SUBPART II—INTERIM MAINTENANCE TREATMENT  
OF NARCOTICS DEPENDENCE

**§ 300y-11. Interim maintenance treatment**

**(a) Requirement regarding Secretary**

Subject to the following subsections of this section, for the purpose of reducing the incidence of the transmission of HIV disease pursuant to the intravenous abuse of heroin or other morphine-like drugs, the Secretary, in establishing conditions for the use of methadone in public or nonprofit private programs of treatment for dependence on such drugs, shall authorize such programs—

(1) to dispense methadone for treatment purposes to individuals who—

(A) meet the conditions for admission to such programs that dispense methadone as part of comprehensive treatment for such dependence; and

(B) are seeking admission to such programs that so dispense methadone, but as a result of the limited capacity of the programs, will not gain such admission until 14 or more days after seeking admission to the programs; and

(2) in dispensing methadone to such individuals, to provide only minimum ancillary services during the period in which the individuals are waiting for admission to programs of comprehensive treatment.

**(b) Inapplicability of requirement in certain circumstances**

**(1) In general**

The requirement established in subsection (a) of this section for the Secretary does not apply if any or all of the following conditions are met:

(A) The preponderance of scientific research indicates that the risk of the transmission of HIV disease pursuant to the intravenous abuse of drugs is minimal.

(B) The preponderance of scientific research indicates that the medically supervised dispensing of methadone is not an effective method of reducing the extent of dependence on heroin and other morphine-like drugs.

(C) The preponderance of available data indicates that, of treatment programs that dispense methadone as part of comprehensive treatment, a substantial majority admit all individuals seeking services to the programs not later than 14 days after the individuals seek admission to the programs.

**(2) Evaluation by Secretary**

In evaluating whether any or all of the conditions described in paragraph (1) have been met, the Secretary shall consult with the National Commission on Acquired Immune Deficiency Syndrome.

**(c) Conditions for obtaining authorization from Secretary**

**(1) In general**

In carrying out the requirement established in subsection (a) of this section, the Secretary

shall, after consultation with the National Commission on Acquired Immune Deficiency Syndrome, by regulation issue such conditions for treatment programs to obtain authorization from the Secretary to provide interim maintenance treatment as may be necessary to carry out the purpose described in such subsection. Such conditions shall include conditions for preventing the unauthorized use of methadone.

**(2) Counseling on HIV disease**

The regulations issued under paragraph (1) shall provide that an authorization described in such paragraph may not be issued to a treatment program unless the program provides to recipients of the treatment counseling on preventing exposure to and the transmission of HIV disease.

**(3) Permission of relevant State as condition of authorization**

The regulations issued under paragraph (1) shall provide that the Secretary may not provide an authorization described in such paragraph to any treatment program in a State unless the chief public health officer of the State has certified to the Secretary that—

(A) such officer does not object to the provision of such authorizations to treatment programs in the State; and

(B) the provision of interim maintenance services in the State will not reduce the capacity of comprehensive treatment programs in the State to admit individuals to the programs (relative to the date on which such officer so certifies).

**(4) Date certain for issuance of regulations; failure of Secretary**

The Secretary shall issue the final rule for purposes of the regulations required in paragraph (1), and such rule shall be effective, not later than the expiration of the 180-day period beginning on July 10, 1992. If the Secretary fails to meet the requirement of the preceding sentence, the proposed rule issued on March 2, 1989, with respect to part 291 of title 21, Code of Federal Regulations (docket numbered 88N-0444; 54 Fed. Reg. 8973 et seq.) is deemed to take effect as a final rule upon the expiration of such period, and the provisions of paragraph (3) of this subsection are deemed to be incorporated into such rule.

**(d) Definitions**

For purposes of this section:

(1) The term “interim maintenance services” means the provision of methadone in a treatment program under the circumstances described in paragraphs (1) and (2) of subsection (a) of this section.

(2) The term “HIV disease” means infection with the etiologic agent for acquired immune deficiency syndrome.

## SUBCHAPTER XVIII—ADOLESCENT FAMILY LIFE DEMONSTRATION PROJECTS

## § 300z. Findings and purposes

(a) The Congress finds that—

(1) in 1978, an estimated one million one hundred thousand teenagers became pregnant, more than five hundred thousand teenagers carried their babies to term, and over one-half of the babies born to such teenagers were born out of wedlock;

(2) adolescents aged seventeen and younger accounted for more than one-half of the out of wedlock births to teenagers;

(3) in a high proportion of cases, the pregnant adolescent is herself the product of an unmarried parenthood during adolescence and is continuing the pattern in her own lifestyle;

(4) it is estimated that approximately 80 per centum of unmarried teenagers who carry their pregnancies to term live with their families before and during their pregnancy and remain with their families after the birth of the child;

(5) pregnancy and childbirth among unmarried adolescents, particularly young adolescents, often results in severe adverse health, social, and economic consequences including: a higher percentage of pregnancy and childbirth complications; a higher incidence of low birth weight babies; a higher infant mortality and morbidity; a greater likelihood that an adolescent marriage will end in divorce; a decreased likelihood of completing schooling; and higher risks of unemployment and welfare dependency; and therefore, education, training, and job research services are important for adolescent parents;

(6)(A) adoption is a positive option for unmarried pregnant adolescents who are unwilling or unable to care for their children since adoption is a means of providing permanent families for such children from available approved couples who are unable or have difficulty in conceiving or carrying children of their own to term; and

(B) at present, only 4 per centum of unmarried pregnant adolescents who carry their babies to term enter into an adoption plan or arrange for their babies to be cared for by relatives or friends;

(7) an unmarried adolescent who becomes pregnant once is likely to experience recurrent pregnancies and childbearing, with increased risks;

(8)(A) the problems of adolescent premarital sexual relations, pregnancy, and parenthood are multiple and complex and are frequently associated with or are a cause of other troublesome situations in the family; and

(B) such problems are best approached through a variety of integrated and essential services provided to adolescents and their families by other family members, religious and charitable organizations, voluntary associations, and other groups in the private sector as well as services provided by publicly sponsored initiatives;

(9) a wide array of educational, health, and supportive services are not available to adolescents with such problems or to their families, or when available frequently are fragmented and thus are of limited effectiveness in discouraging adolescent premarital sexual relations and the consequences of such relations;

(10)(A) prevention of adolescent sexual activity and adolescent pregnancy depends primarily upon developing strong family values and close family ties, and since the family is the basic social unit in which the values and attitudes of adolescents concerning sexuality and pregnancy are formed, programs designed to deal with issues of sexuality and pregnancy will be successful to the extent that such programs encourage and sustain the role of the family in dealing with adolescent sexual activity and adolescent pregnancy;

(B) Federal policy therefore should encourage the development of appropriate health,

educational, and social services where such services are now lacking or inadequate, and the better coordination of existing services where they are available; and

(C) services encouraged by the Federal Government should promote the involvement of parents with their adolescent children, and should emphasize the provision of support by other family members, religious and charitable organizations, voluntary associations, and other groups in the private sector in order to help adolescents and their families deal with complex issues of adolescent premarital sexual relations and the consequences of such relations; and

(11)(A) there has been limited research concerning the societal causes and consequences of adolescent pregnancy;

(B) there is limited knowledge concerning which means of intervention are effective in mediating or eliminating adolescent premarital sexual relations and adolescent pregnancy; and

(C) it is necessary to expand and strengthen such knowledge in order to develop an array of approaches to solving the problems of adolescent premarital sexual relations and adolescent pregnancy in both urban and rural settings.

(b) Therefore, the purposes of this subchapter are—

(1) to find effective means, within the context of the family, of reaching adolescents before they become sexually active in order to maximize the guidance and support available to adolescents from parents and other family members, and to promote self discipline and other prudent approaches to the problem of adolescent premarital sexual relations, including adolescent pregnancy;

(2) to promote adoption as an alternative for adolescent parents;

(3) to establish innovative, comprehensive, and integrated approaches to the delivery of care services both for pregnant adolescents, with primary emphasis on unmarried adolescents who are seventeen years of age or under, and for adolescent parents, which shall be based upon an assessment of existing programs and, where appropriate, upon efforts to establish better coordination, integration, and linkages among such existing programs in order to—

(A) enable pregnant adolescents to obtain proper care and assist pregnant adolescents and adolescent parents to become productive independent contributors to family and community life; and

(B) assist families of adolescents to understand and resolve the societal causes which are associated with adolescent pregnancy;

(4) to encourage and support research projects and demonstration projects concerning the societal causes and consequences of adolescent premarital sexual relations, contraceptive use, pregnancy, and child rearing;

(5) to support evaluative research to identify effective services which alleviate, eliminate, or resolve any negative consequences of adolescent premarital sexual relations and adoles-

cent childbearing for the parents, the child, and their families; and

(6) to encourage and provide for the dissemination of results, findings, and information from programs and research projects relating to adolescent premarital sexual relations, pregnancy, and parenthood.

(July 1, 1944, ch. 373, title XX, §2001, as added Pub. L. 97-35, title IX, §955(a), Aug. 13, 1981, 95 Stat. 578; amended Pub. L. 98-512, §2(b), (c), Oct. 19, 1984, 98 Stat. 2409.)

Demonstration projects shall, as appropriate, provide, supplement, or improve the quality of such services. Demonstration projects shall use such methods as will strengthen the capacity of families to deal with the sexual behavior, pregnancy, or parenthood of adolescents and to make use of support systems such as other family members, friends, religious and charitable organizations, and voluntary associations.

(1) care services;

#### § 300z-3. Uses of grants for demonstration projects for services

##### (a) Covered projects

Except as provided in subsection (b) of this section, funds provided for demonstration projects for services under this subchapter may be used by grantees only to—

(1) provide to eligible persons—

(A) care services;

(B) prevention services; or

(C) care and prevention services (in the case of a grantee who is providing a combination of care and prevention services);

(2) coordinate, integrate, and provide linkages among providers of care, prevention, and other services for eligible persons in furtherance of the purposes of this subchapter;

(3) provide supplemental services where such services are not adequate or not available to eligible persons in the community and which are essential to the care of pregnant adolescents and to the prevention of adolescent premarital sexual relations and adolescent pregnancy;

(1) No funds provided for a demonstration project for services under this subchapter may be used for the provision of family planning services (other than counseling and referral services) to adolescents unless appropriate family planning services are not otherwise available in the community.

(2) Any grantee who receives funds for a demonstration project for services under this subchapter and who, after determining under paragraph (1) that appropriate family planning services are not otherwise available in the community, provides family planning services (other than counseling and referral services) to adolescents may only use funds provided under this subchapter for such family planning services if all funds received by such grantee from all other sources to support such family planning services are insufficient to support such family planning services.

**(c) Fees for services: criteria**

Grantees who receive funds for a demonstration project for services under this subchapter shall charge fees for services pursuant to a fee schedule approved by the Secretary as a part of the application described in section 300z-5 of this title which bases fees charged by the grantee on the income of the eligible person or the parents or legal guardians of the eligible person and takes into account the difficulty adolescents face in obtaining resources to pay for services. A grantee who receives funds for a demonstration project for services under this subchapter may not, in any case, discriminate with regard to the provision of services to any individual because of that individual's inability to provide payment for such services, except that in determining the ability of an unemancipated minor to provide payment for services, the income of the family of an unemancipated minor shall be considered in determining the ability of such minor to make such payments unless the parents or guardians of the unemancipated minor refuse to make such payments.

(July 1, 1944, ch. 373, title XX, §2004, as added Pub. L. 97-35, title IX, §955(a), Aug. 13, 1981, 95 Stat. 583.)

**§ 300z-4. Grants for demonstration projects for services**

(A) in the case of an applicant who will provide care services, of having the ability to bring together a wide range of needed core services and, as appropriate, supplemental services in comprehensive single-site projects, or to establish a well-integrated network of such services (appropriate for the target population and geographic area to be served including the special needs of rural areas) for pregnant adolescents or adolescent parents; or

(B) in the case of an applicant who will provide prevention services, of having the ability to provide prevention services for adolescents and their families which are appropriate for the target population and the geographic area to be served, including the special needs of rural areas;

(7) have involved the community to be served, including public and private agencies, adolescents, and families, in the planning and implementation of the demonstration project; and

(8) will demonstrate innovative and effective approaches in addressing the problems of adolescent premarital sexual relations, pregnancy, or parenthood, including approaches to provide pregnant adolescents with adequate information about adoption.

**(b) Factors to be considered in making grants; special needs of rural areas**

(1) The amount of a grant for a demonstration project for services under this subchapter shall be determined by the Secretary, based on factors such as the incidence of adolescent pregnancy in the geographic area to be served, and the adequacy of pregnancy prevention services and programs of care for pregnant adolescents and adolescent parents in such area.

(2) In making grants for demonstration projects for services under this subchapter, the Secretary shall consider the special needs of rural areas and, to the maximum extent practicable, shall distribute funds taking into consideration the relative number of adolescents in such areas in need of such services.

**(c) Duration; Federal share**

(1) A grantee may not receive funds for a demonstration project for services under this subchapter for a period in excess of 5 years.

(2)(A) Subject to paragraph (3), a grant for a demonstration project for services under this subchapter may not exceed—

- (i) 70 per centum of the costs of the project for the first and second years of the project;
- (ii) 60 per centum of such costs for the third year of the project;
- (iii) 50 per centum of such costs for the fourth year of the project; and
- (iv) 40 per centum of such costs for the fifth year of the project.

(B) Non-Federal contributions required by subparagraph (A) may be in cash or in kind, fairly evaluated, including plant, equipment, or services.

(3) The Secretary may waive the limitation specified in paragraph (2)(A) for any year in accordance with criteria established by regulation.

(July 1, 1944, ch. 373, title XX, §2005, as added Pub. L. 97-35, title IX, §955(a), Aug. 13, 1981, 95 Stat. 584.)

- (1) an identification of the incidence of adolescent pregnancy and related problems;
- (2) a description of the economic conditions and income levels in the geographic area to be served;
- (3) a description of existing pregnancy prevention services and programs of care for pregnant adolescents and adolescent parents (including adoption services), and including where, how, by whom, and to which population groups such services are provided, and the extent to which they are coordinated in the geographic area to be served;
- (4) a description of the major unmet needs for services for adolescents at risk of initial or recurrent pregnancies and an estimate of the number of adolescents not being served in the area;
- (5)(A) in the case of an applicant who will provide care services, a description of how all

core services will be provided in the demonstration project using funds under this subchapter or will otherwise be provided by the grantee in the area to be served, the population to which such services will be provided, how such services will be coordinated, integrated, and linked with other related programs and services and the source or sources of funding of such core services in the public and private sectors; or

(B) in the case of an applicant who will provide prevention services, a description of the necessary services to be provided and how the applicant will provide such services;

(C) remand the petition to the special master for further action in accordance with the court's direction.

The court shall complete its action on a petition within 120 days of the filing of a response under paragraph (1) excluding any days the petition is before a special master as a result of a remand under subparagraph (C). The court may allow not more than 90 days for remands under subparagraph (C).

### § 300aa-13. Determination of eligibility and compensation

#### (a) General rule

(1) Compensation shall be awarded under the Program to a petitioner if the special master or court finds on the record as a whole—

(A) that the petitioner has demonstrated by a preponderance of the evidence the matters required in the petition by section 300aa-11(c)(1) of this title, and

(B) that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition.

The special master or court may not make such a finding based on the claims of a petitioner alone, unsubstantiated by medical records or by medical opinion.

(2) For purposes of paragraph (1), the term "factors unrelated to the administration of the vaccine"—

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumented cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner's evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner's illness, disability, injury, condition, or death.

#### (b) Matters to be considered

(1) In determining whether to award compensation to a petitioner under the Program, the special master or court shall consider, in addition to all other relevant medical and scientific evidence contained in the record—

(A) any diagnosis, conclusion, medical judgment, or autopsy or coroner's report which is contained in the record regarding the nature, causation, and aggravation of the petitioner's illness, disability, injury, condition, or death, and

(B) the results of any diagnostic or evaluative test which are contained in the record and the summaries and conclusions.

Any such diagnosis, conclusion, judgment, test result, report, or summary shall not be binding on the special master or court. In evaluating the

weight to be afforded to any such diagnosis, conclusion, judgment, test result, report, or summary, the special master or court shall consider the entire record and the course of the injury, disability, illness, or condition until the date of the judgment of the special master or court.

(2) The special master or court may find the first symptom or manifestation of onset or significant aggravation of an injury, disability, illness, condition, or death described in a petition occurred within the time period described in the Vaccine Injury Table even though the occurrence of such symptom or manifestation was not recorded or was incorrectly recorded as having occurred outside such period. Such a finding may be made only upon demonstration by a preponderance of the evidence that the onset or significant aggravation of the injury, disability, illness, condition, or death described in the petition did in fact occur within the time period described in the Vaccine Injury Table.

#### (c) "Record" defined

For purposes of this section, the term "record" means the record established by the special masters of the United States Court of Federal Claims in a proceeding on a petition filed under section 300aa-11 of this title.

(July 1, 1944, ch. 373, title XXI, §2113, as added Pub. L. 99-660, title III, §311(a), Nov. 14, 1986, 100 Stat. 3763; amended Pub. **(b) Qualifications and aids to interpretation**

The following qualifications and aids to interpretation shall apply to the Vaccine Injury Table in subsection (a) of this section:

(1) A shock-collapse or a hypotonic-hyporesponsive collapse may be evidenced by indicia or symptoms such as decrease or loss of muscle tone, paralysis (partial or complete), hemiplegia or hemiparesis, loss of color or turning pale white or blue, unresponsiveness to environmental stimuli, depression of consciousness, loss of consciousness, prolonged sleeping with difficulty arousing, or cardiovascular or respiratory arrest.

(2) A petitioner may be considered to have suffered a residual seizure disorder if the petitioner did not suffer a seizure or convulsion unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit before the first seizure or convulsion after the administration of the vaccine involved and if—

(A) in the case of a measles, mumps, or rubella vaccine or any combination of such vaccines, the first seizure or convulsion occurred within 15 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit, and

(B) in the case of any other vaccine, the first seizure or convulsion occurred within 3 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit.

(3)(A) The term “encephalopathy” means any significant acquired abnormality of, or injury to, or impairment of function of the brain. Among the frequent manifestations of encephalopathy are focal and diffuse neurologic signs, increased intracranial pressure, or changes lasting at least 6 hours in level of consciousness, with or without convulsions. The neurological signs and symptoms of encephalopathy may be temporary with complete recovery, or may result in various degrees of permanent impairment. Signs and symptoms such as high pitched and unusual screaming,

persistent unconsolable crying, and bulging fontanel are compatible with an encephalopathy, but in and of themselves are not conclusive evidence of encephalopathy. Encephalopathy usually can be documented by slow wave activity on an electroencephalogram.

(B) If in a proceeding on a petition it is shown by a preponderance of the evidence that an encephalopathy was caused by infection, toxins, trauma, or metabolic disturbances the encephalopathy shall not be considered to be a condition set forth in the table. If at the time a judgment is entered on a petition filed under section 300aa-11 of this title for a vaccine-related injury or death it is not possible to determine the cause, by a preponderance of the evidence, of an encephalopathy, the encephalopathy shall be considered to be a condition set forth in the table. In determining whether or not an encephalopathy is a condition set forth in the table, the court shall consider the entire medical record.

(4) For purposes of paragraphs (2) and (3), the terms "seizure" and "convulsion" include grand mal, petit mal, absence, myoclonic, tonic-clonic, and focal motor seizures and signs. If a provision of the table to which paragraph (1), (2), (3), or (4) applies is revised under subsection (c) or (d) of this section, such paragraph shall not apply to such provision after the effective date of the revision unless the revision specifies that such paragraph is to continue to apply.

#### (c) Administrative revision of table

(1) The Secretary may promulgate regulations to modify in accordance with paragraph (3) the Vaccine Injury Table. In promulgating such regulations, the Secretary shall provide for notice and opportunity for a public hearing and at least 180 days of public comment.

(2) Any person (including the Advisory Commission on Childhood Vaccines) may petition the Secretary to propose regulations to amend the Vaccine Injury Table. Unless clearly frivolous, or initiated by the Commission, any such petition shall be referred to the Commission for its recommendations. Following—

(A) receipt of any recommendation of the Commission, or

(B) 180 days after the date of the referral to the Commission,

whichever occurs first, the Secretary shall conduct a rulemaking proceeding on the matters proposed in the petition or publish in the Federal Register a statement of reasons for not conducting such proceeding.

(3) A modification of the Vaccine Injury Table under paragraph (1) may add to, or delete from, the list of injuries, disabilities, illnesses, conditions, and deaths for which compensation may be provided or may change the time periods for the first symptom or manifestation of the onset or the significant aggravation of any such injury, disability, illness, condition, or death.

(4) Any modification under paragraph (1) of the Vaccine Injury Table shall apply only with respect to petitions for compensation under the Program which are filed after the effective date of such regulation.

#### (d) Role of Commission

Except with respect to a regulation recommended by the Advisory Commission on Childhood Vaccines, the Secretary may not propose a regulation under subsection (c) of this section or any revision thereof, unless the Secretary has first provided to the Commission a copy of the proposed regulation or revision, requested recommendations and comments by the Commission, and afforded the Commission at least 90 days to make such recommendations.

#### (e) Additional vaccines

##### (1) Vaccines recommended before August 1, 1993

By August 1, 1995, the Secretary shall revise the Vaccine Injury Table included in subsection (a) of this section to include—

(A) vaccines which are recommended to the Secretary by the Centers for Disease Control and Prevention before August 1, 1993, for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

##### (2) Vaccines recommended after August 1, 1993

When after August 1, 1993, the Centers for Disease Control and Prevention recommends a vaccine to the Secretary for routine administration to children, the Secretary shall, within 2 years of such recommendation, amend the Vaccine Injury Table included in subsection (a) of this section to include—

(A) vaccines which were recommended for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

(B) In the case of any person who has sustained a vaccine-related injury before attaining the age of 18 and whose earning capacity is or has been impaired by reason of such person's vaccine-related injury for which compensation is to be awarded and whose vaccine-related injury is of sufficient severity to permit reasonable anticipation that such person is likely to suffer impaired earning capacity at age 18 and beyond, compensation after attaining the age of 18 for loss of earnings determined on the basis of the average gross weekly earnings of workers in the private, non-farm sector, less appropriate taxes and the average cost of a health insurance policy, as determined by the Secretary.

<sup>1</sup>So in original. Probably should be preceded by a closing parenthesis.

**(e) Attorneys' fees**

(1) In awarding compensation on a petition filed under section 300aa-11 of this title the special master or court shall also award as part of such compensation an amount to cover—

- (A) reasonable attorneys' fees, and
- (B) other costs,

incurred in any proceeding on such petition. If the judgment of the United States Court of Federal Claims on such a petition does not award compensation, the special master or court may award an amount of compensation to cover petitioner's reasonable attorneys' fees and other costs incurred in any proceeding on such petition if the special master or court determines that the petition was brought in good faith and there was a reasonable basis for the claim for which the petition was brought.

(2) If the petitioner, before October 1, 1988, filed a civil action for damages for any vaccine-related injury or death for which compensation may be awarded under the Program, and petitioned under section 300aa-11(a)(5) of this title to have such action dismissed and to file a petition for compensation under the Program, in awarding compensation on such petition the special master or court may include an amount of compensation limited to the costs and expenses incurred by the petitioner and the attorney of the petitioner before October 1, 1988, in preparing, filing, and prosecuting such civil action (including the reasonable value of the attorney's time if the civil action was filed under contingent fee arrangements).

(4)(A) Except as provided in subparagraph (B), payment of compensation under the Program shall be determined on the basis of the net present value of the elements of the compensation and shall be paid from the Vaccine Injury Compensation Trust Fund established under section 9510 of title 26 in a lump sum of which all or a portion may be used as ordered by the special master to purchase an annuity or otherwise

be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner.

(B) In the case of a payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before October 1, 1988, the compensation shall be determined on the basis of the net present value of the elements of compensation and shall be paid from appropriations made available under subsection (j) of this section in a lump sum of which all or a portion may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner. Any reasonable attorneys' fees and costs shall be paid in a lump sum. (C) In purchasing an annuity under subparagraph (A) or (B), the Secretary may purchase a guarantee for the annuity, may enter into agreements regarding the purchase price for and rate of return of the annuity, and may take such other actions as may be necessary to safeguard the financial interests of the United States regarding the annuity. Any payment received by the Secretary pursuant to the preceding sentence shall be paid to the Vaccine Injury Compensation Trust Fund established under section 9510 of title 26, or to the appropriations account from which the funds were derived to purchase the annuity, whichever is appropriate.

**(g) Program not primarily liable**

(1) No vaccine manufacturer shall be liable in a civil action for damages arising from a vaccine-related injury or death associated with the administration of a vaccine after October 1, 1988, if the injury or death resulted from side effects that were unavoidable even though the vaccine was properly prepared and was accompanied by proper directions and warnings.

#### § 300bb-2. Continuation coverage

For purposes of section 300bb-1 of this title, the term “continuation coverage” means coverage under the plan which meets the following requirements:

##### (1) Type of benefit coverage

The coverage must consist of coverage which, as of the time the coverage is being provided, is identical to the coverage provided under the plan to similarly situated beneficiaries under the plan with respect to whom a qualifying event has not occurred. If coverage is modified under the plan for any group of similarly situated beneficiaries, such coverage shall also be modified in the same manner for all individuals who are qualified beneficiaries under the plan pursuant to this part<sup>1</sup> in connection with such group.

##### (2) Period of coverage

The coverage must extend for at least the period beginning on the date of the qualifying event and ending not earlier than the earliest of the following:

##### (A) Maximum required period

##### (i) General rule for terminations and reduced hours

In the case of a qualifying event described in section 300bb-3(2) of this title with respect to a covered employee who is

<sup>1</sup> So in original. This subchapter is not divided into parts.

(as of the date that the period of coverage would, but for this clause or clause (v), otherwise terminate under clause (i) or (ii) a TAA-eligible individual (as defined in section 300bb-5(b)(4)(B) of this title), the period of coverage shall not terminate by reason of clause (i) or (ii), as the case may be, before the later of the date specified in such clause or the date on which such individual ceases to be such a TAA-eligible individual. The preceding sentence shall not require any period of coverage to extend beyond December 31, 2010.

**(v) Medicare entitlement followed by qualifying event**

In the case of a qualifying event described in section 300bb-3(2) of this title that occurs less than 18 months after the date the covered employee became entitled to benefits under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.], the period of coverage for qualified beneficiaries other than the covered employee shall not terminate under this subparagraph before the close of the 36-month period beginning on the date the covered employee became so entitled.

**(vi) Special rule for disability**

In the case of a qualified beneficiary who is determined, under title II or XVI of the Social Security Act [42 U.S.C. 401 et seq., 1381 et seq.], to have been disabled at any time during the first 60 days of continuation coverage under this subchapter, any reference in clause (i) or (ii) to 18 months is deemed a reference to 29 months (with respect to all qualified beneficiaries), but only if the qualified beneficiary has provided notice of such determination under section 300bb-6(3) of this title before the end of such 18 months.

**(B) End of plan**

The date on which the employer ceases to provide any group health plan to any employee.

**(C) Failure to pay premium**

The date on which coverage ceases under the plan by reason of a failure to make timely payment of any premium required under the plan with respect to the qualified beneficiary. The payment of any premium (other than any payment referred to in the last sentence of paragraph (3)) shall be considered to be timely if made within 30 days after the date due or within such longer period as applies to or under the plan.

**(D) Group health plan coverage or medicare entitlement**

The date on which the qualified beneficiary first becomes, after the date of the election—

(i) covered under any other group health plan (as an employee or otherwise) which does not contain any exclusion or limitation with respect to any preexisting condition of such beneficiary (other than such an exclusion or limitation which does not apply to (or is satisfied by) such bene-

ficiary by reason of chapter 100 of title 26, part 7 of subtitle B of title I of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1181 et seq.], or subchapter XXV of this chapter), or

**(3) Premium requirements**

The plan may require payment of a premium for any period of continuation coverage, except that such premium—

(A) shall not exceed 102 percent of the applicable premium for such period, and

(B) may, at the election of the payor, be made in monthly installments.

In no event may the plan require the payment of any premium before the day which is 45 days after the day on which the qualified beneficiary made the initial election for continuation coverage.<sup>2</sup> In the case of an individual described in the last sentence of paragraph (2)(A), any reference in subparagraph (A) of this paragraph to “102 percent” is deemed a reference to “150 percent” for any month after the 18th month of continuation coverage described in clause (i) or (ii) of paragraph (2)(A).

**(4) No requirement of insurability**

The coverage may not be conditioned upon, or discriminate on the basis of lack of, evidence of insurability.

**(5) Conversion option**

In the case of a qualified beneficiary whose period of continuation coverage expires under paragraph (2)(A), the plan must, during the 180-day period ending on such expiration date, provide to the qualified beneficiary the option of enrollment under a conversion health plan otherwise generally available under the plan.

FINDINGS AND SENSE OF CONGRESS

Section 2 of Pub. L. 102-96 provided that:

"(a) FINDINGS.—Congress finds that—

"(1) community-based clinical trials complement the National Institute of Allergy and Infectious Diseases' university-based research in order to provide increased access to experimental therapies;

"(2) community-based clinical trials provide an efficient and cost-effective means to develop new HIV-related treatments, benefiting all people living with HIV disease and other illnesses; and

"(3) because the community-based clinical trials model has a proven ability to conduct rapid trials

that meet the very highest standards of scientific inquiry, this program should be reauthorized and significantly expanded.

“(b) SENSE OF CONGRESS.—It is the sense of Congress that, because of Terry Beirn’s tireless efforts to foster a partnership among all parties invested in AIDS research (including the National Institutes of Health university-based research system, primary care physicians practicing in the community, and patients), the community-based clinical trials program should be re-named as the ‘Terry Beirn Community-Based AIDS Research Initiative’ in his honor.”

#### § 300dd-32. Requirement of provision of certain counseling services

##### (a) Counseling before testing

The Secretary may not make a grant under section 300dd-31 of this title to a State unless the State agrees that, before testing an individual pursuant to such section, the State will provide to the individual appropriate counseling with respect to acquired immune deficiency syndrome (based on the most recent scientific data relating to such syndrome), including—

- (1) measures for the prevention of exposure to, and the transmission of, the etiologic agent for such syndrome;
- (2) the accuracy and reliability of the results of such testing;

### § 300ff-13. Type and distribution of grants

#### (a) Grants based on relative need of area

##### (1) In general

In carrying out section 300ff-11(a) of this title, the Secretary shall make a grant for each eligible area for which an application under section 300ff-15(a) of this title has been approved. Each such grant shall be made in an amount determined in accordance with paragraph (3).

##### (2) Expedited distribution

Not later than 60 days after an appropriation becomes available to carry out this subpart for a fiscal year, the Secretary shall, except in the case of waivers granted under section 300ff-15(c)<sup>1</sup> of this title, disburse 66⅔ percent of the amount made available under section 300ff-20(b) of this title for carrying out this subpart for such fiscal year through grants to eligible areas under section 300ff-11(a) of this title, in accordance with paragraphs (3) and (4).

##### (3) Amount of grant

###### (A) In general

Subject to the extent of amounts made available in appropriations Acts, a grant made for purposes of this paragraph to an eligible area shall be made in an amount equal to the product of—

- (i) an amount equal to the amount available for distribution under paragraph (2) for the fiscal year involved; and

<sup>1</sup> See References in Text note below.

(ii) the percentage constituted by the ratio of the distribution factor for the eligible area to the sum of the respective distribution factors for all eligible areas;

which product shall then, as applicable, be increased under paragraph (4).

**(B) Distribution factor**

For purposes of subparagraph (A)(ii), the term “distribution factor” means an amount equal to the living cases of HIV/AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) in the eligible area involved, as determined under subparagraph (C).

**(C) Living cases of HIV/AIDS**

**(i) Requirement of names-based reporting**

Except as provided in clause (ii), the number determined under this subparagraph for an eligible area for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV/AIDS that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

**(ii) Transition period; exemption regarding non-AIDS cases**

For each of the fiscal years 2007 through 2012, an eligible area is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living names-based non-AIDS cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State in which the area is located, subject to clause (viii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, in consultation with the chief executive of the State in which the area is located, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

**(iii) Requirements for exemption for fiscal year 2007**

For fiscal year 2007, an exemption under clause (ii) for an eligible area applies only if, by October 1, 2006—

(I)(aa) the State in which the area is located had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and

(II) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of such

cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

**(iv) Requirement for exemption as of fiscal year 2008**

For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for an eligible area applies only if, as of April 1, 2008, the State in which the area is located is substantially in compliance with the agreement under clause (iii)(II).

**(v) Progress toward names-based reporting**

For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for an eligible area if the State in which the area is located submitted a plan under clause (iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

**(vi) Counting of cases in areas with exemptions**

**(I) In general**

With respect to an eligible area that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as “code-based reporting”), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the eligible area in order to adjust for duplicative reporting in and among systems that use code-based reporting.

**(II) Adjustment rate**

The adjustment rate under subclause (I) for an eligible area shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the area.

**(III) Increased adjustment for certain areas previously using code-based reporting**

For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) for fiscal year 2007, such area was a transitional area;

(bb) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this section, was based on a names-based reporting system; and

(cc) the amount of funding that such area received under this part for fiscal year 2007 was less than 70 percent of the amount of funding (exclusive of funds that were identified as being for purposes of the Minority AIDS Initia-

tive) that such area received under such part for fiscal year 2006.

**(vii) Multiple political jurisdictions**

With respect to living non-AIDS cases of HIV, if an eligible area is not entirely within one political jurisdiction and as a result is subject to more than one reporting system for purposes of this subparagraph:

(I) Names-based reporting under clause (i) applies in a jurisdictional portion of the area, or an exemption under clause (ii) applies in such portion (subject to applicable provisions of this subparagraph), according to whether names-based reporting or code-based reporting is used in such portion.

(II) If under subclause (I) both names-based reporting and code-based reporting apply in the area, the number of code-based cases shall be reduced under clause (vi).

**(viii) List of eligible areas meeting standard regarding December 31, 2005**

**(I) In general**

If an eligible area or portion thereof is in a State specified in subclause (II), the eligible area or portion shall be considered to meet the standard described in clause (ii)(I). No other eligible area or portion thereof may be considered to meet such standard.

**(II) Relevant States**

For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

**(ix) Rules of construction regarding acceptance of reports**

**(I) Cases of AIDS**

With respect to an eligible area that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such non-compliance, accept reports of living cases of AIDS that are in accordance with such clause.

**(II) Applicability of exemption requirements**

The provisions of clauses (ii) through (viii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

**(x) Program for detecting inaccurate or fraudulent counting**

The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

**(xi) Future fiscal years**

For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the area involved.

**(D) Code-based areas; limitation on increase in grant**

**(i) In general**

For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (C)(vi)) applies in an eligible area or any portion thereof as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to this paragraph for such area for such fiscal year may not—

(I) for fiscal year 2007, exceed by more than 5 percent the amount of the grant for the area that would have been made pursuant to this paragraph and paragraph (4) for fiscal year 2006 (as such paragraphs were in effect for such fiscal year) if paragraph (2) (as so in effect) had been applied by substituting “66 $\frac{2}{3}$  percent” for “50 percent”; and

(II) for each of the fiscal years 2008 through 2012, exceed by more than 5 percent the amount of the grant pursuant to this paragraph and paragraph (4) for the area for the preceding fiscal year.

**(ii) Use of amounts involved**

For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the fiscal year involved, subject to paragraph (4) and section 300ff-20(d)(2) of this title.

**(4) Increases in grant**

**(A) In general**

For each eligible area that received a grant pursuant to this subsection for fiscal year 2009, the Secretary shall, for each of the fiscal years 2010 through 2013, increase the amount of the grant made pursuant to paragraph (3) for the area to ensure that the amount of the grant for the fiscal year involved is not less than the following amount, as applicable to such fiscal year:

(i) For fiscal year 2010, an amount equal to 95 percent of the sum of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2009.

(ii) For each of the fiscal years 2011 and 2012, an amount equal to 100 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2010.

(iii) For fiscal year 2013, an amount equal to 92.5 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2012.

**(B) Source of funds for increase**

**(i) In general**

From the amounts available for carrying out the single program referred to in section 300ff-19(d)(2)(C) of this title for a fiscal year (relating to supplemental grants), the Secretary shall make available such amounts as may be necessary to comply with subparagraph (A), subject to section 300ff-20(d)(2) of this title.

**(ii) Pro rata reduction**

If the amounts referred to in clause (i) for a fiscal year are insufficient to fully comply with subparagraph (A) for the year, the Secretary, in order to provide the additional funds necessary for such compliance, shall reduce on a pro rata basis the amount of each grant pursuant to this subsection for the fiscal year, other than grants for eligible areas for which increases under subparagraph (A) apply. A reduction under the preceding sentence may not be made in an amount that would result in the eligible area involved becoming eligible for such an increase.

**(C) Limitation**

This paragraph may not be construed as having any applicability after fiscal year 2013.

**(b) Supplemental grants**

**(1) In general**

Subject to subsection (a)(4)(B)(i) and section 300ff-20(d) of this title, the Secretary shall disburse the remainder of amounts not disbursed under subsection (a)(2) of this section for such fiscal year for the purpose of making grants under section 300ff-11(a) of this title to eligible areas whose application under section 300ff-15(b) of this title—

(A) contains a report concerning the dissemination of emergency relief funds under subsection (a) of this section and the plan for utilization of such funds;

(B) demonstrates the need in such area, on an objective and quantified basis, for supplemental financial assistance to combat the HIV epidemic;

(C) demonstrates the existing commitment of local resources of the area, both financial and in-kind, to combating the HIV epidemic;

(D) demonstrates the ability of the area to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

(E) demonstrates that resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, youth, women, and families with HIV/AIDS;

(F) demonstrates the inclusiveness of affected communities and individuals with HIV/AIDS;

(G) demonstrates the manner in which the proposed services are consistent with the

local needs assessment and the statewide coordinated statement of need;

(H) demonstrates the ability of the applicant to expend funds efficiently by not having had, for the most recent grant year under subsection (a) for which data is available, more than 5 percent of grant funds under such subsection canceled, offset under subsection (c)(4), or covered by any waivers under subsection (c)(3); and

(I) demonstrates success in identifying individuals with HIV/AIDS as described in clauses (i) through (iii) of paragraph (2)(A).

**(2) Amount of grant**

**(A) In general**

The amount of each grant made for purposes of this subsection shall be determined by the Secretary based on a weighting of factors under paragraph (1), with demonstrated need under subparagraph (B) of such paragraph counting one-third, and demonstrated success in identifying individuals with HIV/AIDS who do not know their HIV status and making them aware of such status counting one-third. In making such determination, the Secretary shall consider—

(i) the number of individuals who have been tested for HIV/AIDS;

(ii) of those individuals described in clause (i), the number of individuals who tested for HIV/AIDS who are made aware of their status, including the number who test positive; and

(iii) of those individuals described in clause (ii), the number who have been referred to appropriate treatment and care.

**(B) Demonstrated need**

The factors considered by the Secretary in determining whether an eligible area has a demonstrated need for purposes of paragraph (1)(B) may include any or all of the following:

(i) The unmet need for such services, as determined under section 300ff-12(b)(4) of this title or other community input process as defined under section 300ff-19(d)(1)(A) of this title.

(ii) An increasing need for HIV/AIDS-related services, including relative rates of increase in the number of cases of HIV/AIDS.

(iii) The relative rates of increase in the number of cases of HIV/AIDS within new or emerging subpopulations.

(iv) The current prevalence of HIV/AIDS.

(v) Relevant factors related to the cost and complexity of delivering health care to individuals with HIV/AIDS in the eligible area.

(vi) The impact of co-morbid factors, including co-occurring conditions, determined relevant by the Secretary.

(vii) The prevalence of homelessness.

(viii) The prevalence of individuals described under section 300ff-12(b)(2)(M) of this title.

(ix) The relevant factors that limit access to health care, including geographic

variation, adequacy of health insurance coverage, and language barriers.

(x) The impact of a decline in the amount received pursuant to subsection (a) on services available to all individuals with HIV/AIDS identified and eligible under this subchapter.

**(C) Priority in making grants**

The Secretary shall provide funds under this subsection to an eligible area to address the decline or disruption of all EMA-provided services related to the decline in the amounts received pursuant to subsection (a) consistent with the grant award for the eligible area for fiscal year 2006, to the extent that the factor under subparagraph (B)(x) (relating to a decline in funding) applies to the eligible area.

**(D) Increased adjustment for certain areas previously using code-based reporting**

For purposes of this subsection for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if the conditions described in items (aa) through (cc) of subsection (a)(3)(C)(vi)(III) are all satisfied.

**(3) Remainder of amounts**

In determining the amount of funds to be obligated under paragraph (1), the Secretary shall include amounts that are not paid to the eligible areas under expedited procedures under subsection (a)(2) of this section as a result of—

(A) the failure of any eligible area to submit an application under section 300ff-15(c)<sup>1</sup> of this title; or

(B) any eligible area informing the Secretary that such eligible area does not intend to expend the full amount of its grant under such section.

**(4) Failure to submit**

**(A) In general**

The failure of an eligible area to submit an application for an expedited grant under subsection (a)(2) of this section shall not result in such area being ineligible for a grant under this subsection.

**(B) Application**

The application of an eligible area submitted under section 300ff-15(b) of this title shall contain the assurances required under subsection (a) of such section if such eligible area fails to submit an application for an expedited grant under subsection (a)(2) of this section.

**(c) Timeframe for obligation and expenditure of grant funds**

**(1) Obligation by end of grant year**

Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made pursuant to subsection (a) or (b) for a fiscal year are available for obligation by the eligi-

ble area involved through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the area (referred to in this subsection as the “grant year for the award”), except as provided in paragraph (3)(A).

**(2) Supplemental grants; cancellation of unobligated balance of grant award**

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (b) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award—

(A) the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area; and

(B) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under subparagraph (A) to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 300ff-20(d)(2) of this title as applied for such year.

**(3) Formula grants; cancellation of unobligated balance of grant award; waiver permitting carryover**

**(A) In general**

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (a) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area, unless—

(i) before the end of the grant year, the chief elected official of the area submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the area intends to expend the funds involved; and

(ii) the Secretary approves the waiver.

**(B) Expenditure by end of carryover year**

With respect to a waiver under subparagraph (A) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(i) The unobligated funds are available for expenditure by the eligible area involved for the one-year period beginning upon the expiration of the grant year (referred to in this subsection as the “carryover year”).

(ii) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area.

**(C) Use of cancelled balances**

In the case of any balance of a grant award that is cancelled under subparagraph (A) or (B)(ii), the grant funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such subparagraph to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 300ff-20(d)(2) of this title as applied for such year.

**(D) Corresponding reduction in future grant****(i) In general**

In the case of an eligible area for which a balance from a grant award under subsection (a) is unobligated as of the end of the grant year for the award—

(I) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is the subject of a waiver of cancellation under subparagraph (A)), the amount of the grant under such subsection for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of the grant year (which requirement for a reduction applies without regard to whether a waiver under subparagraph (A) has been approved with respect to such balance); and

(II) the grant funds involved in such reduction shall be made available by the Secretary as additional funds for grants pursuant to subsection (b) for such first fiscal year, subject to subsection (a)(4) and section 300ff-20(d)(2) of this title;

except that this clause does not apply to the eligible area if the amount of the unobligated balance was 5 percent or less.

**(ii) Relation to increases in grant**

A reduction under clause (i) for an eligible area for a fiscal year may not be taken into account in applying subsection (a)(4) with respect to the area for the subsequent fiscal year.

**(4) Authority regarding administration of provisions**

In administering paragraphs (2) and (3) with respect to the unobligated balance of an eligible area, the Secretary may elect to reduce the amount of future grants to the area under subsection (a) or (b), as applicable, by the amount of any such unobligated balance in lieu of cancelling such amount as provided for in paragraph (2) or (3)(A). In such case, the Secretary may permit the area to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to subsection (b), subject to subsection (a)(4) and section

300ff-20(d)(2) of this title. Nothing in this paragraph shall be construed to affect the authority of the Secretary under paragraphs (2) and (3), including the authority to grant waivers under paragraph (3)(A). The reduction in future grants authorized under this paragraph shall be notwithstanding the penalty required under paragraph (3)(D) with respect to unobligated funds.

**(d) Compliance with priorities of HIV planning council**

Notwithstanding any other provision of this subpart, the Secretary, in carrying out section 300ff-11(a) of this title, may not make any grant under subsection (a) or (b) of this section to an eligible area unless the application submitted by such area under section 300ff-15 of this title for the grant involved demonstrates that the grants made under subsections (a) and (b) of this section to the area for the preceding fiscal year (if any) were expended in accordance with the priorities applicable to such year that were established, pursuant to section 300ff-12(b)(4)(C) of this title, by the planning council serving the area.

**(e) Report on the awarding of supplemental funds**

Not later than 45 days after the awarding of supplemental funds under this section, the Secretary shall submit to Congress a report concerning such funds. Such report shall include information detailing—

(1) the total amount of supplemental funds available under this section for the year involved;

(2) the amount of supplemental funds used in accordance with the hold harmless provisions of subsection (a)(4);

(3) the amount of supplemental funds disbursed pursuant to subsection (b)(2)(C);

(4) the disbursement of the remainder of the supplemental funds after taking into account the uses described in paragraphs (2) and (3); and

(5) the rationale used for the amount of funds disbursed as described under paragraphs (2), (3), and (4).

#### (a) In general

The Secretary, acting through the Administrator of the Health Resources and Services Administration, shall make grants for the purpose of providing services described in section 300ff-14 of this title in transitional areas, subject to the same provisions regarding the allocation of grant funds as apply under subsection (c) of such section.

#### (b) Transitional areas

For purposes of this section, the term “transitional area” means, subject to subsection (c), a metropolitan area for which there has been reported to and confirmed by the Director of the Centers for Disease Control and Prevention a cumulative total of at least 1,000, but fewer than 2,000, cases of AIDS during the most recent period of 5 calendar years for which such data are available.

#### (c) Certain eligibility rules

##### (1) Fiscal year 2011

With respect to grants under subsection (a) for fiscal year 2011, a metropolitan area that

received funding under subpart I for fiscal year 2010 but does not for fiscal year 2011 qualify under such subpart as an eligible area and does not qualify under subsection (b) as a transitional area shall, notwithstanding subsection (b), be considered a transitional area.

#### (2) Continued status as transitional area

##### (A) In general

Notwithstanding subsection (b), a metropolitan area that is a transitional area for a fiscal year continues, except as provided in subparagraph (B), to be a transitional area until the metropolitan area fails, for three consecutive fiscal years—

(i) to qualify under such subsection as a transitional area; and

(ii) subject to subparagraphs (B) and (C), to have a cumulative total of 1,500 or more living cases of AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) as of December 31 of the most recent calendar year for which such data is available.

##### (C) Exception regarding status as eligible area

Subparagraphs (A) and (B) do not apply for a fiscal year if the metropolitan area involved qualifies under subpart I as an eligible area.

##### (1) Administration; planning council

##### (A) In general

The provisions of section 300ff-12 of this title apply with respect to a grant under subsection (a) for a transitional area to the same extent and in the same manner as such provisions apply with respect to a grant under subpart I for an eligible area, except that, subject to subparagraph (B), the chief elected official of the transitional area may elect not to comply with the provisions of section 300ff-12(b) of this title if the official provides documentation to the Secretary that details the process used to obtain community input (particularly from those with HIV) in the transitional area for formulating the overall plan for priority setting and allocating funds from the grant under subsection (a).

##### (B) Exception

For each of the fiscal years 2007 through 2013, the exception described in subpara-

(ii) In the single program, the Secretary has discretion in allocating amounts between eligible areas under subpart I and transitional areas under this section, subject to the eligibility criteria that apply under such section, and subject to section 300ff-13(b)(2)(C) of this title (relating to priority in making grants).

(iii) Pursuant to section 300ff-13(b)(1) of this title, amounts for the single program are subject to use under sections 300ff-13(a)(4) and 300ff-20(d)(1) of this title.

An entity or entities of the type described in this subsection shall hereinafter be referred to in this subchapter as a “consortium” or “consortia”.

**(b) Assurances**

**(1) Requirement**

To receive assistance from a State under subsection (a) of this section, an applicant consortium shall provide the State with assurances that—

(A) within any locality in which such consortium is to operate, the populations and subpopulations of individuals and families with HIV/AIDS have been identified by the consortium, particularly those experiencing disparities in access and services and those who reside in historically underserved communities;

(B) the service plan established under subsection (c)(2) of this section by such consortium is consistent with the comprehensive plan under section 300ff-27(b)(4) of this title and addresses the special care and service needs of the populations and subpopulations identified under subparagraph (A); and

(C) except as provided in paragraph (2), the consortium will be a single coordinating entity that will integrate the delivery of services among the populations and subpopulations identified under subparagraph (A).

**(2) Exception**

Subparagraph (C) of paragraph (1) shall not apply to any applicant consortium that the State determines will operate in a community or locality in which it has been demonstrated by the applicant consortium that—

(A) subpopulations exist within the community to be served that have unique service requirements; and

(B) such unique service requirements cannot be adequately and efficiently addressed by a single consortium serving the entire community or locality.

**(c) Application**

**(1) In general**

To receive assistance from the State under subsection (a) of this section, a consortium shall prepare and submit to the State, an application that—

(A) demonstrates that the consortium includes agencies and community-based organizations—

(i) with a record of service to populations and subpopulations with HIV/AIDS requiring care within the community to be served; and

(ii) that are representative of populations and subpopulations reflecting the local incidence of HIV and that are located in areas in which such populations reside;

(B) demonstrates that the consortium has carried out an assessment of service needs

within the geographic area to be served and, after consultation with the entities described in paragraph (2), has established a plan to ensure the delivery of services to meet such identified needs that shall include—

(i) assurances that service needs will be addressed through the coordination and expansion of existing programs before new programs are created;

(ii) assurances that, in metropolitan areas, the geographic area to be served by the consortium corresponds to the geographic boundaries of local health and support services delivery systems to the extent practicable;

(iii) assurances that, in the case of services for individuals residing in rural areas, the applicant consortium shall deliver case management services that link available community support services to appropriate specialized medical services; and

(iv) assurances that the assessment of service needs and the planning of the delivery of services will include participation by individuals with HIV/AIDS;

(C) demonstrates that adequate planning has occurred to meet the special needs of families with HIV/AIDS, including family centered and youth centered care;

(D) demonstrates that the consortium has created a mechanism to evaluate periodically—

(i) the success of the consortium in responding to identified needs; and

(ii) the cost-effectiveness of the mechanisms employed by the consortium to deliver comprehensive care;

(E) demonstrates that the consortium will report to the State the results of the evaluations described in subparagraph (D) and shall make available to the State or the Secretary, on request, such data and information on the program methodology that may be required to perform an independent evaluation; and

(F) demonstrates that adequate planning occurred to address disparities in access and services and historically underserved communities.

**(2) Consultation**

In establishing the plan required under paragraph (1)(B), the consortium shall consult with—

(A)(i) the public health agency that provides or supports ambulatory and outpatient HIV-related health care services within the geographic area to be served; or

(ii) in the case of a public health agency that does not directly provide such HIV-related health care services such agency shall consult with an entity or entities that directly provide ambulatory and outpatient HIV-related health care services within the geographic area to be served;

(B) not less than one community-based organization that is organized solely for the purpose of providing HIV-related support services to individuals with HIV/AIDS;

(C) grantees under section 300ff-71 of this title, or, if none are operating in the area, representatives in the area of organizations with a history of serving children, youth, women, and families living with HIV; and

(D) the types of entities described in section 300ff-12(b)(2) of this title.

The organization to be consulted under subparagraph (B) shall be at the discretion of the applicant consortium.

**(d) “Family centered care” defined**

As used in section 300ff-21 of this title, the term “family centered care” means the system of services described in this section that is targeted specifically to the special needs of infants, children, women, and families. Family centered care shall be based on a partnership between parents, professionals, and the community designed to ensure an integrated, coordinated, culturally sensitive, and community-based continuum of care for children, women, and families with HIV/AIDS.

**(e) Priority**

In providing assistance under subsection (a) of this section, the State shall, among applicants that meet the requirements of this section, give priority—

(1) first to consortia that are receiving assistance from the Health Resources and Services Administration for adult and pediatric HIV-related care demonstration projects; and then

(2) to any other existing HIV care consortia.

**(f) Allocation of funds; treatment as support services**

For purposes of the requirement of section 300ff-22(b)(1) of this title, expenditures of grants under section 300ff-21 of this title for or through consortia under this section are deemed to be support services, not core medical services. The preceding sentence may not be construed as having any legal effect on the provisions of subsection (a) that relate to authorized expenditures of the grant.

(II) the product of .20 and the ratio of the non-EMA distribution factor for the State or territory (as determined under subparagraph (C)) to the sum of the respective non-EMA distribution factors for all States or territories; and

(III) if the State does not for such fiscal year contain any area that is an eligible area under subpart I of part A or any area that is a transitional area under section 300ff-19 of this title (referred to in this subclause as a “no-EMA State”), the product of 0.05 and the ratio of the number of cases that applies for the State under subparagraph (D) to the sum of the respective numbers of cases that so apply for all no-EMA States.

(ii) a number equal to the sum of—

(I) the total number of living cases of HIV/AIDS that are within areas in such State that are eligible areas under subpart I of part A for the fiscal year involved, which individual number for an area is the number that applies under section 300ff-11 of this title for the area for such fiscal year; and

(II) the total number of such cases that are within areas in such State that are transitional areas under section 300ff-19 of this title for such fiscal year, which individual number for an area is the number that applies under such section for the fiscal year.

## (D) Living cases of HIV/AIDS

### (i) Requirement of names-based reporting

Except as provided in clause (ii), the number determined under this subparagraph for a State for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV/AIDS in the State that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

### (ii) Transition period; exemption regarding non-AIDS cases

For each of the fiscal years 2007 through 2012, a State is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living non-AIDS names-based cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State, subject to clause (vii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, after consultation with the chief executive of the State, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

### (iii) Requirements for exemption for fiscal year 2007

For fiscal year 2007, an exemption under clause (ii) for a State applies only if, by October 1, 2006—

(I)(aa) the State had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and

(II) the State had agreed that, by April 1, 2008, the State will begin accurate and

<sup>1</sup> So in original. Probably should be “non-EMA”.

reliable names-based reporting of such cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

**(iv) Requirement for exemption as of fiscal year 2008**

For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for a State applies only if, as of April 1, 2008, the State is substantially in compliance with the agreement under clause (iii)(II).

**(v) Progress toward names-based reporting**

For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for a State if the State submitted a plan under clause (iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

**(vi) Counting of cases in areas with exemptions**

**(I) In general**

With respect to a State that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as “code-based reporting”), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the State in order to adjust for duplicative reporting in and among systems that use code-based reporting.

**(II) Adjustment rate**

The adjustment rate under subclause (I) for a State shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the State.

**(III) Increased adjustment for certain States previously using code-based reporting**

For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in a State that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) there is an area in such State that satisfies all of the conditions described in items (aa) through (cc) of section 300ff-13(a)(3)(C)(vi)(III) of this title; or

(bb)(AA) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this part, was based on a names-based reporting system; and

(BB) the amount of funding that such State received under this part for fiscal year 2007 was less than 70 percent of the amount of funding that such State received under such part for fiscal year 2006.

**(vii) List of States meeting standard regarding December 31, 2005**

**(I) In general**

If a State is specified in subclause (II), the State shall be considered to meet the standard described in clause (ii)(I). No other State may be considered to meet such standard.

**(II) Relevant States**

For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

**(viii) Rules of construction regarding acceptance of reports**

**(I) Cases of AIDS**

With respect to a State that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such noncompliance, accept reports of living cases of AIDS that are in accordance with such clause.

**(II) Applicability of exemption requirements**

The provisions of clauses (ii) through (vii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

**(ix) Program for detecting inaccurate or fraudulent counting**

The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

**(x) Future fiscal years**

For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the State involved.

**(E) Code-based States; limitation on increase in grant**

**(i) In general**

For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (D)(vi)) applies in a State as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to para-

graph (1) for the State may not for the fiscal year involved exceed by more than 5 percent the amount of the grant pursuant to this paragraph for the State for the preceding fiscal year, except that the limitation under this clause may not result in a grant pursuant to paragraph (1) for a fiscal year that is less than the minimum amount that applies to the State under such paragraph for such fiscal year.

**(ii) Use of amounts involved**

For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be made available by the Secretary as additional amounts for grants pursuant to section 300ff-29a of this title, subject to subparagraph (H).

**(F) Appropriations for treatment drug program**

**(i) Formula grants**

With respect to the fiscal year involved, if under section 300ff-31b of this title an appropriations Act provides an amount exclusively for carrying out section 300ff-26 of this title, the portion of such amount allocated to a State shall be the product of—

(I) 100 percent of such amount, less the percentage reserved under clause (ii)(V); and

(II) the percentage constituted by the ratio of the State distribution factor for the State (as determined under subparagraph (B)) to the sum of the State distribution factors for all States;

which product shall then, as applicable, be increased under subparagraph (H).

**(ii) Supplemental treatment drug grants**

**(I) In general**

From amounts made available under subclause (V), the Secretary shall award supplemental grants to States described in subclause (II) to enable such States to purchase and distribute to eligible individuals under section 300ff-26(b) of this title pharmaceutical therapeutics described under subsections (c)(2) and (e) of such section.

**(II) Eligible States**

For purposes of subclause (I), a State shall be an eligible State if the State did not have unobligated funds subject to reallocation under subsection (d) in the previous fiscal year and, in accordance with criteria established by the Secretary, demonstrates a severe need for a grant under this clause. For purposes of determining severe need, the Secretary shall consider eligibility standards, formula composition, the number of eligible individuals to whom a State is unable to provide therapeutics described in section 300ff-26(a) of this title, and an unanticipated increase of eligible individuals with HIV/AIDS.

**(III) State requirements**

The Secretary may not make a grant to a State under this clause unless the

State agrees that the State will make available (directly or through donations of public or private entities) non-Federal contributions toward the activities to be carried out under the grant in an amount equal to \$1 for each \$4 of Federal funds provided in the grant, except that the Secretary may waive this subclause if the State has otherwise fully complied with section 300ff-27(d) of this title with respect to the grant year involved. The provisions of this subclause shall apply to States that are not required to comply with such section 300ff-27(d) of this title.

**(IV) Use and coordination**

Amounts made available under a grant under this clause shall only be used by the State to provide HIV/AIDS-related medications. The State shall coordinate the use of such amounts with the amounts otherwise provided under section 300ff-26(a) of this title in order to maximize drug coverage.

**(V) Funding**

For the purpose of making grants under this clause, the Secretary shall each fiscal year reserve 5 percent of the amount referred to in clause (i) with respect to section 300ff-26 of this title.

**(iii) Code-based States; limitation on increase in formula grant**

The limitation under subparagraph (E)(i) applies to grants pursuant to clause (i) of this subparagraph to the same extent and in the same manner as such limitation applies to grants pursuant to paragraph (1), except that the reference to minimum grants does not apply for purposes of this clause. Amounts available as a result of the limitation under the preceding sentence shall be made available by the Secretary as additional amounts for grants under clause (ii) of this subparagraph.

**(G) Repealed. Pub. L. 109-415, title II, § 203(b)(2), Dec. 19, 2006, 120 Stat. 2792**

**(H) Increase in formula grants**

**(i) Assurance of amount**

**(I) General rule**

For fiscal year 2010, the Secretary shall ensure, subject to clauses (ii) through (iv), that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 95 percent of such total for the State for fiscal year 2009.

**(II) Rule of construction**

With respect to the application of subclause (I), the 95 percent requirement under such subclause shall apply with respect to each grant awarded under paragraph (1) and with respect to each grant awarded under subparagraph (F).

**(ii) Fiscal years 2011 and 2012**

For each of the fiscal years 2011 and 2012, the Secretary shall ensure that the total

for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 100 percent of such total for the State for fiscal year 2010.

**(iii) Fiscal year 2013**

For fiscal year 2013, the Secretary shall ensure that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 92.5 percent of such total for the State for fiscal year 2012.

**(iv) Source of funds for increase**

**(I) In general**

From the amount reserved under section 300ff-31b(b)(2) of this title for a fiscal year, and from amounts available for such section pursuant to subsection (d) of this section, the Secretary shall make available such amounts as may be necessary to comply with clause (i).

**(II) Pro rata reduction**

If the amounts referred to in subclause (I) for a fiscal year are insufficient to fully comply with clause (i) for the year, the Secretary, in order to provide the additional funds necessary for such compliance, shall reduce on a pro rata basis the amount of each grant pursuant to paragraph (1) for the fiscal year, other than grants for States for which increases under clause (i) apply and other than States described in paragraph (1)(A)(i)(I). A reduction under the preceding sentence may not be made in an amount that would result in the State involved becoming eligible for such an increase.

**(v) Applicability**

This paragraph may not be construed as having any applicability after fiscal year 2013.

**(b) Allocation of assistance by States**

**(1) Allowances**

Prior to allocating assistance under this subsection, a State shall consider the unmet needs of those areas that have not received financial assistance under part A of this subchapter.

**(2) Planning and evaluations**

Subject to paragraph (4) and except as provided in paragraph (5), a State may not use more than 10 percent of amounts received under a grant awarded under section 300ff-21 of this title for planning and evaluation activities.

**(3) Administration**

**(A) In general**

Subject to paragraph (4), and except as provided in paragraph (5), a State may not use more than 10 percent of amounts received under a grant awarded under section 300ff-21 of this title for administration.

**(B) Allocations**

In the case of entities and subcontractors to which a State allocates amounts received

by the State under a grant under section 300ff-21 of this title, the State shall ensure that, of the aggregate amount so allocated, the total of the expenditures by such entities for administrative expenses does not exceed 10 percent (without regard to whether particular entities expend more than 10 percent for such expenses).

**(C) Administrative activities**

For the purposes of subparagraph (A), amounts may be used for administrative activities that include routine grant administration and monitoring activities, including a clinical quality management program under subparagraph (E).

**(D) Subcontractor administrative costs**

For the purposes of this paragraph, subcontractor administrative activities include—

- (i) usual and recognized overhead, including established indirect rates for agencies;
- (ii) management oversight of specific programs funded under this subchapter; and
- (iii) other types of program support such as quality assurance, quality control, and related activities.

**(E) Clinical quality management**

**(i) Requirement**

Each State that receives a grant under section 300ff-21 of this title shall provide for the establishment of a clinical quality management program to assess the extent to which HIV health services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV/AIDS and related opportunistic infection, and as applicable, to develop strategies for ensuring that such services are consistent with the guidelines for improvement in the access to and quality of HIV health services.

**§ 300ff-31a. Timeframe for obligation and expenditure of grant funds**

**(a) Obligation by end of grant year**

Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made to a State for a fiscal year pursuant to section 300ff-28(a)(1) or 300ff-28(a)(2)(F) of this title, or under section 300ff-29a or 300ff-30 of this title, are available for obligation by the State through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the State (referred to in this section as the “grant year for the award”), except as provided in subsection (c)(1).

**(b) Supplemental grants; cancellation of unobligated balance of grant award**

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 300ff-28(a)(2)(F)(ii) of this title, or under section 300ff-29a or 300ff-30 of this title, has an unobligated balance as of the end of the grant year for the award—

(1) the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State; and

(2) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to section 300ff-29a of this title for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under paragraph (1) to be canceled, except that the availability of the funds for such grants is subject to section 300ff-28(a)(2)(H) of this title as applied for such year.

**(c) Formula grants; cancellation of unobligated balance of grant award; waiver permitting carryover**

**(1) In general**

Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 300ff-28(a)(1) or 300ff-28(a)(2)(F)(i) of this title has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State, unless—

(A) before the end of the grant year, the State submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the State intends to expend the funds involved; and

(B) the Secretary approves the waiver.

**(2) Expenditure by end of carryover year**

With respect to a waiver under paragraph (1) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(A) The unobligated funds are available for expenditure by the State involved for the one-year period beginning upon the expiration of the grant year (referred to in this section as the “carryover year”).

(B) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State.

**(3) Use of cancelled balances**

In the case of any balance of a grant award that is cancelled under paragraph (1) or (2)(B), the grant funds involved shall be made available by the Secretary as additional amounts for grants under section 300ff-29a of this title for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such paragraph to be canceled, except that the availability of the funds for such grants is subject to section 300ff-28(a)(2)(H) of this title as applied for such year.

**(4) Corresponding reduction in future grant**

**(A) In general**

In the case of a State for which a balance from a grant award made pursuant to section 300ff-28(a)(1) or 300ff-28(a)(2)(F)(i) of this title is unobligated as of the end of the grant year for the award—

(i) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is the subject of a waiver of cancellation under paragraph (1)), the amount of the grant under such section for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of

the grant year (which requirement for a reduction applies without regard to whether a waiver under paragraph (1) has been approved with respect to such balance); and

(ii) the grant funds involved in such reduction shall be made available by the Secretary as additional funds for grants under section 300ff-29a of this title for such first fiscal year, subject to section 300ff-28(a)(2)(H) of this title;

except that this subparagraph does not apply to the State if the amount of the unobligated balance was 5 percent or less.

**(B) Relation to increases in grant**

A reduction under subparagraph (A) for a State for a fiscal year may not be taken into account in applying section 300ff-28(a)(2)(H) of this title with respect to the State for the subsequent fiscal year.

**(d) Treatment of drug rebates**

For purposes of this section, funds that are drug rebates referred to in section 300ff-26(g) of this title may not be considered part of any grant award referred to in subsection (a). If an expenditure of ADAP rebate funds would trigger a penalty under this section or a higher penalty than would otherwise have applied, the State may request that for purposes of this section, the Secretary deem the State's unobligated balance to be reduced by the amount of rebate funds in the proposed expenditure. Notwithstanding 300ff-28(a)(2)(F)<sup>1</sup> of this title, any unobligated amount under section 300ff-28(a)(2)(F)(ii)(V) of this title that is returned to the Secretary for reallocation shall be used by the Secretary for—

- (1) the ADAP supplemental program if the Secretary determines appropriate; or
- (2) for additional amounts for grants pursuant to section 300ff-29a of this title.

**(e) Authority regarding administration of provisions**

In administering subsections (b) and (c) with respect to the unobligated balance of a State, the Secretary may elect to reduce the amount of future grants to the State under section 300ff-28, 300ff-29a, or 300ff-30 of this title, as applicable, by the amount of any such unobligated balance in lieu of cancelling such amount as provided for in subsection (b) or (c)(1). In such case, the Secretary may permit the State to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to section 300ff-29a of this title, subject to section 300ff-28(a)(2)(H) of this title. Nothing in this paragraph shall be construed to affect the authority of the Secretary under subsections (b) and (c), including the authority to grant waivers under subsection (c)(1). The reduction in future grants authorized under this subsection shall be notwithstanding the penalty required under subsection (c)(4) with respect to unobligated funds.

PERINATAL TRANSMISSION OF HIV DISEASE;  
CONGRESSIONAL FINDINGS

Section 7(a) of Pub. L. 104-146 provided that: "The Congress finds as follows:

"(1) Research studies and statewide clinical experiences have demonstrated that administration of anti-retroviral medication during pregnancy can significantly reduce the transmission of the human immunodeficiency virus (commonly known as HIV) from an infected mother to her baby.

"(2) The Centers for Disease Control and Prevention have recommended that all pregnant women receive

HIV counseling; voluntary, confidential HIV testing; and appropriate medical treatment (including anti-retroviral therapy) and support services.

"(3) The provision of such testing without access to such counseling, treatment, and services will not improve the health of the woman or the child.

"(4) The provision of such counseling, testing, treatment, and services can reduce the number of pediatric cases of acquired immune deficiency syndrome, can improve access to and provision of medical care for the woman, and can provide opportunities for counseling to reduce transmission among adults, and from mother to child.

"(5) The provision of such counseling, testing, treatment, and services can reduce the overall cost of pediatric cases of acquired immune deficiency syndrome.

"(6) The cancellation or limitation of health insurance or other health coverage on the basis of HIV status should be impermissible under applicable law. Such cancellation or limitation could result in disincentives for appropriate counseling, testing, treatment, and services.

"(7) For the reasons specified in paragraphs (1) through (6)—

"(A) routine HIV counseling and voluntary testing of pregnant women should become the standard of care; and

"(B) the relevant medical organizations as well as public health officials should issue guidelines making such counseling and testing the standard of care."

**§ 300ff-34. Perinatal transmission of HIV/AIDS; contingent requirement regarding State grants under this part****(a) Annual determination of reported cases**

A State shall annually determine the rate of reported cases of AIDS as a result of perinatal transmission among residents of the State.

**(b) Causes of perinatal transmission**

In determining the rate under subsection (a) of this section, a State shall also determine the possible causes of perinatal transmission. Such causes may include—

(1) the inadequate provision within the State of prenatal counseling and testing in accordance with the guidelines issued by the Centers for Disease Control and Prevention;

(2) the inadequate provision or utilization within the State of appropriate therapy or failure of such therapy to reduce perinatal transmission of HIV, including—

(A) that therapy is not available, accessible or offered to mothers; or

(B) that available therapy is offered but not accepted by mothers; or

(3) other factors (which may include the lack of prenatal care) determined relevant by the State.

**(c) CDC reporting system**

Not later than 4 months after May 20, 1996, the Director of the Centers for Disease Control and Prevention shall develop and implement a system to be used by States to comply with the requirements of subsections (a) and (b) of this section. The Director shall issue guidelines to ensure that the data collected is statistically valid.

#### SUBPART III—CERTAIN PARTNER NOTIFICATION PROGRAMS

### § 300ff-38. Grants for partner notification programs

#### (a) In general

In the case of States whose laws or regulations are in accordance with subsection (b) of this section, the Secretary, subject to subsection (c)(2) of this section, may make grants to the States for carrying out programs to provide partner counseling and referral services.

#### (b) Description of compliant State programs

For purposes of subsection (a) of this section, the laws or regulations of a State are in accordance with this subsection if under such laws or regulations (including programs carried out pursuant to the discretion of State officials) the following policies are in effect:

(1) The State requires that the public health officer of the State carry out a program of partner notification to inform partners of individuals with HIV/AIDS that the partners may have been exposed to the disease.

(2)(A) In the case of a health entity that provides for the performance on an individual of a test for HIV/AIDS, or that treats the individual for the disease, the State requires, subject to subparagraph (B), that the entity confidentially report the positive test results to the State public health officer in a manner rec-

ommended and approved by the Director of the Centers for Disease Control and Prevention, together with such additional information as may be necessary for carrying out such program.

(B) The State may provide that the requirement of subparagraph (A) does not apply to the testing of an individual for HIV/AIDS if the individual underwent the testing through a program designed to perform the test and provide the results to the individual without the individual disclosing his or her identity to the program. This subparagraph may not be construed as affecting the requirement of subparagraph (A) with respect to a health entity that treats an individual for HIV/AIDS.

(3) The program under paragraph (1) is carried out in accordance with the following:

(A) Partners are provided with an appropriate opportunity to learn that the partners have been exposed to HIV/AIDS, subject to subparagraph (B).

(B) The State does not inform partners of the identity of the infected individuals involved.

(C) Counseling and testing for HIV/AIDS are made available to the partners and to infected individuals, and such counseling includes information on modes of transmission for the disease, including information on prenatal and perinatal transmission and preventing transmission.

(D) Counseling of infected individuals and their partners includes the provision of information regarding therapeutic measures for preventing and treating the deterioration of the immune system and conditions arising from the disease, and the provision of other prevention-related information.

(E) Referrals for appropriate services are provided to partners and infected individuals, including referrals for support services and legal aid.

(F) Notifications under subparagraph (A) are provided in person, unless doing so is an unreasonable burden on the State.

(G) There is no criminal or civil penalty on, or civil liability for, an infected individual if the individual chooses not to identify the partners of the individual, or the individual does not otherwise cooperate with such program.

(H) The failure of the State to notify partners is not a basis for the civil liability of any health entity who under the program reported to the State the identity of the infected individual involved.

(I) The State provides that the provisions of the program may not be construed as prohibiting the State from providing a notification under subparagraph (A) without the consent of the infected individual involved.

(4) The State annually reports to the Director of the Centers for Disease Control and Prevention the number of individuals from whom the names of partners have been sought under the program under paragraph (1), the number of such individuals who provided the names of partners, and the number of partners so named who were notified under the program.

(5) The State cooperates with such Director in carrying out a national program of partner

notification, including the sharing of information between the public health officers of the States.

**(c) Reporting system for cases of HIV/AIDS; preference in making grants**

In making grants under subsection (a) of this section, the Secretary shall give preference to States whose reporting systems for cases of HIV/AIDS produce data on such cases that is sufficiently accurate and reliable for use for purposes of section 300ff-28(a)(2)(D)(i) of this title.

**(d) Authorization of appropriations**

For the purpose of carrying out this section, there is authorized to be appropriated \$10,000,000 for each of the fiscal years 2007 through 2009.

A period of creditable coverage shall not be counted, with respect to enrollment of an individual under a group health plan, if, after such period and before the enrollment date, there was a 63-day period during all of which the individual was not covered under any creditable coverage.

**(B) Waiting period not treated as a break in coverage**

For purposes of subparagraph (A) and subsection (d)(4) of this section, any period that an individual is in a waiting period for any coverage under a group health plan (or for group health insurance coverage) or is in an affiliation period (as defined in subsection (g)(2) of this section) shall not be taken into account in determining the continuous period under subparagraph (A).

**(C) TAA-eligible individuals**

In the case of plan years beginning before January 1, 2011—

**(i) TAA pre-certification period rule**

In the case of a TAA-eligible individual, the period beginning on the date the individual has a TAA-related loss of coverage and ending on the date that is 7 days after the date of the issuance by the Secretary (or by any person or entity designated by the Secretary) of a qualified health insurance costs credit eligibility certificate for such individual for purposes of section 7527 of title 26 shall not be taken into account in determining the continuous period under subparagraph (A).

**(ii) Definitions**

**(3) Method of crediting coverage**

**(A) Standard method**

Except as otherwise provided under subparagraph (B), for purposes of applying subsection (a)(3) of this section, a group health plan, and a health insurance issuer offering group health insurance coverage, shall count a period of creditable coverage without regard to the specific benefits covered during the period.

**(B) Election of alternative method**

A group health plan, or a health insurance issuer offering group health insurance, may

elect to apply subsection (a)(3) of this section based on coverage of benefits within each of several classes or categories of benefits specified in regulations rather than as provided under subparagraph (A). Such election shall be made on a uniform basis for all participants and beneficiaries. Under such election a group health plan or issuer shall count a period of creditable coverage with respect to any class or category of benefits if any level of benefits is covered within such class or category.

**(C) Plan notice**

In the case of an election with respect to a group health plan under subparagraph (B) (whether or not health insurance coverage is provided in connection with such plan), the plan shall—

(i) prominently state in any disclosure statements concerning the plan, and state to each enrollee at the time of enrollment under the plan, that the plan has made such election, and

(ii) include in such statements a description of the effect of this election.

**(D) Issuer notice**

In the case of an election under subparagraph (B) with respect to health insurance coverage offered by an issuer in the small or large group market, the issuer—

(ii) shall include in such statements a description of the effect of such election.

**(4) Establishment of period**

Periods of creditable coverage with respect to an individual shall be established through presentation of certifications described in subsection (e) of this section or in such other manner as may be specified in regulations.

**(d) Exceptions**

**(1) Exclusion not applicable to certain newborns**

Subject to paragraph (4), a group health plan, and a health insurance issuer offering group health insurance coverage, may not impose any preexisting condition exclusion in the case of an individual who, as of the last day of the 30-day period beginning with the date of birth, is covered under creditable coverage.

**(2) Exclusion not applicable to certain adopted children**

Subject to paragraph (4), a group health plan, and a health insurance issuer offering group health insurance coverage, may not impose any preexisting condition exclusion in the case of a child who is adopted or placed for adoption before attaining 18 years of age and who, as of the last day of the 30-day period beginning on the date of the adoption or placement for adoption, is covered under creditable coverage. The previous sentence shall not apply to coverage before the date of such adoption or placement for adoption.

**(3) Exclusion not applicable to pregnancy**

A group health plan, and health insurance issuer offering group health insurance coverage, may not impose any preexisting condition exclusion relating to pregnancy as a preexisting condition.

**(4) Loss if break in coverage**

Paragraphs (1) and (2) shall no longer apply to an individual after the end of the first 63-day period during all of which the individual was not covered under any creditable coverage.

**(e) Certifications and disclosure of coverage****(1) Requirement for certification of period of creditable coverage****(A) In general**

A group health plan, and a health insurance issuer offering group health insurance coverage, shall provide the certification described in subparagraph (B)—

(i) at the time an individual ceases to be covered under the plan or otherwise becomes covered under a COBRA continuation provision,

(ii) in the case of an individual becoming covered under such a provision, at the time the individual ceases to be covered under such provision, and

(iii) on the request on behalf of an individual made not later than 24 months after the date of cessation of the coverage described in clause (i) or (ii), whichever is later.

The certification under clause (i) may be provided, to the extent practicable, at a time consistent with notices required under any applicable COBRA continuation provision.

**(B) Certification**

The certification described in this subparagraph is a written certification of—

(i) the period of creditable coverage of the individual under such plan and the coverage (if any) under such COBRA continuation provision, and

(ii) the waiting period (if any) (and affiliation period, if applicable) imposed with respect to the individual for any coverage under such plan.

**(C) Issuer compliance**

To the extent that medical care under a group health plan consists of group health insurance coverage, the plan is deemed to have satisfied the certification requirement under this paragraph if the health insurance issuer offering the coverage provides for such certification in accordance with this paragraph.

**(2) Disclosure of information on previous benefits**

In the case of an election described in subsection (c)(3)(B) of this section by a group health plan or health insurance issuer, if the plan or issuer enrolls an individual for coverage under the plan and the individual provides a certification of coverage of the individual under paragraph (1)—

(A) upon request of such plan or issuer, the entity which issued the certification provided by the individual shall promptly disclose to such requesting plan or issuer information on coverage of classes and categories of health benefits available under such entity's plan or coverage, and

(B) such entity may charge the requesting plan or issuer for the reasonable cost of disclosing such information.

**(3) Regulations**

The Secretary shall establish rules to prevent an entity's failure to provide information under paragraph (1) or (2) with respect to previous coverage of an individual from adversely affecting any subsequent coverage of the individual under another group health plan or health insurance coverage.

**(f) Special enrollment periods****(1) Individuals losing other coverage**

A group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, shall permit an employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled, for coverage under such terms) to enroll for coverage under the terms of the plan if each of the following conditions is met:

(A) The employee or dependent was covered under a group health plan or had health insurance coverage at the time coverage was previously offered to the employee or dependent.

(B) The employee stated in writing at such time that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the plan sponsor or issuer (if applicable) required such a statement at such time and provided the employee with notice of such requirement (and the consequences of such requirement) at such time.

(C) The employee's or dependent's coverage described in subparagraph (A)—

(i) was under a COBRA continuation provision and the coverage under such provision was exhausted; or

(ii) was not under such a provision and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment) or employer contributions toward such coverage were terminated.

(D) Under the terms of the plan, the employee requests such enrollment not later than 30 days after the date of exhaustion of coverage described in subparagraph (C)(i) or termination of coverage or employer contribution described in subparagraph (C)(ii).

**(2) For dependent beneficiaries****(A) In general**

If—

(i) a group health plan makes coverage available with respect to a dependent of an individual,

(ii) the individual is a participant under the plan (or has met any waiting period applicable to becoming a participant under the plan and is eligible to be enrolled under the plan but for a failure to enroll during a previous enrollment period), and

(iii) a person becomes such a dependent of the individual through marriage, birth, or adoption or placement for adoption,

the group health plan shall provide for a dependent special enrollment period described in subparagraph (B) during which the person (or, if not otherwise enrolled, the individual) may be enrolled under the plan as a dependent of the individual, and in the case of the birth or adoption of a child, the spouse of the individual may be enrolled as a dependent of the individual if such spouse is otherwise eligible for coverage.

**(B) Dependent special enrollment period**

A dependent special enrollment period under this subparagraph shall be a period of not less than 30 days and shall begin on the later of—

(i) the date dependent coverage is made available, or

(ii) the date of the marriage, birth, or adoption or placement for adoption (as the case may be) described in subparagraph (A)(iii).

**(C) No waiting period**

If an individual seeks to enroll a dependent during the first 30 days of such a dependent special enrollment period, the coverage of the dependent shall become effective—

(i) in the case of marriage, not later than the first day of the first month beginning after the date the completed request for enrollment is received;

(ii) in the case of a dependent's birth, as of the date of such birth; or

(iii) in the case of a dependent's adoption or placement for adoption, the date of such adoption or placement for adoption.

**(3) Special rules for application in case of Medicaid and CHIP**

**(A) In general**

A group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, shall permit an employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled, for coverage under such terms) to enroll for coverage under the terms of the plan if either of the following conditions is met:

**(i) Termination of Medicaid or CHIP coverage**

The employee or dependent is covered under a Medicaid plan under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] or under a State child health plan under title XXI of such Act [42 U.S.C. 1397aa et seq.] and coverage of the employee or dependent under such a plan is terminated as a result of loss of eligibility

for such coverage and the employee requests coverage under the group health plan (or health insurance coverage) not later than 60 days after the date of termination of such coverage.

**(ii) Eligibility for employment assistance under Medicaid or CHIP**

The employee or dependent becomes eligible for assistance, with respect to coverage under the group health plan or health insurance coverage, under such Medicaid plan or State child health plan (including under any waiver or demonstration project conducted under or in relation to such a plan), if the employee requests coverage under the group health plan or health insurance coverage not later than 60 days after the date the employee or dependent is determined to be eligible for such assistance.

**(B) Coordination with Medicaid and CHIP**

**(i) Outreach to employees regarding availability of Medicaid and CHIP coverage**

**(I) In general**

Each employer that maintains a group health plan in a State that provides medical assistance under a State Medicaid plan under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.], or child health assistance under a State child health plan under title XXI of such Act [42 U.S.C. 1397aa et seq.], in the form of premium assistance for the purchase of coverage under a group health plan, shall provide to each employee a written notice informing the employee of potential opportunities then currently available in the State in which the employee resides for premium assistance under such plans for health coverage of the employee or the employee's dependents. For purposes of compliance with this subclause, the employer may use any State-specific model notice developed in accordance with section 1181(f)(3)(B)(i)(II) of title 29.

**(II) Option to provide concurrent with provision of plan materials to employee**

An employer may provide the model notice applicable to the State in which an employee resides concurrent with the furnishing of materials notifying the employee of health plan eligibility, concurrent with materials provided to the employee in connection with an open season or election process conducted under the plan, or concurrent with the furnishing of the summary plan description as provided in section 1024(b) of title 29.

**(ii) Disclosure about group health plan benefits to States for Medicaid and CHIP eligible individuals**

In the case of an enrollee in a group health plan who is covered under a Medicaid plan of a State under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] or under a State child health plan under title XXI of such Act [42 U.S.C. 1397aa et

seq.], the plan administrator of the group health plan shall disclose to the State, upon request, information about the benefits available under the group health plan in sufficient specificity, as determined under regulations of the Secretary of Health and Human Services in consultation with the Secretary that require use of the model coverage coordination disclosure form developed under section 311(b)(1)(C) of the Children's Health Insurance<sup>1</sup> Reauthorization Act of 2009, so as to permit the State to make a determination (under paragraph (2)(B), (3), or (10) of section 2105(c) of the Social Security Act [42 U.S.C. 1397ee(c)(2)(B), (3), (10)] or otherwise) concerning the cost-effectiveness of the State providing medical or child health assistance through premium assistance for the purchase of coverage under such group health plan and in order for the State to provide supplemental benefits required under paragraph (10)(E) of such section or other authority.

**(g) Use of affiliation period by HMOs as alternative to preexisting condition exclusion**

**(1) In general**

A health maintenance organization which offers health insurance coverage in connection with a group health plan and which does not impose any preexisting condition exclusion allowed under subsection (a) of this section with respect to any particular coverage option may impose an affiliation period for such coverage option, but only if—

(A) such period is applied uniformly without regard to any health status-related factors; and

(B) such period does not exceed 2 months (or 3 months in the case of a late enrollee).

**(2) Affiliation period**

**(A) "Affiliation period" defined**

For purposes of this subchapter, the term "affiliation period" means a period which, under the terms of the health insurance coverage offered by the health maintenance organization, must expire before the health insurance coverage becomes effective. The organization is not required to provide health care services or benefits during such period and no premium shall be charged to the participant or beneficiary for any coverage during the period.

**(B) Beginning**

Such period shall begin on the enrollment date.

**(C) Runs concurrently with waiting periods**

An affiliation period under a plan shall run concurrently with any waiting period under the plan.

“(2) STUDY ON ACCESS AND CHOICE.—The Secretary also shall provide for a study on—

“(A) the extent to which patients have direct access to, and choice of, health care providers, including specialty providers, within a network plan, as well as the opportunity to utilize providers outside of the network plan, under the various types of coverage offered under the provisions of this title; and

“(B) the cost and cost-effectiveness to health insurance issuers of providing access to out-of-network providers, and the potential impact of providing such access on the cost and quality of health insurance coverage offered under provisions of this title.

**(a) In eligibility to enroll**

**(1) In general**

Subject to paragraph (2), a group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, may not establish rules for eligibility (including continued eligibility) of any individual to enroll under the terms of the plan based on any of the following health status-related factors in relation to the individual or a dependent of the individual:

- (A) Health status.
- (B) Medical condition (including both physical and mental illnesses).
- (C) Claims experience.
- (D) Receipt of health care.
- (E) Medical history.
- (F) Genetic information.
- (G) Evidence of insurability (including conditions arising out of acts of domestic violence).
- (H) Disability.

**(2) No application to benefits or exclusions**

To the extent consistent with section 300gg<sup>1</sup> of this title, paragraph (1) shall not be construed—

- (A) to require a group health plan, or group health insurance coverage, to provide particular benefits other than those provided under the terms of such plan or coverage, or
- (B) to prevent such a plan or coverage from establishing limitations or restrictions on the amount, level, extent, or nature of the benefits or coverage for similarly situated individuals enrolled in the plan or coverage.

**(3) Construction**

For purposes of paragraph (1), rules for eligibility to enroll under a plan include rules defining any applicable waiting periods for such enrollment.

**(b) In premium contributions**

**(1) In general**

A group health plan, and a health insurance issuer offering health insurance coverage in connection with a group health plan, may not require any individual (as a condition of enrollment or continued enrollment under the plan) to pay a premium or contribution which is greater than such premium or contribution for a similarly situated individual enrolled in the plan on the basis of any health status-related factor in relation to the individual or to an individual enrolled under the plan as a dependent of the individual.

Nothing in paragraph (1) shall be construed—

(A) to restrict the amount that an employer may be charged for coverage under a group health plan except as provided in paragraph (3); or

**(3) No group-based discrimination on basis of genetic information**

**(A) In general**

For purposes of this section, a group health plan, and health<sup>2</sup> insurance issuer offering group health insurance coverage in connection with a group health plan, may not adjust premium or contribution amounts for the group covered under such plan on the basis of genetic information.

**(B) Rule of construction**

Nothing in subparagraph (A) or in paragraphs (1) and (2) of subsection (d) shall be construed to limit the ability of a health insurance issuer offering health insurance coverage in connection with a group health plan to increase the premium for an employer based on the manifestation of a disease or disorder of an individual who is enrolled in the plan. In such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the employer.

**(c) Genetic testing**

**(1) Limitation on requesting or requiring genetic testing**

A group health plan, and a health insurance issuer offering health insurance coverage in connection with a group health plan, shall not request or require an individual or a family member of such individual to undergo a genetic test.

**(2) Rule of construction**

Paragraph (1) shall not be construed to limit the authority of a health care professional who is providing health care services to an individual to request that such individual undergo a genetic test.

**(3) Rule of construction regarding payment**

**(A) In general**

Nothing in paragraph (1) shall be construed to preclude a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, from obtaining and using the results of a genetic test in making a determination regarding payment (as such term is defined for the purposes of applying the regulations promulgated by the Secretary under part C of title XI of the Social Security Act [42 U.S.C. 1320d et seq.] and section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised

(B) The plan or issuer clearly indicates to each participant or beneficiary, or in the case of a minor child, to the legal guardian of such beneficiary, to whom the request is made that—

(i) compliance with the request is voluntary; and

(ii) non-compliance will have no effect on enrollment status or premium or contribution amounts.

(C) No genetic information collected or acquired under this paragraph shall be used for underwriting purposes.

(D) The plan or issuer notifies the Secretary in writing that the plan or issuer is conducting activities pursuant to the exception provided for under this paragraph, including a description of the activities conducted.

**(3) Incidental collection**

If a group health plan, or a health insurance issuer offering health insurance coverage in

connection with a group health plan, obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of paragraph (2) if such request, requirement, or purchase is not in violation of paragraph (1).

**(e) Application to all plans**

The provisions of subsections (a)(1)(F), (b)(3), (c), and (d) and subsection (b)(1) and section 300gg of this title with respect to genetic information, shall apply to group health plans and health insurance issuers without regard to section 300gg-21(a) of this title.

#### SUBPART 2—OTHER REQUIREMENTS

### § 300gg-4. Standards relating to benefits for mothers and newborns

#### (a) Requirements for minimum hospital stay following birth

##### (1) In general

A group health plan, and a health insurance issuer offering group health insurance coverage, may not—

(A) except as provided in paragraph (2)—

(i) restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child, following a normal vaginal delivery, to less than 48 hours, or

(ii) restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child, following a cesarean section, to less than 96 hours, or

(B) require that a provider obtain authorization from the plan or the issuer for prescribing any length of stay required under subparagraph (A) (without regard to paragraph (2)).

##### (2) Exception

Paragraph (1)(A) shall not apply in connection with any group health plan or health insurance issuer in any case in which the decision to discharge the mother or her newborn child prior to the expiration of the minimum length of stay otherwise required under paragraph (1)(A) is made by an attending provider in consultation with the mother.

##### (b) Prohibitions

A group health plan, and a health insurance issuer offering group health insurance coverage in connection with a group health plan, may not—

(1) deny to the mother or her newborn child eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan, solely for the purpose of avoiding the requirements of this section;

(2) provide monetary payments or rebates to mothers to encourage such mothers to accept less than the minimum protections available under this section;

(3) penalize or otherwise reduce or limit the reimbursement of an attending provider because such provider provided care to an individual participant or beneficiary in accordance with this section;

(4) provide incentives (monetary or otherwise) to an attending provider to induce such provider to provide care to an individual participant or beneficiary in a manner inconsistent with this section; or

(5) subject to subsection (c)(3) of this section, restrict benefits for any portion of a period within a hospital length of stay required under subsection (a) of this section in a manner which is less favorable than the benefits provided for any preceding portion of such stay.

##### (c) Rules of construction

(1) Nothing in this section shall be construed to require a mother who is a participant or beneficiary—

(A) to give birth in a hospital; or

(B) to stay in the hospital for a fixed period of time following the birth of her child.

(2) This section shall not apply with respect to any group health plan, or any group health insurance coverage offered by a health insurance issuer, which does not provide benefits for hospital lengths of stay in connection with childbirth for a mother or her newborn child.

(3) Nothing in this section shall be construed as preventing a group health plan or issuer from imposing deductibles, coinsurance, or other cost-sharing in relation to benefits for hospital lengths of stay in connection with childbirth for a mother or newborn child under the plan (or under health insurance coverage offered in connection with a group health plan), except that such coinsurance or other cost-sharing for any portion of a period within a hospital length of stay required under subsection (a) of this section may not be greater than such coinsurance

or cost-sharing for any preceding portion of such stay.

**(d) Notice**

A group health plan under this part shall comply with the notice requirement under section 1185(d) of title 29 with respect to the requirements of this section as if such section applied to such plan.

**(e) Level and type of reimbursements**

**(f) Preemption; exception for health insurance coverage in certain States**

**(1) In general**

The requirements of this section shall not apply with respect to health insurance coverage if there is a State law (as defined in section 300gg-23(d)(1) of this title) for a State that regulates such coverage that is described in any of the following subparagraphs:

(A) Such State law requires such coverage to provide for at least a 48-hour hospital length of stay following a normal vaginal delivery and at least a 96-hour hospital length of stay following a cesarean section.

(B) Such State law requires such coverage to provide for maternity and pediatric care in accordance with guidelines established by the American College of Obstetricians and Gynecologists, the American Academy of Pediatrics, or other established professional medical associations.

(C) Such State law requires, in connection with such coverage for maternity care, that the hospital length of stay for such care is left to the decision of (or required to be made by) the attending provider in consultation with the mother.

**(2) Construction**

Section 300gg-23(a)(1) of this title shall not be construed as superseding a State law described in paragraph (1).

(July 1, 1944, ch. 373, title XXVII, § 2704, as added Pub. L. 104-204, title VI, § 604(a)(3), Sept. 26, 1996, 110 Stat. 2939.)

PRIOR PROVISIONS

A prior section 2704 of act July 1, 1944, was successively renumbered by subsequent acts and transferred, see section 238c of this title.

EFFECTIVE DATE

Section 604(c) of Pub. L. 104-204 provided that: “The amendments made by this section [enacting this section and amending sections 300gg-21 and 300gg-23 of this title] shall apply with respect to group health plans for plan years beginning on or after January 1, 1998.”

CONGRESSIONAL FINDINGS

Section 602 of title VI of Pub. L. 104-204 provided that: “Congress finds that—

“(1) the length of post-delivery hospital stay should be based on the unique characteristics of each mother and her newborn child, taking into consideration the health of the mother, the health and stability of the

newborn, the ability and confidence of the mother and the father to care for their newborn, the adequacy of support systems at home, and the access of the mother and her newborn to appropriate follow-up health care; and

“(2) the timing of the discharge of a mother and her newborn child from the hospital should be made by the attending provider in consultation with the mother.”

REPORTS TO CONGRESS CONCERNING CHILDBIRTH

Pub. L. 104-204, title VI, § 606, Sept. 26, 1996, 110 Stat. 2942, directed the Secretary of Health and Human Services to establish an advisory panel and conduct a study of the factors determining the length of hospital stay following childbirth, the diversity of negative or positive outcomes affecting mothers, infants, and families, the manner in which post natal care changed over time and the manner in which that care adapted or related to changes in the length of hospital stay, and the financial incentives that impact the health of newborns and mothers and influence the clinical decision making of health care providers, and to submit a final report to Congress not later than 5 years after Sept. 26, 1996, summarizing the study and the best practices used in the public and private sectors for the care of newborns and mothers, and making recommendations for improvements in prenatal care, post natal care, delivery and follow-up care, and whether the implementation of such improvements should be accomplished by the private health care sector, Federal or State governments, or any combination thereof.

**§ 300gg-5. Parity in mental health and substance use disorder benefits**

**(a) In general**

**(1) Aggregate lifetime limits**

In the case of a group health plan (or health insurance coverage offered in connection with such a plan) that provides both medical and surgical benefits and mental health or substance use disorder benefits—

**(A) No lifetime limit**

If the plan or coverage does not include an aggregate lifetime limit on substantially all medical and surgical benefits, the plan or coverage may not impose any aggregate lifetime limit on mental health or substance use disorder benefits.

**(B) Lifetime limit**

If the plan or coverage includes an aggregate lifetime limit on substantially all medical and surgical benefits (in this paragraph referred to as the “applicable lifetime limit”), the plan or coverage shall either—

(i) apply the applicable lifetime limit both to the medical and surgical benefits to which it otherwise would apply and to mental health and substance use disorder benefits and not distinguish in the application of such limit between such medical and surgical benefits and mental health and substance use disorder benefits; or

(ii) not include any aggregate lifetime limit on mental health or substance use disorder benefits that is less than the applicable lifetime limit.

**(C) Rule in case of different limits**

In the case of a plan or coverage that is not described in subparagraph (A) or (B) and that includes no or different aggregate life-

time limits on different categories of medical and surgical benefits, the Secretary shall establish rules under which subparagraph (B) is applied to such plan or coverage with respect to mental health and substance use disorder benefits by substituting for the applicable lifetime limit an average aggregate lifetime limit that is computed taking into account the weighted average of the aggregate lifetime limits applicable to such categories.

**(2) Annual limits**

In the case of a group health plan (or health insurance coverage offered in connection with such a plan) that provides both medical and surgical benefits and mental health or substance use disorder benefits—

**(A) No annual limit**

If the plan or coverage does not include an annual limit on substantially all medical and surgical benefits, the plan or coverage may not impose any annual limit on mental health or substance use disorder benefits.

**(B) Annual limit**

If the plan or coverage includes an annual limit on substantially all medical and surgical benefits (in this paragraph referred to as the “applicable annual limit”), the plan or coverage shall either—

(i) apply the applicable annual limit both to medical and surgical benefits to which it otherwise would apply and to mental health and substance use disorder benefits and not distinguish in the application of such limit between such medical and surgical benefits and mental health and substance use disorder benefits; or

(ii) not include any annual limit on mental health or substance use disorder benefits that is less than the applicable annual limit.

**(C) Rule in case of different limits**

In the case of a plan or coverage that is not described in subparagraph (A) or (B) and that includes no or different annual limits on different categories of medical and surgical benefits, the Secretary shall establish rules under which subparagraph (B) is applied to such plan or coverage with respect to mental health and substance use disorder benefits by substituting for the applicable annual limit an average annual limit that is computed taking into account the weighted average of the annual limits applicable to such categories.

**(3) Financial requirements and treatment limitations**

**(A) In general**

In the case of a group health plan (or health insurance coverage offered in connection with such a plan) that provides both medical and surgical benefits and mental health or substance use disorder benefits, such plan or coverage shall ensure that—

(i) the financial requirements applicable to such mental health or substance use disorder benefits are no more restrictive

than the predominant financial requirements applied to substantially all medical and surgical benefits covered by the plan (or coverage), and there are no separate cost sharing requirements that are applicable only with respect to mental health or substance use disorder benefits; and

(ii) the treatment limitations applicable to such mental health or substance use disorder benefits are no more restrictive than the predominant treatment limitations applied to substantially all medical and surgical benefits covered by the plan (or coverage) and there are no separate treatment limitations that are applicable only with respect to mental health or substance use disorder benefits.

**(B) Definitions**

In this paragraph:

**(i) Financial requirement**

The term “financial requirement” includes deductibles, copayments, coinsurance, and out-of-pocket expenses, but excludes an aggregate lifetime limit and an annual limit subject to paragraphs (1) and (2).

**(ii) Predominant**

A financial requirement or treatment limit is considered to be predominant if it is the most common or frequent of such type of limit or requirement.

**(iii) Treatment limitation**

The term “treatment limitation” includes limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment.

**(4) Availability of plan information**

The criteria for medical necessity determinations made under the plan with respect to mental health or substance use disorder benefits (or the health insurance coverage offered in connection with the plan with respect to such benefits) shall be made available by the plan administrator (or the health insurance issuer offering such coverage) in accordance with regulations to any current or potential participant, beneficiary, or contracting provider upon request. The reason for any denial under the plan (or coverage) of reimbursement or payment for services with respect to mental health or substance use disorder benefits in the case of any participant or beneficiary shall, on request or as otherwise required, be made available by the plan administrator (or the health insurance issuer offering such coverage) to the participant or beneficiary in accordance with regulations.

**(5) Out-of-network providers**

In the case of a plan or coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits, if the plan or coverage provides coverage for medical or surgical benefits provided by out-of-network providers, the plan or coverage shall provide coverage for mental health or substance use disorder benefits provided by

out-of-network providers in a manner that is consistent with the requirements of this section.

**(b) Construction**

Nothing in this section shall be construed—

(1) as requiring a group health plan (or health insurance coverage offered in connection with such a plan) to provide any mental health or substance use disorder benefits; or

(2) in the case of a group health plan (or health insurance coverage offered in connection with such a plan) that provides mental health or substance use disorder benefits, as affecting the terms and conditions of the plan or coverage relating to such benefits under the plan or coverage, except as provided in subsection (a).

**(c) Exemptions**

**(1) Small employer exemption**

This section shall not apply to any group health plan (and group health insurance coverage offered in connection with a group health plan) for any plan year of a small employer (as defined in section 300gg-91(e)(4) of this title, except that for purposes of this paragraph such term shall include employers with 1 employee in the case of an employer residing in a State that permits small groups to include a single individual).

**(2) Cost exemption**

**(A) In general**

With respect to a group health plan (or health insurance coverage offered in connection with such a plan), if the application of this section to such plan (or coverage) results in an increase for the plan year involved of the actual total costs of coverage with respect to medical and surgical benefits and mental health and substance use disorder benefits under the plan (as determined and certified under subparagraph (C)) by an amount that exceeds the applicable percentage described in subparagraph (B) of the actual total plan costs, the provisions of this section shall not apply to such plan (or coverage) during the following plan year, and such exemption shall apply to the plan (or coverage) for 1 plan year. An employer may elect to continue to apply mental health and substance use disorder parity pursuant to this section with respect to the group health plan (or coverage) involved regardless of any increase in total costs.

**(B) Applicable percentage**

With respect to a plan (or coverage), the applicable percentage described in this subparagraph shall be—

(i) 2 percent in the case of the first plan year in which this section is applied; and

(ii) 1 percent in the case of each subsequent plan year.

**(C) Determinations by actuaries**

Determinations as to increases in actual costs under a plan (or coverage) for purposes of this section shall be made and certified by a qualified and licensed actuary who is a member in good standing of the American

Academy of Actuaries. All such determinations shall be in a written report prepared by the actuary. The report, and all underlying documentation relied upon by the actuary, shall be maintained by the group health plan or health insurance issuer for a period of 6 years following the notification made under subparagraph (E).

**(D) 6-month determinations**

If a group health plan (or a health insurance issuer offering coverage in connection with a group health plan) seeks an exemption under this paragraph, determinations under subparagraph (A) shall be made after such plan (or coverage) has complied with this section for the first 6 months of the plan year involved.

**(E) Notification**

**(i) In general**

A group health plan (or a health insurance issuer offering coverage in connection with a group health plan) that, based upon a certification described under subparagraph (C), qualifies for an exemption under this paragraph, and elects to implement the exemption, shall promptly notify the Secretary, the appropriate State agencies, and participants and beneficiaries in the plan of such election.

**(ii) Requirement**

A notification to the Secretary under clause (i) shall include—

(I) a description of the number of covered lives under the plan (or coverage) involved at the time of the notification, and as applicable, at the time of any prior election of the cost-exemption under this paragraph by such plan (or coverage);

(II) for both the plan year upon which a cost exemption is sought and the year prior, a description of the actual total costs of coverage with respect to medical and surgical benefits and mental health and substance use disorder benefits under the plan; and

(III) for both the plan year upon which a cost exemption is sought and the year prior, the actual total costs of coverage with respect to mental health and substance use disorder benefits under the plan.

**(iii) Confidentiality**

A notification to the Secretary under clause (i) shall be confidential. The Secretary shall make available, upon request and on not more than an annual basis, an anonymous itemization of such notifications, that includes—

(I) a breakdown of States by the size and type of employers submitting such notification; and

(II) a summary of the data received under clause (ii).

**(F) Audits by appropriate agencies**

To determine compliance with this paragraph, the Secretary may audit the books

and records of a group health plan or health insurance issuer relating to an exemption, including any actuarial reports prepared pursuant to subparagraph (C), during the 6 year period following the notification of such exemption under subparagraph (E). A State agency receiving a notification under subparagraph (E) may also conduct such an audit with respect to an exemption covered by such notification.

**(d) Separate application to each option offered**

In the case of a group health plan that offers a participant or beneficiary two or more benefit package options under the plan, the requirements of this section shall be applied separately with respect to each such option.

**(e) Definitions**

For purposes of this section—

**(1) Aggregate lifetime limit**

The term “aggregate lifetime limit” means, with respect to benefits under a group health plan or health insurance coverage, a dollar limitation on the total amount that may be paid with respect to such benefits under the plan or health insurance coverage with respect to an individual or other coverage unit.

**(2) Annual limit**

The term “annual limit” means, with respect to benefits under a group health plan or health insurance coverage, a dollar limitation on the total amount of benefits that may be paid with respect to such benefits in a 12-month period under the plan or health insurance coverage with respect to an individual or other coverage unit.

**(3) Medical or surgical benefits**

The term “medical or surgical benefits” means benefits with respect to medical or surgical services, as defined under the terms of the plan or coverage (as the case may be), but does not include mental health or substance use disorder benefits.

**(4) Mental health benefits**

The term “mental health benefits” means benefits with respect to services for mental health conditions, as defined under the terms of the plan and in accordance with applicable Federal and State law.

**(5) Substance use disorder benefits**

#### § 300gg-7. Coverage of dependent students on medically necessary leave of absence

##### (a) Medically necessary leave of absence

In this section, the term “medically necessary leave of absence” means, with respect to a dependent child described in subsection (b)(2) in connection with a group health plan or health insurance coverage offered in connection with such plan, a leave of absence of such child from a postsecondary educational institution (including an institution of higher education as defined in section 1002 of title 20), or any other change in enrollment of such child at such an institution, that—

- (1) commences while such child is suffering from a serious illness or injury;
- (2) is medically necessary; and
- (3) causes such child to lose student status for purposes of coverage under the terms of the plan or coverage.

##### (b) Requirement to continue coverage

###### (1) In general

In the case of a dependent child described in paragraph (2), a group health plan, or a health insurance issuer that provides health insurance coverage in connection with a group health plan, shall not terminate coverage of such child under such plan or health insurance coverage due to a medically necessary leave of absence before the date that is the earlier of—

- (A) the date that is 1 year after the first day of the medically necessary leave of absence; or

(B) the date on which such coverage would otherwise terminate under the terms of the plan or health insurance coverage.

**(2) Dependent child described**

A dependent child described in this paragraph is, with respect to a group health plan or health insurance coverage offered in connection with the plan, a beneficiary under the plan who—

(A) is a dependent child, under the terms of the plan or coverage, of a participant or beneficiary under the plan or coverage; and

(B) was enrolled in the plan or coverage, on the basis of being a student at a post-secondary educational institution (as described in subsection (a)), immediately before the first day of the medically necessary leave of absence involved.

**(3) Certification by physician**

Paragraph (1) shall apply to a group health plan or health insurance coverage offered by an issuer in connection with such plan only if the plan or issuer of the coverage has received written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury and that the leave of absence (or other change of enrollment) described in subsection (a) is medically necessary.

**(c) Notice**

A group health plan, and a health insurance issuer providing health insurance coverage in connection with a group health plan, shall include, with any notice regarding a requirement for certification of student status for coverage under the plan or coverage, a description of the terms of this section for continued coverage during medically necessary leaves of absence. Such description shall be in language which is understandable to the typical plan participant.

**(d) No change in benefits**

A dependent child whose benefits are continued under this section shall be entitled to the same benefits as if (during the medically necessary leave of absence) the child continued to be a covered student at the institution of higher education and was not on a medically necessary leave of absence.

**(e) Continued application in case of changed coverage**

If—

(1) a dependent child of a participant or beneficiary is in a period of coverage under a group health plan or health insurance coverage offered in connection with such a plan, pursuant to a medically necessary leave of absence of the child described in subsection (b);

(2) the manner in which the participant or beneficiary is covered under the plan changes, whether through a change in health insurance coverage or health insurance issuer, a change between health insurance coverage and self-insured coverage, or otherwise; and

(3) the coverage as so changed continues to provide coverage of beneficiaries as dependent children,

this section shall apply to coverage of the child under the changed coverage for the remainder of

the period of the medically necessary leave of absence of the dependent child under the plan in the same manner as it would have applied if the changed coverage had been the previous coverage.

(July 1, 1944, ch. 373, title XXVII, §2707, as added Pub. L. 110-381, §2(b)(1), Oct. 9, 2008, 122 Stat. 4083.)

**§ 300gg-11. Guaranteed availability of coverage for employers in group market**

**(a) Issuance of coverage in small group market**

**(1) In general**

Subject to subsections (c) through (f) of this section, each health insurance issuer that offers health insurance coverage in the small group market in a State—

(A) must accept every small employer (as defined in section 300gg-91(e)(4) of this title) in the State that applies for such coverage; and

(B) must accept for enrollment under such coverage every eligible individual (as defined in paragraph (2)) who applies for enrollment during the period in which the individual first becomes eligible to enroll under the terms of the group health plan and may not place any restriction which is inconsistent with section 300gg-1 of this title on an eligible individual being a participant or beneficiary.

**(2) “Eligible individual” defined**

For purposes of this section, the term “eligible individual” means, with respect to a health insurance issuer that offers health insurance coverage to a small employer in connection with a group health plan in the small group market, such an individual in relation to the employer as shall be determined—

(A) in accordance with the terms of such plan,

(B) as provided by the issuer under rules of the issuer which are uniformly applicable in a State to small employers in the small group market, and

(C) in accordance with all applicable State laws governing such issuer and such market.

**(b) Assuring access in large group market**

**(1) Reports to HHS**

The Secretary shall request that the chief executive officer of each State submit to the Secretary, by not later December 31, 2000, and every 3 years thereafter a report on—

(A) the access of large employers to health insurance coverage in the State, and

(B) the circumstances for lack of access (if any) of large employers (or one or more classes of such employers) in the State to such coverage.

**(2) Triennial reports to Congress**

The Secretary, based on the reports submitted under paragraph (1) and such other information as the Secretary may use, shall prepare and submit to Congress, every 3 years, a report describing the extent to which large employers (and classes of such employers) that seek health insurance coverage in the different States are able to obtain access to such coverage. Such report shall include such recommendations as the Secretary determines to be appropriate.

**(3) GAO report on large employer access to health insurance coverage**

The Comptroller General shall provide for a study of the extent to which classes of large employers in the different States are able to obtain access to health insurance coverage and the circumstances for lack of access (if any) to such coverage. The Comptroller General shall submit to Congress a report on such study not later than 18 months after August 21, 1996.

**(c) Special rules for network plans**

**(1) In general**

In the case of a health insurance issuer that offers health insurance coverage in the small group market through a network plan, the issuer may—

(A) limit the employers that may apply for such coverage to those with eligible individuals who live, work, or reside in the service area for such network plan; and

(B) within the service area of such plan, deny such coverage to such employers if the issuer has demonstrated, if required, to the applicable State authority that—

(i) it will not have the capacity to deliver services adequately to enrollees of any additional groups because of its obligations to existing group contract holders and enrollees, and

(ii) it is applying this paragraph uniformly to all employers without regard to the claims experience of those employers and their employees (and their dependents) or any health status-related factor relating to such employees and dependents.

**(2) 180-day suspension upon denial of coverage**

An issuer, upon denying health insurance coverage in any service area in accordance with paragraph (1)(B), may not offer coverage in the small group market within such service area for a period of 180 days after the date such coverage is denied.

**(d) Application of financial capacity limits**

**(1) In general**

A health insurance issuer may deny health insurance coverage in the small group market if the issuer has demonstrated, if required, to the applicable State authority that—

(A) it does not have the financial reserves necessary to underwrite additional coverage; and

(B) it is applying this paragraph uniformly to all employers in the small group market in the State consistent with applicable State law and without regard to the claims experience of those employers and their employees (and their dependents) or any health status-related factor relating to such employees and dependents.

**(2) 180-day suspension upon denial of coverage**

A health insurance issuer upon denying health insurance coverage in connection with group health plans in accordance with paragraph (1) in a State may not offer coverage in connection with group health plans in the small group market in the State for a period of 180 days after the date such coverage is denied or until the issuer has demonstrated to the applicable State authority, if required under applicable State law, that the issuer has sufficient financial reserves to underwrite additional coverage, whichever is later. An applicable State authority may provide for the application of this subsection on a service-area-specific basis.

**(e) Exception to requirement for failure to meet certain minimum participation or contribution rules**

**(1) In general**

Subsection (a) of this section shall not be construed to preclude a health insurance issuer from establishing employer contribution rules or group participation rules for the offering of health insurance coverage in connection with a group health plan in the small group market, as allowed under applicable State law.

**(2) Rules defined**

For purposes of paragraph (1)—

(A) the term “employer contribution rule” means a requirement relating to the minimum level or amount of employer contribution toward the premium for enrollment of participants and beneficiaries; and

(July 1, 1944, ch. 373, title XXVII, §2711, as added Pub. L. 104-191, title I, §102(a), Aug. 21, 1996, 110 Stat. 1962.)

tion with group health plans, for plan years beginning after June 30, 1997, except as otherwise provided, see section 102(c) of Pub. L. 104-191, set out as a note under section 300gg of this title.

**§ 300gg-12. Guaranteed renewability of coverage for employers in group market**

**(a) In general**

Except as provided in this section, if a health insurance issuer offers health insurance coverage in the small or large group market in connection with a group health plan, the issuer must renew or continue in force such coverage at the option of the plan sponsor of the plan.

**(b) General exceptions**

A health insurance issuer may nonrenew or discontinue health insurance coverage offered in connection with a group health plan in the small or large group market based only on one or more of the following:

**(1) Nonpayment of premiums**

The plan sponsor has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.

**(2) Fraud**

The plan sponsor has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

**(3) Violation of participation or contribution rules**

The plan sponsor has failed to comply with a material plan provision relating to employer contribution or group participation rules, as permitted under section 300gg-11(e) of this title in the case of the small group market or pursuant to applicable State law in the case of the large group market.

**(4) Termination of coverage**

The issuer is ceasing to offer coverage in such market in accordance with subsection (c) of this section and applicable State law.

**(5) Movement outside service area**

In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, there is no longer any enrollee in connection with such plan who lives, resides, or works in the service area of the issuer (or in the area for which the issuer is authorized to do business) and, in the case of the small group market, the issuer would deny enrollment with respect to such plan under section 300gg-11(c)(1)(A) of this title.

**(6) Association membership ceases**

In the case of health insurance coverage that is made available in the small or large group market (as the case may be) only through one or more bona fide associations, the membership of an employer in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor relating to any covered individual.

**(c) Requirements for uniform termination of coverage**

**(1) Particular type of coverage not offered**

In any case in which an issuer decides to discontinue offering a particular type of group health insurance coverage offered in the small or large group market, coverage of such type may be discontinued by the issuer in accordance with applicable State law in such market only if—

(A) the issuer provides notice to each plan sponsor provided coverage of this type in such market (and participants and beneficiaries covered under such coverage) of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the issuer offers to each plan sponsor provided coverage of this type in such market, the option to purchase all (or, in the case of the large group market, any) other health insurance coverage currently being offered by the issuer to a group health plan in such market; and

(C) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to the claims experience of those sponsors or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage.

**(2) Discontinuance of all coverage**

**(A) In general**

In any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the small group market or the large group market, or both markets, in a State, health insurance coverage may be discontinued by the issuer only in accordance with applicable State law and if—

(i) the issuer provides notice to the applicable State authority and to each plan sponsor (and participants and beneficiaries covered under such coverage) of such discontinuation at least 180 days prior to the date of the discontinuation of such coverage; and

(ii) all health insurance issued or delivered for issuance in the State in such market (or markets) are discontinued and coverage under such health insurance coverage in such market (or markets) is not renewed.

**(B) Prohibition on market reentry**

In the case of a discontinuation under subparagraph (A) in a market, the issuer may not provide for the issuance of any health insurance coverage in the market and State involved during the 5-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

**(d) Exception for uniform modification of coverage**

At the time of coverage renewal, a health insurance issuer may modify the health insurance

coverage for a product offered to a group health plan—

(1) in the large group market; or

(2) in the small group market if, for coverage that is available in such market other than only through one or more bona fide associations, such modification is consistent with State law and effective on a uniform basis among group health plans with that product.

**(e) Application to coverage offered only through associations**

In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the small or large group market to employers only through one or more associations, a reference to “plan sponsor” is deemed, with respect to coverage provided to an employer member of the association, to include a reference to such employer.

In connection with the offering of any health insurance coverage to a small employer, a health insurance issuer—

(1) shall make a reasonable disclosure to such employer, as part of its solicitation and sales materials, of the availability of information described in subsection (b) of this section, and

**§ 300gg-21. Exclusion of certain plans**

**(a) Exception for certain small group health plans**

The requirements of subparts 1 and 3 shall not apply to any group health plan (and health insurance coverage offered in connection with a group health plan) for any plan year if, on the first day of such plan year, such plan has less than 2 participants who are current employees.

**(b) Limitation on application of provisions relating to group health plans**

**(1) In general**

The requirements of subparts 1 through 3 shall apply with respect to group health plans only—

(A) subject to paragraph (2), in the case of a plan that is a nonfederal governmental plan, and

**(2) Treatment of non-Federal governmental plans**

**(A) Election to be excluded**

Except as provided in subparagraph (D), if the plan sponsor of a nonfederal governmental plan which is a group health plan to which the provisions of subparts 1 through 3 otherwise apply makes an election under this subparagraph (in such form and manner as the Secretary may by regulations prescribe), then the requirements of such subparts insofar as they apply directly to group health plans (and not merely to group health

insurance coverage) shall not apply to such governmental plans for such period except as provided in this paragraph.

**(B) Period of election**

An election under subparagraph (A) shall apply—

- (i) for a single specified plan year, or
- (ii) in the case of a plan provided pursuant to a collective bargaining agreement, for the term of such agreement.

An election under clause (i) may be extended through subsequent elections under this paragraph.

**(2) Noncoordinated, excepted benefits**

The requirements of subparts 1 through 3 shall not apply to any group health plan (and group health insurance coverage offered in connection with a group health plan) in relation to its provision of excepted benefits described in section 300gg-91(c)(3) of this title if all of the following conditions are met:

- (A) The benefits are provided under a separate policy, certificate, or contract of insurance.
- (B) There is no coordination between the provision of such benefits and any exclusion

of benefits under any group health plan maintained by the same plan sponsor.

(C) Such benefits are paid with respect to an event without regard to whether benefits are provided with respect to such an event under any group health plan maintained by the same plan sponsor.

**(3) Supplemental excepted benefits**

The requirements of this part shall not apply to any group health plan (and group health insurance coverage) in relation to its provision of excepted benefits described in section 300gg-91(c)(4)<sup>1</sup> of this title if the benefits are provided under a separate policy, certificate, or contract of insurance.

**§ 300gg-22. Enforcement****(a) State enforcement****(1) State authority**

Subject to section 300gg-23 of this title, each State may require that health insurance issuers that issue, sell, renew, or offer health insurance coverage in the State in the small or large group markets meet the requirements of this part with respect to such issuers.

**(2) Failure to implement provisions**

In the case of a determination by the Secretary that a State has failed to substantially enforce a provision (or provisions) in this part with respect to health insurance issuers in the State, the Secretary shall enforce such provision (or provisions) under subsection (b) of this section insofar as they relate to the issuance, sale, renewal, and offering of health insurance coverage in connection with group health plans in such State.

**(b) Secretarial enforcement authority****(1) Limitation**

The provisions of this subsection shall apply to enforcement of a provision (or provisions) of this part only—

(A) as provided under subsection (a)(2) of this section; and

(B) with respect to group health plans that are non-Federal governmental plans.

**(2) Imposition of penalties**

In the cases described in paragraph (1)—

**(A) In general**

Subject to the succeeding provisions of this subsection, any non-Federal govern-

mental plan that is a group health plan and any health insurance issuer that fails to meet a provision of this part applicable to such plan or issuer is subject to a civil money penalty under this subsection.

**(B) Liability for penalty**

In the case of a failure by—

(i) a health insurance issuer, the issuer is liable for such penalty, or

(ii) a group health plan that is a non-Federal governmental plan which is—

(I) sponsored by 2 or more employers, the plan is liable for such penalty, or

(II) not so sponsored, the employer is liable for such penalty.

**(C) Amount of penalty****(i) In general**

The maximum amount of penalty imposed under this paragraph is \$100 for each day for each individual with respect to which such a failure occurs.

**(ii) Considerations in imposition**

In determining the amount of any penalty to be assessed under this paragraph, the Secretary shall take into account the previous record of compliance of the entity being assessed with the applicable provisions of this part and the gravity of the violation.

**(iii) Limitations****(I) Penalty not to apply where failure not discovered exercising reasonable diligence**

No civil money penalty shall be imposed under this paragraph on any failure during any period for which it is established to the satisfaction of the Secretary that none of the entities against whom the penalty would be imposed knew, or exercising reasonable diligence would have known, that such failure existed.

**(II) Penalty not to apply to failures corrected within 30 days**

No civil money penalty shall be imposed under this paragraph on any failure if such failure was due to reasonable cause and not to willful neglect, and such failure is corrected during the 30-day period beginning on the first day any of the entities against whom the penalty would be imposed knew, or exercising reasonable diligence would have known, that such failure existed.

**(D) Administrative review****(i) Opportunity for hearing**

The entity assessed shall be afforded an opportunity for hearing by the Secretary upon request made within 30 days after the date of the issuance of a notice of assessment. **(ii) Hearing procedure**

If a hearing is requested, the initial agency decision shall be made by an ad-

ministrative law judge, and such decision shall become the final order unless the Secretary modifies or vacates the decision. Notice of intent to modify or vacate the decision of the administrative law judge shall be issued to the parties within 30 days after the date of the decision of the judge. A final order which takes effect under this paragraph shall be subject to review only as provided under subparagraph (E).

**(E) Judicial review**

**(i) Filing of action for review**

Any entity against whom an order imposing a civil money penalty has been entered after an agency hearing under this paragraph may obtain review by the United States district court for any district in which such entity is located or the United States District Court for the District of Columbia by filing a notice of appeal in such court within 30 days from the date of such order, and simultaneously sending a copy of such notice by registered mail to the Secretary.

**(ii) Certification of administrative record**

The Secretary shall promptly certify and file in such court the record upon which the penalty was imposed.

**(F) Failure to pay assessment; maintenance of action**

**(i) Failure to pay assessment**

If any entity fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General who shall recover the amount assessed by action in the appropriate United States district court.

**(ii) Nonreviewability**

In such action the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

**(G) Payment of penalties**

Except as otherwise provided, penalties collected under this paragraph shall be paid to the Secretary (or other officer) imposing the penalty and shall be available without appropriation and until expended for the purpose of enforcing the provisions with respect to which the penalty was imposed.

**(3) Enforcement authority relating to genetic discrimination**

**(A) General rule**

In the cases described in paragraph (1), notwithstanding the provisions of paragraph

(2)(C), the succeeding subparagraphs of this paragraph shall apply with respect to an action under this subsection by the Secretary with respect to any failure of a health insurance issuer in connection with a group health plan, to meet the requirements of subsection (a)(1)(F), (b)(3), (c), or (d) of section 300gg-1 of this title or section 300gg or 300gg-1(b)(1) of this title with respect to genetic information in connection with the plan.

**(i) In general**

The amount of the penalty imposed under this paragraph shall be \$100 for each day in the noncompliance period with respect to each participant or beneficiary to whom such failure relates.

In the case of 1 or more failures with respect to an individual—

- (I) which are not corrected before the date on which the plan receives a notice from the Secretary of such violation; and
- (II) which occurred or continued during the period involved;

the amount of penalty imposed by subparagraph (A) by reason of such failures with respect to such individual shall not be less than \$2,500.

**(ii) Higher minimum penalty where violations are more than de minimis**

To the extent violations for which any person is liable under this paragraph for any year are more than de minimis, clause (i) shall be applied by substituting “\$15,000” for “\$2,500” with respect to such person.

**(D) Limitations**

**(i) Penalty not to apply where failure not discovered exercising reasonable diligence**

No penalty shall be imposed by subparagraph (A) on any failure during any period for which it is established to the satisfaction of the Secretary that the person otherwise liable for such penalty did not know, and exercising reasonable diligence would not have known, that such failure existed.

**(ii) Penalty not to apply to failures corrected within certain periods**

No penalty shall be imposed by subparagraph (A) on any failure if—

(I) such failure was due to reasonable cause and not to willful neglect; and

(II) such failure is corrected during the 30-day period beginning on the first date the person otherwise liable for such penalty knew, or exercising reasonable diligence would have known, that such failure existed.

**(iii) Overall limitation for unintentional failures**

In the case of failures which are due to reasonable cause and not to willful neglect, the penalty imposed by subparagraph (A) for failures shall not exceed the amount equal to the lesser of—

(I) 10 percent of the aggregate amount paid or incurred by the employer (or predecessor employer) during the preceding taxable year for group health plans; or

(II) \$500,000.

**(E) Waiver by Secretary**

In the case of a failure which is due to reasonable cause and not to willful neglect, the Secretary may waive part or all of the penalty imposed by subparagraph (A) to the extent that the payment of such penalty would be excessive relative to the failure involved.

PART B—INDIVIDUAL MARKET RULES

SUBPART 1—PORTABILITY, ACCESS, AND RENEWABILITY REQUIREMENTS

**§ 300gg-41. Guaranteed availability of individual health insurance coverage to certain individuals with prior group coverage**

**(a) Guaranteed availability**

**(1) In general**

Subject to the succeeding subsections of this section and section 300gg-44 of this title, each health insurance issuer that offers health insurance coverage (as defined in section 300gg-91(b)(1) of this title) in the individual market in a State may not, with respect to an eligible individual (as defined in subsection (b) of this section) desiring to enroll in individual health insurance coverage—

(A) decline to offer such coverage to, or deny enrollment of, such individual; or

(B) impose any preexisting condition exclusion (as defined in section 300gg(b)(1)(A) of this title) with respect to such coverage.

**(2) Substitution by State of acceptable alternative mechanism**

The requirement of paragraph (1) shall not apply to health insurance coverage offered in the individual market in a State in which the State is implementing an acceptable alter-

native mechanism under section 300gg-44 of this title.

**(b) “Eligible individual” defined**

In this part, the term “eligible individual” means an individual—

(1)(A) for whom, as of the date on which the individual seeks coverage under this section, the aggregate of the periods of creditable coverage (as defined in section 300gg(c) of this title) is 18 or more months and (B) whose most recent prior creditable coverage was under a group health plan, governmental plan, or church plan (or health insurance coverage offered in connection with any such plan);

(2) who is not eligible for coverage under (A) a group health plan, (B) part A or part B of title XVIII of the Social Security Act [42 U.S.C. 1395c et seq., 1395j et seq.], or (C) a State plan under title XIX of such Act [42 U.S.C. 1396 et seq.] (or any successor program), and does not have other health insurance coverage;

(3) with respect to whom the most recent coverage within the coverage period described in paragraph (1)(A) was not terminated based on a factor described in paragraph (1) or (2) of section 300gg-12(b) of this title (relating to nonpayment of premiums or fraud);

(4) if the individual had been offered the option of continuation coverage under a COBRA continuation provision or under a similar State program, who elected such coverage; and

(5) who, if the individual elected such continuation coverage, has exhausted such continuation coverage under such provision or program.

**(c) Alternative coverage permitted where no State mechanism**

**(1) In general**

In the case of health insurance coverage offered in the individual market in a State in which the State is not implementing an acceptable alternative mechanism under section 300gg-44 of this title, the health insurance issuer may elect to limit the coverage offered under subsection (a) of this section so long as it offers at least two different policy forms of health insurance coverage both of which—

(A) are designed for, made generally available to, and actively marketed to, and enroll both eligible and other individuals by the issuer; and

(B) meet the requirement of paragraph (2) or (3), as elected by the issuer.

For purposes of this subsection, policy forms which have different cost-sharing arrangements or different riders shall be considered to be different policy forms.

**(2) Choice of most popular policy forms**

The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers the policy forms for individual health insurance coverage with the largest, and next to largest, premium volume of all such policy forms offered by the issuer in the State or applicable marketing or service area (as may be prescribed in regulation) by

the issuer in the individual market in the period involved.

**(3) Choice of 2 policy forms with representative coverage**

**(A) In general**

The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers a lower-level coverage policy form (as defined in subparagraph (B)) and a higher-level coverage policy form (as defined in subparagraph (C)) each of which includes benefits substantially similar to other individual health insurance coverage offered by the issuer in that State and each of which is covered under a method described in section 300gg-44(c)(3)(A) of this title (relating to risk adjustment, risk spreading, or financial subsidization).

**(B) Lower-level of coverage described**

A policy form is described in this subparagraph if the actuarial value of the benefits under the coverage is at least 85 percent but not greater than 100 percent of a weighted average (described in subparagraph (D)).

**(C) Higher-level of coverage described**

A policy form is described in this subparagraph if—

- (i) the actuarial value of the benefits under the coverage is at least 15 percent greater than the actuarial value of the coverage described in subparagraph (B) offered by the issuer in the area involved; and
- (ii) the actuarial value of the benefits under the coverage is at least 100 percent but not greater than 120 percent of a weighted average (described in subparagraph (D)).

**(D) Weighted average**

For purposes of this paragraph, the weighted average described in this subparagraph is the average actuarial value of the benefits provided by all the health insurance coverage issued (as elected by the issuer) either by that issuer or by all issuers in the State in the individual market during the previous year (not including coverage issued under this section), weighted by enrollment for the different coverage.

**(4) Election**

The issuer elections under this subsection shall apply uniformly to all eligible individuals in the State for that issuer. Such an election shall be effective for policies offered during a period of not shorter than 2 years.

**(5) Assumptions**

For purposes of paragraph (3), the actuarial value of benefits provided under individual health insurance coverage shall be calculated based on a standardized population and a set of standardized utilization and cost factors.

**(d) Special rules for network plans**

**(1) In general**

In the case of a health insurance issuer that offers health insurance coverage in the indi-

vidual market through a network plan, the issuer may—

(A) limit the individuals who may be enrolled under such coverage to those who live, reside, or work within the service area for such network plan; and

(B) within the service area of such plan, deny such coverage to such individuals if the issuer has demonstrated, if required, to the applicable State authority that—

- (i) it will not have the capacity to deliver services adequately to additional individual enrollees because of its obligations to existing group contract holders and enrollees and individual enrollees, and
- (ii) it is applying this paragraph uniformly to individuals without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

**(2) 180-day suspension upon denial of coverage**

An issuer, upon denying health insurance coverage in any service area in accordance with paragraph (1)(B), may not offer coverage in the individual market within such service area for a period of 180 days after such coverage is denied.

**(e)<sup>1</sup> Application of financial capacity limits**

**(1) In general**

A health insurance issuer may deny health insurance coverage in the individual market to an eligible individual if the issuer has demonstrated, if required, to the applicable State authority that—

(A) it does not have the financial reserves necessary to underwrite additional coverage; and

(B) it is applying this paragraph uniformly to all individuals in the individual market in the State consistent with applicable State law and without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

**(2) 180-day suspension upon denial of coverage**

An issuer upon denying individual health insurance coverage in any service area in accordance with paragraph (1) may not offer such coverage in the individual market within such service area for a period of 180 days after the date such coverage is denied or until the issuer has demonstrated, if required under applicable State law, to the applicable State authority that the issuer has sufficient financial reserves to underwrite additional coverage, whichever is later. A State may provide for the application of this paragraph on a service-area-specific basis.

**(e)<sup>1</sup> Market requirements**

**(1) In general**

The provisions of subsection (a) of this section shall not be construed to require that a health insurance issuer offering health insurance coverage only in connection with group health plans or through one or more bona fide associations, or both, offer such health insurance coverage in the individual market.

<sup>1</sup> So in original. Two subsecs. (e) have been enacted.

**(2) Conversion policies**

A health insurance issuer offering health insurance coverage in connection with group health plans under this subchapter shall not be deemed to be a health insurance issuer offering individual health insurance coverage solely because such issuer offers a conversion policy.

**(f) Construction**

Nothing in this section shall be construed—

(1) to restrict the amount of the premium rates that an issuer may charge an individual for health insurance coverage provided in the individual market under applicable State law; or

(2) to prevent a health insurance issuer offering health insurance coverage in the individual market from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

A health insurance issuer may nonrenew or discontinue health insurance coverage of an individual in the individual market based only on one or more of the following:

In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, the individual no longer resides, lives, or works in the service area (or in an area for which the issuer is authorized to do business) but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

**(5) Association membership ceases**

In the case of health insurance coverage that is made available in the individual market only through one or more bona fide associations, the membership of the individual in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

**(c) Requirements for uniform termination of coverage****(1) Particular type of coverage not offered**

In any case in which an issuer decides to discontinue offering a particular type of health insurance coverage offered in the individual market, coverage of such type may be discontinued by the issuer only if—

(A) the issuer provides notice to each covered individual provided coverage of this type in such market of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the issuer offers to each individual in the individual market provided coverage of this type, the option to purchase any other individual health insurance coverage currently being offered by the issuer for individuals in such market; and

(C) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

**(2) Discontinuance of all coverage****(A) In general**

Subject to subparagraph (C), in any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in a State, health insurance coverage may be discontinued by the issuer only if—

(i) the issuer provides notice to the applicable State authority and to each individual of such discontinuation at least 180 days prior to the date of the expiration of such coverage, and

(ii) all health insurance issued or delivered for issuance in the State in such market are discontinued and coverage under such health insurance coverage in such market is not renewed.

**(B) Prohibition on market reentry**

In the case of a discontinuation under subparagraph (A) in the individual market, the issuer may not provide for the issuance of any health insurance coverage in the market and State involved during the 5-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

**(d) Exception for uniform modification of coverage**

At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a policy form offered to individuals in the individual market so long as such modification is consistent with State law and effective on a uniform basis among all individuals with that policy form.

**(e) Application to coverage offered only through associations**

In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an “individual” is deemed to include a reference to such an association (of which the individual is a member).

section 300gg(e) of this title, see section 111(b) of Pub. L. 104-191, set out as a note under section 300gg-41 of this title.

**§ 300gg-44. State flexibility in individual market reforms**

**(a) Waiver of requirements where implementation of acceptable alternative mechanism**

**(1) In general**

The requirements of section 300gg-41 of this title shall not apply with respect to health insurance coverage offered in the individual market in the State so long as a State is found to be implementing, in accordance with this section and consistent with section 300gg-62(b) of this title, an alternative mechanism (in this section referred to as an “acceptable alternative mechanism”)—

(A) under which all eligible individuals are provided a choice of health insurance coverage;

(B) under which such coverage does not impose any preexisting condition exclusion with respect to such coverage;

(C) under which such choice of coverage includes at least one policy form of coverage that is comparable to comprehensive health insurance coverage offered in the individual market in such State or that is comparable to a standard option of coverage available under the group or individual health insurance laws of such State; and

(D) in a State which is implementing—

(i) a model act described in subsection (c)(1) of this section,

(ii) a qualified high risk pool described in subsection (c)(2) of this section, or

(iii) a mechanism described in subsection (c)(3) of this section.

**(2) Permissible forms of mechanisms**

A private or public individual health insurance mechanism (such as a health insurance coverage pool or programs, mandatory group conversion policies, guaranteed issue of one or more plans of individual health insurance coverage, or open enrollment by one or more health insurance issuers), or combination of such mechanisms, that is designed to provide access to health benefits for individuals in the individual market in the State in accordance with this section may constitute an acceptable alternative mechanism.

**(b) Application of acceptable alternative mechanisms**

**(1) Presumption**

**(A) In general**

Subject to the succeeding provisions of this subsection, a State is presumed to be implementing an acceptable alternative mechanism in accordance with this section as of July 1, 1997, if, by not later than April 1, 1997, the chief executive officer of a State—

(i) notifies the Secretary that the State has enacted or intends to enact (by not later than January 1, 1998, or July 1, 1998, in the case of a State described in subparagraph (B)(ii)) any necessary legislation to

provide for the implementation of a mechanism reasonably designed to be an acceptable alternative mechanism as of January 1, 1998,<sup>1</sup> (or, in the case of a State described in subparagraph (B)(ii), July 1, 1998); and

(ii) provides the Secretary with such information as the Secretary may require to review the mechanism and its implementation (or proposed implementation) under this subsection.

**(B) Delay permitted for certain States**

**(i) Effect of delay**

In the case of a State described in clause (ii) that provides notice under subparagraph (A)(i), for the presumption to continue on and after July 1, 1998, the chief executive officer of the State by April 1, 1998—

(I) must notify the Secretary that the State has enacted any necessary legislation to provide for the implementation of a mechanism reasonably designed to be an acceptable alternative mechanism as of July 1, 1998; and

(II) must provide the Secretary with such information as the Secretary may require to review the mechanism and its implementation (or proposed implementation) under this subsection.

**(ii) States described**

A State described in this clause is a State that has a legislature that does not meet within the 12-month period beginning on August 21, 1996.

**(C) Continued application**

In order for a mechanism to continue to be presumed to be an acceptable alternative mechanism, the State shall provide the Secretary every 3 years with information described in subparagraph (A)(ii) or (B)(i)(II) (as the case may be).

**(2) Notice**

If the Secretary finds, after review of information provided under paragraph (1) and in consultation with the chief executive officer of the State and the insurance commissioner or chief insurance regulatory official of the State, that such a mechanism is not an acceptable alternative mechanism or is not (or no longer) being implemented, the Secretary—

(A) shall notify the State of—

(i) such preliminary determination, and  
(ii) the consequences under paragraph (3) of a failure to implement such a mechanism; and

(B) shall permit the State a reasonable opportunity in which to modify the mechanism (or to adopt another mechanism) in a manner so that may be an acceptable alternative mechanism or to provide for implementation of such a mechanism.

**(3) Final determination**

If, after providing notice and opportunity under paragraph (2), the Secretary finds that the mechanism is not an acceptable alter-

native mechanism or the State is not implementing such a mechanism, the Secretary shall notify the State that the State is no longer considered to be implementing an acceptable alternative mechanism and that the requirements of section 300gg-41 of this title shall apply to health insurance coverage offered in the individual market in the State, effective as of a date specified in the notice.

**(4) Limitation on secretarial authority**

The Secretary shall not make a determination under paragraph (2) or (3) on any basis other than the basis that a mechanism is not an acceptable alternative mechanism or is not being implemented.

**(5) Future adoption of mechanisms**

If a State, after January 1, 1997, submits the notice and information described in paragraph (1), unless the Secretary makes a finding described in paragraph (3) within the 90-day period beginning on the date of submission of the notice and information, the mechanism shall be considered to be an acceptable alternative mechanism for purposes of this section, effective 90 days after the end of such period, subject to the second sentence of paragraph (1).

**(c) Provision related to risk**

**(1) Adoption of NAIC models**

The model act referred to in subsection (a)(1)(D)(i) of this section is the Small Employer and Individual Health Insurance Availability Model Act (adopted by the National Association of Insurance Commissioners on June 3, 1996) insofar as it applies to individual health insurance coverage or the Individual Health Insurance Portability Model Act (also adopted by such Association on such date).

**(2) Qualified high risk pool**

For purposes of subsection (a)(1)(D)(ii) of this section, a “qualified high risk pool” described in this paragraph is a high risk pool that—

(A) provides to all eligible individuals health insurance coverage (or comparable coverage) that does not impose any preexisting condition exclusion with respect to such coverage for all eligible individuals, and

(B) provides for premium rates and covered benefits for such coverage consistent with standards included in the NAIC Model Health Plan for Uninsurable Individuals Act (as in effect as of August 21, 1996).

**(3) Other mechanisms**

For purposes of subsection (a)(1)(D)(iii) of this section, a mechanism described in this paragraph—

(A) provides for risk adjustment, risk spreading, or a risk spreading mechanism (among issuers or policies of an issuer) or otherwise provides for some financial subsidization for eligible individuals, including through assistance to participating issuers; or

(B) is a mechanism under which each eligible individual is provided a choice of all individual health insurance coverage otherwise available.

### § 300gg-45. Relief for high risk pools

#### (a) Seed grants to States

The Secretary shall provide from the funds appropriated under subsection (d)(1)(A) a grant of up to \$1,000,000 to each State that has not created a qualified high risk pool as of February 10, 2006, for the State’s costs of creation and initial operation of such a pool.

#### (b) Grants for operational losses

##### (1) In general

In the case of a State that has established a qualified high risk pool that—

(A) restricts premiums charged under the pool to no more than 200 percent of the premium for applicable standard risk rates;

(B) offers a choice of two or more coverage options through the pool; and

(C) has in effect a mechanism reasonably designed to ensure continued funding of losses incurred by the State in connection with operation of the pool after the end of the last fiscal year for which a grant is provided under this paragraph;

the Secretary shall provide, from the funds appropriated under paragraphs (1)(B)(i) and (2)(A) of subsection (d) and allotted to the State under paragraph (2), a grant for the losses incurred by the State in connection with the operation of the pool.

##### (2) Allotment

Subject to paragraph (4), the amounts appropriated under paragraphs (1)(B)(i) and (2)(A) of subsection (d) for a fiscal year shall be allotted and made available to the States (or the entities that operate the high risk pool under applicable State law) that qualify for a grant under paragraph (1) as follows:

(A) An amount equal to 40 percent of such appropriated amount for the fiscal year shall be allotted in equal amounts to each qualifying State that is one of the 50 States or the District of Columbia and that applies for a grant under this subsection.

(B) An amount equal to 30 percent of such appropriated amount for the fiscal year shall be allotted among qualifying States that apply for such a grant so that the amount allotted to such a State bears the same ratio to such appropriated amount as the number of uninsured individuals in the State bears to the total number of uninsured individuals (as determined by the Secretary) in all qualifying States that so apply.

(C) An amount equal to 30 percent of such appropriated amount for the fiscal year shall be allotted among qualifying States that apply for such a grant so that the amount allotted to a State bears the same ratio to such appropriated amount as the number of individuals enrolled in health care coverage through the qualified high risk pool of the State bears to the total number of individuals so enrolled through qualified high risk pools (as determined by the Secretary) in all qualifying States that so apply.

#### (3) Special rule for pools charging higher premiums

In the case of a qualified high risk pool of a State which charges premiums that exceed 150 percent of the premium for applicable standard risks, the State shall use at least 50 percent of the amount of the grant provided to the State to carry out this subsection to reduce premiums for enrollees.

#### (4) Limitation for territories

In no case shall the aggregate amount allotted and made available under paragraph (2) for a fiscal year to States that are not the 50 States or the District of Columbia exceed \$1,000,000.

#### (c) Bonus grants for supplemental consumer benefits

##### (1) In general

In the case of a State that is one of the 50 States or the District of Columbia, that has established a qualified high risk pool, and that is receiving a grant under subsection (b)(1), the Secretary shall provide, from the funds appropriated under paragraphs (1)(B)(ii) and (2)(B) of subsection (d) and allotted to the State under paragraph (3), a grant to be used to provide supplemental consumer benefits to enrollees or potential enrollees (or defined subsets of such enrollees or potential enrollees) in qualified high risk pools.

##### (2) Benefits

A State shall use amounts received under a grant under this subsection to provide one or more of the following benefits:

(A) Low-income premium subsidies.

(B) A reduction in premium trends, actual premiums, or other cost-sharing requirements.

(C) An expansion or broadening of the pool of individuals eligible for coverage, such as

through eliminating waiting lists, increasing enrollment caps, or providing flexibility in enrollment rules.

(D) Less stringent rules, or additional waiver authority, with respect to coverage of pre-existing conditions.

(E) Increased benefits.

(F) The establishment of disease management programs.

**(3) Allotment; limitation**

The Secretary shall allot funds appropriated under paragraphs (1)(B)(ii) and (2)(B) of subsection (d) among States qualifying for a grant under paragraph (1) in a manner specified by the Secretary, but in no case shall the amount so allotted to a State for a fiscal year exceed 10 percent of the funds so appropriated for the fiscal year.

**(4) Rule of construction**

Nothing in this subsection shall be construed to prohibit a State that, on February 10, 2006, is in the process of implementing a program to provide benefits of the type described in paragraph (2), from being eligible for a grant under this subsection.

**(d) Funding**

**(1) Appropriation for fiscal year 2006**

There are authorized to be appropriated for fiscal year 2006—

**(3) Availability**

Funds appropriated for purposes of carrying out this section for a fiscal year shall remain available for obligation through the end of the following fiscal year.

**(4) Reallotment**

If, on June 30 of each fiscal year for which funds are appropriated under paragraph (1)(B) or (2), the Secretary determines that all the amounts so appropriated are not allotted or otherwise made available to States, such remaining amounts shall be allotted and made available under subsection (b) among States receiving grants under subsection (b) for the fiscal year based upon the allotment formula specified in such subsection.

**(5) No entitlement**

Nothing in this section shall be construed as providing a State with an entitlement to a grant under this section.

**(e) Applications**

To be eligible for a grant under this section, a State shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

**(f) Annual report**

The Secretary shall submit to Congress an annual report on grants provided under this section. Each such report shall include information on the distribution of such grants among States and the use of grant funds by States.

(5) agrees to provide matching funds in accordance with subsection (h).

**(c) Establishment of fund**
