged with the expense of the services, and the appropriations so credited shall be available for the payment of such compensation to the said employees for services so rendered.

AMENDMENTS

1958—Subsec. (c). Pub. L. 85-580 inserted rate of pay for each hour that extends beyond 6 o’clock (or 7 o’clock as the case may be) postmeridian from one and one-half times the basic hourly rate to two times the basic hourly rate.

1957—Subsecs. (c), (d). Pub. L. 85-58 added subsec. (c) and (d).

§ 268. Quarantine duties of consular and other officers

(a) Any consular or medical officer of the United States, designated for such purpose by the Secretary, shall make reports to the Surgeon General, on such forms and at such interval as the Surgeon General may prescribe, of the health conditions at the port or place at which such officer is stationed.

(b) It shall be the duty of the customs officers and of Coast Guard officers to aid in the enforcement of quarantine rules and regulations; but no additional compensation, except actual and necessary traveling expenses, shall be allowed to any such officer by reason of such services.

(July 1, 1944, ch. 373, title III, §365, 58 Stat. 705; 1953 Reorg. Plan No. 1, Apr. 4, 1953, 68 F.R. 17255, set out as a note under section 264 of this title.)

Transfer of functions

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 461, 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 269. Bills of health

(a) Detail of medical officer; conditions precedent to issuance; consular officer to receive fees

Except as otherwise prescribed in regulations, any vessel at any foreign port or place clearing or departing for any port or place in a State or possession shall be required to obtain from the consular officer of the United States or from the Public Health Service officer, or other medical officer of the United States designated by the Surgeon General, at the port or place of departure, a bill of health in duplicate, in the form prescribed by the Surgeon General. The President, from time to time, shall specify the ports at which a medical officer shall be stationed for this purpose. Such bill of health shall set forth the sanitary history and condition of said vessel, and shall state that it has in all respects complied with the regulations prescribed pursuant to subsection (c) of this section. Before granting such duplicate bill of health, such consular or medical officer shall be satisfied that the matters and things therein stated are true. The consular officer shall be entitled to demand and receive the fees for bills of health and such fees shall be established by regulation.

(b) Collectors of customs to receive originals; duplicate copies as part of ship’s papers

Original bills of health shall be delivered to the collectors of customs at the port of entry. Duplicate copies of such bills of health shall be delivered at the time of inspection to quarantine officers at such port. The bills of health herein prescribed shall be considered as part of the ship’s papers, and when duly certified to by the proper consular or other officer of the United States, over his official signature and seal, shall be accepted as evidence of the statements therein contained in any court of the United States.

(c) Regulations to secure sanitary conditions of vessels

The Surgeon General shall from time to time prescribe regulations, applicable to vessels referred to in subsection (a) of this section for the purpose of preventing the introduction into the States or possessions of the United States of any communicable disease by securing the best sanitary condition of such vessels, their cargoes, passengers, and crews. Such regulations shall be observed by such vessels prior to departure, during the course of the voyage, and also during inspection, disinfection, or other quarantine procedure upon arrival at any United States quarantine station.

(d) Vessels from ports near frontier

The provisions of subsections (a) and (b) of this section shall not apply to vessels plying between such foreign ports on or near the frontiers of the United States and ports of the United States as are designated by treaty.

(e) Compliance with regulations

It shall be unlawful for any vessel to enter any port in any State or possession of the United States to discharge its cargo, or land its passengers, except upon a certificate of the quarantine officer that regulations prescribed under
subsection (c) of this section have in all respects been complied with by such officer, the vessel, and its master. The master of every such vessel shall deliver such certificate to the collector of customs at the port of entry, together with the original bill of health and other papers of the vessel. The certificate required by this subsection shall be procurable from the quarantine officer, upon arrival of the vessel at the quarantine station and satisfactory inspection thereof, at any time within which quarantine services are performed at such station.

§ 273. Organ procurement organizations

(a) Grant authority of Secretary

(1) The Secretary may make grants for the planning of qualified organ procurement organizations described in subsection (b) of this section.

(2) The Secretary may make grants for the establishment, initial operation, consolidation, and expansion of qualified organ procurement organizations described in subsection (b) of this section.

(b) Qualified organizations

(1) A qualified organ procurement organization for which grants may be made under subsection (a) of this section is an organization which, as determined by the Secretary, will carry out the functions described in paragraph (2). 1

(A) is a nonprofit entity,

(B) has accounting and other fiscal procedures (as specified by the Secretary) necessary to assure the fiscal stability of the organization,

(C) has an agreement with the Secretary to be reimbursed under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] for the procurement of kidneys,

(D) notwithstanding any other provision of law, has met the other requirements of this section and has been certified or recertified by the Secretary within the previous 4-year period as meeting the performance standards to be a qualified organ procurement organization through a process that either—

(i) granted certification or recertification within such 4-year period with such certification or recertification in effect as of January 1, 2000, and remaining in effect through the earlier of—

(I) January 1, 2002; or

(II) the completion of recertification under the requirements of clause (ii); or

(ii) is defined through regulations that are promulgated by the Secretary by not later than January 1, 2002, that—

(I) require recertifications of qualified organ procurement organizations not more frequently than once every 4 years;

(II) rely on outcome and process performance measures that are based on empirical evidence, obtained through reasonable efforts, of organ donor potential and other related factors in each service area of qualified organ procurement organizations;

(III) use multiple outcome measures as part of the certification process; and

(IV) provide for a qualified organ procurement organization to appeal a decertification to the Secretary on substantive and procedural grounds; 2

(E) has procedures to obtain payment for non-renal organs provided to transplant centers,

(F) has a defined service area that is of sufficient size to assure maximum effectiveness in the procurement and equitable distribution of organs, and that either includes an entire metropolitan statistical area (as specified by the Director of the Office of Management and Budget) or does not include any part of the area,

(G) has a director and such other staff, including the organ donation coordinators and organ procurement specialists necessary to effectively obtain organs from donors in its service area, and

(H) has a board of directors or an advisory board which—

(i) is composed of—

(I) members who represent hospital administrators, intensive care or emergency room personnel, tissue banks, and voluntary health associations in its service area,

(II) members who represent the public residing in such area,

(III) a physician with knowledge, experience, or skill in the field of histocompatibility 3 or an individual with a doctorate degree in a biological science with knowledge, experience, or skill in the field of histocompatibility,

(IV) a physician with knowledge or skill in the field of neurology, and

(V) from each transplant center in its service area which has arrangements described in paragraph (2)(G) 1 with the organization, a member who is a surgeon who has practicing privileges in such center and who performs organ transplant surgery.

(ii) has the authority to recommend policies for the procurement of organs and the other functions described in paragraph (2), 1

and

(iii) has no authority over any other activity of the organization.

(2)(A) Not later than 90 days after November 16, 1990, the Secretary shall publish in the Federal Register a notice of proposed rulemaking to establish criteria for determining whether an entity meets the requirement established in paragraph (1)(E). 3

(B) Not later than 1 year after November 16, 1990, the Secretary shall publish in the Federal Register a final rule to establish the criteria described in subparagraph (A).

(3). Former par. (3) redesignated (4).

(7). Pub. L. 100–607, § 402(b)(1)(F), redesignated subsection (b) of this section as subsection (b)(1)(G) of this section and realigned margins of subpar. (F).

(8). Pub. L. 100–607, § 402(b)(1)(G)(i)(III), redesignated (C) as (D), redesignated former subpars. (F) to (H) as (E) to (H), respectively, and realigning margins of subpar. (F).

2004—Subsec. (a)(3). Pub. L. 108–186 struck out par. (3) which read as follows: “The Secretary may make grants to, and enter into contracts with, qualified organ procurement organizations described in subsection (b) of this section and other nonprofit private entities for the purpose of carrying out special projects designed to increase the number of organ donors.”

Subsec. (b)(1)(D) to (H). Pub. L. 106–505 and Pub. L. 106–554 amended par. (1) identically, adding subpar. (D), redesignating former subpars. (D) to (G) as (E) to (H), respectively, and realigning margins of subpar. (F).

Subsec. (a)(3). Pub. L. 101–616, § 201(b)(1)(A), substituted “may make grants to, and enter into contracts with, qualified organ procurement organizations described in subsection (b) of this section and other nonprofit private entities for the purpose of carrying out special projects” for “may make grants for special projects”.

Subsec. (b)(1)(E). Pub. L. 101–616, § 201(c)(1), amended subpar. (E) generally. Prior to amendment, subpar. (E) read as follows: “has a defined service area which is a geographical area of sufficient size such that (unless the service area comprises an entire State) the organization can reasonably expect to procure organs from not less than 50 donors each year and which either includes an entire standard metropolitan statistical area (as specified by the Office of Management and Budget) or does not include any part of such an area.”

Subsec. (b)(2), (3). Pub. L. 101–616, § 201(d), added par. (2) and redesignated former par. (2) as (3).

Subsec. (c). Pub. L. 101–616, § 206(b), struck out subsec. (c) which authorized appropriations for subsec. (a) grants for fiscal years 1988 through 1990.

Subsec. (b)(1)(E). Pub. L. 100–607, § 402(c)(1)(A), substituted “size such that” for “size which”, and “the organization can reasonably expect to procure organs from not less than 50 donors each year” for “will include at least 50 potential organ donors each year”.

Subsec. (b)(1)(G)(i)(III). Pub. L. 100–607, § 402(c)(2), as amended by Pub. L. 101–616, § 201(e), inserted “or an in-
dividual with a doctorate degree in a biological science with knowledge, experience, or skill in the field of histocompatibility” before comma at end.

(b)(2)(C). Pub. L. 100–607, § 402(c)(1)(B), substituted “274(b)(2)(E) of this title, including arranging for testing with respect to preventing the acquisition of organs that are infected with the etiologic agent for acquired immune deficiency syndrome,” for “274(b)(2)(D)” of this title.

Subsec. (c). Pub. L. 100–607, § 402(d), amended subsec. (c) generally. Prior to amendment, subsec. (c) read as follows: “For grants under subsection (a) of this section there are authorized to be appropriated $5,000,000 for fiscal year 1985, $8,000,000 for fiscal year 1986, and $12,000,000 for fiscal year 1987.”

§ 273 EFFECTIVE DATE OF 1990 AMENDMENT

Section 207 of title II of Pub. L. 101–616 provided that: “Except as otherwise provided in this title, the amendments made by this title [enacting sections 274f and 274g of this title, amending this section and sections 274 and 274b to 274d of this title, and repealing provisions set out as a note below] shall become effective on October 1, 1990, or on the date of the enactment of this Act [Nov. 16, 1990], whichever occurs later.”

§ 273 EFFECTIVE DATE OF 1988 AMENDMENT

Section 402(c)(3) of Pub. L. 100–607, as amended by Pub. L. 101–274, Apr. 23, 1990, 104 Stat. 139, which provided that the amendment made by section 402(c)(1)(A) of Pub. L. 100–607, amending this section, was not to apply to an organ procurement organization designated under section 1320b–8(b) of this title until Jan. 1, 1992, was repealed by Pub. L. 101–616, title II, § 201(c)(2), Nov. 16, 1990, 104 Stat. 3283.

§ 273 SHORT TITLE

For short title of Pub. L. 98–507, which enacted this part as the “National Organ Transplant Act”, see section 1 of Pub. L. 98–507, set out as a Short Title of 1984 Amendments note under section 201 of this title.

§ 273 SVERABILITY

Section 301 of Pub. L. 101–616 provided that: “If any provision of this Act [enacting sections 274f, 274g, 274k, and 274t of this title, amending this section and sections 274 to 274d of this title, enacting provisions set out below as section 9(c) and sections 274 and 274k of this title, and repealing provisions set out as a note above], amendment made by this Act, or application of the provision or amendment to any person or circumstance is held to be unconstitutional, the remainder of this Act, the amendments made by this Act, and the application of the provisions or amendments to any person or circumstance shall not be affected.”

§ 273 CERTIFICATION OF ORGAN PROCUREMENT ORGANIZATIONS

Pub. L. 106–554, § 1(a)(1), Dec. 21, 2000, 114 Stat. 2763, 2763A–29, provided that: “Congress makes the following findings: “(1) Organ procurement organizations play an important role in the effort to increase organ donation in the United States. “(2) The current process for the certification and recertification of organ procurement organizations conducted by the Department of Health and Human Services has created a level of uncertainty that is interfering with the effectiveness of organ procurement organizations in raising the level of organ donation. “(3) The General Accounting Office [now Government Accountability Office], the Institute of Medicine, and the Harvard School of Public Health have identified substantial limitations in the organ procurement organization certification and recertification process and have recommended changes in that process. “(4) The limitations in the recertification process include: “(A) An exclusive reliance on population-based measures of performance that do not account for the potential in the population for organ donation and do not permit consideration of other outcome and process standards that would more accurately reflect the relative capability and performance of each organ procurement organization. “(B) A lack of due process to appeal to the Secretary of Health and Human Services for recertification on other substantive or procedural grounds. “(5) The Secretary of Health and Human Services has the authority under section 1138(b)(1)(A)(i) of the Social Security Act (42 U.S.C. 1320b–8(b)(1)(A)(i)) to extend the period for recertification of an organ procurement organization from 2 to 4 years on the basis of its past practices in order to avoid the inappropriate disruption of the nation’s organ system. “(6) The Secretary of Health and Human Services can use the extended period described in paragraph (5) for recertification of all organ procurement organizations to “(A) develop improved performance measures that would reflect organ donor potential and interim outcomes, and to test these measures to ensure that they accurately measure performance differences among the organ procurement organizations; and “(B) improve the overall certification process by incorporating process as well as outcome performance measures, and developing equitable processes for appeals.”

§ 273 STUDY REGARDING IMMUNOSUPPRESSIVE DRUGS

Pub. L. 106–310, div. A, title XXI, § 2101(b), Oct. 17, 2000, 114 Stat. 1156, provided that: “(1) IN GENERAL.—The Secretary of Health and Human Services (referred to in this subsection as the ‘Secretary’) shall provide for a study to determine the costs of immunosuppressive drugs that are provided to children pursuant to organ transplants and to determine the extent to which health plans, health insurance and government programs cover such costs. The Secretary may carry out the study directly or through a grant to the Institute of Medicine (or other public or nonprofit private entity). “(2) RECOMMENDATIONS REGARDING CERTAIN ISSUES.—The Secretary shall ensure that, in addition to making determinations under paragraph (1), the study under such paragraph makes recommendations regarding the following issues: “(A) The costs of immunosuppressive drugs that are provided to children pursuant to organ transplants and to determine the extent to which health plans, health insurance and government programs cover such costs. “(B) The extent of denial of organs to be released for transplant by coroners and medical examiners. “(C) The special growth and developmental issues that children have pre- and post-organ transplantation. “(D) Other issues that are particular to the special health and transplantation needs of children. “(3) REPORT.—The Secretary shall ensure that, not later than December 31, 2001, the study under paragraph (1) is completed and a report describing the findings of the study is submitted to the Congress.”

§ 273 STUDY ON HOSPITAL AGREEMENTS WITH ORGAN PROCUREMENT AGENCIES

Pub. L. 103–432, title I, § 155(b), Oct. 31, 1994, 108 Stat. 4439, directed Office of Technology Assessment to conduct study to determine efficacy and fairness of requir-
§ 273a. National living donor mechanisms

The Secretary may establish and maintain mechanisms to evaluate the long-term effects associated with living organ donations by individuals who have served as living donors.

§ 273b. Report on the long-term health effects of living organ donation

Not later than 1 year after December 21, 2007, and annually thereafter, the Secretary of Health and Human Services shall submit to the appropriate committees of Congress a report that details the progress made towards understanding the long-term health effects of living organ donation.

Codification

Section was enacted as part of the Charlie W. Norwood Living Organ Donation Act, and not as part of the Public Health Service Act which comprises this chapter.

§ 274. Organ procurement and transplantation network

(a) Contract authority of Secretary; limitation; available appropriations

The Secretary shall by contract provide for the establishment and operation of an Organ Procurement and Transplantation Network which meets the requirements of subsection (b) of this section. The amount provided under such contract in any fiscal year may not exceed $7,000,000. Funds for such contracts shall be made available from funds available to the Public Health Service from appropriations for fiscal years beginning after fiscal year 1994.

(b) Functions

(1) The Organ Procurement and Transplantation Network shall carry out the functions described in paragraph (2) and shall—

(A) be a private nonprofit entity that has an expertise in organ procurement and transplantation, and

(B) have a board of directors—

(i) that includes representatives of organ procurement organizations (including organizations that have received grants under section 273 of this title), transplant centers, voluntary health associations, and the general public; and

(ii) that shall establish an executive committee and other committees, whose chairpersons shall be selected to ensure continuity of leadership for the board.

(2) The Organ Procurement and Transplantation Network shall—

(A) establish in one location or through regional centers—

(i) a national list of individuals who need organs, and

(ii) a national system, through the use of computers and in accordance with established medical criteria, to match organs and individuals included in the list, especially individuals whose immune system makes it difficult for them to receive organs,

(B) establish membership criteria and medical criteria for allocating organs and provide to members of the public an opportunity to comment with respect to such criteria,

(C) maintain a twenty-four-hour telephone service to facilitate matching organs with individuals included in the list,

(D) assist organ procurement organizations in the nationwide distribution of organs equitably among transplant patients,

(E) adopt and use standards of quality for the acquisition and transportation of donated organs, including standards for preventing the acquisition of organs that are infected with the etiologic agent for acquired immune deficiency syndrome,

(F) prepare and distribute, on a regionalized basis (and, to the extent practicable, among regions or on a national basis), samples of blood sera from individuals who are included on the list and whose immune system makes it difficult for them to receive organs, in order to facilitate matching the compatibility of such individuals with organ donors,

(G) coordinate, as appropriate, the transportation of organs from organ procurement organizations to transplant centers,
(H) provide information to physicians and other health professionals regarding organ donation, (I) collect, analyze, and publish data concerning organ donation and transplants, (J) carry out studies and demonstration projects for the purpose of improving procedures for organ procurement and allocation, (K) work actively to increase the supply of donated organs, (L) submit to the Secretary an annual report containing information on the comparative costs and patient outcomes at each transplant center affiliated with the organ procurement and transplantation network, (M) recognize the differences in health and in organ transplantation issues between children and adults throughout the system and adopt criteria, policies, and procedures that address the unique health care needs of children, (N) carry out studies and demonstration projects for the purpose of improving procedures for organ donation procurement and allocation, including but not limited to projects to examine and attempt to increase transplantation among populations with special needs, including children and individuals who are members of racial or ethnic minority groups, and among populations with limited access to transportation, and (O) provide that for purposes of this paragraph, the term “children” refers to individuals who are under the age of 18.

(c) Consideration of critical comments

The Secretary shall establish procedures for—(1) receiving from interested persons critical comments relating to the manner in which the Organ Procurement and Transplantation Network is carrying out the duties of the Network under subsection (b) of this section; and (2) the consideration by the Secretary of such critical comments.

PRIORITY PROVISIONS

A priority provision that shall include—

XXI. In General—The Secretary of Health and Human Services shall request that the Executive Director of the Organ Procurement and Transplantation Network submit to Congress, not later than 1 year after the date of enactment of this Act [Oct. 15, 2008], a report that shall include—

(1) the identity of transplant programs that have become inactive or have closed since the heart allocation policy change of 2006;

(2) the distance to the next closest operational heart transplant center from such inactive or closed programs and an evaluation of whether or not access to care has been reduced to the population previously serviced by such inactive or closed program;

(3) the number of patients with rural zip codes that received transplants after the heart allocation policy change of 2006 as compared with the number of such patients that received such transplants prior to such heart allocation policy change;

(4) a comparison of the number of transplants performed, the mortality rate for individuals on the transplant waiting lists, and the post-transplant survival rate nationally and by region prior to and after the heart allocation policy change of 2006; and

(5) specifically with respect to allo sensitized patients, a comparison of the number of heart transplant performed, the mortality rate for individuals on the heart transplant waiting lists, and the post
§ 274a. Scientific registry

The Secretary shall, by grant or contract, develop and maintain a scientific registry of the recipients of organ transplants. The registry shall include such information respecting patients and transplant procedures as the Secretary deems necessary to an ongoing evaluation of the scientific and clinical status of organ transplantation. The Secretary shall prepare for inclusion in the report under section 274d of this title an analysis of information derived from the registry.

§ 274b. General provisions respecting grants and contracts

(a) Application requirement

No grant may be made under this part or contract entered into under section 274 or 274a of this title unless an application therefor has been submitted to, and approved by, the Secretary. Such an application shall be in such form and shall be submitted in such manner as the Secretary shall by regulation prescribe.

(b) Special considerations and priority; planning and establishment grants

(1) A grant for planning under section 273(a)(1) of this title may be made for one year with respect to any organ procurement organization and may not exceed $100,000.

(2) Grants under section 273(a)(2) of this title may be made for two years. No such grant may exceed $500,000 for any year and no organ procurement organization may receive more than $800,000 for initial operation or expansion.

(3) Grants or contracts under section 273(a)(3) of this title may be made for not more than 3 years.

(c) Determination of grant amount; terms of payment; recordkeeping; access for purposes of audits and examination of records

(1) The Secretary shall determine the amount of a grant or contract made under section 273 or 274a of this title. Payments under such grants and contracts may be made in advance on the basis of estimates or by the way of reimbursement, with necessary adjustments on account of underpayments or overpayments, and in such installments and on such terms and conditions as the Secretary finds necessary to carry out the purposes of such grants and contracts.

(2)(A) Each recipient of a grant or contract under section 273 or 274a of this title shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such grant or contract, the total cost of the undertaking in connection with which such grant or contract was made, and the amount of that portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(B) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient of a grant or contract under section 273 or 274a of this title that are pertinent to such grant or contract.

(d) “Transplant center” and “organ” defined

For purposes of this part:

(1) The term “transplant center” means a health care facility in which transplants of organs are performed.

(2) The term “organ” means the human kidney, liver, heart, lung, pancreas, and any other human organ (other than cornea and eyes) specified by the Secretary by regulation and for purposes of section 274a of this title, such term includes bone marrow.

(3) The term “and bone marrow registry” after “Scientific registry” in section catchline, designated existing text as subsec. (a) and added subsec. (b).
1988—Subsec. (b)(3). Pub. L. 100–607 substituted “paragraphs (2) and (3) of section 273(a) of this title” for “section 273 of this title for the establishment, initial operation, or expansion of organ procurement organizations”.

§ 274c. Administration

The Secretary shall designate and maintain an identifiable administrative unit in the Public Health Service to—

(1) administer this part and coordinate with the organ procurement activities under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.],

(2) conduct a program of public information to inform the public of the need for organ donations,

(3) provide technical assistance to organ procurement organizations, the Organ Procurement and Transplantation Network established under section 274 of this title, and other entities in the health care system involved in organ donations, procurement, and transplants, and

(4) provide information—

(i) to patients, their families, and their physicians about transplantation; and

(ii) to patients and their families about the resources available nationally and in each State, and the comparative costs and patient outcomes at each transplant center affiliated with the organ procurement and transplantation network, in order to assist the patients and families with the costs associated with transplantation.

Reference in Text

The Social Security Act, referred to in par. (1), is act Aug. 14, 1935, ch. 531, 49 Stat. 620, as amended. Title XVIII of the Social Security Act is classified generally to subchapter XVIII (§1395 et seq.) of chapter 7 of this title. For complete classification of this Act to the Code, see section 1305 of this title and Table.

Prior Provisions

A prior section 376 of act July 1, 1944, added by act Aug. 3, 1956, ch. 907, §1, 70 Stat. 962, which related to library facilities, was renumbered section 386 and classified to section 238 of this title, prior to repeal by Pub. L. 99–158, §3(b), Nov. 20, 1985, 99 Stat. 879.

Amendments

1990—Pub. L. 101–616 substituted “Not later than February 10 of 1991 and of each second year thereafter, the Secretary shall publish, and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Labor and Human Resources of the Senate,” for “The Secretary shall, not later than October 1 of each year, publish”.

1998—Pub. L. 108–421 substituted “shall not later than October 1 of each year,” for “shall annually”.

Change of Name

Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

§ 274e. Prohibition of organ purchases

(a) Prohibition

It shall be unlawful for any person to knowingly acquire, receive, or otherwise transfer any human organ for valuable consideration for use in human transplantation if the transfer affects interstate commerce. The preceding sentence does not apply with respect to human organ paired donation.

1 So in original. The period probably should be a comma.
(b) Penalties

Any person who violates subsection (a) of this section shall be fined not more than $50,000 or imprisoned not more than five years, or both.

(c) Definitions

For purposes of subsection (a) of this section:

(1) The term “human organ” means the human (including fetal) kidney, liver, heart, lung, pancreas, bone marrow, cornea, eye, bone, and skin or any subpart thereof and any other human organ (or any subpart thereof, including that derived from a fetus) specified by the Secretary of Health and Human Services by regulation.

(2) The term “valuable consideration” does not include the reasonable payments associated with the removal, transportation, implantation, processing, preservation, quality control, and storage of a human organ or the expenses of travel, housing, and lost wages incurred by the donor of a human organ in connection with the donation of the organ.

(3) The term “interstate commerce” has the meaning prescribed for it by section 321(b) of title 21.

(4) The term “human organ paired donation” means the donation and receipt of human organs under the following circumstances:

(A) An individual (referred to in this paragraph as the “first donor”) desires to make a living donation of a human organ specifically to a particular patient (referred to in this paragraph as the “first patient”), but such donor is biologically incompatible as a donor for such patient.

(B) A second individual (referred to in this paragraph as the “second donor”) desires to make a living donation of a human organ specifically to a second particular patient (referred to in this paragraph as the “second patient”), but such donor is biologically incompatible as a donor for such patient.

(C) Subject to subparagraph (D), the first donor is biologically compatible as a donor of a human organ for the second patient, and the second donor is biologically compatible as a donor of a human organ for the first patient.

(D) If there is any additional donor-patient pair as described in subparagraph (A) or (B), each donor in the group of donor-patient pairs is biologically compatible as a donor of a human organ for a patient in such group.

(E) All donors and patients in the group of donor-patient pairs (whether 2 pairs or more than 2 pairs) enter into a single agreement to donate and receive such human organs, respectively, according to such biological compatibility in the group.

(F) Other than as described in subparagraph (E), no valuable consideration is knowingly acquired, received, or otherwise transferred with respect to the human organs referred to in such subparagraph.

CODIFICATION

Section was enacted as part of the National Organ Transplant Act, and not as part of the Public Health Service Act which comprises this chapter.

AMENDMENTS

1988—Subsec. (c)(1). Pub. L. 100–607 amended par. (1) generally. Prior to amendment, par. (1) read as follows: “The term ‘human organ’ means the human kidney, liver, heart, lung, pancreas, bone marrow, cornea, eye, bone, and skin, and any other human organ specified by the Secretary of Health and Human Services by regulation.”

§274f. Reimbursement of travel and subsistence expenses incurred toward living organ donation

(a) In general

The Secretary may award grants to States, transplant centers, qualified organ procurement organizations under section 273 of this title, or other public or private entities for the purpose of—

(1) providing for the reimbursement of travel and subsistence expenses incurred by individuals toward making living donations of their organs (in this section referred to as “donating individuals”); and

(2) providing for the reimbursement of such incidental nonmedical expenses that are so incurred as the Secretary determines by regulation to be appropriate.

(b) Preference

The Secretary shall, in carrying out subsection (a) of this section, give preference to those individuals that the Secretary determines are more likely to be otherwise unable to meet such expenses.

(c) Certain circumstances

The Secretary may, in carrying out subsection (a) of this section, consider—

(1) the term “donating individuals” as including individuals who in good faith incur qualifying expenses toward the intended donation of an organ but with respect to whom, for such reasons as the Secretary determines to be appropriate, no donation of the organ occurs; and

(2) the term “qualifying expenses” as including the expenses of having relatives or other individuals, not to exceed 2, accompany or assist the donating individual for purposes of subsection (a) of this section (subject to making payment for only those types of expenses that are paid for a donating individual).

(d) Relationship to payments under other programs

An award may be made under subsection (a) of this section only if the applicant involved agrees...
that the award will not be expended to pay the qualifying expenses of a donating individual to the extent that payment has been made, or can reasonably be expected to be made, with respect to such expenses—

(1) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program;

(2) by an entity that provides health services on a prepaid basis; or

(3) by the recipient of the organ.

(e) Definitions

For purposes of this section:

(1) the term "donating individuals" has the meaning indicated for such term in subsection (a)(1) of this section, subject to subsection (c)(1) of this section.

(2) The term "qualifying expenses" means the expenses authorized for purposes of subsection (a) of this section, subject to subsection (c)(2) of this section.

(f) Authorization of appropriations

For the purpose of carrying out this section, there is authorized to be appropriated $5,000,000 for each of the fiscal years 2005 through 2009.

AMENDMENTS

2004—Pub. L. 108–216 amended section catchline and text generally, substituting provisions relating to reimbursement of travel and subsistence expenses incurred toward living organ donation for provisions requiring the Comptroller General to study and report on organ procurement and allocation.

§ 274f–1. Public awareness; studies and demonstrations

(a) Organ donation public awareness program

The Secretary shall, directly or through grants or contracts, establish a public education program in cooperation with existing national public awareness campaigns to increase awareness about organ donation and the need to provide for an adequate rate of such donations.

(b) Studies and demonstrations

The Secretary may make peer-reviewed grants to, or enter into peer-reviewed contracts with, public and nonprofit private entities for the purpose of conducting studies and demonstration projects to increase organ donation and recovery rates, including living donation.

(c) Grants to States

(1) In general

The Secretary may make grants to States for the purpose of assisting States in carrying out organ donor awareness, public education, and outreach activities and programs designed to increase the number of organ donors within the State, including living donors.

(2) Eligibility

To be eligible to receive a grant under this subsection, a State shall—

(A) submit an application to the Department in the form prescribed;

(B) establish yearly benchmarks for improvement in organ donation rates in the State; and

(C) report to the Secretary on an annual basis a description and assessment of the State’s use of funds received under this subsection, accompanied by an assessment of initiatives for potential replication in other States.

(3) Use of funds

Funds received under this subsection may be used by the State, or in partnership with other public agencies or private sector institutions, for education and awareness efforts, information dissemination, activities pertaining to the State donor registry, and other innovative donation specific initiatives, including living donation.

(d) Educational activities

The Secretary, in coordination with the Organ Procurement and Transplantation Network and other appropriate organizations, shall support the development and dissemination of educational materials to inform health care professionals and other appropriate professionals in issues surrounding organ, tissue, and eye donation including evidence-based proven methods to approach patients and their families, cultural sensitivities, and other relevant issues.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated $15,000,000 for fiscal year 2005, and such sums as may be necessary for each of the fiscal years 2006 through 2009. Such authorization of appropriations is in addition to any other authorizations of appropriations that are available for such purpose.

§ 274f–2. Grants regarding hospital organ donation coordinators

(a) Authority

(1) In general

The Secretary may award grants to qualified organ procurement organizations and hospitals under section 273 of this title to establish programs coordinating organ donation activities of eligible hospitals and qualified organ procurement organizations under section 273 of this title. Such activities shall be coordinated to increase the rate of organ donations for such hospitals.

(2) Eligible hospital

For purposes of this section, the term "eligible hospital" means a hospital that performs significant trauma care, or a hospital or consortium of hospitals that serves a population base of not fewer than 200,000 individuals.

(b) Administration of coordination program

A condition for the receipt of a grant under subsection (a) of this section is that the applicant involved agree that the program under such subsection will be carried out jointly—

(1) by representatives from the eligible hospital and the qualified organ procurement or-
organization with respect to which the grant is
made; and
(2) by such other entities as the representa-
tives referred to in paragraph (1) may des-
ignate.
(c) Requirements
Each entity receiving a grant under sub-
section (a) of this section shall—
(1) establish joint organ procurement organi-
zation and hospital designated leadership re-
sponsibility and accountability for the project;
(2) develop mutually agreed upon overall project performance goals and outcome mea-
sures, including interim outcome targets; and
(3) collaboratively design and implement an appropriate data collection process to provide ongoing feedback to hospital and organ procure-
ment organization leadership on project progress and results.
(d) Rule of construction
Nothing in this section shall be construed to interfere with regulations in force on April 5, 2004.
(e) Evaluations
Within 3 years after the award of grants under this section, the Secretary shall ensure an evaluation of programs carried out pursuant to sub-
section (a) of this section in order to determine the extent to which the programs have increased the rate of organ donation for the eligible hos-
pitals involved.
(f) Matching requirement
The Secretary may not award a grant to a qualifying organ donation entity under this section unless such entity agrees that, with respect to costs to be incurred by the entity in carrying out activities for which the grant was awarded, the entity shall contribute (directly or through donations from public or private entities) non-
Federal contributions in cash or in kind, in an amount equal to not less than 30 percent of the amount of the grant awarded to such entity.
(g) Funding
For the purpose of carrying out this section, there are authorized to be appropriated $3,000,000 for fiscal year 2005, and such sums as may be necessary for each of fiscal years 2006 through 2009.
§274f–3. Studies relating to organ donation and the recovery, preservation, and transpor-
tation of organs
(a) Development of supportive information
The Secretary, acting through the Director of the Agency for Healthcare Research and Qual-
ity, shall develop scientific evidence in support of efforts to increase organ donation and improve the recovery, preservation, and transpor-
tation of organs.
(b) Activities
In carrying out subsection (a) of this section, the Secretary shall—
(1) conduct or support evaluation research to determine whether interventions, tech-
nologies, or other activities improve the effectiveness, efficiency, or quality of existing organ donation practice;
(2) undertake or support periodic reviews of the scientific literature to assist efforts of professional societies to ensure that the clinical practice guidelines that they develop reflect the latest scientific findings;
(3) ensure that scientific evidence of the research and other activities undertaken under this section is readily accessible by the organ procurement workforce; and
(4) work in coordination with the appropriate professional societies as well as the Organ Procurement and Transplantation Network and other organ procurement and trans-
plantation organizations to develop evidence and promote the adoption of such proven prac-
tices.
(c) Research and dissemination
The Secretary, acting through the Director of the Agency for Healthcare Research and Qual-
ity, as appropriate, shall provide support for research and dissemination of findings, to—
(1) develop a uniform clinical vocabulary for organ recovery;
(2) apply information technology and tele-
communications to support the clinical operations of organ procurement organizations;
(3) enhance the skill levels of the organ procure-
ment workforce in undertaking quality improvement activities; and
(4) assess specific organ recovery, preserva-
tion, and transportation technologies.
(d) Authorization of appropriations
For the purpose of carrying out this section, there are authorized to be appropriated $2,000,000 for fiscal year 2005, and such sums as may be necessary for each of fiscal years 2006 through 2009.
§274f–4. Report relating to organ donation and the recovery, preservation, and transpor-
tation of organs
(a) In general
Not later than December 31, 2005, and every 2 years thereafter, the Secretary shall report to the appropriate committees of Congress on the activities of the Department carried out pursuant to this part, including an evaluation describing the extent to which the activities have affected the rate of organ donation and recovery.
(b) Requirements
To the extent practicable, each report submitted under subsection (a) of this section shall—
(1) evaluate the effectiveness of activities, identify effective activities, and disseminate such findings with respect to organ donation and recovery;
(2) assess organ donation and recovery activities that are recently completed, ongoing, or planned; and
(3) evaluate progress on the implementation of the plan required under subsection (c)(5) of this section.
(c) Initial report requirements

The initial report under subsection (a) of this section shall include the following:

(1) An evaluation of the organ donation practices of organ procurement organizations, States, other countries, and other appropriate organizations including an examination across all populations, including those with low organ donation rates, of—
   (A) existing barriers to organ donation; and
   (B) the most effective donation and recovery practices.

(2) An evaluation of living donation practices and procedures. Such evaluation shall include an assessment of issues relating to informed consent and the health risks associated with living donation (including possible reduction of long-term effects).

(3) An evaluation of—
   (A) federally supported or conducted organ donation efforts and policies, as well as federally supported or conducted basic, clinical, and health services research (including research on preservation techniques and organ rejection and compatibility); and
   (B) the coordination of such efforts across relevant agencies within the Department and throughout the Federal Government.

(4) An evaluation of the costs and benefits of State donor registries, including the status of existing State donor registries, the effect of State donor registries on organ donation rates, issues relating to consent, and recommendations regarding improving the effectiveness of State donor registries in increasing overall organ donation rates.

(5) A plan to improve federally supported or conducted organ donation and recovery activities, including, when appropriate, the establishment of baselines and benchmarks to measure overall outcomes of these programs. Such plan shall provide for the ongoing coordination of federally supported or conducted organ donation and research activities.

§ 274g. Authorization of appropriations

For the purpose of carrying out this part, there are authorized to be appropriated $8,000,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.

AMENDMENTS

PART H—1—Stephanie Tubbs Jones Gift of Life Medal

CODIFICATION
Part was enacted as part of the Stephanie Tubbs Jones Gift of Life Medal Act of 2008, and not as part of the Public Health Service Act which comprises this chapter.

§ 274i. Eligibility requirements for Stephanie Tubbs Jones Gift of Life Medal

(a) In general

Subject to the provisions of this section and the availability of funds under this part, any organ donor, or the family of any organ donor, shall be eligible for a Stephanie Tubbs Jones Gift of Life Medal (hereafter in this part referred to as a “medal”).

(b) Documentation

The Secretary of Health and Human Services shall direct the entity operating the Organ Procurement and Transplantation Network to—

(1) establish an application procedure requiring the relevant organ procurement organization through which an individual or family of the individual made an organ donation, to submit to such entity documentation supporting the eligibility of the individual or the family, respectively, to receive a medal;

(2) determine through the documentation provided and, if necessary, independent investigation whether the individual or family, respectively, is eligible to receive such a medal; and

(3) arrange for the presentation to the relevant organ procurement organization all medals struck pursuant to section 274i–2 of this title to individuals or families that are determined to be eligible to receive medals.

(c) Limitation

(1) In general

Except as provided in paragraph (2), only 1 medal may be presented to a family under subsection (b). Such medal shall be presented to the donating family member, or in the case of a deceased donor, the family member who signed the consent form authorizing, or who otherwise authorized, the donation of the organ involved.

(2) Exception

In the case of a family in which more than 1 member is an organ donor, a medal may be presented for each such organ donor.

§ 274i–1. Solicitation of donations; prohibition on use of Federal funds

(a) In general

The Organ Procurement and Transplantation Network may collect funds to offset expenditures relating to the issuance of medals authorized under this part.

(b) Payment of funds

(1) In general

Except as provided in paragraph (2), all funds received by the Organ Procurement and Transplantation Network under subsection (a) shall be promptly paid by the Organ Procurement and Transplantation Network to the Secretary of Health and Human Services for purposes of purchasing medals under this part for distribution and paying the administrative
costs of the Secretary of Health and Human Services and the Secretary of the Treasury in carrying out this part.

(2) Limitation
Not more than 7 percent of any funds received under subsection (a) may be used to pay administrative costs, and fundraising costs to solicit funds under subsection (a), incurred by the Organ Procurement and Transplantation Network in carrying out this part.

(c) Prohibition on use of Federal funds
No Federal funds (including amounts appropriated for use by the Organ Procurement and Transplantation Network) may be used for purposes of carrying out this part, including purchasing medals under this part or paying the administrative costs of the Secretary of Health and Human Services or the Secretary of the Treasury in carrying out this part.

§274i–2. Design and production of medal

(a) In general
Subject to the provisions of this section, the Secretary of the Treasury shall design and strike the Stephanie Tubbs Jones Gift of Life Medals, each of which shall—
   (1) weigh 250 grams;
   (2) have a diameter of 3 inches; and
   (3) consist of bronze.

(b) Design
   (1) In general
   The design of the medals shall commemorate the compassion and courage manifested by and the sacrifices made by organ donors and their families, and the medals shall bear suitable emblems, devices, and inscriptions.

   (2) Selection
   The design of medals struck under this section shall be—
   (A) selected by the Secretary of the Treasury, in consultation with the Secretary of Health and Human Services, the Organ Procurement and Transplantation Network, interested members of the family of Stephanie Tubbs Jones, Dr. William H. Frist, and the Commission of Fine Arts; and
   (B) reviewed by the Citizens Coin Advisory Committee.

(c) National medals
The medals struck pursuant to this section are national medals for purposes of chapter 51 of title 31.

(d) Striking and delivery of minimum-sized lots
The Secretary of the Treasury shall strike and deliver to the Secretary of Health and Human Services no fewer than 100 medals at any time pursuant to an order by such Secretary.

(e) Cost of medals
Medals struck under this section and sold to the Secretary of Health and Human Services for distribution in accordance with this part shall be sold to the Secretary of Health and Human Services at a price sufficient to cover the cost of designing and striking the medals, including labor, materials, dies, use of machinery, and overhead expenses.

(f) No expenditures in advance of receipt of fund
   (1) In general
   The Secretary of the Treasury shall not strike or distribute any medals under this part until such time as the Secretary of Health and Human Services certifies that sufficient funds have been received by such Secretary to cover the cost of the medals ordered.

   (2) Design in advance of order
   Notwithstanding paragraph (1), the Secretary of the Treasury may begin designing the medal at any time after October 14, 2008, and take such other action as may be necessary to be prepared to strike such medals upon receiving the certification described in such paragraph, including preparing dies and striking test pieces.

§274i–3. Medals not treated as valuable consideration
A medal under this part shall not be treated as valuable consideration for purposes of section 274e(a) of this title.

§274i–4. Definitions
For purposes of this part:

(1) Organ
The term “organ” has the meaning given such term in section 121.2 of title 42, Code of Federal Regulations.

(2) Organ procurement organization
The term “organ procurement organization” means a qualified organ procurement organization described in section 273(b)(1) of this title.

(3) Organ Procurement and Transplantation Network
The term “Organ Procurement and Transplantation Network” means the Organ Procurement and Transplantation Network established under section 274 of this title.

PART I—C.W. BILL YOUNG CELL TRANSPLANTATION PROGRAM

AMENDMENTS

1 So in original. Probably should be “Procurement and”. 
§ 274k. National Program

(a) Establishment

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall by one or more contracts establish and maintain a C.W. Bill Young Cell Transplantation Program (referred to in this section as the “Program”), successor to the National Bone Marrow Donor Registry, that has the purpose of increasing the number of transplantable bone marrow and cord blood, and that meets the requirements of this section. The Secretary may award a separate contract to perform each of the major functions of the Program described in paragraphs (1) and (2) of subsection (d) of this section if deemed necessary by the Secretary to operate an effective and efficient system that is in the best interest of patients. The Secretary shall conduct a separate competition for the initial establishment of the Cord Blood Functions of the Program. The Program shall be under the general supervision of the Secretary. The Secretary shall establish an Advisory Council to advise, assist, consult with, and make recommendations to the Secretary on matters related to the activities carried out by the Program. The members of the Advisory Council shall be appointed in accordance with the following:

(1) Each member of the Advisory Council shall serve for a term of 2 years, and each such member may serve as many as 3 consecutive 2-year terms, except that—
   (A) such limitations shall not apply to the Chair of the Advisory Council (or the Chair-elect) or to the member of the Advisory Council who most recently served as the Chair; and
   (B) one additional consecutive 2-year term may be served by any member of the Advisory Council who has no employment, governance, or financial affiliation with any donor center, recruitment organization, transplant center, or cord blood bank.

(2) A member of the Advisory Council may continue to serve after the expiration of the term of such member until a successor is appointed.

(3) In order to ensure the continuity of the Advisory Council, the Advisory Council shall be appointed so that each year the terms of approximately one-third of the members of the Advisory Council expire.

(4) The membership of the Advisory Council—
   (A) shall include as voting members a balanced number of representatives including representatives of marrow donor centers and marrow transplant centers, representatives of cord blood banks and participating birthing hospitals, recipients of a bone marrow transplant, recipients of a cord blood transplant, persons who require such transplants, family members of such a recipient or family members of a patient who has requested the assistance of the Program in searching for an unrelated donor of bone marrow or cord blood, persons with expertise in bone marrow and cord blood transplantation, persons with expertise in typing, matching, and transplant outcome data analysis, persons with expertise in the social sciences, basic scientists with expertise in the biology of adult stem cells, and members of the general public; and
   (B) shall include as nonvoting members representatives from the Department of Defense Marrow Donor Recruitment and Research Program operated by the Department of the Navy, the Division of Transplantation of the Health Resources and Services Administration, the Food and Drug Administration, and the National Institutes of Health.

(5) Members of the Advisory Council shall be chosen so as to ensure objectivity and balance and reduce the potential for conflicts of interest. The Secretary shall establish bylaws and procedures—
   (A) to prohibit any member of the Advisory Council who has an employment, governance, or financial affiliation with a donor center, recruitment organization, transplant center, or cord blood bank from participating in any decision that materially affects the center, recruitment organization, transplant center, or cord blood bank; and
   (B) to limit the number of members of the Advisory Council with any such affiliation.

(6) The Secretary, acting through the Advisory Council, shall submit to the Congress—
   (A) an annual report on the activities carried out under this section; and
   (B) not later than 6 months after December 20, 2005, a report of recommendations on the scientific factors necessary to define a cord blood unit as a high-quality unit.

(b) Accreditation

The Secretary shall, through a public process, recognize one or more accreditation entities for the accreditation of cord blood banks.

(c) Informed consent

The Secretary shall, through a public process, examine issues of informed consent, including—

(1) the appropriate timing of such consent; and
(2) the information provided to the maternal donor regarding all of her medically appropriate cord blood options.

Based on such examination, the Secretary shall require that the standards used by the accreditation entities recognized under subsection (b) of this section ensure that a cord blood unit is acquired with the informed consent of the maternal donor.

(d) Functions

(1) Bone marrow functions

With respect to bone marrow, the Program shall—

(A) operate a system for identifying, matching, and facilitating the distribution of bone marrow that is suitably matched to candidate patients;
(B) consistent with paragraph (3), permit transplant physicians, other appropriate health care professionals, and patients to search by means of electronic access all
available bone marrow donors listed in the Program;

(C) carry out a program for the recruitment of bone marrow donors in accordance with subsection (e) of this section, including with respect to increasing the representation of racial and ethnic minority groups (including persons of mixed ancestry) in the enrollment of the Program;

(D) maintain and expand medical contingency response capabilities, in coordination with Federal programs, to prepare for and respond effectively to biological, chemical, or radiological attacks, and other public health emergencies that can damage marrow, so that the capability of supporting patients with marrow damage from disease can be used to support casualties with marrow damage;

(E) carry out informational and educational activities in accordance with subsection (e) of this section;

(F) at least annually update information to account for changes in the status of individuals as potential donors of bone marrow;

(G) provide for a system of patient advocacy through the office established under subsection (h) of this section;

(H) provide case management services for any potential donor of bone marrow to whom the Program has provided a notice that the potential donor may be suitably matched to a particular patient through the office established under subsection (h) of this section;

(I) with respect to searches for unrelated donors of bone marrow that are conducted through the system under subparagraph (A), collect, analyze, and publish data in a standardized electronic format on the number and percentage of patients who are unable to complete the search process, and the reasons underlying such circumstances;

(J) support studies and demonstration and outreach projects for the purpose of increasing the number of individuals who are willing to be marrow donors to ensure a genetically diverse donor pool; and

(K) facilitate research with the appropriate Federal agencies to improve the availability, efficiency, safety, and cost of transplants from unrelated donors and the effectiveness of Program operations.

(2) Cord blood functions

With respect to cord blood, the Program shall:

(A) operate a system for identifying, matching, and facilitating the distribution of donated cord blood units that are suitably matched to candidate patients and meet all applicable Federal and State regulations (including informed consent and Food and Drug Administration regulations) from a qualified cord blood bank;

(B) consistent with paragraph (3), allow transplant physicians, other appropriate health care professionals, and patients to search by means of electronic access all available cord blood units made available through the Program;

(C) allow transplant physicians and other appropriate health care professionals to reserve, as defined by the Secretary, a cord blood unit for transplantation;

(D) support studies and demonstration and outreach projects for the purpose of increasing cord blood donation to ensure a genetically diverse collection of cord blood units;

(E) provide for a system of patient advocacy through the office established under subsection (h) of this section;

(F) coordinate with the qualified cord blood banks to support informational and educational activities in accordance with subsection (g) of this section;

(G) maintain and expand medical contingency response capabilities, in coordination with Federal programs, to prepare for and respond effectively to biological, chemical, or radiological attacks, and other public health emergencies that can damage marrow, so that the capability of supporting patients with marrow damage from disease can be used to support casualties with marrow damage; and

(H) with respect to the system under subparagraph (A), collect, analyze, and publish data in a standardized electronic format, as required by the Secretary, on the number and percentage of patients at each of the various stages of the search process, including data regarding the furthest stage reached, the number and percentage of patients who are unable to complete the search process, and the reasons underlying such circumstances.

(3) Single point of access; standard data

(A) Single point of access

The Secretary shall ensure that health care professionals and patients are able to search electronically for and facilitate access to, in the manner and to the extent defined by the Secretary and consistent with the functions described in paragraphs (1)(A) and (2)(A), cells from bone marrow donors and cord blood units through a single point of access.

(B) Standard data

The Secretary shall require all recipients of contracts under this section to make available a standard dataset for purposes of subparagraph (A) in a standardized electronic format that enables transplant physicians to compare among and between bone marrow donors and cord blood units to ensure the best possible match for the patient.

(4) Definition

The term "qualified cord blood bank" means a cord blood bank that—

(A) has obtained all applicable Federal and State licenses, certifications, registrations (including pursuant to the regulations of the Food and Drug Administration), and other authorizations required to operate and maintain a cord blood bank;

(B) has implemented donor screening, cord blood collection practices, and processing
methods intended to protect the health and safety of donors and transplant recipients to improve transplant outcomes, including with respect to the transmission of potentially harmful infections and other diseases; (C) is accredited by an accreditation entity recognized by the Secretary under subsection (b) of this section; (D) has established a system of strict confidentiality to protect the identity and privacy of patients and donors in accordance with existing Federal and State law; (E) has established a system for encouraging donation by a genetically diverse group of donors; and (F) has established a system to confidentially maintain linkage between a cord blood unit and a maternal donor.

(e) Bone marrow recruitment; priorities; information and education

(1) Recruitment; priorities

The Program shall carry out activities for the recruitment of bone marrow donors. Such recruitment program shall identify populations that are underrepresented among potential donors enrolled with the Program. In the case of populations that are identified under the preceding sentence:

(A) The Program shall give priority to carrying out activities under this part to increase representation for such populations in order to enable a member of such a population, to the extent practicable, to have a probability of finding a suitable unrelated donor that is comparable to the probability that an individual who is not a member of an underrepresented population would have.

(B) The Program shall consider racial and ethnic minority groups (including persons of mixed ancestry) to be populations that have been identified for purposes of this paragraph, and shall carry out subparagraph (A) with respect to such populations.

(2) Information and education regarding recruitment; testing and enrollment

(A) In general

The Program shall carry out informational and educational activities, in coordination with organ donation public awareness campaigns operated through the Department of Health and Human Services, for purposes of recruiting individuals to serve as donors of bone marrow, and shall test and enroll with the Program potential bone marrow donors. Such information and educational activities shall include the following:

(i) Making information available to the general public, including information describing the needs of patients with respect to donors of bone marrow.

(ii) Educating and providing information to individuals who are willing to serve as potential bone marrow donors.

(iii) Training individuals in requesting individuals to serve as potential bone marrow donors.

(B) Priorities

In carrying out informational and educational activities under subparagraph (A), the Program shall give priority to recruiting individuals to serve as donors of bone marrow for populations that are identified under paragraph (1).

(3) Transplantation as treatment option

In addition to activities regarding recruitment, the recruitment program under paragraph (1) shall provide information to physicians, other health care professionals, and the public regarding bone marrow transplants from unrelated donors as a treatment option.

(4) Implementation of subsection

The requirements of this subsection shall be carried out by the entity that has been awarded a contract by the Secretary under subsection (a) of this section to carry out the functions described in subsection (d)(1) of this section.

(f) Bone marrow criteria, standards, and procedures

The Secretary shall enforce, for participating entities, including the Program, individual marrow donor centers, marrow donor registries, marrow collection centers, and marrow transplant centers—

(1) quality standards and standards for tissue typing, obtaining the informed consent of donors, and providing patient advocacy;

(2) donor selection criteria, based on established medical criteria, to protect both the donor and the recipient and to prevent the transmission of potentially harmful infectious diseases such as the viruses that cause hepatitis and the etiologic agent for Acquired Immune Deficiency Syndrome;

(3) procedures to ensure the proper collection and transportation of the marrow;

(4) standards for the system for patient advocacy operated under subsection (h) of this section, including standards requiring the provision of appropriate information (at the start of the search process and throughout the process) to patients and their families and physicians;

(5) standards that—

(A) require the establishment of a system of strict confidentiality of records relating to the identity, address, HLA type, and managing marrow donor center for marrow donors and potential marrow donors; and

(B) prescribe the purposes for which the records described in subparagraph (A) may be disclosed, and the circumstances and extent of the disclosure; and

(6) in the case of a marrow donor center or marrow donor registry participating in the program, procedures to ensure the establishment of a method for integrating donor files, searches, and general procedures of the center or registry with the Program.

(g) Cord blood recruitment; priorities; information and education

(1) Recruitment; priorities

The Program shall support activities, in cooperation with qualified cord blood banks, for the recruitment of cord blood donors. Such recruitment program shall identify populations that are underrepresented among cord blood
In the case of populations that are identified under the preceding sentence:

(A) The Program shall give priority to supporting activities under this part to increase representation for such populations in order to enable a member of such a population, to the extent practicable, to have a probability of finding a suitable cord blood unit that is comparable to the probability that an individual who is not a member of an underrepresented population would have.

(B) The Program shall consider racial and ethnic minority groups (including persons of mixed ancestry) to be populations that have been identified for purposes of this paragraph, and shall support activities under subparagraph (A) with respect to such populations.

(2) Information and education regarding transplantation as treatment option

(A) In general

In carrying out the recruitment program under paragraph (1), the Program shall support informational and educational activities in coordination with qualified cord blood banks and organ donation public awareness campaigns operated through the Department of Health and Human Services, for purposes of recruiting pregnant women to serve as donors of cord blood. Such information and educational activities shall include the following:

(i) Making information available to the general public, including information describing the needs of patients with respect to cord blood units.

(ii) Educating and providing information to pregnant women who are willing to donate cord blood units.

(iii) Training individuals in requesting pregnant women to serve as cord blood donors.

(B) Priorities

In carrying out informational and educational activities under subparagraph (A), the Program shall give priority to supporting the recruitment of pregnant women to serve as donors of cord blood for populations that are identified under paragraph (1).

(3) Transplantation as treatment option

In addition to activities regarding recruitment, the recruitment program under paragraph (1) shall provide information to physicians, other health care professionals, and the public regarding cord blood transplants from donors as a treatment option.

(4) Implementation of subsection

The requirements of this subsection shall be carried out by the entity that has been awarded a contract by the Secretary under subsection (a) of this section to carry out the functions described in subsection (d)(2) of this section.

(h) Patient advocacy and case management for bone marrow and cord blood

(1) In general

The Secretary shall establish and maintain, through a contract or other means determined appropriate by the Secretary, an office of patient advocacy (in this subsection referred to as the “Office”).

(2) General functions

The Office shall meet the following requirements:

(A) The Office shall be headed by a director.

(B) The Office shall be staffed by individuals with expertise in bone marrow and cord blood therapy covered under the Program.

(C) The Office shall operate a system for patient advocacy, which shall be separate from mechanisms for donor advocacy, and which shall serve patients for whom the Program is conducting, or has been requested to conduct, a search for a bone marrow donor or cord blood unit.

(D) In the case of such a patient, the Office shall serve as an advocate for the patient by directly providing to the patient (or family members, physicians, or other individuals acting on behalf of the patient) individualized services with respect to efficiently utilizing the system under paragraphs (1) and (2) of subsection (d) of this section to conduct an ongoing search for a bone marrow donor or cord blood unit and assist with information regarding third party payor matters.

(E) In carrying out subparagraph (D), the Office shall monitor the system under paragraphs (1) and (2) of subsection (d) of this section to determine whether the search needs of the patient involved are being met, including with respect to the following:

(i) Periodically providing to the patient (or an individual acting on behalf of the patient) information regarding bone marrow donors or cord blood units that are suitably matched to the patient, and other information regarding the progress being made in the search.

(ii) Informing the patient (or such other individual) if the search has been interrupted or discontinued.

(iii) Identifying and resolving problems in the search, to the extent practicable.

(F) The Office shall ensure that the following data are made available to patients:

(i) The resources available through the Program.

(ii) A comparison of transplant centers regarding search and other costs that prior to transplantation are charged to patients by transplant centers.

(iii) The post-transplant outcomes for individual transplant centers.

(iv) Information concerning issues that patients may face after a transplant.

(v) Such other information as the Program determines to be appropriate.

(G) The Office shall conduct surveys of patients (or family members, physicians, or other individuals acting on behalf of patients) to determine the extent of satisfaction with the system for patient advocacy under this subsection, and to identify ways in which the system can be improved to best meet the needs of patients.
(3) Case management

(A) In general

In serving as an advocate for a patient under paragraph (2), the Office shall provide individualized case management services directly to the patient (or family members, physicians, or other individuals acting on behalf of the patient), including—

(i) individualized case assessment; and

(ii) the functions described in paragraph (2)(D) (relating to progress in the search process).

(B) Postsearch functions

In addition to the case management services described in paragraph (1) for patients, the Office shall, on behalf of patients who have completed the search for a bone marrow donor or cord blood unit, provide information and education on the process of receiving a transplant, including the post-transplant process.

(i) Comment procedures

The Secretary shall establish and provide information to the public on procedures under which the Secretary shall receive and consider comments from interested persons relating to the manner in which the Program is carrying out the duties of the Program. The Secretary may promulgate regulations under this section.

(j) Consultation

In developing policies affecting the Program, the Secretary shall consult with the Advisory Council, the Department of Defense Marrow Transplantation Program, the Department of the Navy, and the board of directors of each entity awarded a contract under this section.

(k) Contracts

(1) Application

To be eligible to enter into a contract under this section, an entity shall submit to the Secretary and obtain approval of an application at such time, in such manner, and containing such information as the Secretary shall by regulation prescribe.

(2) Considerations

In awarding contracts under this section, the Secretary shall give consideration to the continued safety of donors and patients and other factors deemed appropriate by the Secretary.

(l) Eligibility

Entities eligible to receive a contract under this section shall include private nonprofit entities.

(m) Records

(1) Recordkeeping

Each recipient of a contract or subcontract under subsection (a) of this section shall keep such records as the Secretary shall prescribe, including records that fully disclose the amount and disposition by the recipient of the proceeds of the contract, the total cost of the undertaking in connection with which the contract was made, and the amount of the portion of the cost of the undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(2) Examination of records

The Secretary and the Comptroller General of the United States shall have access to any books, documents, papers, and records of the recipient of a contract or subcontract entered into under this section that are pertinent to the contract, for the purpose of conducting audits and examinations.

(n) Penalties for disclosure

Any person who discloses the content of any record referred to in subsection (d)(4)(D) or (f)(5)(A) of this section without the prior written consent of the donor or potential donor with respect to whom the record is maintained, or in violation of the standards described in subsection (f)(5)(B) of this section, shall be imprisoned for not more than 2 years or fined in accordance with title 18, or both.

AMENDMENTS

2005—Pub. L. 109–129 amended section generally, substituting provisions relating to the C.W. Bill Young Cell Transplantation Program for provisions relating to the National Bone Marrow Donor Registry.

1998—Subsec. (a). Pub. L. 105–196, §2(a), substituted "(referred to in this part as the ‘Registry’)" that has the purpose of increasing the number of transplants for recipients suitably matched to biologically unrelated donors of bone marrow, and that meets for "(referred to in this part as the ‘Registry’) that meets and substituted” under the direction of a board of directors meeting the following requirements:” and pars. (1) to (4) for "under the direction of a board of directors that shall include representatives of marrow donor centers, marrow transplant centers, persons with expertise in care professionals, and the public regarding bone marrow transplantation; and".

Subsec. (b)(2) to (8). Pub. L. 105–196, §2(b)(1), added pars. (2) to (7), redesignated former par. (7) as (8), and struck out former pars. (2) to (6) which read as follows: “(2) establish a system for patient advocate, separate from mechanisms for donor advocacy, that directly assists patients, their families, and their physicians in the search for an unrelated marrow donor; and

“(3) increase the representation of individuals from racial and ethnic minority groups in the pool of potential donors for the Registry in order to enable an individual in a minority group, to the extent practicable, to have a comparable chance of finding a suitable unrelated donor as would an individual not in a minority group;

“(4) provide information to physicians, other health care professionals, and the public regarding bone marrow transplantation; and

“(5) recruit potential bone marrow donors; and

“(6) collect, analyze, and publish data concerning bone marrow donation and transplant and...".

Subsecs. (c), (d). Pub. L. 105–196, §2(c), (d), added subsecs. (c) and (d). Former subsecs. (c) and (d) redesignated (e) and (f), respectively.

Subsec. (e). Pub. L. 105–196, §2(c), redesignated subsec. (c) as (e). Former subsec. (e) redesignated (g).

Subsec. (f)(4). Pub. L. 105–196, §2(e), added par. (4) and struck out former par. (4) which read as follows: "standards that require the provision of information to patients, their families, and their physicians at the start of the search process concerning—".
“(A) the resources available through the Registry;
“(B) all other marrow donor registries meeting the standards described in this paragraph; and
“(C) in the case of the Registry—
“(i) the comparative costs of all charges by marrow transplant centers incurred by patients prior to transplantation; and
“(ii) the success rates of individual marrow transplant centers.”

Subsec. (f). Pub. L. 105–196, §2(c), substituted subsection (d) as (f) and substituted “subsection (e)” for “subsection (c)”.

Subsec. (g) to (i). Pub. L. 105–196, §2(c), redesignated subsections (e) to (g) as (g) to (i), respectively.

Subsec. (j). Pub. L. 105–196, §2(c), redesignated subsection (h) as (j) and struck out heading and text of former subsection (j).

Text read as follows: “There are authorized to be appropriated $15,000,000 for each of fiscal years 1992 and 1993.”

Subsec. (k). Pub. L. 105–196, §2(c), redesignated subsection (i) as (k) and substituted “subsection (e)” for “subsection (c)(5)(A)” and “subsection (e)(5)(B)” for “subsection (c)(5)(B)”.

### Effective Date of 1998 Amendment

### Savings Provision

Section 102 of title I of Pub. L. 101–616 provided that: “(a) IN GENERAL.—This title [enacting this section and section 274k of this title and amending section 274a of this title], and the amendments made by this title, shall not affect any legal document, including any order, regulation, grant, or contract, in effect on the date of enactment of this Act [Nov. 16, 1996], or any administrative proceeding or lawsuit pending on the date, that relates to the bone marrow registry established under section 373(b) of the Public Health Service Act [section 274k(b) of this title] (as it existed before the amendment made by section 101(b) of this Act).

“(b) CONTINUING EFFECT.—A legal document described in subsection (a) shall continue in effect until modified, terminated, or revoked.

“(c) PROCEEDINGS.—In any administrative proceeding or lawsuit described in subsection (a), parties shall take appeals, and officials shall hold proceedings and render judgments, in the same manner and with the same effect as if this title had not been enacted.”

### Cord Blood Inventory

Pub. L. 109–129, §2, Dec. 20, 2005, 119 Stat. 2550, provided that: “(a) IN GENERAL.—The Secretary of Health and Human Services shall enter into one-time contracts with qualified cord blood banks to assist in the collection and maintenance of 150,000 new units of high-quality cord blood to be made available for transplantation through the C.W. Bill Young Cell Transplantation Program and to carry out the requirements of subsection (b).

“(b) REQUIREMENTS.—The Secretary shall require each recipient of a contract under this section—

“(1) to acquire, tissue-type, test, cryopreserve, and store donated units of cord blood acquired with the informed consent of the donor, as determined by the Secretary pursuant to section 379(c) of the Public Health Service Act [subsection (c) of this section], in a manner that complies with applicable Federal and State regulations;

“(2) to encourage donation from a genetically diverse population;

“(3) to make cord blood units that are collected pursuant to this section or otherwise and meet all applicable Federal standards available to transplant centers for transplantation;

“(4) to make cord blood units that are collected, but not appropriate for clinical use, available for peer-reviewed research;

“(5) to make data available, as required by the Secretary and consistent with section 379(d)(3) of the Public Health Service Act (42 U.S.C. 274k(d)(3)), as amended by this Act, in a standardized electronic format, as determined by the Secretary, for the C.W. Bill Young Cell Transplantation Program; and

“(6) to submit data in a standardized electronic format for inclusion in the stem cell therapeutic outcomes database maintained under section 379A of the Public Health Service Act [section 274h of this title], as amended by this Act.

“(c) RELATED CORD BLOOD DONORS.—

“(1) IN GENERAL.—The Secretary shall establish a 3-year demonstration project under which qualified cord blood banks receiving a contract under this section may use a portion of the funding under such contract for the collection and storage of cord blood units for a family where a first-degree relative has been diagnosed with a condition that will benefit from transplantation (including selected blood disorders, malignancies, metabolic storage disorders, hemoglobinopathies, and congenital immunodeficiencies) at no cost to such family. Qualified cord blood banks selecting cord blood units under this paragraph shall comply with the requirements of paragraphs (1), (2), (3), and (5) of subsection (b).

“(2) AVAILABILITY.—Qualified cord blood banks that are operating a program under paragraph (1) shall provide assurances that the cord blood units in such banks will be available for directed transplantation until such time that the cord blood unit is released for transplantation or is transferred by the family to the C.W. Bill Young Cell Transplantation Program in accordance with guidance or regulations promulgated by the Secretary.

“(3) INVENTORY.—Cord blood units collected through the program under this section shall not be counted toward the 150,000 inventory goal under the C.W. Bill Young Cell Transplantation Program.

“(4) REPORT.—Not later than 90 days after the date on which the project under paragraph (1) is terminated by the Secretary, the Secretary shall submit to Congress a report on the outcomes of the project that shall include the recommendations of the Secretary with respect to the continuation of such project.

“(d) APPLICATION.—To seek to enter into a contract under this section, a qualified cord blood bank shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require. At a minimum, an application for a contract under this section shall include a requirement that the applicant—

“(1) will participate in the C.W. Bill Young Cell Transplantation Program for a period of at least 10 years;

“(2) will make cord blood units collected pursuant to this section available through the C.W. Bill Young Cell Transplantation Program in perpetuity or for such time as determined viable by the Secretary; and

“(3) if the Secretary determines through an assessment, or through petition by the applicant, that a cord blood bank is no longer operational or does not meet the requirements of section 379(d)(4) of the Public Health Service Act [subsection (d)(4) of this section] (as added by this Act) and as a result may not distribute the units, transfer the units collected pursuant to this section to another qualified cord blood bank approved by the Secretary to ensure continued availability of cord blood units.

“(e) DURATION OF CONTRACTS.—

“(1) IN GENERAL.—Except as provided in paragraph (2), the term of each contract entered into by the Sec-
tery under this section shall be for 10 years. The Secretary shall ensure that no Federal funds shall be obligated under any such contract after the earlier of—

(1) the date that is 3 years after the date on which the contract is entered into; or

(2) September 30, 2010.

(2) EXTENSIONS.—Subject to paragraph (1)(B), the Secretary may extend the period of funding under a contract under this section to exceed a period of 3 years if—

(A) the Secretary finds that 150,000 new units of high-quality cord blood have not yet been collected pursuant to this section; and

(B) the Secretary does not receive an application for a contract under this section from any qualified cord blood bank that has not previously entered into a contract under this section or the Secretary determines that the outstanding inventory need cannot be met by the one or more qualified cord blood banks that have submitted an application for a contract under this section.

(3) PREFERENCE.—In considering contract extensions under paragraph (2), the Secretary shall give preference to qualified cord blood banks that the Secretary determines have demonstrated a superior ability to satisfy the requirements described in subsection (b) and to achieve the overall goals for which the contract was awarded.

(4) REGULATIONS.—The Secretary may promulgate regulations to carry out this section.

(5) DEFINITIONS.—In this section—

(1) The term ‘C.W. Bill Young Cell Transplantation Program’ means the C.W. Bill Young Cell Transplantation Program under section 379 of the Public Health Service Act [this section], as amended by this Act.

(2) The term ‘cord blood donor’ means a mother who has delivered a baby and consents to donate the neonatal blood remaining in the placenta and umbilical cord after separation from the newborn baby.

(3) The term ‘cord blood unit’ means the neonatal blood collected from the placenta and umbilical cord of a single newborn baby.

(4) The term ‘first-degree relative’ means a sibling or parent who is one meiosis away from a particular individual in a family.

(5) The term ‘qualified cord blood bank’ has the meaning given to that term in section 379(d)(4) of the Public Health Service Act [subsection (d)(4) of this section], as amended by this Act.

(6) The term ‘Secretary’ means the Secretary of Health and Human Services.

(b) AUTHORIZATION OF APPROPRIATIONS.—

(1) EXISTING FUNDS.—Any amounts appropriated to the Secretary for fiscal year 2004 or 2005 for the purpose of assisting in the collection or maintenance of cord blood shall remain available to the Secretary until the end of fiscal year 2007.

(2) SUBSEQUENT FISCAL YEARS.—There are authorized to be appropriated to the Secretary $15,000,000 for each of fiscal years 2007, 2008, 2009, and 2010 to carry out this section.

(3) LIMITATION.—Not to exceed 5 percent of the amount appropriated under this section in each of fiscal years 2007 through 2009 may be used to carry out the demonstration project under subsection (c).

REPORT OF INSPECTOR GENERAL: PLAN REGARDING RELATIONSHIP BETWEEN REGISTRY AND DONOR CENTERS

Pub. L. 105–196, §2(b)(2), July 16, 1998, 112 Stat. 632, directed the Secretary of Health and Human Services to ensure that, not later than 1 year after July 16, 1998, the National Bone Marrow Donor Registry (under this section) was established, evaluated, and implemented a plan to effectuate efficiencies in the relationship between such Registry and donor centers.

STUDY BY GAO

Pub. L. 105–196, §5, July 16, 1998, 112 Stat. 636, provided that the Comptroller General was to conduct a study of the National Bone Marrow Donor Registry under this section to determine the extent to which the Registry had increased the representation of racial and ethnic minority groups among potential donors enrolled with the Registry and whether the extent of increase resulted in a level of representation that met the standard established in subsec. (c)(1)(A) of this section, the extent to which patients in need of a transplant of bone marrow from a biologically unrelated donor, and the physicians of such patients, had been utilizing the Registry, the number of patients for whom the Registry began a preliminary but not complete search process and the reasons underlying such circumstances, the extent to which the plan required in section 2(b)(2) of Pub. L. 105–196 (42 U.S.C. 274k note) had been implemented, and the extent to which the Registry, donor centers, donor registries, collection centers, transplant centers, and other appropriate entities had been complying with subsec. (e) of this section; and provided that a report describing the findings of this study was to be submitted to Congress not later than Oct. 1, 2001, and not before Jan. 1, 2001.

COMPLIANCE WITH NEW REQUIREMENTS FOR OFFICE OF PATIENT ADVOCACY

Pub. L. 105–196, §6, July 16, 1998, 112 Stat. 636, provided that with respect to requirements for the office of patient advocacy under subsection (d) of this section, the Secretary of Health and Human Services was to ensure that, not later than 180 days after Oct. 1, 1998, such office was in compliance with all requirements that were additional to the requirements under this section in effect with respect to patient advocacy on the day before July 16, 1998.

§ 274l. Stem cell therapeutic outcomes database

(a) Establishment

The Secretary shall by contract establish and maintain a scientific database of information relating to patients who have been recipients of a stem cell therapeutics product (including bone marrow, cord blood, or other such product) from a donor.

(b) Information

The outcomes database shall include information in a standardized electronic format with respect to patients described in subsection (a) of this section, diagnosis, transplant procedures, results, long-term follow-up, and such other information as the Secretary determines to be appropriate, to conduct an ongoing evaluation of the scientific and clinical status of transplantation involving recipients of a stem cell therapeutics product from a donor.

(c) Annual report on patient outcomes

The Secretary shall require the entity awarded a contract under this section to submit to the Secretary an annual report concerning patient outcomes with respect to each transplant center, based on data collected and maintained by the entity pursuant to this section.

(d) Publicly available data

The outcomes database shall make relevant scientific information not containing individually identifiable information available to the public in the form of summaries and data sets to encourage medical research and to provide information to transplant programs, physicians, patients, entities awarded a contract under section 274k of this title1 donor registries, and cord blood banks.

1So in original. Probably should be followed by a comma.

PART J—PREVENTION AND CONTROL OF INJURIES

AMENDMENTS

§ 280b. Research

(a) The Secretary, through the Director of the Centers for Disease Control and Prevention, shall—

(1) conduct, and give assistance to public and nonprofit private entities, scientific institutions, and individuals engaged in the conduct of, research relating to the causes, mechanisms, prevention, diagnosis, treatment of injuries, and rehabilitation from injuries;

(2) make grants to, or enter into cooperative agreements or contracts with, public and nonprofit private entities (including academic institutions, hospitals, and laboratories) and individuals for the conduct of such research; and

(3) make grants to, or enter into cooperative agreements or contracts with, academic institutions for the purpose of providing training on the causes, mechanisms, prevention, diagnosis, treatment of injuries, and rehabilitation from injuries.

(b) The Secretary, through the Director of the Centers for Disease Control and Prevention, shall collect and disseminate, through publications and other appropriate means, information concerning the practical applications of research conducted or assisted under subsection (a) of this section. In carrying out the preceding sentence, the Secretary shall disseminate such information to the public, including through elementary and secondary schools.

§ 280b–1. Prevention and control activities

(a) The Secretary, through the Director of the Centers for Disease Control and Prevention, shall—

(1) assist States and political subdivisions of States in activities for the prevention and control of injuries; and

(2) encourage regional activities between States designed to reduce injury rates.

(b) The Secretary, through the Director of the Centers for Disease Control and Prevention, may—

(1) enter into agreements between the Service and public and private community health agencies which provide for cooperative planning of activities to deal with problems relating to the prevention and control of injuries;

(2) work in cooperation with other Federal agencies, and with public and nonprofit private entities, to promote activities regarding the prevention and control of injuries; and

(3) make grants to States and, after consultation with State health agencies, to other public or nonprofit private entities for the purpose of carrying out demonstration projects for the prevention and control of injuries at sites that are not subject to the Occupational Safety and Health Act of 1970 [29 U.S.C. 651 et seq.], including homes, elementary and secondary schools, and public buildings.

Prior Provisions

Amendments

1983—Pub. L. 100–505, §1105(c), substituted "Providing information and education on such violence, including information and education to increase awareness of the public health consequences of such violence.

(4) Providing to the public information and education on such violence, including information and education to increase awareness of the public health consequences of such violence.

(5) Training health care providers as follows:

(A) To identify individuals whose medical conditions or statements indicate that the individuals are victims of such violence.

(B) To routinely determine, in examining patients, whether the medical conditions or statements of the patients so indicate.

(C) To refer individuals so identified to entities that provide services regarding such violence, including referrals for counseling, housing, legal services, and services of community organizations.

(6) Making grants to public and nonprofit private entities for demonstration projects with respect to such violence, including with respect to prevention.

(b) For purposes of this part, the term "interpersonal violence within families and among acquaintances" includes behavior commonly referred to as domestic violence, sexual assault, spousal abuse, woman battering, partner abuse, elder abuse, and acquaintance rape.

Prior Provisions

A prior section 393 of act July 1, 1944, was renumbered section 394 and is classified to section 280b–2 of this title.

Another prior section 393 of act July 1, 1944, was renumbered section 394 and was classified to section 280b–4 of this title.

§280b–1b. Use of allotments for rape prevention education

(a) Permitted use

The Secretary, acting through the National Center for Injury Prevention and Control at the Centers for Disease Control and Prevention, shall award target grants to States to be used for rape prevention and education programs conducted by rape crisis centers, State sexual assault coalitions, and other public and private nonprofit entities for—

(1) educational seminars;

(2) the operation of hotlines;

(3) training programs for professionals;

(4) the preparation of informational material;

(5) education and training programs for students and campus personnel designed to reduce the incidence of sexual assault at colleges and universities;

(6) education to increase awareness of drugs used to facilitate rapes or sexual assaults; and

(7) other efforts to increase awareness of the facts about, or to help prevent, sexual assault, including efforts to increase awareness in underserved communities and awareness among individuals with disabilities (as defined in section 12102 of this title).
§ 280b–1c  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 388

(b) Collection and dissemination of information on sexual assault

The Secretary shall, through the National Resource Center on Sexual Assault established under the National Center for Injury Prevention and Control at the Centers for Disease Control and Prevention, provide resource information, policy, training, and technical assistance to Federal, State, local, and Indian tribal agencies, as well as to State sexual assault coalitions and local sexual assault programs and to other professionals and interested parties on issues relating to sexual assault, including maintenance of a central resource library in order to collect, prepare, analyze, and disseminate information and statistics and analyses thereof relating to the incidence and prevention of sexual assault.

(c) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out this section $80,000,000 for each of fiscal years 2007 through 2011.

(2) National sexual violence resource center allotment

Of the total amount made available under this subsection in each fiscal year, not less than $1,500,000 shall be available for allotment under subsection (b) of this section.

(d) Limitations

(1) Supplement not supplant

Amounts provided to States under this section shall be used to supplement and not supplant other Federal, State, and local public funds expended to provide services of the type described in subsection (a) of this section.

(2) Studies

A State may not use more than 2 percent of the amount received by the State under this section for each fiscal year for surveillance studies or prevalence studies.

(3) Administration

A State may not use more than 5 percent of the amount received by the State under this section for each fiscal year for administrative expenses.

(2005)—Subsec. (c). Pub. L. 109–162 reenacted heading without change and amended text generally. Prior to amendment, text contained provisions in par. (1) authorizing appropriations for fiscal years 2001 through 2005 and in par. (2) directing an allotment under subsec. (b) of this section.

§ 280b–1c. Prevention of traumatic brain injury

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may carry out projects to reduce the incidence of traumatic brain injury. Such projects may be carried out by the Secretary directly or through grants or contracts to public or nonprofit private entities. The Secretary may direct or through such awards provide technical assistance with respect to the planning, development, and operation of such projects.

(b) Certain activities

Activities under subsection (a) of this section may include—

(1) the conduct of research into identifying effective strategies for the prevention of traumatic brain injury;

(2) the implementation of public information and education programs for the prevention of such injury and for broadening the awareness of the public concerning the public health consequences of such injury; and

(3) the implementation of a national education and awareness campaign regarding such injury (in conjunction with the program of the Secretary regarding health-status goals for 2010, commonly referred to as Healthy People 2010), including—

(A) the national dissemination of information on—

(i) incidence and prevalence; and

(ii) information relating to traumatic brain injury and the sequelae of secondary conditions arising from traumatic brain injury upon discharge from hospitals and emergency departments; and

(B) the provision of information in primary care settings, including emergency rooms and trauma centers, concerning the availability of State level services and resources.

(c) Coordination of activities

The Secretary shall ensure that activities under this section are coordinated as appropriate with other agencies of the Public Health Service that carry out activities regarding traumatic brain injury.

(d) “Traumatic brain injury” defined

For purposes of this section, the term “traumatic brain injury” means an acquired injury to the brain. Such term does not include brain dysfunction caused by congenital or degenerative disorders, nor birth trauma, but may include brain injuries caused by anoxia due to trauma. The Secretary may revise the definition of such
term as the Secretary determines necessary, after consultation with States and other appropriate public or nonprofit private entities.

CODIFICATION

Section was formerly classified to section 280b–1b of this title.

PRIOR PROVISIONS

Prior sections 393B of act July 1, 1944, were renumbered sections 393A and 393C and are classified to sections 280b–1b and 280b–1d, respectively, of this title.

AMENDMENTS

Subsec. (d). Pub. L. 106–310, §1301(a)(2), substituted “anoxia due to trauma” for “anoxia due to near drowning” and inserted “, after consultation with States and other appropriate public or nonprofit private entities” after “Secretary determines necessary”.

§ 280b–1d. National program for traumatic brain injury surveillance and registries

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States or their designees to develop or operate the State’s traumatic brain injury surveillance system or registry to determine the incidence and prevalence of traumatic brain injury and related disability, to ensure the uniformity of reporting under such system or registry, to link individuals with traumatic brain injury to services and supports, and to link such individuals with academic institutions to conduct applied research that will support the development of such surveillance systems and registries as may be necessary. A surveillance system or registry under this section shall provide for the collection of data concerning—

(1) demographic information about each traumatic brain injury;

(2) information about the circumstances surrounding the injury event associated with each traumatic brain injury;

(3) administrative information about the source of the collected information, dates of hospitalization and treatment, and the date of injury; and

(4) information characterizing the clinical aspects of the traumatic brain injury, including the severity of the injury, outcomes of the injury, the types of treatments received, and the types of services utilized.

(b) Report

Not later than 18 months after April 28, 2008, the Secretary, acting through the Director of the Centers for Disease Control and Prevention and the Director of the National Institutes of Health and in consultation with the Secretary of Defense and the Secretary of Veterans Affairs, shall submit to the relevant committees of Congress a report that contains the findings derived from an evaluation concerning activities and procedures that can be implemented by the Centers for Disease Control and Prevention to improve the collection and dissemination of comparable epidemiological studies on the incidence and prevalence of traumatic brain injury in individuals who were formerly in the military. The report shall include recommendations on the manner in which such agencies can further collaborate on the development and improvement of traumatic brain injury diagnostic tools and treatments.

PRIOR PROVISIONS

A prior section 393C of act July 1, 1944, was renumbered section 393A and is classified to section 280b–1b of this title.

AMENDMENTS

Subsec. (a). Pub. L. 110–206, §3(b)(2), in introductory provisions, substituted “may make grants to States or their designees to develop or operate the State’s traumatic brain injury surveillance system or registry to determine the incidence and prevalence of traumatic brain injury and related disability, to ensure the uniformity of reporting under such system or registry, to link individuals with traumatic brain injury to services and supports, and to link such individuals with academic institutions to conduct applied research that will support the development of such surveillance systems and registries as may be necessary. A surveillance system or registry under this section shall provide for the collection of data concerning—” for “may make grants to States or their designees to develop or operate the State’s traumatic brain injury registry and to academic institutions to conduct applied research that will support the development of such registries, to collect data concerning—”.

Subsec. (b). Pub. L. 110–206, §3(c), added subsec. (b).

§ 280b–1e. Study on traumatic brain injury

(a) Study

The Secretary, acting through the Director of the Centers for Disease Control and Prevention with respect to paragraph (1) and in consultation with the Director of the National Institutes of Health and other appropriate entities with respect to paragraphs (2), (3), and (4), may conduct a study with respect to traumatic brain injury for the purpose of carrying out the following:

(1) In collaboration with appropriate State and local health-related agencies, (A) determining the incidence of traumatic brain injury and prevalence of traumatic brain injury related disability and the clinical aspects of the disability in all age groups and racial and ethnic minority groups in the general population of the United States, including institutional settings, such as nursing homes, correctional facilities, psychiatric hospitals, child care facilities, and residential institutes for people with developmental disabilities; and
(B) reporting national trends in traumatic brain injury.

(2) Identifying common therapeutic interventions which are used for the rehabilitation of individuals with such injuries, and subject to the availability of information, including an analysis of—

(A) the effectiveness of each such intervention in improving the functioning, including return to work or school and community participation, of individuals with brain injuries;

(B) the comparative effectiveness of interventions employed in the course of rehabilitation of individuals with brain injuries to achieve the same or similar clinical outcome; and

(C) the adequacy of existing measures of outcomes and knowledge of factors influencing differential outcomes.

(3) Identifying interventions and therapies that can prevent or remediate the development of secondary neurologic conditions related to traumatic brain injury.

(4) Developing practice guidelines for the rehabilitation of traumatic brain injury at such time as appropriate scientific research becomes available.

(b) Dates certain for reports

If the study is conducted under subsection (a), the Secretary shall, not later than 3 years after April 28, 2008, submit to Congress a report describing findings made as a result of carrying out such subsection (a).

(c) Definition

For purposes of this section, the term “traumatic brain injury” means an acquired injury to the brain. Such term does not include brain dysfunction caused by congenital or degenerative disorders, nor birth trauma, but may include brain injuries caused by anoxia due to trauma including near drowning. The Secretary may revise the definition of such term as the Secretary determines necessary.

(July 1, 1944, ch. 373, title III, §393C-1, as added Pub. L. 110–206, §4, Apr. 28, 2008, 122 Stat. 715.)

§280b–1f. Prevention of falls among older adults

(a) Public education

The Secretary may—

(1) oversee and support a national education campaign to be carried out by a nonprofit organization with experience in designing and implementing national injury prevention programs, that is directed principally to older adults, their families, and health care providers, and that focuses on reducing falls among older adults and preventing repeat falls; and

(2) award grants, contracts, or cooperative agreements to qualified organizations, institutions, or consortia of qualified organizations and institutions, specializing, or demonstrating expertise, in falls or fall prevention, for the purpose of organizing State-level coalitions of appropriate State and local agencies, safety, health, senior citizen, and other organizations to design and carry out local education campaigns, focusing on reducing falls among older adults and preventing repeat falls.

(b) Research

(1) In general

The Secretary may—

(A) conduct and support research to—

(i) improve the identification of older adults who have a high risk of falling;

(ii) improve data collection and analysis to identify fall risk and protective factors;

(iii) design, implement, and evaluate the most effective fall prevention interventions;

(iv) improve strategies that are proven to be effective in reducing falls by tailoring these strategies to specific populations of older adults;

(v) conduct research in order to maximize the dissemination of proven, effective fall prevention interventions;

(vi) intensify proven interventions to prevent falls among older adults;

(vii) improve the diagnosis, treatment, and rehabilitation of elderly fall victims and older adults at high risk for falls; and

(viii) assess the risk of falls occurring in various settings;

(B) conduct research concerning barriers to the adoption of proven interventions with respect to the prevention of falls among older adults;

(C) conduct research to develop, implement, and evaluate the most effective approaches to reducing falls among high-risk older adults living in communities and long-term care and assisted living facilities; and

(D) evaluate the effectiveness of community programs designed to prevent falls among older adults.

(2) Educational support

The Secretary, either directly or through awarding grants, contracts, or cooperative agreements to qualified organizations, institutions, or consortia of qualified organizations and institutions, specializing, or demonstrating expertise, in falls or fall prevention, may provide professional education for physicians and allied health professionals, and aging service providers in fall prevention, evaluation, and management.

(c) Demonstration projects

The Secretary may carry out the following:

(1) Oversee and support demonstration and research projects to be carried out by qualified organizations, institutions, or consortia of qualified organizations and institutions, specializing, or demonstrating expertise, in falls or fall prevention, in the following areas:

(A) A multistate demonstration project assessing the utility of targeted fall risk screening and referral programs.

(B) Programs designed for community-dwelling older adults that utilize multi-component fall intervention approaches, including physical activity, medication assessment and reduction when possible, vision enhancement, and home modification strategies.
(C) Programs that are targeted to new fall victims who are at a high risk for second falls and which are designed to maximize independence and quality of life for older adults, particularly those older adults with functional limitations.

(D) Private sector and public-private partnerships to develop technologies to prevent falls among older adults and prevent or reduce injuries if falls occur.

(2)(A) Award grants, contracts, or cooperative agreements to qualified organizations, institutions, or consortia of qualified organizations and institutions, specializing, or demonstrating expertise, in falls or fall prevention, to design, implement, and evaluate fall prevention programs using proven intervention strategies in residential and institutional settings.

(B) Award 1 or more grants, contracts, or cooperative agreements to 1 or more qualified organizations, institutions, or consortia of qualified organizations and institutions, specializing, or demonstrating expertise, in falls or fall prevention, in order to carry out a multistate demonstration project to implement and evaluate fall prevention programs using proven intervention strategies designed for single and multifamily residential settings with high concentrations of older adults, including—

   (i) identifying high-risk populations;
   (ii) evaluating residential facilities;
   (iii) conducting screening to identify high-risk individuals;
   (iv) providing fall assessment and risk reduction interventions and counseling;
   (v) coordinating services with health care and social service providers; and
   (vi) coordinating post-fall treatment and rehabilitation.

(3) Award 1 or more grants, contracts, or cooperative agreements to qualified organizations, institutions, or consortia of qualified organizations and institutions, specializing, or demonstrating expertise, in falls or fall prevention, to conduct evaluations of the effectiveness of the demonstration projects described in this subsection.

(d) Priority

In awarding grants, contracts, or cooperative agreements under this section, the Secretary may give priority to entities that explore the use of cost-sharing with respect to activities funded under the grant, contract, or agreement to ensure the institutional commitment of the recipients of such assistance to the projects funded under the grant, contract, or agreement. Such non-Federal cost-sharing contributions may be provided directly or through donations from public or private entities and may be in cash or in-kind, fairly evaluated, including plant, equipment, or services.

(e) Study of effects of falls on health care costs

(1) In general

The Secretary may conduct a review of the effects of falls on health care costs, the potential for reducing falls, and the most effective strategies for reducing health care costs associated with falls.

(2) Report

If the Secretary conducts the review under paragraph (1), the Secretary shall, not later than 36 months after April 23, 2008, submit to Congress a report describing the findings of the Secretary in conducting such review.

§ 280b–2. General provisions

(a) Advisory committee

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall establish an advisory committee to advise the Secretary and such Director with respect to the prevention and control of injuries.

(b) Technical assistance

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may provide technical assistance to public and nonprofit private entities with respect to the planning, development, and operation of any program or service carried out pursuant to this part. The Secretary may provide such technical assistance directly or through grants or contracts.

(c) Biennial report

Not later than February 1 of 1995 and of every second year thereafter, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall submit to the Committee on Energy and Commerce of the House of Representatives, and to the Committee on Labor and Human Resources of the Senate, a report describing the activities carried out under this part during the preceding 2 fiscal years. Such report shall include a description of such activities that were carried out with respect to interpersonal violence within families and among acquaintances and with respect to rural areas.

Prior Provisions

A prior section 289 of act July 1, 1944, was renumbered section 289A and is classified to section 280b–3 of this title.

Amendments

1993—Pub. L. 102–531, title III, §393A, substituted “public and nonprofit private entities” for “public and nonprofit entities”.

Prior to amendment, section read as follows: “By not later than September 30, 1992, the Secretary, through the Director of the Centers for Disease Control and Pre-
vention, shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives, and to the Committee on Labor and Human Resources of the Senate, a report describing the activities conducted or supported under this part. The report shall include—

(1) information regarding the practical applications of research conducted pursuant to subsection (a) of section 280b of this title, including information that has not been disseminated under subsection (b) of such section; and

(2) information on such activities regarding the prevention and control of injuries in rural areas, including information regarding injuries that are particular to rural areas."

1990—Pub. L. 101–558 amended section generally. Prior to amendment, section read as follows: “By January 1, 1989, the Secretary, through the Director of the Centers for Disease Control, shall prepare and transmit to the Congress a report analyzing the incidence and causes of childhood injuries in the United States and containing recommendations for such legislation with respect to injury control as the Secretary considers appropriate.”

CHANGE OF NAME
Committee on Labor and Human Resources of Senate changed to Committee on Health, Education, Labor, and Pensions of Senate by Senate Resolution No. 20, One Hundred Sixth Congress, Jan. 19, 1999.

Committee on Energy and Commerce of House of Representatives treated as referring to Committee on Commerce of House of Representatives by section 1(a) of Pub. L. 104–14, set out as a note preceding section 2 of Title 2, The Congress. Committee on Commerce of House of Representatives treated as referring to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

TERMINATION OF ADVISORY COMMITTEES
Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by Congress, its duration is otherwise provided by law. See section 14 of Pub. L. 92–433, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

AMENDMENTS

2000—Pub. L. 106–310, which directed the amendment of this section by striking out “and” after “1994”, was executed by striking “and” after “1994” to reflect the probable intent of Congress.

1993—Pub. L. 103–183, §204, amended section generally. Prior to amendment, section read as follows: “To carry out sections 280b and 280b–1 of this title, there are authorized to be appropriated $10,000,000 for each of the fiscal years 1988, 1989, and 1990, $30,000,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.”

1990—Pub. L. 101–558 struck out subsec. (a) designation, inserted before period at end of first sentence “, $30,000,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993”, and struck out at end “Of the amounts appropriated under this section for any fiscal year, not more than 20 percent may be used for Federal administrative expenses to carry out such section for such fiscal year.”

§ 280b–4. Study conducted by the Centers for Disease Control and Prevention

(a) Purposes
The Secretary of Health and Human Services acting through the National Center for Injury Prevention and Control at the Centers for Disease Control1 Prevention shall make grants to entities, including domestic and sexual assault coalitions and programs, research organizations, tribal organizations, and academic institutions to support research to examine prevention and intervention programs to further the understanding of sexual and domestic violence by and against adults, youth, and children.

(b) Use of funds
The research conducted under this section shall include evaluation and study of best practices for reducing and preventing violence against women and children addressed by the strategies included in Department of Health and Human Services-related provisions2 this title,3 including strategies addressing underserved communities.

(c) Authorization of appropriations
There shall be authorized to be appropriated to carry out this title $2,000,000 for each of the fiscal years 2007 through 2011.

§280c. Establishment of program
(a) In general
The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall make not less than 5, and not more than 20, grants to States for the purpose of assisting grantees in carrying out demonstration projects—

(1) to identify low-income individuals who can avoid institutionalization or prolonged hospitalization if skilled medical services, skilled nursing care services, homemaker or home health aide services, or personal care services are provided in the homes of the individuals;

(2) to pay the costs of the provision of such services in the homes of such individuals; and

(3) to coordinate the provision by public and private entities of such services, and other long-term care services, in the homes of such individuals.

(b) Requirement with respect to age of recipients of services
The Secretary may not make a grant under subsection (a) of this section to a State unless the State agrees to ensure that—

(1) not less than 25 percent of the grant is expended to provide services under such subsection to individuals who are not less than 65 years of age; and

(2) of the portion of the grant reserved by the State for purposes of complying with paragraph (1), not less than 10 percent is expended to provide such services to individuals who are not less than 85 years of age.

(c) Relationship to items and services under other programs
A State may not make payments from a grant under subsection (a) of this section for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service—

Amendments

1990—Subsec. (a), Pub. L. 101–557, §101(a), substituted “‘shall make not less than 5, and not more than 20, grants’” for “‘shall make not less than 3, and not more than 5, grants’”.
Subsec. (a)(1), Pub. L. 101–557, §101(b), substituted “‘skilled nursing care services, homemaker or personal care services are provided in the homes of the individuals’” for “‘skilled medical services or related health services (or both) are provided in the homes of the individuals’”.
Subsec. (b), Pub. L. 101–557, §101(c), substituted “‘to ensure that—’” and pars. (1) and (2) for “‘to ensure that not less than 25 percent of individuals receiving services pursuant to subsection (a) of this section are individuals who are not less than 65 years of age’”.

Effective Date

Part effective Oct. 1, 1987, see section 701(a) of Pub. L. 100–175, set out as an Effective Date of 1987 Amendment note under section 2011 of this title.

Short Title

For short title of title VI of Pub. L. 100–175, which enacted this part as the “Health Care Services in the Home Act of 1987”, see section 601 of Pub. L. 100–175, set out as a Short Title of 1987 Amendments note under section 201 of this title.

§ 280c–1. Limitation on duration of grant and requirement of matching funds

(a) Limitation on duration of grant

The period during which payments are made to a State from a grant under section 280c(a) of this title may not exceed 3 years. Such payments shall be subject to annual evaluation by the Secretary.

(b) Requirement of matching funds

(1)(A) For the first year of payments to a State from a grant under section 280c(a) of this title, the Secretary may not make such payments in an amount exceeding 75 percent of the costs of services to be provided by the State pursuant to such section.

(B) For the second year of such payments to a State, the Secretary may not make such payments in an amount exceeding 65 percent of the costs of such services.

(C) For the third year of such payments to a State, the Secretary may not make such payments in an amount exceeding 55 percent of the costs of such services.

(2) The Secretary may not make a grant under section 280c(a) of this title to a State unless the State agrees to make available, directly or through donations from public or private entities, non-Federal contributions toward the costs of services to be provided pursuant to such section in an amount equal to:

(A) for the first year of payments to the State from the grant, not less than $25 (in cash or in kind under subsection (c) of this section) for each $75 of Federal funds provided in the grant;

(B) for the second year of such payments to the State, not less than $35 (in cash or in kind under subsection (c) of this section) for each $65 of such Federal funds; and

(C) for the third year of such payments to the State, not less than $45 (in cash or in kind under subsection (c) of this section) for each $55 of such Federal funds.

(c) Determination of amount of non-Federal contribution

Non-Federal contributions required in subsection (b) of this section may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(July 1, 1944, ch. 373, title III, §396, as added Pub. L. 100–175, title VI, §602, Nov. 29, 1987, 101 Stat. 979.)

Prior Provisions

§ 280c–2. General provisions

(a) Limitation on administrative expenses

The Secretary may not make a grant under section 280c(a) of this title to a State unless the State agrees that not more than 10 percent of the grant will be expended for administrative expenses with respect to the grant.

(b) Description of intended use of grant

The Secretary may not make a grant under section 280c(a) of this title to a State unless—
(1) the State submits to the Secretary a description of the purposes for which the State intends to expend the grant; and

(2) such description provides information relating to the programs and activities to be supported and services to be provided, including—

(A) the number of individuals who will receive services pursuant to section 280c(a) of this title and the average costs of providing such services to each such individual; and

(B) a description of the manner in which such programs and activities will be coordinated with any similar programs and activities of public and private entities.

c) Requirement of application

The Secretary may not make a grant under section 280c(a) of this title to a State unless the State has submitted to the Secretary an application for the grant. The application shall—

(1) contain the description of intended expenditures required in subsection (b) of this section;

(2) with respect to carrying out the purpose for which the grant is to be made, provide assurances of compliance satisfactory to the Secretary; and

(3) otherwise be in such form, be made in such manner, and contain such information and agreements as the Secretary determines to be necessary to carry out this subpart.

d) Evaluations and report by Secretary

The Secretary shall—

(1) provide for an evaluation of each demonstration project for which a grant is made under section 280c(a) of this title; and

(2) not later than 6 months after the completion of such evaluations, submit to the Congress a report describing the findings made as a result of the evaluations.

e) Authorizations of appropriations

For the purpose of carrying out this subpart, there are authorized to be appropriated $5,000,000 for each of the fiscal years 1988 through 1990, $7,500,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.

(July 1, 1944, ch. 373, title III, § 397, as added Pub. L. 100–175, title VI, § 602, Nov. 29, 1987, 101 Stat. 1992 and 1993.)

PRIOR PROVISIONS

AMENDMENTS

1990—Subsec. (e). Pub. L. 101–557 substituted “there are” for “there is” and inserted before period at end “, $7,500,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993”.

SUBPART II—GRANTS FOR DEMONSTRATION PROJECTS WITH RESPECT TO ALZHEIMER’S DISEASE § 280c–3. Establishment of program

(a) In general

The Secretary shall make grants to States for the purpose of assisting grantees in carrying out demonstration projects for planning, establishing, and operating programs—

(1) to coordinate the development and operation with public and private organizations of diagnostic, treatment, care management, respite care, legal counseling, and education services provided within the State to individuals with Alzheimer’s disease or related disorders and to the families and care providers of such individuals;

(2) to provide home health care, personal care, day care, companion services, short-term care in health facilities, and other respite care to individuals with Alzheimer’s disease or related disorders who are living in single family homes or in congregate settings;

(3) to improve the access of such individuals to home-based or community-based long-term care services (subject to the services being provided by entities that were providing such services in the State involved as of October 1, 1995), particularly such individuals who are members of racial or ethnic minority groups, who have limited proficiency in speaking the English language, or who live in rural areas; and

(4) to provide to health care providers, to individuals with Alzheimer’s disease or related disorders, to the families of such individuals, to organizations established for such individuals and such families, and to the general public, information with respect to—

(A) diagnostic services, treatment services, and related services available to such individuals and to the families of such individuals;

(B) sources of assistance in obtaining such services, including assistance under entitlement programs; and

(C) the legal rights of such individuals and such families.

(b) Requirement with respect to certain expenditures

The Secretary may not make a grant under subsection (a) of this section to a State unless the State agrees to expend not less than 50 percent of the grant for the provision of services described in subsection (a)(2) of this section.

c) Relationship to items and services under other programs

A State may not make payments from a grant under subsection (a) of this section for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service—

(1) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(2) by an entity that provides health services on a prepaid basis.

(July 1, 1944, ch. 373, title III, § 398, as added Pub. L. 100–175, title VI, § 602, Nov. 29, 1987, 101 Stat.
§ 280c–4. Requirement of matching funds

(a) Requirement of matching funds

(1)(A) For the first year of payments to a State from a grant under section 280c–3(a) of this title, the Secretary may not make such payments in an amount exceeding 75 percent of the costs of services to be provided by the State pursuant to such section.

(B) For the second year of such payments to a State, the Secretary may not make such payments in an amount exceeding 65 percent of the costs of such services.

(C) For the third or subsequent year of such payments to a State, the Secretary may not make such payments in an amount exceeding 55 percent of the costs of such services.

(2) The Secretary may not make a grant under section 280c–3(a) of this title to a State unless the Secretary agrees to make available, directly or through donations from public or private entities, non-Federal contributions toward the costs of services to be provided pursuant to such section in an amount equal to—

(A) for the first year of payments to the State from the grant, not less than $25 (in cash or in kind under subsection (c) of this section) for each $75 of Federal funds provided in the grant;

(B) for the second year of such payments to the State, not less than $35 (in cash or in kind under subsection (c) of this section) for each $85 of such Federal funds; and

(C) for the third or subsequent year of such payments to the State, not less than $45 (in cash or in kind under subsection (c) of this section) for each $95 of such Federal funds.

(b) Determination of amount of non-Federal contribution

Non-Federal contributions required in subsection (b) of this section may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

AMENDMENTS

Subsec. (a). Pub. L. 105–195, § 302(b)(2)–(4), redesignated subsec. (b) as (a), substituted “third or subsequent year” for “third year” in pars. (1)(C) and (2)(C), and struck out heading and text of former subsec. (a). Text read as follows: “The period during which payments are made to a State from a grant under section 280c–3(a) of this title may not exceed 3 years. Such payments shall be subject to annual evaluation by the Secretary.”

Subsecs. (b)(2)(A) and (b)(3), redesignated subsec. (b) as (c) and (b), respectively.

§ 280c–5. General provisions

(a) Limitation on administrative expenses

The Secretary may not make a grant under section 280c–3(a) of this title to a State unless the State agrees that not more than 10 percent of the grant will be expended for administrative expenses with respect to the grant.

(b) Description of intended use of grant

The Secretary may not make a grant under section 280c–3(a) of this title to a State unless—

(1) the State submits to the Secretary a description of the purposes for which the State intends to expend the grant; and

(2) such description provides information relating to the programs and activities to be supported and services to be provided, including—

(A) the number of individuals who will receive services pursuant to section 280c–3(a) of this title and the average costs of providing such services to each such individual; and

(B) a description of the manner in which such programs and activities will be coordinated with any similar programs and activities of public and private entities.

(c) Requirement of application

The Secretary may not make a grant under section 280c–3(a) of this title to a State unless the State has submitted to the Secretary an application for the grant. The application shall—

(1) contain the description of intended expenditures required in subsection (b) of this section;

(2) with respect to carrying out the purpose for which the grant is to be made, provide assurances of compliance satisfactory to the Secretary; and

(3) otherwise be in such form, be made in such manner, and contain such information...
and agreements as the Secretary determines to be necessary to carry out this subpart.

(d) Evaluations and report by Secretary

The Secretary shall—

(1) provide for an evaluation of each demonstration project for which a grant is made under section 280c–3(a) of this title; and

(2) not later than 6 months after the completion of such evaluations, submit to the Congress a report describing the findings made as a result of the evaluations.

(e) Authorizations of appropriations

For the purpose of carrying out this subpart, there are authorized to be appropriated $5,000,000 for each of the fiscal years 1988 through 1990, $7,500,000 for fiscal year 1991, such sums as may be necessary for each of the fiscal years 1992 and 1993, $8,000,000 for fiscal year 1998, and such sums as may be necessary for each of the fiscal years 1999 through 2002.

Amendments

1998—Subsec. (e). Pub. L. 105–392 substituted “1991, such sums” for “1991, and such sums” and inserted before period at end “$8,000,000 for fiscal year 1998, and such sums as may be necessary for each of the fiscal years 1999 through 2002.”

1990—Subsec. (e). Pub. L. 101–557 substituted “‘there are’” for “‘there is’ and inserted before period at end “$7,500,000 for fiscal year 1991, such sums as may be necessary for each of the fiscal years 1992 and 1993’”.

SUBPART II—GRANTS FOR HOME VISITING SERVICES FOR AT-RISK FAMILIES

§ 280c-6. Projects to improve maternal, infant, and child health

(a) In general

(1) Establishment of program

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall make grants to eligible entities to pay the Federal share of the cost of providing the services specified in subsection (b) of this section to families in which a member is—

(A) a pregnant woman at risk of delivering an infant with a health or developmental complication; or

(B) a child less than 3 years of age—

(i) who is experiencing or is at risk of a health or developmental complication, or of child abuse or neglect; or

(ii) who has been prenatally exposed to maternal substance abuse.

(2) Minimum period of awards; administrative consultations

(A) The Secretary shall award grants under paragraph (1) for periods of at least three years.

(B) The Administrator of the Administration for Children, Youth, and Families and the Director of the National Commission to Prevent Infant Mortality shall be consulted regarding the promulgation of program guidelines and funding priorities under this section.

(3) Requirement of status as medicaid provider

(A) Subject to subparagraph (B), the Secretary may make a grant under paragraph (1) only if, in the case of any service under such paragraph that is covered in the State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] for the State involved—

(i) the entity involved will provide the service directly, and the entity has entered into a participation agreement under the State plan and is qualified to receive payments under such plan; or

(ii) the entity will enter into an agreement with an organization under which the organization will provide the service, and the organization has entered into such a participation agreement and is qualified to receive such payments.

(B)(i) In the case of an organization making an agreement under subparagraph (A)(ii) regarding the provision of services under paragraph (1), the requirement established in such subparagraph regarding a participation agreement shall be waived by the Secretary if the organization does not, in providing health or mental health services, impose a charge or accept reimbursement available from any third-party payor, including reimbursement under any insurance policy or under any Federal or State health benefits program.

(ii) A determination by the Secretary of whether an organization referred to in clause (i) meets the criteria for a waiver under such clause shall be made without regard to whether the organization accepts voluntary donations regarding the provision of services to the public.

(b) Home visiting services for eligible families

With respect to an eligible family, each of the following services shall, directly or through arrangement with other public or nonprofit private entities, be available (as applicable to the family member involved) in each project operated with a grant under subsection (a) of this section:

(1) Prenatal and postnatal health care.

(2) Primary health care for the children, including developmental assessments.

(3) Education for the parents concerning infant care and child development, including the development and utilization of parent and teacher resource networks and other family resource and support networks where such networks are available.

(4) Upon the request of a parent, providing the education described in paragraph (3) to other individuals who have responsibility for caring for the children.

(5) Education for the parents concerning behaviors that adversely affect health.

(6) Assistance in obtaining necessary health, mental health, developmental, social, housing, and nutrition services and other assistance, including services and other assistance under
maternal and child health programs; the special supplemental nutrition program for women, infants, and children; section 1786 of this title; title V of the Social Security Act [42 U.S.C. 701 et seq.]; title XIX of such Act [42 U.S.C. 1396 et seq.] (including the program for early and periodic screening, diagnostic, and treatment services described in section 1905(r) of such Act [42 U.S.C. 1396d(r)]); titles IV and XIX of the Social Security Act [42 U.S.C. 601 et seq., 1396 et seq.]; housing programs; other food assistance programs; and appropriate alcohol and drug dependency treatment programs, according to need.

(c) Considerations in making grants

In awarding grants under subsection (a) of this section, the Secretary shall take into consideration—

(1) the ability of the entity involved to provide, either directly or through linkages, a broad range of preventive and primary health care services and related social, family support, and developmental services;

(2) different combinations of professional and lay home visitors utilized within programs that are reflective of the identified service needs and characteristics of target populations;

(3) the extent to which the population to be targeted has limited access to health care, and related social, family support, and developmental services; and

(4) whether such grants are equitably distributed among urban and rural settings and whether entities serving Native American communities are represented among the grantees.

d) Federal share

With respect to the costs of carrying out a project under subsection (a) of this section, a grant under such subsection for the project may not exceed 90 percent of such costs. To be eligible to receive such a grant, an applicant must provide assurances that the applicant will obtain at least 10 percent of such costs from non-Federal funds (and such contributions to such costs may be in cash or in-kind, including facilities and personnel).

e) Rule of construction regarding at-risk births

For purposes of subsection (a)(1) of this section, a pregnant woman shall be considered to be at risk of delivering an infant with a health or developmental complication if during the pregnancy the woman—

(1) lacks appropriate access to, or information concerning, early and routine prenatal care;

(2) lacks the transportation necessary to gain access to the services described in subsection (b) of this section;

(3) lacks appropriate child care assistance, which results in impeding the ability of such woman to utilize health and related social services;

(4) is fearful of accessing substance abuse services or child and family support services; or

(5) is a minor with a low income.

(f) Delivery of services and case management

(1) Case management model

Home visiting services provided under this section shall be delivered according to a case management model, and a registered nurse, licensed social worker, or other licensed health care professional with experience and expertise in providing health and related social services in home and community settings shall be assigned as the case manager for individual cases under such model.

(2) Case manager

A case manager assigned under paragraph (1) shall have primary responsibility for coordinating and overseeing the development of a plan for each family that is to receive home visiting services under this section, and for coordinating the delivery of such services provided through appropriate personnel.

(3) Appropriate personnel

In determining which personnel shall be utilized in the delivery of services, the case manager shall consider—

(A) the stated objective of the project to be operated with the grant, as determined after considering identified gaps in the current service delivery system; and

(B) the nature of the needs of the family to be served, as determined at the initial assessment of the family that is conducted by the case manager, and through follow-up contacts by other providers of home visiting services.

(4) Family service plan

A case manager, in consultation with a team established in accordance with paragraph (5) for the family involved, shall develop a plan for the family following the initial visit to the home of the family. Such plan shall reflect—

(A) an assessment of the health and related social service needs of the family;

(B) a structured plan for the delivery of home visiting services to meet the identified needs of the family;

(C) the frequency with which such services are to be provided to the family;

(D) ongoing revisions made as the needs of family members change; and

(E) the continuing voluntary participation of the family in the plan.

(5) Home visiting services team

The team to be consulted under paragraph (4) on behalf of a family shall include, as appropriate, other nursing professionals, physician assistants, social workers, child welfare professionals, infant and early childhood specialists, nutritionists, and laypersons trained as home visitors. The case manager shall ensure that the plan is coordinated with those physician services that may be required by the mother or child.

(g) Outreach

Each grantee under subsection (a) of this section shall provide outreach and case finding services to inform eligible families of the availability of home visiting services from the project.

(h) Confidentiality

In accordance with applicable State law, an entity receiving a grant under subsection (a) of
this section shall maintain confidentiality with respect to services provided to families under this section.

(i) Certain assurances

The Secretary may award a grant under subsection (a) of this section only if the entity involved provides assurances satisfactory to the Secretary that—

1. the entity will provide home visiting services with reasonable frequency—
   (A) to families with pregnant women, as early in the pregnancy as is practicable, and until the infant reaches at least 2 years of age; and
   (B) to other eligible families, for at least 2 years; and

2. the entity will coordinate with public health and related social service agencies to prevent duplication of effort and improve the delivery of comprehensive health and related social services.

(j) Submission to Secretary of certain information

The Secretary may award a grant under subsection (a) of this section only if the entity involved submits to the Secretary—

1. a description of the population to be targeted for home visiting services and methods of outreach and casefinding for identifying eligible families, including the use of lay home visitors where appropriate;

2. a description of the types and qualifications of home visitors used by the entity and the process by which the entity will provide continuing training and sufficient support to the home visitors; and

3. such other information as the Secretary determines to be appropriate.

(k) Limitation regarding administrative expenses

Not more than 10 percent of a grant under subsection (a) of this section may be expended for administrative expenses with respect to the grant. The costs of training individuals to serve in the project involved are not subject to the preceding sentence.

(l) Restrictions on use of grant

To be eligible to receive a grant under this section, an entity must agree that the grant will not be expended—

1. to provide inpatient hospital services;

2. to make cash payments to intended recipients of services;

3. to purchase or improve land, purchase, construct, or permanently improve (other than minor remodeling) any building or other facility, or purchase major medical equipment;

4. to satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds; or

5. to provide financial assistance to any entity other than a public or nonprofit private entity.

(m) Reports to Secretary

To be eligible to receive a grant under this section, an entity must agree to submit an annual report on the services provided under this section to the Secretary in such manner and containing such information as the Secretary by regulation requires. At a minimum, the entity shall report information concerning eligible families, including—

1. the characteristics of the families and children receiving services under this section;

2. the usage, nature, and location of the provider, of preventive health services, including prenatal, primary infant, and child health care;

3. the incidence of low birthweight and premature infants;

4. the length of hospital stays for pre- and post-partum women and their children;

5. the incidence of substantiated child abuse and neglect for all children within participating families;

6. the number of emergency room visits for routine health care;

7. the source of payment for health care services and the extent to which the utilization of health care services, other than routine screening and medical care, available to the individuals under the program established under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.], and under other Federal, State, and local programs, is reduced;

8. the number and type of referrals made for health and related social services, including alcohol and drug treatment services, and the utilization of such services provided by the grantee; and

9. the incidence of developmental disabilities.

(n) Requirement of application

The Secretary may make a grant under subsection (a) of this section only if—

1. an application for the grant is submitted to the Secretary;

2. the application contains the agreements and assurances required in this section, and the information required in subsection (j) of this section;

3. the application contains evidence that the preparation of the application has been coordinated with the State agencies responsible for maternal and child health and child welfare, and coordinated with services provided under part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.]; and

4. the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

(o) Peer review

(1) Requirement

In making determinations for awarding grants under subsection (a) of this section, the Secretary shall rely on the recommendations of the peer review panel established under paragraph (2).

(2) Composition

The Secretary shall establish a review panel to make recommendations under paragraph (1) that shall be composed of—

(A) national experts in the fields of maternal and child health, child abuse and ne-
Evaluations
§ 280c–6
Title 42—The Public Health and Welfare

(p) Evaluations

(1) In general

The Secretary shall, directly or through contracts with public or private entities—

(A) conduct evaluations to determine the effectiveness of projects under subsection (a) of this section in reducing the incidence of children born with health or developmental complications, the incidence among children less than 3 years of age of such complications, and the incidence of child abuse and neglect; and

(B) not less than once during each 3-year period, prepare and submit to the appropriate committees of Congress a report concerning the results of such evaluations.

(2) Contents

The evaluations conducted under paragraph (1) shall—

(A) include a summary of the data contained in the annual reports submitted under subsection (m) of this section;

(B) assess the relative effectiveness of projects under subsection (a) of this section in urban and rural areas, and among programs utilizing differing combinations of professionals and trained home visitors recruited from the community to meet the needs of defined target service populations; and

(C) make further recommendations necessary or desirable to increase the effectiveness of such projects.

(q) Definitions

For purposes of this section:

(1) The term ‘‘eligible entity’’ includes public and nonprofit private entities that provide health or related social services, including community-based organizations, visiting nurse organizations, hospitals, local health departments, community health centers, Native Hawaiian health centers, nurse managed clinics, family service agencies, child welfare agencies, developmental service providers, family resource and support programs, and resource mothers projects.

(2) The term ‘‘eligible family’’ means a family described in subsection (a) of this section.

(3) The term ‘‘health or developmental complication’’, with respect to a child, means—

(A) being born in an unhealthy or potentially unhealthy condition, including premature birth, low birthweight, and prenatal exposure to maternal substance abuse;

(B) a condition arising from a condition described in subparagraph (A);

(C) a physical disability or delay; and

(D) a developmental disability or delay.

(4) The term ‘‘home visiting services’’ means the services specified in subsection (b) of this section, provided at the residence of the eligible family involved or provided pursuant to arrangements made for the family (including arrangements for services in community settings).

(5) The term ‘‘home visitors’’ means providers of home visiting services.

(r) Authorization of appropriations

For the purpose of carrying out this section, there is authorized to be appropriated $30,000,000 for each of the fiscal years 1993 and 1994.

PART M—NATIONAL PROGRAM OF CANCER REGISTRIES
§ 280e. National program of cancer registries
(a) In general

(1) Statewide cancer registries
The Secretary, acting through the Director of the Centers for Disease Control, may make grants to States, or may make grants or enter into contracts with academic or nonprofit organizations designated by the State to operate the State’s cancer registry in lieu of making a grant directly to the State, to support the operation of population-based, statewide registries to collect, for each condition specified in paragraph (2)(A), data concerning—

(A) demographic information about each case of cancer;

(B) information on the industrial or occupational history of the individuals with the cancers, to the extent such information is available from the same record;

(C) administrative information, including date of diagnosis and source of information;

(D) pathological data characterizing the cancer, including the cancer site, stage of disease (pursuant to Staging Guide), incidence, and type of treatment; and

(E) other elements determined appropriate by the Secretary.

(2) Cancer; benign brain-related tumors

(A) In general
For purposes of paragraph (1), the conditions referred to in this paragraph are the following:

(i) Each form of in-situ and invasive cancer (with the exception of basal cell and squamous cell carcinoma of the skin), including malignant brain-related tumors.

(ii) Benign brain-related tumors.

(B) Brain-related tumor
For purposes of subparagraph (A):

(i) The term “brain-related tumor” means a listed primary tumor (whether malignant or benign) occurring in any of the following sites:

(I) The brain, meninges, spinal cord, cauda equina, a cranial nerve or nerves, or any other part of the central nervous system.

(II) The pituitary gland, pineal gland, or craniopharyngeal duct.

(ii) The term “listed”, with respect to a primary tumor, means a primary tumor that is listed in the International Classification of Diseases for Oncology (commonly referred to as the ICD-O):

(iii) The term “International Classification of Diseases for Oncology” means a classification system that includes topography (site) information and histology (cell type information) developed by the World Health Organization, in collaboration with international centers, to promote international comparability in the collection, classification, processing, and presentation of cancer statistics. The ICD-O system is a supplement to the Inter-
national Statistical Classification of Diseases and Related Health Problems (commonly known as the ICD) and is the standard coding system used by cancer registries worldwide. Such term includes any modification made to such system for purposes of the United States. Such term further includes any published classification system that is internationally recognized as a successor to the classification system referred to in the first sentence of this clause.

(C) Statewide cancer registry

References in this section to cancer registries shall be considered to be references to registries described in this subsection.

(b) Matching funds

(1) In general

The Secretary may make a grant under subsection (a) of this section only if the State, or the academic or nonprofit private organization designated by the State to operate the cancer registry of the State, involved agrees, with respect to the costs of the program, to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than 25 percent of such costs or $1 for every $3 of Federal funds provided in the grant.

(2) Determination of amount of non-Federal contribution; maintenance of effort

(A) Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(B) With respect to a State in which the purpose described in subsection (a) of this section is to be carried out, the Secretary, in making a determination of the amount of non-Federal contributions provided under paragraph (1), may include only such contributions as are in excess of the amount of such contributions made by the State toward the collection of data on cancer for the fiscal year preceding the first year for which a grant under subsection (a) of this section is made with respect to the State. The Secretary may decrease the amount of non-Federal contributions that otherwise would have been required by this subsection in those cases in which the State can demonstrate that decreasing such amount is appropriate because of financial hardship.

(c) Eligibility for grants

(1) In general

No grant shall be made by the Secretary under subsection (a) of this section unless an application has been submitted to, and approved by, the Secretary. Such application shall be in such form, submitted in such a manner, and be accompanied by such information, as the Secretary may specify. No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and in accordance with the requirements of this section, that the application will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under subsection (a) of this section, and that the applicant will comply with the peer review requirements under sections 289 and 289a of this title.

(2) Assurances

Each applicant, prior to receiving Federal funds under subsection (a) of this section, shall provide assurances satisfactory to the Secretary that the applicant will—

(A) provide for the establishment of a registry in accordance with subsection (a) of this section;

(B) comply with appropriate standards of completeness, timeliness, and quality of population-based cancer registry data;

(C) provide for the annual publication of reports of cancer data under subsection (a) of this section; and

(D) provide for the authorization under State law of the statewide cancer registry, including promulgation of regulations providing—

(i) a means to assure complete reporting of cancer cases (as described in subsection (a) of this section) to the statewide cancer registry by hospitals or other facilities providing screening, diagnostic or therapeutic services to patients with respect to cancer;

(ii) a means to assure the complete reporting of cancer cases (as defined in subsection (a) of this section) to the statewide cancer registry by physicians, surgeons, and all other health care practitioners diagnosing or providing treatment for cancer patients, except for cases directly referred to or previously admitted to a hospital or other facility providing screening, diagnostic or therapeutic services to patients in that State and reported by those facilities;

(iii) a means for the statewide cancer registry to access all records of physicians and surgeons, hospitals, outpatient clinics, nursing homes, and all other facilities, individuals, or agencies providing such services to patients which would identify cases of cancer or would establish characteristics of the cancer, treatment of the cancer, or medical status of any identified patient;

(iv) for the reporting of cancer case data to the statewide cancer registry in such a format, with such data elements, and in accordance with such standards of quality timeliness and completeness, as may be established by the Secretary;

(v) for the protection of the confidentiality of all cancer case data reported to the statewide cancer registry, including a prohibition on disclosure to any person of information reported to the statewide cancer registry that identifies, or could lead to the identification of, an individual cancer
patient, except for disclosure to other State cancer registries and local and State health officers;
(vi) for a means by which confidential case data may in accordance with State law be disclosed to cancer researchers for the purposes of cancer prevention, control and research;
(vii) for the authorization or the conduct, by the statewide cancer registry or other persons and organizations, of studies utilizing statewide cancer registry data, including studies of the sources and causes of cancer, evaluations of the cost, quality, efficacy, and appropriateness of diagnostic, therapeutic, rehabilitative, and preventative services and programs relating to cancer, and any other clinical, epidemiological, or other cancer research; and
(viii) for protection for individuals complying with the law, including provisions specifying that no person shall be held liable in any civil action with respect to a cancer case report provided to the statewide cancer registry, or with respect to access to cancer case information provided to the statewide cancer registry.

d) Relationship to certain programs
(1) In general
This section may not be construed to act as a replacement for or diminishment of the program carried out by the Director of the National Cancer Institute and designated by such Director as the Surveillance, Epidemiology, and End Results Program (SEER).

(2) Supplanting of activities
In areas where both such programs exist, the Secretary shall ensure that SEER support is not supplant and that any additional activities are consistent with the guidelines provided for in subsection (c)(3)(C) and (D) of this section and are appropriately coordinated with the existing SEER program.

(3) Transfer of responsibility
The Secretary may not transfer administration responsibility for such SEER program from such Director.

(4) Coordination
To encourage the greatest possible efficiency and effectiveness of Federally supported efforts with respect to the activities described in this subsection, the Secretary shall take steps to assure the appropriate coordination of programs supported under this part with existing Federally supported cancer registry programs.

e) Requirement regarding certain study on breast cancer
In the case of a grant under subsection (a) of this section to any State specified in subsection (b) of section 280e–3 of this title, the Secretary may establish such conditions regarding the receipt of the grant as the Secretary determines are necessary to facilitate the collection of data for the study carried out under such section.

AMENDMENTS
2002—Subsec. (a). Pub. L. 107–260 designated existing provisions as par. (1), inserted par. (1) heading, substituted “population-based, statewide registries to collect, for each condition specified in paragraph (2)(A), data” for “population-based, statewide cancer registries in order to collect, for each form of in-situ and invasive cancer (with the exception of basal cell and squamous cell carcinoma of the skin), data”, redesignated former pars. (1) to (5) as subpars. (A) to (E) of par. (1), respectively, and added par. (2).

2000—Subsec. (e). Pub. L. 106–318, §502(2)(B), substituted “subsection (b) of section 280e–3 of this title” for “section 280e–3(b) of this title” and “such section” for “section 399C”.

CHANGE OF NAME

EFFECTIVE DATE OF 2002 AMENDMENT
Pub. L. 107–260, §2(b), Oct. 29, 2002, 116 Stat. 1744, provided that: “The amendments made by subsection (a) [amending this section] apply to grants under section 399B of the Public Health Service Act [this section] for fiscal year 2002 and subsequent fiscal years, except that, in the case of a State that received such a grant for fiscal year 2000, the Secretary of Health and Human Services may delay the applicability of such amendments to the State for not more than 12 months if the Secretary determines that compliance with such amendments requires the enactment of a statute by the State or the issuance of State regulations.”

CONGRESSIONAL FINDINGS AND PURPOSE
Section 2 of Pub. L. 102–515 provided that:
“(a) FINDINGS.—Congress finds that—
“(1) cancer control efforts, including prevention and early detection, are best addressed locally by State health departments that can identify unique needs;
“(2) cancer control programs and existing statewide population-based cancer registries have identified cancer incidence and cancer mortality rates that indicate the burden of cancer for Americans is substantial and varies widely by geographic location and by ethnicity;
“(3) statewide cancer incidence and cancer mortality data, can be used to identify cancer trends, patterns, and variation for directing cancer control intervention;
“(4) the American Association of Central Cancer Registries (AACCR) cites that of the 50 States, approximately 38 have established cancer registries, many are not statewide and 10 have no cancer registry; and
“(5) AACCR also cites that of the 50 States, 39 collect data on less than 100 percent of their population, and less than half have adequate resources for insuring minimum standards for quality and for completeness of case information.
“(b) PURPOSE.—It is the purpose of this Act [enacting this part and provisions set out as a note under section 201 of this title] to establish a national program of cancer registries.”

§ 280e–1. Planning grants regarding registries
(a) In general
(1) States
The Secretary, acting through the Director of the Centers for Disease Control, may make
§ 280e–2  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 404

grants to States for the purpose of developing plans that meet the assurances required by the Secretary under section 280e(c)(2) of this title.

(2) Other entities

For the purpose described in paragraph (1), the Secretary may make grants to public entities other than States and to nonprofit private entities. Such a grant may be made to an entity only if the State in which the purpose is to be carried out has certified that the State approves the entity as qualified to carry out the purpose.

(b) Application

The Secretary may make a grant under subsection (a) of this section only if an application for the grant is submitted to the Secretary, the application contains the certification required in subsection (a)(2) of this section (if the application is for a grant under such subsection), and the application is in such form, is made in such manner, and contains such agreements, assurances, and information as the Secretary determines to be necessary to carry out this section.

CHANGE OF NAME

§ 280e–2. Technical assistance in operations of statewide cancer registries

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may, directly or through grants and contracts, or both, provide technical assistance to the States in the establishment and operation of statewide registries, including assistance in the development of model legislation for statewide cancer registries and assistance in establishing a computerized reporting and data processing system.

PRIOR PROVISIONS

A prior section 399D of act July 1, 1944, was renumbered section 519, and is classified to section 290bb–25 of this title.

CHANGE OF NAME

§ 280e–3. Study in certain States to determine factors contributing to elevated breast cancer mortality rates

(a) In general

Subject to subsections (c) and (d) of this section, the Secretary, acting through the Director of the National Cancer Institute, shall conduct a study for the purpose of determining the factors contributing to the fact that breast cancer mortality rates in the States specified in subsection (b) of this section are elevated compared to rates in other States.

(b) Relevant States

The States referred to in subsection (a) of this section are Connecticut, Delaware, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont, and the District of Columbia.

(c) Cooperation of State

The Secretary may conduct the study required in subsection (a) of this section in a State only if the State agrees to cooperate with the Secretary in the conduct of the study, including providing information from any registry operated by the State pursuant to section 280e(a) of this title.

(d) Planning, commencement, and duration

The Secretary shall, during each of the fiscal years 1993 and 1994, develop a plan for conducting the study required in subsection (a) of this section. The study shall be initiated by the Secretary not later than fiscal year 1994, and the collection of data under the study may continue through fiscal year 1998.

AMENDMENTS

2007—Subsec. (e). Pub. L. 109–482 struck out heading and text of subsec. (e). Text read as follows: “Not later than September 30, 1999, the Secretary shall complete the study required in subsection (a) of this section and submit to the Committee on Energy and Commerce of the House of Representatives, and to the Committee on Labor and Human Resources of the Senate, a report describing the findings and recommendations made as a result of the study.”

2000—Subsec. (c). Pub. L. 106–310, §502(2)(C), made technical amendment to reference in original act which appears in text as reference to section 280e(a) of this title.

EFFECTIVE DATE OF 2007 AMENDMENT

Amendment by Pub. L. 109–482 applicable only with respect to amounts appropriated for fiscal year 2007 or subsequent fiscal years, see section 109 of Pub. L. 109–482, set out as a note under section 280e of this title.

§ 280e–3a. National childhood cancer registry

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention,
shall award a grant to enhance and expand infrastructure to track the epidemiology of pediatric cancer into a comprehensive nationwide registry of actual occurrences of pediatric cancer. Such registry shall be updated to include an actual occurrence within weeks of the date of such occurrence.

(b) Informed consent and privacy requirements and coordination with existing programs

The registry established pursuant to subsection (a) shall be subject to section 552a of title 5, the regulations promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996, applicable Federal and State informed consent regulations, any other applicable Federal and State laws relating to the privacy of patient information, and section 280e(d)(4) of this title.

(Title 42) $280e–4. Authorization of appropriations

(a) Registries

For the purpose of carrying out this part (other than section 280e–3a of this title), there are authorized to be appropriated $30,000,000 for fiscal year 1994, and such sums as may be necessary for each of the fiscal years 1995 through 2003. Of the amounts appropriated under the preceding sentence for any such fiscal year, the Secretary may obligate not more than 25 percent for carrying out section 280e–1 of this title, and not more than 10 percent may be expended for assessing the accuracy, completeness and quality of data collected, and not more than 10 percent of which is to be expended under section 280e–2 of this title.

(b) Breast cancer study

Of the amounts appropriated for the National Cancer Institute under subpart 1 of part C of subchapter III of this chapter for any fiscal year in which the study required in section 280e–3 of this title is being carried out, the Secretary shall expend not less than $1,000,000 for the study.

(Title 42) $280e–5. Exceptions to reporting

For the purpose of carrying out this part—

(1) cancer information identified under section 280e–2 of this title, (ii) the Secretaries of Health and Human Services and Veterans Affairs, and (iii) the National Institutes of Health’s Cancer Prevention and Control Program.

(Title 42) AMENDMENTS

Pub. L. 103–43 substituted “there are authorized to be appropriated $30,000,000 for fiscal year 1994, and such sums as may be necessary for each of the fiscal years 1995 through 1996” for “the Secretary may use $30,000,000 for each of the fiscal years 1993 through 1997” in first sentence and “of the amounts appropriated under the preceding sentence” for “out of any amounts used” in second sentence.

PART N—NATIONAL FOUNDATION FOR THE CENTERS FOR DISEASE CONTROL AND PREVENTION

This part was formerly set out preceding part M of this subchapter.
§ 280e–11. Establishment and duties of Foundation

(a) In general

There shall be established in accordance with this section a nonprofit private corporation to be known as the National Foundation for the Centers for Disease Control and Prevention (in this part referred to as the “Foundation”). The Foundation shall not be an agency or instrumentality of the Federal Government, and officers, employees, and members of the board of the Foundation shall not be officers or employees of the Federal Government.

(b) Purpose of Foundation

The purpose of the Foundation shall be to support and carry out activities for the prevention and control of diseases, disorders, injuries, and disabilities, and for promotion of public health.

(c) Endowment fund

(1) In general

In carrying out subsection (b) of this section, the Foundation shall establish a fund for providing endowments for positions that are associated with the Centers for Disease Control and Prevention and dedicated to the purpose described in such subsection. Subject to subsection (f)(1)(B) of this section, the fund shall consist of such donations as may be provided by non-Federal entities and such non-Federal assets of the Foundation (including earnings of the Foundation and the fund) as the Foundation may elect to transfer to the fund.

(2) Authorized expenditures of fund

The provision of endowments under paragraph (1) shall be the exclusive function of the fund for providing endowments for positions that are associated with the Centers for Disease Control and Prevention and dedicated to the purpose described in such subsection. Subject to subsection (f)(1)(B) of this section, the fund may be expended only for the compensation of individuals holding the positions, for staff, equipment, quarters, travel, and other expenditures that are appropriate in supporting the positions, and for recruiting individuals to hold the positions endowed by the fund.

(d) Certain activities of Foundation

In carrying out subsection (b) of this section, the Foundation may provide for the following with respect to the purpose described in such subsection:

(1) Programs of fellowships for State and local public health officials to work and study in association with the Centers for Disease Control and Prevention.

(2) Programs of international arrangements to provide opportunities for public health officials of other countries to serve in public health capacities in the United States in association with the Centers for Disease Control and Prevention or elsewhere, or opportunities for employees of such Centers (or other public health officials in the United States) to serve in such capacities in other countries, or both.

(3) Studies, projects, and research (which may include applied research on the effectiveness of prevention activities, demonstration projects, and programs and projects involving international, Federal, State, and local governments).

(4) Forums for government officials and appropriate private entities to exchange information. Participants in such forums may include institutions of higher education and appropriate international organizations.

(5) Meetings, conferences, courses, and training workshops.

(6) Programs to improve the collection and analysis of data on the health status of various populations.

(7) Programs for writing, editing, printing, and publishing of books and other materials.

(8) Other activities to carry out the purpose described in subsection (b) of this section.

(e) General structure of Foundation; nonprofit status

(1) Board of directors

The Foundation shall have a board of directors (in this part referred to as the “Board”), which shall be established and conducted in accordance with subsection (f) of this section. The Board shall establish the general policies of the Foundation for carrying out subsection (b) of this section, including the establishment of the bylaws of the Foundation.

(2) Executive director

The Foundation shall have an executive director (in this part referred to as the “Director”), who shall be appointed by the Board, who shall serve at the pleasure of the Board, and for whom the Board shall establish the rate of compensation. Subject to compliance with the policies and bylaws established by the Board pursuant to paragraph (1), the Director shall be responsible for the daily operations of the Foundation in carrying out subsection (b) of this section.

(3) Nonprofit status

In carrying out subsection (b) of this section, the Board shall establish such policies and bylaws under paragraph (1), and the Director shall carry out such activities under paragraph (2), as may be necessary to ensure that the Foundation maintains status as an organization that—

(A) is described in subsection (c)(3) of section 501 of title 26; and

(B) is, under subsection (a) of such section, exempt from taxation.

(f) Board of directors

(1) Certain bylaws

(A) In establishing bylaws under subsection (e)(1) of this section, the Board shall ensure that the bylaws of the Foundation include bylaws for the following:

(i) Policies for the selection of the officers, employees, agents, and contractors of the Foundation.

(ii) Policies, including ethical standards, for the acceptance and disposition of donations to the Foundation and for the disposition of the assets of the Foundation.

(iii) Policies for the conduct of the general operations of the Foundation.

(iv) Policies for writing, editing, printing, and publishing of books and other materials, and the acquisition of patents and licenses for devices and procedures developed by the Foundation.
(B) In establishing bylaws under subsection (e)(1) of this section, the Board shall ensure that the bylaws of the Foundation (and activities carried out under the bylaws) do not—

(i) reflect unfavorably upon the ability of the Foundation, or the Centers for Disease Control and Prevention, to carry out its responsibilities or official duties in a fair and objective manner; or

(ii) compromise, or appear to compromise, the integrity of any governmental program or any officer or employee involved in such program.

(2) Composition

(A) Subject to subparagraph (B), the Board shall be composed of 7 individuals, appointed in accordance with paragraph (4), who collectively possess education or experience appropriate for representing the general field of public health, the general field of international health, and the general public. Each such individual shall be a voting member of the Board.

(B) The Board may, through amendments to the bylaws of the Foundation, provide that the number of members of the Board shall be a greater number than the number specified in subparagraph (A).

(3) Chair

The Board shall, from among the members of the Board, designate an individual to serve as the chair of the Board (in this subsection referred to as the “Chair”).

(4) Appointments, vacancies, and terms

Subject to subsection (j) of this section (regarding the initial membership of the Board), the following shall apply to the Board:

(A) Any vacancy in the membership of the Board shall be filled by appointment by the Board, after consideration of suggestions made by the Chair and the Director regarding the appointments. Any such vacancy shall be filled not later than the expiration of the 180-day period beginning on the date on which the vacancy occurs.

(B) The term of office of each member of the Board appointed under subparagraph (A) shall be 5 years. A member of the Board may continue to serve after the expiration of the term of the member until the expiration of the 180-day period beginning on the date on which the term of the member expires.

(C) A vacancy in the membership of the Board shall not affect the power of the Board to carry out the duties of the Board. If a member of the Board does not serve the full term applicable under subparagraph (B), the individual appointed to fill the resulting vacancy shall be appointed for the remainder of the term of the predecessor of the individual.

(5) Compensation

Members of the Board may not receive compensation for service on the Board. The members may be reimbursed for travel, subsistence, and other necessary expenses incurred in carrying out the duties of the Board.

(g) Certain responsibilities of executive director

In carrying out subsection (e)(2) of this section, the Director shall carry out the following functions:

(1) Hire, promote, compensate, and discharge officers and employees of the Foundation, and define the duties of the officers and employees.

(2) Accept and administer donations to the Foundation, and administer the assets of the Foundation.

(3) Establish a process for the selection of candidates for holding endowed positions under subsection (c) of this section.

(4) Enter into such financial agreements as are appropriate in carrying out the activities of the Foundation.

(5) Take such action as may be necessary to acquire patents and licenses for devices and procedures developed by the Foundation and the employees of the Foundation.

(6) Adopt, alter, and use a corporate seal, which shall be judicially noticed.

(7) Commence and respond to judicial proceedings in the name of the Foundation.

(8) Other functions that are appropriate in the determination of the Director.

(h) General provisions

(1) Authority for accepting funds

The Director of the Centers for Disease Control and Prevention may accept and utilize, on behalf of the Federal Government, any gift, donation, bequest, or devise of real or personal property from the Foundation for the purpose of aiding or facilitating the work of such Centers. Funds may be accepted and utilized by such Director under the preceding sentence without regard to whether the funds are designated as general-purpose funds or special-purpose funds.

(2) Authority for acceptance of voluntary services

(A) The Director of the Centers for Disease Control and Prevention may accept, on behalf of the Federal Government, any voluntary services provided to such Centers by the Foundation for the purpose of aiding or facilitating the work of such Centers. In the case of an individual, such Director may accept the services provided to such Centers by the Foundation, and administer the assets of the Foundation.

(B) The limitation established in subparagraph (A) regarding the period of time in which services may be accepted applies to each individual who is not an employee of the Federal Government and who serves in association with the Centers for Disease Control and Prevention pursuant to financial support from the Foundation.

(3) Administrative control

No officer, employee, or member of the Board of the Foundation may exercise any administrative or managerial control over any Federal employee.

(4) Applicability of certain standards to non-Federal employees

In the case of any individual who is not an employee of the Federal Government and who
serves in association with the Centers for Disease Control and Prevention pursuant to financial support from the Foundation, the Foundation shall negotiate a memorandum of understanding with the individual and the Director of the Centers for Disease Control and Prevention specifying that the individual—

(A) shall be subject to the ethical and procedural standards regulating Federal employment, scientific investigation, and research findings (including publications and patents) that are required of individuals employed by the Centers for Disease Control and Prevention, including standards under this chapter, the Ethics in Government Act, and the Technology Transfer Act; and

(B) shall be subject to such ethical and procedural standards under chapter 11 of title 18 (relating to conflicts of interest), as the Director of such Centers determines is appropriate, except such memorandum may not provide that the individual shall be subject to the standards of section 209 of title 18.

(5) Financial conflicts of interest

Any individual who is an officer, employee, or member of the Board of the Foundation may not directly or indirectly participate in the consideration or determination by the Foundation of any question affecting—

(A) any direct or indirect financial interest of the individual; or

(B) any direct or indirect financial interest of any business organization or other entity of which the individual is an officer or employee or in which the individual has a direct or indirect financial interest.

(6) Audits; availability of records

The Foundation shall—

(A) provide for biennial audits of the financial condition of the Foundation; and

(B) make such audits, and all other records, documents, and other papers of the Foundation, available to the Secretary and the Comptroller General of the United States for examination or audit.

(7) Reports

(A) Not later than February 1 of each fiscal year, the Foundation shall publish a report describing the activities of the Foundation during the preceding fiscal year. Each such report shall include for the fiscal year involved a comprehensive statement of the operations, activities, financial condition, and accomplishments of the Foundation, including an accounting of the use of amounts provided for under subsection (1).

(B) With respect to the financial condition of the Foundation, each report under subparagraph (A) shall include the source, and a description of, all gifts to the Foundation of real or personal property, and the source and amount of all gifts to the Foundation of money. Each such report shall include a specification of any restrictions on the purposes for which gifts to the Foundation may be used.

(C) The Foundation shall make copies of each report submitted under subparagraph (A) available—

(i) for public inspection, and shall upon request provide a copy of the report to any individual for a charge not to exceed the cost of providing the copy; and

(ii) to the appropriate committees of Congress.

(8) Liaison from Centers for Disease Control and Prevention

The Director of the Centers for Disease Control and Prevention shall serve as the liaison representative of such Centers to the Board and the Foundation.

(i) Federal funding

(1) Authority for annual grants

(A) The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall—

(i) for fiscal year 1993, make a grant to an entity described in subsection (j)(9) of this section (relating to the establishment of a committee to establish the Foundation);

(ii) for fiscal year 1994, make a grant to the committee established under such subsection, or if the Foundation has been established, to the Foundation; and

(iii) for fiscal year 1995 and each subsequent fiscal year, make a grant to the Foundation.

(B) A grant under subparagraph (A) may be expended—

(i) in the case of an entity receiving the grant under subparagraph (A)(i), only for the purpose of carrying out the duties established in subsection (j)(9) of this section for the entity;

(ii) in the case of the committee established under such subsection, only for the purpose of carrying out the duties established in subsection (j) of this section for the committee; and

(iii) in the case of the Foundation, only for the purpose of the administrative expenses of the Foundation.

(C) A grant under subparagraph (A) may not be expended to provide amounts for the fund established under subsection (c) of this section.

(D) For the purposes described in subparagraph (B)—

(i) any portion of the grant made under subparagraph (A)(i) for fiscal year 1993 that remains unobligated after the entity receiving the grant completes the duties established in subsection (j)(9) of this section for the entity shall be available to the committee established under such subsection; and

(ii) any portion of a grant under subparagraph (A) made for fiscal year 1993 or 1994 that remains unobligated after such committee completes the duties established in such subsection for the committee shall be available to the Foundation.

(2) Funding for grants

(A) For the purpose of grants under paragraph (1), there is authorized to be appropriated $1,250,000 for each fiscal year.

(B) For the purpose of grants under paragraph (1), the Secretary may for each fiscal year
year make available not less than $500,000, and not more than $1,250,000 from the amounts appropriated for the fiscal year for the programs of the Department of Health and Human Services. Such amounts may be made available without regard to whether amounts have been appropriated under subparagraph (A).

(3) Certain restriction
If the Foundation receives Federal funds for the purpose of serving as a fiscal intermediary between Federal agencies, the Foundation may not receive such funds for the indirect costs of carrying out such purpose in an amount exceeding 10 percent of the direct costs of carrying out such purpose. The preceding sentence may not be construed as authorizing the expenditure of any grant under paragraph (1) for such purpose.

(4) Support services
The Director of the Centers for Disease Control and Prevention may provide facilities, utilities, and support services to the Foundation if it is determined by the Director to be advantageous to the programs of such Centers.

(j) Committee for establishment of Foundation

(1) In general
There shall be established in accordance with this subsection a committee to carry out the functions described in paragraph (2) (which committee is referred to in this subsection as the "Committee").

(2) Functions
The functions referred to in paragraph (1) for the Committee are as follows:
(A) To carry out such activities as may be necessary to incorporate the Foundation under the laws of the State involved, including serving as incorporators for the Foundation. Such activities shall include ensuring that the articles of incorporation for the Foundation require that the Foundation be established and operated in accordance with the applicable provisions of this part (or any successor to this part), including such provisions as may be in effect pursuant to amendments enacted after October 27, 1992.

(B) To ensure that the Foundation qualifies for and maintains the status described in subsection (e)(3) of this section (regarding taxation).

(C) To establish the general policies and initial bylaws of the Foundation, which bylaws shall include the bylaws described in subsections (e)(3) and (f)(1) of this section.

(D) To provide for the initial operation of the Foundation, including providing for quarters, equipment, and staff.

(E) To appoint the initial members of the Board in accordance with the requirements established in subsection (f)(2)(A) of this section for the composition of the Board, and in accordance with such other qualifications as the Committee may determine to be appropriate regarding such composition. Of the members so appointed—
(i) 2 shall be appointed to serve for a term of 3 years;
(ii) 2 shall be appointed to serve for a term of 4 years; and
(iii) 3 shall be appointed to serve for a term of 5 years.

(3) Completion of functions of Committee; initial meeting of Board
(A) The Committee shall complete the functions required in paragraph (1) not later than September 30, 1994. The Committee shall terminate upon the expiration of the 30-day period beginning on the date on which the Secretary determines that the functions have been completed.

(B) The initial meeting of the Board shall be held not later than November 1, 1994.

(4) Composition
The Committee shall be composed of 5 members, each of whom shall be a voting member. Of the members of the Committee—
(A) no fewer than 2 shall have broad, general experience in public health; and
(B) no fewer than 2 shall have broad, general experience in nonprofit private organizations (without regard to whether the individuals have experience in public health).

(5) Chair
The Committee shall, from among the members of the Committee, designate an individual to serve as the chair of the Committee.

(6) Terms; vacancies
The term of members of the Committee shall be for the duration of the Committee. A vacancy in the membership of the Committee shall not affect the power of the Committee to carry out the duties of the Committee. If a member of the Committee does not serve the full term, the individual appointed to fill the resulting vacancy shall be appointed for the remainder of the term of the predecessor of the individual.

(7) Compensation
Members of the Committee may not receive compensation for service on the Committee. Members of the Committee may be reimbursed for travel, subsistence, and other necessary expenses incurred in carrying out the duties of the Committee.

(8) Committee support
The Director of the Centers for Disease Control and Prevention may, from amounts available to the Director for the general administration of such Centers, provide staff and financial support to assist the Committee with carrying out the functions described in paragraph (2). In providing such staff and support, the Director may both detail employees and contract for assistance.

(9) Grant for establishment of Committee
(A) With respect to a grant under paragraph (1)(A)(1) of subsection (i) of this section for fiscal year 1993, an entity described in this paragraph is a private nonprofit entity with significant experience in domestic and international issues of public health. Not later than 180 days after October 27, 1992, the Secretary shall make the grant to such an entity (subject to the availability of funds under paragraph (2) of such subsection).
(B) The grant referred to in subparagraph (A) may be made to an entity only if the entity agrees that—
(i) the entity will establish a committee that is composed in accordance with paragraph (4); and
(ii) the entity will not select an individual for membership on the Committee unless the individual agrees that the Committee will operate in accordance with each of the provisions of this subsection that relate to the operation of the Committee.

(C) The Secretary may make a grant referred to in subparagraph (A) only if the applicant for the grant makes an agreement that the grant will not be expended for any purpose other than carrying out subparagraph (B).

Such a grant may be made only if an application for the grant is submitted to the Secretary containing such agreement, and the application is in such form, is made in such manner, and contains such other agreements and such assurances and information as the Secretary determines to be necessary to carry out this paragraph.

PART P—ADDITIONAL PROGRAMS

§ 280g. Children’s asthma treatment grants program

(a) Authority to make grants

(1) In general

In addition to any other payments made under this chapter or title V of the Social Security Act [42 U.S.C. 701 et seq.], the Secretary shall award grants to eligible entities to carry out the following purposes:

(A) To provide access to quality medical care for children who live in areas that have a high prevalence of asthma and who lack access to medical care.

(B) To provide on-site education to parents, children, health care providers, and...
medical teams to recognize the signs and symptoms of asthma, and to train them in the use of medications to treat asthma and prevent its exacerbations.

(C) To decrease preventable trips to the emergency room by making medication available to individuals who have not previously had access to treatment or education in the management of asthma.

(D) To provide other services, such as smoking cessation programs, home modification, and other direct and support services that ameliorate conditions that exacerbate or induce asthma.

(2) Certain projects

In making grants under paragraph (1), the Secretary may make grants designed to develop and expand the following projects:

(A) Projects to provide comprehensive asthma services to children in accordance with the guidelines of the National Asthma Education and Prevention Program (through the National Heart, Lung and Blood Institute), including access to care and treatment for asthma in a community-based setting.

(B) Projects to fully equip mobile health care clinics that provide preventive asthma care including diagnosis, physical examinations, pharmacological therapy, skin testing, peak flow meter testing, and other asthma-related health care services.

(C) Projects to conduct validated asthma management education programs for patients with asthma and their families, including patient education regarding asthma management, family education on asthma management, and the distribution of materials, including displays and videos, to reinforce concepts presented by medical teams.

(A) Application

(i) In general

An eligible entity shall submit an application to the Secretary for a grant under this section in such form and manner as the Secretary may require.

(ii) Required information

An application submitted under this subparagraph shall include a plan for the use of funds awarded under the grant and such other information as the Secretary may require.

(B) Requirement

In awarding grants under this section, the Secretary shall give preference to eligible entities that demonstrate that the activities to be carried out under this section shall be in localities within areas of known or suspected high prevalence of childhood asthma or high asthma-related mortality or high rate of hospitalization or emergency room visits for asthma (relative to the average asthma prevalence rates and associated mortality rates in the United States). Acceptable data sets to demonstrate a high prevalence of childhood asthma or high asthma-related mortality may include data from Federal, State, or local vital statistics, claims data under title XIX or XXI of the Social Security Act [42 U.S.C. 1396 et seq., 1397aa et seq.], other public health statistics or surveys, or other data that the Secretary, in consultation with the Director of the Centers for Disease Control and Prevention, deems appropriate.

(3) Definition of eligible entity

For purposes of this section, the term “eligible entity” means a public or nonprofit private entity (including a State or political subdivision of a State), or a consortium of any of such entities.

(b) Coordination with other children's programs

An eligible entity shall identify in the plan submitted as part of an application for a grant under this section how the entity will coordinate operations and activities under the grant with—

(1) other programs operated in the State that serve children with asthma, including any such programs operated under title V, XIX, or XXI of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq., 1397aa et seq.]; and

(2) one or more of the following—

(A) the child welfare and foster care and adoption assistance programs under parts B and E of title IV of such Act [42 U.S.C. 620 et seq., 670 et seq.];

(B) the Head Start program established under the Head Start Act (42 U.S.C. 9831 et seq.); and

(C) the program of assistance under the special supplemental nutrition program for women, infants and children (WIC) under section 1786 of this title;

(D) local public or private elementary or secondary schools; or

(E) public housing agencies, as defined in section 1437a of this title.

(c) Evaluation

An eligible entity that receives a grant under this section shall submit to the Secretary an evaluation of the operations and activities carried out under the grant that includes—

(1) a description of the health status outcomes of children assisted under the grant;

(2) an assessment of the utilization of asthma-related health care services as a result of activities carried out under the grant;

(3) the collection, analysis, and reporting of asthma data according to guidelines prescribed by the Director of the Centers for Disease Control and Prevention; and

(4) such other information as the Secretary may require.

(d) Preference for States that allow students to self-administer medication to treat asthma and anaphylaxis

(1) Preference

The Secretary, in making any grant under this section or any other grant that is asthma-related (as determined by the Secretary) to a State, shall give preference to any State that satisfies the following:
(A) In general

The State must require that each public elementary school and secondary school in that State will grant to any student in the school an authorization for the self-administration of medication to treat that student’s asthma or anaphylaxis, if—

(i) a health care practitioner prescribed the medication for use by the student during school hours and instructed the student in the correct and responsible use of the medication;

(ii) the student has demonstrated to the health care practitioner (or such practitioner’s designee) and the school nurse (if available) the skill level necessary to use the medication and any device that is necessary to administer such medication as prescribed;

(iii) the health care practitioner formulates a written treatment plan for managing asthma or anaphylaxis episodes of the student and for medication use by the student during school hours; and

(iv) the student’s parent or guardian has completed and submitted to the school any written documentation required by the school, including the treatment plan formulated under clause (iii) and other documents related to liability.

(B) Scope

An authorization granted under subparagraph (A) must allow the student involved to possess and use his or her medication—

(i) while in school;

(ii) while at a school-sponsored activity, such as a sporting event; and

(iii) in transit to or from school or school-sponsored activities.

(C) Duration of authorization

An authorization granted under subparagraph (A)—

(i) must be effective only for the same school and school year for which it is granted; and

(ii) must be renewed by the parent or guardian each subsequent school year in accordance with this subsection.

(D) Backup medication

The State must require that backup medication, if provided by a student’s parent or guardian, be kept at a student’s school in a location to which the student has immediate access in the event of an asthma or anaphylaxis emergency.

(E) Maintenance of information

The State must require that information described in subparagraphs (A)(iii) and (A)(iv) be kept on file at the student’s school in a location easily accessible in the event of an asthma or anaphylaxis emergency.

(2) Rule of construction

Nothing in this subsection creates a cause of action or in any other way increases or diminishes the liability of any person under any other law.

(3) Definitions

For purposes of this subsection:

(A) The terms “elementary school” and “secondary school” have the meaning given to those terms in section 7801 of title 20.

(B) The term “health care practitioner” means a person authorized under law to prescribe drugs subject to section 353(b) of title 21.

(C) The term “medication” means a drug as that term is defined in section 9831 of title 20 and includes inhaled bronchodilators and auto-injectable epinephrine.

(D) The term “self-administration” means a student’s discretionary use of his or her prescribed asthma or anaphylaxis medication, pursuant to a prescription or written direction from a health care practitioner.

(e) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

Prior Provisions

A prior section 399L of act July 1, 1944, was renumbered section 399F and is classified to section 280e–4 of this title.

Amendments

2004—Subsecs. (d), (e). Pub. L. 108–377 added subsec. (d) and redesignated former subsec. (d) as (e).

Effective Date of 2004 Amendment

Pub. L. 108–377, § 3(b), Oct. 30, 2004, 118 Stat. 2204, provided that—“The amendments made by this section [amending this section] shall apply only with respect to grants made on or after the date that is 9 months after the date of the enactment of this Act [Oct. 30, 2004].”

Findings of 2004 Amendment

“(1) Asthma is a chronic condition requiring lifetime, ongoing medical intervention.

“(2) In 1980, 6,700,000 Americans had asthma.

“(3) In 2001, 20,300,000 Americans had asthma; 6,300,000 children under age 18 had asthma.

“(4) The prevalence of asthma among African-American children was 40 percent greater than among Caucasian children, and more than 26 percent of all asthma deaths are in the African-American population.”
§ 280g–1. Early detection, diagnosis, and treatment regarding hearing loss in infants

(a) Statewide newborn and infant hearing screening, evaluation and intervention programs and systems

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall make awards of grants or cooperative agreements to develop statewide newborn and infant hearing screening, evaluation and intervention programs and systems for the following purposes:

1. To develop and monitor the efficacy of state-wide newborn and infant hearing screening, evaluation and intervention programs and systems. Early intervention includes referral to schools and agencies, including community, consumer, and parent-based agencies and organizations and other programs mandated by part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.], which offer programs specifically designed to meet the unique language and communication needs of deaf and hard of hearing newborns, infants, toddlers, and children.

2. To collect data on statewide newborn and infant hearing screening, evaluation and intervention programs and systems that can be used for applied research, program evaluation and policy development.

(b) Technical assistance, data management, and applied research

1. Centers for Disease Control and Prevention

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall make awards of grants or cooperative agreements to provide technical assistance to State agencies to complement an intramural program and to conduct applied research related to newborn and infant hearing screening, evaluation and intervention programs and systems. The program shall develop standardized procedures for data management and program effectiveness and costs, such as—

A. to ensure quality monitoring of newborn and infant hearing loss screening, evaluation, and intervention programs and systems;

B. to provide technical assistance on data collection and management;

C. to study the costs and effectiveness of newborn and infant hearing screening, evaluation and intervention programs and systems conducted by State-based programs in order to answer issues of importance to State and national policymakers;

D. to identify the causes and risk factors for congenital hearing loss;

E. to study the effectiveness of newborn and infant hearing screening, audiologic and medical evaluations and intervention programs and systems by assessing the health, intellectual and social developmental, cognitive, and language status of these children at school age; and

F. to promote the sharing of data regarding early hearing loss with State-based birth defects and developmental disabilities monitoring programs for the purpose of identifying previously unknown causes of hearing loss.

2. National Institutes of Health

The Director of the National Institutes of Health, acting through the Director of the National Institute on Deafness and Other Communication Disorders, shall for purposes of this section, continue a program of research and development on the efficacy of new screening techniques and technology, including clinical studies of screening methods, studies on efficacy of intervention, and related research.

(c) Coordination and collaboration

1. In general

In carrying out programs under this section, the Administrator of the Health Resources and Services Administration, the Director of the Centers for Disease Control and Prevention, and the Director of the National Institutes of Health shall collaborate and consult with other Federal agencies; State and local agencies, including those responsible for early intervention services pursuant to title XIX of the Social Security Act [42 U.S.C. 1396 et seq.]; Medicaid Early and Periodic Screening, Diagnosis and Treatment Program; title XXI of the Social Security Act [42 U.S.C. 1397aa et seq.]; (State Children’s Health Insurance Program); and title V of the Social Security Act [42
(d) Rule of construction; religious accommodation

Nothing in this section shall be construed to preempt or prohibit any State law, including State laws which do not require the screening for hearing loss of newborn infants or young children of parents who object to the screening on the grounds that such screening conflicts with the parents’ religious beliefs.

(e) Definitions

For purposes of this section:

(1) The term “audiologic evaluation” refers to procedures to assess the status of the auditory system; to establish the site of the auditory disorder; the type and degree of hearing loss, and the potential effects of hearing loss on communication; and to identify appropriate treatment and referral options. Referral options should include linkage to State coordinating agencies under part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.] or other appropriate agencies, medical evaluation, hearing aid/sensory aid assessment, audioligic rehabilitation treatment, national and local consumer, self-help, parent, and education organizations, and other family-centered services.

(2) The terms “audiologic rehabilitation” and “audiologic intervention” refer to procedures, techniques, and technologies to facilitate the receptive and expressive communication abilities of a child with hearing loss.

(3) The term “early intervention” refers to providing appropriate services for the child with hearing loss, including nonmedical services, and ensuring that families of the child are provided comprehensive, consumer-oriented information about the full range of family support, training, information services, communication options and are given the opportunity to consider the full range of educational and program placements and options for their child.

(4) The term “medical evaluation by a physician” refers to key components including history, examination, and medical decision making focused on symptomatic and related body systems for the purpose of diagnosing the etiology of hearing loss and related physical conditions, and for identifying appropriate treatment and referral options.

(5) The term “medical intervention” refers to the process by which a physician provides medical diagnosis and direction for medical and/or surgical treatment options of hearing loss and/or related medical disorder associated with hearing loss.

(6) The term “newborn and infant hearing screening” refers to objective physiologic procedures to detect possible hearing loss and to identify newborns and infants who, after rescreening, require further audioligic and medical evaluations.

(f) Authorization of appropriations

(1) Statewide newborn and infant hearing screening, evaluation and intervention programs and systems

For the purpose of carrying out subsection (a) of this section, there are authorized to be appropriated to the Health Resources and Services Administration such sums as may be necessary for fiscal year 2002.

(2) Technical assistance, data management, and applied research; Centers for Disease Control and Prevention

For the purpose of carrying out subsection (b)(1) of this section, there are authorized to be appropriated to the Centers for Disease Control and Prevention such sums as may be necessary for fiscal year 2002.

(3) Technical assistance, data management, and applied research; national institute on deafness and other communication disorders

For the purpose of carrying out subsection (b)(2) of this section, there are authorized to be appropriated to the National Institute on Deafness and Other Communication Disorders such sums as may be necessary for fiscal year 2002.

§ 280g-3. Controlled substance monitoring program

(a) Grants

(1) In general

Each fiscal year, the Secretary shall award a grant to each State with an application approved under this section to enable the State—

(A) to establish and implement a State controlled substance monitoring program; or

(B) to make improvements to an existing State controlled substance monitoring program.

(2) Determination of amount

(A) Minimum amount

In making payments under a grant under paragraph (1) for a fiscal year, the Secretary shall allocate to each State with an application approved under this section an amount that equals 1.0 percent of the amount appropriated to carry out this section for that fiscal year.
§ 280g–3  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 416

(B) Additional amounts

In making payments under a grant under paragraph (1) for a fiscal year, the Secretary shall allocate to each State with an application approved under this section an additional amount which bears the same ratio to the amount appropriated to carry out this section for that fiscal year and remaining after amounts are made available under subparagraph (A) as the number of pharmacies of the State bears to the number of pharmacies of all States with applications approved under this section (as determined by the Secretary), except that the Secretary may adjust the amount allocated to a State under this subparagraph after taking into consideration the budget cost estimate for the State's controlled substance monitoring program.

(3) Term of grants

Grants awarded under this section shall be obligated in the year in which funds are allotted.

(b) Development of minimum requirements

Prior to awarding a grant under this section, and not later than 6 months after the date on which funds are first appropriated to carry out this section, after seeking consultation with States and other interested parties, the Secretary shall, after publishing in the Federal Register proposed minimum requirements and receiving public comments, establish minimum requirements for criteria to be used by States receiving grants under this section for purposes of clauses (ii), (v), (vi), and (vii) of subsection (c)(1)(A) of this section.

(c) Application approval process

(1) In general

To be eligible to receive a grant under this section, a State shall submit an application to the Secretary at such time, in such manner, and containing such assurances and information as the Secretary may reasonably require. Each such application shall include—

(A) with respect to a State that intends to use funds under the grant as provided for in subsection (a)(1)(A) of this section—

(i) a budget cost estimate for the controlled substance monitoring program to be implemented under the grant;

(ii) criteria for security for information handling and for the database maintained by the State under subsection (e) of this section generally including efforts to use appropriate encryption technology or other appropriate technology to protect the security of such information;

(iii) an agreement to adopt health information interoperability standards, including health vocabulary and messaging standards, that are consistent with any such standards generated or identified by the Secretary or his or her designee;

(iv) criteria for meeting the uniform electronic format requirement of subsection (h) of this section;

(v) criteria for availability of information and limitation on access to program personnel;

(vi) criteria for access to the database, and procedures to ensure that information in the database is accurate;

(vii) criteria for the use and disclosure of information, including a description of the certification process to be applied to requests for information under subsection (f) of this section;

(viii) penalties for the unauthorized use and disclosure of information maintained in the State controlled substance monitoring program in violation of applicable State law or regulation;

(ix) information on the relevant State laws, policies, and procedures, if any, regarding purging of information from the database; and

(x) assurances of compliance with all other requirements of this section; or

(B) with respect to a State that intends to use funds under the grant as provided for in subsection (a)(1)(B) of this section—

(i) a budget cost estimate for the controlled substance monitoring program to be improved under the grant;

(ii) a plan for ensuring that the State controlled substance monitoring program is in compliance with the criteria and penalty requirements described in clauses (ii) through (viii) of subparagraph (A);

(iii) a plan to enable the State controlled substance monitoring program to achieve interoperability with at least one other State controlled substance monitoring program; and

(iv) assurances of compliance with all other requirements of this section or a statement describing why such compliance is not feasible or is contrary to the best interests of public health in such State.

(2) State legislation

As part of an application under paragraph (1), the Secretary shall require a State to demonstrate that the State has enacted legislation or regulations to permit the implementation of the State controlled substance monitoring program and the imposition of appropriate penalties for the unauthorized use and disclosure of information maintained in such program.

(3) Interoperability

If a State that submits an application under this subsection geographically borders another State that is operating a controlled substance monitoring program under subsection (a)(1) of this section on the date of submission of such application, and such applicant State has not achieved interoperability for purposes of information sharing between its monitoring program and the monitoring program of such border State, such applicant State shall, as part of the plan under paragraph (1)(B)(iii), describe the manner in which the applicant State will achieve interoperability between the monitoring programs of such States.

(4) Approval

If a State submits an application in accordance with this subsection, the Secretary shall approve such application.
(5) **Return of funds**

If the Secretary withdraws approval of a State's application under this section, or the State chooses to cease to implement or improve a controlled substance monitoring program under this section, a funding agreement for the receipt of a grant under this section is that the State will return to the Secretary an amount which bears the same ratio to the overall grant as the remaining time period for expending the grant funds bears to the overall time period for expending the grant (as specified by the Secretary at the time of the grant).

(d) **Reporting requirements**

In implementing or improving a controlled substance monitoring program under this section, a State shall comply with the following:

(1) The State shall require dispensers to report to such State each dispensing in the State of a controlled substance to an ultimate user not later than 1 week after the date of such dispensing.

(2) The State may exclude from the reporting requirement of this subsection—

(A) the direct administration of a controlled substance to the body of an ultimate user;

(B) the dispensing of a controlled substance in a quantity limited to an amount adequate to treat the ultimate user involved for 48 hours or less; or

(C) the administration or dispensing of a controlled substance in accordance with any other exclusion identified by the Secretary for purposes of this paragraph.

(3) The information to be reported under this subsection with respect to the dispensing of a controlled substance shall include the following:

(A) Drug Enforcement Administration Registration Number (or other identifying number used in lieu of such Registration Number) of the dispenser.

(B) Drug Enforcement Administration Registration Number (or other identifying number used in lieu of such Registration Number) and name of the practitioner who prescribed the drug.

(C) Name, address, and telephone number of the ultimate user or such contact information of the ultimate user as the Secretary determines appropriate.

(D) Identification of the drug by a national drug code number.

(E) Quantity dispensed.

(F) Number of refills ordered.

(G) Whether the drug was dispensed as a refill of a prescription or as a first-time request.

(H) Date of the dispensing.

(I) Date of origin of the prescription.

(J) Such other information as may be required by State law to be reported under this subsection.

(4) The State shall require dispensaries to report information under this section in accordance with the electronic format specified by the Secretary under subsection (d) of this section, except that the State may waive the requirement of such format with respect to an individual dispenser that is unable to submit such information by electronic means.

(e) **Database**

In implementing or improving a controlled substance monitoring program under this section, a State shall comply with the following:

(1) The State shall establish and maintain an electronic database containing the information reported to the State under subsection (d) of this section.

(2) The database must be searchable by any field or combination of fields.

(3) The State shall include reported information in the database in a manner consistent with criteria established by the Secretary, with appropriate safeguards for ensuring the accuracy and completeness of the database.

(4) The State shall take appropriate security measures to protect the integrity of, and access to, the database.

(f) **Use and disclosure of information**

(1) **In general**

Subject to subsection (g) of this section, in implementing or improving a controlled substance monitoring program under this section, a State may disclose information from the database established under subsection (e) of this section and, in the case of a request under subparagraph (D), summary statistics of such information, only in response to a request by—

(A) a practitioner (or the agent thereof) who certifies, under the procedures determined by the Secretary, that the requested information is for the purpose of providing medical or pharmaceutical treatment or evaluating the need for such treatment to a bona fide current patient;

(B) any local, State, or Federal law enforcement, narcotics control, licensure, disciplinary, or program authority, who certifies, under the procedures determined by the State, that the requested information is related to an individual investigation or proceeding involving the unlawful diversion or misuse of a schedule II, III, or IV substance, and such information will further the purpose of the investigation or assist in the proceeding;

(C) the controlled substance monitoring program of another State or group of States with whom the State has established an interoperability agreement;

(D) any agent of the Department of Health and Human Services, a State medicaid program, a State health department, or the Drug Enforcement Administration who certifies that the requested information is necessary for research to be conducted by such department, program, or administration, respectively, and the intended purpose of the research is related to a function committed to such department, program, or administration by law that is not investigative in nature; or
(E) an agent of the State agency or entity of another State that is responsible for the establishment and maintenance of that State’s controlled substance monitoring program, who certifies that—

(i) the State has an application approved under this section; and

(ii) the requested information is for the purpose of implementing the State’s controlled substance monitoring program under this section.

(2) Drug diversion

In consultation with practitioners, dispensers, and other relevant and interested stakeholders, a State receiving a grant under subsection (a) of this section—

(A) shall establish a program to notify practitioners and dispensers of information that will help identify and prevent the unlawful diversion or misuse of controlled substances; and

(B) may, to the extent permitted under State law, notify the appropriate authorities responsible for carrying out drug diversion investigations if the State determines that information in the database maintained by the State under subsection (e) of this section indicates an unlawful diversion or abuse of a controlled substance.

(g) Limitations

In implementing or improving a controlled substance monitoring program under this section, a State—

(1) shall limit the information provided pursuant to a valid request under subsection (f)(1) of this section to the minimum necessary to accomplish the intended purpose of the request; and

(2) shall limit information provided in response to a request under subsection (f)(1)(D) of this section to nonidentifiable information.

(h) Electronic format

The Secretary shall specify a uniform electronic format for the reporting, sharing, and disclosure of information under this section.

(i) Rules of construction

(1) Functions otherwise authorized by law

Nothing in this section shall be construed to restrict the ability of any authority, including any local, State, or Federal law enforcement, narcotics control, licensure, disciplinary, or program authority, to perform functions otherwise authorized by law.

(2) No preemption

Nothing in this section shall be construed as preempts any to State law, except that no such law may relieve any person of a requirement otherwise applicable under this chapter.

(3) Additional privacy protections

Nothing in this section shall be construed as preempting any State from imposing any additional privacy protections.

(4) Federal privacy requirements

Nothing in this section shall be construed to supersede any Federal privacy or confidentiality requirement, including the regulations promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (Public Law 104–191; 110 Stat. 2033) and section 290dd–2 of this title.

(5) No Federal private cause of action

Nothing in this section shall be construed to create a Federal private cause of action.

(j) Studies and reports

(1) Implementation report

(A) In general

Not later than 180 days after August 11, 2005, the Secretary, based on a review of existing State controlled substance monitoring programs and other relevant information, shall determine whether the implementation of such programs has had a substantial negative impact on—

(i) patient access to treatment, including therapy for pain or controlled substance abuse;

(ii) pediatric patient access to treatment; or

(iii) patient enrollment in research or clinical trials in which, following the protocol that has been approved by the relevant institutional review board for the research or clinical trial, the patient has obtained a controlled substance from either the scientific investigator conducting such research or clinical trial or the agent thereof.

(B) Additional categories of exclusion

If the Secretary determines under subparagraph (A) that a substantial negative impact has been demonstrated with regard to one or more of the categories of patients described in such subparagraph, the Secretary shall identify additional appropriate categories of exclusion from reporting as authorized under subsection (d)(2)(C) of this section.

(2) Progress report

Not later than 3 years after the date on which funds are first appropriated under this section, the Secretary shall—

(A) complete a study that—

(i) determines the progress of States in establishing and implementing controlled substance monitoring programs under this section;

(ii) provides an analysis of the extent to which the operation of controlled substance monitoring programs have reduced inappropriate use, abuse, or diversion of controlled substances or affected patient access to appropriate pain care in States operating such programs;

(iii) determines the progress of States in achieving interoperability between controlled substance monitoring programs, including an assessment of technical and legal barriers to such activities and recommendations for addressing these barriers;

(iv) determines the feasibility of implementing a real-time electronic controlled substance monitoring program, including the costs associated with establishing such a program;

(v) provides an analysis of the privacy protections in place for the information
funds are first appropriated to carry out this section or to States that put forth a good faith effort to meet those requirements (as determined by the Secretary).

(k) Preference

Beginning 3 years after the date on which funds are first appropriated to carry out this section, the Secretary, in awarding any competitive grant that is related to drug abuse (as determined by the Secretary) and for which only States are eligible to apply, shall give preference to States with existing controlled substance monitoring programs and the potential for such alternatives to enhance the privacy and security of individually identifiable data; and

(vii) evaluates the penalties that States have enacted for the unauthorized use and disclosure of information maintained in the controlled substance monitoring program, and reports on the criteria used by the Secretary to determine whether such penalties qualify as appropriate pursuant to this section; and

(B) submit a report to the Congress on the results of the study.

(l) Advisory council

(1) Establishment

A State may establish an advisory council to assist in the establishment, implementation, or improvement of a controlled substance monitoring program under this section.

(2) Limitation

A State may not use amounts received under a grant under this section for the operations of an advisory council established under paragraph (1).

(3) Sense of Congress

It is the sense of the Congress that, in establishing an advisory council under this subsection, a State should consult with appropriate professional boards and other interested parties.

(m) Definitions

For purposes of this section:

(1) The term “bona fide patient” means an individual who is a patient of the practitioner involved.

(2) The term “controlled substance” means a drug that is included in schedule II, III, or IV of section 812(c) of title 21.

(3) The term “dispense” means to deliver a controlled substance to an ultimate user by, or pursuant to the lawful order of, a practitioner, irrespective of whether the dispenser uses the Internet or other means to effect such delivery.

(4) The term “dispenser” means a physician, pharmacist, or other person that dispenses a controlled substance to an ultimate user.

(5) The term “interoperability” with respect to a State controlled substance monitoring program means the ability of the program to electronically share reported information, including each of the required report components described in subsection (d) of this section, with another State if the information concerns either the dispensing of a controlled substance to an ultimate user who resides in such other State, or the dispensing of a controlled substance prescribed by a practitioner whose principal place of business is located in such other State.

(6) The term “nonidentifiable information” means information that does not identify a practitioner, dispenser, or an ultimate user and with respect to which there is no reasonable basis to believe that the information can be used to identify a practitioner, dispenser, or an ultimate user.

(7) The term “practitioner” means a physician, dentist, veterinarian, scientific investigator, pharmacy, hospital, or other person licensed, registered, or otherwise permitted, by the United States or the jurisdiction in which he or she practices or does research, to distribute, dispense, conduct research with respect to, administer, or use in teaching or chemical analysis, a controlled substance in the course of professional practice or research.

(8) The term “State” means each of the 50 States and the District of Columbia.

(9) The term “ultimate user” means a person who has obtained from a dispenser, and who possesses, a controlled substance for his or her own use, for the use of a member of his or her household, or for the use of an animal owned by him or her or by a member of his or her household.

(n) Authorization of appropriations

To carry out this section, there are authorized to be appropriated—

(1) $15,000,000 for each of fiscal years 2006 and 2007; and

(2) $10,000,000 for each of fiscal years 2008, 2009, and 2010.

§ 280g–4

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 420

“(1) foster the establishment of State-administered controlled substance monitoring systems in order to ensure that health care providers have access to the accurate, timely prescription history information that they may use as a tool for the early identification of patients at risk for addiction in order to initiate appropriate medical interventions and avert the tragic personal, family, and community consequences of untreated addiction; and

“(2) establish, based on the experiences of existing State controlled substance monitoring programs, a set of best practices to guide the establishment of new State programs and the improvement of existing programs.”

§ 280g–4. Grants to foster public health responses to domestic violence, dating violence, sexual assault, and stalking

(a) Authority to award grants

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall award grants to eligible State, tribal, territorial, or local entities to strengthen the response of State, tribal, territorial, or local health care systems to domestic violence, dating violence, sexual assault, and stalking.

(2) Eligible entities

To be eligible to receive a grant under this section, an entity shall—

(A) be—

(i) a State department (or other division) of health, a State domestic or sexual assault coalition or service-based program, State law enforcement task force, or any other nonprofit, nongovernmental, tribal, territorial, or State entity with a history of effective work in the fields of domestic violence, dating violence, sexual assault or stalking, and health care; or

(ii) a local, nonprofit domestic violence, dating violence, sexual assault, or stalking service-based program, a local department (or other division) of health, a local health clinic, hospital, or health system, or any other nonprofit, tribal, or local entity with a history of effective work in the field of domestic or sexual violence and health;

(B) prepare and submit to the Secretary an application at such time, in such manner, and containing such agreements, assurances, and information as the Secretary determines to be necessary to carry out the purposes for which the grant is to be made; and

(C) demonstrate that the entity is representing a team of organizations and agencies working collaboratively to strengthen the response of the health care system involved to domestic violence, dating violence, sexual assault, or stalking and that such team includes domestic violence, dating violence, sexual assault or stalking and health care organizations.

(3) Duration

A program conducted under a grant awarded under this section shall not exceed 2 years.

(b) Use of funds

(1) In general

An entity shall use amounts received under a grant under this section to design and implement comprehensive strategies to improve the response of the health care system involved to domestic or sexual violence in clinical and public health settings, hospitals, clinics, managed care settings (including behavioral and mental health), and other health settings.

(2) Mandatory strategies

Strategies implemented under paragraph (1) shall include the following:

(A) The implementation, dissemination, and evaluation of policies and procedures to guide health care professionals and behavioral and public health staff in responding to domestic violence, dating violence, sexual assault, and stalking, including strategies to ensure that health information is maintained in a manner that protects the patient’s privacy and safety and prohibits insurance discrimination.

(B) The development of on-site access to services to address the safety, medical, mental health, and economic needs of patients either by increasing the capacity of existing health care professionals and behavioral and public health staff to address domestic violence, dating violence, sexual assault, and stalking, by contracting with or hiring domestic or sexual assault advocates to provide the services, or to model other services appropriate to the geographic and cultural needs of a site.

(C) The evaluation of practice and the institutionalization of identification, intervention, and documentation including quality improvement measurements.

(D) The provision of training and followup technical assistance to health care professionals, behavioral and public health staff, and allied health professionals to identify, assess, treat, and refer clients who are victims of domestic violence, dating violence, sexual violence, or stalking.

(3) Permissive strategies

Strategies implemented under paragraph (1) may include the following:

(A) Where appropriate, the development of training modules and policies that address the overlap of child abuse, domestic violence, dating violence, sexual assault, and stalking and elder abuse as well as childhood exposure to domestic violence.

(B) The creation, adaptation, and implementation of public education campaigns for patients concerning domestic violence, dating violence, sexual assault, and stalking prevention.

(C) The development, adaptation, and dissemination of domestic violence, dating violence, sexual assault, and stalking education materials to patients and health care professionals and behavioral and public health staff.

(D) The promotion of the inclusion of domestic violence, dating violence, sexual assault, and stalking into health professional training schools, including medical, dental, nursing school, social work, and mental health curriculum.

(E) The integration of domestic violence, dating violence, sexual assault, and stalking
into health care accreditation and professional licensing examinations, such as medical, dental, social work, and nursing boards.

(c) Allocation of funds
Funds appropriated under this section shall be distributed equally between State and local programs.

(d) Authorization of appropriations
There is authorized to be appropriated to award grants under this section, $5,000,000 for each of fiscal years 2007 through 2011.

§280g-5. Public and health care provider education and support services

(a) In general
The Secretary, directly or through the awarding of grants to public or private nonprofit entities, may conduct demonstration projects for the purpose of improving the provision of information on prematurity to health professionals and other health care providers and the public and improving the treatment and outcomes for babies born preterm.

(b) Activities
Activities to be carried out under the demonstration project under subsection (a) may include the establishment of—

(1) programs to test and evaluate various strategies to provide information and education to health professionals, other health care providers, and the public concerning—

(A) the signs of preterm labor; updated as new research results become available;

(B) the screening for and the treating of infections;

(C) counseling on optimal weight and good nutrition, including folic acid;

(D) smoking cessation education and counseling;

(E) stress management; and

(F) appropriate prenatal care;

(2) programs to improve the treatment and outcomes for babies born premature, including the use of evidence-based standards of care by health care professionals for pregnant women at risk of preterm labor or other serious complications and for infants born preterm and at a low birthweight;

(3) programs to respond to the informational needs of families during the stay of an infant in a neonatal intensive care unit, during the transition of the infant to the home, and in the event of a newborn death; and

(4) such other programs as the Secretary determines appropriate to achieve the purpose specified in subsection (a).

(c) Authorization of appropriations
There is authorized to be appropriated to carry out this section $5,000,000 for each of fiscal years 2007 through 2011.

§ 280g–6. Chronic kidney disease initiatives

(a) In general

The Secretary shall establish pilot projects to—

(1) increase public and medical community awareness (particularly of those who treat patients with diabetes and hypertension) regarding chronic kidney disease, focusing on prevention;
(2) increase screening for chronic kidney disease, focusing on Medicare beneficiaries at risk of chronic kidney disease; and
(3) enhance surveillance systems to better assess the prevalence and incidence of chronic kidney disease.

(b) Scope and duration

(1) Scope

The Secretary shall select at least 3 States in which to conduct pilot projects under this section.

(2) Duration

The pilot projects under this section shall be conducted for a period that is not longer than 5 years and shall begin on January 1, 2009.

c) Evaluation and report

The Comptroller General of the United States shall conduct an evaluation of the pilot projects conducted under this section. Not later than 12 months after the date on which the pilot projects are completed, the Comptroller General shall submit to Congress a report on the evaluation.

d) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for the purpose of carrying out this section.

(July 1, 1944, ch. 373, title III, § 399R, as added Pub. L. 110–275, title I, §152(a), July 15, 2008, 122 Stat. 2551.)

CODIFICATION

Another section 399R of act July 1, 1944, ch. 373, as added by Pub. L. 110–373, § 2, Oct. 8, 2008, 122 Stat. 4047, is classified to section 280g–7 of this title.

Another section 399R of act July 1, 1944, ch. 373, as added by Pub. L. 110–374, § 3, Oct. 8, 2008, 122 Stat. 4051, is classified to section 280g–8 of this title.

§ 280g–7. Amyotrophic lateral sclerosis registry

(a) Establishment

(1) In general

Not later than 1 year after the receipt of the report described in subsection (b)(2)(A), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may, if scientifically advisable—

(A) develop a system to collect data on amyotrophic lateral sclerosis (referred to in this section as "ALS") and other motor neuron disorders that can be confused with ALS, misdiagnosed as ALS, and in some cases progress to ALS;

(B) establish a national registry for the collection and storage of such data to develop a population-based registry of cases in the United States of ALS and other motor neuron disorders that can be confused with ALS, misdiagnosed as ALS, and in some cases progress to ALS.

(2) Purpose

It is the purpose of the registry established under paragraph (1)(B) to—

(A) better describe the incidence and prevalence of ALS in the United States;
(B) examine appropriate factors, such as environmental and occupational, that may be associated with the disease;
(C) better outline key demographic factors (such as age, race or ethnicity, gender, and family history of individuals who are diagnosed with the disease) associated with the disease;
(D) better examine the connection between ALS and other motor neuron disorders that can be confused with ALS, misdiagnosed as ALS, and in some cases progress to ALS; and
(E) other matters as recommended by the Advisory Committee established under subsection (b).

(b) Advisory Committee

(1) Establishment

Not later than 180 days after October 8, 2008, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may establish a committee to be known as the Advisory Committee on the National ALS Registry (referred to in this section as the "Advisory Committee"). The Advisory Committee shall be composed of not more than 27 members to be appointed by the Secretary, acting through the Centers for Disease Control and Prevention, of which—

(A) two-thirds of such members shall represent governmental agencies—

(i) including at least one member representing—

(I) the National Institutes of Health, to include, upon the recommendation of the Director of the National Institutes of Health, representatives from the National Institute of Neurological Disorders and Stroke and the National Institute of Environmental Health Sciences;

(II) the Department of Veterans Affairs;

(III) the Agency for Toxic Substances and Disease Registry; and

(IV) the Centers for Disease Control and Prevention; and

(ii) of which at least one such member shall be a clinician with expertise on ALS and related diseases, an epidemiologist with experience in data registries, a statistician, an ethicist, and a privacy expert (relating to the privacy regulations under the Health Insurance Portability and Accountability Act of 1996); and

(B) one-third of such members shall be public members, including at least one member representing—
(i) national and voluntary health associations;¹
(ii) patients with ALS or their family members;
(iii) clinicians with expertise on ALS and related diseases;
(iv) epidemiologists with experience in data registries;
(v) geneticists or experts in genetics who have experience with the genetics of ALS or other neurological diseases² and
(vi) other individuals with an interest in developing and maintaining the National ALS Registry.

(2) Duties
The Advisory Committee may review information and make recommendations to the Secretary concerning—
(A) the development and maintenance of the National ALS Registry;
(B) the type of information to be collected and stored in the Registry;
(C) the manner in which such data is to be collected;
(D) the use and availability of such data including guidelines for such use; and
(E) the collection of information about diseases and disorders that primarily affect motor neurons that are considered essential to furthering the study and cure of ALS.

(3) Report
Not later than 270 days after the date on which the Advisory Committee is established, the Advisory Committee may submit a report to the Secretary concerning the review conducted under paragraph (2) that contains the recommendations of the Advisory Committee with respect to the results of such review.

(c) Grants
The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants to, and enter into contracts and cooperative agreements with, public or private nonprofit entities for the collection, analysis, and reporting of data on ALS and other motor neuron disorders that can be confused with ALS, misdiagnosed as ALS, and in some cases progress to ALS after receiving the report under subsection (b)(3).

(d) Coordination with State, local, and Federal registries
(1) In general
In establishing the National ALS Registry under subsection (a), the Secretary, acting through the Director of the Centers for Disease Control and Prevention, may—
(A) identify, build upon, expand, and coordinate among existing data and surveillance systems, surveys, registries, and other Federal public health and environmental infrastructure wherever possible, which may include—
(i) any registry pilot projects previously supported by the Centers for Disease Control and Prevention;
(ii) the Department of Veterans Affairs ALS Registry;
(iii) the DNA and Cell Line Repository of the National Institute of Neurological Disorders and Stroke Human Genetics Resource Center at the National Institutes of Health;
(iv) Agency for Toxic Substances and Disease Registry studies, including studies conducted in Illinois, Missouri, El Paso and San Antonio, Texas, and Massachusetts;
(v) State-based ALS registries;
(vi) the National Vital Statistics System; and
(vii) any other existing or relevant databases that collect or maintain information on those motor neuron diseases recommended by the Advisory Committee established in subsection (b); and
(B) provide for research access to ALS data as recommended by the Advisory Committee established in subsection (b) to the extent permitted by applicable statutes and regulations and in a manner that protects personal privacy consistent with applicable privacy statutes and regulations.

(C) Coordination with NIH and Department of Veterans Affairs—Consistent with applicable privacy statutes and regulations, the Secretary may ensure that epidemiological and other types of information obtained under subsection (a) is made available to the National Institutes of Health and the Department of Veterans Affairs.

(e) Definition
For the purposes of this section, the term “national voluntary health association” means a national non-profit organization with chapters or other affiliated organizations in States throughout the United States with experience serving the population of individuals with ALS and have demonstrated experience in ALS research, care, and patient services.

2 In this section:

(i) the term "Down syndrome" refers to a chromosomal disorder caused by an error in cell di-

vision that results in the presence of an extra whole or partial copy of chromosome 21.

(2) Health care provider

The term "health care provider" means any person or entity required by State or Federal law or regulation to be licensed, registered, or certified to provide health care services, and who is so licensed, registered, or certified.

(3) Postnatally diagnosed condition

The term "postnatally diagnosed condition" means any health condition identified during the 12-month period beginning at birth.

(4) Prenatally diagnosed condition

The term "prenatally diagnosed condition" means any fetal health condition identified by prenatal genetic testing or prenatal screening procedures.

(5) Prenatal test

The term "prenatal test" means diagnostic or screening tests offered to pregnant women seeking routine prenatal care that are administered on a required or recommended basis by a health care provider based on medical history, family background, ethnic background, previous test results, or other risk factors.

(b) Information and support services

(1) In general

The Secretary, acting through the Director of the National Institutes of Health, the Director of the Centers for Disease Control and Prevention, or the Administrator of the Health Resources and Services Administration, may authorize and oversee certain activities, including the awarding of grants, contracts or cooperative agreements to eligible entities, to:

(A) collect, synthesize, and disseminate current evidence-based information relating to Down syndrome or other prenatally or postnatally diagnosed conditions; and

(B) coordinate the provision of, and access to, new or existing supportive services for patients receiving a positive diagnosis for Down syndrome or other prenatally or postnatally diagnosed conditions, including—

(i) the establishment of a resource telephone hotline accessible to patients receiving a positive test result or to the parents of newly diagnosed infants with Down syndrome and other diagnosed conditions;

(ii) the expansion and further development of the National Dissemination Center for Children with Disabilities, so that such Center can more effectively conduct outreach to new and expecting parents and provide them with up-to-date information on the range of outcomes for individuals living with the diagnosed condition, including physical, developmental, educational, and psychosocial outcomes;

(iii) the expansion and further development of national and local peer-support programs, so that such programs can more effectively serve women who receive a positive diagnosis for Down syndrome or other prenatal conditions or parents of infants with a postnatally diagnosed condition;

(iv) the establishment of a national registry, or network of local registries, of families willing to adopt newborns with Down syndrome or other prenatally or postnatally diagnosed conditions, and links to adoption agencies willing to place babies with Down syndrome or other prenatally or postnatally diagnosed conditions, to patients, consistent with the purpose described in section 2(b)(1) of the Prenatally and Postnatally Diagnosed Conditions Awareness Act.

(2) Eligible entity

In this subsection, the term "eligible entity" means—

(A) a State or a political subdivision of a State;

(B) a consortium of 2 or more States or political subdivisions of States;

(C) a territory;

(D) a health facility or program operated by or pursuant to a contract with or grant from the Indian Health Service; or

(E) any other entity with appropriate expertise in prenatally and postnatally diagnosed conditions (including nationally recognized disability groups), as determined by the Secretary.

(3) Distribution

In distributing funds under this subsection, the Secretary shall place an emphasis on funding partnerships between health care professional groups and disability advocacy organizations.

(c) Provision of information to providers

(1) In general

A grantee under this section shall make available to health care providers of parents who receive a prenatal or postnatal diagnosis the following:

(A) Up-to-date, evidence-based, written information concerning the range of outcomes for individuals living with the diagnosed condition, including physical, developmental, educational, and psychosocial outcomes.

(B) Contact information regarding support services, including information hotlines specific to Down syndrome or other prenatally or postnatally diagnosed conditions, resource centers or clearinghouses, national and local peer support groups, and other education and support programs as described in subsection (b)(2).

(2) Informational requirements

Information provided under this subsection shall be—

\[1\] See References in Text note below.
(A) culturally and linguistically appropriate as needed by women receiving a positive prenatal diagnosis or the family of infants receiving a postnatal diagnosis; and
(B) approved by the Secretary.

(d) Report
Not later than 2 years after October 8, 2008, the Government Accountability Office shall submit a report to Congress concerning the effectiveness of current healthcare and family support programs serving as resources for the families of children with disabilities.

Another section 399R of act July 1, 1944, ch. 373, as added by Pub. L. 110–374, § 2, Oct. 8, 2008, 122 Stat. 4047, is classified to section 280g–6 of this title.

§ 280g–9. Programs to improve quality of life for persons with paralysis and other physical disabilities

(a) In general
The Secretary of Health and Human Services (in this section referred to as the “Secretary”) may study the unique health challenges associated with paralysis and other physical disabilities and carry out projects and interventions to improve the quality of life and long-term health status of persons with paralysis and other physical disabilities. The Secretary may carry out such projects directly and through awards of grants or contracts.

(b) Certain activities
Activities under subsection (a) may include—
(1) the development of a national paralysis and physical disability quality of life action plan, to promote health and wellness in order to enhance full participation, independent living, self-sufficiency, and equality of opportunity in partnership with voluntary health agencies focused on paralysis and other physical disabilities, to be carried out in coordination with the State-based Disability and Health Program of the Centers for Disease Control and Prevention;
(2) support for programs to disseminate information involving care and rehabilitation options and quality of life grant programs supportive of community-based programs and support systems for persons with paralysis and other physical disabilities;
(3) in collaboration with other centers and national voluntary health agencies, the establishment of a population-based database that may be used for longitudinal and other research on paralysis and other disabling conditions; and
(4) the replication and translation of best practices and the sharing of information across States, as well as the development of comprehensive, unique, and innovative programs, services, and demonstrations within existing State-based disability and health programs of the Centers for Disease Control and Prevention which are designed to support and advance quality of life programs for persons living with paralysis and other physical disabilities focusing on—
(A) caregiver education;
(B) promoting proper nutrition, increasing physical activity, and reducing tobacco use;
(C) education and awareness programs for health care providers;
(D) prevention of secondary complications;
(E) home- and community-based interventions;
(F) coordinating services and removing barriers that prevent full participation and integration into the community; and
(G) recognizing the unique needs of underserved populations.

(c) Grants
The Secretary may award grants in accordance with the following:
(1) To State and local health and disability agencies for the purpose of—
(A) establishing a population-based database that may be used for longitudinal and other research on paralysis and other disabling conditions;
(B) developing comprehensive paralysis and other physical disability action plans and activities focused on the items listed in subsection (b)(4);
(C) assisting State-based programs in establishing and implementing partnerships and collaborations that maximize the input and support of people with paralysis and other physical disabilities and their constituent organizations;
(D) coordinating paralysis and physical disability activities with existing State-based disability and health programs;
(E) providing education and training opportunities and programs for health professionals and allied caregivers; and
(F) developing, testing, evaluating, and replicating effective intervention programs
to maintain or improve health and quality of life.

(2) To private health and disability organizations for the purpose of—

(A) disseminating information to the public;
(B) improving access to services for persons living with paralysis and other physical disabilities and their caregivers;
(C) testing model intervention programs to improve health and quality of life; and
(D) coordinating existing services with State-based disability and health programs.

(d) Coordination of activities

The Secretary shall ensure that activities under this section are coordinated as appropriate by the agencies of the Department of Health and Human Services.

(e) Authorization of appropriations

For the purpose of carrying out this section, there is authorized to be appropriated $25,000,000 for each of fiscal years 2008 through 2011.

Codification

Section was enacted as part of the Christopher and Dana Reeve Paralysis Act, and also as part of the Omnibus Public Land Management Act of 2009, and not as part of the Public Health Service Act which comprises this chapter.

PART Q—PROGRAMS TO IMPROVE THE HEALTH OF CHILDREN

§ 280h. Grants to promote childhood nutrition and physical activity

(a) In general

The Secretary, acting though the Director of the Centers for Disease Control and Prevention, shall award competitive grants to States and political subdivisions of States for the development and implementation of State and community-based intervention programs to promote good nutrition and physical activity in children and adolescents.

(b) Eligibility

To be eligible to receive a grant under this section a State or political subdivision of a State shall prepare and submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require, including a plan that describes—

(1) how the applicant proposes to develop a comprehensive program of school- and community-based approaches to encourage and promote good nutrition and appropriate levels of physical activity with respect to children or adolescents in local communities;
(2) the manner in which the applicant shall coordinate with appropriate State and local authorities, such as State and local school departments, State departments of health, chronic disease directors, State directors of programs under section 1786 of this title, 5-a-day coordinators, governors councils for physical activity and good nutrition, and State and local parks and recreation departments; and
(3) the manner in which the applicant will evaluate the effectiveness of the program carried out under this section.

(c) Use of funds

A State or political subdivision of a State shall use amount received under a grant under this section to—

(1) develop, implement, disseminate, and evaluate school- and community-based strategies in States to reduce inactivity and improve dietary choices among children and adolescents;
(2) expand opportunities for physical activity programs in school- and community-based settings; and
(3) develop, implement, and evaluate programs that promote good eating habits and physical activity including opportunities for children with cognitive and physical disabilities.

(d) Technical assistance

The Secretary may set-aside an amount not to exceed 10 percent of the amount appropriated for a fiscal year under subsection (h) of this section to permit the Director of the Centers for Disease Control and Prevention to—

(1) provide States and political subdivisions of States with technical support in the development and implementation of programs under this section; and
(2) disseminate information about effective strategies and interventions in preventing and treating obesity through the promotion of good nutrition and physical activity.

(e) Limitation on administrative costs

Not to exceed 10 percent of the amount of a grant awarded to the State or political subdivision under subsection (a) of this section for a fiscal year may be used by the State or political subdivision for administrative expenses.

(f) Term

A grant awarded under subsection (a) of this section shall be for a term of 3 years.

(g) Definition

In this section, the term “children and adolescents” means individuals who do not exceed 18 years of age.

(h) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 280h–1. Applied research program

(a) In general

The Secretary, acting through the Centers for Disease Control and Prevention and in consultation with the Director of the National Institutes of Health, shall—

(1) conduct research to better understand the relationship between physical activity, diet, and health and factors that influence health-related behaviors;
(2) develop and evaluate strategies for the prevention and treatment of obesity to be used in community-based interventions and by health professionals;

(3) develop and evaluate strategies for the prevention and treatment of eating disorders, such as anorexia and bulimia;

(4) conduct research to establish the prevalence, consequences, and costs of childhood obesity and its effects in adulthood;

(5) identify behaviors and risk factors that contribute to obesity;

(6) evaluate materials and programs to provide nutrition education to parents and teachers of children in child care or pre-school and the food service staff of such child care and pre-school entities; and

(7) evaluate materials and programs that are designed to educate and encourage physical activity in child care and pre-school facilities.

(b) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 280h–2. Education campaign

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, and in collaboration with national, State, and local partners, physical activity organizations, nutrition experts, and health professional organizations, shall develop a national public campaign to promote and educate children and their parents concerning—

(1) the health risks associated with obesity, inactivity, and poor nutrition;

(2) ways in which to incorporate physical activity into daily living; and

(3) the benefits of good nutrition and strategies to improve eating habits.

(b) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of the fiscal years 2001 through 2005.

§ 280h–3. Health professional education and training

(a) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, and in collaboration with the Administrator of the Health Resources and Services Administration and the heads of other agencies, and in consultation with appropriate health professional associations, shall develop and carry out a program to educate and train health professionals in effective strategies to—

(1) better identify and assess patients with obesity or an eating disorder or patients at-risk of becoming obese or developing an eating disorder;

(2) counsel, refer, or treat patients with obesity or an eating disorder; and

(3) educate patients and their families about effective strategies to improve dietary habits and establish appropriate levels of physical activity.

(b) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for each of the fiscal years 2001 through 2005.

PART R—PROGRAMS RELATING TO AUTISM

§ 280i. Developmental disabilities surveillance and research program

(a) Autism spectrum disorder and other developmental disabilities

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may award grants or cooperative agreements to eligible entities for the collection, analysis, and reporting of State epidemiological data on autism spectrum disorder and other developmental disabilities. An eligible entity shall assist with the development and coordination of State autism spectrum disorder and other developmental disability surveillance efforts within a region. In making such awards, the Secretary may provide direct technical assistance in lieu of cash.

(2) Data standards

In submitting epidemiological data to the Secretary pursuant to paragraph (1), an eligible entity shall report data according to guidelines prescribed by the Director of the Centers for Disease Control and Prevention, after consultation with relevant State and local public health officials, private sector developmental disability researchers, and advocates for individuals with autism spectrum disorder or other developmental disabilities.

(3) Eligibility

To be eligible to receive an award under paragraph (1), an entity shall be a public or nonprofit private entity (including a health department of a State or a political subdivision of a State, a university, or any other educational institution), and submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(b) Centers of excellence in autism spectrum disorder epidemiology

(1) In general

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall, subject to the availability of appropriations, award grants or cooperative agreements for the establishment of regional centers of excellence in autism spectrum dis-
order and other developmental disabilities epidemiology for the purpose of collecting and analyzing information on the number, incidence, correlates, and causes of autism spectrum disorder and other developmental disabilities.

(2) Requirements

To be eligible to receive a grant or cooperative agreement under paragraph (1), an entity shall submit to the Secretary an application containing such agreements and information as the Secretary may require, including an agreement that the center to be established under the grant or cooperative agreement shall operate in accordance with the following:

(A) The center will collect, analyze, and report autism spectrum disorder and other developmental disability data according to guidelines prescribed by the Director of the Centers for Disease Control and Prevention, after consultation with relevant State and local public health officials, private sector developmental disability researchers, and advocates for individuals with developmental disabilities.

(B) The center will develop or extend an area of special research expertise (including genetics, epigenetics, and epidemiological research related to environmental exposures), immunology, and other relevant research specialty areas.

(C) The center will identify eligible cases and controls through its surveillance system and conduct research into factors which may cause or increase the risk of autism spectrum disorder and other developmental disabilities.

(c) Federal response

The Secretary shall coordinate the Federal response to requests for assistance from State health, mental health, and education department officials regarding potential or alleged autism spectrum disorder or other developmental disabilities.

(d) Definitions

In this part:

(1) Other developmental disabilities

The term “other developmental disabilities” has the meaning given the term “developmental disability” in section 15002(8) of this title.

(2) State

The term “State” means each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(e) Sunset

This section shall not apply after September 30, 2011.

(July 1, 1944, ch. 373, title III, §399AA, as added Pub. L. 109–416, § 3(a), Dec. 19, 2006, 120 Stat. 2822.)

Termination of Trust Territory of the Pacific Islands

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

§280i–1. Autism education, early detection, and intervention

(a) Purpose

It is the purpose of this section—

(1) to increase awareness, reduce barriers to screening and diagnosis, promote evidence-based interventions for individuals with autism spectrum disorder or other developmental disabilities, and train professionals to utilize valid and reliable screening tools to diagnose or rule out and provide evidence-based interventions for children with autism spectrum disorder and other developmental disabilities; and

(2) to conduct activities under this section with a focus on an interdisciplinary approach (as defined in programs developed under section 501(a)(2) of the Social Security Act [42 U.S.C. 701(a)(2)]) that will also focus on specific issues for children who are not receiving an early diagnosis and subsequent interventions.

(b) In general

The Secretary shall, subject to the availability of appropriations, establish and evaluate activities to—

(1) provide information and education on autism spectrum disorder and other developmental disabilities to increase public awareness of developmental milestones;

(2) promote research into the development and validation of reliable screening tools for autism spectrum disorder and other developmental disabilities and disseminate information regarding those screening tools;

(3) promote early screening of individuals at higher risk for autism spectrum disorder and other developmental disabilities as early as practicable, given evidence-based screening techniques and interventions;

(4) increase the number of individuals who are able to confirm or rule out a diagnosis of autism spectrum disorder and other developmental disabilities;

(5) increase the number of individuals able to provide evidence-based interventions for individuals diagnosed with autism spectrum disorder or other developmental disabilities; and

(6) promote the use of evidence-based interventions for individuals at higher risk for autism spectrum disorder and other developmental disabilities as early as practicable.

(c) Information and education

(1) In general

In carrying out subsection (b)(1), the Secretary, in collaboration with the Secretary of Education and the Secretary of Agriculture, shall, subject to the availability of appropriations, provide culturally competent information regarding autism spectrum disorder and other developmental disabilities, risk factors, characteristics, identification, diagnosis or rule out, and evidence-based interventions to
meet the needs of individuals with autism spectrum disorder or other developmental disabilities and their families through—

(A) Federal programs, including—
(i) the Head Start program;
(ii) the Early Start program;
(iii) the Healthy Start program;
(iv) programs under the Child Care and Development Block Grant Act of 1990 [42 U.S.C. 9858 et seq.];
(v) programs under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (particularly the Medicaid Early and Periodic Screening, Diagnosis and Treatment Program);
(vi) the program under title XXI of the Social Security Act [42 U.S.C. 1397aa et seq.] (the State Children’s Health Insurance Program);
(vii) the program under title V of the Social Security Act [42 U.S.C. 701 et seq.] (the Maternal and Child Health Block Grant Program);
(viii) the program under parts B and C of the Individuals with Disabilities Education Act [20 U.S.C. 1411 et seq., 1431 et seq.];
(ix) the special supplemental nutrition program for women, infants, and children established under section 1786 of this title; and
(x) the State grant program under the Rehabilitation Act of 1973 [29 U.S.C. 701 et seq.].

(B) State licensed child care facilities; and
(C) other community-based organizations or points of entry for individuals with autism spectrum disorder and other developmental disabilities to receive services.

(2) Lead agency

(A) Designation

As a condition on the provision of assistance under this section with respect to a State, the Secretary may require the Governor of the State—

(i) to designate a public agency as a lead agency to coordinate the activities provided for under paragraph (1) in the State at the State level; and

(ii) acting through such lead agency, to make available to individuals and their family members, guardians, advocates, or authorized representatives; providers; and other appropriate individuals in the State, comprehensive culturally competent information about State and local resources regarding autism spectrum disorder and other developmental disabilities, risk factors, characteristics, identification, diagnosis or rule out, available services and supports, and evidence-based interventions.

(B) Requirements of agency

In designating the lead agency under subparagraph (A)(i), the Governor shall—

(i) select an agency that has demonstrated experience and expertise in—

(I) autism spectrum disorder and other developmental disability issues; and

(II) developing, implementing, conducting, and administering programs and delivering education, information, and referral services (including technology-based curriculum-development services) to individuals with developmental disabilities and their family members, guardians, advocates or authorized representatives, providers, and other appropriate individuals locally and across the State; and

(ii) consider input from individuals with developmental disabilities and their family members, guardians, advocates or authorized representatives, providers, and other appropriate individuals.

(C) Information

Information under subparagraph (A)(ii) shall be provided through—

(i) toll-free telephone numbers;

(ii) Internet websites;

(iii) mailings; or

(iv) such other means as the Governor may require.

(d) Tools

(1) In general

To promote the use of valid and reliable screening tools for autism spectrum disorder and other developmental disabilities, the Secretary shall develop a curriculum for continuing education to assist individuals in recognizing the need for valid and reliable screening tools and the use of such tools.

(2) Collection, storage, coordination, and availability

The Secretary, in collaboration with the Secretary of Education, shall provide for the collection, storage, coordination, and public availability of tools described in paragraph (1), educational materials and other products that are used by the Federal programs referred to in subsection (c)(1)(A), as well as—

(A) programs authorized under the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C. 15001 et seq.];

(B) early intervention programs or inter-agency coordinating councils authorized under part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.]; and

(C) children with special health care needs programs authorized under title V of the Social Security Act [42 U.S.C. 701 et seq.].

(3) Required sharing

In establishing mechanisms and entities under this subsection, the Secretary, and the Secretary of Education, shall ensure the sharing of tools, materials, and products developed under this subsection among entities receiving funding under this section.

(e) Diagnosis

(1) Training

The Secretary, in coordination with activities conducted under title V of the Social Security Act [42 U.S.C. 701 et seq.], shall, subject to the availability of appropriations, expand existing interdisciplinary training opportuni-
ties or opportunities to increase the number of sites able to diagnose or rule out individuals with autism spectrum disorder or other developmental disabilities and ensure that—

(A) competitive grants or cooperative agreements are awarded to public or nonprofit agencies, including institutions of higher education, to expand existing or develop new maternal and child health interdisciplinary leadership education in neurodevelopmental and related disabilities programs (similar to the programs developed under section 501(a)(2) of the Social Security Act [42 U.S.C. 701(a)(2)]) in States that do not have such a program;

(B) trainees under such training programs—

(i) receive an appropriate balance of academic, clinical, and community opportunities;

(ii) are culturally competent;

(iii) are ethnically diverse;

(iv) demonstrate a capacity to evaluate, diagnose or rule out, develop, and provide evidence-based interventions to individuals with autism spectrum disorder and other developmental disabilities; and

(v) demonstrate an ability to use a family-centered approach; and

(C) program sites provide culturally competent services.

(2) Technical assistance

The Secretary may award one or more grants under this section to provide technical assistance to the network of interdisciplinary training programs.

(3) Best practices

The Secretary shall promote research into additional valid and reliable tools for shortening the time required to confirm or rule out a diagnosis of autism spectrum disorder or other developmental disabilities and detecting individuals with autism spectrum disorder or other developmental disabilities at an earlier age.

(f) Intervention

The Secretary shall promote research, through grants or contracts, to determine the evidence-based practices for interventions for individuals with autism spectrum disorder, other developmental disabilities, and detectable autism spectrum disorder or other developmental disabilities at an earlier age.

(g) Sunset

This section shall not apply after September 30, 2011.

§ 280i–2. Interagency Autism Coordinating Committee

(a) Establishment

The Secretary shall establish a committee, to be known as the “Interagency Autism Coordinating Committee” (in this section referred to as the “Committee”), to coordinate all efforts within the Department of Health and Human Services concerning autism spectrum disorder.

(b) Responsibilities

In carrying out its duties under this section, the Committee shall—

(1) develop and annually update a summary of advances in autism spectrum disorder research related to causes, prevention, treatment, early screening, diagnosis or rule out, intervention, and access to services and supports for individuals with autism spectrum disorder;

(2) monitor Federal activities with respect to autism spectrum disorder;

(3) make recommendations to the Secretary regarding any appropriate changes to such activities, including recommendations to the Director of NIH with respect to the strategic plan developed under paragraph (5);

(4) make recommendations to the Secretary regarding public participation in decisions relating to autism spectrum disorder;

(5) develop and annually update a strategic plan for the conduct of, and support for, autism spectrum disorder research, including proposed budgetary requirements; and

(6) submit to the Congress such strategic plan and any updates to such plan.

(c) Membership

(1) In general

The Committee shall be composed of—

(A) the Director of the Centers for Disease Control and Prevention;
(B) the Director of the National Institutes of Health, and the Directors of such national research institutes of the National Institutes of Health as the Secretary determines appropriate;
(C) the heads of such other agencies as the Secretary determines appropriate;
(D) representatives of other Federal Governmental agencies that serve individuals with autism spectrum disorder such as the Department of Education; and
(E) the additional members appointed under paragraph (2).

(2) Additional members
Not fewer than 6 members of the Committee, or 1/3 of the total membership of the Committee, whichever is greater, shall be composed of non-Federal public members to be appointed by the Secretary, of which—
(A) at least one such member shall be an individual with a diagnosis of autism spectrum disorder;
(B) at least one such member shall be a parent or legal guardian of an individual with an autism spectrum disorder; and
(C) at least one such member shall be a representative of leading research, advocacy, and service organizations for individuals with autism spectrum disorder.

(d) Administrative support; terms of service; other provisions
The following provisions shall apply with respect to the Committee:
(1) The Committee shall receive necessary and appropriate administrative support from the Secretary.
(2) Members of the Committee appointed under subsection (c)(2) shall serve for a term of 4 years, and may be reappointed for one or more additional 4 year terms. Any member appointed to fill a vacancy for an unexpired term shall be appointed for the remainder of such term. A member may serve after the expiration of the member’s term until a successor has taken office.
(3) The Committee shall meet at the call of the chairperson or upon the request of the Secretary. The Committee shall meet not fewer than 2 times each year.
(4) All meetings of the Committee shall be public and shall include appropriate time periods for questions and presentations by the public.

(e) Subcommittees; establishment and membership
In carrying out its functions, the Committee may establish subcommittees and convene workshops and conferences. Such subcommittees shall be composed of Committee members and may hold such meetings as are necessary to enable the subcommittees to carry out their duties.

(f) Sunset
This section shall not apply after September 30, 2011, and the Committee shall be terminated on such date.

(July 1, 1944, ch. 373, title III, §399CC, as added Pub. L. 109–416, §3(a), Dec. 19, 2006, 120 Stat. 2827.)

§ 280i–3. Report to Congress
(a) In general
Not later than 4 years after December 19, 2006, the Secretary, in coordination with the Secretary of Education, shall prepare and submit to the Health, Education, Labor, and Pensions Committee of the Senate and the Energy and Commerce Committee of the House of Representatives a progress report on activities related to autism spectrum disorder and other developmental disabilities.

(b) Contents
The report submitted under subsection (a) shall contain—
(1) a description of the progress made in implementing the provisions of the Combating Autism Act of 2006;
(2) a description of the amounts expended on the implementation of the particular provisions of Combating Autism Act of 2006;
(3) information on the incidence of autism spectrum disorder and trend data of such incidence since December 19, 2006;
(4) information on the average age of diagnosis for children with autism spectrum disorder and other disabilities, including how that age may have changed over the 4-year period beginning on December 19, 2006;
(5) information on the average age for intervention for individuals diagnosed with autism spectrum disorder and other developmental disabilities, including how that age may have changed over the 4-year period beginning on December 19, 2006;
(6) information on the average time between initial screening and then diagnosis or rule out for individuals with autism spectrum disorder or other developmental disabilities, as well as information on the average time between diagnosis and evidence-based intervention for individuals with autism spectrum disorder or other developmental disabilities;
(7) information on the effectiveness and outcomes of interventions for individuals diagnosed with autism spectrum disorder, including by various subtypes, and other developmental disabilities and how the age of the child may affect such effectiveness;
(8) information on the effectiveness and outcomes of innovative and newly developed intervention strategies for individuals with autism spectrum disorder or other developmental disabilities; and
(9) information on services and supports provided to individuals with autism spectrum disorder or other developmental disabilities who have reached the age of majority (as defined for purposes of section 1415(m) of title 20).

(July 1, 1944, ch. 373, title III, §399DD, as added Pub. L. 109–416, §3(a), Dec. 19, 2006, 120 Stat. 2828.)

(1) **In general**

Within the Office of the Director of the National Institutes of Health, there shall be a Division of Program Coordination, Planning, and Strategic Initiatives (referred to in this subsection as the “Division”).

(2) **Offices within Division**

(A) **Offices**

The following offices are within the Division: The Office of AIDS Research, the Office of Research on Women’s Health, the Office of Behavioral and Social Sciences Research, the Office of Disease Prevention, the Office of Dietary Supplements, the Office of Rare Diseases, and any other office located within the Office of the Director of NIH as of the day before January 15, 2007. In addition to such offices, the Director of NIH may establish within the Division such additional offices or other administrative units as the Director determines to be appropriate.

(B) **Authorities**

Each office in the Division—

(i) shall continue to carry out the authorities that were in effect for the office before January 15, 2007; and

(ii) shall, as determined appropriate by the Director of NIH, support the Division with respect to the authorities described in section 292(b)(7) of this title.

(d) **Organization**

(1) **Number of institutes and centers**

In the National Institutes of Health, the number of national research institutes and national centers may not exceed a total of 27, including any such institutes or centers established under authority of paragraph (2) or under authority of this subchapter as in effect on the day before January 15, 2007.

(2) **Reorganization of institutes**

(A) **In general**

The Secretary may establish in the National Institutes of Health one or more additional national research institutes to conduct and support research, training, health information, and other programs with respect to any particular disease or groups of diseases or any other aspect of human health if—

(i) the Secretary determines that an additional institute is necessary to carry out such activities; and

(ii) the additional institute is not established before the expiration of 180 days after the Secretary has provided the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate written notice of the determination made under clause (i) with respect to the institute.

(B) **Additional authority**

The Secretary may reorganize the functions of any national research institute and may abolish any national research institute if the Secretary determines that the institute is no longer required. A reorganization or abolition may not take effect under this paragraph before the expiration of 180 days after the Secretary has provided the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate written notice of the reorganization or abolition.

(3) **Reorganization of Office of Director**

Notwithstanding subsection (c), the Director of NIH may, after a series of public hearings, and with the approval of the Secretary, reorganize the offices within the Office of the Director, including the addition, removal, or transfer of functions of such offices, and the establishment or termination of such offices, if the Director determines that the overall management and operation of programs and activities conducted or supported by such offices would be more efficiently carried out under such a reorganization.

(4) **Internal reorganization of institutes and centers**

Notwithstanding any conflicting provisions of this subchapter, the director of a national research institute or a national center may, after a series of public hearings and with the approval of the Director of NIH, reorganize the divisions, centers, or other administrative units within such institute or center, including the addition, removal, or transfer of functions of such units, and the establishment or termination of such units, if the director of such institute or center determines that the overall management and operation of programs and activities conducted or supported by such divisions, centers, or other units would be more efficiently carried out under such a reorganization.

(e) **Scientific Management Review Board for periodic organizational reviews**

(1) **In general**

Not later than 60 days after January 15, 2007, the Secretary shall establish an advisory council within the National Institutes of Health to be known as the Scientific Management Review Board (referred to in this subsection as the “Board”).

(2) **Duties**

(A) **Reports on organizational issues**

The Board shall provide advice to the appropriate officials under subsection (d) regarding the use of the authorities established in paragraphs (2), (3), and (4) of such subsection to reorganize the National Institutes of Health (referred to in this subsection as “organizational authorities”). Not
less frequently than once each 7 years, the Board shall—
(i) determine whether and to what extent the organizational authorities should be used; and
(ii) issue a report providing the recommendations of the Board regarding the use of the authorities and the reasons underlying the recommendations.

(B) Certain responsibilities regarding reports

The activities of the Board with respect to a report under subparagraph (A) shall include the following:
(i) reviewing the research portfolio of the National Institutes of Health (referred to in this subsection as “NIH”) in order to determine the progress and effectiveness and value of the portfolio and the allocation among the portfolio activities of the resources of NIH.
(ii) determining pending scientific opportunities, and public health needs, with respect to research within the jurisdiction of NIH.
(iii) For any proposal for organizational changes to which the Board gives significant consideration as a possible recommendation in such report—
(I) analyzing the budgetary and operational consequences of the proposed changes;
(II) taking into account historical funding and support for research activities at national research institutes and centers that have been established recently relative to national research institutes and centers that have been in existence for more than two decades;
(III) estimating the level of resources needed to implement the proposed changes;
(IV) assuming the proposed changes will be made and making a recommendation for the allocation of the resources of NIH among the national research institutes and national centers; and
(V) analyzing the consequences for the progress of research in the areas affected by the proposed changes.

(C) Consultation

In carrying out subparagraph (A), the Board shall consult with—
(i) the heads of national research institutes and national centers whose directors are not members of the Board;
(ii) other scientific leaders who are officers or employees of NIH and are not members of the Board;
(iii) advisory councils of the national research institutes and national centers;
(iv) organizations representing the scientific community; and
(v) organizations representing patients.

(3) Composition of Board

The Board shall consist of the Director of NIH, who shall be a permanent nonvoting member on an ex officio basis, and an odd number of additional members, not to exceed 21, all of whom shall be voting members. The voting members of the Board shall be the following:
(A) Not fewer than 9 officials who are directors of national research institutes or national centers. The Secretary shall designate such officials for membership and shall ensure that the group of officials so designated includes directors of—
(i) national research institutes whose budgets are substantial relative to a majority of the other institutes;
(ii) national research institutes whose budgets are small relative to a majority of the other institutes;
(iii) national research institutes that have been in existence for a substantial period of time without significant organizational change under subsection (d);
(iv) as applicable, national research institutes that have undergone significant organization changes under such subsection, or that have been established under such subsection, other than national research institutes for which such changes have been in place for a substantial period of time; and
(v) national centers.

(B) Members appointed by the Secretary from among individuals who are not officers or employees of the United States. Such members shall include—
(i) individuals representing the interests of public or private institutions of higher education that have historically received funds from NIH to conduct research; and
(ii) individuals representing the interests of private entities that have received funds from NIH to conduct research or that have broad expertise regarding how the National Institutes of Health functions, exclusive of private entities to which clause (i) applies.

(4) Chair

The Chair of the Board shall be selected by the Secretary from among the members of the Board appointed under paragraph (3)(B). The term of office of the Chair shall be 2 years.

(5) Meetings

(A) In general

The Board shall meet at the call of the Chair or upon the request of the Director of NIH, but not fewer than 5 times with respect to issuing any particular report under paragraph (2)(A). The location of the meetings of the Board is subject to the approval of the Director of NIH.

(B) Particular forums

Of the meetings held under subparagraph (A) with respect to a report under paragraph (2)(A)—
(i) one or more shall be directed toward the scientific community to address scientific needs and opportunities related to proposals for organizational changes under subsection (d), or as the case may be, related to a proposal that no such changes be made; and
(ii) one or more shall be directed toward consumer organizations to address the
needs and opportunities of patients and their families with respect to proposals referred to in clause (1).

(C) Availability of information from forums

For each meeting under subparagraph (B), the Director of NIH shall post on the Internet site of the National Institutes of Health a summary of the proceedings.

(6) Compensation; term of office

The provisions of subsections (b)(4) and (c) of section 284a of this title apply with respect to the Board to the same extent and in the same manner as such provisions apply with respect to an advisory council referred to in such subsections, except that the reference in such subsection (c) to 4 years regarding the term of an appointed member is deemed to be a reference to 5 years.

(7) Reports

(A) Recommendations for changes

Each report under paragraph (2)(A) shall be submitted to—

(i) the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives;

(ii) the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate;

(iii) the Secretary; and

(iv) officials with organizational authorities, other than any such official who served as a member of the Board with respect to the report involved.

(B) Availability to public

The Director of NIH shall post each report under paragraph (2) on the Internet site of the National Institutes of Health.

(C) Report on Board activities

Not later than 18 months after January 15, 2007, the Board shall submit to the committees specified in subparagraph (A) a report describing the activities of the Board.

(f) Organizational changes per recommendation of Scientific Management Review Board

(1) In general

With respect to an official who has organizational authorities within the meaning of subsection (e)(2)(A), if a recommendation to the official for an organizational change is made in a report under such subsection, the official shall, except as provided in paragraphs (2), (3), and (4) of this subsection, make the change in accordance with the following:

(A) Not later than 100 days after the report is submitted under subsection (e)(7)(A), the official shall initiate the applicable public process required in subsection (d) toward making the change.

(B) The change shall be fully implemented not later than the expiration of the 3-year period beginning on the date on which such process is initiated.

(2) Inapplicability to certain reorganizations

Paragraph (1) does not apply to a recommendation made in a report under subsection (e)(2)(A) if the recommendation is for—

(A) an organizational change under subsection (d)(2) that constitutes the establishment, termination, or consolidation of one or more national research institutes or national centers; or

(B) an organizational change under subsection (d)(3).

(3) Objection by Director of NIH

(A) In general

Paragraph (1) does not apply to a recommendation for an organizational change made in a report under subsection (e)(2)(A) if, not later than 90 days after the report is submitted under subsection (e)(7)(A), the Director of NIH submits to the committees specified in such subsection a report providing that the Director objects to the change, which report includes the reasons underlying the objection.

(B) Scope of objection

For purposes of subparagraph (A), an objection by the Director of NIH may be made to the entirety of a recommended organizational change or to 1 or more aspects of the change. Any aspect of a change not objected to by the Director in a report under subparagraph (A) shall be implemented in accordance with paragraph (1).

(4) Congressional review

An organizational change under subsection (d)(2) that is initiated pursuant to paragraph (1) shall be carried out by regulation in accordance with the procedures for substantive rules under section 553 of title 5. A rule under the preceding sentence shall be considered a major rule for purposes of chapter 8 of such title (relating to congressional review of agency rulemaking).

(g) Definitions

For purposes of this subchapter:

(1) The term “Director of NIH” means the Director of the National Institutes of Health.

(2) The terms “national research institute” and “national center” mean an agency of the National Institutes of Health that is—

(A) listed in subsection (b) and not terminated under subsection (d)(2)(A); or

(B) established by the Director of NIH under such subsection.

(h) References to NIH

For purposes of this subchapter, a reference to the National Institutes of Health includes its agencies.

after Nov. 20, 1965, to establish an Interagency Committee on Learning Disabilities to review and assess Federal research priorities, activities, and findings regarding learning disabilities (including central nervous system dysfunction in children), provided for composition of the Committee, directed Committee to report to Congress on its activities not later than 18 months after Nov. 20, 1965, and provided that the Committee terminate 90 days after submission of the report.

§ 282. Director of National Institutes of Health

(a) Appointment

The National Institutes of Health shall be headed by the Director of NIH who shall be appointed by the President by and with the advice and consent of the Senate. The Director of NIH shall perform functions as provided under subsection (b) of this section and as the Secretary may otherwise prescribe.

(b) Duties and authority

In carrying out the purposes of section 241 of this title, the Secretary, acting through the Director of NIH—

(1) shall carry out this subchapter, including being responsible for the overall direction of the National Institutes of Health and for the establishment and implementation of general policies respecting the management and operation of programs and activities within the National Institutes of Health;

(2) shall coordinate and oversee the operation of the national research institutes, national centers, and administrative entities within the National Institutes of Health;

(3) shall, in consultation with the heads of the national research institutes and national centers, be responsible for program coordination across the national research institutes and national centers, including conducting priority-setting reviews, to ensure that the research portfolio of the National Institutes of Health is balanced and free of unnecessary duplication, and takes advantage of collaborative, cross-cutting research;

(4) shall assemble accurate data to be used to assess research priorities, including information to better evaluate scientific opportunity, public health burdens, and progress in reducing minority and other health disparities;

(5) shall ensure that scientifically based strategic planning is implemented in support of research priorities as determined by the National Institutes of Health;

(6) shall ensure that the resources of the National Institutes of Health are sufficiently allocated for research projects identified in strategic plans;

(7)(A) shall, through the Division of Program Coordination, Planning, and Strategic Initiatives—

(i) identify research that represents important areas of emerging scientific opportunities, rising public health challenges, or knowledge gaps that deserve special emphasis and would benefit from conducting or supporting additional research that involves collaboration between 2 or more national research institutes or national centers, or would otherwise benefit from strategic coordination and planning;

(ii) include information on such research in reports under section 283 of this title; and

(iii) in the case of such research supported with funds referred to in subparagraph (B)—

(I) require as appropriate that proposals include milestones and goals for the research;

(II) require that the proposals include timeframes for funding of the research; and

(III) ensure appropriate consideration of proposals for which the principal investigator is an individual who has not previously served as the principal investigator of research conducted or supported by the National Institutes of Health;

(B) may, with respect to funds reserved under section 282a(c)(1) of this title for the Common Fund, allocate such funds to the national research institutes and national centers for conducting and supporting research that is identified under subparagraph (A); and

(C) may assign additional functions to the Division in support of responsibilities identified in subparagraph (A), as determined appropriate by the Director;

(8) shall, in coordination with the heads of the national research institutes and national centers, ensure that such institutes and centers—

(A) preserve an emphasis on investigator-initiated research project grants, including with respect to research involving collaboration between 2 or more such institutes or centers; and

(B) when appropriate, maximize investigator-initiated research project grants in their annual research portfolios;

(9) shall ensure that research conducted or supported by the National Institutes of Health is subject to review in accordance with section 289a of this title and that, after such review, the research is reviewed in accordance with section 289a–1(a)(2) of this title by the appropriate advisory council under section 284a of this title before the research proposals are approved for funding;

(10) shall have authority to review and approve the establishment of all centers of excellence recommended by the national research institutes;

(11)(A) shall oversee research training for all of the national research institutes and National Research Service Awards in accordance with section 286 of this title; and

(B) may conduct and support research training—

(i) for which fellowship support is not provided under section 286 of this title; and

(ii) that does not consist of residency training of physicians or other health professionals;

(12) may, from funds appropriated under section 282a(b) of this title, reserve funds to provide for research on matters that have not received significant funding relative to other matters, to respond to new issues and scientific emergencies, and to act on research opportunities of high priority;

(13) may, subject to appropriations Acts, collect and retain registration fees obtained from
third parties to defray expenses for scientific, 
educational, and research-related conferences; 
(14) for the national research institutes and 
administrative entities within the National 
Institutes of Health—
(A) may acquire, construct, improve, re-
pair, operate, and maintain, at the site of 
such institutes and entities, laboratories, 
and other research facilities, other facilities, 
equipment, and other real or personal prop-
erty, and 
(B) may acquire, without regard to section 
8141 of title 40, by lease or otherwise through 
the Administrator of General Services, 
buildings or parts of buildings in the District 
of Columbia or communities located adja-
cent to the District of Columbia for use for a 
period not to exceed ten years;
(15) may secure resources for research con-
ducted by or through the National Institutes 
of Health;
(16) may, without regard to the provisions of 
title 5 governing appointments in the competi-
tive service, and without regard to the provi-
sions of chapter 51 and subchapter III of chap-
ter 53 of such title relating to classification 
and General Schedule pay rates, establish such 
technical and scientific peer review groups and 
scientific program advisory committees as are 
needed to carry out the requirements of this 
subchapter and appoint and pay the members of 
such groups, except that officers and em-
ployees of the United States shall not receive 
additional compensation for service as mem-
bers of such groups;
(17) may secure for the National Institutes of 
Health consultation services and advice of per-
sons from the United States or abroad;
(18) may use, with their consent, the serv-
ces, equipment, personnel, information, and 
facilities of other Federal, State, or local pub-
lic agencies, with or without reimbursement 
therefor;
(19) may, for purposes of study, admit and 
treat at facilities of the National Institutes of 
Health individuals not otherwise eligible for 
such treatment;
(20) may accept voluntary and uncompen-
sated services;
(21) may perform such other administrative 
functions as the Secretary determines are 
needed to effectively carry out this sub-
chapter;
(22) may appoint physicians, dentists, and 
other health care professionals, subject to the 
provisions of title 5 relating to appointments 
and classifications in the competitive service, 
and may compensate such professionals sub-
ject to the provisions of chapter 74 of title 38; 
and
(23) shall designate a contact point or office 
to help innovators and physicians identify 
sources of funding available for pediatric med-
ical device development.
The Federal Advisory Committee Act shall not 
apply to the duration of a peer review group ap-
pointed under paragraph (16). The members of 
such a group shall be individuals who by virtue 
of their training or experience are eminently 
qualified to perform the review functions of such 
group. Not more than one-fourth of the members 
of any such group shall be officers or employees 
of the United States.
(c) Availability of substances and organisms for 
research
The Director of NIH may make available to in-
dividuals and entities, for biomedical and behav-
ioral research, substances and living organisms. 
Such substances and organisms shall be made 
available under such terms and conditions (in-
cluding payment for them) as the Secretary de-
termines appropriate.
(d) Services of experts or consultants; number; 
payment of expenses, conditions, recovery
(1) The Director of NIH may obtain (in accord-
ance with section 3109 of title 5, but without re-
gard to the limitation in such section on the pe-
riod of service) the services of not more than 220 
experts or consultants, with scientific or other 
professional qualifications, for the National 
Institutes of Health.
(2)(A) Except as provided in subparagraph (B), 
experts and consultants whose services are ob-
tained under paragraph (1) shall be paid or reim-
bursed, in accordance with title 5, for their trav-
el to and from their place of service and for 
other expenses associated with their assign-
ment.
(B) Expenses specified in subparagraph (A) 
shall not be allowed in connection with the as-
signment of an expert or consultant whose serv-
ices are obtained under paragraph (1) unless the 
expert or consultant has agreed in writing to 
complete the entire period of the assignment or 
one year of the assignment, whichever is short-
er, unless separated or reassigned for reasons 
which are beyond the control of the expert or 
consultant and which are acceptable to the Sec-
retary. If the expert or consultant violates the 
agreement, the money spent by the United 
States for such expenses is recoverable from the 
expert or consultant as a debt due the United 
States. The Secretary may waive in whole or in 
part a right of recovery under this subpara-
grah.
(e) Dissemination of research information
The Director of NIH shall—
(1) advise the agencies of the National Insti-
tutes of Health on medical applications of re-
search;
(2) coordinate, review, and facilitate the sys-
tematic identification and evaluation of, clini-
cally relevant information from research con-
ducted by or through the national research in-
stitutes;
(3) promote the effective transfer of the in-
formation described in paragraph (2) to the 
health care community and to entities that 
require such information;
(4) monitor the effectiveness of the activities 
described in paragraph (3); and
(5) ensure that, after January 1, 1994, all new 
or revised health education and promotion 
materials developed or funded by the National 
Institutes of Health and intended for the gen-
eral public are in a form that does not exceed 
a level of functional literacy, as defined in the 
National Literacy Act of 1991 (Public Law 
102–73).
(f) Associate Director for Prevention; functions

There shall be in the National Institutes of Health an Associate Director for Prevention. The Director of NIH shall delegate to the Associate Director for Prevention the functions of the Director relating to the promotion of the disease prevention research programs of the national research institutes and the coordination of such programs among the national research institutes and between the national research institutes and other public and private entities, including elementary, secondary, and post-secondary schools. The Associate Director shall—

(1) annually review the efficacy of existing policies and techniques used by the national research institutes to disseminate the results of disease prevention and behavioral research programs; and

(2) recommend, coordinate, and oversee the modification or reconstruction of such policies and techniques to ensure maximum dissemination, using advanced technologies to the maximum extent practicable, of research results to such entities.

(g) Enhancing competitiveness of certain entities in obtaining research funds

(1) (A) The Department of Health and Human Services, through the Secretary, shall establish, maintain, and operate a data bank of information on clinical trials for drugs for serious or life-threatening diseases and conditions (in this subsection referred to as the “data bank”). The data bank shall collect, catalog, store, and disseminate information described in paragraphs (a), (b), (c), and (d). The Secretary shall collect, catalog, store, and disseminate information described in such paragraph. The Secretary shall disseminate such information through information systems, which shall include toll-free telephone communications, available to individuals with serious or life-threatening diseases and conditions, to other members of the public, to health care providers, and to researchers.

(2) The data bank shall include the following:

(A) A registry of clinical trials (whether federally or privately funded) of experimental treatments for serious or life-threatening diseases and conditions under regulations promulgated pursuant to section 355(e) of title 21, which provides a description of the purpose of each experimental drug, either with the consent of the protocol sponsor or when a trial to test effectiveness begins. Information provided shall consist of eligibility criteria for participation in the clinical trials, a description of the location of trial sites, a point of contact for those wanting to enroll in the trial, and a description of whether, and through what procedure, the manufacturer or sponsor of the investigation of a new drug will respond to requests for protocol exception, with appropriate safeguards, for single-patient and expanded protocol use of the new drug, particularly in children, and shall be in a form that can be readily understood by members of the public. Such information shall be forwarded to the data bank by the sponsor of the trial not later than 21 days after the approval of the protocol.

(B) Information pertaining to experimental treatments for serious or life-threatening diseases and conditions that may be available—

(i) under a treatment investigational new drug application that has been submitted to the Secretary under section 360bbb(c) of title 21; or
§ 282

The data bank may also include information pertaining to the results of clinical trials of such treatments, with the consent of the sponsor, including information concerning potential toxicities or adverse effects associated with the use or administration of such experimental treatments.

(4) The data bank shall not include information relating to an investigation if the sponsor has provided a detailed certification to the Secretary that disclosure of such information would substantially interfere with the timely enrollment of subjects in the investigation, unless the Secretary, after the receipt of the certification, provides the sponsor with a detailed written determination that such disclosure would not substantially interfere with such enrollment.

(5) Fees collected under section 379h of title 21 shall not be used in carrying out this subsection.

(j) Expanded clinical trial registry data bank

(1) Definitions; requirement

(A) Definitions

In this subsection:

(i) Applicable clinical trial

The term “applicable clinical trial” means an applicable device clinical trial or an applicable drug clinical trial.

(ii) Applicable device clinical trial

The term “applicable device clinical trial” means—

(I) a prospective clinical study of health outcomes comparing an intervention with a device subject to section 360(k), 360e, or 360(j) of title 21 against a control in human subjects (other than a small clinical trial to determine the feasibility of a device, or a clinical trial to test prototype devices where the primary outcome measure relates to feasibility and not to health outcomes); and

(II) a pediatric postmarket surveillance as required under section 360I of title 21.

(iii) Applicable drug clinical trial

(I) In general

The term “applicable drug clinical trial” means a controlled clinical investigation, other than a phase I clinical investigation, of a drug subject to section 355 of title 21 or to section 262 of this title.

(II) Clinical investigation

For purposes of subclause (I), the term “clinical investigation” has the meaning given that term in section 312.3 of title 21, Code of Federal Regulations (or any successor regulation).

(III) Phase I

For purposes of subclause (I), the term “phase I” has the meaning given that term in section 312.21 of title 21, Code of Federal Regulations (or any successor regulation).

(iv) Clinical trial information

The term “clinical trial information” means, with respect to an applicable clinical trial, those data elements that the responsible party is required to submit under paragraph (2) or under paragraph (3).

(v) Completion date

The term “completion date” means, with respect to an applicable clinical trial, the date that the final subject was examined or received an intervention for the purposes of final collection of data for the primary outcome, whether the clinical trial concluded according to the prespecified protocol or was terminated.

(vi) Device

The term “device” means a device as defined in section 321(h) of title 21.

(vii) Drug

The term “drug” means a drug as defined in section 321(g) of title 21 or a biological product as defined in section 262 of this title.

(viii) Ongoing

The term “ongoing” means, with respect to a clinical trial of a drug or a device and to a date, that—

(I) 1 or more patients is enrolled in the clinical trial; and

(II) the date is before the completion date of the clinical trial.

(ix) Responsible party

The term “responsible party”, with respect to a clinical trial of a drug or device, means—

(I) the sponsor of the clinical trial (as defined in section 50.3 of title 21, Code of Federal Regulations (or any successor regulation)); or

(II) the principal investigator of such clinical trial if so designated by a sponsor, grantee, contractor, or awardee, so long as the principal investigator is responsible for conducting the trial, has access to and control over the data from the clinical trial, has the right to publish the results of the trial, and has the ability to meet all of the requirements under this subsection for the submission of clinical trial information.

(B) Requirement

The Secretary shall develop a mechanism by which the responsible party for each applicable clinical trial shall submit the identity and contact information of such responsible party to the Secretary at the time of submission of clinical trial information under paragraph (2).

(2) Expansion of clinical trial registry data bank with respect to clinical trial information

(A) In general

(i) Expansion of data bank

To enhance patient enrollment and provide a mechanism to track subsequent
progress of clinical trials, the Secretary, acting through the Director of NIH, shall expand, in accordance with this subsection, the clinical trials registry of the data bank described under subsection (i)(1) (referred to in this subsection as the "registry data bank"). The Director of NIH shall ensure that the registry data bank is made publicly available through the Internet.

(ii) Content

The clinical trial information required to be submitted under this paragraph for an applicable clinical trial shall include—

(I) descriptive information, including—

(aa) a brief title, intended for the lay public;

(bb) a brief summary, intended for the lay public;

(cc) the primary purpose;

(dd) the study design;

(ee) for an applicable drug clinical trial, the study phase;

(ff) study type;

(gg) the primary disease or condition being studied, or the focus of the study;

(hh) the intervention name and intervention type;

(ii) the study start date;

(jj) the expected completion date;

(kk) the target number of subjects; and

(ll) outcomes, including primary and secondary outcome measures;

(II) recruitment information, including—

(aa) eligibility criteria;

(bb) gender;

(cc) age limits;

(dd) whether the trial accepts healthy volunteers;

(ee) overall recruitment status;

(ff) individual site status; and

(gg) in the case of an applicable drug clinical trial, if the drug is not approved under section 355 of title 21 or licensed under section 262 of this title, specify whether or not there is expanded access to the drug under section 360bbb of title 21 for those who do not qualify for enrollment in the clinical trial and how to obtain information about such access;

(III) location and contact information, including—

(aa) the name of the sponsor;

(bb) the responsible party, by official title; and

(cc) the facility name and facility contact information (including the city, State, and zip code for each clinical trial location, or a toll-free number through which such location information may be accessed); and

(IV) administrative data (which the Secretary may make publicly available as necessary), including—

(aa) the unique protocol identification number; (bb) other protocol identification numbers, if any; and

(cc) the Food and Drug Administration IND/IDE protocol number and the record verification date.

(iii) Modifications

The Secretary may by regulation modify the requirements for clinical trial information under this paragraph, if the Secretary provides a rationale for why such a modification improves and does not reduce such clinical trial information.

(B) Format and structure

(i) Searchable categories

The Director of NIH shall ensure that the public may, in addition to keyword searching, search the entries in the registry data bank by 1 or more of the following criteria:

(I) The disease or condition being studied in the clinical trial, using Medical Subject Headers (MeSH) descriptors.

(II) The name of the intervention, including any drug or device being studied in the clinical trial.

(III) The location of the clinical trial.

(IV) The age group studied in the clinical trial, including pediatric subpopulations.

(V) The study phase of the clinical trial.

(VI) The sponsor of the clinical trial, which may be the National Institutes of Health or another Federal agency, a private industry source, or a university or other organization.

(VII) The recruitment status of the clinical trial.

(VIII) The National Clinical Trial number or other study identification for the clinical trial.

(ii) Additional searchable category

Not later than 18 months after September 27, 2007, the Director of NIH shall ensure that the public may search the entries of the registry data bank by the safety issue, if any, being studied in the clinical trial as a primary or secondary outcome.

(iii) Other elements

The Director of NIH shall also ensure that the public may search the entries of the registry data bank by such other elements as the Director deems necessary on an ongoing basis.

(iv) Format

The Director of the NIH shall ensure that the registry data bank is easily used by the public, and that entries are easily compared.

(C) Data submission

The responsible party for an applicable clinical trial, including an applicable drug clinical trial for a serious or life-threatening disease or condition, that is initiated after, or is ongoing on the date that is 90 days after, September 27, 2007, shall submit to the
§ 282

Director of NIH for inclusion in the registry data bank the clinical trial information described in of subparagraph (A)(ii) not later than the later of—

(i) 90 days after September 27, 2007;
(ii) 21 days after the first patient is enrolled in such clinical trial; or
(iii) in the case of a clinical trial that is not for a serious or life-threatening disease or condition and that is ongoing on September 27, 2007, 1 year after September 27, 2007.

(D) Posting of data

(i) Applicable drug clinical trial

The Director of NIH shall ensure that clinical trial information for an applicable drug clinical trial submitted in accordance with this paragraph is posted in the registry data bank not later than 30 days after such submission.

(ii) Applicable device clinical trial

The Director of NIH shall ensure that clinical trial information for an applicable device clinical trial submitted in accordance with this paragraph is posted publicly in the registry data bank—

(I) not earlier than the date of clearance under section 360(k) of title 21, or approval under section 360e or 360(m) of title 21, as applicable, for a device that was not previously cleared or approved, and not later than 30 days after such date; or
(II) for a device that was previously cleared or approved, not later than 30 days after the clinical trial information under paragraph (3)(C) is required to be posted by the Secretary.

(3) Expansion of registry data bank to include results of clinical trials

(A) Linking registry data bank to existing results

(i) In general

Beginning not later than 90 days after September 27, 2007, for those clinical trials that form the primary basis of an efficacy claim or are conducted after the drug involved is approved or after the device involved is cleared or approved, the Secretary shall ensure that the registry data bank includes links to results information as described in clause (ii) for such clinical trial—

(I) not earlier than 30 days after the date of the approval of the drug involved or clearance or approval of the device involved; or
(II) not later than 30 days after the results information described in clause (ii) becomes publicly available.

(ii) Required information

(1) FDA information

The Secretary shall ensure that the registry data bank includes links to the following information:

(aa) If an advisory committee considered at a meeting an applicable clinical trial, any posted Food and Drug Administration summary document regarding such applicable clinical trial.
(bb) If an applicable drug clinical trial was conducted under section 355a or 355c of title 21, a link to the posted Food and Drug Administration assessment of the results of such trial.
(cc) Food and Drug Administration public health advisories regarding the drug or device that is the subject of the applicable clinical trial, if any.
(dd) For an applicable drug clinical trial, the Food and Drug Administration action package for approval document required under section 355/j(2) of title 21.
(ee) For an applicable device clinical trial, in the case of a premarket application under section 360e of title 21, the detailed summary of information respecting the safety and effectiveness of the device described in subpart E of part 807, title 21, in the case of a report under section 360(k) of title 21, or, in the case of a report under section 360(k) of title 21, the section 360(k) summary of the safety and effectiveness data required under section 807.95(d) of title 21. Code of Federal Regulations (or any successor regulation).

(II) NIH information

The Secretary shall ensure that the registry data bank includes links to the following information:

(aa) Medline citations to any publications focused on the results of an applicable clinical trial.
(bb) The entry for the drug that is the subject of an applicable drug clinical trial in the National Library of Medicine database of structured product labels, if available.

(iii) Results for existing data bank entries

The Secretary may include the links described in clause (ii) for data bank entries for clinical trials submitted to the data bank prior to September 27, 2007, as available.

(B) Inclusion of results

The Secretary, acting through the Director of NIH, shall—

(i) expand the registry data bank to include the results of applicable clinical trials (referred to in this subsection as the “registry and results data bank”);
(ii) ensure that such results are made publicly available through the Internet;
(iii) post publicly a glossary for the lay public explaining technical terms related to the results of clinical trials; and
(iv) in consultation with experts on risk communication, provide information with the information included under subparagraph (C) in the registry and results data bank to help ensure that such information does not mislead the patients or the public.

\(^1\) So in original. The word “of” probably should not appear.
(C) Basic results
Not later than 1 year after September 27, 2007, the Secretary shall include in the registry and results data bank for each applicable clinical trial for a drug that is approved under section 355 of title 21 or licensed under section 262 of this title or a device that is cleared under section 360(k) of title 21 or approved under section 360e or 360j(m) of title 21, the following elements:

(i) Demographic and baseline characteristics of patient sample
A table of the demographic and baseline data collected overall and for each arm of the clinical trial to describe the patients who participated in the clinical trial, including the number of patients who dropped out of the clinical trial and the number of patients excluded from the analysis, if any.

(ii) Primary and secondary outcomes
The primary and secondary outcome measures as submitted under paragraph (2)(A)(i)(II), and a table of values for each of the primary and secondary outcome measures for each arm of the clinical trial, including the results of scientifically appropriate tests of the statistical significance of such outcome measures.

(iii) Point of contact
A point of contact for scientific information about the clinical trial results.

(iv) Certain agreements
Whether there exists an agreement (other than an agreement solely to comply with applicable provisions of law protecting the privacy of participants) between the sponsor or its agent and the principal investigator (unless the sponsor is an employer of the principal investigator) that restricts in any manner the ability of the principal investigator, after the completion date of the trial, to discuss the results of the trial at a scientific meeting or any other public or private forum, or to publish in a scientific or academic journal information concerning the results of the trial.

(D) Expanded registry and results data bank

(i) Expansion by rulemaking
To provide more complete results information and to enhance patient access to and understanding of the results of clinical trials, not later than 3 years after September 27, 2007, the Secretary shall by regulation expand the registry and results data bank as provided under this subparagraph.

(ii) Clinical trials

(I) Approved products
The regulations under this subparagraph shall require the inclusion of the results information described in clause (ii) for—

(aa) each applicable drug clinical trial for a drug that is approved under section 355 of title 21 or licensed under section 262 of this title; and

(bb) each applicable device clinical trial for a device that is cleared under section 360(k) of title 21 or approved under section 360e or 360j(m) of title 21.

(II) Unapproved products
The regulations under this subparagraph shall establish whether or not the results information described in clause (ii) shall be required for—

(aa) an applicable drug clinical trial for a drug that is not approved under section 355 of title 21 and not licensed under section 262 of this title (whether approval or licensure was sought or not); and

(bb) an applicable device clinical trial for a device that is not cleared under section 360(k) of title 21 and not approved under section 360e or section 360j(m) of title 21 (whether clearance or approval was sought or not).

(iii) Required elements
The regulations under this subparagraph shall require, in addition to the elements described in subparagraph (C), information within each of the following categories:

(I) A summary of the clinical trial and its results that is written in non-technical, understandable language for patients, if the Secretary determines that such types of summary can be included without being misleading or promotional.

(II) A summary of the clinical trial and its results that is technical in nature, if the Secretary determines that such types of summary can be included without being misleading or promotional.

(III) The full protocol or such information on the protocol for the trial as may be necessary to help to evaluate the results of the trial.

(IV) Such other categories as the Secretary determines appropriate.

(iv) Results submission
The results information described in clause (iii) shall be submitted to the Director of NIH for inclusion in the registry and results data bank as provided by subparagraph (E), except that the Secretary shall by regulation determine—

(I) whether the 1-year period for submission of clinical trial information described in subparagraph (E)(i) should be increased from 1 year to a period not to exceed 18 months;

(II) whether the clinical trial information described in clause (iii) should be required to be submitted for an applicable clinical trial for which the clinical trial information described in subparagraph (C) is submitted to the registry and results data bank before the effective date of the regulations issued under this subparagraph; and

(III) in the case when the clinical trial information described in clause (iii) is required to be submitted for the applicable clinical trials described in clause...
§ 282

Title 42—The Public Health and Welfare

(E) Submission of results information

(i) In general

Except as provided in clauses (iii), (iv), (v), and (vi) the responsible party for an applicable clinical trial that is described in clause (ii) shall submit to the Director of NIH for inclusion in the registry and results data bank the clinical trial information described in subparagraph (C) not later than 1 year, or such other period as may be provided by regulation under subparagraph (D), after the earlier of—

(I) the estimated completion date of the trial as described in paragraph (2)(A)(ii)(I)(jj));

(bb) whether there should be a delay of submission when approval, licensure, or clearance will not be sought.

(ii) Clinical trials described

An applicable clinical trial described in this clause is an applicable clinical trial subject to—

(I) paragraph (2)(C); and

(bb) the regulations issued under subparagraph (D).

(iii) Delayed submission of results with certification

If the responsible party for an applicable clinical trial submits a certification that clause (iv) or (v) applies to such clinical trial, the responsible party shall submit to the Director of NIH for inclusion in the registry and results data bank the clinical trial information described in subparagraphs (C) and (D) as required under the applicable clause.

(iv) Seeking initial approval of a drug or device

With respect to an applicable clinical trial that is completed before the drug is initially approved under section 355 of title 21 or initially licensed under section 362 of this title, or the device is initially cleared under section 360(k) or initially approved under section 360e or 360j(m) of title 21, the responsible party shall submit to the Director of NIH for inclusion in the registry and results data bank the clinical trial information described in subparagraphs (C) and (D) not later than 30 days after the drug or device is approved under such section 355, licensed under such section 262, cleared under such section 360(k), or approved under such section 360e or 360j(m), as applicable.

(v) Seeking approval of a new use for the drug or device

(I) In general

With respect to an applicable clinical trial where the manufacturer of the drug or device is the sponsor of an applicable clinical trial, and such manufacturer has filed, or will file within 1 year, an application seeking approval under section 355 of title 21, licensing under section 362 of this title, or clearance under section 360(k), or approval under section 360e or 360j(m) of title 21 for the use studied in such clinical trial (which use is not included in the labeling of the approved drug or device), then the responsible party shall submit to the Director of NIH for inclusion in the registry and results data bank the clinical trial information described in subparagraphs (C)

8So in original. The second closing parenthesis probably should not appear.
and (D) on the earlier of the date that is
30 days after the date—
   (aa) the new use of the drug or device
is approved under such section 355, li-
censed under such section 262, cleared
under such section 360(k), or approved
under such section 360e or 360j(m);
   (bb) the Secretary issues a letter,
such as a complete response letter, not
approving the submission or not clear-
ing the submission, a not approvable
letter, or a not substantially equiva-
 lent letter for the new use of the drug
or device under such section 355, 262,
360(k), 360e, or 360j(m); or
   (cc) except as provided in subclause
(III), the application or premarket no-
tification under such section 355, 262,
360(k), 360e, or 360j(m) is withdrawn
without resubmission for no less than
210 days.

(II) Requirement that each clinical trial
in application be treated the same

If a manufacturer makes a cer-
tification under clause (iii) that this clause
applies with respect to a clinical trial, the
manufacturer shall make such a cer-
tification with respect to each applicable
clinical trial that is required to be sub-
mitted in an application or report for li-
censure, approval, or clearance (under
section 262 of this title or section 355,
360(k), 360e, or 360j(m) of title 21, as ap-
plicable) of the use studied in the clin-
ical trial.

(III) Two-year limitation

The responsible party shall submit to
the Director of NIH for inclusion in the
registry and results data bank the clin-
ical trial information subject to sub-
clause (I) on the date that is 2 years
after the date a certification under
clause (iii) was made to the Director of
NIH, if an action referred to in item (aa),
(bb), or (cc) of subclause (I) has not oc-
curred by such date.

(vi) Extensions

The Director of NIH may provide an ex-
tension of the deadline for submission of
clinical trial information under clause (i)
if the responsible party for the trial sub-
mits to the Director a written request that
demonstrates good cause for the extension
and provides an estimate of the date on
which the information will be submitted.
The Director of NIH may grant more than
one such extension for a clinical trial.

(F) Notice to Director of NIH

The Commissioner of Food and Drugs shall
notify the Director of NIH when there is an
action described in subparagraph (E)(iv) or
item (aa), (bb), or (cc) of subparagraph
(E)(v) with respect to an application or a
report that includes a certification required
under paragraph (5)(B) of such action not
later than 30 days after such action.

(G) Posting of data

The Director of NIH shall ensure that the
clinical trial information described in sub-
paragraphs (C) and (D) for an applicable clin-
ical trial submitted in accordance with this
paragraph is posted publicly in the registry
and results database not later than 30 days
after such submission.

(H) Waivers regarding certain clinical trial
results

The Secretary may waive any applicable
requirements of this paragraph for an appli-
cable clinical trial, upon a written request
from the responsible party, if the Secretary
determines that extraordinary circum-
stances justify the waiver and that providing
the waiver is consistent with the protection
of public health, or in the interest of na-
tional security. Not later than 30 days after
any part of a waiver is granted, the Sec-
retary shall notify, in writing, the appro-
priate committees of Congress of the waiver
and provide an explanation for why the
waiver was granted.

(I) Adverse events

(i) Regulations

Not later than 18 months after Septem-
ber 27, 2007, the Secretary shall by regula-
tion determine the best method for includ-
ing in the registry and results data bank
appropriate results information on serious
adverse and frequent adverse events for ap-
plicable clinical trials described in sub-
paragraph (C) in a manner and form that is
useful and not misleading to patients, phy-
sicians, and scientists.

(ii) Default

If the Secretary fails to issue the regula-
tion required by clause (i) by the date that
is 24 months after September 27, 2007,
clause (iii) shall take effect.

(iii) Additional elements

Upon the application of clause (ii), the
Secretary shall include in the registry and
results data bank for applicable clinical
trials described in subparagraph (C), in ad-
dition to the clinical trial information de-
scribed in subparagraph (C), the following
elements:

(I) Serious adverse events

A table of anticipated and unantici-
pated serious adverse events grouped by
organ system, with number and fre-
quency of such event in each arm of the
clinical trial.

(II) Frequent adverse events

A table of anticipated and unantici-
pated adverse events that are not in-
cluded in the table described in sub-
clause (I) that exceed a frequency of 5
percent within any arm of the clinical
trial, grouped by organ system, with
number and frequency of such event in
each arm of the clinical trial.

(iv) Posting of other information

In carrying out clause (iii), the Sec-
retary shall, in consultation with experts
in risk communication, post with the
tables information to enhance patient un-
So in original. The second closing parenthesis probably should not appear.

(4) **Additional submissions of clinical trial information**

(A) **Voluntary submissions**

A responsible party for a clinical trial that is not an applicable clinical trial, or that is an applicable clinical trial that is not subject to paragraph (2)(C), may submit complete clinical trial information described in paragraph (2) or paragraph (3) provided the responsible party submits clinical trial information for each applicable clinical trial that is required to be submitted under section 262 of this title or under section 355, 360(k), 360e, or 360(j)(m) of title 21 in an application or report for licensure, approval, or clearance of the drug or device for the use studied in the clinical trial.

(B) **Required submissions**

(i) **In general**

Notwithstanding paragraphs (2) and (3) and subparagraph (A), in any case in which the Secretary determines for a specific clinical trial described in clause (ii) that posting in the registry and results data bank of clinical trial information for such clinical trial is necessary to protect the public health—

(I) the Secretary may require by notification that such information be submitted to the Secretary in accordance with paragraphs (2) and (3) except with regard to timing of submission;

(II) unless the responsible party submits a certification under paragraph (3)(E)(ii), such information shall be submitted not later than 30 days after the date specified by the Secretary in the notification; and

(III) failure to comply with the requirements under subclauses (I) and (II) shall be treated as a violation of the corresponding requirement of such paragraphs.

(ii) **Clinical trials described**

A clinical trial described in this clause is—

(I) an applicable clinical trial for a drug that is approved under section 355 of title 21 or licensed under section 262 of this title or for a device that is cleared under section 360(k) of title 21 or approved under section 360e or section 360(m) of title 21, whose completion date is on or after the date 10 years before September 27, 2007; or

(II) an applicable clinical trial that is described by both by paragraph (2)(C) and paragraph (3)(D)(i)(II).4

(C) **Updates to clinical trial data bank**

(i) **Submission of updates**

The responsible party for an applicable clinical trial shall submit to the Director of NIH for inclusion in the registry and results data bank updates to reflect changes to the clinical trial information submitted under paragraph (2). Such updates—

(I) shall be provided not less than once every 12 months, unless there were no changes to the clinical trial information during the preceding 12-month period;

(II) shall include identification of the dates of any such changes;

(III) not later than 30 days after the completion date of the clinical trial, shall include an update of the recruitment status; and

(IV) not later than 30 days after the completion date of the clinical trial, shall include notification to the Director that such clinical trial is complete.

(ii) **Public availability of updates**

The Director of NIH shall make updates submitted under clause (i) publicly available in the registry data bank. Except with regard to overall recruitment status, individual site status, location, and contact information, the Director of NIH shall ensure that updates to elements required under subclauses (I) to (V) of paragraph (2)(A)(ii) do not result in the removal of any information from the original submissions or any preceding updates, and information in such databases is presented in a manner that enables users to readily access each original element submission and to track the changes made by the updates.

The Director of NIH shall provide a link from the table of primary and secondary outcomes required under paragraph (3)(C)(ii) to the tracked history required under this clause of the primary and secondary outcome measures submitted under paragraph (2)(A)(ii)(I)(II).

(5) **Coordination and compliance**

(A) **Clinical trials supported by grants from Federal agencies**

(i) **Grants from certain Federal agencies**

If an applicable clinical trial is funded in whole or in part by a grant from any agency of the Department of Health and Human Services, including the Food and Drug Administration, the National Institutes of Health, or the Agency for Healthcare Research and Quality, any grant or progress report forms required under such grant shall include a certification that the responsible party has made all required submissions to the Director of NIH under paragraphs (2) and (3).

(ii) **Verification by Federal agencies**

The heads of the agencies referred to in clause (i), as applicable, shall verify that the clinical trial information for each applicable clinical trial for which a grantee is the responsible party has been submitted under paragraphs (2) and (3) before re-
leasing any remaining funding for a grant or funding for a future grant to such grantee.

(iii) Notice and opportunity to remedy

If the head of an agency referred to in clause (i), as applicable, verifies that a grantee has not submitted clinical trial information as described in clause (ii), such agency head shall provide notice to such grantee of such non-compliance and allow such grantee 30 days to correct such non-compliance and submit the required clinical trial information.

(iv) Consultation with other Federal agencies

The Secretary shall—
(I) consult with other agencies that conduct research involving human subjects in accordance with any section of part 46 of title 45, Code of Federal Regulations (or any successor regulations), to determine if any such research is an applicable clinical trial; and
(II) develop with such agencies procedures comparable to those described in clauses (i), (ii), and (iii) to ensure that clinical trial information for such applicable clinical trial is submitted under paragraphs (2) and (3).

(B) Certification to accompany drug, biological product, and device submissions

At the time of submission of an application under section 355 of title 21, section 360e of title 21, section 360j(m) of title 21, or section 262 of this title, or submission of a report under section 360(k) of title 21, such application or submission shall be accompanied by a certification that all applicable requirements of this subsection have been met. Where available, such certification shall include the appropriate National Clinical Trial control numbers.

(C) Quality control

(i) Pilot quality control project

Until the effective date of the regulations issued under paragraph (3)(D), the Secretary, acting through the Director of NIH and the Commissioner of Food and Drugs, shall conduct a pilot project to determine the optimal method of verification to help to ensure that the clinical trial information submitted under paragraph (3)(C) is non-promotional and is not false or misleading in any particular under subparagraph (D). The Secretary shall use the publicly available information described in paragraph (3)(A) and any other information available to the Secretary about applicable clinical trials to verify the accuracy of the clinical trial information submitted under paragraph (3)(C).

(ii) Notice of compliance

If the Secretary determines that any clinical trial information was not submitted as required under this subsection, or was submitted but is false or misleading in any particular, the Secretary shall notify the responsible party and give such party an opportunity to remedy such noncompliance by submitting the required revised clinical trial information not later than 30 days after such notification.

(D) Truthful clinical trial information

(i) In general

The clinical trial information submitted by a responsible party under this subsection shall not be false or misleading in any particular.

(ii) Effect

Clause (i) shall not have the effect of—
(I) requiring clinical trial information with respect to an applicable clinical trial to include information from any source other than such clinical trial involved; or
(II) requiring clinical trial information described in paragraph (3)(D) to be submitted for purposes of paragraph (3)(C).

(E) Public notices

(i) Notice of violations

If the responsible party for an applicable clinical trial fails to submit clinical trial information for such clinical trial as required under paragraphs (2) or (3), the Director of NIH shall include in the registry and results data bank entry for such clinical trial a notice—

(I) that the responsible party is not in compliance with this chapter by—
(aa) failing to submit required clinical trial information; or
(bb) submitting false or misleading clinical trial information;
(II) of the penalties imposed for the violation, if any; and
(III) whether the responsible party has corrected the clinical trial information in the registry and results data bank.

(ii) Notice of failure to submit primary and secondary outcomes

If the responsible party for an applicable clinical trial fails to submit the primary and secondary outcomes as required under section 2(A)(ii)(I)(L), the Director of NIH shall include in the registry and results data bank entry for such clinical trial a notice that the responsible party is not in compliance by failing to register the primary and secondary outcomes in accordance with this chapter, and that the primary and secondary outcomes were not publicly disclosed in the database before conducting the clinical trial.

(iii) Failure to submit statement

The notice under clause (i) for a violation described in clause (i)(I)(aa) shall include the following statement: “The entry for this clinical trial was not complete at the time of submission, as required by law. This may or may not have any bearing on the accuracy of the information in the entry.”.

8So in original. Probably should be “paragraph (2)(A)(ii)(I)(L),”.
(iv) Submission of false information statement
The notice under clause (i) for a violation described in clause (i)(I)(bb) shall include the following statement: “The entry for this clinical trial was found to be false or misleading and therefore not in compliance with the law.”.
(v) Non-submission of statement
The notice under clause (ii) for a violation described in clause (ii) shall include the following statement: “The entry for this clinical trial did not contain information on the primary and secondary outcomes at the time of submission, as required by law. This may or may not have any bearing on the accuracy of the information in the entry.”.
(vi) Compliance searches
The Director of NIH shall provide that the public may easily search the registry and results data bank for entries that include notices required under this subparagraph.
(6) Limitation on disclosure of clinical trial information
(A) Nothing in this section shall require the Secretary to publicly disclose, by any means other than the registry and results data bank, information described in subparagraph (B).
(B) Information described
Information described in this subparagraph is—
(i) information submitted to the Director of NIH under this section, or information of the same general nature as (or integrally associated with) the information so submitted; and
(ii) information not otherwise publicly available, including because it is protected from disclosure under section 552 of title 5.
(7) Authorization of appropriations
There are authorized to be appropriated to carry out this subsection $10,000,000 for each fiscal year.

(k) Day care for children of employees
(1) The Director of NIH may establish a program to provide day care services for the employees of the National Institutes of Health similar to those services provided by other Federal agencies (including the availability of day care service on a 24-hour-a-day basis).
(2) Any day care provider at the National Institutes of Health shall establish a sliding scale of fees that takes into consideration the income and needs of the employee.
(3) For purposes regarding the provision of day care services, the Director of NIH may enter into rental or lease purchase agreements.

(l) Council of Councils
(1) Establishment
Not later than 90 days after January 15, 2007, the Director of NIH shall establish within the Office of the Director an advisory council to be known as the “Council of Councils” (referred to in this subsection as the “Council”) for the purpose of advising the Director on matters related to the policies and activities of the Division of Program Coordination, Planning, and Strategic Initiatives, including making recommendations with respect to the conduct and support of research described in subsection (b)(7).
(2) Membership
(A) In general
The Council shall be composed of 27 members selected by the Director of NIH with approval from the Secretary from among the list of nominees under subparagraph (C).
(B) Certain requirements
In selecting the members of the Council, the Director of NIH shall ensure—
(i) the representation of a broad range of disciplines and perspectives; and
(ii) the ongoing inclusion of at least 1 representative from each national research institute whose budget is substantial relative to a majority of the other institutes.
(C) Nomination
The Director of NIH shall maintain an updated list of individuals who have been nominated to serve on the Council, which list shall consist of the following:
(i) For each national research institute and national center, 3 individuals nominated by the head of such institute or center from among the members of the advisory council of the institute or center, of which—
(I) two shall be scientists; and
(II) one shall be from the general public or shall be a leader in the field of public policy, law, health policy, economics, or management.
(ii) For each office within the Division of Program Coordination, Planning, and Strategic Initiatives, 1 individual nominated by the head of such office.
(iii) Members of the Council of Public Representatives.
(3) Terms
(A) In general
The term of service for a member of the Council shall be 6 years, except as provided in subparagraphs (B) and (C).
(B) Terms of initial appointees
Of the initial members selected for the Council, the Director of NIH shall designate—
(i) nine for a term of 6 years;
(ii) nine for a term of 4 years; and
(iii) nine for a term of 2 years.
(C) Vacancies
Any member appointed to fill a vacancy occurring before the expiration of the term for which the member’s predecessor was appointed shall be appointed only for the remainder of that term. A member may serve after the expiration of that member’s term until a successor has taken office.

Subsec. (b)(2), (3), Pub. L. 109–482, § 110(b), added pars. (2) and (3) which read as follows: "(2) shall coordinate and oversee the operation of the national research institutes and administrative entities within the National Institutes of Health; . . .

\[\ldots\]
“(B) a detailed statement of the expenditures made for the prevention and dissemination activities reported on and the personnel used in connection with such activities.”

1997—Subsecs. (j) to (l). Pub. L. 105–115 added subsec. (j) and redesignated former subsecs. (j) and (k) as (k) and (l), respectively.

Subsec. (f). Pub. L. 103–43, §201, substituted “other public and private entities, including elementary, secondary, and post-secondary schools. The Associate Director shall” for “the Associate Director shall” and inserted “and” at the end of par. (1) to (3) for “other public and private entities. The Associate Director shall annually report to the Director of NIH on the prevention activities undertaken by the Associate Director. The report shall include a detailed statement of the expenditures made for the activities reported on and the personnel used in connection with such activities.”

1988—Subsec. (d)(6). Pub. L. 100–607 inserted “and scientific program advisory committees” after “peer review groups”.

Effective Date of 2007 Amendment
Amendment by Pub. L. 109–482 applicable only with respect to amounts appropriated for fiscal year 2007 or subsequent fiscal years, see section 109 of Pub. L. 109–482, set out as a note under section 261 of this title.

Effective Date of 1997 Amendment
Amendment by Pub. L. 105–115 effective 90 days after Nov. 21, 1997, except as otherwise provided, see section 501 of Pub. L. 105–115, set out as a note under section 261 of Title 21, Food and Drugs.

Effective Date of 1992 Amendment
Amendment by Pub. L. 102–321 effective Oct. 1, 1992, with provision for programs providing financial assistance, see section 801(c), (d) of Pub. L. 102–321, set out as a note under section 236 of this title.

Rule of Construction Regarding Continuation of Programs
Pub. L. 109–482, title I, §103(c), Jan. 15, 2007, 120 Stat. 3689, provided that: “The amendment of a provision by a provision of subsection (b) [amending this section and sections 283a, 283d, 283g to 283l, 284l to 284m, 284n, 284m, 285a–9, 285d–9, 285d–10, 285e–7a, 285f–7, 285f–9, 285h–5, 285j–5, 285j–6, 285l–11, 286a–4, 286a–5, 286a–11, and 286a–2 of this title] may not be construed as terminating the authority of the Federal agency involved to carry out the program.”

Demonstration Grants for Improving Pediatric Device Availability
Pub. L. 110–85, title III, §305, Sept. 27, 2007, 121 Stat. 863, provided that:

“(1) IN GENERAL.—

“(A) REQUEST FOR PROPOSALS.—Not later than 90 days after the date of the enactment of this Act [Sept. 27, 2007], the Secretary of Health and Human Services shall issue a request for proposals for one or more grants or contracts to nonprofit consortia for demonstration projects to promote pediatric device development.

“(B) DETERMINATION ON GRANTS OR CONTRACTS.—Not later than 180 days after the date the Secretary of Health and Human Services issues a request for proposals under paragraph (1), the Secretary shall make a determination on the grants or contracts under this section.

“(B) APPLICATION.—A nonprofit consortium that desires to receive a grant or contract under this section shall submit an application to the Secretary of Health and Human Services at such time, in such manner, and containing such information as the Secretary may require.

“(c) USE OF FUNDS.—A nonprofit consortium that receives a grant or contract under this section shall facilitate the development, production, and distribution of pediatric medical devices by—

“(1) encouraging innovation and connecting qualified individuals with pediatric device ideas with potential manufacturers;

“(2) mentoring and managing pediatric device projects through the development process, including product identification, prototype design, device development, and marketing;

“(3) connecting innovators and physicians to existing Federal and non-Federal resources, including resources from the Food and Drug Administration, the National Institutes of Health, the Small Business Administration, the Department of Energy, the Department of Education, the National Science Foundation, the Department of Veterans Affairs, the Agency for Healthcare Research and Quality, and the National Institute of Standards and Technology;

“(4) assessing the scientific and medical merit of proposed pediatric device projects; and

“(5) providing assistance and advice as needed on business development, personnel training, prototype development, postmarket needs, and other activities consistent with the purposes of this section.

“(d) COORDINATION.—

“(1) NATIONAL INSTITUTES OF HEALTH.—Each consortium that receives a grant or contract under this section shall—

“(A) coordinate with the National Institutes of Health’s pediatric device contact point or office, designated under section 402(j) of the Public Health Service Act [subsec. (b)(22) of this section], as added by section 304(a) of this Act; and

“(B) provide to the National Institutes of Health any identified pediatric device needs that the consortium lacks sufficient capacity to address or those needs in which the consortium has been unable to stimulate manufacturer interest.

“(2) FOOD AND DRUG ADMINISTRATION.—Each consortium that receives a grant or contract under this section shall coordinate with the Commissioner of Food and Drugs and device companies to facilitate the application for approval or clearance of devices labeled for pediatric use.

“(3) EFFECTIVENESS AND OUTCOMES.—Each consortium that receives a grant or contract under this section shall annually report to the Secretary of Health and Human Services on the status of pediatric device development, production, and distribution that has been facilitated by the consortium.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section $6,000,000 for each of fiscal years 2008 through 2012.”

Surveillances
Pub. L. 110–85, title VIII, §801(c), Sept. 27, 2007, 121 Stat. 921, provided that: “Not later than 12 months after the date of the enactment of this Act [Sept. 27, 2007], the Secretary of Health and Human Services shall issue guidance on how the requirements of section 402(j) of the Public Health Service Act [subsec. (j) of this section], as added by this section, apply to a pediatric postmarket surveillance described in paragraph (1)(A)(ii)(II) of such section 402(j) that is not a clinical trial.”

Preamption
Pub. L. 110–85, title VIII, §801(d), Sept. 27, 2007, 121 Stat. 922, provided that:
“(1) IN GENERAL.—Upon the expansion of the registry and results data bank under section 402(j)(3)(D) of the Public Health Service Act (as added by this section), all State or political subdivision of a State may establish or continue in effect any requirement for the registration of clinical trials or for the inclusion of information relating to the results of clinical trials in a database.

“(2) RULE OF CONSTRUCTION.—The fact of submission of clinical trial information, if submitted in compliance with subsection (j) of section 402 of the Public Health Service Act (as amended by this section), that relates to a use of a drug or device not included in the official labeling of the approved drug or device shall not be construed by the Secretary of Health and Human Services or in any administrative or judicial proceeding, as evidence of a new intended use of the drug or device that is different from the intended use of the drug or device set forth in the official labeling of the drug or device. The availability of clinical trial information through the registry and results data bank under such subsection (j), if submitted in compliance with such subsection, shall not be considered as labeling, adulteration, or misbranding of the drug or device under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.).”

COLLABORATION AND REPORT
Pub. L. 105–115, title I, § 113(b), Nov. 21, 1997, 111 Stat. 2312, directed the Secretary of Health and Human Services, the Director of the National Institutes of Health, and the Commissioner of Food and Drugs to collaborate to determine the feasibility of including device investigations within the scope of the data bank under subsec. (j) of this section, with the Secretary to report to Congress, not later than two years after Nov. 21, 1997, on the public health need, if any, for inclusion of device investigations within the scope of the data bank under subsec. (j), and on the adverse impact, if any, on device innovation and research in the United States if information relating to such device investigations was required to be publicly disclosed.

CHRONIC FATIGUE SYNDROME; EXPERTS AND RESEARCH REPRESENTATIVES ON ADVISORY COMMITTEES AND BOARDS

Section 402(c) of Pub. L. 103–43 provided that: “The Secretary of Health and Human Services, acting through the Director of the National Institutes of Health, shall ensure that appropriate individuals with expertise in chronic fatigue syndrome or neuromuscular diseases and representative of a variety of disciplines and fields within the research community are appointed to appropriate National Institutes of Health advisory committees and boards.”

THIRD-PARTY PAYMENTS REGARDING CERTAIN CLINICAL TRIALS AND CERTAIN LIFE-THREATENING ILLNESSES

Section 1901(a) of Pub. L. 103–43 provided that: “The Secretary of Health and Human Services, acting through the Director of the National Institutes of Health, shall conduct a study for the purpose of—

“(1) determining the policies of third-party payors regarding the payment of the costs of appropriate health services that are provided incident to the participation of individuals as subjects in clinical trials conducted in the development of drugs with respect to acquired immune deficiency syndrome, cancer, and other life-threatening illnesses; and

“(2) developing recommendations regarding such policies.”

PERSONNEL STUDY OF RECRUITMENT, RETENTION AND TURNOVER

Section 1905 of Pub. L. 103–43 directed Secretary of Health and Human Services, acting through Director of National Institutes of Health, to conduct a study to review the retention, recruitment, vacancy and turnover rates of support staff, including firefighters, law enforcement, procurement officers, technicians, nurses and clerical employees, to ensure that National Institutes of Health is adequately supporting conduct of efficient, effective and high quality research for the American public, and to submit a report to Congress on results of such study not later than 1 year after June 10, 1993.

CHRONIC PAIN CONDITIONS

Section 1907 of Pub. L. 103–43 directed Director of the National Institutes of Health to submit to Congress, not later than 2 years after June 10, 1993, a report and study on the incidence in the United States of cases of chronic pain, including chronic pain resulting from back injuries, reflex sympathetic dystrophy syndrome, temporomandibular joint disorder, post-herpetic neuropathy, painful diabetic neuropathy, phantom pain, and post-stroke pain, and the effect of such cases on the costs of health care in the United States.

SUPPORT FOR BIOENGINEERING RESEARCH

Section 1912 of Pub. L. 103–43 directed Secretary of Health and Human Services, acting through Director of the National Institutes of Health, to conduct a study for the purpose of determining the sources and amounts of public and private funding devoted to basic research in bioengineering, including biomaterials sciences, cellular bioprocessing, tissue and rehabilitation engineering, evaluating whether that commitment is sufficient to maintain the innovative edge that the United States has in these technologies, evaluating the role of the National Institutes of Health or any other Federal agency to achieve a greater commitment to innovation in bioengineering, and evaluating the need for better coordination and collaboration among Federal agencies and between the public and private sectors, and, not later than 1 year after June 19, 1993, to prepare and submit to Committee on Labor and Human Resources of Senate, and Committee on Energy and Commerce of House of Representatives, a report containing the findings of the study together with recommendations concerning the enactment of legislation to implement the results of such study.

MASTER PLAN FOR PHYSICAL INFRASTRUCTURE FOR RESEARCH

Section 2002 of Pub. L. 103–43 directed Secretary of Health and Human Services, acting through Director of the National Institutes of Health, not later than June 1, 1994, to present to Congress a master plan to provide for replacement or refurbishment of less than adequate buildings, utility equipment and distribution systems (including the resources that provide electrical and other utilities, chilled water, air handling, and other services that the Secretary, acting through the Director, deemed necessary), roads, walkways, parking areas, and grounds that underpin the laboratory and clinical facilities of the National Institutes of Health, and provided that the plan could make recommendations for the undertaking of new projects that are consistent with the objectives of this section, such as encircling the National Institutes of Health Federal enclave with an adequate chilled water conduit.

§ 282a. Authorization of appropriations

(a) In general

For the purpose of carrying out this subchapter, there are authorized to be appropriated—

(1) $30,331,309,000 for fiscal year 2007;

(2) $32,831,309,000 for fiscal year 2008; and

(3) such sums as may be necessary for fiscal year 2009.

(b) Office of the Director

Of the amount authorized to be appropriated under subsection (a) for a fiscal year, there are
authorized to be appropriated for programs and activities under this subchapter carried out through the Office of the Director of NIH such sums as may be necessary for each of the fiscal years 2007 through 2009.

(c) Trans-NIH research

(1) Common Fund

(A) Account

For the purpose of allocations under section 282(b)(7)(B) of this title (relating to research identified by the Division of Program Coordination, Planning, and Strategic Initiatives), there is established an account to be known as the Common Fund.

(B) Reservation

(i) In general

Of the total amount appropriated under subsection (a) for fiscal year 2007 or any subsequent fiscal year, the Director of NIH shall reserve an amount for the Common Fund, subject to any applicable provisions in appropriations Acts.

(ii) Minimum amount

For each fiscal year, the percentage constituted by the amount so reserved for the preceding fiscal year relative to the total amount appropriated under subsection (a) for such preceding fiscal year, subject to any applicable provisions in appropriations Acts.

(C) Common Fund strategic planning report

Not later than June 1, 2007, and every 2 years thereafter, the Secretary, acting through the Director of NIH, shall submit a report to the Congress containing a strategic plan for funding research described in section 282(b)(7)(A)(i) of this title—

(i) an estimate of the amounts determined by the Director of NIH to be appropriate for maximizing the potential of such research;

(ii) an estimate of the amounts determined by the Director of NIH to be sufficient for continuing to fund research activities previously identified by the Division of Program Coordination, Planning, and Strategic Initiatives;

(iii) an estimate of the amounts determined by the Director of NIH to be necessary to fund research described in section 282(b)(7)(A)(i) of this title—

(I) that is in addition to the research activities described in clause (ii); and

(II) for which there is the most substantial need.

(D) Evaluation

During the 6-month period following the end of the first fiscal year for which the total amount reserved under subparagraph (B) is equal to 5 percent of the total amount appropriated under subsection (a) for such fiscal year, the Secretary, acting through the Director of NIH, in consultation with the advisory council established under section 282(k) of this title, shall submit recommendations to the Congress for changes regarding amounts for the Common Fund.

(2) Trans-NIH research reporting

(A) Limitation

With respect to the total amount appropriated under subsection (a) for fiscal year 2008 or any subsequent fiscal year, if the head of a national research institute or national center fails to submit the report required by subparagraph (B) for the preceding fiscal year, the amount made available for the institute or center for the fiscal year involved may not exceed the amount made available for the institute or center for fiscal year 2006.

(B) Reporting

Not later than January 1, 2008, and each January 1st thereafter—

(i) the head of each national research institute or national center shall submit to the Director of NIH a report on the amount made available by the institute or center for conducting or supporting research that involves collaboration between the institute or center and 1 or more other national research institutes or national centers; and

(ii) the Secretary shall submit a report to the Congress identifying the percentage of funds made available by each national research institute and national center with respect to such fiscal year for conducting or supporting research described in clause (i).

(C) Determination

For purposes of determining the amount or percentage of funds to be reported under subparagraph (B), any amounts made available by an institute or center under section 282(b)(7)(B) of this title shall be included.

(D) Verification of amounts

Upon receipt of each report submitted under subparagraph (B)(i), the Director of NIH shall review and, in cases of discrepancy, verify the accuracy of the amounts specified in the report.

(E) Waiver

At the request of any national research institute or national center, the Director of NIH may waive the application of this paragraph to such institute or center if the Director finds that the conduct or support of research described in subparagraph (B)(i) is inconsistent with the mission of such institute or center.

(d) Transfer authority

Of the total amount appropriated under subsection (a) for a fiscal year, the Director of NIH may (in addition to the reservation under subsection (c)(1) for such year) transfer not more than 1 percent for programs or activities that are authorized in this subchapter and identified by the Director to receive funds pursuant to this subchapter.
subsection. In making such transfers, the Director may not decrease any appropriation account under subsection (a) by more than 1 percent.

(e) Rule of construction

This section may not be construed as affecting the authorities of the Director of NIH under section 281 of this title.

(July 1, 1944, ch. 373, title IV, § 402A, as added Pub. L. 109–482, title I, § 103(a), Jan. 15, 2007, 120 Stat. 3685.)

EFFECTIVE DATE

Section applicable only with respect to amounts appropriated for fiscal year 2007 or subsequent fiscal years, see section 109 of Pub. L. 109–482, set out as an Effective Date of 2007 Amendment note under section 281 of this title.

§ 282b. Electronic coding of grants and activities
