(a) DURING WAR OR NATIONAL EMERGENCY.—(1) If at the end of any fiscal year there is in effect a war or national emergency, the President may waive any statutory end strength with respect to that fiscal year. Any such waiver may be issued only for a statutory end strength that is prescribed by law before the waiver is issued.

(2) When a designation of a major disaster or emergency (as those terms are defined in section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122)) is in effect, the President may waive any statutory limit that would otherwise apply during the period of the designation on the number of members of a reserve component who are authorized to be on active duty under subparagraph (A) or (B) of section 115(b)(1) of this title, if the President determines the waiver is necessary to provide assistance in responding to the major disaster or emergency.

(b) TERMINATION OF WAIVER.—(1) Upon the termination of a war or national emergency with respect to which the President has exercised the authority provided by subsection (a)(1), the President may defer the effectiveness of any statutory end strength with respect to the fiscal year during which the termination occurs. Any such deferral may not extend beyond the last day of the sixth month beginning after the date of such termination.

(2) A waiver granted under subsection (a)(2) shall terminate not later than 90 days after the date on which the designation of the major disaster or emergency that was the basis for the waiver expires.

(c) STATUTORY END STRENGTH.—In this section, the term "statutory end strength" means any end-strength limitation with respect to a fiscal year that is prescribed by law for any military or civilian component of the armed forces or of the Department of Defense.

“(3) to promote commonality and interoperability between counter-drug detection and monitoring systems in a cost-effective manner; and

“(4) to maximize the potential of using counter-drug detection and monitoring systems for other defense missions whenever practicable.

“(b) EVALUATION OF SYSTEMS.—The Secretary of Defense shall identify and evaluate existing and proposed counter-drug detection and monitoring systems in light of the requirements established under subsection (a). In carrying out such evaluation, the Secretary shall—

The plan shall include an estimate by the Secretary of the full cost to implement the plan, including the cost to develop, procure, operate, and maintain equipment used in counter-drug detection and monitoring activities performed under the plan and training and personnel costs associated with such activities.

“(d) REPORT.—Not later than six months after the date of the enactment of this Act [Oct. 23, 1992], the Secretary of Defense shall submit to Congress a report on the requirements established under subsection (a) and the results of the evaluation conducted under subsection (b). “(2) Paragraph (1) shall not prohibit obligations or expenditures of funds for—

“(A) any procurement, upgrading, research and development, or lease of a counter-drug detection and monitoring system that is necessary to carry out the evaluation required under subsection (b); or

“(B) the operation and maintenance of counter-drug detection and monitoring systems used by the Department of Defense as of the date of the enactment of this Act.

“(f) DEFINITION.—For purposes of this section, the term ‘counter-drug detection and monitoring systems’ means land-, air-, and sea-based detection and monitoring systems suitable for use by the Department of Defense in the performance of its mission—
