The definitions in clauses (3), (15), (18)–(21), (23)–(30), and (31)–(33) reflect the adoption of terminology which, though undefined in the source statutes restated in this title, represents the closest practicable approximation of the ways in which the terms defined have been most commonly used. A choice has been made where established uses conflict.

In clause (2), the definition of “Territory” in 32:4c is executed throughout this revised title by specific reference, where applicable, to the Territories, Puerto Rico and the Canal Zone.

In clause (4), the definition of “armed forces” is based on the source statute instead of 50:551(2), which does not include an express reference to the Marine Corps. The words “including all components thereof” are omitted as surplusage.

In clause (5), the term “Department” is defined to give it the broad sense of “Establishment”, to conform to the source statute and the usage preferred by the Department of Defense, instead of the more limited sense defined by 5:421g(a) and 423a(a), and 10:1a(d) and 1801(d).

In clause (6), the term “executive part of the department” is created for convenience in referring to what is described in the source statutes for this title as “department” in the limited sense of the executive part at the seat of government. This is required by the adoption of the word “department” in clause (5) to cover the broader concept of “establishment”.

In clause (8), the term “Secretary concerned” is created and defined for legislative convenience.

In clause (9), a definition of “National Guard” is inserted for clarity.

In clause (10)(A), the words “a land force” are substituted for 32:2 (as applicable to Army National Guard). The National Defense Act of 1916, §117 (last 66 words), 39 Stat. 212, is not contained in 32:2. It is also omitted from the revised section as repealed by the Act of February 28, 1925, ch. 374, § 3, 43 Stat. 1081.

In clauses (10) and (11), the word “Army” is inserted to distinguish the organizations defined from their Air Force counterparts.

In clauses (10) and (12), the words “unless the context or subject matter otherwise requires” and “as provided in this title”, in 32:4b, are omitted as surplusage.

In clauses (10)(B) and (12)(B), the words “has its officers appointed” are substituted for the word “officered”, in 32:4b.

In clauses (11) and (13), only that much of the description of the composition of the Army National Guard of the United States and the Air National Guard of the United States is used as is necessary to distinguish these reserve components, respectively, from the other reserve components.

In clause (12)(A), the words “an air force” are substituted for the words “for which Federal responsibility has been vested in the Secretary of the Air Force or the Department of the Air Force pursuant to law”, in 10:1835, and for 32:2 (as applicable to Air National Guard), to make the definition of “Air National Guard” parallel with the definition of “Army National Guard”, and to make explicit the intent of Congress, in creating the Air National Guard, that the organized militia henceforth should consist of three mutually exhaustive classes comprising the Army, Air, and Naval militia.

In clause (14), the definition of “officer” is based on the source statutes instead of 50:551(5), which excludes warrant officers. The reference to appointment in 10:1a(b) (2d sentence and 10:1801(b) (2d sentence), and the words “commissioned warrant officer”, “flight officer”, and “either permanent or temporary”, in 37:231(c) (1st sentence), are omitted as surplusage. 5:181-3(b) (1st sentence), 10:1a(b) (1st sentence), and 10:1801(b) (1st sentence) are omitted as covered by the definitions in clauses (14) and (16) of the revised section and by section 3062(c) and section 8062(d) of this title.

In clause (16), the words “unless otherwise qualified”, “permanent or temporary”, and “in the Army, Navy, Air Force, Marine Corps, or Coast Guard, including any component thereof” are omitted as surplusage. The word “person” is substituted for the word “officer”.

In clause (22), the definition of “active duty” is based on the definition of “active Federal service” in the source statute, since it is believed to be closer to general usage than the definition in 50:901(b), which excludes active duty for training from the general concept of active duty.

1958 ACT

<i>Revised section</i>	<i>Source (U.S. Code)</i>	<i>Source (Statutes at Large)</i>
101(25)	50:1181(6).	Sept. 3, 1954, ch. 1257, § 102(6), 68 Stat. 1150.

The words “, other than a commissioned warrant officer,” are inserted to reflect 50:1181(1).

[Clause (35).] The word “original” is defined to make clear that when used in relation to an appointment it refers to the member’s first appointment in his current series of appointments and excludes any appointment made before a lapse in service.

In subsection (a), the last sentence is substituted for 5 U.S.C. 171a(a) (proviso).

In subsection (b), the words “this title and section 401 of title 50” are substituted for 5 U.S.C. 171a(b) (13th through 30th words of last sentence), since those words merely described the coverage of this title and section 401 of title 50.

In subsection (c), the words “during the period covered by the report” are inserted for clarity. The following substitutions are made: “under section 125 of this title” for “pursuant to the provisions of this Act” since 125 of this title relates to the duty of the Secretary of Defense to take action to save public funds and to eliminate duplication in the Department of Defense; and the last 22 words of clause (3) for 5 U.S.C. 171a-1 (last 13 words).

In subsection (d), section 5 of 1953 Reorganization Plan No. 6 is omitted as covered by 5 U.S.C. 171a(f).

1988 ACT

Subsection (k) is based on Pub. L. 100-202, §101(b) [title VIII, §8042], 101 Stat. 1329-69.

Section 8042 of the FY88 Defense Appropriations Act (Public Law 100-202) established a requirement for the Secretary of Defense to submit an annual report on the cost of stationing United States forces overseas. Under that section, the annual report is to be sent to the Committees on Appropriations of the two Houses. In codifying that section as section 113(k) of title 10, the committee added the two Armed Services Committees as committees to be sent the annual report. This minor change from the source law does not change the nature of the report to be submitted.

The committee notes that the source section does not specify the period of time to be covered by the report. In the absence of statutory language specifying the period to be covered by the report, it would seem reasonable to conclude that the report should cover the previous fiscal year. The committee notes, however, that the report of the Senate Appropriations Committee on its FY88 defense appropriations bill (S. Rpt. 100-235) states that this new annual report “should cover the budget years and the 2 previous fiscal years” (page 54). The committee believes that such a requirement may be unnecessarily burdensome and in any case, if such a requirement is intended, should be stated in the statute. In the absence of clear intent, the provision is proposed to be codified without specifying the period of time to be covered by the annual report.

In codifying this provision, the committee also changed the term “United States troops” in the source law to “United States forces” for consistency in usage in title 10 and as being preferable usage. No change in meaning is intended. The committee also changed “overseas” to “outside the United States” and defined “United States” for this purpose to include the territories and possessions of the United States. The committee was concerned that the term “overseas” read literally could include Hawaii or Guam, an interpretation clearly not intended in enacting section 8042. The committee notes that the Senate report referred to above states “For the purposes of this report [meaning the new DOD annual report], U.S. forces stationed overseas are considered to be those outside of the United States and its territories.”. The committee extrapolates from this statement that provisions in the report requirement relating to expenditures “overseas” and costs incurred “overseas” are also to be construed as relating to matters outside the United States and its territories and has prepared the codified provision accordingly.

ANNUAL REPORT ON MORATORIUM ON USE BY ARMED FORCES OF ANTIPERSONNEL LANDMINES

Section 1309 of Pub. L. 105-85 provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) The United States has stated its support for a ban on antipersonnel landmines that is global in scope and verifiable.

“(2) On May 16, 1996, the President announced that the United States, as a matter of policy, would eliminate its stockpile of non-self-destructing antipersonnel landmines, except those used for training purposes and in Korea, and that the United States would reserve the right to use self-destructing antipersonnel landmines in the event of conflict.

“(3) On May 16, 1996, the President also announced that the United States would lead an effort to negotiate an international treaty permanently banning the use of all antipersonnel landmines.

“(4) The United States is currently participating at the United Nations Conference on Disarmament in negotiations aimed at achieving a global ban on the use of antipersonnel landmines.

“(5) On August 18, 1997, the administration agreed to participate in international negotiations sponsored by Canada (the so-called ‘Ottawa process’) designed to achieve a treaty that would outlaw the production, use, and sale of antipersonnel landmines.

“(6) On September 17, 1997, the President announced that the United States would not sign the antipersonnel landmine treaty concluded in Oslo, Norway, by participants in the Ottawa process because the treaty would not provide a geographic exception to allow the United States to stockpile and use antipersonnel landmines in Korea or an exemption that would preserve the ability of the United States to use mixed antitank mine systems which could be used to deter an armored assault against United States forces.

“(7) The President also announced a change in United States policy whereby the United States—

“(A) would no longer deploy antipersonnel landmines, including self-destructing antipersonnel landmines, by 2003, except in Korea;

“(B) would seek to field alternatives by that date, or by 2006 in the case of Korea;

“(C) would undertake a new initiative in the United Nations Conference on Disarmament to establish a global ban on the transfer of antipersonnel landmines; and

“(D) would increase its current humanitarian demining activities around the world.

“(8) The President’s decision would allow the continued use by United States forces of self-destructing antipersonnel landmines that are used as part of a mixed antitank mine system.

“(9) Under existing law (as provided in section 580 of Public Law 104-107; 110 Stat. 751), on February 12, 1999, the United States will implement a one-year moratorium on the use of antipersonnel landmines by United States forces except along internationally recognized national borders or in demilitarized zones within a perimeter marked area that is monitored by military personnel and protected by adequate means to ensure the exclusion of civilians.

“(b) SENSE OF CONGRESS.—It is the sense of Congress that—

“(1) the United States should not implement a moratorium on the use of antipersonnel landmines by

United States Armed Forces in a manner that would endanger United States personnel or undermine the military effectiveness of United States Armed Forces in executing their missions; and

“(2) the United States should pursue the development of alternatives to self-destructing antipersonnel landmines.

“(c) ANNUAL REPORT.—Not later than December 31 each year, the Secretary of Defense shall submit to the congressional defense committees [Committees on Armed Services and Appropriations of Senate and House of Representatives] a report concerning antipersonnel landmines. Each such report shall include the Secretary’s description of the following:

“(1) The military utility of the continued deployment and use by the United States of antipersonnel landmines.

“(2) The effect of a moratorium on the production, stockpiling, and use of antipersonnel landmines on the ability of United States forces to deter and defend against attack on land by hostile forces, including on the Korean peninsula.

“(3) Progress in developing and fielding systems that are effective substitutes for antipersonnel landmines, including an identification and description of the types of systems that are being developed and fielded, the costs associated with those systems, and the estimated timetable for developing and fielding those systems.

“(4) The effect of a moratorium on the use of antipersonnel landmines on the military effectiveness of current antitank mine systems.

“(5) The number and type of pure antipersonnel landmines that remain in the United States inventory and that are subject to elimination under the President’s September 17, 1997, declaration on United States antipersonnel landmine policy.

“(6) The number and type of mixed antitank mine systems that are in the United States inventory, the locations where they are deployed, and their effect on the deterrence and warfighting ability of United States Armed Forces.

“(7) The effect of the elimination of pure antipersonnel landmines on the warfighting effectiveness of the United States Armed Forces.

“(8) The costs already incurred and anticipated of eliminating antipersonnel landmines from the United States inventory in accordance with the policy enunciated by the President on September 17, 1997.

“(9) The benefits that would result to United States military and civilian personnel from an international treaty banning the production, use, transfer, and stockpiling of antipersonnel landmines.”

HATE CRIMES IN THE MILITARY

Section 571(a), (b) of Pub. L. 104-201 provided that:

“(a) HUMAN RELATIONS TRAINING.—(1) The Secretary of Defense shall ensure that the Secretary of each military department conducts ongoing programs for human relations training for all members of the Armed Forces under the jurisdiction of the Secretary. Matters to be covered by such training include race relations, equal opportunity, opposition to gender discrimination, and sensitivity to ‘hate group’ activity. Such training shall be provided during basic training (or other initial military training) and on a regular basis thereafter.

“(2) The Secretary of Defense shall also ensure that unit commanders are aware of their responsibilities in ensuring that impermissible activity based upon discriminatory motives does not occur in units under their command.

“(b) INFORMATION TO BE PROVIDED TO PROSPECTIVE RECRUITS.—The Secretary of Defense shall ensure that each individual preparing to enter an officer accession program or to execute an original enlistment agreement is provided information concerning the meaning of the oath of office or oath of enlistment for service in the Armed Forces in terms of the equal protection and civil liberties guarantees of the Constitution, and each such individual shall be informed that if supporting

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 301 of title 3 of the United States Code, and my authority as Commander in Chief of the Armed Forces of the United States, it is hereby ordered as follows:

SECTION 1. The Secretary of Defense is hereby designated and empowered, without the approval, ratification, or other action by the President, to exercise the authority vested in the President by section 749 of title 10 of the United States Code to assign the command without regard to rank in grade to any commissioned officer otherwise eligible to command when two or more commissioned officers of the same grade or corresponding grades are assigned to the same area, field command, or organization.

WAIVER OF LIMITATION WITH RESPECT TO END STRENGTH LEVEL OF U.S. ARMED FORCES IN JAPAN FOR FISCAL YEAR 1991

Memorandum of the President of the United States, May 14, 1991, 56 F.R. 23991, provided:

Memorandum for the Secretary of Defense

Consistent with section 8105(d)(2) of the Department of Defense Appropriation Act, 1991 (Public Law 101-511; 104 Stat. 1856) [set out above], I hereby waive the limitation in section 8105(b) which states that the end strength level for each fiscal year of all personnel of the Armed Forces of the United States stationed in Japan may not exceed the number that is 5,000 less than such end strength level for the preceding fiscal year, and declare that it is in the national interest to do so.

You are authorized and directed to inform the Congress of this waiver and of the reasons for the waiver

contained in the attached justification, and to publish this memorandum in the Federal Register.

GEORGE BUSH.

JUSTIFICATION PURSUANT TO SECTION 8105(d)(2) OF THE DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 1991 (PUBLIC LAW NO. 101-511; 104 STAT. 1856)

In January of this year the Department of Defense signed a new Host Nation Support Agreement with the Government of Japan in which that government agreed to pay all utility and Japanese labor costs incrementally over the next five years (worth \$1.7 billion). Because United States forward deployed forces stationed in Japan have regional missions in addition to the defense of Japan, we did not seek to have the Government of Japan offset all of the direct costs incurred by the United States related to the presence of all United States military personnel in Japan (excluding military personnel title costs).

§ 113a. Transmission of annual defense authorization request

(a) TIME FOR TRANSMITTAL.—The Secretary of Defense shall transmit to Congress the annual defense authorization request for a fiscal year during the first 30 days after the date on which the President transmits to Congress the budget for that fiscal year pursuant to section 1105 of title 31.

(b) DEFENSE AUTHORIZATION REQUEST DEFINED.—In this section, the term “defense authorization request”, with respect to a fiscal year, means a legislative proposal submitted to Congress for the enactment of the following:

(1) Authorizations of appropriations for that fiscal year, as required by section 114 of this title.

(2) Personnel strengths for that fiscal year, as required by section 115 of this title.

(3) Authority to carry out military construction projects, as required by section 2802 of this title.

(4) Any other matter that is proposed by the Secretary of Defense to be enacted as part of the annual defense authorization bill for that fiscal year.

(Added Pub. L. 107-314, div. A, title X, §1061(a), Dec. 2, 2002, 116 Stat. 2649; amended Pub. L. 108-136, div. A, title X, §1044(a), Nov. 24, 2003, 117 Stat. 1612.)

AMENDMENTS

2003—Subsec. (b)(3), (4). Pub. L. 108-136 added par. (3) and redesignated former par. (3) as (4).

§ 114. Annual authorization of appropriations

(1) procurement of aircraft, missiles, or naval vessels;

(3) procurement of tracked combat vehicles;

(4) procurement of other weapons;

(5) procurement of naval torpedoes and related support equipment;

(7) the operation and maintenance of any armed force or of the activities and agencies of the Department of Defense (other than the military departments);

(8) procurement of ammunition; or

(9) other procurement by any armed force or by the activities and agencies of the Department of Defense (other than the military departments);

unless funds therefor have been specifically authorized by law.

(b) In subsection (a)(6), the term “military construction” includes any construction, development, conversion, or extension of any kind which is carried out with respect to any military facility or installation (including any Government-owned or Government-leased industrial facility used for the production of defense articles and any facility to which section 2353 of this title applies), any activity to which section 2807 of this title applies, and advances to the Secretary of Transportation for the construction of defense access roads under section 210 of title 23. Such term does not include any activity to which section 2821 or 2854 of this title applies.

(c)(1) The size of the Special Defense Acquisition Fund established pursuant to chapter 5 of the Arms Export Control Act (22 U.S.C. 2795 et seq.) may not exceed \$1,070,000,000.

(2) Notwithstanding section 37(a) of the Arms Export Control Act (22 U.S.C. 2777(a)), amounts received by the United States pursuant to subparagraph (A) of section 21(a)(1) of that Act (22 U.S.C. 2761(a)(1))—

(A) shall be credited to the Special Defense Acquisition Fund established pursuant to chapter 5 of that Act (22 U.S.C. 2795 et seq.), as authorized by section 51(b)(1) of that Act (22 U.S.C. 2795(b)(1)), but subject to the limitation in paragraph (1) and other applicable law; and

(B) to the extent not so credited, shall be deposited in the Treasury as miscellaneous receipts as provided in section 3302(b) of title 31.

(d) Funds may be appropriated for the armed forces for use as an emergency fund for research, development, test, and evaluation, or related procurement or production, only if the appropriation of the funds is authorized by law after June 30, 1966.

(e) In each budget submitted by the President to Congress under section 1105 of title 31, amounts requested for procurement of equipment for the reserve components of the armed forces (including the National Guard) shall be set forth separately from other amounts requested for procurement for the armed forces.

(f) In each budget submitted by the President to Congress under section 1105 of title 31, amounts requested for procurement of ammunition for the Navy and Marine Corps, and for procurement of ammunition for the Air Force, shall be set forth separately from other amounts requested for procurement.

This subsection applies without regard to section 129 of this title. A, title X, §1061(b), Jan. 7, 2011, 124 Stat. 4362, provided that: “Section 122a of title 10, United States Code (as added by subsection (a)), shall take effect 90 days after the date of the enactment of this Act [Jan. 7, 2011], and shall apply with respect to reports that are required by law to be submitted to Congress on or after that date.”

§ 123. Authority to suspend officer personnel laws during war or national emergency

(a) In time of war, or of national emergency declared by Congress or the President after November 30, 1980, the President may suspend the operation of any provision of law relating to the promotion, involuntary retirement, or separation of commissioned officers of the Army, Navy, Air Force, Marine Corps, or Coast Guard Reserve. So long as such war or national emergency continues, any such suspension may be extended by the President.

(b) Any such suspension shall, if not sooner ended, end on the last day of the two-year period beginning on the date on which the suspension (or the last extension thereof) takes effect or on the last day of the one-year period beginning on the date of the termination of the war or national emergency, whichever occurs first. With respect to the end of any such suspension, the preceding sentence supersedes the provisions of title II of the National Emergencies Act (50 U.S.C. 1621-1622) which provide that powers or authorities exercised by reason of a national emergency shall cease to be exercised after the date of the termination of the emergency.

(c) If a provision of law pertaining to the promotion of reserve officers is suspended under this section and if the Secretary of Defense submits to Congress proposed legislation to adjust the grades and dates of rank of reserve commissioned officers other than commissioned warrant officers, such proposed legislation shall, so far as practicable, be the same as that recommended for adjusting the grades and dates of rank of officers of the regular component of the armed force concerned.

(d) Upon the termination of a suspension made under the authority of subsection (a) of a provision of law otherwise requiring the separation or retirement of officers on active duty because of age, length of service or length of service in grade, or failure of selection for promotion, the Secretary concerned shall extend by up to 90 days the otherwise required separation or retirement date of any officer covered by the suspended provision whose separation or retirement date, but for the suspension, would have been before the date of the termination of the suspension or within 90 days after the date of such termination.

The plan shall include an estimate by the Secretary of the full cost to implement the plan, including the cost to develop, procure, operate, and maintain equipment used in counter-drug detection and monitoring activities performed under the plan and training and personnel costs associated with such activities.

“(d) REPORT.—Not later than six months after the date of the enactment of this Act [Oct. 23, 1992], the Secretary of Defense shall submit to Congress a report on the requirements established under subsection (a) and the results of the evaluation conducted under subsection (b). “(2) Paragraph (1) shall not prohibit obligations or expenditures of funds for—

CONSTRUCTION AUTHORITY OF SECRETARY OF DEFENSE UNDER DECLARATION OF WAR OR NATIONAL EMERGENCY

Pub. L. 97-99, title IX, § 903, Dec. 23, 1981, 95 Stat. 1382, which authorized the Secretary of Defense, in the event of a declaration of war or the declaration of a national emergency by the President, to undertake military construction without regard to any other provisions of law, was repealed and restated as section 2808 of this title by Pub. L. 97-214, §§ 2(a), 7(18), July 12, 1982, 96 Stat. 157, 174, effective Oct. 1, 1982.

§ 127a. Operations for which funds are not provided in advance: funding mechanisms

(a) IN GENERAL.—(1) The Secretary of Defense shall use the procedures prescribed by this section with respect to any operation specified in paragraph (2) that involves—

(A) the deployment (other than for a training exercise) of elements of the armed forces for a purpose other than a purpose for which funds have been specifically provided in advance; or

(B) the provision of humanitarian assistance, disaster relief, or support for law enforcement (including immigration control) for which funds have not been specifically provided in advance.

(2) This section applies to—

(A) any operation the incremental cost of which is expected to exceed \$50,000,000; and

(B) any other operation the expected incremental cost of which, when added to the expected incremental costs of other operations that are currently ongoing, is expected to result in a cumulative incremental cost of ongoing operations of the Department of Defense in excess of \$100,000,000.

Any operation the incremental cost of which is expected not to exceed \$10,000,000 shall be disregarded for the purposes of subparagraph (B).

(3) This section does not provide authority for the President or the Secretary of Defense to carry out any operation, but establishes mechanisms for the Department of Defense by which funds are provided for operations that the armed forces are required to carry out under some other authority.

(b) WAIVER OF REQUIREMENT TO REIMBURSE SUPPORT UNITS.—(1) The Secretary of Defense shall direct that, when a unit of the armed forces participating in an operation described in

subsection (a) receives services from an element of the Department of Defense that operates through the Defense Business Operations Fund (or a successor fund), such unit of the armed forces may not be required to reimburse that element for the incremental costs incurred by that element in providing such services, notwithstanding any other provision of law or any Government accounting practice.

(2) The amounts which but for paragraph (1) would be required to be reimbursed to an element of the Department of Defense (or a fund) shall be recorded as an expense attributable to the operation and shall be accounted for separately.

(c) TRANSFER AUTHORITY.—(1) Whenever there is an operation of the Department of Defense described in subsection (a), the Secretary of Defense may transfer amounts described in paragraph (3) to accounts from which incremental expenses for that operation were incurred in order to reimburse those accounts for those incremental expenses. Amounts so transferred shall be merged with and be available for the same purposes as the accounts to which transferred.

(2) The total amount that the Secretary of Defense may transfer under the authority of this section in any fiscal year is \$200,000,000.

(3) Transfers under this subsection may only be made from amounts appropriated to the Department of Defense for any fiscal year that remain available for obligation, other than amounts within any operation and maintenance appropriation that are available for (A) an account (known as a budget activity 1 account) that is specified as being for operating forces, or (B) an account (known as a budget activity 2 account) that is specified as being for mobilization.

(4) The authority provided by this subsection is in addition to any other authority provided by law authorizing the transfer of amounts available to the Department of Defense. However, the Secretary may not use any such authority under another provision of law for a purpose described in paragraph (1) if there is authority available under this subsection for that purpose.

(5) The authority provided by this subsection to transfer amounts may not be used to provide authority for an activity that has been denied authorization by Congress.

(6) A transfer made from one account to another under the authority of this subsection shall be deemed to increase the amount authorized for the account to which the amount is transferred by an amount equal to the amount transferred.

[(d) Repealed. Pub. L. 108-136, div. A, title X, § 1031(a)(3), Nov. 24, 2003, 117 Stat. 1596.]

(e) LIMITATIONS.—(1) The Secretary may not restore balances in the Defense Business Operations Fund through increases in rates charged by that fund in order to compensate for costs incurred and not reimbursed due to subsection (b).

(2) The Secretary may not restore balances in the Defense Business Operations Fund or any other fund or account through the use of unobligated amounts in an operation and maintenance appropriation that are available within that appropriation for (A) an account (known as a bud-

get activity 1 account) that is specified as being for operating forces, or (B) an account (known as a budget activity 2 account) that is specified as being for mobilization.

(f) SUBMISSION OF REQUESTS FOR SUPPLEMENTAL APPROPRIATIONS.—It is the sense of Congress that whenever there is an operation described in subsection (a), the President should, not later than 90 days after the date on which notification is provided pursuant to subsection (a)(3), submit to Congress a request for the enactment of supplemental appropriations for the then-current fiscal year in order to provide funds to replenish the Defense Business Operations Fund or any other fund or account of the Department of Defense from which funds for the incremental expenses of that operation were derived under this section and should, as necessary, submit subsequent requests for the enactment of such appropriations.

(g) INCREMENTAL COSTS.—For purposes of this section, incremental costs of the Department of Defense with respect to an operation are the costs of the Department that are directly attributable to the operation (and would not have been incurred but for the operation). Incremental costs do not include the cost of property or services acquired by the Department that are paid for by a source outside the Department or out of funds contributed by such a source.

(h) RELATIONSHIP TO WAR POWERS RESOLUTION.—This section may not be construed as altering or superseding the War Powers Resolution. This section does not provide authority to conduct any military operation.

(i) GAO COMPLIANCE REVIEWS.—The Comptroller General of the United States shall from time to time, and when requested by a committee of Congress, conduct a review of the defense funding structure under this section to determine whether the Department of Defense is complying with the requirements and limitations of this section.

INTEGRATION OF DEFENSE INTELLIGENCE, SURVEILLANCE, AND RECONNAISSANCE CAPABILITIES

Pub. L. 108-136, div. A, title IX, § 923(a), (b), Nov. 24, 2003, 117 Stat. 1574, 1575, as amended by Pub. L. 111-383, div. A, title IX, § 922(a), Jan. 7, 2011, 124 Stat. 4330, provided that:

“(a) **FINDINGS.**—Congress makes the following findings:

“(1) As part of transformation efforts within the Department of Defense, each of the Armed Forces is developing intelligence, surveillance, and reconnaissance capabilities that best support future war fighting as envisioned by the leadership of the military department concerned.

“(2) Concurrently, intelligence agencies of the Department of Defense outside the military departments are developing transformation roadmaps to best support the future decisionmaking and war fighting needs of their principal customers, but are not always closely coordinating those efforts with the intelligence, surveillance, and reconnaissance development efforts of the military departments.

“(3) A senior official of each military department has been designated as the integrator of intelligence, surveillance, and reconnaissance for each of the Armed Forces in such military department, but there is not currently a well-defined forum through which the integrators of intelligence, surveillance, and reconnaissance capabilities for each of the Armed Forces can routinely interact with each other and with senior representatives of Department of Defense intelligence agencies, as well as with other members of the intelligence community, to ensure unity of effort and to preclude unnecessary duplication of effort.

“(4) The current funding structure of a National Intelligence Program (NIP) and a Military Intelligence Program (MIP) may not be the best approach for supporting the development of an intelligence, surveillance, and reconnaissance structure that is integrated to meet the national security requirements of the United States in the 21st century.

“(5) The position of Under Secretary of Defense for Intelligence was established in 2002 by Public Law 107-314 [see 10 U.S.C. 137] in order to facilitate resolution of the challenges to achieving an integrated intelligence, surveillance, and reconnaissance structure

in the Department of Defense to meet such 21st century requirements.

“(b) GOAL.—It shall be a goal of the Department of Defense to fully integrate the intelligence, surveillance, and reconnaissance capabilities and coordinate the developmental activities of the military departments, intelligence agencies of the Department of Defense, and relevant combatant commands as those departments, agencies, and commands transform their intelligence, surveillance, and reconnaissance systems to meet current and future needs.”
