The President shall complete the review under paragraph (2) and shall report the findings no later than 60 days after the President's receipt of such plans.

(4) Views and comments

The report shall include the views of the Secretary of the Interior, the Administrator of the Agency for International Development, and the heads of such other Executive departments as the President may decide to include in the report, as well as any comments which the Federated States of Micronesia may wish to have included.

(c) Agreement on audits

In accordance with section 233 of the Compact, the President of the United States, in consultation with the Comptroller General of the United States, shall negotiate with the Government of the Federated States of Micronesia modifications to the "Agreement Concerning Procedures for the Implementation of United States Economic Assistance, Programs and Services Provided in the Compact of Free Association", which shall provide as follows:

(1) General authority of the GAO to audit

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Federated States of Micronesia under Articles I and II of Title Two of the Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Federated States of Micronesia.

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 233 of the Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have au-

thority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) GAO access to records

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least three years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Federated States of Micronesia.

(3) Representative status for GAO representatives

The Comptroller General and his duly authorized representatives shall be accorded the status set forth in Article V of Title One of the Compact.

(4) Annual financial statements

As part of the annual report submitted by the Government of the Federated States of Micronesia under section 211 of the Compact, the Government shall include annual financial statements which account for the use of all of the funds provided by the Government of the United States to the Government under the Compact or otherwise. Such financial statements shall be prepared in accordance with generally accepted accounting procedures, except as may otherwise be mutually agreed. Not later than 180 days after the end of the United States fiscal year with respect to which such funds were provided, each such statement shall be submitted to the President for audit and transmission to the Congress.

(5) "Audits" defined

As used in this subsection, the term "audits" includes financial, program, and management audits, including determining—

(A) whether the Government of the Federated States of Micronesia has met the requirements set forth in the Compact, or any related agreement entered into under the Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Federated States of Micronesia pursuant to such grants or assistance.

(6) Cooperation by Federated States of Micronesia

The Government of the Federated States of Micronesia will cooperate fully with the

Comptroller General of the United States in the conduct of such audits as the Comptroller General determines necessary to enable the Comptroller General to fully discharge his responsibilities under this joint resolution.

§ 1903. Agreements with and other provisions related to Marshall Islands

(a) Law enforcement assistance

(1) Agreement

The President of the United States shall negotiate with the Government of the Marshall Islands an agreement pursuant to section 175 of the Compact which is in addition to the Agreement pursuant to such section dated May 30, 1982, and transmitted to the Congress by the President on February 20, 1985. Such additional agreement shall provide as follows:

(A) Mutual assistance in law enforcement

The law enforcement agencies of the United States and the Marshall Islands shall assist one another, as mutually agreed, in the prevention and investigation of crimes and the enforcement of the laws of the United States and the Marshall Islands specified in subparagraph (C) of this paragraph. The United States and the Marshall Islands will authorize mutual assistance with respect to investigations, inquiries, audits and

related activities by the law enforcement agencies of both Governments in the United States and the Marshall Islands. In conducting activities authorized in accordance with this section, the United States and the Marshall Islands will act in accordance with the constitution and laws of the jurisdiction in which such activities are conducted.

(B) Narcotics and control of illegal substances

The United States and the Marshall Islands will take all reasonable and necessary steps, as mutually agreed, based upon consultations in which the Attorney General or other designated official of each Government participates, to prevent the use of the lands, waters, and facilities of the United States or the Marshall Islands for the purposes of cultivation of, production of, smuggling of, trafficking in, and abuse of any controlled substance as defined in section 802(6) of title 21 and Schedules I through V of Subchapter II of the Controlled Substances Act of the Marshall Islands, or for the distribution of any such substance to or from the Marshall Islands or to or from the United States or any of its territories or commonwealths.

(C) Other criminal laws

Assistance provided pursuant to this subsection shall also extend to, but not be limited to, prevention and prosecution of violations of the laws of the United States and the laws of the Marshall Islands related to terrorism, espionage, racketeer influenced and corrupt organizations, and financial transactions which advance the interests of any person engaging in unlawful activities, as well as the schedule of offenses set forth in Appendix A of the subsidiary agreement to section 175 of the Compact.

(2) Technical and training assistance

Pursuant to sections 224 and 226 of the Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Marshall Islands to develop and adequately enforce laws of the Marshall Islands and to cooperate with the United States in the enforcement of criminal laws of the United States. Funds appropriated pursuant to section 1905(l) of this title may be used to reimburse State or local agencies providing such assistance.

(3) Consultation

Any official, designated by this joint resolution or by the President to negotiate any agreement under this section, shall consult with affected law enforcement agencies prior to entering into such an agreement on behalf of the United States.

(4) Report

The President shall report annually to Congress on the implementation of this subsection. Such report shall provide statistical and other information about the incidence of crimes in the Marshall Islands which have an

impact upon United States jurisdictions, and propose measures which the United States and the Marshall Islands should take in order better to prevent and prosecute violations of the laws of the United States and the Marshall Islands. The reports required under section 2291(e)¹ of title 22 shall include relevant information concerning the Marshall Islands.

(b) Economic development plans review process

(1) Submission

Notwithstanding section 211(b) of the Compact, the President may agree to an effective date for the Compact pursuant to section 1901(b) of this title if the Government of the Marshall Islands agrees to submit economic development plans consistent with section 211(b) of the Compact to the Government of the United States for concurrence at intervals no greater than every 5 years for the duration of the Compact. Any capital construction project and any planned independent purchase of aircraft which is to be financed (directly or indirectly) through the use of funds provided under section 211 of the Compact shall be identified in the economic development plans.

(2) United States Government review

The United States shall not concur in those development plans described in paragraph (1) of this subsection until—

(A) after the President of the United States has conducted a review and reported the findings of the President to the Congress; and

(B) the Congress has had 30 days (excluding days on which both Houses of Congress are not in session) to review the findings of the President.

(3) Report

The President shall complete the review under paragraph (2) and shall report the findings no later than 60 days after the President's receipt of such plans.

(4) Views and comments

The report shall include the views of the Secretary of the Interior, the Administrator of the Agency for International Development, and the heads of such other Executive departments as the President may decide to include in the report, as well as any comments which the Marshall Islands may wish to have included.

(c) Ejit

(1) The President of the United States shall negotiate with the Government of the Marshall Islands an agreement whereby, without prejudice as to any claims which have been or may be asserted by any party as to rightful title and ownership of any lands on Ejit, the Government of the Marshall Islands shall assure that lands on Ejit used as of January 1, 1985, by the people of Bikini, will continue to be available without charge for their use, until such time as Bikini is restored and inhabitable and the continued use of Ejit is no longer necessary, unless a Marshall Islands court of competent jurisdiction finally

determines that there are legal impediments to continued use of Ejit by the people of Bikini.

(2) If the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) Paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(d) Kwajalein payments

(1) Statement of policy

The Congress of the United States hereby declares that it is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, and the related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligations and responsibilities under Title Three of the Compact and the subsidiary agreements concluded pursuant thereto.

(2) Failure to pay

In the event that the Government of the Marshall Islands fails to make payments in accordance with paragraph (1) of this subsection, the Government of the United States shall initiate procedures under Section 313 of the Compact and consult with the Government of the Marshall Islands with respect to the basis for such non-payment of funds. The United States shall expeditiously resolve the matter of any non-payment of funds as described in paragraph (1) of this subsection pursuant to Section 313 of the Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 1905(g)(2) of this title.

(3) Assistance

The President is hereby authorized to make loans and grants to the Government of the Marshall Islands for the sole use of the Kwajalein Atoll Development Authority for the benefit of the Kwajalein landowners of amounts sought by such authority for development purposes, pursuant to a development plan for Kwajalein Atoll which such authority has adopted in accordance with applicable laws of the Marshall Islands. Such loans and grants shall be subject to such other terms and conditions as the President, in his discretion, may determine appropriate and necessary.

tion of Section 177 of the Compact, the payment of the amount specified therein shall be made by the United States under Article I of the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") only after the Government of the Marshall Islands has notified the President of the United States as to which investment management firm has been selected by such Government to act as Fund Manager under Article I of the Section 177 Agreement.

(2) In the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) If the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) At the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(5) An annual report concerning all actions of the Fund Manager pursuant to the Section 177 Agreement and this joint resolution, including information prepared by the Fund Manager, shall be transmitted by the Government of the Marshall Islands to the Congress. Such report shall include such information (whether received from the Fund Manager or any other source) as relates to the disbursements provided for in Article II of the Section 177 Agreement. Such report shall be made public.

(f) Nuclear test effects

In approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak),² \$37,500,000 (Rongelap);

and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(g) Espousal provisions

(1) It is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(h) DOE radiological health care program; USDA agricultural and food programs

(1) Marshall Islands program

Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining 174 members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermonuclear "Bravo" test, pursuant to Public Laws 95-134 and 96-205. Such medical care and its accompanying logistical support shall total \$22,500,000 over the first 11 years of the Compact.

(2) Agricultural and food programs

Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by grant to the Government of the Republic of the Marshall Islands which may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—

² So in original. The comma probably should be a semicolon.

(A) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak;

(B) without reimbursement, to continue the food programs of the Bikini, Rongelap, Utrik, and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes. The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.

(3) Payments

Payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(i) Rongelap

(1) Because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) The purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: "The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978", dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data con-

cludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) It is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(j) Four atoll health care program

(1) Services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95-134 and Public Law 96-205 and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) At the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) The Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(k) Enjebi Community Trust Fund

Notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States

a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the "Enjebi Community Trust Fund" (hereafter in this subsection referred to as the "Fund"), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be ex gratia, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) Enjebi trust agreement

The Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of 250 million dollars.

(2) Monitor conditions

Upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) Resettlement of Enjebi

In the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) Resettlement of other location

In the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) Interest from Fund

Prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) Disclaimer of liability

Neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(I) Bikini Atoll cleanup

(1) Declaration of policy

The Congress hereby determines and declares that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraphs (2) and (3) of this subsection.

(2) Cleanup funds

There are hereby authorized to be appropriated such sums as are necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

(3) Conditions of funding

The funds referred to in paragraph (2) shall be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(m) Agreement on audits

In accordance with section 233 of the Compact, the President of the United States, in consultation with the Comptroller General of the United States, shall negotiate with the Government of the Marshall Islands an agreement which shall provide as follows:

(1) General authority of GAO to audit

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Marshall Islands under Articles I and II of Title Two of the Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Marshall Islands.

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 233 of the Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) GAO access to records

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least three years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Marshall Islands.

(3) Representative status for GAO representatives

The Comptroller General and his duly authorized representatives shall be accorded the status set forth in Article V of Title One of the Compact.

(4) Annual financial statements

As part of the annual report submitted by the Government of the Marshall Islands under section 211 of the Compact, the Government shall include annual financial statements which account for the use of all of the funds provided by the Government of the United States to the Government under the Compact or otherwise. Such financial statements shall be prepared in accordance with generally accepted accounting procedures, except as may otherwise be mutually agreed. Not later than 180 days after the end of the United States fiscal year with respect to which such funds were provided, each such statement shall be sub-

mitted to the President for audit and transmission to the Congress.

(5) “Audits” defined

As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(A) whether the Government of the Marshall Islands has met the requirements set forth in the Compact, or any related agreement entered into under the Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Marshall Islands pursuant to such grants or assistance.

(6) Cooperation by Marshall Islands

The Government of the Marshall Islands will cooperate fully with the Comptroller General of the United States in the conduct of such audits as the Comptroller General determines necessary to enable the Comptroller General to fully discharge his responsibilities under this joint resolution.

§ 1904. Interpretation of and United States policy regarding Compact of Free Association

(a) Human rights

In approving the Compact, the Congress notes the conclusion in the Statement of Intent of the

Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government” and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Marshall Islands. The Congress also notes and specifically endorses the preamble to the Compact, which affirms that the governments of the parties to the Compact are founded upon respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to the Congress pursuant to sections 116 and 502B of the Foreign Assistance Act of 1961 [22 U.S.C. 2151n, 2304], a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Marshall Islands.

(b) Immigration

The rights of a bona fide naturalized citizen of the Marshall Islands or the Federated States of Micronesia to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a non-immigrant, pursuant to the provisions of section 141(a)(3) of the Compact, shall not extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(c) Nonalienation of lands

The Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent and long-term interests in real property so as to restrict the acquisition of such interests to persons of Federated States of Micronesia citizenship and Marshall Islands citizenship, respectively.

(d) Nuclear waste disposal

In approving the Compact, the Congress understands that the Government of the Federated States of Micronesia and the Government of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the Compact.

(e) Impact of Compact on U.S. areas

(1) Statement of congressional intent

In approving the Compact, it is not the intent of the Congress to cause any adverse consequences for the United States territories and commonwealths or the State of Hawaii.

(2) Annual reports and recommendations

One year after January 14, 1986, and at one year intervals thereafter, the Governor of any

of the United States territories or commonwealths or the State of Hawaii may report to the Secretary of the Interior by February 1 of each year with respect to the impacts of the compacts of free association on the Governor's respective jurisdiction. The Secretary of the Interior shall review and forward any such reports to the Congress with the comments of the Administration. The Secretary of the Interior shall, either directly or, subject to available technical assistance funds, through a grant to the affected jurisdiction, provide for a census of Micronesians at intervals no greater than 5 years from each decennial United States census using generally acceptable statistical methodologies for each of the impact jurisdictions where the Governor requests such assistance, except that the total expenditures to carry out this sentence may not exceed \$300,000 in any year. Reports submitted pursuant to this paragraph (hereafter in this subsection referred to as “reports”) shall identify any adverse consequences resulting from the Compact and shall make recommendations for corrective action to eliminate those consequences. The reports shall pay particular attention to matters relating to trade, taxation, immigration, labor laws, minimum wages, social systems and infrastructure, and environmental regulation. With regard to immigration, the reports shall include statistics concerning the number of persons availing themselves of the rights described in section 141(a) of the Compact during the year covered by each report. With regard to trade, the reports shall include an analysis of the impact on the economy of American Samoa resulting from imports of canned tuna into the United States from the Federated States of Micronesia and the Marshall Islands.

(3) Other views

In preparing the reports, the President shall request the views of the Government of the State of Hawaii, and the governments of each of the United States territories and commonwealths, the Federated States of Micronesia, the Marshall Islands, and Palau, and shall transmit the full text of any such views to the Congress as part of such reports.

(4) Commitment of Congress to redress adverse consequences

The Congress hereby declares that, if any adverse consequences to United States territories and commonwealths or the State of Hawaii result from implementation of the Compact of Free Association, the Congress will act sympathetically and expeditiously to redress those adverse consequences.

(5) “United States territories and commonwealths” defined

As used in this subsection, the term “United States territories and commonwealths” means the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(6) Impact costs

There are hereby authorized to be appropriated for fiscal years beginning after Sep-

tember 30, 1985, such sums as may be necessary to cover the costs, if any, incurred by the State of Hawaii, the territories of Guam and American Samoa, and the Commonwealth of the Northern Mariana Islands resulting from any increased demands placed on educational and social services by immigrants from the Marshall Islands and the Federated States of Micronesia.

(f) Fisheries management

In clarification of Title One, Article II, section 121(b)(1) of the Compact:

(1) Nothing in the Compact or this joint resolution shall be interpreted as recognition by the United States of any claim by the Federated States of Micronesia or by the Marshall Islands to jurisdiction or authority over highly migratory species of fish during the time such species of fish are found outside the territorial sea of the Federated States of Micronesia or the Marshall Islands.

(2) It is the understanding of Congress that none of the monies made available pursuant to the Compact or this joint resolution will be used by either the Federated States of Micronesia or the Marshall Islands for enforcement actions against any vessel of the United States on the basis of fishing by any such vessel for highly migratory species of fish outside the territorial sea of the Federated States of Micronesia or the Marshall Islands, respectively, in the absence of a licensing agreement.

(3) Appropriate United States officials shall apply the policies and provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.) and the Fishermen's Protective Act of 1967 (22 U.S.C. 1971 et seq.) with regard to any action taken by the Federated States of Micronesia or the Marshall Islands affecting any vessel of the United States engaged in fishing for highly migratory species of fish in waters outside the territorial seas of the Federated States of Micronesia or the Marshall Islands, respectively. For the purpose of applying the provisions of section 5 of the Fishermen's Protective Act of 1967 (22 U.S.C. 1975), monies made available to either the Federated States of Micronesia or the Marshall Islands pursuant to the provisions of the Compact or this joint resolution shall be treated as "assistance to the government of such country under the Foreign Assistance Act of 1961" [22 U.S.C. 2151 et seq.]. For purposes of this Act only, certification by the President in accordance with such section 5 shall be accompanied by a report to Congress on the basis for such certification, and such certification shall have no effect if by law Congress so directs prior to the expiration of 60 days during which Congress is in continuous session following the date of such certification.

(4) For the purpose of paragraphs (1) and (3) of this subsection—

(A) The term "vessel of the United States" has the same meaning as provided in the first section of the Fishermen's Protective Act of 1967 (22 U.S.C. 1971).

(B) The terms "fishing" and "highly migratory species" have the same meanings as

provided in paragraphs (10) and (14),¹ respectively, of section 3 of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1802(10) and (14)).

(5)(A) It is the policy of the United States of America—

(i) to negotiate and conclude with the governments of the Central, Western, and South Pacific Ocean, including the Federated States of Micronesia and the Marshall Islands, a regional licensing agreement setting forth agreed terms of access for United States tuna vessels fishing in the region; and

(ii) that such an agreement should overcome existing jurisdictional differences and provide for a mutually beneficial relationship between the United States and the Pacific Island States that will promote the development of the tuna and other latent fisheries resources of the Central, Western, and South Pacific Ocean and the economic development of the region.

(B) At such time as an agreement referred to in subparagraph (A) is submitted to the Senate for advice and consent to ratification, the Secretary of State, after consultation with the Secretary of Commerce and other interested agencies and concerned governments, shall submit to the Congress a proposed long term regional fisheries development program which may include, but not be limited to—

(i) exploration for, and stock assessment of, tuna and other fish;

(ii) improvement of harvesting techniques;

(iii) gear development;

(iv) biological resource monitoring;

(v) education and training in the field of fisheries; and

(vi) regional and direct bilateral assistance in the field of fisheries.

(g) Foreign loans

The Congress hereby reaffirms the United States position that the United States Government is not responsible for foreign loans or debt obtained by the Governments of the Federated States of Micronesia and the Marshall Islands.

“General Provisions

“Section 351

“(a) The Government of the United States and the Government of the Federated States of Micronesia shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

“(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of

the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

“(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Federated States of Micronesia shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Republic of the Marshall Islands to consider matters within the jurisdiction of the two Joint Committees.

“(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Federated States of Micronesia shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

“Section 352

“In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Federated States of Micronesia under Titles One, Two and Four and to the responsibility of the Government of the Federated States of Micronesia to assure the well-being of its people.

“Section 353

“(a) The Government of the United States shall not include the Government of the Federated States of Micronesia as a named party to a formal declaration of war, without that Government’s consent.

“(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Federated States of Micronesia, which arise out of armed conflict subsequent to November 3, 1986, and which are:

“(1) petitions to the Government of the United States for redress; or

“(2) claims in any manner against the government, citizens, nationals or entities of any third country.

“(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

“Section 354

“(a) The Government of the United States and the Government of the Federated States of Micronesia are jointly committed to continue their security and defense relations, as set forth in this Title. Accordingly, it is the intention of the two countries that the provisions of this Title shall remain binding as long as this Compact, as amended, remains in effect, and thereafter as mutually agreed, unless earlier terminated by mutual agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Federated States of Micronesia, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, in which case the provisions of sections 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Federated States of Micronesia), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

“(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Federated States of Micronesia, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Federated States of Micronesia pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Federated States of Micronesia during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Federated States of Micronesia in accordance with its constitutional processes.

“(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Federated States of Micronesia further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of the Federated States of Micronesia shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Federated States of Micronesia or the Republic of the Marshall Islands. (a) Law enforcement assistance

Pursuant to sections 222 and 224 of the U.S.-FSM Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government

Funds appropriated pursuant to section 1921d(j) of this title may be used to reimburse State or local agencies providing such assistance.

(b) Agreement on audits

The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-FSM Compact and the agreement referred to in section 462(b)(4) of the U.S.-FSM Compact, including the following authorities:

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 232 of the U.S.-FSM Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. (3) Status of Comptroller General representatives

The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a grave crime and pursuant to a decision by a competent judicial authority, and such persons shall enjoy immunity from seizure of personal property, immigration restrictions, and laws relating to alien registration, fingerprinting, and the registration of foreign agents. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. (a) Law enforcement assistance

Pursuant to sections 222 and 224 of the U.S.-RMI Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Marshall Islands to develop and adequately enforce laws of the Marshall Islands and to cooperate with the United States in the enforcement of criminal laws of the United States. Funds appropriated pursuant to section 1921d(j) of this title may be used to reimburse State or local agencies providing such assistance.

(b) Ejit

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the President of the United States shall negotiate with the Government of the Marshall Islands an agreement whereby, without prejudice as to any claims which have been or may be asserted by any party as to rightful title and ownership of any lands on Ejit, the Government of the Marshall Islands shall assure that lands on Ejit used as of January 1, 1985, by the people of Bikini, will continue to be available without charge for their use, until such time as Bikini is restored and inhabitable and the continued use of Ejit is no longer necessary, unless a Marshall Islands court of competent jurisdiction finally determines that there are legal impediments to continued use of Ejit by the people of Bikini.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that if the impediments described in paragraph (1) do arise, the United States will cooperate with the Government of the Marshall Islands in assisting any person adversely affected by such judicial determination to remain on Ejit, or in locating suitable and acceptable alternative lands for such person's use.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that paragraph (1) shall not be applied in a manner which would prevent the Government of the Marshall Islands from acting in accordance with its constitutional processes to resolve title and ownership claims with respect to such lands or from taking substitute or additional measures to meet the needs of the people of Bikini with their democratically expressed consent and approval.

(c) Section 177 Agreement

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in furtherance of the purposes of Article I of the Subsidiary Agreement for Implementation of Section 177 of the Compact, the payment of the amount specified therein shall be made by the United States under Article I of the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") only after the Government of the Marshall Islands has notified the President of the United States as to which

investment management firm has been selected by such Government to act as Fund Manager under Article I of the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. Upon designation of a qualified Fund Manager, all funds in the escrow account shall be transferred to the control of such Fund Manager for management pursuant to the Section 177 Agreement.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that if the Government of the Marshall Islands determines that some other investment firm should act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that at the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(d) Nuclear test effects

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak); \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(e) Espousal provisions

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that it is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement

between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(f) DOE radiological health care program; USDA agricultural and food programs

(1) Marshall Islands program

Notwithstanding any other provision of law, upon the request of the Government of the Republic of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermo-nuclear “Bravo” test, pursuant to Public Laws 95-134 and 96-205.

(2) Agricultural and food programs

(A) In general

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by a grant to the Government of the Republic of the Marshall Islands which may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—

(i) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak, as provided in subparagraph (C); and

(ii) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne

transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.

(B) Population changes

The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.

(C) Planting and agricultural maintenance program

(i) In general

The planting and agricultural maintenance program on Enewetak shall be funded at a level of not less than \$1,300,000 per year, as adjusted for inflation under section 218 of the U.S.-RMI Compact.

(ii) Authorization and continuing appropriation

There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each fiscal year from 2004 through 2023, \$1,300,000, as adjusted for inflation under section 218 of the U.S.-RMI Compact, for grants to carry out the planting and agricultural maintenance program.

(3) Payments

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(g) Rongelap

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of

Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: "The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978", dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that it is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(4) There are hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for fiscal year 2005, \$1,780,000; for fiscal year 2006, \$1,760,000; and for fiscal year 2007, \$1,760,000, as the final contributions of the United States to the Rongelap Resettlement Trust Fund as established pursuant to Public Law 102-154 (105 Stat. 1009), for the purposes of establishing a food importation program as a part of the overall resettlement program of Rongelap Island.

(h) Four atoll health care program

(1) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the "Section 177 Agreement") shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who

were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95-134 (91 Stat. 1159) and Public Law 96-205 (94 Stat. 84) and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that at the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(i) Enjebi Community Trust Fund

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the "Enjebi Community Trust Fund" (hereafter in this subsection referred to as the "Fund"), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be *ex gratia*, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) Enjebi trust agreement

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that the Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursu-

ant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of \$250,000,000.

(2) Monitor conditions

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) Resettlement of Enjebi

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) Resettlement of other location

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that in the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) Interest from Fund

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that

prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) Disclaimer of liability

In the joint resolution of January 14, 1986 (Public Law 99-239) Congress provided that neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(j) Bikini Atoll cleanup

(1) Declaration of policy

In the joint resolution of January 14, 1986 (Public Law 99-239), the Congress determined and declared that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraph (2) and (3) of this subsection.

(2) Cleanup funds

The joint resolution of January 14, 1986 (Public Law 99-239) authorized to be appropriated such sums as necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

In the joint resolution of January 14, 1986 (Public Law 99-239) the Congress provided that the funds referred to in paragraph (2) were to be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(k) Agreement on audits

The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-RMI Compact and the agreement referred to in section 462(b)(4) of the U.S.-RMI Compact, including the following authorities:

(1) General authority of the Comptroller General to audit

(3) Status of Comptroller General representatives

The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. Without prejudice to those privileges, exemptions and immunities, it is the duty of all such persons

§ 1921c. Interpretation of and United States policy regarding U.S.-FSM Compact and U.S.-RMI Compact

(a) Human rights

In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress notes the conclusion in the Statement of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government” and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Republic of the Marshall Islands. Congress also notes and specifically endorses the preamble to the U.S.-FSM Compact and the U.S.-RMI Compact, which affirms that the governments of the parties to the U.S.-FSM Compact and the U.S.-RMI Compact are founded upon respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to Congress pursuant to sections 2151n and 2304 of title 22, a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Republic of the Marshall Islands.

(b) Immigration and passport security

(1) Naturalized citizens

The rights of a bona fide naturalized citizen of the Federated States of Micronesia or the Republic of the Marshall Islands to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a nonimmigrant, to the extent such rights are provided under section 141 of the U.S.-FSM Compact and the U.S.-RMI Compact, shall not be deemed to extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appro-

appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(2) Passports

It is the sense of Congress that up to \$250,000 of the grant assistance provided to the Federated States of Micronesia pursuant to section 211(a)(4) of the U.S.-FSM Compact, and up to \$250,000 of the grant assistance provided to the Republic of the Marshall Islands pursuant to section 211(a)(4) of the U.S.-RMI Compact (or a greater amount of the section 211(a)(4) grant, if mutually agreed between the Government of the United States and the government of the Federated States of Micronesia or the government of the Republic of the Marshall Islands), be used for the purpose of increasing the machine-readability and security of passports issued by such jurisdictions. It is further the sense of Congress that such funds be obligated by September 30, 2004 and in the amount and manner specified by the Secretary of State in consultation with the Secretary of Homeland Security and, respectively, with the government of the Federated States of Micronesia and the government of the Republic of the Marshall Islands. The United States Government is authorized to require that passports used for the purpose of seeking admission under section 141 of the U.S.-FSM Compact and the U.S.-RMI Compact contain the security enhancements funded by such assistance.

(3) Information-sharing

It is the sense of Congress that the governments of the Federated States of Micronesia and the Republic of the Marshall Islands develop, prior to October 1, 2004, the capability to provide reliable and timely information as may reasonably be required by the Government of the United States in enforcing criminal and security-related grounds of inadmissibility and deportability under the Immigration and Nationality Act, as amended [8 U.S.C. 1101 et seq.], and shall provide such information to the Government of the United States.

(4) Transition; construction of sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and U.S.-RMI Compact

The words “the effective date of this Compact, as amended” in sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and the U.S.-RMI Compact shall be construed to read, “on the day prior to the enactment by the United States Congress of the Compact of Free Association Amendments Act of 2003.”

(c) Nonalienation of lands

Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent interests in real property so as to restrict the acquisition of such interests to persons of Federated States of Micronesia citizenship and the Republic of the Marshall Islands citizenship, respectively.

(d) Nuclear waste disposal

In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress understands that the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Republic of the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the U.S.-FSM Compact and the U.S.-RMI Compact.

(e) Impact of the U.S.-FSM Compact and the U.S.-RMI Compact on the State of Hawaii, Guam, the Commonwealth of the Northern Mariana Islands and American Samoa; related authorization and continuing appropriation

(1) Statement of congressional intent

In reauthorizing the U.S.-FSM Compact and the U.S.-RMI Compact, it is not the intent of Congress to cause any adverse consequences for an affected jurisdiction.

(B) the term “qualified nonimmigrant” means a person, or their children under the age of 18, admitted or resident pursuant to section 141 of the U.S.-RMI or U.S.-FSM Compact, or section 141 of the Palau Compact who, as of a date referenced in the most recently published enumeration is a resident of an affected jurisdiction. As used in this subsection, the term “resident” shall be a person who has a “residence,” as that term is defined in section 101(a)(33) of the Immigration and Nationality Act, as amended [8 U.S.C. 1101(a)(33)].

The grants shall be—

(A) awarded and administered by the Department of the Interior, Office of Insular Affairs, or any successor thereto, in accordance with regulations, policies and procedures applicable to grants so awarded and administered; and

(B) used only for health, educational, social, or public safety services, or infrastructure related to such services, specifically affected by qualified nonimmigrants.

(4) Enumeration

The Secretary of the Interior shall conduct periodic enumerations of qualified nonimmigrants in each affected jurisdiction. The enumerations—

(A) shall be conducted at such intervals as the Secretary of the Interior shall determine, but no less frequently than every five years, beginning in fiscal year 2003;

(B) shall be supervised by the United States Bureau of the Census or such other organization as the Secretary of the Interior may select; and

(C) after fiscal year 2003, shall be funded by the Secretary of the Interior by deducting such sums as are necessary, but not to exceed \$300,000 as adjusted for inflation pursuant to section 217 of the U.S.-FSM Compact with fiscal year 2003 as the base year, per enumeration, from funds appropriated pursuant to the authorization contained in paragraph (3) of this subsection.

(5) Allocation

The Secretary of the Interior shall allocate to the government of each affected jurisdiction, on the basis of the results of the most recent enumeration, grants in an aggregate amount equal to the total amount of funds appropriated under paragraph (3) of this subsection, as reduced by any deductions authorized by subparagraph (C) of paragraph (4) of this subsection, multiplied by a ratio derived by dividing the number of qualified nonimmigrants in such affected jurisdiction by the total number of qualified nonimmigrants in all affected jurisdictions.

(6) Authorization for health care reimbursement

There are hereby authorized to be appropriated to the Secretary of the Interior such sums as may be necessary to reimburse health care institutions in the affected jurisdictions for costs resulting from the migration of citizens of the Republic of the Marshall Islands, the Federated States of Micronesia and the Republic of Palau to the affected jurisdictions as a result of the implementation of the Compact of Free Association, approved by Public Law 99-239, or the approval of the U.S.-FSM Compact and the U.S.-RMI Compact by this resolution.

(7) Use of DOD medical facilities and National Health Service Corps**(A) DOD medical facilities**

The Secretary of Defense shall make available, on a space available and reimbursable basis, the medical facilities of the Department of Defense for use by citizens of the Federated States of Micronesia and the Republic of the Marshall Islands who are properly referred to the facilities by government authorities responsible for provision of medical services in the Federated States of Micronesia, the Republic of the Marshall Islands, the Republic of Palau and the affected jurisdictions.

(B) National Health Service Corps

The Secretary of Health and Human Services shall continue to make the services of

the National Health Service Corps available to the residents of the Federated States of Micronesia and the Republic of the Marshall Islands to the same extent and for so long as such services are authorized to be provided to persons residing in any other areas within or outside the United States.

(C) Authorization of appropriations

There are authorized to be appropriated to carry out this paragraph such sums as are necessary for each fiscal year.

(8) Reporting requirement

Not later than one year after December 17, 2003, and at one year intervals thereafter, the Governors of Guam, the State of Hawaii, the Commonwealth of the Northern Mariana Islands, and American Samoa may provide to the Secretary of the Interior by February 1 of each year their comments with respect to the impacts of the Compacts on their respective jurisdiction. The Secretary of the Interior, upon receipt of any such comments, shall report to the Congress not later than May 1 of each year and include the following:

(D) With regard to trade, an analysis of the impact on the economy of American Samoa resulting from imports of canned tuna into the United States from the Federated States of Micronesia, and the Republic of the Marshall Islands.

(9) Reconciliation of unreimbursed impact expenses**(A) In general**

Notwithstanding any other provision of law, the President, to address previously accrued and unreimbursed impact expenses, may, at the request of the Governor of Guam or the Governor of the Commonwealth of the Northern Mariana Islands, reduce, release, or waive all or part of any amounts owed by the Government of Guam or the Government of the Commonwealth of the Northern Mariana Islands (or either government's autonomous agencies or instrumentalities), respectively, to any department, agency, independent agency, office, or instrumentality of the United States.

(B) Terms and conditions**(i) Substantiation of impact costs**

Not later than 120 days after December 17, 2003, the Governor of Guam and the Governor of the Commonwealth of the Northern Mariana Islands shall each submit to the Secretary of the Interior a report, prepared in consultation with an independent accounting firm, substantiat-

ing unreimbursed impact expenses claimed for the period from January 14, 1986, through September 30, 2003. Upon request of the Secretary of the Interior, the Governor of Guam and the Governor of the Commonwealth of the Northern Mariana Islands shall submit to the Secretary of the Interior copies of all documents upon which the report submitted by that Governor under this clause was based.

(ii) Congressional notification

The President shall notify Congress of his intent to exercise the authority granted in subparagraph (A).

(iii) Congressional review and comment

Any reduction, release, or waiver under this Act shall not take effect until 60 days after the President notifies Congress of his intent to approve a request of the Governor of Guam or the Governor of the Commonwealth of the Northern Mariana Islands. In exercising his authority under this section and in determining whether to give final approval to a request, the President shall take into consideration comments he may receive after Congressional review.

(iv) Expiration

The authority granted in subparagraph (A) shall expire on February 28, 2005.

There are hereby authorized to the Secretary of the Interior for each of fiscal years 2004 through 2023 such sums as may be necessary for grants to the governments of Guam, the State of Hawaii, the Commonwealth of the Northern Mariana Islands, and American Samoa, as a result of increased demands placed on educational, social, or public safety services or infrastructure related to such services due to the presence in Guam, Hawaii, the Commonwealth of the Northern Mariana Islands, and American Samoa of qualified non-immigrants from the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.

(f) Foreign loans

Congress hereby reaffirms the United States position that the United States Government is not responsible for foreign loans or debt obtained by the Governments of the Federated States of Micronesia and the Republic of the Marshall Islands.

(g) Sense of Congress concerning funding of public infrastructure

It is further the sense of Con-

gress that not less than 30 percent of the United States annual grant assistance provided under section 211 of the Compact of Free Association, as amended, between the Government of the United States of America and the Government of the Republic of the Marshall Islands, shall be invested in infrastructure improvements and maintenance in accordance with section 211(d).

PROC. NO. 6726. PLACING INTO FULL FORCE AND EFFECT COMPACT OF FREE ASSOCIATION WITH REPUBLIC OF PALAU

Proc. No. 6726, Sept. 27, 1994, 59 F.R. 49777, provided: Since July 18, 1947, the United States has administered the United Nations Trust Territory of the Pacific

Islands (“Trust Territory”), which has included the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau.

On November 3, 1986, a Covenant between the United States and the Northern Mariana Islands [48 U.S.C. 1801 note] came into force. This Covenant established the Commonwealth of the Northern Mariana Islands as a self-governing Commonwealth in political union with and under the sovereignty of the United States.

On October 21, 1986, in the case of the Republic of the Marshall Islands, and on November 3, 1986, in the case of the Federated States of Micronesia, Compacts of Free Association with the United States [48 U.S.C. 1901 note] became effective. Under the Compacts, the Federated States of Micronesia and the Republic of the Marshall Islands became self-governing sovereign states, in free association with the United States. Following the changes in political status of the Northern Mariana Islands, the Marshall Islands, and the Federated States of Micronesia, the Trusteeship Agreement ceased to be applicable to those entities and only Palau remained as the Trust Territory of the Pacific Islands.

On January 10, 1986, the Government of the United States and the Government of Palau concluded a Compact of Free Association [set out above] similar to those that the United States entered into with the Republic of the Marshall Islands and with the Federated States of Micronesia. As in those instances, it was specified that the Compact with Palau would come into effect upon (1) mutual agreement between the Government of the United States, acting in fulfillment of its responsibilities as Administering Authority of the Trust Territory of the Pacific Islands, and the Government of Palau; (2) the approval of the Compact by the two Governments, in accordance with their constitutional processes; and (3) the approval of the Compact by plebiscite in Palau.

In Palau the Compact has been approved by the Government in accordance with its constitutional processes and by a United Nations-observed plebiscite on November 9, 1993, a sovereign act of self-determination. In the United States the Compact was approved by Public Law 99-658 of November 14, 1986 [48 U.S.C. 1931 et seq.], and Public Law 101-219 of December 12, 1989 [48 U.S.C. 1951 et seq.].

On May 25, 1994, the Trusteeship Council of the United Nations concluded that the Government of the United States had satisfactorily discharged its obligations as the Administering Authority under the terms of the Trusteeship Agreement and that the people of Palau had freely exercised their right to self-determination and considered that it was appropriate for the Trusteeship Agreement to be terminated. The Council asked the United States to consult with the Government of Palau and to agree on a date, on or about October 1, 1994, for entry into force of their new status agreement.

On July 15, 1994, the Government of the United States and the Government of the Republic of Palau agreed, pursuant to section 411 of the Compact of Free Association, that as between the United States and the Republic of Palau, the effective date of the Compact shall be October 1, 1994.

As of this day, September 27, 1994, the United States has fulfilled its obligations under the Trusteeship Agreement with respect to the Republic of Palau. On October 1, 1994, the Compact will enter into force between the United States and the Republic of Palau, and Palau will thereafter be self-governing and no longer subject to the Trusteeship. In taking these actions, the United States is implementing the freely expressed wishes of the people of Palau.

NOW, THEREFORE, I, WILLIAM J. CLINTON, President of the United States of America, by the authority vested in me by the Constitution and laws of the United States, including sections 101 and 102 of the Joint Resolution to approve the “Compact of Free Association” between the United States and the Government of Palau, and for other purposes, approved on No-

vember 14, 1986 (Public Law 99-658) [48 U.S.C. 1931, 1932], and section 101 of the Joint Resolution to authorize entry into force of the Compact of Free Association between the United States and the Government of Palau, and for other purposes, approved on December 12, 1989 (Public Law 101-219) [48 U.S.C. 1951], and pursuant to section 1002 of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America [48 U.S.C. 1801 note], and consistent with sections 101 and 102 of the Joint Resolution to approve the “Compact of Free Association” and for other purposes, approved on January 14, 1986 (Public Law 99-239) [48 U.S.C. 1901, 1902], do hereby find, declare, and proclaim as follows:

SECTION 1. I determine that the Trusteeship Agreement for the Pacific Islands will be no longer in effect with respect to the Republic of Palau as of October 1, 1994, at one minute past one o’clock p.m. local time in Palau. This constitutes the determination referred to in section 1002 of the Covenant with the Northern Mariana Islands (Public Law 94-241).

SEC. 2. The Compact of Free Association with the Republic of Palau will be in full force and effect as of October 1, 1994, at one minute past one o’clock p.m. local time in Palau.

SEC. 3. I am gratified that the people of the Republic of Palau, after 47 years of Trusteeship, have freely chosen to establish a relationship of Free Association with the United States.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-seventh day of September, in the year of our Lord nineteen hundred and ninety-four, and of the Independence of the United States of America the two hundred and nineteenth.

WILLIAM J. CLINTON.

(f) Reduction of appropriations

Amounts appropriated to be paid pursuant to section 177 of Article I of Title One or Articles I and III of Title Two of the Compact of Free Association with the Federated States of Micronesia and the Marshall Islands, as set forth in Title II of the Compact of Free Association Act of 1985, or pursuant to section 103(h), 103(k), or 105(m) of such Act [48 U.S.C. 1903(h), (k), 1905(m)] (Public Law 99-239), or pursuant to Article I of Title Two of the Compact with Palau, as set forth in Title II of this joint resolution, or subsection (l)² of this section shall not be reduced, notwithstanding Public Law 99-177, Public Law 99-366, and other law enacted to implement Public Law 99-177, or any other provision of law.

(g) Understandings, interpretations, and policy statements

The Congress reaffirms all of the understandings, interpretations, and policy statements contained in Public Law 99-239 (99 Stat. 1770) [48 U.S.C. 1901 et seq., 2001 et seq.]. Congressional

Resolution 4-60 adopted by the 4th Congress of the Federated States of Micronesia on March 26, 1986 and Resolution No. 62 adopted by the Nitijela of the Marshall Islands on February 18, 1986 do not exclude, limit or modify any provision of the Compact of Free Association as approved by the United States. To the extent that any understandings, interpretations, and policy statements contained in such Resolutions are inconsistent with the provisions of Public Law 99-239, the United States does not concur therein. The President shall take such steps, including but not limited to, communicating with the Governments of the Federated States of Micronesia and the Republic of the Marshall Islands, as may be necessary to preserve all rights of the United States in connection with interpretation and implementation of such Public Law.

(h) Additional provisions relating to Title Three of Compact

(1) The Government of the United States recognizes and respects the scarcity and special importance of land in Palau. In making any designation of land pursuant to section 322 of the Compact, the Government of the United States shall follow the policy of requesting the minimum area necessary to accomplish the required security and defense purpose, of requesting only the minimum interest in real property necessary to support such purpose, and of requesting first to satisfy the requirement through public real property, where available, rather than through private real property.

(2) The Armed Forces of other nations invited to use military areas and facilities in Palau pursuant to section 312 of the Compact shall be permitted only as it is incident to the authority and under the control of the United States. The activities of such third country forces shall be subject to the same limitations and restrictions applicable to the authority of the United States under the terms of the Compact.

(3) The Government of the United States considers "Exclusive use" areas established for the United States pursuant to Title Three of the Compact to be "within the jurisdiction of Palau," as that term is used in section 324 of the Compact.

(i) Availability of appropriations

Notwithstanding any other provision of law, funds appropriated for the Compact of Free Association, Public Law 99-239 [48 U.S.C. 1901 et seq., 2001 et seq.], or this joint resolution, in the act of making supplemental appropriations for fiscal year 1986, shall remain available until expended.

(j) Authority to contract or make payments

(1), (2) Omitted

(3) No authority under this subsection to enter into contracts or to make payments shall be effective except to the extent and in such amounts as provided in advance in appropriations Acts. Any provision of this subsection which authorizes the enactment of new budget authority shall be effective only for fiscal years beginning after September 30, 1985.

(k) Annual report

The Departments of Energy and Interior are directed to provide the Committees on Appropria-

tions of the House and Senate with a report by December 1 of each fiscal year detailing how funds were spent during the previous fiscal year for the special medical care and logistical support program for Rongelap and Utrik and for the agriculture and food programs for Eniwetok and Bikini as referenced in Section 103(h) of Public Law 99-239 [48 U.S.C. 1903(h)]. The report shall also specify the anticipated needs during the current and following fiscal years in order to meet the radiological health care and logistical support program for Rongelap and Utrik and the planting, agricultural maintenance, and food programs for Eniwetok and Bikini. It is the sense of the Congress that the special medical care and logistical support program for Rongelap and Utrik and for the agriculture and food programs for Eniwetok and Bikini described in section 103(h) of Public Law 99-239 represent special and continuing moral commitments of the United States which will be annually funded to the extent of the need of the populations of such atolls for such assistance.
