SUBCHAPTER I—GENERAL PROVISIONS

§ 701. Congressional declaration of policy

(a) Findings

The Congress finds and declares that—

(1) Essential rail service in the midwest and northeast region of the United States is provided by railroads which are today insolvent and attempting to undergo reorganization under the Bankruptcy Act.

(2) This essential rail service is threatened with cessation or significant curtailment because of the inability of the trustees of such railroads to formulate acceptable plans for reorganization. This rail service is operated over rail properties which were acquired for a public use, but which have been permitted to deteriorate and now require extensive rehabilitation and modernization.

(3) The public convenience and necessity require adequate and efficient rail service in this region and throughout the Nation to meet the needs of commerce, the national defense, the environment, and the service requirements of passengers, United States mail, shippers, States and their political subdivisions, and consumers.

(4) Continuation and improvement of essential rail service in this region is also necessary to preserve and maintain adequate national rail services and an efficient national rail transportation system.

(5) Rail service and rail transportation offer economic and environmental advantages with respect to land use, air pollution, noise levels, energy efficiency and conservation, resource allocation, safety, and cost per ton-mile of movement to such extent that the preservation and maintenance of adequate and efficient rail service is in the national interest.

(6) These needs cannot be met without substantial action by the Federal Government.

(b) Purposes

It is therefore declared to be the purpose of Congress in this chapter to provide for—

(1) the identification of a rail service system in the midwest and northeast region which is

adequate to meet the needs and service requirements of this region and of the national rail transportation system;

(2) the reorganization of railroads in this region into an economically viable system capable of providing adequate and efficient rail service to the region;

(3) the establishment of the United States Railway Association, with enumerated powers and responsibilities;

(4) the establishment of the Consolidated Rail Corporation, with enumerated powers and responsibilities;

(5) assistance to States and local and regional transportation authorities for continuation of local rail services threatened with cessation; and

(6) necessary Federal financial assistance at the lowest possible cost to the general taxpayer.

§ 716. Final system plan

(a) Goals

The final system plan shall be formulated in such a way as to effectuate the following goals:

(1) the creation, through a process of reorganization, of a financially self-sustaining rail and express service system in the region;

(2) the establishment and maintenance of a rail service system adequate to meet the rail transportation needs and service requirements of the region;

(3) the establishment of improved high-speed rail passenger service, consonant with the recommendations of the Secretary in his report of September 1971, entitled "Recommendations for Northeast Corridor Transportation";

(4) the preservation, to the extent consistent with other goals, of existing patterns of service by railroads (including short-line and terminal railroads), and of existing railroad trackage in areas in which fossil fuel natural resources are located, and the utilization of those modes of transportation in the region which require the smallest amount of scarce energy resources and which can most efficiently transport energy resources;

(5) the retention and promotion of competition in the provision of rail and other transportation services in the region;

(6) the attainment and maintenance of any environmental standards, particularly the applicable national ambient air quality standards and plans established under the Clean Air Act Amendments of 1970, taking into consideration the environmental impact of alternative choices of action;

(7) the movement of passengers and freight in rail transportation in the region in the most efficient manner consistent with safe operation, including the requirements of commuter and intercity rail passenger service; the extent to which there should be coordination with the National Railroad Passenger Corporation and similar entities; and the identification of all short-to-medium distance corridors in densely populated areas in which the major upgrading of rail lines for high-speed passenger operation would return substantial public benefits; and

(8) the minimization of job losses and associated increases in unemployment and community benefit costs in areas in the region presently served by rail service.

(b) Factors

The final system plan shall be based upon due consideration of all factors relevant to the realization of the goals set forth in subsection (a) of this section. Such factors include the need for and the cost of rehabilitation and modernization of track, equipment, and other facilities; methods of achieving economies in the cost of rail operations in the region; means of achieving rationalization of rail services and the rail service system in the region; marketing studies; the impact on railroad employees; consumer needs; traffic analyses; financial studies; and any other factors identified by the Association under section 712(b)¹ of this title or in the report of the Secretary required under section 714(a) of this title.

(c) Designations

The final system plan shall designate—

(1) which rail properties of railroads in reorganization in the region or of railroads leased, operated, or controlled by any railroad in reorganization in the region—

(A) shall be transferred to the Corporation: *Provided*, That the Corporation shall, within 95 days after the effective date of the final system plan, give notice to the Association of which such rail properties, if any, are to be transferred to a subsidiary of the Corporation in the event that the Board of Directors of the Association finds that such transfer would be consistent with the final system plan;

(B) shall be offered for sale to a profitable railroad operating in the region and, if such offer is accepted, operated by such railroad; the plan shall designate what additions shall be made to the designation under subparagraph (A) of this paragraph and what alternative designations shall be made under this paragraph in the event such profitable railroad fails to accept such offer;

(C) shall be purchased, leased, or otherwise acquired from the Corporation by the National Railroad Passenger Corporation in accordance with the exercise of its option under section 791(d) of this title for improvement to achieve the goal set forth in subsection (a)(3) of this section;

(D) may be purchased or leased from the Corporation by (i) a State or a local or regional transportation authority to meet the needs of commuter and intercity rail passenger service, or (ii) the National Railroad Passenger Corporation to meet the needs of improved rail passenger service over intercity routes, other than properties designated pursuant to subparagraph (C) of this paragraph; and

(E) if not otherwise required to be operated by the Corporation, a government entity, or a responsible person, are suitable for use for other public purposes, including highways, other forms of transportation, conservation, energy transmission, education or health care facilities, or recreation. In carrying out this subparagraph, the Association shall solicit the views and recommendations of the Secretary, the Secretary of the Interior, the Administrator of the Environmental Protection Agency, and other agencies of the Federal Government and of the States and political subdivisions thereof within the region, and the general public; and

(2) which rail properties of profitable railroads operating in the region may be offered for sale to the Corporation or to other profitable railroads operating in the region subject to paragraphs (3) and (4) of subsection (d) of this section. Any rail properties designated to be offered for sale to the Corporation may be sold instead to a subsidiary of the Corporation.

(d) Transfers

All transfers or conveyances pursuant to the final system plan shall be made in accordance with, and subject to, the following principles:

(1) All rail properties to be transferred to the Corporation or any subsidiary thereof by a profitable railroad, by trustees of a railroad in reorganization, or by any railroad leased, operated, or controlled by a railroad in reorga-

nization in the region, shall be transferred in exchange for stock and other securities of the Corporation or any subsidiary thereof (including obligations of the Association) and the other benefits accruing to such railroad by reason of such transfer.

(2) All rail properties to be conveyed to a profitable railroad operating in the region by trustees of a railroad in reorganization, or by any railroad leased, operated, or controlled by a railroad in reorganization in the region, shall be conveyed in exchange for compensation from the profitable railroad.

(3) Notwithstanding any other provision of this chapter, no acquisition under this chapter shall be made by any profitable railroad operating in the region without a determination with respect to each such transaction and all such transactions cumulatively (A) by the Association, upon adoption and release of the preliminary system plan, that such acquisition or acquisitions will not materially impair the profitability of any other profitable railroad operating in the region or of the Corporation, and (B) by the Commission, which shall be made within 90 days after adoption and release by the Association of the preliminary system plan, that such acquisition or acquisitions will be in full accord and comply with the provisions and standards of subchapter III² of chapter 113 of title 49. Reg. 16377), shall be treated for all purposes as if they had been made upon adoption and release by the Association of the preliminary system plan. All determinations made by the Commission with respect to such correction shall be treated for all purposes as if they had been made within 90 days after adoption and release by the Association of the preliminary system plan. All determinations made by the Commission with respect to acquisitions by profitable railroads referred to in any supplement to the preliminary system plan published under section 717(b)(2) of this title shall be deemed to be timely if made prior to the adoption of the final system plan under section 717(c) of this title. The determination by the Association shall not be reviewable in any court. The determination by the Commission shall not be reviewable in any court.

(4) Where the final system plan designates specified rail properties of a railroad in reorganization in the region, or of a railroad leased, operated, or controlled by a railroad in reorganization in the region, to be offered for sale to and operated by a profitable railroad operating in the region, such designation shall terminate 7 days after February 5, 1976, unless, prior to such date, such profitable railroad has notified the Association in writing of its acceptance of such offer. Any such offer may be modified until the date of acceptance thereof, unless such modification results in an offer for the sale of rail properties at less than the net liquidation value thereof. Where the final system plan designates specified rail properties of

a profitable railroad operating in the region as authorized to be offered for sale or lease to the Corporation or to other profitable railroads operating in the region, such designation and authorization shall terminate 95 days after the effective date of the final system plan unless, prior to such date, a binding agreement with respect to such properties has been entered into and concluded.

(5) All properties—

(A) transferred by the Corporation pursuant to subsection (c)(1)(C) of this section and section 791(d) of this title;

(B) transferred by the Corporation to any State (or local or regional transportation authority), pursuant to subsection (c)(1)(D) of this section, or

(C) transferred by the Corporation to any State, local or regional transportation authority, or the National Railroad Passenger Corporation, within 3 years after the date of conveyance, pursuant to section 743(b)(1) of this title, to meet the needs of commuter or intercity rail passenger service,

shall be transferred at a value related to the value received from the Corporation pursuant to the final system plan for the transfer to such Corporation of such properties. The value of any such properties, which are transferred pursuant to subparagraph (B) or (C) of this paragraph, shall be adjusted to reflect the value attributable to any applicable maintenance and improvement provided by the Corporation (to the extent the Corporation has not been released from the obligation to pay for such improvements) and the cost to the Corporation of transferring such properties. The Corporation, its Board of Directors, and its individual directors shall not be liable to any party, for money damages or in any other manner, solely by reason of the fact that the Corporation transferred property pursuant to section 743 of this title to meet the needs of commuter or intercity rail passenger service or for purposes of providing rail marine freight floating service, except as otherwise provided with respect to the Corporation pursuant to section 743(c)(2) of this title.

(6) Notwithstanding any statement to the contrary in the final system plan, a State (or a local or regional transportation authority) shall not be required to deliver to the Corporation a firm commitment to acquire rail properties designated to such State or authority prior to 7 days after February 5, 1976.

(7) Notwithstanding any contrary provision in the options conveyed to the Corporation by railroads in reorganization, or railroads leased, operated, or controlled by a railroad in reorganization, with respect to the acquisition by the Corporation pursuant to the final system plan, on behalf of a State (or a local or regional transportation authority) of rail properties designated under subsection (c)(1)(D) of this section, such options shall not be deemed to have expired prior to 7 days after September 30, 1976. The exercise by the Corporation of any such option shall be effective if it is made, prior to the expiration of such 7-day period, in the manner prescribed in such options.

² See References in Text note below.

(e) Corporation features

The final system plan shall set forth—

(1) pro forma earnings for the Corporation, as reasonably projected and considering the additions or changes in the designation of rail properties to be operated by the Corporation which may be made under subsection (d)(4) of this section;

(2) the capital structure of the Corporation, based on the pro forma earnings of the Corporation as set forth, including such debt capitalization as shall be reasonably deemed to conform to the requirements of the public interest with respect to railroad debt securities, including the adequacy of coverage of fixed charges; and

(3) the manner in which employee stock ownership plans may, to the extent practicable, be utilized for meeting the capitalization requirements of the Corporation, taking into account (A) the relative cost savings compared to conventional methods of corporate finance; (B) the labor cost savings; (C) the potential for minimizing strikes and producing more harmonious relations between labor organizations and railway management; (D) the projected employee dividend incomes; (E) the impact on quality of service and prices to railway users; and (F) the promotion of the objectives of this chapter of creating a financially self-sustaining railway system in the region which also meets the service needs of the region and the Nation.

(f) Value

The final system plan shall designate the value of all rail properties to be transferred under the final system plan and the value of the securities and other benefits to be received for transferring those rail properties to the Corporation in accordance with the final system plan.

(g) Other provisions

The final system plan may recommend arrangements among various railroads for joint use or operation of rail properties on a shared ownership, cooperative, pooled, or condominium-type basis, subject to such terms and conditions as may be specified in the final system plan. The final system plan shall also make such designations as are determined to be necessary in accordance with the provisions of section 762 or 763³ of this title.

(h) Obligational authority

The final system plan shall recommend the amount of obligations of the Association which are necessary to enable it to implement the final system plan.

(i) Terms and conditions for securities

The final system plan may include terms and conditions for any securities to be issued by the Corporation in exchange for the conveyance of rail properties under the final system plan which in the judgement of the Association will minimize any actual or potential debt burden on the Corporation. Any such terms and conditions for securities of the Corporation which purport

to directly obligate the Association shall not become effective without affirmative approval, with or without modification by a joint resolution of the Congress.

(j) Additional properties deemed designated

Any rail properties over which rail service was being provided as of February 5, 1976, and which were recommended in the preliminary system plan for transfer to the Corporation, shall be deemed to be designated in the final system plan for transfer to the Corporation under subsection (c)(1)(A) of this section. Any designation in the final system plan, pursuant to subsection (c)(1)(B) of this section, of overhead trackage rights to be acquired by a profitable railroad operating in the region over specified rail properties to be acquired by the Corporation, where such designation does not (1) authorize such profitable railroad to interchange traffic with at least one railroad, or (2) provide for the connection of portions of such profitable railroad's rail properties, and where the transfer of ownership of such rail properties (including trackage rights) to such profitable railroad was recommended in the preliminary system plan, and the Commission has made a determination with respect thereto, in accordance with subsection (d)(3) of this section, shall be deemed to authorize such profitable railroad to interchange traffic with the Corporation and any other profitable railroad connecting with such specified rail properties.

§ 717. Adoption of final system plan

(a) Preliminary system plan

(1) Within 420 days after January 2, 1974, the Association shall adopt and release a preliminary system plan prepared by it on the basis of reports and other information submitted to it by the Secretary, the Office, and interested persons in accordance with this chapter and on the basis of its own investigations, consultations, research, evaluation, and analysis pursuant to this chapter. Copies of the preliminary system plan shall be transmitted by the Association to the Secretary, the Office, the Governor and public utility commission of each State in the region, the Congress, each court having jurisdiction over a railroad in reorganization in the region, the special court, and interested persons, and a copy shall be published in the Federal Register. The Association shall invite and afford interested persons an opportunity to submit comments on the preliminary system plan to the Association within 60 days after the date of its release.

(2) The Office is authorized and directed to hold public hearings on the preliminary system plan and to make available to the Association a summary and analysis of the evidence received in the course of such proceedings, together with its critique and evaluation of the preliminary system plan, not later than 60 days after the date of release of such plan. The Office is authorized to hold public hearings on any supplement to the preliminary system plan and to make available to the Association a summary and analysis of the evidence received in the course of such proceedings, together with its critique and evaluation of such supplement, not later than 30 days after the release of such supplement.

(b) Approval

(1) Within 120 days after January 2, 1974, each United States district court or other court having jurisdiction over a railroad in reorganization shall decide whether the railroad is reorganizable on an income basis within a reasonable time under section 77 of the Bankruptcy Act and that the public interest would be better served by continuing the present reorganization proceedings than by a reorganization under this chapter. Within 60 days after the submission of the report by the Office, under section 715(d)(1) of this title, on the Secretary's report on rail services in the region, each United States district court or other court having jurisdiction over a railroad in reorganization shall decide whether or not such railroad shall be reorganized by means of transferring some of its rail properties to the Corporation pursuant to the provisions of this chapter. Because of the strong public interest in the continuance of rail transportation in the region pursuant to a system plan devised under the provisions of this chapter, each such court shall order that the reorganization be proceeded with pursuant to this chapter unless it (1) has found that the railroad is reorganizable on an income basis within a reasonable time under section 77 of the Bankruptcy Act and that the public interest would be better served by such a reorganization than by a reor-

ganization under this chapter, or (2) finds that this chapter does not provide a process which would be fair and equitable to the estate of the railroad in reorganization in which case it shall dismiss the reorganization proceeding. If a court does not enter an order or make a finding as required by this subsection, the reorganization shall be proceeded with pursuant to this chapter. An appeal from an order made under this section may be made only to the special court. Appeal to the special court shall be taken within 10 days following entry of an order pursuant to this subsection, and the special court shall complete its review and render its decision within 80 days after such appeal is taken. There shall be no review of the decision of the special court.

(2) Whenever it has been finally determined pursuant to the procedures of paragraph (1) of this subsection, that the reorganization of a railroad subject to reorganization under section 77 of the Bankruptcy Act shall not be proceeded with pursuant to this chapter, the court having jurisdiction over such railroad may, upon a petition which is filed within 10 days after February 28, 1975, by the trustees of such railroad, reconsider such order. Such reorganization court shall (i) affirm its previous order or (ii) issue an order that the reorganization of such railroad be proceeded with pursuant to this chapter unless it finds that this chapter does not provide a process which would be fair and equitable. The provisions of paragraph (1) of this subsection are applicable in such reconsideration, except that (A) such reorganization court shall make its decision within 30 days after such petition is filed, and (B) any decision by the special court on appeal from such a decision shall be rendered within 30 days after such reorganization court decision is made. There shall be no review of the decision of the special court. The Association shall take any steps it finds necessary, consistent with time limitations and other provisions of this chapter, to effectuate the consequences of such a revised order, including the preparation and submission of any necessary or appropriate supplements to the preliminary system plan.

(c) Adoption

Within 540 days after January 2, 1974, the executive committee of the Association shall prepare and submit a final system plan for the approval of the Board of Directors of the Association. A copy of such submission shall be simultaneously presented to the Commission. The submission shall reflect evaluation of all responses and summaries of responses received, testimony at any public hearings, and the results of additional study and review. Within 30 days thereafter, the Board of Directors of the Association shall by a majority vote of all its members approve a final system plan which meets all of the requirements of section 716 of this title.

(d) Review of Commission

Within 30 days following the adoption of the final system plan by the Association under subsection (c) of this section and the submission of such plan to Congress under section 718(a) of this title, the Commission shall submit to the Congress an evaluation of the final system plan delivered to both Houses of Congress.

(Pub. L. 93-236, title II, § 207, Jan. 2, 1974, 87 Stat. 998; Pub. L. 93-488, § 1(a), (b), Oct. 26, 1974, 88 Stat. 1464; Pub. L. 94-5, § 4, Feb. 28, 1975, 89 Stat. 7.)

§ 718. Review by Congress

(a) General

The Board of Directors of the Association shall deliver the final system plan adopted by the Association to both Houses of Congress and to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate. The final system plan shall be deemed approved at the end of the first period of 60 calendar days of continuous session of Congress after such date of transmittal unless either the House of Representatives or the Senate passes a resolution during such period stating that it does not favor the final system plan.

(b) Revised plan

If either the House or the Senate passes a resolution of disapproval under subsection (a) of this section, the Association, with the cooperation and assistance of the Secretary and the Office, shall prepare, determine, and adopt a revised final system plan. Each such revised plan shall be submitted to Congress for review pursuant to subsection (a) of this section.

(c) Computation

For purposes of this section—

(1) continuity of session of Congress is broken only by an adjournment sine die; and

(2) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of the 60-day period.

(d) Additions

(1) The supplemental report, dated September 18, 1975, to the final system plan, and the provisions of the Association's official errata supplement to the final system plan, dated December 1, 1975, including all designations made therein, shall be treated for all purposes as if they had been part of and included in the final system plan adopted by the Association and reviewed by the Congress. The final system plan shall, for all purposes, be deemed to be approved as modified and amended by such supplemental report and such supplement.

(2) The Association may, upon petition of any State, modify the final system plan to make further designations with respect to rail properties of railroads in reorganization in the region designated for transfer to the Corporation under such plan, if such designations (A) are likely to result in improved rail service on such rail properties and connecting rail properties, and (B) would not materially impair the profitability of the Corporation. Such designations, including designations of such rail properties to a State, a profitable railroad, or a responsible person, may be made at any time prior to delivery of the final system plan to the special court under section 719(c) of this title. Such further designations shall be treated for all purposes as if they had been included in the final system plan adopted by the Association and reviewed by the Congress, and the final system plan shall for all purposes be deemed to be approved as modified by such designations. Any action of the Association with respect to any such petition shall not be subject to review by any court.

(3)(A) Within 20 days after February 5, 1976, the Association may, by notice to the Congress and by publication in the Federal Register, modify, supplement, or add to the designations of rail properties in the final system plan if the Association finds such actions are necessary to—

(i) achieve the efficient implementation of the final system plan, or

(ii) provide for the offer to profitable railroads of rail properties designated in the final system plan to the Corporation, if such properties are not essential in the operation of other rail properties of the Corporation but are or would be integrally related to the operation of rail properties of (or which are offered pursuant to the final system plan to) such profitable railroad, or

(iii) provide for the designation of additional rail properties to the Corporation or to a subsidiary thereof to enable the Corporation to serve efficiently a line of railroad designated to the Corporation in the final system plan if such line does not connect with any other line of railroad so designated to the Corporation or if such line would be served more efficiently as a consequence of such designation.

Any designation to a profitable railroad pursuant to this paragraph shall comply with the second sentence of section 716(d)(4) of this title, and shall only be made upon a finding by the Association that such designation is integrally related to an offer of rail properties to a profitable railroad in the final system plan, that the goals of the final system plan require that the rail properties be operated as a part of the rail properties included in such offer, and that the implementation of such designation will not materially and adversely affect the impact of such offer on the profitability of the Corporation or any profitable railroad operating in the region. Any designation to a profitable railroad pursuant to this subsection, which amends any prior offer, shall terminate 30 days after February 5, 1976, unless, prior to such date, such profitable railroad has notified the Association in writing of its acceptance of such amendment to the prior offer.

(B) If a line of railroad or any segment thereof is designated for rail service in the final system plan, no designation may be made by the Association pursuant to this paragraph which would result in such line or segment not being so designated. Any designations made pursuant to this paragraph shall be treated for all purposes as if they had been included in the final system plan adopted by the Association and reviewed by the Congress. The final system plan shall for all purposes be deemed to be approved as amended by such designations.

(C) Any designations made pursuant to this paragraph shall not be subject to review by any court.

(D) Any labor agreements entered into under section 778¹ of this title shall be subject to further negotiations for any modifications which may be necessary to implement designations made pursuant to this paragraph.

(b) Special court

(1) Within 30 days after January 2, 1974, the Association shall make application to the judicial panel on multi-district litigation authorized by section 1407 of title 28 for the consolidation in a single, three-judge district court of the United States of all judicial proceedings with respect to the final system plan. Within 30 days after such application is received, the panel shall make the consolidation in a district court (cited herein as the "special court") which the panel determines to be convenient to the parties and the one most likely to be able to conduct any proceedings under this section with the least delay and the greatest possible fairness and ability. Such proceedings shall be conducted by the special court which shall be composed of three Federal judges who shall be selected by the panel, except that none of the judges selected may be a judge assigned to a proceeding involving any railroad in reorganization in the region under section 77 of the Bankruptcy Act. The special court is authorized to exercise the powers of a district judge in any judicial district with respect to such proceedings and such powers shall include those of a reorganization court. The special court shall have the power to order

the conveyance of rail properties of railroads leased, operated, or controlled by a railroad in reorganization in the region. The special court may issue rules for the conduct of any proceedings under this section and under section 745 of this title, including rules with respect to the time within which motions may be filed, and with respect to appropriate representation of interests not otherwise represented (including the Secretary with respect to a petition by the Association in the case of a proposal developed by the Secretary, under such section 745 of this title). No determination by the panel under this subsection may be reviewed in any court.

(2) The special court referred to in paragraph (1) of this subsection is abolished effective 90 days after October 19, 1996. On such effective date, all jurisdiction and other functions of the special court shall be assumed by the United States District Court for the District of Columbia. With respect to any proceedings that arise or continue after the date on which the special court is abolished, the references in the following provisions to the special court established under this subsection shall be deemed to refer to the United States District Court for the District of Columbia:

(4) that the transfer of rail properties in exchange for securities of the Corporation or any subsidiary thereof (including any certificates of value of the Association) and other benefits is fair and equitable and in the public interest.

Notwithstanding any other provisions of this subsection and subsection (d) of this section, the time for the delivery of a certified copy of the final system plan shall be March 12, 1976, and may be extended to a date not more than 30 days thereafter, prescribed in a notice filed by the Association not later than February 17, 1976, with the special court, the Congress, and each court referred to in such subsection (d) of this section. Such notice shall contain the certification of the Association that an orderly conveyance of rail properties cannot reasonably be effected before the date for conveyance determined with respect to such notice. The time prescribed in section 743(a) of this title shall be determined with respect to the date prescribed in such notice.

(2) which rail properties of that railroad in reorganization, if any, are to be conveyed to profitable railroads operating in the region, under the final system plan.

(e) Original and exclusive jurisdiction

(1) Notwithstanding any other provision of law, any civil action—

(A) for injunctive or other relief against the Association from the enforcement, operation, or execution of this chapter or any provision thereof, or from any action taken by the Association pursuant to authority conferred or purportedly conferred under this chapter;

(B) challenging the constitutionality of this chapter or any provision thereof;

(C) challenging the legality of any action of the Association, or any failure of the Association to take any action, pursuant to authority conferred or purportedly conferred under this chapter;

shall be within the original and exclusive jurisdiction of the special court. The special court shall not hear or determine any such action prior to the date of conveyance, pursuant to section 743(b)(1) of this title, except as the Constitution may require. Relief shall not be granted in any action referred to in subparagraph (A), (C), or (E) unless the person seeking such relief establishes that the Association acted in reckless or deliberate disregard of applicable law.

(2) The original and exclusive jurisdiction of the special court shall include any action, whether filed by any interested person or initiated by the special court itself, to interpret, alter, amend, modify, or implement any of the orders entered by such court pursuant to section 743(b) of this title in order to effect the purposes of this chapter or the goals of the final system plan. During the pendency of any proceeding described in this paragraph, the special court may enter such orders as it determines to be appropriate, including orders enjoining, restraining, conditioning, or limiting any conveyance, transfer, or use of any asset or right which is subject to such an order or which is at issue in such a proceeding, or which involves the enforcement of any liens or encumbrances upon such assets or rights. Any orders pursuant to this paragraph which interpret, alter, amend, modify, or implement orders entered by the special court shall be final and shall not be restrained or enjoined by any court.

(3) An order or judgment of the United States District Court for the District of Columbia in any action referred to in this section shall be reviewable in accordance with sections 1291, 1292, and 1294 of title 28.

(f) Disposition of cash deposits

Whenever the compensation which is deposited with the special court under section 743(a) of this title is in the form of cash, such cash shall be invested and reinvested upon such terms and conditions as the special court shall determine, pending the making of the findings referred to in paragraphs (1), (2), and (3) of section 743(c) of this title. Notwithstanding section 743(c)(4) of this title, the special court may order (1) the income from such investments, (2) the dividends or interest, if any, received on any securities or obligations deposited with the special court under such section 743(a) of this title, and (3) the income, if any, received with respect to any other form of compensation so deposited, to be distributed to the trustee of each railroad in reorganization and to any person leased, operated or controlled by such a railroad which conveyed the right, title, and interest in the rail properties with respect to which such cash, securities, obligations, or other compensation have been so deposited with the special court. Notwithstanding section 743(c)(4) of this title, the special court may, within 90 days after the date of conveyance of rail properties pursuant to section 743(b) of this title, order up to 25 percent of any cash (including investments made with cash) and other compensation deposited with the special court to be distributed to such trustee or person. On petition of the applicable trustee or person, the special court may order such additional distributions as it finds reasonable

and appropriate, prior to the making of the findings referred to in paragraphs (1), (2), and (3) of such section 743(c) of this title.

(g) Stay of court proceedings

The special court may stay or enjoin any action or proceeding in any State court or in any court of the United States other than the Supreme Court or Court of Appeals for the District of Columbia Circuit if such action or proceeding is contrary to any provision of this chapter, impairs the effective implementation of this chapter, or interferes with the execution of any order of the special court pursuant to this chapter.

Application of National Environmental Policy Act to actions of Commission not affected by title VI of Pub. L. 94-210, see section 619 of Pub. L. 94-210, set out as a note under section 791 of this title.

§ 721. Loans**(a) General**

The Association is authorized, in accordance with the provisions of this section and such rules and regulations as it shall prescribe, to make loans to the Corporation, the National Railroad Passenger Corporation, and other railroads (including a railroad in reorganization which has been found to be reorganizable under section 77 of the Bankruptcy Act pursuant to section 717(b) of this title) in the region, for purposes of achieving the goals of this chapter; to a State or local or regional transportation authority pursuant to section 763¹ of this title; and to provide assistance in the form of loans to any railroad which (A) connects with a railroad in reorganization, and (B) is in need of financial assistance to avoid reorganization proceedings under section 77 of the Bankruptcy Act. No such loan shall be made by the Association to a railroad unless such loans shall, where applicable, be treated as an expense of administration. The rights referred to in the last sentence of section 77(j) of the Bankruptcy Act shall in no way be affected by this chapter.

(b) Applications

Each application for such a loan shall be made in writing to the Association in such form and with such content and other submissions as the Association shall prescribe to protect reasonably the interests of the United States. The Association shall publish a notice of the receipt of each such application in the Federal Register and shall afford interested persons an opportunity to comment thereon.

(c) Terms and conditions

Each loan shall be extended in such form, under such terms and conditions, and pursuant to such regulations as the Association deems appropriate. Such loan shall bear interest at a rate not less than the greater of a rate determined by the Secretary of the Treasury taking into consideration (1) the rate prevailing in the private market for similar loans as determined by the Secretary of the Treasury, or (2) the current average yield on outstanding marketable obligations of the Association with remaining periods

of maturity comparable to the average maturities of such loans, plus such additional charge, if any, toward covering costs of the Association as the Association may determine to be consistent with the purposes of this chapter.

(d) Modifications

The Association is authorized to approve any modification of any provision of a loan under this section, including the rate of interest, time of payment of interest or principal, security, or any other term or condition, upon agreement of the recipient of the loan and upon a finding by the Association that such modification is equitable and necessary or appropriate to achieve the policy declared in subsection (f) of this section. Notwithstanding any other provision of this section, in the case of a loan made under subsection (a) of this section to a railroad in the region, the Association is not required to make the findings with respect to subsections (e)(3) and (f) of this section and may, upon the request of such railroad—

(1) continue to make advances to such railroad pursuant to such loan, up to the total principal provided, as of November 8, 1978, under the agreement between such railroad and the Association under this section, upon finding only that (A) a good faith effort has been commenced by such railroad toward the establishment of an employee stock ownership plan, and (B) such continued advances will permit the continuation of rail service determined by the Association, in the Final System Plan or under the goals of this chapter, to be desirable; and

(2) increase the principal amount of such loan to such railroad, in an amount not to exceed \$7,500,000, only if the Association makes the finding referred to in paragraph (1)(B) of this subsection and determines that such railroad is making a good faith effort to establish an employee stock ownership plan for review and approval by the Association. Any such approval shall be conditioned upon a written commitment that by December 31, 1980, the railroad will adopt an employee stock ownership plan which will acquire qualifying employer securities with a fair market value of \$250,000.

The Association may not take any action pursuant to the preceding sentence of this subsection after December 31, 1981.

(e) Prerequisites

The Association shall make a finding in writing, before making a loan to any applicant under this section, that—

(1) the loan is necessary to achieve the goals of this chapter or to prevent insolvency;

(2) it is satisfied that the business affairs of the applicant will be conducted in a reasonable and prudent manner; and

(3) the applicant has offered such security as the Association deems necessary to protect reasonably the interests of the United States.

(f) Policy

It is the intent of Congress that loans made under this section shall be made on terms and conditions which furnish reasonable assurance that the Corporation or the railroads to which

¹ See References in Text note below.

such loans are granted will be able to repay them within the time fixed and that the goals of this chapter are reasonably likely to be achieved.

(g) Pre-conveyance loans to Corporation

During the period between the effective date of the final system plan and the date of the conveyance of rail properties pursuant to section 743(b) of this title, the Association may make such loans in such amounts to the Corporation as the Association deems essential to provide for the purchase by the Corporation of material, supplies, equipment, and services necessary to permit the orderly and efficient implementation of the final system plan. Notwithstanding any inability of the Association during such period to make the finding required by subsection (e)(3) of this section because of any existing contingencies, the Association may make any such loans to the Corporation, subject to—

(1) the most favorable terms and conditions for assuring timely repayment and security as may then be reasonably available, and

(2) the requirement that any loan to the Corporation under this subsection be refinanced immediately out of the proceeds of the first sale by the issuance of debentures under section 726 of this title.

In order to assure that necessary funds are available to the Corporation for implementation of the final system plan, the Corporation is authorized to accept such loans as may be approved by the Association under this subsection, and any such acceptance shall be deemed for all purposes to constitute a reasonable and prudent business judgment in compliance with any fiduciary obligations imposed on the Corporation or its directors. For purposes of this subsection, the term "Corporation" includes a subsidiary of the Corporation.

(h) Loans for payment of obligations

(1)(A) The Association is authorized, subject to the limitations set forth in section 720(b) of this title, to enter into loan agreements, in amounts not to exceed, at any given time, \$350,000,000 in the aggregate principal amount, with the Corporation, the National Railroad Passenger Corporation, and any profitable railroad to which rail properties are transferred or conveyed pursuant to section 743(b)(1) of this title, under which the Corporation, the National Railroad Passenger Corporation, and any profitable railroad entering into such agreement will agree to meet existing or prospective obligations of the railroads in reorganization in the region which the Association, in accordance with procedures established by the Association, determines should be paid by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, on behalf of such railroads in reorganization, in order to avoid disruptions in ordinary business relationships. Such obligations shall be limited to—

(i) amounts claimed by suppliers (including private car lines) of materials or services utilized or purchased in current rail operations;

(ii) claims by shippers arising from current rail services;

(iii) payments to railroads for settlement of current interline accounts and all other current accounts and obligations;

(II) includes a stipulation of the exact procedures the Corporation shall undertake to avoid the finding, referred to in paragraph (6)(A)(i) of this subsection, that it has not exercised due diligence.

(2) The trustees of each railroad in reorganization in the region shall attempt to negotiate agency agreements with the Corporation, the National Railroad Passenger Corporation, or a profitable railroad for the processing of all accounts receivable and accounts payable attributable to operations prior to the conveyance of property pursuant to section 743(b)(1) of this title and for the payment of only those accounts payable which relate to obligations of the estates identified in paragraph (1) of this subsection. If any railroad in reorganization in the region fails to conclude such an agreement within a reasonable time prior to such conveyance, the applicable reorganization courts, after giving all parties an opportunity to be heard, shall prescribe the terms of such an agency arrangement by order, giving due consideration to the need, wherever possible, to make such agreements uniform among the various estates. Nothing in this subsection shall be construed as permitting any district court of the United States having jurisdiction over the reorganization of a railroad in reorganization in the region to enjoin, restrain, or limit the Corporation, the National Railroad Passenger Corporation, or a profitable railroad from applying, to payment of the obligations of the estates identified in paragraph (1) of this subsection, amounts collected as (A) accounts receivable pursuant to this paragraph, (B) cash or other current assets identified pursuant to paragraph (3) of this subsection, or (C) proceeds of loans pursuant to paragraph (1) of this subsection. amended to the extent necessary to conform such agreement or order to the provisions of this paragraph. Nothing in this paragraph shall be construed to affect any payment made prior to October 19, 1976, with respect to obligations other than those identified in paragraph (1) of this subsection.

(3) The Association may, not less than 30 days prior to the date of conveyance pursuant to section 743(b)(1) of this title, petition each district court of the United States having jurisdiction over the reorganization of a railroad in reorganization in the region for an order, which shall be entered prior to such conveyance, and which—

(4)(A) Each obligation of a railroad in reorganization in the region which is paid with financial assistance under paragraph (1) of this subsection shall be processed, on behalf of such railroad, by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, whichever is appropriate. An obligation of a railroad in reorganization in the region shall be paid, on behalf of such railroad, by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, whichever is appropriate, if—

(i) such obligation is deemed by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, whichever is appropriate, to have been, on the date of conveyance of rail properties pursuant to section 743(b)(1) of this title, the obligation of a railroad in reorganization in the region;

(ii) such obligation accrues after such date of conveyance but as a result of rail operations conducted prior to such date, and the trustees of such railroad in reorganization acknowledge that it is an obligation of such railroad; or

(B) The Association shall resolve any disputes among the Corporation, the National Railroad Passenger Corporation, and a profitable railroad concerning which of them shall process and pay any particular obligation on behalf of a particular railroad in reorganization.

(C) The Corporation, the National Railroad Passenger Corporation, or a profitable railroad shall have a direct claim, as a current expense of administration, for reimbursement from the estate of a railroad in reorganization in the region for all obligations of such estate (plus interest thereon) which are paid by the Corporation, the National Railroad Passenger Corporation, or a profitable railroad, as the case may be. The right of the Corporation or the National Railroad Passenger Corporation to receive reimbursement under this subparagraph from the estate of a railroad in reorganization in the region shall be reduced by the amount, if any, of loans, plus interest forgiven under paragraph (5) of this subsection.

(D)(i) Except as provided in clause (ii) of this subparagraph, any funds held in an escrow account by a railroad in reorganization on October 19, 1976, which are thereafter determined to be cash and other current assets of the estate of such railroad in reorganization, for purposes of paragraph (3) of this subsection, shall be applied as follows—

(III) third, to the payment of any remaining obligations of such railroad in reorganization, in accordance with the provision of the agency agreement entered into pursuant to paragraph (2) of this subsection.

(ii) The manner of disposition set forth in clause (i) of this subparagraph shall not apply with respect to a railroad in reorganization if the Secretary (I) determines that a different disposition of assets is necessary to carry out a reorganization plan of such railroad in reorganization, and that such different disposition adequately protects the interests of the United States, and (II) transmits his determination to the court having jurisdiction over the reorganization of such railroad.

(5)(A) If, at any time, the Finance Committee of the Association determines that the failure of the Corporation to receive full reimbursement with interest from the estate of a railroad in reorganization in the region for any obligation of such estate paid pursuant to this subsection could adversely affect the fairness and equity of the transfers and conveyances pursuant to section 743(b)(1) of this title, or that the failure of the National Railroad Passenger Corporation to receive such full reimbursement plus interest for any such obligation would be contrary to the public interest, the Association shall forgive the indebtedness, plus accrued interest, of the Corporation or of the National Railroad Passenger Corporation incurred pursuant to paragraph (1) of this subsection in the amount recommended by the Finance Committee. The Association shall have a direct claim, as a current expense of administration of the estate of such railroad in reorganization, equal to the amount by which loans of the Corporation or of the National Rail-

road Passenger Corporation, plus interest, have been forgiven. Such direct claim shall not be subject to any reduction by way of setoff, cross-claim, or counter-claim which the estate of such railroad in reorganization may be entitled to assert against the Corporation, the National Railroad Passenger Corporation, the Association, or the United States.

(B) The direct claim of the Association under this paragraph, and any direct claim authorized under paragraph (4) of this subsection, shall be prior to all other administrative claims of the estate of a railroad in reorganization, except claims arising under trustee's certificates or from default on the payment of such certificates. The Corporation, the National Railroad Passenger Corporation, or a profitable railroad, as the case may be, shall, with respect to each direct claim for reimbursement pursuant to paragraph (4) of this subsection, file a proof of administrative expense claim with the trustees of the railroad in reorganization from whom reimbursement is sought. Each such proof of administrative expense claim shall set forth, by category and amount, the obligations of such railroad in reorganization which were paid pursuant to such paragraph (4).

(6)(A) Notwithstanding any other provision of this subsection, the Association shall forgive any loan made to the Corporation or the National Railroad Passenger Corporation pursuant to this subsection, plus accrued interest thereon, on the 3rd anniversary date of any such loan, except that the Association shall not forgive any loan or portion thereof, in accordance with this paragraph, if—

(i) the Finance Committee makes an affirmative finding, with respect to such loan or portion thereof, that—

(I) the Corporation has not exercised due diligence in executing the procedures adopted pursuant to paragraph (1)(B)(v) of this subsection, and

(II) the failure of the Association to forgive such loan or portion thereof will not adversely affect the ability of the Corporation to become financially self-sustaining;

(ii) the Finance Committee so directs the Association; and

(iii) neither House of the Congress disapproves such affirmative finding and direction, in accordance with the following provisions of this paragraph.

A copy of each such finding, the reasons therefor, and such direction made by the Finance Committee, together with the comments and recommendations thereon of the Board of Directors of the Association, shall be transmitted to the Congress by the Association within 10 days after the date on which the Finance Committee makes such finding and direction, or if not so transmitted, shall be transmitted by the Finance Committee. Each such finding and direction so transmitted shall become effective immediately, and shall remain in effect, unless, within the first period of 30 calendar days of continuous session of Congress after the date of transmittal of such finding and direction to Congress, either House of Congress disapproves such finding and direction in accordance with

the procedures specified in section 688 of title 2. For purposes of this paragraph, continuity of session of Congress is broken only in the circumstances described in section 682(5) of title 2.

(B) The Association shall have a direct claim, as a current expense of administration of the estate of the railroad in reorganization whose obligations were paid with the proceeds of loans forgiven under this paragraph, equal to the amount by which the loans, plus interest, have been forgiven. Such direct claim shall not be subject to any reduction by way of setoff, cross-claim, or counterclaim which the estate of such railroad in reorganization may be entitled to assert against the Corporation, the National Railroad Passenger Corporation, the Association, or the United States. The direct claim of the Association under this paragraph shall be prior to all other administrative claims of the estate of the railroad in reorganization, except claims arising under trustee's certificates or from default on the payment of such certificates.

(7) For purposes of this subsection, the term "Corporation" includes a subsidiary of the Corporation.

§ 726. Debentures and series A preferred stock**(a) General**

The Association is authorized, in accordance with the provisions of this section, and such

rules and regulations as it may prescribe, to invest from time to time in the securities of the Corporation by purchasing (1) up to \$1,000,000,000 of debentures issued by the Corporation, and (2) after the acquisition of such debentures, up to \$2,629,000,000 of the series A preferred stock of the Corporation.

(b) Purposes and procedure for investment

(1) The Association is authorized to purchase debentures and, thereafter, series A preferred stock of the Corporation at such times and in such amounts as may be required and requested by the Corporation in accordance with the terms and conditions governing such purchases (which shall be prescribed by the Association), to provide—

(A) for the modernization, rehabilitation and maintenance of rail properties of the Corporation;

(B) for the acquisition of equipment and other capital needs;

(C) for the refinancing of indebtedness which was incurred by the Corporation under section 721 of this title or which was incurred under section 725 of this title and assumed by the Corporation; or

(D) working capital as contemplated by the final system plan.

(2) Purchases of up to \$1,000,000,000 of debentures and, thereafter, of up to \$2,300,000,000 of series A preferred stock shall be made by the Association as required and requested by the Corporation, unless the Finance Committee makes an affirmative finding that—

(A) the Corporation has failed in any material respect to comply with any covenants or undertakings made to the Association and such failure remains uncorrected;

(B) the Corporation has failed substantially (as determined by performance within the margins prescribed by the Board of Directors) to attain the overall operating (including rehabilitation) and financial results projected for the Corporation in the final system plan (including any modifications of such projected results and of the performance margins applicable to such projected results which are jointly approved by the Finance Committee and the Board of Directors and which would improve the possibility that the Corporation will attain such projected results and perform within such margins, as modified); or

(C) it is not reasonably likely, taking into consideration all relevant factors including the overall operating (including rehabilitation) and financial results achieved by the Corporation, that the Corporation will be able to become financially self-sustaining without requiring Federal financial assistance substantially in excess of the amounts authorized in this section.

(3)(A) Amounts transferred to the Association pursuant to section 509(b)(1)¹ of the Railroad Revitalization and Regulatory Reform Act of 1976 may be used to purchase series A preferred stock of the Corporation to provide for the implementation by the Corporation of a program to re-

duce the Corporation's work force, if the Finance Committee finds that the implementation of such program will result in substantial savings to the United States.

(B) An employee who ceases to be an employee as a result of the reduction of work force under a program implemented pursuant to this paragraph shall not, by reason of so ceasing to be an employee, or by reason of any work or employment entered into after so ceasing to be an employee, lose such employee's current connection with the railroad industry for the purposes of the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.].

(4) Purchases of up to \$329,000,000 of a series A preferred stock shall be made by the Association, subject to the availability of appropriations, as required and requested by the Corporation, if the Finance Committee makes an affirmative finding that the Corporation has taken appropriate action to eliminate losses on light density lines and other lines which are unprofitable. Such action shall include the imposition of surcharges on such lines, the abandonment of such lines, and the transfer of such lines.

(5) The authority of the Association to purchase debentures or series A preferred stock of the Corporation shall terminate October 21, 1986.

(c) Finding, direction, and review by Congress

(1) If the Finance Committee makes an affirmative finding pursuant to subsection (b)(2) of this section, it may direct the Association—

(A) not to purchase any debentures or series A preferred stock of the Corporation after the date of such affirmative finding; or

(B) to purchase debentures or series A preferred stock of the Corporation, after the date of such affirmative finding, only in such amounts, at such times, and on such terms and conditions (notwithstanding subsection (e)(1) of this section) as the Finance Committee determines to be appropriate to the role of the Association as an investor in such debentures and series A preferred stock.

(2) A copy of each affirmative finding, the reasons therefor, and each direction made by the Finance Committee under paragraph (1) of this subsection, together with the comments and recommendations thereon of the Board of Directors of the Association, shall be transmitted to the Congress by the Association within 10 days after the date on which the Finance Committee makes such finding and direction, or if not so transmitted, shall be transmitted by the Finance Committee. Each such direction so transmitted shall become finally effective and is required to be implemented by the Association, unless within the first period of 30 calendar days of continuous session of Congress after the date of its transmittal to Congress either House of Congress disapproves such direction (except that such direction shall become finally effective immediately upon approval of such direction by both Houses of Congress) in accordance with the procedures specified in section 688 of title 2. For purposes of this paragraph, continuity of session of Congress is broken only in the circumstances described in section 682(5) of title 2. During review by the Association and Congress, the Asso-

ciation shall take no action inconsistent with the direction of the Finance Committee pursuant to paragraph (c)(1) of this section, except to the extent the Association finds necessary, in its discretion, to assure continuous orderly operation of the Corporation.

(3) If the Congress, pursuant to paragraph (2) of this subsection, disapproves a direction submitted to the Association pursuant to paragraph (1) of this subsection, the Association shall continue to purchase the debentures or series A preferred stock of the Corporation as otherwise provided in this subchapter until such time as a direction is submitted under this section which is not so disapproved (or affirmatively approved). The powers of the Association and of the Board of Directors of the Association shall remain in effect except to the extent modified by any such direction. If any such direction is disapproved by either House of Congress, the Finance Committee may, not earlier than 30 days after the date of such disapproval, make (and the Board of Directors of the Association shall transmit) any additional affirmative finding and direction with respect to the same matter, which direction shall become effective in accordance with paragraph (2) of this subsection. An affirmative finding and direction under this subsection, or action by the Association during a review thereof by the Congress, may not be held unlawful or set aside by any reviewing court on the ground that such finding and direction or action were not adequate to meet the requirements of subparagraph (A), (E), or (F) of section 706(2) of title 5.

(4) Notwithstanding any other provision of this section, or any terms and conditions governing its purchase of securities of the Corporation, the Association shall, upon written application by the Corporation at least 30 days prior to such investment, make an initial investment in debentures of the Corporation within 60 days after the date of conveyance of rail properties pursuant to section 743(b)(1) of this title. Such initial investment shall be limited to such amounts as the Association and Finance Committee, acting jointly, determine are necessary for the continued and orderly operations of the Corporation prior to any additional investment.

(5) Not later than 60 days after the date of conveyance pursuant to section 743(b)(1) of this title, the Association shall select 6 individuals to serve as members of the Board of Directors of the Corporation, subject to the provisions of section 741(d) of this title.

(d) Terms and conditions

Notwithstanding any other provision of State law, the debentures and the series A preferred stock of the Corporation shall have such terms and conditions, not inconsistent with the final system plan or this subchapter, as may be prescribed by the Association, except as follows:

(1) The Corporation shall not be required to issue to the Association additional shares of series A preferred stock of the Corporation as a dividend on any such stock.

(2) The dividends payable on series A preferred stock of the Corporation shall not be cumulative and shall be paid in cash when and to the extent that there is "cash available for

restricted cash payments", as that term is defined in the final system plan.

(3) After the Association calls for redemption of the certificates of value, no shares of series A preferred stock of the Corporation shall be issued in lieu of interest on the debentures of the Corporation and, to the extent such interest is not payable in cash by reason of the absence of sufficient "cash available for restricted cash payment", the Corporation shall deliver to the holders of the debentures contingent interest notes in a face amount equal to such unpaid interest.

(4) If the Board of Directors of the Association and the Finance Committee, acting jointly, modify the terms or conditions governing the purchase of debentures or series A preferred stock of the Corporation pursuant to subsection (e)(1) of this section, or if the Finance Committee waives compliance with any term, condition, provision, or covenant of such securities pursuant to subsection (e)(2) of this section, the Finance Committee may require the Corporation to issue contingent interest notes in such amount as, in the determination of the Finance Committee, will provide protection for the United States, in the event of bankruptcy, reorganization, or receivership of the Corporation, equal to the protection the United States would have had in the absence of such modification or waiver.

(5) The contingent interest notes issued pursuant to this section shall bear interest compounded annually at the rate of 8 percent per annum and such notes and the accumulated interest thereon shall be payable only in the event of bankruptcy, reorganization, or receivership of the Corporation occurring prior to the repayment and redemption of all outstanding debentures and accumulated series A preferred stock of the Corporation. The contingent interest notes and the accumulated interest thereon shall have the same priority in bankruptcy, reorganization, or receivership as the debentures of the Corporation. The other terms and conditions of the contingent interest notes shall be as set forth in an agreement to be entered into between the Association and the Corporation prior to issuance of any debentures.

(e) Modifications, waivers, and conversions

(1) The Board of Directors of the Association and the Finance Committee, acting jointly, may agree with the Corporation to modify any of the terms and conditions governing the purchase by the Association of securities of the Corporation, upon a finding that such action is necessary or appropriate to achieve the purposes of this chapter or the goals of the final system plan.

(2) The Finance Committee may, in its discretion and upon a finding that such action is necessary or appropriate to achieve the purposes of this chapter or the goals of the final system plan, waive compliance with any term, condition, provision, or covenant of the securities of the Corporation held by the Association, including any provision of such securities with respect to redemption of principal or issuance price, payment of interest or dividends, or any term or condition governing the purchase of such securities.

(3) Notwithstanding any provision of State law, there shall be no conversion of the debentures of the Corporation into series A preferred stock of the Corporation, as provided in the terms and conditions of the debentures and pursuant to the final system plan, unless the Board of Directors of the Association and the Finance Committee jointly determine to effect such conversion.

(f) Employee stock ownership plan

(1) The Association shall not invest the final \$345,000,000 of the additional investment in the Corporation authorized by the Regional Rail Reorganization Act Amendments of 1978 unless and until (A) the Corporation has in effect an employee stock ownership plan which satisfies the requirements of paragraphs (2) and (3), and (B) the requirements of the other paragraphs of this subsection have been satisfied.

(2) The employee stock ownership plan shall:

(A) provide:

(i) for a transfer to the plan and allocation to the accounts of plan participants in periodic installments of Series A preferred stock of the Corporation with a stated redemption value of at least \$345,000,000 or any other securities in an amount determined by the Association, with the concurrence of the Finance Committee, as constituting a meaningful interest in the Corporation, or any combination thereof so determined by the Association, with the concurrence of the Finance Committee. The use of Series A preferred stock to fund the Employee Stock Ownership Plan shall not be interpreted to relieve ConRail of the responsibility for repaying in full to the United States Railway Association its indebtedness as represented by all shares originally issued under Public Law 94-210 and this chapter;

(ii) for immediate vesting of the rights of participants to such securities upon allocation, subject to defeasance as a result of the plan's termination which termination shall occur in the event that, by the end of the 120th month beginning after the month in which securities or interests therein are first allocated to participants' accounts, the Corporation has not attained for two consecutive quarters positive net income and a freight labor cost to freight revenue ratio equal to the average such ratio for all Class I railroads in 1977, as determined pursuant to procedures adopted by the Corporation pursuant to regulations promulgated by the Association with the concurrence of the Finance Committee;

(B) be an employee benefit plan which is designed to invest primarily in employer securities;

(C) meets such other requirements (similar to requirements applicable to employee stock ownership plans as defined in section 4975(e)(7) of title 26) as the Secretary of the Treasury or his delegate may describe;

(D) have been approved by the Board of Directors of the Corporation to the extent and in the manner which may be required by the Corporation's articles of incorporation and bylaws then in effect; and

(E) have been prepared in consultation with, and been approved by, the Association and the Finance Committee.

(3) Notwithstanding any other provision of law, if a plan does not meet the requirements of section 401 of title 26—

(A) stock transferred under paragraph (2) and allocated to the account of any participant under paragraph (2) shall not be considered income of the participant or his beneficiary under title 26 until such stock or dividends are actually distributed or made available to the participant or his beneficiary and, at such time, shall be taxable under section 72 of title 26 (treating the participant or his beneficiary as having a basis of 0 in the stock);

(B) no amount shall be allocated to any participant under the plan in excess of the amount which might be allocated if the plan met the requirements of section 401 of title 26; and

(C) the plan must meet the requirements of sections 410 and 415 of title 26.

(4) The Corporation shall adopt such terms and conditions governing the securities of interests therein to be transferred to the plan (including limitations on voting rights) as the Association, with the concurrence of the Finance Committee, determines are necessary to protect reasonably the interests of the United States in the litigation pursuant to section 743(c) of this title and in the event of any action to further reorganize or restructure the Corporation's assets or capital structure.

(5) The Corporation, the Association, and a representative appointed by the Chairman of the Railway Labor Executives' Association as representative of all the classes or crafts of employees of the Corporation shall engage in negotiations to agree upon a plan in accordance with the provisions of this subsection. For purposes of this subsection, the Railway Labor Executives' Association shall be deemed to represent all of the representatives of crafts or classes of employees of the Corporation and its subsidiaries as though that organization held powers of attorney from each representative of a craft or class for the limited purposes of negotiating and agreeing upon an employee stock ownership plan. The parties shall incorporate their agreement into a written plan instrument specifying the terms and conditions set forth in this subsection and such other terms and conditions as they may decide upon, with the concurrence of the Finance Committee, unless the parties are unable to reach on² an agreement on the plan following the exertion of every reasonable effort to do so, in accordance with the Railway Labor Act [45 U.S.C. 151 et seq.], in which event, the Corporation and the Association, with the concurrence of the Finance Committee, shall establish a written plan with such terms and conditions as they may agree upon in accordance with this subsection. The plan shall not be subject to change under the provisions of section 6 of the Railway Labor Act [45 U.S.C. 156] until after such time as securities have been distributed from the plan to the participants in the plan or

their beneficiaries pursuant to the terms of the plan. Within one year after November 1, 1978, the Corporation shall transmit a draft of such plan to the Congress and shall report on its progress in establishing and administering the plan. The report shall include recommendations of contractual and statutory provisions necessary to reasonably (A) exempt any Trustee of the plan, the Corporation, the Association, any member of the Finance Committee, and any other person from any fiduciary duty, responsibility or liability for the acquisition of, investment in, or retention of any security or interest therein of the Corporation or for any other transaction contemplated by this subsection and (B) provide for the United States to indemnify, defend, and hold harmless such persons against any and all liabilities, claims, actions, judgments, amounts paid in settlement, and costs and expenses actually incurred in connection with any matter so exempted in which it is determined that such persons were acting in good faith and in a manner they believed to not be opposed to the best interests of the plan.

(6) Within fourteen months of November 1, 1978, the Association shall report to the Congress on the draft plan and on any legal obstacle to the ability of the Corporation to effectuate and implement an employee stock ownership plan of the nature contemplated by this subsection, including specific recommendations on amendments to this subsection and other relevant laws which would harmonize the requirements of this subsection with those other laws. The Department of Transportation and the Department of the Treasury, as each finds appropriate, shall provide separate comments to the Association for inclusion with such report.

(7) For the purposes of this subsection, the officers of each duly authorized representative of the crafts or classes of the employees of the Corporation who have been given leaves of absence by the Corporation to serve as such officers, are to be eligible to participate in such plan on the same basis as are employees whose employment is governed by a collective bargaining agreement with the Corporation.

(8)(A) Except as provided in subparagraph (B) of this paragraph, no person described in subparagraph (C) of this paragraph shall have or be subject to any fiduciary responsibility, obligation, or duty, nor shall any such person be subject to civil liability, under any Federal or State law, as a fiduciary or otherwise—

(i) in connection with the employee stock ownership plan and related trust established by the Corporation pursuant to the requirements of this subsection or with ConRail Equity Corporation (I) on account of any reorganization or restructuring of the Corporation, its successors or assigns, or their assets or capital structure, or (II) on account of any action taken or not taken by the Corporation which may affect its ability to attain the performance levels established in connection with the plan pursuant to paragraph (2)(A)(ii) of this subsection;

(ii) for or in connection with the establishment, continuation or implementation of the plan and related trust or of ConRail Equity Corporation or the acquisition of, investment

in or retention of any security of the Corporation or ConRail Equity Corporation, or of any of their successors and assigns, by the plan or ConRail Equity Corporation, or the disposition of any such security to the extent that such disposition is made in connection with a reorganization or restructuring of the Corporation, its successors and assigns, or their assets or capital structure, as directed or approved by or on behalf of the Association or the United States, or the acquisition or retention of any cash, security or other property received in connection with any such reorganization or restructuring; or

(iii) for or in connection with any other action taken or not taken pursuant to any term or condition of the plan or related trust agreement or of the articles of incorporation or bylaws of ConRail Equity Corporation.

Any directions described in clauses (i)(I), (ii), or (iii) shall be taken at the direction, or with the consent, of the Association or of the Secretary or his designate.

(B) Subparagraph (A) of this paragraph shall not be interpreted to relieve any person from any fiduciary or other responsibility, obligation or duty under any Federal or State law to take or not to take actions with respect to the plan in connection with (i) receiving contributions, (ii) exercising custodial responsibilities, (iii) determining eligibility to participate in the plan, (iv) calculating, determining and paying benefits, (v) processing and deciding claims, (vi) preparing and distributing plan information, benefit statements, returns and reports, (vii) maintaining plan records, (viii) appointing plan fiduciaries and other persons to advise or assist in plan administration and (ix) other than as provided in subparagraph (A), acquiring, holding or disposing of plan assets.

(C) For purposes of subparagraph (A) of this paragraph, the term “person” includes each of the following:

(i) the trustee or trustees of the plan, the Corporation and its subsidiaries, ConRail Equity Corporation, the Association, and any of their successors and assigns;

(ii) each director, officer, employee and agent of the Corporation of³ any of its subsidiaries, of ConRail Equity Corporation, of the plan, of the Association or of any of their successors and assigns; and

(iii) each member of the Finance Committee and any of their employees and agents.

(D) Neither this paragraph nor paragraph (9) of this subsection shall be construed to grant immunity from any criminal law of the United States or of any State or the District of Columbia.

(9) The United States shall indemnify, defend, and hold harmless the persons described in paragraph (8)(C) of this subsection from and against any and all liabilities, claims, actions, judgments, amounts paid in settlement, and costs and expenses (including reasonable fees of accountants, experts, and attorneys) actually incurred in connection with the establishment, implementation, or operation of the plan or

ConRail Equity Corporation or with any transaction which is required by or is appropriate to effectuate fully the provisions of this subsection, except as may arise in connection with the execution of a responsibility, obligation, or duty excluded from paragraph (8)(A) by paragraph (8)(B), if it is determined that such persons were acting in good faith. The indemnity provided in this paragraph shall be a full faith and credit obligation of the United States.

(10) All securities of the Corporation, all securities of any subsidiary of the Corporation and of ConRail Equity Corporation, and all interests in the employee stock ownership plan which are issued or transferred in connection with the employee stock ownership plan established by the Corporation pursuant to the requirements of this subsection shall be deemed for all purposes to have been issued subject to and authorized and approved pursuant to section 11301(b)⁴ of title 49 and any corresponding provision of any successor statute.

(g) Authorization of appropriations; reappropriation of funds

(1) There is authorized to be appropriated to the Association \$3,629,000,000 to be used for the purchase of securities of the Corporation in accordance with this section. § 743. Valuation and conveyance of rail properties

(a) Deposit with court

Within 10 days after delivery of a certified copy of a final system plan pursuant to section 719(c) of this title—

(1) the Corporation, in exchange for the rail properties of the railroads in reorganization in the region and of railroads leased, operated, or controlled by railroads in reorganization in the region to be transferred to the Corporation or any subsidiary thereof, shall deposit with the special court all of the stock and other securities of the Corporation and certificates of value issued by the Association designated in the final system plan to be exchanged for such rail properties;

(2) each profitable railroad operating in the region and each state or responsible person (including a government entity) purchasing rail properties from a railroad in reorganization in the region, or from a railroad leased, operated, or controlled by a railroad in reorganization in the region, as provided in the final system plan shall deposit with the special court the compensation to be paid for such rail properties.

(b) Conveyance of rail properties

(1) The special court shall, within 10 days after deposit under subsection (a) of this section of the securities of the Corporation, certificates of value issued by the Association, and compensation from the profitable railroads operating in the region, States, and responsible persons, order the trustee or trustees of each railroad in reorganization in the region to convey forthwith to the Corporation or any subsidiary thereof, the respective profitable railroads operating in the region, States, and responsible persons all right, title, and interest in the rail properties of such railroad in reorganization and shall itself order the conveyance of all right, title, and interest in the rail properties of any person leased, operated, or controlled by such railroad in reorganization that are to be conveyed to them under the final system plan as certified to such court under section 719(d) of this title. In any case where the special court orders the trustee or trustees of a railroad in reorganization in the region to execute and deliver deeds or other instruments conveying rail properties to the Corporation or a subsidiary thereof or to a profitable railroad operating in the region or a State or responsible person, those deeds or other instruments may be executed, acknowledged, and delivered on behalf of the trustee or trustees by any person or persons who have been duly authorized to perform such acts on behalf of the trustee or trustees by the district court of the United States or any other court having jurisdiction over the respective railroad in reorganization in the region. Notwithstanding any provision of State or local law, in any case where deeds or other instruments have been executed, acknowledged, or delivered by a representative of the trustee or trustees of a railroad in reorganization in the region in accordance with the previous sentence, such execution, acknowledgment, and delivery, and the deeds or other instruments to which they pertain, shall have the same legal effect as they would have had if the trustee or trustees had themselves executed, acknowledged and delivered such deeds or other instruments.

(2) All rail properties conveyed to the Corporation or any subsidiary thereof the respective

profitable railroads operating in the region, States, and responsible persons under this section shall be conveyed free and clear of any liens or encumbrances, but subject to such leases and agreements as shall have previously burdened such properties or bound the owner or operator thereof in pursuance of an arrangement with any State, or local or regional transportation authority under which financial support from such State, or local or regional transportation authority was being provided on January 2, 1974, for the continuance of rail passenger service or any lien or encumbrance of no greater than 5 years' duration which is necessary for the contractual performance by any person of duties related to public health or sanitation. Such conveyances shall not be restrained or enjoined by any court.

(3)(A)(i) Notwithstanding any other provision of this chapter, if an interest in railroad rolling stock is included in the rail properties conveyed pursuant to subsection (b)(1) of this section, and if such conveyance is in accordance with the requirements of clause (ii) of this subparagraph, the conveyance of such properties shall be deemed an assignment. Any such assignment shall relieve the assignor of liability for any breach which occurs after the date of such conveyance, except that such assignor shall remain liable for any breach, event of default, or violation of covenant which occurred (and any charges or obligations which accrued) prior to the date of such conveyance, regardless of whether the assignee thereof assumes such liabilities, charges or obligations. If any such liabilities, charges, or obligations (accrued prior to the date of such conveyance) are paid by or on behalf of any person or entity other than such assignor, such person or entity shall have a claim to direct reimbursement, as a current expense of administration, from such assignor, together with interest on the amount so paid.

(ii) A conveyance referred to in clause (i) of this subparagraph may be effected only if—

(I) the Corporation or a subsidiary thereof, the profitable railroad operating in the region, or the State or responsible person to whom such conveyance is made assumes all of the obligations under any applicable conditional sale agreement, equipment trust agreement, or lease with respect to such rolling stock (including any obligations which accrued prior to the date on which such properties are conveyed), and

(II) such conveyance is made subject to such obligations.

As used in this subparagraph, the term "railroad rolling stock" means assets which could be carried in Interstate Commerce Commission account numbers 52, 53, 54, and 57.

(B) Subject to the provisions of this paragraph, the provisions of this chapter shall not affect the title and interests of any lessor, equipment trust trustee, or conditional sale vendor under any conditional sale agreement, equipment trust agreement, or lease under section 77(j) of the Bankruptcy Act. A profitable railroad operating in the region, the Corporation or a subsidiary thereof, or a State or responsible person, to whom such a conveyance is made as assignee or as lessee, shall assume all

liability under such conditional sale agreement, equipment trust agreement, or lease. Such an assignment or conveyance to, and such an assumption of liability by, such a profitable railroad, Corporation, subsidiary, State, or responsible person shall not be deemed a breach, an event of default, or a violation of any covenant of any such conditional sale agreement, equipment trust agreement, or lease so assigned or conveyed, notwithstanding any provisions of any such agreement or lease.

(4) Notwithstanding anything to the contrary contained in this chapter, if a railroad in reorganization has leased rail properties from a lessor that is neither a railroad nor controlled by or affiliated with a railroad, and such lease has been approved by the lessee railroad's reorganization court prior to January 2, 1974, conveyance of such lease may only be effected if the Corporation, profitable railroad, State, or responsible person to whom the conveyance is made assumes all future liability under such lease and all of the terms and conditions specified in the lease, including the obligation to pay the specified rent to the non-railroad lessor.

(5) Notwithstanding any covenant, undertaking, condition, or provision of any sort in any lease, agreement, or contract, the conveyance, transfer, assignment, or other disposition of such lease, agreement, or contract or of any interest therein to, or the assumption by, the Corporation or any subsidiary thereof, or a profitable railroad of obligations thereunder, shall not be deemed a breach, an event of default, or a violation of any covenant of such lease, agreement, or contract.

(6)(A) Notwithstanding anything to the contrary contained in this chapter or any other other¹ provision of law, the special court shall include in its order such further directions as may be necessary to assure (i) that the operation and administration of the employee pension benefit plans described in section 775(a)² of this title shall be continued, without termination or interruption, by the Corporation until such time as the Corporation elects to amend or terminate any such plan, in whole or in part; and (ii) that appropriate transfers and assignments with respect to all rights and obligations relating to such plans shall be made to the Corporation for such purposes, without prejudice to payment of consideration for whatever rights any railroad in reorganization may have in any residual assets under any such employee pension benefit plan. No court shall enter any judgment against the Corporation with respect to any such rights, except that the special court may enter such a judgment in an order issued by it pursuant to subsection (c) of this section, after taking into consideration the rights and obligations transferred pursuant to this paragraph. All liabilities as an employer shall be imposed solely upon the railroad in reorganization in the event such plan is terminated, in whole or in part, by the Corporation within 1 year after the date of such transfer or assignment (except liabilities as an employer under the Employee Retirement Income Security Act of 1974 [29 U.S.C.

1001 et seq.] for benefits accruing during such period), except that in any case in which the Corporation, on or after the date of transfer or assignment as provided by this paragraph, terminates in whole or in part any such plan, the benefits under which are not guaranteed under title IV of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1301 et seq.], the Corporation shall guarantee the payment when due of the accrued pension benefits provided for thereunder at the time of termination. The Corporation shall be entitled to a loan pursuant to section 721(h) of this title in an amount required for the adequate funding of accrued pension benefits under all plans transferred or assigned to the Corporation in accordance with this paragraph (whether or not terminated by the Corporation). For purposes of such section 721(h) and notwithstanding any other provision of Federal or State law, amounts required for such adequate funding shall be deemed to be expenses of administration of the respective estates of the railroads in reorganization, due and payable as of the date of transfer or assignment of the plans to the Corporation.

(B) The Corporation shall, through the purchase of insurance or otherwise, maintain in effect any medical insurance coverage or so much of any life insurance coverage that does not exceed in death benefits an amount equal to twice the employee's annual salary at the time of retirement or \$60,000, whichever is lower, which coverage was maintained by a railroad in reorganization in the region immediately prior to April 1, 1976, and which provides insurance benefits to employees who retired, prior to April 1, 1976, from service with such a railroad. With respect to any such employee whose medical or life insurance coverage lapsed after April 1, 1976, due to nonpayment of premiums, the Corporation shall—

(i) through the purchase of insurance or otherwise, provide medical insurance benefits or life insurance benefits at the same level as were provided by the employer railroad in reorganization and in effect with respect to such employees immediately prior to April 1, 1976, except that the life insurance benefits so provided shall not exceed in death benefits an amount equal to twice the employee's annual salary at the time of retirement or \$60,000, whichever is lower; and

(ii) assume and pay any claim for such employee (or his personal representative) for any such insurance benefits, if—

(I) such claim arose during the period beginning April 1, 1976, and ending on the date insurance coverage is provided pursuant to clause (i) of this subparagraph;

(II) such benefits were not paid by an insurer solely because of the lapse of the insurance coverage during such period,

except that such death benefits shall not be paid for any such employee in excess of an amount equal to twice the employee's annual salary at the time of retirement or \$60,000, whichever is lower.

The Corporation shall be entitled to a loan pursuant to section 721(h) of this title in an amount required for the payment of insurance premiums

and benefits described in this subparagraph. For purposes of section 721(h)(4)(A)(iii) of this title, amounts required for the payment of such premiums and benefits shall be deemed to be valid administrative claims against the respective estates of the railroads in reorganization, due and payable as of April 1, 1976, or, in the case of a railroad in reorganization which is not subject to a bankruptcy proceeding, such amounts shall be deemed to be obligations of such railroad, due and payable as of such date, and shall be reimbursable in accordance with the procedures set forth in paragraphs (4) and (5) of such section 721(h) of this title. As used in this subparagraph, the term "railroad in reorganization" includes any railroad which is controlled by a railroad in reorganization but is not itself subject to a bankruptcy proceeding, if such railroad conveyed substantially all of its rail properties to the Corporation pursuant to paragraph (1) of this subsection and conducted operations over such rail properties prior to the date of such conveyance.

(c) Findings and distribution

(1) After the rail properties have been conveyed to the Corporation or any subsidiary thereof, profitable railroads operating in the region, States, and responsible persons under subsection (b) of this section, the special court, giving due consideration to the findings contained in the final system plan, shall decide—

(A) whether the transfers or conveyances—

(i) of rail properties of each railroad in reorganization, or of each railroad leased, operated, or controlled by a railroad in reorganization, to the Corporation or any subsidiary thereof in exchange for the certificates of value and the other benefits accruing to such railroad as a result of such exchange (taking into consideration compensable unconstitutional erosion, if any, which the special court finds to have occurred in the estate of each such railroad, during the bankruptcy proceeding with respect to such railroad) as provided in the final system plan and this chapter, and

(ii) of rail properties of each railroad in reorganization, or of each railroad leased, operated, or controlled by a railroad in reorganization, to a profitable railroad operating in the region in exchange for compensation and other benefits accruing to such transferor as a result of such exchange (taking into consideration compensable unconstitutional erosion, if any, which the special court finds to have occurred in the estate of each such railroad, during the bankruptcy proceeding with respect to such railroad) State, or responsible person in accordance with the final system plan,

are in the public interest and are fair and equitable to the estate of each railroad in reorganization in accordance with the standard of fairness and equity applicable to the approval of a plan of reorganization or a step in such a plan under section 77 of the Bankruptcy Act, or fair and equitable to a railroad that is not itself in reorganization but which is leased, operated, or controlled by a railroad in reorganization;

(B) whether the transfers or conveyances are more fair and equitable than is required as a constitutional minimum; and

(C) what portion of the proceeds received by a railroad in reorganization from an entity other than the Corporation or any subsidiary thereof for the sale, lease, or transfer of property subject to an agreement under section 723 or section 725(a)(1) or (2) of this title reflects value attributable to the maintenance or improvement provided pursuant to the agreement.

(2) If the special court finds that the terms of one or more exchanges for certificates of value and other benefits are not fair and equitable to an estate of a railroad in reorganization, or to a railroad leased, operated, or controlled by a railroad in reorganization (taking into consideration compensable unconstitutional erosion, if any, which the special court finds to have occurred in the estate of each such railroad, during the bankruptcy proceeding with respect to such railroad), which has transferred rail properties pursuant to the final system plan, it may—

(A) enter a judgment reallocating the certificates of value in a fair and equitable manner if they have not been fairly allocated among the railroads transferring rail properties to the Corporation or any subsidiary thereof, except that one certificate of value shall be allocated to each such railroad; and

(B) if the lack of fairness and equity cannot be completely cured by a reallocation of the certificates of value, order the Corporation to provide for the transfer to the railroad of certificates of value issued by the Association as designated in the final system plan in such nature and amount as would make the exchange or exchanges fair and equitable; and

(C) enter a judgment against the Corporation if the judgment would not endanger the viability or solvency of the Corporation.

(3) If the special court finds that the terms of one or more conveyances of rail properties to a profitable railroad operating in the region, State, or responsible person in accordance with the final system plan are not fair and equitable, it shall enter a judgment against such profitable railroad, State, or responsible person. If the special court finds that the terms of one or more conveyances or exchanges for certificates of value or other benefits are fairer and more equitable than is required as a constitutional minimum, then it shall order the return of any excess certificates of value, or compensation to the Corporation or a profitable railroad, State, or responsible person so as not to exceed the constitutional minimum standard of fairness and equity. The special court shall also find the amount of the payments, if any, which each profitable railroad has made on behalf of a transferor railroad in reorganization in accordance with section 721(h) of this title, for which payment the profitable railroad has not been reimbursed, as provided in section 721(h) of this title. Notwithstanding any other provision of this paragraph or of paragraph (4), the special court shall order the return to any such profitable railroad from compensation deposited by

such profitable railroad pursuant to subsection (a)(2) of this section, of any such amount so found together with interest at the rate provided in section 721(h) of this title. In making any finding under this paragraph, the special court shall take into consideration compensable unconstitutional erosion, if any, which it finds to have occurred in the estate of a railroad in reorganization in the region, or of a railroad leased, operated, or controlled by such a railroad, during the bankruptcy proceeding with respect to such railroad.

(4) Upon making the findings referred to in this subsection, the special court shall order distribution of the certificates of value and compensation deposited with it under subsection (a) of this section to the trustee or trustees of each railroad in reorganization in the region and to persons leased, operated, or controlled by such railroads who so transferred or conveyed rail properties who conveyed right, title, and interest in rail properties to the Corporation and the respective profitable railroads, States, and responsible persons under such subsection.

(5) Whenever the special court, pursuant to subsection (b)(1) of this section, orders the transfer or conveyance of rail properties—

(A) designated under section 716(c)(1)(C) or (D) of this title, to the Corporation or any subsidiary thereof, the United States shall indemnify the Corporation against any costs or liabilities imposed on the Corporation as the result of any judgment entered against the Corporation, with respect to such properties, under paragraph (2) of this subsection; and

(B) to the National Railroad Passenger Corporation, a profitable railroad operating in the region, a State, or any other responsible person (including a governmental entity), the United States shall indemnify such Corporation, railroad, State, or person against any costs or liabilities imposed thereon as the result of any judgment entered against such Corporation, railroad, State, or person under paragraph (3) of this subsection;

plus interest on the amount of such judgment at such rate as is constitutionally required. The United States may, in its discretion, represent the Corporation or the National Railroad Passenger Corporation, such profitable railroad, State or responsible person, in any proceedings before the special court that could result in such a judgment against the Corporation under paragraph (2) of this subsection or against the National Railroad Passenger Corporation, such profitable railroad, State or responsible person, under paragraph (3) of this subsection. The Corporation, the National Railroad Passenger Corporation, any profitable railroad, State, or responsible person, which is represented by the United States of America shall cooperate diligently in whatever manner the United States shall reasonably request of it in connection with such proceedings. Neither the Corporation, or its subsidiaries, nor the National Railroad Passenger Corporation, any profitable railroad, State or responsible person, shall be obligated to reimburse the United States for any moneys paid by the United States pursuant to this section.

(6) Whenever the Corporation exercises an option to acquire, or acquires, interests in rail ma-

rine freight floating equipment pursuant to the recommendations of the final system plan, and the Corporation thereafter makes such floating equipment available to a profitable railroad operating in the region, a State, or a responsible person including³ a government entity), the United States shall indemnify—

(A) the Corporation against any costs or liabilities imposed on the Corporation as the result of any judgment entered against it, with respect to such equipment, under paragraph (2) of this subsection; and

(B) such profitable railroad, State, or responsible person against any costs or liabilities imposed thereon as the result of any judgment entered against such profitable railroads, State, or responsible person under paragraph (3) of this subsection,

plus interest on the amount of such judgment at such rate as is constitutionally required.

(d) Appeal

An order or judgment entered by the United States District Court for the District of Columbia pursuant to subsection (c) of this section or section 746 of this title shall be reviewable in accordance with sections 1291, 1292, and 1294 of title 28.

(e) Transfer and other taxes and recording fees

All transfers or conveyances of rail properties (whether real, personal, or mixed) which are made under this chapter (including transfers and conveyances which are made in accordance with a supplemental transaction pursuant to section 745 of this title or which are made at any time to carry out the purposes of section 791(d) of this title) shall be exempt from any taxes, imposts, or levies now or hereafter imposed, by the United States or by any State or any political subdivision of a State, on or in connection with such transfers or conveyances or on the recording of deeds, bills of sale, liens, encumbrances, or other instruments evidencing, effectuating, or incident to any such transfers or conveyances, whether imposed on the transferor or on the transferee. Such transferors and transferees shall be entitled to record any such deeds, bills of sale, liens, encumbrances, or other instruments and, consistent with the designations and applicable principles in the final system plan, to record the release or removal of any pre-existing liens or encumbrances of record with respect to properties so transferred or conveyed, upon payment of any appropriate and generally applicable charges to compensate for the cost of the service performed.

Section 77 of the Bankruptcy Act, referred to in subsecs. (b)(3)(B) and (c)(1)(A)(ii), was classified to section 205 of former Title 11, Bankruptcy. The Bankruptcy Act (act July 1, 1898, ch. 541, 30 Stat. 544, as amended) was repealed effective Oct. 1, 1979, by Pub. L. 95-598, §§401(a), 402(a), Nov. 6, 1978, 92 Stat. 2682, section 101 of which enacted revised Title 11. For current provisions relating to railroad reorganization, see subchapter IV (§1161 et seq.) of chapter 11 of Title 11.

Section 775 of this title, referred to in subsec. (b)(6)(A), was repealed by Pub. L. 97-35, title XI, §1144(a)(1), Aug. 13, 1981, 95 Stat. 669.

The Employee Retirement Income Security Act of 1974, referred to in subsec. (b)(6)(A), is Pub. L. 93-406, Sept. 2, 1974, 88 Stat. 829, as amended. Title IV of the Employee Retirement Income Security Act of 1974 is classified principally to subchapter III (§1301 et seq.) of chapter 18 of Title 29, Labor. For complete classification of this Act to the Code, see Short Title note set out under section 1001 of Title 29 and Tables.

CODIFICATION

The amendments made by section 612(i)(4) of Pub. L. 94-210 could be read as substituting “certificates of value” for “obligations” in subsecs. (b)(3)(A), (b)(5), and (b)(6), as added by section 612(a) and (l) of Pub. L. 94-210. However, this substitution is not appropriate in the context of the new subsecs. (b)(3)(A), (b)(5), and (b)(6).

§ 744. Termination and continuation of rail services

(a) Discontinuance

(1) Except as provided in subsections (c) and (f) of this section, rail service on rail properties of a railroad in reorganization in the region, or of a person leased, operated, or controlled by such a railroad, which transfers to the Corporation or to profitable railroads operating in the region all or substantially all of its rail properties designated for such conveyance in the final system plan, and rail service on rail properties of a profitable railroad operating in the region which transfers substantially all of its rail properties to the Corporation or to other railroads pursuant to the final system plan, may be discontinued, to the extent such discontinuance is not precluded by the terms of the leases and agreements referred to in section 743(b)(2) of this title, if—

(A) the final system plan does not designate rail service to be operated over such rail properties;

(B) not sooner than 30 days following the effective date of the final system plan, the trustee or trustees of the applicable railroad in reorganization or a profitable railroad give notice in writing of intent to discontinue such service on a date certain which is not less than 60 days after the date of such notice or on the date of any conveyance ordered by the special court pursuant to section 743(b)(1) of this title, whichever is later; and

(C) the notice required by subparagraph (B) of this paragraph is sent by certified mail to the Commission; to the chief executive officer, the transportation agencies, and the government of each political subdivision of each State in which such rail properties are located; and to each shipper who has used such rail service during the previous 12 months.

(2)(A) If rail properties are not, in accordance with the designations in the final system plan, required to be operated, as a consequence of a recommended arrangement for joint use or operation of rail properties (under section 716(g) of this title) or as part of a coordination project (under sections 716(c) and (g) of this title), rail service on such properties may be discontinued, subsequent to the date of conveyance of rail properties pursuant to such section 743(b)(1) of this title, if the Commission determines that such rail service on such rail properties is not compensatory and if—

(i) the petitioner and any other railroad involved in such arrangement or coordination project have, prior to filing an application for such discontinuance, entered into a binding agreement (effective on or before the effective date of such discontinuance) to carry out such arrangement or project;

(ii) such application is filed with the Commission not later than 1 year after the effective date of the final system plan; and

(iii) such discontinuance is not precluded by the terms of the leases and agreements referred to in such section 743(b)(2).

(B) For purposes of this paragraph, rail service on rail properties is compensatory if the revenue attributable to such properties from such service equals or exceeds the sum of the avoidable costs of providing such service on such properties plus a reasonable return on the value of such rail properties, as determined in accordance with the standards developed pursuant to section 10362(b)(6)¹ of title 49.

(C) The Commission shall make its final determination, with respect to any discontinuance requested under this paragraph, not later than 120 days after the date of filing of an application therefor. The applicant shall have the burden of proving that the service involved is not compensatory. If the Commission fails to make a final determination within such time, the application shall be deemed to be granted.

(D) The Commission may issue such rules, regulations, and procedures as it deems necessary for the conduct of its functions under this paragraph.

(b) Abandonment

(1) Except as provided in subsections (c) and (f) of this section, rail properties over which rail service has been discontinued under subsection (a) of this section may not be abandoned sooner than 120 days after the effective date of the discontinuance. Thereafter, except as provided in subsection (c) of this section, such rail properties may be abandoned upon 30 days' notice in writing to any person (including a government entity) required to receive notice under subsection (a)(1)(C) of this section.

(2) In any case in which rail properties proposed to be abandoned under this section are designated by the final system plan as rail properties which are suitable for use for other public purposes (including roads or highways, other forms of mass transportation, conservation, and recreation), such rail properties shall not be sold, leased, exchanged, or otherwise disposed of during the 240-day period beginning on the date of notice of proposed abandonment under this section unless such rail properties have first been offered, upon reasonable terms, for acquisition for public purposes.

(3) Rail service may be discontinued, under subsection (a) of this section, and rail properties may be abandoned, under this section, notwithstanding any provision of part A of subtitle IV of title 49, the constitution or law of any State, or the decision of any court or administrative agency of the United States or of any State.

(c) Continuation of rail services

No rail service may be discontinued and no rail properties may be abandoned, pursuant to this section—

(1) in the case of service and properties referred to in subsections (a)(1) and (b)(1) of this section, after 2 years from the effective date of the final system plan or more than 2 years after the date on which the final rail service continuation payment is received, whichever is later; or

¹ See References in Text note below.

(2) if a financially responsible person (including a government entity) offers—

(A) to provide a rail service continuation payment which is designed to cover the difference between the revenue attributable to such rail properties and the avoidable costs of providing rail service on such properties, together with a reasonable return on the value of such properties;

(B) to provide a rail service continuation payment which is payable pursuant to a lease or agreement with a State or with a local or regional transportation authority under which financial support was being provided on January 2, 1974 for the continuation of rail passenger service; or

(C) to purchase, pursuant to subsection (f) of this section, such rail properties in order to operate rail services thereon.

If a rail service continuation payment is offered, pursuant to paragraph (2)(A) of this subsection, for both freight and passenger service on the same rail properties, the owner of such properties may not be entitled to more than one payment of a reasonable return on the value of such properties.

(d) Rail freight service

(1) If a rail service continuation payment is offered, pursuant to subsection (c)(2)(A) of this section, for rail freight service, the person offering such payment shall designate the operator of such service and enter into an operating agreement with such operator. The person offering such payment shall designate as the operator of such service—

(A) the Corporation, if rail properties of the Corporation connect with the line of railroad involved, unless the Commission determines that such rail service continuation could be performed more efficiently and economically by another railroad;

(B) any other railroad whose rail properties connect with such line, if the Corporation's rail properties do not so connect or if the Commission makes a determination in accordance with subparagraph (A) of this paragraph; or

(C) any responsible person (including a government entity) which is willing to operate rail service over such rail properties.

A designated railroad may refuse to enter into such an operating agreement only if the Commission determines, on petition by any affected party, that the agreement would substantially impair such railroad's ability to serve adequately its own patrons or to meet its outstanding common carrier obligations. The designated operator shall, pursuant to each such operating agreement (i) be obligated to operate rail freight service on such rail properties, and (ii) be entitled to receive, from the person offering such payment, the difference between the revenue attributable to such properties and the avoidable costs of providing service on such rail properties, together with a reasonable management fee, as determined by the Office.

(2) The trustees of a railroad in reorganization shall permit rail service to be continued on any rail properties with respect to which a rail serv-

ice continuation payment operating agreement has been entered into under this subsection. Such trustees shall receive a reasonable return on the value of such properties, as determined in accordance with the standards developed pursuant to section 10362(b)(6)¹ of title 49.

(3) If necessary to prevent any disruption or loss of rail service, at any time after the date of conveyance, pursuant to section 743(b)(1) of this title, the Commission shall take such action as may be appropriate under its existing authority (including the enforcement of common carrier requirements applicable to railroads in reorganization in the region) to ensure compliance with obligations imposed under this subsection. The district courts of the United States shall have jurisdiction, upon petition by the Commission or any interested person (including a government entity), to enforce any order of the Commission issued pursuant to the exercise of its authority under this subsection, or to enjoin any designated entity or the trustees of a railroad in reorganization in the region from refusing to comply with the provisions of this subsection.

(4) No determination of reasonable payment for the use of rail properties of a railroad in reorganization in the region, and no determination of value of rail properties of such a railroad (including supporting or related documents or reports of any kind) which is made in connection with any lease agreement, contract of sale, or other agreement or understanding which is entered into after October 19, 1976—

(A) pursuant to this section; or

(B) pursuant to section 762¹ of this title or section 17¹ of the Federal Transit Act (49 U.S.C. 1613),

shall be admitted as evidence, or used for any other purpose, in any civil action, or any other proceeding for damages or compensation, arising under this chapter.

(e) Rail passenger service

(1) The Corporation (or a profitable railroad) shall provide rail passenger service for a period of 180 days immediately following the date of conveyance (pursuant to section 743(b)(1) of this title), with respect to any rail properties over which a railroad in reorganization in the region, or a person leased, operated, or controlled by such a railroad, was providing rail passenger service immediately prior to such date of conveyance. Such service shall be provided on such properties regardless of whether or not such properties are designated in the final system plan as rail properties over which rail service is required to be operated, except with respect to properties over which such service is provided by the National Railroad Passenger Corporation.

(2) If a State (or a local or regional transportation authority) was providing financial assistance to support the operation of rail passenger service, pursuant to a lease or agreement which was in effect immediately prior to the date of conveyance (pursuant to such section 743(b)(1) of this title), the Corporation (or a profitable railroad) shall be bound by the service provisions of such lease or agreement for the duration of the 180-day mandatory operation period specified in

paragraph (1) of this subsection. If a State or such an authority was providing financial assistance for the continuation of rail passenger service on rail properties immediately prior to such date of conveyance, it shall provide the same level of financial assistance during such 180-day mandatory operation period. If no such financial assistance was being provided or if no such lease or agreement was in effect immediately prior to such date of conveyance, with respect to any such rail properties, the Corporation (or a profitable railroad) shall provide the same level of rail passenger service, for the duration of such 180-day mandatory operation period, that was provided prior to such date by the applicable railroad. If—

(A) such financial assistance is not provided;

(B) a State (or a local or regional transportation authority) has not, by the end of such 180-day mandatory operation period, offered a rail service continuation payment pursuant to subsection (c)(2)(A) of this section;

(C) an applicable rail service continuation payment pursuant to such subsection (c)(2)(A) of this section is not paid when it is due; or

(D) a payment required under a lease or agreement, pursuant to section 743(b)(2) of this title or subsection (c)(2)(B) of this section, is not paid when it is due,

the Corporation (or, where applicable, the National Railroad Passenger Corporation, a profitable railroad, or the trustee or trustees of a railroad in reorganization in the region) may (i) discontinue such rail passenger service, and (ii) with respect to rail properties not designated for inclusion in the final system plan, abandon such properties pursuant to subsections (a) and (b) of this section.

(3) Nothing in this subsection shall be construed to affect the obligation of the Corporation (or a profitable railroad), or of the trustees of the railroads in reorganization in the region, to provide rail passenger service pursuant to section 743(b)(2) of this title or subsection (c)(2)(B) of this section.

(4) If a State (or a local or regional transportation authority)—

(A) offers a rail service continuation payment, pursuant to subsection (c)(2)(A) of the² section, for the operation of rail passenger service after the 180-day mandatory operation period, and

(B) provides compensation, pursuant to paragraph (2) of this subsection, for operations conducted during the 180-day mandatory operation period; or

(C) offers a rail service continuation payment, pursuant to subsection (c)(2)(A) of this section, for the operation of rail passenger service provided under an agreement or lease pursuant to section 743(b)(2) of this title or subsection (c)(2)(B) of this section where such offer is made for the continuation of the service beyond the period required by such agreement or lease, except that such services shall not be eligible for assistance under section 17(a)(2)³ of the Federal Transit Act (49 U.S.C. 1613(a)(2)),

the Corporation (or a profitable railroad) shall continue to provide such service after the end of such period, except as otherwise provided in this subsection.

(5)(A) The Secretary shall reimburse the Corporation (or a profitable railroad) for any loss which is incurred by it during the 180-day mandatory operation period specified in paragraph (1) of this subsection which is not compensated for by a State (or a local or regional transportation authority). The amount of such reimbursement shall be determined pursuant to section 17(a)(1)³ of the Federal Transit Act.

(B) The Secretary shall reimburse States, local public bodies, and agencies thereof for additional costs incurred by such States, bodies, and agencies for rail service continuation payments for rail passenger service pursuant to section 17(a)(2)³ of the Federal Transit Act.

(C) For purposes of the obligation of the Secretary to reimburse the Corporation (or a profitable railroad) or States, local public bodies, and agencies thereof under subparagraphs (A) and (B) of this paragraph, the level of rail passenger service shall be determined on the basis of train miles, car miles, or some other appropriate indicia of scheduled train movements. Programs to correct deferred maintenance on rolling stock, right-of-way, and other facilities which are designed to maintain service, meet on-time performance, and maintain a reasonable degree of passenger comfort (and costs incurred incident thereto) shall be included within the meaning of the term “loss” as used in subparagraph (A) of this paragraph and within the meaning of the term “additional costs” as used in subparagraph (B) of this paragraph and section 17(a)(2)³ of the Federal Transit Act (49 U.S.C. 1613(a)(2)).

(D) If a dispute arises with respect to the application of any such regulations, the parties to such dispute may submit such dispute to arbitration by a third party. If the parties are unable to agree upon the selection of an arbitrator, the Chairman of the Commission shall serve in that capacity (except as to matters required to be decided by the Commission, pursuant to section 562(a) of this title).

(6) Notwithstanding any other provision of this subsection, the Corporation is not obligated to provide rail passenger service on rail properties if a State (or a local or regional transportation authority) contracts for such service to be provided on such properties by an operator other than the Corporation, except that the Corporation shall, where appropriate, provide such operator with access to such properties for such purpose.

(7)(A) If a State (or a local or regional transportation authority) in the region offers to provide payment for the provision of additional rail passenger service, the Corporation shall undertake to provide such service pursuant to this subsection (including the discontinuance provisions of paragraph (2) of this subsection). An offer to provide payment for the provision of additional rail passenger service shall be made in accordance with subsection (c)(2)(A) of this section, and shall be designed to avoid any additional costs to the Corporation arising from the construction or modification of capital facilities or from any additional operating delays or costs

arising from the absence of such construction or modification. The State (or local or regional transportation authority) shall demonstrate that it has acquired, leased, or otherwise obtained access to all rail properties, other than those designated for conveyance to the National Railroad Passenger Corporation pursuant to sections 716(c)(1)(C) and 716(c)(1)(D) of this title and to the Corporation pursuant to section 743(b)(1) of this title, necessary to provide the additional rail passenger service and that it has completed, or will complete prior to the inception of the additional rail service, all capital improvements necessary to avoid significant costs which cannot be avoided by improved scheduling or other means on other existing rail services (including rail freight service) and to assure that the additional service will not detract from the level and quality of existing rail passenger and freight service.

(B) As used in this paragraph, the term “additional rail passenger service” means rail passenger service (other than rail passenger service provided pursuant to the provisions of paragraphs (2) and (4) of this subsection), including extended or expanded service and modified routings, which is to be provided over rail properties conveyed to the Corporation pursuant to section 743(b)(1) of this title, or over (i) rail properties contiguous thereto conveyed to the National Railroad Passenger Corporation pursuant to this chapter, or (ii) any other rail properties contiguous thereto to which a State (or local or regional transportation authority) has obtained access.

(C) Notwithstanding any other provision of this paragraph, the Corporation shall not be required to operate additional rail passenger service over rail properties leased or acquired from or owned or leased by a profitable railroad in the region.

(8) The Secretary shall, in consultation with the Association, conduct a study to determine the best means of compensating the Corporation for liabilities which it may incur for damages to persons or property, resulting from the operation of rail passenger service required to be operated pursuant to this subsection or section 743(b)(2) of this title, which are not underwritten by private insurance carriers or are not indemnified by a State (or local or regional transportation authority). Such study shall identify the nature of the risks to the Corporation, the probable degree of uninsurability of such risks, and the desirability and feasibility of various indemnification programs, including subsidy offers made pursuant to this section, self-insurance through a passenger tax or other mechanism, or government indemnification for such liabilities. Within one year after November 8, 1978, the Secretary shall prepare a report with appropriate recommendations and shall submit such report to the Congress. Such report shall specify the most appropriate means of indemnifying the Corporation for such liabilities in a manner which shall prevent the cross-subsidization of passenger services with revenues from freight services operated by the Corporation.

(f) Purchase

If an offer to purchase is made under subsection (c)(2)(C) of this section, such offer shall

be accompanied by an offer of a rail service continuation payment. Such payment shall continue until the purchase transaction is completed, unless a railroad assumes operations over such rail properties of its own account pursuant to an order or authorization of the Commission. Whenever a railroad in reorganization in the region or a profitable railroad gives notice of intent to discontinue service pursuant to subsection (a) of this section, such railroad shall, upon the request of anyone apparently qualified to make an offer to purchase or to provide a rail service continuation payment, promptly make available its most recent reports on the physical condition of such property, together with such traffic and revenue data as would be required under subpart B of part 1121 of chapter X of title 49 of the Code of Federal Regulations and such other data as are necessary to ascertain the avoidable costs of providing service over such rail properties.

(g) Abandonment by Corporation

After the rail system to be operated by the Corporation or a subsidiary thereof under the final system plan has been in operation for 2 years, the Commission may authorize the Corporation or a subsidiary thereof to abandon any rail properties as to which it determines that rail service over such properties is not required by the public convenience and necessity, if the Corporation or a subsidiary thereof can demonstrate that no State (or local or regional transportation authority) is willing to offer a rail service continuation payment pursuant to subsection (c) of this section. The Commission may, at any time after the effective date of the final system plan, authorize additional rail service in the region or authorize the abandonment of rail properties which are not being operated by the Corporation or any subsidiary or affiliate thereof or by any other person. Determinations by the Commission under this subsection shall be made pursuant to applicable provisions of part A of subtitle IV of title 49.

(h) Interim abandonment

After February 5, 1976, and prior to the date of conveyance (pursuant to section 743(b)(1) of this title), no railroad in reorganization in the region may discontinue service or abandon any line of railroad other than in accordance with the provisions of this chapter, unless (1) it is authorized to do so by the Association, and (2) no affected State (or local or regional transportation authority) reasonably opposes such action, notwithstanding any provision of any other Federal law, the constitution or law of any State, or the decision or order of, or the pendency of any proceeding before any Federal or State court, agency, or authority.

(i) Disposition of designated rail properties

No railroad in reorganization in the region and no person leased, operated or controlled by such a railroad shall sell, transfer, encumber, or otherwise dispose of rail property, or any right or interest therein, designated for transfer to the Corporation or conveyance to a profitable railroad in the final system plan, except pursuant to section 743(b) of this title. The provisions of this subsection shall not apply to any such

sale, transfer, encumbrance, or other disposition—

(1) as to which the Association generally or specifically consents in writing;

(2) which, prior to February 5, 1976, had been specifically approved by a United States district court having jurisdiction over the reorganization of a railroad in reorganization under section 77 of the Bankruptcy Act; or

(3) following certification to the special court, pursuant to section 719(c) of this title, of any such rail properties not previously so certified.

§ 745. Continuing reorganization; supplemental transactions

(a) Proposals

If the Secretary or the Association determines that, as part of continuing reorganization, further restructuring of rail properties in the region through transactions supplemental to the final system plan would promote the establishment and retention of a financially self-sustaining rail service system in the region adequate to meet the needs of the region, the Secretary or the Association, as the case may be, may develop proposals for such supplemental transactions as are necessary or appropriate to implement the needed restructuring. Transfers of rail properties included in proposals developed by the Association shall be limited to (1) rail properties which would have qualified for designation under section 716(c)(1)(A) of this title but which were not transferred or conveyed under the final system plan, and which the Association finds to be essential to the efficient operations of the Corporation, and (2) transfers, consistent with the final system plan, of rail properties from the Corporation to a subsidiary thereof. Each proposal (other than a proposal developed by the Association) shall be submitted in writing to the Association and shall state and describe any transactions proposed, the rail properties involved, the parties to such transactions, the financial and other terms of such transactions, the purposes of the chapter or the goals of the final system plan intended to be effec-

tuated by such transactions, and such other information incidental thereto as the Association may prescribe. Within 10 days after receipt of a proposal developed by the Secretary, and upon the development of a proposal developed by the Association, the Association shall publish a summary of such proposal in the Federal Register, and shall afford interested persons (including the Corporation when property is to be transferred to or from the Corporation) an opportunity to comment thereon.

(b) Evaluation by Association

The Association shall analyze each proposal containing one or more supplemental transactions, taking into account the comments of interested persons and statements and exhibits submitted at any public hearings which may have been held. The Association shall, within 120 days after the publication of a summary thereof under subsection (a) of this section, publish in the Federal Register a report evaluating such proposal. Such evaluation shall state whether the supplemental transactions contained in such proposal, considered in their entirety, are (1) in the public interest and consistent with the purposes of this chapter and the goals of the final system plan, and (2) fair and equitable. If the Corporation opposes, or seeks modification of, any such proposed transfer, its written comments shall be given due consideration by the Association and shall be published as part of the evaluation. Within 30 days after the Association publishes its report, each proposed transferor or transferee shall notify the Association in writing as to whether any proposed supplemental transaction requiring the transfer of any property from or to such transferor or transferee is acceptable to such proposed transferor or transferee. If any such proposed transferor (other than the Corporation) or transferee fails to notify the Association that any proposed supplemental transaction requiring the transfer of any property from such transferor or to such transferee is acceptable to it, no further administrative or judicial proceedings shall be conducted with respect to such proposed supplemental transaction.

(c) Review by Commission

Within 90 days after the publication in the Federal Register of each report referred to in subsection (b) of this section, the Commission shall determine whether the supplemental transactions referred to in the report, considered in their entirety, would be in the public interest and consistent with the purposes of this chapter and the goals of the final system plan. In making such determination, the Commission shall give due consideration to the views received by it, within 30 days after the publication of the applicable report, from the Corporation and the Secretary. The Commission may condition its approval of such supplemental transactions on such reasonable terms and conditions as it may deem necessary in the public interest. The approval by the Commission of such supplemental transactions shall not be a prerequisite to the consummation of such transactions, but any determination of the Commission modifying, approving, or disapproving any proposed supplemental transactions shall be given due

weight and consideration by the special court in the proceedings prescribed in subsection (d) of this section. If the Commission fails to act within the time period provided in this subsection, the supplemental transactions involved shall be deemed to have been approved by the Commission. The Commission may prescribe such regulations as may be necessary for the administration of this section.

(d) Special court proceedings

(1) If the Association has made the determination pursuant to subsection (b) of this section that a proposal for supplemental transactions is in the public interest and consistent with the purposes of this chapter and the goals of the final system plan, and is fair and equitable, the Association shall, within 40 days after the date of the Commission's determination under subsection (c) of this section, or after the expiration of the 90-day period referred to in such subsection (c) of this section, whichever is applicable, petition the special court for an order of such court finding that such proposal for supplemental transactions is in the public interest and consistent with the purposes of this chapter and the goals of the final system plan, and is fair and equitable, and directing the Corporation to carry out the supplemental transactions specified in such proposal. If the Association has determined, pursuant to subsection (b) of this section that a proposal made by the Secretary is not in the public interest or is not consistent with the purposes of this chapter and the goals of the final system plan or is not fair and equitable, the Secretary may, if he determines that such proposal is in the public interest and consistent with the purposes of this chapter and the goals of the final system plan and is fair and equitable, petition the special court for an order of such court finding that such proposal for supplemental transactions is in the public interest and consistent with the purposes of this chapter and the goals of the final system plan and is fair and equitable, and directing the Corporation to carry out any supplemental transactions specified in such proposal. Such a petition shall be submitted to the special court within 90 days after the date of the Commission's determination under such subsection (c) of this section, or after the expiration of the 90-day period referred to in such subsection (c) of this section, whichever is applicable.

(2) After the filing of a petition under paragraph (1) of this subsection, the special court shall decide, after a hearing, whether the proposed supplemental transactions contained in such petition, considered in their entirety, are in the public interest and consistent with the purposes of this chapter and the goals of the final system plan and are fair and equitable. If the special court determines that such proposed supplemental transactions, considered in their entirety, are in the public interest and consistent with the purposes of this chapter and the goals of the final system plan and are fair and equitable, it shall, upon making such determination, issue such orders as may be necessary to direct the Corporation to consummate the transactions. If the special court determines that such proposed supplemental transactions,

considered in their entirety, are not in the public interest or not consistent with the purposes of this chapter and the goals of the final system plan, or are not fair and equitable, it shall file an opinion stating its conclusion and the reasons therefor. In such event the Association (in the case of a proposal developed by the Association) or the Secretary (in the case of a proposal developed by the Secretary) may, within 120 days after the filing of such opinion, certify to the special court that the terms and conditions of the proposal have been modified consistent with the opinion of the court and are acceptable to each proposed transferor (other than the Corporation) or transferee, and may petition the special court for reconsideration of the proposal as so modified. After the filing of such petition, the special court shall decide, after a hearing, whether the proposal as modified by the certification is in the public interest and consistent with the purposes of this chapter and the goals of the final system plan and is fair and equitable, and shall enter such further orders as are consistent with its determination.

(3) The Corporation is authorized to petition the special court and to be represented regarding any proposed supplemental transaction, contained in a proposal developed by either the Association or the Secretary, which involves the properties of the Corporation.

(4) In proceedings under this subsection, the special court is authorized to exercise the powers of a reorganization court.

(5) Any evaluation by the Association, the Secretary, or the Commission shall not be reviewable in any court except the special court in accordance with the provisions of this section. The supplemental transactions shall not be restrained or enjoined by any court nor shall they be otherwise reviewable by any court other than by the special court to the extent provided in this section.

(6) Notwithstanding any other provision of this chapter, no findings, determinations, or proceedings shall be required with respect to any proposal for supplemental transactions other than as expressly set forth in this section.

(7) Repealed. Pub. L. 97-35, title XI, §1155(b), Aug. 13, 1981, 95 Stat. 679.

(8) A final order or judgment of the special court entering or denying an order pursuant to this subsection shall be reviewable in the same manner as provided in section 719(e)(3) of this title.

(e) "Fair and equitable" defined

As used in this section, the term "fair and equitable" means fair and equitable, in accordance with the standards applicable to the approval of a plan of reorganization (or a step in such plan) under section 77 of the Bankruptcy Act¹ to—

(1) the estates of railroads in reorganization in the region and persons leased, operated, or controlled by such railroads who have conveyed rail properties, under section 743(b)(1) of this title, in exchange for securities of the Corporation, the Association, or profitable railroads and other benefits provided as a con-

sequence of this chapter and to any subsequent holders of such securities at the time of the supplemental transaction involved; and

(2) the holders of other securities of the Corporation.

Whenever any property or securities of the Corporation are required to be valued in order to determine whether the terms of a supplemental transaction are fair and equitable, the special court shall give proper recognition to the contributions to the Corporation by all classes of security holders, except that such court shall not assign to the series B preferred stock or the common stock of the Corporation any values added to those securities, by reason of investment by the Association in debentures and series A preferred stock of the Corporation, in excess of any value required by constitutional principles applicable to a reorganization process.

(f) Expedited proposals

(1) Within 240 days after the effective date of the Staggers Rail Act of 1980, the Secretary, after providing an opportunity for comments from interested parties, shall determine whether to initiate a proposal for a supplemental transaction under this section for the transfer of all rail properties of the Corporation in the States of Connecticut and Rhode Island to another railroad in the region. If the Secretary determines that—

(A) the proposed transferee railroad is financially and operationally capable of assuming the freight operations and freight service obligations of the Corporation on a financially self-sustaining basis;

(B) the proposed transfer would promote the establishment and retention of a financially self-sustaining rail system in the States of Connecticut and Rhode Island adequate to meet the needs of such States; and

(C) the proposed transfer is consistent with the goals set forth in section 716(a)(8) of this title,

the Secretary shall develop such a proposal and may, after providing the Association, the Commission, and the States of Connecticut and Rhode Island an opportunity to review and comment on such proposal, petition the special court for an order to carry out such proposal.

(2)(A) Within 10 days after August 13, 1981, the Secretary shall initiate discussions and negotiations for the transfer of some or all of the Corporation's rail properties and freight service obligations in the States of Connecticut and Rhode Island to one or more parties under a plan which provides for continued rail freight service on all lines operated by the Corporation on August 13, 1981, for at least four years.

(B) Within 120 days after August 13, 1981, the Secretary shall petition the special court for an order to transfer all of the Corporation's rail properties and freight service obligations in the States of Connecticut and Rhode Island to one or more railroads in the Region—

(i) which have under subparagraph (A) of this paragraph completed negotiations and submitted to the Secretary a proposal to assume all of the freight operations and freight

¹ See References in Text note below.

service obligations of the Corporation in such States on a financially self-sustaining basis for a period of at least four years; or

(ii) which have developed a proposal to assume all of the freight operations and freight service obligations of the Corporation in such States under an agreement by and between the Corporation and such railroad or railroads; or

(iii) which have, prior to May 1, 1981, submitted a proposal to the Secretary for such a transfer.

For the purpose of this section, an order to transfer may include the Corporation if the Corporation agrees to maintain service over lines retained by the Corporation for four years.

(C) To permit efficient and effective rail operations consistent with the public interest, as a part of any transfer under paragraph (2)(B) of this subsection, the Secretary shall promote the transfer of additional non-mainline Corporation properties in adjoining States that connect with properties that are the subject of such transfer.

(D) The special court shall determine a fair and equitable price for the rail properties to be transferred under this subsection, and shall, unless the parties otherwise agree, establish divisions of joint rates for through routes over such properties which are fair and equitable to the parties. The special court shall establish a method to ensure that such divisions are promptly paid.

(E) Notwithstanding any other provision of law or agreement in effect on May 1, 1981, the special court shall require that the railroad or railroads to which properties are to be transferred under this subsection assume all charges payable by the Corporation to Amtrak for the carriage of property by rail over those portions of the Northeast Corridor in Connecticut and Rhode Island. If the Corporation operates any rail freight service over those portions of the Northeast Corridor in Connecticut and Rhode Island after the date of such transfer, the Corporation shall pay Amtrak any compensation that may be separately agreed upon by the Corporation and Amtrak, and the railroad or railroads to which properties are transferred under this subsection shall not be obligated to pay any compensation owed by the Corporation to Amtrak for such post-transfer operations by the Corporation.

(3) If the special court determines that a proposal developed under this subsection is fair and equitable, meets the requirements of this subsection, and is in the public interest, it shall issue such orders as may be necessary to carry out such proposal. The provisions of paragraphs (2)–(6) of subsection (d) of this section shall apply to the determination of the special court under this subsection, except that the standards for such determination shall be those set forth in this paragraph.

(4)(A) Any employee who was protected by the compensatory provisions of subchapter V² of this chapter immediately prior to August 13, 1981, and who is deprived of employment as a result of the transfer of rail properties under this

subsection shall be eligible for benefits under section 797² of this title.

(B) As used in this paragraph, “employee deprived of employment” means any employee who is unable to secure employment through the normal exercise of seniority rights, but does not include any employee who refuses an offer of employment with a railroad acquiring properties under this subsection.

(g) Transfer of properties and freight service obligations of specific lines

(1) Within 20 days after August 13, 1981, the Secretary shall initiate discussions and negotiations for the expedited transfer of all properties and freight service obligations of the Corporation with respect to the following lines: Canaan, Connecticut, to Pittsfield, Massachusetts; North Adams Junction, Massachusetts, to North Adams, Massachusetts; Hazardville, Connecticut, to Springfield, Massachusetts; Westfield, Massachusetts, to Easthampton, Massachusetts; Westfield, Massachusetts, to Holyoke, Massachusetts.

(2) Within 120 days after August 13, 1981, the Secretary shall transfer, provided a qualified purchaser offers to purchase, the Corporation's properties and freight service obligations described in paragraph (1) of this subsection to another railroad or railroads in the Region which are determined by the Secretary to be qualified. A qualified purchaser is defined as a railroad financially self-sustaining which guarantees continuous service for at least four years.

(3) The Secretary shall determine a fair and equitable price for the rail properties to be transferred under this subsection, and shall, unless the parties otherwise agree, establish divisions of joint rates for through routes over such properties which are fair and equitable to the parties.

(4) The Secretary shall determine fair and equitable terms for the provision of such trackage rights, on segments of the Corporation's lines not to exceed 5 miles per line transferred, to acquiring carriers as may be necessary to operate such transferred lines in an efficient manner.

RAIL ABANDONMENT AND DISCONTINUANCE OF SERVICE REPORT

Section 904 of Pub. L. 94-210 directed Secretary to submit to Congress, within ninety days of Feb. 5, 1976, a report on anticipated effect of any abandonment of lines of railroad and any discontinuances of rail service in States outside the region as defined in section 702 of this title, prior to repeal by Pub. § 746. Certificates of value

(a) General

On the date when the Corporation is required to deposit securities with the special court pursuant to section 743(a)(1) of this title, the Association shall deposit with the special court the certificates of value of the Association required by this section. The Secretary shall guarantee the payment of all certificates of value delivered in accordance with this subchapter. All guarantees entered by the Secretary under this section shall constitute general obligations of the United States of America for the payment or redemption of which its full faith and credit are pledged. Such guarantees shall be valid and incontestable except as to mutual mistake of fact or as to fraud or material misrepresentation by the holder of such certificates or the transferor of rail properties to which certificates of value of any series so guaranteed are issued.

(b) Number and distribution

A separate series of certificates of value shall be issued to each railroad in reorganization in the region and each person leased, operated, or controlled by such a railroad that transfers rail properties to the Corporation or a subsidiary thereof. The number of certificates of value of each series to be deposited pursuant to subsection (a) of this section shall be equal to the number of shares of series B preferred stock of the Corporation which are required to be deposited by the Corporation with the special court, pursuant to section 743(a)(1) of this title in exchange for the rail properties transferred to the Corporation or a subsidiary thereof by such transferor. Certificates of value of the appropriate series shall be distributed by the special court, pursuant to section 743(c)(4) of this title, at the same time to the same transferors, and in the same numbers of units as shares of such series B preferred stock are distributed to such transferor.

(c) Redemption

(1) Certificates of value, of any series, shall be redeemed by the Association on December 31, 1987, or on such earlier date as the Board of Directors of the Association and the Finance Committee jointly may determine and specify.

(2) Each certificate of value of each series shall be redeemable for an amount, payable in cash, equal to its base value on the redemption date, minus—

(A) the sum of the fair market value of the series B preferred stock applicable to such cer-

tificate, the fair market value of the common stock applicable to such certificate, and all cash dividends theretofore paid on any such series B preferred stock and on any such common stock; and

(B) any sums paid to a transferor of rail properties to whom such series of certificates of value was issued resulting from sales or leases by the Corporation of properties transferred to it by such transferor divided by the number of certificates of value distributed to such transferor.

(3) The number of shares of series B preferred stock and common stock applicable to each certificate of value of any series, pursuant to paragraph (2) of this subsection, shall be—

(A) one share of series B preferred stock (adjusted to reflect any stock splits, stock combinations, reclassifications or similar transactions affecting the number of shares of outstanding series B preferred stock following the date of distribution pursuant to section 743(c)(4) of this title); and

(B) the number of shares of common stock determined by dividing the total number of shares of common stock distributed pursuant to section 743(c)(4) of this title to the transferor receiving such series of certificates of value (adjusted to reflect any stock splits, stock combinations, reclassifications, or similar transactions affecting the number of shares of outstanding common stock following the date of distribution pursuant to section 743(c)(4) of this title) by the total number of certificates of value in the series so distributed to such transferor.

(4) The base value of each certificate of value of any series shall be the value obtained by (A) taking the net liquidation value, as determined by the special court, to which the transferor to whom such series of certificates of value is issued is entitled by virtue of transfers of rail properties, under section 743(b)(1) of this title to the Corporation or a subsidiary thereof; (B) subtracting the value of other benefits provided under this chapter, as determined by the special court; (C) adding such amount, if any, as the special court may determine shall be required after taking into consideration compensable unconstitutional erosion, if any, in the estate of a railroad in reorganization, or of a railroad leased, operated, or controlled by such a railroad, which the special court finds to have occurred during any bankruptcy proceeding with respect to such railroad; (D) adding interest from the transfer date to the redemption date to be compounded annually at a rate of 8 percent per annum; and (E) dividing the resulting value by the number of certificates of value of such series distributed to such transferor. In determining such base value, the special court shall give due weight and consideration to the finding of the Association as to the net liquidation value to which each transferor is entitled by virtue of conveyances of rail properties under section 743(b)(1) of this title. For purposes of this paragraph, the term “rail properties” includes all rights with respect to employee benefit plans transferred and assigned to the Corporation pursuant to section 743(b)(6) of this title. Net liq-

uidation value with respect to such rights shall be determined after taking into account all obligations finally transferred or assigned to the Corporation pursuant to such section.

(5) The fair market value of series B preferred stock and of common stock of the Corporation shall be determined in accordance with regulations prescribed by the Association, on the basis of the average price of each such security in the primary established market in which such securities are traded over a period of 120 consecutive trading days ending not less than 20 nor more than 40 trading days preceding the redemption date, or, in the case of a security for which there is not an established trading market, on the basis of the fair market value thereof as determined by the majority vote of three experts in the valuation of securities, one to be selected by the Association, one to be selected by the directors of the Corporation elected by the holders of the security to be valued, and one to be selected by the two first selected.

(d) Authorization of appropriations

There are authorized to be appropriated to the Secretary such sums as are necessary to discharge the obligations of the United States arising under this section.

(Pub. L. 93-236, title III, §306, as added Pub. L. 94-210, title VI, §610(b), Feb. 5, 1976, 90 Stat. 104; amended Pub. L. 94-248, §§2, 3, Mar. 25, 1976, 90 Stat. 286.)

AMENDMENTS

1976—Subsec. (c)(3)(A). Pub. L. 94-248, §2, substituted “adjusted to reflect” for “without regard to”.

§ 797a. Termination allowance

(a) General

The Corporation may terminate the employment of certain employees, in accordance with this section, upon the payment of an allowance of \$350 for each month of active service with the Corporation or with a railroad in reorganization, but in no event may any such termination allowance exceed \$25,000.

(b) Employment needs

(c) Notification and separation procedure

(1) Within 90 days after August 13, 1981, the Corporation shall notify its employees of their rights and responsibilities under this section.

(2) Within 90 days after August 13, 1981, the Corporation shall notify each train and engine service employee eligible to be separated under paragraph (3) that such employee may be entitled to receive a separation payment under this section if such employee files a written request to be separated. Such notice may be revised from time to time.

(3) If the number of employees who request to be separated pursuant to paragraph (2) of this subsection is greater, in engine service at any location, than the number of excess firemen at the location, and in train service at the location than the number of excess second and third brakemen, as determined by the Corporation, the Corporation shall separate the employees described in paragraph (2) of this subsection in order of seniority beginning with the most senior employee, until the excess firemen and second and third brakemen positions at that location, as determined by the Corporation, have been eliminated.

(d) Designated separations

If the number of employees who are separated pursuant to subsection (c)(3) of this section is less at any location than the number of excess firemen in freight and commuter service and second and third brakemen in freight service at such location, as determined by the Corporation, the Corporation may, after 210 days after August 13, 1981, designate for separation employees in engine service or train service respectively in inverse order of seniority, beginning with the most junior employee in active service at such location until the excess firemen in freight and commuter service and second and third brakemen in freight service, at that location have been eliminated. An employee designated under this subsection may choose (1) to furlough himself voluntarily, in which case the next most junior employee protected under the fireman manning or crew consist agreements or any other agreement or law, in the same craft or class at such location may be separated instead and receive the separation allowance, or (2) to exercise his seniority to another location, in

which case the Corporation may separate, under the provisions of this subsection, the next most junior protected employee in active service at the location to which seniority ultimately is exercised.

(e) Effect on positions

(1) The Corporation shall refrain from filling one fireman position in freight service, or in commuter service where applicable, for each employee in engine service separated in accordance with this section.

(2) The Corporation may refrain from filling one brakeman position in excess of one conductor and one brakeman on one crew in freight service for each employee in train service who is separated in accordance with this section.

(3) Positions permitted to be not filled under this subsection shall be not filled in different types of freight service actually operated at or from the location in a sequence to be agreed upon between the Corporation and the general chairman representative of classes or crafts of employees having jurisdiction over the positions to be not filled. If no such agreement is reached, the Corporation may designate the position to be not filled.

(4) Notwithstanding paragraphs (1) and (2) of this subsection, the Corporation shall retain all rights it has under any provision of law or agreement to refrain from filling any position of employment.

(f) Procedures

The Corporation and representatives of the various classes and crafts of employees to be separated may agree on procedures to implement this section, but the absence of such agreement shall not interfere with implementation of the separations authorized by this section.

(g) Commuter employees

The provisions of this section shall apply to the separation of firemen in commuter service, except that with respect to such employees the Corporation is required to make the separations authorized by this section.

(Pub. L. 93-236, title VII, §702, as added Pub. L. 97-35, title XI, §1143(a), Aug. 13, 1981, 95 Stat. 662.)

For purposes of this section, a railroad shall not be considered to be hiring new employees when it recalls any of its own furloughed employees.

(b) Status

The first right of hire afforded to employees under this section shall be coequal to the first right of hire afforded under sections 907 and 1004 of this title.

(Pub. L. 93-236, title VII, §703, as added Pub. L. 97-35, title XI, §1143(a), Aug. 13, 1981, 95 Stat. 663.)
