(1) In general

If a student borrower who has received a loan described in subparagraph (A) or (B) of section 1078(a)(1) of this title dies or becomes permanently and totally disabled (as determined in accordance with regulations of the Secretary), or if a student borrower who has received such a loan is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death, has lasted for a continuous period of not less than 60 months, or can be expected to last for a continuous period of not less than 60 months then the Secretary shall discharge the borrower's liability on the loan by repaying the amount owed on the loan. The Secretary may develop such safeguards as the Secretary determines necessary to prevent fraud and abuse in the discharge of liability under this subsection. Notwithstanding any other provision of this subsection, the Secretary may promulgate regulations to reinstate the obligation of, and resume collection on, loans discharged under this subsection in any case in which—

(A) a borrower received a discharge of liability under this subsection and after the discharge the borrower—

(b) Payment of claims on loans in bankruptcy

The Secretary shall pay to the holder of a loan described in section 1078(a)(1)(A) or (B), 1078–1, 1078–2, 1078–3, or 1078–8 of this title, the amount of the unpaid balance of principal and interest owed on such loan—

(3) for loans described in section 523(a)(8)(A) of such title, when the borrower files for relief under chapter 7 or 11 of such title.

If a borrower who received, on or after January 1, 1986, a loan made, insured, or guaranteed under this part and the student borrower, or the student on whose behalf a parent borrowed, is unable to complete the program in which such student is enrolled due to the closure of the institution or if such student's eligibility to borrow under this part was falsely certified by the eligible institution or was falsely certified as a result of a crime of identity theft, or if the institution failed to make a refund of loan proceeds which the institution owed to such student's lender, then the Secretary shall discharge the borrower's liability on the loan (including interest and collection fees) by repaying the amount owed on the loan and shall subsequently pursue any claim available to such borrower against the institution and its affiliates and principals or settle the loan obligation pursuant to the financial responsibility authority under subpart 3 of part H. In the case of a discharge based upon a failure to refund, the amount of the discharge shall not exceed that portion of the loan which should have been refunded. The Secretary shall report to the authorizing committees annually as to the dollar amount of loan discharges attributable to failures to make refunds.

1 See References in Text note below.

(5) Reporting

The Secretary shall report to consumer reporting agencies with respect to loans which have been discharged pursuant to this subsection.

(C)(i) In the case of loans made before October 1, 1992, pursuant to section 1078–1 or 1078–2 of this title for which the interest rate is determined under section 1077a(a)(4) of this title, a special allowance shall not be paid unless the rate determined for any 12-month period under subparagraph (B) of such section exceeds 12 percent.

(v) RECAPTURE OF EXCESS INTEREST.—
(I) EXCESS CREDITED.—With respect to a loan on which the applicable interest rate is determined under subsection (k) or (l) of section 1077a of this title and for which the first disbursement of principal is made on or after April 1, 2006, and before July 1, 2010, if the applicable interest rate for any 3-month period exceeds the special allowance support level applicable to such loan under this subparagraph for such period, then an adjustment shall be made by calculating the excess interest in the amount computed under subclause (II) of this clause, and by crediting the excess interest to the Government not less often than annually.

(II) CALCULATION OF EXCESS.—The amount of any adjustment of interest on a loan to be made under this subsection for any quarter shall be equal to—
(aa) the applicable interest rate minus the special allowance support level determined under this subparagraph; multiplied by
(bb) the average daily principal balance of the loan (not including unearned interest added to principal) during such calendar quarter; divided by
(cc) four.

(III) SPECIAL ALLOWANCE SUPPORT LEVEL.—For purposes of this clause, the term “special allowance support level” means, for any loan, a number expressed as a percentage equal to the sum of the rates determined under subclauses (I) and (III) of clause (i), and applying any substitution rules applicable to such loan under clauses (ii), (iii), (iv), (vi), and (vii) in determining such sum.

(vi) REDUCTION FOR LOANS DISBURSED ON OR AFTER OCTOBER 1, 2007, AND BEFORE JULY 1, 2010.—With respect to a loan on which the applicable interest rate is determined under section 1077a(l) of this title and for which the first disbursement of principal is made on or after October 1, 2007, and before July 1, 2010, the special allowance payment computed pursuant to this subparagraph shall be computed—

pursuant to this subsection shall be calculated as described in subclause (I) with respect to special allowance payments for the 3-month period ending June 30, 2012, and each succeeding 3-month period, on loans for which the first disbursement is made on or after January 1, 2000, and before July 1, 2010, if, not later than April 1, 2012, the holder of the loan (or, if the holder acts as eligible lender trustee for the beneficial owner of the loan, the beneficial owner of the loan), affirmatively and permanently waives all contractual, statutory, or other legal rights to a special allowance paid pursuant to this subsection that is calculated using the formula in effect at the time the loans were first disbursed.

(III) Terms of waiver.—

(aa) In general.—A waiver pursuant to subclause (II) shall be in a form (printed or electronic) prescribed by the Secretary, and shall be applicable to—

(AA) all loans described in such subclause that the lender holds solely in its own right under any lender identification number associated with the holder (pursuant to section 1094b of this title);

(BB) all loans described in such subclause for which the beneficial owner has the authority to make an election of a waiver under such subclause, regardless of the lender identification number associated with the loan or the lender that holds the loan as eligible lender trustee on behalf of such beneficial owner; and

(CC) all future calculations of the special allowance on loans that, on the date of such waiver, are loans described in subitem (AA) or (BB), or that, after such date, become loans described in subitem (AA) or (BB).

(bb) Exceptions.—Any waiver pursuant to subclause (II) that is elected for loans described in subitem (AA) or (BB) of item (aa) shall not apply to any loan described in such subitem for which the lender or beneficial owner of the loan demonstrates to the satisfaction of the Secretary that—

(AA) in accordance with an agreement entered into before the date of enactment of this section by which such lender or owner is governed and that applies to such loans, such lender or owner is not legally permitted to make an election of such waiver with respect to such loans without the approval of one or more third parties with an interest in the loans, and that the lender or owner followed all available options under such agreement to obtain such approval, and was unable to do so; or

(BB) such lender or beneficial owner presented the proposal of electing such a waiver applicable to such loans associated with an obligation rated by a nationally recognized statistical rating organization (as defined in section 78c(a)(62) of title 15), and such rating organization provided a written opinion that the agency would downgrade the rating applicable to such obligation if the lender or owner elected such a waiver.

(3) Contractual right of holders to special allowance

The holder of an eligible loan shall be deemed to have a contractual right against the United States, during the life of such loan, to receive the special allowance according to the provisions of this section. The special allowance determined for any such 3-month period shall be paid promptly after the close of such period, and without administrative delay after receipt of an accurate and complete request for payment, pursuant to procedures established by regulations promulgated under this section.

(4) Penalty for late payment

(A) If payments of the special allowances payable under this section or of interest payments under section 1078(a) of this title with respect to a loan have not been made within 30 days after the Secretary has received an accurate, timely, and complete request for payment thereof, the special allowance payable to such holder shall be increased by an amount equal to the daily interest accruing on the special allowance and interest benefits payments due the holder.

(B) Such daily interest shall be computed at the daily equivalent rate of the sum of the special allowance rate computed pursuant to paragraph (2) and the interest rate applicable to such loans described in such subclause (II) that is elected for such loans.

(5) “Eligible loan” defined

As used in this section, the term “eligible loan” means a loan—

(A)(i) on which a portion of the interest is paid on behalf of the student and for the student’s account to the holder of the loan under section 1078(a) of this title;

(ii) which is made under section 1078–1, 1078–2, 1078–3, 1078–8, or 1087–2(a) of this title;

(iii) which was made prior to October 1, 1981; and

(B) which is insured under this part, or made under a program covered by an agreement under section 1078(b) of this title.

(6) Regulation of time and manner of payment

The Secretary shall pay the holder of an eligible loan, at such time or times as are speci-
affixed in regulations, a special allowance prescribed pursuant to this subsection subject to the condition that such holder shall submit to the Secretary, at such time or times and in such a manner as the Secretary may deem proper, such information as may be required by regulation for the purpose of enabling the Secretary to carry out his functions under this section and to carry out the purposes of this section.

(7) Use of average quarterly balance

The Secretary shall permit lenders to calculate interest benefits and special allowance through the use of the average quarterly balance method until July 1, 1988.

c) Origination fees from students

(1) Deduction from interest and special allowance subsidies

(A) Notwithstanding subsection (b), the Secretary shall collect the amount the lender is authorized to charge as an origination fee in accordance with paragraph (2) of this subsection—

(i) by reducing the total amount of interest and special allowance payable under section 1078(a)(3)(A) of this title and subsection (b) of this section, respectively, to any holder or

(ii) directly from the holder of the loan, if the lender fails or is not required to bill the Secretary for interest and special allowance or withdraws from the program with unpaid loan origination fees.

(B) If the Secretary collects the origination fee under this subsection through the reduction of interest and special allowance, and the total amount of interest and special allowance payable under section 1078(a)(3)(A) of this title and subsection (b) of this section, respectively, is less than the amount the lender was authorized to charge borrowers for origination fees in that quarter, the Secretary shall deduct the excess amount from the subsequent quarters’ payments until the total amount has been deducted.

(2) Amount of origination fees

(A) In general

Subject to paragraph (6) of this subsection, with respect to any loan (including loans made under section 1078–3 of this title, but excluding loans made under sections 1078–3 and 1087–2(o) of this title) for which a completed note or other written evidence of the loan was sent or delivered to the borrower for signing on or after 10 days after August 13, 1981, each eligible lender under this part is authorized to charge the borrower an origination fee in an amount not to exceed 3.0 percent of the principal amount of the loan, to be deducted proportionately from each installment payment of the proceeds of the loan prior to payments to the borrower. Except as provided in paragraph (8), a lender that charges an origination fee under this paragraph shall assess the same fee to all student borrowers.

(B) Subsequent reductions

Subparagraph (A) shall be applied to loans made under this part (other than loans made under sections 1078–3 and 1087–2(o) of this title)—

(i) by substituting “2.0 percent” for “3.0 percent” with respect to loans for which the first disbursement of principal is made on or after July 1, 2006, and before July 1, 2007;

(ii) by substituting “1.5 percent” for “3.0 percent” with respect to loans for which the first disbursement of principal is made on or after July 1, 2007, and before July 1, 2008;

(iii) by substituting “1.0 percent” for “3.0 percent” with respect to loans for which the first disbursement of principal is made on or after July 1, 2008, and before July 1, 2009; and

(iv) by substituting “0.5 percent” for “3.0 percent” with respect to loans for which the first disbursement of principal is made on or after July 1, 2009, and before July 1, 2010.

(3) Relation to applicable interest

Such origination fee shall not be taken into account for purposes of determining compliance with section 1077a of this title.

(4) Disclosure required

The lender shall disclose to the borrower the amount and method of calculating the origination fee.

(5) Prohibition on department compelling origination fee collections by lenders

Nothing in this subsection shall be construed to permit the Secretary to require any lender that is making loans that are insured or guaranteed under this part, but for which no amount will be payable for interest under section 1078(a)(3)(A) of this title or for special allowances under subsection (b) of this section, to collect any origination fee or to submit the sums collected as origination fees to the United States. The Secretary shall, not later than January 1, 1987, return to any such lender any such sums collected before October 17, 1986, together with interest thereon.

(6) SLS and PLUS loans

With respect to any loans made under section 1078–11 or 1078–2 of this title on or after October 1, 1992, and first disbursed before July 1, 2010, each eligible lender under this part shall charge the borrower an origination fee of 3.0 percent of the principal amount of the loan, to be deducted proportionately from each installment payment of the proceeds of the loan prior to payments to the borrower.

(7) Distribution of origination fees

All origination fees collected pursuant to this section on loans authorized under section 1078–1 or 1078–2 of this title shall be paid to the Secretary by the lender and deposited in the fund authorized under section 1081 of this title.

(8) Exception

Notwithstanding paragraph (2), a lender may assess a lesser origination fee for a borrower demonstrating greater financial need as determined by such borrower’s adjusted gross family income.
(d) Loan fees from lenders

(1) Deduction from interest and special allowance subsidies

(A) In general

Notwithstanding subsection (b), the Secretary shall collect a loan fee in an amount determined in accordance with paragraph (2)—

(i) by reducing the total amount of interest and special allowance payable under section 1078(a)(3)(A) of this title and subsection (b), respectively, to any holder of a loan; or

(ii) directly from the holder of the loan, if the lender—

(I) fails or is not required to bill the Secretary for interest and special allowance payments; or

(II) withdraws from the program with unpaid loan fees.

(B) Special rule

If the Secretary collects loan fees under this subsection through the reduction of interest and special allowance payments, and the total amount of interest and special allowance payable under section 1078(a)(3)(A) of this title and subsection (b), respectively, is less than the amount of such loan fees, then the Secretary shall deduct the amount of the loan fee balance from the amount of interest and special allowance payments that would otherwise be payable, in subsequent quarterly increments until the balance has been deducted.

(2) Amount of loan fees

The amount of the loan fee which shall be deducted under paragraph (1), but which may not be collected from the borrower, shall be equal to—

(A) except as provided in subparagraph (B), 0.50 percent of the principal amount of the loan with respect to any loan under this part for which the first disbursement was made on or after October 1, 1993; and

(B) 1.0 percent of the principal amount of the loan with respect to any loan under this part for which the first disbursement was made on or after October 1, 2010, and before July 1, 2010.

(3) Distribution of loan fees

The Secretary shall deposit all fees collected pursuant to paragraph (3) into the insurance fund established in section 1081 of this title.

(e) Nondiscrimination

In order for the holders of loans which were made or purchased with funds obtained by the holder from an Authority issuing obligations, the income from which is exempt from taxation under title 26, to be eligible to receive a special allowance under subsection (b)(2) on any such loans, the Authority shall not engage in any pattern or practice which results in a denial of a borrower’s access to loans under this part because of the borrower’s race, sex, color, religion, national origin, age, disability status, income, attendance at a particular eligible institution within the area served by the Authority, length of the borrower’s educational program, or the borrower’s academic year in school.

(f) Regulations to prevent denial of loans to eligible students

The Secretary shall adopt or amend appropriate regulations pertaining to programs carried out under this part to prevent, where practicable, any practices which the Secretary finds have denied loans to a substantial number of eligible students.

(g) Special Rule

With respect to any loan made under this part for which the interest rate is determined under the Servicemembers Civil Relief Act (50 U.S.C. App. 527) [now 50 U.S.C. 5937], the applicable interest rate to be subtracted in calculating the special allowance for such loan under this section shall be the interest rate determined under that Act for such loan.

(m) Preparation of obligations

In order to furnish obligations for delivery by the Association, the Secretary of the Treasury is authorized to prepare such obligations in such form as the Board of Directors may approve, such obligations when prepared to be held in the Treasury subject to delivery upon order by the Association. The engraved plates, dies, bed pieces, and so forth, executed in connection therewith shall remain in the custody of the Secretary of the Treasury. The Association shall reimburse the Secretary of the Treasury for any expenditures made in the preparation, custody, and delivery of such obligations. Any agreements made pursuant to this subparagraph shall be on such terms and conditions as agreed upon by the Association and such agency or lender.
(p) Advances for direct loans by guaranty agencies

(1) In general

The Association shall make advances in each fiscal year from amounts available to it to each guaranty agency and eligible lender described in subsection 1078(h)(1) of this title which has an agreement with the Association which sets forth that advances are necessary to enable such agency or lender to make student loans in accordance with section 1078(h) of this title and that such advances will be repaid to the Association in accordance with such terms and conditions as may be set forth in the agreement and agreed to by the Association and such agency or lender. Advances made under this subsection shall not be subject to subsection (d)(2) of this section.

(2) Limitation

No advance may be made under this subsection unless the guaranty agency or lender makes an application to the Association, which shall be accompanied by such information as the Association determines to be reasonably necessary.

(q) Lender-of-last-resort

(1) Action at request of Secretary

(A) Whenever the Secretary determines that eligible borrowers are seeking and are unable to obtain loans under this part, the Association or its designated agent shall, not later than 90 days after August 10, 1993, begin making loans to such eligible borrowers in accordance with this subsection at the request of the Secretary. (B) Loans made pursuant to this subsection shall be insurable by the agency identified in subparagraph (A) having an agreement pursuant to section 1078(b) of this title. For loans made by the agency, the agency shall provide the Association with a certificate of comprehensive insurance coverage, if the Association and the agency have mutually agreed upon a means to determine that the agency has not already guaranteed a loan under this part to a student which would cause a subsequent loan made by the Association to be in violation of any provision under this part.

(3) Termination of lending

The Association or its designated agent shall cease making loans under this subsection at such time as the Secretary determines that the conditions which caused the implementation of this subsection have ceased to exist.

A copy of such report shall be furnished to the Association and the Secretary of Education on the date on which it is delivered to the Secretary of the Treasury.

(C) The Association shall provide full and prompt access to the Secretary of the Treasury to its books and records and other information requested by the Secretary of the Treasury.
(D) ANNUAL ASSESSMENT.—
(i) IN GENERAL.—For each fiscal year beginning on or after October 1, 1996, the Secretary of the Treasury may establish and collect from the Association an assessment (or assessments) in amounts sufficient to provide for reasonable costs and expenses of carrying out the duties of the Secretary of the Treasury under this section and section 1087–3 of this title during such fiscal year. In no event may the total amount so assessed exceed, for any fiscal year, $800,000, adjusted for each fiscal year ending after September 30, 1997, by the ratio of the Consumer Price Index for All Urban Consumers (issued by the Bureau of Labor Statistics) for the final month of the fiscal year preceding the fiscal year for which the assessment is made to the Consumer Price Index for All Urban Consumers for September 1997.

None of the funds deposited into such account shall be available for any purpose other than making payments for such costs and expenses.

(E) OBLIGATION TO OBTAIN, MAINTAIN, AND REPORT INFORMATION.—
(i) IN GENERAL.—The Association shall obtain such information and make and keep such records as the Secretary of the Treasury may from time to time prescribe concerning

(I) the financial risk to the Association resulting from the activities of any associated person, to the extent such activities are reasonably likely to have a material impact on the financial condition of the Association, including the Association’s capital ratio, the Association’s liquidity, or the Association’s ability to conduct and finance the Association’s operations; and

(II) the Association’s policies, procedures, and systems for monitoring and controlling any such financial risk.

(ii) SUMMARY REPORTS.—The Secretary of the Treasury may require summary reports of such information to be filed no more frequently than quarterly. If, as a result of adverse market conditions or based on reports provided pursuant to this subparagraph or otherwise available information of the Treasury has concerns regarding the financial or operational condition of the Association, the Secretary of the Treasury may, notwithstanding the preceding sentence and clause (i), require the Association to make reports concerning the activities of any associated person, whose business activities are reasonably likely to have a material impact on the financial or operational condition of the Association.

(iii) DEFINITION.—For purposes of this subparagraph, the term “associated person” means any person, other than a natural person, directly or indirectly controlling, controlled by, or under common control with the Association.

(ii) COMPARABILITY.—
(1) IN GENERAL.—Subject to section 5373 of title 5, the Secretary of the Treasury may provide additional compensation and benefits to auditors and examiners appointed pursuant to subparagraph (A) if the same type of compensation or benefits are then being provided by any agency referred to in section 1833b of title 12 or, if not then being provided, could be provided by such an agency under applicable provisions of law, rule, or regulation.

(2) CONSULTATION.—In setting and adjusting the total amount of compensation and benefits for auditors and examiners appointed pursuant to subparagraph (A), the Secretary of the Treasury shall consult with, and seek to maintain comparability with, the agencies referred to in section 1833b of title 12.

(3) Monitoring of safety and soundness

The Secretary of the Treasury shall conduct such studies as may be necessary to monitor the financial safety and soundness of the Association. In the event that the Secretary of the Treasury determines that the financial safety and soundness of the Association is at risk, the Secretary of the Treasury shall inform the Chairman and ranking minority member of the Committee on Labor and Human Resources of the Senate, the Chairman and ranking minority member of the Committee on Education and Labor of the House of Representatives, and the Secretary of Education of such determination and identify any corrective actions that should be taken to ensure the safety and soundness of the Association.

(5) Capital restoration plan

(A) Submission, approval, and implementation

The Secretary of the Treasury and the Association shall consult with respect to any capital restoration plan submitted pursuant to paragraph (4) and the Secretary of the
Treasury shall approve such plan (or a modification thereof accepted by the Association) or disapprove such plan within 30 days after such plan is first submitted to the Secretary of the Treasury by the Association, unless the Association and Secretary of the Treasury mutually agree to a longer consideration period. If the Secretary of the Treasury approves a capital restoration plan (including a modification of a plan accepted by the Association), the Association shall forthwith proceed with diligence to implement such plan to the best of its ability.

(B) Disapproval

If the Secretary of the Treasury does not approve a capital restoration plan as provided in subparagraph (A), then not later than the earlier of the date the Secretary of the Treasury disapproves of such plan by written notice to the Association or the expiration of the 30-day consideration period referred to in subparagraph (A) (as such period may have been extended by mutual agreement), the Secretary of the Treasury shall submit the Association's capital restoration plan, in the form most recently proposed to the Secretary of the Treasury by the Association, together with a report on the Secretary of the Treasury's reasons for disapproval of such plan and an alternative capital restoration plan, to the Chairman and ranking minority member of the Senate Committee on Labor and Human Resources and to the Chairman and ranking minority member of the House Committee on Education and Labor. A copy of such submission simultaneously shall be sent to the Association and the Secretary of Education by the Secretary of the Treasury.

(C) Association implementation and response

Upon receipt of the submission by the Association, the Association shall forthwith proceed with diligence to implement the most recently proposed capital restoration plan of the Association. The Association, within 30 days after receipt from the Secretary of the Treasury of such submission, shall submit to such Chairmen and ranking minority members a written response to such submission, setting out fully the nature and extent of the Association's agreement or disagreement with the Secretary of the Treasury with respect to the capital restoration plan submitted to the Secretary of the Treasury and any findings of the Secretary of the Treasury.

(6) Substantial capital ratio reduction

(A) Additional plan required

If the capital ratio is less than 1.75 percent and is greater than or equal to 1 percent at the end of the Association's most recent calendar quarter, the Association shall submit to the Secretary of the Treasury within 60 days after such occurrence a capital restoration plan (or an appropriate modification of any plan previously submitted or approved under paragraph (4)) to increase promptly its capital ratio to equal or exceed 1.75 percent. The Secretary of the Treasury and the Association shall consult with respect to any plan or modified plan submitted pursuant to this paragraph. The Secretary of the Treasury shall approve such plan or modified plan (or a modification thereof accepted by the Association) or disapprove such plan or modified plan within 30 days after such plan or modified plan is first submitted to the Secretary of the Treasury by the Association, unless the Association and Secretary of the Treasury mutually agree to a longer consideration period. If the Secretary of the Treasury approves a plan or modified plan (including a modification of a plan accepted by the Association), the Association shall forthwith proceed with diligence to implement such plan or modified plan to the best of the Association's ability.

(B) Disapproval

If the Secretary of the Treasury disapproves a capital restoration plan or modified plan submitted pursuant to subparagraph (A), then, not later than the earlier of the date the Secretary of the Treasury disapproves of such plan or modified plan (by written notice to the Association) or the expiration of the 30-day consideration period described in subparagraph (A) (as such period may have been extended by mutual agreement), the Secretary of the Treasury shall prepare and submit an alternative capital restoration plan, together with a report on his reasons for disapproval of the Association's plan or modified plan, to the Chairman and ranking minority member of the Committee on Education and Labor of the House of Representatives. A copy of such submission simultaneously shall be sent to the Association and the Secretary of Education by the Secretary of the Treasury. (C) Review by Congress; Association implementation

Congress shall have 60 legislative days after the date on which Congress receives the alternative plan under subparagraph (B) from the Secretary of the Treasury to review such plan. If Congress does not take statutory action with respect to any such plan within such 60-day period, the Association shall immediately proceed with diligence to implement the alternative capital restoration plan of the Secretary of the Treasury under subparagraph (B). If Congress is out of session when any such alternative plan is received, such 60-day period
shall begin on the first day of the next session of Congress.

(7) Actions by Secretary of the Treasury

If the capital ratio of the Association does not equal or exceed 1.75 percent at the end of the Association’s most recent calendar quarter, the Secretary of the Treasury may, until the capital ratio equals or exceeds 1.75 percent, take any one or more of the following actions:

(A) Limit increase in liabilities

Limit any increase in, or order the reduction of, any liabilities of the Association, except as necessary to fund student loan purchases and warehousing advances.

(8) Critical capital standard

(A) If the capital ratio is less than 1 percent at the end of the Association’s most recent calendar quarter and the Association has already submitted a capital restoration plan to the Secretary of the Treasury pursuant to paragraph (4) or (6)(A), the Association shall forthwith proceed with diligence to implement the most recently proposed plan with such modifications as the Secretary of the Treasury determines are necessary to cause the capital ratio to equal or exceed 2 percent within 60 months.

(B) If the capital ratio is less than 1 percent at the end of the Association’s most recent calendar quarter and the Association has not submitted a capital restoration plan to the Secretary of the Treasury pursuant to paragraph (4) or (6)(A), the Association shall—

(i) within 14 days of such occurrence submit a capital restoration plan to the Secretary of the Treasury which the Association believes is adequate to cause the capital ratio to equal or exceed 2 percent within 60 months; and

(ii) forthwith proceed with diligence to implement such plan with such modifications as the Secretary of the Treasury determines are necessary to cause the capital ratio to equal or exceed 2 percent within 60 months.

(C) Immediately upon a determination under subparagraph (A) or (B) to implement a capital restoration plan, the Secretary of the Treasury shall submit the capital restoration plan to be implemented to the Chairman and ranking minority member of the Committee on Labor and Human Resources of the Senate, the Chairman and ranking minority member of the Committee on Education and Labor of the House of Representatives, and the Secretary of Education.

(9) Additional reports to committees

The Association shall submit a copy of its capital restoration plan, modifications proposed to the Secretary of the Treasury, and proposed modifications received from the Secretary of the Treasury to the Congressional Budget Office and Government Accountability Office upon their submission to the Secretary of the Treasury or receipt from the Secretary of the Treasury. Notwithstanding any other provision of law, the Congressional Budget Office and Government Accountability Office shall maintain the confidentiality of information received pursuant to the previous sentence. In the event that the Secretary of the Treasury does not approve a capital restoration plan as provided in paragraph (5)(A) or (6)(A), or in the event that a capital restoration plan is modified by the Secretary of the Treasury pursuant to paragraph (6)(B) or (8), the Congressional Budget Office and Government Accountability Office shall each submit a report within 30 days of the Secretary of the Treasury’s submission to the Chairman and ranking minority members as required in paragraphs (5)(B), (6)(B), and (8)(C) to such Chairmen and ranking members—

(A) analyzing the financial condition of the Association;

(B) analyzing the capital restoration plan and reasons for disapproval of the plan contained in the Secretary of the Treasury’s submission made pursuant to paragraph (5)(B), or the capital restoration plan proposed by the Association and the modifications made by the Secretary of the Treasury pursuant to paragraph (6)(B) or (8);

(C) analyzing the impact of the capital restoration plan and reasons for disapproval of the plan contained in the Secretary of the Treasury’s submission made pursuant to paragraph (5)(B), or the impact of the capital restoration plan proposed by the Association and the modifications made by the Secretary of the Treasury pursuant to paragraph (6)(B) or (8), and analyzing the impact of the recommendations made pursuant to subparagraph (D) of this paragraph, on—

(10) Review by Secretary of Education

The Secretary of Education shall review the Secretary of the Treasury’s submission re-

(B) recommending administrative and legislative changes in the student loan programs to maintain the orderly operation of such programs and to enable the Association to fulfill its purpose and authorized activities consistent with the capital ratio specified in paragraph (4).

(11) Safe harbor

The Association shall be deemed in compliance with the capital ratios described in paragraphs (4) and (6)(A) if the Association is rated in 1 of the 2 highest full rating categories (such categories to be determined without regard to designations within categories) by 2 nationally recognized statistical rating organizations, determined without regard to the Association’s status as a federally chartered corporation.

(12) Treatment of confidential information

Notwithstanding any other provision of law, the Secretary of the Treasury, the Secretary of Education, the Congressional Budget Office, and the Government Accountability Office shall not disclose any information treated as confidential by the Association or the Association’s associated persons and obtained pursuant to this subsection. Nothing in this paragraph shall authorize the Secretary of the Treasury, the Secretary of Education, the Congressional Budget Office, and the Government Accountability Office to withhold information from Congress, or prevent the Secretary of Education, the Congressional Budget Office, and the Government Accountability Office from complying with a request for information from any other Federal department or agency requesting the information for purposes within the scope of its jurisdiction, or complying with an order of a court of the United States in an action brought by the United States. For purposes of section 552 of title 5, this paragraph shall be considered a statute described in subsection (b)(3) of such section 552.

(13) Enforcement of safety and soundness requirements

The Secretary of Education or the Secretary of the Treasury, as appropriate, may request that the Attorney General bring an action in the United States District Court for the District of Columbia for the enforcement of any provision of this section, or may, under the direction or control of the Attorney General, bring such an action. Such court shall have jurisdiction and power to order and require compliance with this section.

(14) Actions by Secretary

(A) In general

For any fiscal quarter ending after January 1, 2000, the Association shall have a capital ratio of at least 2.25 percent. The Secretary of the Treasury may, whenever such capital ratio is not met, take any one or more of the actions described in paragraph (7), except that—

(i) the capital ratio to be restored pursuant to paragraph (7)(D) shall be 2.25 percent; and

(ii) if the relevant capital ratio is in excess of or equal to 2 percent for such quarter, the Secretary of the Treasury shall defer taking any of the actions set forth in paragraph (7) until the next succeeding quarter and may then proceed with any such action only if the capital ratio of the Association remains below 2.25 percent.

(B) Applicability

The provisions of paragraphs (4), (5), (6), (8), (9), (10), and (11) shall be of no further application to the Association for any period after January 1, 2000.

(15) Definitions

As used in this subsection:

(A) The term “nationally recognized statistical rating organization” means any nationally recognized statistical rating organization, as that term is defined in section 78c(a) of title 15.

(17) Certification prior to payment of dividend
Prior to the payment of any dividend under paragraph (16), the Association shall certify to the Secretary of the Treasury that the payment of the dividend will be made in compliance with paragraph (16) and shall provide copies of all calculations needed to make such certification.

(s) Charter sunset
(1) Application of provisions
This subsection applies beginning 18 months and one day after September 30, 1996, if no reorganization of the Association occurs in accordance with the provisions of section 1087–3 of this title.

(2) Sunset plan
(A) Plan submission by the Association
Not later than July 1, 2007, the Association shall submit to the Secretary of the Treasury and to the Chairman and Ranking Member of the Committee on Labor and Human Resources of the Senate and the Chairman and Ranking Member of the Committee on Economic and Educational Opportunities of the House of Representatives, a detailed plan for the orderly winding up, by July 1, 2013, of business activities conducted pursuant to the charter set forth in this section. Such plan shall—
(i) ensure that the Association will have adequate assets to transfer to a trust, as provided in this subsection, to ensure full payment of remaining obligations of the Association in accordance with the terms of such obligations;
(ii) provide that all assets not used to pay liabilities shall be distributed to shareholders as provided in this subsection; and
(iii) provide that the operations of the Association shall remain separate and distinct from that of any entity to which the assets of the Association are transferred.

(B) Amendment of the plan by the Association
The Association shall from time to time amend such plan to reflect changed circumstances, and submit such amendments to the Secretary of the Treasury and to the Chairman and Ranking Minority Member of the Committee on Labor and Human Resources of the Senate and Chairman and Ranking Minority Member of the Committee on Economic and Educational Opportunities of the House of Representatives. In no case may any amendment extend the date for full implementation of the plan beyond the dissolution date provided in paragraph (3).

(C) Plan monitoring
The Secretary of the Treasury shall monitor the Association’s compliance with the plan and shall continue to review the plan (including any amendments thereto).

(D) Amendment of the plan by the Secretary of the Treasury
The Secretary of the Treasury may require the Association to amend the plan (including any amendments to the plan), if the Secretary of the Treasury deems such amendments necessary to ensure full payment of all obligations of the Association.

(E) Implementation by the Association
The Association shall promptly implement the plan (including any amendments to the plan, whether such amendments are made by the Association or are required to be made by the Secretary of the Treasury).

(3) Dissolution of the Association
The Association shall dissolve and the Association’s separate existence shall terminate on July 1, 2013, after discharge of all outstanding debt obligations and liquidation pursuant to this subsection. The Association may dissolve pursuant to this subsection prior to such date by notifying the Secretary of Education and the Secretary of the Treasury of the Association’s intention to dissolve, unless within 60 days of receipt of such notice the Secretary of Education notifies the Association that the Association continues to be needed to serve as a lender of last resort pursuant to subsection (q) or continues to be needed to purchase loans under an agreement with the Secretary described in paragraph (d)(A). On the dissolution date, the Association shall take the following actions:

(A) Establishment of a trust
The Association shall, under the terms of an irrevocable trust agreement in form and substance satisfactory to the Secretary of the Treasury, the Association, and the appointed trustee, irrevocably transfer all remaining obligations of the Association to a trust and irrevocably deposit or cause to be deposited into such trust, to be held as trust funds solely for the benefit of holders of the remaining obligations, money or direct noncallable obligations of the United States or any agency thereof for which payment the full faith and credit of the United States is pledged, maturing as to principal and interest in such amounts and at such times as are determined by the Secretary of the Treasury to be sufficient, without consideration of any significant reinvestment of such interest, to pay the principal of, and interest on, the remaining obligations in accordance with their terms.

(B) Use of trust assets
All money, obligations, or financial assets deposited into the trust pursuant to this subsection shall be applied by the trustee to the payment of the remaining obligations assumed by the trust. Upon the fulfillment of the trustee’s duties under the trust, any
remaining assets of the trust shall be transferred to the persons who, at the time of the dissolution, were the shareholders of the Association, or to the legal successors or assigns of such persons.

(C) Obligations not transferred to the trust

The Association shall make proper provision for all other obligations of the Association as a part of the winding up of the Association. After compliance with subparagraphs (A) and (C), the Association shall transfer to the shareholders of the Association any remaining assets of the Association.

(D) Transfer of remaining assets

After compliance with subparagraphs (A) and (C), the Association shall transfer to the shareholders of the Association any remaining assets of the Association.

(4) Restrictions relating to winding up

(A) Restrictions on new business activity or acquisition of assets by the Association

(i) In general

Beginning on July 1, 2009, the Association shall not engage in any new business activities or acquire any additional program assets (including acquiring assets pursuant to contractual commitments) described in subsection (d) other than in connection with the Association—

(I) serving as a lender of last resort pursuant to subsection (q); and

(II) purchasing loans insured under this part, if the Secretary determines there is inadequate liquidity for loans made under this part.

(ii) Agreement

The Secretary is authorized to enter into an agreement described in subclause (II) of clause (i) with the Association covering such secondary market activities. Any agreement entered into under such subclause shall cover a period of 12 months, but may be renewed if the Secretary determines that liquidity remains inadequate. The fee provided under subsection (h)(7) shall not apply to loans acquired under any such agreement with the Secretary. 

(B) Issuance of debt obligations during the wind up period; attributes of debt obligations

The Association shall not issue debt obligations which mature later than July 1, 2013, except in connection with serving as a lender of last resort pursuant to subsection (q) or with purchasing loans under an agreement with the Secretary as described in subparagraph (A). Nothing in this subsection shall modify the attributes accorded the debt obligations of the Association by this section, regardless of whether such debt obligations are transferred to a trust in accordance with paragraph (3).

(C) Use of Association name

The Association may not transfer or permit the use of the name “Student Loan Marketing Association”, “Sallie Mae”, or any variation thereof, to or by any entity other than a subsidiary of the Association.

1988—Subsec. (h)(1). Pub. L. 100–369 substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954" in two places, which for purposes of codification was translated as "title 26" thus requiring no change in text.

Use of Association Names Upon Dissolution; Enforcement

"(e) ASSOCIATION NAMES.— Upon dissolution in accordance with section 439(e) of the Higher Education Act of 1965 (20 U.S.C. 1087–2(e)), the names ‘Student Loan Marketing Association’, ‘Sallie Mae’, and any variations thereof may not be used by any entity engaged in any business similar to the business conducted pursuant to section 439 of such Act (as such section was in effect on the date of enactment of this Act [Sept. 30, 1996]) without the approval of the Secretary of the Treasury.

"(f) RIGHT TO ENFORCE.—The Secretary of Education or the Secretary of the Treasury, as appropriate, may request that the Attorney General bring an action in the United States District Court for the District of Columbia for the enforcement of any provision of subsection (e), or may, under the direction or control of the Attorney General, bring such an action. Such court shall have jurisdiction and power to order and require compliance with subsection (e)."

§ 1087–3. Reorganization of Student Loan Marketing Association through formation of Holding Company

(a) Actions by Association’s Board of Directors

The Board of Directors of the Association shall take or cause to be taken all such action as the Board of Directors deems necessary or appropriate to effect, upon the shareholder approval described in subsection (b), a restructuring of the common stock ownership of the Association, as set forth in a plan of reorganization adopted by the Board of Directors (the terms of which shall be consistent with this section) so that all of the outstanding common shares of the Association shall be directly owned by a Holding Company. Such actions may include, in the Board of Director’s discretion, a merger of a wholly owned subsidiary of the Holding Company with and into the Association, which would have the effect provided in the plan of reorganization and the law of the jurisdiction in which such subsidiary is incorporated. As part of the restructuring, the Board of Directors may cause—

(1) the common shares of the Association to be converted, on the reorganization effective date, to common shares of the Holding Company on a one for one basis, consistent with applicable State or District of Columbia law; and

(2) Holding Company common shares to be registered with the Securities and Exchange Commission.

(b) Shareholder approval

The plan of reorganization adopted by the Board of Directors pursuant to subsection (a) shall be submitted to common shareholders of the Association for their approval. The reorganization shall occur on the reorganization effective date, provided that the plan of reorganization has been approved by the affirmative votes, cast in person or by proxy, of the holders of a majority of the issued and outstanding shares of the Association common stock.

(c) Transition

In the event the shareholders of the Association approve the plan of reorganization under subsection (b), the following provisions shall apply beginning on the reorganization effective date:

(1) In general

Except as specifically provided in this section, until the dissolution date the Association shall continue to have all of the rights, privileges and obligations set forth in, and shall be subject to all of the limitations and restrictions of, section 1087–2 of this title, and the Association shall continue to carry out the purposes of such section. The Holding Company and any subsidiary of the Holding Company (other than the Association) shall not be entitled to any of the rights, privileges, and obligations, and shall not be subject to the limitations and restrictions, applicable to the Association under section 1087–2 of this title, except as specifically provided in this section. The Holding Company and any subsidiary of the Holding Company (other than the Association or a subsidiary of the Association) shall not purchase loans insured under this chapter until such time as the Association ceases acquiring such loans, except that the Holding Company may purchase such loans if the Association is merely continuing to acquire loans as a lender of last resort pursuant to section 1087–2(q) of this title or under an agreement with the Secretary described in paragraph (6).

(2) Transfer of certain property

(A) In general

Except as provided in this section, on the reorganization effective date or as soon as practicable thereafter, the Association shall use the Association’s best efforts to transfer to the Holding Company or any subsidiary of the Holding Company (or both), as directed by the Holding Company, all real and personal property of the Association (both tangible and intangible) other than the remaining property. Subject to the preceding sentence, such transferred property shall include all right, title, and interest in—

(i) direct or indirect subsidiaries of the Association (excluding special purpose funding companies in existence on September 30, 1996, and any interest in any government-sponsored enterprise);

(ii) contracts, leases, and other agreements of the Association;

(iii) licenses and other intellectual property of the Association; and

(iv) any other property of the Association.

(B) Construction

Nothing in this paragraph shall be construed to prohibit the Association from transferring remaining property from time to time to the Holding Company or any subsidiary of the Holding Company, subject to the provisions of paragraph (4).

(3) Transfer of personnel

On the reorganization effective date, employees of the Association shall become em-
ployees of the Holding Company (or any subsidiary of the Holding Company), and the Holding Company (or any subsidiary of the Holding Company) shall provide all necessary and appropriate management and operational support (including loan servicing) to the Association, as requested by the Association. The Association, however, may obtain such management and operational support from persons or entities not associated with the Holding Company.

(4) Dividends

The Association may pay dividends in the form of cash or noncash distributions so long as at the time of the declaration of such dividends, after giving effect to the payment of such dividends as of the date of such declaration by the Board of Directors of the Association, the Association’s capital would be in compliance with the capital standards and requirements set forth in section 1087–2(r) of this title. If, at any time after the reorganization effective date, the Association fails to comply with such capital standards, the Holding Company shall transfer with due diligence to the Association additional capital in such amounts as are necessary to ensure that the Association again complies with the capital standards.

(5) Certification prior to dividend

Prior to the payment of any dividend under paragraph (4), the Association shall certify to the Secretary of the Treasury that the payment of the dividend will be made in compliance with paragraph (4) and shall provide copies of all calculations needed to make such certification.

(iii) the Association serving as a lender-of-last-resort pursuant to section 1087–2(q) of this title; and

(iv) the Association’s purchase of loans insured under this part, if the Secretary, with the approval of the Secretary of the Treasury, enters into an agreement with the Association for the continuation or resumption of the Association’s secondary market purchase program because the Secretary determines there is inadequate liquidity for loans made under this part.

(B) Agreement

The Secretary is authorized to enter into an agreement described in clause (iv) of subparagraph (A) with the Association covering such secondary market activities. Any agreement entered into under such clause shall cover a period of 12 months, but may be renewed if the Secretary determines that liquidity remains inadequate. The fee provided under section 1087–2(h)(7) of this title shall not apply to loans acquired under any such agreement with the Secretary.

(7) Issuance of debt obligations during the transition period; attributes of debt obligations

After the reorganization effective date, the Association shall not issue debt obligations which mature later than September 30, 2008, except in connection with serving as a lender-of-last-resort pursuant to section 1087–2(q) of this title or with purchasing loans under an agreement with the Secretary as described in paragraph (6). Nothing in this section shall modify the attributes accorded the debt obligations of the Association by section 1087–2 of this title, regardless of whether such debt obligations are incurred prior to, or at any time following, the reorganization effective date or are transferred to a trust in accordance with subsection (d).

(8) Monitoring of safety and soundness

(ii) the Association’s policies, procedures, and systems for monitoring and controlling any such financial risk.

(B) Summary reports

The Secretary of the Treasury may require summary reports of the information described in subparagraph (A) to be filed no more frequently than quarterly. If, as a result of adverse market conditions or based on reports provided pursuant to this subparagraph or other available information, the Secretary of the Treasury has concerns regarding the financial or operational condition of the Association, the Secretary of the Treasury may, notwithstanding the preceding sentence and subparagraph (A), require the Association to make reports concerning the activities of any associated person whose business activities are reasonably likely to have a material impact on the financial or operational condition of the Association.

(C) Separate operation of corporations

(i) In general

(D) Encumbrance of assets
Notwithstanding any Federal or State law, rule, or regulation, or legal or equitable principle, doctrine, or theory to the contrary, under no circumstances shall the assets of the Association be available or used to pay claims or debts of or incurred by the Holding Company. Nothing in this subparagraph shall be construed to limit the right of the Association to pay dividends not otherwise prohibited under this subparagraph or to limit any liability of the Holding Company explicitly provided for in this section.

Section 12511(20) of title 42, referred to in subsec. (c)(2), was redesignated section 12511(35) by Pub. L. 111–13, title I, § 1102(b)(1), Apr. 21, 2009, 123 Stat. 1467.

CODIFICATION

Section was formerly classified to section 2751 of Title 42, The Public Health and Welfare, prior to transfer to this section. See note below.

Section was originally enacted as section 121 (and later renumbered section 141) of the Economic Opportunity Act of 1964, Pub. L. 88–452, at which time it was classified to section 2751 of Title 42, The Public Health and Welfare. It was renumbered as section 441 of title IV of the Higher Education Act of 1965, Pub. L. 89–329, by Pub. L. 90–575, § 131(a), (b)(1), and later editorially transferred to this section to merge with the rest of the Act, which is classified to this chapter. For complete credit information on acts affecting this section prior to Pub. L. 99–498, see Prior Provisions note below.

PRIOR PROVISIONS

Another prior section 441 of Pub. L. 89–329, title IV, Nov. 8, 1965, 79 Stat. 1249, which amended this section and former sections 2752 to 2766 and 2761 of Title 42, The Public Health and Welfare, was repealed by Pub. L. 90–575, title I, § 131(a), Oct. 16, 1968, 82 Stat. 1028. Because the repeal happened in order to accommodate the new section 441 resulting from the renumbering of former section 141 of Pub. L. 88–452, the amendments made by prior section 441 were not treated as being struck out.

AMENDMENTS

2008—Subsec. (b), Pub. L. 110–315, § 441(1), substituted “‘such sums as may be necessary for fiscal year 2009 and each of the five succeeding fiscal years’” for “‘$1,000,000,000 for fiscal year 1999 and such sums as may be necessary for each of the 4 succeeding fiscal years’”.

L. 102–325, § 441(b), inserted before period at end “, and to encourage students receiving Federal student financial assistance to participate in community service activities that will benefit the Nation and engender in the students a sense of social responsibility and commitment to the community”.

CODIFICATION

Section was formerly classified to section 2756b of Title 20, The Public Health and Welfare, prior to transfer to this section.

PRIOR PROVISIONS

AMENDMENTS

Subsec. (e), Pub. L. 110–315, § 447(2), added subsec. (e) and struck out former subsec. (e) which defined “work-college” and “comprehensive student work-learning program”.

Subsec. (f), Pub. L. 110–315, § 447(3), substituted “such sums as may be necessary for fiscal year 2009 and each of the five succeeding fiscal years” for “$5,000,000 for fiscal year 1999 and such sums as may be necessary for each of the 4 succeeding fiscal years”.

EFFECTIVE DATE OF 1998 AMENDMENT

EFFECTIVE DATE

PART D—WILLIAM D. FORD FEDERAL DIRECT LOAN PROGRAM

CODIFICATION

Parts A to J of title IV of the Higher Education Act of 1965, Pub. L. 89–329 (“the HEA”), would typically have been classified to parts A to J of this subchapter. However, part C of title IV of the HEA could not be classified to part C of this subchapter when it was enacted because it amended and related to various provisions of the Economic Opportunity Act of 1964, Pub. L. 88–452, which were classified to Title 42, The Public Health and Welfare. As a result, parts D to J of title IV of the HEA were editorially designated as parts C to I of this subchapter to fill the gap left in the Code by the absence of a part C. That original part C of title IV of the HEA was subsequently repealed, and part C of title I of the Economic Opportunity Act of 1964 was redesignated to become a new part C of title IV of the HEA.

In order to merge the pieces of the HEA together after the redesignation and logically realign the part structure of the HEA with that of the Code, part C of title I of the HEA was editorially transferred from its original location in part C (§ 2751 et seq.) of subchapter I of chapter 42 to part C (§ 1087–51 et seq.) of this subchapter, and subsequent parts D to I of title IV of the HEA were redesignated as parts D to I of this subchapter. Part J of title IV of the HEA was omitted instead of redesignated as part J of this subchapter because it had already been transferred to another part of the HEA.

PRIOR PROVISIONS

A prior part D, consisting of part E of title IV of Pub. L. 89–329, was redesignated part E of this subchapter.

§ 1087a. Program authority

(a) In general

There are hereby made available, in accordance with the provisions of this part, such sums as may be necessary (1) to make loans to all eligible students (and the eligible parents of such students) in attendance at participating institutions of higher education selected by the Secretary, to enable such students to pursue their courses of study at such institutions during the period beginning July 1, 1994; and (2) for purchasing loans under section 10871–1 of this title. Loans made under this part shall be made by participating institutions, or consortia thereof, that have agreements with the Secretary to originate loans, or by alternative originators designated by the Secretary to make loans for students in attendance at participating institutions (and their parents).

(b) Designation

(1) Program

The program established under this part shall be referred to as the “William D. Ford Federal Direct Loan Program”. 
(2) Direct loans

Notwithstanding any other provision of this part, loans made to borrowers under this part that, except as otherwise specified in this part, have the same terms, conditions, and benefits as loans made to borrowers under section 1087 of this title, shall be known as "Federal Direct Stafford/Ford Loans".

PRIOR PROVISIONS

AMENDMENTS

2008—Subsec. (a). Pub. L. 110–227, in first sentence, inserted "(1)" before "‘to make loans’" and "(2) for purchasing loans under section 10871–1 of this title’ before period at end and, in second sentence, substituted "‘Loans made under this part shall’ for ‘Such loans shall’.

1993—Pub. L. 103–66 amended section generally, substituting provisions relating to program authority for former provisions relating to program and payment authority.

(b) No entitlement to participate or originate

No institution of higher education shall have a right to participate in the programs authorized by this part, to originate loans, or to perform any program function under this part. Nothing in this subsection shall be construed so as to limit the entitlement of an eligible student attending a participating institution (or the eligible parent of such student) to borrow under this part.

(c) Delivery of loan funds

Loan funds shall be paid and delivered to an institution by the Secretary prior to the beginning of the payment period established by the Secretary in a manner that is consistent with payment and delivery of Federal Pell Grants under subpart 1 of part A of this subchapter.

(d) Institutions outside the United States

Loan funds for students (and parents of students) attending institutions outside the United States shall be disbursed through a financial institution located or operating in the United States and designated by the Secretary to serve as the agent of such institutions with respect to the receipt of the disbursements of such loan funds and the transfer of such funds to such institutions. To be eligible to receive funds under this part, an institution outside the United States shall make arrangements with the agent designated by the Secretary under this subsection to receive funds under this part.

§ 1087c. Selection of institutions for participation and origination

(a) General authority

The Secretary shall enter into agreements pursuant to section 1087d(a) of this title with institutions of higher education to participate in the direct student loan program under this part, and agreements pursuant to section 1087d(b) of this title with institutions of higher education, or consortia thereof, to originate loans in such program, for academic years beginning on or after July 1, 1994. (F) meets such other criteria as the Secretary may establish to protect the financial interest of the United States and to promote the purposes of this part.

Such reductions may be offered only if the Secretary determines the reductions are cost neutral and in the best financial interest of the Federal Government. Any increase in subsidy costs resulting from such reductions shall be completely offset by corresponding savings in funds available for the William D. Ford Federal Direct Loan Program in that fiscal year from section 1087h of this title and other administrative accounts.

(B) Accountability

Prior to publishing regulations proposing repayment incentives with respect to loans for which the first disbursement of principal is made before July 1, 2012, the Secretary shall ensure the cost neutrality of such reductions. The Secretary shall not prescribe such regulations in final form unless an official report from the Director of the Office of Management and Budget to the Secretary and a comparable report from the Director of the Congressional Budget Office to the Congress each certify that any such reductions will be completely cost neutral. half of a dependent student; and

(E) beginning on July 1, 2009, an income-

that the plan described in this subparagraph
shall not be available to the borrower of a Federal Direct PLUS Loan made on behalf of

Federal Direct PLUS Loan or a loan under
section 1078-2 of this title made on behalf of
a dependent student.

(2) Selection by Secretary

If a borrower of a loan made under this part
does not select a repayment plan described in
paragraph (1), the Secretary may provide the
borrower with a repayment plan described in
subparagraph (A), (B), or (C) of paragraph (1).

(3) Changes in selections

The borrower of a loan made under this part
may change the borrower’s selection of a re-

under paragraph (2), as the case may be, under
such terms and conditions as may be estab-
lished by the Secretary.

(4) Alternative repayment plans

The Secretary may provide, on a case by
case basis, an alternative repayment plan to a
borrower of a loan made under this part who
demonstrates to the satisfaction of the Sec-

detary that the terms and conditions of the re-
payment plans available under paragraph (1)
are not adequate to accommodate the borrow-

er’s exceptional circumstances. In designing
such alternative repayment plans, the Sec-

detary shall ensure that such plans do not ex-
ceed the cost to the Federal Government, as
determined on the basis of the present value of
future payments by such borrowers, of loans
made using the plans available under para-

graph (1).

(5) Repayment after default

The Secretary may require any borrower
who has defaulted on a loan made under this part to—

contingent repayment plan.

(e) Income contingent repayment

(1) Information and procedures

The Secretary may obtain such information
as is reasonably necessary regarding the in-

that is, or may be, repaid pursuant to income
contingent repayment, for the purpose of de-
termining the annual repayment obligation of
the borrower. Returns and return information
(as defined in section 6103 of title 26) may be
obtained under the preceding sentence only to
the extent authorized by section 6103(l)(13) of
title 26. The Secretary shall establish proce-
dures for determining the borrower’s repay-
ment obligation on that loan for such year,
and such other procedures as are necessary to
implement effectively income contingent re-
payment.

(2) Repayment based on adjusted gross income

A repayment schedule for a loan made under
this part and repaid pursuant to income con-
tingent repayment shall be based on the ad-
justed gross income (as defined in section 62 of
title 26) of the borrower or, if the borrower is
married and files a Federal income tax return
jointly with the borrower’s spouse, on the ad-
justed gross income of the borrower and the
borrower’s spouse.

(3) Additional documents

A borrower who chooses, or is required, to
repay a loan made under this part pursuant to
income contingent repayment, and for whom
adjusted gross income is unavailable or does
not reasonably reflect the borrower’s current
income, shall provide to the Secretary other
documentation of income satisfactory to the
Secretary, which documentation the Sec-
detary may use to determine an appropriate
repayment schedule.

(4) Repayment schedules

Income contingent repayment schedules
shall be established by regulations promul-
gated by the Secretary and shall require pay-
ments that vary in relation to the appropriate
portion of the annual income of the borrower
(and the borrower’s spouse, if applicable) as
determined by the Secretary.

(5) Calculation of balance due

The balance due on a loan made under this
part that is repaid pursuant to income contin-

essed on such loan. The Secretary may pro-
mulgate regulations limiting the amount of
interest that may be capitalized on such loan,
and the timing of any such capitalization.

(6) Notification to borrowers

The Secretary shall establish procedures
under which a borrower of a loan made under
this part who chooses or is required to repay
such loan pursuant to income contingent re-
payment is notified of the terms and condi-
tions of such plan, including notification of
such borrower—

(A) that the Internal Revenue Service will
disclose to the Secretary tax return infor-
mation as authorized under section 6103(l)(13) of title 26; and

(B) that if a borrower considers that spe-
cial circumstances, such as a loss of employ-
ment by the borrower or the borrower’s
spouse, warrant an adjustment in the bor-
rower’s loan procedures as are necessary to
implement effectively income contingent re-
payment,
whether such adjustment is appropriate, in accordance with criteria established by the Secretary.

(7) **Maximum repayment period**

In calculating the extended period of time for which an income contingent repayment plan under this subsection may be in effect for a borrower, the Secretary shall include all time periods during which a borrower of loans under part B, part D, or part E—

(2) **Eligibility**

A borrower of a loan made under this part shall be eligible for a deferment during any period—

(A) during which the borrower—

(h) **Borrower defenses**

Notwithstanding any other provision of State or Federal law, the Secretary shall specify in regulations which acts or omissions of an institution of higher education a borrower may assert as a defense to repayment of a loan made under this part, except that in no event may a borrower recover from the Secretary, in any action arising from or relating to a loan made under this part, an amount in excess of the amount such borrower has repaid on such loan.

(i) **Loan application and promissory note**

See References in Text note below.
(B) From the amount so appropriated, the Secretary shall next allocate to each eligible institution that began participation in the program under this part after fiscal year 1999 and is a first or second time participant, an amount equal to the greatest of—

(i) $5,000;

(ii) an amount equal to (1) 90 percent of the amount received and used under this part in the second preceding fiscal year by eligible institutions offering comparable programs of instruction, divided by (II) the number of students enrolled at such comparable institutions in such fiscal year, multiplied by (III) the number of students enrolled at the applicant institution in such fiscal year; or

(C) Notwithstanding subparagraphs (A) and (B) of this paragraph, the Secretary shall allocate to each eligible institution which—

(B) the institution’s anticipated collections; multiplied by

(C) the institution’s default penalty, as determined under subsection (e); except that, if the institution has a cohort default rate in excess of the applicable maximum cohort default rate under subsection (f), the eligible amount of that institution is zero.

(c) Determination of institution’s self-help need

(1) The amount of an institution’s self-help need is equal to the sum of the self-help need of the institution’s eligible undergraduate students and the self-help need of the institution’s eligible graduate and professional students.

(2) To determine the self-help need of an institution’s eligible undergraduate students, the Secretary shall—

(A) establish various income categories for dependent and independent undergraduate students; (B) establish an expected family contribution for each income category of dependent and independent undergraduate students, determined on the basis of the average expected family contribution (computed in accordance with part F of this subchapter) of a representative sample within each income category for the second preceding fiscal year; (C) compute 25 percent of the average cost of attendance for all undergraduate students; (D) multiply the number of eligible dependent students in each income category by the lesser of—

(3) To determine the self-help need of an institution’s eligible graduate and professional students, the Secretary shall—

(A) establish various income categories for graduate and professional students;

(B) establish an expected family contribution for each income category of graduate and professional students, determined on the basis of the average expected family contribution (computed in accordance with part F of this subchapter) of a representative sample within each income category for the second preceding fiscal year;

(C) determine the average cost of attendance for all graduate and professional students;

(D) subtract from the average cost of attendance for all graduate and professional students (determined under subparagraph (C)), the expected family contribution (determined under subparagraph (B)) for each income category, except that the amount computed by such subtraction for any income category shall not be less than zero;

(E) multiply the amounts determined under subparagraph (D) by the number of eligible students in each category;

(F) add the amounts determined under subparagraph (E) for each income category.

(4)(A) For purposes of paragraphs (2) and (3), the term “average cost of attendance” means the average of the attendance costs for undergraduate students and for graduate and professional students, which shall include (i) tuition and fees determined in accordance with subparagraph (B), (ii) standard living expenses determined in accordance with subparagraph (C), and (iii) books and supplies determined in accordance with subparagraph (D).

(C) The standard living expense described in subparagraph (A)(ii) is equal to 150 percent of the difference between the income protection allowance for a family of five with one in college and the income protection allowance for a family of six with one in college for a single independent student.

(D) The allowance for books and supplies described in subparagraph (A)(iii) is equal to $600.

(d) Anticipated collections

(1) An institution’s anticipated collections are equal to the amount which was collected during the second year preceding the beginning of the award period, multiplied by 1.21.

(2) The Secretary shall establish an appeals process by which the anticipated collections required in paragraph (1) may be waived for institutions with low cohort default rates in the program assisted under this part.

(e) Default penalties

(1) Years preceding fiscal year 2000

For any fiscal year preceding fiscal year 2000, any institution with a cohort default rate that—

(A) equals or exceeds 15 percent, shall establish a default reduction plan pursuant to regulations prescribed by the Secretary, except that such plan shall not be required with respect to an institution that has a default rate of less than 20 percent and that has less than 100 students who have loans under this part in such academic year;

(B) equals or exceeds 20 percent, but is less than 25 percent, shall have a default penalty of 0.9;

(C) equals or exceeds 25 percent, but is less than 30 percent, shall have a default penalty of 0.7; and

(D) equals or exceeds 30 percent shall have a default penalty of zero.

(2) Years following fiscal year 2000

For fiscal year 2000 and any succeeding fiscal year, any institution with a cohort default rate (as defined in subsection (g)) that equals or exceeds 25 percent shall have a default penalty of zero.

(3) Ineligibility

(A) In general

For fiscal year 2000 and any succeeding fiscal year, any institution with a cohort default rate (as defined in subsection (g)) that equals or exceeds 50 percent for each of the 3 most recent years for which data are available shall not be eligible to participate in a program under this part for the fiscal year for which the determination is made and the 2 succeeding fiscal years, unless, within 30 days of receiving notification from the Secretary of the loss of eligibility under this paragraph, the institution appeals the loss of eligibility to the Secretary.
shall issue a decision on any such appeal within 45 days after the submission of the appeal. Such decision may permit the institution to continue to participate in a program under this part if—

(i) the institution demonstrates to the satisfaction of the Secretary that the calculation of the institution’s cohort default rate is not accurate, and that recalculation would reduce the institution’s cohort default rate for any of the 3 fiscal years below 50 percent; or

(ii) there are, in the judgment of the Secretary, such a small number of borrowers entering repayment that the application of this subparagraph would be inequitable.

(B) Continued participation

During an appeal under subparagraph (A), the Secretary may permit the institution to continue to participate in a program under this part.

(C) Return of funds

Within 90 days after the date of any termination pursuant to subparagraph (A), or the conclusion of any appeal pursuant to subparagraph (B), whichever is later, the balance of the student loan fund established under this part by the institution that is the subject of the termination shall be distributed as follows:

(i) The Secretary shall first be paid an amount which bears the same ratio to such balance (as of the date of such distribution) as the total amount of Federal capital contributions to such fund by the Secretary under this part bears to the sum of such Federal capital contributions and the capital contributions to such fund made by the institution.

(ii) The remainder of such student loan fund shall be paid to the institution.

(D) Use of returned funds

Any funds returned to the Secretary under this paragraph shall be reallocated to institutions of higher education pursuant to subsection (i).

(E) Definition

For the purposes of subparagraph (A), the term “loss of eligibility” shall be defined as the mandatory liquidation of an institution’s student loan fund, and assignment of the institution’s outstanding loan portfolio to the Secretary.

(f) Applicable maximum cohort default rate

(1) Award years prior to 2000

For award years prior to award year 2000, the applicable maximum cohort default rate is 30 percent.

(2) Award year 2000 and succeeding award years

For award year 2000 and subsequent years, the applicable maximum cohort default rate is 25 percent.

(g) “Cohort default rate” defined

(1)(A) The term “cohort default rate” means, for any award year in which 30 or more current and former students at the institution enter repayment on loans under this part (received for attendance at the institution), the percentage of those current and former students who enter repayment on such loans (received for attendance at that institution) in that award year who default before the end of the following award year.

(B) For any award year in which less than 30 of the institution’s current and former students enter repayment, the term “cohort default rate” means the percentage of such current and former students who entered repayment on such loans in any of the three most recent award years and who default before the end of the award year immediately following the year in which they entered repayment.

(C) A loan on which a payment is made by the institution of higher education, its owner, agency, contractor, employee, or any other entity or individual affiliated with such institution, in order to avoid default by the borrower, is considered as in default for the purposes of this subsection.

(D) In the case of a student who has attended and borrowed at more than one school, the student (and his or her subsequent repayment or default) is attributed to the school for attendance at which the student received the loan that entered repayment.

(E) In determining the number of students who default before the end of such award year, the institution, in calculating the cohort default rate, shall exclude—

(i) any loan on which the borrower has, after the time periods specified in paragraph (2)—

(I) voluntarily made 6 consecutive payments;

(II) voluntarily made all payments currently due;

(III) repaid in full the amount due on the loan; or

(IV) received a deferment or forbearance, based on a condition that began prior to such time periods;

(ii) any loan which has, after the time periods specified in paragraph (2), been rehabilitated or canceled; and

(iii) any other loan that the Secretary determines should be excluded from such determination.

(2) For purposes of calculating the cohort default rate under this subsection, a loan shall be considered to be in default—

(B) For the purpose of this subsection, the term “participating institution” means an institution of higher education that—

(2) Excess eligible amount

For any participating institution, the excess eligible amount is the amount, if any, by which—

(A)(i) that institution’s eligible amount (as determined under subsection (b)(3)), divided by (ii) the sum of the eligible amounts of all participating institutions (as determined under paragraph (3)), multiplied by (iii) the amount of funds available for reallocation under this subsection; exceeds

(B) the amount required to be allocated to that institution under subsection (b).

(3) Remainer

The Secretary shall reallocate the remainder of such returned portions in accordance with regulations of the Secretary.

(4) Allocation reductions

If under paragraph (1) of this subsection an institution returns more than 10 percent of its allocation, the institution’s allocation for the next fiscal year shall be reduced by the amount returned. § 1087dd. Terms of loans

(a) Terms and conditions

(1) Loans from any student loan fund established pursuant to an agreement under section 1087cc of this title to any student by any institution shall, subject to such conditions, limitations, and requirements as the Secretary shall prescribe by regulation, be made on such terms and conditions as the institution may determine.

(2)(A) Except as provided in paragraph (4), the total of loans made to a student in any academic year or its equivalent by an institution of higher education from a loan fund established pursuant to an agreement under this part shall not exceed—

(i) $5,500, in the case of a student who has not successfully completed a program of undergraduate education; or

(ii) $8,000, in the case of a graduate or professional student (as defined in regulations issued by the Secretary).

(B) Except as provided in paragraph (4), the aggregate unpaid principal amount for all loans made to a student by institutions of higher education from loan funds established pursuant to agreements under this part may not exceed—

(i) $60,000, in the case of any graduate or professional student (as defined by regulations issued by the Secretary, and including any loans from such funds made to such person before such person became a graduate or professional student);

(ii) $27,500, in the case of a student who has successfully completed 2 years of a program of education leading to a bachelor’s degree but who has not completed the work necessary for such a degree (determined under regulations issued by the Secretary), and including any loans from such funds made to such person before such person became such a student; and

(iii) $11,000, in the case of any other student.

(3) Regulations of the Secretary under paragraph (1) shall be designed to prevent the impairment of the capital student loan funds to the maximum extent practicable and with a view toward the objective of enabling the student to complete his course of study.

(4) In the case of a program of study abroad that is approved for credit by the home institution at which a student is enrolled and that has reasonable costs in excess of the home institution’s budget, the annual and aggregate loan limits for the student may exceed the amounts described in paragraphs (2)(A) and (2)(B) by 20 percent.

(b) Demonstration of need and eligibility required

(1) A loan from a student loan fund assisted under this part may be made only to a student who demonstrates financial need in accordance with part F of this subchapter, who meets the requirements of section 1091 of this title, and who provides the institution with the student’s drivers license number, if any, at the time of application for the loan. A student who is in default on a loan under this part shall not be eligible for an additional loan under this part unless such loan meets one of the conditions for exclusion under section 1087bb(g)(1)(E) of this title.

(2) If the institution’s capital contribution under section 1087bb of this title is directly or indirectly based in part on the financial need demonstrated by students who are (A) attending the institution less than full time, or (B) independent students, then a reasonable portion of the loans made from the institution’s student loan fund containing the contribution shall be made available to such students.

(c) Contents of loan agreement

(1) Any agreement between an institution and a student for a loan from a student loan fund assisted under this part—

(A) shall be evidenced by note or other written instrument which, except as provided in paragraph (2), provides for repayment of the principal amount of the loan, together with interest thereon, in equal installments (or, if the borrower so requests, in graduated periodic installments determined in accordance with such schedules as may be approved by the Secretary) payable quarterly, bimonthly, or monthly, at the option of the institution, for a period beginning nine months after the date on which the student ceases to carry, at an institution of higher education or a comparable institution outside the United States approved for this purpose by the Secretary, at least one-half the normal full-time academic workload, and ending 10 years and 9 months after such date except that such period may begin earlier than 9 months after such date upon the request of the borrower;

(B) shall include provision for acceleration of repayment of the whole, or any part, of such loan, at the option of the borrower;

(C)(i) may provide, at the option of the institution, in accordance with regulations of the Secretary, that during the repayment period of the loan, payments of principal and interest by the borrower with respect to all outstanding loans made to the student from a student loan fund assisted under this part shall be at a rate equal to not less than $40 per month, except that the institution may, subject to such regulations, permit a borrower to pay less than $40 per month for a period of not more than one year where necessary to avoid hardship to the borrower, but without extending the 10-year maximum repayment period pro-
vided for in subparagraph (A) of this paragraph; and

(ii) may provide that the total payments by a borrower for a monthly or similar payment period with respect to the aggregate of all loans held by the institution may, when the amount of a monthly or other similar payment is not a multiple of $5, be rounded to the next highest whole dollar amount that is a multiple of $5;

(D) shall provide that the loan shall bear interest, on the unpaid balance of the loan, at the rate of 5 percent per year in the case of any loan made on or after October 1, 1981, except that no interest shall accrue (i) prior to the beginning date of repayment determined under paragraph (2)(A)(i), or (ii) during any period in which repayment is suspended by reason of paragraph (2);

(E) shall provide that the loan shall be made without security and without endorsement;

(F) shall provide that the liability to repay the loan shall be cancelled—

(i) upon the death of the borrower;

(ii) if the borrower becomes permanently and totally disabled as determined in accordance with regulations of the Secretary;

(iii) if the borrower is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death, has lasted for a continuous period of not less than 60 months, or can be expected to last for a continuous period of not less than 60 months;

(iv) if the borrower is determined by the Secretary of Veterans Affairs to be unemployable due to a service-connected disability;

(G) shall provide that no note or evidence of obligation may be assigned by the lender, except upon the transfer of the borrower to another institution participating under this part (or, if not so participating, is eligible to do so), to such institution, and except as necessary to carry out section 1087cc(a)(6) of this title;

(H) pursuant to regulations of the Secretary, shall provide for an assessment of a charge with respect to the loan for failure of the borrower to pay all or part of an installment when due, which shall include the expenses reasonably incurred in attempting collection of the loan, to the extent permitted by the Secretary, except that no charge imposed under this subparagraph shall exceed 20 percent of the amount of the monthly payment of the borrower; and

(I) shall contain a notice of the system of disclosure of information concerning default on such loan to consumer reporting agencies under section 1087cc(c)(1) of this title;

(2)(A) No repayment of principal of, or interest on, any loan from a student loan fund assisted under this part shall be required during any period—

(i) during which the borrower—

(I) is pursuing at least a half-time course of study as determined by an eligible institution; or

(II) is pursuing a course of study pursuant to a graduate fellowship program approved by the Secretary, or pursuant to a rehabilitation training program for disabled individuals approved by the Secretary, except that no borrower shall be eligible for a deferment under this clause, or loan made under this part while serving in a medical internship or residency program;

(ii) in excess of 3 years during which the borrower is seeking and unable to find full-time employment;

(iii) during which the borrower—

(I) is serving on active duty during a war or other military operation or national emergency; or

(II) is performing qualifying National Guard duty during a war or other military operation or national emergency,

and for the 180-day period following the demobilization date for the service described in subclause (I) or (II);

(iv) in excess of 3 years for any reason which the lender determines, in accordance with regulations prescribed by the Secretary under section 1085(o) of this title, has caused or will cause the borrower to have an economic hardship; or

(v) during which the borrower is engaged in service described in section 1087ee(a)(2) of this title;

and provides that any such period shall not be included in determining the 10-year period described in subparagraph (A) of paragraph (1).

(B) No repayment of principal of, or interest on, any loan for any period described in subparagraph (A) shall begin until 6 months after the completion of such period.

(C) An individual with an outstanding loan balance who meets the eligibility criteria for a deferment described in subparagraph (A) as in effect on October 7, 1998, shall be eligible for deferment under this paragraph notwithstanding any contrary provision of the promissory note under which the loan or loans were made, and notwithstanding any amendment (or effective date provision relating to any amendment) to this section made prior to the date of such deferment.

(3)(A) The Secretary is authorized, when good cause is shown, to extend, in accordance with regulations, the 10-year maximum repayment period provided for in subparagraph (A) of paragraph (1) with respect to individual loans.

(B) Pursuant to uniform criteria established by the Secretary, the repayment period for any student borrower who during the repayment period is a low-income individual may be extended for a period not to exceed 10 years and the repayment schedule may be adjusted to reflect the income of that individual.

(4) The repayment period for a loan made under this part shall begin on the day immediately following the expiration of the period, specified in paragraph (1)(A), after the student ceases to carry the required academic workload, unless the borrower requests and is granted a re-
payment schedule that provides for repayment to commence at an earlier point in time, and shall exclude any period of authorized deferment, forbearance, or cancellation.

(5) The institution may elect—
(A) to add the amount of any charge imposed under paragraph (1)(H) to the principal amount of the loan as of the first day after the day on which the installment was due and to notify the borrower of the assessment of the charge; or
(B) to make the amount of the charge payable to the institution not later than the due date of the next installment.

(6) Requests for deferment of repayment of loans under this part by students engaged in graduate or post-graduate fellowship-supported study (such as pursuant to a Fulbright grant) outside the United States shall be approved until completion of the period of the fellowship.

(7) There shall be excluded from the 9-month period that begins on the date on which a student ceases to carry at least one-half the normal full-time academic workload (as described in paragraph (1)(A)) any period not to exceed 3 years during which a borrower who is a member of a reserve component of the Armed Forces named in section 10101 of title 10 is called or ordered to active duty for a period of more than 30 days (as defined in section 101(d)(2) of such title). Such period of exclusion shall include the period necessary to resume enrollment at the borrower’s next available regular enrollment period.

(d) Availability of loan fund to all eligible students

An agreement under this part for payment of Federal capital contributions shall include provisions designed to make loans from the student loan fund established pursuant to such agreement reasonably available (to the extent of the available funds in such fund) to all eligible students in such institutions in need thereof.

(e) Forbearance

(1) The Secretary shall ensure that, as documented in accordance with paragraph (2), an institution of higher education shall grant a borrower forbearance of principal and interest or principal only, renewable at 12-month intervals for a period not to exceed 3 years, on such terms as are otherwise consistent with the regulations issued by the Secretary and agreed upon in writing by the parties to the loan, if—
(A) the borrower’s debt burden equals or exceeds 20 percent of such borrower’s gross income;
(B) the institution determines that the borrower should qualify for forbearance for other reasons; or
(C) the borrower is eligible for interest payments to be made on such loan for service in the Armed Forces under section 2174 of title 10 and, pursuant to that eligibility, the interest on such loan is being paid under subsection (j), except that the form of a forbearance under this paragraph shall be a temporary cessation of all payments on the loan other than payments of interest on the loan that are made under subsection (j).

(2) For the purpose of paragraph (1), the terms of forbearance agreed to by the parties shall be documented by—
(A) confirming the agreement of the borrower by notice to the borrower from the institution of higher education; and
(B) recording the terms in the borrower’s file.

(f) Special repayment rule authority

(1) Subject to such restrictions as the Secretary may prescribe to protect the interest of the United States, in order to encourage repayment of loans made under this part which are in default, the Secretary may, in the agreement entered into under this part, authorize an institution of higher education to compromise on the repayment of such defaulted loans in accordance with paragraph (2). The Federal share of the compromise repayment shall bear the same relation to the institution’s share of such compromise repayment as the Federal capital contribution to the institution’s loan fund under this part bears to the institution’s capital contribution to such fund.

(2) No compromise repayment of a defaulted loan as authorized by paragraph (1) may be made unless the student borrower pays—
(A) 90 percent of the loan under this part; (B) the interest due on such loan; and
(C) any collection fees due on such loan; in a lump sum payment.

(g) Discharge

(1) In general

If a student borrower who received a loan made under this part or after January 1, 1986, is unable to complete the program in which such student is enrolled due to the closure of the institution, then the Secretary shall discharge the borrower’s liability on the loan (including the interest and collection fees) and shall subsequently pursue any claim available to such borrower against the institution and the institution’s affiliates and principals, or settle the loan obligation pursuant to the financial responsibility standards described in section 1099c(c) of this title.

(2) Assignment

A borrower whose loan has been discharged pursuant to this subsection shall be deemed to have assigned to the United States the right to a loan refund in an amount that does not exceed the amount discharged against the institution and the institution’s affiliates and principals.

(3) Eligibility for additional assistance

The period during which a student was unable to complete a course of study due to the closing of the institution shall not be considered for purposes of calculating the student’s period of eligibility for additional assistance under this subchapter.

(4) Special rule

A borrower whose loan has been discharged pursuant to this subsection shall not be excluded, because of that discharge, from receiving additional grant, loan, or work assistance under this subchapter for which the borrower
would be otherwise eligible (but for the default on the discharged loan). The amount discharged under this subsection shall be treated as an amount canceled under section 1087ee(a) of this title.

(5) Reporting

The Secretary or institution, as the case may be, shall report to consumer reporting agencies with respect to loans that have been discharged pursuant to this subsection.

(h) Rehabilitation of loans

(1) Rehabilitation

(A) In general

If the borrower of a loan made under this part who has defaulted on the loan makes 9 on-time, consecutive, monthly payments of amounts owed on the loan, as determined by the institution, or by the Secretary in the case of a loan held by the Secretary, the loan shall be considered rehabilitated, and the institution that made that loan (or the Secretary, in the case of a loan held by the Secretary) shall request that any consumer reporting agency to which the default was reported remove the default from the borrower’s credit history.

(B) Comparable conditions

As long as the borrower continues to make scheduled repayments on a loan rehabilitated under this paragraph, the rehabilitated loan shall be subject to the same terms and conditions, and qualify for the same benefits and privileges, as other loans made under this part.

(C) Additional assistance

The borrower of a rehabilitated loan shall not be precluded by section 1091 of this title from receiving additional grant, loan, or work assistance under this subchapter (for which the borrower is otherwise eligible) on the basis of defaulting on the loan prior to such rehabilitation.

(D) Limitations

A borrower only once may obtain the benefit of this paragraph with respect to rehabilitating a loan under this part.

(2) Restoration of eligibility

If the borrower of a loan made under this part who has defaulted on that loan makes 6 on-time, consecutive, monthly payments of amounts owed on such loan, the borrower’s eligibility for grant, loan, or work assistance under this subchapter shall be restored to the extent that the borrower is otherwise eligible. A borrower only once may obtain the benefit of this paragraph with respect to restored eligibility.

(i) Incentive repayment program

(b) Income protection allowance

(1) Revised tables

(A) In general

For each academic year after academic year 2008–2009, the Secretary shall publish in the Federal Register a revised table of income protection allowances for the purpose of sections 1087oo(c)(4) and 1087qq(b)(4) of this title, subject to subparagraphs (B) and (C).

(B) Table for independent students

(i) Academic years 2009–2010 through 2012–2013

For each of the academic years 2009–2010 through 2012–2013, the Secretary shall not develop a revised table of income protection allowances under section 1087qq(b)(4) of this title and the table specified for such academic year under subparagraphs (A) through (D) of such section shall apply.

(ii) Other academic years

For each academic year after academic year 2012–2013, the Secretary shall develop the revised table of income protection allowances by increasing each of the dollar amounts contained in the table of income protection allowances under section 1087qq(b)(4)(D) of this title by a percentage equal to the estimated percentage increase in the Consumer Price Index (as determined by the Secretary) between December 2011 and the December next preceding the beginning of such academic year, and rounding the result to the nearest $10.

(C) Table for parents

For each academic year after academic year 2008–2009, the Secretary shall develop the revised table of income protection allowances under section 1087oo(c)(4) of this title by increasing each of the dollar amounts contained in the table by a percentage equal to the estimated percentage increase in the Consumer Price Index (as determined by the Secretary) between December 1992 and the December next preceding the beginning of such academic year, and rounding the result to the nearest $10.

(2) Revised amounts

For each academic year after academic year 2007–2008, the Secretary shall publish in the Federal Register revised income protection allowances for the purpose of sections 1087oo(g)(2)(D) and 1087pp(b)(1)(A)(iv) of this title. Such revised allowances shall be developed for each academic year after academic year 2012–2013, by increasing each of the dollar amounts contained in such section for academic year 2012–2013 by a percentage equal to the estimated percentage increase in the Consumer Price Index (as determined by the Secretary) between December 2011 and the December next preceding the beginning of such academic year, and rounding the result to the nearest $10.

(c) Adjusted net worth of a farm or business

For each award year after award year 1993–1994, the Secretary shall publish in the Federal Register a revised table of adjusted net worth of a farm or business for purposes of sections 1087oo(d)(1)(C), 1087pp(c)(2)(C), and 1087qq(c)(2)(C) of this title. Such revised table shall be developed—

(1) by increasing each dollar amount that refers to net worth of a farm or business by a percentage equal to the estimated percentage increase in the Consumer Price Index (as determined by the Secretary) between December 1992 and the December next preceding the beginning of such award year, and rounding the result to the nearest $5,000; and

(2) by adjusting the dollar amounts "$30,000", "$90,000", and "$195,000" to reflect the changes made pursuant to paragraph (1).

(d) Education savings and asset protection allowance

For each award year after award year 1993–1994, the Secretary shall publish in the Federal Register a revised table of allowances for the purpose of sections 1087oo(d)(3), 1087pp(c)(3), and 1087qq(c)(3) of this title. Such revised table shall be developed by determining the present value cost, rounded to the nearest $100, of an annuity that would provide, for each age cohort of 40 and above, a supplemental income at age 65 (adjusted for inflation) equal to the difference between the moderate family income (as most recently determined by the Bureau of Labor Statistics), and the current average social security retirement benefits. For each age cohort below 40, the allowance shall be computed by decreasing the allowance for age 40, as updated, by one-fifteenth for each year of age below age 40 and rounding the result to the nearest $100. In making such determinations—

(1) inflation shall be presumed to be 6 percent per year;

(2) the rate of return of an annuity shall be presumed to be 8 percent; and

(3) the sales commission on an annuity shall be presumed to be 6 percent.

(e) Assessment schedules and rates

For each award year after award year 1993–1994, the Secretary shall publish in the Federal Register a revised table of assessments from adjusted available income for the purpose of sections 1087oo(e) and 1087qq(d) of this title. Such revised table shall be developed—

(1) by increasing each dollar amount that refers to adjusted available income by a percent-
age equal to the estimated percentage increase in the Consumer Price Index (as determined by the Secretary) between December 1992 and the December next preceding the beginning of such academic year, rounded to the nearest $100; and (2) by adjusting the other dollar amounts to reflect the changes made pursuant to paragraph (1).

(f) “Consumer Price Index” defined

As used in this section, the term “Consumer Price Index” means the Consumer Price Index for All Urban Consumers published by the Department of Labor. Each annual update of tables to reflect changes in the Consumer Price Index shall be corrected for misestimation of actual changes in such Index in previous years.

(g) State and other tax allowance

For each award year after award year 1993–1994, the Secretary shall publish in the Federal Register a revised table of State and other tax allowances for the purpose of sections 1087oo(c)(2), 1087oo(g)(3), 1087pp(b)(2), and 1087qq(b)(2) of this title. Such revised table shall be published in accordance with the provisions of section 1087pp(b)(2), 1087qq(b)(2) of this title. The Secretary shall correct the table in such a way that the amount contained in the table shall be adjusted for each academic year subsequent to December 1992 and December 2006 to reflect changes in the Consumer Price Index (as determined under the preceding sentence) or 5 percent.:

§1087tt. Discretion of student financial aid administrators

(a) In general
Nothing in this part shall be interpreted as limiting the authority of the financial aid administrator, on the basis of adequate documentation, to make adjustments on a case-by-case basis to the cost of attendance or the values of the data items required to calculate the expected student or parent contribution (or both) to allow for treatment of an individual eligible applicant with special circumstances. However, this authority shall not be construed to permit aid administrators to deviate from the contributions expected in the absence of special circumstances. Special circumstances may include tuition expenses at an elementary or secondary school, medical, dental, or nursing home expenses not covered by insurance, unusually high child care or dependent care costs, recent unemployment of a family member or an independent student, a student or family member who is a dislocated worker (as defined in section 3102 of title 29), the number of parents enrolled at least half-time in a degree, certificate, or other program leading to a recognized educational credential at an institution with a program participation agreement under section 1094 of this title, a change in housing status that results in an individual being homeless (as defined in section 1302 of title 42), or other changes in a family’s income, a family’s assets, or a student’s status. Special circumstances shall be conditions that differentiate an individual student from a class of students rather than conditions that exist across a class of students. Adequate documentation for such adjustments shall substantiate such special circumstances of individual students. In addition, nothing in this subchapter shall be interpreted as limiting the authority of the student financial aid administrator in such cases (1) to request and use supplementary information about the financial status or personal circumstances of eligible applicants in selecting recipients and determining the amount of awards under this subchapter, or (2) to offer a dependent student financial assistance under section 1092 of this title if the student financial aid administrator verifies that the parent or parents of such student have ended financial support of such student and refuse to file such form. No student or parent shall be charged a fee for collecting, processing, or delivering such supplementary information.

""(1) Eligibility guidelines.—The Secretary of Education shall regularly evaluate the impact of the eligibility guidelines in subsections (b)(1)(A)(i), (b)(1)(B)(i), (c)(1)(A), and (c)(2)(A) of section 479 of the Higher Education Act of 1965 (20 U.S.C. 1087ss(b)(1)(A)(i), (b)(1)(B)(i), (c)(1)(A), and (c)(2)(A)).

""(2) Means-tested federal benefit program.—For each 3-year period, the Secretary of Education shall evaluate the impact of including the receipt of benefits by a student or parent under a means-tested Federal benefit program (as defined in section 479(d) of the Higher Education Act of 1965 (20 U.S.C. 1087ss(d))) as a factor in determining eligibility under subsections (b) and (c) of section 479 of the Higher Education Act of 1965 (20 U.S.C. 1087ss(b) and (c)).’’

§1087tt. Discretion of student financial aid administrators

(a) In general
Nothing in this part shall be interpreted as limiting the authority of the financial aid administrator, on the basis of adequate documentation, to make adjustments on a case-by-case basis to the cost of attendance or the values of the data items required to calculate the expected student or parent contribution (or both) to allow for treatment of an individual eligible applicant with special circumstances. However, this authority shall not be construed to permit aid administrators to deviate from the contributions expected in the absence of special circumstances. Special circumstances may include tuition expenses at an elementary or secondary school, medical, dental, or nursing home expenses not covered by insurance, unusually high child care or dependent care costs, recent unemployment of a family member or an independent student, a student or family member who is a dislocated worker (as defined in section 3102 of title 29), the number of parents enrolled at least half-time in a degree, certificate, or other program leading to a recognized educational credential at an institution with a program participation agreement under section 1094 of this title, a change in housing status that results in an individual being homeless (as defined in section 1302 of title 42), or other changes in a family’s income, a family’s assets, or a student’s status. Special circumstances shall be conditions that differentiate an individual student from a class of students rather than conditions that exist across a class of students. Adequate documentation for such adjustments shall substantiate such special circumstances of individual students. In addition, nothing in this subchapter shall be interpreted as limiting the authority of the student financial aid administrator in such cases (1) to request and use supplementary information about the financial status or personal circumstances of eligible applicants in selecting recipients and determining the amount of awards under this subchapter, or (2) to offer a dependent student financial assistance under section 1092 of this title if the student financial aid administrator verifies that the parent or parents of such student have ended financial support of such student and refuse to file such form. No student or parent shall be charged a fee for collecting, processing, or delivering such supplementary information.

""(1) Eligibility guidelines.—The Secretary of Education shall regularly evaluate the impact of the eligibility guidelines in subsections (b)(1)(A)(i), (b)(1)(B)(i), (c)(1)(A), and (c)(2)(A) of section 479 of the Higher Education Act of 1965 (20 U.S.C. 1087ss(b)(1)(A)(i), (b)(1)(B)(i), (c)(1)(A), and (c)(2)(A)).

""(2) Means-tested federal benefit program.—For each 3-year period, the Secretary of Education shall evaluate the impact of including the receipt of benefits by a student or parent under a means-tested Federal benefit program (as defined in section 479(d) of the Higher Education Act of 1965 (20 U.S.C. 1087ss(d))) as a factor in determining eligibility under subsections (b) and (c) of section 479 of the Higher Education Act of 1965 (20 U.S.C. 1087ss(b) and (c)).’’
(b) Adjustments to assets taken into account

A student financial aid administrator shall be considered to be making a necessary adjustment in accordance with subsection (a) if—

(1) the administrator makes adjustments excluding from family income any proceeds of a sale of farm or business assets of a family if such sale results from a voluntary or involuntary foreclosure, forfeiture, or bankruptcy or an involuntary liquidation; or

(2) the administrator makes adjustments in the award level of a student with a disability so as to take into consideration the additional costs such student incurs as a result of such student’s disability.

c) Refusal or adjustment of loan certifications

On a case-by-case basis, an eligible institution may refuse to certify a statement that permits a student to receive a loan under part B or D, or may certify a loan amount or make a loan that is less than the student’s determination of need (as determined under this part), if the reason for the certification is documented and provided in written form to the student. No eligible institution shall discriminate against any borrower or applicant in obtaining a loan on the basis of race, national origin, religion, sex, marital status, age, or disability status.

(4) Participants

The Secretary shall include as participants in the demonstration program—

(A) States selected through the application process described in paragraph (5);

(6) Special provisions

(A) Discretion of student financial aid administrators

A financial aid administrator at an institution of higher education participating in a demonstration program under this subsection may use the discretion provided under section 1087tt of this title as necessary for students participating in the demonstration program.

(B) Waivers

The Secretary is authorized to waive, for an institution of higher education participating in the demonstration program, any requirements under this subchapter, or regulations prescribed under this subchapter, that will make the demonstration program unworkable, except that the Secretary shall not waive any provisions with respect to the maximum award amounts for grants and loans under this subchapter.

(7) Outreach

The Secretary shall make appropriate efforts to notify States of the demonstration program under this subsection. Upon determination of participating States, the Secretary shall continue to make efforts to notify institutions of higher education and dependent students within participating States of the opportunity to participate in the demonstration program and of the participation requirements.

(8) Evaluation

The Secretary shall conduct a rigorous evaluation of the demonstration program to measure the program’s benefits and adverse effects, as the benefits and effects relate to the purpose and objectives of the program described in paragraph (1). In conducting the evaluation, the Secretary shall—

(A) determine whether receiving financial aid estimates one year prior to the year in which the student plans to enroll in an institution of higher education, has a positive impact on the higher education aspirations and plans of such student;
(B) measure the extent to which using a student’s income information from the year that is two years prior to the student’s planned enrollment date had an impact on the ability of States and institutions of higher education to make financial aid awards and commitments;
(C) determine what operational changes are required to implement the program on a larger scale;
(D) identify any changes to Federal law that are necessary to implement the program on a permanent basis;
(E) identify the benefits and adverse effects of providing early estimates on program costs, program operations, program integrity, award amounts, distribution, and delivery of aid; and

(9) Consultation

The Secretary shall consult, as appropriate, with the Advisory Committee on Student Financial Assistance established under section 1098 of this title on the design, implementation, and evaluation of the demonstration program.
(f) Reduction of income and asset information to determine eligibility for student financial aid

(1) Continuation of current FAFSA simplification efforts

The Secretary shall continue to examine—
(A) how the Internal Revenue Service can provide to the Secretary of revenue and other data needed to compute an expected family contribution for taxpayers and dependents of taxpayers, and when in the application cycle the data can be made available;
(B) whether data provided by the Internal Revenue Service can be used to—
(i) prepopulate the electronic version of the FAFSA with student and parent taxpayer data; or
(ii) generate an expected family contribution without additional action on the part of the student and taxpayer;
(C) whether the data elements collected on the FAFSA that are needed to determine eligibility for student aid, or to administer the Federal student financial aid programs under this subchapter, but are not needed to compute an expected family contribution, such as information regarding the student’s citizenship or permanent residency status, registration for selective service, or driver’s license number, can be reduced without adverse effects.

(2) Report on FAFSA simplification efforts to date

Not later than 90 days after August 14, 2008, the Secretary shall provide a written report to the authorizing committees on the work the Department has done with the Secretary of the Treasury regarding—
(A) how the expected family contribution of a student can be calculated using substantially less income and asset information than was used on March 31, 2008;
(B) the extent to which the reduced income and asset information will result in a redistribution of Federal grants and subsidized loans under this subchapter, State aid, or institutional aid, or in a change in the composition of the group of recipients of such aid, and the amount of such redistribution;
(C) how the alternative approaches for calculating the expected family contribution will—
(i) rely mainly, in the case of students and parents who file income tax returns, on information available on the 1040, 1040EZ, and 1040A; and
(ii) include formulas for adjusting income or asset information to produce similar results to the existing approach with less data;
(D) how the Internal Revenue Service can provide to the Secretary of Education income and other data needed to compute an expected family contribution for taxpayers and dependents of taxpayers, and when in the application cycle the data can be made available;
(E) whether data provided by the Internal Revenue Service can be used to—
(i) prepopulate the electronic version of the FAFSA with student and parent taxpayer data; or
(ii) generate an expected family contribution without additional action on the part of the student and taxpayer;
(F) the extent to which the use of income data from two years prior to a student’s planned enrollment date will change the expected family contribution computed in accordance with part F, and potential adjustments to the need analysis formula that will minimize the change; and
(G) the extent to which the data elements collected on the FAFSA on March 31, 2008, that are needed to determine eligibility for student aid or to administer the Federal student financial aid programs, but are not needed to compute an expected family contribution, such as information regarding the student’s citizenship or permanent residency status, registration for selective service, or driver’s license number, can be reduced without adverse effects.

(3) Study

(A) Formation of study group

Not later than 90 days after August 14, 2008, the Comptroller General shall convene a study group the membership of which shall include the Secretary of Education, the Secretary of the Treasury, and such other individuals as the Comptroller General and the Secretary of Education may designate.

(B) Study required

The Comptroller General, in consultation with the study group convened under subparagraph (A) shall—
(i) review and build on the work of the Secretary of Education and the Secretary of the Treasury, and individuals with expertise in Federal and State financial aid assistance, State chief executive officers of higher education with a demonstrated commitment to simplifying the FAFSA, and such other individuals as the Comptroller General and the Secretary of Education may designate.

(C) Objectives of study

The objectives of the study required under subparagraph (B) are—
(i) to determine methods to shorten the FAFSA and make the FAFSA easier and less time-consuming to complete, thereby increasing higher education access for low-income students;
§ 1090

(D) Required subjects of study

The study required under subparagraph (B) shall examine—

(i) with respect to simplification of the financial aid application process using the statutory requirements for need analysis—

(I) additional steps that can be taken to simplify the financial aid application process for students who (or, in the case of dependent students, whose parents) are not required to file a Federal income tax return for the prior taxable year;

(ii) information on State use of information provided on the FAFSA, including—

(aa) whether a State uses, as of the time of the study, or can use, a student’s expected family contribution based on data from two years prior to the student’s planned enrollment date;

(bb) the extent to which States and institutions will accept the data provided by the Internal Revenue Service to prepopulate the electronic version of the FAFSA to determine the distribution of State and institutional student financial aid funds;

(cc) what data are used by States, as of the time of the study, to determine eligibility for State student financial aid, and whether the data are used for merit- or need-based aid;

(dd) whether State data are required by State law, State regulations, or policy directives; and

(ee) the extent to which any State-specific information requirements can be met by completion of a State application linked to the electronic version of the FAFSA; and

(iii) information on institutional needs, including the extent to which institutions of higher education are already using supplemental forms to collect additional data from students and their families to determine eligibility for institutional funds; and

(iv) ways to reduce the amount of financial information students and families need to provide to receive a determination of eligibility for student financial aid without causing significant redistribution of Federal grants and subsidized loans under this subchapter; and

(v) the amount of redistribution of Federal grants and subsidized loans under this subchapter caused by such a reduction, and the benefits to be gained by having an application process that will be easier for students and their families;

(II) students and families who do not file income tax returns;

(iii) the extent to which the full array of income and asset information collected on the FAFSA, as of the time of the study, plays an important role in the awarding of need-based State financial aid, and whether the State can use an expected family contribution generated by the FAFSA, instead of income and asset information or a calculation with reduced data elements, to support determinations of eligibility for such State aid programs and, if not, what additional information will be needed or what changes to the FAFSA will be required; and

(IV) information on institutional needs, including the extent to which institutions of higher education are already using supplemental forms to collect additional data from students and their families to determine eligibility for institutional funds; and

(V) changes to this chapter or other laws that will be required to implement a modified need analysis system.

(4) Consultation

The Secretary shall consult with the Advisory Committee on Student Financial Assistance established under section 1098 of this title as appropriate in carrying out this subsection.

(h) Adjustments

The Secretary shall disclose, on the form notifying a student of the student’s expected family
contribution, that the student may, on a case-
by-case basis, qualify for an adjustment under section 1087tt of this title to the cost of attend-
ance or the values of the data items required to
calculate the expected contribution for the stu-
dent or parent. Such disclosure shall specify—
(1) the special circumstances under which a
student or family member may qualify for
such adjustment; and
(2) additional information regarding the
steps a student or family member may take in
order to seek an adjustment under section 1087tt of this title.

(1) if the institution has provided such eligibility based on a verification of satisfactory immigration status by the Immigration and Naturalization Service,

(2) because the institution, under subsection (g)(4)(A)(i), was required to provide a reasonable opportunity to submit documentation, or

(3) because the institution, under subsection (g)(4)(B)(i), was required to wait for the response of the Immigration and Naturalization Service to the institution’s request for official verification of the immigration status of the student.

(i) Validity of loan guarantees for loan payments made before immigration status verification completed

(3) Special rule

For award years beginning prior to July 1, 2008, the Secretary shall not take any compliance, disallowance, penalty, or other action based on a violation of this subsection against a student or an eligible institution when such
action arises out of such institution’s prior award of student assistance under this subchapter if the institution demonstrates to the satisfaction of the Secretary that its course of instruction would have been in conformance with the requirements of this subsection.

(1) In general

If a recipient of assistance under this subchapter withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the amount of grant or loan assistance (other than assistance received under part C) to be returned to the subchapter IV programs is calculated according to paragraph (3) and returned in accordance with subsection (b).

(2) Leave of absence

(A) Leave not treated as withdrawal

In the case of a student who takes 1 or more leaves of absence from an institution for not more than a total of 180 days in any 12-month period, the institution may consider the student as not having withdrawn from the institution during the leave of absence, and not calculate the amount of grant and loan assistance provided under this subchapter that is to be returned in accordance with this section if—

(i) the institution has a formal policy regarding leaves of absence;

(ii) the student followed the institution’s policy in requesting a leave of absence; and

(iii) the institution approved the student’s request in accordance with the institution’s policy.

If a student does not return to the institution at the expiration of an approved leave of absence that meets the requirements of subparagraph (A), the institution shall calculate the amount of grant and loan assistance provided under this subchapter that is to be returned in accordance with this section based on the day the student withdrew (as determined under subsection (c)).

(3) Calculation of amount of subchapter IV assistance earned

(A) In general

The amount of grant or loan assistance under this subchapter that is earned by the recipient for purposes of this section is calculated by—

(B) Percentage earned

For purposes of subparagraph (A)(i), the percentage of grant or loan assistance under this subchapter that has been earned by the student is—

(i) equal to the percentage of the payment period or period of enrollment for which assistance was awarded that was completed (as determined in accordance with subsection (d)) as of the day the student withdrew, provided that such date occurs on or before the completion of 60 percent of the payment period or period of enrollment; or

(ii) 100 percent, if the day the student withdrew occurs after the student has completed (as determined in accordance with subsection (d)) 60 percent of the payment period or period of enrollment.

The institution shall document in the borrower’s file the result of such contact and the final determination made concerning such disbursement.

(ii) whose attendance was interrupted because of the impact of the disaster on the student or the institution; and

(ii) the student otherwise provided official notification to the institution of the intent to withdraw; or

(iii) in the case of a student who does not begin the withdrawal process or otherwise notify the institution of the intent to withdraw, the date that is the mid-point of the payment period for which assistance under this subchapter was disbursed or a later date documented by the institution; or

(B) for institutions required to take attendance, is determined by the institution from such attendance records.

(2) Special rule

Notwithstanding paragraph (1), if the institution determines that a student did not begin the withdrawal process, or otherwise notify the institution of the intent to withdraw, due to illness, accident, grievous personal loss, or other such circumstances beyond the student’s control, the institution may determine the appropriate withdrawal date.

(d) Percentage of the payment period or period of enrollment completed

For purposes of subsection (a)(3)(B), the percentage of the payment period or period of enrollment for which assistance was awarded that was completed, is determined—

(B) Failure to give advance notice

Any student (or an appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance written or verbal notice of service to the appropriate official at the institution of higher education in accordance with paragraph (1)(A) may meet the notice requirement by submitting, at the time the student seeks re-admission, an attestation to the student's institution of higher education that the student performed service in the uniformed services that necessitated the student's absence from the institution of higher education.

(3) Applicability

This section shall apply to a student who is absent from an institution of higher education by reason of service in the uniformed services if such student's cumulative period of service in the uniformed services (including the National Guard or Reserve), with respect to the institution of higher education for which a student seeks readmission, does not exceed five years, except that any such period of service shall not include any service—

(A) that is required, beyond five years, to complete an initial period of obligated service;

(5) The Secretary shall permit any institution of higher education that is a member of an athletic association or athletic conference that has voluntarily published completion or graduation rate data or has agreed to publish data that, in the opinion of the Secretary, is substantially comparable to the information required under this subsection, to use such data to satisfy the requirements of this subsection.

If such number is not sufficient for such purposes, then the institution shall note that the institution enrolled too few of such students to so disclose or report with confidence and confidentiality.

(ii) The requirements of clause (i) shall not apply to two-year, degree-granting institutions of higher education until academic year 2011-2012.

(ix) a notice to borrowers about the avail-

System and how the system can be used by a
borrower to obtain information on the status
of the borrower's loans; and
(B) In the case of borrower who leaves an insti-
tution without the prior knowledge of the insti-
tution, the institution shall attempt to provide
the information described in subparagraph (A)
to the student in writing.
(2)(A) Each eligible institution shall require
that the borrower of a loan made under part B,
D, or E submit to the institution, during the exit
interview required by this subsection—

(C) Nothing in this subsection shall be con-
strued to prohibit an institution of higher edu-
cation from utilizing electronic means to pro-
vide personalized exit counseling.

(c) Financial assistance information personnel
Each eligible institution shall designate an
employee or group of employees who shall be
available on a full-time basis to assist students
or potential students in obtaining information
as specified in subsection (a). The Secretary
can, by regulation, waive the requirement that
an employee or employees be available on a full-
time basis for carrying out responsibilities re-
quired under this section whenever an institu-
tion in which the total enrollment, or the por-
tion of the enrollment participating in programs
under this subchapter at that institution, is too
small to necessitate such employee or employ-
es being available on a full-time basis. No such
waiver may include permission to exempt any
such institution from designating a specific in-
dividual or a group of individuals to carry out
the provisions of this section.

(d) Departmental publication of descriptions of
assistance programs
(1) The Secretary shall make available to eli-
gible institutions, eligible lenders, and second-
ary schools descriptions of Federal student as-
sistance programs including the rights and re-
sponsibilities of student and institutional par-
tsicipants, in order to (A) assist students in gain-
ing information through institutional sources,
and (B) assist institutions in carrying out the
provisions of this section. In particular, such in-
formation shall include information to enable
students and prospective students to assess the
debt burden and monthly and total repayment obligations that
will be incurred as a result of receiving loans of
varying amounts under this subchapter. Such
information shall also include information on
the various payment options available for stu-
dent loans, including income-sensitive and in-
come-based repayment plans for loans made, insured, or guaranteed under part B and income-contingent and income-based repayment plans for loans made under part D. In addition, such information shall include information to enable borrowers to assess the practical consequences of loan consolidation, including differences in deferment eligibility, interest rates, monthly payments, and finance charges, and samples of loan consolidation profiles to illustrate such consequences. The Secretary shall provide information concerning the specific terms and conditions under which students may obtain partial or total cancellation or defer repayment of loans for service, shall indicate (in terms of the Federal minimum wage) the maximum level of compensation and allowances that a student borrower may receive from a tax-exempt organization to qualify for a deferment, and shall explicitly state that students may qualify for such partial cancellations or deferments when they serve as a paid employee of a tax-exempt organization. The Secretary shall also provide information on loan forbearance, including the increase in debt that results from capitalization of interest. Such information shall be provided by eligible institutions and eligible lenders at any time that information regarding loan availability is provided to any student. 

(2) The Secretary, to the extent the information is available, shall compile information describing State and other prepaid tuition programs and savings programs and disseminate such information to States, eligible institutions, students, and parents in departmental publications.

(3) The Secretary, to the extent practicable, shall update the Department’s Internet site to include direct links to databases that contain information on public and private financial assistance programs. The Secretary shall only provide direct links to databases that can be accessed without charge and shall make reasonable efforts to verify that the databases included in a direct link are not providing fraudulent information. The Secretary shall prominently display adjacent to any such direct link a disclaimer indicating that a direct link to a database does not constitute an endorsement or recommendation of the database, the provider of the database, or any services or products of such provider. The Secretary shall provide additional direct links to information resources from which students may obtain information about fraudulent and deceptive practices in the provision of services related to student financial aid.

(4) The Secretary shall widely publicize the location of the information described in paragraph (1) among the public, eligible institutions, and eligible lenders, and promote the use of such information by prospective students, enrolled students, families of prospective and enrolled students, and borrowers.

(e) Disclosures required with respect to athletically related student aid

(1) Each institution of higher education which participates in any program under this subchapter and is attended by students receiving athletically related student aid shall annually submit a report to the Secretary which contains—

(A) the number of students at the institution of higher education who received athletically related student aid broken down by race and sex in the following sports: basketball, football, baseball, cross country/track, and all other sports combined;

(B) the number of students at the institution of higher education, broken down by race and sex;

(C) the completion or graduation rate for students at the institution of higher education who received athletically related student aid broken down by race and sex in the following sports: basketball, football, baseball, cross country/track and all other sports combined;

(D) the completion or graduation rate for students at the institution of higher education, broken down by race and sex;

(E) the average completion or graduation rate for the 4 most recent completing or graduating classes of students at the institution of higher education who received athletically related student aid broken down by race and sex in the following categories: basketball, football, baseball, cross country/track, and all other sports combined; and

(F) the average completion or graduation rate for the 4 most recent completing or graduating classes of students at the institution of higher education broken down by race and sex.

(2) When an institution described in paragraph (1) of this subsection offers a potential student athlete athletically related student aid, such institution shall provide to the student and the student’s parents, guidance counselor, and coach the information contained in the report submitted by such institution pursuant to paragraph (1). If the institution is a member of a national collegiate athletic association that compiles graduation rate data on behalf of the association’s member institutions that the Secretary determines is substantially comparable to the information described in paragraph (1), the distribution of the compilation of such data to all secondary schools in the United States shall fulfill the responsibility of the institution to provide information to a prospective student athlete’s guidance counselor and coach.

(3) For purposes of this subsection, institutions may—

(A) exclude from the reporting requirements under paragraphs (1) and (2) the completion or graduation rates of students and student athletes who leave school to serve in the Armed Forces, on official church missions, or with a recognized foreign aid service of the Federal Government; or

(B) in cases where the students described in subparagraph (A) represent 20 percent or more of the certificate- or degree-seeking, full-time, undergraduate students at the institution, calculate the completion or graduation rates of such students by excluding from the calculations described in paragraph (1) the time period during which such students were not enrolled due to their service in the Armed Forces, on official church missions, or with a recognized foreign aid service of the Federal Government.

(4) Each institution of higher education described in paragraph (1) may provide supple-
mental information to students and the Secretary showing the completion or graduation rate when such completion or graduation rate includes students transferring into and out of such institution.

(5) The Secretary, using the reports submitted under this subsection, shall compile and publish a report containing the information required under paragraph (1) broken down by—

(A) individual institutions of higher education; and

(B) athletic conferences recognized by the National Collegiate Athletic Association and the National Association of Intercollegiate Athletics.

(6) The Secretary shall waive the requirements of this subsection for any institution of higher education that is a member of an athletic association or athletic conference that has voluntarily published completion or graduation rate data or has agreed to publish data that, in the opinion of the Secretary, is substantially comparable to the information required under this subsection.

(7) The Secretary, in conjunction with the National Junior College Athletic Association, shall develop and obtain data on completion or graduation rates from two-year colleges that award athletically related student aid. Such data shall, to the extent practicable, be consistent with the reporting requirements set forth in this section.

(8) For purposes of this subsection, the term “athletically related student aid” means any scholarship, grant, or other form of financial assistance the terms of which require the recipient to participate in a program of intercollegiate athletics at an institution of higher education in order to be eligible to receive such assistance.

(9) The reports required by this subsection shall be due each July 1 and shall cover the 1-year period ending August 31 of the preceding year.

**IMPROVING REPAYMENT OPTIONS FOR FEDERAL STUDENT LOAN BORROWERS**

Memorandum of President of the United States, June 7, 2012, 77 P.R.R. 35241, provided:

Memorandum for the Secretary of Education (and) the Secretary of the Treasury

More individuals than ever before are using student loans to finance college. Nearly two-thirds of college graduates borrow to pay for college, with an average debt upon graduation of about $26,300. While a college education remains an excellent investment, this debt can be overly burdensome, especially for recent graduates during the first few years of their careers.

The Income-Based Repayment (IBR) plan for Federal student loans currently allows former students to cap their monthly loan payments at 15 percent of their discretionary income and be eligible to have their remaining loan balances forgiven after 20 years of responsible payments; and (2) the proposed Pay As You Earn plan, which will allow many students to cap their monthly loan repayments at 10 percent of their discretionary income and be eligible for loan forgiveness after 20 years of responsible repayment; and

(b) develop and make available to borrowers an online tool to help students make better financial decisions, including understanding their loan debt and its impact on their everyday lives. This tool should incorporate key elements of best practices in financial literacy and link to students’ actual Federal loan data to help them understand their individual circumstances and options for repayment.

**SIRC. 3. Improved Notification of the Income-Based Repayment Plan.** The Secretary of Education shall instruct Federal direct student loan servicers to make borrowers aware of the option to participate in IBR before a student leaves school and upon entering repayment. Within 1 year of the date of this memorandum, the Department of Education shall make available, for institutions of higher education, a model exit counseling module that will enable students to understand their repayment options before leaving school and to choose a repayment plan for their student loans that best meets their needs.

**SIRC. 4. General Provisions.** (a) Nothing in this memorandum shall be construed to impair or otherwise affect—

(i) the authority granted by law to an agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or proce-
dural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Secretary of Education is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

ESTABLISHING A WHITE HOUSE TASK FORCE TO PROTECT STUDENTS FROM SEXUAL ASSAULT

Memorandum for the Heads of Executive Departments and Agencies

Memorandum of President of the United States, Jan. 22, 2014, 79 F.R. 4385, provided:

The prevalence of rape and sexual assault at our Nation’s institutions of higher education is both deeply troubling and a call to action. Studies show that about one in five women is a survivor of attempted or completed sexual violence while in college. In addition, a substantial number of men experience sexual violence during college. Although schools have made progress in addressing rape and sexual assault, more needs to be done to ensure safe, secure environments for students of higher education.

There are a number of Federal laws aimed at making our campuses safer, and the Departments of Education and Justice have been working to enforce them. Among other requirements, institutions of higher education participating in Federal student financial assistance programs (institutions), including colleges, universities, community colleges, graduate and professional schools, for-profit schools, trade schools, and career and technical schools, must provide students with information on programs aimed at preventing rape and sexual assault, and on procedures for students to reporting rape and sexual assault. Institutions must also adopt and publish grievance procedures that provide for the prompt and equitable resolution of rape and sexual assault complaints, and investigate reports of rape and sexual assault and take swift action to prevent their recurrence. Survivors of rape and sexual assault must also be provided with information on how to access the support and services they need. Reports show, however, that institutions’ compliance with these Federal laws is uneven and, in too many cases, inadequate. Building on existing enforcement efforts, we must strengthen and address compliance issues and provide institutions with additional tools to respond to and address rape and sexual assault.

Therefore, I am directing the Office of the Vice President and the White House Council on Women and Girls to lead an interagency effort to address campus rape and sexual assault, including coordinating Federal enforcement efforts by executive departments and agencies (agencies) and helping institutions meet their obligations under Federal law. To these ends, it is hereby ordered as follows:

SECTION 1. Establishment of the White House Task Force to Protect Students from Sexual Assault. There is established a White House Task Force to Protect Students from Sexual Assault (Task Force). The Task Force shall be co-chaired by designees of the Office of the Vice President and the White House Council on Women and Girls.

(a) Membership of the Task Force. In addition to the Co-Chairs, the Task Force shall consist of the following members:

(i) the Attorney General;
(ii) the Secretary of the Interior;
(iii) the Secretary of Health and Human Services;
(iv) the Secretary of Education;
(v) the Director of the Office of Science and Technology Policy;
(vi) the Director of the Domestic Policy Council;
(vii) the Cabinet Secretary; and
(viii) the heads of agencies or offices as the Co-Chairs may designate.

(b) A member of the Task Force may designate, to perform the Task Force functions of the member, senior officials who are part of the member’s agency or office, and who are full-time officers or employees of the Federal Government.

SIC. 2. Mission and Function of the Task Force. (a) The Task Force shall work with agencies to develop a coordinated Federal response to campus rape and sexual assault. The functions of the Task Force are advisory only and shall include making recommendations to meet the following objectives:

(i) providing institutions with evidence-based best and promising practices for preventing and responding to rape and sexual assault;
(ii) building on the Federal Government’s existing enforcement efforts to ensure that institutions comply fully with their legal obligations to prevent and respond to rape and sexual assault;
(iii) increasing the transparency of the Federal Government’s enforcement activities concerning rape and sexual assault, consistent with applicable law and the interests of affected students;
(iv) broadening the public’s awareness of individual institutions’ compliance with their legal obligation to address rape and sexual assault; and
(v) facilitating coordination among agencies engaged in addressing rape and sexual assault and those charged with helping institutions into compliance with the law.

(b) In accordance with applicable law and in addition to regular meetings, the Task Force shall consult with external stakeholders, including institution officials, student groups, parents, athletic and educational associations, local rape crisis centers, and law enforcement agencies.

(c) Because rape and sexual assault also occur in the elementary and secondary school context, the Task Force shall evaluate how its proposals and recommendations may apply to, and may be implemented by, schools, school districts, and other elementary and secondary educational entities receiving Federal financial assistance.

SIC. 3. Action Plan. (a) Within 90 days of the date of this memorandum, the Task Force shall develop and submit proposals and recommendations to the President for:

(i) providing examples of instructions, policies, and protocols for institutions, including: rape and sexual assault policies; prevention programs; crisis intervention and advocacy services; complaint and grievance procedures; investigation protocols; adjudicatory procedures; disciplinary sanctions; and training and orientation modules for students, staff, and faculty;
(ii) measuring the success of prevention and response efforts at institutions, whether through compliance with individual policies or through broader assessments of campus climate, attitudes and safety, and providing the public with this information;
(iii) maximizing the Federal Government’s effectiveness in combatting campus rape and sexual assault by, among other measures, making its enforcement activities transparent and accessible to students and prospective students nationwide; and
(iv) promoting greater coordination and consistency among the agencies and offices that enforce the Federal laws addressing campus rape and sexual assault and support improved campus responses to sexual violence.

HELPING STRUGGLING FEDERAL STUDENT LOAN BORROWERS MANAGE THEIR DEBT

Memorandum of President of the United States, June 9, 2014, 79 F.R. 33843, provided:

Memorandum for the Secretary of the Treasury[, and] the Secretary of Education

A college education is the single most important investment that Americans can make in their futures. College remains a good investment, resulting in higher earnings and a lower risk of unemployment. Unfortunately, for many low- and middle-income families, college is slipping out of reach. Over the past three decades, the average tuition at a public four-year college has more than tripled, while a typical family’s income has increased only modestly. More students than ever are relying on loans to pay for college. Today, 71 percent of those earning a bachelor’s degree graduate with debt, which averages $29,400. While most students are able to repay their loans, many feel burdened by debt, especially as they seek to start a family, buy a home, launch a business, or save for retirement.

Over the past several years, my Administration has worked to ensure that college remains affordable and student debt is manageable, including through raising the maximum Pell Grant award by nearly $1,000, creating the American Opportunity Tax Credit, and expanding access to student loan repayment plans, where monthly obligations are calibrated to a borrower’s income and debt. These income-driven repayment plans, like my Pay As You Earn plan, which caps a Federal student loan borrower’s payments at 10 percent of income, can be an effective tool to help individuals manage their debt, and pursue their careers while avoiding consequences of defaulting on a Federal student loan, such as a damaged credit rating, a tax refund offset, or garnished wages.

While my Administration has made significant strides in expanding repayment options available to borrowers and building awareness of income-driven repayment plans, more needs to be done. Currently, not all student borrowers of Federal Direct Loans can cap their monthly loan payments at 10 percent of income, and too many struggling borrowers are still unaware of the options available to them to help responsibly manage their debt.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

Section 1. Expanding the President’s Pay As You Earn Plan to More Federal Direct Loan Borrowers. Within 1 year after the date of this memorandum, the Secretary of Education shall propose regulations that will allow additional students who borrowed Federal Direct Loans to cap their Federal student loan payments at 10 percent of their income. The Secretary shall seek to target this option to those borrowers who would otherwise struggle to repay their loans. The Secretary shall issue final regulations in a timely fashion after considering all public comments, as appropriate, with the goal of making the repayment option available to borrowers by December 31, 2015.

BARACK OBAMA.

STUDENT AID BILL OF RIGHTS TO HELP ENSURE AFFORDABLE LOAN REPAYMENT

Memorandum of President of the United States, Mar. 10, 2015, 80 F.R. 13475, provided:

Memorandum for the Secretary of the Treasury[,] the Secretary of Education[,] the Commissioner of Social Security[,] the Director of the Consumer Financial Protection Bureau[,] the Director of the Office of Management and Budget[,] the Director of the Office of Management and Budget[,] and the Director of the Office of...
Science and Technology Policy, and the Director of the Domestic Policy Council.

America thrived in the 20th century in large part because we had the most educated workforce in the world. Today, more than ever, Americans need knowledge and skills to meet the demands of a growing global economy. Since many students borrow to pay for post-secondary education, it is critical for students to manage their debt as they embark on their careers. My Administration has taken historic action to ensure that college remains affordable and student debt is manageable. We have eliminated tens of billions of dollars in student loan subsidies paid to banks in order to increase the maximum Pell Grant by nearly $1,000 and provide a path for borrowers to limit payments on many student loans to 10 percent of income, and we have worked with the Congress to enact the American Opportunity Tax Credit, worth $10,000 over 4 years of college. We have promoted innovation and competition to bring down college costs, increased transparency, the information and flexibility they need to repay their loan responsibly and avoid default, and protections to ensure that they will be treated fairly even if they struggle to repay their loans.

Now is the time for stronger protections for the more than 40 million Americans with student loan debt. All student loan borrowers should have access to an efficient and responsive complaint and feedback system that holds loan servicers accountable and promotes transparency, the information and flexibility they need to repay their loan responsibly and avoid default, and protections to ensure that they will be treated fairly even if they struggle to repay their loans.

Therefore, by the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

(a) Complaints and Feedback Regarding Federal Financial Aid. By July 1, 2016, the Secretary of Education shall develop and implement a simple process for borrowers to file complaints regarding Federal financial aid and including those pertaining to lenders, loan servicers, private collection agencies, and institutions of higher education. The process shall allow people to file a complaint and monitor its progress toward resolution. In addition, the Department of Education will provide data from the complaint system to other enforcement agencies that are responsible for oversight of Federal student loan servicers, loan servicers, private collection agencies, and institutions of higher education. By October 1, 2017, and annually thereafter, the Department of Education shall publish a report summarizing and analyzing the content in and resolution of borrower complaints and feedback received through the process. By October 1, 2015, the Secretary of Education shall report to the President, through the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, a process for sharing information with relevant enforcement agencies so that those enforcement agencies may refer matters where there may be violations of consumer protection law.

(b) Higher Customer Service Standards in Income-Driven Repayment Plans. By October 1, 2015, the Secretary of Education shall report to the President, through the Director of the Domestic Policy Council, on the findings of a pilot program to test new methods for communicating with borrowers who have Federal Direct student loans on which they are at least 140 days delinquent but which have not entered default. By January 1, 2017, the Secretary shall also, in consultation with the Director of the White House Office of Science and Technology Policy, develop and implement at least five behaviorally designed pilot programs to identify the most effective ways to communicate with borrowers to maximize successful borrower repayment. By January 1, 2017, the Secretary of Education shall, in consultation with the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, a process for sharing information with relevant enforcement agencies so that those enforcement agencies may refer matters where there may be violations of consumer protection law.

(c) Additional Protections for Student Loan Borrowers. By October 1, 2015, the Secretary of Education, in consultation with the Director of the Domestic Policy Council and the Director of the Consumer Financial Protection Bureau, shall issue a report to the President, through the Director of the Domestic Policy Council and the Director of the Office of Management and Budget, on (i) whether statutory or regulatory changes are needed to current provisions that permit the Secretary of Education to specify acts or omissions at institutions of higher education that borrowers may assert as a defense to repayment of a direct loan; and (ii) after assessing the potential applicability of consumer protections in the mortgage and credit card markets to student loans, recommendations for statutory or regulatory changes in this area, including, where appropriate, strong servicing standards, flexible repayment opportunities for all student loan borrowers, and changes to bankruptcy laws.

(d) Higher Standards for Federal Direct Loan Servicing. By January 1, 2016, the Secretary of Education shall require all Federal Direct student loan servicers to provide enhanced disclosures to borrowers and strengthened consumer protections. These disclosures and consumer protections shall be improved through the prepayment process, and shall include disclosures to borrowers regarding loan transfers from one servicer to another and notifications when borrowers become delinquent or have incomplete applications to change repayment plans. As soon as practicable, the Secretary shall direct all Federal Direct student loan servicers to apply prepayments to loans with the highest interest rate to ensure consistency across servicers, unless otherwise instructed by borrowers.

(e) Finding New and Better Ways to Communicate with Student Loan Borrowers. By January 1, 2016, the Secretary of Education shall report to the President, through the Director of the Domestic Policy Council, on the findings of a pilot program to test new methods for communicating with borrowers who have Federal Direct student loans on which they are at least 140 days delinquent but which have not entered default. By January 1, 2017, the Secretary shall also, in consultation with the Director of the White House Office of Science and Technology Policy, develop and implement at least five behaviorally designed pilot programs to identify the most effective ways to communicate with borrowers to maximize successful borrower repayment.
Council, on the status and results of those pilot programs.

(f) Making it Easier for Federal Direct Student Loan Borrowers to Repay Their Student Loans. As soon as practicable, the Secretary of Education shall establish a centralized point of access for all Federal student loan borrowers in repayment, including a central location for account information and payment processing for all Federal student loan servicing, regardless of the specific servicer.

§ 1092a. Combined payment plan

(a) Eligibility for plan

Upon the request of the borrower, a lender described in subparagraph (A), (B), or (C) of section 1078–3(a)(1) of this title, or an eligible lender as defined in section 719 of the Public Health Service Act (42 U.S.C. 292) may, with respect to a consolidation loan made under section 1078–3 of this title and loans guaranteed under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.), offer a combined payment plan under which the lender shall submit one bill to the borrower for the repayment of all such loans for the monthly or other similar period of repayment.

(b) Applicability of other requirements

A lender offering a combined payment plan shall comply with all provisions of section 1078–3 of this title applicable to loans consolidated or to be consolidated and shall comply with all provisions of part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.) applicable to loans under that subpart which are made part of the combined payment plan, except that a lender offering a combined payment plan under this section may offer consolidation loans pursuant to section 1078–3(b)(1)(A) of this title if such lender holds any outstanding loan of a borrower which is selected for inclusion in a combined payment plan.

(c) Lender eligibility

Such lender may offer a combined payment plan only if:

(1) the lender holds an outstanding loan of that borrower which is selected by the borrower for incorporation into a combined payment plan pursuant to this section (including loans which are selected by the borrower for consolidation under this section); or

(2) the borrower certifies that the borrower has sought and has been unable to obtain a combined payment plan from the holders of the outstanding loans of that borrower.

(d) Borrower selection of competing offers

In the case of multiple offers by lenders to administer a combined payment plan for a borrower, the borrower shall select from among them the lender to administer the combined payment plan including its loan consolidation component.

(e) Effect of plan

Upon selection of a lender to administer the combined payment plan, the lender may reissue any loan under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.) selected by the borrower for incorporation in the combined payment plan which is not held by such lender and the proceeds of such reissued loan shall be paid by the lender to the holder or holders of the loans so selected to discharge the liability on such loans.

(1) the lender selected to administer the combined payment plan has determined to its satisfaction, in accordance with reasonable and prudent business practices, for each loan

being reissued (A) that the loan is a legal, valid, and binding obligation of the borrower; (B) that each such loan was made and serviced in compliance with applicable laws and regulations; and (C) the insurance on such loan is in full force and effect; and
(2) the loan being reissued was not in default (as defined in section 707(e)(3) of the Public Health Service Act [42 U.S.C. 292f(e)(3)]) at the time the request for a combined payment plan is made.

(f) Notes and insurance certificates
(1) Each loan reissued under subsection (e) shall be evidenced by a note executed by the borrower. The Secretary of Health and Human Services shall insure such loan under a certificate of comprehensive insurance with no insurance limit, but any such certificate shall only be issued to an authorized holder of loans insured under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.) (including the Student Loan Marketing Association). Such certificates shall provide that all loans reissued under this section shall be fully insured against loss of principal and interest. Any insurance issued with respect to loans reissued under this section shall be excluded from the limitation on maximum insurance authority set forth in section 710 of the Public Health Service Act [42 U.S.C. 292]. Notwithstanding the provisions of section 729(a)1 of the Public Health Service Act, the reissued loan shall be made in an amount, including outstanding principal, capitalized interest, accrued unpaid interest not yet capitalized, and authorized late charges. The proceeds of each such loan will be paid by the lender to the holder of the original loan being reissued and the borrower’s obligation to that holder on that loan shall be discharged.
(2) Except as otherwise specifically provided for under the provisions of this section, the terms of any reissued loan shall be the same as the terms of the original loan. The maximum repayment period for a loan reissued under this section shall not exceed the remainder of the period which would have been permitted on the original loan. If the lender holds more than one loan insured under part A of title VII of the Public Health Service Act (42 U.S.C. 292 et seq.), the maximum repayment period for all such loans may extend to the latest date permitted for any individual loan. Any reissued loan may be consolidated with any other Health Education Assistance Loan as provided in the Public Health Service Act [42 U.S.C. 201 et seq.], and, with the concurrence of the borrower, repayment of any such loans during any period may be made in amounts that are less than the interest that accrues on such loans during that period.

(g) Termination of borrower eligibility
The status of an individual as an eligible combined payment plan borrower terminates upon receipt of a combined payment plan.

(h) Fees and premiums
No origination fee or insurance premium shall be charged to the borrower on any combined payment plan, and no origination fee or insurance premium shall be payable by the lender to the Secretary of Health and Human Services.

(i) Commencement of repayment
Repayment of a combined payment plan shall commence within 60 days after the later of the date of acceptance of the lender’s offer to administer a combined payment plan, the making of the consolidation loan or the reissuance of any Health Education Assistance Loans pursuant to subsection (e).

FINDINGS

Pub. L. 106–420, § 2, Nov. 1, 2000, 114 Stat. 1867, provided that: "Congress makes the following findings:

(1) A substantial amount of fraud occurs in the offering of college educational financial assistance services to consumers.

(2) Such fraud includes the following:

(A) Misrepresentations regarding the provision of sources from which consumers may obtain financial assistance (including scholarships, grants, loans, tuition, awards, and other assistance) for purposes of financing a college education.

(B) Misrepresentations regarding the provision of portfolios of such assistance tailored to the needs of specific consumers.

(C) Misrepresentations regarding the pre-selection of students as eligible to receive such assistance.

(D) Misrepresentations that such assistance will be provided to consumers who purchase specified services from specified entities.

(E) Misrepresentations regarding the business relationships between particular entities and entities that award or may award such assistance.

(F) Misrepresentations regarding refunds of processing fees if consumers are not provided specified amounts of such assistance, and other misrepresentations regarding refunds.

(3) In 1996, the Federal Trade Commission launched 'Project Scholarscam', a joint law enforcement and consumer education campaign directed at fraudulent purveyors of so-called 'scholarship services'.

(4) Despite the efforts of the Federal Trade Commission, colleges and universities, and nongovernmental organizations, the continued lack of awareness about scholarship fraud permits a significant amount of fraudulent activity to occur."

The amount of such penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owing by the United States to the institution charged.

**§ 1094a. Regulatory relief and improvement**

(a) Quality Assurance Program

(1) In general

The Secretary is authorized to select institutions for voluntary participation in a Quality Assurance Program that provides participating institutions with an alternative management approach through which individual schools develop and implement their own comprehensive systems, related to processing and disbursement of student financial aid, verification of student financial aid application data, and entrance and exit interviews, thereby enhancing program integrity within the student aid delivery system.

(2) Criteria and consideration

The Quality Assurance Program authorized by this section shall be based on criteria that include demonstrated institutional performance, as determined by the Secretary, and shall take into consideration current quality assurance goals, as determined by the Secretary. The selection criteria shall ensure the participation of a diverse group of institutions of higher education with respect to size, mission, and geographical distribution.

(3) Waiver

The Secretary is authorized to waive for any institution participating in the Quality Assurance Program any regulations dealing with reporting or verification requirements in this subchapter that are addressed by the institution’s alternative management system, and may substitute such quality assurance reporting as the Secretary determines necessary to ensure accountability and compliance with the purposes of the programs under this subchapter. The Secretary shall not modify or waive any statutory requirements pursuant to this paragraph.

(4) Determination

The Secretary is authorized to determine—

(A) when an institution that is unable to administer the Quality Assurance Program shall be removed from such program; and

(B) when institutions desiring to cease participation in such program will be re-
required to complete the current award year under the requirements of the Quality Assurance Program.

(5) Review and evaluation

The Secretary shall review and evaluate the Quality Assurance Program conducted by each participating institution and, on the basis of that evaluation, make recommendations regarding amendments to this chapter that will streamline the administration and enhance the integrity of Federal student assistance programs. Such recommendations shall be submitted to the authorizing committees.

(b) Regulatory improvement and streamlining experiments

(1) In general

The Secretary shall continue the voluntary participation of any experimental sites in existence as of July 1, 2007, unless the Secretary determines that such site’s participation has not been successful in carrying out the purposes of this section. Any experimental sites approved by the Secretary prior to such date that have not been successful in carrying out the purposes of this section shall be discontinued not later than June 30, 2010.

(2) Report

The Secretary shall review and evaluate the experience of institutions participating as experimental sites and shall, on a biennial basis, submit a report based on the review and evaluation to the authorizing committees. Such report shall include—

(A) a list of participating institutions and the specific statutory or regulatory waivers granted to each institution;

(B) the findings and conclusions reached regarding each of the experiments conducted; and

(C) recommendations for amendments to improve and streamline this chapter, based on the results of the experiment.

(3) Selection

(A) In general

The Secretary is authorized to periodically select a limited number of additional institutions for voluntary participation as experimental sites to provide recommendations to the Secretary on the impact and effectiveness of proposed regulations or new management initiatives.

(B) Waivers

The Secretary is authorized to waive, for any institution participating as an experimental site under subparagraph (A), any requirements in this subchapter, including requirements related to the award process and disbursement of student financial aid (such as innovative delivery systems for modular or compressed courses, or other innovative systems), verification of student financial aid application data, entrance and exit interviews, or other management procedures or processes as determined in the negotiated rulemaking process under section 1098a of this title, or regulations prescribed under this subchapter, that will bias the results of the experiment, except that the Secretary shall not waive any provisions with respect to award rules (other than an award rule related to an experiment in modular or compressed schedules), grant and loan maximum award amounts, and need analysis requirements unless the waiver of such provisions is authorized by another provision under this subchapter.

(4) Determination of success

For the purposes of paragraph (1), the Secretary shall make a determination of success regarding an institution’s participation as an experimental site based on—

(A) the ability of the experimental site to reduce administrative burdens to the institution, as documented in the Secretary’s biennial report under paragraph (2), without creating costs for the taxpayer; and

(B) whether the experimental site has improved the delivery of services to, or otherwise benefitted, students.

(c) “Current award year” defined

For purposes of this section, the term “current award year” means the award year during which the participating institution indicates the institution’s intention to cease participation.

(2) Actions authorized

The Secretary is authorized to waive or modify any provision described in paragraph (1) as may be necessary to ensure that—

(A) recipients of student financial assistance under title IV of the Act who are affected individuals are not placed in a worse position financially in relation to that financial assistance because of their status as affected individuals;

(B) administrative requirements placed on affected individuals who are recipients of student financial assistance are minimized, to the extent possible without impairing the integrity of the student financial assistance programs, to ease the burden on such students and avoid inadvertent, technical violations or defaults;

(C) the calculation of “annual adjusted family income” and “available income”, as used in the determination of need for student financial assistance under title IV of the Act for any such affected individual (and the determination of such need for his or her spouse and dependents, if applicable), may be modified to mean the sums received in the first calendar year of the award year for which such determination is made, in order to reflect more accurately the financial condition of such affected individual and his or her family;

(D) the calculation under section 481A(b)(2) of the Act [20 U.S.C. 1091b(b)(2)] of the amount a student is required to return in the case of an affected individual may be modified so that no overpayment will be required to be returned or repaid if the institution has documented (i) the student’s status as an affected individual in the student’s file, and (ii) the amount of any overpayment discharged; and

(E) institutions of higher education, eligible lenders, guaranty agencies, and other entities participating in the student assistance programs under title IV of the Act that are located in areas that are declared disaster areas by any Federal, State or local official in connection with a national emergency, or whose operations are significantly affected by such a disaster, may be granted temporary relief from requirements that are rendered infeasible or unreasonable by a national emergency, including due diligence requirements and reporting deadlines.

The report shall include the basis for such determination, and shall be made promptly after the end of the fiscal year in which the Secretary issues such waivers or modifications.

(d) No delay in waivers and modifications

Sections 482(c) and 492 of the Higher Education Act of 1965 (20 U.S.C. 1089(c), 1098a) shall not apply to the waivers and modifications authorized or required by this part.

(2) if affected individuals withdraw from a course of study as a result of such active duty or active service, such institutions should make every effort to minimize deferral of enrollment or reapplication requirements and should provide the greatest flexibility possible with administrative deadlines related to those applications.

(b) Definition of full refund

For purposes of this section, a full refund includes a refund of required tuition and fees, or a credit in a comparable amount against future tuition and fees.

(d) Length of recognition

No accrediting agency or association may be recognized by the Secretary for the purpose of this chapter for a period of more than 5 years.

Nothing in this section shall be construed to permit the Secretary to establish any criteria that specifies, defines, or prescribes the standards that accrediting agencies or associations shall use to assess any institution’s success with respect to student achievement.

The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is in the process of changing its accrediting agency or association, unless the eligible institution submits to the Secretary all materials relating to the prior accreditation, including materials demonstrating reasonable cause for changing the accrediting agency or association.

(i) Dual accreditation rule

The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is accredited, as an institution, by more than one accrediting agency or association, unless the institution submits to each such agency and association and to the Secretary the reasons for accreditation by more than one such agency or association and demonstrates to the Secretary reasonable cause for its accreditation by more than one agency or association. If the institution is accredited, as an institution, by more than one accrediting agency or association, the institution shall designate which agency’s accreditation shall be utilized in determining the institution’s eligibility for programs under this chapter.

(3) has withdrawn from accreditation voluntarily under a show cause or suspension order during the preceding 24 months, unless such order has been rescinded by the same accrediting agency.

(k) Religious institution rule

Notwithstanding subsection (j), the Secretary shall allow an institution that has had its accreditation withdrawn, revoked, or otherwise terminated, or has voluntarily withdrawn from an accreditation agency, to remain certified as an institution of higher education under section 1002 of this title and subpart 3 of this part for a period sufficient to allow such institution to obtain alternative accreditation, if the Secretary determines that the reason for the withdrawal, revocation, or termination—

(1) is related to the religious mission or affiliation of the institution; and

(2) is not related to the accreditation criteria provided for in this section.

(l) Limitation, suspension, or termination of recognition

(1) If the Secretary determines that an accrediting agency or association has failed to apply effectively the criteria in this section, or is otherwise not in compliance with the requirements of this section, the Secretary shall—

§ 1099b	TITLE 20—EDUCATION	Page 682

(B) site visits, including unannounced site visits as appropriate, at accrediting agencies and associations, and, at the Secretary’s discretion, at representative member institutions.

(2) The Secretary shall place a priority for review of accrediting agencies or associations on those agencies or associations that accredit institutions of higher education that participate most extensively in the programs authorized by this subchapter and on those agencies or associations which have been the subject of the most complaints or legal actions.

(3) The Secretary shall consider all available relevant information concerning the compliance of the accrediting agency or association with the criteria provided for in this section, including any complaints or legal actions against such agency or association. In cases where deficiencies in the performance of an accreditation agency or association with respect to the requirements of this section are noted, the Secretary shall take these deficiencies into account in the recognition process. The Secretary shall not, under any circumstances, base decisions on the recognition or denial of recognition of accreditation agencies or associations on criteria other than those contained in this section. When the Secretary decides to recognize an accrediting agency or association, the Secretary shall determine the agency or association’s scope of recognition. If the agency or association reviews institutions offering distance education courses or programs and the Secretary determines that the agency or association meets the requirements of this section, then the agency shall be recognized and the scope of recognition shall include accreditation of institutions offering distance education courses or programs.

(4) The Secretary shall maintain sufficient documentation to support the conclusions reached in the recognition process, and, if the Secretary does not recognize any accreditation agency or association, shall make publicly available the reason for denying recognition, including reference to the specific criteria under this section which have not been fulfilled.

(o) Regulations

The Secretary shall by regulation provide procedures for the recognition of accrediting agencies or associations and for the appeal of the Secretary’s decisions. (2) an institution to develop and use institutional standards to show its success with respect to student achievement, which achievement may be considered as part of any accreditation review.

Subpart 3—Eligibility and certification procedures

§ 1099c. Eligibility and certification procedures

(a) General requirement

For purposes of qualifying institutions of higher education for participation in programs under this subchapter, the Secretary shall determine the legal authority to operate within a State, the accreditation status, and the administrative capability and financial responsibility of an institution of higher education in accordance with the requirements of this section.

(b) Single application form

The Secretary shall prepare and prescribe a single application form which—

(1) requires sufficient information and documentation to determine that the requirements of eligibility, accreditation, financial responsibility, and administrative capability of the institution of higher education are met;

(2) requires a specific description of the relationship between a main campus of an institution of higher education and all of its branches, including a description of the student aid processing that is performed by the main campus and that which is performed at its branches;

(3) requires—

(A) a description of the third party servicers of an institution of higher education; and

(B) the institution to maintain a copy of any contract with a financial aid service provider or loan servicer, and provide a copy of any such contract to the Secretary upon request;

(4) requires such other information as the Secretary determines will ensure compliance with the requirements of this subchapter with respect to eligibility, accreditation, administrative capability and financial responsibility; and

(5) provides, at the option of the institution, for participation in one or more of the programs under part B or D.

(c) Financial responsibility standards

(1) The Secretary shall determine whether an institution has the financial responsibility required by this subchapter on the basis of whether the institution is able—

(A) to provide the services described in its official publications and statements;

(B) to provide the administrative resources necessary to comply with the requirements of this subchapter; and

(C) to meet all of its financial obligations, including (but not limited to) refunds of institutional charges and repayments to the Secretary for liabilities and debts incurred in programs administered by the Secretary.

(2) Notwithstanding paragraph (1), if an institution fails to meet criteria prescribed by the Secretary regarding ratios that demonstrate financial responsibility, then the institution shall provide the Secretary with satisfactory evidence of its financial responsibility in accordance with paragraph (3). Such criteria shall take into ac-
account any differences in generally accepted accounting principles, and the financial statements required thereunder, that are applicable to for-profit, public, and nonprofit institutions. The Secretary shall take into account an institution’s total financial circumstances in making a determination of its ability to meet the standards herein required.

(3) The Secretary shall determine an institution to be financially responsible, notwithstanding the institution’s failure to meet the criteria under paragraphs (1) and (2), if—

(A) such institution submits to the Secretary third-party financial guarantees that the Secretary determines are reasonable, such as performance bonds or letters of credit payable to the Secretary, which third-party financial guarantees shall equal not less than one-half of the annual potential liabilities of such institution to the Secretary for funds under this subchapter, including loan obligations discharged pursuant to section 1087 of this title, and to students for refunds of institutional charges, including funds under this subchapter;

(B) such institution has its liabilities backed by the full faith and credit of a State, or its equivalent;

(C) such institution establishes to the satisfaction of the Secretary, with the support of a financial statement audited by an independent certified public accountant in accordance with generally accepted auditing standards, that the institution has sufficient resources to ensure against the precipitous closure of the institution, including the ability to meet all of its financial obligations (including refunds of institutional charges and repayments to the Secretary for liabilities and debts incurred in programs administered by the Secretary); or

(D) such institution has met standards of financial responsibility, prescribed by the Secretary by regulation, that indicate a level of financial strength not less than those required in paragraph (2).

(4) If an institution of higher education that provides a 2-year or 4-year program of instruction for which the institution awards an associate or baccalaureate degree fails to meet the criteria imposed by the Secretary pursuant to paragraph (2), the Secretary shall waive that particular requirement for that institution if the institution demonstrates to the satisfaction of the Secretary that—

(A) there is no reasonable doubt as to its continued solvency and ability to deliver quality educational services;

(B) it is current in its payment of all current liabilities, including student refunds, repayments to the Secretary, payroll, and payment of trade creditors and withholding taxes; and

(C) it has substantial equity in school-occupied facilities, the acquisition of which was the direct cause of its failure to meet the criteria.

(5) The determination as to whether an institution has met the standards of financial responsibility provided for in paragraphs (2) and (3)(C) shall be based on an audited and certified financial statement of the institution. Such audit shall be conducted by a qualified independent organization or person in accordance with standards established by the American Institute of Certified Public Accountants. Such statement shall be submitted to the Secretary at the time such institution is considered for certification or recertification under this section. If the institution is permitted to be certified (provisionally or otherwise) and such audit does not establish compliance with paragraph (2), the Secretary may require that additional audits be submitted.

(6)(A) The Secretary shall establish requirements for the maintenance by an institution of higher education of sufficient cash reserves to ensure repayment of any required refunds.

(B) The Secretary shall provide for a process under which the Secretary shall exempt an institution of higher education from the requirements described in subparagraph (A) if the Secretary determines that the institution—

(i) is located in a State that has a tuition recovery fund that ensures that the institution meets the requirements of subparagraph (A);

(ii) contributes to the fund; and

(iii) otherwise has legal authority to operate within the State.

(d) Administrative capacity standard

The Secretary is authorized—

(1) to establish procedures and requirements relating to the administrative capacities of institutions of higher education, including—

(A) consideration of past performance of institutions or persons in control of such institutions with respect to student aid programs; and

(B) maintenance of records; and

(2) to establish such other reasonable procedures as the Secretary determines will contribute to ensuring that the institution of higher education will comply with administrative capability required by this subchapter.

(e) Financial guarantees from owners

(1) Notwithstanding any other provision of law, the Secretary may, to the extent necessary to protect the financial interest of the United States, require—

(A) financial guarantees from an institution participating, or seeking to participate, in a program under this subchapter, or from one or more individuals who the Secretary determines, in accordance with paragraph (2), exercise substantial control over such institution, or both, in an amount determined by the Secretary to be sufficient to satisfy the institution’s potential liability to the Federal Government, student assistance recipients, and other program participants for funds under this subchapter; and

(B) the assumption of personal liability, by one or more individuals who exercise substantial control over such institution, as determined by the Secretary in accordance with paragraph (2), for financial losses to the Federal Government, student assistance recipients, and other program participants for funds under this subchapter, and civil and criminal monetary penalties authorized under this subchapter.
§ 1099c

(2)(A) The Secretary may determine that an individual exercises substantial control over one or more institutions participating in a program under this subchapter if the Secretary determines that—

(i) the individual directly or indirectly controls a substantial ownership interest in the institution;

(ii) the individual, either alone or together with other individuals, represents, under a voting trust, power of attorney, proxy, or similar agreement, one or more persons who have, individually or in combination with the other persons represented or the individual representing them, a substantial ownership interest in the institution; or

(iii) the individual is a member of the board of directors, the chief executive officer, or other executive officer of the institution or of an entity that holds a substantial ownership interest in the institution.

(B) The Secretary may determine that an entity exercises substantial control over one or more institutions participating in a program under this subchapter if the Secretary determines that the entity directly or indirectly holds a substantial ownership interest in the institution.

(3) For purposes of this subsection, an ownership interest is defined as a share of the legal or beneficial ownership or control of, or a right to share in the proceeds of the operation of, an institution or institution’s parent corporation. An ownership interest may include, but is not limited to—

(A) a sole proprietorship;

(B) an interest as a tenant-in-common, joint tenant, or tenant by the entireties;

(C) a partnership; or

(D) an interest in a trust.

(4) The Secretary shall not impose the requirements described in subparagraphs (A) and (B) of paragraph (1) on an institution that—

(A) has not been subjected to a limitation, suspension, or termination action by the Secretary or a guaranty agency within the preceding 5 years;

(B) has not had, during its 2 most recent audits of the institutions conduct of programs under this subchapter, an audit finding that resulted in the institution being required to repay an amount greater than 5 percent of the funds the institution received from programs under this subchapter for any year;

(C) meets and has met, for the preceding 5 years, the financial responsibility standards under subsection (c); and

(D) has not been cited during the preceding 5 years for failure to submit audits required under this subchapter in a timely fashion.

(5) For purposes of section 1094(c)(1)(G) of this title, this section shall also apply to individuals or organizations that contract with an institution to administer any aspect of an institution’s student assistance program under this subchapter.

(6) Notwithstanding any other provision of law, any individual who—

(A) the Secretary determines, in accordance with paragraph (2), exercises substantial control over an institution participating in, or seeking to participate in, a program under this subchapter;

(B) is required to pay, on behalf of a student or borrower, a refund of unearned institutional charges to a lender, or to the Secretary; and

(C) willfully fails to pay such refund or willfully attempts in any manner to evade payment of such refund,

shall, in addition to other penalties provided by law, be liable to the Secretary for the amount of the refund not paid, to the same extent with respect to such refund that such an individual would be liable as a responsible person for a penalty under section 6672(a) of title 26 with respect to the nonpayment of taxes.

(f) Actions on applications and site visits

The Secretary shall ensure that prompt action is taken by the Department on any application required under subsection (b). The personnel of the Department of Education may conduct a site visit at each institution before certifying or recertifying its eligibility for purposes of any program under this subchapter. The Secretary shall establish priorities by which institutions are to receive site visits, and shall, to the extent practicable, coordinate such visits with site visits by States, guaranty agencies, and accrediting bodies in order to eliminate duplication, and reduce administrative burden.

(g) Time limitations on, and renewal of, eligibility

(1) General rule

After the expiration of the certification of any institution under the schedule prescribed under this section (as this section was in effect prior to October 7, 1998), or upon request for initial certification from an institution not previously certified, the Secretary may certify the eligibility for the purposes of any program authorized under this subchapter of each such institution for a period not to exceed 6 years.

(2) Notification

The Secretary shall notify each institution of higher education not later than 6 months prior to the date of the expiration of the institution’s certification.

(3) Institutions outside the United States

The Secretary shall promulgate regulations regarding the recertification requirements applicable to an institution of higher education outside of the United States that meets the requirements of section 1002(a)(1)(C) of this title and received less than $500,000 in funds under part B for the most recent year for which data are available.

(h) Provisional certification of institutional eligibility

(1) Notwithstanding subsections (d) and (g), the Secretary may provisionally certify an institution’s eligibility to participate in programs under this subchapter—

(A) for not more than one complete award year in the case of an institution of higher education seeking an initial certification; and

(B) for not more than 3 complete award years if—
(i) the institution’s administrative capability and financial responsibility is being determined for the first time;
(ii) there is a complete or partial change of ownership, as defined under subsection (i), of an eligible institution; or
(iii) the Secretary determines that an institution that seeks to renew its certification is, in the judgment of the Secretary, in an administrative or financial condition that may jeopardize its ability to perform its financial responsibilities under a program participation agreement.

(2) Whenever the Secretary withdraws the recognition of any accrediting agency, an institution of higher education which meets the requirements of accreditation, eligibility, and certification on the day prior to such withdrawal, the Secretary may, notwithstanding the withdrawal, continue the eligibility of the institution to participate in the programs authorized by this subchapter for a period not to exceed 18 months from the date of the withdrawal of recognition.

(3) If, prior to the end of a period of provisional certification under this subchapter, the Secretary determines that the institution is unable to meet its responsibilities under its program participation agreement, the Secretary may terminate the institution’s participation in programs under this subchapter.

(i) Treatment of changes of ownership

(1) An eligible institution of higher education that has had a change in ownership resulting in a change in control shall not qualify to participate in programs under this subchapter after the change in control (except as provided in paragraph (3)) unless it establishes that it meets the requirements of section 1002 of this title (other than the requirements in subsections (b)(5) and (c)(5)) and this section after such change in control.

(2) An action resulting in a change in control may include (but is not limited to)—
(A) the sale of the institution or the majority of its assets;
(B) the transfer of the controlling interest of the institution or its parent corporation;
(C) the merger of two or more eligible institutions;
(D) the division of one or more institutions into two or more institutions;
(E) the transfer of the controlling interest of the institutions to its parent corporation;
(F) the transfer of the liabilities of the institution to its parent corporation.

(3) An action that may be treated as not resulting in a change in control includes (but is not limited to)—
(A) the sale or transfer, upon the death of an owner of an institution, of the ownership interest of the deceased in that institution to a family member or to a person holding an ownership interest in that institution; or
(B) another action determined by the Secretary to be a routine business practice.

(4)(A) The Secretary may provisionally certify an institution seeking approval of a change in ownership based on the preliminary review by the Secretary of a materially complete application that is received by the Secretary within 10 business days of the transaction for which the approval is sought.

(B) A provisional certification under this paragraph shall expire not later than the end of the month following the month in which the transaction occurred, except that if the Secretary has not issued a decision on the application for the change of ownership within that period, the Secretary may continue such provisional certification on a month-to-month basis until such decision has been issued.

(j) Treatment of branches

(1) A branch of an eligible institution of higher education, as defined pursuant to regulations of the Secretary, shall be certified under this subpart before it may participate as part of such institution in a program under this subchapter, except that such branch shall not be required to meet the requirements of sections 1002(b)(1)(E) and 1002(c)(1)(C) of this title prior to seeking such certification. Such branch is required to be in existence at least 2 years after the branch is certified by the Secretary as a branch campus participating in a program under this subchapter, prior to seeking certification as a main campus or free-standing institution.

(2) The Secretary may waive the requirement of section 1001(a)(2) of this title for a branch that (A) is not located in a State, (B) is affiliated with an eligible institution, and (C) was participating in one or more programs under this subchapter on or before January 1, 1992.

(k) Treatment of teach-outs at additional locations

(1) In general

A location of a closed institution of higher education shall be eligible as an additional location of an eligible institution of higher education, as defined pursuant to regulations of the Secretary, for the purposes of a teach-out described in section 1094(f) of this title, if such teach-out has been approved by the institution’s accrediting agency.

(2) Special rule

An institution of higher education that conducts a teach-out through the establishment of an additional location described in paragraph (1) shall be permitted to establish a permanent additional location at a closed institution and shall not be required—
(A) to meet the requirements of sections 1002(b)(1)(E) and 1002(c)(1)(C) of this title for such additional location; or
(B) to assume the liabilities of the closed institution.

L. 89–329 and transferred to part F (§1067q) of subchapter III of this chapter.

§ 1099d. Competitive loan auction pilot program

(a) Definitions
In this section:

(1) Eligible Federal PLUS Loan

The term “eligible Federal PLUS Loan” means a loan described in section 1078–2 of this title made to a parent of a dependent student who is a new borrower on or after July 1, 2009.

(2) Eligible lender

The term “eligible lender” has the meaning given the term in section 1085 of this title.

(b) Pilot program

The Secretary shall carry out a pilot program under which the Secretary establishes a mechanism for an auction of eligible Federal PLUS Loans in accordance with this subsection. The pilot program shall meet the following requirements:

(1) Planning and implementation

During the period beginning on September 27, 2007, and ending on June 30, 2009, the Secretary shall plan and implement the pilot program under this subsection. During the planning and implementation, the Secretary shall consult with other Federal agencies with knowledge of, and experience with, auction programs, including the Federal Communication Commission and the Department of the Treasury.

(2) Origination and disbursement; applicability of section 1078–2

Beginning on July 1, 2009, the Secretary shall arrange for the origination and disbursement of all eligible Federal PLUS Loans in accordance with the provisions of this subsection and the provisions of section 1078–2 of this title that are not inconsistent with this subsection.

(3) Loan origination mechanism

The Secretary shall establish a loan origination auction mechanism that meets the following requirements:

(A) Auction for each State

The Secretary administers an auction under this paragraph for each State, under which eligible lenders compete to originate eligible Federal PLUS Loans under this paragraph at all institutions of higher education within such State.

(B) Prequalification process

The Secretary establishes a prequalification process for eligible lenders desiring to participate in an auction under this paragraph that contains, at a minimum—

(i) a set of borrower benefits and servicing requirements each eligible lender shall meet in order to participate in such an auction;
(ii) an assessment of such eligible lender’s capacity, including capital capacity, to participate effectively; and
(iii) a commitment from such eligible lender that, if the lender has a winning bid under subparagraph (F), the lender will enter into the agreement required under subparagraph (G).

(C) Timing and origination

Each State auction takes place every 2 years, and the eligible lenders with the winning bids for the State are the only eligible lenders permitted to originate eligible Federal PLUS Loans made under this paragraph for the cohort of students at the institutions of higher education within the State until the students graduate from or leave the institutions of higher education.

(D) Bids

Each eligible lender’s bid consists of the amount of the special allowance payment (after the application of section 1087–1(b)(2)(I)(v) of this title) the eligible lender proposes to accept from the Secretary with respect to the eligible Federal PLUS Loans made under this paragraph in lieu of the amount determined under section 1087–1(b)(2)(I) of this title.

(E) Maximum bid

The maximum bid allowable under this paragraph shall not exceed the amount of the special allowance payable on eligible Federal PLUS Loans made under this paragraph computed under section 1087–1(b)(2)(I) of this title (other than clauses (ii), (iii), (iv), and (vi) of such section), except that for purposes of the computation under this subparagraph, section 1087–1(b)(2)(I)(1)(I)(III) of this title shall be applied by substituting “1.79 percent” for “2.34 percent”.

(F) Winning bids

The winning bids for each State auction shall be the 2 bids containing the lowest and
the second lowest proposed special allowance payments, subject to subparagraph (E).

(G) Agreement with Secretary; compliance

(i) Agreement

Each eligible lender having a winning bid under subparagraph (F) shall enter into an agreement with the Secretary under which the eligible lender—

(I) agrees to originate eligible Federal PLUS Loans under this paragraph to each borrower who—

(aa) seeks an eligible Federal PLUS Loan under this paragraph to enable a dependent student to attend an institution of higher education within the State;

(bb) is eligible for an eligible Federal PLUS Loan; and

(cc) elects to borrow from the eligible lender; and

(II) agrees to accept a special allowance payment (after the application of section 1087–1(b)(2)(I)(v) of this title) from the Secretary with respect to the eligible Federal PLUS Loans originated under subclause (I) in the amount proposed in the second lowest winning bid described in subparagraph (F) for the applicable State auction.

(ii) Compliance

If an eligible lender with a winning bid under subparagraph (F) fails to enter into the agreement required under clause (i), or fails to comply with the terms of such agreement, the Secretary may sanction the eligible lender through one or more of the following:

(I) The assessment of a penalty on such eligible lender for any eligible Federal PLUS Loans that such eligible lender fails to originate under this paragraph in accordance with the agreement required under clause (i), in the amount of the additional costs (including the amounts of any increase in special allowance payments) incurred by the Secretary in obtaining another eligible lender to originate such eligible Federal PLUS Loans. The Secretary shall collect such penalty by—

(aa) reducing the amount of any payments otherwise due to such eligible lender from the Secretary by the amount of the penalty; or

(bb) requesting any other Federal agency to reduce the amount of any payments due to such eligible lender from such agency by the amount of the penalty. In accordance with section 3716 of title 31.

(II) A prohibition of bidding by such lender in other auctions under this section.

(III) The limitation, suspension, or termination of such eligible lender’s participation in the loan program under part B.

(H) Sealed bids; confidentiality

All bids are sealed and the Secretary keeps the bids confidential, including following the announcement of the winning bids.

(I) Eligible lender of last resort

In the event that there is no winning bid under subparagraph (F), the students at the institutions of higher education within the State that was the subject of the auction shall be served by an eligible lender of last resort, as determined by the Secretary.

(ii) Determination of eligible lender of last resort

Prior to the start of any auction under this paragraph, eligible lenders that desire to serve as an eligible lender of last resort shall submit an application to the Secretary at such time and in such manner as the Secretary may determine. Such application shall include an assurance that the eligible lender will meet the prequalification requirements described in subparagraph (B).

(iii) Geographic location

The Secretary shall identify an eligible lender of last resort for each State.

(iv) Notification timing

The Secretary shall not identify any eligible lender of last resort until after the announcement of all the winning bids for a State auction for any year.

(v) Maximum special allowance

The Secretary is authorized to set a special allowance payment that shall be payable to a lender of last resort for a State under this subparagraph, which special allowance payment shall be kept confidential, including following the announcement of winning bids. The Secretary shall set such special allowance payment so that it incurs the lowest possible cost to the Federal Government, taking into consideration the lowest bid that was submitted in an auction for such State and the lowest bid submitted in a similar State, as determined by the Secretary.

(J) Guarantee against losses

Each eligible Federal PLUS Loan originated under this paragraph shall be insured by a guaranty agency in accordance with part B, except that, notwithstanding section 1078(b)(1)(G) of this title, such insurance shall be in an amount equal to 99 percent of the unpaid principal and interest due on the loan.

The option described in clause (i) shall not apply if—
(I) the borrower includes in the notification in clause (ii) verification of consolidation terms and conditions offered by an eligible lender other than the eligible lender described in clause (i); and
(II) not later than 10 days after receiving such notification from the borrower, the eligible lender described in clause (i) does not agree to match such terms and conditions, or provide more favorable terms and conditions to such borrower than the offered terms and conditions described in subclause (I).

(iv) Consolidation of additional loans
If a borrower has a Federal Direct PLUS Loan or a loan made on behalf of a dependent student under section 1078–2 of this title and seeks to consolidate such loan with an eligible Federal PLUS Loan made under this paragraph, then the eligible lender that originated the borrower's loan under this paragraph may include in the consolidation under this subparagraph a Federal Direct PLUS Loan or a loan made on behalf of a dependent student under section 1078–2 of this title, but only if—
(I) in the case of a Federal Direct PLUS Loan, the eligible lender agrees, not later than 10 days after the borrower requests such consolidation from the lender, to match the consolidation terms and conditions that would otherwise be available to the borrower if the borrower consolidated such loans in the loan program under part D; or
(II) in the case of a loan made on behalf of a dependent student under section 1078–2 of this title, the eligible lender agrees, not later than 10 days after the borrower requests such consolidation from the lender, to match the consolidation terms and conditions offered by an eligible lender other than the eligible lender that originated the borrower's loans under this paragraph.

SUBCHAPTER V—DEVELOPING INSTITUTIONS

CODIFICATION

PART A—HISPANIC-SERVING INSTITUTIONS

PRIORITY PROVISIONS

A prior part A consisted of sections 1102 to 1102j and related to State and local programs for teacher excellence prior to the general amendment of this subchapter by Pub. L. 106–244.

§ 1101. Findings; purpose; and program authority

(a) Findings

Congress makes the following findings:

(1) Hispanic Americans are at high risk of not enrolling or graduating from institutions of higher education.

(2) Disparities between the enrollment of non-Hispanic white students and Hispanic students in postsecondary education are increasing. Between 1973 and 1994, enrollment of white secondary school graduates in 4-year institutions of higher education increased at a rate two times higher than that of Hispanic secondary school graduates.

(3) Despite significant limitations in resources, Hispanic-serving institutions provide a significant proportion of postsecondary opportunities for Hispanic students.

(4) Relative to other institutions of higher education, Hispanic-serving institutions are underfunded. Such institutions receive significantly less in State and local funding, per full-time equivalent student, than other institutions of higher education.

(5) Hispanic-serving institutions are succeeding in educating Hispanic students despite significant resource problems that—

(A) limit the ability of such institutions to expand and improve the academic programs of such institutions; and

(B) could imperil the financial and administrative stability of such institutions.

(6) There is a national interest in remediating the disparities described in paragraphs (2) and (4) and ensuring that Hispanic students have an equal opportunity to pursue postsecondary opportunities.

(b) Purpose

The purpose of this subchapter is to—

(1) expand educational opportunities for, and improve the academic attainment of, Hispanic students; and
(2) expand and enhance the academic offerings, program quality, and institutional stability of colleges and universities that are educating the majority of Hispanic college students and helping large numbers of Hispanic students and other low-income individuals complete postsecondary degrees.

(c) Program authority

The Secretary shall provide grants and related assistance to institutions to enable such institutions to improve and expand their capacity to serve Hispanic students and other low-income individuals.

PRIOR PROVISIONS

A prior section 501 of Pub. L. 89–329 was classified to section 1102 of this title prior to the general amendment of this subchapter by Pub. L. 105–244.

Another prior section 501 of Pub. L. 89–329 was classified to section 1091 of this title prior to repeal by Pub. L. 94–482.

(2) a substantial percentage of the students so enrolled are receiving Federal Pell Grants in the second fiscal year preceding the fiscal year for which the determination is made, compared to the percentage of students receiving Federal Pell Grants at all such institutions in the second fiscal year preceding the fiscal year for which the determination is made, unless the requirement of this paragraph is waived under section 1103a(a) of this title.

The Secretary shall designate one of the judges of the Office to be the chief judge.

(d) Assignment of judges

For the purposes of conducting hearings described in subsection (a), the chief judge shall assign a judge to each case or class of cases. A judge shall be disqualified in any case in which the judge has a substantial interest, has been of

(A) produce relevant documents;

(B) answer written interrogatories that inquire into relevant matters; and

(C) have depositions taken.

The judge shall set a time limit of 90 days on the discovery period. The judge may extend this period for good cause shown. At the request of any party, the judge may establish a specific schedule for the conduct of discovery.

(2) In order to carry out the provisions of subsections (f)(1) and (g)(1), the judge is authorized to issue subpoenas and apply to the appropriate court of the United States for enforcement of a subpoena. The court may enforce the subpoena as if it pertained to a proceeding before that court.

§ 1234a. Recovery of funds

(a) Preliminary departmental decision; grounds of determination; notice requirements; prima facie case; amount of funds recoverable

(1) Whenever the Secretary determines that a recipient of a grant or cooperative agreement under an applicable program must return funds because the recipient has made an expenditure of funds that is not allowable under that grant or cooperative agreement, or has otherwise failed to discharge its obligation to account properly for funds under the grant or cooperative agreement, the Secretary shall give the recipient written notice of a preliminary departmental decision and notify the recipient of its right to have that decision reviewed by the Office and of its right to request mediation.

(2) In a preliminary departmental decision, the Secretary shall have the burden of establishing a prima facie case for the recovery of funds, including an analysis reflecting the value of the program services actually obtained in a determination of harm to the Federal interest. The facts to serve as the basis of the preliminary departmental decision may come from an audit report, an investigative report, a monitoring report, or other evidence. The amount of funds to be recovered shall be determined on the basis of section 1234b of this title.

(3) For the purpose of paragraph (2), failure by a recipient to maintain records required by law, or to allow the Secretary access to such records, shall constitute a prima facie case.
§ 1234a

(b) Review of preliminary departmental decision; form and contents of application for review; inadequate preliminary decisions; duties of recipient to subrecipients after preliminary decision; burden of proof

(1) A recipient that has received written notice of a preliminary departmental decision and that desires to have such decision reviewed by the Office shall submit to the Office an application for review not later than 60 days after receipt of notice of the preliminary departmental decision. The application shall be in the form and contain the information specified by the Office. As expeditiously as possible, the Office shall return to the Secretary for such action as the Secretary considers appropriate any preliminary departmental decision which the Office determines does not meet the requirements of subsection (a)(2).

(2) In cases where the preliminary departmental decision requests a recovery of funds from a State recipient, that State recipient may not recover funds from an affected local educational agency unless that State recipient has—

(A) transmitted a copy of the preliminary departmental decision to any affected subrecipient within 10 days of the date that the State recipient in a State administered program received such written notice; and

(B) consulted with each affected subrecipient to determine whether the State recipient should submit an application for review under paragraph (1).

(3) In any proceeding before the Office under this section, the burden shall be upon the recipient to demonstrate that it should not be required to return the amount of funds for which recovery is sought in the preliminary departmental decision under subsection (a).

(c) Time for hearing

A hearing shall be set 90 days after receipt of a request for review of a preliminary departmental decision by the Office, except that such 90-day requirement may be waived at the discretion of the judge for good cause.

(d) Review of findings of fact in preliminary decision; conclusiveness; remand; new or modified findings

(1) Upon review of a decision of the Office by the Secretary, the findings of fact by the Office, if supported by substantial evidence, shall be conclusive. However, the Secretary, for good cause shown, may remand the case to the Office to take further evidence, and the Office may thereafter make new or modified findings of fact and may modify its previous action. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(2) During the conduct of such review, there shall not be any ex parte contact between the Secretary and individuals representing the Department or the recipient.

(e) Time for filing petition for review of preliminary decision

Parties to the proceeding shall have 30 days to file a petition for review of a decision of the administrative law judges with the Office of the Secretary.

(f) Stay of collection or other adverse action by Secretary against recipient

(1) If a recipient submits a timely application for review of a preliminary departmental decision, the Secretary shall take no collection action until the decision of the Office upholding the preliminary Department decision in whole or in part becomes final agency action under subsection (g).

(2) If a recipient files a timely petition for judicial review under section 1234g of this title, the Secretary shall take no collection action until judicial review is completed.

(3) The filing of an application for review under paragraph (1) or a petition for judicial review under paragraph (2) shall not affect the authority of the Secretary to take any other adverse action under this subchapter against the recipient.

(g) Preliminary decision as final agency action

A decision of the Office regarding the review of a preliminary departmental decision shall become final agency action 60 days after the recipient receives written notice of the decision unless the Secretary either—

(1) modifies or sets aside the decision, in whole or in part, in which case the decision of the Secretary shall become final agency action when the recipient receives written notice of the Secretary’s action, or

(2) remands the decision to the Office.

(h) Publication of decisions as final agency actions

The Secretary shall publish decisions that have become final agency action under subsection (g) in the Federal Register or in another appropriate publication within 60 days.

(i) Collection amounts and procedures

The amount of a preliminary departmental decision under subsection (a) for which review has not been requested in accordance with subsection (b), and the amount sustained by a decision of the Office or the Secretary which becomes final agency action under subsection (g), may be collected by the Secretary in accordance with chapter 37 of title 31.

(j) Compromise of preliminary departmental decisions; preconditions; notice requirements

(1) Notwithstanding any other provision of law, the Secretary may, subject to the notice requirements of paragraph (2), compromise any preliminary departmental decision under this section which does not exceed the amount agreed to be returned by more than $200,000, if the Secretary determines that (A) the collection of any or all or the amount thereof would not be practical or in the public interest, and (B) the practice which resulted in the preliminary departmental decision has been corrected and will not recur.

(2) Not less than 45 days prior to the exercise of the authority to compromise a preliminary departmental decision pursuant to paragraph (1), the Secretary shall publish in the Federal Register a notice of intention to do so. The notice shall provide interested persons an opportunity to comment on any proposed action under this subsection through the submission of written data, views, or arguments.
(k) Limitation period respecting return of funds

No recipient under an applicable program shall be liable to return funds which were expended in a manner not authorized by law more than 5 years before the recipient received written notice of a preliminary departmental decision.

(i) Foregoing of interest during period of administrative review

No interest shall be charged arising from a claim during the administrative review of the preliminary departmental decision.

§ 1234b. Measure of recovery

(a) Amount returned proportionate to extent of harm violation caused to an identifiable Federal interest; reduction; determination of identifiable Federal interest

(1) A recipient determined to have made an unlawful expenditure, or to have otherwise failed to discharge its responsibility to account properly for funds, shall be required to return funds in an amount that is proportionate to the extent of the harm its violation caused to an identifiable Federal interest associated with the program under which the recipient received the award. Such amount shall be reduced in whole or in part by an amount that is proportionate to the extent the mitigating circumstances caused the violation.

(2) For the purpose of paragraph (1), an identifiable Federal interest includes, but is not limited to, serving only eligible beneficiaries; providing only authorized services or benefits; complying with expenditure requirements and conditions (such as set-aside, excess cost, maintenance of effort, comparability, supplement—not-supplant, and matching requirements); preserving the integrity of planning, application, recordkeeping, and reporting requirements; and maintaining accountability for the use of funds.

(b) Reduction or waiver of amount based on mitigating circumstances; burden of proof; determination of mitigating circumstances; weight, etc., of written request for guidance

(1) When a State or local educational agency is determined to have made an unavailable expenditure, or to have otherwise failed to discharge its responsibility to account properly for funds, and mitigating circumstances exist, as described in paragraph (2), the judge shall reduce such amount by an amount that is proportionate to the extent the mitigating circumstances caused the violation. Furthermore, the judge is authorized to determine that no recovery is justified when mitigating circumstances warrant. The burden of demonstrating the existence of mitigating circumstances shall be upon the State or local educational agency.

(2) For the purpose of paragraph (1), mitigating circumstances exist only when it would be unjust to compel the recovery of funds because the State or local educational agency—

(A) actually and reasonably relied upon erroneous written guidance provided by the Department;

(B) made an expenditure or engaged in a practice after—

(i) the State or local educational agency submitted to the Secretary, in good faith, a written request for guidance with respect to the expenditure or practice at issue, and

(ii) a Department official did not respond within 90 days of receipt by the Department of such request; or

(C) actually and reasonably relied upon a judicial decree issued to the recipient.

(3) A written request for guidance as described in paragraph (2) sent by certified mail (return receipt requested) shall be conclusive proof of receipt by the Department.

(4) If the Secretary responds to a written request for guidance described in paragraph (2)(B) more than 90 days after its receipt, the State or local educational agency that submitted the request shall comply with the guidance received at the earliest practicable time.

(5) In order to demonstrate the existence of the mitigating circumstances described in paragraph (2)(B), the State or local educational agency shall demonstrate that—

(A) the written request for guidance accurately described the proposed expenditure or practice and included the facts necessary for a determination of its legality; and

(B) the written request for guidance contained a certification by the chief legal officer of the State educational agency that such officer had examined the proposed expenditure or practice and believed the proposed expenditure or practice was permissible under then applicable State and Federal law; and

(C) the State or local educational agency reasonably believed that the proposed expenditure or practice was permissible under then applicable State and Federal law.

(6) The Secretary shall disseminate to State educational agencies responses to written requests for guidance, described in paragraph (5), that reflect significant interpretations of applicable law or policy.
§ 1234c. Remedies for existing violations

(a) Whenever the Secretary has reason to believe that any recipient of funds under any applicable program is failing to comply substantially with any requirement of law applicable to such funds, the Secretary may—

(1) withhold further payments under that program, as authorized by section 1234d of this title;

(2) issue a complaint to compel compliance through a cease and desist order of the Office, as authorized by section 1234e of this title;

(3) enter into a compliance agreement with a recipient to bring it into compliance, as authorized by section 1234f of this title; or

(4) take any other action authorized by law with respect to the recipient.

(b) Any action, or failure to take action, by the Secretary under this section shall not preclude the Secretary from seeking a recovery of funds under section 1234a of this title.

§ 1234d. Withholding

(a) Discretionary authority over further payments under applicable program

In accordance with section 1234c of this title, the Secretary may withhold from a recipient, in whole or in part, further payments (including payments for administrative costs) under an applicable program.

(b) Notice requirements

Before withholding payments, the Secretary shall notify the recipient, in writing, of—

(1) the intent to withhold payments;

(2) the factual and legal basis for the Secretary’s belief that the recipient has failed to comply substantially with a requirement of law; and

(3) an opportunity for a hearing to be held on a date at least 30 days after the notification has been sent to the recipient.

(c) Hearing

The hearing shall be held before the Office and shall be conducted in accordance with the rules prescribed pursuant to subsections (f) and (g) of section 1234 of this title.

(d) Suspension of payments, authorities, etc.

Pending the outcome of any hearing under this section, the Secretary may suspend payments to a recipient, suspend the authority of the recipient to obligate Federal funds, or both, after such recipient has been given reasonable notice of the hearing and an opportunity to show cause why future payments or authority to obligate Federal funds should not be suspended.

(e) Findings of fact

Upon review of a decision of the Office by the Secretary, the findings of fact by the Office, if supported by substantial evidence, shall be conclusive. However, the Secretary, for good cause shown, may remand the case to the Office to take further evidence, and the Office may thereupon make new or modified findings of fact and may modify its previous action. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(f) Final agency action

The decision of the Office in any hearing under this section shall become final agency action 60 days after the recipient receives written notice of the decision unless the Secretary either—

(1) modifies or sets aside the decision, in whole or in part, in which case the decision of the Secretary shall become final agency action when the recipient receives written notice of the Secretary’s action; or

(2) remands the decision of the Office.

(1) describes the factual and legal basis for the Secretary’s belief that the recipient is failing to comply substantially with a requirement of law; and

(2) contains a notice of a hearing to be held before the Office on a date at least 30 days after the service of the complaint.

(b) Appearance contesting order

The recipient upon which a complaint has been served shall have the right to appear before the Office if upon that hearing the Office is of the opinion that the recipient is in violation of any requirement of law as charged in the complaint.

(c) Report; issuance of cease and desist order

The report shall contain—

(1) make a report in writing stating its findings of fact; and

(2) issue to the recipient an order requiring the recipient to cease and desist from the practice, policy, or procedure which resulted in the violation.

(d) Report and order as final agency action

The report and order of the Office under this section shall become the final agency action when the recipient receives the report and order.

(e) Enforcement of final order

The Secretary may enforce a final order of the Office under this section which becomes final agency action by—

(1) withholding from the recipient any portion of the amount payable to it, including the amount payable for administrative costs, under the applicable program; or

(2) certifying the facts to the Attorney General who shall cause an appropriate proceeding to be brought for the enforcement of the order.

AMENDMENTS

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100–297 effective 180 days after Apr. 28, 1988, but not applicable to recipients receiving written notice to return funds prior to that date, see section 3501(b) of Pub. L. 100–297, set out as a note under section 1234h of this title.

§ 1234f. Compliance agreements

(a) Discretionary authority; purposes of agreement

In accordance with section 1234c of this title, the Secretary may enter into a compliance agreement with a recipient under an applicable program. The purpose of any compliance agreement under this section shall be to bring the recipient into full compliance with the applicable requirements of law as soon as feasible and not to excuse or remedy past violations of such requirements.

(b) Procedures applicable

(1) Before entering into a compliance agreement with a recipient, the Secretary shall hold a hearing at which the recipient, affected students and parents or their representatives, and other interested parties are invited to participate. The recipient shall have the burden of persuading the Secretary that full compliance with the applicable requirements of law is not feasible until a future date.

(2) If the Secretary determines, on the basis of all the evidence presented, that full compliance is genuinely not feasible until a future date, the Secretary shall make written findings to that effect and shall publish those findings, along with the substance of any compliance agreement, in the Federal Register.

(c) Contents

A compliance agreement under this section shall contain—

(1) an expiration date not later than 3 years from the date of the written findings under subsection (b)(2), by which the recipient shall be in full compliance with the applicable requirements of law, and

(2) those terms and conditions with which the recipient must comply until it is in full compliance.

(d) Failure of recipient to comply with terms and conditions

If a recipient fails to comply with the terms and conditions of a compliance agreement under this section, the Secretary may consider that compliance agreement to be no longer in effect, and the Secretary may take any action authorized by law with respect to the recipient.

EFFECTIVE DATE

Section effective 180 days after Apr. 28, 1988, but not applicable to recipients receiving written notice to return funds prior to that date, see section 3501(b) of Pub. L. 100–297, set out as an Effective Date of 1988 Amendment note under section 1234 of this title.

§ 1234g. Judicial review

(a) Recipients entitled to review; stay of action by Secretary

Any recipient of funds under an applicable program that would be adversely affected by a final agency action under section 1234a, 1234d, or 1234e of this title, and any State entitled to receive funds under a program described in section 1232(d)(a) of this title whose application has been
disapproved by the Secretary, shall be entitled to judicial review of such action in accordance with the provisions of this section. The Secretary may not take any action on the basis of a final agency action until judicial review is completed.

(b) Petition for review; filing of record

A recipient that desires judicial review of an action described in subsection (a) shall, within 60 days of that action, file with the United States Court of Appeals for the circuit in which that recipient is located, a petition for review of such action. A copy of the petition shall be transmitted by the clerk of the court to the Secretary. The Secretary shall file in the court the record of the proceedings on which the action was based, as provided in section 2112 of title 28.

(c) Findings of fact

The findings of fact by the Office, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Office to take further evidence, and the Office may make new or modified findings of fact and may modify its previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(d) Scope of review; review by Supreme Court

The court shall have jurisdiction to affirm the action of the Office or the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

AMENDMENTS

1994—Subsec. (a). Pub. L. 103–382 made technical amendment to reference to section 1232d(a) of this title to reflect renumbering of corresponding section of original act.

EFFECTIVE DATE

Section effective 180 days after Apr. 28, 1988, but not applicable to recipients receiving written notice to return funds prior to that date, see section 3501(b) of Pub. L. 100–297, set out as an Effective Date of 1988 Amendment note under section 1254 of this title.

§ 1234h. Use of recovered funds

(a) Repayment to recipient; factors considered

Whenever the Secretary recovers funds paid to a recipient under a grant or cooperative agreement made under an applicable program because the recipient made an expenditure of funds that was not allowable, or otherwise failed to discharge its responsibility to account properly for funds, the Secretary may consider those funds to be additional funds available for that program and may arrange to repay to the recipient affected by that action an amount not to exceed 75 percent of the recovered funds if the Secretary determines that—

(1) the practices or procedures of the recipient that resulted in the violation of law have been corrected, and that the recipient is in all other respects in compliance with the requirements of that program, provided that the recipient was notified of any noncompliance with such requirements and given a reasonable period of time to remedy such noncompliance;

(2) the recipient has submitted to the Secretary a plan for the use of those funds pursuant to the requirements of that program and, to the extent possible, for the benefit of the population that was affected by the failure to comply or by the misuse of funds that resulted in the recovery; and

(3) the use of those funds in accordance with that plan would serve to achieve the purposes of the program under which the funds were originally paid.

(b) Terms and conditions of repayment

Any payments by the Secretary under this section shall be subject to such other terms and conditions as the Secretary considers necessary to accomplish the purposes of the affected programs, including—

(1) the submission of periodic reports on the use of funds provided under this section; and

(2) consultation by the recipient with students, parents, or representatives of the population that will benefit from the payments.

(c) Availability of funds

Notwithstanding any other provisions of law, the funds made available under this section shall remain available for expenditure for a period of time deemed reasonable by the Secretary, but in no case to exceed more than three fiscal years following the later of—

(1) the fiscal year in which final agency action under section 1234a(e) of this title is taken; or

(2) if such recipient files a petition for judicial review, the fiscal year in which final judicial action under section 1234g of this title is taken.

(d) Publication in Federal Register of notice of intent to enter into repayment arrangement

At least 30 days prior to entering into an arrangement under this section, the Secretary shall publish in the Federal Register a notice of intent to enter into such an arrangement and the terms and conditions under which payments will be made. Interested persons shall have an opportunity for at least 30 days to submit comments to the Secretary regarding the proposed arrangement.

PART C—SUPPORTS TO IMPROVE RESULTS FOR CHILDREN WITH DISABILITIES

1470. Purposes.
The Individuals with Disabilities Education Act, comprising this chapter, was originally enacted as title VI of Pub. L. 94–142, Apr. 13, 1975, 89 Stat. 267. Title VI is comprised of this chapter, was originally enacted as title VI of Pub. L. 91–230, Apr. 13, 1970, 84 Stat. 175, known as the Education for All Handicapped Children Act of 1975, this chapter has been successful in ensuring children with disabilities and the families of such children access to a free appropriate public education and in improving educational results for children with disabilities. (4) However, the implementation of this chapter has been impeded by low expectations, and an insufficient focus on applying replicable research on proven methods of teaching and learning for children with disabilities. (5) Almost 30 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by— (A) having high expectations for such children and ensuring their access to the general education curriculum in the regular classroom, to the maximum extent possible, in order to— (i) meet developmental goals and, to the maximum extent possible, the challenging expectations that have been established for all children; and (ii) be prepared to lead productive and independent adult lives, to the maximum extent possible; (B) strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to participate in the education of their children at school and at home; (C) coordinating this chapter with other local, educational service agency, State, and Federal school improvement efforts, including improvement efforts under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.], in order to ensure that such children benefit from such efforts and that special education can become a service for such children rather than a place where such children are sent; (D) focusing resources on teaching and learning while reducing paperwork and records, improving the educational results for children with disabilities, including the use of scientifically based instructional practices, to the maximum extent possible; (E) supporting high-quality, intensive pre-service preparation and professional development for all personnel who work with children with disabilities in order to ensure that such personnel have the skills and knowledge necessary to improve the academic achievement and functional performance of children with disabilities, including the use of scientifically based instructional practices, to the maximum extent possible; (F) providing incentives for whole-school approaches, scientifically based early reading programs, positive behavioral interventions and supports, and early intervening services to reduce the need to label children as disabled in order to address the learning and behavioral needs of such children; (G) focusing resources on teaching and learning while reducing paperwork and re-
requirements that do not assist in improving educational results; and

(H) supporting the development and use of technology, including assistive technology devices and assistive technology services, to maximize accessibility for children with disabilities.

(6) While States, local educational agencies, and educational service agencies are primarily responsible for providing an education for all children with disabilities, it is in the national interest that the Federal Government have a supporting role in assisting State and local efforts to educate children with disabilities in order to improve results for such children and to ensure equal protection of the law.

(7) A more equitable allocation of resources is essential for the Federal Government to meet its responsibility to provide an equal educational opportunity for all individuals.

(8) Parents and schools should be given expanded opportunities to resolve their disagreements in positive and constructive ways.

(9) Teachers, schools, local educational agencies, and States should be relieved of irrelevant and unnecessary paperwork burdens that do not lead to improved educational outcomes.

(10)(A) The Federal Government must be responsive to the growing needs of an increasingly diverse society.

(B) America’s ethnic profile is rapidly changing. In 2000, 1 of every 3 persons in the United States was a member of a minority group or was limited English proficient.

(C) Minority children comprise an increasing percentage of public school students.

(D) With such changing demographics, recruitment efforts for special education personnel should focus on increasing the participation of minorities in the teaching profession in order to provide appropriate role models with sufficient knowledge to address the special education needs of these students.

(11)(A) The limited English proficient population is the fastest growing in our Nation, and the growth is occurring in many parts of our Nation.

(B) Studies have documented apparent discrepancies in the levels of referral and placement of limited English proficient children in special education.

(C) Such discrepancies pose a special challenge for special education in the referral of, assessment of, and provision of services for, our Nation’s students from non-English language backgrounds.

(12)(A) Greater efforts are needed to prevent the intensification of problems connected with mislabeling and high dropout rates among minority children with disabilities.

(B) More minority children continue to be served in special education than would be expected from the percentage of minority students in the general school population.

(C) African-American children are identified as having intellectual disabilities and emotional disturbance at rates greater than their White counterparts.

(D) In the 1998–1999 school year, African-American children represented just 14.8 percent of the population aged 6 through 21, but comprised 20.2 percent of all children with disabilities.

(E) Studies have found that schools with predominately White students and teachers have placed disproportionately high numbers of their minority students into special education.

(13)(A) As the number of minority students in special education increases, the number of minority teachers and related services personnel produced in colleges and universities continues to decrease.

(B) The opportunity for full participation by minority individuals, minority organizations, and Historically Black Colleges and Universities in awards for grants and contracts, boards of organizations receiving assistance under this chapter, peer review panels, and training of professionals in the area of special education is essential to obtain greater success in the education of minority children with disabilities.

(14) As the graduation rates for children with disabilities continue to climb, providing effective transition services to promote successful post-school employment or education is an important measure of accountability for children with disabilities.

(d) Purposes

The purposes of this chapter are—

(1)(A) to ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;

(B) to ensure that the rights of children with disabilities and parents of such children are protected; and

(C) to assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities;

(2) to assist States in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;

(3) to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and

(4) to assess, and ensure the effectiveness of, efforts to educate children with disabilities.

(F) includes an assurance that the Department of the Interior will cooperate with the Department of Education in its exercise of monitoring and oversight of this application, and any agreements entered into between the Secretary of the Interior and other entities under this subchapter, and will fulfill its duties under this subchapter.

(3) Applicability
The Secretary shall withhold payments under this subsection with respect to the information described in paragraph (2) in the same manner as the Secretary withholds payments under section 1416(e)(6) of this title.

(4) Payments for education and services for Indian children with disabilities aged 3 through 5

(A) In general
With funds appropriated under subsection (i), the Secretary of Education shall make payments to the Secretary of the Interior to be distributed to tribes or tribal organizations (as defined under section 5304 of title 25) or consortia of tribes or tribal organizations to provide for the coordination of assistance for special education and related services for children with disabilities aged 3 through 5 on reservations served by elementary schools and secondary schools for Indian children operated or funded by the Department of the Interior. such payments under subparagraph (B) for any fiscal year shall be equal to 20 percent of the amount allotted under subsection (b)(2).

(B) Distribution of funds

The Secretary of the Interior shall distribute the total amount of the payment under subparagraph (A) by allocating to each tribe, tribal organization, or consortium an amount based on the number of children with disabilities aged 3 through 5 residing on reservations as reported annually, divided by the total of those children served by all tribes or tribal organizations.

In developing the plan, the Secretary of the Interior shall consult with all interested and involved parties. The plan shall be based on the needs of the children and the system best suited for meeting those needs, and may involve the establishment of cooperative agreements between the BIA, other Federal agencies, and other entities. The plan shall also be distributed upon request to States, State educational agencies and local educational agencies, and other agencies providing services to infants, toddlers, and children with disabilities, to tribes, and to other interested parties.

(6) Establishment of advisory board

§1412. State eligibility
(a) In general
A State is eligible for assistance under this subchapter for a fiscal year if the State submits a plan that provides assurances to the Secretary that the State has in effect policies and proce-
dures to ensure that the State meets each of the following conditions:

(1) Free appropriate public education
   (A) In general
   A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school.
   (B) Limitation
   The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children—
   (i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and
   (ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this subchapter be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility—
   (I) were not actually identified as being a child with a disability under section 1401 of this title; or
   (II) did not have an individualized education program under this subchapter.
   (C) State flexibility
   A State that provides early intervention services in accordance with subchapter III to a child who is eligible for services under section 1419 of this title, is not required to provide such child with a free appropriate public education.

(2) Full educational opportunity goal
   The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

(3) Child find
   (A) In general
   All children with disabilities residing in the State, including children with disabilities who are homeless children or wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.
   (B) Construction
   Nothing in this chapter requires that children be classified by their disability so long as each child who has a disability listed in section 1401 of this title and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this subchapter.

(4) Individualized education program
   An individualized education program, or an individualized family service plan that meets the requirements of section 1366(d) of this title, is developed, reviewed, and revised for each child with a disability in accordance with section 1414(d) of this title.

(5) Least restrictive environment
   (A) In general
   To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.
   (B) Additional requirement
   (i) In general
   A State funding mechanism shall not result in placements that violate the requirements of subparagraph (A), and a State shall not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability a free appropriate public education according to the unique needs of the child as described in the child’s IEP.
   (ii) Assurance
   If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

(6) Procedural safeguards
   (A) In general
   Children with disabilities and their parents are afforded the procedural safeguards required by section 1415 of this title.
   (B) Additional procedural safeguards
   Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities for services under this chapter will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child’s native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(7) Evaluation
   Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 1414 of this title.
§ 1412

(8) Confidentiality

Agencies in the State comply with section 1417(c) of this title (relating to the confidentiality of records and information).

(9) Transition from subchapter III to preschool programs

Children participating in early intervention programs assisted under subchapter III, and who will participate in preschool programs assisted under this subchapter, experience a smooth and effective transition to those preschool programs in a manner consistent with section 1437(a)(9) of this title. By the third birthday of such a child, an individualized education program or, if consistent with sections 1414(d)(2)(B) and 1436(d) of this title, an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 1435(a)(10) of this title.

(10) Children in private schools

(A) Children enrolled in private schools by their parents

(i) In general

To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary schools and secondary schools in the school district served by a local educational agency, provision is made for the participation of those children in the program assisted or carried out under this subchapter by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f):

(I) Amounts to be expended for the provision of those services (including direct services to parentally placed private school children) by the local educational agency shall be equal to a proportionate amount of Federal funds made available under this subchapter;

(II) In calculating the proportionate amount of Federal funds, the local educational agency, after timely and meaningful consultation with representatives of private schools as described in clause (iii), shall conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending private schools located in the local educational agency.

(III) Such services to parentally placed private school children with disabilities may be provided to the children on the premises of private, including religious, schools, to the extent consistent with law.

(IV) State and local funds may supplement and in no case shall supplant the proportionate amount of Federal funds required to be expended under this subparagraph.

(V) Each local educational agency shall maintain in its records and provide to the State educational agency the number of children evaluated under this subparagraph, the number of children determined to be children with disabilities under this paragraph, and the number of children served under this paragraph.

(ii) Child find requirement

(I) In general

The requirements of paragraph (3) (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including religious, elementary schools and secondary schools.

(II) Equitable participation

The child find process shall be designed to ensure the equitable participation of parentally placed private school children with disabilities and an accurate count of such children.

(III) Activities

In carrying out this clause, the local educational agency, or where applicable, the State educational agency, shall undertake activities similar to those activities undertaken for the agency’s public school children.

(IV) Cost

The cost of carrying out this clause, including individual evaluations, may not be considered in determining whether a local educational agency has met its obligations under clause (i).

(V) Completion period

Such child find process shall be completed in a time period comparable to that for other students attending public schools in the local educational agency.

(iii) Consultation

To ensure timely and meaningful consultation, a local educational agency, or where appropriate, a State educational agency, shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children, including regarding—

(I) the child find process and how parentally placed private school children suspected of having a disability can participate equitably, including how parents, teachers, and private school officials will be informed of the process;

(II) the determination of the proportionate amount of Federal funds available to serve parentally placed private school children with disabilities under this subparagraph, including the determination of how the amount was calculated;

(III) the consultation process among the local educational agency, private school officials, and representatives of
parents of parentally placed private school children with disabilities, including how such process will operate throughout the school year to ensure that parentally placed private school children with disabilities identified through the child find process can meaningfully participate in special education and related services; (IV) how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities, including a discussion of types of services, including direct services and alternate service delivery mechanisms, how such services will be apportioned if funds are insufficient to serve all children, and how and when these decisions will be made; and (V) how, if the local educational agency disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the local educational agency shall provide to the private school officials a written explanation of the reasons why the local educational agency chose not to provide services directly or through a contract.

(iv) Written affirmation

When timely and meaningful consultation as required by clause (iii) has occurred, the local educational agency shall obtain a written affirmation signed by the representatives of participating private schools, and if such representatives do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation of the consultation process to the State educational agency.

(v) Compliance

(I) In general

A private school official shall have the right to submit a complaint to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

(II) Procedure

If the private school official wishes to submit a complaint, the official shall provide the basis of the noncompliance with this subparagraph by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency. If the private school official is dissatisfied with the decision of the State educational agency, such official may submit a complaint to the Secretary by providing the basis of the noncompliance with this subparagraph by the local educational agency to the Secretary, and the State educational agency shall forward the appropriate documentation to the Secretary.

(vi) Provision of equitable services

(I) Directly or through contracts

The provision of services pursuant to this subparagraph shall be provided—

(aa) by employees of a public agency;

(bb) through contract by the public agency with an individual, association, agency, organization, or other entity.

(II) Secular, neutral, nonideological

Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

(vii) Public control of funds

The control of funds used to provide special education and related services under this subparagraph, and title to materials, equipment, and property purchased with those funds, shall be in a public agency for the uses and purposes provided in this chapter, and a public agency shall administer the funds and property.

(B) Children placed in, or referred to, private schools by public agencies

(i) In general

Children with disabilities in private schools and facilities are provided special education and related services in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this subchapter or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

(ii) Standards

In all cases described in clause (i), the State educational agency shall determine whether such schools and facilities meet standards that apply to State educational agencies and local educational agencies and that children so served have all the rights the children would have if served by such agencies.

(C) Payment for education of children enrolled in private schools without consent of or referral by the public agency

(i) In general

Subject to subparagraph (A), this subchapter does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.
(ii) Reimbursement for private school placement

If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary school or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.

(iii) Limitation on reimbursement

The cost of reimbursement described in clause (ii) may be reduced or denied—

(I) if—

(aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in item (aa);

(II) if, prior to the parents’ removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 1415(b)(3) of this title, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(iv) Exception

Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement—

(I) shall not be reduced or denied for failure to provide such notice if—

(aa) the school prevented the parent from providing such notice;

(bb) the parents had not received notice, pursuant to section 1415 of this title, of the notice requirement in clause (iii)(I); or

(cc) compliance with clause (iii)(I) would likely result in physical harm to the child; and

(II) may, in the discretion of a court or a hearing officer, not be reduced or denied for failure to provide such notice if—

(bb) compliance with clause (iii)(I) would likely result in serious emotional harm to the child.

(ii) Reimbursement for services by public agency
If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child’s IEP) shall provide or pay for such services to the child. Such local educational agency or State agency is authorized to claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

(C) will annually report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A), which may include elements of the reports required under section 6311(h) of this title.

(16) Participation in assessments

(A) In general

All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section 6311 of this title, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

(B) Accommodation guidelines

The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the provision of appropriate accommodations.

(C) Alternate assessments

(i) In general

The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments described in this subchapter (A) with accommodations as indicated in their respective individualized education programs.

(ii) Requirements for alternate assessments

The guidelines under clause (i) shall provide for alternate assessments that—

(I) are aligned with the challenging State academic content standards under section 6011(b)(1)(E) of this title and alternate academic achievement standards under section 6311(b)(1)(E) of this title;

(II) if the State has adopted alternate academic achievement standards permitted under section 6311(b)(1)(E) of this title, measure the achievement of children with disabilities against those standards.

(iii) Conduct of alternate assessments

The State conducts the alternate assessments described in this subchapter.

(D) Reports

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) makes available to the public, and reports to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

(i) The number of children with disabilities participating in regular assessments,
and the number of those children who were provided accommodations in order to participate in those assessments.

(ii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(I).

(iii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(II).

(iv) The performance of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating in those assessments is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

(E) Universal design

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) shall, to the extent feasible, use universal design principles in developing and administering any assessments under this paragraph.

(17) Supplementation of State, local, and other Federal funds

(A) Expenditures

Funds paid to a State under this subchapter will be expended in accordance with all the provisions of this subchapter.

(B) Prohibition against commingling

Funds paid to a State under this subchapter will not be commingled with State funds.

(C) Prohibition against supplantation and conditions for waiver by Secretary

Except as provided in section 1413 of this title, funds paid to a State under this subchapter will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this subchapter and in no case to supplant such Federal, State, and local funds, except that, where the State provides clear and convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

(18) Maintenance of State financial support

(A) In general

The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

(B) Reduction of funds for failure to maintain support

The Secretary shall reduce the allocation of funds under section 1411 of this title for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

(C) Waivers for exceptional or uncontrollable circumstances

The Secretary may waive the requirement of subparagraph (A) for a State, for 1 fiscal year at a time, if the Secretary determines that—

(i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(ii) the State meets the standard in paragraph (17)(C) for a waiver of the requirement to supplement, and not to supplant, funds received under this subchapter.

(D) Subsequent years

If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the State’s support.

(19) Public participation

Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

(20) Rule of construction

In complying with paragraphs (17) and (18), a State may not use funds paid to it under this subchapter to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation.

(21) State advisory panel

(A) In general

The State has established and maintains an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State.

(B) Membership

Such advisory panel shall consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, be representative of the State population, and be composed of individuals involved in, or concerned with, the education of children with disabilities, including—
§ 1412

(22) Suspension and expulsion rates

Through 26).

(A) In general

The State educational agency examines data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

(i) among local educational agencies in the State; or

(ii) compared to such rates for non-disabled children within such agencies.

(B) Review and revision of policies

If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this chapter.

(23) Access to instructional materials

(A) In general

The State adopts the National Instructional Materials Accessibility Standard for the purposes of providing instructional materials to blind persons or other persons with print disabilities, in a timely manner after the publication of the National Instructional Materials Accessibility Standard in the Federal Register.

(B) Rights of State educational agency

Nothing in this paragraph shall be construed to require any State educational agency to coordinate with the National Instructional Materials Access Center. If a State educational agency chooses not to coordinate with the National Instructional Materials Access Center, such agency shall provide an assurance to the Secretary that the agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

(C) Preparation and delivery of files

If a State educational agency chooses to coordinate with the National Instructional Materials Access Center, not later than 2 years after December 3, 2004, the agency, as part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to—

(i) require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Materials Access Center electronic files containing the contents of the print instructional materials using the National Instructional Materials Accessibility Standard; or

(ii) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

(D) Assistive technology

In carrying out this paragraph, the State educational agency, to the maximum extent possible, shall work collaboratively with the State agency responsible for assistive technology programs.

(E) Definitions

In this paragraph:

(i) National Instructional Materials Access Center

The term “National Instructional Materials Access Center” means the center established pursuant to section 1474(e) of this title.
(ii) National Instructional Materials Accessibility Standard
The term “National Instructional Materials Accessibility Standard” has the meaning given the term in section 1474(e)(3)(A) of this title.

(iii) Specialized formats
The term “specialized formats” has the meaning given the term in section 1474(e)(3)(D) of this title.

(24) Overidentification and disproportionality
The State has in effect, consistent with the purposes of this chapter and with section 1418(d) of this title, policies and procedures designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in section 1401 of this title.

(25) Prohibition on mandatory medication
(A) In general
The State educational agency shall prohibit State and local educational agency personnel from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation under subsection (a) or (c) of section 1414 of this title, or receiving services under this chapter.

(B) Rule of construction
Nothing in subparagraph (A) shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student’s academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under paragraph (3).

(b) State educational agency as provider of free appropriate public education or direct services
If the State educational agency provides free appropriate public education to children with disabilities, or provides direct services to such children, such agency—

(1) shall comply with any additional requirements of section 1413(a) of this title, as if such agency were a local educational agency; and
(2) may use amounts that are otherwise available to such agency under this subchapter to serve those children without regard to section 1413(a)(2)(A)(i) of this title (relating to excess costs).

(c) Exception for prior State plans
(1) In general
If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this subchapter.

(2) Modifications made by State
Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State determines necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

(3) Modifications required by the Secretary
If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by a Federal court or a State’s highest court, or there is an official finding of noncompliance with Federal law or regulations, then the Secretary may require a State to modify its application only to the extent necessary to ensure the State’s compliance with this subchapter.

(d) Approval by the Secretary
(1) In general
If the Secretary determines that a State is eligible to receive a grant under this subchapter, the Secretary shall notify the State of that determination.

(2) Notice and hearing
The Secretary shall not make a final determination that a State is not eligible to receive a grant under this subchapter until after providing the State—

(A) with reasonable notice; and
(B) with an opportunity for a hearing.

(e) Assistance under other Federal programs
Nothing in this chapter permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act (42 U.S.C. 701 et seq.) with respect to the provision of a free appropriate public education for children with disabilities in the State.

(f) By-pass for children in private schools
(1) In general
If, on December 2, 1983, a State educational agency was prohibited by law from providing for the equitable participation in special programs of children with disabilities enrolled in private elementary schools and secondary schools as required by subsection (a)(10)(A), or if the Secretary determines that a State educational agency, local educational agency, or other entity has substantially failed or is unwilling to provide for such equitable participation, then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements that shall be subject to the requirements of such subsection.

(2) Payments
(A) Determination of amounts
If the Secretary arranges for services pursuant to this subsection, the Secretary, after
consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing—

(i) the total amount received by the State under this subchapter for such fiscal year; by

(ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 1418 of this title.

(B) Withholding of certain amounts

Pending final resolution of any investigation or complaint that may result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates will be necessary to pay the cost of services described in subparagraph (A).

(C) Period of payments

The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A).

(3) Notice and hearing

(A) In general

The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why such action should not be taken.

(B) Review of action

If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the Secretary's action, as provided in section 2112 of title 28.

(C) Review of findings of fact

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Jurisdiction of court of appeals; review by United States Supreme Court

Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

§1413. Local educational agency eligibility

(a) In general

A local educational agency is eligible for assistance under this subchapter for a fiscal year if such agency submits a plan that provides assurances to the State educational agency that the local educational agency meets each of the following conditions:

(1) Consistency with State policies

The local educational agency, in providing for the education of children with disabilities within its jurisdiction, has in effect policies, procedures, and programs that are consistent with the State policies and procedures established under section 1412 of this title.

(2) Use of amounts

(A) In general

Amounts provided to the local educational agency under this subchapter shall be expended in accordance with the applicable provisions of this subchapter and—

(i) shall be used only to pay the excess costs of providing special education and related services to children with disabilities;

(ii) shall be used to supplement State, local, and other Federal funds and not to supplant such funds; and

(iii) shall not be used, except as provided in subparagraphs (B) and (C), to reduce the level of expenditures for the education of children with disabilities made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

(B) Exception

Notwithstanding the restriction in subparagraph (A)(iii), a local educational agency may reduce the level of expenditures where such reduction is attributable to—

(i) the voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel;

(ii) a decrease in the enrollment of children with disabilities;

(iii) the termination of the obligation of the agency, consistent with this subchapter, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State educational agency, because the child—

(I) has left the jurisdiction of the agency;

(II) has reached the age at which the obligation of the agency to provide a free appropriate public education to the child has terminated; or

(III) no longer needs such program of special education; or

(iv) the termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

(C) Adjustment to local fiscal effort in certain fiscal years

(i) Amounts in excess

Notwithstanding clauses (ii) and (iii) of subparagraph (A), for any fiscal year for which the allocation received by a local educational agency under section 1411(f) of this title exceeds the amount the local educational agency received for the previous fiscal year, the local educational agency shall use an amount of local funds equal to

(A)(i) the difference, if any, between the amount the State educational agency, because the child—

(I) has left the jurisdiction of the agency;

(ii) a decrease in the enrollment of children with disabilities;

(iii) the termination of the obligation of the agency, consistent with this subchapter, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State educational agency, because the child—

(III) no longer needs such program of special education; or

(iv) the termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

(ii) Use of amounts to carry out activities under ESEA

If a local educational agency exercises the authority under clause (i), the agency shall use an amount of local funds equal to the reduction in expenditures under clause (i) to carry out activities authorized under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.].

(iii) State prohibition

Notwithstanding clause (i), if a State educational agency determines that a local educational agency is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a) or the State educational agency has taken action against the local educational agency under section 1416 of this title, the State educational agency shall prohibit the local educational agency from reducing the level of expenditures under clause (i) for that fiscal year.

(iv) Special rule

The amount of funds expended by a local educational agency under subsection (f)
shall count toward the maximum amount of expenditures such local educational agency may reduce under clause (i).

(D) Schoolwide programs under title I of the ESEA

Notwithstanding subparagraph (A) or any other provision of this subchapter, a local educational agency may use funds received under this subchapter for any fiscal year to carry out a schoolwide program under section 1114 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6314], except that the amount so used in any such program shall not exceed—

(i) the number of children with disabilities participating in the schoolwide program; multiplied by

(ii)(I) the amount received by the local educational agency under this subchapter for that fiscal year; divided by

(II) the number of children with disabilities in the jurisdiction of that agency.

(3) Personnel development

The local educational agency shall ensure that all personnel necessary to carry out this subchapter are appropriately and adequately prepared, subject to the requirements of section 1412(a)(14) of this title and section 2102(b) of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6612(b)].

(4) Permissive use of funds

(A) Uses

Notwithstanding paragraph (2)(A) or section 1412(a)(17)(B) of this title (relating to commingled funds), funds provided to the local educational agency under this subchapter may be used for the following activities:

(i) Services and aids that also benefit non-disabled children

For the costs of special education and related services, and supplementary aids and services, provided in a regular class or other education-related setting to a child with a disability in accordance with the individualized education program of the child, even if 1 or more nondisabled children benefit from such services.

(ii) Early intervening services

To develop and implement coordinated, early intervening educational services in accordance with subsection (f).

(iii) High cost education and related services

To establish and implement cost or risk sharing funds, consortia, or cooperatives for the local educational agency itself, or for local educational agencies working in a consortium of which the local educational agency is a part, to pay for high cost special education and related services.

(B) Administrative case management

A local educational agency may use funds received under this subchapter to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related services personnel providing services described in the individualized education program of children with disabilities, that is needed for the implementation of such case management activities.

(5) Treatment of charter schools and their students

In carrying out this subchapter with respect to charter schools that are public schools of the local educational agency, the local educational agency—

(A) serves children with disabilities attending those charter schools in the same manner as the local educational agency serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the local educational agency has a policy or practice of providing such services on the site to its other public schools; and

(B) provides funds under this subchapter to those charter schools—

(i) on the same basis as the local educational agency provides funds to the local educational agency’s other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

(ii) at the same time as the agency distributes other Federal funds to the agency’s other public schools, consistent with the State’s charter school law.

(6) Purchase of instructional materials

(A) In general

Not later than 2 years after December 3, 2004, a local educational agency that chooses to coordinate with the National Instructional Materials Access Center, when purchasing print instructional materials, shall acquire the print instructional materials in the same manner and subject to the same conditions as a State educational agency acquires print instructional materials under section 1412(a)(23) of this title.

(B) Rights of local educational agency

Nothing in this paragraph shall be construed to require a local educational agency to coordinate with the National Instructional Materials Access Center. If a local educational agency chooses not to coordinate with the National Instructional Materials Access Center, the local educational agency shall provide an assurance to the State educational agency that the local educational agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

(7) Information for State educational agency

The local educational agency shall provide the State educational agency with information necessary to enable the State educational agency to carry out its duties under this subchapter, including, with respect to paragraphs (15) and (16) of section 1412(a) of this title, information relating to the performance of children with disabilities participating in programs carried out under this subchapter.
(b) Exception for prior local plans

If a local educational agency or State agency has on file with the State educational agency policies and procedures that demonstrate that such local educational agency, or such State agency, as the case may be, meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the State educational agency shall consider such local educational agency or State agency, as the case may be, to have met such requirement for purposes of receiving assistance under this subchapter.

(2) Modification made by local educational agency

Subject to paragraph (3), an application submitted by a local educational agency in accordance with this section shall remain in effect until the local educational agency submits to the State educational agency such modifications as the local educational agency determines necessary.

(3) Modifications required by State educational agency

If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by Federal or State courts, or there is an official finding of noncompliance with Federal or State law or regulations, then the State educational agency may require a local educational agency to modify its application only to the extent necessary to ensure the local educational agency’s compliance with this subchapter or State law.

(c) Notification of local educational agency or State agency in case of ineligibility

If the State educational agency determines that a local educational agency or State agency is not eligible under this section, then the State educational agency shall notify the local educational agency or State agency, as the case may be, of that determination and shall provide such local educational agency or State agency with reasonable notice and an opportunity for a hearing.

(d) Local educational agency compliance

(1) In general

If the State educational agency, after reasonable notice and an opportunity for a hearing, finds that a local educational agency or State agency that has been determined to be eligible under this section is failing to comply with any requirement described in subsection (a), the State educational agency shall reduce or shall not provide any further payments to the local educational agency or State agency until the State educational agency is satisfied that the local educational agency or State agency, as the case may be, is complying with that requirement.

(2) Additional requirement

Any State agency or local educational agency in receipt of a notice described in paragraph (1) shall, by means of public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency.

(3) Consideration

In carrying out its responsibilities under paragraph (1), the State educational agency shall consider any decision made in a hearing held under section 1415 of this title that is adverse to the local educational agency or State agency involved in that decision.

(e) Joint establishment of eligibility

(1) Joint establishment

(A) In general

A State educational agency may require a local educational agency to establish its eligibility jointly with another local educational agency if the State educational agency determines that the local educational agency will be ineligible under this section because the local educational agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

(B) Charter school exception

A State educational agency may not require a charter school that is a local educational agency to jointly establish its eligibility under subparagraph (A) unless the charter school is explicitly permitted to do so under the State’s charter school law.

(2) Amount of payments

If a State educational agency requires the joint establishment of eligibility under paragraph (1), the total amount of funds made available to the affected local educational agencies shall equal to the sum of the payments that each such local educational agency would have received under section 1411(f) of this title if such agencies were eligible for such payments.

(3) Requirements

Local educational agencies that establish joint eligibility under this subsection shall—
(A) adopt policies and procedures that are consistent with the State’s policies and procedures under section 1412(a) of this title; and

(B) be jointly responsible for implementing programs that receive assistance under this subchapter.

(4) Requirements for educational service agencies

(A) In general

If an educational service agency is required by State law to carry out programs under this subchapter, the joint responsibilities given to local educational agencies under this subsection shall—

(i) not apply to the administration and disbursement of any payments received by that educational service agency; and

(ii) be carried out only by that educational service agency.

(B) Additional requirement

Notwithstanding any other provision of this subsection, an educational service agency shall provide for the education of children with disabilities in the least restrictive environment, as required by section 1412(a)(3) of this title.

(f) Early intervening services

(1) In general

A local educational agency may not use more than 15 percent of the amount such agency receives under this subchapter for any fiscal year, less any amount reduced by the agency pursuant to subsection (a)(2)(C), if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 3 who have not been identified as needing special education or related services directly to children with disabilities residing in the area served by that local educational agency, or for whom that local educational agency determines that the local educational service agency or State agency is responsible, if the State agency is responsible, if the State agency determines that the local educational agency or State agency, as the case may be—

(A) has not provided the information needed to establish the eligibility of such local educational agency or State agency under this section;

(B) is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a);

(C) is unable or unwilling to be consolidated with 1 or more local educational agencies in order to establish and maintain such programs; or

(D) has 1 or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of such children.

(2) Activities

In implementing coordinated, early intervening services under this subsection, a local educational agency may carry out activities that include—

(A) professional development (which may be provided by entities other than local educational agencies) for teachers and other school staff to enable such personnel to deliver scientifically based academic instruction and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and

(B) providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

(3) Construction

Nothing in this subsection shall be construed to limit or create a right to a free appropriate public education under this subchapter.

(4) Reporting

Each local educational agency that develops and maintains coordinated, early intervening services under this subsection shall annually report to the State educational agency on—

(A) the number of students served under this subsection; and

(B) the number of students served under this subsection who subsequently receive special education and related services under this chapter during the preceding 2-year period.

(5) Coordination with Elementary and Secondary Education Act of 1965

Funds made available to carry out this subsection may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under, the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] if such funds are used to supplement, and not supplant, funds made available under the Elementary and Secondary Education Act of 1965 for the activities and services assisted under this subsection.

(g) Direct services by the State educational agency

(1) In general

A State educational agency shall use the payments that would otherwise have been available to a local educational agency or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that local educational agency, or for whom that State agency is responsible, if the State educational agency determines that the local educational agency or State agency, as the case may be—

(A) has not provided the information needed to establish the eligibility of such local educational agency or State agency under this section;

(B) is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a);

(C) is unable or unwilling to be consolidated with 1 or more local educational agencies in order to establish and maintain such programs; or

(D) has 1 or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of such children.

(2) Manner and location of education and services

The State educational agency may provide special education and related services under paragraph (1) in such manner and at such locations (including regional or State centers) as the State educational agency considers appropriate. Such education and services shall be provided in accordance with this subchapter.

(h) State agency eligibility

Any State agency that desires to receive a subgrant for any fiscal year under section 1411(f)
of this title shall demonstrate to the satisfaction of the State educational agency that—

(1) all children with disabilities who are participating in programs and projects funded under this subchapter receive a free appropriate public education, and that those children and their parents are provided all the rights and procedural safeguards described in this subchapter; and

(2) the agency meets such other conditions of this section as the Secretary determines to be appropriate.

(i) Disciplinary information

The State may require that a local educational agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit such statement to the same extent that such disciplinary information is included in, and transmitted with, the student records of nondisabled children. The State may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child. If the State adopts such a policy, and the child transfers from 1 school to another, the transmission of any of the child’s records shall include both the child’s current individualized education program and any such statement of current or previous disciplinary action that has been taken against the child.

(j) State agency flexibility

(1) Adjustment to State fiscal effort in certain fiscal years

For any fiscal year for which the allotment received by a State under section 1411 of this title exceeds the amount the State received for the previous fiscal year and if the State in school year 2003–2004 or any subsequent school year pays or reimburses all local educational agencies within the State from State revenue for 100 percent of the non-Federal share of the costs of special education and related services, the State educational agency, notwithstanding paragraphs (17) and (18) of section 1412(a) of this title and section 1412(b) of this title, may reduce the level of expenditures from State sources for the education of children with disabilities by not more than 50 percent of the amount of such excess.

(2) Prohibition

Notwithstanding paragraph (1), if the Secretary determines that a State educational agency is unable to establish, maintain, or oversee programs of free appropriate public education that meet the requirements of this subchapter, or that the State needs assistance, intervention, or substantial intervention under section 1416(d)(2)(A) of this title, the Secretary shall prohibit the State educational agency from exercising the authority in paragraph (1).

(3) Education activities

If a State educational agency exercises the authority under paragraph (1), the agency shall use funds from State sources, in an amount equal to the amount of the reduction under paragraph (1), to support activities authorized under the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.) or to support need based student or teacher higher education programs.

(4) Report

For each fiscal year for which a State educational agency exercises the authority under paragraph (1), the State educational agency shall report to the Secretary the amount of expenditures reduced pursuant to such paragraph and the activities that were funded pursuant to paragraph (3).

(5) Limitation

Notwithstanding paragraph (1), a State educational agency may not reduce the level of expenditures described in paragraph (1) if any local educational agency in the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the local educational agency receive a free appropriate public education from the combination of Federal funds received under this chapter and State funds received from the State educational agency.

§ 1414. Evaluations, eligibility determinations, individualized education programs, and educational placements

(a) Initial evaluations, parental consent, and reevaluations

(1) Initial evaluations

(A) In general

A State educational agency, other State agency, or local educational agency shall conduct a full and individual initial evaluation in accordance with this paragraph and subsection (b), before the initial provision of special education and related services to a child with a disability under this subchapter.

(B) Request for initial evaluation

Consistent with subparagraph (D), either a parent of a child, or a State educational agency, other State agency, or local educational agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

(C) Procedures

(i) In general

Such initial evaluation shall consist of procedures—

(I) to determine whether a child is a child with a disability (as defined in section 1401 of this title) within 60 days of receiving parental consent for the evaluation, or, if the State establishes a timeframe within which the evaluation must be conducted, within such timeframe; and

(II) to determine the educational needs of such child.

(ii) Exception

The relevant timeframe in clause (i)(I) shall not apply to a local educational agency if—

(I) a child enrolls in a school served by the local educational agency after the relevant timeframe in clause (i)(I) has begun and prior to a determination by the child’s previous local educational agency as to whether the child is a child with a disability (as defined in section 1401 of this title), but only if the subsequent local educational agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent local educational agency agree to a specific time when the evaluation will be completed; or

(II) the parent of a child repeatedly fails or refuses to produce the child for the evaluation.

(D) Parental consent

(i) In general

(I) Consent for initial evaluation

The agency proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability as defined in this title shall obtain informed consent from the parent of such child before conducting the evaluation. Parental consent for evaluation shall not be construed as consent for placement for receipt of special education and related services.

(II) Consent for services

An agency that is responsible for making a free appropriate public education available to a child with a disability under this subchapter shall seek to obtain informed consent from the parent of such child before providing special education and related services to the child.

(ii) Absence of consent

(I) For initial evaluation

If the parent of such child does not provide consent for an initial evaluation under clause (i)(I), or the parent fails to respond to a request to provide the consent, the local educational agency may pursue the initial evaluation of the child by utilizing the procedures described in section 1415 of this title, except to the extent inconsistent with State law relating to such parental consent.

(II) For services

If the parent of such child refuses to consent to services under clause (i)(II), the local educational agency shall not provide special education and related services to the child by utilizing the procedures described in section 1415 of this title.

(III) Effect on agency obligations

If the parent of such child refuses to consent to the receipt of special education and related services, or the parent fails to respond to a request to provide such consent—

(aa) the local educational agency shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide such child with the special education and related services for which the local educational agency requests such consent; and

(bb) the local educational agency shall not be required to convene an IEP meeting or develop an IEP under this section for the child for the special education and related services for which the local educational agency requests such consent.

(iii) Consent for wards of the State

(I) In general

If the child is a ward of the State and is not residing with the child’s parent,
the agency shall make reasonable efforts to obtain the informed consent from the parent (as defined in section 1401 of this title) of the child for an initial evaluation to determine whether the child is a child with a disability.

(II) Exception
The agency shall not be required to obtain informed consent from the parent of a child for an initial evaluation to determine whether the child is a child with a disability if—

(aa) despite reasonable efforts to do so, the agency cannot discover the whereabouts of the parent of the child;

(bb) the rights of the parents of the child have been terminated in accordance with State law; or

(cc) the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

(E) Rule of construction
The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

(2) Reevaluations

(A) In general
A local educational agency shall ensure that a reevaluation of each child with a disability is conducted in accordance with subsections (b) and (c)—

(i) if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or

(ii) if the child’s parents or teacher requests a reevaluation.

(B) Limitation
A reevaluation conducted under subparagraph (A) shall occur—

(i) not more frequently than once a year, unless the parent and the local educational agency agree otherwise; and

(ii) at least once every 3 years, unless the parent and the local educational agency agree that a reevaluation is unnecessary.

(b) Notice
The local educational agency shall provide notice to the parents of a child with a disability, in accordance with subsections (b)(3), (b)(4), and (c) of section 1415 of this title, that describes any evaluation procedures such agency proposes to conduct.

(2) Conduct of evaluation
In conducting the evaluation, the local educational agency shall—

(A) use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the parent, that may assist in determining—

(i) whether the child is a child with a disability; and

(ii) the content of the child’s individualized education program, including information related to enabling the child to be involved in and progress in the general education curriculum, or, for preschool children, to participate in appropriate activities;

(B) not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability or determining an appropriate educational program for the child; and

(C) use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Additional requirements
Each local educational agency shall ensure that—

(A) assessments and other evaluation materials used to assess a child under this section—

(i) are selected and administered so as not to be discriminatory on a racial or cultural basis;

(ii) are provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is not feasible to so provide or administer;

(iii) are used for purposes for which the assessments or measures are valid and reliable;

(iv) are administered by trained and knowledgeable personnel; and

(v) are administered in accordance with any instructions provided by the producer of such assessments;

(B) the child is assessed in all areas of suspected disability;

(C) assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided; and

(D) assessments of children with disabilities who transfer from 1 school district to another school district in the same academic year are coordinated with such children’s prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

(4) Determination of eligibility and educational need
Upon completion of the administration of assessments and other evaluation measures—

(A) the determination of whether the child is a child with a disability as defined in section 1401(3) of this title and the educational needs of the child shall be made by a team of qualified professionals and the parent of the child in accordance with paragraph (5); and
§ 1414

(c) Additional requirements for evaluation and eligibility determination

In making a determination of eligibility under paragraph (4)(A), a child shall not be determined to be a child with a disability if the determinate factor for such determination is—

(A) lack of appropriate instruction in reading, including in the essential components of reading instruction (as defined in section 6368(3) of this title, as such section was in effect on the day before December 10, 2015);

(B) lack of instruction in math; or

(C) limited English proficiency.

(6) Specific learning disabilities

(A) In general

Notwithstanding section 1406(b) of this title, when determining whether a child has a specific learning disability as defined in section 1401 of this title, a local educational agency shall not be required to take into consideration whether a child has a severe discrepancy between achievement and intellectual ability in oral expression, listening comprehension, written expression, basic reading skill, reading comprehension, mathematical calculation, or mathematical reasoning.

(B) Additional authority

In determining whether a child has a specific learning disability, a local educational agency may use a process that determines if the child responds to scientific, research-based intervention as a part of the evaluation procedures described in paragraphs (2) and (5).

(c) Additional requirements for evaluation and reevaluations

(1) Review of existing evaluation data

As part of an initial evaluation (if appropriate) and as part of any reevaluation under this section, the IEP Team and other qualified professionals, as appropriate, shall—

(A) review existing evaluation data on the child, including—

(i) evaluations and information provided by the parents of the child;

(ii) current classroom-based, local, or State assessments, and classroom-based observations; and

(iii) observations by teachers and related services providers; and

(B) on the basis of that review, and input from the child’s parents, identify what additional data, if any, are needed to determine—

(i) whether the child is a child with a disability as defined in section 1401(3) of this title, and the educational needs of the child, or, in case of a reevaluation of a child, whether the child continues to have such a disability and such educational needs;

(ii) the present levels of academic achievement and related developmental needs of the child;

(iii) whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and

(iv) whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the individualized education program of the child and to participate, as appropriate, in the general education curriculum.

(2) Source of data

The local educational agency shall administer such assessments and other evaluation measures as may be needed to produce the data identified by the IEP Team under paragraph (1)(B).

(3) Parental consent

Each local educational agency shall obtain informed parental consent, in accordance with subsection (a)(1)(D), prior to conducting any reevaluation of a child with a disability, except that such informed parental consent need not be obtained if the local educational agency can demonstrate that it had taken reasonable measures to obtain such consent and the child’s parent has failed to respond.

(4) Requirements if additional data are not needed

If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child’s educational needs, the local educational agency—

(A) shall notify the child’s parents of—

(i) that determination and the reasons for the determination; and

(ii) the right of such parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child’s educational needs; and

(B) shall not be required to conduct such an assessment unless requested to by the child’s parents.

(5) Evaluations before change in eligibility

(A) In general

Except as provided in subparagraph (B), a local educational agency shall evaluate a child with a disability in accordance with this section before determining that the child is no longer a child with a disability.

(B) Exception

(i) In general

The evaluation described in subparagraph (A) shall not be required before the termination of a child’s eligibility under this subchapter due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for a free appropriate public education under State law.

(ii) Summary of performance

For a child whose eligibility under this subchapter terminates under circum-
stances described in clause (i), a local educational agency shall provide the child with a summary of the child’s academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child’s postsecondary goals.

(d) Individualized education programs

(1) Definitions

In this chapter:

(A) Individualized education program

(i) in general

The term ‘‘individualized education program’’ or ‘‘IEP’’ means a written statement for each child with a disability that is developed, reviewed, and revised in accordance with this section and that includes—

(I) a statement of the child’s present levels of academic achievement and functional performance, including—

(aa) how the child’s disability affects the child’s involvement and progress in the general education curriculum;

(bb) meet each of the child’s other educational needs that result from the child’s disability;

(III) a description of how the child’s progress toward meeting the annual goals described in subclause (II) will be measured and when periodic reports on the progress the child is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;

(IV) a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child—

(aa) to advance appropriately toward attaining the annual goals;

(bb) to be involved in and make progress in the general education curriculum in accordance with subclause (I) and to participate in extra-curricular and other nonacademic activities; and

(cc) to be educated and participate with other children with disabilities and nondisabled children in the activities described in this subparagraph;

(V) an explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in the activities described in this subparagraph;

(VI) (aa) a statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on State and districtwide assessments consistent with section 1412(a)(16)(A) of this title; and

(bb) if the IEP Team determines that the child shall take an alternate assessment on a particular State or districtwide assessment of student achievement, a statement of why—

(AA) the child cannot participate in the regular assessment; and

(BB) the particular alternate assessment selected is appropriate for the child;

(VII) the projected date for the beginning of the services and modifications described in subclause (IV), and the anticipated frequency, location, and duration of those services and modifications; and

(VIII) beginning not later than the first IEP to be in effect when the child is 16, and updated annually thereafter—

(bb) the transition services (including courses of study) needed to assist the child in reaching those goals; and

(cc) beginning not later than 1 year before the child reaches the age of majority under State law, a statement that the child has been informed of the child’s rights under this chapter, if any, that will transfer to the child on reaching the age of majority under section 1415(m) of this title.

(ii) Rule of construction

Nothing in this section shall be construed to require—

(I) that additional information be included in a child’s IEP beyond what is explicitly required in this section; and

(II) the IEP Team to include information under 1 component of a child’s IEP that is already contained under another component of such IEP.

(B) Individualized education program team

The term ‘‘individualized education program team’’ or ‘‘IEP Team’’ means a group of individuals composed of—

(i) the parents of a child with a disability;
§ 1414

(C) IEP Team attendance

(i) Attendance not necessary

A member of the IEP Team shall not be required to attend an IEP meeting, in whole or in part, if the parent of a child with a disability and the local educational agency agree that the attendance of such member is not necessary because the member’s area of the curriculum or related services is not being modified or discussed in the meeting.

(ii) Excusal

A member of the IEP Team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member’s area of the curriculum or related services, if—

(I) the parent and the local educational agency consent to the excusal; and

(II) the member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.

(iii) Written agreement and consent required

A parent’s agreement under clause (i) and consent under clause (ii) shall be in writing.

(D) IEP Team transition

In the case of a child who was previously served under subchapter III, an invitation to the initial IEP meeting shall, at the request of the parent, be sent to the subchapter III service coordinator or other representatives of the subchapter III system to assist with the smooth transition of services.

(2) Requirement that program be in effect

(A) In general

At the beginning of each school year, each local educational agency, State educational agency, or other State agency, as the case may be, shall have in effect, for each child with a disability in the agency’s jurisdiction, an individualized education program, as defined in paragraph (1)(A).

(B) Program for child aged 3 through 5

In the case of a child with a disability aged 3 through 5 (or, at the discretion of the State educational agency, a 2-year-old child with a disability who will turn age 3 during the school year), the IEP Team shall consider the individualized family service plan that contains the material described in section 1436 of this title, and that is developed in accordance with this section, and the individualized family service plan may serve as the IEP of the child if using that plan as the IEP is—

(i) consistent with State policy; and

(ii) agreed to by the agency and the child’s parents.

(C) Program for children who transfer school districts

(i) In general

(I) Transfer within the same State

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in the same State, the local educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency adopts the previously held IEP or develops, adopts, and implements a new IEP that is consistent with Federal and State law.

(II) Transfer outside State

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in another State, the local educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency conducts an evaluation pursuant to subsection (a)(1), if determined to be necessary by such agency, and develops a new IEP, if appropriate, that is consistent with Federal and State law.

(ii) Transmittal of records

To facilitate the transition for a child described in clause (i)—

(I) the new school in which the child enrolls shall take reasonable steps to promptly obtain the child’s records, in-
(3) Development of IEP

(A) In general

In developing each child’s IEP, the IEP Team, subject to subparagraph (C), shall consider—

(i) the strengths of the child;

(ii) the concerns of the parents for enhancing the education of their child;

(iii) the results of the initial evaluation or most recent evaluation of the child; and

(iv) the academic, developmental, and functional needs of the child.

(B) Consideration of special factors

The IEP Team shall—

(i) in the case of a child whose behavior impedes the child’s learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(ii) in the case of a child with limited English proficiency, consider the language needs of the child as such needs relate to the child’s IEP;

(iii) in the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child’s future needs for instruction in Braille (or the use of Braille), that instruction in Braille (or the use of Braille) is not appropriate for the child;

(iv) in the case of a child who is deaf or hard of hearing, consider the child’s language and communication needs, opportunities for direct communications with peers and professional personnel in the child’s language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child’s language and communication mode; and

(v) consider whether the child needs assistive technology devices and services.

(C) Requirement with respect to regular education teacher

A regular education teacher of the child, as a member of the IEP Team, shall, to the extent appropriate, participate in the development of the IEP of the child, including the determination of appropriate positive behavioral interventions and supports, and other strategies, and the determination of supplementary aids and services, program modifications, and support for school personnel consistent with paragraph (1)(A)(i)(IV).

(D) Agreement

In making changes to a child’s IEP after the annual IEP meeting for a school year, the parent of a child with a disability and the local educational agency may agree not to convene an IEP meeting for the purposes of making such changes, and instead may develop a written document to amend or modify the child’s current IEP.

(E) Consolidation of IEP Team meetings

To the extent possible, the local educational agency shall encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.

(F) Amendments

Changes to the IEP may be made either by the entire IEP Team or, as provided in subparagraph (D), by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent shall be provided with a revised copy of the IEP with the amendments incorporated.

(4) Review and revision of IEP

(A) In general

The local educational agency shall ensure that, subject to subparagraph (B), the IEP Team—

(i) reviews the child’s IEP periodically, but not less frequently than annually, to determine whether the annual goals for the child are being achieved; and

(ii) revises the IEP as appropriate to address—

(I) any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate;

(II) the results of any reevaluation conducted under this section;

(III) information about the child provided to, or by, the parents, as described in subsection (c)(1)(B);

(IV) the child’s anticipated needs; or

(V) other matters.

(B) Requirement with respect to regular education teacher

(5) Multi-year IEP demonstration

(A) Pilot program

(i) Purpose

The purpose of this paragraph is to provide an opportunity for States to allow parents and local educational agencies the opportunity for long-term planning by offering the option of developing a comprehensive multi-year IEP, not to exceed 3 years, that is designed to coincide with the natural transition points for the child.

(ii) Authorization

In order to carry out the purpose of this paragraph, the Secretary is authorized to approve not more than 15 proposals from States to carry out the activity described in clause (i).
(ii) Proposal

(I) In general

A State desiring to participate in the program under this paragraph shall submit a proposal to the Secretary at such time and in such manner as the Secretary may reasonably require.

(II) Content

The proposal shall include—

(aa) assurances that the development of a multi-year IEP under this paragraph is optional for parents;

(bb) assurances that the parent is required to provide informed consent before a comprehensive multi-year IEP is developed;

(cc) a list of required elements for each multi-year IEP, including—

(AA) measurable goals pursuant to paragraph (1)(A)(i)(II), coinciding with natural transition points for the child, that will enable the child to be involved in and make progress in the general education curriculum and that will meet the child’s other needs that result from the child’s disability; and

(BB) measurable annual goals for determining progress toward meeting the goals described in subitem (AA); and

(dd) a description of the process for the review and revision of each multi-year IEP, including—

(AA) a review by the IEP Team of the child’s multi-year IEP at each of the child’s natural transition points, an annual review of the child’s IEP to determine the child’s current levels of progress and whether the annual goals for the child are being achieved, and a requirement to amend the IEP, as appropriate, to enable the child to continue to meet the measurable goals set out in the IEP;

(CC) if the IEP Team determines on the basis of a review that the child is not making sufficient progress toward the goals described in the multi-year IEP, a requirement that the local educational agency shall ensure that the IEP Team carries out a more thorough review of the IEP in accordance with paragraph (4) within 30 calendar days; and

(DD) at the request of the parent, a requirement that the IEP Team shall conduct a review of the child’s multi-year IEP rather than or subsequent to an annual review.

(B) Report

Beginning 2 years after December 3, 2004, the Secretary shall submit an annual report to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate regarding the effectiveness of the program under this paragraph and any specific recommendations for broader implementation of such program, including—

(i) reducing—

(I) the paperwork burden on teachers, principals, administrators, and related service providers; and

(II) noninstructional time spent by teachers in complying with this subchapter;

(ii) enhancing longer-term educational planning;

(iii) improving positive outcomes for children with disabilities;

(iv) promoting collaboration between IEP Team members; and

(v) ensuring satisfaction of family members.

(C) Definition

In this paragraph, the term “natural transition points” means those periods that are close in time to the transition of a child with a disability from preschool to elementary grades, from elementary grades to middle or junior high school grades, from middle or junior high school grades to secondary school grades, and from secondary school grades to post-secondary activities, but in no case a period longer than 3 years.

(6) Failure to meet transition objectives

If a participating agency, other than the local educational agency, fails to provide the transition services described in the IEP in accordance with paragraph (1)(A)(i)(VIII), the local educational agency shall reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

(7) Children with disabilities in adult prisons

(A) In general

The following requirements shall not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

(B) Authority

School personnel under this subsection may remove a child with a disability who violates a code of student conduct from their current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 school days (to the extent such alternatives are applied to children without disabilities).

(C) Additional authority

If school personnel seek to order a change in placement that would exceed 10 school days and the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child’s disability pursuant to subparagraph (E), the relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner and for the same duration in which the procedures would be applied to children without disabilities, except as provided in section 1412(a)(1) of this title although it may be provided in an interim alternative educational setting.

(D) Services

A child with a disability who is removed from the child’s current placement under subparagraph (G) (irrespective of whether the behavior is determined to be a manifestation of the child’s disability) or subparagraph (C) shall—

(i) continue to receive educational services, as provided in section 1412(a)(1) of this title, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP; and

(ii) receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

(E) Manifestation determination

(i) In general

(I) if the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or

(II) if the conduct in question was the direct result of the local educational agency’s failure to implement the IEP.

(ii) Manifestation

If the local educational agency, the parent, and relevant members of the IEP Team determine that either subclause (I) or (II) of clause (i) is applicable for the child, the conduct shall be determined to be a manifestation of the child’s disability.

(F) Determination that behavior was a manifestation

If the local educational agency, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child’s disability, the IEP Team shall—

(i) conduct a functional behavioral assessment, and implement a behavioral intervention plan for such child, provided that the local educational agency had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement described in subparagraph (C) or (G);

(ii) in the situation where a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

(iii) except as provided in subparagraph (G), return the child to the placement from which the child was removed, unless the parent and the local educational agency agree to a change of placement as part of the modification of the behavioral intervention plan.

(G) Special circumstances

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child’s disability, in cases where a child—

(i) carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a State or local educational agency; or

(ii) knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency; or

(iii) has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.
under the jurisdiction of a State or local educational agency.

(H) Notification

(2) Determination of setting
The interim alternative educational setting in subparagraphs (C) and (G) of paragraph (1) shall be determined by the IEP Team.

(3) Appeal
(A) In general
The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination under this subsection, or a local educational agency that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request a hearing.

(B) Authority of hearing officer
(i) In general
A hearing officer shall hear, and make a determination regarding, an appeal requested under subparagraph (A).

(ii) Change of placement order
In making the determination under clause (i), the hearing officer may order a change in placement of a child with a disability. In such situations, the hearing officer may—

(4) Placement during appeals
When an appeal under paragraph (3) has been requested by either the parent or the local educational agency—

(A) the child shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period provided for in paragraph (3)(C), whichever occurs first, unless the parent and the State or local educational agency agree otherwise; and

(B) the State or local educational agency shall arrange for an expedited hearing, which shall occur within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing.

(5) Protections for children not yet eligible for special education and related services
(A) In general
A child who has not been determined to be eligible for special education and related services under this subchapter and who has engaged in behavior that violates a code of student conduct, may assert any of the protections provided for in this subchapter if the local educational agency had knowledge (as determined in accordance with this paragraph) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

(B) Basis of knowledge
A local educational agency shall be deemed to have knowledge that a child is a child with a disability if, before the behavior that precipitated the disciplinary action occurred—

(i) the parent of the child has expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;

(ii) the parent of the child has requested an evaluation of the child pursuant to section 1414(a)(1)(B) of this title; or

(C) Exception
A local educational agency shall not be deemed to have knowledge that the child is a child with a disability if the parent of the child has not allowed an evaluation of the child pursuant to section 1414 of this title or has refused services under this subchapter or the child has been evaluated and it was determined that the child was not a child with a disability under this subchapter.

(D) Conditions that apply if no basis of knowledge
(i) In general
If a local educational agency does not have knowledge that a child is a child with a disability (in accordance with subparagraph (B) or (C)) prior to taking disciplinary measures against the child, the child may be subjected to disciplinary measures applied to children without disabilities who engaged in comparable behaviors consistent with clause (ii).

(ii) Limitations
If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this subsection, the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency shall provide special education and related services in accordance with this subchapter, except that, pending the results of the evaluation, the child shall remain in the educational
placement determined by school authorities.

(6) Referral to and action by law enforcement and judicial authorities

(A) Rule of construction

Nothing in this subchapter shall be construed to prohibit an agency from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

(B) Transmittal of records

An agency reporting a crime committed by a child with a disability shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime.
