§ 98a. Congressional findings and declaration of purpose

(a) The Congress finds that the natural resources of the United States in certain strategic and critical materials are deficient or insufficiently developed to supply the military, industrial, and essential civilian needs of the United States for national defense.

(b) It is the purpose of this subchapter to provide for the acquisition and retention of stocks of certain strategic and critical materials and to encourage the conservation and development of sources of such materials within the United States and thereby to decrease and to preclude, when possible, a dangerous and costly dependence by the United States upon foreign sources or a single point of failure for supplies of such materials in times of national emergency.

(c) The purpose of the National Defense Stockpile is to serve the interest of national defense only. The National Defense Stockpile is not to be used for economic or budgetary purposes.

(§ 98a)
§ 98b. National Defense Stockpile

Such materials when acquired, together with the other materials described in section 98c of this title, shall constitute and be collectively known as the National Defense Stockpile (hereinafter in this subchapter referred to as the “stockpile”).

The President may make the change after the end of the 45-day period beginning on the date of the notification. The President shall include a full explanation and justification for the proposed change with the notification.

(3) If the proposed change in the case of any material would result in a new requirement for the quantity of such material different from the requirement for that material in effect on September 30, 1987, by less than 10 percent, the change may be made by the President effective on or after the first day of the first fiscal year beginning after the explanation and justification for the proposed change is submitted pursuant to paragraph (2).

(4) In the case of a proposed change not covered by paragraph (3), the proposed change may be made only to the extent expressly authorized by law.

(5) If in any year the reports required by sections 98h–2(b) and 98h–5 of this title are not submitted to Congress as required by law (including the time for such submission), then during the next fiscal year no change under paragraph (3) may be made in the quantity of any material to be stockpiled under this subchapter.

The stockpile authority

The President shall include a full explanation and justification for the change in the next annual material plan submitted to Congress under section 98h–2(b) of this title.

AMENDMENTS

1996—Subsec. (a). Pub. L. 104–273, §4(a), substituted "persons who have entered into enforceable contracts to purchase an equivalent amount of crude helium from the Secretary" for "persons who have entered into contracts to purchase crude helium from the Secretary".

Subsec. (b). Pub. L. 104–273, §4(b), inserted "crude" before "helium" and inserted at end "Except as may be required by reason of subsection (a) of this section, sales of crude helium under this section shall be in amounts as the Secretary determines, in consultation with the helium industry, necessary to carry out this subsection with minimum market disruption."

Subsec. (c). Pub. L. 104–273, §4(c)(2), which directed the amendment of subsec. (c) by substituting "all funds required to be repaid to the United States as of October 1, 1965 under this section (referred to in this subsection as ‘repayable amounts’)" for "from persons who have entered into enforceable contracts to purchase an equivalent amount of crude helium from the Secretary for ‘crude helium’", was executed by making the substitution for language which read "together with interest as provided in subsection (d) of this section, the following:" and struck out former subsec. PROC. NO. 6867. DECLARATION OF NATIONAL EMERGENCY AND INVOCATION OF EMERGENCY AUTHORITY RELATING TO REGULATIONS OF ANCHORAGE AND MOVEMENT OF VESSELS

PROC. NO. 6867, Mar. 1, 1996. 61 F.R. 8843, provided: WHEREAS, on February 24, 1996, Cuban military aircraft intercepted and destroyed two unarmed U.S.-registered civilian aircraft in international airspace north of Cuba; WHEREAS the Government of Cuba has demonstrated a ready and reckless willingness to use excessive force, including deadly force, in the ostensible enforcement of its sovereignty; WHEREAS, on July 13, 1995, persons in U.S.-registered vessels who entered into Cuban territorial waters suffered injury as a result of the reckless use of force against them by the Cuban military; and WHEREAS the entry of U.S.-registered vessels into Cuban territorial waters could again result in injury to, or loss of life of, persons engaged in that conduct, due to the potential use of excessive force, including deadly force, against them by the Cuban military, and could threaten a disturbance in international relations; NOW, THEREFORE, I, WILLIAM J. CLINTON, President of the United States of America, by the authority vested in me by the Constitution and the laws of the United States of America, including section 1 of title II of Public Law 65–24, ch. 30, June 15, 1917, as amended (50 U.S.C. 191), sections 261 and 301 of the National Emergencies Act (50 U.S.C. 1621, 1631), and section 301 of title 3, United States Code, find and do hereby proclaim that a national emergency does exist by reason of a disturbance or threatened disturbance of international relations. In order to address this national emergency and to secure the observance of the rights and obligations of the United States, I hereby authorize and direct the Secretary of Transportation (the "Secretary") to make and issue such rules and regulations as the Secretary may find appropriate to regulate the anchorage and movement of vessels, and delegate to the Secretary my authority to approve such rules and regulations, as authorized by the Act of June 15, 1917 [see Tables for classification].

SIC. 1. The Secretary may make rules and regulations governing the anchorage and movement of any vessel, foreign or domestic, in the territorial waters of the United States, which may be used, or is susceptible of being used, for voyage into Cuban territorial waters and that may create unsafe conditions and threaten a disturbance of international relations. Any rule or regulation issued pursuant to this proclamation may be effective immediately upon issuance as such rule or regulation shall involve a foreign affairs function of the United States.

SIC. 2. The Secretary is authorized to inspect any vessel, foreign or domestic, in the territorial waters of the United States, at any time; to place guards on any such vessel; and, with my consent expressly hereby granted, take full possession and control of any such vessel and remove the officers and crew, and all other persons not specifically authorized by the Secretary to go or remain on board the vessel when necessary to secure the rights and obligations of the United States.

The Secretary may request assistance from such departments, agencies, officers, or instrumentalities of the United States as the Secretary deems necessary to carry out the purposes of this proclamation. Such departments, agencies, officers, or instrumentalities shall, consistent with other provisions of law and to the extent practicable, provide requested assistance.

SIC. 4. The Secretary may seek assistance from State and local authorities in carrying out the purposes of this proclamation. Because State and local assistance may be essential for an effective response to this emergency, I urge all State and local officials to cooperate with Federal authorities and to take all actions within their lawful authority necessary to prevent the unauthorized departure of vessels intending to enter Cuban territorial waters.

SIC. 5. All powers and authorities delegated by this proclamation to the Secretary may be delegated by the Secretary to other officers and agents of the United States Government unless otherwise prohibited by law.

Sic. 6. This proclamation shall be immediately transmitted to the Congress and published in the Federal Register.

IN WITNESS WHEREOF, I have hereunto set my hand this first day of March, in the year of our Lord one thousand nine hundred ninety-six, and of the Independence of the United States of America the two hundred and twentieth.

WILLIAM J. CLINTON.

CONTINUATION OF NATIONAL EMERGENCY DECLARED BY

PROC. NO. 6867

Notice of President of the United States, dated Feb. 25, 2014. 79 F.R. 10949, provided: On March 1, 1996, by Proclamation 6867, a national emergency was declared to address the disturbance or threatened disturbance of international relations caused by the February 24, 1996, destruction by the Cuban government of two unarmed U.S.-registered civilian aircraft in international airspace north of Cuba. On February 28, 2004, by Proclamation 7757, the national emergency was extended and its scope was expanded to deny monetary and material support to the Cuban government. The Cuban government has not demonstrated that it will refrain from the use of excessive force against U.S. vessels or aircraft that may engage in memorial activities or peaceful protest north of Cuba. In addition, the unauthorized entry of any U.S.-
registered vessel into Cuban territorial waters continues to be detrimental to the foreign policy of the United States. Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing the national emergency with respect to Cuba and the emergency authority relating to the regulation of the anchorage and movement of vessels set out in Proclamation 6867 as amended by Proclamation 7757. This notice shall be published in the Federal Register and transmitted to the Congress. BARACK OBAMA.

Prior continuations of national emergency declared by Proc. No. 6867 were contained in the following:

PROC. NO. 7757. EXPANDING THE SCOPE OF THE NATIONAL EMERGENCY AND INVOCATION OF EMERGENCY AUTHORITY RELATING TO THE REGULATION OF THE ANCHORAGE AND MOVEMENT OF VESSELS INTO CUBAN TERRITORIAL WATERS

Proc. No. 7757, Feb. 26, 2004, 69 F.R. 9515, provided:

By the authority vested in me by the Constitution and the laws of the United States of America, in order to expand the scope of the national emergency declared in Proclamation 6867 of March 1, 1996 [set out above], based on the disturbance or threatened disturbance of the international relations of the United States caused by actions taken by the Cuban government, and in light of steps taken over the past year by the Cuban government to worsen the threat to United States international relations, and

WHEREAS the United States has determined that Cuba is a state-sponsor of terrorism and it is subject to the restrictions of section 6(j)(1)(A) of the Export Administration Act of 1979 [50 U.S.C. App. 2460d(j)(1)(A)], section 620A of the Foreign Assistance Act of 1961 [22 U.S.C. 2371], and section 40 of the Arms Export Control Act [22 U.S.C. 2778];

WHEREAS the Cuban government has demonstrated a ready and reckless willingness to use excessive force, including deadly force, against U.S. citizens, in the ostensible enforcement of its sovereignty, including the February 1996 shoot-down of two unarmed U.S.-registered vessels in international airspace, resulting in the deaths of three American citizens and one other individual;

WHEREAS the Cuban government has continued to use excessive force, including deadly force, against U.S. citizens and its own citizens, including on the 13th of January, 2005, when U.S.-registered vessels that entered into Cuban territorial waters suffered injury as a result of the reckless use of force against them by the Cuban military, and, as a result, a ready and reckless willingness to use excessive force, including deadly force, against them by the Cuban military, and could threaten a disturbance of international relations;

WHEREAS the entry of any U.S.-registered vessels into Cuban territorial waters could result in injury to, or loss of life of, persons engaged in that conduct, due to the potential use of excessive force, including deadly force, against them by the Cuban military, and could threaten a disturbance of international relations;

HEREWHEREAS the objectives of U.S. policy regarding Cuba are the end of the dictatorship and a rapid, peaceful transition to a representative democracy respectful of human rights and characterized by an open market economic system;

WHEREAS a critical initiative by the United States to advance these U.S. objectives is to deny resources to the repressive Cuban government, resources that may be used by that government to support terrorist activities and carry out excessive use of force against innocent victims, including U.S. citizens;

WHEREAS the unauthorized entry of vessels subject to the jurisdiction of the United States into Cuban territorial waters is in violation of U.S. law and contrary to U.S. policy;

SUBCHAPTER III—PERSONNEL SECURITY PROCEDURES IN NATIONAL SECURITY AGENCY

§ 831. Regulations for employment security

Subject to the provisions of this subchapter, the Secretary of Defense (hereafter in this subchapter referred to as the “Secretary”) shall prescribe such regulations relating to continuing security procedures as he considers necessary to assure—

(1) that no person shall be employed in, or detailed or assigned to, the National Security Agency (hereafter in this subchapter referred to as the “Agency”), or continue to be so employed, detailed, or assigned; and

(2) that no person so employed, detailed, or assigned shall have access to any classified information;

unless such employment, detail, assignment, or access to classified information is clearly consistent with the national security.

§ 832. Full field investigation and appraisal

(a) Conditional employment; other current security clearance; circumstances authorizing employment on temporary basis

No person shall be employed in, or detailed or assigned to, the Agency unless he has been the subject of a full field investigation in connection with such employment, detail, or assignment, and is cleared for access to classified information in accordance with the provisions of this subchapter; excepting that conditional employment without access to sensitive cryptographic information or material may be tendered any applicant, under such regulations as the Secretary may prescribe, pending the completion of such full field investigation: And provided further, That such full field investigation at the discretion of the Secretary need not be required in the case of persons assigned or detailed to the Agency who have a current security clearance for access to sensitive cryptographic information under equivalent standards of investigation and clearance. During any period of war declared by the Congress, or during any period when the Secretary determines that a national disaster exists, or in exceptional cases in which the Secretary (or his designee for such purpose) makes a determination in writing that his action is necessary or advisable in the national interest, he may authorize the employment of any person in, or the detail or assignment of any person to, the Agency, and may grant to any such person access to classified information, on a temporary basis, pending the completion of the full field investigation and the clearance for access to classified information required by this subsection, if the Secretary determines that such action is clearly consistent with the national security.

(b) Boards of appraisal; establishment; membership; appointment; appraisal in doubtful cases; report and recommendation; qualifications of members; Secretary's clearance contrary to board's recommendation

To assist the Secretary and the Director of the Agency in carrying out their personnel security responsibilities, one or more boards of appraisal of three members each, to be appointed by the Director of the Agency, shall be established in the Agency. Such a board shall appraise the loyalty and suitability of persons for access to classified information, in those cases in which the Director of the Agency determines that there is a doubt whether their access to that information would be clearly consistent with the national security, and shall submit a report and recommendation on each such a case. However, appraisal by such a board is not required before action may be taken under sections 7512 and 7532 of title 5, or any other similar provision of law. Each member of such a board shall be specially qualified and trained for his duties as such a member, shall have been the subject of a full field investigation in connection with his appointment as such a member, and shall have been cleared by the Director for access to classified information at the time of his appointment as such a member. No person shall be cleared for access to classified information, contrary to the recommendations of any such board, unless the Secretary (or his designee for such purpose) shall make a determination in writing that such employment, detail, assignment, or access to classified information is in the national interest.

CODIFICATION

In subsec. (b), “sections 7512 and 7532 of title 5” substituted for “section 14 of the Act of June 27, 1944, chapter 267, as amended (5 U.S.C. 863), section 1 of the Act of August 26, 1950, chapter 803, as amended (5 U.S.C. 22–1)” on authority of Pub. L. 89–554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted title 5, Government Organization and Employees. Sections 7511 and 7512 (which related to adverse actions against preference eligible employees and comprised subchapter II of chapter 75) were repealed by Pub. L. 96–454 and replaced by a new subchapter II (§§ 7511–7514) of chapter 75 (relating to removal, suspension for more than 14 days, reduction in grade or pay, or furlough for 30 days or less).

EFFECTIVE DATE OF REPEAL

Repeal effective Oct. 1, 1996, see section 1635 of Pub. L. 104–201, set out as an Effective Date of 1996 Amendment note under section 1580 of Title 10, Armed Forces.

§ 834. "Classified information" defined

For the purposes of this section, the term “classified information” means information which, for reasons of national security, is specifically designated by a United States Government agency for limited or restricted dissemination or distribution.

§ 835. Nonapplicability of administrative procedure provisions

Subchapter II of chapter 5, and chapter 7, of title 5, shall not apply to the use or exercise of any authority granted by this subchapter.

CODIFICATION

“Subchapter II of chapter 5, and chapter 7, of title 5,” substituted in text for “the Administrative Procedure Act, as amended” on authority of Pub. L. 89–554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

SUBCHAPTER IV—COMMUNIST CONTROL

§ 841. Findings and declarations of fact

The Congress finds and declares that the Communist Party of the United States, although purportedly a political party, is in fact an instrumentality of a conspiracy to overthrow the Government of the United States. It constitutes an authoritarian dictatorship within a republic demanding for itself the rights and privileges accorded to political parties, but denying to all others the liberties guaranteed by the Constitution. Unlike political parties, which evolve their policies and programs through public means, by the reconciliation of a wide variety of individual views, and submit those policies and programs to the electorate at large for approval or disapproval, the policies and programs of the Communist Party are secretly prescribed for it by the foreign leaders of the world Communist movement. Its members have no part in determining its goals, and are not permitted to voice dissent to party objectives. Unlike members of political parties, members of the Communist Party are recruited for indoctrination with respect to its objectives and methods, and are organized, instructed, and disciplined to carry into action slavishly the assignments given them by their hierarchical chieftains. Unlike political parties, the Communist Party acknowledges no constitutional or statutory limitations upon its conduct or upon that of its members. The Communist Party is relatively small numerically, and gives scant indication of capacity ever to attain its ends by lawful political means. The peril inherent in its operation arises not from its numbers, but from its failure to acknowledge any limitation as to the nature of its activities, and its dedication to the proposition that the present constitutional Government of the United States ultimately must be brought to ruin by any available means, including resort to force and violence. Holding that doctrine, its role as the agency of a hostile foreign power renders its existence a clear present and continuing danger to the security of the United States. It is the means whereby individuals are seduced into the service of the world Communist movement, trained to do its bidding, and directed and controlled in the conspiratorial performance of their revolutionary services. Therefore, the Communist Party should be outlawed.

CODIFICATION

Section was enacted as part of the Communist Control Act of 1954, and not as part of the Internal Security Act of 1950 which comprises subchapters I to III of this chapter.

SHORT TITLE

For short title of this subchapter as the “Communist Control Act of 1954”, see section 1 of act Aug. 24, 1954, set out as a note under section 781 of this title.

SEPARABILITY

Act Aug. 24, 1954, ch. 886, § 12, 68 Stat. 780, provided: “If any provision of this title [see Short Title note above] or the application thereof to any person or circumstances is held invalid, the remainder of the title and the application of such provisions to other persons or circumstances, shall not be affected thereby.” The use of the word “Act”, in place of the word “title” as used in section 12 of act of Aug. 24, 1954, quoted above, was probably intended, since that act is not divided into titles.

§ 842. Proscription of Communist Party, its successors, and subsidiary organizations

The Communist Party of the United States, or any successors of such party regardless of the assumed name, whose object or purpose is to overthrow the Government of the United States, or the government of any State, Territory, District, or possession thereof, or the government of any political subdivision therein by force and violence, are not entitled to any of the rights, privileges, and immunities attendant upon legal bodies created under the jurisdiction of the laws of the United States or any political subdivision thereof; and whatever rights, privileges, and immunities which have heretofore been granted to said party or any subsidiary organization by reason of the laws of the United States or any political subdivision thereof, are terminated: Provided, however, That nothing in this section shall be construed as amending the Internal Security Act of 1950, as amended [50 U.S.C. 781 et seq.]

§ 1431. Authorization; official approval; Congressional action: notification of committees of certain proposed obligations, resolution of disapproval, continuity of session, computation of period

The President may authorize any department or agency of the Government which exercises functions in connection with the national defense, acting in accordance with regulations prescribed by the President for the protection of the Government, to enter into contracts or into amendments or modifications of contracts hereinafter or hereafter made and to make advance payments thereon, without regard to other provisions of law relating to the making, performance, amendment, or modification of contracts, whenever he deems that such action would facilitate the national defense. The authority conferred by this section shall not be utilized to obligate the United States in an amount in excess of $50,000 without approval by an official at or above the level of an Assistant Secretary or his Deputy, or an assistant head or his deputy, of such department or agency, or by a Contract Adjustment Board established therein. The authority conferred by this section may not be utilized to obligate the United States in any amount in excess of $25,000,000 unless the Committees on Armed Services of the Senate and the House of
Representatives have been notified in writing of such proposed obligation and 60 days of continuous session of Congress have expired following the date on which such notice was transmitted to such Committees. For purposes of this section, the continuity of a session of Congress is broken only by an adjournment of the Congress sine die at the end of a Congress, and the days on which either House is not in session because of an adjournment of more than 3 days to a day certain, or because of an adjournment sine die other than at the end of a Congress, are excluded in the computation of such 60-day period.

**AMENDMENTS**

1991—Pub. L. 102–25, §705(f)(1), inserted before period at end of third sentence “and 60 days of continuous session of Congress have expired following the date on which such notice was transmitted to such Committees”.

Pub. L. 102–25, §705(f)(2), in fourth sentence, inserted “at the end of a Congress” after “sine die” and “, or” before “adoption sine die other than at the end of a Congress,” after “to a day certain.”

1990—Pub. L. 101–510 struck out before period at end of third sentence “and 60 days of continuous session of Congress have expired following the date on which such notice was transmitted” in whole and substituted “such Committees and neither House of Congress has adopted, within such 60-day period, a resolution disapproving such obligation”.

1973—Pub. L. 90–155 provided for notification of Congressional Committees with respect to certain proposed obligations, Congressional resolution of disapproval, continuity of Congressional session, and computation of period.

**Effective Date of 1991 Amendment**

Pub. L. 102–25, title VII, §705(f)(1), Apr. 6, 1991, 105 Stat. 120, provided that the amendment made by that section is effective as of Nov. 6, 1990.

**Nonapplicability of National Emergencies Act**

The provisions of the National Emergencies Act (see Title 50—War and National Defense, chapter 1) shall not apply to the powers and authorities conferred by this section and actions taken hereunder, see section 1651(a)(4) of this title.

**Obligations Entered Into Before November 16, 1973**

Amendment by Pub. L. 93–153 not affecting the carrying out of any contract, loan, guarantee, commitment, or other obligation entered into prior to Nov. 16, 1973, see section 807(e) of Pub. L. 93–153, set out as a note under section 1651(a)(4) of this title.

By virtue of the authority vested in me by the act of August 28, 1958, 72 Stat. 972, hereinafter called the act [this chapter], and as President of the United States, and deeming that such action will facilitate the national defense, it is hereby ordered as follows:

**Part I—Department of Defense**

Under such regulations, which shall be uniform to the extent practicable, as may be prescribed or approved by the Secretary of Defense:

1. The Department of Defense is authorized, within the limits of the amounts appropriated and the contract authorization provided therefor, to enter into contracts and into amendments or modifications of contracts heretofore or hereafter made, and to make advance payments thereon, without regard to the provisions of law relating to the making, performance, amendment, or modification of contracts, whenever, in the judgment of the Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force, or the duly authorized representative of any such Secretary, the national defense will be facilitated thereby.

1A. (a) The limitation in paragraph 1 to amounts appropriated and the contract authorization provided therefor shall not apply to contractual provisions which provide that the United States will hold harmless and indemnify the contractor against any of the claims or losses set forth in subparagraph (b), whether resulting from the negligence or wrongful act or omission of the contractor or otherwise (except as provided in subparagraph (b)(2)). This exception from the limitations of paragraph 1 shall apply only to claims or losses arising out of or resulting from risks that the contract defines as unusually hazardous or nuclear in nature. Such a contractual provision shall be approved in advance by an official at a level not below that of the Secretary of a military department and may require each contractor so indemnified to provide and maintain financial protection of such type and in such amounts as is determined by the approving official to be appropriate under the circumstances. In deciding whether to approve the use of an indemnification provision and in determining the amount of financial protection to be provided and maintained by the indemnified contractor, the appropriate official shall take into account such factors as the availability, cost and terms of private insurance, self-insurance, other proof of financial responsibility and workmen’s compensation insurance. Such approval and determination, as required by the preceding two sentences, shall be final.

(b)(1) Subparagraph (a) shall apply to claims (including reasonable expenses of litigation and settlement) or losses, not compensated by insurance or otherwise, of the following types:

(A) Claims by third persons, including employees of the contractor, for death, personal injury, or loss of damage to, or loss of use of property;

(B) Loss of, damage to, or loss of use of property of the contractor;

(C) Loss of, damage to, or loss of use of property of the Government;

(D) Claims arising (i) from indemnification agreements between the contractor and a subcontractor or subsubcontractor, or (ii) from such arrangements and further indemnification arrangements between subcontractors at any tier; provided that all such arrangements were entered into pursuant to regulations prescribed or approved by the Secretaries of Defense, the Army, the Navy, or the Air Force.

(2) Indemnification and hold harmless agreements entered into pursuant to this subsection, whether between the United States and a contractor, or between a contractor and a subcontractor, or between two subcontractors, shall not cover claims or losses caused by the willful misconduct or lack of good faith on the part of any of the contractor’s or subcontractor’s directors or officers or principal officials which are (i) claims by the United States (other than those arising through subrogation) against the contractor or subcontractor, or (ii) losses affecting the property of such contractor or subcontractor. Regulations to be prescribed or approved by the Secretaries of Defense, the Army, the Navy or the Air Force shall define the scope of the term principal officials.
The United States may discharge its obligation under a provision authorized by subparagraph (a) by making payments directly to subcontractors or to the persons to whom a contractor or subcontractor may be liable. A contractual provision made under subparagraph (a) that provides for indemnification must also provide for—

1. notice to the United States of any claim or action against, or of any loss by, the contractor or subcontractor which is covered by such contractual provision; and
2. control or assistance by the United States, at its election, in the settlement or defense of any such claim or action.

2. The Secretaries of Defense, the Army, the Navy, and the Air Force, respectively, may exercise the authority herein conferred and, in their discretion and by their direction, may delegate such authority to any other military or civilian officers or officials of their respective departments, and may confer upon any such military or civilian officers or officials the power to make further delegations of such authority without their respective commands or organizations: Provided, That the authority herein conferred shall not be utilized to obligate the United States in an amount in excess of 50,000 without approval by an official at or above the level of an Assistant Secretary or his Deputy, or by a departmental Contract Adjustment Board. Such contracts hereby authorized to be made shall include agreements of all kinds (whether in the form of letters of intent, purchase orders, or otherwise) for all types and kinds of property or services necessary, appropriate, or convenient for the national defense, or for the invention, development, or production of, or research concerning, any such property or services, including, but not limited to, aircraft, missiles, buildings, vessels, arms, armor, equipment, supplies or services of any kind, or any portion thereof, including plans, spare parts and equipment therefor, materials, supplies, facilities, utilities, machinery, machine tools, and any other equipment without any restriction of any kind as to type, character, location, or form.

3. The contracts hereby authorized to be made shall contain such nondiscrimination provision as otherwise may be required by statute or Executive order.

4. The Department of Defense may by agreement modify or amend or settle claims under contracts hereby authorized to be made hereunder, and include agreements of all kinds (whether in the form of letters of intent, purchase orders, or otherwise) for all types and kinds of property or services required by law to be procured by the United States or any of his duly authorized representatives shall, until the expiration of three years after final payment, have access to and the right to examine any records available for public inspection except to the extent that they, or their duly authorized representatives, may respectively deem the disclosure of information therein to be detrimental to the national security.

5. Proper records of all actions taken under the authority of the act shall be maintained within the Department of Defense. The Secretaries of Defense, the Army, the Navy, and the Air Force shall make such records available for public inspection except to the extent that they, or their duly authorized representatives, may respectively deem the disclosure of information therein to be detrimental to the national security.

6. The Department of Defense shall, by March 15 of each year, report to the Congress all actions taken within that department under the authority of the act during the preceding calendar year. With respect to actions which involve actual or potential cost to the United States in excess of 50,000, the report shall (except as the disclosure of such information may be deemed to be detrimental to the national security)—

(a) state the contractor;
(b) state the actual cost or estimated potential cost involved;
(c) describe the property or services involved; and
(d) state further the circumstances justifying the action taken.

7. There shall be no discrimination in any act performed hereunder against any person on the ground of race, religion, color, or national origin, and all contracts entered into, amended, or modified hereunder shall contain such nondiscrimination provision as otherwise may be required by statute or Executive order.

8. No claim against the United States arising under any purchase or contract made under the authority of the act and this order shall be assigned except in accordance with the Assignment of Claims Act of 1958 (54 Stat. 737, as amended [sections 2727 and 2728 of Title 31, Money and Finance, and section 6365 of Title 41, Public Contracts]).

9. Advance payments shall be made hereunder only upon obtaining adequate security.

10. Every contract entered into, amended, or modified pursuant to this order shall contain a warranty by the contractor in substantially the following terms: “The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty the Government shall have the right to annul this contract without liability or, in its discretion, to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.”

11. Except as provided in the Act of September 27, 1966, 80 Stat. 850 (which amended section 1433 of this title, sections 2310 and 2313 of Title 10, Armed Forces, and section 254 of former Title 41, Public Contracts) contracts entered into, amended, or modified pursuant to authority of this order shall include a clause to the effect that the Comptroller General of the United States or any of his duly authorized representatives shall, until the expiration of three years after final payment, have access to and the right to examine any record directly pertinent books, documents, papers, and records of the contractor or any of his subcontractors engaged in the performance of, and involving transactions related to, such contracts or subcontracts. Before exercising the authority provided in the Act of September 27, 1966, 80 Stat. 850 the Secretaries of Defense, the Army, the Navy, or the Air Force, or their designees, shall first determine that all reasonable efforts have been made to include the clause prescribed above and that alternate sources of supply are not reasonably available.

12. Nothing herein contained shall be construed to constitute authorization hereunder for—

(a) the use of the cost-plus-a-percentage-of-cost system of contracting;
(b) any contract in violation of existing law relating to limitation of profits or fees;
(c) the negotiation of purchases of or contracts for property or services required by law to be procured by formal advertising and competitive bidding;
(d) the waiver of any bid, payment, performance, or other bond required by law;
(e) the amendment of a contract negotiated under section 2304(a)(15) of Title 10 of the United States Code to include the contract price to an amount higher than the lowest rejected bid of any responsible bidder; or
(f) the formalization of an informal commitment, unless the Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force, or the duly authorized representative of any such Secretary, finds that at the time the commitment was made it was impracticable to use normal procurement procedures.

13. The provisions of the Walsh-Healey Act (49 Stat. 2038), as amended [now chapter 65 of Title 41, Public Contracts], the Davis-Bacon Act (49 Stat. 1011), as amended [now sections 3141–3144, 3146, and 3147 of Title 40, Public Contracts].

14. Nothing herein contained shall prejudice anything heretofore done under Executive Order No. 9001 of December 27, 1941, or Executive Order No. 10210 of February 2, 1951, or any amendments or extensions thereof, or the continuance in force of an action heretofore taken under those orders or any amendments or extensions thereof.

15. Nothing herein contained shall prejudice any other authority which the Department of Defense may have to enter into, amend, or modify contracts, and to make advance payments.

PART II—EXTENSION OF PROVISIONS OF PARAGRAPHS 1 TO 14

21. Subject to the limitations and regulations contained in paragraphs 1 to 14, inclusive, hereof, and under any regulations prescribed by him in pursuance of the provisions of paragraph 22 hereof, the head of each of the following-named agencies is authorized to perform or exercise as to his agency, independently of any Secretary referred to in the said paragraphs 1 to 14, all the functions and authority vested by those paragraphs in the Secretaries mentioned therein:

23. Nothing contained herein shall prejudice any other authority which any agency named in paragraph 21 hereof may have to enter into, amend, or modify contracts and to make advance payments.

24. Nothing contained in this Part shall constitute authorization thereunder for the amendment of a contract negotiated under [former] section 322(c)(14) of the Federal Property and Administrative Services Act of 1949 (63 Stat. 394), as amended by section 2(b) of the act of August 28, 1958, 72 Stat. 966, to increase the contract price to an amount higher than the lowest rejected bid of any responsible bidder.

(b) All contracts entered into, amended, or modified pursuant to authority contained in this chapter shall include a clause to the effect that the Comptroller General of the United States or any of his duly authorized representatives shall, until the expiration of three years after final payment, have access to and the right to examine any directly pertinent books, documents, papers, and records of the contractor or

any of his subcontractors engaged in the performance of and involving transactions related to such contracts or subcontracts. Under regulations to be prescribed by the President, however, such clause may be omitted from contracts with foreign contractors or foreign subcontractors if the agency head determines, with the concurrence of the Comptroller General of the United States or his designee, that the omission will serve the best interests of the United States. However, the concurrence of the Comptroller General of the United States or his designee is not required for the omission of such clause—

(1) where the contractor or subcontractor is a foreign government or agency thereof or is precluded by the laws of the country involved from making its books, documents, papers, or records available for examination; and

(2) where the agency head determines, after taking into account the price and availability of the property or services from United States sources, that the public interest would be best served by the omission of the clause.

If the clause is omitted based on a determination under clause (2), a written report shall be furnished to the Congress.

(C) An incentives clause in a contract under this section shall specify the target incentive ranges of costs for completion of destruction operations and facility closure activities, respectively, as jointly agreed upon by the contracting officer and the contractor concerned. An incentives clause shall require a proportionate reduction in the maximum incentive payment amounts in the event that the contractor exceeds an agreed-upon target cost if such excess costs are the responsibility of the contractor.

(D) The amount of the incentive payment earned by a contractor for a chemical demilitarization facility under an incentives clause under this subsection shall be based upon a determination by the Secretary on how early in the target incentive range specified in such clause destruction operations or facility closure activities, as the case may be, are completed.

(E) The provisions of any incentives clause under this subsection shall be consistent with the obligation of the Secretary of Defense under subsection (d)(1)(A), to provide for maximum protection for the environment, the general public, and the personnel who are involved in the destruction of the lethal chemical agents and munitions.

(F) In negotiating the inclusion of an incentives clause in a contract under this subsection, the Secretary may include in such clause such additional terms and conditions as the Secretary considers appropriate.

(3)(A) No payment may be made under an incentives clause under this subsection unless the Secretary determines that the contractor concerned has satisfactorily performed its duties under such incentives clause.

(B) An incentives clause under this subsection shall specify that the obligation of the Government to make payment under such incentive clause is subject to the availability of appropriations for that purpose. Amounts appropriated for Chemical Agents and Munitions Destruction, Defense, shall be available for payments under incentives clauses under this subsection.

§ 1521 Title 50—War and National Defense Page 102
SENSE OF CONGRESS ON COMPLETION OF DESTRUCTION OF UNITED STATES CHEMICAL WEAPONS STOCKPILE

"(a) FINDINGS.—Congress makes the following findings:

"(2) In 2006, under the terms of the Chemical Weapons Convention, the United States requested and received a one-time, 5-year extension of its chemical weapons destruction deadline to April 29, 2012.

"(3) On April 10, 2006, the Secretary of Defense notified Congress that the United States would not meet even the extended deadline under the Chemical Weapons Convention for destruction of the United States chemical weapons stockpile, but would ‘continue working diligently to minimize the time to complete destruction without sacrificing safety and security’ and would also ‘continue requesting resources needed to complete destruction as close to April 2012 as practicable’.

"(4) The United States chemical demilitarization program has met its one percent, 20 percent, and extended 45 percent destruction deadlines under the Chemical Weapons Convention.

"(5) Destroying the remaining stockpile of United States chemical weapons is imperative for public safety and homeland security, and doing so by April 2012, in accordance with the current destruction deadline provided under the Chemical Weapons Convention, is required by United States law.

"(6) The elimination of chemical weapons anywhere they exist in the world, and the prevention of their proliferation, is of utmost importance to the national security of the United States.

"(7) Section 921(b)(3) of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Pub. Law 109–364; 120 Stat. 2359) contained a sense of Congress urging the Secretary of Defense to ensure the elimination of the United States chemical weapons stockpile in the shortest time possible, consistent with the requirement to protect public health, safety, and the environment.

"(8) Section 921(b)(4) of that Act contained a sense of Congress urging the Secretary of Defense to propose a credible treatment and disposal process with the support of affected communities. In this regard, any such process should provide for sufficient communication and consultation between representatives of the Department of Defense and representatives of affected States and communities.

"(b) Sense of Congress.—It is the sense of Congress that:

"(1) the United States is, and must remain, committed to making every effort to safely dispose of its entire chemical weapons stockpile by April 2012, the current destruction deadline provided under the Chemical Weapons Convention, or as soon thereafter as possible, and must carry out all of its other obligations under the Convention; and

"(2) the Secretary of Defense should make every effort to plan for, and to request in the annual budget of the President submitted to Congress adequate funding to complete, the elimination of the United States chemical weapons stockpile in accordance with United States obligations under the Chemical Weapons Convention and in a manner that will protect public health, safety, and the environment, as required by law.

§ 1521a. Destruction of existing stockpile of lethal chemical agents and munitions

(a) Program management

The Secretary of Defense shall ensure that the program for destruction of the United States stockpile of lethal chemical agents and munitions is managed as a major defense acquisition program (as defined in section 2430 of title 10) in accordance with the essential elements of such programs as may be determined by the Secretary.

(b) Requirement for Under Secretary of Defense (Comptroller) annual certification

Beginning with respect to the budget request for fiscal year 2004, the Under Secretary of Defense (Comptroller) shall submit to the congressional defense committees on an annual basis a certification that the budget request for the chemical agents and munitions destruction program has been submitted in accordance with the requirements of section 1521 of this title.

CODIFICATION

Section was enacted as part of the Bob Stump National Defense Authorization Act for Fiscal Year 2003, and not as part of Pub. L. 91–121, title IV, §409, Nov. 19, 1969, 83 Stat. 269, which comprises this chapter.

“(b) Objectives.—The objectives for the modification of policies and doctrines of the Department of Defense on chemical warfare defense are as follows:

“(1) To provide for adequate protection of personnel from any exposure to a chemical warfare agent (including chronic and low-level exposure to a chemical warfare agent) that would endanger the health of exposed personnel because of the deleterious effects of—

““(A) a single exposure to the agent;

“(B) exposure to the agent concurrently with other dangerous exposures, such as exposures to—

“(i) other potentially toxic substances in the environment, including pesticides, other insect and vermin control agents, and environmental pollutants;

“(ii) low-grade nuclear and electromagnetic radiation present in the environment;

“(iii) preventive medications (that are dangerous when taken concurrently with other dangerous exposures referred to in this paragraph);

“(iv) diesel fuel, jet fuel, and other hydrocarbon-based fuels; and

“(v) occupational hazards, including battlefield hazards; and

“(C) repeated exposures to the agent, or some combination of one or more exposures to the agent...
and other dangerous exposures referred to in subparagraph (B), over time.

"(2) To provide for—

(A) the prevention of and protection against, and the detection (including confirmation) of, exposures to a chemical warfare agent (whether intentional or inadvertent) at levels that, even if not sufficient to endanger health immediately, are greater than the level that is recognized under Department of Defense policies as being the maximum safe level of exposure to that agent for the general population; and

(B) the recording, reporting, coordinating, and retaining of information on possible exposures described in subparagraph (A), including the monitoring of the health effects of exposures on humans and animals, environmental effects, and ecological effects, and the documenting and reporting of those effects specifically by location.

"(3) To provide solutions for the concerns and mission requirements that are specifically applicable for one or more of the Armed Forces in a protracted conflict when exposures to chemical agents could be complex, dynamic, and occurring over an extended period.

"(c) Research Program.—The Secretary of Defense shall develop and carry out a plan to establish a research program for determining the effects of exposures to chemical warfare agents of the type described in subsection (b). The research shall be designed to yield results that can guide the Secretary in the evolution of policy and doctrine on exposures to chemical warfare agents and to develop new risk assessment methods and instruments with respect to such exposures. The plan shall state the objectives and scope of the program and include a 5-year funding plan.

"(d) Report.—Not later than May 1, 1999, the Secretary of Defense shall submit to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives [now Committee on Armed Services of the House of Representatives] a report on the results of the review under subsection (a) and on the research program developed under subsection (c). The report shall include the following:

"(1) Each modification of chemical warfare defense policy and doctrine resulting from the review.

"(2) Any recommended legislation regarding chemical warfare defense.

"(3) The plan for the research program.

"(vi) the capacity to test and evaluate the effectiveness of variable sensor arrays (including video, audio, meteorological, chemical, and biosensor arrays) in urban areas and suburban areas.

"(C) SENSE OF CONGRESS.—It is the sense of Congress that the facility considered under subparagraph (A) shall, if established—

"(i) be under the jurisdiction of the Secretary of Defense; and

"(ii) be located at a principal facility of the Department of Defense for the testing and evaluation of the use of chemical and biological weapons during any period of armed conflict.

UNITED STATES POLICY ON IRAQ

Whereas in 1990 in response to Iraq's war of aggression against and illegal occupation of Kuwait, the United States forged a coalition of nations to liberate Kuwait and its people in order to defend the national security of the United States and enforece United Nations Security Council resolutions relating to Iraq; 

Whereas after the liberation of Kuwait in 1991, Iraq entered into a United Nations sponsored cease-fire agreement pursuant to which Iraq unequivocally agreed, among other things, to eliminate its nuclear, biological, and chemical weapons programs and the means to deliver and develop them, and to end its support for international terrorism; 

Whereas the efforts of international weapons inspectors, United States intelligence agencies, and Iraqi defectors led to the discovery that Iraq had large stockpiles of chemical weapons and a large scale biological weapons program, and that Iraq had an advanced nuclear weapons development program that was much closer to producing a nuclear weapon than intelligence reporting had previously indicated; 

Whereas Iraq, in direct and flagrant violation of the cease-fire, attempted to thwart the efforts of weapons inspectors to identify and destroy Iraq's weapons of mass destruction stockpiles and development capabilities, which finally resulted in the withdrawal of inspectors from Iraq on October 31, 1998; 

Whereas in Public Law 105–235 (August 14, 1998) [112 Stat. 1518], Congress concluded that Iraq's continuing weapons of mass destruction programs threatened vital United States interests and international peace and security, declared Iraq to be in 'material and unacceptable breach of its international obligations' and urged the President 'to take appropriate action, in accordance with the Constitution and relevant laws of the United States, to bring Iraq into compliance with its international obligations'; 

Whereas Iraq both poses a continuing threat to the national security of the United States and international peace and security in the Persian Gulf region and remains in material and unacceptable breach of its international obligations by, among other things, continuing to possess and develop a significant chemical and biological weapons capability, actively seeking a nuclear weapons capability, and supporting and harboring terrorist organizations; 

Whereas Iraq persists in violating resolution [sic] of the United Nations Security Council by continuing to engage in brutal repression of its civilian population thereby threatening international peace and security in the region, by refusing to release, repatriate, or account for non-Iraqi citizens wrongfully detained by Iraq, including an American citizen, and by failing to return property wrongfully seized by Iraq from Kuwait; 

Whereas the current Iraqi regime has demonstrated its capability and willingness to use weapons of mass destruction against other nations and its own people; 

Whereas the current Iraqi regime has demonstrated its continuing hostility toward, and willingness to attack, the United States, including by attempting in 1993 to assassinate former President Bush and by firing on many thousands of occasions on United States and Coalition Armed Forces engaged in enforcing the resolutions of the United Nations Security Council; 

Whereas members of al Qaeda, an organization bearing responsibility for attacks on the United States, its citizens, and interests, including the attacks that occurred on September 11, 2001, are known to be in Iraq; 

Whereas Iraq continues to aid and harbor other international terrorist organizations, including organizations that threaten the lives and safety of United States citizens; 

Whereas the attacks on the United States on September 11, 2001, underscored the gravity of the threat posed by the acquisition of weapons of mass destruction by international terrorist organizations; 

Whereas Iraq's demonstrated capability and willingness to use weapons of mass destruction, the risk that the current Iraqi regime will either employ those weapons to launch a surprise attack against the United States or its Armed Forces or provide them to international terrorists who would use the extreme magnitude of harm that would result to the United States and its citizens from such an attack, combine to justify action by the United States to defend itself; 

Whereas in the Authorization for Use of Military Force Against Iraq Resolution (Public Law 102-1) [set out as a note below], Congress has authorized the President 'to use United States Armed Forces pursuant to United Nations Security Council Resolution 678 (1990) in order to achieve implementation of Security Council Resolution 660, 661, 662, 663, 665, 666, 667, 669, 670, 674, and 688'; 

Whereas in December 1991, Congress expressed its sense that it 'supports the use of all necessary means to achieve the goals of United Nations Security Council Resolution 687 as being consistent with the Authorization of Use of Military Force Against Iraq Resolution (Public Law 102-1),' that Iraq's repression of its civilian population violates United Nations Security Council Resolution 688 'constitutes a continuing threat to the peace, security, and stability of the Persian Gulf region,' and that Congress, 'supports the use of all necessary means to achieve the goals of United Nations Security Council Resolution 688'; 

Whereas the Iraq Liberation Act of 1998 (Public Law 105-338) [former 22 U.S.C. 2151 note] expressed the sense of Congress that it should be the policy of the United States to support efforts to remove from power the current Iraqi regime and promote the emergence of a democratic government to replace that regime; 

Whereas on September 12, 2002, President Bush committed the United States to 'work with the United Nations Security Council to meet our common challenge' posed by Iraq and to 'work for the necessary resolutions,' while also making clear that 'the Security Council resolutions will be enforced, and the just demands of peace and security will be met, or action will be unavoidable'; 

Whereas the United States is determined to prosecute the war on terrorism and Iraq's ongoing support for international terrorist groups combined with its development of weapons of mass destruction in direct violation of its obligations under the 1991 cease-fire and other United Nations Security Council resolutions make clear that it is in the national security interests of the United States to continue working with the United Nations to address the war on terrorism that all relevant United Nations Security Council resolutions be enforced, including through the use of force if necessary; 

Whereas Congress has determined that, for purposes of this title, steps to pursue vigorously the war on terrorism through the provision of authorities and funding requested by the President to take the necessary actions against international terrorists and terrorist organizations, including individuals, groups, organizations, or persons who planned, authorized, committed, or aided the terrorist attacks
that occurred on September 11, 2001, or harbored such persons or organizations;

"Whereas the President and Congress are determined to continue to take all appropriate actions against international terrorists and terrorist organizations, including those nations, organizations, or persons who planned, authorized, committed, or aided the terrorist attacks that occurred on September 11, 2001, or harbored such persons or organizations;

"Whereas the President has authority under the Constitution to take action in order to deter and prevent acts of international terrorism against the United States, as Congress recognized in the joint resolution on Authorization for Use of Military Force (Public Law 107-40) [set out as a note below]; and

"Whereas it is in the national security interests of the United States to restore international peace and security to the Persian Gulf region: Now, therefore, be it

"(b) Presidential Determination.—In connection with the exercise of the authority granted in subsection (a) to use force the President shall, prior to such exercise or as soon thereafter as may be feasible, but not later than 48 hours after exercising such authority, make available to the Speaker of the House of Representatives and the President pro tempore of the Senate his determination that—

"(1) reliance by the United States on further diplomatic or other peaceful means alone either (A) will not adequately protect the national security of the United States against the continuing threat posed by Iraq or (B) is not likely to lead to enforcement of all relevant United Nations Security Council resolutions regarding Iraq; and

"(2) acting pursuant to this joint resolution is consistent with the United States and other countries continuing to take the necessary actions against international terrorist and terrorist organizations, including those nations, organizations, or persons who planned, authorized, committed or aided the terrorist attacks that occurred on September 11, 2001.

"(c) War Powers Resolution Requirements.—

"(2) Applicability of other requirements.—Nothing in this joint resolution supersedes any require-

ment of the War Powers Resolution [50 U.S.C. 1541 et seq.].

"SEC. 4. REPORTS TO CONGRESS.

"(a) Reports.—The President shall, at least once every 60 days, submit to the Congress a report on matters relevant to this joint resolution, including actions taken pursuant to the exercise of authority granted in section 3 and the status of planning for efforts that are expected to be required after such actions are completed, including those actions described in section 7 of the Iraq Liberation Act of 1998 (Public Law 105-338) [Pub. L. 105–338, 112 Stat. 3140], and any other report required to be submitted to Congress pursuant to the reporting requirements of the War Powers Resolution (Public Law 93-148) [50 U.S.C. 1541 et seq.], all such reports may be submitted as a single consolidated report to the Congress.

"(b) Single Consolidated Report.—To the extent that the information required by section 3 of the Authorization for Use of Military Force Against Iraq Resolution [Pub. L. 107–40] [set out in a note below] is included in any report required by this section, such report shall be considered as meeting the requirements of section 3 of such resolution.

"(3) Reporting Requirement.--

"(a) Upon reporting under the requirements of paragraph (3) Congress believes the President should by November 15, 1993, seek the provision of assistance in securing open lines of communication for the free flow of supplies and relief operations through the provision of--

"(B) United States combat forces in a security role and as an interim force protection supplement to United Nations units: Provided, That funds appropriated, or otherwise made available, in this or any other Act to the Department of Defense may be obligated for expenses incurred only through March 31, 1994, for the operations of United States Armed Forces in Somalia: Provided further, That such date may be extended if so requested by the President and authorized by the Congress: Provided further, That funds may be obligated beyond March 31, 1994 to support a limited number of United States military personnel sufficient only to protect American diplomatic facilities and American citizens, and noncombat personnel to advise the United Nations commander in Somalia: Provided further, That United States combat forces in Somalia shall be under the command and control of United States commanders under the ultimate direction of the President of the United States: Provided further, That the President should intensify efforts to have United Nations member countries immediately deploy additional troops to Somalia to fulfill previous force commitments made to the United Nations and to deploy additional forces to assume the security missions of United States Armed Forces: Provided further, That--

"(i) captured United States personnel in Somalia should be treated humanely and fairly; and

"(ii) the United States and the United Nations should make all appropriate efforts to ensure the immediate and safe return of any future captured United States personnel: Provided further, That the President should ensure that, at all times, United States military personnel in Somalia have the capacity to defend themselves, and American citizens: Provided further, That the United States Armed Forces should remain deployed in or around Somalia until such time as all American service personnel missing in action in Somalia are accounted for, and all American service personnel held prisoner in Somalia are released: Provided further, That nothing herein shall be deemed to restrict in any way the authority of the President under the Constitution to protect the lives of Americans."

AUTHORIZATION FOR USE OF MILITARY FORCE AGAINST IRAQ RESOLUTION

"Whereas the Government of Iraq without provocation invaded and occupied the territory of Kuwait on August 2, 1990; and

"Whereas both the House of Representatives (in H.J. Res. 638 of the 101st Congress) and the Senate (in S.
Cons. Res. 147 of the 101st Congress) have condemned Iraq's invasion of Kuwait and declared their support for international action to reverse Iraq's aggression; whereas, Iraq's conventional, chemical, biological, and nuclear weapons and ballistic missile programs and its demonstrated willingness to use weapons of mass destruction pose a grave threat to world peace; whereas, the international community has demanded that Iraq withdraw unconditionally and immediately from Kuwait and that Kuwait's independence and legitimate government be restored; whereas the United Nations Security Council repeatedly affirmed the inherent right of individual or collective self-defense in response to the armed attack by Iraq against Kuwait in accordance with Article 51 of the United Nations Charter; whereas, in the absence of full compliance by Iraq with its resolutions, the United Nations Security Council in Resolution 678 has authorized member states of the United Nations to use all necessary means, after January 15, 1991, to uphold and implement all relevant Security Council resolutions and to restore international peace and security in the area; and whereas Iraq has persisted in its illegal occupation of, and brutal aggression against Kuwait; now, therefore, be it:

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This joint resolution may be cited as the 'Authorization for Use of Military Force Against Iraq Resolution'.

SECTION 2. AUTHORIZATION FOR USE OF UNITED STATES ARMED FORCES.

(a) AUTHORIZATION.—The President is authorized, subject to subsection (b), to use United States Armed Forces pursuant to United Nations Security Council Resolution 678 (1990) in order to achieve implementation of Security Council Resolutions 660, 661, 662, 664, 665, 666, 667, 669, 670, 671, and 677.

(b) REQUIREMENT FOR DETERMINATION THAT USE OF MILITARY FORCE IS NECESSARY.—Before exercising the authority granted in subsection (a), the President shall make available to the Speaker of the House of Representatives and the President pro tempore of the Senate his determination that:

(1) the United States has used all appropriate diplomatic and other peaceful means to obtain compliance by Iraq with the United Nations Security Council resolutions cited in subsection (a); and
(2) that those efforts have not been and would not be successful in obtaining such compliance.

(c) WAR POWERS RESOLUTION REQUIREMENTS.—(1) SPECIFIC STATUTORY AUTHORIZATION.—Consistent with section 8(a)(1) of the War Powers Resolution (50 U.S.C. 1547(a)(1)), the Congress declares that this section is intended to constitute specific statutory authorization within the meaning of section 5(b) of the War Powers Resolution (50 U.S.C. 1544(b)).
(2) APPLICABILITY OF OTHER REQUIREMENTS.—Nothing in this resolution supersedes any requirement of the War Powers Resolution (50 U.S.C. 1541 et seq.).

SECTION 3. REPORTS TO CONGRESS.

At least once every 90 days, the President shall submit to the Congress a summary on the status of efforts to obtain compliance by Iraq with the resolutions adopted by the United Nations Security Council in response to Iraq's aggression.

INTRODUCTION OF UNITED STATES ARMED FORCES INTO CENTRAL AMERICA FOR COMBAT

(a) The Congress makes the following findings:
(b) The President has stated that there is no need to introduce United States Armed Forces into Central America for combat and that he has no intention of doing so.
(2) The President of El Salvador has stated that there is no need for United States Armed Forces to conduct combat operations in El Salvador and that he has no intention of doing so.
(3) The possibility of the introduction of United States Armed Forces into Central America for combat raises very grave concern in the Congress and the American people.

(b) It is the sense of Congress that:
(1) United States Armed Forces should not be introduced into or over the countries of Central America for combat; and
(2) if circumstances change from those present on the date of the enactment of this Act and the President believes that those changed circumstances require the introduction of United States Armed Forces into or over a country of Central America for combat, the President should consult with Congress before any decision to so introduce United States Armed Forces and any such introduction of United States Armed Forces must comply with the War Powers Resolution [this chapter].

Multinational Force in Lebanon Resolution

(1) The Congress makes the following findings:
(a) The President has stated that there is no need to introduce United States Armed Forces into Central America for combat and that he has no intention of doing so.
(b) The President of El Salvador has stated that there is no need for United States Armed Forces to conduct combat operations in El Salvador and that he has no intention of doing so.
(2) The President of El Salvador has stated that there is no need for United States Armed Forces to conduct combat operations in El Salvador and that he has no intention of asking that they do so.
(3) The possibility of the introduction of United States Armed Forces into Central America for combat raises very grave concern in the Congress and the American people.
(b) It is the sense of Congress that:
(1) United States Armed Forces should not be introduced into or over the countries of Central America for combat; and
(2) if circumstances change from those present on the date of the enactment of this Act (Oct. 12, 1984) and the President believes that those changed circumstances require the introduction of United States Armed Forces into or over a country of Central America for combat, the President should consult with Congress before any decision to so introduce United States Armed Forces and any such introduction of United States Armed Forces must comply with the War Powers Resolution [this chapter].

FINDINGS AND PURPOSE

(a) The Congress finds that—
(1) the removal of all foreign forces from Lebanon is an essential United States foreign policy objective in the Middle East;
(2) in order to restore full control by the Government of Lebanon over its own territory, the United States is currently participating in the multinational peacekeeping force (hereafter in this resolution referred to as the 'Multinational Force in Lebanon') which was established in accordance with the exchange of letters between the Governments of the United States and Lebanon dated September 25, 1982;
(3) the Multinational Force in Lebanon better enables the Government of Lebanon to establish its unity, independence, and territorial integrity;
(4) progress toward national political reconciliation in Lebanon is necessary; and
(5) United States Armed Forces participating in the Multinational Force in Lebanon are now in hos-
ties requiring authorization of their continued presence under the War Powers Resolution [50 U.S.C. 1541 et seq.].

(c) The Congress determines that the requirements of section 4(a)(1) of the War Powers Resolution [50 U.S.C. 1544(a)(1)] became operative on August 29, 1983. Consistent with section 5(b) of the War Powers Resolution [50 U.S.C. 1544(b)], the purpose of this joint resolution is to authorize the continued participation of United States Armed Forces in the Multinational Force in Lebanon.

"AUTHORIZATION FOR CONTINUED PARTICIPATION OF UNITED STATES ARMED FORCES IN THE MULTINATIONAL FORCE IN LEBANON"

"SEC. 3. The President is authorized, for purposes of section 5(b) of the War Powers Resolution [50 U.S.C. 1544(b)], to continue participation by United States Armed Forces in the Multinational Force in Lebanon, subject to the provisions of section 6 of this joint resolution. Such participation shall be limited to performance of the functions, and shall be subject to the limitations specified in the agreement establishing the Multinational Force in Lebanon as set forth in the exchange of letters between the Governments of the United States and Lebanon dated September 25, 1982, except that this shall not preclude such protective measures as may be necessary to ensure the safety of the Multinational Force in Lebanon.

"REPORTS TO THE CONGRESS"

"SEC. 4. As required by section 4(c) of the War Powers Resolution [50 U.S.C. 1543(c)], the President shall report periodically to the Congress with respect to the situation in Lebanon, but in no event shall he report less often than once every three months. In addition to providing the information required by that section on the status, scope, and duration of hostilities involving United States Armed Forces, such reports shall describe in detail—

"(1) the activities being performed by the Multinational Force in Lebanon;

"(2) the present composition of the Multinational Force in Lebanon, including a description of the responsibilities and deployment of the armed forces of each participating country;

"(3) the results of efforts to reduce and eventually eliminate the Multinational Force in Lebanon;

"(4) how continued United States participation in the Multinational Force in Lebanon is advancing United States foreign policy interests in the Middle East; and

"(5) what progress has occurred toward national political reconciliation among all Lebanese groups.

"STATEMENTS OF POLICY"

"SEC. 5. (a) The Congress declares that the participation of the armed forces of other countries in the Multinational Force in Lebanon is essential to maintain the international character of the peacekeeping function in Lebanon.

"(b) The Congress believes that it should continue to be the policy of the United States to promote continuing discussions with Israel, Syria, and Lebanon with the objective of bringing about the withdrawal of all foreign troops from Lebanon and establishing an environment which will permit the Lebanese Armed Forces to carry out their responsibilities in the Beirut area.

"(c) It is the sense of the Congress that, not later than one year after the date of enactment of this joint resolution [Oct. 12, 1983] and at least once a year thereafter, the United States should discuss with the other members of the Security Council of the United Nations the establishment of a United Nations peacekeeping force to assume the responsibilities of the Multinational Force in Lebanon. An analysis of the implications of the response to such discussions for the continuation of the Multinational Force in Lebanon shall be included in the reports required under paragraph (3) of section 4 of this resolution.

"DURATION OF AUTHORIZATION FOR UNITED STATES PARTICIPATION IN THE MULTINATIONAL FORCE IN LEBANON"

"SEC. 6. The participation of United States Armed Forces in the Multinational Force in Lebanon shall be authorized for purposes of the War Powers Resolution [50 U.S.C. 1541 et seq.] until the end of the eighteen-month period beginning on the date of enactment of this resolution [Oct. 12, 1983] unless the Congress extends such authorization, except that such authorization shall terminate sooner upon the occurrence of any one of the following:

"(1) the withdrawal of all foreign forces from Lebanon, unless the President determines and certifies to the Congress that continued United States Armed Forces participation in the Multinational Force in Lebanon is required after such withdrawal in order to accomplish the purposes specified in the September 25, 1982, exchange of letters providing for the establishment of the Multinational Force in Lebanon; or

"(2) the assumption by the United Nations or the Government of Lebanon or the implementing chapter of the Multinational Force in Lebanon of the responsibilities of the Multinational Force in Lebanon; or

"(3) the implementation of other effective security arrangements in the area; or

"(4) the withdrawal of all other countries from participation in the Multinational Force in Lebanon.

"INTERPRETATION OF THIS RESOLUTION"

"SEC. 7. (a) Nothing in this joint resolution shall preclude the President from withdrawing United States Armed Forces participation in the Multinational Force in Lebanon if circumstances warrant, and nothing in this joint resolution shall preclude the Congress by joint resolution from directing such a withdrawal.

"(b) Nothing in this joint resolution modifies, limits, or supersedes any provision of the War Powers Resolution [50 U.S.C. 1541 et seq.] or the requirement of section 4(a) of the Lebanon Emergency Assistance Act of 1983, relating to congressional authorization for any substantial expansion in the number or role of United States Armed Forces in Lebanon.

"CONGRESSIONAL PRIORITY PROCEDURES FOR AMENDMENTS"

"SEC. 8. (a) Any joint resolution or bill introduced to amend or repeal this Act shall be referred to the Committee on Foreign Affairs of the House of Representatives or the Committee on Foreign Relations of the Senate, as the case may be. Such joint resolution or bill shall be considered by such committee within fifteen calendar days and may be reported out, together with its recommendations, unless such House shall otherwise determine pursuant to its rules.

"(b) Any joint resolution or bill so reported shall become the pending business of the House in question (in the case of the Senate the time for debate shall be equally divided between the proponents and the opponents) and shall be voted on within three calendar days thereafter, unless such House shall otherwise determine by the yeas and nays.

"(c) Such a joint resolution or bill passed by one House shall be referred to the committee of the other House named in subsection (a) and shall be reported out by such committee together with its recommendations within fifteen calendar days and shall thereupon become the pending business of such House and shall be voted upon within three calendar days, unless such House shall otherwise determine by the yeas and nays.

"(d) In the case of any disagreement between the two Houses of Congress with respect to a joint resolution or bill passed by both Houses, conferees shall be promptly appointed and the committee of conference shall make
and file a report with respect to such joint resolution within six calendar days after the legislation is referred to the committee of conference. Notwithstanding any rule in either House concerning the printing of conference reports in the Record or concerning any delay in the consideration of such reports, such report shall be acted on by both Houses not later than six calendar days after the conference report is filed. In the event the conferees are unable to agree within forty-eight hours, they shall report back to their respective Houses in disagreement."

ADHERENCE TO WAR POWERS RESOLUTION

Pub. L. 96–342, title X, § 1008, Sept. 8, 1980, 94 Stat. 1122, provided that: "Whereas, the National Command Authority must have the capacity to carry out any military mission which is essential to the national security of the United States having in its hands in the Rapid Deployment Force an increased capability to extend the reach of our military power in an expedited manner; and whereas, without the significant safeguard of the War Powers Resolution (Public Law 93–148) [this chapter], United States foreign and defense policies could be subject to misinterpretation; it is therefore the sense of the Congress that the provisions of the War Powers Resolution be strictly adhered to and that the congressional consultation process specified by such Resolution be utilized strictly according to the terms of the War Powers Resolution."

DELEGATION OF CERTAIN REPORTING AUTHORITY

Memorandum of President of the United States, July 2, 2004, 69 F.R. 43723, provided:

Memorandum for the Secretary of State

By the authority vested in me as President by the Constitution and laws of the United States, including section 301 of title 3, United States Code, I hereby delegate to you the functions and authority conferred upon the President by section 4 of the Authorization for Use of Military Force Against Iraq Resolution of 2002, Public Law 107–243 [set out in a note above], and by section 3 of the Authorization for Use of Military Force Against Iraq Resolution, Public Law 102–1 [set out in a note above], to make the specified reports to the Congress. You are authorized and directed to publish this memorandum in the Federal Register.

GEORGE W. BUSH.

§ 1542. Consultation; initial and regular consultations

The President in every possible instance shall consult with Congress before introducing United States Armed Forces into hostilities or into situations where imminent involvement in hostilities is clearly indicated by the circumstances, and after every such introduction shall consult regularly with the Congress until United States Armed Forces are no longer engaged in hostilities or have been removed from such situations.

§ 1543. Reporting requirement

(a) Transmittal of report and referral to Congressional committees; joint request for convening Congress

Each report submitted pursuant to section 1543(a)(1) of this title shall be transmitted to the Speaker of the House of Representatives and to the President pro tempore of the Senate on the same calendar day. Each report so transmitted shall be referred to the Committee on Foreign Affairs of the House of Representatives and to the Committee on Foreign Relations of the Senate for appropriate action. If, when the report is transmitted, the Congress has adjourned sine die or has adjourned for any period in excess of three calendar days, the Speaker of the House of Representatives and the President pro tempore of the Senate, if they deem it advisable (or if petitioned by at least 30 percent of the membership of their respective Houses) shall jointly request the President to convene Congress in order that it may consider the report and take appropriate action pursuant to this section.

(b) Termination of use of United States Armed Forces; exceptions; extension period

Within sixty calendar days after a report is submitted or is required to be submitted pursuant to section 1543(a)(1) of this title, whichever is earlier, the President shall terminate any use
of United States Armed Forces with respect to which such report was submitted (or required to be submitted), unless the Congress (1) has declared war or has enacted a specific authorization for such use of United States Armed Forces, (2) has extended by law such sixty-day period, or (3) is physically unable to meet as a result of an armed attack upon the United States. Such sixty-day period shall be extended for not more than an additional thirty days if the President determines and certifies to the Congress in writing that unavoidable military necessity respecting the safety of United States Armed Forces requires the continued use of such armed forces in the course of bringing about a prompt removal of such forces.

(c) Concurrent resolution for removal by President of United States Armed Forces

Notwithstanding subsection (b) of this section, at any time that United States Armed Forces are engaged in hostilities outside the territory of the United States, its possessions and territories without a declaration of war or specific statutory authorization, such forces shall be removed by the President if the Congress so directs by concurrent resolution.

§ 1546. Congressional priority procedures for concurrent resolution

(a) Time requirement; referral to Congressional committee; single report

Any joint resolution or bill introduced pursuant to section 1544(b) of this title at least thirty calendar days before the expiration of the sixty-day period specified in such section shall be referred to the Committee on Foreign Affairs of the House of Representatives or the Committee on Foreign Relations of the Senate, as the case may be, and such committee shall report one such joint resolution or bill, together with its recommendations, not later than twenty-four calendar days before the expiration of the sixty-day period specified in such section, unless such House shall otherwise determine by the yeas and nays.

(b) Pending business; vote

Any joint resolution or bill so reported shall become the pending business of the House in question (in the case of the Senate the time for debate shall be equally divided between the proponents and the opponents), and shall be voted on within three calendar days thereafter, unless such House shall otherwise determine by yeas and nays.

(c) Referral to other House committee

Such a joint resolution or bill passed by one House shall be referred to the committee of the other House named in subsection (a) of this section and shall be reported out not later than fourteen calendar days before the expiration of the sixty-day period specified in section 1544(b) of this title. The joint resolution or bill so reported shall become the pending business of the House in question and shall be voted on within three calendar days after it has been reported, unless such House shall otherwise determine by yeas and nays.

(d) Disagreement between Houses

In the case of any disagreement between the two Houses of Congress with respect to a joint resolution or bill passed by both Houses, conferees shall be promptly appointed and the committee of conference shall make and file a report with respect to such resolution or bill not later than four calendar days before the expiration of the sixty-day period specified in section 1544(b) of this title. In the event the conferees are unable to agree within 48 hours, they shall report back to their respective Houses in disagreement. Notwithstanding any rule in either House concerning the printing of conference reports in the Record or concerning any delay in the consideration of such reports, such report shall be acted on by both Houses not later than the expiration of such sixty-day period.

§ 1545. Congressional priority procedures for joint resolution or bill
conference report is filed. In the event the conferees are unable to agree within 48 hours, they shall report back to their respective Houses in disagreement.

§ 1546a. Expedited procedures for certain joint resolutions and bills

Any joint resolution or bill introduced in either House which requires the removal of United States Armed Forces engaged in hostilities outside the territory of the United States, its possessions and territories, without a declaration of war or specific statutory authorization shall be considered in accordance with the procedures of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976, except that any such resolution or bill shall be amendable. If such a joint resolution or bill should be vetoed by the President, the time for debate in consideration of the veto message on such measure shall be limited to twenty hours in the Senate and in the House shall be determined in accordance with the Rules of the House.

(a) Termination methods

Any national emergency declared by the President in accordance with this subchapter shall terminate if—

(1) there is enacted into law a joint resolution terminating the emergency; or

(2) the President issues a proclamation terminating the emergency.

Any national emergency declared by the President shall be terminated on the date specified in a proclamation by the President terminating the emergency as provided in clause (2) of this subsection, whichever date is earlier, and any powers or authorities exercised by reason of said emergency shall cease to be exercised after such specified date, except that such termination shall not affect—

(A) any action taken or proceeding pending not finally concluded or determined on such date;

(B) any action or proceeding based on any act committed prior to such date; or

(C) any rights or duties that matured or penalties that were incurred prior to such date.

(b) Termination review of national emergencies by Congress

Not later than six months after a national emergency is declared, and not later than the end of each six-month period thereafter that such emergency continues, each House of Congress shall meet to consider a vote on a joint resolution to determine whether that emergency shall be terminated.

(c) Joint resolution; referral to Congressional committees; conference committee in event of disagreement; filing of report; termination procedure deemed part of rules of House and Senate

(1) A joint resolution to terminate a national emergency declared by the President shall be referred to the appropriate committee of the House of Representatives or the Senate, as the case may be. One such joint resolution shall be reported out by such committee together with its recommendations within fifteen calendar days after the day on which such resolution is referred to such committee, unless such House shall otherwise determine by the yeas and nays.

(2) Any joint resolution so reported shall become the pending business of the House in question (in the case of the Senate the time for debate shall be equally divided between the proponents and the opponents) and shall be voted on within three calendar days after the day on which such resolution is reported, unless such House shall otherwise determine by yeas and nays.

(3) Such a joint resolution passed by one House shall be referred to the appropriate committee of the other House and shall be reported out by such committee together with its recommendations within fifteen calendar days after the day on which such resolution is referred to such committee and shall thereupon become the pending business of such House and shall be voted upon within three calendar days after the day on which such resolution is reported, unless such House shall otherwise determine by yeas and nays.

(4) In the case of any disagreement between the two Houses of Congress with respect to a joint resolution passed by both Houses, conferees shall be promptly appointed and the committee of conference shall make and file a report with respect to such joint resolution within six calendar days after the day on which managers on the part of the Senate and the House have been appointed. Notwithstanding any rule in either House concerning the printing of conference reports or concerning any delay in the consideration of such reports, such report shall be acted on by both Houses not later than six calendar days after the conference report is filed in the House in which such report is filed first. In the event the conferees are unable to agree within forty-eight hours, they shall report back to their respective Houses in disagreement.

(5) Paragraphs (1)–(4) of this subsection, subsection (b) of this section, and section 1651(b) of this title are enacted by Congress—

(A) as an exercise of the rulemaking power of the Senate and the House of Representatives, respectively, and as such they are deemed a part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in the House in the case of resolutions described by this subsection; and they supersede other rules only to the extent that they are inconsistent therewith; and

(B) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner, and to the same extent as in the case of any other rule of that House.

(d) Automatic termination of national emergency; continuation notice from President to Congress; publication in Federal Register

Any national emergency declared by the President in accordance with this subchapter, and not otherwise previously terminated, shall terminate on the anniversary of the declaration of that emergency if, within the ninety-day pe-

(4) Since 1999, violent crime in Venezuela has risen sharply and the Venezuelan Violence Observatory, an independent nongovernmental organization, found the national per capita murder rate to be 79 per 100,000 people in 2013.

(5) The international nongovernmental organization Human Rights Watch recently stated, ‘Under the leadership of President Chávez and now President Maduro, the accumulation of power in the executive branch and the erosion of human rights guarantees have enabled the government to intimidate, censor, and prosecute its critics.’

(6) The Country Reports on Human Rights Practices for 2013 of the Department of State maintained that in Venezuela ‘the government did not respect judicial independence or permit judges to act according to the law without fear of retaliation’ and ‘the government used the judiciary to intimidate and selectively prosecute political, union, business, and civil society leaders who were critical of government policies or actions’.

(7) The Government of Venezuela has detained foreign journalists and threatened and expelled international media outlets operating in Venezuela, and the international nongovernmental organization Freedom House declared that Venezuela’s ‘media climate is permeated by intimidation, sometimes including physical attacks, and strong antimedia rhetoric by the government is common’.

(8) Since February 4, 2014, the Government of Venezuela has responded to antigovernment protests with violence and killings perpetrated by its public security forces.

(9) In May 2014, Human Rights Watch found that the unlawful use of force perpetrated against antigovernment protesters was ‘part of a systematic practice by the Venezuelan security forces’.

(10) As of September 1, 2014, 41 people had been killed, approximately 3,000 had been arrested unjustly, and more than 150 remained in prison and faced criminal charges as a result of antigovernment demonstrations throughout Venezuela.

(11) Opposition leader Leopoldo López was arrested on February 18, 2014, in relation to the protests and was unjustly charged with criminal incitement, conspiracy, arson, and property damage. Since his arrest, López has been held in solitary confinement and has been denied 58 out of 60 of his proposed witnesses at his ongoing trial.

(12) As of September 1, 2014, not a single member of the public security forces of the Government of Venezuela had been held accountable for acts of violence perpetrated against antigovernment protesters.

“It is the sense of Congress that:

(1) the United States aspires to a mutually beneficial relationship with Venezuela based on respect for human rights and the rule of law and a functional and productive relationship on issues of public security, including counternarcotics and counterterrorism;

(2) the United States supports the people of Venezuela in their efforts to realize their full economic potential and to advance representative democracy, human rights, and the rule of law within their country;

(3) the chronic mismanagement by the Government of Venezuela of its economy has produced conditions of economic hardship and scarcity of basic goods and foodstuffs for the people of Venezuela;

(4) the failure of the Government of Venezuela to guarantee minimal standards of public security for its citizens has led the country to become one of the most violent and corrupt in the world;

(5) the Government of Venezuela continues to take steps to remove checks and balances on the executive, politicize the judiciary, undermine the independence of the legislature through use of decree powers, persecute and prosecute its political opponents, curtail freedom of the press, and limit the free expression of its citizens;

(6) Venezuelans, responding to ongoing economic hardship, high levels of crime and violence, and the lack of basic political rights and individual freedoms, have turned out in demonstrations in Caracas and throughout the country to protest the failure of the Government of Venezuela to protect the political and economic well-being of its citizens; and

(7) the repeated use of violence perpetrated by the National Guard and security personnel of Venezuela, as well as persons acting on behalf of the Government of Venezuela, against antigovernment protesters that began on February 4, 2014, is intolerable and the use of unprovoked violence by protesters is also a matter of serious concern.

SEC. 4. UNITED STATES POLICY TOWARD VENEZUELA.

“It is the policy of the United States—

(1) to support the people of Venezuela in their aspiration to live under conditions of peace and representative democracy as defined by the Inter-American Democratic Charter of the Organization of American States;

(2) to work in concert with the other member states within the Organization of American States, as well as the countries of the European Union, to ensure the peaceful resolution of the current situation in Venezuela and the immediate cessation of violence against antigovernment protesters;

(3) to hold accountable government and security officials in Venezuela responsible for or complicit in the use of force in relation to antigovernment protests and similar future acts of violence; and

Bush affirmed the Secretary of State's finding and stated, 'at this hour, the world is witnessing terrible suffering and horrible crimes in the Darfur region of Sudan, crimes my government has concluded are genocidal'.

(7) On March 24, 2005, the United Nations Security Council passed Security Council Resolution 1590 (2005), establishing the United Nations Mission in Sudan (referred to in this section as the 'UNMIS'), consisting of up to 10,000 military personnel and 715 civilian police tasked with supporting the implementation of the Comprehensive Peace Agreement for Sudan and to 'closely and continuously liaise and coordinate at all levels with the African Union Mission in Sudan (AMIS)', which had been established by the African Union on May 24, 2004, to monitor the implementation of the N'Djamena Humanitarian Ceasefire Agreement, signed on April 8, 2004, with a view towards expeditiously reinforcing the effort to foster peace in Darfur.

(9) On March 31, 2005, the United Nations Security Council passed Security Council Resolution 1593 (2005), referring the situation in Darfur since July 1, 2002, to the prosecutor of the International Criminal Court and calling on the Government of Sudan and all parties to the conflict to cooperate fully with the Court.

(10) On July 30, 2005, Dr. John Garang de Mabior, the newly appointed Vice President of Sudan and the leader of the SPLM/A for the past 21 years, was killed in a tragic helicopter crash in Southern Sudan, sparking riots in Khartoum and challenging the commitment of all Sudanese to the Comprehensive Peace Agreement for Sudan.

(11) On January 12, 2006, the African Union Peace and Security Council issued a communiqué endorsing, in principle, a transition from AMIS to a United Nations peacekeeping operation and requested the Chairperson of the Council to initiate consultations with the United Nations and other stakeholders toward this end.

(12) On February 3, 2006, the United Nations Security Council issued a Presidential Statement author-
izing the initiation of contingency planning for a transition from AMIS to a United Nations peacekeeping operation.

"(13) On March 10, 2006, the African Union Peace and Security Council extended the mandate of AMIS, which had reached a force size of 7,000, to September 30, 2006, while simultaneously endorsing the transition of AMIS to a United Nations peacekeeping operation and setting April 30, 2006 as the deadline for reaching an agreement to resolve the crisis in Darfur.

"(B) requests that the United Nations Secretary-General, jointly with the African Union and in consultation with the parties to the Abuja Peace Talks, expedite planning for the transition of AMIS to a United Nations peacekeeping operation.

"(15) On March 29, 2006, during a speech at Freedom House, President Bush called for a transition to a United Nations peacekeeping operation and 'additional forces with a NATO overlay . . . to provide logistical and command-and-control and airlift capacity, but also to send a clear signal to parties involved that the west is determined to help effect a settlement.'

"(16) On April 25, 2006, the United Nations Security Council passed Security Council Resolution 1672 (2006), unanimously imposing targeted financial sanctions and travel restrictions on 4 individuals who had been identified as those who, among other acts, 'impede the peace process, constitute a threat to stability in Darfur and the region, commit violations of international humanitarian or human rights law or other atrocities', including the Commander of the Western Military Region for the armed forces of Sudan, the Paramount Chief of the Jalul Tribe in North Darfur, the Commander of the Sudan Liberation Army, and the Field Commander of the National Movement for Reform and Development.

"(20) Between August 30 and September 3, 2006, President Bashir and other senior members of his administration have publicly rejected United Nations Security Council Resolution 1706 (2006), calling it illegal and a western invasion of his country, despite the current presence of 10,000 United Nations peacekeepers under the UNMIS peacekeeping force.

"(21) Since 1983, the Secretary of State has determined, pursuant to section 1 of the Foreign Assistance Act of 1961 (22 U.S.C. 2351 et seq.), that Sudan is a country, the government of which has repeatedly provided support for acts of international terrorism, thereby restricting United States assistance, defense exports and sales, and financial and other transactions with the Government of Sudan.

"(6) acting under article 5 of the Charter of the United Nations, the United Nations Security Council should call for suspension of the Government of Sudan's rights and privileges of membership by the General Assembly until such time as the Government of Sudan has honored pledges to cease attacks upon civilians, demobilize and demilitarize the Janjaweed and associated militias, and grant free and unfettered access for deliveries of humanitarian assistance in the Darfur region;

"(B) calls upon those member states of the United Nations that continue to undermine efforts to foster peace in Sudan by providing military assistance to the Government of Sudan, government supported militias, or any rebel group operating in Darfur in
violation of the embargo on such assistance and equipment, as called for in United Nations Security Council Resolutions 1556 (2004) and 1591 (2005), to immediately cease and desist.

"(9) the United States should not provide assistance to the Government of Sudan, other than assistance necessary for the implementation of the Comprehensive Peace Agreement for Sudan and the Darfur Peace Agreement, the support of the regional Government of Southern Sudan, the Transitional Darfur Regional Authority, and marginalized areas in Northern Sudan (including the Nuba Mountains, Southern Blue Nile, Abeyi, Eastern Sudan (Beja), Darfur, and Nuba), or for humanitarian purposes in Sudan, until the Government of Sudan has honored pledges to cease attacks upon civilians, demobilize and demilitarize the Janjaweed and associated militias, grant free and unfettered access for deliveries of humanitarian assistance in the Darfur region, and allow for the safe and voluntary return of refugees and internally displaced persons;

"(10) the President should seek to assist members of the Sudanese diaspora in the United States by establishing a student loan forgiveness program for those individuals who commit to return to Southern Sudan for a period of not less than 5 years for the purpose of contributing professional skills needed for the reconstruction of Southern Sudan;

"(A) provide stewardship of efforts to implement the Comprehensive Peace Agreement for Sudan and the Darfur Peace Agreement;

"(B) seek ways to bring stability and peace to the Darfur region;

"(C) address instability elsewhere in Sudan, Chad, and northern Uganda; and

"(D) pursue a truly comprehensive peace throughout the region;

"(12) the international community should strongly condemn attacks against humanitarian workers and African Union personnel, and the forcible recruitment of refugees and internally displaced persons from camps in Chad and Sudan, and demand that all armed groups in the region, including the forces of the Government of Sudan, the Janjaweed, associated militias, the Sudan Liberation Movement/Army, the Justice and Equality Movement, the National Movement for Reform and Development (NMRD), and all other armed groups refrain from such activities;

"(13) the United States should fully support the Comprehensive Peace Agreement for Sudan and the Darfur Peace Agreement and urge rapid implementation of their terms;

"(14) the May 5, 2006[,] signing of the Darfur Peace Agreement between the Government of Sudan and the Sudan Liberation Movement/Army, the Justice and Equality Movement, the National Movement for Reform and Development (NMRD), and all other armed groups refrain from such activities;

"(15) the new leadership of the Sudan People’s Liberation Movement (referred to in this paragraph as ‘SPLM’) should—

"(A) seek to transform SPLM into an inclusive, transparent, and democratic body;

"(B) reaffirm the commitment of SPLM to—

"(i) bring peace to Southern Sudan, the Darfur region, and Eastern Sudan; and

BURMESE FREEDOM AND DEMOCRACY

SECTION 1. INTERNATIONAL FINANCIAL INSTITUTIONS.

In this Act:

(1) the term ‘appropriate congressional committees’ means the Committees on Foreign Relations, Banking, Housing, and Urban Affairs, and Appropriations of the Senate, and the Committees on Financial Services, Foreign Affairs, and Appropriations of the House of Representatives;

(Added Pub. L. 112–192, set out above, delegated to Secretary of State by Memorandum of President of the United States, Oct. 10, 2012, 77 F.R. 65455.)

SECTION 1. SHORT TITLE.

This Act may be cited as the ‘Tom Lantos Block Burmese JADE (Junta’s Anti-Democratic Efforts) Act of 2008’.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) Beginning on August 19, 2007, hundreds of thousands of citizens of Burma, including thousands of Buddhist monks and students, participated in peaceful demonstrations against rapidly deteriorating living conditions and the violent and repressive policies of the State Peace and Development Council (SPDC), the ruling military regime in Burma—

(A) to demand the release of all political prisoners, including 1991 Nobel Peace Prize winner Aung San Suu Kyi; and

(B) to urge the regime to engage in meaningful dialogue to pursue national reconciliation.
The Burmese regime responded to these peaceful protests with a violent crackdown leading to the reported killing of approximately 200 people, including a Japanese photojournalist, and hundreds of injuries. Human rights groups further estimate that over 2,000 individuals have been detained, arrested, imprisoned, beaten, tortured, or otherwise intimidated as part of this crackdown. Burma’s military, police, and their affiliates in the Union Solidarity Development Association (USDA) perpetrated almost all of these abuses. The Burmese regime continues to detain, torture, and otherwise intimidate those individuals whom it believes participated in or led the protests and it has closed down or otherwise limited access to several monasteries and temples that played key roles in the peaceful protests.

The Department of State’s 2006 Country Reports on Human Rights Practices found that the Burmese regime:

- (A) routinely restricts freedoms of speech, press, assembly, association, religion, and movement;
- (B) traffics in persons;
- (C) discriminates against women and ethnic minorities;
- (D) forcibly recruits child soldiers and child labor; and
- (E) commits other serious violations of human rights, including extrajudicial killings, custodial deaths, disappearances, rape, torture, abuse of prisoners and detainees, and the imprisonment of citizens arbitrarily for political motives.

Aung San Suu Kyi has been arbitrarily imprisoned or held under house arrest for more than 12 years.

In October 2007, President Bush announced a new Executive Order to tighten economic sanctions against Burma and block property and travel to the United States by certain senior leaders of the SPDC, individuals who provide financial backing for the SPDC, and individuals responsible for human rights violations and impeding democracy in Burma. Additional names were added in updates done on October 19, 2007, and February 5, 2008. However, only 38 discrete individuals and 13 discrete companies have been designated under those sanctions, once aliases and companies with similar names were removed. By contrast, the Australian Government identified more than 400 individuals and entities subject to its sanctions applied in the wake of the 2007 violence. The European Union’s regulations to implement sanctions against Burma have identified more than 400 individuals and companies among the leadership of government, the military, and the USDA, along with nearly 1300 state and military-run companies potentially subject to its sanctions.

The Burmese regime and its supporters finance their ongoing violations of human rights, undemocratic policies, and military activities in part through financial transactions, travel, and trade involving the United States, including the sale of petroleum products, gemstones and hardwoods.

In 2006, the Burmese regime earned more than $500 million from oil and gas projects, over $300 million from sale of hardwoods, and in excess of $300 million from the sale of rubies and jade. At least $500 million of the $2.16 billion earned in 2006 from Burma’s two natural gas pipelines, one of which is 28 percent owned by a United States company, went to the Burmese regime. The regime has earned smaller amounts from oil and gas exploration and non-operational pipelines but United States investors are not involved in those transactions. Industry sources estimate that over $100 million annually in Burmese rubies and jade enter the United States. Burma’s official statistics report that Burma exported $500 million in hardwoods in 2006 but NGOs estimate the true figure to exceed $300 million. Reliable statistics on the amount of hardwoods imported into the United States from Burma in the form of finished products are not available, in part due to widespread illegal logging and smuggling.

The SPDC seeks to evade the sanctions imposed in the Burmese Freedom and Democracy Act of 2003 [Pub. L. 108–61, set out below]. Millions of dollars in gemstones that are exported from Burma ultimately enter the United States, but the Burmese regime attempts to conceal the origin of the gemstones in an effort to evade sanctions. For example, according to gem industry experts, over 90 percent of the world’s ruby supply originates in Burma but only 3 percent of the rubies entering the United States are claimed to be of Burmese origin. The value of Burmese gemstones is predominantly based on their original quality and geological origin, rather than the labor involved in cutting and polishing the gemstones.

According to hardwood industry experts, Burma is home to approximately 60 percent of the world’s native teak reserves. More than ¼ of the world’s internationally traded teak originates from Burma, and hardwood sales, mainly of teak, represent more than 11 percent of Burma’s official foreign exchange earnings.

The SPDC owns a majority stake in virtually all enterprises responsible for the extraction and trade of Burmese natural resources, including all mining operations, the Myanmar Timber Enterprise, the Myanmar Gems Enterprise, the Myanmar Pearl Enterprise, and the Myanmar Oil and Gas Enterprise. Virtually all profits from these enterprises enrich the SPDC.

On October 11, 2007, the United Nations Security Council, with the consent of the People’s Republic of China, issued a statement condemning the violence in Burma, urging the release of all political prisoners, and calling on the SPDC to enter into a United Nations-mediated dialogue with its political opposition.

The United Nations special envoy Ibrahim Gambari traveled to Burma from September 29, 2007, through October 2, 2007, holding meetings with SPDC leader General Than Shwe and democracy advocate Aung San Suu Kyi in an effort to promote dialogue between the SPDC and democracy advocates.

The leaders of the SPDC will have a greater incentive to cooperate with diplomatic efforts by the United Nations, the Association of Southeast Asian Nations, and the People’s Republic of China if they come under targeted economic pressure that denies them access to personal wealth and sources of revenue.

On the night of May 2, 2008, through the morning of May 3, 2008, tropical cyclone Nargis struck the coast of Burma, resulting in the deaths of tens of thousands of Burmese.

The response to the cyclone by Burma’s military leaders illustrates their fundamental lack of concern for the welfare of the Burmese people. The regime did little to warn citizens of the cyclone, did not provide adequate humanitarian assistance to address basic needs and prevent loss of life, and continues to fail to provide life-protecting and life-sustaining services to its people.

The international community responded immediately to the cyclone and attempted to provide humanitarian assistance. More than 30 disaster assessment teams from 18 different nations and the United Nations arrived in the region, but the Burmese regime denied them permission to enter the country. Eventually visas were granted to aid workers, but the regime continues to severely limit their ability to provide assistance to those in need.

Despite the devastation caused by Cyclone Nargis, the junta went ahead with its referendum on a constitution drafted by an illegitimate assembly, conducting voting in unaffected areas on May 10, and in portions of the affected Irrawaddy region and Rangoon on May 26, 2008.

SEC. 15. SENSE OF CONGRESS WITH RESPECT TO INVESTMENTS IN BURMA'S OIL AND GAS INDUSTRY.

"(a) FINDINGS AND DECLARATIONS.—Congress finds the following:

(1) Currently United States, French, and Thai investors are engaged in the production and delivery of natural gas in the pipeline from the Yadana and Sein fields (Yadana pipeline) in the Andaman Sea, an enterprise which falls under the jurisdiction of the Burmese Government, and United States investment by Chevron represents approximately a 28 percent non-operated, working interest in that pipeline.

(2) The Congressional Research Service estimates that the Yadana pipeline provides at least $500,000,000 in annual revenue for the Burmese Government.

(3) The natural gas that transits the Yadana pipeline is delivered primarily to Thailand, representing about 20 percent of Thailand's total gas supply.

(4) The executive branch has in the past exempted investment in the Yadana pipeline from the sanctions regime against the Burmese Government.

(5) Congress believes that United States companies ought to be held to a high standard of conduct overseas and should avoid as much as possible acting in a manner that supports repressive regimes such as the Burmese Government.

(6) Congress recognizes the important symbolic value that divestment of United States holdings in Burma would have on the international sanctions effort, demonstrating that the United States will continue to lead by example.

"(b) STATEMENT OF POLICY.—

"(1) Congress urges Yadana investors to consider voluntary divestment over time if the Burmese Government fails to take meaningful steps to release political prisoners, restore civilian constitutional rule and promote national reconciliation.

"(2) Congress will remain concerned with the matters described in subsection (a)(1) of this Act.

"(c) SENSE OF CONGRESS.—It is the sense of Congress that so long as Yadana investors remain invested in Burma, such investors should:

(1) communicate to the Burmese Government, military and business officials, at the highest levels, concern about the lack of genuine consultation between the Burmese Government and its people, the failure of the Burmese Government to use its natural resources to benefit the Burmese people, and the military's use of forced labor;

(2) publicly disclose and deal with in a transparent manner, consistent with legal obligations, its role in any ongoing investment in Burma, including its financial involvement in any joint production agreement or other joint ventures and the amount of their direct or indirect support of the Burmese Government;

(3) work with project partners to ensure that forced labor is not used to construct, maintain, support, or defend the project facilities, including pipelines, offices, or other facilities.

[Memorandum of President of the United States, Aug. 29, 2012, 77 F.R. 57479, delegated to the Secretary of State the functions and authority conferred upon the President by section 5(a)(2) of that Act, to waive the visa ban under section 5(a)(1) of that Act, and to make the specified certification to Congress.]

"SECTION 1. SHORT TITLE.

"This Act may be cited as the 'Burmesse Freedom and Democracy Act of 2003'.

SEC. 2. FINDINGS.

"Congress makes the following findings:

(1) The State Peace and Development Council (SPDC) has failed to transfer power to the National League for Democracy (NLD) whose parliamentarians won an overwhelming victory in the 1990 elections in Burma.

(2) The SPDC has failed to enter into meaningful, political dialogue with the NLD and ethnic minorities and has dismissed the efforts of United Nations Special Envoy Razali bin Ismail to further such dialogue.

(3) According to the State Department's 'Report to the Congress Regarding Conditions in Burma and U.S. Policy Toward Burma' dated March 28, 2003, the SPDC has become 'more confrontational' in its exchanges with the NLD.

(4) On May 30, 2003, the SPDC, threatened by continued support for the NLD throughout Burma, brutally attacked NLD supporters, killed and injured scores of civilians, and arrested democracy advocate Aung San Suu Kyi and other activists.

(5) The SPDC continues egregious human rights violations against Burmese citizens, uses rape as a weapon of intimidation and torture against women, and forcibly conscripts child-soldiers for the use in fighting indigenous ethnic groups.

(6) The SPDC is engaged in ethnic cleansing against minorities within Burma, including the Karen, Karenni, and Shan people, which constitutes a crime against humanity and has directly led to more than 600,000 internally displaced people living within Burma and more than 130,000 people from Burma living in refugee camps along the Thai-Burma border.

(7) The ethnic cleansing campaign of the SPDC is in sharp contrast to the traditional peaceful coexistence in Burma of Buddhists, Muslims, Christians, and people of traditional beliefs.

(8) The SPDC has demonstrably failed to cooperate with the United States in stopping the flood of
heroine and methamphetamines being grown, refined, manufactured, and transported in areas under the control of the SPDC serving to flood the region and much of the world with these illicit drugs.

"(9) The SPDC provides safety, security, and engages in business dealings with narcotics traffickers under indictment by United States authorities, and other producers and traffickers of narcotics.

"(10) The International Labor Organization (ILO), for the first time in its 82-year history, adopted in 2000, a resolution recommending that governments, employers, and workers organizations take appropriate measures to ensure that their relations with the SPDC do not abet the government-sponsored system of forced, compulsory, or slave labor in Burma, and, if appropriate, cease as soon as possible any activity that could abet the practice of forced, compulsory, or slave labor.

"(11) The SPDC has integrated the Burmese military and its surrogates into all facets of the economy effectively destroying any free enterprise system.

"(12) Investment in Burmese companies and purchases from them serve to provide the SPDC with currency that is used to finance its instruments of terror and repression against the Burmese people.

"(13) On April 15, 2003, the American Apparel and Footwear Association expressed its ‘strong support for a full and immediate ban on U.S. textiles, apparel and footwear imports from Burma’ and called upon the United States Government to ‘impose an outright ban on U.S. imports’ of these items until Burma demonstrates respect for basic human and labor rights of its citizens.

"(14) The policy of the United States, as articulated by the President on April 24, 2003, is to officially recognize the NLD as the legitimate representative of the Burmese people as determined by the 1990 election.

"(15) The United States must work closely with other nations, including Thailand, a close ally of the United States, to highlight attention to the SPDC’s systematic abuses of human rights in Burma, to ensure that nongovernmental organizations promoting human rights and political freedom in Burma are allowed to operate freely and without harassment, and to craft a multilateral sanctions regime against Burma in order to pressure the SPDC to meet the conditions identified in section 3a(c) of this Act.

SEC. 3. BAN AGAINST TRADE THAT SUPPORTS THE MILITARY REGIME OF BURMA.

(a) GENERAL BAN.—

"(1) In General.—Notwithstanding any other provision of law, until such time as the President determines and certifies to Congress that Burma has met the conditions described in paragraph (1), beginning 30 days after the date of the enactment of this Act [July 28, 2003], the President shall ban the importation of any article that is a product of Burma.

(iii) allowing freedom of association;

(v) bringing to a conclusion an agreement between the SPDC and the democratic forces led by the NLD and Burma’s ethnic nationalities on the transfer of power to a civilian government accountable to the Burmese people through democratic elections under the rule of law.

(C) Pursuant to section 706(2) of the Foreign Relations Authorization Act, Fiscal Year 2003 [Public Law 107–228] (22 U.S.C. 2291–1(2)), Burma has not been designated as a country that has failed demonstrably to make substantial efforts to adhere to its obligations under international counternarcotics agreements and to take other effective counternarcotics measures, including, but not limited to (i) the arrest and extradition of all individuals under indictment in the United States for narcotics trafficking, (ii) concrete and measurable actions to stem the flow of illicit drug money into Burma’s banking system and economic enterprises, and (iii) actions to stop the manufacture and export of methamphetamines.

“LIMITED WAIVER OF CERTAIN SANCTIONS IMPOSED BY, AND DELEGATION OF CERTAIN AUTHORITIES PURSUANT TO, THE TOM LANTOS BLOCK BURMESE JADE (JUNTA’S ANTI-Democratic EFFORTS) ACT OF 2008

Determination of President of the United States, No. 2009–11, Jan. 15, 2009, 74 F.R. 3957, provided:
Memorandum for the Secretary of State [and] the Secretary of the Treasury
By the authority vested in me as President by the Constitution and laws of the United States, including the Tom Lantos Block Burmese JADE (Junta’s Anti-Democratic Efforts) Act of 2008 [Public Law 110–286 (JADE Act) [set out as a note above] and section 301 of title 3, United States Code, in order to ensure that the United States Government’s sanctions against the Burmese leadership and its supporters continue to be implemented effectively, to allow the reconciliation of measures applicable to persons sanctioned under the JADE Act with measures applicable to the same persons sanctioned under the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.), and to allow for the implementation of additional appropriate sanctions:
(1) I hereby waive, pursuant to section 5(i) of the JADE Act, the provisions of section 5(b) of the JADE Act with respect to those persons described in section 5(a)(1) of the JADE Act who are not included in the Department of the Treasury’s List of Specially Designated Nationals and Blocked Persons. Because the
imposition of effective and meaningful blocking sanctions requires the identification of those individuals and entities targeted for sanction and the authorization of certain limited exceptions to the prohibitions and restrictions that would otherwise apply. I hereby determine and certify that such a limited waiver is in the national interest of the United States.

(2) I hereby delegate to the Secretary of the Treasury the waiver authority set forth in section 5(i) of the JADE Act, including the authority to invoke or revoke the waiver with respect to any person or persons or any transaction or category of transactions or prohibitions by making the necessary determination and certification regarding the national interest of the United States set forth in that section. I hereby direct the Secretary of the Treasury, after consultation with the Secretary of State and with necessary support from the Intelligence Community, as defined in section 3(4) of the National Security Act of 1947, as amended [(former) 50 U.S.C. 401a(4)] [now 50 U.S.C. 3003(4)], to continue to target aggressively the Burmese regime and its lines of support. I further delegate to the Secretary of the Treasury the authority to take such actions as may be necessary to carry out the purposes of section 5(b) of the JADE Act. The Secretary of the Treasury may redelegate any of these functions to other officers and agencies of the United States Government consistent with applicable law. The authorities delegated to the Secretary of the Treasury under this memorandum shall be exercised after consultation with the Secretary of State.

(3) I authorize the Secretary of State, after consultation with the Secretary of the Treasury, to take such actions as may be necessary to make the submissions to the appropriate congressional committees pursuant to section 5(d) of the JADE Act. I hereby authorize and direct the Secretary of the Treasury to report this determination to the appropriate congressional committees and to publish it in the Federal Register.

GEORGE W. BUSH
SUDAN PEACE

SECTION 1. SHORT TITLE.

"This Act may be cited as the 'Comprehensive Peace in Sudan Act of 2004'.

SEC. 2. DEFINITIONS.

"In this Act:

"(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term "appropriate congressional committees" means the Committee on Foreign Relations of the Senate and the Committee on International Relations [now Committee on Foreign Affairs] of the House of Representatives.

"(2) GOVERNMENT OF SUDAN.—The term 'Government of Sudan' means the National Congress Party, formerly known as the National Islamic Front, government in Khartoum, Sudan, or any successor government formed on or after the date of the enactment of this Act [Dec. 23, 2004] (other than the coalition government agreed upon in the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004).

"(3) JEM.—The term 'JEM' means the Justice and Equality Movement.

"(4) SLA.—The term 'SLA' means the Sudan Liberation Army.

"(5) SPLM.—The term 'SPLM' means the Sudan People’s Liberation Movement.

SEC. 3. FINDINGS.

"Congress makes the following findings:

"(1) A comprehensive peace agreement for Sudan, as envisioned in the Sudan Peace Act [Pub. L. 107–245] (50 U.S.C. 1701 note) and the Machakos Protocol of 2002, could be in jeopardy if the parties do not implement and honor the agreements they have signed.

"(2) Since seizing power through a military coup in 1989, the Government of Sudan repeatedly has attacked and dislocated civilian populations in southern Sudan in a coordinated policy of ethnic cleansing and genocide that has cost the lives of more than 2,000,000 people and displaced more than 4,000,000 people.

"(3) In response to two decades of civil conflict in Sudan, the United States has helped to establish an internationally supported peace process to promote a negotiated settlement to the war that has resulted in a framework peace agreement, the Nairobi Declaration on the Final Phase of Peace in the Sudan, signed on June 5, 2001.

"(4) At the same time that the Government of Sudan was negotiating for a comprehensive and all inclusive peace agreement enumerated in the Nairobi Declaration on the Final Phase of Peace in the Sudan, it refused to engage in any meaningful discussion with regard to its ongoing campaign of ethnic cleansing and genocide in the Darfur region of western Sudan.

"(5) The Government of Sudan reluctantly agreed to attend talks to bring peace to the Darfur region only after considerable international pressure and outrage was expressed through high level visits by Secretary of State Colin Powell and others, and through United Nations Security Council Resolution 1556 (July 30, 2004).

"(6) The Government of the United States, in both the executive branch and Congress, has concluded that genocide has been committed and may still be occurring in the Darfur region, and that the Government of Sudan and militias supported by the Government of Sudan, known as the Janjaweed, bear responsibility for the genocide.

"(7) Evidence collected by international observers in the Darfur region between February 2003 and November 2004 indicate a coordinated effort to target African Sudanese civilians in a scorched earth policy, similar to that which was employed in southern Sudan, that has destroyed African Sudanese villages, killing and driving away their people, while Arab Sudanese villages have been left unscathed.

"(8) As a result of this genocidal policy in the Darfur region, an estimated 70,000 people have died, more than 1,600,000 people have been internally displaced, and more than 200,000 people have been forced to flee to neighboring Chad.

"(9) Reports further indicate the systematic rape of thousands of women and girls, the abduction of women and children, and the destruction of hundreds of ethnically African villages, including the poisoning of their wells and the plunder of their crops and cattle upon which the people of such villages sustain themselves.

"(10) Despite the threat of international action expressed through United Nations Security Council Resolutions 1556 (July 30, 2004) and 1561 (September 18, 2004), the Government of Sudan continues to obstruct and prevent efforts to reverse the catastrophic consequences that loom over the Darfur region.

"(11) In addition to the thousands of violent deaths directly caused by ongoing Sudanese military and government-sponsored Janjaweed attacks in the Darfur region, the Government of Sudan has restricted access by humanitarian and human rights workers to the Darfur area through intimidation by military and security forces, and through bureaucratic and administrative obstruction, in an attempt to inflict the most devastating harm on those individuals displaced from their villages and homes without any means of sustenance or shelter.

"(12) The Government of Sudan’s continued support for the Janjaweed and their obstruction of the delivery of food, shelter, and medical care to the Darfur region is estimated by the World Health Organization to be causing up to 10,000 deaths per month and,
should current conditions persist, is projected to escalate to thousands of deaths each day by December 2004.

"(3) The Government of Chad served an important role in facilitating the humanitarian cease-fire (the N’Djamena Agreement dated April 8, 2004) for the Darfur region between the Government of Sudan and the two opposition rebel groups in the Darfur region (the JEM and the SLA), although both sides have violated the cease-fire agreement repeatedly.

"(4) The people of Chad have responded courageously to the plight of over 200,000 Darfur refugees by providing assistance to them even though such assistance has adversely affected their own means of livelihood.

"On September 9, 2004, Secretary of State Colin Powell stated before the Committee on Foreign Relations of the Senate: ‘When we reviewed the evidence compiled by our team, along with other information we received from the State Department, we concluded that genocide has been committed in Darfur and that the Government of Sudan and the (Janjaweed) bear responsibility—and genocide may still be occurring.’%

"provide resources necessary to save the lives of hundreds of thousands of individuals at risk as a result of the crisis in the Darfur region, as well as by recognizing the need for a far larger force with a broader mandate.

"(7) The Government of Sudan’s complicity in the atrocities and genocide in the Darfur region raises fundamental questions about the Government of Sudan’s commitment to peace and stability in Sudan.

"SEC. 4. SENSE OF CONGRESS REGARDING THE CONFLICT IN DARFUR, SUDBAN

"(a) Sudan Peace Act—It is the sense of Congress that the Sudan Peace Act [Pub. L. 107–245] (50 U.S.C. 1701 note) remains relevant and should be extended to include the Darfur region of Sudan.

"(b) Actions To Address the Conflict—It is the sense of Congress that—

"(1) a legitimate countrywide peace in Sudan will only be possible if those principles enumerated in the 1948 Universal Declaration of Human Rights, that are affirmed in the Machakos Protocol of 2002 and the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004, are applied to all of Sudan, including the Darfur region;

"(2) the parties to the N’Djamena Agreement (the Government of Sudan, the JEM, and the SLA) must meet their obligations under that Agreement to allow safe and immediate delivery of all humanitarian assistance throughout the Darfur region and must expedite the conclusion of a political agreement to end the genocide and conflict in the Darfur region;

"(3) the United States should continue to provide humanitarian assistance to the areas of Sudan to which the United States has access and, at the same time, implement a plan to provide assistance to the areas of Sudan to which access has been obstructed or denied;

"(4) the international community, including African, Arab, and Muslim nations, should immediately provide the government to save the lives of hundreds of thousands of individuals at risk as a result of the crisis in the Darfur region;

"(5) the United States and the international community should—

"(A) provide all necessary assistance to deploy and sustain an African Union Force to the Darfur region; and

"(B) work to increase the authorized level and expand the mandate of such forces commensurate with the gravity and scope of the problem in a region the size of France;

"(6) the President, acting through the Secretary of State and the Permanent Representative of the United States to the United Nations, should—

"(A) condemn any failure on the part of the Government of Sudan to fulfill its obligations under United Nations Security Council Resolutions 1556 (July 30, 2004) and 1566 (September 18, 2004), and press the United Nations Security Council to respond to such failure by immediately imposing the penalties suggested in paragraph (1) of United Nations Security Council Resolution 1591;

"(B) press the United Nations Security Council to pursue accountability for those individuals who are found responsible for orchestrating and carrying out the atrocities in the Darfur region, in accordance with relevant United Nations Security Council Resolutions; and

"(C) encourage member states of the United Nations to—

"(1) cease to import Sudanese oil; and

"(2) take the following actions against Sudanese Government and military officials and other individuals who are planning, carrying out, or otherwise involved in the policy of genocide in the Darfur region, as well as their families, and businesses controlled by the Government of Sudan and the National Congress Party:

"(I) freeze the assets held by such individuals or businesses in each such member state; and

"(II) restrict the entry or transit of such officials through each such member state;

"(3) the President should impose targeted sanctions, including a ban on travel and the freezing of assets, on those officials of the Government of Sudan, including military officials, and other individuals who have planned or carried out, or otherwise been involved in the policy of genocide in the Darfur region, and should also freeze the assets of businesses controlled by the Government of Sudan or the National Congress Party;

"(4) the Government of the United States should not normalize relations with Sudan, including through the lifting of any sanctions, until the Government of Sudan agrees to, and takes demonstrable steps to implement, peace agreements for all areas of Sudan, including the Darfur region;

"(5) those individuals found to be involved in the planning or carrying out of genocide, war crimes, or crimes against humanity should not hold leadership positions in the Government of Sudan or the coalition government established pursuant to the agreements reached in the Nairobi Declaration on the Final Phase of Peace in the Sudan; and

"(6) the Government of Sudan has a primary responsibility to guarantee the safety and welfare of its citizens, which includes allowing them access to humanitarian assistance and providing them protection from violence.

"SEC. 5. AMENDMENTS TO THE SUDAN PEACE ACT.

"[Amended Pub. L. 107–245, set out below.]

"SEC. 6. SANCTIONS IN SUPPORT OF PEACE IN DARFUR.

"(a) Sanctions.—Beginning on the date that is 30 days after the date of enactment of this Act [Dec. 23, 2004], the President shall, notwithstanding paragraph (1) of section 6(b) of the Sudan Peace Act [Pub. L. 107–245] (50 U.S.C. 1701 note), implement the measures set forth in subparagraphs (A) through (D) of paragraph (2) of such section.

"(b) Blocking of Assets of Appropriate Senior Officials of the Government of Sudan.—Beginning on the date that is 30 days after the date of enactment of this Act, the President shall, consistent with the authorities granted in the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.), block the assets of appropriate senior officials of the Government of Sudan.

"(c) Blocking of Assets and Restriction on Visas of Certain Individuals Identified by the President.—

"(1) Blocking of Assets.—Beginning on the date that is 30 days after the date of enactment of the}
Darfur Peace and Accountability Act of 2006 (Oct. 13, 2006), and in the interest of contributing to peace in Sudan, the President shall, consistent with the authorities granted under the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.), block the assets of any individual who the President determines is complicit in, or responsible for, acts of genocide, war crimes, or crimes against humanity in Darfur, including the family members or any associates of such individual to whom assets or property of such individual was transferred on or after July 1, 2002.

“(2) RESTRICTION ON VISAS.—Beginning on the date that is 30 days after the date of the enactment of the Darfur Peace and Accountability Act of 2006, and in the interest of contributing to peace in Sudan, the President shall deny a visa and entry to any individual who the President determines to be complicit in, or responsible for, acts of genocide, war crimes, or crimes against humanity in Darfur, including the family members or any associates of such individual to whom assets or property of such individual was transferred on or after July 1, 2002.

“(d) WAIVERS.—The President may waive the application of subsection (a) or (b) if the President determines and certifies to the appropriate congressional committees that such a waiver is in the national interest of the United States. The President may waive the application of paragraph (1) or (2) of subsection (c) with respect to any individual if the President determines that such a waiver is in the national interests of the United States and, before exercising the waiver, notifies the appropriate congressional committees of the name of the individual and the reasons for the waiver.

“(6) THROUGH THE MANIPULATION OF TRADITIONAL RIVALRIES AMONG PEOPLES IN AREAS OUTSIDE OF ITS FULL CONTROL, THE GOVERNMENT OF SUDAN HAS USED DIVIDE-AND-CONQUER TECHNIQUES EFFECTIVELY TO SUBJUGATE ITS POPULATION. HOWEVER, INTERNATIONALLY SPONSORED RECONCILIATION EFFORTS HAVE PLAYED A CRITICAL ROLE IN REDUCING HUMAN SUFFERING AND THE EFFECTIVENESS OF THIS TACTIC.

“(7) THE GOVERNMENT OF SUDAN UTILIZES AND ORGANIZES MILITIAS, POPULAR DEFENSE FORCES, AND OTHER IRREGULAR UNITS FOR RAIDING AND INFLICTING HUMAN SUFFERING ON AREAS OUTSIDE OF THE CONTROL OF THE GOVERNMENT OF SUDAN IN AN EFFORT TO DISRUPT SEVERELY THE ABILITY OF THE POPULATIONS IN THOSE AREAS TO SUSTAIN THEMSELVES. THE TACTIC HELPS MINIMIZE THE GOVERNMENT OF SUDAN’S ACCOUNTABILITY INTERNATIONALLY.

“(8) THE GOVERNMENT OF SUDAN HAS REPEATEDLY STATED THAT IT INTENDS TO USE THE EXPECTED PROCEEDS FROM FUTURE OIL SALES TO INCREASE THE TEMPO AND LETHALITY OF THE WAR AGAINST THE AREAS OUTSIDE OF ITS CONTROL.

“(9) BY REGULARLY BANNING AIR TRANSPORT RELIEF SMALL CARGOS OF THE UNITED NATIONS RELIEF OPERATIONS PROGRAM (UNROP), THE GOVERNMENT OF SUDAN HAS BEEN ABLE TO MANIPULATE THE RECEIPT OF FOOD AID BY THE SUDANESE PEOPLE FROM THE UNITED STATES AND OTHER DONOR COUNTRIES AS A DEVASTATING WEAPON OF WAR IN THE ONGOING EFFORT BY THE GOVERNMENT OF SUDAN TO STABILIZE TARGETED GROUPS AND SUBDUED AREAS OF SUDAN OUTSIDE OF THE GOVERNMENT’S CONTROL.

“(11) THE EFFORTS OF THE UNITED STATES AND OTHER DONORS IN DELIVERING RELIEF AND ASSISTANCE THROUGH MEANS OUTSIDE OF OLS HAVE PLAYED A CRITICAL ROLE IN ADDRESSING THE DEFICIENCIES IN OLS AND OFFSET THE GOVERNMENT OF SUDAN’S MANIPULATION OF FOOD DONATIONS TO ADVANTAGE IN THE CIVIL WAR IN SUDAN.

“(12) WHILE THE IMMEDIATE NEEDS OF SELECTED AREAS IN SUDAN FACING STARVATION HAVE BEEN ADDRESSED IN THE NEAR TERM, THE POPULATION IN AREAS OF SUDAN OUTSIDE OF THE CONTROL OF THE GOVERNMENT OF SUDAN ARE STILL IN DANGER OF EXTREME DISRUPTION OF THEIR ABILITY TO SUSTAIN THEMSELVES.

“(13) THE NUBA MOUNTAINS AND MANY AREAS IN Bahr al Ghazal and the Upper Nile and the Blue Nile regions have been excluded completely from relief distribution by OLS, consequently placing their populations at increased risk of famine.

“(14) AT A COST WHICH HAS SOMETIMES EXCEEDED $1,000,000 PER DAY, AND WITH A PRIMARY FOCUS ON PROVIDING ONLY FOR THE IMMEDIATE FOOD NEEDS OF THE RECIPIENTS, THE CURRENT INTERNATIONAL RELIEF OPERATIONS ARE NEITHER SUSTAINABLE NOR DESIRABLE IN THE LONG TERM.

“(15) THE ABILITY OF POPULATIONS TO DEFEND THEMSELVES AGAINST ATTACK IN AREAS OUTSIDE OF THE CONTROL OF THE GOVERNMENT OF SUDAN HAS BEEN SEVERELY COMPROMISED BY THE DISENGAGEMENT OF THE FRONT-LINE STATES OF ETHIOPIA, Eritrea, and Uganda, fostering the belief among officials of the Government of Sudan that success on the battlefield can be achieved.

“(16) THE UNITED STATES SHOULD USE ALL MEANS OF PRESSURE AVAILABLE TO FACILITATE A COMPREHENSIVE SOLUTION TO THE WAR IN SUDAN, INCLUDING—
“(A) the multilateralization of economic and diplomatic tools to compel the Government of Sudan to enter into a good faith peace process; 

(B) the support or creation of viable democratic civil authority and institutions in areas of Sudan outside of government control; 

(C) continued active support of people-to-people reconciliation mechanisms and efforts in areas outside of government control; 

(D) the strengthening of the mechanisms to provide humanitarian relief to those areas; and

(C) the ongoing slave trade in Sudan and the role of the Government of Sudan in abetting and tolerating the practice; 

(D) the Government of Sudan’s use and organization of ‘murahalliin’ or ‘mujahadeen’, Popular Defense Forces, and regular Sudanese Army units into organized and coordinated raiding and slaving parties in Bahr al Ghazal, the Nuba Mountains, and the Upper Nile and the Blue Nile regions; and 

(E) aerial bombardment of civilian targets that is sponsored by the Government of Sudan; and 

(B) recognizes that, along with selective bans on air transport relief flights by the Government of Sudan, the use of raiding and slaving parties is a tool for creating food shortages and is used as a systematic means to destroy the societies, culture, and economies of the Dinka, Nuer, and Nuba peoples in a policy of low-intensity ethnic cleansing.

SEC. 5. ASSISTANCE FOR PEACE AND DEMOCRATIC GOVERNANCE.

(A) ASSISTANCE TO SUDAN.—The President is authorized to provide increased assistance to the areas of Sudan that are not controlled by the Government of Sudan to prepare the population for peace and democratic governance, including support for civil administration, communications infrastructure, education, health, and agriculture.

SEC. 6. SUPPORT FOR AN INTERNATIONALLY SANCTIONED PEACE PROCESS.

(A) FINDINGS.—Congress hereby—

(1) recognizes that—

(A) a single, viable internationally and regionally sanctioned peace process holds the greatest opportunity to promote a negotiated, peaceful settlement to the war in Sudan; and 

(B) resolution to the conflict in Sudan is best made through a peace process based on the Declaration of Principles reached in Nairobi, Kenya, on July 20, 1994, and on the Machakos Protocol in July 2002; and 

(2) commends the efforts of Special Presidential Envoy, Senator Danforth and his team in working to assist the parties to the conflict in Sudan in finding a just, permanent peace to the conflict in Sudan.

IRAN SANCTIONS

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Iran Sanctions Act of 1996’.

“SEC. 2. FINDINGS.

“The Congress makes the following findings:

“(1) The efforts of the Government of Iran to acquire weapons of mass destruction and the means to deliver them and its support of acts of international terrorism endanger the national security and foreign policy interests of the United States and those countries with which the United States shares common strategic and foreign policy objectives.

“(2) The objective of preventing the proliferation of weapons of mass destruction and acts of international terrorism through existing multilateral and bilateral initiatives requires additional efforts to deny Iran the financial means to sustain its nuclear, chemical, biological, and missile weapons programs.

“(3) The Government of Iran uses its diplomatic facilities and quasi-governmental institutions outside of Iran to promote acts of international terrorism and assist its nuclear, chemical, biological, and missile weapons programs.

“SEC. 3. DECLARATION OF POLICY.

“The Congress declares that it is the policy of the United States to deny Iran the ability to support acts of international terrorism and to fund the development and acquisition of weapons of mass destruction and the means to deliver them by limiting the development of Iran’s ability to explore for, extract, refine, or transport by pipeline petroleum resources of Iran.

“SEC. 4. MULTILATERAL REGIME.

“(a) MULTILATERAL NEGOTIATIONS.—In order to further the objectives of section 3, the Congress urges the President to commence immediately diplomatic efforts, both in appropriate international fora such as the United Nations, and bilaterally with allies of the United States, to establish a multilateral sanctions regime against Iran, including provisions limiting the development of petroleum resources, that will inhibit Iran’s efforts to carry out activities described in section 2.

“(b) REPORTS TO CONGRESS.—The President shall report to the appropriate congressional committees, not later than 1 year after the date of the enactment of this Act, and periodically thereafter, on the extent that diplomatic efforts described in subsection (a) have been successful. “(2) the countries that have not agreed to measures described in paragraph (1), and, with respect to those countries, other measures the President recommends that the United States take to further the objectives of section 3 with respect to Iran.

“(c) WAIVER.—

“(1) IN GENERAL.—

“(A) GENERAL WAIVER.—The President may, on a case by case basis, waive for a period of not more than six months the application of section 5(a) with respect to a person if the President certifies to the appropriate congressional committees that—

“(aa) acquiring or developing chemical, biological, or nuclear weapons or related technologies; or

“(bb) acquiring or developing destabilizing numbers and types of advanced conventional weapons; and

“(II) such a waiver is vital to the national security interests of the United States; and

“(B) Waiver with respect to persons in countries that cooperate in multilateral efforts with respect to Iran.—The President may, on a case by case basis, waive for a period of not more than 12 months the application of section 5(a) with respect to a person if the President, at least 30 days before the waiver is to take effect—

“(2) SUBSEQUENT RENEWAL OF WAIVER.—At the conclusion of the period of a waiver under subparagraph (A) or (B) of paragraph (1), the President may renew the waiver—

“(A) if the President determines, in accordance with subparagraph (A) or (B) of that paragraph (as the case may be), that the waiver is appropriate; and

“(B)(i) in the case of a waiver under subparagraph (A) of paragraph (1), for subsequent periods of not more than six months each; and

“(ii) in the case of a waiver under subparagraph (B) of paragraph (1), for subsequent periods of not more than 12 months each.

“(2) the extent and duration of each instance of the application of such sanctions; and

“(3) the disposition of any decision with respect to such sanctions by the World Trade Organization or its predecessor organization.

(4) Amnesty International, Middle East Watch, and other independent human rights organizations have documented extensive, systematic, and continuing human rights abuses by the Government of Iraq, including summary executions, mass political killings, disappearances, widespread use of torture, arbitrary arrests and prolonged detention without trial of thousands of political opponents, forced relocation and deportation, denial of nearly all civil and political rights such as freedom of association, assembly, speech, and the press, and the imprisonment, torture, and execution of children;

(5) since 1987, the Government of Iraq has intensified its severe repression of the Kurdish minority of Iraq, deliberately destroyed more than 3,000 villages and towns in the Kurdish regions, and forcibly expelled more than 500,000 people, thus effectively depopulating the rural areas of Iraqi Kurdistan;

(9) persuasive evidence exists that Iraq is developing biological weapons in violation of international law;

(10) there are strong indications that Iraq has taken steps to produce nuclear weapons and has attempted to smuggle from the United States, in violation of United States law, components for triggering devices used in nuclear warheads whose manufacture would contravene the Treaty on the Non-Proliferation of Nuclear Weapons, to which Iraq is a party; and

(11) Iraqi President Saddam Hussein has threatened to use terrorism against other nations in violation of international law and has increased Iraq’s support for the Palestine Liberation Organization and other Palestinian groups that have conducted terrorist acts.

All provisions of law that impose sanctions against a country whose government is engaged in a consistent pattern of gross violations of internationally recognized human rights shall be fully enforced against Iraq.

(c) SUPPORT FOR INTERNATIONAL TERRORISM.—(1) The Congress determines that Iraq is a country which has repeatedly provided support for international terrorism, a country which grants sanctuary from prosecution to individuals or groups which have committed an act of international terrorism, and a country which otherwise supports international terrorism. The provisions of law specified in paragraph (2) and all other provisions of law that impose sanctions against a country which has repeatedly provided support for acts of international terrorism, which grants sanctuary from prosecution to an individual or group which has committed an act of international terrorism, or which otherwise supports international terrorism shall be fully enforced against Iraq.

§1805. Issuance of order

(a) Necessary findings

Upon an application made pursuant to section 1804 of this title, the judge shall enter an ex parte order as requested or as modified approving the electronic surveillance if he finds that—

(1) the application has been made by a Federal officer and approved by the Attorney General;

(2) on the basis of the facts submitted by the applicant there is probable cause to believe that—

(A) the target of the electronic surveillance is a foreign power or an agent of a foreign power; Provided. That no United States person may be considered a foreign power or an agent of a foreign power solely upon the basis of activities protected by the first amendment to the Constitution of the United States; and

(B) each of the facilities or places at which the electronic surveillance is directed is being used, or is about to be used, by a foreign power or an agent of a foreign power;

(3) the proposed minimization procedures meet the definition of minimization procedures under section 1801(h) of this title; and

(4) the application which has been filed contains all statements and certifications required by section 1804 of this title and, if the target is a United States person, the certification or certifications are not clearly erroneous on the basis of the statement made under section 1804(a)(7)(E) of this title and any other information furnished under section 1804(d).

(b) Determination of probable cause

In determining whether or not probable cause exists for purposes of an order under subsection (a)(2) of this section, a judge may consider past activities of the target, as well as facts and circumstances relating to current or future activities of the target.

(e) Specifications and directions of orders

(1) Specifications

An order approving an electronic surveillance under this section shall specify—

(A) the identity, if known, or a description of the specific target of the electronic surveillance identified or described in the application pursuant to section 1804(a)(3) of this title;

(B) the nature and location of each of the facilities or places at which the electronic surveillance will be directed, if known;

(C) the type of information sought to be acquired and the type of communications or...
activities to be subjected to the surveillance;
(D) the means by which the electronic surveillance will be effected and whether physical entry will be used to effect the surveillance; and
(E) the period of time during which the electronic surveillance is approved.

(2) Directions
An order approving an electronic surveillance under this section shall direct—
(A) that the minimization procedures be followed;
(B) that, upon the request of the applicant, a specified communication or other common carrier, landlord, custodian, or other specified person, or in circumstances where the Court finds, based upon specific facts provided in the application, that the actions of the target of the application may have the effect of thwarting the identification of a specified person, such other persons, furnish the applicant forthwith all information, facilities, or technical assistance necessary to accomplish the electronic surveillance in such a manner as will protect its secrecy and produce a minimum of interference with the services that such carrier, landlord, custodian, or other person is providing that target of electronic surveillance;
(C) that such carrier, landlord, custodian, or other person maintain under security procedures approved by the Attorney General and the Director of National Intelligence any records concerning the surveillance or the aid furnished that such person wishes to retain; and
(D) that the applicant compensate, at the prevailing rate, such carrier, landlord, custodian, or other person for furnishing such aid.

(3) Special directions for certain orders
An order approving an electronic surveillance under this section in circumstances where the nature and location of each of the facilities or places at which the surveillance will be directed is unknown shall direct the applicant to provide notice to the court within ten days after the date on which surveillance begins to be directed at any new facility or place, unless the court finds good cause to justify a longer period of up to 60 days, of—
(A) the nature and location of each new facility or place at which the electronic surveillance is directed;
(B) the facts and circumstances relied upon by the applicant to justify the applicant’s belief that each new facility or place at which the electronic surveillance is directed is or was being used, or is about to be used, by the target of the surveillance;
(C) a statement of any proposed minimization procedures that differ from those contained in the original application or order, that may be necessitated by a change in the facility or place at which the electronic surveillance is directed; and
(D) the total number of electronic surveillances that have been or are being conducted under the authority of the order.

(d) Duration of order; extensions; review of circumstances under which information was acquired, retained or disseminated
(1) An order issued under this section may approve an electronic surveillance for the period necessary to achieve its purpose, or for ninety days, whichever is less, except that (A) an order under this section shall approve an electronic surveillance targeted against a foreign power, as defined in section 1801(a)(4) of this title, for the period specified in the application or for one year, whichever is less, and (B) an order under this chapter for a surveillance targeted against an agent of a foreign power who is not a United States person may be for the period specified in the application or for 120 days, whichever is less.
(2) Extensions of an order issued under this subchapter may be granted on the same basis as an original order upon an application for an extension and new findings made in the same manner as required for an original order, except that (A) an extension of an order under this chapter for a surveillance targeted against a foreign power, as defined in paragraph (5), (6), or (7) of section 1801(a) of this title, or against a foreign power as defined in section 1801(a)(4) of this title that is not a United States person, may be for a period not to exceed one year if the judge finds probable cause to believe that no communication of any individual United States person will be acquired during the period, and (B) an extension of an order under this chapter for a surveillance targeted against an agent of a foreign power who is not a United States person may be for a period not to exceed 1 year.
(3) At or before the end of the period of time for which electronic surveillance is approved by an order or an extension, the judge may assess compliance with the minimization procedures by reviewing the circumstances under which information concerning United States persons was acquired, retained, or disseminated.

(e) Emergency orders
(1) Notwithstanding any other provision of this subchapter, the Attorney General may authorize the emergency employment of electronic surveillance if the Attorney General—
(A) reasonably determines that an emergency situation exists with respect to the employment of electronic surveillance to obtain foreign intelligence information before an order authorizing such surveillance can with due diligence be obtained;
(B) reasonably determines that the factual basis for the issuance of an order under this subchapter to approve such electronic surveillance exists;
(C) informs, either personally or through a designee, a judge having jurisdiction under section 1803 of this title at the time of such authorization that the decision has been made to employ emergency electronic surveillance; and
(D) makes an application in accordance with this subchapter to a judge having jurisdiction under section 1803 of this title as soon as practicable, but not later than 7 days after the Attorney General authorizes such surveillance.
(2) If the Attorney General authorizes the emergency employment of electronic surveil-
lance under paragraph (1), the Attorney General shall require that the minimization procedures required by this subchapter for the issuance of a judicial order be followed.

(3) In the absence of a judicial order approving such electronic surveillance, the surveillance shall terminate when the information sought is obtained, when the application for the order is denied, or after the expiration of 7 days from the time of authorization by the Attorney General, whichever is earliest.

(4) A denial of the application made under this subsection may be reviewed as provided in section 1803 of this title.

(5) In the event that such application for approval is denied, or in any other case where the electronic surveillance is terminated and no order is issued approving the surveillance, no information obtained or evidence derived from such surveillance shall be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in or before any court, grand jury, department, office, agency, regulatory body, legislative committee, or other authority of the United States, a State, or political subdivision thereof, and no information concerning any United States person acquired from such surveillance shall subsequently be used or disclosed in any other manner by Federal officers or employees without the consent of such person, except with the approval of the Attorney General if the information indicates a threat of death or serious bodily harm to any person.

(6) The Attorney General shall assess compliance with the requirements of paragraph (5).

(f) Testing of electronic equipment; discovering unauthorized electronic surveillance; training of intelligence personnel

Notwithstanding any other provision of this subchapter, officers, employees, or agents of the United States are authorized in the normal course of their official duties to conduct electronic surveillance not targeted against the communications of any particular person or persons, under procedures approved by the Attorney General, solely to:

(1) test the capability of electronic equipment, if—
   (A) it is not reasonable to obtain the consent of the persons incidentally subjected to the surveillance;
   (B) the test is limited in extent and duration to that necessary to determine the capability of the equipment;
   (C) the contents of any communication acquired are retained or disseminated for any purpose, but are destroyed as soon as reasonably possible.

(2) determine the existence and capability of electronic surveillance equipment being used by persons not authorized to conduct electronic surveillance, if—
   (A) it is not reasonable to obtain the consent of persons incidentally subjected to the surveillance;
   (B) such electronic surveillance is limited in extent and duration to that necessary to determine the existence and capability of such equipment; and
   (C) any information acquired by such surveillance is used only to enforce chapter 119 of title 18, or section 605 of title 47, or to protect information from unauthorized surveillance;

(3) train intelligence personnel in the use of electronic surveillance equipment, if—
   (A) it is not reasonable to—
      (i) obtain the consent of the persons incidentally subjected to the surveillance;
      (ii) train persons in the course of surveillances otherwise authorized by this subchapter; or
      (iii) train persons in the use of such equipment without engaging in electronic surveillance;
   (B) such electronic surveillance is limited in extent and duration to that necessary to train the personnel in the use of the equipment; and
   (C) no contents of any communication acquired are retained or disseminated for any purpose, but are destroyed as soon as reasonably possible.

Certifications made by the Attorney General pursuant to section 1802(a) of this title and applications made and orders granted under this subchapter shall be retained for a period of at least ten years from the date of the certification or application.

(h) Bar to legal action

No cause of action shall lie in any court against any provider of a wire or electronic communication service, landlord, custodian, or other person (including any officer, agent, or other specified person thereof) that furnishes any information, facilities, or technical assistance in accordance with a court order or request for emergency assistance under this chapter for electronic surveillance or physical search.

(i) Pen registers and trap and trace devices

In any case in which the Government makes an application to a judge under this subchapter to conduct electronic surveillance involving communications and the judge grants such application, upon the request of the applicant, the judge shall also authorize the installation and use of pen registers and trap and trace devices, and direct the disclosure of the information set forth in section 1842(d)(2) of this title.

(2) direct—

(A) that the minimization procedures be followed;

(B) that, upon the request of the applicant, a specified communication or other common carrier, landlord, custodian, or other specified person furnish the applicant forthwith all information, facilities, or technical assistance necessary to accomplish the electronic surveillance in such a manner as will protect its secrecy and produce a minimum of interference with the services that such carrier, landlord, custodian, or other person is providing that target of electronic surveillance;

(C) that such carrier, landlord, custodian, or other person maintain under security procedures approved by the Attorney General and the Director of Central Intelligence any records concerning the surveillance or the aid furnished that such person wishes to retain; and

(D) that the applicant compensate, at the prevailing rate, such carrier, landlord, custodian, or other person for furnishing such aid.

(2) Extensions of an order issued under this subchapter may be granted on the same basis as the original order upon an application for an extension and new findings made in the same manner as required for the original order, except that an extension of an order under this chapter for a physical search targeted against a foreign power, as defined in paragraph (5), (6), or (7) of section 1801(a) of this title, or against a foreign power, as defined in section 1801(a)(4) of this title, that is not a United States person, or against an agent of a foreign power who is not a United States person, may be for a period not to exceed one year if the judge finds probable cause to believe that no property of any individual United States person will be acquired during the period.

(3) At or before the end of the period of time for which a physical search is approved by an order or an extension, or at any time after a physical search is carried out, the judge may assess compliance with the minimization procedures by reviewing the circumstances under which information concerning United States persons was acquired, retained, or disseminated.

(e) Emergency orders

(1) Notwithstanding any other provision of this subchapter, the Attorney General may authorize the emergency employment of a physical search if the Attorney General—

(C) informs, either personally or through a designee, a judge of the Foreign Intelligence Surveillance Court as soon as practicable, but not more than 7 days after the Attorney General authorizes such physical search.

(2) If the Attorney General authorizes the emergency employment of a physical search under paragraph (1), the Attorney General shall require that the minimization procedures required by this subchapter for the issuance of a judicial order be followed.

(5) In the event that such application for approval is denied, or in any other case where the physical search is terminated and no order is issued approving the physical search, no information obtained or evidence derived from such physical search shall be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in or before any court, grand jury, department, office, agency, regulatory body, legislative committee, or other authority of the United States, a State, or political subdivision thereof, and no information concerning
any United States person acquired from such physical search shall subsequently be used or disclosed in any other manner by Federal officers or employees without the consent of such person, except with the approval of the Attorney General if the information indicates a threat of death or serious bodily harm to any person.

(6) The Attorney General shall assess compliance with the requirements of paragraph (5).

(f) Retention of applications and orders

In making this determination, the court may disclose to the aggrieved person, under appropriate security procedures and protective orders, portions of the application, order, or other materials relating to the physical search, or may require the Attorney General to provide to the aggrieved person a summary of such materials, only where such disclosure is necessary to make an accurate determination of the legality of the physical search.

(B) the term “nondisclosure order” means an order imposed under subsection (d).

(ii) The presiding judge shall immediately assign a petition under clause (i) to 1 of the judges serving in the pool established by section 1803(e)(1) of this title. If the judge does not modify or set aside the production order, the judge shall immediately affirm such order, and order the recipient to comply therewith.

(C)(i) A judge considering a petition to modify or set aside a nondisclosure order may grant such petition only if the judge finds that there is no reason to believe that disclosure may endanger the national security of the United States, interfere with a criminal, counterterrorism, or counterintelligence investigation, interfere with diplomatic relations, or endanger the life or physical safety of any person.

(ii) If, upon filing of such a petition, the Attorney General, Deputy Attorney General, an Assistant Attorney General, or the Director of the Federal Bureau of Investigation certifies that disclosure may endanger the national security of the United States or interfere with diplomatic relations, such certification shall be treated as conclusive, unless the judge finds that the certification was made in bad faith.

(iii) If the judge denies a petition to modify or set aside a nondisclosure order, the recipient of such order shall be precluded for a period of 1 year from filing another such petition with respect to such nondisclosure order.

(D) Any production or nondisclosure order not explicitly modified or set aside consistent with this subsection shall remain in full effect.

title, which shall have jurisdiction to consider such petitions. The court of review shall provide for the record a written statement of the reasons for its decision and, on petition by the Government or any person receiving such order for writ of certiorari, the record shall be transmitted under seal to the Supreme Court of the United States, which shall have jurisdiction to review such decision.

(4) Judicial proceedings under this subsection shall be concluded as expeditiously as possible. The record of proceedings, including petitions filed, orders granted, and statements of reasons for decision, shall be maintained under security measures established by the Chief Justice of the United States, in consultation with the Attorney General and the Director of National Intelligence.

(2) Defined

In this section, the term "minimization procedures" means—

(A) specific procedures that are reasonably designed in light of the purpose and technique of an order for the production of tangible things, to minimize the retention, and prohibit the dissemination, of nonpublicly available information concerning unconsenting United States persons consistent with the need of the United States to obtain, produce, and disseminate foreign intelligence information;

(B) procedures that require that nonpublicly available information, which is not foreign intelligence information, as defined in section 1801(e)(1) of this title, shall not be disseminated in a manner that identifies any United States person, without such person's consent, unless such person's identity is necessary to understand foreign intelligence information or assess its importance; and

(C) notwithstanding subparagraphs (A) and (B), procedures that allow for the retention and dissemination of information that is evidence of a crime which has been, is being, or is about to be committed and that is to be retained or disseminated for law enforcement purposes.

(h) Use of information

Information acquired from tangible things received by the Federal Bureau of Investigation in response to an order under this subchapter concerning any United States person may be used and disclosed by Federal officers and employees without the consent of the United States person only in accordance with the minimization procedures adopted pursuant to subsection (g). EFFECTIVE DATE OF REPEAL

§1881c. Other acquisitions targeting United States persons outside the United States

(a) Jurisdiction and scope

(1) Jurisdiction
The Foreign Intelligence Surveillance Court shall have jurisdiction to enter an order pursuant to subsection (c).

(2) Scope
No element of the intelligence community may intentionally target, for the purpose of acquiring foreign intelligence information, a United States person reasonably believed to be located outside the United States under circumstances in which the target of the acquisition has a reasonable expectation of privacy and a warrant would be required if the acquisition were conducted inside the United States for law enforcement purposes, unless a judge of the Foreign Intelligence Surveillance Court has entered an order with respect to such targeted United States person or the Attorney General has authorized an emergency acquisition pursuant to subsection (c) or (d), respectively, or any other provision of this chapter.

(3) Limitations
(A) Moving or misidentified targets
If a United States person targeted under this subsection is reasonably believed to be located in the United States during the effective period of an order issued pursuant to subsection (c), an acquisition targeting such United States person under this section shall cease unless the targeted United States person is again reasonably believed to be located outside the United States during the effective period of such order.

(B) Applicability
If an acquisition for foreign intelligence purposes is to be conducted inside the United States and could be authorized under section 1881b of this title, the acquisition may only be conducted if authorized under section 1881b of this title or in accordance with another provision of this chapter other than this section.

(C) Construction
Nothing in this paragraph shall be construed to limit the authority of the Government to seek an order or authorization under, or otherwise engage in any activity that is authorized under, any other subchapter of this chapter.

(b) Application
Each application for an order under this section shall be made by a Federal officer in writing upon oath or affirmation to a judge having jurisdiction under subsection (a)(1). Each application shall require the approval of the Attorney General based upon the Attorney General’s finding that it satisfies the criteria and requirements of such application as set forth in this section and shall include—

(1) the identity of the Federal officer making the application;

(2) the identity, if known, or a description of the specific United States person who is the target of the acquisition;

(3) a statement of the facts and circumstances relied upon to justify the applicant’s belief that the United States person who is the target of the acquisition is—

(A) a person reasonably believed to be located outside the United States; and

(B) a foreign power, an agent of a foreign power, or an officer or employee of a foreign power;
§ 1881c

(4) a statement of proposed minimization procedures that meet the definition of minimization procedures under section 1801(h) or 1821(4) of this title, as appropriate;

(5) a certification made by the Attorney General, an official specified in section 1804(a)(6) of this title, or the head of an element of the intelligence community that—

(A) the certifying official deems the information sought to be foreign intelligence information; and

(B) a significant purpose of the acquisition is to obtain foreign intelligence information;

(6) a statement of the facts concerning any previous applications that have been made to any judge of the Foreign Intelligence Surveillance Court involving the United States person specified in the application and the action taken on each previous application; and

(7) a statement of the period of time for which the acquisition is required to be maintained, provided that such period of time shall not exceed 90 days per application.

(c) Order

(1) Findings

Upon an application made pursuant to subsection (b), the Foreign Intelligence Surveillance Court shall enter an ex parte order as required by subsection (a)(1) if the Court finds that—

(A) the application has been made by a Federal officer and approved by the Attorney General;

(B) on the basis of the facts submitted by the applicant, for the United States person who is the target of the acquisition, there is probable cause to believe that the target is—

(i) a person reasonably believed to be located outside the United States; and

(ii) a foreign power, an agent of a foreign power, or an officer or employee of a foreign power;

(C) the proposed minimization procedures, with respect to their dissemination provisions, meet the definition of minimization procedures under section 1801(h) or 1821(4) of this title, as appropriate; and

(D) the application that has been filed contains all statements and certifications required by subsection (b) and the certification provided under subsection (b)(5) is not clearly erroneous on the basis of the information furnished under subsection (b).

(2) Probable cause

In determining whether or not probable cause exists for purposes of paragraph (1)(B), a judge having jurisdiction under subsection (a)(1) may consider past activities of the target and facts and circumstances relating to current or future activities of the target. No United States person may be considered a foreign power, agent of a foreign power, or officer or employee of a foreign power solely upon the basis of activities protected by the first amendment to the Constitution of the United States.

(3) Review

(A) Limitations on review

Review by a judge having jurisdiction under subsection (a)(1) shall be limited to that required to make the findings described in paragraph (1). The judge shall not have jurisdiction to review the means by which an acquisition under this section may be conducted.

(B) Review of probable cause

If the judge determines that the facts submitted under subsection (b) are insufficient to establish probable cause to issue an order under this subsection, the judge shall enter an order so stating and provide a written statement for the record of the reasons for such determination. The Government may appeal an order under this subparagraph pursuant to subsection (e).

(C) Review of minimization procedures

If the judge determines that the minimization procedures applicable to dissemination of information obtained through an acquisition under this subsection do not meet the definition of minimization procedures under section 1801(h) or 1821(4) of this title, as appropriate, the judge shall enter an order so stating and provide a written statement for the record of the reasons for such determination. The Government may appeal an order under this subparagraph pursuant to subsection (e).

(D) Scope of review of certification

If the judge determines that an application under subsection (b) does not contain all the required elements, or that the certification provided under subsection (b)(5) is clearly erroneous on the basis of the information furnished under subsection (b), the judge shall enter an order so stating and provide a written statement for the record of the reasons for such determination. The Government may appeal an order under this subparagraph pursuant to subsection (e).

(4) Duration

An order under this paragraph shall be effective for a period not to exceed 90 days and such order may be renewed for additional 90-day periods upon submission of renewal applications meeting the requirements of subsection (b).

(5) Compliance

At or prior to the end of the period of time for which an order or extension is granted under this section, the judge may assess compliance with the minimization procedures referred to in paragraph (1)(C) by reviewing the circumstances under which information concerning United States persons was disseminated, provided that the judge may not inquire into the circumstances relating to the conduct of the acquisition.

(d) Emergency authorization

(1) Authority for emergency authorization

Notwithstanding any other provision of this section, if the Attorney General reasonably determines that—

(A) an emergency situation exists with respect to the acquisition of foreign intelligence information for which an order may be obtained under subsection (c) before an order under that subsection can, with due diligence, be obtained, and
(B) the factual basis for the issuance of an order under this section exists,

the Attorney General may authorize the emergency acquisition if a judge having jurisdiction under subsection (a)(1) is informed by the Attorney General or a designee of the Attorney General at the time of such authorization that the decision has been made to conduct such acquisition and if an application in accordance with this section is made to a judge of the Foreign Intelligence Surveillance Court as soon as practicable, but not more than 7 days after the Attorney General authorizes such acquisition.

(2) Minimization procedures

If the Attorney General authorizes an emergency acquisition under paragraph (1), the Attorney General shall require that the minimization procedures referred to in subsection (c)(1)(C) be followed.

(3) Termination of emergency authorization

In the absence of an order under subsection (c), an emergency acquisition under paragraph (1) shall terminate when the information sought is obtained, if the application for the order is denied, or after the expiration of 7 days from the time of authorization by the Attorney General, whichever is earliest.

(4) Use of information

If an application submitted to the Court pursuant to paragraph (1) is denied, or in any other case where the acquisition is terminated and no order with respect to the target of the acquisition is issued under subsection (c), no information obtained or evidence derived from such acquisition, except under circumstances in which the target of the acquisition is determined not to be a United States person, shall be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in or before any court, grand jury, department, office, agency, regulatory body, legislative committee, or other authority of the United States, a State, or political subdivision thereof, and no information concerning any United States person acquired from such acquisition shall subsequently be used or disclosed in any other manner by Federal officers or employees without the consent of such person, except with the approval of the Attorney General if the information indicates a threat of death or serious bodily harm to any person.

(e) Appeal

(1) Appeal to the Court of Review

The Government may file a petition with the Foreign Intelligence Surveillance Court of Review for review of an order issued pursuant to subsection (c). The Court of Review shall have jurisdiction to consider such petition and shall provide a written statement for the record of the reasons for a decision under this paragraph.

(2) Certiorari to the Supreme Court

The Government may file a petition for a writ of certiorari for review of a decision of the Court of Review issued under paragraph (1). The record for such review shall be transmitted under seal to the Supreme Court of the United States, which shall have jurisdiction to review such decision.

(b) Findings

The Congress makes the following findings:

(1) The security of the United States is and will continue to depend on the ability of the United States to exercise international leadership.

(2) The ability of the United States to exercise international leadership is, and will increasingly continue to be, based on the political and economic strength of the United States, as well as on United States military strength around the world.

(3) Recent changes in the world pose threats of a new kind to international stability as Cold War tensions continue to decline while economic competition, regional conflicts, terrorist activities, and weapon proliferations have dramatically increased.

(4) The future national security and economic well-being of the United States will depend substantially on the ability of its citizens to communicate and compete by knowing the languages and cultures of other countries.

(5) The Federal Government has an interest in ensuring that the employees of its departments and agencies with national security responsibilities are prepared to meet the challenges of this changing international environment.

(6) The Federal Government also has an interest in taking actions to alleviate the problem of American undergraduate and graduate students being inadequately prepared to meet the challenges posed by increasing global interaction among nations.

(7) American colleges and universities must place a new emphasis on improving the teaching of foreign languages, area studies, counter-proliferation studies, and other international fields to help meet those challenges.

(c) Purposes

The Secretary may enter into such contracts without regard to section 6101 of title 41 or any other provision of law that requires the use of competitive procedures. In addition, the Secretary may enter into personal service contracts for periods up to one year for program administration, except that not more than 10 such contracts may be in effect at any one time.

(b) Service agreement

In awarding a scholarship or fellowship under the program, the Secretary or contract organization referred to in subsection (a)(4) of this section, as the case may be, shall require a recipient of any fellowship or any scholarship to enter into an agreement that, in return for such assistance, the recipient—

(1) will maintain satisfactory academic progress as determined in accordance with regulations issued by the Secretary, and agrees that failure to maintain such progress shall constitute grounds upon which the Secretary or contract organization referred to in subsection (a)(4) of this section may terminate such assistance;

(2)(A) will (in accordance with regulations prescribed by the Secretary of Defense in coordination with the heads of the other Federal departments and agencies concerned) begin work not later than three years after the recipient’s completion of degree study during which scholarship assistance was provided under the program—

The purpose of these tests is to evaluate the progress made by recipients of scholarships and fellowships in developing foreign language skills as a result of assistance under this chapter.

(d) Distribution of assistance

In selecting the recipients for awards of scholarships, fellowships, or grants pursuant to this chapter, the Secretary or a contract organization referred to in subsection (a)(4) of this section, as the case may be, shall take into consideration (1) the extent to which the selections will result in there being an equitable geographic distribution of such scholarships, fellowships, or grants (as the case may be) among the various regions of the United States, and (2) the extent to which the distribution of scholarships and fellowships to individuals reflects the cultural, racial, and ethnic diversity of the population of the United States.

(g) Determination of agencies and offices of Federal Government having national security responsibilities

(1) The Secretary, in consultation with the Board, shall annually determine and develop a list identifying each agency or office of the Federal Government having national security responsibilities at which a recipient of a fellowship or scholarship under this chapter will be able to make the recipient's foreign area and language skills available to such agency or office. The Secretary shall submit the first such list to the Congress and include each subsequent list in the annual report to the Congress, as required by section 1906(b)(6) of this title.

(A) appoint or retain a person provided scholarship or fellowship assistance under the program in a position in the Department of Defense on an interim basis during the period of the person's pursuit of a degree under the program and for a period not to exceed two years after completion of the degree, but only if, in the case of the period after completion of the degree, there is an active investigation to provide security clearance to the person for an appropriate permanent position in the Department of Defense under subsection (b)(2); and

(B) if there is no appropriate permanent position available for the person after the end of the periods described in subparagraph (A), separate the person from employment with the Department without regard to any other provision of law, in which event the service agreement of the person under subsection (b) shall terminate.

(2) Treatment of certain service

The period of service of a person covered by paragraph (1) in a position on an interim basis under that paragraph shall, after completion of the degree, be treated as a period of service for purposes of satisfying the obligated service requirements of the person under the service agreement of the person under subsection (b).

(i) Use of awards to attend the Foreign Language Center of the Defense Language Institute

(1) The Secretary shall provide for the admission of award recipients to the Foreign Language Center of the Defense Language Institute (hereinafter in this subsection referred to as the "Center"). An award recipient may apply a portion of the applicable scholarship or fellowship award for instruction at the Center on a space-available basis as a Department of Defense sponsored program to defray the additive instructional costs.

(2) Except as the Secretary determines necessary, an award recipient who receives instruction at the Center shall be subject to the same regulations with respect to attendance, discipline, discharge, and dismissal as apply to other persons attending the Center.

(3) In this subsection, the term "award recipient" means an undergraduate student who has been awarded a scholarship under subsection (a)(1)(A) of this section or a graduate student who has been awarded a fellowship under subsection (a)(1)(B) of this section who—

(A) is in good standing;

(B) has completed all academic study in a foreign country, as provided for under the scholarship or fellowship; and

(C) would benefit from instruction provided at the Center.

(j) National Flagship Language Initiative

(1) Under the National Flagship Language Initiative, institutions of higher education shall establish, operate, or improve activities designed to train students in programs in a range of disciplines to achieve advanced levels of proficiency in those foreign languages that the Secretary identifies as being the most critical in the interests of the national security of the United States.

(2) An undergraduate student who has been awarded a scholarship under subsection (a)(1)(A) of this section or a graduate student who has been awarded a fellowship under subsection (a)(1)(B) of this section may participate in the activities carried out under the National Flagship Language Initiative.

(ii) to continue in the service of such department or agency, following completion by the employee of such training, for a period of two years for each year, or part of the year, of such training;

(iii) if, before the completion by the employee of such training, the employment of the employee is terminated by such department or agency due to misconduct by the employee, or by the employee voluntarily, to reimburse the United States for the total cost of such training (excluding the employee’s pay and allowances) provided to the employee; and

(iv) if, after the completion by the employee of such training but before the completion by the employee of the period of service required by clause (ii), the employment of the employee by such department or agency is terminated either by such department or agency due to misconduct by the employee, or by the employee voluntarily, to reimburse the United States in an amount that bears the same ratio to the total cost of such training (excluding the employee’s pay and allowances) provided to the employee as the unserved portion of such period of service bears to the total period of service required by clause (ii).

(C) Subject to subparagraph (D), the obligation to reimburse the United States under an agreement under subparagraph (A) is for all purposes a debt owing the United States.

(D) The head of the element of the intelligence community concerned may release an employee, in whole or in part, from the obligation to reimburse the United States under an agreement under subparagraph (A) when, in the discretion of the head of the element, the head of the element determines that equity or the interests of the United States so require.

(b) Consent of participant to deductions from pay

Each participant shall be deemed to consent and agree to such deductions from basic pay, and payment less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all regular services during the period covered by such payment, except the right to the benefits to which the participant is entitled under this subchapter notwithstanding any law, rule, or regulation affecting the individual’s pay.

(c) Treatment of contributions after 35 years of service

(1) Accrual of interest

Amounts deducted and withheld from the basic pay of a participant under this section for pay periods after the first day of the first pay period beginning after the day on which the participant completes 35 years of creditable service computed under sections 2081 and 2082 of this title (excluding service credit for unused sick leave under section 2031(a)(2) of this title) shall accrue interest. Such interest shall accrue at the rate of 3 percent a year through December 31, 1984, and thereafter at the rate computed under section 8334(e) of title 5, and shall be compounded annually from the date on which the amount is so deducted and withheld until the date of the participant’s retirement or death.

§ 2031. Computation of annuities

(a) Annuity of participant

1. Computation of annuity

The annuity of a participant is the product of—

(A) the participant’s high-3 average pay (as defined in paragraph (4)); and

(B) the number of years, not exceeding 35, of service credit (determined in accordance with sections 2081 and 2082 of this title) multiplied by 2 percent.

2. Credit for unused sick leave

The total service of a participant who retires on an immediate annuity (except under section 2051 of this title) or who dies leaving a survivor or survivors entitled to an annuity shall include (without regard to the 35-year limitation prescribed in paragraph (1)) the days of unused sick leave to the credit of the participant. Days of unused sick leave may not be counted in determining average basic pay or eligibility for an annuity under this subchapter. A deposit shall not be required for days of unused sick leave credited under this paragraph.

3. Crediting of part-time service

(A) In general

In the case of a participant whose service includes service on a part-time basis performed after April 6, 1986, the participant’s annuity shall be the sum of the amounts determined under subparagraphs (B) and (C).

(B) Computation of pre-April 7, 1986, annuity

The portion of an annuity referred to in subparagraph (A) with respect to service before April 7, 1986, shall be the amount computed under paragraph (1) using the participant’s length of service before that date (increased by the unused sick leave to the credit of the participant at the time of retirement) and the participant’s high-3 average pay.

(C) Computation of post-April 6, 1986, annuity

The portion of an annuity referred to in subparagraph (A) with respect to service after April 6, 1986, shall be the product of—

(i) the amount computed under paragraph (1), using the participant’s length of service after that date and the participant’s high-3 average pay, as determined by using the annual rate of basic pay that would be payable for full-time service; and

(ii) the ratio which the participant’s actual service after April 6, 1986 (as determined by prorating the participant’s total service after that date to reflect the service that was performed on a part-time basis) bears to the total service after that date that would be creditable for the participant if all the service had been performed on a full-time basis.

(D) Treatment of employment on temporary or intermittent basis

Employment on a temporary or intermittent basis shall not be considered to be service on a part-time basis for purposes of this paragraph.

4. High-3 average pay defined

For purposes of this subsection, a participant’s high-3 average pay is the amount of the participant’s average basic pay for the highest 3 consecutive years of the participant’s service for which full contributions have been made to the fund.

5. Computation of service

In determining the aggregate period of service upon which an annuity is to be based, any fractional part of a month shall not be counted.
(b) Spouse or former spouse survivor annuity

(1) Reduction in participant's annuity to provide spouse or former spouse survivor annuity

(A) General rule

Except to the extent provided otherwise under a written election under subparagraph (B) or (C), if at the time of retirement a participant or former participant is married (or has a former spouse who has not remarried before attaining age 55), the participant shall receive a reduced annuity and provide a survivor annuity for the participant's spouse under this subsection or former spouse under section 2032(b) of this title, or a combination of such annuities, as the case may be.

(B) Joint election for waiver or reduction of spouse survivor annuity

A married participant or former participant and the participant's spouse may jointly elect in writing at the time of retirement to waive a survivor annuity for that spouse under this section or to reduce such survivor annuity under this section by designating a portion of the annuity of the participant as the base for the survivor annuity. If the marriage is dissolved following an election for such a reduced annuity and the spouse qualifies as a former spouse, the base used in calculating any annuity of the former spouse under section 2032(b) of this title may not exceed the portion of the participant's annuity designated under this subparagraph.

(C) Joint election of participant and former spouse

If a participant or former participant has a former spouse, such participant and the participant's former spouse may jointly elect by spousal agreement under section 2094(b) of this title to waive, reduce, or increase a survivor annuity under section 2032(b) of this title for that former spouse. Any such election must be made (i) before the end of the 12-month period beginning on the date on which the divorce or annulment involving that former spouse becomes final, or (ii) at the time of retirement of the participant, whichever is later.

(D) Unilateral elections in absence of spouse or former spouse

The Director may prescribe regulations under which a participant or former participant may make an election under subparagraph (B) or (C) without the participant's spouse or former spouse if the participant establishes to the satisfaction of the Director that the participant does not know, and has taken all reasonable steps to determine, the whereabouts of the spouse or former spouse.

(2) Amount of reduction in participant's annuity

The annuity of a participant or former participant providing a survivor annuity under this section (or section 2032(b) of this title), excluding any portion of the annuity not designated or committed as a base for any survivor annuity, shall be reduced by 2\% of the first $3,600 plus 10 percent of any amount over $3,600. The reduction under this paragraph shall be calculated before any reduction under section 2032(a)(5) of this title.

(3) Amount of surviving spouse annuity

(A) In general

If a retired participant receiving a reduced annuity under this subsection dies and is survived by a spouse, a survivor annuity shall be paid to the surviving spouse. The amount of the annuity shall be equal to 55 percent of (i) the full amount of the participant's annuity computed under subsection (a) of this section, or (ii) any lesser amount elected as the base for the survivor annuity under paragraph (1)(B).

(B) Limitation

Notwithstanding subparagraph (A), the amount of the annuity calculated under subparagraph (A) for a surviving spouse in any case in which there is also a surviving former spouse of the retired participant who qualifies for an annuity under section 2032(b) of this title may not exceed 55 percent of the portion (if any) of the base for survivor annuities which remains available under section 2032(b)(4)(B) of this title.

(C) Effective date and termination of annuity

An annuity payable from the fund to a surviving spouse under this paragraph shall commence on the day after the retired participant dies and shall terminate on the last day of the month before the surviving spouse's death or remarriage before attaining age 55. If such survivor annuity is terminated because of remarriage, it shall be restored at the same rate commencing on the date such remarriage is dissolved by death, annulment, or divorce if any lump sum paid upon termination of the annuity is returned to the fund.

(c) 18-month open period after retirement to provide spouse coverage

(1) Survivor annuity elections

(A) Election when spouse coverage waived at time of retirement

A participant or former participant who retires after March 31, 1992 and who—

(i) is married at the time of retirement; and

(ii) elects at that time (in accordance with subsection (b) of this section) to waive a survivor annuity for the spouse, may, during the 18-month period beginning on the date of the retirement of the participant, elect to have a reduction under subsection (b) of this section made in the annuity of the participant (or in such portion thereof as the participant may designate) in order to provide a survivor annuity for the participant's spouse.

(B) Election when reduced spouse annuity elected

A participant or former participant who retires after March 31, 1992, and—
(i) who, at the time of retirement, is married, and
(ii) who, at that time designates (in accordance with subsection (b) of this section) that a portion of the annuity of such participant is to be used as the base for a survivor annuity.

may, during the 18-month period beginning on the date of the retirement of such participant, elect to have a greater portion of the annuity of such participant so used.

(2) Deposit required

(A) Requirement

An election under paragraph (1) shall not be effective unless the amount specified in subparagraph (B) is deposited into the fund before the end of that 18-month period.

(B) Amount of deposit

The amount to be deposited with respect to an election under this subsection is the amount equal to the sum of the following:

(i) Additional cost to system

The additional cost to the system that is associated with providing a survivor annuity under subsection (b) of this section and that results from such election, taking into account—

(I) the difference (for the period between the date on which the annuity of the participant or former participant commences and the date of the election) between the amount paid to such participant or former participant under this subchapter and the amount which would have been paid if such election had been made at the time the participant or former participant applied for the annuity; and

(II) the costs associated with providing for the later election.

(ii) Interest

Interest on the additional cost determined under clause (i), computed using the interest rate specified or determined under section 8334(e) of title 5 for the calendar year in which the amount to be deposited is determined.

(3) Voiding of previous elections

An election by a participant or former participant under this subsection voids prospectively any election previously made in the case of such participant under subsection (b) of this section.

(4) Reductions in annuity

An annuity that is reduced in connection with an election under this subsection shall be reduced by the same percentage reductions as were in effect at the time of the retirement of the participant or former participant whose annuity is so reduced.

(5) Rights and obligations resulting from reduced annuity election

Rights and obligations resulting from the election of a reduced annuity under this subsection shall be the same as the rights and obligations that would have resulted had the participant involved elected such annuity at the time of retirement.

(d) Annuities for surviving children

(1) Participants dying before April 1, 1992

In the case of a retired participant who died before April 1, 1992, and who is survived by a child or children—

(A) if the retired participant was survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under paragraph (3)(A); and

(B) if the retired participant was not survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under paragraph (3)(B).

(2) Participants dying on or after April 1, 1992

In the case of a retired participant who dies on or after April 1, 1992, and who is survived by a child or children—

(A) if the retired participant is survived by a spouse or former spouse who is the natural or adoptive parent of a surviving child of the participant, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under paragraph (3)(A); and

(B) if the retired participant is not survived by a spouse or former spouse who is the natural or adoptive parent of a surviving child of the participant, there shall be paid to or on behalf of each such surviving child an annuity determined under paragraph (3)(B).

(3) Amount of annuity

(A) The annual amount of an annuity for the surviving child of a participant covered by paragraph (1)(A) or (2)(A) of this subsection (or covered by paragraph (1)(A) or (2)(A) of section 2052(c) of this title) is the smallest of the following:

(i) 60 percent of the participant’s high-3 average pay, as determined under subsection (a)(4) of this section, divided by the number of children.

(ii) $59,000, as adjusted under section 2131 of this title.

(iii) $2,700, as adjusted under section 2131 of this title.

(B) The amount of an annuity for the surviving child of a participant covered by paragraph (1)(B) or (2)(B) of this subsection (or covered by paragraph (1)(B) or (2)(B) of section 2052(c) of this title) is the smallest of the following:

(i) 75 percent of the participant’s high-3 average pay, as determined under subsection (a)(4) of this section, divided by the number of children.

(ii) $1,080, as adjusted under section 2131 of this title.

(iii) $3,240, as adjusted under section 2131 of this title.

(4) Recomputation of child annuities

(A) In the case of a child annuity payable under paragraph (1), upon the death of a surviving spouse or the termination of the annu-
ity of a child, the annuities of any remaining children shall be recomputed and paid as though the spouse or child had not survived the retired participant.

(B) In the case of a child annuity payable under paragraph (2), upon the death of a surviving spouse or former spouse or termination of the annuity of a child, the annuities of any remaining children shall be recomputed and paid as though the spouse, former spouse, or child had not survived the retired participant. If the annuity of a surviving child who has not been receiving an annuity is initiated or resumed, the annuities of any other children shall be recomputed and paid from that date as though the annuities of all currently eligible children were then being initiated.

(5) “Former spouse” defined

For purposes of this subsection, the term “former spouse” includes any former wife or husband of the retired participant, regardless of the length of marriage or the amount of creditable service completed by the participant.

(e) Commencement and termination of child annuities

(1) Commencement

An annuity payable to a child under subsection (d) of this section, or under section 2052(c) of this title, shall begin on the day after the date on which the participant or retired participant dies or, in the case of an individual over the age of 18 who is not a child within the meaning of section 2002(b) of this title, shall begin or resume on the first day of the month in which the individual later becomes or again becomes a student as described in section 2002(b) of this title. Such annuity may not commence until any lump-sum that has been paid is returned to the fund.

(2) Termination

Such an annuity shall terminate on the last day of the month before the month in which the recipient of the annuity dies or no longer qualifies as a child (as defined in section 2002(b) of this title).

(f) Participants not married at time of retirement

(1) Designation of persons with insurable interest

(A) Authority to make designation

Subject to the rights of former spouses under subsection (b) of this section and section 2032 of this title, at the time of retirement an unmarried participant found by the Director to be in good health may elect to receive an annuity reduced in accordance with subparagraph (B) and designate in writing an individual having an insurable interest in the participant to receive an annuity under the system after the participant’s death. The amount of such an annuity shall be equal to 55 percent of the participant’s reduced annuity.

(B) Reduction in participant’s annuity

The annuity payable to the participant making such election shall be reduced by 10 percent of an annuity computed under subsection (a) of this section and by an additional 5 percent for each full 5 years the designated individual is younger than the participant. The total reduction under this subparagraph may not exceed 40 percent.

(C) Commencement of survivor annuity

The annuity payable to the designated individual shall begin on the day after the retired participant dies and terminate on the last day of the month before the designated individual dies.

(D) Recomputation of participant’s annuity on death of designated individual

An annuity which is reduced under this paragraph shall, effective the first day of the month following the death of the designated individual, be recomputed and paid as if the annuity had not been so reduced.

(2) Election of survivor annuity upon subsequent marriage

A participant who is unmarried at the time of retirement and who later marries may irrevocably elect, in a signed writing received by the Director within one year after the marriage, to receive a reduced annuity as provided in subsection (b) of this section. Such election and reduction shall be effective on the first day of the month beginning 9 months after the date of marriage. The election voids prospectively any election previously made under paragraph (1).

(g) Effect of divorce after retirement

(1) Recomputation of retired participant’s annuity upon divorce

An annuity which is reduced under this section (or any similar prior provision of law) to provide a survivor annuity for a spouse shall, if the marriage of the retired participant to such spouse is dissolved, be recomputed and paid for each full month during which a retired participant is not married (or is remarried, if there is no election in effect under paragraph (2)) as if the annuity had not been so reduced, subject to any reduction required to provide a survivor annuity under subsection (b) or (c) of section 2032 of this title or under section 2036 of this title.

(2) Election of survivor annuity upon subsequent remarriage

(A) In general

Upon remarriage, the retired participant may irrevocably elect, by means of a signed writing received by the Director within one year after such remarriage, to receive a reduced annuity for the purpose of providing an annuity for the new spouse of the retired participant in the event such spouse survives the retired participant. Such reduction shall be equal to the reduction in effect immediately before the dissolution of the previous marriage (unless such reduction is adjusted under section 2032(b)(5) of this title or elected under subparagraph (B)).
(B) When annuity previously not (or not fully) reduced
   (i) Election

   If the retired participant’s annuity was not reduced (or was not fully reduced) to
   provide a survivor annuity for the participant’s spouse or former spouse as of the
   time of retirement, the retired participant may make an election under the first sen-
   tence of subparagraph (A) upon remarriage to a spouse other than the spouse at
   the time of retirement. For any remarriage that occurred before August 14, 1991, the
   retired participant may make such an election within 2 years after such date.
   (ii) Deposit required

   (I) The retired participant shall, within one year after the date of the remarriage
   (or by August 14, 1993 for any remarriage that occurred before August 14, 1991), de-
   posit in the fund an amount determined by the Director, as nearly as may be adminis-
   tratively feasible, to reflect the amount by which the retired participant’s annuity
   would have been reduced if the election had been in effect since the date the annu-
   ity commenced, plus interest.

   (II) The annual rate of interest for each year during which the retired participant’s
   annuity would have been reduced if the election had been in effect since the date
   the annuity commenced shall be 6 percent.

   (III) If the retired participant does not make the deposit, the Director shall col-
   lect such amount by offset against the par-
   ticipant's annuity, up to a maximum of 25
   percent of the net annuity otherwise pay-
   able to the retired participant, and the re-
   tired participant is deemed to consent to
   such offset.

   (IV) The deposit required by this sub-
   paragraph may be made by the surviving
   spouse of the retired participant.

   (C) Effects of election

   An election under this paragraph and the reduction in the participant’s annuity shall
   be effective on the first day of the month be-
   ginning 9 months after the date of remar-
  riage. A survivor annuity elected under this
   paragraph shall be treated in all respects as
   a survivor annuity under subsection (b) of
   this section.

   (h) Coordination of annuities

   (1) Surviving spouse

   A surviving spouse whose survivor annuity
   was terminated because of remarriage before
   attaining age 55 shall not be entitled under
   subsection (b)(3)(C) of this section to the re-
   construction of that survivor annuity payable from the fund unless the surviving spouse elects to
   receive it instead of any other survivor annuity
   to which the surviving spouse may be enti-
   tled under the system or any other retirement
   system for Government employees by reason of the remarriage.

   (2) Former spouse

   A surviving former spouse of a participant or
   retired participant shall not become entitled

   under section 2032(b) or 2034 of this title to a
   survivor annuity or to the restoration of a sur-
   vivor annuity payable from the fund unless
   the surviving former spouse elects to receive
   it instead of any other survivor annuity to
   which the surviving former spouse may be enti-
   tled under this or any other retirement sys-
   tem for Government employees on the basis of a marriage to someone other than the partici-
   pant.

   (3) Surviving spouse of post-retirement mar-
   riage

   A surviving spouse who married a partici-
   pant after the participant’s retirement shall
   be entitled to a survivor annuity payable from
   the fund only upon electing that annuity in-
   stead of any other survivor annuity to which
   the surviving spouse may be entitled under
   this or any other retirement system for Gov-
   ernment employees on the basis of a marriage
   to someone other than the retired participant.

   (i) Supplemental survivor annuities

   (1) Spouse of recalled annuitant

   A married recalled annuitant who reverts to
   retired status with entitlement to a supple-
   mental annuity under section 2111(b) of this
   title shall, unless the annuitant and the an-
   nuitant’s spouse jointly elect in writing to the
   contrary at the time of reversion to retired
   status, have the supplemental annuity reduced
   by 10 percent to provide a supplemental sur-
   vivor annuity for the annuitant’s spouse. Such
   supplemental survivor annuity shall be equal
   to 55 percent of the supplemental annuity of
   the annuitant.

   (2) Regulations

   The Director shall prescribe regulations to
   provide for the application of paragraph (1) of
   this subsection and of subsection (b) of section
   2111 of this title in any case in which an an-
   nuitant has a former spouse who was married to
   the recalled annuitant at any time during the
   period of recall service and who qualifies for
   an annuity under section 2032(b) of this title.

   (j) Offset of annuities by amount of social secu-
   rity benefit

   Notwithstanding any other provision of this
   subchapter, an annuity (including a disability
   annuity) payable under this subchapter to an
   individual described in sections 2021(d)(1) and
   2151(c)(1) of this title and any survivor annuity
   payable under this subchapter on the basis of the
   service of such individual shall be reduced in
   a manner consistent with section 8349 of title 5,
   under conditions consistent with the conditions
   prescribed in that section.

(1) Pro rata share

Unless otherwise expressly provided by a spousal agreement or court order under section 2094(b) of this title, a former spouse of a participant, former participant, or retired participant is entitled to an annuity—

(A) if married to the participant, former participant, or retired participant throughout the creditable service of the participant, equal to 50 percent of the annuity of the participant; or

(B) if not married to the participant throughout such creditable service, equal to that proportion of 50 percent of such annuity that is the proportion that the number of days of the marriage of the former spouse to the participant during periods of creditable service of such participant under this subchapter bears to the total number of days of such creditable service.

(2) Disqualification upon remarriage before age 55

A former spouse is not qualified for an annuity under this subsection if before the commencement of that annuity the former spouse remarries before becoming 55 years of age.

(3) Commencement of annuity

The annuity of a former spouse under this subsection commences on the day the participant upon whose service the annuity is based becomes entitled to an annuity under this subchapter or on the first day of the month after the divorce or annulment involved becomes final, whichever is later.

(4) Termination of annuity

The annuity of such former spouse and the right thereto terminate on—

(A) the last day of the month before the month in which the former spouse dies or remarries before 55 years of age; or

(B) the date on which the annuity of the participant terminates (except in the case of an annuity subject to paragraph (5)(B)).

(5) Treatment of participant’s annuity

(A) Reduction in participant’s annuity

The annuity payable to any participant shall be reduced by the amount of an annuity under this subsection paid to any former spouse based upon the service of that participant. Such reduction shall be disregarded in calculating—

(i) the survivor annuity for any spouse, former spouse, or other survivor under this subchapter; and

(ii) any reduction in the annuity of the participant to provide survivor benefits under subsection (b) of this section or under section 2031(b) of this title.

(B) Treatment when annuitant returns to service

If an annuitant whose annuity is reduced under subparagraph (A) is recalled to service under section 2111 of this title, or reinstated or reappointed, in the case of a recovered...
disability annuitant, or if any annuitant is reemployed as provided for under sections 2112 and 2113 of this title, the pay of that annuitant shall be reduced by the same amount as the annuity would have been reduced if it had continued. Amounts equal to the reductions under this subparagraph shall be deposited in the Treasury of the United States to the credit of the fund.

(6) Disability annuitant

Notwithstanding paragraph (3), in the case of a former spouse of a disability annuitant—

(A) the annuity of that former spouse shall commence on the date on which the participant would qualify on the basis of the participant’s creditable service for an annuity under this subchapter (other than a disability annuity) or the date on which the disability annuity begins, whichever is later, and

(B) the amount of the annuity of the former spouse shall be calculated on the basis of the annuity for which the participant would otherwise so qualify.

(7) Election of benefits

A former spouse of a participant, former participant, or retired participant shall not become entitled under this subsection to an annuity payable from the fund unless the former spouse elects to receive it instead of any survivor annuity to which the former spouse may be entitled under this or any other retirement system for Government employees on the basis of a marriage to someone other than the participant.

(8) Limitation in case of multiple former spouse annuities

No spousal agreement or court order under section 2094(b) of this title involving a participant may provide for an annuity or a combination of annuities under this subsection that exceeds the annuity of the participant.

(b) Former spouse survivor annuity

(1) Pro rata share

Subject to any election under section 2031(b)(1)(B) and (C) of this title and unless otherwise expressly provided by a spousal agreement or court order under section 2094(b) of this title, if an annuitant is survived by a former spouse, the former spouse shall be entitled—

(A) if married to the annuitant throughout the creditable service of the annuitant, to a survivor annuity equal to 55 percent of the unreduced amount of the annuitant’s annuity, as computed under section 2031(a) of this title; and

(B) if not married to the annuitant throughout such creditable service, to a survivor annuity equal to that proportion of 55 percent of the unreduced amount of such annuity that is the proportion that the number of days of the marriage of the former spouse to the participant during periods of creditable service of such participant under this subchapter bears to the total number of days of such creditable service.

(2) Disqualification upon remarriage before age 55

A former spouse shall not be qualified for an annuity under this subsection if before the commencement of that annuity the former spouse remarries before becoming 55 years of age.

(3) Commencement, termination, and restoration of annuity

An annuity payable from the fund under this subchapter to a surviving former spouse under this subsection shall commence on the day after the annuitant dies and shall terminate on the last day of the month before the former spouse’s death or remarriage before attaining age 55. If such a survivor annuity is terminated because of remarriage, it shall be restored at the same rate commencing on the date such remarriage is dissolved by death, annulment, or divorce if any lump sum paid upon termination of the annuity is returned to the fund.

(4) Survivor annuity amount

(A) Maximum amount

The maximum survivor annuity or combination of survivor annuities under this subsection (and section 2031(b)(3) of this title) with respect to any participant may not exceed 55 percent of the full amount of the participant’s annuity, as calculated under section 2031(a) of this title.

(B) Limitation on other survivor annuities based on service of same participant

Once a survivor annuity has been provided under this subsection for any former spouse, a survivor annuity for another individual may thereafter be provided under this subsection (or section 2031(b)(3) of this title) with respect to the participant only for that portion (if any) of the maximum available which is not committed for survivor benefits for any former spouse whose prospective right to such annuity has not terminated by reason of death or remarriage.

(C) Finality of court order upon death of participant

After the death of a participant or retired participant, a court order under section 2094(b) of this title may not adjust the amount of the annuity of a former spouse of that participant or retired participant under this section.

(5) Effect of termination of former spouse entitlement

(A) Recomputation of participant’s annuity

If a former spouse of a retired participant dies or remarries before attaining age 55, the annuity of the retired participant, if reduced to provide a survivor annuity for that former spouse, shall be recomputed and paid, effective on the first day of the month beginning after such death or remarriage, as if the annuity had not been so reduced, unless an election is in effect under subparagraph (B).

(B) Election of spouse annuity

Subject to paragraph (4)(B), the participant may elect in writing within one year
after receipt of notice of the death or remarriage of the former spouse to continue the reduction in order to provide a higher survivor annuity under section 2031(b)(3) of this title for any spouse of the participant.

(c) Optional additional survivor annuities for other former spouse or surviving spouse

(1) In general

In the case of any participant providing a survivor annuity under subsection (b) of this section for a former spouse—

(A) such participant may elect, or

(B) a spousal agreement or court order under section 2094(b) of this title may provide for,

an additional survivor annuity under this subsection for any other former spouse or spouse surviving the participant, if the participant satisfactorily passes a physical examination as prescribed by the Director.

(2) Limitation

Neither the total amount of survivor annuity or annuities for any one surviving spouse or former spouse of such participant under this section or section 2031 of this title, may exceed 55 percent of the unreduced amount of the participant’s annuity, as computed under section 2031(a) of this title.

(3) Contribution for additional annuities

(A) Provision of additional survivor annuity

In accordance with regulations which the Director shall prescribe, the participant involved may provide for any annuity under this subsection—

(i) by a reduction in the annuity or an allotment from the basic pay of the participant;

(ii) by a lump-sum payment or installment payments to the fund; or

(iii) by any combination thereof.

(B) Actuarial equivalence to benefit

The present value of the total amount to accrue to the fund under subparagraph (A) to provide any annuity under this subsection shall be actuarially equivalent in value to such annuity, as calculated upon such tables of mortality as may from time to time be prescribed by the Director.

(C) Effect of former spouse’s death or disqualification

If a former spouse predeceases the participant or remarries before attaining age 55 (or, in the case of a spouse, the spouse predeceases the participant or does not qualify as a former spouse upon dissolution of the marriage)—

(i) if an annuity reduction or pay allotment under subparagraph (A) is in effect for that spouse or former spouse, the annuity shall be recomputed and paid as if it had not been reduced or the pay allotment terminated, as the case may be; and

(ii) any amount accruing to the fund under subparagraph (A) shall be refunded, but only to the extent that such amount may have exceeded the actuarial cost of providing benefits under this subsection for the period such benefits were provided, as determined under regulations prescribed by the Director.

(D) Recomputation upon death or remarriage of former spouse

Under regulations prescribed by the Director, an annuity shall be recomputed (or a pay allotment terminated or adjusted), and a refund provided (if appropriate), in a manner comparable to that provided under subparagraph (C), in order to reflect a termination or reduction of future benefits under this subsection for a spouse in the event a former spouse of the participant dies or remarries before attaining age 55 and an increased annuity is provided for that spouse in accordance with this section.

(4) Commencement and termination of additional survivor annuity

An annuity payable under this subsection to a spouse or former spouse shall commence on the day after the participant dies and shall terminate on the last day of the month before the spouse’s or the former spouse’s death or remarriage before attaining age 55.

(5) Nonapplicability of COLA provision

Section 2131 of this title does not apply to an annuity under this subsection, unless authorized under regulations prescribed by the Director.

(A) the unreduced amount of the participant’s or retired participant’s annuity, as computed under section 2031(a) of this title; or

PRIOR PROVISIONS

PART D—BENEFITS ACCRIVING TO CERTAIN PARTICIPANTS

§ 2051. Retirement for disability or incapacity; medical examination; recovery

(a) Disability retirement

(1) Eligibility

A participant who has become disabled shall, upon the participant’s own application or upon order of the Director, be retired on an annuity computed under subsection (b) of this section.

(2) Standard for disability determination

A participant shall be considered to be disabled only if the participant—

(A) is found by the Director to be unable, because of disease or injury, to render useful and efficient service in the participant’s position; and

(B) is not qualified for reassignment, under procedures prescribed by the Director, to a vacant position in the Agency at the same grade or level and in which the participant would be able to render useful and efficient service.

(3) Time limit for application

(A) One year requirement

A claim may be allowed under this section only if the application is submitted before the participant is separated from the Agency or within one year thereafter.

(B) Waiver for mentally incompetent participant

The time limitation may be waived by the Director for a participant who, at the date of separation from the Agency or within one year thereafter, is mentally incompetent, if the application is filed with the Agency within one year from the date of restoration of the participant to competency or the appointment of a fiduciary, whichever is earlier.

(b) Computation of disability annuity

(1) In general

Except as provided in paragraph (2), an annuity payable under subsection (a) of this section shall be computed under section 2031(a) of this title. However, if the disabled or incapacitated participant has less than 20 years of service credit toward retirement under the system at the time of retirement, the annuity shall be computed on the assumption that the participant has had 20 years of service, but the additional service credit that may accrue to a participant under this paragraph may not exceed the difference between the participant’s age at the time of retirement and age 60.

(2) Coordination with military retired pay and veterans’ compensation and pension

If a participant retiring under this section is receiving retired pay or retainer pay for mil-
(c) Medical examinations

(1) Medical examination required for determination of disability

In each case, the participant shall be given a medical examination by one or more duly qualified physicians or surgeons designated by the Director to conduct examinations, and disability shall be determined by the Director on the basis of the advice of such physicians or surgeons.

(2) Annual reexaminations until age 60

Unless the disability is permanent, like examinations shall be made annually until the annuitant becomes age 60. If the Director determines on the basis of the advice of one or more duly qualified physicians or surgeons conducting such examinations that an annuitant has recovered to the extent that the annuitant can return to duty, the annuitant may apply for reinstatement or reappointment in the Agency within one year from the date the annuitant’s recovery is determined.

(3) Reinstatement

Upon application, the Director may reinstate any such recovered disability annuitant in the grade held at time of retirement, or the Director may, taking into consideration the age, qualifications, and experience of such annuitant, and the present grade of the annuitant’s contemporaries in the Agency, appoint the annuitant to a grade higher than the one held before retirement.

(4) Termination of disability annuity

Payment of the annuity shall continue until a date one year after the date of examination showing recovery or until the date of reinstatement or reappointment in the Agency, whichever is earlier.

(5) Payment of fees

Fees for examinations under this subsection, together with reasonable traveling and other expenses incurred in order to submit to examination, may be paid out of the fund.

(6) Suspension of annuity pending required examination

If the annuitant fails to submit to examination as required under this section, payment of the annuity shall be suspended until continuance of the disability is satisfactorily established.

(7) Termination of annuity upon restoration of earning capacity

If the annuitant receiving a disability retirement annuity is restored to earning capacity before becoming age 60, payment of the annuity terminates on reemployment by the Government or 180 days after the end of the calendar year in which earning capacity is restored, whichever is earlier. Earning capacity shall be considered to be restored if in any calendar year the income of the annuitant from wages or self-employment, or both, equals at least 80 percent of the current rate of pay for the grade and step the annuitant held at the time of retirement.

(d) Treatment of recovered disability annuitant who is not reinstated

(1) Separation

If a recovered or restored disability annuitant whose annuity is discontinued is for any reason not reinstated or reappointed in the Agency, the annuitant shall be considered, except for service credit, to have been separated within the meaning of section 2054 of this title as of the date of termination of the disability annuity.

(2) Retirement

After such termination, the recovered or restored annuitant shall be entitled to the benefits of section 2054 or 2071(a) of this title, except that the annuitant may elect voluntary retirement under section 2053 of this title, if qualified thereunder, or may be placed by the Director in an involuntary retirement status under section 2055(a) of this title, if qualified thereunder. Retirement rights under this paragraph shall be based on the provisions of this subchapter in effect as of the date on which the disability annuity is discontinued.

(3) Further disability before age 62

If, based on a current medical examination, the Director determines that a recovered annuitant has, before reaching age 62, again become totally disabled due to recurrence of the disability for which the annuitant was originally retired, the annuitant’s terminated disability annuity (same type and rate) shall be reinstated from the date of such medical examination. If a restored-to-earning-capacity annuitant has not medically recovered from the disability for which retired and establishes to the Director’s satisfaction that the annuitant’s income from wages and self-employment in any calendar year before reaching age 62 was less than 80 percent of the rate of pay for the grade and step the annuitant held at the time of retirement, the annuitant’s terminated disability annuity (same type and rate) shall be reinstated from the first of the next following year. If the annuitant has been allowed an involuntary or voluntary retirement annuity in the meantime, the annuitant’s reinstated disability annuity shall be substituted for it unless the annuitant elects to retain the former benefit.

1 See References in Text note below.
(e) Coordination of benefits

(1) Workers' compensation

A participant is not entitled to receive for the same period of time—

(A) an annuity under this subchapter, and

(B) compensation for injury to, or disability of, such participant under subchapter I of chapter 81 of title 5, other than compensation payable under section 8107 of such title.

(2) Survivor annuities

An individual is not entitled to receive an annuity under this subchapter and a concurrent benefit under subchapter I of chapter 81 of title 5 on account of the death of the same person.

(3) Greater benefit

Paragraphs (1) and (2) do not bar the right of a claimant to the greater benefit conferred by either this subchapter or subchapter I of chapter 81 of title 5.

(f) Offset from survivor annuity for workers' compensation payment

(1) Refund to Department of Labor

If an individual is entitled to an annuity under this subchapter and the individual receives a lump-sum payment for compensation under section 8138 of title 5 based on the disability or death of the same person, so much of the compensation as has been paid for a period extended beyond the date payment of the annuity commences, as determined by the Secretary of Labor, shall be refunded to the Department of Labor from the Employees' Compensation Fund. Before the individual may receive the annuity, the individual shall—

(A) refund to the Secretary of Labor the amount representing the compensated annuity payments for the extended period; or

(B) authorize the deduction of the amount from the annuity.

(2) Source of deduction

Deductions from the annuity may be made from accrued or accruing payments. The amounts deducted and withheld from the annuity shall be transmitted to the Secretary for reimbursement to the Employees' Compensation Fund.

(3) Prorating deduction

If the Secretary finds that the financial circumstances of an individual entitled to an annuity under this subchapter warrant deferred refunding, deductions from the annuity may be prorated against and paid from accruing payments in such manner as the Secretary determines appropriate.

If a participant dies and no claim for an annuity is payable under this subchapter, the participant’s lump-sum credit and any voluntary contributions made under section 2121 of this title, with interest, shall be paid in the order of precedence shown in section 2071(c) of this title.

(b) Survivor annuity for surviving spouse or former spouse

(1) In general

If a participant dies before separation or retirement from the Agency and is survived by a spouse or by a former spouse qualifying for a survivor annuity under section 2032(b) of this title, such surviving spouse shall be entitled to an annuity equal to 55 percent of the annuity computed in accordance with paragraphs (2) and (3) of this subsection and section 2031(a) of this title, and any such surviving former spouse shall be entitled to an annuity computed in accordance with section 2032(b) of this title and paragraph (2) of this subsection as if the participant died after being entitled to an annuity under this subchapter. The annuity of such surviving spouse or former spouse shall commence on the last day of the month before the death or remarriage before attaining age 55 of the surviving spouse or former spouse (subject to the payment and restoration provisions of sections 2031(b)(3)(C), 2031(h), and 2032(b)(3) of this title).

(2) Computation

The annuity payable under paragraph (1) shall be computed in accordance with section 2031(a) of this title, except that the computation of the annuity of the participant under such section shall be at least the smaller of (A) 40 percent of the participant’s high-3 average pay, or (B) the sum obtained under such section after increasing the participant’s length of service by the difference between the participant’s age at the time of death and age 60.

(3) Limitation

Notwithstanding paragraph (1), if the participant had a former spouse qualifying for an annuity under section 2032(b) of this title, the
annuity of a surviving spouse under this section shall be subject to the limitation of section 2031(b)(3)(B) of this title, and the annuity of a former spouse under this section shall be subject to the limitation of section 2032(a)(4)(B) of this title.

(4) Precedence of section 2034 survivor annuity over death-in-service annuity

If a former spouse who is eligible for a death-in-service annuity under this title is or becomes eligible for an annuity under section 2034 of this title, the annuity provided under this section shall not be payable and shall be superseded by the annuity under section 2034 of this title.

(1) Participants dying before April 1, 1992

In the case of a participant who before April 1, 1992, died before separation or retirement from the Agency and who was survived by a child or children—

(B) if the participant was not survived by a spouse, there shall be paid from the fund to or on behalf of each such surviving child an annuity determined under section 2031(d)(3)(B) of this title.

(2) Participants dying on or after April 1, 1992

In the case of a participant who on or after April 1, 1992, dies before separation or retirement from the Agency and who is survived by a child or children—

PRIOR PROVISIONS

PART E—LUMP-SUM PAYMENTS

§ 2071. Lump-sum payments

(a) Entitlement to lump-sum credit

Subject to section 2082(d) of this title and subsection (b) of this section, a participant who—

(1) is separated from the Agency for at least 31 consecutive days and is not transferred to employment covered by another retirement system for Government employees;

(2) files an application with the Director for payment of the lump-sum credit;

(3) is not reemployed in a position in which the participant is subject to this subchapter at the time the participant files the application; and

(4) will not become eligible to receive an annuity under this subchapter within 31 days after filing the application,
is entitled to be paid the lump-sum credit. Receipt of the payment of the lump-sum credit by the former participant voids all annuity rights under this subchapter based on the service on which the lump-sum credit is based, until the former participant is reemployed in service subject to this subchapter.

(b) Conditions for payment of lump-sum credit

(1) In general

Whenever a former participant becomes entitled to receive payment of the lump-sum credit under subsection (a) of this section, such lump-sum credit shall be paid to the former participant and to any former spouse or former wife or husband of the former participant in accordance with paragraphs (2) through (4). The former participant’s lump-sum credit shall be reduced by the amount of the lump-sum credit payable to any former spouse or former wife or husband.

(2) Pro rata share for former spouse

Unless otherwise expressly provided by any spousal agreement or court order under section 2094(b) of this title, a former spouse of the former participant shall be entitled to receive a share of such participant’s lump-sum credit—

(A) if married to the participant throughout the period of creditable service of the participant, equal to 50 percent of such lump-sum credit; or

(B) if not married to the participant throughout such creditable service, equal to a proportion of 50 percent of such lump-sum credit which is the proportion that the number of days of the marriage of the former spouse to the participant during periods of creditable service of such participant bears to the total number of days of such creditable service.

(3) Share for former wife or husband

Payment of the former participant’s lump-sum credit shall be subject to the terms of a court order under section 2094(c) of this title concerning any former wife or husband of the former participant if—

(A) the court order expressly relates to any portion of such lump-sum credit; and

(B) payment of the lump-sum credit would extinguish entitlement of such former wife or husband to a survivor annuity under section 2036 of this title or to any portion of the participant’s annuity under section 2094(c) of this title.

(4) Notification

A lump-sum credit may be paid to or for the benefit of a former participant—

(A) only upon written notification to (i) the current spouse, if any, (ii) any former spouse, and (iii) any former wife or husband who has a court order covered by paragraph (3); and

(B) only if the express written concurrence of the current spouse has been received by the Director.

This paragraph may be waived under circumstances described in section 2031(b)(1)(D) of this title.

(c) Order of precedence of payment

A lump-sum payment authorized by subsection (d) or (e) of this section 2121(d) of this title and a payment of any accrued and unpaid annuity authorized by subsection (f) of this section shall be paid in the following order of precedence to individuals surviving the participant and alive on the date entitlement to the payment arises, upon establishment of a valid claim therefor, and such payment bars recovery by any other individual:

(1) To the beneficiary or beneficiaries designated by such participant in a signed and witnessed writing received by the Director before the participant’s death. For this purpose, a designation, change, or cancellation of beneficiary in a will or other document not so executed and filed with the Director shall have no force or effect.

(2) If there is no designated beneficiary, to the surviving wife or husband of such participant.

(3) If none of the above, to the child or children of such participant and descendent of deceased children by representation.

(4) If none of the above, to the parents of such participant or the survivor of them.

(5) If none of the above, to the duly appointed executor or administrator of the estate of such participant.

(6) If none of the above, to such other next of kin of such participant as the Director determines to be legally entitled to such payment.

(d) Death of former participant before retirement

(1) In general

Except as provided in paragraph (2), if a former participant eligible for a deferred annuity under section 2054 of this title dies before reaching age 62, such former participant’s lump-sum credit shall be paid in accordance with subsection (c) of this section.

(2) Limitation

In any case where there is a surviving former spouse or surviving former wife or husband of such participant who is entitled to a

share of such participant’s lump-sum credit under paragraphs (2) and (3) of subsection (b) of this section, the lump-sum credit payable under paragraph (1) shall be reduced by the lump-sum credit payable to such former spouse or former wife or husband.

(e) Termination of all annuity rights
If all annuity rights under this subchapter based on the service of a deceased participant or annuitant terminate before the total annuity paid equals the lump-sum credit, the difference shall be paid in accordance with subsection (c) of this section.

(f) Payment of accrued and unpaid annuity when retired participant dies
If a retired participant dies, any annuity accrued and unpaid shall be paid in accordance with subsection (c) of this section.

(g) Termination of survivor annuity
An annuity accrued and unpaid on the termination, except by death, of the annuity of a survivor annuitant shall be paid to that individual. An annuity accrued and unpaid on the death of a survivor annuitant shall be paid in the following order of precedence, and the payment bars recovery by any other individual:

(1) To the duly appointed executor or administrator of the estate of the survivor annuitant.

(2) If there is no executor or administrator, to such next of kin of the survivor annuitant as the Director determines to be legally entitled to such payment, except that no payment shall be made under this paragraph until after the expiration of 30 days from the date of the death of the survivor annuitant.

PRIOR PROVISIONS

AMENDMENTS
1993—Subsec. (c). Pub. L. 103–178, § 202(a)(11)(A), substituted “A lump-sum payment authorized by subsection (d) or (e) of this section 2121(d) of this title” for “A lump-sum benefit that would have been payable to a participant, former participant, or annuitant, or to a survivor annuitant, authorized by subsection (d) or (e) of this section or by section 2034(b) or 2121(d) of this title”.

EFFECTIVE DATE OF 1993 AMENDMENT

PART F—PERIOD OF SERVICE FOR ANNUITIES
§ 2081. Computation of length of service
(a) In general
(1) Crediting service as participant
For the purposes of this subchapter, the period of service of a participant shall be computed from the date on which the participant becomes a participant under this subchapter.

(2) Exclusion of certain periods
In computing the period of service of a participant, all periods of separation from the Agency and so much of any leave of absence without pay as may exceed six months in the aggregate in any calendar year shall be excluded, except leaves of absence while receiving benefits under chapter 81 of title 5 and leaves of absence granted participants while performing active and honorable service in the Armed Forces.

(3) Crediting certain periods of separation
A participant or former participant who returns to Government duty after a period of separation shall have included in the participant or former participant’s period of service that part of the period of separation in which the participant or former participant was receiving benefits under chapter 81 of title 5.

(b) Extra credit for periods served at unhealthy posts overseas
(1) Classification of certain posts as unhealthy
The Director may from time to time establish a list of places outside the United States, that, by reason of climatic or other extreme conditions, are to be classed as unhealthy posts. Each list shall be established in consultation with the Secretary of State.

(2) Extra credit
Each year of duty at a post on the list established under paragraph (1), inclusive of regular leaves of absence, shall be counted as one and a half years in computing the length of service of a participant under this subchapter for the purpose of retirement. In computing such service, any fractional month shall be treated as a full month.

(3) Coordination with benefits under title 5
Extra credit for service at an unhealthy post may not be credited to a participant who is paid a differential under section 5925 or 5928 of title 5 for the same service.

PRIOR PROVISIONS
§ 2082. Prior service credit

(a) In general

A participant may, subject to the provisions of this section, include in the participant's period of service—

(1) civilian service in the Government before becoming a participant that would be creditable toward retirement under subchapter III of chapter 83 of title 5 (as determined under section 8332(b) of such title); and

(2) honorable active service in the Armed Forces before the date of the separation upon which eligibility for an annuity is based, or honorable active service in the Regular or Reserve Corps of the Public Health Service after June 30, 1961, or as a commissioned officer of the National Oceanic and Atmospheric Administration after June 30, 1961.

(b) Limitations

(1) In general

Except as provided in paragraphs (2) and (3), the total service of any participant shall exclude—

(A) any period of civilian service on or after October 1, 1982, for which retirement deductions or deposits have not been made,

(B) any period of service for which a refund of contributions has been made, or

(C) any period of service for which contributions were not transferred pursuant to subsection (c)(1) of this section;

unless the participant makes a deposit to the fund in an amount equal to the percentages of basic pay received for such service as specified in the table contained in section 8334(c) of title 5, together with interest computed in accordance with section 8334(e) of such title. The deposit may be made in one or more installments (including by allotment from pay), as determined by the Director.

(2) Effect of retirement deductions not made

If a participant has not paid a deposit for civilian service performed before October 1, 1982, for which retirement deductions were not made, such participant’s annuity shall be reduced by 10 percent of the deposit described in paragraph (1) remaining unpaid, unless the participant elects to eliminate the service involved for the purpose of the annuity computation.

(3) Effect of refund of retirement contributions

A participant who received a refund of retirement contributions under this or any other retirement system for Government employees covering service for which the participant may be allowed credit under this subchapter may deposit the amount received, with interest computed under paragraph (1). Credit may not be allowed for the service covered by the refund until the deposit is made, except that a participant who—

(A) separated from Government service before October 1, 1990, and received a refund of the participant’s retirement contributions covering a period of service ending before October 1, 1990;

(B) is entitled to an annuity under this subchapter (other than a disability annuity) which commences after December 1, 1992; and

(C) does not make the deposit required to receive credit for the service covered by the refund;

shall be entitled to an annuity actuarially reduced in accordance with section 8334(d)(2)(B) of title 5.

(4) Entitlement under another system

Credit toward retirement under the system shall not be allowed for any period of civilian service on the basis of which the participant is receiving (or will in the future be entitled to receive) an annuity under another retirement system for Government employees, unless the right to such annuity is waived and a deposit is made under paragraph (1) covering that period of service, or a transfer is made pursuant to subsection (c) of this section.

(c) Transfer from other Government retirement systems

(1) In general

If an employee who is under another retirement system for Government employees becomes a participant in the system by direct transfer, the Government’s contributions (including interest accrued thereon computed in accordance with section 8334(e) of title 5) under such retirement system on behalf of the employee as well as such employee’s total contributions and deposits (including interest accrued thereon), except voluntary contributions, shall be transferred to the employee’s credit in the fund effective as of the date such employee becomes a participant in the system.

(2) Consent of employee

Each such employee shall be deemed to consent to the transfer of such funds, and such transfer shall be a complete discharge and acquittance of all claims and demands against the other Government retirement fund on account of service rendered before becoming a participant in the system.

(3) Additional contributions; refunds

A participant whose contributions are transferred pursuant to paragraph (1) shall not be required to make additional contributions for periods of service for which full contributions were made to the other Government retirement fund, nor shall any refund be made to any such participant on account of contributions made during any period to the other Government retirement fund at a higher rate than that fixed for employees by section 8334(c) of title 5 for contributions to the fund.

(d) Transfer to other Government retirement systems

(1) In general

If a participant in the system becomes an employee under another Government retirement system by direct transfer to employment covered by such system, the Government’s contributions (including interest accrued thereon computed in accordance with section 8334(e) of title 5) to the fund on the participant’s behalf as well as the participant’s total contributions and deposits (including interest
accrued thereon), except voluntary contributions, shall be transferred to the participant’s credit in the fund of such other retirement system effective as of the date on which the participant becomes eligible to participate in such other retirement system.

(2) Consent of employee
Each such employee shall be deemed to consent to the transfer of such funds, and such transfer shall be a complete discharge and acquittance of all claims and demands against the fund on account of service rendered before the participant’s becoming eligible for participation in that other system.

(e) Prior military service credit

(1) Application to obtain credit
If a deposit required to obtain credit for prior military service described in subsection (a)(2) of this section was not made to another Government retirement fund and transferred under subsection (c)(1) of this section, the participant may obtain credit for such military service, subject to the provisions of this subsection and subsections (f) through (h) of this section, by applying for it to the Director before retirement or separation from the Agency.

(2) Employment starting before, on, or after October 1, 1982
Except as provided in paragraph (3)—
(A) the service of a participant who first became a Federal employee before October 1, 1982, shall include credit for each period of military service performed before the date of separation on which entitlement to an annuity under this subchapter is based, subject to subsection (f) of this section; and
(B) the service of a participant who first becomes a Federal employee on or after October 1, 1982, shall include credit for—
(i) each period of military service performed before January 1, 1957, and
(ii) each period of military service performed after December 31, 1956, and before the separation on which entitlement to an annuity under this subchapter is based, only if a deposit (with interest, if any) is made with respect to that period, as provided in subsection (h) of this section.

(3) Effect of receipt of military retired pay
In the case of a participant who is entitled to retired pay based on a period of military service, the participant’s service may not include credit for such period of military service unless the retired pay is paid—
(A) on account of a service-connected disability—
(i) incurred in combat with an enemy of the United States; or
(ii) caused by an instrumentality of war and incurred in the line of duty during a period of war (as defined in section 1101 of title 10).
(B) under chapter 67 of title 10.

(4) Survivor annuity
Notwithstanding paragraph (3), the survivor annuity of a survivor of a participant—
(A) who was awarded retired pay based on any period of military service, and
(B) whose death occurs before separation from the Agency,
shall be computed in accordance with section 3332(c)(3) of title 5.

(f) Effect of entitlement to social security benefits

(1) In general
Notwithstanding any other provision of this section (except paragraph (3) of this subsection) or section 2083 of this title, any military service (other than military service covered by military leave with pay from a civilian position) performed by a participant after December 1956 shall be excluded in determining the aggregate period of service on which an annuity payable under this subchapter to such participant or to the participant’s spouse, former spouse, previous spouse, or child is entitled, or would upon proper application be entitled, at the time of such determination, to monthly old-age or survivors’ insurance benefits under section 402 of title 2, based on such participant’s wages and self-employment income. If the military service is not excluded under the preceding sentence, but upon attaining age 62, the participant or spouse, former spouse, or previous spouse becomes entitled (or would upon proper application be entitled) to such benefits, the aggregate period of service on which the annuity is based shall be redetermined, effective as of the first day of the month in which the participant or spouse, former spouse, or previous spouse attains age 62, so as to exclude such service.

(2) Limitation
The provisions of paragraph (1) relating to credit for military service do not apply to—
(A) any period of military service of a participant with respect to which the participant has made a deposit with interest, if any, under subsection (h) of this section; or
(B) the military service of any participant described in subsection (e)(2)(B) of this section.

(3) Effect of entitlement before September 8, 1982
(A) The annuity recomputation required by paragraph (1) shall not apply to any participant who was entitled to an annuity under this subchapter on or before September 8, 1982, or who is entitled to a deferred annuity based on separation from the Agency occurring on or before such date. Instead of an annuity recomputation, the annuity of such participant shall be reduced at age 62 by an amount equal to a fraction of the participant’s old-age or survivors’ insurance benefits under section 402 of title 2. The reduction shall be determined by multiplying the participant’s monthly Social Security benefit by a fraction, the numerator of which is the participant’s total military wages and deemed additional wages (within the meaning of section 429 of title 42) that were subject to Social Security deduc-

1 See References in Text note below.
tions and the denominator of which is the total of all the participant’s wages, including military wages, and all self-employment income that were subject to Social Security deductions before the calendar year in which the determination month occurs.

(B) The reduction determined in accordance with subparagraph (A) shall not be greater than the reduction that would be required under paragraph (1) if such paragraph applied to the participant. The new formula shall be applicable to any annuity payment payable after October 1, 1982, including annuity payments to participants who had previously reached age 62 and whose annuities had already been recomputed.

(C) For purposes of this paragraph, the term “determination month” means—

(i) the first month for which the participant is entitled to old-age or survivors’ insurance benefits (or would be entitled to such benefits upon application therefor); or

(ii) October 1982, in the case of any participant entitled to such benefits for that month.

(g) Deposits paid by survivors

For the purpose of survivor annuities, deposits authorized by subsections (b) and (h) of this section may also be made by the survivor of a participant.

(h) Deposits for periods of military service

(1)(A) Each participant who has performed military service before the date of separation on which entitlement to an annuity under this subchapter is based may pay to the Agency an amount equal to 7 percent of the amount of basic pay paid under section 204 of title 37 to the participant for each period of military service after December 1956. The amount of such payments shall be based on such evidence of basic pay for military service before the date of separation on which entitlement to such benefits is claimed as the participant may provide or, if the Director determines to be necessary, based on such evidence of basic pay for military service provided by the Director under paragraph (4).

(2) Any deposit made under paragraph (1) more than two years after the later of—

(A) October 1, 1983, or

(B) the date on which the participant making the deposit first becomes an employee of the Federal Government,

shall include interest on such amount computed and compounded annually beginning on the date of expiration of the two-year period. The interest rate that is applicable in computing interest in any year under this paragraph shall be equal to the interest rate that is applicable for such year under section 8334(e) of title 5.

(3) Any payment received by the Director under this subsection shall be deposited in the Treasury of the United States to the credit of the fund.

(4) The provisions of section 2031(k) of this title shall apply with respect to such information as the Director determines to be necessary for the administration of this subsection in the same manner that such section applies concerning information described in that section.

(5) Payments to retired employees
(A) Calculation of survivor annuity
Any reduction in payments to a retired employee as a result of payments to a qualified former spouse under this subsection shall be disregarded in calculating—
(i) the survivor annuity for any spouse, former spouse (qualified or otherwise), or other survivor under chapter 84 of title 5, and

(B) Reduction in basic pay upon recall to service
If a retired employee whose annuity is reduced under paragraph (1) is recalled to service under section 2152(c) of this title, the basic pay of that annuitant shall be reduced by the same amount as the annuity would have been reduced if it had continued. Amounts equal to the reductions under this subparagraph shall be deposited in the Treasury of the United States to the credit of the Civil Service Retirement and Disability Fund.

(6) Special rules for disability annuitants
Notwithstanding paragraphs (1) and (4), in the case of any qualified former spouse of a disability annuitant—

(B) the amount of the annuity of the qualified former spouse shall be calculated on the basis of the benefits for which the employee would otherwise qualify under subchapter II of chapter 84 of such title.

(7) Pro rata share in case of employees transferred to FERS
Notwithstanding paragraph (1)(B), in the case of an employee who has elected to become subject to chapter 84 of title 5, the share of such employee’s qualified former spouse shall equal the sum of—
(A) 50 percent of the employee’s annuity under subchapter III of chapter 83 of title 5 or under subchapter II of this chapter (computed in accordance with section 302(a) of the Federal Employees’ Retirement System Act of 1986 or section 2157 of this title), multiplied by the proportion that the number of days of marriage during the period of the employee’s creditable service before the effective date of the election to transfer bears to the employee’s total creditable service before such effective date; and
(B) if applicable, 50 percent of the employee’s benefits under chapter 84 of title 5 or section 2152(a) of this title (computed in accordance with section 302(a) of the Federal Employees’ Retirement System Act of 1986 or section 2157 of this title), multiplied by the proportion that the number of days of marriage during the period of the employee’s creditable service on and after the effective date of the election to transfer bears to the employee’s total creditable service after such effective date.

(8) Treatment of pro rata share under title 26
For purposes of title 26, payments to a qualified former spouse under this subsection shall be treated as income to the qualified former spouse and not to the employee.

(d) Qualified former spouse survivor benefits
(1) Entitlement
(A) In general
Subject to an election under section 8416(a) of title 5, and unless otherwise expressly provided by any spousal agreement or court order governing survivor benefits payable under this subsection to a qualified former spouse, such former spouse is entitled to a share, determined under subparagraph (B), of all survivor benefits that would otherwise be payable under subchapter IV of chapter 84 of title 5 to an eligible surviving spouse of the employee.

(B) Amount of share
The share referred to in subparagraph (A) equals—
(i) 100 percent, if the qualified former spouse was married to the employee throughout the entire period of the employee’s service which is creditable under chapter 84 of title 5; or
(ii) a pro rata share of 100 percent, if the qualified former spouse was not married to the employee throughout such creditable service.

(2) Survivor benefits
(A) The survivor benefits payable under this subsection to a qualified former spouse shall include the amount payable under section 8442(b)(1)(A) of title 5 and any supplementary annuity under section 8442(f) of such title that would be payable if such former spouse were a widow or widower entitled to an annuity under such section.

(B) Any calculation under section 8442(f) of title 5 of the supplementary annuity payable to a widow or widower of an employee referred to in section 2152(a) of this title shall be based on an “assumed CIARDS annuity” rather than an “assumed CSRS annuity” as stated in sec-

\(^2\)So in original. Probably should be “section”.
tion 8442(f) of such title. For the purpose of this subparagraph, the term "assumed CIRADS annuity" means the amount of the survivor annuity to which the widow or widower would be entitled under subchapter II of this chapter based on the service of the deceased annuitant determined under section 8442(f)(5) of such title.

(3) Disqualification upon remarriage before age 55

A qualified former spouse shall not be entitled to any benefit under this subsection if, before commencement of any benefit, the qualified former spouse remarries before becoming 55 years of age.

(4) Restoration

If the survivor annuity payable under this subsection to a surviving qualified former spouse is terminated because of remarriage before becoming age 55, the annuity shall be restored at the same rate commencing on the date such remarriage is dissolved by death, divorce, or annulment, if—

(A) such former spouse elects to receive this survivor annuity instead of any other survivor benefit to which such former spouse may be entitled under subchapter IV of chapter 84 of title 5, or under another retirement system for Government employees by reason of the remarriage; and

(B) any lump sum paid on termination of the annuity is returned to the Civil Service Retirement and Disability Fund.

(5) Modification of court order or spousal agreement

A modification in a court order or spousal agreement to adjust a qualified former spouse's share of the survivor benefits shall not be effective if issued after the retirement or death of the employee, former employee, or annuitant, whichever occurs first.

(6) Effect of termination of qualified former spouse's entitlement

After a qualified former spouse of a retired employee remarries before becoming age 55 or dies, the reduction in the retired employee's annuity for the purpose of providing a survivor annuity for such former spouse shall be terminated. The annuitant may elect, in a signed writing received by the Director within 2 years after the qualified former spouse's remarriage or death, to continue the reduction in order to provide or increase the survivor annuity for such annuitant's spouse. The annuitant making such election shall pay a deposit in accordance with the provisions of section 8418 of title 5.

(7) Pro rata share in case of employees transferred to FERS

Notwithstanding paragraph (1)(B), in the case of an employee who has elected to become subject to chapter 84 of title 5, the share of such employee's qualified former spouse to survivor benefits shall equal the sum of—

(A) 50 percent of the employee's annuity under subchapter III of chapter 83 of title 5 or under subchapter II of this chapter (computed in accordance with section 302(a) of the Federal Employees' Retirement System Act of 1986 or section 2157 of this title), multiplied by the proportion that the number of days of marriage during the period of the employee's creditable service before the effective date of the election to transfer bears to the employee's total creditable service before such effective date; and

(B) if applicable—

(i) 50 percent of the employee's annuity under chapter 84 of title 5 or section 2152(a) of this title (computed in accordance with section 302(a) of the Federal Employees' Retirement System Act of 1986 or section 2157 of this title), plus

(ii) the survivor benefits referred to in subsection (d)(2)(A) of this section, multiplied by the proportion that the number of days of marriage during the period of the employee's creditable service on and after the effective date of the election to transfer bears to the employee's total creditable service after such effective date.

(e) Qualified former spouse Thrift Savings Plan benefit

(1) Entitlement

(A) In general

Unless otherwise expressly provided by a spousal agreement or court order governing disposition of the balance of an account in the Thrift Savings Fund under subchapter III of chapter 84 of title 5, a qualified former spouse of an employee is entitled to a share (determined under subparagraph (B)) of the balance in the employee's account in the Thrift Savings Fund on the date the divorce of the qualified former spouse and employee becomes final.

(B) Amount of share

The share referred to in subparagraph (A) equals 50 percent of the employee's account balance in the Thrift Savings Fund that accrued during the period of marriage. For purposes of this subsection, the employee's account balance shall not include the amount of any outstanding loan.

(2) Payment of benefit

(A) Time of payment

The entitlement of a qualified former spouse under paragraph (1) shall be effective on the date the divorce of the qualified former spouse and employee becomes final. The qualified former spouse's benefit shall be payable after the date on which the Director receives the divorce decree or any applicable court order or spousal agreement, together with such additional information or documentation as the Director may require.

(B) Method of payment

The qualified former spouse's benefit under this subsection shall be paid in a lump sum.

(C) Limitation

A spousal agreement or court order may not provide for payment to a qualified...
former spouse under this subsection of an amount that exceeds the employee’s account balance in the Thrift Savings Fund.

(D) Death of qualified former spouse

If the qualified former spouse dies before payment of the benefit provided under this subsection, such payment shall be made to the estate of the qualified former spouse.

(E) Bar to recovery

Any payment under this subsection to an individual bars recovery by any other individual.

(3) Closed account

No payment under this subsection may be made by the Director if the date on which the divorce becomes final is after the date on which the total amount of the employee’s account balance has been withdrawn or transferred, or the date on which an annuity contract has been purchased, in accordance with section 8433 of title 5.

(f) Preservation of rights of qualified former spouses

An employee may not make an election or modification of election under section 817 or 818 of title 5, or other section relating to the employee’s annuity under subchapter II of chapter 84 of title 5, that would diminish the entitlement of a qualified former spouse to any benefit granted to such former spouse by this section or by court order or spousal agreement.

(g) Payment of share of lump-sum credit

Whenever an employee or former employee becomes entitled to receive the lump-sum credit under section 8424(a) of title 5, a share (determined under subsection (c)(1)(B) of this section) of that lump-sum credit shall be paid to any qualified former spouse of such employee, unless otherwise expressly provided by any spousal agreement or court order governing disposition of the lump-sum credit involved.

(h) Payment to qualified former spouses under court order or spousal agreement

In the case of any employee or retired employee who has a qualified former spouse who is covered by a court order or who is a party to a spousal agreement—

(1) any right of the qualified former spouse to any retirement benefits under subsection (c) of this section and to any survivor benefits under subsection (d) of this section, and the amount of any such benefits;

(2) any right of the qualified former spouse to any Thrift Savings Plan benefit under subsection (e) of this section, and the amount of any such benefit; and

(3) any right of the qualified former spouse to any payment of a lump-sum credit under subsection (g) of this section, and the amount of any such payment shall be determined in accordance with that spousal agreement or court order, if and to the extent expressly provided for in the terms of the spousal agreement or court order that are not inconsistent with the requirements of this section.

(i) Applicability of CIARDS former spouse benefits

(1) Except as provided in paragraph (2), in the case of an employee who has elected to become subject to chapter 84 of title 5, the provisions of sections 2034 and 2035 of this title shall apply to such employee’s former spouse (as defined in section 2002(a)(4) of this title) who would otherwise be eligible for benefits under sections 2034 and 2035 of this title but for the employee having elected to become subject to such chapter.

(2) For the purposes of computing such former spouse’s benefits under sections 2034 and 2035 of this title—

(A) the retirement benefits shall be equal to the amount determined under subsection (c)(7)(A) of this section; and

(B) the survivor benefits shall be equal to 55 percent of the full amount of the employee’s annuity computed in accordance with section 302(a) of the Federal Employees’ Retirement System Act of 1986 or regulations prescribed under section 2157 of this title.

§ 2301. Findings

Congress makes the following findings:
(1) Weapons of mass destruction and related materials and technologies are increasingly available from worldwide sources. Technical information relating to such weapons is readily available on the Internet, and raw mate-
ars for chemical, biological, and radiological weapons are widely available for legitimate commercial purposes.

(2) The former Soviet Union produced and maintained a vast array of nuclear, biological, and chemical weapons of mass destruction.

(3) Many of the states of the former Soviet Union retain the facilities, materials, and technologies capable of producing additional quantities of weapons of mass destruction.

(4) The disintegration of the former Soviet Union was accompanied by disruptions of command and control systems, deficiencies in accountability for weapons, weapons-related materials and technologies, economic hardships, and significant gaps in border control among the states of the former Soviet Union. The problems of organized crime and corruption in the states of the former Soviet Union increase the potential for proliferation of nuclear, radiological, biological, and chemical weapons and related materials.

(5) The conditions described in paragraph (4) have substantially increased the ability of potentially hostile nations, terrorist groups, and individuals to acquire weapons of mass destruction and related materials and technologies from within the states of the former Soviet Union and from unemployed scientists who worked on those programs.

(6) As a result of such conditions, the capability of potentially hostile nations and terrorist groups to acquire nuclear, radiological, biological, and chemical weapons is greater than at any time in history.

(7) The President has identified North Korea, Iraq, Iran, and Libya as hostile states which already possess some weapons of mass destruction and are developing others.

(8) The acquisition or the development and use of weapons of mass destruction is well within the capability of many extremist and terrorist movements, acting independently or as proxies for foreign states.

(9) Foreign states can transfer weapons to or otherwise aid extremist and terrorist movements indirectly and with plausible deniability.

(10) Terrorist groups have already conducted chemical attacks against civilian targets in the United States and Japan, and a radiological attack in Russia.

(11) The potential for the national security of the United States to be threatened by nuclear, radiological, chemical, or biological terrorism must be taken seriously.

(12) There is a significant and growing threat of attack by weapons of mass destruction on targets that are not military targets in the usual sense of the term.

(13) Concomitantly, the threat posed to the citizens of the United States by nuclear, radiological, biological, and chemical weapons delivered by unconventional means is significant and growing.

(14) Mass terror may result from terrorist incidents involving nuclear, radiological, biological, or chemical materials.

(15) Facilities required for production of radiological, biological, and chemical weapons are much smaller and harder to detect than nuclear weapons facilities, and biological and chemical weapons can be deployed by alternative delivery means other than long-range ballistic missiles.

(16) Covert or unconventional means of delivery of nuclear, radiological, biological, and chemical weapons include cargo ships, passenger aircraft, commercial and private vessels, and commercial cargo shipments routed through multiple destinations.

(17) Traditional arms control efforts assume large state efforts with detectable manufacturing programs and weapons production programs, but are ineffective in monitoring and controlling smaller, though potentially more dangerous, unconventional proliferation efforts.

(18) Conventional counterproliferation efforts would do little to detect or prevent the rapid development of a capability to suddenly manufacture several hundred chemical or biological weapons with nothing but commercial supplies and equipment.

(19) The United States lacks adequate planning and countermeasures to address the threat of nuclear, radiological, biological, and chemical terrorism.

(20) The Department of Energy has established a Nuclear Emergency Response Team which is available in case of nuclear or radiological emergencies, but no comparable units exist to deal with emergencies involving biological or chemical weapons or related materials.

(21) State and local emergency response personnel are not adequately prepared or trained for incidents involving nuclear, radiological, biological, or chemical materials.

(22) Exercises of the Federal, State, and local response to nuclear, radiological, biological, or chemical terrorism have revealed serious deficiencies in preparedness and severe problems of coordination.

(23) The development of, and allocation of responsibilities for, effective countermeasures to nuclear, radiological, biological, or chemical terrorism in the United States requires well-coordinated participation of many Federal agencies, and careful planning by the Federal Government and State and local governments.

(24) Training and exercises can significantly improve the preparedness of State and local emergency response personnel for emergencies involving nuclear, radiological, biological, or chemical weapons or related materials.

(25) Sharing of the expertise and capabilities of the Department of Defense, which traditionally has provided assistance to Federal, State, and local officials in neutralizing, dismantling, and disposing of explosive ordnance, as well as radiological, biological, and chemical materials, can be a vital contribution to the development and deployment of countermeasures against nuclear, biological, and chemical weapons of mass destruction.

(26) The United States lacks effective policy coordination regarding the threat posed by the proliferation of weapons of mass destruction.

suring that weapons of mass destruction, weapons-usable material and technology, and weapons-related knowledge remain beyond the reach of terrorists and weapons-proliferating states;

(2) although these efforts are in the United States national security interest, the effectiveness of these efforts has suffered from a lack of coordination within and among United States Government agencies;

(3) increased spending and investment by the United States private sector on nonproliferation efforts in the independent states of the former Soviet Union, specifically, spending and investment by the United States private sector in job creation initiatives and proposals for unemployed Russian Federation weapons scientists and technicians, are making an important contribution in ensuring that knowledge related to weapons of mass destruction remains beyond the reach of terrorists and weapons-proliferating states; and

(4) increased spending and investment by the United States private sector on nonproliferation efforts in the independent states of the former Soviet Union make advisable the establishment of a coordinating body to ensure that United States public and private efforts are not in conflict, and to ensure that public spending on efforts by the independent states of the former Soviet Union is maximized to ensure efficiency and further United States national security interests.

RUSSIAN FEDERATION DEBT REDUCTION FOR NONPROLIFERATION

"SEC. 1311. SHORT TITLE.

"This subtitle may be cited as the 'Russian Federation Debt for Nonproliferation Act of 2002'."

"SEC. 1312. FINDINGS AND PURPOSES.

"(a) FINDINGS.—Congress finds the following:

"(1) It is in the vital security interests of the United States to prevent the spread of weapons of mass destruction to additional states or to terrorist organizations, and to ensure that other nations' obligations to modify their stockpiles of such arms in accordance with treaties, executive agreements, or political commitments are fulfilled.

"(2) In particular, it is in the vital national security interests of the United States to ensure that—

"(A) all stocks of nuclear weapons and weapons-usable nuclear material in the Russian Federation are secure and accounted for;

"(B) stocks of nuclear weapons and weapons-usable nuclear material that are excess to military needs in the Russian Federation are monitored and reduced;

"(C) any chemical or biological weapons, related materials, and facilities in the Russian Federation are destroyed;"

1 So in original. Probably should be "department's".
“(D) the Russian Federation’s nuclear weapons complex is reduced to a size appropriate to its post-Cold War missions, and its experts in weapons of mass destruction technologies are shifted to gainful and sustainable civilian employment; “

“(E) the Russian Federation’s export control system blocks any proliferation of weapons of mass destruction, the means of delivering such weapons, and materials, equipment, know-how, or technology that would be used to develop, produce, or deliver such weapons; and “

“(F) these objectives are accomplished with sufficient monitoring and transparency to provide confidence that they have in fact been accomplished and that the funds provided to accomplish these objectives have been spent efficiently and effectively. “

“(3) United States programs should be designed to accomplish these vital objectives in the Russian Federation as rapidly as possible, and the President should develop and present to Congress a plan for doing so. 

“(4) Substantial progress has been made in United States-Russian Federation cooperative programs to achieve these objectives, but much more remains to be done to reduce the urgent risks to United States national security posed by the current state of the Russian Federation’s weapons of mass destruction stockpiles and complexes. 

“(5) The threats posed by inadequate management of weapons of mass destruction stockpiles and complexes in the Russian Federation remain urgent. Incidents in years immediately preceding 2001, which have been cited by the Russia Task Force of the Secretary of Energy Advisory Board, include— “

“(A) a conspiracy at one of the Russian Federation’s largest nuclear weapons facilities to steal nearly enough highly enriched uranium for a nuclear bomb; “

“(B) an attempt by an employee of the Russian Federation’s premier nuclear weapons facility to sell nuclear weapons designs to agents of Iraq and Afghanistan; and “

“(C) the theft of radioactive material from a Russian Federation submarine base. 

“(6) Addressing these threats to United States and world security will ultimately consume billions of dollars, a burden that will have to be shared by the Russian Federation, the United States, and other governments, if these threats are to be neutralized. “

“(7) The creation of new funding streams could accelerate progress in reducing these threats to United States security and help the government of the Russian Federation to fulfill its responsibility for secure management of its weapons stockpiles and complexes as United States assistance phases out. 

“(8) The Russian Federation has a significant foreign debt, a substantial proportion of which it inherited from the Soviet Union. “

“(9) Past debt-for-environment exchanges, in which a portion of a country’s foreign debt is canceled in return for certain environmental commitments or payments by that country, suggest that a debt-for-nonproliferation exchange with the Russian Federation could be designed to provide additional funding for nonproliferation and arms reduction initiatives. 

“(10) Most of the Russian Federation’s official bilateral debt is held by United States allies that are advanced industrial democracies. Since the issues described pose threats to United States allies as well, United States leadership that results in a larger contribution from United States allies to cooperative threat reduction activities will be needed. “

“(11) At the June 2002 meeting of the G-8 countries, agreement was achieved on a G-8 Global Partnership against the Spread of Weapons and Materials of Mass Destruction, under which the advanced industrial democracies committed to contribute $20,000,000,000 to nonproliferation programs. Such a partnership would contribute to the reduction of debt, in accordance with this subtitle. 

“(12) The Russian Federation’s Soviet-era official debt to the United States is estimated to be $480,000,000 in Lend-Lease debt and $2,250,000,000 in debt as a result of credits extended under title I of the Agricultural Trade Development and Assistance Act of 1954 [now Food for Peace Act] (7 U.S.C. 1701 et seq.). “

“(b) Purposes.—The purposes of this subtitle are— “

“(1) to facilitate the accomplishment of the United States objectives described in the findings set forth in subsection (a) by providing for the use of a portion of the Russian Federation’s foreign debt to fund nonproliferation programs, thus allowing the use of additional resources for these purposes; and “

“(2) to help ensure that the resources made available to the Russian Federation are targeted to the accomplishment of the United States objectives described in the findings set forth in subsection (a). “

“SEC. 1313. DEFINITIONS. “

“In this subtitle: “

“(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term ‘appropriate congressional committees’ means— “

“(A) the Committee on International Relations [now Committee on Foreign Affairs] and the Committee on Appropriations of the House of Representatives; and “

App. 2455(j)), to have repeatedly provided support for acts of international terrorism. “

“SEC. 1314. AUTHORITY TO REDUCE THE RUSSIAN FEDERATION’S SOVIET-ERA DEBT OBLIGATIONS TO THE UNITED STATES. “

“(a) AUTHORITY TO REDUCE DEBT.— “

“(1) IN GENERAL.—Upon the entry into force of a Russian Federation Nonproliferation Investment Agreement, the President may reduce amounts of Soviet-era debt owed by the Russian Federation to the United States (or any agency or instrumentality of the United States) that are outstanding as of the last day of the fiscal year preceding the fiscal year for which appropriations are available for the reduction of debt, in accordance with this subtitle. “

“(2) LIMITATION.—The authority provided by paragraph (1) shall be available only to the extent that appropriations for the cost (as defined in section 502(b) of the Federal Credit Reform Act of 1990 [2 U.S.C. 661a(5)]) of reducing any debt pursuant to such subsection are made in advance. “

“(3) SUPERSEDES EXISTING LAW.—The authority provided by paragraph (1) shall supercede notwithstanding section 620(r) of the Foreign Assistance Act of 1961 (22 U.S.C. 2370(r)) or section 321 of the Inter-

"(b) IMPLEMENTATION.—In exercising the authority of subsection (a), the President—

"(1) shall notify—

"(i) the Department of State, with respect to obligations of the former Soviet Union under the Lend Lease Act of 1941 [former 22 U.S.C. 411 et seq.]; and

"(ii) the Commodity Credit Corporation, with respect to obligations of the former Soviet Union under the Commodity Credit Corporation Act [15 U.S.C. 718a et seq.]; and

"(2) shall direct the cancellation of old obligations and the substitution of new obligations consistent with the Russian Federation Nonproliferation Investment Agreement; and

"(3) shall direct the appropriate agency to make an adjustment in the relevant accounts to reflect the new debt treatment.

"(4) DEPOSIT OF REPAYMENTS.—All repayments of outstanding loan amounts under subsection (a) that are not designated under a Russian Federation Nonproliferation Investment Agreement shall be deposited in the United States Government accounts established for repayments of the original obligations.

"(5) NOT TREATED AS FOREIGN ASSISTANCE.—Any reduction of Soviet-era debt pursuant to this subtitle shall not be considered assistance for the purposes of any provision of law limiting assistance to a country.

"(6) AUTHORIZATION OF APPROPRIATION.—

"(1) In general.—For the cost (as defined in section 502(5) of the Federal Credit Reform Act of 1990 [2 U.S.C. 661a(5)]) of modifying any Soviet-era debt obligation pursuant to subsection (a), there are authorized to be appropriated the sums as may be necessary.

"(2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to paragraph (1) are authorized to remain available until expended.

"SEC. 1315. RUSSIAN FEDERATION NONPROLIFERATION INVESTMENT AGREEMENT.

"(a) IN GENERAL.—

"(1) In general.—The President is authorized to enter into an agreement with the Russian Federation under which an amount equal to the value of the debt reduced pursuant to section 1314 will be used to promote the nonproliferation of weapons of mass destruction and the means of delivering such weapons. An agreement entered into under this section may be referred to as the ‘Russian Federation Nonproliferation Investment Agreement’.

"(2) CONGRESSIONAL NOTIFICATION.—The President shall notify the appropriate congressional committees at least 15 days in advance of the United States entering into a Russian Federation Nonproliferation Investment Agreement.

"(b) CONTENT OF THE AGREEMENT.—The Russian Federation Nonproliferation Investment Agreement shall ensure that—

"(1) an amount equal to the value of the debt reduced pursuant to this subtitle will be made available by the Russian Federation for agreed nonproliferation programs and projects;

"(2) each program or project funded pursuant to the Agreement will be approved by the President;

"(3) the administration and oversight of nonproliferation programs and projects will incorporate best practices from established threat reduction and nonproliferation assistance programs; and

"(4) each program or project funded pursuant to the Agreement will be subject to monitoring and audits conducted by or for the United States Government to confirm that agreed funds are expended on agreed projects and meet agreed targets and benchmarks;

"(5) unobligated funds for investments pursuant to the Agreement will not be diverted to other purposes;

"(6) funds allocated to programs and projects pursuant to the Agreement will not be subject to any taxation by the Russian Federation;

"(7) all matters relating to the intellectual property rights and legal liabilities of United States firms in any project will be agreed upon before the expenditure of funds would be authorized for that project; and

"(8) not less than 75 percent of the funds made available for each nonproliferation program or project under the Agreement will be spent in the Russian Federation.

"(c) USE OF EXISTING MECHANISMS.—It is the sense of Congress that, to the extent practicable, the boards and administrative mechanisms of existing threat reduction and nonproliferation programs should be used in the administration and oversight of programs and projects under the Agreement.

"(d) JOINT AUDITING.—It is the sense of Congress that the United States and the Russian Federation should consider commissioning the United States Government Accountability Office and the Russian Chamber of Accounts to conduct joint audits to ensure that the funds saved by the Russian Federation as a result of any debt reduction are used exclusively, efficiently, and effectively to implement agreed programs or projects pursuant to the Agreement.

"(e) STRUCTURE OF THE AGREEMENT.—It is the sense of Congress that the Agreement should provide for significant penalties—

"(1) if funds obligated for approved programs or projects are determined to have been misappropriated; and

"(2) if the President is unable to make the certification required by section 1317(a) for two consecutive years.

"SEC. 1316. INDEPENDENT MEDIA AND THE RULE OF LAW.

"Notwithstanding section 1315 (a)(1) and (b)(1), up to 10 percent of the amount equal to the value of the debt reduced pursuant to this subtitle may be used to promote a vibrant, independent media sector and the rule of law in the Russian Federation through an endowment to support the establishment of a ‘Center for an Independent Press and the Rule of Law’ in the Russian Federation, which shall be directed by a joint United States-Russian Board of Directors in which the majority of members, including the chairman, shall be United States personnel, and which shall be responsible for management of the endowment, its funds, and the Center’s programs.

"SEC. 1317. RESTRICTION ON DEBT REDUCTION AUTHORITY.

"(a) FROLOPATION TO STATE SPONSORS OF TERRORISM.—Subject to the provisions of subsection (c), the debt reduction authority provided by section 1314 may not be exercised unless and until the President certifies to the appropriate congressional committees that the Russian Federation has made material progress in stemming the flow of sensitive goods, technologies, material, and knowledge related to the design, development, and production of weapons of mass destruction and the means to deliver them to state sponsors of international terrorism.

"(b) ANNUAL DETERMINATION.—If, in any annual report to Congress submitted pursuant to [former] section 1321, the President cannot certify that the Russian Federation continues to meet the condition required in subsection (a), then, subject to the provisions of subsection (c), the debt reduction authority provided by section 1314 may not be exercised unless and until such certification is made to the appropriate congressional committees.
“(c) Presidential Waiver.—The President may waive the requirements of subsection (a) or (b) for a fiscal year if the President—

(1) determines that application of the subsection for a fiscal year would be counter to the national interest of the United States; and

(2) so reports to the appropriate congressional committees.

‘‘SEC. 1318. DISCUSSION OF RUSSIAN FEDERATION DEBT REDUCTION FOR NONPROLIFERATION WITH OTHER CREDITOR STATES.

‘‘It is the sense of Congress that the President and such other appropriate officials as the President may designate should pursue discussions with other creditor states with the objectives of—

(1) ensuring that other advanced industrial democracies, especially the largest holders of Soviet-era Russian debt, dedicate significant proportions of their bilateral official debt with the Russian Federation or equivalent amounts of direct assistance to the G-8 Global Partnership against the Spread of Weapons and Materials of Mass Destruction, as agreed upon in the Statement by G-8 Leaders on June 27, 2002; and

(2) reaching agreement, as appropriate, to establish a unified Russian Federation official debt reduction fund to manage and provide financial transparency for the resources provided by creditor states through debt reductions.

‘‘SEC. 1319. IMPLEMENTATION OF UNITED STATES POLICY.

‘‘It is the sense of Congress that implementation of debt-for-nonproliferation programs with the Russian Federation should be overseen by the coordinating mechanism established pursuant to section 1334 of this Act [50 U.S.C. 2357b].

‘‘SEC. 1320. CONSULTATIONS WITH CONGRESS.

‘‘The President shall consult with the appropriate congressional committees on a periodic basis to review the implementation of this subtitle and the Russian Federation eligibility for debt reduction pursuant to this subtitle.

"COMMISSION ON ROLES AND CAPABILITIES OF UNITED STATES INTELLIGENCE COMMUNITY

and Capabilities of the United States Intelligence Community.

**NATIONAL COMMISSION ON DEFENSE AND NATIONAL SECURITY**

"SECTION 1. This section establishes the National Commission on Defense and National Security.

"SEC. 2. FINDINGS.

"The Congress makes the following findings:

"(1) Recent revolutionary world events require a fundamental reassessment of the defense and national security policies of the United States.

"(2) Emerging democracies around the world will require political, technical, and economic assistance, as well as military assistance, from the developed free nations in order to thrive and to become productive members of the world community.

"(3) Real and potential military threats to the United States and its allies will continue to exist for the foreseeable future from not just the Soviet Union but also from terrorism and from Third World nations.

"(4) Proliferation of both sophisticated conventional weapons and of nuclear weapons could produce a world more dangerous than we have faced in the past.

"(5) Ethnic rivalries as well as economic inequalities may produce instabilities that could spark serious conflict.

"(6) In order to formulate coherent national policies to meet these challenges of a new world environment, it is essential for the United States to achieve a bipartisan consensus such as that which emerged following World War II.

"(7) Such a consensus can be fostered by the development of policy recommendations from a highly respected group of individuals who do not bear a partisan label and who possess critical expertise and experience.

"SEC. 3. ESTABLISHMENT.

"There is established a commission to be known as [the] National Commission on Defense and National Security (hereinafter in this Act referred to as the 'Commission'). The Commission is established until 30 days following submission of the final report required by section 6 of this section.

"SEC. 4. DUTIES OF COMMISSION.

Section 12. Revocation.

Executive Order 12863 is revoked.

Section 13. Effective Dates of Provisions in Title I of the Intelligence Reform and Terrorism Prevention Act of 2004

Memorandum of President of the United States, Apr. 21, 2005, 70 F.R. 23925, provided:

Memorandum for the Secretary of State[,] the Secretary of the Treasury[,] the Secretary of Defense[,] the Attorney General[,] the Secretary of Energy[,] the Secretary of Homeland Security[,] the Director of Management and Budget[,] and the Director of National Intelligence

Subsection 1097(a) of the Intelligence Reform and Terrorism Prevention Act of 2004 (Public Law 108-458, December 17, 2004) (the Act) [set out in a note above] provides:

(a) IN GENERAL—Except as otherwise expressly provided in this Act, this title and the amendments made by this title shall take effect not later than 6 months after the date of the enactment of this Act. Subsection 1097(a) clearly contemplates that one or more of the provisions in Title I of the Act may take effect earlier than the date that is 6 months after the date of enactment of the Act, but does not state explicitly the mechanism for determining when such earlier effect shall occur, leaving it to the President in the execution of the Act. Moreover, given that section 1097(a) evinces a legislative intent to afford the President flexibility, and such flexibility is constitutionally appropriate with respect to intelligence matters (see United States v. Curtis-Wright Export Corporation, 299 U.S. 304 (1936)), the executive branch shall construe section 1097(a) to authorize the President to select different effective dates that precede the 6-month deadline for different provisions in Title I.

Therefore, pursuant to the Constitution and the laws of the United States of America, including subsection 1097(a) of the Act, I hereby determine and direct:

1. Sections 1097(a) and 1105 of the Act [set out in notes above], relating respectively to effective dates of provisions and to severability, shall take effect immediately upon the signing of this memorandum to any extent that they have not already taken effect.

2. Provisions in Title I of the Act other than those addressed in numbered paragraph 1 of this memorandum shall take effect immediately upon the signing of this memorandum, except:

(a) any provision in Title I of the Act for which the Act expressly provides the date on which the provision shall take effect; and

(b) sections 1021 and 1092 of the Act [enacting section 3056 of this title and provisions set out in a note above, respectively], relating to the National Counterterrorism Center.

The taking of effect of a provision pursuant to section 1097(a) of the Act and this memorandum shall not affect the construction of such provision by the executive branch as set forth in my Statement of December 17, 2004, upon signing the Act into law.

The Director of the Office of Management and Budget is authorized and directed to publish this memorandum in the Federal Register.

GEORGE W. BUSH.

§ 3002. Congressional declaration of purpose

In enacting this chapter, it is the intent of Congress to provide a comprehensive program for the future security of the United States; to provide for the establishment of integrated policies and procedures for the departments, agencies, and functions of the Government relating to the national security; to provide a Department of Defense, including the three military Departments of the Army, the Navy (including naval aviation and the United States Marine Corps), and the Air Force under the direction, authority, and control of the Secretary of Defense; to provide that each military department shall be separately organized under its own Secretary and shall function under the direction, authority, and control of the Secretary of Defense; to provide for their unified direction under civilian control of the Secretary of Defense but not to merge these departments or services; to provide for the establishment of unified or specified combatant commands, and a clear and direct line of command to such commands; to eliminate unnecessary duplication in the Department of Defense, and particularly in the field of research and engineering by vesting its overall direction and control in the Secretary of Defense; to provide more effective, efficient, and economical administration in the Department of Defense; to provide for the unified strategic direction of the combatant forces, for their operation under unified command, and for their integration into an efficient team of land, naval, and air forces not subject to the control of a single Chief of Staff over the armed forces nor an overall armed forces general staff.

(B) Notwithstanding any other provision of law, pursuant to relevant appropriations Acts for the National Intelligence Program, the Director of the Office of Management and Budget shall exercise the authority of the Director of the Office of Management and Budget to apportion funds, at the exclusive direction of the Director of National Intelligence, for allocation to the elements of the intelligence community through the relevant host executive departments and the Central Intelligence Agency. Department controllers or appropriate budget execution officers shall allot, allocate, reprogram, or transfer funds appropriated for the National Intelligence Program in an expeditious manner.

(d) Role of Director of National Intelligence in transfer and reprogramming of funds

(1)(A) No funds made available under the National Intelligence Program may be transferred or reprogrammed without the prior approval of the Director of National Intelligence, except in accordance with procedures prescribed by the Director of National Intelligence.

(B) The Secretary of Defense shall consult with the Director of National Intelligence before transferring or reprogramming funds made available under the Military Intelligence Program or any successor program or programs.

(II) that is less than 5 percent of amounts available to a department or agency under the National Intelligence Program; and

(v) the transfer or reprogramming does not terminate an acquisition program.

(B) A transfer or reprogramming may be made without regard to a limitation set forth in clause (iv) or (v) of subparagraph (A) if the transfer has the concurrence of the head of the department involved or the Director of the Central Intelligence Agency (in the case of the Central Intelligence Agency). The authority to provide such concurrence may only be delegated by the head of the department involved or the Director of the Central Intelligence Agency (in the case of the Central Intelligence Agency) to the deputy of such officer.

(6) Funds transferred or reprogrammed under this subsection shall remain available for the same period as the appropriations account to which transferred or reprogrammed.

(7) Any transfer or reprogramming of funds under this subsection shall be carried out in accordance with existing procedures applicable to reprogramming notifications for the appropriate congressional committees. Any proposed transfer or reprogramming for which notice is given to the appropriate congressional committees shall be accompanied by a report explaining the nature of the proposed transfer or reprogramming and how it satisfies the requirements of this subsection. In addition, the congressional intelligence committees shall be promptly notified of any transfer or reprogramming of funds made pursuant to this subsection in any case in which the transfer or reprogramming would not have otherwise required reprogramming notification under procedures in effect as of December 17, 2004.

(1)(A) In addition to any other authorities available under law for such purposes, in the first twelve months after establishment of a new national intelligence center, the Director of National Intelligence, with the approval of the Director of the Office of Management and Budget and in consultation with the congressional committees of jurisdiction referred to in subparagraph (B), may transfer not more than 100 personnel authorized for elements of the intelligence community to such center.

(4) The Director of National Intelligence shall, in a timely manner, report to Congress any statute, regulation, policy, or practice that the Director believes impedes the ability of the Director to fully and effectively ensure maximum availability of access to intelligence information within the intelligence community consistent with the protection of the national security of the United States.

(6) develop procedures to require information sharing between elements of the intelligence community concerning potentially derogatory security information regarding an employee or officer of an element of the intelligence community, a contractor to an element of the intelligence community, or an individual employee of such a contractor that
may impact the eligibility of such employee or officer of an element of the intelligence community, such contractor, or such individual employee of such a contractor for a security clearance.

(k) Coordination with foreign governments

Under the direction of the President and in a manner consistent with section 3927 of title 22, the Director of National Intelligence shall oversee the coordination of the relationships between elements of the intelligence community and the intelligence or security services of foreign governments or international organizations on all matters involving intelligence related to the national security or involving intelligence acquired through clandestine means.

(B) The Director may prescribe regulations to carry out this paragraph.

(3)(A) The Director of National Intelligence shall prescribe mechanisms to facilitate the rotation of personnel of the intelligence community through various elements of the intelligence community in the course of their careers in order to facilitate the widest possible understanding by such personnel of the variety of intelligence requirements, methods, users, and capabilities.

(B) The mechanisms prescribed under subparagraph (A) may include the following:

(iii) The establishment of requirements for education, training, service, and evaluation for service involving more than one element of the intelligence community.

without the use of sensitive sources and methods.
Open-source intelligence products can be shared with
the American public and foreign allies because of the
unclassified nature of open-source intelligence.

"(5) The National Intelligence Strategy for Open-
Source Intelligence.

"(1) A plan for providing funds over the period of the future-years defense program for the development of a robust open-source intelligence capability for the Department of Defense, with particular emphasis on exploitation and dissemination.

"(2) A description of how management of the collection of open-source intelligence is currently con-
ducted within the Department of Defense and how that management can be improved.

"(3) A description of the tools, systems, centers, orga-

Any employee, contractor, or contract agent of a department, agency, or entity of the United States Government other than the Central Intelligence Agency directed to participate in any way in a covert action shall be subject either to the policies and regulations of the Central Intelligence Agency, or to written policies or regulations adopted by such department, agency, or entity, to govern such participation.

§ 3097. Budget treatment of costs of acquisition of major systems by the intelligence community

(a) Independent cost estimates

(1) The Director of National Intelligence shall, in consultation with the head of each element of the intelligence community concerned, prepare an independent cost estimate of the full life-cycle cost of development, procurement, and operation of each major system to be acquired by the intelligence community.

(2)(A) Each independent cost estimate for a major system shall, to the maximum extent practicable, specify the amount required to be obligated and obligated to develop, procure, and operate the major system in each fiscal year of the proposed period of development, procurement, and operation of the major system.

(B) For major system acquisitions requiring a service or capability from another acquisition or program to deliver the end-to-end functionality for the intelligence community end users, independent cost estimates shall include, to the maximum extent practicable, all estimated costs across all pertinent elements of the intelligence community. For collection programs, such cost estimates shall include the cost of new analyst training, new hardware and software for data exploitation and analysis, and any unique or additional costs for data processing, storing, and power, space, and cooling across the life cycle of the program. If such costs for processing, exploitation, dissemination, and storage are scheduled to be executed in other elements of the intelligence community, the independent cost estimate shall identify and annotate such costs for such other elements accordingly.

(3)(A) In the case of a program of the intelligence community that qualifies as a major system, an independent cost estimate shall be prepared before the submission to Congress of the budget of the President for the first fiscal year in which appropriated funds are anticipated to be obligated for the development or procurement of such major system.

(B) In the case of a program of the intelligence community for which an independent cost estimate was not previously required to be prepared under this section, including a program for which development or procurement commenced before December 13, 2003, if the aggregate future costs of development or procurement (or any combination of such activities) of the program will exceed $500,000,000 (in current fiscal year dollars), the program shall qualify as a major system for purposes of this section, and an independent cost estimate for such major system shall be prepared before the submission to Congress of the budget of the President for the first fiscal year thereafter in which appropriated funds are anticipated to be obligated for such major system.

(4) The independent cost estimate for a major system shall be updated upon—

(A) the completion of any preliminary design review associated with the major system;

(B) any significant modification to the anticipated design of the major system; or

(C) any change in circumstances that renders the current independent cost estimate for the major system inaccurate.

(5) Any update of an independent cost estimate for a major system under paragraph (4) shall meet all requirements for independent cost estimates under this section, and shall be treated as the most current independent cost estimate for the major system until further updated under that paragraph.

(b) Preparation of independent cost estimates

(1) The Director shall establish within the Office of the Director of National Intelligence for Community Management an office which shall be responsible for preparing independent cost estimates, and any updates thereof, under subsection (a) of this section, unless a designation is made under paragraph (2).

(2) In the case of the acquisition of a major system for an element of the intelligence community within the Department of Defense, the Director and the Secretary of Defense shall provide that the independent cost estimate, and any updates thereof, under subsection (a) of this section be prepared by an entity jointly designated by the Director and the Secretary of Defense in accordance with section 2434(b)(1)(A) of title 10.

(1) If the budget of the President requests appropriations for any fiscal year for the development or procurement of a major system by the intelligence community, the President shall, subject to paragraph (2), request in such budget an amount of appropriations for the development or procurement, as the case may be, of the major system that is equivalent to the amount of appropriations identified in the most current independent cost estimate for the major system for obligation for each fiscal year for which appropriations are requested for the major system in such budget.

(2) If the amount of appropriations requested in the budget of the President for the development or procurement of a major system is less than the amount of appropriations identified in the most current independent cost estimate for the major system for obligation for each fiscal year for which appropriations are requested for the major system in such budget, the President shall include in the budget justification materials submitted to Congress in support of such budget—

(A) an explanation for the difference between the amount of appropriations requested and the amount of appropriations identified in the most current independent cost estimate;

(B) a description of the importance of the major system to the national security;

(C) an assessment of the consequences for the funding of all programs of the National Intelligence Program in future fiscal years if the most current independent cost estimate for the major system is accurate and additional appropriations are required in future fiscal years to ensure the continued development or procurement of the major system, including the consequences of such funding shortfalls on the major system and all other programs of the National Intelligence Program; and

(D) such other information on the funding of the major system as the President considers appropriate.
(d) Inclusion of estimates in budget justification materials

The budget justification materials submitted to Congress in support of the budget of the President shall include the most current independent cost estimate under this section for each major system for which appropriations are requested in such budget for any fiscal year.

(2) Paragraph (1) shall not apply with respect to a record of the Office that—

EXECUTIVE ORDER NO. 10501

EX. ORD. NO. 10865. SAFEGUARDING CLASSIFIED INFORMATION WITHIN INDUSTRY

WHEREAS it is mandatory that the United States protect itself against hostile or destructive activities
may be received and considered without affording such
opportunity in the circumstances described in either of
the following paragraphs.

(1) The head of the department supplying the state-
ment certifies that the person who furnished the infor-
mation is a confidential informer who has been en-
gaged in obtaining intelligence information for the
Government and that disclosure of his identity would
be substantially harmful to the national interest.

(2) The head of the department concerned or his spe-
cial designee for that particular purpose has prelimi-
narily determined, after considering information fur-
nished by the investigative agency involved as to the
reliability of the person and the accuracy of the state-
ment concerned, that the statement concerned appears
to be reliable and material, and the head of the depart-
ment or such special designee has determined that fail-
ure to receive and consider such statement would, in
view of the level of access sought, be substantially
harmful to the national security and that the person
who furnished the information cannot appear to testify
(A) due to death, severe illness, or similar cause, in
which case the identity of the person and the informa-
tion to be considered shall be made available to the
applicant, or (B) due to some other cause determined by
the head of the department to be good and sufficient.

Whenever procedures under paragraphs (1) or (2) of
subsection (a) of this section are used (1) the applicant
shall be given a summary of the information which
shall be as comprehensive and detailed as the national
security permits, (2) appropriate consideration shall be
 accorded to the fact that the applicant did not have an
opportunity to cross-examine such person or persons,
and (3) a final determination adverse to the applicant
shall be made only by the head of the department based
upon his personal review of the case.

Sec. 5. (a) Records compiled in the regular course of
business, or other physical evidence other than investi-
gative reports, may be received and considered sub-
ject to rebuttal without authenticating witnesses, pro-
vided that such information has been furnished to the
department concerned by an investigative agency pur-
suant to its responsibilities in connection with assist-
 ing the head of the department concerned to safeguard
classified information within industry pursuant to this
order.

(b) Records compiled in the regular course of busi-
ness, or other physical evidence other than investiga-
tive reports, relating to a controverted issue which, be-
cause they are classified, may not be inspected by the
applicant, or his representative, may issue, in appropriate
cases, invitations and requests to appear and testify in order
that the applicant may have the opportunity to cross-
 examine as provided by this order. Whenever a witness
is so invited or requested to appear and testify at a pro-
ceeding and the witness is an officer or employee of the
executive branch of the Government or a member of
the armed forces of the United States, and the proceed-
ing involves the activity in connection with which the
witness is employed, travel expenses and per diem are
authorized as provided by the Standardized Govern-
ment Travel Regulations or the Joint Travel Regula-
tions, as appropriate. In all other cases (including non-
Government employees as well as officers or employees
of the executive branch of the Government or members
of the armed forces of the United States not covered by
the foregoing sentence), transportation in kind and re-
imbursement for actual expenses are authorized in an
amount not to exceed the amount payable under Stan-
dardized Government Travel Regulations. An officer or
employee of the executive branch of the Government or
a member of the armed forces of the United States who
is invited or requested to appear pursuant to this para-
graph shall be deemed to be in the performance of his
official duties. So far as the national security permits,
the head of the investigative agency involved shall co-
 operate with the Secretary, the Administrator, or the
head of the other department or agency, as the case
may be, in identifying persons who have made state-
mements adverse to the applicant and in assisting him in
making them available for cross-examination. If a per-
son so invited is an officer or employee of the executive
branch of the government or a member of the armed
forces of the United States, the head of the department
or agency concerned shall cooperate in making that
person available for cross-examination.

Sec. 7. Any determination under this order adverse to
an applicant shall be a determination in terms of the
national interest and shall in no event be a determina-
tion as to the loyalty of the applicant concerned.

Sec. 8. Except as otherwise specified in the preceding
provisions of this order, any authority vested in the
head of a department by this order may be delegated to
the the [sic] deputy of that department, or the prin-
 cipal assistant to the head of that department, as
the case may be.

Sec. 9. Nothing contained in this order shall be
designed to limit or affect the responsibility and powers
of the head of a department to deny or revoke access to
a specific classification category if the security of the
nation so requires. Such authority may not be dele-
gated and may be exercised only when the head of a de-
partment determines that the procedures prescribed in
sections 3, 4, and 5 cannot be invoked consistently with
the national security and such determination shall be
conclusive.

Ex. Ord. No. 11932, Aug. 4, 1974, 41 F.R. 32691, provided:

The United States has entered into the Agreement on an International Energy Program of November 18, 1974, which created the International Energy Agency. This program is a substantial factor in the conduct of our foreign relations and an important element of our national security. The effectiveness of the Agreement depends significantly upon the provision and exchange of information and material by participants in advisory bodies created by the International Energy Agency. Confidentiality is essential to assure the free and open discussion necessary to accomplish the tasks assigned to those bodies. I have consulted with the Secretary of State, the Attorney General and the Administrator of the Federal Energy Administration concerning the handling and safeguarding of information and material in the possession of the United States which has been obtained pursuant to the program, and I find that some of such information and material requires protection as provided in Executive Order No. 11652 of March 8, 1972, as amended [formerly set out above],

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and statutes of the United States, and as President of the United States, it is hereby ordered as follows:

SECTION 1. Information and material obtained pursuant to the International Energy Program and which requires protection against unauthorized disclosure in the interest of the national defense or foreign relations of the United States shall be classified pursuant to Executive Order No. 11652 of March 8, 1972, as amended [formerly set out above]. The Secretary of State shall have the responsibility for the classification, declassification and safeguarding of information and material in the possession of the United States Government which has been obtained pursuant to:

(a) Section 252(c)(3), (d)(2), or (e)(3) of the Energy Policy and Conservation Act (89 Stat. 871; 42 U.S.C. 6272(c)(3), (d)(2), (e)(3)), or

(b) The Voluntary Agreement and Program relating to the International Energy Program (40 F.R. 16941, April 8, 1975), or

(c) Any similar Voluntary Agreement and Program entered into under the Energy Policy and Conservation Act [42 U.S.C. 6201 et seq.] after the date of this Order.

SIRC. 2. Information or material classified pursuant to Section 1 of this Order may be exempted from the General Declassification Schedule established by Section 2 of Executive Order No. 11652 [formerly set out above] if it was obtained by the United States on the understanding that it be kept in confidence, or if it might otherwise be exempted under Section 6(b) of such Order.

SIRC. 3. (a) Within 60 days of the date of this Order, the Secretary of State shall promulgate regulations which implement his responsibilities under this Order.

(b) The directives issued under Section 6 of Executive Order No. 11652 [formerly set out above] shall not apply to information and material classified under this Order.

However, the regulations promulgated by the Secretary of State shall:

(1) Conform, to the extent practicable, to the policies set forth in Section 6 of Executive Order No. 11652 [formerly set out above], and

(2) Provide that he may take such measures as he deems necessary and appropriate to ensure the confidentiality of any information and material classified under this Order that may remain in the custody or control of any person outside the United States Government.

EXECUTIVE ORDER NO. 12065

EXECUTIVE ORDER NO. 12356
Ex. Ord. No. 12356, Apr. 2, 1982, 47 F.R. 14874, 15557, which prescribed a uniform system for classifying, declassifying, and safeguarding national security information, was revoked by Ex. Ord. No. 12812, Declasification and Release of Materials Pertaining to Prisoners of War and MIAs Lost in Southeast Asia for the purposes of declassification and public release of materials pertaining to Vietnam-era POWs and MIAs as provided above;

NOW, THEREFORE, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby order as follows:

SECTION 1. All executive departments and agencies shall expeditiously review all documents, files, and other materials pertaining to American POWs and MIAs lost in Southeast Asia for the purposes of declassification in accordance with the standards and procedures of Executive Order No. 12356 [formerly set out above].

SIRC. 2. All executive departments and agencies shall make publicly available documents, files, and other materials declassified pursuant to section 1, except for those the disclosure of which would constitute a clearly unwarranted invasion of personal privacy of returnees, family members of POWs and MIAs, or other persons, or would impair the deliberative processes of the executive branch.

GEORGE BUSH.
EXECUTIVE ORDER NO. 12829, NATIONAL INDUSTRIAL SECURITY PROGRAM

This order establishes a National Industrial Security Program to safeguard Federal Government classified information that is released to contractors, licensees, and grantees of the United States Government. To promote our national interests, the United States Government issues contracts, licenses, and grants to non-government organizations. When these arrangements require access to classified information, the national security requires that this information be safeguarded in a manner equivalent to its protection within the executive branch of Government. The national security also requires that our industrial security program promote the economic and technological interests of the United States. Redundant, overlapping, or unnecessary requirements impede those interests. Therefore, the National Industrial Security Program shall serve as a

The Manual shall apply to the release of classified information during all phases of the contracting process including bidding, negotiation, award, performance, and termination of contracts, the license process, or the grant process, with or under the control of departments or agencies. (c) The Manual shall also prescribe requirements, restrictions, and other safeguards that are necessary to protect special classes of classified information, including Restricted Data, Formerly Restricted Data, intelligence sources and methods information, Sensitive Compartmented Information, and Special Access Program information. (d) In establishing particular requirements, restrictions, and other safeguards within the Manual, the Secretary of Defense, the Secretary of Energy, the Nuclear Regulatory Commission, and the Director of Central Intelligence shall take into account these factors: (i) the damage to the national security that reasonably could be expected to result from an unauthorized disclosure; (ii) the existing or anticipated threat to the disclosure of information; and (iii) the short- and long-term costs of the requirements, restrictions, and other safeguards. (e) To the extent that is practicable and reasonable, the requirements, restrictions, and safeguards that the Manual establishes for the protection of classified information by contractors, licensees, and grantees shall be consistent with the requirements, restrictions, and safeguards that directives implementing Executive Order No. 12356 of April 2, 1962 (formerly set out above), or the Atomic Energy Act of 1954, as amended, establish for the protection of classified information by agencies. Upon request by the Chairman of the Committee, the Secretary of Defense shall provide an explanation and justification for any requirement, restriction, or safeguard that results in a standard for the protection of classified information by contractors, licensees, and grantees that differs from the standard that applies to agencies. (f) The Manual shall be issued to correspond as closely as possible to pertinent decisions of the Secretary of Defense and the Director of Central Intelligence made pursuant to the recommendations of the Joint Security Review Commission and to revisions to the security classification system that result from Presidential Review Directive 29, but in any event no later than June 30, 1994. Sec. 202. Operational Oversight. (a) The Secretary of Defense shall serve as Executive Agent for inspecting and monitoring the contractors, licensees, and grantees who require or will require access to, or who store or will store classified information; and for determining the eligibility for access to classified information of contractors, licensees, and grantees and their respective employees. The heads of agencies shall enter into agreements with the Secretary of Defense that establish the terms of the Secretary's responsibilities on behalf of these agency heads. (b) The Director of Central Intelligence retains authority over access to intelligence sources and methods, including Sensitive Compartmented Information. (c) The Secretary of Energy and the Nuclear Regulatory Commission retain authority over access to information under their respective programs classified under the Atomic Energy Act of 1944, as amended (42 U.S.C. 2011 et seq.). Sec. 203. Implementation. (a) The head of each agency that enters into classified contracts, licenses, or grants shall designate a senior agency official to direct and administer the agency's implementation and compliance with the National Industrial Security Program. (b) Agency implementing regulations, guidelines, or standards shall be consistent with this order, its implementing directives, and the Manual. Agencies shall issue these regulations, rules, or guidelines no later than 180 days from the issuance of the Manual. They may incorporate all or portions of the Manual by reference. (c) Each agency head or the senior official designated under paragraph (a) above shall take appropriate and prompt corrective action whenever a violation of this order, its implementing directives, or the Manual occurs. (d) The senior agency official designated under paragraph (a) above shall account each year for the costs incurred to ensure compliance with the regulations, rules, or guidelines described in paragraph (b) above and comply with the National Industrial Security Program. To the extent that is feasible, economical, and permitted by law, agencies shall amend, modify, or convert preexisting contracts, licenses, or grants, or previously advertised or proposed contracts, licenses, or grants, that involve access to classified information for operation under the National Industrial Security Program. Any direct inspection or monitoring of contractors, licensees, or grantees specified by this order shall be carried out pursuant to the terms of a contract, license, grant, or regulation. (e) The Secretary of Defense, with the concurrence of the Administrator of General Services, the Administrator of the National Aeronautics and Space Administration, and such other agency heads or officials who may be responsible, shall amend the Federal Acquisition Regulation to be consistent with the implementation of the National Industrial Security Program. (1) Eligibility for access to classified information shall not be requested or granted solely to permit entry to, or ease of movement within, controlled areas when the employee has no need for access and access to classified information may reasonably be prevented. In circumstances where employees may be inadvertently exposed to classified information in the course of their duties, agencies are authorized to grant or deny, in their discretion, facility access approvals to such employees based on an appropriate level of investigation as determined by each agency.

(2) Except in agencies where eligibility for access is a mandatory condition of employment, eligibility for access to classified information shall only be requested or granted based on a demonstrated, foreseeable need for access. Requesting or approving eligibility in excess of actual requirements is prohibited.

(3) Eligibility for access to classified information may be granted where there is a temporary need for access, such as one-time participation in a classified project, provided the investigative standards established under this order have been satisfied. PART 3—ACCESS ELIGIBILITY STANDARDS

S 3161. Standards. (a) No employee shall be deemed to be eligible for access to classified information merely by reason of Federal service or contracting, licenses, certificates, or franchises. (b) Except as provided in sections 2.6 and 3.3 of this order, eligibility for access to classified information shall be granted only to employees who are United States citizens for whom an appropriate investigation has been completed and whose personal and professional history affirmatively indicates loyalty to the United States, strength of character, trustworthiness, honesty, reliability, discretion, and sound judgment, as well as freedom from conflicting allegiances and potential for coercion, and willingness and ability to abide by regulations governing the use, handling, and protection of classified information. A determination of eligibility for access to such information is a discretionary security decision based on judgments by appropriately trained adjudicative personnel or appropriate automated procedures. Eligibility shall be granted only where facts and circumstances indicate access to classified information is clearly consistent with the national security interests of the United States, and any doubt shall be resolved in favor of the national security.

(c) The United States Government does not discriminate on the basis of race, color, religion, sex, national origin, disability, or sexual orientation in granting access to classified information.

(d) In determining eligibility for access under this order, agencies may investigate and consider any matter that relates to the determination of whether access is clearly consistent with the interests of national security. No inference concerning the standards in this section may be raised solely on the basis of mental health counseling. Such counseling can be a positive factor in eligibility determinations. However, mental health counseling, where relevant to the adjudication of access to classified information, may justify further inquiry to determine whether the standards of subsection (b) of this section are satisfied, and mental health may be considered where it directly relates to those standards.

(e) Not later than 180 days after the effective date of this order, the Security Executive Agent shall develop a common set of adjudicative guidelines for determining eligibility for access to classified information, including access to special access programs.

S 3162. Access by Non-United States Citizens. (a) Access to classified information may be granted to nonUnited States citizens for whom an appropriate investigation has been completed and whose personal and professional history affirmatively indicates loyalty to the United States, strength of character, trustworthiness, honesty, reliability, discretion, and sound judgment, as well as freedom from conflicting allegiances and potential for coercion, and willingness and ability to abide by regulations governing the use, handling, and protection of classified information. A determination of eligibility for access to such information is a discretionary security decision based on judgments by appropriately trained adjudicative personnel or appropriate automated procedures. Eligibility shall be granted only where facts and circumstances indicate access to classified information is clearly consistent with the national security interests of the United States, and any doubt shall be resolved in favor of the national security.

(f) No negative inference concerning the standards in this section may be raised solely on the basis of mental health counseling. Such counseling can be a positive factor in eligibility determinations. However, mental health counseling, where relevant to the adjudication of access to classified information, may justify further inquiry to determine whether the standards of subsection (b) of this section are satisfied, and mental health may be considered where it directly relates to those standards.

(g) Not later than 180 days after the effective date of this order, the Security Executive Agent shall develop a common set of adjudicative guidelines for determining eligibility for access to classified information, including access to special access programs.

S 3163. Special Circumstances. (a) In exceptional circumstances where official functions must be performed prior to the completion of the investigative and adjudication process, temporary eligibility for access to classified information may be granted to an employee while the initial investigation is underway. When such eligibility is granted, the initial investigation shall be expedited.

(b) Temporary eligibility for access under this section shall include a justification, and the employee must be notified in writing that further access is expressly conditioned on the favorable completion of the investigation and issuance of an access eligibility approval. Access will be immediately terminated, along with any.

PART 3—ACCESS ELIGIBILITY STANDARDS

S 3161. Standards. (a) No employee shall be deemed to be eligible for access to classified information merely by reason of Federal service or contracting, licenses, certificates, or franchises. (b) Except as provided in sections 2.6 and 3.3 of this order, eligibility for access to classified information shall be granted only to employees who are United States citizens for whom an appropriate investigation has been completed and whose personal and professional history affirmatively indicates loyalty to the United States, strength of character, trustworthiness, honesty, reliability, discretion, and sound judgment, as well as freedom from conflicting allegiances and potential for coercion, and willingness and ability to abide by regulations governing the use, handling, and protection of classified information. A determination of eligibility for access to such information is a discretionary security decision based on judgments by appropriately trained adjudicative personnel or appropriate automated procedures. Eligibility shall be granted only where facts and circumstances indicate access to classified information is clearly consistent with the national security interests of the United States, and any doubt shall be resolved in favor of the national security.

(c) The United States Government does not discriminate on the basis of race, color, religion, sex, national origin, disability, or sexual orientation in granting access to classified information.

(d) In determining eligibility for access under this order, agencies may investigate and consider any matter that relates to the determination of whether access is clearly consistent with the interests of national security. No inference concerning the standards in this section may be raised solely on the basis of mental health counseling. Such counseling can be a positive factor in eligibility determinations. However, mental health counseling, where relevant to the adjudication of access to classified information, may justify further inquiry to determine whether the standards of subsection (b) of this section are satisfied, and mental health may be considered where it directly relates to those standards.

(e) Not later than 180 days after the effective date of this order, the Security Executive Agent shall develop a common set of adjudicative guidelines for determining eligibility for access to classified information, including access to special access programs.

S 3162. Access by Non-United States Citizens. (a) Access to classified information may be granted to nonUnited States citizens for whom an appropriate investigation has been completed and whose personal and professional history affirmatively indicates loyalty to the United States, strength of character, trustworthiness, honesty, reliability, discretion, and sound judgment, as well as freedom from conflicting allegiances and potential for coercion, and willingness and ability to abide by regulations governing the use, handling, and protection of classified information. A determination of eligibility for access to such information is a discretionary security decision based on judgments by appropriately trained adjudicative personnel or appropriate automated procedures. Eligibility shall be granted only where facts and circumstances indicate access to classified information is clearly consistent with the national security interests of the United States, and any doubt shall be resolved in favor of the national security.

(f) No negative inference concerning the standards in this section may be raised solely on the basis of mental health counseling. Such counseling can be a positive factor in eligibility determinations. However, mental health counseling, where relevant to the adjudication of access to classified information, may justify further inquiry to determine whether the standards of subsection (b) of this section are satisfied, and mental health may be considered where it directly relates to those standards.

(g) Not later than 180 days after the effective date of this order, the Security Executive Agent shall develop a common set of adjudicative guidelines for determining eligibility for access to classified information, including access to special access programs.

S 3163. Special Circumstances. (a) In exceptional circumstances where official functions must be performed prior to the completion of the investigative and adjudication process, temporary eligibility for access to classified information may be granted to an employee while the initial investigation is underway. When such eligibility is granted, the initial investigation shall be expedited.

(b) Temporary eligibility for access under this section shall include a justification, and the employee must be notified in writing that further access is expressly conditioned on the favorable completion of the investigation and issuance of an access eligibility approval. Access will be immediately terminated, along with any.

PART 3—ACCESS ELIGIBILITY STANDARDS

S 3161. Standards. (a) No employee shall be deemed to be eligible for access to classified information merely by reason of Federal service or contracting, licenses, certificates, or franchises. (b) Except as provided in sections 2.6 and 3.3 of this order, eligibility for access to classified information shall be granted only to employees who are United States citizens for whom an appropriate investigation has been completed and whose personal and professional history affirmatively indicates loyalty to the United States, strength of character, trustworthiness, honesty, reliability, discretion, and sound judgment, as well as freedom from conflicting allegiances and potential for coercion, and willingness and ability to abide by regulations governing the use, handling, and protection of classified information. A determination of eligibility for access to such information is a discretionary security decision based on judgments by appropriately trained adjudicative personnel or appropriate automated procedures. Eligibility shall be granted only where facts and circumstances indicate access to classified information is clearly consistent with the national security interests of the United States, and any doubt shall be resolved in favor of the national security.

(c) The United States Government does not discriminate on the basis of race, color, religion, sex, national origin, disability, or sexual orientation in granting access to classified information.

(d) In determining eligibility for access under this order, agencies may investigate and consider any matter that relates to the determination of whether access is clearly consistent with the interests of national security. No inference concerning the standards in this section may be raised solely on the basis of mental health counseling. Such counseling can be a positive factor in eligibility determinations. However, mental health counseling, where relevant to the adjudication of access to classified information, may justify further inquiry to determine whether the standards of subsection (b) of this section are satisfied, and mental health may be considered where it directly relates to those standards.

(e) Not later than 180 days after the effective date of this order, the Security Executive Agent shall develop a common set of adjudicative guidelines for determining eligibility for access to classified information, including access to special access programs.

S 3162. Access by Non-United States Citizens. (a) Access to classified information may be granted to nonUnited States citizens for whom an appropriate investigation has been completed and whose personal and professional history affirmatively indicates loyalty to the United States, strength of character, trustworthiness, honesty, reliability, discretion, and sound judgment, as well as freedom from conflicting allegiances and potential for coercion, and willingness and ability to abide by regulations governing the use, handling, and protection of classified information. A determination of eligibility for access to such information is a discretionary security decision based on judgments by appropriately trained adjudicative personnel or appropriate automated procedures. Eligibility shall be granted only where facts and circumstances indicate access to classified information is clearly consistent with the national security interests of the United States, and any doubt shall be resolved in favor of the national security.

(f) Not later than 180 days after the effective date of this order, the Security Executive Agent shall develop a common set of adjudicative guidelines for determining eligibility for access to classified information, including access to special access programs.

S 3163. Special Circumstances. (a) In exceptional circumstances where official functions must be performed prior to the completion of the investigative and adjudication process, temporary eligibility for access to classified information may be granted to an employee while the initial investigation is underway. When such eligibility is granted, the initial investigation shall be expedited.

(b) Temporary eligibility for access under this section shall include a justification, and the employee must be notified in writing that further access is expressly conditioned on the favorable completion of the investigation and issuance of an access eligibility approval. Access will be immediately terminated, along with any.
assignment requiring an access eligibility approval, if such approval is not granted.

(2) Temporary eligibility for access may be granted only to particular, identified categories of classified information necessary to perform the lawful and authorized functions that are the basis for the granting of temporary access.

(b) Nothing in subsection (a) shall be construed as altering the authority of an agency head to waive requirements for granting access to classified information pursuant to statutory authority.

(c) Where access has been terminated under section 2.1(b)(4) of this order and a new need for access arises, access eligibility up to the same level shall be re-approved without further investigation as to employees who were determined to be eligible based on a favorable adjudication of an investigation completed within the prior 5 years, provided they have remained employed by the same employer during the period in question, the employee certifies in writing that there has been no change in the relevant information provided by the employee during the last background investigation, and there is no information that would tend to indicate the employee may no longer satisfy the standards established by this order for access to classified information.

(3) Temporary eligibility for access may be granted only to particular, identified categories of classified information necessary to perform the lawful and authorized functions that are the basis for the granting of temporary access.

(b) Nothing in subsection (a) shall be construed as altering the authority of an agency head to waive requirements for granting access to classified information pursuant to statutory authority.

(c) Where access has been terminated under section 2.1(b)(4) of this order and a new need for access arises, access eligibility up to the same level shall be re-approved without further investigation as to employees who were determined to be eligible based on a favorable adjudication of an investigation completed within the prior 5 years, provided they have remained employed by the same employer during the period in question, the employee certifies in writing that there has been no change in the relevant information provided by the employee during the last background investigation, and there is no information that would tend to indicate the employee may no longer satisfy the standards established by this order for access to classified information.

(a) Because circumstances and characteristics may change dramatically over time and thereby alter the eligibility of employees for continued access to classified information, reinvestigations shall be conducted with the same priority and care as initial investigations.

(b) Employees who are eligible for access to classified information shall be the subject of periodic reinvestigations and may also be reinvestigated if, at any time, there is reason to believe that they may no longer meet the standards for access established in this order.

(c) No later than 180 days after the effective date of this order, the Security Executive Agent shall develop a program of continuous evaluation in order to conduct periodic reinvestigations, including the frequency of reinvestigations.

SIRC 3.5. Continuous Evaluation. An individual who has been determined to be eligible for or who currently has access to classified information shall be subject to continuous evaluation under standards (including, but not limited to, the frequency of such evaluation) as determined by the Director of National Intelligence.

PART 4—INVESTIGATIONS FOR FOREIGN GOVERNMENTS

SIRC 4. Authority. Agencies that conduct background investigations, including the Federal Bureau of Investigation and the Department of State, are authorized to conduct personnel security investigations in the United States when requested by a foreign government as part of its own personnel security program and with the consent of the individual.

PART 5—REVIEW OF ACCESS DETERMINATIONS

SIRC 5.1. Determinations of Need for Access. A determination under section 2.1(b)(4) of this order that an employee does not have, or no longer has, a need for access is a discretionary determination and shall be conclusive.

SIRC 5.2. Review Proceedings for Denials or Revocations of Eligibility for Access.

(a) Applicants and employees who are determined to not meet the standards for access to classified information established in section 3.1 of this order shall:

(1) provided a written explanation of the basis for that conclusion as the national security interests of the United States and other applicable law permits;

(2) provided within 30 days, upon request and to the extent the documents would be provided if requested under the Freedom of Information Act (5 U.S.C. 552) or the Privacy Act (5 U.S.C. 552a), as applicable, any documents, records, and reports upon which a denial or revocation is based;

(3) informed of their right to be represented by counsel or other representative at their own expense; to request any documents, records, and reports as described in section 5.2(a)(2) upon which a denial or revocation is based; and to request the entire investigative file, as permitted by the national security and other applicable law, which, if requested, shall be promptly provided prior to the time set for a written reply;

(4) provided a reasonable opportunity to reply in writing to, and to request a review of, the determination;

(5) provided written notice of and reasons for the results of the review, the identity of the deciding authority, and written notice of the right to appeal;

(6) provided an opportunity to appeal in writing to a high level panel, appointed by the agency head, which shall be comprised of at least three members, two of whom shall be selected from outside the security field. Decisions of the panel shall be in writing, and final except as provided in subsection (b) of this section; and

(7) provided an opportunity to appear personally and to present relevant documents, materials, and information at some point in the process before an adjudicative or other authority, other than the investigating entity, as determined by the agency head. A written summary or recording of such appearance shall be made part of the applicant’s or employee’s security record, unless such appearance occurs in the presence of the appeals panel described in subsection (a)(6) of this section.

(b) Nothing in this section shall prohibit an agency head from personally exercising the appeal authority in subsection (a)(6) of this section upon recommendation from an appeals panel. In such case, the decision of the agency head shall be final.

(c) Agency heads shall promulgate regulations to implement this section and, at their sole discretion and as resources and national security permits, may provide additional review proceedings beyond those required by subsection (a) of this section. This section does not require additional proceedings, however, and creates no procedural or substantive rights.

(d) When the head of an agency or principal deputy personally certifies that a procedure set forth in this section cannot be made available in a particular case without damaging the national security interests of the United States by revealing classified information, the particular procedure shall not be made available. This certification shall be conclusive.

(e) This section shall not be deemed to limit or affect the responsibility and power of an agency head pursuant to any law or other Executive order to deny or terminate access to classified information in the interests of national security. The power and responsibility to deny or terminate access to classified information pursuant to any law or other Executive order may be exercised only where the agency head determines that the procedures prescribed in subsection (a) of this section cannot be invoked in a manner that is consistent with national security. This determination shall be conclusive.

(f)1 This section shall not be deemed to limit or affect the responsibility and power of an agency head to make determinations of suitability for employment.
(2) Nothing in this section shall require that an agency provide the procedures prescribed in subsection (a) of this section to an applicant where a conditional offer of employment is withdrawn for reasons of suitability or any other reason other than denial of eligibility for access to classified information.

(3) A suitability determination shall not be used for the purpose of denying an applicant or employee the review proceedings of this section where there has been a denial or revocation of eligibility for access to classified information.

PART 6—IMPLEMENTATION

Sect. 6.1. Agency Implementing Responsibilities. Heads of agencies that grant employees access to classified information shall: (a) designate a senior agency official to direct and administer the agency’s personnel security program established by this order. All such programs shall include active oversight and continuing security education and awareness programs to ensure effective implementation of this order;

(b) cooperate, under the guidance of the Security Executive Agent, with other agencies to achieve practical, consistent, and effective adjudicative training and guidelines; and

(c) conduct periodic evaluations of the agency’s implementation and administration of this order, including the implementation of section 1.3(a) of this order. Copies of each report shall be provided to the Security Executive Agent.

Sect. 6.2. Employee Responsibilities. (a) Employees who are granted eligibility for access to classified information shall:

(1) protect classified information in their custody from unauthorized disclosure;

(2) report all contacts with persons, including foreign nationals, who seek in any way to obtain unauthorized access to classified information;

(3) report all violations of security regulations to the appropriate security officials; and

(4) comply with all other security requirements set forth in this order and its implementing regulations.

(b) Employees are encouraged and expected to report any information that raises doubts as to whether another employee’s continued eligibility for access to classified information is clearly consistent with the national security.

Sect. 6.3. Security Executive Agent Responsibilities and Implementation. (a) With respect to actions taken by the Security Executive Agent pursuant to sections 1.3(c), 3.1(f), 3.2(b), 3.3(a)(2), and 3.4(c) of this order, the Director of National Intelligence shall serve as the final authority for implementation.

(b) Any guidelines, standards, or procedures developed by the Security Executive Agent pursuant to this order shall be consistent with those guidelines issued by the Federal Bureau of Investigation in March 1991 on Background Investigations Policy/ Guidelines Regarding Sexual Orientation.

(c) In carrying out its responsibilities under this order, the Security Executive Agent shall consult where appropriate with the Overseas Security Executive Agent. In carrying out its responsibilities under section 1.3(c) of this order, the Security Executive Agent shall obtain the concurrence of the Director of the Office of Management and Budget.

Sect. 6.4. Sanctions. Employees shall be subject to appropriate sanctions if they knowingly and willfully grant eligibility for, or allow access to, classified information in violation of this order or its implementing regulations. Sanctions may include reprimand, suspension without pay, removal, and other actions in accordance with applicable law and agency regulations.

PART 7—GENERAL PROVISIONS

Sect. 7.1. Classified Information Procedures Act. Nothing in this order is intended to alter the procedures established under the Classified Information Procedures Act (38 U.S.C. App.).

Sect. 7.2. General. (a) Information obtained by an agency under sections 1.2(e) or 1.3 of this order may not be disseminated outside the agency, except to:

(1) the agency employing the employee who is the subject of the records or information;

(2) the Department of Justice for law enforcement or counterintelligence purposes; or

(3) any agency if such information is clearly relevant to the authorized responsibilities of such agency.

(b) The Attorney General, at the request of the head of an agency, shall render an interpretation of this order with respect to any question arising in the course of its administration.

(c) No prior Executive orders are repealed by this order. To the extent that this order is inconsistent with any provision of any prior Executive order, this order shall control, except that this order shall not diminish or otherwise affect the requirements of Executive Order No. 12450 [5 U.S.C. 7311 note], the denial and revocation procedures provided to individuals covered by Executive Order No. 10865, as amended [set out above], or access by historical researchers and former presidential appointees under Executive Order No. 12958 [formerly set out above] or any successor order.

(d) If any provision of this order or the application of such provision is held to be invalid, the remainder of this order shall not be affected.

(e) This Executive order is intended only to improve the internal management of the executive branch and is not intended to, and does not, create any right to administrative or judicial review, or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

(f) This order is effective immediately.

Ex. Ord. No. 13467, June 30, 2008, 73 F.R. 38103, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to ensure an efficient, practical, reciprocal, and aligned system for investigating and determining suitability for Government employment, contractor employee fitness, and eligibility for access to classified information, while taking appropriate account of title III of Public Law 108–438, it is hereby ordered as follows:

PART 1—POLICY, APPLICABILITY, AND DEFINITIONS

SECTION 1.1. Policy. Sect. 1.2. Applicability. (a) This order applies to all covered individuals as defined in section 1.3(g), except that:

(i) the provisions regarding eligibility for physical access to federally controlled facilities and logical access to federally controlled information systems do not apply to individuals exempted in accordance with guidance pursuant to the Federal Information Security Management Act (title III of Public Law 107–347) and Homeland Security Presidential Directive 12; and

ant to title 10, United States Code, are unaffected by this order.

SIC 1.3. Definitions. For the purpose of this order: (a) “Adjudication” means the evaluation of pertinent data in a background investigation, as well as any other available information that is relevant and reliable, to determine whether a covered individual is:  

(i) suitable for Government employment;  

(ii) eligible for logical and physical access;  

(iii) eligible for access to classified information;  

(iv) eligible to hold a sensitive position; or  

(v) fit to perform work for or on behalf of the Government as a contractor employee.  

(b) “Agency” means any “Executive agency” as defined in section 105 of title 5, United States Code, including the “military departments,” as defined in section 102 of title 5, United States Code, and any other entity within the executive branch that comes into possession of classified information or has designated positions as sensitive, except such an entity headed by an officer who is not a covered individual.  

(c) “Classified information” means information that has been determined pursuant to Executive Order 12958 of April 17, 1995, as amended [formerly set out above], or a successor or predecessor order, or the Atomic Energy Act of 1954 (42 U.S.C. 2111 et seq.) to require protection against unauthorized disclosure.  

(d) “Continuous evaluation” means reviewing the background of an individual who has been determined to be eligible for access to classified information (including additional or new checks of commercial databases, Government databases, and other information lawfully available to security officials) at any time during the period of eligibility to determine whether that individual continues to meet the requirements for eligibility for access to classified information.  

(e) “Contractor” means an expert or consultant (not appointed under section 3109 of title 5, United States Code) to an agency; an industrial or commercial contractor, licensee, certificate holder, or grantee of any agency, including all subcontractors; a personal services contractor; or any other category of person who performs work for or on behalf of an agency (but not a Federal employee).

SIC 2.1. Aligned System. (a) Investigations and adjudications of covered individuals who require a determination of suitability, eligibility for logical and physical access, eligibility to hold a sensitive position, eligibility for access to classified information, and, as appropriate, contractor employee fitness, shall be aligned using consistent standards to the extent possible. Each successively higher level of investigation and adjudication shall build upon, but not duplicate, the ones below it.  

(b) The aligned system shall employ updated and consistent standards and methods, enable innovations with enterprise information technology capabilities and end-to-end automation to the extent practicable, and ensure that relevant information maintained by agencies can be accessed and shared rapidly across the executive branch, while protecting national security, protecting privacy-related information, ensuring resulting decisions are in the national interest, and providing the Federal Government with an effective workforce.  

(c) Except as otherwise authorized by law, background investigations and adjudications shall be mutually and reciprocally accepted by all agencies. An agency may not establish additional investigative or adjudicative requirements (other than requirements for the conduct of a polygraph examination consistent with law, directive, or regulation) that exceed the requirements for suitability, contractor employee fitness, eligibility for logical or physical access, eligibility to hold a sensitive position, or eligibility for access to classified information without the approval of the Suitability Executive Agent or Security Executive Agent, as appropriate, and provided that approval to establish additional requirements shall be limited to circumstances where additional requirements are necessary to address significant needs unique to the agency involved or to protect national security.  

SIC 2.2. Establishment and Functions of Performance Accountability Council. (a) There is hereby established a Suitability and Security Clearance Performance Accountability Council (Council).  

(b) The Deputy Director for Management, Office of Management and Budget, shall serve as Chair of the Council and shall have authority, direction, and control over the Council’s functions. The Chair shall have authority to designate officials from additional agencies who shall serve as members of the Council. Council membership shall be limited to Federal Government employees and shall include suitability and security professionals.  

(c) The Council shall be accountable to the President to achieve, consistent with this order, the goals of reform, and is responsible for driving implementation of the reform effort, ensuring accountability by agencies, ensuring the Suitability Executive Agent and the Security Executive Agent align their respective processes, and sustaining reform momentum.  

(d) The Council shall:

(vi) arbitrate disparities in procedures between the Suitability Executive Agent and the Security Executive Agent;

(vii) ensure sharing of best practices; and

(viii) advise the Suitability Executive Agent and the Security Executive Agent on policies affecting the alignment of investigations and adjudications.

The Chair may, to ensure the effective implementation of the policy set forth in section 1.1 of this order and to the extent consistent with law, assign, in whole or in part, to the head of any agency (solely or jointly) any function within the Council's responsibility relating to alignment and improvement of investigations and determinations of suitability, contractor employee fitness, eligibility for logical and physical access, eligibility for access to classified information, or eligibility to hold a sensitive position.

Scc. 2.3. Establishment, Designation, and Functions of Executive Agents. (a) There is hereby established a Suitability Executive Agent and a Security Executive Agent.

(b) The Director of the Office of Personnel Management shall serve as the Suitability Executive Agent. (vi) shall ensure reciprocal recognition of eligibility for access to classified information among the agencies, including acting as the final authority to arbitrate and resolve disputes among the agencies involving the reciprocity of investigations and determinations of eligibility for access to classified information or eligibility to hold a sensitive position; and

(d) Nothing in this order shall be construed in a manner that would limit the authorities of the Director of the Office of Personnel Management or the Director of National Intelligence under law.

Scc. 2.4. Additional Functions. (a) The duties assigned to the Security Policy Board by Executive Order 12968 of August 2, 1995, to consider, coordinate, and recommend policy directives for executive branch security policies, procedures, and practices are realigned to the Security Executive Agent.

(b) Heads of agencies shall:

(i) carry out any function assigned to the agency head by the Chair, and shall assist the Chair, the Council, the Suitability Executive Agent, and the Security Executive Agent in carrying out any function under sections 2.2 and 2.3 of this order;

(ii) implement any policy or procedure developed pursuant to this order;

(iii) to the extent permitted by law, make available to the Performance Accountability Council, the Suitability Executive Agent, or the Security Executive Agent such information as may be requested to implement this order;

(iv) ensure that all actions taken under this order take account of the counterintelligence interests of the United States, as appropriate; and

(A) conduct the foreign affairs of the United States;

(B) withhold information the disclosure of which could impair the foreign relations, the national security, the deliberative processes of the Executive, or the performance of the Executive's constitutional duties;

(C) recommend for congressional consideration such measures as the President may judge necessary or expedient; and

(D) supervise the unitary executive branch.

Scc. 3. General Provisions. (a) Executive Order 13381 of June 27, 2005, as amended, is revoked. Nothing in this order shall:

EX. ORD. NO. 13526. CLASSIFIED NATIONAL SECURITY INFORMATION

Ex. Ord. No. 13526, Dec. 29, 2009, 75 F.R. 707, 1013, provided:

This order prescribes a uniform system for classifying, safeguarding, and declassifying national security information, including information relating to defense against transnational terrorism. Our democratic principles require that the American people be informed of the activities of their Government. Also, our Nation’s progress depends on the free flow of information both within the Government and to the American people. Nevertheless, throughout our history, the national defense has required that certain information be maintained in confidence in order to protect our citizens, our democratic institutions, our homeland security, and our interactions with foreign nations. Protecting information critical to our Nation’s security and demonstrating our commitment to open Government through accurate and accountable application of classification standards and routine, secure, and effective declassification are equally important priorities.

NOW, THEREFORE, I, BARACK OBAMA, by the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

PART 1—ORIGINAL CLASSIFICATION

SECTION 1.1. Classification Standards. (a) Information may be originally classified under the terms of this order only if all of the following conditions are met:

(1) an original classification authority is classifying the information;
(2) the information is owned by, produced by or for, or is under the control of the United States Government;
(3) the information falls within one or more of the categories of information listed in section 1.4 of this order; and
(4) the original classification authority determines that the unauthorized disclosure of the information reasonably could be expected to result in damage to the national security, which includes defense against transnational terrorism, and the original classification authority is able to identify or describe the damage.

If there is significant doubt about the need to classify information, it shall not be classified. This provision does not:

(1) amplify or modify the substantive criteria or procedures for classification; or
(2) create any substantive or procedural rights subject to judicial review.

(c) Classified information shall not be declassified automatically as a result of any unauthorized disclosure of identical or similar information.

(d) The unauthorized disclosure of foreign government information is presumed to cause damage to the national security.

SECTION 1.2. Classification Levels. (a) Information may be classified at one of the following three levels:

(1) “Top Secret” shall be applied to information, the unauthorized disclosure of which reasonably could be expected to cause exceptionally grave damage to the national security that the original classification authority is able to identify or describe.
(2) “Secret” shall be applied to information, the unauthorized disclosure of which reasonably could be expected to cause serious damage to the national security that the original classification authority is able to identify or describe.
(3) “Confidential” shall be applied to information, the unauthorized disclosure of which reasonably could be expected to cause damage to the national security that the original classification authority is able to identify or describe.

Exceptional cases. When an employee, government contractor, licensee, certificate holder, or grantee of an agency who does not have original classification authority originates information believed by that person to require classification, the information shall be protected in a manner consistent with this order and its implementing directives. The information shall be transmitted promptly as provided under this order or its implementing directives to the agency that has appropriate subject matter interest and classification authority with respect to that information. That agency shall decide within 30 days whether to classify this information.

be expected to cause damage to the national security that the original classification authority is able to identify or describe.

(b) Except as otherwise provided by statute, no other terms shall be used to identify United States classified information.

(c) If there is significant doubt about the appropriate level of classification, it shall be classified at the lower level.

SISC. 1.3. Classification Authority. (a) The authority to classify information originally may be exercised only by:

(1) the President and the Vice President;
(2) agency heads and officials designated by the President; and
(3) United States Government officials delegated this authority pursuant to paragraph (c) of this section.

(b) Officials authorized to classify information at a specified level are also authorized to classify information at a lower level.

(c) Delegation of original classification authority.

(1) Delegations of original classification authority shall be limited to the minimum required to administer this order. Agency heads are responsible for ensuring that designated subordinate officials have a demonstrable and continuing need to exercise this authority.

(2) “Top Secret” original classification authority may be delegated only by the President, the Vice President, or an agency head or official designated pursuant to paragraph (a)(2) of this section.

(3) “Secret” or “Confidential” original classification authority may be delegated only by the President, the Vice President, an agency head or official designated pursuant to paragraph (a)(2) of this section, or the senior agency official designated under section 5.4(d) of this order, provided that official has been delegated “Top Secret” original classification authority by the agency head.

(4) Each delegation of original classification authority shall be in writing and the authority shall not be redelegated except as provided in this order. Each delegation shall identify the official by name or position.

(5) Delegations of original classification authority shall be reported or made available by name or position to the Director of the Information Security Oversight Office.

(d) All original classification authorities must receive training in proper classification (including the avoidance of over-classification) and declassification as provided in this order and its implementing directives at least once a calendar year. Such training must include instruction on the proper safeguarding of classified information and on the sanctions in section 5.5 of this order. Each mandatory training at least once within a calendar year shall have their classification authority suspended by the agency head or the senior agency official designated under section 5.4(d) of this order until such training has taken place. A waiver may be granted by the agency head, the deputy agency head, or the senior agency official if an individual is unable to receive such training due to unavoidable circumstances. Whenever a waiver is granted, the individual shall receive such training as soon as practicable.

(e) Exceptional cases. When an employee, government contractor, licensee, certificate holder, or grantee of an agency who does not have original classification authority originates information believed by that person to require classification, the information shall be protected in a manner consistent with this order and its implementing directives. The information shall be transmitted promptly as provided under this order or its implementing directives to the agency that has appropriate subject matter interest and classification authority with respect to that information. That agency shall decide within 30 days whether to classify this information.

§ 3161 TITLE 50—WAR AND NATIONAL DEFENSE Page 560

SISC. 1.4. Classification Categories. Information shall not be considered for classification unless its unauthorized disclosure could reasonably be expected to cause identifiable or describable damage to the national security in accordance with section 1.2 of this order, and it pertains to one or more of the following:

(a) military plans, weapons systems, or operations;
(b) foreign government information;
(c) intelligence activities (including covert action), intelligence sources or methods, or cryptology;
(d) foreign relations or foreign activities of the United States, including confidential sources;
(e) scientific, technological, or economic matters relating to the national security;
(f) United States Government programs for safeguarding nuclear materials or facilities;
(g) vulnerabilities or capabilities of systems, installations, infrastructures, projects, plans, or protection services relating to the national security; or (h) the development, production, or use of weapons of mass destruction.

SISC. 1.5. Duration of Classification. (a) At the time of original classification, the original classification authority shall establish a specific date or event for declassification based on the duration of the national security sensitivity of the information. Upon reaching that date or event, the information shall be automatically declassified. Except for information that should clearly and demonstrably be expected to reveal the identity of a confidential human source or a human intelligence source or key design concepts of weapons of mass destruction, the date or event shall not exceed the time frame established in paragraph (b) of this section.

(b) If the original classification authority cannot determine an earlier specific date or event for declassification, information shall be marked for declassification 18 years from the date of the original decision, unless the original classification authority otherwise determines that the sensitivity of the information requires that it be marked for declassification for up to 25 years from the date of the original decision.

(c) An original classification authority may extend the duration of classification up to 25 years from the date of origin of the document, change the level of classification, or reclassify specific information only when the standards and procedures for classifying information under this order are followed.

(d) No information may remain classified indefinitely. Information marked for an indefinite duration of classification under predecessor orders, for example, marked as “Originating Agency’s Determination Required,” or classified information that contains incomplete declassification instructions or lacks declassification instructions shall be declassified in accordance with part 3 of this order.

SISC. 1.6. Identification and Markings. (a) At the time of original classification, the following shall be indicated in a manner that is immediately apparent:

(1) one of the three classification levels defined in section 1.2 of this order;
(2) the identity, by name and position, or by personal identifier, of the original classification authority;
(3) the agency and office of origin, if not otherwise evident;
(4) declassification instructions, which shall indicate one of the following:
   (A) the date or event for declassification, as prescribed in section 1.5(a);
   (B) the date that is 10 years from the date of original classification, as prescribed in section 1.5(b);
   (C) the date that is up to 25 years from the date of original classification, as prescribed in section 1.5(b); or
(5) a concise reason for classification that, at a minimum, cites the applicable classification categories in section 1.4 of this order.

(b) Specific information required in paragraph (a) of this section may be excluded if it would reveal additional classified information.

(c) With respect to each classified document, the agency originating the document shall, by marking or other means, indicate which portions are classified, with the applicable classification level, and which portions are unclassified. In accordance with standards prescribed in directives issued under this order, the Director of the Information Security Oversight Office may grant and revoke temporary waivers of this requirement. The Director shall revoke any waiver upon a finding of abuse.

(d) Markings or other indicia implementing the provisions of this order, including abbreviations and requirements to safeguard classified working papers, shall conform to the standards prescribed in implementing directives issued pursuant to this order.

(e) Foreign government information shall retain its original classification markings or shall be assigned a U.S. classification that provides a degree of protection at least equivalent to that required by the entity that furnished the information. Foreign government information retaining its original classification markings need not be assigned a U.S. classification marking provided that the responsible agency determines that the foreign government markings are adequate to meet the purposes served by U.S. classification markings.

(f) Information assigned a level of classification under this or predecessor orders shall be considered as classified at that level of classification despite the omission of other required markings. Whenever such information is used in the derivative classification process or is reviewed for possible declassification, holders of such information shall coordinate with an appropriate classification authority for the application of omitted markings.

(g) The classification authority shall, whenever practicable, use a classified addendum whenever classified information constitutes a small portion of an otherwise unclassified document or prepare a product to allow for dissemination at the lowest level of classification possible or in unclassified form.

(h) Prior to public release, all declassified records shall be appropriately marked to reflect their declassification.

SISC. 1.7. Classification Prohibitions and Limitations. (a) In no case shall information be classified, continue to be maintained as classified, or fail to be declassified in order to:

(1) conceal violations of law, inefficiency, or administrative error;
(2) prevent embarrassment to a person, organization, or agency;
(3) restrain competition; or
(4) prevent or delay the release of information that does not require protection in the interest of the national security.

(b) Basic scientific research information not clearly related to the national security shall not be classified.

(c) Information may not be reclassified after declassification and release to the public under proper authority unless:

(1) the reclassification is personally approved in writing by the agency head based on a document-by-document determination by the agency that reclassification is required to prevent significant and demonstrable damage to the national security;
(2) the information may be reasonably recovered without bringing undue attention to the information;
(3) the reclassification action is reported promptly to the Assistant to the President for National Security Affairs (National Security Advisor) and the Director of the Information Security Oversight Office; and
(4) for documents in the physical and legal custody of the National Archives and Records Administration (National Archives) that have been available for public
use, the agency head has, after making the determinations required by this paragraph, notified the Archivist of the United States (Archivist), who shall suspend public access pending approval of the reclassification by the Director of the Information Security Oversight Office. Any such decision by the Director may be appealed by the agency head to the President through the National Security Advisor. Public access shall remain suspended pending a prompt decision on the appeal.

(d) Information that has not previously been disclosed to the public under proper authority may be classified or reclassified after an agency has received a request for it under the Freedom of Information Act (5 U.S.C. 552a), the Privacy Act of 1974 (5 U.S.C. 552a), or the mandatory review provisions of section 3.5 of this order only if such classification meets the requirements of this order and is accomplished on a document-by-document basis with the personal participation or under the direction of the agency head, the deputy agency head, or the senior agency official designated under section 5.4 of this order. The requirements of this paragraph also apply to those situations in which information has been declassified in accordance with a specific date or event determined by an original classification authority in accordance with section 1.5 of this order.

(e) Compilations of items of information that are individually unclassified may be classified if the compiled information reveals an additional association or relationship that:

(1) meets the standards for classification under this order; and

(2) is not otherwise revealed in the individual items of information.

SIC. 1.8. Classification Challenges. (a) Authorized holders of information who, in good faith, believe that its classification status is improper are encouraged and expected to challenge the classification status of the information in accordance with agency procedures established in this order for specific information in advance of approval and at the time it is granted, the individual shall receive such training as is granted, the individual shall receive such training as soon as practicable.

(b) In accordance with implementing directives issued pursuant to this order, an agency head or senior agency official shall establish procedures under which authorized holders of information, including authorized holders outside the classifying agency, are encouraged and expected to challenge the classification of information that they believe is improperly classified or unclassified. These procedures shall establish:

(1) individuals are not subject to retribution for bringing such actions;

(2) an opportunity is provided for review by an impartial official or panel; and

(3) individuals are advised of their right to appeal agency decisions to the Interagency Security Classification Appeals Panel (Panel) established by section 5.3 of this order.

(c) Documents required to be submitted for pre-publication review or other administrative process pursuant to an approved nondisclosure agreement are not covered by this section.

SIC. 1.9. Fundamental Classification Guidance Review. (a) Agency heads shall complete on a periodic basis a comprehensive review of the agency’s classification guidance, particularly classification guides, to ensure the guidance reflects current circumstances and to identify classified information that no longer requires protection and can be declassified. The initial fundamental classification guidance review shall be completed within 2 years of the effective date of this order.

(b) The classification guidance review shall include an evaluation of classified information to determine if it meets the standards for classification under section 1.4 of this order, taking into account an up-to-date assessment of likely damage as described under section 1.2 of this order.

(c) The classification guidance review shall include original classification authorities and agency subject matter experts to ensure a broad range of perspective.

(d) Agency heads shall provide a report summarizing the results of the classification guidance review to the Director of the Information Security Oversight Office and shall release an unclassified version of this report to the public.

PART 2—DERIVATIVE CLASSIFICATION

SIC. 2.1. Use of Derivative Classification. (a) Persons who reproduce, extract, or summarize classified information, or who apply classification markings derived from source material or as directed by a classification guide, need not possess original classification authority.

(b) Persons who apply derivative classification markings shall:

(1) be identified by name and position, or by personal identifier, in a manner that is immediately apparent for each derivative classification action;

(2) observe and respect original classification decisions; and

(3) carry forward to any newly created documents the pertinent classification markings. For information derivatively classified based on multiple sources, the derivative classifier shall carry forward:

(A) the date of or event for declassification that corresponds to the longest period of classification among the sources, or the marking established pursuant to section 1.5(a)(8)(D) of this order; and

(B) a listing of the source materials.

(c) Derivative classifiers shall, whenever practicable, use a classified addendum whenever classified information constitutes a small portion of an otherwise unclassified document or prepare a product to allow for dissemination at the lowest level of classification possible or in unclassified form.

(d) Persons who apply derivative classification markings shall receive training in the proper application of the derivative classification principles of the order, with an emphasis on avoiding over-classification, at least once every 2 years. Derivative classifiers who do not receive such training at least once every 2 years shall have their authority to apply derivative classification markings suspended until they have received such training. A waiver may be granted by the agency head, the deputy agency head, or the senior agency official if an individual is unable to receive such training due to unavoidable circumstances. Whenever a waiver is granted, the individual shall receive such training as soon as practicable.

SIC. 2.2. Classification Guides. (a) Agencies with original classification authority shall prepare classification guides to facilitate the proper and uniform derivative classification of information. These guides shall conform to standards contained in directives issued under this order.

(b) Each guide shall be approved personally and in writing by an official who:

(1) has program or supervisory responsibility over the information or is the senior agency official; and

(2) is authorized to classify information originally at the highest level of classification prescribed in the guide.

(c) Agencies shall establish procedures to ensure that classification guides are reviewed and updated as provided in directives issued under this order.

(d) Agencies shall incorporate original classification decisions into classification guides on a timely basis and in accordance with directives issued under this order.

(e) Agencies may incorporate exemptions from automatic declassification approved pursuant to section 3.3(b) of this order into classification guides, provided that the Panel is notified of the intent to take such action for specific information in advance of approval and the information remains in active use.

(f) The duration of classification of a document classified by a derivative classifier using a classification guide shall not exceed 25 years from the date of the origin of the document, except for:

(1) information that should clearly and demonstrably be expected to reveal a broad range of perspectives about a confidential human source or a human intelligence source or key design concepts of weapons of mass destruction; and
§ 3161 TITLE 50—WAR AND NATIONAL DEFENSE Page 562

(2) specific information incorporated into classification guides in accordance with section 2.2(e) of this order.

PART 3—DECLASSIFICATION AND DOWNGRADING

Sect. 3.1. Authority for Declassification. (a) Information shall be declassified as soon as it no longer meets the standards for classification under this order.

(b) Information shall be declassified or downgraded by:

(1) the official who authorized the original classification, if that official is still serving in the same position and has original classification authority;

(2) the originator’s current successor in function, if that individual has original classification authority;

(3) a supervisory official of either the originator or his or her successor in function, if the supervisory official has original classification authority; or (4) officials delegated declassification authority in writing by the agency head or the senior agency official of the originating agency.

(c) The Director of National Intelligence (or, if delegated by the Director of National Intelligence, the Principal Deputy Director of National Intelligence) may, with respect to the Intelligence Community, after consultation with the head of the originating Intelligence Community element, department, declassify, downgrade, or direct the declassification or downgrading of information or intelligence relating to intelligence sources, methods, or activities.

(d) It is presumed that information that continues to meet the classification requirements under this order requires continued protection. In some exceptional cases, however, the need to protect such information may be outweighed by the public interest in disclosure of the information, and in these cases the information should be declassified. When such questions arise, they shall be referred to the agency head or the senior agency official. That official will determine, as an exercise of discretion, whether the public interest in disclosure outweighs the damage to the national security that might reasonably be expected from disclosure. This provision does not:

(1) amplify or modify the substantive criteria or procedures for classification; or

(2) create any substantive or procedural rights subject to judicial review.

(e) If the Director of the Information Security Oversight Office determines that information is classified in violation of this order, the Director may require the information to be declassified by the agency that originated the classification. Any such decision by the Director may be appealed to the President through the National Security Advisor. The information shall remain classified pending a prompt decision on the appeal.

(f) The provisions of this section shall also apply to agencies that, under the terms of this order, do not have original classification authority, but had such authority under predecessor orders.

(g) No information may be excluded from declassification under section 3.3 of this order based solely on the type of document or record in which it is found. Rather, the classified information must be considered on the basis of its content.

(h) Classified nonrecord materials, including artifacts, shall be declassified as soon as they no longer meet the standards for classification under this order.

(i) When making decisions under sections 3.3, 3.4, and 3.5 of this order, agencies shall consider the final decisions of the Panel.

Sect. 3.2. Transferred Records.

(a) In the case of classified records transferred in conjunction with a transfer of functions, and not merely for storage purposes, the receiving agency shall be deemed to be the originating agency for purposes of this order.

(b) In the case of classified records that are not officially transferred as described in paragraph (a) of this section, but that originated in an agency that has ceased to exist and for which there is no successor agency, each agency in possession of such records shall be deemed to be the originating agency for purposes of this order. Such records may be declassified or downgraded by the agency in possession of the records after consultation with any other agency that has an interest in the subject matter of the records.

(c) Classified records once accessioned into the National Archives shall be declassified or downgraded by the Archivist in accordance with this order, the directives issued pursuant to this order, agency declassification guides, and any existing procedural agreement between the Archivist and the relevant agency head.

(d) The originating agency shall take all reasonable steps to declassify classified information contained in records determined to have permanent historical value before they are accessioned into the National Archives. However, the Archivist may require that classified records be accessioned into the National Archives when necessary to comply with the provisions of the Federal Records Act. This provision does not apply to records transferred to the Archivist pursuant to section 2203 of title 44, United States Code, or records for which the National Archives serves as the custodian of the records of an agency or organization that has gone out of existence.

(e) To the extent practicable, agencies shall adopt a system of records management that will facilitate the public release of documents at the time such documents are declassified pursuant to the provisions for automatic declassification in section 3.3 of this order.

Sect. 3.3 Automatic Declassification.

(a) Subject to paragraphs (b)-(d) and (g)-(j) of this section, all classified records that (1) are more than 25 years old and (2) have been determined to have permanent historical value under title 44, United States Code, shall be automatically declassified whether or not the records have been reviewed. All classified records shall be automatically declassified on December 31 of the year that is 25 years from the date of origin, except as provided in paragraphs (b)-(d) and (g)-(j) of this section. If the date of origin of an individual record cannot be readily determined, the date of original classification shall be used instead.

(b) An agency head may exempt from automatic declassification under paragraph (a) of this section specific information, the release of which should clearly and demonstrably be expected to:

(1) reveal the identity of a confidential human source, a human intelligence source, a relationship with an intelligence or security service of a foreign government or international organization, or a nonhuman intelligence source; or impair the effectiveness of an intelligence method currently in use, available for use, or under development;

(2) reveal information that would assist in the development, production, or use of weapons of mass destruction;

(3) reveal information that would impair U.S. cryptographic systems or activities;

(4) reveal information that would impair the application of state-of-the-art technology within a U.S. weapon system;

(5) reveal formally named or numbered U.S. military war plans that remain in effect, or reveal operational or tactical elements of prior plans that are contained in such active plans;

(6) reveal information, including foreign government information, that would cause serious harm to relations between the United States and a foreign government, or to ongoing diplomatic activities of the United States;

(7) reveal information that would impair the current ability of United States Government officials to protect the President, Vice President, and other protectees for whom protection services, in the interest of the national security, are authorized;

(8) reveal information that would seriously impair current national security emergency preparedness plans or reveal current vulnerabilities of systems, in-
(c)(1) An agency head shall notify the Panel of any specific file series of records for which a review or assessment has determined that the information within that file series almost invariably falls within one or more of the exemption categories listed in paragraph (b) of this section and that the agency proposes to exempt from automatic declassification at 25 years. (2) The notification shall include: (A) a description of the file series; (B) an explanation of why the information within the file series is almost invariably exempt from automatic declassification and why the information must remain classified for a longer period of time; and (C) except when the information within the file series almost invariably identifies a confidential human source or a human intelligence source or key design concepts of weapons of mass destruction, a specific date or event for declassification of the information, not to exceed December 31 of the year that is 50 years from the date of origin of the records. (3) The Panel may direct the agency not to exempt a designated file series or to declassify the information within that series at an earlier date than recommended. The agency head may appeal such a decision to the President through the National Security Advisor.

(d) File series exemptions approved by the President prior to December 31, 2008, shall remain valid without any additional agency action pending Panel review by the later of December 31, 2010, or December 31 of the year that is 10 years from the date of previous approval.

(e) The following provisions shall apply to the onset of automatic declassification:

(1) Classified records within an integral file block, as defined in this order, that are otherwise subject to automatic declassification under this section shall not be automatically declassified until December 31 of the year that is 25 years from the date of the most recent record within the file block.

(2) After consultation with the Director of the National Declassification Center (the Center) established by section 3.7 of this order and before the records are subject to automatic declassification, an agency head or senior agency official may delay automatic declassification for up to five additional years for classified information contained in media that make a review for possible declassification exemptions more difficult or costly.

(3) Other than for records that are properly exempted from automatic declassification, records containing classified information that originated with other agencies or the disclosure of which would affect the interests or activities of other agencies with respect to the classified information and could reasonably be expected to fall under one or more of the exemptions in paragraph (b) of this section shall be identified prior to the onset of automatic declassification for later referral to those agencies. (A) The information of concern shall be referred by the Center established by section 3.7 of this order, or by the centralized facilities referred to in section 3.7(e) of this order, in a prioritized and scheduled manner determined by the Center.

(B) If an agency fails to provide a final determination on a referral made by the Center within 1 year of referral, or by the centralized facilities referred to in section 3.7(e) of this order within 3 years of referral, the equities in the referred records shall be automatically declassified.

(C) If any disagreement arises between affected agencies and the Center regarding the referral review period, the Director of the Information Security Oversight Office shall determine the appropriate period of review of referred records.

(D) Referrals identified prior to the establishment of the Center by section 3.7 of this order shall be subject to automatic declassification only in accordance with subparagraphs (d)(3)(A)–(C) of this section.

(4) After consultation with the Director of the Information Security Oversight Office, an agency head may delay automatic declassification for up to 3 years from the date of discovery of classified records that were inadvertently not reviewed prior to the effective date of automatic declassification.

(e) Information exempted from automatic declassification under this section shall remain subject to the mandatory and systematic declassification review provisions of this order.

(f) The Secretary of State shall determine when the United States should commence negotiations with the appropriate officials of a foreign government or international organization of governments to modify any treaty or international agreement that requires the classification of information contained in records affected by this section for a period longer than 25 years from the date of its creation, unless the treaty or international agreement pertains to information that, otherwise remain classified beyond 25 years under this section.

(g) The Secretary of Energy shall determine when information concerning foreign nuclear programs that was removed from the Restricted Data category in order to carry out provisions of the National Security Act of 1947, as amended, may be declassified. Unless otherwise determined, such information shall be declassified when comparable information concerning the United States nuclear program is declassified.

(h) Not later than 3 years from the effective date of this order, all records exempted from automatic declassification under paragraphs (b) and (c) of this section shall be automatically declassified on December 31 of a year that is no more than 50 years from the date of origin, subject to the following:

(1) Records that contain information the release of which would clearly and demonstrably be expected to reveal the following are exempt from automatic declassification at 50 years:

   (A) the identity of a confidential human source or a human intelligence source; or

   (B) key design concepts of weapons of mass destruction.

(2) In extraordinary cases, agency heads may, within 5 years of the onset of automatic declassification, propose to exempt additional specific information from declassification at 50 years.

(3) Records exempted from automatic declassification under this paragraph shall be automatically declassified on December 31 of a year that is no more than 75 years from the date of origin unless an agency head, within 5 years of that date, proposes to exempt specific information from declassification at 75 years and the proposal is formally approved by the Panel.

(i) Specific records exempted from automatic declassification prior to the establishment of the Center described in section 3.7 of this order shall be subject to the provisions of paragraph (h) of this section in a scheduled and prioritized manner determined by the Center.

(1) The notification shall include:

   (A) a detailed description of the information, either by reference to information in specific records or in the form of a declassification guide;

   (B) an explanation of why the information should be exempt from automatic declassification and must remain classified for a specified period of time; and

   (C) a specific date or a specific and independently verifiable event for automatic declassification of spe-

(2) The Panel may direct the agency not to exempt the information or to declassify it at an earlier date than recommended. An agency head may appeal such a decision to the President through the National Security Advisor. The information will remain classified while an appeal is pending.

(k) For information in a file series of records determined not to have permanent historical value, the duration of classification beyond 25 years shall be the same as the disposition (destruction) date of those records in each Agency Records Control Schedule or General Records Schedule, although the duration of classification shall be extended if the record has been retained for business reasons beyond the scheduled disposition date.

SISC. 3.4. Systematic Declassification Review.

(a) Except as provided in paragraph (b) or (c) of this section, all information classified under this order or predecessor orders shall be subject to a review for declassification by the originating agency if:

Review procedures developed by the Archivist shall provide for consultation with agencies having primary subject matter interest and shall be consistent with the provisions of applicable laws or lawful agreements that pertain to the respective Presidential papers or records. Agencies with primary subject matter interest shall be notified promptly of the Archivist’s decision. Any final decision by the Archivist may be appealed by the requester or an agency to the Panel. The information shall remain classified pending a prompt decision on the appeal.

(c) Agencies conducting a mandatory review for declassification shall declassify information that no longer meets the standards for classification under this order. They shall release this information unless withholding is otherwise authorized and warranted under applicable law.

(d) If an agency has reviewed the requested information for declassification within the past 2 years, the agency need not conduct another review and may instead inform the requester of this fact and the prior review decision and advise the requester of appeal rights provided under subsection (e) of this section.

(e) In accordance with directives issued pursuant to this order, agency heads shall develop procedures to process requests for the mandatory review of classified information. These procedures shall apply to information classified under this or predecessor orders. They shall also provide a means for administratively appealing a denial of a mandatory review request, and for notifying the requester of the right to appeal a final agency decision to the Panel.

(f) After consultation with affected agencies, the Secretary of Defense shall develop special procedures for the review of information pertaining to intelligence sources, methods, and activities; and the Archivist shall develop special procedures for the review of information accessioned into the National Archives.

(g) Documents required to be submitted for prepublication review or other administrative process pursuant to an approved nondisclosure agreement are not covered by this section.

In cases in which the originating agency determines in writing that a response under paragraph (a) of this section is required, the referring agency shall respond to the requester in accordance with that paragraph.

(b) Agencies may extend the classification of information in records determined not to have permanent historical value or nonrecord materials, including artifacts, beyond the time frames established in sections 1.5(b) and 2.2(f) of this order, provided:

(1) the specific information has been approved pursuant to section 3.3(j) of this order for exemption from automatic declassification; and

(2) the extension does not exceed the date established in section 3.3(i) of this order.

(a) There is established within the National Archives a National Declassification Center to streamline declassification processes, facilitate quality-assurance measures, and implement standardized training regarding the declassification of records determined to have permanent historical value. Once established, all referral processing of accessioned records shall take place at the Center, and such agency facilities and operations shall be coordinated with the Center to ensure the maximum degree of consistency in policies and procedures that relate to records determined to have permanent historical value.

(f) Agency heads may exempt from automatic declassification or continue the classification of their own originally classified information under section 3.3(a) of this order except that in the case of the Director of National Intelligence, the Director shall also retain such authority with respect to the Intelligence Community.

(g) The Archivist shall, in consultation with the Secretaries of State, Defense, Energy, and Homeland Security, the Attorney General, the Director of National Intelligence, the Director of the Central Intelligence Agency, and the Director of the Information Security Oversight Office, provide the National Security Advisor with a detailed concept of operations for the Center and a proposed implementing directive under section 5.1 of this order that reflects the coordinated views of the aforementioned agencies.

PART 4—SAFEGUARDING

§ 3161. General Restrictions on Access

(a) A person may have access to classified information provided that:
(1) a favorable determination of eligibility for access has been made by an agency head or the agency head's designee;
(2) the person has signed an approved nondisclosure agreement; and
(3) the person is an employee of, or is otherwise authorized to access classified information.

(b) Every person who has met the standards for access to classified information in paragraph (a) of this section shall receive contemporaneous training on the proper safeguarding of classified information and on the criminal, civil, and administrative sanctions that may be imposed on an individual who fails to protect classified information from unauthorized disclosure.

(c) An official or employee leaving agency service may not remove classified information from the agency's control or direct that information be declassified in order to remove it from agency control.

(d) Classified information may not be removed from official premises without proper authorization.

(e) Persons authorized to disseminate classified information outside the executive branch shall ensure the protection of the information in a manner equivalent to that provided within the executive branch.

(f) Consistent with law, executive orders, directives, and regulations, an agency head or senior agency official or, with respect to the Intelligence Community, the Director of National Intelligence, shall establish uniform procedures to ensure that automated information systems, including networks and telecommunication systems, that collect, create, communicate, compute, disseminate, process, or store classified information:
(1) prevent access by unauthorized persons;
(2) ensure the integrity of the information; and
(3) to the maximum extent practicable, use—
(A) common information technology standards, protocols, and interfaces that maximize the availability of, and access to, the information in a form and manner that facilitates its authorized use; and
(B) standardized electronic formats to maximize the accessibility of information to persons who meet the criteria set forth in section 4.1(a) of this order.

(g) Consistent with law, executive orders, directives, and regulations, each agency head or senior agency official, or with respect to the Intelligence Community, the Director of National Intelligence, shall establish controls to ensure that classified information is used, processed, stored, reproduced, transmitted, and destroyed under conditions that provide adequate protection and prevent access by unauthorized persons.

(h) Consistent with directives issued pursuant to this order, an agency shall safeguard foreign government information under standards that provide a degree of protection at least equivalent to that required by the government or international organization of governments that furnished the information. When adequate to achieve equivalency, these standards may be less restrictive than the safeguarding standards that ordinarily apply to U.S. "Confidential" information, including modified handling and transmission and allowing access to individuals with a need-to-know who have not otherwise been cleared for access to the original information or executed an approved nondisclosure agreement.

(i)(1) Classified information originating in one agency may be disseminated to another agency or U.S. entity by any agency to which it has been made available without the consent of the originating agency. For the purposes of this section, "foreign government" includes any element of a foreign government, or an international organization of governments, or any element thereof.

(2) Classified information originating in one agency may be disseminated by any other agency to which it has been made available to a foreign government in accordance with statute, this order, directives implementing this order, direction of the President, or with the consent of the originating agency. For the purposes of this section, "foreign government" includes any element of a foreign government, or an international organization of governments, or any element thereof.

(3) Documents created prior to the effective date of this order shall not be disseminated outside an agency to which they have been made available without the consent of the originating agency. An agency
head or senior agency official may waive this require-
ment for specific information that originated within
that agency.
For purposes of this section, the Department of
Defense shall be considered one agency, except that any
dissemination of information regarding intelligence
sources, methods, or activities shall be consistent with
directives issued pursuant to section 6.2(b) of this
order.
(5) Prior consent of the originating agency is not re-
quired when referring records for declassification re-
view that contain information originating in more than
one agency.
SIRC. 4.2 Distribution Controls.
(a) The head of each agency shall establish proce-
dures in accordance with applicable law and consistent
with directives issued pursuant to this order to ensure
that classified information is accessible to the maxi-
mum extent possible by individuals who meet the cri-
teria set forth in section 4.1(a) of this order.
(b) In an emergency, when necessary to respond to an
imminent threat to life or in defense of the homeland,
the agency head or any designee may authorize the dis-
closure of classified information (including information
marked pursuant to section 4.1(i)(1) of this order) to an
individual or individuals who are otherwise not eligible
for access. Such actions shall be taken only in accord-
ance with directives implementing this order and any
procedure issued by agencies governing the classified
information, which shall be designed to minimize the
disclosure that is disclosed under these circum-
cumstances and the number of individuals who receive
it. Information disclosed under this provision or imple-
menting directives and procedures shall not be deemed
declassified as a result of such disclosure or subsequent
use by a recipient. Such disclosures shall be reported
promptly to the originator of the classified informa-
tion. For purposes of this section, the Director of Na-
tional Intelligence may issue an implementing direc-

intelligence information.
(c) Each agency shall update, at least annually, the
automatic, routine, or recurring distribution mecha-

SIRC. 4.3. Special Access Programs. (a) Establishment
of special access programs. Unless otherwise author-
ized by the President, only the Secretaries of State, De-
fense, Energy, and Homeland Security, the Attorney
General, and the Director of National Intelligence, or
the principal deputy of each, may create a special ac-
cess program. For special access programs pertaining
to intelligence sources, methods, and activities (but
not including military operational, strategic, and tact-
ical programs), this function shall be exercised by the
Director of National Intelligence. These officials shall
keep the number of these programs at an absolute min-
imum, and shall establish them only when the program
is required by statute or upon a specific finding that:
(1) the vulnerability of, or threat to, specific informa-
tion is exceptional; and
(2) the normal criteria for determining eligibility for
access applicable to information classified at the same
level are not deemed sufficient to protect the informa-
tion from unauthorized disclosure.
(b) Requirements and limitations.
(1) Special access programs shall be limited to pro-
gress in which the number of persons who ordinarily
will have access will be reasonably small and commen-
surate with the objective of providing enhanced protec-
tion for the information involved.
(2) The agency head shall establish and maintain a
system of accounting for special access programs con-
sistent with directives issued pursuant to this order.
(3) Special access programs shall be subject to the over-
all program established pursuant to section 6.4(d) of
this order. In addition, the Director of the Information
Security Oversight Office shall be afforded access to
these programs, in accordance with the security re-
quirements of each program, in order to perform the
functions assigned to the Information Security Over-
sight Office under this order. An agency head may limit
access to a special access program to the Director of
the Information Security Oversight Office and no more
than one other employee of the Information Security
Oversight Office or, for special access programs that
are extraordinarily sensitive and vulnerable, to the Direc-
tor only.
(4) The agency head or principal deputy shall review
annually each special access program to determine
whether it continues to meet the requirements of this
order.
(5) Upon request, an agency head shall brief the Na-
tional Security Advisor, or a designee, on any or all of
the agency’s special access programs.
(6) For the purposes of this section, the term “agency
head” refers only to the Secretaries of State, Defense,
Energy, and Homeland Security, the Attorney General,
and the Director of National Intelligence, or the prin-
cipal deputy of each.
(c) Nothing in this order shall supersede any require-
ment made by or under 10 U.S.C. 119.
SIRC. 4.4. Access by Historical Researchers and Certain
Former Government Personnel.
(a) The requirement in section 4.1(a)(3) of this order

only to individuals who have a need-to-know the infor-
mation may be waived for persons who:
(1) are engaged in historical research projects;
(2) previously have occupied senior policy-making pos-
tions to which they were appointed or designated by
the President or the Vice President;
(3) served as President or Vice President.
(b) Waivers under this section may be granted only if
the agency head or senior agency official of the origin-
ing agency:
(1) determines in writing that access is consistent
with the interest of the national security;
(2) takes appropriate steps to protect classified infor-
mation from unauthorized disclosure or compromise,
and ensures that the information is safeguarded in a
manner consistent with this order; and
(3) limits the access granted to former Presidential
appointees or designees and Vice Presidential ap-

nated, reviewed, signed, or received while serving as a
Presidential or Vice Presidential appointee or designee.

If granting access to specific categories of classified information would pose an exceptional national security risk, the affected agency head or the senior agency official shall submit a written justification recommending the denial of access to the President through the National Security Advisor within 60 days of the request for access. Access shall be denied pending the response;
(5) review requests for original classification authority from agencies or officials not granted original classification authority and, if deemed appropriate, recommend Presidential approval through the National Security Advisor;

Ex. Ord. No. 13549, Aug. 18, 2010, 75 F.R. 51609, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, in order to ensure the proper safeguarding of information shared with State, local, tribal, and private sector entities, it is hereby ordered as follows:

SECTION 1. Establishment and Policy.

Sect. 1.1. There is established a Classified National Security Information Program (Program) designed to safeguard and govern access to classified national security information shared by the Federal Government with State, local, tribal, and private sector (SLTPS) entities.

Sect. 1.2. The purpose of this order is to ensure that security standards governing access to and safeguarding of classified material are applied in accordance with Executive Order 13526 of December 29, 2009 (“Classified National Security Information”), Executive Order 13292 of August 2, 2003, as amended (“SLTPS”, “Access to Classified Information”), Executive Order 13467 of June 30, 2008 (“Reforming Processes Related to Suitability for Government Employment, Fitness for Contractor Employment, and Eligibility for Access to Classified National Security Information”), and Executive Order 12823 of January 6, 1993, as amended (“National Industrial Security Program”). Procedures for uniform implementation of these standards by SLTPS entities shall be set forth in an implementing directive to be issued by the Secretary of Homeland Security within 180 days of the date of this order, in consultation with affected executive departments and agencies (agencies), and with the concurrence of the Secretary of Defense, the Attorney General, the Director of National Intelligence, and the Director of the Information Security Oversight Office.

Sect. 1.3. Additional policy provisions for access to and safeguarding of classified information shared with SLTPS personnel include the following:

(a) Eligibility for access to classified information by SLTPS personnel shall be determined by a sponsoring agency. The level of access granted shall not exceed the Secret level, unless the sponsoring agency determines, on a case-by-case basis that the applicant has a demonstrated and foreseeable need for access to Top Secret, Special Access Program, or Sensitive Compartmented Information.

(b) Upon the execution of a non-disclosure agreement prescribed by the Information Security Oversight Office or the Director of National Intelligence, and absent disqualifying conduct as determined by the clearance granting official, a duly elected or appointed Governor of a State or territory, or an official who has succeeded to that office under applicable law, may be granted access to classified information without a background investigation in accordance with the implementing directive for this order. This authorization of access may not be further delegated by the Governor to any other person.

(c) All clearances granted to SLTPS personnel, as well as accreditations granted to SLTPS facilities without a waiver, shall be accepted reciprocally by all agencies and SLTPS entities.

(d) Physical custody of classified information by State, local, and tribal (SLT) entities shall be limited to Secret information unless the location housing the information is under the full-time management, control, and operation of the Department of Homeland Security or another agency. A standard security agreement, established by the Department of Homeland Security in consultation with the SLTPS Advisory Committee, shall be executed between the head of the SLT entity and the U.S. Government for those locations where the SLT entity will maintain physical custody of classified information.

(e) State, local, and tribal facilities where classified information is or will be used or stored shall be inspected, accredited, and monitored for compliance with established standards, in accordance with Executive Order 13526 and the implementing directive for this order, by the Department of Homeland Security or another agency that has entered into an agreement with the Department of Homeland Security to perform such inspection, accreditation, and monitoring.

other entities without the consent of the originating
agency. An agency head or senior agency official may
 waived this requirement for specific information that
originated within that agency.

Sec. 2. Policy Direction. With policy guidance from
the National Security Advisor and in consultation with the
Director of the Information Security Oversight Office,
the Director of the Office of Management and Budget
and the heads of affected agencies, the Secretary of
Homeland Security shall serve as the Executive Agent
for the Program. This order does not displace any au-
thorities provided by law for Executive Order and the
Executive Agent shall, to the extent practicable, make
use of existing structures and authorities to preclude
duplication and to ensure efficiency.

Sec. 3. SLTPS Policy Advisory Committee. (a) There is
established an SLTPS Policy Advisory Committee
(Committee) to discuss Program-related policy issues in
dispute in order to facilitate their resolution and to
otherwise recommend changes to policies and proce-
dures that are designed to remove undue impediments
to sharing of information under the Program. The

agencies and representatives of SLTPS entities, as
nominated by any Committee member and approved by
the Chair.

compensation for their work on the Committee, except
that any representatives of SLTPS entities may be al-
lowed travel expenses, including per diem in lieu of
subsistence, as authorized by law for persons serving
intermittently in the Government service (5 U.S.C.
5701–5707).

These policies and minimum standards will address all agencies that operate or access classified computer networks, all users of classified computer networks (including contractors and others who operate on access classified computer networks controlled by the Federal Government), and all classified information on those networks.

(h) referring policy and compliance issues that cannot be resolved by the Steering Committee to the Deputy National Security Council in accordance with Presidential Policy Directive/PPD–1 of February 13, 2009 (Organization of the National Security Council System).

SNC. 4.1. There shall be established a Classified Information Sharing and Safeguarding Office (CISSO) within and subordinate to the office of the PM-ISE to provide expert, full-time, sustained focus on responsible sharing and safeguarding of classified information on computer networks. Staff of the CISSO shall include detailees, as needed and appropriate, from agencies represented on the Steering Committee.

IMPLEMENTATION OF THE EXECUTIVE ORDER, “CLASSIFIED NATIONAL SECURITY INFORMATION”

Memorandum of President of the United States, Dec. 29, 2009, 75 F.R. 753, provided:

Memorandum for the Heads of Executive Departments and Agencies

Today I have signed an executive order [Ex. Ord. No. 13533, set out above] entitled, “Classified National Security Information” (the “order”), which substantially advances my goals for reforming the security classification and declassification processes. I expect that
the order will produce measurable progress towards greater openness and transparency in the Government’s classification and declassification programs while protecting the Government’s legitimate interests, and I will closely monitor the results. I also look forward to reviewing recommendations from the study that the National Security Advisor will undertake in cooperation with the Public Interest Declassification Board to design a more fundamental transformation of the security classification system. To further assist in fulfilling the goal of measurable progress toward greater openness and transparency, I hereby direct the following actions.

1. Initial Implementation Efforts.
   Successful implementation of the order requires personal commitment from the heads of departments and agencies, as well as their senior officials. It also requires effective security education and training programs, self-inspection programs, and measures designed to hold personnel accountable.

   In accordance with section 5.4 of the order, the head of each department and agency that creates or handles classified information shall provide the Director of the Information Security Oversight Office (ISOO) a copy of the department or agency regulations implementing the requirements of the order. Each senior agency official designated under section 5.4(d) of the order shall provide ISOO with updates concerning agency plans and other actions to implement the requirements of the order. The Director of ISOO shall publish a periodic status report on agency implementation.

2. Declassification of Records of Permanent Historical Value.
   Under the direction of the National Declassification Center (NDC), and utilizing recommendations of an ongoing Business Process Review in support of the NDC, referrals and quality assurance problems within a backlog of more than 400 million pages of accessioned Federal records previously subject to automatic declassification shall be addressed in a manner that will permit public access to all declassified records. ISOO will provide a report on the status of the backlog every 6 months.

3. Delegation of Original Classification Authority.
   Delegations of original classification authority shall be limited to the minimum necessary to implement the order and only those individuals or positions with a demonstrable and continuing need to exercise such authority shall be delegated original classification authority.

   Accordingly, heads of departments and agencies with original classification authority shall commence a review to ensure that all delegations of original classification authority are so limited and otherwise in accordance with section 1.3(c) of the order. Each department and agency shall submit a report on the results of this review to the Director of ISOO within 120 days of the date of this memorandum.

   Striking the critical balance between openness and secrecy is a difficult but necessary part of our democratic form of government. Striking this balance becomes more difficult as the volume and complexity of the information increases. Improving the capability of departments and agencies to identify still-sensitive information and to make declassified information available to the public are integral parts of the classification system.

   Therefore, I am directing that the Secretary of Defense and the Director of National Intelligence each support research to assist the NDC in addressing the cross-agency challenges associated with declassification.

5. Publication. The Archivist of the United States is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

subsection to determine whether an individual
the agency has identified as requiring a security

(4) The head of the entity selected pursuant to
subsection (b) of this section shall evaluate the

entity selected pursuant to subsection (b) of
this section considers appropriate.

(3) An individual subject to verification utiliz-

shall be notified of such verification, shall pro-
vide consent to such use, and shall have access
to data being verified in order to correct errors
or challenge information the individual believes
is incorrect.

(4) Not later than one year after December 17,
2004, the head of the entity selected pursuant to

paragraph (1) shall require that each authorized
adjudicative agency make a determination on at
least 90 percent of all applications for a person-
nel security clearance within an average of 60 days after the date of receipt of the completed application for a security clearance by an authorized investigative agency. Such 60-day average period shall include—

(i) a period of not longer than 40 days to complete the investigative phase of the clearance; and

(ii) a period of not longer than 20 days to complete the adjudicative phase of the clearance.

(B) Determinations on clearances not made within 60 days shall be made without delay.

(3)(A) The plan under paragraph (1) shall take effect 5 years after December 17, 2004.

(B) During the period beginning on a date not later than 2 years after December 17, 2004, and ending on the date on which the plan under paragraph (1) takes effect, each authorized adjudicative agency shall make a determination on at least 90 percent of all applications for a personnel security clearance pursuant to this section within an average of 120 days after the date of receipt of the application for a security clearance by an authorized investigative agency. Such 120-day average period shall include—

(i) a period of not longer than 90 days to complete the investigative phase of the clearance; and

(ii) a period of not longer than 30 days to complete the adjudicative phase of the clearance.

(1) In general

Agency personnel with authority over personnel security clearance or access determinations shall not take or fail to take, or threaten to take or fail to take, any action with respect to any employee’s security clearance or access determination in retaliation for—

(A) any lawful disclosure of information to the Director of National Intelligence (or an employee designated by the Director of National Intelligence for such purpose) or the head of the employing agency (or employee designated by the head of that agency for such purpose) by an employee that the employee reasonably believes evidences—

(ii) gross mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety;

(B) any lawful disclosure to the Inspector General of an agency or another employee designated by the head of the agency to receive such disclosures, of information which the employee reasonably believes evidences—

(iii) cooperation with or disclosing information to the Inspector General of an agency, in accordance with applicable provisions of law in connection with an audit, inspection, or investigation conducted by the Inspector General.

(2) Rule of construction

Consistent with the protection of sources and methods, nothing in paragraph (1) shall be construed to authorize the withholding of information from Congress or the taking of any personnel action against an employee who lawfully discloses information to Congress.

(3) Disclosures

(A) In general

A disclosure shall not be excluded from paragraph (1) because—
§ 3341

(1) the disclosure was made to a person, including a supervisor, who participated in an activity that the employee reasonably believed to be covered by paragraph (1)(A)(i); (ii) the disclosure revealed information that had been previously disclosed; (iii) the disclosure was not made while the employee was off duty; or (iv) the amount of time which has passed since the occurrence of the events described in the disclosure.

An employee or former employee who believes that he or she has been subjected to a reprisal prohibited by paragraph (1) may, within 90 days after the issuance of notice of such decision, appeal that decision within the agency of that employee or former employee through proceedings authorized by subsection (b)(7), except that there shall be no appeal of an agency’s suspension of a security clearance or access determination for purposes of conducting an investigation, if that suspension lasts not longer than 1 year (or a longer period in accordance with a certification made under subsection (b)(7)).

(B) Corrective action

If, in the course of proceedings authorized under subparagraph (A), it is determined that the adverse security clearance or access determination violated paragraph (1), the agency shall take specific corrective action to return the employee or former employee, as nearly as practicable and reasonable, to the position such employee or former employee would have held had the violation not occurred. Such corrective action may include back pay and related benefits, travel expenses, and compensatory damages not to exceed $300,000.

(C) Contributing factor

In determining whether the adverse security clearance or access determination violated paragraph (1), the agency shall find that paragraph (1) was violated if a disclosure described in paragraph (1) was a contributing factor in the adverse security clearance or access determination taken against the individual, unless the agency demonstrates by a preponderance of the evidence that it would have taken the same action in the absence of such disclosure, giving the utmost deference to the agency’s assessment of the particular threat to the national security interests of the United States in the instant matter.
