REFERENCES IN TEXT

The Public Health Service Act, referred to in subsec. (b)(3)(D), is act July 1, 1944, ch. 373, 58 Stat. 682, as amended, which is classified generally to chapter 6A (§201 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 201 of this title and Tables.

Section 14(a) of the Medicare and Medicaid Patient and Program Protection Act of 1987, referred to in subsec. (b)(3)(E), is section 14(a) of Pub. L. 100–93, which is set out below.

Section 1395w–104(e)(6) of this title, referred to in subsec. (b)(3)(E), was in the original “section 1860–3(e)(4)”, and was translated as reading “section 1860D–4(e)(4)”, to reflect the probable intent of Congress, because section 1860D–3, which is classified to section 1395w–103 of this title, does not contain a subsec. (e), and section 1395w–104(e)(6) relates to regulations.

Codification

Prior to redesignation by Pub. L. 100–93, subsecs. (a) to (d) of this section were subsecs. (a) to (d) of section...
1909 of act Aug. 14, 1935, which was classified to section 1396b of this title, and subsec. (e) of this section was subsec. (d) of section 1877 of act Aug. 14, 1935, which was classified to section 1395nn of this title.

(C) by inserting "or in regulations under section 1395w–104(e)(6) of this title" after "1987", was executed by making the insertion in subpar. (E) to reflect the probable intent of Congress because "1987" does not appear in subpar. (C).
Subsec. (b)(3)(H). Pub. L. 108–173, § 431(a), added subpar. (H). (H) relating to remuneration between a health center entity and any individual or entity providing goods, items, services, donations, loans, or a combination thereof, to such health center entity. L. 103–432, could not be executed because "1395m(j)(4)" does not appear in subpar. (B) and section 134(a) of Pub. L. 103–432 did not amend this section.
Pub. L. 100–203, § 4211(b)(7)(A), substituted "nursing facility, intermediate care facility for the mentally retarded" for "intermediate care facility".

AMENDMENTS

2004—Subsec. (a)(1). Pub. L. 108–203, §201(a)(1), substantially rewrote par. (1). Prior to amendment, par. (1) read as follows: “Any person (including an organization, agency, or other entity) who makes, or causes to be made, a statement or representation of a material fact for use in determining any initial or continuing right to or the amount of—

(A) monthly insurance benefits under subchapter II of this chapter;

(B) benefits or payments under subchapter VIII of this chapter, or

(C) benefits or payments under subchapter XVI of this chapter, that the person knows or should know is false or misleading or knows or should know omits a material fact or makes such a statement with knowing disregard for the truth shall be subject to, in addition to any other penalties that may be prescribed by law, a civil money penalty of not more than $5,000 for each such statement or representation. Such person also shall be subject to penalty of not more than $5,000 for each such statement or representation. Such person shall be subject to, in addition to any other penalties that may be prescribed by law, a civil money penalty of not more than twice the amount of benefits or payments, in lieu of damages sustained by the person who is a medical provider or physician from participation in the programs under subchapter XVIII of this chapter.”

Subsec. (c)(1). Pub. L. 108–203, §201(c)(2), substituted “,, representations, or actions” for “and representations”.

Pub. L. 103–296, §108(b)(10)(A)(iii), which directed that this section be amended by substituting “Commissioner of Social Security” for “Secretary” wherever appearing, was also executed by substituting “Commissioner’s” for “Secretary’s” wherever appearing in subsec. (d), to reflect the probable intent of Congress, because Pub. L. 103–296, §108(b)(10)(A)(i), (iii)(i), substituted “Commissioner of Social Security” for “Secretary” throughout this section and in subsection (c), substituted “Commissioner’s” for “Secretary’s”.

Subsecs. (e), (f). Pub. L. 103–296, §108(b)(10)(A)(i), which directed amendment of this section by substituting “Commissioner of Social Security” for “Secretary” wherever appearing, was executed in subsecs. (e) and (f) by making the substitution wherever appearing except where appearing before “of the Treasury” in subsec. (e)(1)(B) to reflect the probable intent of Congress.

§1320a–9. Demonstration projects
(a) Authority to approve demonstration projects
(1) In general
The Secretary may authorize States to conduct demonstration projects pursuant to this section which the Secretary finds are likely to promote the objectives of part B or E of subchapter IV of this chapter.

(2) Limitation
During fiscal years 2012 through 2014, the Secretary may authorize demonstration projects described in paragraph (1), with not more than 10 demonstration projects to be authorized in each fiscal year.

(3) Conditions for State eligibility
For purposes of a new demonstration project under this section that is initially approved in any of fiscal years 2012 through 2014, a State shall be authorized to conduct such demonstration project only if the State satisfies the following conditions:

(A) Identify 1 or more goals
(i) In general
The State shall demonstrate that the demonstration project is designed to accomplish 1 or more of the following goals: (I) Increase permanency for all infants, children, and youth by reducing the time in foster placements when possible and promoting a successful transition to adulthood for older youth; (II) Increase positive outcomes for infants, children, youth, and families in their homes and communities, including tribal communities, and improve the safety and well-being of infants, children, and youth.
(iii) Prevent child abuse and neglect and the re-entry of infants, children, and youth into foster care.

(ii) **Long-term therapeutic family treatment centers; addressing domestic violence**

With respect to a demonstration project that is designed to accomplish 1 or more of the goals described in clause (i), the State may elect to establish a program—

(I) to permit foster care maintenance payments to be made under part E of subchapter IV to a long-term therapeutic family treatment center (as described in paragraph (b)(B)) on behalf of a child residing in the center; or

(II) to identify and address domestic violence that endangers children and results in the placement of children in foster care.

(B) **Demonstrate readiness**

The State shall demonstrate through a narrative description the State’s capacity to effectively use the authority to conduct a demonstration project under this section by identifying changes the State has made or plans to make in policies, procedures, or other elements of the State’s child welfare program that will enable the State to successfully achieve the goal or goals of the project.

(C) **Demonstrate implemented or planned child welfare program improvement policies**

(i) **In general**

The State shall demonstrate that the State has implemented, or plans to implement within 3 years of the date on which the State submits its application to conduct the demonstration project or 2 years after the date on which the Secretary approves such demonstration project (whichever is later), at least 1 of the child welfare program improvement policies described in paragraph (7).

(ii) **Previous implementation**

For purposes of the requirement described in clause (i), at least 1 of the child welfare program improvement policies to be implemented by the State shall be a policy that the State has not previously implemented as of the date on which the State submits an application to conduct the demonstration project.

(iii) **Implementation review**

The Secretary may terminate the authority of a State to conduct a demonstration project under this section if, after the 3-year period following approval of the demonstration project, the State has not made significant progress in implementing the child welfare program improvement policies proposed by the State under clause (i).

(4) **Limitation on eligibility**

The Secretary may not authorize a State to conduct a demonstration project under this section if the State fails to provide health insurance coverage to any child with special needs (as determined under section 673(c) of this title) for whom there is in effect an adoption assistance agreement between a State and an adoptive parent or parents.

(5) **Requirement to consider effect of project on terms and conditions of certain court orders**

In considering an application to conduct a demonstration project under this section that has been submitted by a State in which there is in effect a court order determining that the State’s child welfare program has failed to comply with the provisions of part B or E of subchapter IV of this chapter, or with the Constitution of the United States, the Secretary shall take into consideration the effect of approving the proposed project on the terms and conditions of the court order related to the failure to comply and the ability of the State to implement a corrective action plan approved under section 1320a–2a of this title.

(6) **Inapplicability of random assignment for control groups as a factor for approval of demonstration projects**

For purposes of evaluating an application to conduct a demonstration project under this section, the Secretary shall not take into consideration whether such project requires random assignment of children and families to groups served under the project and to control groups.

(7) **Child welfare program improvement policies**

For purposes of paragraph (3)(C), the child welfare program improvement policies described in this paragraph are the following:

(A) The establishment of a bill of rights for infants, children, and youth in foster care that is widely shared and clearly outlines protections for infants, children, and youth, such as ensuring frequent visits with parents, siblings, and caseworkers, access to attorneys, and participation in age-appropriate extracurricular activities, and procedures for ensuring the protections are provided.

(B) The development and implementation of a plan for meeting the health and mental health needs of infants, children, and youth in foster care that includes ensuring that the provision of health and mental health care is child-specific, comprehensive, appropriate, and consistent (through means such as ensuring the infant, child, or youth has a medical home, regular wellness medical visits, and addressing the issue of trauma, when appropriate).

(C) The inclusion in the State plan under section 671 of this title of an amendment implementing the option under subsection (a) (28) of that section to enter into kinship guardianship assistance agreements.

(D) The election under the State plan under section 671 of this title to define a “child” for purposes of the provision of foster care maintenance payments, adoption assistance payments, and kinship guardianship assistance payments, so as to include
individuals described in each of subclauses (I), (II), and (III) of section 675(8)(B)(i) of this title who have not attained age 21.

(E) The development and implementation of a plan that ensures congregate care is used appropriately and reduces the placement of children and youth in such care.

(F) Of those infants, children, and youth in out-of-home placements, substantially increasing the number of cases of siblings who are in the same foster care, kinship guardianship, or adoptive placement, above the number of such cases in fiscal year 2008.

(G) The development and implementation of a plan to improve the recruitment and retention of high quality foster family homes trained to help assist infants, children, and youth swiftly secure permanent families. Supports for foster families under such a plan may include increasing maintenance payments to more adequately meet the needs of infants, children, and youth in foster care and expanding training, respite care, and other support services for foster parents.

(H) The establishment of procedures designed to assist youth as they prepare for their transition out of foster care, such as arranging for participation in age-appropriate extra-curricular activities, providing appropriate access to cell phones, computers, and opportunities to obtain a driver’s license, providing notification of all sibling placements if siblings are in care and sibling location if siblings are out of care, and providing counseling and financial support for post-secondary education.

(I) The inclusion in the State plan under section 671 of this title of a description of State procedures for—

(i) ensuring that youth in foster care who have attained age 16 are engaged in discussions, including during the development of the transition plans required under paragraphs (1)(D) and (5)(H) of section 675 of this title, that explore whether the youth wishes to reconnect with the youth’s biological family, including parents, grandparents, and siblings, and, if so, what skills and strategies the youth will need to successfully and safely reconnect with those family members;

(ii) providing appropriate guidance and services to youth whom affirm an intent to reconnect with biological family members on how to successfully and safely manage such reconnections; and

(iii) making, when appropriate, efforts to include biological family members in such reconnection efforts.

(J) The establishment of one or more of the following programs designed to prevent infants, children, and youth from entering foster care or to provide permanency for infants, children, and youth in foster care:

(i) An intensive family finding program.

(ii) A kinship navigator program.

(iii) A family counseling program, such as a family group decision-making program, and which may include in-home peer support for families.

(iv) A comprehensive family-based substance abuse treatment program.

(v) A program under which special efforts are made to identify and address domestic violence that endangers infants, children, and youth and puts them at risk of entering foster care.

(vi) A mentoring program.

(8) Definitions

In this subsection—

(b) Waiver authority

The Secretary may waive compliance with any requirement of part B or E of subchapter IV of this chapter which (if applied) would prevent a State from carrying out a demonstration project under this section or prevent the State from effectively achieving the purpose of such a project, except that the Secretary may not waive—

(1) any provision of section 622(b)(8) of this title, or section 679 of this title; or

(2) any provision of such part E, to the extent that the waiver would impair the entitlement of any qualified child or family to benefits under a State plan approved under such part E.

(c) Treatment as program expenditures

For purposes of parts B and E of subchapter IV of this chapter, the Secretary shall consider the expenditures of any State to conduct a demonstration project under this section to be expenditures under subpart 1 or 2 of such part B, or under such part E, as the State may elect.

(2) comparison of outcomes for children and families (and groups of children and families) under the project, and such outcomes under a State plan or plans, for purposes of assessing the effectiveness of the project in achieving program goals; and

The Secretary may not authorize a State to conduct a demonstration project under this section unless the Secretary determines that the total amount of Federal funds that will be expended under (or by reason of) the project over its approved term (or such portion thereof or other period as the Secretary may find appropriate) will not exceed the amount of such funds that would be expended by the State under the State plans approved under parts B and E of subchapter IV of this chapter if the project were not conducted.

(i) Indian tribes operating IV–E programs considered States

An Indian tribe, tribal organization, or tribal consortium that has elected to operate a program under part E of subchapter IV in accordance with section 679c of this title shall be considered a State for purposes of this section.

CONSTRUCTION OF 1997 AMENDMENT

Section 301(b) of Pub. L. 105–89 provided that: ‘‘Nothing in the amendment made by subsection (a) (amending this section) shall be construed as affecting the terms and conditions of any demonstration project approved under section 1130 of the Social Security Act (42 U.S.C. 1320a–9) before the date of the enactment of this Act [Nov. 19, 1997].’’

§ 1320a–10. Effect of failure to carry out State plan

In an action brought to enforce a provision of this chapter, such provision is not to be deemed unenforceable because of its inclusion in a section of this chapter requiring a State plan or specifying the required contents of a State plan. This section is not intended to limit or expand the grounds for determining the availability of private actions to enforce State plan requirements other than by over-turning any such grounds applied in Suter v. Artist M., 112 S. Ct. 1360 (1992), but not applied in prior Supreme Court decisions respecting such enforceability: Provided, however, That this section is not intended to alter the holding in Suter v. Artist M. that section 671(a)(15) of this title is not enforceable in a private right of action.

EFFECTIVE DATE

Section 211(b) of Pub. L. 103–432 provided that: ‘‘The amendment made by subsection (a) (enacting this section) shall apply to actions pending on the date of the enactment of this Act [Oct. 31, 1994] and to actions brought on or after such date of enactment.’’

(a) Purpose

The purpose of this section is to enable the Secretary to ensure to the maximum extent feasible, in any emergency area and during an emergency period (as defined in subsection (g)(1) of this section)—

(1) that sufficient health care items and services are available to meet the needs of individuals in such area enrolled in the programs under subchapters XVIII, XIX, and XXI of this chapter; and

(2) that health care providers (as defined in subsection (g)(2) of this section) that furnish such items and services in good faith, but that are unable to comply with one or more requirements described in subsection (b) of this section, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse.

(b) Secretarial authority

To the extent necessary to accomplish the purpose specified in subsection (a) of this section, the Secretary is authorized, subject to the provisions of this section, to temporarily waive or modify the application of, with respect to health care items and services furnished by a health care provider (or classes of health care providers) in any emergency area (or portion of such an area) during any portion of an emergency period, the requirements of subchapters XVIII, XIX, or XXI of this chapter, or any regulation thereunder (and the requirements of this subchapter other than this section, and regulations thereunder, insofar as they relate to such subchapters), pertaining to—

(1)(A) conditions of participation or other certification requirements for an individual health care provider or types of providers,

(B) program participation and similar requirements for an individual health care provider or types of providers, and

(C) pre-approval requirements;

(2) requirements that physicians and other health care professionals be licensed in the State in which they provide such services, if they have equivalent licensing in another State and are not affirmatively excluded from practice in that State or in any State a part of which is included in the emergency area;

(3) actions under section 1395dd of this title (relating to examination and treatment for emergency medical conditions and women in labor) for—

(A) a transfer of an individual who has not been stabilized in violation of subsection (c) of such section if the transfer is necessitated by the circumstances of the declared emergency in the emergency area during the emergency period; or

(B) the direction or relocation of an individual to receive medical screening in an alternative location—

(i) pursuant to an appropriate State emergency preparedness plan; or

(ii) in the case of a public health emergency described in subsection (g)(1)(B) that involves a pandemic infectious disease, pursuant to a State pandemic preparedness plan or a plan referred to in clause (i), whichever is applicable in the State;

(4) sanctions under section 1395nn(g) of this title (relating to limitations on physician referral);
(5) deadlines and timetables for performance of required activities, except that such deadlines and timetables may only be modified, not waived;

(6) limitations on payments under section 1395w-21(i) of this title for health care items and services furnished to individuals enrolled in a Medicare+Choice plan by health care professionals or facilities not included under such plan; and

(7) sanctions and penalties that arise from noncompliance with the following requirements (as promulgated under the authority of section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d-2 note)—

(C) section 164.522 of such title, relating to—

(i) the patient’s right to request privacy restrictions; and

(ii) the patient’s right to request confidential communications.

Insofar as the Secretary exercises authority under paragraph (6) with respect to individuals enrolled in a Medicare+Choice plan, to the extent possible given the circumstances, the Secretary shall reconcile payments made on behalf of such enrollees to ensure that the enrollees do not pay more than would be required had they received services from providers within the network of the plan and may reconcile payments to the organization offering the plan to ensure that such organization pays for services for which payment is included in the capitation payment it receives under part C of subchapter XVIII of this chapter. A waiver or modification provided for under paragraph (3) or (7) shall only be in effect if such actions are taken in a manner that does not discriminate among individuals on the basis of their source of payment or of their ability to pay, and, except in the case of a waiver or modification to which the fifth sentence of this subsection applies, shall be limited to a 72-hour period beginning upon implementation of a hospital disaster protocol. A waiver or modification under such paragraph (7) shall be withdrawn after such period and the provider shall comply with the requirements under such paragraph for any patient still under the care of the provider. If a public health emergency described in subsection (g)(1)(B) involves a pandemic infectious disease (such as pandemic influenza), the duration of a waiver or modification under paragraph (3) shall be determined in accordance with subsection (e) as such subsection applies to public health emergencies.

(C) subject to paragraph (2), the termination of a period of 60 days from the date the waiver or modification is first published (or, if applicable, the date of extension of the waiver or modification under paragraph (2)).

(2) Extension of 60-day periods

The Secretary may, by notice, provide for an extension of a 60-day period described in paragraph (1)(C) (or an additional period provided under this paragraph for additional period or periods (not to exceed, except as subsequently provided under this paragraph, 60 days each), but any such extension shall not affect or prevent the termination of a waiver or modification under subparagraph (A) or (B) of paragraph (1).

(f) Report to Congress

Within one year after the end of the emergency period in an emergency area in which the Secretary exercised the authority provided under this section, the Secretary shall report to the Congress regarding the approaches used to accomplish the purposes described in subsection (a) of this section, including an evaluation of such approaches and recommendations for improved approaches should the need for such emergency authority arise in the future.

§1320b–7. Income and eligibility verification system

(a) Requirements of State eligibility systems

In order to meet the requirements of this section, a State must have in effect an income and eligibility verification system which meets the requirements of subsection (d) of this section and under which—

(1) the State shall require, as a condition of eligibility for benefits under any program listed in subsection (b) of this section, that each applicant for or recipient of benefits under that program furnish to the State his social security account number (or numbers, if he has more than one such number), and the State shall utilize such account numbers in the administration of that program so as to enable the association of the records pertaining to the applicant or recipient with his account number;

(2) wage information from agencies administering State unemployment compensation laws available pursuant to section 3304(a)(16) of the Internal Revenue Code of 1986, wage information reported pursuant to paragraph (3) of this subsection, and wage, income, and other information from the Social Security Administration and the Internal Revenue Service available pursuant to section 6103(l)(7) of such Code, shall be requested and utilized to the extent that such information may be useful in verifying eligibility for, and the amount of, benefits available under any program listed in subsection (b) of this section, as determined by the Secretary of Health and Human Services (or, in the case of the unemployment compensation program, by the Secretary of Labor, or, in the case of the supplemental nutrition assistance program, by the Secretary of Agriculture);

(3) employers (as defined in section 653(a)(2)(B) of this title) (including State and local governmental entities and labor organizations) in such State are required, effective September 30, 1988, to make quarterly wage reports to a State agency (which may be the agency administering the State’s unemployment compensation law) except that the Secretary of Labor (in consultation with the Secretary of Health and Human Services and the Secretary of Agriculture) may waive the provisions of this paragraph if he determines that the State has in effect an alternative system which is as effective and timely for purposes of providing employment related income and eligibility data for the purposes described in paragraph (2), and except that no report shall be filed with respect to an employee of a State or local agency performing intelligence or counterintelligence functions, if the head of such agency has determined that filing such a report could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission, and except that in the case of wage reports with respect to domestic service employment, a State may per-
mit employers (as so defined) that make returns with respect to such employment on a calendar year basis pursuant to section 3510 of the Internal Revenue Code of 1986 to make such reports on an annual basis;
(b) the State agencies administering the programs listed in subsection (b) of this section adhere to standardized formats and procedures established by the Secretary of Health and Human Services (in consultation with the Secretary of Agriculture) under which—
(A) the agencies will exchange with each other any information which may be of use in establishing or verifying eligibility or benefit amounts under any other such program;
(B) such information shall be made available to assist in the child support program under part D of subchapter IV of this chapter, and to assist the Secretary of Health and Human Services in establishing or verifying eligibility or benefit amounts under subchapters II and XVI of this chapter, but subject to the safeguards and restrictions established by the Secretary of the Treasury with respect to information released pursuant to section 6103(l) of the Internal Revenue Code of 1986; and
(C) the use of such information shall be targeted to those uses which are most likely to be productive in identifying and preventing ineligibility and incorrect payments, and no State shall be required to use such information to verify the eligibility of all recipients;
(5) adequate safeguards are in effect so as to assure that—
(A) the information exchanged by the State agencies is made available only to the extent necessary to assist in the valid administrative needs of the program receiving such information, and the information released pursuant to section 6103(l) of the Internal Revenue Code of 1986 is only exchanged with agencies authorized to receive such information under such section 6103(l); and
(B) the information is adequately protected against unauthorized disclosure for other purposes, as provided in regulations established by the Secretary of Health and Human Services, or, in the case of the unemployment compensation program, the Secretary of Labor, or, in the case of the supplemental nutrition assistance program, the Secretary of Agriculture, or in the case of information released pursuant to section 6103(l) of the Internal Revenue Code of 1986, the Secretary of the Treasury;

(c) Protection of applicants from improper use of information
(1) In order to protect applicants for and recipients of benefits under the programs identified in subsection (b) of this section, or under the supplemental security income program under subchapter XVI of this chapter, from the improper use of information obtained from the Secretary of the Treasury under section 6103(l)(7)(B) of the Internal Revenue Code of 1986, no Federal, State, or local agency receiving such information may terminate, deny, suspend, or reduce any benefits of an individual until such agency has taken appropriate steps to independently verify information relating to—
(A) the amount of the asset or income involved,
(B) whether such individual actually has (or had) access to such asset or income for his own use, and
(C) the period or periods when the individual actually had such asset or income.
(2) Such individual shall be informed by the agency of the findings made by the agency on the basis of such verified information, and shall be given an opportunity to contest such findings, in the same manner as applies to other information and findings relating to eligibility factors under the program.
(d) Citizenship or immigration status requirements; documentation; verification by Immigration and Naturalization Service; denial of benefits; hearing
The requirements of this subsection, with respect to an income and eligibility verification system of a State, are as follows:
(1)(A) The State shall require, as a condition of an individual’s eligibility for benefits under a program listed in subsection (b) of this section, a declaration in writing, under penalty of perjury—
(i) by the individual,
(ii) in the case in which eligibility for program benefits is determined on a family or household basis, by any adult member of such individual’s family or household (as applicable), or
(iii) in the case of an individual born into a family or household receiving benefits under such program, by any adult member of such family or household no later than the next redetermination of eligibility of such family or household following the birth of such individual,
stating whether the individual is a citizen or national of the United States, and, if that individual is not a citizen or national of the United States, that the individual is in a satisfactory immigration status.

In this subsection, in the case of the program described in subsection (b)(4) of this section—

(i) any reference to the State shall be considered a reference to the State agency, and

(ii) any reference to an individual’s eligibility for benefits under the program shall be considered a reference to the individual’s eligibility to participate in the program as a member of a household, and

(iii) the term “satisfactory immigration status” means an immigration status which does not make the individual ineligible for benefits under the applicable program.

(2) If such an individual is not a citizen or national of the United States, there must be presented either—

(A) alien registration documentation or other proof of immigration registration from the Immigration and Naturalization Service that contains the individual’s alien admission number or alien file number (or numbers if the individual has more than one number), or

(B) such other documents as the State determines constitutes reasonable evidence indicating a satisfactory immigration status.

(3) If the documentation described in paragraph (2)(A) is presented, the State shall utilize the individual’s alien file or alien admission number to verify with the Immigration and Naturalization Service the individual’s immigration status through an automated or other system (designated by the Service for use with States) that—

(A) utilizes the individual’s name, file number, admission number, or other means permitting efficient verification, and

(B) protects the individual’s privacy to the maximum degree possible.

(4) In the case of such an individual who is not a citizen or national of the United States, if, at the time of application for benefits, the statement described in paragraph (1) is submitted but the documentation required under paragraph (2) is not presented or if the documentation required under paragraph (2)(A) is presented but such documentation is not verified under paragraph (3)—

(A) the State—

(i) shall provide a reasonable opportunity to submit the State evidence indicating a satisfactory immigration status, and

(ii) may not delay, deny, reduce, or terminate the individual’s eligibility for benefits under the program on the basis of the individual’s immigration status until such a reasonable opportunity has been provided; and

(B) if there are submitted documents which the State determines constitutes reasonable evidence indicating such status—

(i) the State shall transmit to the Immigration and Naturalization Service either photostatic or other similar copies of such documents, or information from such documents, as specified by the Immigration and Naturalization Service, for official verification,

(ii) pending such verification, the State may not delay, deny, reduce, or terminate the individual’s eligibility for benefits under the program on the basis of the individual’s immigration status, and

(iii) the State shall not be liable for the consequences of any action, delay, or failure of the Service to conduct such verification.

(5) If the State determines, after complying with the requirements of paragraph (4), that such an individual is not in a satisfactory immigration status under the applicable program—

(A) the State shall deny or terminate the individual’s eligibility for benefits under the program, and

(B) the applicable fair hearing process shall be made available with respect to the individual.

(6) Erroneous State citizenship or immigration status determinations; penalties not required

Each Federal agency responsible for administration of a program described in subsection (b) of this section shall not take any compliance, disallowance, penalty, or other regulatory action against a State with respect to any error in the State’s determination to make an individual eligible for benefits based on citizenship or immigration status—

(1) if the State has provided such eligibility based on a verification of satisfactory immigration status by the Immigration and Naturalization Service,

(2) because the State, under subsection (d)(4)(A)(ii) of this section, was required to provide a reasonable opportunity to submit documentation,

(3) because the State, under subsection (d)(4)(B)(ii) of this section, was required to wait for the response of the Immigration and Naturalization Service to the State’s request for official verification of the immigration status of the individual, or

(4) because of a fair hearing process described in subsection (d)(5)(B) of this section.

(7) Medical assistance to aliens for treatment of emergency conditions

Subsections (a)(1) and (d) of this section shall not apply with respect to aliens seeking medical assistance for the treatment of an emergency medical condition under section 1396b(v)(2) of this title.

The amendments made by subsection (a) shall not apply with respect to a covered program described in subclause (II), (V), (VI), or (VII) of subparagraph (D)(i) until after the date of receipt of such report with respect to the program.

(2) any savings in benefit expenditures reasonably expected to result from implementation of the verification program, and

(3) the labor and nonlabor costs of administration of the verification system,

the degree to which the Immigration and Naturalization Service is capable of providing timely and accurate information to the administering entity in order to permit a reliable determination of immigration status, and such other factors as such Secretary deems relevant.

§ 1320b–19

(c) State participation

(1) In general

Each State agency administering or supervising the administration of the State plan approved under title I of the Rehabilitation Act of 1973 (29 U.S.C. 720 et seq.) may elect to participate in the Program as an employment network with respect to a disabled beneficiary. If the State agency does elect to participate in the Program, the State agency will also elect to be paid under the outcome-payment system or the outcome-milestone payment system in accordance with subsection (h)(2) or subsection (h)(3) of this section whichever is elected pursuant to subsection (h)(1) of this section. An employment network may not request or receive compensation for such services from the beneficiary.

(2) Effect of participation by State agency

(A) State agencies participating

In any case in which a State agency described in paragraph (1) elects under that paragraph to participate in the Program, the employment services, vocational rehabilitation services, and other support services which, upon assignment of tickets to work and self-sufficiency, are provided to disabled beneficiaries by the State agency acting as an employment network shall be governed by plans for vocational rehabilitation services approved under title I of the Rehabilitation Act of 1973 (29 U.S.C. 720 et seq.).

(B) State agencies administering maternal and child health services programs

Subparagraph (A) shall not apply with respect to any State agency administering a program under subchapter V of this chapter.

(3) Agreements between State agencies and employment networks

State agencies and employment networks shall enter into agreements regarding the conditions under which services will be provided when an individual is referred by an employment network to a State agency for services. The Commissioner shall establish by regulations the timeframe within which such agreements must be entered into and the mechanisms for dispute resolution between State agencies and employment networks with respect to such agreements.

(d) Responsibilities of the Commissioner

(1) Selection and qualifications of program managers

The Commissioner shall enter into agreements with 1 or more organizations in the private or public sector for service as a program manager to assist the Commissioner in administering the Program. Any such program manager shall be selected by means of a competitive bidding process, from among organizations in the private or public sector with available expertise and experience in the field of vocational rehabilitation or employment services.

(2) Tenure, renewal, and early termination

Each agreement entered into under paragraph (1) shall provide for early termination upon failure to meet performance standards which shall be specified in the agreement and which shall be weighted to take into account any performance in prior terms. Such performance standards shall include—

(A) measures for ease of access by beneficiaries to services; and

(B) measures for determining the extent to which failures in obtaining services for beneficiaries fall within acceptable parameters, as determined by the Commissioner.

(3) Preclusion from direct participation in delivery of services in own service area

Agreements under paragraph (1) shall preclude—

(A) direct participation by a program manager in the delivery of employment services, vocational rehabilitation services, or other support services to beneficiaries in the service area covered by the program manager’s agreement; and

(B) the holding by a program manager of a financial interest in an employment network or service provider which provides services in a geographic area covered under the program manager’s agreement.

(4) Selection of employment networks

(A) In general

The Commissioner shall select and enter into agreements with employment networks for service under the Program. Such employment networks shall be in addition to State agencies serving as employment networks pursuant to elections under subsection (c) of this section.

(B) Alternate participants

In any State where the Program is being implemented, the Commissioner shall enter into an agreement with any alternate participant that is operating under the authority of section 422(d)(2) of this title in the State as of December 17, 1999, and chooses to serve as an employment network under the Program.
(5) Termination of agreements with employment networks

The Commissioner shall terminate agreements with employment networks for inadequate performance, as determined by the Commissioner.

(6) Quality assurance

The Commissioner shall provide for such periodic reviews as are necessary to provide for effective quality assurance in the provision of services by employment networks. The Commissioner shall solicit and consider the views of consumers and the program manager under which the employment networks serve and shall consult with providers of services to develop performance measurements. The Commissioner shall ensure that the results of the periodic reviews are made available to beneficiaries who are prospective service recipients as they select employment networks. The Commissioner shall ensure that the periodic surveys of beneficiaries receiving services under the Program are designed to measure customer service satisfaction.

(7) Dispute resolution

The Commissioner shall provide for a mechanism for resolving disputes between beneficiaries and employment networks, between program managers and employment networks, and between program managers and providers of services. The Commissioner shall afford a party to such a dispute a reasonable opportunity for a full and fair review of the matter in dispute.

(e) Program managers

(1) In general

A program manager shall conduct tasks appropriate to assist the Commissioner in carrying out the Commissioner's duties in administering the Program.

(2) Recruitment of employment networks

A program manager shall recruit, and recommend for selection by the Commissioner, employment networks for service under the Program. The program manager shall carry out such recruitment and provide such recommendations, and shall monitor all employment networks serving in the Program in the geographic area covered under the program manager's agreement, to the extent necessary and appropriate to ensure that adequate choices of services are made available to beneficiaries. Employment networks may serve under the Program only pursuant to an agreement entered into with the Commissioner under the Program incorporating the applicable provisions of this section and regulations thereunder, and the program manager shall provide and maintain assurances to the Commissioner that payment by the Commissioner to employment networks pursuant to this section is warranted based on compliance by such employment networks with the terms of such agreement and this section. The program manager shall not impose numerical limits on the number of employment networks to be recommended pursuant to this paragraph.

(3) Facilitation of access by beneficiaries to employment networks

A program manager shall facilitate access by beneficiaries to employment networks. The program manager shall ensure that each beneficiary is allowed changes in employment networks without being deemed to have rejected services under the Program. When such a change occurs, the program manager shall reassign the ticket based on the choice of the beneficiary. Upon the request of the employment network, the program manager shall make a determination of the allocation of the outcome or milestone-outcome payments based on the services provided by each employment network. The program manager shall establish and maintain lists of employment networks available to beneficiaries and shall make such lists generally available to the public. The program manager shall ensure that all information provided to disabled beneficiaries pursuant to this paragraph is provided in accessible formats.

(4) Ensuring availability of adequate services

The program manager shall ensure that employment services, vocational rehabilitation services, and other support services are provided to beneficiaries throughout the geographic area covered under the program manager's agreement, including rural areas.

(5) Reasonable access to services

The program manager shall take such measures as are necessary to ensure that sufficient employment networks are available and that each beneficiary receiving services under the Program has reasonable access to employment services, vocational rehabilitation services, and other support services. Services provided under the Program may include case management, work incentives planning, supported employment, career planning, career plan development, vocational assessment, job training, placement, follow-up services, and such other services as may be specified by the Commissioner under the Program. The program manager shall ensure that such services are available in each service area.

(f) Employment networks

(1) Qualifications for employment networks

(A) In general

Each employment network serving under the Program shall consist of an agency or instrumentality of a State (or a political subdivision thereof) or a private entity, that assumes responsibility for the coordination and delivery of services under the Program to individuals assigning to the employment network tickets to work and self-sufficiency issued under subsection (b) of this section.

(B) One-stop delivery systems

An employment network serving under the Program may consist of a one-stop delivery system established under subtitle B of title I of the Workforce Investment Act of 1998 (29 U.S.C. 2811 et seq.).

(C) Compliance with selection criteria

No employment network may serve under the Program unless it meets and maintains
compliance with both general selection criteria (such as professional and educational qualifications, where applicable) and specific selection criteria (such as substantial expertise and experience in providing relevant employment services and supports).

(D) Single or associated providers allowed

An employment network shall consist of either a single provider of such services or of an association of such providers organized so as to combine their resources into a single entity. An employment network may meet the requirements of subsection (e)(4) of this section by providing services directly, or by entering into agreements with other individuals or entities providing appropriate employment services, vocational rehabilitation services, or other support services.

(2) Requirements relating to provision of services

Each employment network serving under the Program shall be required under the terms of its agreement with the Commissioner to—

(A) serve prescribed service areas; and

(B) take such measures as are necessary to ensure that employment services, vocational rehabilitation services, and other support services provided under the Program by, or under agreements entered into with, the employment network are provided under appropriate individual work plans that meet the requirements of subsection (g) of this section.

(3) Annual financial reporting

Each employment network shall meet financial reporting requirements as prescribed by the Commissioner.

(4) Periodic outcomes reporting

Each employment network shall prepare periodic reports, on at least an annual basis, itemizing for the covered period specific outcomes achieved with respect to specific services provided by the employment network. Such reports shall conform to a national model prescribed under this section. Each employment network shall provide a copy of the latest report issued by the employment network pursuant to this paragraph to each beneficiary upon enrollment under the Program for services to be received through such employment network. Upon issuance of each report to each beneficiary, a copy of the report shall be maintained in the files of the employment network. The program manager shall ensure that copies of all such reports issued under this paragraph are made available to the public under reasonable terms.

(g) Individual work plans

(1) Requirements

Each employment network shall—

(A) take such measures as are necessary to ensure that employment services, vocational rehabilitation services, and other support services provided under the Program by, or under agreements entered into with, the employment network are provided under appropriate individual work plans that meet the requirements of subparagraph (C); and

(B) develop and implement each such individual work plan, in partnership with each beneficiary receiving such services, in a manner that affords such beneficiary the opportunity to exercise informed choice in selecting an employment goal and specific services needed to achieve that employment goal;

(C) ensure that each individual work plan includes at least—

(i) a statement of the vocational goal developed with the beneficiary, including, as appropriate, goals for earnings and job advancement;

(ii) a statement of the services and supports that have been deemed necessary for the beneficiary to accomplish that goal;

(iii) a statement of any terms and conditions related to the provision of such services and supports; and

(iv) a statement of understanding regarding the beneficiary’s rights under the Program (such as the right to retrieve the ticket to work and self-sufficiency if the beneficiary is dissatisfied with the services being provided by the employment network) and remedies available to the individual, including information on the availability of advocacy services and assistance in resolving disputes through the State grant program authorized under section 1320b–21 of this title;

(D) provide a beneficiary the opportunity to amend the individual work plan if a change in circumstances necessitates a change in the plan; and

(E) make each beneficiary’s individual work plan available to the beneficiary in, as appropriate, an accessible format chosen by the beneficiary.

An individual work plan established pursuant to this subsection shall be treated, for purposes of section 51(d)(6)(B)(i) of the Internal Revenue Code of 1986, as an individualized written plan for employment under a State plan for vocational rehabilitation services approved under the Rehabilitation Act of 1973 [29 U.S.C. 701 et seq.].

(2) Effective upon written approval

A beneficiary’s individual work plan shall take effect upon written approval by the beneficiary or a representative of the beneficiary and a representative of the employment network that, in providing such written approval, acknowledges assignment of the beneficiary’s ticket to work and self-sufficiency.

(h) Employment network payment systems

(1) Election of payment system by employment networks

(A) In general

The Program shall provide for payment authorized by the Commissioner to employment networks under either an outcome payment system or an outcome-milestone payment system. Each employment network shall elect which payment system will be utilized by the employment network, and, for such period of time as such election re-
remains in effect, the payment system so elected shall be utilized exclusively in connection with such employment network (except as provided in subparagraph (B)).

(B) No change in method of payment for beneficiaries with tickets already assigned to the employment networks

Any election of a payment system by an employment network that would result in a change in the method of payment to the employment network for services provided to a beneficiary who is receiving services from the employment network at the time of the election shall not be effective with respect to payment for services provided to that beneficiary and the method of payment previously selected shall continue to apply with respect to such services.

(2) Outcome payment system

(A) In general

The outcome payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

(B) Payments made during outcome payment period

The outcome payment system shall provide for a schedule of payments to an employment network, in connection with each individual who is a beneficiary, for each month, during the individual’s outcome payment period, for which benefits (described in paragraphs (3) and (4) of subsection (k) of this section) are not payable to such individual because of work or earnings.

(C) Computation of payments to employment network

The payment schedule of the outcome payment system shall be designed so that—

(i) the payment for each month during the outcome payment period for which benefits (described in paragraphs (3) and (4) of subsection (k) of this section) are not payable is equal to a fixed percentage of the payment calculation base for the calendar year in which such month occurs; and

(ii) such fixed percentage is set at a percentage which does not exceed 40 percent.

(3) Outcome-milestone payment system

(A) In general

The outcome-milestone payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

(B) Early payments upon attainment of milestones in advance of outcome payment periods

The outcome-milestone payment system shall provide for 1 or more milestones, with respect to beneficiaries receiving services from an employment network under the Program, that are directed toward the goal of permanent employment. Such milestones shall form a part of a payment structure that provides, in addition to payments made during outcome payment periods, payments made prior to outcome payment periods in amounts based on the attainment of such milestones.

(C) Limitation on total payments to employment network

The payment schedule of the outcome milestone payment system shall be designed so that the total of the payments to the employment network with respect to each beneficiary is less than, on a net present value basis (using an interest rate determined by the Commissioner that appropriately reflects the cost of funds faced by providers), the total amount to which payments to the employment network with respect to the beneficiary would be limited if the employment network were paid under the outcome payment system.

(4) Definitions

In this subsection:

(A) Payment calculation base

The term “payment calculation base” means, for any calendar year—

(i) in connection with a title II disability beneficiary, the average disability insurance benefit payable under section 423 of this title for all beneficiaries for months during the preceding calendar year; and

(ii) in connection with a title XVI disability beneficiary (who is not concurrently a title II disability beneficiary), the average payment of supplemental security income benefits based on disability payable under subchapter XVI of this chapter (excluding State supplementation) for months during the preceding calendar year to all beneficiaries who have attained 18 years of age but have not attained 65 years of age.

(B) Outcome payment period

The term “outcome payment period” means, in connection with any individual who had assigned a ticket to work and self-sufficiency to an employment network under the Program, a period—

(i) beginning with the first month, ending after the date on which such ticket was assigned to the employment network, for which benefits (described in paragraphs (3) and (4) of subsection (k) of this section) are not payable to such individual by reason of engagement in substantial gainful activity or by reason of earnings from work activity; and

(ii) ending with the 60th month (consecutive or otherwise), ending after such date, for which such benefits are not payable to such individual by reason of engagement in substantial gainful activity or by reason of earnings from work activity.

(5) Periodic review and alterations of prescribed schedules

(A) Percentages and periods

The Commissioner shall periodically review the percentage specified in paragraph
The Commissioner shall consult with the Commissioner of Social Security under this section to determine whether they provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Taking into account information provided to the Commissioner by program managers, the Commissioner may alter such percentage, such total permissible payments, or such period of time to the extent that the Commissioner determines, on the basis of the Commissioner's review under this paragraph, such an alteration would better provide the incentive and economies described in the preceding sentence.

(B) Number and amounts of milestone payments

The Commissioner shall periodically review the number and amounts of milestone payments established by the Commissioner pursuant to this section to determine whether they provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Such alteration shall be based on information provided to the Commissioner pursuant to this section to the extent that the Commissioner determines that such an alteration would allow an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Such alteration shall be based on information provided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, and other reliable sources. The Commissioner may from time to time alter the number and amounts of milestone payments initially established by the Commissioner pursuant to this section to the extent that the Commissioner determines that such an alteration would allow an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Such alteration shall be based on information provided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, or other reliable sources.

(C) Report on the adequacy of incentives

The Commissioner shall submit to the Congress not later than 36 months after December 17, 1999, a report with recommendations for a method or methods to adjust payment rates under subparagraphs (A) and (B), that would ensure adequate incentives for the provision of services by employment networks of—

(i) individuals with a need for ongoing support and services;
(ii) individuals with a need for high-cost accommodations;
(iii) individuals who earn a subminimum wage; and
(iv) individuals who work and receive partial cash benefits.

The Commissioner shall consult with the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999 during the development and evaluation of the study. The Commissioner shall implement the necessary adjusted payment rates prior to full implementation of the Ticket to Work and Self-Sufficiency Program.

(i) Suspension of disability reviews

During any period for which an individual is using, as defined by the Commissioner, a ticket to work and self-sufficiency issued under this section, the Commissioner (and any applicable State agency) may not initiate a continuing disability review or other review under section 421 of this title of whether the individual is or is not under a disability or a review under subchapter XVI of this chapter similar to any such review under section 421 of this title.

(B) Title XVI disability beneficiaries

Amounts authorized to be appropriated to the Social Security Administration under section 1381 of this title shall include amounts necessary to carry out the provisions of this section with respect to title XVI disability beneficiaries.

**GAO STUDY REGARDING THE TICKET TO WORK AND SELF-SUFFICIENCY PROGRAM**

"(a) [sic] GAO REPORT.—Not later than 12 months after the date of enactment of this Act [Mar. 2, 2004], the Comptroller General of the United States shall submit a report to Congress regarding the Ticket to Work and Self-Sufficiency Program established under section 1148 of the Social Security Act (42 U.S.C. 1320b–19) that—

"(1) examines the annual and interim reports issued by States, the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999 [Pub. L. 106–170] (42 U.S.C. 1320b–19 note), and the Commissioner of Social Security regarding such program;

"(2) assesses the effectiveness of the activities carried out under such program; and

"(3) recommends such legislative or administrative changes as the Comptroller General determines are appropriate to improve the effectiveness of such program."

**FINDINGS AND PURPOSES**

Pub. L. 106–170, § 2, Dec. 17, 1999, 113 Stat. 1862, provided that:

"(a) FINDINGS.—The Congress makes the following findings:

"(1) It is the policy of the United States to provide assistance to individuals with disabilities to lead productive work lives.

"(2) Health care is important to all Americans.

"(3) Health care is particularly important to individuals with disabilities and special health care needs who often cannot afford the insurance available to them through the private market, are uninsurable by the plans available in the private sector, and are at great risk of incurring very high and economically devastating health care costs.

"(4) Americans with significant disabilities often are unable to obtain health care insurance that provides coverage of the services and supports that enable them to live independently and enter or rejoin the workforce. Personal assistance services (such as attendant services, personal assistance with transportation to and from work, reader services, job coaches, and related assistance) remove many of the barriers between significant disability and work. Coverage for such services, as well as for prescription drugs, durable medical equipment, and basic health care are powerful and proven tools for individuals with significant disabilities to obtain and retain employment.

"(5) For individuals with disabilities, the fear of losing health care and related services is one of the greatest barriers keeping the individuals from maximizing their employment, earning potential, and independence.

"(6) Social Security Disability Insurance and Supplemental Security Income beneficiaries risk losing medicare or medicaid coverage that is linked to their cash benefits, a risk that is an equal, or greater, work disincentive than the loss of cash benefits associated with working.

"(7) Individuals with disabilities have greater opportunities for employment than ever before, aided by important public policy initiatives such as the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), advances in public understanding of disability, and innovations in assistive technology, medical treatment, and rehabilitation.

"(8) Despite such historic opportunities and the desire of millions of disability recipients to work and support themselves, fewer than one-half of one percent of Social Security Disability Insurance and Supplemental Security Income beneficiaries leave the disability rolls and return to work.

"(9) In addition to the fear of loss of health care coverage, beneficiaries cite financial disincentives to work and earn income and lack of adequate employment training and placement services as barriers to employment.

"(10) Eliminating such barriers to work by creating financial incentives to work and by providing individuals with disabilities real choice in obtaining the services and technology they need to find, enter, and maintain employment can greatly improve their short and long-term financial independence and personal well-being.

"(11) In addition to the enormous advantages such changes promise for individuals with disabilities, redesigning government programs to help individuals with disabilities return to work may result in significant savings and extend the life of the Social Security Disability Insurance Trust Fund.

"(12) If only an additional one-half of one percent of the current Social Security Disability Insurance and Supplemental Security Income recipients were to cease receiving benefits as a result of employment, the savings to the Social Security Trust Funds and to the Treasury in cash assistance would total $3,500,000,000 over the workforce of such individuals, far exceeding the cost of providing incentives and services needed to assist them in entering work and achieving financial independence to the best of their abilities.

"(b) PURPOSES.—The purposes of this Act [see Tables for classification] are as follows:

"(1) To provide health care and employment preparation and placement services to individuals with disabilities that will enable those individuals to reduce their dependency on cash benefit programs.

"(2) To encourage States to adopt the option of allowing individuals with disabilities to purchase medicare coverage that is necessary to enable such individuals to maintain employment.

"(3) To provide individuals with disabilities the option of maintaining medicare coverage while working.

"(4) To establish a return to work ticket program that will allow individuals with disabilities to seek the services necessary to obtain and retain employment and reduce their dependency on cash benefit programs.

**GRADUATED IMPLEMENTATION OF PROGRAM**

Pub. L. 106–170, title I, § 101(d), Dec. 17, 1999, 113 Stat. 1874, provided that:

(a) Review of professional activities; determination of payment; determination of review authority; consultation with professional health care practitioners; standards of health care; other duties

Subject to subsection (b), any quality improvement organization entering into a contract with the Secretary under this part must perform one or more of the following functions:

(1) The organization shall review some or all of the professional activities in the area, subject to the terms of the contract and subject to the requirements of subsection (d) of this section, of physicians and other health care practitioners and institutional and noninstitutional providers of health care services in the provision of health care services and items for which payment may be made (in whole or in part) under subchapter XVIII of this chapter (including where payment is made for such services under paragraph (3); and to prescription drug sponsors pursuant to contracts under part D 1) for the purpose of determining whether—

(B) the quality of such services meets professionally recognized standards of health care; and

(C) in case such services and items are proposed to be provided in a hospital or other health care facility on an inpatient basis, such services and items could, consistent with the provision of appropriate medical care, be effectively provided more economically on an outpatient basis or in an inpatient health care facility of a different type. (2) The organization shall determine, on the basis of the review carried out under subparagraphs (A), (B), and (C) of paragraph (1), whether payment shall be made for services under subchapter XVIII of this chapter. (A) such payment is allowed by reason of section 1395pp of this title; or

(B) in the case of inpatient hospital services or extended care services, the quality improvement organization determines that additional time is required in order to arrange for postdischarge care, but payment may be continued under this subparagraph for not more than two days, but only in the case where the provider of such services did not know and could not reasonably have been expected to know (as determined under section 1395pp of this title) that payment would not otherwise be made for such services under subchapter XVIII of this chapter prior to notification by the organization under paragraph (3);

(C) such determination is changed as the result of any hearing or review of the determination under section 1320c–4 of this title; or

(D) such payment is authorized under section 1395x(v)(1)(G) of this title.

The organization shall identify cases for which payment should not be made by reason of paragraph (1)(B) only through the use of criteria developed pursuant to guidelines established by the Secretary.

(3)(A) Subject to subparagraphs (B) and (D), whenever the organization makes a determination that any health care services or items furnished or to be furnished to a patient by any practitioner or provider are disapproved, the organization shall promptly notify such patient and the agency or organization responsible for the payment of claims under subchapter XVIII of this chapter of such determination.

(D) The notification under subparagraph (A) with respect to services or items disapproved by reason of paragraph (1)(B) shall not occur until after—

(i) the organization has notified the practitioner or provider involved of the determination and of the practitioner's or provider's right to a formal reconsideration of the determination under section 1320c–4 of this title, and

(ii) if the provider or practitioner requests such a reconsideration, the organization has made such a reconsideration.

If a provider or practitioner is provided a reconsideration, such reconsideration shall be in lieu of any subsequent reconsideration to which the provider or practitioner may be otherwise entitled under section 1320c–4 of this title, but shall not affect the right of a beneficiary from seeking reconsideration under such section of the organization's determination (after any reconsideration requested by the practitioner or physician under clause (ii)).

(E)(i) In the case of services and items provided by a physician that were disapproved by reason of paragraph (1)(B), the notice to the patient shall state the following: “In the judgment of the quality improvement organization, the medical care received was not acceptable under the medicare program. The reasons for the denial have been discussed with your physician.”

(ii) In the case of services or items provided by an entity or practitioner other than a physician, the Secretary may substitute the entity or practitioner which provided the services or items for the term “physician” in the notice described in clause (i).

(4)(A) The organization shall, after consultation with the Secretary, determine the types and kinds of cases (whether by type of health care or diagnosis involved, or whether in terms of other relevant criteria relating to the provision of health care services) with respect to which such organization will, in order to most effectively carry out the purposes of this part, exercise review authority under the contract. The organization shall notify the Secretary periodically with respect to such determinations. Each quality improvement organization shall provide that a reasonable proportion of its activities are involved with reviewing, under paragraph (1)(B), the quality of services, and that a reasonable allocation of such activities is made among the different cases and settings (including post-acute-care settings, ambulatory settings, and health maintenance organizations). In establishing such allocation, the organization shall consider (i) whether there is reason to believe that there is a particular need for reviews of particular cases or settings because of previous problems regarding quality of care, (ii) the cost of such reviews and the likely yield of such reviews in terms of number and seriousness of quality care problems likely to be discovered as a result of such reviews, and (iii) the availability and adequacy of alternative quality review and assurance mechanisms.

(B) The contract of each organization shall provide for the review of services (including both inpatient and outpatient services) provided by eligible organizations pursuant to a risk-sharing contract under section 1395mm of this title (or that is subject to review under section 1395ss(t)(3) of this title) for the purpose of determining whether the quality of such services meets professionally recognized standards of health care, including whether appropriate health care services have not been provided or have been provided in inappropriate settings and whether individuals enrolled with an eligible organization have adequate access to health care services provided by or through such organization (as determined, in part, by a survey of individuals enrolled with the organization who have not yet used the organization to receive such services). The contract of each organization shall also provide that with respect to health care provided by a health maintenance organization or competitive medical plan under section 1395mm of this title, the organization shall maintain a beneficiary outreach program designed to apprise individuals receiving care under such section of the role of the peer review system, of the rights of the individual under such system, and of the method and purposes for contacting the organization. The previous two sentences shall not apply with respect to a contract year if another entity has been awarded a contract under subparagraph (C). Under the contract the level of effort expended by the organization on reviews under this subparagraph shall be equivalent, on a per enrollee basis, to the level of effort expended by the organization on utilization and quality reviews performed with respect to individuals not enrolled with an eligible organization.

(5) The organization shall consult with nurses and other professional health care practitioners (other than physicians described in section 1395x(r)(1) of this title) and with representatives of institutional and noninstitutional providers of health care services, with respect to the organization’s responsibility for the review under paragraph (1) of the professional activities of such practitioners and providers.

(6)(A) The organization shall, consistent with the provisions of its contract under this part, apply professionally developed norms of care, diagnosis, and treatment based upon typical patterns of practice within the geographic area served by the organization as principal points of evaluation and review, taking into consideration national norms where appropriate. Such norms with respect to treatment for particular illnesses or health conditions shall include—
(i) the types and extent of the health care services which, taking into account differing, but acceptable, modes of treatment and methods of organizing and delivering care, are considered within the range of appropriate diagnosis and treatment of such illness or health condition, consistent with professionally recognized and accepted patterns of care; and

(ii) the type of health care facility which is considered, consistent with such standards, to be the type in which health care services which are medically appropriate for such illness or condition can most economically be provided.

As a component of the norms described in clause (i) or (ii), the organization shall take into account the special problems associated with delivering care in remote rural areas, the availability of service alternatives to inpatient hospitalization, and other appropriate factors (such as the distance from a patient’s residence to the site of care, family support, availability of proximate alternative sites of care, and the patient’s ability to carry out necessary or prescribed self-care regimens) that could adversely affect the safety or effectiveness of treatment provided on an outpatient basis.

(B) The organization shall—

(i) offer to provide, several times each year, for a physician representing the organization to meet (at a hospital or at a regional meeting) with medical and administrative staff of each hospital (the services of which are reviewed by the organization) respecting the organization’s review of the hospital’s services for which payment may be made under subchapter XVIII of this chapter, and

(ii) publish (not less often than annually) and distribute to providers and practitioners whose services are subject to review a report that describes the organization’s findings with respect to the types of cases in which the organization has frequently determined that (I) inappropriate or unnecessary care has been provided, (II) services were rendered in an inappropriate setting, or (III) services did not meet professionally recognized standards of health care.

(7) The organization, to the extent necessary and appropriate to the performance of the contract, shall—

(A)(i) make arrangements to utilize the services of persons who are practitioners of, or specialists in, the various areas of medicine (including dentistry, optometry, and podiatry), or other types of health care, which persons shall, to the maximum extent practicable, be individuals engaged in the practice of their profession within the area served by such organization; and

(ii) in the case of psychiatric and physical rehabilitation services, make arrangements to ensure that (to the extent possible) initial review of such services be made by a physician who is trained in psychiatry or physical rehabilitation (as appropriate).2

(B) undertake such professional inquiries either before or after, or both before and after, the provision of services with respect to which such organization has a responsibility for review which in the judgment of such organization will facilitate its activities; and

(C) examine the pertinent records of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1); and

(D) inspect the facilities in which care is rendered or services are provided (which are located in such area) of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1).

(8) The organization shall perform such duties and functions and assume such responsibilities and comply with such other requirements as may be required by this part or under regulations of the Secretary promulgated to carry out the provisions of this part or as may be required to carry out section 1395y(a)(15) of this title.

(9)(A) The organization shall collect such information relevant to its functions, and keep and maintain such records, in such form as the Secretary may require to carry out the purposes of this part, and shall permit access to and use of any such information and records as the Secretary may require for such purposes, subject to the provisions of section 1320c-9 of this title.

(B) If the organization finds, after reasonable notice to and opportunity for discussion with the physician or practitioner concerned, that the physician or practitioner has furnished services in violation of section 1320c-5(a) of this title and the organization determines that the physician or practitioner should enter into a corrective action plan under section 1320c-5(b)(1) of this title, the organization shall notify the State board or boards responsible for the licensing or disciplining of the physician or practitioner of its finding and of any action taken as a result of the finding.

(10) The organization shall coordinate activities, including information exchanges, which are consistent with economical and efficient operation of programs among appropriate public and private agencies or organizations including—

(A) agencies under contract pursuant to sections 1395h and 1395a of this title;

(B) other quality improvement organizations having contracts under this part; and

(C) other public or private review organizations as may be appropriate.

(11) The organization shall make available its facilities and resources for contracting with private and public entities paying for health care in its area for review, as feasible and appropriate, of services reimbursed by such entities.

(12) As part of the organization’s review responsibility under paragraph (1), the organization shall review all ambulatory surgical pro-

cedures specified pursuant to section 1395f(i)(1)(A) of this title which are performed in the area, or, at the discretion of the Secretary, a sample of such procedures.

(15) Notwithstanding paragraph (4), the organization shall perform the review described in paragraph (1) with respect to early readmission cases to determine if the previous inpatient hospital services and the post-hospital services met professionally recognized standards of health care. Such reviews may be performed on a sample basis if the organization and the Secretary determine it to be appropriate. In this paragraph, an “early readmission case” is a case in which an individual, after discharge from a hospital, is readmitted to a hospital less than 31 days after the date of the most recent previous discharge.

(14) The organization shall conduct an appropriate review of all written complaints about the quality of services (for which payment may otherwise be made under subchapter XVIII of this chapter) not meeting professionally recognized standards of health care, if the complaint is filed with the organization by an individual entitled to benefits for such services under such subchapter (or a person acting on the individual’s behalf). The organization shall inform the individual (or representative) of the organization’s final disposition of the complaint. Before the organization concludes that the quality of services does not meet professionally recognized standards of health care, the organization must provide the practitioner or person concerned with reasonable notice and opportunity for discussion.

(15) During each year of the contract entered into under section 1320c–2(b) of this title, the organization shall perform on-site review activities as the Secretary determines appropriate.

(b) Performance; exceptions

A quality improvement organization entering into a contract with the Secretary to perform a function described in a paragraph under subsection (a) must perform all of the activities described in such paragraph, except to the extent otherwise negotiated with the Secretary pursuant to the contract or except for a function for which the Secretary determines it is not appropriate for the organization to perform, such as a function that could cause a conflict of interest with another function.

(c) Review by physicians; physician’s family defined

(1) No physician shall be permitted to review—

(A) health care services provided to a patient if he was directly responsible for providing such services; or

(B) health care services provided in or by an institution, organization, or agency, if he or any member of his family has, directly or indirectly, a significant financial interest in such institution, organization, or agency.

(2) For purposes of this subsection, a physician’s family includes only his spouse (other than a spouse who is legally separated from him under a decree of divorce or separate maintenance), children (including legally adopted children), grandchildren, parents, and grandparents.

(d) Utilization of services of physicians to make final determinations of denial decisions with respect to professional conduct of other physicians

No quality improvement organization shall utilize the services of any individual who is not a duly licensed doctor of medicine, osteopathy, dentistry, optometry, or podiatry to make final determinations of denial decisions in accordance with its duties and functions under this part with respect to the professional conduct of any other duly licensed doctor of medicine, osteopathy, dentistry, optometry, or podiatry, or any act performed by any duly licensed doctor of medicine, osteopathy, dentistry, optometry, or podiatry in the exercise of his profession.

(e) Review of hospital denial notices

(1) If—

(A) a hospital has determined that a patient no longer requires inpatient hospital care, and

(B) the attending physician has agreed with the hospital’s determination,

the hospital may provide the patient (or the patient’s representative) with a notice (meeting conditions prescribed by the Secretary under section 1395pp of this title) of the determination.

(f) Identification of methods for identifying cases of substandard care

The Secretary, in consultation with appropriate experts, shall identify methods that would be available to assist quality improve-
ment organizations (under subsection (a)(4) of this section) in identifying those cases which are more likely than others to be associated with a quality of services which does not meet professionally recognized standards of health care.

§ 1320c–5. Obligations of health care practitioners and providers of health care services; sanctions and penalties; hearings and review

(a) Assurances regarding services and items ordered or provided by practitioner or provider

It shall be the obligation of any health care practitioner and any other person (including a hospital or other health care facility, organization, or agency) who provides health care services for which payment may be made (in whole or in part) under this chapter, to assure, to the extent of his authority that services or items ordered or provided by such practitioner or person to beneficiaries and recipients under this chapter—

(1) will be provided economically and only when, and to the extent, medically necessary;

(2) will be of a quality which meets professionally recognized standards of health care; and

(3) will be supported by evidence of medical necessity and quality in such form and fashion and at such time as may reasonably be required by a reviewing quality improvement organization in the exercise of its duties and responsibilities.

(b) Sanctions and penalties; hearings and review

(1) If after reasonable notice and opportunity for discussion with the practitioner or person concerned, and, if appropriate, after the practitioner or person has been given a reasonable opportunity to enter into and complete a corrective action plan (which may include remedial education) agreed to by the organization, and has failed successfully to complete such plan,
any organization having a contract with the Secretary under this part determines that such practitioner or person has—

(A) failed in a substantial number of cases substantially to comply with any obligation imposed on him under subsection (a) of this section, or

(B) grossly and flagrantly violated any such obligation in one or more instances,

such organization shall submit a report and recommendations to the Secretary. If the Secretary agrees with such determination, the Secretary (in addition to any other sanction provided under law) may exclude (permanently or for such period as the Secretary may prescribe, except that such period may not be less than 1 year) such practitioner or person from eligibility to provide services under this chapter on a reimbursable basis. If the Secretary fails to act upon the recommendations submitted to him by such organization within 120 days after such submission, such practitioner or person shall be excluded from eligibility to provide services on a reimbursable basis until such time as the Secretary determines otherwise.

(2) A determination made by the Secretary under this subsection to exclude a practitioner or person shall be effective on the same date and in the same manner as an exclusion from participation under the programs under which this chapter is in effect. If the Secretary finds and gives reasonable notice to the public that the basis for such determination has been removed and that there is reasonable assurance that it will not recur.

(3) In lieu of the sanction authorized by paragraph (1), the Secretary may require that (as a condition to the continued eligibility of such practitioner or person to provide such health care services on a reimbursable basis) such practitioner or person pays to the United States, in each case such amount as the Secretary determines otherwise. Such amount may be deducted from any benefits under this chapter, pending completion of an administrative review procedure under paragraph (4). If the judge does not determine, by a preponderance of the evidence, that the provider or practitioner has grossed and flagrantly violated any such obligation, the Secretary shall not effect the exclusion under paragraph (2) until the provider or practitioner has been provided reasonable notice and opportunity for an administrative hearing thereon under paragraph (4).

(4) A determination made by the Secretary under subsection (a)(3) of this section, or

(b) grossly and flagrantly violated any such obligation in one or more instances,

such organization shall submit a report and recommendations to the Secretary. If the Secretary agrees with such determination, the Secretary (in addition to any other sanction provided under law) may exclude (permanently or for such period as the Secretary may prescribe, except that such period may not be less than 1 year) such practitioner or person from eligibility to provide services under this chapter on a reimbursable basis. If the Secretary fails to act upon the recommendations submitted to him by such organization within 120 days after such submission, such practitioner or person shall be excluded from eligibility to provide services on a reimbursable basis until such time as the Secretary determines otherwise. Such amount may be deducted from any benefits under this chapter, pending completion of an administrative review procedure under paragraph (4). If the judge does not determine, by a preponderance of the evidence, that the provider or practitioner has grossed and flagrantly violated any such obligation, the Secretary shall not effect the exclusion under paragraph (2) until the provider or practitioner has been provided reasonable notice and opportunity for an administrative hearing thereon under paragraph (4).

(6) When the Secretary effects an exclusion of a provider or person under paragraph (2), the Secretary shall notify the State board responsible for the licensing of the physician or the provider of the exclusion.

(c) **Enlistment of support of other organizations to assure practitioner’s or provider’s compliance with obligations**

It shall be the duty of each quality improvement organization to use such authority or influence it may possess as a professional organization, and to enlist the support of any other professional or governmental organization having influence or authority over health care practitioners and any other person (including a hospital or other health care facility, organization, or agency) providing health care services in the area served by such quality improvement organization to use such authority or influence it may possess as a professional organization, and to enlist the support of any other professional or governmental organization having influence or authority over health care practitioners and any other person (including a hospital or other health care facility, organization, or agency) providing health care services in the area served by such review organization, in assuring that each practitioner or person referred to in subsection (a) of this section providing health care services in such area shall comply with all obligations imposed on him under subsection (a) of this section.

EX. ORD. NO. 13181. TO PROTECT THE PRIVACY OF PROTECTED HEALTH INFORMATION IN OVERSIGHT INVESTIGATIONS

EX. ORD. NO. 13181, Dec. 20, 2000, 65 F.R. 53231, provides:

(1) to the authority vested in me as President of the United States by the Constitution and the laws of the United States of America, it is ordered as follows:

Sec. 1. Policy.

It shall be the policy of the Government of the United States that law enforcement may not use protected health information concerning an individual that is discovered during the course of health oversight activities for unrelated civil, administrative, or criminal investigations of a non-health oversight matter, except when the balance of relevant factors weighs clearly in favor of its use. That is, protected health information may not be so used unless the public interest and the need for disclosure clearly outweigh the potential for injury to the patient, to the physician-patient relationship, and to the treatment services. Protecting the privacy of patients’ protected health information promotes trust in the health care system. It improves the quality of health care by fostering an environment in which patients can feel more comfortable in providing health care professionals with accurate and detailed information about their personal health. In order to provide greater protections to patients’ privacy, the Department of Health and Human Services is issuing final regulations concerning the confidentiality of individually identifiable health information under the Health Insurance Portability and Accountability Act of 1996, as amended [Pub. L. 104–191, see Tables for classification]. HIPAA applies only to “covered entities,” such as health care plans, providers, and clearinghouses. HIPAA regulations therefore do not apply to other organizations and individuals that gain access to protected health information, including Federal officials who gain access to health records during health oversight activities.

Under the new HIPAA regulations, health oversight investigators will appropriately have ready access to medical records for oversight purposes. Health oversight investigators generally do not seek access to the medical records of a particular patient, but instead review large numbers of records to determine whether a health care provider or organization is violating the law, such as through fraud against the Medicare system. Access to many health records is often necessary to uncover evidence of wrongdoing unrelated to the health care system, such as evidence of criminal conduct by a health care provider or organization. HIPAA regulations therefore do not apply to other organizations and individuals that gain access to protected health information, including Federal officials who gain access to health records during health oversight activities.

HIPAA regulations therefore do not apply to other organizations and individuals that gain access to protected health information, including Federal officials who gain access to health records during health oversight activities.

(b) “Protected health information” shall have the meaning ascribed to it in the regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the “Health Insurance Portability and Accountability Act of 1996,” as amended.

(c) “Injury to the patient” includes injury to the privacy interests of the patient.

Sec. 2. Definitions.

(a) “Health oversight activities” shall include the oversight activities enumerated in the regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the “Health Insurance Portability and Accountability Act of 1996,” as amended.

(b) “Protected health information” shall have the meaning ascribed to it in the regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the “Health Insurance Portability and Accountability Act of 1996,” as amended.

(c) “Injury to the patient” includes injury to the privacy interests of the patient.

Sec. 3. Implementation.

(a) Protected health information concerning an individual patient discovered during the course of health oversight activities shall not be used against that individual patient in an unrelated civil, administrative, or criminal investigation of a non-health oversight matter unless the Deputy Attorney General of the U.S. Department of Justice, or insofar as the protected health information involves members of the Armed Forces, the General Counsel of the U.S. Department of Defense, has authorized such use.

(b) In assessing whether protected health information should be used under subparagraph (a) of this section, the Deputy Attorney General shall permit such use upon concluding that the balance of relevant factors weighs clearly in favor of its use. That is, the Deputy Attorney General shall permit disclosure if the public interest and the need for disclosure clearly outweigh the potential for injury to the patient, to the physician-patient relationship, and to the treatment services.

(c) Upon the decision to use protected health information under subparagraph (a) of this section, the Deputy Attorney General, in determining the extent to which this information should be used, shall impose appropriate safeguards against unauthorized use.

(d) On an annual basis, the Department of Justice, in consultation with the Department of Health and Human Services, shall provide to the President of the United States a report that includes the following information:

(i) the number of requests made to the Deputy Attorney General for authorization to use protected health information discovered during health oversight activities in a non-health oversight, unrelated investigation;

(ii) the number of requests that were granted as applied for, granted as modified, or denied;

(iii) the agencies that made the applications, and the number of requests made by each agency; and

(iv) the uses for which the protected health information was authorized.

(e) The General Counsel of the U.S. Department of Defense will comply with the requirements of subparagraphs (b), (c), and (d). It is appropriate to extend limitations on the use of health information to all situations in which the government obtains medical records for a health oversight purpose. In recognition of the increasing importance of protecting health information as shown in the medical privacy rule, a higher standard than exists in 18 U.S.C. 3486 is necessary. Therefore, the policy of the Government of the United States that law enforcement may not use protected health information concerning an individual, discovered during the course of health oversight activities for unrelated civil, administrative, or criminal investigations, against that individual except when the balance of relevant factors weighs clearly in favor of its use. That is, protected health information may not be so used unless the public interest and the need for disclosure clearly outweigh the potential for injury to the patient, to the physician-patient relationship, and to the treatment services.

Sec. 4. Administrative Subpoenas.

(a) The Attorney General may authorize the use of administrative subpoenas for the examination of health information as shown in the medical privacy rule, a higher standard than exists in 18 U.S.C. 3486 is necessary. Therefore, the policy of the Government of the United States that law enforcement may not use protected health information concerning an individual, discovered during the course of health oversight activities for unrelated civil, administrative, or criminal investigations, against that individual except when the balance of relevant factors weighs clearly in favor of its use. That is, protected health information may not be so used unless the public interest and the need for disclosure clearly outweigh the potential for injury to the patient, to the physician-patient relationship, and to the treatment services.

Sec. 5. Policy with Respect to Oversight of the Armed Forces.

(a) The policy of the Department of Health and Human Services concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the “Health Insurance Portability and Accountability Act of 1996,” as amended, shall be applied as a standard for the Armed Forces.

(b) The Department of Health and Human Services shall not disclose protected health information except as authorized under the Department of Health and Human Services regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the “Health Insurance Portability and Accountability Act of 1996,” as amended.

(c) The Department of Health and Human Services shall not disclose protected health information except as authorized under the Department of Health and Human Services regulations concerning the confidentiality of individually identifiable health information promulgated by the Secretary of Health and Human Services pursuant to the “Health Insurance Portability and Accountability Act of 1996,” as amended.
§ 1320d–3. Timetables for adoption of standards

(a) Initial standards

The Secretary shall carry out section 1320d–2 of this title not later than 18 months after August 21, 1996, except that standards relating to claims attachments shall be adopted not later than 30 months after August 21, 1996.

(b) Additions and modifications to standards

(1) In general

Except as provided in paragraph (2), the Secretary shall review the standards adopted under section 1320d–2 of this title, and shall adopt modifications to the standards (including additions to the standards), as determined appropriate, but not more frequently than once every 12 months. Any addition or modification to a standard shall be completed in a manner which minimizes the disruption and cost of compliance.

(2) Special rules

(A) First 12-month period

Except with respect to additions and modifications to code sets under subparagraph (B), the Secretary may not adopt any modification to a standard adopted under this part during the 12-month period beginning on the date the standard is initially adopted, unless the Secretary determines that the modification is necessary in order to permit compliance with the standard.

(B) Additions and modifications to code sets

(i) In general

The Secretary shall ensure that procedures exist for the routine maintenance, testing, enhancement, and expansion of code sets.

(ii) Additional rules

If a code set is modified under this subsection, the modified code set shall include instructions on how data elements of health information that were encoded prior to the modification may be converted or translated so as to preserve the informational value of the data elements that existed before the modification. Any modification to a code set under this subsection shall be implemented in a manner that minimizes the disruption and cost of complying with such modification.

§ 1320d–4. Requirements

(a) Conduct of transactions by plans

(1) In general

If a person desires to conduct a transaction referred to in section 1320d–2(a)(1) of this title with a health plan as a standard transaction—

(A) the health plan may not refuse to conduct such transaction as a standard transaction;

(B) the insurance plan may not delay such transaction, or otherwise adversely affect, or attempt to adversely affect, the person or the transaction on the ground that the transaction is a standard transaction; and

(C) the information transmitted and received in connection with the transaction shall be in the form of standard data elements of health information.

(2) Satisfaction of requirements

A health plan may satisfy the requirements under paragraph (1) by—

(A) directly transmitting and receiving standard data elements of health information; or

(B) submitting nonstandard data elements to a health care clearinghouse for processing into standard data elements and transmission by the health care clearinghouse, and receiving standard data elements through the health care clearinghouse.

(3) Timetable for compliance

Paragraph (1) shall not be construed to require a health plan to comply with any standard, implementation specification, or modification to a standard or specification adopted or established by the Secretary under sections 1320d–1 through 1320d–3 of this title at any time prior to the date on which the plan is required to comply with the standard or specification under subsection (b) of this section.

(b) Compliance with standards

(1) Initial compliance

(A) In general

Not later than 24 months after the date on which an initial standard or implementation specification is adopted or established under sections 1320d–1 and 1320d–2 of this title, each person to whom the standard or implementation specification applies shall comply with the standard or specification.

(B) Special rule for small health plans

In the case of a small health plan, paragraph (1) shall be applied by substituting “36 months” for “24 months”. For purposes of this subsection, the Secretary shall determine the plans that qualify as small health plans.

(2) Compliance with modified standards

If the Secretary adopts a modification to a standard or implementation specification under this part, each person to whom the standard or implementation specification ap-
plies shall comply with the modified standard or implementation specification at such time as the Secretary determines appropriate, taking into account the time needed to comply due to the nature and extent of the modification. The time determined appropriate under the preceding sentence may not be earlier than the last day of the 180-day period beginning on the date such modification is adopted. The Secretary may extend the time for compliance for small health plans, if the Secretary determines that such extension is appropriate.

(3) Construction

Nothing in this subsection shall be construed to prohibit any person from complying with a standard or specification by—

(A) submitting nonstandard data elements to a health care clearinghouse for processing into standard data elements and transmission through a health care clearinghouse; or

(B) receiving standard data elements through a health care clearinghouse.

EXTENSION OF DEADLINE FOR COVERED ENTITIES SUBMITTING COMPLIANCE PLANS

“(D) Protection of Confidential Information.—

“(i) In General.—The Secretary of Health and Human Services shall ensure that any material provided under subparagraph (A) to the National Committee on Vital and Health Statistics or any organization described in subparagraph (C) is redacted so as to prevent the disclosure of any—

“(I) trade secrets;

“(II) commercial or financial information that is privileged or confidential; and

“(III) other information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

“(ii) Construction.—Nothing in clause (i) shall be construed to affect the application of section 552 of title 5, United States Code (commonly known as the ‘Freedom of Information Act’), including the exceptions from disclosure provided under subsection (b) of such section.

“(A) In General.—In the case of a person described in paragraph (1) who fails to submit a plan in accordance with paragraph (2), and who is not in compliance with the applicable requirements of subparts I through R of part 162 of title 45, Code of Federal Regulations, on or after October 16, 2003, the person may be excluded at the discretion of the Secretary of Health and Human Services from participation in Medicare (including under part C or as a contractor under sections 1816, 1812, and 1863) (42 U.S.C. 1395h, 1395u, 1395ddd in title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.).

“(B) Procedure.—The provisions of section 1128A of the Social Security Act (42 U.S.C. 1320a–7a) (other than the first and second sentences of subsection (a) and subsection (b)) shall apply to an exclusion under this paragraph in the same manner as such provisions apply with respect to an exclusion or proceeding under section 1128A(a) of such Act.

“(C) Construction.—The availability of an exclusion under this paragraph shall not be construed to affect the imposition of penalties under section 1176 of the Social Security Act (42 U.S.C. 1320a–7a).

“(D) Nonapplicability to complying persons.—The exclusion under subparagraph (A) shall not apply to a person who—

“(b) Special Rules.—

“(1) Rules of Construction.—Nothing in this section shall be construed as—

“(A) as modifying the October 16, 2003, deadline for a small health plan to comply with the require-
§ 1320d--5. General penalty for failure to comply with requirements and standards

(a) General penalty

(1) In general

Except as provided in subsection (b) of this section, the Secretary shall impose on any person who violates a provision of this part—

(A) in the case of a violation of such provision in which it is established that the person did not know (and by exercising reasonable diligence would not have known) that such person violated such provision, a penalty for each such violation of an amount that is at least the amount described in paragraph (3)(A) but not to exceed the amount described in paragraph (3)(D);

(B) in the case of a violation of such provision in which it is established that the violation was due to reasonable cause and not to willful neglect, a penalty for each such violation of an amount that is at least the amount described in paragraph (3)(B) but not to exceed the amount described in paragraph (3)(D); and

(C) in the case of a violation of such provision in which it is established that the violation was due to willful neglect—

(i) if the violation is corrected as described in subsection (b)(3)(A),

(ii) if the violation is not corrected as described in such subsection, a penalty in an amount that is at least the amount described in paragraph (3)(C) but not to exceed the amount described in paragraph (3)(D); and

(ii) if the violation is not corrected as described in such subsection, a penalty in an amount that is at least the amount described in paragraph (3)(D).

In determining the amount of a penalty under this section for a violation, the Secretary shall base such determination on the nature and extent of the violation and the nature and extent of the harm resulting from such violation.

(2) Procedures

The provisions of section 1320a--7a of this title (other than subsections (a) and (b) and the second sentence of subsection (f)) shall apply to the imposition of a civil money penalty under this subsection in the same manner as such provisions apply to the imposition of a penalty under such section 1320a--7a of this title.

(3) Tiers of penalties described

For purposes of paragraph (1), with respect to a violation by a person of a provision of this part—

(A) the amount described in this subparagraph is $100 for each such violation, except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $25,000;

(B) the amount described in this subparagraph is $1,000 for each such violation, except that the total amount imposed on the person for all such violations of an identical
requirement or prohibition during a calendar year may not exceed $100,000;  
(C) the amount described in this subparagraph is $10,000 for each such violation, except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $250,000; and  
(D) the amount described in this subparagraph is $50,000 for each such violation, except that the total amount imposed on the person for all such violations of an identical requirement or prohibition during a calendar year may not exceed $1,500,000.

(b) Limitations

(1) Offenses otherwise punishable
No penalty may be imposed under subsection (a) and no damages obtained under subsection (d) with respect to an act if a penalty has been imposed under section 1320d–6 of this title with respect to such act.

(2) Failures due to reasonable cause
(A) In general
Except as provided in subparagraph (B) or subsection (a)(1)(C), no penalty may be imposed under subsection (a) and no damages obtained under subsection (d) if the failure to comply is corrected during the 30-day period beginning on the first date the person liable for the penalty or damages knew, or by exercising reasonable diligence would have known, that the failure to comply occurred.

(B) Extension of period
(i) No penalty
With respect to the imposition of a penalty by the Secretary under subsection (a), the period referred to in subparagraph (A) may be extended as determined appropriate by the Secretary based on the nature and extent of the failure to comply.

(ii) Assistance
If the Secretary determines that a person failed to comply because the person was unable to comply, the Secretary may provide technical assistance to the person during the period described in subparagraph (A). Such assistance shall be provided in any manner determined appropriate by the Secretary.

(3) Reduction
In the case of a failure to comply which is due to reasonable cause and not to willful neglect, any penalty under subsection (a) and any damages under subsection (d) that is not entirely waived under paragraph (3) may be waived to the extent that the payment of such penalty would be excessive relative to the compliance failure involved.

(c) Noncompliance due to willful neglect
(1) In general
A violation of a provision of this part due to willful neglect is a violation for which the Secretary is required to impose a penalty under subsection (a)(1).

(2) Required investigation
For purposes of paragraph (1), the Secretary shall formally investigate any complaint of a violation of a provision of this part if a preliminary investigation of the facts of the complaint indicate such a possible violation due to willful neglect.

(d) Enforcement by State attorneys general

(1) Civil action
Except as provided in subsection (b), in any case in which the attorney general of a State has reason to believe that an interest of one or more of the residents of that State has been or is threatened or adversely affected by any person who violates a provision of this part, the attorney general of the State, as parens patriae, may bring a civil action on behalf of such residents of the State in a district court of the United States of appropriate jurisdiction—

(A) to enjoin further such violation by the defendant; or  
(B) to obtain damages on behalf of such residents of the State.

(2) Statutory damages
(A) In general
For purposes of paragraph (1)(B), the amount determined under this paragraph is the amount calculated by multiplying the number of violations by up to $100. For purposes of the preceding sentence, in the case of a continuing violation, the number of violations shall be determined consistent with the HIPAA privacy regulations (as defined in section 1320d–9(b)(3) of this title) for violations of subsection (a).

(B) Limitation
The total amount of damages imposed on the person for all violations of an identical requirement or prohibition during a calendar year may not exceed $25,000.

(C) Reduction of damages
In assessing damages under subparagraph (A), the court may consider the factors the Secretary may consider in determining the amount of a civil money penalty under subsection (a) under the HIPAA privacy regulations.

(3) Attorney fees
In the case of any successful action under paragraph (1), the court, in its discretion, may award the costs of the action and reasonable attorney fees to the State.

(4) Notice to Secretary
The State shall serve prior written notice of any action under paragraph (1) upon the Secretary and provide the Secretary with a copy of its complaint, except in any case in which such prior notice is not feasible, in which case the State shall serve such notice immediately upon instituting such action. The Secretary shall have the right—

(A) to intervene in the action;
(B) upon so intervening, to be heard on all matters arising therein; and
(C) to file petitions for appeal.

(5) Construction

For purposes of bringing any civil action under paragraph (1), nothing in this section shall be construed to prevent an attorney general of a State from exercising the powers conferred on the attorney general by the laws of that State.

(6) Venue; service of process

(A) Venue

Any action brought under paragraph (1) may be brought in the district court of the United States that meets applicable requirements relating to venue under section 1391 of title 28.

(B) Service of process

In an action brought under paragraph (1), process may be served in any district in which the defendant—

(1) is an inhabitant; or

(II) maintains a physical place of business.

(7) Limitation on State action while Federal action is pending

If the Secretary has instituted an action against a person under subsection (a) with respect to a specific violation of this part, no State attorney general may bring an action under this subsection against the person with respect to such violation during the pendency of that action.

(8) Application of CMP statute of limitation

A civil action may not be instituted with respect to a violation of this part unless an action to impose a civil money penalty may be instituted under subsection (a) with respect to such violation consistent with the second sentence of section 1320a–7a(c)(1) of this title.

(e) Allowing continued use of corrective action

Nothing in this section shall be construed as preventing the Office for Civil Rights of the Department of Health and Human Services from continuing, in its discretion, to use corrective action without a penalty in cases where the person did not know (and by exercising reasonable diligence would not have known) of the violation involved.

AMENDMENTS

2009—Subsec. (a)(1). Pub. L. 111–5, §13410(d)(1), substituted “who violates a provision of this part—” for “who violates a provision of this part a penalty of not more than $100 for each such violation, except that the total amount imposed on the person for all violations of an identical requirement or prohibition during a calendar year may not exceed $25,000.”; added subpars. (A) to (C), and inserted concluding provisions.

§1320e–1. Limitations on certain uses of comparative clinical effectiveness research

(a) The Secretary may only use evidence and findings from research conducted under section 1320e of this title to make a determination regarding coverage under subchapter XVIII if such use is through an iterative and transparent process which includes public comment and considers the effect on subpopulations.

(b) Nothing in section 1320e of this title shall be construed as—

(1) superseding or modifying the coverage of items or services under subchapter XVIII that the Secretary determines are reasonable and necessary under section 1395y(b)(1) of this title; or

(2) authorizing the Secretary to deny coverage of items or services under such subchapter solely on the basis of comparative clinical effectiveness research.

(c)(1) The Secretary shall not use evidence or findings from comparative clinical effectiveness research conducted under section 1320e of this title in determining coverage, reimbursement, or incentive programs under subchapter XVIII in a manner that treats extending the life of an individual who is younger, nondisabled, or not terminally ill as of lower value than extending the life of an individual whose disability or terminal illness.

(d)(1) The Secretary shall not use evidence or findings from comparative clinical effectiveness research conducted under section 1320e of this title in determining coverage, reimbursement, or incentive programs under subchapter XVIII based upon a comparison of the difference in the effectiveness of alternative treatments in extending an individual’s life due to the individual’s age, disability, or terminal illness.

(2) Paragraph (1) shall not be construed as preventing the Secretary from using evidence or findings from such comparative clinical effectiveness research in determining coverage, reimbursement, or incentive programs under subchapter XVIII in a manner that precludes, or with the intent to discourage, an individual from choosing a health care treatment based on how the individual values the tradeoff between extending the length of their life and the risk of disability.

(2)(A) Paragraph (1) shall not be construed to—

(i) limit the application of differential copayments under subchapter XVIII based on factors such as cost or type of service; or

(ii) prevent the Secretary from using evidence or findings from such comparative clinical effectiveness research in determining coverage, reimbursement, or incentive programs under such subchapter based upon a comparison of the difference in the effectiveness of alternative health care treatments in extending an individual’s life due to that individual’s age, disability, or terminal illness.

(3) Nothing in the provisions of, or amendments made by the Patient Protection and Affordable Care Act, shall be construed to limit comparative clinical effectiveness research or any other research, evaluation, or dissemination of information concerning the likelihood that a health care treatment will result in disability.

(e) The Patient-Centered Outcomes Research Institute established under section 1320e(b)(1) of this title shall not develop or employ a dollars-per-quality adjusted life year (or similar measure that discounts the value of a life because of an individual’s disability) as a threshold to es-

SUBCHAPTER XII—ADVANCES TO STATE UNEMPLOYMENT FUNDS

§ 1321. Eligibility requirements for transfer of funds; reimbursement by State; application; certification; limitation

An advance to a State for the payment of compensation in any 3-month period may be made if—

(B) he furnishes to the Secretary of Labor his estimate of the amount of an advance which will be required by the State for the payment of compensation in each month of such 3-month period.

(B) the amount required by any State for the payment of compensation in any month shall be determined with due allowance for contingencies and taking into account all other amounts that will be available in the State’s unemployment fund for the payment of compensation in such month, and

(C) the term “compensation” means cash benefits payable to individuals with respect to their unemployment, exclusive of expenses of administration.

(b) The Secretary of the Treasury shall, prior to audit or settlement by the Government Accountability Office, transfer in monthly installments from the Federal unemployment account to the account of the State in the Unemployment Trust Fund the amount certified under subsection (a) of this section by the Secretary of

**APPLICATIONS FOR TRANSFER OF FUNDS UNDER FORMER PROVISIONS OF SECTION 1121(A); LIMITATIONS**

Pub. L. 86–778, title V, §522(b), Sept. 13, 1960, 74 Stat. 979, provided that:

“(1) No amount shall be transferred on or after the date of the enactment of this Act [Sept. 13, 1960] from the Federal unemployment account to the account of any State in the Unemployment Trust Fund pursuant to any application made under section 1201(a) of the Social Security Act [subsec. (a) of this section] as in effect before such date, except that, if—

“(A) some but not all of an amount certified by the Secretary of Labor to the Secretary of the Treasury for transfer to the account of any State is transferred to such account before such date, and—

“(B) the Governor of such State, after the date of the enactment of this Act [Sept. 13, 1960], requests the Secretary of the Treasury to transfer all or any part of the remainder to such account, the Secretary of the Treasury shall, prior to audit or settlement by the General Accounting Office [now Government Accountability Office], transfer from the Federal unemployment account to the account of such State in the Unemployment Trust Fund the amount so requested or (if smaller) the amount available in the Federal unemployment account at the time of the transfer. No such amount shall be transferred under this paragraph after the one-year period beginning on the date of the enactment of this Act [Sept. 13, 1960].”

“(2) For purposes of section 3302(c) of the Federal Unemployment Tax Act [section 3302(c) of Title 26, Internal Revenue Code] and titles IX and XII of the Social Security Act [subtitle IX and XII of this chapter], if any amount is transferred pursuant to paragraph (1) to the account of any State, such amount shall be treated as an advance made before the date of the enactment of this Act [Sept. 13, 1960].’’
§ 1322. Repayment by State; certification; transfer; interest on loan; credit of interest on loan

(a) Repayment by State; certification; transfer

The Governor of any State may at any time request that funds be transferred from the account of such State to the Federal unemployment account in repayment of part or all of that balance of advances, made to such State under section 1321 of this title, specified in the request. The Secretary of Labor shall certify to the Secretary of the Treasury the amount and balance specified in the request; and the Secretary of the Treasury shall promptly transfer such amount in reduction of such balance.

(b) Interest on loan

(1) Except as otherwise provided in this subsection, each State shall pay interest on any advance made to such State under section 1321 of this title. Interest so payable with respect to periods during any calendar year shall be at the rate determined under paragraph (4) for such calendar year.

(2) No interest shall be required to be paid under paragraph (1) with respect to any advance or advances made during any calendar year if—

(A) such advances are repaid in full before the close of September 30 of the calendar year in which the advances were made.

(B) no other advance was made to such State under section 1321 of this title during such calendar year and after the date on which the repayment of the advances was completed, and

(C) such State meets funding goals, established under regulations issued by the Secretary of Labor, relating to the accounts of the States in the Unemployment Trust Fund.

(3)(A) Interest payable under paragraph (1) which was attributable to periods during any fiscal year shall be paid by the State to the Secretary of the Treasury prior to the first day of the following fiscal year. If interest is payable under paragraph (1) on any advance (hereinafter in this subparagraph referred to as the “first advance”) by reason of another advance made to such State after September 30 of the calendar year in which the first advance was made, interest on such first advance attributable to periods before such September 30 shall be paid not later than the day after the date on which the other advance was made.

(B) Notwithstanding subparagraph (A), in the case of any advance made during the last 5 months of any fiscal year, interest on such advance attributable to periods during such fiscal year shall not be required to be paid before the last day of the succeeding taxable year. Any interest the time for payment of which is deferred by the preceding sentence shall bear interest in the same manner as if it were an advance made on the day on which it would have been required to be paid but for this subparagraph.

(C)(i) In the case of any State which meets the requirements of clause (ii) for any calendar year, any interest otherwise required to be paid under this subsection during such calendar year shall be paid as follows—

(I) 25 percent of the amount otherwise required to be paid on or before any day during such calendar year shall be paid on or before such day; and

(II) 25 percent of the amount otherwise required to be paid on or before such day shall be paid on or before the corresponding day in each of the 3 succeeding calendar years.

No interest shall accrue on such deferred interest.

(ii) A State meets the requirements of this clause for any calendar year if the rate of insured unemployment (as determined for purposes of section 203 of the Federal-State Extended Unemployment Compensation Act of 1970) under the State law of the period consisting of the first 6 months of the preceding calendar year equaled or exceeded 7.5 percent.

(4) The interest rate determined under this paragraph with respect to any calendar year is a percentage (but not in excess of 10 percent) determined by dividing—

(A) the aggregate amount credited under section 1104(e) of this title to State accounts on the last day of the last calendar quarter of the immediately preceding calendar year, by

(B) the aggregate of the average daily balances of the State accounts for such quarter as determined under section 1104(e) of this title.

(5) Interest required to be paid under paragraph (1) shall not be paid (directly or indirectly) by a State from amounts in its unemployment fund. If the Secretary of Labor determines that any State action results in the paying of such interest directly or indirectly (by an equivalent reduction in State unemployment taxes or otherwise) from such unemployment fund, the Secretary of Labor shall not certify such State’s unemployment compensation law under section 3304 of the Internal Revenue Code of 1986. Such noncertification shall be made in accordance with section 3304(c) of such Code.

(b)(A) For purposes of paragraph (2), any voluntary repayment shall be applied against advances made under section 1321 of this title on the last made first repaid basis. Any other repayment of such an advance shall be applied against advances on a first made first repaid basis.

(B) For purposes of this paragraph, the term “voluntary repayment” means any repayment made under subsection (a) of this section.

(7) This subsection shall only apply to advances made on or after April 1, 1982.
least 20 percent beginning with the year after
the year in which it is otherwise due, if such
State meets the criteria of subparagraph (B). No
interest shall accrue on such deferred interest.

(B) To meet the criteria of this subparagraph a
State must—

(i) have taken no action since October 1,
1982, which would reduce its net unemploy-
ment tax effort or the net solvency of its un-
employment system (as determined for pur-
poses of section 3302(f) of the Internal Revenue
Code of 1986); and

(ii)(I) have taken an action (as certified by
the Secretary of Labor) after March 31, 1982,
which would have increased revenue liabilities
and decreased benefits under the State’s un-
employment compensation system (herein-
after referred to as a “solvency effort”) by a
combined total of the applicable percentage
(as compared to such revenues and benefits as
would have been in effect without such State
action) for the calendar year for which the de-
ferred action is requested; or

(ii)(II) have had, for taxable year 1982, an aver-
age unemployment tax rate which was equal
to or greater than 2.0 percent of the total of
the wages (as determined without any limita-
tion on amount) attributable to such State
subject to contribution under the State unem-
ployment compensation law with respect to
such taxable year.

In the case of the first year for which there is a
deferral (over a 4-year period) of the interest
otherwise payable for such year, the applicable
percentage shall be 25 percent. In the case of the
second such year, the applicable percentage
shall be 35 percent. In the case of the third such
year, the applicable percentage shall be 50 per-
cent.

(C)(i) The base year is the first year for which
a deferral under this provision is requested
and subsequently granted. The Secretary of Labor
shall estimate the unemployment rate for the
base year. To determine whether a State meets
the requirements of subparagraph (B)(ii)(I), the
Secretary of Labor shall determine the percentage
by which the benefits and taxes in the base
year with the application of the action referred
to in subparagraph (B)(ii)(I) are lower or great-
er, as the case may be, than such benefits and
taxes would have been without the application
of such action. In making this determination,
the Secretary shall deem the application of the
action referred to in subparagraph (B)(ii)(I) to
have been effective for the base year to the same
extent as such action is effective for the year
following the year for which the deferral is
sought. Once a deferral is approved under clause
(i)(I) of subparagraph (B) a State must continue
to maintain its solvency effort. Failure to do so
shall result in the State being required to make
immediate payment of all deferred interest.

(ii) Increases in the taxable wage base from
$6,000 to $7,000 or increases after 1984 in the max-
imum tax rate to 5.4 percent shall not be count-
ed for purposes of meeting the requirement of
subparagraph (B).

(D) In the case of a State which produces a sol-
vency effort of 50 percent, 80 percent, and 90
percent rather than the 25 percent, 35 percent, and
50 percent required under subparagraph (B), the
interest shall be computed at an interest rate
which is 1 percentage point less than the other-
wise applicable interest rate.

(9) Any interest otherwise due from a State on
September 30 of a calendar year after 1982 may
be deferred (and no interest shall accrue on such
defferred interest) for a grace period of not to
exceed 9 months if, for the most recent 12-month
period for which data are available before the
date such interest is otherwise due, the State
had an average total unemployment rate of 13.5
percent or greater.

(10)(A) With respect to the period beginning
on February 17, 2009, and ending on December 31,
2010—

(i) any interest payment otherwise due from
a State under this subsection during such pe-
riod shall be deemed to have been made by the
State; and

(ii) no interest shall accrue during such pe-
riod on any advance or advances made under
section 1321 of this title to a State.

(B) The provisions of subparagraph (A) shall
have no effect on the requirement for interest
payments under this subsection after the period
described in such subparagraph or on the ac-
crual of interest under this subsection after such
period.

(c) Credit of interest on loan

Interest paid by States in accordance with this
section shall be credited to the Federal unem-
ployment account established by section 110(y)
of this title in the Unemployment Trust Fund.

§ 1354. Operation of State plans
In the case of any State plan for aid to the permanently and totally disabled which has been approved by the Secretary of Health and Human Services, if the Secretary after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of such plan, finds—

(1) that the plan has been so changed as to impose any residence or citizenship requirement prohibited by section 1352(b) of this title, or

(2) that in the administration of the plan there is a failure to comply substantially with any provision required by section 1352(a) of this title to be included in the plan,

the Secretary shall notify such State agency that further payments will not be made to the State (or, in his discretion, that payments will be limited to categories under or parts of the State plan not affected by such failure) until he
is satisfied that such prohibited requirement is no longer so imposed, and that there is no longer any such failure to comply. Until he is so satisfied he shall make no further payments to such State (or shall limit payments to categories under or parts of the State plan not affected by such failure).

Secretary and Department of Health, Education, and Welfare redesignated Secretary and Department of Health and Human Services by section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

§ 1355. Definitions

For the purposes of this subchapter, the term "aid to the permanently and totally disabled" means money payments to needy individuals eighteen years of age or older who are permanently and totally disabled, but does not include any such payments to or care in behalf of any individual who is an inmate of a public institution (except as a patient in a medical institution) or any individual who is a patient in an institution for tuberculosis or mental diseases. Such term also includes payments which are not included within the meaning of such term under the preceding sentence, but which would be so included except that they are made on behalf of such a needy individual to another individual who (as determined in accordance with standards prescribed by the Secretary) is interested in or concerned with the welfare of such needy individual, but only with respect to a State whose State plan approved under section 1332 of this title includes provision for—

(1) determination by the State agency that such needy individual has, by reason of his physical or mental condition, such inability to manage funds that making payments to him would be contrary to his welfare and, therefore, it is necessary to provide such aid through payments described in this sentence;

(2) making such payments only in cases in which such payments will, under the rules otherwise applicable under the State plan for determining need and the amount of aid to the permanently and totally disabled to be paid (and in conjunction with other income and resources), meet all the need of the individuals with respect to whom such payments are made;

(3) undertaking and continuing special efforts to protect the welfare of such individual and to improve, to the extent possible, his capacity for self-care and to manage funds;

(4) periodic review by such State agency of the determination under paragraph (1) to ascertain whether conditions justifying such determination still exist, with provision for termination of such payments if they do not and for seeking judicial appointment of a guardian or other legal representative, as described in section 1311 of this title, if and when it appears that such action will best serve the interests of such needy individual; and

(5) opportunity for a fair hearing before the State agency on the determination referred to in paragraph (1) for any individual with respect to whom it is made.

At the option of a State (if its plan approved under this subchapter so provides), such term (i) need not include money payments to an individual who has been absent from such State for a period in excess of ninety consecutive days (regardless of whether he has maintained his residence in such State during such period) until he has been present in such State for thirty consecutive days in the case of such an individual who has maintained his residence in such State during such period or ninety consecutive days in the case of any other such individual, and (ii) may include rent payments made directly to a public housing agency on behalf of a recipient or a group or groups of recipients of aid under such plan.

Repeal of Section

Pub. L. 92–603, title III, §303(a), (b), Oct. 30, 1972, 86 Stat. 1444, provided that this section is repealed effective Jan. 1, 1974, except with respect to Puerto Rico, Guam, and the Virgin Islands.

Amendments

1961—Pub. L. 97–35 struck out in provision preceding par. (1) "‘, or (if provided on or after the third month before the month in which the recipient makes application for aid) medical care in behalf of, or any type of remedial care recognized under State law in behalf of,’ after ‘money payments to’.

1 So in original. Probably should be "needs"."
1972—Pub. L. 92–603 authorized the State, at its option, to include within “aid to the permanently and totally disabled” provisions relating to money payments to an individual absent from such State for more than 90 consecutive days, and provisions relating to rent payments made directly to a public housing agency.

1965—Pub. L. 89–97 struck out from definition of “aid to the permanently and totally disabled” the exclusion of payments to or medical care in behalf of any individual who has been diagnosed as having tuberculosis or psychosis and is a patient in a medical institution as a result thereof; and extended definition of “aid to the permanently and totally disabled” to include payments made on behalf of the needy individual to another individual who (as determined in accordance with standards determined by the Secretary) is interested in or concerned with the welfare of such needy individual and enumerated the five characteristics required of state plans under which such payments can be made, including provision for finding of inability to manage funds, payment to meet all needs of the individual, special efforts to protect welfare, periodic review, and opportunity for fair hearing, respectively.

1962—Pub. L. 87–543 inserted “(if provided in or after the third month before the month in which the recipient makes application for aid)” before “medical care”.

(c) Period for determination of benefits

(1) An individual's eligibility for a benefit under this subchapter for a month shall be determined on the basis of the individual's (and eligible spouse's, if any) income, resources, and other relevant characteristics in such month, and, except as provided in paragraphs (2), (3), (4), and (5), the amount of such benefit shall be determined for such month on the basis of income and other characteristics in the first or, if the Commissioner of Social Security so determines, second month preceding such month. Eligibility for and the amount of such benefits shall be redetermined at such time or times as may be provided by the Commissioner of Social Security.

(2) The amount of such benefit for the month in which an application for benefits becomes effective (or, if the Commissioner of Social Security so determines, for such month and the following month) and for any month immediately following a month of ineligibility for such benefits (or, if the Commissioner of Social Security so determines, for such month and the following month) shall—
   (A) be determined on the basis of the income of the individual and the eligible spouse, if any, of such individual and other relevant circumstances in such month; and
   (B) in the case of the first month following a period of ineligibility in which eligibility is restored after the first day of such month, bear the same ratio to the amount of the benefit which would have been payable to such individual if eligibility had been restored on the first day of such month as the number of days in such month including and following the date of restoration of eligibility bears to the total number of days in such month.

(3) For purposes of this subsection, an increase in the benefit amount payable under subchapter II of this chapter (over the amount payable in the preceding month, or, at the election of the Commissioner of Social Security, the second preceding month) to an individual receiving benefits under this subchapter shall be increased by the income used to determine the benefit under this subchapter of such individual for any month which is—
   (A) the first month in which the benefit amount payable to such individual under this title is increased pursuant to section 1382f of this title, or
   (B) at the election of the Commissioner of Social Security, the month immediately following such month.

(4)(A) Notwithstanding paragraph (3), if the Commissioner of Social Security determines that reliable information is currently available with respect to the income and other circumstances of an individual for a month (including information with respect to a class of which such individual is a member and information with respect to scheduled cost-of-living adjustments under other benefit programs), the benefit amount of such individual under this subchapter for such month may be determined on the basis of such information.

(B) The Commissioner of Social Security shall prescribe by regulation the circumstances in
which information with respect to an event may be taken into account pursuant to subparagraph (A) in determining benefit amounts under this subchapter.

(5) Notwithstanding paragraphs (1) and (2), any income which is paid to or on behalf of an individual in any month pursuant to (A) a State program funded under part A of subchapter IV of this chapter, (B) section 672 of this title (relating to foster care assistance), (C) section 1522(e) of title 3 (relating to assistance for refugees), (D) section 501(a) of Public Law 96-422 (relating to assistance for Cuban and Haitian entrants), or (E) section 13 of title 25 (relating to assistance furnished by the Bureau of Indian Affairs), shall be taken into account in determining the amount of the benefit under this subchapter of such individual (and his eligible spouse, if any) only for that month, and shall not be taken into account in determining the amount of the benefit for any other month.

(6) The dollar amount in effect under subsection (b) of this section as a result of any increase in benefits under this subchapter by reason of section 1382f of this title shall be used to determine the value of any in-kind support and maintenance required to be taken into account in determining the benefit payable under this subchapter to an individual (and the eligible spouse, if any, of the individual) for the 1st 2 months for which the increase in benefits applies.

(7) For purposes of this subsection, an application of an individual for benefits under this subchapter shall be effective on the later of—

(A) the first day of the month following the date such application is filed, or

(B) the first day of the month following the date such individual becomes eligible for such benefits with respect to such application.

(8) The Commissioner of Social Security may waive the limitations specified in subparagraphs (A) and (B) of subsection (e)(1) of this section on an individual's eligibility and benefit amount for a month (to the extent such limitation is applicable by reason of such individual’s presence throughout such month in a hospital, extended care facility, nursing home, or intermediate care facility) if such waiver would promote the economical and efficient administration of the program authorized by this subchapter.

(d) Limitation on amount of gross income earned; "gross income" defined

The Commissioner of Social Security may prescribe the circumstances under which, consistently with the purposes of this subchapter, the gross income from a trade or business (including farming) will be considered sufficiently large to make an individual ineligible for benefits under this subchapter. For purposes of this subchapter, the term "gross income" has the same meaning as when used in chapter 1 of the Internal Revenue Code of 1986.

(e) Limitation on eligibility of certain individuals

(1)(A) Except as provided in subparagraphs (B), (C), (D), (E), and (G), no person shall be an eligible individual or eligible spouse for purposes of this subchapter with respect to any month if throughout such month he is an inmate of a public institution.

(ii) in the case of an individual who has an eligible spouse, if only one of them is in such a facility throughout such month, at a rate not in excess of the sum of—

(I) the rate of $360 per year (reduced by the amount of any income, not excluded pursuant to section 1382a(b) of this title, of the one who is in such facility), and

(II) the applicable rate specified in subsection (b)(1) of this section (reduced by the amount of any income, not excluded pursuant to section 1382a(b) of this title, of the other); and

(ii) at a rate not in excess of $720 per year (reduced by the amount of any income not excluded pursuant to section 1382a(b) of this title) in the case of an individual who has an eligible spouse, if both of them are in such a facility throughout such month.

For purposes of this subsection, a medical treatment facility that provides services described in
section 1396p(c)(1)(C) of this title shall be considered to be receiving payments with respect to an individual under a State plan approved under subchapter XIX of this chapter during any period of ineligibility of such individual provided for under the State plan pursuant to section 1396p(c) of this title.

(C) As used in subparagraph (A), the term "public institution" does not include a publicly operated community residence which serves no more than 16 residents.

(iv) under an agreement of the public institution or the medical treatment facility is permitted to retain any benefit payable by reason of this subparagraph,

may be an eligible individual or eligible spouse

for purposes of this subchapter (and entitled to a benefit determined on the basis of the rate applicable under subsection (b) of this section) for the month referred to in subclause (I) or (II) of clause (i) and, if such subclause still applies, for the succeeding month.

(F) An individual who is an eligible individual or an eligible spouse for a month by reason of subparagraph (E) shall not be treated as being eligible under section 1382h(a) or (b) of this title for the month following the month in which such individual is an inmate of a public institution, with respect to each individual

(A) the institution shall provide to the Commissioner, on a monthly basis and in a manner specified by the Commissioner, the names, social security account numbers, dates of birth, confinement commencement dates, and, to the extent available to the institution, such other identifying information concerning the inmates of the institution as the Commissioner may require for the purpose of carrying out this paragraph and the other provisions of this subchapter; and

(B) the Commissioner shall pay to any such institution, with respect to each individual who receives in the month preceding the first month throughout which such individual is an inmate of the jail, prison, penal institution, or correctional facility that furnishes information respecting such individual pursuant to subclause (I), or is confined in the institution (that so furnishes such information) as described in section 402(x)(1)(A)(ii) of this title, a benefit under this subchapter for each preceding month, and who is determined by the Commissioner to be ineligible for benefits under this subchapter by reason of confinement based on the information provided by such institution, $400 (subject to reduction under clause (ii)) if the institution furnishes the information described in subclause (I) to the Commissioner within 30 days after the date such individual becomes an inmate of such institution, or $200 (subject to reduction under...

The Secretary shall furnish to the Commissioner, in such form and manner and under such terms as the Commissioner and the Secretary shall mutually agree, such information as the Commissioner may request for this purpose. Information obtained pursuant to such a match may be substituted for the physician’s certification otherwise required under subparagraph (G)(i).

(2) No person shall be an eligible individual or eligible spouse for purposes of this subchapter if, after notice to such person by the Commissioner of Social Security that it is likely that such person is eligible for any payments of the type enumerated in section 1396a(a)(2)(B) of this title, such person fails within 30 days to take all appropriate steps to apply for and (if eligible) obtain any such payments.

(3) Notwithstanding anything to the contrary in the criteria being used by the Commissioner of Social Security in determining when a husband and wife are to be considered two eligible individuals for purposes of this subchapter and when they are to be considered an eligible individual with an eligible spouse, the State agency administering or supervising the administration of a State plan under any other program under this chapter may (in the administration of such plan) treat a husband and wife living in the same medical treatment facility described in paragraph (1)(B) as though they were an eligible individual with his or her eligible spouse for purposes of this subchapter (rather than two eligible individuals), after they have continuously lived in the same such facility for 6 months, if treating such husband and wife as two eligible individuals would prevent either of them from receiving benefits or assistance under such plan or reduce the amount thereof.

(4)(A) No person shall be considered an eligible individual or eligible spouse for purposes of this subchapter with respect to any month if during such month the person is—

(i) fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the person flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the person flees, or, in circumstances that do not define crimes as felonies, is punishable by death or imprisonment for a term exceeding 1 year regardless of the actual sentence imposed; or

(ii) the person was erroneously implicated in connection with the criminal offense by reason of identity fraud.

For purposes of the preceding sentence, after an individual has been outside the United States for any period of 30 consecutive days, he shall be treated as remaining outside the United States until he has been in the United States for a period of 30 consecutive days.

(2) For a period of not more than 1 year, the first sentence of paragraph (1) shall not apply to any individual who—

(B) demonstrates to the satisfaction of the Commissioner of Social Security that the absence of the individual from the United States will be—

(i) for not more than 1 year; and

(ii) for the purpose of conducting studies as part of an educational program that is—

(A) if such individual is blind, the State agency (i) shall disregard the first $85 per month of earned income plus one-half of earned income in excess of $85 per month, and (ii) shall, for a period not in excess of 12 months, and may, for a period not in excess of 36 months, disregard such additional amounts of other income and resources, in the case of any such individual who has a plan for achieving self-support approved by the State agency, as may be necessary for the fulfillment of such plan.

Notwithstanding paragraph (3), if on January 1, 1962, and on the date on which a State submits its plan for approval under this subchapter, the State agency which administered or supervised the administration of the plan of such State approved under subchapter X of this chapter was different from the State agency which administered or supervised the administration of the plan of such State approved under subchapter I of this chapter and the State agency which administered or supervised the administration of such plan approved under subchapter X of this chapter may be designated to administer or supervise the administration of the portion of the State plan for aid to the aged, blind, or disabled which relates to blind individuals and a separate State agency may be designated to establish or designate to administer or supervise the administration of the rest of such plan; and in such case the part of the plan which each such agency administers, or the administration of which each such agency supervises, shall be regarded as a separate plan for purposes of this subchapter.

(b) Approval by Commissioner

(2) any residence requirement which excludes any resident of the State who has resided therein five years during the nine years immediately preceding the application for such aid and has resided therein continuously for one year immediately preceding the application;

(3) any citizenship requirement which excludes any citizen of the United States.

At the option of the State, the plan may provide that manuals and other policy issuances will be furnished to persons without charge for the reasonable cost of such materials, but such provision shall not be required by the Commissioner of Social Security as a condition for the approval of such plan under this subchapter. In the case of any State to which the provisions of section 344 of the Social Security Act Amendments of 1950 were applicable on January 1, 1962, and to which the sentence of section 1202(b) of this title following paragraph (2) thereof is applicable on the date on which its State plan for aid to the aged, blind, or disabled was submitted for approval under this subchapter, the Commissioner of Social Security shall approve the plan of such State for aid to the aged, blind, or disabled for purposes of this subchapter, even though it does not meet the requirements of paragraph (14) of subsection (a) of this section, if it meets all other requirements of this subchapter for an approved plan for aid to the aged, blind, or disabled; but payments under section 1383 of this title shall be made, in the case of any such plan, only with respect to expenditures thereunder which would be included as expenditures for the purposes of section 1383 of this title under a plan approved under this section without regard to the provisions of this section.

(c) Limitation on numbers of plans

Subject to the last sentence of subsection (a) of this section, nothing in this subchapter shall be construed to permit a State to have in effect with respect to any period more than one State plan approved under this subchapter.

(b) Disposition of resources; grounds for exemption from disposition requirements

(1) The Commissioner of Social Security shall prescribe the period or periods of time within which, and the manner in which, various kinds of property must be disposed of in order not to be included in determining an individual’s eligibility for benefits. Any portion of the individual’s benefits paid for any such period shall be conditioned upon such disposal; and any benefits so paid shall (at the time of the disposal) be considered overpayments to the extent they would not have been paid had the disposal occurred at the beginning of the period for which such benefits were paid.

(2) Any payee of such individual (or spouse) or such other person whose income is deemed to be included in such individual’s (or spouse’s) income for purposes of this subchapter, on the basis of such individual’s (or spouse’s) benefits, shall be liable in an amount determined in accordance with regulations issued by the Commissioner of Social Security for the costs of any expenses incurred by such individual (or spouse) during the period prescribed by the Commissioner of Social Security in the determination of such resources.
(2) Notwithstanding the provisions of paragraph (1), the Commissioner of Social Security shall not require the disposition of any real property for so long as it cannot be sold because (A) it is jointly owned (and its sale would cause undue hardship, due to loss of housing, for the other owner or owners), (B) its sale is barred by a legal impediment, or (C) as determined under regulations issued by the Commissioner of Social Security, the owner’s reasonable efforts to sell it have been unsuccessful.

(c) Disposal of resources for less than fair market value

(1)(A) If an individual or the spouse of an individual disposes of resources for less than fair market value on or after the look-back date described in clause (ii)(I), the individual is ineligible for benefits under this subchapter for months during the period beginning on the date described in clause (ii) and equal to the number of months calculated as provided in clause (iv).

(i) The look-back date described in this subclause is a date that is 36 months before the date described in subclause (II).

(ii) The date described in this subclause is the date on which the individual applies for benefits under this subchapter or, if later, the date on which the individual (or the spouse of the individual) disposes of resources for less than fair market value.

(iii) The date described in this clause is the first day of the first month in or after which resources were disposed of for less than fair market value and which does not occur in any other period of ineligibility under this paragraph.

(iv) The number of months calculated under this clause shall be equal to—

(I) the total, cumulative uncompensated value of all resources so disposed of by the individual (or the spouse of the individual) on or after the look-back date described in clause (ii)(I); divided by

(II) the amount of the maximum monthly benefit payable under section 1382(b) of this title plus the amount, if any, of the maximum State supplementary payment corresponding to the State’s payment level applicable to the individual’s living arrangement and eligibility category that would otherwise be payable to the individual by the Commissioner pursuant to an agreement under section 1382e(a) of this title or section 212(b) of Public Law 93–66, for the month in which occurs the date described in clause (ii)(II), rounded, in the case of any fraction, to the nearest whole number, but shall not in any case exceed 36 months.

(B)(i) Notwithstanding subparagraph (A), this subsection shall not apply to a transfer of a resource to a trust if the portion of the trust attributable to the resource is considered a resource available to the individual pursuant to subsection (e)(3) of this section (or would be so considered but for the application of subsection (e)(4) of this section) or the residue of the portion on the termination of the trust—

(I) there is made a payment other than to or for the benefit of the individual; or

(II) no payment could under any circumstance be made to the individual.

then, for purposes of this subsection, the payment described in clause (I) or the foreclosure of payment described in clause (II) shall be considered a transfer of resources by the individual or the individual’s spouse as of the date of the payment or foreclosure, as the case may be.

(C) An individual shall not be ineligible for benefits under this subchapter by reason of the application of this paragraph to a disposal of resources by the individual or the spouse of the individual, to the extent that—

(i) the resources are a home and title to the home was transferred to—

(I) the spouse of the transferor;

(II) a child of the transferor who has not attained 21 years of age, or is blind or disabled;

(III) a sibling of the transferor who has an equity interest in such home and who was residing in the transferor’s home for a period of at least 1 year immediately before the date the transferor becomes an institutionalized individual; or

(IV) a son or daughter of the transferor (other than a child described in subclause (II)) who was residing in the transferor’s home for a period of at least 2 years immediately before the date the transferor becomes an institutionalized individual, and who provided care to the transferor which permitted the transferor to reside at home rather than in such an institution or facility;

(ii) the resources—

(I) were transferred to the transferor’s spouse or to another for the sole benefit of the transferor’s spouse;

(II) were transferred from the transferor’s spouse to another for the sole benefit of the transferor’s spouse;

(III) were transferred to, or to a trust (including a trust described in section 1396p(d)(4) of this title) established solely for the benefit of the, the transferor’s child who is blind or disabled; or

(IV) were transferred to a trust (including a trust described in section 1396p(d)(4) of this title) established solely for the benefit of an individual who has not attained 65 years of age and who is disabled;

(iii) a satisfactory showing is made to the Commissioner of Social Security (in accordance with regulations promulgated by the Commissioner) that—

(I) the individual who disposed of the resources intended to dispose of the resources either at fair market value, or for other valuable consideration;

(II) the resources were transferred exclusively for a purpose other than to qualify for benefits under this subchapter; or

(III) all resources transferred for less than fair market value have been returned to the transferor; or
(iv) the Commissioner determines, under procedures established by the Commissioner, that the denial of eligibility would work an undue hardship as determined on the basis of criteria established by the Commissioner.

(D) For purposes of this subsection, in the case of a resource held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the resource (or the affected portion of such resource) shall be considered to be disposed of by the individual when any action is taken, either by the individual or by any other person, that reduces or eliminates the individual’s ownership or control of such resource.

(E) In the case of a transfer by the spouse of an individual that results in a period of ineligibility for the individual under this subsection, the Commissioner shall apportion the period (or any portion of the period) among the individual and the individual’s spouse if the spouse becomes eligible for benefits under this subchapter.

(F) For purposes of this paragraph—

(i) the term “benefits under this subchapter” includes payments of the type described in section 1395a(a) of this title and of the type described in section 212(b) of Public Law 93–66;

(ii) the term “institutionalized individual” has the meaning given such term in section 1396p(e)(3) of this title; and

(iii) the term “trust” has the meaning given such term in subsection (e)(6)(A) of this section.

(2)(A) At the time an individual (and the individual’s eligible spouse, if any) applies for benefits under this subchapter, and at the time the eligibility of an individual (and such spouse, if any) for such benefits is redetermined, the Commissioner of Social Security shall—

(i) inform such individual of the provisions of paragraph (1) and section 1396p(c) of this title providing for a period of ineligibility for benefits under this subchapter and subchapter XIX of this chapter, respectively, for individuals who make certain dispositions of resources for less than fair market value, and inform such individual that information obtained pursuant to clause (ii) will be made available to the State agency administering a State plan under subchapter XIX of this chapter (as provided in subparagraph (B)); and

(ii) obtain from such individual information which may be used in determining whether or not a period of ineligibility for such benefits would be required by reason of paragraph (1) or section 1396p(c) of this title.

(B) The Commissioner of Social Security shall make the information obtained under subparagraph (A)(ii) available, on request, to any State agency administering a State plan approved under subchapter XIX of this chapter.

(d) Funds set aside for burial expenses

(1) In determining the resources of an individual, there shall be excluded an amount, not in excess of $1,500 each with respect to such individual and his spouse (if any), that is separately identifiable and has been set aside to meet the burial and related expenses of such individual or spouse.

(2) The amount of $1,500, referred to in paragraph (1), with respect to an individual shall be reduced by an amount equal to (A) the total face value of all insurance policies on his life which are owned by him or his spouse and the cash surrender value of which has been excluded in determining the resources of such individual or of such individual and his spouse, and (B) the total of any amounts in an irrevocable trust (or other irrevocable arrangement) available to meet the burial and related expenses of such individual or his spouse.

(3) If the Commissioner of Social Security finds that any part of the amount excluded under paragraph (1) was used for purposes other than those for which it was set aside in cases where the inclusion of any portion of the amount would cause the resources of such individual, or of such individual and spouse, to exceed the limits specified in paragraph (1) or (2) (whichever may be applicable) of section 1395a(a) of this title, the Commissioner shall reduce any future benefits payable to the eligible individual (or to such individual and his spouse) by an amount equal to such part.

(4) The Commissioner of Social Security may provide by regulations that whenever an amount set aside to meet burial and related expenses is excluded under paragraph (1) in determining the resources of an individual, any interest earned or accrued on such amount (and left to accumulate), and any appreciation in the value of prepaid burial arrangements for which such amount was set aside, shall also be excluded (to such extent and subject to such conditions or limitations as such regulations may prescribe) in determining the resources (and the income) of such individual.

(e) Trusts

(1) In determining the resources of an individual, paragraph (5) shall apply to a trust (other than a trust described in paragraph (5)) established by the individual.

(2)(A) For purposes of this subsection, an individual shall be considered to have established a trust if any assets of the individual (or of the individual’s spouse) are transferred to the trust.

(B) In the case of an irrevocable trust to which are transferred the assets of an individual (or of the individual’s spouse) and the assets of any other person, this subsection shall apply to the portion of the trust attributable to the assets of the individual (or of the individual’s spouse).

(C) This subsection shall apply to a trust without regard to—

(i) the purposes for which the trust is established;

(ii) whether the trustees have or exercise any discretion under the trust;

(iii) any restrictions on when or whether distributions may be made from the trust; or

(iv) any restrictions on the use of distributions from the trust.

(3)(A) In the case of a revocable trust established by an individual, the corpus of the trust

1 See References in Text note below.
shall be considered a resource available to the individual.

(B) In the case of an irrevocable trust established by an individual, if there are any circumstances under which payment from the trust could be made to or for the benefit of the individual (or of the individual’s spouse), the portion of the corpus from which payment to or for the benefit of the individual (or of the individual’s spouse) could be made shall be considered a resource available to the individual.

(4) The Commissioner of Social Security may waive the application of this subsection with respect to an individual if the Commissioner determines that such application would work an undue hardship (as determined on the basis of criteria established by the Commissioner) on the individual.

(5) This subsection shall not apply to a trust described in subparagraph (A) or (C) of section 1396p(d)(4) of this title.

(6) For purposes of this subsection—

(A) the term “trust” includes any legal instrument or device that is similar to a trust;

(B) the term “corpus” means, with respect to a trust, all property and other interests held by the trust, including accumulated earnings and any other addition to the trust after its establishment (except that such term does not include any such earnings or addition in the month in which the earnings or addition is credited or otherwise transferred to the trust); and

(C) the term “asset” includes any income or resource of the individual (or of the individual’s spouse), including—

(i) any income excluded by section 1322a(b) of this title;

(iii) any other payment or property to which the individual (or of the individual’s spouse) is entitled but does not receive or have access to because of action by—

(1) the individual or spouse;

(2) a person or entity (including a court) with legal authority to act in place of, or on behalf of, the individual or spouse; or

(3) a person or entity (including a court) acting at the direction of, or on the request of, the individual or spouse.

(a)(1) For purposes of this subchapter, the term "aged, blind, or disabled individual" means an individual who—

(A) is 65 years of age or older, is blind (as determined under paragraph (2)), or is disabled (as determined under paragraph (3)), and

(B)(i) is a resident of the United States, and

(ii) is a child who is a citizen of the United States assigned to permanent duty or otherwise permanently residing in the United States under color of law (including any alien who is lawfully present in the United States as a result of the application of the provisions of section 1182(d)(5) of title 8), or

(iii) is a child who is a citizen of the United States, and who is living with a parent of the child who is a member of the Armed Forces of the United States assigned to permanent duty ashore outside the United States.

(2) An individual shall be considered to be blind for purposes of this subchapter if he has central visual acuity of 20/200 or less in the bet-
ter eye with the use of a correcting lens. An eye which is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees shall be considered for purposes of this section as having a central visual acuity of 20/200 or less. An individual shall also be considered to be blind for purposes of this subchapter if he is blind as defined under a State plan approved under subchapter X or XVI of this chapter as in effect for October 1972 and received aid under such plan (on the basis of blindness) for December 1973, so long as he is continuously blind as so defined.

(3)(A) Except as provided in subparagraph (C), an individual shall be considered to be disabled for purposes of this subchapter if he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

For purposes of subparagraph (A), an individual shall be determined to be under a disability only if his physical or mental impairment or impairments are of such severity that he is not only unable to do his previous work but cannot, considering his age, education, and work experience, engage in any other kind of substantial gainful work which exists in the national economy, regardless of whether such work exists in the immediate area in which he lives, or whether a specific job vacancy exists for him, or whether he would be hired if he applied for work. For purposes of the preceding sentence (with respect to any individual), “work which exists in the national economy” means work which exists in significant numbers either in the region where such individual lives or in several regions of the country.

(C)(i) An individual under the age of 18 shall be considered disabled for purposes of this subchapter if that individual has a medically determinable physical or mental impairment, which results in marked and severe functional limitations, and which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

(ii) Notwithstanding clause (i), no individual under the age of 18 who engages in substantial gainful activity (determined in accordance with regulations prescribed pursuant to subparagraph (E)) may be considered to be disabled.

(D) For purposes of this paragraph, a physical or mental impairment is an impairment that results from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques.

(E) The Commissioner of Social Security shall by regulations prescribe the criteria for determining when services performed or earnings derived from services demonstrate an individual’s ability to engage in substantial gainful activity. In determining whether an individual is able to engage in substantial gainful activity by reason of his earnings, where his disability is sufficiently severe to result in a functional limitation requiring assistance in order for him to work, there shall be excluded from such earnings an amount equal to the cost (to such individual) of any attendant care services, medical devices, equipment, prostheses, and similar items and services (not including routine drugs or routine medical services unless such drugs or services are necessary for the control of the disabling condition) which are necessary (as determined by the Commissioner of Social Security in regulations) for that purpose, whether or not such assistance is also needed to enable him to carry out his normal daily functions; except that the amounts to be excluded shall be subject to such reasonable limits as the Commissioner of Social Security may prescribe. Notwithstanding the provisions of subparagraph (B), an individual whose services or earnings meet such criteria shall be found not to be disabled. The Commissioner of Social Security shall make determinations under this subchapter with respect to substantial gainful activity, without regard to the legality of the activity.

(F) Notwithstanding the provisions of subparagraphs (A) through (E), an individual shall also be considered to be disabled for purposes of this subchapter if he is permanently and totally disabled as defined under a State plan approved under subchapter XIV or XVI of this chapter as in effect for October 1972 and received aid under such plan (on the basis of disability) for December 1973 (and for at least one month prior to July 1973), so long as he is continuously disabled as so defined.

(G) In determining whether an individual’s physical or mental impairment or impairments are of a sufficient medical severity that such impairment or impairments could be the basis of eligibility under this section, the Commissioner of Social Security shall consider the combined effect of all of the individual’s impairments without regard to whether any such impairment, if considered separately, would be of such severity. If the Commissioner of Social Security does find a medically severe combination of impairments, the combined impact of the impairments shall be considered throughout the disability determination process.

(H)(i) In making determinations with respect to disability under this subchapter, the provisions of sections 421(h), 421(k), and 423(d)(5) of this title shall apply in the same manner as they apply to determinations of disability under subchapter II of this chapter.

(ii) Not less frequently than once every 3 years, the Commissioner shall review in accordance with paragraph (4) the continued eligibility for benefits under this subchapter of each individual who has not attained 18 years of age and is eligible for such benefits by reason of an impairment (or combination of impairments) which is likely to improve (or, at the option of the Commissioner, which is unlikely to improve).

(II) A representative payee of a recipient whose case is reviewed under this clause shall present, at the time of review, evidence demonstrating that the recipient is, and has been, receiving treatment, to the extent considered medically necessary and available, of the condition which was the basis for providing benefits under this subchapter.
(III) If the representative payee refuses to comply without good cause with the requirements of subclause (II), the Commissioner of Social Security shall, if the Commissioner determines it is in the best interest of the individual, promptly suspend payment of benefits to the representative payee, and provide for payment of benefits to an alternative representative payee of the individual or, if the interest of the individual under this subchapter would be served thereby, to the individual.

(IV) Subclause (II) shall not apply to the representative payee of any individual with respect to whom the Commissioner determines such application would be inappropriate or unnecessary. In making such determination, the Commissioner shall take into consideration the nature of the individual’s impairment (or combination of impairments). Section 1383(c) of this title shall not apply to a finding by the Commissioner that the requirements of subclause (II) should not apply to an individual’s representative payee.

(iii) If an individual is eligible for benefits under this subchapter by reason of disability for the month preceding the month in which the individual attains the age of 18 years, the Commissioner shall redetermine such eligibility—

(I) by applying the criteria used in determining initial eligibility for individuals who are age 18 or older; and

(II) either during the 1-year period beginning on the individual’s 18th birthday or, in lieu of a continuing disability review, whenever the Commissioner determines that an individual’s case is subject to a redetermination under this clause.

With respect to any redetermination under this clause, paragraph (4) shall not apply.

(i) substantial evidence which demonstrates that—

(I) there has been any medical improvement in the individual’s impairment or combination of impairments (other than medical improvement which is not related to the individual’s ability to work), and

(II) the individual is now able to engage in substantial gainful activity; or

(ii) substantial evidence (except in the case of an individual eligible to receive benefits under section 1382h of this title) which—

(I) consists of new medical evidence and a new assessment of the individual’s residual functional capacity, and demonstrates that—

(aa) although the individual has not improved medically, he or she is nonetheless a beneficiary of advances in medical or vocational therapy or technology (related to the individual’s ability to work), and

(bb) the individual is now able to engage in substantial gainful activity, or
individual’s impairment or combination of impairments, and that such impairment or combination of impairments no longer results in marked and severe functional limitations; or

(iii) substantial evidence which demonstrates that, as determined on the basis of new or improved diagnostic techniques or evaluations, the individual’s impairment or combination of impairments is not as disabling as it was considered to be at the time of the most recent prior decision that he or she was under a disability or continued to be under a disability, and that therefore the individual is able to engage in substantial gainful activity; or

(B) in the case of an individual who is under the age of 18—

(i) substantial evidence which demonstrates that there has been medical improvement in the individual’s impairment or combination of impairments, and that such impairment or combination of impairments no longer results in marked and severe functional limitations; or

(ii) substantial evidence which demonstrates that, as determined on the basis of new or improved diagnostic techniques or evaluations, the individual’s impairment or combination of impairments, is not as disabling as it was considered to be at the time of the most recent prior decision that the individual was under a disability or continued to be under a disability, and such impairment or combination of impairments does not result in marked and severe functional limitations; or

(C) in the case of any individual, substantial evidence (which may be evidence on the record at the time any prior determination of the entitlement to benefits based on disability was made, or newly obtained evidence which relates to that determination) which demonstrates that a prior determination was in error.

Nothing in this paragraph shall be construed to require a determination that an individual receiving benefits based on disability under this subchapter is entitled to such benefits if the prior determination was fraudulently obtained or if the individual is engaged in substantial gainful activity, cannot be located, or fails, without good cause, to cooperate in a review of his or her entitlement or to follow prescribed treatment which would be expected (i) to restore his or her ability to engage in substantial gainful activity, or (ii) in the case of an individual who is under the age of 18, to eliminate or improve the individual’s impairment or combination of impairments so that it no longer results in marked and severe functional limitations. Any determination under this paragraph shall be made on the basis of all the evidence available in the individual’s case file, including new evidence concerning the individual’s prior or current condition which is presented by the individual or secured by the Commissioner of Social Security.

Any determination made under this paragraph shall be made on the basis of the weight of the evidence and on a neutral basis with regard to the individual’s condition, without any initial inference as to the presence or absence of disability being drawn from the fact that the individual has previously been determined to be disabled.

(b) For purposes of this subchapter, the term ‘‘eligible spouse’’ means an aged, blind, or disabled individual who is the husband or wife of another aged, blind, or disabled individual, and who, in a month, is living with such aged, blind, or disabled individual on the first day of the month or, in any case in which either spouse files an application for benefits, on the first day of the month following the date the application is filed, or, in any case in which either spouse requests restoration of eligibility under this subchapter during the month, at the time the request is filed. If two aged, blind, or disabled individuals are husband and wife as described in the preceding sentence, only one of them may be an ‘‘eligible individual’’ within the meaning of section 1382(a) of this title.

(c) For purposes of this subchapter, the term ‘‘child’’ means an individual who is neither married nor (as determined by the Commissioner of Social Security) the head of a household, and who is (1) under the age of eighteen, or (2) under the age of twenty-two and (as determined by the Commissioner of Social Security) a student regularly attending a school, college, or university, or a course of vocational or technical training designed to prepare him for gainful employment.

(d) In determining whether two individuals are husband and wife for purposes of this subchapter, appropriate State law shall be applied; except that—

(1) if a man and woman have been determined to be husband and wife under section 416(h)(1) of this title for purposes of subchapter II of this chapter they shall be considered (from and after the date of such determination or the date of their application for benefits under this subchapter, whichever is later) to be husband and wife for purposes of this subchapter, or

(2) if a man and woman are found to be holding themselves out to the community in which they reside as husband and wife, they shall be so considered for purposes of this subchapter notwithstanding any other provision of this section.

(e) For purposes of this subchapter, the term ‘‘United States’’, when used in a geographical sense, means the 50 States and the District of Columbia.

(f) For purposes of determining eligibility for and the amount of benefits for any individual who is married and whose spouse is living with him in the same household but is not an eligible spouse, such individual’s income and resources shall be deemed to include any income and resources of such spouse, whether or not available to such individual, except to the extent determined by the Commissioner of Social Security to be inequitable under the circumstances.

(2)(A) For purposes of determining eligibility for and the amount of benefits for any individ-
ual who is a child under age 18, such individual’s income and resources shall be deemed to include any income and resources of a parent of such individual (or the spouse of such a parent) who is living in the same household as such individual, whether or not available to such individual, except to the extent determined by the Commissioner of Social Security to be inequitable under the circumstances.

(B) Subparagraph (A) shall not apply in the case of any child who has not attained the age of 18 years who—

(i) is disabled;
(ii) received benefits under this subchapter, pursuant to section 1382(e)(1)(B) of this title, while in an institution described in section 1382(e)(1)(B) of this title;
(iii) is eligible for medical assistance under a State home care plan approved by the Secretary under the provisions of section 1396n(c) of this title relating to waivers, or authorized under section 1396a(o)(3) of this title; and
(iv) but for this subparagraph, would not be eligible for benefits under this subchapter.

(3) For purposes of determining eligibility for and the amount of benefits for any individual who is an alien, such individual’s income and resources shall be deemed to include the income and resources of his or her sponsor and such sponsor’s spouse (if such alien has a sponsor) as provided in section 1382 of this title. Any such income deemed to be income of such individual shall be treated as unearned income of such individual.

For purposes of paragraphs (1) and (2), a spouse or parent (or spouse of such a parent) who is absent from the household in which the individual lives due solely to a duty assignment who is absent from the household in which the individual lives due solely to a duty assignment shall be deemed to be living in the same household as the individual.

(2) Any State (or political subdivision) making supplementary payments described in subsection (a) of this section, may disregard amounts of earned and unearned income in addition to other amounts which it is required or permitted to disregard under this section in determining such eligibility, and shall include a provision specifying the amount of any such income that will be disregarded, if any.

"(b)(1) The term 'adjusted payment level under the appropriate State plan of a State as in effect for January 1972' means the amount of the money payment which an individual with no other income would have received under the plans of such State approved under titles I, X, XIV, or XVI of the Social Security Act [subchapters I, X, XIV, or XVI of this chapter], as may be appropriate, and in effect for January 1972; except that the State may, at its option, increase such payment level with respect to any such plan by an amount which does not exceed the sum of—

(A) a payment level modification (as defined in paragraph (2) of this subsection) with respect to such plan, and

(B) the bonus value of food stamps [probably should be "benefits"] in such State for January 1972 [as defined in paragraph (3) of this subsection].

"(2) For purposes of paragraph (1), the term 'payment level modification' with respect to any State plan means that amount by which a State which for January 1972 made money payments under such plan to individuals with no other income which were less than 100 per centum of its standard of need could have increased such money payments without increasing (if it reduced its standard of need under such plan so that such increased money payments equaled 100 per centum of such standard of need) the non-Federal share of expenditures as aid or assistance for quarters in calendar year 1972 under the plans of such State approved under titles I, X, XIV, and XVI of the Social Security Act [subchapters I, X, XIV, and XVI of this chapter], as may be appropriate, and in effect for January 1972; except that the State may, at its option, increase such payment level with respect to any such plan by an amount which does not exceed the sum of—

“(d) In addition to the amount which a State must pay to the Secretary for the fiscal year 1983 or the fiscal year 1984, as determined under subsection (a), the State shall also pay, for the fiscal year 1983, 90 percent of the further amount that would be payable but for the limit specified in subsection (a), and, for the fiscal year 1984, 90 percent of such further amount. (2) the amount obtained under paragraph (1) with respect to each subsection shall be further increased by the same percentage by which benefit amounts under subchapter II of this chapter are increased for such month, or, if greater (in any case where the increase under subchapter II of this chapter was determined on the basis of the wage increase percentage rather than the CPI increase percentage), the percentage by which benefit amounts under subchapter II of this chapter would be increased for such month if the increase had been determined on the basis of the CPI increase percentage, and (rounded, when not a multiple of $12, to the next lower multiple of $12), effective with respect to benefits for months after such month.

(b) Publication in Federal Register of new dollar amounts

The new dollar amounts to be in effect under section 1382 of this title and under section 211 of Public Law 93–66 by reason of subsection (a) of this section shall be published in the Federal Register together with, and at the same time as, the material required by section 415(l)(2)(D) of this title to be published therein by reason of the determination involved.

§1382g Payments to State for operation of supplementation program

(a) Eligibility; agreement with Commissioner

In order for any State which makes supplementation payments of the type described in section 1382e(a) of this title (including payments pursuant to an agreement entered into under section 212(a) of Public Law 93–66), on or after June 30, 1977, to be eligible for payments pursuant to subchapter XIX of this chapter with respect to expenditures for any calendar quarter which begins—

(1) after June 30, 1977, or, if later,

(2) after the calendar quarter in which it first makes such supplementary payments,

such State must have in effect an agreement with the Commissioner of Social Security whereby the State will—

(3) continue to make such supplementary payments, and

(4) maintain such supplementary payments at levels which are not lower than the levels of such payments in effect in December 1976, or, if no such payments were made in that month, the levels for the first subsequent month in which such payments were made.

(b) Levels of supplementary payments

(1) The Commissioner of Social Security shall not find that a State has failed to meet the requirements imposed by paragraph (4) of subsection (a) of this section with respect to the levels of its supplementary payments for a particular month or months if the State’s expenditures for such payments in the twelve-month period (within which such month or months fall) beginning on the effective date of any increase in the level of supplemental security income benefits pursuant to section 1382 of this title are not less than its expenditures for such payments in the preceding twelve-month period.

(2) For purposes of determining under paragraph (1) whether a State’s expenditures for supplementary payments in the 12-month period beginning on the effective date of any increase in the level of supplemental security income benefits are not less than its expenditures for such payments in the preceding 12-month period, the Commissioner of Social Security, in computing the State’s expenditures, shall disregard, pursuant to a 1-time election of the State, all expenditures by the State for retroactive supplementary payments that are required to be made in connection with the retroactive supplemental security income benefits referred to in section 5041 of the Omnibus Budget Reconciliation Act of 1990.

(c) Election to apply subsection (a)(4)

Any State which satisfies the requirements of this section solely by reason of subsection (b) of this section for a particular month or months in any 12-month period (described in such subsection) ending on or after June 30, 1982, may elect, with respect to any month in any subsequent 12-month period (so described), to apply subsection (a)(4) of this section as though the reference to December 1976 in such subsection were a reference to December 1976 in which such election was made.

(d) Determinations respecting any portion of period July 1, 1980, through June 30, 1981

The Commissioner of Social Security shall not find that a State has failed to meet the requirements imposed by paragraph (4) of subsection (a) of this section with respect to the levels of its supplementary payments for any portion of the period July 1, 1980, through June 30, 1981, if the State’s expenditures for such payments in that twelve-month period were not less than its expenditures for such payments for the period July 1, 1976, through June 30, 1977 (or, if the State made no supplementary payments in that month, July 1, 1976, through June 30, 1977, the expenditures for the first twelve-month period extending from July 1 through June 30 in which the State made such payments).
(e) Meeting subsection (a)(4) requirements for any month after March 1983

(1) For any particular month after March 1983, a State which is not treated as meeting the requirements imposed by paragraph (4) of subsection (a) of this section by reason of subsection (b) of this section shall be treated as meeting such requirements if and only if—

(A) the combined level of its supplementary payments (to recipients of the type involved) and the amounts payable (to or on behalf of such recipients) under section 1382(b) of this title and section 211(a)(1)(A) of Public Law 93–66, for that particular month, is not less than—

(B) the combined level of its supplementary payments (to recipients of the type involved) and the amounts payable (to or on behalf of such recipients) under section 1382(b) of this title and section 211(a)(1)(A) of Public Law 93–66, for March 1983, increased by the amount of all cost-of-living adjustments under section 1382(b) of this title (and any other benefit increases under this subchapter) which have occurred after March 1983 and before that particular month.

(2) In determining the amount of any increase in the combined level involved under paragraph (1)(B) of this subsection, any portion of such amount which would otherwise be attributable to the increase under section 1382(c)(c) of this title shall be deemed instead to be equal to the amount of the cost-of-living adjustment which would have occurred in July 1983 (without regard to the 3-percent limitation contained in section 415(l)(1)(B) of this title) if section 111 of the Social Security Amendments of 1983 had not been enacted.

(f) Passthrough relating to optional State supplementation

The Commissioner of Social Security shall not find that a State has failed to meet the requirements imposed by subsection (a) of this section with respect to the levels of its supplementary payments for the period January 1, 1984, through December 31, 1985, if in the period January 1, 1986, through December 31, 1986, its supplementary payment levels (other than to recipients of benefits determined under section 1382(e)(1)(B) of this title) are not less than those in effect in December 1976, increased by a percentage equal to the percentage by which payments under section 1382(b) of this title and section 211(a)(1)(A) of Public Law 93–66 have been increased as a result of all adjustments under section 1382(c)(a) and (c) of this title which have occurred after December 1976 and before February 1986.

(g) Mandatory pass-through of increased personal needs allowance

In order for any State which makes supplementary payments of the type described in section 1382(e)(a) of this title (including payments pursuant to an agreement entered into under section 212(a) of Public Law 93–66) to recipients of benefits determined under section 1382(e)(1)(B) of this title, on or after October 1, 1987, to be eligible for payments pursuant to subchapter XIX of this chapter with respect to any calendar quarter which begins—

(1) after October 1, 1987, or, if later

(2) after the calendar quarter in which it first makes such supplementary payments to recipients of benefits so determined,

such State must have in effect an agreement with the Commissioner of Social Security whereby the State will—

(3) continue to make such supplementary payments to recipients of benefits so determined, and

(4) maintain such supplementary payments to recipients of benefits so determined at levels which assure (with respect to any particular month beginning with July 1988) that—

(A) the combined level of such supplementary payments and the amounts payable to or on behalf of such recipients under section 1382(e)(1)(B) of this title for that particular month, is not less than—

(B) the combined level of such supplementary payments and the amounts payable to or on behalf of such recipients under section 1382(e)(1)(B) of this title for October 1987 (or, if no such supplementary payments were made for that month, the combined level for the first subsequent month for which such payments were made), increased—

(i) in a case to which clause (i) of such section 1382(e)(1)(B) of this title applies or (with respect to the individual or spouse who is in the hospital, home, or facility involved) to which clause (ii) of such section applies, by $5, and

§1382h. Benefits for individuals who perform substantial gainful activity despite severe medical impairment
(a) Eligible individuals
(1) Except as provided in section 1383(j) of this title, any individual who was determined to be an eligible individual (or eligible spouse) by reason of being under a disability and was eligible to receive benefits under section 1382 of this title (or a federally administered State supplementary payment) for a month and whose earnings in a subsequent month exceed the amount designated by the Commissioner of Social Security ordinarily to represent substantial gainful activity shall qualify for a monthly benefit under this subsection for such subsequent month (which shall be in lieu of any benefit under section 1382 of this title) equal to an amount determined under section 1382(b)(1) of this title (or, in the case of an individual who has an eligible spouse, under section 1382(b)(2) of this title), and for purposes of subchapter XIX of this chapter shall be considered to be receiving supplemental security income benefits under this subchapter, for so long as—
(A) such individual continues to have the disabling physical or mental impairment on the basis of which such individual was found to be under a disability; and
(B) the income of such individual, other than income excluded pursuant to section 1382a(b) of this title, is not equal to or in excess of the amount which would cause him to be ineligible for payments under section 1382 of this title and such individual meets all other non-disability-related requirements for eligibility for benefits under this subchapter.
(2) The Commissioner of Social Security shall make a determination under paragraph (1)(A) with respect to an individual not later than 12 months after the first month for which the individual qualifies for a benefit under this sub-section.
(b) Blind or disabled individuals receiving supplemental security income benefits
(1) Except as provided in section 1383(j) of this title, for purposes of subchapter XIX of this chapter, any individual who was determined to be a blind or disabled individual eligible to receive a benefit under section 1382 of this title or any federally administered State supplementary payment for a month and who in a subsequent month is ineligible for benefits under this subchapter (and for any federally administered State supplementary payments) because of his or her income shall, nevertheless, be considered to be receiving supplemental security income benefits for such subsequent month provided that the Commissioner of Social Security determines under regulations that—

(B) the income of such individual would not, except for his earnings and increases pursuant to section 415(i) of this title in the level of monthly insurance benefits to which the individual is entitled under subchapter II of this chapter that occur while such individual is considered to be receiving supplemental security income benefits by reason of this subsection, be equal to or in excess of the amount which would cause him to be ineligible for payments under section 1382(b) of this title (if he were otherwise eligible for such payments);
(C) the termination of eligibility for benefits under subchapter XIX of this chapter would seriously inhibit his ability to continue his employment; and

(D) such individual’s earnings are not sufficient to allow him to provide for himself a reasonable equivalent of the benefits under this subchapter (including any federally administered State supplementary payments), benefits under subchapter XIX of this chapter, and publicly funded attendant care services (including personal care assistance), which would be available to him in the absence of such earnings.

(2)(A) Determinations made under paragraph (1)(D) shall be based on information and data updated no less frequently than annually.

(B) In determining an individual’s earnings for purposes of paragraph (1)(D), there shall be excluded from such earnings an amount equal to the sum of any amounts which are or would be excluded under clauses (ii) and (iv) of section 1382a(b)(4)(B) of this title (or under clauses (ii) and (iii) of section 1382a(b)(4)(A) of this title) in determining his or her income.

(3) In the case of a State that exercises the option under section 1386(a)(1) of this title, any individual who—

(A)(i) qualifies for a benefit under subsection (a) of this section, or

(ii) meets the requirements of paragraph (1); and

(B) was eligible for medical assistance under the State plan approved under subchapter XIX of this chapter in the month immediately preceding the first month in which the individual qualified for a benefit under such subsection or met such requirements,

shall remain eligible for medical assistance under such plan for so long as the individual qualifies for a benefit under such subsection or meets such requirements.

c) Continuing disability or blindness reviews; limitation

Subsection (a)(2) of this section and section 1383(j)(2)(A) of this title shall not be construed, singly or jointly, to require more than 1 determination during any 12-month period with respect to the continuing disability or blindness of an individual.

d) Information and training programs

The Commissioner of Social Security and the Secretary of Education shall jointly develop and disseminate information, and establish training programs for staff personnel, with respect to the potential availability of benefits and services for disabled individuals under the provisions of this section. The Commissioner of Social Security shall provide such information to individuals who are applicants for and recipients of benefits based on disability under this subchapter and shall conduct such programs for the staffs of the district offices of the Social Security Administration. The Secretary of Education shall conduct such programs for the staffs of the State Vocational Rehabilitation agencies, and in cooperation with such agencies shall also provide such information to other appropriate individuals and to public and private organizations and agencies which are concerned with rehabilitation and social services or which represent the disabled.

§ 1382i. Medical and social services for certain handicapped persons

(a) Authorization of appropriations for pilot program

There are authorized to be appropriated such sums as may be necessary to establish and carry out a 3-year Federal-State pilot program to provide medical and social services for certain handicapped individuals in accordance with this section.

(b) State allotments

(1) The total sum of $18,000,000 shall be allotted to the States for such program by the Commissioner of Social Security, during the period beginning September 1, 1981, and ending September 30, 1984, as follows: (A) The total sum of $6,000,000 shall be allotted to the States for the fiscal year ending September 30, 1982 (which for purposes of this section shall include the month of September 1981).

(B) The total sum of $6,000,000, plus any amount remaining available (after the application of paragraph (4)) from the allotments made under subparagraph (A), shall be allotted to the States for the fiscal year ending September 30, 1983.

(C) The total sum of $6,000,000, plus any amount remaining available (after the application of paragraph (4)) from the allotments made under subparagraphs (A) and (B), shall be allotted to the States for the fiscal year ending September 30, 1984.

(2) The allotment to each State from the total sum allotted under paragraph (1) for any fiscal year shall bear the same ratio to such total sum as the number of individuals in such State who are over age 17 and under age 65 and are receiving supplemental security income benefits as disabled individuals in such year (as determined by the Commissioner of Social Security on the basis of the most recent data available) bears to the total number of such individuals in all the States. For purposes of the preceding sentence, the term "supplemental security income benefits" includes payments made pursuant to an agreement under section 1382e(a) of this title or under section 212(b) of Public Law 93–66.

(3) At the beginning of each fiscal year in which the pilot program under this section is in effect, each State that does not intend to use the allotment to which it is entitled for such year (or any allotment which was made to it for a prior fiscal year), or that does not intend to...
use the full amount of any such allotment, shall certify to the Commissioner of Social Security the amount of such allotment which it does not intend to use, and the State’s allotment for the fiscal year (or years) involved shall thereupon be reallocated in such manner as the Commissioner of Social Security may determine to be appropriate to States which need, and will use, additional assistance in providing services to severely handicapped individuals in that particular year under their approved plans. Any amount reallocated to a State under this paragraph for use in a particular fiscal year shall be treated for purposes of this section as increasing such State’s allotment for that year by an equivalent amount.

(c) Requisite features of State plans

In order to participate in the pilot program and be eligible to receive payments for any period under subsection (d) of this section, a State (during such period) must have a plan, approved by the Commissioner of Social Security as meeting the requirements of this section, which provides medical and social services for severely handicapped individuals whose earnings are above the level which ordinarily demonstrates an ability to engage in substantial gainful activity and who are not receiving benefits under section 1382 or 1382h of this title or assistance under a State plan approved under section 1396a of this title, and which—

(1) declares the intent of the State to participate in the pilot program;

(2) designates an appropriate State agency to administer or supervise the administration of the program in the State;

(3) describes the criteria to be applied by the State in determining the eligibility of any individual for assistance under the plan and in any event requires a determination by the State agency to the effect that (A) such individual’s ability to continue his employment would be significantly inhibited without such assistance and (B) such individual’s earnings are not sufficient to allow him to provide for himself a reasonable equivalent of the cash and other benefits that would be available to him under this subchapter and subchapters XIX and XX of this chapter in the absence of those earnings;

(4) describes the process by which the eligibility of individuals for such assistance is to be determined (and such process may not involve the performance of functions by any State agency or entity which is engaged in making determinations of disability for purposes of disability insurance or supplemental security income benefits except when the use of a different agency or entity to perform those functions would not be feasible);

(5) describes the medical and social services to be provided under the plan;

(6) describes the manner in which the medical and social services involved are to be provided and, if they are not to be provided through the State’s medical assistance and social services programs under subchapters XIX and XX of this chapter (with the Federal payments being made under subsection (d) of this section rather than under those subchapters), specifies the particular mechanisms and procedures to be used in providing such services; and

(7) contains such other provisions as the Commissioner of Social Security may find to be necessary or appropriate to meet the requirements of this section or otherwise carry out its purpose.

(d) Payments to States; computation of payments

(1) From its allotment under subsection (b) of this section for any fiscal year (and any amounts remaining available from allotments made to it for prior fiscal years), the Commissioner of Social Security shall from time to time pay to each State which has a plan approved under subsection (c) of this section an amount equal to 75 per centum of the total sum expended under such plan (including the cost of administration of such plan) in providing medical and social services to severely handicapped individuals who are eligible for such services under the plan.

(2) The method of computing and making payments under this section shall be as follows:

(A) The Commissioner of Social Security shall, prior to each period for which a payment is to be made to a State, estimate the amount to be paid to the State for such period under the provisions of this section.

(B) From the allotment available therefor, the Commissioner of Social Security shall pay the amount so estimated, reduced or increased, as the case may be, by any sum (not previously adjusted under this subsection) by which the Commissioner finds that the Commissioner’s estimate of the amount to be paid for the State for any prior period under this section was greater or less than the amount which should have been paid to the State for such period under this section.

(e) Rules and regulations

Within nine months after June 9, 1980, the Commissioner of Social Security shall prescribe and publish such regulations as may be necessary or appropriate to carry out the pilot program and otherwise implement this section.

(f) Reports

Each State participating in the pilot program under this section shall from time to time report to the Commissioner of Social Security on the operation and results of such program in that State, with particular emphasis upon the work incentive effects of the program. On or before October 1, 1983, the Commissioner of Social Security shall submit to the Congress a report on the program, incorporating the information contained in the State reports along with the Commissioner’s findings and recommendations.
§ 1382j Attribution of sponsor's income and resources to aliens

(a) Attribution as unearned income

For purposes of determining eligibility for and the amount of benefits under this subchapter for an individual who is an alien, the income and resources of any person who (as a sponsor of such individual’s entry into the United States) executed an affidavit of support or similar agreement with respect to such individual, and the income and resources of the sponsor’s spouse, shall be deemed to be the income and resources of such individual (in accordance with subsections (b) and (c) of this section) for a period of 3 years after the individual’s entry into the United States. Any such income deemed to be income of such individual shall be treated as unearned income of such individual.

(b) Determination of amount and resources

(1) The amount of income of a sponsor (and his spouse) which shall be deemed to be unearned income of such alien shall be determined as follows:

(A) The total yearly rate of earned and unearned income of an alien for any year shall be determined as follows:

(B) The amount determined under subparagraph (A) shall be reduced by an amount equal to (i) the maximum amount of the Federal benefit under this subchapter for such year which would be payable to an eligible individual who has no other income and does not have an eligible spouse (as determined under section 1382(b)(1) of this title), plus (ii) one-half of the amount determined under clause (i) multiplied by the number of individuals who are dependents of such sponsor (or such sponsor’s spouse if such spouse is living with the sponsor), other than such alien and such alien’s spouse.

(C) The amount of income which shall be deemed to be unearned income of such alien shall be at a yearly rate equal to the amount determined under subparagraph (B). The period for determination of such amount shall be the same as the period for determination of benefits under section 1382(c) of this title.

(2) The amount of resources of a sponsor (and his spouse) which shall be deemed to be the resources of an alien for any year shall be determined as follows:

(A) The total amount of the resources (as determined under section 1382b of this title) of such sponsor and such sponsor’s spouse (if such spouse is living with the sponsor) shall be determined.

(B) The amount determined under subparagraph (A) shall be reduced by an amount equal to (i) the applicable amount determined under section 1382a(b)(3)(B) of this title in the case of a sponsor who has no spouse with whom he is living, or (ii) the applicable amount determined under section 1382a(b)(3)(A) of this title in the case of a sponsor who has a spouse with whom he is living.

(C) The resources of such sponsor (and spouse) as determined under subparagraphs (A) and (B) shall be deemed to be resources of such alien in addition to any resources of such alien.

(c) Support and maintenance

In determining the amount of income of an alien during the period of 3 years after such alien’s entry into the United States, the reduction in dollar amounts otherwise required under section 1382a(a)(2)(A)(i) of this title shall not be applicable if such alien is living in the household of a person who is a sponsor (or such sponsor’s spouse) of such alien, and is receiving support and maintenance in kind from such sponsor (or spouse), nor shall support or maintenance furnished in cash or kind to an alien by such alien’s sponsor (to the extent that it reflects income or resources which were taken into account in determining the amount of income and resources to be deemed to the alien under subsection (a) or (b) of this section) be considered to be income of such alien under section 1382a(a)(2)(A) of this title.

(d) Information and documentation; agreements with Secretary of State and Attorney General

(1) Any individual who is an alien shall, during the period of 3 years after entry into the United States, in order to be an eligible individual or eligible spouse for purposes of this subchapter, be required to provide to the Commissioner of Social Security such information and documentation with respect to his sponsor as may be necessary in order for the Commissioner of Social Security to make any determination required under this section and to obtain any cooperation from such sponsor necessary for any such determination. Such alien shall also be required to provide to the Commissioner of Social Security such information and documentation...
as the Commissioner of Social Security may request and which such alien or his sponsor provided in support of such alien’s immigration application.

(2) The Commissioner of Social Security shall enter into agreements with the Secretary of State and the Attorney General whereby any information available to such persons and required in order to make any determination under this section will be provided by such persons to the Commissioner of Social Security, and whereby such persons shall inform any sponsor of an alien, at the time such sponsor executes an affidavit of support or similar agreement, of the requirements imposed by this section.

(e) Joint and several liability of alien and sponsor for overpayments

Any sponsor of an alien, and such alien, shall be jointly and severally liable for an amount equal to any overpayment made to such alien during the period of 3 years after such alien’s entry into the United States, on account of such sponsor’s failure to provide correct information under the provisions of this section, except where such sponsor was without fault, or where good cause for such failure existed. Any such overpayment which is not repaid to the Commissioner of Social Security or recovered in accordance with section 1383(b) of this title shall be withheld from any subsequent payment to which such alien or such sponsor is entitled under any provision of this chapter.

(f) Exemptions

(1) The provisions of this section shall not apply with respect to any individual who is an “aged, blind, or disabled individual” for purposes of this subchapter by reason of blindness (as determined under section 1382c(a)(2) of this title) or disability (as determined under section 1382c(a)(3)(B) of this title), from and after the onset of the impairment, of the requirements imposed by this section.

(2) The provisions of this section shall not apply with respect to any alien who is—
(A) admitted to the United States as a result of the application, prior to April 1, 1980, of the provisions of section 1153(a)(7) of title 8;

§ 1383. Procedure for payment of benefits

(a) Time, manner, form, and duration of payments; representative payees; promulgation of regulations

(1) Benefits under this subchapter shall be paid at such time or times and (subject to paragraph the purposes of this subchapter, as determined under regulations (and may in any case be paid less frequently than monthly where the amount of the monthly benefit would not exceed $10).

(2)(A)(i) Payments of the benefit of any individual may be made to any such individual or to the eligible spouse (if any) of such individual or partly to each.

(ii) Upon a determination by the Commissioner of Social Security that the interest of such individual would be served thereby, such payments shall be made, regardless of the legal competency or incompetency of the individual or eligible spouse, to another individual, or an organization, with respect to whom the requirements of subparagraph (B) have been met (in this paragraph referred to as such individual’s “representative payee”) for the use and benefit of the individual or eligible spouse.

(II) In the case of an individual eligible for benefits under this subchapter by reason of disability, the payment of such benefits shall be made to a representative payee if the Commissioner of Social Security determines that such payment would serve the interest of the individual because the individual also has an alcoholism or drug addiction condition (as determined by the Commissioner) and the individual is incapable of managing such benefits.

(iii) If the Commissioner of Social Security or a court of competent jurisdiction determines that the representative payee of an individual or eligible spouse has misused any benefits which have been paid to the representative payee pursuant to clause (ii) or section 405(j)(1) or 1007 of this title, the Commissioner of Social Security shall promptly terminate payment of benefits to the representative payee pursuant to this subparagraph, and provide for payment of benefits to an alternative representative payee of the individual or eligible spouse or, if the interest of the individual under this subchapter would be served thereby, to the individual or eligible spouse.

(iv) For purposes of this paragraph, misuse of benefits by a representative payee occurs in any case in which the representative payee receives payment under this subchapter for the use and benefit of another person and converts such payment, or any part thereof, to a use other than for the use and benefit of such other person. The Commissioner of Social Security may prescribe by regulation the meaning of the term “use and benefit” for purposes of this clause.

(B)(i) Any determination made under subparagraph (A) for payment of benefits to the representative payee of an individual or eligible spouse shall be made on the basis of—

(I) an investigation by the Commissioner of Social Security of the person to serve as representative payee, which shall be conducted in advance of such payment, and shall, to the extent practicable, include a face-to-face interview with such person; and

(II) adequate evidence that such payment is in the interest of the individual or eligible spouse (as determined by the Commissioner of Social Security in regulations).

(ii) As part of the investigation referred to in clause (i)(I), the Commissioner of Social Security shall—

(I) require the person being investigated to submit documented proof of the identity of such person, unless information establishing such identity was submitted with an application for benefits under subchapter II of this chapter, subchapter VIII of this chapter, or this subchapter;

(II) verify the social security account number (or employer identification number) of such person;

(III) determine whether such person has been convicted of a violation of section 408, 1011, or 1383a of this title;

(IV) obtain information concerning whether the person has been convicted of any other offense under Federal or State law which resulted in imprisonment for more than 1 year; and

(V) obtain information concerning whether such person is a person described in section 1382(e)(4)(A) of this title; and

(VI) determine whether payment of benefits to such person has been terminated pursuant to subparagraph (A)(ii), whether the designation of such person as a representative payee has been revoked pursuant to section 1007(a) of this title, and whether certification of payment of benefits to such person has been revoked pursuant to section 405(j) of this title, by reason of misuse of funds paid as benefits under subchapter II of this chapter, subchapter VIII of this chapter, or this subchapter.

(iii) Benefits of an individual may not be paid to any other person pursuant to subparagraph (A)(ii) if—

(I) such person has previously been convicted as described in clause (i)(III); and

(II) except as provided in clause (iv), payment of benefits to such person pursuant to subparagraph (A)(ii) has previously been terminated as described in clause (ii)(VI), the designation of such person as a representative payee has been revoked pursuant to section 1007(a) of this title, or certification of payment of benefits to such person under section 405(j) of this title has previously been revoked as described in section 405(j)(2)(B)(i)(VI) of this title;

(III) except as provided in clause (v), such person is a creditor of such individual who provides such individual with goods or services for consideration;

(IV) the person has previously been convicted as described in clause (i)(IV) of this subparagraph, unless the Commissioner determines that the payment would be appropriate notwithstanding the conviction; or

(V) such person is a person described in section 1382(e)(4)(A) of this title.

(iv) The Commissioner of Social Security shall prescribe regulations under which the Commiss-
sioner of Social Security may grant an exemption from clause (iii)(II) to any person on a case-by-case basis if such exemption would be in the best interest of the individual or eligible spouse whose benefits under this subchapter would be paid to such person pursuant to subparagraph (A)(ii).

(v) Clause (iii)(III) shall not apply with respect to any person who is a creditor referred to therein if such creditor is—

(I) a relative of such individual if such relative resides in the same household as such individual;

(II) a legal guardian or legal representative of such individual;

(III) a facility that is licensed or certified as a care facility under the law of a State or a political subdivision of a State;

(IV) a person who is an administrator, owner, or employee of a facility referred to in subclause (III) if such individual resides in such facility, and the payment of benefits under this subchapter to such facility or such person is made only after good faith efforts have been made by the local servicing office of the Social Security Administration to locate an alternative representative payee to whom the payment of such benefits would serve the best interests of such individual; or

(V) an individual who is determined by the Commissioner of Social Security, on the basis of written findings and under procedures which the Commissioner of Social Security shall prescribe by regulation, to be acceptable to serve as a representative payee.

(vi) The procedures referred to in clause (v)(V) shall require the individual who will serve as representative payee to establish, to the satisfaction of the Commissioner of Social Security, that—

(I) such individual poses no risk to the beneficiary;

(II) the financial relationship of such individual to the beneficiary poses no substantial conflict of interest; and

(III) no other more suitable representative payee can be found.

(vii) In the case of an individual described in subparagraph (A)(ii)(II), when selecting such individual’s representative payee, preference shall be given to—

(I) a certified community-based nonprofit social service agency (as defined in subparagraph (I));

(II) a Federal, State, or local government agency whose mission is to carry out income maintenance, social service, or health care-related activities;

(III) a State or local government agency with fiduciary responsibilities; or

(IV) a designee of an agency (other than of a Federal agency) referred to in the preceding subclauses of this clause, if the Commissioner of Social Security deems it appropriate, unless the Commissioner of Social Security determines that selection of a family member would be appropriate.

(viii) Subject to clause (ix), if the Commissioner of Social Security makes a determination described in subparagraph (A)(ii) with respect to any individual’s benefit and determines that direct payment of the benefit to the individual would cause substantial harm to the individual, the Commissioner of Social Security may defer (in the case of initial entitlement) or suspend (in the case of existing entitlement) direct payment of such benefit to the individual, until such time as the selection of a representative payee is made pursuant to this subparagraph.

(ix)(I) Except as provided in subclause (II), any deferral or suspension of direct payment of a benefit pursuant to clause (viii) shall be for a period of not more than 1 month.

(II) Subclause (I) shall not apply in any case in which the individual or eligible spouse is, as of the date of the Commissioner’s determination, legally incompetent, under the age of 15 years, or described in subparagraph (A)(ii)(II).

(x) Payment pursuant to this subparagraph of any benefits which are deferred or suspended pending the selection of a representative payee shall be made to the individual, or to the representative payee upon such selection, as a single sum or over such period of time as the Commissioner of Social Security determines is in the best interests of the individual entitled to such benefits.

(xi) Any individual who is dissatisfied with a determination by the Commissioner of Social Security to pay such individual’s benefits to a representative payee under this subchapter, or with the designation of a particular person to serve as representative payee, shall be entitled to a hearing by the Commissioner of Social Security, and to judicial review of the Commissioner’s final decision, to the same extent as is provided in subsection (c) of this section.

(xii) In advance of the first payment of an individual’s benefit to a representative payee under subparagraph (A)(ii), the Commissioner of Social Security shall provide written notice of the Commissioner’s initial determination to make any such payment. Such notice shall be provided to such individual, except that, if such individual—

(I) is under the age of 15,

(II) is an unemancipated minor under the age of 18, or

(III) is legally incompetent,

then such notice shall be provided solely to the legal guardian or legal representative of such individual.

(xiii) Any notice described in clause (xii) shall be clearly written in language that is easily understandable to the reader, shall identify the person to be designated as such individual’s representative payee, and shall explain to the reader the right under clause (xi) of such individual or of such individual’s legal guardian or legal representative—

(I) to appeal a determination that a representative payee is necessary for such individual,

(II) to appeal the designation of a particular person to serve as the representative payee of such individual, and

(III) to review the evidence upon which such designation is based and submit additional evidence.

(xiv) Notwithstanding the provisions of section 552a of title 5 or any other provision of Fed-
eral or State law (other than section 6103 of the Internal Revenue Code of 1986 and section 1306(c) of this title), the Commissioner shall furnish any Federal, State, or local law enforcement officer, upon the written request of the officer, with the current address, social security account number, and photograph (if applicable) of any person investigated under this subpara-
graph, if the officer furnishes the Commissioner with the name of such person and such other identifying information as may reasonably be required by the Commissioner to establish the unique identity of such person, and notifies the Commissioner that—
(I) such person is described in section 1382(e)(4)(A) of this title,
(II) such person has information that is neces-
sary for the officer to conduct the officer's official duties, and
(III) the location or apprehension of such person is within the officer's official duties.
(C)(i) In any case where payment is made under this subchapter to a representative payee of an individual or spouse, the Commissioner of Social Security shall establish a system of accountability monitoring whereby such person shall report not less often than annually with respect to the use of such payments. The Com-
missioner of Social Security shall establish and implement statistically valid procedures for re-
viewing such reports in order to identify instances in which such persons are not properly using such payments.
(ii) Clause (i) shall not apply in any case where the representative payee is a State institu-
tion. In such cases, the Commissioner of Social Security shall establish a system of accountability monitoring for institutions in each State.
(iii) Clause (i) shall not apply in any case where the individual entitled to such payment is a resident of a Federal institution and the rep-
resentative payee is in the institution.
(iv) Notwithstanding clauses (I), (II), and (III), the Commissioner of Social Security may re-
quire a report at any time from any representa-
tive payee, if the Commissioner of Social Secu-
rity has reason to believe that the representa-
tive payee is misusing such payments.
(v) In any case in which the person described in clause (i) or (iv) receiving payments on behalf of another fails to submit a report required by the Commissioner of Social Security under clause (i) or (iv), the Commissioner may, after furnishing notice to the person and the individ-
ual entitled to the payment, require that such person appear in person at a field office of the Social Security Administration serving the area in which the individual resides in order to re-
ceive such payments.
(D)(i) Except as provided in the next sentence, a qualified organization may collect from an in-
dividual a monthly fee for expenses (including overhead) incurred by such organization in pro-
viding services performed as such individual's representative payee pursuant to subparagraph (A)(ii) if the fee does not exceed the lesser of—
(I) 10 percent of the monthly benefit in-
volved, or
(II) $25.00 per month ($50.00 per month in any case in which an individual is described in sub-
paragraph (A)(ii)(II)).
A qualified organization may not collect a fee from an individual for any month with respect to which the Commissioner of Social Security or a court of competent jurisdiction has deter-
mined that the organization misused all or part of the individual's benefits, and any amount so collected by the qualified organization for such month shall be treated as a misused part of the individual's benefit for purposes of subparagraphs (E) and (F). The Commissioner of Social Security shall adjust annually (after 1996) each dollar amount set forth in subclause (II) of this clause under procedures providing for adjust-
ments in the same manner and to the same extent as adjustments are provided for under the procedures used to adjust benefit amounts under section 415(i)(2)(A) of this title, except that any amount so adjusted that is not a multiple of $1.00 shall be rounded to the nearest multiple of $1.00. Any agreement providing for a fee in ex-
cess of the amount permitted under this clause shall be void and shall be treated as misuse by the organization of such individual's benefit.
(ii) For purposes of this subparagraph, the term "qualified organization" means any State or local government agency whose mission is to carry out income maintenance, social service, or health care-related activities, any State or local government agency with fiduciary responsibil-
ities, or any certified community-based non-
profit social service agency (as defined in sub-
paragraph (I)), if the agency, in accordance with any applicable regulations of the Commissioner of Social Security—
(I) regularly provides services as a re-
presentative payee pursuant to subparagraph (A)(ii) or section 405(i)(4) or 1007 of this title concurrently to 5 or more individuals; and
(II) demonstrates to the satisfaction of the Commissioner of Social Security that such agency is not otherwise a creditor of any such individual.

The Commissioner of Social Security shall pre-
scribe regulations under which the Commis-
sioner of Social Security may grant an excep-
tion from subclause (II) for any individual on a case-by-case basis if such exception is in the best interests of such individual.
(iii) Any qualified organization which know-
ingly charges or collects, directly or indirectly, any fee in excess of the maximum fee prescribed under clause (i) or makes any agreement, di-
rectly or indirectly, to charge or collect any fee in excess of such maximum fee, shall be fined in accordance with title 18, or imprisoned not more than 6 months, or both.
(iv) In the case of an individual who is no-
longer eligible for benefits under this subchapter but to whom any amount of past-due benefits under this subchapter has not been paid, for pur-
poses of clause (I), any amount of such past-due benefits for any month shall be treated as a monthly benefit referred to in clause (I)(I).
(E) RESTITUTION.—In cases where the negligent failure of the Commissioner of Social Security to investigate or monitor a representative payee results in misuse of benefits by the representa-
tive payee, the Commissioner of Social Security shall make payment to the beneficiary or the beneficiary's representative payee of an amount equal to such misused benefits. In any case in which a representative payee that—
misuses all or part of an individual’s benefit paid to such representative payee, the Commissioner of Social Security shall pay to the beneficiary or the beneficiary’s alternative representative payee an amount equal to the amount of such benefit so misused. The provisions of this subparagraph are subject to the limitations of subparagraph (H)(ii). The Commissioner of Social Security shall make a good faith effort to obtain restitution from the termi-

misapplication of benefits for all purposes of this paragraph and in any case in which the individual knowingly misapplies benefits from such an account, the Commissioner shall reduce future benefits payable to such individual (or to such individual and his spouse) by an amount equal to the total amount of such benefits so misapplied.

(iv) This clause shall continue to apply to funds in the account after the child has reached age 18, regardless of whether benefits are paid directly to the beneficiary or through a representative payee.

(iii) The representative payee may deposit into the account established under clause (i) any other funds representing past due benefits under this subchapter to the eligible individual, provided that the amount of such past due benefits is equal to or exceeds the maximum monthly benefit payable under this subchapter to an eligible individual (including State supplementary payments made by the Commissioner pursuant to an agreement under section 1382e of this title) in an amount (after any withholding by the Commissioner for reimbursement to a State for interim assistance under subsection (g) of this section and payment of attorney fees under subsection (d)(2)(B) of this section) that exceeds the product of—

(aa) 6, and

(bb) the maximum monthly benefit payable under this subchapter to an eligible individual.

(II) Benefits described in this subclause are past-due monthly benefits under this subchapter (which, for purposes of this subclause, include State supplementary payments made by the Commissioner pursuant to an agreement under section 1382e of this title or section 212(b) of Public Law 93–66). The Commissioner pursuant to an agreement under section 1382e of this title or section 212(b) of Public Law 93–66).

(iv) The Commissioner of Social Security shall establish a system for accountability monitoring whereby such representative payee shall report, at such time and in such manner as the Commissioner shall require, on activity respecting funds in the account established pursuant to clause (i).

(G)(i) In addition to such other reviews of representative payees as the Commissioner of Social Security may otherwise conduct, the Commissioner shall provide for the periodic onsite review of any person or agency that receives the benefits payable under this subchapter to another individual pursuant to the appointment of the person or agency as a representative payee under this paragraph, section 405(j) of this title, or section 1007 of this title in any case in which—

(I) the representative payee is a person who serves in that capacity with respect to 15 or more such individuals;

(II) the representative payee is a certified community-based nonprofit social service agency (as defined in subparagraph (I) of this paragraph or section 405(j)(10) of this title); or

(III) the representative payee is an agency (other than an agency described in subparagraph (II)) that serves in that capacity with respect to 50 or more such individuals.

(ii) Within 120 days after the end of each fiscal year, the Commissioner shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate a report on the results of periodic onsite reviews conducted during the fiscal year pursuant to clause (i) and of any other reviews of representative payees conducted during such fiscal year in connection with benefits under this subchapter. Each such report shall describe

from such an account shall be liable to the Commissioner in an amount equal to the total amount of such benefits; and

(bb) by an eligible individual who is his or her own payee shall be considered a mis-

(iii) The representative payee may deposit into the account established under clause (i) any other funds representing past due benefits under this subchapter to the eligible individual, provided that the amount of such past due benefits is equal to or exceeds the maximum monthly benefit payable under this subchapter to an eligible individual (including State supplementary payments made by the Commissioner pursuant to an agreement under section 1382e of this title).

(iii) The representative payee may deposit into the account established under clause (i) any other funds representing past due benefits under this subchapter to the eligible individual, provided that the amount of such past due benefits is equal to or exceeds the maximum monthly benefit payable under this subchapter to an eligible individual (including State supplementary payments made by the Commissioner pursuant to an agreement under section 1382e of this title).
in detail all problems identified in the reviews and any corrective action taken or planned to be taken to correct the problems, and shall include—
(I) the number of the reviews;
(II) the results of such reviews;
(III) the number of cases in which the representative payee was changed and why;
(IV) the number of cases involving the exercise of expedited, targeted oversight of the representative payee by the Commissioner conducted upon receipt of an allegation of misuse of funds, failure to pay a vendor, or a similar irregularity;
(V) the number of cases discovered in which there was a misuse of funds;
(VI) how any such cases of misuse of funds were dealt with by the Commissioner;
(VII) the final disposition of such cases of misuse of funds, including any criminal penalties imposed; and
(VIII) such other information as the Commissioner deems appropriate.

(H)(i) If the Commissioner of Social Security or a court of competent jurisdiction determines that a representative payee that is not a Federal, State, or local government agency has misused all or part of an individual’s benefit that was paid to the representative payee under this paragraph, the representative payee shall be liable for the amount misused, and the amount (to the extent not repaid by the representative payee) shall be treated as an overpayment of benefits under this subchapter to the representative payee for all purposes of this chapter and related laws pertaining to the recovery of the overpayments. Subject to clause (ii), upon recovering all or any part of the amount, the Commissioner shall make payment of an amount equal to the recovered amount to such individual or such individual’s alternative representative payee.

(ii) The total of the amount paid to such individual or such individual’s alternative representative payee under clause (i) and the amount paid under subparagraph (E) may not exceed the total benefit amount misused by the representative payee with respect to such individual.

(I) For purposes of this paragraph, the term “certified community-based nonprofit social service agency” means a community-based nonprofit social service agency which is in compliance with requirements, under regulations which shall be prescribed by the Commissioner, for annual certification to the Commissioner that it is bonded in accordance with requirements specified by the Commissioner and that it is licensed in each State in which it serves as a representative payee (if licensing is available in the State) in accordance with requirements specified by the Commissioner. Any such annual certification shall include a copy of any independent audit on the agency which may have been performed since the previous certification.

(3) The Commissioner of Social Security may by regulation establish ranges of incomes within which a single amount of benefits under this subchapter shall apply.

(4) The Commissioner of Social Security—
(A) may make to any individual initially applying for benefits under this subchapter who is presumptively eligible for such benefits for the month following the date the application is filed and who is faced with financial emergency a cash advance against such benefits, including any federally-administered State supplementary payments, in an amount not exceeding the monthly amount that would be payable to an eligible individual with no other income for the first month of such presumptive eligibility, which shall be repaid through proportionate reductions in such benefits over a period of not more than 6 months; and
(B) may pay benefits under this subchapter to an individual applying for such benefits on the basis of disability or blindness for a period not exceeding 6 months prior to the determination of such individual’s disability or blindness, if such individual is presumptively disabled or blind and is determined to be otherwise eligible for such benefits, and any benefits so paid prior to such determination shall in no event be considered overpayments for purposes of subsection (b) of this section solely because such individual is determined not to be disabled or blind.

(5) Payment of the benefit of any individual who is an aged, blind, or disabled individual solely by reason of blindness (as determined under section 1382c(a)(2) of this title) or disability (as determined under section 1382c(a)(3) of this title), and who ceases to be blind or to be under such disability, shall continue (so long as such individual is otherwise eligible) through the second month following the month in which such blindness or disability ceases.

(6) Notwithstanding any other provision of this subchapter, payment of the benefit of any individual who is an aged, blind, or disabled individual solely by reason of blindness (as determined under section 1382c(a)(2) of this title) or disability (as determined under section 1382c(a)(3) of this title) shall not be terminated or suspended because the blindness or other physical or mental impairment, on which the individual’s eligibility for such benefit is based, has or may have ceased, if—
(A) such individual is participating in a program consisting of the Ticket to Work and Self-Sufficiency Program under section 1320b–19 of this title or another program of vocational rehabilitation services, employment services, or other support services approved by the Commissioner of Social Security, and
(B) the Commissioner of Social Security determines that the completion of such program, or its continuation for a specified period of time, will increase the likelihood that such individual may (following his participation in such program) be permanently removed from the blindness and disability benefit rolls.

(7)(A) In any case where—
(i) an individual is a recipient of benefits based on disability or blindness under this subchapter,
(ii) the physical or mental impairment on the basis of which such benefits are payable is found to have ceased, not to have existed, or to no longer be disabling, and as a consequence such individual is determined not to be entitled to such benefits, and

§ 1383 TITLE 42—THE PUBLIC HEALTH AND WELFARE Page 2336
(iii) a timely request for review or for a hearing is pending with respect to the determination that he is not so entitled, such individual may elect (in such manner and form and within such time as the Commissioner of Social Security shall by regulations prescribe) to have the payment of such benefits continued for an additional period beginning with the first month beginning after October 9, 1984, for which (under such determination) such benefits are no longer otherwise payable, and ending with the earlier of (I) the month preceding the month in which a decision is made after such hearing or (II) the month preceding the month in which no such request for review or a hearing is pending.

(B)(i) If an individual elects to have the payment of his benefits continued for an additional period under subparagraph (A), and the final decision of the Commissioner of Social Security affirms the determination that he is not entitled to such benefits, any benefits paid under this subchapter pursuant to such election (for months in such additional period) shall be considered overpayments for all purposes of this subchapter, unless payment of such benefits is made on or after October 9, 1984, and such determinations may not exceed an amount equal to the product of clauses (i) and (ii) of subparagraph (A).

(ii) The payment of past-due benefits subject to this subparagraph shall be made in not to exceed 3 installments that are made at 6-month intervals.

(iii) Except as provided in clause (iii), the amount of each of the first and second installments may not exceed an amount equal to the product of clauses (i) and (ii) of subparagraph (A).

(C) The provisions of subparagraphs (A) and (B) shall apply with respect to determinations (that individuals are not entitled to benefits) which are made on or after October 9, 1984, or prior to such date but only on the basis of a timely request for review or for a hearing.

(B)(A) In any case in which an administrative law judge has determined after a hearing as provided in subsection (c) of this section that an individual is entitled to benefits based on disability or blindness under this subchapter and the Commissioner of Social Security has not issued the Commissioner's final decision in such case within 110 days after the date of the administrative law judge's determination, such benefits shall be currently paid for the months during the period beginning with the month in which such 110-day period expires and ending with the month in which such final decision is issued.

(B) For purposes of subparagraph (A), in determining whether the 110-day period referred to in subparagraph (A) has elapsed, any period of time for which the action or inaction of such individual or such individual's representative without good cause results in the delay in the issuance of the Commissioner's final decision shall not be taken into account to the extent that such period of time exceeds 30 calendar days.

(C) Any benefits currently paid under this subchapter pursuant to this paragraph (for the months described in subparagraph (A)) shall not be considered overpayments for any purposes of this subchapter, unless payment of such benefits was fraudulently obtained.

(9) Benefits under this subchapter shall not be denied to any individual solely by reason of the refusal of the individual to accept an amount of

ferred as compensation for a crime of which the individual was a victim.

(10)(A) If an individual is eligible for past-due monthly benefits under this subchapter in an amount that (after any withholding for reimbursement to a State for interim assistance under subsection (g) of this section and payment of attorney fees under subsection (d)(2)(B) of this section) equals or exceeds the product of—

(i) 3,

(ii) the maximum monthly benefit payable under this subchapter to an eligible individual or, if appropriate, to an eligible individual and eligible spouse,

then the payment of such past-due benefits (after any such reimbursement to a State and payment of attorney fees under subsection (d)(2)(B) of this section) shall be made in installments as provided in subparagraph (B).

(B)(i) The payment of past-due benefits subject to this subparagraph shall be made in not to exceed 3 installments that are made at 6-month intervals.

(ii) Except as provided in clause (iii), the amount of each of the first and second installments may not exceed an amount equal to the product of clauses (i) and (ii) of subparagraph (A).

(iii) In the case of an individual who has—

(I) outstanding debt attributable to—

(aa) food,

(bb) clothing,

(cc) shelter, or

(dd) medically necessary services, supplies or equipment, or medicine; or

(II) current expenses or expenses anticipated in the near term attributable to—

(aa) medically necessary services, supplies or equipment, or medicine, or

(bb) the purchase of a home, and

such debt or expenses are not subject to reimbursement by a public assistance program, the Secretary under subchapter XVIII of this chapter, a State plan approved under subchapter XIX of this chapter, or any private entity legally liable to provide payment pursuant to an insurance policy, pre-paid plan, or other arrangement, the limitation specified in clause (ii) may be exceeded by an amount equal to the total of such debt and expenses.

(C) This paragraph shall not apply to any individual who, at the time of the Commissioner's determination that such individual is eligible for the payment of past-due monthly benefits under this subchapter—

(i) is afflicted with a medically determinable impairment that is expected to result in death within 12 months; or

(ii) is ineligible for benefits under this subchapter and the Commissioner determines that such individual is likely to remain ineligible for the next 12 months.

(D) For purposes of this paragraph, the term "benefits under this subchapter" includes supplementary payments pursuant to an agreement for Federal administration under section 1982(a)(1) of this title, and payments pursuant to an agreement entered into under section 212(b) of Public Law 93-66.
(b) Overpayments and underpayments; adjustment, recovery, or payment of amounts by Commissioner

(1)(A) Whenever the Commissioner of Social Security finds that more or less than the correct amount of benefits has been paid with respect to any individual, proper adjustment or recovery shall, subject to the succeeding provisions of this subsection, be made by appropriate adjustments in future payments to such individual or by recovery from such individual or his eligible spouse (or from the estate of either) or by payment to such individual or his eligible spouse, or, if such individual is deceased, by payment—

(i) to any surviving spouse of such individual, whether or not the individual’s eligible spouse, if (within the meaning of the first sentence of section 402(i) of this title) such surviving husband or wife was living in the same household with the individual at the time of his death or within the 6 months immediately preceding the month of such death, or

(ii) if such individual was a disabled or blind child who was living with his parent or parents at the time of his death or within the 6 months immediately preceding the month of such death, to such parent or parents.

(B) The Commissioner of Social Security (i) shall make such provision as the Commissioner finds appropriate in the case of payment of more than the correct amount of benefits with respect to an individual with a view to avoiding penalizing such individual or his eligible spouse who was without fault in connection with the overpayment, if adjustment or recovery on account of such overpayment in such case would defeat the purposes of this subchapter, or be against equity and good conscience, or (because of the small amount involved) impede efficient or effective administration of this subchapter, and (ii) shall in any event make the adjustment or recovery (in the case of payment of more than the correct amount of benefits), in the case of an individual or eligible spouse receiving monthly benefit payments under this subchapter (including supplementary payments of the type described in section 1382a(a) of this title and payments pursuant to an agreement entered into under section 212(a) of Public Law 93–66), in amounts which in the aggregate do not exceed (for any month) the lesser of (I) the amount of his or her benefit under this subchapter for that month or (II) an amount equal to 10 percent of his or her income for that month (including such benefit but excluding payments under subchapter II of this chapter when recovery is made from subchapter II payments pursuant to section 1320b–17 of this title and excluding income excluded pursuant to section 1362a(b) of this title), and in the case of an individual or eligible spouse to whom a lump sum is payable under this subchapter (including under section 1382e(a) of this title or under an agreement entered into under section 212(a) of Public Law 93–66) shall, as at least one means of recovering such overpayment, make the adjustment or recovery from the lump sum payment in an amount equal to not less than the lesser of the amount of the overpayment or the lump sum payment, unless fraud, willful misrepresentation, or concealment of material information was involved on the part of the individual or spouse in connection with the overpayment, or unless the individual requests that such adjustment or recovery be made at a higher or lower rate and the Commissioner of Social Security determines that adjustment or recovery at such rate is justified and appropriate. The availability (in the case of an individual who has been paid more than the correct amount of benefits) of procedures for adjustment or recovery at a limited rate under clause (ii) of the preceding sentence shall not, in and of itself, prevent or restrict the provision (in such case) of more substantial relief under clause (i) of such sentence.

(2) Notwithstanding any other provision of this section, when any payment of more than the correct amount is made to or on behalf of an individual who has died, and such payment—

(A) is made by direct deposit to a financial institution;

(B) is credited by the financial institution to a joint account of the deceased individual and another person; and

(C) such other person is the surviving spouse of the deceased individual, and was eligible for a payment under this subchapter (including any State supplementation payment paid by the Commissioner of Social Security) as an eligible spouse (or as either member of an eligible couple) for the month in which the deceased individual died,

the amount of such payment in excess of the correct amount shall be treated as a payment of more than the correct amount to such other person. If any payment of more than the correct amount is made to a representative payee on behalf of an individual after the individual’s death, the representative payee shall be liable for the repayment of the overpayment, and the Commissioner of Social Security shall establish an overpayment control record under the social security account number of the representative payee.

(3) If any overpayment with respect to an individual (or an individual and his or her spouse) is attributable solely to the ownership or possession by such individual (and spouse if any) of resources having a value which exceeds the applicable dollar figure specified in paragraph (1)(B) or (2)(B) of section 1382(a) of this title by $50 or less, such individual (and spouse if any) shall be deemed for purposes of the second sentence of paragraph (1) to have been without fault in connection with the overpayment, and no adjustment or recovery shall be made under the first sentence of such paragraph, unless the Commissioner of Social Security finds that the failure of such individual (and spouse if any) to report such value correctly and in a timely manner was knowing and willful.

(4)(A) With respect to any delinquent amount, the Commissioner of Social Security may use the collection practices described in sections 3711(f), 3716, 3717, and 3718 of title 31 and in section 5514 of title 5, all as in effect immediately after April 26, 1996.

(B) For purposes of subparagraph (A), the term "delinquent amount" means an amount—

(i) in excess of the correct amount of payment under this subchapter;
(ii) paid to a person after such person has attained 18 years of age; and

(iii) determined by the Commissioner of Social Security, under regulations, to be otherwise unrecoverable under this section after such person ceases to be a beneficiary under this subchapter.

(5) For payments for which adjustments are made by reason of a retroactive payment of benefits under subchapter II of this chapter, see section 1320a–6 of this title.

(6) For provisions relating to the cross-program recovery of overpayments made under programs administered by the Commissioner of Social Security, see section 1320b–17 of this title.

(7)(A) In the case of payment of less than the correct amount of benefits to or on behalf of any individual, no payment shall be made to such individual pursuant to this subsection during any period for which such individual—

(i) is not an eligible individual or eligible spouse under section 1382(e)(1) of this title because such individual is an inmate of a public institution that is a jail, prison, or other penal institution or correctional facility the purpose of which is to confine individuals as described in clause (i) or (iii) of section 402(x)(1)(A) of this title, or

(ii) is not an eligible individual or eligible spouse under section 1382(e)(4) of this title, until such person is no longer considered an ineligible individual or ineligible spouse under section 1382(e)(1) or 1382(e)(4) of this title.

(B) Nothing in subparagraph (A) shall be construed to limit the Commissioner’s authority to withhold amounts, make adjustments, or recover amounts due under this subchapter, subchapter II, or subchapter VIII that would be deducted from a payment that would otherwise be payable to such individual but for such subparagraph.

(c) Hearing to determine eligibility or amount of benefits; subsequent application; time within which to request hearing; time for determinations of Commissioner pursuant to hearing; judicial review

(1)(A) The Commissioner of Social Security is directed to make findings of fact, and decisions as to the rights of any individual applying for payment under this subchapter. Any such decision by the Commissioner of Social Security which involves a determination of disability and which is in whole or in part unfavorable to such individual shall contain a statement of the case, in understandable language, setting forth a discussion of the evidence, and stating the Commissioner’s determination and the reason or reasons upon which it is based. The Commissioner of Social Security shall provide reasonable notice and opportunity for a hearing to any individual who is or claims to be an eligible individual or eligible spouse and is in disagreement with any determination under this subchapter with respect to eligibility of such individual for benefits, or the amount of such individual’s benefits, if such individual requests a hearing on the matter in disagreement within sixty days after notice of such determination is received, and, if a hearing is held, shall, on the basis of evidence adduced at the hearing affirm, modify, or reverse the Commissioner’s findings of fact and such decision. The Commissioner of Social Security is further authorized, on the Commissioner’s own motion, to hold such hearings and to conduct such investigations and other proceedings as the Commissioner may deem necessary or proper for the administration of this subchapter.

In the course of any hearing, investigation, or other proceeding, the Commissioner may administer oaths and affirmations, examine witnesses, and receive evidence. Evidence may be received at any hearing before the Commissioner of Social Security even though inadmissible under the rules of evidence applicable to court procedure. The Commissioner of Social Security shall specifically take into account any physical, mental, educational, or linguistic limitation of such individual (including any lack of facility with the English language) in determining, with respect to the eligibility of such individual for benefits under this subchapter, whether such individual acted in good faith or was at fault, and in determining fraud, deception, or intent.

(B)(i) A failure to timely request review of an initial adverse determination with respect to an application for any payment under this subchapter or an adverse determination on reconsideration of such an initial determination shall not serve as a basis for denial of a subsequent application for any payment under this subchapter if the applicant demonstrates that the applicant, or any other individual referred to in subparagraph (A), failed to so request such a review acting in good faith reliance upon incorrect, incomplete, or misleading information, relating to the consequences of reapplying for payments in lieu of seeking review of an adverse determination, provided by any officer or employee of the Social Security Administration or any State agency acting under section 421 of this title.

(ii) In any notice of an adverse determination with respect to which a review may be requested under subparagraph (A), the Commissioner of Social Security shall describe in clear and specific language the effect on possible eligibility to receive payments under this subchapter of choosing to reapply in lieu of requesting review of the determination.

(2) Determination on the basis of such hearing, except to the extent that the matter in disagreement involves a disability (within the meaning of section 1382(c)(a)(3) of this title), shall be made within ninety days after the individual requests the hearing as provided in paragraph (1).

(3) The final determination of the Commissioner of Social Security after a hearing under paragraph (1) shall be subject to judicial review as provided in section 405(g) of this title to the same extent as the Commissioner’s final determinations under section 405 of this title.

(d) Procedures applicable; prohibition on assignment of payments; representation of claimants; maximum fees; penalties for violations

(1) The provisions of section 407 of this title and subsections (a), (d), and (e) of section 405 of this title shall apply with respect to this part to the same extent as they apply in the case of subchapter II of this chapter.
(2)(A) The provisions of section 406 of this title (other than subsections (a)(4) and (d) thereof) shall apply to this part to the same extent as they apply in the case of subchapter II of this chapter, except that such section shall be applied—

(i) by substituting, in subparagraphs (A)(ii)(I) and (D)(i) of subsection (a)(2) the phrase "as determined before any applicable reduction under section 1383(g) of this title, and reduced by the amount of any reduction in benefits under this subchapter or subchapter II of this chapter made pursuant to section 1320a–6(a) of this title") for the parenthetical phrase contained therein;

(ii) by substituting, in subsections (a)(2)(B) and (b)(1)(B)(i), the phrase "paragraph (7)(A) or (8)(A) of section 1383(a) of this title or the requirements of due process of law" for the phrase "subsection (g) or (h) of section 423 of this title";

(iii) by substituting, in subsection (a)(2)(C)(i), the phrase "under subchapter II of this chapter" for the phrase "under subchapter XVI of this chapter";

(iv) by substituting, in subsection (b)(1)(A), the phrase "pay the amount of such fee" for the phrase "certify the amount of such fee for payment" and by striking, in subsection (b)(1)(A), the phrase "or certified for payment";

(v) by substituting, in subsection (b)(1)(B)(ii), the phrase "deemed to be such amounts as determined before any applicable reduction under section 1383(g) of this title, and reduced by the amount of any reduction in benefits under this subchapter or subchapter II of this chapter made pursuant to section 1320a–6(a) of this title" for the phrase "determined before any applicable reduction under section 1383(g) of this title") for the phrase "(as determined before any applicable reduction under section 1383(g) of this title, and reduced by the amount of any reduction in benefits under this subchapter or subchapter II of this chapter made pursuant to section 1320a–6(a) of this title)";

and

(ii) the amount of past-due benefits available after any applicable reductions under subsection (g) of this section and section 1320a–6(a) of this title.

(C)(i) Whenever a fee for services is required to be paid to an attorney from a claimant’s past-due benefits pursuant to subparagraph (B), the Commissioner shall impose on the attorney an assessment calculated in accordance with clause (ii).

(ii)(I) The amount of an assessment under clause (i) shall be equal to the product obtained by multiplying the amount of the representative’s fee that would be required to be paid by subparagraph (B) before the application of this subparagraph, by the percentage specified in subclause (II), except that the maximum amount of the assessment may not exceed $75. In the case of any calendar year beginning after the amendments made by section 302 of the Social Security Protection Act of 20033 take effect, the dollar amount specified in the preceding sentence (including a previously adjusted amount) shall be adjusted annually under the procedures used to adjust benefit amounts under section 415(i)(2)(A)(i) of this title, except such adjustment shall be based on the higher of $75 or the previously adjusted amount that would have been in effect for December of the preceding year, but for the rounding of such amount pursuant to the following sentence. Any amount so adjusted that is not a multiple of $1 shall be rounded to the next lowest multiple of $1, but in no case less than $75.

(II) The percentage specified in this subclause is such percentage rate as the Commissioner determines is necessary in order to achieve full recovery of the costs of determining and approving fees to attorneys from the past-due benefits of claimants, but not in excess of 6.3 percent.

(iii) The Commissioner may collect the assessment imposed on an attorney under clause (i) by offset from the amount of the fee otherwise required by subparagraph (B) to be paid to the attorney from a claimant’s past-due benefits.

(iv) An attorney subject to an assessment under clause (i) may not, directly or indirectly, request or otherwise obtain reimbursement for such assessment from the claimant whose claim gave rise to the assessment.

(v) Assessments on attorneys collected under this subparagraph shall be deposited as miscellaneous receipts in the general fund of the Treasury.

(vi) The assessments authorized under this subparagraph shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts. Amounts so appropriated are authorized to remain available until expended, for administrative expenses in carrying out this subchapter and related laws.

(D) The Commissioner of Social Security shall notify each claimant in writing, together with the notice to such claimant of an adverse determination, of the options for obtaining attorneys to represent individuals in presenting their cases before the Commissioner of Social Security. Such notification shall also advise the claimant of the availability to qualifying claimants of legal services organizations which provide legal services free of charge.
(e) Administrative requirements prescribed by Commissioner; criteria; reduction of benefits to individual for noncompliance with requirements; payment to homeless

(1)(A) The Commissioner of Social Security shall, subject to subparagraph (B) and subsection (j) of this section, prescribe such requirements with respect to the filing of applications, the suspension or termination of assistance, the furnishing of other data and material, and the reporting of events and changes in circumstances, as may be necessary for the effective and efficient administration of this subchapter.

(B)(i) The requirements prescribed by the Commissioner of Social Security pursuant to subparagraph (A) shall require that eligibility for benefits under this subchapter will not be determined solely on the basis of declarations by the applicant concerning eligibility factors or other relevant facts, and that relevant information will be verified from independent or collateral sources and additional information obtained as necessary in order to assure that such benefits are only provided to eligible individuals (or eligible spouses) and that the amounts of such benefits are correct. For this purpose and for purposes of federally administered supplementary payments of the type described in section 1382e(a) of this title (including payments pursuant to an agreement entered into under section 212(a) of Public Law 93-66), the Commissioner of Social Security shall, as may be necessary, request and utilize information available pursuant to section 6103(l)(7) of the Internal Revenue Code of 1986, and any information which may be available from State systems under section 12320-7 of this title, and shall comply with the requirements applicable to States (with respect to information available pursuant to section 6103(l)(7)(B) of such Code) under subsections (a)(6) and (c) of such section 1320b-7 of this title.

(ii) The Commissioner of Social Security may require each applicant for, or recipient of, benefits under this subchapter to provide authorization by the applicant or recipient (or by any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient for such benefits) for the Commissioner to obtain from any financial institution pursuant to section 6103(l)(7) of the Internal Revenue Code of 1986, and any information which may be available from State systems under section 12320-7 of this title, and shall comply with the requirements applicable to States (with respect to information available pursuant to section 6103(l)(7)(B) of such Code) under subsections (a)(6) and (c) of such section 1320b-7 of this title.

(II) Notwithstanding section 1104(a)(1) of the Right to Financial Privacy Act [12 U.S.C. 3401 et seq.] as in effect prior to January 1, 1980, an authorization provided by an applicant or recipient (or by any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient) pursuant to clause (I) of this subsection shall remain effective until the earliest of—

(aa) the rendering of a final adverse decision on the applicant’s application for eligibility for benefits under this subchapter;

(bb) the cessation of the recipient’s eligibility for benefits under this subchapter;

(cc) the express revocation by the applicant or recipient (or such other person referred to in subclause (I) of the authorization, in a written notification to the Commissioner.

(III)(aa) An authorization obtained by the Commissioner of Social Security pursuant to this clause shall be considered to meet the requirements of the Right to Financial Privacy Act [12 U.S.C. 3401 et seq.] for purposes of section 1103(a) of such Act [12 U.S.C. 3403(a)], and need not be furnished to the financial institution, notwithstanding section 1104(a) of such Act [12 U.S.C. 3404(a)].

(bb) The certification requirements of section 1103(b) of the Right to Financial Privacy Act [12 U.S.C. 3403(b)] shall not apply to requests by the Commissioner of Social Security pursuant to an authorization provided under this clause.

(cc) A request by the Commissioner pursuant to an authorization provided under this clause is deemed to meet the requirements of section 1104(a)(3) of the Right to Financial Privacy Act [12 U.S.C. 3404(a)(3)] and the flush language of section 1102 of such Act [12 U.S.C. 3402].

(IV) The Commissioner shall inform any person who provides authorization pursuant to this clause of the duration and scope of the authorization.

(V) If an applicant for, or recipient of, benefits under this subchapter (or any such other person referred to in subclause (I)) refuses to provide, or revokes, any authorization provided under this clause, the Commissioner may, on that basis, determine that the applicant or recipient is ineligible for benefits under this subchapter.

(C) For purposes of making determinations under section 1382(e) of this title, the requirements prescribed by the Commissioner of Social Security pursuant to subparagraph (A) of this paragraph shall require each administrator of a nursing home, extended care facility, or intermediate care facility, within 2 weeks after the admission of any eligible individual or eligible spouse receiving benefits under this subchapter, to transmit to the Commissioner a report of the admission.

(2) In case of the failure by any individual to submit a report of events and changes in circumstances relevant to eligibility for or amount of benefits under this subchapter as required by the Commissioner of Social Security under paragraph (1), or delay by any individual in submitting a report as so required, the Commissioner of Social Security (in addition to taking any other action the Commissioner may consider appropriate under paragraph (1)) shall reduce any benefits which may subsequently become payable to such individual under this subchapter by—

(A) $25 in the case of the first such failure or delay,

(B) $50 in the case of the second such failure or delay, and
(C) $100 in the case of the third or a subsequent such failure or delay, except where the individual was without fault or good cause for such failure or delay existed.

(3) The Commissioner of Social Security shall provide a method of making payments under this subchapter to an eligible individual who does not reside in a permanent dwelling or does not have a fixed home or mailing address.

(4) A translation into English by a third party of a statement made in a foreign language by an applicant for or recipient of benefits under this subchapter shall not be regarded as reliable for any purpose under this subchapter unless the third party, under penalty of perjury—

(A) certifies that the translation is accurate; and

(B) discloses the nature and scope of the relationship between the third party and the applicant or recipient, as the case may be.

(5) In any case in which it is determined to the satisfaction of the Commissioner of Social Security that an individual failed as of any date to apply for benefits under this subchapter by reason of misinformation provided to such individual by any officer or employee of the Social Security Administration relating to such individual’s eligibility for benefits under this subchapter, such individual shall be deemed to have applied for such benefits on the later of—

(A) the date on which such misinformation was provided to such individual, or

(B) the date on which such individual met all requirements for entitlement to such benefits (other than application therefor).

(6) In any case in which an individual visits a field office of the Social Security Administration and represents during the visit to an officer or employee of the Social Security Administration in the office that the individual’s visit is occasioned by—

(A) the receipt of a notice from the Social Security Administration indicating a time limit for response by the individual, or

(B) the theft, loss, or nonreceipt of a benefit payment under this subchapter,

the Commissioner of Social Security shall ensure that the individual is granted a face-to-face interview at the office with an officer or employee of the Social Security Administration before the close of business on the day of the visit.

(7)(A)(i) The Commissioner of Social Security shall immediately redetermine the eligibility of an individual for benefits under this subchapter if there is reason to believe that fraud or similar fault was involved in the application of the individual for such benefits, unless a United States attorney, or equivalent State prosecutor, with jurisdiction over potential or actual related criminal cases, certifies, in writing, that there is a substantial risk that such action by the Commissioner of Social Security with regard to recipients in a particular investigation would jeopardize the criminal prosecution of a person involved in a suspected fraud.

(ii) When redetermining the eligibility, or making an initial determination of eligibility, of an individual for benefits under this subchapter, the Commissioner of Social Security shall disregard any evidence if there is reason to believe that fraud or similar fault was involved in the providing of such evidence.

(B) For purposes of subparagraph (A), similar fault is involved with respect to a determination if—

(i) an incorrect or incomplete statement that is material to the determination is knowingly made; or

(ii) information that is material to the determination is knowingly concealed.

(C) If, after redetermining the eligibility of an individual for benefits under this subchapter, the Commissioner of Social Security determines that there is insufficient evidence to support such eligibility, the Commissioner of Social Security may terminate such eligibility and may treat benefits paid on the basis of such insufficient evidence as overpayments.

(B) A The Commissioner of Social Security shall request the Immigration and Naturalization Service or the Centers for Disease Control to provide the Commissioner of Social Security with whatever medical information, identification information, and employment history either such entity has with respect to any alien who has applied for benefits under this subchapter to the extent that the information is relevant to any determination relating to eligibility for such benefits under this subchapter.

(B) Subparagraph (A) shall not be construed to prevent the Commissioner of Social Security from adjudicating the case before receiving such information.

(f) Furnishing of information by Federal agencies

The head of any Federal agency shall provide such information as the Commissioner of Social Security needs for purposes of determining eligibility for or amount of benefits, or verifying other information with respect thereto.

(g) Reimbursement to States for interim assistance payments

(1) Notwithstanding subsection (d)(1) of this section and subsection (b) of this section as it relates to the payment of less than the correct amount of benefits, the Commissioner of Social Security may, upon written authorization by an individual, withhold benefits due with respect to that individual and may pay to a State (or a political subdivision thereof) from the benefits withheld an amount sufficient to reimburse the State (or political subdivision)
for interim assistance furnished on behalf of the individual by the State (or political subdivision).

(2) For purposes of this subsection, the term ‘‘benefits’’ with respect to any individual means supplemental security income benefits under this subchapter, and any State supplementary payments under section 1382e of this title or under section 212 of Public Law 93–66 which the Commissioner of Social Security makes on behalf of a State (or political subdivision thereof), that the Commissioner of Social Security has determined to be due with respect to the individual at the time the Commissioner of Social Security makes the first payment of benefits with respect to the period described in clause (A) or (B) of paragraph (3). A cash advance made pursuant to subsection (a)(4)(A) of this section shall not be considered as the first payment of benefits for purposes of the preceding sentence.

(3) For purposes of this subsection, the term ‘‘interim assistance’’ with respect to any individual means assistance financed from State or local funds and furnished for meeting basic needs (A) during the period, beginning with the month following the month in which the individual filed an application for benefits (as defined in paragraph (2)), for which he was eligible for such benefits, or (B) during the period beginning with the first month for which the individual’s benefits (as defined in paragraph (2)) have been terminated or suspended if the individual was subsequently found to have been eligible for such benefits.

(4) In order for a State to receive reimbursement under the provisions of paragraph (1), the State shall have in effect an agreement with the Commissioner of Social Security which shall provide—

(A) that if the Commissioner of Social Security makes payment to the State (or a political subdivision of the State as provided for under the agreement) in reimbursement for interim assistance (as defined in paragraph (3)) for any individual in an amount greater than the reimbursable amount authorized by paragraph (1), the State (or political subdivision) shall pay to the individual the balance of such payment in excess of the reimbursable amount as expeditiously as possible, but in any event within ten working days or a shorter period specified in the agreement; and

(B) that the State will comply with such other rules as the Commissioner of Social Security finds necessary to achieve efficient and effective administration of this subsection and to carry out the purposes of the program established by this subchapter, including protection of hearing rights for any individual aggrieved by action taken by the State (or political subdivision) pursuant to this subsection.

(5) The provisions of subsection (c) of this section shall not be applicable to any disagreement concerning payment by the Commissioner of Social Security to a State pursuant to the preceding provisions of this subsection nor the amount retained by the State (or political subdivision).

(h) Payment of certain travel expenses

The Commissioner of Social Security shall pay travel expenses, either on an actual cost or computed basis, to individuals for travel incident to medical examinations requested by the Commissioner of Social Security in connection with disability determinations under this subchapter, and to parties, their representatives, and all reasonable necessary witnesses for travel within the United States (as defined in section 1382c(e) of this title) to attend reconsideration interviews and proceedings before administrative law judges with respect to any determination under this subchapter. The amount available under the preceding sentence for payment for air travel by any person shall not exceed the coach fare for air travel between the points involved unless the use of first-class accommodations is required (as determined under regulations of the Commissioner of Social Security) because of such person’s health condition or the unavailability of alternative accommodations; and the amount available for payment for other travel by any person shall not exceed the cost of travel (between the points involved) by the most economical and expeditious means of transportation appropriate to such person’s health condition, as specified in such regulations. The amount available for payment under this subsection for travel by a representative to attend an administrative proceeding before an administrative law judge or other adjudicator shall not exceed the maximum amount allowable under this subsection for such travel originating within the geographic area of the office having jurisdiction over such proceeding.

(i) Unnegotiated checks; notice to Commissioner; payment to States; notice to States; investigation of payees

(1) The Secretary of the Treasury shall, on a monthly basis, notify the Commissioner of Social Security of all benefit checks issued under this subchapter which include amounts representing State supplementary payments as described in paragraph (2) and which have not been presented for payment within one hundred and eighty days after the day on which they were issued.

(2) The Commissioner of Social Security shall from time to time determine the amount representing the total of the State supplementary payments made pursuant to agreements under section 1382e(a) of this title and under section 212(b) of Public Law 93–66 which is included in all such benefit checks not presented for payment within one hundred and eighty days after the day on which they were issued, and shall pay each State (or credit each State with) an amount equal to that State’s share of all such amount. Amounts not paid to the States shall be returned to the appropriation from which they were originally paid.

(3) The Commissioner of Social Security, upon notice from the Secretary of the Treasury under paragraph (1), shall notify any State having an agreement described in paragraph (2) of all such benefit checks issued under that State’s agreement which were not presented for payment within one hundred and eighty days after the day on which they were issued.

(4) The Commissioner of Social Security shall, to the maximum extent feasible, investigate the whereabouts and eligibility of the individuals

(j) Application and review requirements for certain individuals

(1) Notwithstanding any provision of section 1382 or 1382h of this title, any individual who—

(A) was an eligible individual (or eligible spouse) under section 1382 of this title or was eligible for benefits under or pursuant to section 1382h of this title, and

(B) who, after such eligibility, is ineligible for benefits under or pursuant to both such sections for a period of 12 consecutive months (or 24 consecutive months, in the case of such an individual whose ineligibility for benefits under or pursuant to both such sections is a result of being called to active duty pursuant to section 12301(d) or 12302 of title 10 or section 502(f) of title 32),

may not thereafter become eligible for benefits under or pursuant to either such section until the individual has reapplied for benefits under section 1382 of this title and been determined to be eligible for benefits under such section, or has filed a request for reinstatement of eligibility under subsection (p)(2) of this section and been determined to be eligible for reinstatement.

(2)(A) Notwithstanding any provision of section 1382 of this title or section 1382h of this title (other than subsection (c) thereof), any individual who was eligible for benefits pursuant to section 1382h(b) of this title, and who—

(i)(I) on the basis of the same impairment on which his or her eligibility under such section 1382h(b) of this title was based becomes eligible (other than pursuant to a request for reinstatement under subsection (p) of this section) for benefits under section 1382 or 1382h(a) of this title for a month that follows a period during which the individual was ineligible for benefits under sections 1382 and 1382h(a) of this title, and

(ii)(I) has earned income (other than income excluded pursuant to section 1382a(b) of this title) for any month in the 12-month period preceding such month that is equal to or in excess of the amount that would cause him or her to be ineligible for payments under section 1382(b) of this title for that month (if he or she were otherwise eligible for such payments); or

(ii)(I) on the basis of the same impairment on which his or her eligibility under such section 1382h(b) of this title was based becomes eligible under section 1382h(b) of this title for a month that follows a period during which the individual was ineligible under section 1382 of this title and section 1382h of this title, and

(ii)(I) has earned income (other than income excluded pursuant to section 1382a(b) of this title) for such month or for any month in the 12-month period preceding such month that is equal to or in excess of the amount that would cause him or her to be ineligible for payments under section 1382(b) of this title for that month (if he or she were otherwise eligible for such payments);

shall, upon becoming eligible (as described in clause (i)(I) or (ii)(I)), be subject to a prompt re-

view of the type described in section 1382c(a)(4) of this title.

(B) If the Commissioner of Social Security determines pursuant to a review required by subparagraph (A) that the impairment upon which the eligibility of an individual is based has ceased, does not exist, or is not disabling, such individual may not thereafter become eligible for a benefit under or pursuant to section 1382 of this title or section 1382h of this title until the individual has reapplied for benefits under section 1382 of this title and been determined to be eligible for benefits under such section.

(k) Notifications to applicants and recipients

The Commissioner of Social Security shall notify an individual receiving benefits under section 1382 of this title on the basis of disability or blindness of his or her potential eligibility for benefits under or pursuant to section 1382h of this title—

(1) at the time of the initial award of benefits to the individual under section 1382 of this title (if the individual has attained the age of 18 at the time of such initial award), and

(2) at the earliest time after an initial award of benefits to an individual under section 1382 of this title that the individual’s earned income for a month (other than income excluded pursuant to section 1382a(b) of this title) is $200 or more, and periodically thereafter so long as such individual has earned income (other than income so excluded) of $200 or more per month.

(l) Special notice to blind individuals with respect to hearings and other official actions

(1) In any case where an individual who is applying for or receiving benefits under this subchapter on the basis of blindness is entitled (under subsection (c) of this section or otherwise) to receive notice from the Commissioner of Social Security of any decision or determination made or other action taken or proposed to be taken with respect to his or her rights under this subchapter, such individual shall at his or her election be entitled either (A) to receive a supplementary notice of such decision, determination, or action, by telephone, within 5 working days after the initial notice is mailed, (B) to receive the initial notice in the form of a certified letter, or (C) to receive notification by some alternative procedure established by the Commissioner of Social Security and agreed to by the individual.

(2) The election under paragraph (1) may be made at any time; but an opportunity to make such an election shall in any event be given (A) to every individual who is an applicant for benefits under this subchapter on the basis of blindness, at the time of his or her application, and (B) to every individual who is a recipient of such benefits on the basis of blindness, at the time of each redetermination of his or her eligibility.

Such an election, once made by an individual, shall apply with respect to all notices of decisions, determinations, and actions which such individual may thereafter be entitled to receive under this subchapter until such time as it is revoked or changed.
(m) Pre-release procedures for institutionalized persons

The Commissioner of Social Security shall develop a system under which an individual can apply for supplemental security income benefits under this subchapter prior to the discharge or release of the individual from a public institution.

(n) Concurrent SSI and supplemental nutrition assistance program applications by institutionalized individuals

The Commissioner of Social Security and the Secretary of Agriculture shall develop a procedure under which an individual who applies for supplemental security income benefits under this subchapter shall also be permitted to apply at the same time for participation in the supplemental nutrition assistance program authorized under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.).

(o) Notice requirements

The Commissioner of Social Security shall take such actions as are necessary to ensure that any notice to one or more individuals issued pursuant to this subchapter by the Commissioner of Social Security or by a State agency—

1. is written in simple and clear language, and
2. includes the address and telephone number of the local office of the Social Security Administration which serves the recipient.

In the case of any such notice which is not generated by a local servicing office, the requirements of paragraph (2) shall be treated as satisfied if such notice includes the address of the local office of the Social Security Administration which serves the recipient and a telephone number through which such office can be reached.

(p) Reinstatement of eligibility on the basis of blindness or disability

(1) A request for reinstatement shall be filed in such form, and containing such information, as the Commissioner may prescribe.

(ii) A request for reinstatement shall include express declarations by the individual that the individual meets the requirements specified in clauses (ii) through (iv) of paragraph (1)(B).

(B) A request for reinstatement filed in accordance with subparagraph (A) may constitute an application for benefits in the case of any individual who the Commissioner determines is not eligible for reinstated benefits under this subchapter.

(3) In determining whether an individual meets the requirements of paragraph (1)(B)(ii), the provisions of section 1382c(a)(4) of this title shall apply.

(4) Eligibility for benefits reinstated under subsection (a) shall commence with the benefit payable for the month following the month in which a request for reinstatement is filed.

(B)(i) Subject to clause (ii), the amount of the benefit payable for any month pursuant to the reinstatement of eligibility under this subchapter shall be determined in accordance with the provisions of this subchapter.

(ii) The benefit under this subchapter payable for any month pursuant to a request for reinstatement filed in accordance with paragraph (2) shall be reduced by the amount of any provisional benefit paid to such individual for such month under paragraph (7).

(C) Except as otherwise provided in this subsection, eligibility for benefits under this subchapter reinstated pursuant to a request filed under paragraph (2) shall be subject to the same terms and conditions as eligibility established pursuant to an application filed therefor.

(3) Whenever an individual's eligibility for benefits under this subchapter is reinstated under this subsection, eligibility for such benefits shall be reinstated with respect to the individual's spouse if such spouse was previously an eligible spouse of the individual under this subchapter and the Commissioner determines that such spouse satisfies all the requirements for eligibility for such benefits except requirements related to the filing of an application. The provisions of paragraph (4) shall apply to the rein-
stated eligibility of the spouse to the same extent that they apply to the reinstated eligibility of such individual.

(6) An individual to whom benefits are payable under this subchapter pursuant to a reinstatement of eligibility under this subsection for twenty-four months (whether or not consecutive) shall, with respect to benefits so payable after such twenty-fourth month, be deemed for purposes of paragraph (1)(B)(i)(I) to be eligible for such benefits on the basis of an application filed therefor.

(7)(A) An individual described in paragraph (1)(B) who files a request for reinstatement in accordance with the provisions of paragraph (2)(A) shall be eligible for provisional benefits payable in accordance with this paragraph, unless the Commissioner determines that the individual does not meet the requirements of paragraph (1)(B)(i) or that the individual's declaration under paragraph (2)(A)(ii) is false. Any such determination by the Commissioner shall be final and not subject to review under paragraph (1)(B) who files a request for reinstatement in accordance with the provisions of paragraph (2)(A).

§ 1383c. Eligibility for medical assistance of aged, blind, or disabled individuals under State’s medical assistance plan

(a) Determination by Commissioner pursuant to agreement between Commissioner and State; costs

The Commissioner of Social Security may enter into an agreement with any State which wishes to do so under which the Commissioner will determine eligibility for medical assistance in the case of aged, blind, or disabled individuals under such State’s plan approved under subchapter XIX of this chapter. Any such agreement shall provide for payments by the State, for use by the Commissioner of Social Security in carrying out the agreement, of an amount equal to one-half of the cost of carrying out the agreement, but in computing such cost with respect to individuals eligible for benefits under this subchapter, the Commissioner of Social Security shall include only those costs which are additional to the costs incurred in carrying out this subchapter.

(b) Preservation of benefit status for certain disabled widows and widowers

(1) An eligible disabled widow or widower (described in paragraph (2)) who is entitled to a widow’s or widower’s insurance benefit based on a disability for any month under section 402(e) or (f) of this title but is not eligible for benefits under this subchapter in that month, and who applies for the protection of this subsection under paragraph (3), shall be deemed for purposes of subchapter XIX of this chapter to be an individual with respect to whom benefits under this subchapter are paid in that month if he or she—

(A) has been continuously entitled to such widow’s or widower’s insurance benefits from the first month for which the increase described in paragraph (2)(C) was reflected in such benefits through the month involved, and

(B) would be eligible for benefits under this subchapter in the month involved if the amount of the increase described in paragraph (2)(C) in his or her widow’s or widower’s insurance benefits, and any subsequent cost-of-living adjustments in such benefits under section 415(1) of this title, were disregarded.

(2) For purposes of paragraph (1), the term “eligible disabled widow or widower” means an individual who—

(A) was entitled to a monthly insurance benefit under subchapter II of this chapter for December 1983,

(B) was entitled to a widow’s or widower’s insurance benefit based on a disability under section 402(e) or (f) of this title for January 1984 and with respect to whom a benefit under this subchapter was paid in that month, and

(3) This subsection shall only apply to an individual who files a written application for protection under this subsection, in such manner and form as the Commissioner of Social Security may prescribe, no later than July 1, 1988.

If any individual who has attained the age of 18 and is receiving benefits under this subchapter on the basis of blindness or a disability which began before he or she attained the age of 22—

(1) becomes entitled, on or after the effective date of this subsection, to child’s insurance benefits which are payable under section 402(d) of this title on the basis of such disability or to an increase in the amount of the child’s insurance benefits which are so payable, and

(2) ceases to be eligible for benefits under this subchapter because of such child’s insurance benefits or because of the increase in such child’s insurance benefits, such individual shall be treated for purposes of subchapter XIX of this chapter as receiving ben-
benefits under this subchapter so long as such person (i) would be eligible for such supplemental security income benefits, or such State supplementary payments, described in section 212(a) of Public Law 93–66) if such person began to receive such a payment for the month before the month in which such person began to receive a benefit described in paragraph (1)(A), and

(B) shall be deemed to be the recipient of State supplementary payments of the type referred to in section 1382e(a) of this title (or payments of the type described in section 212(a) of Public Law 93–66) so long as he or she (A) applies for and obtains benefits under this subchapter, or for State supplementary payments of the type described in section 1382e(a) of this title if such person is also eligible for benefits under this subchapter and

for such supplemental security income benefits under this subchapter or for State supplementary payments of the type described in section 1382e(a) of this title (or payments of the type described in section 212(a) of Public Law 93–66) if such person began to receive such a payment for the month before the month in which such person began to receive a benefit described in paragraph (1)(A), and

for so long as such person (i) would be eligible for such supplemental security income benefits, or such State supplementary payments (or payments of the type described in section 212(a) of Public Law 93–66), in the absence of benefits described in paragraph (1)(A), and (ii) is not entitled to hospital insurance benefits under part A of subchapter XVIII of this chapter.

The effective date of this subsection, referred to in subsec. (c)(1), is July 1, 1987, except as otherwise provided. See section 10(b) of Pub. L. 99–643, set out as an Effective Date of 1986 Amendments note under section 1396a of this title.

§ 1385. Definitions

(a) For purposes of this subchapter, the term “aid to the aged, blind, or disabled” means money payments to needy individuals who are 65 years of age or older, are blind, or are 18 years of age or over and permanently and totally disabled, but such term does not include—

(1) any such payments to or care in behalf of any individual who is an inmate of a public institution (except as a patient in a medical institution); or

(2) any such payments to or care in behalf of any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

Such term also includes payments which are not included within the meaning of such term under the preceding sentence, but which would be so included except (in the case of such a needy individual to another individual who (as determined in accordance with standards prescribed by the Commissioner of Social Security) is interested in or concerned with the welfare of such needy individual, but only with respect to a State whose State plan approved under section 1382 of this title includes provision for—

(A) determination by the State agency that such needy individual has, by reason of his physical or mental condition, such inability to manage funds that making payments to him would be contrary to his welfare and, therefore, it is necessary to provide such aid through payments described in this sentence;

(B) making such payments only in cases in which such payments will, under the rules otherwise applicable under the State plan for determining need and the amount of aid to the aged, blind, or disabled to be paid (and in conjunction with other income and resources), meet all the need [sic] of the individuals with respect to whom such payments are made;

(C) undertaking and continuing special efforts to protect the welfare of such individual and to improve, to the extent possible, his capacity for self-care and to manage funds;

(D) periodic review by such State agency of the determination under clause (A) of this subsection to ascertain whether conditions justifying such determination still exist, with provision for termination of such payments if they do not and for seeking judicial appointment of a guardian or other legal representative, as described in section 1311 of this title, if and when it appears that such action will best serve the interests of such needy individual; and

(E) opportunity for a fair hearing before the State agency on the determination referred to in clause (A) of this subsection for any individual with respect to whom it is made.

At the option of a State [if its plan approved under this subchapter so provides], such term (1) need not include money payments to an individual who has been absent from such State for a period in excess of ninety consecutive days (regardless of whether he has maintained his residence in such State during such period) until he has been present in such State for thirty consecutive days in the case of such an individual who has maintained his residence in such State during such period or ninety consecutive days in the case of any other such individual, and (ii) may include rent payments made directly to a public housing agency on behalf of a recipient or a group or groups of recipients of aid under such plan.

§ 1395b-1. Incentives for economy while maintaining or improving quality in provision of health services

(a) Grants and contracts to develop and engage in experiments and demonstration projects

(1) The Secretary of Health and Human Services is authorized, either directly or through grants to public or private agencies, institutions, and organizations or contracts with public or private agencies, institutions, and organizations, to develop and engage in experiments and demonstration projects for the following purposes:

(A) to determine whether, and if so which, changes in methods of payment or reimbursement (other than those dealt with in section 222(a) of the Social Security Amendments of 1972) for health care and services under health programs established by this chapter, including a change to methods based on negotiated rates, would have the effect of increasing the efficiency and economy of health services under such programs through the creation of additional incentives to these ends without adversely affecting the quality of such services;

(B) to determine whether payments for services other than those for which payment may be made under such programs (and which are incidental to services for which payment may be made under such programs) would, in the judgment of the Secretary, result in more economical provision and more effective utilization of services for which payment may be made under such program, where such services are furnished by organizations and institutions which have the capability of providing—

(i) comprehensive health care services,

(ii) mental health care services (as defined by section 2691(c)(1) of this title),

(iii) ambulatory health care services (including surgical services provided on an outpatient basis), or

(iv) institutional services which may substitute, at lower cost, for hospital services;

(C) to determine whether the rates of payment or reimbursement for health care services, approved by a State for purposes of the administration of one or more of its laws, when utilized to determine the amount to be paid for services furnished in such State under the health programs established by this chapter, would have the effect of reducing the costs of such programs without adversely affecting the quality of such services;

(D) to determine whether payments under such programs based on a single combined rate of reimbursement or charge for the teaching activities and patient care which residents, interns, and supervising physicians render in connection with a graduate medical education program in a patient facility would result in more equitable and economical patient care arrangements without adversely affecting the quality of such care;

(E) to determine whether coverage of intermediate care facility services and homemaker services would provide suitable alternatives to

1See References in Text note below.
posthospital benefits presently provided under this subchapter; such experiment and demonstration projects may include:

(i) counting each day of care in an intermediate care facility as one day of care in a skilled nursing facility, if such care was for a condition for which the individual was hospitalized,

(ii) covering the services of homemakers for a maximum of 21 days, if institutional services are not medically appropriate,

(iii) determining whether such coverage would reduce long-range costs by reducing the lengths of stay in hospitals and skilled nursing facilities, and

(iv) establishing alternative eligibility requirements and determining the probable cost of applying each alternative, if the project suggests that such extension of coverage would be desirable;

(F) to determine whether, and if so which type of, fixed price or performance incentive contract would have the effect of inducing to reimbursement under health care programs established by this chapter in a manner consistent with quality, propriety, and quality thereof;

(H) to establish an experimental program to provide day-care services, which consist of services or items as may be specified in the experiment or demonstration project in excess of the costs reimbursed or payment only for such services or items as may be specified in the experiment; and costs incurred in such experiment or demonstration project in excess of the costs which would otherwise be reimbursed or paid under such subchapters may be reimbursed or paid to the extent that such waiver applies to them (with such excess being borne by the Secretary). No experiment or demonstration project shall be engaged in or developed under subsection (a) of this section until the Secretary obtains the advice and recommendations of specialists who are competent to evaluate the proposed experiment or demonstration project as to the soundness of its objectives, the possibilities of securing productive results, the adequacy of resources to conduct the proposed experiment or demonstration project, and its relationship to other similar experiments and projects already completed or in process.

For purposes of this subsection, “health programs established by this chapter” means the program established by this subchapter and a program established by a plan of a State approved under subchapter XIX of this chapter.

(2) Grants, payments under contracts, and other expenditures made for experiments and demonstration projects under paragraph (1) shall be made in appropriate part from the Federal Hospital Insurance Trust Fund (established by section 1395i of this title), the Federal Supplementary Medical Insurance Trust Fund (established by section 1395f of this title) and from funds appropriated under subchapter XIX of this chapter. Grants and payments under contracts may be made either in advance or by way of reimbursement, as may be determined by the Secretary, and shall be made in such installments and on such conditions as the Secretary finds necessary to carry out the purpose of this section. With respect to any such grant, payment, or other expenditure, the amount to be paid from each of such trust funds (and from funds appropriated under such subchapter XIX of this chapter) shall be determined by the Secretary, giving due regard to the purposes of the experiment or project involved.

(b) Waiver of certain payment or reimbursement requirements; advice and recommendations of specialists preceding experiments and demonstration projects

In the case of any experiment or demonstration project under subsection (a) of this section, the Secretary may waive compliance with the requirements of this subchapter and subchapter XIX of this chapter insofar as such requirements relate to reimbursement or payment on the basis of reasonable cost, or (in the case of physicians) on the basis of reasonable charge, or to reimbursement or payment only for such services or items as may be specified in the experiment; and costs incurred in such experiment or demonstration project in excess of the costs which would otherwise be reimbursed or paid under such subchapters may be reimbursed or paid to the extent that such waiver applies to them (with such excess being borne by the Secretary). No experiment or demonstration project shall be engaged in or developed under subsection (a) of this section until the Secretary obtains the advice and recommendations of specialists who are competent to evaluate the proposed experiment or demonstration project as to the soundness of its objectives, the possibilities of securing productive results, the adequacy of resources to conduct the proposed experiment or demonstration project, and its relationship to other similar experiments and projects already completed or in process.

DEMONSTRATION PROJECTS FOR PHYSICIAN-DIRECTED CLINICS IN URBAN MEDICALLY UNDERSERVED AREAS; REPORT SUBMITTED NO LATER THAN JANUARY 1, 1981
Pub. L. 95–210, § 3, Dec. 13, 1977, 91 Stat. 1489, required the Secretary to provide, through demonstration projects, reimbursement on a cost basis for services provided by physician-directed clinics in urban medically underserved areas for which payment may be made under this subchapter and, notwithstanding any other provision of this subchapter, for services provided by a physician assistant or nurse practitioner employed by such clinics which would otherwise be covered under this subchapter if provided by a physician. The Secretary was to evaluate the relative advantages and disadvantages of reimbursement on the basis of costs and fee-for-service for physician-directed clinics employing a physician assistant or nurse practitioner, the appropriate method of determining the compensation for physician services on a cost basis for the purposes of reimbursement of services provided in such clinics, the appropriate definition for such clinics, the appropriate criteria to use for the purposes of designating urban medically underserved areas, the changes in the provisions of this subchapter as might be appropriate for the efficient and cost-effective reimbursement of services provided in such clinics. Grants, payments under contracts, and other expenditures made for demonstration projects were to be made in appropriate part from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund. The Secretary was to submit to the Congress, no later than Jan. 1, 1981, a complete detailed report on the demonstration projects.

L. 94–182, title I, § 107, Dec. 31, 1975, 89 Stat. 1053, provided that: “Nothing contained in section 222(a) of Public Law 92–603 [set out below] shall be construed to preclude or prohibit the Secretary of Health, Education, and Welfare [now Health and Human Services] from including in any grant otherwise authorized to be made under such section moneys which are to be used for payments, to a participant in a demonstration or experiment with respect to which the grant is made, for or on account of costs incurred or services performed by such participant for a period prior to the date that the project of such participant is placed in operation, if—

“(1) the applicant for such grant is a State or an agency thereof.

“(2) such participant is an individual practice association which has been in existence for at least 3 years prior to the date of enactment of this section [Dec. 31, 1975] and which has in effect a contract with such State (or an agency thereof), entered into prior to the date on which the grant is approved by the Secretary, under which such association will, for a period which begins before and ends after the date such grant is so approved, provide health care services for individuals entitled to care and services under the State plan of such State which is approved under title XIX of the Social Security Act [subchapter XIX of this chapter],

“(3) the purpose of the inclusion of the project of such association is to test the utility of a particular rate-setting methodology, designed to be employed in prepaid health plans, in an individual practice association operation, and

EXPERIMENTS AND DEMONSTRATION PROJECTS TO DETERMINE METHODS FOR PROSPECTIVE PAYMENTS TO HOSPITALS, SKILLED NURSING FACILITIES, AND OTHER PROVIDERS OF SERVICES FOR CARE AND SERVICES FURNISHED; SCOPE; WAIVER OF PAYMENT REQUIREMENTS; SOURCE AND MANNER OF PAYMENTS FOR GRANTS, ETC.; REPORTS TO CONGRESS

“(1) The Secretary of Health, Education, and Welfare [now Health and Human Services], directly or through contracts with, or grants to, public or private agencies or organizations, shall develop and carry out experiments and demonstration projects designed to determine the relative advantages and disadvantages of various alternative methods of making payment on a prospective basis to hospitals, skilled nursing facilities, and other providers of services for care and services provided by them under title XVIII of the Social Security Act [this subchapter] and under State plans approved under title XIX of such Act [subchapter XIX of this chapter], including alternative methods for classifying providers, for establishing prospective payment, and for implementing on a gradual, selective, or other basis the establishment of a prospective pay-
ment system, in order to stimulate such providers through positive (or negative) financial incentives to use their facilities and personnel more efficiently and thereby to reduce the total costs of the health programs involved without adversely affecting the quality of services by containing or lowering the rate of increase in provider costs that has been and is being experienced under the existing system of retrospective cost reimbursement.

“(2) The experiments and demonstration projects developed under paragraph (1) shall be of sufficient scope and shall be carried out on a wide enough scale to permit a thorough evaluation of the alternative methods of prospective payment under consideration while giving assurance that the results derived from the experiments and projects will obtain generally in the operation of programs involved (without commitment of such programs to the adoption of any prospective payment system either locally or nationally).

“(3) In the case of any experiment or demonstration project under paragraph (1), the Secretary may waive compliance with the requirements of titles XVIII and XIX of the Social Security Act (this subchapter and subchapter XIX of this chapter) insofar as such requirements relate to methods of payment for services provided; and costs incurred in such experiment or project in excess of those which would otherwise be reimbursed or paid under such titles (subchapters) may be reimbursed or paid to the extent that such waiver applies to those such excess being borne by the Secretary. No experiment or demonstration project shall be developed or carried out under paragraph (1) until the Secretary obtains the advice and recommendations of specialists who are competent to evaluate the proposed experiment or project as to the soundness of its objectives, the possibilities of securing productive results, the adequacy of resources to conduct it, and its relation to other similar experiments or projects already completed or in process; and no such experiment or project shall be actually placed in operation unless at least 30 days prior thereto a written report, prepared for the Secretary by such specialists, describing the proposed experiment or project, including a full and complete description thereof has been transmitted to the Committee on Ways and Means of the House of Representatives and to the Committee on Finance of the Senate.

“(4) Grants, payments under contracts, and other expenditures made for experiments and demonstration projects under this subsection shall be made in appropriate part from the Federal Hospital Insurance Trust Fund (established by section 1817 of the Social Security Act [section 1395i of this title]) and the Federal Supplementary Medical Insurance Trust Fund (established by section 1841 of the Social Security Act [section 1395k of this title]) and from funds appropriated under title XIX of such Act [subchapter XIX of this chapter]. Grants and payments under contracts may be made either in advance or by way of reimbursement, as may be determined by the Secretary, and shall be made in such installments and on such conditions as the Secretary finds necessary to carry out the purpose of this subsection. With respect to any such grant, payment, or other expenditure, the amount to be paid from each of such trust funds (and from funds appropriated under such title XIX) shall be determined by the Secretary, giving due regard to the purposes of the experiment or project involved.

“(5) The Secretary shall submit to the Congress no later than July 1, 1974, a full report on the experiments and demonstration projects carried out under this subsection and on the experience of other programs with respect to prospective reimbursement together with any related data and materials which he may consider appropriate. Such report shall include detailed recommendations with respect to the specific methods which could be used in the full implementation of a system of prospective payment to providers of services under the programs involved.”

(3) a description of the limited benefits for long-term care services available under this subchapter and generally available under State plans approved under subchapter XIX of this chapter.

Such notice shall be mailed annually to individuals entitled to benefits under part A or part B of this subchapter and when an individual applies for benefits under part A of this subchapter or enrolls under part B of this subchapter.

(b) Medicare and medigap information
The Secretary shall provide information via a toll-free telephone number on the programs under this subchapter. The Secretary shall provide, through the toll-free telephone number 1–800–MEDICARE, for a means by which individuals seeking information about, or assistance with, such programs who phone such toll-free number are transferred (without charge) to appropriate entities for the provision of such information or assistance. Such toll-free number shall be the toll-free number listed for general information and assistance in the annual notice under subsection (a) of this section instead of the listing of numbers of individual contractors.

(c) Contents of notice
The notice provided under subsection (a) of this section shall include—

(1) a statement which indicates that because errors do occur and because medicare fraud, waste, and abuse is a significant problem, beneficiaries should carefully check any explanation of benefits or itemized statement furnished pursuant to section 1395b–7 of this title for accuracy and report any errors or questionable charges by calling the toll-free phone number described in paragraph (4);

(2) a statement of the beneficiary’s right to request an itemized statement for medicare items and services (as provided in section 1395b–7(b) of this title);

(3) a description of the program to collect information on medicare fraud and abuse established under section 1395b–5(b) of this title; and

“(a) Establishment.—

“(1) In general.—Subject to the succeeding provisions of this section, the Secretary [of Health and Human Services] shall establish demonstration projects (in this section referred to as ‘demonstration projects’) under which the Secretary shall evaluate methods that improve the quality of care provided to individuals with chronic conditions and that reduce expenditures that would otherwise be made under the medicare program on behalf of such individuals for such chronic conditions, such methods to include permitting those beneficiaries to direct their own health care needs and services.

“(2) Individuals with chronic conditions defined.—In this section, the term ‘individuals with chronic conditions’ means an individual entitled to benefits under part A of title XVIII of the Social Security Act [part A of this subchapter], and enrolled under part B of such title [part B of this subchapter], but who is not enrolled under part C of such title [part C of this subchapter] who is diagnosed as having one or more chronic conditions (as defined by the Secretary), such as diabetes.

“(b) Design of projects.—

“(A) In general.—In establishing the demonstration projects under this section, the Secretary shall evaluate best practices employed by group health plans and practices under State plans for medical assistance under the medicaid program under title XIX of the Social Security Act [subchapter XIX of this chapter], as well as best practices in the private sector or other areas, of methods that permit patients to self-direct the provision of personal care services. The Secretary shall evaluate such practices for a 1-year period and, based on such evaluation, shall design the demonstration project.

“(B) Requirement for estimate of budget neutral costs.—As part of the evaluation under subparagraph (A), the Secretary shall evaluate the costs of furnishing care under the projects. The Secretary may not implement the demonstration projects under this section unless the Secretary determines that the costs of providing care to individuals with chronic conditions under the project will not exceed the costs, in the aggregate, of furnishing care to such individuals under title XVIII of the Social Security Act [this subchapter], that would otherwise be paid without regard to the demonstration projects for the period of the project.

“(2) Scope of services.—The Secretary shall determine the appropriate scope of personal care services that would apply under the demonstration projects.

“(c) Voluntary participation.—Participation of providers of services and suppliers, and of individuals with chronic conditions, in the demonstration projects shall be voluntary.

“(d) Demonstration project sites.—Not later than 2 years after the date of the enactment of this Act [Dec. 8, 2003], the Secretary shall conduct a demonstration project in at least one area that the Secretary determines has a population of individuals entitled to benefits under part A of title XVIII of the Social Security Act [part A of this subchapter], and enrolled under part B of such title [part B of this subchapter], with a rate of incidence of diabetes that significantly exceeds the national average rate of all areas.

“(e) Evaluation and report.—
‘‘(1) EVALUATIONS.—The Secretary shall conduct evaluations of the clinical and cost effectiveness of the demonstration projects.

‘‘(2) REPORTS.—Not later than 2 years after the commencement of the demonstration projects, and biennially thereafter, the Secretary shall submit to Congress a report on the evaluation, and shall include in the report the following:

‘‘(A) An analysis of the patient outcomes and costs of furnishing care to the individuals with chronic conditions participating in the projects as compared to such outcomes and costs to other individuals for the same health conditions.

‘‘(B) Evaluation of patient satisfaction under the demonstration projects.

‘‘(C) Such recommendations regarding the extension, expansion, or termination of the projects as the Secretary determines appropriate.

‘‘(4) WAIVER AUTHORITY.—The Secretary shall waive the requirements of this section, as added by subsection (a), as follows:

‘‘(A) Quality improvement measures, such as adherence to evidence-based guidelines and rehospitalization rates.

‘‘(B) Beneficiary and provider satisfaction.

‘‘(C) Health outcomes.

‘‘(D) Financial outcomes.

‘‘(2) Not later than 3 years and 6 months after the date of the enactment of this Act [Dec. 8, 2003], the Secretary [of Health and Human Services] shall submit to Congress an update to the preliminary findings with respect to the administration of parts C and D of this title.

‘‘(3) Duties described in this paragraph are the following:

‘‘(A) The administration of parts C and D of this subchapter.

‘‘(B) The provision of notice and information under section 1395b–2 of this title.

‘‘(C) Such other duties as the Secretary may specify.

(A) consist of—

(i) an evaluation of the individual’s need for pain and symptom management, including the individual’s need for hospice care; and

(ii) counseling the individual with respect to hospice care and other care options; and

(B) may include advising the individual regarding advanced care planning.

(b) Services not covered

Payment under this part for services furnished an individual during a spell of illness may not (subject to subsection (c) of this section) be made for—

(1) inpatient hospital services furnished to him during such spell after such services have been furnished to him for 150 days during such spell minus 1 day for each day of inpatient hospital services in excess of 90 received during any preceding spell of illness (if such individual was entitled to have payment for such services made under this part unless he specifies in accordance with regulations of the Secretary that he does not desire to have such payment made);

(2) post-hospital extended care services furnished to him during such spell after such services have been furnished to him for 100 days during such spell; or

(3) inpatient psychiatric hospital services furnished to him after such services have been furnished to him for a total of 190 days during his lifetime.

Payment under this part for post-institutional home health services furnished an individual during a home health spell of illness may not be made for such services beginning after such services have been furnished for a total of 100 visits during such spell.

(c) Inpatients of psychiatric hospitals

If an individual is an inpatient of a psychiatric hospital on the first day of the first month for which he is entitled to benefits under this part, the days on which he was an inpatient of such a hospital in the 150-day period immediately before such first day shall be included in determining the number of days limit under subsection (b)(1) of this section insofar as such limit applies to (1) inpatient psychiatric hospital services, or (2) inpatient hospital services for an individual who is an inpatient primarily for the diagnosis or treatment of mental illness (but shall not be included in determining such number of days limit insofar as it applies to other inpatient hospital services or in determining the 190-day limit under subsection (b)(3) of this section).

(d) Hospice care; election; waiver of rights; revocation; change of election

(1) Payment under this part may be made for hospice care provided with respect to an individual only during two periods of 90 days each and an unlimited number of subsequent periods of 60 days each with respect to which the individual makes an election under subsection (d)(1) of this section, and only, with respect to each such period, if the individual makes an election under this paragraph to receive hospice care under this part provided by, or under arrangements made by, a particular hospice program instead of certain other benefits under this subchapter.

(2) (A) Except as provided in subparagraphs (B) and (C) and except in such exceptional and unusual circumstances as the Secretary may provide, if an individual makes such an election for a period with respect to a particular hospice program, the individual shall be deemed to have waived all rights to have payment made under this subchapter with respect to—

(i) hospice care provided by another hospice program (other than under arrangements
made by the particular hospice program) during the period, and
(ii) services furnished during the period that are determined (in accordance with guidelines of the Secretary) to be
(I) related to the treatment of the individual’s condition with respect to which a diagnosis of terminal illness has been made or
(II) equivalent to (or duplicative of) hospice care;
except that clause (ii) shall not apply to physicians’ services furnished by the individual’s attending physician (if not an employee of the hospice program) or to services provided by (or under arrangements made by) the hospice program.

(B) After an individual makes such an election with respect to a 90-day period or a subsequent 60-day period, the individual may revoke the election during the period, in which case—
(i) the revocation shall act as a waiver of the right to have payment made under this part for any hospice care benefits for the remaining time in such period and (for purposes of subsection (a)(4) of this section and subparagraph (A)) the individual shall be deemed to have been provided such benefits during such entire period, and
(ii) the individual may at any time after the revocation execute a new election for a subsequent period, if the individual otherwise is entitled to hospice care benefits with respect to such a period.

(C) An individual may, once in each such period, change the hospice program with respect to which the election is made and such change shall not be considered a revocation of an election under subparagraph (B).

(D) For purposes of this subchapter, an individual’s election with respect to a hospice program shall no longer be considered to be in effect with respect to that hospice program after the date the individual’s revocation or change of election with respect to that election takes effect.

(e) Services taken into account
For purposes of subsections (b) and (c) of this section, inpatient hospital services, inpatient psychiatric hospital services, and post-hospital extended care services shall be taken into account only if payment for such services is not required, and the inclusion of such services will not result in any increase in the total of payments made under this subchapter and will not alter the acute care nature of the benefit described in subsection (a)(2) of this section.

(2) The Secretary may provide—
(A) for such limitations on the scope and extent of services described in subsection (a)(2)(B) of this section and on the categories of individuals who may be eligible to receive such services, and
(B) notwithstanding sections 1395f, 1395x(v), and 1395ww of this title, for such restrictions and alternatives on the amounts and methods of payment for services described in such subsection, as may be necessary to carry out paragraph (1).

§ 1395e. Deductibles and coinsurance

(a) Inpatient hospital services; outpatient hospital diagnostic services; blood; post-hospital extended care services

(1) The amount payable for inpatient hospital services furnished an individual during any spell of illness shall be reduced by a deduction equal to the inpatient hospital deductible or, if less, the charges imposed with respect to such individual for such services, except that, if the customary charges for such services are greater than the charges so imposed, such customary charges shall be considered to be the charges so imposed. Such amount shall be further reduced by a coinsurance amount equal to—

(A) one-fourth of the inpatient hospital deductible for each day (before the 91st day) on which such individual is furnished such services during such spell of illness after such services have been furnished to him for 60 days during such spell; and

(B) one-half of the inpatient hospital deductible for each day (before the day following the last day for which such individual is entitled under section 1395d(a)(1) of this title to have payment made on his behalf for inpatient hospital services or inpatient critical access hospital services during such spell of illness) on which such individual is furnished such services during such spell of illness after such services have been furnished to him for 90 days during such spell;

except that the reduction under this sentence for any day shall not exceed the charges imposed for that day with respect to such individual for such services (and for this purpose, if the customary charges for such services are greater than the charges so imposed, such customary charges shall be considered to be the charges so imposed).

(2)(A) The amount payable to any provider of services under this part for services furnished an individual shall be further reduced by a deduction equal to the expenses incurred for the first three pints of whole blood (or equivalent quantities of packed red blood cells, as defined under regulations) furnished to the individual during each calendar year, except that such deductible for such blood shall in accordance with regulations be appropriately reduced to the extent that there has been a replacement of such blood (or equivalent quantities of packed red blood cells, as so defined); and for such purposes blood (or equivalent quantities of packed red blood cells, as so defined) furnished such individual shall be deemed replaced when the institution or other person furnishing such blood (or such equivalent quantities of packed red blood cells, as so defined) is given one pint of blood for each pint of blood (or equivalent quantities of packed red blood cells, as so defined) furnished such individual with respect to which a deduction is made under this sentence.

(B) The deductible under subparagraph (A) for blood or blood cells furnished an individual in a year shall be reduced to the extent that a deductible has been imposed under section 1395(b)(2) of this title to blood or blood cells furnished the individual in the year.

(3) The amount payable for post-hospital extended care services furnished an individual during any spell of illness shall be reduced by a coinsurance amount equal to one-eighth of the inpatient hospital deductible for each day (before the 101st day) on which he is furnished such services after such services have been furnished to him for 20 days during such spell.

(4)(A) The amount payable for hospice care shall be reduced—

(i) in the case of drugs and biologicals provided on an outpatient basis by (or under arrangements made by) the hospice program, by a coinsurance amount equal to an amount (not to exceed $5 per prescription) determined in accordance with a drug copayment schedule (established by the hospice program) which is related to, and approximates 5 percent of, the cost of the drug or biological to the program, and

(ii) in the case of respite care provided by (or under arrangements made by) the hospice program, by a coinsurance amount equal to 5 percent of the amount estimated by the hospice program (in accordance with regulations of the Secretary) to be equal to the amount of payment under section 1395f(i) of this title to that program for respite care;

except that the total of the coinsurance required under clause (ii) for an individual may not exceed for a hospice coinsurance period the inpatient hospital deductible applicable for the year in which the period began. For purposes of this subparagraph, the term “hospice coinsurance period” means, for an individual, a period of consecutive days beginning with the first day for which an election under section 1395(d) of this title is in effect for the individual and ending with the close of the first period of 14 consecutive days on each of which such an election is not in effect for the individual.

(B) During the period of an election by an individual under section 1395d(d)(1) of this title, no copayments or deductibles other than those under subparagraph (A) shall apply with respect to services furnished to such individual which constitute hospice care, regardless of the setting in which such services are furnished.

(b) Inpatient hospital deductible; application

(1) The inpatient hospital deductible for 1987 shall be $520. The inpatient hospital deductible for any succeeding year shall be an amount equal to the inpatient hospital deductible for the preceding calendar year, changed by the Secretary’s best estimate of the payment-
weighted average of the applicable percentage increases (as defined in section 1395ww(b)(3)(B) of this title) which are applied under section 1395ww(d)(3)(A) of this title for discharges in the fiscal year that begins on October 1 of such preceding calendar year, and adjusted to reflect changes in real case mix (determined on the basis of the most recent case mix data available). Any amount determined under the preceding sentence which is not a multiple of $4 shall be rounded to the nearest multiple of $4 (or, if it is midway between two multiples of $4, to the next higher multiple of $4).

(2) The Secretary shall promulgate the inpatient hospital deductible and all coinsurance amounts under this section between September 1 and September 15 of the year preceding the year to which they will apply.

(3) The inpatient hospital deductible for a year shall apply to—

(A) the deduction under the first sentence of subsection (a)(1) of this section for the year in which the first day of inpatient hospital services or inpatient critical access hospital services occurs in a spell of illness, and

(B) to the coinsurance amounts under subsection (a) of this section for inpatient hospital services, inpatient critical access hospital services and post-hospital extended care services furnished in that year.

§ 1395f. Conditions of and limitations on payment for services

(a) Requirement of requests and certifications

Except as provided in subsections (d) and (g) of this section and in section 1395mm of this title, payment for services furnished an individual may be made only to providers of services which are eligible therefor under section 1395cc of this title and only if—

(1) written request, signed by such individual, except in cases in which the Secretary finds it impracticable for the individual to do so, is filed for such payment in such form, in such manner, and by such person or persons as the Secretary may by regulation prescribe, no later than the close of the period ending 1 calendar year after the date of service;

(2) a physician, or, in the case of services described in subparagraph (B), a physician, or a nurse practitioner, a clinical nurse specialist, or a physician assistant (as those terms are defined in section 1395x(aa)(5) of this title) who does not have a direct or indirect employment relationship with the facility but is working in collaboration with a physician,1 or, in the case of services described in subparagraph (C), a physician enrolled under section 1395cc(j) of this title and only if—

(A) in the case of inpatient psychiatric hospital services, such services are or were required to be given on an inpatient basis, by or under the supervision of a physician, for the psychiatric treatment of an individual; and (l) such treatment can or could reasonably be expected to improve the condition for which such treatment is or was necessary or (ll) inpatient diagnostic study is or was medically required and such services are or were necessary for such purposes;

(B) in the case of post-hospital extended care services, such services are or were required to be given because the individual needs or needed on a daily basis skilled nursing care (provided directly by or requiring the supervision of a skilled nursing personnell) or other skilled rehabilitation services, which as a practical matter can only be provided in a skilled nursing facility on an inpatient basis, for any of the conditions with respect to which he was receiving inpatient hospital services (or services which would constitute inpatient hospital services if the institution met the requirements of paragraphs (6) and (9) of section 1395x(e) of this title) prior to transfer to the skilled nursing facility or for a condition requiring such extended care services which arose after such transfer and while he was still in the facility for treatment of the condition or conditions for which he was receiving such inpatient hospital services;

(C) in the case of home health services, such services are or were required because the individual is or was confined to his home (except when receiving items and services referred to in section 1395x(m)(7) of this title) and needs or needed skilled nursing care (other than solely venipuncture for the purpose of obtaining a blood sample) on an intermittent basis or physical or speech therapy or, in the case of an individual who has been furnished home health services based on such a need and who no longer has such a need for such care or therapy, continues or continued to need occupational therapy; a plan for furnishing such services to such individual has been established and is periodically reviewed by a physician; such services are or were furnished while the individual was under the care of a physician, and, in the case of a certification made by a physician after January 1, 2010, prior to making such certification the physician must document that the physician himself or herself, or a nurse practitioner or clinical nurse specialist (as those terms are defined in section 1395x(aa)(5) of this title) who is working in collaboration with the physician in accordance with State law, or a certified nurse-midwife (as defined in section 1395x(gg) of this title) as authorized by State law, or a physician assistant (as defined in section 1395x(aa)(6) of this title) under the supervision of the physician, has had a face-to-face encounter (including through use of telehealth, subject to the requirements in section 1395m(m) of this title, and other than with respect to encounters that are incident to services involved) with the individual within a reasonable timeframe as determined by the Secretary; or

(D) in the case of inpatient hospital services in connection with the care, treatment, filling, removal, or replacement of teeth or structures directly supporting teeth, the individual, because of his underlying medical condition and clinical status or because of the severity of the dental procedure, requires hospitalization in connection with the provision of such services;

1 So in original.
§ 1395f

(3) with respect to inpatient hospital services (other than inpatient psychiatric hospital services) which are furnished over a period of time, a physician certifies that such services are required to be given on an inpatient basis for such individual's medical treatment, or that inpatient diagnostic study is medically required and such services are necessary for such purpose, except that (A) such certification shall be furnished only in such cases, with such frequency, and accompanied by such supporting material, appropriate to the cases involved, as may be provided by regulations, and (B) the first such certification required in accordance with clause (A) shall be furnished no later than the 20th day of such period;

(4) in the case of inpatient psychiatric hospital services, the services are those which the records of the hospital indicate were furnished to the individual during periods when he was receiving (A) intensive treatment services, (B) admission and related services necessary for a diagnostic study, or (C) equivalent services.

(5) with respect to inpatient hospital services furnished such individual after the 20th day of a continuous period of such services, there was not in effect, at the time of admission of such individual to the hospital, a decision under section 1395ccc(d) of this title (based on a finding that utilization review of long-stay cases is not being made in such hospital);

(6) with respect to inpatient hospital services or post-hospital extended care services furnished such individual during a continuous period, a finding has not been made (by the physician members of the committee or group, as described in section 1395x(k)(4) of this title, including any finding made in the course of a sample or other review of admissions to the institution) pursuant to the system of utilization review that further inpatient hospital services or further post-hospital extended care services, as the case may be, are not medically necessary; except that, if such a finding has been made, payment may be made for such services furnished before the 4th day after the day on which the hospital or skilled nursing facility, as the case may be, received notice of such finding;

(7) in the case of hospice care provided an individual—

(A)(i) in the first 90-day period—

(I) the individual's attending physician (as defined in section 1395x(dd)(3)(B) of this title) (which for purposes of this subparagraph does not include a nurse practitioner), and

(II) the medical director (or physician member of the interdisciplinary group described in section 1395x(dd)(2)(B) of this title) of the hospice program providing (or arranging for) the care,

each certify in writing at the beginning of the period, that the individual is terminally ill (as defined in section 1395x(dd)(3)(A) of this title) based on the physician's or medical director's clinical judgment regarding the normal course of the individual's illness, and

(ii) in a subsequent 90- or 60-day period, the medical director or physician described in clause (i)(II) recertifies at the beginning of the period that the individual is terminally ill based on such clinical judgment;

(B) a written plan for providing hospice care with respect to such individual has been established (before such care is provided by, or under arrangements made by, that hospice program) and is periodically reviewed by the individual's attending physician and by the medical director (and the interdisciplinary group described in section 1395x(dd)(2)(B) of this title) of the hospice program;

(C) such care is being or was provided pursuant to such plan of care; and

(D) on and after January 1, 2011—

(i) a hospice physician or nurse practitioner has a face-to-face encounter with the individual to determine continued eligibility of the individual for hospice care prior to the 180th day of hospice care and each subsequent recertification under subparagraph (A)(ii) and attests that such visit took place in accordance with procedures established by the Secretary; and

(ii) in the case of hospice care provided an individual for more than 180 days by a hospice program for which the number of such cases for such program comprises more than a percent (specified by the Secretary) of the total number of such cases for all programs under this subchapter, the hospice care provided to such individual is medically reviewed (in accordance with procedures established by the Secretary); and

(8) in the case of inpatient critical access hospital services, a physician certifies that the individual may reasonably be expected to be discharged or transferred to a hospital within 96 hours after admission to the critical access hospital.

To the extent provided by regulations, the certification and recertification requirements of paragraph (2) shall be deemed satisfied where, at a later date, a physician, nurse practitioner, clinical nurse specialist, or physician assistant (as the case may be) makes certification of the kind provided in subparagraph (A), (B), (C), or (D) of paragraph (2) (whichever would have applied), but only where such certification is accompanied by such medical and other evidence as may be required by such regulations. With respect to the physician certification required by paragraph (2) for home health services furnished to any individual by a home health agency (other than an agency which is a governmental entity) and with respect to the establishment and review of a plan for such services, the Secretary shall prescribe regulations which shall become effective no later than July 1, 1981, and which prohibit a physician who has a significant ownership interest in, or a significant financial or contractual relationship with, such home health agency from performing such certification and from establishing or reviewing such plan, except that such prohibition shall not apply with respect to a home health agency which is a sole community home health agency (as determined by the Secretary). For purposes
of the preceding sentence, service by a physician as an uncompensated officer or director of a home health agency shall not constitute having a significant ownership interest in, or a signific-
ificant financial or contractual relationship with, such agency. For purposes of paragraph (2)(C), an individual shall be considered to be "confined to his home" if the individual has a condition, due to an illness or injury, that restricts the ability of the individual to leave his or her home except with the assistance of another individual or the aid of a supportive device (such as crutches, a cane, a wheelchair, or a walker), or if the individual has a condition such that leaving his or her home is medically contraindicated. While an individual does not have to be bedridden to be considered "confined to his home", the condition of the individual should be such that there exists a normal inability to leave home and that leaving home requires a considerable and taxing effort by the individual. Any absence of an individual from the home attributable to the need to receive health care treatment, including regular absence for the purpose of participating in therapeutic, psychosocial, or medical treatment in an adult day-care program that is licensed or certified by a State, or accredited, to furnish adult day-care services in the State shall not disqualify an individual from being considered to be "confined to his home". Any other absence of an individual from the home shall not do so disqualify an individual if the absence is of infrequent or of relatively short duration. For purposes of the preceding sentence, any absence for the purpose of attending a religious service shall be deemed to be an absence of infrequent or short duration. In applying paragraph (1), the Secretary may specify exceptions to the 1 cal-
endar year period specified in such paragraph.

(b) Amount paid to provider of services

The amount paid to any provider of services (other than a hospice program providing hospice care, other than a critical access hospital pro-
viding inpatient critical access hospital serv-
ices, and other than a home health agency with respect to durable medical equipment) with re-
spect to services for which payment may be made under this part shall, subject to the provi-
sions of sections 1395e, 1395ww, and 1395fff of this title, be—

(1) except as provided in paragraph (3), the lesser of (A) the reasonable cost of such serv-
eses, as determined under section 1395x(v) of this title and as further limited by section 1395rr(b)(2)(B) of this title, or (B) the cus-
tomary charges with respect to such services;

(2) if such services are furnished by a public provider of services, or by another provider which demonstrates to the satisfaction of the Secretary that a significant portion of its pa-

tients are low-income (and requests that pay-
ment be made under this paragraph), free of charge or at nominal charges to the public, the amount determined on the basis of those items (specified in regulations prescribed by the Secretary) included in the determination of such reasonable cost which the Secretary finds will provide fair compensation to such provider for such services; or

(3) if some or all of the hospitals in a State have been reimbursed for services (for which payment may be made under this part) pursuant to a reimbursement system approved as a demonstration project under section 402 of the Social Security Amendments of 1967 or section 222 of the Social Security Amendments of 1972, if the rate of increase in such hospitals in costs per hospital inpatient admission of individuals entitled to benefits under this part over the duration of such project was equal to or less than such rate of increase for admis-
sions of such individuals with respect to all hospitals in the United States during such pe-

period, and if either the State has legislative au-

thority to operate such system and the State elects to have reimbursement to such hos-
pitals made in accordance with this paragraph or the system is operated through a voluntary agreement of hospitals and such hospitals elect to have reimbursement to those hospitals made in accordance with this paragraph, then, subject to section 1395ww(d)(3)(B)(i)(IX)(III) of this title, the Sec-

retary may provide for continuation of reim-
bursement to such hospitals under such sys-
tem until the Secretary determines that

(A) a third-party payor reimburses such a hospital on a basis other than under such system, or

(B) the aggregate rate of increase from January 1, 1981, to the most recent date for which annual data are available in such hos-
pitals in costs per hospital inpatient admis-
sion of individuals entitled to benefits under this part is greater than such rate of in-
crease for admissions of such individuals with respect to all hospitals in the United States for such period.

In the case of any State which has had such a demonstration project reimbursement system in continuous operation since July 1, 1977, the Sec-
retary shall provide under paragraph (3) for con-
tinuation of reimbursement to hospitals in the State under such system until the first day of the 37th month beginning after the date the Sec-
retary determines and notifies the Governor of the State that either of the conditions described in subparagraph (A) or (B) of such paragraph has occurred. If, by the end of such 36-month period, the Secretary determines, based on evidence submitted by the Governor of the State, that neither of the conditions described in subpara-
graph (A) or (B) of paragraph (3) continues to apply, the Secretary shall continue without interruption payment to hospitals in the State under the State’s system. If, by the end of such 36-month period, the Secretary determines, based on such evidence, that either of the condi-
tions described in subparagraph (A) or (B) of such paragraph continues to apply, the Sec-
retary shall provide under paragraph (3) for con-
tinuation of reimbursement to hospitals in the State under such system.

§ 1395f
savings under the State system based on the difference in the rate of increase in costs per hospital inpatient admission under the State system as compared to the rate of increase in such costs with respect to all hospitals in the United States between January 1, 1981, and the date of the Secretary's initial notice), and (ii) provide a reasonable period, not to exceed 2 years, for transition from the State system to the national payment system. For purposes of applying paragraph (3), there shall be taken into account incentive payments, and payment adjustments under subsection (b)(3)(B)(ix) or (n) of section 1395ww of this title.

(c) No payments to Federal providers of services

Subject to section 1395qq of this title, no payment may be made under this part (except under subsection (d) or subsection (h) of this section) to any Federal provider of services, except a provider of services which the Secretary determines is providing services to the public generally as a community institution or agency; and no such payment may be made to any provider of services for any item or service which such provider is obligated by a law of, or a contract with, the United States to render at public expense.

(d) Payments for emergency hospital services

(1) Payments shall also be made to any hospital for inpatient hospital services furnished in a calendar year, by the hospital or under arrangements (as defined in section 1395x(w) of this title) with it, to an individual entitled to hospital insurance benefits under section 426 of this title even though such hospital does not have an agreement in effect under this subchapter if (A) such services were emergency services, (B) the Secretary would be required to make such payment if the hospital had such an agreement in effect and otherwise met the conditions of payment hereunder, and (C) such hospital has elected to claim payments for all such inpatient emergency services and for the emergency outpatient services referred to in section 1395n(b) of this title furnished during such year. Such payments shall be made only in the amounts provided under subsection (b) of this section and then only if such hospital agrees to comply with respect to the emergency services provided, with the provisions of section 1395cc(a) of this title.

(2) Payment may be made on the basis of an itemized bill to an individual entitled to hospital insurance benefits under section 426 of this title for services described in paragraph (1) which are emergency services if (A) payment cannot be made under paragraph (1) solely because the hospital does not elect to claim such payment, and (B) such individual files application (submitted within such time and in such form by such person, and containing and supported by such information as the Secretary shall by regulations prescribe) for reimbursement.

(3) The amounts payable under the preceding paragraph with respect to services described therein shall, subject to the provisions of section 1395cc of this title, be equal to 60 percent of the hospital's reasonable charges for routine services furnished in the accommodations occupied by the individual or in semiprivate accommodations (as defined in section 1395x(y)(4) of this title), whichever is less, plus 80 percent of the hospital's reasonable charges for ancillary services. If separate charges for routine and ancillary services are not made by the hospital, reimbursement may be made based on two-thirds of the hospital's reasonable charges for the services received but not to exceed the charges which would have been made if the patient had occupied semiprivate accommodations. For purposes of the preceding provisions of this paragraph, the term "ancillary services" shall mean those special services for which charges are customarily made in addition to routine services.

(e) Payment for inpatient hospital services prior to notification of noneligibility

Notwithstanding that an individual is not entitled to have payment made under this part for inpatient hospital services furnished by any hospital, payment shall be made to such hospital (unless it elects not to receive such payment or, if payment has already been made by or on behalf of such individual, fails to refund such payment within the time specified by the Secretary) for such services which are furnished to the individual prior to notification to such hospital from the Secretary of his lack of entitlement, if such payments are preceded only by reason of section 1395d of this title and the such hospital complies with the requirements of and regulations under this subchapter with respect to such payments, has acted in good faith and without knowledge of such lack of entitlement, and has acted reasonably in assuming entitlement existed. Payment under the preceding sentence may not be made for services furnished an individual pursuant to any admission after the 6th elapsed day (not including as an elapsed day Saturday, Sunday, or a legal holiday) after the day on which such admission occurred.

(f) Payment for certain inpatient hospital services furnished outside United States

(1) Payment shall be made for inpatient hospital services furnished to an individual entitled to hospital insurance benefits under section 426 of this title by a hospital located outside the United States, or under arrangements (as defined in section 1395x(w) of this title) with it, if—

(A) such individual is a resident of the United States, and

(B) such hospital was closer to, or substantially more accessible from, the residence of such individual than the nearest hospital within the United States which was adequately equipped to deal with, and was available for the treatment of, such individual’s illness or injury.

(2) Payment may also be made for emergency inpatient hospital services furnished to an individual entitled to hospital insurance benefits under section 426 of this title by a hospital located outside the United States if—

(A) such individual was physically present—
(i) in a place within the United States; or
(ii) at a place within Canada while traveling without unreasonable delay by the most direct route (as determined by the Secretary) between Alaska and another State;
at the time the emergency which necessitated such inpatient hospital services occurred, and
(B) such hospital was closer to, or substantially more accessible from, such place than the nearest hospital within the United States which was adequately equipped to deal with, and was available for the treatment of, such individual's illness or injury.

(3) Payment shall be made in the amount provided under subsection (b) of this section to any hospital for the inpatient hospital services described in paragraph (1) or (2) furnished to an individual by the hospital or under arrangements (as defined in section 1395x(w) of this title) with it if (A) the Secretary would be required to make such payment if the hospital had an agreement in effect under this subchapter and otherwise met the conditions of payment hereunder, (B) such hospital elects to claim such payment, and (C) such hospital agrees to comply, with respect to such services, with the provisions of section 1395cc(a) of this title.

(4) Payment for the inpatient hospital services described in paragraph (1) or (2) furnished to an individual entitled to hospital insurance benefits under section 422 of this title may be made on the basis of an itemized bill to such individual if (A) payment for such services cannot be made under paragraph (3) solely because the hospital does not elect to claim such payment, and (B) such individual files application (submitted within such time and in such form and manner and by such person, and continuing and supported by such information as the Secretary shall by regulations prescribe) for reimbursement. The amount payable with respect to such services shall, subject to the provisions of section 1395cc(a) of this title, be equal to the amount which would be payable under subsection (d)(3) of this section.

(g) Payments to physicians for services rendered in teaching hospitals

For purposes of services for which the reasonable cost thereof is determined under section 1395x(v)(1)(D) of this title (or would be if section 1395ww of this title did not apply), payment under this part shall be made to such fund as may be designated by the organized medical staff of the hospital in which such services were furnished or, if such services were furnished in such hospital by the faculty of a medical school, to such fund as may be designated by such faculty, but only if—

(1) such hospital has an agreement with the Secretary under section 1395cc of this title, and
(2) the Secretary has received written assurances that (A) such payment will be used by such fund solely for the improvement of care of hospital patients or for educational or charitable purposes and (B) the individuals who were furnished such services or any other persons will not be charged for such services (or if charged, provision will be made for return of any moneys incorrectly collected).

(h) Payment for specified hospital services provided in Department of Veterans Affairs hospitals; amount of payment

(1) Payments shall also be made to any hospital operated by the Department of Veterans Affairs for inpatient hospital services furnished in a calendar year by the hospital, or under arrangements (as defined in section 1395x(w) of this title) with it, to an individual entitled to hospital benefits under section 422 of this title even though the hospital is a Federal provider of services if (A) the individual was not entitled to have the services furnished to him free of charge, (B) the individual was admitted to the hospital in the reasonable belief on the part of the admitting authorities that the individual was a person who was entitled to have the services furnished to him free of charge, (C) the services had been made by the individual receiving the services involved, and the individual, acted in good faith, and (D) the services were furnished during a period ending with the close of the day on which the authorities operating the hospital first became aware of the fact that the individual was not entitled to have the services furnished to him by the hospital free of charge, or (if later) ending with the first day on which it was medically feasible to remove the individual from the hospital by discharging him therefrom or transferring him to a hospital which has in effect an agreement under this subchapter.

(2) Payment for services described in paragraph (1) shall be in an amount equal to the charge imposed by the Secretary of Veterans Affairs for such services, or (if less) the amount that would be payable for such services if (b) the services were furnished to him free of charge, or (if later) ending with the first day on which it was medically feasible to remove the individual from the hospital by discharging him therefrom or transferring him to a hospital which has in effect an agreement under this subchapter.

(i) Payment for hospice care

(1)(A) Subject to the limitation under paragraph (2) and the provisions of section 1395x(v)(4) of this title and except as otherwise provided in this paragraph, the amount paid to a hospice program with respect to hospice care furnished to an individual during any part of a period ending with the close of the calendar year shall be subject to the following:

(c) the amount paid to a hospice program during any period ending with the close of the calendar year shall be an amount equal to the costs which are reasonable and related to the cost of providing hospice care or which are based on such other tests of reasonableness as the Secretary may prescribe in regulations (including those authorized under section 1395x(v)(1)(A) of this title), except that no payment may be made for bereavement counseling and no reimbursement may be made for other counseling services (including nutritional and dietary counseling) as separate services.

(2) Notwithstanding subparagraph (A), for hospice care furnished on or after April 1, 1986, the daily rate of payment per day for routine home care shall be $63.17 and the daily rate of payment for other services included in hospice care shall be the daily rate of payment recognized under subparagraph (A) as of July 1, 1985, increased by $10.

(C)(i) With respect to routine home care and other services included in hospice care furnished...
§ 1395f  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 2404

on or after January 1, 1990, and on or before September 30, 1990, the payment rates for such care and services shall be 120 percent of such rates in effect as of September 30, 1989.

With respect to routine home care and other services included in hospice care furnished during a subsequent fiscal year (before the first fiscal year in which the payment revisions described in paragraph (6)(D) are implemented), the payment rates for such care and services shall be the payment rates in effect under this subparagraph during the previous fiscal year increased by—

(I) for a fiscal year ending on or before September 30, 1993, the market basket percentage increase (as defined in section 1395ww(b)(3)(B)(iii) of this title) for the fiscal year;

(ii) for fiscal year 1994, the market basket percentage increase for the fiscal year minus 2.0 percentage points;

(iii) for fiscal year 1995, the market basket percentage increase for the fiscal year minus 1.5 percentage points;

(iv) for fiscal year 1996, the market basket percentage increase for the fiscal year minus 1.5 percentage points;

(v) for fiscal year 1997, the market basket percentage increase for the fiscal year minus 0.5 percentage point;

(VI) for each of fiscal years 1998 through 2002, the market basket percentage increase for the fiscal year involved minus 1.0 percentage points, plus, in the case of fiscal year 2001, 5.0 percentage points; and

(VII) for a subsequent fiscal year (before the first fiscal year in which the payment revisions described in paragraph (6)(D) are implemented), subject to clause (iv), the market basket percentage increase for the fiscal year.

(iii) With respect to routine home care and other services included in hospice care furnished during fiscal years subsequent to the first fiscal year in which payment revisions described in paragraph (6)(D) are implemented, the payment rates for such care and services shall be the payment rates in effect under this clause during the preceding fiscal year increased by—

(1) subject to clause (iv), the market basket percentage increase for the fiscal year.

(iv) After determining the market basket percentage increase under clause (ii)(VII) or (iii), as applicable, with respect to fiscal year 2013 and each subsequent fiscal year, the Secretary shall reduce such percentage—

(I) for 2013 and each subsequent fiscal year, by the productivity adjustment described in section 1395ww(b)(3)(B)(x)(II) of this title; and

(II) subject to clause (v), for each of fiscal years 2013 through 2019, by 0.3 percentage point.

The application of this clause may result in the market basket percentage increase under clause (i)(VII) or (iii), as applicable, being less than 0.0 for a fiscal year, and may result in payment rates under this subsection for a fiscal year being less than such payment rates for the preceding fiscal year.

(v) Clause (iv)(II) shall be applied with respect to any of fiscal years 2014 through 2019 by substituting “0.0 percentage points” for “0.3 percentage point”, if for such fiscal year—

(I) the excess (if any) of—

(aa) the total percentage of the non-elderly insured population for the preceding fiscal year (based on the most recent estimates available from the Director of the Congressional Budget Office before a vote in either House on the Patient Protection and Affordable Care Act that, if determined in the affirmative, would clear such Act for enrollment); and

(bb) the total percentage of the non-elderly insured population for such preceding fiscal year (as estimated by the Secretary); exceeds

(II) 5 percentage points.

(2)(A) The amount of payment made under this part for hospice care provided by (or under arrangements made by) a hospice program for an accounting year may not exceed the “cap amount” for the year (computed under subparagraph (B)) multiplied by the number of Medicare beneficiaries in the hospice program in that year (determined under subparagraph (C)).

(B) For purposes of subparagraph (A), the “cap amount” for a year is $6,500, increased or decreased, for accounting years that end after October 1, 1984, by the same percentage as the percentage increase or decrease, respectively, in the medical care expenditure category of the Consumer Price Index for All Urban Consumers (United States city average), published by the Bureau of Labor Statistics, from March 1984 to the fifth month of the accounting year.

(C) For purposes of subparagraph (A), the “number of Medicare beneficiaries” in a hospice program in an accounting year is equal to the number of individuals who have made an election under subsection (d) of this section with respect to the hospice program and have been provided hospice care by (or under arrangements made by) the hospice program under this part in the accounting year, such number reduced to reflect the proportion of hospice care that each such individual was provided in a previous or subsequent accounting year or under a plan of care established by another hospice program.

(D) A hospice program shall submit claims for payment for hospice care furnished in an individual’s home under this subchapter only on the basis of the geographic location at which the service is furnished, as determined by the Secretary.

(3) Hospice programs providing hospice care for which payment is made under this subsection shall submit to the Secretary such data with respect to the costs for providing such care for each fiscal year, beginning with fiscal year 1999, as the Secretary determines necessary.

(4) The amount paid to a hospice program with respect to the services under section 1395d(a)(5) of this title for which payment may be made under this part shall be equal to an amount established for an office or other outpatient visit for evaluation and management associated with presenting problems of moderate severity and requiring medical decisionmaking of low complexity under the fee schedule established under section 1395w-4(b) of this title, other than the portion of such amount attributable to the practice expense component.
(5) QUALITY REPORTING.—

(A) REDUCTION IN UPDATE FOR FAILURE TO REPORT.—

(i) IN GENERAL.—For purposes of fiscal year 2014 and each subsequent fiscal year, in the case of a hospice program that does not submit data to the Secretary in accordance with subparagraph (C) with respect to such a fiscal year, after determining the market basket percentage increase under paragraph (1)(C)(ii)(VII) or paragraph (1)(C)(iii), as applicable, and after application of paragraph (1)(C)(iv), with respect to the fiscal year, the Secretary shall reduce such market basket percentage increase by 2 percentage points.

(ii) SPECIAL RULE.—The application of this subparagraph may result in the market basket percentage increase under paragraph (1)(C)(ii)(VII) or paragraph (1)(C)(iii), as applicable, being less than 0.0 for a fiscal year, and may result in payment rates under this subsection for a fiscal year being less than such payment rates for the preceding fiscal year.

(B) NONCUMULATIVE APPLICATION.—Any reduction under subparagraph (A) shall apply only with respect to the fiscal year involved and the Secretary shall not take into account such reduction in computing the payment amount under this subsection for a subsequent fiscal year.

(C) SUBMISSION OF QUALITY DATA.—For fiscal year 2014 and each subsequent fiscal year, each hospice program shall submit to the Secretary data on quality measures specified under subparagraph (D). Such data shall be submitted in a form and manner, and at a time, specified by the Secretary for purposes of this subparagraph.

(D) QUALITY MEASURES.—

(i) IN GENERAL.—Subject to clause (ii), any measure specified by the Secretary under this subparagraph must have been endorsed by the entity with a contract under section 1395aaa(a) of this title.

(ii) EXCEPTION.—In the case of a specified area or medical topic determined appropriate by the Secretary for which a feasible and practical measure has not been endorsed by the entity with a contract under section 1395aaa(a) of this title, the Secretary may specify a measure that is not so endorsed as long as due consideration is given to measures that have been endorsed or adopted by a consensus organization identified by the Secretary.

(iii) TIME FRAME.—Not later than October 1, 2012, the Secretary shall publish the measures selected under this subparagraph that will be applicable with respect to fiscal year 2014.

(E) PUBLIC AVAILABILITY OF DATA SUBMITTED.—The Secretary shall establish procedures for making data submitted under subparagraph (C) available to the public. Such procedures shall ensure that a hospice program has the opportunity to review the data that is to be made public with respect to the hospice program prior to such data being made public. The Secretary shall report quality measures that relate to hospice care provided by hospice programs on the Internet website of the Centers for Medicare & Medicaid Services.

(6)(A) The Secretary shall collect additional data and information as the Secretary determines appropriate to revise payments for hospice care under this subsection pursuant to subparagraph (D) and for other purposes as determined appropriate by the Secretary. The Secretary shall begin to collect such data by not later than January 1, 2011.

(B) The additional data and information to be collected under subparagraph (A) may include data and information on—

(i) charges and payments;

(ii) the number of days of hospice care which are attributable to individuals who are entitled to, or enrolled for, benefits under this part; and

(iii) with respect to each type of service included in hospice care—

(I) the number of days of hospice care attributable to the type of service;

(II) the cost of the type of service; and

(III) the amount of payment for the type of service;

(iv) charitable contributions and other revenue of the hospice program;

(v) the number of hospice visits;

(vi) the type of practitioner providing the visit; and

(vii) the length of the visit and other basic information with respect to the visit.

(C) The Secretary may collect the additional data and information under subparagraph (A) on cost reports, claims, or other mechanisms as the Secretary determines to be appropriate.

(D)(i) Notwithstanding the preceding paragraphs of this subsection, not earlier than October 1, 2013, the Secretary shall, by regulation, implement revisions to the methodology for determining the payment rates for routine home care and other services included in hospice care under this part, as the Secretary determines to be appropriate. Such revisions may be based on an analysis of data and information collected under subparagraph (A). Such revisions may include adjustments to per diem payments that reflect changes in resource intensity in providing such care and services during the course of the entire episode of hospice care.

(ii) Revisions in payment implemented pursuant to clause (i) shall result in the same estimated amount of aggregate expenditures under this subchapter for hospice care furnished in the fiscal year in which such revisions in payment are implemented as would have been made under this subchapter for such care in such fiscal year if such revisions had not been implemented.

(E) The Secretary shall consult with hospice programs and the Medicare Payment Advisory Commission regarding the additional data and information to be collected under subparagraph (A) and the payment revisions under subparagraph (D).

(7) In the case of hospice care provided by a hospice program under arrangements under section 1395x(dd)(5)(D) of this title made by another hospice program, the hospice program that made the arrangements shall bill and be paid for the hospice care.
(j) Elimination of lesser-of-cost-or-charges provision

(1) The lesser-of-cost-or-charges provisions (described in paragraph (2)) will not apply in the case of services provided by a class of provider of services if the Secretary determines and certifies to Congress that the failure of such provisions to apply to the services provided by that class of providers will not result in any increase in the amount of payments made for those services under this subchapter. Such change will take effect with respect to services furnished, or cost reporting periods of providers, on or after such date as the Secretary shall provide in the certification. Such change for a class of provider shall be discontinued if the Secretary determines and notifies Congress that such change has resulted in an increase in the amount of payments made under this subchapter for services provided by that class of provider.

(2) The lesser-of-cost-or-charges provisions referred to in paragraph (1) are as follows:

(A) Clause (B) of paragraph (1) and paragraph (2) of subsection (b) of this section.

(B) Section 1395m(a)(1)(B) of this title.

(C) So much of subparagraph (A) of section 1395f(a)(2) of this title as provides for payment other than of the reasonable cost of such services, as determined under section 1395x(v) of this title.

(D) Subclause (II) of clause (i) and clause (ii) of section 1395f(a)(2)(B) of this title.

(k) Payments to home health agencies for durable medical equipment

The amount paid to any home health agency with respect to durable medical equipment for which payment may be made under this part shall be the amount described in section 1395m(a)(1) of this title.

(l) Payment for inpatient critical access hospital services

(1) Except as provided in the subsequent paragraphs of this subsection, the amount of payment under this part for inpatient critical access hospital services is equal to 101 percent of the reasonable costs of the critical access hospital in providing such services.

(2) In the case of a distinct part psychiatric or rehabilitation unit of a critical access hospital described in section 1395k-2(a)(2)(E) of this title, the amount of payment for inpatient critical access hospital services of such unit shall be equal to the amount of the payment that would otherwise be made if such services were inpatient hospital services of a distinct part psychiatric or rehabilitation unit, respectively, described in the matter following clause (v) of section 1395w(d)(1)(B) of this title.

(3) The following rules shall apply in determining payment and reasonable costs under paragraph (1) for costs described in subparagraph (C) for a critical access hospital that would be a meaningful EHR user (as would be determined under paragraph (3) of section 1395w(d) of this title) for an EHR reporting period for a cost reporting period beginning during a payment year if such critical access hospital was treated as an eligible hospital under such section:

(i) The Secretary shall compute reasonable costs by expensing such costs in a single payment year and not depreciating such costs over a period of years (and shall include as costs with respect to cost reporting periods beginning during a payment year costs from previous cost reporting periods to the extent they have not been fully depreciated as of the period involved).

(ii) There shall be substituted for the Medicare share that would otherwise be applied under paragraph (1) a percent (not to exceed 100 percent) equal to the sum of—

(I) the Medicare share (as would be specified under paragraph (2)(D) of section 1395ww(n) of this title) for such critical access hospital if such critical access hospital was treated as an eligible hospital under such section; and

(II) 20 percentage points.

(B) The payment under this paragraph with respect to a critical access hospital shall be paid through a prompt interim payment (subject to reconciliation) after submission and review of such information (as specified by the Secretary) necessary to make such payment, including information necessary to apply this paragraph. In no case may payment under this paragraph be made with respect to a cost reporting period beginning during a payment year after 2015 and in no case may a critical access hospital receive payment under this paragraph with respect to more than 4 consecutive payment years.

(C) The costs described in this subparagraph are costs for the purchase of certified EHR technology to which purchase depreciation (excluding interest) would apply if payment was made under paragraph (1) and not under this paragraph.

(D) For purposes of this paragraph, paragraph (4), and paragraph (5), the terms “certified EHR technology”, “eligible hospital”, “EHR reporting period”, and “payment year” have the meanings given such terms in sections 1395w(n) of this title.

(4)(A) Subject to subparagraph (C), for cost reporting periods beginning in fiscal year 2015 or a subsequent fiscal year, in the case of a critical access hospital that is not a meaningful EHR user (as would be determined under paragraph (3) of section 1395ww(n) of this title if such critical access hospital was treated as an eligible hospital under such section) for an EHR reporting period with respect to such fiscal year, paragraph (1) shall be applied by substituting the applicable percent under subparagraph (B) for the percent described in such paragraph (1).

(B) The percent described in this subparagraph is—

(i) for fiscal year 2015, 100.66 percent;

(ii) for fiscal year 2016, 100.33 percent; and

(iii) for fiscal year 2017 and each subsequent fiscal year, 100 percent.

(C) The provisions of subparagraph (II) of section 1395w(b)(3)(B)(ix) of this title shall apply with respect to subparagraph (A) for a critical access hospital with respect to a cost reporting period beginning in a fiscal year in the same manner as such subparagraph applies with respect to subparagraph (I) of such section for a subsection (d) hospital with respect to such fiscal year.
§ 1395f

There shall be no administrative or judicial review under section 1395ff of this title, section 1395so of this title, or otherwise, of—

(A) the methodology and standards for determining the amount of payment and reasonably allocable administrative expenses under paragraph (3) and payment adjustments under paragraph (4), including selection of periods under section 1395ww(n)(2) of this title for determining, and making estimates or using proxies of, inpatient-bed-days, hospital charges, charity charges, and Medicare share under subparagraph (D) of section 1395ww(n)(2) of this title;

(B) the methodology and standards for determining a meaningful EHR user under section 1395ww(n)(3) of this title as would apply if the hospital was treated as an eligible hospital under section 1395ww(n) of this title, and the hardship exception under paragraph (4)(C);

(C) the specification of EHR reporting periods under section 1395ww(n)(6)(B) of this title as applied under paragraphs (3) and (4); and

(D) the identification of costs for purposes of paragraph (3)(C).

(5) There shall be no administrative or judicial review under section 1395ff of this title, section 1395so of this title, or otherwise, of—

(B) the methodology and standards for determining a meaningful EHR user under section 1395ww(n)(3) of this title as would apply if the hospital was treated as an eligible hospital under section 1395ww(n) of this title, and the hardship exception under paragraph (4)(C); and

(C) the specification of EHR reporting periods under section 1395ww(n)(6)(B) of this title as applied under paragraphs (3) and (4); and

(D) the identification of costs for purposes of paragraph (3)(C).

“(B) in the case of a later reporting period, is the per diem payment amount established under this paragraph for the preceding 12-month cost reporting period, increased by the applicable percentage increase under section 1395ww(b)(3)(B)(i) of this title for that particular cost reporting period applicable to hospitals located in a rural area.

The payment amounts otherwise determined under this paragraph shall be reduced, to the extent necessary, to avoid duplication of any payment made under section 1395i–4(a)(2) of this title (or under section 4005(e) of the Omnibus Budget Reconciliation Act of 1987) to cover the provision of inpatient rural primary care hospital services.

For such purpose such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under chapter 31 of title 31 are hereby extended to authorize the issuance at par of public-debt obligations for purchase by the Trust Fund. Such obligations issued for purchase by the Trust Fund shall have maturities fixed with due regard for the needs of the Trust Fund and shall bear interest at a rate equal to the average market yield (computed by the Managing Trustee on the basis of market quotations as of the end of the calendar month next preceding the date of such issue) on all marketable interest-bearing obligations of the United States then forming a part of the public debt which are not due or callable until after the expiration of 4 years from the end of such calendar month; except that where such average market yield is not a multiple of one-eighth of 1 per centum, the rate of interest on such obligations shall be the multiple of one-eighth of 1 per centum nearest such market yield. The Managing Trustee may purchase other interest-bearing obligations of the United States or obligations guaranteed as to both principal and interest by the United States, on original issue or at the market price, only where he determines that the purchase of such other obligations is in the public interest.

(3) If in any month after a loan has been made to the Federal Hospital Insurance Trust Fund under paragraph (1), the Managing Trustee determines that the assets of such Trust Fund are sufficient to permit repayment of all or part of any loans made to such Fund under paragraph (1), he shall make such repayments as he determines to be appropriate.

(B)(i) If on the last day of any year after a loan has been made under paragraph (1), the Managing Trustee determines that the Hospital Insurance Trust Fund ratio exceeds 15 percent, he shall transfer from such Trust Fund to the lending trust fund an amount that—

If a State determines, under a survey under subsection (g) of this section or otherwise, that there has been a knowing and willful certification of false assessments under this paragraph, the State may require (for a period specified by the State) that resident assessments under this paragraph be conducted and certified by individuals who are independent of the facility and who are approved by the State.

(C) Frequency

(i) In general

Subject to the timeframes prescribed by the Secretary under section 1395yy(e)(6) of this title, such an assessment must be conducted—

(I) the facility is located in a rural area and the supply of skilled nursing facility services in such area is not sufficient to meet the needs of individuals residing therein,

(II) the facility has one full-time registered professional nurse who is regularly on duty at such facility 40 hours a week,

(III) the facility either has only patients whose physicians have indicated (through physicians’ orders or admission notes) that each such patient does not require the services of a registered nurse or a physician for a 48-hour period, or has made arrangements for a registered professional nurse or a physician to spend such time at such facility as may be indicated as necessary by the physician to provide necessary skilled nursing services on days when the regular full-time registered professional nurse is not on duty.

(iv) The Secretary provides notice of the waiver to the State long-term care ombudsman (established under section 307(a)(12) of the Older Americans Act of 1965) and the protection and advocacy system in the State for the mentally ill and the mentally retarded, and

A waiver under this subparagraph shall be subject to annual renewal.

(5) Required training of nurse aides

(A) In general

(i) Except as provided in clause (ii), a skilled nursing facility must not use on a full-time basis any individual as a nurse aide unless the individual—

A skilled nursing facility must comply with the requirement of section 1395cc(f) of this title (relating to maintaining written policies and procedures respecting advance directives).

(ii) the transfer or discharge is appropriate because the resident’s health has improved sufficiently so the resident no longer needs the services provided by the facility;

(iii) the safety of individuals in the facility is endangered;

(iv) the health of individuals in the facility would otherwise be endangered;

(v) the resident has failed, after reasonable and appropriate notice, to pay (or to have paid under this subchapter or subchapter XIX of this chapter on the resident’s behalf) for a stay at the facility; or

(vi) the facility ceases to operate.

In each of the cases described in clauses (i) through (v), the basis for the transfer or discharge must be documented in the resident’s clinical record. In the cases described in clauses (i) and (ii), the documentation must be made by the resident’s physician, and in the cases described in clauses (iii) and (iv) the documentation must be made by a physician.

(III) include in the notice the items described in clause (iii).

(ii) Timing of notice

The notice under clause (i)(I) must be made at least 30 days in advance of the resident’s transfer or discharge except—

(II) in a case described in clause (ii) of subparagraph (A), where the resident’s health improves sufficiently to allow a more immediate transfer or discharge;

In the case of such exceptions, notice must be given as many days before the date of the transfer or discharge as is practicable.

(iii) Items included in notice

Each notice under clause (i) must include—

A skilled nursing facility must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer or discharge from the facility.

(3) Access and visitation rights

(E) permit representatives of the State ombudsman (described in paragraph (2)(B)(iii)(II), with the permission of the resident (or the resident’s legal representative) and consistent with State law, to examine a resident’s clinical records.

(4) Equal access to quality care

A skilled nursing facility must establish and maintain identical policies and practices regarding transfer, discharge, and covered services under this subchapter for all individuals regardless of source of payment.

(5) Admissions policy

(A) Admissions

With respect to admissions practices, a skilled nursing facility must—

(i) not require individuals applying to reside or residing in the facility to waive their rights to benefits under this subchapter or under a State plan under subchapter XIX of this chapter, (ii) not require oral or written assurance that such individuals are not eligible for, or will not apply for, benefits under this subchapter or such a State plan, and (III) prominently display in the facility and provide to such individuals written information about how to apply for and use such benefits and how to receive refunds for previous payments covered by such benefits; and

(ii) not require a third party guarantee of payment to the facility as a condition of admission (or expedited admission) to, or continued stay in, the facility.

(B) Construction

(i) No preemption of stricter standards

Subparagraph (A) shall not be construed as preventing States or political subdivisions therein from prohibiting, under State or local law, the discrimination against individuals who are entitled to medical assistance under this subchapter with respect to admissions practices of skilled nursing facilities.

(ii) Contracts with legal representatives

Subparagraph (A)(ii) shall not be construed as preventing a facility from requiring an individual, who has legal access to a resident’s income or resources available to pay for care in the facility, to sign a contract (without incurring personal financial liability) to provide payment from the resident’s income or resources for such care.

(B) Management of personal funds

Upon written authorization of a resident under subparagraph (A)(ii), the facility must manage and account for the personal funds of the resident deposited with the facility as follows:

(i) Deposit

The facility must deposit any amount of personal funds in excess of $100 with respect to a resident in an interest bearing account (or accounts) that is separate from any of the facility’s operating accounts and credits all interest earned on such separate account to such account. With respect to any other personal funds, the facility must maintain such funds in a non-interest bearing account or petty cash fund.

(ii) Accounting and records

The facility must assure a full and complete separate accounting of each such resident’s personal funds, maintain a written record of all financial transactions involving the personal funds of a resident deposited with the facility, and afford the resident (or a legal representative of the resident) reasonable access to such record.

(iii) Conveyance upon death

Upon the death of a resident with such an account, the facility must convey promptly the resident’s personal funds (and a final accounting of such funds) to the individual administering the resident’s estate.

(C) Assurance of financial security

The facility must purchase a surety bond, or otherwise provide assurance satisfactory to the Secretary, to assure the security of all personal funds of residents deposited with the facility.

(D) Limitation on charges to personal funds

The facility may not impose a charge against the personal funds of a resident for any item or service for which payment is made under this subchapter or subchapter XIX of this chapter.

(d) Requirements relating to administration and other matters

(1) Administration

(A) In general

A skilled nursing facility must be administered in a manner that enables it to use its resources effectively and efficiently to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident (consistent with requirements established under subsection (f)(5) of this section).

(B) Required notices

If a change occurs in—

(i) the persons with an ownership or control interest (as defined in section 1320a–3(a)(3) of this title) in the facility,

(ii) the persons who are officers, directors, agents, or managing employees (as defined in section 1320a–5(b) of this title) of the facility,

(iii) the corporation, association, or other company responsible for the management of the facility, or

(iv) the individual who is the administrator or director of nursing of the facility,

the skilled nursing facility must provide notice to the State agency responsible for the licensing of the facility, at the time of the change, of the change and of the identity of each new person, company, or individual described in the respective clause.

(C) Skilled nursing facility administrator

The administrator of a skilled nursing facility must meet standards established by the Secretary under subsection (f)(4) of this section.

(2) Licensing and Life Safety Code

(A) Licensing

A skilled nursing facility must be licensed under applicable State and local law.

(B) Life Safety Code

A skilled nursing facility must meet such provisions of such edition (as specified by the Secretary in regulation) of the Life Safety Code of the National Fire Protection Association as are applicable to nursing homes; except that—

(i) the Secretary may waive, for such periods as he deems appropriate, specific provisions of such Code which if rigidly applied would result in unreasonable hardship upon a facility, but only if such waiver would not adversely affect the health and safety of residents or personnel, and

(ii) the provisions of such Code shall not apply in any State if the Secretary finds that in such State there is in effect a fire and safety code, imposed by State law, which adequately protects residents of and personnel in skilled nursing facilities.

(3) Sanitary and infection control and physical environment

A skilled nursing facility must—

(A) establish and maintain an infection control program designed to provide a safe, sanitary, and comfortable environment in which residents reside and to help prevent the development and transmission of disease and infection, and

(B) be designed, constructed, equipped, and maintained in a manner to protect the health and safety of residents, personnel, and the general public.

(4) Miscellaneous

(A) Compliance with Federal, State, and local laws and professional standards

A skilled nursing facility must operate and provide services in compliance with all

\footnote{So in original. Probably should be "credit".}
applicable Federal, State, and local laws and regulations (including the requirements of section 1320a–3 of this title) and with accepted professional standards and principles which apply to professionals providing services in such a facility.

(B) Other

A skilled nursing facility must meet such other requirements relating to the health, safety, and well-being of residents or relating to the physical facilities thereof as the Secretary may find necessary.

(e) State requirements relating to skilled nursing facility requirements

The requirements, referred to in section 1395aa(d) of this title, with respect to a State are as follows:

(1) Specification and review of nurse aide training and competency evaluation programs and of nurse aide competency evaluation programs

The State must—

(A) by not later than January 1, 1989, specify those training and competency evaluation programs, and those competency evaluation programs, that the State approves for purposes of subsection (b)(5) of this section and that meet the requirements established under subsection (f)(2) of this section, and

(B) by not later than January 1, 1990, provide for the review and reapproval of such programs, at a frequency and using a methodology consistent with the requirements established under subsection (f)(2)(A)(iii) of this section.

The failure of the Secretary to establish requirements under subsection (f)(2) of this section shall not relieve any State of its responsibility under this paragraph.

(2) Nurse aide registry

(A) In general

By not later than January 1, 1989, the State shall establish and maintain a registry of all individuals who have satisfactorily completed a nurse aide training and competency evaluation program, or a nurse aide competency evaluation program, approved under paragraph (1) in the State, or any individual described in subsection (f)(2)(B)(ii) of this section or in subparagraph (B), (C), or (D) of section 6901(b)(4) of the Omnibus Budget Reconciliation Act of 1989.

(B) Information in registry

The registry under subparagraph (A) shall provide (in accordance with regulations of the Secretary) for the inclusion of specific documented findings by a State under subsection (g)(1)(C) of this section of resident neglect or abuse or misappropriation of resident property involving an individual listed in the registry, as well as any brief statement of the individual disputing the findings, but shall not include any allegations of resident abuse or neglect or misappropriation of resident property that are not specifically documented by the State under such subsection. The State shall make available to the public information in the registry. In the case of inquiries to the registry concerning an individual listed in the registry, any information disclosed concerning such a finding shall also include disclosure of any such statement in the registry relating to the finding or a clear and accurate summary of such a statement.

(C) Prohibition against charges

A State may not impose any charges on a nurse aide relating to the registry established and maintained under subparagraph (A).

(3) State appeals process for transfers and discharges

The State, for transfers and discharges of residents of skilled nursing facilities effectuated on or after October 1, 1989, must provide for a fair mechanism for hearing appeals on transfers and discharges of residents of such facilities. Such mechanism must meet the guidelines established by the Secretary under subsection (f)(3) of this section; but the failure of the Secretary to establish such guidelines shall not relieve any State of its responsibility to provide for such a fair mechanism.

(4) Skilled nursing facility administrator standards

By not later than January 1, 1990, the State must have implemented and enforced the skilled nursing facility administrator standards developed under subsection (f)(4) of this section respecting the qualification of administrators of skilled nursing facilities.

(5) Specification of resident assessment instrument

Effective July 1, 1990, the State shall specify the instrument to be used by nursing facilities in the State in complying with the requirement of subsection (b)(3)(A)(ii) of this section. Such instrument shall be—

(A) one of the instruments designated under subsection (f)(6)(B) of this section, or

(B) an instrument which the Secretary has approved as being consistent with the minimum data set of core elements, common definitions, and utilization guidelines specified by the Secretary under subsection (f)(6)(A) of this section.

(f) Responsibilities of Secretary relating to skilled nursing facility requirements

(1) General responsibility

It is the duty and responsibility of the Secretary to assure that requirements which govern the provision of care in skilled nursing facilities under this subchapter, and the enforcement of such requirements, are adequate to protect the health, safety, welfare, and rights of residents and to promote the effective and efficient use of public moneys.

(2) Requirements for nurse aide training and competency evaluation programs and for nurse aide competency evaluation programs

(A) In general

For purposes of subsections (b)(5) and (e)(1)(A) of this section, the Secretary shall

establish, by not later than September 1, 1988—

(i) requirements for the approval of nurse aide training and competency evaluation programs, including requirements relating to (I) the areas to be covered in such a program (including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents’ rights) and content of the curriculum (including, in the case of initial training and, if the Secretary determines appropriate, in the case of ongoing training, dementia management training, and patient abuse prevention training), (II) minimum hours of initial and ongoing training and retraining (including not less than 75 hours in the case of initial training), (III) qualifications of instructors, and (IV) procedures for determination of competency;

(ii) requirements for the approval of nurse aide competency evaluation programs, including requirement relating to the areas to be covered in such a program, including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, residents’ rights, and procedures for determination of competency;

(iii) requirements respecting the minimum frequency and methodology to be used by a State in reviewing such programs’ compliance with the requirements for such programs; and

(iv) requirements, under both such programs, that—

(I) provide procedures for determining competency that permit a nurse aide, at the nurse aide’s option, to establish competency through procedures or methods other than the passing of a written examination and to have the competency evaluation conducted at the nursing facility at which the aide is (or will be) employed (unless the facility is described in subparagraph (B)(ii)(I)),

(II) prohibit the imposition on a nurse aide who is employed by (or who has received an offer of employment from) a facility on the date on which the aide begins either such program of any charges (including any charges for textbooks and other required course materials and any charges for the competency evaluation) for either such program, and

(III) in the case of a nurse aide not described in subclause (II) who is employed by (or who has received an offer of employment from) a facility not later than 12 months after completing either such program, the State shall provide for the reimbursement of costs incurred in completing such program on a pro rata basis during the period in which the nurse aide is so employed.

(B) Approval of certain programs

Such requirements—

(i) may permit approval of programs offered by or in facilities (subject to clause (iii)), as well as outside facilities (including employee organizations), and of programs in effect on December 22, 1987;

(ii) shall permit a State to find that an individual who has completed (before July 1, 1989) a nurse aide training and competency evaluation program shall be deemed to have completed such a program approved under subsection (b)(5) of this section if the State determines that, at the time the program was offered, the program met the requirements for approval under such paragraph; and

(iii) subject to subparagraphs (C) and (D), shall prohibit approval of such a program—

(I) offered by or in a skilled nursing facility which, within the previous 2 years—

(a) has operated under a waiver under subsection (b)(4)(C)(ii) of this section;

(b) has been subject to an extended (or partial extended) survey under subsection (g)(2)(B)(i) of this section or section 1396r(g)(2)(B)(i) of this title, unless the survey shows that the facility is in compliance with the requirements of subsections (b), (c), and (d) of this section; or

(c) has been assessed a civil money penalty described in subsection (h)(2)(B)(ii) of this section or section 1396r(h)(2)(A)(ii) of this title of not less than $5,000, or has been subject to a remedy described in clause (i) or (ii) of section 1396r(h)(2)(A) of this title, subsection (h)(4) of this section, section 1396r(h)(1)(B)(i) of this title, or in clause (i), (ii), or (iv) of section 1396r(h)(2)(A) of this title, or

(II) offered by or in a skilled nursing facility unless the State makes the determination, upon an individual’s completion of the program, that the individual is competent to provide nursing and nursing-related services in skilled nursing facilities.

A State may not delegate (through subcontract or otherwise) its responsibility under clause (iii) to the skilled nursing facility.

(C) Waiver authorized

Clause (ii)(I) of subparagraph (B) shall not apply to a program offered in (but not by) a nursing facility (or skilled nursing facility for purposes of this subchapter) in a State if the State—

(i) determines that there is no other such program offered within a reasonable distance of the facility,

(ii) assures, through an oversight effort, that an adequate environment exists for operating the program in the facility, and

6 So in original. A closing parenthesis probably should appear before the comma.
(D) Waiver of disapproval of nurse-side training programs

Upon application of a nursing facility, the Secretary may waive the application of subparagraph (B)(ii)(I)(c) if the imposition of the civil monetary penalty was not related to the quality of care provided to residents of the facility. Nothing in this subparagraph shall be construed as eliminating any requirement upon a facility to pay a civil monetary penalty described in the preceding sentence.

(3) Federal guidelines for State appeals process for transfers and discharges

For purposes of subsections (c)(2)(B)(i)(I) and (e)(3) of this section, by not later than October 1, 1988, the Secretary shall establish guidelines for minimum standards which State appeals processes under subsection (e)(3) of this section must meet to provide a fair mechanism for hearing appeals on transfers and discharges of residents from skilled nursing facilities.

(4) Secretarial standards for qualification of administrators

For purposes of subsections (d)(1)(C) and (e)(4) of this section, the Secretary shall develop, by not later than March 1, 1989, standards to be applied in assuring the qualifications of administrators of skilled nursing facilities.

(5) Criteria for administration

The Secretary shall establish criteria for assessing a skilled nursing facility’s compliance with the requirement of subsection (d)(1) of this section with respect to—

(A) its governing body and management,
(B) agreements with hospitals regarding transfers of residents to and from the hospitals and to and from other skilled nursing facilities,
(C) disaster preparedness,
(D) direction of medical care by a physician,
(E) laboratory and radiological services,
(F) clinical records, and
(G) resident and advocate participation.

(6) Specification of resident assessment data set and instruments

The Secretary shall—

(A) not later than January 1, 1989, specify a minimum data set of core elements and common definitions for use by nursing facilities in conducting the assessments required under subsection (b)(3) of this section, and establish guidelines for utilization of the data set; and

(B) by not later than April 1, 1990, designate one or more instruments which are consistent with the specification made under subparagraph (A) and which a State may specify under subsection (e)(5)(A) of this section for use by nursing facilities in complying with the requirements of subsection (b)(3)(A)(ii) of this section.

(7) List of items and services furnished in skilled nursing facilities not chargeable to the personal funds of a resident

(A) Regulations required

Pursuant to the requirement of section 21(b) of the Medicare-Medicaid Anti-Fraud and Abuse Amendments of 1977, the Secretary shall issue regulations, on or before the first day of the seventh month to begin after December 22, 1987, that define those costs which may be charged to the personal funds of residents in skilled nursing facilities who are individuals receiving benefits under this part and those costs which are to be included in the reasonable cost (or other payment amount) under this subchapter for extended care services.

(B) Rule if failure to publish regulations

If the Secretary does not issue the regulations under subparagraph (A) on or before the date required in such subparagraph, in the case of a resident of a skilled nursing facility who is eligible to receive benefits under this part, the costs which may not be charged to the personal funds of such resident (and for which payment is considered to be made under this subchapter) shall include, at a minimum, the costs for routine personal hygiene items and services furnished by the facility.

(8) Special focus facility program

(A) In general

The Secretary shall conduct a special focus facility program for enforcement of requirements for skilled nursing facilities that the Secretary has identified as having substantially failed to meet applicable requirements of this chapter.

(B) Periodic surveys

Under such program the Secretary shall conduct surveys of each facility in the program not less than once every 6 months.

(g) Survey and certification process

(1) State and Federal responsibility

(A) In general

Pursuant to an agreement under section 1395aa of this title, each State shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of skilled nursing facilities (other than facilities of the State) with the requirements of subsections (b), (c), and (d) of this section. The Secretary shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of State skilled nursing facilities with the requirements of such subsections.

(B) Educational program

Each State shall conduct periodic educational programs for the staff and residents (and their representatives) of skilled nursing facilities in order to present current regulations, procedures, and policies under this section.
§ 1395i–3

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 2448

(C) Investigation of allegations of resident neglect and abuse and misappropriation of resident property

The State shall provide, through the agency responsible for surveys and certification of nursing facilities under this subsection, for a process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property by a nurse aide of a resident in a nursing facility or by another individual used by the facility in providing services to such a resident. The State shall, after providing the individual involved with a written notice of the allegations (including a statement of the availability of a hearing for the individual to rebut the allegations) and the opportunity for a hearing on the record, make a written finding as to the accuracy of the allegations. If the State finds that a nurse aide has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the nurse aide and the registry of such finding. If the State finds that any other individual used by the facility has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the appropriate licensure authority. A State shall not make a finding that an individual has neglected a resident if the individual demonstrates that such neglect was caused by factors beyond the control of the individual.

(D) Removal of name from nurse aide registry

(i) In general

In the case of a finding of neglect under subparagraph (C), the State shall establish a procedure to permit a nurse aide to petition the State to have his or her name removed from the registry upon a determination by the State that—

(I) the employment and personal history of the nurse aide does not reflect a pattern of abusive behavior or neglect; and

(II) the neglect involved in the original finding was a singular occurrence.

(ii) Timing of determination

In no case shall a determination on a petition submitted under clause (i) be made prior to the expiration of the 1-year period beginning on the date on which the name of the petitioner was added to the registry under subparagraph (C).

(E) Construction

The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(2) Surveys

(A) Standard survey

(i) In general

Each skilled nursing facility shall be subject to a standard survey, to be conducted without any prior notice to the facility. Any individual who notifies (or causes to be notified) a skilled nursing facility of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1320a–7a of this title other than subsections (a) and (b) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title. The Secretary shall review each State’s procedures for the scheduling and conduct of standard surveys to assure that the State has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(ii) Contents

Each standard survey shall include, for a case-mix stratified sample of residents—

(I) a survey of the quality of care furnished, as measured by indicators of medical, nursing, and rehabilitative care, dietary and nutrition services, activities and social participation, and sanitation, infection control, and the physical environment,

(II) written plans of care provided under subsection (b)(2) of this section and an audit of the residents’ assessments under subsection (b)(3) of this section to determine the accuracy of such assessments and the adequacy of such plans of care, and

(III) a review of compliance with residents’ rights under subsection (c) of this section.

(iii) Frequency

(I) In general

Each skilled nursing facility shall be subject to a standard survey not later than 15 months after the date of the previous standard survey conducted under this subparagraph. The Statewide average interval between standard surveys of skilled nursing facilities under this subsection shall not exceed 12 months.

(II) Special surveys

If not otherwise conducted under subclause (I), a standard survey (or an abbreviated standard survey) may be conducted within 2 months of any change of ownership, administration, management of a skilled nursing facility, or the director of nursing in order to determine whether the change has resulted in any decline in the quality of care furnished in the facility.

(B) Extended surveys

(i) In general

Each skilled nursing facility which is found, under a standard survey, to have provided substandard quality of care shall be subject to an extended survey. Any other facility may, at the Secretary’s or State’s discretion, be subject to such an extended survey (or a partial extended survey).
(ii) Timing

The extended survey shall be conducted immediately after the standard survey (or, if not practicable, not later than 2 weeks after the date of completion of the standard survey).

(iii) Contents

In such an extended survey, the survey team shall review and identify the policies and procedures which produced such substandard quality of care and shall determine whether the facility has complied with all the requirements described in subsections (b), (c), and (d) of this section. Such review shall include an expansion of the size of the sample of residents’ assessments reviewed and a review of the staffing, of in-service training, and, if appropriate, of contracts with consultants.

(iv) Construction

Nothing in this paragraph shall be construed as requiring an extended or partial extended survey as a prerequisite to imposing a sanction against a facility under subsection (h) of this section on the basis of findings in a standard survey.

(C) Survey protocol

Standard and extended surveys shall be conducted—

(i) based upon a protocol which the Secretary has developed, tested, and validated by not later than January 1, 1990, and

(ii) by individuals, of a survey team, who meet such minimum qualifications as the Secretary establishes by not later than such date.

The failure of the Secretary to develop, test, or validate such protocols or to establish such minimum qualifications shall not relieve any State of its responsibility (or the Secretary’s responsibility) to conduct surveys under this subsection.

(D) Consistency of surveys

Each State and the Secretary shall implement programs to measure and reduce inconsistency in the application of survey results among surveyors.

(E) Survey teams

(i) In general

Surveys under this subsection shall be conducted by a multidisciplinary team of professionals (including a registered professional nurse).

(ii) Prohibition of conflicts of interest

A State may not use as a member of a survey team under this subsection an individual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the facility surveyed respecting compliance with the requirements of subsections (b), (c), and (d) of this section, or who has a personal or familial financial interest in the facility being surveyed.

(iii) Training

The Secretary shall provide for the comprehensive training of State and Federal surveyors in the conduct of standard and extended surveys under this subsection, including the auditing of resident assessments and plans of care. No individual shall serve as a member of a survey team unless the individual has successfully completed a training and testing program in survey and certification techniques that has been approved by the Secretary.

(3) Validation surveys

(A) In general

The Secretary shall conduct onsite surveys of a representative sample of skilled nursing facilities in each State, within 2 months of the date of surveys conducted under paragraph (2) by the State, in a sufficient number to allow inferences about the adequacies of each State’s surveys conducted under paragraph (2). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under paragraph (2). If the State has determined that an individual skilled nursing facility meets the requirements of subsections (b), (c), and (d) of this section, but the Secretary determines that the facility does not meet such requirements, the Secretary’s determination as to the facility’s noncompliance with such requirements is binding and supersedes that of the State survey.

(B) Scope

With respect to each State, the Secretary shall conduct surveys under subparagraph (A) each year with respect to at least 5 percent of the number of skilled nursing facilities surveyed by the State in the year, but in no case less than 5 skilled nursing facilities in the State.

(C) Remedies for substandard performance

If the Secretary finds, on the basis of such surveys, that a State has failed to perform surveys as required under paragraph (2) or that a State’s survey and certification performance otherwise is not adequate, the Secretary shall provide for an appropriate remedy, which may include the training of survey teams in the State.

(D) Special surveys of compliance

Where the Secretary has reason to question the compliance of a skilled nursing facility with any of the requirements of subsections (b), (c), and (d) of this section, the Secretary may conduct a survey of the facility and, on the basis of that survey, make independent and binding determinations concerning the extent to which the skilled nursing facility meets such requirements.

(4) Investigation of complaints and monitoring compliance

Each State shall maintain procedures and adequate staff to—

(A) investigate complaints of violations of requirements by skilled nursing facilities, and

(B) monitor, on-site, on a regular, as needed basis, a skilled nursing facility’s compliance with the requirements of subsections (b), (c), and (d) of this section, if—
§ 1395i–3

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 2450

(i) the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;

(ii) the facility was previously found not to be in compliance with such requirements, has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or

(iii) the State has reason to question the compliance of the facility with such requirements.

A State may maintain and utilize a specialized team (including an attorney, an auditor, and appropriate health care professionals) for the purpose of identifying, surveying, gathering and preserving evidence, and carrying out appropriate enforcement actions against substandard skilled nursing facilities.

(5) Disclosure of results of inspections and activities

(A) Public information

Each State, and the Secretary, shall make available to the public—

(i) information respecting all surveys and certifications made respecting skilled nursing facilities, including statements of deficiencies, within 14 calendar days after such information is made available to those facilities, and approved plans of correction,

(ii) copies of cost reports of such facilities filed under this subchapter or subchapter XIX of this chapter,

(iii) copies of statements of ownership under section 1320a–3 of this title, and

(iv) information disclosed under section 1326a–5 of this title.

(B) Notice to ombudsman

Each State shall notify the State long-term care ombudsman (established under title III or VII of the Older Americans Act of 1965 [42 U.S.C. 3021 et seq., 3058 et seq.] in accordance with section 712 of the Act [42 U.S.C. 3058g(b)] of the State’s findings of noncompliance with any of the requirements of subsections (b), (c), and (d) of this section, or of any adverse action taken with respect to a skilled nursing facility under paragraph (1), (2), or (4) of subsection (h) of this section, with respect to a skilled nursing facility in the State.

(C) Notice to physicians and skilled nursing facility administrator licensing board

If a State finds that a skilled nursing facility has provided substandard quality of care, the State shall notify—

(i) the attending physician of each resident with respect to which such finding is made, and

(ii) the State board responsible for the licensing of the skilled nursing facility administrator at the facility.

(D) Access to fraud control units

Each State shall provide its State medicaid fraud and abuse control unit (established under section 1396b(q) of this title) with access to all information of the State agency responsible for surveys and certifications under this subsection.

(E) Submission of survey and certification information to the Secretary

In order to improve the timeliness of information made available to the public under subparagraph (A) and provided on the Nursing Home Compare Medicare website under subsection (i), each State shall submit information respecting any survey or certification made respecting a skilled nursing facility (including any enforcement actions taken by the State) to the Secretary not later than the date on which the State sends such information to the facility. The Secretary shall use the information submitted under the preceding sentence to update the information provided on the Nursing Home Compare Medicare website as expeditiously as practicable but not less frequently than quarterly.

(h) Enforcement process

(1) In general

If a State finds, on the basis of a standard, extended, or partial extended survey under subsection (g)(2) of this section or otherwise, that a skilled nursing facility no longer meets a requirement of subsection (b), (c), or (d) of this section, and further finds that the facility’s deficiencies—

(A) immediately jeopardize the health or safety of its residents, the State shall recommend to the Secretary that the Secretary take such action as described in paragraph (2)(A)(i); or

(B) do not immediately jeopardize the health or safety of its residents, the State may recommend to the Secretary that the Secretary take such action as described in paragraph (2)(A)(i).

If a State finds that a skilled nursing facility meets the requirements of subsections (b), (c), and (d) of this section, but, as of a previous period, did not meet such requirements, the State may recommend a civil money penalty under paragraph (2)(B)(i) for the days in which it finds that the facility was not in compliance with such requirements.

(2) Secretarial authority

(A) In general

With respect to any skilled nursing facility in a State, if the Secretary finds, or pursuant to a recommendation of the State under paragraph (1) finds, that a skilled nursing facility no longer meets a requirement of subsection (b), (c), (d), or (e) of this section, and further finds that the facility’s deficiencies—

(i) immediately jeopardize the health or safety of its residents, the Secretary shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in subparagraph (B)(iii), or terminate the facility’s participation under this subchapter and may provide, in addition, for one or more of the other remedies described in subparagraph (B); or
(ii) do not immediately jeopardize the health or safety of its residents, the Secretary may impose any of the remedies described in subparagraph (B).

Nothing in this subparagraph shall be construed as restricting the remedies available to the Secretary to remedy a skilled nursing facility’s deficiencies. If the Secretary finds, or pursuant to the recommendation of the State under paragraph (1) finds, that a skilled nursing facility meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subparagraph (B)(ii) for the days on which he finds that the facility was not in compliance with such requirements.

(B) Specified remedies

The Secretary may take the following actions with respect to a finding that a facility has not met an applicable requirement:

(i) Denial of payment

The Secretary may deny any further payments under this subchapter with respect to all individuals entitled to benefits under this subchapter in the facility or with respect to such individuals admitted to the facility after the effective date of the finding.

(ii) Authority with respect to civil money penalties

(I) In general

Subject to subclause (II), the Secretary may impose a civil money penalty in an amount not to exceed $10,000 for each day of noncompliance. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(II) Reduction of civil money penalties in certain circumstances

Subject to subclause (III), in the case where a facility self-reports and promptly corrects a deficiency for which a penalty was imposed under this clause not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

(III) Prohibitions on reduction for certain deficiencies

(aa) Repeat deficiencies

The Secretary may not reduce the amount of a penalty under subclause (II) if the Secretary had reduced a penalty imposed on the facility in the preceding year under such subclause with respect to a repeat deficiency.

(bb) Certain other deficiencies

The Secretary may not reduce the amount of a penalty under subclause (II) if the penalty is imposed on the facility for a deficiency that is found to result in a pattern of harm or widespread harm, immediately jeopardizes the health or safety of a resident or residents of the facility, or results in the death of a resident of the facility.

(IV) Collection of civil money penalties

In the case of a civil money penalty imposed under this clause, the Secretary shall issue regulations that—

(aa) subject to item (cc), not later than 30 days after the imposition of the penalty, provide for the facility to have the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;

(bb) in the case where the penalty is imposed for each day of noncompliance, provide that a penalty may not be imposed for any day during the period beginning on the initial day of the imposition of the penalty and ending on the day on which the informal dispute resolution process under item (aa) is completed;

(cc) may provide for the collection of such civil money penalty and the placement of such amounts collected in an escrow account under the direction of the Secretary on the earlier of the date on which the informal dispute resolution process under item (aa) is completed or the date that is 90 days after the date of the imposition of the penalty;

(dd) may provide that such amounts collected are kept in such account pending the resolution of any subsequent appeals;

(ee) in the case where the facility successfully appeals the penalty, may provide for the return of such amounts collected (plus interest) to the facility; and

(ff) in the case where all such appeals are unsuccessful, may provide that some portion of such amounts collected may be used to support activities that benefit residents, including assistance to support and protect residents of a facility that closes (voluntarily or involuntarily) or is decertified (including offsetting costs of relocating residents to home and community-based settings or another facility), projects that support resident and family councils and other consumer involvement in assuring quality care in facilities, and facility improvement initiatives approved by the Secretary (including joint training of facility staff and surveyors, technical assistance for facilities implementing quality assurance programs, the appointment of temporary management firms, and other activities approved by the Secretary).
§ 1395i–3

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 2452

(iii) Appointment of temporary management

In consultation with the State, the Secretary may appoint temporary management to oversee the operation of the facility and to assure the health and safety of the facility’s residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d) of this section.

The temporary management under this clause shall not be terminated under subclause (II) until the Secretary has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d) of this section.

The Secretary shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the Secretary may provide for other specified remedies, such as directed plans of correction.

(C) Continuation of payments pending remediation

The Secretary may continue payments, over a period of not longer than 6 months after the effective date of the findings, under this subchapter with respect to a skilled nursing facility not in compliance with a requirement of subsection (b), (c), or (d) of this section, if—

(i) the State survey agency finds that it is more appropriate to take alternative action to assure compliance of the facility with the requirements than to terminate the certification of the facility,

(ii) the State has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action, and

(iii) the facility agrees to repay to the Federal Government payments received under this subparagraph if the corrective action is not taken in accordance with the approved plan and timetable.

The Secretary shall establish guidelines for approval of corrective actions requested by States under this subparagraph.

(D) Assuring prompt compliance

If a skilled nursing facility has not complied with any of the requirements of subsections (b), (c), and (d) of this section, within 3 months after the date the facility is found to be out of compliance with such requirements, the Secretary shall impose the remedy described in subparagraph (B)(i) for all individuals who are admitted to the facility after such date.

(E) Repeated noncompliance

In the case of a skilled nursing facility which, on 3 consecutive standard surveys conducted under subsection (g)(2) of this section, has been found to have provided substandard quality of care, the Secretary shall (regardless of what other remedies are provided)—

(i) impose the remedy described in subparagraph (B)(i), and

(ii) monitor the facility under subsection (g)(4)(B) of this section, until the facility has demonstrated, to the satisfaction of the Secretary, that it is in compliance with the requirements of subsections (b), (c), and (d) of this section, and that it will remain in compliance with such requirements.

(3) Effective period of denial of payment

A finding to deny payment under this subsection shall terminate when the Secretary finds that the facility is in substantial compliance with all the requirements of subsections (b), (c), and (d) of this section.

(4) Immediate termination of participation for facility where Secretary finds noncompliance and immediate jeopardy

If the Secretary finds that a skilled nursing facility has not met a requirement of subsection (b), (c), or (d) of this section, and finds that the failure immediately jeopardizes the health or safety of its residents, the Secretary shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(B)(iii), or the Secretary, subject to section 1320a–7(h) of this title, shall terminate the facility’s participation under this subchapter. If the facility’s participation under this subchapter is terminated, the State shall provide for the safe and orderly transfer of the residents eligible under this subchapter consistent with the requirements of subsection (c)(2) and section 1320a–7(h) of this title.

(5) Construction

The remedies provided under this subsection are in addition to those otherwise available under State or Federal law and shall not be construed as limiting such other remedies, including any remedy available to an individual at common law. The remedies described in clauses (i), (ii)(IV), and (iii) of paragraph (2)(B) may be imposed during the pendency of any hearing.

(6) Sharing of information

Notwithstanding any other provision of law, all information concerning skilled nursing facilities required by this section to be filed with the Secretary or a State agency shall be made available by such facilities to Federal or State employees for purposes consistent with the effective administration of programs established under this subchapter and subchapter XIX of this chapter, including investigations by State medicaid fraud control units.

L. 103–432 directed Comptroller General to submit to Congress, not later than 2 years after Oct. 31, 1994, reports on application of requirements under subsection (d) of this section that rural primary care hospitals provide inpatient care only to those individuals whose attending physicians certify may reasonably be expected to be discharged within 72 hours after admission and maintain average length of inpatient stay during a year that does not exceed 72 hours, and extent to which such requirements have resulted in such hospitals providing inpatient care beyond their capabilities or have limited ability of such hospitals to provide needed services.

§ 1395i–5. Conditions for coverage of religious nonmedical health care institutional services

(a) In general

Subject to subsections (c) and (d) of this section, payment under this part may be made for inpatient hospital services or post-hospital extended care services furnished an individual who is a resident in a hospital or skilled nursing facility, or receiving services from a home health agency, that was not such an institution.

(b) Election

(1) In general

An individual may make an election under this subsection in a form and manner specified by the Secretary consistent with this subsection. Unless otherwise provided, such an election shall take effect immediately upon its execution. Such an election, once made, shall continue in effect until revoked.

(2) Form

The election form under this subsection shall include the following:

(A) A written statement, signed by the individual (or such individual’s legal representative), that—
   (i) the individual is conscientiously opposed to acceptance of nonexcepted medical treatment; and
   (ii) the individual’s acceptance of nonexcepted medical treatment would be inconsistent with the individual’s sincere religious beliefs.

(B) A statement that the receipt of nonexcepted medical services shall constitute a revocation of the election and may limit further receipt of services described in subsection (a) of this section.

(3) Revocation

An election under this subsection by an individual may be revoked by voluntarily notifying the Secretary in writing of such revocation and shall be deemed to be revoked if the individual receives nonexcepted medical treatment for which reimbursement is made under this subchapter.

(4) Limitation on subsequent elections

Once an individual’s election under this subsection has been made and revoked twice—

(A) the next election may not become effective until the date that is 1 year after the date of most recent previous revocation, and

(B) any succeeding election may not become effective until the date that is 5 years after the date of the most recent previous revocation.

(5) Excepted medical treatment

For purposes of this subsection:

(A) Excepted medical treatment

The term “excepted medical treatment” means medical care or treatment (including medical and other health services)—

(i) received involuntarily, or

(ii) required under Federal or State law or law of a political subdivision of a State.

(B) Nonexcepted medical treatment

The term “nonexcepted medical treatment” means medical care or treatment (including medical and other health services) other than excepted medical treatment.

(c) Monitoring and safeguard against excessive expenditures

(1) Estimate of expenditures

Before the beginning of each fiscal year (beginning with fiscal year 2000), the Secretary shall estimate the level of expenditures under this part for services described in subsection (a) of this section for that fiscal year.

(2) Adjustment in payments

(A) Proportional adjustment

If the Secretary determines that the level estimated under paragraph (1) for a fiscal year will exceed the trigger level (as defined in subparagraph (C)) for that fiscal year, the Secretary shall, subject to subparagraph (B), provide for a proportional reduction in payment amounts under this part for services described in subsection (a) of this section for the fiscal year involved as will assure that such level (taking into account any adjustment under subparagraph (B)) does not exceed the trigger level for that fiscal year.

(B) Alternative adjustments

The Secretary may, instead of making some or all of the reduction described in subparagraph (A), impose such other conditions or limitations with respect to the coverage of covered services (including limitations on new elections of coverage and new facilities) as may be appropriate to reduce the level of expenditures described in paragraph (1) to the trigger level.

(C) Trigger level

For purposes of this subsection—

(i) In general

Subject to adjustment under subparagraph (3)(B), the “trigger level” for a year is the...
unadjusted trigger level described in clause (ii).

(ii) Unadjusted trigger level

The “unadjusted trigger level” for—
(I) fiscal year 1998, is $20,000,000, or
(II) a succeeding fiscal year is the amount specified under this clause for the previous fiscal year increased by the percentage increase in the consumer price index for all urban consumers (all items; United States city average) for the 12-month period ending with July preceding the beginning of the fiscal year.

(D) Prohibition of administrative and judicial review

There shall be no administrative or judicial review under section 1395f of this title, 1395gg of this title, or otherwise of the estimation of expenditures under subparagraph (A) or the application of reduction amounts under subparagraph (B).

(E) Effect on billing

Notwithstanding any other provision of this subchapter, in the case of a reduction in payment provided under this subsection for services of a religious nonmedical health care institution provided to an individual, the amount that the institution is otherwise permitted to charge the individual for such services is increased by the amount of such reduction.

(3) Monitoring expenditure level

(A) In general

The Secretary shall monitor the expenditure level described in paragraph (2)(A) for each fiscal year (beginning with fiscal year 1999).

(B) Adjustment in trigger level

(i) In general

If the Secretary determines that such level for a fiscal year exceeded, or was less than, the trigger level for that fiscal year, then, subject to clause (ii), the trigger level for the succeeding fiscal year shall be reduced, or increased, respectively, by the amount of such excess or deficit.

(ii) Limitation on carryforward

In no case may the increase effected under clause (i) for a fiscal year exceed $50,000,000.

(d) Sunset

If the Secretary determines that the level of expenditures described in subsection (c)(1) of this section for 3 consecutive fiscal years (with the first such year being not earlier than fiscal year 2002) exceeds the trigger level for such expenditures for such years (as determined under subsection (c)(2) of this section), benefits shall be paid under this part for services described in subsection (a) of this section and furnished on or after the first January 1 that occurs after such 3 consecutive years only with respect to an individual who has an election in effect under subsection (b) of this section as of such January 1 and only during the duration of such election.

(e) Annual report

At the beginning of each fiscal year (beginning with fiscal year 1999), the Secretary shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate an annual report on coverage and expenditures for services described in subsection (a) of this section under this part and under State plans under subchapter XIX of this chapter.

Subclause (I) shall not apply in a year where the adjustment to the fee schedules determined under clause (i) is 0.0 or a percentage decrease for a year. The application of the productivity adjustment under subclause (I) shall not result in an adjustment to the fee schedules under clause (i) being less than 0.0 for a year. The application of subclause (II) may result in an adjustment to the fee schedules under clause (i) being less than 0.0 for a year, and may result in payment rates for a year being less than such payment rates for the preceding year.

(B) The Secretary may make further adjustments or exceptions to the fee schedules to assure adequate reimbursement of—

(i) emergency laboratory tests needed for the provision of bona fide emergency services, and (ii) certain low volume high-cost tests where highly sophisticated equipment or extremely skilled personnel are necessary to assure quality.

(3) In addition to the amounts provided under the fee schedules, the Secretary shall provide for and establish—

(A) a nominal fee to cover the appropriate costs in collecting the sample on which a clinical diagnostic laboratory test was performed and for which payment is made under this part, except that not more than one such fee may be provided under this paragraph with respect to samples collected in the same encounter, and

(B) a fee to cover the transportation and personnel expenses for trained personnel to travel to the location of an individual to collect the sample, except that such a fee may be provided only with respect to an individual who is homebound or an inpatient in an inpatient facility (other than a hospital). In establishing a fee to cover the transportation and personnel expenses for trained personnel to travel to the location of an individual to collect a sample, the Secretary shall provide a method for computing the fee based on the number of miles traveled and the personnel costs associated with the collection of each individual sample, but the Secretary shall only be required to apply such method in the case of tests furnished during the period beginning on April 1, 1989, and ending on December 31, 1990, by a laboratory that establishes to the satisfaction of the Secretary (based on data for the 12-month period ending June 30, 1988) that (i) the laboratory is dependent upon payments under this subchapter for at least 80 percent of its collected revenues for clinical diagnostic laboratory tests, (ii) at least 85 percent of its gross revenues for such tests are attributable to tests performed with respect to individuals who are homebound or who are residents in a nursing facility, and (iii) the laboratory provided such tests for residents in nursing facilities representing at least 20 percent of the number of such facilities in the State in which the laboratory is located.

(4)(A) In establishing any fee schedule under this subsection, the Secretary may provide for an adjustment to take into account, with respect to the portion of the expenses of clinical diagnostic laboratory tests attributable to wages, the relative difference between a region’s or local area’s wage rates and the wage rate presumed in the data on which the schedule is based.

(B) For purposes of subsections (a)(1)(D)(i) and (a)(2)(D)(i) of this section, the limitation amount for a clinical diagnostic laboratory test performed—

(i) on or after July 1, 1986, and before April 1, 1988, is equal to 115 percent of the median of all the fee schedules established for that test for that laboratory setting under paragraph (1),

(ii) after March 31, 1988, and before January 1, 1990, is equal to the median of all the fee schedules established for that test for that laboratory setting under paragraph (1),

(iii) after December 31, 1989, and before January 1, 1991, is equal to 93 percent of the median of all the fee schedules established for that test for that laboratory setting under paragraph (1),

(iv) after December 31, 1990, and before January 1, 1994, is equal to 88 percent of such median,

(v) after December 31, 1993, and before January 1, 1995, is equal to 84 percent of such median,

(vi) after December 31, 1994, and before January 1, 1996, is equal to 80 percent of such median,

(vii) after December 31, 1995, and before January 1, 1998, is equal to 76 percent of such median, and

(viii) after December 31, 1997, is equal to 74 percent of such median (or 100 percent of such median in the case of a clinical diagnostic laboratory test performed on or after January 1, 2001, that the Secretary determines is a new test for which no limitation amount has previously been established under this subparagraph).

(5)(A) In the case of a bill or request for payment for a clinical diagnostic laboratory test for which payment may otherwise be made under this part on an assignment-related basis or under a provider agreement under section 1395cc of this title, payment may be made only to the
person or entity which performed or supervised the performance of such test; except that—
(i) if a physician performed or supervised the performance of such test, payment may be made to another physician with whom he shares his practice.
(ii) in the case of a test performed at the request of a laboratory by another laboratory, payment may be made to the referring laboratory but only if—
(I) the referring laboratory is located in, or is part of, a rural hospital,
(II) the referring laboratory is wholly owned by the entity performing such test, the referring laboratory wholly owns the entity, or both the referring laboratory and the entity performing such test are wholly-owned by a third entity, or
(III) not more than 30 percent of the clinical diagnostic laboratory tests for which such referring laboratory (but not including a laboratory described in subclause (II)) receives requests for testing during the year in which the test is performed are performed by another laboratory, and
(iii) in the case of a clinical diagnostic laboratory test provided under an arrangement (as defined in section 1395x(w)(1) of this title) made by a hospital, critical access hospital, or skilled nursing facility, payment shall be made to the hospital or skilled nursing facility.
(B) In the case of such a bill or request for payment for a clinical diagnostic laboratory test for which payment may otherwise be made under this part, and which is not described in subparagraph (A), payment may be made to the beneficiary only on the basis of the itemized bill of the person or entity which performed or supervised the performance of the test.
(C) Payment for a clinical diagnostic laboratory test, including a test performed in a physician's office but excluding a test performed by a rural health clinic may only be made on an assignment-related basis or to a provider of services with an agreement in effect under section 1395x(cc) of this title.
(D) A person may not bill for a clinical diagnostic laboratory test, including a test performed in a physician's office but excluding a test performed by a rural health clinic may only be made on an assignment-related basis or to a provider of services with an agreement in effect under section 1395x(cc) of this title.

(6) In the case of any diagnostic laboratory test payment for which is not made on the basis

of a fee schedule under paragraph (1), the Secretary may establish a payment rate which is acceptable to the person or entity performing the test and which would be considered the full charge for such tests. Such negotiated rate shall be limited to an amount not in excess of the total payment that would have been made for the services in the absence of such rate.

(7) Notwithstanding paragraphs (1) and (4), the Secretary shall establish a national minimum payment amount under this subsection for a diagnostic or screening pap smear laboratory test (including all cervical cancer screening technologies that have been approved by the Food and Drug Administration as a primary screening method for detection of cervical cancer) equal to $14.60 for tests furnished in 2000. For such tests furnished in subsequent years, such national minimum payment amount shall be adjusted annually as provided in paragraph (2).

(8)(A) The Secretary shall establish by regulation procedures for determining the basis for, and amount of, payment under this subsection for any clinical diagnostic laboratory test with respect to which a new or substantially revised HCPCS code is assigned on or after January 1, 2005 (in this paragraph referred to as “new tests”).

(B) Determinations under subparagraph (A) shall be made only after the Secretary—
(i) makes available to the public (through an Internet website and other appropriate mechanisms) a list that includes any such test for which establishment of a payment amount under this subsection is being considered for a year;
(ii) on the same day such list is made available, causes to have published in the Federal Register notice of a meeting to receive comments and recommendations (and data on which recommendations are based) from the public on the appropriate basis under this subsection for establishing payment amounts for the tests on such list;
(iii) not less than 30 days after publication of such notice convenes a meeting, that includes representatives of officials of the Centers for Medicare & Medicaid Services involved in determining payment amounts, to receive such comments and recommendations (and data on which the recommendations are based);
(iv) taking into account the comments and recommendations (and accompanying data) received at such meeting, develops and makes available to the public (through an Internet website and other appropriate mechanisms) a list of proposed determinations with respect to the appropriate basis for establishing a payment amount under this subsection for each such code, together with an explanation of the reasons for each such determination, the data on which the determinations are based, and a request for public written comments on the proposed determination; and
(v) taking into account the comments received during the public comment period, develops and makes available to the public (through an Internet website and other appropriate mechanisms) a list of final determinations of the payment amounts for such tests under this subsection, together with the ra-
tions for each such determination, the data on which the determinations are based, and responses to comments and suggestions received from the public.

(C) Under the procedures established pursuant to subparagraph (A), the Secretary shall—
(i) set forth the criteria for making determinations under subparagraph (A); and
(ii) make available to the public the data (other than proprietary data) considered in making such determinations.

(D) The Secretary may convene such further public meetings to receive public comments on payment amounts for new tests under this subsection as the Secretary deems appropriate.

(E) For purposes of this paragraph:
(i) The term ‘HCPCS’ refers to the Health Care Procedure Coding System.
(ii) A code shall be considered to be ‘substantially revised’ if there is a substantive change to the definition of the test or procedure to which the code applies (such as a new analyte or a new methodology for measuring an existing analyte-specific test).

(9) Notwithstanding any other provision in this part, in the case of any diagnostic laboratory test for HbA1c that is labeled by the Food and Drug Administration for home use and is furnished on or after April 1, 2008, the payment rate for such test shall be the payment rate established under this part for a glycated hemoglobin test (identified as of October 1, 2007, by HCPCS code E8568 and any succeeding codes).

(i) Outpatient surgery

(1) The Secretary shall, in consultation with appropriate medical organizations—
(A) specify those surgical procedures which are appropriately (when considered in terms of the proper utilization of hospital inpatient facilities) performed on an inpatient basis in a hospital but which also can be performed safely on an ambulatory basis in an ambulatory surgical center (meeting the standards specified under section 1395k(a)(2)(F)(i) of this title), critical access hospital, or hospital outpatient department, and
(B) specify those surgical procedures which are appropriately (when considered in terms of the proper utilization of hospital inpatient facilities) performed on an inpatient basis in a hospital but which also can be performed safely on an ambulatory basis in a physician’s office.

The lists of procedures established under subparagraphs (A) and (B) shall be reviewed and updated not less often than every 2 years, in consultation with appropriate trade and professional organizations.

(2)(A) For services furnished prior to the implementation of the system described in subparagraph (D), subject to subparagraph (E), the amount of payment to be made for facility services furnished in connection with a surgical procedure specified pursuant to paragraph (1)(A) and furnished to an individual in an ambulatory surgical center described in such paragraph shall be equal to 80 percent of a standard overhead amount established by the Secretary (with respect to each such procedure) on the basis of the Secretary’s estimate of a fair fee which—
(i) takes into account the costs incurred by such centers, or classes of centers, generally in providing services furnished in connection with the performance of such procedure, as determined in accordance with a survey (based upon a representative sample of procedures and facilities) of the actual audited costs incurred by such centers in providing such services.
(ii) takes such costs into account in such a manner as will assure that the performance of the procedure in such a center will result in substantially less amounts paid under this subchapter than would have been paid if the procedure had been performed on an inpatient basis in a hospital, and
(iii) in the case of insertion of an intraocular lens during or subsequent to cataract surgery includes payment which is reasonable and related to the cost of acquiring the class of lens involved.

Each amount so established shall be reviewed and updated not later than July 1, 1987, and annually thereafter to take account of varying conditions in different areas.

(B) The amount of payment to be made under this part for facility services furnished, in connection with a surgical procedure specified pursuant to paragraph (1)(B), in a physician’s office shall be equal to 80 percent of a standard overhead amount established by the Secretary (with respect to each such procedure) on the basis of the Secretary’s estimate of a fair fee which—
(i) takes into account the costs incurred by physicians in securing, maintaining, and staffing the facilities and ancillary services appropriate for the performance of such procedure in the physician’s office, and
(ii) takes such items into account in such a manner which will assure that the performance of such procedure in the physician’s office will result in substantially less amounts paid under this subchapter than would have been paid if the services had been furnished on an inpatient basis in a hospital.

Each amount so established shall be reviewed and updated not later than July 1, 1987, and annually thereafter to take account of varying conditions in different areas.

(C)(i) Notwithstanding the second sentence of each of subparagraphs (A) and (B), except as otherwise specified in clauses (ii), (iii), and (iv), if the Secretary has not updated amounts established under such subparagraphs or under subparagraph (D), with respect to facility services furnished during a fiscal year (beginning with fiscal year 1986 or a calendar year (beginning with 2006)), such amounts shall be increased by the percentage increase in the Consumer Price Index for all urban consumers (U.S. city average) as estimated by the Secretary for the 12-month period ending with the midpoint of the year involved.
(ii) In each of the fiscal years 1998 through 2002, the increase under this subparagraph shall be reduced (but not below zero) by 2.0 percentage points.
(iii) In fiscal year 2004, beginning with April 1, 2004, the increase under this subparagraph shall
be the Consumer Price Index for all urban consumers (U.S. city average) as estimated by the Secretary for the 12-month period ending with March 31, 2003, minus 3.0 percentage points.

In fiscal year 2005, the last quarter of calendar year 2005, and each of calendar years 2006 through 2009, the increase under this subparagraph shall be 0 percent.

(D)(i) Taking into account the recommendations in the report under section 1395ww(b)(6) of Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the Secretary shall implement a revised payment system for payment of surgical services furnished in ambulatory surgical centers.

The year the system described in clause (i) is implemented, such system shall be designed to result in the same aggregate amount of expenditures for such services as would be made if this subparagraph did not apply, as estimated by the Secretary and taking into account reduced payment rates for the preceding year if subparagraph (E) were to continue to apply, as estimated by the Secretary.

(iii) The Secretary shall implement the system described in clause (i) for periods in a manner so that it is first effective beginning on or after January 1, 2006, and not later than January 1, 2008.

(iv) The Secretary may implement such system in a manner so as to provide for a reduction in any annual update for failure to report on quality measures in accordance with paragraph (7).

(v) In implementing the system described in clause (i) for 2011 and each subsequent year, any annual update under such system for the year, after application of clause (iv), shall be reduced by the productivity adjustment described in section 1395ww(b)(3)(B)(x)(I) of this title. The application of the preceding sentence may result in such update being less than 0.0 for a year, and may result in payment rates under the system described in clause (i) for a year being less than such payment rates for the preceding year.

(vi) There shall be no administrative or judicial review under section 1395ff, 1395oo of this title, or otherwise, of the classification system, the relative weights, payment amounts, and the geographic adjustment factor, if any, under this subparagraph.

(E) With respect to surgical procedures furnished on or after January 1, 2007, and before the effective date of the implementation of a revised payment system under subparagraph (D), if—

(i) the standard overhead amount under subparagraph (A) for a facility service for such procedure, without the application of any geographic adjustment, exceeds

(ii) the Medicare OPP fee schedule amount established under the prospective payment system for hospital outpatient department services under paragraph (3)(D) of subsection (t) for such service for such year, determined without regard to geographic adjustment under paragraph (2)(D) of such subsection,

the Secretary shall substitute under subparagraph (A) the amount described in clause (ii) for the standard overhead amount for such service referred to in clause (i).

(3)(A) The aggregate amount of the payments to be made under this part for outpatient hospital facility services or critical access hospital services furnished before January 1, 1999, in connection with surgical procedures specified under paragraph (1)(A) shall be equal to the lesser of—

(i) the amount determined with respect to such services under subsection (a)(3)(B) of this section; or

(ii) the blend amount (described in subparagraph (B)).

(B)(i) The blend amount for a cost reporting period is the sum of—

(I) the cost proportion (as defined in clause (ii)(I)) of the amount described in subparagraph (A)(i), and

(ii) the ASC proportion (as defined in clause (ii)(II)) of the standard overhead amount payable with respect to the same surgical procedure as if it were provided in an ambulatory surgical center in the same area, as determined under paragraph (2)(A), less the amount a provider may charge as described in clause (ii) of section 1395ccc(a)(2)(A) of this title.

(ii) Subject to paragraph (4), in this paragraph:

(I) The term “cost proportion” means 75 percent for cost reporting periods beginning in fiscal year 1988, 50 percent for portions of cost reporting periods beginning on or after October 1, 1988, and ending on or before December 31, 1990, and 42 percent for portions of cost reporting periods beginning on or after January 1, 1991.

(II) The term “ASC proportion” means 25 percent for cost reporting periods beginning in fiscal year 1988, 50 percent for portions of cost reporting periods beginning on or after October 1, 1988, and ending on or before December 31, 1990, and 58 percent for portions of cost reporting periods beginning on or after January 1, 1991.

(4)(A) In the case of a hospital that—

(i) makes application to the Secretary and demonstrates that it specializes in eye services or eye and ear services (as determined by the Secretary),

(ii) receives more than 30 percent of its total revenues from outpatient services, and

(iii) on October 1, 1987—

(I) was an eye specialty hospital or an eye and ear specialty hospital; or

(II) was operated as an eye or eye and ear unit (as defined in subparagraph (B)) of a general acute care hospital which, on the date of the application described in clause (i), operates less than 20 percent of the beds that the hospital operated on October 1, 1987, and has sold or otherwise disposed of a substantial portion of the hospital’s other acute care operations.

the cost proportion and ASC proportion in effect under subclauses (I) and (II) of paragraph (3)(B)(ii) for cost reporting periods beginning in fiscal year 1988 shall remain in effect for cost reporting periods beginning on or after October 1, 1988, and before January 1, 1995.

(B) For purposes of this paragraph (3)(A)(iii)(II), the term “eye or eye and ear unit” means a physically separate or distinct unit
containing separate surgical suites devoted solely to eye or eye and ear services.

(5)(A) The Secretary is authorized to provide by regulations that in the case of a surgical procedure, specified by the Secretary pursuant to paragraph (1)(A), performed in an ambulatory surgical center described in such paragraph, there shall be paid (in lieu of any amounts otherwise payable under this part) with respect to the facility services furnished by such center and with respect to all related services (including physicians' services, laboratory, X-ray, and diagnostic services) a single all-inclusive fee established pursuant to subparagraph (B), if all parties furnishing all such services agree to accept such fee (to be divided among the parties involved in such manner as they have previously agreed upon) as full payment for the services furnished.

(B) In implementing this paragraph, the Secretary shall establish with respect to each surgical procedure specified pursuant to paragraph (1)(A) the amount of the all-inclusive fee for such procedure, taking into account such factors as may be appropriate. The amount so established with respect to any surgical procedure shall be reviewed periodically and may be adjusted by the Secretary, when appropriate, to take account of varying conditions in different areas.

(6) Any person, including a facility having an agreement under section 1395k(a)(2)(F)(i) of this title, who knowingly and willfully presents, or causes to be presented, a bill or request for payment, for an intraocular lens inserted during or subsequent to cataract surgery for which payment, for an intraocular lens inserted during or subsequent to cataract surgery for which payment may be made under paragraph (2)(A)(iii), is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the provision of this paragraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(7)(A) For purposes of paragraph (2)(D)(iv), the Secretary may provide, in the case of an ambulatory surgical center that does not submit, to the Secretary in accordance with this paragraph, data required to be submitted on measures selected under this paragraph with respect to a year, any annual increase provided under the system established under paragraph (2)(D) for such year shall be reduced by 2.0 percentage points. A reduction under this subparagraph shall apply only with respect to the year involved and the Secretary shall not take into account such reduction in computing any annual increase factor for a subsequent year.

(B) Except as the Secretary may otherwise provide, the provisions of subparagraphs (B), (C), (D), and (E) of paragraph (17) of subsection (t) shall apply with respect to services of ambulatory surgical centers under this paragraph in a similar manner to the manner in which they apply under such paragraph and, for purposes of this subparagraph, any reference to a hospital, outpatient setting, or outpatient hospital services is deemed a reference to an ambulatory surgical center, the setting of such a center, or services of such a center, respectively.

(j) Accrual of interest on balance of excess or deficit not paid

Whenever a final determination is made that the amount of payment made under this part either to a provider of services or to another person pursuant to an assignment under section 1395u(b)(9)(B)(i) of this title was in excess of or less than the amount of payment that should have been made (or effectuated by offset) within 30 days of the date of the determination, interest shall accrue on the balance of such excess or deficit not paid or offset (to the extent that the balance is owed by or owing to the provider) at a rate determined in accordance with the regulations of the Secretary of the Treasury applicable to charges for late payments.

(k) Hepatitis B vaccine

With respect to services described in section 1395k(x)(10)(B) of this title, the Secretary may provide, instead of the amount of payment otherwise provided under this part, for payment of such an amount or amounts as reasonably reflects the general cost of efficiently providing such services.

(l) Fee schedule for services of certified registered nurse anesthetists

(1)(A) The Secretary shall establish a fee schedule for services of certified registered nurse anesthetists under section 1395x(s)(11) of this title.

(B) In establishing the fee schedule under this paragraph the Secretary may utilize a system of time units, a system of base and time units, or any appropriate methodology.

(C) The provisions of this subsection shall not apply to certain services furnished in certain hospitals in rural areas under the provisions of section 9320(k) of the Omnibus Budget Reconciliation Act of 1986, as amended by section 6123 of the Omnibus Budget Reconciliation Act of 1988.

(2) Except as provided in paragraph (3), the fee schedule established under paragraph (1) shall be initially based on audited data from cost reporting periods ending in fiscal year 1985 and such other data as the Secretary determines necessary.

(3)(A) In establishing the initial fee schedule for those services, the Secretary shall adjust the fee schedule to the extent necessary to ensure that the estimated total amount which will be paid under this subchapter for those services plus applicable coinsurance in 1989 will equal the estimated total amount which would be paid under this subchapter in 1989 if the services were included as inpatient hospital services and payment for such services was made under part A of this subchapter in the same manner as payment was made in fiscal year 1987, adjusted to take into account changes in prices and technology relating to the administration of anesthesia.

(B) The Secretary shall also reduce the prevailing charge of physicians for medical direction of a certified registered nurse anesthetist, or the fee schedule for services of certified registered nurse anesthetists, or both, to the extent necessary to ensure that the estimated total amount which will be paid under this subchapter...
plus applicable coinsurance for such medical direction and such services in 1989 and 1990 will not exceed the estimated total amount which would have been paid plus applicable coinsurance but for the enactment of the amendments made by section 234 of the Omnibus Budget Reconciliation Act of 1986. A reduced prevailing charge under this subparagraph shall become the prevailing charge but for subsequent years for purposes of applying the economic index under the fourth sentence of section 1395u(b)(3) of this title.

(4)(A) Except as provided in subparagraphs (C) and (D), in determining the amount paid under the fee schedule under this subsection for services furnished on or after January 1, 1991, by a certified registered nurse anesthetist who is not medically directed—

(i) the conversion factor shall be—

(1) for services furnished in 1991, $15.50,
(2) for services furnished in 1992, $15.75,
(3) for services furnished in 1993, $16.00,
(4) for services furnished in 1994, $16.25,
(5) for services furnished in 1995, $16.50,
(6) for services furnished in 1996, $16.75,

and

(VII) for services furnished in calendar years after 1996, the previous year’s conversion factor increased by the update determined under section 1395w–4(d) of this title for physician anesthesia services for that year;

(ii) the payment areas to be used shall be the fee schedule areas used under section 1395w–4 of this title (or, in the case of services furnished during 1991, the localities used under section 1395u(b) of this title) for purposes of computing payments for physicians’ services that are anesthesia services;

(iii) the geographic adjustment factors to be applied to the conversion factor under clause (i) for services in a fee schedule area or locality are—

(I) in the case of services furnished in 1991, the geographic work index value and the geographic practice cost index value specified in section 1395u(q)(1)(B) of this title for physicians’ services that are anesthesia services furnished in the area or locality, and

(II) in the case of services furnished after 1991, the geographic work index value, the geographic practice cost index value, and the geographic malpractice index value used for determining payments for physicians’ services that are anesthesia services under section 1395w–4 of this title,

with 70 percent of the conversion factor treated as attributable to work and 30 percent as attributable to overhead for services furnished in 1991 (and the portions attributable to work, practice expenses, and malpractice expenses in 1992 and thereafter being the same as is applied under section 1395w–4 of this title).

(B)(i) Except as provided in clause (ii) and subparagraph (D), in determining the amount paid under the fee schedule under this subsection for services furnished on or after January 1, 1991, and before January 1, 1994, by a certified reg-

istered nurse anesthetist who is medically directed, the Secretary shall apply the same methodology specified in subparagraph (A).

(ii) The conversion factor used under clause (i) shall be—

(I) for services furnished in 1991, $10.50,
(II) for services furnished in 1992, $10.75, and
(III) for services furnished in 1993, $11.00.

(iii) In the case of services of a certified registered nurse anesthetist who is medically directed or medically supervised by a physician which are furnished on or after January 1, 1994, the fee schedule amount shall be one-half of the amount described in section 1395w–4(a)(5)(B) of this title with respect to the physician.

(C) Notwithstanding subclauses (I) through (V) of subparagraph (A)(i)—

(i) in the case of a 1990 conversion factor that is greater than $16.50, the conversion factor for a calendar year after 1990 and before 1996 shall be the 1990 conversion factor reduced by the product of the last digit of the calendar year and one-fifth of the amount by which the 1990 conversion factor exceeds $16.50; and

(ii) in the case of a 1990 conversion factor that is greater than $15.49 but less than $16.51, the conversion factor for a calendar year after 1990 and before 1996 shall be the greater of—

(I) the 1990 conversion factor, or
(II) the conversion factor specified in subparagraph (A)(i) for the year involved.

(D) Notwithstanding subparagraph (C), in no case may the conversion factor used to determine payment for services in a fee schedule area or locality under this subsection, as adjusted by the adjustment factors specified in subparagraphs (A)(iii), exceed the conversion factor used to determine the amount paid for physicians’ services that are anesthesia services in the area or locality.

(5)(A) Payment for the services of a certified registered nurse anesthetist (for which payment may otherwise be made under this part) may be made on the basis of a claim or request for payment presented by the certified registered nurse anesthetist furnishing such services, or by a hospital, critical access hospital, physician, group practice, or ambulatory surgical center with which the certified registered nurse anesthetist furnishing such services has an employment or contractual relationship that provides for payment to be made under this part for such services to such hospital, critical access hospital, physician, group practice, or ambulatory surgical center.

(B) No hospital or critical access hospital that presents a claim or request for payment for services of a certified nurse anesthetist under this part may treat any uncollected coinsurance amount imposed under this part with respect to such services as a bad debt of such hospital or critical access hospital for purposes of this subchapter.

(6) If an adjustment under paragraph (3)(B) results in a reduction in the reasonable charge for a physicians’ service and a nonparticipating physician furnishes the service to an individual entitled to benefits under this part after the ef-
(m) Incentive payments for physicians' services furnished in underserved areas

(1) In the case of physicians' services furnished in a year to an individual, who is covered under the insurance program established by this part and who incurs expenses for such services, in an area that is designated (under section 254e(a)(1)(A) of this title) as a health professional shortage area as identified by the Secretary prior to the beginning of such year, in addition to the amount otherwise paid under this part, there also shall be paid to the physician (or to an employer or facility in the cases described in clause (A) of section 1395u(b)(6) of this title) on a monthly or quarterly basis from the Federal Supplementary Medical Insurance Trust Fund an amount equal to 10 percent of the payment applicable under paragraph (1) in such areas.

(2) For each health professional shortage area identified in paragraph (1) that consists of an entire county, the Secretary shall provide for the additional payment under paragraph (1) without any requirement on the physician to identify the health professional shortage area involved. The Secretary may implement the previous sentence using the method specified in subsection (u)(4)(C) of this section.

(3) The Secretary shall post on the Internet website of the Centers for Medicare & Medicaid Services a list of the health professional shortage areas identified in paragraph (1) that consist of a partial county to facilitate the additional payment under paragraph (1) in such areas.

(4) There shall be no administrative or judicial review under section 1395f of this title, section 1395oo of this title, or otherwise, respecting—

(A) the identification of a county or area;

(B) the assignment of a specialty of any physician under this paragraph;

(C) the assignment of a physician to a county under this subsection; or

(D) the assignment of a postal ZIP Code to a county or other area under this subsection.

(n) Payments to hospital outpatient departments for radiology; amount; definitions

(1) The aggregate amount of the payments to be made for all or part of a cost reporting period for services described in subsection (a)(2)(E)(i) of this section furnished under this part on or after October 1, 1988, and before January 1, 1999, and for services described in subsection (a)(2)(E)(ii) of this section furnished under this part on or after October 1, 1989, and for services described in subsection (a)(2)(E)(ii) of this section furnished on or after April 1, 1989 and for services described in subsection (a)(2)(E)(ii) of this section furnished on or after January 1, 1992, the fee schedule amount established for participating physicians for the same services as if they were furnished in a physician's office in the same locality as determined under section 1395u(b) of this title (or, in the case of services furnished on or after January 1, 1992, under section 1395w–4 of this title), less the amount a provider may charge as described in clause (ii) of section 1395cc(a)(2)(A) of this title.

(ii) In this subparagraph:

(I) The term “cost proportion” means 50 percent, except that such term means 65 percent in the case of outpatient radiology services for portions of cost reporting periods which occur in fiscal year 1989 and in the case of diagnostic procedures described in subsection (a)(2)(E)(ii) of this section for portions of cost reporting periods which occur in fiscal year 1990, and such term means 42 percent in the case of outpatient radiology services for portions of cost reporting periods beginning on or after January 1, 1991.

(II) The term “charge proportion” means 100 percent minus the cost proportion.

(o) Limitation on benefit for payment for therapeutic shoes for individuals with severe diabetic foot disease

(1) In the case of shoes described in section 1395x(a)(12) of this title—

(A) no payment may be made under this part, with respect to any individual for any year, for the furnishing of—

(i) more than one pair of custom molded shoes (including inserts provided with such shoes) and 2 additional pairs of inserts for such shoes, or

(ii) more than one pair of extra-depth shoes (not including inserts provided with such shoes) and 3 pairs of inserts for such shoes, and

(B) with respect to expenses incurred in any calendar year, no more than the amount of payment applicable under paragraph (2) shall be considered as incurred expenses for purposes of subsections (a) and (b) of this section.

Payment for shoes (or inserts) under this part shall be considered to include payment for any expenses for the fitting of such shoes (or inserts).

(2)(A) Except as provided by the Secretary under subparagraphs (B) and (C), the amount of...
payment under this paragraph for custom molded shoes, extra-depth shoes, and inserts shall be the amount determined for such items by the Secretary under section 1395m(h) of this title.

(B) The Secretary may establish payment amounts for shoes and inserts that are lower than the amount established under section 1395m(h) of this title if the Secretary finds that shoes and inserts of an appropriate quality are readily available at or below the amount established under such section.

(C) In accordance with procedures established by the Secretary, an individual entitled to benefits with respect to shoes described in section 1395x(s)(12) of this title may substitute modification of such shoes instead of obtaining one (or more, as specified by the Secretary) pair of inserts (other than the original pair of inserts with respect to such shoes). In such case, the Secretary shall substitute, for the payment amount established under section 1395m(h) of this title, a payment amount that the Secretary estimates will assure that there is no net increase in expenditures under this subsection as a result of this subparagraph.

(3) In this subchapter, the term "shoes" includes, except for purposes of subparagraphs (A)(ii) and (B) of paragraph (2), inserts for extra-depth shoes.

(q) Requests for payment to include information on referring physician

(1) Each request for payment, or bill submitted, for an item or service furnished by an entity for which payment may be made under this part and for which the entity knows or has reason to believe there has been a referral by a referring physician (within the meaning of section 1395m of this title) shall include the name and unique physician identification number for the referring physician.

(2)(A) In the case of a request for payment for an item or service furnished by an entity under this part on an assignment-related basis and for which information is required to be provided under paragraph (1) but not included, payment may be denied under this part.

(B) In the case of a request for payment for an item or service furnished by an entity under this part not submitted on an assignment-related basis for which information is required to be provided under paragraph (1) but not included—

(i) if the entity knowingly and willfully fails to provide such information promptly upon request of the Secretary or a carrier, the entity may be subject to a civil money penalty in an amount not to exceed $2,000, and

(ii) if the entity knowingly, willfully, and in repeated cases fails, after being notified by the Secretary of the obligations and requirements of this subsection to provide the information required under paragraph (1), the entity may be subject to exclusion from participation in the programs under this chapter for a period not to exceed 5 years, in accordance with the procedures of subsections (c), (f), and (g) of section 1320a–7 of this title.

The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to civil money penalties under clause (i) in the same manner as they apply to a penalty proceeding under section 1320a–7a(a) of this title.

(r) Cap on prevailing charge; billing on assignment-related basis

(1) With respect to services described in section 1395x(s)(2)(K)(ii) of this title (relating to nurse practitioner or clinical nurse specialist services), payment may be made on the basis of a claim or request for payment presented by the nurse practitioner or clinical nurse specialist furnishing such services, or by a hospital, critical access hospital, skilled nursing facility or nursing facility (as defined in section 1396r(a) of this title), physician, group practice, or ambulatory surgical center with which the nurse practitioner or clinical nurse specialist has an employment or contractual relationship that provides for payment to be made under this part for such services to such hospital, physician, group practice, or ambulatory surgical center.

(2) No hospital or critical access hospital that presents a claim or request for payment under this part for services described in section 1395x(s)(2)(K)(ii) of this title may treat any uncollected coinsurance amount imposed under this part with respect to such services as a bad debt of such hospital for purposes of this subchapter.

(s) Other prepaid organizations

The Secretary may not provide for payment under subsection (a)(1)(A) of this section with respect to an organization unless the organization provides assurances satisfactory to the Secretary that the organization meets the requirements of section 1395xcc(f) of this title (relating to maintaining written policies and procedures respecting advance directives).

(t) Prospective payment system for hospital outpatient department services

(1) Amount of payment

(A) In general

With respect to covered OPD services (as defined in subparagraph (B)) furnished during a year beginning with 1999, the amount of payment under this part shall be determined under a prospective payment system established by the Secretary in accordance with this subchapter.

(B) Definition of covered OPD services

For purposes of this subsection, the term "covered OPD services"—

(i) means hospital outpatient services designated by the Secretary;

(ii) subject to clause (iv), includes inpatient hospital services designated by the Secretary that are covered under this part and furnished to a hospital inpatient who (I) is entitled to benefits under part A of this subchapter but has exhausted benefits for inpatient hospital services during a spell of illness, or (II) is not so entitled;

(iii) includes implantable items described in paragraph (3), (6), (8) of section 1395x(s) of this title; but (iv) does not include any therapy services described in subsection (a)(8) of this section or ambulance services, for which
payment is made under a fee schedule described in section 1395m(k) of this title or section 1395m(l) of this title and does not include screening mammography (as defined in section 1395x(jj) of this title), diagnostic mammography, or personalized prevention plan services (as defined in section 1395x(hhh)(1) of this title).

(2) System requirements

Under the payment system—
(A) the Secretary shall develop a classification system for covered OPD services;
(B) the Secretary may establish groups of covered OPD services, within the classification system described in subparagraph (A), so that services classified within each group are comparable clinically and with respect to the use of resources and so that an implantable item is classified to the group that includes the service to which the item relates;
(C) the Secretary shall, using data on claims from 1996 and using data from the most recent available cost reports, establish relative payment weights for covered OPD services (and any groups of such services described in subparagraph (B)) based on median (or, at the election of the Secretary, mean) hospital costs and shall determine projections of the frequency of utilization of each such service (or group of services) in 1999;
(D) subject to paragraph (19), the Secretary shall determine a wage adjustment factor to adjust the portion of payment and coinsurance attributable to labor-related costs for relative differences in labor and labor-related costs across geographic regions in a budget neutral manner;
(E) the Secretary shall establish, in a budget neutral manner, outlier adjustments under paragraph (5) and transitional pass-through payments under paragraph (6) and other adjustments as determined to be necessary to ensure equitable payments, such as adjustments for certain classes of hospitals;
(F) the Secretary shall develop a method for controlling unnecessary increases in the volume of covered OPD services;
(G) the Secretary shall create additional groups of covered OPD services that classify separately those procedures that utilize contrast agents from those that do not; and
(H) with respect to devices of brachytherapy consisting of a seed or seeds (or radioactive source), the Secretary shall create additional groups of covered OPD services that classify such devices separately from the other services (or group of services) paid for under this subsection in a manner reflecting the number, isotope, and radioactive intensity of such devices furnished, including separate groups for palladium-125 and iodine-125 devices and for stranded and non-stranded devices furnished on or after July 1, 2007.

For purposes of subparagraph (B), items and services within a group shall not be treated as “comparable with respect to the use of resources” if the highest median cost (or mean cost, if elected by the Secretary under subparagraph (C)) for an item or service within the group is more than 2 times greater than the lowest median cost (or mean cost, if so elected) for an item or service within the group, except that the Secretary may make exceptions in unusual cases, such as low volume items and services, but may not make such an exception in the case of a drug or biological that has been designated as an orphan drug under section 360bb of title 21.

(3) Calculation of base amounts

(A) Aggregate amounts that would be payable if deductibles were disregarded

The Secretary shall estimate the sum of—
(i) the total amounts that would be payable from the Trust Fund under this part for covered OPD services in 1999, determined without regard to this subsection, as though the deductible under subsection (b) of this section did not apply, and
(ii) the total amounts of copayments estimated to be paid under this subsection by beneficiaries to hospitals for covered OPD services in 1999, as though the deductible under subsection (b) of this section did not apply.

(B) Unadjusted copayment amount

(i) In general

For purposes of this subsection, subject to clause (ii), the “unadjusted copayment amount” applicable to a covered OPD service (or group of such services) is 20 percent of the national median of the charges for the service (or services within the group) furnished during 1996, updated to 1999 using the Secretary’s estimate of charge growth during the period.

(ii) Adjusted to be 20 percent when fully phased in

If the pre-deductible payment percentage for a covered OPD service (or group of such services) furnished in a year would be equal to or exceed 80 percent, then the unadjusted copayment amount shall be 20 percent of amount determined under subparagraph (D).

(iii) Rules for new services

The Secretary shall establish rules for establishment of an unadjusted copayment amount for a covered OPD service not furnished during 1996, based upon its classification within a group of such services.

(C) Calculation of conversion factors

(i) For 1999

(I) In general

The Secretary shall establish a 1999 conversion factor for determining the medicare OPD fee schedule amounts for each covered OPD service (or group of such services) furnished in 1999. Such conversion factor shall be established on the basis of the weights and frequencies described in paragraph (2)(C) and in such a manner that the sum for all services and groups of the products (described in
subclause (II) for each such service or group) equals the total projected amount described in subparagraph (A).

(II) Product described

The Secretary shall determine for each service or group the product of the medicare OPD fee schedule amounts (taking into account appropriate adjustments described in paragraphs (2)(D) and (2)(E)) and the estimated frequencies for such service or group.

(ii) Subsequent years

Subject to paragraph (8)(B), the Secretary shall establish a conversion factor for covered OPD services furnished in subsequent years in an amount equal to the conversion factor established under this subparagraph and applicable to such services furnished in the previous year increased by the OPD fee schedule increase factor specified under clause (iv) for the year involved.

(iii) Adjustment for service mix changes

Insofar as the Secretary determines that the adjustments for service mix under paragraph (2) for a previous year (or estimates that such adjustments for a future year) did (or are likely to) result in a change in aggregate payments under this subsection during the year that are a result of changes in the coding or classification of covered OPD services that do not reflect real changes in service mix, the Secretary may adjust the conversion factor computed under this subparagraph for subsequent years so as to eliminate the effect of such coding or classification changes.

(iv) OPD fee schedule increase factor

For purposes of this subparagraph, subject to paragraph (17) and subparagraph (F) of this paragraph, the “OPD fee schedule increase factor” for services furnished in a year is equal to the market basket percentage increase applicable under section 1395ww(b)(3)(B)(xi)(II) of this title to hospital discharges occurring during the fiscal year ending in such year, reduced by 1 percentage point for such factor for services furnished in each of 2000 and 2002. In applying the previous sentence for years beginning with 2000, the Secretary may substitute for the market basket percentage increase an annual percentage increase that is computed and applied with respect to covered OPD services furnished in a year in the same manner as the market basket percentage increase is determined and applied to inpatient hospital services for discharges occurring in a fiscal year.

(D) Calculation of medicare OPD fee schedule amounts

The Secretary shall compute a medicare OPD fee schedule amount for each covered OPD service (or group of such services) furnished in a year, in an amount equal to the product of—

(i) the conversion factor computed under subparagraph (C) for the year, and

(ii) the relative payment weight (determined under paragraph (2)(C)) for the service or group.

(E) Pre-deductible payment percentage

The pre-deductible payment percentage for a covered OPD service (or group of such services) furnished in a year is equal to the ratio of—

(i) the medicare OPD fee schedule amount established under subparagraph (D) for the year, minus the unadjusted copayment amount determined under subparagraph (B) for the service or group, to

(ii) the medicare OPD fee schedule amount determined under subparagraph (D) for the year for such service or group.

(F) Productivity and other adjustment

After determining the OPD fee schedule increase factor under subparagraph (C)(iv), the Secretary shall reduce such increase factor—

(i) for 2012 and subsequent years, by the productivity adjustment described in section 1395ww(b)(3)(B)(xi)(II) of this title; and

(ii) for each of 2010 through 2019, by the adjustment described in subparagraph (G).

The application of this subparagraph may result in the increase factor under subparagraph (C)(iv) being less than 0.0 for a year, and may result in payment rates under the payment system under this subsection for a year being less than such payment rates for the preceding year.

(G) Other adjustment

For purposes of subparagraph (F)(ii), the adjustment described in this subparagraph is—

(i) for each of 2010 and 2011, 0.25 percentage point;

(ii) for each of 2012 and 2013, 0.1 percentage point;

(iii) for 2014, 0.3 percentage point;

(iv) for each of 2015 and 2016, 0.2 percentage point; and

(v) for each of 2017, 2018, and 2019, 0.75 percentage point.

(4) Medicare payment amount

The amount of payment made from the Trust Fund under this part for a covered OPD service (and such services classified within a group) furnished in a year is determined, subject to paragraph (7), as follows:

(A) Fee schedule adjustments

The medicare OPD fee schedule amount (computed under paragraph (3)(D)) for the service or group and year is adjusted for relative differences in the cost of labor and other factors determined by the Secretary, as computed under paragraphs (2)(D) and (2)(E).

(B) Subtract applicable deductible

Reduce the adjusted amount determined under subparagraph (A) by the amount of the deductible under subsection (b) of this section, to the extent applicable.

(C) Apply payment proportion to remainder

The amount of payment is the amount so determined under subparagraph (B) multi-
(5) Outlier adjustment

(A) In general

Subject to subparagraph (D), the Secretary shall provide for an additional payment for each covered OPD service (or group of services) for which a hospital’s charges, adjusted to cost, exceed—

(i) a fixed multiple of the sum of—

(I) the applicable Medicare OPD fee schedule amount determined under paragraph (3)(D), as adjusted under paragraph (4)(A) (other than for adjustments under this paragraph or paragraph (6)); and

(II) any transitional pass-through payment under paragraph (6); and

(ii) at the option of the Secretary, such fixed dollar amount as the Secretary may establish.

(B) Amount of adjustment

The amount of the additional payment under subparagraph (A) shall be determined by the Secretary and shall approximate the marginal cost of care beyond the applicable cutoff point under such subparagraph.

(C) Limit on aggregate outlier adjustments

(i) In general

The total of the additional payments made under this paragraph for covered OPD services furnished in a year (as estimated by the Secretary before the beginning of the year) may not exceed the applicable percentage (specified in clause (ii)) of the total program payments estimated to be made under this subsection for all covered OPD services furnished in that year. If this paragraph is first applied to less than a full year, the previous sentence shall apply only to the portion of such year.

(ii) Applicable percentage

For purposes of clause (i), the term “applicable percentage” means a percentage specified by the Secretary up to (but not to exceed)—

(I) for a year (or portion of a year) before 2004, 2.5 percent; and

(II) for 2004 and thereafter, 3.0 percent.

(D) Transitional authority

In applying subparagraph (A) for covered OPD services furnished before January 1, 2002, the Secretary may—

(i) apply such subparagraph to a bill for such services related to an outpatient encounter (rather than for a specific service or group of services) using OPD fee schedule amounts and transitional pass-through payments covered under the bill; and

(ii) use an appropriate cost-to-charge ratio for the hospital involved (as determined by the Secretary), rather than for specific departments within the hospital.

(E) Exclusion of separate drug and biological APCS from outlier payments

No additional payment shall be made under subparagraph (A) in the case of ambulatory payment classification groups established separately for drugs or biologicals.

(6) Transitional pass-through for additional costs of innovative medical devices, drugs, and biologicals

(A) In general

The Secretary shall provide for an additional payment under this paragraph for any of the following that are provided as part of a covered OPD service (or group of services):

(i) Current orphan drugs

A drug or biological that is used for a rare disease or condition with respect to which the drug or biological has been designated as an orphan drug under section 360bb of title 21 if payment for the drug or biological as an outpatient hospital service under this part was being made on the first date that the system under this subsection is implemented.

(ii) Current cancer therapy drugs and biologicals and brachytherapy

A drug or biological that is used in cancer therapy, including (but not limited to) a chemotherapeutic agent, an antiemetic, a hematopoietic growth factor, a colony stimulating factor, a biological response modifier, a bisphosphonate, and a device of brachytherapy or temperature monitored cryoablation, if payment for such drug, biological, or device as an outpatient hospital service under this part was being made on such first date.

(iii) Current radiopharmaceutical drugs and biological products

A radiopharmaceutical drug or biological product used in diagnostic, monitoring, and therapeutic nuclear medicine procedures if payment for the drug or biological as an outpatient hospital service under this part was being made on such first date.

(iv) New medical devices, drugs, and biologicals

A medical device, drug, or biological not described in clause (i), (ii), or (iii) if—

(I) payment for the device, drug, or biological as an outpatient hospital service under this part was not being made as of December 31, 1996; and

(II) the cost of the drug or biological or the average cost of the category of devices is not insignificant in relation to the OPD fee schedule amount (as calculated under paragraph (3)(D)) payable for the service (or group of services) involved.

(B) Use of categories in determining eligibility of a device for pass-through payments

The following provisions apply for purposes of determining whether a medical de-
vice qualifies for additional payments under clause (ii) or (iv) of subparagraph (A):

(i) Establishment of initial categories

(I) In general

The Secretary shall initially establish under this clause categories of medical devices based on type of device by April 1, 2001. Such categories shall be established in a manner such that each medical device that meets the requirements of clause (ii) or (iv) of subparagraph (A) as of January 1, 2001, is included in such a category and no such device is included in more than one category. For purposes of the preceding sentence, whether a medical device meets such requirements as of such date shall be determined on the basis of the program memoranda issued before such date.

(II) Authorization of implementation other than through regulations

The categories may be established under this clause by program memorandum or otherwise, after consultation with groups representing hospitals, manufacturers of medical devices, and other affected parties.

(ii) Establishing criteria for additional categories

(I) In general

The Secretary shall establish criteria that will be used for creation of additional categories (other than those established under clause (i)) through rulemaking (which may include use of an interim final rule with comment period).

(II) Standard

Such categories shall be established under this clause in a manner such that no medical device is described by more than one category. Such criteria shall include a test of whether the average cost of devices that would be included in a category and are in use at the time the category is established is not insignificant, as described in subparagraph (A)(iv)(II).

(III) Deadline

Criteria shall first be established under this clause by July 1, 2001. The Secretary may establish in compelling circumstances categories under this clause before the date such criteria are established.

(IV) Adding categories

The Secretary shall promptly establish a new category of medical devices under this clause for any medical device that meets the requirements of subparagraph (A)(iv) and for which none of the categories in effect (or that were previously in effect) is appropriate.

(iii) Period for which category is in effect

A category of medical devices established under clause (i) or (ii) shall be in effect for a period of at least 2 years, but not more than 3 years, that begins—

(I) in the case of a category established under clause (i), on the first date on which payment was made under this paragraph for any device described by such category (including payments made during the period before April 1, 2001); and

(II) in the case of any other category, on the first date on which payment is made under this paragraph for any medical device that is described by such category.

(iv) Requirements treated as met

A medical device shall be treated as meeting the requirements of subparagraph (A)(iv), regardless of whether the device meets the requirement of subclause (I) of such subparagraph, if—

(I) the device is described by a category established and in effect under clause (i); or

(II) the device is described by a category established and in effect under clause (ii) and an application under section 360e of title 21 has been approved with respect to the device, or the device has been cleared for market under section 360(k) of title 21, or the device is exempt from the requirements of section 360(k) of title 21 pursuant to subsection (l) or (m) of section 360 of title 21 or section 360(g) of title 21.

Nothing in this clause shall be construed as requiring an application or prior approval (other than that described in subclause (II)) in order for a covered device described by a category to qualify for payment under this paragraph.

(C) Limited period of payment

(i) Drugs and biologicals

The payment under this paragraph with respect to a drug or biological shall only apply during a period of at least 2 years, but not more than 3 years, that begins—

(I) on the first date this subsection is implemented in the case of a drug or biological described in clause (i), (ii), or (iii) of subparagraph (A) and in the case of a drug or biological described in subparagraph (A)(iv) not described in subparagraph (A)(iv) and for which payment under this part is made as an outpatient hospital service before such first date; or

(II) in the case of a drug or biological described in subparagraph (A)(iv) and for which payment under this part is made as an outpatient hospital service.

(ii) Medical devices

Payment shall be made under this paragraph with respect to a medical device only if such device—

(I) is described by a category of medical devices established and in effect under subparagraph (B); and

(II) is provided as part of a service (or group of services) paid for under this subsection and provided during the pe-
Section 1395
is—the amount of the payment under this paragraph provided as part of a covered OPD service
with respect to a device, drug, or biological

(D) Amount of additional payment
Subject to subparagraph (E)(iii), the amount of the payment under this paragraph with respect to a device, drug, or biological provided as part of a covered OPD service is—

(i) in the case of a drug or biological, the amount by which the amount determined under section 1395u(o) of this title (or if the drug or biological is covered under a competitive acquisition contract under section 1395w–3b of this title, an amount determined by the Secretary equal to the average price for the drug or biological for all competitive acquisition areas and year established under such section as calculated and adjusted by the Secretary for purposes of this paragraph) for the drug or biological exceeds the portion of the otherwise applicable Medicare OPD fee schedule that the Secretary determines is associated with the drug or biological; or

(ii) in the case of a medical device, the amount by which the hospital's charges for the device, adjusted to cost, exceeds the portion of the otherwise applicable Medicare OPD fee schedule that the Secretary determines is associated with the device.

(E) Limit on aggregate annual adjustment

(i) In general
The total of the additional payments made under this paragraph for covered OPD services furnished in a year (as estimated by the Secretary before the beginning of the year) may not exceed the applicable percentage (specified in clause (ii)) of the total program payments estimated to be made under this subsection for all covered OPD services furnished in that year. If this paragraph is first applied to less than a full year, the previous sentence shall apply only to the portion of such year.

(ii) Applicable percentage
For purposes of clause (i), the term "applicable percentage" means—

(I) for a year (or portion of a year) before 2004, 2.5 percent; and

(II) for 2004 and thereafter, a percentage specified by the Secretary up to (but not to exceed) 2.0 percent.

(iii) Uniform prospective reduction if aggregate limit projected to be exceeded
If the Secretary estimates before the beginning of a year that the amount of the additional payments under this paragraph for the year (or portion thereof) as determined under clause (i) without regard to this clause will exceed the limit established under such clause, the Secretary shall reduce pro rata the amount of each of the additional payments under this paragraph for that year (or portion thereof) in order to ensure that the aggregate additional payments under this paragraph (as so estimated) do not exceed such limit.

(F) Limitation of application of functional equivalence standard

(i) In general
The Secretary may not publish regulations that apply a functional equivalence standard to a drug or biological under this paragraph.

(ii) Application
Clause (i) shall apply to the application of a functional equivalence standard to a drug or biological on or after December 8, 2003, unless—

(I) such application was being made to such drug or biological prior to December 8, 2003; and

(II) the Secretary applies such standard to such drug or biological only for the purpose of determining eligibility of such drug or biological for additional payments under this paragraph and not for the purpose of any other payments under this subchapter.

(iii) Rule of construction
Nothing in this subparagraph shall be construed to effect the Secretary's authority to deem a particular drug to be identical to another drug if the 2 products are pharmaceutically equivalent and bio-equivalent, as determined by the Commissioner of Food and Drugs.

(7) Transitional adjustment to limit decline in payment

(A) Before 2002
Subject to subparagraph (D), for covered OPD services furnished before January 1, 2002, for which the PPS amount (as defined in subparagraph (E)) is—

(i) at least 90 percent, but less than 100 percent, of the pre-BBA amount, the amount of payment under this subsection shall be increased by 21 percent of the pre-BBA amount; or

(ii) at least 90 percent, but less than 100 percent, of the pre-BBA amount, the amount of payment under this subsection shall be increased by 21 percent of the pre-BBA amount;

(B) 2002
Subject to subparagraph (D), for covered OPD services furnished during 2002, for which the PPS amount is—

(i) at least 90 percent, but less than 100 percent, of the pre-BBA amount, the
amount of payment under this subsection shall be increased by 70 percent of the amount of such difference;
(ii) at least 80 percent, but less than 90 percent, of the pre-BBA amount, the amount of payment under this subsection shall be increased by the amount by which (I) the product of 0.61 and the pre-BBA amount, exceeds (II) the product of 0.60 and the PPS amount; or
(iii) less than 80 percent of the pre-BBA amount, the amount of payment under this subsection shall be increased by 13 percent of the pre-BBA amount.

(C) 2003
Subject to subparagraph (D), for covered OPD services furnished during 2003, for which the PPS amount is—
(i) at least 90 percent, but less than 100 percent, of the pre-BBA amount, the amount of payment under this subsection shall be increased by 60 percent of the amount of such difference; or
(ii) less than 90 percent of the pre-BBA amount, the amount of payment under this subsection shall be increased by 6 percent of the pre-BBA amount.

(D) Hold harmless provisions

(i) Temporary treatment for certain rural hospitals
(I) In the case of a hospital located in a rural area and that has not more than 100 beds or a sole community hospital (as defined in section 1395ww(d)(5)(D)(iii) of this title) located in a rural area, for covered OPD services furnished before January 1, 2006, for which the PPS amount is less than the pre-BBA amount, the amount of payment under this subsection shall be increased by the amount of such difference.

(ii) Base payment-to-cost ratio defined
For purposes of this subparagraph, the “base payment-to-cost ratio” for a hospital means the ratio of—
(I) the hospital’s reimbursement under this part for covered OPD services furnished during the cost reporting period ending in 1996 (or in the case of a hospital that did not submit a cost report, for such period, during the first subsequent cost reporting period ending before 2001 for which the hospital submitted a cost report), including any reimbursement for such services through cost-sharing described in subparagraph (E), to

(II) the reasonable cost of such services for such period.

The Secretary shall determine such ratios as if the amendments made by section 4521 of the Balanced Budget Act of 1997 were in effect in 1996.

(G) Interim payments
The Secretary shall make payments under this paragraph to hospitals on an interim basis, subject to retrospective adjustments based on settled cost reports.

(H) No effect on copayments
Nothing in this paragraph shall be construed to affect the unadjusted copayment
amount described in paragraph (3)(B) or the copayment amount under paragraph (8).

(I) Application without regard to budget neutrality

The additional payments made under this paragraph—

(i) shall not be considered an adjustment under paragraph (2)(E); and

(ii) shall not be implemented in a budget neutral manner.

(8) Copayment amount

(A) In general

Except as provided in subparagraphs (B) and (C), the copayment amount under this subsection is the amount by which the amount described in paragraph (4)(B) exceeds the amount of payment determined under paragraph (4)(C).

(B) Election to offer reduced copayment amount

The Secretary shall establish a procedure under which a hospital, before the beginning of a year (beginning with 1999), may elect to reduce the copayment amount otherwise established under subparagraph (A) for some or all covered OPD services to an amount that is not less than 20 percent of the Medicare OPD fee schedule amount (computed under paragraph (3)(D)) for the service involved. Under such procedures, such reduced copayment amount may not be further reduced or increased during the year involved and the hospital may disseminate information on the reduction of copayment amount effected under this subparagraph.

(C) Limitation on copayment amount

(i) To inpatient hospital deductible amount

In no case shall the copayment amount for a procedure performed in a year exceed the amount of the inpatient hospital deductible established under section 1395e(b) of this title for that year.

(ii) To specified percentage

The Secretary shall reduce the national unadjusted copayment amount for a covered OPD service (or group of such services) furnished in a year in a manner so that the effective copayment rate (determined on a national unadjusted basis) for that service in the year does not exceed the following percentage:

(I) For procedures performed in 2001, on or after April 1, 2001, 57 percent.

(II) For procedures performed in 2002 or 2003, 55 percent.

(III) For procedures performed in 2004, 50 percent.

(IV) For procedures performed in 2005, 45 percent.

(V) For procedures performed in 2006 and thereafter, 40 percent.

(D) No impact on deductibles

Nothing in this paragraph shall be construed as affecting a hospital’s authority to waive the charging of a deductible under subsection (b) of this section.

(E) Computation ignoring outlier and pass-through adjustments

The copayment amount shall be computed under subparagraph (A) as if the adjustments under paragraphs (5) and (6) (and any adjustment made under paragraph (2)(E) in relation to such adjustments) had not occurred.

(9) Periodic review and adjustments components of prospective payment system

(A) Periodic review

The Secretary shall review not less often than annually and revise the groups, the relative payment weights, and the wage and other adjustments described in paragraph (2) to take into account changes in medical practice, changes in technology, the addition of new services, new cost data, and other relevant information and factors. The Secretary shall consult with an expert outside advisory panel composed of an appropriate selection of representatives of providers to review (and advise the Secretary concerning) the clinical integrity of the groups and weights. Such panel may use data collected or developed by entities and organizations (other than the Department of Health and Human Services) in conducting such review.

(B) Budget neutrality adjustment

If the Secretary makes adjustments under subparagraph (A), then the adjustments for a year may not cause the estimated amount of expenditures under this part for the year to increase or decrease from the estimated amount of expenditures under this part that would have been made if the adjustments had not been made. In determining adjustments under the preceding sentence for 2004 and 2005, the Secretary shall not take into account under this subparagraph or paragraph (2)(E) any expenditures that would not have been made but for the application of paragraph (14).

(C) Update factor

If the Secretary determines under methodologies described in paragraph (2)(F) that the volume of services paid for under this subsection increased beyond amounts established through those methodologies, the Secretary may appropriately adjust the update to the conversion factor otherwise applicable in a subsequent year.

(10) Special rule for ambulance services

The Secretary shall pay for hospital outpatient services that are ambulance services on the basis described in section 1395x(v)(1)(U) of this title, or, if applicable, the fee schedule established under section 1395mm(1) of this title.

(11) Special rules for certain hospitals

In the case of hospitals described in clause (iii) or (v) of section 1395ww(d)(1)(B) of this title—

(A) the system under this subsection shall not apply to covered OPD services furnished before January 1, 2000; and

(B) the Secretary may establish a separate conversion factor for such services in a man-
ner that specifically takes into account the unique costs incurred by such hospitals by virtue of their patient population and service intensity.

(12) Limitation on review

There shall be no administrative or judicial review under section 1395ff of this title, 1395oo of this title, or otherwise of—

(A) the development of the classification system under paragraph (2), including the establishment of groups and relative payment weights for covered OPD services, of wage adjustment factors, other adjustments, and methods described in paragraph (2)(F);

(B) the calculation of base amounts under paragraph (3);

(C) periodic adjustments made under paragraph (6);

(D) the establishment of a separate conversion factor under paragraph (8)(B); and

(E) the determination of the fixed multiple, or a fixed dollar cutoff amount, the marginal cost of care, or applicable percentage under paragraph (5) or the determination of insignificance of cost, the duration of the additional payments, the determination and deletion of initial and new categories (consistent with subparagraphs (B) and (C) of paragraph (6)), the portion of the medicare OPD fee schedule amount associated with particular devices, drugs, or biologicals, and the application of any pro rata reduction under paragraph (6).

(13) Authorization of adjustment for rural hospitals

(A) Study

The Secretary shall conduct a study to determine if, under the system under this subsection, costs incurred by hospitals located in rural areas by ambulatory payment classification groups (APCs) exceed those costs incurred by hospitals located in urban areas.

(B) Authorization of adjustment

Insofar as the Secretary determines under subparagraph (A) that costs incurred by hospitals located in rural areas exceed those costs incurred by hospitals located in urban areas, the Secretary shall provide for an appropriate adjustment under paragraph (2)(E) to reflect those higher costs by January 1, 2006.

(14) Drug APC payment rates

(A) In general

The amount of payment under this subsection for a specified covered outpatient drug (defined in subparagraph (B)) that is furnished as part of a covered OPD service (or group of services)—

(I) a sole source drug shall in no case be less than 88 percent, or exceed 95 percent, of the reference average wholesale price for the drug;

(II) an innovator multiple source drug shall in no case exceed 68 percent of the reference average wholesale price for the drug; or

(III) a noninnovator multiple source drug shall in no case exceed 46 percent of the reference average wholesale price for the drug;

(ii) in 2005, in the case of—

(I) a sole source drug shall in no case be less than 83 percent, or exceed 95 percent, of the reference average wholesale price for the drug;

(II) an innovator multiple source drug shall in no case exceed 68 percent of the reference average wholesale price for the drug; or

(III) a noninnovator multiple source drug shall in no case exceed 46 percent of the reference average wholesale price for the drug; or

(iii) in a subsequent year, shall be equal, subject to subparagraph (A), to the average acquisition cost for the drug for that year (which, at the option of the Secretary, may vary by hospital group (as defined by the Secretary based on volume of covered OPD services or other relevant characteristics)), as determined by the Secretary taking into account the hospital acquisition cost survey data under subparagraph (D); or

(iv) if hospital acquisition cost data are not available, the average price for the drug in the year established under section 1395w–3a of this title, or section 1395w–3b of this title, as the case may be, as calculated and adjusted by the Secretary as necessary for purposes of this paragraph.

(B) Specified covered outpatient drug defined

(i) In general

In this paragraph, the term “specified covered outpatient drug” means, subject to clause (ii), a covered outpatient drug (as defined in section 1395w–3a of this title) for which a separate ambulatory payment classification group (APC) has been established and that is—

(I) a radiopharmaceutical; or

(II) a drug or biological for which payment was made under paragraph (6) (relating to pass-through payments) on or before December 31, 2002.

(ii) Exception

Such term does not include—

(I) a drug or biological for which payment is first made on or after January 1, 2003, under paragraph (6);

(II) a drug or biological for which a temporary HCPCS code has not been assigned; or

(III) during 2004 and 2005, an orphan drug (as designated by the Secretary).

(C) Payment for designated orphan drugs during 2004 and 2005

The amount of payment under this subsection for an orphan drug designated by the Secretary under subparagraph (B)(ii)(III) that is furnished as part of a covered OPD service (or group of services) during 2004 and 2005 shall equal such amount as the Secretary may specify.

§ 1395w–3a of this title, section 1395w–3b of this title, as the case may be, as calculated and adjusted by the Secretary as necessary for purposes of this paragraph.
(D) Acquisition cost survey for hospital outpatient drugs

(i) Annual GAO surveys in 2004 and 2005

(I) In general

The Comptroller General of the United States shall conduct a survey in each of 2004 and 2005 to determine the hospital acquisition cost for each specified covered outpatient drug. Not later than April 1, 2005, the Comptroller General shall furnish data from such surveys to the Secretary for use in setting the payment rates under subparagraph (A) for 2006.

(II) Recommendations

Upon the completion of such surveys, the Comptroller General shall recommend to the Secretary the frequency and methodology of subsequent surveys to be conducted by the Secretary under clause (ii).

(ii) Subsequent secretarial surveys

The Secretary, taking into account such recommendations, shall conduct periodic subsequent surveys to determine the hospital acquisition cost for each specified covered outpatient drug for use in setting the payment rates under subparagraph (A).

(iii) Survey requirements

The surveys conducted under clauses (i) and (ii) shall have a large sample of hospitals that is sufficient to generate a statistically significant estimate of the average hospital acquisition cost for each specified covered outpatient drug. With respect to the surveys conducted under clause (i), the Comptroller General shall report to Congress on the justification for the size of the sample used in order to assure the validity of such estimates.

(iv) Differentiation in cost

In conducting surveys under clause (i), the Comptroller General shall determine and report to Congress if there is (and the extent of any) variation in hospital acquisition costs for drugs among hospitals based on the volume of covered OPD services performed by such hospitals or other relevant characteristics of such hospitals (as defined by the Comptroller General).

(v) Comment on proposed rates

Not later than 30 days after the date the Secretary promulgated proposed rules setting forth the payment rates under subparagraph (A) for 2006, the Comptroller General shall evaluate such proposed rates and submit to Congress a report regarding the appropriateness of such rates based on the surveys the Comptroller General has conducted under clause (i).

(E) Adjustment in payment rates for overhead costs

(i) MedPAC report on drug APC design

The Medicare Payment Advisory Commission shall submit to the Secretary, not later than July 1, 2005, a report on adjust-
(16) Miscellaneous provisions

(B) Threshold for establishment of separate APCS for drugs
The Secretary shall reduce the threshold for the establishment of separate ambulatory payment classification groups (APCs) with respect to drugs or biologicals to $50 per administration for drugs and biologicals furnished in 2005 and 2006.

(C) Payment for devices of brachytherapy and therapeutic radiopharmaceuticals at charges adjusted to cost
Notwithstanding the preceding provisions of this subsection, for a device of brachytherapy consisting of a seed or seeds (or radioactive source) furnished on or after January 1, 2004, and before January 1, 2010, and for therapeutic radiopharmaceuticals furnished on or after January 1, 2008, and before January 1, 2010, the payment basis for the device or therapeutic radiopharmaceutical under this subsection shall be equal to the hospital’s charges for each device or therapeutic radiopharmaceutical furnished, adjusted to cost. Charges for such devices or therapeutic radiopharmaceuticals shall not be included in determining any outlier payment under this subsection.

(17) Quality reporting
(A) Reduction in update for failure to report
(i) In general
For purposes of paragraph (3)(C)(iv) for 2009 and each subsequent year, in the case of a subsection (d) hospital (as defined in section 1395ww(d)(1)(B) of this title) that does not submit, to the Secretary in accordance with this paragraph, data required to be submitted on measures selected under this paragraph with respect to such a year, the OPD fee schedule increase factor under paragraph (3)(C)(iv) for such year shall be reduced by 2.0 percentage points.

(ii) Non-cumulative application
A reduction under this subparagraph shall apply only with respect to the year involved and the Secretary shall not take into account such reduction in computing the OPD fee schedule increase factor for a subsequent year.

(B) Form and manner of submission
Each subsection (d) hospital shall submit data on measures selected under this paragraph to the Secretary in a form and manner, and at a time, specified by the Secretary for purposes of this paragraph.

(C) Development of outpatient measures
(i) In general
The Secretary shall develop measures that the Secretary determines to be appropriate for the measurement of the quality of care (including medication errors) furnished by hospitals in outpatient settings and that reflect consensus among affected parties and, to the extent feasible and practicable, shall include measures set forth by one or more national consensus building entities.

(ii) Construction
Nothing in this paragraph shall be construed as preventing the Secretary from selecting measures that are the same as (or a subset of) the measures for which data are required to be submitted under section 1395ww(b)(3)(B)(viii) of this title.

(D) Replacement of measures
For purposes of this paragraph, the Secretary may replace any measures or indicators in appropriate cases, such as where all hospitals are effectively in compliance or the measures or indicators have been subsequently shown not to represent the best clinical practice.

(E) Availability of data
The Secretary shall establish procedures for making data submitted under this paragraph available to the public. Such procedures shall ensure that a hospital has the opportunity to review the data that are to be made public with respect to the hospital prior to such data being made public. The Secretary shall report quality measures of process, structure, outcome, patients’ perspectives on care, efficiency, and costs of care that relate to services furnished in outpatient settings in hospitals on the Internet website of the Centers for Medicare & Medicaid Services.

(18) Authorization of adjustment for cancer hospitals
(A) Study
The Secretary shall conduct a study to determine if, under the system under this subsection, costs incurred by hospitals described in section 1395ww(d)(1)(B)(v) of this title with respect to ambulatory payment classification groups exceed those costs incurred by other hospitals furnishing services under this subsection (as determined appropriate by the Secretary). In conducting the study under this subparagraph, the Secretary shall take into consideration the cost of drugs and biologicals incurred by such hospitals.

(B) Authorization of adjustment
Insofar as the Secretary determines under subparagraph (A) that costs incurred by hospitals described in section 1395ww(d)(1)(B)(v) of this title exceed those costs incurred by other hospitals furnishing services under this subsection, the Secretary shall provide for an appropriate adjustment under paragraph (2)(E) to reflect those higher costs effective for services furnished on or after January 1, 2011.
§ 1395

Based upon available data, the Secretary shall establish for each county or equivalent area in the United States, the following:

(A) Number of physicians practicing in the area

(ii) those counties and areas (in this subsection referred to as “specialist care scarcity counties”) with the lowest specialist care ratios that represent, if each such county or area were weighted by the number of individuals determined under paragraph (2)(B), an aggregate total of 20 percent of the total of the individuals determined under such paragraph.

(B) Periodic revisions

The Secretary shall periodically revise the counties or areas identified in subparagraph (A) (but not less often than once every three years) unless the Secretary determines that there is no new data available on the number of physicians practicing in the county or area or the number of individuals residing in the county or area, as identified in paragraph (2).

(C) Identification of counties where service is furnished

For purposes of paying the additional amount specified in paragraph (1), if the Secretary uses the 5-digit postal ZIP Code where the service is furnished, the dominant county of the postal ZIP Code (as determined by the United States Postal Service, or otherwise) shall be used to determine whether the postal ZIP Code is in a scarcity county identified in subparagraph (A) or revised in subparagraph (B).

(D) Special rule
