It is therefore the policy of the Congress, and the purpose of this subchapter, to exercise the full reach of the Federal Government's constitutional powers in order to establish a comprehensive Federal program, in connection with the manufacture and sale of alcoholic beverages in or affecting interstate commerce, to deal with the provision of warning or other information with respect to any relationship between the consumption or abuse of alcoholic beverages and health, so that—

- (1) the public may be adequately reminded about any health hazards that may be associated with the consumption or abuse of alcoholic beverages through a nationally uniform, nonconfusing warning notice on each container of such beverages; and
(2) commerce and the national economy may be—

(A) protected to the maximum extent consistent with this declared policy,

(B) not impeded by diverse, nonuniform, and confusing requirements for warnings or other information on alcoholic beverage containers with respect to any relationship between the consumption or abuse of alcoholic beverages and health, and

(C) protected from the adverse effects that would result from a noncomprehensive program covering alcoholic beverage containers sold in interstate commerce, but not alcoholic beverage containers manufactured and sold within a single State.
