In subsection (a), the definitions apply to the entire chapter because of references in 15:1421–1431 applying 15:1391–1420 to 15:1421–1431. Before clause (1), the words “As used” are omitted as surplus. In clause (1), the text of 15:1391(10) and 49 App.:1655(a)(6)(A) is omitted as sur-

plus because the complete name of the Secretary of Transportation is used the first time the term appears in a section. The words “selling and distributing” are substituted for “who is engaged in the sale and distribution of” to eliminate unnecessary words. The word “purposes” is omitted as surplus. In clause (3), the words “selling and distributing” are substituted for “engaged in the sale and distribution of” to eliminate unnecessary words. In clause (5)(A), the words “manufacturing or assembling” are substituted for “engaged in the manufacturing or assembling of” to eliminate unnecessary words. In clause (7), the words “physician or other duly” and “drivers, passengers, and other” are omitted as surplus. In clause (9), the words “which is practicable, which meets the need for motor vehicle safety and which provides objective criteria” are omitted as unnecessary because of 15:1392(a) which is restated in section 30111 of the revised title. In clauses (10) and (11), the words “the Northern Mariana Islands” are added because of section 502(a)(2) of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, as enacted by the Act of March 24, 1976 (Public Law 94-241, 90 Stat. 268), and as proclaimed to be in effect by the President on January 9, 1978 (Proc. No. 4534, Oct. 24, 1977, 42 F.R. 56593). The words “the Canal Zone” are omitted because of the Panama Canal Treaty of 1977. In clause (10), the word “means” is substituted for “includes” as being more appropriate. The words “a State of the United States” are substituted for “each of the several States” for consistency. The words “the Commonwealth of” are omitted as surplus. In clause (11), the word “Federal” is omitted as surplus. The words “of the Commonwealth of Puerto Rico” are omitted as unnecessary because the district court of Puerto Rico is a district court of the United States under 28:119.

In subsection (b)(1), before clause (A), the words “The term” and “the term” are omitted as surplus. In clause (B), the words “of a motor vehicle or motor vehicle equipment” are added for clarity. In clause (E), the words “to be” are added for consistency. The words “marketed under such brand name” are omitted as surplus. In clause (F), the words “a motor vehicle safety standard prescribed under this chapter” are added for clarity and consistency. LOW-SPEED ELECTRIC BICYCLES

Pub. L. 107-319, §2, Dec. 4, 2002, 116 Stat. 2776, provided that: “For purposes of motor vehicle safety standards issued and enforced pursuant to chapter 301 of title 49, United States Code, a low-speed electric bicycle (as defined in section 38(b) of the Consumer Product Safety Act [15 U.S.C. 2085(b)]) shall not be considered a motor vehicle as defined by section 30102(6) of title 49, United States Code.”

§ 30103. Relationship to other laws

(a) UNIFORMITY OF REGULATIONS.—The Secretary of Transportation may not prescribe a safety regulation related to a motor vehicle subject to subchapter I of chapter 135 of this title that differs from a motor vehicle safety standard prescribed under this chapter. However, the Secretary may prescribe, for a motor vehicle operated by a carrier subject to subchapter I of chapter 135, a safety regulation that imposes a higher standard of performance after manufac-

ture than that required by an applicable standard in effect at the time of manufacture.

(b) PREEMPTION.—(1) When a motor vehicle safety standard is in effect under this chapter, a State or a political subdivision of a State may prescribe or continue in effect a standard applicable to the same aspect of performance of a motor vehicle or motor vehicle equipment only if the standard is identical to the standard prescribed under this chapter. However, the United States Government, a State, or a political subdivision of a State may prescribe a standard for a motor vehicle or motor vehicle equipment obtained for its own use that imposes a higher performance requirement than that required by the otherwise applicable standard under this chapter.

(2) A State may enforce a standard that is identical to a standard prescribed under this chapter.

(c) ANTITRUST LAWS.—This chapter does not—

(1) exempt from the antitrust laws conduct that is unlawful under those laws; or

(2) prohibit under the antitrust laws conduct that is lawful under those laws.

(d) WARRANTY OBLIGATIONS AND ADDITIONAL LEGAL RIGHTS AND REMEDIES.—Sections 30117(b), 30118-30121, 30166(f), and 30167(a) and (b) of this title do not establish or affect a warranty obligation under a law of the United States or a State. A remedy under those sections and sections 30161 and 30162 of this title is in addition to other rights and remedies under other laws of the United States or a State.

(e) COMMON LAW LIABILITY.—Compliance with a motor vehicle safety standard prescribed under this chapter does not exempt a person from liability at common law.

SUBCHAPTER II—STANDARDS AND COMPLIANCE

§ 30111. Standards

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall prescribe motor vehicle safety standards. Each standard shall be practicable, meet the need for motor vehicle safety, and be stated in objective terms.

(b) CONSIDERATIONS AND CONSULTATION.—When prescribing a motor vehicle safety standard under this chapter, the Secretary shall—

(1) consider relevant available motor vehicle safety information;

(2) consult with the agency established under the Act of August 20, 1958 (Public Law 85-684, 72 Stat. 635), and other appropriate State or interstate authorities (including legislative committees);

(3) consider whether a proposed standard is reasonable, practicable, and appropriate for the particular type of motor vehicle or motor vehicle equipment for which it is prescribed; and

(4) consider the extent to which the standard will carry out section 30101 of this title.

(c) COOPERATION.—The Secretary may advise, assist, and cooperate with departments, agencies, and instrumentalities of the United States Government, States, and other public and private agencies in developing motor vehicle safety standards.

(d) EFFECTIVE DATES OF STANDARDS.—The Secretary shall specify the effective date of a motor vehicle safety standard prescribed under this

chapter in the order prescribing the standard. A standard may not become effective before the 180th day after the standard is prescribed or later than one year after it is prescribed. However, the Secretary may prescribe a different effective date after finding, for good cause shown, that a different effective date is in the public interest and publishing the reasons for the finding.

(e) 5-YEAR PLAN FOR TESTING STANDARDS.—The Secretary shall establish and periodically review and update on a continuing basis a 5-year plan for testing motor vehicle safety standards prescribed under this chapter that the Secretary considers capable of being tested. In developing the plan and establishing testing priorities, the Secretary shall consider factors the Secretary considers appropriate, consistent with section 30101 of this title and the Secretary’s other duties and powers under this chapter. The Secretary may change at any time those priorities to address matters the Secretary considers of greater priority. The initial plan may be the 5-year plan for compliance testing in effect on December 18, 1991.

“(9) the term ‘hybrid vehicle’ means a motor vehicle which has more than one means of propulsion; and

“(10) the term ‘electric vehicle’ means a motor vehicle with an electric motor as its sole means of propulsion.

“SEC. 3. MINIMUM SOUND REQUIREMENT FOR MOTOR VEHICLES.

“(a) RULEMAKING REQUIRED.—Not later than 18 months after the date of enactment of this Act [Jan. 4, 2011] the Secretary shall initiate rulemaking, under section 30111 of title 49, United States Code, to promulgate a motor vehicle safety standard—

“(1) establishing performance requirements for an alert sound that allows blind and other pedestrians to reasonably detect a nearby electric or hybrid vehicle operating below the cross-over speed, if any; and

“(2) requiring new electric or hybrid vehicles to provide an alert sound conforming to the requirements of the motor vehicle safety standard established under this subsection.

“The motor vehicle safety standard established under this subsection shall not require either driver or pedestrian activation of the alert sound and shall allow the pedestrian to reasonably detect a nearby electric or hy-

brid vehicle in critical operating scenarios including, but not limited to, constant speed, accelerating, or decelerating. The Secretary shall allow manufacturers to provide each vehicle with one or more sounds that comply with the motor vehicle safety standard at the time of manufacture. Further, the Secretary shall require manufacturers to provide, within reasonable manufacturing tolerances, the same sound or set of sounds for all vehicles of the same make and model and shall prohibit manufacturers from providing any mechanism for anyone other than the manufacturer or the dealer to disable, alter, replace, or modify the sound or set of sounds, except that the manufacturer or dealer may alter, replace, or modify the sound or set of sounds in order to remedy a defect or non-compliance with the motor vehicle safety standard. The Secretary shall promulgate the required motor vehicle safety standard pursuant to this subsection not later than 36 months after the date of enactment of this Act.

“(b) CONSIDERATION.—When conducting the required rulemaking, the Secretary shall—

“(1) determine the minimum level of sound emitted from a motor vehicle that is necessary to provide blind and other pedestrians with the information needed to reasonably detect a nearby electric or hybrid vehicle operating at or below the cross-over speed, if any;

“(2) determine the performance requirements for an alert sound that is recognizable to a pedestrian as a motor vehicle in operation; and

“(3) consider the overall community noise impact.

“(c) PHASE-IN REQUIRED.—The motor vehicle safety standard prescribed pursuant to subsection (a) of this section shall establish a phase-in period for compliance, as determined by the Secretary, and shall require full compliance with the required motor vehicle safety standard for motor vehicles manufactured on or after September 1st of the calendar year that begins 3 years after the date on which the final rule is issued.

“(d) REQUIRED CONSULTATION.—When conducting the required study and rulemaking, the Secretary shall—

“(1) consult with the Environmental Protection Agency to assure that the motor vehicle safety standard is consistent with existing noise requirements overseen by the Agency;

“(2) consult consumer groups representing individuals who are blind;

“(3) consult with automobile manufacturers and professional organizations representing them;

“(4) consult technical standardization organizations responsible for measurement methods such as the Society of Automotive Engineers, the International Organization for Standardization, and the United Nations Economic Commission for Europe, World Forum for Harmonization of Vehicle Regulations.

“(e) REQUIRED STUDY AND REPORT TO CONGRESS.—Not later than 48 months after the date of enactment of this Act, the Secretary shall complete a study and report to Congress as to whether there exists a safety need to apply the motor vehicle safety standard required by subsection (a) to conventional motor vehicles. In the event that the Secretary determines there exists a safety need, the Secretary shall initiate rulemaking under section 30111 of title 49, United States Code, to extend the standard to conventional motor vehicles.

“SEC. 4. FUNDING.

“Notwithstanding any other provision of law, \$2,000,000 of any amounts made available to the Secretary of Transportation under under [sic] section 406 of title 23, United States Code, shall be made available to the Administrator of the National Highway Transportation Safety Administration for carrying out section 3 of this Act.”

CHILD SAFETY STANDARDS FOR MOTOR VEHICLES

Pub. L. 110-189, Feb. 28, 2008, 122 Stat. 639, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Cameron Gulbransen Kids Transportation Safety Act of 2007’ or the ‘K.T. Safety Act of 2007’.

“SEC. 2. RULEMAKING REGARDING CHILD SAFETY.

“(a) POWER WINDOW SAFETY.—

“(1) CONSIDERATION OF RULE.—Not later than 18 months after the date of the enactment of this Act [Feb. 28, 2008], the Secretary of Transportation (referred to in this Act as the ‘Secretary’) shall initiate a rulemaking to consider prescribing or amending Federal motor vehicle safety standards to require power windows and panels on motor vehicles to automatically reverse direction when such power windows and panels detect an obstruction to prevent children and others from being trapped, injured, or killed.

“(2) DEADLINE FOR DECISION.—If the Secretary determines such safety standards are reasonable, practicable, and appropriate, the Secretary shall prescribe, under section 30111 of title 49, United States Code, the safety standards described in paragraph (1) not later than 30 months after the date of enactment of this Act. If the Secretary determines that no additional safety standards are reasonable, practicable, and appropriate, the Secretary shall—

“(A) not later than 30 months after the date of enactment of this Act, transmit a report to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate describing the reasons such standards were not prescribed; and

“(B) publish and otherwise make available to the public through the Internet and other means (such as the ‘Buying a Safer Car’ brochure) information regarding which vehicles are or are not equipped with power windows and panels that automatically reverse direction when an obstruction is detected.

“(b) REARWARD VISIBILITY.—Not later than 12 months after the date of the enactment of this Act [Feb. 28, 2008], the Secretary shall initiate a rulemaking to revise Federal Motor Vehicle Safety Standard 111 (FMVSS 111) to expand the required field of view to enable the driver of a motor vehicle to detect areas behind the motor vehicle to reduce death and injury resulting from backing incidents, particularly incidents involving small children and disabled persons. The Secretary may prescribe different requirements for different types of motor vehicles to expand the required field of view to enable the driver of a motor vehicle to detect areas behind the motor vehicle to reduce death and injury resulting from backing incidents, particularly incidents involving small children and disabled persons. Such standard may be met by the provision of additional mirrors, sensors, cameras, or other technology to expand the driver’s field of view. The Secretary shall prescribe final standards pursuant to this subsection not later than 36 months after the date of enactment of this Act.

“(c) PHASE-IN PERIOD.—

“(1) PHASE-IN PERIOD REQUIRED.—The safety standards prescribed pursuant to subsections (a) and (b) shall establish a phase-in period for compliance, as determined by the Secretary, and require full compliance with the safety standards not later than 48 months after the date on which the final rule is issued.

“(2) PHASE-IN PRIORITIES.—In establishing the phase-in period of the rearward visibility safety standards required under subsection (b), the Secretary shall consider whether to require the phase-in according to different types of motor vehicles based on data demonstrating the frequency by which various types of motor vehicles have been involved in backing incidents resulting in injury or death. If the Secretary determines that any type of motor vehicle should be given priority, the Secretary shall issue regulations that specify—

“(A) which type or types of motor vehicles shall be phased-in first; and

“(B) the percentages by which such motor vehicles shall be phased-in.

“(d) PREVENTING MOTOR VEHICLES FROM ROLLING AWAY.—

“(1) REQUIREMENT.—Each motor vehicle with an automatic transmission that includes a ‘park’ position manufactured for sale after September 1, 2010, shall be equipped with a system that requires the service brake to be depressed before the transmission can be shifted out of ‘park’. This system shall function in any starting system key position in which the transmission can be shifted out of ‘park’.

“(2) TREATMENT AS MOTOR VEHICLE SAFETY STANDARD.—A violation of paragraph (1) shall be treated as a violation of a motor vehicle safety standard prescribed under section 30111 of title 49, United States Code, and shall be subject to enforcement by the Secretary under chapter 301 of such title.

“(3) PUBLICATION OF NONCOMPLIANT VEHICLES.—

“(A) INFORMATION SUBMISSION.—Not later than 60 days after the date of the enactment of this Act [Feb. 28, 2008], for the current model year and annually thereafter through 2010, each motor vehicle manufacturer shall transmit to the Secretary the make and model of motor vehicles with automatic transmissions that include a ‘park’ position that do not comply with the requirements of paragraph (1).

“(B) PUBLICATION.—Not later than 30 days after receiving the information submitted under subparagraph (A), the Secretary shall publish and otherwise make available to the public through the Internet and other means the make and model of the applicable motor vehicles that do not comply with the requirements of paragraph (1). Any motor vehicle not included in the publication under this subparagraph shall be presumed to comply with such requirements.

“(e) DEFINITION OF MOTOR VEHICLE.—As used in this Act and for purposes of the motor vehicle safety standards described in subsections (a) and (b), the term ‘motor vehicle’ has the meaning given such term in section 30102(a)(6) of title 49, United States Code, except that such term shall not include—

The words “motor vehicle safety standards prescribed under this chapter” are substituted for “Federal motor vehicle safety standards” for clarity and consistency in this chapter. AMENDMENTS

2005—Subsec. (a). Pub. L. 109-59, which directed amendment of section 30112(a), without specifying the title to be amended, by designating existing provisions as par. (1) and adding par. (2), was executed to this section, to reflect the probable intent of Congress.

§ 30113. General exemptions

(a) DEFINITION.—In this section, “low-emission motor vehicle” means a motor vehicle meeting the standards for new motor vehicles applicable to the vehicle under section 202 of the Clean Air Act (42 U.S.C. 7521) when the vehicle is manufactured and emitting an air pollutant in an amount significantly below one of those standards.

(b) AUTHORITY TO EXEMPT AND PROCEDURES.—(1) The Secretary of Transportation may exempt, on a temporary basis, motor vehicles from a motor vehicle safety standard prescribed under this chapter or passenger motor vehicles from a bumper standard prescribed under chapter 325 of this title, on terms the Secretary considers appropriate. An exemption may be renewed. A renewal may be granted only on re-application and must conform to the requirements of this subsection.

(2) The Secretary may begin a proceeding under this subsection when a manufacturer applies for an exemption or a renewal of an exemption. The Secretary shall publish notice of the application and provide an opportunity to comment. An application for an exemption or for a

renewal of an exemption shall be filed at a time and in the way, and contain information, this section and the Secretary require.

(3) The Secretary may act under this subsection on finding that—

(A) an exemption is consistent with the public interest and this chapter or chapter 325 of this title (as applicable); and

(B)(i) compliance with the standard would cause substantial economic hardship to a manufacturer that has tried to comply with the standard in good faith;

(ii) the exemption would make easier the development or field evaluation of a new motor vehicle safety feature providing a safety level at least equal to the safety level of the standard;

(iii) the exemption would make the development or field evaluation of a low-emission motor vehicle easier and would not unreasonably lower the safety level of that vehicle; or

(iv) compliance with the standard would prevent the manufacturer from selling a motor vehicle with an overall safety level at least equal to the overall safety level of nonexempt vehicles.

(c) CONTENTS OF APPLICATIONS.—A manufacturer applying for an exemption under subsection (b) of this section shall include the following information in the application:

(1) if the application is made under subsection (b)(3)(B)(i) of this section, a complete financial statement describing the economic hardship and a complete description of the manufacturer’s good faith effort to comply with each motor vehicle safety standard prescribed under this chapter, or a bumper standard prescribed under chapter 325 of this title, from which the manufacturer is requesting an exemption.

(2) if the application is made under subsection (b)(3)(B)(ii) of this section, a record of the research, development, and testing establishing the innovative nature of the safety feature and a detailed analysis establishing that the safety level of the feature at least equals the safety level of the standard.

(3) if the application is made under subsection (b)(3)(B)(iii) of this section, a record of the research, development, and testing establishing that the motor vehicle is a low-emission motor vehicle and that the safety level of the vehicle is not lowered unreasonably by exemption from the standard.

(4) if the application is made under subsection (b)(3)(B)(iv) of this section, a detailed analysis showing how the vehicle provides an overall safety level at least equal to the overall safety level of nonexempt vehicles.

(d) ELIGIBILITY.—A manufacturer is eligible for an exemption under subsection (b)(3)(B)(i) of this section (including an exemption under subsection (b)(3)(B)(i) relating to a bumper standard referred to in subsection (b)(1)) only if the Secretary determines that the manufacturer’s total motor vehicle production in the most recent year of production is not more than 10,000. A manufacturer is eligible for an exemption under subsection (b)(3)(B)(ii), (iii), or (iv) of this section only if the Secretary determines the ex-

emption is for not more than 2,500 vehicles to be sold in the United States in any 12-month period.

(e) **MAXIMUM PERIOD.**—An exemption or renewal under subsection (b)(3)(B)(i) of this section may be granted for not more than 3 years. An exemption or renewal under subsection (b)(3)(B)(ii), (iii), or (iv) of this section may be granted for not more than 2 years.

(f) **DISCLOSURE.**—The Secretary may make public, by the 10th day after an application is filed, information contained in the application or relevant to the application unless the information concerns or is related to a trade secret or other confidential information not relevant to the application.

(g) **NOTICE OF DECISION.**—The Secretary shall publish in the Federal Register a notice of each decision granting an exemption under this section and the reasons for granting it.

(h) **PERMANENT LABEL REQUIREMENT.**—The Secretary shall require a permanent label to be fixed to a motor vehicle granted an exemption under this section. The label shall either name or describe each motor vehicle safety standard prescribed under this chapter or bumper standard prescribed under chapter 325 of this title from which the vehicle is exempt. The Secretary may require that written notice of an exemption be delivered by appropriate means to the dealer and the first purchaser of the vehicle other than for resale.

In subsection (b), the words “the part or equipment referred to in subsection (a)(2) of this section” are added because of the restatement. The words “If the distributor or dealer installs the part or equipment with reasonable diligence after it is received, the manufacturer shall reimburse the distributor or dealer” are substituted for “and for the installation involved the manufacturer shall reimburse such distributor or dealer . . . *Provided, however,* That the distributor or dealer proceeds with reasonable diligence with the installation after the required part, parts or equipment are received” to eliminate unnecessary words. The words “on or in such vehicle” are omitted as surplus. The words “notice of noncompliance or defect” are substituted for “notice of such nonconformance”, and the words “complies with applicable motor vehicle safety standards prescribed under this chapter or the defect is corrected” are substituted for “is brought into conformance with applicable Federal standards”, to eliminate unnecessary words and for consistency in the revised title.

In subsection (c), the words “the amount of reimbursement” are substituted for “such reasonable reimbursements” for clarity and because of the restatement. The words “by mutual agreement” are omitted

as surplus. The words “If the parties do not agree” are substituted for “or failing such agreement”, and the words “by the court pursuant to the provisions of subsection (b) of this section” are omitted, because of the restatement. The words “against such manufacturer or distributor” are omitted as surplus. The word “judicial” is added for consistency. The words “to recover damages, court costs, and a reasonable attorney's fee” are substituted for “and shall recover the damage by him sustained, as well as all court costs plus reasonable attorneys' fees”, and the words “must be brought” are substituted for “shall be forever barred unless commenced”, to eliminate unnecessary words. § 30117. Providing information to, and maintaining records on, purchasers

(a) PROVIDING INFORMATION AND NOTICE.—The Secretary of Transportation may require that each manufacturer of a motor vehicle or motor vehicle equipment provide technical information related to performance and safety required to carry out this chapter. The Secretary may require the manufacturer to give the following notice of that information when the Secretary decides it is necessary:

(1) to each prospective purchaser of a vehicle or equipment before the first sale other than for resale at each location at which the vehicle or equipment is offered for sale by a person having a legal relationship with the manufacturer, in a way the Secretary decides is appropriate.

(2) to the first purchaser of a vehicle or equipment other than for resale when the vehicle or equipment is bought, in printed matter placed in the vehicle or attached to or accompanying the equipment.

(b) MAINTAINING PURCHASER RECORDS AND PROCEDURES.—(1) A manufacturer of a motor vehicle or tire (except a retreaded tire) shall cause to be maintained a record of the name and address of the first purchaser of each vehicle or tire it produces and, to the extent prescribed by regulations of the Secretary, shall cause to be maintained a record of the name and address of the first purchaser of replacement equipment (except a tire) that the manufacturer produces. The Secretary may prescribe by regulation the records to be maintained and reasonable procedures for maintaining the records under this subsection, including procedures to be followed by distributors and dealers to assist the manufacturer in obtaining the information required by this subsection. A procedure shall be reasonable for the type of vehicle or tire involved, and shall provide reasonable assurance that a customer list of a distributor or dealer, or similar information, will be made available to a person (except the distributor or dealer) only when necessary to carry out this subsection and sections 30118–30121, 30166(f), and 30167(a) and (b) of this title. Availability of assistance from a distributor or dealer does not affect an obligation of a manufacturer under this subsection.

(2)(A) Except as provided in paragraph (3) of this subsection, the Secretary may require a dis-

tributor or dealer to maintain a record under paragraph (1) of this subsection only if the business of the distributor or dealer is owned or controlled by a manufacturer of tires.

(B) The Secretary shall require each distributor and dealer whose business is not owned or controlled by a manufacturer of tires to give a registration form (containing the tire identification number) to the first purchaser of a tire. The Secretary shall prescribe the form, which shall be standardized for all tires and designed to allow the purchaser to complete and return it directly to the manufacturer of the tire. The manufacturer shall give sufficient copies of forms to distributors and dealers.

(3)(A) The Secretary shall evaluate from time to time how successful the procedures under paragraph (2) of this subsection have been in helping to maintain records about first purchasers of tires. After each evaluation, the Secretary shall decide—

- (i) the extent to which distributors and dealers have complied with the procedures;
- (ii) the extent to which distributors and dealers have encouraged first purchasers of tires to register the tires; and
- (iii) whether to prescribe for manufacturers, distributors, or dealers other requirements that the Secretary decides will increase significantly the percentage of first purchasers of tires about whom records are maintained.

(B) The Secretary may prescribe a requirement under subparagraph (A) of this paragraph only if the Secretary decides it is necessary to reduce the risk to motor vehicle safety, after considering—

- (i) the cost of the requirement to manufacturers and the burden of the requirement on distributors and dealers, compared to the increase in the percentage of first purchasers of tires about whom records would be maintained as a result of the requirement;
- (ii) the extent to which distributors and dealers have complied with the procedures in paragraph (2) of this subsection; and
- (iii) the extent to which distributors and dealers have encouraged first purchasers of tires to register the tires.

(C) A manufacturer of tires shall reimburse distributors and dealers of that manufacturer's tires for all reasonable costs incurred by the distributors and dealers in complying with a requirement prescribed by the Secretary under subparagraph (A) of this paragraph.

(D) After making a decision under subparagraph (A) of this paragraph, the Secretary shall submit to each House of Congress a report containing a detailed statement of the decision and an explanation of the reasons for the decision.

(c) ROLLOVER TESTS.—

(1) DEVELOPMENT.—Not later than 2 years from the date of the enactment of this subsection, the Secretary shall—

- (A) develop a dynamic test on rollovers by motor vehicles for the purposes of a consumer information program; and
- (B) carry out a program of conducting such tests.

(2) TEST RESULTS.—As the Secretary develops a test under paragraph (1)(A), the Sec-

retary shall conduct a rulemaking to determine how best to disseminate test results to the public.

(3) MOTOR VEHICLES COVERED.—This subsection applies to motor vehicles, including passenger cars, multipurpose passenger vehicles, and trucks, with a gross vehicle weight rating of 10,000 pounds or less. A motor vehicle designed to provide temporary residential accommodations is not covered.

§ 30118. Notification of defects and noncompliance

(a) NOTIFICATION BY SECRETARY.—The Secretary of Transportation shall notify the manufacturer of a motor vehicle or replacement equipment immediately after making an initial decision (through testing, inspection, investigation, or research carried out under this chapter, examining communications under section 30166(f) of this title, or otherwise) that the vehicle or equipment contains a defect related to motor vehicle safety or does not comply with an applicable motor vehicle safety standard prescribed under this chapter. The notification shall include the information on which the decision is based. The Secretary shall publish a notice of each decision under this subsection in the Federal Register. Subject to section 30167(a) of this title, the notification and information are available to any interested person.

(b) DEFECT AND NONCOMPLIANCE PROCEEDINGS AND ORDERS.—(1) The Secretary may make a final decision that a motor vehicle or replacement equipment contains a defect related to motor vehicle safety or does not comply with an applicable motor vehicle safety standard prescribed under this chapter only after giving the manufacturer an opportunity to present information, views, and arguments showing that there is no defect or noncompliance or that the defect does not affect motor vehicle safety. Any interested person also shall be given an opportunity to present information, views, and arguments.

(2) If the Secretary decides under paragraph (1) of this subsection that the vehicle or equipment contains the defect or does not comply, the Secretary shall order the manufacturer to—

(2) decides in good faith that the vehicle or equipment does not comply with an applicable motor vehicle safety standard prescribed under this chapter.

(d) EXEMPTIONS.—On application of a manufacturer, the Secretary shall exempt the manufacturer from this section if the Secretary decides a defect or noncompliance is inconsequential to motor vehicle safety. The Secretary may take action under this subsection only after notice in the Federal Register and an opportunity for any interested person to present information, views, and arguments.

(e) HEARINGS ABOUT MEETING NOTIFICATION REQUIREMENTS.—On the motion of the Secretary or on petition of any interested person, the Secretary may conduct a hearing to decide whether the manufacturer has reasonably met the notification requirements under this section. Any interested person may make written and oral presentations of information, views, and arguments on whether the manufacturer has reasonably met the notification requirements. L. 106-414, §2. See Construction of 2000 Amendment note below.

§ 30119. Notification procedures

(a) CONTENTS OF NOTIFICATION.—Notification by a manufacturer required under section 30118 of this title of a defect or noncompliance shall contain—

(1) a clear description of the defect or noncompliance;

(2) an evaluation of the risk to motor vehicle safety reasonably related to the defect or noncompliance;

(3) the measures to be taken to obtain a remedy of the defect or noncompliance;

(4) a statement that the manufacturer giving notice will remedy the defect or noncompliance without charge under section 30120 of this title;

(5) the earliest date on which the defect or noncompliance will be remedied without charge, and for tires, the period during which the defect or noncompliance will be remedied without charge under section 30120 of this title;

(6) the procedure the recipient of a notice is to follow to inform the Secretary of Transportation when a manufacturer, distributor, or dealer does not remedy the defect or noncompliance without charge under section 30120 of this title; and

(7) other information the Secretary prescribes by regulation.

(b) EARLIEST REMEDY DATE.—The date specified by a manufacturer in a notification under subsection (a)(5) of this section or section 30121(c)(2) of this title is the earliest date that parts and facilities reasonably can be expected to be available to remedy the defect or noncompliance. The Secretary may disapprove the date.

(c) TIME FOR NOTIFICATION.—Notification required under section 30118 of this title shall be given within a reasonable time—

(1) prescribed by the Secretary, after the manufacturer receives notice of a final decision under section 30118(b) of this title; or

(2) after the manufacturer first decides that a safety-related defect or noncompliance exists under section 30118(c) of this title.

(d) MEANS OF PROVIDING NOTIFICATION.—(1) Notification required under section 30118 of this title about a motor vehicle shall be sent by first class mail—

(A) to each person registered under State law as the owner and whose name and address are reasonably ascertainable by the manufacturer through State records or other available sources; or

(B) if a registered owner is not notified under clause (A) of this paragraph, to the most recent purchaser known to the manufacturer.

(2) Notification required under section 30118 of this title about replacement equipment (except a tire) shall be sent by first class mail to the most recent purchaser known to the manufacturer. In addition, if the Secretary decides that public notice is required for motor vehicle safety, public notice shall be given in the way required by the Secretary after consulting with the manufacturer.

(3) Notification required under section 30118 of this title about a tire shall be sent by first class mail (or, if the manufacturer prefers, by certified mail) to the most recent purchaser known to the manufacturer. In addition, if the Secretary decides that public notice is required for motor vehicle safety, public notice shall be given in the way required by the Secretary after consulting with the manufacturer. In deciding whether public notice is required, the Secretary shall consider—

(A) the magnitude of the risk to motor vehicle safety caused by the defect or noncompliance; and

(B) the cost of public notice compared to the additional number of owners the notice may reach.

(4) A dealer to whom a motor vehicle or replacement equipment was delivered shall be notified by certified mail or quicker means if available.

(e) SECOND NOTIFICATION.—If the Secretary decides that a notification sent by a manufacturer under this section has not resulted in an adequate number of motor vehicles or items of replacement equipment being returned for remedy, the Secretary may order the manufacturer to send a 2d notification in the way the Secretary prescribes by regulation.

(f) NOTIFICATION BY LESSOR TO LESSEE.—(1) In this subsection, “leased motor vehicle” means a motor vehicle that is leased to a person for at least 4 months by a lessor that has leased at least 5 motor vehicles in the 12 months before the date of the notification.

(2) A lessor that receives a notification required by section 30118 of this title about a leased motor vehicle shall provide a copy of the notification to the lessee in the way the Secretary prescribes by regulation.

In subsection (d)(3), the words “(or, if the manufacturer prefers, by certified mail)” are substituted for 15:1413(c) (last sentence) to eliminate unnecessary words.

In subsection (d)(4), the words “or dealers” are omitted because of 1:1. The words “of such manufacturer” are omitted as surplus.

In subsection (e), the word “replacement” is added for clarity and consistency with the source provisions being restated in subsection (d) of this section.

§ 30120. Remedies for defects and noncompliance

(a) WAYS TO REMEDY.—(1) Subject to subsections (f) and (g) of this section, when notification of a defect or noncompliance is required under section 30118(b) or (c) of this title, the manufacturer of the defective or noncomplying motor vehicle or replacement equipment shall remedy the defect or noncompliance without charge when the vehicle or equipment is presented for remedy. Subject to subsections (b) and (c) of this section, the manufacturer shall remedy the defect or noncompliance in any of the following ways the manufacturer chooses:

- (A) if a vehicle—
 - (i) by repairing the vehicle;
 - (ii) by replacing the vehicle with an identical or reasonably equivalent vehicle; or
 - (iii) by refunding the purchase price, less a reasonable allowance for depreciation.

(B) if replacement equipment, by repairing the equipment or replacing the equipment with identical or reasonably equivalent equipment.

(2) The Secretary of Transportation may prescribe regulations to allow the manufacturer to

impose conditions on the replacement of a motor vehicle or refund of its price.

(b) TIRE REMEDIES.—(1) A manufacturer of a tire, including an original equipment tire, shall remedy a defective or noncomplying tire if the owner or purchaser presents the tire for remedy not later than 60 days after the later of—

(A) the day the owner or purchaser receives notification under section 30119 of this title; or

(B) if the manufacturer decides to replace the tire, the day the owner or purchaser receives notification that a replacement is available.

(2) If the manufacturer decides to replace the tire and the replacement is not available during the 60-day period, the owner or purchaser must present the tire for remedy during a subsequent 60-day period that begins only after the owner or purchaser receives notification that a replacement will be available during the subsequent period. If tires are available during the subsequent period, only a tire presented for remedy during that period must be remedied.

(c) ADEQUACY OF REPAIRS.—(1) If a manufacturer decides to repair a defective or noncomplying motor vehicle or replacement equipment and the repair is not done adequately within a reasonable time, the manufacturer shall—

(A) replace the vehicle or equipment without charge with an identical or reasonably equivalent vehicle or equipment; or

(B) for a vehicle, refund the purchase price, less a reasonable allowance for depreciation.

(2) Failure to repair a motor vehicle or replacement equipment adequately not later than 60 days after its presentation is prima facie evidence of failure to repair within a reasonable time. However, the Secretary may extend, by order, the 60-day period if good cause for an extension is shown and the reason is published in the Federal Register before the period ends. Presentation of a vehicle or equipment for repair before the date specified by a manufacturer in a notice under section 30119(a)(5) or 30121(c)(2) of this title is not a presentation under this section.

(3) If the Secretary determines that a manufacturer's remedy program is not likely to be capable of completion within a reasonable time, the Secretary may require the manufacturer to accelerate the remedy program if the Secretary finds—

(A) that there is a risk of serious injury or death if the remedy program is not accelerated; and

(B) that acceleration of the remedy program can be reasonably achieved by expanding the sources of replacement parts, expanding the number of authorized repair facilities, or both.

The Secretary may prescribe regulations to carry out this paragraph.

(d) FILING MANUFACTURER'S REMEDY PROGRAM.—A manufacturer shall file with the Secretary a copy of the manufacturer's program under this section for remedying a defect or noncompliance. The Secretary shall make the program available to the public and publish a notice of availability in the Federal Register. A manufacturer's remedy program shall include a plan for reimbursing an owner or purchaser who

incurred the cost of the remedy within a reasonable time in advance of the manufacturer's notification under subsection (b) or (c) of section 30118. The Secretary may prescribe regulations establishing what constitutes a reasonable time for purposes of the preceding sentence and other reasonable conditions for the reimbursement plan. In the case of a remedy program involving the replacement of tires, the manufacturer shall include a plan addressing how to prevent, to the extent reasonably within the control of the manufacturer, replaced tires from being resold for installation on a motor vehicle, and how to limit, to the extent reasonably within the control of the manufacturer, the disposal of replaced tires in landfills, particularly through shredding, crumbling, recycling, recovery, and other alternative beneficial non-vehicular uses. The manufacturer shall include information about the implementation of such plan with each quarterly report to the Secretary regarding the progress of any notification or remedy campaigns.

(e) HEARINGS ABOUT MEETING REMEDY REQUIREMENTS.—On the motion of the Secretary or on application by any interested person, the Secretary may conduct a hearing to decide whether the manufacturer has reasonably met the remedy requirements under this section. Any interested person may make written and oral presentations of information, views, and arguments on whether the manufacturer has reasonably met the remedy requirements. If the Secretary decides a manufacturer has not reasonably met the remedy requirements, the Secretary shall order the manufacturer to take specified action to meet those requirements and may take any other action authorized under this chapter.

(f) FAIR REIMBURSEMENT TO DEALERS.—A manufacturer shall pay fair reimbursement to a dealer providing a remedy without charge under this section.

(g) NONAPPLICATION.—(1) The requirement that a remedy be provided without charge does not apply if the motor vehicle or replacement equipment was bought by the first purchaser more than 10 calendar years, or the tire, including an original equipment tire, was bought by the first purchaser more than 5 calendar years, before notice is given under section 30118(c) of this title or an order is issued under section 30118(b) of this title, whichever is earlier.

(2) This section does not apply during any period in which enforcement of an order under section 30118(b) of this title is restrained or the order is set aside in a civil action to which section 30121(d) of this title applies.

(h) EXEMPTIONS.—On application of a manufacturer, the Secretary shall exempt the manufacturer from this section if the Secretary decides a defect or noncompliance is inconsequential to motor vehicle safety. The Secretary may take action under this subsection only after notice in the Federal Register and an opportunity for any interested person to present information, views, and arguments.

(i) LIMITATION ON SALE OR LEASE.—(1) If notification is required by an order under section 30118(b) of this title or is required under section 30118(c) of this title and the manufacturer has

provided to a dealer (including retailers of motor vehicle equipment) notification about a new motor vehicle or new item of replacement equipment in the dealer's possession at the time of notification that contains a defect related to motor vehicle safety or does not comply with an applicable motor vehicle safety standard prescribed under this chapter, the dealer may sell or lease the motor vehicle or item of replacement equipment only if—

(A) the defect or noncompliance is remedied as required by this section before delivery under the sale or lease; or

(B) when the notification is required by an order under section 30118(b) of this title, enforcement of the order is restrained or the order is set aside in a civil action to which section 30121(d) of this title applies.

(2) This subsection does not prohibit a dealer from offering for sale or lease the vehicle or equipment.

(j) PROHIBITION ON SALES OF REPLACED EQUIPMENT.—No person may sell or lease any motor vehicle equipment (including a tire), for installation on a motor vehicle, that is the subject of a decision under section 30118(b) or a notice required under section 30118(c) in a condition that it may be reasonably used for its original purpose unless—

(1) the defect or noncompliance is remedied as required by this section before delivery under the sale or lease; or

(2) notification of the defect or noncompliance is required under section 30118(b) but enforcement of the order is set aside in a civil action to which section 30121(d) applies.

§ 30121. Provisional notification and civil actions to enforce

(a) PROVISIONAL NOTIFICATION.—(1) The Secretary of Transportation may order a manufacturer to issue a provisional notification if a civil action about an order issued under section 30118(b) of this title has been brought under section 30163 of this title. The provisional notification shall contain—

(A) a statement that the Secretary has decided that a defect related to motor vehicle safety or noncompliance with a motor vehicle safety standard prescribed under this chapter exists and that the manufacturer is contesting the decision in a civil action in a United States district court;

(B) a clear description of the Secretary’s stated basis for the decision;

(C) the Secretary’s evaluation of the risk to motor vehicle safety reasonably related to the defect or noncompliance;

(D) measures the Secretary considers necessary to avoid an unreasonable risk to motor vehicle safety resulting from the defect or noncompliance;

(E) a statement that the manufacturer will remedy the defect or noncompliance without charge under section 30120 of this title, but that the requirement to remedy without charge is conditioned on the outcome of the civil action; and

(F) other information the Secretary prescribes by regulation or includes in the order requiring the notice.

(2) A notification under this subsection does not relieve a manufacturer of liability for not giving notification required by an order under section 30118(b) of this title.

(b) CIVIL ACTIONS FOR NOT NOTIFYING.—(1) A manufacturer that does not notify owners and purchasers under section 30119(c) and (d) of this title is liable to the United States Government for a civil penalty, unless the manufacturer prevails in a civil action referred to in subsection (a) of this section or the court in that action enjoins enforcement of the order. Enforcement may be enjoined only if the court decides that the failure to notify is reasonable and that the manufacturer has demonstrated the likelihood of prevailing on the merits. If enforcement is enjoined, the manufacturer is not liable during the time the order is stayed.

(2) A manufacturer that does not notify owners and purchasers as required under subsection (a) of this section is liable for a civil penalty regardless of whether the manufacturer prevails in an action on the validity of the order issued under section 30118(b) of this title.

(c) ORDERS TO MANUFACTURERS.—If the Secretary prevails in a civil action referred to in subsection (a) of this section, the Secretary shall order the manufacturer—

(1) to notify each owner, purchaser, and dealer described in section 30119(d) of this title of the outcome of the action and other information the Secretary requires, and notification under this clause may be combined with notification required under section 30118(b) of this title;

(2) to specify the earliest date under section 30119(b) of this title on which the defect or noncompliance will be remedied without charge under section 30120 of this title; and

(3) if notification was required under subsection (a) of this section, to reimburse an owner or purchaser for reasonable and necessary expenses (in an amount that is not more than the amount specified in the order of the Secretary under subsection (a)) incurred for repairing the defect or noncompliance during the period beginning on the date that notification was required to be issued and ending on the date the owner or purchaser receives the notification under this subsection.

(d) VENUE.—Notwithstanding section 30163(c) of this title, a civil action about an order issued under section 30118(b) of this title must be brought in the United States district court for a judicial district in the State in which the manufacturer is incorporated or the District of Columbia. On motion of a party, the court may transfer the action to another district court if good cause is shown. All actions related to the same order under section 30118(b) shall be consolidated in an action in one judicial district under an order of the court in which the first action was brought. If the first action is transferred to another court, that court shall issue the consolidation order.

(2) The Secretary may authorize the sale, offer for sale, introduction for sale, or delivery for introduction in interstate commerce, of a regrooved tire or a motor vehicle equipped with regrooved tires if the Secretary decides the tires

IMPROVED TIRE INFORMATION

Pub. L. 106–414, §11, Nov. 1, 2000, 114 Stat. 1806, provided that:

“(a) TIRE LABELING.—Within 30 days after the date of the enactment of this Act [Nov. 1, 2000], the Secretary of Transportation shall initiate a rulemaking proceeding to improve the labeling of tires required by section 30123 of title 49, United States Code[,] to assist consumers in identifying tires that may be the subject of a decision under section 30118(b) [of title 49] or a notice required under section 30118(c). The Secretary shall complete the rulemaking not later than June 1, 2002.

“(b) INFLATION LEVELS AND LOAD LIMITS.—In the rulemaking initiated under subsection (a), the Secretary may take whatever additional action is appropriate to ensure that the public is aware of the importance of observing motor vehicle tire load limits and maintaining proper tire inflation levels for the safe operation of a motor vehicle. Such additional action may include a requirement that the manufacturer of motor vehicles provide the purchasers of the motor vehicles information on appropriate tire inflation levels and load limits if the Secretary determines that requiring such manufacturers to provide such information is the most appropriate way such information can be provided.”

§ 30127. Automatic occupant crash protection and seat belt use

(a) DEFINITIONS.—In this section—

(1) “bus” means a motor vehicle with motive power (except a trailer) designed to carry more than 10 individuals.

(2) “multipurpose passenger vehicle” means a motor vehicle with motive power (except a trailer), designed to carry not more than 10 individuals, that is constructed either on a truck chassis or with special features for occasional off-road operation.

(3) “passenger car” means a motor vehicle with motive power (except a multipurpose passenger vehicle, motorcycle, or trailer) designed to carry not more than 10 individuals.

(4) “truck” means a motor vehicle with motive power (except a trailer) designed primarily to transport property or special purpose equipment.

(b) INFLATABLE RESTRAINT REQUIREMENTS.—(1) Not later than September 1, 1993, the Secretary of Transportation shall prescribe under this chapter an amendment to Federal Motor Vehicle Safety Standard 208 issued under the National

Traffic and Motor Vehicle Safety Act of 1966. The amendment shall require that the automatic occupant crash protection system for both of the front outboard seating positions for each of the following vehicles be an inflatable restraint (with lap and shoulder belts) complying with the occupant protection requirements under section 4.1.2.1 of Standard 208:

(A) 95 percent of each manufacturer's annual production of passenger cars manufactured after August 31, 1996, and before September 1, 1997.

(B) 80 percent of each manufacturer's annual production of buses, multipurpose passenger vehicles, and trucks (except walk-in van-type trucks and vehicles designed to be sold only to the United States Postal Service) with a gross vehicle weight rating of not more than 8,500 pounds and an unloaded vehicle weight of not more than 5,500 pounds manufactured after August 31, 1997, and before September 1, 1998.

(C) 100 percent of each manufacturer's annual production of passenger cars manufactured after August 31, 1997.

(D) 100 percent of each manufacturer's annual production of vehicles described in clause (B) of this paragraph manufactured after August 31, 1998.

(2) Manufacturers may not use credits and incentives available before September 1, 1998, under the provisions of Standard 208 (as amended by this section) to comply with the requirements of paragraph (1)(D) of this subsection after August 31, 1998.

(c) OWNER MANUAL REQUIREMENTS.—In amending Standard 208, the Secretary of Transportation shall require, to be effective as soon as possible after the amendment is prescribed, that owner manuals for passenger cars, buses, multipurpose passenger vehicles, and trucks equipped with an inflatable restraint include a statement in an easily understandable format stating that—

(1) either or both of the front outboard seating positions of the vehicle are equipped with an inflatable restraint referred to as an "airbag" and a lap and shoulder belt;

(2) the "airbag" is a supplemental restraint and is not a substitute for lap and shoulder belts;

(3) lap and shoulder belts also must be used correctly by an occupant in a front outboard seating position to provide restraint or protection from frontal crashes as well as other types of crashes or accidents; and

(4) occupants should always wear their lap and shoulder belts, if available, or other safety belts, whether or not there is an inflatable restraint.

(d) SEAT BELT USE LAWS.—Congress finds that it is in the public interest for each State to adopt and enforce mandatory seat belt use laws and for the United States Government to adopt and enforce mandatory seat belt use regulations.

(e) TEMPORARY EXEMPTIONS.—(1) On application of a manufacturer, the Secretary of Transportation may exempt, on a temporary basis, motor vehicles of that manufacturer from any requirement under subsections (b) and (c) of this

section on terms the Secretary considers appropriate. An exemption may be renewed.

(2) The Secretary of Transportation may grant an exemption under paragraph (1) of this subsection if the Secretary finds that there has been a disruption in the supply of any component of an inflatable restraint or in the use and installation of that component by the manufacturer because of an unavoidable event not under the control of the manufacturer that will prevent the manufacturer from meeting its anticipated production volume of vehicles with those restraints.

(3) Only an affected manufacturer may apply for an exemption. The Secretary of Transportation shall prescribe in the amendment to Standard 208 required under this section the information an affected manufacturer must include in its application under this subsection. The manufacturer shall specify in the application the models, lines, and types of vehicles affected. The Secretary may consolidate similar applications from different manufacturers.

(4) An exemption or renewal of an exemption is conditioned on the commitment of the manufacturer to recall the exempted vehicles for installation of the omitted inflatable restraints within a reasonable time that the manufacturer proposes and the Secretary of Transportation approves after the components become available in sufficient quantities to satisfy both anticipated production and recall volume requirements.

(5) The Secretary of Transportation shall publish in the Federal Register a notice of each application under this subsection and each decision to grant or deny a temporary exemption and the reasons for the decision.

(6) The Secretary of Transportation shall require a label for each exempted vehicle that can be removed only after recall and installation of the required inflatable restraint. The Secretary shall require that written notice of the exemption be provided to the dealer and the first purchaser of each exempted vehicle other than for resale, with the notice being provided in a way, and containing the information, the Secretary considers appropriate.

(f) APPLICATION.—(1) This section revises, but does not replace, Standard 208 as in effect on December 18, 1991, including the amendment of March 26, 1991 (56 Fed. Reg. 12472), to Standard 208, extending the requirements for automatic crash protection, with incentives for more innovative automatic crash protection, to trucks, buses, and multipurpose passenger vehicles. This section may not be construed as—

(A) affecting another provision of law carried out by the Secretary of Transportation applicable to passenger cars, buses, multipurpose passenger vehicles, or trucks; or

(B) establishing a precedent related to developing or prescribing a Government motor vehicle safety standard.

(2) This section and amendments to Standard 208 made under this section may not be construed as indicating an intention by Congress to affect any liability of a motor vehicle manufacturer under applicable law related to vehicles with or without inflatable restraints.

(g) REPORT.—(1) On October 1, 1992, and annually after that date through October 1, 2000, the

Secretary of Transportation shall submit reports on the effectiveness of occupant restraint systems expressed as a percentage reduction in fatalities or injuries of restrained occupants compared to unrestrained occupants for—

- (A) a combination of inflated restraints and lap and shoulder belts;
- (B) inflated restraints only; and
- (C) lap and shoulder belts only.

(2) In consultation with the Secretaries of Labor and Defense, the Secretary of Transportation also shall provide information and analysis on lap and shoulder belt use, nationally and in each State by—

- (A) military personnel;
- (B) Government, State, and local law enforcement officers;
- (C) other Government and State employees; and
- (D) the public.

(h) AIRBAGS FOR GOVERNMENT CARS.—In cooperation with the Administrator of General Services and the heads of appropriate departments, agencies, and instrumentalities of the Government, the Secretary of Transportation shall establish a program, consistent with applicable procurement laws of the Government and available appropriations, requiring that all passenger cars acquired—

- (1) after September 30, 1994, for use by the Government be equipped, to the maximum extent practicable, with driver-side inflatable restraints; and
- (2) after September 30, 1996, for use by the Government be equipped, to the maximum extent practicable, with inflatable restraints for both front outboard seating positions.

AMENDMENTS

1998—Subsec. (g)(1). Pub. L. 105-178 substituted “annually” for “every 6 months” in introductory provisions.

IMPROVING THE SAFETY OF CHILD RESTRAINTS

Pub. L. 107-318, Dec. 4, 2002, 116 Stat. 2772, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as ‘Anton’s Law’.

“SEC. 2. FINDINGS.

“Congress finds the following:

“(1) It is the policy of the Department of Transportation that all child occupants of motor vehicles, regardless of seating position, be appropriately restrained in order to reduce the incidence of injuries and fatalities resulting from motor vehicle crashes on the streets, roads, and highways.

“(2) Research has shown that very few children between the ages of 4 to 8 years old are in the appropriate restraint for their age when riding in passenger motor vehicles.

“(3) Children who have outgrown their child safety seats should ride in a belt-positioning booster seat until an adult seat belt fits properly.

“(4) Children who were properly restrained when riding in passenger motor vehicles suffered less severe injuries from accidents than children not properly restrained.

“SEC. 3. IMPROVEMENT OF SAFETY OF CHILD RESTRAINTS IN PASSENGER MOTOR VEHICLES.

“(a) IN GENERAL.—The Secretary of Transportation (hereafter referred to as the ‘Secretary’) shall initiate a rulemaking proceeding to establish performance requirements for child restraints, including booster seats, for the restraint of children weighing more than 50 pounds.

“(b) ELEMENTS FOR CONSIDERATION.—In the rulemaking proceeding required by subsection (a), the Secretary shall—

“(1) consider whether to include injury performance criteria for child restraints, including booster seats and other products for use in passenger motor vehicles for the restraint of children weighing more than 50 pounds, under the requirements established in the rulemaking proceeding;

“(2) consider whether to establish performance requirements for seat belt fit when used with booster seats and other belt guidance devices;

“(3) consider whether to address situations where children weighing more than 50 pounds only have access to seating positions with lap belts, such as allowing tethered child restraints for such children; and

“(4) review the definition of the term ‘booster seat’ in Federal motor vehicle safety standard No. 213 under section 571.213 of title 49, Code of Federal Regulations, to determine if it is sufficiently comprehensive.

“(c) COMPLETION.—The Secretary shall complete the rulemaking proceeding required by subsection (a) not later than 30 months after the date of the enactment of this Act [Dec. 4, 2002].

“SEC. 4. DEVELOPMENT OF ANTHROPOMORPHIC TEST DEVICE SIMULATING A 10-YEAR OLD CHILD.

“(a) DEVELOPMENT AND EVALUATION.—Not later than 24 months after the date of the enactment of this Act [Dec. 4, 2002], the Secretary shall develop and evaluate an anthropomorphic test device that simulates a 10-year old child for use in testing child restraints used in passenger motor vehicles.

“(b) ADOPTION BY RULEMAKING.—Within 1 year following the development and evaluation carried out under subsection (a), the Secretary shall initiate a rulemaking proceeding for the adoption of an anthropomorphic test device as developed under subsection (a).

“SEC. 5. REQUIREMENTS FOR INSTALLATION OF LAP AND SHOULDER BELTS.

“(a) IN GENERAL.—Not later than 24 months after the date of the enactment of this Act [Dec. 4, 2002], the Secretary shall complete a rulemaking proceeding to amend Federal motor vehicle safety standard No. 208 under section 571.208 of title 49, Code of Federal Regulations, relating to occupant crash protection, in order to—

“(1) require a lap and shoulder belt assembly for each rear designated seating position in a passenger motor vehicle with a gross vehicle weight rating of 10,000 pounds or less, except that if the Secretary determines that installation of a lap and shoulder belt assembly is not practicable for a particular designated seating position in a particular type of passenger motor vehicle, the Secretary may exclude the designated seating position from the requirement; and

“(2) apply that requirement to passenger motor vehicles in phases in accordance with subsection (b).

“(b) IMPLEMENTATION SCHEDULE.—The requirement prescribed under subsection (a)(1) shall be implemented

in phases on a production year basis beginning with the production year that begins not later than 12 months after the end of the year in which the regulations are prescribed under subsection (a). The final rule shall apply to all passenger motor vehicles with a gross vehicle weight rating of 10,000 pounds or less that are manufactured in the third production year of the implementation phase-in under the schedule.

“SEC. 6. EVALUATION OF INTEGRATED CHILD SAFETY SYSTEMS.

“(a) EVALUATION.—Not later than 180 days after the date of enactment of this Act [Dec. 4, 2002], the Secretary shall initiate an evaluation of integrated or built-in child restraints and booster seats. The evaluation should include—

“(1) the safety of the child restraint and correctness of fit for the child;

“(2) the availability of testing data on the system and vehicle in which the child restraint will be used;

“(3) the compatibility of the child restraint with different makes and models;

“(4) the cost-effectiveness of mass production of the child restraint for consumers;

“(5) the ease of use and relative availability of the child restraint to children riding in motor vehicles; and

“(6) the benefits of built-in seats for improving compliance with State child occupant restraint laws.

“(b) REPORT.—Not later than 12 months after the date of enactment of this Act [Dec. 4, 2002], the Secretary shall transmit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report of this evaluation.

“SEC. 7. DEFINITIONS.

“As used in this Act, the following definitions apply:

“(1) CHILD RESTRAINT.—The term ‘child restraint’ means any product designed to provide restraint to a child (including booster seats and other products used with a lap and shoulder belt assembly) that meets applicable Federal motor vehicle safety standards prescribed by the National Highway Traffic Safety Administration.

“(2) PRODUCTION YEAR.—The term ‘production year’ means the 12-month period between September 1 of a year and August 31 of the following year.

“(3) PASSENGER MOTOR VEHICLE.—The term ‘passenger motor vehicle’ has the meaning given that term in section 405(f)(5) of title 23, United States Code.

“SEC. 8. AUTHORIZATION OF APPROPRIATIONS.

“(a) IN GENERAL.—There are authorized to be appropriated \$5,000,000 to the Secretary of Transportation for—

“(1) the evaluation required by section 6 of this Act; and

“(2) research of the nature and causes of injury to children involved in motor vehicle crashes.

“(b) LIMITATION.—Funds appropriated under subsection (a) shall not be available for the general administrative expenses of the Secretary.”

Pub. L. 106-414, §14, Nov. 1, 2000, 114 Stat. 1806, provided that:

“(a) IN GENERAL.—Not later than 12 months after the date of the enactment of this Act [Nov. 1, 2000], the Secretary of Transportation shall initiate a rulemaking for the purpose of improving the safety of child restraints, including minimizing head injuries from side impact collisions.

“(b) ELEMENTS FOR CONSIDERATION.—In the rulemaking required by subsection (a), the Secretary shall consider—

“(1) whether to require more comprehensive tests for child restraints than the current Federal motor vehicle safety standards requires, including the use of dynamic tests that—

CODIFICATION

Section 10301(a) of Pub. L. 109-59, which directed that this section be added at the end of subchapter II of chapter 301, without specifying the title to be amended, was executed by adding this section at the end of subchapter II of this chapter, to reflect the probable intent of Congress.

SUBCHAPTER III—IMPORTING NONCOMPLYING MOTOR VEHICLES AND EQUIPMENT

§ 30141. Importing motor vehicles capable of complying with standards

(a) GENERAL.—Section 30112(a) of this title does not apply to a motor vehicle if—

(1) on the initiative of the Secretary of Transportation or on petition of a manufacturer or importer registered under subsection (c) of this section, the Secretary decides—

(A) the vehicle is—

(i) substantially similar to a motor vehicle originally manufactured for import into and sale in the United States;

(ii) certified under section 30115 of this title;

(iii) the same model year (as defined under regulations of the Secretary of Transportation) as the model of the motor vehicle it is being compared to; and

(iv) capable of being readily altered to comply with applicable motor vehicle safety standards prescribed under this chapter; or

(B) if there is no substantially similar United States motor vehicle, the safety features of the vehicle comply with or are capable of being altered to comply with those standards based on destructive test information or other evidence the Secretary of Transportation decides is adequate;

(2) the vehicle is imported by a registered importer; and

(3) the registered importer pays the annual fee the Secretary of Transportation establishes under subsection (e) of this section to pay for the costs of carrying out the registration program for importers under subsection (c) of this section and any other fees the Secretary of Transportation establishes to pay for the costs of—

(A) processing bonds provided to the Secretary of the Treasury under subsection (d) of this section; and

(B) making the decisions under this subchapter.

(b) PROCEDURES ON DECIDING ON MOTOR VEHICLE CAPABILITY.—(1) The Secretary of Transportation shall establish by regulation procedures for making a decision under subsection (a)(1) of this section and the information a petitioner must provide to show clearly that the motor vehicle is capable of being brought into compliance with applicable motor vehicle safety standards prescribed under this chapter. In establishing the procedures, the Secretary shall provide for a minimum period of public notice and written comment consistent with ensuring expeditious, but complete, consideration and avoiding delay by any person. In making a decision under those procedures, the Secretary shall consider test information and other information available to the Secretary, including any information provided by the manufacturer. If the Secretary makes a negative decision, the Secretary may not make another decision for the same model until at least 3 calendar months have elapsed after the negative decision.

(2) The Secretary of Transportation shall publish each year in the Federal Register a list of all decisions made under subsection (a)(1) of this section. Each published decision applies to the model of the motor vehicle for which the decision was made. A positive decision permits another importer registered under subsection (c) of this section to import a vehicle of the same

model under this section if the importer complies with all the terms of the decision.

(c) REGISTRATION.—(1) The Secretary of Transportation shall establish procedures for registering a person who complies with requirements prescribed by the Secretary by regulation under this subsection, including—

(A) recordkeeping requirements;

(B) inspection of records and facilities related to motor vehicles the person has imported, altered, or both; and

(C) requirements that ensure that the importer (or a successor in interest) will be able technically and financially to carry out responsibilities under sections 30117(b), 30118–30121, and 30166(f) of this title.

(2) The Secretary of Transportation shall deny registration to a person whose registration is revoked under paragraph (4) of this subsection.

(3) The Secretary of Transportation may deny registration to a person that is or was owned or controlled by, or under common ownership or control with, a person whose registration was revoked under paragraph (4) of this subsection.

(4) The Secretary of Transportation shall establish procedures for—

(A) revoking or suspending a registration issued under paragraph (1) of this subsection for not complying with a requirement of this subchapter or any of sections 30112, 30115, 30117–30122, 30125(c), 30127, or 30166 of this title or regulations prescribed under this subchapter or any of those sections;

(B) automatically suspending a registration for not paying a fee under subsection (a)(3) of this section in a timely manner or for knowingly filing a false or misleading certification under section 30146 of this title; and

(C) reinstating suspended registrations.

(d) BONDS.—(1) A person importing a motor vehicle under this section shall provide a bond to the Secretary of the Treasury (acting for the Secretary of Transportation) and comply with the terms the Secretary of Transportation decides are appropriate to ensure that the vehicle—

(A) will comply with applicable motor vehicle safety standards prescribed under this chapter within a reasonable time (specified by the Secretary of Transportation) after the vehicle is imported; or

(B) will be exported (at no cost to the United States Government) by the Secretary of the Treasury or abandoned to the Government.

(2) The amount of the bond provided under this subsection shall be at least equal to the dutiable value of the motor vehicle (as determined by the Secretary of the Treasury) but not more than 150 percent of that value.

(e) FEE REVIEW, ADJUSTMENT, AND USE.—The Secretary of Transportation shall review and make appropriate adjustments at least every 2 years in the amounts of the fees required to be paid under subsection (a)(3) of this section. The Secretary of Transportation shall establish the fees for each fiscal year before the beginning of that year. All fees collected remain available until expended without fiscal year limit to the extent provided in advance by appropriation laws. The amounts are only for use by the Secretary of Transportation—

(1) in carrying out this section and sections 30146(a)–(c)(1), (d), and (e) and 30147(b) of this title; and

(2) in advancing to the Secretary of the Treasury amounts for costs incurred under this section and section 30146 of this title to reimburse the Secretary of the Treasury for those costs.

(B) providing that the Secretary of Transportation shall release the vehicle and bond promptly after an inspection under subsection (c) of this section showing compliance with the standards applicable to the vehicle.

(3) Each registered importer shall include on each motor vehicle released under this subsection a label prescribed by the Secretary of Transportation identifying the importer and stating that the vehicle has been altered by the importer to comply with the standards applicable to the vehicle.

(b) RELIANCE ON MANUFACTURER'S CERTIFICATION.—In making a certification under subsection (a)(1) of this section, the registered importer may rely on the manufacturer's certification for the model to which the motor vehicle involved is substantially similar if the importer certifies that any alteration made by the importer did not affect the compliance of the safety features of the vehicle and the importer keeps records verifying the certification for the period the Secretary of Transportation prescribes.

(c) EVIDENCE OF COMPLIANCE.—(1) The Secretary of Transportation may require that the certification under subsection (a)(1) of this section be accompanied by evidence of compliance the Secretary considers appropriate or may inspect the certified motor vehicle, or both. If the Secretary gives notice of an inspection, an importer may release the vehicle only after—

(A) an inspection showing the motor vehicle complies with applicable motor vehicle safety standards prescribed under this chapter for which the inspection was made; and

(B) release of the vehicle by the Secretary.

(2) The Secretary of Transportation shall inspect periodically a representative number of motor vehicles for which certifications have been filed under subsection (a)(1) of this section. In carrying out a motor vehicle testing program under this chapter, the Secretary shall include a representative number of motor vehicles for which certifications have been filed under subsection (a)(1).

(d) CHALLENGING THE CERTIFICATION.—A motor vehicle or bond may not be released under subsection (a) of this section if the Secretary of Transportation, not later than 30 days after receiving a certification under subsection (a)(1) of this section, gives written notice that the Secretary believes or has reason to believe that the certification is false or contains a misrepresentation.¹ The vehicle and bond may be released only after the Secretary is satisfied with the certification and any modification of the certification.

(e) BOND RELEASE.—A release of a bond required under section 30141(d) of this title is deemed an acceptance of a certification or completion of an inspection under this section but is not a decision by the Secretary of Transportation under section 30118(a) or (b) of this title of compliance with applicable motor vehicle safety standards prescribed under this chapter.

(b) AUTHORITY TO INSPECT AND INVESTIGATE.—(1) The Secretary of Transportation may conduct an inspection or investigation—

(1) at reasonable times, may inspect and copy any record related to this chapter;

(2) on request, may inspect records of a manufacturer, distributor, or dealer to decide whether the manufacturer, distributor, or dealer has complied or is complying with this chapter or a regulation prescribed or order issued under this chapter; and

(3) at reasonable times, in a reasonable way, and on display of proper credentials and written notice to an owner, operator, or agent in charge, may—

(e) RECORDS AND MAKING REPORTS.—The Secretary of Transportation reasonably may require a manufacturer of a motor vehicle or motor vehicle equipment to keep records, and a manufacturer, distributor, or dealer to make reports, to enable the Secretary to decide whether the manufacturer, distributor, or dealer has complied or is complying with this chapter or a regulation prescribed or order issued under this chapter. This subsection does not impose a recordkeeping requirement on a distributor or dealer in addition to those imposed under subsection (f) of this section and section 30117(b) of this title or a regulation prescribed or order issued under subsection (f) or section 30117(b).

(h) CIVIL ACTIONS TO ENFORCE AND VENUE.—A civil action to enforce a subpoena or order under subsection (g) of this section may be brought in the United States district court for any judicial district in which the proceeding is conducted. The court may punish a failure to obey an order of the court to comply with a subpoena or order as a contempt of court.

(2) REPORTING OF DEFECTS, FOREIGN GOVERNMENT DETERMINATION.—Not later than 5 working days after receiving notification that the government of a foreign country has determined that a safety recall or other safety campaign must be conducted in the foreign country on a motor vehicle or motor vehicle equipment that is identical or substantially similar to a motor vehicle or motor vehicle equipment offered for sale in the United States, the manufacturer of the motor vehicle or motor vehicle equipment shall report the determination to the Secretary.

(1) RULEMAKING REQUIRED.—Not later than 120 days after the date of the enactment of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act, the Secretary shall initiate a rulemaking proceeding to establish early warning reporting requirements for manufacturers of motor vehicles and motor vehicle equipment to enhance the Secretary's ability to carry out the provisions of this chapter.

(2) DEADLINE.—The Secretary shall issue a final rule under paragraph (1) not later than June 30, 2002.

(3) REPORTING ELEMENTS.—

(A) WARRANTY AND CLAIMS DATA.—As part of the final rule promulgated under para-

graph (1), the Secretary shall require manufacturers of motor vehicles and motor vehicle equipment to report, periodically or upon request by the Secretary, information which is received by the manufacturer derived from foreign and domestic sources to the extent that such information may assist in the identification of defects related to motor vehicle safety in motor vehicles and motor vehicle equipment in the United States and which concerns—

(i) data on claims submitted to the manufacturer for serious injuries (including death) and aggregate statistical data on property damage from alleged defects in a motor vehicle or in motor vehicle equipment; or

(ii) customer satisfaction campaigns, consumer advisories, recalls, or other activity involving the repair or replacement of motor vehicles or items of motor vehicle equipment.

(B) OTHER DATA.—As part of the final rule promulgated under paragraph (1), the Secretary may, to the extent that such information may assist in the identification of defects related to motor vehicle safety in motor vehicles and motor vehicle equipment in the United States, require manufacturers of motor vehicles or motor vehicle equipment to report, periodically or upon request of the Secretary, such information as the Secretary may request.

(C) REPORTING OF POSSIBLE DEFECTS.—The manufacturer of a motor vehicle or motor vehicle equipment shall report to the Secretary, in such manner as the Secretary establishes by regulation, all incidents of which the manufacturer receives actual notice which involve fatalities or serious injuries which are alleged or proven to have been caused by a possible defect in such manufacturer's motor vehicle or motor vehicle equipment in the United States, or in a foreign country when the possible defect is in a motor vehicle or motor vehicle equipment that is identical or substantially similar to a motor vehicle or motor vehicle equipment offered for sale in the United States.

(4) HANDLING AND UTILIZATION OF REPORTING ELEMENTS.—

(A) SECRETARY'S SPECIFICATIONS.—In requiring the reporting of any information requested by the Secretary under this subsection, the Secretary shall specify in the final rule promulgated under paragraph (1)—

(i) how such information will be reviewed and utilized to assist in the identification of defects related to motor vehicle safety;

(ii) the systems and processes the Secretary will employ or establish to review and utilize such information; and

(iii) the manner and form of reporting such information, including in electronic form.

(B) INFORMATION IN POSSESSION OF MANUFACTURER.—The regulations promulgated by the Secretary under paragraph (1) may not require a manufacturer of a motor vehicle or

motor vehicle equipment to maintain or submit records respecting information not in the possession of the manufacturer.

(C) DISCLOSURE.—None of the information collected pursuant to the final rule promulgated under paragraph (1) shall be disclosed pursuant to section 30167(b) unless the Secretary determines the disclosure of such information will assist in carrying out sections 30117(b) and 30118 through 30121.

(D) BURDENSOME REQUIREMENTS.—In promulgating the final rule under paragraph (1), the Secretary shall not impose requirements unduly burdensome to a manufacturer of a motor vehicle or motor vehicle equipment, taking into account the manufacturer's cost of complying with such requirements and the Secretary's ability to use the information sought in a meaningful manner to assist in the identification of defects related to motor vehicle safety.

(5) PERIODIC REVIEW.—As part of the final rule promulgated pursuant to paragraph (1), the Secretary shall specify procedures for the periodic review and update of such rule.

(2) DEFECT OR NONCOMPLIANCE REMEDIED OR ORDER NOT IN EFFECT.—Regulations under paragraph (1) shall not require the reporting described in paragraph (1) where before delivery under a sale or lease of a tire—

(A) the defect or noncompliance of the tire is remedied as required by section 30120; or

(B) notification of the defect or noncompliance is required under section 30118(b) but enforcement of the order is restrained or the order is set aside in a civil action to which section 30121(d) applies.
