§ 257. Market entry barriers proceeding

(a) Elimination of barriers

Within 15 months after February 8, 1996, the Commission shall complete a proceeding for the purpose of identifying and eliminating, by regulations pursuant to its authority under this chapter (other than this section), market entry barriers for entrepreneurs and other small businesses in the provision and ownership of telecommunications services and information services, or in the provision of parts or services to providers of telecommunications services and information services.

(b) National policy

In carrying out subsection (a) of this section, the Commission shall seek to promote the policies and purposes of this chapter favoring diversity of media voices, vigorous economic competition, technological advancement, and promotion of the public interest, convenience, and necessity.

(c) Periodic review

Every 3 years following the completion of the proceeding required by subsection (a) of this section, the Commission shall review and report to Congress on—

(1) any regulations prescribed to eliminate barriers within its jurisdiction that are identified under subsection (a) of this section and that can be prescribed consistent with the public interest, convenience, and necessity; and

(2) the statutory barriers identified under subsection (a) of this section that the Commission recommends be eliminated, consistent with the public interest, convenience, and necessity.

§ 258. Illegal changes in subscriber carrier selections

(a) Prohibition

No telecommunications carrier shall submit or execute a change in a subscriber’s selection of a provider of telephone exchange service or telephone toll service except in accordance with such verification procedures as the Commission shall prescribe. Nothing in this section shall preclude any State commission from enforcing such procedures with respect to intrastate services.

(b) Liability for charges

Any telecommunications carrier that violates the verification procedures described in sub-

section (a) of this section and that collects charges for telephone exchange service or telephone toll service from a subscriber shall be liable to the carrier previously selected by the subscriber in an amount equal to all charges paid by such subscriber after such violation, in accordance with such procedures as the Commission may prescribe. The remedies provided by this subsection are in addition to any other remedies available by law.

§ 259. Infrastructure sharing

(a) Regulations required

The Commission shall prescribe, within one year after February 8, 1996, regulations that require incumbent local exchange carriers (as defined in section 251(h) of this title) to make available to any qualifying carrier such public switched network infrastructure, technology, information, and telecommunications facilities and functions as may be requested by such qualifying carrier for the purpose of enabling such qualifying carrier to provide telecommunications services, or to provide access to information services, in the service area in which such qualifying carrier has requested and obtained designation as an eligible telecommunications carrier under section 214(e) of this title.

(b) Terms and conditions of regulations

The regulations prescribed by the Commission pursuant to this section shall—

(1) not require a local exchange carrier to which this section applies to take any action that is economically unreasonable or that is contrary to the public interest;

(2) permit, but shall not require, the joint ownership or operation of public switched network infrastructure and services by or among such local exchange carrier and a qualifying carrier;

(3) ensure that such local exchange carrier will not be treated by the Commission or any State as a common carrier for hire or as offering common carrier services with respect to any infrastructure, technology, information, facilities, or functions made available to a qualifying carrier in accordance with regulations issued pursuant to this section;

(4) ensure that such local exchange carrier makes such infrastructure, technology, information, facilities, or functions available to a qualifying carrier on just and reasonable terms and conditions that permit such qualifying carrier to fully benefit from the economies of scale and scope of such local exchange carrier, as determined in accordance with guidelines prescribed by the Commission in regulations issued pursuant to this section;

(5) establish conditions that promote cooperation between local exchange carriers to which this section applies and qualifying carriers;

(6) not require a local exchange carrier to which this section applies to engage in any infrastructure sharing agreement for any services or access which are to be provided or of-
