In the event of the transfer of any property described in paragraph (3), the transferor shall, not later than the date on which such transfer occurs, notify the transferee in writing of the requirements to—

Such written notification shall be contained in documents evidencing the transfer of ownership of the property.

plicable Federal law with respect to the property,

(B) the property is damaged by a flood disaster, and

(C) Federal disaster relief assistance is provided for the repair, replacement, or restoration of the property as a result of such damage,

the transferor shall be required to reimburse the Federal Government in an amount equal to the amount of the Federal disaster relief assistance provided with respect to the property.

**(3) Property described**

For purposes of paragraph (1), a property is described in this paragraph if it is personal, commercial, or residential property for which Federal disaster relief assistance made available in a flood disaster area has been provided, prior to the date on which the property is transferred, for repair, replacement, or restoration of the property, if such assistance was conditioned upon obtaining flood insurance in accordance with applicable Federal law with respect to such property.

**§ 5170. Procedure for declaration**

All requests for a declaration by the President that a major disaster exists shall be made by the Governor of the affected State. Such a request shall be based on a finding that the disaster is of such severity and magnitude that effective response is beyond the capabilities of the State and the affected local governments and that Federal assistance is necessary. As part of such request, and as a prerequisite to major disaster assistance under this chapter, the Governor shall take appropriate response action under State law and direct execution of the State’s emergency plan. The Governor shall furnish information on the nature and amount of State and local resources which have been or will be committed to alleviating the results of the disaster, and shall certify that, for the current disaster, State and local government obligations and expenditures (of which State commitments must be a significant proportion) will comply with all applicable cost-sharing requirements of this chapter. Based on the request of a Governor under this section, the President may declare under this chapter that a major disaster or emergency exists.
