(d) Exemption from personal and real property taxes; payments in lieu of taxes; cash contribution or tax remission

Every contract for contributions with respect to a low-income housing project shall provide that no contributions by the Secretary shall be made available for such project unless such project (exclusive of any portion thereof which is not assisted by contributions under this chapter) is exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision, such contract shall provide, in lieu of the requirement for tax exemption and payments in lieu of taxes, that no contributions by the Secretary shall be made available for such project unless and until the State, city, county, or other political subdivision in which such project is situated shall contribute, in the form of cash or tax remission, the amount by which the taxes paid with respect to the project exceed 10 per centum of the shelter rents charged in such project.

(f) Housing quality requirements

(1) In general

Each contract for contributions for a public housing agency shall require that the agency maintain its public housing in a condition that complies with standards which meet or exceed the housing quality standards established under paragraph (2).

(2) Federal standards

The Secretary shall establish housing quality standards under this paragraph that ensure that public housing dwelling units are safe and habitable. Such standards shall include requirements relating to habitability, including maintenance, health and sanitation factors, condition, and construction of dwellings, and shall, to the greatest extent practicable, be consistent with the standards established under section 1437f(o)(8)(B)(i) of this title. The Secretary may determine whether the laws, regulations, standards, or codes of any State or local jurisdiction meet or exceed these standards, for purposes of this subsection.

(3) Annual inspections

Each public housing agency that owns or operates public housing shall make an annual inspection of each public housing project to determine whether units in the project are maintained in accordance with the requirements under paragraph (1). The agency shall retain the results of such inspections and, upon the request of the Secretary, the Inspector General for the Department of Housing and Urban Development, or any auditor conducting an audit under section 1437f(h) of this title, shall make such results available.

(g) Substantial default; conveyance of title and delivery of possession; reconveyance and redelivery; payments for outstanding obligations

Every contract for contributions (including contracts which amend or supersede contracts previously made) may provide that—(1) upon the occurrence of a substantial default in respect to the covenants or conditions to which the public housing agency is subject (as such substantial default shall be defined in such contract), the public housing agency shall be obligated at the option of the Secretary either to convey title in any case where, in the determination of the Secretary (which determination shall be final and con-

(i) Reserve fund; major repairs

public housing agency in connection with the
acquisition of housing for use as public housing,
establish and set aside a reserve fund in an
amount not to exceed 30 per centum of the ac-
quision cost which shall be available for use
for major repairs to such housing.

(j) Performance indicators for public housing agencies
(1) The Secretary shall develop and publish in
the Federal Register indicators to assess the
management performance of public housing agencies and resident management corporations. The indicators shall be established by rule under section 553 of title 5. Such indicators shall en-
able the Secretary to evaluate the performance of public housing agencies and resident manage-
ment corporations in all major areas of manage-
ment operations. The Secretary shall, in par-
ticular, use the following indicators for public housing agencies, to the extent practicable:

(A) The number and percentage of vacancies
within an agency’s inventory, including the progress that an agency has made within the previous 3 years to reduce such vacancies.

(B) The amount and percentage of funds pro-
vided to the public housing agency from the
Capital Fund under section 1437(d) of this title which remain unobligated by the public housing agency after 3 years.

(C) The percentage of rents uncollected.

(D) The utility consumption (with appro-
riate adjustments to reflect different regions
and unit sizes).

(E) The average period of time that an agen-
cy requires to repair and turn-around vacant units.

(F) The proportion of maintenance work or-
ders outstanding, including any progress that an agency has made during the preceding 3 years to reduce the period of time required to complete maintenance work orders.

(G) The percentage of units that an agency
fails to inspect to ascertain maintenance or
modernization needs within such period of
time as the Secretary deems appropriate (with appropriate adjustments, if any, for large and small agencies).

(H) The extent to which the public housing agency—
   (i) coordinates, promotes, or provides ef-
effective programs and activities to promote
   the economic self-sufficiency of public hous-
ing residents; and
   (ii) provides public housing residents with
   opportunities for involvement in the admin-
istration of the public housing.

(I) The extent to which the public housing agency—
   (i) implements effective screening and
   eviction policies and other anticrime strate-

   (ii) coordinates with local government offi-
cials and residents in the project and imple-
mentation of such strategies.

(J) The extent to which the public housing agency is providing acceptable basic housing conditions.

3Another subpar. (I) is set out after subpar. (K).
§ 1437d   TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 3746

(K) Any other factors as the Secretary deems appropriate which shall not exceed the seven factors in the statute, plus an additional five.

(1) The Secretary shall:
   (i) administer the system of evaluating public housing agencies flexibly to ensure that such agencies are not penalized as a result of circumstances beyond their control;
   (ii) reflect in the weights assigned to the various indicators the differences in the difficulty of managing individual projects that result from their physical condition and their neighborhood environment; and
   (iii) determine a public housing agency’s status as “troubled with respect to the program under section 1437f” of this title” based upon factors solely related to its ability to carry out that program.

(2)(A)(i) The Secretary shall, under the rule-making procedures under section 553 of title 5, establish procedures for designating troubled public housing agencies, which procedures shall include identification of serious and substantial failure to perform as measured by the performance indicators specified under paragraph (1) and such other factors as the Secretary may deem to be appropriate. Such procedures shall provide that an agency that fails on a wide-spread basis to provide acceptable basic housing conditions for its residents shall be designated as a troubled public housing agency. The Secretary may use a simplified set of indicators for public housing agencies with less than 250 public housing units. The Secretary shall also designate, by rule under section 553 of title 5, agencies that are troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title.

   (ii) The Secretary may also, in consultation with national organizations representing public housing agencies and public officials (as the Secretary determines appropriate), identify and commend public housing agencies that meet the performance standards established under paragraph (1) in an exemplary manner.

   (iii) The Secretary shall establish procedures for public housing agencies to appeal designation as a troubled agency (including designation as a troubled agency for purposes of the program for assistance from the Capital Fund under section 1437g(d) of this title), for removal of such designation, and to appeal any refusal to remove such designation.

   (B)(i) Upon designating a public housing agency with more than 250 units as troubled pursuant to subparagraph (A) and determining that an assessment under this subparagraph will not duplicate any comparable and recent review, the Secretary shall provide for an on-site, independent assessment of the management of the agency.

   (ii) To the extent the Secretary deems appropriate (taking into account an agency’s performance under the indicators specified under paragraph (1)), the assessment team shall also consider issues relating to the agency’s resident population and physical inventory, including the extent to which (I) the agency’s comprehensive plan prepared pursuant to section 1437f of this title adequately and appropriately addresses the rehabilitation needs of the agency’s inventory, (II) residents of the agency are involved in and informed of significant management decisions, and (III) any projects in the agency’s inventory are severely distressed and eligible for assistance pursuant to section 1437v of this title.

   (iii) An independent assessment under this subparagraph shall be carried out by a team of knowledgeable individuals selected by the Secretary (referred to in this section as the “assessment team”) with expertise in public housing and real estate management. In conducting an assessment, the assessment team shall consult with the residents and with public and private entities in the jurisdiction in which the public housing is located. The assessment team shall provide to the Secretary and the public housing agency a written report, which shall contain, at a minimum, recommendations for such management improvements as are necessary to eliminate or substantially remedy existing deficiencies.

   (C) The Secretary shall seek to enter into an agreement with each troubled public housing agency, after reviewing the report submitted pursuant to subparagraph (B) (if applicable) and consulting with the agency’s assessment team. Such agreement shall set forth—

      (i) targets for improving performance as measured by the performance indicators specified under paragraph (1) and other requirements within a specified period of time;
      (ii) strategies for meeting such targets, including a description of the technical assistance that the Secretary will make available to the agency; and
      (iii) incentives or sanctions for effective implementation of such strategies, which may include any constraints on the use of funds that the Secretary determines are appropriate.

   To the extent the Secretary deems appropriate (taking into account an agency’s performance under the indicators specified under paragraph (1)), such agreement shall also set forth a plan for enhancing resident involvement in the management of the public housing agency. The Secretary and the public housing agency shall, to the maximum extent practicable, seek the assistance of local public and private entities in carrying out the agreement.

   (D) The Secretary shall apply the provisions of this paragraph to resident management corporations as well as public housing agencies.

   (3)(A) Notwithstanding any other provision of law or of any contract for contributions, upon the occurrence of events or conditions that constitute a substantial default by a public housing agency with respect to the covenants or conditions to which the public housing agency is subject or an agreement entered into under paragraph (2), the Secretary may—

      (i) solicit competitive proposals from other public housing agencies and private housing management agents which (I) in the discretion of the Secretary, may be selected by existing public housing residents through administrative procedures established by the Secretary,
and (II) if appropriate, shall provide for such agents to manage all, or part, of the housing administered by the public housing agency or all or part of the other programs of the agency;

(ii) petition for the appointment of a receiver (which may be another public housing agency or a private management corporation) of the public housing agency to any district court of the United States or to any court of the State in which the real property of the public housing agency is situated, that is authorized to appoint a receiver for the purposes and having the powers prescribed in this subsection;

(iii) solicit competitive proposals from other public housing agencies and private entities with experience in construction management in the eventuality that such agencies or firms may be needed to oversee implementation of assistance made available from the Capital Fund under section 1437g(d) of this title for the housing; and

(iv) take possession of all or part of the public housing agency, including all or part of any project or program of the agency, including any project or program under any other provision of this subchapter; and

(v) require the agency to make other arrangements acceptable to the Secretary and in the best interests of the public housing residents and families assisted under section 1437f of this title for managing all, or part, of the public housing administered by the agency or of the programs of the agency.

Residents of a public housing agency designated as troubled pursuant to paragraph (2)(A) may petition the Secretary in writing to take 1 or more of the actions referred to in this subparagraph. The Secretary shall respond to such petitions in a timely manner with a written description of the actions, if any, the Secretary plans to take and, where applicable, the reasons why such actions differ from the course proposed by the residents.

(B)(i) If a public housing agency is identified as troubled under this subsection, the Secretary shall notify the agency of the troubled status of the agency.

(ii) Upon the expiration of the 1-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), by at least 50 percent of the difference between the most recent performance measurement and the measurement necessary to remove that agency’s designation as troubled.

(II) Upon the expiration of the 2-year period beginning on the later of the date on which the agency receives initial notice from the Secretary of the troubled status of the agency under clause (i) and October 21, 1998, the agency shall improve its performance, as measured by the performance indicators established pursuant to paragraph (1), such that the agency is no longer designated as troubled.

(III) In the event that a public housing agency designated as troubled under this subsection fails to comply with the requirements set forth in subclause (I) or (II), the Secretary shall—

(aa) in the case of a troubled public housing agency with 1,250 or more units, petition for the appointment of a receiver pursuant to subparagraph (A)(i); or

(bb) in the case of a troubled public housing agency with fewer than 1,250 units, either petition for the appointment of a receiver pursuant to subparagraph (A)(ii), or take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

This subparagraph shall not be construed to limit the courses of action available to the Secretary under subparagraph (A).

(IV) During the period between the date on which a petition is filed under subclause (III)(aa) and the date on which a receiver assumes responsibility for the management of the public housing agency under such subclause, the Secretary may take possession of the public housing agency (including all or part of any project or program of the agency) pursuant to subparagraph (A)(iv) and may appoint, on a competitive or noncompetitive basis, an individual or entity as an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency).

(C) If a receiver is appointed pursuant to subparagraph (A)(ii), in addition to the powers accorded by the court appointing the receiver, the receiver—

(i) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the receiver’s written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the receiver determines that reasonable efforts to renegotiate such contract have failed;

(ii) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities; and

(iii) if determined to be appropriate by the Secretary, may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies; and

(v) shall not be required to comply with any State or local law relating to civil service re-
requirements, employee rights (except civil rights), procurement, or financial or administrative controls that, in the receiver's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default.

(D)(i) If, pursuant to subparagraph (A)(iv), the Secretary takes possession of all or part of the public housing agency, including all or part of any project or program of the agency, the Secretary—

(I) may abrogate any contract to which the United States or an agency of the United States is not a party that, in the written determination of the Secretary (which shall include the basis for such determination), substantially impedes correction of the substantial default, but only after the Secretary determines that reasonable efforts to renegotiate such contract have failed;

(II) may demolish and dispose of all or part of the assets of the public housing agency (including all or part of any project of the agency) in accordance with section 1437p of this title, including disposition by transfer of properties to resident-supported nonprofit entities;

(III) may seek the establishment, as permitted by applicable State and local law, of 1 or more new public housing agencies;

(IV) may seek consolidation of all or part of the agency (including all or part of any project or program of the agency), as permitted by applicable State and local laws, into other well-managed public housing agencies with the consent of such well-managed agencies;

(V) shall not be required to comply with any State or local law relating to civil service requirements, employee rights (except civil rights), procurement, or financial or administrative controls that, in the Secretary's written determination (which shall include the basis for such determination), substantially impedes correction of the substantial default; and

(VI) shall, without any action by a district court of the United States, have such additional authority as a district court of the United States would have the authority to confer upon a receiver to achieve the purposes of the receivership.

(ii) If, pursuant to subparagraph (B)(ii)(III)(bb), the Secretary appoints an administrative receiver to assume the responsibilities of the Secretary for the administration of all or part of the public housing agency (including all or part of any project or program of the agency), the Secretary may delegate to the administrative receiver any or all of the powers given the Secretary by this subparagraph, as the Secretary determines to be appropriate and subject to clause (iii).

(iii) An administrative receiver may not take an action described in subclause (III) or (IV) of clause (i) unless the Secretary first approves an application by the administrative receiver to authorize such action.

(E) The Secretary may make available to receivers and other entities selected or appointed pursuant to this paragraph such assistance as the Secretary determines in the discretion of the Secretary is necessary and available to remedy the substantial deterioration of living conditions in individual public housing projects or other related emergencies that endanger the health, safety, and welfare of public housing residents or families assisted under section 1437f of this title. A decision made by the Secretary under this paragraph shall not be subject to review in any court of the United States, or in any court of any State, territory, or possession of the United States.

(F) In any proceeding under subparagraph (A)(ii), upon a determination that a substantial default has occurred and without regard to the availability of alternative remedies, the court shall appoint a receiver to conduct the affairs of all or part of the public housing agency in a manner consistent with this chapter and in accordance with such further terms and conditions as the court may provide. The receiver appointed may be another public housing agency, a private management corporation, or any other person or appropriate entity. The court shall have power to grant appropriate temporary or preliminary relief pending final disposition of the petition by the Secretary.

(G) The appointment of a receiver pursuant to this paragraph may be terminated, upon the petition of any party, when the court determines that all defaults have been cured or the public housing agency is capable again of discharging its duties.

(H) If the Secretary (or an administrative receiver appointed by the Secretary) takes possession of a public housing agency (including all or part of any project or program of the agency), or if a receiver is appointed by a court, the Secretary or receiver shall be deemed to be acting not in the official capacity of that person or entity, but rather in the capacity of the public housing agency, and any liability incurred, regardless of whether the incident giving rise to that liability occurred while the Secretary or receiver was in possession of all or part of the public housing agency (including all or part of any project or program of the agency), shall be the liability of the public housing agency.

(4) SANCTIONS FOR IMPROPER USE OF AMOUNTS.—

(A) IN GENERAL.—In addition to any other actions authorized under this chapter, if the Secretary finds that a public housing agency receiving assistance amounts under section 1437g of this title for public housing has failed to comply substantially with any provision of this chapter relating to the public housing program, the Secretary may—

(i) terminate assistance payments under this section 1437g of this title to the agency;

(ii) withhold from the agency amounts from the total allocations for the agency pursuant to section 1437g of this title;

(iii) reduce the amount of future assistance payments under section 1437g of this title to the agency by an amount equal to the amount of such payments that were not expended in accordance with this chapter;

(iv) limit the availability of assistance amounts provided to the agency under sec-

tion 1437g of this title to programs, projects, or activities not affected by such failure to comply;

(v) withhold from the agency amounts allocated for the agency under section 1437f of this title; or

(vi) order other corrective action with respect to the agency.

(B) TERMINATION OF COMPLIANCE ACTION.—If the Secretary takes action under subparagraph (A) with respect to a public housing agency, the Secretary shall:

(i) in the case of action under subparagraph (A)(i), resume payments of assistance amounts under section 1437g of this title to the agency in the full amount of the total allocations under section 1437g of this title for the agency at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to the public housing program;

(ii) in the case of action under clause (i) or (v) of subparagraph (A), make withheld amounts available as the Secretary considers appropriate to ensure that the agency complies with the provisions of this chapter relating to such program;

(iii) in the case of action under subparagraph (A)(iv), release such restrictions at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to such program; or

(iv) in the case of action under subparagraph (vi), cease such action at the time that the Secretary first determines that the agency will comply with the provisions of this chapter relating to such program.

(5) The Secretary shall submit to the Congress annually, as a part of the report of the Secretary under section 3536 of this title, a report that—

(A) identifies the public housing agencies that have been designated as troubled under paragraph (2);

(B) describes the grounds on which such public housing agencies were designated as troubled and continue to be so designated;

(C) describes the agreements that have been entered into with such agencies under such paragraph;

(D) describes the status of progress under such agreements;

(E) describes any action that has been taken in accordance with paragraph (3), including an accounting of the authorized funds that have been expended to support such actions; and

(F) describes the status of any public housing agency designated as troubled with respect to the program for assistance from the Capital Fund under section 1437g(d) of this title and specifies the amount of assistance the agency received under such program.

(6)(A) To the extent that the Secretary determines such action to be necessary in order to ensure the accuracy of any certification made under this section, the Secretary shall require an independent auditor to review documentation or other information maintained by a public housing agency pursuant to this section to substantiate each certification submitted by the agency or corporation relating to the performance of that agency or corporation.

(B) The Secretary may withhold, from assistance otherwise payable to the agency or corporation under section 1437g of this title, amounts sufficient to pay for the reasonable costs of any review under this paragraph.

(7) The Secretary shall apply the provisions of this subsection to resident management corporations in the same manner as applied to public housing agencies.

(k) Administrative grievance procedure regulations; grounds of adverse action, hearing, examination of documents, representation, evidence, decision; judicial hearing; eviction and termination procedures

The Secretary shall by regulation require each public housing agency receiving assistance under this chapter to establish and implement an administrative grievance procedure under which tenants will—

(1) be advised of the specific grounds of any proposed adverse public housing agency action;

(2) have an opportunity for a hearing before an impartial party upon timely request within any period applicable under subsection (i) of this section;

(3) have an opportunity to examine any documents or records or regulations related to the proposed action;

(4) be entitled to be represented by another person of their choice at any hearing;

(5) be entitled to ask questions of witnesses and have others make statements on their behalf; and

(6) be entitled to receive a written decision by the public housing agency on the proposed action.

For any grievance concerning an eviction or termination of tenancy that involves any activity that threatens the health, safety, or right to peaceful enjoyment of the premises of other tenants or employees of the public housing agency or any violent or drug-related criminal activity on or off such premises, or any activity resulting in a felony conviction, the agency may (A) establish an expedited grievance procedure as the Secretary shall provide by rule under section 553 of title 5, or (B) exclude from its grievance procedure any such grievance, in any jurisdiction which requires that prior to eviction, a tenant be given a hearing in court which the Secretary determines provides the basic elements of due process (which the Secretary shall establish by rule under section 553 of title 5). Such elements of due process shall not include a requirement that the tenant be provided an opportunity to examine relevant documents within the possession of the public housing agency.

The agency shall provide to the tenant a reasonable opportunity, prior to hearing or trial, to examine any relevant documents, records, or regulations directly related to the eviction or termination.

(l) Leases; terms and conditions; maintenance; termination

Each public housing agency shall utilize leases which—
§ 1437d

(1) have a term of 12 months and shall be automatically renewed for all purposes except for noncompliance with the requirements under section 1437j(c) of this title (relating to community service requirements); except that nothing in this subchapter shall prevent a resident from seeking timely redress in court for failure to renew based on such noncompliance;

(2) do not contain unreasonable terms and conditions;

(3) obligate the public housing agency to maintain the project in a decent, safe, and sanitary condition;

(4) require the public housing agency to give adequate written notice of termination of the lease which shall not be less than—

(A) a reasonable period of time, but not to exceed 30 days—

(i) if the health or safety of other tenants, public housing agency employees, or persons residing in the immediate vicinity of the premises is threatened; or

(ii) in the event of any drug-related or violent criminal activity or any felony conviction;

(B) 14 days in the case of nonpayment of rent; and

(C) 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply;

(5) require that the public housing agency may not terminate the tenancy except for serious or repeated violation of the terms or conditions of the lease or for other good cause, and that an incident or incidents of actual or threatened domestic violence, dating violence, or stalking will not be construed as a serious or repeated violation of the lease by the victim or threatened victim of that violence and will not be good cause for terminating the tenancy or occupancy rights of the victim of such violence;

(6) provide that any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants or any drug-related criminal activity on or off such premises, engaged in by a public housing tenant, any member of the tenant’s household, or any guest or other person under the tenant’s control, shall be cause for termination of tenancy; except that: (A) criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant’s household or any guest or other person under the tenant’s control, shall not be cause for termination of the tenancy or occupancy rights, if the tenant or immediate member of the tenant’s family is a victim of that domestic violence, dating violence, or stalking; (B) notwithstanding subparagraph (A) or any Federal, State, or local law to the contrary, a public housing agency may bifurcate a lease under this section, or remove a household member from a lease under this section, without regard to whether a household member is a signatory to a lease, in order to evict, remove, terminate occupancy rights, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant and such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by Federal, State, and local law for the termination of leases or assistance under the relevant program of HUD-assisted housing; (C) nothing in subparagraph (A) may be construed to limit the authority of a public housing agency, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up; (D) nothing in subparagraph (A) limits any otherwise available authority of a public housing agency to evict a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant’s household, provided that the public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate; (E) nothing in subparagraph (A) may be construed to limit the authority of a public housing agency to terminate the tenancy of any tenant if the public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant’s tenancy is not terminated; and (F) nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.;

(7) specify that with respect to any notice of eviction or termination, notwithstanding any State law, a public housing tenant shall be informed of the opportunity, prior to any hearing or trial, to examine any relevant documents, records, or regulations directly related to the eviction or termination;

(7) provide that any occupancy in violation of section 13661(b) of this title (relating to ineligibility of illegal drug users and alcohol abusers) or the furnishing of any false or misleading information pursuant to section 13662 of this title (relating to termination of tenancy and assistance for illegal drug users and alcohol abusers) shall be cause for termination of tenancy;

(9) provide that it shall be cause for immediate termination of the tenancy of a public housing tenant if such tenant—

(A) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individ-

nal fleeing, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or
(2) 11 is violating a condition of probation or parole imposed under Federal or State law.

For purposes of paragraph (5), 12 the term "drug-related criminal activity" means the illegal manufacture, sale, distribution, use, or possession with intent to manufacture, sell, distribute, or use, of a controlled substance (as defined in section 802 of title 21).

(m) Reporting requirements; limitation

The Secretary shall not impose any unnecessarily duplicative or burdensome reporting requirements on tenants or public housing agencies assisted under this chapter.

(n) Notice to post office regarding eviction for criminal activity

When a public housing agency evicts an individual or family from a dwelling unit for engaging in criminal activity, including drug-related criminal activity, the public housing agency shall notify the local post office serving that dwelling unit that such individual or family is no longer residing in the dwelling unit.

(o) Public housing assistance for foster care children

In providing housing in low-income housing projects, each public housing agency may coordinate with any local public agencies involved in providing for the welfare of children to make available dwelling units to—

(1) families identified by the agencies as having a lack of adequate housing that is a primary factor—

(A) in the imminent placement of a child in foster care; or

(B) in preventing the discharge of a child from foster care and reunification with his or her family; and

(2) youth, upon discharge from foster care, in cases in which return to the family or extended family or adoption is not available.

(q) Availability of records

(1) In general

(A) Provision of information

Notwithstanding any other provision of law, except as provided in subparagraph (C), the National Crime Information Center, police departments, and other law enforcement agencies shall, upon request, provide information to public housing agencies regarding the criminal conviction records of adult applicants, or tenants of, covered housing assistance for purposes of applicant screening, lease enforcement, and eviction.

(B) Requests by owners of project-based section 8 [42 U.S.C. 1437f] housing

A public housing agency may make a request under subparagraph (A) for information regarding applicants for, or tenants of, housing that is provided project-based assistance under section 1437f of this title only if the housing is located within the jurisdiction of the agency and the owner of such housing has requested that the agency obtain such information on behalf of the owner. Upon such a request by the owner, the agency shall make a request under subparagraph (A) for the information. The agency may not make such information available to the owner but shall perform determinations for the owner regarding screening, lease enforcement, and eviction based on criteria supplied by the owner.

or incidents in question are bona fide incidents of such actual or threatened abuse and meet the requirements set forth in the aforementioned paragraphs. Such certification shall include the name of the perpetrator. The individual shall provide such certification within 14 business days after the individual receives a request for such certification from the public housing agency.

Compliance with this statute by a public housing agency, or assisted housing provider based on the certification specified in subparagraphs (A) and (B) of this subsection or based solely on the victim’s statement or other corroborating evidence, as permitted by subparagraph (D) of this subsection, shall not alone be sufficient to constitute evidence of an unreasonable act or omission by a public housing agency or employee thereof. (f) Effectiveness

(1) 5-year effectiveness of original plan

A plan under subsection (d) of this section shall be in effect for purposes of this section during the 5-year period that begins upon notification under subsection (e)(1) of this section of the public housing agency that the plan complies with the requirements under subsection (d) of this section.

(2) Renewal of plan

Upon the expiration of the 5-year period under paragraph (1) or any 2-year period under this paragraph, an agency may extend the effectiveness of the designation and plan for an additional 2-year period (that begins upon such expiration) by submitting to the Secretary any information needed to update the plan. The Secretary may not limit the number of times a public housing agency extends the effectiveness of a designation and plan under this paragraph.

(3) Transition provision

Any application and allocation plan approved under this section (as in effect before March 28, 1996) before March 28, 1996, shall be considered to be a plan under subsection (d) of this section that is in effect for purposes of this section for the 5-year period beginning upon such approval.

(g) Inapplicability of Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970

No tenant of a public housing project shall be considered to be displaced for purposes of the Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970 (42 U.S.C. 4601 et seq.) because of the designation of any property Acquisitions Policy Act of 1970 (42 U.S.C. 4601 et seq.) because of the designation of any existing project or building, or portion thereof, considered to be displaced for purposes of the Uniform Relocation Assistance and Real Property Acquisitions Policy Act of 1970, (42 U.S.C. 4601 et seq.), as amended, which is classified principally to chapter 61 (§4601 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 4601 of this title and Tables.

PRIOR PROVISIONS

A prior section 7 of act Sept. 1, 1937, ch. 696, 50 Stat. 891, as amended, required publication of information and submission of annual report by the Authority and was classified to section 1407 of this title, prior to the general revision of this chapter by Pub. L. 93–383.

AMENDMENTS

1998—Subsec. (b). Pub. L. 105–276 struck out heading and text of subsec. (b). Text read as follows: “The provisions of this section shall not apply with respect to low-income housing developed or operated pursuant to a contract between the Secretary and an Indian housing authority.”

1996—Pub. L. 104–330, §501(b)(4), which directed amendment of “subsection 7” of the United States Housing Act of 1937, probably meaning this section, by striking subsec. (l), could not be executed because this section does not contain a subsec. (l).

Pub. L. 104–120 amended section generally, restating former subsecs. (a) to (g) relating to designated housing as subsecs. (a) to (h) relating to designated housing for elderly and disabled families.

Subsec. (a)(2). Pub. L. 104–99, which directed the temporary amendment of par. (2) by substituting “in accordance with the written system of preferences for selection established pursuant to” for “according to the preferences for occupancy under”, could not be executed because of the amendment by Pub. L. 104–120 which amended section generally retroactive to Oct. 1, 1995. See Effective and Termination Dates of 1996 Amendments note below.

1992—Pub. L. 102–550 amended section generally, substituting present provisions for provisions relating to and defining “congregate housing” and providing for design, development, and acquisition of congregate housing for displaced or elderly families, limitation on amounts for contracts for congregate housing, and costs for central dining facilities.

1978—Pub. L. 95–557 substituted “(1) low-rent housing which, as of January 1, 1979, was built or under construction, with which there is connected a central dining facility where wholesome and economical meals can be served to such occupants; or (2) low-rent housing constructed after, but not under construction prior to, January 1, 1979, connected with which there is a central dining facility to provide wholesome and economical meals for such occupants. Such occupants of congregate housing may also be provided with other supportive services appropriate to their needs under title IV of the Housing and Community Development Amendments of 1978” for “low-income housing (A) in which some or all of the dwelling units do not have kitchen facilities, and (B) connected with which there is a central dining facility to provide wholesome and economical meals for elderly and displaced families under terms and conditions prescribed by the public housing agency to permit a generally self-supporting operation”.

EFFECTIVE AND TERMINATION DATES OF 1996 AMENDMENTS

of Pub. L. 104–330, set out as an Effective Date note under section 4101 of Title 25, Indians.

Amendment by Pub. L. 104–120 to be construed to have some effect Oct. 1, 1995, notwithstanding the effective date of any regulations issued by Secretary of Housing and Urban Development to implement amendments by sections 9 and 10 of Pub. L. 104–120 or any failure by Secretary to issue any such regulations, see section 13 of Pub. L. 104–120, set out as a note under section 1437d of this title.

Amendment by Pub. L. 104–99 effective Jan. 26, 1996, except as otherwise provided, see section 13642 of this title.

Inapplicability of Certain 1992 Amendments to Indian Public Housing

Amendment by Pub. L. 102–550 not applicable with respect to existing or newly constructed rental dwelling units in areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section. In areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section, the Secretary is authorized to enter into contracts to make assistance payments to owners of existing dwelling units in accordance with the provisions of this section.

(b) Other existing housing programs

(1) In general.—The Secretary is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners of existing dwelling units in accordance with this section. In areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section, the Secretary is authorized to enter into such contracts and to perform the other functions assigned to a public housing agency by this section.

(2) The Secretary is authorized to enter into annual contributions contracts with public housing agencies for the purpose of replacing public housing transferred in accordance with subchapter II–A of this chapter. Each contract entered into under this subsection shall be for a term of not more than 60 months.

(c) Contents and purposes of contracts for assistance payments; amount and scope of monthly assistance payments

(1) An assistance contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically but not less than annually for existing or newly constructed rental dwelling units of various sizes and types in the market area suitable for occupancy by persons assisted under this section, except that the maximum monthly rent may exceed the fair market rental (A) by more than 10 but not more than 20 per centum where the Secretary determines that special circumstances warrant such higher maximum rent or that such higher rent is necessary to the implementation of a housing strategy as defined in section 12705 of this title, or (B) by such higher amount as may be requested by a tenant and approved by the public housing agency in accordance with paragraph (3)(B). In the case of newly constructed and substantially rehabilitated units, the exception in the preceding sentence shall not apply to more than 20 per centum of the total amount of authority to enter into annual contributions contracts for such units which is allocated to an area and obligated with respect to any fiscal year beginning on or after October 1, 1996. Proposed fair market rentals for an area shall be published in the Federal Register with reasonable time for public comment, and shall become effective upon the date of publication in final form in the Federal Register. Each fair market rental in effect under this subsection shall be adjusted to be effective on October 1 of each calendar year to reflect changes based on the most recent available data trended so the rentals will be current for the year to which they apply, of rents for existing or newly constructed rental dwelling units, as the case may be, of various sizes and types in the market area suitable for occupancy by persons assisted under this section. Notwithstanding any other provision of this section, after October 12, 1977, the Secretary shall establish separate fair market rentals for each area suitable for occupancy by persons assisted under this section. Notwithstanding any other provision of this section, after October 12, 1977, the Secretary shall establish separate fair market rentals under this paragraph for Westchester County in the State of New York. The Secretary shall also establish separate fair market rentals under this paragraph for Monroe County in the Commonwealth of Pennsylvania. In establishing fair market rentals for the remains of the market area in which Monroe County is located, if high-rise elevator projects for families with children unless there is no practical alternative. The Secretary shall establish separate fair market rentals under this paragraph for Westchester County in the State of New York. The Secretary shall also establish separate fair market rentals under this paragraph for Monroe County in the Commonwealth of Pennsylvania. In establishing fair market rentals for the remains of the market area in which Monroe County is located, the Secretary shall establish the fair market rentals as if such portion included Monroe County. If units assisted under this section are exempt from local rent control while they are so assisted or otherwise, the maximum monthly rent for such units shall be reasonable in comparison with other units in the market area that are exempt from local rent control.

(2)(A) The assistance contract shall provide for adjustment annually or more frequently in the maximum monthly rents for units covered by the contract to reflect changes in the fair market rentals established in the housing area for similar types and sizes of dwelling units or, if the Secretary determines, on the basis of a reasonable formula. However, where the maximum monthly rent, for a unit in a new construction, substantial rehabilitation, or moderate rehabilitation project, to be adjusted using an annual adjustment factor exceeds the fair market rental for an existing dwelling unit in the market area, the Secretary shall adjust the rent only to...
the extent that the owner demonstrates that the adjusted rent would not exceed the rent for an unassisted unit of similar quality, type, and age in the same market area, as determined by the Secretary. The immediately foregoing sentence shall be effective only during fiscal year 1995, fiscal year 1996 prior to April 26, 1996, and fiscal years 1997 and 1998, and during fiscal year 1999 and thereafter. Except for assistance under the certificate program, for any unit occupied by the same family at the time of the last annual rental adjustment, where the assistance contract provides for the adjustment of the maximum monthly rent by applying an annual adjustment factor and where the rent for a unit is otherwise eligible for an adjustment based on the full amount of the factor, 0.01 shall be subtracted from the amount of the factor, except that the factor shall not be reduced to less than 1.0. In the case of assistance under the certificate program, 0.01 shall be subtracted from the amount of the annual adjustment factor (except that the factor shall not be reduced to less than 1.0) and the adjusted monthly rent shall not exceed the maximum monthly rent for units under contract (subject to the availability of appropriations for contract amendments), on a project by project basis for projects receiving project-based assistance, provide adjustments to the maximum monthly rents to cover the costs of evaluating and reducing lead-based paint hazards, as defined in section 4851b of this title.

(C) Adjustments in the maximum rents under subparagraphs (A) and (B) shall not result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, as determined by the Secretary. In implementing the limitation established under the preceding sentence, the Secretary shall establish regulations for conducting comparability studies for projects where the Secretary has reason to believe that the application of the formula adjustments under subparagraph (A) would result in such material differences. The Secretary shall conduct such studies upon the request of any owner of any project, or as the Secretary determines to be appropriate by establishing the extent practicable, a modified annual adjustment factor for such market area, as the Secretary shall designate, that is geographically smaller than the applicable housing area used for the establishment of the annual adjustment factor under subparagraph (A). The Secretary shall establish such modified annual adjustment factor on the basis of the results of a study conducted by the Secretary of the rents charged, and any change in such rents over the previous year, for assisted units and unassisted units of similar quality, type, and age in the same market area. Where the Secretary determines that such modified annual adjustment factor cannot be established or that such factor when applied to a particular project would result in material differences between the rents charged for assisted units and unassisted units of similar quality, type, and age in the same market area, the Secretary may apply an alternative methodology for conducting comparability studies in order to establish rents that are not materially different from rents charged for comparable unassisted units. If the Secretary or appropriate State agency does not complete and submit to the project owner a comparability study not later than 60 days before the anniversary date of the assistance contract under this section, the automatic annual adjustment factor shall be applied. The Secretary may reduce the contract rents in effect on or after April 15, 1987, for newly constructed, substantially rehabilitated, or moderately rehabilitated projects assisted under this section (including projects assisted under this section as in effect prior to November 30, 1989), unless the project has been refinanced in a manner that reduces the periodic payments of the owner. Any maximum monthly rent that has been reduced by the Secretary after April 14, 1987, and prior to November 7, 1988, shall be restored to the maximum monthly rent in effect.
§ 1437f

TITLE 42—THE PUBLIC HEALTH AND WELFARE

on April 15, 1987. For any project which has had its maximum monthly rents reduced after April 14, 1987, the Secretary shall make assistance payments (from amounts reserved for the original contract) to the owner of such project in an amount equal to the difference between the maximum monthly rents in effect on April 15, 1987, and the reduced maximum monthly rents, multiplied by the number of months that the reduced maximum monthly rents were in effect.

(3) The amount of the monthly assistance payment with respect to any dwelling unit shall be the difference between the maximum monthly rent which the contract provides that the owner is to receive for the unit and the rent the family is required to pay under section 1437f(a) of this title. Reviews of family income shall be made no less frequently than annually.

(4) The assistance contract shall provide that assistance payments may be made only with respect to a dwelling unit under lease for occupancy by a family determined to be a lower income family at the time it initially occupied such dwelling unit, except that such payments may be made with respect to unoccupied units for a period not exceeding sixty days (A) in the event that a family vacates a dwelling unit before the expiration date of the lease for occupancy or (B) where a good faith effort is being made to fill an unoccupied unit, and, subject to the provisions of the following sentence, such payments may be made, in the case of a newly constructed or substantially rehabilitated project, after such sixty-day period in an amount equal to the debt service attributable to such an unoccupied dwelling unit for a period not to exceed one year, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. No such payment may be made after such sixty-day period if the Secretary determines that the dwelling unit is in a project which provides the owner with revenues exceeding the costs incurred by such owner with respect to such project.

(5) The Secretary shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.

For purposes of this paragraph, the term

“termination” means the expiration of the as-

sistance contract or an owner’s refusal to renew

the assistance contract, and such term shall in-

clude termination of the contract for business

reasons.

An incident or incidents of actual or

threatened domestic violence, dating violence,
or stalking will not be construed as a serious or

repeated violation of the lease by the victim or

threatened victim of that violence and shall not

be good cause for terminating the assistance,
tenancy, or occupancy rights of the victim of

such violence.

mestic violence, dating violence, or stalking,

engaged in by a member of a tenant’s household

or any guest or other person under the tenant’s

control shall not be cause for termination of as-

sistance, tenancy, or occupancy rights if the

tenant or an immediate member of the tenant’s

family is the victim or threatened victim of that
domestic violence, dating violence, or stalking.

(ii) Notwithstanding clause (i) or any Federal,

State, or local law to the contrary, an owner or

manager may bifurcate a lease under this sec-

tion, or remove a household member from a

lease under this section, without regard to

whether a household member is a signatory to a

lease, in order to evict, remove, terminate occu-

pancy, or otherwise penalizing the victim of such

violence against family members or others, without

evicting, removing, terminating assistance to,
or otherwise penalizing the victim of such vio-

lence who is also a tenant or lawful occupant.

Such eviction, removal, termination of occu-

pancy rights, or termination of assistance shall

be effected in accordance with the procedures

prescribed by Federal, State, and local law for
the termination of leases or assistance under the relevant program of HUD-assisted housing.

(iii) Nothing in clause (i) may be construed to limit the authority of a public housing agency, owner, or manager, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up.

(iv) Nothing in clause (i) limits any otherwise available authority of an owner or manager to evict or the public housing agency to terminate assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant’s household, provided that the owner or manager does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate.

(v) Nothing in clause (i) may be construed to limit the authority of an owner, manager, or public housing agency to evict or terminate assistance for any tenant or lawful occupant if the owner, manager or public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant is not evicted or terminated from assistance.

(vi) Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(d) Required provisions and duration of contracts for assistance payments; waiver of limitation

(1) Contracts to make assistance payments entered into by a public housing agency with an owner of existing housing units shall provide (with respect to any unit) that—

(A) the selection of tenants shall be the function of the owner, subject to the annual contributions contract between the Secretary and the agency, except that with respect to the certificate and moderate rehabilitation programs only, for the purpose of selecting families to be assisted, the public housing agency may establish local preferences, consistent with the public housing agency plan submitted under section 1437c–1 of this title by the public housing agency and that an applicant or participant is or has been a victim of domestic violence, dating violence, or stalking is not an appropriate basis for denial of program assistance or for denial of admission if the applicant otherwise qualifies for assistance or admission;

(B)(i) the lease between the tenant and the owner shall be for at least one year or the term of such contract, whichever is shorter, and shall contain other terms and conditions specified by the Secretary;

(ii) during the term of the lease, the owner shall not terminate the tenancy except for serious or repeated violation of the terms and conditions of the lease, for violation of applicable Federal, State, or local law, or for other good cause, and that an incident or incidents of actual or threatened domestic violence, dating violence, or stalking will not be construed as a serious or repeated violation of the lease by the victim or threatened victim of domestic violence and will not be good cause for terminating the tenancy or occupancy rights of the victim of such violence;

(iii) during the term of the lease, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises by other tenants, any criminal activity that threatens the health, safety, or right to peaceful enjoyment of their residences by persons residing in the immediate vicinity of the premises, or any drug-related criminal activity on or near such premises, engaged in by a tenant of any unit, any member of the tenant’s household, or any guest or other person under the tenant’s control, shall be cause for termination of tenancy, except that: (I) criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a tenant’s household or any guest or other person under the tenant’s control, shall not be cause for termination of the tenancy or occupancy rights or program assistance, if the tenant or immediate member of the tenant’s family is a victim of domestic violence, dating violence, or stalking; (II) Notwithstanding subclause (I) or any Federal, State, or local law to the contrary, a public housing agency may terminate assistance to, or an owner or manager may bifurcate a lease under this section, or remove a household member from a lease under this section, without regard to whether a household member is a signatory to a lease, in order to evict, remove, terminate occupancy rights, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in criminal acts of physical violence against family members or others, without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant. Such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by Federal, State, and local law for the termination of leases or assistance under the relevant program of HUD-assisted housing; (III) nothing in subclause (I) may be construed to limit the authority of a public housing agency, owner, or manager, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up; (IV) nothing in subclause (I) limits any otherwise available authority of an owner or manager to evict or the public housing agency to terminate assistance to a tenant for any violation of a lease not premised on the act or acts

of violence in question against the tenant or a member of the tenant’s household, provided that the owner, manager, or public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to evict or terminate; (V) nothing in subclause (I) may be construed to limit the authority of an owner or manager to evict, or the public housing agency to terminate assistance, to any tenant if the owner, manager, or public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property if that tenant is not evicted or terminated from assistance; and (VI) nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.;

(iv) any termination of tenancy shall be preceded by the owner’s provision of written notice to the tenant specifying the grounds for such action; and
(v) it shall be cause for termination of the tenancy of a tenant if such tenant—

(I) is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the individual flees, for a crime, or attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or which, in the case of the State of New Jersey, is a high misdemeanor under the laws of such State; or

(II) is violating a condition of probation or parole imposed under Federal or State law;

(C) maintenance and replacement (including redecoration) shall be in accordance with the standard practice for the building concerned as established by the owner and agreed to by the agency; and

(D) the agency and the owner shall carry out such other appropriate terms and conditions as may be mutually agreed to by them.

(2)(A) Each contract for an existing structure entered into under this section shall be for a term of not less than one month nor more than one hundred and eighty months. The Secretary shall permit public housing agencies to enter into contracts for assistance payments of less than 12 months duration in order to avoid disruption in assistance to eligible families if the annual contributions contract is within 1 year of its expiration date.

(B)(i) In determining the amount of assistance provided under an assistance contract for project-based assistance under this paragraph or a contract for assistance for housing constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983), the Secretary may consider and annually adjust, with respect to such project, for the cost of employing or otherwise retaining the services of one or more service coordinators under section 661 of the Housing and Community Development Act of 1992 [42 U.S.C. 13631] to coordinate the provision of any services within the project for residents of the project who are elderly or disabled families.

(ii) The budget authority available under section 1437c(c) of this title for assistance under this section is authorized to be increased by $15,000,000 on or after October 1, 1992, and by $15,000,000 on or after October 1, 1993. Amounts made available under this subparagraph shall be used to provide additional amounts under annual contributions contracts for assistance under this section which shall be made available through assistance contracts only for the purpose of providing service coordinators under clause (i) for projects receiving project-based assistance under this paragraph and to provide additional amounts under contracts for assistance for projects constructed or substantially rehabilitated pursuant to assistance provided under subsection (b)(2) of this section (as such subsection existed immediately before October 1, 1983) only for such purpose.

(C) An assistance contract for project-based assistance under this paragraph shall provide that the owner shall ensure and maintain compliance with subtitle C of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13601 et seq.] and any regulations issued under such subtitle.

(D) An owner of a covered section 8 [42 U.S.C. 1437f] housing project (as such term is defined in section 659 of the Housing and Community Development Act of 1992 [42 U.S.C. 13619]) may give preference for occupancy of dwelling units in the project, and reserve units for occupancy, in accordance with subtitle D of title VI of the Housing and Community Development Act of 1992 [42 U.S.C. 13611 et seq.].

(3) Notwithstanding any other provision of law, with the approval of the Secretary the public housing agency administering a contract under this section with respect to existing housing units may exercise all management and maintenance responsibilities with respect to those units pursuant to a contract between such agency and the owner of such units.

(4) A public housing agency that serves more than one unit of general local government may, at the discretion of the agency, in allocating assistance under this section, give priority to disabled families that are not elderly families.

(5) CALCULATION OF LIMIT.—Any contract entered into under section 514 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 shall be excluded in computing the limit on project-based assistance under this subsection.

(6) TREATMENT OF COMMON AREAS.—The Secretary may not provide any assistance amounts pursuant to an existing contract for project-based assistance under this section for a housing project and may not enter into a new or renewal contract for such assistance for a project unless the owner of the project provides consent, to such local law enforcement agencies as the Sec-

Such contract may, at the election of the public housing agency and the owner of the structure, specify that such contract shall be extended for renewal terms of up to 15 years each, if the agency makes the determination required by this subparagraph and the owner is in compliance with the terms of the contract. Such a contract shall provide that the extension of such term shall be contingent upon the future availability of appropriated funds for the purpose of renewing expiring contracts for assistance payments, as provided in appropriations Acts, and may obligate the owner to have such extensions of the underlying housing assistance payment contract accepted by the owner and the successors in interest of the owner. A public housing agency may agree to enter into such a contract at the time it enters into the initial agreement for a housing assistance payment contract or at any time thereafter that is before the expiration of the housing assistance payment contract.

Any family that rejects an offer of project-based assistance under this paragraph or that is rejected for admission to a structure by the owner or manager of a structure assisted under this paragraph shall retain its place on the waiting list as if the offer had not been made. The owner or manager of a structure assisted under this paragraph shall not admit any family to a dwelling unit assisted under a contract pursuant to this paragraph other than a family referred by the public housing agency from its waiting list. Rental assistance may not be provided for a vacant unit after the expiration of such period.

(ii) Reduction of contract

That, if despite reasonable efforts of the agency and the owner to fill a vacant unit, no eligible family has agreed to rent the unit within 120 days after the owner has notified the agency of the vacancy, the agency may reduce its housing assistance payments contract with the owner by the amount equivalent to the remaining months of subsidy attributable to the vacant unit. Amounts deobligated pursuant to such a contract provision shall be available to the agency to provide assistance under this subsection.

Eligible applicants for assistance under this subsection may enforce provisions authorized by this subparagraph.

The monthly assistance payment for a family assisted under this paragraph shall be determined in accordance with paragraph (2) (using the rent and payment standard for the dwelling unit as determined in accordance with this subsection), except that a family may be required at the time the family initially receives such assistance to pay rent in an amount exceeding 40 percent of the monthly adjusted income of the family by such an amount or percentage that is reasonable given the services and amenities provided and as the Secretary deems appropriate.⁸

(C) Definition
For the purposes of this paragraph, the term “assisted living facility” has the meaning given that term in section 232(b) of the National Housing Act [12 U.S.C. 1715w(b)], except that such a facility may be contained within a portion of a larger multifamily housing project.

Subject to subparagraph (C), the Secretary shall set aside, from amounts made available for rental assistance under this subsection, the amounts specified in subparagraph (B) for use only for providing such assistance through a supported housing program administered in conjunction with the Department of Veterans Affairs. Such program shall provide rental assistance on behalf of homeless veterans who have chronic mental illnesses or chronic substance use disorders, shall require agreement of the veteran to continued treatment for such mental illness or substance use disorder as a condition of receipt of such rental assistance, and shall ensure such treatment and appropriate case management for each veteran receiving such rental assistance.

(B) Amount
The amount specified in this subparagraph is—

   (i) for fiscal year 2007, the amount necessary to provide 500 vouchers for rental assistance under this subsection;

   (v) for fiscal year 2011, the amount necessary to provide 2,500 vouchers for rental assistance under this subsection.

(C) Funding through incremental assistance
In any fiscal year, to the extent that this paragraph requires the Secretary to set aside rental assistance amounts for use under this paragraph in an amount that exceeds the amount set aside in the preceding fiscal year, such requirement shall be effective only to such extent or in such amounts as are or have been provided in appropriation Acts for such fiscal year for incremental rental assistance under this subsection.

(20) Prohibited basis for termination of assistance
(A) In general

§ 1437f

(B) Construal of lease provisions

Criminal activity directly relating to domestic violence, dating violence, or stalking shall not be considered a serious or repeated violation of the lease by the victim or threatened victim of that criminal activity justifying termination of assistance to the victim or threatened victim.

(C) Termination on the basis of criminal activity

Criminal activity directly relating to domestic violence, dating violence, or stalking shall not be considered cause for termination of assistance for any participant or immediate member of a participant’s family who is a victim of the domestic violence, dating violence, or stalking.

(D) Exceptions

(i) Public housing authority right to terminate for criminal acts

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of the public housing agency to terminate voucher assistance to individuals who engage in criminal acts of physical violence against family members or others.

(ii) Compliance with court orders

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of a public housing agency, when notified, to honor court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim and issued to address the distribution or possession of property among the household members in cases where a family breaks up.

(iii) Public housing authority right to terminate voucher assistance for lease violations

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of the public housing agency to terminate voucher assistance to a tenant for any violation of a lease not premised on the act or acts of violence in question against the tenant or a member of the tenant’s household, provided that the public housing agency does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other tenants in determining whether to terminate.

(iv) Public housing authority right to terminate voucher assistance for imminent threat

Nothing in subparagraph (A), (B), or (C) may be construed to limit the authority of the public housing agency to terminate voucher assistance to a tenant if the public housing agency can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property or public housing agency if that tenant is not evicted or terminated from assistance.

(v) Preemption

Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(p) Shared housing for elderly and handicapped

In order to assist elderly families (as defined in section 1437a(b)(3) of this title who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit assistance provided under the existing housing and moderate rehabilitation programs to be used by such families in such arrangements. In carrying out this subsection, the Secretary shall issue minimum habitability standards for the purpose of assuring decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(q) Administrative fees

(1) Fee for ongoing costs of administration

(A) In general

The Secretary shall establish fees for the costs of administering the tenant-based assistance, certificate, voucher, and moderate rehabilitation programs under this section.

(B) Fiscal year 1999

(i) Calculation

For fiscal year 1999, the fee for each month for which a dwelling unit is covered by an assistance contract shall be—

(I) in the case of a public housing agency that, on an annual basis, is administering a program for not more than 600 dwelling units, 7.65 percent of the base amount; and

(II) in the case of an agency that, on an annual basis, is administering a program for more than 600 dwelling units (aa) for the first 600 units, 7.65 percent of the base amount, and (bb) for any additional dwelling units under the program, 7.0 percent of the base amount.

(ii) Base amount

For purposes of this subparagraph, the base amount shall be the higher of—

(II) the amount that is the lesser of (aa) such fair market rental for fiscal year 1994, or (bb) 103.5 percent of the amount determined under clause (i), adjusted based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary. The

Secretary may require that the base amount be not less than a minimum amount and not more than a maximum amount.

(C) Subsequent fiscal years

For subsequent fiscal years, the Secretary shall publish a notice in the Federal Register, for each geographic area, establishing the amount of the fee that would apply for public housing agencies administering the program, based on changes in wage data or other objectively measurable data that reflect the costs of administering the program, as determined by the Secretary.

(D) Increase

The Secretary may increase the fee if necessary to reflect the higher costs of administering small programs and programs operating over large geographic areas.

(E) Decrease

The Secretary may decrease the fee for units owned by a public housing agency to reflect reasonable costs of administration.

(2) Fee for preliminary expenses

The Secretary shall also establish reasonable fees (as determined by the Secretary) for—

(A) the costs of preliminary expenses, in the amount of $500, for a public housing agency, except that such fee shall apply to an agency only in the first year that the agency administers a tenant-based assistance program under this section, and only if, immediately before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, the agency was not administering a tenant-based assistance program under this chapter (as in effect immediately before such effective date), in connection with its initial increment of assistance received;

(B) the costs incurred in assisting families who experience difficulty (as determined by the Secretary) in obtaining appropriate housing under the programs; and

(C) extraordinary costs approved by the Secretary.

(3) Transfer of fees in cases of concurrent geographical jurisdiction

In each fiscal year, if any public housing agency provides tenant-based assistance under this section on behalf of a family who uses such assistance for a dwelling unit that is located within the jurisdiction of such agency but is also within the jurisdiction of another public housing agency, the Secretary shall take such steps as may be necessary to ensure that the public housing agency that provides the services for a family receives all or part of the administrative fee under this section (as appropriate).

(4) Applicability

This section shall apply to fiscal year 1999 and fiscal years thereafter.

(r) Portability

(1) In general.—(A) Any family receiving tenant-based assistance under subsection (o) of this section may receive such assistance to rent an eligible dwelling unit if the dwelling unit to which the family moves is within any area in which a program is being administered under this section.

(B)(i) Notwithstanding subparagraph (A) and subject to any exceptions established under clause (ii) of this subparagraph, a public housing agency may require that any family not living within the jurisdiction of the public housing agency at the time the family applies for assistance from the agency shall, during the 12-month period beginning on the date of initial receipt of housing assistance made available on behalf of the family from such agency, lease and occupy an eligible dwelling unit located within the jurisdiction served by the agency.

(ii) The Secretary may establish such exceptions to the authority of public housing agencies established under clause (i).

(2) The public housing agency having authority with respect to the dwelling unit to which a family moves under this subsection shall have the responsibility of carrying out the provisions of this subsection with respect to the family.

(3) In providing assistance under subsection (o) of this section for any fiscal year, the Secretary shall give consideration to any reduction in the number of resident families incurred by a public housing agency in the preceding fiscal year as a result of the provisions of this subsection. The Secretary shall establish procedures for the compensation of public housing agencies that issue vouchers to families that move into or out of the jurisdiction of the public housing agency under portability procedures. The Secretary may reserve amounts available for assistance under subsection (o) of this section to compensate those public housing agencies.

(4) The provisions of this subsection may not be construed to restrict any authority of the Secretary under any other provision of law to provide for the portability of assistance under this section.

(5) LEASE VIOLATIONS.—A family may not receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has moved out of the assisted dwelling unit of the family in violation of a lease, except that a family may receive a voucher from a public housing agency and move to another jurisdiction under the tenant-based assistance program if the family has complied with all other obligations of the section 8 [42 U.S.C. 1437f] program and has moved out of the assisted dwelling unit in order to protect the health or safety of an individual who is or has been the victim of domestic violence, dating violence, or stalking and who reasonably believed he or she was imminently threatened by harm from further violence if he or she remained in the assisted dwelling unit.

(s) Prohibition of denial of certificates and vouchers to residents of public housing

In selecting families for the provision of assistance under this section (including subsection (o) of this section), a public housing agency may not exclude or penalize a family solely because the family resides in a public housing project.
(4) Enhanced vouchers

(1) In general

Enhanced voucher assistance under this subsection for a family shall be voucher assistance under subsection (o) of this section, except that under such enhanced voucher assistance—

(A) subject only to subparagraph (D), the assisted family shall pay as rent no less than the amount the family was paying on the date of the eligibility event for the project in which the family was residing on such date;

(B) the assisted family may elect to remain in the same project in which the family was residing on the date of the eligibility event for the project, and if, during any period the family makes such an election and continues to so reside, the rent for the dwelling unit of the family in such project exceeds the applicable payment standard established pursuant to subsection (o) of this section for the unit, the amount of rental assistance provided on behalf of the family shall be determined using a payment standard that is equal to the rent for the dwelling unit (as such rent may be increased from time-to-time), subject to paragraph (30)(A) of subsection (o) of this section and any other reasonable limit prescribed by the Secretary, except that a limit shall not be considered reasonable for purposes of this subparagraph if it adversely affects such assisted families;

(C) subparagraph (B) of this paragraph shall not apply and the payment standard for the dwelling unit occupied by the family shall be determined in accordance with subsection (o) of this section if—

(i) the assisted family moves, at any time, from such project; or

(ii) the voucher is made available for use by any family other than the original family on behalf of whom the voucher was provided; and

(D) if the income of the assisted family declines to a significant extent, the percentage of income paid by the family for rent shall not exceed the greater of 30 percent or the percentage of income paid at the time of the eligibility event for the project.

(2) Eligibility event

For purposes of this subsection, the term “eligibility event” means, with respect to a multifamily housing project, the prepayment of the mortgage on such housing project, the voluntary termination of the insurance contract for the mortgage for such housing project (including any mortgage prepayment during fiscal year 1996 or a fiscal year thereafter or any insurance contract voluntary termination during fiscal year 1996 or a fiscal year thereafter), the termination or expiration of the contract for rental assistance under this section for such housing project (including any such termination or expiration during fiscal years after fiscal year 1994 prior to the effective date of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2001), or the transaction under which the project is preserved as affordable housing, that, under paragraphs (3) and (4) of section 515(c), section 524(d) of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (42 U.S.C. 1437f note), section 4113(f) of title 12, or section 1715z–1(a)p of title 12, results in tenants in such housing project being eligible for enhanced voucher assistance under this subsection.

(3) Treatment of enhanced vouchers provided under other authority

(A) In general

Notwithstanding any other provision of law, any enhanced voucher assistance provided under any authority specified in subparagraph (B) shall (regardless of the date that the amounts for providing such assistance were made available) be treated, and subject to the same requirements, as enhanced voucher assistance under this subsection.

(B) Identification of other authority

The authority specified in this subparagraph is the authority under—

(i) the 10th, 11th, and 12th provisos under the “Preserving Existing Housing Investment” account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997 (Public Law 104–204; 110 Stat. 2864), pursuant to such provisos, the first proviso under the “Housing Certificate Fund” account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1998 (Public Law 105–65; 111 Stat. 1351), and the first proviso under the “Housing Certificate Fund” account in title II of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999 (Public Law 105–276; 112 Stat. 2469); and

(4) Authorization of appropriations

There are authorized to be appropriated for each of fiscal years 2000, 2001, 2002, 2003, and 2004 such sums as may be necessary for enhanced voucher assistance under this subsection.

(u) Assistance for residents of rental rehabilitation projects

In the case of low-income families living in rental projects rehabilitated under section 1437o 12 of this title or section 1490m of this title before rehabilitation—

(1) vouchers under this section shall be made for families who are required to move out of their units because of the physical rehabilitation activities or because of overcrowding;
(2) at the discretion of each public housing agency or other agency administering the allocation of assistance or vouchers under this section may be made for families who would have to pay more than 30 percent of their adjusted income for rent after rehabilitation whether they choose to remain in, or to move from, the project; and

(3) the Secretary shall allocate assistance for vouchers under this section to ensure that sufficient resources are available to address the physical or economic displacement, or potential economic displacement, of existing tenants pursuant to paragraphs (1) and (2).

(v) Extension of expiring contracts

The Secretary may extend expiring contracts entered into under this section for project-based loan management assistance to the extent necessary to prevent displacement of low-income families receiving such assistance as of September 30, 1996.

(3) Allocation

The amounts made available under this subsection shall be allocated by the Secretary through a national competition among applicants based on demonstrated need for the assistance under this subsection. To be considered for assistance, an applicant shall submit to the Secretary a written proposal containing a report from the public child welfare agency serving the jurisdiction of the applicant that describes how a lack of adequate housing in the jurisdiction is resulting in the initial or prolonged separation of children from their families, and how the applicant will coordinate with the public child welfare agency to identify eligible families and provide the families with assistance under this subsection.

A public housing agency providing tenant-based assistance on behalf of an eligible family under this section may provide assistance for an eligible family that purchases a dwelling unit (including a unit under a lease-purchase agreement) that will be owned by 1 or more members of the family, and will be occupied by the family, if the family—

(A) is a first-time homeowner, or owns or is acquiring shares in a cooperative;

(B) demonstrates that the family has income from employment or other sources (other than public assistance, except that the Secretary may provide for the consideration of public assistance in the case of an elderly family or a disabled family), as determined in accordance with requirements of the Secretary, that is not less than twice the payment standard established by the public housing agency (or such other amount as may be established by the Secretary);

If a family receiving assistance under this subsection for occupancy of a dwelling defaults under a mortgage for the dwelling insured by the Secretary under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless the family transfers to the Secretary marketable title to the dwelling, (ii) moves from the dwelling within the period established or approved by the Secretary, and (iii) agrees that any amounts the family is required to pay to reimburse the escrow account under section 1437u(d)(3)(z) of this title may be deducted by the public housing agency from the assistance payment otherwise payable on behalf of the family.

(B) Other mortgages

If a family receiving assistance under this subsection defaults under a mortgage not insured under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless it complies with requirements established by the Secretary.

(6) Reversion to rental status

(A) FHA-insured mortgages

If a family receiving assistance under this subsection for occupancy of a dwelling defaults under a mortgage for the dwelling insured by the Secretary under the National Housing Act [12 U.S.C. 1701 et seq.], the family may not continue to receive rental assistance under this section unless the family (i) transfers to the Secretary marketable title to the dwelling, (ii) moves from the dwelling within the period established or approved by the Secretary, and (iii) agrees that any amounts the family is required to pay to reimburse the escrow account under section 1437u(d)(3)(z) of this title may be deducted by the public housing agency from the assistance payment otherwise payable on behalf of the family.

(bb) Transfer, reuse, and rescission of budget authority

(1) Transfer of budget authority

If an assistance contract under this section, other than a contract for tenant-based assistance, is terminated or is not renewed, or if the contract expires, the Secretary shall, in order to provide continued assistance to eligible families, including eligible families receiving the benefit of the project-based assistance at the time of the termination, transfer any budget authority remaining in the contract to the contractor. The transfer shall be under such terms as the Secretary may prescribe.

Notwithstanding paragraph (1), if a project-based assistance contract for an eligible multifamily housing project subject to actions authorized under this subchapter is terminated or amended as part of restructuring under section 517 of the Multifamily Assisted Housing Reform and Affordability Act of 1997, the Secretary shall recapture the budget authority not required for the terminated or amended contract and use such amounts as are necessary to provide housing assistance for the same number of families covered by such contract for the remaining term of such contract, under a contract providing for project-based or tenant-based assistance. The amount of budget authority saved as a result of the shift to project-based or tenant-based assistance shall be rescinded.

(cc) Law enforcement and security personnel

(1) In general

Notwithstanding any other provision of this chapter, in the case of assistance attached to a structure, for the purpose of increasing security for the residents of a project, an owner may admit, and assistance under this section may be provided to, police officers and other security personnel who are not otherwise eligible for assistance under the chapter.

(2) Rent requirements

With respect to any assistance provided by an owner under this subsection, the Secretary may—

The allocation baseline shall be calculated by including, at a minimum, amounts sufficient to ensure continued assistance for the actual number of families assisted as of October 1, 1997, with appropriate upward adjustments for incremental assistance and additional families authorized subsequent to that date.

(ee) Certification and confidentiality

(1) Certification

(A) In general

An owner, manager, or public housing agency responding to subsections (c)(9), (d)(1)(B)(i), (d)(1)(B)(ii), (d)(1)(B)(iii), (o)(7)(C), (o)(7)(D), (o)(20), and (r)(5) of this section may request that an individual certify via a HUD approved certification form that the individual is a victim of domestic violence, dating violence, or stalking, and that the incident or incidents in question are bona fide incidents of such actual or threatened abuse and meet the requirements set forth in the aforementioned paragraphs. Such certification shall include the name of the perpetrator. The individual shall provide such certification within 14 business days after the individual receives a request for such certification from the owner, manager, or public housing agency.

(B) Failure to provide certification

If the individual does not provide the certification within 14 business days after the individual has received a request in writing for such certification for the owner, manager, or public housing agency, nothing in this subsection or in subsection (c)(9), (d)(1)(B)(i), (d)(1)(B)(ii), (o)(7)(C), (o)(7)(D), (o)(20), or (r)(5) of this section may be construed to limit the authority of an owner or manager to evict, or the public housing agency or assisted housing provider to terminate voucher assistance for, any tenant or lawful occupant that commits violations of a lease. The owner, manager or public housing agency may extend the 14-day deadline at their discretion.

(C) Contents

An individual may satisfy the certification requirement of subparagraph (A) by—
(i) providing the requesting owner, manager, or public housing agency with documentation signed by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional, from whom the victim has sought assistance in addressing domestic violence, dating violence, or stalking, or the effects of the abuse, in which the professional attests under penalty of perjury (28 U.S.C. 1746) to the professional’s belief that the incident or incidents in question are bona fide incidents of abuse, and the victim of domestic violence, dating violence, or stalking has signed or attested to the documentation; or

(ii) producing a Federal, State, tribal, territorial, or local police or court record.

(D) Limitation

Nothing in this subsection shall be construed to require an owner, manager, or public housing agency to demand that an individual produce official documentation or physical proof of the individual’s status as a victim of domestic violence, dating violence, or stalking in order to receive any of the benefits provided in this section. At their discretion, the owner, manager, or public housing agency may provide benefits to an individual based solely on the individual’s statement or other corroborating evidence.

(E) Compliance not sufficient to constitute evidence of unreasonable act

Compliance with this statute by an owner, manager, or public housing agency based on the certification specified in paragraphs (1)(A) and (B) of this subsection or based solely on the victim’s statement or other corroborating evidence, as permitted by paragraph (1)(C) of this subsection, shall not alone be sufficient to constitute evidence of an unreasonable act or omission by an owner, manager or public housing agency based on the certification specified in paragraphs (1)(A) and (B) of this subsection or based solely on the victim’s statement or other corroborating evidence. At their discretion, the owner, manager, or public housing agency may provide benefits to an individual based solely on the individual’s statement or other corroborating evidence.

(F) Preemption

Nothing in this section shall be construed to supersede any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(2) Confidentiality

(A) in general

All information provided to an owner, manager, or public housing agency pursuant to paragraph (1), including the fact that an individual is a victim of domestic violence, dating violence, or stalking, shall be retained in confidence by an owner, manager, or public housing agency, and shall neither be entered into any shared database nor provided to any related entity, except to the extent that disclosure is—

A public housing agency may provide for circumstances in which families who do not qualify for any preference established in the preceding sentence are provided assistance under this subsection before families who do qualify for such preference, except that not more than 10 percent (or such higher percentage determined by the Secretary to be necessary to ensure that public housing agencies can assist families in accordance with subsection (u)(2) of this section or determined by the Secretary to be appropriate for other good cause) of the families who initially receive assistance in any 1-year period (or such shorter period selected by the public housing agency before the beginning of its first full year subject to this sentence) may be families who do not qualify for such preference. The public housing agency shall in implementing the preceding sentence establish a system of preferences in writing before and after public hearing to respond to local housing needs and priorities which may include (I) assisting very low-income families who either reside in transitional housing assisted under title IV of the Stewart B. SEC. 511. FINDINGS AND PURPOSES.

MULTIFAMILY HOUSING ASSISTANCE

"SUBTITLE A—FHA-INSURED MULTIFAMILY HOUSING MORTGAGE AND HOUSING ASSISTANCE RESTRUCTURING"

"SEC. 511. FINDINGS AND PURPOSES.

(a) FINDINGS. Congress finds that—

(1) there exists throughout the Nation a need for decent, safe, and affordable housing; and

(2) as of the date of enactment of this Act [Oct. 27, 1997], it is estimated that—

(A) the insured multifamily housing portfolio of the Federal Housing Administration consists of 14,000 rental properties, with an aggregate unpaid principal mortgage balance of $38,000,000,000; and

(B) approximately 10,000 of these properties contain housing units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f);

(3) FHA-insured multifamily rental properties are a major Federal investment, providing affordable rental housing to an estimated 2,000,000 low- and very low-income families;

(4) approximately 1,600,000 of these families live in dwelling units that are assisted with project-based rental assistance under section 8 of the United States Housing Act of 1937;

(5) a substantial number of housing units receiving project-based assistance have rents that are higher than the rents of comparable, unassisted rental units in the same housing rental market;

(6) many of the contracts for project-based assistance will expire during the several years following the date of enactment of this Act;

(7) it is estimated that—

(A) if no changes in the terms and conditions of the contracts for project-based assistance are made before fiscal year 2000, the cost of renewing all expired rental assistance contracts under section 8 of the United States Housing Act of 1937 for both project-based and tenant-based rental assistance will increase from approximately $3,600,000,000 in fiscal year 1997 to over $14,300,000,000 by fiscal year 2005; and some $22,400,000,000 in fiscal year 2006;

(B) of those renewal amounts, the cost of renewing project-based assistance will increase from $1,200,000,000 in fiscal year 1997 to almost $7,400,000,000 by fiscal year 2006; and

(C) without changes in the manner in which project-based rental assistance is provided, renewals of expiring contracts for project-based rental assistance will require an increasingly large portion of the discretionary budget authority of the Department of Housing and Urban Development in each subsequent fiscal year for the foreseeable future;

(8) absent new budget authority for the renewal of expiring rental contracts for project-based assistance, many of the FHA-insured multifamily housing projects that are assisted with project-based assistance are likely to default on their FHA-insured mortgage payments, resulting in substantial claims to the FHA General Insurance Fund and Special Risk Insurance Fund;

(9) more than a percent of federally assisted multifamily housing projects are physically or financially distressed, including a number which suffer from mismanagement;

(10) due to Federal budget constraints, the downsizing of the Department of Housing and Urban Development, and diminished administrative capacity, the Department lacks the ability to ensure the continued physical and economic well-being of the stock of federally insured and assisted multifamily housing projects;

(11) the economic, physical, and management problems facing the stock of federally insured and assisted multifamily housing projects will be best served by reforms that—

(A) reduce the cost of Federal rental assistance, including project-based assistance, to these projects by reducing the debt service and operating costs of these projects while retaining the low-income affordability and availability of this housing;

(B) address physical and economic distress of this housing and the failure of some project managers and owners of projects to comply with management and ownership rules and requirements; and

(C) transfer and share many of the loan and contract administration functions and responsibilities of the Secretary to and with capable State, local, and other entities; and

(12) the authority and duties of the Secretary, not including the control by the Secretary of applicable accounts in the Treasury of the United States, may be delegated to State, local or other entities at the discretion of the Secretary, to the extent the Secretary determines, and for the purpose of carrying out this title [see Short Title of 1993 Amendment note set out under section 1701 of Title 12, Banks and Banking], so that the Secretary has the discretion to be relieved of processing and approving any document or action required by these reforms.

(b) PURPOSES. Consistent with the purposes and requirements of the Government Performance and Results Act of 1993 [Pub. L. 102–69, see Short Title of 1993 Amendment note set out under section 1101 of Title 31, Money and Finance], the purposes of this subtitle are—

(1) to preserve low-income rental housing affordability and availability while reducing the long-term costs of project-based assistance;

(2) to reform the design and operation of Federal rental housing assistance programs, administered by the Secretary, to promote greater multifamily housing project operating and cost efficiencies;

(3) to encourage owners of eligible multifamily housing projects to restructure their FHA-insured mortgages and project-based assistance contracts in a manner that is consistent with this subtitle before the year in which the contract expires;

(4) to reduce the cost of insurance claims under the National Housing Act [12 U.S.C. 1701 et seq.] related to mortgages insured by the Secretary and used to finance eligible multifamily housing projects;

(5) to streamline and improve federally insured and assisted multifamily housing project oversight and administration;

(6) to resolve the problems affecting financially and physically troubled federally insured and assisted...
multifamily housing projects through cooperation with residents, owners, State and local governments, and other interested entities and individuals;

“(7) to grant additional enforcement tools to use against those who violate agreements and program requirements, in order to ensure that the public interest is safeguarded and that Federal multifamily housing programs serve their intended purposes.

"SEC. 524. RENEWAL OF EXPIRING PROJECT-BASED SECTION 8 CONTRACTS.

(a) In General.—

(1) Renewal.—Subject to paragraph (2), upon termination or expiration of a contract for project-based assistance under section 8 for a multifamily housing project (and notwithstanding section 8(v) of the United States Housing Act of 1937 (42 U.S.C. 1437f) (for loan management assistance), the Secretary shall, at the request of the owner of the project and to the extent sufficient amounts are made available in appropriation Acts, use amounts available for the renewal of assistance under section 8 of such Act to provide such assistance for the project. The assistance shall be provided under a contract having such terms and conditions as the Secretary considers appropriate, subject to the requirements of this section. This section shall not require contract renewal for a project that is eligible under this subtitle for a mortgage restructuring and rental assistance sufficiency plan, if there is no approved plan for the project and the Secretary determines that such an approved plan is necessary.

(2) Prohibition on Renewal.—Notwithstanding part 24 of title 24 of the Code of Federal Regulations, the Secretary may elect not to renew assistance for a project otherwise required to be renewed under paragraph (1) or provide comparable benefits under paragraph (1) or (2) of subsection (e) for a project described in either such paragraph, if the Secretary determines that a violation under paragraphs (1) through (4) of section 516(a) has occurred with respect to the project. For purposes of such a determination, the provisions of section 516 shall apply to a project under this section in the same manner and to the same extent that the provisions of such section apply to eligible multifamily housing projects, except that the Secretary shall make the determination under section 516(a)(4)."

(3) Contract Term for Mark-Up-To-Market Contracts.—In the case of an expiring or terminating contract that has rent levels less than comparable market rents for the market area, if the rent levels under the renewal contract under this section are equal to comparable market rents for the market area, the contract shall have a term of not less than 5 years, subject to the availability of sufficient amounts in appropriation Acts.

(4) Renewal Rents.—Except as provided in section (b), the contract for assistance shall provide assistance at the following rent levels:

(A) Market Rents.—At the request of the owner of the project, at rent levels equal to the lesser of comparable market rents for the market area or 150 percent of the fair market rents, in the case only of a project that—

(i) has rent levels under the expiring or terminating contract that do not exceed such comparable market rents;

(ii) does not have a low- and moderate-income use restriction that can not be eliminated by unilateral action by the owner;

(iii) is decent, safe, and sanitary housing, as determined by the Secretary;

(iv) is not—

(I) owned by a nonprofit entity;

(II) subject to a contract for moderate rehabilitation assistance under section 6(e)(2) of the United States Housing Act of 1937, as in effect before October 1, 1991; or

(III) a project for which the public housing agency provided voucher assistance to one or more of the tenants after the owner has provided notice of termination of the contract covering the tenant’s unit; and

(v) has units assisted under the contract for which the comparable market rent exceeds 110 percent of the fair market rent.

The Secretary may adjust the percentages of fair market rent (as specified in the matter preceding clause (i) and in clause (v)), but only upon a determination and written notification to the Congress within 10 days of making such determination, that such adjustment is necessary to ensure that this subparagraph covers projects with a high risk of nonrenewal of expiring contracts for project-based assistance.

(B) Reduction to Market Rents.—In the case of a project that has rent levels under the expiring or terminating contract that exceed comparable market rents for the market area, at rent levels equal to comparable market rents.

(C) Rents Not Exceeding Market Rents.—In the case of a project that is not subject to subparagraph (A) or (B), at rent levels that—

(i) are not less than the existing rents under the terminated or expiring contract, as adjusted by an operating cost adjustment factor established by the Secretary (which shall not result in a negative adjustment), if such adjusted rents do not exceed comparable market rents for the market area; and

(ii) do not exceed comparable market rents for the market area.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve rents sufficient to cover budget-based cost increases and shall give greater consideration to providing rent at a level up to comparable market rents for the market area based on the number of the criteria under clauses (i) through (iii) of subparagraph (D) that the project meets. Notwithstanding any other provision of law, the Secretary shall include in such budget-based cost increases costs relating to the project as a whole (including costs incurred with respect to units not covered by the contract for assistance), but only (I) if inclusion of such costs is requested by the owner or purchaser of the project, (II) if inclusion of such costs will permit capital repairs to the project or acquisition of the project by a nonprofit organization, and (III) to the extent that inclusion of such costs (or a portion thereof) complies with the requirement under clause (ii).

(D) Waiver of 150 Percent Limitation.—Notwithstanding subparagraph (A), at rent levels up to comparable market rents for the market area, in the case of a project that meets the requirements under clauses (i) through (v) of subparagraph (A) and—

(i) has residents who are a particularly vulnerable population, as demonstrated by a high percentage of units being rented to elderly families, disabled families, or large families;

(ii) is located in an area in which tenant-based assistance would be difficult to use, as demonstrated by a low vacancy rate for affordable housing, a high turnover rate for vouchers, or a lack of comparable rental housing; or

(iii) is a high priority for the local community, as demonstrated by a contribution of State or local funds to the property.

In determining the rent level for a contract under this subparagraph, the Secretary shall approve...

"(2) PROJECTS COVERED.—A multifamily housing project described in this paragraph is a multifamily housing project that—

"(A) is not an eligible multifamily housing project under section 512(2); or

In the case of projects with contracts renewed pursuant to subsection (a) or pursuant to subsection (e)(2) at rent levels equal to comparable market rents for the market area, the Secretary shall adjust rent levels for the market area, at the expiration of each 5-year period, the rent levels to reflect the value of any subsidy (other than section 8 assistance) provided by the Department of Housing and Urban Development, which may include appropriate adjustments for utility allowances and adjustments to reflect the value of any subsidy (other than section 8 assistance) provided by the Department of Housing and Urban Development.

"(2) DISCRETIONARY.—In addition to review and adjustment required under paragraphs (1), in the case of projects with contracts renewed pursuant to subsection (a) or pursuant to subsection (e)(2) at rent levels equal to comparable market rents for the market area, the Secretary but only once within each 5-year period referred to in paragraph (1), conduct a comparison of rents for a project and adjust the rents accordingly to maintain the contract rents at a level not greater than comparable market rents or to increase rents to comparable market rents.

"(d) ENHANCED VOUCHERS UPON CONTRACT EXPIRATION.—

"(1) IN GENERAL.—In the case of a contract for project-based assistance under section 8 for a covered project that is not renewed under subsection (a) or (b) of this section (or by another authority), to the extent that amounts for assistance under this subsection are provided in advance in appropriation Acts, upon the date of the expiration of such contract the Secretary shall make enhanced voucher assistance under section 8(t) of the United States Housing Act of 1937 (42 U.S.C. 1437f(t)) available on behalf of each low-income family who, upon the date of such expiration, is residing in an assisted dwelling unit in the covered project.

“(A) the use of comparability studies by the Secretary of Housing and Urban Development or the appropriate State agency as an independent limitation on the amount of rental adjustments resulting from the application of an annual adjustment factor under such section has resulted in the reduction of the maximum monthly rent for units covered by the contract or the failure to increase such contract rent to the full amount otherwise permitted under the annual adjustment factor; or

“(B) an assistance contract requires a project owner to make a request before becoming eligible for a rent adjustment under the annual adjustment factor and the project owner certifies that such a request was not made because of anticipated negative adjustment to the project rents, for fiscal year 1980, and annually thereafter until regulations implementing this section take effect, rental adjustments shall be calculated as an amount equal to the annual adjustment factor multiplied by a figure equal to the contract rent minus the amount of contract rent attributable to debt service. Upon the request of the project owner, the Secretary shall pay to the project owner the amount, if any, by which the total rental adjustment calculated under the preceding sentence exceeds the total adjustments the Secretary or appropriate State agency actually approved, except that solely for purposes of calculating retroactive payments under this subsection, in no event shall any project owner be paid an amount less than 30 percent of a figure equal to the aggregate of the annual adjustment factor multiplied by the full contract rent for each year on or after fiscal year 1980, minus the sum of the rental payments the Secretary or appropriate State agency actually approved for those years. The method provided by this subsection shall be the exclusive method by which retroactive payments, whether or not requested, may be made for projects subject to this subsection for the period from fiscal year 1980 until the regulations issued under subsection (e) take effect. For purposes of this paragraph, ‘debt service’ shall include interest, principal, and mortgage insurance premium if any.

“(b) 3-Year Payments.—The Secretary shall provide the amounts under subsection (a) over the 3-year period beginning on the effective date of the regulations issued under subsection (e). “(B) calculated in accordance with the first sentence of subsection (a)(1).

The Secretary shall issue such regulations not later than the expiration of the 180-day period beginning on the date of the enactment of this Act [Dec. 15, 1989]."

(2) Formula

(A) In general

The Secretary shall establish a formula for determining the amount of assistance provided to public housing agencies from the Operating Fund for a fiscal year. The formula may take into account—

(i) standards for the costs of operating and reasonable projections of income, taking into account the characteristics and locations of the public housing projects and characteristics of the families served and to be served (including the incomes of the families), or the costs of providing comparable services as determined in accordance with criteria or a formula representing the operations of a prototype well-managed public housing project;

(ii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency;

(iii) the number of public housing dwelling units owned, assisted, or operated by the public housing agency that are chronically vacant and the amount of assistance appropriate for those units;

(vii) any other factors that the Secretary determines to be appropriate.

(B) Incentive to increase certain rental income

The formula shall provide an incentive to encourage public housing agencies to facilitate increases in earned income by families in occupancy. Any such incentive shall provide that the agency shall benefit from increases in such rental income and that such amounts accruing to the agency pursuant to such benefit may be used only for low-income housing or to benefit the residents of the public housing agency.

(C) Treatment of savings

(i) In general

The treatment of utility and waste management costs under the formula shall provide that a public housing agency shall receive the full financial benefit from any reduction in the cost of utilities or waste management resulting from any contract with a third party to undertake energy

(iv) Existing contracts

The term of a contract described in clause (i) that, as of December 26, 2007, is in repayment and has a term of not more than 12 years, may be extended to a term of not more than 20 years to permit additional energy conservation improvements without requiring the reprocurement of energy performance contractors.

(3) Condition on use

No portion of any public housing project operated using amounts provided under this subsection, or under this section as in effect before the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, may be disposed of before the expiration of the 10-year period beginning upon the conclusion of the fiscal year for which such amounts were provided, except as otherwise provided in this chapter.

Of any amounts appropriated for fiscal year 2000 or any fiscal year thereafter that are allocated for fiscal year 2000 or any fiscal year thereafter from the Capital Fund for any public housing agency, the agency may use not more than 20 percent for activities that are eligible under subsection (e) of this section for assistance with amounts from the Operating Fund, but only if the public housing agency plan for the agency provides for such use.

(2) Full flexibility for small PHAs

Of any amounts allocated for any fiscal year for any public housing agency that owns or operates less than 250 public housing dwelling units, is not designated pursuant to section 1437d(j)(2) of this title as a troubled public housing agency, and (in the determination of the Secretary) is operating and maintaining its public housing in a safe, clean, and healthy condition, the agency may use any such amounts for any eligible activities under subsections (d)(1) and (e)(1) of this section, regardless of the fund from which the amounts were allocated and provided. This subsection shall take effect on October 21, 1998.

(3) Limitation on new construction

(A) In general

Except as provided in subparagraphs (B) and (C), a public housing agency may not use any of the amounts allocated for the agency from the Capital Fund or Operating Fund for the purpose of constructing any public housing unit, if such construction would result in a net increase from the number of public housing units owned, assisted, or operated by the public housing agency on October 1, 1999, including any public housing units demolished as part of any revitalization effort.

(B) Exception regarding use of assistance

A public housing agency may use amounts allocated for the agency from the Capital Fund or Operating Fund for the construction and operation of housing units that are available and affordable to low-income families in excess of the limitations on new construction set forth in subparagraph (A), but the formulas established under subsections (d)(2) and (e)(2) of this section shall not provide additional funding for the specific purpose of allowing construction and operation of housing in excess of those limitations (except to the extent provided in subparagraph (C)).

(C) Exception regarding formulas

Subject to reasonable limitations set by the Secretary, the formulas established under subsections (d)(2) and (e)(2) of this section may provide additional funding for the operation and modernization costs (but not the initial development costs) of housing in excess of amounts otherwise permitted under this paragraph, and such amounts may be so used, if—

(i) such units are part of a mixed-finance project or otherwise leverage significant additional private or public investment; and

(ii) the estimated cost of the useful life of the project is less than the estimated cost of providing tenant-based assistance under section 1437f(o) of this title for the same period of time.

(h) Technical assistance

To the extent amounts are provided in advance in appropriations Acts, the Secretary may make grants or enter into contracts or cooperative agreements in accordance with this subsection for purposes of providing, either directly or indirectly—

(A) In general
Notwithstanding the provisions of section 1437a(a) of this title (relating to family rental contributions) or paragraph (4) or (5) of section 1437a(b) of this title (relating to definition of income and adjusted income), if the welfare or public assistance benefits of a covered family are reduced under a Federal, State, or local law regarding such an assistance program because of any failure of any member of the family to comply with the conditions under the assistance program requiring participation in an economic self-sufficiency program or imposing a work activities requirement, the amount required to be paid by the family as a monthly contribution toward rent may not be decreased, during the period of the reduction, as a result of any decrease in the income of the family (to the extent that the decrease in income is a result of the benefits reduction).

(B) No reduction based on time limit for assistance
For purposes of this paragraph, a reduction in benefits as a result of the expiration of a lifetime time limit for a family receiving welfare or public assistance benefits shall not be considered to be a failure to comply with the conditions under the assistance program requiring participation in an economic self-sufficiency program or imposing a work activities requirement. This paragraph shall apply beginning on October 21, 1998.

(3) Effect of fraud
Notwithstanding the provisions of section 1437a(a) of this title (relating to family rental contributions) or paragraph (4) or (5) of section 1437a(b) of this title (relating to definition of income and adjusted income), if the welfare or public assistance benefits of a covered family are reduced because of an act of fraud by a member of the family under the law or program, the amount required to be paid by the covered family as a monthly contribution toward rent may not be decreased, during the period of the reduction, as a result of any decrease in the income of the family (to the extent that the decrease in income is a result of the benefits reduction). This paragraph shall apply beginning on October 21, 1998.

(4) Notice
Paragraphs (2) and (3) shall not apply to any covered family before the public housing agency providing assistance under this chapter on behalf of the family obtains written notification from the relevant welfare or public assistance agency specifying that the family’s benefits have been reduced because of noncompliance with economic self-sufficiency program or work activities requirements or fraud, and the level of such reduction.

(5) Occupancy rights
This subsection may not be construed to authorize any public housing agency to establish any time limit on tenancy in a public housing dwelling unit or on receipt of tenant-based assistance under section 1437f of this title.

(6) Review
Any covered family residing in public housing that is affected by the operation of this subsection shall have the right to review the determination under this subsection through the administrative grievance procedure established pursuant to section 1437d(k) of this title for the public housing agency.

(7) Cooperation agreements for economic self-sufficiency activities

(A) Requirement
A public housing agency providing public housing dwelling units or tenant-based assistance under section 1437f of this title for covered families shall make its best efforts to enter into such cooperation agreements, with State, local, and other agencies providing assistance to covered families under welfare or public assistance programs, as may be necessary, to provide for such agencies to
transfer information to facilitate administration of subsection (c) of this section and paragraphs (2), (3), and (4) of this subsection and other information regarding rents, income, and assistance that may assist a public housing agency or welfare or public assistance agency in carrying out its functions.

(B) Contents

A public housing agency shall seek to include in a cooperation agreement under this paragraph requirements and provisions designed to target assistance under welfare and public assistance programs to families residing in public housing projects and families receiving tenant-based assistance under section 1437f of this title, which may include providing for economic self-sufficiency services within such housing, providing for services designed to meet the unique employment-related needs of residents of such housing and recipients of such assistance, providing for placement of workfare positions on-site in such housing, and such other elements as may be appropriate.

A public housing agency shall incorporate into leases under section 1437d(d) of this title and into agreements for the provision of tenant-based assistance under section 1437f of this title, provisions incorporating the conditions under subsection (d) of this section.

(f) Treatment of income

Notwithstanding any other provision of this section, in determining the income of a family who resides in public housing or receives tenant-based assistance under section 1437f of this title, a public housing agency shall consider any decrease in the income of a family that results from the reduction of any welfare or public assistance benefits received by the family under any Federal, State, or local law regarding a program for such assistance if the family (or a member thereof, as applicable) has complied with the conditions for receiving such assistance and is unable to obtain employment notwithstanding such compliance.

(g) Definition

(3) Prohibition of concentration of low-income families

(A) Prohibition

The Secretary shall review the income and occupancy characteristics of the public housing projects and the buildings of such projects of such agencies to ensure compliance with the provisions of this paragraph and paragraph (2).

(B) Deconcentration

(i) In general

This clause may not be construed to impose or require any specific income or racial quotas for any project or projects.

(ii) Incentives

In implementing the policy under clause (i), a public housing agency may offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes.

(ii) the number of qualified families that is required for the agency to comply with the percentage requirement under subsection (b)(1) of this section for such fiscal year.

(C) Limitations on credit number

The credit number under subparagraph (B) for a public housing agency for a fiscal year may not in any case exceed the lesser of—

(2) Jurisdictions served by multiple PHAs

In the case of any 2 or more public housing agencies that administer tenant-based assistance under section 1437f of this title with respect solely to identical geographical areas, such agencies shall be treated as a single public housing agency for purposes of paragraph (1).

(4) Prohibition of skipping

In developing admission procedures implementing paragraphs (1), (2), and (3), the Secretary shall prohibit project owners from selecting families for residence in an order different from the order on the waiting list for the purpose of selecting relatively higher income families for residence. (5) Exception

The limitations established in paragraphs (1), (2), and (3) shall not apply to dwelling units made available under project-based contracts under section 1437f of this title for the purpose of preventing displacement, or ameliorating the effects of displacement.

§ 1437p. Demolition and disposition of public housing

(a) Applications for demolition and disposition

Except as provided in subsection (b) of this section, upon receiving an application by a public housing agency for authorization, with or without financial assistance under this subchapter, to demolish or dispose of a public housing project or a portion of a public housing project (including any transfer to a resident-supported nonprofit entity), the Secretary shall approve the application, if the public housing agency certifies—

(1) in the case of—

(A) an application proposing demolition of a public housing project or a portion of a public housing project, that—

(i) the project or portion of the public housing project is obsolete as to physical condition, location, or other factors, making it unsuitable for housing purposes; and

(ii) no reasonable program of modifications is cost-effective to return the public housing project or portion of the project to useful life; and

(B) an application proposing the demolition of only a portion of a public housing project, that the demolition will help to ensure the viability of the remaining portion of the project;

(2) in the case of an application proposing disposition by sale or other transfer of a public housing project or other real property subject to this subchapter—

(A) the retention of the property is not in the best interests of the residents or the public housing agency because—

(i) conditions in the area surrounding the public housing project adversely affect the health or safety of the residents or the feasible operation of the project by the public housing agency; or

(ii) disposition allows the acquisition, development, or rehabilitation of other properties that will be more efficiently or effectively operated as low-income housing; and

(B) the public housing agency has otherwise determined the disposition to be appropriate for reasons that are—
(i) in the best interests of the residents and the public housing agency;
(ii) consistent with the goals of the public housing agency and the public housing agency plan; and

(C) for property other than dwelling units, the property is excess to the needs of a public housing project or the disposition is incidental to, or does not interfere with, continued operation of a public housing project;
(3) that the public housing agency has specifically authorized the demolition or disposition in the public housing agency plan, and has certified that the actions contemplated in the public housing agency plan comply with this section;
(4) that the public housing agency—
(A) will notify each family residing in a public housing project subject to demolition or disposition 90 days prior to the displacement date, except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—
(i) the public housing project will be demolished or disposed of;
(ii) the demolition of the building in which the family resides will not commence until each resident of the building is relocated; and
(iii) each family displaced by such action will be offered comparable housing—
(I) that meets housing quality standards;
(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and
(III) which may include—
(aa) tenant-based assistance, except that the requirement under this clause regarding the offer of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;
(bb) project-based assistance; or
(cc) occupancy in a unit operated or assisted by the public housing agency at a rental rate paid by the family that is comparable to the rental rate applicable to the unit from which the family is vacated;
(B) will provide for the payment of the actual and reasonable relocation expenses of each resident to be displaced; and
(C) will ensure that each displaced resident is offered comparable housing in accordance with the notice under subparagraph (A); and
(D) will provide any necessary counseling for residents who are displaced;
(E) will not commence demolition or complete disposition until all residents residing in the building are relocated;
(5) that the net proceeds of any disposition will be used—
(A) unless waived by the Secretary, for the retirement of outstanding obligations issued to finance the original public housing project or modernization of the project; and
(B) to the extent that any proceeds remain after the application of proceeds in accordance with subparagraph (A), for—
(i) the provision of low-income housing or to benefit the residents of the public housing agency; or
(ii) leveraging amounts for securing commercial enterprises, on-site in public housing projects of the public housing agency, appropriate to serve the needs of the residents; and
(6) that the public housing agency has complied with subsection (c) of this section.

(b) Disapproval of applications

The Secretary shall disapprove an application submitted under subsection (a) of this section if the Secretary determines that—
(1) any certification made by the public housing agency under that subsection is clearly inconsistent with information and data available to the Secretary or information or data requested by the Secretary; or
(2) the application was not developed in consultation with—
(A) residents who will be affected by the proposed demolition or disposition;
(B) each resident advisory board and resident council, if any, of the project (or portion thereof) that will be affected by the proposed demolition or disposition; and
(C) appropriate government officials.

(c) Resident opportunity to purchase in case of proposed disposition

(1) In general

In the case of a proposed disposition of a public housing project or portion of a project, the public housing agency shall, in appropriate circumstances, as determined by the Secretary, initially offer the property to any eligible resident organization, eligible resident management corporation, or nonprofit organization acting on behalf of the residents, if that entity has expressed an interest, in writing, to the public housing agency in a timely manner, in purchasing the property for continued use as low-income housing.

(2) Timing

(A) Expression of interest

A resident organization, resident management corporation, or other resident-supported nonprofit entity referred to in paragraph (1) may express interest in purchasing property that is the subject of a disposition, as described in paragraph (1), during the 30-day period beginning on the date of notification of a proposed sale of the property.

(B) Opportunity to arrange purchase

If an entity expresses written interest in purchasing a property, as provided in subparagraph (A), no disposition of the property shall occur during the 60-day period beginning on the date of receipt of that written notice (other than to the entity providing
the notice), during which time that entity shall be given the opportunity to obtain a firm commitment for financing the purchase of the property.

(d) Replacement units

Notwithstanding any other provision of law, replacement public housing units for public housing units demolished in accordance with this section may be built on the original public housing location or in the same neighborhood as the original public housing location if the number of the replacement public housing units is significantly fewer than the number of units demolished.

(e) Consolidation of occupancy within or among buildings

Nothing in this section may be construed to prevent a public housing agency from consolidating occupancy within or among buildings of a public housing project, or among projects, or with other housing for the purpose of improving living conditions of, or providing more efficient services to, residents.

(f) De minimis exception to demolition requirements

Notwithstanding any other provision of this section, in any 5-year period a public housing agency may demolish not more than the lesser of 5 dwelling units or 5 percent of the total dwelling units owned by the public housing agency, but only if the space occupied by the demolished unit is used for meeting the service or other needs of public housing residents or the demolished unit was beyond repair.

(g) Uniform Relocation and Real Property Acquisition Act

The Uniform Relocation and Real Property Acquisition Policies Act of 1970 [42 U.S.C. 4601 et seq.] shall not apply to activities under this section.

(h) Relocation and replacement

Of the amounts appropriated for tenant-based assistance under section 1437(f) of this title in any fiscal year, the Secretary may use such sums as are necessary for relocation and replacement housing for dwelling units that are demolished and disposed of from the public housing inventory (in addition to other amounts that may be available for such purposes).

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 3846

§ 1437r

Public housing resident management

(a) Purpose

The purpose of this section is to encourage increased resident management of public housing projects, as a means of improving existing living conditions in public housing projects, by providing increased flexibility for public housing projects that are managed by residents by—

(1) permitting the retention, and use for certain purposes, of any revenues exceeding operating and project costs; and

(2) providing funding, from amounts otherwise available, for technical assistance to promote formation and development of resident management entities.

For purposes of this section, the term “public housing project” includes one or more contiguous buildings or an area of contiguous row houses the elected resident councils of which approve the establishment of a resident management corporation and otherwise meet the requirements of this section.

(b) Program requirements

(1) Resident council

As a condition of entering into a resident management program, the elected resident council of a public housing project shall approve the establishment of a resident management corporation. When such approval is made by the elected resident council of a building or row house area, the resident management program shall not interfere with the rights of other families residing in the project or harm the efficient operation of the project. The resident management corporation and the resident council may be the same organization, if the organization complies with the requirements applicable to both the corporation and council. The corporation shall be a nonprofit corporation organized under the laws of the State in which the project is located, and the tenants of the project shall be the sole voting members of the corporation. If there is no elected resident council, a majority of the households of the public housing project shall approve the establishment of a resident council to determine the feasibility of establishing a resident management corporation to manage the project.

(2) Public housing management specialist

The resident council of a public housing project, in cooperation with the public housing agency, shall select a qualified public housing management specialist to assist in determining the feasibility of, and to help establish, a resident management corporation and to provide training and other duties agreed to in the daily operations of the project.

(3) Bonding and insurance

Before assuming any management responsibility for a public housing project, the resident management corporation shall provide fidelity bonding and insurance, or equivalent protection, in accordance with regulations and requirements of the Secretary and the public housing agency. Such bonding and insurance, or its equivalent, shall be adequate to protect the Secretary and the public housing agency against loss, theft, embezzlement, or fraudulent acts on the part of the resident management corporation or its employees.

(4) Management responsibilities

A resident management corporation that qualifies under this section, and that supplies insurance and bonding or equivalent protection sufficient to the Secretary and the public housing agency, shall enter into a contract with the public housing agency establishing the respective management rights and responsibilities of the corporation and the public housing agency. Such contract shall be consistent with the requirements of this chapter applicable to public housing projects and may include specific terms governing management personnel and compensation, access to public housing project records, submission of and adherence to budgets, rent collection procedures, tenant income verification, tenant eligibility determinations, tenant eviction, the acquisition of supplies and materials, rent determination, community service requirements,1 and such other matters as may be appropriate. The contract shall be treated as a contracting out of services and shall be subject to any provision of a collective bargaining agreement regarding contracting out to which the public housing agency is subject.

(5) Annual audit

The books and records of a resident management corporation operating a public housing project shall be audited annually by a certified public accountant. A written report of each audit shall be forwarded to the public housing agency and the Secretary.

(c) Assistance amounts

A contract under this section for management of a public housing project by a resident management corporation shall provide for—

(1) the public housing agency to provide a portion of the assistance to agency from the Capital and Operating Funds to the resident management corporation in accordance with subsection (e) of this section for purposes of operating the public housing project covered by the contract and performing such other eligible activities with respect to the project as may be provided under the contract;

(2) the amount of income expected to be derived from the project itself (from sources such as rents and charges);

(3) the amount of income to be provided to the project from the other sources of income of the public housing agency (such as interest income, administrative fees, and rents); and

(4) any income generated by a resident management corporation of a public housing project that exceeds the income estimated under the contract shall be used for eligible

1 So in original.
activities under subsections (d)(1) and (e)(1) of section 1437g of this title.

(d) Waiver of Federal requirements

(1) Waiver of regulatory requirements

Upon the request of any resident management corporation and public housing agency, and after notice and an opportunity to comment is afforded to the affected tenants, the Secretary may waive (for both the resident management corporation and the public housing agency) any requirement established by the Secretary (and not specified in any statute) that the Secretary determines to unnecessarily increase the costs or restrict the income of a public housing project.

(2) Waiver to permit employment

Upon the request of any resident management corporation, the Secretary may, subject to applicable collective bargaining agreements, permit residents of such project to volunteer a portion of their labor.

(3) Exceptions

The Secretary may not waive under this subsection any requirement with respect to income eligibility for purposes of section 1437n of this title, rental payments under section 1437a(a) of this title, tenant or applicant protections, employee organizing rights, or rights of employees under collective bargaining agreements.

(e) Direct provision of operating and capital assistance

(1) In general

The Secretary shall directly provide assistance from the Operating and Capital Funds to a resident management corporation managing a public housing development pursuant to a contract under this section, but only if—

(A) the resident management corporation petitions the Secretary for the release of the funds;

(B) the contract provides for the resident management corporation to assume the primary management responsibilities of the public housing agency; and

(C) the Secretary determines that the corporation has the capability to effectively discharge such responsibilities.

(2) Use of assistance

Any assistance from the Operating and Capital Funds provided to a resident management corporation pursuant to this subsection shall be used for purposes of operating the public housing developments of the agency and performing such other eligible activities with respect to public housing as may be provided under the contract.

(3) Responsibility of public housing agency

If the Secretary provides direct funding to a resident management corporation under this subsection, the public housing agency shall not be responsible for the actions of the resident management corporation.

(4) Calculation of Operating Fund allocation

Notwithstanding any provision of section 1437g of this title or any regulation under such section, and subject to the exception provided in paragraph (3), the portion of the amount received by a public housing agency under section 1437g of this title that is due to an allocation from the Operating Fund and that is allocated to a public housing project managed by a resident management corporation shall not be less than the public housing agency per unit monthly amount provided in the previous year as determined on an individual project basis.

(5) Calculation of total income

(A) Subject to subparagraph (B), the amount of funds provided by a public housing agency to a public housing project managed by a resident management corporation may not be reduced during the 3-year period beginning on February 5, 1988, or on any later date on which a resident management corporation is first established for the project.

(B) If the total income of a public housing agency (including any amounts from the Capital or Operating Funds provided to the public housing agency under section 1437g of this title) is reduced or increased, the income provided by the public housing agency to a public housing project managed by a resident management corporation shall be reduced or increased in proportion to the reduction or increase in the total income of the public housing agency, except that any reduction in amounts from the Operating Fund that occurs as a result of fraud, waste, or mismanagement by the public housing agency shall not affect the funds provided to the resident management corporation.

(f) Retention of excess revenues

(A) Any income generated by a resident management corporation of a public housing project that exceeds the income estimated for purposes of this subsection shall be excluded in subsequent years in calculating (i) the allocations from the Operating Fund for the public housing agency under section 1437g of this title; and (ii) the funds provided by the public housing agency to the resident management corporation.

(B) Any revenues retained by a resident management corporation under subparagraph (A) shall be used for purposes of improving the maintenance and operation of the public housing project, for establishing business enterprises that employ residents of public housing, or for acquiring additional dwelling units for low-income families.

(h) Applicability

Any management contract between a public housing agency and a resident management corporation that is entered into after November 7, 1988, shall be subject to this section and the regulations issued to carry out this section.

(C) the resident management corporation shall have demonstrated its ability to manage public housing effectively and efficiently for a period of not less than 3 years.

(2) Homeownership assistance

(A) The Secretary may provide assistance from the Capital Fund to a public housing project in which homeownership activities under this section are conducted.

(B) The Secretary may provide financial assistance to public housing agencies, resident management corporations, or resident councils that obtain, by contract or otherwise, training, technical assistance, and educational
assistance as the Secretary determines to be necessary to promote homeownership opportunities under this section.

(C) This paragraph shall not have effect after February 4, 1991. The Secretary may not provide financial assistance under subparagraph (B), after such date, unless the Secretary determines that such assistance is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(3) Conditions of purchase by a resident management corporation

(A) A resident management corporation may purchase from a public housing agency one or more multifamily buildings in a public housing project following a determination by the Secretary that—

(ii) the resident management corporation has applied for and is prepared to undertake the ownership, management, and maintenance of the building or buildings with continued assistance from the Secretary;

(iii) the public housing agency has held one or more public hearings to obtain the views of citizens regarding the proposed purchase and, in consultation with the Secretary, has certified that the purchase will not interfere with the rights of other families residing in public housing, will not harm the efficient operation of other public housing, and is in the interest of the community;

(iv) the public housing agency has certified that it has and will implement a plan to replace public housing units sold under this section within 30 months of the sale, which plan shall provide for replacement of 100 percent of the units sold under this section by—

(I) production, acquisition, or rehabilitation of vacant public housing units by the public housing agency; and

(v) the building or buildings meet the housing quality standards applicable under section 1437d(f) of this title, and the physical condition, management, and operation of the building or buildings are sufficient to permit affordable homeownership by the families residing in the project.

(B) The price of a building purchased under the preceding sentence shall be approved by the Secretary, in consultation with the public housing agency and resident management corporation, taking into account the fair market value of the property, the ability of resident families to afford and maintain the property, and such other factors as the Secretary determines to be consistent with increasing the supply of dwelling units affordable to very low income families.

(C) This paragraph shall not have effect after February 4, 1991. The authority for a resident management corporation to purchase 1 or more multifamily buildings in a public housing project from a public housing agency shall terminate after such date, unless the Secretary determines that such purchase is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(4) Conditions of resale

(A)(i) A resident management corporation may sell a dwelling unit or ownership rights in a dwelling unit only to a lower income family residing in, or eligible to reside in, public housing and only if the Secretary determines that the purchase will not interfere with the rights of other families residing in the housing project or harm the efficient operation of the project, and the family will be able to purchase and maintain the property.

(ii) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the owner during the owner’s tenure as owner; and
(iii) the appreciated value determined by an inflation allowance at a rate which may be based on a cost of living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the resident management corporation or the public housing agency, whichever is appropriate, at the time of initial sale, and applied against the contribution to equity; the resident management corporation or the public housing agency may, at the time of initial sale, enter into an agreement with the owner to set a maximum amount which this appreciation may not exceed.

(E) Upon sale, the resident management corporation or the public housing agency, whichever is appropriate, shall ensure that subsequent owners are bound by the same limitations on resale and further restrictions on equity appreciation.

(5) Use of proceeds
Notwithstanding any other provision of this chapter or other law to the contrary, proceeds from the sale of a building or buildings under paragraph (3) shall be paid to the public housing agency and shall be retained and used by the public housing agency only to increase the number of public housing units available for occupancy. The Secretary shall not reduce or delay payments under other provisions of law as a result of amounts made available to the local housing agency under this section.

(6) Financing
When financing for the purchase of the property is not otherwise available for purposes of assisting any purchase by a family or resident management corporation under this section, the public housing agency involved may make a loan on the security of the property involved to the family or resident management corporation at a rate of interest that shall not be lower than 70 percent of the market interest rate for conventional mortgages on the date on which the loan is made.

(7) Capital and operating assistance

The Secretary may adjust the payment standard for such assistance to take into account conditions under which the building was purchased.

(4) Rental and relocation assistance
If any family resides in a dwelling unit in a public housing project in which other dwelling units are purchased under this section, and the family decides not to purchase the dwelling unit, the Secretary shall offer (to be selected by the family, at its option)—

(A) to assist the family in relocating to a comparable appropriate sized dwelling unit in another public housing project, and to reimburse the family for their cost of relocation; and

(B) to provide to the family the financial assistance necessary to permit the family to stay in the dwelling unit or to move to another comparable dwelling unit and to pay no more for rent than required under subparagraph (A), (B), or (C) of section 1437a(a)(1) of this title.

(c) Financial assistance for public housing agencies
The Secretary shall provide to public housing agencies such financial assistance as is necessary to permit such agencies to carry out the provisions of this section.

(a) Authority

A public housing agency may convert any public housing project (or portion thereof) owned by the public housing agency to tenant-based assistance, but only in accordance with the requirements of this section.

(b) Conversion assessment

(1) In general

To convert public housing under this section, a public housing agency shall conduct an
assessment of the public housing that includes—

(A) a cost analysis that demonstrates whether or not the cost (both on a net present value basis and in terms of new budget authority requirements) of providing tenant-based assistance under section 1437f of this title for the same families in substantially similar dwellings over the same period of time is less expensive than continuing public housing assistance in the public housing project for the remaining useful life of the project;

(B) an analysis of the market value of the public housing project both before and after rehabilitation, and before and after conversion;

(C) an analysis of the rental market conditions with respect to the likely success of the use of tenant-based assistance under section 1437f of this title in that market for the specific residents of the public housing project, including an assessment of the availability of decent and safe dwellings renting at or below the payment standard established for tenant-based assistance under section 1437f of this title by the agency;

(D) the impact of the conversion to tenant-based assistance under this section on the neighborhood in which the public housing project is located; and

(E) a plan that identifies actions, if any, that the public housing agency would take with regard to converting any public housing project or projects (or portions thereof) of the public housing agency to tenant-based assistance.

(2) Timing

Not later than 2 years after the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, each public housing agency shall conduct an assessment under paragraph (1) or (3) of the status of each public housing project owned by such agency and shall submit to the Secretary such assessment. A public housing agency may otherwise undertake an assessment under this subsection at any time and for any public housing project (or portion thereof) owned by the agency. A public housing agency may update a previously conducted assessment for a project (or portion thereof) for purposes of compliance with the one-year limitation under subsection (c) of this section.

(3) Streamlined assessment

At the discretion of the Secretary or at the request of a public housing agency, the Secretary may waive any or all of the requirements of paragraph (1) or (3) or otherwise require a streamlined assessment with respect to any public housing project or class of public housing projects.

(c) Criteria for implementation of conversion plan

A public housing agency may convert a public housing project (or portion thereof) owned by the agency to tenant-based assistance only pursuant to a conversion assessment under subsection (b) of this section that one year\(^1\) and that demonstrates that the conversion—

(1) will not be more expensive than continuing to operate the public housing project (or portion thereof) as public housing;

(2) will principally benefit the residents of the public housing project (or portion thereof) to be converted, the public housing agency, and the community; and

(3) will not adversely affect the availability of affordable housing in such community.

(d) Conversion plan requirement

A public housing project may be converted under this section to tenant-based assistance only as provided in a conversion plan under this subsection, which has not been disapproved by the Secretary pursuant to subsection (e) of this section. Each conversion plan shall—

(1) be developed by the public housing agency, in consultation with the appropriate public officials, with significant participation by the residents of the project (or portion thereof) to be converted;

(2) be consistent with and part of the public housing agency plan;

(3) describe the conversion and future use or disposition of the project (or portion thereof) and include an impact analysis on the affected community; and

(4) provide that the public housing agency shall—

(A) notify each family residing in a public housing project (or portion) to be converted under the plan 90 days prior to the displacement date except in cases of imminent threat to health or safety, consistent with any guidelines issued by the Secretary governing such notifications, that—

(i) the public housing project (or portion) will be removed from the inventory of the public housing agency; and

(ii) each family displaced by such action will be offered comparable housing—

(I) that meets housing quality standards;

(II) that is located in an area that is generally not less desirable than the location of the displaced person's housing; and

(III) which may include—

(aa) tenant-based assistance, except that the requirement under this clause regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of such family into such housing;

(D) provide any actual and reasonable relocation expenses for families displaced by the conversion; and

(5) provide that any proceeds to the agency from the conversion will be used subject to the limitations that are applicable under section 1437p(a)(5) of this title to proceeds resulting from the disposition or demolition of public housing.

(e) Review and approval of conversion plans

The Secretary shall disapprove a conversion plan only if—

(1) the plan is plainly inconsistent with the conversion assessment for the agency developed under subsection (b) of this section;

(2) there is reliable information and data available to the Secretary that contradicts that conversion assessment; or

(3) the plan otherwise fails to meet the requirements of this section.

(f) Tenant-based assistance

To the extent approved by the Secretary, the funds used by the public housing agency to provide tenant-based assistance under section 1477f of this title shall be added to the annual contribution contract administered by the public housing agency.

L. 105–276, set out as an Effective Date of 1998 Amendment note under section 1437 of this title]."
§ 1437u

(2) Exception

The Secretary shall not require a public housing agency to carry out a local program under subsection (a) of this section if the public housing agency provides certification (as such term is defined under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.]) to the Secretary, that the establishment and operation of the program is not feasible because of local circumstances, which may include—

(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] or the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act;

(B) lack of funding for reasonable administrative costs;

(C) lack of cooperation by other units of State or local government; or

(D) any other circumstances that the Secretary may consider appropriate.

In allocating assistance available for reservation under this chapter, the Secretary may not refuse to provide assistance or decrease the amount of assistance that would otherwise be provided to any public housing agency because the agency has provided a certification under this paragraph or because, pursuant to a certification, the agency has failed to carry out a self-sufficiency program.

(3) Scope

Subject to paragraph (4), each public housing agency required to carry out a local program under this section shall make the following housing assistance available under the program in each fiscal year:

(A) Certificate and voucher assistance under section 1437f(b) and (o) of this title, in an amount equivalent to the increase for such year in the number of families so assisted by the agency (as compared to the preceding year).

(B) Public housing dwelling units, in the number equal to the increase for such year in units made available by the agency (as compared to the preceding year).

Each such public housing agency shall continue to operate a local program for the number of families determined under this paragraph subject only to the availability under appropriations Acts of sufficient amounts for assistance.

(4) Termination of requirement to expand program

(A) In general

Notwithstanding any other provision of law, a public housing agency that receives incremental assistance under subsection (b) or (o) of section 1437f of this title or that makes available new public housing dwelling units shall not be required, after October 21, 1998, to provide assistance under a local Family Self-Sufficiency program under this section to any families not required to be assisted under subparagraph (B) of this paragraph.

(B) Continuation of existing obligations

(i) In general

Each public housing agency that, before October 21, 1998, was required under this section to carry out a local Family Self-Sufficiency program shall continue to operate such local program for the number of families determined under paragraph (3), subject only to the availability under appropriations Acts of sufficient amounts for housing assistance.

(ii) Reduction

The number of families for which an agency is required under clause (i) to operate such local program shall be decreased by one for each family that, after October 21, 1998, fulfills its obligations under the contract of participation.

(5) Nonparticipation

Assistance under the certificate or voucher programs under section 1437f of this title for a family that elects not to participate in a local program shall not be delayed by reason of such election.

(c) Contract of participation

(1) In general

Each public housing agency carrying out a local program under this section shall enter into a contract with each leaseholder receiving assistance under the certificate and voucher programs of the public housing agency under section 1437f of this title or residing in public housing administered by the agency, that elects to participate in the self-sufficiency program under this section. The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which performance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. The contract shall provide that the public housing agency may terminate or withhold assistance under section 1437f of this title and services under paragraph (2) of this subsection if the public housing agency determines, through an administrative grievance procedure in accordance with the requirements of section 1437d(k) of this title, that the family has failed to comply with the requirements of the contract without good cause (which may include a loss or reduction in access to supportive services, or a change in circumstances that makes the family or individual unsuitable for participation).

(2) Supportive services

A local program under this section shall provide appropriate supportive services under this paragraph to each participating family entering into a contract of participation under paragraph (1). The supportive services shall be

See References in Text note below.
provided during the period the family is receiving assistance under section 1437f of this title or residing in public housing, and may include—
(A) child care;
(B) transportation necessary to receive services;
(C) remedial education;
(D) education for completion of high school;
(E) job training and preparation;
(F) substance abuse treatment and counseling;
(G) training in homemaking and parenting skills;
(H) training in money management;
(I) training in household management; and
(J) any other services and resources appropriate to assist eligible families to achieve economic independence and self-sufficiency.

(3) Term and extension
Each family participating in a local program shall be required to fulfill its obligations under the contract of participation not later than 5 years after entering into the contract. The public housing agency shall extend the term of the contract for any family that requests an extension, upon a finding of the agency of good cause.

(4) Employment and counseling
The contract of participation shall require the head of the participating family to seek suitable employment during the term of the contract. The public housing agency may, during such period, provide counseling for the family with respect to affordable rental and homeownership opportunities in the private housing market and money management counseling.

(d) Incentives for participation
(1) Maximum rents
During the term of the contract of participation, the amount of rent paid by any participating family whose monthly adjusted income does not exceed 50 percent of the area median income for occupancy in the public housing unit or dwelling unit assisted under section 1437f of this title may not be increased on the basis of any increase in the earned income of the family, unless the increase results in an income exceeding 50 percent of the area median income. The Secretary shall provide for increased rents for participating families whose incomes are between 50 and 80 percent of the area median income, so that any family whose income increases to 80 percent or more of the area median income pays 30 percent of the family’s monthly adjusted income for rent. Upon completion of the contract of participation, if the participating family continues to qualify for and reside in a dwelling unit in public housing or housing assisted under section 1437f of this title, the rent charged the participating family shall be increased (if applicable) to 30 percent of the monthly adjusted income of the family.

(2) Escrow savings accounts
For each participating family whose monthly adjusted income is less than 50 percent of the area median income, the difference between 30 percent of the adjusted income of the participating family and the amount of rent paid by a participating family shall be placed in an interest-bearing escrow account established by the public housing agency on behalf of the participating family. For families with incomes between 50 and 80 percent of the area median income, the Secretary shall provide for escrow of the difference between 30 percent of the family income and the amount paid by the family for rent as determined by the Secretary under paragraph (1). The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (c) of this section, as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. A public housing agency establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by the public housing agency.

(3) Plan
Each public housing agency carrying out a local program under this section shall establish a plan to offer incentives to families to encourage families to participate in the program. The plan shall require the establishment of escrow savings accounts under paragraph (2) and may include any other incentives designed by the public housing agency.

(e) Effect of increases in family income
Any increase in the earned income of a family during the participation of the family in a local program established under this section may not be considered as income or a resource for purposes of eligibility of the family for other benefits, or amount of benefits payable to the family, under any program administered by the Secretary, unless the income of the family equals or exceeds 80 percent of the median income of the area (as determined by the Secretary with adjustments for smaller and larger families).

(f) Program coordinating committee
(1) Functions
Each public housing agency carrying out a local program under this section shall, in consultation with the chief executive officer of the unit of general local government, develop an action plan under subsection (g) of this section, carry out activities under the local program, and secure commitments of public and private resources through a program coordi-
nating committee established by the public housing agency under this subsection.

(2) Membership

(B) after the expiration of such 5-year period, only such amounts as are equivalent to the assistance provided under this section by the agency to the purchaser.

§1437z–6. Services for public and Indian housing residents

(a) In general
To the extent that amounts are provided in advance in appropriations Acts, the Secretary may make grants to public housing agencies on
behalf of public housing residents, recipients under the Native American Housing Assistance and Self-Determination Act of 1996 [25 U.S.C. 4101 et seq.] (notwithstanding section 502 of such Act [25 U.S.C. 4101]) on behalf of residents of housing assisted under such Act, or directly to resident management corporations, resident councils, or resident organizations (including nonprofit entities supported by residents), for the purposes of providing a program of supportive services and resident empowerment activities to provide supportive services to public housing residents and residents of housing assisted under such Act or assist such residents in becoming economically self-sufficient.

(b) Eligible activities

Grantees under this section may use such amounts only for activities on or near the property of the public housing agency or public housing project or the property of a recipient under such Act or housing assisted under such Act that are designed to promote the self-sufficiency of public housing residents or residents of housing assisted under such Act or provide supportive services for such residents, including activities relating to—

(1) physical improvements to a public housing project or residents of housing assisted under such Act in order to provide space for supportive services for residents;

(2) the provision of service coordinators or a congregate housing services program for elderly individuals, elderly disabled individuals, nonelderly disabled individuals, or temporarily disabled individuals;

(3) the provision of services related to work readiness, including education, job training and counseling, job search skills, business development training and planning, tutoring, mentoring, adult literacy, computer access, personal and family counseling, health screening, work readiness health services, transportation, and child care;

(4) economic and job development, including employer linkages and job placement, the start-up of resident microenterprises, community credit unions, and revolving loan funds, including the licensing, bonding, and insurance needed to operate such enterprises;

(5) resident management activities and resident participation activities; and

(6) other activities designed to improve the economic self-sufficiency of residents.

c) Funding distribution

(1) In general

Except for amounts provided under subsection (d) of this section, the Secretary may distribute amounts made available under this section on the basis of a competition or a formula, as appropriate.

(2) Factors for distribution

Factors for distribution under paragraph (1) shall include—

(A) the demonstrated capacity of the applicant to carry out a program of supportive services or resident empowerment activities;

(B) the ability of the applicant to leverage additional resources for the provision of services; and

(C) the extent to which the grant will result in a high quality program of supportive services or resident empowerment activities.

d) Matching requirement

The Secretary may not make any grant under this section to any applicant unless the applicant supplements amounts made available under this section with funds from sources other than this section in an amount equal to not less than 25 percent of the grant amount. Such supplemental amounts may include—

(1) funds from other Federal sources;

(2) funds from any State, local, or tribal government sources;

(3) funds from private contributions; and

(4) the value of any in-kind services or administrative costs provided to the applicant.

e) Funding for resident organizations

To the extent that there are a sufficient number of qualified applications for assistance under this section, not less than 25 percent of any amounts appropriated for the purposes of this section shall be provided directly to resident councils, resident organizations, and resident management corporations. In any case in which a resident council, resident organization, or resident management corporation lacks adequate expertise, the Secretary may require the council, organization, or corporation to utilize other qualified organizations as contract administrators with respect to financial assistance provided under this section.
A public housing agency may own, operate, assist, or otherwise participate in 1 or more mixed-finance projects in accordance with this section.

(b) Assistance

(1) Forms

A public housing agency may provide to a mixed-finance project assistance from the Operating Fund under section 1437g of this title, assistance from the Capital Fund under such section, or both forms of assistance. A public housing agency may, in accordance with regulations established by the Secretary, provide capital assistance to a mixed-finance project in the form of a grant, loan, guarantee, or other form of investment in the project, which may involve drawdown of funds on a schedule commensurate with construction draws for deposit into an interest-bearing escrow account to serve as collateral or credit enhancement for bonds issued by a public agency, or for other forms of public or private borrowings, for the construction or rehabilitation of the development.

(2) Use

To the extent deemed appropriate by the Secretary, assistance used in connection with the costs associated with the operation and management of mixed-finance projects may be used for funding of an operating reserve to ensure affordability for low-income and very low-income families in lieu of the availability of operating funds for public housing units in a mixed-finance project.

(c) Compliance with public housing requirements

The units assisted with capital or operating assistance in a mixed-finance project shall be developed, operated, and maintained in accordance with the requirements of this chapter relating to public housing during the period required by under this chapter, unless otherwise specified in this section. For purposes of this chapter, any reference to public housing owned or operated by a public housing agency shall include dwelling units in a mixed finance project that are assisted by the agency with capital or operating assistance.

(d) Mixed-finance projects

(1) In general

For purposes of this section, the term “mixed-finance project” means a project that meets the requirements of paragraph (2) and is financially assisted by private resources, which may include low-income housing tax credits, in addition to amounts provided under this chapter.

(2) Types of projects

The term includes a project that is developed

(A) by a public housing agency or by an entity affiliated with a public housing agency;
(B) by a partnership, a limited liability company, or other entity in which the public housing agency (or an entity affiliated with a public housing agency) is a general partner, managing member, or otherwise participates in the activities of that entity;
(C) by any entity that grants to the public housing agency the right of first refusal and first option to purchase, after the close of the compliance period, of the qualified low-income building in which the public housing units exist in accordance with section 42(1) (7) of title 26;
(D) in accordance with such other terms and conditions as the Secretary may prescribe by regulation.

(e) Structure of projects

Each mixed-finance project shall be developed—

(1) in a manner that ensures that public housing units are made available in the project, by regulatory and operating agreement, master contract, individual lease, condominium or cooperative agreement, or equity interest;
(2) in a manner that ensures that the number of public housing units bears approximately the same proportion to the total number of units in the mixed-finance project as the value of the total financial commitment provided by the public housing agency bears to the value of the total financial commitment in the project, or shall not be less than the number of units that could have been developed under the conventional public housing program with the assistance, or as may otherwise be approved by the Secretary; and
(3) in accordance with such other requirements as the Secretary may prescribe by regulation.

(f) Taxation

(1) In general

A public housing agency may elect to exempt all public housing units in a mixed-finance project—

(A) from the provisions of section 1437d(d) of this title, and instead subject such units to local real estate taxes; and
(B) from the finding of need and cooperative agreement provisions under section 1437c(e)(1)(i) and 1437c(e)(2) of this title, but only if the development of the units is not inconsistent with the jurisdiction’s comprehensive housing affordability strategy.

(2) Low-income housing tax credit

With respect to any unit in a mixed-finance project that is assisted pursuant to the low-income housing tax credit under section 42 of title 26, the rents charged to the residents may be set at levels not to exceed the amounts allowable under that section, provided that such levels for public housing residents do not exceed the amounts allowable under section 1437a of this title.

(g) Use of savings

Notwithstanding any other provision of this chapter, to the extent deemed appropriate by the Secretary, to facilitate the establishment of socioeconomically mixed communities, a public housing agency that uses assistance from the Capital Fund for a mixed-finance project, to the extent that income from such a project reduces the amount of assistance used for operating or other costs relating to public housing, may use such resulting savings to rent privately developed dwelling units in the neighborhood of the mixed-finance project. Such units shall be made available for occupancy only by low-income families eligible for residency in public housing.

(h) Effect of certain contract terms

If an entity that owns or operates a mixed-finance project, that includes a significant number of units other than public housing units, enters into a contract with a public housing agency, the terms of which obligate the entity to operate and maintain a specified number of units in the project as public housing units in accordance with the requirements of this chapter for the period required by law, such contractual terms may provide that, if, as a result of a reduction in appropriations under section 1437g of this title or any other change in applicable law, the public housing agency is unable to fulfill its contractual obligations with respect to those public housing units, that entity may deviate, under procedures and requirements developed through regulations by the Secretary, from otherwise applicable restrictions under this chapter regarding rents, income eligibility, and other areas of public housing management with respect to a portion or all of those public housing units, to the extent necessary to preserve the viability of those units while maintaining the low-income character of the units to the maximum extent practicable.

(Sept. 1, 1937, ch. 896, title I, § 35, as added Pub. L. 105–276, title V, § 539(b), Oct. 21, 1998, 112 Stat. 2596; provided that: “The Secretary shall issue such regulations as may be necessary to promote the development of mixed-finance projects, as that term is defined in section 3(b) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)) (as amended by this Act).”)

§ 1437z-8. Collection of information on tenants in tax credit projects

(a) In general

Each State agency administering tax credits under section 42 of title 26 shall furnish to the Secretary of Housing and Urban Development, not less than annually, information concerning the race, ethnicity, family composition, age, income, use of rental assistance under section 1437a(e) of this title or other similar assistance, disability status, and monthly rental payments of households residing in each property receiving such credits through such agency. Such State agencies shall, to the extent feasible, collect such information through existing reporting processes and in a manner that minimizes burdens on property owners. In the case of any household that continues to reside in the same dwelling unit, information provided by the household in a previous year may be used if the information is of a category that is not subject to change or if information for the current year is not readily available to the owner of the property.

(b) Standards

The Secretary shall establish standards and definitions for the information collected under subsection (a), provide States with technical assistance in establishing systems to compile and submit such information, and, in coordination with other Federal agencies administering housing programs, establish procedures to minimize duplicative reporting requirements for properties assisted under multiple housing programs.

(c) Public availability

The Secretary shall, not less than annually, compile and make publicly available the information submitted to the Secretary pursuant to subsection (a).

(d) Authorization of appropriations

There is authorized to be appropriated for the cost of activities required under subsections (b) and (c) $2,500,000 for fiscal year 2009 and $900,000 for each of fiscal years 2010 through 2013.

(b) Affordability

A homeownership program under this subchapter shall provide for the establishment of sales prices (including principal, insurance, taxes, and interest and closing costs) for initial acquisition of the property from the public housing agency if the applicant is not a public housing agency, and for sales to eligible families, such that an eligible family shall not be required to expend more than 30 percent of the adjusted income of the family per month to complete a sale under the homeownership program.

(e) Financing

(1) In general

The application shall identify and describe the proposed financing for (A) any rehabilita-

tion, and (B) acquisition (i) of the project, where applicable, by an entity other than the public housing agency for transfer to eligible families, and (ii) by eligible families of ownership interests in, or shares representing, units in the project. (B) neither the Federal Government nor the public housing agency will be exposed to undue risks related to action that may have to be taken pursuant to paragraph (3);

(C) any debt obligation can be serviced from project income, including operating assistance; and

(3) Opportunity to cure

Any lender that provides financing in connection with a homeownership program under this subchapter shall give the public housing agency, resident management corporation, individual owner, or other appropriate entity a reasonable opportunity to cure a financial default before foreclosing on the property, or taking other action as a result of the default.

(1) In general

No tenant residing in a dwelling unit in a public housing project on the date the Secretary approves an application for an implementation grant may be evicted by reason of a homeownership program approved under this subchapter.

(2) Replacement assistance

If the tenant decides not to purchase a unit, or is not qualified to do so, the recipient shall,
during the term of any operating assistance under the implementation grant, permit each otherwise qualified tenant to continue to reside in the project at rents that do not exceed levels consistent with section 1437a(a) of this title or, if an otherwise qualified tenant chooses to move (at any time during the term of such operating assistance contract), the public housing agency shall, to the extent approved in appropriations Acts, offer such tenant (A) a unit in another public housing project, or (B) section 8 [42 U.S.C. 1437f] assistance for use in other housing.

(b) Number of families assisted

(b) Review, approval, and performance standards

(1) Review

The Secretary shall review each application for participation in the demonstration program under this subchapter and shall determine and notify the jurisdiction submitting the application, not later than 90 days after its submission, of whether the application is approvable under this subchapter. The Secretary may approve jurisdictions for participation in the demonstration program under this subchapter, but only from among applications that the Secretary has determined under paragraph 2 are approvable under this subchapter and only in accordance with section 1437bbb–1(c) of this title. (4) The Secretary shall make the determinations referred to in paragraphs (2) and (3) within thirty days after he receives an objection pursuant to paragraph (1)(B) or within thirty days after the close of the period referred to in paragraph (1)(B), whichever is earlier.

(5) As used in this section, the term “housing assistance plan” means a housing assistance plan submitted and approved under section 5304 of this title or, in the case of a unit of general local government not participating under title I of this Act [42 U.S.C. 5301 et seq.], a housing plan approved by the Secretary as meeting the requirements of this section. In developing a housing assistance plan under this paragraph a unit of general local government shall consult with local public agencies involved in providing for the welfare of children to determine the housing needs of (A) families identified by the agencies as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care or in preventing the discharge of a child from foster care and reunification with his or her family; and (B) children who, upon discharge of the child from foster care, cannot return to their family or extended family and for which adoption is not available. The unit of general local government shall include in the housing assistance plan needs and goals with respect to such families and children.

(3) applications for assistance with respect to housing financed by loans or loan guarantees from a State or agency thereof, except that the provisions of subsection (a) of this section shall apply where the unit of general local government in which the assistance is to be provided objects in its housing assistance plan to the exemption provided by this paragraph.

(d) Allocation and reservation of housing assistance funds; purposes; prohibited reallocation of unutilized funds; enumerated uses for retained funds; competition for reservation and obligation of funds

(1)(A)(1) Except as provided by subparagraph (B), the Secretary shall allocate assistance referred to in subsection (a)(1) of this section the first time it is available for reservation on the basis of a formula that is contained in a regulation prescribed by the Secretary, and that is based on the relative needs of different States, areas, and communities, as reflected in data as to population, poverty, housing overcrowding, housing vacancies, amount of substandard housing, and other objectively measurable conditions specified in the regulation. The Secretary may allocate assistance under the preceding sentence in such a manner that each State shall receive not less than one-half of one percent of the amount of funds available for each program referred to in subsection (a)(1) of this section in each fiscal year. In allocating assistance under this paragraph for each program of housing assistance under subsection (a)(1) of this section, the Secretary shall apply the formula, to the extent practicable, in a manner so that the assistance under the program is allocated according to the particular relative needs under the preceding sentence that are characteristic of and related to the particular type of assistance provided under the program. Assistance under section 202 of the Housing Act of 1959 [12 U.S.C. 1701q] shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents. The preceding sentence shall not apply to projects acquired from the Resolution Trust Corporation under section 1441a(c) of title 12. Amounts for tenant-based assistance under section 8(a) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] may not be provided to any public housing agency that has been disqualified from providing such assistance.

(ii) Assistance under section 8(a) of the United States Housing Act of 1937 [42 U.S.C. 1437f(o)] shall be allocated in a manner that enables participating jurisdictions to carry out, to the maximum extent practicable, comprehensive housing affordability strategies approved in accordance with section 105 of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12705]. Such jurisdictions shall submit recommendations for allocating assistance under such section 8(a) to the Secretary in accordance with procedures that the Secretary determines to be appropriate to permit allocations of such assistance to be made on the basis of timely and complete information. This clause may not be construed to prevent, alter, or otherwise affect the application of the formula established pursuant to clause (i) for purposes of allocating such assistance. For purposes of this clause, the term “participating jurisdiction” means a State or unit of general local government designated by the Secretary to be a participating jurisdiction under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.].

(B) The formula allocation requirements of subparagraph (A) shall not apply to—

(i) assistance that is approved in appropriation Acts for use under sections 10, 42 U.S.C. 1437g, or the rental rehabilitation grant program under section 17, of the United States

Housing Act of 1937, except that the Secretary shall comply with section 102 of the Department of Housing and Urban Development Reform Act of 1989 [42 U.S.C. 3545] with respect to such assistance; or
(ii) other assistance referred to in subsection (a) of this section that is approved in appropriation Acts for uses that the Secretary determines are incapable of geographic allocation, including amendments of existing contracts, renewal of assistance contracts, assistance to families that would otherwise lose assistance due to the decision of the project owner to prepay the project mortgage or not to renew the assistance contract, assistance to prevent displacement or to provide replacement housing in connection with the demolition or disposition of public housing, and assistance in support of the property disposition and loan management functions of the Secretary.

(C) Any allocation of assistance under subparagraph (A) shall, as determined by the Secretary, be made to the smallest practicable area, consistent with the delivery of assistance through a meaningful competitive process designed to serve areas with greater needs.

(D) Any amounts allocated to a State or areas or communities within a State that are not likely to be used within a fiscal year shall not be available for use in another fiscal year, unless the Secretary determines that other areas or communities (that are eligible for assistance under the program) within the same State cannot use the amounts within that same fiscal year.

(2) The Secretary may reserve such housing assistance funds as he deems appropriate for use by a State or agency thereof.

(3)(A) Notwithstanding any other provision of law, with respect to fiscal years beginning after September 30, 1990, the Secretary may retain not more than 5 percent of the financial assistance that becomes available under programs described in subsection (a)(1) of this section during any fiscal year. Any such financial assistance that is retained shall be available for subsequent allocation to specific areas and communities, and may only be used for—
(i) unforeseen housing needs resulting from natural and other disasters;
(ii) housing needs resulting from emergencies, as certified by the Secretary, other than such disasters;
(iii) housing needs resulting from the settlement of litigation; and
(iv) housing in support of desegregation efforts.

(B) Any amounts retained in any fiscal year under subparagraph (A) that are unexpended at the end of such fiscal year shall remain available for the following fiscal year under the program under subsection (a)(1) of this section from which the amount was retained. Such amounts shall be allocated on the basis of the formula under subsection (d)(1) of this section.

(4)(A) The Secretary shall not reserve or obligate assistance subject to allocation under paragraph (1)(A) to specific recipients, unless the assistance is first allocated on the basis of the formula contained in that paragraph and then is reserved and obligated pursuant to a competition.

(B) Any competition referred to in subparagraph (A) shall be conducted pursuant to specific criteria for the selection of recipients of assistance. The criteria shall be contained in—
(i) a regulation promulgated by the Secretary after notice and public comment; or
(ii) to the extent authorized by law, a notice published in the Federal Register.

(C) Subject to the times at which appropriations for assistance subject to paragraph (1)(A) may become available for reservation in any fiscal year, the Secretary shall take such steps as the Secretary deems appropriate to ensure that, to the maximum extent practicable, the process referred to in subparagraph (A) is carried out with similar frequency and at similar times for each fiscal year.

(D) This paragraph shall not apply to assistance referred to in paragraph (4).

(e) Assistance payments for properties in Jefferson County, Texas

From budget authority made available in appropriation Acts for fiscal year 1988, the Secretary shall enter into an annual contributions contract for a term of 180 months to obligate sufficient funds to provide assistance payments pursuant to section 8(b)(1) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(1)] on behalf of 500 lower income families from budget authority made available for fiscal years 1989, so long as such families occupy properties in Jefferson County, Texas. If a lower income family receiving assistance payments pursuant to this subsection ceases to qualify for assistance payments pursuant to the provisions of section 8 of such Act [42 U.S.C. 1437f] or of this subsection during the 180-month term of the annual contributions contract, assistance payments shall be made on behalf of another lower income family who occupies a unit identified in the previous sentence.

The Congress declares that the general welfare and security of the Nation and the health and living standards of its people require housing production and related community development.
sufficient to remedy the serious housing shortage, the elimination of substandard and other inadequate housing through the clearance of slums and blighted areas, and the realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family, thus contributing to the development and redevelopment of communities and to the advancement of the growth, wealth, and security of the Nation. The Congress further declares that such production is necessary to enable the housing industry to make its full contribution toward an economy of maximum employment, production, and purchasing power. The policy to be followed in attaining the national housing objective established shall be: (1) private enterprise shall be encouraged to serve as large a part of the total need as it can; (2) governmental assistance shall be utilized where feasible to enable private enterprise to serve more of the total need; (3) appropriate local public bodies shall be encouraged and assisted to undertake positive programs of encouraging and assisting the development of well-planned, integrated residential neighborhoods, the development and redevelopment of communities, and the production, at lower costs, of housing of sound standards of design, construction, livability, and size for adequate family life; (4) governmental assistance to eliminate substandard and other inadequate housing through the clearance of slums and blighted areas, to facilitate community development and redevelopment, and to provide adequate housing for urban and rural nonfarm families with incomes so low that they are not being decently housed in new or existing housing shall be extended to those localities which estimate their own needs and demonstrate that these needs are not being met through reliance solely upon private enterprise, and without such aid; and (5) governmental assistance for decent, safe, and sanitary farm dwellings and related facilities shall be extended where the farm owner demonstrates that he lacks sufficient resources to provide such housing on his own account and is unable to secure necessary credit for such housing from other sources on terms and conditions which he could reasonably be expected to fulfill. The Department of Housing and Urban Development, and any other departments or agencies of the Federal Government having powers, functions, or duties with respect to housing, shall exercise their powers, functions, and duties under this or any other law, consistently with the national housing policy declared by this Act and in such manner as will facilitate sustained progress in attaining the national housing objective hereby established, and in such manner as will encourage and assist (1) the production of housing of sound standards of design, construction, livability, and size for adequate family life; (2) the reduction of the costs of housing without sacrifice of such sound standards; (3) the use of new designs, materials, techniques, and methods in residential construction, the use of standardized dimensions and methods of assembly of home-building materials and equipment, and the increase of efficiency in residential construction and maintenance; (4) the development of well-planned, integrated, residential neighborhoods and the development and redevelopment of communities; and (5) the stabilization of the housing industry at a high annual volume of residential construction.

EQUAL OPPORTUNITY IN HOUSING

Executive order relating to equal opportunity in housing, see Ex. Ord. No. 11063, Nov. 20, 1962, 27 F.R. 11527, as amended, set out as a note under section 1982 of this title.

§ 1441a. National housing goals

(a) Congressional findings and reaffirmation of goals

The Congress finds that the supply of the Nation's housing is not increasing rapidly enough to meet the national housing goal, established in the Housing Act of 1949 [42 U.S.C. §1441 et seq.], of the "realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family". The Congress reaffirms this national housing goal and determines that it can be substantially achieved within the next decade by the construction or rehabilitation of twenty-six million housing units, six million of these for low and moderate income families.

(b) Additional Congressional findings

The Congress further finds that policies designed to contribute to the achievement of the national housing goal have not directed sufficient attention and resources to the preservation of existing housing and neighborhoods, that the deterioration and abandonment of housing for the Nation's lower income families has accelerated over the last decade, and that this acceleration has contributed to neighborhood disintegration and has partially negated the progress toward achieving the national housing goal which has been made primarily through new housing construction.

(c) Congressional declaration of purposes

The Congress declares that if the national housing goal is to be achieved, a greater effort must be made to encourage the preservation of existing housing and neighborhoods through such measures as housing preservation, moderate rehabilitation, and improvements in housing management and maintenance, in conjunction with the provision of adequate municipal services. Such an effort should concentrate, to a greater extent than it has in the past, on housing and neighborhoods where deterioration is evident but has not yet become acute.

(A) was incurred for an eligible purpose described in such clause, and

(B)(i) if not refinanced, is likely to result (because of circumstances beyond the control of the applicant) at an early date in the loss of the applicant’s necessary dwelling or essential farm service buildings, or

(ii) if combined (in the case of a dwelling that the Secretary finds not to be decent, safe, and sanitary) with a loan for improvement, rehabilitation, or repairs and not refinanced, is likely to result in the applicant’s continuing to be deprived of a decent, safe, and sanitary dwelling.

(5) DEFINITIONS.—For purposes of this subchapter, the terms “repair”, “repairs”, “rehabilitate”, and “rehabilitation” include measures to evaluate and reduce lead-based paint hazards, as such terms are defined in section 485ib of this title.

The Secretary shall promptly determine whether any parcel or parcels of land constitute a farm for the purposes of this subchapter whenever requested to do so by any interested Federal, State, or local public agency, and his determination shall be conclusive.

(2) For the purposes of this subchapter, the terms “owner” and “mortgage” shall be deemed to include, respectively, the lessee of, and other security interest in, any leasehold interest which the Secretary determines has an unexpired term (A) in the case of a loan, for a period sufficiently beyond the repayment period of the loan to provide adequate security and a reasonable probability of accomplishing the objectives for which the loan is made, and (B) in the case of a grant for a period sufficient to accomplish the objectives for which the grant is made.

A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (A) is expected to be of long-continued and indefinite duration, (B) substantially impedes his ability to live independently, and (C) is of such a nature that such ability could be improved by more suitable housing conditions, or if such person has a developmental disability as defined in section 15002 of this title. The Secretary shall prescribe such regulations as may be necessary to prevent abuses in determining, under the definitions contained in this paragraph, eligibility of families and persons for admission to and occupancy of housing constructed with assistance under this subchapter. Notwithstanding the preceding provisions of this paragraph, such term also includes two or more elderly (sixty-two years of age or over) or handicapped persons living together, one or more such persons living with another person who is determined (under regulations prescribed by the Secretary) to be essential to the care or well-being of such persons, and the surviving member or members of any family described in the first sentence of this paragraph who were living, in a unit assisted under this subchapter, with the deceased member of the family at the time of his or her death.

Notwithstanding the preceding sentence, the maximum income levels established for purposes of this subchapter for such families and persons in the Virgin Islands shall not be less than the highest such levels established for purposes of this subchapter for such families and persons in American Samoa, Guam, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands. The temporary absence of a child from the home due to placement in foster care shall not be considered in considering family composition and family size.

(5)(A) For the purpose of this subchapter, the terms "income" and "adjusted income" have the meanings given by sections 3(b)(4) and 3(b)(5), respectively, of the United States Housing Act of 1937 [42 U.S.C. 1437a(b)(4), (5)].

(B) For purposes of this subchapter, the term "income" does not include dividends received from the Alaska Permanent Fund by a person who was under the age of 18 years when that person qualified for the dividend.

The Secretary shall establish procedures under which borrowers under this subchapter are required to make periodic payments for the purpose of paying taxes, insurance, and other necessary expenses as the Secretary may deem appropriate. Notwithstanding any other provision of law, such payments shall be considered public funds. The Secretary shall direct the disbursement of the funds at the appropriate time or times for the purposes for which the funds were escrowed. The Secretary shall pay the same rate of interest on escrowed funds as is required to be paid on escrowed funds held by other lenders in any State where State law requires payment of interest on escrowed funds, subject to appropriation, or that additional budget authority is necessary to carry out this sentence. If the prepayments made by the borrower are not sufficient to pay the amount due, advances may be made by the Secretary to the account of the borrower, bear interest, and be payable in a timely fashion as determined by the Secretary. The Secretary shall notify a borrower in writing when loan payments are delinquent.

(f) Increase in loan limits

With respect to any limitation on the amount of any loan which may be made, insured, or guaranteed under this subchapter for the purchase of a dwelling unit, the Secretary may increase such amount by up to 20 percent if such increase is necessary to account for the increased cost of the dwelling unit due to the installation of a solar energy system (as defined in subparagraph (3) of the last paragraph of section 1705(a) of title 12) therein.

(g) Avoidance of involuntary displacement of families and businesses

The programs authorized by this subchapter shall be carried out, consistent with program goals and objectives, so that the involuntary displacement of families and businesses is avoided.

(3) except for guaranteed loans, contain the agreement of the borrower that he will, at the request of the Secretary, proceed with diligence to refinance the balance of the indebtedness through cooperative or other responsible private credit sources whenever the Secretary determines, in the light of the borrower’s circumstances, including his earning capacity and the income from the farm, that he is able to do so upon reasonable terms and conditions;

(4) be in such form and contain such covenants as the Secretary shall prescribe to secure the payment of the loan with interest, protect the security, and assure that the farm will be maintained in repair and that waste and exhaustion of the farm will be prevented.

(c) Prepayment and refinancing provisions

(1)(A) The Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of this section of, any loan made or insured under section 1484 or 1485 of this title pursuant to a contract entered into after December 21, 1979, but before December 15, 1989, unless the Secretary takes appropriate action which will obligate the borrower (and successors in interest thereof) to utilize the assisted housing and related facilities for the purposes specified in section 1484 or 1485 of this title, as the case may be, for a period of—

(ii) twenty years from the date on which the loan was made in the case of any other such loan;
or until the Secretary determines (prior to the end of such period) that there is no longer a need for such housing and related facilities to be so utilized or that Federal or other financial assistance provided to the residents of such housing will no longer be provided.

(B) The Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of this section of, any initial loan made or insured under section 1485 of this title pursuant to a contract entered into on or after December 15, 1989.

(2) If any loan which was made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, is prepaid or refinanced on or after October 8, 1980, and tenants of the housing and related facilities financed with such loan are displaced due to a change in the use of the housing, or to an increase in rental or other charges, as a result of such prepayment or refinancing, the Secretary shall provide such tenants a priority for relocation in alternative housing assisted pursuant to this subchapter.

(iii) SELECTION OF QUALIFIED PURCHASER.—

The Secretary shall promulgate regulations that establish criteria for selecting a qualified nonprofit organization or public agency to purchase housing and related facilities when more than 1 such organization or agency has made a bona fide offer. Such regulations shall give a priority to those organizations or agencies with the greatest experience in developing or managing low income housing or community development projects and with the longest record of service to the community.

If the Secretary determines (a) that, because of the inadequacy of the income of an eligible applicant from the farm to be improved and from other sources, said applicant may not reasonably be expected to make annual repayments of principal and interest in an amount sufficient to repay the loan in full within the period of time prescribed by the Secretary as authorized
in this subchapter; (b) that the income of the applicant may be sufficiently increased within a period of not to exceed five years by improvement or enlargement of the farm or an adjustment of the farm practices or methods; and (c) that the applicant has adopted and may reasonably be expected to put into effect a plan of farm improvement, enlargement, or adjusted practices or production which, in the opinion of the Secretary, will increase the applicant's income from said farm within a period of not to exceed five years to the extent that the applicant may be expected thereafter to make annual repayments of principal and interest sufficient to repay the balance of the indebtedness less payments in cash and credits for the contributions to be made by the Secretary as hereinafter provided, the Secretary may make a loan in an amount necessary to provide adequate farm dwellings and buildings on said farm under the terms and conditions prescribed in section 1472 of this title. In addition, the Secretary may agree with the borrower to make annual contributions during the said five-year period in the form of credits on the borrower's indebtedness in an amount not to exceed the annual installment of interest and 50 per centum of the principal payments accruing during any installment year up to and including the fifth installment year, subject to the conditions that the borrower's income is, in fact, insufficient to enable the borrower to make payments in accordance with the plan or schedule prescribed by the Secretary and that the borrower pursues his plan of farm reorganization and improvements or enlargement with due diligence.

Except as provided in title 11, this agreement with respect to credits or principal and interest upon the borrower's indebtedness shall not be assignable nor accrue to the benefit of any third party without the written consent of the Secretary and the Secretary shall have the right, at his option, to cancel the agreement upon the sale of the farm or the execution or creation of any lien thereon subsequent to the lien given to the Secretary, or to refuse to release the lien given to the Secretary except upon payment in cash of the entire original principal plus accrued interest thereon less actual cash payments of principal and interest when the Secretary determines that the release of the lien would permit the benefits of this section to accrue to a person not eligible to receive such benefits.

(d) Defaults involving security interest in tribal lands

In the event of default involving a security interest in tribal allotted or trust land, the Secretary shall only pursue liquidation after offering to transfer the account to an eligible tribal member, the tribe, or the Indian housing authority serving the tribe or tribes. (f) Housing in underserved areas

(1) Designation of underserved area

The Secretary shall designate as targeted underserved areas 100 counties and communities in each fiscal year that have severe,
unmet housing needs as determined by the Secretary. A county or community shall be eligible for designation if, during the 5-year period preceding the year in which the designation is made, it has received an average annual amount of assistance under this subchapter that is substantially lower than the average annual amount of such assistance received during that 5-year period by other counties and communities in the State that are eligible for such assistance calculated on a per capita basis, and has—

In selecting projects to receive assistance with amounts set aside under paragraph (4), the Secretary shall give preference to any project located in a county or community that has, at the time of designation and as determined by the Secretary—

(A) 28 percent or more of its population at or below poverty level; and

(B) Review

Upon the receipt of data from the 1990 decennial census, the Secretary shall conduct a review of any designations made under paragraph (1) and preferences given under paragraph (2) and the eligibility of communities and counties for such designation and preference, examining the effects of such data on such eligibility. The Secretary shall submit to the Congress, not later than 9 months after the availability of the data, a report regarding the review, which shall include any recommendations of the Secretary for modifications in the standards for designation and preference.

During each fiscal year, the Secretary shall set aside from amounts available for assistance under paragraphs (2) and (5) of section 1490a(a) of this title, an amount that is appropriate to provide assistance with respect to the lending authority under sections 1484 and 1485 of this title that is set aside for such fiscal year. The Secretary shall establish a procedure to reallocate any assistance set aside in any fiscal year for targeted underserved areas that has not been expended during a reasonable period in such year for use in (i) colonias that have applied for and are eligible for assistance under subparagraph (B) or paragraph (7) and did not receive assistance, and (ii) counties and communities eligible for designation as targeted underserved areas but which were not so designated. The procedure shall also provide that any assistance reallocated under the preceding sentence that has not been expended by a reasonable date established by the Secretary (which shall be after the expiration of the period referred to in the preceding sentence) shall be made available and allocated under the laws and regulations relating to such assistance, notwithstanding this subsection.

(B) Priority for colonias

(i) Notwithstanding the designation of counties and communities as targeted underserved areas under paragraph (1) and the provisions of section 1490 of this title, colonias shall be eligible for assistance with amounts reserved under subparagraph (A), as provided in this subparagraph.

(ii) In providing assistance from amounts reserved under this paragraph in each fiscal year, the Secretary shall give priority to any application for assistance to be used in, or in close proximity to, and serving the residents of, a colonia located in a State described under clause (iii). After the Secretary has provided assistance under the priority for colonias located in a State in an amount equal to 5 percent of the total amount of assistance allocated under this subchapter to such State in the fiscal year, the priority shall not apply to any applications for colonias in such State.

(iii) This paragraph shall apply to any State for any fiscal year following 2 fiscal years in which the State obligated the total amount of assistance allocated to it under this subchapter during each of such 2 fiscal years.

(C) Approval

The Secretary shall approve a properly submitted application or issue a written statement indicating the reasons for disapproval not later than 60 days after the receipt of the application.

(D) Eligibility

For purposes of this paragraph, an eligible applicant may be a nonprofit organization or corporation, a community housing development organization, State, unit of general local government, or agency of a State or unit of general local government.

(A) In general

In providing assistance under this subchapter in any fiscal year described under subparagraph (B), each State in which colonias are located shall give priority to any application for assistance to be used in a colonia. (B) Covered years

This paragraph shall apply to any fiscal year following 2 fiscal years in which the State did not obligate the total amount of assistance allocated 1st under this subchapter during each of such 2 fiscal years.

(g) Loans for financing transfers of memberships in cooperatives

Notwithstanding the provisions of subsections (a) and (b) of this section, the Secretary may make and insure loans to consumer cooperatives to enable such cooperatives to finance the transfers of memberships in the cooperatives upon such terms and conditions as low- and moderate-income persons can reasonably afford, except that such loans shall not be made upon terms more favorable than are authorized under section 1490a(a) of this title, and that the total loan to a cooperative under this section shall not exceed the value of the property.

(h) Project transfers

(1) Condition

After August 6, 1996, the ownership or control of a project for which a loan is made or insured under this section may be transferred only if the Secretary determines that such transfer would further the provision of housing and related facilities for low-income families or persons and would be in the best interests of residents and the Federal Government.

(2) Actions to expedite project approvals

(A) In general

The Secretary shall take actions to facilitate timely approval of requests to transfer ownership or control, for the purpose of rehabilitation or preservation, of multifamily housing projects for which assistance is provided by the Secretary of Agriculture in conjunction with any low-income housing tax credits under section 42 of title 26 or tax-exempt housing bonds.

(B) Consultation

The Secretary of Agriculture shall consult with the Commissioner of the Internal Revenue Service and take such actions as are appropriate in conjunction with such consultation to simplify the coordination of rules, regulations, forms (including applications forms for project transfers), and approval requirements2 multifamily housing projects for which assistance is provided by the Secretary of Agriculture in conjunction with any low-income housing tax credits under section 42 of title 26 or tax-exempt housing bonds.

(C) Existing requirements

Any actions taken pursuant to this paragraph shall be taken in a manner that provides for full compliance with any existing requirements under law or regulation that are designed to protect families receiving Federal housing assistance, including income targeting, rent, and fair housing provisions, and shall also comply with requirements regarding environmental review and protection and wages paid to laborers.

(D) Recommendations

In implementing the changes required under this paragraph, the Secretary shall solicit recommendations regarding such changes from project owners and sponsors, investors and stakeholders in housing tax credits, State and local housing finance agencies, tenant advocates, and other stakeholders in such projects.

(i) Limitations on cost increases after approval for project involving newly constructed or substantially rehabilitated units; applicable factors

After approving a project involving newly constructed or substantially rehabilitated units under this section, the Secretary shall limit cost increases to those approved by the Secretary. The Secretary may approve those increases only for unforeseen factors beyond the owner's control, design changes required by the Secretary or the local government, or changes in financing approved by the Secretary.

(j) Contract preferences for providing units in newly constructed projects

For the purpose of achieving the lowest cost in providing units in newly constructed projects assisted under this section, the Secretary shall give a preference in entering into contracts under this section for projects which are to be located on specific tracts of land provided by States, units of local government, or others if the Secretary determines that the tract of land is suitable for such housing, and that affording such preference will be cost effective.

(k) Management fees

The Secretary shall assure that management fees are not excessive when a project developed under this section is managed by the developer or an affiliate of the developer.

(l) Determination of market feasibility of project

For purposes of determining the market feasibility of any project to be assisted under this section—

(1) in the case of any applicant who applies for rental assistance payments under section 1490a of this title in connection with such project, the Secretary shall consider the availability of such rental assistance payments with respect to the project and shall require such applicant to demonstrate that a market exists for persons and families eligible for such rental assistance payments; and

(2) in the case of any applicant whose project is expected to utilize any assistance under a program of a State, or political subdivision thereof, that is similar to such assistance payments under section 1490a of this title, the Secretary shall only require such applicant to demonstrate that—

(A) a market exists for persons and families eligible for such program of assistance;

(B) such program of assistance will provide rental assistance for a period of not less than five years, and, at the option of the applicant, either that there is a reasonable assurance that the contract for assistance will be extended or renewed, or for the term of the loan remaining after the period of such

(C) during the term of such rental assistance contracts, such State or political subdivision shall make available the amounts required for such rental assistance not less than annually.

(m) Standards for housing and related facilities rehabilitated or repaired; establishment, criteria, etc.

The Secretary shall establish standards for housing and related facilities rehabilitated or repaired with amounts received under a loan made or insured under this section. Standards established by the Secretary under this subsection shall provide that except for substantial rehabilitation the particular items or systems repaired or rehabilitated must meet appropriate levels of quality or performance comparable to those levels prescribed by the Secretary of Housing and Urban Development for rehabilitation, but shall not require that such items or systems or the remainder of the property meet the standards which are applicable to new construction. The Secretary shall ensure that standards prescribed under this subsection provide decent, safe, and sanitary housing and related facilities.

(n) Assistance to projects located on more than one site

The Secretary may not deny assistance under this section or section 1490a of this title on the basis that the project involved is to be located on more than one site.

(o) Rental assistance payments as affecting assistance to projects or occupancy by eligible persons

The Secretary may not (1) deny assistance under this section on the basis that rental assistance payments under section 1490a of this title may be required unless the authority to provide such assistance is not available; or (2) promulgate any regulation that would have the effect of denying occupancy to eligible persons on the basis that such persons require rental assistance payments under section 1490a of this title.

(p) Occupancy by low income persons and families other than very low-income persons and families

(1) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 25 per centum of the dwelling units which were available for occupancy under this section prior to November 30, 1983, and which will be leased on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(2) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 5 per centum of the dwelling units which become available for occupancy under this section on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(3) Units in projects financed under this section which become available for occupancy after November 30, 1983, shall not be available for occupancy by persons and families other than very low-income persons and families if the authority to provide assistance for such persons is available.

(q) Determination of income of person or family occupying financed housing

In determining the income of a person or family occupying housing financed under this section, the Secretary shall consider the value of that person’s or family’s assets in the same manner as the Secretary of Housing and Urban Development considers such value for the purpose of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(r) Operating reserve and equity contribution requirements; regulations to implement adjustment by negotiated rulemaking procedure

(1) the Secretary—

(A) may require that the initial operating reserve under this section may be in the form of an irrevocable letter of credit; and

(B) except as provided in paragraph (2), may require not more than a 5 percent contribution to equity, except that the Secretary shall require a 5 percent contribution in the case of a project that is allocated a low-income housing tax credit pursuant to section 42 of title 26.

(2) The Secretary may adjust the amount of equity contribution to ensure that assistance provided is not more than is necessary to provide affordable housing after taking account of assistance from all Federal, State, and local sources.

(3) Not later than 60 days after August 6, 1996, the Secretary shall issue regulations to implement subsection (r)(2) of this section in accordance with the negotiated rulemaking procedures set forth in subchapter III of chapter 5 of title 5: Provided, That if the negotiated rulemaking is not completed within the designated time, the Secretary shall proceed to promulgate regulations under the rulemaking authority contained in section 557 of title 5.

(s) Limitation of fees on loans

No fee other than a late fee may be imposed by or for the Secretary or any other Federal agency on or with respect to a loan made or insured under this section.

(t) Equity takeout loans

(1) Authority

The Secretary is authorized to guarantee an equity loan (in the form of a supplemental loan) to an owner of housing financed with a loan made or insured under subsection (b) of this section, only if the Secretary determines, after taking into account local market conditions, that there is reasonable likelihood that the housing will continue as decent, safe, and sanitary housing for the remaining life of the original loan on the project made or insured under subsection (b) of this section and that such an equity loan is—

(A) necessary to provide a fair return on the owner’s investment in the housing;

(B) the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection; and

(C) would not impose an undue hardship on tenants or an unreasonable cost to the Federal Government.

The amount of loans guaranteed under this subsection shall be subject to limits provided in appropriations Acts.

(2) Timing

The Secretary is authorized to guarantee an equity loan under this subsection after the expiration of the 20-year period beginning on the date that an existing loan under subsection (b) of this section was made or insured. Not more than one equity loan under this subsection may be provided for any project.

(3) Amount of the takeout

The amount of an equity loan under this subsection shall not exceed the difference between the outstanding principal on debt secured by the project and 90 percent of the appraised value of the project. The appraised value of the project shall be determined by 2 independent appraisers, 1 of whom shall be selected by the Secretary and 1 of whom shall be selected by the owner. If the 2 appraisers fail to agree on the value of the project, the Secretary and the owner shall jointly select a third appraiser whose appraisal shall be binding on the Secretary and the owner. The amount of the equity loan shall not exceed 30 percent of the amount of the original appraised value of the project made or insured under subsection (b) of this section.

(4) Submission of plan

An owner requesting an equity loan under this subsection shall submit a plan acceptable to the Secretary to ensure that the cost of amortizing an equity loan under paragraph (1) does not result in the displacement of very-low-income tenants or substantially alter the income mix of the tenants in the project.

(5) Regulations

The Secretary shall issue final regulations within 180 days from December 15, 1989.

(6) Effective date

The requirements of this subsection shall apply to any loan obligated under this section on or after December 15, 1989. This subsection shall not apply retroactive reserve account payments with respect to any loan that was obligated on or after December 15, 1989, and on or before June 16, 1990, but reserve account payments shall be required for such loans beginning on November 28, 1990.

(u) Reuse of loan authority

Loan authority that is obligated under this section but that is not expended due to any action that removes the original borrower, may be reallocated to a different borrower during the same fiscal year in which the loan authority was obligated. Any loan authority under this section appropriated or made available within limits established in appropriations Acts shall remain available until expended.

(v) Assumption of loans

The Secretary may provide for the assumption or transfer of a loan or loan obligation under this section to any person or entity qualified to receive a loan or loan obligation under this section in any case of default or foreclosure with respect to the original borrower. The Secretary shall provide in each assumption or transfer under this subsection for the assumption of the obligations, rights, and interests under the terms of the loan or loan obligation or such other terms as the Secretary determines appropriate.

(w) Set-aside of rural rental housing funds

(1) Authority

Except as provided in paragraph (2), the Secretary shall set aside from amounts made available for each State for loans under this section, not less than 9 percent of the amounts available in each fiscal year. Amounts set aside shall be available only for nonprofit entities in the State, which may not be wholly or partially owned or controlled by a for-profit entity. A partnership, that has as its general partner a nonprofit entity or the nonprofit entity’s for-profit subsidiary, is eligible to receive funds set aside under this subsection to sponsor a project which is receiving low-income housing tax credits authorized under section 42 of title 26. For the purposes of this subsection, a nonprofit entity is an organization that—

(A) will own an interest in a project to be financed under this section and will materially participate in the development and the operation of the project;

(B) is a private organization that has nonprofit, tax exempt status under section 501(c)(3) or section 501(c)(4) of title 26;

(C) has among its purposes the planning, development, or management of low-income housing or community development projects; and

(D) is not affiliated with or controlled by a for-profit organization.

(2) Minimum State set-aside

If the amount set aside under paragraph (1) for any State is less than $750,000 in any fiscal...
year, the Secretary shall pool such amount together with set-aside amounts from other States whose set-aside is less than $750,000, and shall make such amounts available for such eligible entities under paragraph (1) in any such State. The Secretary shall establish a procedure to provide that any amounts pooled under this paragraph from the allocation for any State in any fiscal year that are not obligated during a reasonable period in such year shall be made available for any such eligible entities under paragraph (1) in such State. The Secretary may provide amounts available for reallocation under this subsection in excess of $750,000 in a given State, if such amounts are necessary to finance a project under this section.

(3) Unused amounts

(A) Equitable distribution

Any amounts set aside under this subsection from the allocation for any State that are not obligated by 9 months after the allocation, shall first be pooled and made available to any other eligible nonprofit entity in any State as defined in this subsection. The Secretary shall make reasonable efforts to ensure that pooled funds are distributed under this subparagraph in an equitable manner.

(B) Return to the States

After funds have been pooled and obligated for 30 days, the Secretary shall return any remaining funds to the States on a proportional basis for use by any other eligible entity as defined in this section.

(x) Uniform project costs; coordination of housing resources and tax benefits

The Secretary shall—

(1) establish standard guidelines for State offices that describe allowable development costs which are required for development of all projects under this section, without regard to whether the project was allocated a low-income housing tax credit;

(2) require each State to establish a process for coordinating the selection of projects under this section with the housing needs and priorities as established in a State comprehensive housing affordability strategy under section 12705 of this title and a low-income housing tax credit allocation plan under section 42 of title 26; and

(3) develop, in consultation with housing credit agencies (as that term is defined under section 42 of title 26), uniform procedures for identifying and sharing information on project costs, builder profit, identity of interests relationships, and other factors, as appropriate, with the relevant housing credit agency for projects that are allocated a low-income housing tax credit pursuant to section 42(h) of title 26 for the purpose of achieving compliance with section 3354(d) of this title.

(y) Service coordinators

(1) Grants

The Secretary may make grants under this subsection, with respect to any project that the Secretary determines has a sufficient number of frail elderly residents, for the cost of employing or otherwise retaining the services of one or more individuals to coordinate services provided to frail elderly residents of the project (in this subsection referred to as a “service coordinator”), who shall be responsible for—

(A) assessing the supportive service needs of frail elderly residents of the project, based on objective criteria and interviews with such residents;

(B) working with service providers to design the provision of services to meet the needs of frail elderly residents of the project, taking into consideration the needs and desires of such residents and their ability and willingness to pay for such services, as expressed by the residents;

(C) mobilizing public and private resources to obtain funding for such services for such residents;

(D) monitoring and evaluating the impact and effectiveness of any supportive services provided for such residents;

(E) consulting and coordinating with any appropriate public and private agencies regarding the provision of supportive services; and

(F) performing such other duties that the Secretary deems appropriate to enable frail elderly persons residing in federally assisted housing to live with dignity and independence.

Individuals employed as service coordinators pursuant to this subsection shall meet the minimum qualifications and standards established under section 8011(d)(4) of this title for service coordinators under a congregate housing services program.

(3) Application and selection

The Secretary shall provide for the form and manner of applications for grants under this subsection and for the selection of applicants to receive the grants.

(1) Accounting standards

The Secretary shall require that borrowers in programs authorized by this section maintain accounting records in accordance with generally accepted accounting principles for all projects that receive funds from loans made or guaranteed by the Secretary under this section.

(2) Record retention requirements

The Secretary shall require that borrowers in programs authorized by this section retain for a period of not less than 6 years and make available to the Secretary in a manner determined by the Secretary, all records required to be maintained under this subsection and other records identified by the Secretary in applicable regulations.
(aa) Double damages for unauthorized use of housing projects assets and income

(1) Action to recover assets or income

(A) In general

The Secretary may request the Attorney General to bring an action in a United States district court to recover any assets or income used by any person in violation of the provisions of a loan made or guaranteed by the Secretary under this section or in violation of any applicable statute or regulation.

(B) Improper documentation

For purposes of this subsection, a use of assets or income in violation of the applicable loan, loan guarantee, statute, or regulation shall include any use for which the documentation in the books and accounts does not establish that the use was made for a reasonable operating expense or necessary repair of the project or for which the documentation has not been maintained in accordance with the requirements of the Secretary and in reasonable condition for proper audit.

(C) Definition

For the purposes of this subsection, the term ‘person’ means—

(A) In general

In any judgment favorable to the United States entered under this subsection, the Attorney General may recover double the value of the assets and income of the project that the court determines to have been used in violation of the provisions of a loan made or guaranteed by the Secretary under this section or any applicable statute or regulation, plus all costs related to the action, including reasonable attorney and auditing fees.

(B) Application of recovered funds

Notwithstanding any other provision of law, the Secretary may use amounts recovered under this subsection for activities authorized under this section and such funds shall remain available for such use until expended.

(3) Time limitation

Notwithstanding any other provision of law, an action under this subsection may be commenced at any time during the 6-year period beginning on the date that the Secretary discovered or should have discovered the violation of the provisions of this section or any related statutes or regulations.

(4) Continued availability of other remedies

The remedy provided in this subsection is in addition to and not in substitution of any other remedies available to the Secretary or the United States.

Financial assistance to provide low-rent housing for domestic farm labor

(a) Application; considerations

Upon the application of any State or political subdivision thereof, or any Indian tribe, or any broad-based public or private nonprofit organization incorporated within the State, or any nonprofit organization of farmworkers incorporated within the State, the Secretary is authorized to provide financial assistance for the provision of low-rent housing and related facilities (which may be located any place within the State) for domestic farm labor. If he finds that—

(1) the housing and related facilities for which financial assistance is requested will fulfill a pressing need in the area in which such housing and facilities will be located, and there is reasonable doubt that the same can be provided without financial assistance under this section;

(2) the applicant will contribute, from its own resources or from funds borrowed under section 1484 of this title or elsewhere, at least 10 per centum of the total development cost;

(3) the types of housing and related facilities to be provided are most practicable, giving due consideration to the purposes to be served thereby and the needs of the occupants thereof, and such housing and facilities shall be durable and suitable for year-around occupancy or use, unless the Secretary finds that there is no need for such year-around occupancy or use in that area; and

(4) the construction will be undertaken in an economical manner, and the housing and related facilities will not be of elaborate or extravagant design or material.

(b) Maximum amount of assistance

The amount of any financial assistance provided under this section for low-rent housing and related facilities shall not exceed 90 per centum of the total development cost thereof, as determined by the Secretary, less such amount as the Secretary determines can be practically obtained from other sources (including a loan under section 1484 of this title).

(c) Prerequisite agreements; rentals; safety and sanitation standards; priority of domestic farm labor

No financial assistance for low-rent housing and related facilities shall be made available under this section unless, to any extent and for any periods required by the Secretary, the applicant agrees—

(1) that the rentals charged domestic farm labor shall not exceed such amounts as may be approved by the Secretary, giving due consideration to the income and earning capacity of the tenants, and the necessary costs of operating and maintaining such housing;

(2) that such housing shall be maintained at all times in a safe and sanitary condition in accordance with such standards as may be prescribed by State or local law, or, in the absence of such standards, in accordance with such minimum requirements as the Secretary shall prescribe; and

(3) an absolute priority will be given at all times in granting occupancy of such housing and facilities to domestic farm labor.

(d) Payments; contracts to specify uses of housing

The Secretary may make payments pursuant to any contract for financial assistance under this section at such times and in such manner, as may be specified in the contract. In each contract, the Secretary shall include such covenants, conditions, or provisions as he deems necessary to insure that the housing and related facilities, for which financial assistance is made available, be used only in conformity with the provisions of this section.

(e) Regulations for prevention of waste

The Secretary shall prescribe regulations to insure that Federal funds expended under this section are not wasted or dissipated. The Secretary shall not give priority for funding under this section to any one of the groups listed in subsection (a) of this section over any of the others so listed.

(f) Wages; labor standards; waiver; authority and functions of Secretary

All laborers and mechanics employed by contractors or subcontractors on projects assisted by the Secretary which are undertaken by approved applicants under this section shall be paid wages at rates not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with sections 3141-3144, 3146, and 3147 of title 40. The Secretary shall not extend any financial assistance under this section for any project without first obtaining adequate assurance that these labor standards will be maintained on the construction work; except that compliance with such standards may be waived by the Secretary in cases or classes of cases where laborers or mechanics, not otherwise employed at any time on the project, voluntarily donate their services without compensation for the purpose of lowering the costs of construction and the Secretary determines that any amounts thereby saved are fully credited to the person, corporation, association, organization, or other entity, undertaking the project. The Secretary of Labor shall have, with respect to the labor standards specified in this section, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267), and section 3145 of title 40.

In connection with loans insured under this section, the Secretary may take liens running to the United States notwithstanding the fact that the notes evidencing such loans may be held by lenders other than the United States. Notes evidencing such loans shall be freely assignable, but the Secretary shall not be bound by any such assignment until notice thereof is given to and acknowledged by him.

Each note shall bear interest at the average rate, as determined by the Secretary of the Treasury, payable by the Treasury upon its marketable public obligations outstanding at the beginning of the fiscal year in which such note is issued, which are neither due nor callable for redemption for fifteen years from their date of issue. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and for that purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which such securities may be issued under such chapter are extended to include purchases of notes issued by the Secretary. All redemption,

§ 1490a. Loans to provide occupant owned, rental, and cooperative housing for low and moderate income, elderly or handicapped persons or families

(a) Interest rates; additional assistance; payments to owners; rent limitations

(1)(A) Notwithstanding the provisions of sections 1472, 1487(a) and 1485 of this title, loans to persons of low or moderate income under section 1472 or 1487(a)(1) of this title, loans under section 1485 of this title to provide rental or cooperative housing and related facilities for persons and families of low or moderate income or elderly or handicapped persons or families and loans under section 1490f of this title to provide condominium housing for persons and families of low or moderate income, shall bear interest at a rate determined by the Secretary at not less than a rate determined by the Secretary of the Treasury on the request of the Secretary taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturities comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum. Any loan guaranteed under this subchapter shall bear interest at such rate as may be agreed upon by the borrower and the lender.

(B) From the interest rate so determined, the Secretary may provide the borrower with assistance in the form of credits so as to reduce the effective interest rate to a rate not less than 1 per centum per annum for such periods of time as the Secretary may determine for applicants described in subparagraph (A) if without such assistance such applicants could not afford the dwelling or make payments on the indebtedness of the rental or cooperative housing. In the case of assistance provided under this subparagraph with respect to a loan under section 1472 of this title, the Secretary may not reduce, cancel, or refuse to renew the assistance due to an increase in the adjusted income of the borrower if the reduction, cancellation, or nonrenewal will cause the borrower to be unable to reasonably afford the resulting payments required under the loan.

(C) For persons of low income under section 1472 or 1487(a) of this title who the Secretary determines are unable to afford a dwelling with the assistance provided under subparagraph (B) and when the Secretary determines that assisted rental housing programs (as authorized under this subchapter, the National Housing Act [12 U.S.C. 1701 et seq.], and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]) would be unsuitable in the area in which such persons reside, the Secretary may provide additional assistance, pursuant to amounts approved in appropriation Acts and for such periods of time as the Secretary may determine, which may be in an amount not to exceed the difference between (i) the amount determined by the Secretary to be necessary to pay the principal indebtedness, interest, taxes, insurance, utilities, and maintenance, and (ii) 25 per centum of the income of such applicant. The amount of such additional assistance which may be approved in appropriation Acts may not exceed an aggregate amount of $100,000,000. Such additional assistance may not be so approved with respect to any fiscal year beginning on or after October 1, 1981.

(D)(1) With respect to borrowers under section 1472 or 1487(a) of this title who have received assistance under subparagraph (B) or (C), the Secretary shall provide for the recapture of all or a portion of such assistance rendered upon the disposition or nonoccupancy of the property by the borrower. In providing for such recapture, the Secretary shall make provisions to provide incentives for the borrower to maintain the property in a marketable condition. Notwithstanding any other provision of law, any such assistance whenever rendered shall constitute a debt secured by the security instruments given by the borrower to the Secretary to the extent that the Secretary may provide for recapture of such assistance.

(ii) In determining the amount recaptured under this subparagraph with respect to any loan made pursuant to section 1472(a)(3) of this title for the purchase of a dwelling located on land owned by a community land trust, the Secretary shall determine any appreciation of the

shall be available during the next succeeding fiscal year, together with funds provided under paragraph (1) may be made only when the Secretary determines the needs of the applicant for necessary housing cannot be met with financial assistance from other sources including assistance under the National Housing Act [12 U.S.C. 1701 et seq.] and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(c) The project owner shall accumulate, safeguard, and periodically pay to the Secretary any rental charges collected in excess of basic rental charges as established by the Secretary in conformity with subparagraph (A). These funds may be credited to the appropriation and used by the Secretary for making such assistance payments through the end of the next fiscal year. Notwithstanding the preceding sentence, excess funds received from tenants in projects financed under section 1495 of this title during a fiscal year shall be available during the next succeeding fiscal year, together with funds provided under subparagraph (D), to the extent approved in appropriations Acts, to make assistance payments to reduce rent overburden on behalf of tenants of any such project whose rents exceed the levels referred to in subparagraph (A). In providing assistance to relieve rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(d) The Secretary, to the extent approved in appropriation Acts, may enter into rental assistance contracts aggregating not more than $398,000,000 in carrying out subparagraph (A) with respect to the fiscal year ending on September 30, 1982.

(e) In order to assist elderly or handicapped persons or families who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit rental assistance authority is available, the project owner to reduce rent overburden on behalf of tenants of any such project whose rents exceed the levels referred to in subparagraph (A). In providing assistance to relieve rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(f) Loans subject to the interest rates and assistance provided under this paragraph (1) may be made only when the Secretary determines the needs of the applicant for necessary housing cannot be met with financial assistance from other sources including assistance under the National Housing Act [12 U.S.C. 1701 et seq.] and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(g) Interest on loans under section 1472 or 1487(a) of this title to victims of a natural disaster shall not exceed the rate which would be applicable to such loans under section 1472 of this title without regard to this section.

(2)(A) The Secretary shall make and insure loans under this section and sections 1484, 1485, and 1486 of this title to provide rental or cooperative housing and related facilities for persons and families of low income in multifamily housing projects, and shall make, and contract to make, assistance payments to the owners of such rental, congregate, or cooperative housing in order to make available to low-income occupants of such housing rentals at rates commensurate to income and not exceeding the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person’s or family’s housing costs. Any rent or contribution of any recipient shall not increase as a result of this section or any other provision of Federal law or regulation by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law or regulation.

(B) The owner of any project assisted under this paragraph or paragraph (5) shall be required to provide at least annually a budget of operating expenses and record of tenants’ income. The budget (and the income, in the case of a project assisted under this paragraph) shall be used to determine the amount of the assistance for each project.

(C) The project owner shall accumulate, safeguard, and periodically pay to the Secretary any rental charges collected in excess of basic rental charges as established by the Secretary in conformity with subparagraph (A). These funds may be credited to the appropriation and used by the Secretary for making such assistance payments through the end of the next fiscal year. Notwithstanding the preceding sentence, excess funds received from tenants in projects financed under section 1485 of this title during a fiscal year shall be available during the next succeeding fiscal year, together with funds provided under subparagraph (D), to the extent approved in appropriations Acts, to make assistance payments to reduce rent overburden on behalf of tenants of any such project whose rents exceed the levels referred to in subparagraph (A). In providing assistance to relieve rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(D) The Secretary, to the extent approved in appropriation Acts, may enter into rental assistance contracts aggregating not more than $398,000,000 in carrying out subparagraph (A) with respect to the fiscal year ending on September 30, 1982. In order to assist elderly or handicapped persons or families who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit rental assistance authority is available, the project owner to reduce rent overburden on behalf of tenants of any such project whose rents exceed the levels referred to in subparagraph (A). In providing assistance to relieve rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(C) SUBMISSION OF INFORMATION.—The owner of a project assisted under this paragraph shall be required to provide to the Secretary, at least annually, a budget of operating expenses and estimated rental income, which the Secretary may use to determine the amount of assistance for the project.

(1) In utilizing the rental assistance payments authority pursuant to subsection (a)(2) of this section—

(a) Statement of purposes

The purpose of this section is to authorize the Secretary to make grants to eligible grantees including private nonprofit organizations, Indian tribes, general units of local government, counties, States, and consortia of other eligible grantees, in order to—

(1) rehabilitate or replace single family housing in rural areas which is owned by low- and very low-income persons and families, and
(2) rehabilitate or replace rental properties or cooperative housing which has a membership resale structure that enables the cooperative to maintain affordability for persons of low income in rural areas serving low- and very low-income occupants.

The Secretary may also provide tenant-based assistance as provided under section 1437f of this title or section 1490r of this title upon the request of grantees in order to minimize the displacement of very low-income tenants residing in units rehabilitated or replaced with assistance under this section.

(b) Mandatory program requirements

Preservation programs assisted under this section shall—

(1) be used to provide loans or grants to owners of single family housing in order to cover the cost of repairs and improvements;
(2) be used to provide loans or grants, not to exceed $15,000 per unit, to owners of single family housing to replace existing housing if repair or rehabilitation of the housing is determined by the Secretary not to be practicable and the owner of the housing is unable to afford a loan under section 1472 of this title for replacement housing;
(3) be used to provide interest reduction payments;
(4) be used to provide loans or grants to owners of rental housing, except that rental rehabilitation or replacement assistance provided under this subsection for any structure shall not exceed 75 per centum of the total costs associated with the rehabilitation or replacement of that structure;
(5) be used to provide other comparable assistance that the Secretary deems appropriate to carry out the purpose of this section, designed to reduce the costs of such repair, rehabilitation, and replacement in order to make such housing affordable by persons of low income and, to the extent feasible, by persons and families whose incomes do not exceed 50 per centum of the area median income;
(6) benefit low- and very low-income persons and families in rural areas, without causing the displacement of current residents; and
(7) raise health and safety conditions to meet those specified in section 1479(a) of this title.

(c) Allocation formula; transfer of funds; maximum amounts

(1) The Secretary shall allocate grant funds under this section for use in each State on the basis of a formula contained in a regulation prescribed by the Secretary using the average of the ratios between—

(A) the population of the rural areas in that State and the population of the rural areas of all States;
(B) the extent of poverty in the rural areas in that State and the extent of poverty in the rural areas of all States; and
(C) the extent of substandard housing in the rural areas of that State and the extent of substandard housing in the rural areas of all States.

Any funds which are allocated to a State but uncommitted to grantees will be transferred to the State office of the Farmers Home Administration in a timely manner and be used for authorized rehabilitation activities under section 1474 of this title. Funds obligated, but subsequently unspent and deobligated, may remain available, to the extent provided in appropriations Acts, for use as housing preservation grants in ensuing fiscal years.

(2) Unless there is only one eligible grantee in a State, a single grantee may not receive more than 50 per centum of a State’s allocation.

(d) Statement of activity by grantee; submission; contents; availability; consultations; evaluation by Secretary; criteria applicable; maximum amounts

(1) Eligible grantees may submit a statement of activity to the Secretary at the time specified by the program administrator, containing a description of its proposed preservation program. The statement shall consist of the activities each entity proposes to undertake for the fiscal year, and the projected progress in carrying out those activities. The statement of activities shall be made available to the public for comment.

(2) In preparing such statement, the grantee shall consult with and consider the views of appropriate local officials.
(3) The Secretary shall evaluate the merits of each statement on the basis of such criteria as the Secretary shall prescribe, including the extent—
(A) to which the repair, rehabilitation, and replacement activities will assist persons of low income who lack adequate shelter, with priority given to applications assisting the maximum number of persons and families whose incomes do not exceed 50 per centum of the area median income;

(B) to which the repair, rehabilitation, and replacement activities include the participation of other public or private organizations in providing assistance, in addition to the assistance provided under this section, in order to lower the costs of such activities or provide for the leveraging of available funds to supplement the rural housing preservation grant program;

(C) to which such activities will be undertaken in rural areas having populations below 10,000 or in remote parts of other rural areas;

(D) to which the repair, rehabilitation, and replacement activities may be expected to result in achieving the greatest degree of repair or improvement for the least cost per unit or dwelling;

(E) to which the program would minimize displacement;

(F) to which the program would alleviate overcrowding in rural residences inhabited by low- and very low-income persons and families;

(G) to which the program would minimize the use of grant funds for administrative purposes; and

(H) to which the owner agrees to meet the requirement of subsection (e)(1)(B)(iv) of this section for a period longer than 5 years;

and shall assess the demonstrated capacity of the grantee to carry out the program as well as the financial feasibility of the program.

(4) The amount of assistance provided under this section with respect to any housing shall be the least amount that the Secretary determines is necessary to provide, through the repair and rehabilitation, or replacement, of such housing, decent housing of modest design that is affordable for persons of low income.

(5) A grantee may use housing preservation grant funds under this section for replacement housing only after providing documentation to the Secretary that—

(A) the existing housing is in such poor condition that rehabilitation is not economically feasible;

(B) the owner of the housing lacks the income or repayment ability necessary to qualify for a loan under section 1472 of this title; and

(C) the grantee will extend assistance to the owner of the housing under terms that the owner can afford.

(e) Limitations on assistance; failure to implement required agreement

(1) Assistance under this section may be provided with respect to rental or cooperative housing only if—

(A) the owner has entered into such agreements with the Secretary as may be necessary to assure compliance with the requirements of this section, to assure the financial feasibility of such housing, and to carry out the other provisions of this section;

(B) the owner agrees—

(i) to pass on to the tenants any reduction in the debt service payments resulting from the assistance provided under this section;

(ii) not to convert the units to condominium ownership (or in the case of a cooperative, to condominium ownership or any form of cooperative ownership not eligible for assistance under this section);

(iii) not to refuse to rent a dwelling unit in the structure to a family solely because the family is receiving or is eligible to receive assistance under any Federal, State, or local housing assistance program; and

(iv) that the units repaired and rehabilitated with such assistance will be occupied, or available for occupancy, by persons of low income;

during the 5-year period beginning on the date on which the units in the housing are available for occupancy;

(C) the unit of general local government or nonprofit organization that receives the assistance certifies to the satisfaction of the Secretary that the assistance will be made available in conformity with Public Law 88–352 [42 U.S.C. 2000a et seq.] and Public Law 90–284;

(D) the owner agrees to enter into and abide by written leases with the tenants, which leases shall provide that tenants may be evicted only for good cause; and

(E) the unit of general local government or nonprofit organization will agree to supervise repairs and rehabilitation and will agree to have a disinterested party inspect such repairs and rehabilitation.

(2) Assistance under this section provided with respect to any housing other than rental or cooperative housing may be provided only if the owner complies with the requirements set forth in subparagraph (E) of paragraph (1) and any other requirements established by the Secretary to carry out the purpose of this section.

(3)(A) The Secretary shall provide that if the owner or his or her successors in interest fail to carry out the agreements described in subparagraphs (A) and (B) of paragraph (1) during the applicable period, the owner or his or her successors in interest shall make a payment to the Secretary of an amount that equals the total amount of assistance provided under this section with respect to such housing, plus interest thereon (without compounding), for each year and any fraction thereof that the assistance was outstanding, at a rate determined by the Secretary taking into account the average yield on outstanding marketable long-term obligations of the United States during the month preceding the date on which the assistance was made available.

(B) Notwithstanding any other provision of law, any assistance provided under this section shall constitute a debt, which is payable in the case of any failure to carry out the agreements described in subparagraphs (A), (B), and (C) of paragraph (1), and shall be secured by the security instruments provided by the owner to the Secretary.

(f) Advance payments of assistance

The Secretary shall provide for such advance payments of assistance under this section as the
Secretary determines is necessary to effectively carry out the provisions of this section.

(g) Annual review and audit by Secretary of activities; adjustment, etc., of resources; reallocation of amounts

The Secretary shall, at least on an annual basis, make such review and audits as may be necessary or appropriate to determine whether the grantee has carried out its activities in a timely manner and in accordance with the requirements of this section, the degree to which the activities assisted benefited low income families or persons and very low-income families or persons who lacked adequate housing, and whether the grantee has a continuing capacity to carry out the activities in a timely manner. The Secretary may adjust, reduce, or withdraw resources made available to grantees receiving assistance under this section, or take other action as appropriate in accordance with the findings of these reviews and audits. Any amounts which become available as a result of actions under this subsection shall be reallocated as housing preservation grants to such grantee or grantees as the Secretary may determine.

(i) National historic preservation objectives affected by rehabilitation activities; establishment of procedures for determining consonant purposes and measures

The Secretary shall establish procedures which support national historic preservation objectives and which assure that, if any rehabilitation proposed to be assisted under this section would affect property that is included or is eligible for inclusion on the National Register of Historic Places, such activity shall not be undertaken unless (1) it will reasonably meet the standards for rehabilitation issued by the Secretary of the Interior and the appropriate State historic preservation officer is afforded the opportunity to comment on the specific rehabilitation plan, or (2) the Advisory Council on Historic Preservation is afforded an opportunity to comment on cases for which the recipient of assistance, in consultation with the State historic preservation officer, determines that the proposed rehabilitation activity cannot reasonably meet such standards or would adversely affect historic property as defined therein.

(j) Annual review and audit by Secretary of activities; adjustment, etc., of resources; reallocation of amounts

(1) The Secretary is authorized to prescribe such rules and regulations and make such delegations of authority as he deems necessary to carry out the provisions of this section. SUBCHAPTER VII—DISPOSAL OF WAR AND VETERANS' HOUSING

§ 1581. Housing disposition

(a) Mandatory transfers

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development shall (subject to the provisions of this section) relinquish and transfer, without monetary consideration, to any State or political subdivision thereof, local housing authority, local public agency, nonprofit organization, or educational institution, all contractual rights (including the right to revenues and other proceeds) and all property right, title, and interest of the United States in and with respect to (1) any temporary housing located on land owned or controlled by such transferee and in which the United States has no leasehold or other property interest, and (2) housing materials which have been made available to the transferee by the Secretary of Housing and Urban Development pursuant to section 1572 of this title.

(b) Transfer to provide housing for parents of deceased World War II servicemen

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than that specifically required by this subsection, to any State, county, municipality, or local housing authority, or to any educational institution where the housing involved is being operated for its student veterans or where the land underlying the housing is in the ownership of two or more educational institutions, or to any other local public agency or nonprofit organization where the housing involved has been made available by the United States to such agency or organization pursuant to section 1572 of this title or where the Secretary of Housing and Urban Development determines that the housing involved is urgently needed by parents of persons who served in the Armed forces at any time on or after September 16, 1940, and prior to July 26, 1947, or on or after June 27, 1950, and prior to such date thereafter as shall be determined by the President and died of service-connected illness or injury (in which case the preferences in subsection (d)(1) of this section shall not apply), all right, title, and interest of the United States in and with respect to any temporary housing (excluding commercial facilities which the Secretary of Housing and Urban Development determines are suitable for separate disposal and community facilities which the Secretary of Housing and Urban Development determines should be disposed of separately) located on land in which the United States has a property interest through ownership, lease, or otherwise, under the following conditions:

(1) If the land is owned by the United States and under the jurisdiction of the Secretary of
Housing and Urban Development, the transferee shall have purchased such land from the Secretary of Housing and Urban Development at a price substantially equal to the cost to the United States of the land (including survey, title examination and other similar expenses incident to acquisition but excluding the cost or value of all improvements thereto by the United States other than extraordinary fill), or, if the Secretary of Housing and Urban Development determines the amount of such cost to be nominal or not readily ascertainable, at a price which the Secretary of Housing and Urban Development determines to be fair and reasonable. Payment for such land shall be made in full at the time of sale or in not more than ten equal annual installments (the first of which shall be paid within one year from the date of conveyance) all of which shall be secured as determined by the Secretary of Housing and Urban Development with interest from the date of conveyance at the going Federal rate of interest at the time of conveyance.

If the land is owned by the United States and not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the Federal agency having jurisdiction thereof. The Federal agency having jurisdiction of any such land is authorized to sell and convey such land but has an interest therein through lease or otherwise, the transferee shall (i) where it is not the landowner, obtain the right to possession of such land for a term satisfactory to the Secretary of Housing and Urban Development, (ii) obtain from the landowner a release (or, if the transferee is the landowner, furnish a release) of the United States from all liability in connection therewith, including any liability for removal of structures or restoration of the land, except for any rental or use payment due at the time of transfer, and (iii) reimburse the United States for the proportionate amount of any payments made by the United States for the right to use the land and for taxes or payments in lieu of taxes for any period extending beyond the time of the transfer, and (iv) if the interest of the United States is not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall obtain a transfer or release of the interest of the United States from the Federal agency having jurisdiction, which transfers and releases by such Federal agencies are authorized on such terms as the head of the respective agency determines to be in the public interest.

(c) Requests for relinquishment and transfer

The filing of a request under subsections (a), (b), (g), or (h) of this section must be made on or before June 30, 1953, unless the Secretary of Housing and Urban Development shall, in any specific case, authorize the filing of a request subsequent to such date but on or before June 30, 1951, and, in any such case, the Secretary of Housing and Urban Development may extend, for a specified period not beyond December 31, 1951, the time herein prescribed for complying with all conditions to the relinquishment or transfer. Such request shall be in the form of a resolution adopted by the governing body of the applicant, except that, in the case of a State, such request may be in the form of a written request from the governor, and, in the case of a local housing authority (other than the Alaska Housing Authority), or a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment, shall be accompanied by a resolution of the governing body of the municipality or county approving the request for transfer. Such request shall be accompanied by either (1) a final opinion of the chief law officer or legal counsel of the applicant to the effect that it has legal authority to make the request, to accept the transfer of and operate any property involved, and to perform its obligations under this subchapter, or (2) a preliminary opinion of such officer or counsel concerning the legal authority of the applicant with respect to the proposed relinquishment or transfer including a statement of the reasons for not furnishing the final opinion with the request and the time required to furnish such opinion. If a request has been submitted as herein provided, the applicant shall comply with all conditions to the relinquishment or transfer (including the furnishing of the final legal opinion) on or before June 30, 1953: Provided, That, in any case where the applicant is unable to comply with all conditions to the relinquishment or transfer because of the need for the enactment of State legislation or charter amendment, such date shall be June 30, 1952, and may be extended by the Secretary of Housing and Urban Development, upon request in a particular case, to December 31, 1952. The Secretary of Housing and Urban Development shall act as promptly as practicable on any request which complies with the provisions of this section and is supported as herein required, and shall as promptly as practicable arrange for the making of any survey or the performance of other work necessary to the transfer: Provided, That, notwithstanding the provisions of this section, the Secretary of Housing and Urban Development may at any time, except with respect to housing for which a request has been or may be submitted under subsection (a) of this section, remove, dispose of, or retain any temporary housing, or part thereof, in accordance with any provision of subchapters II to VII of this chapter.

(d) Representations by transferee as to use of property; preferences

No relinquishment or transfer with respect to temporary housing shall be made under this section unless the transferee represents in its request therefor that it proposes, to the extent permitted by law:

(1) As among eligible applicants for occupancy in dwellings of given sizes and at specified rents, to extend the following preferences in the selection of tenants:
First, to families which are to be displaced by any low-rent housing project or by any public slum-clearance or redevelopment project initiated after January 1, 1947, or which were so displaced within three years prior to making application for admission to such housing; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected; and third preference shall be given to families of other veterans and servicemen; Second, to families of other veterans and servicemen; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected: Provided, That if the transferee is an educational institution it may limit such preferences to student veterans and servicemen, and their families, and may, in lieu of such preferences, make available to veterans or servicemen and their families accommodations in any housing of the institution equal in number to the accommodations relinquished or transferred to it: And provided further, That, notwithstanding such preferences, if the transferee is a State, political subdivision, local housing authority, or local public agency, it will, in filling vacancies in housing transferred under subsection (b) of this section, give such preferences to military personnel and persons engaged in national defense or mobilization activities as the Secretary of Defense or his designee prescribes to such transferee.

(2) Not to dispose of any right, title, or interest in the property (by sale, transfer, grant, exchange, mortgage, lease, release, termination of the leasehold, or any other relinquishment of interest) either (i) for housing use on the present site or on any other site except to a State or political subdivision thereof, local housing authority, a local public agency, or an educational or charitable institution, or (ii) for any other use unless the governing body of the municipality or county shall have adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are satisfactory for such use and need not be removed: Provided, That this representation will not be construed as applicable to the disposition of any land or interest therein after the removal of the structures therefrom.

(3) To manage and operate the property involved in accordance with sound business practices, including the establishment of adequate reserves.

(4) Whenever the structures involved, or a substantial portion thereof, are terminated for housing use and are not to be used for a specific nonhousing use, to promptly demolish such structures terminated for housing use and clear the site thereof.

(e) Waiver of removal requirements

Any relinquishment or transfer by the Secretary of Housing and Urban Development under this section shall constitute a waiver of the requirements of section 1553 of this title (and any contractual obligations pursuant thereto) for removing the housing involved if the request for such relinquishment or transfer was made, as authorized herein, by the governing body of the municipality or county, or by the local housing authority, or, in other cases, if, prior to or within six months after the date of the relinquishment or transfer, there is filed with the Secretary of Housing and Urban Development a resolution of such governing body specifically approving (1) the unconditional waiver of such requirements or (2) the waiver of such requirements subject to conditions specified in the resolution. Any such conditions shall not affect the waiver of removal requirements hereunder, and the United States shall assume no responsibility for compliance therewith.

(f) Disposition of net revenue and proceeds; transfer charges

In any relinquishment or transfer under this section, the net revenues and other proceeds from such housing to which the United States is entitled on the basis of periodic settlements shall continue to accrue to the United States until the end of the month in which the relinquishment or transfer is made, and the obligation of the transferee to pay such accrued amounts shall not be affected by this section. The Secretary of Housing and Urban Development may charge to the transferee the cost to the United States of any survey, title information, or other item incidental to the transfer.

(g) Transfers for slum clearance and community redevelopment projects

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than payment for land involved as specifically required by subsection (b) of this section, to any local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment in a municipality in which the total number of persons, who on December 31, 1948, were living in temporary family accommodations provided by the United States, or any successor thereto since September 8, 1939, exceeded the total population of such municipality as shown by the 1940 census, all right, title, and interest of the United States in and with respect to any
temporary housing located in such municipality under the conditions set forth in subsection (b) of this section. Notwithstanding the provisions of subsection (b) of this section, the Secretary of Housing and Urban Development shall not relinquish or transfer any right, title, or interest of the United States in and with respect to any temporary housing situated in such a municipality except as set forth in this subsection if at the time of the relinquishment or transfer there is in existence in such a municipality a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment.

(b) Transfers of temporary housing of masonry construction

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section except the provisions of subsection (d) of this section) relinquish and transfer to any municipality, without monetary consideration other than payment for the land involved as specifically required by subsection (b) of this section, all right, title, and interest of the United States in and with respect to unoccupied temporary housing located in such municipality: Provided, That such housing has been wholly or partially stripped of trim and fixtures prior to April 20, 1950 and the municipality adopts a resolution determining that the structures, with proposed improvements, will be suitable for long-term housing use.

§ 1585. Acquisition of housing sites

(a) Lease, condemnation or purchase; temporary housing

The Secretary of Housing and Urban Development may continue by lease or condemnation any interest less than a fee simple in lands hereafter acquired by the Secretary of Housing and Urban Development for national defense or war housing or for veterans’ housing (whether of permanent or temporary character), or held by any Federal agency in connection therewith, and may acquire, by purchase or condemnation, a fee simple title to or lesser interest in any such lands if the Secretary of Housing and Urban Development determines that the acquisition of such fee simple or lesser interest is necessary to protect the Government’s investment or to maintain the improvements constructed thereon, or that the cost of fulfilling the Government’s obligation to restore the property to its original condition would equal or exceed the cost of acquiring the title thereto.

In any city in which, on March 1, 1933, there were more than ten thousand temporary housing units held by the United States of America, or any two contiguous cities in one of which there were on such date more than ten thousand temporary housing units so held, the Secretary of Housing and Urban Development may acquire, by purchase or condemnation, a fee simple title to any or all lands in which the Secretary holds a leasehold interest, or other interest less than a fee simple, acquired by the Federal Government for national defense or war housing or for veteran’s housing where (1) the Secretary of Housing and Urban Development finds that the acquisition by the Secretary of a fee simple title in the land will tend to expedite the orderly disposal or removal of temporary housing under the Secretary’s jurisdiction by facilitating the availability of improved sites for privately owned housing needed to replace such temporary housing, and will tend to expedite the transition of the city from a war-affected community containing, as of said date, a large number of temporary houses to a community having additional permanent, well-planned, residential neighborhoods, (2) the local governing body of the city makes a like finding and requests the Secretary of Housing and Urban Development to acquire such title to the land, and (3) the city has furnished assurances satisfactory to the Secretary of Housing and Urban Development that no individual who is employed by, or is an official of, the government of the city in which the land is located, or any agency thereof, shall be permitted, directly or indirectly, to have any financial interest in the purchase or redevelopment of such land: Provided, That such acquisitions by the Secretary of Housing and Urban Development pursuant to this sentence shall be limited to not exceeding four hundred and twenty-five acres of land in the general area in which approximately one thousand five hundred units of temporary housing held by the United States of America were unoccupied on said date: and provided further, That funds for such acquisition by the Secretary of Housing and Urban Development, which are authorized, pursuant to subsection (c) of this section and title II of the Independent Offices Appropriation Act, 1955, to be expended from the revolving fund established by section 1701g-5 of title 12, shall be taken into consideration, to the extent that they are needed, in making any determination pursuant to the second proviso under that section. All or any part of any land so acquired by the Secretary of Housing and Urban Development may, at any time within the five year period following the date of its acquisition, be sold by the Secretary, through negotiated sale, to such city or any local public agency where (1) the city or local public agency has represented to the Secretary of Housing and Urban Development that it is duly authorized under State law to purchase and resell such land, that such land will be made available to private enterprise for development in accordance with local zoning and other laws, and that the aggregate of such land and any other land in the same city previously sold under the authority of this paragraph to the city or a local public agency will be developed for predominantly residential use, and (2) the city or local public agency has agreed to pay the fair market value of the land as determined by the Secretary of Housing and Urban Development, after giving consideration, among other relevant information, to the cost to the Federal Government of acquiring the fee simple title and of holding the land pending sale (including estimated amounts to cover legal and overhead expenses of such ac-
quette to the Secretary of Housing and Urban Development to acquire a fee simple title to lands where he

ler, nor shall this subsection limit the consideration which may be paid for the use of any land beyond the existing term of the Government’s interest therein.

(c) Reserve account; availability of moneys

Notwithstanding any other provisions of law unless hereafter enacted expressly in limitation hereof, moneys shall be deposited in the reserve account established pursuant to subsections (a) and (b) of section 1543 of this title (which account is continued subject to the limitation as to amount specified in subsection (c) of section 1543 of this title) and all moneys deposited in such reserve account shall be and remain available for any or all of the purposes specified in said subsections (a) or (b) of section 1543 of this title or in this section without regard to the time prescribed in subsection (c) of section 1543 of this title with respect to covering moneys in such account into miscellaneous receipts. Moneys in such reserve accounts shall also be available for the payment of necessary expenses (which shall be considered nonadministrative expenses) in connection with administering (1) transfers pursuant to section 1581 of this title, (2) readeterminations of the temporary or permanent character of demountable housing pursuant to section 1583 of this title, (3) changes in land tenure and revisions in the consideration payable to landowners pursuant to subsections (a) and (b) of this section, and (4) transfers of permanent war housing for low-rent use pursuant to section 1586 of this title. Moneys in such reserve account shall also be available for the purpose of making improvements to, or alterations of, any permanent housing or part thereof if (1) the dwelling structures therein are designed for occupancy by not more than four families and are to be sold separately and (2) such improvement or alteration is requested by the local governing body as a condition to the acceptance of the dedication of streets or utilities or is necessary for compliance with local law or regulations relating to the continued operation or occupancy of the housing by a purchaser.

1954—Subsec. (b). Act Sept. 1, 1954, inserted “plus 100 per cent of such value”, substituted “shall” for “is authorized” and “increase” for “to increase”. **Title 42—The Public Health and Welfare**
In addition to the authority of the Secretary of Housing and Urban Development under the first sentence of this subsection, the Secretary is specifically authorized to convey any permanent war housing project to a local public housing agency if requested in writing, within sixty days after April 20, 1950, by such agency or the executive head of the municipality (or of the county or parish if such project is not in a municipality) within which the project is located, or by the Governor of the State where an agency of the State has authority to operate the project: Provided, That any conveyance by the Secretary of Housing and Urban Development pursuant to this sentence shall be subject to the same conditions and requirements as provided in this section with respect to a project specifically designated herein.

(b) Projects as “low-rent housing”

Upon the conveyance by the Secretary of Housing and Urban Development of any such project pursuant to the provisions of this section, such project shall constitute and be deemed to be “low-rent housing” as that term is used and defined in the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] (and to be a low-rent housing project assisted pursuant to that Act, within the meaning of section 1404(a)(b) of this title). Any instrument of conveyance by the Administrator stating that it is executed pursuant to this sentence shall be conclusive evidence of compliance therewith insofar as any title or other interest in the property is concerned.

(c) Conditions and requirements of agreements

The agreement between the public housing agency and the Secretary of Housing and Urban Development required by subsection (a) of this section shall contain the following conditions and requirements, and may contain such further conditions, requirements, and provisions as the Secretary determines—

1. during a period of forty years following the conveyance the project shall be administered as low-rent housing in accordance with subsections 2(1) and 2(2) of the United States Housing Act of 1937 [42 U.S.C. 1402(1) and (2)];

Provided, That if at any time during such period the public housing agency and the Sec-
Secretary of Housing and Urban Development agree that the project, or any part thereof, is no longer suitable for use as low-rent housing, the project, or part thereof, shall with the approval of the Secretary of Housing and Urban Development be sold by the public housing agency after which the agreement shall be deemed to have terminated with respect to such project or part thereof except that the proceeds from such sale, after payment of the reasonable expense thereof, shall be paid to the Secretary of Housing and Urban Development, or, with the Secretary's approval, used to finance the repair or rehabilitation of a project or part thereof conveyed to the public housing agency under this section; (2) the public housing agency shall, within six months following the conveyance, initiate a program for the removal of all families residing in the project on the date of conveyance who are ineligible under the provisions of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] for continued occupancy therein, and shall have required such ineligible tenants to vacate their dwellings within eighteen months after the initiation of such program: Provided, That military personnel as designated by the Secretary of Defense or his designee shall not be subject to such removal until eighteen months after the date of conveyance; (3) annually during the term of such agreement, the public housing agency shall pay to the Secretary of Housing and Urban Development all income from the project remaining after deducting the amounts necessary (as determined pursuant to regulations of the Secretary of Housing and Urban Development) for (i) the payment of reasonable and proper costs of operating, maintaining, and approving such project, (ii) the payments in lieu of taxes authorized hereunder, (iii) the establishment and maintenance of reasonable and proper reserves as approved by the Secretary of Housing and Urban Development, and (iv) the payment of currently maturing installments of principal of and interest on any indebtedness incurred by such public housing agency with the approval of the Secretary of Housing and Urban Development: Provided, That the provisions of this paragraph shall not be applicable to any project which is consolidated under a single contract with one or more low-rent projects being assisted under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], and all income from any such project conveyed under this section may be commingled with funds of the project or projects with which it is consolidated and applied in accordance with the requirements of the consolidated contract and the provisions of section 10(c) of the said Act [42 U.S.C. 1410(c)]; (4) during the term of such agreement, the project shall be exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivisions in amounts not in excess of the real property taxes which would be paid to such State, city, county, or other political subdivisions if the project were not exempt from taxation; and thereafter, during the term of such agreement, payments in lieu of taxes with respect to the project may be made in amounts which do not exceed 10 per centum of the annual shelter rents charged in such project; (5) for the tax year in which the conveyance is made and the next succeeding tax year annual payments in lieu of taxes may be made to the State, city, county, or other political subdivisions in amounts not in excess of the real property taxes which would be paid to such State, city, county, or other political subdivisions if the project were not exempt from taxation; and thereafter, during the term of such agreement, payments in lieu of taxes with respect to the project may be made in amounts which do not exceed 10 per centum of the annual shelter rents charged in such project; (6) in selecting tenants for such project, the public housing agency shall give such preferences as are prescribed by subsection 10(g) of the United States Housing Act of 1937 [42 U.S.C. 1410(g)], except that for one year after the date of conveyance of a project, the public housing agency shall, to the extent permitted by law, give such preferences, by allocation or otherwise, to military personnel as the Secretary of Defense or his designee prescribes to the public housing agency; and (7) upon the occurrence of a substantial default in respect to the requirements and conditions to which the public housing agency is subject (as such substantial default shall be defined in such agreement), the public housing agency shall be obligated at the option of the Secretary of Housing and Urban Development, either to convey title in any case where, in the determination of the Secretary of Housing and Urban Development, (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this subchapter and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], or to deliver possession to the Secretary of Housing and Urban Development of the project, as then constituted, to which such agreement relates: Provided, That in the event of such conveyance of title or delivery of possession, the Secretary of Housing and Urban Development may improve and administer such project as low-rent housing, and otherwise deal with such housing or parts thereof, subject, however, to the limitations contained in the applicable provisions of the United States Housing Act of 1937. The Secretary of Housing and Urban Development shall be obligated to reconvey or to redeliver possession of the project, as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such agreement and as soon as practicable after the Secretary of Housing and Urban Development shall be satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this subchapter and the United States Housing Act of 1937, thereafter be operated in accordance with the terms of such agreement. Any prior conveyances and reconveyances, deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary of Housing and Urban Development pursuant to this paragraph upon the subsequent occurrence of a substantial default.
(d) Disposition of payments

At the end of each fiscal year, the total amount of payments during such year to the Secretary of Housing and Urban Development in accordance with subsection (c) of this section shall be covered into the Treasury as miscellaneous receipts.

(a) Public interest

The Secretary of Housing and Urban Development shall, subject to the provisions of this section, dispose of permanent war housing, other than housing conveyed pursuant to section 1586 of this title, as promptly as practicable and in the public interest.

(b) Preference in sales to individuals

Preference in the purchase of any dwelling structure designed for occupancy by not more than four families and offered for separate sale shall be granted to occupants and to veterans over other prospective purchasers for such period as the Secretary of Housing and Urban Development may determine and in the following order:

(1) a veteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;

(2) a nonveteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;

(3) a veteran who intends to occupy a unit in the dwelling structure to be sold.

Subject to the above order of preference, the Secretary of Housing and Urban Development may establish subordinate preferences for any such dwelling structure. In the disposition of any dwellings under this section which were acquired by the United States from persons occupying the dwellings at the time of such acquisition, the Secretary of Housing and Urban Development may, notwithstanding the order of preference provided in this section, grant a first preference to such persons in the purchase of any of these dwellings for such period and under such conditions as the Secretary may determine to be appropriate and in the public interest. As used in this subsection, the term ‘‘veteran’’ shall include a veteran, a serviceman, or the family of a veteran or a serviceman, or the family of a deceased veteran or serviceman whose death has been determined by the Secretary of Veterans Affairs to be service-connected.

(c) Preference in sales to projects

In the case of any housing project required by this section to be disposed of, which is not offered for separate sale of separate dwelling structures designed for occupancy by not more than four families, such project may be sold as a whole or in such portions as the Secretary of Housing and Urban Development may determine. On such sales of an entire project or por-

tions thereof consisting of more than one dwelling structure or of an individual dwelling structure designed for occupancy by more than four families, first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project or portions thereof as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to other members of the group any tenant occupying a dwelling unit in such project, portion thereof or building, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project, portion thereof or building for sale), except that a first preference for said period of not less than ninety days nor more than six months shall be given to any group organized on a mutual or cooperative basis, which, with respect to its proposed purchase of a specific housing project or portion thereof, has, prior to August 1, 1949, been granted an exception by the Secretary of Housing and Urban Development from the sales preference provisions of Public Regulation 1 of the Housing and Home Finance Agency and has been designated as a preferred purchaser.

d) Equitable selection method for each preference class

The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers to apply when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other.

e) Veterans' preference

Any housing disposed of in accordance with this section shall after such disposal be deemed to be housing accommodations the construction of which was completed after June 30, 1947, within the meaning of section 1884 of Appendix to title 50, relating to preference or priority to veterans of World War II or their families.

(f) Terms of sales

Sales pursuant to this section shall be upon such terms as the Secretary of Housing and Urban Development shall determine: Provided, That full payment to the Government for the property sold shall be required within a period not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum, except that in the case of projects initially programmed as mutual housing communities under the defense housing program, the terms of sale shall not require a down payment and shall provide for full payment to the United States over a period of forty-five years with interest on unpaid balances at not more than 3 per centum per annum.

(g) Disregard of preferences in certain cases

The Secretary of Housing and Urban Development may dispose of any permanent war housing without regard to the preferences in subsections (b) and (c) of this section when the Secretary determines that (1) such housing, because of design or lack of amenities, is unsuitable for family dwelling use, or (2) it is being used at the time of disposition for other than dwelling purposes, or (3) it was offered, with preferences substantially similar to those provided in the Housing Act of 1950, to veterans and occupants prior to April 20, 1950.

§ 1591b. Community facilities or services by local agencies

In order to assure that community facilities or services required in connection with national defense activities shall, wherever possible, be provided by the appropriate local agencies with local funds, in any area which the President, pursuant to the authority contained in section 1591 of this title, has declared to be a critical defense housing area—

§ 1592a. Construction of housing

(a) Types, sales, preferences in purchases, and payment

Consistent with other requirements of national defense, any permanent housing constructed pursuant to the authority of this subchapter shall consist of one- to four-family dwelling structures (including row houses) so arranged that they may be offered for separate sale. All housing of permanent construction which is constructed or acquired under the authority of this subchapter shall be sold as expeditiously as possible and in the public interest taking into consideration the continuation of the need for such housing by persons engaged in national defense activities. All dwelling structures of permanent construction designed for occupancy by not more than four families (including row houses) shall be offered for sale, and preference in the purchase of any such dwelling structure shall be granted to occupants and to veterans over other prospective purchasers. As among veterans, preference in the purchase of any such dwelling structure shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected. All dwelling structures of permanent construction in any housing project which are designed for occupancy by more than four families (and other structures in such project which are not sold separately) shall be sold as an entity. On such sales first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to, other members of the group any tenant occupying a dwelling unit in such project, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project). The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other. Sales pursuant to this section shall be for cash or credit, upon such terms as the
Secretary of Housing and Urban Development shall determine, and at the fair value of the property as determined by the Secretary: Provided, That full payment to the Government for the property sold shall be required within a period not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum.

(b) Temporal housing

Where it is necessary to provide housing under this subchapter in locations where, in the determination of the Secretary of Housing and Urban Development, there appears to be no need for such housing beyond the period during which it is needed for housing persons engaged in national defense activities, the provisions of section 1591a of this title shall not be applicable and temporary housing which is of a mobile or portable character or which is otherwise constructed so as to be available for reuse at other locations or existing housing built or acquired by the United States under authority of any other law shall be provided. Any temporary housing constructed or acquired under this subchapter which the Secretary of Housing and Urban Development determines to be no longer needed for use under this subchapter, unless transferred to the Department of Defense pursuant to section 1592e of this title, or reported as excess to the Administrator of the General Services Administration pursuant to chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3506, 4710, and 4711) of subtitle I of title 41 substituted for ''the Federal Property and Administrative Services Act of 1949, as amended'’ on authority of Pub. Any such contract shall provide that each housing unit in the project shall be placed under the control of the Secretary of Defense, or his designee, as soon as the unit is available for occupancy as determined by the Secretary of Housing and Urban Development. Any such contract shall also provide that, except for stock held by the Secretary of Housing and Urban Development, the capital stock of the mortgagor (where the mortgagor is a corporation) be transferred to the Secretary of Defense, or his designee, when the housing has been completed as determined by the Secretary of Housing and Urban Development. Any such contract shall contain such terms and conditions as the Secretary of Defense may determine to be necessary to protect the interests of the United States. Any such contract shall provide for the furnishing by the contractor of a performance bond and a payment bond with a surety or sureties satisfactory to the Secretary of Defense, or his designee, and the furnishing of such bonds shall be deemed a sufficient compliance with the provisions of section 3131 of title 40, and no additional bonds shall be required under such section. Before the Secretary of Defense shall enter into any contract as authorized by this section for the construction of housing, he shall invite the submission of competitive bids after advertising in the manner prescribed in section 2305 of title 10.

(b) “Eligible bidder” defined

For the purposes of this subchapter, the term “eligible bidder” means a person, partnership, firm, or corporation determined by the Secretary of Defense after consultation with the Secretary of Housing and Urban Development to be qualified by experience and financial responsibility to construct housing of the type described in subsection (a) of this section, and to have submitted the lowest acceptable bid.

Notwithstanding any other provision of law, the Secretary of Defense or his designee is authorized to acquire the capital stock of mortgagors holding property covered by a mortgage insured under title VIII of the National Housing Act as amended by the Housing Amendments of 1955 (12 U.S.C. 1748 et seq.), and to exercise the rights as holder of such capital stock during the life of such mortgage and, upon the termination of the mortgage, to dissolve the corporation; to guarantee the payment of notes or other legal
instruments required by the Secretary of Housing and Urban Development of such mortgagors; to make payments thereon; and to guarantee and indemnify the Armed Services Housing Mortgage Insurance Fund against loss in cases where so required. All housing facilities placed under the control of the Secretary of Defense pursuant to the provisions of this subchapter shall be deemed to be housing facilities under the jurisdiction of the military department to which they are assigned.

(d) Opinion as to title to property; guarantee; title search and title insurance

On request by the Secretary of Defense, the Attorney General shall furnish to the Secretary of Defense, or his designee, an opinion as to the sufficiency of title to any property on which it is proposed to construct housing, or on which housing has been constructed, under this section. If the opinion of the Attorney General is that the title to any such property is good and sufficient, the Secretary of Defense is authorized to guarantee, or enter into a commitment to guarantee, the mortgagee, under a mortgage on such property which is insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.], against any losses that may thereafter arise from adverse claims to title. None of the proceeds of any mortgage loan hereafter insured under such title shall be used for title search and title insurance costs: Provided, That if the Secretary of Defense, or his designee, determines in the case of any housing project, that the financing of the construction of such project is impossible unless title insurance is provided, the Secretary of Defense may provide for the payment of the reasonable costs necessary for obtaining title search and title insurance. Any payments by the Secretary of Defense hereunder shall be made from the revolving fund established under section 1594a(g) of this title. Whenever the Secretary of Defense or his designee deems it necessary for the purpose of this subchapter, he may acquire, by purchase, donation, condemnation, or other means of transfer, any land or (with the approval of the Secretary of Housing and Urban Development) (1) any housing financed with mortgages insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.] as in effect prior to August 11, 1955, or (2) any housing situated adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) certified by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 207 of the National Housing Act [12 U.S.C. 1713], or (3) any housing situated on or adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) considered by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 608 of the National Housing Act [12 U.S.C. 1743], including adjacent property constructed primarily to provide commercial facilities for the occupants of such housing. The purchase price of any such housing shall not exceed the Secretary of Hous-
ing and Urban Development’s estimate of the replacement cost of such housing and related property (not including the value of any improvements installed or constructed with appropriated funds) as of the date of final endorsement for mortgage insurance reduced by an appropriate allowance representing the estimated cost of repairs and replacements necessary to restore the property to sound physical condition, as determined by the Secretary of Defense or his designee upon the advice of the Secretary of Housing and Urban Development; Provided, That in any case where the Secretary of Defense or his designee acquires a project held by the Secretary of Housing and Urban Development, the price paid shall not exceed the face value of the debentures (plus accrued interest thereon) which the Secretary of Housing and Urban Development issued in acquiring such project.

(b) Housing at or near a military installation

Notwithstanding any provision of subsection (a) of this section to the contrary, the Secretary of Defense or his designee shall, in the manner provided in subsection (a) of this section, acquire by purchase, donation, or other means of transfer, if the parties cannot agree upon terms for acquisition by such means, by condemnation, any housing described in clause (1) or (2) of subsection (a) of this section which is located at or near a military installation where the construction of housing under the Armed Services Housing Mortgage Insurance Program has been approved by the Secretary.

(c) Condemnation; procedures; deposit; payment; interest

(1) Condemnation proceedings instituted pursuant to this section shall be conducted in accordance with the provisions of section 3113 of title 40, or any other applicable Federal statute. Before any such condemnation proceedings are instituted, an effort shall be made to acquire the property involved by negotiation. In any such condemnation proceedings, and in the interests of expedition, the issue of just compensation may be determined by a commission of three qualified, disinterested persons to be appointed by the court. Any commission appointed hereunder shall give full consideration to all elements of value in accordance with existing law, and shall have the powers of a master provided in subdivision (c) of rule 53 of the Federal Rules of Civil Procedure and proceedings before it shall be governed by the provisions of paragraphs (1) and (2) of subdivision (d) of such rule. Its action and report shall be determined by a majority and its findings and report shall have the effect, and be dealt with by the court in accordance with the practice prescribed in paragraph (2) of subdivision (e) of such rule. Trial of all issues, other than just compensation, shall be by the court.

(2) In any condemnation proceedings instituted to acquire any such housing, or interest therein, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 3114(a) to (d) of title 40. The amount of such deposit for the purpose of this section shall not in any case be less than an amount equal to the actual cost of the housing (not including the value of any improvements installed or constructed with appropriated funds) as certified by the sponsor or owner of the project to the Secretary of Housing and Urban Development pursuant to any statute or any regulations issued by the Secretary of Housing and Urban Development, reduced by the amount of the principal obligation of the mortgage outstanding at the time possession is surrendered, but any such deposit shall not include any excess mortgage proceeds or “windfalls,” kickbacks and rebates received in connection with the construction of said housing as determined by the Department of Defense, or any other Federal agency. The amount of such deposit in any case where the sponsor or owner has not certified the cost of the project to the Secretary of Housing and Urban Development at August 10, 1959, shall be determined by the Secretary of Defense, or his designee, in accordance with sections 3114 to 3116 and 3118 of title 40, with the effect toward accurately estimating the equity of the sponsor or owner: Provided, That in the event there is withdrawn from the registry of the court by the owner or sponsor a sum of money in excess of the final award of just compensation, this excess shall be repaid to the United States plus a sum equal to 4 per centum per annum on such excess from the time such sum is deposited in the registry of the court: Provided further, That any court in which money is deposited as provided in this section shall require the furnishing of security by the owner to protect the United States from any loss by reason of a final award of just compensation of less than the amount deposited: And provided further, That the deposit required to be made by this section shall be without prejudice to any party in the determination of just compensation. Unless title is in dispute, the court, upon application and subject to the foregoing provisions of this subsection, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding. In the event that condemnation proceedings are instituted in accordance with procedures under sections 3114 to 3116 and 3118 of title 40, the court shall order that the amount deposited shall be paid in a lump sum or over a period not exceeding five years in accordance with stipulations executed by the parties in the proceedings. In connection with condemnation proceedings which do not utilize the procedures under such sections, the Secretary of Defense or his designee, after final judgment of the court, may pay or agree to pay in a lump sum or, in accordance with stipulations executed by the parties to the proceedings, over a period not exceeding five years the difference between the outstanding principal obligation, plus accrued interest, and the price for the property fixed by the court. Unless such payment is made in a lump sum, the unpaid balance thereof shall bear interest at the rate of 4 per centum per annum.

(d) Occupancy, use, or improvement of property before approval of title

Property acquired under this section may be occupied, used, and improved for the purposes of
this section prior to the approval of title by the Attorney General as required by sections 3111 and 3112 of title 40.

(e) Release of accrual requirements for replacement, taxes, and hazard insurance reserves

The Secretary of Defense or his designee may, in the case of any housing acquired or to be acquired under this section, make arrangements with the mortgagee whereby such mortgagee will agree to release and waive all requirements of accruals for reserves for replacement, taxes, and hazard insurance provided for under the corporate charter and indenture agreement with respect to such housing, upon the execution of a written agreement by the Secretary or his designee that the purposes for which such reserves and other funds were accrued will be carried out.

(f) Use as public quarters or lease of housing

Any housing acquired under this section may be (1) assigned as public quarters to military personnel and their dependents; or (2) leased to military and civilian personnel for occupancy by them and their dependents, upon such terms and conditions as will in the judgment of the Secretary of Defense or his designee be in the best interest of the United States, without loss to military personnel of their basic allowance for quarters or appropriate allotments.

United States under the jurisdiction of the Department of Defense and conducted for the mental, physical, and morale improvement of personnel of the Department of Defense and their dependents; or

(4) to any person who is an employee specified in section 1651(a)(5) of this title, if no compensation is payable with respect to such injury or death under chapter 11 of this title or to any person engaged under a contract for his personal services outside the United States approved and financed by the United States under the Mutual Security Act of 1954, as amended (other than title II of chapter II thereof unless the Secretary of Labor, upon the recommendation of the head of any department or agency of the United States Government, determines a contract financed under a successor provision of any successor Act should be covered by this section): Provided, That in cases where the United States is not a formal party to contracts approved and financed under the Mutual Security Act of 1954, as amended, the Secretary, upon the recommendation of the head of any department or agency of the United States, may, in the exercise of his discretion, waive the application of the provisions of this subparagraph with respect to any such contracts, subcontracts, or subordinate contracts, work location under such contracts, subcontracts, or subordinate contracts, or classification of employees; or

(5) to any person employed or otherwise engaged for personal services outside the continental United States by an American employer providing welfare or similar services for the benefit of the Armed Forces pursuant to appropriate authorization by the Secretary of Defense, and such injury proximately results from a war-risk hazard, whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person, or

(b) Missing persons considered as totally disabled

(1) Any person specified in subsection (a) of this section who has been found to be missing from his place of employment, whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person, or

(B) is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, or

(C) is not returned to his home or to the place where he was employed by reason of the failure of the United States or its contractor to furnish transportation, until such time as he is returned to his home, to the place of his employment, or is able to be returned to the jurisdiction of the United States, shall, under such regulations as the Secretary may prescribe, be regarded solely for the purposes of this subsection as totally disabled, and the same benefits as are provided for such disability under this subchapter shall be credited to his account and be payable to him for the period of such absence or until his death is in fact established or can be legally presumed to have occurred: Provided, That if such person has dependents residing in the United States or its Territories or possessions (including the United States Naval Operating Base, Guantanamo Bay, Cuba, and the Canal Zone), the Secretary during the period of such absence may disburse a part of such compensation, accruing for total disability, to such dependents, which shall be equal to the monthly benefits otherwise payable for death under this subchapter, and the balance of such compensation for total disability shall accrue and be payable to such person upon his return from such absence. Any payment made pursuant to this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1702(a) of this title: Provided further, That no such payment to such person or his dependent, on account of such absence, shall be made during any period such person or dependent, respectively, has received, or may be entitled to receive, any other payment from the United States, either directly or indirectly, because of such absence, unless such person or dependent refunds or renounces such other benefit or payment for the period claimed.

Benefits found to be due under this subsection shall be paid from the compensation fund established pursuant to section 8147 of title 5: Provided, That the determination of dependents, dependency, and amounts of payments to dependents shall be made in the manner specified in subchapter I of chapter 81 of title 5: Provided further, That claim for such detention benefits shall be filed in accordance with and subject to the limitation provisions of subchapter I of chapter 81 of title 5, as modified by section 1706(c) of this title: And provided further, That except in cases of fraud or willful misrepresentation, the Secretary may waive recovery of money erroneously paid under this subdivision whenever he finds that such recovery would be impracticable or would cause hardship to the beneficiary affected: And provided further, That where such a person is found to be missing from his place of employment whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person or is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, the amount of benefits to be credited to the account of such person under this subsection, and for the purposes of this subsection only, shall be 100 per centum of the average weekly wages of such person, except that in
computing such benefits such average weekly wages (a) shall not exceed the average weekly wages paid to civilian employees of the United States in the same or most similar occupation in the area nearest to the place of employment where such person was last employed, and (b) shall not exceed the average weekly wages of such absent person at the time such absence began; and 70 per centum of such average weekly wage so determined shall be disbursed to the dependent or dependents of such person, irrespective of the limitations of section 909 of title 33, but should there be more than one such dependent, the distribution of such 70 per centum shall be proportionate to the percentages allowed for dependents by section 909 of title 33, and if such manner of disbursement in any case would result in injustice or excessive allowance for a dependent, the Secretary may, in his discretion, modify such percentage or apportionment to meet the requirements of the case; and in such cases benefits for detention shall accrue from January 1, 1942, unless the beginning of absence occurred upon a later date, in which event benefits shall accrue from such later date, and for the period of such absence shall be 100 per centum of the average weekly wages, determined as herein provided: And provided further. That compensation for disability under this subchapter (except under allowance for scheduled losses of members or functions of the body, within the purview of section 1702(a) of this title) shall not be paid in any case in respect to any period of time during which benefits for detention may accrue under this subchapter in the same case, and should a person entitled to benefits for detention also be entitled to workmen's compensation or similar benefits under any other law, agreement, or plan (except allowances for scheduled losses of members or functions of the body), where such other benefits are paid or to be paid directly or indirectly by the United States, the amount thereof accruing as to the period of absence shall be taken into account and the benefits credited to the account of the detained person reduced accordingly: And provided further, That where through mistake of fact, absence of proof of death, or error through lack of adequate information or otherwise, payments as for detention have in any case been erroneously made or credited, any resulting overpayment of detention benefits (the recovery of which is not waived as otherwise provided for in this section) shall be recouped by the Secretary in such manner as he shall determine from any unpaid accruals to the account of the detained person, and if such accruals are insufficient for such purpose, then from any allowance of compensation for injury or death in the same case (whether under this subchapter or under any other law, agreement, or plan, if the United States pays, or is obligated to pay, such benefits, directly or indirectly), but only to the extent of the amount of such compensation benefits payable for the particular period of such overpayment, and in cases of erroneous payments of compensation (b) for injury or death, made through mistake of fact, whether under this subchapter or under any other law, agreement, or plan (if the United States is obligated to pay such compensation, directly or indirectly), the Secretary is authorized to recoup from any unpaid benefits for detention, the amount of any overpayment thus arising; and any amounts recovered under this section shall be covered into such compensation fund, and for the foregoing purposes the Secretary shall have a right of lien, intervention, and recovery in any claim or proceeding for compensation.

(2) Upon application by such person, or someone on his behalf, the Secretary may, under such regulations as he may prescribe, furnish transportation or the cost thereof (including reimbursement) to any such person from the point where his release from custody by a hostile force or person is effected, to his some, the place of his employment, or other place within the jurisdiction of the United States; but no transportation, or the cost thereof, shall be furnished under this paragraph where such person is furnished such transportation, or the cost thereof, under any agreement with his employer or under any other provision of law.

(3) In the case of death of any such person, if his death occurred away from his home, the body of such person shall, in the discretion of the Secretary, and if so desired by his next of kin, near relative, or legal representative, be embalmed and transported in a hermetically sealed casket or other appropriate container to the home of such person or to such other place as may be designated by such next of kin, near relative, or legal representative. No expense shall be incurred under this paragraph by the Secretary in any case where death takes place after repatriation, unless such death proximately results from a war-risk hazard.

(4) Such benefits for detention, transportation expenses of repatriated persons, and expenses of embalming, providing sealed or other appropriate container, and transportation of the body, and attendants (if required), as approved by the Secretary, shall be paid out of the compensation fund established under section 8147 of title 5.

(c) Persons not citizens or residents of United States

Compensation for permanent total or permanent partial disability or for death payable under this section to persons who are not citizens of the United States and who are not residents of the United States or Canada, shall be in the same amount as provided for residents; except that dependents in any foreign country shall be limited to surviving wife or husband and child or children, or if there be no surviving wife or husband or child or children, to surviving father or mother whom such person has supported, either wholly or in part, for the period of one year immediately prior to the date of the injury; and except that the Secretary, at his option, may commute all future installments of compensation to be paid to such persons by paying to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

(d) Persons excepted from coverage

The provisions of this section shall not apply in the case of any person (1) whose residence is at or in the vicinity of the place of his employment, and (2) who is not living there solely by virtue of the exigencies of his employment, un-
less his injury or death resulting from injury occurs or his detention begins while in the course of his employment, or (3) who is a prisoner of war or a protected person under the Geneva Conventions of 1949 and who is detained or utilized by the United States.

§1755. Direct expenditures for agricultural commodities and other foods

(a) Administrative expenses; nutritional education; pilot projects; cash-in-lieu of commodities study; refusal of commodities and receipt of other commodities available to the State in lieu of the refused commodities

The funds provided by appropriation or transfer from other accounts for any fiscal year for carrying out the provisions of this chapter, and for carrying out the provisions of the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.), other than section 3 thereof (42 U.S.C. 1772), less (1) not to exceed 3½ per centum thereof which per centum is hereby made available to the Secretary for the Secretary's administrative expenses under this chapter and under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.):

(2) the amount apportioned by the Secretary pursuant to section 1753 of this title and the amount appropriated pursuant to sections 1759a and 1761 of this title and sections 4 and 7 of the Child Nutrition Act of 1966 (42 U.S.C. 1773 and 1776); and

(3) not to exceed 1 per centum of the funds provided for carrying out the programs under this chapter and the programs under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.), other than section 3 (42 U.S.C. 1772), which per centum is hereby made available to the Secretary to supplement the nutritional benefits of these programs through grants to States and other means for nutritional training and education for workers, cooperators, and participants in these programs, for pilot projects and the cash-in-lieu of commodities study required to be carried out under section 1769 of this title, and for necessary surveys and studies of requirements for food service programs in furtherance of the purposes expressed in section 1751 of this title, and section 2 of the Child Nutrition Act of 1966 (42 U.S.C. 1771), shall be available to the Secretary during such year for direct expenditure by the Secretary for agricultural commodities and other foods to be distributed among the States and schools and service institutions participating in the food service programs under this chapter and under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) in accordance with the needs as determined by the local school and service institution authorities. Except as provided in the next 2 sentences, any school participating in food service programs under this chapter may refuse to ac-
excep delivery of not more than 20 percent of the total value of agricultural commodities and other foods tendered to it in any school year; and if a school so refuses, that school may receive, in lieu of the refused commodities, other commodities to the extent that other commodities are available to the State during that year. Any school food authority may refuse some or all of the fresh fruits and vegetables offered to the school food authority in any school year and shall receive, in lieu of the offered fruits and vegetables, other more desirable fresh fruits and vegetables that are at least equal in value to the fresh fruits and vegetables refused by the school food authority. The value of any fresh fruits and vegetables refused by a school under the preceding sentence for a school year shall not be used to determine the 20 percent of the total value of agricultural commodities and other foods tendered to the school food authority in the school year under the second sentence. The provisions of law contained in the proviso of section 713c of title 15, facilitating operations with respect to the purchase and disposition of surplus agricultural commodities under section 612c of title 7, shall, to the extent not inconsistent with the provision of this chapter, also be applicable to expenditures of funds by the Secretary under this chapter. In making purchases of such agricultural commodities and other foods, the Secretary shall not issue specifications which restrict participation of local producers unless such specifications will result in significant advantages to the food service programs authorized by this chapter and the Child Nutrition Act of 1966.

(b) Delivery of commodities
The Secretary shall deliver, to each State participating in the school lunch program under this chapter, commodities valued at the total level of assistance authorized under subsection (c) of this section for each school year for the school lunch program in the State, not later than September 30 of the following school year.

c) Level of commodity assistance; computation of index; calculation of total assistance to each State; emphasis on high protein foods; per meal value of donated foods

(1)(A) The national average value of donated foods, or cash payments in lieu thereof, shall be 11 cents, adjusted on July 1, 1982, and each July 1 thereafter to reflect changes in the Price Index for Food Used in Schools and Institutions. The Index shall be computed using 5 major food components in the Bureau of Labor Statistics’ Producer Price Index (cereal and bakery products, meats, poultry and fish, dairy products, processed fruits and vegetables, and fats and oils). Each component shall be weighted using the same relative weight as determined by the Bureau of Labor Statistics.

(B) The value of food assistance for each meal shall be adjusted each July 1 by the annual percentage change in a 3-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year. Such adjustment shall be computed to the nearest 1⁄4 cent.

(C) For each school year, the total commodity assistance or cash in lieu thereof available to a State for the school lunch program shall be calculated by multiplying the number of lunches served in the preceding school year by the rate established by subparagraph (B). After the end of each school year, the Secretary shall reconcile the number of lunches served by schools in each State with the number of lunches served by schools in each State during the preceding school year and increase or reduce subsequent commodity assistance or cash in lieu thereof provided to each State based on such reconciliation.

(D) Among those commodities delivered under this section, the Secretary shall give special emphasis to high protein foods, meat, and meat alternates (which may include domestic seafood commodities and their products).

(E) Notwithstanding any other provision of this section, not less than 75 percent of the assistance provided under this subsection shall be in the form of donated foods for the school lunch program.

(2) To the maximum extent feasible, each State agency shall offer to each school food authority under its jurisdiction that participates in the school lunch program and receives commodities, agricultural commodities and their products, the per meal value of which is not less than the national average value of donated foods established under paragraph (1). Each such offer shall include the full range of such commodities and products that are available from the Secretary to the extent that quantities requested are sufficient to allow efficient delivery to and within the State.

(d) Termination of commodity assistance based upon school breakfast program
Beginning with the school year ending June 30, 1981, the Secretary shall not offer commodity assistance based upon the number of breakfasts served to children under section 4 of the Child Nutrition Act of 1966 [42 U.S.C. 1773].

(e) Minimum percentage of commodity assistance

(1) Subject to paragraph (2), in each school year the Secretary shall ensure that not less than 12 percent of the assistance provided under section 1753 of this title, this section, and section 1759a of this title shall be in the form of—

(A) commodity assistance provided under this section, including cash in lieu of commodities and administrative costs for procurement of commodities under this section; or

(B) during the period beginning October 1, 2003, and ending September 30, 2020, commodities provided by the Secretary under any provision of law.

(2) If amounts available to carry out the requirements of the sections described in paragraph (1) are insufficient to meet the requirements contained in paragraph (1) for a school year, the Secretary shall, to the extent necessary, use the authority provided under section 1762a(a) of this title to meet the requirement for the school year.

the food preparation and food holding capabilities (where applicable) to serve more than one meal per day, and (B) the service period of different meals does not coincide or overlap.

(3) **PERMANENT OPERATING AGREEMENTS AND BUDGET FOR ADMINISTRATIVE COSTS.**

(A) **PERMANENT OPERATING AGREEMENTS.—**

(II) shall be terminated—

(4)(A) The Secretary shall conduct a study of the food service operations carried out under the program. Such study shall include, but shall not be limited to—

(i) an evaluation of meal quality as related to safety; and

(ii) a determination whether adjustments in the maximum reimbursement levels for food service operation costs prescribed in paragraph (1) of this subsection should be made, including whether different reimbursement levels should be established for self-prepared meals and vendored meals and which site-related costs, if any, should be considered as part of administrative costs.

(B) The Secretary shall also study the administrative costs of service institutions participating in the program and shall thereafter prescribe maximum allowable levels for administrative payments that reflect the costs of such service institutions, taking into account the number of sites and children served, and such other factors as the Secretary determines appropriate to further the goals of efficient and effective administration of the program.

(C) The Secretary shall report the results of such studies to Congress not later than December 1, 1977.

(c) **Payments for meals served during May through September; exceptions for continuous school calendars or non-school sites; National Youth Sports Program**

(1) Payments shall be made to service institutions only for meals served during the months of May through September, except in the case of service institutions that operate food service programs for children on school vacation at any time under a continuous school calendar or that provide meal service at non-school sites to children who are not in school for a period due to the months of October through April due to a natural disaster, building repair, court order, or similar cause.

(2) Children participating in National Youth Sports Programs operated by higher education institutions shall be eligible to participate in the program under this paragraph on showing residence in areas in which poor economic conditions exist or on the basis of income eligibility statements for children enrolled in the program.

(d) **Advance program payments to States for monthly meal service; letters of credit, forwarding to States; determination of amount; valid claims, receipt**

Not later than April 15, May 15, and July 1 of each year, the Secretary shall forward to each State a letter of credit (advance program payment) that shall be available to each State for the payment of meals to be served in the month for which the letter of credit is issued. The amount of the advance program payment shall be an amount which the State demonstrates, to the satisfaction of the Secretary, to be necessary for advance program payments to service institutions in accordance with subsection (e) of this section. The Secretary shall also forward such advance program payments, by the first day of the month prior to the month in which the program will be conducted, to States that operate the program in months other than May through September. The Secretary shall forward any remaining payments due pursuant to subsection (b) of this section not later than sixty days following receipt of valid claims therefor.

(e) **Advance program payments to service institutions for monthly meal service; certification of personnel training sessions; minimum days per month operations requirement; payments: computation, limitation; valid claims, receipt; withholding; demand for repayment; subtraction of disputed payments**

(1) Not later than June 1, July 15, and August 15 of each year, or, in the case of service institutions that operate under a continuous school calendar, the first day of each month of operation, the State shall forward advance program payments to each service institution. The State shall not release the second month’s advance program payment to any service institution (excluding a school) that has not certified that it has held training sessions for its own personnel and the site personnel with regard to program duties and responsibilities. No advance program payment may be made for any month in which
the service institution will operate under the program for less than ten days.

(2) The amount of the advance program payment for any month in the case of any service institution shall be an amount equal to (A) the total program payment for meals served by such service institution in the same calendar month of the preceding calendar year, (B) 50 percent of the amount established by the State to be needed by such service institution for meals if such service institution contracts with a food service management company, or (C) 65 percent of the amount estimated by the State to be needed by such service institution for meals if such service institution prepares its own meals, whichever amount is greatest: Provided, That the advance program payment may not exceed the total amount estimated by the State to be needed by such service institution for meals to be served in the month for which such advance program payment is made or $40,000, whichever is less, except that a State may make a larger advance program payment to such service institution where the State determines that such larger payment is necessary for the operation of the program by such service institution and sufficient administrative and management capability to justify a larger payment is demonstrated. The State shall forward any remaining payment due a service institution not later than seventy-five days following receipt of valid claims. If the State has reason to believe that a service institution will not be able to submit a valid claim for reimbursement covering the period for which an advance program payment has been made, the subsequent month’s advance program payment shall be withheld until such time as the State has received a valid claim. Program payments advanced to service institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance program payment.

(f) Nutritional standards

(1) Service institutions receiving funds under this section shall serve meals consisting of a combination of foods and meeting minimum nutritional standards prescribed by the Secretary on the basis of tested nutritional research.

(2) The Secretary shall provide technical assistance to service institutions and private non-profit organizations participating in the program to assist the institutions and organizations in complying with the nutritional requirements prescribed by the Secretary pursuant to this subsection.

(3) Meals described in paragraph (1) shall be served without cost to children attending service institutions approved for operation under this section, except that, in the case of camps, charges may be made for meals served to children other than those who meet the eligibility requirements for free or reduced price meals in accordance with subsection (a)(b) of this section.

(4) To assure meal quality, States shall, with the assistance of the Secretary, prescribe model meal specifications and model food quality standards, and ensure that all service institutions contracting for the preparation of meals with food service management companies include in their contracts menu cycles, local food safety standards, and food quality standards approved by the State.

(5) Such contracts shall require (A) periodic inspections, by an independent agency or the local health department for the locality in which the meals are served, of meals prepared in accordance with the contract in order to determine bacteria levels present in such meals, and (B) conformance with standards set by local health authorities.

(6) Such inspections and any testing resulting therefrom shall be in accordance with the practices employed by such local health authority.

(7) Offer versus serve.—A school food authority participating as a service institution may permit a child to refuse one or more items of a meal that the child does not intend to consume, under rules that the school uses for school meals programs. A refusal of an offered food item shall not affect the amount of payments made under this section to a school for the meal.

(g) Regulations, guidelines, applications, and handbooks; publication; startup costs

The Secretary shall publish proposed regulations relating to the implementation of the program by November 1 of each fiscal year, final regulations by January 1 of each fiscal year, and guidelines, applications, and handbooks by February 1 of each fiscal year. In order to improve program planning, the Secretary may provide that service institutions be paid as startup costs not to exceed 20 percent of the administrative funds provided for in the administrative budget approved by the State under subsection (b)(3) of this section. Any payments made for startup costs shall be subtracted from amounts otherwise payable for administrative costs subsequently made to service institutions under subsection (b)(3) of this section.

(h) Direct disbursement to service institutions by Secretary

Each service institution shall, insofar as practicable, use in its food service under the program foods designated from time to time by the Secretary as being in abundance. The Secretary is authorized to donate to States, for distribution to service institutions, food available under section 1431 of title 7, or purchased under section 612c of title 7 or section 146a-1 of title 7. Donated foods may be distributed only to service institutions that can use commodities efficiently and effectively, as determined by the Secretary.

(j) Administrative expenses of Secretary; authorization of appropriations

Expenditures of funds from State and local sources for the maintenance of food programs for children shall not be diminished as a result of funds received under this section.

(k) Administrative costs of State; payment; adjustment; standards and effective dates, establishment; funds: withholding, inspection

(1) The Secretary shall pay to each State for its administrative costs incurred under this sec-
tion in any fiscal year an amount equal to (A) 20 percent of the first $50,000 in funds distributed to that State for the program in the preceding fiscal year; (B) 10 percent of the next $100,000 distributed to that State for the program in the preceding fiscal year; (C) 5 percent of the next $250,000 in funds distributed to that State for the program in the preceding fiscal year; and (D) 2½ percent of any remaining funds distributed to that State for the program in the preceding fiscal year: Provided, That such amounts may be adjusted by the Secretary to reflect changes in the size of that State’s program since the preceding fiscal year.

(2) The Secretary shall establish standards and effective dates for the proper, efficient, and effective administration of the program by the States. If the Secretary finds that the State has failed without good cause to meet any of the Secretary’s standards or has failed without good cause to carry out the approved State management and administration plan under subsection (a) of this section, the Secretary may withhold from the State such funds authorized under this subsection as the Secretary determines to be appropriate.

(3) To provide for adequate nutritional and food quality monitoring, and to further the implementation of the program, an additional amount, not to exceed the lesser of actual costs or 1 percent of program funds, shall be made available by the Secretary to States to pay for State or local health department inspections, and to reinspect facilities and deliveries to test meal quality.

(f) Food service management companies; subcontracts; assignments, conditions and limitations; meal capacity information in bids subject to review; registration; record, availability to States; small and minority-owned businesses for supplies and services; contracts; standard form, bid and contract procedures, bonding requirements and exemptions, review by States, collusive bidding safeguards

(1) Service institutions may contract on a competitive basis with food service management companies for the furnishing of meals or management of the entire food service under the program, except that a food service management company entering into a contract with a service institution under this section may not subcontract with a single company for the total meal, with or without milk, or for the assembly of the meal. The Secretary shall prescribe additional conditions and limitations governing assignment of all or any part of a contract entered into by a food service management company under this section. Any food service management company shall, in its bid, provide the service institution information as to its meal capacity.

(2) Each State may provide for the registration of food service management companies.

(3) In accordance with regulations issued by the Secretary, positive efforts shall be made by service institutions to use small businesses and minority-owned businesses as sources of supplies and services. Such efforts shall afford those sources the maximum feasible opportunity to compete for contracts using program funds.

(4) Each State, with the assistance of the Secretary, shall establish a standard form of contract for use by service institutions and food service management companies. The Secretary shall prescribe requirements governing bid and contract procedures for the acquisition of the services of food service management companies, including, but not limited to, bonding requirements (which may provide exemptions applicable to contracts of $100,000 or less), procedures for review of contracts by States, and safeguards to prevent collusive bidding activities between service institutions and food service management companies.

(m) Accounts and records

States and service institutions participating in programs under this section shall keep such accounts and records as may be necessary to enable the Secretary to determine whether there has been compliance with this section and the regulations issued hereunder. Such accounts and records shall be available at any reasonable time for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

(n) Management and administration plan; notification and submittal to Secretary; specific provisions

Each State desiring to participate in the program shall notify the Secretary by January 1 of each year of its intent to administer the program and shall submit for approval by February 15 a management and administration plan for the program for the fiscal year, which shall include, but not be limited to, (1) the State’s administrative budget for the fiscal year, and the State’s plans to comply with any standards prescribed by the Secretary under subsection (k) of this section; (2) the State’s plans for use of program funds and funds from within the State to the maximum extent practicable to reach needy children; (3) the State’s plans for providing technical assistance and training eligible service institutions; (4) the State’s plans for monitoring and inspecting service institutions, feeding sites, and food service management companies and for ensuring that such companies do not overstate the number of meals or the amounts of meals and food for which they are paid, and the State’s plans for computing and submitting any data that may be useful to the Department of Agriculture in such monitoring or inspection; and (5) the State’s plan for timely and effective action against program violators; and (6) the State’s plan for ensuring fiscal integrity by auditing service institutions not subject to auditing requirements prescribed by the Secretary.

(o) Violations and penalties

(1) Whoever, in connection with any application, procurement, recordkeeping entry, claim for reimbursement, or other document or statement made in connection with the program, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious, or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry, or whoever, in connection with the program, knowingly makes an opportunity for any person to

(3) If two or more persons conspire or collude to accomplish any act made unlawful under this subsection, and one or more of such persons do any act to effect the object of the conspiracy or collusion, each shall be fined not more than $10,000 or imprisoned for not more than five years, or both.

(p) Monitoring of participating private nonprofit organizations

(1) In addition to the normal monitoring of organizations receiving assistance under this section, the Secretary shall establish a system under which the Secretary and the States shall monitor the compliance of private nonprofit organizations with the requirements of this section and with regulations issued to implement this section.

(2) In the fiscal year 1990 and each succeeding fiscal year, the Secretary may reserve for purposes of carrying out paragraph (1) not more than 1/2 of 1 percent of amounts appropriated for purposes of carrying out this section.

(q) Termination and disqualification of participating organizations

(1) In general

Each State agency shall follow the procedures established by the Secretary for the termination of participation of institutions under the program.

(2) Fair hearing

The procedures described in paragraph (1) shall include provision for a fair hearing and prompt determination for any service institution aggrieved by any action of the State agency that affects—

(A) the participation of the service institution in the program; or

(B) the claim of the service institution for reimbursement under this section.

(IV) Simplified meal counting and reporting procedures.—The Secretary shall prescribe simplified meal counting and reporting procedures for use by a family or group day care home that elects to claim the factors under subclause (II) and by a family or group day care home sponsoring organization that sponsors the home. Institutions that have received start-up funds may also apply at a later date for expansion funds. Such start-up funds and expansion funds shall be in addition to other reimbursement to such institutions for administrative expenses. Start-up funds and expansion funds shall be payable to enable institutions satisfying the criteria of subsection (d) of this section, and any other standards prescribed by the Secretary, to develop an application for participation in the program as a family or group day care home sponsoring organization or to implement the program upon approval of the application. soring organization more frequently than once a year.

(ii) Good cause.—The State agency may permit or require a family or group day care home to transfer from one sponsoring organization to another sponsoring organization more frequently than once a year for good cause (as determined by the State agency), including circumstances in which the sponsoring organization of the family or group day care home ceases to participate in the child and adult care food program.

(E) Provision of data to family or group day care home sponsoring organizations.—

(i) Census data.—The Secretary shall provide to each State agency administering a child and adult care food program under this section data from the most recent decennial census survey or other appropriate census survey for which the data are available showing which areas in the State meet the requirements of subparagraph (A)(ii)(I). The State agency shall provide the data to family or group day care home sponsoring organizations located in the State.

(I) In general.—A State agency administering the school lunch program under this chapter or the school breakfast program under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) shall provide to approved family or group day care home sponsoring organizations a list of schools serving elementary school children in the State in which not less than 50 per cent of the children enrolled are certified to receive free or reduced price meals. The State agency shall collect the data necessary to create the list annually and provide the list on a timely basis to any approved family or group day care home sponsoring organization that requests the list.

(II) Use of data from preceding school year.—In determining for a fiscal year or other annual period whether a home qualifies as a tier I family or group day care home under subparagraph (A)(ii)(I), the State agency administering the program under this section, and a family or group day care home sponsoring organization, shall use the most current available data at the time of the determination.

(iii) Duration of determination.—For purposes of this section, a determination that a family or group day care home is located in an area that qualifies the home as a tier I family or group day care home (as the term is defined in subparagraph (A)(ii)(I)), shall be in effect for 5 years (unless the determination is made on the basis of census data, in which case the determination shall remain in effect until more recent census data are available) unless the State agency determines that the area in which the home is located no longer qualifies the home as a tier I family or group day care home.

(4) By the first day of each month of operation, the State may provide advance payments for the month to each approved institution in an amount that reflects the full level of valid claims customarily received from such institution for one month’s operation. In the case of a newly participating institution, the amount of the advance shall reflect the State’s best estimate of the level of valid claims such institutions will submit. If the State has reason to believe that an institution will not be able to submit a valid claim covering the period for which such an advance has been made, the subsequent month’s advance payment shall be withheld until the State receives a valid claim. Payments advanced to institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance payment.

(g) Nutritional requirements for meals and snacks served in institutions and family or group day care homes

(1) Definition of dietary guidelines

In this subsection, the term “Dietary Guidelines” means the Dietary Guidelines for Americans published under section 5341 of title 7.

(C) Exceptions

       The minimum nutritional requirements prescribed under subparagraph (A) shall not prohibit institutions, family or group day care homes, and sponsored centers from substituting foods to accommodate the medical or other special dietary needs of individual participants.
   (ii) Exempt institutions
       The Secretary may elect to waive all or part of the requirements of this subsection for emergency shelters participating in the program under this section.

(3) Meal service
   Institutions, family or group day care homes, and sponsored centers shall ensure that reimbursable meal service contributes to the development and socialization of enrolled children by providing that food is not used as a punishment or reward.

(4) Fluid milk
   (A) In general
       If an institution, family or group day care home, or sponsored center provides fluid milk as part of a reimbursable meal or supplement, the institution, family or group day care home, or sponsored center shall provide the milk in accordance with the most recent version of the Dietary Guidelines.
   (B) Milk substitutes
       In the case of children who cannot consume fluid milk due to medical or other special dietary needs other than a disability, an institution, family or group day care home, or sponsored center may substitute for the fluid milk required in meals served, a nondairy beverage that—
       (i) is nutritionally equivalent to fluid milk; and
       (ii) meets nutritional standards established by the Secretary, including, among other requirements established by the Secretary, fortification of calcium, protein, vitamin A, and vitamin D to levels found in cow’s milk.
   (C) Approval
       (i) In general
           A substitution authorized under subparagraph (B) may be made—
           (I) at the discretion of and on approval by the participating day care institution; and
           (II) if the substitution is requested by written statement of a medical authority, or by the parent or legal guardian of the child, that identifies the medical or other special dietary need that restricts the diet of the child.
       (ii) Exception
           An institution, family or group day care home, or sponsored center that elects to make a substitution authorized under this paragraph shall not be required to provide beverages other than beverages the State has identified as acceptable substitutes.

(D) Excess expenses borne by institution
   A participating institution, family or group day care home, or sponsored center shall be responsible for any expenses that—
   (i) are incurred by the institution, family or group day care home, or sponsored center to provide substitutions under this paragraph; and
   (ii) are in excess of expenses covered under reimbursements under this chapter.

(5) Nondiscrimination policy

(6) Use of abundant and donated foods
   To the maximum extent practicable, each institution shall use in its food service foods that are—

       (B) The value of the commodities donated under subparagraph (A) (or cash in lieu of commodities) to each State for each school year shall be, at a minimum, the amount obtained by multiplying the number of lunches and suppers served in participating institutions in that State during the preceding school year by the rate for commodities or cash in lieu of commodities established under section 1755(c) of this title for the school year concerned.
   (C) After the end of each school year, the Secretary shall—
       (i) reconcile the number of lunches and suppers served in participating institutions in each State during such school year with the number of lunches and suppers served by participating institutions in each State during the preceding school year; and
       (ii) based on such reconciliation, increase or reduce subsequent commodity assistance or cash in lieu of commodities provided to each State.
   (D) Any State receiving assistance under this section for institutions participating in the child care food program may, upon application to the Secretary, receive cash in lieu of some or all of the commodities to which it would otherwise be entitled under this subsection. In determining whether to request cash in lieu of commodities, the State shall base its decision on the preferences of individual participating institutions within the State, unless this proves impracticable due to the small number of institutions preferring donated commodities.
The Secretary shall require reimbursement from the Department of Defense for the costs, or some portion thereof, of delivering such commodities to overseas locations, unless the Secretary determines that it is in the best interest of the program that the Department of Agriculture shall assume such costs.

(i) Audits

(1) Disregards

(A) In general

Subject to subparagraph (B), in conducting management evaluations, reviews, or audits under this section, the Secretary or a State agency may disregard any overpayment to an institution for a fiscal year if the total overpayment to the institution for the fiscal year does not exceed an amount that is consistent with the disregards allowed in other programs under this chapter and recognizes the cost of collecting small claims, as determined by the Secretary.

(i) In general

Subject to clause (ii), for fiscal year 2016 and each fiscal year thereafter, the Secretary may increase the amount of funds made available to any State agency under subparagraph (A), if the State agency demonstrates that the State agency can effectively use the funds to improve program management under criteria established by the Secretary.

Reimbursement provided to such institutions for such purposes shall improve the quality of meals or level of services provided or increase participation in the program. Lunches served by each such institution for which reimbursement is claimed under this section shall provide, on the average, approximately ¼ of the daily recommended dietary allowance established by the Food and Nutrition Board of the National Research Council of the National Acad-

(3)(A) The Secretary, in consultation with the Assistant Secretary for Aging, shall establish, within 6 months of October 1, 1988, separate guidelines for reimbursement of institutions described in this subsection. Such reimbursement shall take into account the nutritional requirements of eligible persons, as determined by the Secretary on the basis of tested nutritional research, except that such reimbursement shall not be less than would otherwise be required under this section.

§ 1773. School breakfast program

(a) Establishment; authorization of appropriations

There is hereby authorized to be appropriated such sums as are necessary to enable the Secretary to carry out a program to assist the States and the Department of Defense through grants-in-aid and other means to initiate, maintain, or expand nonprofit breakfast programs in all schools which make application for assistance and agree to carry out a nonprofit breakfast program in accordance with this chapter. Appropriations and expenditures for this chapter shall be considered Health and Human Services functions for budget purposes rather than functions of Agriculture.

(b) Breakfast assistance payments to State educational agencies; calculation; national average payments for breakfasts, free breakfasts and reduced price breakfasts; maximum price for reduced cost breakfasts; minimum daily nutrition requirements criteria; additional payments for severe need schools; maximum severe need payments

(1)(A) The Secretary shall make breakfast assistance payments to each State educational agency each fiscal year, at such times as the Secretary may determine, from the sums appropriated for such purpose, in an amount equal to the product obtained by multiplying—

(I) the number of breakfasts served during such fiscal year to children in schools in such States which participate in the school breakfast program under agreements with such State educational agency; by

(II) the national average breakfast payment for free breakfasts, for reduced price breakfasts, or for breakfasts served to children not eligible for free or reduced price meals, as appropriate, as prescribed in clause (B) of this paragraph.

(ii) The agreements described in clause (I)(i) shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary.

(B) The national average payment for each free breakfast shall be 57 cents (as adjusted pursuant to section 1759(a)(3)(B) of this title). The national average payment for each reduced price breakfast shall be one-half of the national average payment for each free breakfast, except that in no case shall the difference between the amount of the national average payment for a free breakfast and the national average payment for a reduced price breakfast exceed 30 cents. The national average payment for each breakfast served to a child not eligible for free or reduced price meals shall be 8.25 cents (as adjusted pursuant to section 1759(a)(3)(B) of this title).

(C) No school which receives breakfast assistance payments under this section may charge a price of more than 30 cents for a reduced price breakfast.

(D) No breakfast assistance payment may be made under this subsection for any breakfast served by a school unless such breakfast consists of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary under subsection (e) of this section.

(E) Free and Reduced Price Policy Statement.—After the initial submission, a local educational agency shall not be required to submit a free and reduced price policy statement to a State educational agency under this chapter unless there is a substantive change in the free and reduced price policy of the local educational agency. A routine change in the policy of a local educational agency, such as an annual adjustment of the income eligibility guidelines for free and reduced price meals, shall not be sufficient cause for requiring the local educational agency to submit a policy statement.

(2)(A) The Secretary shall make additional payments for breakfasts served to children qualifying for a free or reduced price meal at schools that are in severe need.

(B) The maximum payment for each such free breakfast shall be the higher of—

(i) the national average payment established by the Secretary for free breakfasts plus 10 cents, or

(ii) 45 cents (as adjusted pursuant to section 1759(a)(3)(B) of this title).

(C) The maximum payment for each such reduced price breakfast shall be thirty cents less than the maximum payment for each free breakfast as determined under clause (B) of this paragraph.

(3) The Secretary shall increase by 6 cents the annually adjusted payment for each breakfast served under this chapter and section 1766 of this title. These funds shall be used to assist States, to the extent feasible, in improving the nutritional quality of the breakfasts.

(4) Notwithstanding any other provision of law, whenever stocks of agricultural commodities are acquired by the Secretary or the Commodity Credit Corporation and are not likely to be sold by the Secretary or the Commodity Credit Corporation or otherwise used in programs of commodity sale or distribution, the Secretary shall make such commodities avail-
able to school food authorities and eligible institutions serving breakfasts under this chapter in a quantity equal in value to not less than 3 cents for each breakfast served under this chapter and section 1766 of this title.

(3) Expenditures of funds from State and local sources for the maintenance of the breakfast program shall not be diminished as a result of funds or commodities received under paragraph (3) or (4).

(c) Disbursement of apportioned funds by State; preference for schools in poor economic areas, for students traveling long distances daily, and for schools for improvement of nutrition and dietary practices of children of working mothers and from low-income families

Funds apportioned and paid to any State for the purpose of this section shall be disbursed by the State educational agency to schools selected by the State educational agency to assist such schools in operating a breakfast program and for the purpose of subsection (d) of this section. Disbursement to schools shall be made at such rates per meal or on such other basis as the Secretary shall prescribe. In selecting schools for participation, the State educational agency shall, to the extent practicable, give first consideration to those schools drawing attendance from areas in which poor economic conditions exist, to those schools in which a substantial proportion of the children enrolled must travel long distances daily, and to those schools in which there is a special need for improving the nutrition and dietary practices of children of working mothers and children from low-income families. Breakfast assistance disbursements to schools under this section may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary.

(d) Severe need assistance

(1) In general

Each State educational agency shall provide additional assistance to schools in severe need, which shall include only those schools (having a breakfast program or desiring to initiate a breakfast program) in which—

(A) during the most recent second preceding school year for which lunches were served, 40 percent or more of the lunches served to students at the school were served free or at a reduced price; or

(B) in the case of a school in which lunches were not served during the most recent second preceding school year, the Secretary otherwise determines that the requirements of subparagraph (A) would have been met.

(e) Nutritional requirements; service free or at reduced price; compliance assistance

(1)(A) Breakfasts served by schools participating in the school breakfast program under this section shall consist of a combination of foods and shall meet the minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements shall be measured by not less than the weekly average of the nutrient content of school breakfasts. Such breakfasts shall be served free or at a reduced price to children in school under the same terms and conditions as are set forth with respect to the service of lunches free or at a reduced price in section 1758 of this title.

(B) The Secretary shall provide through State educational agencies technical assistance and training, including technical assistance and training in the preparation of foods high in complex carbohydrates and lower-fat versions of foods commonly used in the school breakfast program established under this section, to schools participating in the school breakfast program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs.

(2) At the option of a local school food authority, a student in a school under the authority that participates in the school breakfast program under this chapter may be allowed to refuse not more than one item of a breakfast that the student does not intend to consume. A refusal of an offered food item shall not affect the full charge to the student for a breakfast meeting the requirements of this section or the amount of payments made under this chapter to a school for the breakfast.

Subsec. (f). Pub. L. 94–105, §17(a), substituted "directly to the schools (as defined in section 1784(c) of this title which are private and nonprofit as defined in the last sentence of section 1784(c) of this title)" for "directly to the nonprofit private schools".

L. 95–156, §4(a), (b), substituted in first sentence "State educational agency to assist such schools in financing the costs of operating a breakfast program" for "State educational agency, to assist such schools in financing the cost of obtaining agricultural and other foods for consumption by needy children in a breakfast program" and struck out second sentence which provided that "Such food costs may include, in addition to the purchase price, the cost of processing, distributing, transporting, storing, and handling.
