HISTORICAL AND REVISION NOTES

Table with 3 columns: Revised Section, Source (U.S. Code), and Source (Statutes at Large). Contains historical references for sections 1101(1) and 1101(2).

In the section, a reference to 31:71 and 471 is omitted because the definitions in the section are not used in 31:71 and 471.

In clause (1), "agency" (which is defined for purposes of this title in section 101 to mean a department, agency, or instrumentality of the United States) is coexten-

1 So in original. Does not conform to section catchline.

sive with and substituted for the term “department or establishment” which was defined in 31:2 as in part meaning “any executive department, independent commission, board, bureau, office, agency, or other establishment of the Government, including any independent regulatory commission or board”. This definition merely restates and continues, and does not in any way change or expand, the definition in 31:2. Under that definition, entities such as the Tennessee Valley Authority that have been interpreted to be outside the purview of the definition will continue to be outside the purview in the same manner and to the same extent that they were under 31:2. The words “includes the District of Columbia government” are used because of existing law but the inclusion of these words is not to be interpreted as construing the extent to which the District of Columbia Self-Government and Governmental Reorganizational Act (Pub. L. 93-198, 87 Stat. 774) supersedes the provisions codified in this title. The words “of the United States” are omitted as surplus. The text of 31:2(2d-4th pars.) is omitted as unnecessary because of the restatement. The text of section 2(3d par.) of the Budget and Accounting Act, 1921 (ch. 18, 42 Stat. 20), is omitted as obsolete because of section 501 of the revised title.

“(5) improve congressional decisionmaking by providing more objective information on achieving statutory objectives, and on the relative effectiveness and efficiency of Federal programs and spending; and

“(6) improve internal management of the Federal Government.”

CONGRESSIONAL OVERSIGHT

Pub. L. 103-62, §8(a), Aug. 3, 1993, 107 Stat. 294, provided that: “Nothing in this Act [see Short Title of 1993 Amendment note set out above] shall be construed as limiting the ability of Congress to establish, amend, suspend, or annul a performance goal. Any such action shall have the effect of superseding that goal in the plan submitted under section 1105(a)(29) [now 1105(a)(28)] of title 31, United States Code.”

The words “in all matters of accounts, receipts, expenditures, estimates, and appropriations” are omitted as being included in “fiscal”. The word “prepared” is omitted as being included in “published”. The words “as established by subsection (a) of this section” are omitted as unnecessary because of the restatement. The word “total” is omitted as surplus. The words “for a fiscal year” are substituted for “beginning with Fiscal Year 1981” because of the restatement and to eliminate executed words. The words “for that year” are added because of the restatement.

§ 1104. Budget and appropriations authority of the President

(a) The President shall prepare budgets of the United States Government under section 1105 of this title and proposed deficiency and supplemental appropriations under section 1107 of this title. To the extent practicable, the President shall use uniform terms in stating the purposes and conditions of appropriations.

(b) Except as provided in this chapter, the President shall prescribe the contents and order of statements in the budget on expenditures and estimated expenditures and statements on proposed appropriations and information submitted with the budget and proposed appropriations. The President shall include with the budget and proposed appropriations information on personnel and other objects of expenditure in the way that information was included in the budget for fiscal year 1950. However, the requirement that information be included in the budget in that way may be waived or changed by joint action of the Committees on Appropriations of both Houses of Congress. This subsection does not limit the authority of a committee of Congress to request information in a form it prescribes.

(c) When the President makes a basic change in the form of the budget, the President shall submit with the budget information showing where items in the budget for the prior fiscal year are contained in the present budget. However, the President may change the functional categories in the budget only in consultation with the Committees on Appropriations and on the Budget of both Houses of Congress. Commit-

tees of the House of Representatives and Senate shall receive prompt notification of all such changes.

(d) The President shall develop programs and prescribe regulations to improve the compilation, analysis, publication, and dissemination of statistical information by executive agencies. The President shall carry out this subsection through the Administrator for the Office of Information and Regulatory Affairs in the Office of Management and Budget.

(e) Under regulations prescribed by the President, each agency shall provide information required by the President in carrying out this chapter. The President has access to, and may inspect, records of an agency to obtain information.

In the section, the word “President” is substituted for “Office” in 31:16(last sentence), “President, through the Director of the Office of Management and Budget” in 31:18b, “President and the Director of the Office of Management and Budget” in 44:3503(note), and “Office of Management and Budget” in 31:21 and 623, because sections 101 and 102(a) of Reorganization Plan No. 2 of 1970 (eff. July 1, 1970, 84 Stat. 2085), designated the Bureau of the Budget as the Office of Management and Budget and transferred all functions of the Bureau to the President.

In subsection (a), the words “under such rules and regulations as the President may prescribe” in 31:16(last sentence) are omitted as unnecessary because of section 101 of Reorganization Plan No. 2 of 1970. The words “use uniform terms in stating” are substituted for “make uniform the language commonly used in expressing” in 31:623 for consistency. The words “eliminate from all estimates unnecessary words” are omitted as unnecessary because of the authority of the President under this subsection to prepare the budget. The text of section 3(words before semicolon) in the Act of June 23, 1913 (ch. 13, 38 Stat. 75) is omitted as superseded by 31:ch. 1 and 31:581.

In subsection (b), the word "arrangement" is omitted as being included in "order". The word "information" is substituted for "notes and other data", and the word "submitted" is substituted for "transmitted", for consistency. The words "The President shall include" are substituted for "shall be accompanied by" because of the authority of the President under subsection (a) to prepare the budget. The words "proposed appropriations" are substituted for "proposed supplemental or deficiency appropriations" because of the restatement. The word "personnel" is substituted for "personal services" for clarity. The word "way" is substituted for "manner and form" for consistency. The words "either generally or in specific cases" are omitted as surplus. The word "request" is substituted for "request and receive" to eliminate unnecessary words. The words "it prescribes" are substituted for "as they may desire in consideration of and action upon budget estimates" to eliminate unnecessary words.

In subsection (c), the words "President makes" are substituted for "is made" in 31:581a as being more precise. The word "information" is substituted for "explanatory notes and tables" for consistency in the revised title. The words "to Congress", "as may be necessary", and "various" are omitted as surplus. The words "The President may change" are substituted for "Any change . . . shall be made only" in 31:11d because the President prepares and submits the budget under 31:11. The word "budget" is substituted for "Budget of the United States Government transmitted pursuant to section 11 of this title" to eliminate unnecessary words and for consistency in the chapter.

In subsection (d), the word "gathering" in 31:18b is omitted as being included in "compilation". The text of 31:18b(last sentence) is omitted as unnecessary because of the restatement of the source provisions in subsection (e). The words "carry out . . . through" are substituted for "delegate to" in 44:3503(note) for consistency.

In subsection (e), the word "provide" is substituted for "furnish" for consistency. The words "required by the President in carrying out this chapter" are substituted for "as the Office may from time to time require" because of section 101 of Reorganization Plan No. 2 of 1970 and to provide comparable limiting language on when information may be required. The words "the director and the assistant director, or any employee of the Office when duly authorized" are omitted because of 3:301. The word "inspect" is substituted for "examine" for consistency in the revised title. SEC. 6. The authority outlined in this order is in addition to and not in substitution for the existing authority of the Director, or of the Office of Management and Budget, with respect to statistical and reporting activities. To the extent, however, that this order conflicts with any previous Executive order affecting statistical or reporting activities, the provisions of this order shall control.

SEC. 7. § 1108. Preparation and submission of appropriations requests to the President

(a) In this section (except subsections (b)(1) and (e)), “agency” means a department, agency,

or instrumentality of the United States Government.

(b)(1) The head of each agency shall prepare and submit to the President each appropriation request for the agency. The request shall be prepared and submitted in the form prescribed by the President under this chapter and by the date established by the President. When the head of an agency does not submit a request by that date, the President shall prepare the request for the agency to be included in the budget or changes in the budget or as deficiency and supplemental appropriations. The President may change agency appropriation requests. Agency appropriation requests shall be developed from cost-based budgets in the way and at times prescribed by the President. The head of the agency shall use the cost-based budget to administer the agency and to divide appropriations or amounts.

(2) An officer or employee of an agency in the executive branch may submit to the President or Congress a request for legislation authorizing deficiency or supplemental appropriations for the agency only with the approval of the head of the agency.

(c) The head of an agency shall include with an appropriation request submitted to the President a report that the statement of obligations submitted with the request contains obligations consistent with section 1501 of this title. The head of the agency shall support the report with a certification of the consistency and shall support the certification with records showing that the amounts have been obligated. The head of the agency shall designate officials to make the certifications, and those officials may not delegate the duty to make the certifications. The certifications and records shall be kept in the agency—

(f) The Interstate Commerce Commission shall submit to Congress copies of budget estimates, requests, and information (including personnel needs), legislative recommendations, prepared testimony for congressional hearings, and comments on legislation at the same time they are sent to the President or the Office of Management and Budget. An officer of an agency may not impose conditions on or impair communica-

tion by the Commission with Congress, or a committee or member of Congress, about the information.

(g) Amounts available under law are available for field examinations of appropriation estimates. The use of the amounts is subject only to regulations prescribed by the appropriate standing committees of Congress.

1108(g)	31:22a.	Aug. 7, 1953, ch. 340, §1314, 67 Stat. 438.

Subsection (a) is included because the source provisions restated in subsections (c), (d), (f), and (g) of the revised section are derived from laws that apply to all organizational units and branches of the United States Government rather than the units and branches included in the chapter-wide definition in section 1101.

In subsection (b)(1), the word "President" is substituted for "Office" in 31:16(last sentence) and "Office of Management and Budget" in 31:23 and 24(a) because sections 101 and 102(a) of Reorganization Plan No. 2 of 1970 (eff. July 1, 1970, 84 Stat. 2085) designated the Bureau of the Budget as the Office of Management and Budget and transferred all functions of the Bureau to the President. The words "prepare" is substituted for "prepare or cause to be prepared" in 31:22 to eliminate unnecessary words. The word "appropriations" is substituted for "regular, supplementary, or deficiency appropriations" in 31:22 and 24(a) to eliminate unnecessary words. The words "in each year" are omitted as surplus. The words "in the form prescribed by the President under this chapter and by the date established by the President" are substituted for "on or before a date which the President shall determine" in 31:23, and "as the President may determine in accordance with the provisions of section 11 of this title" and "in such manner and at such times as may be deter-

mined by the President” in 31:24, to eliminate unnecessary words and to provide a cross-reference to the authority of the President to prepare and submit budgets and appropriations request. The words “prepare the request for the agency to be included in the budget or changes in the budget or as deficiency or supplemental appropriations” are substituted for “cause such requests to be prepared as are necessary to enable him to include such requests with the Budget in respect to the work of such department or establishment” in 31:23 for clarity and because of the restatement.
