(a) Assistance to States to establish American Health Benefit Exchanges

(1) Planning and establishment grants

There shall be appropriated to the Secretary, out of any moneys in the Treasury not otherwise appropriated, an amount necessary to enable the Secretary to make awards, not later than 1 year after March 23, 2010, to States in the amount specified in paragraph (2) for the uses described in paragraph (3).

(2) Amount specified

- (A) facilitates the purchase of qualified health plans;
- (B) provides for the establishment of a Small Business Health Options Program (in this title¹ referred to as a “SHOP Exchange”) that is designed to assist qualified employers in the State who are small em-

ployers in facilitating the enrollment of their employees in qualified health plans offered in the small group market in the State; and

- (C) meets the requirements of subsection (d).

(2) Merger of individual and SHOP Exchanges

A State may elect to provide only one Exchange in the State for providing both Exchange and SHOP Exchange services to both qualified individuals and qualified small employers, but only if the Exchange has adequate resources to assist such individuals and employers.

(c) Responsibilities of the Secretary

(1) In general

The Secretary shall, by regulation, establish criteria for the certification of health plans as qualified health plans. Such criteria shall require that, to be certified, a plan shall, at a minimum—

- (A) meet marketing requirements, and not employ marketing practices or benefit designs that have the effect of discouraging the enrollment in such plan by individuals with significant health needs;

(B) ensure a sufficient choice of providers (in a manner consistent with applicable network adequacy provisions under section 2702(c) of the Public Health Service Act [42 U.S.C. 300gg-1(c)]), and provide information to enrollees and prospective enrollees on the availability of in-network and out-of-network providers;

(C) include within health insurance plan networks those essential community providers, where available, that serve predominately low-income, medically-underserved individuals, such as health care providers defined in section 340B(a)(4) of the Public Health Service Act [42 U.S.C. 256b(a)(4)] and providers described in section 1927(c)(1)(D)(i)(IV) of the Social Security Act [42 U.S.C. 1396r-8(c)(1)(D)(i)(IV)] as set forth by section 221 of Public Law 111-8, except that nothing in this subparagraph shall be construed to require any health plan to provide coverage for any specific medical procedure;

(D)(i) be accredited with respect to local performance on clinical quality measures such as the Healthcare Effectiveness Data and Information Set, patient experience ratings on a standardized Consumer Assessment of Healthcare Providers and Systems survey, as well as consumer access, utilization management, quality assurance, provider credentialing, complaints and appeals, network adequacy and access, and patient information programs by any entity recognized by the Secretary for the accreditation of health insurance issuers or plans (so long as any such entity has transparent and rigorous methodological and scoring criteria); or

(ii) receive such accreditation within a period established by an Exchange for such accreditation that is applicable to all qualified health plans;

(E) implement a quality improvement strategy described in subsection (g)(1);

¹ See References in Text note below.

(G) utilize the standard format established for presenting health benefits plan options;

(H) provide information to enrollees and prospective enrollees, and to each Exchange in which the plan is offered, on any quality measures for health plan performance endorsed under section 399JJ of the Public Health Service Act [42 U.S.C. 280j-2], as applicable; and

Nothing in paragraph (1)(C) shall be construed to require a qualified health plan to contract with a provider described in such paragraph if such provider refuses to accept the generally applicable payment rates of such plan.

(3) Rating system

The Secretary shall develop a rating system that would rate qualified health plans offered through an Exchange in each benefits level on the basis of the relative quality and price. The Exchange shall include the quality rating in the information provided to individuals and employers through the Internet portal established under paragraph (4).

(4) Enrollee satisfaction system

The Secretary shall develop an enrollee satisfaction survey system that would evaluate the level of enrollee satisfaction with qualified health plans offered through an Exchange, for each such qualified health plan that had more than 500 enrollees in the previous year. The Exchange shall include enrollee satisfaction information in the information provided to individuals and employers through the Internet portal established under paragraph (5) in a manner that allows individuals to easily compare enrollee satisfaction levels between comparable plans.

(5) Internet portals

The Secretary shall—

(A) continue to operate, maintain, and update the Internet portal developed under section 18003(a) of this title and to assist States in developing and maintaining their own such portal; and

(B) make available for use by Exchanges a model template for an Internet portal that may be used to direct qualified individuals and qualified employers to qualified health plans, to assist such individuals and employers in determining whether they are eligible to participate in an Exchange or eligible for

a premium tax credit or cost-sharing reduction, and to present standardized information (including quality ratings) regarding qualified health plans offered through an Exchange to assist consumers in making easy health insurance choices.

Such template shall include, with respect to each qualified health plan offered through the Exchange in each rating area, access to the uniform outline of coverage the plan is required to provide under section 2716¹ of the Public Health Service Act and to a copy of the plan's written policy.

(6) Enrollment periods

The Secretary shall require an Exchange to provide for—

(3) Rules relating to additional required benefits

A State shall make payments—

(I) to an individual enrolled in a qualified health plan offered in such State; or

the individual's employer, covering the individual; or

(ii) the individual meets the requirements for any other such exemption from the individual responsibility requirement or penalty;

(K) establish the Navigator program described in subsection (i).

(5) Funding limitations**(A) No Federal funds for continued operations**

In establishing an Exchange under this section, the State shall ensure that such Exchange is self-sustaining beginning on January 1, 2015, including allowing the Exchange to charge assessments or user fees to participating health insurance issuers, or to otherwise generate funding, to support its operations.

Such information shall also include monies lost to waste, fraud, and abuse.

(e) Certification

(1) In general

An Exchange may certify a health plan as a qualified health plan if—

(A) such health plan meets the requirements for certification as promulgated by the Secretary under subsection (c)(1); and

(B) the Exchange determines that making available such health plan through such Exchange is in the interests of qualified individuals and qualified employers in the State or States in which such Exchange operates, except that the Exchange may not exclude a health plan—

(i) on the basis that such plan is a fee-for-service plan;

(ii) through the imposition of premium price controls; or

(iii) on the basis that the plan provides treatments necessary to prevent patients' deaths in circumstances the Exchange determines are inappropriate or too costly.

(2) Premium considerations

The Exchange shall require health plans seeking certification as qualified health plans to submit a justification for any premium increase prior to implementation of the increase. Such plans shall prominently post such information on their websites. The Exchange shall take this information, and the information and the recommendations provided to the Exchange by the State under section 2794(b)(1)¹ of the Public Health Service Act [42 U.S.C. 300gg-94(b)(1)] (relating to patterns or practices of excessive or unjustified premium increases), into consideration when determining whether to make such health plan available through the Exchange. The Secretary and the Secretary of Labor shall jointly develop and issue guidance on best practices of plain language writing.

(C) Cost sharing transparency

The Exchange shall require health plans seeking certification as qualified health plans to permit individuals to learn the amount of cost-sharing (including deductibles, copayments, and coinsurance) under the individual's plan or coverage that the individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider in a timely manner upon the request of the individual. At a minimum, such information shall be made available to such individual through an Internet website and such other means for individuals without access to the Internet.

(D) Group health plans

The Secretary of Labor shall update and harmonize the Secretary's rules concerning the accurate and timely disclosure to participants by group health plans of plan disclosure, plan terms and conditions, and periodic financial disclosure with the standards established by the Secretary under subparagraph (A).
