The President is authorized, acting through the Commodity Credit Corporation, to make available or cause to be made available, notwithstanding the provisions of any other law, such quantities of wheat and wheat-flour and at such prices as are necessary to exercise the rights, obtain the benefits, and fulfill the obligations of the United States under the International Wheat Agreement of 1949 signed by Australia, Canada, France, the United States, Uruguay, and certain wheat importing countries, along with the agreements signed by the United States and certain other countries revising and renewing such agreement of 1949 for periods through July 31, 1965 (hereinafter collectively called the "International Wheat Agreement"). Nothing in this chapter shall be construed to preclude the Secretary of Agriculture, in carrying out programs to encourage the exportation of agricultural commodities and products thereof pursuant to section 612c of this title, from utilizing funds available for such programs in such manner as, either separately or jointly with the Commodity Credit Corporation, to exercise the rights, obtain the benefits, and fulfill all or any part of the obligations of the United States under the International Wheat Agreement or to preclude the Commodity Credit Corporation in otherwise carrying out wheat and wheat-flour export programs as authorized by law. Nothing contained in this chapter shall limit the duty of the Commodity Credit Corporation to the maximum extent practicable consistent with the fulfillment of the Corporation’s purposes and the effective and efficient conduct of its business to utilize the usual and customary channels, facilities, and arrangements of trade and commerce in making available or causing to be made available wheat and wheat-flour under this chapter. The pricing provisions of section 1510(e) of title 22 and section 713a–9 of title 15, shall not be applicable to domestic wheat and wheat-flour supplied to countries which are parties to the International Wheat Agreement and credited to their guaranteed purchases thereunder on and after August 1, 1949, and up to and including June 30, 1950. Where prices in excess of the International Wheat Agreement prices have been paid for such wheat and wheat-flour financed by the Economic Cooperation Administration on or after August 1, 1949, and up to and including June 30, 1950, the Secretary of Agriculture or Commodity Credit Corporation is authorized to reimburse the Economic Cooperation Administration for such excess amounts. Funds realized from such reimbursement shall revert to the respective appropriation or appropriations from which funds were expended for the procurement of such wheat and wheat-flour. There are authorized to be appropriated such sums as may be necessary to make payments to the Commodity Credit Corporation of its estimated or actual net costs of carrying out its functions hereunder. Such net costs in connection with the International Wheat Agreement, 1959, shall include those with respect to all transactions which qualify as commercial purchases (as defined in such agreement) from the United States by importing member countries. Such net costs in connection with the International Wheat Agreement, 1962, shall include those with respect to all transactions which qualify as commercial purchases (as defined in such agreement) from the United States by member and provisional member importing countries, including transactions entered into prior to or to the deposit of instruments of acceptance or accession by any of the countries involved, if the loading period is not earlier than the date the agreement enters into force. The Commodity Credit Corporation is authorized in carrying out its functions under this chapter to utilize, in advance of such appropriations or payments, any assets available to it.

§ 1691a. Food aid to developing countries

(a) Policy

In light of the Uruguay Round Agreement on Agriculture and the Ministerial Decision on Measures Concerning the Possible Negative Effects of the Reform Program on Least-Developed and Net-Food Importing Developing Countries, the United States reaffirms the commitment of the United States to providing food aid to developing countries.

(b) Sense of Congress

It is the sense of Congress that—

(1) in negotiations at the Food Aid Convention, the World Trade Organization, the United Nations Food and Agriculture Organization, and other appropriate venues, the President shall—

(A) seek commitments of higher levels of food aid by donors in order to meet the legitimate needs of developing countries;

(B) ensure, to the maximum extent practicable, that humanitarian nongovernmental organizations, recipient country governments, charitable bodies, and international organizations shall continue—

(i) to be eligible to receive resources based on assessments of need conducted by those organizations and entities; and

(ii) to implement food aid programs in agreements with donor countries; and

(C) ensure, to the maximum extent practicable, that options for providing food aid for emergency and nonemergency needs shall not be subject to limitation, including in-kind commodities, provision of funds for agricultural commodity procurement, and monetization of commodities, on the condition that the provision of those commodities or funds

(i) is based on assessments of need and intended to benefit the food security of, or otherwise assist, recipients, and

(ii) is provided in a manner that avoids disincentives to local agricultural production and marketing and with minimal potential for disruption of commercial markets; and

AMENDMENTS

“(1) increase the contributions of food aid by the United States, and encourage other donor countries to increase their contributions toward meeting new food aid requirements; and

“(2) encourage other advanced nations to make increased food aid contributions to combat world hunger and malnutrition, particularly through the expansion of international food and agricultural assistance programs.”

1990—Pub. L. 101–624 amended section generally, substituting present provisions for provisions urging President to maintain United States food assistance and encourage other countries to increase their contributions, in order to meet annual goal of World Food Conference of providing 10,000,000 tons of food assistance annually for needy nations.

“Because uncertainty in connection with Public Law 480 transactions tend to depress market prices, it is the sense of Congress that, in carrying out this Aid to India program, the Administration should, subject to the requirement of section 401 of Public Law 480 [section 1751 of this title] with respect to the availability of the commodity at the time of exportation, make announcements of intention, purchases and shipments of commodities on schedules and under circumstances which will protect and strengthen farm market prices to the maximum extent possible.

“The Congress endorses the President’s policy of equal participation on the part of the United States with all other nations, under terms and conditions set forth in Public Law 480, as amended [this chapter], in assisting the Government of India to meet these needs.

“Further, the Congress recommends, on the basis of estimates now available, that the United States provide an additional amount of food grain not to exceed three million tons at an estimated cost of $190,000,000 as the United States share toward meeting the India food deficit, provided it is appropriately matched, and specifically extends its support to the allocation of approximately $190,000,000 of funds available to the Commodity Credit Corporation in calendar year 1967 which will be required to accomplish this purpose.

“The Congress further recommends that the President provide an additional $25,000,000 of emergency food relief for distribution by CARE and other American voluntary agencies.”

(2) the United States continues to respond to these needs, as a reflection of its humanitarian concern for the people of the Third World, with emergency food and other necessary assistance to alleviate the suffering of those affected by severe food shortages;

(3) the timely provision of food and other necessary assistance to those in need is of paramount importance if the worst effects of such food crises are to be mitigated; and

(4) the ability of the United States to provide food and other necessary assistance on a timely basis, and to ensure that such assistance is distributed to those in need, should be enhanced in order to better enable the United States to help those affected by severe food shortages.

§ 1728a. President’s Emergency Food Assistance Fund

(a) Establishment; authority of President to furnish assistance from Fund

There is hereby established the President’s Emergency Food Assistance Fund (hereafter in this subchapter referred to as the “Fund”). Such assistance may be provided through such governments or other entities, private or public, including intergovernmental and multilateral organizations, as the President deems appropriate.

(b) Types of assistance authorized

Because the effects of severe food shortages will vary with the country or region, assistance to alleviate human suffering may include the provision of food assistance or such activities as the provision of seed, animal fodder, animal vaccines, and transportation (including inland transportation) and distribution services.

Pub. L. 95–88 designated existing provisions as subsec. (a).
1966—Pub. L. 89–808 substituted provisions relating to determination and criteria for such determination by the Secretary of Agriculture of agricultural commodities available for disposition for former statement of purpose of provisions relating to long-term supply contracts, now covered by subchapter II of this chapter.

§ 1736e. Debt forgiveness

(a) Authority

The President, taking into account the financial resources of a country, may waive payments of principal and interest that such country would otherwise be required to make to the Commodity Credit Corporation under dollar sales agreements under subchapter II of this chapter if—

(1) that country is a least developed country; and

(2) either—

(A) an International Monetary Fund standby agreement is in effect with respect to that country;

(B) a structural adjustment program of the International Bank for Reconstruction and Development or of the International Development Association is in effect with respect to that country;

(C) a structural adjustment facility, enhanced structural adjustment facility, or similar supervised arrangement with the International Monetary Fund is in effect with respect to that country; or

(D) even though such an agreement, program, facility, or arrangement is not in effect, the country is pursuing national economic policy reforms that would promote democratic, market-oriented, and long term economic development.

(b) Request for debt relief by President

The President may provide debt relief under subsection (a) of this section only if a notification is submitted to Congress at least 10 days prior to providing the debt relief. Such a notification shall—

(1) specify the amount of official debt the President proposes to liquidate; and

(2) identify the countries for which debt relief is proposed and the basis for their eligibility for such relief.

(e) Appropriations action required

The aggregate amount of principal and interest waived under this section may not exceed the amount approved for such purpose in an Act appropriating funds to carry out this chapter.

(d) Limitation on new credit assistance

If the authority of this section is used to waive payments otherwise required to be made by a country pursuant to this chapter, the President may not provide any new credit assistance for that country under this chapter during the 2-year period beginning on the date such waiver authority is exercised, unless the President provides to the Congress, before the assistance is provided, a written justification for the provisio
31, 1971. Since that time, until the law was changed in the 1985 farm bill (probably means Pub. L. 99–198, see Tables for classification), all sales have been on dollar credit terms. In view of the present financial situation, it is impossible for many countries to repay their loans in dollars. Therefore, the President may use the authority in section 411 and section 604 of the Food for Peace Act (7 U.S.C. 1736e, 1736c) to renegotiate the payment on Public Law 480 debt in eligible countries in Latin America, the Caribbean and sub-Saharan Africa.''

§ 1736f. Authorization of appropriations

(a) Authorization of appropriations

There are authorized to be appropriated—

(1) for fiscal year 2008 and each fiscal year thereafter, $2,500,000,000 to carry out the emergency and nonemergency food assistance programs under subchapter III; and

(2) such sums as are necessary—

(A) to carry out the concessional credit sales program established under subchapter II;

(B) to carry out the grant program established under subchapter III–A; and

(C) to make payments to the Commodity Credit Corporation to the extent the Commodity Credit Corporation is not reimbursed under the programs under this chapter for the actual costs incurred or to be incurred by the Commodity Credit Corporation in carrying out such programs.

(b) Transfer of funds

(1) In general

Except as provided in paragraph (2) and notwithstanding any other provision of law, the President may direct that up to 50 percent of the funds available for any fiscal year for carrying out any subchapter of this chapter be used to carry out any other subchapter of this chapter.

(2) Subchapter III–A funds

The President may direct that up to 50 percent of the funds available for any fiscal year for carrying out subchapter III–A of this chapter be used to carry out subchapter III of this chapter.

(c) Budget

In presenting the Budget of the United States, the President shall classify expenditures under this chapter as expenditures for international trade, with costs to be shared equitably among nations, and with safeguards against price disruptions.

(d) Value of commodities

Notwithstanding any other provision of law, in determining the reimbursement due the Commodity Credit Corporation for all expenses incurred under this chapter, commodities from the inventory of the Commodity Credit Corporation that were acquired under dairy price support operations shall be valued at a price not greater than the export market price for such commodities, as determined by the Secretary, as of the time such commodity is made available under this chapter.

(e) Minimum level of nonemergency food assistance

(1) Funds and commodities

Of the amounts made available to carry out emergency and nonemergency food assistance programs under subchapter III, not less than $375,000,000 for fiscal year 2009, $400,000,000 for fiscal year 2010, $425,000,000 for fiscal year 2011, and $450,000,000 for fiscal year 2012 shall be expended for nonemergency food assistance programs under subchapter III.

(2) Exception

The President may use less than the amount specified in paragraph (1) in a fiscal year for nonemergency food assistance programs under subchapter III only if—

(A) the President has made a determination that there is an urgent need for additional emergency food assistance;

(B) the funds and commodities held in the Bill Emerson Humanitarian Trust have been exhausted; and

(C) the President has submitted to Congress a supplemental appropriations request for a sum equal to the amount needed to reach the required spending level for nonemergency food assistance under paragraph (1) and the amount exhausted under paragraph (2)(B).

(3) Notification to Congress

If the President makes the determination described in paragraph (2)(A), the President shall submit to Congress written notification that the determination has been made.

(ii) as a result of an exchange of any commodity held in the trust for an equivalent amount of funds from the market, if the Secretary determines that such a sale of the commodity on the market will not unduly disrupt domestic markets; or

(iii) to maximize the value of the trust, in accordance with subsection (d)(3).

(2) Replenishment of trust

(A) In general

Subject to subsection (h) of this section, commodities of equivalent value to eligible commodities in the trust established under this section may be acquired—

3. cooperate fully in all efforts to negotiate with foreign countries further reductions in tariff and nontariff barriers to trade, including

CODIFICATION

AMENDMENTS

1996—Pub. L. 104–127 struck out subsec. (a) which stated congressional findings regarding United States agricultural export policy, struck out subsec. designation “(b)”, and substituted pars. (1) to (4) which read as follows:
“(1) provide through all means possible agricultural commodities and their products for export at competitive prices, with full assurance of quality and reliability of supply;
“(2) support the principle of fair trade in agricultural commodities and their products;
“(3) cooperate fully in all efforts to negotiate with foreign countries reductions in current barriers to fair trade;
“(4) encourage unfair foreign trade practices using all available means, including export substitution, export bonus programs, and, if necessary, restrictions on United States imports of foreign agricultural commodities and their products, as a means to encourage fairer trade.”

§ 1736r. Trade negotiations policy

(a) Findings

Congress finds that—
(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;
(2) exports of United States agricultural products accounted for $54,000,000,000 in 1995, contributing a net $24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;
(3) increased agricultural imports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;
(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;
(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—
(A) restraining foreign trade-distorting domestic support and export subsidy programs; and
(B) developing common rules for the application of sanitary and phytosanitary restrictions;
that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;
(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—
(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and
(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use nontransparent and discriminatory pricing as a hidden de facto export subsidy;
(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and
(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

(b) Goals of the United States in agricultural trade negotiations

The objectives of the United States with respect to future negotiations on agricultural trade include—
(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;
(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;
(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at prices below domestic market prices or prices below their full costs of acquiring and delivering agricultural products to the foreign markets; and
(4) encouraging government policies that avoid price-depressing surpluses.

CODIFICATION

Section was enacted as part of the Food Security Act of 1985, and not as part of the Food for Peace Act which comprises this chapter.
AMENDMENTS

1996—Pub. L. 104–127 amended section generally, substituting present provisions for provisions relating to initiation and pursuit of agricultural trade consultations among major agricultural producing countries, providing for sense of Congress concerning objectives of such consultations, and requiring annual reports by Secretary of Agriculture on progress of such consultations.

AGRICULTURAL TRADE NEGOTIATING OBJECTIVES AND CONSULTATIONS WITH CONGRESS

Pub. L. 106–200, title IV, § 409, May 18, 2000, 114 Stat. 295, provided that:

(a) FINDINGS.—Congress finds that—

(1) United States agriculture contributes positively to the United States balance of trade and United States agricultural exports support in excess of 1,000,000 United States jobs; and

(2) United States agriculture competes successfully worldwide despite the fact that significant tariff and nontariff barriers exist to United States exports; and

(3) a successful conclusion of the current World Trade Organization agricultural negotiations is critically important to the United States agricultural sector.

(b) OBJECTIVES.—The agricultural trade negotiating objectives of the United States with respect to the current World Trade Organization agricultural negotiations include as matters of the highest priority—

(1) the expeditious elimination of all export subsidies worldwide while maintaining bona fide food aid and preserving United States market development and export credit programs that allow the United States to compete with other foreign export promotion efforts; and

(2) leveling the playing field for United States producers of agricultural products by eliminating blue box subsidies and disciplining domestic supports in a way that forces producers to face world prices on all production in excess of domestic food security needs while allowing the preservation of nontrade distorting programs to support family farms and rural communities;

(3) the elimination of state trading enterprises or the adoption of rigorous disciplines that ensure operational transparency, competition, and the end of discriminatory pricing practices, including policies supporting cross-subsidization and price undercutting in export markets;

(4) affirming that the World Trade Organization Agreement on the Application of Sanitary and Phytosanitary Measures applies to new technologies, including biotechnology, and that labeling requirements to allow consumers to make choices regarding biotechnology products or other regulatory requirements may not be used as disguised barriers to trade;

(5) increasing opportunities for United States exports of agricultural products by reducing tariffs to the same levels that exist in the United States or to lower levels and by eliminating all nontariff barriers, including—

(A) restrictive or trade distorting practices, including those that adversely impact perishable or cyclical products;

(B) restrictive rules in the administration of tariff-rate quotas; and

(C) other barriers to agriculture trade, including unjustified restrictions or commercial requirements affecting new technologies, including biotechnology;

(6) eliminating government policies that create price-depressing surpluses; and

(7) strengthening dispute settlement procedures to ensure prompt compliance by foreign governments with their World Trade Organization obligations including commitments not to maintain unjustified restrictions on United States exports.

(c) CONSULTATION WITH CONGRESSIONAL COMMITTEES.—

(1) CONSULTATION BEFORE OFFER MADE.—In developing and before submitting an initial or revised negotiating proposal that would reduce United States tariffs on agricultural products or require a change in United States agricultural law, the United States Trade Representative shall consult with the Committee on Agriculture, Nutrition, and Forestry and the Committee on Finance of the Senate and the Committee on Agriculture and the Committee on Ways and Means of the House of Representatives.

(2) CONSULTATION WITH CONGRESSIONAL TRADE ADVISERS.—Prior to and during the course of current negotiations on agricultural trade, the United States Trade Representative shall consult closely with the congressional trade advisers.

(3) CONSULTATION BEFORE AGREEMENT INITIATED.—Not less than 48 hours before initiating an agreement reached as part of current World Trade Organization agricultural negotiations, the United States Trade Representative shall consult closely with the committees referred to in paragraph (1) regarding—

(A) the details of the agreement;

(B) the potential impact of the agreement on United States agricultural producers; and

(C) any changes in United States law necessary to implement the agreement.

(4) DISCLOSURE OF COMMITMENTS.—Any agreement or other understanding addressing agricultural trade with a foreign government or governments (whether oral or in writing) that relates to a trade agreement with respect to which Congress must enact implementing legislation and that is introduced in either House of Congress shall not be considered part of the agreement approved by Congress and shall have no force and effect under United States law or in any dispute settlement body.

(d) SENSE OF THE CONGRESS.—It is the sense of the Congress that—

(1) granting the President trade negotiating authority is essential to the successful conclusion of the new round of World Trade Organization agricultural negotiations;

(2) reaching a successful agreement on agriculture should be the top priority of United States negotiators; and

(3) if by the conclusion of the negotiations, the primary agricultural competitors of the United States do not agree to reduce their trade distorting domestic supports and eliminate export subsidies, in accordance with the negotiating objectives expressed in this section, the United States should take steps to increase the leverage of United States negotiators and level the playing field for United States producers.

Export Credit Guarantee Program

Pub. L. 100–418, title IV, § 4005, Aug. 23, 1988, 102 Stat. 1398, which stated the sense of Congress that, to the extent that the Commodity Credit Corporation made a specified allocation of credit guarantees available...
under the export credit guarantee program referred to in section 1736f for short-term credit extended to finance the export sales of United States agricultural commodities and products, such allocation was to be made on a country-only basis and not on a commodity basis or a commodity and country basis, was repealed by Pub. L. 101–624, title XV, §1571, Nov. 28, 1990, 104 Stat. 3702.

§ 1736u. Cooperator market development program

(a) Sense of Congress

It is the sense of Congress that the cooperator market development program of the Foreign Agricultural Service should be continued to help develop new markets and expand and maintain existing markets for United States agricultural commodities, using nonprofit agricultural trade organizations to the maximum extent practicable.

(b) Exemption from requirements of OMB circular

The cooperator market development program shall be exempt from the requirements of Circular A 110 issued by the Office of Management and Budget.

CODIFICATION

Section consists of subsecs. (a) and (b) of section 1126 of Pub. L. 99–198. Subsec. (c) of section 1126 amended section 1736m(a)(5)(B) of this title.

Section was enacted as part of the Food Security Act of 1985, and not as part of the Food for Peace Act which comprises this chapter.

§ 1736y. Contract sanctity and producer embargo protection

It is hereby declared to be the policy of the United States—

1. to foster and encourage the export of agricultural commodities and the products of such commodities;
2. not to restrict or limit the export of such commodities and products except under the most compelling circumstances;
3. that any prohibition or limitation on the export of such commodities or products should be imposed only in time of a national emergency declared by the President under the Export Administration Act [50 U.S.C. App. 2401 et seq.]; and
4. that contracts for the export of such commodities or products entered into before the imposition of any prohibition or limitation on the export of such commodities or products should not be abrogated.

(c) Special emphasis on sub-Saharan African and Caribbean Basin countries

(i) standard growing practices;

(ii) insecticide and sanitation procedures; and

(iii) other agricultural methods that will produce increased yields of more nutritious and healthful crops;
agricultural producers in the United States (including African-American agricultural producers) and banking and insurance professionals have agribusiness expertise that would be invaluable for agricultural producers in sub-Saharan African and Caribbean Basin countries;

(i) improving knowledge of insecticide and sanitation procedures to prevent crop destruction;

(iv) the expansion of small agricultural operations into agribusiness enterprises by increasing access to credit for agricultural producers through—

(I) the development and use of village banking systems; and

(II) the use of agricultural risk insurance products; and

(v) marketing crop yields to prospective purchasers (including businesses and individuals) for local needs and export; and

(D) programs that promote the exchange of agricultural knowledge and expertise through the exchange of American and foreign agricultural producers have been effective in promoting improved agricultural techniques and food security and the extension of additional resources to such farmer-to-farmer exchanges is warranted.

(2) Goals for programs carried out in sub-Saharan African and Caribbean Basin countries

(D) to maximize the number of beneficiaries of the programs in sub-Saharan African and Caribbean Basin countries.

(d) Minimum funding

Notwithstanding any other provision of law, in addition to any funds that may be specifically appropriated to carry out this section, not less than the greater of $10,000,000 or 0.5 percent of the amounts made available for each of fiscal years 2008 through 2012 to carry out this chapter shall be used to carry out programs under this section, with—

### SHORT TITLE

Act Aug. 28, 1954, enacting sections 397, 1446b and 1446c of this title, chapter, chapters 43 and 44 of this title, and section 590h–3 of Title 16, Conservation, and amending sections 602, 608c, 608e–1, 1301, 1326–1330, 1332, 1334–1335, 1340, 1344, 1371, 1374, 1421, 1428, 1441, 1446, 1446d of this title and sections 590h and 590o of Title 16, Conservation, is popularly known as the “Agricultural Act of 1954”.

#### § 1742. Determination of commodity value for set-aside

Quantities of commodities shall not be included in the commodity set-aside which have an aggregate value in excess of $2,500,000,000. The value of the commodities placed in the commodity set-aside, for the purpose of this section, shall be the Corporation’s investment in such commodities as of the date they are included in the commodity set-aside, as determined by the Secretary.

#### § 1743. Reduction of set-aside

(a) Such commodity set-aside shall be reduced by disposals made in accordance with the directions of the President as follows:

1. Donation, sale, or other disposition for disaster or other relief purposes outside the United States pursuant to and subject to the limitations of subchapter III of chapter 41 of this title;

2. Sale or barter (including barter for strategic materials) to develop new or expanded markets for American agricultural commodities, including but not limited to disposition pursuant to and subject to the limitations of subchapter II of chapter 41 of this title;

3. Donation to school-lunch programs;

4. Transfer to the National Defense Stockpile established by the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.), without reimbursement from funds appropriated for the purposes of that Act;

6. Donation, sale, or other disposition for disaster relief purposes in the United States or to meet any national emergency declared by the President; and

7. Sale for unrestricted use to meet a need for increased supplies at not less than 105 per centum of the parity price in the case of agricultural commodities and a price reflecting 105 per centum of the parity price of the agricultural commodity in the case of products of agricultural commodities.

The President shall prescribe such terms and conditions for the disposal of commodities in the commodity set-aside as he determines will provide adequate safeguards against interference with normal marketings of the supplies of such commodities outside the commodity set-aside. Strategic materials acquired by the Commodity Credit Corporation under paragraph (2) of this subsection shall be transferred to the National Defense Stockpile established by the Strategic and Critical Materials Stock Piling Act [50 U.S.C. 98 et seq.], and the Commodity Credit Corporation shall be reimbursed for the value of the commodities bartered for such strategic materials from funds appropriated for pur-
poses of that Act. For the purpose of such reimbursement, the value of any commodity so bar-
tered shall be the lower of the domestic market price or the Commodity Credit Corporation’s in-
vestment therein as of the date of such barter, as determined by the Secretary of Agriculture.
(b) The quantity of any commodity in the commodity set-aside shall be reduced to the ex-
tent that the Commodity Credit Corporation inventory of such commodity is reduced, by natu-

SUBCHAPTER IV—CROPLAND ADJUSTMENTS

§ 1838. Conversion of cropland into vegetative cover, water storage, wildlife and conservation uses; contracts with farmers

(a) Authority for calendar years 1965 through 1970; term of agreements

Notwithstanding any other provision of law, for the purpose of reducing the costs of farm programs, assisting farmers in turning their land to nonagricultural uses, promoting the development and conservation of the Nation’s soil, water, forest, wildlife, and recreational resources, establishing, protecting, and conserving open spaces and natural beauty, the Secretary of Agriculture is authorized to formulate and carry out a program during the calendar years 1965 through 1970 under which agreements may be entered into with producers as hereinafter provided for periods of not less than five nor more than ten years. No agreement shall be entered into under this section concerning land with respect to which the ownership has changed in the three-year period preceding the first year of the agreement period unless the new ownership was acquired by will or succession as a result of the death of the previous owner, or unless the new ownership was acquired prior to January 1, 1965, under other circumstances which the Secretary determines, and specifies by regulation, will give adequate assurance that such land was not acquired for the purpose of placing it in the program: Provided, That this provision shall not be construed to prohibit the continuation of an agreement by a new owner after an agreement has once been entered into under this section: Provided further, That the Secretary shall not require a person who has operated the land to be covered by an agreement entered into under this section for as long as three years preceding the date of the agreement and who controls the land for the agreement period to own the land as a condition of eligibility for entering into the agreement. The foregoing provision shall not prevent a producer from placing a farm in the program if the farm was acquired by the producer to replace an eligible farm from which he was displaced because of its acquisition by any Federal, State, or other agency having the right of eminent domain.

(b) Terms of agreement; specifically designated acreage; land use

The producer shall agree (1) to carry out on a specifically designated acreage of land on the farm regularly used in the production of crops (including crops, such as tame hay, alfalfa, and clovers, which do not require annual tillage and which have been planted within five years preceding the date of the agreement), hereinafter called “designated acreage”; and maintaining for the agreement period practices or uses which will conserve soil, water, or forest resources, or establish or protect or conserve open spaces, natural beauty, wildlife or recreational resources, or prevent air or water pollution, in such manner as the Secretary may prescribe (priority being given to the extent practicable to practices or uses which are most likely to result in permanent retirement to noncrop uses); (2) to maintain in conserving crops or uses or allow to remain idle throughout the agreement period the acreage normally devoted to such crops or uses; (3) not to harvest any crop from or graze the designated acreage during the agreement period, unless the Secretary, after certification by the Governor of the State in which such acreage is situated of the need for grazing or harvesting of such acreage, determines that it is necessary to permit grazing or harvesting in order to alleviate damage, hardship, or suffering caused by severe drought, flood, or other natural disaster, and consents to such grazing or harvesting subject to an appropriate reduction in the rate of payment; and (4) to such additional terms and conditions as the Secretary determines are desirable to effectuate the purposes of the program, including such measures as the Secretary may deem appropriate to keep the designated acreage free from erosion, insects, weeds, and rodents. Agreements entered into under which 1966 is the first year of the agreement period (A) shall require the producer to divert from production all of one or more crops designated by the Secretary; and (B) shall not provide for diversion from the production of upland cotton in any county in which the county committee by resolution determines, and requests of the Secretary, that there should not be such diversion in 1966.

(c) Federal costs; annual adjustment payment

Under such agreements the Secretary shall (1) bear such part of the average cost (including labor) for the county or area in which the farm is situated of establishing and maintaining authorized practices or uses on the designated acreage as the Secretary determines to be necessary to effectuate the purposes of the program, but not to exceed the average rate for comparable practices or uses under the agricultural conservation program, and (2) make an annual adjustment payment to the producer for the period of the agreement at such rate or rates as the Secretary determines to be fair and reasonable in consideration of the obligations undertaken by the producers. The rate or rates of annual adjustment payments as determined hereunder may be increased by an amount determined by the Secretary to be appropriate in relation to the benefit to the general public of the use of the designated acreage if the producer further agrees to permit, without other compensation, access to such acreage by the general public, during the agreement period, for hunting, trapping, fishing, and hiking, subject to ap-
[1] The Secretary of Agriculture may, to the extent he deems it desirable, provide by appropriate acreage, and allotment history applicable to regulations for preservation of cropland, crop utilization of local, county, and State committees established under section 590h of title 16.

(d) Advertising and bid procedures

The Secretary shall, unless he determines that such action will be inconsistent with the effective administration of the program, use an advertising and bid procedure in determining the lands in any area to be covered by agreements. The total acreage placed under contract in any county or local community shall be limited to a percentage of the total eligible acreage in such county or local community which the Secretary determines would not adversely affect the economy of the county or local community. In determining such percentage the Secretary shall give appropriate consideration to the productivity of the acreage being retired as compared to the average productivity of eligible acreage in the county or local community.

(e) Annual adjustment payment; limitation

The annual adjustment payment shall not exceed 40 per centum of the estimated value, as determined by the Secretary, on the basis of prices in effect at the time the agreement is entered into, of the crops or types of crops which might otherwise be grown. The estimated value may be established by the Secretary on a county, area, or individual farm basis as he deems appropriate.

(f) Termination or modification of agreements

The Secretary may terminate any agreement with a producer by mutual agreement with the producer if the Secretary determines that such termination would be in the public interest, and may agree to such modification of agreements as he may determine to be desirable to carry out the purposes of the program or facilitate its administration.

(g) Allotment histories

Notwithstanding any other provision of law, the Secretary of Agriculture may, to the extent he deems it desirable, provide by appropriate regulations for preservation of cropland, crop acreage, and allotment history applicable to acreage diverted from the production of crops in order to establish or maintain vegetative cover or other approved practices for the purpose of any Federal program under which such history is used as a basis for an allotment or other limitation or for participation in such program.

(h) Utilization of local, county, and State committees

In carrying out the program, the Secretary shall utilize the services of local, county, and State committees established under section 590h of title 16.

(i) Transfer of funds

For the purpose of obtaining an increase in the permanent retirement of cropland to noncrop uses the Secretary may, notwithstanding any other provision of law, transfer funds available for carrying out the program to any other Federal agency or to States or local government agencies for use in acquiring cropland for the preservation of open spaces, natural beauty, the development of wildlife or recreational facilities, or the prevention of air or water pollution under terms and conditions consistent with and at costs not greater than those under agreements entered into with producers, provided the Secretary determines that the purposes of the program will be accomplished by such action.

(j) Conservation of open spaces, natural beauty, and recreational resources, and prevention of pollution

The Secretary also is authorized to share the cost with State and local governmental agencies in the establishment of practices or uses which the Secretary determines would not adversely affect the economy of the county or local community. In determining such percentage the Secretary shall give appropriate consideration to the productivity of the acreage being retired as compared to the average productivity of eligible acreage in the county or local community.

(k) Limitation on payments during any calendar year

In carrying out the program, the Secretary shall not during any of the fiscal years ending June 30, 1966 through June 30, 1969 or during the period June 30, 1969 through December 31, 1970, enter into agreements with producers which would require payments to producers in any calendar year under such agreements in excess of $225,000,000 plus any amount by which agreements entered into in prior fiscal years require payments in amounts less than authorized for such prior fiscal years. For purposes of applying this limitation, the annual adjustment payment shall be chargeable to the year in which performance is rendered regardless of the year in which it is made.

(f) Use of facilities of Commodity Credit Corporation

The Secretary is authorized to utilize the facilities, services, authorities, and funds of the Commodity Credit Corporation in discharging his functions and responsibilities under this program, including payment of costs of administration: Provided, That after December 31, 1966, the Commodity Credit Corporation shall not make any expenditures for carrying out the purposes of this subchapter unless the Corporation has received funds to cover such expenditures from appropriations made to carry out the purposes of this subchapter. There are hereby authorized to be appropriated such sums as may be necessary to carry out the program, including such amounts as may be required to make payments to the Corporation for its actual costs incurred or to be incurred under this program.
(m) Payment to successor upon death, incompetence, or disappearance of producer entitled to payment

In case any producer who is entitled to any payment or compensation dies, becomes incompetent, or disappears before receiving such payment or compensation, or is succeeded by another who renders or completes the required performance, the payment or compensation shall, without regard to any other provisions of law, be made as the Secretary may determine to be fair and reasonable in all the circumstances and so provide by regulations.

(n) Sharing of compensation or payments with tenants and sharecroppers

The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers, including provision for sharing, on a fair and equitable basis, in payments or compensation under this program.

(o) Effect of diversion on commodity programs

The acreage on any farm which is diverted from the production of any commodity pursuant to an agreement hereafter entered into under this subchapter shall be deemed to be acreage diverted from that commodity for the purposes of any commodity program under which diversion is required as a condition of eligibility for price support.

(p) Advisory Board on Wildlife; membership

The Secretary may, without regard to the civil service laws, appoint an Advisory Board on Wildlife to advise and consult on matters relating to the functions under this subchapter as he deems appropriate. The Board shall consist of twelve persons chosen from members of wildlife agencies, farm organizations, State game and fish agencies, and representatives of the general public. Members of such Advisory Board who are not regular full-time employees of the United States shall not be entitled to any compensation or expenses.

(q) Regulations

The Secretary shall prescribe such regulations as he determines necessary to carry out the provisions of this subchapter.

CODIFICATION

The last sentence of section 602(g) of Pub. L. 89–321 repealed section 590(p)(b)(3), (4), and (e)(6) of Title 16, Conservation, and was omitted from subsec. (g) of this section.

AMENDMENTS

L. 90–210 permitted a farm to be placed in the cropland adjustment program without regard to the length of past ownership if that farm was acquired in replacement of an eligible farm which was taken by any Federal, State, or other agency by means of eminent domain proceedings.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in the following prior appropriation acts:

§ 1927. Repayment requirements

(a) Period of repayment; interest rates

(1) The period for repayment of loans under this subchapter shall not exceed forty years.

(2) Except as otherwise provided in paragraphs (3), (4), (5), and (6) of this subsection, the interest rates on loans under this subchapter shall be as determined by the Secretary, but not in excess of the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus not to exceed 1 percent, as determined by the Secretary, and adjusted to the nearest one-eighth of 1 percent.

(3)(A) Notwithstanding the provisions of the constitution or laws of any State limiting the rate or amount of interest that may be charged, taken, received, or reserved, except as provided in paragraph (6), the interest rates on loans (other than guaranteed loans), to public bodies or nonprofit associations (including Indian tribes on Federal and State reservations and other federally recognized Indian tribal groups) for water and waste disposal facilities and essential community facilities shall be set by the Secretary at rates not to exceed the current market yield for outstanding municipal obligations with remaining periods to maturity comparable to the average maturity for such loans, and adjusted to the nearest one-eighth of 1 percent; and not in excess of 5 percent per annum for any such loans which are for the upgrading of existing facilities or construction of new facilities as required to meet applicable health or sanitary standards in areas where the median household income of the persons to be served by such facility is below the higher of 80 percent of the statewide nonmetropolitan median household income or the poverty line established by the Office of Management and Budget, as revised under section 9902(2) of title 42 and in other areas as the Secretary may designate where a significant percentage of the persons to be served by such facilities are of low income, as determined by the Secretary; and not in excess of 7 percent per annum for loans for such facilities that do not qualify for the 5 percent per annum interest rate but are located in areas where the median household income of the persons to be served by the facility does not exceed 100 percent of the statewide nonmetropolitan median household income.

(B) Except as provided in subparagraph (D) and in paragraph (6), the interest rate on loans (other than guaranteed loans) under section 1924 of this title shall not be—

(i) greater than the sum of—

(1) an amount not exceeding one-half of the current average market yield on outstanding marketable obligations of the United States with maturities of 5 years; and

(ii) an amount not exceeding 1 percent per year, as the Secretary determines is appropriate; or

(ii) less than 5 percent per year.

(C) Notwithstanding subparagraph (A), the Secretary shall establish loan rates for health care and related facilities based solely on the income of the area to be served, and such rates shall be otherwise consistent with such subparagraph.

(D) JOINT FINANCING ARRANGEMENT.—If a direct farm ownership loan is made under this subchapter as part of a joint financing arrangement and the amount of the direct farm ownership loan does not exceed 50 percent of the total principal amount financed under the arrangement, the interest rate on the direct farm ownership loan shall be at least 4 percent annually.

(E) INTEREST RATES FOR WATER AND WASTE DISPOSAL FACILITIES LOANS.—

(i) IN GENERAL.—Except as provided in clause (ii) and notwithstanding subparagraph (A), in the case of a direct loan for a water or waste disposal facility—

(I) in the case of a loan that would be subject to the 5 percent interest rate limitation under subparagraph (A), the Secretary shall establish the interest rate at a rate that is equal to 60 percent of the current market yield for outstanding municipal obligations with remaining periods to maturity comparable to the average maturity of the loan, adjusted to the nearest 1⁄8 of 1 percent; and

(II) in the case of a loan that would be subject to the 7 percent limitation under subparagraph (A), the Secretary shall establish the interest rate at a rate that is equal to 80 percent of the current market yield for outstanding municipal obligations with remaining periods to maturity comparable to the average maturity of the loan, adjusted to the nearest 1⁄8 of 1 percent.

(ii) EXCEPTION.—Clause (i) does not apply to a loan for a specific project that is the subject of a loan that has been approved, but not closed, as of the date of enactment of this sub-paragraph.

(4) Except as provided in paragraph (6), the interest rates on loans under sections 1926(a)(1) and 1922 of this title (other than guaranteed loans and loans as described in paragraph (3) of this subsection) shall be as determined by the Secretary, but not less than such rates as determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted in the judgment of the Secretary of the Treasury to provide for rates comparable to the rates prevailing in the private market for similar loans and considering the Secretary’s insurance of the loans, plus an additional charge, prescribed by the Secretary, to cover the Secretary’s losses and cost of administration, which charge shall be deposited in the...
(A) Except as provided in subparagraph (B), the interest rate on any loan made under this subchapter as a guaranteed loan shall be such rate as may be agreed upon by the borrower and the lender, but not in excess of a rate as may be determined by the Secretary.

(B) In the case of a loan made under section 1932 of this title as a guaranteed loan, subparagraph (A) shall apply notwithstanding the provisions of the constitution or laws of any State limiting the rate or amount of interest that may be charged, taken, received, or reserved.

(6)(A) Notwithstanding any other provision of this section, in the case of loans (other than guaranteed loans) made or insured under the authorities of this chapter specified in subparagraph (B) for activities that involve the use of prime farmland as defined in subparagraph (C), the interest rates shall be the interest rates otherwise applicable under this section increased by 2 per centum per annum. Wherever practicable, construction by a State, municipality, or other political subdivision of local government that is supported by loans described in the preceding sentence shall be placed on land that is not prime farmland, in order to preserve the maximum practicable amount of prime farmlands for production of food and fiber. Where other options exist for the siting of such construction and where the governmental authority still desires to carry out such construction on prime farmland, the 2 per centum interest rate increase provided by this clause shall apply, but such increased interest rate shall not apply where such other options do not exist.

(B) The authorities referred to in subparagraph (A) are—

(i) the provisions of section 1926(a)(1) of this title relating to loans for recreational developments and essential community facilities,

(ii) section 1932(a)(2)(A) of this title; and

(iii) section 1932(d) of this title.

(C) For purposes of this paragraph, the term “prime farmland” means prime farmlands and unique farmland as those terms are defined in sections 657.5(a) and (b) of title 7, Code of Federal Regulations (1980).

(b) Payment of charges; prepayment of taxes and insurance

The borrower shall pay such fees and other charges as the Secretary may require, and borrowers under this chapter shall prepay to the Secretary such taxes and insurance as the Secretary may require, on such terms and conditions as the Secretary may prescribe.

(c) Mortgages, liens, and other security

The Secretary shall take as security for the obligations entered into in connection with loans, mortgages on farms with respect to which such loans are made or such other security as the Secretary may require, and for obligations in connection with loans to associations under section 1926 of this title, shall take liens on the facility or such other security as he may determine to be necessary. Such security instruments may constitute liens running to the United States notwithstanding the fact that the notes may be held by lenders other than the United States. A borrower may use the same collateral to secure two or more loans made, insured, or guaranteed under this subchapter, except that the outstanding amount of such loans may not exceed the total value of the collateral so used.

(d) Mineral rights as collateral

With respect to a farm ownership loan made after December 23, 1985, unless appraised values of the rights to oil, gas, or other minerals are specifically included as part of the appraised value of collateral securing the loan, the rights to oil, gas, or other minerals located under the property shall not be considered part of the collateral securing the loan. Nothing in this subsection shall prevent the inclusion of, as part of the collateral securing the loan, any payment or other compensation the borrower may receive for damages to the surface of the collateral real estate resulting from the exploration for or recovery of minerals.

(e) Additional collateral

The Secretary may not—

1. require any borrower to provide additional collateral to secure a farmer program loan made or insured under this chapter, if the borrower is current in the payment of principal and interest on the loan; or

2. bring any action to foreclose, or otherwise liquidate, any such loan as a result of the failure of a borrower to provide additional collateral to secure a loan, if the borrower was current in the payment of principal and interest on the loan at the time the additional collateral was requested.

(4) to pay for contract services, taxes, insurance, prior liens, expenses necessary to make fiscal adjustments in connection with the application and transmittal of collections and other expenses and advances authorized in connection with insured loans, including the difference between interest payable by borrowers and interest to which insured lenders or insured holders are entitled under agreements with the Secretary included in contracts of insurance;

(5) to pay the Secretary’s costs of administration necessary to insure, make grants, service, and otherwise carry out the programs under this chapter not specifically covered by the Rural Development Insurance Fund of section 1929a of this title, including costs of the Secretary incidental to guaranteeing loans under this chapter, either directly from the Fund or by transfers from the Fund to, and merger with, any appropriations for administrative expenses.

(g) Transfer of funds from Farmers Home Administration direct loan account and Emergency Credit Revolving Fund; abolition of such account and fund; payments from Agricultural Credit Insurance Fund; interest

(1) The assets and liabilities of, and authorizations applicable to, the Farmers Home Administration direct loan account created by section 1988(c) of this title (before the amendment made by section 749(a)(1) of the Federal Agriculture Improvement and Reform Act of 1996) and the Emergency Credit Revolving Fund referred to in section 1966 of this title are hereby transferred to the fund, and such account and such revolving fund are hereby abolished. Such assets and their proceeds, including loans made out of the fund pursuant to this section, shall be subject to the provisions of this section, the last sentence of section 1929(a)(1), and the last sentence of section 1927 of this title.

(2) From time to time, and at least at the close of each fiscal year, the Secretary shall pay from the fund into the Treasury as miscellaneous receipts interest on the value as determined by the Secretary, with the approval of the Comptroller General, of the Government’s equity transferred to the fund pursuant to the first sentence of this subsection plus the cumulative amount of appropriations made available after enactment of this provision as capital and for administration of the programs financed from the fund, less the average undisbursed cash balance in the fund during the year. The rate of such interest shall be determined by the Secretary, taking into consideration the current average yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of loans made or insured from the fund, adjusted to the nearest one-eighth of 1 per centum. Interest payments may be deferred with the approval of the Secretary of the Treasury, but any interest payments so de-

(1) The Secretary may provide financial assistance to borrowers for purposes provided in this chapter by guaranteeing loans made by any Federal or State chartered bank, savings and loan association, cooperative lending agency, or other legally organized lending agency.

(2) The interest rate payable by a borrower on the portion of a guaranteed loan that is sold by a lender to the secondary market under this chapter may be lower than the interest rate charged on the portion retained by the lender, but shall not exceed the average interest rate charged by the lender on loans made to farm and ranch borrowers.

(3) With regard to any loan guarantee on a loan made by a commercial or cooperative lender related to a loan made by the Secretary under section 1935 of this title—

(4) MAXIMUM GUARANTEE OF 95 PERCENT.—Except as provided in paragraphs (5), (6), and (7), a loan guarantee under this chapter shall be for not more than 90 percent of the principal and interest due on the loan.

(5) REFINANCED LOANS GUARANTEED AT 95 PERCENT.—The Secretary shall guarantee 95 percent of—

(6) BEGINNING FARMER LOANS GUARANTEED UP TO 95 PERCENT.—The Secretary may guarantee not more than 95 percent of—

(A) a farm ownership loan for acquiring a farm or ranch to a borrower who is participating in the down payment loan program under section 1935 of this title; or

(7) AMOUNT OF GUARANTEE OF LOANS FOR FARM OPERATIONS ON TRIBAL LANDS.—In the case of an operating loan made to a farmer or rancher whose farm or ranch land is subject to the jurisdiction of an Indian tribe, the Secretary shall guarantee 95 percent of the loan.

(i) Coordination of assistance for qualified beginning farmers and ranchers

(1) Not later than 60 days after any State expresses to the Secretary, in writing, a desire to coordinate the provision of financial assistance to qualified beginning farmers and ranchers in the State, the Secretary and the State shall conclude a joint memorandum of understanding that shall govern the coordination of the provision of the financial assistance by the State and the Secretary.

(2) The memorandum of understanding shall provide that if a State beginning farmer program makes a commitment to provide a qualified beginning farmer or rancher with financing to establish or maintain a viable farming or ranching operation, the Secretary shall, subject to applicable law, normal loan approval criteria, and the availability of funds provide the farmer or rancher with a down payment loan under section 1935 of this title or a guarantee of the financing provided by the State program, or both.

(3) The Secretary shall not charge any person (including a lender) any fee with respect to the provision of any guarantee under this subsection.

(4) The Secretary shall notify each State of the provisions of this subsection.

(5) As used in paragraph (1), the term “State beginning farmer program” means any program that is—

(A) carried out by, or under contract with, a State; and

(B) designed to assist persons in obtaining the financial assistance necessary to enter agriculture and establish viable farming or ranching operations.

(j) Guarantee of loans made under State beginning farmer or rancher programs

CODIFICATION

Section was enacted as part of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1992, and as part of the Consolidated Farm and Rural Development Act which comprises this chapter.

§ 1929a. Rural Development Insurance Fund

(a) Creation; revolving fund; rural development loans

There is hereby created the Rural Development Insurance Fund (hereinafter in this section referred to as the “Insurance Fund”) which shall be used by the Secretary as a revolving fund for the discharge of the obligations of the Secretary under contracts guaranteeing or insuring rural development loans. For the purpose of this section “rural development loans” shall be those provided for by sections 1926(a)(1) and 1932 of this title, except loans (other than for water systems and waste disposal facilities) of a type authorized by section 1926(a)(1) of this title prior to its amendment by the Rural Development Act of 1972.

(b) Transfer of assets and liabilities

The assets and liabilities of the Agricultural Credit Insurance Fund referred to in section 1929(a) of this title applicable to loans for water systems and waste disposal facilities under section 1926(a)(1) of this title are hereby transferred to the Insurance Fund. Such assets (including the proceeds thereof) and liabilities and rural development loans guaranteed or insured pursuant to this chapter shall be subject to the provisions of this section.

(c) Credits in the Treasury; investments; notes, purchasing authority of the Secretary

Moneys in the Insurance Fund not needed for current operations shall be deposited in the Treasury of the United States to the credit of the Insurance Fund or invested in direct obligations of the United States or obligations guaranteed by the United States. The Secretary may purchase with money in the Insurance Fund any notes issued by the Secretary to the Secretary of the Treasury for the purpose of obtaining money for the Insurance Fund.

(d) Notes, issuing authority of the Secretary; use of funds; terms and conditions, form, denominations, maturities, and interest rate of notes; notes, purchasing authority of the Secretary of the Treasury; public debt transactions

The Secretary is authorized to make and issue notes to the Secretary of the Treasury for the purpose of obtaining funds necessary for discharging obligations under this section and for making loans, advances, and authorized expenditures out of the Insurance Fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Such notes shall bear interest at a rate fixed by the Secretary of the Treasury, taking into consideration the current average market yield of outstanding marketable obligations of the United States having maturities comparable to the average maturities of rural development loans made, guaranteed, or insured under this chapter. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and, for that purpose, the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which such securities may be issued under such chapter are extended to include the purchase of notes issued by the Secretary hereunder. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes shall be treated as public debt transactions of the United States.

(e) Notes and security as part of Insurance Fund; collection and sale of notes and other obligations; deposit of net proceeds in Insurance Fund

Notes and security acquired by the Secretary in connection with rural development loans made, guaranteed, or insured under this chapter or transferred by subsection (b) of this section shall become a part of the Insurance Fund. Notes and other obligations may be held in the Insurance Fund and collected in accordance with their terms or may be sold by the Secretary with or without agreements for insurance thereof at the balance due thereon, or on such other basis as the Secretary may determine from time to time, including sale on a non-recourse basis. The Secretary and any subsequent purchaser of such notes and other obligations sold by the Secretary on a non-recourse basis shall be relieved of any responsibilities that might have been imposed had the borrower remained indebted to the Secretary. All net proceeds from such collections, including sales of notes or property, shall be deposited in and become a part of the Insurance Fund.

(f) Deposit of loan service charges in Insurance Fund

The Secretary shall deposit in the Insurance Fund any charges collected for loan services provided by the Secretary as well as charges assessed for losses and costs of administration in connection with making, guaranteeing, or insuring rural development loans under this chapter.

(g) Use of Insurance Fund

The Secretary may utilize the Insurance Fund—

(1) to pay amounts to which the holder of insured notes is entitled on loans heretofore or hereafter insured accruing between the date of any payments by the borrower and the date of
transmittal of any such payments to the holder. In the discretion of the Secretary, payments other than final payments need not be remitted to the holder until due or until the next agreed annual or semiannual remittance date.

(2) to pay to the holder of insured notes any deferred or defaulted installment, or upon assignation of the note to the Secretary at the Secretary’s request, the entire balance due on the loan;

Such items may be paid in connection with guaranteed loans after or in connection with acquisition by the Secretary of such loans or security therefor after default, to an extent determined by the Secretary to be necessary to protect the interest of the Government, or in connection with grants and any other activity authorized in this chapter;

(6) to pay the difference between interest payments by borrowers and interest to which holders of insured notes are entitled under contracts of insurance heretofore or hereafter entered into by the Secretary; and

(a) For the purpose of determining whether to
make or insure any loan under this subchapter,
the Secretary shall take into consideration the
net worth of the applicant involved, including all
the assets and liabilities of the applicant.

(b) For the purpose of determining whether an
applicant under this subchapter is not able to
obtain sufficient credit elsewhere, the Secretary
shall require at least two such written declinations of
denial of credit, from a legally organized
lending institution within reasonable proximity to
the applicant, that specifies the reasons for
the denial: Provided, That for loans in ex-
cess of $300,000, the Secretary shall require at
least two such written declinations: Provided
further, That for loans of $100,000 or less, the
Secretary may waive the requirement of this
subsection if the Secretary determines that it
would impose an undue burden on the applicant.
§ 1964. Terms of loans

(a) Maximum amount of loan

The Secretary may not make a loan under this subchapter to a borrower who has suffered a loss in an amount that—

(1) exceeds the actual loss caused by a disaster; or

(2) would cause the total indebtedness of the borrower under this subchapter to exceed $500,000.

(b) Interest rates

Loans under this subchapter shall be at rates of interest as follows:

(1) For loans or portions of loans up to the amount of the applicant’s actual loss caused by the disaster, as limited under subsection (a)(1) of this section, the interest shall be at rates prescribed by the Secretary, but not in excess of 6 percent per annum; and

(2) For loans or portions of loans in excess of the amount of the applicant’s actual loss caused by the disaster, as limited under subsection (a)(1) of this section, (A) the interest for insured loans shall be at rates prevailing in the private market for similar loans, as determined by the Secretary, and (B) the interest for guaranteed loans shall be at rates agreed on by the borrower and lender, but not in excess of such rates as may be determined by the Secretary.

(c) Interest subsidies

For guaranteed loans under this subchapter, the Secretary may pay interest subsidies to the lenders for those portions of the loans up to the amount of the actual loss caused by the disaster, as limited under subsection (a)(1) of this section. Any such subsidy shall not exceed the difference between the interest rate being charged for loans up to the amount of the actual loss, as established under subsection (b)(1) of this section, and the maximum interest rate for guaranteed loans, as established under subsection (b)(2) of this section.

(d) Repayment

(1) In general

All loans under this subchapter shall be repayable at such times as the Secretary may determine, taking into account the purposes of the loan and the nature and effect of the disaster, but not later than as provided for loans for similar purposes under subchapters I and II of this chapter, and upon the full personal liability of the borrower and upon the best security available, as the Secretary may prescribe: Provided, That the security is adequate to assure repayment of the loans, except that if such security is not available because of the disaster, the Secretary shall (1) accept as security such collateral as is available, a portion or all of which may have depreciated in value due to the disaster and which in the opinion of the Secretary, together with the Secretary’s confidence in the repayment ability of the applicant, is adequate security for the loan, and (2) make such loan repayable at such times as the Secretary may determine, not later than as provided under subchapters I and II of this chapter, as justified by the needs.
of the applicant: Provided further, That for any disaster occurring after January 1, 1975, the Secretary, if the loan is for a purpose described in subchapter II of this chapter, may make the loan repayable at the end of a period of more than seven years, but not more than twenty years, if the Secretary determines that the need of the loan applicant justifies such a longer repayment period: Provided further, That for any direct or insured loan (other than a guaranteed loan) approved under section 1961(b) of this title, three years after the loan is made or insured, and every two years thereafter for the term of the loan, the Secretary shall review the loan; and if, based on such review, the Secretary determines that the borrower is able to obtain a loan from non-Federal sources at reasonable rates and terms for loans for similar purposes and periods of time, the borrower shall on request by the Secretary, apply for and accept such non-Federal loan in sufficient amount to repay the Secretary. If farm assets (including land, livestock, and equipment) are used as collateral to secure a loan made under this subchapter, the Secretary shall establish the value of the assets as of the day before the occurrence of the natural disaster, major disaster, or emergency that is the basis for a request for assistance under this subchapter or the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

(2) No basis for denial of loan

(A) In general

Subject to subparagraph (B), the Secretary shall not deny a loan under this subchapter to a borrower by reason of the fact that the borrower lacks a particular amount of collateral for the loan if the Secretary is reasonably certain that the borrower will be able to repay the loan.

(B) Refusal to pledge available collateral

The Secretary may deny or cancel a loan under this subchapter if a borrower refuses to pledge available collateral on request by the Secretary.

(e) Grant eligibility

Any political subdivision of a State with a population of less than ten thousand inhabitants, if such subdivision had a population of ten thousand or more inhabitants, would be eligible for a grant under the first title of the Community Emergency Drought Relief Act of 1977 shall be eligible for a grant under this chapter during any period in which the Community Emergency Drought Relief Act of 1977 is or has been in effect.

For definition of “this chapter”, referred to in subsecs. (a), (b)(1), (c), (f)(1)(B), and (g)(1), see note set out under section 1921 of this title.

Section 1989 of this title, referred to in subsec. (f)(1)(A), was in the original “section 114”, and was translated as meaning section 339 of Pub. L. 87–128, which is classified to section 1989 of this title, to reflect the probable intent of Congress, because Pub. L. 87–128 does not contain a section 114 and section 1989 provides for a lender certification program.

(ii) For purposes of this subparagraph, the term "Indian reservation" means all land located within the limits of any Indian reservation under the jurisdiction of the United States, notwithstanding the issuance of any patent, and, including rights-of-way running through the reservation; trust or restricted land located within the boundaries of a former reservation of a federally recognized Indian tribe in the State of Oklahoma; or all Indian allotments the Indian titles to which have not been extinguished by such allotments are subject to the jurisdiction of a federally recognized Indian tribe.

(iii) Not later than 90 days after acquiring the property, the Secretary shall afford an opportunity to purchase or lease the real property in accordance with the order of priority established under clause (iv) by the Indian tribe having jurisdiction over the Indian reservation within which the real property is located or, if no order of priority is established by such Indian tribe under clause (iv), in the following order:

(I) to an Indian member of the Indian tribe that has jurisdiction over the reservation within which the real property is located;

(II) to an Indian corporate entity;

(III) to such Indian tribe.

(iv) The governing body of any Indian tribe having jurisdiction over an Indian reservation may revise the order of priority provided in clause (iii) under which lands located within such reservation shall be offered for purchase or lease by the Secretary under clause (iii) and may restrict the eligibility for such purchase or lease to—

(I) persons who are members of such Indian tribe,

(II) Indian corporate entities that are authorized by such Indian tribe to lease or purchase lands within the boundaries of such reservation, or

(III) such Indian tribe itself.

(v) If real property described in clause (i) is not purchased or leased under clause (iii) and the Indian tribe having jurisdiction over the reservation within which the real property is located is unable to purchase or lease the real property, the Secretary shall transfer the real property to the Secretary of the Interior who shall administer the real property as if the real property were held in trust by the United States for the benefit of such Indian tribe. From the rental income derived from the lease of the transferred real property, and all other income generated from the transferred real property, the Secretary of the Interior shall pay those State, county, municipal, or other local taxes to which the transferred real property was subject at the time of acquisition by the Secretary, until the earlier of—

(I) the expiration of the 4-year period beginning on the date on which the real property is so transferred, or

(II) such time as the lands are transferred into trust pursuant to clause (vii).

(vi) At any time any real property is transferred to the Secretary of the Interior under clause (v), the Secretary of Agriculture shall be deemed to have no further responsibility under this Act for collection of any amounts with regard to the farm program loan which had been secured by such real property, nor with regard to any lien arising out of such loan transaction, nor for repayments of any amount with regard to such loan transactions or liens to the Treasury of the United States, and the Secretary of the Interior shall be deemed to have succeeded to all right, title and interest of the Secretary of Agriculture in such real estate arising from the farm program loan transaction, including the obligation to remit to the Secretary of the Interior the rents generated from the transferred real property, in repayment of the original loan, those amounts provided in clause (vii).

(vii) After the payment of any taxes which are required to be paid under clause (v), all remaining rental income derived from the lease of the real property transferred to the Secretary of the Interior under clause (v), and all other income generated from the real property transferred to the Secretary of the Interior under clause (v), shall be deposited as miscellaneous receipts in the Treasury of the United States until the amount deposited is equal to the lesser of—

(I) the amount of the outstanding lien of the United States against such real property, as of the date the real property was acquired by the Secretary;

(II) the fair market value of the real property, as of the date of the transfer to the Secretary of the Interior; or

(III) the capitalized value of the real property, as of the date of the transfer to the Secretary of the Interior.

(viii) When the total amount that is required to be deposited under clause (vii) with respect to
any real property has been deposited into the Treasury of the United States, title to the real property shall be held in trust by the United States for the benefit of the Indian tribe having jurisdiction over the Indian reservation within which the real property is located.

(ix) Notwithstanding any other clause of this subparagraph, the Indian tribe having jurisdiction over the Indian reservation within which the real property described in clause (i) is located may, at any time after the real property has been transferred to the Secretary of the Interior under clause (v), offer to pay the remaining amount on the lien, or the fair market value of the real property, whichever is less. Upon payment of such amount, title to such real property shall be held by the United States in trust for the tribe and such trust or restricted lands that have been acquired by the Secretary under foreclosure or voluntary transfer under a loan made or insured under this chapter and transferred to an Indian person, entity, or tribe under the provisions of this subparagraph shall be deemed to have never lost trust or restricted status.

(x) This subparagraph shall apply to all lands in the land inventory established under this chapter (as of November 28, 1990) that were (immediately prior to November 28, 1990) owned by an Indian borrower-owner described in clause (i) and that are situated within an Indian reservation (as defined in clause (ii)), regardless of the date of foreclosure or acquisition by the Secretary. The Secretary shall afford an opportunity to a tribal member, an Indian corporate entity, or the tribe to purchase or lease the real property as provided in clause (iii). If the right is not exercised or no expression of intent to exercise such right is received within 180 days after November 28, 1990, the Secretary shall transfer the real property to the Secretary of the Interior as provided in clause (v).

(B) The rights provided in this subsection shall be in addition to any such right of first refusal under the law of the State in which the property is located.

(C) As used in this paragraph, the term "borrower-owner" means—

(i) a borrower from whom the Secretary acquired real farm or ranch property (including the principal residence of the borrower) used to secure any loan made to the borrower under this chapter; or

(ii) in any case in which an owner of property pledged the property to secure the loan and the owner is different than the borrower, the owner.

(D)(i) If—

(I) the real property described in subparagraph (A)(i) is located within an Indian reservation;

(II) the borrower-owner is an Indian tribe that has jurisdiction over the reservation in which the real property is located or the borrower-owner is a member of an Indian tribe;

(III) the borrower-owner has obtained a loan made, insured, or guaranteed under this chapter; and

(IV) the borrower-owner and the Secretary have exhausted all of the procedures provided for in this chapter to permit a borrower-owner to retain title to the real property, such that it is necessary for the borrower-owner to relinquish title,

the Secretary shall dispose of or administer the property only as provided in subparagraph (A), as modified by this subparagraph.

(ii) The Secretary shall provide the borrower-owner of real property that is described in clause (i) with written notice of—

(I) the right of the borrower-owner to voluntarily convey the real property to the Secretary; and

(II) the fact that real property so conveyed will be placed in the inventory of the Secretary.

(iii) The Secretary shall provide the borrower-owner of the real property with written notice of the rights and protections provided under this chapter to the borrower-owner, and the Indian tribe that has jurisdiction over the reservation in which the real property is located, from foreclosure or liquidation of the real property, including written notice of—

(I) the provisions of subparagraph (A), this subparagraph, and subsection (g)(6) of this section;

(II) if the borrower-owner does not voluntarily convey the real property to the Secretary, that—

(aa) the Secretary may foreclose on the property;

(bb) in the event of foreclosure, the property will be offered for sale;

(cc) the Secretary must offer a bid for the property that is equal to the fair market value of the property or the outstanding principal and interest of the loan, whichever is higher;

(dd) the property may be purchased by another party; and

(ee) if the property is purchased by another party, the property will not be placed in the inventory of the Secretary and the borrower-owner will forfeit the rights and protections provided under this chapter; and

(III) the opportunity of the borrower-owner to consult with the Indian tribe that has jurisdiction over the reservation in which the real property is located or counsel to determine if State or tribal law provides rights and protections that are more beneficial than those provided the borrower-owner under this chapter.

(iv)(I) Except as provided in subclause (II), the Secretary shall accept the voluntary conveyance of real property described in clause (i).

(II) If a hazardous substance (as defined in section 9601(14) of title 42) is located on the property and the Secretary takes remedial action to protect human health or the environment if the property is taken into inventory, the Secretary shall accept the voluntary conveyance of the property only if the Secretary determines that it is in the best interests of the Federal Government.

(b) requiring the Secretary to assign the loan and security instruments to the tribe having jurisdiction over the reservation in which the real property is located, if the tribe agrees to the assignment.

(II) NOTICE TO TRIBE.—If an Indian borrower-owner does not voluntarily convey to the Secretary real property described in clause (i), not less than 30 days before a foreclosure sale of the property, the Secretary shall provide written notice to the Indian tribe that has jurisdiction over the reservation in which the real property is located of—

(aa) the sale;

(bb) the fair market value of the property; and

(cc) the requirements of this subparagraph.

(III) ASSUMED LOANS.—If an Indian tribe assumes a loan under subclause (I)—

(aa) the Secretary shall not foreclose the loan because of any default that occurred prior to the date of the assumption;

(bb) the loan shall be for the lesser of the outstanding principal and interest of the loan or the fair market value of the property; and

(cc) the loan shall be treated as though the loan was made under sections 488 to 494 of title 25.

(vi)(I) Except as provided in subclause (II), at a foreclosure sale of real property described in clause (i), the Secretary shall offer a bid for the property that is equal to the higher of—

(aa) the fair market value of the property; or

(bb) the outstanding principal and interest of the loan.

(II) If a hazardous substance (as defined in section 9601(14) of title 42) is located on the property, the Secretary shall take remedial action to protect human health or the environment if the property is taken into inventory, subclause (I) shall apply only if the Secretary determines that it is in the best interests of the Federal Government.

(2) The Secretary shall not offer for sale or sell any such farmland if the placing of such farmland on the market will have a detrimental effect on the value of farmland in the area.

(B) The Secretary may subsequently sell any contract entered into to carry out subparagraph (A).

(3) The Secretary may require procedures, practices on such land as a condition of the sale or lease of such land.

(5) Notwithstanding any other provisions of law, compliance by the Secretary with this subsection shall not cause any acreage allotment, marketing quota, or acreage base assigned to such property to lapse, terminate, be reduced, or otherwise be adversely affected.

(6) In the event of any conflict between any provision of this subsection and any provision of the law of any State providing a right of first refusal to the owner of farmland or the operator of a farm before the sale or lease of land to any other person, such provision of State law shall prevail.

(f) Normal security income

(1) As used in this subsection, the term “normal income security” means all security not considered basic security, including crops, livestock, poultry products, Agricultural Stabilization and Conservation Service payments and Commodity Credit Corporation payments, and other property covered by Farmers Home Administration liens that is sold in conjunction with the operation of a farm or other business, but shall not include any equipment (including fixtures in States that have adopted the Uniform Commercial Code), or foundation herd or flock, that is the basis of the farming or other operation, and is the basic security for a Farmers Home Administration farmer program loan.

(2) The Secretary shall release from the normal income security provided for such loan an amount sufficient to pay for the essential household and farm operating expenses of the borrower, until such time as the Secretary accelerates such loan.

(3) A borrower whose account was accelerated on or after November 1, 1985, and on or before May 7, 1987, but not thereafter foreclosed on or liquidated, shall be entitled to the release of security income for a period of 12 months, to pay the essential household and farm operating expenses of such borrower in an amount not to exceed $18,000 over 12 months, if such borrower—

(A) as of October 30, 1987, continued to be actively engaged in the farming operations for which the Secretary had made the farmer program loan; and

(C) Within 12 months after a borrower has requested restructuring under section 2001 of this
title, the Secretary shall make a final determination on the request. Notwithstanding the 12-month limitation provided for in paragraph (3), releases shall continue to be made to the borrower until a denial or dismissal of the application of the borrower for restructuring under section 2001 of this title is made. The amount of essential household and farm operating expenses which may be released to any borrower eligible for such releases after 12 months may exceed $18,000, by an amount proportionate to the period of time beyond 12 months before a final determination is made by the Secretary.

(6) If a borrower is required to plan for or to report on how proceeds from the sale of collateral property will be used, the Secretary shall—

(B) was used for farming at any time during the period beginning on the date 5 years before the property entered the inventory of the Secretary and ending on the date the property entered the inventory of the Secretary.

(3) Notification

The Secretary shall provide prior written notification to a borrower considering preservation loan servicing that a wetlands conservation easement may be placed on land for which the borrower is negotiating a lease option.

(4) Appraised value

The appraised value of the farm shall reflect the value of the land due to the placement of wetland conservation easements.

There is authorized to be appropriated to the Secretary such sums as the Congress may from time to time determine to be necessary to enable the Secretary to carry out the purposes of this chapter and for the administration of assets transferred to the Farmers Home Administration or the Rural Development Administration.

(b) Sale by lender and any holder of guaranteed portion of loan pursuant to regulations governing such sales; limitations; issuance of pool certificates representing ownership of guaranteed portion of guaranteed loan; terms and conditions, etc.; reporting requirements

(1)(A) The guaranteed portion of any loan made under this chapter may be sold by the lender, and by any subsequent holder, in accordance with regulations governing such sales as the Secretary shall establish, subject to the following limitations:

(i) All fees due the Secretary with respect to a guaranteed loan are to be paid in full before any sale.

(ii) The loan is to have been fully disbursed to the borrower before the sale.

(B) After a loan is sold in the secondary market, the lender shall remain obligated under its guarantee agreement with the Secretary, and shall continue to service the loan in accordance with the terms and conditions of such agreement.

(C) The Secretary shall develop such procedures as are necessary for the facilitation, administration, and promotion of secondary market operations, and for determining the increase of farmers’ access to capital at reasonable rates and terms as a result of secondary market operations.

(D) This subsection shall not be interpreted to impede or extinguish the right of the borrower or the successor in interest to such borrower to prepay (in whole or in part) any loan made under this chapter, or to impede or extinguish the rights of any party under any provision of this chapter.

(2)(A) The Secretary may, directly or through a market maker approved by the Secretary, issue pool certificates representing ownership of part or all of the guaranteed portion of any loan guaranteed by the Secretary under this chapter. Such certificates shall be based on and backed by a pool established or approved by the Secretary and composed solely of the entire guaranteed portion of such loans.

(B) The Secretary may, on such terms and conditions as the Secretary deems appropriate, guarantee the timely payment of the principal and interest on pool certificates issued on behalf of the Secretary by approved market makers for purposes of this subsection. Such guarantee shall be limited to the extent of principal and interest on the guaranteed portions of loans that compose the pool. If a loan in such pool is prepaid, either voluntarily or by reason of default, the guarantee of timely payment of principal and interest on the pool certificates shall be reduced in proportion to the amount of principal and interest such prepaid loan represents in the pool. Interest on prepaid or defaulted loans shall accrue and be guaranteed by the Secretary only through the date of payment on the guarantee. During the term of the pool certificate, the certificate may be called for redemption due to prepayment or default of all loans constituting the pool.

(C) The full faith and credit of the United States is pledged to the payment of all amounts that may be required to be paid under any guarantee of such pool certificates issued by approved market makers under this subsection. The Secretary may expend amounts in the Agricultural Credit Insurance Fund to make payments on such guarantees.

(i) purchase the pool certificates representing ownership of the guaranteed portion of the loan; and

(ii) pay the registered holder of the certificates an amount equal to the guaranteed portion of the loan represented by the certificate.

(F)(i) If the Secretary pays a claim under a guarantee issued under this subsection, the claim shall be subrogated fully to the rights satisfied by such payment, as may be provided by the Secretary.

(ii) No State or local law, and no Federal law, shall preclude or limit the exercise by the Secretary of the Secretary’s ownership rights in the portions of loans constituting the pool against which the certificates are issued.

(3) On the adoption of final rules and regulations, the Secretary shall do the following:

(A) Provide for the central collection of registration information from all participating market makers for all loans and pool certificates sold under paragraphs (1) and (2). Such information shall include, with respect to each original sale and any subsequent sale, identification of the interest rate paid by the borrower to the lender, the lender’s servicing fee, whether interest on the loan is at a fixed or variable rate, identification of each purchaser of a pool certificate, the interest rate paid on the certificate, and such other information as the Secretary deems appropriate.

(B) Before any sale, require the seller to disclose to each prospective purchaser of the portion of a loan guaranteed under this chapter and to each prospective purchaser of a pool certificate issued under paragraph (2), information on the terms, conditions, and yield of such instrument. As used in this subparagraph, if the instrument being sold is a loan, the term “seller” does not include (i) the person who made the loan or (ii) any person who sells three or fewer guaranteed loans per year.
(C) Provide for adequate custody of any pooled guaranteed loans.

(D) Take such actions as are necessary, in restructuring pools of the guaranteed portion of loans, to minimize the estimated costs of paying claims under guarantees issued under this subsection.

(E) Require each market maker—

(i) to service all pools formed, and participations sold, by the market maker; and

(ii) to provide the Secretary with information relating to the collection and disbursement of all periodic payments, prepayments, and default funds from lenders, to or from the reserve fund that the Secretary shall establish to enable the timely payment guarantee to be self-funding, and from all beneficial holders.

(F) Regulate market makers in pool certificates sold under this subsection.

(4) The Secretary may contract for goods and services to be used for the purposes of this subsection without regard to the provisions of titles 5, 40, and 41, and any regulations issued thereunder.

In effecting any such termination, the Secretary shall afford the borrower-owner or lessee the notice and hearing procedural rights described in section 1983b-2 of this title and shall comply with all applicable State and local laws governing eviction from residential property.

The independent appraisal shall be conducted by an appraiser selected by the borrower-owner or immediate family member, as the case may be, from a list of three appraisers approved by the county supervisor.

(3) No rights of a borrower-owner under this section, and no agreement entered into between the borrower-owner and the Secretary for occupancy of the homestead property, shall be transferable or assignable by the borrower-owner or by operation of any law, except that in the case of death or incompetency of such borrower-owner, such rights and agreements shall be transferable to the spouse of the borrower-owner if the spouse agrees to comply with the terms and conditions thereof.

§ 2001. Debt restructuring and loan servicing

(a) In general

The Secretary shall modify delinquent farmer program loans made or insured under this chapter, or purchased from the lender or the Federal Deposit Insurance Corporation under section 1929b of this title, to the maximum extent possible—

(1) to avoid losses to the Secretary on such loans, with priority consideration being placed on writing-down the loan principal and interest (subject to subsections (d) and (e) of this section), and debt set-aside (subject to subsection (e) of this section), whenever these procedures would facilitate keeping the borrower on the farm or ranch, or otherwise through the use of primary loan service programs as provided in this section; and

(2) to ensure that borrowers are able to continue farming or ranching operations.

(b) Eligibility

To be eligible to obtain assistance under subsection (a) of this section—

(1) the delinquency must be due to circumstances beyond the control of the borrower, as defined in regulations issued by the Secretary, except that the regulations shall require that, if the value of the assets calculated under subsection (c)(2)(A)(ii) of this section that may be realized through liquidation or other methods would produce enough income to make the delinquent loan current, the borrower shall not be eligible for assistance under subsection (a) of this section;

(2) the borrower must have acted in good faith with the Secretary in connection with the loan as defined in regulations issued by the Secretary;

(3) the borrower must present a preliminary plan to the Secretary that contains reasonable assumptions that demonstrate that the borrower will be able to—

(A) meet the necessary family living and farm operating expenses; and

(B) service all debts, including those of the loans restructured; and

(4) the loan, if restructured, must result in a net recovery to the Federal Government, during the term of the loan as restructured, that would be more than or equal to the net recovery to the Federal Government from an involuntary liquidation or foreclosure on the property securing the loan.

(c) Restructuring determinations

(1) Determination of net recovery

In determining the net recovery from the involuntary liquidation of a loan under this section, the Secretary shall calculate—

(A) the recovery value of the collateral securing the loan, in accordance with paragraph (2); and

(B) the value of the restructured loan, in accordance with paragraph (3).

(2) Recovery value

For the purpose of paragraph (1), the recovery value of the collateral securing the loan shall be based on—

(A)(i) the amount of the current appraised value of the interests of the borrower in the property securing the loan; plus

(ii) the value of the interests of the borrower in all other assets that are—

(I) not essential for necessary family living expenses;

(II) not essential to the operation of the farm; and

(III) not exempt from judgment creditors or in a bankruptcy action under Federal or State law; less

(B) the estimated administrative, legal, and other expenses associated with the liquidation and disposition of the loan and collateral, including—

(i) the payment of prior liens;

(ii) taxes and assessments, depreciation, management costs, the yearly percentage decrease or increase in the value of the property, and lost interest income, each calculated for the average holding period for the type of property involved;

(iii) resale expenses, such as repairs, commissions, and advertising; and

(iv) other administrative and attorney’s costs; plus

(C) the value, as determined by the Secretary, of any property not included in subparagraph (A)(i) if the property is specified in an agreement with respect to such loan and the Secretary determines that the value of such property should be included for purposes of this section.

(3) Value of the restructured loan

(A) In general

For the purpose of paragraph (1), the value of the restructured loan shall be based on the present value of payments that the borrower would make to the Federal Government if the terms of such loan were modified under any combination of primary loan service programs to ensure that the borrower is able to meet such obligations and continue farming operations.

(B) Present value

For the purpose of calculating the present value referred to in subparagraph (A), the Secretary shall use a discount rate of not more than the current rate on 90-day Treasury bills.

(C) Cash flow margin

For the purpose of assessing under subparagraph (A) the ability of a borrower to meet debt obligations and continue farming operations, the Secretary shall assume that the borrower needs up to 110 percent of the amount indicated for payment of farm operating expenses, debt service obligations, and family living expenses.

(4) Notification

Within 90 days after receipt of a written request for restructuring from the borrower, the Secretary shall—
§ 2001  TITLE 7—AGRICULTURE  Page 1080

(A) make the calculations specified in paragraphs (2) and (3);  
(B) notify the borrower in writing of the results of such calculations; and  
(C) provide documentation for the calculations.

(5) Restructuring of loans

If the value of the restructured loan is greater than or equal to the recovery value, the Secretary shall, within 45 days after notifying the borrower of such calculations, offer to restructure the loan obligations of the borrower under this chapter through primary loan service programs that would enable the borrower to meet the obligations (as modified) under the loan and to continue the farming operations of the borrower. If the borrower accepts such offer, within 45 days after receipt of notice of acceptance, the Secretary shall restructure the loan accordingly.

(6) Termination of loan obligations

The obligations of a borrower to the Secretary under a loan shall terminate if—  
(A) the borrower satisfies the requirements of paragraphs (1) and (2) of subsection (b) of this section;  
(B) the value of the restructured loan is less than the recovery value; and  
(C) not later than 90 days after receipt of the notification described in paragraph (4), the borrower pays (or obtains third-party financing to pay) the Secretary an amount equal to the current market value.

(7) Negotiation of appraisal

(A) In general

In making a determination concerning restructuring under this subsection, the Secretary, at the request of the borrower, shall enter into negotiations concerning appraisals required under this subsection with the borrower.

(B) Independent appraisal

If the borrower, based on a separate current appraisal, objects to the decision of the Secretary regarding an appraisal, the borrower and the Secretary shall mutually agree, to the extent practicable, on an independent appraiser who shall conduct another appraisal of the borrower’s property. The average of the two appraisals that are closest in value shall become the final appraisal under this paragraph. The borrower and the Secretary shall each pay one-half of the cost of the independent appraisal.

(d) Principal and interest write-down

(1) In general

(A) Priority consideration

In selecting the restructuring alternatives to be used in the case of a borrower who has requested restructuring under this section, the Secretary shall give priority consideration to the use of principal and interest write-down, except that this procedure shall not be given first priority in the case of a borrower unless other creditors of such borrower (other than those creditors who are fully collateralized) representing a substantial portion of the total debt of the borrower held by such creditors, agree to participate in the development of the restructuring plan or agree to participate in a State mediation program.

(B) Failure of creditors to agree

Failure of creditors to agree to participate in the restructuring plan or mediation program shall not preclude the use of principal and interest write-down by the Secretary if the Secretary determines that this restructuring alternative results in the least cost to the Secretary.

(2) Participation of creditors

Before eliminating the option to use debt write-down in the case of a borrower, the Secretary shall make a reasonable effort to contact the creditors of such borrower, either directly or through the borrower, and encourage such creditors to participate with the Secretary in the development of a restructuring plan for the borrower.

(e) Shared appreciation arrangements

(1) In general

As a condition of restructuring a loan in accordance with this section, the borrower of the loan may be required to enter into a shared appreciation arrangement that requires the repayment of amounts written off or set aside.

(2) Terms

Shared appreciation agreements shall have a term not to exceed 10 years, and shall provide for recapture based on the difference between the appraised values of the real security property at the time of restructuring and at the time of recapture.

(3) Percentage of recapture

The amount of the appreciation to be recaptured by the Secretary shall be 75 percent of the appreciation in the value of such real security property if the recapture occurs within 4 years of the restructuring, and 50 percent if the recapture occurs during the remainder of the term of the agreement.

(4) Time of recapture

Recapture shall take place at the end of the term of the agreement, or sooner—  
(A) on the conveyance of the real security property;  
(B) on the repayment of the loans; or  
(C) if the borrower ceases farming operations.

(5) Transfer of title

Transfer of title to the spouse of a borrower on the death of such borrower shall not be treated as a conveyance for the purpose of paragraph (4).

(6) Notice of recapture

Beginning with fiscal year 2000 not later than 12 months before the end of the term of a shared appreciation arrangement, the Secretary shall notify the borrower involved of the provisions of the arrangement.
(7) Financing of recapture payment
(A) In general
The Secretary may amortize a recapture payment owed to the Secretary under this subsection.

(B) Term
The term of an amortization under this paragraph may not exceed 25 years.

(C) Interest rate
(i) In general
The interest rate applicable to an amortization under this paragraph may not exceed the rate applicable to a loan to reacquire homestead property less 100 basis points.

(ii) Existing amortizations and loans
The interest rate applicable to an amortization or loan made by the Secretary before October 29, 2000, to finance a recapture payment owed to the Secretary under this subsection may not exceed the rate applicable to a loan to reacquire homestead property less 100 basis points.

(D) Reamortization
(i) In general
The Secretary may modify the amortization of a recapture payment referred to in subparagraph (A) of this paragraph on which a payment has become delinquent by using loan service tools under section 1991(b)(3) of this title if—

(I) the default is due to circumstances beyond the control of the borrower; and

(II) the borrower acted in good faith (as determined by the Secretary) in attempting to repay the recapture amount.

"(5) to strengthen efforts that emphasize regional approaches to economic development and planning;

"(6) to encourage the participation of interested citizens, public officials, agencies, and others in developing and implementing local and regional plans for broad-based economic and community development; and

Sec.

§ 2011. Congressional declaration of policy

It is declared to be the policy of Congress, in order to promote the general welfare, to safeguard the health and well-being of the Nation’s population by raising levels of nutrition among low-income households. Congress finds that the limited food purchasing power of low-income households contributes to hunger and malnutrition among members of such households. Congress further finds that increased utilization of food in establishing and maintaining adequate national levels of nutrition will promote the distribution in a beneficial manner of the Nation’s agricultural abundance and will strengthen the Nation’s agricultural economy, as well as result in more orderly marketing and distribution of foods. To alleviate such hunger and malnutrition, a supplemental nutrition assistance program is herein authorized which will permit low-income households to purchase a nutritionally adequate diet through normal channels of trade for the alleviation of hunger and malnutrition which will permit such households to receive a greater share of Nation’s abundance of food.

(iv) to describe the major effects of such common or simplified programs and policies (including how such common or simplified programs and policies would enhance or conflict with the purposes of such programs, how they would ease burdens on administrators and recipients, how they would affect program costs and participation, and the degree to which they would change the relationships between the Federal Government and the States in such programs) and the reasons for recommending such programs and policies (including reasons, if any, that might be sufficient to override special rules derived from the purposes of individual programs).

(c) ADMINISTRATIVE SUPPORT.—The Secretary shall provide the Committee with such technical and other assistance, including secretarial and clerical assistance, as may be required to carry out its functions."

(II) rely on reasonable estimates of the expected medical expenses of the member for the certification period (including changes that can be reasonably anticipated based on available information about the medical condition of the member, public or private medical insurance coverage, and the current verified medical expenses incurred by the member); and

(III) not require further reporting or verification of a change in medical expenses if such a change has been anticipated for the certification period.

(6) Excess shelter expense deduction

(A) In general

A household shall be entitled, with respect to expenses other than expenses paid on behalf of the household by a third party, to an excess shelter expense deduction to the extent that the monthly amount expended by a household for shelter exceeds an amount equal to 50 percent of monthly household income after all other applicable deductions have been allowed.

(B) Maximum amount of deduction

In the case of a household that does not contain an elderly or disabled individual, in the 48 contiguous States and the District of Columbia, Alaska, Hawaii, Guam, and the Virgin Islands of the United States, the excess shelter expense deduction shall not exceed—

(i) for the period beginning on August 22, 1996, and ending on December 31, 1996, $247, $429, $353, $300, and $182 per month, respectively;

(ii) for the period beginning on August 22, 1997, and ending on December 31, 1997, $250, $434, $357, $304, and $184 per month, respectively;

(iii) for fiscal year 1999, $275, $478, $393, $334, and $203 per month, respectively;

(iv) for fiscal year 2000, $280, $483, $396, $339, and $208 per month, respectively;

(v) for fiscal year 2001, $340, $543, $458, $399, and $268 per month, respectively; and

(vi) for fiscal year 2002 and each subsequent fiscal year, the applicable amount during the preceding fiscal year, as adjusted to reflect changes for the 12-month period ending the preceding November 30 in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.
(C) Standard utility allowance

(i) In general
In computing the excess shelter expense deduction, a State agency may use a standard utility allowance in accordance with regulations promulgated by the Secretary, except that a State agency may use an allowance that does not fluctuate within a year to reflect seasonal variations.

(ii) Restrictions on heating and cooling expenses
An allowance for a heating or cooling expense may not be used in the case of a household that—

(I) does not incur a heating or cooling expense, as the case may be;
(II) does incur a heating or cooling expense but is located in a public housing unit that has central utility meters and charges households, with regard to the expense, only for excess utility costs; or
(III) shares the expense with, and lives with, another individual not participating in the supplemental nutrition assistance program, another household participating in the supplemental nutrition assistance program, or both, unless the allowance is prorated between the household and the other individual, household, or both.

(iii) Mandatory allowance

(I) In general
A State agency may make the use of a standard utility allowance mandatory for all households with qualifying utility costs if—

(aa) the State agency has developed 1 or more standards that include the cost of heating and cooling and 1 or more standards that do not include the cost of heating and cooling; and
(bb) the Secretary finds (without regard to subclause (III)) that the standards will not result in an increased cost to the Secretary.

(II) Household election
A State agency that has not made the use of a standard utility allowance mandatory under subclause (I) shall allow a household to switch, at the end of a certification period, between the standard utility allowance and a deduction based on the actual utility costs of the household.

(III) Inapplicability of certain restrictions
Clauses (ii)(II) and (ii)(III) shall not apply in the case of a State agency that has made the use of a standard utility allowance mandatory under subclause (I).

(iv) Availability of allowance to recipients of energy assistance

(I) In general
Subject to subclause (II), if a State agency elects to use a standard utility allowance that reflects heating or cooling costs, the standard utility allowance shall be made available to households receiving a payment, or on behalf of which a payment is made, under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.) or other similar energy assistance program, if the household still incurs out-of-pocket heating or cooling expenses in excess of any assistance paid on behalf of the household to an energy provider.

(II) Separate allowance
A State agency may use a separate standard utility allowance for households on behalf of which a payment described in subclause (I) is made, but may not be required to do so.

(III) States not electing to use separate allowance
A State agency that does not elect to use a separate allowance but makes a single standard utility allowance available to households incurring heating or cooling expenses (other than a household described in subclause (I) or (II) of clause (ii)) may not be required to reduce the allowance due to the provision (directly or indirectly) of assistance under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.).

(IV) Proration of assistance
For the purpose of the supplemental nutrition assistance program, assistance provided under the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. 8621 et seq.) shall be considered to be prorated over the entire heating or cooling season for which the assistance was provided.

(D) Homeless households

(i) Alternative deduction
In lieu of the deduction provided under subparagraph (A), a State agency may elect to allow a household in which all members are homeless individuals, that is not receiving free shelter throughout the month, to receive a deduction of $143 per month.

(ii) Ineligibility
The State agency may make a household with extremely low shelter costs ineligible for the alternative deduction under clause (I).

(f) Calculation of household income; prospective or retrospective accounting basis; consistency

(1)(A) Household income for those households that, by contract for other than an hourly or piecework basis or by self-employment, derive their annual income in a period of time shorter than one year shall be calculated by averaging such income over a twelve-month period. Notwithstanding the preceding sentence, household income resulting from the self-employment of a member in a farming operation, who derives income from such farming operation and who has
irregular expenses to produce such income, may, at the option of the household, be calculated by averaging such income and expenses over a 12-month period. Notwithstanding the first sentence, if the averaged amount does not accurately reflect the household’s actual monthly circumstances because the household has experienced a substantial increase or decrease in business earnings, the State agency shall calculate the self-employment income based on anticipated earnings.

(B) Household income for those households that receive nonexcluded income of the type described in subsection (d)(3) of this section shall be calculated by averaging such income over the period for which it is received.

(C) Simplified determination of deductions.—

(i) In general.—Except as provided in clause (ii), for the purposes of subsection (e) of this section, a State agency may elect to disregard until the next recertification of eligibility under section 2020(e)(4) of this title 1 or more types of changes in the circumstances of a household that affect the amount of deductions the household may claim under subsection (e) of this section.

(ii) Changes that may not be disregarded.—Under clause (i), a State agency may not disregard—

(I) any reported change of residence; or

(II) under standards prescribed by the Secretary, any change in earned income.

(2)(A) Except as provided in subparagraphs (B), (C), and (D), households shall have their incomes calculated on a prospective basis, as provided in paragraph (3)(A), or, at the option of the State agency, on a retrospective basis, as provided in paragraph (3)(B).

(B) In the case of the first month, or at the option of the State, the first and second months, during a continuous period in which a household is certified, the State agency shall determine eligibility and the amount of benefits on the basis of the household’s income and other relevant circumstances in such first or second month.

(C) Households specified in clauses (i), (ii), and (iii) of section 2015(c)(1)(A) of this title shall have their income calculated on a prospective basis, as provided in paragraph (3)(B).

(D) Except as provided in subparagraph (B), households required to submit monthly reports of their income and household circumstances under section 2015(c)(1) of this title shall have their income calculated on a retrospective basis, as provided in paragraph (3)(B).

(3)(A) Calculation of household income on a prospective basis is the calculation of income on the basis of the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined. Such calculation shall be made in accordance with regulations prescribed by the Secretary which shall provide for taking into account both the income reasonably anticipated to be received by the household during the period for which eligibility or benefits are being determined and the income received by the household during the preceding thirty days.

(B) Calculation of household income on a retrospective basis is the calculation of income for the period for which eligibility or benefits are being determined on the basis of income received in a previous period. Such calculation shall be made in accordance with regulations prescribed by the Secretary which may provide for the determination of eligibility on a prospective basis in some or all cases in which benefits are calculated under this paragraph. Such regulations shall provide for supplementing the initial allotments of newly applying households in those cases in which the determination of income under this paragraph causes serious hardship.

(4) In promulgating regulations under this subsection, the Secretary shall consult with the Secretary of Health and Human Services in order to assure that, to the extent feasible and consistent with the purposes of this chapter and the Social Security Act [42 U.S.C. 301 et seq.], the income of households receiving benefits under this chapter and title IV–A of the Social Security Act [42 U.S.C. 601 et seq.] is calculated on a comparable basis under this chapter and the Social Security Act. The Secretary is authorized, upon the request of a State agency, to waive any of the provisions of this subsection (except the provisions of paragraph (2)(A)) to the extent necessary to permit the State agency to calculate income for purposes of this chapter on the same basis that income is calculated under title IV–A of the Social Security Act in that State.

(g) Allowable financial resources

(1) Total amount.—

(A) In general.—The Secretary shall prescribe the types and allowable amounts of financial resources (liquid and nonliquid assets) an eligible household may own, and shall, in so doing, assure that a household otherwise eligible to participate in the supplemental nutrition assistance program will not be eligible to participate if its resources exceed $2,000 (as adjusted in accordance with subparagraph (B)), or, in the case of a household which consists of or includes an elderly or disabled member, if its resources exceed $3,000 (as adjusted in accordance with subparagraph (B)).

(B) Adjustment for inflation.—

(i) In general.—Beginning on October 1, 2008, and each October 1 thereafter, the amounts specified in subparagraph (A) shall be adjusted and rounded down to the nearest $250 increment to reflect changes for the 12-month period ending the preceding June in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(ii) Requirement.—Each adjustment under clause (i) shall be based on the unrounded amount for the prior 12-month period.

(2) Included assets.—

(A) In general.—Subject to the other provisions of this paragraph, the Secretary shall, in prescribing inclusions in, and exclusions from, financial resources, follow the regulations in force as of June 1, 1992 (other than those relating to licensed vehicles and inaccessible resources).

(B) Additional included assets.—The Secretary shall include in financial resources—
(i) any boat, snowmobile, or airplane used for recreational purposes;  
(ii) any vacation home;  
(iii) any mobile home used primarily for vacation purposes;  
(iv) subject to subparagraphs (C) and (D), any licensed vehicle that is used for household transportation or to obtain or continue employment to the extent that the fair market value of the vehicle exceeds $4,650; and  
(v) any savings account, regardless of whether there is a penalty for early withdrawal.

(C) EXCLUDED VEHICLES.—A vehicle (and any other property, real or personal, to the extent the property is directly related to the maintenance or use of the vehicle) shall not be included in financial resources under this paragraph if the vehicle is—  
(i) used to produce earned income;  
(ii) necessary for the transportation of a physically disabled household member; or  
(iii) depended on by a household to carry fuel for heating or water for home use and provides the primary source of fuel or water, respectively, for the household.

(D) ALTERNATIVE VEHICLE ALLOWANCE.—If the vehicle allowance standards that a State agency uses to determine eligibility for assistance under the State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) would result in a lower attribution of resources to certain households than under subparagraph (B)(iv), in lieu of applying subparagraph (B)(iv), the State agency may elect to apply the State vehicle allowance standards to all households that would incur a lower attribution of resources under the State vehicle allowance standards.

(3) The Secretary shall exclude from financial resources the value of a burial plot for each member of a household and nonliquid resources necessary to allow the household to carry out a plan for self-sufficiency approved by the State agency that constitutes adequate participation in an employment and training program under section 2015(d) of this title. The Secretary shall also exclude from financial resources any earned income tax credits received by any member of the household for a period of 12 months from receipt if such member was participating in the supplemental nutrition assistance program at the time the credits were received and participated in such program continuously during the 12-month period.

(4) In the case of farm property (including land, equipment, and supplies) that is essential to the self-employment of a household member in a farming operation, the Secretary shall exclude from financial resources the value of such property until the expiration of the 1-year period beginning on the date such member ceases to be self-employed in farming.

(5) The Secretary shall promulgate rules by which State agencies shall develop standards for identifying kinds of resources that, as a practical matter, the household is unlikely to be able to sell for any significant return because the household’s interest is relatively slight or because the cost of selling the household’s interest would be relatively great. Resources so identified shall be excluded as inaccessible resources. A resource shall be so identified if its sale or other disposition is unlikely to produce any significant amount of funds for the support of the household. The Secretary shall not require the State agency to require verification of the value of a resource to be excluded under this paragraph unless the State agency determines that the information provided by the household is questionable.

(6) EXCLUSION OF TYPES OF FINANCIAL RESOURCES NOT CONSIDERED UNDER CERTAIN OTHER FEDERAL PROGRAMS.—  
(A) IN GENERAL.—Subject to subparagraph (B), a State agency may, at the option of the State agency, exclude from financial resources under this subsection any types of financial resources that the State agency does not consider when determining eligibility for—  
(i) cash assistance under a program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); or  
(ii) medical assistance under section 1931 of the Social Security Act (42 U.S.C. 1396u–1).

(B) LIMITATIONS.—Except to the extent that any of the types of resources specified in clauses (i) through (iv) are excluded under another paragraph of this subsection, subparagraph (A) does not authorize a State agency to exclude—  
(i) cash;  
(ii) licensed vehicles;  
(iii) amounts in any account in a financial institution that are readily available to the household; or  
(iv) any other similar type of resource the Secretary may exclude from financial resources of which the Secretary determines by regulation to be essential to equitable determinations of eligibility under the supplemental nutrition assistance program.

(7) EXCLUSION OF RETIREMENT ACCOUNTS FROM ALLOWABLE FINANCIAL RESOURCES.—  
(A) MANDATORY EXCLUSIONS.—The Secretary shall exclude from financial resources under this subsection the value of—  
(i) any funds in a plan, contract, or account, described in sections 401(a), 403(a), 403(b), 408, 408A, 457(b), and 501(c)(18) of title 26 and the value of funds in a Federal Thrift Savings Plan account as provided in section 8459 of title 5; and  
(ii) any retirement program or account included in any successor or similar provision that may be enacted and determined to be exempt from tax under title 26.

(B) DISCRETIONARY EXCLUSIONS.—The Secretary may exclude from financial resources under this subsection the value of any other retirement plans, contracts, or accounts (as determined by the Secretary).

(8) EXCLUSION OF EDUCATION ACCOUNTS FROM ALLOWABLE FINANCIAL RESOURCES.—  
(A) MANDATORY EXCLUSIONS.—The Secretary shall exclude from financial resources under this subsection the value of any funds in a qualified tuition program described in section

under rules prescribed by the Secretary;

(ii) the amount determined under clause (i)

section for a household equal in size to the
sponsor, the sponsor's spouse if living with the
sponsor; and any persons dependent upon or
receiving support from the sponsor or the
sponsor's spouse if the spouse is living with
the sponsor; and

(iii) the monthly income attributed to such
alien shall be one-twelfth of the amount cal-
culated under clause (ii) of this subparagraph.

(B) The amount of resources of a sponsor, and
the sponsor's spouse if living with the sponsor,
which shall be deemed to be the resources of an
alien for any year shall be determined as fol-

sources of such alien.

(C)(i) Any individual who is an alien shall,
during the period of three years after entry into
the United States, in order to be an eligible indi-
vidual or eligible spouse for purposes of this
chapter, be required to provide to the State
agency such information and documentation
with respect to the alien's sponsor and sponsor's
spouse as may be necessary in order for the
State agency to make any determination re-
quired under this section, and to obtain any co-
operation from such sponsor necessary for any
such determination. Such alien shall also be re-
quired to provide such information and docu-
mentation which such alien or the sponsor pro-
vided in support of such alien's immigration ap-
plication as the State agency may request.

(ii) The Secretary shall enter into agreements
with the Secretary of State and the Attorney
General whereby any information available to
such persons and required in order to make any
determination under this section will be pro-
vided by such persons to the Secretary, and
whereby such persons shall inform any sponsor
of an alien, at the time such sponsor executes an affidavit of support or similar agreement, of the requirements imposed by this section.

(D) Any sponsor of an alien, and such alien, shall be jointly and severally liable for an amount equal to any overpayment made to such alien during the period of three years after such alien’s entry into the United States, on account of such sponsor’s failure to provide correct information under the provisions of this section, except where such sponsor was without fault, or where good cause for such failure existed. Any such overpayment which is not repaid shall be recovered in accordance with the provisions of section 2022(b)(2) of this title.

(E) The provisions of this subsection shall not apply with respect to any alien who is a member of the sponsor’s household or to any alien who is under 18 years of age.

(j) Resource exemption for otherwise exempt households

Notwithstanding subsections (a) through (l) of this section, a State agency shall consider a household member who receives supplemental security income benefits under title XVI of the Social Security Act [42 U.S.C. 1381 et seq.], aid to the aged, blind, or disabled under title I, II, X, XIV or XVI of such Act [42 U.S.C. 301 et seq., 401 et seq., 1201 et seq., 1351 et seq., 1381 et seq.], or who receives benefits under a State program funded under part A of title IV of the Act (42 U.S.C. 601 et seq.) to have satisfied the resource limitations prescribed under subsection (g) of this section.

(k) Assistance to third parties included; educational benefits; exceptions

(1) For purposes of subsection (d)(1) of this section, except as provided in paragraph (2), assistance provided to a third party on behalf of a household by a State or local government shall be considered money payable directly to the household if the assistance is provided in lieu of—

(A) a regular benefit payable to the household for living expenses under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); or

(B) a benefit payable to the household for housing expenses under—

(i) a State or local general assistance program; or

(ii) another basic assistance program comparable to general assistance (as determined by the Secretary).

(2) Paragraph (1) shall not apply to—

(A) medical assistance;

(B) child care assistance;

(C) a payment or allowance described in subsection (d)(11) of this section;

(D) assistance provided by a State or local housing authority;

(E) emergency assistance for migrant or seasonal farmworker households during the period such households are in the job stream;

(F) emergency and special assistance, to the extent excluded in regulations prescribed by the Secretary; or

(G) assistance provided to a third party on behalf of a household under a State or local general assistance program, or another local basic assistance program comparable to general assistance (as determined by the Secretary), if, under State law, no assistance under the program may be provided directly to the household in the form of a cash payment.

(3) For purposes of subsection (d)(1) of this section, educational loans on which payment is deferred, grants, scholarships, fellowships, veterans’ educational benefits, and the like that are provided to a third party on behalf of a household for living expenses shall be treated as money payable directly to the household.

(4) Third party energy assistance payments—

(A) Energy assistance payments.—For purposes of subsection (d)(1) of this section, a payment made under a State law (other than a law referred to in paragraph (2)(H)) to provide energy assistance to a household shall be considered money payable directly to the household.

(B) Energy assistance expenses.—For purposes of subsection (e)(6) of this section, an expense paid on behalf of a household under a State law to provide energy assistance shall be considered an out-of-pocket expense incurred and paid by the household.

(l) Earnings of participants of on-the-job training programs; exception

(m) Simplified calculation of income for self-employed

(1) In general

Not later than 1 year after August 22, 1996, the Secretary shall establish a procedure by which a State may submit a method, designed to not increase Federal costs, for the approval of the Secretary, that the Secretary determines will produce a reasonable estimate of income excluded under subsection (d)(9) of this section in lieu of calculating the actual cost of producing self-employment income.

(2) Inclusive of all types of income or limited types of income

The method submitted by a State under paragraph (1) may allow a State to estimate income for all types of self-employment income or may be limited to 1 or more types of self-employment income.

(3) Differences for different types of income

The method submitted by a State under paragraph (1) may differ for different types of self-employment income.

(n) State options to simplify determination of child support payments

Regardless of whether a State agency elects to provide a deduction under subsection (e)(4) of this section, the Secretary shall establish sim-
plified procedures to allow State agencies, at the option of the State agencies, to determine the amount of any legally obligated child support payments made, including procedures to allow the State agency to rely on information concerning payments made, including procedures to obtain current information from the household.

(cc) whether an individual is in compliance with a requirement under subparagraph (A).

(B) Not Less Restrictive.—A State agency may not use a meaning, procedure, or determination under subclause (I) that is less restrictive on individuals receiving benefits under this chapter than a comparable meaning, procedure, or determination under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.).

(II) Time for Making Designation.—A household may designate the head of the household under subclause (I) each time the household is certified for participation in the supplemental nutrition assistance program, but may not change the designation during a certification period unless there is a change in the composition of the household.

(VI) Change in Head of Household.—If the head of a household leaves the household during a period in which the household is ineligible to participate in the supplemental nutrition assistance program under subparagraph (B)—

(I) the household shall, if otherwise eligible, become eligible to participate in the supplemental nutrition assistance program; and

(3) Notwithstanding any other provision of law, a household shall not participate in the supplemental nutrition assistance program at any time that any member of such household, not exempt from the work registration requirements of paragraph (1) of this subsection, is on strike as defined in section 142(2) of title 29, because of a labor dispute (other than a lockout) as defined in section 152(9) of title 29: Provided, That a household shall not lose its eligibility to participate in the supplemental nutrition assistance program as a result of one of its members going on strike if the household was eligible immediately prior to such strike, however, such household shall not receive an increased allotment as the result of a decrease in the income of the striking member or members of the household: Provided further, That such ineligibility shall not apply to any household that does not contain a member on strike, if any of its members refuses to accept employment at a plant or site because of a strike or lockout.
(4) EMPLOYMENT AND TRAINING.—
(A) IN GENERAL.—
(i) IMPLEMENTATION.—Each State agency shall implement an employment and training program designed by the State agency and approved by the Secretary for the purpose of assisting members of households participating in the supplemental nutrition assistance program in gaining skills, training, work, or experience that will increase their ability to obtain regular employment.

(ii) STATEWIDE WORKFORCE DEVELOPMENT SYSTEM.—Each component of an employment and training program carried out under this paragraph shall be delivered through a statewide workforce development system, unless the component is not available locally through such a system.

(B) For purposes of this chapter, an “employment and training program” means a program that contains one or more of the following components, except that the State agency shall retain the option to apply employment requirements prescribed under this subparagraph to a program applicant at the time of application:

(1) Job search programs.

(ii) Job search training programs that include, to the extent determined appropriate by the State agency, reasonable job search training and support activities that may consist of jobs skills assessments, job finding clubs, training in techniques for employability, job placement services, or other direct training or support activities, including educational programs, determined by the State agency to expand the job search abilities or employability of those subject to the program.

(iii) Workfare programs operated under section 2029 of this title.

(iv) Programs designed to improve the employability of household members through actual work experience or training, or both, and to enable individuals employed or trained under such programs to move promptly into regular public or private employment. An employment or training experience program established under this clause shall—

(I) not provide any work that has the effect of replacing the employment of an individual not participating in the employment or training experience program; and

(II) provide the same benefits and working conditions that are provided at the job site to employees performing comparable work for comparable hours.

(v) Educational programs or activities to improve basic skills and literacy, or otherwise improve employability, including educational programs determined by the State agency to expand the job search abilities or employability of those subject to the program under this paragraph.

(G) The State agency may operate any program component described in subparagraph (A)(ii) to the extent determined appropriate by the State agency for purposes of the component authorized under subparagraph (B)(v) shall not be used to supplant non-Federal funds used for existing services and activities that promote the purposes of this component.
(I) The State agency shall provide payments or reimbursements to participants in programs carried out under this paragraph, including individuals participating under subparagraph (D), for—
(I) the actual costs of transportation and other actual costs (other than dependent care costs), that are reasonably necessary and directly related to participation in the program; and
(II) the actual costs of such dependent care expenses that are determined by the State agency to be necessary for the participation of an individual in the program (other than an individual who is the caretaker relative of a dependent in a family receiving benefits under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] in a local area where an employment, training, or education program under title IV of such Act [42 U.S.C. 601 et seq.] is in operation), except that no such payment or reimbursement shall exceed the applicable local market rate. Individuals subject to the program under this paragraph may not be required to participate if dependent costs exceed the limit established by the State agency under this subclause or other actual costs exceed any limit established under subclause (I).
(ii) In lieu of providing reimbursements or payments for dependent care expenses under clause (i), a State agency may, at its option, arrange for dependent care through providers by the use of purchase of service contracts or vouchers or by providing vouchers to the household.
(iii) The value of any dependent care services provided for or arranged under clause (ii), or any amount received as a payment or reimbursement under clause (i), shall—
(I) be treated as income for the purposes of any other Federal or federally assisted program that bases eligibility for, or the amount of benefits on, need; and
(II) not be claimed as an employment-related expense for the purposes of the credit provided under section 21 of title 26.
(J) The Secretary shall promulgate guidelines that (i) enable State agencies, to the maximum extent practicable, to design and operate an employment and training program that is compatible and consistent with similar programs operated within the State, and (ii) ensure, to the maximum extent practicable, that employment and training programs are provided for Indians on reservations.
(K) LIMITATION ON FUNDING.—Notwithstanding any other provision of this paragraph, the amount of funds a State agency uses to carry out this paragraph (including funds used to carry out subparagraph (I)) for participants who are receiving benefits under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] shall not exceed the amount of funds the State agency used in fiscal year 1995 to carry out this paragraph for participants who were receiving benefits in fiscal year 1995 under a State program funded under part A of title IV of the Act [42 U.S.C. 601 et seq.].
(L) The Secretary shall ensure that State agencies comply with the requirements of this paragraph and section 2020(e)(19) of this title.
(M) The facilities of the State public employment offices and other State agencies and providers carrying out activities under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.] may be used to find employment and training opportunities for household members under the programs under this paragraph.
(e) Students
No individual who is a member of a household otherwise eligible to participate in the supplemental nutrition assistance program under this section shall be eligible to participate in the supplemental nutrition assistance program as a member of that or any other household if the individual is enrolled at least half-time in an institution of higher education, unless the individual—

No individual who receives supplemental security income benefits under title XVI of the Social Security Act [42 U.S.C. 1381 et seq.], State supplemental payments described in section 1616 of such Act [42 U.S.C. 1382a], or payments of the type referred to in section 212(a) of Public Law 93–66, as amended, shall be considered to be a member of a household for any month, if, for such month, such individual resides in a State which provides State supplemental payments (1) of the type described in section 1616(a) of the Social Security Act [42 U.S.C. 1382a(a)] and section 212(a) of Public Law 93–66, and (2) the level of which has been found by the Commissioner of Social Security to have been specifically increased so as to include the bonus value of food stamps.

An individual shall be ineligible to participate in the supplemental nutrition assistance program as a member of any household for a 10-year period if the individual is found by a State agency to have made, or is convicted in a Federal or State court of having made, a fraudulent statement or representation with respect to the identity or place of residence of the individual in order to receive multiple benefits simultaneously under the supplemental nutrition assistance program.

(II) a sufficient number of pilot projects have been carried out under paragraph (2)(A); and

§ 2018. Approval of retail food stores and wholesale food concerns

(a) Applications; qualifications; certificate of approval; periodic reauthorization

(1) Regulations issued pursuant to this chapter shall provide for the submission of applications
for approval by retail food stores and wholesale food concerns which desire to be authorized to accept and redeem benefits under the supplemental nutrition assistance program and for the approval of those applicants whose participation will effectuate the purposes of the supplemental nutrition assistance program. In determining the qualifications of applicants, there shall be considered among such other factors as may be appropriate, the following: (A) the nature and extent of the food business conducted by the applicant; (B) the volume of benefit transactions which may reasonably be expected to be conducted by the applicant food store or wholesale food concern; and (C) the business integrity and reputation of the applicant. Approval of an applicant shall be evidenced by the issuance to each applicant of a nontransferable certificate of approval. No retail food store or wholesale food concern of a type determined by the Secretary, based on factors that include size, location, and type of items sold, shall be approved to be authorized or reauthorized for participation in the supplemental nutrition assistance program unless an authorized employee of the Department of Agriculture, a designee of the Secretary, or, if practicable, an official of the State or local government designated by the Secretary has visited the store or concern for the purpose of determining whether the store or concern should be approved or reauthorized, as appropriate.

(2) The Secretary shall issue regulations providing for—
(A) the periodic reauthorization of retail food stores and wholesale food concerns; and
(B) periodic notice to participating retail food stores and wholesale food concerns of the definitions of “retail food store”, “staple foods”, “eligible foods”, and “perishable foods”.

(3) Authorization periods.—The Secretary shall establish specific time periods during which authorization to accept and redeem benefits shall be valid under the supplemental nutrition assistance program.

(b) Effective and efficient operation of program; effect of disqualification; posting of bond

(1) No wholesale food concern may be authorized to accept and redeem benefits unless the Secretary determines that its participation is required for the effective and efficient operation of the supplemental nutrition assistance program. No co-located wholesale-retail food concern may be authorized to accept and redeem benefits as a retail food store, unless (A) the concern does a substantial level of retail food business, or (B) the Secretary determines that failure to authorize such a food concern as a retail food store would cause hardship to households that receive supplemental nutrition assistance program benefits. In addition, no firm may be authorized to accept and redeem benefits as both a retail food store and as a wholesale food concern at the same time.

(2) A buyer or transferee (other than a bona fide buyer or transferee) of a retail food store or wholesale food concern that has been disqualified under section 2021(a) of this title may not accept or redeem benefits until the Secretary receives full payment of any penalty imposed on such store or concern.

(B) A buyer or transferee may not, as a result of the sale or transfer of such store or concern, be required to furnish a bond under section 2021(d) of this title.

(c) Information submitted by applicants; safeguards; disclosure to and use by State agencies

Regulations issued pursuant to this chapter shall require an applicant retail food store or wholesale food concern to submit information, which may include relevant income and sales tax filing documents, which will permit a determination to be made as to whether such applicant qualifies, or continues to qualify, for approval under the provisions of this chapter or the regulations issued pursuant to this chapter. The regulations may require retail food stores and wholesale food concerns to provide written authorization for the Secretary to verify all relevant tax filings with appropriate agencies and to obtain corroborating documentation from other sources so that the accuracy of information provided by the stores and concerns may be verified. Regulations issued pursuant to this chapter shall provide for safeguards which limit the use or disclosure of information obtained under the authority granted by this subsection to purposes directly connected with administration and enforcement of the provisions of this chapter or the regulations issued pursuant to this chapter, except that such information may be disclosed to and used by Federal law enforcement and investigative agencies and law enforcement and investigative agencies of a State government for the purposes of administering or enforcing this chapter or any other Federal or State law and the regulations issued under this chapter or such law, and State agencies that administer the special supplemental nutrition program for women, infants and children, authorized under section 17 of the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.] and the regulations issued under that Act. Any person who publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by Federal law (including a regulation) any information obtained under this subsection shall be fined not more than $1,000 or imprisoned not more than 1 year, or both. The regulations shall establish the criteria to be used by the Secretary to determine whether the information is needed. The regulations shall not prohibit the audit and examination of such information by the Comptroller General of the United States authorized by any other provision of law.

(d) Hearing upon failure of applicant to receive approval; waiting period for new application

Any retail food store or wholesale food concern which has failed upon application to receive approval to participate in the supplemental nutrition assistance program may obtain a hearing on such refusal as provided in section 2023 of this title. A retail food store or wholesale food concern that is denied approval to accept and redeem benefits because the store or concern does not meet criteria for approval
established by the Secretary may not, for at least 6 months, submit a new application to participate in the program. The Secretary may establish a longer time period under the preceding sentence, including permanent disqualification, that reflects the severity of the basis of the denial.

(e) Reporting of abuses by public

Approved retail food stores shall display a sign providing information on how persons may report abuses they have observed in the operation of the supplemental nutrition assistance program.

(f) Limitation on participation of house-to-house trade routes

In those areas in which the Secretary, in consultation with the Inspector General of the Department of Agriculture, finds evidence that the operation of house-to-house trade routes damages the program’s integrity, the Secretary shall limit the participation of house-to-house trade routes to those routes that are reasonably necessary to provide adequate access to households.

The State agency of each participating State shall have responsibility for certifying applicant households and issuing EBT cards.

The responsibility of the agency of the State government shall not be affected by whether the program is operated on a State-administered or county-administered basis, as provided under section 2012(c)(1) of this title.

(3) Records

(A) In general

Each State agency shall keep such records as may be necessary to determine whether the program is being conducted in compliance with this chapter (including regulations issued under this chapter).

(B) Inspection and audit

Records described in subparagraph (A) shall—

(i) be available for inspection and audit at any reasonable time;

(ii) subject to subsection (e)(8), be available for review in any action filed by a household to enforce any provision of this chapter (including regulations issued under this chapter); and

(iii) be preserved for such period of not less than 3 years as may be specified in regulations.

(4) Review of major changes in program design

(A) In general

The Secretary shall develop standards for identifying major changes in the operations of a State agency, including—

(i) large or substantially-increased numbers of low-income households that do not live in reasonable proximity to an office performing the major functions described in subsection (e);

(ii) substantial increases in reliance on automated systems for the performance of responsibilities previously performed by personnel described in subsection (e)(6)(B);

(iii) changes that potentially increase the difficulty of reporting information under subsection (e) or section 2015(c) of this title; and

(iv) changes that may disproportionately increase the burdens on any of the types of households described in subsection (e)(2)(A).

(B) Notification

If a State agency implements a major change in operations, the State agency shall—

(i) notify the Secretary; and

(ii) collect such information as the Secretary shall require to identify and correct any adverse effects on program integrity or access, including access by any of the types of households described in subsection (e)(2)(A).
(b) Correction of improper denials and under-issuances

When a State agency learns, through its own reviews under section 2025 of this title or other reviews, or through other sources, that it has improperly denied, terminated, or underissued benefits to an eligible household, the State agency shall promptly restore any improperly denied benefits to the extent required by subsection (e)(11) of this section and section 2023(b) of this title, and shall take other steps to prevent a recurrence of such errors where such error was caused by the application of State agency practices, rules or procedures inconsistent with the requirements of this chapter or with regulations or policies of the Secretary issued under the authority of this chapter.

(c) Civil rights compliance

(1) In general

In the certification of applicant households for the supplemental nutrition assistance program, there shall be no discrimination by reason of race, sex, religious creed, national origin, or political affiliation.

The State agency (as defined in section 2012(t)(1) of this title) of each State desiring to participate in the supplemental nutrition assistance program shall submit for approval a plan of operation specifying the manner in which such program will be conducted within the State in every political subdivision. The Secretary may not, as a part of the approval process for a plan of operation, require a State to submit for prior approval by the Secretary the State agency instructions to staff, interpretations of existing policies, State agency methods of administration, forms used by the State agency, or any materials, documents, memoranda, bulletins, or other matter, unless the State agency determines that the materials, documents, memoranda, bulletins, or other matter alter or amend the State plan of operation or conflict with the rights and levels of benefits to which a household is entitled. In the case of all or part of an Indian reservation, the State agency as defined in section 2012(t)(1) of this title shall be responsible for conducting such program, in light of the distance of the reservation from State agency-operated certification and issuance centers, the previous experience of such tribal organization in the operation of programs authorized under the Indian Self-Determination Act (25 U.S.C. 450) and similar Acts of Congress, the tribal organization’s management and fiscal capabilities, and the adequacy of measures taken by the tribal organization to ensure that there shall be no discrimination in the operation of the program on the basis of race, color, sex, or national origin, in which event such State agency shall be responsible for conducting such program and submitting for approval a plan of operation specifying the manner in which such program will be conducted. The Secretary, upon the request of a tribal organization, shall provide the designees of such organization with appropriate training and technical assistance to enable them to qualify as expeditiously as possible as a State agency pursuant to section 2012(t)(2) of this title. A State agency, as defined in section 2012(t)(1) of this title, before it submits its plan of operation to the Secretary for the administration of the supplemental nutrition assistance program on all or part of an Indian reservation, shall consult in good faith with the tribal organization about that portion of the State’s plan of operation pertaining to the implementation of the program for members of the tribe, and shall implement the program in a manner that is responsive to the needs of the Indians on the reservation as determined by ongoing consultation with the tribal organization.

(iv) shall consider an application that contains the name, address, and signature of the applicant to be filed on the date the applicant submits the application;

(v) shall require that an adult representative of each applicant household certify in writing, under penalty of perjury, that—

(II) all members of the household are citizens or are aliens eligible to receive supplemental nutrition assistance program benefits under section 2015(f) of this title;

(vii) may establish operating procedures that vary for local supplemental nutrition assistance program offices to reflect regional and local differences within the State.

(C) ELECTRONIC AND AUTOMATED SYSTEMS.—

(i) IN GENERAL.—Nothing in this chapter shall prohibit the use of signatures provided and maintained electronically, storage of records using automated retrieval systems only, or any other feature of a State agency’s application system that does not rely exclusively on the collection and retention of paper applications or other records.

(ii) STATE OPTION FOR TELEPHONIC SIGNATURE.—A State agency may establish a system by which an applicant household may sign an application through a recorded verbal assent over the telephone.

(iii) REQUIREMENTS.—A system established under clause (ii) shall—

(3) that the State agency shall thereafter promptly determine the eligibility of each applicant household by way of verification of income other than that determined to be excluded by section 2014(d) of this title (in part through the use of the information, if any, obtained under section 2023(e) of this title), household size (in any case such size is questionable), and such other eligibility factors as the Secretary determines to be necessary to implement sections 2014 and 2015 of this title, although the State agency may verify prior to certification, whether questionable or not, the size of any applicant household and such other eligibility factors as the State agency determines are necessary, so as to complete certification and provide an allotment retroactive to the period of application to any eligible household not later than thirty days following its filing of an application, and that the State agency shall provide each applicant household, at the time of application, a clear written statement explaining what acts the household must perform to cooperate in obtaining verification and otherwise completing the application process;

(4) that the State agency shall insure that each participating household receive a notice of expiration of its certification prior to the start of the last month of its certification period advising the household that it must submit a new application in order to renew its eligibility for a new certification period and, further, that each such household which seeks to be certified another time or more times thereafter by filing an application for such recertification no later than fifteen days prior to the day upon which its existing certification period expires shall, if found to be still eligible, receive its allotment no later than one month after the receipt of the last allotment issued to it pursuant to its prior certification, but if such household is found to be ineligible or to be eligible for a smaller allotment during the new certification period it shall not continue to participate and receive benefits on the basis authorized for the preceding certification period even if it makes a timely request for a fair hearing pursuant to paragraph (10) of this subsection: Provided. That the timeliness standards for submitting the notice of expiration and filing an application for recertification may be modified by the Secretary in light of sections 2014(f)(2) and 2015(c) of this title if administratively necessary;

(7) that an applicant household may be represented in the certification process and that an eligible household may be represented in benefit issuance or food purchase by a person other than a member of the household so long as that person has been clearly designated as the representative of that household for that purpose by the head of the household or the spouse of the head, and, where the certification process is concerned, the representative is an adult who is sufficiently aware of relevant household circumstances, except that the Secretary may restrict the number of households which may be represented by an individual and otherwise establish criteria and verification standards for representation under this paragraph;  
(8) safeguards which prohibit the use or disclosure of information obtained from applicant households, except that—  
(A) the safeguards shall permit—  
(i) the disclosure of such information to persons directly connected with the administration or enforcement of the provisions of this chapter, regulations issued pursuant to this chapter, Federal assistance programs, or federally-assisted State programs; and  
(ii) the subsequent use of the information by persons described in clause (i) only for such administration or enforcement;  
(B) the safeguards shall not prevent the use or disclosure of such information to the Comptroller General of the United States for audit and examination authorized by any other provision of law;  
(C) notwithstanding any other provision of law, all information obtained under this chapter from an applicant household shall be made available, upon request, to local, State or Federal law enforcement officials for the purpose of investigating an alleged violation of this chapter or any regulation issued under this chapter;  
(D) the safeguards shall not prevent the use, or disclosure of such information, to agencies of the Federal Government (including the United States Postal Service) for purposes of collecting the amount of an overissuance of benefits, as determined under section 2022(b) of this title, from Federal pay (including salaries and pensions) as authorized pursuant to section 5514 of title 5 or a Federal income tax refund as authorized by section 3720A of title 31;

§ 2022. Disposition of claims

(a) General authority of the Secretary

(1) Determination of claims

Except in the case of an at-risk amount required under section 2025(c)(1)(D)(I)(II) of this title, the Secretary shall have the power to determine the amount of and settle and adjust any claim and to compromise or deny all or part of any such claim or claims arising under the provisions of this chapter or the regulations issued pursuant to this chapter, including, but not limited to, claims arising from fraudulent and nonfraudulent overissuances to recipients, including the power to waive claims if the Secretary determines that to do so would serve the purposes of this chapter. Such powers with respect to claims against recipients may be delegated by the Secretary to State agencies. The Secretary shall have the power to reduce amounts otherwise due to a State agency under section 2025 of this title to collect unpaid claims assessed against the State agency if the State agency has declined or exhausted its appeal rights under section 2023 of this title.

(2) Claims established under quality control system

To the extent that a State agency does not pay a claim established under section 2025(c)(1) of this title, including an agreement to have all or part of the claim paid through a reduction in Federal administrative funding, within 30 days from the date on which the bill for collection is received by the State agency, the State agency shall be liable for interest on any unpaid portion of such claim accruing from the date on which the bill for collection was received by the State agency, unless the State agency appeals the claim under section 2025(c)(7) of this title. If the State agency appeals such claim (in whole or in part), the interest on any unpaid portion of the claim shall accrue from the date of the decision on the administrative appeal, or from a date that is 1 year after the date the bill is received, whichever is earlier, until the date the unpaid portion of the payment is received. If the State agency pays such claim (in whole or in part, including an agreement to have all or part of the claim paid through a reduction in Federal administrative funding) and the claim is subsequently overturned through administrative or judicial appeal, any amounts paid by the State agency shall be promptly returned with interest, accruing from the date the payment is received until the date the payment is returned.

(3) Computation of interest

Any interest assessed under this paragraph shall be computed at a rate determined by the Secretary based on the average of the bond equivalent of the weekly 90-day Treasury bill auction rates during the period such interest accrues.

(4) Joint and several liability of household members

Each adult member of a household shall be jointly and severally liable for the value of any overissuance of benefits.

(b) Collection of overissuances

(1) In general

Except as otherwise provided in this subsection, a State agency shall collect any overissuance of benefits issued to a household by—

(A) reducing the allotment of the household;

(B) withholding amounts from unemployment compensation from a member of the household under subsection (c) of this section;

(C) recovering from Federal pay or a Federal income tax refund under subsection (d) of this section; or

(D) any other means.

(2) Cost effectiveness

Paragraph (1) shall not apply if the State agency demonstrates to the satisfaction of the Secretary that all of the means referred to in paragraph (1) are not cost effective.

(3) Maximum reduction absent fraud

If a household received an overissuance of benefits without any member of the household being found ineligible to participate in the program under section 2015(b)(1) of this title and a State agency elects to reduce the allotment of the household under paragraph (1)(A), the State agency shall not reduce the monthly allotment of the household under paragraph (1)(A) by an amount in excess of the greater of—

(A) 10 percent of the monthly allotment of the household; or

(B) $10.

(4) Procedures

A State agency shall collect an overissuance of benefits issued to a household under paragraph (1) in accordance with the requirements established by the State agency for providing notice, electing a means of payment, and establishing a time schedule for payment.

(5) Overissuances caused by systemic State errors

(A) In general

If the Secretary determines that a State agency overissued benefits to a substantial number of households in a fiscal year as a result of a major systemic error by the State agency, as defined by the Secretary, the Secretary may prohibit the State agency from collecting these overissuances from some or all households.

(B) Procedures

(i) Information reporting by States

Every State agency shall provide to the Secretary all information requested by the Secretary concerning the issuance of benefits to households by the State agency in the applicable fiscal year.

(ii) Final determination

After reviewing relevant information provided by a State agency, the Secretary shall make a final determination—
§ 2022 TITLE 7—AGRICULTURE Page 1230

(II) as to the amount of the overissuance in the applicable fiscal year for which the State agency is liable.

(iii) Establishing a claim

Upon determining under clause (ii) that a State agency has overissued benefits to households due to a major systemic error determined under subparagraph (A), the Secretary shall establish a claim against the State agency equal to the value of the overissuance caused by the systemic error.

(iv) Administrative and judicial review

Administrative and judicial review, as provided in section 2023 of this title, shall apply to the final determinations by the Secretary under clause (ii).

(v) Remission to the Secretary

(I) Determination not appealed

If the determination of the Secretary under clause (ii) is not appealed, the State agency shall, as soon as practicable, remit to the Secretary the dollar amount specified in the claim under clause (iii).

(II) Determination appealed

If the determination of the Secretary under clause (ii) is appealed, upon completion of administrative and judicial review under clause (iv), and a finding of liability on the part of the State, the appealing State agency shall, as soon as practicable, remit to the Secretary a dollar amount subject to the finding made in the administrative and judicial review.

(vi) Alternative method of collection

If a State agency fails to make a payment under clause (v) within a reasonable period of time, as determined by the Secretary, the Secretary may reduce any amount due to the State agency under any other provision of this chapter by the amount due.

(II) Accrual of interest

During the period of time determined by the Secretary to be reasonable under subclause (I), interest in the amount owed shall not accrue.

(vii) Limitation

Any liability amount established under section 2025(c)(1)(C) of this title shall be reduced by the amount of the claim established under this subparagraph.

(c) Intercept of unemployment benefits

(1) As used in this subsection, the term “uncollected overissuance” means the amount of an overissuance of benefits, as determined under subsection (b)(1) of this section, that has not been recovered pursuant to subsection (b)(1) of this section.

(2) A State agency may determine on a periodic basis, from information supplied pursuant to section 49b(b) of title 29, whether an individual receiving compensation under the State’s unemployment compensation law (including amounts payable pursuant to an agreement under a Federal unemployment compensation law) owes an uncollected overissuance.

(3) A State agency may recover an uncollected overissuance—

(A) by—

(i) entering into an agreement with an individual described in paragraph (2) under which specified amounts will be withheld from unemployment compensation otherwise payable to the individual; and

(ii) furnishing a copy of the agreement to the State agency administering the unemployment compensation law; or

(B) in the absence of an agreement, by obtaining a writ, order, summons, or other similar process in the nature of garnishment from a court of competent jurisdiction to require the withholding of amounts from the unemployment compensation.

(d) Recovery of overissuance of benefits

The amount of an overissuance of benefits, as determined under subsection (b)(1) of this section, has not been recovered pursuant to subsection (b)(1) of this section, shall be recovered from Federal pay (including salaries and pensions) as authorized by section 5514 of title 5 or a Federal income tax refund as authorized by section 3720A of title 31.

§ 2025. Administrative cost-sharing and quality control
(a) Administrative costs
Subject to subsection (k) of this section, the Secretary is authorized to pay to each State agency an amount equal to 50 per centum of all administrative costs involved in each State agency’s operation of the supplemental nutrition assistance program, which costs shall include, but not be limited to, the cost of (1) the certification of applicant households, (2) the acceptance, storage, protection, control, and accounting of benefits after their delivery to receiving points within the State, (3) the issuance of benefits to all eligible households, (4) informational activities relating to the supplemental nutrition assistance program, including those undertaken under section 2020(e)(1)(A) of this title, but not including recruitment activities, (5) fair hearings, (6) automated data processing and information retrieval systems subject to the conditions set forth in subsection (g) of this section, (7) supplemental nutrition assistance program investigations and prosecutions, and (8) implementing and operating the immigration status verification system established under section 1137(d) of the Social Security Act (42 U.S.C. 1320b–7(d)); Provided, That the Secretary determines to be necessary for effective operation of the supplemental nutrition assistance program, as well as to permit each State to retain 35 percent of the value of all funds or allotments recovered or collected pursuant to sections 2015(b) and 2022(c) of this title and 20 percent of the value of any other funds or allotments recovered or collected, except the value of funds or allotments recovered or collected that arise from an error of a State agency. The officials responsible for making determinations of ineligibility under this chapter shall not receive or benefit from revenues retained by the State under the provisions of this subsection.

(b) Work supplementation or support program
(1) “Work supplementation or support program” defined
In this subsection, the term “work supplementation or support program” means a program under which, as determined by the Secretary, public assistance (including any benefits provided under a program established by the State and the supplemental nutrition assistance program) is provided to an employer to be used for hiring and employing a public assistance recipient who was not employed by the employer at the time the public assistance recipient entered the program.

(2) Program
A State agency may elect to use an amount equal to the allotment that would otherwise be issued to a household under the supplemental nutrition assistance program, but for the operation of this subsection, for the purpose of subsidizing or supporting a job under a work supplementation or support program established by the State.

(3) Procedure
If a State agency makes an election under paragraph (2) and identifies each household that participates in the supplemental nutrition assistance program that contains an individual who is participating in the work supplementation or support program, then (A) the Secretary shall pay to the State agency an amount equal to the value of the allotment that the household would be eligible to receive but for the operation of this subsection; (B) the State agency shall expend the amount received under subparagraph (A) in accordance with the work supplementation or support program in lieu of providing the allotment that the household would receive but for the operation of this subsection; (C) for purposes of—

(i) sections 2015 and 2022(a) of this title, the amount received under this subsection

1 So in original. The period probably should not appear.
(ii) section 2017(b) of this title, the amount received under this subsection shall be considered to be the value of an allotment provided to the household; and

(D) the household shall not receive an allotment from the State agency for the period during which the member continues to participate in the work supplementation or support program.

(4) Other work requirements

No individual shall be excused, by reason of the fact that a State has a work supplementation or support program, from any work requirement under section 2015(d) of this title, except during the periods in which the individual is employed under the work supplementation or support program.

(5) Length of participation

A State agency shall provide a description of how the public assistance recipients in the program shall, within a specific period of time, be moved from supplemented or supported employment to employment that is not supplemented or supported.

(6) Displacement

A work supplementation or support program shall not displace the employment of individuals who are not supplemented or supported.

(c) Quality control system

(1) In general

(A) System

In carrying out the supplemental nutrition assistance program, the Secretary shall carry out a system that enhances payment accuracy and improves administration by establishing fiscal incentives that require State agencies with high payment error rates to share in the cost of payment error.

(B) Adjustment of Federal share of administrative costs for fiscal years before fiscal year 2003

(i) In general

Subject to clause (ii), with respect to any fiscal year before fiscal year 2003, the Secretary shall adjust a State agency’s federally funded share of administrative costs under subsection (a) of this section, other than the costs already shared in excess of 50 percent under the proviso in the first sentence of subsection (a) of this section or under subsection (g) of this section, by increasing that share of such administrative costs by 1 percentage point to a maximum of 60 percent of all such administrative costs for each full 1/10 of a percentage point by which the payment error rate is less than 6 percent.

(ii) Limitation

Only States with a rate of invalid decisions in denying eligibility that is less than a nationwide percentage that the Secretary determines to be reasonable shall be entitled to the adjustment under clause (i).

(C) Establishment of liability amount for fiscal year 2003 and thereafter

With respect to fiscal year 2004 and any fiscal year thereafter for which the Secretary determines that, for the second or subsequent consecutive fiscal year, a 95 percent statistical probability exists that the payment error rate of a State agency exceeds 105 percent of the national performance measure for payment error rates announced under paragraph (6), the Secretary shall establish an amount for which the State agency may be liable (referred to in this paragraph as the “liability amount”) that is equal to the product obtained by multiplying—

(i) the value of all allotments issued by the State agency in the fiscal year;
(ii) the difference between—
(I) the payment error rate of the State agency; and
(II) 6 percent; and
(iii) 10 percent.

(D) Authority of Secretary with respect to liability amount

With respect to the liability amount established for a State agency under subparagraph (C) for any fiscal year, the Secretary shall—

(i)(I) waive the responsibility of the State agency to pay all or any portion of the liability amount established for the fiscal year (referred to in this paragraph as the “waiver amount”);
(ii) require that a portion, not to exceed 50 percent, of the liability amount established for the fiscal year be used by the State agency for new investment, approved by the Secretary, to improve administration by the State agency of the supplemental nutrition assistance program (referred to in this paragraph as the “new investment amount”), which new investment amount shall not be matched by Federal funds;
(iii) designate a portion, not to exceed 50 percent, of the amount established for the fiscal year for payment to the Secretary in accordance with subparagraph (E) (referred to in this paragraph as the “at-risk amount”); or

(IV) take any combination of the actions described in subclauses (I) through (III); or
(ii) make the determinations described in clause (i) and enter into a settlement with the State agency, only with respect to any waiver amount or new investment amount, before the end of the fiscal year in which the liability amount is determined under subparagraph (C).

(E) Payment of at-risk amount for certain States

(i) In general

A State agency shall pay to the Secretary the at-risk amount designated under subparagraph (D)(i)(III) for any fiscal year in accordance with clause (ii), if, with respect to the immediately following fiscal year, a liability amount has been es-

(ii) Method of payment of at-risk amount

(I) Remission to the Secretary

In the case of a State agency required to pay an at-risk amount under clause (i), as soon as practicable after completion of all administrative and judicial reviews with respect to that requirement to pay, the chief executive officer of the State shall remit to the Secretary the at-risk amount required to be paid.

(II) Alternative method of collection

(aa) In general

If the chief executive officer of the State fails to make the payment under subclause (I) within a reasonable period of time determined by the Secretary, the Secretary may reduce any amount due to the State agency under any other provision of this section by the amount required to be paid under clause (i).

(bb) Accrual of interest

During any period of time determined by the Secretary under item (aa), interest on the payment under subclause (I) shall not accrue under section 2022(a)(2) of this title.

(F) Use of portion of liability amount for new investment

(i) Reduction of other amounts due to State agency

In the case of a State agency that fails to comply with a requirement for new investment under subparagraph (D)(i)(II) or clause (ii)(I), the Secretary may reduce any amount due to the State agency under any other provision of this section by the portion of the liability amount that has not been used in accordance with that requirement.

(ii) Effect of State agency's wholly prevailing on appeal

If a State agency begins required new investment under subparagraph (D)(i)(II), or clause (ii)(I), the State agency may reduce any amount due to the State agency under any other provision of this section by the portion of the liability amount that has not been used in accordance with that requirement.

(II) Effect of Secretary's wholly prevailing on appeal

If the chief executive officer of the State fails to make the payment under subclause (I) within a reasonable period of time determined by the Secretary, the Secretary may reduce any amount due to the State agency under any other provision of this section by the amount required to be paid under clause (i).

The Secretary shall promulgate regulations regarding obligations of the Secretary and the State agency in a case in which the State agency appeals the liability amount of the State agency and neither the Secretary nor the State agency wholly prevails.

(G) Corrective action plans

The Secretary shall foster management improvements by the States by requiring State agencies, other than State agencies with payment error rates of less than 6 percent, to develop and implement corrective action plans to reduce payment errors.

(2) Error rate definitions

As used in this section—

(A) the term “payment error rate” means the sum of the point estimates of an overpayment error rate and an underpayment error rate determined by the Secretary from data collected in a probability sample of participating households;

(B) the term “overpayment error rate” means the percentage of the value of all allotments issued in a fiscal year by a State agency that are either—

(5) Procedures
To facilitate the implementation of this subsection, each State agency shall expeditiously submit to the Secretary data concerning the operations of the State agency in each fiscal year sufficient for the Secretary to establish the State agency’s payment error rate, liability amount or new investment amount under paragraph (1), or performance under the performance measures under subsection (d) of this section. The Secretary shall initiate efforts to collect the amount owed by the State agency as a claim established under paragraph (1) for a fiscal year, subject to the conclusion of any formal or informal appeal procedure and administrative or judicial review under paragraph (7), before the end of the fiscal year following such fiscal year.

(6) National performance measure for payment error rates
(A) Announcement
At the time the Secretary makes the notification to State agencies of their error rates, the Secretary shall also announce a national performance measure that shall be the sum of the products of each State agency’s error rate as developed for the notifications under paragraph (8) times that State agency’s proportion of the total value of national allotments issued for the fiscal year using the most recent issuance data available at the time of the notifications issued pursuant to paragraph (8).

(B) Use of alternative measure of State error
Where a State fails to meet reporting requirements pursuant to paragraph (4), the Secretary may use another measure of a State’s error developed pursuant to paragraph (5), to develop the national performance measure.

(C) Use of national performance measure
The announced national performance measure shall be used in determining the liability amount of a State under paragraph (1)(C) for the fiscal year whose error rates are being announced under paragraph (8).

(B) Determination of payment error rate
With respect to any fiscal year, a determination of the payment error rate of a State agency or a determination whether the payment error rate exceeds 105 percent of the national performance measure for payment error rates shall be subject to administrative or judicial review only if the Secretary establishes a liability amount with respect to the fiscal year under paragraph (1)(C).

(C) Authority of Secretary with respect to liability amount

(ii) evidence in support of the appeal of the State agency, not later than 60 days after receiving a notice of the claim or liability amount.

(E) Not later than 60 days after a State agency submits evidence in support of the appeal, the Secretary shall submit responsive evidence to the administrative law judge to the extent such evidence exists.

(a) Contracts or grants; issuance of aggregate allotments

(1) The Secretary may enter into contracts with or make grants to public or private organizations or agencies under this section to undertake research that will help improve the administration and effectiveness of the supplemental nutrition assistance program in delivering nutrition-related benefits. The waiver authority of the Secretary under subsection (b) of this section shall extend to all contracts and grants under this section.

(2) The Secretary may, on application, permit not more than two State agencies to establish procedures that allow households whose monthly supplemental nutrition assistance program benefits do not exceed $20, at their option, to receive, in lieu of their supplemental nutrition assistance program benefits for the initial period under section 2017 of this title and their regular allotment in following months, and at intervals of up to 3 months thereafter, aggregate allotments not to exceed $50 and covering not more than 3 months’ benefits. The allotments shall be provided in accordance with paragraphs (3) and (9) of section 2020(e) of this title (except that no household shall begin to receive combined allotments under this section until it has complied with all applicable verification requirements of section 2020(e)(3) of this title) and (with respect to the first aggregate allotment so issued) within 40 days of the last benefit issuance.

(b) Pilot projects

(1) The Secretary may conduct on a trial basis, in one or more areas of the United States, pilot or experimental projects designed to test program changes that might increase the efficiency of the supplemental nutrition assistance program and improve the delivery of supplemental nutrition assistance program benefits to eligible households, and may waive any requirement of this chapter to the extent necessary for the project to be conducted.
§ 2026  (B) PROJECT REQUIREMENTS.—
(i) PROGRAM GOAL.—The Secretary may not conduct a project under subparagraph (A) unless—
(I) the project is consistent with the goal of the supplemental nutrition assistance program of providing food assistance to raise levels of nutrition among low-income individuals; and
(II) the project includes an evaluation to determine the effects of the project.
(ii) PERMISSIBLE PROJECTS.—The Secretary may conduct a project under subparagraph (A) to—
(I) improve program administration;
(II) increase the self-sufficiency of supplemental nutrition assistance program recipients;
(III) test innovative welfare reform strategies; or
(IV) allow greater conformity with the rules of other programs than would be allowed but for this paragraph.
(iii) RESTRICTIONS ON PERMISSIBLE PROJECTS.—If the Secretary finds that a project under subparagraph (A) would reduce benefits by more than 20 percent for more than 5 percent of households in the area subject to the project (not including any household whose benefits are reduced due to a failure to comply with work or other conduct requirements), the project—
(I) may not include more than 15 percent of the number of households in the State receiving supplemental nutrition assistance program benefits; and
(II) shall continue for not more than 5 years after the date of implementation, unless the Secretary approves an extension requested by the State agency at any time.
(iv) IMPERMISSIBLE PROJECTS.—The Secretary may not conduct a project under subparagraph (A) that—
(I) involves the payment of the value of an allotment in the form of cash or otherwise providing benefits in a form not restricted to the purchase of food, unless the project was approved prior to August 22, 1996;
(II) has the effect of substantially transferring funds made available under this chapter to services or benefits provided primarily through another public assistance program, or using the funds for any purpose other than the purchase of food, program administration, or an employment or training program;
(III) is inconsistent with—
(aa) paragraphs (4) and (5) of section 2012(n) of this title;
(bb) the last sentence of section 2014(a) of this title, insofar as a waiver denies assistance to an otherwise eligible household or individual if the household or individual has not failed to comply with any work, behavioral, or other conduct requirement under this or another program;
(cc) section 2014(c)(2) of this title;
(dd) paragraph (2)(B), (4)(F)(i), or (4)(K) of section 2015(d) of this title;
(ee) section 2017(b) of this title;
(ff) section 2020(e)(2)(B) of this title;
(gg) the time standard under section 2020(e)(3) of this title;
(hh) subsection (a), (c), (g), (h)(2), or (h)(3) of section 2025 of this title;
(ii) this paragraph; or
(jj) subsection (a)(1) or (g)(1) of section 2029 of this title;
(IV) modifies the operation of section 2014 of this title so as to have the effect of—
(aa) increasing the shelter deduction to households with no out-of-pocket housing costs or housing costs that consume a low percentage of the household’s income; or
(bb) absolving a State from acting with reasonable promptness on substantial reported changes in income or household size (except that this subclause shall not apply with regard to changes related to supplemental nutrition assistance program deductions);
(V) is not limited to a specific time period;
(VI) waives a provision of section 2055 of this title; or
(VII) waives a provision of section 2016(i) of this title.
(v) ADDITIONAL INCLUDED PROJECTS.—A pilot or experimental project may include projects involving the payment of the value of allotments or the average value of allotments by household size in the form of cash to eligible households all of whose members are age sixty-five or over or any of whose members are entitled to supplemental security income benefits under title XVI of the Social Security Act [42 U.S.C. 1381 et seq.] or are receiving assistance under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.], the use of identification mechanisms that do not invade a household’s privacy, and the use of food checks or other voucher-type forms in place of EBT cards.
(vi) CASH PAYMENT PILOT PROJECTS.—Subject to the availability of appropriations under section 2027(a) of this title, any pilot or experimental project implemented under this paragraph and operating as of October 1, 1981, involving the payment of the value of allotments in the form of cash to eligible households all of whose members are either age sixty-five or over or entitled to supplemental security income benefits under title XVI of the Social Security Act shall be continued if the State so requests.
(C)(i) No waiver or demonstration program shall be approved under this chapter after November 28, 1990, unless—
(I) any household whose food assistance is issued in a form other than EBT cards has its allotment increased to the extent necessary to compensate for any State or local sales tax that may be collected in all or part of the area covered by the demonstration project, the tax on purchases of food by any such household is waived, or the Secretary determines on the basis of information provided by the State agency that the increase is unnecessary on the basis of the limited nature of the items subject to the State or local sales tax; and
(II) the State agency conducting the demonstration project pays the cost of any increased allotments.

(ii) Clause (i) shall not apply if a waiver or demonstration project already provides a household with assistance that exceeds that which the household would otherwise be eligible to receive by more than the estimated amount of any sales tax on the purchases of food that would be collected from the household in the project area in which the household resides.

(D) RESPONSE TO WAIVERS.—

(1) RESPONSE.—Not later than 60 days after the date of receiving a request for a waiver under subparagraph (A), the Secretary shall provide a response that—

(i) approves the waiver request;

(ii) denies the waiver request and describes any modification needed for approval of the waiver request;

(iii) denies the waiver request and describes the grounds for the denial; or

(iv) requests clarification of the waiver request.

(II) NOTICE OF DENIAL.—On denial of a waiver request under clause (i)(III), the Secretary shall provide a copy of the waiver request and a description of the reasons for the denial to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(2) The Secretary shall, jointly with the Secretary of Labor, implement two pilot projects involving the performance of work in return for supplemental nutrition assistance program benefits in each of the seven administrative regions of the Food and Nutrition Service of the Department of Agriculture, such projects to be (A) appropriately divided in each region between locations that are urban and rural in characteristics and among locations selected to provide a representative cross-section of political subdivisions in the States and (B) submitted for approval prior to project implementation, together with the names of the agencies or organizations that will be engaged in such projects, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate. Under such pilot projects, any person who is subject to the work registration requirements pursuant to section 2015(d) of this title, and is a member of a household that does not have earned income equal to or exceeding the allotment to which the household is otherwise entitled pursuant to section 2017(a) of this title, shall be ineligible to participate in the supplemental nutrition assistance program as a member of any household during any month in which such person refuses, after not being offered employment in the private sector of the economy for more than thirty days (ten days in at least one pilot project area designated by the Secretary) after the initial registration for employment referred to in section 2015(d)(1)(A)(i) of this title, to accept an offer of employment from a political subdivision or provider pursuant to a program carried out under title I of the Workforce Investment Act of 1998 [29 U.S.C. 2801 et seq.], for which employment compensation shall be paid in the form of the allotment to which the household is otherwise entitled pursuant to section 2017(a) of this title, with each hour of employment entitling the household to a portion of the allotment equal in value to 100 per centum of the Federal minimum hourly rate under the Fair Labor Standards Act of 1938, as amended (29 U.S.C. 206(a)(1)); which employment shall not, together with any other hours worked in any other capacity by such person exceed forty hours a week; and which employment shall not be used by the employer to fill a job opening created by the action of such employer in laying off or terminating the employment of any regular employee not supported under this paragraph in anticipation of filling the vacancy so created by hiring an employee or employees to be supported under this paragraph, if all of the jobs supported under the program have been made available to participants in the program before the political subdivision or provider providing the jobs extends an offer of employment under this paragraph, and if the political subdivision or provider, in employing the person, complies with the requirements of Federal law that relate to the program. The Secretary and the Secretary of Labor shall jointly issue reports to the appropriate committees of Congress on the progress of such pilot projects no later than six and twelve months following September 29, 1977, shall issue interim reports no later than October 1, 1979, October 1, 1980, and March 30, 1981, shall issue a final report describing the results of such pilot projects based upon their operation from their commencement through the fiscal year ending September 30, 1981, and shall pay to the agencies or organizations operating such pilot projects 50 per centum of all administrative costs involved in such operation.

(3)(A) The Secretary may conduct demonstration projects to test improved consistency or coordination between the supplemental nutrition assistance program employment and training program and the Job Opportunities and Basic Skills program under title IV of the Social Security Act (42 U.S.C. 601 et seq.).

(B) Notwithstanding paragraph (1), the Secretary may, as part of a project authorized under this paragraph, waive requirements under section 2015(d) of this title to permit a State to operate an employment and training program for supplemental nutrition assistance program recipients on the same terms and conditions under which the State operates its Job Opportunities and Basic Skills program for recipients of aid to families with dependent children under part F of title IV of the Social Security Act (42 U.S.C. 681 et seq.). Any work experience program conducted as part of the project shall be conducted in conformity with section 482(f) of such Act (42 U.S.C. 682(f)).

(C) A State seeking such a waiver shall provide assurances that the resulting employment and training program shall meet the require-
ment of subsections (a)(19) and (g) of section 402 of such Act (42 U.S.C. 602) (but not including the provision of transitional benefits under clause (ii) through (vii) of section 402(g)(1)(A)) and sections 481 through 487 of such Act (42 U.S.C. 681 through 687). Each reference to “aid to families with dependent children” in such sections shall be deemed to be a reference to supplemental nutrition assistance program benefits for purposes of the demonstration project.

(D) Notwithstanding the other provisions of this paragraph, participation in an employment and training activity in which supplemental nutrition assistance program benefits are converted to cash shall occur only with the consent of the participant.

(E) For the purposes of any project conducted under this paragraph, the provisions of this chapter affecting the rights of recipients may be waived to the extent necessary to conform to the provisions of section 402, and sections 481 through 487, of the Social Security Act.

(F) At least 60 days prior to granting final approval of a project under this paragraph, the Secretary shall publish the terms and conditions for any demonstration project conducted under the paragraph for public comment in the Federal Register and shall notify the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(G) Waivers may be granted under this paragraph to conduct projects at any one time in a total of up to 60 project areas (or parts of project areas), as such areas are defined in regulations in effect on January 1, 1990.

(H) A waiver for a change in program rules may be granted under this paragraph only for a demonstration project that has been approved by the Secretary, that will be evaluated according to criteria prescribed by the Secretary, and that will be in operation for no more than 4 years.

(1) The Secretary may not grant a waiver under this paragraph on or after August 22, 1996. Any reference in this paragraph to a provision of title IV of the Social Security Act [42 U.S.C. 601 et seq.] shall be deemed to be a reference to such provision as in effect on the day before August 22, 1996.

(c) Evaluation measures; pilot programs for nutritional monitoring

The Secretary shall develop and implement measures for evaluating, on an annual or more frequent basis, the effectiveness of the supplemental nutrition assistance program in achieving its stated objectives, including, but not limited to, the program’s impact upon the nutritional and economic status of participating households, the program’s impact upon all sectors of the agricultural economy, including farmers and ranchers, as well as retail food stores, and the program’s relative fairness to households of different income levels, different age composition, different size, and different regions of residence. Further, the Secretary shall, by way of making contracts with or grants to public or private organizations or agencies, implement pilot programs to test various means of measuring on a continuing basis the nutritional status of low income people, with special emphasis on people who are eligible for supplemental nutrition assistance, in order to develop minimum common criteria and methods for systematic nutrition monitoring that could be applied on a nationwide basis. The locations of the pilot programs shall be selected to provide a representative geographic and demographic cross-section of political subdivisions that reflect natural usage patterns of health and nutritional services and that contain high proportions of low income people. The Secretary shall report on the progress of these pilot programs on an annual basis commencing on July 1, 1982, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate, together with such recommendations as the Secretary deems appropriate.

(2) Procedure

(A) In general

A State that has elected to carry out an employment initiatives program under paragraph (1) may use amounts equal to the allotments that would otherwise be issued to a household under the supplemental nutrition assistance program, but for the operation of this subsection, to provide cash benefits in lieu of the allotments to the household if the household is eligible under paragraph (3).

(B) Payment

The Secretary shall pay to each State that has elected to carry out an employment initiatives program under paragraph (1) an amount equal to the value of the allotment that each household participating in the program in the State would be eligible to receive under this chapter but for the operation of this subsection.

(C) Other provisions

For purposes of the supplemental nutrition assistance program (other than this subsection)—

(ii) pay the cost of any increase in cash benefits required by clause (i).

(3) Eligibility

A household shall be eligible to receive cash benefits under paragraph (2) if an adult member of the household—

(D) is continuing to earn not less than $350 per month from the employment referred to in subparagraph (A); and

(E) elects to receive cash benefits in lieu of supplemental nutrition assistance program benefits under this subsection.

(4) Evaluation

A State that operates a program under this subsection for 2 years shall provide to the Secretary a written evaluation of the impact of cash assistance under this subsection. The State agency, with the concurrence of the Secretary, shall determine the content of the evaluation.

(e) Study and report to Congressional committees of effect of reduction of benefits

The Secretary shall conduct a study of the effects of reductions made in benefits provided under this chapter pursuant to part I of subtitle A of title I of the Omnibus Budget Reconciliation Act of 1981, the Food Stamp and Commodity Distribution Amendments of 1981, the Food Stamp Act Amendments of 1982, and any other laws enacted by the Ninety-seventh Congress which affect the supplemental nutrition assistance program. The study shall include a study of the effects of retrospective accounting and periodic reporting procedures established under such Acts, including the impact on benefit and administrative costs and on error rates and the degree to which eligible households are denied supplemental nutrition assistance program benefits for failure to file complete periodic reports. The Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate an interim report on the results of such study no later than February 1, 1984, and a final report on the results of such study no later than March 1, 1985.

(f) Demonstration projects for development and use of intelligent benefit cards to pay benefits

In order to encourage States to plan, develop, and implement a system for making supplemental nutrition assistance program benefits available through the use of intelligent benefit cards or other automated or electronic benefit delivery systems, the Secretary may conduct one or more pilot or experimental projects, subject to the restrictions imposed by subsection (b)(1) of this section and section 2016(f)(2) of this title, designed to test whether the use of such cards or systems can enhance the efficiency and effectiveness of program operations while ensuring that individuals receive correct benefit amounts on a timely basis. Intelligent benefit cards developed under such a demonstration project shall contain information, encoded on a computer chip embedded in a credit card medium, including the eligibility of the individual and the amount of benefits to which such individual is entitled. Any other automated or electronic benefit delivery system developed under such a demonstration project shall be able to use a plastic card to access such information from a data file.

(g) Study of effectiveness of employment and training programs

In order to assess the effectiveness of the employment and training programs established under section 2015(d) of this title in placing individuals into the workforce and withdrawing such individuals from the supplemental nutrition assistance program, the Secretary is authorized to carry out studies comparing the pre- and post-program labor force participation, wage rates, family income, level of receipt of supplemental nutrition assistance program benefits available through the use of intelligent benefit cards or other automated or electronic benefit delivery systems, and other relevant information, for samples of participants in such employment and training programs as compared to the appropriate control or comparison groups that did not participate in such programs. Such studies shall, to the maximum extent possible—

(1) collect such data for up to 3 years after the individual has completed the employment and training program; and

(2) yield results that can be generalized to the national program as a whole.

The results of such studies and reports shall be considered in developing or updating the performance standards required under section 2015 of this title.

The Secretary shall conduct a sufficient number of demonstration projects to evaluate the effects, in both rural and urban areas, of including in financial resources under section 2014(g) of
this title the fair market value of licensed vehicles to the extent the value of each vehicle exceeds $4,500, but excluding the value of—

(1) any licensed vehicle that is used to produce earned income, necessary for transportation of an elderly or physically disabled household member, or used as the household’s home; and

(i) Testing resource accumulation

The Secretary shall conduct, under such terms and conditions as the Secretary shall prescribe, for a period not to exceed 4 years, projects to test allowing not more than 11,000 eligible households, in the aggregate, to accumulate resources up to $10,000 each (which shall be excluded from consideration as a resource) for later expenditure for a purpose directly related to improving the education, training, or employability (including self-employment) of household members, for the purchase of a home for the household, for a change of the household’s residence, or for making major repairs to the household’s home.

(j) Demonstration projects directed at benefit trafficking

The Secretary shall use up to $4,000,000 of the funds provided in advance in appropriations Acts for projects authorized by this section to conduct demonstration projects in which State or local law enforcement agencies test innovative ideas for working with State or local law enforcement agencies to investigate and prosecute benefit trafficking.

(k) Pilot projects to evaluate health and nutrition promotion in the supplemental nutrition assistance program

(1) In general

The Secretary shall carry out, under such terms and conditions as the Secretary considers to be appropriate, pilot projects to develop and test methods—

For fiscal year 2003 and each fiscal year thereafter, the Secretary shall use 0.4 percent of the funds made available under subparagraph (A) for payment to American Samoa to pay 100 percent of the expenditures by American Samoa for a nutrition assistance program extended under section 1469d(c) of title 48.

(D) Carryover of funds

For fiscal year 2002 and each fiscal year thereafter, not more than 2 percent of the funds made available under this paragraph for the fiscal year to each governmental entity may be carried over to the following fiscal year.

(3) Time and manner of payments to Commonwealth of Puerto Rico

The Secretary shall, subject to the provisions of subsection (b) of this section, pay to the Commonwealth for the applicable fiscal year, at such times and in such manner as the Secretary may determine, the amount estimated by the Commonwealth pursuant to subsection (b)(1)(A)(iv) of this section, reduced or increased to the extent of any prior overpayment or current underpayment which the Secretary determines has been made under this section and with respect to which adjustment has not already been made under this subsection.

(b) Plan for provision of assistance; approval; noncompliance

(1)(A) In order to receive payments under this chapter for any fiscal year, the Commonwealth shall have a plan for that fiscal year approved by the Secretary under this section. By July 1 of each year, if the Commonwealth wishes to receive payments, it shall submit a plan for the provision of the assistance described in subsection (a)(2)(B) of this section for the following fiscal year which—

(i) designates the agency or agencies directly responsible for the administration, or supervision of the administration, of the program for the provision of such assistance;

(ii) assesses the food and nutrition needs of needy persons residing in the Commonwealth;

(iii) describes the program for the provision of such assistance, including the assistance to be provided and the persons to whom such assistance will be provided, and any agencies designated to provide such assistance, which program must meet such requirements as the Secretary may by regulation prescribe for the purpose of assuring that assistance is provided to the most needy persons in the jurisdiction;

(iv) estimates the amount of expenditures necessary for the provision of the assistance described in the program and related administrative expenses, up to the amount provided for payment by subsection (a)(2)(B) of this section; and

(v) includes such other information as the Secretary may require.

(B)(i) The Secretary shall approve or disapprove any plan submitted pursuant to subparagraph (A) no later than August 1 of the year in which it is submitted. The Secretary shall approve any plan which complies with the requirements of subparagraph (A). If a plan is disapproved because it does not comply with any of the requirements of that paragraph the Secretary shall, except as provided in subparagraph (B)(ii), notify the appropriate agency in the Commonwealth that payments will not be made to it under subsection (a) of this section for the fiscal year to which the plan applies until the Secretary is satisfied that there is no longer any such failure to comply, and until the Secretary is so satisfied, the Secretary will make no payments.

(ii) The Secretary may suspend the denial of payments under subparagraph (B)(i) for such period as the Secretary determines appropriate and instead withhold payments provided for under subsection (a) of this section, in whole or in part, for the fiscal year to which the plan applies, until the Secretary is satisfied that there is no longer any failure to comply with the requirements of subparagraph (A), at which time such withheld payments shall be paid.

(2)(A) The Commonwealth shall provide for a biennial audit of expenditures under its program for the provision of the assistance described in subsection (a)(2)(B) of this section, and within 120 days of the end of each fiscal year in which the audit is made, shall report to the Secretary the findings of such audit.

(B) Within 120 days of the end of the fiscal year, the Commonwealth shall provide the Secretary with a statement as to whether the payments received under subsection (a) of this section for that fiscal year exceeded the expenditures by it during that year for which payment is authorized under this section, and if so, by how much, and such other information as the Secretary may require.
(C)(i) If the Secretary finds that there is a substantial failure by the Commonwealth to comply with any of the requirements of subparagraphs (A) and (B), or to comply with the requirements of subsection (b)(1)(A) of this section in the administration of a plan approved under subsection (b)(1)(B) of this section, the Secretary shall, except as provided in subparagraph (C)(ii), notify the appropriate agency in the Commonwealth that further payments will not be made to it under subsection (a) of this section until the Secretary is satisfied that there will no longer be any such failure to comply, and until the Secretary is so satisfied, the Secretary shall make no further payments.

(ii) The Secretary may suspend the termination of payments under subparagraph (C)(i) for such period as the Secretary determines appropriate, and instead withhold payments for under subsection (a) of this section, in whole or in part, until the Secretary is satisfied that there will no longer be any failure to comply with the requirements of subparagraphs (A) and (B) and subsection (b)(1)(A) of this section, at which time such withheld payments shall be paid.

(iii) Upon a finding under subparagraph (C)(i) of a substantial failure to comply with any of the requirements of subparagraphs (A) and (B) and subsection (b)(1)(A) of this section, the Secretary may, in addition to or in lieu of any action taken under subparagraphs (C)(i) and (C)(ii), refer the matter to the Attorney General with a request that injunctive relief be sought to require compliance by the Commonwealth of Puerto Rico, and upon suit by the Attorney General in an appropriate district court of the United States and a showing that noncompliance has occurred, appropriate injunctive relief shall issue.

(c) Review; technical assistance

(1) The Secretary shall provide for the review of the programs for the provision of the assistance described in subsection (a)(2)(A) of this section for which payments are made under this chapter.

(2) The Secretary is authorized as the Secretary deems practicable to provide technical assistance with respect to the programs for the provision of the assistance described in subsection (a)(2)(A) of this section.

(d) Penalty for violations

Whoever knowingly and willfully embezzles, misapplies, steals, or obtains by fraud, false statement, or forgery, any funds, assets, or property provided or financed under this section shall be fined not more than $10,000 or imprisoned for not more than five years, or both, but if the value of the funds, assets or property involved is not over $200, the penalty shall be a fine of not more than $1,000 or imprisonment for not more than one year, or both.

(a) Program plan; guidelines; compliance

(1) The Secretary shall permit any political subdivision, in any State, that applies and submits a plan to the Secretary in compliance with guidelines promulgated by the Secretary to operate a workfare program pursuant to which every member of a household participating in the supplemental nutrition assistance program who is not exempt by virtue of the provisions of subsection (b) of this section shall accept an offer from such subdivision to perform work on its behalf, or may seek an offer to perform work, in return for compensation consisting of the allotment to which the household is entitled under section 2017(a) of this title, with each hour of such work entitling that household to a portion of its allotment equal in value to 100 per centum of the higher of the applicable State minimum wage or the Federal minimum hourly rate under the Fair Labor Standards Act of 1938 [29 U.S.C. 201 et seq.].

(b) Exempt household members

A household member shall be exempt from workfare requirements imposed under this section if such member is—

(d) Nature, conditions, and costs of work

The operating agency shall—

   (B) For purposes of subparagraph (A), the term "funds saved from employment related to a workfare program operated under this section" means an amount equal to three times the dollar value of the decrease in allotments issued to households, to the extent that such decrease results from wages received by members of such households for the first month of employment beginning after the date such members commence such employment commences—

   (i) while such members are participating for the first time in a workfare program operated under this section; or

   (ii) in the thirty-day period beginning on the date such first participation is terminated.

(i) payments for child care expenses under the Project shall be considered part of the value of assistance provided to participating families with earnings;
(ii) payments for child care expenses for families without earnings shall not be considered part of the value of assistance provided to participating families or the aggregate value of assistance that such families could have received under the supplemental nutrition assistance program and part A of title IV of the Social Security Act; and
(iii) any child support payments not assigned to the State under the provisions of part A of title IV of the Social Security Act, less $50 per month, shall be considered part of the aggregate value of assistance participating families would receive if such families did not participate in the Project;
(C) For purposes of satisfying the requirement specified in subparagraph (A), the State shall—
(i) identify the sets of characteristics indicative of families that might receive less assistance under the Project;
(ii) establish a mechanism to determine, for each participating family that has a set of characteristics identified under clause (i) whether such family could receive more assistance, in the aggregate, under the supplemental nutrition assistance program and part A of title IV of the Social Security Act if such family did not participate in the Project;
(iii) increase the amount of assistance provided under the Project to any family that could receive more assistance, in the aggregate, under the supplemental nutrition assistance program and part A of title IV of the Social Security Act if such family did not participate in the Project; and
(iv) increase the amount of assistance paid to participating families, if the State or locality imposes a sales tax on food, by the amount needed to compensate for the tax.

This subparagraph shall not be construed to require the State to make the determination under clause (i) for families that do not have a set of characteristics identified under clause (i).

(D)(i) The State shall designate standardized amounts of assistance provided as food assistance under the Project and notify monthly each participating family of such designated amount.
(ii) The amount of food assistance so designated shall be at least the value of benefits such family could have received under the supplemental nutrition assistance program if the Project had not been implemented. The provisions of this subparagraph shall not require that the State make individual determinations as to the amount of assistance under the Project designated as food assistance.
(iii) The State shall periodically allow participating families the option to receive such food assistance in the form of benefits.

(E)(i) Individuals ineligible for the Project who are members of a household including a participating family shall have their eligibility for the supplemental nutrition assistance program determined and have their benefits calculated and issued following the standards established under the supplemental nutrition assistance program, except as provided differently in this subparagraph.
(ii) The State agency shall determine such individuals’ eligibility for benefits under the supplemental nutrition assistance program and the amount of such benefits without regard to the participating family.
(iii) In computing such individuals’ income for purposes of determining eligibility (under section 2014(c)(1) of this title) and benefits, the State agency shall apply the maximum excess shelter expense deduction specified under section 2014(e) of this title.
(iv) Such individuals’ monthly allotment shall be the higher of $10 or 75 percent of the amount calculated following the standards of the supplemental nutrition assistance program and the foregoing requirements of this subparagraph, rounded to the nearest lower whole dollar.

(4) The Project shall include education, employment, and training services equivalent to those offered under the employment and training program described in section 2015(d)(4) of this title to families similar to participating families elsewhere in the State.

(5) The State may select families for participation in the Project through submission and approval of an application for participation in the Project or by assigning to the Project families that are determined eligible for or are participating in the program authorized by part A of title IV of the Social Security Act or the supplemental nutrition assistance program.

(6) Whenever selection for participation in the Project is accomplished through submission and approval of an application for the Project—
(A) the State shall promptly determine eligibility for the Project, and issue assistance to eligible families, retroactive to the date of application, not later than thirty days following the family’s filing of an application; 
(B) in the case of families determined ineligible for the Project upon application, the application for the Project shall be deemed an application for the supplemental nutrition assistance program, and benefits under the supplemental nutrition assistance program shall be issued to those found eligible following the standards established under the supplemental nutrition assistance program;
(C) expedited benefits shall be provided under terms no more restrictive than under paragraph (9) of section 2006(e) of this title and the laws of Minnesota and shall include expedited issuance of designated food assistance provided through the Project or expedited benefits through the supplemental nutrition assistance program;

(E) provision shall be made for telephone contact by, mail delivery of forms to and mail return of forms by, and subsequent home or telephone interview with, elderly individuals, physically or mentally handicapped individuals, and individuals otherwise unable to appear in person solely because of transportation difficulties and similar hardships; 

(F) a family may be represented by another person if that other person has clearly been designated as the representative of such family for that purpose and the representative is an adult who is sufficiently aware of relevant circumstances, except that the State may—

(i) restrict the number of families who may be represented by such person; and 

(ii) otherwise establish criteria and verification standards for representation under this subparagraph; and 

(G) the State shall provide a method for reviewing applications to participate in the Project submitted by, and distributing assistance under the Project to, families that do not reside in permanent dwellings or who have no fixed mailing address. 

(7) Whenever selection for participation in the Project is accomplished by assigning families that are determined eligible for or participating in the program authorized by part A of title IV of the Social Security Act or the supplemental nutrition assistance program—

(A) the State shall provide eligible families assistance under the Project no later than benefits would have been provided following the standards established under the supplemental nutrition assistance program; and 

(B) the State shall ensure that assistance under the Project is provided so that there is no interruption in benefits for families participating in the program under part A of title IV of the Social Security Act or the supplemental nutrition assistance program—

(i) the State shall provide assistance under the Project no later than the date benefits are provided to families and individuals until the State determines eligibility or ineligibility for the supplemental nutrition assistance program; and

(ii) the State shall ensure that individual assistance under the Project is provided so that there is no interruption in benefits for families participating in the program under part A of title IV of the Social Security Act or the supplemental nutrition assistance program retroactive to the date of the determination of eligibility. The Secretary shall pay to the State the value of the benefits for which such families and individuals would have been eligible in the absence of food assistance payments under this clause from the date of termination from the Project to the date benefits are provided. 

(8) Paragraphs (1)(B) and (8) of section 2020(e) of this title shall apply with respect to applicants and participating families in the same manner as such paragraphs apply with respect to applicants and participants in the supplemental nutrition assistance program. 

(9) Assistance provided under the Project shall be reduced to reflect the pro rata value of any benefits received under the supplemental nutrition assistance program for the same period. 

(10)(A) The State shall provide each family or family member whose participation in the Project ends and each family whose participation is terminated with notice of the existence of the supplemental nutrition assistance program and the person or agency to contact for more information. 

(B)(i) Following the standards specified in subparagraph (C), the State shall ensure that benefits under the supplemental nutrition assistance program are provided to participating families in case the Project is terminated or to participating families or family members that are determined ineligible for the Project because of income, resources, or change in household composition, if such families or individuals are determined eligible for the supplemental nutrition assistance program. Food benefits shall be issued to eligible families and individuals described in this clause retroactive to the date of termination from the Project; and 

(ii) If sections 256.031 through 256.036 of the Minnesota Statutes, 1989 Supplement, or Minnesota Laws 1989, chapter 282, article 5, section 130, are amended to reduce or eliminate benefits provided under those sections or restrict the rights of Project applicants or participating families, the State shall exclude from the Project applicants or participating families or individuals affected by such amendments and follow the standards specified in subparagraph (C), except that the State shall continue to pay from State funds an amount equal to the food assistance portion to such families and individuals until the State determines eligibility or ineligibility for the supplemental nutrition assistance program or the family or individual has failed to supply the needed additional information within ten days. Food benefits shall be provided to families and individuals excluded from the Project under this clause who are determined eligible for the supplemental nutrition assistance program retroactive to the date of the determination of eligibility. The Secretary shall pay to the State the value of the benefits for which such families and individuals would have been eligible in the absence of food assistance payments under this clause from the date of termination from the Project to the date benefits are provided. 

(C) Each family whose Project participation is terminated shall be screened for potential eligibility for the supplemental nutrition assistance program and if the screening indicates potential eligibility, the family or family member shall be given a specific request to supply all additional information needed to determine such eligibility and assistance in completing a signed supplemental nutrition assistance program application including provision of any relevant information obtained by the State for purpose of the Project. If the family or family member supplies such additional information within ten days after receiving the request, the State shall, within five days after the State receives such information, determine whether the family or family member is eligible for the supplemental nutrition assistance program. Each family or family member who is determined through the screening or otherwise to be ineligible for the supplemental nutrition assistance program shall be notified of that determination.
graph applies with respect to applicants and participants in the supplemental nutrition assistance program, except that families shall be given notice of any action for which a hearing is available in a manner consistent with the notice requirements of the regulations implementing sections 422(a)(4) and 482(h) of the Social Security Act [42 U.S.C. 602(a)(4)].

(12) For each fiscal year, the Secretary shall not be liable for any costs related to carrying out the Project in excess of those that the Secretary would have been liable for had the Project not been implemented, except for costs for evaluating the Project, but shall adjust for the full amount of the federal share of increases or decreases in costs that result from changes in economic, demographic, and other conditions in the State based on data specific to the State, changes in eligibility or benefit levels authorized by this chapter, or changes in amounts of Federal funds available to States and localities under the supplemental nutrition assistance program.

(13) The State shall carry out the supplemental nutrition assistance program throughout the State while the State carries out the Project.

(14)(A) Except as provided in subparagraph (B), the State will carry out the Project during a five-year period beginning on the date the first family receives assistance under the Project.

(B) The Project may be terminated—
   (i) by the State one hundred and eighty days after the State gives notice to the Secretary that it intends to terminate the Project;
   (ii) by the Secretary one hundred and eighty days after the Secretary, after notice and an opportunity for a hearing, determines that the State materially failed to comply with this section; or
   (iii) whenever the State and the Secretary jointly agree to terminate the Project.

(3) For any period during which an individual required to participate in education, employment, or training requirements fails to comply without good cause with a requirement imposed by the State, in this chapter, any assistance provided under the Project to the individual may be reduced by an amount not more than 10 percent of the assistance the family would be eligible for with no income other than that from the Project.

(d) Funding

(1) If an application submitted under subsection (a) of this section complies with the requirements specified in subsection (b) of this section, then the Secretary shall—
   (A) approve such application; and
   (B) subject to subsection (b)(12) of this section, provide grant awards and pay the State each calendar quarter for—
      (i) the cost of food assistance provided under the Project equal to the amount that would have otherwise been issued in the form of benefits under the supplemental nutrition assistance program had the Project not been implemented, as estimated under a methodology satisfactory to the Secretary after negotiations with the State; and
      (ii) the administrative costs incurred by the State to provide food assistance under the Project that are authorized under this section, as estimated under a methodology satisfactory to the Secretary after negotiations with the State: Provided, That payments made under subsection (g) of section 2025 of this title shall equal payments that would have been made if the Project had not been implemented.

(2) The Secretary shall periodically adjust payments made to the State under paragraph (1) to reflect—

(3) Payments under paragraph (1)(B) shall include adjustments, as estimated under a methodology satisfactory to the Secretary after negotiations with the State, for increases or decreases in the costs of providing food assistance and associated administrative costs that result from changes in economic, demographic, or other conditions in the State based on data specific to the State, changes in eligibility or benefit levels authorized by this chapter, and changes in or additional amounts of Federal funds available to States and localities under the supplemental nutrition assistance program.

(e) Waiver

With respect to the Project, the Secretary shall waive compliance with any requirement contained in this chapter (other than this section) that, if applied, would prevent the State from carrying out the Project or effectively achieving its purpose.

2105. Permissive terms and conditions in orders.

Cotton is the basic natural fiber of the Nation. It is produced by many individual cotton growers throughout the various cotton-producing States of the Nation and also outside the United States. Cotton moves in the channels of interstate and foreign commerce and such cotton which does not move in such channels directly burdens or affects interstate commerce in cotton and cotton products. The efficient production of cotton and the maintenance and expansion of existing markets and the development of new or improved markets and uses is vital to the welfare of cotton growers and those concerned with marketing, using, and processing cotton as well as the general economy of the Nation. The great inroads on the market and uses for cotton which have been made by manmade fibers have been largely the result of extensive research and promotion which have not been effectively matched by cotton research and promotion. The production and marketing of cotton by numerous individual farmers have prevented the development and carrying out of adequate and coordinated programs of research and promotion necessary to the maintenance and improvement of the competitive position of, and markets for, cotton. Without an effective and coordinated method for assuring cooperative and collective action in providing for, and financing such programs, individual cotton farmers are unable adequately to provide or obtain the research and promotion necessary to maintain and improve markets for cotton.

It has long been found to be in the public interest to have, or endeavor to have, a reasonable balance between the supply of and demand for cotton grown in this country. To serve this public interest the Congress has provided for the comprehensive exercise of regulatory authority in regulating the handling of such cotton supplemented by price-support programs with the objective of adjusting supply to demand in the interest of benefiting producers and all others concerned with the production and handling of cotton as well as the general economy of the country. In order for the objective of such programs to be effectuated to the fullest degree, it is necessary that the existing regulation of marketing be supplemented by providing as part of the overall governmental program for effectuating this objective, means of increasing the demand for cotton with the view of eventually reducing or eliminating the need for limiting marketings and supporting the price of cotton.

It is therefore declared to be the policy of the Congress and the purpose of this chapter that it is essential in the public interest through the exercise of the powers provided herein, to authorize and enable the establishment of an orderly procedure for the development, financing through adequate assessments on all cotton marketed in the United States and on imports of cotton, and carrying out an effective and continuous coordinated program of research and promotion designed to strengthen cotton’s competitive position and to maintain and expand domestic and foreign markets and uses for United States cotton.

AMENDMENTS

1990—Pub. L. 101-624, in first undesignated par., inserted “and also outside the United States”, struck out “in large part” before “in the channels of interstate”, and substituted “in the years since World War II, United States cotton and the products thereof have been confronted with intensive competition, both at home and abroad, from foreign-grown cotton and from other fibers, primarily manmade fibers.” after “economy of the Nation.” and substituted “The great inroads on the market and uses for” for “The great inroads on the market and uses for United States” and, in third undesignated par., substituted “marketed” for “harvested” and inserted “and on imports of cotton.”

§ 2107. Referenda

The Secretary shall conduct a referendum among persons who, during a representative period determined by the Secretary, have been engaged in the production of cotton for the purpose of ascertaining whether the issuance of an order is approved or favored by producers. No order issued pursuant to this chapter shall be effective unless the Secretary determines that the issuance of such order is approved or favored by not less than two-thirds of the producers voting in such referendum, or by the producers of not less than two-thirds of the cotton producers voting in the representative period by producers voting in such referendum and by not less than a majority of the producers voting in such referendum.

(b) Referendum on proposed amendment to order implementing provisions of 1990 amendments to this chapter

(1) Notwithstanding the provisions of sections 2103 and 2104 of this title, not later than 150 days after the date of enactment of the Cotton Research and Promotion Act Amendments of 1990 [November 28, 1990], and after notice and opportunity for public comment, the Secretary shall issue a proposed amendment to the order implementing the provisions of such Act, which shall become effective as provided in paragraph (2).

(2) Notwithstanding the provisions of subsection (a) of this section, the Secretary shall, within a period not to exceed 8 months after No-
November 28, 1990, conduct a referendum among persons who have been cotton producers during a representative period, as determined by the Secretary, and persons who are importers of cotton and who, during a 12-month period ending not later than 90 days prior to the conduct of the referendum under this section imported a quantity of cotton in excess of the de minimis quantity (if any) established by the Secretary under section 2116(c)(2) of this title, for the purpose of ascertaining if a majority of those voting approve the proposed amendment to the order issued by the Secretary under paragraph (1). (1) Notwithstanding the provisions of sections 2103 and 2104 of this title, once every five years after the date of the referendum provided for under subsection (b) of this section, the Secretary shall conduct a review to ascertain whether a referendum is needed to determine whether producers and importers favor continuation of the amendment to the order provided for in the Cotton Research and Promotion Act Amendments of 1990 if such amendment is then in effect or, if such an amendment is not in effect, whether they favor approval of such amendment. The Secretary shall make a public announcement of the results of the review within 60 days after each fifth anniversary date of the referendum provided for under subsection (b) of this section. If the Secretary determines to provide for such a referendum, the Secretary shall conduct the referendum within 12 months after a public announcement of the determination to conduct the referendum.

(2) If the Secretary does not provide for such a referendum on the Secretary's own initiative, the Secretary shall conduct such a referendum upon the request of 10 percent or more of the number of cotton producers and importers voting in the most recent referendum, except that, in counting such requests for a referendum, not more than 20 percent of such requests may be from producers from any one State or importers of cotton. Producers and importers may sign up to request such a referendum at the county office of the Agricultural Stabilization and Conservation Service, or county extension agent, or by mailing such a request to the Secretary, as prescribed in regulations. The Secretary shall suspend or terminate the order at the end of the marketing year, as defined in the order, whenever the Secretary determines suspension or termination of the order is approved by a majority of producers and importers (subject to the order) voting in the referendum who, during a representative period determined by the Secretary, have been engaged in the production and importation of cotton and who produced and imported more than 50 percent of the volume of cotton produced and imported by those voting in the referendum.

Amendments
1991—Subsec. (a). Pub. L. 102–237 inserted “of this chapter” after “any other section” and struck out “of this chapter,” before “any cotton producer”.
1990—Pub. L. 101–624 designated existing provisions as subsec. (a), substituted “Notwithstanding any other section and except as provided in subsection (b) of this section,” for “Notwithstanding any other provision”, and added subsec. (b).

§ 2111. Administrative review of orders; petition; hearing; judicial review
(a) Any person subject to any order may file a written petition with the Secretary, stating that any such order or any provision of such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be enjoined therefrom. He shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Secretary. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(b) The district courts of the United States in any district in which such person is an inhabitant, or has his principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such
proceedings may be had upon the Secretary by delivering to him a copy of the complaint. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to subsection (a) of this section shall not impede, hinder, or delay the United States or the Secretary from obtaining relief pursuant to section 2112(a) of this title.

§ 2112. Enforcement of orders; penalty for willful violation

(a) The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating any order or regulation made or issued pursuant to this chapter.

(b) Any handler who willfully violates any provision of any order issued by the Secretary under this chapter, or who willfully fails or refuses to collect or remit any assessment or fee duly required of him thereunder, shall be liable to a penalty of not more than $1,000 for each such offense which shall accrue to the United States and may be recovered in a civil suit brought by the United States.

§ 2113. Certification of cotton producer organizations

The eligibility of each cotton producer organization to represent cotton producers of a cotton producing State to request the issuance of an order under section 2103 of this title, and to participate in the making of nominations under section 2106(b) of this title shall be certified by the Secretary and shall be based in addition to other available information upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including the following:

(a) Geographic territory within the State covered by the organization’s active membership;

(b) Nature and size of the organization’s active membership in the State, proportion of total of such active membership accounted for by farmers, a map showing the cotton-producing counties in such State in which the organization has members, the volume of cotton produced in each such county, the number of cotton producers in each such county, and the size of the organization’s active cotton producer membership in each such county;

(c) The extent to which the cotton producer membership of such organization is represented in setting the organization’s policies;

(d) Evidence of stability and permanency of the organization;

(e) Sources from which the organization’s operating funds are derived;

(f) Functions of the organization; and

(g) The organization’s ability and willingness to further the aims and objectives of this chapter.

Provided, however, That the primary consideration in determining the eligibility of an organization shall be whether its cotton farmer membership consists of a sufficiently large number of the cotton producers who produce a relatively significant volume of cotton to reasonably warrant its participation in the nomination of members for the Cotton Board. The Secretary shall certify any cotton producer organization which he finds to be eligible under this section, and his determination as to eligibility shall be final.

§ 2114. Rules and regulations

The Secretary is authorized to make such regulations with the force and effect of law, as may be necessary to carry out the provisions of this chapter and the powers vested in him by this chapter.

§ 2115. Investigations by Secretary; subpenas; oaths and affirmations; judicial aid

The Secretary may make such investigations as he deems necessary for the effective carrying out of his responsibilities under this chapter or to determine whether a handler or any other person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this chapter or of any order, rule or regulation issued under this chapter. For the purpose of any such investigation, the Secretary is empowered to administer oaths and affirmations, subpena witnesses, compel their attendance, take evidence, and require the production of any books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpena issued to, any person, including a handler, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, and documents which are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. Provided, however, That the primary consideration in determining the eligibility of an organization shall be whether its cotton farmer membership consists of a sufficiently large number of the cotton producers who produce a relatively significant volume of cotton to reasonably warrant its participation in the nomination of members for the Cotton Board. The Secretary shall certify any cotton producer organization which he finds to be eligible under this section, and his determination as to eligibility shall be final.

§ 2149. Violations by licensees

(a) Temporary license suspension; notice and hearing; revocation

If the Secretary has reason to believe that any person licensed as a dealer, exhibitor, or operator of an auction sale subject to section 2142 of this title, has violated or is violating any provision of this chapter, or any of the rules or regulations or standards promulgated by the Secretary hereunder, he may suspend such person's license temporarily, but not to exceed 21 days, and after notice and opportunity for hearing, may suspend for such additional period as he may specify, or revoke such license, if such violation is determined to have occurred.

(b) Civil penalties for violation of any section, etc.; separate offenses; notice and hearing; appeal; considerations in assessing penalty; compromise of penalty; civil action by Attorney General for failure to pay penalty; district court jurisdiction; failure to obey cease and desist order

Any dealer, exhibitor, research facility, intermediate handler, carrier, or operator of an auction sale subject to section 2142 of this title, that violates any provision of this chapter, or any rule, regulation, or standard promulgated by the Secretary hereunder, may be assessed a civil penalty by the Secretary of not more than $10,000 for each such violation, and the Secretary may also make an order that such person shall cease and desist from continuing such violation. Each violation and each day during which a violation continues shall be a separate offense. No penalty shall be assessed or cease and desist order issued unless such person is given notice and opportunity for a hearing with respect to the alleged violation, and the order of the Secretary assessing a penalty and making a cease and desist order shall be final and conclusive unless the affected person files an appeal from the Secretary's order with the appropriate United States Court of Appeals. The Secretary shall give due consideration to the appropriateness of the penalty with respect to the size of the business of the person involved, the gravity of the violation, the person's good faith, and the history of previous violations. Any such civil penalty may be compromised by the Secretary. Upon any failure to pay the penalty assessed by a final order under this section, the Secretary shall request the Attorney General to institute a civil action in a district court of the United States or other United States court for any district in which such person is found or resides or transacts business, to collect the penalty, and such court shall have jurisdiction to hear and decide any such action. Any person who knowingly fails to obey a cease and desist order made by the Secretary under this section shall be subject to a civil penalty of $1,500 for each offense, and each day during which such failure continues shall be deemed a separate offense.

(c) Appeal of final order by aggrieved person; limitations; exclusive jurisdiction of United States Courts of Appeals

Any dealer, exhibitor, research facility, intermediate handler, carrier, or operator of an auction sale subject to section 2142 of this title, aggrieved by a final order of the Secretary issued pursuant to this section may, within 60 days after entry of such an order, seek review of such order in the appropriate United States Court of Appeals in accordance with the provisions of sections 2341, 2343 through 2350 of title 28, and such court shall have exclusive jurisdiction to enjoin, set aside, suspend (in whole or in part), or to determine the validity of the Secretary's order.
(d) Criminal penalties for violation; initial prosecution brought before United States magistrate judges; conduct of prosecution by attorneys of United States Department of Agriculture

Any dealer, exhibitor, or operator of an auction sale subject to section 2142 of this title, who knowingly violates any provision of this chapter shall, on conviction thereof, be subject to imprisonment for not more than 1 year, or a fine of not more than $2,500, or both. Prosecution of such violations shall, to the maximum extent practicable, be brought initially before United States magistrate judges as provided in section 636 of title 28, and sections 3401 and 3402 of title 18, and, with the consent of the Attorney General, may be conducted, at both trial and upon appeal to district court, by attorneys of the United States Department of Agriculture.
