(B) CREDITING OF FUNDS RECEIVED.—Any funds received by the Government under this paragraph, other than interest and penalty charges, shall be credited to the appropriation account from which the funds were originally derived.

(6) NON-FEDERAL FUNDS.—Any non-Federal funds committed to a project in a program of interrelated projects may be used to meet a non-Government share requirement for any other project in the program of interrelated projects, if the Government share of the cost of each project within the program of interrelated projects does not exceed 80 percent.

(7) PRIORITY.—In making grants under this section, the Secretary may give priority to programs of interrelated projects for which the non-Government share of the cost of the projects included in the programs of interrelated projects exceeds the non-Government share required under subsection (1).

(8) NON-GOVERNMENT PROJECTS.—Including a project not financed by the Government in a program of interrelated projects does not impose Government requirements that would not otherwise apply to the project.

(j) PREVIOUSLY ISSUED LETTER OF INTENT OR FULL FUNDING GRANT AGREEMENT.—Subsections (d) and (e) shall not apply to projects for which the Secretary has issued a letter of intent, approved entry into final design, entered into a full funding grant agreement, or entered into a project construction grant agreement before the date of enactment of the Federal Public Transportation Act of 2012.

(k) LETTERS OF INTENT, FULL FUNDING GRANT AGREEMENTS, AND EARLY SYSTEMS WORK AGREEMENTS.—

(1) LETTERS OF INTENT.—

(A) AMOUNTS INTENDED TO BE OBLIGATED.—The Secretary may issue a letter of intent to an applicant announcing an intention to obligate, for a new fixed guideway capital project or core capacity improvement project, an amount from future available budget authority specified in law that is not more than the amount stipulated as the financial participation of the Secretary in the project. When a letter is issued for a capital project under this section, the amount shall be sufficient to complete at least an operable segment.

(B) TREATMENT.—The issuance of a letter under subparagraph (A) is deemed not to be an obligation under sections 1108(c), 1501, and 1502(a) of title 31 or an administrative commitment.

(2) FULL FUNDING GRANT AGREEMENTS.—

(A) IN GENERAL.—A new fixed guideway capital project or core capacity improvement project shall be carried out through a full funding grant agreement.

(B) CRITERIA.—The Secretary shall enter into a full funding grant agreement, based on the evaluations and ratings required under subsection (d), (e), or (i), as applicable,

with each grantee receiving assistance for a new fixed guideway capital project or core capacity improvement project that has been rated as high, medium-high, or medium, in accordance with subsection (g)(2)(A) or (i)(3)(B), as applicable.

(C) TERMS.—A full funding grant agreement shall—

(i) establish the terms of participation by the Government in a new fixed guideway capital project or core capacity improvement project;

(ii) establish the maximum amount of Federal financial assistance for the project;

(iii) include the period of time for completing the project, even if that period extends beyond the period of an authorization; and

(iv) make timely and efficient management of the project easier according to the law of the United States.

(D) SPECIAL FINANCIAL RULES.—

(i) IN GENERAL.—A full funding grant agreement under this paragraph obligates an amount of available budget authority specified in law and may include a commitment, contingent on amounts to be specified in law in advance for commitments under this paragraph, to obligate an additional amount from future available budget authority specified in law.

(ii) STATEMENT OF CONTINGENT COMMITMENT.—The agreement shall state that the contingent commitment is not an obligation of the Government.

(iii) INTEREST AND OTHER FINANCING COSTS.—Interest and other financing costs of efficiently carrying out a part of the project within a reasonable time are a cost of carrying out the project under a full funding grant agreement, except that eligible costs may not be more than the cost of the most favorable financing terms reasonably available for the project at the time of borrowing. The applicant shall certify, in a way satisfactory to the Secretary, that the applicant has shown reasonable diligence in seeking the most favorable financing terms.

(iv) COMPLETION OF OPERABLE SEGMENT.—The amount stipulated in an agreement under this paragraph for a new fixed guideway capital project shall be sufficient to complete at least an operable segment.

(E) BEFORE AND AFTER STUDY.—

(i) IN GENERAL.—A full funding grant agreement under this paragraph shall require the applicant to conduct a study that—

(I) describes and analyzes the impacts of the new fixed guideway capital project or core capacity improvement project on public transportation services and public transportation ridership;

(II) evaluates the consistency of predicted and actual project characteristics and performance; and

(III) identifies reasons for differences between predicted and actual outcomes.

(ii) INFORMATION COLLECTION AND ANALYSIS PLAN.—

(I) SUBMISSION OF PLAN.—Applicants seeking a full funding grant agreement under this paragraph shall submit a complete plan for the collection and analysis of information to identify the impacts of the new fixed guideway capital project or core capacity improvement project and the accuracy of the forecasts prepared during the development of the project. Preparation of this plan shall be included in the full funding grant agreement as an eligible activity.

(II) CONTENTS OF PLAN.—The plan submitted under subclause (I) shall provide for—

(aa) collection of data on the current public transportation system regarding public transportation service levels and ridership patterns, including origins and destinations, access modes, trip purposes, and rider characteristics;

(bb) documentation of the predicted scope, service levels, capital costs, operating costs, and ridership of the project;

(cc) collection of data on the public transportation system 2 years after the opening of a new fixed guideway capital project or core capacity improvement project, including analogous information on public transportation service levels and ridership patterns and information on the as-built scope, capital, and financing costs of the project; and

(dd) analysis of the consistency of predicted project characteristics with actual outcomes.

(F) COLLECTION OF DATA ON CURRENT SYSTEM.—To be eligible for a full funding grant agreement under this paragraph, recipients shall have collected data on the current system, according to the plan required under subparagraph (E)(ii), before the beginning of construction of the proposed new fixed guideway capital project or core capacity improvement project. Collection of this data shall be included in the full funding grant agreement as an eligible activity.

(3) EARLY SYSTEMS WORK AGREEMENTS.—

(A) CONDITIONS.—The Secretary may enter into an early systems work agreement with an applicant if a record of decision under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) has been issued on the project and the Secretary finds there is reason to believe—

(i) a full funding grant agreement for the project will be made; and

(ii) the terms of the work agreement will promote ultimate completion of the project more rapidly and at less cost.

(B) CONTENTS.—

(i) IN GENERAL.—An early systems work agreement under this paragraph obligates budget authority available under this chapter and title 23 and shall provide for

reimbursement of preliminary costs of carrying out the project, including land acquisition, timely procurement of system elements for which specifications are decided, and other activities the Secretary decides are appropriate to make efficient, long-term project management easier.

(ii) CONTINGENT COMMITMENT.—An early systems work agreement may include a commitment, contingent on amounts to be specified in law in advance for commitments under this paragraph, to obligate an additional amount from future available budget authority specified in law.

(iii) PERIOD COVERED.—An early systems work agreement under this paragraph shall cover the period of time the Secretary considers appropriate. The period may extend beyond the period of current authorization.

(iv) INTEREST AND OTHER FINANCING COSTS.—Interest and other financing costs of efficiently carrying out the early systems work agreement within a reasonable time are a cost of carrying out the agreement, except that eligible costs may not be more than the cost of the most favorable financing terms reasonably available for the project at the time of borrowing. The applicant shall certify, in a way satisfactory to the Secretary, that the applicant has shown reasonable diligence in seeking the most favorable financing terms.

(v) FAILURE TO CARRY OUT PROJECT.—If an applicant does not carry out the project for reasons within the control of the applicant, the applicant shall repay all Federal grant funds awarded for the project from all Federal funding sources, for all project activities, facilities, and equipment, plus reasonable interest and penalty charges allowable by law or established by the Secretary in the early systems work agreement.

(vi) CREDITING OF FUNDS RECEIVED.—Any funds received by the Government under this paragraph, other than interest and penalty charges, shall be credited to the appropriation account from which the funds were originally derived.

(4) LIMITATION ON AMOUNTS.—

(A) IN GENERAL.—The Secretary may enter into full funding grant agreements under this subsection for new fixed guideway capital projects and core capacity improvement projects that contain contingent commitments to incur obligations in such amounts as the Secretary determines are appropriate.

(B) APPROPRIATION REQUIRED.—An obligation may be made under this subsection only when amounts are appropriated for the obligation.

(5) NOTIFICATION TO CONGRESS.—At least 30 days before issuing a letter of intent, entering into a full funding grant agreement, or entering into an early systems work agreement under this section, the Secretary shall notify, in writing, the Committee on Banking, Housing, and Urban Affairs and the Committee on

Appropriations of the Senate and the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representatives of the proposed letter or agreement. The Secretary shall include with the notification a copy of the proposed letter or agreement as well as the evaluations and ratings for the project.

(l) GOVERNMENT SHARE OF NET CAPITAL PROJECT COST.—

(1) IN GENERAL.—Based on engineering studies, studies of economic feasibility, and information on the expected use of equipment or facilities, the Secretary shall estimate the net capital project cost. A grant for a fixed guideway project or small start project shall not exceed 80 percent of the net capital project cost. A grant for a core capacity project shall not exceed 80 percent of the net capital project cost of the incremental cost of increasing the capacity in the corridor.

(2) ADJUSTMENT FOR COMPLETION UNDER BUDGET.—The Secretary may adjust the final net capital project cost of a new fixed guideway capital project or core capacity improvement project evaluated under subsection (d), (e), or (i) to include the cost of eligible activities not included in the originally defined project if the Secretary determines that the originally defined project has been completed at a cost that is significantly below the original estimate.

(3) MAXIMUM GOVERNMENT SHARE.—The Secretary may provide a higher grant percentage than requested by the grant recipient if—

(A) the Secretary determines that the net capital project cost of the project is not more than 10 percent higher than the net capital project cost estimated at the time the project was approved for advancement into the engineering phase; and

(B) the ridership estimated for the project is not less than 90 percent of the ridership estimated for the project at the time the project was approved for advancement into the engineering phase.

(4) REMAINDER OF NET CAPITAL PROJECT COST.—The remainder of the net capital project cost shall be provided from an undistributed cash surplus, a replacement or depreciation cash fund or reserve, or new capital.

(5) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed as authorizing the Secretary to require a non-Federal financial commitment for a project that is more than 20 percent of the net capital project cost.

(6) SPECIAL RULE FOR ROLLING STOCK COSTS.—In addition to amounts allowed pursuant to paragraph (1), a planned extension to a fixed guideway system may include the cost of rolling stock previously purchased if the applicant satisfies the Secretary that only amounts other than amounts provided by the Government were used and that the purchase was made for use on the extension. A refund or reduction of the remainder may be made only if a refund of a proportional amount of the grant of the Government is made at the same time.

(7) LIMITATION ON APPLICABILITY.—This subsection shall not apply to projects for which

the Secretary entered into a full funding grant agreement before the date of enactment of the Federal Public Transportation Act of 2012.

(8) SPECIAL RULE FOR FIXED GUIDEWAY BUS RAPID TRANSIT PROJECTS.—For up to three fixed-guideway bus rapid transit projects each fiscal year the Secretary shall—

(A) establish a Government share of at least 80 percent; and

(B) not lower the project's rating for degree of local financial commitment for purposes of subsections (d)(2)(A)(v) or (h)(3)(C) as a result of the Government share specified in this paragraph.

(m) UNDERTAKING PROJECTS IN ADVANCE.—

(1) IN GENERAL.—The Secretary may pay the Government share of the net capital project cost to a State or local governmental authority that carries out any part of a project described in this section without the aid of amounts of the Government and according to all applicable procedures and requirements if—

(A) the State or local governmental authority applies for the payment;

(B) the Secretary approves the payment; and

(C) before the State or local governmental authority carries out the part of the project, the Secretary approves the plans and specifications for the part in the same way as other projects under this section.

(2) FINANCING COSTS.—

(A) IN GENERAL.—The cost of carrying out part of a project includes the amount of interest earned and payable on bonds issued by the State or local governmental authority to the extent proceeds of the bonds are expended in carrying out the part.

(B) LIMITATION ON AMOUNT OF INTEREST.—The amount of interest under this paragraph may not be more than the most favorable interest terms reasonably available for the project at the time of borrowing.

(C) CERTIFICATION.—The applicant shall certify, in a manner satisfactory to the Secretary, that the applicant has shown reasonable diligence in seeking the most favorable financing terms.

(n) AVAILABILITY OF AMOUNTS.—

(1) IN GENERAL.—An amount made available or appropriated for a new fixed guideway capital project or core capacity improvement project shall remain available to that project for 5 fiscal years, including the fiscal year in which the amount is made available or appropriated. Any amounts that are unobligated to the project at the end of the 5-fiscal-year period may be used by the Secretary for any purpose under this section.

(2) USE OF DEOBLIGATED AMOUNTS.—An amount available under this section that is deobligated may be used for any purpose under this section.

(o) REPORTS ON NEW FIXED GUIDEWAY AND CORE CAPACITY IMPROVEMENT PROJECTS.—

(1) ANNUAL REPORT ON FUNDING RECOMMENDATIONS.—Not later than the first Monday in February of each year, the Secretary shall submit to the Committee on Banking, Hous-

ing, and Urban Affairs and the Committee on Appropriations of the Senate and the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representatives a report that includes—

(A) a proposal of allocations of amounts to be available to finance grants for projects under this section among applicants for these amounts;

(B) evaluations and ratings, as required under subsections (d), (e), and (i), for each such project that is in project development, engineering, or has received a full funding grant agreement; and

(C) recommendations of such projects for funding based on the evaluations and ratings and on existing commitments and anticipated funding levels for the next 3 fiscal years based on information currently available to the Secretary.

(2) REPORTS ON BEFORE AND AFTER STUDIES.—Not later than the first Monday in August of each year, the Secretary shall submit to the committees described in paragraph (1) a report containing a summary of the results of any studies conducted under subsection (k)(2)(E).

(3) BIENNIAL GAO REVIEW.—The Comptroller General of the United States shall—

(A) conduct a biennial review of—

(i) the processes and procedures for evaluating, rating, and recommending new fixed guideway capital projects and core capacity improvement projects; and

(ii) the Secretary's implementation of such processes and procedures; and

(B) report to Congress on the results of such review by May 31 of each year.

The text of 49 App.:1602(a)(1)(B) (last sentence) is omitted as obsolete because former 49 App.:1604(a)(4) is executed and is not included in this restatement.
