SUBCHAPTER I—IMPROVING THE ACADEMIC ACHIEVEMENT OF THE DISADVANTAGED

CODIFICATION

Title I of the Elementary and Secondary Education Act of 1965, comprising this subchapter, was originally enacted as part of Pub. L. 89-10, Apr. 11, 1965, 79 Stat. 27, amended, and subsequently revised, restated, and amended by other public laws. Title I is shown, herein, as having been added by Pub. L. 107-110, title I, § 101, Jan. 8, 2002, 115 Stat. 1439, without reference to earlier amendments because of the extensive revision of the title's provisions by Pub. L. 107-110. See Codification note preceding this chapter.

§ 6301. Statement of purpose

The purpose of this subchapter is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic achievement standards and state¹ academic assessments. This purpose can be accomplished by—

(1) ensuring that high-quality academic assessments, accountability systems, teacher preparation and training, curriculum, and instructional materials are aligned with challenging State academic standards so that students, teachers, parents, and administrators can measure progress against common expectations for student academic achievement;

(2) meeting the educational needs of low-achieving children in our Nation's highest-poverty schools, limited English proficient children, migratory children, children with disabilities, Indian children, neglected or delinquent children, and young children in need of reading assistance;

(3) closing the achievement gap between high- and low-performing children, especially the achievement gaps between minority and nonminority students, and between disadvantaged children and their more advantaged peers;

(4) holding schools, local educational agencies, and States accountable for improving the academic achievement of all students, and identifying and turning around low-performing schools that have failed to provide a high-quality education to their students, while pro-

viding alternatives to students in such schools to enable the students to receive a high-quality education;

(5) distributing and targeting resources sufficiently to make a difference to local educational agencies and schools where needs are greatest;

(6) improving and strengthening accountability, teaching, and learning by using State assessment systems designed to ensure that students are meeting challenging State academic achievement and content standards and increasing achievement overall, but especially for the disadvantaged;

(7) providing greater decisionmaking authority and flexibility to schools and teachers in exchange for greater responsibility for student performance;

(8) providing children an enriched and accelerated educational program, including the use of schoolwide programs or additional services that increase the amount and quality of instructional time;

(9) promoting schoolwide reform and ensuring the access of children to effective, scientifically based instructional strategies and challenging academic content;

(10) significantly elevating the quality of instruction by providing staff in participating schools with substantial opportunities for professional development;

(11) coordinating services under all parts of this subchapter with each other, with other educational services, and, to the extent feasible, with other agencies providing services to youth, children, and families; and

(12) affording parents substantial and meaningful opportunities to participate in the education of their children.

(Pub. L. 89-10, title I, § 1001, as added Pub. L. 107-110, title I, § 101, Jan. 8, 2002, 115 Stat. 1439.)

EX. ORD. No. 13153. ACTIONS TO IMPROVE LOW-PERFORMING SCHOOLS

Ex. Ord. No. 13153, May 3, 2000, 65 F.R. 26475, provided: By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Elementary and Secondary Education Act of 1965 (ESEA) [20 U.S.C. 6301 et seq.], the Department of Education Appropriations Act, 2000 (as contained in Public Law 106-113) [Pub. L. 106-113, div. SECTION 1. *Policy.* Since 1993, this Administration has sought to raise standards for students and to increase accountability in public education while investing more resources in elementary and secondary schools. While much has been accomplished—there has been progress in math and reading achievement, particularly for low-achieving students and students in our highest poverty schools—much more can be done, especially for low-performing schools.

SEC. 2. *Technical Assistance and Capacity Building.* (a) The Secretary of Education (“Secretary”) shall work with State and local educational agencies (“LEAs”) to develop and implement a comprehensive strategy for providing technical assistance and other assistance to States and LEAs to strengthen their capacity to improve the performance of schools identified as low performing. This comprehensive strategy shall include a number of steps, such as:

(1) providing States, school districts, and schools receiving funds from the school improvement fund established by Public Law 106-113, as well as other districts and schools identified for school improvement or corrective action under Title I of the ESEA [20 U.S.C. 6301 et seq.], with access to the latest research and information on best practices, including research on instruction and educator professional develop-

ment, and with the opportunity to learn from exemplary schools and exemplary State and local intervention strategies and from each other, in order to improve achievement for all students in the low-performing schools;

(2) determining effective ways of providing low-performing schools with access to resources from other Department of Education programs, such as funds from the Comprehensive School Reform Demonstration Program, the Reading Excellence Act [Pub. L. 105-277, div. A, §101(f) [title VIII], Oct. 21, 1998, 112 Stat. 2681-337, 2681-391, see Tables for classification], the Eisenhower Professional Development Program, the Class Size Reduction Program, and the 21st Century Community Learning Centers Program, and to make effective use of these funds and Title I funds;

(3) providing States and LEAs with information on effective strategies to improve the quality of the teaching force, including strategies for recruiting and retaining highly qualified teachers in high-poverty schools, and implementing research-based professional development programs aligned with challenging standards;

(4) helping States and school districts build partnerships with technical assistance providers, including, but not limited to, federally funded laboratories and centers, foundations, businesses, community-based organizations, institutions of higher education, reform model providers, and other organizations that can help local schools improve;

(5) identifying previously low-performing schools that have made significant achievement gains, and States and school districts that have been effective in improving the achievement of all students in low-performing schools, which can serve as models and resources;

(6) providing assistance and information on how to effectively involve parents in the school-improvement process, including effectively involving and informing parents at the beginning of the school year about improvement goals for their school as well as the goals for their own children, and reporting on progress made in achieving these goals;

(7) providing States and LEAs with information on effective approaches to school accountability, including the effectiveness of such strategies as school reconstitution, peer review teams, and financial rewards and incentives;

(8) providing LEAs with information and assistance on the design and implementation of approaches to choice among public schools that create incentives for improvement throughout the local educational agency, especially in the lowest-performing schools, and that maximize the opportunity of students in low-performing schools to attend a higher-performing public school;

(9) exploring the use of well-trained tutors to raise student achievement through initiatives such as “America Reads,” “America Counts,” and other work-study opportunities to help low-performing schools;

(10) using a full range of strategies for disseminating information about effective practices, including interactive electronic communications;

(11) working with the Department of Interior, Bureau of Indian Affairs (BIA), to provide technical assistance to BIA-funded low-performing schools; and

(12) taking other steps that can help improve the quality of teaching and instruction in low-performing schools.

(b) The Secretary shall, to the extent permitted by law, take whatever steps the Secretary finds necessary and appropriate to redirect the resources and technical assistance capability of the Department of Education (“Department”) to assist States and localities in improving low-performing schools, and to ensure that the dissemination of research to help turn around low-performing schools is a priority of the Department.

SEC. 3. *School Improvement Report.* To monitor the progress of LEAs and schools in turning around failing

schools, including those receiving grants from the School Improvement Fund, the Secretary shall prepare an annual School Improvement Report, to be published in September of each year, beginning in 2000. The report shall:

(a) describe trends in the numbers of LEAs and schools identified as needing improvement and subsequent changes in the academic performance of their students;

(b) identify best practices and significant research findings that can be used to help turn around low-performing LEAs and schools; and

(c) document ongoing efforts as a result of this order and other Federal efforts to assist States and local school districts in intervening in low-performing schools, including improving teacher quality. This report shall be publicly accessible.

SEC. 4. *Compliance Monitoring System.* Consistent with the implementation of the School Improvement Fund, the Secretary shall strengthen the Department’s monitoring of ESEA requirements for identifying and turning around low-performing schools, as well as any new requirements established for the School Improvement Fund by Public Law 106-113. The Secretary shall give priority to provisions that have the greatest bearing on identifying and turning around low-performing schools, including sections 1116 and 1117 of the ESEA [20 U.S.C. 6316, 6317], and to developing an ongoing, focused, and systematic process for monitoring these provisions. This improved compliance monitoring shall be designed to:

(a) ensure that States and LEAs comply with ESEA requirements;

(b) assist States and LEAs in implementing effective procedures and strategies that reflect the best research available, as well as the experience of successful schools, school districts, and States as they address similar objectives and challenges; and

(c) assist States, LEAs, and schools in making the most effective use of available Federal resources.

SEC. 5. *Consultation.* The Secretary shall, where appropriate, consult with executive agencies, State and local education officials, educators, community-based groups, and others in carrying out this Executive order.

SEC. 6. *Judicial Review.* This order is intended only to improve the internal management of the executive branch and is not intended to, and does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

A prior section 1002 of Pub. L. 89-10 was renumbered section 9002 and was classified to section 3382 of this title, prior to the general amendment of Pub. L. 89-10 by Pub. L. 103-382.

§ 6303. School improvement

(a) State reservations

Each State shall reserve 2 percent of the amount the State receives under subpart 2 of part A of this subchapter for fiscal years 2002 and 2003, and 4 percent of the amount received under such subpart for fiscal years 2004 through 2007, to carry out subsection (b) of this section and to carry out the State's responsibilities under sections 6316 and 6317 of this title, including carrying out the State educational agency's statewide system of technical assistance and support for local educational agencies.

(b) Uses

Of the amount reserved under subsection (a) of this section for any fiscal year, the State educational agency—

(1) shall allocate not less than 95 percent of that amount directly to local educational agencies for schools identified for school improvement, corrective action, and restructuring, for activities under section 6316(b) of this title; or

(2) may, with the approval of the local educational agency, directly provide for these activities or arrange for their provision through other entities such as school support teams or educational service agencies.

(c) Priority

The State educational agency, in allocating funds to local educational agencies under this section, shall give priority to local educational agencies that—

- (1) serve the lowest-achieving schools;
- (2) demonstrate the greatest need for such funds; and
- (3) demonstrate the strongest commitment to ensuring that such funds are used to enable the lowest-achieving schools to meet the progress goals in school improvement plans under section 6316(b)(3)(A)(v) of this title.

(d) Unused funds

If, after consultation with local educational agencies in the State, the State educational agency determines that the amount of funds reserved to carry out subsection (b) of this section is greater than the amount needed to provide the assistance described in that subsection, the State educational agency shall allocate the excess amount to local educational agencies in accordance with—

- (1) the relative allocations the State educational agency made to those agencies for that fiscal year under subpart 2 of part A of this subchapter; or
- (2) section 6338(c) of this title.

(e) Special rule

Notwithstanding any other provision of this section, the amount of funds reserved by the State educational agency under subsection (a) of this section in any fiscal year shall not decrease the amount of funds each local educational agency receives under subpart 2¹ below the amount received by such local educational agency under such subpart for the preceding fiscal year.

(f) Reporting

The State educational agency shall make publicly available a list of those schools that have received funds or services pursuant to subsection (b) of this section and the percentage of students from each school from families with incomes below the poverty line.

(g) Assistance for local school improvement

(1) Program authorized

The Secretary shall award grants to States to enable the States to provide subgrants to local educational agencies for the purpose of providing assistance for school improvement consistent with section 6316 of this title.

(2) State allotments

Such grants shall be allotted among States, the Bureau of Indian Affairs, and the outlying areas, in proportion to the funds received by the States, the Bureau of Indian Affairs, and the outlying areas, respectively, for the fiscal year under parts A, C, and D of this subchapter. The Secretary shall expeditiously allot a portion of such funds to States for the purpose of assisting local educational agencies and schools that were in school improvement status on the date preceding January 8, 2002.

(3) Reallocations

If a State does not receive funds under this subsection, the Secretary shall reallocate such funds to other States in the same proportion funds are allocated under paragraph (2).

(4) State applications

Each State educational agency that desires to receive funds under this subsection shall submit an application to the Secretary at such time, and containing such information, as the Secretary shall reasonably require, except that such requirement shall be waived if a State educational agency submitted such information as part of its State plan under this part. Each State application shall describe how the State educational agency will allocate such funds in order to assist the State educational agency and local educational agencies in complying with school improvement, corrective action, and restructuring requirements of section 6316 of this title.

(5) Local educational agency grants

A grant to a local educational agency under this subsection shall be—

- (A) of sufficient size and scope to support the activities required under sections 6316 and 6317 of this title, but not less than \$50,000 and not more than \$500,000 for each participating school;
- (B) integrated with other funds awarded by the State under this chapter; and
- (C) renewable for two additional 1-year periods if schools are meeting the goals in their school improvement plans developed under section 6316 of this title.

(6) Priority

The State, in awarding such grants, shall give priority to local educational agencies with the lowest-achieving schools that demonstrate—

- (A) the greatest need for such funds; and
- (B) the strongest commitment to ensuring that such funds are used to provide adequate resources to enable the lowest-achieving schools to meet the goals under school and local educational agency improvement, corrective action, and restructuring plans under section 6316 of this title.

(7) Allocation

A State educational agency that receives a grant under this subsection shall allocate at least 95 percent of the grant funds directly to local educational agencies for schools identified for school improvement, corrective action, or restructuring to carry out activities under section 6316(b) of this title, or may, with the approval of the local educational agency, directly provide for these activities or arrange for their provision through other entities such as school support teams or educational service agencies.

(8) Administrative costs

A State educational agency that receives a grant award under this subsection may reserve not more than 5 percent of such grant funds for administration, evaluation, and technical assistance expenses.

(9) Local awards

Each local educational agency that applies for assistance under this subsection shall describe how it will provide the lowest-achieving schools the resources necessary to meet goals

§ 6304. State administration

(a) In general

Except as provided in subsection (b) of this section, to carry out administrative duties assigned under parts A, C, and D of this subchapter, each State may reserve the greater of—

(b) Exception

If the sum of the amounts appropriated for parts A, C, and D of this subchapter is equal to or greater than \$14,000,000,000, then the reservation described in subsection (a)(1) of this section shall not exceed 1 percent of the amount the State would receive, if \$14,000,000,000 were allocated among the States for parts A, C, and D of this subchapter.

PART A—IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES

SUBPART 1—BASIC PROGRAM REQUIREMENTS

§ 6311. State plans

(a) Plans required

(1) In general

For any State desiring to receive a grant under this part, the State educational agency shall submit to the Secretary a plan, developed by the State educational agency, in consultation with local educational agencies, teachers, principals, pupil services personnel, administrators (including administrators of programs described in other parts of this subchapter), other staff, and parents, that satisfies the requirements of this section and that is coordinated with other programs under this chapter, the Individuals with Disabilities Education Act [20 U.S.C. 1400 et seq.], the Carl D. Perkins Career and Technical Education Act of 2006 [20 U.S.C. 2301 et seq.], the Head Start Act [42 U.S.C. 9831 et seq.], the Adult Education and Family Literacy Act [20 U.S.C. 9201

et seq.], and the McKinney-Vento Homeless Assistance Act [42 U.S.C. 11301 et seq.].

(2) Consolidated plan

A State plan submitted under paragraph (1) may be submitted as part of a consolidated plan under section 7842 of this title.

(b) Academic standards, academic assessments, and accountability

(1) Challenging academic standards

(A) In general

Each State plan shall demonstrate that the State has adopted challenging academic content standards and challenging student academic achievement standards that will be used by the State, its local educational agencies, and its schools to carry out this part, except that a State shall not be required to submit such standards to the Secretary.

(B) Same standards

The academic standards required by subparagraph (A) shall be the same academic standards that the State applies to all schools and children in the State.

(C) Subjects

The State shall have such academic standards for all public elementary school and secondary school children, including children served under this part, in subjects determined by the State, but including at least mathematics, reading or language arts, and (beginning in the 2005–2006 school year) science, which shall include the same knowledge, skills, and levels of achievement expected of all children.

(D) Challenging academic standards

Standards under this paragraph shall include—

(i) challenging academic content standards in academic subjects that—

- (I) specify what children are expected to know and be able to do;
- (II) contain coherent and rigorous content; and
- (III) encourage the teaching of advanced skills; and

(ii) challenging student academic achievement standards that—

- (I) are aligned with the State's academic content standards;
- (II) describe two levels of high achievement (proficient and advanced) that determine how well children are mastering the material in the State academic content standards; and
- (III) describe a third level of achievement (basic) to provide complete information about the progress of the lower-achieving children toward mastering the proficient and advanced levels of achievement.

(E) Information

For the subjects in which students will be served under this part, but for which a State is not required by subparagraphs (A), (B), and (C) to develop, and has not otherwise de-

veloped, such academic standards, the State plan shall describe a strategy for ensuring that students are taught the same knowledge and skills in such subjects and held to the same expectations as are all children.

(F) Existing standards

Nothing in this part shall prohibit a State from revising, consistent with this section, any standard adopted under this part before or after January 8, 2002.

(2) Accountability

(A) In general

Each State plan shall demonstrate that the State has developed and is implementing a single, statewide State accountability system that will be effective in ensuring that all local educational agencies, public elementary schools, and public secondary schools make adequate yearly progress as defined under this paragraph. Each State accountability system shall—

(i) be based on the academic standards and academic assessments adopted under paragraphs (1) and (3), and other academic indicators consistent with subparagraph (C)(vi) and (vii), and shall take into account the achievement of all public elementary school and secondary school students;

(ii) be the same accountability system the State uses for all public elementary schools and secondary schools or all local educational agencies in the State, except that public elementary schools, secondary schools, and local educational agencies not participating under this part are not subject to the requirements of section 6316 of this title; and

(iii) include sanctions and rewards, such as bonuses and recognition, the State will use to hold local educational agencies and public elementary schools and secondary schools accountable for student achievement and for ensuring that they make adequate yearly progress in accordance with the State's definition under subparagraphs (B) and (C).

(B) Adequate yearly progress

Each State plan shall demonstrate, based on academic assessments described in paragraph (3), and in accordance with this paragraph, what constitutes adequate yearly progress of the State, and of all public elementary schools, secondary schools, and local educational agencies in the State, toward enabling all public elementary school and secondary school students to meet the State's student academic achievement standards, while working toward the goal of narrowing the achievement gaps in the State, local educational agencies, and schools.

(C) Definition

“Adequate yearly progress” shall be defined by the State in a manner that—

(i) applies the same high standards of academic achievement to all public elementary school and secondary school students in the State;

(ii) is statistically valid and reliable;

(iii) results in continuous and substantial academic improvement for all students;

(iv) measures the progress of public elementary schools, secondary schools and local educational agencies and the State based primarily on the academic assessments described in paragraph (3);

(v) includes separate measurable annual objectives for continuous and substantial improvement for each of the following:

(I) The achievement of all public elementary school and secondary school students.

(II) The achievement of—

(aa) economically disadvantaged students;

(bb) students from major racial and ethnic groups;

(cc) students with disabilities; and

(dd) students with limited English proficiency;

except that disaggregation of data under subclause (II) shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

(vi) in accordance with subparagraph (D), includes graduation rates for public secondary school students (defined as the percentage of students who graduate from secondary school with a regular diploma in the standard number of years) and at least one other academic indicator, as determined by the State for all public elementary school students; and

(vii) in accordance with subparagraph (D), at the State's discretion, may also include other academic indicators, as determined by the State for all public school students, measured separately for each group described in clause (v), such as achievement on additional State or locally administered assessments, decreases in grade-to-grade retention rates, attendance rates, and changes in the percentages of students completing gifted and talented, advanced placement, and college preparatory courses.

(D) Requirements for other indicators

In carrying out subparagraph (C)(vi) and (vii), the State—

(i) shall ensure that the indicators described in those provisions are valid and reliable, and are consistent with relevant, nationally recognized professional and technical standards, if any; and

(ii) except as provided in subparagraph (I)(i), may not use those indicators to reduce the number of, or change, the schools that would otherwise be subject to school improvement, corrective action, or restructuring under section 6316 of this title if those additional indicators were not used, but may use them to identify addi-

tional schools for school improvement or in need of corrective action or restructuring.

(E) Starting point

Each State, using data for the 2001–2002 school year, shall establish the starting point for measuring, under subparagraphs (G) and (H), the percentage of students meeting or exceeding the State’s proficient level of academic achievement on the State assessments under paragraph (3) and pursuant to the timeline described in subparagraph (F). The starting point shall be, at a minimum, based on the higher of the percentage of students at the proficient level who are in—

- (i) the State’s lowest achieving group of students described in subparagraph (C)(v)(II); or
- (ii) the school at the 20th percentile in the State, based on enrollment, among all schools ranked by the percentage of students at the proficient level.

(F) Timeline

Each State shall establish a timeline for adequate yearly progress. The timeline shall ensure that not later than 12 years after the end of the 2001–2002 school year, all students in each group described in subparagraph (C)(v) will meet or exceed the State’s proficient level of academic achievement on the State assessments under paragraph (3).

(G) Measurable objectives

Each State shall establish statewide annual measurable objectives, pursuant to subparagraph (C)(v), for meeting the requirements of this paragraph, and which—

- (i) shall be set separately for the assessments of mathematics and reading or language arts under subsection (a)(3) of this section;
- (ii) shall be the same for all schools and local educational agencies in the State;
- (iii) shall identify a single minimum percentage of students who are required to meet or exceed the proficient level on the academic assessments that applies separately to each group of students described in subparagraph (C)(v);
- (iv) shall ensure that all students will meet or exceed the State’s proficient level of academic achievement on the State assessments within the State’s timeline under subparagraph (F); and
- (v) may be the same for more than 1 year, subject to the requirements of subparagraph (H).

(H) Intermediate goals for annual yearly progress

Each State shall establish intermediate goals for meeting the requirements, including the measurable objectives in subparagraph (G), of this paragraph and that shall—

- (i) increase in equal increments over the period covered by the State’s timeline under subparagraph (F);
- (ii) provide for the first increase to occur in not more than 2 years; and

- (iii) provide for each following increase to occur in not more than 3 years.

(I) Annual improvement for schools

Each year, for a school to make adequate yearly progress under this paragraph—

- (i) each group of students described in subparagraph (C)(v) must meet or exceed the objectives set by the State under subparagraph (G), except that if any group described in subparagraph (C)(v) does not meet those objectives in any particular year, the school shall be considered to have made adequate yearly progress if the percentage of students in that group who did not meet or exceed the proficient level of academic achievement on the State assessments under paragraph (3) for that year decreased by 10 percent of that percentage from the preceding school year and that group made progress on one or more of the academic indicators described in subparagraph (C)(vi) or (vii); and
- (ii) not less than 95 percent of each group of students described in subparagraph (C)(v) who are enrolled in the school are required to take the assessments, consistent with paragraph (3)(C)(xi) and with accommodations, guidelines, and alternative assessments provided in the same manner as those provided under section 612(a)(16)(A) of the Individuals with Disabilities Education Act [20 U.S.C. 1412(a)(16)(A)] and paragraph (3), on which adequate yearly progress is based (except that the 95 percent requirement described in this clause shall not apply in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student).

- (i) shall be set separately for the assessments of mathematics and reading or language arts under subsection (a)(3) of this section;
- (ii) shall be the same for all schools and local educational agencies in the State;
- (iii) shall identify a single minimum percentage of students who are required to meet or exceed the proficient level on the academic assessments that applies separately to each group of students described in subparagraph (C)(v);
- (iv) shall ensure that all students will meet or exceed the State’s proficient level of academic achievement on the State assessments within the State’s timeline under subparagraph (F); and
- (v) may be the same for more than 1 year, subject to the requirements of subparagraph (H).

(J) Uniform averaging procedure

For the purpose of determining whether schools are making adequate yearly progress, the State may establish a uniform procedure for averaging data which includes one or more of the following:

- (i) The State may average data from the school year for which the determination is made with data from one or two school years immediately preceding that school year.
- (ii) Until the assessments described in paragraph (3) are administered in such manner and time to allow for the implementation of the uniform procedure for averaging data described in clause (i), the State may use the academic assessments that were required under paragraph (3) as that paragraph was in effect on the day preceding January 8, 2002, provided that nothing in this clause shall be construed to undermine or delay the determination of adequate yearly progress, the requirements of section 6316 of this title, or the implementation of assessments under this section.
- (iii) The State may use data across grades in a school.

(K) Accountability for charter schools

The accountability provisions under this chapter shall be overseen for charter schools in accordance with State charter school law.

(3) Academic assessments**(A) In general**

Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality, yearly student academic assessments that include, at a minimum, academic assessments in mathematics, reading or language arts, and science that will be used as the primary means of determining the yearly performance of the State and of each local educational agency and school in the State in enabling all children to meet the State's challenging student academic achievement standards, except that no State shall be required to meet the requirements of this part relating to science assessments until the beginning of the 2007–2008 school year.

(B) Use of assessments

Each State educational agency may incorporate the data from the assessments under this paragraph into a State-developed longitudinal data system that links student test scores, length of enrollment, and graduation records over time.

(C) Requirements

Such assessments shall—

(i) be the same academic assessments used to measure the achievement of all children;

(ii) be aligned with the State's challenging academic content and student academic achievement standards, and provide coherent information about student attainment of such standards;

(iii) be used for purposes for which such assessments are valid and reliable, and be consistent with relevant, nationally recognized professional and technical standards;

(iv) be used only if the State educational agency provides to the Secretary evidence from the test publisher or other relevant sources that the assessments used are of adequate technical quality for each purpose required under this chapter and are consistent with the requirements of this section, and such evidence is made public by the Secretary upon request;

(v)(I) except as otherwise provided for grades 3 through 8 under clause vii, measure the proficiency of students in, at a minimum, mathematics and reading or language arts, and be administered not less than once during—

(aa) grades 3 through 5;

(bb) grades 6 through 9; and

(cc) grades 10 through 12;

(II) beginning not later than school year 2007–2008, measure the proficiency of all students in science and be administered not less than one time during—

(aa) grades 3 through 5;

(bb) grades 6 through 9; and

(cc) grades 10 through 12;

(vi) involve multiple up-to-date measures of student academic achievement, including measures that assess higher-order thinking skills and understanding;

(vii) beginning not later than school year 2005–2006, measure the achievement of students against the challenging State academic content and student academic achievement standards in each of grades 3 through 8 in, at a minimum, mathematics, and reading or language arts, except that the Secretary may provide the State 1 additional year if the State demonstrates that exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State, prevented full implementation of the academic assessments by that deadline and that the State will complete implementation within the additional 1-year period;

(viii) at the discretion of the State, measure the proficiency of students in academic subjects not described in clauses (v), (vi), (vii) in which the State has adopted challenging academic content and academic achievement standards;

(ix) provide for—

(I) the participation in such assessments of all students;

(II) the reasonable adaptations and accommodations for students with disabilities (as defined under section 602(3) of the Individuals with Disabilities Education Act [20 U.S.C. 1401(3)]) necessary to measure the academic achievement of such students relative to State academic content and State student academic achievement standards; and

(III) the inclusion of limited English proficient students, who shall be assessed in a valid and reliable manner and provided reasonable accommodations on assessments administered to such students under this paragraph, including, to the extent practicable, assessments in the language and form most likely to yield accurate data on what such students know and can do in academic content areas, until such students have achieved English language proficiency as determined under paragraph (7);

(x) notwithstanding subclause (III), the academic assessment (using tests written in English) of reading or language arts of any student who has attended school in the United States (not including Puerto Rico) for three or more consecutive school years, except that if the local educational agency determines, on a case-by-case individual basis, that academic assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the local educational agency may make a determination to assess such student in the appropriate language other than English for a period that does not exceed two additional consecutive years, pro-

vided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such student knows and can do on tests (written in English) of reading or language arts;

(xi) include students who have attended schools in a local educational agency for a full academic year but have not attended a single school for a full academic year, except that the performance of students who have attended more than 1 school in the local educational agency in any academic year shall be used only in determining the progress of the local educational agency;

(xii) produce individual student interpretive, descriptive, and diagnostic reports, consistent with clause (iii) that allow parents, teachers, and principals to understand and address the specific academic needs of students, and include information regarding achievement on academic assessments aligned with State academic achievement standards, and that are provided to parents, teachers, and principals, as soon as is practicably possible after the assessment is given, in an understandable and uniform format, and to the extent practicable, in a language that parents can understand;

(xiii) enable results to be disaggregated within each State, local educational agency, and school by gender, by each major racial and ethnic group, by English proficiency status, by migrant status, by students with disabilities as compared to non-disabled students, and by economically disadvantaged students as compared to students who are not economically disadvantaged, except that, in the case of a local educational agency or a school, such disaggregation shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

(xiv) be consistent with widely accepted professional testing standards, objectively measure academic achievement, knowledge, and skills, and be tests that do not evaluate or assess personal or family beliefs and attitudes, or publicly disclose personally identifiable information; and

(xv) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, and administrators can interpret and address the specific academic needs of students as indicated by the students' achievement on assessment items.

(D) Deferral

A State may defer the commencement, or suspend the administration, but not cease the development, of the assessments described in this paragraph, that were not required prior to January 8, 2002, for 1 year for each year for which the amount appropriated for grants under section 7301b(a)(2) of this title is less than—

- (i) \$370,000,000 for fiscal year 2002;
- (ii) \$380,000,000 for fiscal year 2003;
- (iii) \$390,000,000 for fiscal year 2004; and
- (iv) \$400,000,000 for fiscal years 2005 through 2007.

(4) Special rule

Academic assessment measures in addition to those in paragraph (3) that do not meet the requirements of such paragraph may be included in the assessment under paragraph (3) as additional measures, but may not be used in lieu of the academic assessments required under paragraph (3). Such additional assessment measures may not be used to reduce the number of or change, the schools that would otherwise be subject to school improvement, corrective action, or restructuring under section 6316 of this title if such additional indicators were not used, but may be used to identify additional schools for school improvement or in need of corrective action or restructuring except as provided in paragraph (2)(I)(i).

(5) State authority

If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt curriculum content and student academic achievement standards, and academic assessments aligned with such academic standards, which will be applicable to all students enrolled in the State's public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by—

(A) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

(B) adopting and implementing policies that ensure that each local educational agency in the State that receives grants under this part will adopt curriculum content and student academic achievement standards, and academic assessments aligned with such standards, which—

(i) meet all of the criteria in this subsection and any regulations regarding such standards and assessments that the Secretary may publish; and

(ii) are applicable to all students served by each such local educational agency.

(6) Language assessments

Each State plan shall identify the languages other than English that are present in the participating student population and indicate the languages for which yearly student academic assessments are not available and are needed. The State shall make every effort to develop such assessments and may request assistance from the Secretary if linguistically accessible academic assessment measures are needed. Upon request, the Secretary shall assist with the identification of appropriate academic assessment measures in the needed languages, but shall not mandate a specific academic assessment or mode of instruction.

(7) Academic assessments of English language proficiency

Each State plan shall demonstrate that local educational agencies in the State will, beginning not later than school year 2002-2003, provide for an annual assessment of English proficiency (measuring students' oral language, reading, and writing skills in English) of all students with limited English proficiency in the schools served by the State educational agency, except that the Secretary may provide the State 1 additional year if the State demonstrates that exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State, prevented full implementation of this paragraph by that deadline and that the State will complete implementation within the additional 1-year period.

(8) Requirement

Each State plan shall describe—

(A) how the State educational agency will assist each local educational agency and school affected by the State plan to develop the capacity to comply with each of the requirements of sections 6312(c)(1)(D), 6314(b), and 6315(c) of this title that is applicable to such agency or school;

(B) how the State educational agency will assist each local educational agency and school affected by the State plan to provide additional educational assistance to individual students assessed as needing help to achieve the State's challenging academic achievement standards;

(C) the specific steps the State educational agency will take to ensure that both schoolwide programs and targeted assistance schools provide instruction by highly qualified instructional staff as required by sections 6314(b)(1)(C) and 6315(c)(1)(E) of this title, including steps that the State educational agency will take to ensure that poor and minority children are not taught at higher rates than other children by inexperienced, unqualified, or out-of-field teachers, and the measures that the State educational agency will use to evaluate and publicly report the progress of the State educational agency with respect to such steps;

(D) an assurance that the State educational agency will assist local educational agencies in developing or identifying high-quality effective curricula aligned with State academic achievement standards and how the State educational agency will disseminate such curricula to each local educational agency and school within the State; and

(E) such other factors the State educational agency determines appropriate to provide students an opportunity to achieve the knowledge and skills described in the challenging academic content standards adopted by the State.

(9) Factors affecting student achievement

Each State plan shall include an assurance that the State educational agency will coordi-

nate and collaborate, to the extent feasible and necessary as determined by the State educational agency, with agencies providing services to children, youth, and families, with respect to local educational agencies within the State that are identified under section 6316 of this title and that request assistance with addressing major factors that have significantly affected the academic achievement of students in the local educational agency or schools served by such agency.

§ 6313. Eligible school attendance areas

(a) Determination

(1) In general

A local educational agency shall use funds received under this part only in eligible school attendance areas.

(2) Eligible school attendance areas

For the purposes of this part—

(A) the term “school attendance area” means, in relation to a particular school, the geographical area in which the children who are normally served by that school reside; and

(B) the term “eligible school attendance area” means a school attendance area in which the percentage of children from low-income families is at least as high as the percentage of children from low-income families served by the local educational agency as a whole.

(3) Ranking order

If funds allocated in accordance with subsection (c) of this section are insufficient to serve all eligible school attendance areas, a local educational agency shall—

(A) annually rank, without regard to grade spans, such agency’s eligible school attendance areas in which the concentration of children from low-income families exceeds 75 percent from highest to lowest according to the percentage of children from low-income families; and

(B) serve such eligible school attendance areas in rank order.

(4) Remaining funds

If funds remain after serving all eligible school attendance areas under paragraph (3), a local educational agency shall—

(A) annually rank such agency’s remaining eligible school attendance areas from highest to lowest either by grade span or for the entire local educational agency according to the percentage of children from low-income families; and

(B) serve such eligible school attendance areas in rank order either within each grade-span grouping or within the local educational agency as a whole.

(5) Measures

The local educational agency shall use the same measure of poverty, which measure shall be the number of children ages 5 through 17 in poverty counted in the most recent census data approved by the Secretary, the number of children eligible for free and reduced priced lunches under the Richard B. Russell National School Lunch Act [42 U.S.C. 1751 et seq.], the number of children in families receiving assistance under the State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.], or the number of children eligible to receive medical assistance

under the Medicaid program, or a composite of such indicators, with respect to all school attendance areas in the local educational agency—

- (A) to identify eligible school attendance areas;
- (B) to determine the ranking of each area; and
- (C) to determine allocations under subsection (c) of this section.

(6) Exception

This subsection shall not apply to a local educational agency with a total enrollment of less than 1,000 children.

(7) Waiver for desegregation plans

The Secretary may approve a local educational agency's written request for a waiver of the requirements of subsections (a) and (c) of this section, and permit such agency to treat as eligible, and serve, any school that children attend with a State-ordered, court-ordered school desegregation plan or a plan that continues to be implemented in accordance with a State-ordered or court-ordered desegregation plan, if—

- (A) the number of economically disadvantaged children enrolled in the school is at least 25 percent of the school's total enrollment; and
- (B) the Secretary determines on the basis of a written request from such agency and in accordance with such criteria as the Secretary establishes, that approval of that request would further the purposes of this part.

(b) Local educational agency discretion

(1) In general

Notwithstanding subsection (a)(2) of this section, a local educational agency may—

- (A) designate as eligible any school attendance area or school in which at least 35 percent of the children are from low-income families;
- (B) use funds received under this part in a school that is not in an eligible school attendance area, if the percentage of children from low-income families enrolled in the school is equal to or greater than the percentage of such children in a participating school attendance area of such agency;
- (C) designate and serve a school attendance area or school that is not eligible under this section, but that was eligible and that was served in the preceding fiscal year, but only for 1 additional fiscal year; and
- (D) elect not to serve an eligible school attendance area or eligible school that has a higher percentage of children from low-income families if—
 - (i) the school meets the comparability requirements of section 6321(c) of this title;
 - (ii) the school is receiving supplemental funds from other State or local sources that are spent according to the requirements of section 6314 or 6315 of this title; and
 - (iii) the funds expended from such other sources equal or exceed the amount that would be provided under this part.

(2) Special rule

Notwithstanding paragraph (1)(D), the number of children attending private elementary schools and secondary schools who are to receive services, and the assistance such children are to receive under this part, shall be determined without regard to whether the public school attendance area in which such children reside is assisted under subparagraph (A).

(c) Allocations

(1) In general

A local educational agency shall allocate funds received under this part to eligible school attendance areas or eligible schools, identified under subsections (a) and (b) of this section, in rank order, on the basis of the total number of children from low-income families in each area or school.

(2) Special rule

(A) In general

Except as provided in subparagraph (B), the per-pupil amount of funds allocated to each school attendance area or school under paragraph (1) shall be at least 125 percent of the per-pupil amount of funds a local educational agency received for that year under the poverty criteria described by the local educational agency in the plan submitted under section 6312 of this title, except that this paragraph shall not apply to a local educational agency that only serves schools in which the percentage of such children is 35 percent or greater.

(B) Exception

A local educational agency may reduce the amount of funds allocated under subparagraph (A) for a school attendance area or school by the amount of any supplemental State and local funds expended in that school attendance area or school for programs that meet the requirements of section 6314 or 6315 of this title.

(3) Reservation

A local educational agency shall reserve such funds as are necessary under this part to provide services comparable to those provided to children in schools funded under this part to serve—

- (A) homeless children who do not attend participating schools, including providing educationally related support services to children in shelters and other locations where children may live;
- (B) children in local institutions for neglected children; and
- (C) if appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day school programs.

(4) Financial incentives and rewards reservation

A local educational agency may reserve such funds as are necessary from those funds received by the local educational agency under subchapter II of this chapter, and not more than 5 percent of those funds received by the local educational agency under subpart 2 of

this part, to provide financial incentives and rewards to teachers who serve in schools eligible under this section and identified for school improvement, corrective action, and restructuring under section 6316(b) of this title for the purpose of attracting and retaining qualified and effective teachers.

§ 6315. Targeted assistance schools

(a) In general

In all schools selected to receive funds under section 6313(c) of this title that are ineligible for a schoolwide program under section 6314 of this title, or that choose not to operate such a schoolwide program, a local educational agency serving such school may use funds received under this part only for programs that provide services to eligible children under subsection (b) of this section identified as having the greatest need for special assistance.

(B) Eligible children from eligible population

From the population described in subparagraph (A), eligible children are children identified by the school as failing, or most at risk of failing, to meet the State's challenging student academic achievement standards on the basis of multiple, educationally related, objective criteria established by the local educational agency and supplemented by the school, except that children from preschool through grade 2 shall be selected solely on the basis of such criteria as teacher judgment, interviews with parents, and developmentally appropriate measures.

(2) Children included

(A) In general

Children who are economically disadvantaged, children with disabilities, migrant children or limited English proficient children, are eligible for services under this part on the same basis as other children selected to receive services under this part.

(B) Head Start, Even Start, or Early Reading First children

(C) Part C children

A child who, at any time in the 2 years preceding the year for which the determination is made, received services under part C of this subchapter is eligible for services under this part.

(3) Special rule

Funds received under this part may not be used to provide services that are otherwise required by law to be made available to children described in paragraph (2) but may be used to coordinate or supplement such services.

(c) Components of a targeted assistance school program**(1) In general**

To assist targeted assistance schools and local educational agencies to meet their responsibility to provide for all their students served under this part the opportunity to meet the State's challenging student academic achievement standards in subjects as determined by the State, each targeted assistance program under this section shall—

(A) use such program's resources under this part to help participating children meet such State's challenging student academic achievement standards expected for all children;

(B) ensure that planning for students served under this part is incorporated into existing school planning;

(C) use effective methods and instructional strategies that are based on scientifically based research that strengthens the core academic program of the school and that—

(i) give primary consideration to providing extended learning time, such as an extended school year, before- and after-school, and summer programs and opportunities;

(ii) help provide an accelerated, high-quality curriculum, including applied learning; and

(iii) minimize removing children from the regular classroom during regular school hours for instruction provided under this part;

(D) coordinate with and support the regular education program, which may include services to assist preschool children in the transition from early childhood programs such as Head Start, Even Start, Early Reading First or State-run preschool programs to elementary school programs;

(E) provide instruction by highly qualified teachers;

(F) in accordance with subsection (e)(3) of this section and section 6319 of this title, provide opportunities for professional development with resources provided under this part, and, to the extent practicable, from other sources, for teachers, principals, and paraprofessionals, including, if appropriate, pupil services personnel, parents, and other staff, who work with participating children

(2) Requirements

Each school conducting a program under this section shall assist participating children selected in accordance with subsection (b) of this section to meet the State's proficient and advanced levels of achievement by—

(A) the coordinating of resources provided under this part with other resources; and

(B) reviewing, on an ongoing basis, the progress of participating children and revising the targeted assistance program, if necessary, to provide additional assistance to enable such children to meet the State's challenging student academic achievement standards, such as an extended school year, before- and after-school, and summer programs and opportunities, training for teachers regarding how to identify students who need additional assistance, and training for teachers regarding how to implement student academic achievement standards in the classroom.

(d) Integration of professional development

To promote the integration of staff supported with funds under this part into the regular school program and overall school planning and improvement efforts, public school personnel who are paid with funds received under this part may—

(1) participate in general professional development and school planning activities; and

(2) assume limited duties that are assigned to similar personnel who are not so paid, including duties beyond classroom instruction or that do not benefit participating children, so long as the amount of time spent on such duties is the same proportion of total work time as prevails with respect to similar personnel at the same school.

Nothing in this section shall be construed to prohibit a school from serving students under this section simultaneously with students with similar educational needs, in the same educational settings where appropriate.

(2) Comprehensive services

If—

(A) health, nutrition, and other social services are not otherwise available to eligible children in a targeted assistance school and such school, if appropriate, has engaged in a comprehensive needs assessment and established a collaborative partnership with local service providers; and

(B) funds are not reasonably available from other public or private sources to provide such services, then a portion of the funds provided under this part may be used as a last resort to provide such services, including—

- (i) the provision of basic medical equipment, such as eyeglasses and hearing aids;
- (ii) compensation of a coordinator; and
- (iii) professional development necessary to assist teachers, pupil services personnel, other staff, and parents in identifying and meeting the comprehensive needs of eligible children.

§ 6316. Academic assessment and local educational agency and school improvement

(a) Local review

(1) In general

Each local educational agency receiving funds under this part shall—

(A) use the State academic assessments and other indicators described in the State plan to review annually the progress of each school served under this part to determine whether the school is making adequate yearly progress as defined in section 6311(b)(2) of this title;

(B) at the local educational agency's discretion, use any academic assessments or any other academic indicators described in the local educational agency's plan under section 6312(b)(1)(A) and (B) of this title to review annually the progress of each school served under this part to determine whether the school is making adequate yearly progress as defined in section 6311(b)(2) of this title, except that the local educational agency may not use such indicators (other than as provided for in section 6311(b)(2)(I) of this title) if the indicators reduce the number or change the schools that would otherwise be subject to school improvement, corrective action, or restructuring under this section if such additional indicators were not used, but may identify additional schools for school improvement or in need of corrective action or restructuring;

(C) publicize and disseminate the results of the local annual review described in para-

graph (1) to parents, teachers, principals, schools, and the community so that the teachers, principals, other staff, and schools can continually refine, in an instructionally useful manner, the program of instruction to help all children served under this part meet the challenging State student academic achievement standards established under section 6311(b)(1) of this title; and

(D) review the effectiveness of the actions and activities the schools are carrying out under this part with respect to parental involvement, professional development, and other activities assisted under this part.

(2) Available results

The State educational agency shall ensure that the results of State academic assessments administered in that school year are available to the local educational agency before the beginning of the next school year.

(b) School improvement

(1) General requirements

(A) Identification

Subject to subparagraph (C), a local educational agency shall identify for school improvement any elementary school or secondary school served under this part that fails, for 2 consecutive years, to make adequate yearly progress as defined in the State's plan under section 6311(b)(2) of this title.

(B) Deadline

The identification described in subparagraph (A) shall take place before the beginning of the school year following such failure to make adequate yearly progress.

(C) Application

Subparagraph (A) shall not apply to a school if almost every student in each group specified in section 6311(b)(2)(C)(v) of this title enrolled in such school is meeting or exceeding the State's proficient level of academic achievement.

(D) Targeted assistance schools

To determine if an elementary school or a secondary school that is conducting a targeted assistance program under section 6315 of this title should be identified for school improvement, corrective action, or restructuring under this section, a local educational agency may choose to review the progress of only the students in the school who are served, or are eligible for services, under this part.

(E) Public school choice

(i) In general

In the case of a school identified for school improvement under this paragraph, the local educational agency shall, not later than the first day of the school year following such identification, provide all students enrolled in the school with the option to transfer to another public school served by the local educational agency, which may include a public charter school, that has not been identified for school improvement under this paragraph, unless such an option is prohibited by State law.

(ii) Rule

In providing students the option to transfer to another public school, the local educational agency shall give priority to the lowest achieving children from low-income families, as determined by the local educational agency for purposes of allocating funds to schools under section 6313(c)(1) of this title.

(F) Transfer

Students who use the option to transfer under subparagraph (E) and paragraph (5)(A), (7)(C)(i), or (8)(A)(i) or subsection (c)(10)(C)(vii) of this section shall be enrolled in classes and other activities in the public school to which the students transfer in the same manner as all other children at the public school.

(2) Opportunity to review and present evidence; time limit**(A) Identification**

Before identifying an elementary school or a secondary school for school improvement under paragraphs¹ (1) or (5)(A), for corrective action under paragraph (7), or for restructuring under paragraph (8), the local educational agency shall provide the school with an opportunity to review the school-level data, including academic assessment data, on which the proposed identification is based.

(B) Evidence

If the principal of a school proposed for identification under paragraph (1), (5)(A), (7), or (8) believes, or a majority of the parents of the students enrolled in such school believe, that the proposed identification is in error for statistical or other substantive reasons, the principal may provide supporting evidence to the local educational agency, which shall consider that evidence before making a final determination.

(C) Final determination

Not later than 30 days after a local educational agency provides the school with the opportunity to review such school-level data, the local educational agency shall make public a final determination on the status of the school with respect to the identification.

(3) School plan**(A) Revised plan**

After the resolution of a review under paragraph (2), each school identified under paragraph (1) for school improvement shall, not later than 3 months after being so identified, develop or revise a school plan, in consultation with parents, school staff, the local educational agency serving the school, and outside experts, for approval by such local educational agency. The school plan shall cover a 2-year period and—

(i) incorporate strategies based on scientifically based research that will strengthen the core academic subjects in

the school and address the specific academic issues that caused the school to be identified for school improvement, and may include a strategy for the implementation of a comprehensive school reform model that includes each of the components described in part F of this subchapter;

(ii) adopt policies and practices concerning the school's core academic subjects that have the greatest likelihood of ensuring that all groups of students specified in section 6311(b)(2)(C)(v) of this title and enrolled in the school will meet the State's proficient level of achievement on the State academic assessment described in section 6311(b)(3) of this title not later than 12 years after the end of the 2001–2002 school year;

(iii) provide an assurance that the school will spend not less than 10 percent of the funds made available to the school under section 6313 of this title for each fiscal year that the school is in school improvement status, for the purpose of providing to the school's teachers and principal high-quality professional development that—

(I) directly addresses the academic achievement problem that caused the school to be identified for school improvement;

(II) meets the requirements for professional development activities under section 6319 of this title; and

(III) is provided in a manner that affords increased opportunity for participating in that professional development;

(iv) specify how the funds described in clause (iii) will be used to remove the school from school improvement status;

(v) establish specific annual, measurable objectives for continuous and substantial progress by each group of students specified in section 6311(b)(2)(C)(v) of this title and enrolled in the school that will ensure that all such groups of students will, in accordance with adequate yearly progress as defined in section 6311(b)(2) of this title, meet the State's proficient level of achievement on the State academic assessment described in section 6311(b)(3) of this title not later than 12 years after the end of the 2001–2002 school year;

(vi) describe how the school will provide written notice about the identification to parents of each student enrolled in such school, in a format and, to the extent practicable, in a language that the parents can understand;

(vii) specify the responsibilities of the school, the local educational agency, and the State educational agency serving the school under the plan, including the technical assistance to be provided by the local educational agency under paragraph (4) and the local educational agency's responsibilities under section 6321 of this title;

(viii) include strategies to promote effective parental involvement in the school;

summer, and during any extension of the school year; and

(x) incorporate a teacher mentoring program.

(B) Conditional approval

The local educational agency may condition approval of a school plan under this paragraph on—

(i) inclusion of one or more of the corrective actions specified in paragraph (7)(C)(iv); or

(ii) feedback on the school improvement plan from parents and community leaders.

(C) Plan implementation

Except as provided in subparagraph (D), a school shall implement the school plan (including a revised plan) expeditiously, but not later than the beginning of the next full school year following the identification under paragraph (1).

(D) Plan approved during school year

Notwithstanding subparagraph (C), if a plan is not approved prior to the beginning of a school year, such plan shall be implemented immediately upon approval.

(E) Local educational agency approval

The local educational agency, within 45 days of receiving a school plan, shall—

(i) establish a peer review process to assist with review of the school plan; and

(ii) promptly review the school plan, work with the school as necessary, and approve the school plan if the plan meets the requirements of this paragraph.

(4) Technical assistance

(A) In general

For each school identified for school improvement under paragraph (1), the local educational agency serving the school shall ensure the provision of technical assistance as the school develops and implements the school plan under paragraph (3) throughout the plan's duration.

(B) Specific assistance

Such technical assistance—

(i) shall include assistance in analyzing data from the assessments required under section 6311(b)(3) of this title, and other examples of student work, to identify and address problems in instruction, and problems if any, in implementing the parental involvement requirements described in section 6318 of this title, the professional development requirements described in section 6319 of this title, and the responsibilities of the school and local educational agency under the school plan, and to identify and address solutions to such problems;

(ii) shall include assistance in identifying and implementing professional development, instructional strategies, and methods of instruction that are based on scientifically based research and that have proven effective in addressing the specific instructional issues that caused the school to be identified for school improvement;

(iii) shall include assistance in analyzing and revising the school's budget so that the school's resources are more effectively allocated to the activities most likely to increase student academic achievement and to remove the school from school improvement status; and

(iv) may be provided—

(I) by the local educational agency, through mechanisms authorized under section 6317 of this title; or

(II) by the State educational agency, an institution of higher education (that is in full compliance with all the reporting provisions of title II of the Higher Education Act of 1965 [20 U.S.C. 1021 et seq.]), a private not-for-profit organization or for-profit organization, an educational service agency, or another entity with experience in helping schools improve academic achievement.

(C) Scientifically based research

Technical assistance provided under this section by a local educational agency or an entity approved by that agency shall be based on scientifically based research.

(5) Failure to make adequate yearly progress after identification

In the case of any school served under this part that fails to make adequate yearly progress, as set out in the State's plan under section 6311(b)(2) of this title, by the end of the first full school year after identification under paragraph (1), the local educational agency serving such school—

(A) shall continue to provide all students enrolled in the school with the option to transfer to another public school served by the local educational agency in accordance with subparagraphs (E) and (F);

(B) shall make supplemental educational services available consistent with subsection (e)(1) of this section; and

(C) shall continue to provide technical assistance.

(6) Notice to parents

A local educational agency shall promptly provide to a parent or parents (in an understandable and uniform format and, to the extent practicable, in a language the parents can understand) of each student enrolled in an elementary school or a secondary school identified for school improvement under paragraph (1), for corrective action under paragraph (7), or for restructuring under paragraph (8)—

(A) an explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary schools or secondary schools served by the local educational agency and the State educational agency involved;

(B) the reasons for the identification;

(C) an explanation of what the school identified for school improvement is doing to address the problem of low achievement;

(D) an explanation of what the local educational agency or State educational agency is doing to help the school address the achievement problem;

(E) an explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and

(F) an explanation of the parents' option to transfer their child to another public school under paragraphs (1)(E), (5)(A), (7)(C)(i), (8)(A)(i), and subsection (c)(10)(C)(vii) of this section (with transportation provided by the agency when required by paragraph (9)) or to obtain supplemental educational services for the child, in accordance with subsection (e) of this section.

(7) Corrective action

(A) In general

In this subsection, the term “corrective action” means action, consistent with State law, that—

(i) substantially and directly responds to—

(I) the consistent academic failure of a school that caused the local educational agency to take such action; and

(II) any underlying staffing, curriculum, or other problems in the school; and

(ii) is designed to increase substantially the likelihood that each group of students described in² 6311(b)(2)(C) of this title enrolled in the school identified for corrective action will meet or exceed the State's proficient levels of achievement on the State academic assessments described in section 6311(b)(3) of this title.

(B) System

In order to help students served under this part meet challenging State student academic achievement standards, each local educational agency shall implement a system of corrective action in accordance with subparagraphs (C) through (E).

(C) Role of local educational agency

In the case of any school served by a local educational agency under this part that fails to make adequate yearly progress, as defined by the State under section 6311(b)(2) of this title, by the end of the second full school year after the identification under paragraph (1), the local educational agency shall—

(i) continue to provide all students enrolled in the school with the option to transfer to another public school served by the local educational agency, in accordance with paragraph (1)(E) and (F);

(ii) continue to provide technical assistance consistent with paragraph (4) while instituting any corrective action under clause (iv);

(iii) continue to make supplemental educational services available, in accordance with subsection (e) of this section, to children who remain in the school; and

(iv) identify the school for corrective action and take at least one of the following corrective actions:

(I) Replace the school staff who are relevant to the failure to make adequate yearly progress.

(II) Institute and fully implement a new curriculum, including providing appropriate professional development for all relevant staff, that is based on scientifically based research and offers substantial promise of improving educational achievement for low-achieving students and enabling the school to make adequate yearly progress.

(III) Significantly decrease management authority at the school level.

(IV) Appoint an outside expert to advise the school on its progress toward making adequate yearly progress, based on its school plan under paragraph (3).

(V) Extend the school year or school day for the school.

(VI) Restructure the internal organizational structure of the school.

(D) Delay

Notwithstanding any other provision of this paragraph, the local educational agency may delay, for a period not to exceed 1 year, implementation of the requirements under paragraph (5), corrective action under this paragraph, or restructuring under paragraph (8) if the school makes adequate yearly progress for 1 year or if its failure to make adequate yearly progress is due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the local educational agency or school. No such period shall be taken into account in determining the number of consecutive years of failure to make adequate yearly progress.

(E) Publication and dissemination

The local educational agency shall publish and disseminate information regarding any corrective action the local educational agency takes under this paragraph at a school—

(i) to the public and to the parents of each student enrolled in the school subject to corrective action;

(ii) in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand; and

(iii) through such means as the Internet, the media, and public agencies.

(8) Restructuring

(A) Failure to make adequate yearly progress

If, after 1 full school year of corrective action under paragraph (7), a school subject to such corrective action continues to fail to make adequate yearly progress, then the local educational agency shall—

(i) continue to provide all students enrolled in the school with the option to transfer to another public school served by the local educational agency, in accordance with paragraph (1)(E) and (F);

(ii) continue to make supplemental educational services available, in accordance with subsection (e) of this section, to children who remain in the school; and

(iii) prepare a plan and make necessary arrangements to carry out subparagraph (B).

² So in original. Probably should be followed by “section”.

(B) Alternative governance

Not later than the beginning of the school year following the year in which the local educational agency implements subparagraph (A), the local educational agency shall implement one of the following alternative governance arrangements for the school consistent with State law:

(i) Reopening the school as a public charter school.

(ii) Replacing all or most of the school staff (which may include the principal) who are relevant to the failure to make adequate yearly progress.

(iii) Entering into a contract with an entity, such as a private management company, with a demonstrated record of effectiveness, to operate the public school.

(iv) Turning the operation of the school over to the State educational agency, if permitted under State law and agreed to by the State.

(v) Any other major restructuring of the school's governance arrangement that makes fundamental reforms, such as significant changes in the school's staffing and governance, to improve student academic achievement in the school and that has substantial promise of enabling the school to make adequate yearly progress as defined in the State plan under section 6311(b)(2) of this title. In the case of a rural local educational agency with a total of less than 600 students in average daily attendance at the schools that are served by the agency and all of whose schools have a School Locale Code of 7 or 8, as determined by the Secretary, the Secretary shall, at such agency's request, provide technical assistance to such agency for the purpose of implementing this clause.

(C) Prompt notice

The local educational agency shall—

(i) provide prompt notice to teachers and parents whenever subparagraph (A) or (B) applies; and

(ii) provide the teachers and parents with an adequate opportunity to—

(I) comment before taking any action under those subparagraphs; and

(II) participate in developing any plan under subparagraph (A)(iii).

(9) Transportation

In any case described in paragraph (1)(E) for schools described in paragraphs (1)(A), (5), (7)(C)(i), and (8)(A), and subsection (c)(10)(C)(vii) of this section, the local educational agency shall provide, or shall pay for the provision of, transportation for the student to the public school the student attends.

(10) Funds for transportation and supplemental educational services**(A) In general**

Unless a lesser amount is needed to comply with paragraph (9) and to satisfy all requests for supplemental educational services under subsection (e) of this section, a local educational agency shall spend an amount

equal to 20 percent of its allocation under subpart 2 of this part, from which the agency shall spend—

(i) an amount equal to 5 percent of its allocation under subpart 2 of this part to provide, or pay for, transportation under paragraph (9);

(ii) an amount equal to 5 percent of its allocation under subpart 2 of this part to provide supplemental educational services under subsection (e) of this section; and

(iii) an amount equal to the remaining 10 percent of its allocation under subpart 2 of this part for transportation under paragraph (9), supplemental educational services under subsection (e) of this section, or both, as the agency determines.

(B) Total amount

The total amount described in subparagraph (A)(ii) is the maximum amount the local educational agency shall be required to spend under this part on supplemental educational services described in subsection (e) of this section.

(C) Insufficient funds

If the amount of funds described in subparagraph (A)(ii) or (iii) and available to provide services under this subsection is insufficient to provide supplemental educational services to each child whose parents request the services, the local educational agency shall give priority to providing the services to the lowest-achieving children.

(D) Prohibition

A local educational agency shall not, as a result of the application of this paragraph, reduce by more than 15 percent the total amount made available under section 6313(c) of this title to a school described in paragraph (7)(C) or (8)(A) of subsection (b) of this section.

(11) Cooperative agreement

In any case described in paragraph (1)(E), (5)(A), (7)(C)(i), or (8)(A)(i), or subsection (c)(10)(C)(vii) of this section if all public schools served by the local educational agency to which a child may transfer are identified for school improvement, corrective action or restructuring, the agency shall, to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for a transfer.

(12) Duration

If any school identified for school improvement, corrective action, or restructuring makes adequate yearly progress for two consecutive school years, the local educational agency shall no longer subject the school to the requirements of school improvement, corrective action, or restructuring or identify the school for school improvement for the succeeding school year.

(13) Special rule

A local educational agency shall permit a child who transferred to another school under this subsection to remain in that school until the child has completed the highest grade in

that school. The obligation of the local educational agency to provide, or to provide for, transportation for the child ends at the end of a school year if the local educational agency determines that the school from which the child transferred is no longer identified for school improvement or subject to corrective action or restructuring.

(14) State educational agency responsibilities

The State educational agency shall—

(A) make technical assistance under section 6317 of this title available to schools identified for school improvement, corrective action, or restructuring under this subsection consistent with section 6317(a)(2) of this title;

(B) if the State educational agency determines that a local educational agency failed to carry out its responsibilities under this subsection, take such corrective actions as the State educational agency determines to be appropriate and in compliance with State law;

(C) ensure that academic assessment results under this part are provided to schools before any identification of a school may take place under this subsection; and

(D) for local educational agencies or schools identified for improvement under this subsection, notify the Secretary of major factors that were brought to the attention of the State educational agency under section 6311(b)(9) of this title that have significantly affected student academic achievement.

(c) State review and local educational agency improvement

(1) In general

A State shall—

(A) annually review the progress of each local educational agency receiving funds under this part to determine whether schools receiving assistance under this part are making adequate yearly progress as defined in section 6311(b)(2) of this title toward meeting the State's student academic achievement standards and to determine if each local educational agency is carrying out its responsibilities under this section and sections 6317, 6318, and 6319 of this title; and

(4) Targeted assistance schools

When reviewing targeted assistance schools served by a local educational agency, a State educational agency may choose to review the progress of only the students in such schools who are served, or are eligible for services, under this part.

(5) Opportunity to review and present evidence

(A) Review

Before identifying a local educational agency for improvement under paragraph (3) or corrective action under paragraph (10), a State educational agency shall provide the local educational agency with an opportunity to review the data, including academic assessment data, on which the proposed identification is based.

(B) Evidence

If the local educational agency believes that the proposed identification is in error for statistical or other substantive reasons, the agency may provide supporting evidence to the State educational agency, which shall consider the evidence before making a final determination not later than 30 days after the State educational agency provides the local educational agency with the opportunity to review such data under subparagraph (A).

(6) Notification to parents

The State educational agency shall promptly provide to the parents (in a format and, to the extent practicable, in a language the parents can understand) of each student enrolled in a school served by a local educational agency identified for improvement, the results of the review under paragraph (1) and, if the agency is identified for improvement, the reasons for that identification and how parents can participate in upgrading the quality of the local educational agency.

(7) Local educational agency revisions

(A) Plan

Each local educational agency identified under paragraph (3) shall, not later than 3 months after being so identified, develop or revise a local educational agency plan, in consultation with parents, school staff, and others. Such plan shall—

(ii) work with schools needing improvement.

(B) Methods and strategies

Technical assistance provided under this section by the State educational agency or an entity authorized by such agency shall be supported by effective methods and instructional strategies based on scientifically based research. Such technical assistance shall address problems, if any, in implementing the parental involvement activities described in section 6318 of this title and the

professional development activities described in section 6319 of this title.

(10) Corrective action

In order to help students served under this part meet challenging State student academic achievement standards, each State shall implement a system of corrective action in accordance with the following:

(A) Definition

As used in this paragraph, the term "corrective action" means action, consistent with State law, that—

(i) substantially and directly responds to the consistent academic failure that caused the State to take such action and to any underlying staffing, curricular, or other problems in the agency; and

(ii) is designed to meet the goal of having all students served under this part achieve at the proficient and advanced student academic achievement levels.

(B) General requirements

After providing technical assistance under paragraph (9) and subject to subparagraph (E), the State—

(E) Notice to parents

The State educational agency shall publish, and disseminate to parents and the public, information on any corrective action the State educational agency takes under this paragraph through such means as the Internet, the media, and public agencies.

(F) Delay

Notwithstanding subparagraph (B)(ii), a State educational agency may delay, for a period not to exceed 1 year, implementation of corrective action under this paragraph if the local educational agency makes adequate yearly progress for 1 year or its failure to make adequate yearly progress is due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the local educational agency. No such period shall be taken into account in determining the number of consecutive years of failure to make adequate yearly progress.

(11) Special rule

If a local educational agency makes adequate yearly progress for two consecutive school years beginning after the date of identification of the agency under paragraph (3), the State educational agency need no longer identify the local educational agency for improvement or subject the local educational agency to corrective action for the succeeding school year.

(3) Agreement

In the case of the selection of an approved provider by a parent, the local educational agency shall enter into an agreement with such provider. Such agreement shall—

(A) require the local educational agency to develop, in consultation with parents (and the provider chosen by the parents), a statement of specific achievement goals for the student, how the student's progress will be measured, and a timetable for improving achievement that, in the case of a student with disabilities, is consistent with the student's individualized education program under section 1414(d) of this title;

(C) maintain an updated list of approved providers across the State, by school district, from which parents may select;

(D) develop, implement, and publicly report on standards and techniques for monitoring the quality and effectiveness of the services offered by approved providers under this subsection, and for withdrawing approval from providers that fail, for 2 consecutive years, to contribute to increasing the academic proficiency of students served under this subsection as described in subparagraph (B); and

§ 6320. Participation of children enrolled in private schools

(a) General requirement

(1) In general

To the extent consistent with the number of eligible children identified under section 6315(b) of this title in the school district served by a local educational agency who are enrolled in private elementary schools and secondary schools, a local educational agency shall, after timely and meaningful consultation with appropriate private school officials, provide such children, on an equitable basis, special educational services or other benefits under this part (such as dual enrollment, educational radio and television, computer equipment and materials, other technology, and mobile educational services and equipment) that address their needs, and shall ensure that teachers and families of the children participate, on an equitable basis, in services and activities developed pursuant to sections 6318 and 6319 of this title.

(2) Secular, neutral, nonideological

Such educational services or other benefits, including materials and equipment, shall be secular, neutral, and nonideological.

(3) Equity

Educational services and other benefits for such private school children shall be equitable in comparison to services and other benefits for public school children participating under this part, and shall be provided in a timely manner.

(4) Expenditures

Expenditures for educational services and other benefits to eligible private school children shall be equal to the proportion of funds allocated to participating school attendance areas based on the number of children from low-income families who attend private schools, which the local educational agency may determine each year or every 2 years.

(5) Provision of services

The local educational agency may provide services under this section directly or through contracts with public and private agencies, organizations, and institutions.

(b) Consultation**(1) In general**

(C) how, where, and by whom the services will be provided;

(D) how the services will be academically assessed and how the results of that assessment will be used to improve those services;

(E) the size and scope of the equitable services to be provided to the eligible private school children, and the proportion of funds that is allocated under subsection (a)(4) of this section for such services;

(F) the method or sources of data that are used under subsection (c) of this section and section 6313(c)(1) of this title to determine the number of children from low-income families in participating school attendance areas who attend private schools;

(G) how and when the agency will make decisions about the delivery of services to such children, including a thorough consideration and analysis of the views of the private school officials on the provision of services through a contract with potential third-party providers; and

(H) how, if the agency disagrees with the views of the private school officials on the provision of services through a contract, the local educational agency will provide in writing to such private school officials an analysis of the reasons why the local educational agency has chosen not to use a contractor.

(2) Timing

Such consultation shall include meetings of agency and private school officials and shall occur before the local educational agency makes any decision that affects the opportunities of eligible private school children to participate in programs under this part. Such meetings shall continue throughout implementation and assessment of services provided under this section.

Such consultation shall include a discussion of service delivery mechanisms a local educational agency can use to provide equitable services to eligible private school children.

(4) Documentation

Each local educational agency shall maintain in the agency's records and provide to the State educational agency involved a written affirmation signed by officials of each participating private school that the consultation required by this section has occurred. (5) Compliance**(A) In general**

A private school official shall have the right to complain to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

(B) Procedure

If the private school official wishes to complain, the official shall provide the basis of the noncompliance with this section by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency.

(c) Allocation for equitable service to private school students**(1) Calculation**

A local educational agency shall have the final authority, consistent with this section, to calculate the number of children, ages 5 through 17, who are from low-income families and attend private schools by—

(A) using the same measure of low income used to count public school children;

(B) using the results of a survey that, to the extent possible, protects the identity of families of private school students, and allowing such survey results to be extrapolated if complete actual data are unavailable;

(C) applying the low-income percentage of each participating public school attendance area, determined pursuant to this section, to the number of private school children who reside in that school attendance area; or

(D) using an equated measure of low income correlated with the measure of low income used to count public school children.

(2) Complaint process

Any dispute regarding low-income data for private school students shall be subject to the complaint process authorized in section 7883 of this title.¹

(d) Public control of funds**(1) In general**

Of the amount appropriated under section 6302(a) of this title to carry out this part for each of fiscal years 2002-2007 (referred to in this subsection as the current fiscal year)—

(1) an amount equal to the amount made available to carry out section 6333 of this title for fiscal year 2001 shall be allocated in accordance with section 6333 of this title;

(2) an amount equal to the amount made available to carry out section 6334 of this title for fiscal year 2001 shall be allocated in accordance with section 6334 of this title; and

(b) Adjustments where necessitated by appropriations**(1) In general**

If the sums available under this subpart for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under sections 6333, 6334, and 6335 of this title for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to subsections (c) and (d) of this section.

(2) Additional funds

If additional funds become available for making payments under sections 6333, 6334, and 6335 of this title for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

(c) Hold-harmless amounts**(1) Amounts for sections 6333, 6334, and 6335**

For each fiscal year, the amount made available to each local educational agency under each of sections 6333, 6334, and 6335 of this title shall be—

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted for grants under section 6333 of this title is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the local educational agency;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

(C) not less than 85 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is below 15 percent.

(2) Payments

If sufficient funds are appropriated, the amounts described in paragraph (1) shall be paid to all local educational agencies that received grants under section 6334 of this title for the preceding fiscal year, regardless of whether the local educational agency meets the minimum eligibility criteria for that fiscal year described in section 6334(a)(1)(A) of this title except that a local educational agency that does not meet such minimum eligibility criteria for 4 consecutive years shall no longer be eligible to receive a hold harmless amount referred to in paragraph (1).

(4) Population data

For any fiscal year for which the Secretary calculates grants on the basis of population data for counties, the Secretary shall apply the hold-harmless percentages in paragraphs

(1) and (2) to counties and, if the Secretary's allocation for a county is not sufficient to meet the hold-harmless requirements of this subsection for every local educational agency within that county, the State educational agency shall reallocate funds proportionately from all other local educational agencies in the State that are receiving funds in excess of the hold-harmless amounts specified in this subsection.

(d) Ratable reductions**(1) In general**

If the sums made available under this subpart for any fiscal year are insufficient to pay the full amounts that local educational agencies in all States are eligible to receive under subsection (c) of this section for such year, the Secretary shall ratably reduce such amounts for such year.

(2) Additional funds

If additional funds become available for making payments under subsection (c) of this section for such fiscal year, amounts that were reduced under paragraph (1) shall be increased on the same basis as such amounts were reduced.

(Pub. L. 89-10, title I, §1122, as added Pub. L. 107-110, title I, §101, Jan. 8, 2002, 115 Stat. 1515.)

PRIOR PROVISIONS

A prior section 6332, Pub. L. 89-10, title I, §1122, as added Pub. L. 103-382, title I, §101, Oct. 20, 1994, 108 Stat. 3562, related to allocations to States, prior to the general amendment of this subchapter by Pub. L. 107-110.

§ 6333. Basic grants to local educational agencies**(a) Amount of grants****(1) Grants for local educational agencies and Puerto Rico**

Except as provided in paragraph (4) and in section 6338 of this title, the grant that a local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

(A) the number of children counted under subsection (c) of this section; and

(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

(2) Calculation of grants**(A) Allocations to local educational agencies**

The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) of this section for local educational agencies, unless the Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

(ii) paragraph (3) shall apply.

(B) Allocations to large and small local educational agencies

(i) For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

(iii) For small local educational agencies, the State educational agency may either—

(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

(II) use an alternative method approved by the Secretary to distribute the portion of the State's total grants under this section that is based on those small agencies.

(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State's small local educational agencies that meet the eligibility criteria of subsection (b) of this section.

(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal that determination to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

(vi) As used in this subparagraph—

(I) the term "large local educational agency" means a local educational agency serving an area with a total population of 20,000 or more; and

(II) the term "small local educational agency" means a local educational agency serving an area with a total population of less than 20,000.

(3) Allocations to counties

(A) Calculation

For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) of this section for counties, and State educational agencies shall suballocate county amounts to local educational agencies, in accordance with regulations issued by the Secretary.

(B) Direct allocations

In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agency may apply to the Secretary for authority to make the allocations under this subpart for a particular fiscal year directly to local educational agencies without regard to counties.

(C) Allocations to local educational agencies

If the Secretary approves the State educational agency's application under subparagraph (B), the State educational agency shall provide the Secretary an assurance that such allocations shall be made—

(i) using precisely the same factors for determining a grant as are used under this subpart; or

(ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

(D) Appeal

The State educational agency shall provide the Secretary an assurance that it will establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

(4) Puerto Rico

(A) In general

For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) of this section for the Commonwealth of Puerto Rico by the product of—

(i) subject to subparagraph (B), the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and

(ii) 32 percent of the average per-pupil expenditure in the United States.

(B) Minimum percentage

The percentage in subparagraph (A)(i) shall not be less than—

(i) for fiscal year 2002, 77.5 percent;

(ii) for fiscal year 2003, 80.0 percent;

(iii) for fiscal year 2004, 82.5 percent;

(iv) for fiscal year 2005, 85.0 percent;

(v) for fiscal year 2006, 92.5 percent; and

(vi) for fiscal year 2007 and succeeding fiscal years, 100.0 percent.

(C) Limitation

If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of—

(i) the percentage in subparagraph (A)(i);

(ii) the percentage specified in subparagraph (B) for the preceding fiscal year; or

(iii) the percentage used for the preceding fiscal year.

(b) Minimum number of children to qualify

A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) of this section for that agency is both—

(1) 10 or more; and

(2) more than 2 percent of the total school-age population in the agency's jurisdiction.

(c) Children to be counted

(1) Categories of children

The number of children to be counted for purposes of this section is the aggregate of—

(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);

(B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D of this subchapter for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and

(C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

(2) Determination of number of children

For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency's total grant that is no less than the county's share of the population counts used to calculate the local educational agency's grant.

(3) Population updates

(A) In general

In fiscal year 2002 and each subsequent fiscal year, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for counties or local educational agencies, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that the use of the updated population data would be inappropriate or unreliable. If appropriate and reliable data are not available annually, the Secretary shall use data which are updated every 2 years.

(B) Inappropriate or unreliable data

If the Secretary and the Secretary of Commerce determine that some or all of the data

referred to in subparagraph (A) are inappropriate or unreliable, the Secretary and the Secretary of Commerce shall publicly disclose their reasons.

(C) Criteria of poverty

In determining the families that are below the poverty level, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census, as the criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(4) Other children to be counted

(A) For the purpose of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.]; and in making such determinations, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of four in such form as those criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(B) The Secretary shall determine the number of such children and the number of children aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary's determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination.

(C) Except for the data on children living in institutions for neglected or delinquent children, the Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

(D) For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

(5) Estimate

When requested by the Secretary, the Secretary of Commerce shall make a special updated estimate of the number of children of such ages who are from families below the poverty level (as determined under paragraph (1)(A)) in each school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of

Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

(d) State minimum

Notwithstanding section 6332 of this title, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

(1) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(2) the average of—

(A) the amount calculated in paragraph (1), above; and

(B) the number of children in such State counted under subsection (c) of this section in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

(a) Eligibility for and amount of grants

(1) In general

(A) Except as otherwise provided in this paragraph, each local educational agency which is eligible for a grant under section 6333 of this title for any fiscal year is eligible for an additional grant under this section for that fiscal year if the number of children counted under section 6333(c) of this title in the agency exceeds either—

(i) 6,500; or

(ii) 15 percent of the total number of children aged 5 through 17 in the agency.

(B) Notwithstanding section 6332 of this title, no State shall receive less than the lesser of—

(i) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(ii) the average of—

(I) the amount calculated under clause (i); and

(II) the greater of—

(aa) \$340,000; or

(bb) the number of children in such State counted for purposes of this section in that fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

(2) Determination

For each county or local educational agency eligible to receive an additional grant under this section for any fiscal year, the Secretary shall determine the product of—

(A) the number of children counted under section 6333(c) of this title for that fiscal year; and

(4) Local allocations

(A) Grant amounts under this section shall be determined in accordance with section 6333(a)(2), (3), and (4) of this title.

(B) For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, a State may reserve not more than 2 percent of its allocation under this section to make grants to local educational agencies that meet the criteria of paragraph (1)(A)(i) or (ii) and are in ineligible counties that do not meet these criteria.

(b) Small States

In any State for which on January 8, 2002, the number of children counted under section 6333(c) of this title is less than 0.25 percent of the number of those children counted for all States, the State educational agency shall allocate funds under this section among the local educational agencies in the State either—

§ 6335. Targeted grants to local educational agencies

(a) Eligibility of local educational agencies

(1) In general

A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(2) Special rule

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

(b) Grants for local educational agencies, the District of Columbia, and the Commonwealth of Puerto Rico

(1) In general

The amount of the grant that a local educational agency in a State (other than the Commonwealth of Puerto Rico) is eligible to receive under this section for any fiscal year shall be the product of—

(A) the weighted child count determined under subsection (c) of this section; and

(B) the amount determined under section 6333(a)(1)(B) of this title.

(2) Puerto Rico

For each fiscal year, the amount of the grant the Commonwealth of Puerto Rico is eligible to receive under this section shall be equal to the number of children counted under subsection (c) of this section for the Commonwealth of Puerto Rico, multiplied by the amount determined in section 6333(a)(4) of this title for the Commonwealth of Puerto Rico.

(iv) the number of such children who constitute more than 24.20 percent, but not more than 29.20 percent, of such population, multiplied by 3.25; and

(v) the number of such children who constitute more than 29.20 percent of such population, multiplied by 4.0.

(C) By number of children

(v) the number of such children in excess of 93,811 in such population, multiplied by 3.0.

(D) Puerto Rico

Notwithstanding subparagraph (A), the weighting factor for the Commonwealth of Puerto Rico under this paragraph shall not be greater than the total number of children counted under section 6333(c) of this title multiplied by 1.82.

(2) Weights for allocations to local educational agencies

(A) In general

For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency's grant under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

(B) By percentage of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title for that local educational agency who constitute not more than 15.58 percent, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

PRIOR PROVISIONS

A prior section 6335, Pub. L. 89-10, title I, §1125, as added Pub. L. 103-382, title I, §101, Oct. 20, 1994, 108 Stat.

§ 6336. Adequacy of funding of targeted grants to local educational agencies in fiscal years after fiscal year 2001

(a) Findings

Congress makes the following findings:

(1) The current Basic Grant Formula for the distribution of funds under this part often does not provide funds for the economically disadvantaged students for which such funds are targeted.

(2) Any school district in which more than 2 percent of the students live below the poverty level qualifies for funding under the Basic Grant Formula. As a result, 9 out of every 10 school districts in the country receive some form of aid under the Formula.

(3) Fifty-eight percent of all schools receive at least some funding under this part, including many suburban schools with predominantly well-off students.

(4) One out of every 5 schools with concentrations of poor students between 50 and 75 percent receive no funding at all under this part.

(5) In passing the Improving America's Schools Act in 1994, Congress declared that grants under this part would more sharply target high poverty schools by using the Targeted Grant Formula, but annual appropriation Acts have prevented the use of that Formula.

(6) The advantage of the Targeted Grant Formula over other funding formulas under this part is that the Targeted Grant Formula provides increased grants per poor child as the percentage of economically disadvantaged children in a school district increases.

(7) Studies have found that the poverty of a child's family is much more likely to be associated with educational disadvantage if the family lives in an area with large concentrations of poor families.

(8) States with large populations of high poverty students would receive significantly more funding if more funds under this part were allocated through the Targeted Grant Formula.

(9) Congress has an obligation to allocate funds under this part so that such funds will positively affect the largest number of economically disadvantaged students.

(b) Limitation on allocation of subchapter I funds contingent on adequate funding of targeted grants

Pursuant to section 6332 of this title, the total amount allocated in any fiscal year after fiscal year 2001 for programs and activities under this part shall not exceed the amount allocated in fiscal year 2001 for such programs and activities unless the amount available for targeted grants to local educational agencies under section 6335 of this title in the applicable fiscal year meets the requirements of section 6332(a) of this title.

PRIOR PROVISIONS

A prior section 6336, Pub. L. 89-10, title I, §1125A, as added Pub. L. 103-382, title I, §101, Oct. 20, 1994, 108 Stat. 3575, related to education finance incentive program, prior to the general amendment of this subchapter by Pub. L. 107-110. See section 6337 of this title.

§ 6337. Education finance incentive grant program

(a) Grants

From funds appropriated under subsection (f) of this section the Secretary is authorized to make grants to States, from allotments under subsection (b) of this section, to carry out the programs and activities of this part.

(b) Distribution based upon fiscal effort and equity

(1) In general

(A) In general

Except as provided in subparagraph (B), funds appropriated pursuant to subsection (f) of this section shall be allotted to each State based upon the number of children counted under section 6333(c) of this title in such State multiplied by the product of—

(i) the amount in section 6333(a)(1)(B) of this title for all States other than the Commonwealth of Puerto Rico, except that the amount determined under that subparagraph shall not be less than 34 percent or more than 46 percent of the average per pupil expenditure in the United States, and the amount in section 6333(a)(4) of this title for the Commonwealth of Puerto Rico, except that the amount in section 6333(a)(4)(A)(ii) of this title shall be 34 percent of the average per pupil expenditure in the United States; multiplied by

(ii) such State's effort factor described in paragraph (2); multiplied by

(iii) 1.30 minus such State's equity factor described in paragraph (3).

(B) State minimum

Notwithstanding any other provision of this section or section 6332 of this title, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

(i) 0.35 percent of total appropriations; or
(ii) the average of—

(I) 0.35 percent of the total amount available to carry out this section; and

(II) 150 percent of the national average grant under this section per child described in section 6333(c) of this title, without application of a weighting factor, multiplied by the State's total number of children described in section 6333(c) of this title, without application of a weighting factor.

(2) Effort factor

(A) In general

Except as provided in subparagraph (B), the effort factor for a State shall be deter-

mined in accordance with the succeeding sentence, except that such factor shall not be less than 0.95 nor greater than 1.05. The effort factor determined under this sentence shall be a fraction the numerator of which is the product of the 3-year average per-pupil expenditure in the State multiplied by the 3-year average per capita income in the United States and the denominator of which is the product of the 3-year average per capita income in such State multiplied by the 3-year average per-pupil expenditure in the United States.

(B) Commonwealth of Puerto Rico

The effort factor for the Commonwealth of Puerto Rico shall be equal to the lowest effort factor calculated under subparagraph (A) for any State.

(3) Equity factor

(A) Determination

(i) In general

Except as provided in subparagraph (B), the Secretary shall determine the equity factor under this section for each State in accordance with clause (ii).

(ii) Computation

(I) In general

For each State, the Secretary shall compute a weighted coefficient of variation for the per-pupil expenditures of local educational agencies in accordance with subclauses (II), (III), and (IV).

(II) Variation

In computing coefficients of variation, the Secretary shall weigh the variation between per-pupil expenditures in each local educational agency and the average per-pupil expenditures in the State according to the number of pupils served by the local educational agency.

(III) Number of pupils

In determining the number of pupils under this paragraph served by each local educational agency and in each State, the Secretary shall multiply the number of children counted under section 6333(c) of this title by a factor of 1.4.

(IV) Enrollment requirement

In computing coefficients of variation, the Secretary shall include only those local educational agencies with an enrollment of more than 200 students.

(B) Special rule

The equity factor for a State that meets the disparity standard described in section 222.162 of title 34, Code of Federal Regulations (as such section was in effect on the day preceding January 8, 2002) or a State with only one local educational agency shall be not greater than 0.10.

(c) Use of funds; eligibility of local educational agencies

All funds awarded to each State under this section shall be allocated to local educational agencies under the following provisions. Within

local educational agencies, funds allocated under this section shall be distributed to schools on a basis consistent with section 6313 of this title, and may only be used to carry out activities under this part. A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(A) the number of children in the local educational agency counted under section 6333(c) of this title, before application of the weighted child count described in paragraph (3), is at least 10; and

(B) if the number of children counted for grants under section 6333(c) of this title, before application of the weighted child count described in paragraph (3), is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

(d) Allocation of funds to eligible local educational agencies

Funds received by States under this section shall be allocated within States to eligible local educational agencies on the basis of weighted child counts calculated in accordance with paragraph (1), (2), or (3), as appropriate for each State.

(ii) By percentage of children

The amount referred to in clause (i) is determined by adding—

(I) the number of children determined under section 6333(c) of this title for that county who constitute not more than 15.00 percent, inclusive, of the county's total population aged 5 to 17, inclusive, multiplied by 1.0;

(II) the number of such children who constitute more than 15.00 percent, but not more than 19.00 percent, of such population, multiplied by 2.0;

(III) the number of such children who constitute more than 19.00 percent, but not more than 24.20 percent, of such population, multiplied by 4.0;

(IV) the number of such children who constitute more than 24.20 percent, but not more than 29.20 percent, of such population, multiplied by 6.0; and

(V) the number of such children who constitute more than 29.20 percent of such population, multiplied by 8.0.

(iii) By number of children

The amount referred to in clause (i) is determined by adding—

(I) the number of children determined under section 6333(c) of this title who constitute not more than 2,311, inclusive, of the county's total population aged 5 to 17, inclusive, multiplied by 1.0;

(II) the number of such children between 2,312 and 7,913, inclusive, in such population, multiplied by 2.0;

(III) the number of such children between 7,914 and 23,917, inclusive, in such population, multiplied by 3.0;

(IV) the number of such children between 23,918 and 93,810, inclusive, in such population, multiplied by 4.5; and

(V) the number of such children in excess of 93,811 in such population, multiplied by 6.0.

(B) Weights for allocations to local educational agencies

(i) In general

For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency's grant under this section is the larger of the two amounts determined under clauses (ii) and (iii).

(ii) By percentage of children

The amount referred to in clause (i) is determined by adding—

(I) the number of children determined under section 6333(c) of this title for that local educational agency who constitute not more than 15.58 percent, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

(II) the number of such children who constitute more than 15.58 percent, but not more than 22.11 percent, of such population, multiplied by 2.0;

(III) the number of such children who constitute more than 22.11 percent, but not more than 30.16 percent, of such population, multiplied by 4.0;

(IV) the number of such children who constitute more than 30.16 percent, but not more than 38.24 percent, of such population, multiplied by 6.0; and

(V) the number of such children who constitute more than 38.24 percent of such population, multiplied by 8.0.

(iii) By number of children

The amount referred to in clause (i) is determined by adding—

(I) the number of children determined under section 6333(c) of this title who constitute not more than 691, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

(II) the number of such children between 692 and 2,262, inclusive, in such population, multiplied by 2.0;

(III) the number of such children between 2,263 and 7,851, inclusive, in such population, multiplied by 3.0;

(IV) the number of such children between 7,852 and 35,514, inclusive, in such population, multiplied by 4.5; and

(e) Maintenance of effort

(1) In general

Except as provided in paragraph (2), a State is entitled to receive its full allotment of funds under this section for any fiscal year if the Secretary finds that either the combined fiscal effort per student or the aggregate expenditures within the State with respect to the provision of free public education for the fiscal year preceding the fiscal year for which the determination is made was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second fiscal year preceding the fiscal year for which the determination is made.

(2) Reduction of funds

The Secretary shall reduce the amount of funds awarded to any State under this section in any fiscal year in the exact proportion to which the State fails to meet the requirements of paragraph (1) by falling below 90 percent of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

(3) Waivers

The Secretary may waive, for 1 fiscal year only, the requirements of this subsection if the Secretary determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural

disaster or a precipitous and unforeseen decline in the financial resources of the State.

(f) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary for fiscal year 2002 and for each of the 5 succeeding fiscal years.

(g) Adjustments where necessitated by appropriations

(1) In general

If the sums available under this section for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under this section for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to paragraphs (2) and (3).

(2) Additional funds

If additional funds become available for making payments under this section for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

(3) Hold-harmless amounts

For each fiscal year, if sufficient funds are available, the amount made available to each local educational agency under this section shall be

(A) not less than 95 percent of the amount made available for the preceding fiscal year if the number of children counted for grants under section 6333 of this title is not less than 30 percent of the total number of children aged 5 to 17 years, inclusive, in the local educational agency;

(B) not less than 90 percent of the amount made available for the preceding fiscal year if the percentage described in subparagraph (A) is between 15 percent and 30 percent; and

It is the purpose of this part to assist States to—

(1) support high-quality and comprehensive educational programs for migratory children to help reduce the educational disruptions and other problems that result from repeated moves;

(3) ensure that migratory children are provided with appropriate educational services (including supportive services) that address their special needs in a coordinated and efficient manner;

(4) ensure that migratory children receive full and appropriate opportunities to meet the same challenging State academic content and student academic achievement standards that all children are expected to meet;

(5) design programs to help migratory children overcome educational disruption, cultural and language barriers, social isolation, various health-related problems, and other factors that inhibit the ability of such children to do well in school, and to prepare such children to make a successful transition to postsecondary education or employment; and

(6) ensure that migratory children benefit from State and local systemic reforms.

§ 6393. State allocations

(a) State allocations

(1) Fiscal year 2002

For fiscal year 2002, each State (other than the Commonwealth of Puerto Rico) is entitled

to receive under this part an amount equal to—

(A) the sum of the estimated number of migratory children aged 3 through 21 who reside in the State full time and the full-time equivalent of the estimated number of migratory children aged 3 through 21 who reside in the State part time, as determined in accordance with subsection (e) of this section; multiplied by

(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this paragraph shall not be less than 32 percent, nor more than 48 percent, of the average per-pupil expenditure in the United States.

(2) Subsequent years

(A) Base amount

(i) In general

Except as provided in subsection (b) of this section and clause (ii), each State (other than the Commonwealth of Puerto Rico) is entitled to receive under this part, for fiscal year 2003 and succeeding fiscal years, an amount equal to—

(I) the amount that such State received under this part for fiscal year 2002; plus

(II) the amount allocated to the State under subparagraph (B).

(ii) Nonparticipating States

In the case of a State (other than the Commonwealth of Puerto Rico) that did not receive any funds for fiscal year 2002 under this part, the State shall receive, for fiscal year 2003 and succeeding fiscal years, an amount equal to—

(I) the amount that such State would have received under this part for fiscal year 2002 if its application under section 6394 of this title for the year had been approved; plus

(II) the amount allocated to the State under subparagraph (B).

(B) Allocation of additional amount

For fiscal year 2003 and succeeding fiscal years, the amount (if any) by which the funds appropriated to carry out this part for the year exceed such funds for fiscal year 2002 shall be allocated to a State (other than the Commonwealth of Puerto Rico) so that the State receives an amount equal to—

(i) the sum of—

(I) the number of identified eligible migratory children, aged 3 through 21, residing in the State during the previous year; and

(II) the number of identified eligible migratory children, aged 3 through 21, who received services under this part in summer or intersession programs provided by the State during such year; multiplied by

(ii) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this clause may not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

(b) Allocation to Puerto Rico

(1) In general

For each fiscal year, the grant which the Commonwealth of Puerto Rico shall be eligible to receive under this part shall be the amount determined by multiplying the number of children who would be counted under subsection (a)(1)(A) of this section if such subsection applied to the Commonwealth of Puerto Rico by the product of—

(A) the percentage which the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and

(B) 32 percent of the average per-pupil expenditure in the United States.

(2) Minimum percentage

The percentage in paragraph (1)(A) shall not be less than—

(A) for fiscal year 2002, 77.5 percent;

(B) for fiscal year 2003, 80.0 percent;

(C) for fiscal year 2004, 82.5 percent; and

(D) for fiscal year 2005 and succeeding fiscal years, 85.0 percent.

(3) Limitation

If the application of paragraph (2) for any fiscal year would result in any of the 50 States or the District of Columbia receiving less under this part than it received under this part for the preceding fiscal year, then the percentage described in paragraph (1)(A) that is used for the Commonwealth of Puerto Rico for the fiscal year for which the determination is made shall be the greater of the percentage in paragraph (1)(A) for such fiscal year or the percentage used for the preceding fiscal year.

(c) Ratable reductions; reallocations

(1) In general

(A) If, after the Secretary reserves funds under section 6398(c) of this title, the amount appropriated to carry out this part for any fiscal year is insufficient to pay in full the amounts for which all States are eligible, the Secretary shall ratably reduce each such amount.

(B) If additional funds become available for making such payments for any fiscal year, the Secretary shall allocate such funds to States in amounts that the Secretary determines will best carry out the purpose of this part.

(2) Special rule

(A) The Secretary shall further reduce the amount of any grant to a State under this part for any fiscal year if the Secretary determines, based on available information on the numbers and needs of migratory children in the State and the program proposed by the State to address such needs, that such amount exceeds the amount required under section 6394 of this title.

(B) The Secretary shall reallocate such excess funds to other States whose grants under this part would otherwise be insufficient to provide an appropriate level of services to migratory children, in such amounts as the Secretary determines are appropriate.

(d) Consortium arrangements**(1) In general**

In the case of a State that receives a grant of \$1,000,000 or less under this section, the Secretary shall consult with the State educational agency to determine whether consortium arrangements with another State or other appropriate entity would result in delivery of services in a more effective and efficient manner.

(2) Proposals

Any State, regardless of the amount of such State's allocation, may submit a consortium arrangement to the Secretary for approval.

(3) Approval

The Secretary shall approve a consortium arrangement under paragraph (1) or (2) if the proposal demonstrates that the arrangement will—

- (A) reduce administrative costs or program function costs for State programs; and
- (B) make more funds available for direct services to add substantially to the welfare or educational attainment of children to be served under this part.

(e) Determining numbers of eligible children

In order to determine the estimated number of migratory children residing in each State for purposes of this section, the Secretary shall—

- (1) use such information as the Secretary finds most accurately reflects the actual number of migratory children;
- (2) develop and implement a procedure for more accurately reflecting cost factors for different types of summer and intersession program designs;
- (3) adjust the full-time equivalent number of migratory children who reside in each State to take into account—
 - (A) the special needs of those children participating in special programs provided under this part that operate during the summer and intersession periods; and
 - (B) the additional costs of operating such programs; and
- (4) conduct an analysis of the options for adjusting the formula so as to better direct services to the child whose education has been interrupted.

§ 6432. Allocation of funds

(a) Subgrants to State agencies

(1) In general

Each State agency described in section 6431 of this title (other than an agency in the Commonwealth of Puerto Rico) is eligible to receive a subgrant under this subpart, for each fiscal year, in an amount equal to the product of—

(A) the number of neglected or delinquent children and youth described in section 6431 of this title who—

(i) are enrolled for at least 15 hours per week in education programs in adult correctional institutions; and

(ii) are enrolled for at least 20 hours per week—

(I) in education programs in institutions for neglected or delinquent children and youth; or

(II) in community day programs for neglected or delinquent children and youth; and

(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, nor more than 48 percent, of the average per-pupil expenditure in the United States.

(2) Special rule

The number of neglected or delinquent children and youth determined under paragraph (1) shall—

(A) be determined by the State agency by a deadline set by the Secretary, except that no State agency shall be required to determine the number of such children and youth on a specific date set by the Secretary; and

(B) be adjusted, as the Secretary determines is appropriate, to reflect the relative length of such agency's annual programs.

(b) Subgrants to State agencies in Puerto Rico

(1) In general

For each fiscal year, the amount of the subgrant which a State agency in the Commonwealth of Puerto Rico shall be eligible to receive under this subpart shall be the amount determined by multiplying the number of children counted under subsection (a)(1)(A) of this section for the Commonwealth of Puerto Rico by the product of—

(A) the percentage which the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and

(C) for fiscal year 2004, 82.5 percent; and

(D) for fiscal year 2005 and succeeding fiscal years, 85.0 percent.

(3) Limitation

If the application of paragraph (2) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, then the percentage described in paragraph (1)(A) that is used for the Commonwealth of Puerto Rico for the fiscal year for which the determination is made shall be the greater of—

(A) the percentage in paragraph (1)(A) for such fiscal year; or

(B) the percentage used for the preceding fiscal year.

(c) Ratable reductions in case of insufficient appropriations

If the amount appropriated for any fiscal year for subgrants under subsections (a) and (b) of

this section is insufficient to pay the full amount for which all State agencies are eligible under such subsections, the Secretary shall ratably reduce each such amount.

§ 6433. State reallocation of funds

If a State educational agency determines that a State agency does not need the full amount of the subgrant for which such State agency is eligible under this subpart for any fiscal year, the State educational agency may reallocate the amount that will not be needed to other eligible State agencies that need additional funds to carry out the purpose of this part, in such amounts as the State educational agency shall determine.

(1) to provide high-quality instruction to immigrant children and youth; and

(2) to help such children and youth—

(A) with their transition into American society; and

(Pub. L. 89-10, title III, §3241, as added Pub. L. 107-110, title III, §301, Jan. 8, 2002, 115 Stat. 1723.)

§ 6962. State administrative costs

For any fiscal year, a State educational agency may reserve not more than 1.5 percent (2 percent if the State educational agency distributes funds received under this subpart to local educational agencies on a competitive basis) of the amount allotted to such agency under section 6964 of this title to pay the costs of performing such agency's administrative functions under this subpart.

(Pub. L. 89-10, title III, §3242, as added Pub. L. 107-110, title III, §301, Jan. 8, 2002, 115 Stat. 1723.)

§ 6963. Withholding

Whenever the Secretary, after providing reasonable notice and opportunity for a hearing to any State educational agency, finds that there is a failure to comply with a requirement of any provision of this subpart, the Secretary shall notify that agency that further payments will not be made to the agency under this subpart or, in the discretion of the Secretary, that the State educational agency shall not make further payments under this subpart to specified local educational agencies whose actions cause or are involved in such failure until the Secretary is satisfied that there is no longer any such failure to comply. Until the Secretary is so satisfied, no further payments shall be made to the State educational agency under this subpart, or payments by the State educational agency under this subpart shall be limited to local educational agencies whose actions did not cause or were not involved in the failure, as the case may be.

(Pub. L. 89-10, title III, §3243, as added Pub. L. 107-110, title III, §301, Jan. 8, 2002, 115 Stat. 1724.)

§ 6964. State allotments**(a) Payments**

The Secretary shall, in accordance with the provisions of this section, make payments to State educational agencies for each of the fiscal years 2002 through 2008 for the purpose set forth in section 6961 of this title.

(b) Allotments**(1) In general**

Except as provided in subsections (c) and (d) of this section, of the amount appropriated for each fiscal year for this subpart, each State participating in the program assisted under this subpart shall receive an allotment equal to the proportion of the number of immigrant children and youth who are enrolled in public elementary schools or secondary schools under the jurisdiction of each local educational agency described in paragraph (2), and in non-

public elementary schools or secondary schools within the district served by each such local educational agency within such State, relative to the total number of immigrant children and youth so enrolled in all the States participating in the program assisted under this subpart.

(2) Eligible local educational agencies

A local educational agency referred to in paragraph (1) is a local educational agency for which the sum of the number of immigrant children and youth who are enrolled in public elementary schools or secondary schools under the jurisdiction of such agency, and in non-public elementary schools or secondary schools within the district served by such agency, during the fiscal year for which the payments are to be made under this subpart, is equal to at least—

(1) In general

Determinations by the Secretary under this section for any period with respect to the number of immigrant children and youth shall be made on the basis of data or estimates provided to the Secretary by each State educational agency in accordance with criteria established by the Secretary, unless the Secretary determines, after notice and opportunity for a hearing to the affected State educational agency, that such data or estimates are clearly erroneous.

(2) Special rule

No such determination with respect to the number of immigrant children and youth shall operate because of an underestimate or overestimate to deprive any State educational agency of the allotment under this section that such State would otherwise have received had such determination been made on the basis of accurate data.

(d) Reallotment

(1) In general

Whenever the Secretary determines that any amount of a payment made to a State under this subpart for a fiscal year will not be used by such State for carrying out the purpose for which the payment was made, the Secretary shall make such amount available for carrying out such purpose to one or more other States to the extent the Secretary determines that such other States will be able to use such additional amount for carrying out such purpose.

(2) Fiscal year

Any amount made available to a State from any appropriation for a fiscal year in accordance with paragraph (1) shall, for purposes of this subpart, be regarded as part of such State's payment (as determined under subsection (b) of this section) for such year, but shall remain available until the end of the succeeding fiscal year.

(e) Reservation of funds

(1) In general

Notwithstanding any other provision of this subpart, if the amount appropriated to carry out this subpart exceeds \$50,000,000 for a fiscal year, a State educational agency may reserve not more than 20 percent of such agency's payment under this subpart for such year to award grants, on a competitive basis, to local educational agencies within the State as follows:

(A) Agencies with immigrant children and youth

At least ½ of the funds reserved under this paragraph shall be made available to eligible local educational agencies (as described in subsection (b)(2) of this section) within the State with the highest numbers and percentages of immigrant children and youth.

Funds reserved under this paragraph and not made available under subparagraph (A) may be distributed to local educational agencies within the State that are experiencing a sudden influx of immigrant children and youth and that are otherwise not eligible for assistance under this subpart.

Each local educational agency receiving a grant under paragraph (1) shall use such grant funds to carry out the activities described in section 6967 of this title.

(Pub. L. 89-10, title III, §3244, as added Pub. L. 107-110, title III, §301, Jan. 8, 2002, 115 Stat. 1724.)

§ 6965. State applications

(3) provide an assurance that local educational agencies receiving funds under this subpart will coordinate the use of such funds with entities carrying out programs and activities assisted under part A of subchapter I of this chapter;

(4) provide assurances that such payments, with the exception of payments reserved under section 6964(e) of this title, will be distributed among local educational agencies within that State on the basis of the number of immigrant children and youth counted with respect to each such local educational agency under section 6964(b)(1) of this title;

(5) provide assurances that the State educational agency will not finally disapprove in whole or in part any application for funds received under this subpart without first affording the local educational agency submitting an application for such funds reasonable notice and opportunity for a hearing;

(6) provide for making such reports as the Secretary may reasonably require to perform the Secretary's functions under this subpart;

(7) provide assurances—

(A) that to the extent consistent with the number of immigrant children and youth enrolled in the nonpublic elementary schools or secondary schools within the district served by a local educational agency, such agency, after consultation with appropriate officials of such schools, shall provide for the benefit of such children and youth secular, neutral, and nonideological services, materials, and equipment necessary for the education of such children and youth;

(B) that the control of funds provided under this subpart for any materials or equipment, or property repaired, remodeled, or constructed with those funds shall be in a public agency for the uses and purpose provided in this subpart, and a public agency shall administer such funds and property; and

(C) that the provision of services pursuant to this paragraph shall be provided by employees of a public agency or through contract by such public agency with a person, association, agency, or corporation who or which, in the provision of such services, is independent of such nonpublic elementary school or secondary school and of any religious organization, and such employment or contract shall be under the control and supervision of such public agency, and the funds provided under this paragraph shall not be commingled with State or local funds;

(8) provide that funds reserved under section 6964(e) of this title be awarded on a competitive basis based on merit and need in accordance with such section; and

The Secretary shall review all applications submitted pursuant to this section by State educational agencies.

(2) Approval

The Secretary shall approve any application submitted by a State educational agency that meets the requirements of this section.

(b) Services to immigrant children and youth enrolled in nonpublic schools

If by reason of any provision of law a local educational agency is prohibited from providing educational services for immigrant children and youth enrolled in nonpublic elementary schools and secondary schools, as required by section 6965(a)(7) of this title, or if the Secretary determines that a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of such children and youth enrolled in such schools, the Secretary may waive such requirement and shall arrange for the provision of services, subject to the requirements of this subpart, to such children and youth. Such waivers shall be subject to consultation, withholding, notice, and judicial review requirements in accordance with the provisions of subchapter I of this chapter.

(Pub. L. 89-10, title III, §3246, as added Pub. L. 107-110, title III, §301, Jan. 8, 2002, 115 Stat. 1727.)

(e) Civil penalties

(1) In general

Any failure to comply with a prohibition in this section shall be considered to be a violation of this section and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty in an amount not to exceed \$1,000 for each violation, or may be subject to an administrative compliance order, or both, as determined by the Secretary. Each day a violation continues shall constitute a separate violation. In the case of any civil penalty assessed under this section, the total amount shall not exceed 50 percent of the amount of Federal funds received under any subchapter of this

SUBCHAPTER V—PROMOTING INFORMED PARENTAL CHOICE AND INNOVATIVE PROGRAMS

CODIFICATION

Title V of the Elementary and Secondary Education Act of 1965, comprising this subchapter, was originally enacted as part of Pub. L. 89-10, Apr. 11, 1965, 79 Stat. 27, amended, and subsequently revised, restated, and amended by other public laws. Title V is shown, herein, as having been added by Pub. PART A—INNOVATIVE PROGRAMS

§ 7201. Purposes, State and local responsibility

(a) Purposes

¹ Opening parenthesis editorially supplied.

(3) To provide a continuing source of innovation and educational improvement, including support programs to provide library services and instructional and media materials.

(4) To meet the educational needs of all students, including at-risk youth.

(5) To develop and implement education programs to improve school, student, and teacher performance, including professional development activities and class size reduction programs.

(b) State and local responsibility

The State educational agency shall bear the basic responsibility for the administration of funds made available under this part, but it is the intent of Congress that the responsibility be carried out with a minimum of paperwork and that the responsibility for the design and implementation of programs assisted under this part be mainly that of local educational agencies, school superintendents and principals, and classroom teachers and supporting personnel, because local educational agencies and individuals have the most direct contact with students and are most likely to be able to design programs to meet the educational needs of students in their own school districts.

§ 7211a. Allocation to local educational agencies

(a) Distribution rule

(1) Allocation of base amounts

From the amount made available to a State educational agency under this part for a fiscal year, the State educational agency shall distribute, to local educational agencies within the State, an amount that is not less than 85 percent of the amount made available to the State educational agency under this part for fiscal year 2002, according to the relative enrollments in public and in private nonprofit schools within the jurisdictions of such local educational agencies, adjusted, in accordance with criteria approved by the Secretary, to provide higher per-pupil allocations to local educational agencies that have the greatest numbers or percentages of children whose education imposes a higher-than-average cost per child, such as—

(A) children living in areas with high concentrations of economically disadvantaged families;

(B) children from economically disadvantaged families; and

(C) children living in sparsely populated areas.

(2) Allocation of increased amounts

From the amount made available to a State educational agency under this part for a fiscal year that exceeds the amount made available

(b) Limitations and requirements

Not more than 15 percent of funds made available under section 7211 of this title for State programs under this part for any fiscal year may be used for State administration under section 7213 of this title.

(c) Calculation of enrollments

(1) In general

The calculation of relative enrollments under subsection (a)(1) of this section shall be on the basis of the total of—

(A) the number of children enrolled in public schools; and

(B) the number of children enrolled in private nonprofit schools that participated in programs assisted under this part, for the fiscal year preceding the fiscal year for which the determination is made.

(2) Rule of construction

Nothing in this subsection shall diminish the responsibility of each local educational agency to contact, on an annual basis, appropriate officials from private nonprofit schools within the areas served by such agencies in order to determine whether such schools desire that their children participate in programs assisted under this part.

(3) Adjustments

(A) State criteria

Relative enrollments calculated under subsection (a)(1) of this section shall be adjusted, in accordance with criteria approved by the Secretary under subparagraph (B), to provide higher per-pupil allocations only to local educational agencies that serve the greatest numbers or percentages of—

(i) children living in areas with high concentrations of economically disadvantaged families;

(ii) children from economically disadvantaged families; or

(iii) children living in sparsely populated areas.

(B) Review of criteria

The Secretary shall review criteria submitted by a State educational agency for adjusting allocations under paragraph (1) and shall approve such criteria only if the Secretary determines that such criteria are reasonably calculated to produce an adjusted allocation that reflects the relative needs of the State's local educational agencies based on the factors set forth in subparagraph (A).

(d) Payment of allocations

(1) Distribution

From the funds paid to a State educational agency under this subpart for a fiscal year, the

State educational agency shall distribute to each eligible local educational agency that has submitted an application as required by section 7215b of this title the amount of such local educational agency's allocation, as determined under subsection (a) of this section.

(2) Additional funds

(A) Use

Additional funds resulting from higher per-pupil allocations provided to a local educational agency on the basis of adjusted enrollments of children described in subsection (a)(1) of this section may, in the discretion of the local educational agency, be allocated for expenditures to provide services for children enrolled in public schools and private nonprofit schools in direct proportion to the number of children described in subsection (a)(1) of this section and enrolled in such schools within the area served by the local educational agency.

(B) Allocation

In any fiscal year, any local educational agency that elects to allocate such additional funds in the manner described in subparagraph (A) shall allocate all additional funds to schools within the area served by the local educational agency in such manner.

(C) Rule of construction

Subparagraphs (A) and (B) may not be construed to require any school to limit the use of the additional funds described in subparagraph (A) to the provision of services to specific students or categories of students.

(Pub. L. 89-10, title V, §5112, as added Pub. L. 107-110, title V, §501, Jan. 8, 2002, 115 Stat. 1777.)

(2) Other provisions for services

If no program is carried out under paragraph (1) in the school district of a local educational agency, the State educational agency shall make arrangements, such as through contracts with nonprofit agencies or organizations, under which children in private schools in the district are provided with services and materials to the same extent as would have occurred if the local educational agency had received funds under this part.

(3) Application of requirements

(2) Concentrated programs

Taking into account the needs of the individual children and other factors that relate to the expenditures referred to in paragraph (1), and when funds available to a local educational agency under this part are used to concentrate programs on a particular group, attendance area, or grade or age level, children enrolled in private schools who are included within the group, attendance area, or grade or age level selected for such concentration shall, after consultation with the appropriate private school officials, be assured equitable participation in the purposes and benefits of such programs.

(c) Administrative requirements

(1) Funds and property

The control of funds provided under this part, and title to materials, equipment, and property repaired, remodeled, or constructed with such funds, shall be in a public agency for the uses and purposes provided in this part, and a public agency shall administer such funds and property.

(2) Provision of services

Services provided under this part shall be provided by employees of a public agency or through contract by such a public agency with a person, association, agency, or corporation that, in the provision of such services, is independent of the private school and of any religious organizations, and such employment or contract shall be under the control and supervision of such a public agency. The funds pro-

(2) Failure to comply

If the Secretary determines that a State educational agency or a local educational agency has substantially failed, or is unwilling, to provide for the participation on an equitable basis of children enrolled in private elementary schools and secondary schools as required by subsections (a) through (c) of this section, the Secretary may waive such requirements and shall arrange for the provision of services to such children through arrangements that shall be subject to the requirements of this section.

(e) Withholding of allotment or allocation

Pending final resolution of any investigation or complaint that could result in a waiver under subsection (d)(1) or (d)(2) of this section, the Secretary may withhold from the allotment or allocation of the affected State educational agency or local educational agency the amount estimated by the Secretary to be necessary to pay the cost of services to be provided by the Secretary under such subsection.

(f) Duration of determination

Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency or local educational agency to meet the requirements of subsections (a) through (c) of this section.

(g) Payment from State allotment

When the Secretary arranges for services under subsection (d) of this section, the Secretary shall, after consultation with the appropriate public school and private school officials, pay the cost of such services, including the administrative costs of arranging for those services, from the appropriate allotment of the State educational agency under this part.

(h) Review of determination

(1) Written objections

The Secretary shall not take any final action under this section until the State educational agency and the local educational agency affected by such action have had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why that action should not be taken.

(2) Court action

If a State educational agency or local educational agency is dissatisfied with the Secretary's final action after a proceeding under paragraph (1), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the action, as provided in section 2112 of title 28.

(3) Remand to Secretary

The findings of fact by the Secretary with respect to a proceeding under paragraph (1), if supported by substantial evidence, shall be conclusive. The court, for good cause shown, may remand the case to the Secretary to take further evidence and the Secretary may make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive, if supported by substantial evidence.

(4) Court review

Upon the filing of a petition under paragraph (2), the court shall have jurisdiction to affirm the action of the Secretary or to set such action aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court upon certiorari or certification, as provided in section 1254 of title 28.

PART C—MAGNET SCHOOLS ASSISTANCE

§ 7231. Findings and purpose

(a) Findings

Congress makes the following findings:

(1) Magnet schools are a significant part of the Nation’s effort to achieve voluntary desegregation in our Nation’s schools.

(2) The use of magnet schools has increased dramatically since the inception of the magnet schools assistance program under this chapter, with approximately 2,000,000 students nationwide attending such schools, of whom more than 65 percent are non-white.

(3) Magnet schools offer a wide range of distinctive programs that have served as models for school improvement efforts.

(4) It is in the best interests of the United States—

(A) to continue the Federal Government’s support of local educational agencies that are implementing court-ordered desegregation plans and local educational agencies that are voluntarily seeking to foster meaningful interaction among students of different racial and ethnic backgrounds, beginning at the earliest stage of such students’ education;

(B) to ensure that all students have equitable access to a high quality education that will prepare all students to function well in a technologically oriented and a highly competitive economy comprised of people from many different racial and ethnic backgrounds; and

(C) to continue to desegregate and diversify schools by supporting magnet schools, recognizing that segregation exists between minority and nonminority students as well as among students of different minority groups.

(5) Desegregation efforts through magnet school programs are a significant part of our Nation’s effort to achieve voluntary desegregation in schools and help to ensure equal educational opportunities for all students.

(b) Purpose

The purpose of this part is to assist in the desegregation of schools served by local educational agencies by providing financial assistance to eligible local educational agencies for—

(1) the elimination, reduction, or prevention of minority group isolation in elementary schools and secondary schools with substantial proportions of minority students, which shall include assisting in the efforts of the United States to achieve voluntary desegregation in public schools;

(2) the development and implementation of magnet school programs that will assist local educational agencies in achieving systemic reforms and providing all students the opportunity to meet challenging State academic content standards and student academic achievement standards;

(3) the development and design of innovative educational methods and practices that promote diversity and increase choices in public elementary schools and public secondary schools and public educational programs;

(4) courses of instruction within magnet schools that will substantially strengthen the knowledge of academic subjects and the attainment of tangible and marketable vocational, technological, and professional skills of students attending such schools;

(5) improving the capacity of local educational agencies, including through professional development, to continue operating magnet schools at a high performance level after Federal funding for the magnet schools is terminated; and

(6) ensuring that all students enrolled in the magnet school programs have equitable access to high quality education that will enable the students to succeed academically and continue with postsecondary education or productive employment.

§ 7265a. Findings and purposes

(a) Findings

Congress finds the following:

(1) Alaska Natives and Native Hawaiians have been linked for over 200 years to the coastal towns of Salem, Massachusetts, and New Bedford, Massachusetts, through the China trade from Salem and whaling voyages from New Bedford.

(2) Nineteenth-century trading ships sailed from Salem, Massachusetts, around Cape Horn of South America, and up the Northwest coast of the United States to Alaska, where their crews traded with Alaska Native people for furs, and then went on to Hawaii to trade for sandalwood with Native Hawaiians before going on to China.

(3) During the 19th century, over 2,000 whaling voyages sailed out of New Bedford, Massachusetts to the Arctic region of Alaska, and joined Alaska Natives from Barrow, Alaska and other areas in the Arctic region in subsistence whaling activities.

(4) Many New Bedford whaling voyages continued on to Hawaii, where they joined Native Hawaiians from the neighboring islands.

(5) From those commercial and whaling voyages, a rich cultural exchange and strong trading relationships developed among the three peoples involved.

(6) In the past decades, awareness of the historical trading, cultural, and whaling links has faded among Alaska Natives, Native Hawaiians, and the people of the continental United States.

(7) In 2000, the Alaska Native Heritage Center in Alaska, the Bishop Museum in Hawaii, and the Peabody-Essex Museum in Massachusetts initiated the New Trade Winds project to use 21st-century technology, including the Internet, to educate students and their parents about historic and contemporary cultural and trading ties that continue to link the diverse cultures of the peoples involved.

(8) The New Bedford Whaling Museum, in partnership with the New Bedford Whaling National Historical Park, has developed a cultural exchange and educational program with the Inupiat Heritage Center in Barrow, Alaska to bring together the children, parents, and elders from the Arctic region of Alaska with children and families of Massachusetts to learn about their historical ties and about each other’s contemporary cultures.

(9) Within the fast-growing cultural sector, meaningful educational and career opportunities based on traditional relationships exist for Alaska Natives, Native Hawaiians, and low-income youth in Massachusetts.

(10) Cultural institutions can provide practical, culturally relevant, education-related internship and apprentice programs, such as the Museum Action Corps at the Peabody-Essex Museum and similar programs at the New Bedford Oceanarium and other institutions, to prepare youths and their families for careers in the cultural sector.

(11) The resources of the institutions described in paragraphs (7) and (8) provide unique opportunities for illustrating and in-

terpreting the contributions of Alaska Natives, Native Hawaiians, the whaling industry, and the China trade to the economic, social, and environmental history of the United States, for educating students and their parents, and for providing opportunities for internships and apprenticeships leading to careers with cultural institutions.

(b) Purposes

The purposes of this subpart are the following:

(1) To authorize and develop innovative culturally-based educational programs and cultural exchanges to assist Alaska Natives, Native Hawaiians, and children and families of Massachusetts linked by history and tradition to Alaska and Hawaii to learn about shared culture and traditions.

(2) To authorize and develop internship and apprentice programs to assist Alaska Natives, Native Hawaiians, and children and families of Massachusetts linked by history and tradition with Alaska and Hawaii to prepare for careers with cultural institutions.

(3) To supplement programs and authorities in the area of education to further the objectives of this subpart.

(4) To authorize and develop cultural and educational programs relating to any Federally recognized Indian tribe in Mississippi.

SUBPART 21—WOMEN'S EDUCATIONAL EQUITY ACT

§ 7283. Short title and findings

(a) Short title

This subpart may be cited as the "Women's Educational Equity Act of 2001".

(b) Findings

Congress finds that—

(1) since the enactment of title IX of the Education Amendments of 1972 [20 U.S.C. 1681 et seq.], women and girls have made strides in educational achievement and in their ability to avail themselves of educational opportunities;

(2) because of funding provided under the Women's Educational Equity Act of 2001 [20 U.S.C. 7283 et seq.], more curricula, training, and other educational materials concerning educational equity for women and girls are available for national dissemination;

(3) teaching and learning practices in the United States are frequently inequitable as such practices relate to women and girls, for example—

(A) sexual harassment, particularly that experienced by girls, undermines the ability of schools to provide a safe and equitable learning or workplace environment;

(B) classroom textbooks and other educational materials do not sufficiently reflect the experiences, achievements, or concerns of women and, in most cases, are not written by women or persons of color;

(C) girls do not take as many mathematics and science courses as boys, girls lose confidence in their mathematics and science ability as girls move through adolescence, and there are few women role models in the sciences; and

(D) pregnant and parenting teenagers are at high risk for dropping out of school and existing dropout prevention programs do not adequately address the needs of such teenagers;

(4) efforts to improve the quality of public education also must include efforts to ensure equal access to quality education programs for all women and girls;

(5) Federal support should address not only research and development of innovative model curricula and teaching and learning strategies to promote gender equity, but should also assist schools and local communities implement gender equitable practices;

(6) Federal assistance for gender equity must be tied to systemic reform, involve collaborative efforts to implement effective gender practices at the local level, and encourage parental participation; and

(7) excellence in education, high educational achievements and standards, and the full participation of women and girls in American society, cannot be achieved without educational equity for women and girls.

EX. ORD. NO. 13336. AMERICAN INDIAN AND ALASKA NATIVE EDUCATION

Ex. Ord. No. 13336, Apr. 30, 2004, 69 F.R. 25295, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and to recognize the unique educational and culturally related academic needs of American Indian and Alaska Native students consistent with the unique political and legal relationship of the Federal Government with tribal governments, it is hereby ordered as follows:

SECTION 1. *Purpose.* The United States has a unique legal relationship with Indian tribes and a special relationship with Alaska Native entities as provided in the Constitution of the United States, treaties, and Federal statutes. This Administration is committed to continuing to work with these Federally recognized tribal governments on a government-to-government basis, and supports tribal sovereignty and self-determination. It is the purpose of this order to assist American Indian and Alaska Native students in meeting the challenging student academic standards of the No Child Left Behind Act of 2001 (Public Law 107-110 [see Tables for classification]) in a manner that is consistent with tribal traditions, languages, and cultures. This order builds on the innovations, reforms, and high standards of the

No Child Left Behind Act of 2001, including: stronger accountability for results; greater flexibility in the use of Federal funds; more choices for parents; and an emphasis on research-based instruction that works.

SEC. 2. *Interagency Working Group.* There is established an Interagency Working Group on American Indian and Alaska Native Education (Working Group) to oversee the implementation of this order.

(a) The Working Group's members shall consist exclusively of the heads of the executive branch departments, agencies, or offices listed below:

The Working Group shall be led by the Secretaries of Education and the Interior, or their designees under this section, who shall serve as Co-Chairs.

(b) The function of the Working Group is to oversee the implementation of this order. The Working Group shall, within 90 days of the date of this order, develop a Federal interagency plan that recommends initiatives, strategies, and ideas for future interagency actions that promote the purpose, as stated in section 1, of this order. In carrying out its activities under this order, the Working Group may consult with representatives of American Indian and Alaska Native tribes and organizations, in conformity with Executive Order 13175 of November 6, 2000 [25 U.S.C. 450 note], and with the National Advisory Council on Indian Education (NACIE). Any such consultations shall be for the purpose of obtaining information and advice concerning American Indian and Alaska Native education and shall be conducted in a manner that seeks individual advice and does not involve collective judgment or consensus advice or deliberation.

SEC. 3. *Study and Report.* The Secretary of Education, in coordination with the Working Group, shall conduct a multi-year study of American Indian and Alaska Native education with the purpose of improving American Indian and Alaska Native students' ability to meet the challenging student academic standards of the No Child Left Behind Act of 2001.

(a) The study shall include, but not be limited to:

- (i) the compilation of comprehensive data on the academic achievement and progress of American Indian and Alaska Native students toward meeting the challenging student academic standards of the No Child Left Behind Act of 2001;

- (v) development of methods to increase the high school graduation rate and develop pathways to college and the workplace for American Indian and Alaska Native students.

The Secretary of Education shall develop an agenda, including proposed timelines and ongoing activities, for

the conduct of the study, and shall make that agenda available to the public on the Internet.

(b) The Secretary of Education, in coordination with the Working Group, shall issue a report to the President that shall:

- (i) provide the latest data available from the study;
- (ii) comprehensively describe the educational status and progress of American Indian and Alaska Native students with respect to meeting the goals outlined in the No Child Left Behind Act of 2001 and any other student achievement goals the Secretary of Education or the Secretary of the Interior may deem necessary;
- (iii) report on proven methods for improving American Indian and Alaska Native student academic achievement; and
- (iv) update the Federal interagency plan outlined in section 2(b) of this order.

SEC. 4. *Enhancement of Research Capabilities of Tribal-Level Educational Institutions.* The Secretary of Education and the Secretary of the Interior shall consult with the entities set forth in section 2(a) of this order and tribally controlled colleges and universities to seek ways to develop and enhance the capacity of tribal governments, tribal universities and colleges, and schools and educational programs serving American Indian and Alaska Native students and communities to carry out, disseminate, and implement education research, as well as to develop related partnerships or collaborations with non-tribal universities, colleges, and research organizations.

SEC. 5. *National Conference.* The Secretary of Education and the Secretary of the Interior, in collaboration with the Working Group and Federal, State, tribal, and local government representatives, shall jointly convene a forum on the No Child Left Behind Act of 2001 [Pub. L. 107-110, see Tables for classification] to identify means to enhance communication, collaboration, and cooperative strategies to improve the education of American Indian and Alaska Native students attending Federal, State, tribal, and local schools.

SEC. 6. *Administration.* The Department of Education shall provide appropriate administrative services and staff support to the Working Group. With the consent of the Department of Education, other participating agencies may provide administrative support to the Working Group, to the extent permitted by law and consistent with their statutory authority.

SEC. 7. *Termination.* The Working Group established under section 2 of this order shall terminate not later than 5 years from the date of this order, unless extended by the President.

SEC. 8. *Consultation.* The Secretary of Education and Secretary of the Interior shall consult the Attorney General as appropriate on the implementation of this order, to ensure that such implementation affords the equal protection of the laws required by the due process clause of the Fifth Amendment to the Constitution.

SEC. 9. *General Provisions.*

(a) This order is intended only to improve the internal management of the executive branch and is not intended to, and does not, create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

(b) Executive Order 13096 of August 6, 1998 [formerly set out as a note above], is revoked.

GEORGE W. BUSH.

§ 7426. Integration of services authorized

(a) Plan

An entity receiving funds under this subpart may submit a plan to the Secretary for the integration of education and related services provided to Indian students.

(b) Consolidation of programs

Upon the receipt of an acceptable plan under subsection (a) of this section, the Secretary, in cooperation with each Federal agency providing grants for the provision of education and related services to the entity, shall authorize the entity to consolidate, in accordance with such plan, the federally funded education and related services programs of the entity and the Federal programs, or portions of the programs, serving Indian students in a manner that integrates the program services involved into a single, coordinated, comprehensive program and reduces administrative costs by consolidating administrative functions.

(c) Programs affected

The funds that may be consolidated in a demonstration project under any such plan referred to in subsection (a) of this section shall include funds for any Federal program exclusively serving Indian children, or the funds reserved under any Federal program to exclusively serve Indian children, under which the entity is eligible for receipt of funds under a statutory or administrative formula for the purposes of providing education and related services that would be used to serve Indian students.

(d) Plan requirements

For a plan to be acceptable pursuant to subsection (b) of this section, the plan shall—

(1) identify the programs or funding sources to be consolidated;

(2) be consistent with the objectives of this section concerning authorizing the services to be integrated in a demonstration project;

(3) describe a comprehensive strategy that identifies the full range of potential educational opportunities and related services to be provided to assist Indian students to achieve the objectives set forth in this subpart;

(4) describe the way in which services are to be integrated and delivered and the results expected from the plan;

(e) Plan review

Upon receipt of the plan from an eligible entity, the Secretary shall consult with the Secretary of each Federal department providing funds to be used to implement the plan, and with the entity submitting the plan. The parties so consulting shall identify any waivers of statutory requirements or of Federal departmental regulations, policies, or procedures necessary to enable the entity to implement the plan. Notwithstanding any other provision of law, the Secretary of the affected department shall have the authority to waive any regulation, policy, or procedure promulgated by that department that has been so identified by the entity or department, unless the Secretary of the affected department determines that such a waiver is inconsistent with the objectives of this subpart or those provisions of the statute from which the program involved derives authority that are specifically applicable to Indian students.

(f) Plan approval

Within 90 days after the receipt of an entity's plan by the Secretary, the Secretary shall inform the entity, in writing, of the Secretary's approval or disapproval of the plan. If the plan is disapproved, the entity shall be informed, in writing, of the reasons for the disapproval and shall be given an opportunity to amend the plan or to petition the Secretary to reconsider such disapproval.

(g) Responsibilities of Department of Education

Not later than 180 days after January 8, 2002, the Secretary of Education, the Secretary of the Interior, and the head of any other Federal department or agency identified by the Secretary of Education, shall enter into an interdepartmental memorandum of agreement providing for the implementation of the demonstration projects authorized under this section. The lead agency head for a demonstration project under this section shall be—

(1) the Secretary of the Interior, in the case of an entity meeting the definition of a contract or grant school under title XI of the Education Amendments of 1978 [25 U.S.C. 2001 et seq.]; or

(2) the Secretary of Education, in the case of any other entity.

(h) Responsibilities of lead agency

The responsibilities of the lead agency shall include—

(1) the use of a single report format related to the plan for the individual project, which shall be used by an eligible entity to report on the activities undertaken under the project;

(2) the use of a single report format related to the projected expenditures for the individual project which shall be used by an eligible entity to report on all project expenditures;

(3) the development of a single system of Federal oversight for the project, which shall be implemented by the lead agency; and

(4) the provision of technical assistance to an eligible entity appropriate to the project, except that an eligible entity shall have the authority to accept or reject the plan for providing such technical assistance and the technical assistance provider.

(i) Report requirements

A single report format shall be developed by the Secretary, consistent with the requirements of this section. Such report format shall require that reports described in subsection (h) of this section, together with records maintained on the consolidated program at the local level, shall contain such information as will allow a determination that the eligible entity has complied with the requirements incorporated in its approved plan, including making a demonstration of student academic achievement, and will provide assurances to each Secretary that the eligible entity has complied with all directly applicable statutory requirements and with those directly applicable regulatory requirements that have not been waived.

(j) No reduction in amounts

In no case shall the amount of Federal funds available to an eligible entity involved in any demonstration project be reduced as a result of the enactment of this section.

(k) Interagency fund transfers authorized

The Secretary is authorized to take such action as may be necessary to provide for an interagency transfer of funds otherwise available to an eligible entity in order to further the objectives of this section.

(l) Administration of funds

(1) In general

Program funds for the consolidated programs shall be administered in such a manner as to allow for a determination that funds from a specific program are spent on allowable activities authorized under such program, except that the eligible entity shall determine the proportion of the funds granted that shall be allocated to such program.

(2) Separate records not required

Nothing in this section shall be construed as requiring the eligible entity to maintain separate records tracing any services or activities conducted under the approved plan to the individual programs under which funds were authorized for the services or activities, nor shall the eligible entity be required to allocate expenditures among such individual programs.

(m) Overage

The eligible entity may commingle all administrative funds from the consolidated programs

and shall be entitled to the full amount of such funds (under each program's or agency's regulations). The overage (defined as the difference between the amount of the commingled funds and the actual administrative cost of the programs) shall be considered to be properly spent for Federal audit purposes, if the overage is used for the purposes provided for under this section.

(n) Fiscal accountability

Nothing in this part shall be construed so as to interfere with the ability of the Secretary or the lead agency to fulfill the responsibilities for the safeguarding of Federal funds pursuant to chapter 75 of title 31.

(o) Report on statutory obstacles to program integration

(1) Preliminary report

Not later than 2 years after January 8, 2002, the Secretary of Education shall submit a preliminary report to the Committee on Education and the Workforce and the Committee on Resources of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and the Committee on Indian Affairs of the Senate on the status of the implementation of the demonstration projects authorized under this section.

(2) Final report

Such report shall identify statutory barriers to the ability of participants to integrate more effectively their education and related services to Indian students in a manner consistent with the objectives of this section.

(a) In general

The Secretary shall require that, as part of an application for a grant under this subpart, each applicant shall maintain a file, with respect to each Indian child for whom the local educational agency provides a free public education, that contains a form that sets forth information establishing the status of the child as an Indian child eligible for assistance under this subpart, and that otherwise meets the requirements of subsection (b) of this section.

(b) Forms

The form described in subsection (a) of this section shall include—

(1) either—

(A)(i) the name of the tribe or band of Indians (as defined in section 7491 of this title) with respect to which the child claims membership;

(B) the name, the enrollment number (if readily available), and the name and address of the organization responsible for maintaining updated and accurate membership data, of any parent or grandparent of the child from whom the child claims eligibility under this subpart, if the child is not a member of the tribe or band of Indians (as so defined);

(2) a statement of whether the tribe or band of Indians (as so defined), with respect to which the child, or parent or grandparent of the child, claims membership, is federally recognized;

(5) any other information that the Secretary considers necessary to provide an accurate program profile.

(c) Statutory construction

Nothing in this section shall be construed to affect a definition contained in section 7491 of this title.

(d) Forms and standards of proof

The forms and the standards of proof (including the standard of good faith compliance) that were in use during the 1985-86 academic year to

For purposes of determining whether a child is eligible to be counted for the purpose of computing the amount of a grant award under section 7423 of this title, the membership of the child, or any parent or grandparent of the child, in a tribe or band of Indians (as so defined) may be established by proof other than an enrollment number, notwithstanding the availability of an enrollment number for a member of such tribe or band. Nothing in subsection (b) of this section shall be construed to require the furnishing of an enrollment number.

(f) Monitoring and evaluation review

(1) In general

(A) Review

For each fiscal year, in order to provide such information as is necessary to carry out the responsibility of the Secretary to provide technical assistance under this subpart, the Secretary shall conduct a monitoring and evaluation review of a sampling of the recipients of grants under this subpart. The sampling conducted under this subparagraph shall take into account the size of and the geographic location of each local educational agency.

(B) Exception

A local educational agency may not be held liable to the United States or be subject to any penalty, by reason of the findings of an audit that relates to the date of completion, or the date of submission, of any forms used to establish, before April 28, 1988, the eligibility of a child for an entitlement under the Indian Elementary and Secondary School Assistance Act.

(2) False information

Any local educational agency that provides false information in an application for a grant under this subpart shall—

- (A) be ineligible to apply for any other grant under this subpart; and

(g) Tribal grant and contract schools

Notwithstanding any other provision of this section, in calculating the amount of a grant under this subpart to a tribal school that receives a grant or contract from the Bureau of Indian Affairs, the Secretary shall use only one of the following, as selected by the school:

(1) A count of the number of students in the schools certified by the Bureau.

(2) A count of the number of students for whom the school has eligibility forms that comply with this section.

(h) Timing of child counts

For purposes of determining the number of children to be counted in calculating the amount of a local educational agency's grant under this subpart (other than in the case described in subsection (g)(1) of this section), the local educational agency shall—

- (1) establish a date on, or a period not longer than 31 consecutive days during, which the agency counts those children, if that date or period occurs before the deadline established by the Secretary for submitting an application under section 7424 of this title; and

§ 7428. Payments

(a) In general

Subject to subsections (b) and (c) of this section, the Secretary shall pay to each local educational agency that submits an application that is approved by the Secretary under this subpart the amount determined under section 7423 of this title. The Secretary shall notify the local educational agency of the amount of the payment not later than June 1 of the year for which the Secretary makes the payment.

(b) Payments taken into account by the State

The Secretary may not make a grant under this subpart to a local educational agency for a fiscal year if, for such fiscal year, the State in which the local educational agency is located takes into consideration payments made under this chapter¹ in determining the eligibility of the local educational agency for State aid, or the amount of the State aid, with respect to the free public education of children during such fiscal year or the preceding fiscal year.

¹ So in original. Probably should be "this subpart".

(c) Reduction of payment for failure to maintain fiscal effort**(1) In general**

The Secretary may not pay a local educational agency the full amount of a grant award determined under section 7423 of this title for any fiscal year unless the State educational agency notifies the Secretary, and the Secretary determines, that with respect to the provision of free public education by the local educational agency for the preceding fiscal year, the combined fiscal effort of the local educational agency and the State, computed on either a per student or aggregate expenditure basis, was not less than 90 percent of the amount of the combined fiscal effort, computed on the same basis, for the second preceding fiscal year.

(2) Failure to maintain effort

If, for the preceding fiscal year, the Secretary determines that a local educational agency and State failed to maintain the combined fiscal effort for such agency at the level specified in paragraph (1), the Secretary shall—

(A) reduce the amount of the grant that would otherwise be made to such agency under this subpart in the exact proportion of the failure to maintain the fiscal effort at such level; and

(B) not use the reduced amount of the agency and State expenditures for the preceding year to determine compliance with paragraph (1) for any succeeding fiscal year, but shall use the amount of expenditures that would have been required to comply with paragraph (1).

(3) Waiver**(A) In general**

The Secretary may waive the requirement of paragraph (1) for a local educational agency, for not more than 1 year at a time, if the Secretary determines that the failure to comply with such requirement is due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the agency's financial resources.

(B) Future determinations

The Secretary shall not use the reduced amount of the agency's expenditures for the fiscal year preceding the fiscal year for which a waiver is granted to determine compliance with paragraph (1) for any succeeding fiscal year, but shall use the amount of expenditures that would have been required to comply with paragraph (1) in the absence of the waiver.

(d) Reallocations

The Secretary may reallocate, in a manner that the Secretary determines will best carry out the purpose of this subpart, any amounts that—

(1) based on estimates made by local educational agencies or other information, the Secretary determines will not be needed by such agencies to carry out approved programs under this subpart; or

(2) otherwise become available for reallocation under this subpart.

§ 7512. Findings

Congress finds the following:

(1) Native Hawaiians are a distinct and unique indigenous people with a historical continuity to the original inhabitants of the Hawaiian archipelago, whose society was organized as a nation and internationally recognized as a nation by the United States, Britain, France, and Japan, as evidenced by treaties governing friendship, commerce, and navigation.

(2) At the time of the arrival of the first non-indigenous people in Hawaii in 1778, the Native Hawaiian people lived in a highly organized, self-sufficient subsistence social system based on a communal land tenure system with a sophisticated language, culture, and religion.

(3) A unified monarchical government of the Hawaiian Islands was established in 1810 under Kamehameha I, the first King of Hawaii.

(4) From 1826 until 1893, the United States recognized the sovereignty and independence of the Kingdom of Hawaii, which was established in 1810 under Kamehameha I, extended full and complete diplomatic recognition to the Kingdom of Hawaii, and entered into treaties and conventions with the Kingdom of Hawaii to govern friendship, commerce and navigation in 1826, 1842, 1849, 1875, and 1887.

(5) In 1893, the sovereign, independent, internationally recognized, and indigenous government of Hawaii, the Kingdom of Hawaii, was overthrown by a small group of non-Hawaiians, including United States citizens, who were assisted in their efforts by the United States Minister, a United States naval representative, and armed naval forces of the United States. Because of the participation of United States agents and citizens in the overthrow of the Kingdom of Hawaii, in 1993 the United States apologized to Native Hawaiians for the overthrow and the deprivation of the rights of Native Hawaiians to self-determination through Public Law 103-150 (107 Stat. 1510).

(6) In 1898, the joint resolution entitled “Joint Resolution to provide for annexing the Hawaiian Islands to the United States”, approved July 7, 1898 (30 Stat. 750), ceded absolute title of all lands held by the Republic of Hawaii, including the government and crown lands of the former Kingdom of Hawaii, to the United States, but mandated that revenue generated from the lands be used “solely for the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes”.

(7) By 1919, the Native Hawaiian population had declined from an estimated 1,000,000 in 1778 to an alarming 22,600, and in recognition of this severe decline, Congress enacted the Hawaiian Homes Commission Act, 1920 (42 Stat. 108), which designated approximately 200,000 acres of ceded public lands for homesteading by Native Hawaiians.

(8) Through the enactment of the Hawaiian Homes Commission Act, 1920, Congress affirmed the special relationship between the United States and the Native Hawaiians, which was described by then Secretary of the Interior Franklin K. Lane, who said: “One thing that impressed me . . . was the fact that the natives of the island who are our wards, I should say, and for whom in a sense we are trustees, are falling off rapidly in numbers and many of them are in poverty.”

(9) In 1938, Congress again acknowledged the unique status of the Hawaiian people by including in the Act of June 20, 1938 (52 Stat. 781, chapter 530; 16 U.S.C. 391b, 391b-1, 392b, 392c, 396, 396a), a provision to lease lands within the National Parks extension to Native Hawaiians and to permit fishing in the area “only by native Hawaiian residents of said area or of adjacent villages and by visitors under their guidance.”

(10) Under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4), the United States transferred responsibility for the administration of the Hawaiian Home Lands to the State of Hawaii but reaffirmed the trust relationship between the United States and the Hawaiian people by retaining the exclusive power to enforce the trust, including the power to approve land exchanges and amendments to such Act affecting the rights of beneficiaries under such Act.

(11) In 1959, under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, the United States also ceded to the State of Hawaii title to the public lands formerly held by the United States, but mandated that such lands be held by the State “in public trust” and reaffirmed the special relationship that existed between the United States and the Hawaiian people by retaining the legal responsibility to enforce the public trust responsibility of the State of Hawaii for the betterment of the conditions of Native Hawaiians, as defined in section 201(a) of the Hawaiian Homes Commission Act, 1920.

(12) The United States has recognized and reaffirmed that—

(A) Native Hawaiians have a cultural, historic, and land-based link to the indigenous people who exercised sovereignty over the Hawaiian Islands, and that group has never relinquished its claims to sovereignty or its sovereign lands;

(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

(C) Congress has also delegated broad authority to administer a portion of the Fed-

eral trust responsibility to the State of Hawaii;

(D) the political status of Native Hawaiians is comparable to that of American Indians and Alaska Natives; and

(E) the aboriginal, indigenous people of the United States have—

(i) a continuing right to autonomy in their internal affairs; and

(ii) an ongoing right of self-determination and self-governance that has never been extinguished.

(13) The political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States, as evidenced by the inclusion of Native Hawaiians in—

(A) the Native American Programs Act of 1974 (42 U.S.C. 2991 et seq.);

(B) the American Indian Religious Freedom Act (42 U.S.C. 1996[1996a]);

(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

(E) the National Historic Preservation Act (16 U.S.C. 470 et seq.);

(F) the Native American Languages Act (25 U.S.C. 2901 et seq.);

(G) the American Indian, Alaska Native, and Native Hawaiian Culture and Art Development Act (20 U.S.C. 4401 et seq.);

(H) the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.); and

(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.).

(14) In 1981, Congress instructed the Office of Education to submit to Congress a comprehensive report on Native Hawaiian education. The report, entitled the “Native Hawaiian Educational Assessment Project”, was released in 1983 and documented that Native Hawaiians scored below parity with regard to national norms on standardized achievement tests, were disproportionately represented in many negative social and physical statistics indicative of special educational needs, and had educational needs that were related to their unique cultural situation, such as different learning styles and low self-image.

(15) In recognition of the educational needs of Native Hawaiians, in 1988, Congress enacted title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (102 Stat. 130) to authorize and develop supplemental educational programs to address the unique conditions of Native Hawaiians.

(16) In 1993, the Kamehameha Schools Bishop Estate released a 10-year update of findings of the Native Hawaiian Educational Assessment Project, which found that despite the successes of the programs established under title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988, many of the same educational needs still existed for Native Hawaiians. Subsequent reports by the Kamehameha Schools Bishop Estate and other orga-

nizations have generally confirmed those findings. For example—

(A) educational risk factors continue to start even before birth for many Native Hawaiian children, including—

- (i) late or no prenatal care;
- (ii) high rates of births by Native Hawaiian women who are unmarried; and
- (iii) high rates of births to teenage parents;

(B) Native Hawaiian students continue to begin their school experience lagging behind other students in terms of readiness factors such as vocabulary test scores;

(C) Native Hawaiian students continue to score below national norms on standardized education achievement tests at all grade levels;

(D) both public and private schools continue to show a pattern of lower percentages of Native Hawaiian students in the uppermost achievement levels and in gifted and talented programs;

(E) Native Hawaiian students continue to be overrepresented among students qualifying for special education programs provided to students with learning disabilities, mild intellectual disabilities, emotional impairment, and other such disabilities;

(F) Native Hawaiians continue to be underrepresented in institutions of higher education and among adults who have completed four or more years of college;

(G) Native Hawaiians continue to be disproportionately represented in many negative social and physical statistics indicative of special educational needs, as demonstrated by the fact that—

- (i) Native Hawaiian students are more likely to be retained in grade level and to be excessively absent in secondary school;
- (ii) Native Hawaiian students have the highest rates of drug and alcohol use in the State of Hawaii; and
- (iii) Native Hawaiian children continue to be disproportionately victimized by child abuse and neglect; and

(H) Native Hawaiians now comprise over 23 percent of the students served by the State of Hawaii Department of Education, and there are and will continue to be geographically rural, isolated areas with a high Native Hawaiian population density.

(17) In the 1998 National Assessment of Educational Progress, Hawaiian fourth-graders ranked 39th among groups of students from 39 States in reading. Given that Hawaiian students rank among the lowest groups of students nationally in reading, and that Native Hawaiian students rank the lowest among Hawaiian students in reading, it is imperative that greater focus be placed on beginning reading and early education and literacy in Hawaii.

(18) The findings described in paragraphs (16) and (17) are inconsistent with the high rates of literacy and integration of traditional culture and Western education historically achieved by Native Hawaiians through a Hawaiian language-based public school system established in 1840 by Kamehameha III.

(19) Following the overthrow of the Kingdom of Hawaii in 1893, Hawaiian medium schools were banned. After annexation, throughout the territorial and statehood period of Hawaii, and until 1986, use of the Hawaiian language as an instructional medium in education in public schools was declared unlawful. The declaration caused incalculable harm to a culture that placed a very high value on the power of language, as exemplified in the traditional saying: “I ka ‘ōlelo nō ke ola; I ka ‘ōlelo nō ka make. In the language rests life; In the language rests death.”

(20) Despite the consequences of over 100 years of nonindigenous influence, the Native Hawaiian people are determined to preserve, develop, and transmit to future generations their ancestral territory and their cultural identity in accordance with their own spiritual and traditional beliefs, customs, practices, language, and social institutions.

(21) The State of Hawaii, in the constitution and statutes of the State of Hawaii—

(A) reaffirms and protects the unique right of the Native Hawaiian people to practice and perpetuate their culture and religious customs, beliefs, practices, and language;

(B) recognizes the traditional language of the Native Hawaiian people as an official language of the State of Hawaii, which may be used as the language of instruction for all subjects and grades in the public school system; and

(C) promotes the study of the Hawaiian culture, language, and history by providing a Hawaiian education program and using community expertise as a suitable and essential means to further the program.

PART C—ALASKA NATIVE EDUCATION

§ 7541. Short title

This part may be cited as the “Alaska Native Educational Equity, Support, and Assistance Act”.

(Pub. L. 89–10, title VII, §7301, as added Pub. L. 107–110, title VII, §701, Jan. 8, 2002, 115 Stat. 1942.)

PRIOR PROVISIONS

Provisions naming former part C (§7931 et seq.) of subchapter IX of this chapter as the “Alaska Native Educational Equity, Support and Assistance Act” were contained in section 7931 of this title, prior to the general amendment of subchapter IX by Pub. L. 107–110.

A prior section 7541, Pub. L. 89–10, title VII, §7301, as added Pub. L. 103–382, title I, §101, Oct. 20, 1994, 108 Stat. 3739, set forth findings and purpose of emergency immigrant education program, prior to the general amendment of this subchapter by Pub. L. 107–110. See section 6961 of this title.

§ 7542. Findings

Congress finds and declares the following:

(1) The attainment of educational success is critical to the betterment of the conditions, long-term well-being, and preservation of the culture of Alaska Natives.

(2) It is the policy of the Federal Government to encourage the maximum participation by Alaska Natives in the planning and the management of Alaska Native education programs.

(3) Alaska Native children enter and exit school with serious educational handicaps.

(4) The educational achievement of Alaska Native children is far below national norms. Native performance on standardized tests is low, Native student dropout rates are high, and Natives are significantly underrepresented among holders of baccalaureate degrees in the State of Alaska. As a result, Native students are being denied their opportunity to become full participants in society by grade school and high school educations that are condemn-

ing an entire generation to an underclass status and a life of limited choices.

(5) The programs authorized in this part, combined with expanded Head Start, infant learning, and early childhood education programs, and parent education programs, are essential if educational handicaps are to be overcome.

(6) The sheer magnitude of the geographic barriers to be overcome in delivering educational services in rural Alaska and Alaska villages should be addressed through the development and implementation of innovative, model programs in a variety of areas.

(7) Native children should be afforded the opportunity to begin their formal education on a par with their non-Native peers. The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for all students.

(Pub. L. 89–10, title VII, §7302, as added Pub. L. 107–110, title VII, §701, Jan. 8, 2002, 115 Stat. 1942.)

§ 7543. Purposes

The purposes of this part are as follows:

(1) To recognize the unique educational needs of Alaska Natives.

(2) To authorize the development of supplemental educational programs to benefit Alaska Natives.

(3) To supplement existing programs and authorities in the area of education to further the purposes of this part.

SUBCHAPTER VIII—IMPACT AID

PRIOR PROVISIONS

Provisions similar to those in this subchapter were contained in chapters 13 (§236 et seq.) and 19 (§631 et seq.) of this title prior to repeal by Pub. L. 103-382, §331.

§ 7701. Purpose

In order to fulfill the Federal responsibility to assist with the provision of educational services to federally connected children in a manner that promotes control by local educational agencies with little or no Federal or State involvement, because certain activities of the Federal Government, such as activities to fulfill the responsibilities of the Federal Government with respect to Indian tribes and activities under section 571 of title 50, Appendix, place a financial burden on the local educational agencies serving areas where such activities are carried out, and to help such children meet challenging State standards, it is the purpose of this subchapter to provide financial assistance to local educational agencies that—

- (1) experience a substantial and continuing financial burden due to the acquisition of real property by the United States;
- (2) educate children who reside on Federal property and whose parents are employed on Federal property;
- (3) educate children of parents who are in the military services and children who live in low-rent housing;
- (4) educate heavy concentrations of children whose parents are civilian employees of the Federal Government and do not reside on Federal property; or
- (5) need special assistance with capital expenditures for construction activities because of the enrollments of substantial numbers of children who reside on Federal lands and because of the difficulty of raising local revenue through bond referendums for capital projects due to the inability to tax Federal property.

(Pub. L. 89-10, title VIII, §8001, as added Pub. L. 103-382, title I, §101, Oct. 20, 1994, 108 Stat. 3749; amended Pub. L. 106-398, §1 [[div. A], title XVIII, §1802], Oct. 30, 2000, 114 Stat. 1654, 1654A-368; Pub. L. 108-189, §2(f), Dec. 19, 2003, 117 Stat. 2866.)

§ 7702. Payments relating to Federal acquisition of real property

(a) In general

Where the Secretary, after consultation with any local educational agency and with the appropriate State educational agency, determines for a fiscal year ending prior to October 1, 2003—

- (1) that the United States owns Federal property in the local educational agency, and that such property—

(A) has been acquired by the United States since 1938;

(B) was not acquired by exchange for other Federal property in the local educational agency which the United States owned before 1939; and

(C) had an assessed value (determined as of the time or times when so acquired) aggregating 10 percent or more of the assessed value of—

(i) all real property in the local educational agency (similarly determined as of the time or times when such Federal property was so acquired); or

(ii) all real property in the local educational agency as assessed in the first year preceding or succeeding acquisition, whichever is greater, only if—

(I) the assessment of all real property in the local educational agency is not made at the same time or times that such Federal property was so acquired and assessed; and

(II) State law requires an assessment be made of property so acquired; and

(2) that such agency is not being substantially compensated for the loss in revenue resulting from such ownership by increases in revenue accruing to the agency from the conduct of Federal activities with respect to such Federal property,

then such agency shall be eligible to receive the amount described in subsection (b) of this section.

(b) Amount

(1) In general

(A)(i)(I) Subject to subclauses (II) and (III), the amount that a local educational agency shall be paid under subsection (a) of this section for a fiscal year shall be calculated in accordance with paragraph (2).

(II) Except as provided in subclause (III), the Secretary may not reduce the amount of a payment under this section to a local educational agency for a fiscal year by (aa) the amount equal to the amount of revenue, if any, the agency received during the previous fiscal year from activities conducted on Federal property eligible under this section and located in a school district served by the agency, including amounts received from any Federal department or agency (other than the Department of Education) from such activities, by reason of receipt of such revenue, or (bb) any other amount by reason of receipt of such revenue.

(III) If the amount equal to the sum of (aa) the proposed payment under this section to a local educational agency for a fiscal year and (bb) the amount of revenue described in subclause (II)(aa) received by the agency during the previous fiscal year, exceeds the maximum amount the agency is eligible to receive under this section for the fiscal year involved, then the Secretary shall reduce the amount of the proposed payment under this section by an amount equal to such excess amount.

(ii) For purposes of clause (i), the amount of revenue that a local educational agency receives during the previous fiscal year from activities conducted on Federal property shall not include payments received by the agency from the Secretary of Defense to support—

(I) the operation of a domestic dependent elementary or secondary school; or

(II) the provision of a free public education to dependents of members of the Armed Forces residing on or near a military installation.

(B) If funds appropriated under section 7714(a) of this title are insufficient to pay the amount determined under subparagraph (A), the Secretary shall calculate the payment for each eligible local educational agency in accordance with subsection (h) of this section.

(C) Notwithstanding any other provision of this subsection, a local educational agency may not be paid an amount under this section that, when added to the amount such agency receives under section 7703(b) of this title, exceeds the maximum amount that such agency is eligible to receive for such fiscal year under section 7703(b)(1)(C) of this title, or the maximum amount that such agency is eligible to receive for such fiscal year under this section, whichever is greater.

(2) Application of current levied real property tax rate

In calculating the amount that a local educational agency is eligible to receive for a fiscal year, the Secretary shall apply the current levied real property tax rate for current expenditures levied by fiscally independent local educational agencies, or imputed for fiscally dependent local educational agencies, to the current annually determined aggregate assessed value of such acquired Federal property.

(3) Determination of aggregate assessed value

Such aggregate assessed value of such acquired Federal property shall be determined on the basis of the highest and best use of property adjacent to such acquired Federal property as of the time such value is determined, and provided to the Secretary, by the local official responsible for assessing the value of real property located in the jurisdiction of such local educational agency for the purpose of levying a property tax.

(c) Applicability to Tennessee Valley Authority Act

For the purpose of this section, any real property with respect to which payments are being made under section 13 of the Tennessee Valley Authority Act of 1933 [16 U.S.C. 831] shall not be regarded as Federal property.

(d) Ownership by United States

The United States shall be deemed to own Federal property for the purposes of this chapter, where—

(1) prior to the transfer of Federal property, the United States owned Federal property meeting the requirements of subparagraphs (A), (B), and (C) of subsection (a)(1) of this section; and

(2) the United States transfers a portion of the property referred to in paragraph (1) to another nontaxable entity, and the United States—

(A) restricts some or any construction on such property;

(B) requires that the property be used in perpetuity for the public purposes for which the property was conveyed;

(C) requires the grantee of the property to report to the Federal Government (or its agent) regarding information on the use of the property;

(D) except with the approval of the Federal Government (or its agent), prohibits the sale, lease, assignment, or other disposal of the property unless such sale, lease, assignment, or other disposal is to another eligible government agency; and

(E) reserves to the Federal Government a right of reversion at any time the Federal Government (or its agent) deems it necessary for the national defense.

(e) Local educational agency containing Forest Service land and serving certain counties

Beginning with fiscal year 1995, a local educational agency shall be deemed to meet the requirements of subsection (a)(1)(C) of this section if such local educational agency meets the following requirements:

(1) Acreage and acquisition by the Forest Service

The local educational agency serves a school district that contains between 20,000 and 60,000 acres of land that has been acquired by the Forest Service of the Department of Agriculture between 1915 and 1990, as demonstrated by written evidence from the Forest Service satisfactory to the Secretary.

(2) County charter

The local educational agency serves a county chartered under State law in 1875 or 1890.

(f) Special rule

(1) Beginning with fiscal year 1994, and notwithstanding any other provision of law limiting the period during which fiscal year 1994 funds may be obligated, the Secretary shall treat the local educational agency serving the Wheatland R-II School District, Wheatland, Missouri, as meeting the eligibility requirements of section 2(a)(1)(C) of the Act of September 30, 1950 (Public Law 874, 81st Congress) (as such section was in effect on the day preceding October 20, 1994) (20 U.S.C. 237(a)(1)(C)) or subsection (a)(1)(C) of this section.

(2) For each fiscal year beginning with fiscal year 1999, the Secretary shall treat the Webster School District, Day County, South Dakota as meeting the eligibility requirements of subsection (a)(1)(C) of this section.

(4) For the purposes of payments under this section for each fiscal year beginning with fiscal year 2000, the Secretary shall treat the Hot Springs, South Dakota local educational agency as if it had filed a timely application under this section for fiscal year 1994 if the Secretary has received the fiscal year 1994 application, as well as Exhibits A and B not later than December 1, 1999.

(5) For purposes of payments under this section for each fiscal year beginning with fiscal

year 2000, the Secretary shall treat the Hue-neme, California local educational agency as if it had filed a timely application under this section if the Secretary has received the fiscal year 1995 application not later than December 1, 1999.

(g) Former districts

(1) In general

Where the school district of any local educational agency described in paragraph (2) is formed at any time after 1938 by the consolidation of two or more former school districts, such agency may elect (at any time such agency files an application under section 7705 of this title) for any fiscal year after fiscal year 1994 to have (A) the eligibility of such local educational agency, and (B) the amount which such agency shall be eligible to receive, determined under this section only with respect to such of the former school districts comprising such consolidated school districts as such agency shall designate in such election.

(2) Eligible local educational agencies

A local educational agency referred to in paragraph (1) is any local educational agency that, for fiscal year 1994 or any preceding fiscal year, applied for and was determined eligible under section 2(c) of the Act of September 30, 1950 (Public Law 874, 81st Congress) as such section was in effect for such fiscal year.

(h) Payments with respect to fiscal years in which insufficient funds are appropriated

For any fiscal year for which the amount appropriated under section 7714(a) of this title is insufficient to pay to each eligible local educational agency the full amount determined under subsection (b) of this section, the Secretary shall make payments to each local educational agency under this section as follows:

(1) Foundation payments for pre-1995 recipients

(A) In general

The Secretary shall first make a foundation payment to each local educational agency that is eligible to receive a payment under this section for the fiscal year involved and that filed, or has been determined pursuant to statute to have filed a timely application, and met, or has been determined pursuant to statute to meet, the eligibility requirements of section 2(a)(1)(C) of the Act of September 30, 1950 (Public Law 874, 81st Congress) (as such section was in effect on the day preceding October 20, 1994) for any of the fiscal years 1989 through 1994.

(B) Amount

The amount of a payment under subparagraph (A) for a local educational agency shall be equal to 38 percent of the local educational agency's maximum entitlement amount under section 2 of the Act of September 30, 1950, for fiscal year 1994 (or if the local educational agency did not meet, or has not been determined pursuant to statute to meet, the eligibility requirements of section 2(a)(1)(C) of the Act of September 30, 1950 for fiscal year 1994, the local educational agency's maximum entitlement

amount under such section 2 for the most recent fiscal year preceding 1994).

(C) Insufficient appropriations

If the amount appropriated under section 7714(a) of this title is insufficient to pay the full amount determined under this paragraph for all eligible local educational agencies for the fiscal year, then the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

(2) Payments for 1995 recipients

(A) In general

From any amounts remaining after making payments under paragraph (1) for the fiscal year involved, the Secretary shall make a payment to each eligible local educational agency that received a payment under this section for fiscal year 1995, or whose application under this section for fiscal year 1995 was determined pursuant to statute to be timely filed for purposes of payments for subsequent fiscal years.

(B) Amount

The amount of a payment under subparagraph (A) for a local educational agency shall be determined as follows:

(i) Calculate the difference between the amount appropriated to carry out this section for fiscal year 1995 and the total amount of foundation payments made under paragraph (1) for the fiscal year.

(ii) Determine the percentage share for each local educational agency described in subparagraph (A) by dividing the assessed value of the Federal property of the local educational agency for fiscal year 1995 determined in accordance with subsection (b)(3) of this section, by the total eligible national assessed value of the eligible Federal property of all such local educational agencies for fiscal year 1995, as so determined.

(iii) Multiply the percentage share described in clause (ii) for the local educational agency by the amount determined under clause (i).

(3) Subsection (i) recipients

From any funds remaining after making payments under paragraphs (1) and (2) for the fiscal year involved, the Secretary shall make payments in accordance with subsection (i) of this section.

(4) Remaining funds

From any funds remaining after making payments under paragraphs (1), (2), and (3) for the fiscal year involved—

(A) the Secretary shall make a payment to each local educational agency that received a foundation payment under paragraph (1) for the fiscal year involved in an amount that bears the same relation to 25 percent of the remainder as the amount the local educational agency received under paragraph (1) for the fiscal year involved bears to the amount all local educational agencies received under paragraph (1) for the fiscal year involved; and

(B) the Secretary shall make a payment to each local educational agency that is eligible to receive a payment under this section for the fiscal year involved in an amount that bears the same relation to 75 percent of the remainder as a percentage share determined for the local educational agency (by dividing the maximum amount that the agency is eligible to receive under subsection (b) of this section by the total of the maximum amounts for all such agencies) bears to the percentage share determined (in the same manner) for all local educational agencies eligible to receive a payment under this section for the fiscal year involved, except that, for the purpose of calculating a local educational agency's maximum amount under subsection (b) of this section, data from the most current fiscal year shall be used.

(i) Special payments

(1) In general

For any fiscal year beginning with fiscal year 2000 for which the amount appropriated to carry out this section exceeds the amount so appropriated for fiscal year 1996 and for which subsection (b)(1)(B) of this section applies, the Secretary shall use the remainder described in subsection (h)(3) of this section for the fiscal year involved (not to exceed the amount equal to the difference between (A) the amount appropriated to carry out this section for fiscal year 1997 and (B) the amount appropriated to carry out this section for fiscal year 1996) to increase the payment that would otherwise be made under this section to not more than 50 percent of the maximum amount determined under subsection (b) of this section for any local educational agency described in paragraph (2).

(2) Local educational agency described

A local educational agency described in this paragraph is a local educational agency that—

(A) received a payment under this section for fiscal year 1996;

(j) Repealed. Pub. L. 107-110, title VIII, § 801(d), Jan. 8, 2002, 115 Stat. 1948

(k) Special rule

For purposes of payments under this section for each fiscal year beginning with fiscal year 1998—

(1) the Secretary shall, for the Stanley County, South Dakota local educational agency, calculate payments as if subsection (e) of this section had been in effect for fiscal year 1994; and

(2) the Secretary shall treat the Delaware Valley, Pennsylvania local educational agency as if it had filed a timely application under section 2 of Public Law 81-874 for fiscal year 1994.

(l) Prior year data

Notwithstanding any other provision of this section, in determining the eligibility of a local educational agency for a payment under subsection (b) or (h)(4)(B) of this section for a fiscal year, and in calculating the amount of such payment, the Secretary—

(1) shall use data from the prior fiscal year with respect to the Federal property involved, including data with respect to the assessed value of the property and the real property tax rate for current expenditures levied against or imputed to the property; and

(2) shall use data from the second prior fiscal year with respect to determining the amount of revenue referred to in subsection (b)(1)(A)(i) of this section.

(m) Eligibility

(1) Old Federal property

Except as provided in paragraph (2), a local educational agency that is eligible to receive a payment under this section for Federal property acquired by the Federal Government, before October 30, 2000, shall be eligible to receive the payment only if the local educational agency submits an application for a payment under this section not later than 7 years after October 30, 2000.

(B) the local educational agency submits an application for a payment under this section not later than 7 years after the date of acquisition of the Federal property acquired after October 30, 2000.

(3) New Federal property

A local educational agency that is eligible to receive a payment under this section for Federal property acquired by the Federal Government after October 30, 2000, shall be eligible to receive the payment only if the local educational agency submits an application for a payment under this section not later than 7 years after the date of acquisition.

(n) Loss of eligibility

(1) In general

Notwithstanding any other provision of this section, the Secretary shall make a minimum payment to a local educational agency described in paragraph (2), for the first fiscal year that the agency loses eligibility for assistance under this section as a result of prop-

erty located within the school district served by the agency failing to meet the definition of Federal property under section 7713(5)(C)(iii) of this title, in an amount equal to 90 percent of the amount received by the agency under this section for the preceding year.

§ 7703. Payments for eligible federally connected children

(a) Computation of payment

(1) In general

For the purpose of computing the amount that a local educational agency is eligible to receive under subsection (b) or (d) of this section for any fiscal year, the Secretary shall determine the number of children who were in average daily attendance in the schools of such agency, and for whom such agency provided free public education, during the preceding school year and who, while in attendance at such schools—

(A)(i) resided on Federal property with a parent employed on Federal property situated in whole or in part within the boundaries of the school district of such agency; or

(ii) resided on Federal property with a parent who is an official of, and accredited by, a foreign government and is a foreign military officer;

(B) resided on Federal property and had a parent on active duty in the uniformed services (as defined in section 101 of title 37);

(C) resided on Indian lands;

(D)(i) had a parent on active duty in the uniformed services (as defined by section 101 of title 37) but did not reside on Federal property; or

(ii) had a parent who is an official of, and has been accredited by, a foreign government and is a foreign military officer but did not reside on Federal property;

(E) resided in low-rent housing;

(F) resided on Federal property and is not described in subparagraph (A) or (B); or

(G) resided with a parent employed on Federal property situated—

(i) in whole or in part in the county in which such agency is located, or in whole or in part in such agency if such agency is located in more than one county; or

(ii) if not in such county, in whole or in part in the same State as such agency.

(2) Determination of weighted student units

For the purpose of computing the basic support payment under subsection (b) of this section, the Secretary shall calculate the total number of weighted student units for a local educational agency by adding together the results obtained by the following computations:

(A) Multiply the number of children described in subparagraphs (A) and (B) of paragraph (1) by a factor of 1.0.

(B) Multiply the number of children described in paragraph (1)(C) by a factor of 1.25.

(C) Multiply the number of children described in subparagraphs (A) and (B) of paragraph (1) by a factor of .35 if the local educational agency has—

(i) a number of such children described in such subparagraphs which exceeds 5,000; and

(ii) an average daily attendance for all children which exceeds 100,000.

(D) Multiply the number of children described in subparagraph (D) of paragraph (1) by a factor of .20.

(E) Multiply the number of children described in subparagraph (E) of paragraph (1) by a factor of .10.

(F) Multiply the number of children described in subparagraphs (F) and (G) of paragraph (1) by a factor of .05.

(3) Special rule

The Secretary shall only compute a payment for a local educational agency for children described in subparagraph (F) or (G) of paragraph (1) if the number of such children equals or exceeds 1,000 or such number equals or exceeds 10 percent of the total number of students in average daily attendance in the schools of such agency.

(4) Military installation and Indian housing undergoing renovation or rebuilding

(A) In general

(i) For purposes of computing the amount of a payment for a local educational agency for children described in paragraph (1)(D)(i), the Secretary shall consider such children to be children described in paragraph (1)(B) if the Secretary determines, on the basis of a certification provided to the Secretary by a designated representative of the Secretary of Defense, that such children would have resided in housing on Federal property in ac-

cordance with paragraph (1)(B) except that such housing was undergoing renovation or rebuilding on the date for which the Secretary determines the number of children under paragraph (1).

(ii) For purposes of computing the amount of a payment for a local educational agency that received a payment for children that resided on Indian lands in accordance with paragraph (1)(C) for the fiscal year prior to the fiscal year for which the local educational agency is making an application, the Secretary shall consider such children to be children described in paragraph (1)(C) if the Secretary determines, on the basis of a certification provided to the Secretary by a designated representative of the Secretary of the Interior or the Secretary of Housing and Urban Development, that such children would have resided in housing on Indian lands in accordance with paragraph (1)(C) except that such housing was undergoing renovation or rebuilding on the date for which the Secretary determines the number of children under paragraph (1).

(B) Limitations

(i)(I) Children described in paragraph (1)(D)(i) may be deemed to be children described in paragraph (1)(B) with respect to housing on Federal property undergoing renovation or rebuilding in accordance with subparagraph (A)(i) for a period not to exceed 3 fiscal years.

(II) The number of children described in paragraph (1)(D)(i) who are deemed to be children described in paragraph (1)(B) with respect to housing on Federal property undergoing renovation or rebuilding in accordance with subparagraph (A)(i) for any fiscal year may not exceed the maximum number of children who are expected to occupy that housing upon completion of the renovation or rebuilding.

(ii)(I) Children that resided on Indian lands in accordance with paragraph (1)(C) for the fiscal year prior to the fiscal year for which the local educational agency is making an application may be deemed to be children described in paragraph (1)(C) with respect to housing on Indian lands undergoing renovation or rebuilding in accordance with subparagraph (A)(ii) for a period not to exceed 3 fiscal years.

(II) The number of children that resided on Indian lands in accordance with paragraph (1)(C) for the fiscal year prior to the fiscal year for which the local educational agency is making an application who are deemed to be children described in paragraph (1)(C) with respect to housing on Indian lands undergoing renovation or rebuilding in accordance with subparagraph (A)(ii) for any fiscal year may not exceed the maximum number of children who are expected to occupy that housing upon completion of the renovation or rebuilding.

(5) Military "Build to Lease" program housing

(A) In general

For purposes of computing the amount of payment for a local educational agency for

children identified under paragraph (1), the Secretary shall consider children residing in housing initially acquired or constructed under the former section 2828(g) of title 10 (commonly known as the “Build to Lease” program), as added by section 801 of the Military Construction Authorization Act, 1984, to be children described under paragraph (1)(B) if the property described is within the fenced security perimeter of the military facility upon which such housing is situated.

(B) Additional requirements

If the property described in subparagraph (A) is not owned by the Federal Government, is subject to taxation by a State or political subdivision of a State, and thereby generates revenues for a local educational agency that is applying to receive a payment under this section, then the Secretary—

(i) shall require the local educational agency to provide certification from an appropriate official of the Department of Defense that the property is being used to provide military housing; and

(ii) shall reduce the amount of the payment under this section by an amount equal to the amount of revenue from such taxation received in the second preceding fiscal year by such local educational agency, unless the amount of such revenue was taken into account by the State for such second preceding fiscal year and already resulted in a reduction in the amount of State aid paid to such local educational agency.

(b) Basic support payments; insufficient appropriations; State with only one local educational agency

(1) Basic support payments

(A) In general

From the amount appropriated under section 7714(b) of this title for a fiscal year, the Secretary is authorized to make basic support payments to eligible local educational agencies with children described in subsection (a) of this section.

(B) Eligibility

A local educational agency is eligible to receive a basic support payment under subparagraph (A) for a fiscal year with respect to a number of children determined under subsection (a)(1) of this section only if the number of children so determined with respect to such agency amounts to the lesser of—

(i) at least 400 such children; or

(ii) a number of such children which equals at least 3 percent of the total number of children who were in average daily attendance, during such year, at the schools of such agency and for whom such agency provided free public education.

(C) Maximum amount

The maximum amount that a local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as com-

puted under subsection (a)(2) of this section, multiplied by the greater of—

(i) one-half of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made;

(ii) one-half of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made;

(iii) the comparable local contribution rate certified by the State, as determined under regulations prescribed to carry out the Act of September 30, 1950 (Public Law 874, 81st Congress), as such regulations were in effect on January 1, 1994; or

(iv) the average per-pupil expenditure of the State in which the local educational agency is located, multiplied by the local contribution percentage.

(D) Data

If satisfactory data from the third preceding fiscal year are not available for any of the expenditures described in clause (i) or (ii) of subparagraph (C), the Secretary shall use data from the most recent fiscal year for which data that are satisfactory to the Secretary are available.

(E) Special rule

For purposes of determining the comparable local contribution rate under subparagraph (C)(iii) for a local educational agency described in section 222.39(c)(3) of title 34, Code of Federal Regulations, that had its comparable local contribution rate for fiscal year 1998 calculated pursuant to section 222.39 of title 34, Code of Federal Regulations, the Secretary shall determine such comparable local contribution rate as the rate upon which payments under this subsection for fiscal year 2000 were made to the local educational agency adjusted by the percentage increase or decrease in the per pupil expenditure in the State serving the local educational agency calculated on the basis of the second most recent preceding school year compared to the third most recent preceding school year for which school year data are available.

(F) Increase in local contribution rate due to unusual geographic factors

If the current expenditures in those local educational agencies which the Secretary has determined to be generally comparable to the local educational agency for which a computation is made under subparagraph (C) are not reasonably comparable because of unusual geographical factors which affect the current expenditures necessary to maintain, in such agency, a level of education equivalent to that maintained in such other agencies, then the Secretary shall increase the local contribution rate for such agency under subparagraph (C)(iii) by such an amount which the Secretary determines will compensate such agency for the increase in current expenditures necessitated by such unusual geographical factors. The amount of

any such supplementary payment may not exceed the per-pupil share (computed with regard to all children in average daily attendance), as determined by the Secretary, of the increased current expenditures necessitated by such unusual geographic factors.

(G) Beginning with fiscal year 2002, for the purpose of calculating a payment under this paragraph for a local educational agency whose local contribution rate was computed under subparagraph (C)(iii) for the previous year, the Secretary shall use a local contribution rate that is not less than 95 percent of the rate that the LEA received for the preceding year.

(2) Basic support payments for heavily impacted local educational agencies

(A) In general

(i) From the amount appropriated under section 7714(b) of this title for a fiscal year, the Secretary is authorized to make basic support payments to eligible heavily impacted local educational agencies with children described in subsection (a) of this section.

(ii) A local educational agency that receives a basic support payment under this paragraph for a fiscal year shall not be eligible to receive a basic support payment under paragraph (1) for that fiscal year.

(B) Eligibility for continuing heavily impacted local educational agencies

(i) In general

A heavily impacted local educational agency is eligible to receive a basic support payment under subparagraph (A) with respect to a number of children determined under subsection (a)(1) of this section if the agency—

(I) received an additional assistance payment under subsection (f) of this section (as such subsection was in effect on the day before October 30, 2000) for fiscal year 2000; and

(II)(aa) is a local educational agency whose boundaries are the same as a Federal military installation;

(bb) has an enrollment of children described in subsection (a)(1) of this section that constitutes a percentage of the total student enrollment of the agency which is not less than 35 percent, has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located or the average per-pupil expenditure of all States (whichever average per-pupil expenditure is greater), except that a local educational agency with a total student enrollment of less than 350 students shall be deemed to have satisfied such per-pupil expenditure requirement, and has a tax rate for general fund purposes which is not less than 95 percent of the average tax rate for general fund purposes of local educational agencies in the State;

(cc) has an enrollment of children described in subsection (a)(1) of this section that constitutes a percentage of the

total student enrollment of the agency which is not less than 30 percent, and has a tax rate for general fund purposes which is not less than 125 percent of the average tax rate for general fund purposes for comparable local educational agencies in the State;

(dd) has a total student enrollment of not less than 25,000 students, of which not less than 50 percent are children described in subsection (a)(1) of this section and not less than 6,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1) of this section; or

(ee) meets the requirements of subsection (f)(2) of this section applying the data requirements of subsection (f)(4) of this section (as such subsections were in effect on the day before October 30, 2000).

(ii) Loss of eligibility

A heavily impacted local educational agency that met the requirements of clause (i) for a fiscal year shall be ineligible to receive a basic support payment under subparagraph (A) if the agency fails to meet the requirements of clause (i) for a subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for which the ineligibility determination is made.

(iii) Resumption of eligibility

A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency meets the requirements of clause (i) for that subsequent fiscal year, except that such agency shall not receive a basic support payment under this paragraph until the fiscal year succeeding the fiscal year for which the eligibility determination is made.

(C) Eligibility for new heavily impacted local educational agencies

(i) In general

A heavily impacted local educational agency that did not receive an additional assistance payment under subsection (f) of this section (as such subsection was in effect on the day before October 30, 2000) for fiscal year 2000 is eligible to receive a basic support payment under subparagraph (A) for fiscal year 2002 and any subsequent fiscal year with respect to a number of children determined under subsection (a)(1) of this section only if the agency is a local educational agency whose boundaries are the same as a Federal military installation (or if the agency is a qualified local educational agency as described in clause (iv)), or the agency—

(I) has an enrollment of children described in subsection (a)(1) of this section that constitutes a percentage of the total student enrollment of the agency that—

(aa) is not less than 50 percent if such agency receives a payment on behalf of children described in subparagraphs (F) and (G) of such subsection; or

(bb) is not less than 40 percent if such agency does not receive a payment on behalf of such children;

(II)(aa) for a local educational agency that has a total student enrollment of 350 or more students, has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located; or

(bb) for a local educational agency that has a total student enrollment of less than 350 students, has a per-pupil expenditure that is less than the average per-pupil expenditure of a comparable local education agency or three comparable local educational agencies in the State in which the local educational agency is located; and

(III) has a tax rate for general fund purposes that is at least 95 percent of the average tax rate for general fund purposes of comparable local educational agencies in the State.

(ii) Resumption of eligibility

A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency is a local educational agency whose boundaries are the same as a Federal military installation (or if the agency is a qualified local educational agency as described in clause (iv)), or meets the requirements of clause (i), for that subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for which the ineligibility determination is made.

(iii) Application

With respect to the first fiscal year for which a heavily impacted local educational agency described in clause (i) applies for a basic support payment under subparagraph (A), or with respect to the first fiscal year for which a heavily impacted local educational agency applies for a basic support payment under subparagraph (A) after becoming ineligible under clause (i) for 1 or more preceding fiscal years, the agency shall apply for such payment at least 1 year prior to the start of that first fiscal year.

(iv) Qualified local educational agency

A qualified local educational agency described in this clause is an agency that meets the following requirements:

(II) The agency has no taxing authority.

(III) The agency received a payment under paragraph (1) for fiscal year 2001.

(D) Maximum amount for regular heavily impacted local educational agencies

(i) Except as provided in subparagraph (E), the maximum amount that a heavily impacted local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as computed under subsection (a)(2) of this section and subject to clause (ii), multiplied by the greater of—

(I) four-fifths of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made; or

(II) four-fifths of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made.

(ii)(I) For a local educational agency with respect to which 35 percent or more of the total student enrollment of the schools of the agency are children described in subparagraph (D) or (E) (or a combination thereof) of subsection (a)(1) of this section, the Secretary shall calculate the weighted student units of such children for purposes of subsection (a)(2) of this section by multiplying the number of such children by a factor of 0.55.

(II) For a local educational agency that has an enrollment of 100 or fewer children described in subsection (a)(1) of this section, the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) of this section by multiplying the number of such children by a factor of 1.75.

(III) For a local educational agency that does not qualify under (B)(i)(II)(aa)¹ of this subsection and has an enrollment of more than 100 but not more than 1,000 children described in subsection (a)(1) of this section, the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) of this section by multiplying the number of such children by a factor of 1.25.

(E) Maximum amount for large heavily impacted local educational agencies

(i)(I) Subject to clause (ii), the maximum amount that a heavily impacted local educational agency described in subclause (II) is eligible to receive under this paragraph for any fiscal year shall be determined in accordance with the formula described in paragraph (1)(C).

(II) A heavily impacted local educational agency described in this subclause is a local educational agency that has a total student enrollment of not less than 25,000 students, of which not less than 50 percent are chil-

dren described in subsection (a)(1) of this section and not less than 6,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1) of this section.

(ii) For purposes of calculating the maximum amount described in clause (i), the factor used in determining the weighted student units under subsection (a)(2) of this section with respect to children described in subparagraphs (A) and (B) of subsection (a)(1) of this section shall be 1.35.

(F) Data

For purposes of providing assistance under this paragraph the Secretary—

(i) shall use student, revenue, expenditure, and tax data from the third fiscal year preceding the fiscal year for which the local educational agency is applying for assistance under this paragraph; and

(ii) except as provided in subparagraph (C)(i)(I), shall include all of the children described in subparagraphs (F) and (G) of subsection (a)(1) of this section enrolled in schools of the local educational agency in determining (I) the eligibility of the agency for assistance under this paragraph, and (II) the amount of such assistance if the number of such children meet the requirements of subsection (a)(3) of this section.

(G) Determination of average tax rates for general fund purposes

For the purpose of determining average tax rates for general fund purposes for local educational agencies in a State under this paragraph (except under subparagraph (C)(i)(II)(bb)), the Secretary shall use either—

(i) the average tax rate for general fund purposes for comparable local educational agencies, as determined by the Secretary in regulations; or

(ii) the average tax rate of all the local educational agencies in the State.

(H) Eligibility for heavily impacted local educational agencies affected by privatization of military housing

(i) Eligibility

For any fiscal year, a heavily impacted local educational agency that received a basic support payment under this paragraph for the prior fiscal year, but is ineligible for such payment for the current fiscal year under subparagraph (B), (C), (D), or (E), as the case may be, by reason of the conversion of military housing units to private housing described in clause (iii), shall be deemed to meet the eligibility requirements under subparagraph (B) or (C), as the case may be, for the period during which the housing units are undergoing such conversion.

(ii) Amount of payment

The amount of a payment to a heavily impacted local educational agency for a fiscal year by reason of the application of clause (i), and calculated in accordance with subparagraph (D) or (E), as the case

may be, shall be based on the number of children in average daily attendance in the schools of such agency for the fiscal year and under the same provisions of subparagraph (D) or (E) under which the agency was paid during the prior fiscal year.

(iii) Conversion of military housing units to private housing described

For purposes of clause (i), “conversion of military housing units to private housing” means the conversion of military housing units to private housing units pursuant to subchapter IV of chapter 169 of title 10 or pursuant to any other related provision of law.

(B) Learning opportunity threshold payments in lieu of payments under paragraph (1)

(i) For fiscal years described in subparagraph (A), the Secretary shall compute a learning opportunity threshold payment (hereafter in this subchapter referred to as the “threshold payment”) in lieu of basic support payments under paragraph (1) by multiplying the amount obtained under paragraph (1)(C) by the total percentage obtained by adding—

(I) the percentage of federally connected children for each local educational agency determined by calculating the fraction, the numerator of which is the total number of children described under subsection (a)(1) of this section and the denominator of which is the total number of children in average daily attendance at the schools served by such agency; and

(II) the percentage that funds under paragraph (1)(C) represent of the total budget of the local educational agency, determined by calculating the fraction, the numerator of which is the total amount of funds calculated for each local educational agency under this paragraph, and the denominator of which is the total current expenditures for such agency in the second preceding fiscal year for which the determination is made.

(ii) Such total percentage used to calculate threshold payments under paragraph (1) shall not exceed 100.

(iii) For the purpose of determining the percentages described in subclauses (I) and (II) of clause (i) that are applicable to the local educational agency providing free public education to students in grades 9 through 12 residing on Hanscom Air Force Base, Massachusetts, the Secretary shall consider only that portion of such agency’s total enroll-

ment of students in grades 9 through 12 when calculating the percentage under such subclause (I) and only that portion of the total current expenditures attributed to the operation of grades 9 through 12 in such agency when calculating the percentage under subclause (II).

(iv) In the case of a local educational agency that has a total student enrollment of fewer than 1,000 students and that has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located or less than the average per-pupil expenditure of all the States, the total percentage used to calculate threshold payments under clause (i) shall not be less than 40 percent.

(C) Learning opportunity threshold payments in lieu of payments under paragraph (2)

For fiscal years described in subparagraph (A), the learning opportunity threshold payment in lieu of basic support payments under paragraph (2) shall be equal to the amount obtained under subparagraph (D) or (E) of paragraph (2), as the case may be.

(D) Ratable distribution

For fiscal years described in subparagraph (A), the Secretary shall make payments as a ratable distribution based upon the computations made under subparagraphs (B) and (C).

(4) States with only one local educational agency

(A) In general

In any of the 50 States of the United States in which there is only one local educational agency, the Secretary shall, for purposes of subparagraphs (B) and (C) of paragraph (1) or subparagraphs (B) through (D) of paragraph (2), as the case may be, paragraph (3) of this subsection, and subsection (e) of this section, consider each administrative school district in the State to be a separate local educational agency.

(B) Computation of maximum amount of basic support payment and threshold payment

In computing the maximum payment amount under paragraph (1)(C) or subparagraph (D) or (E) of paragraph (2), as the case may be, and the learning opportunity threshold payment under subparagraph (B) or (C) of paragraph (3), as the case may be, for an administrative school district described in subparagraph (A)—

(i) the Secretary shall first determine the maximum payment amount and the total current expenditures for the State as a whole; and

(ii) the Secretary shall then—

(I) proportionately allocate such maximum payment amount among the administrative school districts on the basis of the respective weighted student units of such districts; and

(II) proportionately allocate such total current expenditures among the admin-

istrative school districts on the basis of the respective number of students in average daily attendance at such districts.

(5) Local educational agencies affected by removal of Federal property

(A) In general

In computing the amount of a basic support payment under this subsection for a fiscal year for a local educational agency described in subparagraph (B), the Secretary shall meet the additional requirements described in subparagraph (C).

(B) Local educational agency described

A local educational agency described in this subparagraph is a local educational agency with respect to which Federal property (i) located within the boundaries of the agency, and (ii) on which one or more children reside who are receiving a free public education at a school of the agency, is transferred by the Federal Government to another entity in any fiscal year beginning on or after October 30, 2000, so that the property is subject to taxation by the State or a political subdivision of the State.

(C) Additional requirements

The additional requirements described in this subparagraph are the following:

(i) For each fiscal year beginning after the date on which the Federal property is transferred, a child described in subparagraph (B) who continues to reside on such property and who continues to receive a free public education at a school of the agency shall be deemed to be a child who resides on Federal property for purposes of computing under the applicable subparagraph of subsection (a)(1) of this section the amount that the agency is eligible to receive under this subsection.

(ii)(I) For the third fiscal year beginning after the date on which the Federal property is transferred, and for each fiscal year thereafter, the Secretary shall, after computing the amount that the agency is otherwise eligible to receive under this subsection for the fiscal year involved, deduct from such amount an amount equal to the revenue received by the agency for the immediately preceding fiscal year as a result of the taxable status of the former Federal property.

(II) For purposes of determining the amount of revenue to be deducted in accordance with subclause (I), the local educational agency—

(aa) shall provide for a review and certification of such amount by an appropriate local tax authority; and

(bb) shall submit to the Secretary a report containing the amount certified under item (aa).

(c) Prior year data

(1) In general

Except as provided in subsections (b)(1)(D), (b)(2), and paragraph (2), all calculations under this section shall be based on data for each local educational agency from not later than

the fiscal year preceding the fiscal year for which the agency is making application for payment.

(2) Exception

Calculations for a local educational agency that is newly established by a State shall, for the first year of operation of such agency, be based on data from the fiscal year for which the agency is making application for payment.

(d) Children with disabilities

(1) In general

From the amount appropriated under section 7714(c) of this title for a fiscal year, the Secretary shall pay to each eligible local educational agency, on a pro rata basis, the amounts determined by—

(A) multiplying the number of children described in subparagraphs (A)(ii), (B) and (C) of subsection (a)(1) of this section who are eligible to receive services under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) by a factor of 1.0; and

(B) multiplying the number of children described in subparagraph (D) of subsection (a)(1) of this section who are eligible to receive services under such Act by a factor of 0.5.

(2) Use of funds

A local educational agency that receives funds under paragraph (1) shall use such funds to provide a free appropriate public education to children described in paragraph (1) in accordance with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.).

(e) Hold harmless

(1) In general

Subject to paragraphs (2) and (3), the total amount the Secretary shall pay a local educational agency under subsection (b) of this section—

(B) for fiscal year 2002 shall not be less than 70 percent of the total amount that the local educational agency received under subsections (b) and (f) of this section for fiscal year 2000.

(2) Maximum amount

The total amount provided to a local educational agency under subparagraph (A) or (B) of paragraph (1) for a fiscal year shall not exceed the maximum basic support payment amount for such agency determined under paragraph (1) or (2) of subsection (b) of this section, as the case may be.

(3) Ratable reductions

(A) In general

If the sums made available under this subchapter for any fiscal year are insufficient to pay the full amounts that all local educational agencies in all States are eligible to receive under paragraph (1) for such year, then the Secretary shall ratably reduce the payments to all such agencies for such year.

(B) Additional funds

If additional funds become available for making payments under paragraph (1) for such fiscal year, payments that were reduced under subparagraph (A) shall be increased on the same basis as such payments were reduced.

(f) Other funds

Notwithstanding any other provision of law, a local educational agency receiving funds under this section may also receive funds under section 386 of the National Defense Authorization Act for Fiscal Year 1993 or such section's successor authority.

(g) Maintenance of effort

A local educational agency may receive funds under subsection (b) of this section and section 7702 of this title for any fiscal year only if the State educational agency finds that either the combined fiscal effort per student or the aggregate expenditures of that agency and the State with respect to the provision of free public education by that agency for the preceding fiscal year was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

(b) State equalization plans

(1) In general

A State may reduce State aid to a local educational agency that receives a payment under section 7702 or 7703(b) of this title (except the amount calculated in excess of 1.0 under section 7703(a)(2)(B) of this title and, with respect to a local educational agency that receives a payment under section 7703(b)(2) of this title, the amount in excess of the amount that the agency would receive if the agency were deemed to be an agency eligible to receive a payment under section 7703(b)(1) of this title and not section 7703(b)(2) of this title) for any fiscal year if the Secretary determines, and certifies under subsection (c)(3)(A) of this section, that the State has in effect a program of State aid that equalizes expenditures for free public education among local educational agencies in the State.

(2) Computation

(A) In general

For purposes of paragraph (1), a program of State aid equalizes expenditures among local educational agencies if, in the second fiscal year preceding the fiscal year for which the determination is made, the amount of per-pupil expenditures made by, or per-pupil revenues available to, the local educational agency in the State with the highest such per-pupil expenditures or revenues did not exceed the amount of such per-pupil expenditures made by, or per-pupil revenues available to, the local educational agency in the State with the lowest such expenditures or revenues by more than 25 percent.

(B) Other factors

In making a determination under this subsection, the Secretary shall—

(i) disregard local educational agencies with per-pupil expenditures or revenues above the 95th percentile or below the 5th percentile of such expenditures or revenues in the State; and

(ii) take into account the extent to which a program of State aid reflects the additional cost of providing free public education in particular types of local educational agencies, such as those that are geographically isolated, or to particular types of students, such as children with disabilities.

(3) Exception

Notwithstanding paragraph (2), if the Secretary determines that the State has substantially revised its program of State aid, the Secretary may certify such program for any fiscal year only if—

(A) the Secretary determines, on the basis of projected data, that the State's program will meet the disparity standard described in paragraph (2) for the fiscal year for which the determination is made; and

(B) the State provides an assurance to the Secretary that, if final data do not demonstrate that the State's program met such standard for the fiscal year for which the determination is made, the State will pay to each affected local educational agency the amount by which the State reduced State aid to the local educational agency.

(c) Procedures for review of State equalization plans

(1) Written notice

(A) In general

Any State that wishes to consider payments described in subsection (b)(1) of this section in providing State aid to local educational agencies shall submit to the Secretary, not later than 120 days before the beginning of the State's fiscal year, a written notice of such State's intention to do so.

(B) Contents

Such notice shall be in the form and contain the information the Secretary requires, including evidence that the State has notified each local educational agency in the

State of such State's intention to consider such payments in providing State aid.

(2) Opportunity to present views

Before making a determination under subsection (b) of this section, the Secretary shall afford the State, and local educational agencies in the State, an opportunity to present their views.

(3) Qualification procedures

If the Secretary determines that a program of State aid qualifies under subsection (b) of this section, the Secretary shall—

(A) certify the program and so notify the State; and

(B) afford an opportunity for a hearing, in accordance with section 7711(a) of this title, to any local educational agency adversely affected by such certification.

(4) Nonqualification procedures

(A) so notify the State; and

(B) afford an opportunity for a hearing, in accordance with section 7711(a) of this title, to the State, and to any local educational agency adversely affected by such determination.

(d) Treatment of State aid

(1) In general

If a State has in effect a program of State aid for free public education for any fiscal year, which is designed to equalize expenditures for free public education among the local educational agencies of that State, payments under this subchapter for any fiscal year may be taken into consideration by such State in determining the relative—

(A) financial resources available to local educational agencies in that State; and

(B) financial need of such agencies for the provision of free public education for children served by such agency, except that a State may consider as local resources funds received under this subchapter only in proportion to the share that local tax revenues covered under a State equalization program are of total local tax revenues.

(2) Prohibition

A State may not take into consideration payments under this subchapter before such State's program of State aid has been certified by the Secretary under subsection (c)(3) of this section.

(e) Remedies for State violations

(1) In general

The Secretary or any aggrieved local educational agency may, not earlier than 150 days after an adverse determination by the Secretary against a State for violation of subsections (a) or (d)(2) of this section or for failure to carry out an assurance under subsection (b)(3)(B) of this section, and if an administrative proceeding has not been concluded within such time, bring an action in a United States district court against such State for such violations or failure.

(2) Immunity

A State shall not be immune under the 11th amendment to the Constitution of the United States from an action described in paragraph (1).

The court shall grant such relief as the court determines is appropriate.
