(3) establish such qualifications and standards as it deems appropriate for such private organizations, testing, and certification.

(f) State and local enforcement of FCC regulations on use of citizens band radio equipment

(1) Except as provided in paragraph (2), a State or local government may enact a statute or ordinance that prohibits a violation of the following regulations of the Commission under this section:

(B) A person shall submit an appeal on a decision of a State or local government agency to the Commission under this paragraph, if at all, not later than 30 days after the date on which the decision by the State or local government agency becomes final, but prior to seeking judicial review of such decision.

(6) Nothing in this subsection shall be construed to diminish or otherwise affect the jurisdiction of the Commission under this section over devices capable of interfering with radio communications.

(7) The enforcement of a statute or ordinance by a State or local government under paragraph (1) with regard to citizens band radio equipment on board a "commercial motor vehicle", as defined in section 31101 of title 49, shall require probable cause to find that the commercial motor vehicle or the individual operating the vehicle is in violation of the regulations described in paragraph (1).
