INTERSTATE SYSTEM SUBSECTION (e)(4) PROVISIONS IN EFFECT PRIOR TO AMENDMENT BY PUB. L. 94-280, §110; ROUTE WITHDRAWALS WITHIN URBANIZED AREAS; AVAILABILITY OF MILEAGE IN OTHER STATES; PUBLIC MASS TRANSIT NONHIGHWAY PROJECTS; GENERAL FUNDS UNAVAILABLE FOR OBLIGATION AFTER JUNE 30, 1981; SUPPLEMENTARY FUNDS; URBAN MASS TRANSPORTATION PROVISIONS APPLICABLE

Section 103(e)(4) of this title, as added Pub. L. 93-87, title I, §137(b), Aug. 13, 1973, 87 Stat. 269, and amended Pub. L. 93-643, §125(b), Jan. 4, 1975, 88 Stat. 2290, read prior to amendment by section 110 of Pub. L. 94-280 [set out in the text] as follows: “Upon the joint request of a State Governor and the local governments concerned, the Secretary may withdraw his approval of any route or portion thereof on the Interstate System within any urbanized area in that State selected and approved in accordance with this title prior to the enactment of this paragraph, if he determines that such route or portion thereof is not essential to completion of a unified and connected Interstate System or will no longer be essential by reason of the application of this paragraph and will not be constructed as a part of the Interstate System, and if he receives assurances that the State does not intend to construct a toll road in the traffic corridor which would be served by such route or portion thereof. The mileage of the route or portion thereof of approval of which is withdrawn under this paragraph shall be available for designation on the Interstate System in any other State in accordance with paragraph (1) of this subsection. After the Secretary has withdrawn his approval of any such route or portion thereof, whenever responsible local officials of such urbanized area notify the State highway department that, in lieu of a route or portion thereof approval for which is withdrawn under this paragraph, their needs require a nonhighway public mass transit project involving the construction of fixed rail facilities, or the purchase of passenger equipment, including rolling stock for any mode of mass transit, or both, and the State highway department determines that such public mass transit project is in accordance with the planning process under section 134 of this title and is entitled to priority under such planning process, such public mass transit project shall be submitted for approval to the Secretary. Approval of the plans, specifications, and estimates for such project by the Secretary shall be deemed a contractual obligation of the United States for payment out of the general funds in the Treasury of its proportional share of the cost of such project in an amount equal to the Federal share which would be paid for such a project under the Urban Mass Transportation Act of 1964 [section 1601 et seq. of Title 49, Transportation], except that the total Federal cost of all such projects under this paragraph with respect to such route or portion thereof approval of which is withdrawn under this paragraph, shall not exceed the Federal share of the cost which would have been paid for such route or portion thereof, as such cost is included in the 1972 Interstate System cost estimate set forth in table 5 of House Public Works Committee Print Numbered 92-29, as revised in House Report Numbered 92-1443, increased or decreased, as the case may be, as determined by the Secretary, based on changes in construction costs of such route or portion thereof as of the date of withdrawal of approval under this paragraph and in accordance with that design of such route or portion thereof which is the basis of such 1972 cost estimate. Funds apportioned to such State for the Interstate System, which apportionment is based upon an Interstate System cost estimate that includes a route or portion thereof approval of which is withdrawn under this paragraph, shall be reduced by an amount equal to the Federal share of such project as such share becomes a contractual obligation of the United States. No general funds shall be obligated under authority of this paragraph after June 30, 1981. No nonhighway public mass

transit project shall be approved under this paragraph unless the Secretary has received assurances satisfactory to him from the State that public mass transportation systems will fully utilize the proposed project. The provision of assistance under this paragraph shall not be construed as bringing within the application of chapter 15 of title 5, United States Code [section 1501 et seq. of Title 5, Government Organization and Employees], any nonsupervisory employee of an urban mass transportation system (or of any other agency or entity performing related functions) to whom such chapter is otherwise inapplicable. Funds available for expenditure to carry out the purposes of this paragraph shall be supplementary to and not in substitution for funds authorized and available for obligation pursuant to the Urban Mass Transportation Act of 1964, as amended [section 1601 et seq. of Title 49, Transportation]. The provisions of section 3(e)(4) of the Urban Mass Transportation Act of 1964, as amended, [section 1602 (e)(4) of Title 49], shall apply in carrying out this paragraph.”

The Secretary of Transportation shall determine for each State the higher of (1) the amount which would be apportioned to such State under section 104(b)(1) of title 23, United States Code, and (2) the amount which would be apportioned to such State under the following formula:

“One-half in the ratio which the population of rural areas of each State bears to the total population of rural areas of all the States as shown by the latest available Federal census and one-half in the ratio which the population in urban areas in each State bears to the total population in urban areas in all the States as shown by the latest Federal census.

“(b) The Secretary of Transportation shall, for each of the fiscal years 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, and 1991, determine the total of the amounts determined for each State under subsection (a) and shall determine the ratio which the total amount authorized for such fiscal year for the Federal-aid primary system bears to the total of such amounts determined under subsection (a) for such fiscal year.

“(c) The amount which shall be apportioned to each State for the Federal-aid primary system (including extensions in urban areas and priority primary routes) for each of the fiscal years 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, and 1991 shall be the amount determined for such State under subsection (a), multiplied by the ratio determined under subsection (b).

“(d) Notwithstanding any other provision of law, no State shall receive an apportionment under this section for any fiscal year which is less than the lower of (1) the amount which the State would be apportioned for such fiscal year under section 104(b)(1) of title 23, United States Code, and (2) the amount which would be determined under the formula set forth in subsection (a). Notwithstanding any other provision of law, no State shall receive for any such fiscal year less than

one-half of 1 per centum of the total apportionment under this section for such fiscal year. For purposes of this paragraph and subsection (b) of section 103 of title 23, United States Code, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands shall be considered together as one State. The State consisting of the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Mariana Islands shall not receive less than one-half of 1 per centum of each year's apportionment. There are authorized to be appropriated such sums as may be necessary out of the Highway Trust Fund to carry out this subsection. Funds authorized by this subsection shall be available for obligation in the same manner and to the same extent as if such funds were apportioned under chapter 1 of title 23, United States Code.
