2302d .... 41:158 (less clause (b)). Feb. 19, 1948, ch. 65, § 9 (less clause (b)), 62 Stat. 24.

In clause (1), the words "(if any)" are omitted as surplusage. The words "Secretary of the Treasury" are substituted for the words "Commandant, United States Coast Guard, Treasury Department", since the functions of the Coast Guard and its officers, while operating under the Department of the Treasury, were vested in the Secretary of the Treasury by 1950 Reorganization Plan No. 26, effective July 31, 1950, 64 Stat. 1280. Under that plan the Secretary of the Treasury was authorized to delegate any of those functions to the agencies and employees of the Department of the Treasury.

Any such supplies shall be included in any relevant calculation of quantities for low-rate initial production for the system concerned.

“(a) ESTABLISHMENT OF PILOT PROGRAM.—The Secretary of Defense shall establish a pilot program to be known as the ‘Mentor-Protege Program’.

“(b) PURPOSE.—The purpose of the program is to provide incentives for major contractors to furnish disadvantaged small business concerns with assistance designed to enhance the capabilities of disadvantaged small business concerns to perform as subcontractors and suppliers under Department of Defense contracts and other contracts and subcontracts in order to increase the participation of such business concerns as subcontractors and suppliers under Department of Defense contracts, or as subcontractors and suppliers under Federal Government contracts, and commercial contracts.

“(c) PROGRAM PARTICIPANTS.—(1) A business concern meeting the eligibility requirements set out in section (d) may enter into agreements under subsection (e) and furnish assistance to disadvantaged small business concerns upon making application to the Secretary of Defense and being approved for participation in the pilot program by the Secretary. A business concern participating in the pilot program pursuant to such an approval shall be known, for the purposes of the program, as a ‘mentor firm’.

“(2) A disadvantaged small business concern eligible for the award of Federal contracts may obtain assistance from a mentor firm upon entering into an agreement with the mentor firm as provided in subsection (e). A disadvantaged small business concern may not be a party to more than one agreement to receive such assistance at any time. A disadvantaged small business concern receiving such assistance shall be known, for the purposes of the program, as a ‘protege firm’.

“(3) In entering into an agreement pursuant to subsection (e), a mentor firm may rely in good faith on a written representation of a business concern that such business concern is a disadvantaged small business concern. The Small Business Administration shall determine the status of such business concern as a disadvantaged small business concern in the event of a protest regarding the status of such business concern. If at any time the business concern is determined by the Small Business Administration not to be a disadvantaged small business concern, assistance furnished such business concern by the mentor firm after the date of the determination may not be considered assistance furnished under the program.

“(d) MENTOR FIRM ELIGIBILITY.—Subject to subsection (c)(1), a mentor firm eligible for award of Federal contracts may enter into an agreement with one or more protege firms under subsection (e) and provide assistance under the program pursuant to that agreement if:

“(1) during the fiscal year preceding the fiscal year in which the mentor firm enters into the agreement, the total amount of the Department of Defense contracts awarded such mentor firm and the subcontracts awarded such mentor firm under Department of Defense contracts was equal to or greater than $100,000,000; or

“(2) the mentor firm demonstrates the capability to assist in the development of protege firms, and is approved by the Secretary of Defense pursuant to criteria specified in the regulations prescribed pursuant to subsection (c).

“(e) MENTOR-PROTEGE AGREEMENT.—Before providing assistance to a protege firm under the program, a mentor firm shall enter into a mentor-protege agreement with the protege firm regarding the assistance to be provided by the mentor firm. The agreement shall include the following:
"(1) A developmental program for the protege firm, in such detail as may be reasonable, including (A) factors to assess the protege firm's developmental progress under the program, and (B) the anticipated number and type of subcontracts to be awarded the protege firm.

"(2) A program participation term for any period of not more than three years, except that the term may be a period of up to five years if the Secretary of Defense determines in writing that unusual circumstances justify a program participation term in excess of three years.

"(3) Procedures for the protege firm to terminate the agreement voluntarily and for the mentor firm to terminate the agreement for cause.

"(4) Forms of Assistance.—A mentor firm may provide a protege firm the following:

"(1) Assistance, by using mentor firm personnel, in—

"(A) general business management, including organizational management, financial management, and personnel management, marketing, business development, and overall business planning;

"(B) engineering and technical matters such as production, inventory control, and quality assurance; and

"(C) any other assistance designed to develop the capabilities of the protege firm under the developmental program referred to in subsection (e).

"(2) Award of subcontracts on a noncompetitive basis to the protege firm under the Department of Defense or other contracts.

"(3) Payment of progress payments for performance of the protege firm under such a subcontract in amounts as provided for in the subcontract, but in no event may any such progress payment exceed 100 percent of the costs incurred by the protege firm for the performance.

"(4) Advance payments under such subcontracts.

"(5) Loans.

"(6) Cash in exchange for an ownership interest in the protege firm, not to exceed 10 percent of the total ownership interest.

"(7) Assistance obtained by the mentor firm for the protege firm from one or more of the following—

"(A) small business development centers established pursuant to section 21 of the Small Business Act (15 U.S.C. 648);

"(B) entities providing procurement technical assistance pursuant to chapter 142 of title 10, United States Code; or

"(C) a historically Black college or university or a minority institution of higher education.

"(g) Incentives for Mentor Firms.—(1) The Secretary of Defense may provide to a mentor firm reimbursement for the total amount of any progress payment or advance payment made under the program by the mentor firm to a protege firm in connection with a Department of Defense contract awarded the mentor firm.

"(2)(A) The Secretary of Defense may provide to a mentor firm reimbursement for the costs of assistance furnished to a protege firm pursuant to paragraphs (1) and (7) of subsection (f) as provided for in a line item in a Department of Defense contract under which the mentor firm is furnishing products or services to the Department, subject to a maximum amount of reimbursement specified in such contract, except that this sentence does not apply in a case in which the Secretary of Defense determines in writing that unusual circumstances justify reimbursement using a separate contract.

"(B) The determinations made in annual performance reviews of a mentor firm's mentor-protege agreement under subsection (f)(2) shall be a major factor in the determinations of amounts of reimbursement, if any, that the mentor firm is eligible to receive in the remaining years of the program participation term under the agreement for three years.

"(C) The total amount reimbursed under this paragraph to a mentor firm for costs of assistance furnished in a fiscal year to a protege firm may not exceed $1,000,000, except in a case in which the Secretary of Defense determines in writing that unusual circumstances justify a reimbursement of a higher amount.

"(3)(A) Costs incurred by a mentor firm in providing assistance to a protege firm that are not reimbursed pursuant to paragraph (2) shall be recognized as credit in lieu of subcontract awards for purposes of determining whether the mentor firm attains a subcontracting participation goal applicable to such mentor firm under a Department of Defense contract, under a contract with another executive agency, or under a divi
ditional or company-wide subcontracting plan negotiated with the Department of Defense or another executive agency.

"(B) The amount of the credit given a mentor firm for any such unreimbursed costs shall be equal to—

"(i) four times the total amount of such costs attributable to assistance provided by entities described in subsection (f)(7);

"(ii) three times the total amount of such costs attributable to assistance furnished by the mentor firm's employees; and

"(iii) two times the total amount of any other such costs.

"(h) Relationship to Small Business Act.—(1) For purposes of the Small Business Act [15 U.S.C. 631 et seq.], no determination of affiliation or control (either direct or indirect) may be found between a protege firm and its mentor firm on the basis that the mentor firm has agreed to furnish (or has furnished) to its protege firm pursuant to a mentor-protege agreement any form of developmental assistance described in subsection (f).

"(2) Notwithstanding section 8 of the Small Business Administration Act (15 U.S.C. 637), the Small Business Administration may not determine a disadvantaged small business concern to be ineligible to receive any assistance authorized under the Small Business Act on the basis that such business concern has participated in the Mentor-Protege Program or has received assistance pursuant to any developmental assistance agreement authorized under such program.

"(3) The Small Business Administration may not require a firm that is entering into, or has entered into, an agreement under subsection (e) as a protege firm to submit the agreement, or any other document required by the Secretary of Defense in the administration of the Mentor-Protege Program, to the Small Business Administration at any time after the agreement is made.

"(4) A mentor firm shall receive credit toward the attainment of a subcontracting participation goal applicable to such mentor firm for each subcontract for a product or service awarded under such a contract by a mentor firm to a business concern that, except for its size, would be a small business concern owned and controlled by socially and economically disadvantaged individuals, but only if—

"(A) the size of such business concern is not more than two times the maximum size specified by the Administrator of the Small Business Administration for purposes of determining whether a business concern furnishing such product or service is a small business concern; and

"(B) the business concern formerly had a mentor-protege agreement with such mentor firm that was not terminated for cause.

"(j) Participation in Mentor-Protege Program Not to Be a Condition for Award of a Contract or Subcontract.—A mentor firm may not require a business concern to enter into an agreement with the mentor firm pursuant to subsection (e) as a condition for being awarded a contract by the mentor firm, including a
subcontract under a contract awarded to the mentor firm.

(1) EXPIRATION OF AUTHORITY.—(1) No mentor-protege agreement may be entered into under subsection (e) after September 30, 2015.

(2) No reimbursement may be paid, and no credit toward the attainment of a subcontracting goal may be granted, under subsection (g) for any cost incurred after September 30, 2018.

(3) REGULATIONS.—The Secretary of Defense shall prescribe regulations to carry out the pilot Mentor-Protege Program. Such regulations shall include the requirements set forth in section 8(d) of the Small Business Act (15 U.S.C. 637(d); and shall prescribe procedures by which mentor firms may terminate participation in the program. The Secretary shall publish the proposed regulations not later than the date 180 days after the date of the enactment of this Act on or after that date.

AMENDMENTS

Subsec. (b). Pub. L. 111–350, § 5(b)(11)(B), substituted “section 1702(c) of title 41” for “section 16(c) of the Office of Federal Procurement Policy Act (41 U.S.C. 414(c))”.

1999—Subsec. (b). Pub. L. 106–65 substituted “electronic commerce” for “FACNET” in section catchline and amended text generally. Prior to amendment, text read as follows: “(a) IMPLEMENTATION OF FACNET CAPABILITY.—(1) The head of each agency named in section 2303 of this title shall implement the Federal acquisition computer network (‘‘FACNET’’) capability required by section 30 of the Office of Federal Procurement Policy Act. In the case of the Department of Defense, the implementation shall be by the Secretary of Defense, acting through the Under Secretary of Defense for Acquisition and Technology, for the Department of Defense as a whole. For purposes of this section, the term ‘head of an agency’ does not include the Secretaries of the military departments.

(2) In implementing the FACNET capability pursuant to paragraph (1), the head of an agency shall con-
suit with the Administrator for Federal Procurement Policy.

“(b) DESIGNATION OF AGENCY OFFICIAL.—The head of each agency named in paragraphs (5) or (6) of section 2303 of this title shall designate a program manager to have responsibility for implementation of FACNET capability for that agency and otherwise to implement this section. (2) The repeal made by subsection (c) of this section [repealing provisions set out as a note under section 426a of Title 41] shall take effect on the date of the enactment of this Act.”

EFFECTIVE DATE

Pub. L. 103–355, title IX, § 9002(c), Oct. 13, 1994, 108 Stat. 3404, provided that: “(1) $750,000 (based on fiscal year 1980 constant dollars); or
(2) the dollar threshold for a ‘major system’ established by the agency pursuant to Office of Management and Budget (OMB) Circular A-109, entitled ‘Major Systems Acquisitions’.”

(3) The Secretary of Defense may adjust the amounts and the base fiscal year provided in subsection (a) on the basis of Department of Defense escalation rates.

(4) An amount, as adjusted under paragraph (1), that is not evenly divisible by $5,000,000 shall be rounded to the nearest multiple of $5,000,000. In the case of an amount that is evenly divisible by $2,500,000 but not evenly divisible by $5,000,000, the amount shall be rounded to the next higher multiple of $5,000,000.

(5) An adjustment under this subsection shall be effective after the Secretary transmits to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a written notification of the adjustment.

AMENDMENTS

1999—Subsec. (c)(3). Pub. L. 106–65 substituted “and the Committee on National Security” for “and the Committee on Armed Services”.

§ 2303. Applicability of chapter

(a) This chapter applies to the procurement by any of the following agencies, for its use or otherwise, of all property (other than land) and all services for which payment is to be made from appropriated funds:
(1) The Department of Defense.
(2) The Department of the Army.
(3) The Department of the Navy.
(4) The Department of the Air Force.
(5) The Coast Guard.
(6) The National Aeronautics and Space Administration.

(b) The provisions of this chapter that apply to the procurement of property apply also to contracts for its installation or alteration.

HISTORICAL AND REVISION NOTES

Revised section Source (U.S. Code) Source (Statutes at Large)
2303(a) ..... 41:151(a).
2303(b) ..... 41:151(b), less last 5 words.
2303(c) ..... 41:159 (last 5 words of clause (b)).

Feb. 19, 1948, ch. 65, § 2(a), 9, (clause (b)), 62 Stat. 21, 24.

In subsection (a), the words “all property named in subsection (b), and all services” are substituted for the words “for supplies or services”. The words “(each being hereinafter called the agency)”, are omitted,
since the revised sections of this chapter make specific reference to the agencies named in this revised section. The words “United States” before the words “Coast Guard” are omitted, since they are not a part of the official name of the Coast Guard under section 1 of title 14.

In subsection (b), the introductory clause is substituted for the word “supplies”. Throughout the revised chapter reference is made to “property or services covered by this chapter”, instead of “supplies”, since the word “supplies” is defined in section 101(26) of this title in its usual and narrower sense, rather than the sense of the source statute for this revised chapter. It is desirable to avoid a usage which conflicts with the definition in section 101(26) of this title. The word “ships” and the words “of every character, type, and description”, after the word “vessels”, are omitted as covered by the definition of “vessel!” in section 1 of title 1.

AMENDMENTS
1984—Subsec. (a). Pub. L. 98–369, § 2722(b)(1)(A), substituted in provisions preceding cl. (1) “procurement” for “purchase, and contract to purchase,” and “(other than land) and all services” for “named in subsection (b), and all services.”, respectively.

Subsec. (a)(3) to (6). Pub. L. 98–369, § 2722(b)(1)(C), (D), added cl. (1) and redesignated existing cls. (1) to (5) as (2) to (6), respectively.

Subsecs. (b), (c). Pub. L. 98–369, § 2722(b)(2), (3), redesignated subsec. (c) as (b), Former subsec. (b), which had provided that this chapter did not cover public works, buildings, facilities, vessels, floating equipment, aircraft, parts, accessories, equipment, and machine tools, was struck out.

EFFECTIVE DATE OF 1984 AMENDMENT
Amendment by Pub. L. 98–369 applicable with respect to any solicitation for bids or proposals issued after Mar. 31, 1985, see section 2751 of Pub. L. 98–369, set out as a note under section 2302 of this title.

EFFECTIVE DATE OF 1958 AMENDMENT
Amendment by Pub. L. 85–568 effective 90 days after July 29, 1958, or on any earlier date on which the Administrator of the National Aeronautics and Space Administration determines, and announces by proclamation, that the Administration has been organized and is prepared to discharge the duties and exercise the powers conferred upon it, see note set out under section 2302 of this title.

TRANSFER OF FUNCTIONS
For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 531(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

ACQUISITION, LEASE, OR RENTAL FOR USE BY THE ARMED FORCES OF MOTOR BUSES MANUFACTURED OUTSIDE THE UNITED STATES
Pub. L. 90–500, title IV, § 404, Sept. 20, 1968, 82 Stat. 851, which provided that no funds for the armed forces were to be used to buy or lease buses other than those manufactured in the United States, except as regulations from the Secretary of Defense might authorize solely to avoid uneconomical procurement or one contrary to the national interest, was repealed and restated as section 2400 of this title by Pub. L. 97–295, §§ 1129(A), 6(b), Oct. 12, 1982, 96 Stat. 1324, 1314.

Section, pursuant to section 1212(b) of Pub. L. 98–525, was to have taken effect with respect to procurement policies, regulations, procedures, or forms first proposed to be issued by an agency on or after the date which was 30 days after the date of enactment of Pub. L. 98–525. Pub. L. 98–525 was approved Oct. 19, 1984. However, before that effective date, the section was repealed by Pub. L. 98–577.

§ 2304. Contracts: competition requirements
(a)(1) Except as provided in subsections (b), (c), and (g) and except in the case of procurement procedures otherwise expressly authorized by statute, the head of an agency may only conduct a procurement for property or services—

(A) shall solicit sealed bids if—

(i) time permits the solicitation, submission, and evaluation of sealed bids;

(ii) the award will be made on the basis of price and other price-related factors;

(iii) it is not necessary to conduct discussions with the responding sources about their bids; and

(iv) there is a reasonable expectation of receiving more than one sealed bid; and

(B) shall request competitive proposals if sealed bids are not appropriate under clause (A).

(b)(1) The head of an agency may provide for the procurement of property or services covered by this chapter using competitive procedures but excluding a particular source in order to establish or maintain an alternative source or sources of supply for that property or service if the head of the agency determines that to do so—

(A) would increase or maintain competition and would likely result in reduced overall costs for such procurement, or for any anticipated procurement, of property or services;

(B) would be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the property or service in case of a national emergency or industrial mobilization;

(C) would be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(D) would ensure the continuous availability of a reliable source of supply of such property or service;
(E) would satisfy projected needs for such property or service determined on the basis of a history of high demand for the property or service; or

(F) in the case of medical supplies, safety supplies, or emergency supplies, would satisfy a critical need for such supplies.

(2) The head of an agency may provide for the procurement of property or services covered by this section using competitive procedures, but excluding concerns other than small business concerns in furtherance of sections 9 and 15 of the Small Business Act (15 U.S.C. 638, 644) and concerns other than small business concerns, historically Black colleges and universities, and minority institutions in furtherance of section 2323 of this title.

(3) A contract awarded pursuant to the competitive procedures referred to in paragraphs (1) and (2) or all not be subject to the justification and approval required by subsection (f)(1).

(4) A determination under paragraph (1) may not be made for a class of purchases or contracts.

(c) The head of an agency may use procedures other than competitive procedures only when—

(1) the property or services needed by the agency are available from only one responsible source or only from a limited number of responsible sources and no other type of property or services will satisfy the needs of the agency;

(2) the agency’s need for the property or services is of such an unusual and compelling urgency that the United States would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits bids or proposals;

(3) it is necessary to award the contract to a particular source or sources in order (A) to maintain a facility, producer, manufacturer, or other supplier available for furnishing property or services in case of a national emergency or to achieve industrial mobilization, (B) to establish or maintain an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center, or (C) to procure the services of an expert for use, in any litigation or dispute (including any reasonably foreseeable litigation or dispute) involving the Federal Government, in any trial, hearing, or proceeding before any court, administrative tribunal, or agency, or to procure the services of an expert or neutral for use in any part of an alternative dispute resolution or negotiated rulemaking process, whether or not the expert is expected to testify;

(4) the terms of an international agreement or a treaty between the United States and a foreign government or international organization, or the written directions of a foreign government reimbursing the agency for the cost of the procurement of the property or services for such government, have the effect of requiring the use of procedures other than competitive procedures;

(5) subject to subsection (k), a statute expressly authorizes or requires that the procurement be made through another agency or from a specified source, or the agency’s need is for a brand-name commercial item for authorized resale;

(6) the disclosure of the agency’s needs would compromise the national security unless the agency is permitted to limit the number of sources from which it solicits bids or proposals; or

(7) the head of the agency—

(A) determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement concerned, and

(B) notifies the Congress in writing of such determination not less than 30 days before the award of the contract.

(d)(1) For the purposes of applying subsection (c)(1)—

(A) in the case of a contract for property or services to be awarded on the basis of acceptance of an unsolicited research proposal, the property or services shall be considered to be available from only one source if the source has submitted an unsolicited research proposal that demonstrates a concept—

(i) that is unique and innovative or, in the case of a service, for which the source demonstrates a unique capability of the source to provide the service; and

(ii) the substance of which is not otherwise available to the United States, and does not resemble the substance of a pending competitive procurement; and

(B) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment, or the continued provision of highly specialized services, such property or services may be deemed to be available only from the original source and may be procured through procedures other than competitive procedures when it is likely that award to a source other than the original source would result in—

(i) substantial duplication of cost to the United States which is not expected to be recovered through competition; or

(ii) unacceptable delays in fulfilling the agency’s needs.

(2) The authority of the head of an agency under subsection (c)(7) may not be delegated.

(3)(A) The contract period of a contract described in subparagraph (B) that is entered into by an agency pursuant to the authority provided under subsection (c)(2) may not exceed the time necessary—

(I) to meet the unusual and compelling requirements of the work to be performed under the contract; and

(II) for the agency to enter into another contract for the required goods or services through the use of competitive procedures; and

(i) may not exceed one year unless the head of the agency entering into such contract determines that exceptional circumstances apply.

(B) This paragraph applies to any contract in an amount greater than the simplified acquisition threshold.
§ 2304  TITLE 10—ARMED FORCES  Page 1324

(e) The head of an agency using procedures other than competitive procedures to procure property or services by reason of the application of subsection (c)(2) or (c)(6) shall request offers from as many potential sources as is practicable under the circumstances.

(f)(1) Except as provided in paragraph (2), the head of an agency may not award a contract using procedures other than competitive procedures unless—

(A) the contracting officer for the contract justifies the use of such procedures in writing and certifies the accuracy and completeness of the justification;

(B) the justification is approved—

(i) in the case of a contract for an amount exceeding $500,000 (but equal to or less than $10,000,000), by the competition advocate for the procuring activity (without further delegation) or by an official referred to in clause (ii) or (iii); or

(ii) in the case of a contract for an amount exceeding $10,000,000 (but equal to or less than $75,000,000), by the head of the procuring activity (or the head of the procuring activity’s delegate designated pursuant to paragraph (6)(A)); or

(iii) in the case of a contract for an amount exceeding $75,000,000, by the senior procurement executive of the agency designated pursuant to section 1702(c) of title 41 (without further delegation) or in the case of the Under Secretary of Defense for Acquisition, Technology, and Logistics, acting in his capacity as the senior procurement executive for the Department of Defense, the Under Secretary’s delegate designated pursuant to paragraph (6)(B); and

(C) any required notice has been published with respect to such contract pursuant to section 1708 of title 41 and all bids or proposals received in response to that notice have been considered by the head of the agency.

(2) In the case of a procurement permitted by subsection (c)(2), the justification and approval required by paragraph (1) may be made after the contract is awarded. The justification and approval required by paragraph (1) is not required—

(A) when a statute expressly requires that the procurement be made from a specified source;

(B) when the agency’s need is for a brand-name commercial item for authorized resale;

(C) in the case of a procurement permitted by subsection (c)(7);

(D) in the case of a procurement conducted under (i) chapter 85 of title 41, or (ii) section 8(a) of the Small Business Act (15 U.S.C. 637(a)); or

(E) in the case of a procurement permitted by subsection (c)(4), but only if the head of the contracting activity prepares a document in connection with such procurement that describes the terms of an agreement or treaty, or the written directions, referred to in that subsection that have the effect of requiring the use of procedures other than competitive procedures.

(3) The justification required by paragraph (1)(A) shall include—

(A) a description of the agency’s needs;

(B) an identification of the statutory exception from the requirement to use competitive procedures and a demonstration, based on the proposed contractor’s qualifications or the nature of the procurement, of the reasons for using that exception;

(C) a determination that the anticipated cost will be fair and reasonable;

(D) a description of the market survey conducted or a statement of the reasons a market survey was not conducted;

(E) a listing of the sources, if any, that expressed in writing an interest in the procurement; and

(F) a statement of the actions, if any, the agency may take to remove or overcome any barrier to competition before a subsequent procurement for such needs.

(4) In no case may the head of an agency—

(A) enter into a contract for property or services using procedures other than competitive procedures on the basis of the lack of advance planning or concerns related to the amount of funds available to the agency for procurement functions; or

(B) procure property or services from another agency unless such other agency complies fully with the requirements of this chapter in its procurement of such property or services.

The restriction contained in clause (B) is in addition to, and not in lieu of, any other restriction provided by law.

(5)(A) The authority of the head of a procuring activity under paragraph (1)(B)(ii) may be delegated only to an officer or employee who—

(i) if a member of the armed forces, is a general or flag officer; or

(ii) if a civilian, is serving in a position with a grade under the General Schedule (or any other schedule for civilian officers or employees) that is comparable to or higher than the grade of brigadier general or rear admiral (lower half).

(B) The authority of the Under Secretary of Defense for Acquisition, Technology, and Logistics under paragraph (1)(B)(iii) may be delegated only to—

(i) an Assistant Secretary of Defense; or

(ii) with respect to the element of the Department of Defense (as specified in section 111(b) of this title), other than a military department, carrying out the procurement action concerned, an officer or employee serving in or assigned or detailed to that element who—

(I) if a member of the armed forces, is serving in a grade above brigadier general or rear admiral (lower half); or

(II) if a civilian, is serving in a position with a grade under the General Schedule (or any other schedule for civilian officers or employees) that is comparable to or higher than the grade of major general or rear admiral.

(g)(1) In order to promote efficiency and economy in contracting and to avoid unnecessary burdens for agencies and contractors, the Federal Acquisition Regulation shall provide for—
(A) special simplified procedures for purchases of property and services for amounts not greater than the simplified acquisition threshold; and

(B) special simplified procedures for purchases of non-property and services for amounts greater than the simplified acquisition threshold but not greater than $5,000,000 with respect to which the contracting officer reasonably expects, based on the nature of the property or services sought and on market research, that offers will include only commercial items.

(2) A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts in order to use the simplified procedures required by paragraph (1).

(3) In using simplified procedures, the head of an agency shall promote competition to the maximum extent practicable.

(4) The head of an agency shall comply with the Federal Acquisition Regulation provisions referred to in section 1901(e) of title 41.

(h) For the purposes of the following, purchases or contracts awarded after using procedures other than sealed-bid procedures shall be treated as if they were made with sealed-bid procedures:

(1) Chapter 65 of title 41.

(2) Sections 3141–3144, 3146, and 3147 of title 40.

(i)(1) The Secretary of Defense shall prescribe by regulation the manner in which the Department of Defense negotiates prices for supplies to be obtained through the use of procedures other than competitive procedures, as defined in section 2302(2) of this title.

(2) The regulations required by paragraph (1) shall:

(A) specify the incurred overhead a contractor may appropriately allocate to supplies referred to in that paragraph; and

(B) require the contractor to identify those supplies which it did not manufacture or to which it did not contribute significant value.

(3) Such regulations shall not apply to an item of supply included in a contract or subcontract for which the price is based on established catalog or market prices of commercial items sold in substantial quantities to the general public.

(j) The Federal Acquisition Regulation shall ensure that the requirement to obtain full and open competition is implemented in a manner that is consistent with the need to efficiently fulfill the Government’s requirements.

(k)(1) It is the policy of Congress that an agency named in section 2303(a) of this title should not be required by legislation to award a new contract to a specific non-Federal Government entity. It is further the policy of Congress that any program, project, or technology identified in legislation be procured through merit-based selection procedures.

(2) A provision of law may not be construed as requiring a new contract to be awarded to a specific non-Federal Government entity unless that provision of law—

(A) specifically refers to this subsection;

(B) specifically identifies the particular non-Federal Government entity involved; and

(C) specifically states that the award to that entity is required by such provision of law in contravention of the policy set forth in paragraph (1).

(3) For purposes of this subsection, a contract is a new contract unless the work provided for in the contract is a continuation of the work performed by the specified entity under a preceding contract.

(4) This subsection shall not apply with respect to any contract that calls upon the National Academy of Sciences to investigate, examine, or experiment upon any subject of science or art of significance to an agency named in section 2303(a) of this title and to report on such matters to the Congress or any agency of the Federal Government.

(l)(1)(A) Except as provided in subparagraph (B), in the case of a procurement permitted by subsection (c), the head of an agency shall make publicly available, within 14 days after the award of the contract, the documents containing the justification and approval required by subsection (f)(1) with respect to the procurement.

(B) In the case of a procurement permitted by subsection (c)(2), subparagraph (A) shall be applied by substituting “30 days” for “14 days”.

(2) The documents shall be made available on the website of the agency and through a government-wide website selected by the Administrator for Federal Procurement Policy.

(b) Solicitation.—The solicitation for a task or delivery order contract shall include the following:

(1) The period of the contract, including the number of options to extend the contract and the period for which the contract may be extended under each option, if any.

(2) The maximum quantity or dollar value of the services or property to be procured under the contract.

(3) A statement of work, specifications, or other description that reasonably describes the general scope, nature, complexity, and purposes of the services or property to be procured under the contract.

(c) Applicability of restriction on use of noncompetitive procedures.—The head of an agency may use procedures other than competitive procedures to enter into a task or delivery order contract under this section only if an exception in subsection (c) of section 2304d of this title applies to the contract and the use of such procedures is approved in accordance with subsection (f) of such section.

(d) Single and multiple contract awards.—

(1) The head of an agency may exercise the authority provided in this section—

(A) to award a single task or delivery order contract; or

(B) if the solicitation states that the head of the agency has the option to do so, to award separate task or delivery order contracts for the same or similar services or property to two or more sources.

(2) No determination under section 2304(b) of this title is required for award of multiple task or delivery order contracts under paragraph (1)(B).

(3) No task or delivery order contract in an amount estimated to exceed $100,000,000 (including all options) may be awarded to a single source unless the head of the agency determines in writing that—

(B) the contract provides only for firm, fixed price task orders or delivery orders for—

(i) products for which unit prices are established in the contract; or

(ii) services for which prices are established in the contract for the specific tasks to be performed;

(C) only one source is qualified and capable of performing the work at a reasonable price to the government; or

(D) because of exceptional circumstances, it is necessary in the public interest to award the contract to a single source.

(4) The regulations implementing this subsection shall—

(A) establish a preference for awarding, to the maximum extent practicable, multiple task or delivery order contracts for the same or similar services or property under the authority of paragraph (1)(B); and

(B) establish criteria for determining when award of multiple task or delivery order contracts would not be in the best interest of the Federal Government.

(e) Contract modifications.—A task or delivery order may not increase the scope, period, or maximum value of the task or delivery order contract under which the order is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(f) Contract period.—The head of an agency entering into a task or delivery order contract under this section may provide for the contract to cover any period up to five years and may extend the contract period for one or more successive periods pursuant to an option provided in the contract or a modification of the contract. The total contract period as extended may not exceed 10 years unless such head of an agency determines in writing that exceptional circumstances necessitate a longer contract period.

§ 2304b. Task order contracts: advisory and assistance services

(a) AUTHORITY To Award.—(1) Subject to the requirements of this section, section 2304c of this title, and other applicable law, the head of an agency may enter into a task order contract (as defined in section 2304d of this title) for procurement of advisory and assistance services only under the authority of this section.

(b) LIMITATION ON CONTRACT PERIOD.—The period of a task order contract entered into under this section, including all periods of extensions of the contract under options, modifications, or otherwise, may not exceed five years unless a longer period is specifically authorized in a law.

(c) CONTENT OF NOTICE.—The notice required by section 1708 of title 41 and section 8(e) of the Small Business Act (15 U.S.C. 637(e)) shall reasonably and fairly describe the general scope, magnitude, and duration of the proposed task order contract in a manner that would reasonably enable a potential offeror to determine whether to request the solicitation and consider submitting an offer.

(d) REQUIRED CONTENT OF SOLICITATION AND CONTRACT.—(1) The solicitation for the proposed task order contract shall include the information (regarding services) described in section 2304a(b) of this title.

(2) A task order contract entered into under this section shall contain the same information that is required by paragraph (1) to be included in the solicitation of offers for that contract.

(e) MULTIPLE AWARDS.—(1) The head of an agency may, on the basis of one solicitation, award separate task order contracts under this section for the same or similar services to two or more sources if the solicitation states that the head of the agency has the option to do so.

(2) If, in the case of a task order contract for advisory and assistance services to be entered into under this section, the contract period is to exceed three years and the contract amount is estimated to exceed $10,000,000 (including all options), the solicitation shall—
(A) provide for a multiple award authorized under paragraph (1); and
(B) include a statement that the head of the agency may also elect to award only one task order contract if the head of the agency determines in writing that only one of the offerers is capable of providing the services required at the level of quality required.

(3) Paragraph (2) does not apply in the case of a solicitation for which the head of the agency concerned determines in writing that, because the services required under the task order contract are unique or highly specialized, it is not practicable to award more than one contract.

(f) CONTRACT MODIFICATIONS.—(1) A task order may not increase the scope, period, or maximum value of the task order contract under which the order is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(g) CONTRACT EXTENSIONS.—(1) Notwithstanding the limitation on the contract period set forth in subsection (b) or in a solicitation or contract pursuant to subsection (e), a task order contract entered into by the head of an agency under this section may be extended on a sole-source basis for a period not exceeding six months if the head of such agency determines that:

(A) the award of a follow-on contract has been delayed by circumstances that were not reasonably foreseeable at the time the initial contract was entered into; and

(B) the extension is necessary in order to ensure continuity of the receipt of services pending the award of, and commencement of performance under, the follow-on contract.

(2) A task order contract may be extended under the authority of paragraph (1) only once and only in accordance with the limitations and requirements of this subsection.

(h) INAPPLICABILITY TO CERTAIN CONTRACTS.—This section does not apply to a contract for the acquisition of property or services that includes acquisition of advisory and assistance services if the head of an agency entering into such contract determines that, under the contract, advisory and assistance services are necessarily incidental to, and not a significant component of, the contract.

(i) ADVISORY AND ASSISTANCE SERVICES DEFINED.—In this section, the term "advisory and assistance services" has the meaning given such term in section 1105(g) of title 31.

§ 2304c. Task and delivery order contracts: orders

(a) ISSUANCE OF ORDERS. — The following actions are not required for issuance of a task or delivery order under a task or delivery order contract:

(1) a separate notice for such order under section 1708 of title 41 or section 8(e) of the Small Business Act (15 U.S.C. 637(e)).

(2) Except as provided in subsection (b), a competition (or a waiver of competition approved in accordance with section 2304(f) of this title) that is separate from that used for entering into the contract.

(b) MULTIPLE AWARD CONTRACTS. — When multiple task or delivery order contracts are awarded under section 2304d(1)(B) or 2304b(e) of this title, all contractors awarded such contracts shall be provided a fair opportunity to be considered, pursuant to procedures set forth in the contracts, for each task or delivery order in excess of $2,500 that is to be issued under any of the contracts unless—

(1) the agency's need for the services or property ordered is of such unusual urgency that providing such opportunity to all such contractors would result in unacceptable delays in fulfilling that need;

(2) only one such contractor is capable of providing the services or property required at the level of quality required because the services or property ordered are unique or highly specialized;

(3) the task or delivery order should be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to a task or delivery order already issued on a competitive basis; or

(4) it is necessary to place the order with a particular contractor in order to satisfy a minimum guarantee.

(c) STATEMENT OF WORK. — A task or delivery order shall include a statement of work that clearly specifies all tasks to be performed or property to be delivered under the order.

(d) ENHANCED COMPETITION FOR ORDERS IN EXCESS OF $5,000,000. — In the case of a task or delivery order in excess of $5,000,000, the requirement to provide all contractors a fair opportunity to be considered under subsection (b) is not met unless all such contractors are provided, at a minimum—

(1) a notice of the task or delivery order that includes a clear statement of the agency's requirements;

(2) a reasonable period of time to provide a proposal in response to the notice;

(3) disclosure of the significant factors and subfactors, including cost or price, that the
agency expects to consider in evaluating such proposals, and their relative importance; (4) in the case of an award that is to be made on a best value basis, a written statement documenting the basis for the award and the relative importance of quality and price or cost factors; and (5) an opportunity for a post-award debriefing consistent with the requirements of section 2305(b)(5) of this title.

(e) PROTESTS.—(1) A protest is not authorized in connection with the issuance or proposed issuance of a task or delivery order except for—
(A) a protest on the ground that the order increases the scope, period, or maximum value of the contract under which the order is issued; or
(B) a protest of an order valued in excess of $10,000,000.

(2) Notwithstanding section 3556 of title 31, the Comptroller General of the United States shall have exclusive jurisdiction of a protest authorized under paragraph (1)(B).

(f) TASK AND DELIVERY ORDER OMBUDSMAN.—Each head of an agency who awards multiple task or delivery order contracts pursuant to section 2304(a)(1)(B) or 2304(b)(e) of this title shall appoint or designate a task and delivery order ombudsman who shall be responsible for reviewing complaints from the contractors on such contracts and ensuring that all of the contractors are afforded a fair opportunity to be considered for task or delivery orders when required under subsection (b). The task and delivery order ombudsman shall be a senior agency official who is independent of the contracting officer for the contracts and may be the agency's competition advocate.

(g) APPLICABILITY.—This section applies to task and delivery order contracts entered into under sections 2304a and 2304b of this title.

(Added Pub. L. 110–355, title I, §1004(a)(1), Oct. 28, 2008, 122 Stat. 238, provided that: "The amendments made by paragraph (2) [amending this section] shall take effect on the date that is 120 days after the date of the enactment of this Act [Jan. 28, 2008], and shall apply with respect to any task or delivery order awarded on or after such date."

§ 2304e. Contracts: prohibition on competition between Department of Defense and small businesses and certain other entities

(a) EXCLUSION.—In any case in which the Secretary of Defense plans to use competitive procedures for a procurement, if the procurement is to be conducted as described in subsection (b),
§ 2305. Contracts: planning, solicitation, evaluation, and award procedures

(a)(1)(A) In preparing for the procurement of property or services, the head of an agency shall—

(i) specify the agency’s needs and solicit bids or proposals in a manner designed to achieve full and open competition for the procurement;

(ii) use advance procurement planning and market research; and

(iii) develop specifications in such manner as is necessary to obtain full and open competition with due regard to the nature of the property or services to be acquired.

(B) Each solicitation under this chapter shall include specifications which—

(i) consistent with the provisions of this chapter, permit full and open competition; and

(ii) include restrictive provisions or conditions only to the extent necessary to satisfy the needs of the agency or as authorized by law.

(C) For the purposes of subparagraphs (A) and (B), the type of specification included in a solicitation shall depend on the nature of the needs of the agency and the market available to satisfy such needs. Subject to such needs, specifications may be stated in terms of—

(i) function, so that a variety of products or services may qualify;

(ii) performance, including specifications of the range of acceptable characteristics or of the minimum acceptable standards; or

(iii) design requirements.

(2) In addition to the specifications described in paragraph (1), a solicitation for sealed bids or competitive proposals (other than for a procurement for commercial items using special simplified procedures or a purchase for an amount not greater than the simplified acquisition threshold) shall at a minimum include—

(A) a statement of—

(i) all significant factors and significant subfactors which the head of the agency reasonably expects to consider in evaluating sealed bids (including price) or competitive proposals (including cost or price, cost-related or price-related factors and subfactors, and noncost-related or nonprice-related factors and subfactors); and

(ii) the relative importance assigned to each of those factors and subfactors; and

(B)(i) in the case of sealed bids—

(I) a statement that sealed bids will be evaluated without discussions with the bidders; and

(II) the time and place for the opening of the sealed bids; or

(ii) in the case of competitive proposals—

(I) either a statement that the proposals are intended to be evaluated with, and award made after, discussions with the offerors, or a statement that the proposals are intended to be evaluated, and award made, without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) unless discussions are determined to be necessary; and

(II) the time and place for submission of proposals.

(3)(A) In prescribing the evaluation factors to be included in each solicitation for competitive proposals, the head of an agency—

(i) shall clearly establish the relative importance assigned to the evaluation factors and subfactors, including the quality of the product or services to be provided (including technical capability, management capability, prior experience, and past performance of the offeror);

(ii) shall include cost or price to the Federal Government as an evaluation factor that must be considered in the evaluation of proposals; and

(iii) shall disclose to offerors whether all evaluation factors other than cost or price, when combined, are—

(I) significantly more important than cost or price;

(II) approximately equal in importance to cost or price; or

(III) significantly less important than cost or price.

(B) The regulations implementing clause (iii) of subparagraph (A) may not define the terms “significantly more important” and “significantly less important” as specific numeric weights that would be applied uniformly to all solicitations or a class of solicitations.

(4) Nothing in this subsection prohibits an agency from—

(A) providing additional information in a solicitation, including numeric weights for all evaluation factors and subfactors on a case-by-case basis; or

(B) stating in a solicitation that award will be made to the offeror that meets the solicita-
(5) The head of an agency, in issuing a solicitation for a contract to be awarded using sealed bid procedures, may not include in such solicitation a clause providing for the evaluation of prices for options to purchase additional property or services under the contract unless the head of the agency has determined that there is a reasonable likelihood that the options will be exercised.

(b)(1) The head of an agency shall evaluate sealed bids and competitive proposals and make an award based solely on the factors specified in the solicitation.

(2) All sealed bids or competitive proposals received in response to a solicitation may be rejected if the head of the agency determines that such action is in the public interest.

(3) Sealed bids shall be opened publicly at the time and place stated in the solicitation. The head of the agency shall evaluate the bids in accordance with paragraph (1) without discussions with the bidders and, except as provided in paragraph (2), shall award a contract with reasonable promptness to the responsible bidder whose bid conforms to the solicitation and is most advantageous to the United States, considering only price and the other price-related factors included in the solicitation. The award of a contract shall be made by transmitting, in writing or by electronic means, each bidder not awarded the contract notice of the award to the unsuccessful bidder.

(4)(A) The head of an agency shall evaluate competitive proposals in accordance with paragraph (1) and may award a contract—

(i) after discussions with the offerors, provided that written or oral discussions have been conducted with all responsible offerors who submit proposals within the competitive range; or

(ii) based on the proposals received, without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) provided that the solicitation included a statement that proposals are intended to be evaluated, and award made, without discussions, unless discussions are determined to be necessary.

(B) If the contracting officer determines that the number of offerors that would otherwise be included in the competitive range under subparagraph (A)(i) exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of proposals in the competitive range, in accordance with the criteria specified in the solicitation, to the greatest number that will permit an efficient competition among the offerors rated most highly in accordance with such criteria.

(C) Except as provided in paragraph (2), the head of the agency shall award a contract with reasonable promptness to the responsible source whose proposal is most advantageous to the United States, considering only cost or price and the other factors included in the solicitation. The head of the agency shall award the contract by transmitting, in writing or by electronic means, notice of the award to such source and, within three days after the date of contract award, shall notify, in writing or by electronic means, all other offerors of the rejection of their proposals. This subparagraph does not apply with respect to the award of a contract for the acquisition of perishable subsistence items.

(5)(A) When a contract is awarded by the head of an agency on the basis of competitive proposals, an unsuccessful offeror, upon written request received by the agency within 3 days after the date on which the unsuccessful offeror receives the notification of the contract award, shall be debriefed and furnished the basis for the selection decision and contract award. The head of the agency shall notify the offeror within, to the maximum extent practicable, five days after receipt of the request by the agency.

(B) The debriefing shall include, at a minimum—

(i) the agency’s evaluation of the significant weak or deficient factors in the offeror’s offer;

(ii) the overall evaluated cost and technical rating of the offer of the contractor awarded the contract and the overall evaluated cost and technical rating of the offer of the debriefed offeror;

(iii) the overall ranking of all offers;

(iv) a summary of the rationale for the award;

(v) in the case of a proposal that includes a commercial item that is an end item under the contract, the make and model of the item being provided in accordance with the offer of the contractor awarded the contract; and

(vi) reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

(C) The debriefing may not include point-by-point comparisons of the debriefed offeror’s offer with other offers and may not disclose any information that is exempt from disclosure under section 552(b) of title 5.

(D) Each solicitation for competitive proposals shall include a statement that information described in subparagraph (B) may be disclosed in post-award debriefings.

(E) If, within one year after the date of the contract award and as a result of a successful procurement protest, the agency seeks to fulfill the requirement under the protested contract either on the basis of a new solicitation of offers or on the basis of new best and final offers requested for that contract, the agency shall make available to all offerors—

(i) the information provided in debriefings under this paragraph regarding the offer of the contractor awarded the contract; and

(ii) the same information that would have been provided to the original offerors.

(6)(A) When the contracting officer excludes an offeror submitting a competitive proposal from the competitive range (or otherwise excludes such an offeror from further consideration prior to the final source selection deci-
sion), the excluded offeror may request in writ-
ing, within three days after the date on which
the excluded offeror receives notice of its exclu-
sion, a debriefing prior to award. The contract-
ing officer shall make every effort to debrief the
unsuccessful offeror as soon as practicable but
may refuse the request for a debriefing if it is
not in the best interests of the Government to
draw a debriefing at that time.

(B) The contracting officer is required to de-
brief an excluded offeror in accordance with
paragraph (5) only if that offeror requested and
was refused a preaward debriefing under sub-
paragraph (A).

(C) The debriefing conducted under subpara-
graph (A) shall include—

(i) the executive agency’s evaluation of the
significant elements in the offeror’s offer;
(ii) a summary of the rationale for the offer-
or’s exclusion; and
(iii) reasonable responses to relevant ques-
tions posed by the debriefed offeror as to
whether source selection procedures set forth
in the solicitation, applicable regulations, and
other applicable authorities were followed by
the executive agency.

(D) The debriefing conducted under subpara-
graph (A) may not disclose the number or iden-
tity of other offerors and shall not disclose in-
formation about the content, ranking, or eval-
uation of other offerors’ proposals.

(7) The contracting officer shall include a sum-
mary of any debriefing conducted under para-
graph (5) or (6) in the contract file.

(8) The Federal Acquisition Regulation shall
include a provision encouraging the use of alter-
native dispute resolution techniques to provide
informal, expeditious, and inexpensive proce-
dures for an offeror to consider using before fil-
ing a protest, prior to the award of a contract,
of the exclusion of the offeror from the competi-
tive range (or otherwise from further consider-
ation) for that contract.

(9) If the head of an agency considers that a
bid or proposal evidences a violation of the anti-
trust laws, he shall refer the bid or proposal to
the Attorney General for appropriate action.

(c) The Secretary of Defense shall ensure that
before a contract for the delivery of supplies to
the Department of Defense is entered into—

(1) when the appropriate officials of the De-
partment are making an assessment of the
most advantageous source for acquisition of
the supplies (considering quality, price, deliv-
ery, and other factors), there is a review of the
availability and cost of each item of supply—
(A) through the supply system of the De-
partment of Defense; and
(B) under standard Government supply
contracts, if the item is in a category of sup-
plies defined under regulations of the Sec-
retary of Defense as being potentially avail-
able under a standard Government supply
contract; and
(2) there is a review of both the procurement
history of the item and a description of the
item, including, when necessary for an ade-
quate description of the item, a picture, draw-
ing, diagram, or other graphic representation
of the item.

(d)(1)(A) The Secretary of Defense shall ensure
that, in preparing a solicitation for the award of
a development contract for a major system, the
head of an agency consider requiring in the so-
llicitation that an offeror include in its offer pro-
posals described in subparagraph (B). In deter-
mining whether to require such proposals, the
head of the agency shall give due consideration
to the purposes for which the system is being
procured and the technology necessary to meet
the system’s required capabilities. If such pro-
posals are required, the head of the agency shall
consider them in evaluating the offeror’s price.

(B) Proposals referred to in the first sentence
of subparagraph (A) are the following:

(i) Proposals to incorporate in the design of
the major system items which are currently
available within the supply system of the Fed-
eral agency responsible for the major system,
available elsewhere in the national supply sys-
tem, or commercially available from more
than one source.
(ii) With respect to items that are likely to be
required in substantial numbers during
the system’s service life, proposals to incor-
porate in the design of the major system items
which the United States will be able to ac-
quire competitively in the future.

(2)(A) The Secretary of Defense shall ensure
that, in preparing a solicitation for the award of
a production contract for a major system, the
head of an agency consider requiring in the so-
llicitation that an offeror include in its offer pro-
posals described in subparagraph (B). In deter-
mining whether to require such proposals, the
head of the agency shall give due consideration
to the purposes for which the system is being
procured and the technology necessary to meet
the system’s required capabilities. If such pro-
posals are required, the head of the agency shall
consider them in evaluating the offeror’s price.

(B) Proposals referred to in the first sentence
of subparagraph (A) are proposals identifying
opportunities to ensure that the United States
will be able to obtain on a competitive basis
items procured in connection with the system
that are likely to be reprocured in substantial
quantities during the service life of the system.
Proposals submitted in response to such require-
ment may include the following:

(i) Proposals to provide to the United States
the right to use technical data to be provided
under the contract for competitive reprocure-
ment of the item, together with the cost to
the United States, if any, of acquiring such
technical data and the right to use such data.
(ii) Proposals for the qualification or devel-
opment of multiple sources of supply for the
item.

(3) If the head of an agency is making a non-
competitive award of a development contract or
a production contract for a major system, the
factors specified in paragraphs (1) and (2) to be
considered in evaluating an offer for a contract
may be considered as objectives in negotiating
the contract to be awarded. Such objectives may
not impair the rights of prospective contractors
or subcontractors otherwise provided by law.

(4)(A) Whenever the head of an agency requires
that proposals described in paragraph (1)(B) or
(2)(B) be submitted by an offeror in its offer, the offeror shall not be required to provide a proposal that enables the United States to acquire competitively in the future an identical item if the item was developed exclusively at private expense unless the head of the agency determines that—

(i) the original supplier of such item will be unable to satisfy program schedule or delivery requirements; or

(ii) proposals by the original supplier of such item to meet the mobilization requirements are insufficient to meet the agency’s mobilization needs.

(B) In considering offers in response to a solicitation requiring proposals described in paragraph (1)(B) or (2)(B), the head of an agency shall base any evaluation of items developed exclusively at private expense on an analysis of the total value, in terms of innovative design, life-cycle costs, and other pertinent factors, of incorporating such items in the system.

(e) PROTEST FILE.—(1) If, in the case of a solicitation for a contract issued by, or an award or proposed award of a contract by, the head of an agency, a protest is filed pursuant to the procedures in subchapter V of chapter 35 of title 31 and an actual or prospective offeror so requests, a file of the protest shall be established by the procuring activity and reasonable access shall be provided to actual or prospective offerors.

(2) Information exempt from disclosure under section 552 of title 31 may be redacted in a file established pursuant to paragraph (1) unless an applicable protective order provides otherwise.

(f) AGENCY ACTIONS ON PROTESTS.—If, in connection with a protest, the head of an agency determines that a solicitation, proposed award, or award does not comply with the requirements of law or regulation, the head of the agency—

(1) may take any action set out in subparagraphs (A) through (F) of subsection (b)(1) of section 3504 of title 31; and

(2) may pay costs described in paragraph (1) of section 3554(c) of title 31 within the limits referred to in paragraph (2) of such section.

(g) PROHIBITION ON RELEASE OF CONTRACTOR PROPOSALS.—(1) Except as provided in paragraph (2), a proposal in the possession or control of an agency named in section 2303 of this title may not be made available to any person under section 552 of title 5 unless the head of the agency determines that—

(i) the original supplier of such item will be unable to satisfy program schedule or delivery requirements; or

(ii) proposals by the original supplier of such item to meet the mobilization requirements are insufficient to meet the agency’s mobilization needs.

(2) Paragraph (1) does not apply to any proposal that is set forth or incorporated by reference in a contract entered into between the Department and the contractor that submitted the proposal.

(3) In this subsection, the term “proposal” means any proposal, including a technical, management, or cost proposal, submitted by a contractor in response to the requirements of a solicitation for a competitive proposal.

Reference to bids is omitted as surplusage (see opinion of the Judge Advocate General of the Army (JAGT 1956/9122, 21 Dec. 1956)). The word “attachments” is substituted for the word “material required”. The words “the specifications in” are inserted in the second sentence for clarity. The word “available” is omitted as covered by the word “accessible.” The words “no award may be made” are substituted for the words “and any award or awards made to any bidder in such case shall be invalidated and rejected”.

CONSTRUCTION OF 1994 AMENDMENT

Amendment by Pub. L. 98-369 as not superseding or affecting the provisions of section 637(a) of Title 15, Commerce and Trade, see section 2723(c) of Pub. L. 98-369, set out as a note under section 2304 of this title.

§ 2305a. Design-build selection procedures

(a) AUTHORIZATION.—Unless the traditional acquisition approach of design-bid-build established under chapter 11 of title 40 is used or another acquisition procedure authorized by law is used, the head of an agency shall use the two-phase selection procedures authorized in this section for entering into a contract for the design and construction of a public building, facility, or work when a determination is made under subsection (b) that the procedures are appropriate for use.

(b) CRITERIA FOR USE.—A contracting officer shall make a determination whether two-phase selection procedures are appropriate for use for entering into a contract for the design and construction of a public building, facility, or work when the contracting officer anticipates that three or more offers will be received for such contract, design work must be performed before an offeror can develop a price or cost proposal for such contract, the offeror will incur a substantial amount of expense in preparing the offer, and the contracting officer has considered information such as the following:

(1) The extent to which the project requirements have been adequately defined.

(2) The time constraints for delivery of the project.

(3) The capability and experience of potential contractors.

(4) The suitability of the project for use of the two-phase selection procedures.

(5) The capability of the agency to manage the two-phase selection process.

(6) Other criteria established by the agency.

(c) PROCEDURES DESCRIBED.—Two-phase selection procedures consist of the following:

(1) The agency develops, either in-house or by contract, a scope of work statement for inclusion in the solicitation that defines the project and provides prospective offerors with sufficient information regarding the Government’s requirements (which may include criteria and preliminary design, budget parameters, and schedule or delivery requirements) to enable the offerors to submit proposals which meet the Government’s needs. If the agency contracts for development of the scope of work statement, the agency shall contract for architectural and engineering services as defined by and in accordance with chapter 11 of title 40.

(2) The contracting officer solicits phase-one proposals that—

(A) include information on the offeror’s—

(i) technical approach; and

(ii) technical qualifications; and

(B) do not include—

(i) detailed design information; or

(ii) cost or price information.

(3) The evaluation factors to be used in evaluating phase-one proposals are stated in the solicitation and include specialized experience and technical competence, capability to perform, past performance of the offeror’s team (including the architect-engineer and construction members of the team) and other appropriate factors, except that cost-related or price-related evaluation factors are not permitted. Each solicitation establishes the relative importance assigned to the evaluation factors and subfactors that must be considered in the evaluation of phase-one proposals. The agency evaluates phase-one proposals on the basis of the phase-one evaluation factors set forth in the solicitation.

(4) The contracting officer selects as the most highly qualified the number of offerors specified in the solicitation to provide the property or services under the contract and requests the selected offerors to submit phase-two competitive proposals that include technical proposals and cost or price information. Each solicitation establishes with respect to phase two—

(A) the technical submission for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work (or both), and

(B) the evaluation factors and subfactors, including cost or price, that must be considered in the evaluations of proposals in accordance with paragraphs (2), (3), and (4) of section 2305(a) of this title.

The contracting officer separately evaluates the submissions described in subparagraphs (A) and (B).

(5) The agency awards the contract in accordance with section 2305(b)(4) of this title.

(d) SOLICITATION TO STATE NUMBER OF OFFERORS TO BE SELECTED FOR PHASE TWO REQUESTS FOR COMPETITIVE PROPOSALS.—A solicitation issued pursuant to the procedures described in subsection (c) shall state the maximum number of offerors that are to be selected to submit competitive proposals pursuant to subsection (c)(4). If the contract value exceeds $4,000,000, the maximum number specified in the solicitation shall not exceed 5 unless the head of the contracting activity, delegable to a level no lower than the senior contracting official within the contracting activity, approves the contracting officer’s justification with respect to an individual solicitation that a number greater than 5 is in the Federal Government’s interest. The contracting officer shall provide written documentation of how a maximum number exceeding 5 is consistent with the purposes and objectives of the two-phase selection procedures.

(e) REQUIREMENT FOR GUIDANCE AND REGULATIONS.—The Federal Acquisition Regulation shall include guidance—

(1) regarding the factors that may be considered in determining whether the two-phase contracting procedures authorized by sub-
section (a) are appropriate for use in individual contracting situations;
(2) regarding the factors that may be used in selecting contractors; and
(3) providing for a uniform approach to be used Government-wide.

(f) Special Authority for Military Construction Projects.—(1) The Secretary of a military department may use funds available to the Secretary under section 2807(a) or 18233(e) of this title to accelerate the design effort in connection with a military construction project for which the two-phase selection procedures described in subsection (c) are used to select the contractor for both the design and construction portion of the project before the project is specifically authorized by law and before funds are appropriated for the construction portion of the project. Notwithstanding the limitations contained in such sections, use of such funds for the design portion of a military construction project may continue despite the subsequent authorization of the project. The advance notice requirement of section 2807(b) of this title shall continue to apply whenever the estimated cost of the design portion of the project exceeds the amount specified in such section.

(2) Any military construction contract that provides for an accelerated design effort, as authorized by paragraph (1), shall include as a condition of the contract that the liability of the United States in a termination for convenience before funds are first made available for construction may not exceed an amount attributable to the final design of the project.

(3) For each fiscal year during which the authority provided by this subsection is in effect, the Secretary of a military department may select not more than two military construction projects to include the accelerated design effort authorized by paragraph (1) for each armed force under the jurisdiction of the Secretary. To be eligible for selection under this subsection, a request for the authorization of the project, and for the authorization of appropriations for the project, must have been included in the annual budget of the President for a fiscal year submitted to Congress under section 1105(a) of title 31.

(4) Not later than March 1, 2006, the Secretary of Defense shall submit to the congressional defense committees a report evaluating the usefulness of the authority provided by this subsection in expediting the design and construction of military construction projects. The authority provided by this subsection expires September 30, 2008, except that, if the report required by this paragraph is not submitted by March 1, 2008, the authority shall expire on that date.

The contracting officer shall provide written documentation of how a maximum number exceeding 5 is consistent with the purposes and objectives of the two-phase selection procedures." for "The maximum number specified in the solicitation shall not exceed 5 unless the agency determines with respect to an individual solicitation that a specified number greater than 5 is in the Government's interest and is consistent with the purposes and objectives of the two-phase selection procedures.

§ 2306. Kinds of contracts

(a) The cost-plus-a-percentage-of-cost system of contracting may not be used. Subject to the limitation in the preceding sentence, the other provisions of this section, and other applicable provisions of law, the head of an agency, in awarding contracts under this chapter after using procedures other than sealed-bid procedures, may enter into any kind of contract that he considers will promote the best interests of the United States.

(b) Each contract awarded under this chapter after using procedures other than sealed-bid procedures shall contain a warranty, determined to be suitable by the head of the agency, that the contractor has employed or retained no person or selling agency to solicit or obtain the contract under an understanding or agreement for a commission, percentage, brokerage, or contingent fee, except a bona fide employee or established commercial or selling agency maintained
for the acquisition of commercial items.

(b) A contract entered into by the United States in connection with a military construction project or a military family housing project may not use any form of cost-plus contracting. This prohibition is in addition to the prohibition specified in subsection (a) on the use of the cost-plus-a-percentage-of-cost system of contracting and applies notwithstanding a declaration of war or the declaration by the President of a national emergency under section 201 of the National Emergencies Act (50 U.S.C. 1621) that includes the use of the armed forces.

(d) The fee for performing a cost-plus-a-fixed-fee contract for experimental, developmental, or research work may not be more than 15 percent of the estimated cost of the contract, not including the fee. The fee for performing a cost-plus-a-fixed-fee contract for architectural or engineering services for a public work or utility plus the cost of those services to the contractor may not be more than 6 percent of the estimated cost of that work or project, not including fees. The fee for performing any other cost-plus-a-fixed-fee contract may not be more than 10 percent of the estimated cost of the contract, not including the fee. Determinations under this subsection of the estimated costs of a contract or project shall be made by the head of the agency at the time the contract is made.

(e)(1) Except as provided in paragraph (2), each cost contract and each cost-plus-a-fixed-fee contract shall provide for notice to the agency by the contractor before the making, under the prime contract, of—

(A) a cost-plus-a-fixed-fee subcontract; or

(B) a fixed-price subcontract or purchase order involving more than the greater of (i) the simplified acquisition threshold, or (ii) 5 percent of the estimated cost of the prime contract.

(2) Paragraph (1) shall not apply to a prime contract with a contractor that maintains a purchasing system approved by the contracting officer for the contract.

(f) So-called ‘‘truth-in-negotiations’’ provisions relating to cost or pricing data to be submitted by certain contractors and subcontractors are provided in section 2306a of this title.

(g) Multiyear contracting authority for the acquisition of services is provided in section 2306c of this title.

(h) Multiyear contracting authority for the purchase of property is provided in section 2306b of this title.

(A) An offeror for a prime contract under this chapter to be entered into using procedures other than sealed-bid procedures shall be required to submit cost or pricing data before the award of a contract if—

(i) in the case of a prime contract entered into after December 5, 1990, the price of the contract to the United States is expected to exceed $500,000; and

(ii) in the case of a prime contract entered into on or before December 5, 1990, the price of the contract to the United States is expected to exceed $100,000.

(B) The contractor for a prime contract under this chapter shall be required to submit
cost or pricing data before the pricing of a change or modification to the contract if—

(i) in the case of a change or modification made to a prime contract referred to in subparagraph (A)(i), the price adjustment is expected to exceed $500,000;

(ii) in the case of a change or modification made after December 5, 1991, to a prime contract that was entered into on or before December 5, 1990, and that has been modified pursuant to paragraph (6), the price adjustment is expected to exceed $500,000; and

(iii) in the case of a change or modification not covered by clause (i) or (ii), the price adjustment is expected to exceed $100,000.

(C) An offeror for a subcontract (at any tier) of a contract under this chapter shall be required to submit cost or pricing data before the award of the subcontract if the prime contractor and each higher-tier subcontractor have been required to make available cost or pricing data under this section and—

(i) in the case of a subcontract under a prime contract referred to in subparagraph (A)(i), the price of the subcontract is expected to exceed $500,000;

(ii) in the case of a subcontract entered into after December 5, 1991, under a prime contract that was entered into on or before December 5, 1990, and that has been modified pursuant to paragraph (6), the price of the subcontract is expected to exceed $500,000; and

(iii) in the case of a subcontract not covered by clause (i) or (ii), the price of the subcontract is expected to exceed $100,000.

(D) The subcontractor for a subcontract covered by subparagraph (C) shall be required to submit cost or pricing data before the pricing of a change or modification to the subcontract if—

(i) in the case of a change or modification to a subcontract referred to in subparagraph (C)(i) or (C)(ii), the price adjustment is expected to exceed $500,000; and

(ii) in the case of a change or modification to a subcontract referred to in subparagraph (C)(iii), the price adjustment is expected to exceed $100,000.

(2) A person required, as an offeror, contractor, or subcontractor, to submit cost or pricing data under paragraph (1) (or required by the head of the agency concerned to submit such data under subsection (c)) shall be required to certify that, to the best of the person’s knowledge and belief, the cost or pricing data submitted are accurate, complete, and current.

(3) Cost or pricing data required to be submitted under paragraph (1) (or under subsection (c)), and a certification required to be submitted under paragraph (2), shall be submitted—

(A) in the case of a submission by a prime contractor (or an offeror for a prime contract), to the contracting officer for the contract (or to a designated representative of the contracting officer); or

(B) in the case of a submission by a subcontractor (or an offeror for a subcontract), to the prime contractor.

(4) Except as provided under subsection (b), this section applies to contracts entered into by the head of an agency on behalf of a foreign government.

(5) A waiver of requirements for submission of certified cost or pricing data that is granted under subsection (b)(1)(C) in the case of a contract or subcontract does not waive the requirement under paragraph (1)(C) for submission of cost or pricing data in the case of subcontracts under that contract or subcontract unless the head of the procuring activity granting the waiver determines that the requirement under that paragraph should be waived in the case of such subcontracts and justifies in writing the reasons for the determination.

(6) Upon the request of a contractor that was required to submit cost or pricing data under paragraph (1) in connection with a prime contract entered into on or before December 5, 1990, the head of the agency that entered into such contract shall modify the contract to reflect subparagraphs (B)(i) and (C)(ii) of paragraph (1).

(a) All such modifications shall be made without requiring consideration.

(7) Effective on October 1 of each year that is divisible by 5, each amount set forth in paragraph (1) shall be adjusted to the amount that is equal to the fiscal year 1994 constant dollar value of the amount set forth. Any amount, as so adjusted, that is not evenly divisible by $50,000 shall be rounded to the nearest multiple of $50,000. In the case of an amount that is evenly divisible by $25,000 but not evenly divisible by $50,000, the amount shall be rounded to the next higher multiple of $50,000.

(b) EXCEPTIONS.—

(1) IN GENERAL.—Submission of certified cost or pricing data shall not be required under subsection (a) in the case of a contract, a subcontract, or modification of a contract or subcontract—

(A) for which the price agreed upon is based on—

(i) adequate price competition; or

(ii) prices set by law or regulation;

(B) for the acquisition of a commercial item; or

(C) in an exceptional case when the head of the procuring activity, without delegation, determines that the requirements of this section may be waived and justifies in writing the reasons for such determination.

(2) MODIFICATIONS OF CONTRACTS AND SUBCONTRACTS FOR COMMERCIAL ITEMS.—In the case of a modification of a contract or subcontract for a commercial item that is not covered by the exception to the submission of certified cost or pricing data in paragraph (1)(A) or (1)(B), submission of certified cost or pricing data shall not be required under subsection (a) if—

(A) the contract or subcontract being modified is a contract or subcontract for which submission of certified cost or pricing data may not be required by reason of paragraph (1)(A) or (1)(B); and

(B) the modification would not change the contract or subcontract, as the case may be, from a contract or subcontract for the acquisition of a commercial item to a contract or subcontract for the acquisition of an item other than a commercial item.
(3) Noncommercial Modifications of Commercial Items.—(A) The exception in paragraph (1)(B) does not apply to cost or pricing data on noncommercial modifications of a commercial item that are expected to cost, in the aggregate, more than the amount specified in subsection (a)(1)(A)(i), as adjusted from time to time under subsection (a)(7), or 5 percent of the total price of the contract (at the time of contract award), whichever is greater.

(B) In this paragraph, the term “noncommercial modification”, with respect to a commercial item, means a modification of such item that is not a modification described in section 103(3)(A) of title 41.

(C) Nothing in subparagraph (A) shall be construed—

(i) to limit the applicability of the exception in subparagraph (A) or (C) of paragraph (1) to cost or pricing data on a noncommercial modification of a commercial item; or

(ii) to require the submission of cost or pricing data on any aspect of an acquisition of a commercial item other than the cost and pricing of noncommercial modifications of such item.

(c) Cost or Pricing Data on Below-Threshold Contracts.—

(1) Authority to require submission.—Subject to paragraph (2), when certified cost or pricing data are not required to be submitted by subsection (a) for a contract, subcontract, or modification of a contract or subcontract, such data may nevertheless be required to be submitted by the head of the procuring activity, but only if the head of the procuring activity determines that such data are necessary for the evaluation by the agency of the reasonableness of the price of the contract, subcontract, or modification of a contract or subcontract. In any case in which the head of the procuring activity requires such data to be submitted under this subsection, the head of the procuring activity shall justify in writing the reason for such requirement.

(2) Exception.—The head of the procuring activity may not require certified cost or pricing data to be submitted under this paragraph for any contract or subcontract, or modification of a contract or subcontract, covered by the exceptions in subparagraph (A) or (B) of subsection (b)(1).

(3) Delegation of authority prohibited.—The head of a procuring activity may not delegate functions under this paragraph.

(d) Submission of other information.—

(1) Authority to require submission.—When certified cost or pricing data are not required to be submitted under this section for a contract, subcontract, or modification of a contract or subcontract, the contracting officer shall require submission of data other than certified cost or pricing data to the extent necessary to determine the reasonableness of the price of the contract, subcontract, or modification of the contract or subcontract. Except in the case of a contract or subcontract covered by the exceptions in subsection (b)(1)(A), the contracting officer shall require that the data submitted include, at a minimum, appropriate information on the prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price for the procurement.

(2) Limitations on authority.—The Federal Acquisition Regulation shall include the following provisions regarding the types of information that contracting officers may require under paragraph (1):

(A) Reasonable limitations on requests for sales data relating to commercial items.

(B) A requirement that a contracting officer limit, to the maximum extent practicable, the scope of any request for information relating to commercial items from an offeror to only that information that is in the form regularly maintained by the offeror in commercial operations.

(C) A statement that any information received relating to commercial items that is exempt from disclosure under section 552(b) of title 5 shall not be disclosed by the Federal Government.

(e) Price reductions for defective cost or pricing data.—(1)(A) A prime contract (or change or modification to a prime contract) under which a certificate under subsection (a)(2) is required shall contain a provision that the price of the contract to the United States, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the agency that such price was increased because the contractor (or any subcontractor required to make available such a certificate) submitted defective cost or pricing data.

(B) For the purposes of this section, defective cost or pricing data are cost or pricing data which, as of the date of agreement on the price of the contract (or another date agreed upon between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree upon a date other than the date of agreement on the price of the contract, the date agreed upon by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

(C) In determining for purposes of a contract price adjustment under a contract provision required by paragraph (1) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it shall be a defense that the United States did not rely on the defective data submitted by the contractor or subcontractor.

(3) It is not a defense to an adjustment of the price of a contract under a contract provision required by paragraph (1) that—

(A) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

(i) was the sole source of the property or services procured; or

(ii) otherwise was in a superior bargaining position with respect to the property or services procured;

(B) the contracting officer should have known that the cost and pricing data in issue
were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer; 
(C) the contract was based on an agreement between the contractor and the United States about the total cost of the contract and there was no agreement about the cost of each item procured under such contract; or
(D) the prime contractor or subcontractor did not submit a certification of cost and pricing data regarding to the contract as required under subsection (a)(2).

(4)(A) A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by paragraph (1) if—
(i) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and
(ii) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification) or, if applicable consistent with paragraph (1)(B), another date agreed upon between the parties, and that the data were not submitted as specified in subsection (a)(3) before such date.

(B) A contractor shall not be allowed to offset an amount otherwise authorized to be offset under subparagraph (A) if—
(i) the certification under subsection (a)(2) with respect to the cost or pricing data involved was known to be false when signed; or
(ii) the United States proves that, had the contractor or subcontractor taken no affirmative action to bring the character of the data to the attention of the contracting officer; or another date agreed upon between the parties, and that the data were not submitted as specified in subsection (a)(3) before such date.

(f) INTEREST AND PENALTIES FOR CERTAIN OVERPAYMENTS.—(1) If the United States makes an overpayment to a contractor under a contract subject to this section and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the United States—
(A) for interest on the amount of such overpayment, to be computed—
(i) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of such overpayment to the United States; and
(ii) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1986; and

(B) if the submission of such defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

(2) Any liability under this subsection of a contractor that submits cost or pricing data but refuses to submit the certification required by subsection (a)(2) with respect to the cost or pricing data shall not be affected by the refusal to submit such certification.

(g) RIGHT OF UNITED STATES TO EXAMINE CONTRACTOR RECORDS.—For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this section, the head of an agency shall have the authority provided by section 2313(a)(2) of this title.

The guidance shall—

"(1) include standards for determining whether information on the prices at which the same or similar items have previously been sold is adequate for evaluating the reasonableness of price;

"(2) include standards for determining the extent of uncertified cost information that should be required in cases in which price information is not adequate for evaluating the reasonableness of price;

"(3) ensure that in cases in which such uncertified cost information is required, the information shall be provided in the form in which it is regularly maintained by the offeror in its business operations; and

"(4) provide that no additional cost information may be required by the Department of Defense in any case in which there are sufficient non-Government sales to establish reasonableness of price.

"(B) the extent to which acquisition officials of the Department of Defense complied with the guidance issued pursuant to subsection (a) during such two-year period;

(2) CATEGORY OF COVERED SUPPLIES AND EQUIPMENT.—A category of covered supplies and equipment referred to in paragraph (1) consists of covered supplies and equipment that have the same National Stock Number, are in a single Federal Supply Group or Federal Supply Class, are provided by a single contractor, or are otherwise logically grouped for the purpose of analyzing information on price trends.

(3) REQUIREMENT TO EXAMINE CAUSES OF ESCALATION.—An analysis conducted pursuant to paragraph (1) shall include, for any category in which significant escalation in prices is identified, a more detailed examination of the causes of escalation for such prices within the category and whether such price escalation is consistent across the Department of Defense.

(4) REQUIREMENT TO ADDRESS UNJUSTIFIED ESCALATION.—The head of a Defense Agency or the Secretary of a military department shall take appropriate action to address any unjustified escalation in prices being paid for items procured by that agency or military department as identified in an analysis conducted pursuant to paragraph (1).

“(b) DETERMINATION REQUIRED FOR EXCEPTIONAL CASE EXCEPTION OR WAIVER.—The guidance shall, at a minimum, include a limitation that a grant of an exceptional case exception or waiver is appropriate with respect to a contract, subcontract, or (in the case of submission of certified cost and pricing data) modification only upon a determination that—

“(1) the property or services cannot reasonably be obtained under the contract, subcontract, or modification, as the case may be, without the grant of the exception or waiver;

“(2) the price can be determined to be fair and reasonable without the submission of certified cost and pricing data or the application of cost accounting standards, as the case may be; and

“(3) there are demonstrated benefits to granting the exception or waiver.

“(c) APPlicABILITY OF NEW GUIDANCE.—The guidance issued under subsection (a) shall apply to each exceptional case exception or waiver that is granted on or after the date on which the guidance is issued.

“(d) ANNUAL REPORT ON BOTH COMMERCIAL ITEM AND EXCEPTIONAL CASE EXCEPTIONS AND WAIVERS.—(1) The Secretary of Defense shall transmit, to the congressional defense committees (Committees on Armed Services and Appropriations of the Senate and the House of Representatives) promptly after the end of each fiscal year a report on commercial item exceptions, and exceptional case exceptions and waivers, described in paragraph (2) that were granted during that fiscal year.

“(2) The report for a fiscal year shall include—

“(A) with respect to any commercial item exception granted in the case of a contract, subcontract, or contract or subcontract modification that is expected to have a price of $15,000,000 or more, an explanation of the basis for the determination that the products or services to be purchased are commercial items, including an identification of the specific steps taken to ensure price reasonableness;

“(B) with respect to any exceptional case exception or waiver granted in the case of a contract or subcontract that is expected to have a value of $15,000,000 or more, an explanation of the basis for the determination described in subsection (b), including an identification of the specific steps taken to ensure that the price was fair and reasonable; and

“(C) with respect to any determination pursuant to section 2306a(b)(3)(D) of title 10, United States Code, that because of exceptional circumstances it is necessary in the public interest to award a task or delivery order contract with an estimated value in excess of $100,000,000 to a single source, an explanation of the basis for the determination.

“(e) DEFINITIONS.—In this section:

“(1) The term ‘exceptional case exception or waiver’ means either of the following:

“(2) The regulations shall, at a minimum, provide specific guidance on—

“(A) the appropriate application and precedence of such price analysis tools as catalog-based pricing, market-based pricing, historical pricing, parametric pricing, and value analysis;
§ 2306b. Multiyear contracts: acquisition of property

(a) IN GENERAL.—To the extent that funds are otherwise available for obligation, the head of an agency may enter into multiyear contracts for the purchase of property whenever the head of that agency finds each of the following:

(1) That the use of such a contract will result in substantial savings of the total anticipated costs of carrying out the program through annual contracts.

(2) That the minimum need for the property to be purchased is expected to remain substantially unchanged during the contemplated contract period in terms of production rate, procurement rate, and total quantities.

(3) That there is a reasonable expectation that throughout the contemplated contract period the head of the agency will request funding for the contract at the level required to avoid contract cancellation.

(4) That there is a stable design for the property to be acquired and that the technical risks associated with such property are not excessive.

(5) That the estimates of both the cost of the contract and the anticipated cost avoidance through the use of a multiyear contract are realistic.

(6) In the case of a purchase by the Department of Defense, that the use of such a contract will promote the national security of the United States.

(7) In the case of a contract in an amount equal to or greater than $500,000,000, that the conditions required by subparagraphs (C) through (F) of subsection (1)(d) will be met, in accordance with the Secretary’s certification and determination under such subsection, by such contract.

(b) REGULATIONS.—(1) Each official named in paragraph (2) shall prescribe acquisition regulations for the agency or agencies under the jurisdiction of such official to promote the use of multiyear contracting as authorized by subsection (a) in a manner that will allow the most efficient use of multiyear contracting.

(2)(A) The Secretary of Defense shall prescribe the regulations applicable to the Department of Defense.
(B) The Secretary of Homeland Security shall prescribe the regulations applicable to the Coast Guard, except that the regulations prescribed by the Secretary of Defense shall apply to the Coast Guard when it is operating as a service in the Navy.

(C) The Administrator of the National Aeronautics and Space Administration shall prescribe the regulations applicable to the National Aeronautics and Space Administration.

(c) CONTRACT CANCELLATIONS.—The regulations may provide for cancellation provisions in multiyear contracts to the extent that such provisions are necessary and in the best interests of the United States. The cancellation provisions may include consideration of both recurring and nonrecurring costs of the contractor associated with the production of the items to be delivered under the contract.

(d) PARTICIPATION BY SUBCONTRACTORS, VENDORS, AND SUPPLIERS.—In order to broaden the defense industrial base, the regulations shall provide that, to the extent practicable—

(1) multiyear contracting under subsection (a) shall be used in such a manner as to seek, retain, and promote the use under such contracts of companies that are subcontractors, vendors, or suppliers; and

(2) upon accrual of any payment or other benefit under such a multiyear contract to any subcontractor, vendor, or supplier company participating in such contract, such payment or benefit shall be delivered to such company in the most expeditious manner practicable.

(e) PROTECTION OF EXISTING AUTHORITY.—The regulations shall provide that, to the extent practicable, the administration of this section shall not be carried out in a manner to preclude or curtail the existing ability of an agency—

(1) to provide for competition in the production of items to be delivered under such a contract; or

(2) to provide for termination of a prime contract the performance of which is deficient with respect to cost, quality, or schedule.

(f) CANCELLATION OR TERMINATION FOR INSUFFICIENT FUNDING.—In the event funds are not made available for the continuation of a contract made under this section, the contract shall be canceled or terminated. The costs of cancellation or termination may be paid from—

(1) appropriations originally available for the performance of the contract concerned;

(2) appropriations currently available for procurement of the type of property concerned, and not otherwise obligated; or

(3) funds appropriated for those payments.

(g) CONTRACT CANCELLATION CEILINGS EXCEEDING $100,000,000.—(1) Before any contract described in subsection (a) that contains a clause setting forth a cancellation ceiling in excess of $100,000,000 may be awarded, the head of the agency concerned shall give written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the congressional defense committees, and such contract may not then be awarded until the end of a period of 30 days beginning on the date of such notification.

(2) In the case of a contract described in subsection (a) with a cancellation ceiling described in paragraph (1), if the budget for the contract does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract, the head of the agency concerned shall, as part of the certification required by subsection (i)(1)(A), give written notification to the congressional defense committees of—

(A) the cancellation ceiling amounts planned for each program year in the proposed multiyear procurement contract, together with the reasons for the amounts planned;

(B) the extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) a financial risk assessment of not including budgeting for costs of contract cancellation.

(h) DEFENSE ACQUISITIONS OF WEAPON SYSTEMS.—In the case of the Department of Defense, the authority under subsection (a) includes authority to enter into the following multiyear contracts in accordance with this section:

(1) A multiyear contract for the purchase of a weapon system, items and services associated with a weapon system, and logistics support for a weapon system.

(2) A multiyear contract for advance procurement of components, parts, and materials necessary to the manufacture of a weapon system, including a multiyear contract for such advance procurement that is entered into in order to achieve economic-lot purchases and more efficient production rates.

(i) DEFENSE ACQUISITIONS SPECIFICALLY AUTHORIZED BY LAW.—(1) In the case of the Department of Defense, a multiyear contract in an amount equal to or greater than $500,000,000 may not be entered into under this section unless the contract is specifically authorized by law in an Act other than an appropriations Act.

(2) In submitting a request for a specific authorization by law to carry out a defense acquisition program using multiyear contract authority under this section, the Secretary of Defense shall include in the request the following:

(A) A report containing preliminary findings of the agency head required in paragraphs (1) through (6) of subsection (a), together with the basis for such findings.

(B) Confirmation that the preliminary findings of the agency head under subparagraph (A) were made after the completion of a cost analysis performed by the Director of Cost Assessment and Program Evaluation for the purpose of section 2334(e)(1) of this title, and that the analysis supports those preliminary findings.

(3) A multiyear contract may not be entered into under this section for a defense acquisition program that has been specifically authorized by law to be carried out using multiyear contract authority unless the Secretary of Defense certifies in writing, not later than 30 days before
entry into the contract, that each of the follow-
ing conditions is satisfied:
(A) The Secretary has determined that each of the requirements in paragraphs (1) through (6) of subsection (a) will be met by such con-
tract and has provided the basis for such de-
termination to the congressional defense com-
mittees.
(B) The Secretary’s determination under subparagraph (A) was made after completion of a cost analysis conducted on the basis of section 2433(d) of this title within 5 years prior to the date the Secretary anticipates such contract (or a contract for advance procurement en-
tered into consistent with the authorization for such contract) will be awarded.
(C) A sufficient number of end items of the system being acquired pursuant to such contract has not been determined to have experienced cost growth in excess of the criti-
cal cost growth threshold pursuant to section 2433(d) of this title within 5 years prior to the date the Secretary anticipates such contract (or a contract for advance procurement en-
tered into consistent with the authorization for such contract) will be awarded.
(D) A sufficient number of end items of the system being acquired under such contract have been delivered at or within the most cur-ent estimates of the program acquisition unit cost or procurement unit cost for such system to determine that current estimates of such unit costs are realistic.
(E) During the fiscal year in which such con-
tact is to be awarded, sufficient funds will be available to perform the contract in such fiscal year, and the future-years defense program for such fiscal year will include the funding re-
quired to execute the program without can-
cellation.
(F) The contract is a fixed price type con-
tract.
(G) The proposed multiyear contract pro-
vides for production at not less than minimum economic rates given the existing tooling and facilities.
(H) If for any fiscal year a multiyear contract to be entered into under this section is author-
ized by law for a particular procurement pro-
gram and that authorization is subject to cer-
tain conditions established by law (including a condition as to cost savings to be achieved under the multiyear contract in comparison to specified other contracts) and if it appears (after negotia-
tions with contractors) that such savings cannot be achieved, but that substantial savings could nevertheless be achieved through the use of a multiyear contract rather than specified other contracts, the President may submit to Congress a request for relief from the specified cost savings that must be achieved through multiyear contracting for that program. Any such request by the President shall include de-
tails about the request for a multiyear contract, including details about the negotiated contract terms and conditions.
(I) A multiyear contract—
(I) that employs economic order quantity procurement in excess of $20,000,000 in any one year of the contract; or
(II) that includes an unfunded contingent liability in excess of $20,000,000.
(ii) Any contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in ex-
cess of $20,000,000 in any one year.
(2) The head of an agency may not initiate a multiyear contract for which the economic order quantity advance procurement is not fund-
ed at least to the limits of the Government’s li-
ability.
(3) The head of an agency may not initiate a multiyear procurement contract for any system (or component thereof) if the value of the multi-
year contract would exceed $500,000,000 unless authority for the contract is specifically pro-
vided in an appropriations Act.
(4) Not later than the date of the submission of the President’s budget request under section
1105 of title 31, the Secretary of Defense shall submit a report to the congressional defense committees each year, providing the following information with respect to each multiyear contract (and each extension of an existing multiyear contract) entered into, or planned to be entered into, by the head of an agency during the current or preceding year, shown for each year in the current future-years defense program and in the aggregate over the period of the current future-years defense program:

(A) The amount of total obligational authority under the contract (or contract extension) and the percentage that such amount represents of—

(i) the applicable procurement account; and
(ii) the agency procurement total.

(B) The amount of total obligational authority under all multiyear procurements of the agency concerned (determined without regard to the amount of the multiyear contract (or contract extension)) under multiyear contracts in effect at the time the report is submitted and the percentage that such amount represents of—

(i) the applicable procurement account; and
(ii) the agency procurement total.

(C) The amount equal to the sum of the amounts under subparagraphs (A) and (B), and the percentage that such amount represents of—

(i) the applicable procurement account; and
(ii) the agency procurement total.

(D) The amount of total obligational authority under all Department of Defense multiyear procurements (determined without regard to the amount of the multiyear contract (or contract extension)), including any multiyear contract (or contract extension) that has been authorized by the Congress but not yet entered into, and the percentage that such amount represents of the Department of Defense in the aggregate.

(5) The head of an agency may not enter into a multiyear contract (or extend an existing multiyear contract), the value of which would exceed $500,000,000 (when entered into or when extended, as the case may be), until the Secretary of Defense submits to the congressional defense committees a report containing the information described in paragraph (4) with respect to the contract (or contract extension).

(6) The head of an agency may not terminate a multiyear procurement contract until 10 days after the date on which notice of the proposed termination is provided to the congressional defense committees.

(7) The execution of multiyear contracting authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement.

(8) This subsection does not apply to the National Aeronautics and Space Administration or to the Coast Guard.

(9) In this subsection:

(A) The term "applicable procurement account" means, with respect to a multiyear procurement contract (or contract extension), the appropriation account from which payments to execute the contract will be made.

(B) The term "agency procurement total" means the procurement accounts of the agency entering into a multiyear procurement contract (or contract extension) treated in the aggregate.

(III) INCREASED FUNDING AND REPURPOSING REQUESTS.—Any request for increased funding for the procurement of a major system under a multiyear contract authorized under this section shall be accompanied by an explanation of how the request for increased funding affects the determinations made by the Secretary under subsection (l).

tangible liability in excess of $20,000,000; or (2) a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of $20,000,000 in any one year, unless the congressional defense committees (Committee on Appropriations and Subcommittee on Defense of the Committee on Appropriations of the Senate) have been notified at least 30 days in advance of the proposed contract award: Provided, That no part of any appropriation contained in this Act be available to initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability: Provided further, That no part of any appropriation contained in this Act be available to initiate multiyear procurement contracts for any systems or component thereof if the value of the multiyear contract would exceed $500,000,000 unless specifically provided in this Act: Provided further, That no multiyear procurement contract can be terminated without 10-day prior notification to the congressional defense committees: Provided further, That the execution of multiyear authority shall be guided by the following principles:

(a) AUTHORITY.—Subject to subsections (d) and (e), the head of an agency may enter into contracts for periods of not more than five years for services described in subsection (b), and for items of supply related to such services, for which funds would otherwise be available for obligation only within the fiscal year for which appropriated whenever the head of the agency finds that—

(1) there will be a continuing requirement for the services consonant with current plans for the proposed contract period;
(2) the furnishing of such services will require a substantial initial investment in plant or equipment, or the incurrence of substantial contingent liabilities for the assembly, training, or transportation of a specialized work force; and
(3) the use of such a contract will promote the best interests of the United States by encouraging effective competition and promoting economies in operation.

(b) COVERED SERVICES.—The authority under subsection (a) applies to the following types of services:

(1) Operation, maintenance, and support of facilities and installations.
(2) Maintenance or modification of aircraft, ships, vehicles, and other highly complex military equipment.
(3) Specialized training necessitating high quality instructor skills (for example, pilot and air crew members; foreign language training).
(4) Base services (for example, ground maintenance; in-plane refueling; bus transportation; refuse collection and disposal).
(5) Environmental remediation services for—
(A) an active military installation;
(B) a military installation being closed or realigned under a base closure law; or
(C) a site formerly used by the Department of Defense.

(c) APPLICABLE PRINCIPLES.—In entering into multiyear contracts for services under the authority of this section, the head of the agency shall be guided by the following principles:
§ 2306c TITLE 10—ARMED FORCES Page 1372

(1) The portion of the cost of any plant or equipment amortized as a cost of contract performance should not exceed the ratio between the period of contract performance and the anticipated useful commercial life of such plant or equipment. Useful commercial life, for this purpose, means the commercial utility of the facilities rather than the physical life thereof, with due consideration given to such factors as location of facilities, specialized nature thereof, and obsolescence.

(2) Consideration shall be given to the desirability of obtaining an option to renew the contract for a reasonable period not to exceed three years, at prices not to include charges for plant, equipment and other nonrecurring costs, already amortized.

(3) Consideration shall be given to the desirability of reserving in the agency the right, upon payment of the unamortized portion of the cost of the plant or equipment, to take title thereto under appropriate circumstances.

(d) RESTRICTIONS APPLICABLE GENERALLY.—(1) The head of an agency may not initiate under this section a contract for services that includes an unfunded contingent liability in excess of $20,000,000 unless the congressional defense committees are notified of the proposed contract at least 30 days in advance of the award of the proposed contract.

(2) The head of an agency may not initiate a multiyear contract for services under this section if the value of the multiyear contract would exceed $500,000,000 unless authority for the contract is specifically provided by law.

(3) The head of an agency may not terminate a multiyear procurement contract for services until 10 days after the date on which notice of the proposed termination is provided to the congressional defense committees.

(4) Before any contract described in subsection (a) that contains a clause setting forth a cancellation ceiling in excess of $100,000,000 may be awarded, the head of the agency concerned shall give written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the congressional defense committees, and such contract may not then be awarded until the end of a period of 30 days beginning on the date of such notification.

(5) In the case of a contract described in subsection (a) with a cancellation ceiling described in paragraph (4), if the budget for the contract does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract, the head of the agency concerned shall give written notification to the congressional defense committees of—

(A) the cancellation ceiling amounts planned for each program year in the proposed multiyear procurement contract, together with the reasons for the amounts planned;

(B) the extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) a financial risk assessment of not including budgeting for costs of contract cancellation.

(e) CANCELLATION OR TERMINATION FOR INSUFFICIENT FUNDING AFTER FIRST YEAR.—In the event that funds are not made available for the continuation of a multiyear contract for services into a subsequent fiscal year, the contract shall be canceled or terminated, and the costs of cancellation or termination may be paid from—

(1) appropriations originally available for the performance of the contract concerned;

(2) appropriations currently available for procurement of the type of services concerned, and not otherwise obligated; or

(3) funds appropriated for those payments.

(f) MULTIYEAR CONTRACT DEFINED.—For the purposes of this section, a multiyear contract is a contract for the purchase of services for more than one, but not more than five, program years. Such a contract may provide that performance under the contract during the second and subsequent years of the contract is contingent upon the appropriation of funds and (if it does so provide) may provide for a cancellation payment to be made to the contractor if such appropriations are not made.

(Added Pub. L. 106–398, § 1 [[div. A], title VIII, § 843(a), Nov. 24, 2000, 117 Stat. 1553.]—In this section, the term “military installation” has the meaning given such term in section 2801(c)(4) of this title.

Subsec. (h). Pub. L. 108–136, §1043(c)(1), substituted “‘MILITARY INSTALLATION DEFINED.—In this section, the term ‘military installation’ has the meaning given such term in section 2801(c)(4) of this title.’”

(a) Payment Authority.—The head of any agency may—

(1) make advance, partial, progress, or other payments under contracts for property or services made by the agency; and

(2) insert in solicitations for procurement of property or services a provision limiting to small business concerns advance or progress payments.

(b) Performance-Based Payments.—Whenever practicable, payments under subsection (a) shall be made on any of the following bases:

(1) Performance measured by objective, quantifiable methods such as delivery of acceptable items, work measurement, or statistical process controls.

(2) Accomplishment of events defined in the program management plan.

(3) Other quantifiable measures of results.

(c) Payment Amount.—Payments made under subsection (a) may not exceed the unpaid contract price.

(i) Action in Case of Fraud.—(1) In any case in which the remedy coordination official of an agency finds that there is substantial evidence that the request of a contractor for advance, partial, or progress payment under a contract awarded by that agency is based on fraud, the remedy coordination official shall recommend that the head of the agency reduce or suspend further payments to such contractor.
(2) The head of an agency receiving a recommendation under paragraph (1) in the case of a contractor's request for payment under a contract shall determine whether there is substantial evidence that the request is based on fraud. The Secretary of each military department shall transmit the annual report of such department to the Secretary of Defense. Each such report shall be available to any member of Congress upon request.

(8) This subsection applies to the agencies named in paragraphs (1), (2), (3), (4), and (6) of section 2303(a) of this title.

(d) Waiver by Other Law.—A provision of law may not be construed as prohibiting the acquisition of a higher quantity of an end item under this section unless that provision of law—

(1) specifically refers to this section; and

(2) specifically states that the acquisition of the higher quantity of the end item is prohibited notwithstanding the authority provided in this section.

(e) Definitions.—(1) For the purposes of this section, a quantity of an end item shall be considered specified in a law if the quantity is specified either in a provision of that law or in any related representation that is set forth separately in a table, chart, or explanatory text included in a joint explanatory statement or governing committee report accompanying the law.

“(b) DOCUMENTATION REQUIREMENTS.—The revised guidance shall ensure that requests for access to defense contractor internal audit reports are appropriately documented. The required documentation shall include, at a minimum, the following:

“(1) Written determination that access to such reports is necessary to complete required evaluations of contractor business systems.

“(2) A copy of any request from the Defense Contract Audit Agency to a contractor for access to such reports.

“(3) A record of response received from the contractor, including the contractor’s rationale or justification if access to requested reports was not granted.

“(b) [sic] SAFEGUARDS AND PROTECTIONS.—The revised guidance shall include appropriate safeguards and protections to ensure that contractor internal audit reports cannot be used by the Defense Contract Audit Agency for any purpose other than evaluating and testing the efficacy of contractor internal controls and the reliability of associated contractor business systems.

“(c) RISK-BASED AUDITING.—A determination by the Defense Contract Audit Agency that a contractor has a sound system of internal controls shall provide the basis for increased reliance on contractor business systems or a reduced level of testing with regard to specific audits, as appropriate. Internal audit reports provided by a contractor pursuant to this section may be considered in determining whether or not a contractor has a sound system of internal controls, but shall not be the sole basis for such a determination.

“(d) COMPTROLLER GENERAL REVIEW.—Not later than one year after the date of the enactment of this Act, the Comptroller General of the United States shall initiate a review of the documentation required by subsection (a). Not later than 90 days after completion of the review, the Comptroller General shall submit to the congressional defense committees (Committees on Armed Services and Appropriations of the Senate and the House of Representatives) a report on the results of the review, with findings and recommendations for improving the audit processes of the Defense Contract Audit Agency.”

“(B) are not provided directly or indirectly to persons or entities that are actively supporting an insurgency or otherwise actively opposing United States or coalition forces in a contingency operation.

“(3) WRITTEN DETERMINATION.—The authority to examine records pursuant to the contract clause de-
scribed in paragraph (2) may be exercised only upon a written determination by the contracting officer or comparable official responsible for a grant or cooperative agreement, upon a finding by the Commander of the United States Central Command, that there is reason to believe that funds available under the contract, grant, or cooperative agreement concerned may have been subject to extortion or corruption or may have been provided directly or indirectly to persons or entities that are actively supporting an insurgency or otherwise actively opposing United States or coalition forces in a contingency operation.

"(4) Flowdown.—A clause described in paragraph (2) shall also be required in any subcontract or subgrant under a covered contract, grant, or cooperative agreement if the subcontract or subgrant has an estimated value in excess of $100,000.

(1) of Part I of Ex. Ord. No. 10789, and that alternate sources of supply are not reasonably available, see par. (11) of Part I of Ex. Ord. 2011—Pub. L. 111–350 substituted “Sections 6101(b)–(d)” and 6304 of title 41 for “Sections 3709 and 3733 of the Revised Statutes (41 U.S.C. 5 and 13)”. 
§ 2315. Law inapplicable to the procurement of automatic data processing equipment and services for certain defense purposes

For purposes of subtitle III of title 40, the term ‘national security system’, with respect to a telecommunications and information system operated by the Department of Defense, has the meaning given that term by section 3552(b)(5) of title 44.

AMENDMENTS

2014—Pub. L. 113–283 substituted “section 3552(b)(5)” for “section 3542(b)(2)”.

2006—Pub. L. 109–364 amended text generally. Prior to amendment, section consisted of subsecs. (a) and (b) defining “national security systems” as meaning telecommunications and information systems operated by the Department of Defense, the functions, operation or use of which involves intelligence or cryptologic activities, command and control of military forces, or equipment that is an integral part of a weapons system or is critical to military or intelligence missions but is not equipment or services to be used for routine administrative and business applications.

§ 2316. Disclosure of identity of contractor

The Secretary of Defense may disclose the identity or location of a person awarded a contract by the Department of Defense to any individual, including a Member of Congress, only after the Secretary makes a public announcement identifying the contractor. When the identity of a contractor is to be made public, the Secretary shall announce publicly that the contract has been awarded and the identity of the contractor.

The words “company, or corporation” are omitted as included as in “person” because of section 11. The words “on and after the date of enactment of this Act” are omitted as executed. The word “contractor” is substituted for “person, company, or corporation to whom such contract has been awarded” and “person, company, or corporation to whom any defense contract has been awarded” to eliminate unnecessary words. The words “and the identity of the contractor” are substituted for “and to whom it was awarded” for clarity.

(2) The advocate for competition of the Defense Logistics Agency shall carry out the responsibilities and functions provided for in subsections (b) and (c) of section 1705 of title 41.

(b) Each advocate for competition of an agency of the Department of Defense shall designate an officer or employee of the Defense Logistics Agency to serve as the advocate for competition of the agency.

(c) which read as follows: “Each advocate for competition shall be included in the annual report of the Secretary of Defense required by section 23 of the Office of Federal Procurement Policy Act (41 U.S.C. 419), in the form in which it was submitted to the Secretary.”

\section*{
\textbf{2319. Encouragement of new competitors}
}

(a) In this section, the term “qualification requirement” means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

(b) Except as provided in subsection (c), the head of the agency shall, before establishing a qualification requirement—

(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

(2) specify in writing and make available to a potential offeror upon request all requirements which a prospective offeror, or its product, must satisfy in order to become qualified, such requirements to be limited to those least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

(3) specify an estimate of the costs of testing and evaluation likely to be incurred by a potential offeror in order to become qualified;

(4) ensure that a potential offeror who shall be required in such contract to adduce proof of qualification is promptly informed as to the extent possible that such services be provided by a contractor who is not expected to benefit from an absence of additional qualified sources and who shall be required in such contract to adhere to any restriction on technical data asserted by the potential offeror seeking qualification; and

(5) ensure that a potential offeror seeking qualification is promptly informed as to
whether qualification is attained and, in the event qualification is not attained, is promptly furnished specific information why qualification was not attained.

(c)(1) Subsection (b) of this section does not apply with respect to a qualification requirement established by statute or administrative action before October 19, 1984, unless such requirement is a qualified products list.

(2)(A) Except as provided in subparagraph (B), if it is unreasonable to specify the standards for qualification which a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition of the procuring activity responsible for the purchase of the item subject to the qualification requirement. After considering any comments of the advocate for competition reviewing such determination, the head of the purchasing office may waive the requirements of clauses (2) through (6) of subsection (b) for up to two years with respect to the item subject to the qualification requirement.

(B) The waiver authority provided in this paragraph does not apply with respect to a qualified products list.

(3) A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror (A) is not on a qualified bidders list, qualified manufacturers list, or qualified products list, or (B) has not been identified as meeting a qualification requirement established after October 19, 1984, if the potential offeror can demonstrate to the satisfaction of the contracting officer (or, in the case of a contract for the procurement of an aviation critical safety item or ship critical safety item, the head of the design control activity for such item) that the potential offeror or its product meets the standards established for qualification or can meet such standards before the date specified for award of the contract.

(4) Nothing contained in this subsection requires the referral of an offer to the Small Business Administration pursuant to section 8(b)(7) of the Small Business Act (15 U.S.C. 637(b)(7)) if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror’s compliance with such requirement.

(5) The head of an agency need not delay a proposed procurement in order to comply with subsection (b) or in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

(6) The requirements of subsection (b) also apply before enforcement of any qualified products list, qualified manufacturers list, or qualified bidders list.

(d)(1) If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than two actual manufacturers or the products of two actual manufacturers, respectively, the head of the agency concerned shall—

(A) periodically publish notice in the Commerce Business Daily soliciting additional sources or products to seek qualification, unless the contracting officer determines that such publication would compromise national security; and

(B) bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement, but such costs may be borne only if the head of the agency determines that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to amortize the costs incurred by the agency within a reasonable period of time considering the duration and dollar value of anticipated future requirements.

(2) The head of an agency shall require a prospective contractor requesting the United States to bear testing and evaluation costs under paragraph (1)(B) to certify as to its status as a small business concern under section 3 of the Small Business Act (15 U.S.C. 632).

(e) Within seven years after the establishment of a qualification requirement under subsection (b) or within seven years following an agency’s enforcement of a qualified products list, qualified manufacturers list, or qualified bidders list, any such qualification requirement shall be examined and revalidated in accordance with the requirements of subsection (b). The preceding sentence does not apply in the case of a qualification requirement for which a waiver is in effect under subsection (c)(2).

(f) Except in an emergency as determined by the head of the agency, whenever the head of the agency determines not to enforce a qualification requirement for a solicitation, the agency may not thereafter enforce that qualification requirement unless the agency complies with the requirements of subsection (b).

(g) DEFINITIONS.—In this section:

(1) The term “aviation critical safety item” means a part, an assembly, installation equipment, launch equipment, recovery equipment, or support equipment for an aircraft or aviation weapon system if the part, assembly, or equipment contains a characteristic the failure, malfunction, or absence of which could cause a catastrophic or critical failure resulting in the loss of or serious damage to the aircraft or weapon system, an unacceptable risk of personal injury or loss of life, or an uncommanded engine shutdown that jeopardizes safety.

(2) The term “ship critical safety item” means any ship part, assembly, or support equipment containing a characteristic the failure, malfunction, or absence of which could cause a catastrophic or critical failure resulting in loss of or serious damage to the ship or unacceptable risk of personal injury or loss of life.

(3) The term “design control activity”, with respect to an aviation critical safety item or ship critical safety item, means the systems command of a military department that is specifically responsible for ensuring the air-
worthiness of an aviation system or equipment, or the seaworthiness of a ship or ship equipment, in which such item is to be used.

AMENDMENTS

2006—Subsec. (c)(3). Pub. L. 109–364, §802(d)(1), inserted “‘or ship critical safety item’” after “‘aviation critical safety item’”.

1987—Subsec. (a). Pub. L. 100–26, §7(k)(3), inserted “‘the term’” after “‘In this section’”.

Subsec. (c)(1), (3). Pub. L. 100–26, §7(d)(4), substituted “‘October 19, 1984’” for “‘the date of the enactment of the Defense Procurement Reform Act of 1984’”.

EFFECTIVE DATE

Pub. L. 98–525, title XII, §1216(c)(2), Oct. 19, 1984, 98 Stat. 2599, provided that: “Sections 2319, 2320, and 2321 of title 10, United States Code, and subsections (A) and (B) of section 2321(b) apply, with respect to solicitations issued after the end of the one-year period beginning on the date of the enactment of this Act (Oct. 19, 1984).”

§2320. Rights in technical data

(a)(1) The Secretary of Defense shall prescribe regulations to define the legitimate interest of the United States and of a contractor or subcontractor in technical data pertaining to an item or process. Such regulations shall be included in regulations of the Department of Defense prescribed as part of the Federal Acquisition Regulation. Such regulations may not impair any right of the United States or of any contractor or subcontractor with respect to patents or copyrights or any other right in technical data otherwise established by law. Such regulations also may not impair the right of a contractor or subcontractor to receive from a third party a fee or royalty for the use of technical data pertaining to an item or process developed exclusively at private expense by the contractor or subcontractor, except as otherwise specifically provided by law.

(2) Such regulations shall include the following provisions:

(A) In the case of an item or process that is developed by a contractor or subcontractor exclusively with Federal funds (other than an item or process developed under a contract or subcontract to which regulations under section 9(j)(2) of the Small Business Act (15 U.S.C. 638(j)(2)) apply), the United States shall have the unlimited right to—

(i) use technical data pertaining to the item or process; or

(ii) release or disclose the technical data to persons outside the government or permit the use of the technical data by such persons.

(B) Except as provided in subparagraphs (C) and (D), in the case of an item or process that is developed by a contractor or subcontractor exclusively at private expense, the contractor or subcontractor may restrict the right of the United States to release or disclose technical data pertaining to the item or process to persons outside the government or permit the use of the technical data by such persons.

(C) Subparagraph (B) does not apply to technical data that—

(i) constitutes a correction or change to data furnished by the United States;

(ii) relates to form, fit, or function;

(iii) is necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

(iv) is otherwise publicly available or has been released or disclosed by the contractor or subcontractor without restriction on further release or disclosure.

(D) Notwithstanding subparagraph (B), the United States may release or disclose technical data to persons outside the Government, or permit the use of technical data by such persons, if—

(i) such release, disclosure, or use—

(I) is necessary for emergency repair and overhaul;

(II) is necessary for the segregation of an item or process from, or the reintegration of that item or process (or a physically or functionally equivalent item or process) with, other items or processes; or

(III) is a release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government that is in the interest of the United States and is required for evaluational or informational purposes;

(ii) such release, disclosure, or use is made subject to a prohibition that the person to whom the data is released or disclosed may not further release, disclose, or use such data; and

(iii) the contractor or subcontractor asserting the restriction is notified of such release, disclosure, or use.

(E) In the case of an item or process that is developed in part with Federal funds and in part at private expense, the respective rights of the United States and of the contractor or subcontractor in technical data pertaining to such item or process shall be established as early in the acquisition process as practicable (preferably during contract negotiations). The United States shall have government purpose rights in such technical data, except in any case in which the Secretary of Defense determines, on the basis of criteria established in such regulations, that negotiation of different rights in such technical data would be in the
and proposal costs shall not be considered to be Federal funds for the purposes of the definitions under this paragraph.

(b) Regulations prescribed under subsection (a) shall require that, whenever practicable, a contract for supplies or services entered into by an agency named in section 2303 of this title contain appropriate provisions relating to technical data, including provisions—

(1) defining the respective rights of the United States and the contractor or subcontractor (at any tier) regarding any technical data to be delivered under the contract and providing that, in the case of a contract for a commercial item, the item shall be presumed to be developed at private expense unless shown otherwise in accordance with section 2321(f);

(2) specifying the technical data, if any, to be delivered under the contract and delivery schedules for such delivery;

(3) establishing or referencing procedures for determining the acceptability of technical data to be delivered under the contract;

(4) establishing separate contract line items for the technical data, if any, to be delivered under the contract;

(5) to the maximum practicable extent, identifying, in advance of delivery, technical data which is to be delivered with restrictions on the right of the United States to use such data;

(6) requiring the contractor to revise any technical data delivered under the contract to reflect engineering design changes made during the performance of the contract and affecting the form, fit, and function of the items specified in the contract and to deliver such revised technical data to an agency within a time specified in the contract;

(7) establishing remedies to be available to the United States when technical data required to be delivered or made available under the contract is found to be incomplete or inadequate or to not satisfy the requirements of the contract concerning technical data;

(8) authorizing the head of the agency to withhold payments under the contract (or exercise such other remedies as the head of the agency considers appropriate) during any period if the contractor does not meet the requirements of the contract pertaining to the delivery of technical data;

(9) providing that, in addition to technical data that is already subject to a contract delivery requirement, the United States may require at any time the delivery of technical data that has been generated or utilized in the performance of a contract, and compensate the contractor only for reasonable costs incurred for having converted and delivered the data in the required form, upon a determination that—

(A) the technical data is needed for the purpose of reprocurement, sustainment, modification, or upgrade (including through competitive means) of a major system or subsystem thereof, a weapon system or subsystem thereof, or any noncommercial item or process; and

(B) the technical data—
(i) pertains to an item or process developed in whole or in part with Federal funds; or

(ii) is necessary for the operation or use of that item or process (or a physically or functionally equivalent item or process) with, other items or processes; and

(10) providing that the United States is not foreclosed from requiring the delivery of the technical data by a failure to challenge, in accordance with the requirements of section 2322(d) of this title, the contractor's assertion of a use or release restriction on the technical data.

(c) Nothing in this section or in section 2305(d) of this title prohibits the Secretary of Defense from—

(1) prescribing standards for determining whether a contract entered into by the Department of Defense shall provide for a time to be specified in the contract after which the United States shall have the right to use (or have used) for any purpose of the United States all technical data required to be delivered to the United States under the contract or providing for such a period of time (not to exceed 7 years) as a negotiation objective;

(2) notwithstanding any limitation upon the license rights conveyed under subsection (a), allowing a covered Government support contractor access to and use of any technical data delivered under a contract for the sole purpose of furnishing independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of the program or effort to which such technical data relates; or

(3) prescribing reasonable and flexible guidelines, including negotiation objectives, for the conduct of negotiations regarding the respective rights in technical data of the United States and the contractor.

(d) The Secretary of Defense shall by regulation establish programs which provide domestic business concerns an opportunity to purchase or borrow replenishment parts from the United States for the purpose of design replication or modification, to be used by such concerns in the submission of subsequent offers to sell the same or like parts to the United States. Nothing in this subsection limits the authority of the head of an agency to impose restrictions on such a program related to national security considerations, inventory needs of the United States, the improbability of future purchases of the same or like parts, or any additional restriction otherwise required by law.

(e) The Secretary of Defense shall require program managers for major weapon systems and subsystems of major weapon systems to assess the long-term technical data needs of such systems and subsystems and establish corresponding acquisition strategies that provide for technical data rights needed to sustain such systems and subsystems over their life cycle. Such strategies may include the development of maintenance capabilities within the Department of Defense or competition for contracts for sustainment of such systems or subsystems. Assessments and corresponding acquisition strategies developed under this section with respect to a weapon system or subsystem shall—

(1) be developed before issuance of a contract solicitation for the weapon system or subsystem;

(2) address the merits of including a priced contract option for the future delivery of technical data that were not acquired upon initial contract award;

(3) address the potential for changes in the sustainment plan over the life cycle of the weapon system or subsystem; and

(4) apply to weapon systems and subsystems that are to be supported by performance-based logistics arrangements as well as to weapons systems and subsystems that are to be supported by other sustainment approaches.

(f) In this section, the term "covered Government support contractor" means a contractor under a contract the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or effort), which contractor—

(1) is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(2) executes a contract with the Government agreeing to and acknowledging—

(A) that proprietary or nonpublic technical data furnished will be used only for the purposes stated in that contract;

(B) that the covered Government support contractor will enter into a non-disclosure agreement with the contractor to whom the right to the technical data belong;

(C) that the covered Government support contractor will take all reasonable steps to protect the proprietary and nonpublic nature of the technical data furnished to the covered Government support contractor during the program or effort for the period of time in which the Government is restricted from disclosing the technical data outside of the Government;

(D) that a breach of that contract by the covered Government support contractor with regard to a third party's ownership or rights in such technical data may subject the covered Government support contractor—

(i) to criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(ii) to civil actions for damages and other appropriate remedies by the contractor or subcontractor whose technical data is affected by the breach; and

(E) that such technical data provided to the covered Government support contractor...
under the authority of this section shall not be used by the covered Government support contractor to compete against the third party for Government or non-Government contracts.

proprietary, or confidential data delivered under a con-
tract for a commercial item, the item shall be presumed to be developed at private expense unless shown otherwise in accordance with section 2321(f).''

Subsec. (b)(1). Pub. L. 101–189 struck out sub para. (4) which provided that for purposes of this subsection, the term "Federal Acquisition Regulation" means the single system of Government-wide procurement regulations as defined in section 4(4) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(4)).

Subsec. (a)(2)(ii). Pub. mines, on the basis of criteria established in such pol-

or through agreement negotiations would not be prac-
ticable; and
“(3) require the program manager for a major weap-
on system or an item of personnel protective equip-
ment that is to be developed using a non-FAR agree-

such system or item.
“(b) REQUIREMENT TO INCLUDE PROVISIONS IN NON-
FAR AGREEMENTS.—A non-FAR agreement shall con-

“(3) a description of one or more examples, if any,
where a priced contract option has been used on
major weapon systems for the future delivery of tech-

GOVERNMENT-INDUSTRY COMMITTEE ON RIGHTS IN
TECHNICAL DATA
provided that not later than Sept. 15, 1992, the Sec-

tary of Defense was to prescribe final regulations re-

use or release restriction (as defined in subsec-
section (i)) asserted by the contractor or sub-
contractor.
(c) REVIEW OF RESTRICTIONS.—(1) The Sec-

denary of Defense shall ensure that there is a
thorough review of the appropriateness of any
use or release restriction asserted with respect
to technical data by a contractor or subcontrac-
tor at any tier under a contract subject to this
section.

on the contract under which the technical
data is required to be delivered; or
“(ii) the date on which the technical data are
delivered under the contract.
(d) CHALLENGES TO RESTRICTIONS.—(1) The Sec-
denary of Defense may challenge a use or release
restriction asserted with respect to technical data by a contractor or subcontractor at any tier under a contract subject to this section if
the Secretary finds that—
“(A) reasonable grounds exist to question the

current validity of the asserted restriction; and
“(B) the continued adherence by the United
States to the asserted restriction would make
impracticable to procure the item to which the
technical data pertain competitively at a
later time.
“(2)(A) A challenge to a use or release restric-
tion asserted by the contractor in accordance
with applicable regulations may not be made
under paragraph (1) after the end of the six-year

§ 2321. Validation of proprietary data restrictions
(a) CONTRACTS COVERED BY SECTION.—This sec-
tion applies to any contract for supplies or serv-
ices entered into by the Department of Defense
that includes provisions for the delivery of tech-
nical data.
(b) CONTRACTOR JUSTIFICATION FOR RESTRI-
CTIONS.—A contract subject to this section shall pro-
provide that a contractor under the contract and any subcon-
tractor under the contract at any tier shall be prepared to furnish to the con-
tracting officer a written justification for any
use or release restriction (as defined in subsec-
section (i)) asserted by the contractor or sub-
contractor.
(c) REVIEW OF RESTRICTIONS.—(1) The Sec-
denary of Defense shall ensure that there is a
thorough review of the appropriateness of any
use or release restriction asserted with respect
to technical data by a contractor or subcontrac-
tor at any tier under a contract subject to this
section.
“(2) The review of an asserted use or release re-

B. The six-year period referred to in subpara-
```
(3) If the Secretary challenges an asserted use or release restriction under paragraph (1), the Secretary shall provide written notice of the challenge to the contractor or subcontractor asserting the restriction. Any such notice shall—
(A) state the specific grounds for challenging the asserted restriction;
(B) require a response within 60 days justifying the current validity of the asserted restriction; and
(C) state that evidence of a justification described in paragraph (4) may be submitted.

(4) It is a justification of an asserted use or release restriction challenged under paragraph (1) that, within the three-year period preceding the challenge to the restriction, the Department of Defense validated a restriction identical to the asserted restriction if—
(A) such validation occurred after a challenge to the validated restriction under this subsection; and
(B) the validated restriction was asserted by the same contractor or subcontractor (or a licensee of such contractor or subcontractor).

(e) Time for Contractors to Submit Justifications.—If a contractor or subcontractor asserting a use or release restriction submits to the contracting officer a written request, showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, additional time to adequately permit the submission of such justification shall be provided by the contracting officer as appropriate. If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the first in time challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each such challenge.

(f) Presumption of Development Exclusively at Private Expense.—(1) Except as provided in paragraph (2), in the case of a challenge to a use or release restriction that is asserted with respect to technical data of a contractor or subcontractor under a contract for commercial items, the contracting officer shall presume that the contractor or subcontractor has justified the restriction on the basis that the item was developed exclusively at private expense, or component thereof on the basis that the major system, subsystem or component was developed exclusively at private expense, the challenge to the use or release restriction shall be sustained unless information provided by the contractor or subcontractor demonstrates that the item was developed exclusively at private expense.

(g) Decision by Contracting Officer.—(1) Upon a failure by the contractor or subcontractor to submit any response under subsection (d)(3), the contracting officer shall issue a decision pertaining to the validity of the asserted restriction.

(2) After review of any justification submitted in response to the notice provided pursuant to subsection (d)(3), the contracting officer shall, within 60 days of receipt of any justification submitted, issue a decision or notify the party asserting the restriction of the time within which a decision will be issued.

(h) Claims.—If a claim pertaining to the validity of the asserted restriction is submitted in writing to a contracting officer by a contractor or subcontractor at any tier, such claim shall be considered a claim within the meaning of chapter 71 of title 41.

(1) Rights and Liability Upon Final Disposition.—(1) If, upon final disposition, the contracting officer’s challenge to the use or release restriction is sustained—
(A) the restriction shall be cancelled; and
(B) if the asserted restriction is found not to be substantially justified, the contractor or subcontractor asserting the restriction shall be liable to the United States for payment of the cost to the United States of reviewing the asserted restriction and the fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the United States in challenging the asserted restriction, unless special circumstances would make such payment unjust.

(2) If, upon final disposition, the contracting officer’s challenge to the use or release restriction is not sustained—
(A) the United States shall continue to be bound by the restriction; and
(B) the United States shall be liable for payment to the party asserting the restriction for fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the party asserting the restriction in defending the asserted restriction if the challenge by the United States is found not to be made in good faith.

(j) Use or Release Restriction Defined.—In this section, the term ‘‘use or release restriction’’, with respect to technical data delivered to the United States under a contract subject to this section, means a restriction by the contractor or subcontractor on the right of the United States—
(1) to use such technical data; or
(2) to release or disclose such technical data to persons outside the Government or permit the use of such technical data by persons outside the Government.

AMENDMENTS

2011—Subsec. (d)(2)(A). Pub. L. 112–81, §815(b)(1)(A), substituted “A challenge to a use or release restriction asserted by the contractor in accordance with applicable regulations may not be made under paragraph (1) after the end of the six-year period” for “Except as provided in subparagraph (C), a challenge to an asserted use or release restriction may not be made under paragraph (1) after the end of the three-year period” in introductory provisions.

Pub. L. 111–383, §824(c)(1), substituted “Except as provided in subparagraph (C), a challenge for “A challenge” in introductory provisions.

Subsec. (d)(2)(C). Pub. L. 112–81, §815(b)(3), struck out subpar. (C) which read as follows: “The limitation in this paragraph shall not apply to a case in which the Secretary finds that reasonable grounds exist to believe that a contractor or subcontractor has erroneously asserted a use or release restriction with regard to technical data described in section 2320(a)(2)(A) of this title.”

2006—Subsec. (f)(2). Pub. L. 110–181 substituted “other than technical data for a commercially available off-the-shelf item as defined in section 35(c) of the Office of Federal Procurement Policy Act (41 U.S.C. 431(c))” for “whether or not under a contract for commercial items”.

Subsecs. (f) to (j). Pub. L. 109–355 added subsec. (f) and redesignated former subsec. (f) to (i) as (g) to (j), respectively.

1987—Subsec. (a). Pub. L. 100–26, §7(a)(5)(A)(ii), added subsec. (a) and struck out former subsec. (a) which read as follows: “A contract for supplies or services entered into by the Department of Defense which provides for the delivery of technical data shall provide that a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data.”

Subsec. (b). Pub. L. 100–26, §7(a)(5)(A)(ii), added subsec. (b) and struck out former subsec. (b) which read as follows:

“(1) The Secretary of Defense shall ensure that there is a thorough review of the appropriateness of any restriction on the right of the United States to release or disclose technical data delivered under a contract to persons outside the Government, or to permit the use of such technical data by such persons. Such review shall be conducted before the end of the three-year period beginning on the date on which final payment is made on a contract under which technical data is required to be delivered, or the date on which the technical data is delivered under such contract, whichever is later. “(2)(A) If the Secretary determines, at any time before the end of the three-year period beginning on the date on which final payment is made on a contract under which technical data is required to be delivered, or the date on which the technical data is delivered under such contract, whichever is later, that a challenge to a restriction is warranted, the Secretary shall provide written notice to the contractor or subcontractor on subcontractor asserting the restriction. Such a determination shall be based on a finding by the Secretary that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time. Such notice shall—

“(i) state the specific grounds for challenging the asserted restriction;

“(ii) require a response within 60 days justifying the current validity of the asserted restriction; and

“(iii) state that evidence of a validation by the Department of Defense of a restriction identical to the asserted restriction within the three-year period preceding the challenge shall serve as justification for the asserted restriction if—

“(I) the validation occurred after a review of the validated restriction under this subsection; and

“(II) the validated restriction was asserted by the same contractor or subcontractor (or any licensee of such contractor or subcontractor) to which such notice is being provided.

“(B) Notwithstanding subparagraph (A), the United States may challenge a restriction on the release, disclosure, or use of technical data delivered under a contract at any time if such technical data—

“(i) is publicly available;

“(ii) has been furnished to the United States without restriction; or

“(iii) has been otherwise made available without restriction.”

§ 2323. Contract goal for small disadvantaged businesses and certain institutions of higher education

(a) GOAL.—(1) Except as provided in subsection (d), a goal of 5 percent of the amount described in subsection (b) shall be the objective of the Department of Defense, the Coast Guard, and the National Aeronautics and Space Administration in each fiscal year for the total combined amount obligated for contracts and subcontracts entered into with—

(A) small business concerns, including mass media and advertising firms, owned and controlled by socially and economically disadvantaged individuals (as such term is used in section 8(d) of the Small Business Act (15 U.S.C. 637(d)) and regulations issued under that section), the majority of the earnings of which directly accrue to such individuals, and qualified HUBZone small business concerns (as defined in section 3(p) of the Small Business Act);

(B) historically Black colleges and universities, including any nonprofit research institution that was an integral part of such a college or university before November 14, 1966;

(C) minority institutions (as defined in section 365(3) of the Higher Education Act of 1965 (20 U.S.C. 1067k));

(D) Hispanic-serving institutions (as defined in section 502(a) of the Higher Education Act of 1965 (20 U.S.C. 1101a(a))); and

(E) Native Hawaiian-serving institutions and Alaska Native-serving institutions (as defined in section 317 of the Higher Education Act of 1965).

(2) The head of the agency shall establish a specific goal within the overall 5 percent goal for the award of prime contracts and subcontracts to historically Black colleges and universities, Hispanic-serving institutions, Native Hawaiian-serving institutions and Alaska Native-serving institutions, and minority institutions in order to increase the participation of such colleges and universities and institutions in the program provided for by this section.

(3) The Federal Acquisition Regulation shall provide procedures or guidelines for contracting officers to set goals which agency prime contractors that are required to submit subcontracting plans under section 8(d)(4)(B) of the Small Business Act (15 U.S.C. 637(d)(4)(B)) in furtherance of the agency’s program to meet the 5 percent goal specified in paragraph (1) should meet in awarding subcontracts, including subcontract to minority-owned media, to entities described in that paragraph.

(b) AMOUNT.—(1) With respect to the Department of Defense, the requirements of subsection (a) for any fiscal year apply to the combined total of the following amounts:

(A) Funds obligated for contracts entered into with the Department of Defense for such fiscal year for procurement.
(B) Funds obligated for contracts entered into with the Department of Defense for such fiscal year for research, development, test, and evaluation.

(C) Funds obligated for contracts entered into with the Department of Defense for such fiscal year for military construction.

(D) Funds obligated for contracts entered into with the Department of Defense for operation and maintenance.

(2) With respect to the Coast Guard, the requirements of subsection (a) for any fiscal year apply to the total value of all prime contract and subcontract awards entered into by the Coast Guard for such fiscal year.

(3) With respect to the National Aeronautics and Space Administration, the requirements of subsection (a) for any fiscal year apply to the total value of all prime contract and subcontract awards entered into by the National Aeronautics and Space Administration for such fiscal year.

(c) Types of Assistance.—(1) To attain the goal specified in subsection (a)(1), the head of an agency shall provide technical assistance to the entities referred to in that subsection and, in the case of historically Black colleges and universities, Hispanic-serving institutions, Native Hawaiian-serving institutions and Alaska Native-serving institutions, and minority institutions, shall also provide infrastructure assistance. If the resources of the agency are inadequate to provide such assistance, the head of the agency may enter into contracts with minority private sector entities with experience and expertise in the design, development, and delivery of technical assistance services to eligible individuals, business firms and institutions, acquisition agencies, and prime contractors. Agency contracts with such entities shall be awarded annually, based upon, among other things, the number of minority small business concerns, historically Black colleges and universities, and minority institutions that each such entity brings into the program.

(2) Technical assistance provided under this section shall include information about the program, advice about agency procurement procedures, instruction in preparation of proposals, and other such assistance as the head of the agency considers appropriate. If the resources of the agency are inadequate to provide such assistance, the head of the agency may enter into contracts with minority private sector entities to provide technical assistance services to eligible individuals, business firms and institutions, acquisition agencies, and prime contractors. Agency contracts with such entities shall be awarded annually, based upon, among other things, the number of minority small business concerns, historically Black colleges and universities, and minority institutions that each such entity brings into the program.

(3) Infrastructure assistance provided by the Department of Defense under this section to historically Black colleges and universities, Hispanic-serving institutions, Native Hawaiian-serving institutions and Alaska Native-serving institutions, and to minority institutions may include programs to do the following:

(A) Establish and enhance undergraduate, graduate, and doctoral programs in scientific disciplines critical to the national security functions of the Department of Defense.

(B) Make Department of Defense personnel available to advise and assist faculty at such colleges and universities in the performance of defense research and in scientific disciplines critical to the national security functions of the Department of Defense.

(C) Establish partnerships between defense laboratories and historically Black colleges and universities and minority institutions for the purpose of training students in scientific disciplines critical to the national security functions of the Department of Defense.

(D) Award scholarships, fellowships, and the establishment of cooperative work-education programs in scientific disciplines critical to the national security functions of the Department of Defense.

(E) Attract and retain faculty involved in scientific disciplines critical to the national security functions of the Department of Defense.

(F) Equip and renovate laboratories for the performance of defense research.

(G) Expand and equip Reserve Officer Training Corps activities devoted to scientific disciplines critical to the national security functions of the Department of Defense.

(H) Provide other assistance as the Secretary determines appropriate to strengthen scientific disciplines critical to the national security functions of the Department of Defense or the college infrastructure to support the performance of defense research.

(4) The head of the agency shall, to the maximum extent practical, carry out programs under this section at colleges, universities, and institutions that agree to bear a substantial portion of the cost associated with the programs.

(d) Applicability.—Subsection (a) does not apply to the Department of Defense—

(1) to the extent to which the Secretary of Defense determines that compelling national security considerations require otherwise; and

(2) if the Secretary notifies Congress of such determination and the reasons for such determination.

(e) Competitive Procedures and Advance Payments.—To attain the goal of subsection (a):

(1)(A) The head of the agency shall—

(i) ensure that substantial progress is made in increasing awards of agency contracts to entities described in subsection (a)(1);

(ii) exercise his utmost authority, resourcefulness, and diligence;

(iii) in the case of the Department of Defense, actively monitor and assess the progress of the military departments, Defense Agencies, and prime contractors of the Department of Defense in attaining such goal; and

(iv) in the case of the Coast Guard and the National Aeronautics and Space Administration, actively monitor and assess the progress of the prime contractors of the agency in attaining such goal.

(B) In making the assessment under clauses (iii) and (iv) of subparagraph (A), the head of the agency shall evaluate the extent to which use of the authority provided in paragraphs (2) and (3) and compliance with the requirement in paragraph (4) is effective for facilitating the attainment of the goal.

(2) To the extent practicable and when necessary to facilitate achievement of the 5 percent goal described in subsection (a), the head of an agency shall make advance payments under section 2307 of this title to contractors described in subsection (a). The Federal Acquisi-
sition Regulation shall provide guidance to contracting officers for making advance payments to entities described in subsection (a)(1) under such section.

(B) To the extent practicable and when necessary to facilitate achievement of the 5 percent goal described in subsection (a), the head of an agency may, except as provided in subparagraph (B), enter into contracts using less than full and open competitive procedures (including awards under section 8(a) of the Small Business Act) and partial set-asides for entities described in subsection (a)(1), but shall pay a price not exceeding fair market cost by more than 10 percent in payment per contract to contractors or subcontractors described in subsection (a). The head of an agency shall adjust the percentage specified in the preceding sentence for any industry category if available information clearly indicates that nondisadvantaged small business concerns in such industry category are generally being denied a reasonable opportunity to compete for contracts because of the use of that percentage in the application of this paragraph.

(C) The Secretary of Defense may not exercise the authority under subparagraph (A) to enter into a contract for a price exceeding fair market cost if the regulations implementing that authority are suspended under clause (ii) with respect to that contract.

(D) At the beginning of each fiscal year, the Secretary shall determine, on the basis of the most recent data, whether the Department of Defense achieved the 5 percent goal described in subsection (a) during the fiscal year to which the data relates. Upon determining that the Department achieved the goal for the fiscal year to which the data relates, the Secretary shall issue a suspension, in writing, of the regulations that implement the authority under subparagraph (A). Such a suspension shall be in effect for the one-year period beginning 30 days after the date on which the suspension is issued and shall apply with respect to contracts awarded pursuant to solicitations issued during that period.

(E) For purposes of clause (ii), the term "most recent data" means data relating to the most recent fiscal year for which data are available.

(F) To the extent practicable, the head of an agency shall maximize the number of minority small business concerns, historically Black colleges and universities, and minority institutions participating in the program.

(G) Each head of an agency shall prescribe regulations which provide for the following:

(A) Procedures or guidance for contracting officers to provide incentives for prime contractors referred to in subsection (a)(3) to increase subcontractor awards to entities described in subsection (a)(1).

(B) A requirement that contracting officers emphasize the award of contracts to entities described in subsection (a)(1) in all industry categories, including those categories in which such entities have not traditionally dominated.

(C) Guidance to agency personnel on the relationship among the following programs:

(i) The program implementing this section.

(ii) The program established under section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(iii) The small business set-aside program established under section 15(a) of the Small Business Act (15 U.S.C. 644(a)).

(D) With respect to an agency procurement which is reasonably likely to be set aside for entities described in subsection (a)(1), a requirement that (to the maximum extent practicable) the procurement be designated as such a set-aside before the solicitation for the procurement is issued.

(E) Policies and procedures which, to the maximum extent practicable, will ensure that current levels in the number or dollar value of contracts awarded under the program established under section 8(a) of the Small Business Act (15 U.S.C. 637(a)) and under the small business set-aside program established under section 15(a) of the Small Business Act (15 U.S.C. 644(a)) are maintained and that every effort is made to provide new opportunities for contract awards to eligible entities, in order to meet the goal of subsection (a).

(F) Implementation of this section in a manner which will not alter the procurement process under the program established under section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(G) A requirement that one factor used in evaluating the performance of a contracting officer be the ability of the officer to increase contract awards to entities described in subsection (a)(1).

(H) Increased technical assistance to entities described in subsection (a)(1).

(PENALTIES AND REGULATIONS RELATING TO STATUS.—(1) Whoever for the purpose of securing a contract or subcontract under subsection (a) misrepresents the status of any concern or person as a small business concern owned and controlled by a minority (as described in subsection (a)) or as a qualified HUBZone small business concern (as defined in section 3(p) of the Small Business Act), shall be punished by imprisonment for not more than one year, or a fine under title 18, or both.

(2) The Federal Acquisition Regulation shall prohibit awarding a contract under this section to an entity described in subsection (a)(1) unless the entity agrees to comply with the requirements of section 15(a)(1) of the Small Business Act (15 U.S.C. 644(a)(1)).

(INDUSTRY CATEGORIES.—(1) To the maximum extent practicable, the head of the agency shall—

(A) ensure that no particular industry category bears a disproportionate share of the contracts awarded to attain the goal established by subsection (a); and

(B) ensure that contracts awarded to attain the goal established by subsection (a) are made across the broadest possible range of industry categories.

1 See References in Text note below.
(2) Under procedures prescribed by the head of the agency, a person may request the Secretary to determine whether the use of small disadvantaged business set-asides by a contracting activity of the agency has caused a particular industry category to bear a disproportionate share of the contracts awarded to attain the goal established for that contracting activity for the purposes of this section. Upon making a determination that a particular industry category is bearing a disproportionate share, the head of the agency shall take appropriate actions to limit the contracting activity’s use of set-asides in awarding contracts in that particular industry category.

(h) COMPLIANCE WITH SUBCONTRACTING PLAN REQUIREMENTS.—(1) The Federal Acquisition Regulation shall contain regulations to ensure that potential contractors submitting sealed bids or competitive proposals to the agency for procurement contracts to be awarded under the program provided for by this section are complying with applicable subcontracting plan requirements of section 8(d) of the Small Business Act (15 U.S.C. 637(d)).

(2) The regulations required by paragraph (1) shall ensure that, with respect to a sealed bid or competitive proposal for which the bidder or offeror is required to negotiate or submit a subcontracting plan under section 8(d) of the Small Business Act (15 U.S.C. 637(d)), the subcontracting plan shall be a factor in evaluating the bid or proposal.

(i) ANNUAL REPORT.—(1) Not later than December 15 of each year, the head of the agency shall submit to Congress a report on the progress of the agency toward attaining the goal of subsection (a) during the preceding fiscal year.

(2) The report required under paragraph (1) shall include the following:

(b) PENALTY FOR VIOLATION OF COST PRINCIPLE.—(1) If the head of the agency determines that a cost submitted by a contractor in its proposal for settlement is expressly unallowable under a cost principle referred to in subsection (a) that defines the allowability of specific selected costs, the head of the agency shall assess a penalty against the contractor in an amount equal to—

(A) the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted; plus

(B) interest (to be computed based on provisions in the Federal Acquisition Regulation) to compensate the United States for the use of any funds which a contractor has been paid in excess of the amount to which the contractor was entitled.

(2) If the head of the agency determines that a proposal for settlement of indirect costs submitted by a contractor includes a cost determined to be unallowable in the case of such contractor before the submission of such proposal, the head of the agency shall assess a penalty against the contractor in an amount equal to two times the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted.

(c) WAIVER OF PENALTY.—The Federal Acquisition Regulation shall provide for a penalty under subsection (b) to be waived in the case of a contractor’s proposal for settlement of indirect costs when—

(2) the amount of unallowable costs subject to the penalty is insignificant; or

(3) the contractor demonstrates, to the contracting officer’s satisfaction, that—

(A) it has established appropriate policies and personnel training and an internal control and review system that provide assurances that unallowable costs subject to penalties are precluded from being included in the contractor’s proposal for settlement of indirect costs; and

(B) the unallowable costs subject to the penalty were inadvertently incorporated into the proposal.

(d) APPLICABILITY OF CONTRACT DISPUTES PROCEEDING TO DISALLOWANCE OF COST AND ASSESSMENT OF PENALTY.—An action of the head of an agency under subsection (a) or (b)—

(2) The Secretary may not delegate the authority to make a determination under paragraph (1), with respect to a business combination, to an official of the Department of Defense—

(b) LIMITATIONS ON OBLIGATION OF FUNDS.—(1) A contracting officer of the Department of Defense may not enter into an undefinitized contractual action unless the contractual action provides for agreement upon contractual terms, specifications, and price by the earlier of—

(A) the end of the 180-day period beginning on the date on which the contractor submits a qualifying proposal to definitize the contractual terms, specifications, and price; or

(B) the date on which the amount of funds obligated under the contractual action is...

(e) Allowable Profit.—The head of an agency shall ensure that the profit allowed on an undefined contractual action for which the final price is negotiated after a substantial portion of the performance required is completed reflects—

(1) the possible reduced cost risk of the contractor with respect to costs incurred during performance of the contract before the final price is negotiated; and

(2) the reduced cost risk of the contractor with respect to costs incurred during performance of the remaining portion of the contract.

(f) applicability.—This section does not apply to the Coast Guard or the National Aeronautics and Space Administration.

(2)(A) Except as provided in subparagraph (B), a share-in-savings contract shall be awarded for a period of not more than five years.

(B) A share-in-savings contract may be awarded for a period greater than five years, but no more than 10 years, if the head of the agency determines in writing prior to award of the contract that—

(ii) usage of the information technology to be acquired is likely to continue for a period of time sufficient to generate reasonable benefit for the government.

(3) Contracts awarded pursuant to the authority of this section shall, to the maximum extent practicable, be performance-based contracts that identify objective outcomes and contain performance standards that will be used to measure achievement and milestones that must be met before payment is made.

(4) Contracts awarded pursuant to the authority of this section shall include a provision containing a quantifiable baseline that is to be the basis upon which a savings share ratio is established that governs the amount of payment a contractor is to receive under the contract. Before commencement of performance of such a contract, the senior procurement executive of the agency shall determine in writing that the terms of the provision are quantifiable and will likely yield value to the Government.

(5)(A) The head of the agency may retain savings realized through the use of a share-in-savings contract under this section that are in excess of the total amount of savings paid to the contractor under the contract, but may not retain any portion of such savings that is attributable to a decrease in the number of civilian employees of the Federal Government performing the function. Except as provided in subparagraph (B), savings shall be credited to the appropriation or fund against which charges were made to carry out the contract and shall be used for information technology.

(B) Amounts retained by the agency under this subsection shall—
(i) without further appropriation, remain available until expended; and
(ii) be applied first to fund any contingent liabilities associated with share-in-savings procurements that are not fully funded.

(b) CANCELLATION AND TERMINATION.—(1) If funds are not made available for the continuation of a share-in-savings contract entered into under this section in a subsequent fiscal year, the contract shall be canceled or terminated. The costs of cancellation or termination may be paid out of—
   (A) appropriations available for the performance of the contract;
   (B) appropriations available for acquisition of the information technology procured under the contract, and not otherwise obligated; or
   (C) funds subsequently appropriated for payments of costs of cancellation or termination, subject to the limitations in paragraph (3).

(2) The amount payable in the event of cancellation or termination of a share-in-savings contract shall be negotiated with the contractor at the time the contract is entered into.

(b)(1) In entering into agreements with the Government of another North Atlantic Treaty Organization country or other foreign country for the acquisition or transfer of logistic support, supplies, and services on a reimbursement basis, the Secretary of Defense shall negotiate for adoption of the following pricing principles for reciprocal application:

(A) The price charged by a supplying country for logistics support, supplies, and services specifically procured by the supplying country from its contractors for a recipient country shall be no less favorable than the price for identical items or services charged by such contractors to the armed forces of the supplying country, taking into account price differentials due to delivery schedules, points of delivery, and other similar considerations.

(2) that the research, development, test, and evaluation effort is of sufficient interest to the military department to warrant the modification of such article of military equipment;

(3) that—

(A) prior to the end of the period of performance of such a contractual agreement, the article of military equipment will be restored to its original condition; or

(B) it is not necessary to restore the article of military equipment to its original condition because the military department intends to dispose of the equipment or operate the equipment in its modified form.

(4) that the private entity has sufficient resources and capability to fully perform the contractual research, development, test, and evaluation; and

(5) that the military department has—

(A) identified the scope of future test and evaluation likely to be required prior to transition of the associated technology to a program of record; and

(B) a plan for the conduct of such future test and evaluation, including the anticipated roles and responsibilities of government and the private entity, as applicable.

“(d) Transfer at No Cost to the United States.—The transfer of military equipment under subsection (c) shall be made at no cost to the United States. Any costs associated with the transfer shall be borne by the transferee.

“(2) A condition providing the Government the right to procure the VTD"P technology demonstrated under this program at a discounted cost based on the value of the X-49A aircraft and associated equipment at the time of transfer, with such valuation and terms determined by the Secretary.

“(3) A condition that the transferee not transfer any interest in, or transfer possession of, the military equipment transferred under subsection (b) to any other party without the prior written approval of the Secretary.

5 U.S.C. 171c(b)(3) is omitted as unnecessary since the authorization for appropriations is implied in 5 U.S.C. 171c(b)(2).

1988 ACT

In the existing text of 10 U.S.C. 2358, the bill would in two instances strike the phrase “or his designee” appearing after “Secretary of Defense” (section 1(g)(3)). The change is made for consistency in the Code, and no substantive change is intended. The committee notes that the Secretary of Defense has general authority to delegate functions under 10 U.S.C. 112(d).

AMENDMENTS

1996—Subsec. (d). Pub. L. 104–201 substituted “sections 2371 and 2371a” for “section 2371.”

1994—Pub. L. 103–355 amended section generally, inserting reference to development projects in section catchline, and in text specifying that relevant Secretary may perform research and development projects in accordance with chapter 63 of title 31, and adding subsec. (d) relating to additional provisions applicable to cooperative agreements.

1993—Pub. L. 103–160 amended section generally. Prior to amendment, section read as follows:

“(a) IN GENERAL.—Subject to approval by the President, the Secretary of Defense may engage in basic and applied research projects that are necessary to the responsibilities of the Department of Defense in the field of basic and applied research and development and that relate to weapons systems and other military needs. Subject to approval by the President, the Secretary may perform assigned research and development projects—

“(1) by contract with, or by grant to, educational or research institutions, private businesses, or other agencies of the United States;

“(2) through one or more of the military departments;

“(3) by using employees and consultants of the Department of Defense.

“(b) REQUIREMENT OF POTENTIAL MILITARY RELATIONSHIP.—Funds appropriated to the Department of Defense may not be used to finance any research project or study unless the project or study has, in the opinion of the Secretary of Defense, a potential relationship to a military function or operation.”

1988—Pub. L. 100–370 designated existing provisions as subsec. (a), inserted heading, struck out “or his designee” after “Secretary of Defense” and “President, the Secretary”, and added subsec. (b).

1981—Par. (1). Pub. L. 97–86 substituted “by contract with, or by grant to,” for “by contract with.”

§ 2359b. Defense Acquisition Challenge Program

(A) Program Required.—(1) The Secretary of Defense, acting through the Under Secretary of Defense for Acquisition, Technology, and Logistics, shall carry out a program to provide opportunities for the increased introduction of innovative and cost-saving technology in acquisition programs of the Department of Defense.

(2) The program, to be known as the Defense Acquisition Challenge Program (hereinafter in this section referred to as the ‘‘Challenge Program’’), shall provide any person or activity within or outside the Department of Defense with the opportunity to propose alternatives, to be known as challenge proposals, at the component, subsystem, or system level of an existing Department of Defense acquisition program that would result in improvements in performance, affordability, manufacturability, or operational capability of that acquisition program.

(B) Panels.—The Under Secretary shall establish one or more panels of highly qualified scientists and engineers (hereinafter in this section referred to as ‘‘Panels’’) to provide preliminary evaluations of challenge proposals under subsection (C).

(C) Preliminary Evaluation by Panels.—(1) Under procedures prescribed by the Under Secretary, a person or activity within or outside the Department of Defense may submit challenge proposals to a Panel, through the unsolicited proposal process or in response to a broad agency announcement.

(2) The Under Secretary shall establish procedures pursuant to which appropriate officials of the Department of Defense may identify proposals submitted through the unsolicited proposal process as challenge proposals. The procedures shall provide for the expeditious referral of such proposals to a Panel for preliminary evaluation under this subsection.

(3) The Under Secretary shall issue on an annual basis not less than one such broad agency announcement inviting interested parties to submit challenge proposals. Such announcements may also identify particular technology areas and acquisition programs that will be given priority in the evaluation of challenge proposals.

(4)(A) The Under Secretary shall establish procedures for the prompt issuance of a solicitation for challenge proposals addressing—

(i) any acquisition program for which, since the last such announcement, the Secretary concerned has determined under section 2433(d) of this title that the program’s acquisition unit cost or procurement unit cost has increased by a percentage equal to or greater than the critical cost growth threshold for the program (in this section referred to as a ‘‘critical cost growth threshold breach’’); and

(ii) any design, engineering, manufacturing, or technology integration issues, in accordance with the assessment required by section 2433(e)(2)(A) of this title, that have contributed significantly to the cost growth of such program.

(B) A solicitation under this paragraph may be included in a broad agency announcement issued pursuant to paragraph (3) as long as the broad agency announcement is released in an expeditious manner following the determination of the Secretary concerned that a critical cost growth threshold breach has occurred with respect to a major defense acquisition program.

(5) Under procedures established by the Under Secretary, a Panel shall carry out a preliminary evaluation of each challenge proposal submitted in response to a broad agency announcement, or submitted through the unsolicited proposal process and identified as a challenge proposal in accordance with paragraph (2), to determine each of the following:

(A) Whether the challenge proposal has merit.

(B) Whether the challenge proposal is likely to result in improvements in performance, affordability, manufacturability, or operational capability at the component, subsystem, or system level of an acquisition program.

(C) Whether the challenge proposal could be implemented in the acquisition program rapidly, at an acceptable cost, and without unacceptable disruption to the acquisition program.

(6) The Under Secretary—

(A) may establish procedures to ensure that the Challenge Program does not become an avenue for the repetitive submission of proposals that have been previously reviewed and found not to have merit; and
(B) may establish procedures to ensure that the Challenge Program establishes appropriate priorities for proposals from businesses that are not major contractors with the Department of Defense.

(7) If a Panel determines that a challenge proposal satisfies each of the criteria specified in paragraph (5), the person or activity submitting that challenge proposal shall be provided an opportunity to submit such challenge proposal for a full review and evaluation under subsection (d).

(d) **FULL REVIEW AND EVALUATION.**—(1) Under procedures prescribed by the Under Secretary, for each challenge proposal submitted for a full review and evaluation as provided in subsection (c)(7), the office carrying out the acquisition program to which the proposal relates shall, in consultation with the prime system contractor carrying out such program, conduct a full review and evaluation of the proposal.

(2) The full review and evaluation shall, independent of the determination of a Panel under subsection (c)(5), determine each of the matters specified in subparagraphs (A), (B), and (C) of such subsection. The full review and evaluation shall also include—

(A) an assessment of the cost of adopting the challenge proposal and implementing it in the acquisition program; and

(B) consideration of any intellectual property issues associated with the challenge proposal.

(e) **ACTION UPON FAVORABLE FULL REVIEW AND EVALUATION.**—(1) Under procedures prescribed by the Under Secretary, each challenge proposal determined under a full review and evaluation to satisfy each of the criteria specified in subsection (c)(5) with respect to an acquisition program shall be considered by the office carrying out the applicable acquisition program and the prime system contractor for incorporation into the acquisition program as a new technology insertion at the component, subsystem, or system level.

(2) The Under Secretary shall encourage the adoption of each challenge proposal referred to in paragraph (1) by providing suitable incentives to the office carrying out the acquisition program and the prime system contractor carrying out such program.

(3) In the case of a challenge proposal submitted in response to a solicitation issued as a result of a critical cost growth threshold breach that is determined under full review and evaluation to satisfy each of the criteria specified in subsection (c)(5), the Under Secretary shall establish guidelines for covering the costs of the challenge proposal. If appropriate, such guidelines shall not be restricted to funding provided by the Defense Acquisition Challenge Program, but shall also consider alternative funding sources, such as the acquisition program with respect to which the breach occurred.

(f) **ACTION UPON UNFAVORABLE FULL REVIEW AND EVALUATION.**—Under procedures prescribed by the Under Secretary, if a challenge proposal is determined by a Panel to satisfy each of the criteria specified in subsection (c)(5), but is not determined under a full review and evaluation to satisfy such criteria, the following provisions apply:

(1) The office carrying out the full review and evaluation shall provide to the Panel that conducted the preliminary evaluation a statement containing a summary of the rationale for the unfavorable evaluation.

(2) If the Panel disagrees with the rationale provided under paragraph (1), the Panel may return the challenge proposal to the office for further consideration.

(g) **ACCESS TO TECHNICAL RESOURCES.**—(1) Under procedures established by the Under Secretary, the technical resources of the laboratories, research, development, and engineering centers, test and evaluation activities, and other elements of the Department may be called upon to support the activities of the Challenge Program.

(2) Funds available to carry out this program may be used to compensate such laboratories, centers, activities, and elements for technical assistance provided to a Panel pursuant to paragraph (1).

(h) **CONFLICTS OF INTEREST AND CONFIDENTIALITY.**—In carrying out each preliminary evaluation under subsection (c) and full review under subsection (d), the Under Secretary shall ensure the elimination of conflicts of interest and that the identity of any person or activity submitting a challenge proposal is not disclosed outside the Federal Government, prior to contract award, without the consent of the person or activity. For purposes of the proceeding sentence, the term “Federal Government” includes both employees of the Federal Government and employees of Federal Government contractors providing advisory and assistance services as described in part 37 of the Federal Acquisition Regulation.

(i) **LIMITATION ON USE OF FUNDS.**—Funds made available for the Challenge Program may be used only for activities authorized by this section, and not for implementation of challenge proposals.

(j) **SYSTEM DEFINED.**—In this section, the term “system”—

(1) means—

(A) the organization of hardware, software, material, facilities, personnel, data, and services needed to perform a designated function with specified results (such as the gathering of specified data, its processing, and its delivery to users); or

(B) a combination of two or more interrelated pieces (or sets) of equipment arranged in a functional package to perform an operational function or to satisfy a requirement; and

(2) includes a major system (as defined in section 2302(5) of this title).

(k) **PILOT PROGRAM FOR PROGRAMS OTHER THAN MAJOR DEFENSE ACQUISITION PROGRAMS.**—

(1) **IN GENERAL.**—The Under Secretary of Defense for Acquisition, Technology, and Logistics shall carry out a pilot program to expand the use of the authority provided in this section to provide opportunities for the introduction of innovative and cost-saving approaches to programs other than major defense acquisi-
tion programs through the submission, review, and implementation, where appropriate, of qualifying proposals.

(2) QUALIFYING PROPOSALS.—For purposes of this subsection, a qualifying proposal is an offer to supply a nondevelopmental item that—

AMENDMENTS

§ 2366. Major systems and munitions programs: survivability testing and lethality testing required before full-scale production

(a) REQUIREMENTS.—(1) The Secretary of Defense shall provide that—
(A) a covered system may not proceed beyond low-rate initial production until realistic survivability testing of the system is completed in accordance with this section and the report required by subsection (d) with respect to that testing is submitted in accordance with that subsection; and
(B) a major munition program or a missile program may not proceed beyond low-rate initial production until realistic lethality testing of the program is completed in accordance with this section and the report required by subsection (d) with respect to that testing is submitted in accordance with that subsection.

(2) The Secretary of Defense shall provide that a covered product improvement program may not proceed beyond low-rate initial production until—
(A) in the case of a product improvement to a covered system, realistic survivability testing is completed in accordance with this section; and
(B) in the case of a product improvement to a major munitions program or a missile program, realistic lethality testing is completed in accordance with this section.

(b) TEST GUIDELINES.—(1) Survivability and lethality tests required under subsection (a) shall be carried out sufficiently early in the development phase of the system or program (including a covered product improvement program) to allow any design deficiency demonstrated by the testing to be corrected in the design of the system, munition, or missile (or in the product modification or upgrade to the system, munition, or missile) before proceeding beyond low-rate initial production.

(2) The costs of all tests required under that subsection shall be paid from funds available for the system being tested.

(c) WAIVER AUTHORITY.—(1) The Secretary of Defense may waive the application of the survivability and lethality tests of this section to a covered system, munitions program, missile program, or covered product improvement program if the Secretary determines that live-fire testing of such system or program would be unreasonably expensive and impractical and submits a certification of that determination to Congress—
(A) before Milestone B approval for the system or program; or
(B) in the case of a system or program initiated at—
(i) Milestone B, as soon as is practicable after the Milestone B approval; or
(ii) Milestone C, as soon as is practicable after the Milestone C approval.

(2) In the case of a covered system (or covered product improvement program for a covered system), the Secretary may waive the application of the survivability and lethality tests of this section to such system or program and instead allow testing of the system or program in combat by firing munitions likely to be encountered in combat at components, subsystems, and subassemblies, together with performing design analyses, modeling and simulation, and analysis of combat data. Such alternative testing may not be carried out in the case of any covered system (or covered product improvement program for a covered system) unless the Secretary certifies to Congress, before the system or program enters system development and demonstration, that the survivability and lethality testing of such system or program otherwise required by this section would be unreasonably expensive and impractical.

(3) The Secretary shall include with any certification under paragraph (1) or (2) a report explaining how the Secretary plans to evaluate the survivability or the lethality of the system or program and assessing possible alternatives to realistic survivability testing of the system or program.

(4) In time of war or mobilization, the President may suspend the operation of any provision of this section.

(d) REPORTING TO CONGRESS.—(1) At the conclusion of survivability or lethality testing under subsection (a), the Secretary of Defense shall submit a report on the testing to the con-
gressional defense committees. Each such report shall describe the results of the survivability or lethality testing and shall give the Secretary's overall assessment of the testing.

(2) If a decision is made within the Department of Defense to proceed to operational use of a system, or to make procurement funds available for a system, before Milestone C approval of that system, the Secretary of Defense shall submit to the congressional defense committees, as soon as practicable after such decision, the following: 
(A) A report describing the status of survivability and live fire testing of that system.

### § 2366b. Major defense acquisition programs: certification required before Milestone B approval

(a) **CERTIFICATION.**—A major defense acquisition program may not receive Milestone B approval until the milestone decision authority—

(A) the program is affordable when considering the ability of the Department of Defense to accomplish the program’s mission using alternative systems;

(B) appropriate trade-offs among cost, schedule, and performance objectives have been made to ensure that the program is affordable when considering the per unit cost and the total acquisition cost in the context of the total resources available during the period covered by the future-years defense program submitted during the fiscal year in which the certification is made;

(C) reasonable cost and schedule estimates have been developed to execute, with the concurrence of the Director of Cost Assessment and Program Evaluation, the product development and production plan under the program; and

(D) funding is available to execute the product development and production plan under the program, through the period covered by the future-years defense program submitted during the fiscal year in which the certification is made, consistent with the estimates described in subparagraph (C) for the program;

(2) has received a preliminary design review and conducted a formal post-preliminary design review assessment, and certifies on the basis of such assessment that the program demonstrates a high likelihood of accomplishing its intended mission;

(3) further certifies that—

(A) appropriate market research has been conducted prior to technology development to reduce duplication of existing technology and products;

(B) the Department of Defense has completed an analysis of alternatives with respect to the program;

(C) the Joint Requirements Oversight Council has accomplished its duties with respect to the program pursuant to section 181(b) of this title, including an analysis of the operational requirements for the program;

(F) an estimate has been made of the requirements for core logistics capabilities and the associated sustaining workloads required to support such requirements;

(G) there is a plan to mitigate and account for any costs in connection with any anticipated de-certification of cryptographic systems and components during the production and procurement of the major defense acquisition program to be acquired; and

(H) the program complies with all relevant policies, regulations, and directives of the Department of Defense; and

(4) in the case of a space system, performs a cost benefit analysis for any new or follow-on satellite system using a dedicated ground control system instead of a shared ground control system, except that no cost benefit analysis is required to be performed under this paragraph for any Milestone B approval of a space system after December 31, 2019.

(b) **CHANGES TO CERTIFICATION.**—(1) The program manager for a major defense acquisition program that has received certification under subsection (a) shall immediately notify the milestone decision authority of any changes to the program or a designated major subprogram of such program that—

(2) Whenever the milestone decision authority makes such a determination and authorizes such a waiver—

(A) the waiver, the determination, and the reasons for the determination shall be submitted in writing to the congressional defense committees within 30 days after the waiver is authorized; and

(B) the milestone decision authority shall review the program not less often than annually to determine the extent to which such program currently satisfies the certification components specified in paragraphs (1), (2), and (3) of subsection (a) until such time as the milestone decision authority determines that the program satisfies all such certification components.

"(i) the party incurred the costs in anticipation of entering into the transaction; and

"(ii) it was appropriate for the party to incur the costs before the transaction became effective in order to ensure the successful implementation of the transaction.

§ 2371. Pilot Program for Transition to Follow-on Contracts.—(1) The Secretary of Defense is authorized to carry out a pilot program for follow-on contracting for the procurement of items or processes developed under prototype projects carried out under this section or research projects carried out pursuant to section 2371 of title 10, United States Code.

"(A) a qualifying contract for the procurement of such an item or process, or a qualifying subcontract under a contract for the procurement of such an item or process, may be treated as a contract or subcontract, respectively, for the procurement of commercial items, as defined in section 103 of title 41, United States Code; and

§ 2372. Definitions.—In this section:

"(1) The term 'nontraditional defense contractor' has the meaning provided by section 2302(9) of title 10, United States Code.

"(g) Follow-on production contracts.—(1) A transaction entered into under this section for a prototype project that satisfies the conditions set forth in subsection (d)(1)(B)(i) may provide for the award of a follow-on production contract to the participants in the transaction for a specific number of units at specific target prices. The number of units specified in the transaction shall be determined on the basis of a balancing of the level of the investment made in the project by the participants other than the Federal Government with the interest of the Federal Government in having competition among sources in the acquisition of the product or products prototyped under the project.

"(2) A follow-on production contract provided for in a transaction entered into under paragraph (1) may be awarded to the participants in the transaction without the use of competitive procedures, notwithstanding the requirements of section 2304 of title 10, United States Code, if—

"(B) the participants in the transaction successfully completed the prototype project provided for in the transaction;

"(C) the number of units provided for in the follow-on production contract does not exceed the number of units specified in the transaction for such a follow-on production contract; and

Technology may be transferred to a non-Federal party to such an agreement consistent with the provisions of sections 11 and 12 of such Act (15 U.S.C. 3710, 3710a).

§ 2372. Independent research and development and bid and proposal costs: payments to contractors

(a) Regulations.—The Secretary of Defense shall prescribe regulations governing the payment, by the Department of Defense, of expenses incurred by contractors for independent research and development and bid and proposal costs.

(b) Costs allowable as indirect expenses.—The regulations prescribed pursuant to subsection (a) shall provide that independent research and development and bid and proposal costs shall be allowable as indirect expenses on covered contracts to the extent that those costs are allocable, reasonable, and not otherwise unallowable by law or under the Federal Acquisition Regulation.

(c) Additional controls.—Subject to subsection (f), the regulations prescribed pursuant to subsection (a) may include the following provisions:

(1) A limitation on the allowability of independent research and development and bid and proposal costs to work which the Secretary of Defense determines is of potential interest to the Department of Defense.

(2) For each of fiscal years 1993 through 1995, a limitation in the case of major contractors that the total amount of the independent research and development and bid and proposal costs that are allowable as expenses of the contractor’s covered segments may not exceed the contractor’s adjusted maximum reimbursement amount.

(3) Implementation of regular methods for transmission—

(A) from the Department of Defense to contractors, in a reasonable manner, of timely and comprehensive information regarding planned or expected Department of Defense future needs; and

(B) from contractors to the Department of Defense, in a reasonable manner, of information regarding progress by the contractor on the contractor’s independent research and development programs.

(d) Adjusted maximum reimbursement amount.—For purposes of subsection (c)(2), the adjusted maximum reimbursement amount for a major contractor for a fiscal year is the sum of—

(1) the total amount of the allowable independent research and development and bid and proposal costs incurred by the contractor during the preceding fiscal year;

(2) 5 percent of the amount referred to in paragraph (1); and

(3) if the projected total amount of the independent research and development and bid and proposal costs incurred by the contractor for such fiscal year is greater than the total amount of the independent research and development and bid and proposal costs incurred by the contractor for the preceding fiscal year, the amount that is determined by multiplying the amount referred to in paragraph (1) by the lesser of—

(A) the percentage by which the projected total amount of such incurred costs for such fiscal year exceeds the total amount of the incurred costs of the contractor for the preceding fiscal year; or

(B) the estimated percentage rate of inflation from the end of the preceding fiscal year to the end of the fiscal year for which the amount of the limitation is being computed.

(e) Waiver of adjusted maximum reimbursement amount.—The Secretary of Defense may waive the applicability of any limitation prescribed under subsection (c)(2) to any contractor for a fiscal year to the extent that the Secretary determines that allowing the contractor to exceed the contractor’s adjusted maximum reimbursement amount for such year—

(1) is necessary to reimburse such contractor at least to the extent that would have been allowed under regulations as in effect on December 4, 1991; or

(2) is otherwise in the best interest of the Government.

(f) Limitations on regulations.—Regulations prescribed pursuant to subsection (c) may not include provisions that would infringe on the independence of a contractor to choose which technologies to pursue in its independent research and development program.

(g) Encouragement of certain contractor activities.—The regulations under subsection (a) shall encourage contractors to engage in research and development activities of potential interest to the Department of Defense, including activities intended to accomplish any of the following:

(h) MAJOR CONTRACTORS.—A contractor shall be considered to be a major contractor for the purposes of subsection (c) for any fiscal year if for the preceding fiscal year the contractor's covered segments allocated to Department of Defense contracts a total of more than $10,000,000 in independent research and development and bid and proposal costs.

(1) DEFINITIONS.—In this section:

(B) additional information on the operational capabilities of the items or components that the Director considers appropriate based on the testing conducted.

(3) The Director shall submit each report under paragraph (2) to the Secretary of Defense, the Under Secretary of Defense for Acquisition, Technology, and Logistics, and the congressional defense committees. Each such report shall be submitted to those committees in precisely the same form and with precisely the same content as the report originally was submitted to the Secretary and Under Secretary and shall be accompanied by such comments as the Secretary may wish to make on the report.

(4) A final decision within the Department of Defense to proceed with a major defense acquisition program beyond low-rate initial production may not be made until the Director has submitted to the Secretary of Defense the report with respect to that program under paragraph (2) and the congressional defense committees have received that report.

(3) Any increase from a quantity determined under paragraph (1) may only be made with the approval of the official making the determination.

(4) The quantity of articles of a major system that may be procured for low-rate initial production may not be less than one operationally configured production unit unless another quantity is established at the milestone B decision.

(5) The Secretary of Defense shall include a statement of the quantity determined under paragraph (1) in the first SAR submitted with respect to the program concerned after that quantity is determined. If the quantity exceeds 10 percent of the total number of articles to be produced, as determined at the milestone B decision with respect to that system, the Secretary shall include in the statement the reasons for such quantity. For purposes of this paragraph, the term “SAR” means a Selected Acquisition Report submitted under section 2390 of this title.

(b) low-rate initial production of weapon systems.—Except as provided in subsection (c), low-rate initial production with respect to a new system is production of the system in the minimum quantity necessary—

(1) to provide production-configured or representative articles for operational tests pursuant to section 2390 of this title;

(2) to establish an initial production base for the system; and

(3) to permit an orderly increase in the production rate for the system sufficient to lead to full-rate production upon the successful completion of operational testing.

(c) low-rate Initial production of Naval Vessel and satellite programs.—With respect to naval vessel programs and military satellite programs, low-rate initial production is production of items at the minimum quantity and rate that (1) preserves the mobilization production base for that system, and (2) is feasible, as determined pursuant to regulations prescribed by the Secretary of Defense.

§ 2401. Requirement for authorization by law of certain contracts relating to vessels, aircraft, and combat vehicles

(a)(1) The Secretary of a military department may make a contract for the lease of a vessel, aircraft, or combat vehicle or for the provision of a service through use by a contractor of a vessel, aircraft, or combat vehicle only as provided in subsection (b) if—

(A) the contract will be a long-term lease or charter; or

(B) the terms of the contract provide for a substantial termination liability on the part of the United States.

(2) The Secretary of a military department may make a contract that is an agreement to lease or charter or an agreement to provide services and that is (or will be) accompanied by a contract for the actual lease, charter, or provision of services only as provided in subsection (b) if the contract for the actual lease, charter, or provision of services is (or will be) a contract described in paragraph (1).

(C) the Secretary has notified those committees of the proposed contract and provided a detailed description of the terms of the proposed contract and a justification for entering into the proposed contract rather than providing for the lease, charter, or services involved through purchase of the vessel, aircraft, or combat vehicle to be used under the contract, and a period of 30 days of continuous session of Congress has expired following the date on which notice was received by such committees; and

(D) the Secretary has certified to those committees—

(1) that entering into the proposed contract as a means of obtaining the vessel, aircraft, or combat vehicle is the most cost-effective means of obtaining such vessel, aircraft, or combat vehicle; and

(2) that the Secretary has determined that the lease complies with all applicable laws, Office of Management and Budget circulars, and Department of Defense regulations.

(2) For purposes of paragraph (1)(C), the continuity of a session of Congress is broken only by an adjournment of the Congress sine die, and the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in a computation of such 30-day period.

(3) Upon receipt of a notice under paragraph (1)(C), a committee identified in paragraph (1)(B) may request the Inspector General of the Department of Defense or the Comptroller General of the United States to conduct a review of the proposed contract to determine whether or not such contract meets the requirements of this section.

(4) If a review is requested under paragraph (3), the Inspector General of the Department of Defense or the Comptroller General of the United States, as the case may be, shall submit to the Secretary and the congressional defense committees a report on such review before the expiration of the period specified in paragraph (1)(C).

(5) In the case of a contract described in subsection (a)(1)(B), the commander of the special operations command may make a contract without regard to this subsection if—

(A) funds are available and obligated for the full cost of the contract (including termination costs) on or before the date the contract is awarded;

(B) the Secretary of Defense submits to the congressional defense committees a certification that there is no alternative for meeting urgent operational requirements other than making the contract; and

(C) a period of 30 days of continuous session of Congress has expired following the date on which the certification was received by such committees.
(c)(1) Funds may not be appropriated for any fiscal year to or for any armed force or obligated or expended for—
(A) the long-term lease or charter of any aircraft, naval vessel, or combat vehicle; or
(B) for the lease or charter of any aircraft, naval vessel, or combat vehicle the terms of which provide for a substantial termination liability on the part of the United States, unless funds for that purpose have been specifically authorized by law.

(2) Funds appropriated to the Department of Defense may not be used to indemnify any person under the terms of a contract entered into under this section—
(A) for any amount paid or due by any person to the United States for any liability arising under the Internal Revenue Code of 1986; or
(B) to pay any attorneys' fees in connection with such contract.

(d)(1)(A) In this section, the term "long-term lease or charter" (except as provided in subparagraph (B)) means a lease, charter, service contract, or conditional sale agreement—

(ii) the initial term of which is for a period of less than five years but which contains an option to renew or extend the agreement for a period during which, when added to the initial term (or any previous renewal or extension), is five years or longer.

Such term includes the extension or renewal of a lease or charter agreement if the term of the extension or renewal thereof is for a period of five years or longer or if the term of the lease or charter agreement being extended or renewed was for a period of five years or longer.

(B) In the case of an agreement under which the lessor first places the property in service under the agreement or the property has been in service for less than one-half the useful life of the vessel, aircraft, or combat vehicle; or

(2) Any such analysis shall be reviewed and evaluated by the Director of the Office of Management and Budget and the Secretary of the Treasury within 30 days after the date on which the request and analysis are submitted to Congress. The Director and Secretary shall conduct such review and evaluation on the basis of the guidelines issued pursuant to subsection (f) and shall report to Congress in writing on the results of their review and evaluation at the earliest practicable date, but in no event more than 45 days after the date on which the request and analysis are submitted to the Congress.

(e)(1) Whenever a request is submitted to Congress for the authorization of funds for the Department of Defense for the acquisition of aircraft, naval vessels, or combat vehicles by the United States, the Secretary of Defense shall submit with that request an analysis of the cost to the United States (including lost tax revenues) of any such lease or charter arrangement compared with the cost to the United States of direct procurement of the aircraft, naval vessels, or combat vehicles by the United States.

(2) Any such analysis shall be submitted to Congress for the authorization of funds for the Department of Defense for the long-term lease or charter of aircraft, naval vessels, or combat vehicles authorized under this section, the Secretary of Defense—
(A) shall indicate in the request what portion of the requested funds is attributable to capital-hire; and
(B) shall reflect such portion in the appropriate procurement account in the request.

(f)(1) If a lease or charter covered by this section is a capital lease or a lease-purchase—

(B) funds appropriated to the Department of Defense for operation and maintenance may not be obligated or expended for the lease or charter.

(2) In this subsection, the terms "capital lease" and "lease-purchase" have the meanings given those terms in Appendix B to Office of Management and Budget Circular A-11, as in effect on January 6, 2006.

(g) The Director of the Office of Management and Budget and the Secretary of the Treasury shall jointly issue guidelines for determining under what circumstances the Department of Defense may use lease or charter arrangements for aircraft, naval vessels, and combat vehicles rather than directly procuring such aircraft, vessels, and combat vehicles.

(h) The Secretary of a military department may make a contract for the lease of a vessel or for the provision of a service through use by a contractor of a vessel, the term of which is for a period of greater than two years, but less than five years, only if—

(1) the Secretary has notified the congressional defense committees of the proposed contract and included in such notification—

(B) a determination that entering into the proposed contract as a means of obtaining the vessel is the most cost-effective means of obtaining such vessel; and

(C) a plan for meeting the requirement provided by the proposed contract upon completion of the term of the lease contract; and

(2) a period of 60 days has expired following the date on which notice was received by such committees.

No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an agency, unless a stay is specifically entered by the court.

“(1) it is a high priority of the United States that the ballistic missile defense system should work in an operationally effective and cost-effective manner;

“(2) prior to making final production decisions for such systems, and prior to the operational deployment of such systems, the United States should conduct operationally realistic intercept flight testing that should create sufficiently challenging operational conditions to establish confidence that such systems will work in an operationally effective and cost-effective manner when needed; and

“(3) in order to achieve these objectives, and to avoid post-production and post-deployment problems, it is essential for the Department of Defense to follow a ‘fly before you buy’ approach to adequately test and assess the elements of the ballistic missile defense system before final production decisions or operational deployment.

“(b) Successful Testing Required Prior to Final Production or Operational Deployment.—The Secretary of Defense may not make a final production decision for, or operationally deploy, a covered system unless—

“(1) the Secretary ensures that—

“(A) sufficient and operationally realistic testing of the covered system is conducted to assess the performance of the covered system in order to inform a final production decision or an operational deployment decision; and

“(B) the results of such testing have demonstrated a high probability that the covered system—

“(i) will work in an operationally effective manner; and

“(ii) has the ability to accomplish the intended mission of the covered system;

“(2) the Director of Operational Test and Evaluation has carried out subsection (c) with respect to such covered system; and

“(3) the Commander of the United States Strategic Command has carried out subsection (d) with respect to such covered system.

“(c) Assessment by Director of Operational Test and Evaluation.—The Director of Operational Test and Evaluation shall—

“(1) provide to the Secretary the assessment of the Director, based on the available test data, of the sufficiency, adequacy, and results of the testing of each covered system, including an assessment of whether the covered system will be sufficiently effective, suitable, and survivable when needed; and

“(2) submit to the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] a written summary of such assessment.

“(d) Assessment by Commander of United States Strategic Command.—The Commander of the United States Strategic Command shall—

“(1) provide to the Secretary a military utility assessment of the operational utility of each covered system; and

“(2) not later than 30 days after providing such assessment to the Secretary, submit to the congressional defense committees a written summary of such assessment.

“(e) Rule of Construction.—Nothing in this section shall be construed to alter, modify, or otherwise affect a determination of the Secretary with respect to the participation of the Missile Defense Agency in the Joint Capabilities Integration Development System or the acquisition reporting process under the Department of Defense Directive 5000 series.

“(f) Covered System.—In this section, the term ‘covered system’ means a new or substantially upgraded interceptor or weapon system of the ballistic missile defense system, other than the re-designed exo-atmospheric kill vehicle covered by the acquisition plan developed under section 1663 [set out below].”

**Acquisition Plan for Re-Designed Exo-Atmospheric Kill Vehicle**

“(a) Sense of Congress.—It is the sense of Congress that—

“(1) the existing models of the exo-atmospheric kill vehicle of the ground-based midcourse defense system are prototype designs that were developed and deployed without using traditional acquisition practices in order to provide an initial defensive capability for an emerging ballistic missile threat;

“(2) consequently, while the deployed models of the exo-atmospheric kill vehicle have demonstrated an initial level of capability against a limited threat, such models do not have the degree of reliability, robustness, cost effectiveness, and performance that are desirable;

“(3) the exo-atmospheric kill vehicle for the ground-based midcourse defense system needs to be re-designed to substantially improve the performance and reliability of such kill vehicles; and

“(4) the Secretary of Defense should follow a robust and rigorous acquisition plan for the design, development, and testing of the re-designed exo-atmospheric kill vehicle.

“(b) Acquisition Plan Required.—The Secretary of Defense shall develop an acquisition plan for the re-design of the exo-atmospheric kill vehicle of the ground-based midcourse defense system that includes rigorous elements for system engineering, design, integration, development, testing, and evaluation.

“(c) Objectives.—The objectives of the acquisition plan under subsection (b) shall be to ensure that the re-designed exo-atmospheric kill vehicle is operationally effective, reliable, producible, cost effective, maintainable, and testable.

“(d) Approval of Acquisition Plan Required.—The acquisition plan under subsection (b) shall be subject to approval by the Under Secretary of Defense for Acquisition, Technology, and Logistics.

“(e) Testing Required.—Prior to operational deployment of the re-designed exo-atmospheric kill vehicle, the Secretary shall ensure that the re-designed kill vehicle has demonstrated, through successful, operationally realistic flight testing—

“(1) a high probability of working in an operationally effective manner; and

“(2) the ability to accomplish the intended mission of the re-designed kill vehicle, including against more complex emerging ballistic missile threats.
“(f) REPORT REQUIRED.—Not later than 60 days after the date on which the Under Secretary of Defense for Acquisition, Technology, and Logistics approves the acquisition plan under subsection (d), the Director of the Missile Defense Agency shall submit to the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] a report describing the acquisition plan and the manner in which the plan will meet the objectives described in subsection (c).”

ADDITIONAL MISSILE DEFENSE RADAR FOR THE PROTECTION OF THE UNITED STATES HOMELAND

“(a) DEPLOYMENT OF LONG-RANGE DISCRIMINATING RADAR.—

“(1) IN GENERAL.—The Director of the Missile Defense Agency shall deploy a long-range discriminating radar against long-range ballistic missile threats from the Democratic People’s Republic of Korea. Such radar shall be located at a location optimized to support the defense of the homeland of the United States.

“(2) FUNDING.—Of the funds authorized to be appropriated by this Act for research, development, test, and evaluation, Defense-wide, for the Missile Defense Agency (A) funds authorized by this Act for BMD Sensors (PE 63884C), as specified in the funding table in section 201, $30,000,000 shall be available for initial costs toward the deployment of the radar required by paragraph (1).

“(b) ADDITIONAL SENSOR COVERAGE FOR THREATS FROM IRAN.—

“(1) IN GENERAL.—The Secretary of Defense shall ensure that the Secretary is able to deploy additional tracking and discrimination sensor capabilities to support the defense of the homeland of the United States from future long-range ballistic missile threats that emerge from Iran.

“(2) REPORT.—Not later than 180 days after the date of the enactment of this Act [Dec. 26, 2013], the Secretary shall submit to the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] a report describing the development of an improved kill assessment capability under subsection (a), including the plan developed under paragraph (2) of such subsection; and

“(2) the development of an interim capability for improved hit assessment under subsection (b).

“(d) PLAN FOR UPGRADED ENHANCED EXO-ATMOSPHERIC KILL VEHICLE.—

“(1) PLAN REQUIRED.—Not later than 120 days after the date of the enactment of this Act [Dec. 26, 2013], the Director shall submit to the congressional defense committees a plan to use covered funding to develop, test, and deploy an upgraded enhanced exo-atmospheric kill vehicle for the ground-based midcourse defense system that—

“(A) is tested under a test program coordinated with the Director of Operational Test and Evaluation;

“(B) following such test program, is capable of being deployed during fiscal year 2018 or thereafter.

“(2) PRIORITY.—In developing the plan for an upgraded enhanced exo-atmospheric kill vehicle under paragraph (1), the Director shall give priority to the following attributes:

“(A) Cost effectiveness and high reliability, testability, producibility, modularity, and maintainability.

“(B) Capability across the midcourse battle space.

“(C) Ability to leverage ballistic missile defense system data with kill vehicle on-board capability to discriminate lethal objects.

“(D) Reliable on-demand communications.

“(E) Sufficient flexibility to ensure that the potential for future enhancements, including ballistic missile defense system interceptor commonality and multiple and volumetric kill capability, is maintained.

“(3) COVERED FUNDING DEFINED.—In this subsection, the term ‘covered funding’ means—

“(A) funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2014 for the Missile Defense Agency, as specified in the funding table in section 201; and

“(B) funds authorized to be appropriated by the National Defense Authorization Act for Fiscal Year 2013 (Public Law 112–239) or otherwise made available for fiscal year 2013 that are available to the Director to carry out the plan under paragraph (1).”

LIMITATION ON AVAILABILITY OF FUNDS FOR MISSILE DEFENSE INTERCEPTORS IN EUROPE

“(a) LIMITATION ON CONSTRUCTION AND DEPLOYMENT OF INTERCEPTORS.—No funds authorized to be appropriated by this Act [see Tables for classification] or otherwise made available for the Department of Defense for fiscal year 2011 or any fiscal year thereafter may be obligated or expended for site activation, construction, or deployment of missile defense interceptors on European land as part of the phased, adaptive approach to missile defense in Europe until—

“(1) any nation agreeing to host such system has signed and ratified a missile defense basing agreement and a status of forces agreement authorizing the deployment of such interceptors; and

“(2) a period of 45 days has elapsed following the date on which the Secretary of Defense submits to the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] the report on the independent assessment of alternative missile defense systems in Europe required by section 234(c)(2) of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111–84; 123 Stat. 2235).

“(b) LIMITATION ON PROCUREMENT OR DEPLOYMENT OF INTERCEPTORS.—No funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense for fiscal year 2011 or any fiscal year thereafter may be obligated or expended for the procurement (other than initial long-lead procurement) or deployment of operational missiles on European land as part of the phased, adaptive approach to missile defense in Europe until the Secretary of Defense, after receiving the views of the Director of Operational Test and Evaluation, submits to the congressional defense committees a report certifying that the proposed interceptor to be deployed as part of such missile defense system has demonstrated, through successful, operationally realistic flight testing, a high probability of working in an operationally effective manner and that such missile defense system has the ability to accomplish the mission.

“(c) WAIVER.—The Secretary of Defense may waive the limitations in subsections (a) and (b) if—

“(1) the Secretary submits to the congressional defense committees written certification that the waiver is in the urgent national security interests of the United States; and

“(2) a period of seven days has elapsed following the date on which the certification under paragraph (1) is submitted.

“(d) CONSTRUCTION.—Nothing in this section shall be construed so as to limit the obligation and expenditure of funds for any missile defense activities not otherwise limited by subsection (a) or (b), including, with respect to the planned deployments of missile defense interceptors on European land as part of the phased, adaptive approach to missile defense in Europe—

“(1) research, development, test and evaluation;

“(2) site surveys;

“(3) studies and analyses; and

“(4) site planning and design and construction design.

LIMITATION ON AVAILABILITY OF FUNDS FOR PROCUREMENT, CONSTRUCTION, AND DEPLOYMENT OF MISSILE DEFENSES IN EUROPE

“(a) GENERAL LIMITATION.—No funds authorized to be appropriated by this Act [see Tables for classification] or otherwise made available for the Department of Defense for fiscal year 2009 or any fiscal year thereafter may be obligated or expended for procurement, site acquisition, construction, preparation of equipment for, or deployment of a long-range missile defense system in Europe until the following conditions have been met:

“(1) in the case of the proposed long-range missile defense system described in paragraph (1) of (2), 45 days have elapsed following the receipt by the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] of the report required by section 234(c)(6) of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110–181; 122 Stat. 43).

“(b) ADDITIONAL LIMITATION.—In addition to the limitation in subsection (a), no funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense for fiscal year 2009 may be obligated or expended for the acquisition (other than initial long-lead procurement) or deployment of operational missiles of a long-range missile defense system in Europe until the Secretary of Defense, after receiving the views of the Director of Operational Test and Evaluation, submits to the congressional defense committees a report certifying that the proposed interceptor to be deployed as part of such missile defense system has demonstrated, through successful, operationally realistic flight testing, a high probability of working in an operationally effective manner and the ability to accomplish the mission.

“(c) CONSTRUCTION.—Nothing in this section shall be construed to limit continuing obligation and expenditure of funds for missile defense, including for research and development and for other activities not otherwise limited by subsection (a) or (b), including, but not limited to, site surveys, studies, analysis, and planning and design for the proposed missile defense deployment in Europe.

POLICY OF THE UNITED STATES ON PROTECTION OF THE UNITED STATES AND ITS ALLIES AGAINST IRANIAN BALLISTIC MISSILES

“(a) FINDING.—Congress finds that Iran maintains a nuclear program in continued defiance of the international community while developing ballistic missiles of increasing sophistication and range that—

“(1) pose a threat to—

“(A) the forward-deployed forces of the United States;

“(B) North Atlantic Treaty Organization (NATO) allies in Europe; and

“(C) other allies and friendly foreign countries in the region; and

“(2) eventually could pose a threat to the United States homeland.

“(b) POLICY OF THE UNITED STATES.—It is the policy of the United States—

“(1) to develop, test, and deploy, as soon as technically feasible, in conjunction with allies and friendly foreign countries whenever possible, an effective defense against the threat from Iran described in subsection (a) that will provide protection—

“(A) for the Department of Defense; and

“(B) for the United States, NATO allies, and other allies and friendly foreign countries in the region; and
“(B) for the United States homeland;
“(2) to encourage the NATO alliance to accelerate its efforts to—
“(A) protect NATO territory in Europe against the existing threat of Iranian short- and medium-range ballistic missiles; and
“(B) facilitate the ability of NATO allies to acquire the missile defense systems needed to provide a wide-area defense capability against short- and medium-range ballistic missiles; and
“(3) to proceed with the activities specified in paragraphs (1) and (2) in a manner such that any missile defense systems fielded by the United States in Europe are integrated with or complementary to missile defense systems fielded by NATO in Europe.”

POLICY OF THE UNITED STATES ON PRIORITIES IN THE DEVELOPMENT, TESTING, AND FIELDING OF MISSILE DEFENSE CAPABILITIES

“(a) FINDINGS.—Congress makes the following findings:
“(1) In response to the threat posed by ballistic missiles, President George W. Bush in December 2002 directed the Secretary of Defense to proceed with the fielding of an initial set of missile defense capabilities in 2004 and 2005.
“(2) According to assessments by the intelligence community of the United States, North Korea tested in 2005 a new solid propellant short-range ballistic missile, conducted a launch of a Taepodong-2 ballistic missile/space launch vehicle in 2006, and is likely developing intermediate-range and intercontinental ballistic missile capabilities that could someday reach as far as the United States with a nuclear payload.
“(3) According to assessments by the intelligence community of the United States, Iran continued in 2005 to test its medium-range ballistic missile, and the danger that Iran will acquire a nuclear weapon and integrate it with a ballistic missile Iran already possesses is a reason for immediate concern.

“(b) POLICY.—It is the policy of the United States that the Department of Defense accord a priority within the missile defense program to the development, testing, fielding, and improvement of effective near-term missile defense capabilities, including the ground-based midcourse defense system, the Aegis ballistic missile defense system, the Patriot PAC–3 system, the Terminal High Altitude Area Defense system, and the sensors necessary to support such systems.”

PLANS FOR TEST AND EVALUATION OF OPERATIONAL CAPABILITY OF THE BALLISTIC MISSILE DEFENSE SYSTEM

“(a) TEST AND EVALUATION PLANS FOR BLOCKS.—
“(1) PLANS REQUIRED.—With respect to block 06 and each subsequent block of the Ballistic Missile Defense System, the appropriate joint and service operational test and evaluation components of the Department of Defense concerned with the block shall prepare a plan, appropriate for the level of technological maturity of the block, to test, evaluate, and characterize the operational capability of the block.

“(2) CONSULTATION AND REVIEW.—The preparation of each plan under this subsection shall be—
“(A) carried out in coordination with the Missile Defense Agency; and
“(B) subject to the review and approval of the Director of Operational Test and Evaluation.

“(3) SUBMITTAL TO CONGRESS.—Each plan prepared under this subsection and approved by the Director of Operational Test and Evaluation shall be submitted to the congressional defense committees (Committees on Armed Services and Appropriations of the Senate and the House of Representatives) not later than 30 days after the date of the approval of such plan by the Director.

“(b) REPORTS ON TEST AND EVALUATION OF BLOCKS.—At the conclusion of the test and evaluation of block 06 and each subsequent block of the Ballistic Missile Defense System, the Director of Operational Test and Evaluation shall submit to the Secretary of Defense and the congressional defense committees a report providing—
“(1) the assessment of the Director as to whether or not the test and evaluation was adequate to evaluate the operational capability of the block; and
“(2) the characterization of the Director as to the operational effectiveness, suitability, and survivability of the block, as appropriate for the level of technological maturity of the block tested.”

INTEGRATION OF PATRIOT ADVANCED CAPABILITY-3 AND MEDIUM EXTENDED AIR DEFENSE SYSTEM INTO BALLISTIC MISSILE DEFENSE SYSTEM

“(a) RELATIONSHIP TO BALLISTIC MISSILE DEFENSE SYSTEM.—The combined program of the Department of the Army known as the Patriot Advanced Capability-3/Medium Extended Air Defense System (PAC–3/MEADS) program is subject to the configuration control board processes of the Missile Defense Agency so as to ensure integration of the PAC–3/MEADS element with appropriate elements of the Ballistic Missile Defense System.

“(c) REQUIRED PROCEDURES.—(1) Except as otherwise directed by the Secretary of Defense, the Secretary of the Army (acting through the Assistant Secretary of the Army for Acquisition, Logistics and Technology) shall ensure that any configuration change for the PAC–3/MEADS program is subject to the configuration control board processes of the Missile Defense Agency as of the date of the review.

“(d) REPORT.—Not later than February 1, 2005, the Secretary of Defense shall submit to the congressional defense committees a report describing the procedures developed pursuant to subsection (c).

“(2) DEFINITIONS.—For purposes of this section:
“(1) The term ‘significant change’ means, with respect to the PAC–3/MEADS program, a change that would substantially alter the role or contribution of that program in the Ballistic Missile Defense System.

“(2) The term ‘baseline technical specifications’ means, with respect to the PAC–3/MEADS program, those technical specifications for that program that have been approved by the configuration control board of the Missile Defense Agency and are in effect as of the date of the review.
“(3) The term ‘baseline schedule’ means, with respect to the PAC-3MEADS program, the development and production schedule for the PAC-3MEADS program in effect at the time of a review of such program conducted pursuant to subsection (b) or (c)(2)(B).”

**Baselines and Operational Test and Evaluation for Ballistic Missile Defense System**

(a) Testing Criteria.—Not later than January 1, 2005, the Secretary of Defense, in consultation with the Director of Operational Test and Evaluation, shall prescribe appropriate criteria for operationally realistic testing of fieldable prototypes developed under the ballistic missile defense spiral development program. The Secretary shall submit a copy of the prescribed criteria to the congressional defense committees [Committees on Armed Services and Appropriations of Senate and House of Representatives].

(b) Use of Criteria.—(1) The Secretary of Defense shall ensure that, not later than October 1, 2005, a test of the ballistic missile defense system is conducted consistent with the criteria prescribed under subsection (a).

(2) The Secretary of Defense shall ensure that each block configuration of the ballistic missile defense system is tested consistent with the criteria prescribed under subsection (a).

(c) Relationship to Other Law.—Nothing in this section shall be construed to exempt any spiral development program of the Department of Defense, after completion of the spiral development, from the applicability of any provision of chapter 144 of title 10, United States Code, or section 139, 181, 2366, 2399, or 2400 of title 10, United States Code, or section 1062(h), Dec. 31, 2011, 125 Stat. 1585.

**Provision of Information on Flight Testing of Ground-Based Midcourse National Missile Defense System**

**Report Requirements Relating to Ballistic Missile Defense Programs**

(a) Information To Be Furnished To Congressional Committees.—The Director of the Missile Defense Agency shall provide to the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] information on the results of each flight test of the Ground-based Midcourse national missile defense system.

(b) Content.—Information provided under subsection (a) on the results of a flight test shall include the following matters:

(1) A thorough discussion of the content and objectives of the test.

(2) For each such test objective, a statement regarding whether or not the objective was achieved.

(3) For any such test objective not achieved—

(A) a thorough discussion describing the reasons that the objective was not achieved; and

(B) a discussion of any plans for future tests to achieve that objective.

**Missile Defense Agency Test Program**

(A) review the development of goals under subsection (c) and the annual program plan under subsection (d); and

(B) provide to the Secretary of Defense and the Director of the Missile Defense Agency any comments on such matters as considered appropriate.

(2) Paragraph (1) applies with respect to the following:

(A) The Under Secretary of Defense for Acquisition, Technology, and Logistics.

(B) The Director of Operational Test and Evaluation.

(C) The Director of Program Analysis and Evaluation.

(D) The Joint Requirements Oversight Council.

“(F) DEMONSTRATION OF CRITICAL TECHNOLOGIES.—(1) The Director of the Missile Defense Agency shall develop a plan for ensuring that each critical technology for a missile defense program is demonstrated in an appropriate environment before that technology enters into operational service as part of a missile defense program.

“(3) Not later than February 15 each year the Director shall submit to the congressional defense committees a report on the assessment under paragraph (1) and the characterization under paragraph (2) with respect to the preceding fiscal year.”

MISSILE DEFENSE TESTING INITIATIVE

“(a) TESTING INFRASTRUCTURE.—(1) The Secretary of Defense shall ensure that each annual budget request of the Department of Defense—

“(A) is designed to provide for comprehensive testing of ballistic missile defense programs during early stages of development; and

“(B) includes necessary funding to support and improve test infrastructure and provide adequate test assets for the testing of such programs.

“(2) The Secretary shall ensure that ballistic missile defense programs incorporate to the maximum extent, operationally realistic test configurations (referred to as ‘test bed’ configurations) to demonstrate system performance across a broad range of capability and, during final stages of operational testing, to demonstrate reliable performance.

“(3) The Secretary shall ensure that the test infrastructure for ballistic missile defense programs is capable of supporting continued testing of ballistic missile defense systems after deployment.

“(b) REQUIREMENTS FOR EARLY STAGES OF SYSTEM DEVELOPMENT.—In order to demonstrate acceptable risk and developmental stability, the Secretary of Defense shall ensure that any ballistic missile defense program incorporates, to the maximum extent practicable, the following elements during the early stages of system development:

“(1) Pursuit of parallel conceptual approaches and technological paths for all critical problematic components until effective and reliable solutions can be demonstrated.

“(2) Comprehensive ground testing in conjunction with flight-testing for key elements of the proposed system that are considered to present high risk, with such ground testing to make use of existing facilities and combinations of facilities that support testing at the highest possible levels of integration.

“(3) Where appropriate, expenditures to enhance the capabilities of existing test facilities, or to construct new test facilities, to support alternative complementary test methodologies.

“(4) Sufficient funding of test instrumentation to ensure accurate measurement of all critical test events.

“(5) Incorporation into the program of sufficient schedule flexibility and expendable test assets, including missile interceptors and targets, to ensure that failed or aborted tests can be repeated in a prudent, but expeditious manner.

“(6) Incorporation into flight-test planning for the program, where possible, of—

“(A) methods that make the most cost-effective use of test opportunities;

“(B) events to demonstrate engagement of multiple targets, ‘shoot-look-shoot’, and other planned operational concepts; and

“(C) exploitation of opportunities to facilitate early development and demonstration of ‘family of systems’ concepts.

“(c) SPECIFIC REQUIREMENTS FOR GROUND-BASED MID-COURSE INTERCEPTOR SYSTEMS.—For ground-based mid-course interceptor systems, the Secretary of Defense shall initiate steps during fiscal year 2002 to establish a flight-test capability of launching not less than three missile defense interceptors and not less than two ballistic missile targets to provide a realistic test infrastructure.

NATIONAL MISSILE DEFENSE POLICY

Pub. L. 106–38, §2, July 22, 1999, 113 Stat. 205, provided that: ‘‘It is the policy of the United States to deploy as soon as is technologically possible an effective National Missile Defense system capable of defending the territory of the United States against limited ballistic missile attack (whether accidental, unauthorized, or deliberate) with funding subject to the annual authorization of appropriations and the annual appropriation of funds for National Missile Defense.’’

NATIONAL MISSILE DEFENSE PROGRAM

Pub. L. 105–85, div. A, title II, §231, Nov. 18, 1997, 111 Stat. 1661, provided that the Secretary of Defense was to ensure that the National Missile Defense Program was structured and programmed for funding so as to support a test, in fiscal year 1999, of an integrated national missile defense system that was representative of the national missile defense system architecture that could achieve initial operational capability in fiscal year 2003, and that not later than Feb. 15, 1998, the Secretary was to submit to the congressional defense committees a plan for the development and deployment of a national missile defense system that could achieve initial operational capability in fiscal year 2003.

ENHANCED COOPERATION BETWEEN NATIONAL NUCLEAR SECURITY ADMINISTRATION AND MISSILE DEFENSE AGENCY

“(a) JOINTLY FUNDED PROJECTS.—The Secretary of Energy and the Secretary of Defense shall modify the memorandum of understanding for the use of the national laboratories for ballistic missile defense programs, entered into under section 3131 of the National Defense Authorization Act for Fiscal Year 1998 (Public Law 105–85; 111 Stat. 2034; 10 U.S.C. 2431 note), to provide for jointly funded projects.

“(b) REQUIREMENTS FOR PROJECTS.—The projects referred to in subsection (a) shall—

“(1) be carried out by the National Nuclear Security Administration and the Missile Defense Agency; and

“(2) contribute to sustaining—

“(A) the expertise necessary for the viability of such laboratories; and
the Department of Defense. oratories for the ballistic missile defense programs of retary of Defense of the expertise of the national lab - pose of improving and facilitating the use by the Sec - enter into a memorandum of understanding for the pur- retary of Energy and the Secretary of Defense shall

The memorandum of understanding shall provide that the Secretary of Defense shall re-structure the core and deploying the theater missile defense systems spec- streams of such proliferation.

The deployment of effective Theater Missile Defense systems can deter potential adversaries of the United States with ballistic missiles armed with

weapons of mass destruction to offset the operational and technical advantages of the United States and its coalition partners and allies.

The intelligence officials have provided intelligence estimates to congressional commit-tees that (A) the trend in missile proliferation is toward longer range and more sophisticated ballistic missiles, (B) North Korea may deploy an interconti-nental ballistic missile capable of reaching Alaska or beyond within five years, and (C) although a new, in-digenously developed ballistic missile threat to the continental United States is not foreseen within the next ten years, determined countries can acquire intercontinental ballistic missiles in the near future and with little warning by means other than indige-

ous development.

The development and deployment of the United States and its allies of effective defenses against ballistic missiles of all ranges will reduce the incentives for countries to acquire such missiles or to augment existing missile capabilities.

The concept of mutual assured destruction (based upon an offense-only form of deterrence), which is the major philosophical rationale underlying the ABM Treaty, is now questionable as a basis for stability in a multipolar world in which the United States and the states of the former Soviet Union are seeking to normalize relations and eliminate Cold War attitudes and arrangements.

The development and deployment of a National Missile Defense system against the threat of limited ballistic missile attacks—

"A) would strengthen deterrence at the levels of forces agreed to by the United States and Russia under the Strategic Arms Reduction Talks Treaty (START–I); and

"B) would further strengthen deterrence if reductions below the levels permitted under START–I should be agreed to and implemented in the future.

"C) The distinction made during the Cold War, based upon the technology of the time, between strategic ballistic missiles and nonstrategic ballistic mis-

silles, which resulted in the distinction made in the ABM Treaty between strategic defense and nonstrategic defense, has become obsolete because of technolog-

ical advancement (including the development by North Korea of long-range Taepo-Dong I and Taepo-Dong II missiles) and, therefore, that distinction in the ABM Treaty should be reviewed.

SEC. 233. BALLISTIC MISSILE DEFENSE POLICY.

It is the policy of the United States—

"(1) to deploy affordable and operationally effective theater missile defenses to protect forward-deployed and expeditionary elements of the Armed Forces of the United States and to complement the missile defense capa-
bilities of forces of coalition partners and of allies of the United States; and

"(2) to seek a cooperative, negotiated transition to a regime that does not feature an offense-only form of deterrence as the basis for strategic stability.

SEC. 234. THEATER MISSILE DEFENSE ARCHITECTURE.

"(a) Establishment of Core Program.—To imple-
ment the policy established in paragraph (1) of section 233, the Secretary of Defense shall restructure the core theater missile defense program to consist of the follow-
ing systems:

"(1) The Patriot PAC–3 system.

"(2) The Navy Area Defense system.

"(3) The Theater High-Altitude Area Defense (THAAD) system.

"(4) The Navy Theater Wide system.

"(b) Use of Streamlined Acquisition Procedures.— The Secretary of Defense shall prescribe and use streamlined acquisition policies and procedures to re-
duce the cost and increase the efficiency of developing and deploying the theater missile defense systems spec-
ified in subsection (a).

"(c) Interoperability and Support of Core Sys-
tems.—To maximize effectiveness and flexibility of the
system comprising the core theater missile defense program, the Secretary of Defense shall ensure that those systems are integrated and complementary and are capable of exploiting the external sensor and battle management support from systems such as—

(A) the Cooperative Engagement Capability (CEC) of the Navy;

(B) airborne sensors; and

(C) space-based sensors (including, in particular, the Space and Missile Tracking System).

(d) FOLLOW-ON SYSTEMS.—(1) The Secretary of Defense shall prepare an affordable development plan for theater missile defense systems to be developed as follow-on systems to the core systems specified in subsection (a). The Secretary shall make the selection of a system for inclusion in the plan based on the capability of the system to satisfy military requirements not met by the systems in the core program and on the capability of the system to use prior investments in technologies, infrastructure, and battle-management capabilities that are incorporated in, or associated with, the systems in the core program.

(2) The Secretary may not proceed with the development of a follow-on theater missile defense system beyond the Demonstration/Validation stage of development unless the Secretary designates that system as a part of the core program under this section and submits to the congressional defense committees (Committees on Armed Services and on Appropriations of the Senate and House of Representatives) notice of that designation. The Secretary shall include with any such notification a report describing—

(A) the requirements for the system and the specific threats that such system is designed to counter;

(B) how the system will relate to, support, and build upon existing core systems;

(C) the planned acquisition strategy for the system; and

(D) a preliminary estimate of total program cost for that system and the effect of development and acquisition of such system on Department of Defense budget projections.

(e) PROGRAM ACCOUNTABILITY REPORT.—(1) As part of the annual report of the Ballistic Missile Defense Organization (now Missile Defense Agency) required by section 224 of Public Law 101–189 (10 U.S.C. 2431 note), the Secretary of Defense shall describe the technical milestones, the schedule, and the cost of each phase of development and acquisition (together with total estimated program costs) for each core and follow-on theater missile defense program.

(2) As part of such report, the Secretary shall describe, with respect to each program covered in the report, any variance in the technical milestones, the schedule, and costs for the program compared with the information relating to that program in the report submitted in the previous year and in the report submitted in the first year in which that program was covered.

SEC. 235. PROHIBITION ON USE OF FUNDS TO IMPLEMENT AN INTERNATIONAL AGREEMENT CONCERNING THEATER MISSILE DEFENSE SYSTEMS.

(a) FINDINGS.—(1) Congress hereby reaffirms—

(A) the finding in [former] section 234(a)(7) of the National Defense Authorization Act for Fiscal Year 1994 (Public Law 103–160; 107 Stat. 1595; 10 U.S.C. 2431 note) that the ABM Treaty was not intended to, and does not, apply to or limit research, development, testing, or deployment of missile defense systems, system upgrades, or system components that are designed to counter modern theater ballistic missiles and, therefore, is not subject to any application, limitation, or obligation under the ABM Treaty; and

(B) the statement in section 232 of the National Defense Authorization Act for Fiscal Year 1995 (Pub-

lic Law 104–106; 108 Stat. 2700) that the United States shall not be bound by any international agreement entered into by the President that would substantively modify the ABM Treaty unless the agreement is entered into pursuant to the treaty making power of the President under the Constitution.

(2) Congress also finds that the demarcation standard described in subsection (b)(1) for compliance of a missile defense system, system upgrade, or system component with the ABM Treaty is based upon current technology.

(b) SENSE OF CONGRESS CONCERNING COMPLIANCE POLICY.—It is the sense of Congress that—

(1) unless a missile defense system, system upgrade, or system component (including one that exploits data from space-based or other external sensors) is flight tested in an ABM-qualifying flight test (as defined in subsection (e)), that system, system upgrade, or system component has not, for purposes of the ABM Treaty, been tested in an ABM mode nor been given capabilities to counter strategic ballistic missiles and, therefore, is not subject to any application, limitation, or obligation under the ABM Treaty; and

(2) any international agreement that would limit the research, development, testing, or deployment of missile defense systems, system upgrades, or system components that are designed to counter modern theater ballistic missiles in a manner that would be more restrictive than the compliance criteria specified in paragraph (1) should be entered into only pursuant to the treaty making powers of the President under the Constitution.

(c) PROHIBITION ON FUNDING.—Funds appropriated or otherwise made available to the Department of Defense for fiscal year 1996 may not be obligated or expended to implement an agreement, or any understanding with respect to interpretation of the ABM Treaty, between the United States and any of the independent states of the former Soviet Union entered into after January 1, 1995, that—

(1) would establish a demarcation between theater missile defense systems and anti-ballistic missile systems for purposes of the ABM Treaty; or

(2) would restrict the performance, operation, or deployment of United States theater missile defense systems.

(d) EXCEPTIONS.—Subsection (c) does not apply—

(1) to the extent provided by law in an Act enacted after this Act [Pub. L. 104–106, enacted Feb. 10, 1996];

(2) to expenditures to implement that portion of any such agreement or understanding that implements the policy set forth in subsection (b)(1); or

(3) to expenditures to implement any such agreement or understanding that is approved as a treaty or by law.

(e) ABM-QUALIFYING FLIGHT TEST DEFINED.—For purposes of this section, an ABM-qualifying flight test is a flight test against a ballistic missile which, in that flight test, exceeds (1) a range of 5,300 kilometers, or (2) a velocity of 5 kilometers per second.

SEC. 236. BALLISTIC MISSILE DEFENSE COOPERATION WITH ALLIES.

It is in the interest of the United States to develop its own missile defense capabilities in a manner that will permit the United States to complement the missile defense capabilities developed and deployed by its allies and possible coalition partners. Therefore, the Congress urges the President—

(1) to pursue high-level discussions with allies of the United States and selected other states on the means and methods by which the parties on a bilateral basis can cooperate in the development, deployment, and operation of ballistic missile defenses;

(2) to take the initiative within the North Atlantic Treaty Organization to develop consensus in the Alliance for a timely deployment of effective ballistic missile defenses by the Alliance; and

(3) in the interim, to seek agreement with allies of the United States and selected other states on steps
the parties should take, consistent with their national interests, to reduce the risks posed by the threat of limited ballistic missile attacks, such steps to include—

"(A) the sharing of early warning information derived from sensors deployed by the United States and other states;

"(B) the exchange on a reciprocal basis of technical data and technology to support both joint development programs and the sale and purchase of missile defense systems and components; and

"(C) operational level planning to exploit current missile defense capabilities and to help define future requirements.

"SEC. 237. ABM TREATY DEFINED.

"For purposes of this subtitle, the term 'ABM Treaty' means the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Limitation of Anti-Ballistic Missile Systems, and signed at Moscow on May 26, 1972, and includes the Protocols to that Treaty, signed at Moscow on July 3, 1974.

"(b) LIMITATION RELATING TO BRILLIANT EYES.—Of the funds appropriated pursuant to the authorizations of appropriations in this section 231 (108 Stat. 2699) that are made available for the Brilliant Eyes missile tracking system (such system being known as the Brilliant Eyes program, not more than $80,000,000 may be obligated until the Secretary of Defense submits to the appropriate congressional committees a report on the compliance of that program with the ABM Treaty, as determined under the compliance review conducted pursuant to subsection (c).

"(c) COMPLIANCE REVIEW FOR BRILLIANT EYES.—The Secretary of Defense shall review the Brilliant Eyes program to determine whether, and under what conditions, the development, testing, and deployment of the Brilliant Eyes missile tracking system in conjunction with a theater ballistic missile defense system, with a limited national missile defense system, and with both such systems, would be in compliance with the ABM Treaty, including the interpretation of that treaty set forth in the enclosure to the July 13, 1993, ACDA letter.

"(d) COMPLIANCE REVIEW FOR NAVY UPPER TIER SYSTEM.—(1) The Secretary of Defense shall review the theater ballistic missile program known as the Navy Upper Tier program to determine whether the development, testing, and deployment of the system being developed under that program would be in compliance with the ABM Treaty, including the interpretation of the Treaty set forth in the enclosure to the July 13, 1993, ACDA letter.

"(2) Of the funds made available to the Department of Defense for fiscal year 1995, not more than $40,000,000 may be obligated for the Navy Upper Tier program before the date on which the Secretary submits to the appropriate congressional committees a report on the compliance of that program with the ABM Treaty, as determined under the compliance review under paragraph (1).

"(a) INTEGRATION AND COMPATIBILITY.—In carrying out the Theater Missile Defense Initiative, the Secretary of Defense shall—

"(1) seek to maximize the use of existing systems and technologies; and

"(2) seek to promote joint use by the military departments of existing and future ballistic missile defense equipment (rather than each military department developing its own systems that would largely overlap in their capabilities).

"(A) The Secretaries of the military departments shall seek the maximum integration and compatibility of their ballistic missile defense systems as well as of the respective roles and missions of those systems.

"(b) TMD MASTER PLAN.—The Secretary of Defense shall submit to Congress a report (which shall constitute the TMD master plan) containing a thorough and complete analysis of the future of theater missile defense programs. The report shall include the following:

"(6) Specification of the baseline production rate for all systems for the year of program through completion of the ACDA letter in an enclosure.

"(7) An estimate of the unit cost and capabilities of each system.
REVIEW AND REPORT ON DEPLOYMENT OF BALLISTIC MISSILE DEFENSEES.—(1) The Secretary of Defense shall conduct an intensive and extensive review of opportunities to streamline the weapon systems acquisition process applicable to the development, testing, and deployment of theater ballistic missile defenses with the objective of reducing the cost of deployment and accelerating the schedule for deployment without significantly increasing programmatic risk or concurrency.

(B) the faculty of the Industrial College of the Armed Forces [now Dwight D. Eisenhower School for National Security and Resource Strategy]; and

(C) federally funded research and development centers supporting the Office of the Secretary of Defense.

(3) Not later than May 1, 1994, the Secretary shall submit to the congressional defense committees a report on the Secretary’s findings resulting from the review under paragraph (1), together with any recommendations of the Secretary for legislation. The Secretary shall submit the report in unclassified form, but may submit a classified version of the report if necessary to clarify any of the information in the findings or recommendations or any related information. The report may be submitted as part of the next annual report to the Secretary submitted to Congress under section 224 of Public Law 101–189 (10 U.S.C. 2431 note).

(b) Waiver Authority.—The Secretary may waive the provisions of subsection (a) in the case of a particular program, project, or activity if the Secretary certifies to the congressional defense committees that it is in the national security interest of the United States to provide management and budget responsibility for that program, project, or activity to the Missile Defense Agency.

(c) Report Required.—As a part of the report required by section 231(e) [107 Stat. 1390], the Secretary shall submit to the congressional defense committees a report identifying—

“(b) FUNDING FOR FISCAL YEAR 1993.—Of the amounts appropriated pursuant to section 201 (106 Stat. 2349) or otherwise made available to the Department of Defense for research, development, test, and evaluation for the fiscal year 1993, not more than $365,000,000 may be obligated for activities of the Theater Missile Defense Initiative, of which not less than $90,000,000 shall be made available for exploration of promising concepts for naval theater missile defense.

“(c) REPORT.—When the President’s budget for fiscal year 1993 is submitted to Congress pursuant to section 1105 of title II, United States Code, the Secretary of Defense shall submit to the congressional defense committees a report:

EAST COAST TRIDENT BASE AND MX MISSILE SYSTEM SITES; USE OF FUNDS APPROPRIATED TO DEPARTMENT OF DEFENSE; ASSISTANCE TO NEARBY COMMUNITIES TO HELP MEET COSTS OF INCREASED MUNICIPAL SERVICES

“(a) The Secretary of Defense (hereinafter in this section referred to as the ‘Secretary’) may assist communities located near MX Missile System sites and communities located near the East Coast Trident Base, and the States in which such communities are located, in meeting the costs of providing increased municipal services and facilities to the residents of such communities, if the Secretary determines that there is an immediate and substantial increase in the need for such services and facilities as a direct result of or being carried out in connection with the construction, installation, or operation of the MX Missile System or the East Coast Trident Base, as the case may be, and that an unfair and excessive financial burden will be incurred by such communities, or the States in which such communities are located, as a result of such increased need for such services and facilities.

“(b)(1) Whenever possible, the Secretary shall carry out the program of assistance authorized under this section through existing Federal programs. In carrying out such program of assistance, the Secretary may:

“(A) supplement funds made available under existing Federal programs through a direct transfer of funds from the Secretary to the department or agency concerned in such amounts as the Secretary considers necessary;

“(B) provide financial assistance to communities described in subsection (a) to help such communities pay their share of the costs under such programs;

“(C) guarantee State or municipal indebtedness, and make interest payments, in whole or in part, for State or municipal indebtedness, for improved public facilities related to the MX Missile System site or the East Coast Trident Base, as the case may be; and

“(1) the time lag between the initial impact of increased population in any such community and any increase in the local tax base which will result from such increased population;

“(2) the possible temporary nature of the increased population and the long-range cost impact on the permanent residents of any such community;

“(3) the initial capitalization required for municipal sewer and water systems;

“(4) the initial operating cost for upgrading municipal services; and

“(d) Funds appropriated to the Department of Defense for carrying out the MX Missile System deployment program and the East Coast Trident Base may, to the extent specifically authorized in Military Construction Authorization Acts, be used by the Secretary to provide assistance under this section.

MX MISSILE AND BANDING MODE

Pub. L. 96–342, title II, §202, Sept. 8, 1980, 94 Stat. 1079, provided that:

“(a) The Congress finds that a survivable land-based intercontinental ballistic missile (ICBM) system is vital to the security of the United States and to a stable strategic balance between the United States and the Soviet Union and that timely deployment of a new basing mode is essential to the survivability of this Nation’s land-based intercontinental ballistic missiles. It is, therefore, the purpose of this section to commit the Congress to the development and deployment of the MX missile system, consisting of 200 missiles and 4,600 hardened shelters, and to ensure that deployment of the entire MX system is carried out as soon as practicable.

“(b) The Secretary of Defense shall proceed immediately with the full-scale engineering development of the MX missile and a Multiple Protective Structure (MPS) basing mode and shall continue such development in a manner that will achieve an Initial Operational Capability of such missile and basing mode not later than December 31, 1986.

“(c) Notwithstanding any other provision of law, the initial phase of construction shall be limited to 2,300 protective shelters for the MX missile in the initial deployment area.

“(d) In accordance with the finding of the Congress expressed in subsection (a), a full system of at least 4,600 protective shelters may be deployed in the initial deployment area if, after completion of a study to be conducted by the Secretary of Defense of an alternate site for a portion of the system, it is determined by the Congress that adverse cost, military considerations, or other reasons preclude split basing.

DEVELOPMENT OF MX MISSILE SYSTEM

Pub. L. 96–29, title II, §202, June 27, 1979, 93 Stat. 79, provided that:

“(a) It is the sense of the Congress that maintaining a survivable land-based intercontinental ballistic missile system is vital to the security of the United States and that development of a new basing mode for land-based intercontinental ballistic missiles is necessary to assure the survivability of the land-based system. To this end, the development of the MX missile, together with a new basing mode for such missile, should proceed so as to achieve Initial Operational Capability (IOC) for both such missile and such basing mode at the earliest practicable date.

“(b) In addition, it is the sense of the Congress that the basing mode for the MX missile should be restricted to location on the least productive land available that is suitable for such purpose.
(c) In accordance with the sense of Congress expressed in subsection (a), the Secretary of Defense shall proceed immediately with full scale engineering development of the missile basing mode known as the Multiple Protective Structure (MPS) system concurrently with full scale engineering development of the MX missile, unless and until the Secretary of Defense certifies to Congress that an alternative basing mode is militarily or technologically superior to, and is more cost effective than, the MPS system or the President informs the Congress that in his view the MPS system is not consistent with United States national security interests.

(d) Nothing in this section shall be construed to prohibit or restrict the study of alternative basing modes for land-based intercontinental ballistic missiles.

REPORTS TO CONGRESS OF ACQUISITIONS FOR MAJOR DEFENSE SYSTEMS

TRIDENT SUPPORT SITE, BANGOR, WASHINGTON: FINANCIAL AID TO LOCAL COMMUNITIES; REPORTS

Pub. L. 93–552, title VI, § 608, Dec. 27, 1974, 88 Stat. 1763, provided:

(a) The Secretary of Defense is authorized to assist communities located near the TRIDENT Support Site, Bangor, Washington, in meeting the costs of providing increased municipal services and facilities to the residents of such communities, if the Secretary determines that there is an immediate and substantial increase in the need for such services and facilities in such communities as a direct result of work being carried out in connection with the construction, installation, testing, and operation of the TRIDENT Weapon System and that an unfair and excessive financial burden will be incurred by such communities as a result of the increased need for such services and facilities.

(b) The Secretary of Defense shall carry out the provisions of this section through existing Federal programs. The Secretary is authorized to supplement funds made available under such Federal programs to the extent necessary to carry out the provisions of this section, and is authorized to provide financial assistance to communities described in subsection (a) of this section to help such communities pay their share of the costs under such programs. The heads of all departments and agencies concerned shall cooperate fully with the Secretary of Defense in carrying out the provisions of this section on a priority basis.

(c) In determining the amount of financial assistance to be made available under this section to any local community for any community service or facility, the Secretary of Defense shall consult with the head of the department or agency of the Federal Government concerned for the type of service or facility for which financial assistance is being made available and shall take into consideration (1) the time lag between the initial impact of increased population in any such community and any increase in the local tax base which will result from such increased population, (2) the possible temporary nature of the increased population and the long-range cost impact on the permanent residents of any such community, and (3) such other pertinent factors as the Secretary of Defense deems appropriate.

Any funds appropriated to the Department of Defense for the fiscal year beginning July 1, 1974, for carrying out the TRIDENT Weapon System shall be utilized by the Secretary of Defense in carrying out the provisions of this section to the extent that funds are unavailable under other Federal programs. Funds appropriated for the Department of Defense for any fiscal year beginning after June 30, 1975, for carrying out the TRIDENT Weapon System may, to the extent specifically authorized in an annual Military Construction Authorization Act, be utilized by the Secretary of Defense in carrying out the provisions of this section to the extent that funds are unavailable under other Federal programs.

(d) The Secretary shall transmit to the Committees on Armed Services of the Senate and the House of Representatives semiannual reports indicating the total amount expended in the case of each local community which was provided assistance under the authority of this section during the preceding six-month period, the specific projects for which assistance was provided during such period, and the total amount provided for each such project during such period.

§ 2432. Selected Acquisition Reports

(a) In this section:

(1) The term "program acquisition unit cost", with respect to a major defense acquisition program, means the amount equal to (A) the total cost for development and procurement of, and system-specific military construction for, the acquisition program, divided by (B) the number of fully-configured end items to be produced for the acquisition program.

(2) The term "procurement unit cost", with respect to a major defense acquisition program, means the amount equal to (A) the total of all funds programmed to be available for obligation for procurement for the program, divided by (B) the number of fully-configured end items to be procured.

(3) The term "major contract", with respect to a major defense acquisition program, means each of the six largest prime, associate, or government-furnished equipment contracts under the program that is in excess of $40,000,000, or that is not a firm, fixed price contract.

(4) The term "full-life-cycle cost", with respect to a major defense acquisition program, means all costs of development, procurement, military construction, and operations and support, without regard to funding source or management control.

(b) The Secretary of Defense shall submit to Congress at the end of each fiscal-year quarter a report on current major defense acquisition programs. Except as provided in paragraphs (2) and (3), each such report shall include a status report on each defense acquisition program that at the end of such quarter is a major defense acquisition program. Reports under this section shall be known as Selected Acquisition Reports.

(2) A status report on a major defense acquisition program need not be included in the Selected Acquisition Report for the second, third, or fourth quarter of a fiscal year if such a report was included in a previous Selected Acquisition Report for that fiscal year and during the period since that report there has been—

(A) less than a 15 percent increase in program acquisition unit cost and current procurement unit cost for the program (or for each designated subprogram under the program); and

(B) less than a six-month delay in any program schedule milestone shown in the Selected Acquisition Report.

(3)(A) The Secretary of Defense may waive the requirement for submission of Selected Acquisition Reports for a program for a fiscal year if—

(i) the program has not entered system development and demonstration;

(ii) a reasonable cost estimate has not been established for such program; and

(iii) the system configuration for such program is not well defined.

(B) The Secretary shall submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a written notification of each waiver under subparagraph (A) for a program for a fiscal year not later than 60 days before the President submits the budget to Congress pursuant to section 1105 of title 31 in that fiscal year.

(c)(1) Each Selected Acquisition Report for the first quarter for a fiscal year shall include—

(2) If a program acquisition unit cost increase or a procurement unit cost increase for a major defense acquisition program or designated major subprogram that results in a report under this subsection is due to termination or cancellation of the entire program or subprogram, only the information specified in clauses (A) through (F) of paragraph (1) and the percentage change in program acquisition unit cost or procurement unit cost that resulted in the report need be included in the report. The certification of the Secretary of Defense under subsection (e) is not required to be submitted for termination or cancellation of a program or subprogram.

§2433a. Critical cost growth in major defense ac-
quision programs

(a) REASSESSMENT OF PROGRAM.—If the pro-
gram acquisition unit cost or procurement unit cost of a major defense acquisition program or designated subprogram (as determined by the Secretary under section 2433(d) of this title) increases by a percentage equal to or greater than the critical cost growth threshold for the program or subprogram, the Secretary of Defense, after consultation with the Joint Requirements Oversight Council regarding program require-

(1) determine the root cause or causes of the
critical cost growth in accordance with appli-

of Defense policies, procedures, and guidance; and

(2) in consultation with the Director of Cost
Assessment and Program Evaluation, carry out an assessment of—

(A) the projected cost of completing the
program if current requirements are not
modified;

(B) the projected cost of completing the
program based on reasonable modification of
such requirements;

(C) the rough order of magnitude of the costs of any reasonable alternative system
or capability; and

(D) the need to reduce funding for other
programs due to the growth in cost of the
program.

(b) PRESUMPTION OF TERMINATION.—(1) After
carrying out the reassessment required by sub-
section (a) with respect to a major defense ac-
quision program, the Secretary shall termi-
nate the program unless the Secretary submits to Congress, before the end of the 60-day period
beginning on the day the Selected Acquisition
Report containing the information described in
section 2433(g) of this title is required to be sub-
mitted under section 2432(f) of this title, a writ-
ten certification in accordance with paragraph
(2).

(2) A certification described by this paragraph
with respect to a major defense acquisition pro-
gram is a written certification that—
(A) the continuation of the program is essential to the national security;
(B) there are no no alternatives to the program which will provide acceptable capability to meet the joint military requirement (as defined in section 1105 of this title) at less cost;
(C) the new estimates of the program acquisition unit cost or procurement unit cost have been determined by the Director of Cost Assessment and Program Evaluation to be reasonable;
(D) the program is a higher priority than programs whose funding must be reduced to accommodate the growth in cost of the program; and
(E) the management structure for the program is adequate to manage and control program acquisition unit cost or procurement unit cost.

(3) A written certification under paragraph (2) shall be accompanied by a report presenting the root cause analysis and assessment carried out pursuant to subsection (a) and the basis for each determination made in accordance with subparagraphs (A) through (E) of paragraph (2), together with supporting documentation.

(c) ACTIONS IF PROGRAM NOT TERMINATED.—(1) If the Secretary elects not to terminate a major defense acquisition program pursuant to subsection (b), the Secretary shall—

(B) rescind the most recent Milestone approval for the program and withdraw any associated certification under section 2366a or 2366b of this title;

(C) require a new Milestone approval for the program before taking any contract action to enter into a new contract, exercise an option under an existing contract, or otherwise extend the scope of an existing contract under the program, except to the extent determined necessary by the Milestone Decision Authority, on a non-delegable basis, to ensure that the program can be restructured as intended by the Secretary without unnecessarily wasting resources;

(D) include in the report specified in paragraph (2) a description of all funding changes made as a result of the growth in cost of the program, including reductions made in funding for other programs to accommodate such cost growth; and

(E) conduct regular reviews of the program in accordance with the requirements of section 205 of the Weapon Systems Acquisition Reform Act of 2009.

(2) For purposes of paragraph (1)(D), the report specified in this paragraph is the first Selected Acquisition Report for the program submitted pursuant to section 2432 of this title after the President submits a budget pursuant to section 1105 of title 31, in the calendar year following the year in which the program was restructured.

(3)(A) The requirements of subparagraphs (B), (C), and (E) of paragraph (1) shall not apply to a program or subprogram if—

(i) the Milestone Decision Authority determines in writing, on the basis of a cost assessment and root cause analysis conducted pursuant to subsection (a), that—

(1) but for a change in the quantity of items to be purchased under the program or subprogram, the program acquisition unit cost or procurement unit cost for the program or subprogram would not have increased by a percentage equal to or greater than the cost growth thresholds for the program or subprogram set forth in subparagraph (B); and

(2) the change in quantity of items described in subclause (1) was not made as a result of an increase in program cost, a delay in the program, or a problem meeting program requirements;

(II) the change in quantity of items described in subclause (i) was made as a result of the growth in cost of the program that is a procurement program, a percentage increase in the program acquisition unit cost for the program or subprogram as shown in the current Baseline Estimate for the program or subprogram; and

(iii) the Secretary submits to Congress, before the end of the 60-day period beginning on the day the Selected Acquisition Report containing the information described in section 2433(g) of this title is required to be submitted under section 2432(f) of this title—

(I) a copy of the written determination under clause (i) and an explanation of the basis for the determination; and

(II) a copy of the written determination under clause (ii) and an explanation of the basis for the determination.

(i) in the case of a major defense acquisition program or designated major defense subprogram, a percentage increase in the program acquisition unit cost for the program or subprogram of—

(1) 5 percent over the program acquisition unit cost for the program or subprogram as shown in the current Baseline Estimate for the program or subprogram; and

(2) 10 percent over the program acquisition unit cost for the program or subprogram as shown in the original Baseline Estimate for the program or subprogram.

(ii) in the case of a major defense acquisition program or designated major defense subprogram that is a procurement program, a percentage increase in the procurement unit cost for the program or subprogram of—

(1) 5 percent over the procurement unit cost for the program or subprogram as shown in the current Baseline Estimate for the program or subprogram; and

(2) 10 percent over the procurement unit cost for the program or subprogram as shown in the original Baseline Estimate for the program or subprogram.

§ 2437. Development of major defense acquisition programs: sustainment of system to be replaced

(a) REQUIREMENT FOR SUSTAINING EXISTING FORCES.—(1) The Secretary of Defense shall require that, whenever a new major defense acquisition program begins development, the defense acquisition authority responsible for that program shall develop a plan (to be known as a “sustainment plan”) for the existing system that the system under development is intended to replace. Any such sustainment plan shall provide for an appropriate level of budgeting for sustaining the existing system until the replacement system to be developed under the major defense acquisition program is fielded and assumes the majority of responsibility for the mission of the existing system. This section does not apply to a major defense acquisition that reaches initial operational capability before October 1, 2008.

(2) In this section, the term “defense acquisition authority” means the Secretary of a military department or the commander of the United States Special Operations Command.

(b) SUSTAINMENT PLAN.—The Secretary of Defense shall require that each sustainment plan under this section include, at a minimum, the following:

(1) The milestone schedule for the development of the major defense acquisition program, including the scheduled dates for low-rate initial production, production, and full-rate production, and full operational capability and the date as of when the replacement system is scheduled to assume the majority of responsibility for the mission of the existing system.

(2) An analysis of the existing system to assess the following:

(A) Anticipated funding levels necessary to—

(i) ensure acceptable reliability and availability rates for the existing system; and

(ii) maintain mission capability of the existing system against the relevant threats.

(B) The extent to which it is necessary and appropriate to—

(i) transfer mature technologies from the new system or other systems to enhance the mission capability of the existing system against relevant threats; and

(ii) provide interoperability with the new system during the period from initial fielding until the new system assumes the majority of responsibility for the mission of the existing system.

(c) EXCEPTIONS.—Subsection (a) shall not apply to a major defense acquisition program if the Secretary of Defense determines that—

(1) the existing system is no longer relevant to the mission;

(2) the mission has been eliminated;

(3) the mission has been consolidated with another mission in such a manner that another existing system can adequately meet the mission requirements; or

(4) the duration of time until the new system assumes the majority of responsibility for the existing system’s mission is sufficiently short so that mission availability, capability, interoperability, and force protection requirements are maintained.

(d) WAIVER.—The Secretary of Defense may waive the applicability of subsection (a) to a major defense acquisition program if the Secretary determines that, but for such a waiver, the Department would be unable to meet national security objectives. Whenever the Secretary makes such a determination and authorizes such a waiver, the Secretary shall submit notice of such waiver and of the Secretary’s determination and the reasons therefor in writing to the congressional defense committees.

PRIOR PROVISIONS

§ 2438. Performance assessments and root cause analyses

(a) Designation of Senior Official Responsibility for Performance Assessments and Root Cause Analyses.—

(3) Issuing policies, procedures, and guidance governing the conduct of performance assessments and root cause analyses by the military departments and the Defense Agencies.

(4) Evaluating the utility of performance metrics used to measure the cost, schedule, and performance of major defense acquisition programs, and making such recommendations to the Secretary of Defense as the official considers appropriate to improve such metrics.

(5) Advising acquisition officials on performance issues regarding a major defense acquisition program that may arise—

(A) before certification under section 2433a of this title;

(B) before entry into full-rate production; or

(C) in the course of consideration of any decision to request authorization of a multi-year procurement contract for the program.

(c) Performance Assessments.—For purposes of this section, a performance assessment with respect to a major defense acquisition program is an evaluation of the following:

(1) The cost, schedule, and performance of the program, relative to current metrics, including performance requirements and baseline descriptions.

(2) The extent to which the level of program cost, schedule, and performance predicted relative to such metrics is likely to result in the timely delivery of a level of capability to the warfighter that is consistent with the level of resources to be expended and provides superior value to alternative approaches that may be available to meet the same military requirement.

(d) Root Cause Analyses.—For purposes of this section and section 2433a of this title, a root cause analysis with respect to a major defense acquisition program is an assessment of the underlying cause or causes of shortcomings in cost, schedule, or performance of the program, including the role, if any, of—

(1) unrealistic performance expectations;

(2) unrealistic baseline estimates for cost or schedule;

(3) immature technologies or excessive manufacturing or integration risk;

(4) unanticipated design, engineering, manufacturing, or technology integration issues arising during program performance;

(5) changes in procurement quantities;

(6) inadequate program funding or funding instability;

(7) poor performance by government or contractor personnel responsible for program management; or

(8) any other matters.

(e) Support of Applicable Capabilities and Expertise.—The Secretary of Defense shall ensure that the senior official designated under subsection (a) has the support of other Department of Defense officials with relevant capabilities and expertise needed to carry out the requirements of this section.

(f) Annual Report.—Not later than March 1 each year, the official responsible for conducting and overseeing performance assessments and root cause analyses for major defense acquisition programs shall submit to the congressional defense committees a report on the activities undertaken under this section during the preceding year.

(a) QUARTERLY REPORTS BY PROGRAM MANAGERS.—The program manager of a major automated information system program or other major information technology investment program shall, on a quarterly basis, submit to the senior Department of Defense official responsible for the program a written report identifying any variance in the projected development schedule, implementation schedule, life-cycle costs, or key performance parameters for the major automated information system or information technology investment to be acquired under the program from such information as originally submitted to Congress under section 2445b of this title.

(b) SENIOR OFFICIALS RESPONSIBLE FOR PROGRAMS.—For purposes of this section, the senior Department of Defense official responsible for a major automated information system program or other major information technology investment program is—

(1) in the case of an automated information system program or information technology investment to be acquired for a military department, the senior acquisition executive for the military department; or

(2) in the case of any other automated information system program or information technology investment to be acquired for the Department of Defense or any component of the Department of Defense, the Under Secretary of Defense for Acquisition, Technology, and Logistics.

(c) REPORT ON SIGNIFICANT CHANGES IN PROGRAM.—

(1) IN GENERAL.—If, based on a quarterly report submitted by the program manager of a major automated information system program pursuant to subsection (a), the senior Department of Defense official responsible for the program makes a determination described in paragraph (2) of this section, the official shall, not later than 45 days after receiving such report, notify the congressional defense committees in writing of such determination.

(2) COVERED DETERMINATION.—A determination described in this paragraph with respect to a major automated information system program is a determination that—

(A) there has been a schedule change that will cause a delay of more than six months but less than a year in any program schedule milestone or significant event from the schedule originally submitted to Congress under section 2445b of this title;

(B) the estimated total acquisition cost or full life-cycle cost for the program has increased by at least 15 percent, but less than 25 percent, over the original estimate submitted to Congress under section 2445b of this title;

(D) the automated information system or information technology investment failed to achieve a full deployment decision within five years after the Milestone A decision for the program or, if there was no Milestone A decision, the date when the preferred alternative is selected for the program (excluding any time during which program activity is delayed as a result of a bid protest).

(d) REPORT ON CRITICAL CHANGES IN PROGRAM.—

(1) IN GENERAL.—If, based on a quarterly report submitted by the program manager of a major automated information system program
or other major information technology investment program pursuant to subsection (a), the senior Department of Defense official responsible for the program makes a determination described in paragraph (3), the official shall, not later than 60 days after receiving such report—

(A) carry out an evaluation of the program under subsection (e); and

(B) submit, through the Secretary of Defense, to the congressional defense committees a report meeting the requirements of subsection (f).

(2) CERTIFICATION WHEN VARIANCE DUE TO EXTENSION OF PROGRAM.—If an official with milestone decision authority for a program who, following receipt of a quarterly report described in paragraph (1) and making a determination described in paragraph (3), also determines that the circumstances resulting in the determination described in paragraph (3) are primarily due to an extension of a program and involve minimal developmental risk, the official may, in lieu of carrying out an evaluation and submitting a report in accordance with paragraph (1), submit to the congressional defense committees, within 45 days after receiving the quarterly report, a certification that the official has made those determinations. If such a certification is submitted, the limitation in subsection (g)(1) does not apply with respect to that determination under paragraph (3).

(3) COVERED DETERMINATION.—A determination described in this paragraph with respect to a major automated information system program or other major information technology investment program is a determination that—

(A) there has been a schedule change that will cause a delay of one year or more in any program schedule milestone or significant event from the schedule originally submitted to Congress under paragraph (1) or (2) of section 2445b(d) of this title, or section 2445b(e) of this title, as applicable;

(B) the estimated total acquisition cost or full life-cycle cost for the program has increased by 25 percent or more over the original estimate submitted to Congress under paragraph (3) of section 2445b(b) of this title or section 2445b(d) of this title, as applicable; or

(C) there has been a change in the expected performance of the major automated information system or major information technology investment to be acquired under the program that will undermine the ability of the system to perform the functions anticipated at the time information on the program was originally submitted to Congress under section 2445b(b) of this title or section 2445b(d) of this title, as applicable.

(4) PROGRAM EVALUATION.—The evaluation of a major automated information system program or other major information technology investment program conducted under this subsection for purposes of subsection (d)(1)(A) shall include an assessment of—

(1) the projected cost and schedule for completing the program if current requirements are not modified;

(2) the projected cost and schedule for completing the program based on reasonable modification of such requirements; and

(3) the rough order of magnitude of the cost and schedule for any reasonable alternative system or capability.

(f) REPORT ON CRITICAL PROGRAM CHANGES.—A report on a major automated information system program or other major information technology investment program conducted under this subsection for purposes of subsection (d)(1)(B) shall include a written certification (with supporting explanation) stating that—

(2) there is no alternative to the system or information technology investment which will provide equal or greater capability at less cost;

(3) the new estimates of the costs, schedule, and performance parameters with respect to the program and system or information technology investment, as applicable, have been determined, with the concurrence of the Director of Cost Assessment and Program Evaluation, to be reasonable; and

(4) the management structure for the program is adequate to manage and control program costs.

ment, considering the cost, function, quality, and availability of the equipment.

(b) Progress in realizing the objectives of standardization and interoperability would be enhanced by expanded inter-Allied procurement of arms and equipment within the North Atlantic Treaty Organization. Expanded inter-Allied procurement would be made easier by greater reliance on licensing and coproduction cooperative agreements among the signatories of the North Atlantic Treaty. If constructed to preserve the efficiencies associated with economies of scale, the agreements could minimize potential economic hardship to parties to the agreements and increase the survivability, in time of war, of the North Atlantic Alliance’s armaments production base by dispersing manufacturing facilities. In conjunction with other members of the Organization and to the maximum extent feasible, the Secretary shall—

(1) identify areas in which those cooperative agreements may be made with members of the Alliance; and

(2) negotiate those agreements.

(c)(1) It is the sense of Congress that weapons systems being developed wholly or primarily for employment in the North Atlantic Treaty Organization theater should conform to a common Organization requirement in order to proceed toward joint doctrine and planning and to facilitate maximum feasible standardization and interoperability of equipment, and that a common Organization requirement should be understood to include a common definition of the military threat to the members of the Organization.

(2) It is further the sense of Congress that standardization of weapons and equipment within the Organization on the basis of a “two-way street” concept of cooperation in defense procurement between Europe and North America can only work in a realistic sense if the European nations operate on a united and collective basis. Therefore, the governments of Europe are encouraged to accelerate their present efforts to achieve European armaments—collaboration among all European members of the Organization.

(f) The Secretary shall submit the results of each assessment and evaluation made under subsection (a)(1) and (2) to the appropriate North Atlantic Treaty Organization body to become an integral part of the overall Organization review of force goals and development of force plans.

In subsection (d)(3), the words “he shall report that fact to the Congress in the annual report required under section 302(c) of Public Law 93–365, as amended” are omitted as unnecessary because of the restatement.

In subsection (d)(4), the words “The Secretary of Defense shall, in the reports required by section 302(c) of Public Law 93–365, as amended” are omitted as unnecessary because of the restatement.

In subsection (d)(5), the words “if none exist” are substituted for “In the absence of such common requirements” to eliminate unnecessary words. The words “the Secretary shall include a discussion of the” are omitted as unnecessary because of the restatement.

In subsection (d)(6), the words “The Secretary of Defense shall also report on” are omitted as unnecessary because of the restatement.

In subsection (d)(7), the words “those programs” are substituted for “all such existing and planned programs” and “all such programs” to eliminate unnecessary words.

In subsection (f), the words “The Secretary shall submit the results of these . . . to Congress” are omitted as unnecessary because of the source provisions restated in subsection (d)(1). The word “submit” is substituted for “cause to be brought” to eliminate unnecessary words. The words “in order that the suggested actions and recommendations can” are omitted as unnecessary because of the restatement.

§ 2461. Public-private competition required before conversion to contractor performance

(a) PUBLIC-PRIVATE COMPETITION.—(1) No function of the Department of Defense performed by Department of Defense civilian employees may be converted, in whole or in part, to performance by a contractor unless the conversion is based on the results of a public-private competition that—

(A) formally compares the cost of performance of the function by the Department of Defense civilian employees with the cost of performance by a contractor; (B) creates an agency tender, including a most efficient organization plan, in accordance with Office of Management and Budget Circular A–76, as implemented on May 29, 2003, or any successor circular; (C) includes the issuance of a solicitation; (D) determines whether the submitted offers meet the needs of the Department of Defense with respect to factors other than cost, including quality, reliability, and timeliness; (E) examines the cost of performance of the function by Department of Defense civilian employees and the cost of performance of the function by one or more contractors to demonstrate whether converting to performance by a contractor will result in savings to the Government over the life of the contract, including—

(i) the estimated cost to the Government (based on offers received) for performance of the function by a contractor;

(ii) the estimated cost to the Government for performance of the function by Department of Defense civilian employees; and

(iii) an estimate of all other costs and expenditures that the Government would incur because of the award of such a contract;
(F) requires continued performance of the function by Department of Defense civilian employees unless the difference in the cost of performance of the function by a contractor compared to the cost of performance of the function by Department of Defense civilian employees would, over all performance periods required by the solicitation, be equal to or exceed the lesser of—

(i) 10 percent of the personnel-related costs for performance of that function in the agency tender; or

(ii) $10,000,000;

(G) requires that the contractor shall not receive an advantage for a proposal that would reduce costs for the Department of Defense by—

(i) not making an employer-sponsored health insurance plan (or payment that could be used in lieu of such a plan), health savings account, or medical savings account available to the workers who are to be employed to perform the function under the contract;

(ii) offering to such workers an employer-sponsored health benefits plan that requires the employee to contribute less towards the premium or subscription share than the amount that is paid by the Department of Defense for health benefits for civilian employees of the Department under chapter 89 of title 5; or

(iii) offering to such workers a retirement benefit that, in any year, costs less than the annual retirement cost factor applicable to civilian employees of the Department of Defense under chapter 84 of title 5; and

(H) examines the effect of performance of the function by a contractor on the military mission associated with the performance of the function.

(2) A function that is performed by the Department of Defense and is reengineered, reorganized, upgraded, expanded, or changed to become more efficient, but still essentially provides the same service, shall not be considered a new requirement.

(3) In no case may a function being performed by Department of Defense personnel be—

(A) modified, reorganized, divided, or in any way changed for the purpose of exempting the conversion of the function from the requirements of this section; or

(B) converted to performance by a contractor to circumvent a civilian personnel ceiling.

(4) A military department or Defense Agency may not be required to conduct a public-private competition under Office of Management and Budget Circular A–76 or any other provision of law at the end of the performance period specified in a letter of obligation or other agreement entered into with Department of Defense civilian employees pursuant to a public-private competition for any function of the Department of Defense performed by Department of Defense civilian employees.

(5)(A) Except as provided in subparagraph (B), the duration of a public-private competition conducted pursuant to Office of Management and Budget Circular A–76 or any other provision of law for any function of the Department of Defense performed by Department of Defense civilian employees may not exceed a period of 24 months, commencing on the date on which the preliminary planning for the public-private competition begins and ending on the date on which a performance decision is rendered with respect to the function.

(B)(i) The Secretary of Defense may specify an alternative period of time for a public-private competition, which may not exceed 33 months, if the Secretary—

(I) determines that the competition is of such complexity that it cannot be completed within 24 months; and

(II) submits to Congress, as part of the formal congressional notification of a public-private competition pursuant to subsection (c), written notification that explains the basis of such determination.

(ii) The notification under clause (i)(II) shall also address each of the following:

(I) Any efforts of the Secretary to break up the study geographically or functionally.

(II) The Secretary's justification for undertaking a public-private competition instead of using internal reengineering alternatives.

(III) The cost savings that the Secretary expects to achieve as a result of the public-private competition.

(iii) If the Secretary specifies an alternative time period under this subparagraph, the alternative time period shall be binding on the Department in the same manner and to the same extent as the limitation provided in subparagraph (A).

(C) The time period specified in subparagraph (A) for a public-private competition does not include any day during which the public-private competition is delayed by reason of the filing of a protest before the Government Accountability Office or a complaint in the United States Court of Federal Claims up until the day the decision or recommendation of either authority becomes final. In the case of a protest before the Government Accountability Office, the recommendation becomes final after the period of time for filing a request for reconsideration, or if a request for reconsideration is filed, on the day the Government Accountability Office issues a decision on the reconsideration.

(D) If a protest with respect to a public-private competition before the Government Accountability Office or the United States Court of Federal Claims is sustained, and the recommendation is final as described in subparagraph (C), and if such protest and recommendation result in an unforeseen delay in implementing a final performance decision, the Secretary of Defense may terminate the public-private competition or extend the period of time specified for the public-private competition under subparagraph (A) or subparagraph (B). If the Secretary decides not to terminate a competition, the Secretary shall submit to Congress written notice of such decision. Any such notification shall include a justification for the Secretary's decision and a new time limitation for the competition, which shall not exceed 12 months from the final
decision and shall be binding on the Department.

(E) For the purposes of this paragraph, preliminary planning with respect to a public-private competition shall be conducted in accordance with guidance and procedures that shall be issued and maintained by the Under Secretary of Defense for Personnel and Readiness and shall begin on the date on which a component of the Department of Defense first obligates funds specifically for the acquisition of contract support for the preliminary planning effort, or formally assigns Department of Defense personnel, to carry out any of the following activities:

(i) Determining the scope of the public-private competition.

(ii) Conducting research to determine the appropriate grouping of functions for the competition.

(iii) Assessing the availability of workload data, quantifiable outputs of functions, and agency or industry performance standards applicable to the competition.

(iv) Determining the baseline cost of any function for which the competition is conducted.

(F) To effectively establish the date that is the first day of preliminary planning for a public-private competition, the head of a military department or Defense Agency shall submit to Congress written notice of the actions intended to be taken during the preliminary planning process and shall provide public notice of such actions by announcing such date on an appropriate Internet website and through other means as determined necessary. The date of such announcement shall be used for the purpose of computing the duration of the public private competition for purposes of this section.

(G) The Secretary of Defense shall submit to the congressional defense committees an annual report on the use, during the year covered by the report, of alternative time periods for public-private competitions under this section, and the explanations of the Secretary for such alternative time periods.

(b) REQUIREMENT TO CONSULT DOD EMPLOYEES.—(1) Each officer or employee of the Department of Defense responsible for determining under Office of Management and Budget Circular A–76 whether to convert to contractor performance any function of the Department of Defense—

(A) shall, at least monthly during the development and preparation of the performance work statement and the management efficiency study used in making that determination, consult with civilian employees who will be affected by that determination and consider the views of such employees on the development and preparation of that statement and that study; and

(B) may consult with such employees on other matters relating to that determination.

(2) (A) In the case of employees represented by a labor organization accorded exclusive recognition under section 7111 of title 5, consultation with representatives of that labor organization shall satisfy the consultation requirement in paragraph (1).

(B) In the case of employees other than employees referred to in subparagraph (A), consultation with appropriate representatives of those employees shall satisfy the consultation requirement in paragraph (1).

(C) The Secretary of Defense shall prescribe regulations to carry out this subsection. The regulations shall include provisions for the selection or designation of appropriate representatives of employees referred to in subparagraph (B) for purposes of the consultation required by paragraph (1).

(c) CONGRESSIONAL NOTIFICATION.—(1) Before commencing a public-private competition under subsection (a), the Secretary of Defense shall submit to Congress a report containing the following:

(A) The function for which such public-private competition is to be conducted.

(B) The location at which the function is performed by Department of Defense civilian employees.

(C) The number of Department of Defense civilian employee positions potentially affected.

(D) The anticipated length and cost of the public-private competition, and a specific identification of the budgetary line item from which funds will be used to cover the cost of the public-private competition.

(E) A certification that a proposed performance of the function by a contractor is not a result of a decision by an official of a military department or Defense Agency to impose predetermined constraints or limitations on such employees in terms of man years, end strengths, full-time equivalent positions, or maximum number of employees.

(2) The report required under paragraph (1) shall include an examination of the potential economic effect of performance of the function by a contractor on—

(A) Department of Defense civilian employees who would be affected by such a conversion in performance; and

(B) the local community and the Government, if more than 50 Department of Defense civilian employees perform the function.

(3)(A) A representative individual or entity at a facility where a public-private competition is conducted may submit to the Secretary of Defense an objection to the public-private competition on the grounds that the report required by paragraph (1) has not been submitted or that the certification required by paragraph (1)(E) is not included in the report submitted as a condition for the public-private competition. The objection shall be in writing and shall be submitted within 90 days after the following date:

(i) In the case of a failure to submit the report when required, the date on which the representative individual or an official of the representative entity authorized to pose the objection first knew or should have known of that failure.

(ii) In the case of a failure to include the certification in a submitted report, the date on which the report was submitted to Congress.

(B) If the Secretary determines that the report required by paragraph (1) was not submitted or that the required certification was not included
in the submitted report, the function for which the public-private competition was conducted for which the objection was submitted may not be the subject of a solicitation of offers for, or award of, a contract until, respectively, the report is submitted or a report containing the certification in full compliance with the certification requirement is submitted.

(d) EXEMPTION FOR THE PURCHASE OF PRODUCTS AND SERVICES OF THE BLIND AND OTHER SEVERELY HANDICAPPED PERSONS.—This section shall not apply to a commercial or industrial type function of the Department of Defense that—

(1) is included on the procurement list established pursuant to section 8503 of title 41; or

(2) is planned to be changed to performance by a qualified nonprofit agency for the blind or by a qualified nonprofit agency for other severely handicapped persons in accordance with such section.

(e) INAPPLICABILITY DURING WAR OR EMERGENCY.—The provisions of this section shall not apply during war or during a period of national emergency declared by the President or Congress.

"(1) The collapse of communism in Eastern Europe and the dissolution of the Soviet Union have fundamentally changed the military threat that formed the basis for the national security policy of the United States since the end of World War II.

"(2) The change in the military threat presents a unique opportunity to restructure and reduce the military requirements of the United States.

"(3) As the United States proceeds with the post-Cold War defense build down, the Nation must recognize and address the impact of reduced defense spending on the military personnel, civilian employees, and defense industry workers who have been the foundation of the national defense policies of the United States.

"(4) The defense build down will have a significant impact on communities as procurements are reduced and military installations are closed and realigned.

"(5) Despite the changes in the military threat, the United States must maintain the capability to respond to regional conflicts that threaten the national interests of the United States, and to reconstitute forces in the event of an extended conflict.
"(6) The skills and capabilities of military personnel, civilian employees of the Department of Defense, defense industry workers, and defense industries represent an invaluable national resource that can contribute to the economic growth of the United States and to the long-term vitality of the national technology and industrial base.

(7) Prompt and vigorous implementation of defense conversion, reinvestment, and transition assistance programs is essential to ensure that the defense build down is structured in a manner that—

(A) enhances the long-term ability of the United States to maintain a strong and vibrant national technology and industrial base; and

(B) promotes economic growth.

"(a) Funding Requirements for the Defense Science and Technology Program.—It is the sense of Congress that—

"(1) it is the sense of Congress that, for each of the fiscal years 2000 through 2008, it should be an objective of the Secretary of Defense to increase the budget for the Defense Science and Technology Program for the fiscal year over the budget for that program for the preceding fiscal year by a percent that is at least two percent above the rate of inflation as determined by the Office of Management and Budget.

"(b) Guidelines for the Defense Science and Technology Program.—

"(1) Relationship of Defense Science and Technology Program to University Research.—It is the sense of Congress that the following shall be key objectives of the Defense Science and Technology Program:

"(A) The sustainment of research capabilities in scientific and engineering disciplines critical to the Department of Defense.

"(B) The education and training of the next generation of scientists and engineers in disciplines that support future defense systems, particularly through the conduct of basic research.

"(C) The continued support of the Defense Experimental Program to Stimulate Competitive Research and research programs at historically black colleges and universities and minority institutions.

"(2) Relationship of the Defense Science and Technology Program to Commercial Research and Development Any Technology.—(A) It is the sense of Congress that, in supporting projects within the Defense Science and Technology Program, the Secretary of Defense should attempt to leverage commercial research, technology, products, and processes for the benefit of the Department of Defense.

"(B) It is the sense of Congress that funds made available for programs and projects of the Defense Science and Technology Program should be used only for the benefit of the Department of Defense, which includes:

"(i) the development of technology that has only military applications;

"(ii) the development of militarily useful, commercially viable technology; and

"(iii) the adaptation of commercial technology, products, or processes for military purposes.

"(3) Synergistic Management of Research and Development.—It is the sense of Congress that the Secretary of Defense should have the flexibility to allocate a combination of funds available for the Department of Defense for basic and applied research and for advanced development to support any individual project or program within the Defense Science and Technology Program, but such flexibility should not change the allocation of funds in any fiscal year among basic and applied research and advanced development.

"(4) Management of Science and Technology.—It is the sense of Congress that—

"(A) management and funding for the Defense Science and Technology Program for each military department should receive a level of priority and leadership attention equal to the level received by program acquisition, and the Secretary of each military department should ensure that the official in the department holds the appropriate title and responsibility to ensure effective oversight and emphasis on science and technology;

"(B) to ensure an appropriate long-term focus for investments, a sufficient percentage of science and technology funds should be directed toward new technology areas, and annual reviews should be conducted for ongoing research areas to ensure that those funded initiatives are either integrated into acquisition programs or discontinued when appropriate;

"(C) the Secretary of each military department should take appropriate steps to ensure that sufficient numbers of officers and civilian employees in the department hold advanced degrees in technical fields; and

"(D) of particular concern, the Secretary of the Air Force should take appropriate measures to ensure that sufficient numbers of scientists and engineers are maintained to address the technological challenges faced in the areas of air, space, and information technology.

"(c) Study.—

"(1) Requirement.—The Secretary of Defense, in cooperation with the National Research Council of the National Academy of Sciences, shall conduct a study on the technology base of the Department of Defense.

"(2) Matters Covered.—The study shall—

"(A) result in recommendations on the minimum requirements for maintaining a technology base that is sufficient, based on both historical developments and future projections, to project superiority in air and space weapons systems and in information technology;

"(B) address the effects on national defense and civilian aerospace industries and information technology of reducing funding below the goal described in subsection (a); and

"(C) result in recommendations on the appropriate levels of staff with baccalaureate, masters, and doctorate degrees, and the optimal ratio of civilian and military staff holding such degrees, to ensure that science and technology functions of the Department of Defense remain vital.

"(3) Report.—Not later than 120 days after the date on which the study required under paragraph (1) is completed, the Secretary shall submit to Congress a report on the results of the study.

"(d) Definitions.—In this section:

"(1) The term 'Defense Science and Technology Program' means basic and applied research and advanced development.

"(2) The term 'basic and applied research' means work funded in program elements for defense research and development under Department of Defense category 6.1 or 6.2.

"(3) The term 'advanced development' means work funded in program elements for defense research and development under Department of Defense category 6.3.

(3) Effects of offset arrangements on specific subsectors of the industrial base of the United States and for preventing or ameliorating any serious adverse effects on such subsectors.

(b) Technology Transfer.—(1) No official of the United States may enter into a memorandum of understanding or other agreement with a foreign government that would require the transfer of United States defense technology to a foreign country or a foreign firm in connection with a contract that is subject to an offset arrangement if the implementation of such memorandum or agreement would significantly and adversely affect the defense industrial base of the United States and would result in a substantial financial loss to a United States firm.

(2) Paragraph (1) shall not apply in the case of a memorandum of understanding or agreement described in paragraph (1) if the Secretary of Defense, in consultation with the Secretary of Commerce and the Secretary of State, determines that a transfer of United States defense technology pursuant to such understanding or agreement will result in strengthening the national security of the United States and so certifies to Congress.

(3) If a United States firm is required under the terms of a memorandum of understanding, or other agreement entered into by the United States with a foreign country, to transfer defense technology to a foreign country, the United States firm may protest the determination to the Secretary of Defense on the grounds that the transfer of such technology would adversely affect the defense industrial base of the United States and would result in substantial financial loss to the protesting firm. The Secretary of Defense, in consultation with the Secretary of Commerce and the Secretary of State, shall make the final determination of the validity of the protesting firm’s claim.

(c) Notification Regarding Offsets.—If at any time a United States firm enters into a contract for the sale of a weapon system or defense-related item to a foreign country or foreign firm and such contract is subject to an offset arrangement exceeding $50,000,000 in value, such firm shall notify the Secretary of Defense of the proposed sale. Notification shall be made under this subsection in accordance with regulations prescribed by the Secretary of Defense in consultation with the Secretary of Commerce.

(5) A purchase of defense equipment pursuant to an offset arrangement may increase the cost of the defense equipment the purveying country may reduce the amount of defense equipment that a country may purchase.

(6) The exporting of defense equipment produced in the United States is important to maintain the defense industrial base of the United States, lower the unit cost of such equipment to the Department of Defense, and encourage the standardized utilization of United States equipment by the allies of the United States.''
