(E) Treatment of foreign exchange swaps and forwards

(i) In general

(ii) Congressional notice; effectiveness

The Secretary shall submit any written determination under clause (i) to the appropriate committees of Congress, including the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives. Any such written determination by the Secretary shall not be effective until it is submitted to the appropriate committees of Congress.

(iii) Reporting

Notwithstanding a written determination by the Secretary under clause (i), all foreign exchange swaps and foreign exchange forwards shall be reported to either a swap data repository, or, if there is no swap data repository that would accept such swaps or forwards, to the Commission pursuant to section 6r of this title within such time period as the Commission may by rule or regulation prescribe.

(iv) Business standards

Notwithstanding a written determination by the Secretary pursuant to clause (i), any party to a foreign exchange swap or forward that is a swap dealer or major swap participant shall conform to the business conduct standards contained in section 6s(h) of this title.

For purposes of this subparagraph, the term “Secretary” means the Secretary of the Treasury.

(F) Exception for certain foreign exchange swaps and forwards

(i) Registered entities

Any foreign exchange swap and any foreign exchange forward that is listed and traded on or subject to the rules of a designated contract market or a swap execution facility, or that is cleared by a derivatives clearing organization, shall not be exempt from any provision of this chapter or amendments made by the Wall Street Transparency and Accountability Act of 2010 prohibiting fraud or manipulation.

(ii) Retail transactions

Nothing in subparagraph (E) shall affect, or be construed to affect, the applicability of this chapter or the jurisdiction of the Commission with respect to agreements, contracts, or transactions in foreign currency pursuant to section 2(c)(2) of this title.

(48) Swap data repository

The term “swap data repository” means any person that collects and maintains information or records with respect to transactions or positions in, or the terms and conditions of, swaps entered into by third parties for the purpose of providing a centralized recordkeeping facility for swaps.

(49) Swap dealer

(A) In general

The term “swap dealer” means any person who—

(i) holds itself out as a dealer in swaps;

(ii) makes a market in swaps;

(iii) regularly enters into swaps with counterparties as an ordinary course of business for its own account; or

(iv) engages in any activity causing the person to be commonly known in the trade as a dealer or market maker in swaps, provided however, in no event shall an insured depository institution be considered to be a swap dealer to the extent it offers to enter into a swap with a customer in connection with originating a loan with that customer.

(B) Inclusion

A person may be designated as a swap dealer for a single type or single class or category of swap or activities and considered not to be a swap dealer for other types, classes, or categories of swaps or activities.

(B) is not a designated contract market.

(51) Trading facility

(A) In general

The term "trading facility" means a person or group of persons that constitutes, maintains, or provides a physical or electronic facility or system in which multiple participants have the ability to execute or trade agreements, contracts, or transactions—

(ii) through the interaction of multiple bids or multiple offers within a system with a pre-determined non-discretionary automated trade matching and execution algorithm.

(B) Exclusions

The term "trading facility" does not include—

(i) a person or group of persons solely because the person or group of persons constitutes, maintains, or provides an electronic facility or system that enables participants to negotiate the terms of and enter into bilateral transactions as a result of communications exchanged by the parties and not from interaction of multiple bids and multiple offers within a predetermined, nondiscretionary automated trade matching and execution algorithm;

(ii) a government securities dealer or government securities broker, to the extent that the dealer or broker executes or trades agreements, contracts, or transactions in government securities, or assists persons in communicating about, negotiating, entering into, executing, or trading an agreement, contract, or transaction in government securities (as the terms "government securities dealer", "government securities broker", and "government securities" are defined in section 3(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a))); or

(iii) facilities on which bids and offers, and acceptances of bids and offers effected on the facility, are not binding.

Any person, group of persons, dealer, broker, or facility described in clause (i) or (ii) is excluded from the meaning of the term "trading facility" for the purposes of this chapter without any prior specific approval, certification, or other action by the Commission.

(C) Special rule

A person or group of persons that would not otherwise constitute a trading facility shall not be considered to be a trading facility solely as a result of the submission to a derivatives clearing organization of transactions executed on or through the person or group of persons.

EFFECTIVE DATE

§ 1b. Requirements of Secretary of the Treasury regarding exemption of foreign exchange swaps and foreign exchange forwards from definition of the term “swap”

(a) Required considerations

In determining whether to exempt foreign exchange swaps and foreign exchange forwards from the definition of the term “swap”, the Secretary of the Treasury (referred to in this section as the “Secretary”) shall consider—

(1) whether the required trading and clearing of foreign exchange swaps and foreign exchange forwards would create systemic risk, lower transparency, or threaten the financial stability of the United States;

(2) whether foreign exchange swaps and foreign exchange forwards are already subject to a regulatory scheme that is materially comparable to that established by this chapter for other classes of swaps;

(3) the extent to which bank regulators of participants in the foreign exchange market provide adequate supervision, including capital and margin requirements;

(4) the extent of adequate payment and settlement systems; and

(5) the use of a potential exemption of foreign exchange swaps and foreign exchange forwards to evade otherwise applicable regulatory requirements.

(b) Determination

If the Secretary makes a determination to exempt foreign exchange swaps and foreign exchange forwards from the definition of the term “swap”, the Secretary shall submit to the appropriate committees of Congress a determination that contains—

The Commission may not designate or register a board of trade as a contract market or derivatives transaction execution facility based on such application until forty-five days after the date the Commission delivers the application to such agencies or until the Commission receives comments from each of such agencies on the application, whichever period is shorter. Any comments received by the Commission from such agencies shall be included as part of the public record of the Commission’s designation proceeding. In designating, registering, or refusing, suspending, or revoking the designation or registration of, a board of trade as a contract market or derivatives transaction execution facility involving transactions for future delivery referred to in this clause or in considering any possible action under this chapter (including without limitation emergency action under section 12a(9) of this title) with respect to such transactions, the Commission shall take into consideration all comments it receives from the Department of the Treasury and the Board of Governors of the Federal Reserve System and shall consider the effect that any such designation, registration, suspension, revocation, or action may have on the debt financing requirements of the United States Government and the continued efficiency and integrity of the underlying market for government securities.

(iii) The provisions of this subparagraph shall not create any rights, liabilities, or obligations upon which actions may be brought against the Commission.

(B) Whenever the Commission transmits any legislative recommendations, or testimony, or comments on legislation to the President or the Office of Management and Budget, it shall concurrently transmit copies thereof to the House Committee on Agriculture and the Senate Committee on Agriculture, Nutrition, and Forestry. No officer or agency of the United States shall have any authority to require the Commission to submit its legislative recommendations, or testimony, or comments on legislation to any officer or agency of the United States for approval, comments, or review, prior to the submission of such recommendations, testimony, or comments to the Congress. In instances in which the Commission voluntarily seeks to obtain the comments or review of any officer or agency of the United States, the Commission shall include a
description of such actions in its legislative recommendations, testimony, or comments on legislation which it transmits to the Congress. (C) Whenever the Commission issues for official publication any opinion, release, rule, order, interpretation, or other determination on a matter, the Commission shall provide that any dissenting, concurring, or separate opinion by any Commissioner on the matter be published in full along with the Commission opinion, release, rule, order, interpretation, or determination.

(iii) to specify the appropriate time delay for reporting large notional swap transactions (block trades) to the public; and

(iv) that take into account whether the public disclosure will materially reduce market liquidity.

(F) Timeliness of reporting

(1) In general

Nothing in this chapter (other than section 16(e)(2)(B) of this title) governs or is applicable to a hybrid instrument that is predominantly a security.

(h) Clearing requirement

(1) In general

(A) Standard for clearing

It shall be unlawful for any person to engage in a swap unless that person submits such swap for clearing to a derivatives clearing organization that is registered under this chapter or a derivatives clearing organization that is exempt from registration under this chapter if the swap is required to be cleared.

(B) Open access

The rules of a derivatives clearing organization described in subparagraph (A) shall—

(i) prescribe that all swaps (but not contracts of sale of a commodity for future delivery or options on such contracts) sub-
mitted to the derivatives clearing organization with the same terms and conditions are economically equivalent within the derivatives clearing organization and may be offset with each other within the derivatives clearing organization.

(ii) provide for non-discriminatory clearing of a swap (but not a contract of sale of a commodity for future delivery or option on such contract) executed bilaterally or on or through the rules of an unaffiliated designated contract market or swap execution facility.

(2) Commission review

(A) Commission-initiated review

(i) The Commission on an ongoing basis shall review each swap, or any group, category, type, or class of swaps to make a determination as to whether the swap or group, category, type, or class of swaps should be required to be cleared.

(ii) The Commission shall provide at least a 30-day public comment period regarding any determination made under clause (i).

(B) Swap submissions

(i) A derivatives clearing organization shall submit to the Commission each swap, or any group, category, type, or class of swaps that it plans to accept for clearing, and provide notice to its members (in a manner to be determined by the Commission) of the submission.

(ii) Any swap or group, category, type, or class of swaps listed for clearing by a derivatives clearing organization as of July 21, 2010, shall be considered submitted to the Commission.

(iii) The Commission shall—

(1) make available to the public submissions received under clauses (i) and (ii);

(2) review each submission made under clauses (i) and (ii), and determine whether the swap, or group, category, type, or class of swaps described in the submission is required to be cleared; and

(3) provide at least a 30-day public comment period regarding its determination as to whether the clearing requirement under paragraph (1)(A) shall apply to the submission.

(C) Deadline

The Commission shall make its determination under subparagraph (B)(ii) not later than 90 days after receiving a submission made under subparagraphs (B)(i) and (B)(ii), unless the submitting derivatives clearing organization agrees to an extension for the time limitation established under this subparagraph.

(D) Determination

(i) In reviewing a submission made under subparagraph (B), the Commission shall review whether the submission is consistent with section 7a–1(c)(2) of this title.

(ii) In reviewing a swap, group of swaps, or class of swaps pursuant to subparagraph (A) or a submission made under subparagraph (B), the Commission shall take into account the following factors:

(1) The existence of significant outstanding notional exposures, trading liquidity, and adequate pricing data.

(II) The availability of rule framework, capacity, operational expertise and resources, and credit support infrastructure to clear the contract on terms that are consistent with the material terms and trading conventions on which the contract is then traded.

(III) The effect on the mitigation of systemic risk, taking into account the size of the market for such contract and the resources of the derivatives clearing organization available to clear the contract.

(IV) The effect on competition, including appropriate fees and charges applied to clearing.

(V) The existence of reasonable legal certainty in the event of the insolvency of the relevant derivatives clearing organization or 1 or more of its clearing members with regard to the treatment of customer and swap counterparty positions, funds, and property.

(iii) In making a determination under subparagraph (A) or (B)(iii) that the clearing requirement shall apply, the Commission may require such terms and conditions to the requirement as the Commission determines to be appropriate.

(E) Rules

Not later than 1 year after July 21, 2010, the Commission shall adopt rules for a derivatives clearing organization’s submission for review, pursuant to this paragraph, of a swap, or a group, category, type, or class of swaps, that it seeks to accept for clearing. Nothing in this subparagraph limits the Commission from making a determination under subparagraph (B)(iii) for swaps described in subparagraph (B)(ii).

(3) Stay of clearing requirement

(A) In general

After making a determination pursuant to paragraph (2)(B), the Commission, on application of a counterparty to a swap or on its own initiative, may stay the clearing requirement of paragraph (1) until the Commission completes a review of the terms of the swap (or the group, category, type, or class of swaps) and the clearing arrangement.

(B) Deadline

The Commission shall complete a review undertaken pursuant to subparagraph (A) not later than 90 days after issuance of the stay, unless the derivatives clearing organization that clears the swap, or group, category, type, or class of swaps agrees to an extension of the time limitation established under this subparagraph.

(C) Determination

Upon completion of the review undertaken pursuant to subparagraph (A), the Commission may—

(i) determine, unconditionally or subject to such terms and conditions as the Com-
mission determines to be appropriate, that the swap, or group, category, type, or class of swaps must be cleared pursuant to this subsection if it finds that such clearing is consistent with paragraph (2)(D); or
(ii) determine that the clearing requirement of paragraph (1) shall not apply to the swap, or group, category, type, or class of swaps.

(D) Rules
Not later than 1 year after July 21, 2010, the Commission shall adopt rules for reviewing, pursuant to this paragraph, a derivatives clearing organization’s clearing of a swap, or a group, category, type, or class of swaps, that it has accepted for clearing.

(4) Prevention of evasion

(A) In general
The Commission shall prescribe rules under this subsection (and issue interpretations of rules prescribed under this subsection) as determined by the Commission to be necessary to prevent evasions of the mandatory clearing requirements under this chapter.

(B) Duty of Commission to investigate and take certain actions
To the extent the Commission finds that a particular swap, group, category, type, or class of swaps would otherwise be subject to mandatory clearing but no derivatives clearing organization has listed the swap, group, category, type, or class of swaps for clearing, the Commission shall—
(i) investigate the relevant facts and circumstances;
(ii) within 30 days issue a public report containing the results of the investigation; and
(iii) take such actions as the Commission determines to be necessary and in the public interest, which may include requiring the retaining of adequate margin or capital by parties to the swap, group, category, type, or class of swaps.

§ 5. Findings and purpose

(a) Findings

The transactions subject to this chapter are entered into regularly in interstate and international commerce and are affected with a national public interest by providing a means for managing and assuming price risks, discovering prices, or disseminating pricing information through trading in liquid, fair and financially secure trading facilities.

(b) Purpose

It is the purpose of this chapter to serve the public interests described in subsection (a) of this section through a system of effective self-regulation of trading facilities, clearing systems, market participants and market professionals under the oversight of the Commission. To foster these public interests, it is further the purpose of this chapter to deter and prevent price manipulation or any other disruptions to market integrity; to ensure the financial integrity of all transactions subject to this chapter and the avoidance of systemic risk; to protect all market participants from fraudulent or other abusive sales practices and misuses of customer assets; and to promote responsible innovation and fair competition among boards of trade, other markets and market participants.

(Sept. 21, 1922, ch. 369, §3, as added Pub. L. 93–463, title I, §101(a)(3), Oct. 23, 1974, 88 Stat. 1389, as amended, which related to the Commodity Futures Trading Commission, was transferred to section 2(a)(2) to (11) of this title.)

§ 6. Regulation of futures trading and foreign transactions

Unless exempted by the Commission pursuant to subsection (c) or by subsection (e), it shall be unlawful for any person to offer to enter into, to enter into, to execute, to confirm the execution of, or to conduct any office or business anywhere in the United States, its territories or possessions, for the purpose of soliciting or accepting any order for, or otherwise dealing in, any transaction in, or in connection with, a contract for the purchase or sale of a commodity for future delivery (other than a contract which is made on or subject to the rules of a board of trade, exchange, or market located outside the United States, its territories or possessions) unless—

1. such transaction is conducted on or subject to the rules of a board of trade which has been designated or registered by the Commission as a contract market or derivatives transaction execution facility for such commodity;

2. such contract is executed or consummated by or through a contract market; and

3. such contract is evidenced by a record in writing which shows the date, the parties to such contract and their addresses, the property covered and its price, and the terms of delivery: Provided, That each contract market or derivatives transaction execution facility member shall keep such record for a period of three years from the date thereof, or for a longer period if the Commission shall so direct, which record shall at all times be open to the inspection of any representative of the Commission or the Department of Justice.

(b) Regulation of foreign transactions by United States persons

(1) Foreign boards of trade

(A) Registration

The Commission may adopt rules and regulations requiring registration with the Commission for a foreign board of trade that provides the members of the foreign board of trade or other participants located in the United States with direct access to the electronic trading and order matching system of the foreign board of trade, including rules and regulations prescribing procedures and requirements applicable to the registration of such foreign boards of trade. For purposes of this paragraph, “direct access” refers to an explicit grant of authority by a foreign board of trade to an identified member or other participant located in the United States to enter trades directly into the trade matching system of the foreign board of trade. In adopting such rules and regulations, the commission shall consider—

(i) whether any such foreign board of trade is subject to comparable, comprehensive supervision and regulation by the appropriate governmental authorities in the foreign board of trade’s home country; and

(ii) any previous commission findings that the foreign board of trade is subject to comparable comprehensive supervision and regulation by the appropriate government authorities in the foreign board of trade’s home country.

(B) Linked contacts

The Commission may not permit a foreign board of trade to provide to the members of the foreign board of trade or other participants located in the United States direct access to the electronic trading and order-matching system of the foreign board of trade with respect to an agreement, con-

tract, or transaction that settles against any price (including the daily or final settlement price) of 1 or more contracts listed for trading on a registered entity, unless the Commission determines that—

(i) the foreign board of trade makes public daily trading information regarding the agreement, contract, or transaction that is comparable to the daily trading information published by the registered entity for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles; and

(ii) the foreign board of trade (or the foreign futures authority that oversees the foreign board of trade) determines to be necessary to prevent or reduce the threat of price manipulation, excessive speculation as described in section 6a of this title, price distortion, or disruption of delivery or the cash settlement process;

(III) agrees to promptly notify the Commission, with regard to the agreement, contract, or transaction that settles against any price (including the daily or final settlement price) of 1 or more contracts listed for trading on a registered entity, of any change regarding—

(aa) the information that the foreign board of trade will make publicly available;

(bb) the position limits that the foreign board of trade or foreign futures authority will adopt and enforce;

(cc) the position reductions required to prevent manipulation, excessive speculation as described in section 6a of this title, price distortion, or disruption of delivery or the cash settlement process; and

(dd) any other area of interest expressed by the Commission to the foreign board of trade or foreign futures authority;

(IV) provides information to the Commission regarding large trader positions in the agreement, contract, or transaction that is comparable to the large trader position information collected by the Commission for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles; and

(V) provides the Commission such information as is necessary to publish reports on aggregate trader positions for the agreement, contract, or transaction traded on the foreign board of trade that are comparable to such reports on aggregate trader positions for the 1 or more contracts against which the agreement, contract, or transaction traded on the foreign board of trade settles.

(C) Existing foreign boards of trade

Subparagraphs (A) and (B) shall not be effective with respect to any foreign board of trade to which, prior to July 21, 2010, the Commission granted direct access permission until the date that is 180 days after July 21, 2010.

(2) Persons located in the United States

(A) In general

The Commission may adopt rules and regulations prescribing and requiring minimum financial standards, the disclosure of risk, the filing of reports, the keeping of books and records, the safeguarding of customers’ funds, and registration with the Commission by any person located in the United States, its territories or possessions, who engages in the offer or sale of any contract of sale of a commodity for future delivery that is made or to be made on or subject to the rules of a board of trade, exchange, or market located outside the United States, its territories or possessions.

(B) Different requirements

Rules and regulations described in subparagraph (A) may impose different requirements for such persons depending upon the particular foreign board of trade, exchange, or market involved.

(C) Prohibition

Except as provided in paragraphs (1) and (2), no rule or regulation may be adopted by the Commission under this subsection that—

(i) requires Commission approval of any contract, rule, regulation, or action of any foreign board of trade, exchange, or market, or clearinghouse for such board of trade, exchange, or market; or

(ii) governs in any way any rule or contract term or action of any foreign board of trade, exchange, or market, or clearinghouse for such board of trade, exchange, or market.

(c) Public interest exemptions

(1) In order to promote responsible economic or financial innovation and fair competition, the Commission by rule, regulation, or order, after notice and opportunity for hearing, may (on its own initiative or on application of any person, including any board of trade designated or registered as a contract market or derivatives transaction execution facility for transactions for future delivery in any commodity under section 7 of this title) exempt any agreement, contract, or transaction (or class thereof) that is otherwise subject to subsection (a) of this section (including any person or class of persons offering, entering into, rendering advice or rendering other services with respect to, the agree-
ent, contract, or transaction), either unconditionally or on stated terms or conditions or for stated periods and either retroactively or prospectively, or both, from any of the requirements of subsection (a) of this section, or from any other provision of this chapter (except subparagraphs (C)(ii) and (D) of section 2(a)(1) of this title, except that—

(A) unless the Commission is expressly authorized by any provision described in this subparagraph to grant exemptions, with respect to amendments made by subtitle A of the Wall Street Transparency and Accountability Act of 2010—

(i) with respect to—

(I) paragraphs (2), (3), (4), (5), and (7), paragraph (18)(A)(vi)(III), paragraphs (23), (24), (31), (32), (38), (39), (41), (42), (46), (47), (48), and (49) of section 2(a)(1) of this title, and sections 2(a)(13), 2(c)(1)(D), 6(a)(a), 6(a)(b), 6(d)(c), 6(d)(d), 6(r), 7a–1(a), 7a–1(b), 7(d), 7(g), 7(h), 7(l), 12(e), and 24a of this title; and

(II) section 206(e) of the Gramm-Leach-Bliley Act (Public Law 106–102; 15 U.S.C. 78c note); and

(ii) in sections 721(c) and 742 of the Dodd-Frank Wall Street Reform and Consumer Protection Act; and

(B) the Commission and the Securities and Exchange Commission may by rule, regulation, or order jointly exclude any agreement, contract, or transaction from section 2(a)(1)(D) of this title4 if the Commissions determine that the exemption would be consistent with the public interest.

(2) The Commission shall not grant any exemption under paragraph (1) from any of the requirements of subsection (a) of this section unless the Commission determines that—

(A) the requirement should not be applied to the agreement, contract, or transaction for which the exemption is sought and that the exemption would be consistent with the public interest and the purposes of this chapter; and

(B) the agreement, contract, or transaction—

(i) will be entered into solely between appropriate persons; and

(ii) will not have a material adverse effect on the ability of the Commission or any contract market or derivatives transaction execution facility to discharge its regulatory or self-regulatory duties under this chapter.

(3) For purposes of this subsection, the term “appropriate person” shall be limited to the following persons or classes thereof:

(A) A bank or trust company (acting in an individual or fiduciary capacity).

(F) A corporation, partnership, proprietorship, organization, trust, or other business entity with a net worth exceeding $1,000,000 or total assets exceeding $5,000,000, or the obligations of which under the agreement, contract or transaction are guaranteed or otherwise supported by a letter of credit or keepwell, support, or other agreement by any such entity or by an entity referred to in subparagraph (A), (B), (C), (H), (I), or (K) of this paragraph.

(G) An employee benefit plan with assets exceeding $1,000,000, or whose investment decisions are made by a bank, trust company, insurance company, investment adviser registered under the Investment Advisers Act of 1940 (15 U.S.C. 80b–1 et seq.), or a commodity trading advisor subject to regulation under this chapter.

(K) Such other persons that the Commission determines to be appropriate in light of their financial or other qualifications, or the applicability of appropriate regulatory protections.

(4) During the pendency of an application for an order granting an exemption under paragraph (1), the Commission may limit the public availability of any information received from the applicant if the applicant submits a written request to limit disclosure contemporaneous with the application, and the Commission determines that—

(A) the information sought to be restricted constitutes a trade secret; or

(B) public disclosure of the information would result in material competitive harm to the applicant.

(5) The Commission may—

(A) promptly following October 28, 1992, or upon application by any person, exercise the exemptive authority granted under paragraph (1) with respect to classes of hybrid instruments that are predominantly securities or depository instruments, to the extent that such instruments may be regarded as subject to the provisions of this chapter; or

Any exemption pursuant to this paragraph shall be subject to such terms and conditions as the Commission shall determine to be appropriate pursuant to paragraph (1).

(6) If the Commission determines that the exemption is not consistent with the public interest and the purposes of this chapter, the Commission shall, in accordance with paragraphs (1) and (2), exempt from the requirements of this chapter an agreement, contract, or transaction that is entered into—

(A) pursuant to a tariff or rate schedule approved or permitted to take effect by the Federal Energy Regulatory Commission;

(B) pursuant to a tariff or rate schedule establishing rates or charges for, or protocols governing, the sale of electric energy approved or permitted to take effect by the regulatory authority of the State or municipality having jurisdiction to regulate rates and charges for the sale of electric energy within the State or municipality; or

(7) Effect of exemption on investigative authority of Commission

The granting of an exemption under this section shall not affect the authority of the Commission under any other provision of this chapter to conduct investigations in order to determine compliance with the requirements or conditions of such exemption or to take enforcement action for any violation of any provision of this chapter or any rule, regulation or order thereunder caused by the failure to comply with or satisfy such conditions or requirements.

(e) Liability of registered persons trading on a foreign board of trade

(1) In general

A person registered with the Commission, or exempt from registration by the Commission, under this chapter may not be found to have violated subsection (a) with respect to a transaction in, or in connection with, a contract of sale of a commodity for future delivery if the person—

(A) has reason to believe that the transaction and the contract is made on or subject to the rules of a foreign board of trade that is—

(i) legally organized under the laws of a foreign country;

(ii) authorized to act as a board of trade by a foreign futures authority; and

(iii) subject to regulation by the foreign futures authority; and

(B) has not been determined by the Commission to be operating in violation of subsection (a).

(2) Rule of construction

Nothing in this subsection shall be construed as implying or creating any presumption that a board of trade, exchange, or market is located outside the United States, or its territories or possessions, for purposes of subsection (a).

(b).

§ 6a. Excessive speculation

(a) Burden on interstate commerce; trading or position limits

(1) In general

Excessive speculation in any commodity under contracts of sale of such commodity for future delivery made on or subject to the rules of contract markets or derivatives transaction execution facilities, or swaps that perform or affect a significant price discovery function with respect to registered entities causing sudden or unreasonable fluctuations or unwarranted changes in the price of such commodity, is an undue and unnecessary burden on interstate commerce in such commodity. For the purpose of diminishing, eliminating, or preventing such burden, the Commission shall, from time to time, after due notice and opportunity for hearing, by rule, regulation, or order, proclaim and fix such limits on the amounts of trading which may be done or positions which may be held by any person, including any group or class of traders, under contracts of sale of such commodity for future delivery on or subject to the rules of any contract market or derivatives transaction execution facility, or swaps traded on or subject to the rules of a designated contract market or a swap execution facility, or swaps not traded on or subject to the rules of a designated contract market or a swap execution facility that performs a significant price discovery function with respect to a registered entity, as the Commission finds are necessary to diminish, eliminate, or prevent such burden. In determining whether any person has exceeded such limits, the positions held and trading done by any persons directly or indirectly controlled by such person shall be included with the positions held and trading done by such person; and further, such limits upon positions and trading shall apply to positions held by, and trading done by, two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading were done by, a single person. Nothing in this section shall be construed to prohibit the Commission from fixing different trading or position limits for different commodities, markets, futures, or delivery months, or for different number of days remaining until the last day of trading in a contract, or different trading limits for buying and selling operations, or different limits for the purposes of paragraphs (1) and (2) of subsection (b) of this section, or from exempting transactions normally known to the trade as “spreads” or “straddles” or “arbitrage” or from fixing limits applying to such transactions or positions different from limits fixed for other transactions or positions. The word “arbitrage” in domestic markets shall be defined to mean the same as “spread” or “straddle”. The Commission is authorized to define the term “international arbitrage”.

Effective Date of 1936 Amendment

Amendment by act June 15, 1936, effective 90 days after June 15, 1936, see section 13 of that act, set out as a note under section 1 of this title.

Effective Date of 1974 Amendment

For effective date of amendment by Pub. L. 93–463, see section 418 of Pub. L. 93–463, set out as a note under section 2 of this title.
(2) Establishment of limitations

(A) In general

In accordance with the standards set forth in paragraph (1) of this subsection and consistent with the good faith exception cited in subsection (b)(2), with respect to physical commodities other than excluded commodities as defined by the Commission, the Commission shall by rule, regulation, or order establish limits on the amount of positions, as appropriate, other than bona fide hedge positions, that may be held by any person with respect to contracts of sale for future delivery or with respect to options on the contracts or commodities traded on or subject to the rules of a designated contract market.

(B) Timing

(i) Exempt commodities

For exempt commodities, the limits required under subparagraph (A) shall be established within 360 days after July 21, 2010.

(ii) Agricultural commodities

For agricultural commodities, the limits required under subparagraph (A) shall be established within 270 days after July 21, 2010.

(C) Goal

In establishing the limits required under subparagraph (A), the Commission shall strive to ensure that trading on foreign boards of trade in the same commodity will be subject to comparable limits and that any limits to be imposed by the Commission will not cause price discovery in the commodity to shift to trading on the foreign boards of trade.

(3) Specific limitations

In establishing the limits required in paragraph (2), the Commission, as appropriate, shall set limits—

(A) on the number of positions that may be held by any person for the spot month, each other month, and the aggregate number of positions that may be held by any person for all months; and

(B) to the maximum extent practicable, in its discretion—

(i) to diminish, eliminate, or prevent excessive speculation as described under this section;

(ii) to deter and prevent market manipulation, squeezes, and corners;

(iii) to ensure sufficient market liquidity for bona fide hedgers; and

(iv) to ensure that the price discovery function of the underlying market is not disrupted.

(4) Significant price discovery function

In making a determination whether a swap performs or affects a significant price discovery function with respect to regulated markets, the Commission shall consider, as appropriate:

(A) Price linkage

The extent to which the swap uses or otherwise relies on a daily or final settlement price, or other major price parameter, of another contract traded on a regulated market based upon the same underlying commodity, to value a position, transfer or convert a position, financially settle a position, or close out a position.

(B) Arbitrage

(1) Any person desiring to register as a futures commission merchant, introducing broker, floor broker, or floor trader hereunder shall be registered upon application to the Commission. The application shall be made in such form and manner as prescribed by the Commission, giving such information and facts as the Commission may deem necessary concerning the business in which the applicant is or will be engaged, including in the case of an application of a futures commission merchant or an introducing broker, the names and addresses of the managers of all branch offices, and the names of such officers and partners, if a partnership, and of such officers, directors, and stockholders, if a corporation, as the Commission may direct. (4)(A) A broker or dealer that is registered as a futures commission merchant or introducing broker pursuant to paragraph (2), or that is a floor broker or floor trader exempt from registration pursuant to paragraph (3), shall be exempt from the following provisions of this chapter and the rules thereunder:

(i) Subsections (b), (d), (e), and (g) of section 6c of this title.

(ii) The Commission shall, by rule or regulation, determine the procedures under which an exemptive order under this section shall be granted and may, in its sole discretion, decline to entertain any application for an order of exemption under this section.

(C)(i) A broker or dealer that is registered as a futures commission merchant or introducing broker pursuant to paragraph (2) or an associated person thereof, or that is a floor broker or floor trader exempt from registration pursuant to paragraph (3), shall not be required to become a member of any futures association registered under section 21 of this title.

(b) Financial requirements for futures commission merchants and introducing brokers

Notwithstanding any other provisions of this chapter, no person desiring to register as a futures commission merchant or as an introducing broker shall be so registered unless he meets such minimum financial requirements as the Commission may by regulation prescribe as necessary to insure his meeting his obligation as a registrant, and each person so registered shall at all times continue to meet such prescribed minimum financial requirements. That such minimum financial requirements will be considered met if the applicant for registration or registrant is a member of a contract market or derivatives transaction execution facility and conforms to minimum financial standards and related reporting requirements set by such contract market or derivatives transaction execution facility in its bylaws, rules, regulations, or resolutions and approved by the Commission as adequate to effectuate the purposes of this subsection.

(c) Risk assessment for holding company systems

(1) As used in this subsection:

(i) The term “affiliated person” means any person directly or indirectly controlling, controlled by, or under common control with a futures commission merchant, as the Commission, by rule or regulation, may determine will effectuate the purposes of this subsection.

(ii) The term “Federal banking agency” shall have the same meaning as the term “appropriate Federal banking agency” in section 1813(q) of title 12.

(2)(A) Each registered futures commission merchant shall obtain such information and make and keep such records as the Commission, by rule or regulation, prescribes concerning the registered futures commission merchant’s policies, procedures, or systems for monitoring and controlling financial and operational risks to it resulting from the activities of any of its affiliated persons, other than a natural person.

(B) The records required under subparagraph (A) shall describe, in the aggregate, each of the futures and other financial activities conducted by, and the customary sources of capital and funding of, those of its affiliated persons whose business activities are reasonably likely to have a material impact on the financial or operational condition of the futures commission merchant, including its adjusted net capital, its liquidity, or its ability to conduct or finance its operations.

(C) The Commission, by rule or regulation, may require summary reports of such information to be filed by the futures commission merchant with the Commission no more frequently than quarterly.

(3)(A) If, as a result of adverse market conditions or based on reports provided to the Commission pursuant to paragraph (2) or other available information, the Commission reasonably concludes that the Commission has concerns regarding the financial or operational condition of any registered futures commission merchant, the Commission may require the futures commission merchant to make reports concerning the futures and other financial activities of any of such person’s affiliated persons, other than a natural person, whose business activities are reasonably likely to have a material impact on the financial or operational condition of the futures commission merchant.

(B) The Commission, in requiring reports pursuant to this paragraph, shall specify the information required, the period for which it is required, the time and date on which the information must be furnished, and whether the information is to be furnished directly to the Commission or to a contract market or derivatives transaction execution facility or other self-regulatory organization with primary responsibility

for examining the registered futures commission merchant’s financial and operational condition. (4)(A) in developing and implementing reporting requirements pursuant to paragraph (2) with respect to affiliated persons subject to examination or reporting requirements of a Federal banking agency, the Commission shall consult with and consider the views of each such Federal banking agency. If a Federal banking agency comments in writing on a proposed rule of the Commission under this subsection that has been published for comment, the Commission shall respond in writing to the written comment before adopting the proposed rule. The Commission shall, at the request of the Federal banking agency, publish the comment and response in the Federal Register at the time of publishing the adopted rule.

(B) Except as provided in clause (ii), a registered futures commission merchant shall be considered to have complied with a record-keeping or reporting requirement adopted pursuant to paragraph (2) concerning an affiliated person that is subject to examination by, or reporting requirements of, a Federal banking agency if the futures commission merchant utilizes for the recordkeeping or reporting requirement copies of reports filed by the affiliated person with the Federal banking agency pursuant to section 161 of title 12, section 9 of the Federal Reserve Act (12 U.S.C. 321 et seq.), section 1817(a) of title 12, section 1467a(b) of title 12, or section 1844 of title 12.

(ii) The Commission may, by rule adopted pursuant to paragraph (2), require any futures commission merchant filing the reports with the Commission to obtain, maintain, or report supplemental information if the Commission makes an explicit finding that the supplemental information is necessary to inform the Commission regarding potential risks to the futures commission merchant. Prior to requiring any such supplemental information, the Commission shall first request the Federal banking agency to expand its reporting requirements to include the information.

(5) Prior to making a request pursuant to paragraph (3) for information with respect to an affiliated person that is subject to examination by or reporting requirements of a Federal banking agency, the Commission shall—

(A) notify the agency of the information required with respect to the affiliated person; and

(B) consult with the agency to determine whether the information required is available from the agency and for other purposes, unless the Commission determines that any delay resulting from the consultation would be inconsistent with ensuring the financial and operational condition of the futures commission merchant or the stability or integrity of the futures markets.

(6) Nothing in this subsection shall be construed to permit the Commission to require any futures commission merchant to obtain, maintain, or furnish any examination report of any Federal banking agency or any supervisory rec-

ommendations or analysis contained in the report.

(7) No information provided to or obtained by the Commission from any Federal banking agency pursuant to a request under paragraph (5) regarding any affiliated person that is subject to examination by or reporting requirements of a Federal banking agency may be disclosed to any other person (other than as provided in section 12 of this title or section 12a(6) of this title), without the prior written approval of the Federal banking agency.

(8) The Commission shall notify a Federal banking agency of any concerns of the Commission regarding significant financial or operational risks resulting from the activities of any futures commission merchant to any affiliated person thereof that is subject to examination by or reporting requirements of the Federal banking agency.

(9) The Commission, by rule, regulation, or order, may exempt any person or class of persons under such terms and conditions and for such periods as the Commission shall provide in the rule, regulation, or order, from this subsection and the rules and regulations issued under this subsection. In granting the exemption, the Commission shall consider, among other factors—

(A) whether information of the type required under this subsection is available from a supervisory agency (as defined in section 3401(7) of title 12), a State insurance commission or similar State agency, the Securities and Exchange Commission, or a similar foreign regulator;

(B) the primary business of any affiliated person;

(C) the nature and extent of domestic or foreign regulation of the affiliated person’s activities;

(D) the nature and extent of the registered futures commission merchant’s commodity futures and options activities; and

(E) with respect to the registered futures commission merchant and its affiliated persons, on a consolidated basis, the amount and proportion of assets devoted to, and revenues derived from activities in the United States futures markets.

(10) Information required to be provided pursuant to this subsection shall be subject to section 12 of this title. Except as specifically provided in section 12 of this title and notwithstanding any other provision of law, the Commission shall not be compelled to disclose any information required to be reported under this subsection, or any information supplied to the Commission by any domestic or foreign regulatory agency that relates to the financial or operational condition of any affiliated person of a registered futures commission merchant.

(11) Nothing in paragraphs (1) through (10) shall be construed to supersede or to limit in any way the authority or powers of the Commission pursuant to any other provision of this chapter or regulations issued under this chapter.

Consistent with the purposes of this chapter, the Commission may issue interpretations, or approve interpretations submitted to the Commission, of sections 7(d) and 7a–1(c)(2) of this title, to describe what would constitute an acceptable business practice under such sections.

(2) Effect of interpretation

An interpretation issued under paragraph (1) may provide the exclusive means for complying with each section described in paragraph (1).

(b) Delegation of functions under core principles

(1) In general

A contract market, derivatives transaction execution facility, or electronic trading facility with respect to a significant price discovery contract may comply with any applicable
core principle through delegation of any relevant function to a registered futures association or a registered entity that is not an electronic trading facility.

(2) Responsibility
A contract market, derivatives transaction execution facility, or electronic trading facility that delegates a function under paragraph (1) shall remain responsible for carrying out the function.

(3) Noncompliance
If a contract market, derivatives transaction execution facility, or electronic trading facility that delegates a function under paragraph (1) becomes aware that a delegated function is not being performed as required under this chapter, the contract market, derivatives transaction execution facility, or electronic trading facility shall promptly take steps to address the noncompliance.

c) New contracts, new rules, and rule amendments
(1) In general
A registered entity may elect to list for trading or accept for clearing any new contract, or other instrument, or may elect to approve and implement any new rule or rule amendment, by providing to the Commission (and the Secretary of the Treasury, in the case of a contract of sale of a government security for future delivery (or option on such a contract) or a rule or rule amendment specifically related to such a contract) a written certification that the new contract or instrument or clearing of the new contract or instrument, new rule, or rule amendment complies with this chapter (including regulations under this chapter).

(2) Rule review
The new rule or rule amendment described in paragraph (1) shall become effective, pursuant to the certification of the registered entity and notice of such certification to its members (in a manner to be determined by the Commission), on the date that is 10 business days after the date on which the Commission receives the certification (or such shorter period as determined by the Commission by rule or regulation) unless the Commission notifies the registered entity within such time that it is staying the certification because there exist novel or complex issues that require additional time to analyze, an inadequate explanation by the submitting registered entity, or a potential inconsistency with this chapter (including regulations under this chapter).

(3) Stay of certification for rules
(A) A notification by the Commission pursuant to paragraph (2) shall stay the certification of the new rule or rule amendment for up to an additional 90 days from the date of the notification.
(B) A rule or rule amendment subject to a stay pursuant to subparagraph (A) shall become effective, pursuant to the certification of the registered entity, at the expiration of the period described in subparagraph (A) unless the Commission—

(i) withdraws the stay prior to that time; or
(ii) notifies the registered entity during such period that it objects to the proposed certification on the grounds that it is inconsistent with this chapter (including regulations under this chapter).

(C) The Commission shall provide a not less than 30-day public comment period, within the 90-day period in which the stay is in effect as described in subparagraph (A), whenever the Commission reviews a rule or rule amendment pursuant to a notification by the Commission under this paragraph.

(4) Prior approval
(A) In general
A registered entity may request that the Commission grant prior approval to any new contract or other instrument, new rule, or rule amendment.

(B) Prior approval required
Notwithstanding any other provision of this section, a designated contract market shall submit to the Commission for prior approval each rule amendment that materially changes the terms and conditions, as determined by the Commission, in any contract of sale for future delivery of a commodity specifically enumerated in section 1a(10) of this title (or any option thereon) traded through its facilities if the rule amendment applies to contracts and delivery months which have already been listed for trading and have open interest.

(C) Deadline
If prior approval is requested under subparagraph (A), the Commission shall take final action on the request not later than 90 days after submission of the request, unless the person submitting the request agrees to an extension of the time limitation established under this subparagraph.

(5) Approval
(A) Rules
The Commission shall approve a new rule, or rule amendment, of a registered entity unless the Commission finds that the new rule, or rule amendment, is inconsistent with this chapter (including regulations).

(B) Contracts and instruments
The Commission shall approve a new contract or other instrument unless the Commission finds that the new contract or other instrument would violate this chapter (including regulations).

(I) activity that is unlawful under any Federal or State law;

(II) terrorism;

(III) assassination;

(IV) war;

(V) gaming; or

(VI) other similar activity determined by the Commission, by rule or regulation, to be contrary to the public interest.

(ii) Prohibition

No agreement, contract, or transaction determined by the Commission to be contrary to the public interest under clause (i) may be listed or made available for clearing or trading on or through a registered entity.

(iii) Swaps contracts

(I) In general

In connection with the listing of a swap for clearing by a derivatives clearing organization, the Commission shall determine, upon request or on its own motion, the initial eligibility, or the continuing qualification, of a derivatives clearing organization to clear such a swap under those criteria, conditions, or rules that the Commission, in its discretion, determines.

(II) Requirements

Any such criteria, conditions, or rules shall consider—

(aa) the financial integrity of the derivatives clearing organization; and

(bb) any other factors which the Commission determines may be appropriate.

(iv) Deadline

The Commission shall take final action under clauses (i) and (ii) in not later than 90 days from the commencement of its review unless the party seeking to offer the contract or swap agrees to an extension of this time limitation.

(e) Reservation of emergency authority

Nothing in this section shall limit or in any way affect the emergency powers of the Commission provided in section 12a(9) of this title.

(f) Rules to avoid duplicative regulation of dual registrants

Consistent with this chapter, each designated contract market and registered derivatives transaction execution facility shall issue such rules as are necessary to avoid duplicative or conflicting rules applicable to any futures commission merchant registered with the Commission pursuant to section 6(a) of this title (except paragraph (2) thereof), that is also registered with the Securities and Exchange Commission pursuant to section 78o(h) of title 15 (except paragraph (11) thereof) with respect to the application of—

(1) rules of such designated contract market or registered derivatives transaction execution facility of the type specified in section 6(e) of this title involving security futures products; and

Amendment by Pub. L. 111–203 effective on the later of 360 days after July 21, 2010, or, to the extent a provision of subtitle A (§§ 711–754) of title VII of Pub. L. 111–203 requires a rulemaking, not less than 60 days after publication of the final rule or regulation implementing such provision of subtitle A, see section 754 of Pub. L. 111–203, set out as a note under section 1a of this title.

**Effective Date of 2008 Amendment**

**Codification**

**Amendments**

2010—Pub. L. 111–203 struck out “or revocation of the right of an electronic trading facility to rely on the exemption set forth in section 2(h)(3) of this title with respect to a significant price discovery contract,” after “the right of any contract market or derivatives transaction execution facility” in section generally. Prior to amendment, section read as follows: “The failure or refusal of any board of trade to comply with any of the provisions of this chapter, or any of the rules, regulations, or orders of the Commission or the commission thereunder, shall be cause for suspending for a period not to exceed six months or revoking the designation of such board of trade as a ‘contract market’ in accordance with the procedure and subject to the judicial review provided in section 8(b) of this title.”

1974—Pub. L. 93–463, §103(a), provided for substitution of “Commission” for “Secretary of Agriculture” except where such words would be stricken by section 103(b), which directed striking the words “the Secretary of Agriculture or the Commission”. Because the word “commission” was not capitalized in the text of this section, section 103(b) did not apply to this section and therefore section 103(a) was executed, resulting in the substitution of “the Commission or the commission” for “the Secretary of Agriculture or the commission”.

1968—Pub. L. 90–258 substituted “rules, regulations, or orders of the Secretary of Agriculture or the commission” for “rules and regulations of the Secretary of Agriculture.”

Amendment by Pub. L. 111–203 effective on the later of 360 days after July 21, 2010, or, to the extent a provision of subtitle A (§§ 711–754) of title VII of Pub. L. 111–203 requires a rulemaking, not less than 60 days after publication of the final rule or regulation implementing such provision of subtitle A, see section 754 of Pub. (a) Any board of trade that is registered with the Securities and Exchange Commission as a national securities exchange, is a national securities association registered pursuant to section 78o–3(a) of title 15, or is an alternative trading system shall be a designated contract market in security futures products if—

(2) such national securities exchange, national securities association, or alternative trading system files written notice with the Commission in such form as the Commission, by rule, may prescribe containing such information as the Commission, by rule, may prescribe as necessary or appropriate in the public interest or for the protection of customers; and

(3) the registration of such national securities exchange, national securities association, or alternative trading system is not suspended pursuant to an order by the Securities and Exchange Commission.

Such designation shall be effective contemporaneously with the submission of notice, in written or electronic form, to the Commission.

(b)(1) A national securities exchange, national securities association, or alternative trading system that is designated as a contract market pursuant to this section shall be exempt from the following provisions of this chapter and the rules thereunder:

(H) Section 20 of this title.

(2) An alternative trading system that is a designated contract market under this section shall be required to be a member of a futures association registered under section 21 of this title and shall be exempt from any provision of this chapter that would require such alternative trading system to—

(A) set rules governing the conduct of subscribers other than the conduct of such subscribers’ trading on such alternative trading system; or

(B) discipline subscribers other than by exclusion from trading.

(3) To the extent that an alternative trading system is exempt from any provision of this chapter pursuant to paragraph (2) of this subsection, the futures association registered under section 21 of this title of which the alternative trading system is a member shall set rules governing the conduct of subscribers to the alternative trading system and discipline the subscribers.

(4)(A) Except as provided in subparagraph (B), but notwithstanding any other provision of this chapter, the Commission, by rule, regulation, or order, may conditionally or unconditionally exempt any designated contract market in security futures subject to the designation requirement of this section from any provision of this chapter or of any rule or regulation thereunder, to the extent such exemption is necessary or appropriate in the public interest and is consistent with the protection of investors.

(B) The Commission shall, by rule or regulation, determine the procedures under which an exemptive order under this section is granted and may, in its sole discretion, decline to entertain any application for an order of exemption under this section.

(C) An alternative trading system shall not be deemed to be an exchange for any purpose as a result of the designation of such alternative trading system as a contract market under this section.

§ 7b–3. Swap execution facilities

(a) Registration

(1) In general

No person may operate a facility for the trading or processing of swaps unless the facility is registered as a swap execution facility or as a designated contract market under this section.

(2) Dual registration

Any person that is registered as a swap execution facility under this section shall register with the Commission regardless of whether the person also is registered with the Securities and Exchange Commission as a swap execution facility.

(b) Trading and trade processing

(1) In general

Except as specified in paragraph (2), a swap execution facility that is registered under subsection (a) may—

(A) make available for trading any swap; and

(B) facilitate trade processing of any swap.

(2) Agricultural swaps

A swap execution facility may not list for trading or confirm the execution of any swap in an agricultural commodity (as defined by the Commission) except pursuant to a rule or regulation of the Commission allowing the swap under such terms and conditions as the Commission shall prescribe.

(c) Identification of facility used to trade swaps by contract markets

A board of trade that operates a contract market shall, to the extent that the board of trade also operates a swap execution facility and uses the same electronic trade execution system for listing and executing trades of swaps on or through the contract market and the swap execution facility, identify whether the electronic trading of such swaps is taking place on or through the contract market or the swap execution facility.

(d) Rule-writing

(1) The Securities and Exchange Commission and Commodity Futures Trading Commission may promulgate rules defining the universe of swaps that can be executed on a swap execution facility. These rules shall take into account the price and nonprice requirements of the counterparties to a swap and the goal of this section as set forth in subsection (e).

(2) For all swaps that are not required to be executed through a swap execution facility as defined in paragraph (1), such trades may be executed through any other available means of interstate commerce.

(3) The Securities and Exchange Commission and Commodity Futures Trading Commission shall update these rules as necessary to account for technological and other innovation.

(e) Rule of construction

The goal of this section is to promote the trading of swaps on swap execution facilities and to promote pre-trade price transparency in the swaps market.

(f) Core principles for swap execution facilities

(1) Compliance with core principles

(A) In general

To be registered, and maintain registration, as a swap execution facility, the swap execution facility shall comply with:

(i) the core principles described in this subsection; and

(ii) any requirement that the Commission may impose by rule or regulation pursuant to section 12a(5) of this title.

(B) Reasonable discretion of swap execution facility

Unless otherwise determined by the Commission by rule or regulation, a swap execution facility described in subparagraph (A) shall have reasonable discretion in establishing the manner in which the swap execution facility complies with the core principles described in this subsection.

(2) Compliance with rules

A swap execution facility shall—

(A) establish and enforce compliance with any rule of the swap execution facility, including—

(i) the terms and conditions of the swaps traded or processed on or through the swap execution facility; and

(ii) any limitation on access to the swap execution facility;

(B) establish and enforce trading, trade processing, and participation rules that will deter abuses and have the capacity to detect, investigate, and enforce those rules, including means—

(i) to provide market participants with impartial access to the market; and

(ii) to capture information that may be used in establishing whether rule violations have occurred;

(C) establish rules governing the operation of the facility, including rules specifying trading procedures to be used in entering and executing orders traded or posted on the facility, including block trades; and

(D) provide by its rules that when a swap dealer or major swap participant enters into or facilitates a swap that is subject to the mandatory clearing requirement of section 2(h) of this title, the swap dealer or major swap participant shall be responsible for compliance with the mandatory trading requirement under section 2(h)(8) of this title.
(3) Swaps not readily susceptible to manipulation
The swap execution facility shall permit trading only in swaps that are not readily susceptible to manipulation.

(4) Monitoring of trading and trade processing
The swap execution facility shall—
(A) establish and enforce rules or terms and conditions defining, or specifications detailing—
(i) trading procedures to be used in entering and executing orders traded on or through the facilities of the swap execution facility; and
(ii) procedures for trade processing of swaps on or through the facilities of the swap execution facility; and
(B) monitor trading in swaps to prevent manipulation, price distortion, and disruptions of the delivery or cash settlement process through surveillance, compliance, and disciplinary practices and procedures, including methods for conducting real-time monitoring of trading and comprehensive and accurate trade reconstructions.

(5) Ability to obtain information
The swap execution facility shall—
(A) establish and enforce rules that will allow the facility to obtain any necessary information to perform any of the functions described in this section;
(B) provide the information to the Commission on request; and
(C) have the capacity to carry out such international information-sharing agreements as the Commission may require.

(6) Position limits or accountability
(A) In general
To reduce the potential threat of market manipulation or congestion, especially during trading in the delivery month, a swap execution facility that is a trading facility shall adopt for each of the contracts of the facility, as is necessary and appropriate, position limitations or position accountability for speculators.

(B) Position limits
For any contract that is subject to a position limitation established by the Commission pursuant to section 6a(a) of this title, the swap execution facility shall—
(i) set its position limitation at a level no higher than the Commission limitation; and
(ii) monitor positions established on or through the swap execution facility for compliance with the limit set by the Commission and the limit, if any, set by the swap execution facility.

(7) Financial integrity of transactions
The swap execution facility shall establish and enforce rules and procedures for ensuring the financial integrity of swaps entered on or through the facilities of the swap execution facility, including the clearance and settlement of the swaps pursuant to section 2(h)(1) of this title.

(8) Emergency authority
The swap execution facility shall adopt rules to provide for the exercise of emergency authority, in consultation or cooperation with the Commission, as is necessary and appropriate, including the authority to liquidate or transfer open positions in any swap or to suspend or curtail trading in a swap.

AMENDMENTS

2008—Subsec. (b). Pub. L. 111–233 struck out "", or to revoke the right of an electronic trading facility to rely on the exemption set forth in section 2(b)(3) of this title with respect to a significant price discovery contract," before "on a showing.".

2006—Subsec. (b). Pub. L. 110–246, § 13203(m), added first sentence, in second sentence substituted "Such suspension or revocation shall only be after a notice to the officers of the contract market or derivatives transaction execution facility or electronic trading facility affected and upon a hearing on the record" for "Such suspension or revocation shall only be after a notice to the officers of the contract market or derivatives transaction execution facility or electronic trading facility affected and upon a hearing on the record", and struck out former first sentence which read as follows: "The Commission is authorized to suspend for a period not to exceed six months or to revoke the designation or registration of any contract market or derivatives transaction execution facility on a showing that such contract market or derivatives transaction execution facility is not enforcing or has not enforced its rules of government made a condition of its designation or registration as set forth in sections 7 through 7a–1 of this title or section 7b–1 of this title or that such contract market or derivatives transaction execution facility, or any director, officer, or employee thereof, is violating or has violated any of the provisions of this chapter or

1 So in original.
any of the rules, regulations, or orders of the Commission or the Committee thereunder.

2000—Subsec. (a). Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(A)(iv)], substituted “designate or register as a contract market or derivatives transaction execution facility any person that has made application therefor, the person for “designate as a contract market” any board of trade that has made application therefor, such board of trade in last sentence.

Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(A)(ii)], in third sentence, substituted “person” for “board of trade” and “180-day period” for “one-year period”.

Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(A)(i)], substituted “designation or registration as a contract market, or derivatives transaction execution facility within 180 days” for “designation as a contract market within one year” in second sentence.

Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(A)(i)], in first sentence, substituted “person desiring to be designated or registered as a contract market or derivatives transaction execution facility shall make application to the Commission for the designation or registration” for “board of trade desiring to be designated a ‘contract market’ shall make application to the Commission for such designation”, “conditions set forth in this chapter” for “above conditions”, and “the requirements of this chapter” for “above requirements”.

Subsec. (b). Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(B)(ii)], substituted “person” for “board of trade” in two places, and “designation or registration as a contract market or derivatives transaction execution facility affected” for “board of trade affected”.

Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(B)(ii)], in second sentence, substituted “contract market or derivatives transaction execution facility affected” for “board of trade affected”, “person appeals” for “board of trade appeals” and “person will” for “board of trade will”.

Pub. L. 106–554, § 1(a)(5) [title I, § 123(a)(12)(B)(ii)], in first sentence, substituted “designation or registration of any contract market or derivatives transaction execution facility on” for “designation of any board of trade as a ‘contract market’ upon”, “contract market or derivatives transaction execution facility execution facility” for “board of trade” in two places, and “designation or registration as set forth in sections 7 through 7a–1 of this title or section 7b–1 of this title” for “designation as set forth in section 7 of this title”.

1992—Pub. L. 102–546, § 209(a)(1), (2), designated first par. as subsec. (a) and redesignated former par. (a) as subsec. (b).

Subsec. (a). Pub. L. 102–546, § 209(a)(3), substituted “subsection (b)” for “paragraph (a)”, “subparagraph” for “paragraph (a)”, “subparagraph” for “subsection (a)”, and “paragraph (a)” for “subsection (a)”.

Subsec. (b). Pub. L. 102–546, § 402(9)A, which directed amending first sentence by striking “the Secretary of Agriculture or”, could not be executed because of amendment of first sentence by Pub. L. 98–620, set out as a note under section 1a of this title.

1984—Par. (a). Pub. L. 98–620 struck out provisions requiring proceedings in such cases in the court of appeals to be made a preferred cause and expedited in every way.

1983—Pub. L. 97–444 required approval or denial of application within one year period of filing of application, stay of such period following notification that application was incomplete and deficient until resubmission of application, minimum period prior to acting upon resubmitted application, and specification of grounds for denial of application.

1978—Pub. L. 95–405, § 13(a), in provisions before par. (a) inserted “on the record” after “opportunity for a hearing”.

Par. (a). Pub. L. 95–405, § 13(2), inserted “on the record” after “upon a hearing”.

1974—Pub. L. 93–463, § 103(a), substituted “Commission” for “Secretary of Agriculture” in first par.

Par. (a). Pub. L. 93–463, § 103(c), struck out “the Secretary of Agriculture, who shall thereupon notify the other members of” after “The Clerk of the Court in which such a petition is filed shall immediately cause a copy thereof to be delivered to”.

Pub. L. 93–463, § 103(a), provided for substitution of “Commission” for “Secretary of Agriculture” except where such words would be stricken by section 103(b). This which directed striking the words “the Secretary of Agriculture or” where they appeared in the phrase “the Secretary of Agriculture or the Commission”. Because the word “commission” was not capitalized in that phrase in par. (a), section 103(b) did not apply to par. (a) and therefore section 103(a) was executed, resulting in the substitution of “the Commission or the commission” for “the Secretary of Agriculture or the commission”.

1968—Pub. L. 90–258, § 14, inserted provision affording any board of trade refused a contract market designation a hearing before the Commission with right to appeal in adverse decision to the court of appeals as provided for in par. (a) of this section at end of first par.

Par. (a). Pub. L. 90–258, § 15, amended par. (a) generally, striking out such parts both of first sentence and of proviso of last sentence as described the commission as made up of the Secretary of Agriculture, Secretary of Commerce, and Attorney General (covered in definition of “Commission” in section 2 of this title, including representation of such officials by their designees), extending grounds for suspension or revocation of designation to include violations of any provisions of this chapter or rules, regulations, or orders of the Secretary of Agriculture or commission. Provided for delivery of appeal petitions to Secretary of Agriculture rather than any member of the commission, who would notify the other members, and filing of commission records of proceedings on appeal by the Secretary of Agriculture and not the commission, striking out provisions describing Secretary of Agriculture as Chairman (now found in section 2 of this title), superseding such part of proviso of seventh sentence as authorized appeals to the commission from Secretary of Agriculture’s refusal of a contract market designation by provisions of first par. of this section, and striking out such other part as made decision of court on appeal from commission final and binding on the parties.

1958—Pub. L. 85–791 substituted “thereupon file in the court the record in such proceedings, as provided in section 2112 of title 28” for “forthwith prepare, certify, and file in the court a full and accurate transcript of the record in such proceedings including the notice to the board of trade, a copy of the charges, the evidence, and the report and order” in third notice, and struck out “certified and” after “duly” in fourth sentence.

CODIFICATION

Section is comprised of subsec. (d) of section 6 of act Sept. 21, 1922. Subsecs. (a) and (b) of section 6 are classified to section 8 of this title. Subsec. (c) of section 6 is classified to section 9 of this title. Subsecs. (e), (f), and (g) of section 6 are classified to sections 9a, 9b, and 9c of this title, respectively.

AMENDMENTS

2010—Pub. L. 111–203, §753(b), amended section generally. Prior to amendment, text read as follows: ‘‘If any person (other than a registered entity) is manipulating or attempting to manipulate or has manipulated or attempted to manipulate the market price of any commodity, in interstate commerce, or for future delivery on or subject to the rules of any registered entity, or of any swap, or otherwise is violating or has violated any of the provisions of this chapter or of the rules, regulations, or orders of the Commission or the commission thereunder, the Commission may, upon notice and hearing, and subject to appeal as in other cases provided for in sections 9 and 15 of this title, make and enter an order directing that such person shall cease and desist therefrom and, if such person thereafter and after the lapse of the period allowed for appeal of such order or after the affirmation of such order, shall fail or refuse to obey or comply with such order, such person shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than the higher of $100,000 or triple the monetary gain to such person, or imprisoned for not less than six months nor more than one year, or both, except that if such failure or refusal to obey or comply with such order involves any offense within paragraph (a) or (b) of section 13 of this title, such person shall be guilty of a felony and, upon conviction thereof, shall be fined not more than the higher of $100,000 or triple the monetary gain to such person, or imprisoned for not less than six months nor more than one year, or both, except that if such failure or refusal to obey or comply with such order involves any offense within paragraph (a) or (b) of section 13 of this title, such person shall be guilty of a felony and, upon conviction thereof, shall be subject to the penalties of said subsection (a) or (b): Provided, That any such cease and desist order under this section against any respondent in any case of manipulation shall be issued only in conjunction with an order issued against such respondent under section 9 of this title.

Pub. L. 111–203, §741(b)(4), inserted ‘‘or of any swap,’’ before ‘‘or otherwise is violating’’.

1992—Pub. L. 102–546 made technical amendment to references to sections 9 and 15 of this title to reflect
change in reference to corresponding section of original act and substituted “the higher of $100,000 or triple the monetary gain to such person” for “$100,000”.

1974—Pub. L. 93–463, §103(a), 222(c), substituted “Commission” for “Secretary” before “may” and substituted “not more than $100,000” for “not less than $500 nor more than $10,000”.

Pub. L. 93–463, §105(a), provided for substitution of “Commission” for “Secretary of Agriculture” except where such words would be stricken by section 103(b), which directed striking the words “the Secretary of Agriculture or” where they appeared in the phrase “the Secretary of Agriculture or the Commission”. Because the word “commission” was not capitalized in the text of this section, section 103(b) did not apply to this section and therefore section 103(a) was executed, resulting in the substitution of “the Commission or the commission” for “the Secretary of Agriculture or the commission”.

**Effective Date of 2010 Amendment**

Amendment by section 741(b)(4) of Pub. L. 111–203 effective on the later of 360 days after July 21, 2010, or, to the extent a provision of subtitle A (§§711–754) of title VII of Pub. L. 111–203 requires a rulemaking, not less than 60 days after publication of the final rule or regulation implementing such provision of subtitle A, see section 754 of Pub. L. 111–203, set out as a note under section 1 of this title.

L. 111–203 takes effect (see 76 P.R. 41398, effective Aug. 15, 2011), see section 753(d) of Pub. L. 111–203, set out as a note under section 9 of this title.

(c) Nothing in this chapter shall be construed as requiring the Commission or the Commission to report minor violations of this chapter for prosecution, whenever it appears that the public interest does not require such action.

**AMENDMENTS**

1992—Subsec. (c). Pub. L. 102–546, §402(9)(C), which directed that “the Secretary of Agriculture or” be struck out, could not be executed because of amendment by Pub. L. 93–463, §103(a). See 1974 Amendment note below.

Pub. L. 102–546, §402(1)(D), substituted “Commission” for “commission” before “to report”.

1983—Subsec. (a). Pub. L. 97–444, §230(1), struck out “in administrative proceedings under this chapter” after “may be held responsible”.

Subsecs. (b), (c). Pub. L. 97–444, §230(2), (3), added subsec. (b) and redesignated former subsec. (b) as (c).

1974—Subsec. (b). Pub. L. 93–463, §103(a), provided for substitution of “Commission” for “Secretary of Agriculture” except where such words would be stricken by section 103(b), which directed striking the words “the Secretary of Agriculture or” where they appeared in the phrase “the Secretary of Agriculture or the Commission”. Because the word “commission” was not capitalized in the text of this section, section 103(b) did not apply to this section and therefore section 103(a) was executed, resulting in the substitution of “the Commission or the commission” for “the Secretary of Agriculture or the commission”.

**Effective Date of 1983 Amendment**

**Effective Date of 1974 Amendment**

For effective date of amendment by Pub. L. 93–463, see section 418 of Pub. L. 93–463, set out as a note under section 2 of this title.

**Effective Date**

Section effective 120 days after Feb. 19, 1968, see section 28 of Pub. L. 90–258, set out as an Effective Date of 1968 Amendment note under section 2 of this title.

Section, act Sept. 21, 1922, ch. 369, §11, 42 Stat. 1003, which related to enforcement powers of Commission, was omitted in the general amendment of section 6(c) of act Sept. 21, 1922, by Pub. L. 111–203, title VII, §753(a), July 21, 2010, 124 Stat. 1750. Section 6(c) is now classified to section 9 of this title.

1So in original. The words “or the Commission” probably should not appear.

(1) Cotton futures contract
The term “cotton futures contract” means any contract of sale of cotton for future delivery made at, on, or in any exchange, board of trade, or similar institution or place of business which has been designated a “contract market” by the Commodity Futures Trading Commission pursuant to the Commodity Exchange Act [7 U.S.C. 1 et seq.] and the term “contract of sale” as so used shall be held to include sales, agreements of sale, and agreements to sell, except that any cotton futures contract that, by its terms, is settled in cash is excluded from the coverage of this paragraph and section.

(2) Future delivery
The term “future delivery” shall not include any cash sale of cotton for deferred shipment or delivery.

(3) Person
The term “person” includes an individual, trust, estate, partnership, association, company, or corporation.

(4) Secretary
The term “Secretary” means the Secretary of Agriculture of the United States.

(5) Standards
The term “standards” means the official cotton standards of the United States established by the Secretary pursuant to the United States Cotton Standards Act, as amended [7 U.S.C. 51 et seq.].

(d) Bona fide spot markets and commercial differences

(1) Definition
For purposes of this section, the only markets which shall be considered bona fide spot markets shall be those which the Secretary shall, from time to time, after investigation, determine and designate to be such, and of which he shall give public notice.

(2) Determination
In determining, pursuant to the provisions of this section, what markets are bona fide spot markets, the Secretary is directed to consider only markets in which spot cotton is sold in such volume and under such conditions as customarily to reflect accurately the value of middling cotton and the differences between the prices or values of middling cotton and of other grades of cotton for which standards shall have been established by the Secretary; except that if there are not sufficient places, in the markets of which are made bona fide sales of spot cotton of grades for which standards are established by the Secretary, to enable him to designate at least five spot markets in accordance with subsection (f)(3) of this section, he shall, from data as to spot sales collected by him, make rules and regulations for determining the actual commercial differences in the value of spot cotton of the grades established by him as reflected by bona fide sales of spot cotton, of the same or different grades, in the market selected and designated by him, from time to time, for that purpose, and in that event differences in value of cotton of various grades involved in contracts made pursuant to subsection (f)(1) and (2) of this section shall be determined in compliance with such rules and regulations. It shall be the duty of any person engaged in the business of dealing in cotton, when requested by the Secretary or any agent acting under his instructions, to answer correctly to the best of his knowledge, under oath or otherwise, all questions touching his knowledge of the number of bales, the classification, the price or bona fide price offered, and other terms of purchase or sale, of any cotton involved in any transaction participated in by him, or to produce all books, letters, papers, or documents in his possession or under his control relating to such matter. A person complying with the preceding sentence shall not be liable for any loss or damage arising or resulting from such compliance.

(3) Withholding information
Any person engaged in the business of dealing in cotton who shall, within a reasonable time prescribed by the Secretary or any agent acting under his instructions, willfully fail or refuse to answer questions or to produce books, letters, papers, or documents, as required under paragraph (2) of this subsection, or who shall willfully give any answer that is false or misleading, shall, upon conviction thereof, be fined not more than $500.

(e) Form and validity of cotton futures contracts
Each cotton futures contract shall be a basis grade contract, or a tendered grade contract, or a specific grade contract as specified in subsections (f), (g), or (h) of this section and shall be in writing plainly stating, or evidenced by written memorandum showing, the terms of such contract, including the quantity of the cotton involved and the names and addresses of the seller and buyer in such contract, and shall be signed by the party to be charged, or by his agent in his behalf. No cotton futures contract which does not conform to such requirements shall be enforceable by, or on behalf of, any party to such contract or his privies.

(f) Basis grade contracts

(1) Conditions
Each basis grade cotton futures contract shall comply with each of the following conditions:
(A) Conformity with regulations

Conform to the regulations made pursuant to this section.

(B) Specification of grade, price, and dates of sale and settlement

Specify the basis grade for the cotton involved in the contract, which shall be one of the grades for which standards are established by the Secretary, except grades prohibited from being delivered on a contract made under this subsection by subparagraph (E), the price per pound at which the cotton of such basis grade is contracted to be bought or sold, the date when the purchase or sale was made, and the month or months in which the contract is to be fulfilled or settled; except that middling shall be deemed the basis grade incorporated into the contract if no other basis grade be specified either in the contract or in the memorandum evidencing the same.

(C) Provision for delivery of standard grades only

Provide that the cotton dealt with therein or delivered thereunder shall be of or within the grades for which standards are established by the Secretary except grades prohibited from being delivered on a contract made under this subsection by subparagraph (E) and no other grade or grades.

(D) Provision for settlement on basis of actual commercial differences

Provide that in case cotton of grade other than the basis grade be tendered or delivered in settlement of such contract, the differences above or below the contract price which the receiver shall pay for such grades other than the basis grade shall be the actual commercial differences, determined as hereinafter provided.

(E) Prohibition of delivery of inferior cotton

Provide that cotton that, because of the presence of extraneous matter of any character, or irregularities or defects, is reduced in value below that of low middling, or cotton that is below the grade of low middling, or, if tinned, cotton that is below the grade of strict middling, or, if yellow stained, cotton that is below the grade of good middling, the grades mentioned being of the official cotton standards of the United States, or cotton that is less than seven-eighths of an inch in length of staple, or cotton of perishable staple, or of immature staple, or cotton that is "gin cut" or reginned, or cotton that is "repacked" or "false packed" or "mixed packed" or "water packed", shall not be delivered on, under, or in settlement of such contract.

(F) Provisions for tender in full, notice of delivery date, and certificate of grade

Provide that all tenders of cotton under such contract shall be the full number of bales involved therein, except that such variations of the number of bales may be permitted as is necessary to bring the total weight of the cotton tendered within the provisions of the contract as to weight; that, on the fifth business day prior to delivery, the person making the tender shall give to the person receiving the same written notice of the date of delivery, and that, on or prior to the date so fixed for delivery, and in advance of final settlement of the contract, the person making the tender shall furnish to the person receiving the same a written notice or certificate stating the grade of each individual bale to be delivered and, by means of marks or numbers, identifying each bale with its grade.

(G) Provision for tender and settlement in accordance with Government classification

Provide that all tenders of cotton and settlements therefor under such contract shall be in accordance with the classification thereof made under the regulations of the Secretary by such officer or officers of the Government as shall be designated for the purpose, and the costs of such classification shall be fixed, assessed, collected, and paid as provided in such regulations and shall be credited to the account referred to in section 55 of this title. The Secretary may provide by regulation conditions under which cotton samples submitted or used in the performance of services authorized by this act shall become the property of the United States and may be sold and the proceeds credited to the following account: Provided, That such cotton samples shall not be subject to the provisions of chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41. The Secretary is authorized to prescribe regulations for carrying out the purposes of this subparagraph and the certificates of the officers of the Government as to the classification of any cotton for the purposes of this subparagraph shall be accepted in the courts of the United States in all suits between the parties to such contract, or their privies, as prima facie evidence of the true classification of the cotton involved.

(2) Incorporation of conditions in contracts

The provisions of paragraphs (1)(C), (D), (E), (F), and (G) shall be deemed fully incorporated into any such contract if there be written or printed thereon, or on the memorandums evidencing the same, at or prior to the time the same is signed, the phrase "Subject to United States Cotton Futures Act, subsection (f)."

(3) Delivery allowances

For the purpose of this subsection, the differences above or below the contract price which the receiver shall pay for cotton of grades above or below the basic grade in the settlement of a contract of sale for the future delivery of cotton shall be determined by the actual commercial differences in value thereof upon the sixth business day prior to the day fixed, in accordance with paragraph (1)(F), for the delivery of cotton on the contract, estab-
lished by the sale of spot cotton in the spot markets of not less than five places designated for the purpose from time to time by the Secretary, as such values were established by the sales of spot cotton, in such designated five or more markets. For purposes of this paragraph, such values in the such spot markets shall be based upon the standards for grades of cotton established by the Secretary. Whenever the value of one grade is to be determined from the sale or sales of spot cotton of another grade or grades, such value shall be fixed in accordance with rules and regulations which shall be prescribed for the purpose by the Secretary.

(g) Tendered grade contracts
(1) Conditions
Each tendered grade cotton future contract shall comply with each of the following conditions:

(A) Compliance with subsection (f)
Comply with all the terms and conditions of subsection (f) of this section not inconsistent with this subsection; and

(B) Provision for contingent specific performance
Provide that, in case cotton of grade or grades other than the basis grade specified in the contract shall be tendered in performance of the contract, the parties to such contract may agree, at the time of the tender, as to the price of the grade or grades so tendered, and that if they shall not then agree as to such price, then, and in that event, the buyer of said contract shall have the right to demand the specific fulfillment of such contract by the actual delivery of cotton of the basis grade named therein and at the price specified for such basis grade in said contract.

(2) Incorporation of conditions in contract
Contracts made in compliance with this subsection shall be known as “subsection (g) Contracts”. The provisions of this subsection shall be deemed fully incorporated into any such contract if there be written or printed thereon, or on the memorandum evidencing the same, at or prior to the time the same is signed, the phrase “Subject to United States Cotton Futures Act, subsection (g)”.

(3) Application of subsection
Nothing in this subsection shall be so construed as to authorize any contract in which, or in the settlement of or in respect to which, any device or arrangement whatever is resorted to, or any agreement is made, for the determination or adjustment of the price of the grade or grades tendered other than the basis grade specified in the contract by any “fixed difference” system, or by arbitration, or by any other method not provided for by this section.

(C) Prohibition of delivery of other than specified grade
Provide that cotton of or within the grade or of the type, or according to the sample or description, specified in the contract shall be delivered thereunder, and that no cotton which does not conform to the type, sample, or description, or which is not of or within the grade specified in the contract shall be tendered or delivered thereunder.

(2) Incorporation of conditions in contract
The provisions of paragraphs (1)(A), (C), and (D) shall be deemed fully incorporated into any such contract if there be written or printed thereon, or on the document or memorandum evidencing the same, at or prior to the time the same is entered into, the words “Subject to United States Cotton Futures Act, subsection (h)”.

(3) Application of subsection
This subsection shall not be construed to apply to any contract of sale made in compliance with subsection (f) or (g) of this section.

(i) Liability of principal for acts of agent
When construing and enforcing the provisions of this section, the act, omission, or failure of any official, agent, or other person acting for or employed by any association, partnership, or corporation within the scope of his employment or office shall, in every case, also be deemed the act, omission, or failure of such association, partnership, or corporation, as well as that of the person.

(j) Regulations
The Secretary is authorized to make such regulations with the force and effect of law as he determines may be necessary to carry out the provisions of this section and the powers vested in him by this section.

(k) Violations
Any person who knowingly violates any regulation made in pursuance of this section, shall, upon conviction thereof, be fined not less than $100 nor more than $500, for each violation thereof, in the discretion of the court, and, in case of natural persons, may, in addition be punished by imprisonment for not less than 30 days nor more
than 90 days, for each violation, in the discretion of the court except that this subsection shall not apply to violations subject to subsection (d)(3) of this section.

(l) Applicability to contracts prior to effective date

The provisions of this section shall not apply to any cotton futures contract entered into prior to the effective date of this section or to any act or failure to act by any person prior to such effective date and all such prior contracts, acts or failure to act shall continue to be governed by the applicable provisions of the Internal Revenue Code of 1954 as in effect prior to the enactment of this section. All designations of bona fide spot markets and all rules and regulations issued by the Secretary pursuant to the applicable provisions of the Internal Revenue Code of 1954 which were in effect on the effective date of this section, shall remain fully effective as designations and regulations under this section until superseded, amended, or terminated by the Secretary.

§ 18. Complaints against registered persons

(a) Petition for actual damages

(1) Any person complaining of any violation of any provision of this chapter, or any rule, regulation, or order issued pursuant to this chapter, by any person who is registered under this chapter may, at any time within two years after the cause of action accrues, apply to the Commission for an order awarding—

(A) actual damages proximately caused by such violation. If an award of actual damages is made against a floor broker in connection with the execution of a customer order, and the futures commission merchant which selected the floor broker for the execution of the customer order is held to be responsible under section 2(a)(1) of this title for the floor broker's violation, such futures commission merchant may be required to satisfy such award; and

(B) in the case of any action arising from a willful and intentional violation in the execution of an order on the floor of a registered entity, punitive or exemplary damages equal to no more than two times the amount of such actual damages. If an award of punitive or exemplary damages is made against a floor broker in connection with the execution of a customer order, and the futures commission merchant which selected the floor broker for the execution of the customer order is held to be responsible under section 2(a)(1) of this title for the floor broker's violation, such futures commission merchant may be required to satisfy such award if the floor broker fails to do so, except that such requirement shall apply to the futures commission merchant only if it willfully and intentionally selected the floor broker with the intent to assist or facilitate the floor broker's violation.

(2)(A) An action may be brought under this subsection by any one or more persons described in this subsection for and in behalf of such person or persons and other persons similarly situated, if the Commission permits such actions pursuant to a final rule issued by the Commission.

(B) Not later than two hundred and seventy days after October 28, 1992, the Commission shall propose and publish for public comment such rules as are necessary to carry out subparagraph (A). In developing such rules, the Commission shall consider the potential impact of such actions on resources available to the reparation system established under this chapter and the relative merits of bringing such actions in Federal court.

(b) Rules and regulations; control over right of appeal

The Commission may promulgate such rules, regulations, and orders as it deems necessary or appropriate for the efficient and expeditious administration of this section. Notwithstanding any other provision of law, such rules, regulations, and orders may prescribe, or otherwise condition, without limitation, the form, filing, and service of pleadings or orders, the nature and scope of discovery, counterclaims, motion practice (including the grounds for dismissal of any claim or counterclaim), hearings (including the waiver thereof, which may relate to the amount in controversy), rights of appeal, if any, and all other matters governing proceedings before the Commission under this section.

(c) Bond requirement when complainant is nonresident; waiver

In case a complaint is made by a nonresident of the United States, the complainant shall be required, before any formal action is taken on his complaint, to furnish a bond in double the amount of the claim conditioned upon the payment of costs, including a reasonable attorney's fee for the respondent if the respondent shall prevail, and any reparation award that may be issued by the Commission against the complainant on any counterclaim by respondent: Provided, That the Commission shall have authority to waive the furnishing of a bond by a complainant who is a resident of a country which permits the filing of a complaint by a resident of the United States without the furnishing of a bond.

(d) Enforcement of reparation award

(1) If any person against whom an award has been made does not pay the reparation award within the time specified in the Commission's order, the complainant, or any person for whose benefit such order was made, within three years of the date of the order, may file a certified copy of the order of the Commission, in the district court of the United States for the district in which he resides or in which is located the principal place of business of the respondent, for enforcement of such reparation award by appropriate orders. The orders, writs, and processes of such district court may in such case run, be served, and be returnable anywhere in the United States. The petitioner shall be responsible for costs in the district court, nor for costs at any subsequent state of the proceedings, unless they accrue upon his appeal. If the petitioner finally prevails, he shall be allowed a reasonable
attorney’s fee, to be taxed and collected as a part of the costs of the suit. Subject to the right of appeal under subsection (e) of this section, an order of the Commission awarding reparations shall be final and conclusive.

(2) A reparation award shall be directly enforceable in district court as if it were a judgment pursuant to section 1963 of title 28. This paragraph shall operate retroactively from the effective date of its enactment, and shall apply to all reparation awards for which a proceeding described in paragraph (1) is commenced within 3 years of the date of the Commission’s order.

(e) Review

Any order of the Commission entered hereunder shall be reviewable on petition of any party aggrieved thereby, by the United States Court of Appeals for any circuit in which a hearing was held, or if no hearing was held, any circuit in which the appellant is located, under the procedure provided in section 9 of this title. Such appeal shall not be effective unless within 30 days of and after the date of the reparation order the appellant also files with the clerk of the court a bond in double the amount of the reparation awarded against the appellant conditioned upon the payment of the judgment entered by the court, plus interest and costs, including a reasonable attorney’s fee for the appellee, if the appellee shall prevail. Such bond shall be in the form of cash, negotiable securities having a market value at least equivalent to the amount of bond prescribed, or the undertaking of a surety company on the approved list of sureties issued by the Treasury Department of the United States. The appellee shall not be liable for costs in said court. If the appellee prevails, he shall be allowed a reasonable attorney’s fee to be taxed and collected as a part of his costs.

(f) Automatic bar from trading and suspension for noncompliance; effect of appeal

Unless the party against whom a reparation order has been issued shows to the satisfaction of the Commission within fifteen days from the expiration of the period allowed for compliance with such order that either an appeal as herein authorized has been taken or payment of the full amount of the order (or any agreed settlement thereof) has been made, such party shall be prohibited automatically from trading on all registered entities and, if the party is registered with the Commission, such registration shall be suspended automatically at the expiration of such fifteen-day period until such party shows to the satisfaction of the Commission that payment of such amount with interest thereon to date of payment has been made: Provided, That if on appeal the appellee prevails or if the appeal is dismissed, the automatic prohibition against trading and suspension of registration shall become effective at the expiration of thirty days from the date of judgment on the appeal, but if the judgment is stayed by a court of competent jurisdiction, the suspension shall become effective ten days after the expiration of such stay, unless prior thereto the judgment of the court has been satisfied.

(g) Predispute resolution agreements for institutional customers

Nothing in this section prohibits a registered futures commission merchant from requiring a customer that is an eligible contract participant, as a condition to the commission merchant’s conducting a transaction for the customer, to enter into an agreement waiving the right to file a claim under this section.

1983—Subsec. (a). Pub. Subsec. (b). Pub. L. 97–444, §231(2), substituted provisions relating to promulgation by Commission of rules, regulations, and orders necessary or appropriate for administration of this section, including rules of practice and procedure governing proceedings before the Com-
mission, for provisions relating to investigation and service of complaint by Commission, and hearing thereon before an Administrative Law Judge, except that where amount claimed as damages did not exceed $5,000, hearing need not be held, and proofs could be supplied by deposition or verified statements of fact.

Subsec. (c). Pub. L. 97–444, §231(3), (4), redesignated subsec. (d) as (c). Former subsec. (c), which provided that after opportunity for hearing on complaints where the damages claimed exceeded the sum of $5,000 had been provided or waived and on complaints where damages claimed did not exceed the sum of $5,000 not requiring hearing as provided herein, Commission would determine whether or not the respondent had violated any provision of this chapter or any rule, regulation, or order thereunder, was struck out.

Subsec. (f). Pub. L. 97–444, §231(4), (6), redesignated subsec. (h) as (f), made certain grammatical changes, and inserted provision allowing party against whom a reparation order has been issued to show compliance by payment of the full amount of the order or any agreed settlement thereof.

§ 21. Registered futures associations

(a) Registration statement

Any association of persons may be registered with the Commission as a registered futures association pursuant to subsection (b) of this section, under the terms and conditions hereinafter provided in this section, by filing with the Commission for review and approval a registration
statement in such form as the Commission may prescribe, setting forth the information, and accompanied by the documents, below specified:

(1) Data as to its organization, membership, and rules of procedure, and such other information as the Commission may by rules and regulations require as necessary or appropriate in the public interest; and

(2) Copies of its constitution, charter, or articles of incorporation or association, with all amendments thereto, and of its bylaws, and of any rules or instruments corresponding to the foregoing, whatever the name, hereinafter in this section collectively referred to as the “rules of the association”.

(b) Standards for registration; Commission findings

An applicant association shall not be registered as a futures association unless the Commission finds, under standards established by the Commission, that:—

(1) the rules of such association are in the public interest and that it will be able to comply with the provisions of this section and the rules and regulations thereunder and to carry out the purposes of this section;

(2) the rules of the association provide that any person registered under this chapter, registered entity, or any other person designated pursuant to the rules of the Commission as eligible for membership may become a member of such association, except such as are excluded pursuant to paragraph (3) or (4) of this subsection, or a rule of the association permitted under this subparagraph. The rules of the association may restrict membership in such association on such specified basis relating to the type of business done by its members, or on such other specified and appropriate basis, as appears to the Commission to be necessary or appropriate in the public interest and to carry out the purpose of this section. Rules adopted by the association may provide that the association may, unless the Commission directs otherwise in cases in which the Commission finds it appropriate in the public interest to approve or direct, deny admission to, or refuse to continue in membership under clause (A), (B), or (C) of this paragraph;

(3) the rules of the association provide that, except with the approval or at the direction of the Commission in cases in which the Commission finds it appropriate in the public interest so to approve or direct, no person shall become a member and no natural person shall become a person associated with a member, unless such person is qualified to become a member or a person associated with a member in conformity with specified and appropriate standards with respect to the training, experience, and such other qualifications of such person as the association finds necessary or desirable, and in the case of a member, the financial responsibility of such a member. For the purpose of defining such standards and the application thereof, such rules may—

(A) appropriately classify prospective members (taking into account relevant matters, including type or nature of business done) and persons proposed to be associated with members;

(B) specify that all or any portion of such standard shall be applicable to any such class;

(C) require persons in such class to pass examinations prescribed in accordance with such rules;

(D) provide that persons in any such class other than prospective members and partners, officers and supervisory employees (which latter term may be defined by such rules and as so defined shall include branch managers of members) of members, may be qualified solely on the basis of compliance with specified standards of training and such

members of such association or from being associated with all members of such registered entity, for violation of any rule of such association or registered entity which prohibits any act or transaction constituting conduct inconsistent with just and equitable principles of trade, or requires any act the omission of which constitutes conduct inconsistent with just and equitable principles of trade;

(B) is subject to an order of the Commission denying, suspending, or revoking his registration pursuant to section 9 of this title, or expelling or suspending him from membership in a registered futures association or a registered entity, or barring or suspending him from being associated with a futures commission merchant;

(C) whether prior or subsequent to becoming a member, by his conduct while associated with a member, was a cause of any suspension, expulsion, or order of the character described in clause (A) or (B) which is in effect with respect to such member, and in entering such a suspension, expulsion, or order, the Commission or any such registered entity or association shall have jurisdiction to determine whether or not any person was a cause thereof; or

(D) has associated with him any person who is known, or in the exercise of reasonable care should be known, to him to be a person who would be ineligible for admission to or continuance in membership under clause (A), (B), or (C) of this paragraph;

(4) the rules of the association provide that, except with the approval or at the direction of the Commission in cases in which the Commission finds it appropriate in the public interest so to approve or direct, no person shall become a member and no natural person shall become a person associated with a member, unless such person is qualified to become a member or a person associated with a member in conformity with specified and appropriate standards with respect to the training, experience, and such other qualifications of such person as the association finds necessary or desirable, and in the case of a member, the financial responsibility of such a member. For the purpose of defining such standards and the application thereof, such rules may—

(A) appropriately classify prospective members (taking into account relevant matters, including type or nature of business done) and persons proposed to be associated with members;

(B) specify that all or any portion of such standard shall be applicable to any such class;

(C) require persons in such class to pass examinations prescribed in accordance with such rules;

(D) provide that persons in any such class other than prospective members and partners, officers and supervisory employees (which latter term may be defined by such rules and as so defined shall include branch managers of members) of members, may be qualified solely on the basis of compliance with specified standards of training and such
§ 21

suspended or barred from being associated with all members, or any other fitting penalty such as expulsion, suspension, fine, censure, or being disciplined. Members and persons associated with members shall be appropriately disciplined, by procedures specified by such rules (and any application or document supplemental thereto required by such rules of a person seeking to be registered with such association shall, for the purposes of section 9 of this title, be deemed an application required to be filed under this section):

(5) the rules of the association assure a fair representation of its members in the adoption of any rule of the association or amendment thereto, the selection of its officers and directors, and in all other phases of the administration of its affairs;

(6) the rules of the association provide for the equitable allocation of dues among its members, to defray reasonable expenses of administration;

(7) the rules of the association are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, in general, to protect the public interest, and to remove impediments to and perfect the mechanism of free and open futures trading;

(8) the rules of the association provide that its members and persons associated with its members shall be appropriately disciplined, by expulsion, suspension, fine, censure, or being suspended or barred from being associated with all members, or any other fitting penalty, for any violation of its rules;

(9) the rules of the association provide a fair and orderly procedure with respect to the disciplining of members and persons associated with members and the denial of membership to any person seeking membership therein or the barring of any person from being associated with a member. In any proceeding to determine whether any member or other person shall be disciplined, such rules shall require that specific charges be brought; that such member or person shall be notified of, and be given an opportunity to defend against, such charges; that a record shall be kept; and that the determination shall include—

(A) a statement setting forth the specific acts or practice in which such member or other person may be found to have engaged, or which such member or other person may be found to have omitted;

(B) a statement setting forth the specific rule or rules of the association of which any such act or practice, or omission to act, is deemed to be in violation;

(C) a statement whether the acts or practices prohibited by such rule or rules, or the omission of any act required thereby, are deemed to constitute conduct inconsistent with just and equitable principles of trade; and

(D) a statement setting forth the penalty imposed;

In any proceeding to determine whether a person shall be denied membership or whether any person shall be barred from being associated with a member, such rules shall provide that the person shall be notified of, and be given an opportunity to be heard upon, the specific grounds for denial or bar which are under consideration; that a record shall be kept; and that the determination shall set forth the specific grounds upon which the denial or bar is based;

(10) the rules of the association provide a fair, equitable, and expeditious procedure through arbitration or otherwise for the settlement of customers' claims and grievances against any member or employee thereof: Provided, That (A) the use of such procedure by a customer shall be voluntary, (B) the term "customer" as used in this paragraph shall not include another member of the association, and (C) in the case of a claim arising from a violation in the execution of an order on the floor of a registered entity, such procedure shall provide, to the extent appropriate—

(i) for payment of actual damages proximately caused by such violation. If an award of actual damages is made against a floor broker in connection with the execution of a customer order, and the futures commission merchant which selected the floor broker for the execution of the customer order is held to be responsible under section 2(a)(1) of this title for the floor broker's violation, such futures commission merchant may be required to satisfy such award; and

(ii) where the violation is willful and intentional, for payment to the customer of punitive or exemplary damages, in addition to losses proximately caused by the violation, in an amount equal to no more than two times the amount of such losses. If punitive or exemplary damages are awarded against a floor broker in connection with the execution of a customer order, and the futures commission merchant which selected the floor broker for the execution of such order is held to be responsible under section 2(a)(1) of this title for the floor broker's violation, such futures commission merchant may be required to satisfy the award of punitive or exemplary damages if the floor broker fails to do so, except that such requirement shall apply to the futures commission merchant only if it willfully and in-

(11) such association provides for meaningful representation on the governing board of such association of a diversity of membership interests and provides that no less than 20 percent of the regular voting members of such board be comprised of qualified nonmembers of or persons who are not regulated by such association. 3

(12)(A) 4 such association provides on all major disciplinary committees for a diversity of membership sufficient to ensure fairness and to prevent special treatment or preference for any person in the conduct of disciplinary proceedings and the assessment of penalties. 5

(13) A 6 major disciplinary committee hearing a disciplinary matter shall include—

(A) qualified persons representing segments of the association membership other than that of the subject of the proceeding; and

(B) where appropriate to carry out the purposes of this paragraph, qualified persons who are not members of the association.

(c) Suspension of registration

The Commission may, after notice and opportunity for hearing, suspend the registration of any futures association if it finds that the rules thereof do not conform to the requirements of the Commission, and any such suspension shall remain in effect until the Commission issues an order determining that such rules have been modified to conform with such requirements.

(d) Fees and charges

In addition to the fees and charges authorized by section 12a(1) of this title, each person registered under this chapter, who is not a member of a futures association registered pursuant to this section, shall pay to the Commission such reasonable fees and charges as may be necessary to defray the costs of additional regulatory duties required to be performed by the Commission because such person is not a member of a registered futures association. The Commission shall establish such additional fees and charges by rules and regulations.

(e) Registered persons not members of registered associations

Any person registered under this chapter, who is not a member of a futures association registered pursuant to this section, in addition to the other requirements and obligations of this chapter and the regulations thereunder shall be subject to such other rules and regulations as the Commission may find necessary to protect the public interest and promote just and equitable principles of trade.

(f) Denial of registration

Upon filing of an application for registration pursuant to subsection (a) of this section, the Commission may by order grant such registration if the requirements of this section are satisfied. If, after appropriate notice and opportunity for hearing, it appears to the Commission that any requirement of this section is not satisfied, the Commission shall by order deny such registration.

(g) Withdrawal from registration; notice of withdrawal

A registered futures association may, upon such reasonable notice as the Commission may deem necessary in the public interest, withdraw from registration by filing with the Commission a written notice of withdrawal in such form as the Commission may by rules and regulations prescribe.

(h) Commission review of disciplinary actions taken by registered futures associations

(1) If any registered futures association takes any final disciplinary action against a member of the association or a person associated with a member, denies admission to any person seeking membership therein, or bars any person from being associated with a member, the association promptly shall give notice thereof to such member or person and file notice thereof with the Commission. The notice shall be in such form and contain such information as the Commission, by rule or regulation, may prescribe as necessary or appropriate to carry out the purposes of this chapter.

(2) Any action with respect to which a registered futures association is required by paragraph (1) to file notice shall be subject to review by the Commission on its motion, or on application by any person aggrieved by the action. Such application shall be filed within 30 days after the date such notice is filed with the Commission and received by the aggrieved person, or within such longer period as the Commission may determine.

(3)(A) Application to the Commission for review, or the institution of review by the Commission on its own motion, shall not operate as a stay of such action unless the Commission otherwise orders, summarily or after notice and opportunity for hearing on the question of a stay (which hearing may consist solely of the submission of affidavits or presentation of oral arguments).

(B) The Commission shall establish procedures for expedited consideration and determination of the question of a stay.

(i) Notice; hearing; findings; cancellation, reduction, or remission of penalties; review by court of appeals

(1) In a proceeding to review a final disciplinary action taken by a registered futures association against a member thereof or a person associated with a member, after appropriate notice and opportunity for a hearing (which hearing may consist solely of consideration of the record before the association and opportunity for the presentation of supporting reasons to affirm, modify, or set aside the sanction imposed by the association)—

(A) if the Commission finds that—

(i) the member or person associated with a member has engaged in the acts or practices,
or has omitted the acts, that the association has found the member or person to have engaged in or omitted;
(ii) the acts or practices, or omissions to act, are in violation of the rules of the association specified in the determination of the association; and
(iii) such rules are, and were applied in a manner, consistent with the purposes of this chapter,
the Commission, by order, shall so declare and, as appropriate, affirm the sanction imposed by the association, modify the sanction in accordance with paragraph (2), or remand the case to the association for further proceedings; or
(B) if the Commission does not make any such finding, the Commission, by order, shall set aside the sanction imposed by the association and, if appropriate, remand the case to the association for further proceedings.

A registered futures association shall submit to the Commission any change in or addition to its rules and may make such rules effective ten days after receipt of such submission by the Commission unless, within the ten-day period, the registered futures association requests review and approval thereof by the Commission or the Commission notifies such registered futures association in writing of its determination to review such rules for approval. The Commission shall approve such rules if such rules are determined by the Commission to be consistent with the requirements of this section and not otherwise in violation of this chapter or the regulations issued pursuant to this chapter, and the Commission shall disapprove, after appropriate notice and opportunity for hearing, any such rule which the Commission determines at any time to be inconsistent with the requirements of this section or in violation of this chapter or the regulations issued pursuant to this chapter. (2) The Commission may in writing request any registered futures association to adopt any specified alteration or supplement to its rules with respect to any of the matters hereinafter enumerated. If such association fails to adopt such alteration or supplement within a reasonable time, the Commission is authorized by order to alter or supplement the rules of such association in the manner theretofore requested, or with such modifications of such alteration or supplement as it deems necessary if, after appropriate notice and opportunity for hearing, it appears to the Commission that such alteration or supplement is necessary or appropriate in the public interest or to effectuate the purposes of this section, with respect to—
(A) the basis for, and procedure in connection with, the denial of membership or the
barring from being associated with a member or the disciplining of members or persons associated with members, or the qualifications required for members or natural persons associated with members or any class thereof;

(2) after appropriate notice and opportunity for hearing, by order to suspend for a period not exceeding twelve months or to bar any person from being associated with a member thereof, if the Commission finds that such member or person—

Notwithstanding any other provision of law, the Commission may approve rules of futures associations that, directly or indirectly, require persons eligible for membership in such associations to become members of at least one such association. Upon a determination by the Commission that such rules are necessary or appropriate to achieve the purposes and objectives of this chapter.

(2) In performing any Commission registration function authorized by the Commission under section 12a(10) of this title, this section, or any other applicable provisions of this chapter, a futures association may issue orders (A) to refuse to register any person, (B) to register conditionally any person, (C) to suspend the registration of any person, (D) to place restrictions on the registration of any person, or (E) to revoke the registration of any person. If such an order is the final decision of the futures association, any person against whom the order has been issued may petition the Commission to review the decision. The Commission may on its own initiative or upon petition decline review or grant review and affirm, set aside, or modify such an order of the futures association; and the findings of the futures association as to the facts, if supported by the weight of the evidence, shall be conclusive. Unless the Commission grants review under this section of an order concerning registration issued by a futures association, the order of the futures association shall be considered to be an order issued by the Commission.

(3) Nothing in this section shall affect the Commission’s authority to review the granting of a registration application by a registered futures association that is performing any Commission registration function authorized by the Commission under section 12a(10) of this title, this section, or any other applicable provision of this chapter.

(4) If a person against whom a futures association has issued a registration order under this subsection petitions the Commission to review that order and the Commission declines to take review, such person may file a petition for review with a United States court of appeals, in accordance with section 9 of this title.

(p) Establishment of rules for futures associations; approval by Commission

Such guidelines may include a requirement that, with respect to a customer with no previous futures or commodity options trading experience, the member may not enter an order for the account of such customer for a period of three days following opening of the account and receipt of a signed acknowledgment by the customer of receipt of a risk disclosure statement.

§ 74. Congressional findings and declaration of policy

(a) Grain is an essential source of the world’s total supply of human food and animal feed and is merchandised in interstate and foreign commerce. It is hereby found that all grain and other articles and transactions in grain regulated under this chapter are either in interstate or foreign commerce or substantially affect such commerce and that regulation thereof as provided in this chapter is necessary to prevent or eliminate burdens on such commerce and to regulate effectively such commerce.

(b) It is also declared to be the policy of Congress—

(1) to promote the marketing of grain of high quality to both domestic and foreign buyers;

(2) that the primary objective of the official United States standards for grain is to certify the quality of grain as accurately as practicable; and

(3) that official United States standards for grain shall—

(A) define uniform and accepted descriptive terms to facilitate trade in grain;

(B) provide information to aid in determining grain storability;

(C) offer users of such standards the best possible information from which to determine end-product yield and quality of grain;

(D) provide the framework necessary for markets to establish grain quality improvement incentives;

(E) reflect the economic value-based characteristics in the end uses of grain; and

(B)(i) In establishing requirements for cleanliness characteristics, the Secretary shall—

(I) consider technical constraints, economic benefits and costs to producers and industry, the price competitiveness of United States agricultural production, and levels of cleanliness met by major competing nations that export wheat, corn, barley, sorghum and soybeans;

(II) promulgate regulations after providing for notice and an opportunity for public comment prior to making changes in the grade-determining factors and factor limits that shall be applicable under this section to grain that is officially graded.

(a) Official samples and certificates; waiver; excepted grains

Whenever standards or procedures are effective under section 76 of this title for any grain—

(1) no person shall ship from the United States to any place outside thereof any lot of such grain, unless such lot is officially weighed and officially inspected in accordance with such standards or procedures, and unless a valid official certificate showing the official grade designation and certified weight of the lot of grain has been provided by official inspection personnel and is promptly furnished by the shipper, or the agent of the shipper, to the consignee with the bill of lading or other shipping documents covering the shipment; Provided, That the Secretary may waive the foregoing requirement in emergency or other circumstances which would not impair the objectives of this chapter; Provided further, That the Secretary shall waive the requirement for official inspection whenever the parties to a contract for such shipment of a lot of grain (which is not sold, offered for sale, or consigned for sale by grade) from the United States to any place outside thereof mutually agree under the contract to ship such lot of grain without official inspection being performed and a copy of the contract is furnished to the Secretary prior to shipment;
(2) except as the Secretary may provide in emergency or other circumstances which would not impair the objectives of this chapter, all other grain transferred out of and all grain transferred into an export elevator at an export port location shall be officially weighed in accordance with such standards or procedure: Provided, That, unless the shipper or receiver requests that the grain be officially weighed, intracompany shipments of grain into an export elevator by any mode of transportation, grain transferred into an export elevator by any mode of transportation, grain transferred out of an export elevator to destinations within the United States shall not be officially weighed; and

All official inspection and official weighing, whether performed by authorized employees of the Secretary or any other person licensed under section 84 of this title, shall be supervised by representatives of the Secretary, in accordance with such regulations as the Secretary may provide.

(c) Testing for aflatoxin contamination of corn shipped in foreign commerce

The Secretary is authorized and directed to require that all corn exported from the United States be tested to ascertain whether it exceeds acceptable levels of aflatoxin contamination, unless the contract for export between the buyer and seller stipulates that aflatoxin testing shall not be conducted.

(1) Whenever the Secretary determines that aflatoxin testing shall not be conducted, the person responsible for aflatoxin testing of corn (as defined in section 84 of this title) shall notify the shipper or the shipper’s agent.

(2) and (3) of subsec. (a).

1968—Pub. L. 90–487 substituted provisions requiring an official inspection for export grains but authorizing the waiver of such requirements when official inspection is impracticable for provisions prohibiting misrepresentation respecting grade shipped or delivered for shipment, allowing reexamination, requiring hearing in the event of a false or misleading description, and allowing publication of findings.

§ 79. Official inspection

(a) Grain required to be officially inspected

The Secretary is authorized to cause official inspection under the standards provided for in section 76 of this title to be made of all grain required to be officially inspected as provided in section 77 of this title, in accordance with such regulations as the Secretary may prescribe.

(b) Inspections made pursuant to request of interested persons

The Secretary is further authorized, upon request of any interested person, and under such regulations as the Secretary may prescribe, to cause official inspection to be made with respect to any grain whether by official sample, submitted sample, or otherwise within the United States under standards provided for in section 76 of this title, or, upon request of the interested person, under other criteria approved by the Secretary for determining the kind, class, quality, or condition of grain, or other facts relating to grain, whenever in the judgment of the Secretary providing such service will effectuate any of the objectives stated in section 74 of this title.

(c) Reinspections and appeals; cancellation of superseded certificates; sale of samples

The regulations prescribed by the Secretary under this chapter shall include provisions for reinspections and appeal inspections; cancellation and surrender of certificates superseded by reinspections and appeal inspections; and the use of standard forms for official certificates. The Secretary may provide by regulation that samples obtained by or for employees of the Secretary for purposes of official inspection shall become the property of the United States, and such samples may be disposed of without regard to the provisions of chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3506, 3906, 4710, and 4711) of subtitle I of title 41.

(d) Official certificates as evidence

Official certificates setting out the results of official inspection issued and not canceled under this chapter shall be received by all officers and all courts of the United States as prima facie evidence of the truth of the facts stated therein.

(e) Official inspection at export port locations; delegation of authority to State agencies

(1) Except as otherwise provided in paragraph (2) of this subsection, the Secretary shall cause official inspection at export port locations, for all grain required or authorized to be inspected by this chapter, to be performed by official inspection personnel employed by the Secretary or other persons under contract with the Secretary as provided in section 84 of this title.

(2) If the Secretary determines, pursuant to paragraph (3) of this subsection, that a State agency is qualified to perform official inspection, meets the criteria in subsection (f)(1)(A) of this section, and (A) was performing official inspection at an export port location under this
chapter on July 1, 1976, or (B)(i) performed official inspection at an export port location at any time prior to July 1, 1976, (ii) was designated under subsection (f) of this section on December 22, 1982, to perform official inspections at locations other than export port locations, and (iii) operates in a State from which total annual exports of grain do not exceed, as determined by the Secretary, 5 per centum of the total amount of grain exported from the United States annually, the Secretary may delegate authority to the State agency to perform all or specified functions involved in official inspection (other than appeal inspection) at export port locations within the State, including export port locations which may in the future be established, subject to such rules, regulations, instructions, and oversight as the Secretary may prescribe, and any such official inspection shall continue to be the direct responsibility of the Secretary. Any such delegation may be revoked by the Secretary, at the discretion of the Secretary, at any time upon notice to the State agency without opportunity for a hearing.

(3) Prior to delegating authority to a State agency for the performance of official inspection at export port locations pursuant to paragraph (2) of this subsection, the Secretary shall (A) conduct an investigation to determine whether such agency is qualified, and (B) make findings based on such investigation. In conducting the investigation, the Secretary shall consult with, and review the available files of the Department of Justice, the Office of Investigation of the Department of Agriculture (or such other organization or agency within the Department of Agriculture which may be delegated the authority, in lieu thereof, to conduct investigations on behalf of the Department of Agriculture), and the Government Accountability Office.

(4) The Secretary may provide that grain loaded at an interior point in the United States into a rail car, barge, or other container as the final carrier in which it is to be transported from the United States shall be inspected in the manner provided in this subsection or subsection (f) of this section, as the Secretary determines will best meet the objectives of this chapter.

(f) Official inspections at other than export port locations; designation of agencies or persons to conduct official inspections

(1) With respect to official inspections other than at export port locations, the Secretary is authorized, upon application by any State or local governmental agency, or any person, to designate such agency or person as an official agency for the conduct of all or specified functions involved in official inspection (other than appeal inspection) at locations where the Secretary determines official inspection is needed, if—

(A) the agency or person shows to the satisfaction of the Secretary that such agency or person—

(i) has adequate facilities and qualified personnel for the performance of such official inspection functions;

(ii) will provide for the periodic rotation of official inspection personnel among the grain elevators, warehouses, or other storage or handling facilities at which the State or person provides official inspection, as is necessary to preserve the integrity of the official inspection service;

(iii) will meet training requirements and personnel standards established by the Secretary under section 84(g) of this title;

(iv) will otherwise conduct such training and provide such supervision of its personnel as are necessary to assure that they will provide official inspection in accordance with this chapter and the regulations and instructions thereunder;

(v) will not charge official inspection fees that are discriminatory or unreasonable;

(vi) if a State or local governmental agency, will not use any moneys collected pursuant to the charging of fees for any purpose other than the maintenance of the official inspection operation of the State or local governmental agency;

(vii) and any related entities do not have a conflict of interest prohibited by section 87 of this title;

(viii) will maintain complete and accurate records of its organization, staffing, official activities, and fiscal operations, and such other records as the Secretary may require by regulation;

(ix) if a State or local governmental agency, will employ personnel on the basis of job qualifications rather than political affiliations;

(x) will comply with all provisions of this chapter and the regulations and instructions thereunder; and

(xi) meets other criteria established in regulations issued under this chapter relating to official functions under this chapter; and

(B) the Secretary determines that the applicant is better able than any other applicant to provide official inspection service.

(2) Geographic boundaries for official agencies.—Not more than one official agency designated under paragraph (1) or State delegated authority under subsection (e)(2) of this section to carry out the inspection provisions of this chapter shall be operative at the same time in any geographic area defined by the Secretary, except that, if the Secretary determines that the presence of more than one designated official agency in the same geographic area will not undermine the policy stated in section 74 of this title, the Secretary may—

(A) allow more than one designated official agency to carry out inspections within the same geographical area as part of a pilot program; and

(B) allow a designated official agency to cross boundary lines to carry out inspections in another geographic area if the Secretary also determines that—

(i) the current designated official agency for that geographic area is unable to provide inspection services in a timely manner;

(ii) a person requesting inspection services in that geographic area has not been receiving official inspection services from the current designated official agency for that geographic area; or
(iii) a person requesting inspection services in that geographic area requests a probe inspection on a barge-lot basis.

(3) Except as authorized by the Secretary, no official agency or State delegated authority pursuant to subsection (e)(2) of this section shall officially inspect under this chapter any official or other sample drawn from a lot of grain and submitted for inspection unless such lot of grain is physically located within the geographic area assigned to the agency by the Secretary at the time such sample is drawn.

(4) No State or local governmental agency or person shall provide any official inspection for the purposes of this chapter except pursuant to an unsuspended and unrevoked delegation of authority or designation by the Secretary, as provided in this section, or as provided in section 84(a) of this title.

(g) Termination, renewal, amendment, cancellation, and revocation of designations of official agencies

(1) Designations of official agencies shall terminate at such time as specified by the Secretary but not later than triennially and may be renewed in accordance with the criteria and procedure prescribed in subsection (f) of this section.

(2) A designation of an official agency may be amended at any time upon application by the official agency if the Secretary determines that the amendment will be consistent with the provisions and objectives of this chapter; and a designation will be cancelled upon request by the official agency with ninety days written notice to the Secretary. A fee as prescribed by regulations of the Secretary shall be paid by the official agency to the Secretary for each such amendment, to cover the costs incurred by the Secretary in connection therewith, and it shall be deposited in the fund created in subsection (j) of this section.

(3) The Secretary may revoke a designation of an official agency whenever, after opportunity for hearing is afforded the agency, the Secretary determines that the agency has failed to meet one or more of the criteria specified in subsection (f) of this section for the performance of official functions, or otherwise has not complied with any provision of this chapter or any regulation prescribed or instruction issued to such agency under this chapter, or has been convicted of any violation of other Federal law involving the handling of official inspection of grain: Provided, That the Secretary may, without first affording the official agency an opportunity for a hearing, suspend any designation pending final determination of the proceeding whenever the Secretary has reason to believe there is cause for revocation of the designation and considers such action to be in the best interest of the official inspection system under this chapter. The Secretary shall afford any such agency an opportunity for a hearing within thirty days after temporarily suspending such designation.

(h) Official inspections at locations other than export port locations when designated official agencies are not available

If the Secretary determines that official inspection by an official agency designated under subsection (f) of this section is not available on a regular basis at any location (other than at an export port location) where the Secretary determines such inspection is needed to effectuate the objectives stated in section 74 of this title, fund that no official agency within reasonable proximity to such location is willing to provide or has or can acquire adequate personnel and facilities for providing such service on an interim basis, official inspection shall be provided by authorized employees of the Secretary, and other persons licensed by the Secretary to perform official inspection functions, as provided in section 84 of this title, until such time as the service can be provided on a regular basis by an official agency.

(i) Official inspections in Canadian ports

The Secretary is authorized to cause official inspection under this chapter to be made, as provided in subsection (a) of section 77 of this title, in Canadian ports of United States export grain transshipped through Canadian ports, and pursuant thereto the Secretary is authorized to enter into an agreement with the Canadian Government for such inspection. All or specified functions of such inspections shall be performed by official inspection personnel employed by the Secretary or, except for appeals, by persons operating under a contract with the Secretary or as otherwise provided by agreement with the Canadian Government.

(j) Fees; establishment, amount, payment, etc.

(1) The Secretary shall, under such regulations as the Secretary may prescribe, collect reasonable inspection fees to cover the estimated cost to the Secretary incident to the performance of official inspection except when the official inspection is performed by a designated official agency or by a State under a delegation of authority. The fees authorized by this subsection shall, as nearly as practicable and after taking into consideration any proceeds from the sale of samples, cover the costs of the Secretary incident to its performance of official inspection services in the United States and on United States grain in Canadian ports, including administrative and supervisory costs related to such official inspection of grain. Such fees, and the proceeds from the sale of samples obtained for purposes of official inspection which become the property of the United States, shall be deposited into a fund which shall be available without fiscal year limitation for the expenses of the Secretary incident to providing services under this chapter.

(2) Each designated official agency and each State agency to which authority has been delegated under subsection (e) of this section shall pay to the Secretary fees in such amount as the Secretary determines fair and reasonable and as will cover the estimated costs incurred by the Secretary relating to supervision of official agency personnel and supervision by the Secretary of the Secretary’s field office personnel, except costs incurred under paragraph (3) of subsection (g) of this section and sections 85, 86, and 87c of this title. The fees shall be payable after the services are performed at such times as spec-
ified by the Secretary and shall be deposited in the fund created in paragraph (1) of this subsection. Failure to pay the fee within thirty days after it is due shall result in automatic termination of the delegation or designation, which shall be reinstated upon payment, within such period as specified by the Secretary, of the fee currently due plus interest and any further expenses incurred by the Secretary because of such termination. The interest rate on overdue fees shall be as prescribed by the Secretary, but not less than the current average market yield on outstanding marketable obligations of the United States of comparable maturity, plus an additional charge of not to exceed 1 percent per annum as determined by the Secretary and adjusted to the nearest one-eighth of 1 percent.

(3) Any sums collected or received by the Secretary under this chapter and deposited to the fund created in paragraph (1) of this subsection and any late payment penalties collected by the Secretary and credited to such fund may be invested by the Secretary in insured or fully collateralized, interest-bearing accounts or, at the discretion of the Secretary, by the Secretary of the Treasury in United States Government debt instruments. The interest earned on such sums and any late payment penalties collected by the Secretary shall be credited to the fund and shall be available without fiscal year limitation for the expenses of the Secretary incident to providing services under this chapter.

(4) The duties imposed by paragraph (2) on designated official agencies and State agencies described in such paragraph and the investment authority provided by paragraph (3) shall expire on September 30, 2015. After that date, the fees established by the Secretary pursuant to paragraph (1) shall not cover administrative and supervisory costs related to the official inspection of grain.

(2) A pesticide is misbranded if—

(A) the label does not bear an ingredient statement on that part of the immediate container (and on the outside container or wrapper of the retail package, if there be one, through which the ingredient statement on the immediate container cannot be clearly read) which is presented or displayed under customary conditions of purchase, except that a pesticide is not misbranded under this subparagraph if—

(i) the size or form of the immediate container, or the outside container or wrapper of the retail package, makes it impracticable to place the ingredient statement on the part which is presented or displayed under customary conditions of purchase; and

(ii) the ingredient statement appears prominently on another part of the immediate container, or outside container or wrapper, permitted by the Administrator;
(B) the labeling does not contain a statement of the use classification under which the product is registered;

The Administrator shall consider the risks and benefits of public health pesticides separate from the risks and benefits of other pesticides. In weighing any regulatory action concerning a public health pesticide under this subchapter, the Administrator shall weigh any risks of the pesticide against the health risks such as the diseases transmitted by the vector to be controlled by the pesticide.

(cc) Weed

The term “weed” means any plant which grows where not wanted.

(dd) Establishment

The term “establishment” means any place where a pesticide or device or active ingredient used in producing a pesticide is produced, or held, for distribution or sale.

The term “to use any registered pesticide in a manner inconsistent with its labeling” means to use any registered pesticide in a manner not permitted by the labeling, except that the term shall not include (1) applying a pesticide at any dosage, concentration, or frequency less than that specified on the labeling unless the labeling specifically prohibits deviation from the specified dosage, concentration, or frequency, (2) applying a pesticide against any target pest not specified on the labeling if the application is to the crop, animal, or site specified on the labeling, unless the Administrator has required that the labeling specifically state that the pesticide may be used only for the pests specified on the labeling after the Administrator has determined that the use of the pesticide against other pests would cause an unreasonable adverse effect on the environment, (3) employing any method of application not prohibited by the labeling unless the labeling specifically states that the product may be applied only by the methods specified on the labeling, (4) mixing a pesticide or pesticides with a fertilizer when such mixture is not prohibited by the labeling, (5) any use of a pesticide in conformance with section 136c, 136p, or 136v of this title, or (6) any use of a pesticide in a manner that the Administrator determines to be consistent with the purposes of this subchapter. After March 31, 1979, the term shall not include the use of a pesticide for agricultural or forestry purposes at a dilution less than that labeled unless before or after that date the Administrator issues a regulation or advisory opinion consistent with the study provided for in section 27(b) of the Federal Pesticide Act of 1978, which regulation or advisory opinion specifically requires the use of definite amounts of dilution.

(ff) Outstanding data requirement

(1) In general

The term “outstanding data requirement” means a requirement for any study, information, or data that is necessary to make a determination under section 136a(c)(5) of this title and which study, information, or data—

(A) has not been submitted to the Administrator; or

(1) dicyandiamide;

(2) ammonium thiosulfate; or

(3) any substance or mixture of substances.

(A) that was not registered pursuant to section 136a of this title prior to January 1, 1992; and

The term “maintenance applicator” means any individual who, in the principal course of such individual’s employment, uses, or supervises the use of, a pesticide not classified for restricted use (other than a ready to use consumer pesticide); for the purpose of providing structural pest control or lawn pest control including janitors, general maintenance personnel, sanitation personnel, and grounds maintenance personnel. The term “maintenance applicator” does not include private applicators as defined in subsection (e)(2) of this section; individuals who use antimicrobial pesticides, sanitizers or disinfectants; individuals employed by Federal, State, and local governments or any political subdivisions thereof, or individuals who use pesticides not classified for restricted use in or around their homes, boats, sod farms, nurseries, greenhouses, or other noncommercial property.

(kk) **Service technician**

(ln) **Minor use**

The term “minor use” means the use of a pesticide on an animal, on a commercial agricultural crop or site, or for the protection of public health where:

1. The total United States acreage for the crop is less than 300,000 acres, as determined by the Secretary of Agriculture; or
2. The Administrator, in consultation with the Secretary of Agriculture, determines that, based on information provided by an applicant for registration or a registrant, the use does not provide sufficient economic incentive to support the initial registration or continuing registration of a pesticide for such use and—
   A. There are insufficient efficacious alternative registered pesticides available for the use;
   B. The alternatives to the pesticide use pose greater risks to the environment or human health;
   C. The minor use pesticide plays or will play a significant part in managing pest resistance; or
   D. The minor use pesticide plays or will play a significant part in an integrated pest management program.

The status as a minor use under this subsection shall continue as long as the Administrator has not determined that, based on existing data, such use may cause an unreasonable adverse effect on the environment and the use otherwise qualifies for such status.

(mm) **Antimicrobial pesticide**

1. **In general**

The term “antimicrobial pesticide” means a pesticide that—

   a. Is intended to—
      i. Disinfect, sanitize, reduce, or mitigate growth or development of microbiological organisms;
      ii. Protect inanimate objects, industrial processes or systems, surfaces, water, or other chemical substances from contamination, fouling, or deterioration caused by bacteria, viruses, fungi, protozoa, algae, or slime; and
   b. In the intended use is exempt from, or otherwise not subject to, a tolerance under section 346a of title 21 or a food additive regulation under section 348 of title 21.

2. **Excluded products**

The term “antimicrobial pesticide” does not include—

   a. A wood preservative or antifouling paint product for which a claim of pesticidal activity other than or in addition to an activity described in paragraph (1) is made;
   b. An agricultural fungicide product;
   c. An aquatic herbicide product.

3. **Included products**

The term “antimicrobial pesticide” does include any other chemical sterilant product (other than liquid chemical sterilant products exempt under subsection (a) of this section), any other disinfectant product, any other industrial microbiocide product, and any other preservative product that is not excluded by paragraph (2).

(nn) **Public health pesticide**

The term “public health pesticide” means any minor use pesticide product registered for use and used predominantly in public health programs for vector control or for other recognized health protection uses, including the prevention or mitigation of viruses, bacteria, or other microorganisms (other than viruses, bacteria, or other microorganisms on or in living man or other living animal) that pose a threat to public health.

(oo) **Vector**

The term “vector” means any organism capable of transmitting the causative agent of human disease or capable of producing human discomfort or injury, including mosquitoes, flies, fleas, cockroaches, or other insects and ticks, mites, or rats.

For purposes of the preceding sentence, the term ‘critical device’ includes any device which is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body and the term ‘semi-critical device’ includes any device which contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.”

Subsec. (hh). Pub. L. 104–170, §304, which directed amendment of section 2(b)(b) by inserting “(1)” after “means” and adding cl.  Administrator may be transferred if—

(b) Exemptions

A pesticide which is not registered with the Administrator may be transferred if—

(1) the transfer is from one registered establishment to another registered establishment operated by the same producer solely for packaging at the second establishment or for use as a constituent part of another pesticide produced at the second establishment; or

(2) the transfer is pursuant to and in accordance with the requirements of an experimental use permit.

(c) Procedure for registration

(1) Statement required

Each applicant for registration of a pesticide shall file with the Administrator a statement which includes—

(A) the name and address of the applicant and of any other person whose name will appear on the labeling;

(B) the name of the pesticide;

(C) a complete copy of the labeling of the pesticide, a statement of all claims to be made for it, and any directions for its use;

(D) the complete formula of the pesticide;

(E) a request that the pesticide be classified for general use or for restricted use, or for both; and

(F) except as otherwise provided in paragraph (2)(D), if requested by the Administrator, a full description of the tests made and the results thereof upon which the claims are based, or alternatively a citation to data that appear in the public literature or that previously had been submitted to the Administrator and that the Administrator may consider in accordance with the following provisions:

(i) With respect to pesticides containing active ingredients that are initially registered under this subchapter after September 30, 1978, data submitted to support the application for the original registration of the pesticide, or an application for an amendment adding any new use to the registration and that pertains solely to such new use, shall not, without the written permission of the original data submitter, be considered by the Administrator to support an application by another person during a period of ten years following the date the data were originally submitted only if the applicant has made an offer to compensate the original data submitter and submitted such offer to the Administrator accompanied by evidence of delivery to the original data submitter of the offer. The terms and amount of compensation may be fixed by agreement between the original data submitter and the applicant, or, failing such agreement, binding arbitration under this subparagraph. If, at the end of ninety days after the date of delivery to the original data submitter of the offer to compensate, the original data submitter and the applicant have neither agreed on the amount and terms of compensation nor on a procedure for reaching an agreement on the amount and terms of compensation, either person may initiate binding arbitration proceedings by requesting the Federal Mediation and Conciliation Service to appoint an arbitrator from the roster of arbitrators maintained by such Service. The
§ 136a

The Administrator shall publish guidelines specifying the kinds of information which will be required to support the registration of a pesticide and shall revise such guidelines from time to time. If thereafter the Administrator requires any additional kind of information under subparagraph (B) of this paragraph, the Administrator shall permit sufficient time for applicants to obtain such additional information. The Administrator, in establishing standards for data requirements for the registration of pesticides with respect to minor uses, shall make such standards commensurate with the anticipated extent of use, pattern of use, the public health and agricultural need for such minor use, and the level and degree of potential beneficial or adverse effects on man and the environment. The Administrator shall not require a person to submit, in relation to a registration or reregistration of a pesticide for minor agricultural use under this subchapter, any field residue data from a geographic area where the pesticide will not be applied.

(vi) With respect to data submitted after August 3, 1996, by an applicant or registrant to support an amendment adding a new use to an existing registration that does not retain any period of exclusive use, if such data relates solely to a minor use of a pesticide, such data shall not, without the written permission of the original data submitter, be considered by the Administrator to support an application for a minor use by another person during the period of 10 years following the date of submission of such data. The applicant or registrant at the time the new minor use is requested shall notify the Administrator that to the best of their knowledge the exclusive use period for the pesticide has expired and that the data pertaining solely to the minor use of a pesticide is eligible for the provisions of this paragraph. If the minor use registration which is supported by data submitted pursuant to this subsection is voluntarily canceled or if such data are subsequently used to support a nonminor use, the data shall no longer be subject to the exclusive use provisions of this clause but shall instead be considered by the Administrator in accordance with the provisions of clause (i), as appropriate.

(G) If the applicant is requesting that the registration or amendment to the registration of a pesticide be expedited, an explanation of the basis for the request must be submitted, in accordance with paragraph (10) of this subsection.

(2) Data in support of registration

(A) In general

The Administrator shall publish guidelines applicable to the selection of such arbitrator and to such arbitration proceedings, and the findings and determination of the arbitrator shall be final and conclusive, and no official of the United States shall have power or jurisdiction to review any such findings and determination, except for fraud, misrepresentation, or other misconduct by one of the parties to the arbitration or the arbitrator where there is a verified complaint with supporting affidavits attesting to specific instances of such fraud, misrepresentation, or other misconduct. The parties to the arbitration shall share equally in the payment of the fee and expenses of the arbitrator. If the Administrator determines that an original data submitter has failed to participate in a procedure for reaching an agreement or in an arbitration proceeding as required by this subparagraph, or failed to comply with the terms of an agreement or arbitration decision concerning compensation under this subparagraph, the original data submitter shall forfeit the right to compensation for the use of the data in support of the application. Notwithstanding any other provision of this subchapter, if the Administrator determines that an applicant has failed to participate in a procedure for reaching an agreement or in an arbitration proceeding as required by this subparagraph, or failed to comply with the terms of an agreement or arbitration decision concerning compensation under this subparagraph, the Administrator shall deny the application or cancel the registration of the pesticide in support of which the data were used without further hearing. Before the Administrator takes action under either of the preceding two sentences, the Administrator shall furnish to the affected person, by certified mail, notice of intent to take action and allow fifteen days from the date of delivery of the notice for the affected person to respond. If a registration is denied or canceled under this subparagraph, the Administrator may make such order as the Administrator deems appropriate concerning the continued sale and use of existing stocks of such pesticide. Registration action by the Administrator shall not be delayed pending the fixing of compensation.

(iv) After expiration of any period of exclusive use and any period for which compensation is required for the use of an item of data under clauses (i), (ii), and (iii), the Administrator may consider such item of data in support of an application by any other applicant without the permission of the original data submitter and without an offer having been received to compensate the original data submitter for the use of such item of data.

(v) The period of exclusive use provided under clause (ii) shall not take effect until 1 year after August 3, 1996, except where an applicant or registrant is applying for the registration of a pesticide containing an active ingredient not previously registered.
potential registrant to undertake the development of the required data. Except as provided by section 136f of this title, within 30 days after the Administrator registers a pesticide under this subchapter the Administrator shall make available to the public the data called for in the registration statement together with such other scientific information as the Administrator deems relevant to the Administrator’s decision.

(B) Additional data

(i) If the Administrator determines that additional data are required to maintain in effect an existing registration of a pesticide, the Administrator shall notify all existing registrants of the pesticide to which the determination relates and provide a list of such registrants to any interested person.

(ii) Each registrant of such pesticide shall provide evidence within ninety days after receipt of notification that it is taking appropriate steps to secure the additional data that are required. Two or more registrants may agree to develop jointly, or to share in the cost of developing, such data if they agree and advise the Administrator of their intent within ninety days after notification. Any registrant who agrees to share in the cost of producing the data shall be entitled to examine and rely upon such data in support of maintenance of such registration. The Administrator shall issue a notice of intent to suspend the registration of a pesticide in accordance with the procedures prescribed by clause (iv) if a registrant fails to comply with this clause.

(iii) If, at the end of sixty days after advising the Administrator of their agreement to develop jointly, or share in the cost of developing, data, the registrants have not further agreed on the terms of the data development arrangement or on a procedure for reaching such agreement, any of such registrants may initiate binding arbitration proceedings by requesting the Federal Mediation and Conciliation Service to appoint an arbitrator from the roster of arbitrators maintained by such Service. The procedure and rules of the Service shall be applicable to the selection of such arbitrator and to such arbitration proceedings, and the findings and determination of the arbitrator shall be final and conclusive, and no official or court of the United States shall have power or jurisdiction to review any such findings and determination, except for fraud, misrepresentation, or other misconduct by one of the parties to the arbitration or the arbitrator where there is a verified complaint with supporting affidavits attesting to specific instances of such fraud, misrepresentation, or other misconduct. All parties to the arbitration shall share equally in the payment of the fee and expenses of the arbitrator. The Administrator shall issue a notice of intent to suspend the registration of a pesticide in accordance with the procedures prescribed by clause (iv) if a registrant fails to comply with this clause.

(iv) Notwithstanding any other provision of this subchapter, if the Administrator determines that a registrant, within the time required by the Administrator, has failed to take appropriate steps to secure the data required under this subparagraph, to participate in a procedure for reaching an agreement concerning a joint data development arrangement under this subparagraph or in an arbitration proceeding as required by this subparagraph, or to comply with the terms of an agreement or arbitration decision concerning a joint data development arrangement under this subparagraph, the Administrator may issue a notice of intent to suspend such registrant’s registration of the pesticide for which additional data is required. The Administrator may include in the notice of intent to suspend such registrant’s registration of the pesticide for which additional data is required. The Administrator may include in the notice of intent to suspend such registrant’s registration of the pesticide for which additional data is required, whether the Administrator’s determination with respect to the disposition of existing stocks is consistent with this subchapter. If a hearing is held, a decision after completion of such hearing shall be final. Notwithstanding any other provision of this subchapter, a hearing shall be held and a determination made within seventy-five days after receipt of a request for such hearing. Any registration suspended under this subparagraph shall be reinstated by the Administrator if the Administrator determines that the registrant has complied fully with the requirements that served as a basis for the notice of intent to suspend. If a hearing is requested, a hearing shall be conducted under section 136d(d) of this title. The only matters for resolution at that hearing shall be whether the registrant has failed to take the action that served as the basis for the notice of intent to suspend the registration of the pesticide for which additional data is required, and whether the Administrator’s determination with respect to the disposition of existing stocks is consistent with this subchapter. If a hearing is held, a decision after completion of such hearing shall be final. Notwithstanding any other provision of this subchapter, a hearing shall be held and a determination made within seventy-five days after receipt of a request for such hearing. Any registration suspended under this subparagraph shall be reinstated by the Administrator if the Administrator determines that the registrant has complied fully with the requirements that served as a basis for the suspension of the registration.

(v) Any data submitted under this subparagraph shall be subject to the provisions of paragraph (I)(D). Whenever such data are submitted jointly by two or more registrants, an agent shall be agreed on at the time of the joint submission to handle any subsequent data compensation matters for the joint submitters of such data.

(vi) Upon the request of a registrant the Administrator shall, in the case of a minor use, extend the deadline for the production of residue chemistry data under this subparagraph for data required solely to support that minor use until the final deadline for submission of data, under section 136a-1 of this title for the other uses of the pesticide established as of August 3, 1996, if—

(I) the data to support other uses of the pesticide on a food are being provided;
§ 136a § 136a

(II) the registrant, in submitting a request for such an extension, provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;

(III) the Administrator has determined that such extension will not significantly delay the Administrator's schedule for issuing a reregistration eligibility determination required under section 136a-1 of this title; and

(IV) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this clause, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this clause, the Administrator may take action to modify or revoke the extension under this clause if the Administrator determines that the extension for the minor use may cause an unreasonable adverse effect on the environment. In such circumstance, the Administrator shall provide, in writing to the registrant, a notice revoking the extension of time for submission of data. Such data shall instead be due in accordance with the date established by the Administrator for the submission of the data.

(vii) If the registrant does not commit to support a specific minor use of the pesticide, but is supporting and providing data in a timely and adequate fashion to support uses of the pesticide on a food, or if all uses of the pesticide are nonfood uses and the registrant does not commit to support a specific minor use of the pesticide but is supporting and providing data in a timely and adequate fashion to support other nonfood uses of the pesticide, the Administrator, at the written request of the registrant, shall not take any action pursuant to this clause in regard to such unsupported minor use until the final deadline established as of August 3, 1996, for the submission of data under section 136a-1 of this title for the supported uses identified pursuant to this clause unless the Administrator determines that the absence of the data is significant enough to cause human health or environmental concerns. On the basis of such determination, the Administrator may refuse the request for extension by the registrant. Upon receipt of the request from the registrant, the Administrator shall publish in the Federal Register a notice of the receipt of the request and the effective date upon which the uses not being supported will be voluntarily deleted from the registration pursuant to section 136d(f)(1) of this title. If the Administrator grants an extension under this clause, the Administrator shall monitor the development of the data for the uses being supported and shall ensure that the registrant is meeting the schedule for the production of such data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) of this subparagraph regarding the continued registration of the affected products with the minor and other uses and shall inform the public of such action in accordance with section 136d(f)(2) of this title. Notwithstanding the provisions of this clause, the Administrator may deny, modify, or revoke the temporary extension under this subparagraph if the Administrator determines that the continuation of the minor use may cause an unreasonable adverse effect on the environment. In the event of modification or revocation, the Administrator shall provide, in writing, to the registrant a notice revoking the temporary extension and establish a new effective date by which the minor use shall be deleted from the registration.

(viii)(I) If data required to support registration of a pesticide under subparagraph (A) is requested by a Federal or State regulatory authority, the Administrator shall, to the extent practicable, coordinate data requirements, test protocols, timetables, and standards of review and reduce burdens and redundancy caused to the registrant by multiple requirements on the registrant.

(II) The Administrator may enter into a cooperative agreement with a State to carry out subclause (I).

(III) Not later than 1 year after August 3, 1996, the Administrator shall develop a process to identify and assist in alleviating future disparities between Federal and State data requirements.

(C) Simplified procedures

Within nine months after September 30, 1978, the Administrator shall, by regulation, prescribe simplified procedures for the registration of pesticides, which shall include the provisions of subparagraph (D) of this paragraph.

(D) Exemption

No applicant for registration of a pesticide who proposes to purchase a registered pesticide from another producer in order to formulate such purchased pesticide into the pesticide that is the subject of the application shall be required to—

(i) submit or cite data pertaining to such purchased product; or

(ii) offer to pay reasonable compensation otherwise required by paragraph (1)(D) of this subsection for the use of any such data.

(E) Minor use waiver

In handling the registration of a pesticide for a minor use, the Administrator may
waive otherwise applicable data requirements if the Administrator determines that the absence of such data will not prevent the Administrator from determining—

(i) the incremental risk presented by the minor use of the pesticide; and

(ii) that such risk, if any, would not be an unreasonable adverse effect on the environment.

(3) Application

(A) In general

The Administrator shall review the data after receipt of the application and shall, as expeditiously as possible, either register the pesticide in accordance with paragraph (5), or notify the applicant of the Administrator’s determination that it does not comply with the provisions of the subchapter in accordance with paragraph (6).

(B) Identical or substantially similar

(i) The Administrator shall, as expeditiously as possible, review and act on any application received by the Administrator that—

(I) proposes the initial or amended registration of an end-use pesticide that, if registered as proposed, would be identical or substantially similar in composition and labeling to a currently-registered pesticide identified in the application, or that would differ in composition and labeling from such currently-registered pesticide only in ways that would not significantly increase the risk of unreasonable adverse effects on the environment; or

(II) proposes an amendment to the registration of a registered pesticide that does not require scientific review of data.

(ii) In expediting the review of an application for an action described in clause (i), the Administrator shall—

(I) review the application in accordance with section 136w–8(f)(4)(B) of this title and, if the application is found to be incomplete, reject the application;

(II) not later than the applicable decision review time established pursuant to section 136w–8(f)(4)(B) of this title, or, if no review time is established, not later than 90 days after receiving a complete application, notify the registrant if the application has been granted or denied; and

(III) if the application is denied, notify the registrant in writing of the specific reasons for the denial of the application.

(C) Minor use registration

(i) The Administrator shall, as expeditiously as possible, review and act on any complete application—

(I) that proposes the initial registration of a new pesticide active ingredient if the active ingredient is proposed to be registered solely for minor uses, or proposes a registration amendment solely for minor uses to an existing registration; and

(II) for a registration or a registration amendment that proposes significant minor uses.

(ii) For the purposes of clause (i)—

(I) the term “as expeditiously as possible” means that the Administrator shall, to the greatest extent practicable, complete a review and evaluation of all data, submitted with a complete application, within 12 months after the submission of the complete application, and the failure of the Administrator to complete such a review and evaluation under clause (i) shall not be subject to judicial review; and

(II) the term “significant minor uses” means 3 or more minor uses proposed for every nonminor use, a minor use that would, in the judgment of the Administrator, serve as a replacement for any use which has been canceled in the 5 years preceding the receipt of the application, or a minor use that in the opinion of the Administrator would avoid the reissuance of an emergency exemption under section 136p of this title for that minor use.

(D) Adequate time for submission of minor use data

If a registrant makes a request for a minor use waiver, regarding data required by the Administrator, pursuant to paragraph (2)(E), and if the Administrator denies in whole or in part such data waiver request, the registrant shall have a full-time period for providing such data. For purposes of this subparagraph, the term “full-time period” means the time period originally established by the Administrator for submission of such data, beginning with the date of receipt by the registrant of the Administrator’s notice of denial.

(4) Notice of application

The Administrator shall publish in the Federal Register, promptly after receipt of the statement and other data required pursuant to subsection (d) of this section—

(A) its composition is such as to warrant the proposed claims for it;

(B) its labeling and other material required to be submitted comply with the requirements of this subchapter;

(C) it will perform its intended function without unreasonable adverse effects on the environment; and

(D) when used in accordance with widespread and commonly recognized practice it will not generally cause unreasonable adverse effects on the environment.

The Administrator shall not make any lack of essentiality a criterion for denying registration of any pesticide. Where two pesticides meet the requirements of this paragraph, one

§ 136a

(5) Denial of registration

If the Administrator determines that the requirements of paragraph (5) for registration are not satisfied, the Administrator shall notify the applicant for registration of the Administrator’s determination and of the Administrator’s reasons (including the factual basis) therefor, and that, unless the applicant corrects the conditions and notifies the Administrator thereof during the 30-day period beginning with the day after the date on which the applicant receives the notice, the Administrator may refuse to register the pesticide. Whenever the Administrator refuses to register a pesticide, the Administrator shall notify the applicant of the Administrator’s decision and of the Administrator’s reasons (including the factual basis) therefor. The Administrator shall promptly publish in the Federal Register notice of such denial of registration and the reasons therefor. Upon such notification, the applicant for registration or other interested person with the concurrence of the applicant shall have the same remedies as provided for in section 136d of this title.

(7) Registration under special circumstances

Notwithstanding the provisions of paragraph (5)—

(A) The Administrator may conditionally register or amend the registration of a pesticide if the Administrator determines that (i) the pesticide and proposed use are identical or substantially similar to any currently registered pesticide and use thereof, or differ only in ways that would not significantly increase the risk of unreasonable adverse effects on the environment, and (ii) approving the registration or amendment in the manner proposed by the applicant would not significantly increase the risk of any unreasonable adverse effect on the environment. An applicant seeking conditional registration or amended registration under this subparagraph shall submit such data as would be required to obtain registration of a similar pesticide under paragraph (5). If the applicant is unable to submit an item of data (other than data pertaining to the proposed additional use) because it has not yet been generated, the Administrator may amend the registration under such conditions as will require the submission of such data not later than the time such data are required to be submitted with respect to similar pesticides already registered under this subchapter.

(B) The Administrator may conditionally amend the registration of a pesticide to permit additional uses of such pesticide notwithstanding that data concerning the pesticide may be insufficient to support an unconditional amendment, if the Administrator determines that (i) the applicant has submitted satisfactory data pertaining to the proposed additional use, and (ii) amending the registration in the manner proposed by the applicant would not significantly increase the risk of any unreasonable adverse effect on the environment. Notwithstanding the foregoing provisions of this subparagraph, no registration of a pesticide may be amended to permit an additional use of such pesticide if the Administrator has issued a notice stating that such pesticide, or any ingredient thereof, meets or exceeds risk criteria associated in whole or in part with human dietary exposure enumerated in regulations issued under this subchapter, and during the pendency of any risk-benefit evaluation initiated by such notice, if (I) the additional use of such pesticide involves a major food or feed crop, or (II) the additional use of such pesticide involves a minor food or feed crop and the Administrator determines, with the concurrence of the Secretary of Agriculture, there is available an effective alternative pesticide that does not meet or exceed such risk criteria. An applicant seeking amended registration under this subparagraph shall submit such data as would be required to obtain registration of a similar pesticide under paragraph (5). If the applicant is unable to submit an item of data (other than data pertaining to the proposed additional use) because it has not yet been generated, the Administrator may amend the registration under such conditions as will require the submission of such data not later than the time such data are required to be submitted with respect to similar pesticides already registered under this subchapter.

(C) The Administrator may conditionally register a pesticide containing an active ingredient not contained in any currently registered pesticide for a period reasonably sufficient for the generation and submission of required data (which are lacking because a period reasonably sufficient for generation of the data has not elapsed since the Administrator first imposed the data requirement) on the condition that by the end of such period the Administrator receives such data and the data do not meet or exceed risk criteria enumerated in regulations issued under this subchapter, and on such other conditions as the Administrator may prescribe. A conditional registration under this subparagraph shall be granted only if the Administrator determines that use of the pesticide during such period will not cause any unreasonable adverse effect on the environment, and that use of the pesticide is in the public interest.

(8) Interim administrative review

Notwithstanding any other provision of this subchapter, the Administrator may not initiate a public interim administrative review...
process to develop a risk-benefit evaluation of the ingredients of a pesticide or any of its uses prior to initiating a formal action to cancel, suspend, or deny registration of such pesticide, required under this subchapter, unless such interim administrative process is based on a validated test or other significant evidence raising prudent concerns of unreasonable adverse risk to man or to the environment. Notice of the definition of the terms “validated test” and “other significant evidence” as used herein shall be published by the Administrator in the Federal Register.

(9) Labeling

(A) Additional statements

Subject to subparagraphs (B) and (C), it shall not be a violation of this subchapter for a registrant to modify the labeling of an antimicrobial pesticide product to include relevant information on product efficacy, product composition, container composition or design, or other characteristics that do not relate to any pesticidal claim or pesticidal activity.

(B) Requirements

Proposed labeling information under subparagraph (A) shall not be false or misleading, shall not conflict with or detract from any statement required by law or the Administrator as a condition of registration, and shall be substantiated on the request of the Administrator.

(C) Notification and disapproval

(i) Notification

A registration may be modified under subparagraph (A) if—

(I) the registrant notifies the Administrator in writing not later than 60 days prior to distribution or sale of a product bearing the modified labeling; and

(II) the Administrator does not disapprove of the modification under clause (i).

(ii) Disapproval

Not later than 30 days after receipt of a notification under subparagraph (A), the Administrator may disapprove the modification by sending the registrant notification in writing stating that the proposed language is not acceptable and stating the reasons why the Administrator finds the proposed modification unacceptable.

(iii) Restriction on sale

A registrant may not sell or distribute a product bearing a disapproved modification.

(iv) Objection

A registrant may file an objection in writing to a disapproval under clause (i) not later than 30 days after receipt of notification of the disapproval.

(v) Final action

A decision by the Administrator following receipt and consideration of an objection filed under clause (iv) shall be considered a final agency action.

(D) Use dilution

The label or labeling required under this subchapter for an antimicrobial pesticide that is or may be diluted for use may have a different statement of caution or protective measures for use of the recommended diluted solution of the pesticide than for use of a concentrate of the pesticide if the Administrator determines that—

(i) adequate data have been submitted to support the statement proposed for the diluted solution uses; and

(ii) the label or labeling provides adequate protection for exposure to the diluted solution of the pesticide.

(10) Expedited registration of pesticides

(A) Not later than 1 year after August 3, 1996, the Administrator shall, utilizing public comment, develop procedures and guidelines, and expedite the review of an application for registration of a pesticide or an amendment to a registration that satisfies such guidelines.

(B) Any application for a registration or an amendment, including biological and conventional pesticides, will be considered for expedited review under this paragraph. An application for registration or an amendment shall qualify for expedited review if use of the pesticide proposed by the application may reasonably be expected to accomplish 1 or more of the following:

(i) Reduce the risks of pesticides to human health.

(ii) Reduce the risks of pesticides to non-target organisms.

(iii) Reduce the potential for contamination of groundwater, surface water, or other valued environmental resources.

(iv) Broaden the adoption of integrated pest management strategies, or make such strategies more available or more effective.

(C) The Administrator, not later than 30 days after receipt of an application for expedited review, shall notify the applicant whether the application is complete. If it is found to be incomplete, the Administrator may either reject the request for expedited review or ask the applicant for additional information to satisfy the guidelines developed under subparagraph (A).

(d) Classification of pesticides

(1) Classification for general use, restricted use, or both

(A) As a part of the registration of a pesticide the Administrator shall classify it as being for general use or for restricted use. If the Administrator determines that some of the uses for which the pesticide is registered should be for general use and that other uses for which it is registered should be for restricted use, the Administrator shall classify it for both general use and restricted use. Pesticide uses may be classified by regulation on the initial classification, and registered pesticides may be classified prior to reregistration. If some of the uses of the pesticide are classified for general use, and other uses are classified for restricted use, the directions relating to its general uses shall be clearly sepa-
rated and distinguished from those directions relating to its restricted uses. The Administrator may require that its packaging and labeling for restricted uses shall be clearly distinguishable from its packaging and labeling for general uses.

(B) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, will not generally cause unreasonable adverse effects on the environment, the Administrator will classify the pesticide, or the particular use or uses of the pesticide to which the determination applies, for general use.

(C) If the Administrator determines that the pesticide, when applied in accordance with its directions for use, warnings and cautions and for the uses for which it is registered, or for one or more of such uses, or in accordance with a widespread and commonly recognized practice, may generally cause, without additional regulatory restrictions, unreasonable adverse effects on the environment, including injury to the applicator, the Administrator shall classify the pesticide, or the particular use or uses to which the determination applies, for restricted use:

(i) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that the acute dermal or inhalation toxicity of the pesticide presents a hazard to the applicator or other persons, the pesticide shall be applied for any use to which the restricted classification applies only by or under the direct supervision of a certified applicator.

(ii) If the Administrator classifies a pesticide, or one or more uses of such pesticide, for restricted use because of a determination that its use without additional regulatory restriction may cause unreasonable adverse effects on the environment, the pesticide shall be applied for any use to which the determination applies only by or under the direct supervision of a certified applicator, or subject to such other restrictions as the Administrator may provide by regulation. Any such regulation shall be reviewable in the appropriate court of appeals upon petition of a person adversely affected filed within 60 days of the publication of the regulation in final form.

(2) Change in classification

If the Administrator determines that a change in the classification of any use of a pesticide from general use to restricted use is necessary to prevent unreasonable adverse effects on the environment, the Administrator shall notify the registrant of such pesticide of such determination at least forty-five days before making the change and shall publish the proposed change in the Federal Register. The registrant, or other interested person with the concurrence of the registrant, may seek relief from such determination under section 136d(b) of this title.

(3) Change in classification from restricted use to general use

The registrant of any pesticide with one or more uses classified for restricted use may petition the Administrator to change any such classification from restricted to general use. Such petition shall set out the basis for the registrant’s position that restricted use classification is unnecessary because classification of the pesticide for general use would not cause unreasonable adverse effects on the environment. The Administrator, within sixty days after receiving such petition, shall notify the registrant whether the petition has been granted or denied. Any denial shall contain an explanation thereof and any such denial shall be subject to judicial review under section 136n of this title.

(e) Products with same formulation and claims

Products which have the same formulation, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same pesticide may be registered as a single pesticide; and additional names and labels shall be added to the registration by supplemental statements.

(f) Miscellaneous

(1) Effect of change of labeling or formulation

If the labeling or formulation for a pesticide is changed, the registration shall be amended to reflect such change if the Administrator determines that the change will not violate any provision of this subchapter.

(2) Registration not a defense

In no event shall registration of an article be construed as a defense for the commission of any offense under this subchapter. As long as no cancellation proceedings are in effect registration of a pesticide shall be prima facie evidence that the pesticide, its labeling and packaging comply with the registration provisions of the subchapter.

(3) Authority to consult other Federal agencies

In connection with consideration of any registration or application for registration under this section, the Administrator may consult with any other Federal agency.

(4) Mixtures of nitrogen stabilizers and fertilizer products

Any mixture or other combination of—

(A) 1 or more nitrogen stabilizers registered under this subchapter; and

(B) 1 or more fertilizer products,

shall not be subject to the provisions of this section or sections 136a–1, 136c, 136e, 136m, and 136n(a)(2) of this title if the mixture or other combination is accompanied by the labeling required under this subchapter for the nitrogen stabilizer contained in the mixture or other combination, the mixture or combination is mixed or combined in accordance with such labeling, and the mixture or combination does not contain any active ingredient other than the nitrogen stabilizer.
(g) Registration review

(1) General rule

(A) Periodic review

(i) In general

The registrations of pesticides are to be periodically reviewed.

(ii) Regulations

In accordance with this subparagraph, the Administrator shall by regulation establish a procedure for accomplishing the periodic review of registrations.

(iii) Initial registration review

The Administrator shall complete the registration review of each pesticide or pesticide case, which may be composed of 1 or more active ingredients and the products associated with the active ingredients, not later than the later of—

(I) October 1, 2022; or

(II) the date that is 15 years after the date on which the first pesticide containing a new active ingredient is registered.

(iv) Subsequent registration review

Not later than 15 years after the date on which the initial registration review is completed under clause (iii) and each 15 years thereafter, the Administrator shall complete a subsequent registration review for each pesticide or pesticide case.

(v) Cancellation

No registration shall be canceled as a result of the registration review process unless the Administrator follows the procedures and substantive requirements of section 136d of this title.

(B) Docketing

(i) In general

Subject to clause (ii), after meeting with 1 or more individuals that are not government employees to discuss matters relating to a registration review, the Administrator shall place in the docket minutes of the meeting, a list of attendees, and any documents exchanged at the meeting, not later than the earlier of—

(I) the date that is 45 days after the meeting; or

(II) the date of issuance of the registration review decision.

(ii) Protected information

The Administrator shall identify, but not include in the docket, any confidential business information the disclosure of which is prohibited by section 136h of this title.

(h) Registration requirements for antimicrobial pesticides

(1) Evaluation of process

To the maximum extent practicable consistent with the degrees of risk presented by an antimicrobial pesticide and the type of review appropriate to evaluate the risks, the Administrator shall identify and evaluate reforms to the antimicrobial registration process that would reduce review periods existing as of August 3, 1996, for antimicrobial pesticide product registration applications and applications for amended registration of antimicrobial pesticide products, including—

(A) new antimicrobial active ingredients;

(B) new antimicrobial end-use products;

(C) substantially similar or identical antimicrobial pesticides; and

(D) amendments to antimicrobial pesticide registrations.

(2) Review time period reduction goal

Each reform identified under paragraph (1) shall be designed to achieve the goal of reducing the review period following submission of a complete application, consistent with the degree of risk, to a period of not more than—

(A) 540 days for a new antimicrobial active ingredient pesticide registration;

(B) 270 days for a new antimicrobial use of a registered active ingredient;

(C) 120 days for any other new antimicrobial product;

(D) 90 days for a substantially similar or identical antimicrobial product;

(E) 90 days for an amendment to an antimicrobial registration that does not require scientific review of data; and

(F) 120 days for an amendment to an antimicrobial registration that requires scientific review of data and that is not otherwise described in this paragraph.

(3) Implementation

(A) Proposed rulemaking

(i) Issuance

Not later than 270 days after August 3, 1996, the Administrator shall publish in the Federal Register proposed regulations to accelerate and improve the review of antimicrobial pesticide products designed to implement, to the extent practicable, the goals set forth in paragraph (2).

(ii) Requirements

Proposed regulations issued under clause (i) shall—

(I) define the various classes of antimicrobial use patterns, including household, industrial, and institutional disinfectants and sanitizing pesticides, pre-
§ 136a

TITLe 7—AGRICULTURE

Page 210

preservatives, water treatment, and pulp and paper mill additives, and other such products intended to disinfect, sanitize, reduce, or mitigate growth or development of microbiological organisms, or protect inanimate objects, industrial processes or systems, surfaces, water, or other chemical substances from contamination, fouling, or deterioration caused by bacteria, viruses, fungi, protozoa, algae, or slime;

(II) differentiate the types of review undertaken for antimicrobial pesticides; 
(III) conform the degree and type of review to the risks and benefits presented by antimicrobial pesticides and the function of review under this subchapter, considering the use patterns of the product, toxicity, expected exposure, and product type;
(IV) ensure that the registration process is sufficient to maintain antimicrobial pesticide efficacy and that antimicrobial pesticide products continue to meet product performance standards and effectiveness levels for each type of label claim made; and
(V) implement effective and reliable deadlines for process management.

(iii) Comments

In developing the proposed regulations, the Administrator shall solicit the views from registrants and other affected parties to maximize the effectiveness of the rule development process.

(B) Final regulations

(i) Issuance

The Administrator shall issue final regulations not later than 240 days after the close of the comment period for the proposed regulations.

(ii) Failure to meet goal

If a goal described in paragraph (2) is not met by the final regulations, the Administrator shall identify the goal, explain why the goal was not attained, describe the element of the regulations included instead, and identify future steps to attain the goal.

(iii) Requirements

In issuing final regulations, the Administrator shall—
(I) consider the establishment of a certification process for regulatory actions involving risks that can be responsibly managed, consistent with the degree of risk, in the most cost-efficient manner;
(II) consider the establishment of a certification process by approved laboratories as an adjunct to the review process;
(III) use all appropriate and cost-effective review mechanisms, including—
(aa) expanded use of notification and non-notification procedures;
(bb) revised procedures for application review; and
(cc) allocation of appropriate resources to ensure streamlined management of antimicrobial pesticide registrations; and
(IV) clarify criteria for determination of the completeness of an application.

(C) Expedited review

This subsection does not affect the requirements or extend the deadlines or review periods contained in subsection (c)(3) of this section.

(D) Alternative review periods

If the final regulations to carry out this paragraph are not effective 630 days after August 3, 1996, until the final regulations become effective, the review period, beginning on the date of receipt by the Agency of a complete application, shall be—
(i) 2 years for a new antimicrobial active ingredient pesticide registration;
(ii) 1 year for a new antimicrobial use of a registered active ingredient;
(iii) 180 days for any other new antimicrobial product;
(iv) 90 days for a substantially similar or identical antimicrobial product;
(v) 90 days for an amendment to an antimicrobial registration that does not require scientific review of data; and
(vi) 120 days for an amendment to an antimicrobial registration that requires scientific review of data and that is not otherwise described in this subparagraph.

(E) Wood preservatives

An application for the registration, or for an amendment to the registration, of a wood preservative product for which a claim of pesticidal activity listed in section 136(m) of this title is made (regardless of any other pesticidal claim that is made with respect to the product) shall be reviewed by the Administrator within the same period as that established under this paragraph for an antimicrobial pesticide product application, consistent with the degree of risk posed by the use of the wood preservative product, if the application requires the applicant to satisfy the same data requirements as are required to support an application for a wood preservative product that is an antimicrobial pesticide.

(F) Notification

(i) In general

Subject to clause (iii), the Administrator shall notify an applicant whether an application has been granted or denied not later than the final day of the appropriate review period under this paragraph, unless the applicant and the Administrator agree to a later date.

(ii) Final decision

If the Administrator fails to notify an applicant within the period of time required under clause (i), the failure shall be considered an agency action unlawfully withheld or unreasonably delayed for purposes of judicial review under chapter 7 of title 5.

(iii) Exemption

This subparagraph does not apply to an application for an antimicrobial pesticide
that is filed under subsection (c)(3)(B) of this section prior to 90 days after August 3, 1996.

(iv) Limitation

Notwithstanding clause (ii), the failure of the Administrator to notify an applicant for an amendment to a registration for an antimicrobial pesticide shall not be judicially reviewable in a Federal or State court if the amendment requires scientific review of data within—

(I) the time period specified in subparagraph (D)(vi), in the absence of a final regulation under subparagraph (B); or

(II) the time period specified in paragraph (2)(F), if adopted in a final regulation under subparagraph (B).

(4) Annual report

(A) Submission

Beginning on August 3, 1996, and ending on the date that the goals under paragraph (2) are achieved, the Administrator shall, not later than March 1 of each year, prepare and submit an annual report to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(B) Requirements

A report submitted under subparagraph (A) shall include a description of—

(i) measures taken to reduce the backlog of pending registration applications;

(ii) progress toward achieving reforms under this subsection; and

(iii) recommendations to improve the activities of the Agency pertaining to antimicrobial registrations.

Title 7—Agriculture

§ 136a–1. Reregistration of registered pesticides

(a) General rule

The Administrator shall reregister, in accordance with this section, each registered pesticide containing any active ingredient contained in any pesticide first registered before November 1, 1984, except for any pesticide as to which the Administrator has determined, after November 1, 1984, and before the effective date of this section, that—

(1) there are no outstanding data requirements; and

(2) the requirements of section 136a(c)(5) of this title have been satisfied.

(b) Reregistration phases

Reregistrations of pesticides under this section shall be carried out in the following phases:

(1) The first phase shall include the listing under subsection (c) of this section of the active ingredients of the pesticides that will be reregistered.

(2) The second phase shall include the submission to the Administrator under subsection (d) of this section of notices by registrants respecting their intention to seek reregistration. Identification by registrants of missing and inadequate data for such pesticides, and commitments by registrants to replace such missing or inadequate data within the applicable time period.
§ 136a–1

(3) The third phase shall include submission to the Administrator by registrants of the information required under subsection (e) of this section.

(4) The fourth phase shall include an independent, initial review by the Administrator under subsection (f) of this section of submissions under phases two and three, identification of outstanding data requirements, and the issuance, as necessary, of requests for additional data.

(5) The fifth phase shall include the review by the Administrator under subsection (g) of this section of data submitted for reregistration and appropriate regulatory action by the Administrator.

(c) Phase one

(1) Priority for reregistration

For purposes of the reregistration of the pesticides described in subsection (a) of this section, the Administrator shall list the active ingredients of pesticides and shall give priority to, among others, active ingredients (other than active ingredients for which registration standards have been issued before the effective date of this section) that—

(A) are in use on or in food or feed and may result in postharvest residues;

(B) may result in residues of potential toxicological concern in potable ground water, edible fish, or shellfish;

(C) have been determined by the Administrator before the effective date of this section to have significant outstanding data requirements; or

(D) are used on crops, including in greenhouses and nurseries, where worker exposure is most likely to occur.

(2) Reregistration lists

For purposes of reregistration under this section, the Administrator shall by order—

(A) not later than 70 days after the effective date of this section, list pesticide active ingredients, as determined under paragraph (1); and

(B) not later than 4 months after such effective date, list the first 150 pesticide active ingredients, as determined under paragraph (1); and

(C) not later than 7 months after such effective date, list the second 150 pesticide active ingredients, as determined under paragraph (1); and

(D) not later than 10 months after such effective date, list the remainder of the pesticide active ingredients, as determined under paragraph (1).

Each list shall be published in the Federal Register.

(3) Judicial review

The content of a list issued by the Administrator under paragraph (2) shall not be subject to judicial review.

(4) Notice to registrants

On the publication of a list of pesticide active ingredients under paragraph (2), the Administrator shall send by certified mail to the registrants of the pesticides containing such active ingredients a notice of the time by which the registrants are to notify the Administrator under subsection (d) of this section whether the registrants intend to seek or not to seek reregistration of such pesticides.

(d) Phase two

(1) In general

The registrant of a pesticide that contains an active ingredient listed under subparagraph (B), (C), or (D) of subsection (c)(2) of this section shall submit to the Administrator, within the time period prescribed by paragraph (4), the notice described in paragraph (2) and any information, commitment, or offer described in paragraph (3).

(2) Notice of intent to seek or not to seek reregistration

(A) The registrant of a pesticide containing an active ingredient listed under subparagraph (B), (C), or (D) of subsection (c)(2) of this section shall notify the Administrator by certified mail whether the registrant intends to seek or does not intend to seek reregistration of the pesticide.

(B) If a registrant submits a notice under subparagraph (A) of an intention not to seek reregistration of a pesticide, the Administrator shall publish a notice in the Federal Register stating that such a notice has been submitted.

(3) Missing or inadequate data

Each registrant of a pesticide that contains an active ingredient listed under subparagraph (B), (C), or (D) of subsection (c)(2) of this section and for which the registrant submitted a notice under paragraph (2) of an intention to seek reregistration of such pesticide shall submit to the Administrator—

(A) in accordance with regulations issued by the Administrator under section 136a of this title, an identification of—

(i) all data that are required by regulation to support the registration of the pesticide with respect to such active ingredient;

(ii) data that were submitted by the registrant previously in support of the registration of the pesticide that are inadequate to meet such regulations; and

(iii) data identified under clause (i) that have not been submitted to the Administrator; and

(B) either—

(i) a commitment to replace the data identified under subparagraph (A)(i) and submit the data identified under subparagraph (A)(iii) within the applicable time period prescribed by paragraph (4)(B); or

(ii) an offer to share in the cost to be incurred by a person who has made a commitment under clause (i) to replace or submit the data and an offer to submit to arbitration as described by section 136a(c)(2)(B) of this title with regard to such cost sharing.

For purposes of a submission by a registrant under subparagraph (A)(ii), data are inadequate if the data are derived from a study.
with respect to which the registrant is unable to make the certification prescribed by subsection (e)(1)(G) of this section that the registrant possesses or has access to the raw data used in or generated by such study. For purposes of a submission by a registrant under such subparagraph, data shall be considered to be inadequate if the data are derived from a study submitted before January 1, 1970, unless it is demonstrated to the satisfaction of the Administrator that such data should be considered to support the registration of the pesticide to be reregistered.

(4) Time periods

(A) A submission under paragraph (2) or (3) shall be made—
   (i) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(B) of this section, not later than 3 months after the date of publication of the listing of such active ingredient;
   (ii) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(C) of this section, not later than 3 months after the date of publication of the listing of such active ingredient; and
   (iii) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(D) of this section, not later than 3 months after the date of publication of the listing of such active ingredient.

On application, the Administrator may extend a time period prescribed by this subparagraph if the Administrator determines that factors beyond the control of the registrant prevent the registrant from complying with such period.

(B) A registrant shall submit data in accordance with a commitment entered into under paragraph (3)(B) within a reasonable period of time, as determined by the Administrator, but not more than 48 months after the date the registrant submitted the commitment. The Administrator, on application of a registrant, may extend the period prescribed by the preceding sentence by no more than 2 years if extraordinary circumstances beyond the control of the registrant prevent the registrant from submitting data within such prescribed period. Upon application of a registrant, the Administrator shall, in the case of a minor use, extend the deadline for the production of residue chemistry data under this subparagraph for data required solely to support that minor use until the final deadline for submission of data under this section for the other uses of the pesticide established as of August 3, 1996, if—
   (i) the data to support other uses of the pesticide on a food are being provided;
   (ii) the registrant, in submitting a request for such an extension provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;
   (iii) the Administrator has determined that such extension will not significantly delay the Administrator's schedule for issuing a reregistration eligibility determination required under this section; and
   (iv) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this subparagraph, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) of section 136a(c)(2)(B) of this title or other provisions of this section, as appropriate, regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this subparagraph, the Administrator may take action to modify or revoke the extension under this subparagraph if the Administrator determines that the extension for the minor use may cause an unreasonable adverse effect on the environment. In such circumstance, the Administrator shall provide written notice to the registrant revoking the extension of time for submission of data. Such data shall instead be due in accordance with the date then established by the Administrator for submission of the data.

(5) Cancellation and removal

(A) If the registrant of a pesticide does not submit a notice under paragraph (2) or (3) within the time prescribed by paragraph (4)(A), the Administrator shall issue a notice of intent to cancel the registration of such registrant for such pesticide and shall publish the notice in the Federal Register and allow 60 days for the submission of comments on the notice. On expiration of such 60 days, the Administrator, by order and without a hearing, may cancel the registration or take such other action, including extension of applicable time periods, as may be necessary to enable reregistration of such pesticide by another person.

(B)(i) If—
   (I) no registrant of a pesticide containing an active ingredient listed under subsection (c)(2) of this section notifies the Administrator under paragraph (2) that the registrant intends to seek reregistration of any pesticide containing that active ingredient;
   (II) no such registrant complies with paragraph (3)(A); or
   (III) no such registrant makes a commitment under paragraph (3)(B) to replace or submit all data described in clauses (ii) and (iii) of paragraph (3)(A);
   the Administrator shall publish in the Federal Register a notice of intent to remove the active ingredient from the list established under subsection (c)(2) of this section and a notice of intent to cancel the registrations of all pesticides containing such active ingredient and shall provide 60 days for comment on such notice.

(ii) After the 60-day period has expired, the Administrator, by order, may cancel any such
§ 136a–1

(6) Suspensions and penalties

The Administrator shall issue a notice of intent to suspend the registration of a pesticide in accordance with the procedures prescribed by section 136a(c)(2)(B)(I)(iv) of this title if the Administrator determines that (A) progress is insufficient to ensure the submission of the data required for such pesticide under a commitment made under paragraph (3)(B) within the time period prescribed by paragraph (4)(B) or (B) the registrant has not submitted such data to the Administrator within such time period. If the registrant does not commit to support a specific minor use of the pesticide, but is supporting and providing data in a timely and adequate fashion to support uses of the pesticide on a food, or if all uses of the pesticide are nonfood uses and the registrant does not commit to support a specific minor use of the pesticide, but is supporting and providing data in a timely and adequate fashion to support other nonfood uses of the pesticide, the Administrator, at the written request of the registrant, shall not take any action pursuant to this paragraph in regard to such unsupported minor use until the final deadline established as of August 3, 1996, for the submission of data under this section for the supported uses identified pursuant to this paragraph unless the Administrator determines that the absence of the data is significant enough to cause human health or environmental concerns. On such a determination the Administrator may refuse the request for extension by the registrant. Upon receipt of the request from the registrant, the Administrator shall publish in the Federal Register a notice of the receipt of the request and the effective date upon which the uses not being supported will be voluntarily deleted from the registration pursuant to section 136d(f)(1) of this title. If the Administrator grants an extension under this paragraph, the Administrator shall monitor the development of the data for the uses being supported and shall ensure that the registrant is meeting the schedule for the production of such data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with section 136a(c)(2)(B)(I)(iv) of this title regarding the continued registration of the affected products with the minor and other uses and shall inform the public of such action in accordance with section 136d(f)(2) of this title. Notwithstanding this subparagraph, the Administrator may deny, modify, or revoke the temporary extension under this paragraph if the Administrator determines that the continuation of the minor use may cause an unreasonable adverse effect on the environment. In the event of modification or revocation, the Administrator shall provide, in writing, to the registrant a notice revoking the temporary extension and establish a new effective date by which the minor use shall be deleted from the registration.

(e) Phase three

(1) Information about studies

Each registrant of a pesticide that contains an active ingredient listed under subparagraph (B), (C), or (D) of subsection (c)(2) of this section who has submitted a notice under subsection (d)(2) of this section of an intent to seek the reregistration of such pesticide shall submit, in accordance with the guidelines issued under paragraph (4), to the Administrator—

(A) a summary of each study concerning the active ingredient previously submitted by the registrant in support of the registration of a pesticide containing such active ingredient and considered by the registrant to be adequate to meet the requirements of section 136a of this title and the regulations issued under such section;

(B) a summary of each study concerning the active ingredient previously submitted by the registrant in support of the registration of a pesticide containing such active ingredient that may not comply with the requirements of section 136a of this title and the regulations issued under such section but which the registrant asserts should be deemed to comply with such requirements and regulations;

(C) a reformat of the data from each study summarized under subparagraph (A) or (B) by the registrant concerning chronic dosing, oncogenicity, reproductive effects, mutagenicity, neurotoxicity, teratogenicity, or residue chemistry of the active ingredient that were submitted to the Administrator before January 1, 1982;

(D) where data described in subparagraph (C) are not required for the active ingredient by regulations issued under section 136a of this title, a reformat of acute and subchronic dosing data submitted by the registrant to the Administrator before January 1, 1982, that the registrant considers to be adequate to meet the requirements of section 136a of this title and the regulations issued under such section;

(E) an identification of data that are required to be submitted to the Administrator under section 136a(a)(2) of this title, indicating an adverse effect of the pesticide;

(F) an identification of any other information available that in the view of the registrant supports the registration;

(G) a certification of effect on the environment that the registrant or the Administrator possesses or has access to the raw data used in or generated by the studies that the registrant summarized under subparagraph (A) or (B);
(H) either—
   (i) a commitment to submit data to fill each outstanding data requirement identified by the registrant; or
   (ii) an offer to share in the cost of developing such data to be incurred by a person who has made a commitment under clause (i) to submit such data, and an offer to submit to arbitration as described by section 136a(c)(2)(B) of this title with regard to such cost sharing; and

   (I) evidence of compliance with section 136a(c)(1)(D)(ii) of this title and regulations issued thereunder with regard to previously submitted data as if the registrant were now seeking the original registration of the pesticide.

A registrant who submits a certification under subparagraph (G) that is false shall be considered to have violated this subchapter and shall be subject to the penalties prescribed by section 136(e) of this title.

(2) Time periods

(A) The information required by paragraph (1) shall be submitted to the Administrator—

   (i) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(B) of this section, not later than 12 months after the date of publication of the listing of such active ingredient;

   (ii) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(C) of this section, not later than 12 months after the date of publication of the listing of such active ingredient; and

   (iii) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(D) of this section, not later than 12 months after the date of publication of the listing of such active ingredient.

(B) A registrant shall submit data in accordance with a commitment entered into under paragraph (1)(H) within a reasonable period of time, as determined by the Administrator, but not more than 48 months after the date the registrant submitted the commitment under such paragraph. The Administrator, on application of a registrant, may extend the period prescribed by the preceding sentence by no more than 2 years if extraordinary circumstances beyond the control of the registrant prevent the registrant from submitting data within such prescribed period. Upon application of a registrant, the Administrator shall, in the case of a minor use, extend the deadline for the production of residue chemistry data under this subparagraph for data required solely to support that minor use until the final deadline for submission of data under this section for the other uses of the pesticide established as of August 3, 1996, if—

   (i) the data to support other uses of the pesticide on a food are being provided;

   (ii) the registrant, in submitting a request for such an extension provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;

   (iii) the Administrator has determined that such extension will not significantly delay the Administrator’s schedule for issuing a reregistration eligibility determination required under this section; and

   (iv) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this subparagraph, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) of section 136a(c)(2)(B) of this title or other provisions of this section, as appropriate, regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this subparagraph, the Administrator may take action to modify or revoke the extension under this subparagraph if the Administrator determines that the extension for the minor use may cause an unreasonable adverse effect on the environment. In such circumstance, the Administrator shall provide written notice to the registrant revoking the extension of time for submission of data. Such data shall instead be due in accordance with the date then established by the Administrator for submission of the data.

(3) Cancellation

(A) If the registrant of a pesticide fails to submit the information required by paragraph (1) within the time prescribed by paragraph (2), the Administrator, by order and without hearing, shall cancel the registration of such pesticide. If the registrant does not commit to support a specific minor use of the pesticide, but is supporting and providing data in a timely and adequate fashion to support uses of the pesticide on a food, or if all uses of the pesticide are nonfood uses and the registrant does not commit to support a specific minor use of the pesticide but is supporting and providing data in a timely and adequate fashion to support other nonfood uses of the pesticide, the Administrator, at the written request of the registrant, shall not take any action pursuant to this subparagraph in regard to such unsupported minor use until the final deadline established as of August 3, 1996, for the submission of data under this section for the supported uses identified pursuant to this subparagraph unless the Administrator determines that the absence of the data is significant enough to cause human health or environmental concerns. On the basis of such determination, the Administrator may refuse the request for extension by the registrant. Upon receipt of the request from the registrant, the Administrator shall publish in the

Federal Register a notice of the receipt of the request and the effective date upon which the uses not being supported will be voluntarily deleted from the registration pursuant to section 136d(f)(1) of this title. If the Administrator grants an extension under this subparagraph, the Administrator shall monitor the development of the data for the uses being supported and shall ensure that the registrant is meeting the schedule for the production of such data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with section 136a(c)(2)(B)(iv) of this title regarding the continued registration of the affected products with the minor and other uses and shall inform the public of such action in accordance with section 136d(f)(2) of this title. Notwithstanding this subparagraph, the Administrator may deny, modify, or revoke the temporary extension under this subparagraph if the Administrator determines that the continuation of the minor use may cause an unreasonable adverse effect on the environment. In the event of modification or revocation, the Administrator shall provide, in writing, to the registrant a notice revoking the temporary extension and establish a new effective date by which the minor use shall be deleted from the registration.

(B)(i) If the registrant of a pesticide submits the information required by paragraph (1) within the time prescribed by paragraph (2) and such information does not conform to the guidelines for submissions established by the Administrator, the Administrator shall determine whether the registrant made a good faith attempt to conform its submission to such guidelines.

(ii) If the Administrator determines that the registrant made a good faith attempt to conform its submission to such guidelines, the Administrator shall provide the registrant a reasonable period of time to make any necessary changes or corrections.

(iii) If the Administrator determines that the registrant did not make a good faith attempt to conform its submission to such guidelines, the Administrator may issue a notice of intent to cancel the registration. Such a notice shall be sent to the registrant by certified mail.

(ii) The registration shall be canceled without a hearing or further notice at the end of 30 days after receipt by the registrant of the notice unless during that time a request for a hearing is made by the registrant.

(IV) If a hearing is requested, a hearing shall be conducted under section 136(d) of this title, except that the only matter for resolution at the hearing shall be whether the registrant made a good faith attempt to conform its submission to such guidelines. The hearing shall be held and a determination made within 75 days after receipt of a request for hearing.

(4) Guidelines

(A) Not later than 1 year after the effective date of this section, the Administrator, by order, shall issue guidelines to be followed by registrants in—

(i) summarizing studies;

(ii) reformatting studies;

(iii) identifying adverse information; and

(iv) identifying studies that have been submitted previously that may not meet the requirements of section 136a of this title or regulations issued under such section, under paragraph (1).

(B) Guidelines issued under subparagraph (A) shall not be subject to judicial review.

(5) Monitoring

The Administrator shall monitor the progress of registrants in acquiring and submitting the data required under paragraph (1).

(f) Phase four

(1) Independent review and identification of outstanding data requirements

(A) The Administrator shall review the submissions of all registrants of pesticides containing a particular active ingredient under subsections (d)(3) and (e)(1) of this section to determine if such submissions identified all the data that are missing or inadequate for such active ingredient. To assist the review of the Administrator under this subparagraph, the Administrator may require a registrant seeking reregistration to submit complete copies of studies summarized under subsection (e)(1) of this section.

(B) The Administrator shall independently identify and publish in the Federal Register the outstanding data requirements for each active ingredient that is listed under subparagraph (B), (C), or (D) of subsection (c)(2) of this section and that is contained in a pesticide to be reregistered under this section. The Administrator, at the same time, shall issue a notice under section 136a(c)(2)(B) of this title for the submission of the additional data that are required to meet such requirements.

(2) Time periods

(A) The Administrator shall take the action required by paragraph (1)—

(i) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(B) of this section, not later than 18 months after the date of the listing of such active ingredient;

(ii) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(C) of this section, not later than 24 months after the date of the listing of such active ingredient; and

(iii) in the case of a pesticide containing an active ingredient listed under subsection (c)(2)(D) of this section, not later than 33 months after the date of the listing of such active ingredient.

(B) If the Administrator issues a notice to a registrant under paragraph (1)(B) for the submission of additional data, the registrant shall submit such data within a reasonable period of time, as determined by the Administrator, but not to exceed 48 months after the issuance of such notice. The Administrator, on application of a registrant, may extend the period prescribed by the preceding sentence by no more than 2 years if extraordinary circum-
stances beyond the control of the registrant prevent the registrant from submitting data within such prescribed period. Upon application of a registrant, the Administrator shall, in the case of a minor use, extend the deadline for the production of residue chemistry data under this subparagraph for data required solely to support that minor use until the final deadline for submission of data under this section for the other uses of the pesticide established as of August 3, 1996, if—

(i) the data to support other uses of the pesticide on a food are being provided;

(ii) the registrant, in submitting a request for such an extension provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;

(iii) the Administrator has determined that such extension will not significantly delay the Administrator’s schedule for issuing a reregistration eligibility determination required under this section; and

(iv) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this subparagraph, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) of section 136a(c)(2)(B) of this title or other provisions of this section, as appropriate, regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this subparagraph, the Administrator may take action to modify or revoke the extension under this subparagraph if the Administrator determines that the extension for the minor use may cause an unreasonable adverse effect on the environment.

(g) Phase five

(1) Data review

The Administrator shall conduct a thorough examination of all data submitted under this section concerning an active ingredient listed under subsection (c)(2) of this section and of all other available data found by the Administrator to be relevant.

(2) Reregistration and other actions

(A) IN GENERAL.—The Administrator shall make a determination as to eligibility for reregistration—

(i) for all active ingredients subject to reregistration under this section for which tol-

erences or exemptions from tolerances are required under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.), not later than the last date for tolerance reassessment established under section 408(q)(1)(C) of that Act (21 U.S.C. 346a); and

(ii) for all other active ingredients subject to reregistration under this section, not later than October 3, 2008.

(B) PRODUCT–SPECIFIC DATA.—

(i) In General.—Before reregistering a pesticide, the Administrator shall obtain any needed product–specific data regarding the pesticide by use of section 136a(c)(2)(B) of this title and shall review such data within 90 days after its submission.

(ii) Timing.—

(I) In General.—Subject to subclause (II), the Administrator shall require that data under this subparagraph be submitted to the Administrator not later than 6 months after a determination of eligibility under subparagraph (A) has been made for each active ingredient of the pesticide, unless the Administrator determines that a longer period is required for the generation of the data.

(II) Extraordinary Circumstances.—In the case of extraordinary circumstances, the Administrator may provide such a longer period, of not more than 2 additional years, for submission of data to the Administrator under this subparagraph.

(C) After conducting the review required by paragraph (1) for each active ingredient of a pesticide and the review required by subparagraph (B) of this paragraph, the Administrator shall determine whether to reregister a pesticide by determining whether such pesticide meets the requirements of section 136a(c)(5) of this title. If the Administrator determines that a pesticide is eligible to be reregistered, the Administrator shall reregister such pesticide within 6 months after the submission of the data concerning such pesticide under subparagraph (B).

(D) Determination to Not Reregister.—

(i) In General.—If after conducting a review under paragraph (1) or subparagraph (B) of this paragraph the Administrator determines that a pesticide should not be reregistered, the Administrator shall take appropriate regulatory action.

(ii) Timing for Regulatory Action.—Regulatory action under clause (i) shall be completed as expeditiously as possible.

(E) As soon as the Administrator has sufficient information with respect to the dietary risk of a particular active ingredient, but in any event no later than the time the Administrator makes a determination under subparagraph (C) or (D) with respect to pesticides containing a particular active ingredient, the Administrator shall:

(i) reassess each associated tolerance and exemption from the requirement for a tolerance issued under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a); and

(ii) determine whether such tolerance or exemption meets the requirements of that Act (21 U.S.C. 301 et seq.);

(iii) determine whether additional tolerances or exemptions should be issued;

(iv) publish in the Federal Register a notice setting forth the determinations made under this subparagraph; and

(v) commence promptly such proceedings under this subchapter and section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a) as are warranted by such determinations.

(h) Compensation of Data Submitter

If data that are submitted by a registrant under subsection (d), (e), (f), or (g) of this section are used to support the application of another person under section 136a of this title, the registrant who submitted such data shall be entitled to compensation for the use of such data as prescribed by section 136a(c)(2)(B) of this title. In determining the amount of such compensation, the fees paid by the registrant under this section shall be taken into account.

(i) Fees

(1) Maintenance fee

(A) In General.—Subject to other provisions of this paragraph, each registrant of a pesticide shall pay an annual fee by January 15 of each year for each registration, except that no fee shall be charged for more than 200 registrations held by any registrant.

(B) In the case of a pesticide that is registered for a minor agricultural use, the Administrator may reduce or waive the payment of the fee imposed under this paragraph if the Administrator determines that the fee would significantly reduce the availability of the pesticide for the use.

(C) Total amount of fees.—The amount of each fee prescribed under subparagraph (A) shall be adjusted by the Administrator to a level that will result in the collection under this paragraph of, to the extent practicable, an aggregate amount of $27,800,000 for each of fiscal years 2013 through 2017.

(D) Maximum amount of fees for small businesses.—The maximum annual fee payable under this paragraph by—

(i) a registrant holding not more than 50 pesticide registrations shall be $115,500 for each of fiscal years 2013 through 2017; and

(ii) a registrant holding over 50 registrations shall be $184,800 for each of fiscal years 2013 through 2017.

(E) Maximum amount of fees for small businesses.—

(i) In General.—For a small business, the maximum annual fee payable under this paragraph by—

(I) a registrant holding not more than 50 pesticide registrations shall be $70,600 for each of fiscal years 2013 through 2017; and

(II) a registrant holding over 50 pesticide registrations shall be $122,100 for each of fiscal years 2013 through 2017.

(ii) Definition of Small Business.—

(I) In General.—In clause (i), the term “small business” means a corporation,
partnership, or unincorporated business that—

   (aa) has 500 or fewer employees; and

   (bb) during the 3-year period prior to the most recent maintenance fee billing cycle, had an average annual global gross revenue from pesticides that did not exceed $60,000,000.

(II) AFFILIATES.—

   (aa) IN GENERAL.—In the case of a business entity with 1 or more affiliates, the gross revenue limit under subclause (I)(bb) shall apply to the gross revenue for the entity and all of the affiliates of the entity, including parents and subsidiaries, if applicable.

   (bb) AFFILIATED PERSONS.—For the purpose of clause (aa), persons are affiliates of each other if, directly or indirectly, either person controls or has the power to control the other person, or a third person controls or has the power to control both persons.

   (cc) INDICIA OF CONTROL.—For the purpose of clause (aa), indicia of control include interlocking management or ownership, identity of interests among family members, shared facilities and equipment, and common use of employees.

(F) FEE REDUCTION FOR CERTAIN SMALL BUSINESSES.—

   (i) DEFINITION.—In this subparagraph, the term "qualified small business entity" means a corporation, partnership, or unincorporated business that—

      (I) has 500 or fewer employees;

      (II) during the 3-year period prior to the most recent maintenance fee billing cycle, had an average annual global gross revenue from all sources that did not exceed $10,000,000; and

      (III) holds not more than 5 pesticide registrations under this paragraph.

   (ii) WAIVER.—Except as provided in clause (iii), the Administrator shall waive 25 percent of the fee under this paragraph applicable to the first registration of any qualified small business entity under this paragraph.

   (iii) LIMITATION.—The Administrator shall not grant a waiver under clause (ii) to a qualified small business entity if the Administrator determines that the entity has been formed or manipulated primarily for the purpose of qualifying for the waiver.

(G) The Administrator shall exempt any public health pesticide from the payment of the fee prescribed under this paragraph if, in consultation with the Secretary of Health and Human Services, the Administrator determines, based on information supplied by the registrant, that the economic return to the registrant from sales of the pesticide does not support the registration or reregistration of the pesticide.

(H) If any fee prescribed by this paragraph with respect to the registration of a pesticide is not paid by a registrant by the time prescribed, the Administrator, by order and without hearing, may cancel the registration.

(1) The authority provided under this paragraph shall terminate on September 30, 2017.²

(2) Other fees

Except as provided in section 136w–8 of this title, during the period beginning on October 25, 1988, and ending on September 30, 2019, the Administrator may not levy any other fees for the registration of a pesticide under this subchapter except as provided in paragraph (1).

(j) Exemption of certain registrants

The requirements of subsections (d), (e), (f), and (i) of this section (other than subsection (i)(1) of this section) regarding data concerning an active ingredient and fees for review of such data shall not apply to any person who is the registrant of a pesticide to the extent that, under section 136a(c)(2)(D) of this title, the person would not be required to submit or cite such data to obtain an initial registration of such pesticide.

(k) Reregistration and expedited processing fund

(1) Establishment

There shall be established in the Treasury of the United States a reregistration and expedited processing fund which shall be known as the Reregistration and Expedited Processing Fund.

(2) Source and use

(A) All moneys derived from fees collected by the Administrator under subsection (i) of this section shall be deposited in the fund and shall be available to the Administrator, without fiscal year limitation, specifically to offset the costs of reregistration and expedited processing of the applications specified in paragraph (3), to enhance the information systems capabilities to improve the tracking of pesticide registration decisions, and to offset the costs of registration review under section 136a(g) of this title. Such moneys derived from fees may not be expended in any fiscal year to the extent such moneys derived from fees would exceed money appropriated for use by the Administrator and expended in such year for such costs of reregistration and expedited processing of such applications. The Administrator shall, prior to expending any such moneys derived from fees—

   (i) effective October 1, 1997, adopt specific and cost accounting rules and procedures as approved by the Government Accountability Office and the Inspector General of the Environmental Protection Agency to ensure that moneys derived from fees are allocated solely to offset the costs of reregistration and expedited processing of the applications specified in paragraph (3), to enhance the information systems capabilities to improve the tracking of pesticide registration decisions, and to offset the costs of registration review under section 136a(g) of this title;

   (ii) prohibit the use of such moneys derived from fees to pay for any costs other than those necessary to achieve reregistration and expedited processing of the applications specified in paragraph (3), to enhance

²So in original.
§ 136a–1

the information systems capabilities to improve the tracking of pesticide registration decisions, and to offset the costs of registration review under section 136a(g) of this title; and

(ii) ensure that personnel and facility costs associated with the functions to be carried out under this paragraph do not exceed agency averages for comparable personnel and facility costs.

(B) The Administrator shall also—

(i) complete the review of unreviewed reregistration studies required to support the reregistration eligibility decisions scheduled for, substantially similar in composition and labeling to a currently-registered pesticide identified in the application, or that would differ in composition and labeling from such currently-registered pesticide only in ways that would not significantly increase the risk of unreasonable adverse effects on the environment;

(ii) contract for such outside assistance as may be necessary for review of required studies, using a generally accepted competitive process for the selection of vendors of such assistance.

(3) Review of inert ingredients; expedited processing of similar applications

(A) The Administrator shall use for each of the fiscal years 2004 through 2006, approximately $3,300,000, and for each of fiscal years 2013 through 2017, between $1⁄8 and $1⁄8, of the maintenance fees collected in such fiscal year to obtain sufficient personnel and resources—

(i) to review and evaluate inert ingredients; and

(ii) to ensure the expedited processing and review of any application that—

(I) proposes the initial or amended registration of an end-use pesticide that, if registered as proposed, would be identical or substantially similar in composition and labeling to a currently-registered pesticide identified in the application, or that would differ in composition and labeling from such currently-registered pesticide only in ways that would not significantly increase the risk of unreasonable adverse effects on the environment;

(II) proposes an amendment to the registration of a registered pesticide that does not require scientific review of data; or

(III) proposes the initial or amended registration of an end use pesticide that, if registered as proposed, would be used for a public health pesticide.

(B) Any amounts made available under subparagraph (A) shall be used to obtain sufficient personnel and resources to carry out the activities described in such subparagraph that are in addition to the personnel and resources available to carry out such activities on October 25, 1988.

(C) So long as the Administrator has not met the time frames specified in clause (ii) of section 136a(c)(3)(B) of this title with respect to any application subject to section 136a(c)(3)(B) of this title that was received prior to August 3, 1996, the Administrator shall use the full amount of the fees specified in subparagraph (A) for the purposes specified therein. Once all applications subject to section 136a(c)(3)(B) of this title that were received prior to August 3, 1996, have been acted upon, no limitation shall be imposed by the preceding sentence of this subparagraph so long as the Administrator meets the time frames specified in clause (i) of section 136a(c)(3)(B) of this title if 90 percent of affected applications in a fiscal year. Should the Administrator not meet such time frames in a fiscal year, the limitations imposed by the first sentence of this subparagraph shall apply until all overdue applications subject to section 136a(c)(3)(B) of this title have been acted upon.

(4) Enhancements of information technology systems for improvement in review of pesticide applications

(A) In general

For each of fiscal years 2013 through 2017, the Administrator shall use not more than $800,000 of the amounts made available to the Administrator in the Reregistration and Expedited Processing Fund for the activities described in subparagraph (B).

(B) Activities

The Administrator shall use amounts made available from the Reregistration and Expedited Processing Fund to improve the information systems capabilities for the Office of Pesticide Programs to enhance tracking of pesticide registration decisions, which shall include—

(i) the electronic tracking of—

(I) registration submissions; and

(II) the status of conditional registrations;

(ii) enhancing the database for information regarding endangered species assessments for registration review;

(iii) implementing the capability to electronically review labels submitted with registration actions; and

(iv) acquiring and implementing the capability to electronically assess and evaluate confidential statements of formula submitted with registration actions.

(5) Unused funds

Money in the fund not currently needed to carry out this section shall be—

(A) maintained on hand or on deposit;

(B) invested in obligations of the United States or guaranteed thereby; or

(C) invested in obligations, participations, or other instruments that are lawful investments for fiduciary, trust, or public funds.

(6) Accounting and performance

The Administrator shall take all steps necessary to ensure that expenditures from fees authorized by subsection (i)(1)(C)(ii) of this section are used only for the purposes described in paragraphs (2), (3), and (4) and to carry out the goals established under subsection (l) of this section. The Reregistration and Expedited Processing Fund shall be designated as an Environmental Protection Agency component for purposes of section 3515(c) of title 31. The annual audit required under section 3521 of such title of the financial statements of activities under this subchapter
under section 3516(b) of such title shall include an audit of the fees collected under subsection (i)(1)(C) of this section and disbursed, of the amount appropriated to match such fees, and of the Administrator’s attainment of performance measures and goals established under subsection (l) of this section. Such an audit shall also include a review of the reasonableness of the overhead allocation and adequacy of disclosures of direct and indirect costs associated with carrying out the reregistration and expedited processing of the applications specified in paragraph (3), and the basis for and accuracy of all costs paid with moneys derived from such fees. The Inspector General shall conduct the annual audit and report the findings and recommendations of such audit to the Administrator and to the Committees on Agriculture of the House of Representatives and the Senate. The cost of such audit shall be paid for out of the fees collected under subsection (i)(1)(C) of this section.

(l) Performance measures and goals

The Administrator shall establish and publish annually in the Federal Register performance measures and goals. Such measures and goals shall include—

(1) the number of products reregistered, canceled, or amended, the status of reregistration, the number and type of data requests under section 136a(c)(2)(B) of this title issued to support product reregistration by active ingredient, the progress in reducing the number of unreviewed, required reregistration studies, the projected status of tolerances reassessed, and the number of applications for registration submitted under subsection (k)(3) of this section that were approved or disapproved;

(2) the future schedule for reregistrations, including the projection for such schedules that will be issued under subsection (g)(2)(A) and (B) of this section in the current fiscal year and the succeeding fiscal year; and

(3) the projected year of completion of the reregistrations under this section.

(m) Judicial review

Any failure of the Administrator to take any action required by this section shall be subject to judicial review under the procedures prescribed by section 136n(b) of this title.

(n) Authorization of funds to develop public health data

(1) “Secretary” defined

For the purposes of this section, “Secretary” means the Secretary of Health and Human Services, acting through the Public Health Service.

(2) Consultation

In the case of a pesticide registered for use in public health programs for vector control or for other uses the Administrator determines to be human health protection uses, the Administrator shall, upon timely request by the registrant or any other interested person, or on the Administrator’s own initiative may, consult with the Secretary prior to taking final action to suspend registration under section 136a(c)(2)(B)(iv) of this title, or cancel a registration under section 136a–1, 136d(e), or 136d(f) of this title. In consultation with the Secretary, the Administrator shall prescribe the form and content of requests under this section.

(3) Benefits to support family

The Administrator, after consulting with the Secretary, shall make a determination whether the potential benefits of continued use of the pesticide for public health or health protection purposes are of such significance as to warrant a commitment by the Secretary to conduct or to arrange for the conduct of the studies required by the Administrator to support continued registration under section 136a of this title or reregistration under this section.

(4) Additional time

If the Administrator determines that such a commitment is warranted and in the public interest, the Administrator shall notify the Secretary and shall, to the extent necessary, amend a notice issued under section 136a(c)(2)(B) of this title to specify additional reasonable time periods for submission of the data.

(5) Arrangements

The Secretary shall make such arrangements for the conduct of required studies as the Secretary finds necessary and appropriate to permit submission of data in accordance with the time periods prescribed by the Administrator. Such arrangements may include Public Health Service intramural research activities, grants, contracts, or cooperative agreements with academic, public health, or other organizations qualified by experience and training to conduct such studies.

(6) Support

The Secretary may provide for support of the required studies using funds authorized to be appropriated under this section, the Public Health Service Act [42 U.S.C. 201 et seq.], or other appropriate authorities. After a determination is made under subsection (d) of this section, the Secretary shall notify the Committees on Appropriations of the House of Representatives and the Senate of the sums required to conduct the necessary studies.

(7) Authorization of appropriations

There is authorized to be appropriated to carry out the purposes of this section $12,000,000 for fiscal year 1997, and such sums as may be necessary for succeeding fiscal years.

§ 136c. Experimental use permits

(a) Issuance

Any person may apply to the Administrator for an experimental use permit for a pesticide. The Administrator shall review the application. After completion of the review, but not later than one hundred and twenty days after receipt of the application and all required supporting data, the Administrator shall either issue the permit or notify the applicant of the Administrator’s determination not to issue the permit and the reasons therefor. The applicant may correct the application or request a waiver of the conditions for such permit within thirty days of receipt by the applicant of such notification. The Administrator may issue an experimental use permit only if the Administrator determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide under section 136a of this title. An application for an experimental use permit may be filed at any time.

(b) Temporary tolerance level

If the Administrator determines that the use of a pesticide may reasonably be expected to result in any residue on or in food or feed, the Administrator may establish a temporary tolerance level for the residue of the pesticide before issuing the experimental use permit.

(c) Use under permit

Use of a pesticide under an experimental use permit shall be under the supervision of the Administrator, and shall be subject to such terms and conditions and be for such period of time as the Administrator may prescribe in the permit.

(d) Studies

When any experimental use permit is issued for a pesticide containing any chemical or combination of chemicals which has not been included in any previously registered pesticide, the Administrator may specify that studies be conducted to detect whether the use of the pesticide under the permit may cause unreasonable adverse effects on the environment. All results of such studies shall be reported to the Administrator before such pesticide may be registered under section 136a of this title.

(e) Revocation

The Administrator may revoke any experimental use permit, at any time, if the Administrator finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

(f) State issuance of permits

Notwithstanding the foregoing provisions of this section, the Administrator shall, under such terms and conditions as the Administrator may by regulations prescribe, authorize any State to issue an experimental use permit for a pesticide. All provisions of section 136i of this title relating to State plans shall apply with equal force to a State plan for the issuance of experimental use permits under this section.

(g) Exemption for agricultural research agencies

Notwithstanding the foregoing provisions of this section, the Administrator may issue an experimental use permit for a pesticide to any public or private agricultural research agency or educational institution which applies for such permit. Each permit shall not exceed more than a one-year period or such other specific time as the Administrator may prescribe. Such permit shall be issued under such terms and conditions restricting the use of the pesticide as the Administrator may require. Such pesticide may be used only by such research agency or educational institution for purposes of experimentation.

1978—Subsec. (a). Pub. L. 95-396, § 10(1), provided for review of application, issuance or nonissuance of experimental use permit within prescribed period including reasons for denial, correction of application, and waiver of conditions and substituted provision for filing an application for experimental use permit at any time for prior provision for filing at the time of or before or after an application for registration is filed. Subsec. (f). Pub. L. 95-396, § 10(2), substituted in first sentence “shall” for “may” where first appearing.

1975—Subsec. (g). Pub. L. 94-140 added subsec. (g).

§ 136d. Administrative review; suspension

(a) Existing stocks and information

(1) Existing stocks

The Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is suspended or canceled under this section, or section 136a or 136a–1 of this title, to such extent, under such conditions, and for such uses as the Administrator determines that such sale or use is not inconsistent with the purposes of this subchapter.

(2) Information

If at any time after the registration of a pesticide the registrant has additional factual information regarding unreasonable adverse effects on the environment of the pesticide, the registrant shall submit such information to the Administrator.

(b) Cancellation and change in classification

If it appears to the Administrator that a pesticide or its labeling or other material required to be submitted does not comply with the provisions of this subchapter or, when used in accordance with widespread and commonly recognized practice, generally causes unreasonable adverse effects on the environment, the Administrator may issue a notice of the Administrator’s intent either:

(1) to cancel its registration or to change its classification together with the reasons (including the factual basis) for the Administrator’s action, or

(2) to hold a hearing to determine whether or not its registration should be canceled or its classification changed.

Such notice shall be sent to the registrant and made public. In determining whether to issue any such notice, the Administrator shall include among those factors to be taken into account the impact of the action proposed in such notice on production and prices of agricultural commodities, retail food prices, and otherwise on the agricultural economy. At least 60 days prior to sending such notice to the registrant or making public such notice, whichever occurs first, the Administrator shall provide the Secretary of Agriculture with a copy of such notice and an analysis of such impact on the agricultural economy. If the Secretary comments in writing to the Administrator regarding the notice and analysis within 30 days after receiving them, the Administrator shall publish in the Federal Register (with the notice) the comments of the Secretary and the response of the Administrator with regard to the Secretary’s comments. If the Secretary does not comment in writing to the Administrator regarding the notice and analysis within 30 days after receiving them, the Administrator may notify the registrant and make public the notice at any time after such 30-day period notwithstanding the foregoing 60-day time requirement. The time requirements imposed by the preceding 3 sentences may be waived or modified to the extent agreed upon by the Administrator and the Secretary. Notwithstanding any other provision of this subsection and section 136w(d) of this title, in the event that the Administrator determines that suspension of a pesticide registration is necessary to prevent an imminent hazard to human health, then upon such a finding the Administrator may waive the requirement of notice to and consultation with the Secretary of Agriculture pursuant to this subsection and of submission to the Scientific Advisory Panel pursuant to section 136w(d) of this title and proceed in accordance with subsection (c) of this section. When a public health use is affected, the Secretary of Health and Human Services should provide available benefits and use information, or an analysis thereof, in accordance with the procedures followed and subject to the same conditions as the Secretary of Agriculture in the case of agricultural pesticides. The proposed action shall become final and effective at the end of 30 days from receipt by the registrant, or publication, of a notice issued under paragraph (1), whichever occurs later, unless within that time either (i) the registrant makes the necessary corrections, if possible, or (ii) a request for a hearing is made by a person adversely affected by the notice. In the event a hearing is held pursuant to such a request or to the Administrator’s determination under paragraph (2), a decision pertaining to registration or classification issued after completion of such hearing shall be final. In taking any final action under this subsection, the Administrator shall consider restricting a pesticide’s use or uses as an alternative to cancellation and shall fully explain the reasons for these restrictions, and shall include among those factors to be taken into account the impact of such final action on production and prices of agricultural commodities, retail food prices, and otherwise on the agricultural economy, and the Administrator shall publish in the Federal Register an analysis of such impact.

(c) Suspension

(1) Order

If the Administrator determines that action is necessary to prevent an imminent hazard during the time required for cancellation or change in classification proceedings, the Administrator may, by order, suspend the registration of the pesticide immediately. Except as provided in paragraph (3), no order of suspension may be issued under this subsection unless the Administrator has issued, or at the same time issues, a notice of intention to cancel the registration or change the classification of the pesticide under subsection (b) of this section. Except as provided in paragraph (3), the Administrator shall notify the registrant prior to issuing any suspension order. Such notice shall include findings pertaining to the question of “imminent hazard”. The registrant shall then have an opportunity, in accordance with the provisions of paragraph (2), for an expedited hearing before the Administrator on the question of whether an imminent hazard exists.

(2) Expedite hearing

If no request for a hearing is submitted to the Administrator within five days of the registrant’s receipt of the notification provided...
for by paragraph (1), the suspension order may be issued and shall take effect and shall not be reviewable by a court. If a hearing is requested, it shall commence within five days of the receipt of the request for such hearing unless the registrant and the Administrator agree that it shall commence at a later time. The hearing shall be held in accordance with the provisions of subchapter II of chapter 5 of title 5, except that the presiding officer need not be a certified administrative law judge. The presiding officer shall have ten days from the conclusion of the presentation of evidence to submit recommended findings and conclusions to the Administrator, who shall then have seven days to render a final order on the issue of suspension.

(3) Emergency order

Whenever the Administrator determines that an emergency exists that does not permit the Administrator to hold a hearing before suspending, the Administrator may issue a suspension order in advance of notification to the registrant. The Administrator may issue an emergency order under this paragraph before issuing a notice of intention to cancel the registration or change the classification of the pesticide under subsection (b) of this section and the Administrator shall proceed to issue the notice under subsection (b) of this section within 90 days of issuing an emergency order. If the Administrator does not issue a notice under subsection (b) of this section within 90 days of issuing an emergency order, the emergency order shall expire. In the case of an emergency order, paragraph (2) shall apply except that (A) the order of suspension shall be in effect pending the expeditions completion of the remedies provided by that paragraph and the issuance of a final order on suspension, and (B) no party other than the registrant and the Administrator shall participate except that any person adversely affected may file briefs within the time allotted by the Agency’s rules. Any person so filing briefs shall be considered a party to such proceeding for the purposes of section 136n(b) of this title.

(4) Judicial review

A final order on the question of suspension following a hearing shall be reviewable in accordance with section 136n of this title, notwithstanding the fact that any related cancellation proceedings have not been completed. Any order of suspension entered prior to a hearing before the Administrator shall be subject to immediate review in an action by the registrant or other interested person with the concurrence of the registrant in an appropriate district court, solely to determine whether the order of suspension was arbitrary, capricious or an abuse of discretion, or whether the order was issued in accordance with the procedures established by law. The effect of any order of the court will be only to stay the effectiveness of the suspension order, pending the Administrator’s final decision with respect to cancellation or change in classification. This action may be maintained simultaneously with any administrative review proceedings under this section. The commencement of proceedings under this paragraph shall not operate as a stay of order, unless ordered by the court.

(d) Public hearings and scientific review

In the event a hearing is requested pursuant to subsection (b) of this section or determined upon by the Administrator pursuant to subsection (b) of this section, such hearing shall be held after due notice for the purpose of receiving evidence relevant and material to the issues raised by the objections filed by the applicant or other interested parties, or to the issues stated by the Administrator, if the hearing is directed by the Administrator rather than by the filing of objections. Upon a showing of relevance and reasonable scope of evidence sought by any party to a public hearing, the Hearing Examiner shall issue a subpoena to compel testimony or production of documents from any person. The Hearing Examiner shall be guided by the principles of the Federal Rules of Civil Procedure in making any order for the protection of the witness or the content of documents produced and shall order the payment of reasonable fees and expenses as a condition to requiring testimony of the witness. On contest, the subpoena may be enforced by an appropriate United States district court in accordance with the principles stated herein. Upon the request of any party to a public hearing and when in the Hearing Examiner’s judgment it is necessary or desirable, the Hearing Examiner shall at any time before the hearing record is closed refer to a Committee of the National Academy of Sciences the relevant questions of scientific fact involved in the public hearing. No member of any called by the National Academy of Sciences established to carry out the functions of this section shall have a financial or other conflict of interest with respect to any matter considered by such committee. The Committee of the National Academy of Sciences shall report in writing to the Hearing Examiner within 60 days after such referral on these questions of scientific fact. The report shall be made public and shall be considered as part of the hearing record. The Administrator shall enter into appropriate arrangements with the National Academy of Sciences to assure an objective and competent scientific review of the questions presented to Committees of the Academy and to provide such other scientific advisory services as may be required by the Administrator for carrying out the purposes of this subchapter. As soon as practicable after completion of the hearing (including the report of the Academy) but not later than 90 days thereafter, the Administrator shall evaluate the data and reports before the Administrator and issue an order either revoking the Administrator’s notice of intention issued pursuant to this section, or shall issue an order either canceling the registration, changing the classification, denying the registration, or requiring modification of the labeling or packaging of the article. Such order shall be based only on substantial evidence of record of such hearing and shall set forth detailed findings of fact upon which the order is based.

(e) Conditional registration

(1) The Administrator shall issue a notice of intent to cancel a registration issued under sec-
tion 136a(c)(7) of this title if (A) the Administrator, at any time during the period provided for satisfaction of any condition imposed, determines that the registrant has failed to initiate and pursue appropriate action toward fulfilling any condition imposed, or (B) at the end of the period provided for satisfaction of any condition imposed, that condition has not been met. The Administrator may permit the continued sale and use of existing stocks of a pesticide whose conditional registration has been canceled under this subsection to such extent, under such conditions, and for such uses as the Administrator may specify if the Administrator determines that such sale or use is not inconsistent with the purposes of this subchapter and will not have unreasonable adverse effects on the environment.

(2) A cancellation proposed under this subsection shall become final and effective at the end of thirty days from receipt by the registrant of the notice of intent to cancel unless during that time a request for hearing is made by a person adversely affected by the notice. If a hearing is requested, a hearing shall be conducted under subsection (d) of this section. The only matters for resolution at that hearing shall be whether the registrant has initiated and pursued appropriate action to comply with the condition or conditions within the time provided or whether the condition or conditions have been satisfied within the time provided, and whether the Administrator's determination with respect to the disposition of existing stocks is consistent with this subchapter. A decision after completion of such hearing shall be final. Notwithstanding any other provision of this section, a hearing shall be held and a determination made within seventy-five days after receipt of a request for such hearing.

(f) General provisions

(1) Voluntary cancellation

(A) A registrant may, at any time, request that a pesticide registration of the registrant be canceled or amended to terminate one or more pesticide uses.

(B) Before acting on a request under subparagraph (A), the Administrator shall publish in the Federal Register a notice of the receipt of the request and provide for a 30-day period in which the public may comment.

(C) In the case of a pesticide that is registered for a minor agricultural use, if the Administrator determines that the cancellation or termination of uses would adversely affect the availability of the pesticide for use, the Administrator—

(i) shall publish in the Federal Register a notice of the receipt of the request and make reasonable efforts to inform persons who so use the pesticide of the request; and

(ii) may not approve or reject the request until the termination of the 180-day period beginning on the date of publication of the notice in the Federal Register, except that the Administrator may waive the 180-day period upon the request of the registrant or if the Administrator determines that the continued use of the pesticide would pose an unreasonable adverse effect on the environment.

(D) Subject to paragraph (3)(B), after complying with this paragraph, the Administrator may approve or deny the request.

(2) Publication of notice

A notice of denial of registration, intent to cancel, suspension, or intent to suspend issued under this subchapter or a notice issued under subsection (c)(4) or (d)(5)(A) of section 136a-1 of this title shall be published in the Federal Register and shall be sent by certified mail, return receipt requested, to the registrant’s or applicant’s address of record on file with the Administrator. If the mailed notice is returned to the Administrator as undeliverable at that address, if delivery is refused, or if the Administrator otherwise is unable to accomplish delivery of the notice to the registrant or applicant after making reasonable efforts to do so, the notice shall be deemed to have been received by the registrant or applicant on the date the notice was published in the Federal Register.

(3) Transfer of registration of pesticides registered for minor agricultural uses

In the case of a pesticide that is registered for a minor agricultural use:

(A) During the 180-day period referred to in paragraph (1)(C)(ii), the registrant of the pesticide may notify the Administrator of an agreement between the registrant and a person or persons (including persons who so use the pesticide) to transfer the registration of the pesticide, in lieu of canceling or amending the registration to terminate the use.

(B) An application for transfer of registration, in conformance with any regulations the Administrator may adopt with respect to the transfer of the pesticide registrations, must be submitted to the Administrator within 30 days of the date of notification provided pursuant to subparagraph (A). If such an application is submitted, the Administrator shall approve the transfer and shall not approve the request for voluntary cancellation or amendment to terminate use unless the Administrator determines that the continued use of the pesticide would cause an unreasonable adverse effect on the environment.

(C) If the Administrator approves the transfer and the registrant transfers the registration of the pesticide, the Administrator shall not cancel or amend the registration to delete the use or rescind the transfer of the registration, during the 180-day period beginning on the date of the approval of the transfer unless the Administrator determines that the continued use of the pesticide would cause an unreasonable adverse effect on the environment.

(D) The new registrant of the pesticide shall assume the outstanding data and other requirements for the pesticide that are pending at the time of the transfer.

(4) Utilization of data for voluntarily canceled pesticide

When an application is filed with the Administrator for the registration of a pesticide for
a minor use and another registrant subsequently voluntarily cancels its registration for an identical or substantially similar pesticide for an identical or substantially similar use, the Administrator shall process, review, and evaluate the pending application as if the voluntary cancellation had not yet taken place except that the Administrator shall not take such action if the Administrator determines that such minor use may cause an unreasonable adverse effect on the environment. In order to rely on this subsection, the applicant must certify that it agrees to satisfy any outstanding data requirements necessary to support the reregistration of the pesticide in accordance with the data submission schedule established by the Administrator.

(g) Notice for stored pesticides with canceled or suspended registrations

(1) In general
Any producer or exporter of pesticides, registrant of a pesticide, applicant for registration of a pesticide, applicant for or holder of an experimental use permit, commercial applicator, or any person who distributes or sells any pesticide, who possesses any pesticide which has had its registration canceled or suspended under this section shall notify the Administrator and appropriate State and local officials of—
(A) such possession,
(B) the quantity of such pesticide such person possesses, and
(C) the place at which such pesticide is stored.

(2) Copies
The Administrator shall transmit a copy of each notice submitted under this subsection to the regional office of the Environmental Protection Agency which has jurisdiction over the place of pesticide storage identified in the notice.

(h) Judicial review
Final orders of the Administrator under this section shall be subject to judicial review pursuant to section 136n of this title.

Subsec. (a)(1). Pub. L. 104–170, §106(a)(2), amended heading and text generally. Prior to amendment, text read as follows: “The Administrator shall cancel the registration of any pesticide at the end of the five-year period which begins on the date of its registration (or at the end of any five year period thereafter) unless the registrant, or other interested person with the concurrence of the registrant, before the end of such period, requests in accordance with regulations prescribed by the Administrator that the registration be continued in effect. The Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is canceled under this subsection or subsection (b) of this section to such extent, under such conditions, and for such uses as the Administrator may specify if the Administrator determines that such sale or use is not inconsistent with the purposes of this subchapter and will not have unreasonable adverse effects on the environment. The Administrator shall publish in the Federal Register, at least 30 days prior to the expiration of such five-year period, notice that the registration will be canceled if the registrant or other interested person with the concurrence of the registrant does not request that the registration be continued in effect.”
Subsec. (b). Pub. L. 104–170, §233, inserted “When a public health use is affected, the Secretary of Health and Human Services should provide available benefits and use information, or an analysis thereof, in accordance with the procedures followed and subject to the same conditions as the Secretary of Agriculture in the case of agricultural pesticides.” before “The proposed action shall become final.”
Subsec. (c)(1). Pub. L. 104–170, §102(a), amended second sentence generally. Prior to amendment, second sentence read as follows: “No order of suspension may be issued unless the Administrator has issued or at the same time issues notice of the Administrator’s intention to cancel the registration or change the classification of the pesticide.”

L. 104–170, §102(b), inserted after first sentence “The Administrator may issue an emergency order under this paragraph before issuing a notice of intention to cancel the registration or change the classification of the pesticide under subsection (b) of this section and the Administrator shall proceed to issue the notice under subsection (b) of this section within 90 days of issuing an emergency order. If the Administrator does not issue a notice under subsection (b) of this section within 90 days of issuing an emergency order, the emergency order shall expire.” and substituted “In the case of an emergency order” for “In that case”.
Subsec. (a)(2). Pub. L. 102–237, §106(b)(2)(C), substituted “the registrant” for “he” before “shall”.

§ 136f. Books and records

(a) Requirements

The Administrator may prescribe regulations requiring producers, registrants, and applicants for registration to maintain such records with respect to their operations and the pesticides and devices produced as the Administrator determines are necessary for the effective enforcement of this subchapter and to make the records available for inspection and copying in the same manner as provided in subsection (b) of this section. No records required under this subsection shall extend to financial data, sales data other than shipment data, pricing data, personnel data, and research data (other than data relating to registered pesticides or to a pesticide for which an application for registration has been filed).

(b) Inspection

For the purposes of enforcing the provisions of this subchapter, any producer, distributor, carrier, dealer, or any other person who sells or offers for sale, delivers or offers for delivery any pesticide or device subject to this subchapter, shall, upon request of any officer or employee of the Environmental Protection Agency or of any State or political subdivision, duly designated by the Administrator, furnish or permit such person at all reasonable times to have access to, and to copy: (1) all records showing the delivery, movement, or holding of such pesticide or device, including the quantity, the date of shipment and receipt, and the name of the consignor and consignee; or (2) in the event of the inability of any person to produce records containing such information, all other records and information relating to such delivery, movement, or holding of the pesticide or device. Any inspection with respect to any records and information referred to in this subsection shall not extend to financial data, sales data other than shipment data, pricing data, personnel data; and research data (other than data relating to registered pesticides or to a pesticide for which an application for registration has been filed). Before undertaking an inspection under this subsection, the officer or employee must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness.

PRIOR PROVISIONS

A prior section 8 of act June 25, 1947, was classified to section 135f of this title prior to amendment of act June 25, 1947, by Pub. L. 92–516.

§ 136g. Inspection of establishments, etc.

(a) In general

(1) For purposes of enforcing the provisions of this subchapter, officers or employees of the Environmental Protection Agency or of any State duly designated by the Administrator are authorized to enter at reasonable times (A) any establishment or other place where pesticides or devices are held for distribution or sale for the purpose of inspecting and obtaining samples of any pesticides or devices, packaged, labeled, and released for shipment, and samples of any containers or labeling for such pesticides or devices, or (B) any place where there is being held any pesticide the registration of which has been suspended or canceled for the purpose of determining compliance with section 136g of this title.

(2) Before undertaking such inspection, the officers or employees must present to the owner, operator, or agent in charge of the establishment or other place where pesticides or devices are held for distribution or sale, appropriate credentials and a written statement as to the reason for the inspection, including a statement as to whether a violation of the law is suspected. If no violation is suspected, an alternate and sufficient reason shall be given in writing. Each such inspection shall be commenced and completed with reasonable promptness. If the officer or employee obtains any samples, prior to leaving the premises, the officer or employee shall give to the owner, operator, or agent in charge a receipt
describing the samples obtained and, if requested, a portion of each such sample equal in volume or weight to the portion retained. If an analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner, operator, or agent in charge.

(b) Warrants

For purposes of enforcing the provisions of this subchapter and upon a showing to an officer or court of competent jurisdiction that there is reason to believe that the provisions of this subchapter have been violated, officers or employees duly designated by the Administrator are empowered to obtain and to execute warrants

(1) entry, inspection, and copying of records for purposes of this section or section 136f of this title;
(2) inspection and reproduction of all records showing the quantity, date of shipment, and the name of consignor and consignee of any pesticide or device found in the establishment, which is adulterated, misbranded, not registered (in the case of a pesticide) or otherwise in violation of this subchapter and in the event of the inability of any person to produce records containing such information, all other records and information relating to such delivery, movement, or holding of the pesticide or device; and
(3) the seizure of any pesticide or device which is in violation of this subchapter.

(c) Enforcement

(1) Certification of facts to Attorney General

The examination of pesticides or devices shall be made in the Environmental Protection Agency or elsewhere as the Administrator may designate for the purpose of determining from such examinations whether they comply with the requirements of this subchapter. If it shall appear from any such examination that they fail to comply with the requirements of this subchapter, the Administrator shall cause notice to be given to the person against whom criminal or civil proceedings are contemplated. Any person so notified shall be given an opportunity to present the person’s views, either orally or in writing, with regard to such contemplated proceedings, and if in the opinion of the Administrator it appears that the provisions of this subchapter have been violated by such person, then the Administrator shall certify the facts to the Attorney General, with a copy of the results of the analysis or the examination of such pesticide for the institution of a criminal proceeding pursuant to section 136(b) of this title or a civil proceeding under section 136(a) of this title, when the Administrator determines that such action will be sufficient to effectuate the purposes of this subchapter.

(2) Notice not required

The notice of contemplated proceedings and opportunity to present views set forth in this subsection are not prerequisites to the institution of any proceeding by the Attorney General.

(3) Warning notices

Nothing in this subchapter shall be construed as requiring the Administrator to institute proceedings for prosecution of minor violations of this subchapter whenever the Administrator believes that the public interest will be adequately served by a suitable written notice of warning.

§ 136h. Protection of trade secrets and other information

(a) In general

In submitting data required by this subchapter, the applicant may (1) clearly mark any portions thereof in which the applicant’s opinion are trade secrets or commercial or financial information and (2) submit such market material separately from other material required to be submitted under this subchapter.

(b) Disclosure

Notwithstanding any other provision of this subchapter and subject to the limitations in subsections (d) and (e) of this section, the Administrator shall not make public information which in the Administrator’s judgment contains or relates to trade secrets or commercial or financial information obtained from a person and privileged or confidential, except that, when necessary to carry out the provisions of this subchapter, information relating to formulas of products acquired by authorization of this subchapter may be revealed to any Federal agency consulted and may be revealed at a public hear-
ing or in findings of fact issued by the Administrator.

(c) Disputes

If the Administrator proposes to release for inspection information which the applicant or registrant believes to be protected from disclosure under subsection (b) of this section, the Administrator shall notify the applicant or registrant, in writing, by certified mail. The Administrator shall not thereafter make available for inspection such data until thirty days after receipt of the notice by the applicant or registrant. During this period, the applicant or registrant may institute an action in an appropriate district court for a declaratory judgment as to whether such information is subject to protection under subsection (b) of this section.

(d) Limitations

(1) All information concerning the objectives, methodology, results, or significance of any test or experiment performed on or with a registered or previously registered pesticide or its separate ingredients, impurities, or degradation products, and any information concerning the effects of such pesticide on any organism or the behavior of such pesticide in the environment, including, but not limited to, data on safety to fish and wildlife, humans and other mammals, plants, animals, and soil, and studies on persistence, translocation and fate in the environment, and metabolism, shall be available for disclosure to the public. The use of such data for any registration purpose shall be governed by section 136a of this title. This paragraph does not authorize the disclosure of any information that—
(A) discloses manufacturing or quality control processes,
(B) discloses the details of any methods for testing, detecting, or measuring the quantity of any deliberately added inert ingredient of a pesticide, or
(C) discloses the identity or percentage quantity of any deliberately added inert ingredient of a pesticide, unless the Administrator has first determined that disclosure is necessary to protect against an unreasonable risk of injury to health or the environment.

(2) Information concerning production, distribution, sale, or inventories of a pesticide that is otherwise entitled to confidential treatment under subsection (b) of this section may be publicly disclosed in connection with a public proceeding to determine whether a pesticide, or any ingredient of a pesticide, causes unreasonable adverse effects on health or the environment, if the Administrator determines that such disclosure is necessary in the public interest.

(3) If the Administrator proposes to disclose information described in clause (A), (B), or (C) of paragraph (1) of this subsection, the Administrator shall notify by certified mail the submitter of such information of the intent to release such information. The Administrator may not release such information, without the submitter’s consent, until thirty days after the submitter has been furnished such notice. Where the Administrator finds that disclosure of information described in clause (A), (B), or (C) of paragraph (1) of this subsection is necessary to avoid or lessen an imminent and substantial risk of injury to the public health, the Administrator may set such shorter period of notice (but not less than ten days) and such method of notice as the Administrator finds appropriate. During such period the data submitter may institute an action in an appropriate district court to enjoin or limit the proposed disclosure. The court may enjoin disclosure, or limit the disclosure or the parties to whom disclosure shall be made, to the extent that—
(A) in the case of information described in clause (A), (B), or (C) of paragraph (1) of this subsection, the proposed disclosure is not required to protect against an unreasonable risk of injury to health or the environment; or
(B) in the case of information described in paragraph (2) of this subsection, the public interest in availability of the information in the public proceeding does not outweigh the interests in preserving the confidentiality of the information.

(e) Disclosure to contractors

Information otherwise protected from disclosure to the public under subsection (b) of this section may be disclosed to contractors with the United States and employees of such contractors if, in the opinion of the Administrator, such disclosure is necessary for the satisfactory performance of the contractor of a contract with the United States for the performance of work in connection with this subchapter and under such conditions as the Administrator may specify. The Administrator shall require as a condition to the disclosure of information under this subsection that the person receiving it take such security precautions respecting the information as the Administrator shall by regulation prescribe.

(f) Penalty for disclosure by Federal employees

(1) Any officer or employee of the United States or former officer or employee of the United States who, by virtue of such employment or official position, has obtained possession of, or has access to, material the disclosure of which is prohibited by subsection (b) of this section, and who, knowing that disclosure of such material is prohibited by such subsection, willfully discloses the material in any manner to any person not entitled to receive it, shall be fined not more than $10,000 or imprisoned for not more than one year, or both. Section 1905 of title 18 shall not apply with respect to the publishing, divulging, disclosure, or making known of, or making available, information reported or otherwise obtained under this subchapter. Nothing in this subchapter shall preempt any civil remedy under State or Federal law for wrongful disclosure of trade secrets.

(2) For the purposes of this section, any contractor with the United States who is furnished information as authorized by subsection (e) of this section, or any employee of any such contractor, shall be considered to be an employee of the United States.

(g) Disclosure to foreign and multinational pesticide producers

(1) The Administrator shall not knowingly disclose information submitted by an applicant or
registrant under this subchapter to any employee or agent of any business or other entity engaged in the production, sale, or distribution of pesticides in countries other than the United States or in addition to the United States or to any other person who intends to deliver such data to such foreign or multinational business or entity unless the applicant or registrant has consented to such disclosure. The Administrator shall require an affirmation from any person who intends to inspect data that such person does not seek access to the data for purposes of delivering it or offering it for sale to any such business or entity or its agents or employees and will not purposefully deliver or negligently cause the data to be delivered to such business or entity or its agents or employees. Notwithstanding any other provision of this subsection, the Administrator may disclose information to any person in connection with a public proceeding under law or regulation, subject to restrictions on the availability of information contained elsewhere in this subchapter, which information is relevant to a determination by the Administrator with respect to whether a pesticide, or any ingredient of a pesticide, causes unreasonable adverse effects on health or the environment.

(2) The Administrator shall maintain records of the names of persons to whom data are disclosed under this subsection and the persons or organizations they represent and shall inform the applicant or registrant of the names and affiliations of such persons.

(3) Section 1001 of title 18 shall apply to any affirmation made under paragraph (1) of this subsection.

vate applicator has completed a training program approved by the Administrator so long as the program does not require the private applicator to take, pursuant to a requirement prescribed by the Administrator, any examination to establish competency in the use of the pesticide. The Administrator may require any pesticide dealer participating in a certification program to be licensed under a State licensing program approved by the Administrator.

(2) State certification

If any State, at any time, desires to certify applicators of pesticides, the Governor of such State shall submit a State plan for such purpose. The Administrator shall approve the plan submitted by any State, or any modification thereof, if such plan in the Administrator’s judgment—

(A) designates a State agency as the agency responsible for administering the plan throughout the State;

(B) contains satisfactory assurances that such agency has or will have the legal authority and qualified personnel necessary to carry out the plan;

(C) gives satisfactory assurances that the State will devote adequate funds to the administration of the plan;

(D) provides that the State agency will make such reports to the Administrator in such form and containing such information as the Administrator may from time to time require; and

If the Administrator approves a plan submitted under subsection (a)(2) of this section, then such State shall certify applicators of pesticides with respect to such State. Whenever the Administrator determines that a State is not administering the certification program in accordance with the plan approved under this section, the Administrator shall so notify the State and provide for a hearing at the request of the State, and, if appropriate corrective action is not taken within a reasonable time, not to exceed ninety days, the Administrator shall withdraw approval of such plan.

(c) Instruction in integrated pest management techniques

Standards prescribed by the Administrator for the certification of applicators of pesticides under subsection (a) of this section, and State plans submitted to the Administrator under subsection (a) of this section, shall include provisions for making instructional materials concerning integrated pest management techniques available to individuals at their request in accordance with the provisions of section 136u(c) of this title, but such plans may not require that any individual receive instruction concerning such techniques or to be shown to be competent with respect to the use of such techniques. The Administrator and States implementing such plans shall provide that all interested individuals are notified on the availability of such instructional materials.

(d) In general

No regulations prescribed by the Administrator for carrying out the provisions of this subchapter shall require any private applicator to maintain any records or file any reports or other documents.

(b) Seizure

Any pesticide or device that is being transported or, having been transported, remains unsold or in original unbroken packages, or that is sold or offered for sale in any State, or that is imported from a foreign country, shall be liable to be proceeded against in any district court in the district where it is found and seized for confiscation by a process in rem for condemnation if—

In the case of a plant regulator, defoliant, or desiccant, used in accordance with the label claims and recommendations, physical or physiological effects on plants or parts thereof shall not be deemed to be injury, when such effects are the purpose for which the plant regulator, defoliant, or desiccant was applied.

(c) Disposition after condemnation

If the pesticide or device is condemned it shall, after entry of the decree, be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs, shall be paid into the Treasury of the United States, but the pesticide or device shall not be sold contrary to the provisions of this subchapter or the laws of the jurisdiction in which it is sold. On payment of the costs of the condemnation proceedings and the execution and delivery of a good and sufficient bond conditioned that the pesticide or device shall not be sold or otherwise disposed of contrary to the provisions of the subchapter or the laws of any jurisdiction in which sold, the court may direct that such pesticide or device be delivered to the owner thereof. No civil penalty shall be assessed unless the person charged shall have been given notice and opportunity for a hearing on such charge in the county, parish, or incorporated city of the residence of the person charged.

(4) Determination of penalty

In determining the amount of the penalty, the Administrator shall consider the appropriateness of such penalty to the size of the business of the person charged, the effect on the person's ability to continue in business, and the gravity of the violation. Whenever the Administrator finds that the violation occurred despite the exercise of due care or did not cause significant harm to health or the environment, the Administrator may issue a warning in lieu of assessing a penalty.

Except as otherwise provided in this section, if—

(A) the Administrator notifies a registrant under section 136d(c)(1) of this title that the Administrator intends to suspend a registration or that an emergency order of suspension of a registration under section 136d(c)(3) of this title has been issued;

(B) the registration in question is suspended under section 136d(c) of this title, and thereafter is canceled under section 136d(b), 136d(d), or 136d(f) of this title; and

(C) any person who owned any quantity of the pesticide immediately before the notice
to the registrant under subparagraph (A) suffered losses by reason of suspension or cancellation of the registration;

the Administrator shall make an indemnity payment to the person.

(2) Exception

Paragraph (1) shall not apply if the Administrator finds that the person—

(A) had knowledge of facts that, in themselves, would have shown that the pesticide did not meet the requirements of section 136a(c)(5) of this title for registration; and

(B) continued thereafter to produce the pesticide without giving timely notice of such facts to the Administrator.

(3) Report

If the Administrator takes an action under paragraph (1) that requires the payment of indemnification, the Administrator shall report to the Committee on Agriculture of the House of Representatives and the Senate on—

(A) the action taken that requires the payment of indemnification;

(B) the reasons for taking the action;

(C) the estimated cost of the payment; and

(D) a request for the appropriation of funds for the payment.

(4) Appropriation

The Administrator may not make a payment of indemnification under paragraph (1) unless a specific line item appropriation of funds has been made in advance for the payment.

(b) Indemnification of end users, dealers, and distributors

(1) End users

If—

(A) the Administrator notifies a registrant under section 136d(c)(1) of this title that the Administrator intends to suspend a registration or that an emergency order of suspension of a registration under section 136d(c)(3) of this title has been issued;

(B) the registration in question is suspended under section 136d(c) of this title, and thereafter is canceled under section 136d(b), 136d(d), or 136d(f) of this title;

(iii) any person who, immediately before the notice to the registrant under clause (i) had not been notified in writing by the seller, as provided under subparagraph (A), that any quantity of the pesticide owned by such person is not subject to reimbursement by the seller in the event of suspension or cancellation of the pesticide; and

(II) is and will continue to be unable to provide reimbursement to such person, as provided under subparagraph (A), for the loss referred to in clause (iii), as a result of the insolvency or bankruptcy of the seller and the seller’s resulting inability to provide such reimbursement;

the person shall be entitled to an indemnity payment under this subsection for such quantity of the pesticide.

(2) Dealers and distributors

(A) Any registrant, wholesaler, dealer, or other distributor (hereinafter in this paragraph referred to as a “seller”) of a registered pesticide who distributes or sells the pesticide directly to any person not described as an end user in paragraph (1)(C) shall, with respect to any quantity of the pesticide that such person cannot use or resell as a result of the suspension or cancellation of the pesticide, reimburse such person for the cost of first acquiring the pesticide from the seller (other than the cost of transportation, if any), unless the seller provided to the person at the time of distribution or sale a notice, in writing, that the pesticide is not subject to reimbursement by the seller.

(B) If—

(i) the Administrator notifies a registrant under section 136d(c)(1) of this title that the Administrator intends to suspend a registration or that an emergency order of suspension of a registration under section 136d(c)(3) of this title has been issued;

(ii) the registration in question is suspended under section 136d(c) of this title, and thereafter is canceled under section 136d(b), 136d(d), or 136d(f) of this title;

(iii) any person who, immediately before the notice to the registrant under clause (i)

(I) did not provide the notice specified in subparagraph (A), that any quantity of the pesticide for purposes of—

(aa) distributing or selling it; or

(bb) further processing it for distribution or sale directly to an end user;

suffered a loss by reason of the suspension or cancellation of the pesticide; and

(iv) the Administrator determines on the basis of a claim of loss submitted to the Administrator by the person, that the seller—

(I) did not provide the notice specified in subparagraph (A) to such person; and

(II) is and will continue to be unable to provide reimbursement to such person, as provided under subparagraph (A), for the loss referred to in clause (ii), as a result of the insolvency or bankruptcy of the seller and the seller’s resulting inability to provide such reimbursement;

the person shall be entitled to an indemnity payment under this subsection for such quantity of the pesticide.

(C) If an indemnity payment is made by the United States under this paragraph, the United States shall be subrogated to any right that would otherwise be held under this paragraph by a seller who is unable to make a reimbursement in accordance with this paragraph with regard to reimbursements that otherwise would have been made by the seller.

(3) Source

Any payment required to be made under paragraph (1) or (2) shall be made from the appropriation provided under section 1304 of title 31.

(4) Administrative settlement

An administrative settlement of a claim for such indemnity may be made in accordance
§ 136n. Administrative procedure; judicial review

(a) District court review

Except as otherwise provided in this subchapter, the refusal of the Administrator to cancel or suspend a registration or to change a classification not following a hearing and other final actions of the Administrator not committed to the discretion of the Administrator by law are judicially reviewable by the district courts of the United States.

(b) Review by court of appeals

In the case of actual controversy as to the validity of any order issued by the Administrator following a public hearing, any person who will be adversely affected by such order and who had been a party to the proceedings may obtain judicial review by filing in the United States court of appeals for the circuit wherein such person resides or has a place of business, within 60 days after the entry of such order, a petition praying that the order be set aside in whole or in part. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Administrator or any officer designated by the Administrator for that purpose, and thereupon the Administrator shall file in the court the record of the proceedings on which the Administrator based the Administrator's order, as provided in section 2112 of title 28. Upon the filing of such petition the court shall have exclusive jurisdiction to affirm or set aside the order complained of in whole or in part. The court shall consider all evidence of record. The order of the Administrator shall be sustained if it is supported by substantial evidence when considered on the record as a whole. The judgment of the court affirming or setting aside, in whole or in part, any order under this section shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28. The commencement of proceedings under this section shall not, unless specifically ordered by the court to the contrary, operate as a stay of an order.

(c) Jurisdiction of district courts

The district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain violations of, this subchapter.

(d) Notice of judgments

The Administrator shall, by publication in such manner as the Administrator may prescribe, give notice of all judgments entered in actions instituted under the authority of this subchapter.

§ 136o. Imports and exports

(a) Pesticides and devices intended for export

Notwithstanding any other provision of this subchapter, no pesticide or device or active ingredient in producing a pesticide intended solely for export to any foreign country shall be deemed in violation of this subchapter—

(1) when prepared or packed according to the specifications or directions of the foreign purchaser, except that producers of such pesticides and devices and active ingredients used in producing pesticides shall be subject to sections 136(p), 136(q)(1)(A), (C), (D), (E), (G), and (H), 136(q)(2)(A), (B), (C)(i) and (iii), and (D), 136e, and 136f of this title; and

(2) in the case of any pesticide other than a pesticide registered under section 136a or sold under section 136a(1) of this title, if, prior to export, the foreign purchaser has signed a statement acknowledging that the purchaser understands that such pesticide is not registered for use in the United States and cannot be sold in the United States under this subchapter.

A copy of that statement shall be transmitted to an appropriate official of the government of the importing country.

(b) Cancellation notices furnished to foreign governments

Whenever a registration, or a cancellation or suspension of the registration of a pesticide becomes effective, or ceases to be effective, the Administrator shall transmit through the State Department notification thereof to the governments of other countries and to appropriate international agencies. Such notification shall, upon request, include all information related to the cancellation or suspension of the registration of the pesticide and information concerning other pesticides that are registered under section 136a of this title and that could be used in lieu of such pesticide.

(c) Importation of pesticides and devices

The Secretary of the Treasury shall notify the Administrator of the arrival of pesticides and devices and shall deliver to the Administrator, upon the Administrator’s request, samples of pesticides or devices which are being imported into the United States, giving notice to the owner or consignee, who may appear before the Administrator and have the right to introduce testimony. If it appears from the examination of a sample that it is adulterated, or misbranded or otherwise violates the provisions set forth in this subchapter, or is otherwise injurious to health or the environment, the pesticide or device may be refused admission, and the Secretary of the Treasury shall refuse delivery to the consignee and shall cause the destruction of any pesticide or device refused delivery which shall not be exported by the consignee within 90 days from the date of notice of such refusal under such regulations as the Secretary of the Treasury may prescribe. The Secretary of the Treasury may deliver to the consignee such pesticide or device pending examination and decision in the matter on execution of bond for the amount of the full invoice value of such pesticide or device, together with the duty thereon, and on refusal to return such pesticide or device for any cause to the custody of the Secretary of the Treasury, when demanded, for the purpose of excluding them from the country, or for any other purpose, said consignee shall forfeit the full amount of said bond. All charges for storage, cartage, and labor on pesticides or devices which are refused admission or delivery shall be paid by the owner or consignee, and in default of such payment shall constitute a lien against any future importation made by such owner or consignee.

(d) Cooperation in international efforts

(1) In general

The Administrator shall, in cooperation with the Department of State and any other appropriate Federal agency, participate and cooperate in any international efforts to develop improved pesticide research and regulations.

(2) Department of State expenses

§ 136q. Storage, disposal, transportation, and recall

(a) Storage, disposal, and transportation

(1) Data requirements and registration of pesticides

The Administrator may require under section 136a or 136d of this title that—

(A) the registrant or applicant for registration of a pesticide submit or cite data or information regarding methods for the storage and disposal of excess quantities of the pesticide to support the registration or continued registration of a pesticide;

(B) the labeling of a pesticide contain requirements and procedures for the transportation, storage, and disposal of the pesticide, any container of the pesticide, any rinseate containing the pesticide, or any other material used to contain or collect excess or spilled quantities of the pesticide; and

(C) the registrant of a pesticide provide evidence of sufficient financial and other resources to carry out a recall plan under subsection (b) of this section, and provide for the disposition of the pesticide, in the event of suspension and cancellation of the pesticide.

(2) Pesticides

The Administrator may by regulation, or as part of an order issued under section 136d of this title or an amendment to such an order—

(A) issue requirements and procedures to be followed by any person who stores or transports a pesticide the registration of which has been suspended or canceled;

(B) issue requirements and procedures to be followed by any person who disposes of stocks of a pesticide the registration of which has been suspended and

(C) issue requirements and procedures for the disposal of any pesticide the registration of which has been canceled.

(3) Containers, rinseates, and other materials

The Administrator may by regulation, or as part of an order issued under section 136d of this title or an amendment to such an order—

(A) issue requirements and procedures to be followed by any person who stores or transports any container of a pesticide the registration of which has been suspended or canceled, any rinseate containing the pesticide, or any other material used to contain or collect excess or spilled quantities of the pesticide;

(B) issue requirements and procedures to be followed by any person who disposes of any container of a pesticide the registration of which has been suspended, any rinseate containing the pesticide, or any other material used to contain or collect ex-
cess or spilled quantities of the pesticide; and

(C) issue requirements and procedures for the disposal of any container of a pesticide the registration of which has been canceled, any rinseate containing the pesticide, or any other material used to contain or collect excess or spilled quantities of the pesticide.

(4) Container recycling

The Secretary may promulgate a regulation for the return and recycling of disposable pesticide containers used for the distribution or sale of registered pesticide products in interstate commerce. Any such regulation requiring recycling of disposable pesticide containers shall not apply to antimicrobial pesticides (as defined in section 136 of this title) or other pesticide products intended for non-agricultural uses.

(b) Recalls

(1) In general

If the registration of a pesticide has been suspended and canceled under section 136d of this title, and if the Administrator finds that recall of the pesticide is necessary to protect health or the environment, the Administrator shall order a recall of the pesticide in accordance with this subsection.

(2) Voluntary recall

If, after determining under paragraph (1) that a recall is necessary, the Administrator finds that voluntary recall by the registrant and others in the chain of distribution may be as safe and effective as a mandatory recall, the Administrator shall request the registrant of the pesticide to submit, within 60 days of the request, a plan for the voluntary recall of the pesticide. If such a plan is requested and submitted, the Administrator shall approve the plan and order the registrant to conduct the recall in accordance with the plan unless the Administrator determines, after an informal hearing, that the plan is inadequate to protect health or the environment.

(3) Mandatory recall

If, after determining under paragraph (1) that a recall is necessary, the Administrator does not request the submission of a plan under paragraph (2) or finds such a plan to be inadequate, the Administrator shall issue a regulation that prescribes a plan for the recall of the pesticide. A regulation issued under this paragraph may apply to any person who is or was a registrant, distributor, or seller of the pesticide, or any successor in interest to such a person.

(4) Recall procedure

A regulation issued under this subsection may require any person that is subject to the regulation to—

(A) arrange to make available one or more storage facilities to receive and store the pesticide to which the recall program applies, and inform the Administrator of the location of each such facility;

(B) accept and store at such a facility those existing stocks of such pesticide that are tendered by any other person who obtained the pesticide directly or indirectly from the person that is subject to such regulation;

(C) on the request of a person making such a tender, provide for proper transportation of the pesticide to a storage facility; and

(D) take such reasonable steps as the regulation may prescribe to inform persons who may be holders of the pesticide of the terms of the recall regulation and how those persons may tender the pesticide and arrange for transportation of the pesticide to a storage facility.

(5) Contents of recall plan

A recall plan established under this subsection shall include—

(A) the level in the distribution chain to which the recall is to extend, and a schedule for recall; and

(B) the means to be used to verify the effectiveness of the recall.

(6) Requirements or procedures

No requirement or procedure imposed in accordance with paragraph (2) of subsection (a) of this section may require the recall of existing stocks of the pesticide except as provided by this subsection.

(c) Storage costs

(1) Submission of plan

A registrant who wishes to become eligible for reimbursement of storage costs incurred as a result of a recall prescribed under subsection (b) of this section for a pesticide whose registration has been suspended and canceled shall, as soon as practicable after the suspension of the registration of the pesticide, submit to the Administrator a plan for the storage and disposal of the pesticide that meets criteria established by the Administrator by regulation.

(2) Reimbursement

Within a reasonable period of time after such storage costs are incurred and paid by the registrant, the Administrator shall reimburse the registrant, on request, for—

(A) none of the costs incurred by the registrant before the date of submission of the plan referred to in paragraph (1) to the Administrator;

(B) 100 percent of the costs incurred by the registrant after the date of submission of the plan to the Administrator or the date of cancellation of the registration of the pesticide, whichever is later, but before the approval of the plan by the Administrator;

(C) 50 percent of the costs incurred by the registrant during the 1-year period beginning on the date of the approval of the plan by the Administrator or the date of cancellation of the registration of the pesticide, whichever is later;

(D) none of the costs incurred by the registrant during the 3-year period beginning on the 366th day following approval of the plan by the Administrator or the date of cancellation of the registration of the pesticide, whichever is later; and
§ 136q

(E) 25 percent of the costs incurred by the registrant during the period beginning on the first day of the 5th year following the date of the approval of the plan by the Administrator or the date of cancellation of the registration of the pesticide, whichever is later, and ending on the date that a disposal permit for the pesticide is issued by a State or an alternative plan for disposal of the pesticide in accordance with applicable law has been developed.

(d) Administration of storage, disposal, transportation, and recall programs

(1) Voluntary agreements

Nothing in this section shall be construed as preventing or making unlawful any agreement between a seller and a buyer of any pesticide or other substance regarding the ultimate allocation of the costs of storage, transportation, or disposal of a pesticide.

(2) Rule and regulation review

Section 136w(a)(4) of this title shall not apply to any regulation issued under subsection (a)(2) or (b) of this section.

(3) Limitations

No registrant shall be responsible under this section for a pesticide the registration of which is held by another person. No distributor or seller shall be responsible under this section for a pesticide that the distributor or seller did not hold or sell.

(4) Seizure and penalties

If the Administrator finds that a person who is subject to a regulation or order under subsection (a)(2) or (b) of this section has failed substantially to comply with that regulation or order, the Administrator may take action under section 136k or 136l of this title for a pesticide that the distributor or seller did not hold or sell.

(e) Container design

(1) Procedures

(A) Not later than 3 years after the effective date of this subsection, the Administrator shall, in consultation with the heads of other interested Federal agencies, promulgate regulations for the design of pesticide containers that will promote the safe storage and disposal of pesticides.

(B) The regulations shall ensure, to the fullest extent practicable, that the containers—

(i) accommodate procedures used for the removal of pesticides from the containers and the rinsing of the containers;

(ii) facilitate the safe use of the containers, including elimination of splash and leakage of pesticides from the containers;

(iii) facilitate the safe disposal of the containers; and

(iv) facilitate the safe refill and reuse of the containers.

(2) Compliance

The Administrator shall require compliance with the regulations referred to in paragraph (1) not later than 5 years after the effective date of this subsection.

(f) Pesticide residue removal

(1) Procedures

(A) Not later than 3 years after the effective date of this subsection, the Administrator shall, in consultation with the heads of other interested Federal agencies, promulgate regulations prescribing procedures and standards for the removal of pesticides from containers prior to disposal.

(B) The regulations may—

(i) specify, for each major type of pesticide container, procedures and standards providing for, at a minimum, triple rinsing or the equivalent degree of pesticide removal;

(ii) specify procedures that can be implemented promptly and easily in various circumstances and conditions;

(iii) provide for reuse, whenever practicable, or disposal of rinse water and residue; and

(iv) be coordinated with requirements for the rinsing of containers imposed under the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.).

(C) The Administrator may, at the discretion of the Administrator, exempt products intended solely for household use from the requirements of this subsection.

(2) Compliance

Effective beginning 5 years after the effective date of this subsection, a State may not exercise primary enforcement responsibility under section 136w–1 of this title, or certify an applicator under section 136i of this title, unless the Administrator determines that the State is carrying out an adequate program to ensure compliance with this subsection.

(3) Solid Waste Disposal Act

Nothing in this subsection shall affect the authorities or requirements concerning pesticide containers under the Solid Waste Disposal Act (42 U.S.C. 6901).

(g) Pesticide container study

(1) Study

(A) The Administrator shall conduct a study of options to encourage or require—

(i) the return, refill, and reuse of pesticide containers;

(ii) the development and use of pesticide formulations that facilitate the removal of pesticide residues from containers; and

(iii) the use of bulk storage facilities to reduce the number of pesticide containers requiring disposal.

(B) In conducting the study, the Administrator shall—

(i) consult with the heads of other interested Federal agencies, State agencies, industry groups, and environmental organizations; and

(ii) assess the feasibility, costs, and environmental benefits of encouraging or requiring various measures or actions.

(2) Report

Not later than 2 years after the effective date of this subsection, the Administrator
shall submit to Congress a report describing the results of the study required under paragraph (1).

(h) Relationship to Solid Waste Disposal Act

(1) In general

Nothing in this section shall diminish the authorities or requirements of the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.).

(2) Antimicrobial products

A household, industrial, or institutional antimicrobial product that is not subject to regulation under the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.) shall not be subject to the provisions of subsections (a), (e), and (f) of this section, unless the Administrator determines that such product must be subject to such provisions to prevent an unreasonable adverse effect on the environment.

The Administrator may enter into cooperative agreements with States and Indian tribes—
(1) to delegate to any State or Indian tribe the authority to cooperate in the enforcement of this subchapter through the use of its personnel or facilities, to train personnel of the State or Indian tribe to cooperate in the enforcement of this subchapter; and to assist States and Indian tribes in implementing cooperative enforcement programs through grants-in-aid; and

(2) to assist States in developing and administering State programs, and Indian tribes that enter into cooperative agreements, to train and certify applicators consistent with the standards the Administrator prescribes.

Effective with the fiscal year beginning October 1, 1978, there are authorized to be appropriated annually such funds as may be necessary for the Administrator to provide through cooperative agreements an amount equal to 50 percent of the anticipated cost to each State or Indian tribe, as agreed to under such cooperative agreements, of conducting training and certification programs during such fiscal year. If funds sufficient to pay 50 percent of the costs for any year are not appropriated, the share of each State and Indian tribe shall be reduced in a like proportion in allocating available funds.

(b) Contracts for training

In addition, the Administrator may enter into contracts with Federal, State, or Indian tribal agencies for the purpose of encouraging the training of certified applicators.

(c) Information and education

The Administrator shall, in cooperation with the Secretary of Agriculture, use the services of the cooperative State extension services to inform and educate pesticide users about accepted uses and other regulations made under this subchapter.

(Amendment)

1978—Subsec. (a). Pub. L. 95–396 extended provisions to Indian tribes, authorized annual appropriation of funds for training and certification programs, and required proportionate reduction of shares in the allocation of available funds when appropriations do not cover 50 percent of the annual costs.

Subsec. (b). Pub. L. 95–396 authorized contracts with Indian tribal agencies.

Subsec. (c). Pub. L. 95–396 substituted “shall” for “may”, substituted “use” for “utilize”, and “to inform and educate pesticide users about accepted uses and other regulations” for “for informing farmers of accepted uses and other regulations”.

Availability of grants for pesticide program development and implementation

§ 136v. Authority of States

(a) In general

A State may regulate the sale or use of any federally registered pesticide or rodenticide in the State, but only if and to the extent the regulation does not permit any sale or use prohibited by this subchapter.

(b) Uniformity

Such State shall not impose or continue in effect any requirements for labeling or packaging in addition to or different from those required under this subchapter.

(c) Additional uses

(1) A State may provide registration for additional uses of federally registered pesticides formulated for distribution and use within that State to meet special local needs in accord with the purposes of this subchapter and if registration for such use has not previously been denied, disapproved, or canceled by the Administrator. Such registration shall be deemed registration under section 136a of this title for all purposes of this subchapter, but shall authorize distribution and use only within such State.

(2) A registration issued by a State under this subsection shall not be effective for more than ninety days if disapproved by the Administrator within that period. Prior to disapproval, the Administrator shall, except as provided in paragraph (3) of this subsection, advise the State of the Administrator’s intention to disapprove and the reasons therefor, and provide the State time to respond. The Administrator shall not prohibit or disapprove a registration issued by a State under this subsection (A) on the basis of lack of essentiality of a pesticide or (B) except as provided in paragraph (3) of this subsection, if its composition and use patterns are similar to those of a federally registered pesticide.

(3) In no instance may a State issue a registration for a food or feed use unless there exists a tolerance or exemption under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] that permits the residues of the pesticides on the food or feed. If the Administrator determines that a registration issued by a State is inconsistent with the Federal Food, Drug, and Cosmetic Act, or the use of, a pesticide under a registration issued by a State constitutes an imminent hazard, the Administrator may immediately disapprove the registration.

(4) If the Administrator finds, in accordance with standards set forth in regulations issued under section 136w of this title, that a State is not capable of exercising adequate controls to assure that State registration under this section will be in accord with the purposes of this subchapter or has failed to exercise adequate controls, the Administrator may suspend the authority of the State to register pesticides until such time as the Administrator is satisfied that the State can and will exercise adequate controls. Prior to any such suspension, the Administrator shall advise the State of the Administrator’s intention to suspend and the reasons therefor and provide the State time to respond.

(Amendments)

§ 136w. Authority of Administrator

(a) In general

(1) Regulations

The Administrator is authorized, in accordance with the procedure described in paragraph (2), to prescribe regulations to carry out the provisions of this subchapter. Such regulations shall take into account the difference in concept and usage between various classes of pesticides, including public health pesticides, and differences in environmental risk and the appropriate data for evaluating such risk between agricultural, nonagricultural, and public health pesticides.

(2) Procedure

(A) Proposed regulations

At least 60 days prior to signing any proposed regulation for publication in the Federal Register, the Administrator shall provide the Secretary of Agriculture with a copy of such regulation. If the Secretary comments in writing to the Administrator regarding any such regulation within 30 days after receiving it, the Administrator shall publish in the Federal Register (with the proposed regulation) the comments of the Secretary and the response of the Administrator with regard to the Secretary's comments. If the Secretary does not comment in writing to the Administrator regarding the regulation within 30 days after receiving it, the Administrator may sign such regulation for publication in the Federal Register any time after the foregoing 30-day period notwithstanding the foregoing 60-day time requirement.

(B) Final regulations

At least 30 days prior to signing any regulation in final form for publication in the Federal Register, the Administrator shall provide the Secretary of Agriculture with a copy of such regulation. If the Secretary comments in writing to the Administrator regarding any such final regulation within 15 days after receiving it, the Administrator shall publish in the Federal Register (with the final regulation) the comments of the Secretary, if requested by the Secretary, and the response of the Administrator concerning the Secretary's comments. If the Secretary does not comment in writing to the Administrator regarding the regulation within 15 days after receiving it, the Administrator may sign such regulation for publication in the Federal Register at any time after the foregoing 15-day period notwithstanding the foregoing 30-day time requirement. In taking any final action under this subsection, the Administrator shall include among those factors to be taken into account the effect of the regulation on production and prices of agricultural commodities, retail food prices, and otherwise on the agricultural economy, and the Administrator shall publish in the Federal Register an analysis of such effect.

(C) Time requirements

The time requirements imposed by subparagraphs (A) and (B) may be waived or modified to the extent agreed upon by the Administrator and the Secretary.

(D) Publication in the Federal Register

The Administrator shall, simultaneously with any notification to the Secretary of Agriculture under this paragraph prior to the issuance of any proposed or final regulation, publish such notification in the Federal Register.

(3) Congressional committees

At such time as the Administrator is required under paragraph (2) of this subsection to provide the Secretary of Agriculture with a copy of proposed regulations and a copy of the final form of regulations, the Administrator shall also furnish a copy of such regulations to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(4) Congressional review of regulations

Simultaneously with the promulgation of any rule or regulation under this subchapter, the Administrator shall transmit a copy thereof to the Secretary of the Senate and the Clerk of the House of Representatives. The
rule or regulation shall not become effective until the passage of 60 calendar days after the rule or regulation is so transmitted.

(b) Exemption of pesticides

The Administrator may exempt from the requirements of this subchapter by regulation any pesticide which the Administrator determines either (1) to be adequately regulated by another Federal agency, or (2) to be of a character which is unnecessary to be subject to this subchapter in order to carry out the purposes of this subchapter.

(c) Other authority

The Administrator, after notice and opportunity for hearing, is authorized—

(1) to declare a pest any form of plant or animal life (other than man and other than bacteria, virus, and other micro-organisms on or in living man or other living animals) which is injurious to health or the environment;

(2) to determine any pesticide which contains any substance or substances in quantities highly toxic to man;

(3) to establish standards (which shall be consistent with those established under the authority of the Poison Prevention Packaging Act (Public Law 91–601) (15 U.S.C. 1471 et seq.) with respect to the package, container, or wrapping in which a pesticide or device is enclosed for use or consumption, in order to protect children and adults from serious injury or illness resulting from accidental ingestion or contact with pesticides or devices regulated by this subchapter as well as to accomplish the other purposes of this subchapter;

(4) to specify those classes of devices which shall be subject to any provision of section 136(q)(1) or section 136e of this title upon the Administrator’s determination that application of such provision is necessary to effectuate the purposes of this subchapter;

(5) to prescribe regulations requiring any pesticide to be colored or discolored if the Administrator determines that such requirement is feasible and is necessary for the protection of health and the environment; and

(6) to determine and establish suitable names to be used in the ingredient statement.

(d) Scientific advisory panel

(1) In general

The Administrator shall submit to an advisory panel for comment as to the impact on health and the environment of the action proposed in notices of intent issued under section 136d(b) of this title and of the proposed and final form of regulations issued under subsection (a) of this section within the same time periods as provided for the comments of the Secretary of Agriculture under such section. The time requirements for notices of intent and proposed and final forms of regulation may not be modified or waived unless in addition to meeting the requirements of section 136d(b) of this title or subsection (a) of this section, as applicable, the advisory panel has failed to comment on the proposed action within the prescribed time period or has agreed to the modification or waiver. The Administrator shall also solicit from the advisory panel comments, evaluations, and recommendations for operating guidelines to improve the effectiveness and quality of scientific analyses made by personnel of the Environmental Protection Agency that lead to decisions by the Administrator in carrying out the provisions of this subchapter. The comments, evaluations, and recommendations of the advisory panel submitted under this subsection and the response of the Administrator shall be published in the Federal Register in the same manner as provided for publication of the comments of the Secretary of Agriculture under such sections. The chairman of the advisory panel, after consultation with the Administrator, may create temporary subpanels on specific projects to assist the full advisory panel in expediting and preparing its evaluations, comments, and recommendations. Such additional scientists shall be selected by the advisory panel.

The panel referred to in this subsection shall consist of 7 members appointed by the Administrator from a list of 12 nominees, 6 nominated by the National Institutes of Health and 6 by the National Science Foundation, utilizing a system of staggered terms of appointment. Members of the panel shall be selected on the basis of their professional qualifications to assess the effects of the impact of pesticides on health and the environment. To the extent feasible to insure multidisciplinary representation, the panel membership shall include representation from the disciplines of toxicology, pathology, environmental biology, and related sciences. If a vacancy occurs on the panel due to expiration of a term, resignation, or any other reason, each replacement shall be selected by the Administrator from a group of 4 nominees, 2 submitted by each of the nominating entities named in this subsection. The Administrator may extend the term of a panel member until the new member is appointed to fill the vacancy. If a vacancy occurs due to resignation, or reason other than expiration of a term, the Administrator shall appoint a member to serve during the unexpired term utilizing the nomination process set forth in this subsection. Should the list of nominees provided under this subsection be unsatisfactory, the Administrator may request an additional set of nominees from the nominating entities. The Administrator may require such information from the nominees to the advisory panel as the Administrator deems necessary, and the Administrator shall publish in the Federal Register the name, address, and professional affiliations of each nominee. Each member of the panel shall receive per diem compensation at a rate not in excess of that fixed for GS–18 of the General Schedule as may be determined by the Administrator, except that any such member who holds another office or position under the Federal Government the compensation for which exceeds such rate may elect to
receive compensation at the rate provided for such other office or position in lieu of the compensation provided by this subsection. In order to assure the objectivity of the advisory panel, the Administrator shall promulgate regulations regarding conflicts of interest with respect to the members of the panel. The advisory panel established under this section shall be permanent. In performing the functions assigned by this subchapter, the panel shall consult and coordinate its activities with the Science Advisory Board established under the Environmental Research, Development, and Demonstration Authorization Act of 1978 [42 U.S.C. 4365]. Whenever the Administrator exercises authority under section 136d(c) of this title to immediately suspend the registration of any pesticide to prevent an imminent hazard, the Administrator shall promptly submit to the advisory panel for comment, as to the impact on health and the environment, the action taken to suspend the registration of such pesticide.

(2) Science Review Board

There is established a Science Review Board to consist of 60 scientists who shall be available to the Scientific Advisory Panel to assist in reviews conducted by the Panel. Members of the Board shall be selected in the same manner as members of temporary subpanels created under paragraph (1). Members of the Board shall be compensated in the same manner as members of the Panel.

(e) Peer review

The Administrator shall, by written procedures, provide for peer review with respect to the design, protocols, and conduct of major scientific studies conducted under this subchapter by the Environmental Protection Agency or by any other Federal agency, any State or political subdivision thereof, or any institution or individual under grant, contract, or cooperative agreement from or with the Environmental Protection Agency. In such procedures, the Administrator shall also provide for peer review, using the advisory panel established under subsection (d) of this section, of appropriate experts appointed by the Administrator from a current list of nominees maintained by such panel, with respect to the results of any such scientific studies relied upon by the Administrator with respect to actions the Administrator may take relating to the change in classification, suspension, or cancellation of a pesticide. Whenever the Administrator determines that circumstances do not permit the peer review of the results of any such scientific study prior to the Administrator’s exercising authority under section 136d(c) of this title to immediately suspend the registration of any pesticide to prevent an imminent hazard, the Administrator shall promptly thereafter provide for the conduct of peer review as provided in this sentence. The evaluations and relevant documentation constituting the peer review that relate to the proposed scientific studies and the results of the completed scientific studies shall be included in the submission for comment forwarded by the Administrator to the advisory panel as provided in subsection (d) of this section. As used in this subsection, the term “peer review” shall mean an independent evaluation by scientific experts, either within or outside the Environmental Protection Agency, in the appropriate disciplines.

### §136w–1. State primary enforcement responsibility

**a) In general**
For the purposes of this subchapter, a State shall have primary enforcement responsibility for pesticide use violations during any period for which the Administrator determines that such State—

1. has adopted adequate pesticide use laws and regulations, except that the Administrator may not require a State to have pesticide use laws that are more stringent than this subchapter;

2. has adopted and is implementing adequate procedures for the enforcement of such State laws and regulations; and

3. will keep such records and make such reports showing compliance with paragraphs (1) and (2) of this subsection as the Administrator may require by regulation.

**b) Special rules**
Notwithstanding the provisions of subsection (a) of this section, any State that enters into a cooperative agreement with the Administrator under section 136u of this title for the enforcement of pesticide use restrictions shall have the primary enforcement responsibility for pesticide use violations. Any State that has a plan approved by the Administrator in accordance with the requirements of section 136i of this title that the Administrator determines meets the criteria set out in subsection (a) of this section shall have the primary enforcement responsibility for pesticide use violations. The Administrator shall make such determinations with respect to State plans under section 136i of this title in effect on September 30, 1978, not later than six months after that date.

**c) Administrator**
The Administrator shall have primary enforcement responsibility for those States that

(a) Referral

Upon receipt of any complaint or other information alleging or indicating a significant violation of the pesticide use provisions of this subchapter, the Administrator shall refer the matter to the appropriate State officials for their investigation of the matter consistent with the requirements of this subchapter. If, within thirty days, the State has not commenced appropriate enforcement action, the Administrator may act upon the complaint or information to the extent authorized under this subchapter.

(b) Notice

Whenever the Administrator determines that a State having primary enforcement responsibility for pesticide use violations is not carrying out (or cannot carry out due to the lack of adequate legal authority) such responsibility, the Administrator shall notify the State. Such notice shall specify those aspects of the administration of the State program that are determined to be inadequate. The State shall have ninety days after receipt of the notice to correct any deficiencies. (B) persons and organizations under contract with the Administrator engage in the review of the applications, and corresponding risk and benefits information and assessments; and

(C) advisory committees and other accredited persons or organizations, on the request of the Administrator, engage in the peer review of risk or benefits information associated with covered pesticide applications;

(2) costs of management of information, and the acquisition, maintenance, and repair of computer and telecommunication resources (including software), used to support review of pesticide applications, associated tolerances, and corresponding risk and benefits information and analyses; and

(3) costs of collecting registration service fees under subsections (b) and (c) of this section and reporting, auditing, and accounting under this section.

(b) Fees

(1) In general

Effective beginning on the effective date of the Pesticide Registration Improvement Act of 2003, the Administrator shall assess and collect covered pesticide registration service fees in accordance with this section.

(2) Covered pesticide registration applications

(A) In general

An application for the registration of a pesticide covered by this subchapter that is received by the Administrator on or after the effective date of the Pesticide Registration Improvement Act of 2003 shall be subject to a registration service fee under this section.

(B) Existing applications

(i) In general

Subject to clause (ii), an application for the registration of a pesticide that was submitted to the Administrator before the effective date of the Pesticide Registration Improvement Act of 2003 and is pending on that effective date shall be subject to a service fee under this section if the application is for the registration of a new active ingredient that is not listed in the Registration Division 2003 Work Plan of the Office of Pesticide Programs of the Environmental Protection Agency.

(ii) Tolerance or exemption fees

The amount of any fee otherwise payable for an application described in clause (i) under this section shall be reduced by the amount of any fees paid to support the related petition for a pesticide tolerance or exemption under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.).

(C) Documentation

An application subject to a registration service fee under this section shall be submitted with documentation certifying—

(i) payment of the registration service fee; or

(ii) payment of at least 25 percent of the registration service fee and a request for a waiver from or reduction of the remaining amount of the registration service fee.
(D) Payment
The registration service fee required under this subsection shall be due upon submission of the application.

(E) Applications subject to additional fees
An application may be subject to additional fees if—
(i) the applicant identified the incorrect registration service fee and decision review period;
(ii) after review of a waiver request, the Administrator denies the waiver request; or
(iii) after review of the application, the Administrator determines that a different registration service fee and decision review period apply to the application.

(F) Effect of failure to pay fees
The Administrator shall reject any application submitted without the required registration service fee.

(G) Non-refundable portion of fees
(i) In general
The Administrator shall retain 25 percent of the applicable registration service fee.

(ii) Limitation
Any waiver, refund, credit or other reduction in the registration service fee shall not exceed 75 percent of the registration service fee.

(H) Collection of unpaid fees
In any case in which the Administrator does not receive payment of a registration service fee (or applicable portion of the registration service fee) by the date that is 30 days after the fee is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(3) Schedule of covered applications and registration service fees
Subject to paragraph (6), the schedule of covered pesticide registration applications and corresponding registration service fees shall be as follows:

(1) A decision review time that would otherwise end on a Saturday, Sunday, or federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the technical deficiency screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant’s written or electronic confirmation of agreement to the Agency.

(4) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the use. All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (indoor and/or outdoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the technical deficiency screen, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(2) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.
(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the technical deficiency screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the technical deficiency screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

(3) If EPA data rules are amended to newly require clearance under section 408 of the FFDCA for an ingredient of an antimicrobial product where such ingredient was not previously subject to such a clearance, then review of the data for such clearance of such product is not subject to a registration service fee for the tolerance action for two years from the effective date of the rule.
(4) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant’s written or electronic confirmation of agreement to the terms.

(5) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the technical deficiency screen, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or federal holiday, will be extended
to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a
first food use are covered by the base fee for that new active ingredient or first food use application and retain the
same decision time review period as the new active ingredient or first food use application. The application must
be received by the agency in one package. The base fee for the category covers a maximum of five new products.
Each application for an additional new product registration and new inert approval that is submitted in the new
active ingredient application package or first food use application package is subject to the registration service
fee for a new product or a new inert approval. All such associated applications that are submitted together will be
subject to the new active ingredient or first food use decision review time, except where the new inert approval de-
cision review time is greater than that for the new active ingredient, in which case the associated new active in-
gredient will be subject to the new inert approval decision review time. In the case of a new active ingredient ap-
plication, until that new active ingredient is approved, any subsequent application for another new product con-
taining the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredi-
ent application, subject to the registration service fee and decision review time for a new active ingredient. In the
case of a first food use application, until that first food use is approved, any subsequent application for an addi-
tional new food use or uses will be subject to the registration service fee and decision review time for a first food
use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the appli-
cant at the applicant’s initiative to support the application after completion of the technical deficiency screening,
and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for
the new active ingredient or first food use application.

Each application for an additional new product registration and new inert approval that is submitted in the new

active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be

subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient

the new active ingredient or first food use application.

(3) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the

new use(s). All items in the covered application must be submitted together in one package. Each application for

an additional new product registration and new inert approval(s) that is submitted in the new use application

package is subject to the registration service fee for a new product or a new inert approval. However, if a new use

application only proposes to register the new use for a new product and there are no amendments in the applica-

new-use application, subject to a separate registration service fee and new decision review time for a new use. If

the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the ap-

propriate fee is due for each type of new use and the longest decision review time applies to all of the new uses re-

quested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is

submitted by the applicant at the applicant's initiative to support the application after completion of the tech-

(1) A decision review time that would otherwise end on a Saturday, Sunday, or federal holiday, will be extended to end on the next business day.

(2) New PIP = a PIP with an active ingredient that has not been registered.

(3) Registered PIP = a PIP with an active ingredient that is currently registered.

(4) Transfer registered PIP through conventional breeding for new food/feed use, such as from field corn to sweet corn.

(5) The scientific data involved in this category are complex. EPA often seeks technical advice from the Scientific Advisory Panel on risks that pesticides pose to wildlife, farm workers, pesticide applicators, non-target species, as well as insect resistance, and novel scientific issues surrounding new technologies. The scientists of the SAP neither make nor recommend policy decisions. They provide advice on the science used to make these decisions. Their advice is invaluable to the EPA as it strives to protect humans and the environment from risks posed by pesticides. Due to the time it takes to schedule and prepare for meetings with the SAP, additional time and costs are needed.

(6) Registered PIPs stacked through conventional breeding.

(7) Deployment of a registered PIP with a different IRM plan (e.g., seed blend).

(8) The negotiated acreage cap will depend upon EPA’s determination of the potential environmental exposure, risk(s) to non-target organisms, and the risk of targeted pest developing resistance to the pesticidal substance. The uncertainty of these risks may reduce the allowable acreage, based upon the quantity and type of non-target organism data submitted and the lack of insect resistance management data, which is usually not required for seed-increase registrations. Registrants are encouraged to consult with EPA prior to submission of a registration application in this category.

(9) Application can be submitted prior to or concurrently with an application for commercial registration.

(10) For example, IRM plan modifications that are applicant-initiated.

(11) EPA-initiated amendments shall not be charged fees.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or federal holiday, will be extended to end on the next business day.

(2) If another covered application is associated with and dependent upon a pending application for an inert ingredient action, each application will be subject to its respective registration service fee. The decision review time for the other associated covered application will be extended to match the PRIA due date of the pending inert ingredient action, unless the PRIA due date for the other associated covered action is further out, in which case it will be subject to its own decision review time. If the application covers multiple ingredients grouped by EPA into one chemical class, a single registration service fee will be assessed for approval of those ingredients.

(3) If EPA data rules are amended to newly require clearance under section 408 of the FFDCA for an ingredient of an antimicrobial product where such ingredient was not previously subject to such a clearance, then review of the data for such clearance of such product is not subject to a registration service fee for the tolerance action for two years from the effective date of the rule.
§ 136w–8

Any other covered application that is associated with and dependent on the HSRB review will be subject to its separate registration service fee. The decision review times for the associated actions run concurrently, but will end at the date of the latest review time.

Any other covered application that is associated with and dependent on the SAP review will be subject to its separate registration service fee. The decision review time for the associated action will be extended by the decision review time for the SAP review.

An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(7) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms of the draft accepted label as amended by the Agency; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent resubmission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant’s written or electronic confirmation of agreement to the Agency.

(4) Pending pesticide registration applications

(A) In general
An applicant that submitted a registration application to the Administrator before the effective date of the Pesticide Registration Improvement Act of 2003, but that is not required to pay a registration service fee under paragraph (2)(B), may, on a voluntary basis, pay a registration service fee in accordance with paragraph (2)(B).

(B) Voluntary fee
The Administrator may not compel payment of a registration service fee for an application described in subparagraph (A).

(C) Documentation
An application for which a voluntary registration service fee is paid under this paragraph shall be submitted with documentation certifying—
(i) payment of the registration service fee; or
(ii) a request for a waiver from or reduction of the registration service fee.

(5) Resubmission of pesticide registration applications
If a pesticide registration application is submitted by a person that paid the fee for the application under paragraph (2), is determined by the Administrator to be complete, and is not approved or is withdrawn (without a waiver or refund), the submission of the same pesticide registration application by the same person (or a licensee, assignee, or successor of the person) shall not be subject to a fee under paragraph (2).

(6) Fee adjustment

(A) In general
Effective for a covered pesticide registration application received during the period beginning on October 1, 2013, and ending on September 30, 2015, the Administrator shall increase by 5 percent the registration service fee payable for the application under paragraph (3).

(B) Additional adjustment
Effective for a covered pesticide registration application received on or after October 1, 2015, the Administrator shall increase by an additional 5 percent the registration service fee in effect as of September 30, 2015.

(C) Publication
The Administrator shall publish in the Federal Register the revised registration service fee schedules.

(7) Waivers and reductions

(A) In general
An applicant for a covered pesticide registration may request the Administrator to waive or reduce the amount of a registration service fee payable under this section under the circumstances described in subparagraphs (D) through (G).

(B) Documentation

(i) In general
A request for a waiver from or reduction of the registration service fee shall be accompanied by appropriate documentation demonstrating the basis for the waiver or reduction.

(ii) Certification
The applicant shall provide to the Administrator a written certification, signed by a responsible officer, that the documentation submitted to support the waiver or reduction request is accurate.

(iii) Inaccurate documentation
An application shall be subject to the applicable registration service fee payable under paragraph (3) if, at any time, the Administrator determines that—
(I) the documentation supporting the waiver or reduction request is not accurate; or
(II) based on the documentation or any other information, the waiver or reduction should not have been granted or should not be granted.

(C) Determination to grant or deny request
As soon as practicable, but not later than 60 days, after the date on which the Administrator receives a request for a waiver or reduction of a registration service fee under this paragraph, the Administrator shall—
(i) determine whether to grant or deny the request; and
(ii) notify the applicant of the determination.

(D) Minor uses

(i) In general
The Administrator may exempt from, or waive a portion of, the registration service

(C) Publication
The Administrator shall publish in the Federal Register the revised registration service fee schedules.
fee for an application for minor uses for a pesticide.

(ii) Supporting documentation

An applicant requesting a waiver or exemption under this subparagraph shall provide supporting documentation that demonstrates, to the satisfaction of the Administrator, that anticipated revenues from the uses that are the subject of the application would be insufficient to justify imposition of the full application fee.

(E) IR–4 exemption

The Administrator shall exempt an application from the registration service fee if the Administrator determines that—

(i) the application is solely associated with a tolerance petition submitted in connection with the Inter-Regional Project Number 4 (IR–4) as described in section 2 of Public Law 89–106 (7 U.S.C. 450i(e)); and

(ii) the exemption is in the public interest.

(F) Small businesses

(i) In general

The Administrator shall waive 50 percent of the registration service fees payable by an entity for a covered pesticide registration application under this section if the entity—

(I) is a small business (as defined in section 136a–1(i)(1)(E)(ii) of this title) at the time of application; and

(ii) has average annual global gross revenues described in section 136a–1(i)(1)(E)(ii)(I)(bb) of this title that does not exceed $10,000,000, at the time of application.

(ii) Waiver of fees

The Administrator shall waive 75 percent of the registration service fees payable by an entity under this section if the entity—

(I) is a small business (as defined in section 136a–1(i)(1)(E)(ii) of this title) at the time of application; and

(II) has average annual global gross revenues described in section 136a–1(i)(1)(E)(ii)(I)(bb) of this title that does not exceed $10,000,000, at the time of application.

(iii) Formation for waiver

The Administrator shall not grant a waiver under this subparagraph if the Administrator determines that the entity submitting the application has been formed or manipulated primarily for the purpose of qualifying for the waiver.

(iv) Documentation

An entity requesting a waiver under this subparagraph shall provide to the Administrator—

(I) documentation demonstrating that the entity is a small business (as defined in section 136a–1(i)(1)(E)(ii) of this title) at the time of application; and

(II) if the entity is requesting a waiver of 75 percent of the applicable registration service fees payable under this section, documentation demonstrating that the entity has an average annual global gross revenue described in section 136a–1(i)(1)(E)(ii)(I)(bb) of this title that does not exceed $10,000,000, at the time of application.

(G) Federal and State agency exemptions

An agency of the Federal Government or a State government shall be exempt from covered registration service fees under this section.

(8) Refunds

(A) Early withdrawals

If, during the first 60 days after the beginning of the applicable decision time review period under subsection (f)(3) of this section, a covered pesticide registration application is withdrawn by the applicant, the Administrator shall refund all but 25 percent of the total registration service fee payable under paragraph (3) for the application.

(B) Withdrawals after the first 60 days of decision review time period

(i) In general

If a covered pesticide registration application is withdrawn after the first 60 days of the applicable decision time review period, the Administrator shall determine what portion, if any, of the total registration service fee payable under paragraph (3) for the application may be refunded based on the proportion of the work completed at the time of withdrawal.

(ii) Timing

The Administrator shall—

(I) make the determination described in clause (i) not later than 90 days after the date the application is withdrawn; and

(II) provide any refund as soon as practicable after the determination.

(C) Discretionary refunds

(i) In general

In the case of a pesticide registration application that has been filed with the Administrator and has not been withdrawn by the applicant, but for which the Administrator has not yet made a final determination, the Administrator may refund a portion of a covered registration service fee if the Administrator determines that the refund is justified.

(ii) Basis

The Administrator may provide a refund for an application under this subparagraph—

(I) on the basis that, in reviewing the application, the Administrator has considered data submitted in support of another pesticide registration application; 

(II) on the basis that the Administrator completed portions of the review of the application before the effective date of this section; or

(III) on the basis that the Administrator rejected the application under subsection (f)(4)(B).

(D) Credited fees

In determining whether to grant a refund under this paragraph, the Administrator

\[^1\] So in original. The period probably should not appear.
shall take into account any portion of the registration service fees credited under paragraph (2) or (4).

(c) Pesticide Registration Fund

(1) Establishment

There is established in the Treasury of the United States a Pesticide Registration Fund to be used in carrying out this section (referred to in this section as the “Fund”), consisting of—

(A) such amounts as are deposited in the Fund under paragraph (2);
(B) any interest earned on investment of amounts in the Fund under paragraph (5); and
(C) any proceeds from the sale or redemption of investments held in the Fund.

(2) Deposits in Fund

Subject to paragraph (4), the Administrator shall deposit fees collected under this section in the Fund.

(3) Expenditures from Fund

(A) In general

Subject to subparagraphs (B) and (C) and paragraph (4), the Administrator may make expenditures from the Fund—

(i) to cover the costs associated with the review and decisionmaking pertaining to all applications for which registration service fees have been paid under this section; and
(ii) to otherwise carry out this section.

(B) Worker protection

(i) In general

For each of fiscal years 2013 through 2017, the Administrator shall use approximately 1⁄12 of the amount in the Fund (but not less than $1,000,000) to enhance scientific and regulatory activities relating to worker protection.

(ii) Partnership grants

Of the amounts in the Fund, the Administrator shall use for partnership grants, for each of fiscal years 2013 through 2017, $500,000.

(iii) Pesticide safety education program

Of the amounts in the Fund, the Administrator shall use $500,000 for each of fiscal years 2013 through 2017 to carry out the pesticide safety education program.

(4) Collections and appropriations Acts

The fees authorized by this section and amounts deposited in the Fund—

(A) shall be collected and made available for obligation only to the extent provided in advance in appropriations Acts; and
(B) shall be available without fiscal year limitation.

(5) Unused funds

(A) In general

Amounts in the Fund not currently needed to carry out this section shall be—

(i) maintained readily available or on deposit;
(ii) invested in obligations of the United States or guaranteed by the United States; or
(iii) invested in obligations, participations, or other instruments that are lawful investments for fiduciary, trust, or public funds.

(B) Use of investment income

After consultation with the Secretary of the Treasury, the Administrator may use income from investments described in clauses (ii) and (iii) of subparagraph (A) to carry out this section.

(d) Assessment of fees

(1) Definition of covered functions

In this subsection, the term “covered functions” means functions of the Office of Pesticide Programs of the Environmental Protection Agency, as identified in key programs and projects of the final operating plan for the Environmental Protection Agency submitted as part of the budget process for fiscal year 2002, regardless of any subsequent transfer of 1 or more of the functions to another office or agency or the subsequent transfer of a new function to the Office of Pesticide Programs.

(2) Minimum amount of appropriations

Registration service fees may not be assessed for a fiscal year under this section unless the amount of appropriations for salaries, contracts, and expenses for the functions (as in existence in fiscal year 2012) of the Office of Pesticide Programs of the Environmental Protection Agency for the fiscal year (excluding the amount of any fees appropriated for the fiscal year) are equal to or greater than the amount of appropriations for covered functions for fiscal year 2012 (excluding the amount of any fees appropriated for the fiscal year).

(3) Use of fees

Registration service fees authorized by this section shall be available, in the aggregate, only to defray increases in the costs associated with the review and decisionmaking for the review of pesticide registration applications and associated tolerances (including increases in the number of full-time equivalent positions in the Environmental Protection Agency engaged in those activities) over the costs for fiscal year 2002, excluding costs paid from fees appropriated for the fiscal year.

(4) Subsequent authority

If the Administrator does not assess registration service fees under subsection (b) of this section during any portion of a fiscal year as the result of paragraph (2) and is subsequently permitted to assess the fees under subsection (b) of this section during the fiscal year, the Administrator shall assess and collect the fees, without any modification in rate, at any time during the fiscal year, notwithstanding any provisions of subsection (b) of this section relating to the date fees are to be paid.

(e) Reforms to reduce decision time review periods

To the maximum extent practicable consistent with the degrees of risk presented by pes-
ticides and the type of review appropriate to evaluate risks, the Administrator shall identify and evaluate reforms to the pesticide registration process under this subchapter with the goal of reducing decision review periods in effect on the effective date of the Pesticide Registration Improvement Extension Act of 2012 for pesticide registration actions for covered pesticide registration applications (including reduced risk applications).

(f) Decision time review periods

(1) In general

Not later than 30 days after the effective date of the Pesticide Registration Improvement Extension Act of 2012, the Administrator shall make publicly available a schedule of decision review periods for covered pesticide registration actions and corresponding registration service fees under this subchapter.

(2) Report

The schedule shall be the same as the applicable schedule provided under subsection (b)(3).

(3) Applications subject to decision time review periods

The decision time review periods specified in paragraph (1) shall apply to—

(A) covered pesticide registration applications subject to registration service fees under subsection (b)(2) of this section;

(B) covered pesticide registration applications for which an applicant has voluntarily paid registration service fees under subsection (b)(4) of this section; and

(C) covered pesticide registration applications listed in the Registration Division 2003 Work Plan of the Office of Pesticide Programs of the Environmental Protection Agency.

(4) Start of decision time review period

(A) In general

Except as provided in subparagraphs (C), (D), and (E), in the case of a pesticide registration application accompanied by the registration service fee required under this section, the decision time review period begins 21 days after the date on which the Administrator receives the covered pesticide registration application and fee.

(B) Initial content and preliminary technical screenings

(i) Screenings

(I) Initial content

Not later than 21 days after receiving an application and the required registration service fee, the Administrator shall conduct an initial screening of the contents of the application in accordance with clause (ii).

(II) Preliminary technical screening

After conducting the initial content screening described in subclause (I) and in accordance with clause (iv), the Administrator shall conduct a preliminary technical screening—

(aa) not later than 45 days after the date on which the decision time review period begins (for applications with decision time review periods of not more than 180 days); and

(bb) not later than 90 days after the date on which the decision time review period begins (for applications with decision time review periods greater than 180 days).

(ii) Rejection

(I) In general

If the Administrator determines at any time before the Administrator completes the preliminary technical screening under clause (i)(II) that the application failed the initial content or preliminary technical screening and the applicant does not correct the failure before the date that is 10 business days after the applicant receives a notification of the failure, the Administrator shall reject the application.

(II) Written notification

The Administrator shall make every effort to provide a written notification of a rejection under subclause (I) during the 10-day period that begins on the date the Administrator completes the preliminary technical screening.

(iii) Requirements of initial content screening

In conducting an initial content screening of an application, the Administrator shall determine whether—

(I)(aa) the applicable registration service fee has been paid; or

(bb) at least 25 percent of the applicable registration service fee has been paid and the application contains a waiver or refund request for the outstanding amount and documentation establishing the basis for the waiver request; and

(II) the application appears to contain all the necessary forms, data, and draft labeling, formatted in accordance with guidance published by the Administrator.

(iv) Requirements of preliminary technical screening

In conducting a preliminary technical screening of an application, the Administrator shall determine if—

(I) the application and the data and information submitted with the application are accurate and complete; and

(II) the application, data, and information are consistent with the proposed labeling and any proposal for a tolerance or exemption from the requirement for a tolerance under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a), and are such that, subject to full review under the standards of this subchapter, could result in the granting of the application.

(C) Applications with waiver or reduction requests

(i) In general

In the case of an application submitted with a request for a waiver or reduction of
registration service fees under subsection (b)(7) of this section, the decision time review period shall be determined in accordance with this subparagraph.

(ii) Request granted with no additional fees required
If the Administrator grants the waiver or reduction request and no additional fee is required, the decision time review period begins on the earlier of—
(I) the date on which the Administrator grants the request; or
(II) the date that is 60 days after the date of receipt of the application.

(iii) Request granted with additional fees required
If the Administrator grants the waiver or reduction request, in whole or in part, but an additional registration service fee is required, the decision time review period begins on the date on which the Administrator receives certification of payment of the applicable registration service fee.

(iv) Request denied
If the Administrator denies the waiver or reduction request, the decision time review period begins on the date on which the Administrator receives certification of payment of the applicable registration service fee.

(D) Pending applications
(i) In general
The start of the decision time review period for applications described in clause (ii) shall be the date on which the Administrator receives certification of payment of the applicable registration service fee.

(ii) Applications
Clause (i) applies to—
(I) covered pesticide registration applications for which voluntary fees have been paid under subsection (b)(4) of this section; and
(II) covered pesticide registration applications received on or after the effective date of the Pesticide Registration Improvement Act of 2003 but submitted without the applicable registration service fee required under this section due to the inability of the Administrator to assess fees under subsection (d)(1) of this section.

(E) 2003 work plan

SUBCHAPTER II—CRITICAL AGRICULTURAL MATERIALS

§ 178. Congressional findings and declaration of policy

(a)(1) Congress recognizes that natural latex rubber is a commodity of vital importance to the economy, the defense, and the general well-being of the Nation. The United States is totally dependent upon foreign sources for its supplies of natural (Hevea) latex, which total about one million tons per year. Synthetic rubber, manufactured from petroleum feedstocks, cannot be substituted for natural rubber.

(2) Congress further recognizes that certain plant species of the genus Parthenium (Guayule), native to Texas and the Republic of Mexico, as well as other plants, are known to contain commercial quantities of extractable rubber. During World War II, through research carried out by the Secretary of Agriculture in the Emergency Rubber Project, the United States demonstrated that Parthenium latex is a promising and realistic substitute for Hevea latex.

(3) Congress further recognizes that additional research and development are needed, especially into methods for increasing latex yields, before commercialization of native Parthenium latex or other hydrocarbon-containing plants by private industry is feasible.

(4) Congress further recognizes that the development of a domestic natural rubber industry,
based on Parthenium and other hydrocarbon-containing plants, would not only relieve the Nation’s dependence upon foreign latex sources but also conveyed substantial economic benefits to people living in arid and semiarid regions of the United States. Such an industry would comprise the agricultural production of the hydrocarbon-containing plants and the development of commercial processing and manufacturing facilities to extract the latex and other products.

(5) Congress further recognizes that ongoing research into the development and commercialization of native latex has been conducted by the Department of Agriculture, the Department of Commerce, the National Science Foundation, and other public as well as private and industrial research groups, and that these research efforts should be continued and expanded.

(b) In addition, Congress recognizes that the development of a domestic industry or industries for the production and manufacture from native agricultural crops of products other than rubber which are of strategic and industrial importance but for which the Nation is now dependent upon foreign sources, would benefit the economy, the defense, and the general well-being of the Nation, and that additional research efforts in this area should be undertaken or continued and expanded.

(c) It is therefore the policy of the United States to provide for the development and demonstration of economically feasible means of cultivating and manufacturing Parthenium and other hydrocarbon-containing plants, along with other native agricultural crops, for the production of critical agricultural materials to benefit the Nation and promote economic development.

AMENDMENTS

Subsec. (a)(2) to (4). Pub. L. 98–284, § 2(2), redesignated subsecs. (b), (c), and (d) as pars. (2), (3), and (4), respectively, of subsec. (a).

AMENDMENTS OF 1999 AMENDMENT

EFFECTIVE DATE OF 1987 AMENDMENT
Amendment by Pub. L. 100–173 effective 90 days after Nov. 23, 1987, see section 12 of Pub. L. 100–173, set out as a note under section 182 of this title.

§ 193. Procedure before Secretary for violations
(a) Complaint; hearing; intervention
Whenever the Secretary has reason to believe that any packer or swine contractor has violated any provision of this subchapter, he shall cause a complaint in writing to be served upon the packer or swine contractor, stating his charges in that respect, and requiring the packer or swine contractor to attend and testify at a hearing at a time and place designated therein, at least thirty days after the service of such complaint; and at such time and place there shall be afforded the packer or swine contractor a reasonable opportunity to be informed as to the evidence introduced against him (including the right of cross-examination), and to be heard in person or by counsel and through witnesses, under such regulations as the Secretary may prescribe. Any person for good cause shown may on application be allowed by the Secretary to intervene in such proceeding, and appear in person or by counsel. At any time prior to the close of the hearing the Secretary may amend the complaint; but in case of any amendment adding new charges the hearing shall, on the request of the packer or swine contractor, be adjourned for a period not exceeding fifteen days.

(b) Report and order; penalty
If, after such hearing, the Secretary finds that the packer or swine contractor has violated or is violating any provisions of this subchapter covered by the charges, he shall make a report in writing in which he shall state his findings as to the facts, and shall issue and cause to be served on the packer or swine contractor an order requiring such packer or swine contractor to cease and desist from continuing such violation. The testimony taken at the hearing shall be reduced to writing and filed in the records of the Department of Agriculture. The Secretary may also assess a civil penalty of not more than $10,000 for each such violation. In determining the amount of the civil penalty to be assessed under this section, the Secretary shall consider the gravity of the offense, the size of the business involved, and the effect of the penalty on the person's ability to continue in business. If, after the lapse of the period allowed for appeal or after the affirmance of such penalty, the person against whom the civil penalty is assessed fails to pay such penalty, the Secretary may refer the matter to the Attorney General who may recover such penalty by an action in the appropriate district court of the United States.

(c) Amendment of report or order
Until the record in such hearing has been filed in a court of appeals of the United States, as provided in section 194 of this title, the Secretary at any time, upon such notice and in such manner as he deems proper, but only after reasonable opportunity to the packer or swine contractor to be heard, may amend or set aside the report or order, in whole or in part.

CHANGE OF NAME

TRANSFER OF FUNCTIONS
Functions of all officers, agencies, and employees of Department of Agriculture transferred, with certain exceptions, to Secretary of Agriculture by 1953 Reorg. Plan No. 2, § 1, eff. June 4, 1953, 18 F.R. 3219, 67 Stat. 633, set out as a note under section 2301 of this title.

§ 194. Conclusiveness of order; appeal and review

(a) Filing of petition; bond
An order made under section 193 of this title shall be final and conclusive unless within thirty days after service the packer or swine contractor appeals to the court of appeals for the circuit in which he has his principal place of business, by filing with the clerk of such court a written petition stating that the Secretary’s order be set aside or modified in the manner stated in the petition, together with a bond in such sum as the court may determine, conditioned that such packer or swine contractor will pay the costs of the proceedings if the court so directs.

(b) Filing of record by Secretary
The clerk of the court shall immediately cause a copy of the petition to be delivered to the Secretary, and the Secretary shall thereupon file in the court the record in such proceedings, as provided in section 2112 of title 28. If before such record is filed the Secretary amends or sets aside his report or order, in whole or in part, the petitioner may amend the petition within such time as the court may determine, on notice to the Secretary.

(c) Temporary injunction
At any time after such petition is filed, the court, on application of the Secretary, may issue a temporary injunction, restraining, to the extent it deems proper, the packer or swine contractor and his officers, directors, agents, and employees, from violating any of the provisions of the order pending the final determination of the appeal.

(d) Evidence
The evidence so taken or admitted, and filed as aforesaid as a part of the record, shall be considered by the court as the evidence in the case.

(e) Action by court
The court may affirm, modify, or set aside the order of the Secretary.

(f) Additional evidence
If the court determines that the just and proper disposition of the case requires the taking of additional evidence, the court shall order the hearing to be reopened for the taking of such evidence, in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings and his recommendations, if any, for the modifications or setting aside of his order, with the return of such additional evidence.

(g) Injunction
If the court of appeals affirms or modifies the order of the Secretary, its decree shall operate as an injunction to restrain the packer or swine contractor, and his officers, directors, agents, and employees from violating the provisions of such order or such order as modified.

(h) Finality
The court of appeals shall have jurisdiction, which upon the filing of the record with it shall be exclusive, to review, and to affirm, set aside, or modify, such orders of the Secretary, and the decree of such court shall be final except that it shall be subject to review by the Supreme Court of the United States upon certiorari, as provided in section 1254 of title 28, if such writ is duly applied for within sixty days after entry of the decree. The issue of such writ shall not operate as a stay of the decree of the court of appeals, insofar as such decree operates as an injunction unless so ordered by the Supreme Court.

CODIFICATION
Former subsec. (i), which extended the former term “circuit court of appeals”, in case the principal place of business of the packer is in the District of Columbia, to the United States Court of Appeals for the District of Columbia, for the purposes of sections 191 to 196 of this title, was omitted from the Code as obsolete. This section is intended to remedy such burden on and obstruction to commerce in livestock and protect the public interest.

(c) Effect of dishonored instruments

Payment shall not be considered to have been made if the cash seller or poultry grower receives a payment instrument which is dishonored.

Whenever in any investigation under the provisions of this subchapter, or in any investigation instituted by petition of the stockyard owner, market agency, or dealer concerned, which petition is authorized to be filed, the Secretary after full hearing finds that any rate, charge, regulation, or practice of any stockyard owner, market agency, or dealer, for or in connection with the buying or selling on a commission basis or otherwise, receiving, marketing, feeding, holding, delivery, shipment, weighing, or handling, not in commerce, of livestock, causes any undue or unreasonable advantage, prejudice, or preference as between persons or localities in intrastate commerce in livestock on the one hand and interstate or foreign commerce in livestock on the other hand, or any undue, unjust, or unreasonable discrimination against interstate or foreign commerce in livestock, which is hereby forbidden and declared to be unlawful, the Secretary shall prescribe the rate, charge, regulation, or practice thereafter to be observed, in such manner as, in his judgment, will remove such advantage, preference, or discrimination. The Secretary may also assess a civil penalty of not more than $10,000 for each such violation. In determining the amount of the civil penalty to be assessed under this section, the Secretary shall consider the gravity of the offense, the size of the business involved, and the effect of the penalty on the person’s ability to continue in business, and after the lapse of the period allowed for appeal or after the affirmance of such penalty, the person against whom the civil penalty is assessed fails to pay such penalty, the Secretary may refer the matter to the Attorney General for the recovery of such penalty.

CHANGE OF NAME

§ 216. Proceedings to enforce orders; injunction

If after hearing the court determines that the order was lawfully made and duly served and that such person is in disobedience of the same, the court shall enforce obedience to such order by a writ of injunction or other proper process, mandatory or otherwise, to restrain such person, his officers, agents, or representatives from further disobedience of such order or to enjoin upon him or them obedience to the same.

§ 228b–2. Violations by live poultry dealers

(a) Written complaint by Secretary; hearing; intervention; amended complaint

Whenever the Secretary has reason to believe that any live poultry dealer has violated or is violating any provision of section 197 of this title or section 228b–1 of this title, he shall cause a complaint in writing to be served upon the live poultry dealer, stating his charges in that respect, and requiring the live poultry dealer to attend and testify at a hearing at a time and place designated therein, at least 30 days after the service of such complaint; and at such time and place there shall be afforded the live poultry dealer a reasonable opportunity to be informed as to the evidence introduced against him (including the right of cross-examination), and to be heard in person or by counsel and through witnesses, under such regulations as the Secretary may prescribe. Any person for good cause shown may, on application, be allowed by the Secretary to intervene in such proceeding, and appear in person or by counsel. (b) Report on findings of fact by Secretary; cease and desist order; assessment of civil penalty; action by Attorney General upon live poultry dealer's failure to pay penalty

If, after such hearing, the Secretary finds that the live poultry dealer has violated, or is violating, any provisions of section 197 of this title or section 228b–1 of this title covered by the charges, he shall make a report in writing in which he shall state his findings as to the facts, and shall issue and cause to be served on the live poultry dealer an order requiring such live poultry dealer to cease and desist from continuing such violation. The testimony taken at the hearing shall be reduced to writing and filed in the records of the Department of Agriculture. The Secretary may also assess a civil penalty of not more than $20,000 for each such violation. In determining the amount of the civil penalty to be assessed under this section, the Secretary shall consider the gravity of the offense, the size of the business involved, and the effect of the penalty on the person's ability to continue in business: Provided, however, That in no event can the penalty assessed by the Secretary take priority over or impede the ability of the live poultry dealer to pay any unpaid cash seller or poultry grower. If, after the lapse of the period allowed for appeal or after the affirmance of such penalty, the person against whom the civil penalty is assessed fails to pay such penalty, the Secretary may refer the matter to the Attorney General, who may recover such penalty by an action in the appropriate District Court of the United States.

(c) Amendment or setting aside of report or order

Until the record in such hearing has been filed in a court of appeals of the United States, as provided in section 228b–3 of this title, the Secretary, at any time, upon such notice and in such manner as he deems proper, but only after reasonable opportunity to the live poultry dealer to be heard, may amend or set aside the report or order, in whole or in part.

An order made under section 228b–2 of this title shall be final and conclusive unless within 30 days after service the live poultry dealer appeals to the court of appeals for the circuit in which he has his principal place of business, by filing with the clerk of such court a written petition praying that the Secretary's order be set aside or modified in the manner stated in the petition, together with a bond in such sum as the
court may determine, conditioned that such live poultry dealer will pay the costs of the proceedings if the court so directs.

The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings and his recommendations, if any, for the modification or setting aside of his order, with the return of such additional evidence.

(g) Affirmance or modification of order as injunction

If the court of appeals affirms or modifies the order of the Secretary, its decree shall issue under the provisions of section 228b–2 of this title, or such order as modified—

1. after the expiration of the time allowed for filling a petition in the court of appeals to set aside or modify such order, if no such petition has been filed within such time;

CHAPTER 12—ASSOCIATIONS OF AGRICULTURAL PRODUCTS PRODUCERS

Sec. 291. Authorization of associations; powers.

292. Monopolizing or restraining trade and unduly enhancing prices prohibited; remedy and procedure.

§ 291. Authorization of associations; powers

Persons engaged in the production of agricultural products as farmers, planters, ranchmen, dairymen, nut or fruit growers may act together in associations, corporate or otherwise, with or without capital stock, in collectively processing, preparing for market, handling, and marketing in interstate and foreign commerce, such products of persons so engaged. Such associations may have marketing agencies in common; and such associations and their members may make the necessary contracts and agreements to effect such purposes: Provided, however, That such associations are operated for the mutual benefit of the members thereof, as such producers, and conform to one or both of the following requirements:

First. That no member of the association is allowed more than one vote because of the amount of stock or membership capital he may own therein, or;

Second. That the association does not pay dividends on stock or membership capital in excess of 8 per centum per annum. And in any case to the following:

Third. That the association shall not deal in the products of nonmembers to an amount greater in value than such as are handled by it for members.

(Feb. 18, 1922, ch. 57, § 1, 42 Stat. 386.)

§ 292. Monopolizing or restraining trade and unduly enhancing prices prohibited; remedy and procedure

If the Secretary of Agriculture shall have reason to believe that any such association monopolizes or restrains trade in interstate or foreign commerce to such an extent that the price of any agricultural product is unduly enhanced by reason thereof, he shall serve upon such association a complaint stating his charge in that respect, to which complaint shall be attached, or contained therein, a notice of hearing, specifying a day and place not less than thirty days after the service thereof, requiring the associ-
tion to show cause why an order should not be made directing it to cease and desist from monopolization or restraint of trade. An association so complained of may at the time and place so fixed show cause why such order should not be entered. The evidence given on such a hearing shall be taken under such rules and regulations as the Secretary of Agriculture may prescribe, reduced to writing, and made a part of the record therein. If upon such hearing the Secretary of Agriculture shall be of the opinion that such association monopolizes or restrains trade in interstate or foreign commerce to such an extent that the price of any agricultural product is unduly enhanced thereby, he shall issue and cause to be served upon the association an order reciting the facts found by him, directing such association to cease and desist from monopolization or restraint of trade. On the request of such association or if such association fails or neglects for thirty days to obey such order, the Secretary of Agriculture shall file in the district court in the judicial district in which such association has its principal place of business a certified copy of the order and of all the records in the proceeding, together with a petition asking that the order be enforced, and shall give notice to the Attorney General and to said association of such filing. Such district court shall thereupon have jurisdiction to enter a decree affirming, modifying, or setting aside said order, or enter such other decree as the court may deem equitable, and may make rules as to pleadings and proceedings to be had in considering such order. The place of trial may, for cause or by consent of parties, be changed as in other causes.

The facts found by the Secretary of Agriculture and recited or set forth in said order shall be prima facie evidence of such facts, but either party may adduce additional evidence. The Department of Justice shall have charge of the enforcement of such order. After the order is so filed in such district court and while pending for review therein the court may issue a temporary writ of injunction forbidding such association from violating such order or any part thereof. The court may, upon conclusion of its hearing, enforce its decree by a permanent injunction or other appropriate remedy. Service of such complaint and of all notices may be made upon such association by service upon any officer or agent thereof engaged in carrying on its business, or on any attorney authorized to appear in such proceedings for such association, and such service shall be binding upon such association, the officers, and members thereof.

(Feb. 18, 1922, ch. 57, § 2, 42 Stat. 388.)

§ 361a. Congressional declaration of purpose; definitions

It is the policy of Congress to continue the agricultural research at State agricultural experiment stations which has been encouraged and supported by the Hatch Act of 1887 [7 U.S.C. 361a et seq.], the Adams Act of 1906, the Purnell Act of 1925, the Bankhead-Jones Act of 1935, and title I, section 9, of that Act as added by the Act of August 14, 1946, and Acts amendatory and supplementary thereto, and to promote the efficiency of such research by a codification and simplification of such laws. As used in this Act [7 U.S.C. 361a et seq.], the terms “State” or “States” are defined to include the several States (including the District of Columbia), Puerto Rico, Guam and the Virgin Islands. As used in this Act [7 U.S.C. 361a et seq.], the term “State agricultural experiment station” means a department which shall have been established, under direction of the college or university or agricultural departments of the college or university in each State in accordance with an Act approved July 2, 1862, (12 Stat. 503), entitled “An Act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts” [7 U.S.C. 301 et seq.]; or such other substantially equivalent arrangements as any State shall determine.

§ 361b  TITLE 7—AGRICULTURE

Arlington Estate

Besides the provisions establishing agricultural experiment stations, contained in act Mar. 2, 1887, a portion of the Arlington estate in the State of Virginia was set apart for experimental agricultural purposes by act April 18, 1900, ch. 243, 31 Stat. 135, and provisions for establishing and maintaining a general experimental farm and agricultural station thereon were made by the subsequent agricultural appropriation acts.

Admission of Alaska and Hawaii to Statehood

§ 361b. Congressional statement of policy; researches, investigations and experiments

It is further the policy of the Congress to promote the efficient production, marketing, distribution, and utilization of products of the farm as essential to the health and welfare of our peoples and to promote a sound and prosperous agriculture and rural life as indispensable to the maintenance of maximum employment and national prosperity and security. It is also the intent of Congress to assure agriculture a position in research equal to that of industry, which will aid in maintaining an equitable balance between agriculture and other segments of our economy. It shall be the object and duty of the State agricultural experiment stations to conduct directly and contributing to the establishment and maintenance of a permanent and effective agricultural industry of the United States, including researches basic to the problems of agriculture in its broadest aspects, and such investigations as have for their purpose the development and improvement of the rural home and rural life and the maximum contribution by agriculture to the welfare of the consumer, as may be deemed advisable, having due regard to the varying conditions and needs of the respective States.

§ 361c. Authorization of appropriations and allotments of grants

(a) Authorization

There are authorized to be appropriated for the purposes of sections 361a to 361i of this title such sums as Congress may from time to time determine to be necessary.
(b) Allotments to States; authorization of appropriations for Virgin Islands and Guam; limitation

(1) Out of such sums each State shall be entitled to receive annually a sum of money equal to and subject to the same requirement as to use for marketing research projects as the sums received from Federal appropriations for State agricultural experiment stations for the fiscal year 1955, except that amounts heretofore made available from the fund known as the “Regional research fund, Office of Experiment Stations” shall continue to be available for the support of cooperative regional projects as defined in subsection (c)(3) of this section, and the said fund shall be designated “Regional research fund, State agricultural experiment stations,” and the Secretary of Agriculture shall be entitled to receive annually for the administration of sections 361a to 361i of this title, a sum not less than that available for this purpose for the fiscal year ending June 30, 1955: Provided, That if the appropriations hereunder available for distribution in any fiscal year are less than those for the fiscal year 1955 the allotment to each State and the amounts for Federal administration and the regional research fund shall be reduced in proportion to the amount of such reduction.

(2) There is authorized to be appropriated for the fiscal year ending June 30, 1975, and for each fiscal year thereafter, for payment to the Virgin Islands and Guam, $100,000 each, which sums shall be in addition to the sums appropriated for the several States of the United States and Puerto Rico under the provisions of this section. The amount paid by the Federal Government to the Virgin Islands and Guam pursuant to this paragraph shall not exceed during any fiscal year, except the fiscal years ending June 30, 1971, and June 30, 1972, when such amount may be used to pay the total cost of providing services pursuant to sections 361a to 361i of this title, the amount available and budgeted for expenditure by the Virgin Islands and Guam for the purposes of such sections.

(c) Allotment of additional sums

Any sums made available by the Congress in addition to those provided for in subsection (b) of this section for State agricultural experiment station work shall be distributed as follows:

(1) Twenty per centum shall be allotted equally to each State;

(2) Not less than 52 per centum of such sums shall be allotted to each State, as follows: One-half in an amount which bears the same ratio to the total amount to be allotted as the rural population of the State bears to the total rural population of all the States as determined by the last preceding decennial census current at the time each such additional sum is first appropriated; and one-half in an amount which bears the same ratio to the total amount to be allotted as the farm population of the State bears to the total farm population of all the States as determined by the last preceding decennial census current at the time such additional sum is first appropriated;

(3) Not less than 25 percent shall be allotted to the States for cooperative research employing multidisciplinary approaches in which a State agricultural experiment station, working with another State agricultural experiment station, the Agricultural Research Service, or a college or university, cooperates to solve problems that concern more than 1 State. The funds available under this paragraph, together with the funds available under subsection (b) of this section for a similar purpose, shall be designated as the “Multistate Research Fund, State Agricultural Experiment Stations”.

(4) Three per centum shall be available to the Secretary of Agriculture for administration of sections 361a to 361i of this title. These administrative funds may be used for transportation of scientists who are not officers or employees of the United States to research meetings convened for the purpose of assessing research opportunities or research planning.

(d) Matching funds

(1) Requirement

Except as provided in paragraph (4), no allotment shall be made to a State under subsection (b) or (c) of this section, and no payments from the allotment shall be made to a State, in excess of the amount that the State makes available out of non-Federal funds for agricultural research and for the establishment and maintenance of facilities for the performance of the research.

(2) Failure to provide matching funds

If a State fails to comply with the requirement to provide matching funds for a fiscal year under paragraph (1), the Secretary of Agriculture shall withhold from payment to the State for that fiscal year an amount equal to the difference between—

(A) the amount that would be allotted and paid to the State under subsections (b) and (c) of this section (if the full amount of matching funds were provided by the State); and

(B) the amount of matching funds actually provided by the State.

(3) Reapportionment

(A) In general

The Secretary of Agriculture shall reapportion amounts withheld under paragraph (2) for a fiscal year among the States satisfying the matching requirement for that fiscal year.

the formula funds distributed by the Secretary to each of the insular areas, respectively, and the District of Columbia under this section.

(B) Waivers

(g) Reductions and reapportionments
If in any year the amount made available by a State from its own funds (including any revenue-sharing funds) to a State agricultural experiment station is reduced because of an increase in the allotment made available under sections 361a to 361i of this title, the allotment to the State agricultural experiment station from the appropriation in the next succeeding fiscal year shall be reduced in an equivalent amount. The Secretary shall reapportion the amount of such reduction to other States for use by their agricultural experiment stations.

(i) 25 percent; or
(ii) twice the percentage for the State determined under subparagraph (A).

(C) Reduction by Secretary
The Secretary of Agriculture may reduce the minimum percentage required to be expended by a State for integrated activities under subparagraph (B) in a case of hardship, infeasibility, or other similar circumstance beyond the control of the State, as determined by the Secretary.

(D) Plan of work
The State shall include in the plan of work of the State required under section 361g of this title or section 344 of this title, as applicable, a description of the manner in which the State will meet the requirements of this paragraph.

Prior Provisions

Provisions similar to those in this section were contained in the following prior appropriation acts:

§ 427. Agriculture research; declaration of policy; duties of Secretary of Agriculture; use of existing facilities

It is declared to be the policy of the Congress to promote the efficient production and utilization of products of the soil as essential to the health and welfare of our people and to promote a sound and prosperous agriculture and rural life as indispensable to the maintenance of maximum employment and national prosperity. It is also the intent of Congress to assure agriculture a position in research equal to that of industry which will aid in maintaining an equitable balance between agriculture and other sections of our economy. For the attainment of these objectives, the Secretary of Agriculture is authorized and directed to conduct and to stimulate research into the laws and principles underlying the basic problems of agriculture in its broadest aspects, including but not limited to: research relating to the improvement of the quality of, and the development of new and improved methods of the production, marketing, distribution, processing, and utilization of plant and animal commodities at all stages from the original producer through to the ultimate consumer; research into the problems of human nutrition and the nutritive value of agricultural commodities, with particular reference to their content of vitamins, minerals, amino and fatty acids, and all other constituents that may be found necessary for the health of the consumer and to the gains or losses in nutritive value that may take place at any stage in their production, distribution, processing, and preparation for use by the consumer; research relating to the development of present, new, and extended uses and markets for agricultural commodities and byproducts as food or in commerce, manufacture, or trade, both at home and abroad, with particular reference to those foods and fibers for which our capacity to produce exceeds or may exceed existing economic demand; research to encourage the discovery, introduction, and breeding of new and useful agricultural crops, plants, and animals, both foreign and native, particularly for those crops and plants which may be adapted to utilization in chemical and manufacturing industries; research relating to new and more profitable uses for our resources of agricultural manpower, soils, plants, animals, and equipment than those to which they are now, or may hereafter be, devoted; research relating to the conservation, development, and use of land, forest, and water resources for agricultural purposes; research relating to the design, development, and the more efficient and satisfactory use of farm buildings, farm homes, farm machinery, including the application of electricity and other forms of power; research and development relating to uses of solar energy with respect to farm buildings, farm homes, and farm machinery (including equipment used to dry and cure crops and provide irrigation); applied research to develop agricultural, forestry, and rural energy conservation and biomass energy production and
use: research relating to the diversification of farm enterprises, both as to the type of commodities produced, and as to the types of operations performed, on the individual farm; research relating to any other laws and principles that may contribute to the establishment and maintenance of a permanent and effective agricultural industry including such investigations as have for their purpose the development and improvement of the rural home and rural life, and the maximum contribution by agriculture to the welfare of the consumer and the maintenance of maximum employment and national prosperity; and such other researches or experiments bearing on the agricultural industry or on rural homes of the United States as may in each case be deemed advisable, having due regard to the varying conditions and needs of Puerto Rico, the respective States, and Territories. In effectuating the purposes of this section, maximum use shall be made of existing research facilities owned or controlled by the Federal Government or by State agricultural experiment stations and of the facilities of the Federal and State extension services. Research authorized under this section shall be in addition to research provided for under existing law (but both activities shall be coordinated so far as practicable). For purposes of sections 427 to 427 of this title, the term "solar energy" means energy derived from sources (other than fossil fuels) and technologies included in the Federal Non-Nuclear Energy Research and Development Act of 1974, as amended [42 U.S.C. 5901 et seq.].

chattant, dealer, or broker without a license valid and effective at such time. Any person who violates any provision of this subsection shall be liable to a penalty of not more than $1,000 for each such offense and not more than $250 for each day it continues, which shall accrue to the United States and may be recovered in a civil suit brought by the United States.

Any person violating this provision may, upon a showing satisfactory to the Secretary of Agriculture, or his authorized representative, that such violation was not willful but was due to inadvertence, be permitted by the Secretary, or such representative, to settle his liability in the matter by the payment of the fees due for the period covered by such violation and an additional sum, not in excess of $250, to be fixed by the Secretary of Agriculture or his authorized representative. Such payment shall be deposited in the Treasury of the United States in the same manner as regular license fees.

(b) Application and fees for licenses

(1) Application for license

Any person desiring any such license shall make application to the Secretary. The Secretary may by regulation prescribe the information to be contained in such application and to be furnished thereafter.

(2) License fees

Upon the filing of an application under paragraph (1), the applicant shall pay such license fees, both individually and in the aggregate, as the Secretary determines necessary to meet the reasonably anticipated expenses for administering this chapter and the Act to prevent the destruction or dumping of farm produce, approved March 3, 1927 (7 U.S.C. 491–497). Thereafter, the licensee shall pay such license fees annually or at such longer interval as the Secretary may prescribe. The Secretary shall take due account of savings to the program when determining an appropriate interval for renewal of licenses. The Secretary shall establish and alter license fees only by rulemaking under section 553 of title 5, except that the Secretary may not alter the fees required under paragraph (3) or (4) for retailers and grocery wholesalers that are dealers. Effective on November 15, 1995, and until such time as the Secretary alters such fees by rule, an individual license fee shall equal $550 per year, plus $200 for each branch or additional business facility operated by the applicant in excess of nine such facilities, as determined by the Secretary, subject to an annual aggregate limit of $4,000 per license. Any increase in license fees prescribed by the Secretary under this paragraph shall not take effect unless the Secretary determines that, without such increase, the funds on hand as of the end of the fiscal year in which the increase takes effect will be less than 25 percent of the projected budget to administer this chapter and such Act for the next fiscal year. In no case may a license fee increase by the Secretary take effect before the end of the three-year period beginning on November 15, 1995.

(3) One-time fee for retailers and grocery wholesalers that are dealers

During the three-year period beginning on November 15, 1995, a retailer or grocery wholesaler making an initial application for a license under this section shall pay the license fee required under subparagraph (A), (B), or (C) of paragraph (4) for license renewals in the year in which the initial application is made. After the end of such period, a retailer or grocery wholesaler making an initial application for a license under this section shall pay an administrative fee equal to $100. In either case, a retailer or grocery wholesaler making an initial application under this paragraph shall not be required to pay any fee for renewal of the license for subsequent years.

(4) Gradual elimination of annual fees for retailers and grocery wholesalers that are dealers

In the case of a retailer or grocery wholesaler that holds a license under this section as of November 15, 1995, payments for the renewal of the license shall be made pursuant to the following schedule:

(A) For anniversary dates occurring during the one-year period beginning on November 15, 1995, the licensee shall pay a renewal fee in an amount equal to 100 percent of the applicable renewal fee (subject to the $4,000 aggregate limit on such payments) in effect under this subsection on the day before November 15, 1995.

(B) For anniversary dates occurring during the one-year period beginning at the end of the period in subparagraph (A), the licensee shall pay a renewal fee in an amount equal to 75 percent of the amount paid by the licensee under subparagraph (A).

(C) For anniversary dates occurring during the one-year period beginning at the end of the period in subparagraph (B), the licensee shall pay a renewal fee in an amount equal to 50 percent of the amount paid by the licensee under subparagraph (A).

(D) After the end of the three-year period beginning on November 15, 1995, the licensee shall not be required to pay any fee if the licensee seeks renewal of the license.

(5) Perishable Agricultural Commodities Act Fund

Such fee, when collected, shall be deposited in the Treasury of the United States as a special fund, without fiscal year limitation, to be designated as the “Perishable Agricultural Commodities Act Fund”, which shall be available for all expenses necessary to the administration of this chapter and the Act approved March 3, 1927, referred to above. Any reserve funds in the Perishable Agricultural Commodities Act Fund may be invested by the Secretary in insured or fully-collateralized interest-bearing accounts or, at the discretion of the Secretary, by the Secretary of the Treasury in United States Government debt instruments. Any interest earned on such reserve funds shall be credited to the Perishable Agricultural Commodities Act Fund and shall be available for the same purposes as the fees de-
posited in such fund. Financial statements prescribed by the Director of the Office of Management and Budget for the last completed fiscal year, and as estimated for the current and ensuing fiscal years, shall be included in the budget as submitted to the Congress annually.

(c) Use of trade names

A licensee may conduct business in more than one trade name or change the name under which business is conducted without requiring an additional or new license. The Secretary may disapprove the use of a trade name if, in his opinion, the use of the trade name by the licensee would be deceptive, misleading, or confusing to the trade, and the Secretary may, after notice and opportunity for a hearing, suspend for a period not to exceed ninety days the license of any licensee who continues to use a trade name which the Secretary has disapproved for use by such licensee. The Secretary may refuse to issue a license to an applicant if he finds that the trade name in which the applicant proposes to do business would be deceptive, misleading, or confusing to the trade if used by such applicant.

Plan No. 2, Section 102 of 1970 Reorg. Plan No. 2 redesignated Bureau of the Budget as Office of Management and Budget and offices of Director of Bu-
§ 499d. Issuance of license

(a) Authority to do business; termination; renewal

Whenever an applicant has paid the prescribed fee to the Secretary, except as provided elsewhere in this chapter, shall issue to such applicant a license, which shall entitle the licensee to do business as a commission merchant and/or dealer and/or broker unless and until it is suspended or revoked by the Secretary in accordance with the provisions of this chapter, or is automatically suspended under section 499g(d) of this title, but said license shall automatically terminate on the anniversary date of the license at the end of the annual or multiyear period covered by the license fee unless the licensee submits the required renewal application and pays the applicable renewal fee (if such fee is required): Provided, That notice of the necessity of renewing the license and of paying the renewal fee (if such fee is required) shall be mailed at least thirty days before the anniversary date: Provided, further, That if the renewal fee (if required) is not paid by the anniversary date the licensee may obtain a renewal of that license at any time within thirty days by paying the fee provided in section 499c(b) of this title, plus $50, which shall be deposited in the Perishable Agricultural Commodities Act fund provided for by section 499c(b) of this title: And provided further, That the license of any licensee shall terminate upon said license, or in case the licensee is a partnership, any partner, being discharged as a bankrupt, unless the Secretary finds upon examination of the circumstances of such bankruptcy, which he shall examine if requested to do so by said licensee, that such circumstances do not warrant such termination.

(b) Refusal of license; grounds

The Secretary shall refuse to issue a license to an applicant if he finds that the applicant, or any person responsibly connected with the applicant, is prohibited from employment with a licensee under section 499h(b) of this title or is a person who, or is or was responsibly connected with a person who—

(A) has had his license revoked under the provisions of section 499h of this title within two years prior to the date of the application or whose license is currently under suspension;

(B) within two years prior to the date of application has been found after notice and opportunity for hearing to have committed any flagrant or repeated violation of section 499h of this title, but this provision shall not apply to any case in which the license of the person found to have committed such violation was suspended and the suspension period has expired or is not in effect;

(C) within two years prior to the date of the application, has been found guilty in a Federal court of having violated the provisions of sections 491, 493 to 497 of this title, relating to the prevention of destruction and dumping of farm produce; or

(D) has failed, except in the case of bankruptcy and subject to his right of appeal under section 499g(c) of this title, to pay any reparation order issued against him within two years prior to the date of the application.

(c) Issuance of license upon furnishing bond; issuance after three years without bond; effect of termination of bond; increase or decrease in amount; payment of increase

An applicant ineligible for a license by reason of the provisions of subsection (b) of this section may, upon the expiration of the two-year period applicable to him, be issued a license by the Secretary if such applicant furnishes a surety bond in the form and amount satisfactory to the Secretary as assurance that his business will be conducted in accordance with this chapter and that he will pay all reparation orders which may be issued against him in connection with transactions occurring within four years following the issuance of the license, subject to his right of appeal under section 499g(c) of this title. In the event such applicant does not furnish such a surety bond, the Secretary shall not issue a license to him until three years have elapsed after the date of the applicable order of the Secretary or decision of the court on appeal. If the surety bond so furnished is terminated for any reason without the approval of the Secretary the license shall be automatically canceled as of the date of such termination and no new license shall be issued to such person during the four-year period without a new surety bond covering the remainder of such period. The Secretary, based on changes in the nature and volume of business conducted by a bonded licensee, may require an increase or authorize a reduction in the amount of the bond. A bonded licensee who is notified by the Secretary to provide a bond in an increased amount shall do so within a reasonable time to be specified by the Secretary, and upon failure of the licensee to provide such bond the Secretary shall be suspended until such bond is provided. The Secretary may not issue a license to an applicant under this subsection if the applicant or any person responsibly connected with the applicant is prohibited from employment with a licensee under section 499h(b) of this title.

(d) Withholding license pending investigation

The Secretary may withhold the issuance of a license to an applicant, for a period not to exceed thirty days pending an investigation, for the purpose of determining (a) whether the applicant is unfit to engage in the business of a commission merchant, dealer, or broker because the applicant, or in case the applicant is a partnership, any general partner, or in case the applicant is a corporation, any officer or holder of more than 10 per centum of the stock, prior to the date of the filing of the application engaged in any practice of the character prohibited by this chapter or was convicted of a felony in any State or Federal court, or (b) whether the appli-
cation contains any materially false or misleading statement or involves any misrepresentation, concealment, or withholding of facts respecting any violation of the chapter by any officer, agent, or employee of the applicant. If after investigation the Secretary believes that the applicant should be refused a license, the applicant shall be given an opportunity for hearing within sixty days from the date of the application to show cause why the license should not be refused. If after the hearing the Secretary finds that the applicant is unfit to engage in the business of a commission merchant, dealer, or broker because the applicant, or in case the applicant is a partnership, any general partner, or in case the applicant is a corporation, any officer or holder of more than 10 per centum of the stock, prior to the date of the filing of the application contains any materially false or misleading statement made by the applicant or by its representative on its behalf, or involves a misrepresentation, concealment, or withholding of facts respecting any violation of the chapter by any officer, agent, or employee, the Secretary may refuse to issue a license to the applicant.

(e) Refusal of license

The Secretary may refuse to issue a license to an applicant if he finds that the applicant, or in case the applicant is a partnership, any general partner, or in case the applicant is a corporation, any officer or holder of more than 10 per centum of the stock, has, within three years prior to the date of the application, been adjudicated or discharged as a bankrupt, or was a general partner of a partnership or officer or holder of more than 10 per centum of the stock of a corporation adjudicated or discharged as a bankrupt, and if he finds that the circumstances of such bankruptcy warrant such a refusal, unless the applicant furnishes a bond of such nature and amount as may be determined by the Secretary or other assurance satisfactory to the Secretary that the business of the applicant will be conducted in accordance with this chapter.

1990—Subsec. (c). Pub. L. 101–484, §12(c)(1), inserted “is prohibited from employment with a licensee under section 499(h(b) of this title or” after “with the applicant,” in introductory provisions.

1988—Subsec. (c). Pub. L. 100–418, §12(c)(2), inserted at end “The Secretary may not issue a license to an applicant under this subsection if the applicant or any person responsible connected with the applicant is prohibited from employment with a licensee under section 499(h(b) of this title.”

1983—Subsec. (c). Pub. L. 95–598, §303(b), inserted “and if he finds that the circumstances of such bankruptcy warrant such a refusal.”

1982—Subsec. (a). Pub. L. 87–725, §§536, 537, substituted provisions which permit a license to be issued to an applicant ineligible under subsec. (b) of this section, upon expiration of the two year period applicable to him, if he furnishes a surety bond as assurance that his business will be conducted in accordance with this chapter and that he will pay all reparation orders issued against him in connection with transactions occurring within two years following issuance of the license, subject to appeal under section 499(c) of this title, or if no bond is given, permit issuance of the license after three years from the applicable order, or decision of the court on appeal, and which provide that if a bond is terminated without the Secretary’s approval, the license is automatically canceled and cannot be re-issued during the four year period without a new bond, that the Secretary may order an increase or a reduction in the bond, and that a licensee notified to increase the bond must do so in a reasonable time or his license will be suspended until such bond is provided, for provisions which required the Secretary to refuse a license to an applicant, or if the applicant was a partnership, or an association or a corporation, to a partner or officer or any person holding a responsible position therein, respectively, found within two years of being guilty of violating sections 491 to 497 or 499n(b) of this title.
§ 499e. Liability to persons injured

(a) Amount of damages

If any commission merchant, dealer, or broker violates any provision of section 499f of this title, he shall be liable to the person or persons injured thereby for the full amount of damages (including any handling fee paid by the injured person or persons under section 499f(2) of this title) sustained in consequence of such violation.

(b) Remedies

Such liability may be enforced either (1) by complaint to the Secretary as hereinafter provided, or (2) by suit in any court of competent jurisdiction; but this section shall not in any way abridge or alter the remedies now existing at common law or by statute, and the provisions of this chapter are in addition to such remedies.

(c) Trust on commodities and sales proceeds for benefit of unpaid suppliers, sellers, or agents; preservation of trust; jurisdiction of courts

(1) It is hereby found that a burden on commerce in perishable agricultural commodities is caused by financing arrangements under which commission merchants, dealers, or brokers, who have not made payment for perishable agricultural commodities purchased, contracted to be purchased, or otherwise handled by them on behalf of another person, encumber or give lenders a security interest in, such commodities, or on inventories of food or other products derived from such commodities, and any receivables or proceeds from the sale of such commodities or products, shall be held by such commission merchant, dealer, or broker in trust for the benefit of all unpaid suppliers or sellers of such commodities or agents involved in the transaction, until full payment of the sums owing in connection with such transactions has been received by such unpaid suppliers, sellers, or agents. Payment shall not be considered to have been made if the supplier, seller, or agent receives a payment instrument which is dishonored. The provisions of this subsection shall not apply to transactions between a cooperative association, as defined in section 1141j(a) of title 12, and its members.

(2) Perishable agricultural commodities received by a commission merchant, dealer, or broker in all transactions, and all inventories of food or other products derived from perishable agricultural commodities, and any receivables or proceeds from the sale of such commodities or products, shall be held by such commission merchant, dealer, or broker in trust for the benefit of all unpaid suppliers or sellers of such commodities or agents involved in the transaction, until full payment of the sums owing in connection with such transactions has been received by such unpaid suppliers, sellers, or agents. Payment shall not be considered to have been made if the supplier, seller, or agent receives a payment instrument which is dishonored. The provisions of this subsection shall not apply to transactions between a cooperative association, as defined in section 1141j(a) of title 12, and its members.

Effective Date of 1978 Amendment

§ 499f. Complaints, written notifications, and investigations

(a) Reparation complaints

(1) Petition; process

Any person complaining of any violation of any provision of section 499b of this title by any commission merchant, dealer, or broker may, at any time within nine months after the cause of action accrues, apply to the Secretary by petition, which shall briefly state the facts, whereupon, if, in the opinion of the Secretary, the facts therein contained warrant such action, a copy of the complaint thus made shall be forwarded by the Secretary to the commission merchant, dealer, or broker, who shall be called upon to satisfy the complaint, or to answer it in writing, within a reasonable time to be prescribed by the Secretary.

(2) Filing and handling fees

A person submitting a petition to the Secretary under paragraph (1) shall include a filing fee of $60 per petition. If the Secretary determines under paragraph (1) that the facts contained in the petition warrant further action, the person or persons submitting the petition shall submit to the Secretary a handling fee of $300. The Secretary may not forward a copy of the complaint to the commission merchant, dealer, or broker involved until after the Secretary receives the required handling fee. The Secretary shall deposit fees submitted under this paragraph into the Perishable Agricultural Commodities Act Fund provided for by section 499c(b) of this title. The Secretary may alter the fees specified in this paragraph by rulemaking under section 553 of title 5.

(b) Disciplinary violations

Any officer or agency of any State or Territory having jurisdiction over commission merchants, dealers, or brokers in such State or Territory and any other interested person (other than an employee of an agency of the Department of Agriculture administering this chapter) may file, in accordance with rules prescribed by the Secretary, a written notification of any alleged violation of this chapter by any commission merchant, dealer, or broker. In addition, any official certificates of the United States Government or States or Territories of the United States and trust notices filed pursuant to section 499 of title 5 shall constitute written notification for the purposes of conducting an investigation under subsection (c) of this section. The identity of any person filing a written notification under this subsection shall be considered to be confidential information. The identity of such person, and any portion of the notification to the extent that it would indicate the identity of such person, are specifically exempt from disclosure under section 552 of title 5 (commonly known as the Freedom of Information Act), as provided in subsection (b)(3) of such section.

(c) Investigation of complaints and notifications

(1) Commencing or expanding an investigation

If there appears to be, in the opinion of the Secretary, reasonable grounds for investigating a complaint made under subsection (a) of this section or a written notification made under subsection (b) of this section, the Secretary shall investigate such complaint or notification. In the course of the investigation, if the Secretary determines that violations of this chapter are indicated other than the alleged violations specified in the complaint or notification that served as the basis for the investigation, the Secretary may expand the investigation to include such additional violations.

(2) Issuance of complaint by Secretary; process

In the opinion of the Secretary, if an investigation under this subsection substantiates the existence of violations of this chapter, the Secretary may cause a complaint to be issued. The Secretary shall have the complaint served by registered mail or certified mail or otherwise on the person concerned and afford such person an opportunity for a hearing thereon before a duly authorized examiner of the Secretary in any place in which the subject of the complaint is engaged in business. However, in complaints wherein the amount claimed as damages does not exceed $30,000, a hearing need not be held and proof in support of the complaint and in support of respondent’s answer may be supplied in the form of depositions or verified statements of fact.

(3) Special notification requirements for certain investigations

Whenever the Secretary initiates an investigation on the basis of a written notification made under subsection (b) of this section or expands such an investigation, the Secretary shall promptly notify the subject of the investigation of the existence of the investigation and the nature of the alleged violations of this chapter to be investigated. Not later than 180 days after providing the initial notification, the Secretary shall provide the subject of the investigation with notice of the status of the investigation, including whether the Sec-
deals, or brokers in such State or Territory and any
amended text generally. Prior to amendment, text read
the Secretary.''

(e) Bond required for certain complaints
In case a complaint is made by a nonresident of
the United States, or by a resident of the
United States to whom the claim of a non-
resident of the United States has been assigned,
the complainant shall be required, before any
formal action is taken on his complaint, to
furnish a bond in double the amount of the claim,
conditioned upon the payment of costs, includ-
ing a reasonable attorney’s fee for the respond-
et if the respondent shall prevail, and any re-
paration award that may be issued by the Sec-
retary of Agriculture against the complainant
on any counter claim by respondent: Provided,
That the Secretary shall have authority to
waive the furnishing of a bond by a complainant
who is a resident of a country which permits the
filing of a complaint by a resident of the United
States without the furnishing of a bond.

FILING AND HANDLING FEES DURING FISCAL YEARS 1995
AND 1996
fiscal years 1995 and 1996, directed Secretary of Agri-
culture to require filing fee of $60 for petition for peti-
tions alleging violation of section 499b of this title and
handling fee of $300 for petitions that warrant further
action, which handling fee was to be included in deter-
mining amount of damages, with both fees to be deposited into the Perishable Agricultural Commodities Act Fund, prior to repeal by Pub. L. 104-48, §8(c), Nov. 15, 1995, 109 Stat. 428. See subsec. (a)(2) of this section.

§ 499g. Reparation order

(a) Determination by Secretary of Agriculture of amount of damages; order for payment

If after a hearing on a complaint made by any person under section 499f of this title, or without hearing as provided in subsections (c) and (d) of section 499f of this title, or upon failure of the party complained against to answer a complaint duly served within the time prescribed, or to appear at a hearing after being duly notified, the Secretary determines that the commission merchant, dealer, or broker has violated any provision of section 499b of this title, he shall, unless the offender has already made reparation to the person complaining, determine the amount of damage, if any, to which such person is entitled as a result of such violation and shall make an order directing the offender to pay to such person complaining such amount on or before the date fixed in the order. The Secretary shall order any commission merchant, dealer, or broker who is the losing party to pay the prevailing party, as reparation or additional reparation, reasonable fees and expenses incurred in connection with any such hearing. If, after the respondent has filed his complaint, it appears therein that the respondent has admitted liability for a portion of the amount claimed in the complaint as damages, the Secretary under such rules and regulations as he shall prescribe, unless the respondent has already made reparation to the person complaining, may issue an order directing the respondent to pay to the complainant the undisputed amount on or before the date fixed in the order, leaving the respondent’s liability for the disputed amount for subsequent determination. The remaining disputed amount shall be determined in the same manner and under the same procedure as it would have been determined if no order had been issued by the Secretary with respect to the undisputed sum.

(b) Failure to comply with order of Secretary; suit to enforce liability; order as evidence; costs and fees

If any commission merchant, dealer, or broker does not pay the reparation award within the time specified in the Secretary’s order, the complainant, or any person for whose benefit such order was made, may within three years of the date of the order file in the district court of the United States for the district in which he resides or in which is located the principal place of business of the commission merchant, dealer, or broker, or in any State court having general jurisdiction of the parties, a petition setting forth briefly the causes for which he claims damages and the order of the Secretary in the premises. The orders, writs, and processes of the district courts may in these cases run, be served, and be returnable anywhere in the United States. Such suit in the district court shall proceed in all respects like other civil suits for damages, except that the findings and orders of the Secretary shall be prima-facie evidence of the facts therein stated, and the petitioner shall not be liable for costs in the district court, nor for costs at any subsequent state of the proceedings, unless they accrue upon his appeal. If the petitioner finally prevails, he shall be allowed a reasonable attorney’s fee, to be taxed and collected as a part of the costs of the suit.

(c) Appeal from reparation order; proceedings

Either party adversely affected by the entry of a reparation order by the Secretary may, within thirty days from and after the date of such order, appeal therefrom to the district court of the United States for the district in which said hearing was held: Provided, That in cases handled without a hearing in accordance with subsections (c) and (d) of section 499f of this title or in which a hearing has been waived by agreement of the parties, appeal shall be to the district court of the United States for the district in which the party complained against is located. Such appeal shall be perfected by the filing with the clerk of said court a notice of appeal, together with a petition in duplicate which shall recite prior proceedings before the Secretary and shall state the grounds upon which the petitioner relies to defeat the right of the adverse party to recover the damages claimed, with proof of service thereof upon the adverse party. Such appeal shall not be effective unless within thirty days from and after the date of the reparation order the appellant also files with the clerk a bond in double the amount of the reparation awarded against the appellant conditioned upon the payment of the judgment entered by the court, plus interest and costs, including a reasonable attorney’s fee for the appellee, if the appellee shall prevail. Such bond shall be in the form of cash, negotiable securities having a market value at least equivalent to the amount of bond prescribed, or the undertaking of a surety company on the approved list of sureties issued by the Treasury Department of the United States. The clerk of court shall immediately forward a copy thereof to the Secretary of Agriculture, who shall forthwith prepare, certify, and file in said court a true copy of the Secretary’s decision, findings of fact, conclusions, and order in said case, together with copies of the pleadings upon which the case was heard and submitted to the Secretary. Such suit in the district court shall be a trial de novo and shall proceed in all respects like other civil suits for damages, except that the findings of fact and order or orders of the Secretary shall be prima-facie evidence of the facts therein stated. Appellee shall not be liable for costs in said court and if appellee prevails he shall be allowed a reasonable attorney’s fee to be taxed and collected as a part of his costs. Such petition and pleadings certified by the Secretary upon which decision was made by him shall upon filing in the district court constitute the pleadings upon which said trial de novo shall proceed subject to any amendment allowed in that court.

(d) Suspension of license for failure to obey reparation order or appeal

Unless the licensee against whom a reparation order has been issued shows to the satisfaction of the Secretary within five days from the expiration of the period allowed for compliance with
such order that he has either taken an appeal as herein authorized or has made payment in full as required by such order his license shall be suspended automatically at the expiration of such five-day period until he shows to the satisfaction of the Secretary that he has paid the amount therein specified with interest thereon to date of payment: Provided, That if on appeal the appeellee prevails or if the appeal is dismissed the automatic suspension of license shall become effective at the expiration of thirty days from the date of the judgment on the appeal, but if the judgment is stayed by a court of competent jurisdiction the suspension shall become effective ten days after the expiration of such stay, unless prior thereto the judgment of the court has been satisfied. § 499h. Grounds for suspension or revocation of license

(a) Authority of Secretary

Whenever (1) the Secretary determines, as provided in section 499f of this title, that any commission merchant, dealer, or broker has violated any of the provisions of section 499b of this title, or (2) any commission merchant, dealer, or broker has been found guilty in a Federal court of having violated section 499n(b) of this title, the Secretary may publish the facts and circumstances of such violation and, by order, suspend the license of such offender for a period not to exceed ninety days, except that, if the violation is flagrant or repeated, the Secretary may, by order, revoke the license of the offender.

(b) Unlawful employment of certain persons; restrictions; bond assuring compliance; approval of employment without bond; change in amount of bond; payment of increased amount; penalties

Except with the approval of the Secretary, no licensee shall employ any person, or any person who is or has been responsibly connected with any person—

(1) whose license has been revoked or is currently suspended by order of the Secretary;

(2) who has been found after notice and opportunity for hearing to have committed any flagrant or repeated violation of section 499b of this title, but this provision shall not apply to any case in which the license of the person found to have committed such violation was suspended and the suspension period has expired or is not in effect; or

(3) against whom there is an unpaid reparation award issued within two years, subject to his right of appeal under section 499g(c) of this title.

The Secretary may approve such employment at any time following nonpayment of a reparation award, or after one year following the revocation of the suspension, or finding of flagrant or repeated violation of section 499b of this title, if the licensee furnishes and maintains a surety bond in form and amount satisfactory to the Secretary as assurance that such licensee’s business will be conducted in accordance with this chapter and that the licensee will pay all reparation awards subject to its right of appeal under section 499g(c) of this title, which may be issued against it in connection with transactions occurring within four years following the approval. The Secretary may approve employment without a surety bond after the expiration of two years from the effective date of the applicable disciplinary order. The Secretary, based on changes in the nature and volume of business conducted by the licensee, may require an increase or authorize a
reduction in the amount of the bond. A licensee who is notified by the Secretary to provide a bond in an increased amount shall do so within a reasonable time to be specified by the Secretary, and if the licensee fails to do so the approval of employment shall automatically terminate. The Secretary may, after thirty days' notice and an opportunity for a hearing, revoke the license of any licensee who, after the date given in such notice, continues to employ any person in violation of this section. The Secretary may extend the period of employment sanction as to a responsibly connected person for an additional one-year period upon the determination that the person has been unlawfully employed as provided in this subsection.

(c) Fraud in procurement

If, after a license shall have been issued to an applicant, the Secretary believes that the license was obtained through a false or misleading statement in the application therefor or through a misrepresentation, concealment, or withholding of facts respecting any violation of this chapter by any officer, agent, or employee, he may, after thirty days' notice and an opportunity for a hearing, revoke said license, whereupon new license shall be issued to said applicant or any applicant in which the person responsible for such false or misleading statement or misrepresentation, concealment, or withholding of facts is financially interested, except under the conditions set forth in section 499d(b) of this title.

(d) Injunction

In addition to being subject to the penalties provided by section 499c(a) of this title, any commission merchant, dealer, or broker who engages in or operates such business without a valid and effective license from the Secretary shall be liable to be proceeded against in any court of competent jurisdiction in a suit by the United States for an injunction to restrain such defendant from further continuing so to engage in or to operate such business, and, if the court shall find that the defendant is continuing to engage in such business without a valid and effective license, the court shall issue an injunction to restrain such defendant from continuing to engage in or to operate such business without such license.

(e) Alternative civil penalties

In lieu of suspending or revoking a license under this section when the Secretary determines, as provided by section 499f of this title, that a commission merchant, dealer, or broker has violated section 499b of this title or subsection (b) of this section, the Secretary may assess a civil penalty not to exceed $2,000 for each violative transaction or each day the violation continues. In assessing the amount of a penalty under this subsection, the Secretary shall give due consideration to the size of the business, the number of employees, and the seriousness, nature, and amount of the violation. Amounts collected under this subsection shall be deposited in the Treasury of the United States as miscellaneous receipts.

CHAPTER 21A—TOBACCO INSPECTION

Sec. 511. Definitions.

511a. Declaration of purpose.

511b. Official standards for classification; tentative standards; modification.
§ 511. Definitions

When used in this chapter—

(a) "Person" includes partnerships, associations, and corporations, as well as individuals.

(b) "Secretary" means the Secretary of Agriculture of the United States.

(c) "Inspector" means any person employed, licensed, or authorized by the Secretary to determine and certify the type, grade, condition, or other characteristics of tobacco.

(d) "Sampler" means any person employed, licensed, or authorized by the Secretary to select, tag, and seal official samples of tobacco.

(e) "Weigher" means any person employed, licensed, or authorized by the Secretary to weigh and certify the weight of tobacco.

(f) "Tobacco" means tobacco in its unmanufactured form.

(g) "Auction market" means a market or place to which tobacco is delivered by the producers thereof, or their agents, for sale at auction through a warehouseman or commission merchant.

(h) Words in the singular form shall be deemed to import the plural form when necessary.

(i) "Commerce" means commerce between any State, Territory, or possession, or the District of Columbia, and any place outside thereof; or between points within the same State, Territory, or possession, or the District of Columbia, but through any place outside thereof; or within any Territory or possession, or the District of Columbia. For the purposes of this chapter (but not in any wise limiting the foregoing definition) a transaction in respect to tobacco shall be considered to be in commerce if such tobacco is part of that current of commerce usual in the tobacco industry whereby tobacco or products manufactured therefrom are sent from one State with the expectation that they will end their transit, after purchase, in another, including, in addition to cases within the above general description, all cases where purchase or sale is either for shipment to another State or for manufacture within the State and the shipment outside the State of the products resulting from such manufacture. Tobacco normally in such current of commerce shall not be considered out of such current through resort being had to any means or device intended to remove transactions in respect thereto from the provisions of this chapter. For the purpose of this paragraph the word "State" includes Territory, the District of Columbia, possession of the United States, and foreign nations.

(Aug. 23, 1935, ch. 623, § 1, 49 Stat. 731.)

§ 511a. Declaration of purpose

Transactions in tobacco involving the sale thereof at auction as commonly conducted at auction markets are affected with a public interest; such transactions are carried on by tobacco producers generally and by persons engaged in the business of buying and selling tobacco in commerce; the classification of tobacco according to type, grade, and other characteristics affect the prices received therefor by producers; without uniform standards of classification and inspection the evaluation of tobacco is susceptible to speculation, manipulation, and control, and unreasonable fluctuations in prices and quality determinations occur which are detrimental to producers and persons handling tobacco in commerce; such fluctuations constitute a burden upon commerce and make the use of uniform standards of classification and inspection imperative for the protection of producers and others engaged in commerce and the public interest therein.

§ 511b. Official standards for classification; tentative standards; modification

The Secretary is authorized to investigate the sorting, handling, conditioning, inspection, and marketing of tobacco from time to time, and to establish standards for tobacco by which its type, grade, size, condition, or other characteristics may be determined, which standards shall be the official standards of the United States, and shall become effective immediately or upon a date specified by the Secretary: Provided, That the Secretary may issue tentative standards for tobacco prior to the establishment of official standards therefor, and he may modify any standards established under authority of this chapter whenever, in his judgment, such action is advisable.

§ 511c. Demonstration of official standards; samples; cost

The Secretary is authorized to demonstrate the official standards; to prepare and distribute, upon request, samples, illustrations, or sets thereof; and to make reasonable charges therefor: Provided, That in no event shall charges be in excess of the cost of said samples, illustrations, and services so rendered.

§ 511d. Designation of markets; manner; inspection and related services; fees and charges

The Secretary is authorized to designate those auction markets where tobacco bought and sold
thereon at auction, or the products customarily manufactured therefrom, moves in commerce. Before any market is designated by the Secretary under this section he shall determine by referendum the desire of tobacco growers who sold tobacco at auction on such market during the preceding marketing season. The Secretary may at his discretion hold one referendum for two or more markets or for all markets in a type area. No market or group of markets shall be designated by the Secretary unless two-thirds of the growers voting favor it. The Secretary shall have access to the tobacco records of the Collector of Internal Revenue and of the several collectors of internal revenue for the purpose of obtaining the names and addresses of growers who sold tobacco on any auction market, and the Secretary shall determine from said records the eligibility of such grower to vote in such referendum, and no grower shall be eligible to vote in more than one referendum. After public notice of not less than thirty days that any auction market has been so designated by the Secretary no tobacco shall be offered for sale at such auction on such market until it shall have been inspected and certified by an authorized representative of the Secretary according to the standards established under this chapter, except that the Secretary may temporarily suspend the requirement of inspection and certification at any designated market whenever he finds it impracticable to provide for such inspection and certification because competent inspectors are not obtainable or because the quantity of tobacco available for inspection is insufficient to justify the cost of such service: Provided, That, in the event competent inspectors are not available, or for other reasons, the Secretary is unable to provide for such inspection and certification at all auction markets within a type area, he shall first designate those auction markets where the greatest number of growers may be served with the facilities available to him. The Secretary shall by regulation fix and collect fees and charges for inspection and certification, the establishment of standards, and other services under this section at designated auction markets. The fees and charges authorized in this section shall, as nearly as practicable, cover the costs of the services, including the administrative and supervisory costs customarily included by the Secretary in user fee calculations. The fees and charges, late payment penalties, and interest earned from the investment of such funds, when collected, shall be credited to the current appropriation account that incurs the cost and shall be available without fiscal year limitation to pay the expenses of the Secretary incident to providing services under this chapter. Any funds realized from the collection of fees or charges authorized under this section and section 511e of this title and credited to the current appropriation account incurring the cost of services provided under this section and section 511e of this title, late payment penalties, and interest earned from the investment of such funds may be invested by the Secretary in insured or fully collateralized, interest-bearing accounts or, at the discretion of the Secretary, by the Secretary of the Treasury in United States Government debt instruments. Any income realized from this activity may be used to pay the expenses of the Secretary of Agriculture incident to providing services under this chapter or reinvested in the manner authorized in the preceding sentence. The fees and charges authorized in this section shall be assessed against the warehouse operator, irrespective of ownership or interest in the tobacco, and shall be collected by the warehouse operator from the sellers of the tobacco. The inspection and related services under this section shall be suspended or denied if the warehouse operator fails to collect or otherwise pay the fees and charges imposed under this section. Tobacco inspection or certification services provided to designated auction markets shall take precedence over such services, other than reinspection, requested under the authority contained in section 511e of this title or any other provision of law. In accordance with the Federal Advisory Committee Act, the Secretary shall establish a national advisory committee of tobacco producers, and advisory subcommittees for each major kind of tobacco, to advise the Secretary with regard to the level of inspection and related services and the fees and charges therefor. The advisory committee and subcommittees established under this section shall be of permanent duration. The committees shall meet at the call of the Secretary.

AMENDMENTS
1986—Pub. L. 99–272 inserted “late payment penalties, and interest earned from the investment of such funds,” in ninth sentence, substituted “The fees and charges authorized in this section shall be assessed” for “Such fees and charges shall be assessed”, and inserted provision relating to the investment of any funds realized from collection of fees or charges in insured or fully collateralized, interest-bearing accounts or in United States Government debt instruments, the income therefrom to be used to pay expenses incident to providing services under this chapter or reinvested.

Offices of Internal Revenue Collector and Deputy Collector abolished by 1962 Reorg. Plan No. 1, § 1, eff. The Secretary shall fix and collect such fees or charges in the administration of this section as will cover, as nearly as practicable, the costs of the services provided, including administrative and supervisory costs. Such fees and charges shall be credited to the account referred to in section 511d of this title. Fees or charges collected under an agreement with a State, municipality, or person, or by an individual licensed to inspect or weigh or sample tobacco under this chapter, may be disposed of in accordance with the terms of such agreement or license. Charges for expenses for travel and subsistence incurred by inspectors or weighers or samplers employed by the Secretary when required to be paid by the applicant for service, may be credited to the appropriation, or any other funds authorized in this chapter from which they were paid.

This section is intended merely to provide for the furnishing of services upon request of the owner or other person financially interested in tobacco to be sampled, inspected, or weighed and shall not be construed otherwise.
