**§ 1677i. Downstream product monitoring**

(a) Petition requesting monitoring

(1) In general

A domestic producer of an article that is like a component part or a downstream product may petition the administering authority to designate a downstream product for monitoring under subsection (b) of this section. The petition shall specify—

(A) the downstream product,

(B) the component product incorporated into such downstream product, and

(C) the reasons for suspecting that the imposition of antidumping or countervailing duties has resulted in a diversion of exports of the component part into increased production and exportation to the United States of such downstream product.

(2) Determination regarding petition

Within 14 days after receiving a petition submitted under paragraph (1), the administering authority shall determine—

(A) whether there is a reasonable likelihood that imports into the United States of the downstream product will increase as an indirect result of any diversion with respect to the component part, and

(B) whether—

(i) the component part is already subject to monitoring to aid in the enforcement of
