

PART II—IMPOSITION OF ANTIDUMPING DUTIES

CODIFICATION

The designation “PART II” was in the original “Sub-title B” and was editorially changed in order to conform the numbering format of this subtitle to the usages employed in the codification of the remainder of the Tariff Act of 1930 as originally enacted.

§ 1673. Imposition of antidumping duties

If—

(1) the administering authority determines that a class or kind of foreign merchandise is being, or is likely to be, sold in the United States at less than its fair value, and

(2) the Commission determines that—

(A) an industry in the United States—

- (i) is materially injured, or
- (ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of that merchandise or by reason of sales (or the likelihood of sales) of that merchandise for importation,

then there shall be imposed upon such merchandise an antidumping duty, in addition to any other duty imposed, in an amount equal to the amount by which the normal value exceeds the export price (or the constructed export price) for the merchandise. For purposes of this section and section 1673d(b)(1) of this title, a reference to the sale of foreign merchandise includes the entering into of any leasing arrangement regarding the merchandise that is equivalent to the sale of the merchandise.

(June 17, 1930, ch. 497, title VII, §731, as added Pub. L. 96-39, title I, §101, July 26, 1979, 93 Stat. 162; amended Pub. L. 98-573, title VI, §602(b), Oct. 30, 1984, 98 Stat. 3024; Pub. L. 103-465, title II, §233(a)(1)(A), (2)(A)(i), Dec. 8, 1994, 108 Stat. 4898.)

AMENDMENTS

1994—Pub. L. 103-465 substituted “normal value exceeds the export price (or the constructed export price)” for “foreign market value exceeds the United States price” in concluding provisions.

1984—Pub. L. 98-573 inserted “or by reason of sales (or the likelihood of sales) of that merchandise for importation” after “by reason of imports of that merchandise” in par. (2), and inserted sentence at end providing that for purposes of this section and section 1673d(b)(1) of this title, a reference to the sale of foreign merchandise includes the entering into of any leasing arrangement regarding the merchandise that is equivalent to the sale of the merchandise.

§ 1673a. Procedures for initiating an antidumping duty investigation**(a) Initiation by administering authority****(1) In general**

An antidumping duty investigation shall be initiated whenever the administering authority determines, from information available to it, that a formal investigation is warranted into the question of whether the elements necessary for the imposition of a duty under section 1673 of this title exist.

(2) Cases involving persistent dumping**(A) Monitoring**

The administering authority may establish a monitoring program with respect to imports of a class or kind of merchandise from any additional supplier country for a period not to exceed one year if—

(i) more than one antidumping order is in effect with respect to that class or kind of merchandise;

(ii) in the judgment of the administering authority there is reason to believe or suspect an extraordinary pattern of persistent injurious dumping from one or more additional supplier countries; and

(iii) in the judgment of the administering authority this extraordinary pattern is causing a serious commercial problem for the domestic industry.

(B) Initiation of investigation

If during the period of monitoring referred to in subparagraph (A), the administering authority determines that there is sufficient information to initiate a formal investigation under this subsection regarding an additional supplier country, the administering authority shall immediately initiate such an investigation.

(C) Definition

For purposes of this paragraph, the term “additional supplier country” means a country regarding which no antidumping investigation is currently pending, and no antidumping duty order is currently in effect, with respect to imports of the class or kind of merchandise covered by subparagraph (A).

(D) Expeditious action

The administering authority and the Commission, to the extent practicable, shall expedite proceedings under this part undertaken as a result of a formal investigation initiated under subparagraph (B).

(b) Initiation by petition**(1) Petition requirements**

An antidumping proceeding shall be initiated whenever an interested party described in subparagraph (C), (D), (E), (F), or (G) of sec-

tion 1677(9) of this title files a petition with the administering authority, on behalf of an industry, which alleges the elements necessary for the imposition of the duty imposed by section 1673 of this title, and which is accompanied by information reasonably available to the petitioner supporting those allegations. The petition may be amended at such time, and upon such conditions, as the administering authority and the Commission may permit.

(2) Simultaneous filing with Commission

The petitioner shall file a copy of the petition with the Commission on the same day as it is filed with the administering authority.

(3) Action with respect to petitions

(A) Notification of governments

Upon receipt of a petition filed under paragraph (1), the administering authority shall notify the government of any exporting country named in the petition by delivering a public version of the petition to an appropriate representative of such country.

(B) Acceptance of communications

The administering authority shall not accept any unsolicited oral or written communication from any person other than an interested party described in section 1677(9)(C), (D), (E), (F), or (G) of this title before the administering authority makes its decision whether to initiate an investigation, except as provided in subsection (c)(4)(D) of this section, and except for inquiries regarding the status of the administering authority's consideration of the petition.

(C) Nondisclosure of certain information

The administering authority and the Commission shall not disclose information with regard to any draft petition submitted for review and comment before it is filed under paragraph (1).

(c) Petition determination

(1) In general

(A) Time for initial determination

Except as provided in subparagraph (B), within 20 days after the date on which a petition is filed under subsection (b) of this section, the administering authority shall—

(i) after examining, on the basis of sources readily available to the administering authority, the accuracy and adequacy of the evidence provided in the petition, determine whether the petition alleges the elements necessary for the imposition of a duty under section 1673 of this title and contains information reasonably available to the petitioner supporting the allegations, and

(ii) determine if the petition has been filed by or on behalf of the industry.

(B) Extension of time

In any case in which the administering authority is required to poll or otherwise determine support for the petition by the industry under paragraph (4)(D), the administering authority may, in exceptional cir-

cumstances, apply subparagraph (A) by substituting “a maximum of 40 days” for “20 days”.

(C) Time limits where petition involves same merchandise as an order that has been revoked

If a petition is filed under this section with respect to merchandise that was the subject merchandise of—

(i) an antidumping duty order or finding that was revoked under section 1675(d) of this title in the 24 months preceding the date the petition is filed, or

(ii) a suspended investigation that was terminated under section 1675(d) of this title in the 24 months preceding the date the petition is filed,

the administering authority and the Commission shall, to the maximum extent practicable, expedite any investigation initiated under this section with respect to the petition.

(2) Affirmative determinations

If the determinations under clauses (i) and (ii) of paragraph (1)(A) are affirmative, the administering authority shall initiate an investigation to determine whether the subject merchandise is being, or is likely to be, sold in the United States at less than its fair value.

(3) Negative determinations

If the determination under clause (i) or (ii) of paragraph (1)(A) is negative, the administering authority shall dismiss the petition, terminate the proceeding, and notify the petitioner in writing of the reasons for the determination.

(4) Determination of industry support

(A) General rule

For purposes of this subsection, the administering authority shall determine that the petition has been filed by or on behalf of the industry, if—

(i) the domestic producers or workers who support the petition account for at least 25 percent of the total production of the domestic like product, and

(ii) the domestic producers or workers who support the petition account for more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for or opposition to the petition.

(B) Certain positions disregarded

(i) Producers related to foreign producers

In determining industry support under subparagraph (A), the administering authority shall disregard the position of domestic producers who oppose the petition, if such producers are related to foreign producers, as defined in section 1677(4)(B)(ii) of this title, unless such domestic producers demonstrate that their interests as domestic producers would be adversely affected by the imposition of an antidumping duty order.

(ii) Producers who are importers

The administering authority may disregard the position of domestic producers

of a domestic like product who are importers of the subject merchandise.

(C) Special rule for regional industries

If the petition alleges the industry is a regional industry, the administering authority shall determine whether the petition has been filed by or on behalf of the industry by applying subparagraph (A) on the basis of production in the region.

(D) Polling the industry

If the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the administering authority shall—

(i) poll the industry or rely on other information in order to determine if there is support for the petition as required by subparagraph (A), or

(ii) if there is a large number of producers in the industry, the administering authority may determine industry support for the petition by using any statistically valid sampling method to poll the industry.

(E) Comments by interested parties

Before the administering authority makes a determination with respect to initiating an investigation, any person who would qualify as an interested party under section 1677(9) of this title if an investigation were initiated, may submit comments or information on the issue of industry support. After the administering authority makes a determination with respect to initiating an investigation, the determination regarding industry support shall not be reconsidered.

(5) “Domestic producers or workers” defined

For purposes of this subsection, the term “domestic producers or workers” means those interested parties who are eligible to file a petition under subsection (b)(1) of this section.

(d) Notification to Commission of determination

The administering authority shall—

(1) notify the Commission immediately of any determination it makes under subsection (a) or (c) of this section, and

(2) if the determination is affirmative, make available to the Commission such information as it may have relating to the matter under investigation, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

(e) Information regarding critical circumstances

If, at any time after the initiation of an investigation under this part, the administering authority finds a reasonable basis to suspect that—

(1) there is a history of dumping in the United States or elsewhere of the subject merchandise, or

(2) the person by whom, or for whose account, the merchandise was imported knew, or

should have known, that the exporter was selling the subject merchandise at less than its fair value,

the administering authority may request the Commissioner of Customs to compile information on an expedited basis regarding entries of the subject merchandise. Upon receiving such request, the Commissioner of Customs shall collect information regarding the volume and value of entries of the subject merchandise and shall transmit such information to the administering authority at such times as the administering authority shall direct (at least once every 30 days), until a final determination is made under section 1673d(a) of this title, the investigation is terminated, or the administering authority withdraws the request.

§ 1673b. Preliminary determinations

(a) Determination by Commission of reasonable indication of injury

(1) General rule

Except in the case of a petition dismissed by the administering authority under section 1673a(c)(3) of this title, the Commission, within the time specified in paragraph (2), shall determine, based on the information available to

it at the time of the determination, whether there is a reasonable indication that—

(A) an industry in the United States—

(i) is materially injured, or

(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of the subject merchandise and that imports of the subject merchandise are not negligible. If the Commission finds that imports of the subject merchandise are negligible or otherwise makes a negative determination under this paragraph, the investigation shall be terminated.

(2) Time for Commission determination

The Commission shall make the determination described in paragraph (1)—

(A) in the case of a petition filed under section 1673a(b) of this title—

(i) within 45 days after the date on which the petition is filed, or

(A) In general

Except as provided in subparagraph (B), within 140 days after the date on which the administering authority initiates an investigation under section 1673a(c) of this title, or an investigation is initiated under section 1673a(a) of this title, but not before an affirmative determination by the Commission under subsection (a) of this section, the administering authority shall make a determination, based upon the information available to it at the time of the determination, of whether there is a reasonable basis to believe or suspect that the merchandise is being sold, or is likely to be sold, at less than fair value.

(B) If certain short life cycle merchandise involved

If a petition filed under section 1673a(b) of this title, or an investigation initiated under section 1673a(a) of this title, concerns short life cycle merchandise that is included in a product category established under section 1673h(a) of this title, subparagraph (A) shall be applied—

(i) by substituting “100 days” for “140 days” if manufacturers that are second offenders account for a significant proportion of the merchandise under investigation, and
