§ 1395m–1. Improving policies for clinical diagnostic laboratory tests

(a) Reporting of private sector payment rates for establishment of medicare payment rates

(1) In general
Beginning January 1, 2016, and every 3 years thereafter (or, annually, in the case of reporting with respect to an advanced diagnostic laboratory test, as defined in subsection (d)(5)), an applicable laboratory (as defined in paragraph (2)) shall report to the Secretary, at a time specified by the Secretary, applicable information (as defined in paragraph (3)) for a data collection period (as defined in paragraph (4)) for each clinical diagnostic laboratory test that the laboratory furnishes during such period for which payment is made under this part.

(2) Definition of applicable laboratory
In this section, the term “applicable laboratory” means a laboratory that, with respect to its revenues under this subchapter, a majority of such revenues are from this section, section 1395w(h) of this title, or section 1395w–4 of this title. The Secretary may establish a low volume or low expenditure threshold for excluding a laboratory from the definition of applicable laboratory under this paragraph, as the Secretary determines appropriate.

(3) Applicable information defined

(A) In general
In this section, subject to subparagraph (B), the term “applicable information” means, with respect to a laboratory test for a data collection period, the following:

(i) The payment rate (as determined in accordance with paragraph (5)) that was paid by each private payor for the test during the period.

(ii) The volume of such tests for each such payor for the period.

(B) Exception for certain contractual arrangements
Such term shall not include information with respect to a laboratory test for which payment is made on a capitated basis or other similar payment basis during the data collection period.

(4) Data collection period defined
In this section, the term “data collection period” means a period of time, such as a previous 12 month period, specified by the Secretary.

(5) Treatment of discounts
The payment rate reported by a laboratory under this subsection shall reflect all discounts, rebates, coupons, and other price concessions, including those described in section 1395w–3a(c)(3) of this title.

(6) Ensuring complete reporting
In the case where an applicable laboratory has more than one payment rate for the same test or more than one payment rate for different payors for the same test, the applicable laboratory shall report each such payment rate and the volume for the test at each such rate under this subsection. Beginning with January 1, 2019, the Secretary may establish rules to aggregate reporting with respect to the situations described in the preceding sentence.

(7) Certification
An officer of the laboratory shall certify the accuracy and completeness of the information reported under this subsection.

(8) Private payor defined
In this section, the term “private payor” means the following:

(A) A health insurance issuer and a group health plan (as such terms are defined in section 300gg–91 of this title).

(B) A Medicare Advantage plan under part C.

(9) Civil money penalty

(A) In general
If the Secretary determines that an applicable laboratory has failed to report or made a misrepresentation or omission in reporting information under this subsection with respect to a clinical diagnostic laboratory test, the Secretary may apply a civil money penalty in an amount of up to $10,000 per day for each failure to report or each such misrepresentation or omission.

(B) Application
The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this paragraph in the same manner as they apply to a civil money penalty or proceeding under section 1320a–7a(a) of this title.

(10) Confidentiality of information
Notwithstanding any other provision of law, information disclosed by a laboratory under
this subsection is confidential and shall not be disclosed by the Secretary or a Medicare contractor in a form that discloses the identity of a specific payor or laboratory, or prices charged or payments made to any such laboratory, except—

(A) as the Secretary determines to be necessary to carry out this section;

(B) to permit the Comptroller General to review the information provided;

(C) to permit the Director of the Congressional Budget Office to review the information provided; and

(D) to permit the Medicare Payment Advisory Commission to review the information provided.

(11) Protection from public disclosure

A payor shall not be identified on information reported under this subsection. The name of an applicable laboratory under this subsection shall be exempt from disclosure under section 552(b)(3) of title 5.

(12) Regulations

Not later than June 30, 2015, the Secretary shall establish through notice and comment rulemaking parameters for data collection under this subsection.

(b) Payment for clinical diagnostic laboratory tests

(1) Use of private payor rate information to determine medicare payment rates

(A) In general

Subject to paragraph (3) and subsections (c) and (d), in the case of a clinical diagnostic laboratory test furnished on or after January 1, 2017, the payment amount under this section shall be equal to the weighted median determined for the test under paragraph (2) for the most recent data collection period.

(B) Application of payment amounts to hospital laboratories

The payment amounts established under this section shall apply to a clinical diagnostic laboratory test furnished by a hospital laboratory if such test is paid for separately, and not as part of a bundled payment under section 1395t of this title.

(2) Calculation of weighted median

For each laboratory test with respect to which information is reported under subsection (a) for a data collection period, the Secretary shall calculate a weighted median for the test for the period, by arraying the distribution of all payment rates reported for the period for each test weighted by volume for each payor and each laboratory.

(3) Phase-in of reductions from private payor rate implementation

(A) In general

Payment amounts determined under this subsection for a clinical diagnostic laboratory test for each of 2017 through 2022 shall not result in a reduction in payments for a clinical diagnostic laboratory test for the year of greater than the applicable percent (as defined in subparagraph (B)) of the amount of payment for the test for the preceding year.

(B) Applicable percent defined

In this paragraph, the term “applicable percent” means—

(i) for each of 2017 through 2019, 10 percent; and

(ii) for each of 2020 through 2022, 15 percent.

(C) No application to new tests

This paragraph shall not apply to payment amounts determined under this section for either of the following.

(ii) A new advanced diagnostic test (as defined in subsection (d)(5)) under subsection (d).

(A) In general

Subject to paragraph (3), once established for a year following a data collection period, the payment amounts under this subsection shall continue to apply until the year following the next data collection period.

(B) Other adjustments not applicable

The payment amounts under this section shall not be subject to any adjustment (including any geographic adjustment, budget neutrality adjustment, annual update, or other adjustment).

(5) Sample collection fee

In the case of a sample collected from an individual in a skilled nursing facility or by a laboratory on behalf of a home health agency, the nominal fee that would otherwise apply under section 1395m–1 of this title shall be increased by $2.

(c) Payment for new tests that are not advanced diagnostic laboratory tests

(1) Payment during initial period

In the case of a clinical diagnostic laboratory test that is assigned a new or substantially revised HCPCS code on or after April 1, 2014, and which is not an advanced diagnostic laboratory test (as defined in subsection (d)(5)), during an initial period until payment rates under subsection (b) are established for the test, payment for the test shall be determined—

(A) using cross-walking (as described in section 1395m–1(h)(3)(A) of this title) to the most appropriate existing test under the fee schedule under this section during that period; or

(B) if no existing test is comparable to the new test, according to the gapfilling process described in paragraph (2).

(2) Gapfilling process described

The gapfilling process described in this paragraph shall take into account the following sources of information to determine gapfill amounts, if available:

$1So in original. Probably should be preceded by “laboratory”.
(A) Charges for the test and routine discounts to charges.
(B) Resources required to perform the test.
(C) Payment amounts determined by other payors.

(4) **Explanation of payment rates**

In the case of a clinical diagnostic laboratory test for which payment is made under this subsection, the Secretary shall make available to the public an explanation of the payment rate for the test, including an explanation of how the criteria described in paragraph (2) and paragraph (3) are applied.

(5) **Payment for new advanced diagnostic laboratory tests**

(1) **Payment during initial period**

(A) **In general**

In the case of an advanced diagnostic laboratory test for which payment has not been made under the fee schedule under section 1395(h) of this title prior to April 1, 2014, during an initial period of three quarters, the payment amount for the test for such period shall be based on the actual list charge for the laboratory test.

(B) **Actual list charge**

For purposes of subparagraph (A), the term “actual list charge”, with respect to a laboratory test furnished during such period, means the publicly available rate on the first day at which the test is available for purchase by a private payor.

(2) **Special rule for timing of initial reporting**

With respect to an advanced diagnostic laboratory test described in paragraph (1)(A), an applicable laboratory shall initially be required to report under subsection (a) not later than the last day of the second quarter of the initial period under such paragraph.

(3) **Application of market rates after initial period**

Subject to paragraph (4), data reported under paragraph (2) shall be used to establish the payment amount for an advanced diagnostic laboratory test after the initial period under paragraph (1)(A) using the methodology described in subsection (b). Such payment amount shall continue to apply until the year following the next data collection period.

(4) **Recoupment if actual list charge exceeds market rate**

With respect to the initial period described in paragraph (1)(A), if, after such period, the Secretary determines that the payment amount for an advanced diagnostic laboratory test under paragraph (1)(A) that was applicable during the period was greater than 130 percent of the payment amount for the test established using the methodology described in subsection (b) that is applicable after such period, the Secretary shall recoup the difference between such payment amounts for tests furnished during such period.

(5) **Advanced diagnostic laboratory test defined**

In this subsection, the term “advanced diagnostic laboratory test” means a clinical diagnostic laboratory test covered under this part that is offered and furnished only by a single laboratory and not sold for use by a laboratory other than the original developing laboratory (or a successor owner) and meets one of the following criteria:

(A) The test is an analysis of multiple biomarkers of DNA, RNA, or proteins combined with a unique algorithm to yield a single patient-specific result.

(B) The test is cleared or approved by the Food and Drug Administration.

(C) The test meets other similar criteria established by the Secretary.

(e) **Coding**

(1) **Temporary codes for certain new tests**

(A) **In general**

The Secretary shall adopt temporary HCPCS codes to identify new advanced diagnostic laboratory tests (as defined in subsection (d)(5)) and new laboratory tests that are cleared or approved by the Food and Drug Administration.

(B) **Duration**

(i) **In general**

Subject to clause (ii), the temporary code shall be effective until a permanent HCPCS code is established (but not to exceed 2 years).

(ii) **Exception**

The Secretary may extend the temporary code or establish a permanent HCPCS code, as the Secretary determines appropriate.

(2) **Existing tests**

Not later than January 1, 2016, for each existing advanced diagnostic laboratory test (as so defined) and each existing clinical diagnostic laboratory test that is cleared or approved by the Food and Drug Administration for which payment is made under this part as of April 1, 2014, if such test has not already been assigned a unique HCPCS code, the Secretary shall—

(A) assign a unique HCPCS code for the test; and

(B) publicly report the payment rate for the test.

(3) **Establishment of unique identifier for certain tests**

For purposes of tracking and monitoring, if a laboratory or a manufacturer requests a unique identifier for an advanced diagnostic laboratory test (as so defined) or a laboratory...
test that is cleared or approved by the Food and Drug Administration, the Secretary shall utilize a means to uniquely track such test through a mechanism such as a HCPCS code or modifier.

(f) Input from clinicians and technical experts
(1) In general
The Secretary shall consult with an expert outside advisory panel, established by the Secretary not later than July 1, 2015, composed of an appropriate selection of individuals with expertise, which may include molecular pathologists, researchers, and individuals with expertise in laboratory science or health economics, in issues related to clinical diagnostic laboratory tests, which may include the development, validation, performance, and application of such tests, to provide—
   (A) input on—
      (i) the establishment of payment rates under this section for new clinical diagnostic laboratory tests, including whether to use crosswalking or gapfilling processes to determine payment for a specific new test; and
      (ii) the factors used in determining coverage and payment processes for new clinical diagnostic laboratory tests; and
   (B) recommendations to the Secretary under this section.
(2) Compliance with FACA
The panel shall be subject to the Federal Advisory Committee Act (5 U.S.C. App.).

(g) Coverage
(1) Issuance of coverage policies
(A) In general
A medicare administrative contractor shall only issue a coverage policy with respect to a clinical diagnostic laboratory test in accordance with the process for making a local coverage determination (as defined in section 1395f(f)(2)(B) of this title), including the appeals and review process for local coverage determinations under part 426 of title 42, Code of Federal Regulations (or successor regulations).

§ 1395q. Coverage period

(a) Commencement

The period during which an individual is entitled to benefits under the insurance program established by this part (hereinafter referred to as his “coverage period”) shall begin on whichever of the following is the latest:

(1) July 1, 1966, or (in the case of a disabled individual who has not attained age 65) July 1, 1973; or

(2)(A) in the case of an individual who enrolls pursuant to subsection (d) of section 1395p of this title before the month in which he first satisfies paragraph (1) or (2) of section 1395q of this title, the first day of such month, or

(B) in the case of an individual who enrolls pursuant to such subsection (d) in the month in which he first satisfies such paragraph, the first day of the month following the month in which he so enrolls, or

(C) in the case of an individual who enrolls pursuant to such subsection (d) in the month

...
following the month in which he first satisfies such paragraph, the first day of the second month following the month in which he so enrolls, or
(D) in the case of an individual who enrolls pursuant to such subsection (d) more than one month following the month in which he satisfies such paragraph, the first day of the third month following the month in which he so enrolls, or
(E) in the case of an individual who enrolls pursuant to subsection (e) of section 1395p of this title, the July 1 following the month in which he so enrolls; or
(3)(A) in the case of an individual who is deemed to have enrolled on or before the last day of the month of his initial enrollment period, the first day of the month in which he first meets the applicable requirements of section 1395p of this title or July 1, 1973, whichever is later, or
(B) in the case of an individual who is deemed to have enrolled on or after the first day of the fourth month of his initial enrollment period, as prescribed under subparagraphs (B), (C), (D), and (E) of paragraph (2) of this subsection.

(b) Continuation
An individual's coverage period shall continue until his enrollment has been terminated—
(1) by the filing of notice that the individual no longer wishes to participate in the insurance program established by this part, or
(2) for nonpayment of premiums.

The termination of a coverage period under paragraph (1) shall (except as otherwise provided in section 1395w(e) of this title) take effect at the close of the month following the month in which the notice is filed. The termination of a coverage period under paragraph (2) shall take effect on a date determined under regulations, which may be extended to not to exceed 180 days in any case where the Secretary determines that there was good cause for failure to pay the overdue premiums within such 90-day period.

Where an individual who is deemed to have enrolled for medical insurance pursuant to section 1395p(f) of this title files a notice before the first day of the month in which his coverage period begins advising that he does not wish to be so enrolled, the termination of the coverage period resulting from such deemed enrollment shall take effect with the first day of the month the coverage would have been effective. Where an individual who is deemed enrolled for medical insurance benefits pursuant to section 1395p(f) of this title files a notice requesting termination of his deemed coverage in or after the month in which such coverage becomes effective, the termination of such coverage shall take effect at the close of the month following the month in which the notice is filed.

(c) Termination
In the case of an individual satisfying paragraph (1) of section 1395o of this title whose entitlement to hospital insurance benefits under part A is based on a disability rather than on his having attained the age of 65, his coverage period (and his enrollment under this part) shall be terminated as of the close of the last month for which he is entitled to hospital insurance benefits.

(d) Payment of expenses incurred during coverage period
No payments may be made under this part with respect to the expenses of an individual unless such expenses were incurred by such individual during a period which, with respect to him, is a coverage period.

(e) Commencement of coverage for special enrollment periods
Notwithstanding subsection (a), in the case of an individual who enrolls during a special enrollment period pursuant to section 1395p(1)(3) or 1395p(1)(4)(B) of this title—
(1) in any month of the special enrollment period in which the individual is at any time enrolled in a plan (specified in subparagraph (A) or (B), as applicable, of section 1395p(1)(3) of this title or specified in section 1395p(1)(4)(A)(i) of this title) or in the first month following such a month, the coverage period shall begin on the first day of the month in which the individual so enrolls (or, at the option of the individual, on the first day of any of the following three months), or
(2) in any other month of the special enrollment period, the coverage period shall begin on the first day of the month following the month in which the individual so enrolls.

§ 1395r. Amount of premiums for individuals enrolled under this part

(a) Determination of monthly actuarial rates and premiums

(1) The Secretary shall, during September of 1983 and of each year thereafter, determine the monthly actuarial rate for enrollees age 65 and over for the succeeding calendar year. Subject to paragraphs (5) and (6), such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such calendar year with respect to disabled enrollees under age 65 will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for services performed and related administrative costs incurred in such calendar year with respect to such enrollees. In calculating the monthly actuarial rate under this paragraph there shall not be taken into account additional payments under section 1395w–4(a)(5) of this title and section 1395w–23(f)(3) of this title and the Government contribution under section 1395w(a)(3) of this title.

(2) The monthly premium of each individual enrolled under this part for each month after December 1983 shall be the amount determined under paragraph (3), adjusted as required in accordance with subsections (b), (c), (f), and (h), and to reflect any credit provided under section 1395w–24(b)(1)(C)(ii)(III) of this title.

(3) The Secretary, during September of each year, shall determine and promulgate a monthly premium rate for the succeeding calendar year that (except as provided in subsection (g)) is equal to 50 percent of the monthly actuarial rate for enrollees age 65 and over, determined according to paragraph (1), for that succeeding calendar year. Whenever the Secretary promulgates the dollar amount which shall be applicable as the monthly premium rate for any period, he shall, at the time such promulgation is announced, issue a public statement setting forth the actuarial assumptions and bases employed by him in arriving at the amount of an adequate actuarial rate for enrollees age 65 and older as provided in paragraph (1).

(4) The Secretary shall also, during September of 1983 and of each year thereafter, determine the monthly actuarial rate for disabled enrollees under age 65 which shall be applicable for the succeeding calendar year. Such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such calendar year with respect to disabled enrollees under age 65 will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for services performed and related administrative costs incurred in such calendar year with respect to such enrollees. In calculating the monthly actuarial rate under this paragraph there shall include an appropriate amount for a contingency margin.

(5)(A) In applying this part (including subsection (i) and section 1395r(b) of this title), the monthly actuarial rate for enrollees age 65 and over for 2016 shall be determined as if subsection (f) did not apply.

(B) Subsection (f) shall continue to be applied to paragraph (6)(A) (during a repayment month, as described in paragraph (6)(B) and without regard to the application of subparagraph (A).

(A) With respect to a repayment month (as described in subparagraph (B)), the monthly premium otherwise established under paragraph (3) shall be increased by, subject to subparagraph (D), $3.

(B) For purposes of this paragraph, a repayment month is a month during a year, beginning with 2016, for which a balance due amount is computed under subparagraph (C) as greater than zero.

(C) For purposes of this paragraph, the balance due amount computed under this subparagraph, with respect to a month, is the amount estimated by the Chief Actuary of the Centers for Medicare & Medicaid Services to be equal to—

(i) the amount transferred under section 1395w(d)(1) of this title; plus

(ii) the amount that is equal to the aggregate reduction, for all individuals enrolled under this part, in the income related monthly adjustment amount as a result of the application of paragraph (5); minus

(iii) the amounts payable under this part as a result of the application of this paragraph for preceding months.

(D) If the balance due amount computed under subparagraph (C), without regard to this subparagraph, for December of a year would be less than zero, the Chief Actuary of the Centers for Medicare & Medicaid Services shall estimate,
and the Secretary shall apply, a reduction to the dollar amount increase applied under subpara-
graph (A) for each month during such year in a
manner such that the balance due amount for
January of the subsequent year is equal to zero.

(b) Increase in monthly premium

In the case of an individual whose coverage pe-
riod began pursuant to an enrollment after his
initial enrollment period (determined pursuant
to subsection (c) or (d) of section 1395p of this
title) and not pursuant to a special enrollment
period under subsection (i) of section 1395p of this
title, the monthly premium determined under subsec-
tion (a) (without regard to any adjustment under subsection (i)) shall be in-
creased by 10 percent of the monthly premium
so determined for each full 12 months (in the
same continuous period of eligibility) in which
he could have been but was not enrolled. For
purposes of the preceding sentence, there shall
be taken into account (1) the months which elas-
passed between the close of his initial enroll-
ment period and the close of the enrollment pe-
riod in which he enrolled, plus (in the case of an
individual who reenrolls) (2) the months which
elapsed between the date of termination of a
previous coverage period and the close of the en-
rollment period in which he reenrolled, but
there shall not be taken into account months for
which the individual can demonstrate that the
individual was enrolled in a group health plan
described in section 1395y(b)(1)(A)(v) of this title
by reason of the individual’s (or the individual’s
spouse’s) current employment status or months
during which the individual has not attained the
age of 65 and for which the individual can dem-
onstrate that the individual was enrolled in a
large group health plan (as that term is defined
in section 1395y(b)(1)(B)(iii) of this title) by rea-
son of the individual’s current employment
status (or the current employment status of a
family member of the individual) or months for
which the individual can demonstrate that the
individual was an individual described in section
1395p(k)(3) of this title. Any increase in an
individual’s monthly premium under the first sen-
tence of this subsection with respect to a par-
ticular continuous period of eligibility shall not
be applicable with respect to any other contin-
uous period of eligibility which such individual
may have. No increase in the premium shall be
affected for a month in the case of an individual
who enrolls under this part during 2001, 2002,
2003, or 2004 and who demonstrates to the Sec-
retary before December 31, 2004, that the indi-
vidual is a covered beneficiary (as defined in sec-
tion 1072(5) of title 10). The Secretary of Health
and Human Services shall consult with the Sec-
retary of Defense in identifying individuals de-
scribed in the previous sentence.

(c) Premiums rounded to nearest multiple of ten
cents

If any monthly premium determined under the
foregoing provisions of this section is not a mul-
tiple of 10 cents, such premium shall be rounded
to the nearest multiple of 10 cents.

(d) “Continuous period of eligibility” defined

For purposes of subsection (b) (and section
1395p(g)(1) of this title), an individual’s “contin-
uous period of eligibility” is the period begin-
ning with the first day on which he is eligible to
enroll under section 1395o of this title and end-
ning with his death; except that any period dur-
ing all of which an individual satisfied para-
graph (1) of section 1395o of this title and which
terminated in or before the month preceding the
month in which he attained age 65 shall be a sep-
parate “continuous period of eligibility” with re-
spect to such individual (and each such period
which terminates shall be deemed not to have ex-
isted for purposes of subsequently applying this
section).

(e) State payment of part B late enrollment pre-
mium increases

(1) Upon the request of a State (or any appro-
imate State or local governmental entity spe-
cified by the Secretary), the Secretary may enter
into an agreement with the State (or such enti-
ty) under which the State (or such entity)
agrees to pay on a quarterly or other periodic
basis to the Secretary (to be deposited in the
Treasury to the credit of the Federal Supple-
mentary Medical Insurance Trust Fund) an
amount equal to the amount of the part B late
enrollment premium increases with respect to the
premiers for eligible individuals (as defined in
paragraph (3)(A)).

(2) No part B late enrollment premium in-
crease shall apply to an eligible individual for
premiums for months for which the amount of
such an increase is payable under an agreement
under paragraph (1).

(3) In this subsection:

(A) The term “eligible individual” means an
individual who is enrolled under this part B
and who is within a class of individuals speci-
fied in the agreement under paragraph (1).

(B) The term “part B late enrollment pre-
mium increase” means any increase in a pre-
mium as a result of the application of sub-
section (b).

(f) Limitation on increase in monthly premium

For any calendar year after 1998, if an individu-
al is entitled to monthly benefits under section
402 or 423 of this title or to a monthly annuity
under section 3(a), 4(a), or 4(f) of the Railroad
231(c)(a), and 231(f)] for November and Decem-
ber of the preceding year, if the monthly premium of the individu-
al under this section for December and for January is
reduced by the amount of benefits payable to
that individual for that December below the
amount of benefits payable to that individual
for that November (after the deduction of the
premium under this section). For purposes of
this subsection, retroactive adjustments or pay-
ments and deductions on account of work shall
not be taken into account in determining the
monthly benefits to which an individual is enti-
tled under section 402 or 423 of this title or under
231 et seq.].
(g) Exclusions from estimate of benefits and administrative costs

In estimating the benefits and administrative costs which will be payable from the Federal Supplementary Medical Insurance Trust Fund for a year, for purposes of determining the monthly premium rate under subsection (a)(3), the Secretary shall exclude an estimate of any benefits and administrative costs attributable to:

1. The application of section 1395x(v)(1)(L)(viii) of this title or to the establishment under section 1395x(v)(1)(L)(i)(V) of this title of a per visit limit, at 106 percent of the median (instead of 105 percent of the median), but only to the extent payment for home health services under this subchapter is not being made under section 1395ff of this title (relating to prospective payment for home health services); and
2. The Medicare prescription drug discount card and transitional assistance program under section 1395w–141 of this title.

(h) Potential application of comparative cost adjustment in CCA areas

(1) In general

Certain individuals who are residing in a CCA area under section 1395w–29 of this title who are not enrolled in an MA plan under part C may be subject to a premium adjustment under subsection (f) of such section for months in which the CCA program under such section is in effect in such area.

(2) No effect on late enrollment penalty or income-related adjustment in subsidies

Nothing in this subsection or section 1395w–29 of this title shall be construed as affecting the amount of any premium adjustment under subsection (b) or (i). Subsection (f) shall be applied without regard to any premium adjustment referred to in paragraph (1).

(3) Implementation

The given text appears to be a legal document with numerous references to statutes and regulations. It contains detailed information about the calculation and application of monthly premiums for Medicare, along with references to various sections and subsections of the Social Security Act. The text is dense and technical, typical of legal documents that outline the rules and regulations governing public welfare programs.

For a natural text representation, it would be necessary to break down the document into smaller, more readable fragments, focusing on the key sections and provisions. This process would involve identifying the main clauses and the specific rules and conditions that apply to different scenarios, such as changes in premiums, eligibility periods, and administrative procedures.

However, due to the nature of the document, a full natural text representation would require extensive knowledge of the relevant sections of the Social Security Act and Medicare regulations. It is beyond the scope of a single response to provide a comprehensive natural text representation without access to the full context and detailed understanding of the legal text.

Pub. L. 90–97, §2, Sept. 30, 1967, 81 Stat. 249, provided that: “Notwithstanding the provisions of section 1839(a)
and (b) of the Social Security Act [42 U.S.C. 1395(r)(a), (b)], (1) the dollar amount applicable for premiums under part B of title XVIII of such Act [42 U.S.C. 1395j et seq.] for each month before April 1968 shall be $3, and (2) the Secretary of Health, Education, and Welfare may determine and promulgate such dollar amount for months after March 1968 and before January 1970 at any time on or before December 31, 1967."

**§ 1395a. Payment of premiums**

(a) **Deductions from section 402 or 423 monthly benefits**

(1) In the case of an individual who is entitled to monthly benefits under section 402 or 423 of this title, his monthly premiums under this part shall (except as provided in subsections (b)(1) and (c)) be collected by deducting the amount thereof from the amount of such monthly benefits. Such deduction shall be made in such manner and at such times as the Commissioner of Social Security shall by regulation prescribe. Such regulations shall be prescribed after consultation with the Secretary.

(2) The Secretary of the Treasury shall, from time to time, transfer from the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfers shall be made on the basis of a certification by the Railroad Retirement Board and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(b) **Deductions from railroad retirement annuities or pensions**

(1) In the case of an individual who is entitled to receive for a month an annuity under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.] (whether or not such individual is also entitled for such month to a monthly insurance benefit under section 402 of this title), his monthly premiums under this part shall (except as provided in subsection (c)) be collected by deducting the amount thereof from such annuity or pension. Such deduction shall be made in such manner and at such times as the Secretary shall by regulations prescribe. Such regulations shall be prescribed only after consultation with the Railroad Retirement Board.

(2) The Secretary of the Treasury shall, from time to time, transfer from the Railroad Retirement Account to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfers shall be made on the basis of a certification by the Railroad Retirement Board and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(c) **Portion of monthly premium in excess of deducted amount**

If an individual to whom subsection (a) or (b) applies estimates that the amount which will be available for deduction under such subsection for any premium payment period will be less than the amount of the monthly premiums for such period, he may (under regulations) pay to the Secretary such portion of his monthly premiums for such period as he desires.

(d) **Deductions from civil service retirement annuities**

(1) In the case of an individual receiving an annuity under subchapter III of chapter 83 of title 5 or any other law administered by the Director of the Office of Personnel Management providing retirement or survivorship protection, to whom neither subsection (a) nor subsection (b) applies, his monthly premiums under this part (and the monthly premiums of the spouse of such individual under this part if neither subsection (a) nor subsection (b) applies) shall, upon notice from the Secretary of Health and Human Services to the Director of the Office of Personnel Management, be collected by deducting the amount thereof from each installment of such annuity. Such deduction shall be made in such manner and at such times as the Director of the Office of Personnel Management may determine. The Director of the Office of Personnel Management shall furnish such information as the Secretary of Health and Human Services may reasonably request in order to carry out his functions under this part with respect to individuals to whom this subsection applies. A plan described in section 8903 or 8903a of title 5 may reimburse each annuitant enrolled in such plan an amount equal to the premiums paid by him under this part if such reimbursement is paid entirely from funds of such plan which are derived from sources other than the contributions described in section 8906 of such title.

(2) The Secretary of the Treasury shall, from time to time, but not less often than quarterly, transfer from the Civil Service Retirement and Disability Fund, or the account (if any) applicable in the case of such other law administered by the Director of the Office of Personnel Management, to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfer shall be made on the basis of a certification by the Director of the Office of Personnel Management and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(e) **Manner and time of payment prescribed by Secretary**

In the case of an individual who participates in the insurance program established by this part but with respect to whom none of the pre-
ceding provisions of this section applies, or with respect to whom subsection (c) applies, the premiums shall be paid to the Secretary at such times, and in such manner, as the Secretary shall by regulations prescribe.

(f) Deposit of amounts in Treasury

Amounts paid to the Secretary under subsection (c) or (e) shall be deposited in the Treasury to the credit of the Federal Supplementary Medical Insurance Trust Fund.

(g) Premium payability period

In the case of an individual who participates in the insurance program established by this part, premiums shall be payable for the period commencing with the first month of his coverage period and ending with the month in which he dies or, if earlier, in which his coverage under such program terminates.

(h) Exempted monthly benefits

In the case of an individual who is enrolled under the program established by this part as a member of a coverage group to which an agreement with a State entered into pursuant to section 1395v of this title is applicable, subsections (a), (b), (c), and (d) of this section shall not apply to his monthly premium for any month in his coverage period which is determined under section 1395v(d) of this title.

(i) Adjustments for individuals enrolled in Medicare+Choice plans

In the case of an individual enrolled in a Medicare+Choice plan, the Secretary shall provide for necessary adjustments of the monthly beneficiary premium to reflect 80 percent of any reduction elected under section 1395w–24(c)(1)(E) of this title and to reflect any credit provided under section 1395w–24(b)(1)(C)(iv) of this title.

To the extent to which the Secretary determines that such an adjustment is appropriate, with the concurrence of any agency responsible for the administration of such benefits, such premium adjustment may be provided directly, as an adjustment to any social security, railroad retirement, or civil service retirement benefits, or, in the case of an individual who receives medical assistance under subchapter XIX for medical assistance under subchapter XIX for Medicare+Choice plans.

Amounts paid to the Secretary under subsection (c) or (e) shall be deposited in the Treasury to the credit of the Federal Supplementary Medical Insurance Trust Fund.

(a) In general

The administration of this part shall be conducted through contracts with medicare administrative contractors under section 1395kk–1 of this title.

(b) Determination of reasonable charges

(C) In the case of residents of nursing facilities who receive services described in clause (i) or (ii) of section 1395x(s)(2)(K) of this title performed by a member of a team, the Secretary shall instruct medicare administrative contractors to develop mechanisms which permit routine payment under this part for up to 1.5 visits per month per resident. In the previous sentence, the term “team” refers to a physician and includes a physician assistant acting under the supervision of the physician or a nurse practitioner working in collaboration with that physician, or both.

(3) The Secretary—

(A) shall take such action as may be necessary to assure that, where payment under this part for a service is on a cost basis, the cost is reasonable cost (as determined under section 1395x(v) of this title);

(B) shall take such action as may be necessary to assure that, where payment under this part for a service is on a charge basis, such charge will be reasonable and not higher than the charge applicable, for a comparable service and under comparable circumstances, to the policyholders and subscribers of the medicare administrative contractor, and such payment will (except as otherwise provided in section 1395gg(f) of this title) be made—

(i) on the basis of an itemized bill; or

(ii) on the basis of an assignment under the terms of which (I) the reasonable charge is the full charge for the service, (II) the physician or other person furnishing such service agrees not to charge (and to refund amounts already collected) for services for which payment under this subchapter is denied under section 1320c–3(a)(2) of this title by reason of a determination under section 1320c–3(a)(1)(B) of this title, and (III) the reasonable charge is the full charge for the service, and if the Secretary’s determination that payment (pursuant to such assignment) was incorrect and was made subsequent to the third year following the year in which notice of such payment was sent to such individual; except that the Secretary may reduce such three-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter (except in the case of physicians’ services and ambulance service furnished as described in section 1395gg(a)(4) of this title, other than for purposes of section 1395gg(f) of this title); but (in the case of bills submitted, or requests for payment made, after March 1968) only if the bill is submitted, or a written request for payment is made in such other form as may be permitted under regulations, no later than the period ending 1 calendar year after the date of service;

(F) shall take such action as may be necessary to assure that where payment under this part for a service rendered is on a charge basis, such payment shall be determined on the basis of the charge that is determined in accordance with this section on the basis of customary and prevailing charge levels in effect at the time the service was rendered or, in the case of services rendered more than 12 months before the year in which the bill is submitted or request for payment is made, on the basis of such levels in effect for the 12-month period preceding such year;

(G) shall, for a service that is furnished with respect to an individual enrolled under this part, that is not paid on an assignment-related basis, and that is subject to a limiting charge under section 1395w–4(g) of this title—

(i) determine, prior to making payment, whether the amount billed for such service exceeds the limiting charge applicable under section 1395w–4(g)(2) of this title;

(ii) notify the physician, supplier, or other person periodically (but not less often than once every 30 days) of determinations that amounts billed exceeded such applicable limiting charges; and

(iii) provide for prompt response to inquiries of physicians, suppliers, and other persons concerning the accuracy of such limiting charges for their services;

(H) shall implement—

and provide comparative data to physicians whose utilization patterns vary significantly from other physicians in the same payment area or locality.

In determining the reasonable charge for services for purposes of this paragraph, there shall be taken into consideration the customary charges for similar services generally made by the physician or other person furnishing such services, as well as the prevailing charges in the locality for similar services. No charge may be determined to be reasonable in the case of bills submitted or requests for payment made under this paragraph after December 31, 1970, if it exceeds the higher of (i) the prevailing charge recognized by the carrier and found acceptable by the Secretary for similar services in the same locality in administering this part on December 31, 1970, or (ii) the prevailing charge level determined purposes of clause (ii) of the preceding sentence for any twelve-month period (beginning after June 30, 1973) specified in clause (ii) of such sentence may not exceed (in the aggregate) the level determined under such clause for the fiscal year ending June 30, 1973, or (with respect to physicians' services furnished in a year after 1987) the level determined under this sentence (or under any other provision of law affecting the services rendered by a physician) that, on the basis of appropriate economic index data, such higher level is justified by year-to-year economic changes. With respect to power-operated wheelchairs for which payment may be made in accordance with section 1395x(s)(6) of this title, charges determined to be reasonable may not exceed the lowest charge at which power-operated wheelchairs are available in the locality. In the case of medical services, supplies, and equipment (including equipment servicing) that, in the judgment of the Secretary, do not generally vary significantly in quality from one supplier to another, the charges incurred after December 31, 1972, determined to be reasonable may not exceed the lowest charge at which such services, supplies, and equipment are widely and consistently available in a locality except to the extent and under the circumstances specified by the Secretary. The requirement in subparagraph (B) that a bill be submitted or request for payment be made by the close of the following calendar year shall not apply if (I) failure to submit the bill or request the payment by the close of such year is due to the error or misrepresentation of an officer, employee, fiscal intermediary, carrier, medicare administrative contractor, or agent of the Department of Health and Human Services performing functions under this subchapter and acting within the scope of his or its authority, and (II) the bill is submitted or the payment is requested promptly after such error or misrepresentation is eliminated or corrected. Notwithstanding the provisions of the third and fourth sentences preceding this sentence, the prevailing charge level in the case of a physician service in a particular locality determined pursuant to such third and fourth sentences for any calendar year after 1974 shall, if lower than the prevailing charge level for the fiscal year ending June 30, 1975, in the case of a similar physician service in the same locality by reason of the application of economic index data, be raised to such prevailing charge level for the fiscal year ending June 30, 1975, and shall remain at such prevailing charge level until the prevailing charge for a year (as adjusted by economic index data) equals or exceeds such prevailing charge level. The amount of any charges for outpatient services which shall be considered reasonable shall be subject to the limitations established by regulations issued by the Secretary pursuant to section 1395x(v)(1)(K) of this title, and in determining the reasonable charge for such services, the Secretary may limit such reasonable charge to a percentage of the amount of the prevailing charge for similar services furnished in a physician’s office, taking into account the extent to which overhead costs associated with such outpatient services have been included in the reasonable cost or charge of the facility. In applying subparagraph (B), the Secretary may specify exceptions to the 1 calendar year period specified in such subparagraph.

(4)(A)(i) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians’ services furnished during the 15-month period beginning July 1, 1984, the Secretary shall not set any level higher than the same level as was set for the 12-month period beginning July 1, 1983. (ii) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians’ services furnished during the 8-month period beginning May 1, 1986, by a physician who is a participating physician (as defined in subsection (h)(3)) at the time of furnishing the services, the Secretary shall permit an additional one percentage point increase in the increase otherwise permitted under that sentence.

(ii) In determining the maximum allowable prevailing charges which may be recognized consistent with the index described in the fourth sentence of paragraph (3) for physicians’ services furnished on or after January 1, 1987, by participating physicians, the Secretary shall treat the maximum allowable prevailing charges recognized as of December 31, 1986, under such sentence with respect to participating physicians as having been justified by economic changes.

(iv) The reasonable charge for physicians’ services furnished on or after January 1, 1987, and before January 1, 1992, by a nonparticipating physician shall be no greater than the applicable
percent of the prevailing charge levels established under the third and fourth sentences of paragraph (3) (or under any other applicable provision of law affecting the prevailing charge level). In the previous sentence, the term “applicable percent” means for services furnished (I) on or after January 1, 1987, and before April 1, 1988, 96 percent, (II) on or after April 1, 1988, and before January 1, 1989, 95.5 percent, and (III) on or after January 1, 1989, 95 percent.

(v) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians’ services furnished during the 3-month period beginning January 1, 1988, the Secretary shall not set any level higher than the same level as was set for the 12-month period beginning January 1, 1987.

(vi) Before each year (beginning with 1989), the Secretary shall establish a prevailing charge floor for primary care services (as defined in subsection (i)(4)) equal to 60 percent of the estimated average prevailing charge levels based on the best available data (determined, under the third and fourth sentences of paragraph (4), without regard to this clause and without regard to physician specialty) for such service for all localities in the United States (weighted by the relative frequency of the service in each locality) for the year.

(vii) Beginning with 1987, the percentage increase in the MEI (as defined in subsection (i)(3)) for each year shall be the same for nonparticipating physicians as for participating physicians.

(B)(i) In determining the reasonable charge under paragraph (3) for physicians’ services furnished during the 15-month period beginning July 1, 1984, the customary charges shall be the same customary charges as were recognized under this section for the 12-month period beginning July 1, 1983.

(i) If the physician was not a participating physician at any time during the 12-month period beginning on October 1, 1984, the customary charges shall be the same customary charges as were recognized under this section for the 12-month period beginning July 1, 1983, and

(ii) If the physician was a participating physician at any time during the 12-month period beginning on October 1, 1984, the physician’s customary charges shall be determined based upon the physician’s actual charges billed during the 12-month period ending on March 31, 1985.

(iii) In determining the reasonable charge under paragraph (3) for physicians’ services furnished during the 8-month period beginning May 1, 1986, by a physician who is not a participating physician (as defined in subsection (h)(1)) at the time of furnishing the services—

(E)(i) For purposes of this part for physicians’ services furnished in 1987, the percentage increase in the MEI is 3.2 percent.

(ii) For purposes of this part for physicians’ services furnished in 1988, on or after April 1, the percentage increase in the MEI is—
(I) 3.6 percent for primary care services (as defined in subsection (i)(4)), and
(II) 1 percent for other physicians' services.

(iii) For purposes of this part for physicians' services furnished in 1989, the percentage increase in the MEI is—
(I) 3.0 percent for primary care services, and
(II) 1 percent for other physicians' services.

(iv) For purposes of this part for items and services furnished in 1990, after March 31, 1990, the percentage increase in the MEI is—
(I) 0 percent for radiology services, for anesthesia services, and for other services specified in the list referred to in paragraph (14)(C)(i),
(II) 2 percent for other services (other than primary care services), and
(III) such percentage increase in the MEI (as defined in subsection (i)(3)) as would be otherwise determined for primary care services (as defined in subsection (i)(4)).

(v) For purposes of this part for items and services furnished in 1991, the percentage increase in the MEI is—
(I) 0 percent for services (other than primary care services), and
(II) 2 percent for primary care services (as defined in subsection (i)(4)).

(6) No payment under this part for a service provided to any individual shall (except as provided in section 1395g of this title) be made to anyone other than such individual or (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) the physician or other person who provided the service, except that (A) payment may be made (i) to the employer of such physician or other person if such physician or other person is required as a condition of his employment to turn over his fee for such service to his employer, or (ii) where the service was provided under a contractual arrangement between such physician or other person and an entity, to the entity if, under the contractual arrangement, the entity submits the bill for the services and the contractual arrangement meets such program integrity and other safeguards as the Secretary may determine to be appropriate, (B) payment may be made to an entity (i) which provides coverage of the services under a health benefits plan, but only to the extent that payment is not made under this part, (ii) which has paid the person who provided the service an amount (including the amount payable under this part) which that person has accepted as payment in full for the service, and (iii) to which the individual has agreed in writing that payment may be made under this part, (C) in the case of services described in clause (i) of section 1395x(a)(2) of this title, payment shall be made to either (i) the employer of the physician assistant involved, or (ii) with respect to a physician assistant who was the owner of a rural health clinic (as described in section 1395x(aa)(2) of this title) for a continuous period beginning prior to August 5, 1997, and ending on the date that the Secretary determines such rural health clinic no longer meets the requirements of section 1395x(aa)(2) of this title, payment may be made directly to the physician assistant, (D) payment may be made to a physician for physicians' services (and services furnished incident to such services) furnished by a second physician to patients of the first physician if (i) the first physician is unavailable to provide the services; (ii) the services are furnished pursuant to an arrangement between the two physicians that (I) is informal and reciprocal, or (II) involves per diem or other fee-for-time compensation for such services; (iii) the services are not provided by the second physician over a continuous period of more than 60 days or are provided over a longer continuous period during all of which the first physician has been called or ordered to active duty as a member of a reserve component of the Armed Forces; and (iv) the claim form submitted to the medicare administrative contractor for such services includes the second physician's unique identifier (provided under the system established under subsection (r)) and indicates that the claim meets the requirements of this subparagraph for payment to the first physician, (E) in the case of a second physician who provides coverage of the services under a health professional organization contract or an entity (a) which is approved by or pursuant to the order of a court of competent jurisdiction, or (b) governmental agency or entity or is established by or pursuant to the order of a court of competent jurisdiction, (F) in the case of services furnished by a second physician to patients of the first physician if (i) the services are not provided by the second physician over a continuous period of more than 60 days or are provided over a longer continuous period during all of which the first physician has been called or ordered to active duty as a member of a reserve component of the Armed Forces; and (iv) the claim form submitted to the medicare administrative contractor for such services includes the second physician's unique identifier (provided under the system established under subsection (r)) and indicates that the claim meets the requirements of this subparagraph for payment to the first physician, (G) in the case of services described in section 1395yy(e)(2)(A)(ii) of this title) furnished by, or under arrangements made by, a skilled nursing facility to an individual who (at the time the item or service is furnished) is a resident of a skilled nursing facility, payment shall be made to the facility, (H) in the case of services described in section 1395x(m)(5) of this title, but excluding durable medical equipment to the extent provided for in such section) furnished to an individual who (at the time the item or service is furnished) is under a plan of care of a home health agency, payment shall be made to the agency (without regard to whether or not the item or service was furnished by the agency, by others under arrangement with them made by the agency, or when any other contracting or consulting arrangement, or otherwise), (I) in the case of services in a hospital or clinic to which section 1395gq(e) of this title applies, payment shall be made to such hospital or clinic, (J) in the case of services described in section 1395x(aa)(3) of this title that are furnished to a health care professional under contract with a Federally qualified health center, payment shall be made to the center. No payment which under the preceding sentence may be made directly to the physician or other person providing the service involved (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) shall be made to anyone else under a reassignment or power of attorney (except to an employer or entity as described in subparagraph (A) of such sentence); but nothing in this subsection shall be construed to prevent the making of such a payment in accordance with an assignment from the individual to whom the service was provided or a reassignment from the physician or other person providing such service if such assignment or reassignment is made to a government agency or entity or is established by or pursuant to the order of a court of competent jurisdiction, or (ii) to preclude an agent of the physician or other person providing the service from receiving any such payment if (but only if) such agent does so pursuant to an agen-
(ii) In the case of a teaching physician, if the hospital, its physicians, or other appropriate billing entity has established one or more schedules of charges which are collected for medical and surgical services, the Secretary shall base payment under this subchapter on the greatest of—

(I) the charges (other than nominal charges) which are most frequently collected in full or substantial part with respect to patients who were not entitled to benefits under this subchapter and who were furnished services described in subparagraphs (I) and (II) of subparagraph (A)(i),

(II) the mean of the charges (other than nominal charges) which were collected in full or substantial part with respect to such patients, or

(III) 85 percent of the prevailing charges paid for similar services in the same locality.

(iii) If all the teaching physicians in a hospital agree to have payment made for all of their physicians' services under this part furnished to patients in such hospital on an assignment-related basis, the customary charge for such services shall be equal to 90 percent of the prevailing charges paid for similar services in the same locality.

(C) In the case of physicians' services furnished to a patient in a hospital with a teaching program approved as specified in section 1395x(b)(6) of this title, the Secretary shall not provide (except on the basis described in subparagraph (C)) for payment for such services under this part—

(i) unless—

(I) the physician renders sufficient personal and identifiable physicians' services to the patient to exercise full, personal control over the management of the portion of the case for which the payment is sought,

(II) the services are of the same character as the services the physician furnishes to patients not entitled to benefits under this subchapter, and

(III) at least 25 percent of the hospital's patients (during a representative past period, as determined by the Secretary) who were not entitled to benefits under this subchapter and who were furnished services described in subclauses (I) and (II) paid all or a substantial part of charges (other than nominal charges) imposed for such services; and

(ii) to the extent that the payment is based upon a reasonable charge for the services in excess of the customary charge as determined in accordance with subparagraph (B).

(B) The customary charge for such services in a hospital shall be determined in accordance with regulations issued by the Secretary and taking into account the following factors:

(I) In the case of a physician who is not a teaching physician (as defined by the Secretary), the Secretary shall take into account the amounts the physician charges for similar services in the physician's practice outside the teaching setting.

(II) In the case of a teaching physician, if the hospital, its physicians, or other appropriate billing entity has established one or more schedules of charges which are collected for medical and surgical services, the Secretary shall base payment under this subchapter on the greatest of—

(I) the charges (other than nominal charges) which are most frequently collected in full or substantial part with respect to patients who were not entitled to benefits under this subchapter and who were furnished services described in subclauses (I) and (II) of subparagraph (A)(i),

(II) the mean of the charges (other than nominal charges) which were collected in full or substantial part with respect to such patients, or

(III) 85 percent of the prevailing charges paid for similar services in the same locality.

See Amendment of Subsection (b)(6) note below.
(ii) For purposes of this subparagraph, the term ‘assistant at surgery’ means a physician who actively assists the physician in charge of a case in performing a surgical procedure.

(iii) The Secretary shall determine appropriate methods of reimbursement of assistants at surgery where such services are reimbursable under this part.

(§8)(A)(i) The Secretary shall by regulation—

(I) describe the factors to be used in determining the cases (of particular items or services) in which the application of this subparagraph to payment under this part (other than to physicians’ services paid under section 1395w–4 of this title) results in the determination of an amount that, because of its being grossly excessive or grossly deficient, is not inherently reasonable, and

(II) provide in those cases for the factors to be considered in determining an amount that is realistic and equitable.

(ii) Notwithstanding the determination made in clause (i), the Secretary may not apply factors that would increase or decrease the payment under this part during any year for any particular item or service by more than 15 percent from such payment during the preceding year except as provided in subparagraph (B).

(B) The Secretary may make a determination under this subparagraph that would result in an increase or decrease under subparagraph (A) of more than 15 percent of the payment amount for a year, but only if—

(I) the Secretary’s determination takes into account the factors described in subparagraph (C) and any additional factors the Secretary determines appropriate,

(ii) the Secretary’s determination takes into account the potential impacts described in subparagraph (D), and

(iii) the Secretary complies with the procedural requirements of paragraph (9).

(C) The factors described in this subparagraph are as follows:

(i) The programs established under this subchapter and subchapter XIX are the sole or primary sources of payment for an item or service.

(ii) The payment amount does not reflect changing technology, increased facility with that technology, or reductions in acquisition or production costs.

(iii) The payment amount for an item or service under this part is substantially higher or lower than the payment made for the item or service by other purchasers.

(D) The potential impacts of a determination under subparagraph (B) on quality, access, and beneficiary liability, including the likely effects on assignment rates and participation rates.

(9)(A) The Secretary shall consult with representatives of suppliers or other individuals who furnish an item or service before making a determination under paragraph (8)(B) with regard to that item or service.

(B) The Secretary shall publish notice of a proposed determination under paragraph (8)(B) in the Federal Register—

(i) specifying the payment amount proposed to be established with respect to an item or service,

(ii) explaining the factors and data that the Secretary took into account in determining the payment amount so specified, and

(iii) explaining the potential impacts described in paragraph (8)(D).

(C) After publication of the notice required by subparagraph (B), the Secretary shall allow not less than 60 days for public comment on the proposed determination.

(D)(i) Taking into consideration the comments made by the public, the Secretary shall publish in the Federal Register a final determination under paragraph (8)(B) with respect to the payment amount to be established with respect to the item or service.

(ii) A final determination published pursuant to clause (i) shall explain the factors and data that the Secretary took into consideration in making the final determination.

(10)(A)(i) In determining the reasonable charge for procedures described in subparagraph (B) and performed during the 9-month period beginning on April 1, 1988, the prevailing charge for such procedure shall be the prevailing charge otherwise recognized for such procedure for 1987—

(I) subject to clause (iii), reduced by 2.0 percent, and

(ii) further reduced by the applicable percentage specified in clause (ii).

(ii) For purposes of clause (i), the applicable percentage specified in this clause is—

(I) 15 percent, in the case of a prevailing charge otherwise recognized (without regard to this paragraph and determined without regard to physician specialty) that is at least 150 percent of the weighted national average (as determined by the Secretary) of such prevailing charges for such procedure for all localities in the United States for 1987;

(ii) 0 percent, in the case of a prevailing charge that does not exceed 85 percent of such weighted national average; and

(iii) in the case of any other prevailing charge, a percent determined on the basis of a straight-line sliding scale, equal to 3/4 of a percentage point for each percent by which the prevailing charge exceeds 85 percent of such weighted national average.

(10)(B) The procedures described in this subparagraph are as follows: bronchoscopy, carpal tunnel repair, cataract surgery (including subsequent insertion of an intraocular lens), coronary artery bypass surgery, diagnostic and/or therapeutic dilation and curettage, knee arthroscopy, knee arthroplasty, pacemaker implantation surgery, total hip replacement, suprapubic prostatectomy, transurethral resection of the prostate, and upper gastrointestinal endoscopy.

(10)(C) In the case of a reduction in the reasonable charge for a physicians’ service under subpara-
§ 1395u

1. If a nonparticipating physician furnishes the service to an individual entitled to benefits under this part, after the effective date of such reduction, the physician's actual charge is subject to a limit under subsection (j)(1)(D).

2. There shall be no administrative or judicial review under section 1395ff of this title or otherwise of any determination under subparagraph (A) or under paragraph (11)(B)(ii).

3. (A) In providing payment for cataract eyeglasses and cataract contact lenses, and professional services relating to them, under this part, each carrier shall—
   (i) provide for separate determinations of the payment amount for the eyeglasses and lenses, and of the payment amount for the professional services of a physician (as defined in section 1395x(r) of this title), and
   (ii) not recognize as reasonable for such eyeglasses and lenses more than such amount as the Secretary establishes in guidelines relating to the inherent reasonableness of charges for such eyeglasses and lenses.

4. (B)(i) In determining the reasonable charge under paragraph (3) for a cataract surgical procedure, subject to clause (ii), the prevailing charge for such procedure otherwise recognized for participating and nonparticipating physicians shall be reduced by 10 percent with respect to procedures performed in 1987.
   (ii) In no case shall the reduction under clause (i) for a surgical procedure result in a prevailing charge in a locality for a year which is less than 75 percent of the weighted national average of such prevailing charges for such procedure for all the localities in the United States for 1986.

5. (C)(i) The prevailing charge level determined with respect to A-mode ophthalmic ultrasound procedures may not exceed 5 percent of the prevailing charge level established with respect to extracapsular cataract removal with lens insertion.
   (ii) The reasonable charge for an intraocular lens inserted during or subsequent to cataract surgery in a physician's office may not exceed the actual acquisition cost for the lens (taking into account any discount) plus a handling fee (not to exceed 5 percent of such actual acquisition cost).
   (D) In the case of a reduction in the reasonable charge for a physicians' service or item under subparagraph (B) or (C), if a nonparticipating physician furnishes the service or item to an individual entitled to benefits under this part after the effective date of such reduction, the physician's actual charge is subject to a limit under subsection (j)(1)(D).

7. (13)(A) In determining payments under section 1395f(l)(1) of this title and section 1395w–4 of this title for anesthesia services furnished on or after January 1, 1994, the methodology for determining the base and time units used shall be the same for services furnished by physicians, for medical direction by physicians of two, three, or four certified registered nurse anesthetists, or for services furnished by a certified registered nurse anesthetist (whether or not medically directed) and shall be based on the methodology in effect, for anesthesia services furnished by physicians, as of August 10, 1993.
   (B) The Secretary shall require claims for physicians' services for medical direction of nurse anesthetists during the periods in which the provisions of subparagraph (A) apply to indicate the number of such anesthetists being medically directed concurrently at any time during the procedure, the name of each nurse anesthetist being directed, and the type of procedure for which the services are provided.

8. (14)(A)(i) In determining the reasonable charge for a physicians' service specified in subparagraph (C)(i) and furnished during the 9-month period beginning on April 1, 1990, the prevailing charge for such service shall be the prevailing charge otherwise recognized for such service for 1989 reduced by 15 percent or, if less, 2/3 of the percent (if any) by which the prevailing charge otherwise applied in the locality in 1989 exceeds the locally-adj usted reduced prevailing amount (as determined under subparagraph (B)(i)) for the service.
   (ii) In determining the reasonable charge for a physicians' service specified in subparagraph (C)(i) and furnished during 1991, the prevailing charge for such service shall be the prevailing charge otherwise recognized for such service for the period during 1990 beginning on April 1, reduced by the same amount as the amount of the reduction effected under this paragraph (as amended by the Omnibus Budget Reconciliation Act of 1990) for such service during such period.

9. (B) For purposes of this paragraph:
   (i) The "locally-adjusted reduced prevailing amount" for a locality for a physicians' service is equal to the product of—
      (I) the reduced national weighted average prevailing charge for the service (specified under clause (ii)), and
      (II) the adjustment factor (specified under clause (iii)) for the locality.
   (ii) The "reduced national weighted average prevailing charge" for a physicians' service is equal to the national weighted average prevailing charge for the service (specified in subparagraph (C)(ii)) reduced by the percentage change (specified in subparagraph (C)(iii)) for the service.
   (iii) The "adjustment factor", for a physicians' service for a locality, is the sum of—
      (I) the practice expense component (percent), divided by 100, specified in appendix A (pages 187 through 194) of the Report of the Medicare and Medicaid Health Budget Reconciliation Amendments of 1989, prepared by the Subcommittee on Health and the Environment of the Committee on Energy and Commerce, House of Representatives, (Committee Print 101–M, 101st Congress, 1st Session) for the service, multiplied by the geographic practice cost index value (specified in subparagraph (C)(iv)) for the locality, and
      (II) 1 minus the practice expense component (percent), divided by 100.

10. (C) For purposes of this paragraph:
   (i) The physicians' services specified in this clause are the procedures specified (by code and description) in the Overvalued Procedures List for Finance Committee, Revised September 20, 1989, prepared by the Physician Payment Review Commission which specification
is of physicians’ services that have been identified as overvalued by at least 10 percent based on a comparison of payments for such services under a resource-based relative value scale and of the national average prevailing charge (under this part) and for which the Secretary may designate (based on their high volume of expenditures under this part), the prevailing charge for such technical component (including the applicable portion of a global service) may not exceed the national median of such charges for all localities, as estimated by the Secretary using the best available data.

(18)(A) Payment for any service furnished by a practitioner described in subparagraph (C) and for which payment may be made under this part on a reasonable charge or fee schedule basis may only be made under this part on an assignment-related basis.

(B) A practitioner described in subparagraph (C) or other person may not bill (or collect any amount from) the individual or another person for any service described in subparagraph (A), except for deductible and coinsurance amounts applicable under this part. No person is liable for payment of any amounts billed for such a service in violation of the previous sentence. If a practitioner or other person knowingly and willfully bills (or collects an amount for a service in violation of such sentence, the Secretary may apply sanctions against the practitioner or other person in the same manner as the Secretary may apply sanctions against a physician in accordance with subsection (j)(2) in the same manner as such section applies with respect to a physician. Paragraph (4) of subsection (j) shall apply in this subparagraph in the same manner as such paragraph applies to such section.

(C) A practitioner described in this subparagraph is any of the following:

(i) A physician assistant, nurse practitioner, or clinical nurse specialist (as defined in section 1395x(aa)(5) of this title).

(ii) for which payment is not made on a periodic interim payment basis,

within the applicable number of calendar days after the date on which the claim is received.

(B) In this paragraph:

(i) The term "clean claim" means a claim that has no defect or impropriety (including any lack of any required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this part.

(i) twice the dollar amount of the actuarially adequate rate per enrollee age 65 and over as determined under section 1395r(a)(1) of this title for such month minus the dollar amount of the premium per enrollee for such month, as determined under section 1395r(a)(2) of this title, to

(2) such sums as the Secretary deems necessary to place the Trust Fund, at the end of any fiscal year occurring after June 30, 1967, in the same position in which it would have been at the end of such fiscal year if (A) a Government contribution representing the excess of the premiums deposited in the Trust Fund during the fiscal year ending June 30, 1967, over the Government contribution actually appropriated to the Trust Fund during such fiscal year had been appropriated to it on June 30, 1967, and (B) the Government contribution for premiums deposited in the Trust Fund after June 30, 1967, had been appropriated to it when such premiums were deposited; plus

In order to assure prompt payment of benefits provided under this part and the administrative expenses thereunder during the early months of the program established by this part, and to provide a contingency reserve, there is also authorized to be appropriated, out of any moneys in the Treasury not otherwise appropriated, to remain available through the calendar year 1969 for repayable advances (without interest) to the Trust Fund, an amount equal to $18 multiplied by the number of individuals (as estimated by the Secretary) who could be covered in July 1966 by the insurance program established by this part if they had theretofore enrolled under this part.

(c) Election under section 1395w–24

The Secretary shall determine the Government contribution under subparagraphs (A) and (B) of subsection (a)(1) without regard to any premium reduction resulting from an election under section 1395w–24(f)(1)(E) of this title or any credits provided under section 1395w–24(b)(1)(C)(iv) of this title and without regard to any premium adjustment effected under sections 1395r(h) and 1395w–29(f) of this title and without regard to any premium adjustment under section 1395r(i) of this title.

(d) Transfer of certain General Fund amounts for 2016

(1) For 2016, there shall be transferred from the General Fund to the Trust Fund an amount, as estimated by the Chief Actuary of the Centers for Medicare & Medicaid Services, equal to the reduction in aggregate premiums payable under this part for a month in such year (excluding any changes in amounts collected under section 1395r(1) of this title) that is attributable to the application of section 1395r(a)(5)(A) of this title with respect to—

Such amounts shall be transferred from time to time as appropriate.

(a) If the Secretary determines that any provider or clinical laboratory approved for participation under this subchapter no longer substantially meets the conditions of participation or for coverage specified under this subchapter with respect to the provision of clinical diagnostic laboratory tests under this part, the Secretary may (for a period not to exceed one year) impose intermediate sanctions developed pursuant to subsection (b), in lieu of terminating immediately the provider agreement or cancelling immediately approval of the clinical laboratory. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under clause (ii) in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

The sanctions specified in subparagraph (A) are in addition to sanctions otherwise available under State or Federal law.

(3) The Secretary shall develop and implement specific procedures with respect to when and how each of the intermediate sanctions developed under paragraph (1) is to be applied, the amounts of any penalties, and the severity of each of these penalties. Such procedures shall be designed so as to minimize the time between identification of violations and imposition of these sanctions and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

§ 1395w–3. Competitive acquisition of certain items and services

(a) Establishment of competitive acquisition programs

(1) Implementation of programs

(A) In general

The Secretary shall establish and implement programs under which competitive acquisition areas are established throughout the United States for contract award purposes for the furnishing under this part of competitively priced items and services (described in paragraph (2)) for which payment is made under this part. Such areas may differ for different items and services.

(B) Phased-in implementation

The programs—

(i) shall be phased in among competitive acquisition areas in a manner consistent with subparagraph (D) so that the competition under the programs occurs in—

(I) 10 of the largest metropolitan statistical areas in 2007;

(II) an additional 91 of the largest metropolitan statistical areas in 2011; and

(III) additional areas after 2011 (or, in the case of national mail order for items and services, after 2010); and

(ii) may be phased in first among the highest cost and highest volume items and services or those items and services that the Secretary determines have the largest savings potential.

(C) Waiver of certain provisions

In carrying out the programs, the Secretary may waive such provisions of the Federal Acquisition Regulation as are necessary for the efficient implementation of this section, other than provisions relating to confidentiality of information and such other provisions as the Secretary determines appropriate.

(D) Changes in competitive acquisition programs

(i) Round 1 of competitive acquisition program

Notwithstanding subparagraph (B)(i)(I) and in implementing the first round of the competitive acquisition programs under this section—

(I) the contracts awarded under this section before July 15, 2008, are terminated, no payment shall be made under this subchapter on or after July 15, 2008, based on such a contract, and, to the extent that any damages may be applicable as a result of the termination of such contracts, such damages shall be payable from the Federal Supplementary Medical Insurance Trust Fund under section 1395t of this title;

(II) the Secretary shall conduct the competition for such round in a manner so that it occurs in 2009 with respect to the same items and services and the same areas, except as provided in subclauses (III) and (IV);

(III) the Secretary shall exclude Puerto Rico so that such round of competition covers 9, instead of 10, of the largest metropolitan statistical areas; and

(IV) there shall be excluded negative pressure wound therapy items and services.

Nothing in subclause (I) shall be construed to provide an independent cause of action or right to administrative or judicial review with regard to the termination provided under such subclause.

(ii) Round 2 of competitive acquisition program

In implementing the second round of the competitive acquisition programs under this section described in subparagraph (B)(i)(II)—

(I) the metropolitan statistical areas to be included shall be those metropolitan statistical areas selected by the Secretary for such round as of June 1, 2008;

(II) the Secretary shall include the next 21 largest metropolitan statistical areas by total population (after those selected under subclause (I)) for such round; and

(III) the Secretary may subdivide metropolitan statistical areas with populations (based upon the most recent data from the Census Bureau) of at least 8,000,000 into separate areas for competitive acquisition purposes.

(iii) Exclusion of certain areas in subsequent rounds of competitive acquisition programs

In implementing subsequent rounds of the competitive acquisition programs under this section, including under sub-
paragraph (B)(i)(III), for competitions occurring before 2015, the Secretary shall exempt from the competitive acquisition program (other than national mail order) the following:

(I) Rural areas.

(II) Metropolitan statistical areas not selected under round 1 or round 2 with a population of less than 250,000.

(III) Areas with a low population density within a metropolitan statistical area that is otherwise selected, as determined for purposes of paragraph (3)(A).

(E) Verification by OIG

The Inspector General of the Department of Health and Human Services shall, through post-award audit, survey, or otherwise, assess the process used by the Centers for Medicare & Medicaid Services to conduct competitive bidding and subsequent pricing determinations under this section that are the basis for pivotal bid amounts and single payment amounts for items and services in competitive bidding areas under rounds 1 and 2 of the competitive acquisition programs under this section and may continue to verify such calculations for subsequent rounds of such programs.

(F) Supplier feedback on missing financial documentation

(i) In general

In the case of a bid where one or more covered documents in connection with such bid have been submitted not later than the covered document review date specified in clause (ii), the Secretary—

(I) shall provide, by not later than 45 days (in the case of the first round of the competitive acquisition programs as described in subparagraph (B)(i)(I)) or 90 days (in the case of a subsequent round of such programs) after the covered document review date, for notice to the bidder of all such documents that are missing as of the covered document review date; and

(II) may not reject the bid on the basis that any covered document is missing or has not been submitted on a timely basis, if all such missing documents identified in the notice provided to the bidder under subclause (I) are submitted to the Secretary not later than 10 business days after the date of such notice.

(ii) Covered document review date

The covered document review date specified in this clause with respect to a competitive acquisition program is the later of—

(I) the date that is 30 days before the final date specified by the Secretary for submission of bids under such program; or

(II) the date that is 30 days after the first date specified by the Secretary for submission of bids under such program.

(iii) Limitations of process

The process provided under this subparagraph—

(I) applies only to the timely submission of covered documents;

(II) does not apply to any determination as to the accuracy or completeness of covered documents submitted or whether such documents meet applicable requirements;

(III) shall not prevent the Secretary from rejecting a bid based on any basis not described in clause (i)(II); and

(IV) shall not be construed as permitting a bidder to change bidding amounts or to make other changes in a bid submission.

(iv) Covered document defined

In this subparagraph, the term “covered document” means a financial, tax, or other document required to be submitted by a bidder as part of an original bid submission under a competitive acquisition program in order to meet required financial standards. Such term does not include other documents, such as the bid itself or accreditation documentation.

(G) Requiring bid bonds for bidding entities

With respect to rounds of competitions beginning under this subsection for contracts beginning not earlier than January 1, 2017, and not later than January 1, 2019, an entity may not submit a bid for a competitive acquisition area unless, as of the deadline for bid submission, the entity has obtained (and provided the Secretary with proof of having obtained) a bid surety bond (in this paragraph referred to as a “bid bond”) in a form specified by the Secretary consistent with subparagraph (H) and in an amount that is not less than $50,000 and not more than $100,000 for each competitive acquisition area in which the entity submits the bid.

(H) Treatment of bid bonds submitted

(i) For bidders that submit bids at or below the median and are offered but do not accept the contract

In the case of a bidding entity that is offered a contract for any product category for a competitive acquisition area, if—

(I) the entity’s composite bid for such product category and area was at or below the median composite bid rate for all bidding entities included in the calculation of the single payment amounts for such product category and area; and

(II) the entity does not accept the contract offered for such product category and area,

the bid bond submitted by such entity for such area shall be forfeited by the entity and the Secretary shall collect on it.

(ii) Treatment of other bidders

In the case of a bidding entity for any product category for a competitive acquisition area, if the entity does not meet the bid forfeiture conditions in subclause (I) and (II) of clause (i) for any product category for such area, the bid bond submitted by such entity for such area shall be returned within 90 days of the public an-
nouncement of the contract suppliers for such area.

In the case of a covered item for which payment is made on a rental basis under section 1395m(a) of this title and in the case of payment for oxygen under section 1395m(a)(5) of this title, the Secretary shall establish a process by which rental agreements for the covered items and supply arrangements with oxygen suppliers entered into before the application of the competitive acquisition program under this section for the item may be continued notwithstanding this section. (4) Limit on number of contractors

(A) In general

The Secretary may limit the number of contractors in a competitive acquisition area to the number needed to meet projected demand for items and services covered under the contracts. (c) Manufacturer’s average sales price

(1) In general

For purposes of this section, subject to paragraphs (2) and (3), the manufacturer’s “average sales price” means, of a drug or biological for a National Drug Code for a calendar quarter for a manufacturer for a unit—

(A) the manufacturer’s sales to all purchasers (excluding sales exempted in paragraph (2)) in the United States for such drug or biological in the calendar quarter; divided by
(B) the total number of such units of such drug or biological sold by the manufacturer in such quarter.

(2) Certain sales exempted from computation

In calculating the manufacturer’s average sales price under this subsection, the following sales shall be excluded:

(A) Sales exempt from best price
Sales exempt from the inclusion in the determination of “best price” under section 1396r–8(c)(1)(C)(1) of this title.

(B) Sales at nominal charge
Such other sales as the Secretary identifies as sales to an entity that are merely nominal in amount (as applied for purposes of section 1396r–8(c)(1)(C)(II)(III) of this title, except as the Secretary may otherwise provide).

(3) Sale price net of discounts
In calculating the manufacturer’s average sales price under this subsection, such price shall include volume discounts, prompt pay discounts, cash discounts, free goods that are contingent on any purchase requirement, chargebacks, and rebates (other than rebates under section 1396r–8 of this title). For years after 2004, the Secretary may include in such price other price concessions, which may be based on recommendations of the Inspector General, that would result in a reduction of the cost to the purchaser.

(4) Payment methodology in cases where average sales price during first quarter of sales is unavailable
In the case of a drug or biological during an initial period (not to exceed a full calendar quarter) in which data on the prices for sales for the drug or biological is not sufficiently available from the manufacturer to compute an average sales price for the drug or biological, the Secretary may determine the amount payable under this section for the drug or biological based on—

(A) the wholesale acquisition cost; or

(B) the methodologies in effect under this part on November 1, 2003, to determine payment amounts for drugs or biologicals.

(5) Frequency of determinations

(A) In general on a quarterly basis
The manufacturer’s average sales price, for a drug or biological of a manufacturer, shall be calculated by such manufacturer under this subsection on a quarterly basis. In making such calculation insofar as there is a lag in the reporting of the information on rebates and chargebacks under paragraph (3) so that adequate data are not available on a timely basis, the manufacturer shall apply a methodology based on a 12-month rolling average for the manufacturer to estimate and apply such costs.

(B) Updates in payment amounts
The payment amounts under subsection (b) shall be updated by the Secretary on a quarterly basis and shall be applied based upon the manufacturer’s average sales price calculated for the most recent calendar quarter for which data is available.

(C) Use of contractors; implementation
The Secretary may contract with appropriate entities to calculate the payment amount under subsection (b). Notwithstanding any other provision of law, the Secretary may implement, by program instruction or otherwise, any of the provisions of this section.

(6) Definitions and other rules

In this section:

(A) Manufacturer
The term “manufacturer” means, with respect to a drug or biological, the manufacturer (as defined in section 1396r–8(k)(5) of this title).

(B) Wholesale acquisition cost
The term “wholesale acquisition cost” means, with respect to a drug or biological, the manufacturer’s list price for the drug or biological to wholesalers or direct purchasers in the United States, not including prompt pay or other discounts, rebates or reductions in price, for the most recent month for which the information is available, as reported in wholesale price guides or other publications of drug or biological pricing data.

(C) Multiple source drug

(i) In general
The term “multiple source drug” means, for a calendar quarter, a drug for which there are 2 or more drug products which—

(I) are rated as therapeutically equivalent (under the Food and Drug Administration’s most recent publication of “Approved Drug Products with Therapeutic Equivalence Evaluations”),

(II) except as provided in subparagraph (E), are pharmaceutically equivalent and bioequivalent, as determined under subparagraph (F) and as determined by the Food and Drug Administration, and

(III) are sold or marketed in the United States during the quarter.

(ii) Exception
With respect to single source drugs or biologicals that are within the same billing and payment code as of October 1, 2003, the Secretary shall treat such single source drugs or biologicals as if the single source drugs or biologicals were multiple source drugs.

(D) Single source drug or biological
The term “single source drug or biological” means—

(i) a biological; or

(ii) a drug which is not a multiple source drug and which is produced or distributed under a new drug application approved by the Food and Drug Administration, including a drug product marketed by any cross-licensed producers or distributors operating under the new drug application.
§ 1395w–3a

(1) In general
The Inspector General of the Department of Health and Human Services shall conduct studies, which may include surveys, to deter-
mine the widely available market prices of drugs and biologicals to which this section applies, as the Inspector General, in consultation with the Secretary, determines to be appropriate.

(2) Comparison of prices
Based upon such studies and other data for drugs and biologicals, the Inspector General shall compare the average sales price under this section for drugs and biologicals with—

(A) the widely available market price for such drugs and biologicals (if any); and

(B) the average manufacturer price (as determined under section 1396r–8(k)(1) of this title) for such drugs and biologicals.

(3) Limitation on average sales price

(A) In general
The Secretary may disregard the average sales price for a drug or biological that exceeds the widely available market price or the average manufacturer price for such drug or biological by the applicable threshold percentage (as defined in subparagraph (B)).

(B) Applicable threshold percentage defined
In this paragraph, the term "applicable threshold percentage" means—

(i) in 2005, the case of an average sales price for a drug or biological that exceeds widely available market price or the average manufacturer price, 5 percent; and

(ii) in 2006 and subsequent years, the percentage applied under this subparagraph subject to such adjustment as the Secretary may specify for the widely available market price or the average manufacturer price, or both.

(C) Authority to adjust average sales price
If the Inspector General finds that the average sales price for a drug or biological exceeds such widely available market price or average manufacturer price for such drug or biological by the applicable threshold percentage, the Inspector General shall inform the Secretary (at such times as the Secretary may specify to carry out this subparagraph) and the Secretary shall, effective as of the next quarter, substitute for the amount of payment otherwise determined under this section for such drug or biological the lesser of—

(i) the widely available market price for the drug or biological (if any); or

(ii) 103 percent of the average manufacturer price (as determined under section 1396r–8(k)(1) of this title) for the drug or biological.

(4) Civil money penalty

(A) In general
If the Secretary determines that a manufacturer has made a misrepresentation in the reporting of the manufacturer’s average sales price for a drug or biological, the Secretary may apply a civil money penalty in an amount of up to $10,000 for each such price misrepresentation and for each day in which such price misrepresentation was applied.

(B) Procedures
The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to civil money penalties under subparagraph (B) in the same manner as they apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(5) Widely available market price

(A) In general
In this subsection, the term “widely available market price” means the price that a prudent physician or supplier would pay for the drug or biological. In determining such
price, the Inspector General shall take into account the discounts, rebates, and other price concessions routinely made available to such prudent physicians or suppliers for such drugs or biologicals.

(b) Considerations

In determining the price under subparagraph (A), the Inspector General shall consider information from one or more of the following sources:

(i) Manufacturers.
(ii) Wholesalers.
(iii) Distributors.
(iv) Physician supply houses.
(v) Specialty pharmacies.
(vi) Group purchasing arrangements.
(vii) Surveys of physicians.
(viii) Surveys of purchasers.
(ix) Information on such market prices from insurers.
(x) Information on such market prices from private health plans.

(e) Authority to use alternative payment in response to public health emergency

In the case of a public health emergency under section 247d of this title in which there is a documented inability to access drugs and biologicals, and a concomitant increase in the price, of a drug or biological which is not reflected in the manufacturer’s average sales price for one or more quarters, the Secretary may use the wholesale acquisition cost (or other reasonable measure of drug or biological price) instead of the manufacturer’s average sales price for such quarters and for subsequent quarters until the price and availability of the drug or biological has stabilized and is substantially reflected in the applicable manufacturer’s average sales price.

(f) Quarterly report on average sales price

For requirements for reporting the manufacturer’s average sales price (and, if required to make payment, the manufacturer’s wholesale acquisition cost) for the drug or biological under this section, see section 1396r–8(b)(3) of this title.

(g) Judicial review

There shall be no administrative or judicial review under section 1395ff of this title, section 1395w–3a of this title, or otherwise, of—

(1) determinations of payment amounts under this section, including the assignment of National Drug Codes to billing and payment codes;
(2) the identification of units (and package size) under subsection (b)(2);
(3) the method to allocate rebates, chargebacks, and other price concessions to a quarter if specified by the Secretary;
(4) the manufacturer’s average sales price when it is used for the determination of a payment amount under this section; and
(5) the disclosure of the average manufacturer price by reason of an adjustment under subsection (d)(3)(C) or (e).

(A) Study.—The Inspector General of the Department of Health and Human Services shall conduct a study on sales to large volume purchasers, such as pharmacy benefit managers and health maintenance organizations, for purposes of determining whether the price at which such drugs and biologicals are sold to such purchasers does not represent the price such drugs and biologicals are made available for purchase to prudent physicians.

(B) Report.—Not later than January 1, 2006, the Secretary shall submit to Congress a report on the study conducted under paragraph (1), and shall include recommendations on whether such sales to large volume purchasers should be excluded from the computation of a manufacturer’s average sales price under section 1877A of the Social Security Act (42 U.S.C. 1395w–3a), as added by paragraph (1).''

§ 1395w–3b. Competitive acquisition of outpatient drugs and biologicals

(a) Implementation of competitive acquisition

(1) Implementation of program

(A) In general

The Secretary shall establish and implement a competitive acquisition program under which—

(i) competitive acquisition areas are established for contract award purposes for acquisition of and payment for categories of competitively biddable drugs and biologicals (as defined in paragraph (2)) under this part;

(ii) each physician is given the opportunity annually to elect to obtain drugs and biologicals under the program, rather than under section 1395w–3a of this title; and

(iii) each physician who elects to obtain drugs and biologicals under the program makes an annual selection under paragraph (5) of the contractor through which drugs and biologicals within a category of drugs and biologicals will be acquired and delivered to the physician under this part.

This section shall not apply in the case of a physician who elects section 1395w–3a of this title to apply.

(B) Implementation

For purposes of implementing the program, the Secretary shall establish categories of competitively biddable drugs and biologicals. The Secretary shall phase in the program with respect to those categories beginning in 2006 in such manner as the Secretary determines to be appropriate.

(C) Waiver of certain provisions

In order to promote competition, in carrying out the program the Secretary may waive such provisions of the Federal Acquisition Regulation as are necessary for the efficient implementation of this section, other than provisions relating to confidentiality of information and such other provisions as the Secretary determines appropriate.

(D) Exclusion authority

The Secretary may exclude competitively biddable drugs and biologicals (including a class of such drugs and biologicals) from the competitive bidding system under this section if the application of competitive bidding to such drugs or biologicals—

(i) is not likely to result in significant savings; or

(ii) is likely to have an adverse impact on access to such drugs or biologicals.

(2) Competitively biddable drugs and biologicals and program defined

For purposes of this section—

(A) Competitively biddable drugs and biologicals defined

The term “competitively biddable drugs and biologicals” means a drug or biological described in section 1395u(1)(C) of this title and furnished on or after January 1, 2006.

(B) Program

The term “program” means the competitive acquisition program under this section.

(C) Competitive acquisition area; area

The terms “competitive acquisition area” and “area” mean an appropriate geographic region established by the Secretary under the program.

(D) Contractor

The term “contractor” means an entity that has entered into a contract with the Secretary under this section.

(3) Application of program payment methodology

(A) In general

With respect to competitively biddable drugs and biologicals which are supplied under the program in an area and which are prescribed by a physician who has elected this section to apply—

(i) the claim for such drugs and biologicals shall be submitted by the contractor that supplied the drugs and biologicals;

(ii) collection of amounts of any deductible and coinsurance applicable with respect to such drugs and biologicals shall be the responsibility of such contractor and shall not be collected unless the drug or biological is administered to the individual involved; and

(iii) the payment under this section (and related amounts of any applicable deductible and coinsurance) for such drugs and biologicals shall be made only to such contractor upon receipt of a claim for a drug or biological supplied by the contractor for administration to a beneficiary.

(B) Process for adjustments

The Secretary shall provide a process for adjustments to payments in the case in
which payment is made for drugs and biologicals which were billed at the time of dispensing but which were not actually administered.

(C) Information for purposes of cost-sharing

The Secretary shall provide a process by which physicians submit information to contractors for purposes of the collection of any applicable deductible or coinsurance amounts under subparagraph (A)(ii).

(D) Post-payment review process

The Secretary shall establish (by program instruction or otherwise) a post-payment review process (which may include the use of statistical sampling) to assure that payment is made for a drug or biological under this section only if the drug or biological has been administered to a beneficiary. The Secretary shall recoup, offset, or collect any overpayments determined by the Secretary under such process.

(4) Contract required

Payment may not be made under this part for competitively biddable drugs and biologicals prescribed by a physician who has elected this section to apply within a category and a competitive acquisition area with respect to which the program applies unless—

(A) the drugs or biologicals are supplied by a contractor with a contract under this section for such category of drugs and biologicals and area; and

(B) the physician has elected such contractor under paragraph (5) for such category and area.

(5) Contractor selection process

(A) Annual selection

(i) In general

The Secretary shall provide a process for the selection of a contractor, on an annual basis and in such exigent circumstances as the Secretary may provide and with respect to each category of competitively biddable drugs and biologicals for an area by selecting physicians.

(ii) Timing of selection

The selection of a contractor under clause (i) shall be made at the time of the election described in section 1395w–3a(a) of this title for this section to apply and shall be coordinated with agreements entered into under section 1395w(h) of this title.

(B) Information on contractors

The Secretary shall make available to physicians on an ongoing basis, through a directory posted on the Internet website of the Centers for Medicare & Medicaid Services or otherwise and upon request, a list of the contractors under this section in the different competitive acquisition areas.

(C) Selecting physician defined

For purposes of this section, the term “selecting physician” means, with respect to a contractor and category and competitive acquisition area, a physician who has elected this section to apply and has selected to apply under this section such contractor for such category and area.

(b) Program requirements

(1) Contract for competitively biddable drugs and biologicals

The Secretary shall conduct a competition among entities for the acquisition of competitively biddable drugs and biologicals. Notwithstanding any other provision of this subchapter, in the case of a multiple source drug, the Secretary shall conduct such competition among entities for the acquisition of at least one competitively biddable drug and biological within each billing and payment code within each category for each competitive acquisition area.

(2) Conditions for awarding contract

(A) In general

The Secretary may not award a contract to any entity under the competition conducted in a competitive acquisition area pursuant to paragraph (1) with respect to the acquisition of competitively biddable drugs and biologicals within a category unless the Secretary finds that the entity meets all of the following with respect to the contract period involved:

(i) Capacity to supply competitively biddable drug or biological within category

(I) In general

The entity has sufficient arrangements to acquire and to deliver competitively biddable drugs and biologicals within such category in the area specified in the contract.

(II) Shipment methodology

The entity has arrangements in effect for the shipment at least 5 days each week of competitively biddable drugs and biologicals under the contract and for the timely delivery (including for emergency situations) of such drugs and biologicals in the area under the contract.

(ii) Quality, service, financial performance and solvency standards

The entity meets quality, service, financial performance, and solvency standards specified by the Secretary, including—

(I) the establishment of procedures for the prompt response and resolution of complaints of physicians and individuals and of inquiries regarding the shipment of competitively biddable drugs and biologicals; and

(II) a grievance and appeals process for the resolution of disputes.

(B) Additional considerations

(C) Integrity of drug and biological distribution system

A contractor (as defined in subsection (a)(2)(D)) shall—
(i) acquire all drug and biological products it distributes directly from the manufacturer or from a distributor that has acquired the products directly from the manufacturer; and
(ii) comply with any product integrity safeguards as may be determined to be appropriate by the Secretary.

Nothing in this subparagraph shall be construed to relieve or exempt any contractor from the provisions of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] that relate to the wholesale distribution of prescription drugs or biologicals.

(D) Compliance with code of conduct and fraud and abuse rules

Under the contract—

The contractor shall not deliver drugs and biologicals to a selecting physician except upon receipt of a prescription for such drugs and biologicals, and such necessary data as may be required by the Secretary to carry out this section. (2) Bid defined

In this section, the term “bid” means an offer to furnish a competitively biddable drug

---

1 See References in Text note below.
(2) Special rules

The Secretary shall establish rules regarding the use under this section of the alternative payment amount provided under section 1395w–3a of this title to the use of a price for specific competitively biddable drugs and biologicals in the following cases:

(A) New drugs and biologicals

A competitively biddable drug or biological for which a payment and billing code has not been established.

§ 1395w–4. Payment for physicians’ services

(a) Payment based on fee schedule

(1) In general

Effective for all physicians’ services (as defined in subsection (j)(3)) furnished under this part during a year (beginning with 1992) for which payment is otherwise made on the basis of a reasonable charge or on the basis of a fee schedule under section 1395m(b) of this title, payment under this part shall instead be based on the lesser of—

(i) Limit on increase

In the case of a service in a fee schedule area (as defined in subsection (j)(2)) for which the adjusted historical payment basis (as defined in subparagraph (D)) is less than 85 percent of the fee schedule amount for services furnished in 1992, there shall be substituted for the fee schedule amount an amount equal to the adjusted historical payment basis plus 15 percent of the fee schedule amount otherwise established (without regard to this paragraph).

(ii) Limit in reduction

In the case of a service in a fee schedule area for which the adjusted historical payment basis exceeds 115 percent of the fee schedule amount for services furnished in 1992, there shall be substituted for the fee schedule amount an amount equal to the adjusted historical payment basis minus 15 percent of the fee schedule amount otherwise established (without regard to this paragraph).

(B) Special rule for 1993, 1994, and 1995

If a physicians’ service in a fee schedule area is subject to the provisions of subpara-
§ 1395w–4

(C) Special rule for anesthesia and radiology services

With respect to physicians’ services which are anesthesia services, the Secretary shall provide for a transition in the same manner as a transition is provided for other services under subparagraph (B). With respect to radiology services, “109 percent” and “9 percent” shall be substituted for “115 percent” and “15 percent”, respectively, in subparagraph (A)(ii).

(D) “Adjusted historical payment basis” defined

(i) In general

In this paragraph, the term “adjusted historical payment basis” means, with respect to a physician’s service furnished in a fee schedule area, the weighted average prevailing charge applied in the area for the service in 1991 (as determined by the Secretary without regard to physician specialty and as adjusted to reflect payments for services with customary charges below the prevailing charge or other payment limitations imposed by law or regulation) adjusted by the update established under subsection (d)(3) for 1992.

(ii) Application to radiology services

In applying clause (i) in the case of physicians’ services which are radiology services (including radiologist services, as defined in section 1395m(b)(6) of this title), but excluding nuclear medicine services that are subject to section 6105(b) of the Omnibus Budget Reconciliation Act of 1989, there shall be substituted for the weighted average prevailing charge the amount provided under the fee schedule established for the service for the fee schedule area under section 1395w(b) of this title.

(iii) Nuclear medicine services

In applying clause (i) in the case of physicians’ services which are nuclear medicine services, there shall be substituted for the weighted average prevailing charge the amount provided under section 6105(b) of the Omnibus Budget Reconciliation Act of 1989.

(3) Incentives for participating physicians and suppliers

In applying paragraph (1)(B) in the case of a nonparticipating physician or a nonparticipating supplier or other person, the fee schedule amount shall be 95 percent of such amount otherwise applied under this subsection (without regard to this paragraph). In the case of physicians’ services (including services which the Secretary excludes pursuant to subsection (j)(3)) of a nonparticipating physician, supplier, or other person for which payment is made under this part on a basis other than the fee schedule amount, the payment shall be based on 95 percent of the payment basis for such services furnished by a participating physician, supplier, or other person.

(4) Special rule for medical direction

(A) In general

With respect to physicians’ services furnished on or after January 1, 1994, and consisting of medical direction of two, three, or four concurrent anesthesia cases, except as provided in paragraph (3), the fee schedule amount to be applied shall be equal to one-half of the amount described in subparagraph (B).

(B) Amount

The amount described in this subparagraph, for a physician’s medical direction of the performance of anesthesia services, is the following percentage of the fee schedule amount otherwise applicable under this section if the anesthesia services were personally performed by the physician alone:

(i) For services furnished during 1994, 120 percent.

(ii) For services furnished during 1995, 115 percent.

(iii) For services furnished during 1996, 110 percent.

(iv) For services furnished during 1997, 105 percent.

(v) For services furnished after 1997, 100 percent.

(A) Adjustment

(i) In general

Subject to subparagraph (B) and subsection (m)(2)(B), with respect to covered
professional services furnished by an eligible professional during 2012, 2013 or 2014, if the eligible professional is not a successful electronic prescriber for the reporting period for the year (as determined under subsection (m)(3)(B)), the fee schedule amount for such services furnished by such professional during the year (including the fee schedule amount for purposes of determining a payment based on such amount) shall be equal to the applicable percent of the fee schedule amount that would otherwise apply to such services under this subsection (determined after application of paragraph (3) but without regard to this paragraph).

(ii) Applicable percent

For purposes of clause (i), the term “applicable percent” means—

(I) for 2012, 99 percent;

(ii) Applicable percent

(II) for 2013, 98.5 percent; and

(iii) for 2014, 98 percent.

(B) Significant hardship exception

The Secretary may, on a case-by-case basis, exempt an eligible professional from the application of the payment adjustment under subparagraph (A) if the Secretary determines, subject to annual renewal, that compliance with the requirement for being a successful electronic prescriber would result in a significant hardship, such as in the case of an eligible professional who practices in a rural area without sufficient Internet access.

(C) Application

(i) Physician reporting system rules

Paragraphs (5), (6), and (8) of subsection (k) shall apply for purposes of this paragraph in the same manner as they apply for purposes of such subsection.

(ii) Incentive payment validation rules

Clauses (ii) and (iii) of subsection (m)(5)(D) shall apply for purposes of this paragraph in a similar manner as they apply for purposes of such subsection.

(D) Definitions

For purposes of this paragraph:

(i) Eligible professional; covered professional services

The terms “eligible professional” and “covered professional services” have the meanings given such terms in subsection (k)(3).

(ii) Physician reporting system

The term “physician reporting system” means the system established under subsection (k).

(iii) Reporting period

The term “reporting period” means, with respect to a year, a period specified by the Secretary.

(6) Special rule for teaching anesthesiologists

With respect to physicians’ services furnished on or after January 1, 2010, in the case of teaching anesthesiologists involved in the training of physician residents in a single anesthesia case or two concurrent anesthesia cases, the fee schedule amount to be applied shall be 100 percent of the fee schedule amount otherwise applicable under this section if the anesthesia services were personally performed by the teaching anesthesiologist alone and paragraph (4) shall not apply if—

(A) the teaching anesthesiologist is present during all critical or key portions of the anesthesia service or procedure involved; and

(B) the teaching anesthesiologist (or another anesthesiologist with whom the teaching anesthesiologist has entered into an arrangement) is immediately available to furnish anesthesia services during the entire procedure.

(7) Incentives for meaningful use of certified EHR technology

(A) Adjustment

(i) In general

Subject to subparagraphs (B) and (D), with respect to covered professional services furnished by an eligible professional during each of 2015 through 2018, if the eligible professional is not a meaningful EHR user (as determined under subsection (o)(2)) for an EHR reporting period for the year, the fee schedule amount for such services furnished by such professional during the year (including the fee schedule amount for purposes of determining a payment based on such amount) shall be equal to the applicable percent of the fee schedule amount that would otherwise apply to such services under this subsection (determined after application of paragraph (3) but without regard to this paragraph).

(ii) Applicable percent

Subject to clause (iii), for purposes of clause (i), the term “applicable percent” means—

(I) for 2015, 99 percent (or, in the case of an eligible professional who was subject to the application of the payment adjustment under subsection (a)(5) for 2014, 98 percent);

(ii) Applicable percent

(II) for 2016, 98 percent; and

(iii) for 2017 and 2018, 97 percent.

(iii) Authority to decrease applicable percentage for 2018

For 2018, if the Secretary finds that the proportion of eligible professionals who are meaningful EHR users (as determined under subsection (o)(2)) is less than 75 percent, the applicable percent shall be decreased by 1 percentage point from the applicable percent in the preceding year.

(B) Significant hardship exception

The Secretary may, on a case-by-case basis (and, with respect to the payment adjustment under subparagraph (A) for 2017, for categories of eligible professionals, as established by the Secretary and posted on the Internet website of the Centers for Medicare & Medicaid Services prior to December 15, 2015, an application for which must be sub-
mitted to the Secretary by not later than March 15, 2016), exempt an eligible professional from the application of the payment adjustment under subparagraph (A) if the Secretary determines, subject to annual renewal, that compliance with the requirement for being a meaningful EHR user would result in a significant hardship, such as in the case of an eligible professional who practices in a rural area without sufficient Internet access. The Secretary shall exempt an eligible professional from the application of the payment adjustment under subparagraph (A) with respect to a year, subject to annual renewal, if the Secretary determines that compliance with the requirement for being a meaningful EHR user is not possible because the certified EHR technology used by such professional has been decertified under a program kept or recognized pursuant to section 300jj–11(c)(5) of this title. In no case may an eligible professional be granted an exemption under this subparagraph for more than 5 years.

(C) Application of physician reporting system rules

Paragraphs (5), (6), and (8) of subsection (k) shall apply for purposes of this paragraph in the same manner as they apply for purposes of such subsection.

(ii) Ambulatory surgical center-based

Subject to clause (iv), no payment adjustment may be made under subparagraph (A) in the case of an eligible professional with respect to whom substantially all of the covered professional services furnished by such professional are furnished in an ambulatory surgical center.

(iii) Determination

The determination of whether an eligible professional is an eligible professional described in clause (ii) may be made on the basis of—

(I) the site of service (as defined by the Secretary); or

(II) an attestation submitted by the eligible professional.

Determinations made under subclauses (I) and (II) shall be made without regard to any employment or billing arrangement between the eligible professional and any other supplier or provider of services.

(iv) Sunset

Clause (ii) shall no longer apply as of the first year that begins more than 3 years after the date on which the Secretary determines, through notice and comment rulemaking, that certified EHR technology applicable to the ambulatory surgical center setting is available.

(E) Definitions

For purposes of this paragraph:

(i) Covered professional services

The term “covered professional services” has the meaning given such term in subsection (k)(3).

(ii) EHR reporting period

The term “EHR reporting period” means, with respect to a year, a period (or portions thereof) specified by the Secretary.

(iii) Eligible professional

The term “eligible professional” means a physician, as defined in section 1395x(r) of this title.

(8) Incentives for quality reporting

(A) Adjustment

(i) In general

With respect to covered professional services furnished by an eligible professional during each of 2015 through 2018, if the eligible professional does not satisfactorily submit data on quality measures for covered professional services for the quality reporting period for the year (as determined under subsection (m)(3)(A)), the fee schedule amount for such services furnished by such professional during the year (including the fee schedule amount for purposes of determining a payment based on such amount) shall be equal to the applicable percent of the fee schedule amount that would otherwise apply to such services under this subsection (determined after application of paragraphs (3), (5), and (7), but without regard to this paragraph).

(ii) Applicable percent

For purposes of clause (i), the term “applicable percent” means—

(I) for 2015, 98.5 percent; and

(b) Establishment of fee schedules
(1) In general
Before November 1 of the preceding year, for each year beginning with 1998, subject to subsection (p), the Secretary shall establish, by regulation, fee schedules that establish payment amounts for all physicians’ services furnished in all fee schedule areas (as defined in subsection (j)(2)) for the year. Except as provided in paragraph (2), each such payment amount for a service shall be equal to the product of—

(A) the relative value for the service (as determined in subsection (e)(2)),
(B) the conversion factor (established under subsection (d)) for the year, and
(C) the geographic adjustment factor (established under subsection (e)(2)) for the service for the fee schedule area.

(2) Treatment of radiology services and anesthesia services
(A) Radiology services
With respect to radiology services (including radiologist services, as defined in section 1395m(b)(6) of this title), the Secretary shall base the relative values on the relative value scale developed under section 1395m(b)(1)(A) of this title, with appropriate modifications of the relative values to assure that the relative values established for radiology services which are similar or related to other physicians’ services are consistent with the relative values established for those similar or related services.

(B) Anesthesia services
In establishing the fee schedule for anesthesia services for which a relative value guide has been established under section 4048(b) of the Omnibus Budget Reconciliation Act of 1987, the Secretary shall use, to the extent practicable, such relative value guide, with appropriate adjustment of the conversion factor, in a manner to assure that the fee schedule amounts for anesthesia services are consistent with the fee schedule amounts for other services determined by the Secretary to be of comparable value. In applying the previous sentence, the Secretary shall adjust the conversion factor by geographic adjustment factors in the same manner as such adjustment is made under paragraph (1)(C).

(C) Consultation
The Secretary shall consult with the Physician Payment Review Commission and organizations representing physicians or suppliers who furnish radiology services and anesthesia services in applying subparagraphs (A) and (B).

(3) Treatment of interpretation of electrocardiograms
The Secretary—

(A) shall make separate payment under this section for the interpretation of electrocardiograms performed or ordered to be performed as part of or in conjunction with a visit to or a consultation with a physician, and

(B) shall adjust the relative values established for visits and consultations under subsection (c) so as not to include relative value units for interpretations of electrocardiograms in the relative value for visits and consultations.

(4) Special rule for imaging services
(A) In general
In the case of imaging services described in subparagraph (B) furnished on or after January 1, 2007, if—

(i) the technical component (including the technical component portion of a global fee) of the service established for a year under the fee schedule described in paragraph (1) without application of the geographic adjustment factor described in paragraph (1)(C), exceeds

(ii) the Medicare OPD fee schedule amount established under the prospective payment system for hospital outpatient department services under paragraph (3)(D) of section 1395l(b) of this title for such service for such year, determined without regard to geographic adjustment under paragraph (2)(D) of such section, the Secretary shall substitute the amount described in clause (ii), adjusted by the geographic adjustment factor described in paragraph (1)(C), for the fee schedule amount for such technical component for such year.

(B) Imaging services described
For purposes of subparagraph (A), imaging services described in this subparagraph are imaging and computer-assisted imaging services, including X-ray, ultrasound (including echocardiography), nuclear medicine (including positron emission tomography), magnetic resonance imaging, computed tomography, and fluoroscopy, but excluding diagnostic and screening mammography, and for 2010, 2011, and the first 2 months of 2012, dual-energy x-ray absorptiometry services (as described in paragraph (6)).

(C) Adjustment in imaging utilization rate
With respect to fee schedules established for 2011, 2012, and 2013, in the methodology for determining practice expense relative value units for expensive diagnostic imaging equipment under the final rule published by the Secretary in the Federal Register on November 25, 2009 (42 CFR 410 et al.), the Secretary shall use a 75 percent assumption instead of the utilization rates otherwise established in such final rule. With respect to
fee schedules established for 2014 and subsequent years, in such methodology, the Secretary shall use a 90 percent utilization rate.

(D) Adjustment in technical component discount on single-session imaging involving consecutive body parts

For services furnished on or after July 1, 2010, the Secretary shall increase the reduction in payments attributable to the multiple procedure payment reduction applicable to the technical component for imaging under the final rule published by the Secretary in the Federal Register on November 21, 2005 (part 405 of title 42, Code of Federal Regulations) from 25 percent to 50 percent.

(B) Definition of session

Each of the services described in subparagraphs (A) through (E) of section 1395x(eee)(3) of this title, when furnished for one hour, is a separate session of intensive cardiac rehabilitation.

(C) Multiple sessions per day

Payment may be made for up to 6 sessions per day of the series of 72 one-hour sessions of intensive cardiac rehabilitation services described in section 1395x(eee)(4)(B) of this title.

(6) Treatment of bone mass scans

For dual-energy x-ray absorptiometry services (identified in 2006 by HCPCS codes 76075 and 76077 (and any succeeding codes)) furnished during 2010, 2011, and the first 2 months of 2012, instead of the payment amount that would otherwise be determined under this section for such years, the payment amount shall be equal to 70 percent of the product of—

(A) the relative value for the service (as determined in subsection (c)(2)) for 2006;

(B) the conversion factor (established under subsection (d)) for 2006; and

(C) the geographic adjustment factor (established under subsection (e)(2)) for the service for the fee schedule area for 2010, 2011, and the first 2 months of 2012, respectively.

(7) Adjustment in discount for certain multiple therapy services

In the case of therapy services furnished on or after January 1, 2011, and before April 1, 2013, and for which payment is made under fee schedules established under this section, instead of the 25 percent multiple procedure payment reduction specified in the final rule published by the Secretary in the Federal Register on November 29, 2010, the reduction percentage shall be 20 percent. In the case of such services furnished on or after April 1, 2013, and for which payment is made under such fee schedules, instead of the 25 percent multiple procedure payment reduction specified in such final rule, the reduction percentage shall be 50 percent.

(8) Encouraging care management for individuals with chronic care needs

(A) In general

In order to encourage the management of care for individuals with chronic care needs the Secretary shall, subject to subparagraph (B), make payment (as the Secretary determines to be appropriate) under this section for chronic care management services furnished on or after January 1, 2015, by a physician (as defined in section 1395x(r)(1) of this title), physician assistant or nurse practitioner (as defined in section 1395x(aa)(5)(A) of this title), clinical nurse specialist (as defined in section 1395x(aa)(5)(B) of this title), or certified nurse midwife (as defined in section 1395x(gg)(2) of this title).

In carrying out this paragraph, with respect to chronic care management services, the Secretary shall—

(i) make payment to only one applicable provider for such services furnished to an individual during a period;

(ii) not make payment under subparagraph (A) if such payment would be duplicative of payment that is otherwise made under this subchapter for such services; and

(iii) not require that an annual wellness visit (as defined in section 1395x(hhh) of this title) or an initial preventive physical examination (as defined in section 1395x(ww) of this title) be furnished as a condition of payment for such management services.

(9) Special rule to incentivize transition from traditional X-ray imaging to digital radiography

(A) Limitation on payment for film X-ray imaging services

In the case of an imaging service (including the imaging portion of a service) that is an X-ray taken using film and that is furnished during 2017 or a subsequent year, the payment amount for the technical component (including the technical component portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this section) for such year shall be reduced by 20 percent.

(B) Phased-in limitation on payment for computed radiography imaging services

In the case of an imaging service (including the imaging portion of a service) that is an X-ray taken using computed radiography technology—
§ 1395w–4  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 2812

(i) in the case of such a service furnished during 2018, 2019, 2020, 2021, or 2022, the payment amount for the technical component (including the technical component portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this section) for such year shall be reduced by 7 percent; and

(ii) in the case of such a service furnished during 2023 or a subsequent year, the payment amount for the technical component (including the technical component portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this section) for such year shall be reduced by 10 percent.

(C) Computed radiography technology defined

For purposes of this paragraph, the term “computed radiography technology” means cassette-based imaging which utilizes an imaging plate to create the image involved.

(D) Implementation

In order to implement this paragraph, the Secretary shall adopt appropriate mechanisms which may include use of modifiers.

(10) Reduction of discount in payment for professional component of multiple imaging services

In the case of the professional component of imaging services furnished on or after January 1, 2017, instead of the 25 percent reduction for multiple procedures specified in the final rule published by the Secretary in the Federal Register on November 28, 2011, as amended in the final rule published by the Secretary in the Federal Register on November 16, 2012, the reduction percentage shall be 5 percent.

(11) Special rule for certain radiation therapy services

The code definitions, the work relative value units under subsection (c)(2)(C)(i), and the direct inputs for the practice expense relative value units under subsection (c)(2)(C)(ii) for radiation treatment delivery and related imaging services (identified in 2016 by HCPCS G-codes G6001 through G6015) for the fee schedule established under this subsection for services furnished in 2017 and 2018 shall be the same as such definitions, units, and inputs for such services for the fee schedule established for services furnished in 2016.

(c) Determination of relative values for physicians’ services

(1) Division of physicians’ services into components

In this section, with respect to a physicians’ service:

(A) “Work component” defined

The term “work component” means the portion of the resources used in furnishing the service that reflects physician time and intensity in furnishing the service. Such portion shall—

(i) include activities before and after direct patient contact, and

(ii) be defined, with respect to surgical procedures, to reflect a global definition including pre-operative and post-operative physicians’ services.

(B) “Practice expense component” defined

The term “practice expense component” means the portion of the resources used in furnishing the service that reflects the general categories of expenses (such as office rent and wages of personnel, but excluding malpractice expenses) comprising practice expenses.

(C) “Malpractice component” defined

The term “malpractice component” means the portion of the resources used in furnishing the service that reflects malpractice expenses in furnishing the service.

(2) Determination of relative values

(A) In general

(i) Combination of units for components

The Secretary shall develop a methodology for combining the work, practice expense, and malpractice relative value units, determined under subparagraph (C), for each service in a manner to produce a single relative value for that service. Such relative values are subject to adjustment under subparagraph (F)(i) and section 13515(b) of the Omnibus Budget Reconciliation Act of 1993.

(ii) Extrapolation

The Secretary may use extrapolation and other techniques to determine the number of relative value units for physicians’ services for which specific data are not available and shall take into account recommendations of the Physician Payment Review Commission and the results of consultations with organizations representing physicians who provide such services.

(B) Periodic review and adjustments in relative values

(i) Periodic review

The Secretary, not less often than every 5 years, shall adjust the relative values established under this paragraph for all physicians’ services.

(ii) Adjustments

(I) In general

The Secretary shall, to the extent the Secretary determines to be necessary and subject to subclause (II) and paragraph (7), adjust the number of such units to take into account changes in medical practice, coding changes, new data on relative value components, or the addition of new procedures. The Secretary shall publish an explanation of the basis for such adjustments.

(II) Limitation on annual adjustments

Subject to clauses (iv) and (v), the adjustments under subclause (I) for a year
may not cause the amount of expenditures under this part for the year to differ by more than $20,000,000 from the amount of expenditures under this part that would have been made if such adjustments had not been made.

(iii) Consultation

The Secretary, in making adjustments under clause (ii), shall consult with the Medicare Payment Advisory Commission and organizations representing physicians.

(iv) Exemption of certain additional expenditures from budget neutrality

The additional expenditures attributable to—

(I) subparagraph (H) shall not be taken into account in applying clause (ii)(II) for 2004;

(II) subparagraph (I) insofar as it relates to a physician fee schedule for 2005 or 2006 shall not be taken into account in applying clause (ii)(II) for drug administration services under the fee schedule for such year for a specialty described in subparagraph (I)(ii)(II);

(III) subparagraph (J) insofar as it relates to a physician fee schedule for 2005 or 2006 shall not be taken into account in applying clause (ii)(II) for drug administration services under the fee schedule for such year; and

(IV) subsection (b)(6) shall not be taken into account in applying clause (ii)(II) for 2010, 2011, or the first 2 months of 2012.

(v) Exemption of certain reduced expenditures from budget-neutrality calculation

The following reduced expenditures, as estimated by the Secretary, shall not be taken into account in applying clause (ii)(II):

(I) Reduced payment for multiple imaging procedures

Effective for fee schedules established beginning with 2007, reduced expenditures attributable to the multiple procedure payment reduction for imaging under the final rule published by the Secretary in the Federal Register on November 21, 2005 (42 CFR 405, et al.) insofar as it relates to the physician fee schedules for 2006 and 2007.

(II) OPD payment cap for imaging services

Effective for fee schedules established beginning with 2007, reduced expenditures attributable to subsection (b)(4).

(III) Change in utilization rate for certain imaging services

Effective for fee schedules established beginning with 2011, reduced expenditures attributable to the changes in the utilization rate applicable to 2011 and 2014, as described in the first and second sentence, respectively, of subsection (b)(4)(C).

(VI) Additional reduced payment for multiple imaging procedures

Effective for fee schedules established beginning with 2010 (but not applied for services furnished prior to July 1, 2010), reduced expenditures attributable to the increase in the multiple procedure payment reduction from 25 to 50 percent (as described in subsection (b)(4)(D)).

(VII) Reduced expenditures for multiple therapy services

Effective for fee schedules established beginning with 2011, reduced expenditures attributable to the multiple procedure payment reduction for therapy services (as described in subsection (b)(7)).

(VIII) Reduced expenditures attributable to application of quality incentives for computed tomography

Effective for fee schedules established beginning with 2016, reduced expenditures attributable to the application of the quality incentives for computed tomography under section 1395m(p) of this title.

(IX) Reductions for misvalued services if target not met

Effective for fee schedules beginning with 2016, reduced expenditures attributable to the application of the target recapture amount described in subparagraph (O)(iii).

(X) Reduced expenditures attributable to incentives to transition to digital radiography

Effective for fee schedules established beginning with 2017, reduced expenditures attributable to subparagraph (A) of subsection (b)(9) and effective for fee schedules established beginning with 2018, reduced expenditures attributable to subparagraph (B) of such subsection.

(XI) Discount in payment for professional component of imaging services

Effective for fee schedules established beginning with 2017, reduced expenditures attributable to subsection (b)(10).

(vi) Alternative application of budget-neutrality adjustment

Notwithstanding subsection (d)(9)(A), effective for fee schedules established beginning with 2009, with respect to the 5-year review of work relative value units used in fee schedules for 2007 and 2008, in lieu of continuing to apply budget-neutrality adjustments required under clause (ii) for 2007 and 2008 to work relative value units, the Secretary shall apply such budget-neutrality adjustments to the conversion factor otherwise determined for years beginning with 2009.

\footnote{So in original. Probably should be followed by a period.}
(C) Computation of relative value units for components

For purposes of this section for each physicians’ service—

(i) Work relative value units

The Secretary shall determine a number of work relative value units for the service or group of services based on the relative resources incorporating physician time and intensity required in furnishing the service or group of services.

(ii) Practice expense relative value units

The Secretary shall determine a number of practice expense relative value units for the service for years before 1999 equal to the product of—

(I) the base allowed charges (as defined in subparagraph (D)) for the service, and

(II) the practice expense percentage for the service (as determined under paragraph (3)(C)(ii)),

and for years beginning with 1999 based on the relative practice expense resources involved in furnishing the service or group of services. For 1999, such number of units shall be determined based 75 percent on such product and based 25 percent on the relative practice expense resources involved in furnishing the service. For 2000, such number of units shall be determined based 50 percent on such product and based 50 percent on such relative practice expense resources. For 2001, such number of units shall be determined based 25 percent on such product and based 75 percent on such relative practice expense resources. For a subsequent year, such number of units shall be determined based entirely on such relative practice expense resources.

(iii) Malpractice relative value units

The Secretary shall determine a number of malpractice relative value units for the service or group of services for years before 2000 equal to the product of—

(I) the base allowed charges (as defined in subparagraph (D)) for the service or group of services, and

(II) the malpractice percentage for the service or group of services (as determined under paragraph (3)(C)(iii)),

and for years beginning with 2000 based on the malpractice expense resources involved in furnishing the service or group of services.

(D) “Base allowed charges” defined

In this paragraph, the term “base allowed charges” means, with respect to a physician’s service, the national average allowed charges for the service under this part for services furnished during 1991, as estimated by the Secretary using the most recent data available.

(E) Reduction in practice expense relative value units for certain services

(i) In general

Subject to clause (ii), the Secretary shall reduce the practice expense relative value units applied to services described in clause (iii) furnished in—

(I) 1994, by 25 percent of the number by which the number of practice expense relative value units (determined for 1994 without regard to this subparagraph) exceeds the number of work relative value units determined for 1994,

(II) 1995, by an additional 25 percent of such excess, and

(III) 1996, by an additional 25 percent of such excess.

(ii) Floor on reductions

The practice expense relative value units for a physician’s service shall not be reduced under this subparagraph to a number less than 128 percent of the number of work relative value units.

(iii) Services covered

For purposes of clause (i), the services described in this clause are physicians’ services that are not described in clause (iv) and for which—

(I) there are work relative value units, and

(II) the number of practice expense relative value units (determined for 1994) exceeds 128 percent of the number of work relative value units (determined for such year).

(iv) Excluded services

For purposes of clause (iii), the services described in this clause are services which the Secretary determines at least 75 percent of which are provided under this subchapter in an office setting.

(F) Budget neutrality adjustments

The Secretary—

(i) shall reduce the relative values for all services (other than anesthesia services) established under this paragraph (and, in the case of anesthesia services, the conversion factor established by the Secretary for such services) by such percentage as the Secretary determines to be necessary so that, beginning in 1996, the amendment made by section 13514(a) of the Omnibus Budget Reconciliation Act of 1993 would not result in expenditures under this section that exceed the amount of such expenditures that would have been made if such amendment had not been made, and

(ii) shall reduce the amounts determined under subsection (a)(2)(B)(ii)(I) by such percentage as the Secretary determines to be required to assure that, taking into account the reductions made under clause (I), the amendment made by section 13514(a) of the Omnibus Budget Reconciliation Act of 1993 would not result in expenditures under this section in 1994 that exceed the amount of such expenditures that would have been made if such amendment had not been made.

(G) Adjustments in relative value units for 1998

(i) In general

The Secretary shall—
(I) subject to clauses (iv) and (v), reduce the practice expense relative value units applied to any services described in clause (ii) furnished in 1998 to a number equal to 110 percent of the number of work relative value units, and

(ii) Services covered

For purposes of clause (i), the services described in this clause are physicians’ services that are not described in clause (iii) and for which—

(I) there are work relative value units, and

(II) the number of practice expense relative value units (determined for 1998) exceeds 110 percent of the number of work relative value units (determined for such year).

(iii) Excluded services

For purposes of clause (ii), the services described in this clause are services which the Secretary determines at least 75 percent of which are provided under this subchapter in an office setting.

(iv) Limitation on aggregate reallocation

If the application of clause (i)(I) would result in an aggregate amount of reductions under such clause in excess of $390,000,000, such clause shall be applied by substituting for 110 percent such greater percentage as the Secretary estimates will result in the aggregate amount of such reductions equaling $390,000,000.

(v) No reduction for certain services

Practice expense relative value units for a procedure performed in an office or in a setting out of an office shall not be reduced under clause (i) if the in-office or out-of-office practice expense relative value, respectively, for the procedure would increase under the proposed rule on resource-based practice expenses issued by the Secretary on June 18, 1997 (62 Federal Register 33158 et seq.).

(H) Adjustments in practice expense relative value units for certain drug administration services beginning in 2004

(i) Use of survey data

In establishing the physician fee schedule under subsection (b) with respect to payments for services furnished on or after January 1, 2004, the Secretary shall, in determining practice expense relative value units under this subsection, utilize a survey work submitted to the Secretary as of January 1, 2003, by a physician specialty organization pursuant to section 212 of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999 if the survey—

(II) meets criteria established by the Secretary for acceptance of such surveys.

(ii) Pricing of clinical oncology nurses in practice expense methodology

If the survey described in clause (i) includes data on wages, salaries, and compensation of clinical oncology nurses, the Secretary shall utilize such data in the methodology for determining practice expense relative value units under subsection (c).

(iii) Work relative value units for certain drug administration services

The drug administration services described in this clause are physicians’ services—

(I) which are classified as of October 1, 2003, within any of the following groups of procedures: therapeutic or diagnostic infusions (excluding chemotherapy); chemotherapy administration services; and therapeutic, prophylactic, or diagnostic injections;

(II) for which there are no work relative value units assigned under this subsection as of such date; and

(III) for which national relative value units have been assigned under this subsection as of such date.

(i) Adjustments in practice expense relative value units for certain drug administration services beginning with 2005

(i) In general

In establishing the physician fee schedule under subsection (b) with respect to payments for services furnished on or after January 1, 2005 or 2006, the Secretary shall adjust the practice expense relative value units for such year consistent with clause (ii).

(ii) Use of supplemental survey data

(I) In general

Subject to subclause (II), if a specialty organization submits to the Secretary by not later than March 1, 2004, for 2005, or March 1, 2005, for 2006, data that includes expenses for the administration of drugs and biologicals for which the payment amount is determined pursuant to section 1395u(a) of this title, the Secretary shall use such supplemental survey data in carrying out this subparagraph for the years involved insofar as they are collected and provided by entities and organizations consistent with the criteria es-
§ 1395w–4

The Secretary shall examine codes (and families of codes as appropriate) based on any or all of the following criteria:

(I) Codes that have experienced the fastest growth.

(II) Codes that have experienced substantial changes in practice expenses.

(III) Codes that describe new technologies or services within an appropriate time period (such as 3 years) after the relative values are initially established for such codes.

(IV) Codes which are multiple codes that are frequently billed in conjunction with furnishing a single service.

(V) Codes with low relative values, particularly those that are often billed multiple times for a single treatment.

(VI) Codes that have not been subject to review since implementation of the fee schedule.

(VII) Codes that account for the majority of spending under the physician fee schedule.

(VIII) Codes for services that have experienced a substantial change in the hospital length of stay or procedure time.

(IX) Codes for which there may be a change in the typical site of service since the code was last valued.

(X) Codes for which there is a significant difference in payment for the same service between different sites of service.

(XI) Codes for which there may be anomalies in relative values within a family of codes.

(XII) Codes for services where there may be efficiencies when a service is furnished at the same time as other services.

(XIII) Codes with high intra-service work per unit of time.

(XIV) Codes with high practice expense relative value units.

(XV) Codes with high cost supplies.

(XVI) Codes as determined appropriate by the Secretary.

(iii) Review and adjustments

(I) The Secretary may use existing processes to receive recommendations on the review and appropriate adjustment of potentially misvalued services described in clause (i)(II).

(II) The Secretary may conduct surveys, other data collection activities, studies, or other analyses as the Secretary determines to be appropriate to facilitate the review and appropriate adjustment described in clause (i)(II).

(III) The Secretary may use analytic contractors to identify and analyze services identified under clause (i)(I), conduct surveys or collect data, and make recommendations on the review and appropriate adjustment of services described in clause (i)(II).

(IV) The Secretary may coordinate the review and appropriate adjustment described in clause (i)(II) with the periodic review described in subparagraph (B).
§ 1395w–4

(V) As part of the review and adjustment described in clause (i)(II), including with respect to codes with low relative values described in clause (ii), the Secretary may make appropriate coding revisions (including using existing processes for consideration of coding changes) which may include consolidation of individual services into bundled codes for payment under the fee schedule under subsection (b).

(VI) The provisions of subparagraph (B)(ii)(II) and paragraph (7) shall apply to adjustments to relative value units made pursuant to this subparagraph in the same manner as such provisions apply to adjustments under subparagraph (B)(ii)(I).

(iv) Treatment of certain radiation therapy services

Radiation treatment delivery and related imaging services identified under subsection (b)(II) shall not be considered as potentially misvalued services for purposes of this subparagraph and subparagraph (O) for 2017 and 2018.

(L) Validating relative value units

(i) In general

The Secretary shall establish a process to validate relative value units under the fee schedule under subsection (b).

(ii) Components and elements of work

The process described in clause (i) may include validation of work elements (such as time, mental effort and professional judgment, technical skill and physical effort, and stress due to risk) involved with furnishing a service and may include validation of the pre-, post-, and intra-service components of work.

(iii) Scope of codes

The validation of work relative value units shall include a sampling of codes for services that is the same as the codes listed under subparagraph (K)(iii).

(iv) Methods

The Secretary may conduct the validation under this subparagraph using methods described in subclauses (I) through (V) of subparagraph (K)(iii) as the Secretary determines to be appropriate.

(v) Adjustments

The Secretary shall make appropriate adjustments to the work relative value units under the fee schedule under subsection (b). The provisions of subparagraph (B)(ii)(II) shall apply to adjustments to relative value units made pursuant to this subparagraph in the same manner as such provisions apply to adjustments under subparagraph (B)(ii)(II).

(M) Authority to collect and use information on physicians’ services in the determination of relative values

(i) Collection of information

Notwithstanding any other provision of law, the Secretary may collect or obtain information on the resources directly or indirectly related to furnishing services for which payment is made under the fee schedule established under subsection (b). Such information may be collected or obtained from any eligible professional or any other source.

(ii) Use of information

Notwithstanding any other provision of law, subject to clause (v), the Secretary may (as the Secretary determines appropriate) use information collected or obtained pursuant to clause (i) in the determination of relative values for services under this section.

(iii) Types of information

The types of information described in clauses (i) and (ii) may, at the Secretary’s discretion, include any or all of the following:

(I) Time involved in furnishing services.

(II) Amounts and types of practice expense inputs involved with furnishing services.

(III) Prices (net of any discounts) for practice expense inputs, which may include paid invoice prices or other documentation or records.

(IV) Overhead and accounting information for practices of physicians and other suppliers.

(V) Any other element that would improve the valuation of services under this section.

(iv) Information collection mechanisms

Information may be collected or obtained pursuant to this subparagraph from any or all of the following:

(I) Surveys of physicians, other suppliers, providers of services, manufacturers, and vendors.

(II) Surgical logs, billing systems, or other practice or facility records.

(III) Electronic health records.

(IV) Any other mechanism determined appropriate by the Secretary.

(v) Transparency of use of information

(I) In general

Subject to subclauses (II) and (III), if the Secretary uses information collected or obtained under this subparagraph in the determination of relative values under this subsection, the Secretary shall disclose the information source and discuss the use of such information in such determination of relative values through notice and comment rulemaking.

(II) Thresholds for use

The Secretary may establish thresholds in order to use such information, including the exclusion of information collected or obtained from eligible professionals who use very high resources (as determined by the Secretary) in furnishing a service.

(III) Disclosure of information

The Secretary shall make aggregate information available under this sub-
paragraph but shall not disclose information in a form or manner that identifies an eligible professional or a group practice, or information collected or obtained pursuant to a nondisclosure agreement.

(vi) Incentive to participate
The Secretary may provide for such payments under this part to an eligible professional that submits such solicited information under this subparagraph as the Secretary determines appropriate in order to compensate such eligible professional for such submission. Such payments shall be provided in a form and manner specified by the Secretary.

(vii) Administration
Chapter 35 of title 44 shall not apply to information collected or obtained under this subparagraph.

(viii) Definition of eligible professional
In this subparagraph, the term “eligible professional” has the meaning given such term in subsection (k)(3)(B).

(ix) Funding
For purposes of carrying out this subparagraph, in addition to funds otherwise appropriated, the Secretary shall provide for the transfer, from the Federal Supplementary Medical Insurance Trust Fund under section 1395t of this title, of $2,000,000 to the Centers for Medicare & Medicaid Services Program Management Account for each fiscal year beginning with fiscal year 2014. Amounts transferred under the preceding sentence for a fiscal year shall be available until expended.

(N) Authority for alternative approaches to establishing practice expense relative values
The Secretary may establish or adjust practice expense relative values under this subsection using cost, charge, or other data from suppliers or providers of services, including information collected or obtained under subparagraph (M).

(O) Target for relative value adjustments for misvalued services
With respect to fee schedules established for each of 2016 through 2018, the following shall apply:

(i) Determination of net reduction in expenditures
For each year, the Secretary shall determine the estimated net reduction in expenditures under the fee schedule under this section with respect to the year as a result of adjustments to the relative values established under this paragraph for misvalued codes.

(ii) Budget neutral redistribution of funds if target met and counting overages towards the target for the succeeding year
If the estimated net reduction in expenditures determined under clause (i) for the year is equal to or greater than the target for the year—

(I) reduced expenditures attributable to such adjustments shall be redistributed for the succeeding year in a budget neutral manner in accordance with subparagraph (B)(ii)(II); and

(II) the amount by which such reduced expenditures exceed the target for the year shall be treated as a reduction in expenditures described in clause (i) for the succeeding year, for purposes of determining whether the target has or has not been met under this subparagraph with respect to that year.

(iii) Exemption from budget neutrality if target not met
If the estimated net reduction in expenditures determined under clause (i) for the year is less than the target for the year, reduced expenditures in an amount equal to the target recapture amount shall not be taken into account in applying subparagraph (B)(ii)(II) with respect to fee schedules beginning with 2016.

(iv) Target recapture amount
For purposes of clause (iii), the target recapture amount is, with respect to a year, an amount equal to the difference between—

(I) the target for the year; and

(II) the estimated net reduction in expenditures determined under clause (i) for the year.

(v) Target
For purposes of this subparagraph, with respect to a year, the target is calculated as 0.5 percent (or, for 2016, 1.0 percent) of the estimated amount of expenditures under the fee schedule under this section for the year.

(3) Component percentages
For purposes of paragraph (2), the Secretary shall determine a work percentage, a practice expense percentage, and a malpractice percentage for each physician’s service as follows:

(A) Division of services by specialty
For each physician’s service or class of physicians’ services, the Secretary shall determine the average percentage of each such service or class of services that is performed, nationwide, under this part by physicians in each of the different physician specialties (as identified by the Secretary).

(B) Division of specialty by component
The Secretary shall determine the average percentage division of resources, among the work component, the practice expense component, and the malpractice component, used by physicians in each of such specialties in furnishing physicians’ services. Such percentages shall be based on national data that describe the elements of physician practice costs and revenues, by physician specialty. The Secretary may use extrapolation and other techniques to determine practice costs and revenues for specialties for which adequate data are not available.
(C) Determination of component percentages
(i) Work percentage
The work percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—
(I) the average percentage division for the work component for each physician specialty (determined under subparagraph (B)), multiplied by
(II) the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.
(ii) Practice expense percentage
For years before 2002, the practice expense percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—
(I) the average percentage division for the practice expense component for each physician specialty (determined under subparagraph (B)), multiplied by
(II) the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.
(iii) Malpractice percentage
For years before 1999, the malpractice percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—
(I) the average percentage division for the malpractice component for each physician specialty (determined under subparagraph (B)), multiplied by
(II) the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.

(D) Periodic recomputation
The Secretary may, from time to time, provide for the recomputation of work percentages, practice expense percentages, and malpractice percentages determined under this paragraph.

(4) Ancillary policies
The Secretary may establish ancillary policies (with respect to the use of modifiers, local codes, and other matters) as may be necessary to implement this section.

(5) Coding
The Secretary shall establish a uniform procedure coding system for the coding of all physicians’ services. The Secretary shall provide for an appropriate coding structure for visits and consultations. The Secretary may incorporate the use of time in the coding for visits and consultations. The Secretary, in establishing such coding system, shall consult with the Physician Payment Review Commission and other organizations representing physicians.

(6) No variation for specialists
The Secretary may not vary the conversion factor or the number of relative value units for a physicians’ service based on whether the physician furnishing the service is a specialist or based on the type of specialty of the physician.

(7) Phase-in of significant relative value unit (RVU) reductions
Effective for fee schedules established beginning with 2016, for services that are not new or revised codes, if the total relative value units for a service for a year would otherwise be decreased by an estimated amount equal to or greater than 20 percent as compared to the total relative value units for the previous year, the applicable adjustments in work, practice expense, and malpractice relative value units shall be phased-in over a 2-year period.

(8) Global surgical packages
(A) Prohibition of implementation of rule regarding global surgical packages
(i) In general
The Secretary shall not implement the policy established in the final rule published on November 13, 2014 (79 Fed. Reg. 67548 et seq.), that requires the transition to 0-day global periods.
(ii) Construction
Nothing in clause (i) shall be construed to prevent the Secretary from revaluing misvalued codes for specific surgical services or assigning values to new or revised codes for surgical services.
(B) Collection of data on services included in global surgical packages
(i) In general
Subject to clause (ii), the Secretary shall through rulemaking develop and implement a process to gather, from a representative sample of physicians, beginning not later than January 1, 2017, information needed to value surgical services. Such information shall include the number and level of medical visits furnished during the global period and other items and services related to the surgery and furnished during the global period, as appropriate. Such information shall be reported on claims at the end of the global period or in another manner specified by the Secretary. For purposes of carrying out this paragraph (other than clause (iii)), the Secretary shall transfer from the Federal Supplemental Medical Insurance Trust Fund under section 1395t of this title $2,000,000 to the Center for Medicare & Medicaid Services Program Management Account for fiscal year 2015. Amounts transferred under the previous sentence shall remain available until expended.
(ii) Reassessment and potential sunset
Every 4 years, the Secretary shall reassess the value of the information collected pursuant to clause (i). Based on such a reassessment and by regulation, the Secretary may discontinue the requirement for collection of information under such clause if the Secretary determines that the Secretary has adequate information
from other sources, such as qualified clinical data registries, surgical logs, billing systems or other practice or facility records, and electronic health records, in order to accurately value global surgical services under this section.

(iii) Inspector general audit

The Inspector General of the Department of Health and Human Services shall audit a sample of the information reported under clause (i) to verify the accuracy of the information so reported.

(C) Improving accuracy of pricing for surgical services

For years beginning with 2019, the Secretary shall use the information reported under subparagraph (B)(i) as appropriate and other available data for the purpose of improving the accuracy of valuation of surgical services under the physician fee schedule under this section.

(d) Conversion factors

(1) Establishment

(A) In general

The conversion factor for each year shall be the conversion factor established under this subsection for the year involved (for years before 2001) and, for years beginning with 2001 and ending with 2025, multiplied by the update (established under paragraph (4) or a subsequent paragraph) for the year involved. There shall be two separate conversion factors for each year beginning with 2026, one for items and services defined in section 1395 of this title referred to in this subsection as the "qualifying APM participant (as defined in section 1395(z)(2) of this title)" (referred to in this subsection as the "qualifying APM conversion factor") and the other for other items and services referred to in this subsection as the “nonqualifying APM conversion factor”), equal to the respective conversion factor for the previous year (or, in the case of 1992, specified in subparagraph (B)) adjusted by the update adjustment factor for the period beginning April 1, 1991, and, for years beginning with 2001 and ending with 2025, multiplied by the update (established under paragraph (4) or a subsequent paragraph) for the year involved. The conversion factor for each year shall be the conversion factor established in subsection (c)(2)(B)(ii) for 1999 and 2000 is equal to 1 plus the Secretary’s estimate of the percentage increase in the MEI (as defined in section 1395u(1)(3) of this title) for the year (divided by 100), and

(ii) make available to the Medicare Payment Advisory Commission and the public an estimate of the sustainable growth rate and of the conversion factor which will apply to physicians' services for the succeeding year, and the allowed expenditures under such paragraph for such succeeding year; and

(B) Special provision for 1992

For purposes of subparagraph (A), the conversion factor specified in this subparagraph is a conversion factor (determined by the Secretary) which, if this section were to apply during 1991 using such conversion factor, would result in the same aggregate amount of payments under this part for physicians' services as the estimated aggregate amount of the payments under this part for such services in 1991.

(C) Special rules for 1998

Except as provided in subparagraph (D), the single conversion factor for 1998 under this subsection shall be the conversion factor for primary care services for 1997, increased by the Secretary’s estimate of the weighted average of the three separate updates that would otherwise occur were it not for the enactment of chapter 1 of subtitle F of title IV of the Balanced Budget Act of 1997.

(D) Special rules for anesthesia services

The separate conversion factor for anesthesia services for a year shall be equal to 46 percent of the single conversion factor (or, beginning with 2026, applicable conversion factor) established for other physicians’ services, except as adjusted for changes in work, practice expense, or malpractice relative value units.

(E) Publication and dissemination of information

The Secretary shall—

(i) cause to have published in the Federal Register not later than November 1 of each year (beginning with 2000) the conversion factor which will apply to physicians’ services for the succeeding year, the update determined under paragraph (4) for such succeeding year, and the allowed expenditures under such paragraph for such succeeding year; and

(ii) make available to the Medicare Payment Advisory Commission and the public by March 1 of each year (beginning with 2000) an estimate of the sustainable growth rate and of the conversion factor which will apply to physicians’ services for the succeeding year and data used in making such estimate.

(3) Update for 1999 and 2000

(A) In general

Unless otherwise provided by law, subject to subparagraph (D) and the budget-neutrality factor determined by the Secretary under subsection (c)(2)(B)(ii), the update to the single conversion factor established in paragraph (1)(C) for 1999 and 2000 is equal to the product of—

(i) 1 plus the Secretary’s estimate of the percentage increase in the MEI (as defined in section 1395u(1)(3) of this title) for the year (divided by 100), and

(ii) 1 plus the Secretary’s estimate of the update adjustment factor for the year (divided by 100), minus 1 and multiplied by 100.

(B) Update adjustment factor

For purposes of subparagraph (A)(ii), the “update adjustment factor” for a year is equal (as estimated by the Secretary) to—

(i) the difference between (I) the sum of the allowed expenditures for physicians’ services (as determined under subparagraph (C)) for the period beginning April 1, 1997, and ending on March 31 of the year involved, and (II) the amount of actual expenditures for physicians’ services furnished during the period beginning April 1,
1997, and ending on March 31 of the preceding year; divided by

(ii) the actual expenditures for physicians’ services for the 12-month period ending on March 31 of the preceding year, increased by the sustainable growth rate under subsection (f) for the fiscal year which begins during such 12-month period.

(C) Determination of allowed expenditures

For purposes of this paragraph and paragraph (4), the allowed expenditures for physicians’ services for the 12-month period ending with March 31 of—

(i) 1997 is equal to the actual expenditures for physicians’ services furnished during such 12-month period, as estimated by the Secretary; or

(ii) a subsequent year is equal to the allowed expenditures for physicians’ services for the previous year, increased by the sustainable growth rate under subsection (f) for the fiscal year which begins during such 12-month period.

(D) Restriction on variation from medicare economic index

Notwithstanding the amount of the update adjustment factor determined under subparagraph (B) for a year, the update in the conversion factor under this paragraph for the year may not be—

(i) greater than 100 times the following amount: \( (1.03 + (\text{MEI percentage}/100)) - 1 \);

or

(ii) less than 100 times the following amount: \( (0.93 + (\text{MEI percentage}/100)) - 1 \),

where “MEI percentage” means the Secretary’s estimate of the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) for the year involved.

(4) Update for years beginning with 2001 and ending with 2014

(A) In general

Unless otherwise provided by law, subject to the budget-neutrality factor determined by the Secretary under subsection (c)(2)(B)(ii) and subject to adjustment under subparagraph (F), the update to the single conversion factor established in paragraph (1)(C) for a year beginning with 2001 and ending with 2014 is equal to the product of—

(i) 1 plus the Secretary’s estimate of the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) for the year (divided by 100); and

(ii) 1 plus the Secretary’s estimate of the update adjustment factor under subparagraph (B) for the year.

(B) Update adjustment factor

For purposes of subparagraph (A)(ii), subject to subparagraph (D) and the succeeding paragraphs of this subsection, the “update adjustment factor” for a year is equal (as estimated by the Secretary) to the sum of the following:

(i) Prior year adjustment component

An amount determined by—

(I) computing the difference (which may be positive or negative) between the amount of the allowed expenditures for physicians’ services for the prior year (as determined under subparagraph (C)) and the amount of the actual expenditures for such services for that year; and

(II) dividing that difference by the amount of the actual expenditures for such services for that year; and

(III) multiplying that quotient by 0.75.

(ii) Cumulative adjustment component

An amount determined by—

(I) computing the difference (which may be positive or negative) between the amount of the allowed expenditures for physicians’ services (as determined under subparagraph (C)) from April 1, 1996, through the end of the prior year and the amount of the actual expenditures for such services during that period;

(II) dividing that difference by actual expenditures for such services for the prior year as increased by the sustainable growth rate under subsection (f) for the year for which the update adjustment factor is to be determined; and

(III) multiplying that quotient by 0.33.

(C) Determination of allowed expenditures

For purposes of this paragraph:

(i) Period up to April 1, 1999

The allowed expenditures for physicians’ services for a period before April 1, 1999, shall be the amount of the allowed expenditures for such period as determined under paragraph (3)(C).

(ii) Transition to calendar year allowed expenditures

Subject to subparagraph (E), the allowed expenditures for—

(I) the 9-month period beginning April 1, 1999, shall be the Secretary’s estimate of the amount of the allowed expenditures that would be permitted under paragraph (3)(C) for such period; and

(II) the year of 1999, shall be the Secretary’s estimate of the amount of the allowed expenditures that would be permitted under paragraph (3)(C) for such year.

(iii) Years beginning with 2000

The allowed expenditures for a year (beginning with 2000) is equal to the allowed expenditures for physicians’ services for the previous year, increased by the sustainable growth rate under subsection (f) for the year involved.

(D) Restriction on update adjustment factor

The update adjustment factor determined under subparagraph (B) for a year may not be less than –0.07 or greater than 0.03.

(E) Recalculation of allowed expenditures for updates beginning with 2001

For purposes of determining the update adjustment factor for a year beginning with 2001, the Secretary shall recompute the allowed expenditures for previous periods be-
(F) Transitional adjustment designed to provide for budget neutrality

Under this subparagraph the Secretary shall provide for an adjustment to the update under subparagraph (A)—

(i) for each of 2001, 2002, 2003, and 2004, of −0.2 percent; and

(ii) for 2005 of +0.8 percent.

(5) Update for 2004 and 2005

(e) Geographic adjustment factors

(1) Establishment of geographic indices

(A) In general
Subject to subparagraphs (B), (C), (E), (G), (H), and (I), the Secretary shall establish—

(i) an index which reflects the relative costs of the mix of goods and services comprising practice expenses (other than malpractice expenses) in the different fee schedule areas compared to the national average of such costs,

(ii) an index which reflects the relative costs of malpractice expenses in the different fee schedule areas compared to the national average of such costs, and

(iii) an index which reflects 1⁄2 of the difference between the relative value of physicians’ work effort in each of the different fee schedule areas and the national average of such work effort.

(B) Class-specific geographic cost-of-practice indices

The Secretary may establish more than one index under subparagraph (A)(i) in the case of classes of physicians’ services, if, because of differences in the mix of goods and services comprising practice expenses for the different classes of services, the application of a single index under such clause to different classes of such services would be substantially inequitable.

(C) Periodic review and adjustments in geographic adjustment factors

The Secretary, not less often than every 3 years, shall, in consultation with appropriate representatives of physicians, review the indices established under subparagraph (A) and the geographic index values applied under this subsection for all fee schedule areas. Based on such review, the Secretary may revise such index and adjust such index values, except that, if more than 1 year has elapsed since the date of the last previous adjustment, the adjustment to be applied in the first year of the next adjustment shall be 1⁄2 of the adjustment that otherwise would be made.

(D) Use of recent data

In establishing indices and index values under this paragraph, the Secretary shall use the most recent data available relating to practice expenses, malpractice expenses, and physician work effort in different fee schedule areas.

(E) Floor at 1.0 on work geographic index

After calculating the work geographic index in subparagraph (A)(iii), for purposes of payment for services furnished on or after January 1, 2004, and before January 1, 2018, the Secretary shall increase the work geographic index to 1.00 for any locality for which such work geographic index is less than 1.00.

(G) Floor for practice expense, malpractice, and work geographic indices for services furnished in Alaska

For purposes of payment for services furnished in Alaska on or after January 1, 2004, and before January 1, 2006, after calculating the practice expense, malpractice, and work geographic indices in clauses (i), (ii), and (iii) of subparagraph (A) and in subparagraph

3 So in original. Probably should be “elapsed”.
4 So in original. No subpar. (F) has been enacted.
(B), the Secretary shall increase any such index to 1.67 if such index would otherwise be less than 1.67. For purposes of payment for services furnished in the State described in the preceding sentence on or after January 1, 2009, after calculating the work geographic index in subparagraph (A)(iii), the Secretary shall increase the work geographic index to 1.5 if such index would otherwise be less than 1.5.

(H) Practice expense geographic adjustment for 2010 and subsequent years

(i) For 2010

Subject to clause (iii), for services furnished during 2010, the employee wage and rent portions of the practice expense geographic index described in subparagraph (A)(i) shall reflect $\frac{1}{2}$ of the difference between the relative costs of employee wages and rents in each of the different fee schedule areas and the national average of such employee wages and rents.

(ii) For 2011

Subject to clause (iii), for services furnished during 2011, the employee wage and rent portions of the practice expense geographic index described in subparagraph (A)(i) shall reflect $\frac{1}{2}$ of the difference between the relative costs of employee wages and rents in each of the different fee schedule areas and the national average of such employee wages and rents.

(iii) Hold harmless

The practice expense portion of the geographic adjustment factor applied in a fee schedule area for services furnished in 2010 or 2011 shall not, as a result of the application of clause (i) or (ii), be reduced below the practice expense portion of the geographic adjustment factor under subparagraph (A)(i) (as calculated prior to the application of such clause (i) or (ii), respectively) for such area for such year.

(iv) Analysis

The Secretary shall analyze current methods of establishing practice expense geographic adjustments under subparagraph (A)(i) and evaluate data that fairly and reliably establishes distinctions in the costs of operating a medical practice in the different fee schedule areas. Such analysis shall include an evaluation of the following:

(I) The feasibility of using actual data or reliable survey data developed by medical organizations on the costs of operating a medical practice, including office rents and non-physician staff wages, in different fee schedule areas.

(II) The office expense portion of the practice expense geographic adjustment described in subparagraph (A)(i), including the extent to which types of office expenses are determined in local markets instead of national markets.

(III) The weights assigned to each of the categories within the practice expense geographic adjustment described in subparagraph (A)(i).

(v) Revision for 2012 and subsequent years

As a result of the analysis described in clause (iv), the Secretary shall, not later than January 1, 2012, make appropriate adjustments to the practice expense geographic adjustment described in subparagraph (A)(i) to ensure accurate geographic adjustments across fee schedule areas, including—

(I) basing the office rents component and its weight on office expenses that vary among fee schedule areas; and

(II) considering a representative range of professional and non-professional personnel employed in a medical office based on the use of the American Community Survey data or other reliable data for wage adjustments.

Such adjustments shall be made without regard to adjustments made pursuant to clauses (i) and (ii) and shall be made in a budget neutral manner.

(I) Floor for practice expense index for services furnished in frontier States

(ii) In general

Subject to clause (ii), for purposes of payment for services furnished in a frontier State (as defined in section 1395ww(d)(3)(E)(iii)(II) of this title) on or after January 1, 2011, after calculating the practice expense index in subparagraph (A)(i), the Secretary shall increase any such index to 1.00 if such index would otherwise be less than $\frac{5}{4}$.

The preceding sentence shall not be applied in a budget neutral manner.

(ii) Limitation

This subparagraph shall not apply to services furnished in a State that receives a non-labor related share adjustment under section 1395ww(d)(5)(H) of this title.

(2) Computation of geographic adjustment factor

For purposes of subsection (b)(1)(C), for all physicians’ services for each fee schedule area the Secretary shall establish a geographic adjustment factor equal to the sum of the geographic cost-of-practice adjustment factor (specified in paragraph (3)), the geographic malpractice adjustment factor (specified in paragraph (4)), and the geographic physician work adjustment factor (specified in paragraph (5)) for the service and the area.

(3) Geographic cost-of-practice adjustment factor

For purposes of paragraph (2), the “geographic cost-of-practice adjustment factor”, for a service for a fee schedule area, is the product of—

(A) the proportion of the total relative value for the service that reflects the relative value units for the practice expense component, and

(B) the geographic cost-of-practice index value for the area for the service, based on

$^3$So in original. Probably should be “than”.
the index established under paragraph (1)(A)(i) or (1)(B) (as the case may be).

(4) Geographic malpractice adjustment factor

For purposes of paragraph (2), the “geographic malpractice adjustment factor”, for a service for a fee schedule area, is the product of—

(A) the proportion of the total relative value for the service that reflects the relative value units for the malpractice component, and

(B) the geographic malpractice index value for the area, based on the index established under paragraph (1)(A)(ii).

(5) Geographic physician work adjustment factor

For purposes of paragraph (2), the “geographic physician work adjustment factor”, for a service for a fee schedule area, is the product of—

(A) the proportion of the total relative value for the service that reflects the relative value units for the work component, and

(B) the geographic physician work index value for the area, based on the index established under paragraph (1)(A)(iii).

(6) Use of MSAs as fee schedule areas in California

(A) In general

Subject to the succeeding provisions of this paragraph and notwithstanding the previous provisions of this subsection, for services furnished on or after January 1, 2017, the fee schedule areas used for payment under this section applicable to California shall be the following:

(i) Each Metropolitan Statistical Area (each in this paragraph referred to as an “MSA”), as defined by the Director of the Office of Management and Budget as of December 31 of the previous year, shall be a fee schedule area.

(ii) All areas not included in an MSA shall be treated as a single rest-of-State fee schedule area.

(B) Transition for MSAs previously in rest-of-state payment locality or in locality 3

(i) In general

For services furnished in California during a year beginning with 2017 and ending with 2021 in an MSA in a transition area (as defined in subparagraph (D)), subject to subparagraph (C), the geographic index values to be applied under this subsection for such year shall be equal to the sum of the following:

(I) Current law component

The old weighting factor (described in clause (ii)) for such year multiplied by the geographic index values under this subsection for the fee schedule area that included such MSA that would have applied in such area (as estimated by the Secretary) if this paragraph did not apply.

(II) MSA-based component

The MSA-based weighting factor (described in clause (iii)) for such year multiplied by the geographic index values computed for the fee schedule area under subparagraph (A) for the year (determined without regard to this subparagraph).

(ii) Old weighting factor

The old weighting factor described in this clause—

(I) for 2017, is 5%; and

(II) for each succeeding year, is the old weighting factor described in this clause for the previous year minus 5%.

(iii) MSA-based weighting factor

The MSA-based weighting factor described in this clause for a year is 1 minus the old weighting factor under clause (ii) for that year.

(C) Hold harmless

For services furnished in a transition area in California during a year beginning with 2017, the geographic index values to be applied under this subsection for such year shall not be less than the corresponding geographic index values that would have applied in such transition area (as estimated by the Secretary) if this paragraph did not apply.

(D) Transition area defined

In this paragraph, the term “transition area” means each of the following fee schedule areas for 2013:

(i) The rest-of-State payment locality.

(ii) Payment locality 3.

(E) References to fee schedule areas

Effective for services furnished on or after January 1, 2017, for California, any reference in this section to a fee schedule area shall be deemed a reference to a fee schedule area established in accordance with this paragraph.

(f) Sustainable growth rate

(1) Publication

The Secretary shall cause to have published in the Federal Register not later than—

(A) November 1, 2000, the sustainable growth rate for 2000 and 2001; and

(B) November 1 of each succeeding year through 2014 the sustainable growth rate for such succeeding year and each of the preceding 2 years.

(2) Specification of growth rate

The sustainable growth rate for all physicians’ services for a fiscal year (beginning with fiscal year 1998 and ending with fiscal year 2000) and a year beginning with 2000 and ending with 2014 shall be equal to the product of—

(A) 1 plus the Secretary’s estimate of the weighted average percentage increase (divided by 100) in the fees for all physicians’ services in the applicable period involved,

(B) 1 plus the Secretary’s estimate of the percentage change (divided by 100) in the average number of individuals enrolled under this part (other than Medicare+Choice plan enrollees) from the previous applicable period to the applicable period involved,

(C) 1 plus the Secretary’s estimate of the annual average percentage growth in real

gross domestic product per capita (divided by 100) during the 10-year period ending with the applicable period involved, and
(D) 1 plus the Secretary’s estimate of the percentage change (divided by 100) in expenditures for all physicians’ services in the applicable period (compared with the previous applicable period) which will result from changes in law and regulations, determined without taking into account estimated changes in expenditures resulting from the update adjustment factor determined under subsection (d)(3)(B) or (d)(4)(B), as the case may be, minus 1 and multiplied by 100.

(3) Data to be used
For purposes of determining the update adjustment factor under subsection (d)(4)(B) for a year beginning with 2001, the sustainable growth rates taken into consideration in the determination under paragraph (2) shall be determined as follows:
(A) For 2001
For purposes of such calculations for 2001, the sustainable growth rates for fiscal year 2000 and the years 2000 and 2001 shall be determined on the basis of the best data available to the Secretary as of September 1, 2000.
(B) For 2002
For purposes of such calculations for 2002, the sustainable growth rates for fiscal year 2000 and for years 2000, 2001, and 2002 shall be determined on the basis of the best data available to the Secretary as of September 1, 2001.
(C) For 2003 and succeeding years
For purposes of such calculations for a year after 2002—
(i) the sustainable growth rates for that year and the preceding 2 years shall be determined on the basis of the best data available to the Secretary as of September 1 of the year preceding the year for which the calculation is made; and
(ii) the sustainable growth rate for any year before a year described in clause (i) shall be the rate as most recently determined for that year under this subsection.

Nothing in this paragraph shall be construed as affecting the sustainable growth rates established for fiscal year 1998 or fiscal year 1999.

(4) Definitions
In this subsection:
(A) Services included in physicians’ services
The term “physicians’ services” includes other items and services (such as clinical diagnostic laboratory tests and radiology services) specified by the Secretary, that are commonly performed or furnished by a physician or in a physician’s office, but does not include services furnished to a Medicare+Choice plan enrollee.
(B) Medicare+Choice plan enrollee
The term “Medicare+Choice plan enrollee” means, with respect to a fiscal year, an individual enrolled under this part who has elected to receive benefits under this subchapter for the fiscal year through a Medicare+Choice plan offered under part C, and also includes an individual who is receiving benefits under this part through enrollment with an eligible organization with a risk-sharing contract under section 1395mm of this title.

(C) Applicable period
The term “applicable period” means—
(i) a fiscal year, in the case of fiscal year 1998, fiscal year 1999, and fiscal year 2000; or

(1) Limitation on actual charges
(A) In general
In the case of a nonparticipating physician or nonparticipating supplier or other person (as defined in section 1395u(i)(2) of this title) who does not accept payment on an assignment-related basis for a physician’s service furnished with respect to an individual enrolled under this part, the following rules apply:

(i) Application of limiting charge
No person may bill or collect an actual charge for the service in excess of the limiting charge described in paragraph (2) for such service.

(ii) No liability for excess charges
No person is liable for payment of any amounts billed for the service in excess of such limiting charge.

(iii) Correction of excess charges
If such a physician, supplier, or other person—

(a) knowingly and willfully bills or collects for services in violation of clause (i), the physician, supplier, or other person shall provide on a timely basis a refund to the individual charged in the amount by which the amount collected exceeded the limiting charge for the service.

(iv) Refund of excess collections
If such a physician, supplier, or other person collects an actual charge for a service in violation of clause (i), the physician, supplier, or other person shall provide on a timely basis a refund to the individual charged in the amount by which the amount collected exceeded the limiting charge for the service. The amount of such a refund shall be reduced to the extent the individual has an outstanding balance owed by the individual to the physician.

(B) Sanctions

the physician, supplier, or other person in
accordance with paragraph (2) of section
1395u(j) of this title. In applying this sub-

such section to a physician is deemed also to
include a reference to a supplier or other person under this subparagraph.

(C) Timely basis
For purposes of this paragraph, a correc-
tion of a bill for an excess charge or refund
of an amount with respect to a violation of
subparagraph (A)(i) in the case of a service is
considered to be provided “on a timely
basis”, if the reduction or refund is made not
later than 30 days after the date the physi-
cian, supplier, or other person is notified by
the carrier under this part of such violation
and of the requirements of subparagraph (A).

(2) “Limiting charge” defined
(A) For 1991
For physicians’ services of a physician fur-
nished during 1991, other than radiologist
services subject to section 1395m(b) of this
title, the “limiting charge” shall be the
same percentage (or, if less, 25 percent)
above the recognized payment amount under
this part with respect to the physician (as a
nonparticipating physician) as the percent-
age by which—

(i) the maximum allowable actual charge
(as determined under section 1395u(j)(1)(C)
of this title) as of December 31, 1990, or, if
less, the maximum actual charge other-
wise permitted for the service under this
part as of such date) for the service of the
physician, exceeds

(ii) the recognized payment amount
for the service of the physician (as a nonpar-
icipating physician) as of such date.

In the case of evaluation and management
services (as specified in section 1395u(b)(16)(B)(ii) of this title), the preceding
sentence shall be applied by substituting “40
percent” for “25 percent”.

(B) For 1992
For physicians’ services furnished during
1992, other than radiologist services subject
to section 1395m(b) of this title, the “limit-
ing charge” shall be the same percentage
(or, if less, 20 percent) above the recognized
payment amount under this part for nonpar-
ticipating physicians as the percentage by
which—

(i) the limiting charge (as determined
under subparagraph (A) as of December 31,
1991) for the service, exceeds

(ii) the recognized payment amount
for the service for nonparticipating physicians
as of such date.

(C) After 1992
For physicians’ services furnished in a
year after 1992, the “limiting charge” shall
be 115 percent of the recognized payment
amount under this part for nonparticipating
physicians or for nonparticipating suppliers
or other persons.

(D) Recognized payment amount
In this section, the term “recognized pay-
ment amount” means, for services furnished
on or after January 1, 1992, the fee schedule
amount determined under subsection (a) (or,
if payment under this part is made on a
basis other than the fee schedule under this
section, 95 percent of the other payment
basis), and, for services furnished during
1991, the applicable percentage (as defined in
section 1395u(b)(4)(A)(iv) of this title) of the
prevailing charge (or fee schedule amount)
for nonparticipating physicians for that
year.

(3) Limitation on charges for medicare ben-
eficiaries eligible for medicaid benefits

(A) In general
Payment for physicians’ services furnished
on or after April 1, 1990, to an individual who
is enrolled under this part and eligible for
any medical assistance (including as a quali-
fied medicare beneficiary, as defined in sec-
tion 1396d(p)(1) of this title) with respect to
such services under a State plan approved
under subchapter XIX may only be made on
an assignment-related basis and the provi-
sions of section 1396a(n)(3)(A) of this title
apply to further limit permissible charges
under this section.

(B) Penalty
A person may not bill for physicians’ serv-
es subject to subparagraph (A) other than
on an assignment-related basis. No person is
liable for payment of any amounts billed for
such a service in violation of the previous
sentence. If a person knowingly and willfully
bills for physicians’ services in violation of
the first sentence, the Secretary may apply
sanctions against the person in accordance
with section 1395u(j)(2) of this title.

(4) Physician submission of claims

(A) In general
For services furnished on or after Septem-
ber 1, 1990, within 1 year after the date of
providing a service for which payment is
made under this part on a reasonable charge
or fee schedule basis, a physician, supplier,
or other person (or an employer or facility
in the cases described in section 1395u(b)(6)(A) of this title)—

(i) shall complete and submit a claim for
such service on a standard claim form
specified by the Secretary to the carrier
on behalf of a beneficiary, and

(ii) may not impose any charge relating
to completing and submitting such a form.

(B) Penalty
(i) With respect to an assigned claim wher-
ever a physician, provider, supplier or other
person (or an employer or facility in the
cases described in section 1395u(b)(6)(A) of
this title) fails to submit such a claim as re-
quired in subparagraph (A), the Secretary
shall reduce by 10 percent the amount that
would otherwise be paid for such claim
under this part.

(ii) If a physician, supplier, or other person
(or an employer or facility in the cases de-
§ 1395w–4

TITLE 42—THE PUBLIC HEALTH AND WELFARE

Page 2828

scribed in section 1395u(b)(6)(A) of this title) fails to submit a claim required to be submitted under subparagraph (A) or imposes a charge in violation of such subparagraph, the Secretary shall apply the sanction with respect to such a violation in the same manner as a sanction may be imposed under section 1395u(p)(3) of this title for a violation of section 1395u(p)(1) of this title.

(5) Electronic billing; direct deposit

The Secretary shall encourage and develop a system providing for expedited payment for claims submitted electronically. The Secretary shall also encourage and provide incentives allowing for direct deposit as payments for services furnished by participating physicians. The Secretary shall provide physicians with such technical information as necessary to enable such physicians to submit claims electronically. The Secretary shall submit a plan to Congress on this paragraph by May 1, 1991.

(6) Monitoring of charges

(A) In general

The Secretary shall monitor—

(iii) Subcategories

A MIPS eligible professional shall not be required to perform activities in each subcategory under paragraph (2)(B)(ii) or participate in an alternative payment model in order to achieve the highest potential score for the performance category described in paragraph (2)(A)(iii).

(D) Achievement and improvement

(i) Taking into account improvement

Beginning with the second year to which the MIPS applies, in addition to the achievement of a MIPS eligible professional, if data sufficient to measure improvement is available, the methodology developed under subparagraph (A)—

(I) in the case of the performance score for the performance category described in clauses (i) and (ii) of paragraph (2)(A), shall take into account the improvement of the professional; and

(II) in the case of performance scores for other performance categories, may take into account the improvement of the professional.

(ii) Assigning higher weight for achievement

Subject to clause (i), under the methodology developed under subparagraph (A), the Secretary may assign a higher scoring weight under subparagraph (F) with respect to the achievement of a MIPS eligible professional than with respect to any improvement of such professional applied under clause (i) with respect to a measure, activity, or category described in paragraph (2).

(E) Weights for the performance categories

(i) In general

Under the methodology developed under subparagraph (A), subject to subparagraph (F)(i) and clause (ii), the composite performance score shall be determined as follows:

(I) Quality

(aa) In general

Subject to item (bb), thirty percent of such score shall be based on performance with respect to the category described in clause (i) of paragraph (2)(A). In applying the previous sentence, the Secretary shall, as feasible, encourage the application of outcome measures within such category.

(bb) First 2 years

For the first and second years for which the MIPS applies to payments, the percentage applicable under item (aa) shall be increased in a manner such that the total percentage points of the increase under this item for the respective year equals the total number of percentage points by which the percentage applied under subclause (II)(bb) for the respective year is less than 30 percent.

(ii) Resource use

(aa) In general

Subject to item (bb), thirty percent of such score shall be based on performance with respect to the category described in clause (ii) of paragraph (2)(A).

(bb) First 2 years

For the first year for which the MIPS applies to payments, not more than 10 percent of such score shall be based on performance with respect to the category described in clause (ii) of paragraph (2)(A). For the second year for which the MIPS applies to payments, not more than 15 percent of such score shall be based on performance with respect to the category described in clause (ii) of paragraph (2)(A).

(III) Clinical practice improvement activities

Fifteen percent of such score shall be based on performance with respect to the category described in clause (iii) of paragraph (2)(A).

(IV) Meaningful use of certified EHR technology

Twenty-five percent of such score shall be based on performance with respect to the category described in clause (iv) of paragraph (2)(A).

(ii) Authority to adjust percentages in case of high EHR meaningful use adoption

In any year in which the Secretary estimates that the proportion of eligible professionals (as defined in subsection (o)(5)) who are meaningful EHR users (as determined under subsection (o)(2)) is 75 percent or greater, the Secretary may reduce the percent applicable under clause (i)(IV), but not below 15 percent. If the Secretary makes such reduction for a year, subject to subclauses (I)(bb) and (II)(bb) of clause (I), the percentages applicable under one or more of subclauses (I), (II), and (III) of clause (i) for such year shall be increased in a manner such that the total percentage points of the increase under this clause for such year equals the total number of percentage points reduced under the preceding sentence for such year.

(FF) Certain flexibility for weighting performance categories, measures, and activities

Under the methodology under subparagraph (A), if there are not sufficient measures and activities (described in paragraph (2)(B)) applicable and available to each type of eligible professional involved, the Secretary shall assign different scoring weights (including a weight of 0)—

(i) which may vary from the scoring weights specified in subparagraph (E), for each performance category based on the
extent to which the category is applicable to the type of eligible professional involved; and
(ii) for each measure and activity specified under paragraph (2)(B) with respect to each such category based on the extent to which the measure or activity is applicable and available to the type of eligible professional involved.

(G) Resource use

Analysis of the performance category described in paragraph (2)(A)(ii) shall include results from the methodology described in subsection (r)(5), as appropriate.

(H) Inclusion of quality measure data from other payers

(I) Use of voluntary virtual groups for certain assessment purposes

(i) In general

In the case of MIPS eligible professionals electing to be a virtual group under clause (ii) with respect to a performance period for a year, for purposes of applying the methodology under subparagraph (A) with respect to the performance categories described in clauses (i) and (ii) of paragraph (2)(A)—

(I) the assessment of performance provided under such methodology with respect to such performance categories that is to be applied to each such professional in such group for such performance period shall be with respect to the combined performance of all such professionals in such group for such period; and

(II) with respect to the composite performance score provided under this paragraph for such performance period for each such MIPS eligible professional in such virtual group, the components of the composite performance score that assess performance with respect to such performance categories shall be based on the assessment of the combined performance under subparagraph (I) for such performance categories and performance period.

(ii) Election of practices to be a virtual group

The Secretary shall, in accordance with the requirements under clause (iii), establish and have in place a process to allow an individual MIPS eligible professional or a group practice consisting of not more than 10 MIPS eligible professionals to elect, with respect to a performance period for a year to be a virtual group under this subparagraph with at least one other such individual MIPS eligible professional or group practice. Such a virtual group may be based on appropriate classifications of providers, such as by geographic areas or by provider specialties defined by nationally recognized specialty boards of certification or equivalent certification boards.

(iii) Requirements

The requirements for the process under clause (ii) shall—

(I) provide that an election under such clause, with respect to a performance period, shall be made before the beginning of such performance period and may not be changed during such performance period;

(II) provide that an individual MIPS eligible professional and a group practice described in clause (ii) may elect to be in no more than one virtual group for a performance period and that, in the case of such a group practice that elects to be in such virtual group for such performance period, such election applies to all MIPS eligible professionals in such group practice;

(III) provide that a virtual group be a combination of tax identification numbers;

(IV) provide for formal written agreements among MIPS eligible professionals electing to be a virtual group under this subparagraph; and

(V) include such other requirements as the Secretary determines appropriate.

(6) MIPS payments

(A) MIPS adjustment factor

Taking into account paragraph (1)(G), the Secretary shall specify a MIPS adjustment factor for each MIPS eligible professional for a year. Such MIPS adjustment factor for a MIPS eligible professional for a year shall be in the form of a percent and shall be determined—

(i) by comparing the composite performance score of the eligible professional for such year to the performance threshold established under subparagraph (D)(i) for such year;

(ii) in a manner such that the adjustment factors specified under this subparagraph for a year result in differential payments under this paragraph reflecting that—

(I) MIPS eligible professionals with composite performance scores for such year at or above such performance threshold for such year receive zero or positive payment adjustment factors; and

(II) MIPS eligible professionals with composite performance scores for such year below such performance threshold for such year receive negative payment adjustment factors for such year in accordance with clause (iv), with such pro-
professionals having lower composite performance scores receiving lower adjustment factors;

(iii) in a manner such that MIPS eligible professionals with composite scores described in clause (ii)(I) for such year, subject to clauses (i) and (ii) of subparagraph (F), receive a zero or positive adjustment factor on a linear sliding scale such that an adjustment factor of 0 percent is assigned for a score at the performance threshold and an adjustment factor of the applicable percent specified in subparagraph (B) is assigned for a score of 100; and

(iv) in a manner such that—

(I) subject to subclause (II), MIPS eligible professionals with composite performance scores described in clause (ii)(II) for such year receive a negative payment adjustment factor on a linear sliding scale such that an adjustment factor of 0 percent is assigned for a score at the performance threshold and an adjustment factor of the negative of the applicable percent specified in subparagraph (B) is assigned for a score of 0; and

(II) MIPS eligible professionals with composite performance scores that are equal to or greater than 0, but not greater than \( \frac{1}{4} \) of the performance threshold specified under subparagraph (B) for such year, receive a negative payment adjustment factor that is equal to the applicable percent specified in subparagraph (B) for such year.

(B) Applicable percent defined

For purposes of this paragraph, the term “applicable percent” means—

(i) for 2019, 4 percent;

(ii) for 2020, 5 percent;

(iii) for 2021, 7 percent; and

(iv) for 2022 and subsequent years, 9 percent.

(C) Additional MIPS adjustment factors for exceptional performance

For 2019 and each subsequent year through 2024, in the case of a MIPS eligible professional with a composite performance score for a year at or above the additional performance threshold under subparagraph (D)(ii) for such year, in addition to the MIPS adjustment factor under subparagraph (A) for such year, subject to subparagraph (F)(iv), the Secretary shall apply either of the following methods for computing additional MIPS adjustment factors under subparagraph (C). Each such performance threshold shall—

(I) be based on a period prior to such performance periods; and

(II) take into account—

(aa) data available with respect to performance on measures and activities that may be used under the performance categories under subparagraph (2)(B); and

(bb) other factors determined appropriate by the Secretary.

(E) Application of MIPS adjustment factors

In the case of items and services furnished by a MIPS eligible professional during a year (beginning with 2019), the amount otherwise paid under this part with respect to such items and services and MIPS eligible professional for such year, shall be multiplied by—

(I) 1, plus

(ii) the sum of—

(I) the MIPS adjustment factor determined under subparagraph (A) divided by 100, and
§ 1395w–4  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 2850

(F) Aggregate application of MIPS adjustment factors

(i) Application of scaling factor

With respect to positive MIPS adjustment factors under subparagraph (A)(ii)(I) for eligible professionals whose composite performance score is above the performance threshold under subparagraph (D)(i) for such year, subject to subparagraph (II), the Secretary shall increase or decrease such adjustment factors by a scaling factor in order to ensure that the budget neutrality requirement of clause (ii) is met.

(II) Scaling factor limit

In no case may the scaling factor applied under this clause exceed 3.0.

(ii) Budget neutrality requirement

(I) In general

Subject to clause (iii), the Secretary shall ensure that the estimated amount described in subclause (II) for a year is equal to the estimated amount described in subclause (III) for such year.

(II) Aggregate increases

The amount described in this subclause is the estimated increase in the aggregate allowed charges resulting from the application of positive MIPS adjustment factors under subparagraph (A) (after application of the scaling factor described in clause (i)) to MIPS eligible professionals whose composite performance score for a year is above the performance threshold under subparagraph (D)(i) for such year.

(III) Aggregate decreases

The amount described in this subclause is the estimated decrease in the aggregate allowed charges resulting from the application of negative MIPS adjustment factors under subparagraph (A) to MIPS eligible professionals whose composite performance score for a year is below the performance threshold under subparagraph (D)(i) for such year.

(iii) Exceptions

(I) In the case that all MIPS eligible professionals receive composite performance scores for a year that are below the performance threshold under subparagraph (D)(i) for such year, the negative MIPS adjustment factors under subparagraph (A) shall apply with respect to such MIPS eligible professionals and the budget neutrality requirement of clause (ii) shall not apply for such year.

(II) In the case that, with respect to a year, the application of clause (i) results in a scaling factor equal to the maximum scaling factor specified in clause (i)(II), such scaling factor shall apply and the budget neutrality requirement of clause (ii) shall not apply for such year.

(iv) Additional incentive payment adjustments

(I) In general

Subject to subclause (II), in specifying the MIPS additional adjustment factors under subparagraph (C) for each applicable MIPS eligible professional for a year, the Secretary shall ensure that the estimated aggregate increase in payments under this part resulting from the application of such additional adjustment factors for MIPS eligible professionals in a year shall be equal (as estimated by the Secretary) to $500,000,000 for each year beginning with 2019 and ending with 2024.

(II) Limitation on additional incentive payment adjustments

The MIPS additional adjustment factor under subparagraph (C) for a year for an applicable MIPS eligible professional whose composite performance score is above the additional performance threshold under subparagraph (D)(ii) for such year shall not exceed 10 percent. The application of the previous sentence may result in an aggregate amount of additional incentive payments that are less than the amount specified in subclause (I).

(7) Announcement of result of adjustments

Under the MIPS, the Secretary shall, not later than 30 days prior to January 1 of the year involved, make available to MIPS eligible professionals the MIPS adjustment factor (and, as applicable, the additional MIPS adjustment factor) under paragraph (6) applicable to the eligible professional for items and services furnished by the professional for such year. The Secretary may include such information in the confidential feedback under paragraph (12).

(8) No effect in subsequent years

The MIPS adjustment factors and additional MIPS adjustment factors under paragraph (6) shall apply only with respect to the year involved, and the Secretary shall not take into account such adjustment factors in making payments to a MIPS eligible professional under this part in a subsequent year.

If the Secretary determines that a Medicare+Choice organization, in relation to a Medicare+Choice plan it offers, has a capacity limit and the number of Medicare+Choice eligible individuals who elect the plan under this section exceeds the capacity limit, the organization may limit the election of individuals of the plan under this section but only if priority in election is provided—

(A) first to such individuals as have elected the plan at the time of the determination, and

(B) then to other such individuals in such a manner that does not discriminate, on a basis determined in accordance with regulations of the Secretary, of the Medicare population in the service area of the plan.

(3) Limitation on termination of election

(A) In general

Subject to subparagraph (B), a Medicare+Choice organization may not for any reason terminate the election of any individual under this section for a Medicare+Choice plan it offers.

Any individual whose election is terminated under clause (i) or (ii) of subparagraph (B) is deemed to have elected the original Medicare fee-for-service program option described in subsection (a)(1)(A).

(ii) Termination based on plan termination or service area reduction

Any individual whose election is terminated under subparagraph (B)(iii) shall have a special election period under subsection (e)(4)(A) in which to change coverage to coverage under another Medicare+Choice plan. (2) Review

The standards established under section 1395w–26 of this title shall include guidelines for the review of any material or form submitted and under such guidelines the Secretary shall disapprove (or later require the correction of) such material or form if the material or form is materially inaccurate or misleading or otherwise makes a material misrepresentation.

(3) Deemed approval (1-stop shopping)

In the case of material or form that is submitted under paragraph (1)(A) to the Secretary or a regional office of the Department of Health and Human Services and the Secretary or the office has not disapproved the distribution of marketing material or form under paragraph (1)(B) with respect to a Medicare+Choice plan in an area, the Secretary is deemed not to have disapproved such distribution in all other areas covered by the plan and organization except with regard to that portion of such material or form that is specific only to an area involved.
(4) Prohibition of certain marketing practices

Each Medicare+Choice organization shall conform to fair marketing standards, in relation to Medicare+Choice plans offered under this part, included in the standards established under section 1395w–26 of this title. Such standards—

(6) Required inclusion of plan type in plan name

For plan years beginning on or after January 1, 2010, a Medicare Advantage organization must ensure that the name of each Medicare Advantage plan offered by the Medicare Advantage organization includes the plan type of the plan (using standard terminology developed by the Secretary).

(iii) report to the applicable State the termination of any such agent or broker, including the reasons for such termination (as required under applicable State law).

(B) Compliance with State information requests

Each Medicare Advantage organization shall comply in a timely manner with any request by a State for information regarding

the performance of a licensed agent, broker, or other third party representing the Medicare Advantage organization as part of an investigation by the State into the conduct of the agent, broker, or other third party.

The Secretary shall establish limitations with respect to at least the following:

§ 1395w–22. Benefits and beneficiary protections
(a) Basic benefits
(1) Requirement
(A) In general
Except as provided in section 1395w–28(b)(3) of this title for MSA plans and except as provided in paragraph (6) for MA regional plans, each Medicare+Choice plan shall provide to members enrolled under this part, through providers and other persons that meet the applicable requirements of this subchapter and part A of subchapter XI, benefits under the original medicare fee-for-service program option (and, for plan years before 2006, additional benefits required under section 1395w–28(f)(1)(A) of this title).
(B) Benefits under the original medicare fee-for-service program option defined
(i) In general
For purposes of this part, the term “benefits under the original medicare fee-for-service program option” means those items and services (other than hospice care) for which benefits are available under parts A and B to individuals entitled to benefits under part A and enrolled under part B, with cost-sharing for those services as required under parts A and B or, subject to clause (iii), an actuarially equivalent level of cost-sharing as determined in this part.
(ii) Special rule for regional plans
In the case of an MA regional plan in determining an actuarially equivalent level of cost-sharing with respect to benefits under the original medicare fee-for-service program option, there shall only be taken into account, with respect to the application of section 1395w–27a(b)(2) of this title, such expenses only with respect to subparagraph (A) of such section.
(iii) Limitation on variation of cost sharing for certain benefits
Subject to clause (v), cost-sharing for services described in clause (iv) shall not exceed the cost-sharing required for those services under parts A and B.
(iv) Services described
The following services are described in this clause:
(I) Chemotherapy administration services.
(II) Renal dialysis services (as defined in section 1395rr(b)(14)(B) of this title).
(III) Skilled nursing care.
(IV) Such other services that the Secretary determines appropriate (including services that the Secretary determines require a high level of predictability and transparency for beneficiaries).
(v) Exception
In the case of services described in clause (iv) for which there is no cost-sharing required under parts A and B, cost-sharing may be required for those services in accordance with clause (i).

(2) Satisfaction of requirement
(A) In general
A Medicare+Choice plan (other than an MSA plan) offered by a Medicare+Choice organization satisfies paragraph (1)(A), with respect to benefits for items and services furnished other than through a provider or other person that has a contract with the organization offering the plan, if the plan provides payment in an amount so that—
(i) the sum of such payment amount and applicable requirements of this subchapter and part A of subchapter XI, benefits under the original medicare fee-for-service program option, there shall only be taken into account, with respect to the application of section 1395w–27a(b)(2) of this title, such expenses only with respect to subparagraph (A) of such section.
(ii) Limitation on variation of cost sharing for certain benefits

(v) Exception
In the case of services described in clause (iv) for which there is no cost-sharing required under parts A and B, cost-sharing may be required for those services in accordance with clause (i).

§ 1395w–22

(3) Supplemental benefits

(A) Benefits included subject to Secretary's approval

Each Medicare+Choice organization may provide to individuals enrolled under this part, other than under an MSA plan (without affording those individuals an option to decline the coverage), supplemental health care benefits that the Secretary may approve. The Secretary shall approve any such supplemental benefits unless the Secretary determines that including such supplemental benefits would substantially discourage enrollment by Medicare+Choice eligible individuals with the organization.

(B) At enrollees' option

(i) In general

Subject to clause (ii), a Medicare+Choice organization may provide to individuals enrolled under this part supplemental health care benefits that the individuals may elect, at their option, to have covered.

(ii) Special rule for MSA plans

A Medicare+Choice organization may not provide, under an MSA plan, supplemental health care benefits that cover the deductible described in section 1395w–28(b)(2)(B) of this title. In applying the previous sentence, health benefits described in section 1395w–28(b)(2)(B) of this title shall not be treated as covering such deductible.

(C) Application to Medicare+Choice private fee-for-service plans

Nothing in this paragraph shall be construed as preventing a Medicare+Choice private fee-for-service plan from offering supplemental benefits that include payment for some or all of the balance billing amounts permitted consistent with subsection (k) and coverage of additional services that the plan finds to be medically necessary. Such benefits may include reductions in cost-sharing below the actuarial value specified in section 1395w–24(e)(4)(B) of this title.

(4) Organization as secondary payer

Notwithstanding any other provision of law, a Medicare+Choice organization may (in the case of the provision of items and services to an individual under a Medicare+Choice plan under circumstances in which payment under this subchapter is made secondary pursuant to section 1395y(b)(2) of this title) charge or authorize the provider of such services to charge, in accordance with the charges allowed under a law, plan, or policy described in such section—

(A) the insurance carrier, employer, or other entity which under such law, plan, or policy is to pay for the provision of such services, or

(B) such individual to the extent that the individual has been paid under such law, plan, or policy for such services.

(5) National coverage determinations and legislative changes in benefits

If there is a national coverage determination or legislative change in benefits required to be provided under this part made in the period beginning on the date of an announcement under section 1395w–23(b) of this title and ending on the date of the next announcement under such section and the Secretary projects that the determination will result in a significant change in the costs to a Medicare+Choice organization of providing the benefits that are the subject of such national coverage determination and that such change in costs was not incorporated in the determination of the annual Medicare+Choice capitation rate under section 1395w–23 of this title included in the announcement made at the beginning of such period, then, unless otherwise required by law—

(A) such determination or legislative change in benefits shall not apply to contracts under this part until the first contract year that begins after the end of such period, and

(B) if such coverage determination or legislative change provides for coverage of additional benefits or coverage under additional circumstances, section 1395w–21(i)(1) of this title shall not apply to payment for such additional benefits or benefits provided under such additional circumstances until the first contract year that begins after the end of such period.

The projection under the previous sentence shall be based on an analysis by the Chief Actuary of the Centers for Medicare & Medicaid Services of the actuarial costs associated with the coverage determination or legislative change in benefits.

(6) Special benefit rules for regional plans

In the case of an MA plan that is an MA regional plan, benefits under the plan shall include the benefits described in paragraphs (1) and (2) of section 1395w–27a(b) of this title.

(7) Limitation on cost-sharing for dual eligibles and qualified medicare beneficiaries

In the case of an individual who is a full-benefit dual eligible individual (as defined in section 1395w–5(c)(6) of this title) or a qualified medicare beneficiary (as defined in section 1396d(p)(1) of this title) and who is enrolled in a specialized Medicare Advantage plan for special needs individuals described in section 1395w–28(b)(6)(B)(ii) of this title, the plan may not impose cost-sharing that exceeds the amount of cost-sharing that would be permitted with respect to the individual under subchapter XIX if the individual were not enrolled in such plan.

(b) Antidiscrimination

(1) Beneficiaries

(A) In general

A Medicare+Choice organization may not deny, limit, or condition the coverage or
provision of benefits under this part, for individuals permitted to be enrolled with the organization under this part, based on any health status-related factor described in section 2702(a)(1) of the Public Health Service Act. The Secretary shall not approve a plan of an organization if the Secretary determines that the design of the plan and its benefits are likely to substantially discourage enrollment by certain MA eligible individuals with the organization.

(B) Construction

Subparagraph (A) shall not be construed as requiring a Medicare+Choice organization to enroll individuals who are determined to have end-stage renal disease, except as provided under section 1395w–21(a)(3)(B) of this title.

(2) Providers

A Medicare+Choice organization shall not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of the provider’s license or certification under applicable State law, solely on the basis of such license or certification. This paragraph shall not be construed to prohibit a plan from including or excluding providers only to the extent necessary to meet the needs of the plan’s enrollees or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the plan.

(c) Disclosure requirements

(1) Detailed description of plan provisions

A Medicare+Choice organization shall disclose, in clear, accurate, and standardized form to each enrollee with a Medicare+Choice plan offered by the organization under this part at the time of enrollment and at least annually thereafter, the following information regarding such plan:

(A) Service area

The plan’s service area.

(B) Benefits

(ii) the process and procedures of the plan for obtaining emergency services; and

(iii) the locations of (I) emergency departments, and (II) other settings, in which plan physicians and hospitals provide emergency services and post-stabilization care.

(F) Supplemental benefits

Supplemental benefits available from the organization offering the plan, including—

(i) whether the supplemental benefits are optional,

(ii) the supplemental benefits covered, and

(iii) the Medicare+Choice monthly supplemental beneficiary premium for the supplemental benefits.

(G) Prior authorization rules

Rules regarding prior authorization or other review requirements that could result in nonpayment.

(H) Plan grievance and appeals procedures

All plan appeal or grievance rights and procedures.

(I) Quality improvement program

A description of the organization’s quality improvement program under subsection (e).

(2) Disclosure upon request

Upon request of a Medicare+Choice eligible individual, a Medicare+Choice organization must provide the following information to such individual:

(A) The general coverage information and general comparative plan information made available under clauses (i) and (ii) of section 1395w–21(d)(2)(A) of this title.

(B) Information on procedures used by the organization to control utilization of services and expenditures.

(C) Information on the number of grievances, redeterminations, and appeals and on the disposition in the aggregate of such matters.

(D) An overall summary description as to the method of compensation of participating physicians.

(d) Access to services

(1) In general

A Medicare+Choice organization offering a Medicare+Choice plan may select the providers from whom the benefits under the plan are provided so long as—

(A) the organization makes such benefits available and accessible to each individual electing the plan within the plan service area with reasonable promptness and in a manner which assures continuity in the provision of benefits;

(B) when medically necessary the organization makes such benefits available and accessible 24 hours a day and 7 days a week;

(C) the plan provides for reimbursement with respect to services which are covered under subparagraphs (A) and (B) and which

are provided to such an individual other than through the organization, if—

(i) the services were not emergency services (as defined in paragraph (3)), but (I) the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition, and (II) it was not reasonable given the circumstances to obtain the services through the organization,

(ii) the services were renal dialysis services and were provided other than through the organization because the individual was temporarily out of the plan’s service area, or

(iii) the services are maintenance care or post-stabilization care covered under the guidelines established under paragraph (2);

(D) the organization provides access to appropriate providers, including credentialed specialists, for medically necessary treatment and services; and

(E) coverage is provided for emergency services (as defined in paragraph (3)) without regard to prior authorization or the emergency care provider’s contractual relationship with the organization.

(2) Guidelines respecting coordination of post-stabilization care

A Medicare+Choice plan shall comply with such guidelines as the Secretary may prescribe relating to promoting efficient and timely coordination of appropriate maintenance and post-stabilization care of an enrollee after the enrollee has been determined to be stable under section 1395dd of this title.

(3) “Emergency services” defined

In this subsection—

(A) In general

The term “emergency services” means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that—

(i) are furnished by a provider that is qualified to furnish such services under this subchapter, and

(ii) are needed to evaluate or stabilize an emergency medical condition (as defined in subparagraph (B)).

(B) Emergency medical condition based on prudent layperson

The term “emergency medical condition” means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in—

(i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,

(ii) serious impairment to bodily functions, or

(iii) serious dysfunction of any bodily organ or part.

(4) Assuring access to services in Medicare+Choice private fee-for-service plans

In addition to any other requirements under this part, in the case of a Medicare+Choice private fee-for-service plan, the organization offering the plan must demonstrate to the Secretary that the organization has sufficient number and range of health care professionals and providers willing to provide services under the terms of the plan. Subject to paragraphs (5) and (6), the Secretary shall find that an organization has met such requirement with respect to any category of health care professional or provider if, with respect to that category of provider—

(A) the plan has established payment rates for covered services furnished by that category of provider that are not less than the payment rates provided for under part A, part B, or both, for such services, or

(B) the plan has contracts or agreements (other than deemed contracts or agreements under subsection (j)(6)) with a sufficient number and range of providers within such category to meet the access standards in subparagraphs (A) through (E) of paragraph (1), or a combination of both. The previous sentence shall not be construed as restricting the persons from whom enrollees under such a plan may obtain covered benefits, except that, if a plan entirely meets such requirement with respect to a category of health care professional or provider on the basis of subparagraph (B), it may provide for a higher beneficiary copayment in the case of health care professionals and providers of that category who do not have contracts or agreements (other than deemed contracts or agreements under subsection (j)(6)) to provide covered services under the terms of the plan.

(5) Requirement of certain nonemployer Medicare Advantage private fee-for-service plans to use contracts with providers

(A) In general

For plan year 2011 and subsequent plan years, in the case of a Medicare Advantage private fee-for-service plan not described in paragraph (1) or (2) of section 1395w–27(i) of this title operating in a network area (as defined in subparagraph (B)), the plan shall meet the access standards under paragraph (4) in that area only through entering into written contracts as provided for under subparagraph (B) of such paragraph and not, in whole or in part, through the establishment of payment rates meeting the requirements under subparagraph (A) of such paragraph.

(B) Network area defined

For purposes of subparagraph (A), the term “network area” means, for a plan year, an area which the Secretary identifies (in the Secretary’s announcement of the proposed payment rates for the previous plan year under section 1395w–23(b)(1)(B) of this title) as having at least 2 network-based plans (as defined in subparagraph (C)) with enrollment under this part as of the first day of the year in which such announcement is made.
(C) Network-based plan defined

(i) In general
For purposes of subparagraph (B), the term “network-based plan” means—
(I) except as provided in clause (ii), a Medicare Advantage plan that is a coordinated care plan described in section 1395w–21(a)(2)(A)(i) of this title; (II) a network-based MSA plan; and (III) a reasonable cost reimbursement plan under section 1395mm of this title.

(ii) Exclusion of non-network regional PPOS
The term “network-based plan” shall not include an MA regional plan that, with respect to the area, meets access adequacy standards under this part substantially through the authority of section 422.112(a)(1)(ii) of title 42, Code of Federal Regulations, rather than through written contracts.

(6) Requirement of all employer Medicare Advantage private fee-for-service plans to use contracts with providers
For plan year 2011 and subsequent plan years, in the case of a Medicare Advantage private fee-for-service plan that is described in paragraph (1) or (2) of section 1395w–27(i) of this title, the plan shall meet the access standards under paragraph (4) only through entering into written contracts as provided for under subparagraph (B) of such paragraph and not, in whole or in part, through the establishment of payment rates meeting the requirements under subparagraph (A) of such paragraph.

(e) Quality improvement program
(1) In general
Each MA organization shall have an ongoing quality improvement program for the purpose of improving the quality of care provided to enrollees in each MA plan offered by such organization.

(2) Chronic care improvement programs
As part of the quality improvement program under paragraph (1), each MA organization shall have a chronic care improvement program. Each chronic care improvement program shall have a method for monitoring and identifying enrollees with multiple or sufficiently severe chronic conditions that meet criteria established by the organization for participation under the program.

(3) Data
(A) Collection, analysis, and reporting
(i) In general
Except as provided in clauses (ii) and (iii) with respect to plans described in such clauses and subject to subparagraph (B), as part of the quality improvement program under paragraph (1), each MA organization shall provide for the collection, analysis, and reporting of data that permits the measurement of health outcomes and other indices of quality. With respect to MA private fee-for-service plans and MSA plans, the requirements under the preceding sentence may not exceed the requirements under this subparagraph with respect to MA local plans that are preferred provider organization plans, except that, for plan year 2010, the limitation under clause (iii) shall not apply and such requirements shall apply only with respect to administrative claims data.

(ii) Special requirements for specialized MA plans for special needs individuals
In addition to the data required to be collected, analyzed, and reported under clause (i) and notwithstanding the limitations under subparagraph (B), as part of the quality improvement program under paragraph (1), each MA organization offering a specialized Medicare Advantage plan for special needs individuals shall provide for the collection, analysis, and reporting of data that permits the measurement of health outcomes and other indices of quality with respect to the requirements described in paragraphs (2) through (5) of subsection (f). Such data may be based on claims data and shall be at the plan level.

(iii) Application to local preferred provider organizations and MA regional plans
Clause (i) shall apply to MA organizations with respect to MA local plans that are preferred provider organization plans and to MA regional plans only insofar as services are furnished by providers or services, physicians, and other health care practitioners and suppliers that have contracts with such organization to furnish services under such plans.

(iv) Definition of preferred provider organization plan
In this subparagraph, the term “preferred provider organization plan” means an MA plan that—
(I) has a network of providers that have agreed to a contractually specified reimbursement for covered benefits with the organization offering the plan; (II) provides for reimbursement for all covered benefits regardless of whether such benefits are provided within such network of providers; and (III) is offered by an organization that is not licensed or organized under State law as a health maintenance organization.

(B) Limitations
(i) Types of data
The Secretary shall not collect under subparagraph (A) data on quality, outcomes, and beneficiary satisfaction to facilitate consumer choice and program administration other than the types of data that were collected by the Secretary as of November 1, 2003.

(ii) Changes in types of data

under this part) shall not prohibit or otherwise restrict a covered health care professional (as defined in subparagraph (D)) from advising such an individual who is a patient of the professional about the health status of the individual or medical care or treatment for the individual’s condition or disease, regardless of whether benefits for such care or treatment are provided under the plan, if the professional is acting within the lawful scope of practice.

No Medicare+Choice organization may operate any physician incentive plan (as defined in subparagraph (B)) unless the organization provides assurances satisfactory to the Secretary that the following requirements are met:

(i) No specific payment is made directly or indirectly under the plan to a physician or physician group as an inducement to reduce or limit medically necessary services provided with respect to a specific individual enrolled with the organization.

(ii) If the plan places a physician or physician group at substantial financial risk (as determined by the Secretary) for services not provided by the physician or physician group, the organization provides stop-loss protection for the physician or group that is adequate and appropriate, based on standards developed by the Secretary that take into account the number of physicians placed at such substantial financial risk in the group or under the plan and the number of individuals enrolled with the organization who receive services from the physician or group.

(B) “Physician incentive plan” defined

In this paragraph, the term “physician incentive plan” means any compensation arrangement between a Medicare+Choice organization and a physician or physician group that may directly or indirectly have the effect of reducing or limiting services provided with respect to individuals enrolled with the organization under this part.

(B) before providing such services, the provider, professional, or other entity—

(i) has been informed of the individual’s enrollment under the plan, and

(ii) either—

(I) has been informed of the terms and conditions of payment for such services under the plan, or

(II) is given a reasonable opportunity to obtain information concerning such terms and conditions,

in a manner reasonably designed to effect informed agreement by a provider.

The previous sentence shall only apply in the absence of an explicit agreement between such a provider, professional, or other entity and the Medicare+Choice organization.
(7) Promotion of e-prescribing by MA plans

(A) In general

An MA–PD plan may provide for a separate payment or otherwise provide for a differential payment for a participating physician that prescribes covered part D drugs in accordance with an electronic prescription drug program that meets standards established under section 1395w–104(e) of this title.

(B) Considerations

Such payment may take into consideration the costs of the physician in implementing such a program and may also be increased for those participating physicians who significantly increase—

(i) formulary compliance;
(ii) lower cost, therapeutically equivalent alternatives;
(iii) reductions in adverse drug interactions; and
(iv) efficiencies in filling prescriptions through reduced administrative costs.

(C) Structure

Additional or increased payments under this subsection may be structured in the same manner as medication therapy management fees are structured under section 1395w–104(c)(2)(E) of this title.

(k) Treatment of services furnished by certain providers

(1) In general

Except as provided in paragraph (2), a physician or other entity (other than a provider of services) that does not have a contract establishing payment amounts for services furnished to an individual enrolled under this part with a Medicare+Choice organization described in section 1395w–21(a)(2)(A) of this title or with an organization offering an MSA plan shall accept as payment in full for covered services under this subchapter that are furnished to such an individual the amounts that the physician or other entity could collect if the individual were not so enrolled. Any penalty or other provision of law that applies to such a payment with respect to an individual entitled to benefits under this subchapter (but not enrolled with a Medicare+Choice organization under this part) also applies with respect to an individual so enrolled.

(2) Application to Medicare+Choice private fee-for-service plans

(A) Balance billing limits under Medicare+Choice private fee-for-service plans in case of contract providers

(i) In general

In the case of an individual enrolled in a Medicare+Choice private fee-for-service plan under this part, a physician, provider of services, or other entity that has a contract (including through the operation of subsection (j)(6)) establishing a payment rate for services furnished to the enrollee shall accept as payment in full for covered services under this subchapter that are furnished to such an individual an amount not to exceed (including any deductibles, coinsurance, copayments, or balance billing otherwise permitted under the plan) an amount equal to 115 percent of such payment rate.

(ii) Procedures to enforce limits

The Medicare+Choice organization that offers such a plan shall establish procedures, similar to the procedures described in section 1395w–4(g)(1)(A) of this title, in order to carry out the previous sentence.

(iii) Assuring enforcement

If the Medicare+Choice organization fails to establish and enforce procedures required under clause (i), the organization is subject to intermediate sanctions under section 1395w–27(g) of this title.

(B) Enrollee liability for noncontract providers

For provision—

(i) establishing minimum payment rate in the case of noncontract providers under a Medicare+Choice private fee-for-service plan, see subsection (a)(2); or
(ii) limiting enrollee liability in the case of covered services furnished by such providers, see paragraph (1) and section 1395cc(a)(1)(O) of this title.

(C) Information on beneficiary liability

(i) In general

Each Medicare+Choice organization that offers a Medicare+Choice private fee-for-service plan shall provide that enrollees under the plan who are furnished services for which payment is sought under the plan are provided an appropriate explanation of benefits (consistent with that provided under parts A and B and, if applicable, under medicare supplemental policies) that includes a clear statement of the amount of the enrollee’s liability (including any liability for balance billing consistent with this subsection) with respect to payments for such services.

(ii) Advance notice before receipt of inpatient hospital services and certain other services

In addition, such organization shall, in its terms and conditions of payments to hospitals for inpatient hospital services and for other services identified by the Secretary for which the amount of the balance billing under subparagraph (A) could be substantial, require the hospital to provide to the enrollee, before furnishing such services and if the hospital imposes balance billing under subparagraph (A)—

(I) notice of the fact that balance billing is permitted under such subparagraph for such services, and
(II) a good faith estimate of the likely amount of such balance billing (if any), with respect to such services, based upon the presenting condition of the enrollee.

(l) Return to home skilled nursing facilities for covered post-hospital extended care services

The facility has a contract with the Medicare+Choice organization for the provision of such services, or the facility agrees to accept substantially similar payment under the same terms and conditions that apply to similarly situated skilled nursing facilities that are under contract with the Medicare+Choice organization for the provision of such services and through which the enrollee would otherwise receive such services.

(B) Manner of payment to home SNF

The organization shall provide payment to the home skilled nursing facility consistent with the contract or the agreement described in subparagraph (A)(i), as the case may be.

(2) No less favorable coverage

The coverage provided under paragraph (1) (including scope of services, cost-sharing, and other criteria of coverage) shall be no less favorable to the enrollee than the coverage that would be provided to the enrollee with respect to a skilled nursing facility the post-hospital extended care services of which are otherwise covered under the Medicare+Choice plan.

(3) Rule of construction

Nothing in this subsection shall be construed to do the following:

(A) To require coverage through a skilled nursing facility that is not otherwise qualified to provide benefits under part A for Medicare beneficiaries not enrolled in a Medicare+Choice plan.

§1395w–23. Payments to Medicare+Choice organizations

(a) Payments to organizations

(1) Monthly payments

(A) In general

Under a contract under section 1395w–27 of this title and subject to subsections (e), (g), (i), and (l) and section 1395w–28(e)(4) of this title, the Secretary shall make monthly payments under this section in advance to each Medicare+Choice organization, with respect to coverage of an individual under this part in a Medicare+Choice payment area for a month, in an amount determined as follows:

(i) Payment before 2006

For years before 2006, the payment amount shall be equal to 1⁄2 of the annual MA capitation rate (as calculated under subsection (c)(1)) with respect to that individual for that area, adjusted under subparagraph (C) and reduced by the amount of any reduction elected under section 1385w–24(f)(1)(E) of this title.

(ii) Payment for original fee-for-service benefits beginning with 2006

For years beginning with 2006, the amount specified in subparagraph (B).

(B) Payment amount for original fee-for-service benefits beginning with 2006

(i) Payment of bid for plans with bids below benchmark

In the case of a plan for which there are average per capita monthly savings de-
scribed in section 1395w–24(b)(3)(C) or 1395w–24(b)(4)(C) of this title, as the case may be, the amount specified in this subparagraph is equal to the unadjusted MA statutory non-drug monthly bid amount, adjusted under subparagraph (C) and (if applicable) under subparagraphs (F) and (G), plus the amount (if any) of any rebate under subparagraph (E).

(ii) Payment of benchmark for plans with bids at or above benchmark

In the case of a plan for which there are no average per capita monthly savings described in section 1395w–24(b)(3)(C) or 1395w–24(b)(4)(C) of this title, as the case may be, the amount specified in this subparagraph is equal to the MA area-specific non-drug monthly benchmark amount, adjusted under subparagraph (C) and (if applicable) under subparagraphs (F) and (G).

(iii) Payment of benchmark for MSA plans

Notwithstanding clauses (i) and (ii), in the case of an MSA plan, the amount specified in this subparagraph is equal to the MA area-specific non-drug monthly benchmark amount, adjusted under subparagraph (C) and (if applicable) under subparagraphs (F) and (G).

(iv) Authority to apply frailty adjustment under PACE payment rules for certain specialized MA plans for special needs individuals

(I) In general

Notwithstanding the preceding provisions of this paragraph, for plan year 2011 and subsequent plan years, in the case of a plan described in subclause (II), the Secretary may apply the payment rules under section 1395eee(d) of this title (other than paragraph (3) of such section) rather than the payment rules that would otherwise apply under this part, but only to the extent necessary to reflect the costs of treating high concentrations of frail individuals.

(II) Plan described

A plan described in this subclause is a specialized MA plan for special needs individuals described in section 1395w–28(b)(6)(B)(ii) of this title that is fully integrated with capitated contracts with States for Medicaid benefits, including long-term care, and that have similar average levels of frailty (as determined by the Secretary) as the PACE program.

(C) Demographic adjustment, including adjustment for health status

(i) In general

Subject to subparagraph (I), the Secretary shall adjust the payment amount under subparagraph (A)(i) and the amount specified under subparagraph (B)(i), (B)(ii), and (B)(iii) for such risk factors as age, disability status, gender, institutional status, and such other factors as the Secretary determines to be appropriate, including adjustment for health status under paragraph (3), so as to ensure actuarial equivalence. The Secretary may add to, modify, or substitute for such adjustment factors if such changes will improve the determination of actuarial equivalence.

(ii) Application of coding adjustment

For 2006 and each subsequent year:

(I) In applying the adjustment under clause (i) for health status to payment amounts, the Secretary shall ensure that such adjustment reflects changes in treatment and coding practices in the fee-for-service sector and reflects differences in coding patterns between Medicare Advantage plans and providers under part 1 A and B to the extent that the Secretary has identified such differences.

(II) In order to ensure payment accuracy, the Secretary shall annually conduct an analysis of the differences described in subclause (I). The Secretary shall complete such analysis by a date necessary to ensure that the results of such analysis are incorporated on a timely basis into the risk scores for 2008 and subsequent years. In conducting such analysis, the Secretary shall use data submitted with respect to 2004 and subsequent years, as available and updated as appropriate.

(III) In calculating each year’s adjustment, the adjustment factor shall be for 2014, not less than the adjustment factor applied for 2010, plus 1.5 percentage points; for each of years 2015 through 2018, not less than the adjustment factor applied for the previous year, plus 0.25 percentage point; and for 2019 and each subsequent year, not less than 5.9 percent.

(IV) Such adjustment shall be applied to risk scores until the Secretary implements risk adjustment using Medicare Advantage diagnostic, cost, and use data.

(iii) Improvements to risk adjustment for special needs individuals with chronic health conditions

(I) In general

For 2011 and subsequent years, for purposes of the adjustment under clause (i) with respect to individuals described in subclause (II), the Secretary shall use a risk score that reflects the known underlying risk profile and chronic health status of similar individuals. Such risk score shall be used instead of the default risk score for new enrollees in Medicare Advantage plans that are not specialized MA plans for special needs individuals (as defined in section 1395w–28(b)(6) of this title).

(II) Individuals described

An individual described in this subclause is a special needs individual described in subsection (b)(6)(B)(iii) who

1. See References in Text note below.

2. See References in Text note below.
enrolls in a specialized MA plan for special needs individuals on or after January 1, 2011.

(III) Evaluation

For 2011 and periodically thereafter, the Secretary shall evaluate and revise the risk adjustment system under this subparagraph in order to, as accurately and as possible, account for higher medical and care coordination costs associated with frailty, individuals with multiple, comorbid chronic conditions, and individuals with a diagnosis of mental illness, and also to account for costs that may be associated with higher concentrations of beneficiaries with those conditions.

(IV) Publication of evaluation and revisions

The Secretary shall publish, as part of an announcement under subsection (b), a description of any evaluation conducted under subclause (III) during the preceding year and any revisions made under such subclause as a result of such evaluation.

(D) Separate payment for Federal drug subsidies

In the case of an enrollee in an MA-PD plan, the MA organization offering such plan also receives—

(i) subsidies under section 1395w-115 of this title (other than under subsection (g)); and

(ii) reimbursement for premium and cost-sharing reductions for low-income individuals under section 1395w-114(c)(1)(C) of this title.

(E) Payment of rebate for plans with bids below benchmark

In the case of a plan for which there are average per capita monthly savings described in section 1395w-24(b)(3)(C) or 1395w-24(b)(4)(C) of this title, as the case may be, the amount specified in this subparagraph is the amount of the monthly rebate computed under section 1395w-24(b)(1)(C)(i) of this title for that plan and year (as reduced by the amount of any credit provided under section 1395w-24(b)(1)(C)(iv) of this title).

(F) Adjustment for intra-area variations

(i) Intra-regional variations

In the case of payment with respect to an MA regional plan for an MA region, the Secretary shall also adjust the amounts specified under subparagraphs (B)(i) and (B)(ii) in a manner to take into account variations in MA local payment rates under this part among the different MA local areas included in such service area.

(G) Adjustment relating to risk adjustment

The Secretary shall adjust payments with respect to MA plans as necessary to ensure that—

(i) the sum of—

(I) the monthly payment made under subparagraph (A)(ii); and

(II) the MA monthly basic beneficiary premium under section 1395w-24(b)(2)(A) of this title; equals

(ii) the unadjusted MA statutory nondrug monthly bid amount, adjusted in the manner described in subparagraph (C) and, for an MA regional plan, subparagraph (F).

(H) Special rule for end-stage renal disease

The Secretary shall establish separate rates of payment to a Medicare+Choice organization with respect to classes of individuals determined to have end-stage renal disease and enrolled in a Medicare+Choice plan of the organization. Such rates of payment shall be actuarially equivalent to rates that would have been paid with respect to other enrollees in the MA payment area (or such other area as specified by the Secretary) under the provisions of this section as in effect before December 8, 2003. In accordance with regulations, the Secretary shall provide for the application of the seventh sentence of section 1395rr(b)(7) of this title to payments under this section covering the provision of renal dialysis treatment in the same manner as such sentence applies to composite rate payments described in such sentence. In establishing such rates, the Secretary shall provide for appropriate adjustments to increase each rate to reflect the demonstration rate (including the risk adjustment methodology associated with such rate) of the social health maintenance organization end-stage renal disease capitation demonstrations (established by section 2355 of the Deficit Reduction Act of 1984, as amended by section 13567(b) of the Omnibus Budget Reconciliation Act of 1993), and shall compute such rates by taking into account such factors as renal treatment modality, age, and the underlying cause of the end-stage renal disease. The Secretary may apply the competitive bidding methodology provided for in this section, with appropriate adjustments to account for the risk adjustment methodology applied to end stage renal disease payments.

(I) Improvements to risk adjustment for 2019 and subsequent years

(i) In general

In order to determine the appropriate adjustment for health status under subparagraph (C)(i), the following shall apply:

(I) Taking into account total number of diseases or conditions

The Secretary shall take into account the total number of diseases or condi-
§ 1395w–23

(2) Adjustment to reflect number of enrollees

(A) In general

The amount of payment under this subparagraph may be retroactively adjusted to take into account any difference between the actual number of individuals enrolled with an organization under this part and the number of such individuals estimated to be so enrolled in determining the amount of the advance payment.

(B) Special rule for certain enrollees

(i) In general

Subject to clause (ii), the Secretary may make retroactive adjustments under subparagraph (A) to take into account individuals enrolled during the period beginning on the date on which the individual enrolls with a Medicare+Choice organization under a plan operated, sponsored, or contributed to by the individual’s employer or former employer (or the employer or former employer of the individual’s spouse) and ending on the date on which the individual is enrolled in the organization under this part, except that for purposes of making such retroactive adjustments under this subparagraph, such period may not exceed 90 days.

(ii) Exception

No adjustment may be made under clause (i) with respect to any individual who does not certify that the organization provided the individual with the disclosure statement described in section 1395w–22(c) of this title at the time the individual enrolled with the organization.

(3) Establishment of risk adjustment factors

(A) Report

The Secretary shall develop, and submit to Congress by not later than March 1, 1999, a report on the method of risk adjustment of payment rates under this section, to be implemented under subparagraph (C), that accounts for variations in per capita costs based on health status. Such report shall include an evaluation of such method by an outside, independent actuary of the actuarial soundness of the proposal.

(B) Data collection

In order to carry out this paragraph, the Secretary shall require Medicare+Choice organizations (and eligible organizations with risk-sharing contracts under section 1395mm of this title) to submit data regarding inpatient hospital services for periods beginning on or after July 1, 1997, and data regarding other services and other information as the Secretary deems necessary for periods beginning on or after July 1, 1998. The Secretary may not require an organization to submit such data before January 1, 1998.

(C) Initial implementation

(i) In general

The Secretary shall first provide for implementation of a risk adjustment methodology that accounts for variations in per capita costs based on health status and other demographic factors for payments by no later than January 1, 2000.

(ii) Phase-in

Except as provided in clause (iv), such risk adjustment methodology shall be implemented in a phased-in manner so that the methodology insofar as it makes ad-
adjustments to capitation rates for health status applies to—

(I) 10 percent of \( \frac{1}{12} \) of the annual Medicare+Choice capitation rate in 2000 and each succeeding year through 2003;

(II) 30 percent of such capitation rate in 2004;

(III) 50 percent of such capitation rate in 2005;

(IV) 75 percent of such capitation rate in 2006; and

(V) 100 percent of such capitation rate in 2007 and succeeding years.

(iii) Data for risk adjustment methodology

Such risk adjustment methodology for 2004 and each succeeding year, shall be based on data from inpatient hospital and ambulatory settings.

(iv) Full implementation of risk adjustment for congestive heart failure enrollees for 2001

(I) Exemption from phase-in

Subject to subclause (II), the Secretary shall fully implement the risk adjustment methodology described in clause (i) with respect to each individual who has had a qualifying congestive heart failure inpatient diagnosis (as determined by the Secretary under such risk adjustment methodology) during the period beginning on July 1, 1999, and ending on June 30, 2000, and who is enrolled in a coordinated care plan that is the only coordinated care plan offered on January 1, 2001, in the service area of the individual.

(II) Period of application

Subclause (I) shall only apply during the 1-year period beginning on January 1, 2001.

(D) Uniform application to all types of plans

Subject to section 1395w–28(e)(4) of this title, the methodology shall be applied uniformly without regard to the type of plan.

(4) Payment rule for federally qualified health center services

If an individual who is enrolled with an MA plan under this part receives a service from a federally qualified health center that has a written agreement with the MA organization that offers such plan for providing such a service (including any agreement required under section 1395w–27(e)(3) of this title)—

(A) the Secretary shall pay the amount determined under section 1395l(a)(3)(B) of this title directly to the federally qualified health center not less frequently than quarterly; and

(B) the Secretary shall not reduce the amount of the monthly payments under this subsection as a result of the application of subparagraph (A).

(b) Annual announcement of payment rates

(iii) Benchmark announcement for CCA local areas

The Secretary shall determine, and shall announce (in a manner intended to provide notice to interested parties), on a timely basis before the calendar year concerned, with respect to each CCA area (as defined in section 1395w–28(b)(1)(A) of this title), the CCA non-drug monthly benchmark amount under section 1395w–29(e)(1) of this title for that area for the year involved.

(2) Advance notice of methodological changes

At least 45 days (or, in 2017 and each subsequent year, at least 60 days) before making the announcement under paragraph (1) for a year, the Secretary shall provide for notice to Medicare+Choice organizations of proposed changes to be made in the methodology from the methodology and assumptions used in the previous announcement and shall provide such organizations an opportunity (in 2017 and each subsequent year, of no less than 30 days) to comment on such proposed changes.

(vi) a succeeding year is 100 percent.

(B) Removal of medical education from calculation of adjusted average per capita cost

(i) In general

In determining the area-specific Medicare+Choice capitation rate under subparagraph (A) for a year (beginning with 1998), the annual per capita rate of payment for 1997 determined under section 1395mm(a)(1)(C) of this title shall be adjusted to exclude from the rate the applicable percent (specified in clause (ii)) of the payment adjustments described in subparagraph (C).

(ii) Applicable percent

For purposes of clause (i), the applicable percent for—

(I) 1998 is 20 percent,

(II) 1999 is 40 percent,

(III) 2000 is 60 percent,

(IV) 2001 is 80 percent, and

(V) a succeeding year is 100 percent.

(C) Payment adjustment

(i) In general

Subject to clause (ii), the payment adjustments described in this subparagraph are payment adjustments which the Secretary estimates were payable during 1997—

(I) for the indirect costs of medical education under section 1395ww(d)(9)(B) of this title, and

(II) for direct graduate medical education costs under section 1395ww(h) of this title.

(ii) Treatment of payments covered under State hospital reimbursement system

To the extent that the Secretary estimates that an annual per capita rate of payment for 1997 described in clause (i) reflects payments to hospitals reimbursed under section 1395f(b)(3) of this title, the Secretary shall estimate a payment adjustment that is comparable to the payment adjustment that would have been made under clause (i) if the hospitals had not been reimbursed under such section.

(D) Treatment of areas with highly variable payment rates

In the case of a Medicare+Choice payment area for which the annual per capita rate of payment determined under section 1395mm(a)(1)(C) of this title for 1997 varies by more than 20 percent from such rate for 1996, for purposes of this subsection the Secretary may substitute for such rate for 1997 a rate that is more representative of the costs of the enrollees in the area.

(E) Inclusion of costs of DOD and VA military facility services to Medicare-eligible beneficiaries

In determining the area-specific MA capitation rate under subparagraph (A) for a year (beginning with 1998), the annual per capita rate of payment for 1997 determined under section 1395mm(a)(1)(C) of this title shall be adjusted to include from the rate the applicable percent (specified in clause (ii)) of the payment adjustments described in subparagraph (C).
§ 1395w–23

(4) Input-price-adjusted annual national Medicare+Choice capitation rate

(A) In general

For purposes of paragraph (1)(A), the input-price-adjusted annual national Medicare+Choice capitation rate for a Medicare+Choice payment area for a year is equal to the sum, for all the types of Medicare services (as classified by the Secretary), of—

(i) the national standardized annual Medicare+Choice capitation rate (determined under subparagraph (B)) for the year,

(ii) the proportion of such rate for the year which is attributable to such type of services, and

(iii) an index that reflects (for that year and that type of services) the relative input price of such services in the area compared to the national average input price of such services.

In applying clause (iii), the Secretary may, subject to subparagraph (C), apply those indices under this subchapter that are used in applying (or updating) national payment rates for specific areas and localities.

(B) National standardized annual Medicare+Choice capitation rate

In subparagraph (A)(i), the “national standardized annual Medicare+Choice capitation rate” for a year is equal to—

(i) the sum (for all Medicare+Choice payment areas) of the product of—

(I) the annual area-specific Medicare+Choice capitation rate for that year for the area under paragraph (3), and

(II) the average number of Medicare beneficiaries residing in that area in the year, multiplied by the average of the risk factor weights used to adjust payments under subsection (a)(1)(A) for such beneficiaries in such area; divided by

(ii) the sum of the products described in clause (i)(II) for all areas for that year.

(C) Special rules for 1998

In applying this paragraph for 1998—

(i) Medicare services shall be divided into 2 types of services: part A services and part B services;

(ii) the proportions described in subparagraph (A)(i)—

(I) for part A services shall be the ratio (expressed as a percentage) of the national average annual per capita rate of payment for part A for 1997 to the total national average annual per capita rate of payment for parts A and B for 1997, and

(II) for part B services shall be 100 percent minus the ratio described in subclause (I);

(iii) for part A services, 70 percent of payments attributable to such services shall be adjusted by the index used under section 1395ww(d)(3)(E) of this title to adjust payment rates for relative hospital wage levels for hospitals located in the payment area involved;

(iv) for part B services—

(I) 66 percent of payments attributable to such services shall be adjusted by the index of the geographic area factors under section 1395w–4(e) of this title used to adjust payment rates for physicians’ services furnished in the payment area, and

(II) of the remaining 34 percent of the amount of such payments, 40 percent shall be adjusted by the index described in clause (iii); and

(v) the index values shall be computed based only on the beneficiary population who are 65 years of age or older and who are not determined to have end stage renal disease.

The Secretary may continue to apply the rules described in this subparagraph (or similar rules) for 1999.

(5) Payment adjustment budget neutrality factor

For purposes of paragraph (1)(A), for each year (other than 2004), the Secretary shall determine a budget neutrality adjustment factor so that the aggregate of the payments under this part (other than those attributable to subsections (a)(3)(B)(ix), (a)(4), and (i)) shall equal the aggregate payments that would have been made under this part if payment were based entirely on area-specific capitation rates.

(6) “National per capita Medicare+Choice growth percentage” defined

(A) In general

In this part, the “national per capita Medicare+Choice growth percentage” for a year is the percentage determined by the Secretary, by March 1st before the beginning of the year involved, to reflect the Secretary’s estimate of the projected per capita rate of growth in expenditures under this subchapter for an individual entitled to benefits under part A and enrolled under part B, excluding expenditures attributable to subsections (a)(7) and (o) of section 1395w–4 of this title and subsections (b)(3)(B)(ix) and (n) of section 1395ww of this title, reduced by the number of percentage points specified in subparagraph (B) for the year. Separate determinations may be made for aged enrollees, disabled enrollees, and enrollees with end-stage renal disease.

(B) Adjustment

The number of percentage points specified in this subparagraph is—

(i) for 1998, 0.8 percentage points,

(ii) for 1999, 0.5 percentage points,

(iii) for 2000, 0.5 percentage points,

(iv) for 2001, 0.5 percentage points,

(v) for 2002, 0.3 percentage points, and

(vi) for a year after 2002, 0 percentage points.
(d) MA payment area; MA local area; MA region defined

(1) MA payment area

In this part, except as provided in this subpart, the term “MA payment area” means—

(A) with respect to an MA local plan, an MA local area (as defined in paragraph (2)); and

(B) with respect to an MA regional plan, an MA region (as established under section 1395w–27a(a)(2) of this title).

(2) MA local area

The term “MA local area” means a county or equivalent area specified by the Secretary.

(3) Rule for ESRD beneficiaries

In the case of individuals who are determined to have end stage renal disease, the Medicare+Choice payment area shall be a State or such other payment area as the Secretary specifies.

(4) Geographic adjustment

(A) In general

Upon written request of the chief executive officer of a State for a contract year (beginning after 1998) made by not later than February 1 of the previous year, the Secretary shall make a geographic adjustment to a Medicare+Choice payment area in the State otherwise determined under paragraph (1) for MA local plans—

(i) to a single statewide Medicare+Choice payment area,

(ii) to the metropolitan based system described in subparagraph (C), or

(iii) to consolidating into a single Medicare+Choice payment area noncontiguous counties (or equivalent areas described in paragraph (1)(A)) within a State.

Such adjustment shall be effective for payments for months beginning with January of the year following the year in which the request is received.

(B) Budget neutrality adjustment

In the case of a State requesting an adjustment under this paragraph, the Secretary shall initially (and annually thereafter) adjust the payment rates otherwise established under this section with respect to MA local plans for Medicare+Choice payment areas in the State in a manner so that the aggregate of the payments under this section for such plans in the State shall not exceed the aggregate payments that would have been made under this section for such plans for Medicare+Choice payment areas in the State in the absence of the adjustment under this paragraph.

(C) Metropolitan based system

The metropolitan based system described in this subparagraph is one in which—

(i) all the portions of each metropolitan statistical area in the State or in the case of a consolidated metropolitan statistical area, all of the portions of each primary metropolitan statistical area within the consolidated area within the State, are treated as a single Medicare+Choice payment area, and

(ii) all areas in the State that do not fall within a metropolitan statistical area are treated as a single Medicare+Choice payment area.

(D) Areas

In subparagraph (C), the terms “metropolitan statistical area”, “consolidated metropolitan statistical area”, and “primary metropolitan statistical area” mean any area designated as such by the Secretary of Commerce.

(e) Special rules for individuals electing MSA plans

(1) In general

If the amount of the Medicare+Choice monthly MSA premium (as defined in section 1395w–24(b)(2)(C) of this title) for an MSA plan for a year is less than 1⁄2 of the annual Medicare+Choice capitation rate applied under this section for the area and year involved, the Secretary shall deposit an amount equal to 100 percent of such difference in a Medicare+Choice MSA established (and, if applicable, designated) by the individual under paragraph (2).

(2) Establishment and designation of Medicare+Choice medical savings account as requirement for payment of contribution

In the case of an individual who has elected coverage under an MSA plan, no payment...
shall be made under paragraph (1) on behalf of an individual for a month unless the individual—

(A) has established before the beginning of the month (or by such other deadline as the Secretary may specify) a Medicare+Choice MSA (as defined in section 138(b)(2) of the Internal Revenue Code of 1986), and

(B) if the individual has established more than one such Medicare+Choice MSA, has designated one of such accounts as the individual’s Medicare+Choice MSA for purposes of this part.

Under rules under this section, such an individual may change the designation of such account under subparagraph (B) for purposes of this part.

(3) Lump-sum deposit of medical savings account contribution

In the case of an individual electing an MSA plan effective beginning with a month in a year, the amount of the contribution to the Medicare+Choice MSA on behalf of the individual for that month and all successive months in the year shall be deposited during that first month. In the case of a termination of such an election as of a month before the end of a year, the Secretary shall provide for a procedure for the recovery of deposits attributable to the remaining months in the year.

(f) Payments from Trust Funds

The payment to a Medicare+Choice organization under this section for individuals enrolled under this part with the organization and for payments under subsection (l) and subsection (m) and payments to a Medicare+Choice MSA under subsection (e)(1) shall be made from the Medicare+Choice Drug Account in the Federal Supplementary Medical Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund in such proportion as the Secretary determines reflects the relative weight that benefits under part A and under part B represents of the actuarial value of the total benefits under this subchapter. Payments to MA organizations for statutory drug benefits provided under this subchapter are made from the Medicare Prescription Drug Account in the Federal Supplementary Medical Insurance Trust Fund. Monthly payments otherwise payable under this section for October 2001 shall be paid on the first business day of such month. Monthly payments otherwise payable under this section for October 2001 shall be paid on the last business day of September 2001. Monthly payments otherwise payable under this section for October 2006 shall be paid on the first business day of October 2006.

(g) Special rule for certain inpatient hospital stays

In the case of an individual who is receiving inpatient hospital services from a subsection (d) hospital (as defined in section 1395ww(d)(1)(B) of this title), a rehabilitation hospital described in section 1395ww(d)(1)(B)(ii) of this title or a distinct part rehabilitation unit described in the matter following clause (i) of section 1395ww(d)(1)(B) of this title, or a long-term care hospital (described in section 1395ww(d)(1)(B)(iv) of this title) as of the effective date of the individual’s—

(1) election under this part of a Medicare+Choice plan offered by a Medicare+Choice organization—

(A) payment for such services until the date of the individual’s discharge shall be made under this subchapter through the Medicare+Choice plan or the original Medicare fee-for-service program option described in section 1395w-21(a)(1)(A) of this title (as the case may be) elected before the election with such organization,

(B) the elected organization shall not be financially responsible for payment for such services until the date after the date of the individual’s discharge, and

(C) the organization shall nonetheless be paid the full amount otherwise payable to the organization under this part; or

(2) termination of election with respect to a Medicare+Choice organization under this part—

(A) the organization shall be financially responsible for payment for such services after such date and until the date of the individual’s discharge,

(B) payment for such services during the stay shall not be made under section 1395ww(d) of this title or other payment provision under this subchapter for inpatient services for the type of facility, hospital, or unit involved, described in the matter preceding paragraph (1), as the case may be, or by any succeeding Medicare+Choice organization, and

(C) the terminated organization shall not receive any payment with respect to the individual under this part during the period the individual is not enrolled.

(h) Special rule for hospice care

(1) Information

A contract under this part shall require the Medicare+Choice organization to inform each individual enrolled under this part with a Medicare+Choice plan offered by the organization about the availability of hospice care if—

(A) a hospice program participating under this subchapter is located within the organization’s service area; or

(B) it is common practice to refer patients to hospice programs outside such service area.

(2) Payment

If an individual who is enrolled with a Medicare+Choice organization under this part makes an election under section 1395d(d)(1) of this title to receive hospice care from a particular hospice program—

(A) payment for the hospice care furnished to the individual shall be made to the hospice program elected by the individual by the Secretary;

(B) payment for other services for which the individual is eligible notwithstanding the individual’s election of hospice care under section 1395d(d)(1) of this title, including services not related to the individual’s terminal illness, shall be made by the Secretary to the Medicare+Choice organization or the provider or supplier of the service in-
(i) New entry bonus

(1) In general

Subject to paragraphs (2) and (3), in the case of Medicare+Choice plans which are first offered in a Medicare+Choice payment area during the 2-year period beginning on January 1, 2000, the amount of the monthly payment otherwise made under this section shall be increased—

(A) only for the first 12 months in which any Medicare+Choice plan is offered in the area, by 5 percent of the total monthly payment otherwise computed for such payment area; and

(B) only for the subsequent 12 months, by 3 percent of the total monthly payment otherwise computed for such payment area.

(2) Period of application

Paragraph (1) shall apply to payment for Medicare+Choice plans as first offered in a Medicare+Choice payment area during the 2-year period beginning on January 1, 2000.

(3) Limitation to organization offering first plan in an area

Paragraph (1) shall only apply to payment to the first Medicare+Choice organization that offers a Medicare+Choice plan in each Medicare+Choice payment area, except that if more than one such organization first offers such a plan in an area on the same date, paragraph (1) shall apply to payment for such organizations.

(4) Construction

Nothing in paragraph (1) shall be construed as affecting the calculation of the annual Medicare+Choice capitation rate under subsection (c) for any payment area or as applying to payment for any period not described in such paragraph and paragraph (2).

(5) Offered defined

In this subsection, the term “offered” means, with respect to a Medicare+Choice plan as of a date, that a Medicare+Choice eligible individual may enroll with the plan on that date, regardless of when the enrollment takes effect or when the individual obtains benefits under the plan.

(j) Computation of benchmark amounts

For purposes of this part, subject to subsection (o), the term “MA area-specific non-drug monthly benchmark amount” means for a month in a year—

(1) with respect to—

(A) a service area that is entirely within an MA local area, subject to section 1395w–29(d)(2)(A) of this title, an amount equal to 1\(\frac{1}{2}\) of the annual MA capitation rate under subsection (c)(1) for the area for the year; and

(B) a service area that includes more than one MA local area, an amount equal to the average of the amounts described in subparagraph (A) for each such local MA area, weighted by the projected number of enrollees in the plan residing in the respective local MA areas (as used by the plan for purposes of calculating the benchmark amounts) for the year, adjusted as appropriate (for years before 2007) for the purpose of risk adjustment; or

(2) with respect to an MA region for a month in a year, the MA region-specific non-drug monthly benchmark amount, as defined in section 1395w–27a(f) of this title for the region for the year.

(k) Determination of applicable amount for purposes of calculating the benchmark amounts

(1) Applicable amount defined

For purposes of subsection (j), subject to paragraphs (2), (4), and (5), the term “applicable amount” means for an area—

(A) for 2007—

(i) if such year is not specified under subsection (c)(1)(D)(ii), an amount equal to the amount specified in subsection (c)(1)(C) for the area for 2006—

(I) first adjusted by the rescaling factor for 2006 for the area (as made available by the Secretary in the announcement of the rates on April 4, 2005, under subsection (b)(1), but excluding any national adjustment factors for coding intensity and risk adjustment budget neutrality that were included in such factor); and

(II) then increased by the national per capita MA growth percentage, described in subsection (c)(6) for 2007, but not taking into account any adjustment under subparagraph (C) of such subsection for a year before 2004;

(ii) if such year is specified under subsection (c)(1)(D)(ii), an amount equal to the greater of—

(I) the amount determined under clause (i) for the area for the year; or

(II) the amount specified in subsection (c)(1)(D) for the area for the year; and

(B) for a subsequent year—

(i) if such year is not specified under subsection (c)(1)(D)(ii), an amount equal to the amount determined under this paragraph for the area for the previous year
(determined without regard to paragraphs (2), (4), and (5)), increased by the national per capita MA growth percentage, described in subsection (c)(6) for that succeeding year, but not taking into account any adjustment under subparagraph (C) of such subsection for a year before 2004; and
(ii) if such year is specified under subsection (c)(1)(D)(ii), an amount equal to the greater of—
(I) the amount determined under clause (i) for the area for the year; or
(II) the amount specified in subsection (c)(1)(D) for the area for the year.

(2) Phase-out of budget neutrality factor

(A) In general

Except as provided in subparagraph (D), in the case of 2007 through 2010, the applicable amount determined under paragraph (1) shall be multiplied by a factor equal to 1 plus the product of—
(i) the percent determined under subparagraph (B) for the year; and
(ii) the applicable phase-out factor for the year under subparagraph (C).

(B) Percent determined

(i) In general

For purposes of subparagraph (A)(i), subject to clause (iv), the percent determined under this subparagraph for a year is a percent equal to a fraction the numerator of which is described in clause (ii) and the denominator of which is described in clause (iii).

(ii) Numerator based on difference between demographic rate and risk rate

(I) In general

The numerator described in this clause is an amount equal to the amount by which the demographic rate described in subclause (II) exceeds the risk rate described in subclause (III).

(II) Demographic rate

The demographic rate described in this subclause is the Secretary’s estimate of the total payments that would have been made under this part in the year if all the monthly payment amounts for all MA plans were equal to 1/12 of the annual MA capitation rate under subsection (c)(1) for the area and year, adjusted pursuant to subsection (a)(1)(C).

(III) Risk rate

The risk rate described in this subclause is the Secretary’s estimate of the total payments that would have been made under this part in the year if all the monthly payment amounts for all MA plans were equal to the amount described in subsection (j)(1)(A) determined as if this paragraph had not applied under subsection (j) for the area and year, adjusted pursuant to subsection (a)(1)(C).

(iii) Denominator based on risk rate

The denominator described in this clause is equal to the total amount estimated for the year under clause (ii)(III).

(iv) Requirements

In estimating the amounts under the previous clauses, the Secretary shall—
(I) use a complete set of the most recent and representative Medicare Advantage risk scores under subsection (a)(3) that are available from the risk adjustment model announced for the year;
(II) adjust the risk scores to reflect changes in treatment and coding practices in the fee-for-service sector;
(III) adjust the risk scores for differences in coding patterns between Medicare Advantage plans and providers under the original Medicare fee-for-service program under parts A and B to the extent that the Secretary has identified such differences, as required in subsection (a)(1)(C);
(IV) as necessary, adjust the risk scores for late data submitted by Medicare Advantage organizations;
(V) as necessary, adjust the risk scores for lagged cohorts; and
(VI) as necessary, adjust the risk scores for changes in enrollment in Medicare Advantage plans during the year.

(v) Authority

In computing such amounts the Secretary may take into account the estimated health risk of enrollees in preferred provider organization plans (including MA regional plans) for the year.

(C) Applicable phase-out factor

For purposes of subparagraph (A)(ii), the term “applicable phase-out factor” means—
(i) for 2007, 0.55;
(ii) for 2008, 0.40;
(iii) for 2009, 0.25; and
(iv) for 2010, 0.05.

(D) Termination of application

Subparagraph (A) shall not apply in a year if the amount estimated under subparagraph (B)(ii)(I)(II) for the year is equal to or greater than the amount estimated under subparagraph (B)(ii)(II) for the year.

(3) No revision in percent

(A) In general

The Secretary may not make any adjustment to the percent determined under paragraph (2)(B) for any year.

(B) Rule of construction

Nothing in this subsection shall be construed to limit the authority of the Secretary to make adjustments to the applicable amounts determined under paragraph (1) as appropriate for purposes of updating data or for purposes of adopting an improved risk adjustment methodology.

(4) Phase-out of the indirect costs of medical education from capitation rates

(A) In general

After determining the applicable amount for an area for a year under paragraph (1) (beginning with 2010), the Secretary shall ad-
just such applicable amount to exclude from such applicable amount the phase-in percentage (as defined in subparagraph (B)(i)) for the year of the Secretary’s estimate of the standardized costs for payments under section 1395ww(d)(5)(B) of this title in the area for the year. Any adjustment under the preceding sentence shall be made prior to the application of paragraph (2).

(B) Percentages defined

For purposes of this paragraph:

(i) Phase-in percentage

The term “phase-in percentage” means, for an area for a year, the ratio (expressed as a percentage, but in no case greater than 100 percent) of—

(I) the maximum cumulative adjustment percentage for the year (as defined in clause (ii)); to

(II) the standardized IME cost percentage (as defined in clause (iii)) for the area and year.

(ii) Maximum cumulative adjustment percentage

The term “maximum cumulative adjustment percentage” means, for—

(I) 2010, 0.60 percent; and

(II) a subsequent year, the maximum cumulative adjustment percentage for the previous year increased by 0.60 percentage points.

(iii) Standardized IME cost percentage

The term “standardized IME cost percentage” means, for an area for a year, the per capita costs for payments under section 1395ww(d)(5)(B) of this title (expressed as a percentage of the fee-for-service amount specified in subparagraph (C)) for the area and the year.

(C) Fee-for-service amount

The fee-for-service amount specified in this subparagraph for an area for a year is the amount specified under subsection (c)(1)(D) for the area and the year.

(5) Exclusion of costs for kidney acquisitions from capitation rates

After determining the applicable amount for an area for a year under paragraph (1) (beginning with 2021), the Secretary shall adjust such applicable amount to exclude from such applicable amount the Secretary’s estimate of the standardized costs for payments for organ acquisitions for kidney transplants covered under this subchapter (including expenses covered under section 1395rr(d) of this title) in the area for the year.

(f) Application of eligible professional incentives for certain MA organizations for adoption and meaningful use of certified EHR technology

(1) In general

Subject to paragraphs (3) and (4), in the case of a qualifying MA organization, the provisions of sections 1395w–4(o) and 1395w–4(a)(7) of this title shall apply with respect to eligible professionals described in paragraph (2) of the organization who the organization attests under paragraph (6) to be meaningful EHR users in a similar manner as they apply to eligible professionals under such sections. Incentive payments under paragraph (3) shall be made to and payment adjustments under paragraph (4) shall apply to such qualifying organizations.

(2) Eligible professional described

With respect to a qualifying MA organization, an eligible professional described in this paragraph is an eligible professional (as defined for purposes of section 1395w–4(o) of this title) who—

(A)(i) is employed by the organization; or

(ii)(I) is employed by, or is a partner of, an entity that through contract with the organization furnishes at least 80 percent of the entity’s Medicare patient care services to enrollees of such organization; and

(II) furnishes at least 80 percent of the professional services of the eligible professionals covered under this subchapter to enrollees of the organization; and

(B) furnishes, on average, at least 20 hours per week of patient care services.

(3) Eligible professional incentive payments

(A) In general

In applying section 1395w–4(o) of this title under paragraph (1), instead of the additional payment amount under section 1395w–4(o)(1)(A) of this title and subject to subparagraph (B), the Secretary may substitute an amount determined by the Secretary to the extent feasible and practical to be similar to the estimated amount in the aggregate that would be payable if payment for services furnished by such professionals was payable under part B instead of this part.

(B) Avoiding duplication of payments

(i) In general

In the case of an eligible professional described in paragraph (2)—

(I) that is eligible for the maximum incentive payment under section 1395w–4(o)(1)(A) of this title for the same payment period, the payment incentive shall be made only under such section and not under this subsection; and

(II) that is eligible for less than such maximum incentive payment for the same payment period, the payment incentive shall be made only under this subsection and not under section 1395w–4(o)(1)(A) of this title.

(ii) Methods

In the case of an eligible professional described in paragraph (2) who is eligible for an incentive payment under section 1395w–4(o)(1)(A) of this title but is not described in clause (i) for the same payment period, the Secretary shall develop a process—

(I) to ensure that duplicate payments are not made with respect to an eligible professional both under this subsection and under section 1395w–4(o)(1)(A) of this title; and
(II) to collect data from Medicare Advantage organizations to ensure against such duplicate payments.

(C) Fixed schedule for application of limitation on incentive payments for all eligible professionals

In applying section 1395w–4(o)(1)(B)(ii) of this title under subparagraph (A), in accordance with rules specified by the Secretary, a qualifying MA organization shall specify a year (not earlier than 2011) that shall be treated as the first payment year for all eligible professionals with respect to such organization.

(4) Payment adjustment

(A) In general

In applying section 1395w–4(a)(7) of this title under paragraph (1), instead of the payment adjustment being an applicable percent of the fee schedule amount for a year under such section, subject to subparagraph (D), the payment adjustment under paragraph (1) shall be equal to the percent specified in subparagraph (B) for such year of the payment amount otherwise provided under this section for such year.

(B) Specified percent

The percent specified under this subparagraph for a year is 100 percent minus a number of percentage points equal to the product of—

(i) the number of percentage points by which the applicable percent (under section 1395w–4(a)(7)(A)(ii) of this title) for the year is less than 100 percent; and

(ii) the Medicare physician expenditure proportion specified in subparagraph (C) for the year.

(C) Medicare physician expenditure proportion

The Medicare physician expenditure proportion under this subparagraph for a year is the Secretary’s estimate of the proportion of the expenditures under parts A and B that are not attributable to this part, that are attributable to expenditures for physicians’ services.

(D) Application of payment adjustment

In the case that a qualifying MA organization attests that not all eligible professionals of the organization are meaningful EHR users with respect to a year, the Secretary shall apply the payment adjustment under this paragraph based on the proportion of all such eligible professionals of the organization that are not meaningful EHR users for such year.

(5) Qualifying MA organization defined

In this subsection and subsection (m), the term “qualifying MA organization” means a Medicare Advantage organization that is organized as a health maintenance organization (as defined in section 300gg–91(b)(3) of this title).

(6) Meaningful EHR user attestation

For purposes of this subsection and subsection (m), a qualifying MA organization shall submit an attestation, in a form and manner specified by the Secretary which may include the submission of such attestation as part of submission of the initial bid under section 1395w–24(a)(1)(A)(iv) of this title, identifying—

(A) whether each eligible professional described in paragraph (2), with respect to such organization is a meaningful EHR user (as defined in section 1395w–4(o)(2) of this title) for a year specified by the Secretary; and

(B) whether each eligible hospital described in subsection (m)(1), with respect to such organization, is a meaningful EHR user (as defined in section 1395ww(n)(3) of this title) for an applicable period specified by the Secretary.

(7) Posting on website

The Secretary shall post on the Internet website of the Centers for Medicare & Medicaid Services, in an easily understandable format, a list of the names, business addresses, and business phone numbers of—

(A) each qualifying MA organization receiving an incentive payment under this subsection for eligible professionals of the organization; and

(B) the eligible professionals of such organization for which such incentive payment is based.

(8) Limitation on review

There shall be no administrative or judicial review under section 1395ff of this title, section 1395cc of this title, or otherwise, of—

(A) the methodology and standards for determining payment amounts and payment adjustments under this subsection, including avoiding duplication of payments under paragraph (3)(B) and the specification of rules for the fixed schedule for application of limitation on incentive payments for all eligible professionals under paragraph (3)(C);

(B) the methodology and standards for determining eligible professionals under paragraph (2); and

(C) the methodology and standards for determining a meaningful EHR user under section 1395w–4(o)(2) of this title, including specification of the means of demonstrating meaningful EHR use under section 1395w–4(o)(3)(C) of this title and selection of measures under section 1395w–4(o)(3)(B) of this title.

ganization attests under subsection (i)(6) to be meaningful EHR users in a similar manner as they apply to eligible hospitals under such sections. Incentive payments under paragraph (3) shall be made to and payment adjustments under paragraph (4) shall apply to such qualifying organizations.

(2) Eligible hospital described

With respect to a qualifying MA organization, an eligible hospital described in this paragraph is an eligible hospital (as defined in section 1395ww(n)(6)(B) of this title) that is under common corporate governance with such organization and serves individuals enrolled under an MA plan offered by such organization.

(3) Eligible hospital incentive payments

(A) In general

In applying section 1395ww(n)(2) of this title under paragraph (1), instead of the additional payment amount under section 1395ww(n)(2) of this title, there shall be substituted an amount determined by the Secretary to be similar to the estimated amount in the aggregate that would be payable if payment for services furnished by such hospitals was payable under part A instead of this part. In implementing the previous sentence, the Secretary—

(i) shall, insofar as data to determine the discharge related amount under section 1395ww(n)(2)(C) of this title for an eligible hospital are not available to the Secretary, use such alternative data and methodology to estimate such discharge related amount as the Secretary determines appropriate; and

(ii) shall, insofar as data to determine the medicare share described in section 1395ww(n)(2)(D) of this title for an eligible hospital are not available to the Secretary, use such alternative data and methodology to estimate such share, which data and methodology may include use of the inpatient-bed-days (or discharges) with respect to an eligible hospital during the appropriate period which are attributable to both individuals for whom payment may be made under part A or individuals enrolled in an MA plan under a Medicare Advantage organization under this part as a proportion of the estimated total number of patient-bed-days (or discharges) with respect to such hospital during such period.

(B) Avoiding duplication of payments

(i) In general

In the case of a hospital that for a payment year is an eligible hospital described in paragraph (2) and for which at least one-third of their discharges (or bed-days) of Medicare patients for the year are covered under part A, payment for the payment year shall be made only under section 1395ww(n) of this title and not under this subsection.

(ii) Methods

In the case of a hospital that is an eligible hospital described in paragraph (2) and also is eligible for an incentive payment under section 1395ww(n) of this title but is not described in clause (i) for the same payment period, the Secretary shall develop a process—

(I) to ensure that duplicate payments are not made with respect to an eligible hospital both under this subsection and under section 1395ww(n) of this title; and

(II) to collect data from Medicare Advantage organizations to ensure against such duplicate payments.

(4) Payment adjustment

(A) Subject to paragraph (3), in the case of a qualifying MA organization (as defined in subsection (i)(5)), if, according to the attestation of the organization submitted under subsection (i)(6) for an applicable period, one or more eligible hospitals (as defined in section 1395ww(n)(6)(B) of this title) that are under common corporate governance with such organization and that serve individuals enrolled under a plan offered by such organization are not meaningful EHR users (as defined in section 1395ww(n)(3) of this title) with respect to a period, the payment amount payable under this section for such organization for such period shall be the percent specified in subparagraph (B) for such period of the payment amount otherwise provided under this section for such period.

(B) Specified percent—The percent specified under this subparagraph for a year is 100 percent minus a number of percentage points equal to the product of—

(i) the number of the percentage point reduction effected under section 1395ww(b)(3)(B)(ix)(I) of this title for the period; and

(ii) the Medicare hospital expenditure proportion specified in subparagraph (C) for the year.

(C) Medicare hospital expenditure proportion—The Medicare hospital expenditure proportion under this subparagraph for a year is the Secretary’s estimate of the proportion, of the expenditures under parts A and B that are not attributable to this part, that are attributable to expenditures for inpatient hospital services.

(D) Application of payment adjustment—In the case that a qualifying MA organization attests that not all eligible hospitals are meaningful EHR users with respect to an applicable period, the Secretary shall apply the payment adjustment under this paragraph based on a methodology specified by the Secretary, taking into account the proportion of such eligible hospitals, or discharges from such hospitals, that are not meaningful EHR users for such period.

(5) Posting on website

The Secretary shall post on the Internet website of the Centers for Medicare & Medicaid Services, in an easily understandable format—

(A) a list of the names, business addresses, and business phone numbers of each qualifying MA organization receiving an incentive
payment under this subsection for eligible hospitals described in paragraph (2); and

(B) a list of the names of the eligible hospitals for which such incentive payment is based.

(6) Limitations on review

There shall be no administrative or judicial review under section 1395f of this title, section 1395oo of this title, or otherwise, of—

(A) the methodology and standards for determining payment amounts and payment adjustments under this subsection, including avoiding duplication of payments under paragraph (3)(B);

(B) the methodology and standards for determining eligible hospitals under paragraph (2); and

(C) the methodology and standards for determining a meaningful EHR user under section 1395ww(n)(3) of this title, including specification of the means of demonstrating meaningful EHR use under subparagraph (C) of such section and selection of measures under subparagraph (B) of such section.

(n) Determination of blended benchmark amount

(1) In general

For purposes of subsection (j), subject to paragraphs (3), (4), and (5), the term “blended benchmark amount” means for an area—

(A) for 2012 the sum of—

(i) ½ of the applicable amount for the area and year; and

(ii) ½ of the amount specified in paragraph (2)(A) for the area and year; and

(B) for a subsequent year the amount specified in paragraph (2)(A) for the area and year.

(2) Specified amount

(A) In general

The amount specified in this subparagraph for an area and year is the product of—

(i) the base payment amount specified in subparagraph (E) for the area and year adjusted to take into account the phase-out in the indirect costs of medical education from capitation rates described in subsection (k)(4) and, for 2021 and subsequent years, the exclusion of payments for organ acquisitions for kidney transplants from the capitation rate as described in subsection (k)(5); and

(ii) the applicable percentage for the area for the year specified under subparagraph (B).

(B) Applicable percentage

Subject to subparagraph (D), the applicable percentage specified in this subparagraph for an area for a year in the case of an area that is ranked—

(i) in the highest quartile under subparagraph (C) for the previous year is 95 percent;

(ii) in the second highest quartile under such subparagraph for the previous year is 100 percent;

(iii) in the third highest quartile under such subparagraph for the previous year is 107.5 percent; or

(iv) in the lowest quartile under such subparagraph for the previous year is 115 percent.

(C) Periodic ranking

For purposes of this paragraph in the case of an area located—

(i) in 1 of the 50 States or the District of Columbia, the Secretary shall rank such area in each year specified under subsection (c)(1)(D)(ii) based upon the level of the amount specified in subparagraph (A)(i) for such areas; or

(ii) in a territory, the Secretary shall rank such areas in each such year based upon the level of the amount specified in subparagraph (A)(i) for such area relative to quartile rankings computed under clause (i).

(D) 1-year transition for changes in applicable percentage

If, for a year after 2012, there is a change in the quartile in which an area is ranked compared to the previous year, the applicable percentage for the area in the year shall be the average of—

(I) the applicable percentage for the area for the previous year; and

(II) the applicable percentage that would otherwise apply for the area for the year.

(E) Base payment amount

Subject to subparagraphs (F) and (G), the base payment amount specified in this subparagraph—

(i) for 2012 is the amount specified in subsection (c)(1)(D) for the area for the year; or

(ii) for a subsequent year that—

(I) is not specified under subsection (c)(1)(D)(ii), is the base amount specified in this subparagraph for the area for the previous year, increased by the national per capita MA growth percentage, described in subsection (c)(6) for that succeeding year, but not taking into account any adjustment under subparagraph (C) of such subsection for a year before 2004; and

(II) is specified under subsection (c)(1)(D)(ii), is the amount specified in subsection (c)(1)(D) for the area for the year.

(F) Application of indirect medical education phase-out

The base payment amount specified in subparagraph (E) for a year shall be adjusted in the same manner under paragraph (4) of subsection (k) as the applicable amount is adjusted under such subsection.

(G) Application of kidney acquisitions adjustment

The base payment amount specified in subparagraph (E) for a year (beginning with 2021) shall be adjusted in the same manner under paragraph (5) of subsection (k) as the applicable amount is adjusted under such subsection.
§ 1395w–23

(3) Alternative phase-ins

(A) 4-year phase-in for certain areas

If the difference between the applicable amount (as defined in subsection (k)) for an area for 2010 and the projected 2010 benchmark amount (as defined in subparagraph (C)) for the area is at least $30 but less than $50, the blended benchmark amount for the area is—

(i) for 2012 the sum of—

(I) 1⁄4 of the applicable amount for the area and year; and

(II) 1⁄3 of the amount specified in paragraph (2)(A) for the area and year;

(ii) for 2013 the sum of—

(I) 1⁄2 of the applicable amount for the area and year; and

(II) 1⁄3 of the amount specified in paragraph (2)(A) for the area and year;

(iii) for 2014 the sum of—

(I) 3⁄4 of the applicable amount for the area and year; and

(II) 1⁄3 of the amount specified in paragraph (2)(A) for the area and year; and

(iv) for a subsequent year the amount specified in paragraph (2)(A) for the area and year.

(B) 6-year phase-in for certain areas

If the difference between the applicable amount (as defined in subsection (k)) for an area for 2010 and the projected 2010 benchmark amount (as defined in subparagraph (C)) for the area is at least $30 but less than $50, the blended benchmark amount for the area is—

(i) for 2012 the sum of—

(I) 1⁄4 of the applicable amount for the area and year; and

(II) 1⁄3 of the amount specified in paragraph (2)(A) for the area and year;

(ii) for 2013 the sum of—

(I) 1⁄2 of the applicable amount for the area and year; and

(II) 1⁄3 of the amount specified in paragraph (2)(A) for the area and year;

(iii) for 2014 the sum of—

(I) 3⁄4 of the applicable amount for the area and year; and

(iv) for a subsequent year the amount specified in paragraph (2)(A) for the area and year.

(C) Projected 2010 benchmark amount

The projected 2010 benchmark amount described in this subparagraph for an area is equal to the sum of—

(i) 1⁄2 of the applicable amount (as defined in subsection (k)) for the area for 2010; and

(ii) 1⁄2 of the amount specified in paragraph (2)(A) for the area for 2010 but determined as if there were substituted for the applicable percentage specified in clause (ii) of such paragraph the sum of—

(I) the applicable percent that would be specified under subparagraph (B) of paragraph (2) (determined without regard to subparagraph (D) of such paragraph) for the area for 2010 if any reference in such paragraph to “the previous year” were deemed a reference to 2010; and

(II) the applicable percentage increase that would apply to a qualifying plan in the area under subsection (o) as if any reference in such subsection to 2012 were deemed a reference to 2010 and as if the determination of a qualifying county under paragraph (3)(B) of such subsection were made for 2010.

(4) Cap on benchmark amount

In no case shall the blended benchmark amount for an area for a year (determined taking into account subsection (o)) be greater than the applicable amount that would (but for the application of this subsection) be determined under subsection (k)(1) for the area for the year.

(5) Non-application to PACE plans

This subsection shall not apply to payments to a PACE program under section 1395eee of this title.

(o) Applicable percentage quality increases

(1) In general

Subject to the succeeding paragraphs, in the case of a qualifying plan with respect to a year beginning with 2012, the applicable percentage under subsection (n)(2)(B) shall be increased on a plan or contract level, as determined by the Secretary—

(A) for 2012, by 1.5 percentage points; and

(B) for 2013, by 3.0 percentage points; and

(C) for 2014 or a subsequent year, by 5.0 percentage points.

(2) Increase for qualifying plans in qualifying counties

(A) Qualifying plan

(i) In general

The term “qualifying plan” means, for a year and subject to paragraph (4), a plan that had a quality rating under paragraph (4) of 4 stars or higher based on the most recent data available for such year.

(4) of 4 stars or higher based on the most recent data available for such year.
§ 1395w–23

II. Application of increases to low enrollment plans

(I) 2012

For 2012, the term “qualifying plan” includes an MA plan that the Secretary determines is not able to have a quality rating under paragraph (4) because of low enrollment.

(II) 2013 and subsequent years

For 2013 and subsequent years, for purposes of determining whether an MA plan with low enrollment (as defined by the Secretary) is included as a qualifying plan, the Secretary shall establish a method to apply to MA plans with low enrollment (as defined by the Secretary) the computation of quality rating and the rating system under paragraph (4).

(iii) Application of increases to new plans

(I) In general

A new MA plan that meets criteria specified by the Secretary shall be treated as a qualifying plan, except that in applying paragraph (1), the applicable percentage under subsection (n)(2)(B) shall be increased—

(aa) for 2012, by 1.5 percentage points;

(bb) for 2013, by 2.5 percentage points; and

(cc) for 2014 or a subsequent year, by 3.5 percentage points.

(II) New MA plan defined

The term “new MA plan” means, with respect to a year, a plan offered by an organization or sponsor that has not had a contract as a Medicare Advantage organization in the preceding 3-year period.

(b) Qualifying county

The term “qualifying county” means, for a year, a county—

(i) that has an MA capitation rate that, in 2004, was based on the amount specified in subsection (c)(1)(B) for a Metropolitan Statistical Area with a population of more than 250,000;

(ii) for which, as of December 2009, the Medicare Advantage eligible individuals residing in the county at least 25 percent of such individuals were enrolled in Medicare Advantage plans; and

(iii) that has per capita fee-for-service spending that is lower than the national monthly per capita cost for expenditures for individuals enrolled under the original medicare fee-for-service program for the year.

(4) Quality determinations for application of increase

(A) Quality determination

The quality rating for a plan shall be determined according to a 5-star rating system (based on the data collected under section 1395w–23(e) of this title).

(B) Plans that failed to report

An MA plan which does not report data that enables the Secretary to rate the plan for purposes of this paragraph shall be counted as having a rating of fewer than 3.5 stars.

(C) Special rule for first 3 plan years for plans that were converted from a reasonable-cost reimbursement contract

For purposes of applying paragraph (1) and section 1395w–24(b)(1)(C) of this title for the first 3 plan years under this part in the case of an MA plan to which deemed enrollment applies under section 1395w–21(c)(4) of this title—

(i) such plan shall not be treated as a new MA plan (as defined in paragraph (3)(A)(iii)(II)); and

(ii) in determining the star rating of the plan under subparagraph (A), to the extent that Medicare Advantage data for such plan is not available for a measure used to determine such star rating, the Secretary shall use data from the period in which such plan was a reasonable cost reimbursement contract.

(5) Exception for PACE plans

This subsection shall not apply to payments to a PACE program under section 1395eee of this title.

(2) QUALITY PERFORMANCE BONUSES.

(A) QUALITY BONUS. For years beginning with 2014, the Secretary shall, in addition to any other payment provided under this part, make monthly payments, with respect to coverage of an individual under this part, to the MA plan in an amount equal to the product of—

(1) 0.5 percent of the national monthly per capta cost for expenditures for individuals enrolled under the original medicare fee-for-service program for the year; and

(2) the total number of programs described in clauses (i) through (ix) of subparagraph (C) that the Secretary determines the plan is conducting for the year under such subparagraph.

(B) LIMITATION. In no case may the total amount of payment with respect to a year under subparagraph (A) be greater than 2 percent of the national monthly per capta cost for expenditures for individuals enrolled under the original medicare fee-for-service program for the year, as determined prior to the application of risk adjustment under paragraph (4).

(C) PROGRAMS DESCRIBED. The following programs are described in this paragraph:

(i) Care management programs that—

(I) target individuals with 1 or more chronic conditions;

(II) identify gaps in care; and

(III) facilitate improved care by using additional resources like nurses, nurse practitioners, and physician assistants.

(ii) Programs that focus on patient education and self-management of health conditions, including interventions that—

(I) help manage chronic conditions;

(II) reduce declines in health status; and

(III) transitional care interventions that focus on care provided around a hospital inpatient episode, including programs that target post-discharge patient care in order to reduce unnecessary health complications and readmissions.

(iii) Patient safety programs, including provisions for hospital-based patient safety programs in contracts that the Medicare Advantage organization offering the MA plan has with hospitals.

(iv) Financial policies that promote systematic coordination of care by primary care physicians across the full spectrum of specialties and sites of care, such as medical homes, capitation arrangements, or pay-for-performance programs.

(v) Programs that address, identify, and ameliorate health care disparities among principal at-risk subpopulations.

(vi) Medication therapy management programs that are more extensive than is required under section 1395w–104(c) of this title (as determined by the Secretary).

(vii) Health information technology programs, including clinical decision support and other tools to facilitate data collection and ensure patient-centered, appropriate care.

(ix) Such other care management and coordination programs as the Secretary determines appropriate.

(2) Conduct of Program in Urban and Rural Areas. An MA plan may conduct a program described in subparagraph (C) in a manner appropriate for an urban or rural area, as applicable.

(E) Reporting of Data. Each Medicare Advantage organization shall provide to the Secretary the information needed to determine whether they are eligible for a care coordination and management performance bonus at a time and in a manner specified by the Secretary.

(F) Periodic Auditing. The Secretary shall provide for the annual auditing of programs described in subparagraph (C) for which an MA plan receives a care coordination and management performance bonus under this paragraph. The Comptroller General shall monitor auditing activities conducted under this subparagraph.

(E) Improving Quality. An MA plan that first submits a bid for an urban or rural area, as applicable.

(i) in the case of a plan that achieves at least a 3 star rating (or comparable rating) on a system described in paragraph (C) in an amount equal to—

(I) in the case of a plan that achieves a 3 star rating (or comparable rating) on such system, 4 percent of such national monthly per capta cost for the year; and

(II) in the case of a plan that achieves a 4 or 5 star rating (or comparable rating) on such system, 4 percent of such national monthly per capta cost for the year.

(B) Improved Quality Bonus. For years beginning with 2014, in the case of an MA plan that does not receive a quality bonus under subparagraph (A) and is an improved quality MA plan with respect to the year (as identified by the Secretary), the Secretary shall, in addition to any other payment provided under this part, make monthly payments, with respect to coverage of an individual under this part, to the MA plan in an amount equal to 1 percent of such national monthly per capta cost for the year.

(C) USE OF RATING SYSTEM. For purposes of subparagraph (A), a rating system described in this paragraph is—

(i) a rating system that uses up to 5 stars to rate clinical quality and enrollment satisfaction and performance at the Medicare Advantage contract or MA plan level; or

(ii) such other system established by the Secretary that provides for the determination of a comparable quality performance rating to the rating system described in clause (i).

(D) DATA USED IN DETERMINING SCORE. For purposes of subparagraph (A), the rating of an MA plan under the rating system described in subparagraph (C) with respect to a year shall be based on the most recent data available.

(E) PLANS THAT FAIL TO REPORT DATA. An MA plan which does not report data that enables the Secretary to rate the plan for purposes of subparagraph (A) or identify the plan for purposes of subparagraph (B) shall be counted, for purposes of such rating or identification, as having the lowest plan performance rating and the lowest percentage improvement, respectively.

(F) QUALITY BONUS FOR NEW AND LOW ENROLLMENT MA PLANS.

(A) New MA Plans. For years beginning with 2014, in the case of an MA plan that first submits a bid under section 1395w–24(a)(1)(A) of this title for 2012 or a subsequent year, only receives enrollments made during the coverage election period described in sec-
tion 1395w–21(e) of this title, and is not able to receive a bonus under subparagraph (A) or (B) of paragraph (2) for the year, the Secretary shall, in addition to any other payment provided under this part, make monthly payments, with respect to coverage of an individual under this part, to the MA plan in an amount equal to 2 percent of national monthly per capita cost for expenditures for individuals enrolled under the original medicare fee-for-service program for the year. In its fourth year of operation, the MA plan shall be paid in the same manner as other MA plans with comparable enrollment.

"(B) LOW ENROLLMENT PLANS.—For years beginning with 2014, in the case of an MA plan that has low enrollment (as defined by the Secretary) and would not otherwise be able to receive a bonus under subparagraph (A) or (B) of paragraph (2) or subparagraph (A) of this paragraph for the year (referred to in this subparagraph as a 'low enrollment plan'), the Secretary shall use a regional or local mean of the rating of all MA plans in the region or local area, as determined appropriate by the Secretary, on measures used to determine whether MA plans are eligible for a quality or an improved quality bonus, as applicable, to determine whether the low enrollment plan is eligible for a bonus under such a subparagraph.

"(4) RISK ADJUSTMENT.—The Secretary shall risk adjust a performance bonus under this subsection in the same manner as the Secretary risk adjusts beneficiary rebates described in section 1395w–24(b)(1)(C) of this title.

"(5) NOTIFICATION.—The Secretary, in the annual announcement required under subsection (b)(1)(B) for 2014 and each succeeding year, shall notify the Medicare Advantage organization of any performance bonus (including a care coordination and management performance bonus under paragraph (1), a quality performance bonus under paragraph (2), and a quality bonus for new and low enrollment plans under paragraph (3)) that the organization will receive under this subsection with respect to the year. The Secretary shall provide for the publication of the information described in the previous sentence on the Internet website of the Centers for Medicare & Medicaid Services."
“(1) IN GENERAL.—For years beginning with 2012, the Secretary shall provide transitional rebates under section 1395w–24(b)(1)(C) of this title for the provision of extra benefits (as specified by the Secretary) to enrollees described in paragraph (2).

“(2) ENROLLEES DESCRIBED.—An enrollee described in this paragraph is an individual who—

“(A) enroll in an MA local plan in an applicable area; and

“(B) experiences a significant reduction in extra benefits described in clause (ii) of section 1395w–24(b)(1)(C) of this title as a result of competitive bidding under this part (as determined by the Secretary).

“(3) APPLICABLE AREAS.—In this section, the term ‘applicable area’ means the following:

“(A) The 2 largest metropolitan statistical areas, if the Secretary determines that the total amount of such extra benefits for each enrollee for the month in those areas is greater than $100.

“(B) A county where—

“(i) the MA area-specific non-drug monthly benchmark amount for a month in 2011 is equal to the legacy urban floor amount (as described in subsection (c)(1)(B)(iii)), as determined by the Secretary for the area for 2011;

“(ii) the percentage of Medicare Advantage eligible beneficiaries in the county who are enrolled in an MA plan for 2009 is greater than 30 percent (as determined by the Secretary); and

“(iii) average bids submitted by an MA organization under section 1395w–24(a)(8)(A) of this title for MA local plans in the county for 2011 are not greater than the adjusted average per capita cost for the year involved, determined under section 1395w–4(c)(4)(A) of this title, for the county for individuals who are not enrolled in an MA plan under this part for the year, but adjusted to exclude costs attributable to payments under section 1395w–4(a)(5), benchmark, and 1395w(h) of this title.

“(C) If the Secretary determines appropriate, a county contiguous to an area or county described in subparagraph (A) or (B), respectively.

“(4) REVIEW OF PLAN BIDS.—In the case of a bid submitted by an MA organization under section 1395w–24(a)(8)(A) of this title for an MA local plan in an applicable area, the Secretary shall review such bid in order to ensure that extra benefits (as specified by the Secretary) are provided to enrollees described in paragraph (2).

“(5) FUNDING.—The Secretary shall provide for the transition from the Federal Hospital Insurance Trust Fund under section 1395i of this title and the Federal Supplementary Medical Insurance Trust Fund under section 1395i of this title, in such proportion as the Secretary determines appropriate, of an amount not to exceed $5,000,000,000 for the period of fiscal years 2012 through 2019 for the purpose of providing transitional rebates under section 1395w–24(b)(1)(C) of this title for the provision of extra benefits under this subsection.

MedPAC Study and Report

"(1) STUDY.—The Medicare Payment Advisory Commission shall conduct a study that evaluates the methodology used by the Secretary of Health and Human Services in developing the risk factors used in adjusting the Medicare+Choice capitation rate paid to Medicare+Choice organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w–23) and includes the issues described in paragraph (2).

"(2) ISSUES TO BE STUDIED.—The issues described in this paragraph are the following:

"(A) The ability of the average risk adjustment factor to applied to a Medicare+Choice plan to explain variations in plans’ average per capita medicare costs, as reported by Medicare+Choice plans in the plans’ adjusted community rate filings.

"(B) The year-to-year stability of the risk factors applied to each Medicare+Choice plan and the potential for substantial changes in payment for small Medicare+Choice plans.

"(C) For medicare beneficiaries newly enrolled in Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from medicare fee-for-service data for those individuals from the period prior to their enrollment in Medicare+Choice plans and the average risk factor calculated for such individuals during their initial year of enrollment in a Medicare+Choice plan.

"(D) For medicare beneficiaries disenrolling from one Medicare+Choice plan and enrolling among Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from data pertaining to the period prior to their disenrollment from a Medicare+Choice plan and the average risk factor calculated from data pertaining to the period after disenrollment.

"(E) An evaluation of the exclusion of ‘discretionary’ hospitalizations from consideration in the risk adjustment methodology.

"(F) Suggestions for changes or improvements in the risk adjustment methodology.

"(3) REPORT.—Not later than December 1, 2000, the Commission shall submit a report to Congress on the study conducted under paragraph (1), together with any recommendations for legislation that the Commission determines to be appropriate as a result of such study.

STUDY AND REPORT REGARDING REPORTING OF ENCOUNTER DATA
Pub. L. 106–113, div. B, §1000(a)(6) [title V, §511(c)], Nov. 29, 1999, 113 Stat. 1536, 1501A–381, provided that:

"(1) STUDY.—The Secretary of Health and Human Services shall conduct a study on how to reduce the costs and burdens on Medicare+Choice organizations of their complying with reporting requirements for encounter data imposed by the Secretary in establishing and implementing a risk adjustment methodology used in making payments to such organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w–23). The Secretary shall consult with representatives of Medicare+Choice organizations in conducting the study. The study shall address the following issues:

"(A) Limiting the number and types of sites of services (that are in addition to outpatient sites) for which encounter data must be reported.

"(B) Establishing alternative risk adjustment methods that would require submission of less data.

"(C) The potential for Medicare+Choice organizations to misreport, overreport, or underreport prevalence of diagnoses in outpatient sites of care, the potential for increases in payments to Medicare+Choice organizations under the Medicare+Choice plan coding practices (commonly known as ‘coding creep’) and proposed methods for detecting and adjusting for such variations in diagnosis coding as part of the risk adjustment methodology using encounter data from multiple sites of care.

"(D) The impact of such requirements on the willingness of insurers to offer Medicare+Choice MSA plans and options for modifying encounter data reporting requirements to accommodate such plans.

"(E) Differences in the ability of Medicare+Choice organizations to report encounter data, and the potential for adverse competitive impacts on group and staff model health maintenance organizations or other integrated providers of care based on data reporting capabilities.

"(2) REPORT.—Not later than January 1, 2001, the Secretary shall submit a report to Congress on the study conducted under this subsection, together with any recommendations for legislation that the Secretary determines to be appropriate as a result of such study.

SPECIAL RULE FOR 2001

"(1) STUDY.—The Medicare Payment Advisory Commission shall conduct a study on the development of a payment methodology under the Medicare+Choice program for frail elderly Medicare+Choice beneficiaries enrolled in a Medicare+Choice plan under a specialized program for the frail elderly that:

"(A) accounts for the prevalence, mix, and severity of chronic conditions among such frail elderly Medicare+Choice beneficiaries;

"(B) includes medical diagnostic factors from all provider settings (including hospital and nursing facility settings); and

"(C) includes functional indicators of health status and such other factors as may be necessary to achieve appropriate payments for plans serving such beneficiaries.

"(2) REPORT.—Not later than 1 year after the date of the enactment of this Act [Nov. 29, 1999], the Commission shall submit a report to Congress on the study conducted under paragraph (1), together with any recommendations for legislation that the Commission determines to be appropriate as a result of such study.

"(a) ESTABLISHMENT OF PROJECT.—"(1) IN GENERAL.—Subject to the succeeding provisions of this subsection, the Secretary of Health and Human Services (in this subchapter A
shall not implement the project until January 1, 2002, or, if later, 6 months after the date the Competitive Pricing Advisory Committee establishes an area for the project in an area designated under subsection (g), and insofar as the Committee decides that the addition of such a site is not viable, recommendations on how the project might best be changed so that such a site is viable.

(C) Benefit structure.—The nature and extent of the benefit structure that should be required of plans participating in the project, the rationale for such benefit structure, the potential implications that any benefit standardization requirement may have on the number of plan choices available to a beneficiary in an area designated under the project, the potential implications of requiring participating plans to offer variations on any standardized benefit package that the Committee might recommend, such that a beneficiary could elect to pay a higher percentage of out-of-pocket costs in exchange for a lower premium (or premium rebate as the case may be) and the potential implications of expanding the project (in conjunction with the potential inclusion of the original medicare fee-for-service program) to require Medicare supplemental insurance plans operating in an area designated under the project to offer a coordinated and comparable standardized benefit package.

(D) Project deadlines.—Any dates specified in the succeeding provisions of this section shall be delayed (as specified by the Secretary) in a manner consistent with the delay effected under paragraph (2).

(2) Delay in Implementation.—The Secretary shall not implement the project until January 1, 2002, or, if later, 6 months after the date the Competitive Pricing Advisory Committee may recommend to Congress a report on each of the following topics:

(B) Quality activities.—The nature and extent of the quality reporting and monitoring activities that should be required of plans participating in the project, the estimated costs that plans will incur as a result of these requirements, and the current ability of the Health Care Financing Administration to collect and report comparable data, sufficient to support comparable quality reporting and monitoring activities with respect to beneficiaries enrolled in the original medicare fee-for-service program generally.

(C) Rural project.—The current viability of initiating a project site in a rural area, given the site specific budget neutrality requirements of the project under subsection (g), and insofar as the Committee decides that the addition of such a site is not viable, recommendations on how the project might best be changed so that such a site is viable.

(D) Benefit structure.—The nature and extent of the benefit structure that should be required of plans participating in the project, the rationale for such benefit structure, the potential implications that any benefit standardization requirement may have on the number of plan choices available to a beneficiary in an area designated under the project, the potential implications of requiring participating plans to offer variations on any standardized benefit package that the Committee might recommend, such that a beneficiary could elect to pay a higher percentage of out-of-pocket costs in exchange for a lower premium (or premium rebate as the case may be) and the potential implications of expanding the project (in conjunction with the potential inclusion of the original medicare fee-for-service program) to require Medicare supplemental insurance plans operating in an area designated under the project to offer a coordinated and comparable standardized benefit package.

(E) Project deadlines.—Any dates specified in the succeeding provisions of this section shall be delayed (as specified by the Secretary) in a manner consistent with the delay effected under paragraph (2).

(A) in accordance with the recommendations of the Competitive Pricing Advisory Committee—

(i) establish the benefit design among plans offered in such area,

(ii) structure the method for selecting plans offered in such area; and

(iii) establish beneficiary premiums for plans offered in such area in a manner such that a beneficiary who enrolls in an offered plan the per capita bid for which is less than the standard per capita government contribution (as established by the competitive pricing methodology established for such area) may, at the plan’s election, be offered a rebate of some or all of the medicare part B premium that such individual must otherwise pay in order to participate in a medicare+choice plan under the medicare+choice program; and

(1) Monitoring impact.—Taking into consideration the recommendations of the Competitive Pricing Advisory Committee and the area advisory committees, the Secretary shall closely monitor and measure the impact of the project in the different areas on the price and quality of, and access to, medicare covered services, choice of health plans, changes in enrollment, and other relevant factors.

(2) Report.—Not later than December 31, 2002, the Secretary shall submit to Congress a report on the progress under the project under this subchapter, including a comparison of the matters monitored under paragraph (1) among the different designated areas. The report may include any legislative recommendations for extending the project to the entire medicare population.

(ii) the risk-adjusted bid computed under subparagraph (B)(ii).

(c) Uniform premium and bid amounts
Except as permitted under section 1395w–27(i) of this title, the MA monthly bid amount submitted under subsection (a)(6), the amounts of the MA monthly basic, prescription drug, and supplemental beneficiary premiums, and the MA monthly MSA premium charged under subsection (b) of an MA organization under this part may not vary among individuals enrolled in the plan.

(d) Terms and conditions of imposing premiums

(1) In general
Each Medicare+Choice organization shall permit the payment of Medicare+Choice monthly basic, prescription drug, and supplemental beneficiary premiums on a monthly basis, may terminate election of individuals for a Medicare+Choice plan for failure to make premium payments only in accordance with section 1395w–21(g)(3)(B)(i) of this title, and may not provide for cash or other monetary rebates as an inducement for enrollment or otherwise.
§ 1395w–24  TITLE 42—THE PUBLIC HEALTH AND WELFARE  Page 2906

(2) Beneficiary’s option of payment through withholding from social security payment or use of electronic funds transfer mechanism

In accordance with regulations, an MA organization shall permit each enrollee, at the enrollee’s option, to make payment of premiums (if any) under this part to the organization through—

(A) withholding from benefit payments in the manner provided under section 1395s of this title with respect to monthly premiums under section 1395r of this title;

(B) an electronic funds transfer mechanism (such as automatic charges of an account at a financial institution or a credit or debit card account); or

(C) such other means as the Secretary may specify, including payment by an employer or under employment-based retiree health coverage (as defined in section 1395w–132(c)(1) of this title) on behalf of an employee or former employee (or dependent).

All premium payments that are withheld under subparagraph (A) shall be credited to the appropriate Trust Fund (or Account thereof), as specified by the Secretary, under this subchapter and shall be paid to the MA organization involved. No charge may be imposed under an MA plan with respect to the election of the payment option described in subparagraph (A). The Secretary shall consult with the Commissioner of Social Security and the Secretary of the Treasury regarding methods for allocating premiums withheld under subparagraph (A) among the appropriate Trust Funds and Account.

(3) Information necessary for collection

In order to carry out paragraph (2)(A) with respect to an enrollee who has elected such paragraph to apply, the Secretary shall transmit to the Commissioner of Social Security—

(A) by the beginning of each year, the name, social security account number, consolidated monthly beneficiary premium described in paragraph (4) owed by such enrollee for each month during the year, and other information determined appropriate by the Secretary, in consultation with the Commissioner of Social Security; and

(B) periodically throughout the year, information to update the information previously transmitted under this paragraph for the year.

(4) Consolidated monthly beneficiary premium

In the case of an enrollee in an MA plan, the Secretary shall provide a mechanism for the consolidation of—

(A) the MA monthly basic beneficiary premium (multiplied by 12) and the actuarial value of the deductibles, coinsurance, and copayments applicable on average to individuals enrolled under this part with a Medicare+Choice plan described in section 1395w–21(a)(2)(A) of this title of an organization with respect to required benefits described in section 1395w–22(a)(1)(A) of this title and additional benefits (if any) required under subsection (f)(1)(A) for a year, exceed

(B) the actuarial value of the deductibles, coinsurance, and copayments that would be applicable on average to individuals entitled to benefits under part A and enrolled under part B if they were not members of a Medicare+Choice organization for the year.

(2) For supplemental benefits before 2006

For periods before 2006, if the Medicare+Choice organization provides to its members enrolled under this part in a Medicare+Choice plan described in section 1395w–21(a)(2)(A) of this title with respect to supplemental benefits described in section 1395w–22(a)(3) of this title, the sum of the Medicare+Choice monthly supplemental beneficiary premium (multiplied by 12) charged and the actuarial value of its deductibles, coinsurance, and copayments charged with respect to such benefits may not exceed the adjusted community rate for such benefits (as defined in subsection (f)(3)).

(3) Determination on other basis

If the Secretary determines that adequate data are not available to determine the actuarial value under paragraph (1)(A), (2), or (4), the Secretary may determine such amount with respect to all individuals in same geographic area, the State, or in the United States, eligible to enroll in the Medicare+Choice plan involved under this part or on the basis of other appropriate data.

(4) Special rule for private fee-for-service plans and for basic benefits beginning in 2006

With respect to a Medicare+Choice private fee-for-service plan (other than a plan that is an MSA plan) and for periods beginning with 2006, with respect to an MA plan described in section 1395w–21(a)(2)(A) of this title, in no event may—

(A) the actuarial value of the deductibles, coinsurance, and copayments applicable on average to individuals enrolled under this part with such a plan of an organization with respect to benefits under the original medicare fee-for-service program option, exceed

(B) the actuarial value of the deductibles, coinsurance, and copayments that would be applicable with respect to such benefits on average to individuals entitled to benefits under part A and enrolled under part B if they were not members of a Medicare+Choice organization for the year.

(1) For basic and additional benefits before 2006

For periods before 2006, in no event may—
(f) Requirement for additional benefits before 2006

(1) Requirement

(A) In general

For years before 2006, each Medicare+Choice organization (in relation to a Medicare+Choice plan, other than an MSA plan, it offers) shall provide that if there is an excess amount (as defined in subparagraph (B)) for the plan for a contract year, subject to the succeeding provisions of this subsection, the organization shall provide to individuals such additional benefits (as the organization may specify) in a value which the Secretary determines is at least equal to the adjusted excess amount (as defined in subparagraph (C)).

(B) Excess amount

For purposes of this paragraph, the “excess amount”, for an organization for a plan, is the amount (if any) by which—

(i) the average of the capitation payments made to the organization under section 1395w–23 of this title for the plan at the beginning of contract year, exceeds

(ii) the actuarial value of the required benefits described in section 1395w–22(a)(1)(A) of this title under the plan for individuals under this part, as determined based upon an adjusted community rate described in paragraph (3) (as reduced for the actuarial value of the coinsurance, copayments, and deductibles under parts A and B).

(C) Adjusted excess amount

For purposes of this paragraph, the “adjusted excess amount”, for an organization for a plan, is the excess amount reduced to reflect any amount withheld and reserved for the organization for the year under paragraph (2).

(D) Uniform application

This paragraph shall be applied uniformly for all enrollees for a plan.

(E) Premium reductions

(i) In general

Subject to clause (ii), as part of providing any additional benefits required under subparagraph (A), a Medicare+Choice organization may elect a reduction in its payments under section 1395w–23(a)(1)(A) of this title with respect to a Medicare+Choice plan and the Secretary shall apply such reduction to reduce the premium under section 1395r of this title of each enrollee in such plan as provided in section 1395s(i) of this title.

(ii) Amount of reduction

The amount of the reduction under clause (i) with respect to any enrollee in a Medicare+Choice plan—

(I) may not exceed 125 percent of the premium described under section 1395r(a)(3) of this title; and

(II) shall apply uniformly to each enrollee of the Medicare+Choice plan to which such reduction applies.

(F) Construction

Nothing in this subsection shall be construed as preventing a Medicare+Choice organization from providing supplemental benefits (described in section 1395w–22(a)(3) of this title) that are in addition to the health care benefits otherwise required to be provided under this paragraph and from imposing a premium for such supplemental benefits.

(2) Stabilization fund

A Medicare+Choice organization may provide that a part of the value of an excess amount described in paragraph (1) be withheld and reserved in the Federal Hospital Insurance Trust Fund and in the Federal Supplementary Medical Insurance Trust Fund (in such proportions as the Secretary determines to be appropriate) by the Secretary for subsequent annual contract periods, to the extent required to stabilize and prevent undue fluctuations in the additional benefits offered in those subsequent periods by the organization in accordance with such paragraph. Any of such value of the amount reserved which is not provided as additional benefits described in paragraph (1)(A) to individuals electing the Medicare+Choice plan of the organization in accordance with such paragraph prior to the end of such periods, shall revert for the use of such trust funds.

(3) Adjusted community rate

For purposes of this subsection, subject to paragraph (4), the term “adjusted community rate” for a service or services means, at the election of a Medicare+Choice organization, either—

(A) the rate of payment for that service or services which the Secretary determines would apply to an individual electing a Medicare+Choice plan under this part if the rate of payment were determined under a “community rating system” (as defined in section 300e–1(8) of this title, other than subparagraph (C)), or

(B) such portion of the weighted aggregate premium, which the Secretary annually estimates would apply to such an individual, as the Secretary annually estimates is attributable to that service or services, but adjusted for differences between the utilization characteristics of the individuals electing coverage under this part and the utilization characteristics of the other enrollees with the plan for, or, if the Secretary finds that adequate data are not available to adjust for those differences, the differences between the utilization characteristics of individuals selecting other Medicare+Choice coverage, or Medicare+Choice eligible individuals in the area, in the State, or in the United States, eligible to elect Medicare+Choice coverage under this part and the utilization characteristics of the rest of the population in the area, in the State, or in the United States, respectively).

(4) Determination based on insufficient data

For purposes of this subsection, if the Secretary finds that there is insufficient enroll-
ment experience to determine an average of the capitation payments to be made under this part at the beginning of a contract period or to determine (in the case of a newly operated provider-sponsored organization or other new organization) the adjusted community rate for the organization, the Secretary may determine such an average based on the enrollment experience of other contracts entered into under this part and may determine such a rate using data in the general commercial marketplace.

(g) Prohibition of State imposition of premium taxes

No State may impose a premium tax or similar tax with respect to payments to Medicare+Choice organizations under section 1395w–23 of this title or premiums paid to such organizations under this part.

(h) Permitting use of segments of service areas

The Secretary shall permit a Medicare+Choice organization to elect to apply the provisions of this section uniformly to separate segments of a service area (rather than uniformly to an entire service area) as long as such segments are composed of one or more Medicare+Choice payment areas.

EFFECTIVE DATE OF 1999 AMENDMENT

§1395w–25. Organizational and financial requirements for Medicare+Choice organizations; provider-sponsored organizations

(a) Organized and licensed under State law

(1) In general

Subject to paragraphs (2) and (3), a Medicare+Choice organization shall be organized and licensed under State law as a risk-bearing entity eligible to offer health insurance or health benefits coverage in each State in which it offers a Medicare+Choice plan.

(2) Special exception for provider-sponsored organizations

(A) In general

In the case of a provider-sponsored organization that seeks to offer a Medicare+Choice plan in a State, the Secretary shall waive the requirement of paragraph (1) that the organization be licensed in that State if—

(i) the organization files an application for such waiver with the Secretary by not later than November 1, 2002, and

(ii) the Secretary determines, based on the application and other evidence presented to the Secretary, that any of the grounds for approval of the application described in subparagraph (B), (C), or (D) has been met.

(B) Failure to act on licensure application on a timely basis

The ground for approval of such a waiver application described in this subparagraph is that the State has failed to complete action on a licensing application of the organization within 90 days of the date of the State’s receipt of a substantially complete application. No period before August 5, 1997, shall be included in determining such 90-day period.

(C) Denial of application based on discriminatory treatment

The ground for approval of such a waiver application described in this subparagraph is that the State has denied such a licensing application and—

(i) the standards or review process imposed by the State as a condition of approval of the license imposes any material requirements, procedures, or standards (other than solvency requirements) to such organizations that are not generally applicable to other entities engaged in a substantially similar business, or

(ii) the State requires the organization, as a condition of licensure, to offer any product or plan other than a Medicare+Choice plan.
(D) Denial of application based on application of solvency requirements

With respect to waiver applications filed on or after the date of publication of solvency standards under section 1395w–26(a) of this title, the ground for approval of such a waiver application described in this subparagraph is that the State has denied such a licensing application based (in whole or in part) on the organization’s failure to meet applicable solvency requirements and—

(i) such requirements are not the same as the solvency standards established under section 1395w–26(a) of this title; or

(ii) the State has imposed as a condition of approval of the license documentation or information requirements relating to solvency or other material requirements, procedures, or standards relating to solvency that are different from the requirements, procedures, and standards applied by the Secretary under subsection (d)(2).

For purposes of this paragraph, the term “solvency requirements” means requirements relating to solvency and other matters covered under the standards established under section 1395w–26(a) of this title.

(E) Treatment of waiver

In the case of a waiver granted under this paragraph for a provider-sponsored organization with respect to a State—

(i) Limitation to State

The waiver shall be effective only with respect to that State and does not apply to any other State.

(ii) Limitation to 36-month period

The waiver shall be effective only for a 36-month period and may not be renewed.

(iii) Conditioned on compliance with consumer protection and quality standards

The continuation of the waiver is conditioned upon the organization’s compliance with the requirements described in subparagraph (G).

(iv) Preemption of State law

Any provisions of law of that State which relate to the licensing of the organization and which prohibit the organization from providing coverage pursuant to a contract under this part shall be superseded.

(F) Prompt action on application

The Secretary shall grant or deny such a waiver application within 60 days after the date the Secretary determines that a substantially complete waiver application has been filed. Nothing in this section shall be construed as preventing an organization which has had such a waiver application denied from submitting a subsequent waiver application.

(G) Application and enforcement of State consumer protection and quality standards

(i) In general

A waiver granted under this paragraph to an organization with respect to licens-

ing under State law is conditioned upon the organization’s compliance with all consumer protection and quality standards insofar as such standards—

(I) would apply in the State to the organization if it were licensed under State law;

(II) are generally applicable to other Medicare+Choice organizations and plans in the State; and

(III) are consistent with the standards established under this part.

Such standards shall not include any standard preempted under section 1395w–26(b)(3)(B) of this title.

(ii) Incorporation into contract

In the case of such a waiver granted to an organization with respect to a State, the Secretary shall incorporate the requirement that the organization (and Medicare+Choice plans it offers) comply with standards under clause (i) as part of the contract between the Secretary and the organization under section 1395w–27 of this title.

(iii) Enforcement

In the case of such a waiver granted to an organization with respect to a State, the Secretary may enter into an agreement with the State under which the State agrees to provide for monitoring and enforcement activities with respect to compliance of such an organization and its Medicare+Choice plans with such standards. Such monitoring and enforcement shall be conducted by the State in the same manner as the State enforces such standards with respect to other Medicare+Choice organizations and plans, without discrimination based on the type of organization to which the standards apply. Such an agreement shall specify or establish mechanisms by which compliance activities are undertaken, while not lengthening the time required to review and process applications for waivers under this paragraph.

(H) Report

By not later than December 31, 2001, the Secretary shall submit to the Committee on Ways and Means and the Committee on Commerce of the House of Representatives and the Committee on Finance of the Senate a report regarding whether the waiver process under this paragraph should be continued after December 31, 2002. In making such recommendation, the Secretary shall consider, among other factors, the impact of such process on beneficiaries and on the long-term solvency of the program under this subchapter.

(3) Licensure does not substitute for or constitute certification

The fact that an organization is licensed in accordance with paragraph (1) does not deem the organization to meet other requirements imposed under this part.
(b) Assumption of full financial risk

The Medicare+Choice organization shall assume full financial risk on a prospective basis for the provision of the health care services for which benefits are required to be provided under section 1395w–22(a)(1) of this title, except that the organization—
(1) may obtain insurance or make other arrangements for the cost of providing to any enrolled member such services the aggregate value of which exceeds such aggregate level as the Secretary specifies from time to time,
(2) may obtain insurance or make other arrangements for the cost of such services provided to its enrolled members other than through the organization because medical necessity required their provision before they could be secured through the organization,
(3) may obtain insurance or make other arrangements for not more than 90 percent of the amount by which its costs for any of its fiscal years exceed 115 percent of its income for such fiscal year, and
(4) may make arrangements with physicians or other health care professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians or other health professionals or through the institutions.

(c) Certification of provision against risk of insolvency for unlicensed PSOs

(1) In general

Each Medicare+Choice organization that is a provider-sponsored organization, that is not licensed by a State under subsection (a), and for which a waiver application has been approved under subsection (a)(2), shall meet standards established under section 1395w–26(a) of this title relating to the financial solvency and capital adequacy of the organization.

(2) Certification process for solvency standards for PSOs

The Secretary shall establish a process for the receipt and approval of applications of a provider-sponsored organization described in paragraph (1) for certification (and periodic recertification) of the organization as meeting such solvency and capital adequacy standards. Under such process, the Secretary shall act upon such a certification application not later than 60 days after the date the application has been received.

(d) ‘‘Provider-sponsored organization’’ defined

(1) In general

In this part, the term ‘‘provider-sponsored organization’’ means a public or private entity—
(A) that is established or organized, and operated, by a health care provider, or group of affiliated health care providers,
(B) that provides a substantial proportion (as defined by the Secretary in accordance with paragraph (2)) of the health care items and services under the contract through providers that are neither affiliated with nor have an agreement to provide such items and services,
(C) with respect to which the affiliated providers share, directly or indirectly, substantial financial risk with respect to the provision of such items and services and have at least a majority financial interest in the entity.

(2) Substantial proportion

In defining what is a ‘‘substantial proportion’’ for purposes of paragraph (1)(B), the Secretary—
(A) shall take into account the need for such an organization to assume responsibility for providing—
(i) significantly more than the majority of the items and services under the contract under this section through its own affiliated providers; and
(ii) most of the remainder of the items and services under the contract through providers with which the organization has an agreement to provide such items and services,

in order to assure financial stability and to address the practical considerations involved in integrating the delivery of a wide range of service providers;
(B) shall take into account the need for such an organization to provide a limited proportion of the items and services under the contract through providers that are neither affiliated with nor have an agreement with the organization; and
(C) may allow for variation in the definition of substantial proportion among such organizations based on relevant differences among the organizations, such as their location in an urban or rural area.

(3) Affiliation

For purposes of this subsection, a provider is ‘‘affiliated’’ with another provider if, through contract, ownership, or otherwise—
(A) one provider, directly or indirectly, controls, is controlled by, or is under common control with the other,
(B) both providers are part of a controlled group of corporations under section 1563 of the Internal Revenue Code of 1986,
(C) each provider is a participant in a lawful combination under which each provider shares substantial financial risk in connection with the organization’s operations, or
(D) both providers are part of an affiliated service group under section 414 of such Code.

(4) Control

For purposes of paragraph (3), control is presumed to exist if one party, directly or indirectly, owns, controls, or holds the power to vote, or proxies for, not less than 51 percent of the voting rights or governance rights of another.

(5) ‘‘Health care provider’’ defined

In this subsection, the term ‘‘health care provider’’ means—
(A) any individual who is engaged in the delivery of health care services in a State and who is required by State law or regulation to be licensed or certified by the State to engage in the delivery of such services in the State, and
(B) any entity that is engaged in the delivery of health care services in a State and

(6) Regulations

The Secretary shall issue regulations to carry out this subsection.

(a) Establishment of solvency standards for provider-sponsored organizations

(1) Establishment

(A) In general

The Secretary shall establish, on an expedited basis and using a negotiated rulemaking process under subchapter III of chapter 5 of title 5, standards described in section 1395w–25(c)(1) of this title (relating to the financial solvency and capital adequacy of the organization) that entities must meet to qualify as provider-sponsored organizations under this part.

(B) Factors to consider for solvency standards

In establishing solvency standards under subparagraph (A) for provider-sponsored organizations, the Secretary shall consult with interested parties and shall take into account:

(i) the delivery system assets of such an organization and ability of such an organization to provide services directly to enrollees through affiliated providers,

(ii) alternative means of protecting against insolvency, including reinsurance, unrestricted surplus, letters of credit, guarantees, organizational insurance coverage, partnerships with other licensed entities, and valuation attributable to the ability of such an organization to meet its service obligations through direct delivery of care, and

(iii) any standards developed by the National Association of Insurance Commissioners specifically for risk-based health care delivery organizations.

(C) Enrollee protection against insolvency

Such standards shall include provisions to prevent enrollees from being held liable to any person or entity for the Medicare+Choice organization’s debts in the event of the organization’s insolvency.

(2) Publication of notice

In carrying out the rulemaking process under this subsection, the Secretary, after consultation with the National Association of Insurance Commissioners, the American Academy of Actuaries, organizations representative of Medicare beneficiaries, and other interested parties, shall publish the notice provided for under section 564(a) of title 5 by not later than 45 days after August 5, 1997.

(3) Target date for publication of rule

As part of the notice under paragraph (2), and for purposes of this subsection, the “target date for publication” (referred to in section 564(a)(5) of such title) shall be April 1, 1998.

(4) Abbreviated period for submission of comments

In applying section 564(c) of such title under this subsection, “15 days” shall be substituted for “30 days”.

(5) Appointment of negotiated rulemaking committee and facilitator

The Secretary shall provide for—

(A) the appointment of a negotiated rulemaking committee under section 565(a) of such title by not later than 30 days after the end of the comment period provided for under section 564(c) of such title (as shortened under paragraph (4)), and

(B) the nomination of a facilitator under section 566(c) of such title by not later than 10 days after the date of appointment of the committee.

(6) Preliminary committee report

The negotiated rulemaking committee appointed under paragraph (5) shall report to the Secretary, by not later than January 1, 1998, regarding the committee’s progress on achieving a consensus with regard to the rulemaking proceeding and whether such consensus is likely to occur before 1 month before the target date for publication of the rule. If the committee reports that the committee has failed to make significant progress towards such consensus or is unlikely to reach such consensus by the target date, the Secretary may terminate such process and provide for the publication of a rule under this subsection through such other methods as the Secretary may provide.

(7) Final committee report

If the committee is not terminated under paragraph (6), the rulemaking committee shall submit a report containing a proposed rule by not later than 1 month before the target date of publication.

(8) Interim, final effect

The Secretary shall publish a rule under this subsection in the Federal Register by not later than the target date of publication. Such rule shall be effective and final immediately on an interim basis, but is subject to change and re-
vision after public notice and opportunity for a period (of not less than 60 days) for public comment. In connection with such rule, the Secretary shall specify the process for the timely review and approval of applications of entities to be certified as provision-sponsored organizations pursuant to such rules and consistent with this subsection.

(9) Publication of rule after public comment

The Secretary shall provide for consideration of such comments and republication of such rule by not later than 1 year after the target date of publication.

(b) Establishment of other standards

(1) In general

The Secretary shall establish by regulation other standards (not described in subsection (a)) for Medicare+Choice organizations and plans consistent with, and to carry out, this part. The Secretary shall publish such regulations by June 1, 1998. In order to carry out this requirement in a timely manner, the Secretary may promulgate regulations that take effect on an interim basis, after notice and pending opportunity for public comment.

(2) Use of current standards

Consistent with the requirements of this part, standards established under this subpart shall be based on standards established under section 1395mm of this title to carry out analogous provisions of such section.

(3) Relation to State laws

The standards established under this part shall supersede any State law or regulation (other than State licensing laws or State laws relating to plan solvency) with respect to MA plans which are offered by MA organizations under this part.

(4) Prohibition of midyear implementation of significant new regulatory requirements

The Secretary may not implement, other than at the beginning of a calendar year, regulations under this section that impose new, significant regulatory requirements on a Medicare+Choice organization or plan.

§ 1395w–102. Prescription drug benefits

(a) Requirements

(1) In general

For purposes of this part and part C, the term “qualified prescription drug coverage” means either of the following:

(A) Standard prescription drug coverage with access to negotiated prices

Standard prescription drug coverage (as defined in subsection (b)) and access to negotiated prices under subsection (d).

(B) Alternative prescription drug coverage with at least actuarially equivalent benefits and access to negotiated prices

Coverage of covered part D drugs which meets the alternative prescription drug coverage requirements of subsection (c) and access to negotiated prices under subsection (d), but only if the benefit design of such coverage is approved by the Secretary, as provided under subsection (c).

(2) Permitting supplemental prescription drug coverage

(A) In general

Subject to subparagraph (B), qualified prescription drug coverage may include supplemental prescription drug coverage consisting of either or both of the following:

(i) Certain reductions in cost-sharing

(I) In general

A reduction in the annual deductible, a reduction in the coinsurance percentage, or an increase in the initial coverage limit with respect to covered part D drugs, or any combination thereof, insofar as such a reduction or increase increases the actuarial value of benefits above the actuarial value of basic prescription drug coverage.

(II) Construction

Nothing in this paragraph shall be construed as affecting the application of subsection (c)(3).

(ii) Optional drugs

Coverage of any product that would be a covered part D drug but for the application of subsection (e)(2)(A).

(B) Requirement

A PDP sponsor may not offer a prescription drug plan that provides supplemental prescription drug coverage pursuant to subparagraph (A) in an area unless the sponsor also offers a prescription drug plan in the area that only provides basic prescription drug coverage.

(3) Basic prescription drug coverage

For purposes of this part and part C, the term “basic prescription drug coverage” means either of the following:

(A) Coverage that meets the requirements of paragraph (1)(A).

(B) Coverage that meets the requirements of paragraph (1)(B) but does not have any supplemental prescription drug coverage described in paragraph (2)(A).
(4) Application of secondary payor provisions

The provisions of section 1395w–22(a)(4) of this title shall apply under this part in the same manner as they apply under part C.

(5) Construction

Nothing in this subsection shall be construed as changing the computation of incurred costs under subsection (b)(4).

(b) Standard prescription drug coverage

For purposes of this part and part C, the term “standard prescription drug coverage” means coverage of covered part D drugs that meets the following requirements:

(1) Deductible

(A) In general

The coverage has an annual deductible—

(i) for 2006, that is equal to $250; or

(ii) for a subsequent year, that is equal to the amount specified in this paragraph for the previous year increased by the percentage specified in paragraph (6) for the year involved.

(B) Rounding

Any amount determined under subparagraph (A)(ii) that is not a multiple of $5 shall be rounded to the nearest multiple of $5.

(2) Benefit structure

(A) 25 percent coinsurance

Subject to subparagraphs (C) and (D), the coverage has coinsurance (for costs above the annual deductible specified in paragraph (1) and up to the initial coverage limit under paragraph (3)) that is—

(i) equal to 25 percent; or

(ii) actuarially equivalent (using processes and methods established under section 1395w–111(c) of this title) to an average expected payment of 25 percent of such costs.

(B) Use of tiers

Nothing in this part shall be construed as preventing a PDP sponsor or an MA organization from applying tiered copayments under a plan, so long as such tiered copayments are consistent with subparagraphs (A)(ii), (C), and (D).

(C) Coverage for generic drugs in coverage gap

(i) In general

Except as provided in paragraph (4), the coverage for an applicable beneficiary (as defined in section 1395w–114a(g)(1) of this title) has coinsurance (for costs above the initial coverage limit under paragraph (3) and below the out-of-pocket threshold) for the negotiated price (as defined in section 1395w–114a(g)(6) of this title) of covered part D drugs that are applicable drugs under section 1395w–114a(g)(2) of this title that is—

(I) equal to the generic-gap coinsurance percentage (specified in clause (ii)) for the year; or

(II) actuarially equivalent (using processes and methods established under section 1395w–111(c) of this title) to an average expected payment of such percentage of such costs, for covered part D drugs that are applicable drugs under section 1395w–114a(g)(2) of this title.

(ii) Applicable gap percentage

The applicable gap percentage specified in this clause for—

(I) 2013 and 2014 is 97.5 percent;

(II) 2015 and 2016 is 95 percent;

(III) 2017 is 90 percent;

(IV) 2018 is 85 percent;

(V) 2019 is 80 percent; and

(VI) 2020 and each subsequent year is 75 percent.

(3) Initial coverage limit

(A) In general

Except as provided in paragraphs (2)(C), (2)(D), and (4), the coverage has an initial coverage limit on the maximum costs that may be recognized for payment purposes (including the annual deductible)—

(i) for 2006, that is equal to $2,250; or

(ii) for a subsequent year, that is equal to the amount specified in this paragraph for the previous year, increased by the annual percentage increase described in paragraph (6) for the year involved.

(B) Rounding

Any amount determined under subparagraph (A)(ii) that is not a multiple of $10
shall be rounded to the nearest multiple of $10.

(4) Protection against high out-of-pocket expenditures

(A) In general

(i) In general

The coverage provides benefits, after the part D eligible individual has incurred costs (as described in subparagraph (C)) for covered part D drugs in a year equal to the annual out-of-pocket threshold specified in subparagraph (B), with cost-sharing that is equal to the greater of—

(I) a copayment of $2 for a generic drug or a preferred drug that is a multiple of 5 cents or a preferred drug that is a multiple of $50.

(ii) Adjustment of amount

For a year after 2006, the dollar amounts specified in clause (i)(I) shall be equal to the dollar amounts specified in this subparagraph for the previous year, increased by the annual percentage increase described in paragraph (6) for the year involved. Any amount established under this clause that is not a multiple of 5 cents shall be rounded to the nearest multiple of 5 cents.

(B) Annual out-of-pocket threshold

(i) In general

For purposes of this part, the “annual out-of-pocket threshold” specified in this subparagraph—

(I) for 2006, is equal to $3,600;

(II) for each of years 2007 through 2013, is equal to the amount specified in this subparagraph for the previous year, increased by the annual percentage increase described in paragraph (6) for the year involved;

(III) for 2014 and 2015, is equal to the amount specified in this subparagraph for the previous year, increased by the annual percentage increase described in paragraph (6) for the year involved, minus 0.25 percentage point;

(IV) for each of years 2016 through 2019, is equal to the amount specified in this subparagraph for the previous year, increased by the lesser of—

(aa) the annual percentage increase described in paragraph (7) for the year involved, plus 2 percentage points; or

(bb) the annual percentage increase described in paragraph (6) for the year;

(V) for 2020, is equal to the amount that would have been applied under this subparagraph for 2020 if the amendments made by section 110(d)(1) of the Health Care and Education Reconciliation Act of 2010 had not been enacted; or

(VI) for a subsequent year, is equal to the amount specified in this subparagraph for the previous year, increased by the annual percentage increase described in paragraph (6) for the year involved.

(ii) Rounding

Any amount determined under clause (i)(II) that is not a multiple of $50 shall be rounded to the nearest multiple of $50.

(C) Application

Except as provided in subparagraph (E), in applying subparagraph (A)—

(i) incurred costs shall only include costs incurred with respect to covered part D drugs for the annual deductible described in paragraph (1), for cost-sharing described in paragraph (2), and for amounts for which benefits are not provided because of the application of the initial coverage limit described in paragraph (3), but does not include any costs incurred for covered part D drugs which are not included (or treated as being included) in the plan’s formulary;

(ii) subject to clause (iii), such costs shall be treated as incurred only if they are paid by the part D eligible individual (or by another person, such as a family member, on behalf of the individual) and the part D eligible individual (or other person) is not reimbursed through insurance or otherwise, a group health plan, or other third-party payment arrangement (other than under such section or such a Program) for such costs; and

(iii) such costs shall be treated as incurred and shall not be considered to be reimbursed under clause (ii) if such costs are borne or paid—

(I) under section 1395w–114 of this title;

(II) under a State Pharmaceutical Assistance Program;

(III) by the Indian Health Service, an Indian tribe or tribal organization, or an urban Indian organization (as defined in section 1603 of title 25); or

(IV) under an AIDS Drug Assistance Program.

(D) Information regarding third-party reimbursement

(i) Procedures for exchanging information

In order to accurately apply the requirements of subparagraph (C)(ii), the Secretary is authorized to establish procedures, in coordination with the Secretary of the Treasury and the Secretary of Labor—

(I) for determining whether costs for part D eligible individuals are being reimbursed through insurance or otherwise, a group health plan, or other third-party payment arrangement; and

(II) for alerting the PDP sponsors and MA organizations that offer the prescription drug plans and MA-PD plans in which such individuals are enrolled about such reimbursement arrangements.

(ii) Authority to request information from enrollees

A PDP sponsor or an MA organization may periodically ask part D eligible indi-
v Individually enrolled in a prescription drug plan or an MA–PD plan offered by the sponsor or organization whether such individuals have or expect to receive such third-party reimbursement. A material misrepresentation of the information described in the preceding sentence by an individual (as defined in standards set by the Secretary and determined through a process established by the Secretary) shall constitute grounds for termination of enrollment in any plan under section 1395w–21(g)(3)(B) of this title and as applied under this part under section 1395w–101(b)(1)(B)(v) of this title for a period specified by the Secretary.

(E) Inclusion of costs of applicable drugs under Medicare coverage gap discount program

In applying subparagraph (A), incurred costs shall include the negotiated price (as defined in paragraph (6) of section 1395w–114a(g) of this title) of an applicable drug (as defined in paragraph (2) of such section) of a manufacturer that is furnished to an applicable beneficiary (as defined in paragraph (1) of such section) under the Medicare coverage gap discount program under section 1395w–114a of this title, regardless of whether part of such costs were paid by a manufacturer under such program, except that incurred costs shall not include the portion of the negotiated price that represents the reduction in coinsurance resulting from the application of paragraph (2)(D).

(5) Construction

Nothing in this part shall be construed as preventing a PDP sponsor or an MA organization offering an MA–PD plan from reducing to zero the cost-sharing otherwise applicable to preferred or generic drugs.

(6) Annual percentage increase

The annual percentage increase specified in this paragraph for a year is equal to the annual percentage increase in average per capita aggregate expenditures for covered part D drugs in the United States for part D eligible individuals, as determined by the Secretary for the 12-month period ending in July of the previous year using such methods as the Secretary shall specify.

(7) Additional annual percentage increase

The annual percentage increase specified in this paragraph for a year is equal to the annual percentage increase in the consumer price index for all urban consumers (United States city average) for the 12-month period ending in July of the previous year.

(c) Alternative prescription drug coverage requirements

A prescription drug plan or an MA–PD plan may provide a different prescription drug benefit design from standard prescription drug coverage long as the Secretary determines (consistent with section 1395w–111(c) of this title) that the following requirements are met and the plan applies for, and receives, the approval of the Secretary for such benefit design:

(1) Assuring at least actuarially equivalent coverage

(A) Assuring equivalent value of total coverage

The actuarial value of the total coverage is at least equal to the actuarial value of standard prescription drug coverage.

(B) Assuring equivalent unsubsidized value of coverage

The unsubsidized value of the coverage is at least equal to the unsubsidized value of standard prescription drug coverage. For purposes of this subparagraph, the unsubsidized value of coverage is the amount by which the actuarial value of the coverage exceeds the actuarial value of the subsidy payments under section 1395w–115 of this title with respect to such coverage.

(C) Assuring standard payment for costs at initial coverage limit

The coverage is designed, based upon an actuarially representative pattern of utilization, to provide for the payment, with respect to costs incurred that are equal to the initial coverage limit under subsection (b)(3) for the year, of an amount equal to at least the product of:

(i) the amount by which the initial coverage limit described in subsection (b)(3) for the year exceeds the deductible described in subsection (b)(1) for the year; and

(ii) 100 percent minus the coinsurance percentage specified in subsection (b)(2)(A)(i).

(2) Maximum required deductible

The deductible under the coverage shall not exceed the deductible amount specified under subsection (b)(1) for the year.

(3) Same protection against high out-of-pocket expenditures

The coverage provides the coverage required under subsection (b)(4).

(d) Access to negotiated prices

(1) Access

(A) In general

Under qualified prescription drug coverage offered by a PDP sponsor offering a prescription drug plan or an MA organization offering an MA–PD plan, the sponsor or organization shall provide enrollees with access to negotiated prices used for payment for covered part D drugs, regardless of the fact that no benefits may be payable under the coverage with respect to such drugs because of the application of a deductible or other cost-sharing or an initial coverage limit (described in subsection (b)(3)).

(B) Negotiated prices

For purposes of this part, negotiated prices shall take into account negotiated price concessions, such as discounts, direct or indirect subsidies, rebates, and direct or indirect remunerations, for covered part D drugs, and include any dispensing fees for such drugs.

(C) Medicaid-related provisions

The prices negotiated by a prescription drug plan, by an MA–PD plan with respect to
covered part D drugs, or by a qualified retiree prescription drug plan (as defined in section 1395w–132(a)(2) of this title) with respect to such drugs on behalf of part D eligible individuals, shall (notwithstanding any other provision of law) not be taken into account for the purposes of establishing the best price under section 1396r–8(c)(1)(C) of this title.

(2) Disclosure

A PDP sponsor offering a prescription drug plan or an MA organization offering an MA–PD plan shall disclose to the Secretary (in a manner specified by the Secretary) the aggregate negotiated price concessions described in paragraph (1)(B) made available to the sponsor or organization by a manufacturer which are passed through in the form of lower subsidies, lower monthly beneficiary prescription drug premiums, and lower prices through pharmacies and other dispensers. The provisions of section 1396r–8(b)(3)(D) of this title apply to information disclosed to the Secretary under this paragraph.

(3) Audits

To protect against fraud and abuse and to ensure proper disclosures and accounting under this part and in accordance with section 1395w–27(d)(2)(B) of this title (as applied under section 1395w–112(b)(3)(C) of this title), the Secretary may conduct periodic audits, directly or through contracts, of the financial statements and records of PDP sponsors with respect to prescription drug plans and MA organizations with respect to MA–PD plans.

(e) Covered part D drug defined

(1) In general

Except as provided in this subsection, for purposes of this part, the term “covered part D drug” means—

(A) a drug that may be dispensed only upon a prescription and that is described in subparagraph (A)(i), (A)(ii), or (A)(iii) of section 1396r–8(k)(2) of this title; or

(B) a biological product described in clauses (i) through (iii) of subparagraph (B) of such section or insulin described in subparagraph (C) of such section and medical supplies associated with the injection of insulin (as defined in regulations of the Secretary), and such term includes a vaccine licensed under section 262 of this title (and, for vaccines administered on or after January 1, 2008, its administration) and any use of a covered part D drug for a medically accepted indication (as defined in paragraph (4)).

(2) Exclusions

(A) In general

Such term does not include drugs or classes of drugs, or their medical uses, which may be excluded from coverage or otherwise restricted under section 1396r–8(d)(2) of this title, other than subparagraph (E) of such section (relating to smoking cessation agents), other than subparagraph (I) of such section (relating to barbiturates) if the barbiturate is used in the treatment of epilepsy, cancer, or a chronic mental health disorder, and other than subparagraph (J) of such section (relating to benzodiazepines), or under section 1396r–8(d)(3) of this title, as such sections were in effect on December 8, 2003.

Such term also does not include a drug when used for the treatment of sexual or erectile dysfunction, unless such drug were used to treat a condition, other than sexual or erectile dysfunction, for which the drug has been approved by the Food and Drug Administration.

(B) Medicare covered drugs

A drug prescribed for a part D eligible individual that would otherwise be a covered part D drug under this part shall not be so considered if payment for such drug as so prescribed and dispensed or administered with respect to that individual is available (or would be available but for the application of a deductible) under part A or B for that individual.

(3) Application of general exclusion provisions

A prescription drug plan or an MA–PD plan may exclude from qualified prescription drug coverage any covered part D drug—

(A) for which payment would not be made if section 1395y(a) of this title applied to this part; or

(B) which is not prescribed in accordance with the plan or this part.

Such exclusions are determinations subject to reconsideration and appeal pursuant to subsections (g) and (h), respectively, of section 1395w–104 of this title.

(4) Medically accepted indication defined

(A) In general

For purposes of paragraph (1), the term “medically accepted indication” has the meaning given that term—

(i) in the case of a covered part D drug used in an anticancer chemotherapeutic regimen, in section 1395x(t)(2)(B) of this title, except that in applying such section—

(I) “prescription drug plan or MA–PD plan” shall be substituted for “carrier” each place it appears; and

(II) subject to subparagraph (B), the compendia described in section 1396r–8(g)(1)(B)(i)(III) of this title shall be included in the list of compendia described in clause (i)(I) section 1395x(t)(2)(B) of this title; and

(ii) in the case of any other covered part D drug, in section 1396r–8(k)(6) of this title.

(B) Conflict of interest

On and after January 1, 2010, subparagraph (A)(i)(II) shall not apply unless the compendia described in section 1396r–8(g)(1)(B)(i)(III) of this title meets the requirement in the third sentence of section 1395x(t)(2)(B) of this title.

(C) Update

For purposes of applying subparagraph (A)(ii), the Secretary shall revise the list of

1 So in original. Probably should be “meet”.

compendia described in section 1396r-8(g)(1)(B)(i) of this title as is appropriate for identifying medically accepted indications for drugs. Any such revision shall be done in a manner consistent with the process for revising compendia under section 1395x(t)(2)(B) of this title.

(b) Flexibility in risk assumed and application of fallback plan

In order to ensure access pursuant to subsection (a) in an area—

(1) the Secretary may approve limited risk plans under section 1395w–111(f) of this title for the area; and

(2) only if such access is still not provided in the area after applying paragraph (1), the Secretary shall provide for the offering of a fallback prescription drug plan for that area under section 1395w–111(g) of this title.

§1395w–104. Beneficiary protections for qualified prescription drug coverage

(a) Dissemination of information

(1) General information

(A) Application of MA information

(B) Drug specific information

The information described in this subparagraph is information concerning the following:

(i) Access to specific covered part D drugs, including access through pharmacy networks.

(ii) How any formulary (including any tiered formulary structure) used by the sponsor functions, including a description of how a part D eligible individual may obtain information on the formulary consistent with paragraph (3).

(iii) Beneficiary cost-sharing requirements and how a part D eligible individual may obtain information on such requirements, including tiered or other copayment level applicable to each drug (or class of drugs), consistent with paragraph (3).

(iv) The medication therapy management program required under subsection (c).

§1395w–103. Access to a choice of qualified prescription drug coverage

(a) Choice of at least two plans in each area

The Secretary shall ensure that each part D eligible individual has available, consistent with paragraph (2), a choice of enrollment in at least 2 qualifying plans (as defined in paragraph (3)) in the area in which the individual resides, at least one of which is a prescription drug plan. In any case in which such plans are not available, the part D eligible individual shall be given the opportunity to enroll in a fallback prescription drug plan.

(2) Requirement for different plan sponsors

The requirement in paragraph (1) is not satisfied with respect to an area if only one entity offers all the qualifying plans in the area.

(3) Qualifying plan defined

For purposes of this section, the term ‘‘qualifying plan’’ means—

(A) a prescription drug plan; or

(B) an MA–PD plan described in section 1395w–21(a)(2)(A)(i) of this title that provides—

(i) basic prescription drug coverage; or

(ii) qualified prescription drug coverage that provides supplemental prescription drug coverage so long as there is no MA monthly supplemental beneficiary premium applied under the plan, due to the application of a credit against such premium of a rebate under section 1395w–24(b)(1)(C) of this title.

(2) Disclosure upon request of general coverage, utilization, and grievance information

Upon request of a part D eligible individual who is eligible to enroll in a prescription drug plan, the PDP sponsor offering such plan shall provide information similar (as determined by the Secretary) to the information described in subparagraphs (A), (B), and (C) of section 1395w–22(c)(3) of this title to such individual.

(3) Provision of specific information

(A) Response to beneficiary questions

Each PDP sponsor offering a prescription drug plan shall have a mechanism for providing specific information on a timely basis to enrollees upon request. Such mechanism shall include access to information through the use of a toll-free telephone number and, upon request, the provision of such information in writing.

(B) Availability of information on changes in formulary through the Internet

A PDP sponsor offering a prescription drug plan shall make available on a timely basis through an Internet website information on specific changes in the formulary under the plan (including changes to tiered or preferred status of covered part D drugs).

(4) Claims information

A PDP sponsor offering a prescription drug plan must furnish to each enrollee in a form easily understandable to such enrollee—

(A) an explanation of benefits (in accordance with section 1395b–7(a) of this title or in a comparable manner); and

(B) when prescription drug benefits are provided under this part, a notice of the benefits in relation to—

(i) the initial coverage limit for the current year; and

(ii) the annual out-of-pocket threshold for the current year.

Notices under subparagraph (B) need not be provided more often than as specified by the Secretary and notices under subparagraph (B)(ii) shall take into account the application of section 1395w–102(b)(4)(C) of this title to the extent practicable, as specified by the Secretary.

(1) Assuring pharmacy access

(A) Participation of any willing pharmacy

A prescription drug plan shall permit the participation of any pharmacy that meets the terms and conditions under the plan.

(B) Discounts allowed for network pharmacies

For covered part D drugs dispensed through in-network pharmacies, a prescription drug plan may, notwithstanding subparagraph (A), reduce coinsurance or copayments for part D eligible individuals enrolled in the plan below the level otherwise required. In no case shall such a reduction result in an increase in payments made by the Secretary under section 1395w–115 of this title to a plan.

(C) Convenient access for network pharmacies

(i) In general

The PDP sponsor of the prescription drug plan shall secure the participation in its network of a sufficient number of pharmacies that dispense (other than by mail order) drugs directly to patients to ensure convenient access (consistent with rules established by the Secretary).

(ii) Application of TRICARE standards

The Secretary shall establish rules for convenient access to in-network pharmacies under this subparagraph that are no less favorable to enrollees than the rules for convenient access to pharmacies included in the statement of work of solicitation (#MDA906-03-R-0002) of the Department of Defense under the TRICARE Retail Pharmacy (TRRx) as of March 13, 2003.

(iii) Adequate emergency access

Such rules shall include adequate emergency access for enrollees.

(iv) Convenient access in long-term care facilities

(E) Not required to accept insurance risk

The terms and conditions under subparagraph (A) may not require participating pharmacies to accept insurance risk as a condition of participation.

(2) Use of standardized technology

(A) In general

If a PDP sponsor of a prescription drug plan uses a formulary (including the use of tiered cost-sharing), the following requirements must be met:

(A) Development and revision by a pharmacy and therapeutic (P&T) committee

(II) has expertise in the care of elderly or disabled persons.

(B) Formulary development

In developing and reviewing the formulary, the committee shall—

(i) base clinical decisions on the strength of scientific evidence and standards of practice, including assessing peer-reviewed medical literature, such as randomized clinical trials, pharmacoeconomic studies, outcomes research data, and on such other information as the committee determines to be appropriate; and

(ii) take into account whether including in the formulary (or in a tier in such formulary) particular covered part D drugs has therapeutic advantages in terms of safety and efficacy.

(C) Inclusion of drugs in all therapeutic categories and classes

(i) In general

Subject to subparagraph (G), the formulary must include drugs within each therapeutic category and class of covered part D drugs, although not necessarily all drugs within such categories and classes.

(ii) Model guidelines

The Secretary shall request the United States Pharmacopeia to develop, in consultation with pharmaceutical benefit managers and other interested parties, a list of categories and classes that may be used by prescription drug plans under this paragraph and to revise such classification from time to time to reflect changes in therapeutic uses of covered part D drugs and the additions of new covered part D drugs.

E. Limitation on changes in therapeutic classification

The PDP sponsor of a prescription drug plan may not change the therapeutic categories and classes in a formulary other than at the beginning of each plan year except as the Secretary may permit to take into account new therapeutic uses and newly approved covered part D drugs.

(D) Provider and patient education

The PDP sponsor shall establish policies and procedures to educate and inform health care providers and enrollees concerning the formulary.

(E) Notice before removing drug from formulary or changing preferred or tier status of drug

Any removal of a covered part D drug from a formulary and any change in the preferred or tiered cost-sharing status of such a drug shall take effect only after appropriate notice is made available (such as under subsection (a)(3)) to the Secretary, affected enrollees, physicians, pharmacists, and pharmacists.

(F) Periodic evaluation of protocols

In connection with the formulary, the sponsor of a prescription drug plan shall provide for the periodic evaluation and analysis of treatment protocols and procedures.

(G) Required inclusion of drugs in certain categories and classes

(i) Formulary requirements

(I) In general

Subject to subclause (II), a PDP sponsor offering a prescription drug plan shall be required to include all covered part D drugs in the categories and classes identified by the Secretary under clause (ii)(I).

(II) Exceptions

The Secretary may establish exceptions that permit a PDP sponsor offering a prescription drug plan to exclude from its formulary a particular covered part D drug in a category or class that is otherwise required to be included in the formulary under subclause (I) (or to otherwise limit access to such a drug, including through prior authorization or utilization management).

(ii) Identification of drugs in certain categories and classes

(I) In general

Subject to clause (iv), the Secretary shall identify, as appropriate, categories and classes of drugs for which the Secretary determines are of clinical concern.

Notwithstanding any other provision of this title, each PDP sponsor of a prescription plan shall—

(i) use a single, uniform model form for use under such process; and

(ii) provide instant access to such process by enrollees through a toll-free telephone number and an Internet website.

(c) Cost and utilization management; medication therapy management program

(1) In general

The PDP sponsor shall have in place, directly or through appropriate arrangements, with respect to covered part D drugs, the following:

(A) A cost-effective drug utilization management program, including incentives to reduce costs when medically appropriate, such as through the use of multiple source drugs (as defined in section 1396r–8(k)(7)(A)(i) of this title).

(B) Quality assurance measures and systems to reduce medication errors and adverse drug interactions and improve medication use.

(C) A medication therapy management program described in paragraph (2).

(D) A program to control fraud, abuse, and waste.

Nothing in this section shall be construed as impairing a PDP sponsor from utilizing cost management tools (including differential payments) under all methods of operation.

(2) Medication therapy management program

(A) Description

(i) In general

A medication therapy management program described in this paragraph is a program of drug therapy management that may be furnished by a pharmacist and that is designed to assure, with respect to targeted beneficiaries described in clause (ii), that covered part D drugs under the prescription drug plan are appropriately used to optimize therapeutic outcomes through improved medication use, and to reduce the risk of adverse events, including adverse drug interactions. Such a program may distinguish between services in ambulatory and institutional settings.

(ii) Targeted beneficiaries described

Targeted beneficiaries described in this clause are part D eligible individuals who—

(I) have multiple chronic diseases (such as diabetes, asthma, hypertension, hyperlipidemia, and congestive heart failure);

(II) are taking multiple covered part D drugs; and

(III) are identified as likely to incur annual costs for covered part D drugs that exceed a level specified by the Secretary.

(B) Elements

Such program may include elements that promote—

(i) enhanced enrollee understanding to promote the appropriate use of medications by enrollees and to reduce the risk of potential adverse events associated with medications, through beneficiary education, counseling, and other appropriate means;

(ii) increased enrollee adherence with prescription medication regimens through medication refill reminders, special packaging, and other compliance programs and other appropriate means; and

(iii) detection of adverse drug events and patterns of overuse and underuse of prescription drugs.

(C) Required interventions

For plan years beginning on or after the date that is 2 years after March 23, 2010, prescription drug plan sponsors shall offer medication therapy management services to targeted beneficiaries described in subparagraph (A)(i) that include, at a minimum, the following to increase adherence to prescription medications or other goals deemed necessary by the Secretary:

(i) An annual comprehensive medication review furnished person-to-person or using telehealth technologies (as defined by the Secretary) by a licensed pharmacist or other qualified provider. The comprehensive medication review—

(I) shall include a review of the individual’s medications and may result in the creation of a recommended medication action plan or other actions in consultation with the individual and with input from the prescriber to the extent necessary and practicable; and

(II) shall include providing the individual with a written or printed summary of the results of the review.

The Secretary, in consultation with relevant stakeholders, shall develop a stand-

(ii) permit such beneficiaries to opt-out of enrollment in such program.

(F) Coordination with care management plans

The Secretary shall establish guidelines for the coordination of any medication therapy management program under this paragraph with respect to a targeted beneficiary with any care management plan established with respect to such beneficiary under a chronic care improvement program under section 1395b–8 of this title.

(G) Considerations in pharmacy fees

The PDP sponsor of a prescription drug plan shall take into account, in establishing fees for pharmacists and others providing services under such plan, the resources used, and time required to, implement the medication therapy management program under this paragraph. Each such sponsor shall disclose to the Secretary upon request the amount of any such management or dispensing fees. The provisions of section 1396r–8(b)(3)(D) of this title apply to information described under this subparagraph.

(3) Reducing wasteful dispensing of outpatient prescription drugs in long-term care facilities

The Secretary shall require PDP sponsors of prescription drug plans to utilize specific, uni-

An electronic prescription drug program shall provide for the electronic transmittal to the prescribing health care professional and to the dispensing pharmacy and pharmacist of the prescription and information on eligibility and benefits (including the drugs included in the applicable formulary, any tiered formulary structure, and any requirements for prior authorization) and of the following information with respect to the prescribing and dispensing of a covered part D drug:

(i) Information on the drug being prescribed or dispensed and other drugs listed on the medication history, including information on drug-drug interactions, warnings or cautions, and, when indicated, dosage adjustments.

(ii) Information on the availability of lower cost, therapeutically appropriate alternatives (if any) for the drug prescribed.

(B) Application to medical history information

Effective on and after such date as the Secretary specifies and after the establishment of appropriate standards to carry out this subparagraph, the program shall provide for the electronic transmittal in a manner similar to the manner under subparagraph (A) of information that relates to the medical history concerning the individual and related to a covered part D drug being prescribed or dispensed, upon request of the professional or pharmacist involved.

(C) Limitations

Information shall only be disclosed under subparagraph (A) or (B) if the disclosure of such information is permitted under the Federal regulations (concerning the privacy of individually identifiable health information) promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996.

(D) Timing

To the extent feasible, the information exchanged under this paragraph shall be on an interactive, real-time basis.

(3) Standards

(A) In general

The Secretary shall provide consistent with this subsection for the promulgation of uniform standards relating to the requirements for electronic prescription drug programs under paragraph (2).

(B) Objectives

Such standards shall be consistent with the objectives of improving—

(i) patient safety;

(ii) the quality of care provided to patients; and

(iii) efficiencies, including cost savings, in the delivery of care.

(C) Design criteria

Such standards shall—

(i) be designed so that, to the extent practicable, the standards do not impose an undue administrative burden on prescribing health care professionals and dispensing pharmacies and pharmacists;

(ii) be compatible with standards established under part C of subchapter XI, standards established under subsection (b)(2)(B)(i), and with general health information technology standards; and

(iii) be designed so that they permit electronic exchange of drug labeling and drug listing information maintained by the Food and Drug Administration and the National Library of Medicine.

Such standards shall allow for the messaging of information only if it relates to the appropriate prescribing of drugs, including quality assurance measures and systems referred to in subsection (c)(1)(B).

(E) Permitting patient designation of dispensing pharmacy

(i) In general

Consistent with clause (ii), such standards shall permit a part D eligible individual to designate a particular pharmacy to dispense a prescribed drug.

(ii) No change in benefits

Clause (i) shall not be construed as affecting—

(I) the access required to be provided to pharmacies by a prescription drug plan; or

(II) the application of any differences in benefits or payments under such a plan based on the pharmacy dispensing a covered part D drug.

(4) Development, promulgation, and modification of standards

(A) Initial standards

Not later than September 1, 2005, the Secretary shall develop, adopt, recognize, or modify initial uniform standards relating to the requirements for electronic prescription drug programs described in paragraph (2) taking into consideration the recommendations (if any) from the National Committee on Vital and Health Statistics (as established under section 242k(k) of this title) under subparagraph (B).

(B) Role of NCVHS

The National Committee on Vital and Health Statistics shall develop recommendations for uniform standards relating to such requirements in consultation with the following:

(i) Standard setting organizations (as defined in section 3320d(8) of this title)\(^2\)
(C) Pilot project to test initial standards

(i) In general

During the 1-year period that begins on January 1, 2006, the Secretary shall conduct a pilot project to test the initial standards developed under subparagraph (A) prior to the promulgation of the final uniform standards under subparagraph (D) in order to provide for the efficient implementation of the requirements described in paragraph (2).

(ii) Exception

Pilot testing of standards is not required under clause (i) where there already is adequate industry experience with such standards, as determined by the Secretary after consultation with effected standard setting organizations and industry users.

(iii) Voluntary participation of physicians and pharmacies

In order to conduct the pilot project under clause (i), the Secretary shall enter into agreements with physicians, physician groups, pharmacies, hospitals, PDP sponsors, MA organizations, and other appropriate entities under which health care professionals electronically transmit prescriptions to dispensing pharmacies and pharmacists in accordance with such standards.

(iv) Evaluation and report

(I) Evaluation

The Secretary shall conduct an evaluation of the pilot project conducted under clause (i).

(II) Report to Congress

Not later than April 1, 2007, the Secretary shall submit to Congress a report on the evaluation conducted under subclause (I).

(D) Final standards

Based upon the evaluation of the pilot project under subparagraph (C)(iv)(I) and not later than April 1, 2008, the Secretary shall promulgate uniform standards relating to the requirements described in paragraph (2).

(5) Relation to State laws

The standards promulgated under this subsection shall supersede any State law or regulation that—

(A) is contrary to the standards or restricts the ability to carry out this part; and

(B) pertains to the electronic transmission of medication history and of information on eligibility, benefits, and prescriptions with respect to covered part D drugs under this part.

(6) Establishment of safe harbor

The Secretary, in consultation with the Attorney General, shall promulgate regulations that provide for a safe harbor from sanctions under paragraphs (1) and (2) of section 1320a–7b(b) of this title and an exception to the prohibition under subsection (a)(1) of section 1395nn of this title with respect to the provision of nonmonetary remuneration (in the form of hardware, software, or information technology and training services) necessary and used solely to receive and transmit electronic prescription information in accordance with the standards promulgated under this subsection—

(A) in the case of a hospital, by the hospital to members of its medical staff;

(B) in the case of a group practice (as defined in section 1395nn(h)(4) of this title), by the practice to prescribing health care professionals who are members of such practice; and

(C) in the case of a PDP sponsor or MA organization, by the sponsor or organization to pharmacists and pharmacies participating in the network of such sponsor or organization, and to prescribing health care professionals.

(f) Grievance mechanism

Each PDP sponsor shall provide meaningful procedures for hearing and resolving grievances between the sponsor (including any entity or individual through which the sponsor provides covered benefits) and enrollees with prescription drug plans of the sponsor under this part in accordance with section 1395w–22(f) of this title.

(g) Coverage determinations and reconsiderations

(1) Application of coverage determination and reconsideration provisions

A PDP sponsor shall meet the requirements of paragraphs (1) through (3) of section 1395w–22(g) of this title with respect to covered benefits under the prescription drug plan it offers under this part in the same manner as such requirements apply to an MA organization with respect to benefits it offers under an MA plan under part C.

(2) Request for a determination for the treatment of tiered formulary drug

In the case of a prescription drug plan offered by a PDP sponsor that provides for tiered cost-sharing for drugs included within a formulary and provides lower cost-sharing for preferred drugs included within the formulary, a part D eligible individual who is enrolled in the plan may request an exception to the tiered cost-sharing structure. Under such an exception, a nonpreferred drug could be covered under the terms applicable for preferred drugs if the prescribing physician determines that the preferred drug for treatment of the same condition either would not be as effective for the individual or would have adverse effects for the individual or both. A PDP sponsor shall have an exceptions process under this paragraph consistent with guidelines established by the Secretary for making a determination with respect to such a request. De-
nial of such an exception shall be treated as a coverage denial for purposes of applying subsection (h).

(h) Appeals

(1) In general

Subject to paragraph (2), a PDP sponsor shall meet the requirements of paragraphs (4) and (5) of section 1395w–22(g) of this title with respect to benefits (including a determination related to the application of tiered cost-sharing described in subsection (g)(2)) in a manner similar (as determined by the Secretary) to the manner such requirements apply to an MA organization with respect to benefits under the original Medicare fee-for-service program option it offers under an MA plan under part C. In applying this paragraph only the part D eligible individual shall be entitled to bring such an appeal.

(2) Limitation in cases on nonformulary determinations

A part D eligible individual who is enrolled in a prescription drug plan offered by a PDP sponsor may appeal under paragraph (1) a determination not to provide for coverage of a covered part D drug that is not on the formulary under the plan only if the prescribing physician determines that all covered part D drugs on any tier of the formulary for treatment of the same condition would not be as effective for the individual as the nonformulary drug, would have adverse effects for the individual, or both.

(3) Treatment of nonformulary determinations

If a PDP sponsor determines that a plan provides coverage for a covered part D drug that is not on the formulary of the plan, the drug shall be treated as being included on the formulary for purposes of section 1395w–102(b)(4)(C)(i) of this title.

(i) Privacy, confidentiality, and accuracy of enrollee records

The provisions of section 1395w–22(h) of this title shall apply to a PDP sponsor and prescription drug plan in the same manner as it applies to an MA organization and an MA plan.

(j) Treatment of accreditation

Subparagraph (A) of section 1395w–22(e)(4) of this title (relating to treatment of accreditation) shall apply to a PDP sponsor under this part with respect to the following requirements, in the same manner as it applies to an MA organization with respect to the requirements in subparagraph (B) (other than clause (vii) thereof) of such section:

(1) Subsection (b) of this section (relating to access to covered part D drugs).

(2) Subsection (c) of this section (including quality assurance and medication therapy management).

(3) Subsection (i) of this section (relating to confidentiality and accuracy of enrollee records).

(k) Public disclosure of pharmaceutical prices for equivalent drugs

(1) In general

A PDP sponsor offering a prescription drug plan shall provide that each pharmacy that dispenses a covered part D drug shall inform an enrollee of any differential between the price of the drug to the enrollee and the price of the lowest priced generic covered part D drug under the plan that is therapeutically equivalent and bioequivalent and available at such pharmacy.

(2) Timing of notice

(A) In general

Subject to subparagraph (B), the information under paragraph (1) shall be provided at the time of purchase of the drug involved, or, in the case of dispensing by mail order, at the time of delivery of such drug.

(B) Waiver

The Secretary may waive subparagraph (A) in such circumstances as the Secretary may specify.

(l) Requirements with respect to sales and marketing activities

The following provisions shall apply to a PDP sponsor (and the agents, brokers, and other third parties representing such sponsor) in the same manner as such provisions apply to a Medicare Advantage organization (and the agents, brokers, and other third parties representing such organization):

(1) The prohibition under section 1395w–21(h)(4)(C) of this title on conducting activities described in section 1395w–21(j)(1) of this title.

Pub. L. 114–198, title VII, § 704(a)(1), (2), (b), (g)(1), July 22, 2016, 130 Stat. 742–748, 751, provided that, applicable to prescription drug plans (and MA–PD plans) for plan years beginning on or after Jan. 1, 2019, this section is amended as follows:

(1) in subsection (a)(1)(B), by adding at the end the following:

“(v) The drug management program for at-risk beneficiaries under subsection (c)(5).”; and

(2) in subsection (c)—

(A) in paragraph (1), by inserting after subparagraph (D) the following new subparagraph:
“(E) A utilization management tool to prevent drug abuse (as described in paragraph (6)(A)).”;
and

(B) by adding at the end the following:

(5) Drug management program for at-risk beneficiaries

(A) Authority to establish

A PDP sponsor may establish a drug management program for at-risk beneficiaries under which, subject to subparagraph (B), the PDP sponsor may, in the case of an at-risk beneficiary for prescription drug abuse who is an enrollee in a prescription drug plan of such PDP sponsor, limit such beneficiary’s access to coverage for frequently abused drugs under such plan to frequently abused drugs that are prescribed for such beneficiary by one or more prescribers selected under subparagraph (D), and dispensed for such beneficiary by one or more pharmacies selected under such subparagraph.

(B) Requirement for notices

(i) In general

A PDP sponsor may not limit the access of an at-risk beneficiary for prescription drug abuse to coverage for frequently abused drugs under a prescription drug plan until such sponsor—

(I) provides to the beneficiary an initial notice described in clause (ii) and a second notice described in clause (iii); and

(II) verifies with the providers of the beneficiary that the beneficiary is an at-risk beneficiary for prescription drug abuse.

(ii) Initial notice

An initial notice described in this clause is a notice that provides to the beneficiary—

(I) notice that the PDP sponsor has identified the beneficiary as potentially being an at-risk beneficiary for prescription drug abuse;

(II) information describing all State and Federal public health resources that are designed to address prescription drug abuse to which the beneficiary has access, including mental health services and other counseling services;

(III) notice of, and information about, the right of the beneficiary to appeal such identification under subsection (h) and the option of an automatic escalation to external review;

(IV) a request for the beneficiary to submit to the PDP sponsor preferences for which prescribers and pharmacies the beneficiary would prefer the PDP sponsor to select under subparagraph (D) in the case that the beneficiary is identified as an at-risk beneficiary for prescription drug abuse as described in clause (iii)(I);

(V) an explanation of the meaning and consequences of the identification of the beneficiary as potentially being an at-risk beneficiary for prescription drug abuse, including an explanation of the drug management program established by the PDP sponsor pursuant to subparagraph (A);

(VI) clear instructions that explain how the beneficiary can contact the PDP sponsor in order to submit to the PDP sponsor the preferences described in subclause (IV) and any other communications relating to the drug management program for at-risk beneficiaries established by the PDP sponsor;

and

(VII) contact information for other organizations that can provide the beneficiary with assistance regarding such drug management program (similar to the information provided by the Secretary in other standardized notices provided to part D eligible individuals enrolled in prescription drug plans under this part).

(iii) Second notice

A second notice described in this clause is a notice that provides to the beneficiary notice—

(I) that the PDP sponsor has identified the beneficiary as an at-risk beneficiary for prescription drug abuse;

(II) that such beneficiary is subject to the requirements of the drug management program for at-risk beneficiaries established by such PDP sponsor for such plan;

(III) of the prescriber (or prescribers) and pharmacy (or pharmacies) selected for such individual under subparagraph (D);

(IV) of, and information about, the beneficiary’s right to appeal such identification under subsection (h) and the option of an automatic escalation to external review;

(V) that the beneficiary can, in the case that the beneficiary has not previously submitted to the PDP sponsor preferences for which prescribers and pharmacies the beneficiary would prefer the PDP sponsor select under subparagraph (D), submit such preferences to the PDP sponsor; and

(VI) that includes clear instructions that explain how the beneficiary can contact the PDP sponsor.

(iv) Timing of notices

(I) In general

Subject to subclause (II), a second notice described in clause (iii) shall be provided to the beneficiary on a date that is not less than 30 days after an initial notice described in clause (ii) is provided to the beneficiary.

(II) Exception

In the case that the PDP sponsor, in conjunction with the Secretary, determines that concerns identified through rulemaking by the Secretary regarding the health or safety of the beneficiary or regarding significant drug diversion activities require the PDP sponsor to provide a second notice described in clause (iii) to the beneficiary on a date that is earlier than the date described in subclause (I), the PDP sponsor may provide such second notice on such earlier date.

(C) At-risk beneficiary for prescription drug abuse

(i) In general

For purposes of this paragraph, the term “at-risk beneficiary for prescription drug abuse” means a part D eligible individual
§ 1395w–104

who is not an exempted individual described in clause (ii) and—

(I) who is identified as such an at-risk beneficiary through the use of clinical guidelines that indicate misuse or abuse of prescription drugs described in subparagraph (G) and that are developed by the Secretary in consultation with PDP sponsors and other stakeholder, including individuals entitled to benefits under part A or enrolled under part B, advocacy groups representing such individuals, physicians, pharmacists, and other clinicians, plan sponsors, entities delegated by plan sponsors, and biopharmaceutical manufacturers; or

(II) with respect to whom the PDP sponsor of a prescription drug plan, upon enrolling such individual in such plan, received notice from the Secretary that such individual was identified under this paragraph to be an at-risk beneficiary for prescription drug abuse under the prescription drug plan in which such individual was most recently previously enrolled and such identification has not been terminated under subparagraph (F).

(ii) Exempted individual described

An exempted individual described in this clause is an individual who—

(I) receives hospice care under this subchapter;

(II) is a resident of a long-term care facility, as defined in section 1396d(d) of this title, or of another facility for which frequently abused drugs are dispensed for residents through a contract with a single pharmacy; or

(III) the Secretary elects to treat as an exempted individual for purposes of clause (i).

(iii) Program size

The Secretary shall establish policies, including the guidelines developed under clause (ii)(I) and the exemptions under clause (ii)(II), to ensure that the population of enrollees in a drug management program for at-risk beneficiaries operated by a prescription drug plan can be effectively managed by such plans.

(iv) Clinical contact

With respect to each at-risk beneficiary for prescription drug abuse enrolled in a prescription drug plan offered by a PDP sponsor, the PDP sponsor shall contact the beneficiary's providers who have prescribed frequently abused drugs whether prescribed medications are appropriate for such beneficiary's medical conditions.

(D) Selection of prescribers and pharmacies

(i) In general

With respect to each at-risk beneficiary for prescription drug abuse enrolled in a prescription drug plan offered by such sponsor, a PDP sponsor shall, based on the preferences submitted to the PDP sponsor by the beneficiary pursuant to clauses (ii)(IV) and (iii)(V) of subparagraph (B) (except as otherwise provided in this subparagraph) select—

(I) one, or, if the PDP sponsor reasonably determines it necessary to provide the beneficiary with reasonable access under clause (ii), more than one, individual who is authorized to prescribe frequently abused drugs (referred to in this paragraph as a "prescriber") who may write prescriptions for such drugs for such beneficiary; and

(II) one, or, if the PDP sponsor reasonably determines it necessary to provide the beneficiary with reasonable access under clause (ii), more than one, pharmacy that may dispense such drugs to such beneficiary.

For purposes of subclause (II), in the case of a pharmacy that has multiple locations that share real-time electronic data, all such locations of the pharmacy shall collectively be treated as one pharmacy.

(ii) Reasonable access

In making the selections under this subparagraph—

(I) a PDP sponsor shall ensure that the beneficiary continues to have reasonable access to frequently abused drugs (as defined in subparagraph (G)), taking into account geographic location, beneficiary preference, impact on costsharing, and reasonable travel time; and

(II) a PDP sponsor shall ensure such access (including access to prescribers and pharmacies with respect to frequently abused drugs) in the case of individuals with multiple residences, in the case of natural disasters and similar situations, and in the case of the provision of emergency services.

(iii) Beneficiary preferences

If an at-risk beneficiary for prescription drug abuse submits preferences for which the beneficiary would prefer the PDP sponsor select in response to a notice under subparagraph (B), the PDP sponsor shall—

(I) review such preferences;

(II) select or change the selection of prescribers and pharmacies for the beneficiary based on such preferences; and

(III) inform the beneficiary of such selection or change of selection.

(iv) Exception regarding beneficiary preferences

In the case that the PDP sponsor determines that a change to the selection of prescriber or pharmacy under clause (iii)(II) by the PDP sponsor is contributing or would contribute to prescription drug abuse or drug diversion by the beneficiary, the PDP sponsor may change the selection of prescriber or pharmacy for the beneficiary without regard to the preferences of the beneficiary described in clause (iii). If the PDP sponsor changes the selection pursuant to the preceding sentence, the PDP sponsor shall provide the beneficiary with—

(I) at least 30 days written notice of the change of selection; and

(II) a rationale for the change.
(v) Confirmation

Before selecting a prescriber or pharmacy under this subparagraph, a PDP sponsor must notify the prescriber and pharmacy that the beneficiary involved has been identified for inclusion in the drug management program for at-risk beneficiaries and that the prescriber and pharmacy has been selected as the beneficiary’s designated prescriber and pharmacy.

(E) Terminations and appeals

The identification of an individual as an at-risk beneficiary for prescription drug abuse under this paragraph, a coverage determination made under a drug management program for at-risk beneficiaries, or the selection of prescriber or pharmacy under subparagraph (D), and information to be shared under subparagraph (I), with respect to such individual, shall be subject to reconsideration and appeal under subsection (h) and the option of an automatic escalation to external review to the extent provided by the Secretary.

(F) Termination of identification

(i) In general

The Secretary shall develop standards for the termination of identification of an individual as an at-risk beneficiary for prescription drug abuse under this paragraph. Under such standards such identification shall terminate as of the earlier of—

(I) the date the individual demonstrates that the individual is no longer likely, in the absence of the restrictions under this paragraph, to be an at-risk beneficiary for prescription drug abuse described in subparagraph (C)(i); and

(II) the end of such maximum period of identification as the Secretary may specify.

(ii) Rule of construction

Nothing in clause (i) shall be construed as preventing a plan from identifying an individual as an at-risk beneficiary for prescription drug abuse under subparagraph (C)(i) after such termination on the basis of additional information on drug use occurring after the date of notice of such termination.

(G) Frequently abused drug

For purposes of this subsection, the term “frequently abused drug” means a drug that is a controlled substance that the Secretary determines to be frequently abused or diverted.

(H) Data disclosure

(i) Data on decision to impose limitation

In the case of an at-risk beneficiary for prescription drug abuse (or an individual who is a potentially at-risk beneficiary for prescription drug abuse) whose access to coverage for frequently abused drugs under a prescription drug plan has been limited by a PDP sponsor under this paragraph, the Secretary shall establish rules and procedures to require the PDP sponsor to disclose data, including any necessary individually identifiable health information, in a form and manner specified by the Secretary, about the decision to impose such limitations and the limitations imposed by the sponsor under this part.

(ii) Data to reduce fraud, abuse, and waste

The Secretary shall establish rules and procedures to require PDP sponsors operating a drug management program for at-risk beneficiaries under this paragraph to provide the Secretary with such data as the Secretary determines appropriate for purposes of identifying patterns of prescription drug utilization for plan enrollees that are outside normal patterns and that may indicate fraudulent, medically unnecessary, or unsafe use.

(I) Sharing of information for subsequent plan enrollments

The Secretary shall establish procedures under which PDP sponsors who offer prescription drug plans shall share information with respect to individuals who are at-risk beneficiaries for prescription drug abuse (or individuals who are potentially at-risk beneficiaries for prescription drug abuse) and enrolled in a prescription drug plan and who subsequently disenroll from such plan and enroll in another prescription drug plan offered by another PDP sponsor.

(J) Privacy issues

Prior to the implementation of the rules and procedures under this paragraph, the Secretary shall clarify privacy requirements, including requirements under the regulations promulgated pursuant to section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note), related to the sharing of data under subparagraphs (H) and (I) by PDP sponsors. Such clarification shall provide that the sharing of such data shall be considered to be protected health information in accordance with the requirements of the regulations promulgated pursuant to such section 264(c).

(K) Education

The Secretary shall provide education to enrollees in prescription drug plans of PDP sponsors and providers regarding the drug management program for at-risk beneficiaries described in this paragraph, including education—

(i) provided by Medicare administrative contractors through the improper payment outreach and education program described in section 1395kk–1(h) of this title; and

(ii) through current education efforts (such as State health insurance assistance programs described in subsection (a)(1)(A) of section 119 of the Medicare Improvements for Patients and Providers Act of 2008 (42 U.S.C. 1395b–3 note)) and materials directed toward such enrollees.

(L) Application under MA–PD plans

Pursuant to section 1395w–131(c)(1) of this title, the provisions of this paragraph apply under part D to MA organizations offering MA–PD plans to MA eligible individuals in the same manner as such provisions apply under this part to a PDP sponsor offering a prescription drug plan to a part D eligible individual.

(M) CMS compliance review

The Secretary shall ensure that existing plan sponsor compliance reviews and audit processes
(6) Utilization management tool to prevent drug abuse

(A) In general

A tool described in this paragraph is any of the following:

(i) A utilization tool designed to prevent the abuse of frequently abused drugs by individuals and to prevent the diversion of such drugs at pharmacies.

(ii) Retrospective utilization review to identify—

(I) individuals that receive frequently abused drugs at a frequency or in amounts that are not clinically appropriate; and

(II) providers of services or suppliers that may facilitate the abuse or diversion of frequently abused drugs by beneficiaries.

(iii) Consultation with the contractor described in subparagraph (B) to verify if an individual enrolling in a prescription drug plan offered by a PDP sponsor has been previously identified by another PDP sponsor as an individual described in clause (ii)(I).

(B) Reporting

A PDP sponsor offering a prescription drug plan (and an MA organization offering an MA–PD plan) in a State shall submit to the Secretary and the Medicare drug integrity contractor with which the Secretary has entered into a contract under section 1395ddd of this title, a report containing information on—

(i) any provider of services or supplier described in subparagraph (A)(ii)(II) that is identified by such plan sponsor (or organization) during the 30-day period before such report is submitted; and

(ii) the name and prescription records of individuals described in paragraph (5)(C).

(C) CMS compliance review

The Secretary shall ensure that plan sponsor compliance reviews and program audits biennially include a certification that utilization management tools under this paragraph are in compliance with the requirements for such tools.
that is submitted and approved in a time, manner, and form specified by the Secretary.

(2) Considerations and Preferences.—In awarding grants under this section, the Secretary shall—

(A) give special consideration to physicians who serve a disproportionate number of Medicare beneficiaries; and

(B) give preference to physicians who serve a rural or underserved area.

(3) Limitation on Grants.—Only 1 grant may be awarded under this section with respect to each physician or group practice of physicians.

(c) Terms and Conditions.—

(1) In General.—Grants under this section shall be made under such terms and conditions as the Secretary specifies consistent with this section.

(2) Use of Grant Funds.—Funds provided under grants under this section may be used for any of the following:

(A) For purchasing, leasing, and installing computer software and hardware, including handheld computer technologies.

(B) Making upgrades and other improvements to existing computer software and hardware to enable e-prescribing.

(C) Providing education and training to eligible physician staff on the use of technology to implement the electronic transmission of prescription and patient information.

(3) Provision of Information.—As a condition for the awarding of a grant under this section, an applicant shall provide to the Secretary such information as the Secretary may require in order to—

(A) evaluate the project for which the grant is made; and

(B) ensure that funding provided under the grant is expended only for the purposes for which it is made.

(4) Audit.—The Secretary shall conduct appropriate audits of grants under this section.

(5) Matching Requirement.—The applicant for a grant under this section shall agree, with respect to the costs to be incurred by the applicant in implementing an electronic prescription drug program, to make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount that is not less than 50 percent of such costs. Non-Federal contributions under the previous sentence may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount of such contributions.

(d) Authorization of Appropriations.—There are appropriated $50,000,000 for fiscal year 2007 and such sums as may be necessary for each of fiscal years 2008 and 2009.

SUBPART 2—PRESCRIPTION DRUG PLANS; PDP SPONSORS; FINANCING

§ 1395w–111. PDP regions; submission of bids; plan approval

(a) Establishment of PDP regions; service areas

(1) Coverage of entire PDP region

The service area for a prescription drug plan shall consist of an entire PDP region established under paragraph (2).

(2) Establishment of PDP regions

(A) In general

The Secretary shall establish, and may revise, PDP regions in a manner that is consistent with the requirements for the establishment and revision of MA regions under subparagraphs (B) and (C) of section 1395w–27(a)(2) of this title.

(B) Relation to MA regions

To the extent practicable, PDP regions shall be the same as MA regions under section 1395w–27(a)(2) of this title. The Secretary may establish PDP regions which are not the same as MA regions if the Secretary determines that the establishment of different regions under this part would improve access to benefits under this part.

(C) Authority for territories

The Secretary shall establish, and may revise, PDP regions for areas in States that are not within the 50 States or the District of Columbia.

(3) National plan

Nothing in this subsection shall be construed as preventing a prescription drug plan from being offered in more than one PDP region (including all PDP regions).

(b) Submission of bids, premiums, and related information

(1) In general

A PDP sponsor shall submit to the Secretary information described in paragraph (2) with respect to each prescription drug plan it offers. Such information shall be submitted at the same time and in a similar manner to the manner in which information described in paragraph (6) of section 1395w–24(a) of this title is submitted by an MA organization under paragraph (1) of such section.

(2) Information described

The information described in this paragraph is information on the following:

(A) Coverage provided

The prescription drug coverage provided under the plan, including the deductible and other cost-sharing.

(B) Actuarial value

The actuarial value of the qualified prescription drug coverage in the region for a part D eligible individual with a national average risk profile for the factors described in section 1395w–115(c)(1)(A) of this title (as specified by the Secretary).

(C) Bid

Information on the bid, including an actuarial certification of—

(i) the basis for the actuarial value described in subparagraph (B) assumed in such bid;

(ii) the portion of such bid attributable to basic prescription drug coverage and, if applicable, the portion of such bid attributable to supplemental benefits;

(iii) assumptions regarding the reinsurance subsidy payments provided under section 1395w–115(b) of this title subtracted from the actuarial value to produce such bid; and

(iv) administrative expenses assumed in the bid.

(D) Service area

The service area for the plan.
§ 1395w–111

(c) Actuarial valuation

(3) Paperwork reduction for offering of prescription drug plans in more than one PDP region through the filing of consolidated information.

(d) Review of information and negotiation

(1) Review of information

The Secretary shall review the information filed under subsection (b) for the purpose of conducting negotiations under paragraph (2).

(2) Negotiation regarding terms and conditions

Subject to subsection (i), in exercising the authority under paragraph (1), the Secretary—

(A) has the authority to negotiate the terms and conditions of the proposed bid submitted and other terms and conditions of a proposed plan; and

(B) has authority similar to the authority of the Director of the Office of Personnel Management with respect to health benefits plans under chapter 89 of title 5.

(3) Rejection of bids

Paragraph (5)(C) of section 1395w–24(a) of this title shall apply with respect to bids submitted by a PDP sponsor under subsection (b) in the same manner as such paragraph applies to bids submitted by an MA organization under such section 1395w–24(a) of this title.

(e) Approval of proposed plans

(1) In general

After review and negotiation under subsection (d), the Secretary shall approve or disapprove the prescription drug plan.

(2) Requirements for approval

The Secretary may approve a prescription drug plan only if the following requirements are met:

(A) Compliance with requirements

The plan and the PDP sponsor offering the plan comply with the requirements under this part, including the provision of qualified prescription drug coverage.

(B) Actuarial determinations

The Secretary determines that the plan and PDP sponsor meet the requirements

(E) Level of risk assumed

(i) In general

Whether the PDP sponsor requires a modification of risk level under clause (ii) and, if so, the extent of such modification. Any such modification shall apply with respect to all prescription drug plans offered by a PDP sponsor in a PDP region. This subparagraph shall not apply to an MA–PD plan.

(ii) Risk levels described

A modification of risk level under this clause may consist of one or more of the following:

(I) Increase in Federal percentage assumed in initial risk corridor

An equal percentage point increase in the percents applied under subparagaphs (B)(i), (B)(ii)(I), (C)(i), and (C)(ii)(I) of section 1395w–115(e) (2) of this title. In no case shall the application of previous sentence prevent the application of a higher percentage under section 1395w–115(e) (2) of this title.

(II) Increase in Federal percentage assumed in second risk corridor

An equal percentage point increase in the percents applied under subparagraphs (B)(ii)(II) and (C)(ii)(II) of section 1395w–115(e) (2) of this title.

(F) Additional information

Such other information as the Secretary may require to carry out this part.

(E) applying the same methodology for determinations of actuarial valuations under subparagraphs (A) and (B).

(2) Accounting for drug utilization

Such processes and methods for determining actuarial valuation shall take into account the effect that providing alternative prescription drug coverage (rather than standard prescription drug coverage) has on drug utilization.

(3) Responsibilities

(A) Plan responsibilities

PDP sponsors and MA organizations are responsible for the preparation and submission of actuarial valuations required under this part for prescription drug plans and MA–PD plans they offer.

(B) Use of outside actuaries

Under the processes and methods established under paragraph (1), PDP sponsors offering prescription drug plans and MA organizations offering MA–PD plans may use actuarial opinions certified by independent, qualified actuaries to establish actuarial values.

(1) Processes

For purposes of this part, the Secretary shall establish processes and methods for determining the actuarial valuation of prescription drug coverage, including—

(A) an actuarial valuation of standard prescription drug coverage under section 1395w–102(b) of this title;

(B) actuarial valuations relating to alternative prescription drug coverage under section 1395w–102(c)(1) of this title;

(C) an actuarial valuation of the reinsurance subsidy payments under section 1395w–115(b) of this title;

(D) the use of generally accepted actuarial principles and methodologies; and

1 See References in Text note below.
under this part relating to actuarial determinations, including such requirements under section 1395w–102(c) of this title.

(C) Application of FEHBP standard

(i) In general

The Secretary determines that the portion of the bid submitted under subsection (b) that is attributable to supplemental prescription drug coverage is supported by the actuarial bases provided under such subsection and reasonably and equitably reflects the revenue requirements (as used for purposes of section 300e–1(8)(C) of this title) for benefits provided under that plan, less the sum (determined on a monthly per capita basis) of the actuarial value of the reinsurance payments under section 1395w–115(b) of this title.

(ii) Supplemental coverage

The Secretary determines that the portion of the bid submitted under subsection (b) that is attributable to supplemental prescription drug coverage pursuant to section 1395w–102(a)(2) of this title is supported by the actuarial bases provided under such subsection and reasonably and equitably reflects the revenue requirements (as used for purposes of section 300e–1(8)(C) of this title) for such coverage under the plan.

(D) Plan design

(i) In general

The Secretary does not find that the design of the plan and its benefits (including any formulary and tiered formulary structure) are likely to substantially discourage enrollment by certain part D eligible individuals under the plan.

(ii) Use of categories and classes in formularies

The Secretary may not find that the design of categories and classes within a formulary violates clause (i) if such categories and classes are consistent with guidelines (if any) for such categories and classes established by the United States Pharmacopeia.

(f) Application of limited risk plans

(1) Conditions for approval of limited risk plans

The Secretary may only approve a limited risk plan (as defined in paragraph (4)(A)) for a PDP region if the access requirements under section 1395w–103(a) of this title would not be met for the region but for the approval of such a plan (or a fallback prescription drug plan under subsection (g)).

(2) Rules

The following rules shall apply with respect to the approval of a limited risk plan in a PDP region:

(A) Limited exercise of authority

Only the minimum number of such plans may be approved in order to meet the access requirements under section 1395w–103(a) of this title.

(B) Maximizing assumption of risk

The Secretary shall provide priority in approval for those plans bearing the highest level of risk (as computed by the Secretary), but the Secretary may take into account the level of the bids submitted by such plans.

(C) No full underwriting for limited risk plans

In no case may the Secretary approve a limited risk plan under which the modification of risk level provides for no (or a de minimis) level of financial risk.

(3) Acceptance of all full risk contracts

There shall be no limit on the number of full risk plans that are approved under subsection (e).

(4) Risk-plans defined

For purposes of this subsection:

(A) Limited risk plan

The term “limited risk plan” means a prescription drug plan that provides basic prescription drug coverage and for which the PDP sponsor includes a modification of risk level described in subparagraph (E) of subsection (b)(2) in its bid submitted for the plan under such subsection. Such term does not include a fallback prescription drug plan.

(B) Full risk plan

The term “full risk plan” means a prescription drug plan that is not a limited risk plan or a fallback prescription drug plan.

(g) Guaranteeing access to coverage

(1) Solicitation of bids

(A) In general

Separate from the bidding process under subsection (b), the Secretary shall provide for a process for the solicitation of bids from eligible fallback entities (as defined in paragraph (2)) for the offering in all fallback service areas (as defined in paragraph (3)) in one or more PDP regions of a fallback prescription drug plan (as defined in paragraph (4)) during the contract period specified in paragraph (5).

(B) Acceptance of bids

(i) In general

Except as provided in this subparagraph, the provisions of subsection (e) shall apply with respect to the approval or disapproval of fallback prescription drug plans. The Secretary shall enter into contracts under this subsection with eligible fallback entities for the offering of fallback prescription drug plans so approved in fallback service areas.

(ii) Limitation of 1 plan for all fallback service areas in a PDP region

With respect to all fallback service areas in any PDP region for a contract period, the Secretary shall approve the offering of only 1 fallback prescription drug plan.

(iii) Competitive procedures

Competitive procedures (as defined in section 132 of title 41) shall be used to
enter into a contract under this subsection. The provisions of subsection (d) of section 1395kk–1 of this title shall apply to a contract under this section in the same manner as they apply to a contract under such section.

(iv) Timing

The Secretary shall approve a fallback prescription drug plan for a PDP region in a manner so that, if there are any fallback service areas in the region for a year, the fallback prescription drug plan is offered at the same time as prescription drug plans would otherwise be offered.

(V) No national fallback plan

The Secretary shall not enter into a contract with a single fallback entity for the offering of fallback plans throughout the United States.

(2) Eligible fallback entity

For purposes of this section, the term “eligible fallback entity” means, with respect to all fallback service areas in the region for a year, a prescription drug plan that is acting as a subcontractor of a PDP sponsor with respect to a prescription drug plan.

For purposes of subparagraph (B), an entity shall be treated as submitting a bid with respect to a prescription drug plan if the entity is acting as a subcontractor of a PDP sponsor that is offering such a plan. The previous sentence shall not apply to entities that are subcontractors of an MA organization except insofar as such organization is acting as a PDP sponsor with respect to a prescription drug plan.

(3) Fallback service area

For purposes of this subsection, the term “fallback service area” means, for a PDP region for the first year of such contract period, an area that—

(A) meets the requirements to be a PDP sponsor (or would meet such requirements but for the fact that the entity is not a risk-bearing entity); and

(B) does not submit a bid under subsection (b) for any prescription drug plan for any PDP region for the first year of such contract period.

For purposes of subparagraph (B), an entity shall be treated as submitting a bid with respect to a prescription drug plan if the entity is acting as a subcontractor of a PDP sponsor that is offering such a plan. The previous sentence shall not apply to entities that are subcontractors of an MA organization except insofar as such organization is acting as a PDP sponsor with respect to a prescription drug plan.

(4) Fallback prescription drug plan

For purposes of this part, the term “fallback prescription drug plan” means a prescription drug plan that—

(B) meets such other requirements as the Secretary may specify.

(5) Payments under the contract

(A) In general

A contract entered into under this subsection shall provide for—

(i) payment for the actual costs (taking into account negotiated price concessions described in section 1395w–102(d)(1)(B) of this title) of covered part D drugs provided to part D eligible individuals enrolled in a fallback prescription drug plan offered by the entity; and

(ii) payment of management fees that are tied to performance measures established by the Secretary for the management, administration, and delivery of the benefits under the contract.

The performance measures established by the Secretary pursuant to subparagraph (A)(ii) shall include at least measures for each of the following:

(6) Monthly beneficiary premium

Except as provided in section 1395w–113(b) of this title (relating to late enrollment penalty) and subject to section 1395w–114 of this title (relating to low-income assistance), the monthly beneficiary premium to be charged under a fallback prescription drug plan offered in all fallback service areas in a PDP region shall be uniform and shall be equal to 25.5 percent of an amount equal to the Secretary’s estimate of the average monthly per capita actuarial cost, including administrative expenses, under the fallback prescription drug plan of providing coverage in the region, as calculated by the Chief Actuary of the Centers for Medicare & Medicaid Services. In calculating such administrative expenses, the Chief Actuary shall use a factor that is based on similar expenses of prescription drug plans that are not fallback prescription drug plans.

(7) General contract terms and conditions

(h) Annual report on use of limited risk plans and fallback plans
The Secretary shall submit to Congress an annual report that describes instances in which limited risk plans and fallback prescription drug plans were offered under subsections (f) and (g). The Secretary shall include in such report such recommendations as may be appropriate to limit the need for the provision of such plans and to maximize the assumption of financial risk under section subsection 3(f).

(i) Noninterference
In order to promote competition under this part and in carrying out this part, the Secretary—
   (1) may not interfere with the negotiations between drug manufacturers and pharmacies and PDP sponsors; and
   (2) may not require a particular formulary or institute a price structure for the reimbursement of covered part D drugs.

(j) Coordination of benefits
A PDP sponsor offering a prescription drug plan shall permit State Pharmaceutical Assistance Programs and Rx plans under sections 1395w–133 and 1395w–134 of this title to coordinate benefits with the plan and, in connection with such coordination with such a Program, not to impose fees that are unrelated to the cost of coordination.

   "(1) In general.—The Secretary of Health and Human Services shall conduct a study that examines variations in per capita spending for covered part D drugs under part D of title XVIII of the Social Security Act [42 U.S.C. 1395w–101 et seq.] among PDP regions and, with respect to such spending, the amount of such variation that is attributable to—
     "(A) price variations (described in section 1860D–15(c)(2) of such Act [42 U.S.C. 1395w–115(c)(2)]); and
     "(B) differences in per capita utilization that is not taken into account in the health status risk adjustment provided under section 1860D–15(c)(1) of such Act (42 U.S.C. 1395w–115(c)(1));"

     "(C) recommendations regarding the appropriate application of an additional geographic adjustment factor under section 1860D–15(c)(2) [42 U.S.C. 1395w–115(c)(2)] that reflects some or all of the variation described in subparagraph (A)."

(3) Solvency for unlicensed sponsors

In the case of a PDP sponsor that is not described in paragraph (1) and for which a waiver has been approved under subsection (c), such sponsor shall meet solvency standards established by the Secretary under subsection (d).

(b) Contract requirements

(1) In general

The Secretary shall not permit the enrollment under section 1395w–101 of this title in a prescription drug plan offered by a PDP sponsor under this part, and the sponsor shall not be eligible for payments under section 1395w–114 or 1395w–115 of this title, unless the Secretary has entered into a contract under this subsection with the sponsor with respect to the offering of such plan. Such a contract with a sponsor may cover more than one prescription drug plan. Such contract shall provide that the sponsor agrees to comply with the applicable requirements and standards of this part and the terms and conditions of payment as provided for in this part.

(2) Limitation on entities offering fallback prescription drug plans

The Secretary shall not enter into a contract with a PDP sponsor for the offering of a prescription drug plan (other than a fallback prescription drug plan) in a PDP region for a year if the sponsor—

(A) submitted a bid under section 1395w–111(g) of this title for such year (as the first year of a contract period under such section) to offer a fallback prescription drug plan in any PDP region;

(B) offers a fallback prescription drug plan in any PDP region during the year; or

(C) offered a fallback prescription drug plan in that PDP region during the previous year.

For purposes of this paragraph, an entity shall be treated as submitting a bid with respect to a prescription drug plan or offering a fallback prescription drug plan if the entity is acting as a subcontractor of a PDP sponsor that is offering such a plan. The previous sentence shall not apply to entities that are subcontractors of an MA organization except insofar as such organization is acting as a PDP sponsor with respect to a prescription drug plan.

(3) Incorporation of certain medicare advantage contract requirements

Except as otherwise provided, the following provisions of section 1395w–27 of this title shall apply to contracts under this section in the same manner as they apply to contracts under section 1395w–27(a) of this title:

(A) Minimum enrollment

Paragraphs (1) and (3) of section 1395w–27(b) of this title, except that—

(i) the Secretary may increase the minimum number of enrollees required under such paragraph (1) as the Secretary determines appropriate; and

(ii) the requirement of such paragraph (1) shall be waived during the first contract year with respect to an organization in a region.

(B) Contract period and effectiveness

Section 1395w–27(c) of this title, except that in applying paragraph (4)(B) of such section any reference to payment amounts under section 1395w–23 of such title shall be deemed payment amounts under section 1395w–115 of this title.

(C) Protections against fraud and beneficiary protections

Section 1395w–27(d) of this title.

(D) Additional contract terms

Section 1395w–27(e) of this title; except that section 1395w–27(e)(2) of this title shall apply as specified to PDP sponsors and payments under this part to an MA–PD plan shall be treated as expenditures made under part D. Notwithstanding any other provision of law, information provided to the Secretary under the application of section 1395w–27(e)(1) of this title to contracts under this section under the preceding sentence—

(i) may be used for the purposes of carrying out this part, improving public health through research on the utilization, safety, effectiveness, quality, and efficiency of health care services (as the Secretary determines appropriate); and

(ii) shall be made available to Congressional support agencies (in accordance with their obligations to support Congress as set out in their authorizing statutes) for the purposes of conducting Congressional oversight, monitoring, making recommendations, and analysis of the program under this subchapter.

(E) Intermediate sanctions

Section 1395w–27(g) of this title (other than paragraph (1)(F) of such section), except that in applying such section the reference in section 1395w–27(g)(1)(B) of this title to section 1395w–24 of this title is deemed a reference to section 1395w–27(g)(1)(B) of this title to contracts under this subchapter.

(F) Procedures for termination

Section 1395w–27(h) of this title.

(4) Prompt payment of clean claims

(A) Prompt payment

(i) In general

Each contract entered into with a PDP sponsor under this part with respect to a prescription drug plan offered by such sponsor shall provide that payment shall be issued, mailed, or otherwise transmitted with respect to all clean claims submitted by pharmacies (other than pharmacies that dispense drugs by mail order only or are located in, or contract with, a long-term care facility) under this part within the applicable number of calendar days after the date on which the claim is received.

1So in original. Probably should not be capitalized.
(ii) Clean claim defined

In this paragraph, the term “clean claim” means a claim that has no defect or impropriety (including any lack of any required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this part.

(iii) Date of receipt of claim

In this paragraph, a claim is considered to have been received—

(I) with respect to claims submitted electronically, on the date on which the claim is transferred; and

(II) with respect to claims submitted otherwise, on the 5th day after the postmark date of the claim or the date specified in the time stamp of the transmission.

(B) Applicable number of calendar days defined

In this paragraph, the term “applicable number of calendar days” means—

(i) with respect to claims submitted electronically, 14 days; and

(ii) with respect to claims submitted otherwise, 30 days.

(C) Interest payment

(i) In general

Subject to clause (ii), if payment is not issued, mailed, or otherwise transmitted within the applicable number of calendar days (as defined in subparagraph (B)) after a clean claim is received, the PDP sponsor shall pay interest to the pharmacy that submitted the claim at a rate equal to the weighted average of interest on 3-month marketable Treasury securities determined for such period, increased by 0.1 percentage point for the period beginning on the day after the required payment date and ending on the date on which payment is made (as determined under subparagraph (D)(iv)). Interest amounts paid under this subparagraph shall not be counted against the administrative costs of a prescription drug plan or treated as allowable risk corridor costs under section 1395w–115(e) of this title.

(ii) Authority not to charge interest

The Secretary may provide that a PDP sponsor is not charged interest under clause (i) in the case where there are exigent circumstances, including natural disasters and other unique and unexpected events, that prevent the timely processing of claims.

(D) Procedures involving claims

(i) Claim deemed to be clean

A claim is deemed to be a clean claim if the PDP sponsor involved does not provide notice to the claimant of any deficiency in the claim—

(I) with respect to claims submitted electronically, within 10 days after the date on which the claim is received; and

(II) with respect to claims submitted otherwise, within 15 days after the date on which the claim is received.

(ii) Claim determined to not be a clean claim

(I) In general

If a PDP sponsor determines that a submitted claim is not a clean claim, the PDP sponsor shall, not later than the end of the period described in clause (i), notify the claimant of such determination. Such notification shall specify all defects or improprieties in the claim and shall list all additional information or documents necessary for the proper processing and payment of the claim.

(ii) Determination after submission of additional information

A claim is deemed to be a clean claim under this paragraph if the PDP sponsor involved does not provide notice to the claimant of any defect or impropriety in the claim within 10 days of the date on which the claim is received shall be deemed to be a clean claim and shall be paid by the PDP sponsor in accordance with subparagraph (A).

(iii) Obligation to pay

A claim submitted to a PDP sponsor that is not paid or contested by the sponsor within the applicable number of days (as defined in subparagraph (B)) after the date on which the claim is received shall be deemed to be a clean claim and shall be paid by the PDP sponsor electronically as well.

(iv) Date of payment of claim

Payment of a clean claim under such subparagraph is considered to have been made on the date on which—

(I) with respect to claims paid electronically, the payment is transferred; and

(II) with respect to claims paid otherwise, the payment is submitted to the United States Postal Service or common carrier for delivery.

(E) Electronic transfer of funds

A PDP sponsor shall pay all clean claims submitted electronically by electronic transfer of funds if the pharmacy so requests or has so requested previously. In the case where such payment is made electronically, remittance may be made by the PDP sponsor electronically as well.

(F) Protecting the rights of claimants

(i) In general

Nothing in this paragraph shall be construed to prohibit or limit a claim or action not covered by the subject matter of this section that any individual or organization has against a provider or a PDP sponsor.

(ii) Anti-retaliation

Consistent with applicable Federal or State law, a PDP sponsor shall not retaliate against an individual or provider for exercising a right of action under this subparagraph.
(G) Rule of construction

A determination under this paragraph that a claim submitted by a pharmacy is a clean claim shall not be construed as a positive determination regarding eligibility for payment under this subchapter, nor is it an indication of government approval of, or acquiescence regarding, the claim submitted. The determination shall not relieve any party of civil or criminal liability with respect to the claim, nor does it offer a defense to any administrative, civil, or criminal action with respect to the claim.

(5) Submission of claims by pharmacies located in or contracting with long-term care facilities

Each contract entered into with a PDP sponsor under this part with respect to a prescription drug plan offered by such sponsor shall provide that a pharmacy located in, or having a contract with, a long-term care facility shall have not less than 30 days (but not more than 90 days) to submit claims to the sponsor for reimbursement under the plan.

(6) Regular update of prescription drug pricing standard

If the PDP sponsor of a prescription drug plan uses a standard for reimbursement of pharmacies based on the cost of a drug, each contract entered into with such sponsor under this part with respect to the plan shall have not less than 7 days, beginning with an initial update on January 1 of each year, to accurately reflect the market price of acquiring the drug.

c) Waiver of certain requirements to expand choice

(1) Authorizing waiver

(A) In general

In the case of an entity that seeks to offer a prescription drug plan in a State, the Secretary shall waive the requirement of subsection (a)(1) that the entity be licensed in that State if the Secretary determines, based on the application and other evidence presented to the Secretary, that any of the grounds for approval of the application described in paragraph (2) have been met.

(B) Application of regional plan waiver rule

In addition to the waiver available under subparagraph (A), the provisions of section 1395w–25(a)(2) of this title shall apply to PDP sponsors under this part in a manner similar to the manner in which such provisions apply to MA organizations under part C, except that no application shall be required under paragraph (1)(B) of such section in the case of a State that does not provide a licensing process for such a sponsor.

(2) Grounds for approval

(A) In general

The grounds for approval under this paragraph are—

(i) subject to subparagraph (B), the grounds for approval described in subpara-

graphs (B), (C), and (D) of section 1395w–25(a)(2) of this title; and

(ii) the application by a State of any grounds other than those required under Federal law.

(B) Special rules

In applying subparagraph (A)(i)—

(i) the ground of approval described in section 1395w–25(a)(2)(B) of this title is deemed to have been met if the State does not have a licensing process in effect with respect to the PDP sponsor; and

(ii) for plan years beginning before January 1, 2008, if the State does have such a licensing process in effect, such ground for approval described in such section is deemed to have been met upon submission of an application described in such section.

(3) Application of waiver procedures

With respect to an application for a waiver (or a waiver granted) under paragraph (1)(A) of this subsection, the provisions of subparagraphs (E), (F), and (G) of section 1395w–25(a)(2) of this title shall apply, except that clauses (i) and (ii) of such subparagraph (E) shall not apply in the case of a State that does not have a licensing process described in paragraph (2)(B)(i) in effect.

(4) References to certain provisions

In applying provisions of section 1395w–25(a)(2) of this title under paragraphs (2) and (3) of this subsection to prescription drug plans and PDP sponsors—

(A) any reference to a waiver application under section 1395w–25 of this title shall be treated as a reference to a waiver application under paragraph (1)(A) of this subsection; and

(B) any reference to solvency standards shall be treated as a reference to solvency standards established under subsection (d) of this section.

(d) Solvency standards for non-licensed entities

(1) Establishment and publication

The Secretary, in consultation with the National Association of Insurance Commissioners, shall establish and publish, by not later than January 1, 2005, financial solvency and capital adequacy standards for entities described in paragraph (2).

(2) Compliance with standards

A PDP sponsor that is not licensed by a State under subsection (a)(1) and for which a waiver application has been approved under subsection (c) shall meet solvency and capital adequacy standards established under paragraph (1). The Secretary shall establish certification procedures for such sponsors with respect to such solvency standards in the manner described in section 1395w–25(c)(2) of this title.

(e) Licensure does not substitute for or constitute certification

The fact that a PDP sponsor is licensed in accordance with subsection (a)(1) or has a waiver application approved under subsection (c) does not deem the sponsor to meet other requirements imposed under this part for a sponsor.
(f) Periodic review and revision of standards

(1) In general

Subject to paragraph (2), the Secretary may periodically review the standards established under this section and, based on such review, may revise such standards if the Secretary determines such revision to be appropriate.

(2) Prohibition of midyear implementation of significant new regulatory requirements

The Secretary may not implement, other than at the beginning of a calendar year, regulations under this section that impose new, significant regulatory requirements on a PDP sponsor or a prescription drug plan.

(g) Prohibition of State imposition of premium taxes; relation to State laws

The provisions of sections 1395w–24(g) and 1395w–26(b)(3) of this title shall apply with respect to PDP sponsors and prescription drug plans under this part in the same manner as such sections apply to MA organizations and MA plans under part C.

The Secretary may permit a State in making eligibility determinations for pre-
mum and cost-sharing subsidies under this section to use the same asset or resource methodologies that are used with respect to eligibility for medical assistance for medicare cost-sharing described in section 1396d(p) of this title so long as the Secretary determines that the use of such methodologies will not result in any significant differences in the number of individuals determined to be subsidy eligible individuals.

(1) In general
Subject to paragraph (2), the Secretary shall
provide for the implementation of this section,
including the performance of the duties de-

shall not apply to the Secretary with respect
to drugs dispensed during the period begin-
ing on January 1, 2011, and ending on De-
cember 31, 2011, but only if the Secretary de-

beneficiaries timely access to discounted
prices during such period.

(e) Enforcement

(1) Audits

Each manufacturer with an agreement in effect under this section shall be subject to periodic audit by the Secretary.

(2) Civil money penalty

(A) In general

The Secretary shall impose a civil money penalty on a manufacturer that fails to provide applicable beneficiaries discounts for applicable drugs of the manufacturer in accordance with such agreement for each such failure in an amount the Secretary determines is commensurate with the sum of—

(i) the amount that the manufacturer would have paid with respect to such discounts under the agreement, which will then be used to pay the discounts which the manufacturer had failed to provide; and

(ii) 25 percent of such amount.

(B) Application

The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this paragraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(f) Clarification regarding availability of other covered part D drugs

Nothing in this section shall prevent an applicable beneficiary from purchasing a covered part D drug that is not an applicable drug (including a generic drug or a drug that is not on the formulary of the prescription drug plan or MA–PD plan that the applicable beneficiary is enrolled in).

(g) Definitions

In this section:

(1) Applicable beneficiary

The term “applicable beneficiary” means an individual who, on the date of dispensing a covered part D drug—

(A) is enrolled in a prescription drug plan or an MA–PD plan;

(B) is not enrolled in a qualified retiree prescription drug plan;

(C) is not entitled to an income-related subsidy under section 1395w–114(a) of this title; and

(D) who—

(i) has reached or exceeded the initial coverage limit under section 1395w–102(b)(3) of this title during the year; and

(ii) has not incurred costs for covered part D drugs in the year equal to the annual out-of-pocket threshold specified in section 1395w–102(b)(4)(B) of this title.

(2) Applicable drug

The term “applicable drug” means, with respect to an applicable beneficiary, a covered part D drug—

(A) approved under a new drug application under section 355(b) of title 21 or, in the case of a biologic product, licensed under section 262 of this title (other than a product licensed under subsection (k) of such section 262); and

(B)(i) if the PDP sponsor of the prescription drug plan or the MA organization offering the MA–PD plan uses a formulary, which is on the formulary of the prescription drug plan or MA–PD plan that the applicable beneficiary is enrolled in;

(ii) if the PDP sponsor of the prescription drug plan or the MA organization offering the MA–PD plan does not use a formulary, for which benefits are available under the prescription drug plan or MA–PD plan that the applicable beneficiary is enrolled in; or

(iii) is provided through an exception or appeal.

(3) Applicable number of calendar days

The term “applicable number of calendar days” means—

(A) with respect to claims for reimbursement submitted electronically, 14 days; and

(B) with respect to claims for reimbursement submitted otherwise, 30 days.

(4) Discounted price

(A) In general

The term “discounted price” means 50 percent of the negotiated price of the applicable drug of a manufacturer.
(B) Clarification

Nothing in this section shall be construed as affecting the responsibility of an applicable beneficiary for payment of a dispensing fee for an applicable drug.

(C) Special case for certain claims

In the case where the entire amount of the negotiated price of an individual claim for an applicable drug with respect to an applicable beneficiary does not fall at or above the initial coverage limit under section 1395w–102(b)(3) of this title and below the annual out-of-pocket threshold specified in section 1395w–102(b)(4)(B) of this title for the year, the manufacturer of the applicable drug shall provide the discounted price under this section on only the portion of the negotiated price of the applicable drug that falls at or above such initial coverage limit and below such annual out-of-pocket threshold.

(5) Manufacturer

The term “manufacturer” means any entity which is engaged in the production, preparation, propagation, compounding, conversion, or processing of prescription drug products, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis.

(6) Negotiated price

The term “negotiated price” has the meaning given such term in section 423.100 of title 42, Code of Federal Regulations (as in effect on March 23, 2010), except that such negotiated price shall not include any dispensing fee for the applicable drug.

(7) Qualified retiree prescription drug plan

The term “qualified retiree prescription drug plan” has the meaning given such term in section 1395w–102(a)(2) of this title.

AMENDMENTS

Subsec. (b)(1)(C)(i). Pub. L. 111–152, § 1101(b)(2)(B)(i), which directed the amendment of subpar. (C) by striking out “2010” and “2011” in the heading, was executed by striking “2010 and” before “2011” in cl. (i) heading to reflect the probable intent of Congress.

Pub. L. 111–152, § 1101(b)(2)(B)(ii), (iii), substituted “January 1, 2011” for “July 1, 2010” and “not later than 30 days after the date of the establishment of a model agreement under subsection (a)” for “May 1, 2010”.

Subsec. (g)(1)(E) Pub. L. 111–152, § 1101(b)(2)(E)(iv), inserted “and” at end of subpar. (E) as (D), and struck out former subpar. (D) which read as follows: “is not subject to a reduction in premium subsidy under section 1395w(i) of this title; and”.

§ 1395w–115. Subsidies for part D eligible individuals for qualified prescription drug coverage

(a) Subsidy payment

In order to reduce premium levels applicable to qualified prescription drug coverage for part D eligible individuals consistent with an overall subsidy level of 74.5 percent for basic prescription drug coverage, to reduce adverse selection among prescription drug plans and MA–PD plans, and to promote the participation of PDP sponsors under this part and MA organizations under part C, the Secretary shall provide for payment to a PDP sponsor that offers a prescription drug plan and an MA organization that offers an MA–PD plan of the following subsidies in accordance with this section:

(1) Direct subsidy

A direct subsidy for each part D eligible individual enrolled in a prescription drug plan or MA–PD plan for a month equal to—

(A) the amount of the plan’s standardized bid amount (as defined in section 1395w–113(a)(5) of this title), adjusted under subsection (c)(1), reduced by

(B) the base beneficiary premium (as computed under paragraph (2) of section 1395w–113(a) of this title and as adjusted under paragraph (1)(B) of such section).

(2) Subsidy through reinsurance

The reinsurance payment amount (as defined in subsection (b)).

This section constitutes budget authority in advance of appropriations Acts and represents the obligation of the Secretary to provide for the payment of amounts provided under this section.

(b) Reinsurance payment amount

(1) In general

The reinsurance payment amount under this subsection for a part D eligible individual enrolled in a prescription drug plan or MA–PD plan for a coverage year is an amount equal to 80 percent of the allowable reinsurance costs (as specified in paragraph (2)) attributable to that portion of gross covered prescription drug costs as specified in paragraph (3) incurred in the coverage year after such individual has incurred costs that exceed the annual out-of-pocket threshold specified in section 1395w–102(b)(4)(B) of this title.

(2) Allowable reinsurance costs

For purposes of this section, the term “allowable reinsurance costs” means, with respect to gross covered prescription drug costs under a prescription drug plan offered by a PDP sponsor or an MA–PD plan offered by an
MA organization, the part of such costs that are actually paid (net of discounts, chargebacks, and average percentage rebates) by the sponsor or organization or by (or on behalf of) an enrollee under the plan, but in no case more than the part of such costs that would have been paid under the plan if the prescription drug coverage under the plan were basic prescription drug coverage, or, in the case of a plan providing supplemental prescription drug coverage, if such coverage were standard prescription drug coverage.

(3) Gross covered prescription drug costs

For purposes of this section, the term “gross covered prescription drug costs” means, with respect to a part D eligible individual enrolled in a prescription drug plan or MA–PD plan during a coverage year, the costs incurred under the plan, not including administrative costs, but including costs directly related to the dispensing of covered part D drugs during the year and costs relating to the deductible. Such costs shall be determined whether they are paid by the individual or under the plan, regardless of whether the coverage under the plan exceeds basic prescription drug coverage.

(4) Coverage year defined

For purposes of this section, the term “coverage year” means a calendar year in which covered part D drugs are dispensed if the claim for such drugs (and payment on such claim) is made not later than such period after the end of such year as the Secretary specifies.

(c) Adjustments relating to bids

(1) Health status risk adjustment

(A) Establishment of risk adjustors

The Secretary shall establish an appropriate methodology for adjusting the standardized bid amount under subsection (a)(1)(A) to take into account variation in costs for basic prescription drug coverage among prescription drug plans and MA–PD plans based on the differences in actuarial risk of different enrollees being served. Any such risk adjustment shall be designed in a manner so as not to result in a change in the aggregate amounts payable to such plans under subsection (a)(1) and through that portion of the monthly beneficiary prescription drug premiums described in subsection (a)(1)(B) and MA monthly prescription drug beneficiary premiums.

(B) Considerations

In establishing the methodology under subparagraph (A), the Secretary may take into account the similar methodologies used under section 1395w–23(a)(3) of this title to adjust payments to MA organizations for benefits under the original medicare fee-for-service program option.

(C) Data collection

In order to carry out this paragraph, the Secretary shall require:

(I) PDP sponsors to submit data regarding drug claims that can be linked at the individual level to part A and part B data and such other information as the Secretary determines necessary; and

(ii) MA organizations that offer MA–PD plans to submit data regarding drug claims that can be linked at the individual level to other data that such organizations are required to submit to the Secretary and such other information as the Secretary determines necessary.

(D) Publication

At the time of publication of risk adjustment factors under section 1395w–23(b)(1)(B)(i)(II) of this title, the Secretary shall publish the risk adjusters established under this paragraph for the succeeding year.

(2) Geographic adjustment

(A) In general

Subject to subparagraph (B), for purposes of section 1395w–113(a)(1)(B)(ii) of this title, the Secretary shall establish an appropriate methodology for adjusting the national average monthly bid amount (computed under section 1395w–113(a)(4) of this title) to take into account differences in prices for covered part D drugs among PDP regions.

(B) De minimis rule

If the Secretary determines that the price variations described in subparagraph (A) among PDP regions are de minimis, the Secretary shall not provide for adjustment under this paragraph.

(C) Budget neutral adjustment

Any adjustment under this paragraph shall be applied in a manner so as not to result in a change in the aggregate payments made under this part that would have been made if the Secretary had not applied such adjustment.

(d) Payment methods

(1) In general

Payments under this section shall be based on such a method as the Secretary determines. The Secretary may establish a payment method by which interim payments of amounts under this section are made during a year based on the Secretary’s best estimate of amounts that will be payable after obtaining all of the information.

(2) Requirement for provision of information

(A) Requirement

Payments under this section to a PDP sponsor or MA organization are conditioned upon the furnishing to the Secretary, in a form and manner specified by the Secretary, of such information as may be required to carry out this section.

(B) Restriction on use of information

Information disclosed or obtained pursuant to subparagraph (A) may be used by officers, employees, and contractors of the Department of Health and Human Services only for the purposes of, and to the extent necessary in, carrying out this section.

(3) Source of payments

Payments under this section shall be made from the Medicare Prescription Drug Account.
(4) Application of enrollee adjustment

The provisions of section 1395w–23(a)(2) of this title shall apply to payments to PDP sponsors under this section in the same manner as they apply to payments to MA organizations under section 1395w–23(a) of this title.

(e) Portion of total payments to a sponsor or organization subject to risk (application of risk corridors)

(1) Computation of adjusted allowable risk corridor costs

(A) In general

For purposes of this subsection, the term “adjusted allowable risk corridor costs” means, for a plan for a coverage year (as defined in subsection (b)(4))—

(i) the allowable risk corridor costs (as defined in subparagraph (B)) for the plan for the year, reduced by

(ii) the sum of—

(I) the total reinsurance payments made under subsection (b) to the sponsor of the plan for the year, and

(II) the total subsidy payments made under section 1395w–114 of this title to the sponsor of the plan for the year.

(B) Allowable risk corridor costs

For purposes of this subsection, the term “allowable risk corridor costs” means, with respect to a prescription drug plan offered by a PDP sponsor or an MA–PD plan offered by an MA organization, the part of costs (not including administrative costs, but including costs directly related to the dispensing of covered Part D drugs during the year) incurred by the sponsor or organization under the plan that are actually paid (net of discounts, chargebacks, and average percentage rebates) by the sponsor or organization under the plan, but in no case more than the part of such costs that would have been paid under the plan if the prescription drug coverage under the plan were basic prescription drug coverage, or, in the case of a plan providing supplemental prescription drug coverage, if such coverage were basic prescription drug coverage taking into account the adjustment under section 1395w–111(c)(2) of this title. In computing allowable costs under this paragraph, the Secretary shall compute such costs based upon the total subsidy payments made under section 1395w–114 of this title to the sponsor of the plan for the year, and (II) the total subsidy payments made under section 1395w–114 of this title to the sponsor of the plan for the year.

(2) Adjustment of payment

(A) No adjustment if adjusted allowable risk corridor costs within risk corridor

If the adjusted allowable risk corridor costs (as defined in paragraph (1)) for the plan for the year are at least equal to the first threshold lower limit of the risk corridor (specified in paragraph (3)(A)(i)), but not greater than the first threshold upper limit of the risk corridor (specified in paragraph (3)(A)(iii)) for the plan for the year, then no payment adjustment shall be made under this subsection.

(B) Increase in payment if adjusted allowable risk corridor costs above upper limit of risk corridor

(i) Costs between first and second threshold upper limits

If the adjusted allowable risk corridor costs for the plan for the year are greater than the first threshold upper limit, but not greater than the second threshold upper limit, of the risk corridor for the plan for the year, the Secretary shall increase the total of the payments made to the sponsor or organization offering the plan for the year under this section by an amount equal to 50 percent (or, for 2006 and 2007, 75 percent or 90 percent if the conditions described in clause (iii) are met for the year) of the difference between such adjusted allowable risk corridor costs and the first threshold upper limit of the risk corridor.

(ii) Costs above second threshold upper limits

If the adjusted allowable risk corridor costs for the plan for the year are greater than the second threshold upper limit of the risk corridor for the plan for the year, the Secretary shall increase the total of the payments made to the sponsor or organization offering the plan for the year under this section by an amount equal to—

(I) 50 percent (or, for 2006 and 2007, 75 percent or 90 percent if the conditions described in clause (iii) are met for the year) of the difference between the second threshold upper limit and the first threshold upper limit; and

(II) 80 percent of the difference between such adjusted allowable risk corridor costs and the second threshold upper limit of the risk corridor.

(iii) Conditions for application of higher percentage for 2006 and 2007

The conditions described in this clause are met for 2006 or 2007 if the Secretary determines with respect to such year that—

(I) at least 60 percent of prescription drug plans and MA–PD plans to which this subsection applies have adjusted allowable risk corridor costs for the plan for the year that are more than the first threshold upper limit of the risk corridor for the plan for the year; and

(II) such plans represent at least 60 percent of Part D eligible individuals enrolled in any prescription drug plan or MA–PD plan.

(C) Reduction in payment if adjusted allowable risk corridor costs below lower limit of risk corridor

(i) Costs between first and second threshold lower limits

If the adjusted allowable risk corridor costs for the plan for the year are less than the first threshold lower limit, but not less than the second threshold lower limit, of the risk corridor for the plan for the year,
§ 1395w–115

(3) Establishment of risk corridors

(A) In general

For each plan year the Secretary shall establish a risk corridor for each prescription drug plan and each MA–PD plan. The risk corridor for a plan for a year shall be equal to a range as follows:

(i) First threshold lower limit

The first threshold lower limit of such corridor shall be equal to—

(I) the target amount described in subparagraph (B) for the plan; minus

(II) an amount equal to the first threshold risk percentage for the plan (as determined under subparagraph (C)(i)) of such target amount.

(ii) Costs below second threshold lower limit

If the adjusted allowable risk corridor costs for the plan for the year are less than the second threshold lower limit of the risk corridor for the plan for the year, the Secretary shall reduce the total of the payments made to the sponsor or organization offering the plan for the year under this section by an amount (or otherwise recover from the sponsor or organization an amount) equal to 50 percent (or, for 2006 and 2007, 75 percent) of the difference between the first threshold lower limit of the risk corridor and such adjusted allowable risk corridor costs.

(ii)(I) 50 percent (or, for 2006 and 2007, 75 percent) of the difference between the second threshold lower limit and the first threshold lower limit; and

(ii)(II) 100 percent of the difference between the second threshold lower limit of the risk corridor and such adjusted allowable risk corridor costs.

(B) Target amount described

The target amount described in this paragraph is, with respect to a prescription drug plan or an MA–PD plan in a year, the total amount of payments paid to the PDP sponsor or MA–PD organization for the plan for the year, taking into account amounts paid by the Secretary and enrollees, based upon the standardized bid amount (as defined in section 1395w–113(a)(3) of this title and as adjusted under subsection (c)(1)), reduced by the total amount of administrative expenses for the year assumed in such standardized bid.

(C) First and second threshold risk percentage defined

(i) First threshold risk percentage

Subject to clause (iii), for purposes of this section, the first threshold risk percentage is—

A prescription drug card sponsor offering an endorsed discount card program shall provide that each pharmacy that dispenses a covered discount card drug shall inform a discount card eligible individual enrolled in the program of any differential between the price of the drug to the enrollee and the price of the lowest priced generic covered discount card drug under the program that is therapeutically equivalent and bioequivalent and available at such pharmacy.

Subject to clause (ii), the information under subparagraph (A) shall be provided

(B) Ensuring pharmacy access

Each prescription drug card sponsor offering an endorsed discount card program shall secure the participation in its network of a sufficient number of pharmacies that dispense (other than solely by mail order) drugs directly to enrollees to ensure convenient access to covered discount card drugs at negotiated prices (consistent with rules established by the Secretary). The Secretary shall establish convenient access rules under this clause that are no less favorable to enrollees than the standards for convenient access to pharmacies included in the statement of work of solicitation (#MDA906–03–R–0002) of the Department of Defense under the TRICARE Retail Pharmacy (TRRx) as of March 13, 2003.

(C) Prohibition on charges for required services

(ii) Construction

Nothing in clause (i) shall be construed to prevent—

(I) the sponsor from charging the annual enrollment fee (except in the case of a transitional assistance eligible individual); and

(II) the pharmacy dispensing the covered discount card drug, from imposing a charge (consistent with the negotiated price) for the covered discount card drug dispensed, reduced by the amount of any transitional assistance made available.

(D) Inapplicability of medicaid best price rules

The prices negotiated from drug manufacturers for covered discount card drugs under an endorsed discount card program under this section shall (notwithstanding any other provision of law) not be taken into account for the purposes of establishing the best price under section 1396r–8(c)(1)(C) of this title.

(A) In general

Under the procedures specified under paragraph (1)(A) an individual who wishes to be treated as a transitional assistance eligible individual or a special transitional assistance eligible individual under this section (or another qualified person on such individual’s behalf) shall certify on the enrollment form under subsection (c)(1)(B) (or similar form specified by the Secretary), through a simplified means specified by the Secretary and under penalty of perjury or similar sanction for false statements, as to the amount of the individual’s income, family size, and individual’s prescription drug coverage (if any) insofar as they relate to eligibility to be a transitional assistance eligible individual or a transitional assistance eligible individual. Such certification shall be deemed as consent to verification of respec-
tive eligibility under paragraph (3). A certification under this paragraph may be provided before, on, or after the time of enrollment under an endorsed program.

(B) Treatment of self-certification

The Secretary shall treat a certification under subparagraph (A) that is verified under paragraph (3) as a determination that the individual involved is a transitional assistance eligible individual or special transitional assistance eligible individual (as the case may be) for the entire period of the enrollment of the individual in any endorsed program.

(3) Verification

(A) In general

The Secretary shall establish methods (which may include the use of sampling and the use of information described in subparagraph (B)) to verify eligibility for individuals who seek to enroll in an endorsed program and for individuals who provide a certification under paragraph (2).

6. medical services provided by an intern or resident-in-training of a hospital with which the facility has in effect a transfer agreement (meeting the requirements of subsection (i)), under a teaching program of such hospital approved as provided in the last sentence of subsection (b), and other diagnostic or therapeutic services provided by a hospital with which the facility has such an agreement in effect; and
7. such other services necessary to the health of the patients as are generally provided by skilled nursing facilities, or by others under arrangements with them made by the facility;

excluding, however, any item or service if it would not be included under subsection (b) if furnished to an inpatient of a hospital.

(i) **Post-hospital extended care services**

The term "post-hospital extended care services" means extended care services furnished an individual after transfer from a hospital in which he was an inpatient for not less than 3 consecutive days before his discharge from the hospital in connection with such transfer. For purposes of the preceding sentence, items and services shall be deemed to have been furnished to an individual after transfer from a hospital, and he shall be deemed to have been an inpatient in the hospital immediately before transfer therefrom, if he is admitted to the skilled nursing facility (A) within 30 days after discharge from such hospital, or (B) within such time as it would be medically appropriate to begin an active course of treatment, in the case of an individual whose condition is such that skilled nursing facility care would not be medically appropriate within 30 days after discharge from a hospital; and an individual shall be deemed not to have been discharged from a skilled nursing facility if, within 30 days after discharge therefrom, he is admitted to such facility or any other skilled nursing facility.

(j) **Skilled nursing facility**

The term "skilled nursing facility" has the meaning given such term in section 1395i–3(a) of this title.

(k) **Utilization review**

A utilization review plan of a hospital or skilled nursing facility shall be considered sufficient if it is applicable to services furnished by the institution to individuals entitled to insurance benefits under this subchapter and if it provides—

1. for the review, on a sample or other basis, of admissions to the institution, the duration of stays therein, and the professional services (including drugs and biologicals) furnished, (A) with respect to the medical necessity of the services, and (B) for the purpose of promoting the most efficient use of available health facilities and services;
2. for such review to be made by either (A) a staff committee of the institution composed of two or more physicians (of which at least two must be physicians described in subsection (r)(1) of this section), with or without participation of other professional personnel, or (B) a group outside the institution which is similarly composed and (i) which is established by the local medical society and some or all of the hospitals and skilled nursing facilities in the locality, or (ii) if (and for as long as) there has not been established such a group which serves such institution, which is established in such other manner as may be approved by the Secretary;
3. for such review, in each case of inpatient hospital services or extended care services furnished to such an individual during a continuous period of extended duration, as of such days of such period (which may differ for different classes of cases) as may be specified in regulations, with such review to be made as promptly as possible, after each day so specified, and in no event later than one week following such day; and
4. for prompt notification to the institution, the individual, and his attending physician of any finding (made after opportunity for consultation to such attending physician) by the physician members of such committee or group that any further stay in the institution is not medically necessary.

The review committee must be composed as provided in clause (B) of paragraph (2) rather than as provided in clause (A) of such paragraph in the case of any hospital or skilled nursing facility where, because of the small size of the institution, or (in the case of a skilled nursing facility) because of lack of an organized medical staff, or for such other reason or reasons as may be included in regulations, it is impracticable for the institution to have a properly functioning staff committee for the purposes of this subsection. If the Secretary determines that the
utilization review procedures established pursuant to subchapter XIX are superior in their effectiveness to the procedures required under this section, he may, to the extent that he deems it appropriate, require for purposes of this subsection that the procedures established pursuant to subchapter XIX be utilized instead of the procedures required by this section.

(i) Agreements for transfer between skilled nursing facilities and hospitals

A hospital and a skilled nursing facility shall be considered to have a transfer agreement in effect if, by reason of a written agreement between them or (in case the two institutions are under common control) by reason of a written undertaking by the person or body which controls them, there is reasonable assurance that—

1. transfer of patients will be effected between the hospital and the skilled nursing facility whenever such transfer is medically appropriate as determined by the attending physician; and

2. there will be interchange of medical and other information necessary or useful in the care and treatment of individuals transferred between the institutions, or in determining whether such individuals can be adequately cared for otherwise than in either of such institutions.

Any skilled nursing facility which does not have such an agreement in effect, but which is found by a State agency (of the State in which such facility is situated) with which an agreement has been entered into under section 1385aa of this title, by the Secretary, to have attempted in good faith to enter into such an agreement with a hospital sufficient to close the facility to make feasible the transfer between them of patients and the information referred to in paragraph (2), shall be considered to have such an agreement in effect if and for so long as such agency (or the Secretary, as the case may be) finds that to do so is in the public interest and essential to assuring extended care services for persons in the community who are eligible for payment with respect to such services under this subchapter.

(m) Home health services

The term “home health services” means the following items and services furnished to an individual, who is under the care of a physician, by a home health agency or by others under arrangements with them made by such agency, under a plan (for furnishing such items and services to such individual) established and periodically reviewed by a physician, which items and services are, except as provided in paragraph (7), provided on a visiting basis in a place of residence used as such individual’s home—

1. part-time or intermittent nursing care provided by or under the supervision of a registered professional nurse;

2. physical or occupational therapy or speech-language pathology services;

3. medical social services under the direction of a physician;

4. to the extent permitted in regulations, part-time or intermittent services of a home health aide who has successfully completed a training program approved by the Secretary;

5. medical supplies (including catheters, catheter supplies, ostomy bags, and supplies related to ostomy care, and a covered osteoporosis drug (as defined in subsection (b)(1), but excluding other drugs and biologicals) and durable medical equipment and applicable disposable devices (as defined in section 1395m(s)(2) of this title) while under such a plan;

6. in the case of a home health agency which is affiliated or under common control with a hospital, medical services provided by an intern or resident-in-training of such hospital, under a teaching program of such hospital approved as provided in the last sentence of subsection (b); and

7. any of the foregoing items and services which are provided on an outpatient basis, under arrangements made by the home health agency, at a hospital or skilled nursing facility, or at a rehabilitation center which meets such standards as may be prescribed in regulations, and—

(A) the furnishing of which involves the use of equipment of such a nature that the items and services cannot readily be made available to the individual in such place of residence, or

(B) which are furnished at such facility while he is there to receive any such item or service described in clause (A), but not including transportation of the individual in connection with any such item or service; excluding, however, any item or service if it would not be included under subsection (b) if furnished to an inpatient of a hospital. For purposes of paragraphs (1) and (4), the term “part-time or intermittent services” means skilled nursing and home health aide services furnished any number of days per week as long as they are furnished (combined) less than 8 hours each day and 28 or fewer hours each week (or, subject to review on a case-by-case basis as to the need for care, less than 8 hours each day and 35 or fewer hours per week). For purposes of sections 1395f(a)(2)(C) and 1395n(a)(2)(A) of this title, “intermittent” means skilled nursing care that is either provided or needed on fewer than 7 days each week, or less than 8 hours of each day for periods of 21 days or less (with extensions in exceptional circumstances when the need for additional care is finite and predictable).

(n) Durable medical equipment

The term “durable medical equipment” includes iron lungs, oxygen tents, hospital beds, and wheelchairs (which may include a power-operated vehicle that may be appropriately used as a wheelchair, but only where the use of such a vehicle is determined to be necessary on the basis of the individual’s medical and physical condition and the vehicle meets such safety requirements as the Secretary may prescribe) used in the patient’s home (including an institution used as his home other than an institution that meets the requirements of subsection (e)(1) of this section or section 1395i–3(a)(1) of this title).
whether furnished on a rental basis or purchased, and includes blood-testing strips and blood glucose monitors for individuals with diabetes without regard to whether the individual has Type I or Type II diabetes or to the individual's use of insulin (as determined under standards established by the Secretary in consultation with the appropriate organizations) and eye tracking and gaze interaction accessories for speech generating devices furnished to individuals with a demonstrated medical need for such accessories; except that such term does not include such equipment furnished by a supplier who has used, for the demonstration and use of specific equipment, an individual who has not met such minimum training standards as the Secretary may establish with respect to the demonstration and use of such specific equipment. With respect to a seat-lift chair, such term includes only the seat-lift mechanism and does not include the chair.

(o) Home health agency

The term “home health agency” means a public agency or private organization, or a subdivision of such an agency or organization, which—(1) is primarily engaged in providing skilled nursing services and other therapeutic services; (2) has policies, established by a group of professional personnel (associated with the agency or organization), including one or more physicians and one or more registered professional nurses, to govern the services (referred to in paragraph (1)) which it provides, and provides for supervision of such services by a physician or registered professional nurse; (3) maintains clinical records on all patients; (4) in the case of an agency or organization in any State in which State or applicable local law provides for the licensing of agencies or organizations of this nature, (A) is licensed pursuant to such law, or (B) is approved by the agency of such State or locality responsible for licensing agencies or organizations of this nature, as meeting the standards established for such licensing; (5) has in effect an overall plan and budget that meets the requirements of subsection (z); (6) meets the conditions of participation specified in section 1395bbb(a) of this title and such other conditions of participation as the Secretary may find necessary in the interest of the health and safety of individuals who are furnished services by such agency or organization; (7) provides the Secretary with a surety bond—(A) in a form specified by the Secretary and in an amount that is not less than the minimum of $50,000; and (B) that the Secretary determines is commensurate with the volume of payments to the home health agency; and (8) meets such additional requirements (including conditions relating to bonding or establishing of escrow accounts as the Secretary finds necessary for the financial security of the program) as the Secretary finds necessary for the effective and efficient operation of the program; except that for purposes of part A such term shall not include any agency or organization which is primarily for the care and treatment of mental diseases. The Secretary may waive the requirement of a surety bond under paragraph (7) in the case of an agency or organization that provides a comparable surety bond under State law.

(p) Outpatient physical therapy services

The term “outpatient physical therapy services” means physical therapy services furnished by a provider of services, a clinic, rehabilitation agency, or a public health agency, or by others under an arrangement with, and under the supervision of, such provider, clinic, rehabilitation agency, or public health agency to an individual as an outpatient—(1) who is under the care of a physician (as defined in paragraph (1), (3), or (4) of subsection (r)), and (2) with respect to whom a plan prescribing the type, amount, and duration of physical therapy services that are to be furnished such individual has been established by a physician (as so defined) or by a qualified physical therapist and is periodically reviewed by a physician (as so defined); excluding, however—(3) any item or service if it would not be included under subsection (b) if furnished to an inpatient of a hospital; and (4) any such service—(A) if furnished by a clinic or rehabilitation agency, or by others under arrangements with such clinic or agency, unless such clinic or rehabilitation agency—(i) provides an adequate program of physical therapy services for outpatients and has the facilities and personnel required for such program or required for the supervision of such a program, in accordance with such requirements as the Secretary may specify, (ii) has policies, established by a group of professional personnel, including one or more physicians (associated with the clinic or rehabilitation agency) and one or more qualified physical therapists, to govern the services (referred to in clause (i)) it provides, (iii) maintains clinical records on all patients, (iv) if such clinic or agency is situated in a State in which State or applicable local law provides for the licensing of institutions of this nature, (I) is licensed pursuant to such law, or (II) is approved by the agency of such State or locality responsible for licensing institutions of this nature, as meeting the standards established for such licensing; and (v) meets such other conditions relating to the health and safety of individuals who are furnished services by such clinic or agency on an outpatient basis, as the Secretary may find necessary, and provides the Secretary on a continuing basis with a surety bond in a form specified by the Secretary and in an amount that is not less than $50,000, or
(B) if furnished by a public health agency, unless such agency meets such other conditions relating to health and safety of individuals who are furnished services by such agency on an outpatient basis, as the Secretary may find necessary.

The term “outpatient physical therapy services” also includes physical therapy services furnished by a physician to an individual by a physical therapist (in his office or in such individual’s home) who meets licensing and other standards prescribed by the Secretary in regulations, otherwise than under an arrangement with and under the supervision of a provider of services, clinic, rehabilitation agency, or public health agency, if the furnishing of such services meets such conditions relating to health and safety as the Secretary may find necessary. In addition, such term includes physical therapy services which meet the requirements of the first sentence of this subsection except that they are furnished to an individual as an inpatient of a hospital or extended care facility. Nothing in this subsection shall be construed as requiring, with respect to outpatients who are not entitled to benefits under this subchapter, a physical therapist to provide outpatient physical therapy services only to outpatients who are under the care of a physician or pursuant to a plan of care established by a physician. The Secretary may waive the requirement of a surety bond under paragraph (4)(A)(v) in the case of a clinic or agency that provides a comparable surety bond under State law.

(q) Physicians’ services

The term ‘‘physicians’ services’’ means professional services performed by physicians, including surgery, consultation, and home, office, and institutional calls (but not including services described in subsection (b)(6)).

For the purposes of section 1395y(a)(4) of this title and subject to the limitations and conditions provided in the previous sentence, such term includes a doctor of one of the arts, specified in such previous sentence, legally authorized to practice such art in the country in which the inpatient hospital services (referred to in such section 1395y(a)(4) of this title) are furnished.

(f) Drugs and biologicals

(1) The term “drugs” and the term “biologicals”, except for purposes of subsection (m)(5) of this section and paragraph (2), include only such drugs (including contrast agents) and biologicals, respectively, as are included (or approved for inclusion) in the United States Pharmacopoeia, the National Formulary, or the United States Homeopathic Pharmacopoeia, or in New Drugs or Accepted Dental Remedies (except for any drugs and biologicals unfavorably evaluated therein), or as are approved by the pharmacy and drug therapeutics committee (or equivalent committee) of the medical staff of the hospital furnishing such drugs and biologicals for use in such hospital.

(2)(A) For purposes of paragraph (1), the term “drugs” also includes any drugs or biologicals used in an anticancer chemotherapeutic regimen for a medically accepted indication (as described in subparagraph (B)).

(B) In subparagraph (A), the term “medically accepted indication”, with respect to the use of a drug, includes any use which has been approved by the Food and Drug Administration for the drug, and includes another use of the drug if—

(i) the drug has been approved by the Food and Drug Administration; and

(ii)(I) such use is supported by one or more citations which are included (or approved for inclusion) in one or more of the following compendia: the American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluations, the United States Pharmacopoeia-Drug Information (or its successor publications), and other authoritative compendia as identified by the Secretary, unless the Secretary has determined that the use is not medically appropriate or the use is identified as not indicated in one or more such compendia, or

(ii)(II) the carrier involved determines, based upon guidance provided by the Secretary to carriers for determining accepted uses of drugs, that such use is medically accepted based on supportive clinical evidence in peer reviewed medical literature appearing in publications which have been identified for purposes of this subsection by the Secretary.

The Secretary may revise the list of compendia in clause (ii)(I) as is appropriate for identifying medically accepted indications for drugs. On and after January 1, 2010, no compendia may be included on the list of compendia under this subparagraph unless the compendia has a publicly transparent process for evaluating therapies and for identifying potential conflicts of interests.

So in original. Probably should be “have”.

(1)(A) The reasonable cost of any services shall be the cost actually incurred, excluding therefrom any part of incurred cost found to be unnecessary in the efficient delivery of needed health services, and shall be determined in accordance with regulations establishing the method or methods to be used, and for the costs to be included, in determining such costs for various types or classes of institutions, agencies, and services; except that in any case to which paragraph (2) or (3) applies, the amount of the payment determined under such paragraph with respect to the services involved shall be considered the reasonable cost of such services. In prescribing the regulations referred to in the preceding sentence, the Secretary shall consider, among other things, the principles generally applied by national organizations or established prepayment organizations (which have developed such principles) in computing the amount of payment, to be made by persons other than the recipients of services, to providers of services on account of services furnished to such recipients by such providers. Such regulations may provide for determination of the costs of services on a per diem, per unit, per capita, or other basis, may provide for using different methods in different circumstances, may provide for the use of estimates of costs of particular items or services, may provide, for the establishment of limits on the direct or indirect overall incurred costs or incurred costs of specific items or services or groups of items or services to be recognized as reasonable based on estimates of the costs necessary in the efficient delivery of needed health services to individuals covered by the insurance programs established under this subchapter, and may provide for the use of charges or a percentage of charges where this method reasonably reflects the costs. Such regulations shall (i) take into account both direct and indirect costs of providers of services (excluding therefrom any such costs, including standby costs, which are determined in accordance with regulations to be unnecessary in the efficient delivery of services covered by the insurance programs established under this subchapter) in order that, under the methods of determining costs, the necessary costs of efficiently delivering covered services to individuals covered by the insurance programs established by this subchapter will not be borne by individuals not so covered, and the costs with respect to individuals not so covered will not be borne by such insurance programs, and (ii) provide for the making of suitable retroactive corrective adjustments where, for a provider of services for any fiscal period, the aggregate reimbursement produced by the methods of determining costs proves to be either inadequate or excessive.

(B) In the case of extended care services, the regulations under subparagraph (A) shall not in-
clude provision for specific recognition of a return on equity capital.

(C) Where a hospital has an arrangement with a medical school under which the faculty of such school provides services at such hospital, an amount not in excess of costs of such services to the medical school shall be included in determining the reasonable cost to the hospital of furnishing services—

(i) for which payment may be made under part A, but only if—

(I) payment for such services as furnished under such arrangement would be made under part A to the hospital had such services been furnished by the hospital, and

(II) such hospital pays to the medical school at least the reasonable cost of such services to the medical school, or

(ii) for which payment may be made under part B, but only if such hospital pays to the medical school at least the reasonable cost of such services to the medical school.

(D) Where (i) physicians furnish services which are either inpatient hospital services (including services in conjunction with the teaching programs of such hospital) by reason of paragraph (7) of subsection (b) or for which entitlement exists by reason of clause (II) of section 1395k(a)(2)(B)(i) of this title, and (ii) such hospital (or medical school under arrangement with such hospital) incurs no actual cost in the furnishing of such services, the reasonable cost of such services shall (under regulations of the Secretary) be deemed to be the cost such hospital or medical school would have incurred had it paid a salary to such physicians rendering such services approximately equivalent to the average salary paid to all physicians employed by such hospital (or if such employment does not exist, or is minimal in such hospital, by similar hospitals in a geographic area of sufficient size to assure reasonable inclusion of sufficient physicians in development of such average salary).

(E) Such regulations may, in the case of skilled nursing facilities in any State, provide for the use of rates, developed by the State in which such facilities are located, for the payment of the cost of skilled nursing facility services furnished under the State’s plan approved under subchapter XIX (and such rates may be not otherwise payable under part A with respect to inpatient hospital services.

(ii) Except as provided in subclause (II), the payment rate referred to in clause (i) is a rate equal to the estimated adjusted State-wide average rate per patient-day paid for services provided in skilled nursing facilities under the State plan approved under subchapter XIX for the State in which such hospital is located, or, if the State in which the hospital is located does not have a State plan approved under subchapter XIX, the estimated adjusted State-wide average allowable costs per patient-day for extended care services provided to patients of such unit.

(iii) Any day on which an individual receives inpatient services for which payment is made under this subchapter shall, for purposes of this subchapter) of such facilities complying with the requirements of subsections (b), (c), and (d) of section 1395i-3 of this title (including the costs of conducting nurse aide training and competency evaluation programs and competency evaluation programs.

(F) Such regulations shall require each provider of services (other than a fund) to make reports to the Secretary of information described in section 1320a(a) of this title in accordance with the uniform reporting system (established under such section) for that type of provider.

(G)(i) In any case in which a hospital provides inpatient services to an individual that would constitute post-hospital extended care services if provided by a skilled nursing facility and a quality improvement organization (or, in the absence of such a qualified organization, the Secretary or such agent as the Secretary may designate) determines that inpatient hospital services for the individual are not medically necessary but post-hospital extended care services for the individual are medically necessary and such extended care services are not otherwise available to the individual (as determined in accordance with criteria established by the Secretary) at the time of such determination, payment for such services provided to the individual shall continue to be made under this subchapter at the payment rate described in clause (ii) during the period in which—

(I) such post-hospital extended care services for the individual are medically necessary and not otherwise available to the individual (as so determined);

(II) inpatient hospital services for the individual are not medically necessary, and

(III) the individual is entitled to have payment made for post-hospital extended care services under this subchapter, except that if the Secretary determines that there is not an excess of hospital beds in such hospital and (subject to clause (iv)) there is not an excess of hospital beds in the area of such hospital, such payment shall be made (during such period) on the basis of the amount otherwise payable under part A with respect to inpatient hospital services.

(ii) Except as provided in subclause (II), the payment rate referred to in clause (i) is a rate equal to the estimated adjusted State-wide average rate per patient-day paid for services provided in skilled nursing facilities under the State plan approved under subchapter XIX for the State in which such hospital is located, or, if the State in which the hospital is located does not have a State plan approved under subchapter XIX, the estimated adjusted State-wide average allowable costs per patient-day for extended care services provided to patients of such unit.

(iii) Any day on which an individual receives inpatient services for which payment is made under this subchapter shall, for purposes of
this chapter (other than this subparagraph), be deemed to be a day on which the individual received inpatient hospital services.

(iv) In determining under clause (i), in the case of a public hospital, whether or not there is an excess of hospital beds in the area of such hospital, such determination shall be made on the basis of only the public hospitals (including the hospital) which are in the area of the hospital and which are under common ownership with that hospital.

(H) In determining such reasonable cost with respect to home health agencies, the Secretary may not include—

(i) any costs incurred in connection with bonding or establishing an escrow account by any such agency as a result of the surety bond requirement described in subsection (o)(7) and the financial security requirement described in subsection (o)(8);

(ii) in the case of home health agencies to which the surety bond requirement described in subsection (o)(7) and the financial security requirement described in subsection (o)(8) apply, any costs attributed to interest charged such an agency in connection with amounts borrowed by the agency to repay overpayments made under this subchapter to the agency, except that such costs may be included in reasonable cost if the Secretary determines that the agency was acting in good faith in borrowing the amounts;

(iii) in the case of contracts entered into by a home health agency after December 5, 1980, for the purpose of having services furnished for or on behalf of such agency, any cost incurred by such agency pursuant to any such contract which is entered into for a period exceeding five years; and

(iv) in the case of contracts entered into by a home health agency before December 5, 1980, for the purpose of having services furnished for or on behalf of such agency, any cost incurred by such agency pursuant to any such contract, which determines the amount payable by the home health agency on the basis of a percentage of the agency’s reimbursement or claim for reimbursement for services furnished by the agency, to the extent that such cost exceeds the reasonable value of the services furnished on behalf of such agency.

(I) In determining such reasonable cost, the Secretary may not include any costs incurred by a provider with respect to any services furnished in connection with matters for which payment may be made under this subchapter and furnished pursuant to a contract between the provider and any of its subcontractors which is entered into after December 5, 1980, and the value or cost of which is $10,000 or more over a twelve-month period unless the contract contains a clause to the effect that—

(i) until the expiration of four years after the furnishing of such services pursuant to such contract, the subcontractor shall make available, upon written request by the Secretary, or upon request by the Comptroller General, or any of their duly authorized representatives, the contract, and books, documents and records of such subcontractor that are necessary to certify the nature and extent of such costs, and

(ii) if the subcontractor carries out any of the duties of the contract through a subcontract, with a value or cost of $10,000 or more over a twelve-month period, with a related organization, such subcontract shall contain a clause to the effect that until the expiration of four years after the furnishing of such services pursuant to such subcontract, the related organization shall make available, upon written request by the Secretary, or upon request by the Comptroller General, or any of their duly authorized representatives, the subcontract, and books, documents and records of such organization that are necessary to verify the nature and extent of such costs.

The Secretary shall prescribe in regulation 5 criteria and procedures which the Secretary shall use in obtaining access to books, documents, and records under clauses required in contracts and subcontracts under this subparagraph.

(J) Such regulations may not provide for any inpatient routine salary cost differential as a reimbursable cost for hospitals and skilled nursing facilities.

(K)(i) The Secretary shall issue regulations that provide, to the extent feasible, for the establishment of limitations on the amount of any costs or charges that shall be considered reasonable with respect to services provided on an outpatient basis by hospitals (other than bona fide emergency services as defined in clause (ii)) or clinics (other than rural health clinics), which are reimbursed on a cost basis or on the basis of cost related charges, and by physicians utilizing such outpatient facilities. Such limitations shall be reasonably related to the charges in the same area for similar services provided in physicians’ offices. Such regulations shall provide for exceptions to such limitations in cases where such services are not generally available in physicians’ offices in the area to individuals entitled to benefits under this subchapter.

(ii) For purposes of clause (i), the term ‘‘bona fide emergency services’’ means services provided in a hospital emergency room after the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in—

(I) placing the patient’s health in serious jeopardy;

(II) serious impairment to bodily functions;

or

(III) serious dysfunction of any bodily organ or part.

(L)(i) The Secretary, in determining the amount of the payments that may be made under this subchapter with respect to services furnished by home health agencies, may not recognize as reasonable (in the efficient delivery of such services) costs for the provision of such services by an agency to the extent these costs exceed (on the aggregate for the agency) the expiring reporting periods beginning on or after—

(I) July 1, 1985, and before July 1, 1986, 120 percent of the mean of the labor-related and

nonlabor per visit costs for freestanding home health agencies,

(II) July 1, 1986, and before July 1, 1987, 115 percent of such mean,
(III) July 1, 1987, and before October 1, 1997, 112 percent of such mean,
(IV) October 1, 1997, and before October 1, 1998, 105 percent of the median of the labor-related and nonlabor per visit costs for freestanding home health agencies, or
(V) October 1, 1998, 106 percent of such median.

(ii) Effective for cost reporting periods beginning on or after July 1, 1986, such limitations shall be applied on an aggregate basis for the agency, rather than on a discipline specific basis. The Secretary may provide for such exemptions and exceptions to such limitation as he deems appropriate.

(iii) Not later than July 1, 1991, and annually thereafter (but not for cost reporting periods beginning on or after July 1, 1984, and before July 1, 1996, or on or after July 1, 1997, and before October 1, 1997), the Secretary shall establish limits under this subparagraph for cost reporting periods beginning on or after such date by utilizing the area wage index applicable under section 1395ww(d)(3)(E) of this title and determined using the survey of the most recent available wages and wage-related costs of hospitals located in the geographic area in which the home health service is furnished (determined without regard to whether such hospitals have been reclassified to a new geographic area pursuant to section 1395ww(d)(3)(E) of this title, a decision of the Medicare Geographic Classification Review Board under section 1395ww(d)(10) of this title, or a decision of the Secretary).

(iv) In establishing limits under this subparagraph for cost reporting periods beginning after September 30, 1997, the Secretary shall not take into account any changes in the home health market basket, as determined by the Secretary, with respect to cost reporting periods which began on or after July 1, 1994, and before July 1, 1996.

(v) For services furnished by home health agencies for cost reporting periods beginning on or after October 1, 1997, subject to clause (vii)(I), the Secretary shall provide for an interim system of limits. Payment shall not exceed the costs determined under the preceding provisions of this subparagraph or, if lower, the product of—

(I) an agency-specific per beneficiary annual limitation calculated based 75 percent on 98 percent of the reasonable costs (including nonroutine medical supplies) for the agency’s 12-month cost reporting period ending during fiscal year 1994, and based 25 percent on 98 percent of the standardized regional average of such costs for the agency’s census division, as applied to such agency, for cost reporting periods ending during fiscal year 1994, such costs updated by the home health market basket index, and

(II) the agency’s unduplicated census count of patients (entitled to benefits under this subchapter) for the cost reporting period subject to the limitation.

(vi) For services furnished by home health agencies for cost reporting periods beginning on or after October 1, 1997, the following rules apply:

(I) For new providers and those providers without a 12-month cost reporting period ending in fiscal year 1994 subject to clauses (viii)(II) and (viii)(III), the per beneficiary limitation shall be equal to the median of these limits (or the Secretary’s best estimates thereof) applied to other home health agencies as determined by the Secretary. A home health agency that has altered its corporate structure or name shall not be considered a new provider for this purpose.

(II) For beneficiaries who use services furnished by more than one home health agency, the per beneficiary limitations shall be prorated among the agencies.

(vii) Not later than January 1, 1998, the Secretary shall establish per visit limits applicable for fiscal year 1998, and not later than April 1, 1998, the Secretary shall establish per beneficiary limits under clause (v)(I) for fiscal year 1998.

(II) Not later than August 1 of each year (beginning in 1998) the Secretary shall establish the limits applicable under this subparagraph for services furnished during the fiscal year beginning October 1 of the year.

(viii)(I) In the case of a provider with a 12-month cost reporting period ending in fiscal year 1994, if the limit imposed under clause (v) (determined without regard to this subclause) for a cost reporting period beginning during or after fiscal year 1999 is less than the median described in clause (vi)(I) (but determined as if any reference in clause (v) to “98 percent” were a reference to “100 percent”), the limit otherwise imposed under clause (v) for such provider and period shall be increased by 1/2 of such difference.

(II) Subject to subclause (IV), for new providers and those providers without a 12-month cost reporting period ending in fiscal year 1994, but for which the first cost reporting period begins before fiscal year 1999, for cost reporting periods beginning during or after fiscal year 1999, the per beneficiary limitation described in clause (vii)(I) shall be equal to the median described in such clause (determined as if any reference in clause (v) to “98 percent” were a reference to “100 percent”).

(III) Subject to subclause (IV), in the case of a new provider for which the first cost reporting period begins during or after fiscal year 1999, the limitation applied under clause (vi)(I) (but only with respect to such provider) shall be equal to 75 percent of the median described in clause (vi)(I).

(IV) In the case of a new provider or a provider without a 12-month cost reporting period ending in fiscal year 1994, subclause (II) shall apply, instead of subclause (III), to a home health agency which filed an application for home health agency provider status under this subchapter before September 15, 1998, or which was approved as a branch of its parent agency before such date and becomes a subunit of the parent agency or a separate agency on or after such date.

(V) Each of the amounts specified in subclauses (I) through (III) are such amounts as ad-
justed under clause (iii) to reflect variations in
wages among different areas.

(ix) Notwithstanding the per beneficiary limit
under clause (viii), if the limit imposed under
clause (v) (determined without regard to this
cost for a cost reporting period beginning
during or after fiscal year 2000 is less than the
median described in clause (vi)(I) (but deter-
mined as if any reference in clause (v) to "98
percent" were a reference to "100 percent"), the
limit otherwise imposed under clause (v) for
such provider and period shall be increased by 2
percent.

(x) Notwithstanding any other provision of
this subparagraph, in updating any limit under
this subparagraph by a home health market bas-
ket index for cost reporting periods beginning
during each of fiscal years 2000, 2002, and 2003,
the update otherwise provided shall be reduced
by 1.1 percentage points. With respect to cost re-
porting periods beginning during fiscal year
2001, the update to any limit under this subpara-
graph shall be the home health market basket
index.

(M) Such regulations shall provide that costs
respecting care provided by a provider of serv-
ces, pursuant to an assurance under title VI or
XVI of the Public Health Service Act [42 U.S.C.
291 et seq., 300q et seq.] that the provider will
make available a reasonable volume of services
to persons unable to pay therefor, shall not be
allowable as reasonable costs.

(N) In determining such reasonable costs,
costs incurred for activities directly related to
influencing employees respecting unionization
measures shall not be included.

(O)(i) In establishing an appropriate allowance
for depreciation and for interest on capital in-
debtedness with respect to an asset of a provider
of services which has undergone a change of
ownership, such regulations shall provide, ex-
cept as provided in clause (iii), that the valua-
tion of the asset after such change of ownership
shall be the historical cost of the asset, as rec-
ognized under this subchapter, less depreciation
allowed, to the owner of record as of August 5,
1997 (or, in the case of an asset not in existence
as of August 5, 1997, the first owner of record of
the asset after August 5, 1997).

(ii) Such regulations shall not recognize, as
reasonable in the provision of health care serv-
cices, costs (including legal fees, accounting and
administrative costs, travel costs, and the costs
of feasibility studies) attributable to the negoti-
ation or settlement of the sale or purchase of
any capital asset (by acquisition or merger) for
which any payment has previously been made
under this subchapter.

(iii) In the case of the transfer of a hospital
from ownership by a State to ownership by a
nonprofit corporation without monetary consid-
eration, the basis for capital allowances to the
new owner shall be the book value of the hos-
pital to the State at the time of the transfer.

(P) If such regulations provide for the pay-
ment for a return on equity capital (other than
with respect to costs of inpatient hospital serv-
ices), the rate of return to be recognized, for de-
termining the reasonable cost of services fur-
nished in a cost reporting period, shall be equal
to the average of the rates of interest, for each
of the months any part of which is included in
the period, on obligations issued for purchase by
the Federal Hospital Insurance Trust Fund.

(Q) Except as otherwise explicitly authorized,
the Secretary is not authorized to limit the rate
of increase on allowable Medicare educational activities.

(R) In determining such reasonable cost, costs
incurred by a provider of services representing a
beneficiary in an unsuccessful appeal of a deter-
mination described in section 1395f(b) of this
title shall not be allowable as reasonable costs.

(S)(i) Such regulations shall not include provi-
sion for specific recognition of any return on eq-
uity capital with respect to hospital outpatient
services.

(ii) Such regulations shall provide that, in
determining the amount of the payments that
may be made under this subchapter with respect
to all the capital-related costs of outpatient
hospital services, the Secretary shall reduce the
amounts of such payments otherwise established
under this subchapter by 15 percent for pay-
ments attributable to portions of cost reporting
periods occurring during fiscal year 1990, by 15
percent for payments attributable to portions of
cost reporting periods occurring during fiscal year
1991, and by 10 percent for payments attribut-
able to portions of cost reporting periods oc-
curring during fiscal years 1992 through 1999 and
until the first date that the prospective payment
system under section 1395(t) of this title is
implemented.

(II) The Secretary shall reduce the reason-
able cost of outpatient hospital services (other than
the capital-related costs of such services) other-
wise determined pursuant to section 1395l(a)(2)(B)(i)(I) of
this title by 5.8 percent for payments attributable to portions of cost re-
porting periods occurring during fiscal years
1991 through 1999 and until the first date that
the prospective payment system under section
1395(t) of this title is implemented.

(III) Subclauses (I) and (II) shall not apply to
payments with respect to the costs of hospital
outpatient services provided by any hospital
that is a sole community hospital (as defined in
section 1395ww(d)(5)(D)(ii) of this title) or a
critical access hospital (as defined in subsection
(mm)(1)).

(IV) In applying subclauses (I) and (II) to serv-
cices for which payment is made on the basis of
a blend amount under section 1395l(i)(3)(A)(ii) or
1395l(n)(1)(A)(ii) of this title, the costs reflected
in the amounts described in sections
1395l(i)(3)(B)(i)(I) and 1395l(n)(1)(B)(i)(I) of this
title, respectively, shall be reduced in accord-
ance with such subclause.

(T) In determining such reasonable costs for
hospitals, no reduction in copayments under
section 1395(t)(8)(B) of this title shall be treated
as a bad debt and the amount of bad debts other-
wise treated as allowable costs which are attrib-
utable to the deductibles and coinsurance
amounts under this subchapter shall be re-
duced—

(i) for cost reporting periods beginning dur-
ing fiscal year 1998, by 25 percent of such
amount otherwise allowable.

6So in original. Probably should be "subclauses."
(ii) for cost reporting periods beginning during fiscal year 1999, by 40 percent of such amount otherwise allowable,

(iii) for cost reporting periods beginning during fiscal year 2000, by 45 percent of such amount otherwise allowable;

(iv) for cost reporting periods beginning during fiscal years 2001 through 2012, by 30 percent of such amount otherwise allowable, and

(v) for cost reporting periods beginning during fiscal year 2013 or a subsequent fiscal year, by 35 percent of such amount otherwise allowable.

(U) In determining the reasonable cost of ambulance services (as described in subsection (s)(7)) provided during fiscal year 1998, during fiscal year 1999, and during so much of fiscal year 2000 as precedes January 1, 2000, the Secretary shall not recognize the costs per trip in excess of costs recognized as reasonable for ambulance services provided on a per trip basis during the previous fiscal year (after application of this subparagraph), increased by the percentage increase in the consumer price index for all urban consumers (U.S. city average) as estimated by the Secretary for the 12-month period ending with the midpoint of the fiscal year involved reduced by 1.0 percentage point. For ambulance services provided after June 30, 1998, the Secretary may provide that claims for such services must include a code (or codes) under a uniform coding system specified by the Secretary that identifies the services furnished.

(V) In determining such reasonable costs for skilled nursing facilities and (beginning with respect to cost reporting periods beginning during fiscal year 2013) for covered skilled nursing services described in section 1395yy(e)(2)(A) of this title furnished by hospital providers of extended care services (as described in section 1395cc of this title), the amount of bad debts otherwise attributable to the coinsurance amounts under this subchapter for individuals who are entitled to benefits under part A and—

(i) are not described in section 1396u–5(c)(6)(A)(ii) of this title shall be reduced by—

(I) for cost reporting periods beginning on or after October 1, 2005, but before fiscal year 2013, 30 percent of such amount otherwise allowable; and

(II) for cost reporting periods beginning during fiscal year 2013 or a subsequent fiscal year, by 35 percent of such amount otherwise allowable.

(ii) are described in such section—

(I) for cost reporting periods beginning on or after October 1, 2005, but before fiscal year 2013, shall not be reduced;

(II) for cost reporting periods beginning during fiscal year 2013, shall be reduced by 12 percent of such amount otherwise allowable;

(III) for cost reporting periods beginning during fiscal year 2014, shall be reduced by 24 percent of such amount otherwise allowable; and

(IV) for cost reporting periods beginning during a subsequent fiscal year, shall be reduced by 35 percent of such amount otherwise allowable.

(W)(i) In determining such reasonable costs for providers described in clause (ii), the amount of bad debts otherwise treated as allowable costs which are attributable to deductibles and coinsurance amounts under this subchapter shall be reduced—

(I) for cost reporting periods beginning during fiscal year 2013, by 12 percent of such amount otherwise allowable;

(II) for cost reporting periods beginning during fiscal year 2014, by 24 percent of such amount otherwise allowable; and

(III) for cost reporting periods beginning during a subsequent fiscal year, by 35 percent of such amount otherwise allowable.

(ii) A provider described in this clause is a provider of services not described in subparagraph (T) or (V), a supplier, or any other type of entity that receives payment for bad debts under the authority under subparagraph (A).

(2)(A) If the bed and board furnished as part of inpatient hospital services (including inpatient tuberculosis hospital services and inpatient psychiatric hospital services) or post-hospital extended care services is in accommodations more expensive than semi-private accommodations, the amount taken into account for purposes of payment under this subchapter with respect to such services may not exceed the amount that would be taken into account with respect to such services if furnished in such semi-private accommodations unless the more expensive accommodations were required for medical reasons.

(B) Where a provider of services which has an agreement in effect under this subchapter furnishes to an individual items or services which are in excess of or more expensive than the items or services with respect to which payment may be made under part A or part B, as the case may be, the Secretary shall take into account for purposes of payment to such provider of services only the items or services with respect to which such payment may be made.

(3) If the bed and board furnished as part of inpatient hospital services (including inpatient tuberculosis hospital services and inpatient psychiatric hospital services) or post-hospital extended care services is in accommodations other than, but not more expensive than, semi-private accommodations and the use of such other accommodations rather than semi-private accommodations was neither at the request of the patient nor for a reason which the Secretary determines is consistent with the purposes of this subchapter, the amount of the payment with respect to such bed and board under part A shall be the amount otherwise payable under this subchapter for such bed and board furnished in semi-private accommodations minus the difference between the charge customarily made by the hospital or skilled nursing facility for bed and board in semi-private accommodations and the charge customarily made by it for bed and board in the accommodations furnished.

(4) If a provider of services furnishes items or services to an individual which are in excess of or more expensive than the items or services de-

payment may not be made with respect to services provided by or in such an institution only to such extent and under such conditions, limitations, and requirements (in addition to or in lieu of the conditions, limitations, and requirements otherwise applicable) as may be provided in regulations consistent with section 1395i–5 of this title.

(2) Notwithstanding any other provision of this subchapter, payment under part A may not be made for services furnished an individual in a skilled nursing facility to which paragraph (1) applies unless such individual elects, in accordance with regulations, for a spell of illness to have such services treated as post-hospital extended care services for purposes of such part; and payment under part A may not be made for post-hospital extended care services—

(A) furnished an individual during such spell of illness in a skilled nursing facility to which paragraph (1) applies after—

(i) such services have been furnished to him in such a facility for 30 days during such spell, or

(ii) such services have been furnished to him during such spell in a skilled nursing facility to which such paragraph does not apply; or

(B) furnished an individual during such spell of illness in a skilled nursing facility to which paragraph (1) does not apply after such services have been furnished to him during such spell in a skilled nursing facility to which such paragraph applies.

(3) The amount payable under part A for post-hospital extended care services furnished an individual during any spell of illness in a skilled nursing facility to which paragraph (1) applies shall be reduced by a coinsurance amount equal to one-eighth of the inpatient hospital deductible for each day before the 31st day on which he is furnished such services in such a facility during such spell (and the reduction under this paragraph shall be in lieu of any reduction under section 1395e(a)(3) of this title).

(4) For purposes of subsection (i), the determination of whether services furnished by or in an institution described in paragraph (1) constitute post-hospital extended care services shall be made in accordance with and subject to such conditions, limitations, and requirements as may be provided in regulations.

(2) Institutional planning

An overall plan and budget of a hospital, skilled nursing facility, comprehensive outpatient rehabilitation facility, or home health agency shall be considered sufficient if it—

(1) provides for an annual operating budget which includes all anticipated income and expenses related to items which would, under generally accepted accounting principles, be considered income and expense items (except that nothing in this paragraph shall require that there be prepared, in connection with any budget, an item-by-item identification of the components of each type of anticipated expenditure or income);

(2)(A) provides for a capital expenditures plan for at least a 3-year period (including the year to which the operating budget described in paragraph (1) is applicable) which includes and identifies in detail the anticipated sources of financing for, and the objectives of, each anticipated expenditure in excess of $600,000 (or such lesser amount as may be established by the State under section 1320a–1(g)(1) of this title in which the hospital is located) related to the acquisition of land, the improvement of land, buildings, and equipment, and the replacement, modernization, and expansion of the buildings and equipment which would, under generally accepted accounting principles, be considered capital items;

(B) provides that such plan is submitted to the agency designated under section 1320a–1(b) of this title, or if no such agency is designated, to the appropriate health planning agency in the State (but this subparagraph shall not apply in the case of a facility exempt from review under section 1320a–1 of this title by reason of section 1320a–1(i) of this title);

(3) provides for review and updating at least annually; and

(4) is prepared, under the direction of the governing body of the institution or agency, by a committee consisting of representatives of the governing body, the administrative staff, and the medical staff (if any) of the institution or agency.

(aa) Rural health clinic services and Federally qualified health center services

(1) The term "rural health clinic services" means—

(A) physicians’ services and such services and supplies as are covered under subsection (s)(2)(A) if furnished as an incident to a physician’s professional service and items and services described in subsection (s)(10),

(B) such services furnished by a physician assistant or a nurse practitioner (as defined in paragraph (5)), by a clinical psychologist (as defined by the Secretary) or by a clinical social worker (as defined in subsection (hh)(1)), and such services and supplies furnished as an incident to his service as would otherwise be covered if furnished by a physician or as an incident to a physician’s service, and

**RESPECTING THE RIGHTS OF HOSPITAL PATIENTS TO RECEIVE VISITORS AND TO DESIGNATE SURROGATE DECISION MAKERS FOR MEDICAL EMERGENCIES**

Memorandum of President of the United States, Apr. 15, 2010, 75 F.R. 20511, provided:

Memorandum for the Secretary of Health and Human Services

There are few moments in our lives that call for greater compassion and companionship than when a loved one is admitted to the hospital. In these hours of need and moments of pain and anxiety, all of us would hope to have a hand to hold, a shoulder on which to lean—a loved one to be there for us, as we would be there for them.

Yet every day, all across America, patients are denied the kindnesses and caring of a loved one at their sides—whether in a sudden medical emergency or a prolonged hospital stay. Often, a widow or widower with no children is denied the support and comfort of a good friend. Members of religious orders are sometimes unable to choose someone other than an immediate family member to visit them and make medical decisions on their behalf. Also uniquely affected are gay and lesbian Americans who are often barred from the bedside of the partners with whom they may have spent decades of their lives—unable to be there for the person they love, and unable to act as a legal surrogate if their partner is incapacitated.

For all of these Americans, the failure to have their wishes respected concerning who may visit them or make medical decisions on their behalf has real consequences. It means that doctors and nurses do not always have the best information about patients’ medications and medical histories and that friends and certain family members are unable to serve as intermediaries to help communicate patients’ needs. It means that a stressful and at times terrifying experience for patients is senselessly compounded by indignity and pervasive disparities. And it means that all too often, people are made to suffer or even to pass away alone, denied the comfort of companionship in their final moments while a loved one is left worrying and pacing by their bedside.

Many States have taken steps to try to put an end to these problems. North Carolina recently amended its Patients’ Bill of Rights to give each patient “the right to designate visitors who shall receive the same visitation privileges as the patient’s immediate family members, regardless of whether the visitors are legally related to the patient”—a right that applies in every hospital in the State. Delaware, Nebraska, and Minnesota have adopted similar laws.

My Administration can expand on these important steps to ensure that patients can receive compassionate care and equal treatment during their hospital stays. By this memorandum, I request that you take the following steps:

1. Initiate appropriate rulemaking, pursuant to your authority under 42 U.S.C. 1395x and other relevant provisions of law, to ensure that hospitals that participate in Medicare or Medicaid respect the rights of patients to designate visitors. It should be made clear that designated visitors, including individuals designated by legally valid advance directives (such as durable powers of attorney and health care proxies), should enjoy visitation privileges that are no more restrictive than those that immediate family members enjoy. You should also provide that hospitals may not deny visitation privileges on the basis of race, color, national origin, religion, sex, sexual orientation, gender identity, or disability. The rulemaking should take into account the need for hospitals to restrict visitation in medically appropriate circumstances as well as the clinical decisions that medical professionals make about a patient’s care or treatment.

2. Ensure that all hospitals participating in Medicare or Medicaid are in full compliance with regulations, codified at 42 CFR 482.13 and 42 CFR 489.102(a), promulgated to guarantee that all patients’ advance directives, such as durable powers of attorney and health care proxies, are respected, and that patients’ representatives otherwise have the right to make informed decisions regarding patients’ care. Additionally, I request that you issue new guidelines, pursuant to your authority under 42 U.S.C. 1395cc and other relevant provisions of law, and provide technical assistance on how hospitals participating in Medicare or Medicaid can best comply with the regulations and take any additional appropriate measures to fully enforce the regulations.

3. Provide additional recommendations to me, within 180 days of the date of this memorandum, on actions the Department of Health and Human Services can take to address hospital visitation, medical decision-making, or other health care issues that affect LGBT patients and their families.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

(II) shall provide that any individual age 65 or older (and the spouse age 65 or older of any individual) who has current employment status with an employer shall be entitled to the same benefits under the plan under the same conditions as any such individual (or spouse) under age 65.

Clause (i) shall not apply to a group health plan unless the plan is a plan of, or contributed to by, an employer that has 20 or more employees for each working day in each of 20 or more calendar weeks in the current calendar year or the preceding calendar year.

(iii) Exception for small employers in multiemployer or multiple employer group health plans

Clause (i) also shall not apply with respect to individuals enrolled in a multiemployer or multiple employer group health plan if the coverage of the individuals under the plan is by virtue of current employment status with an employer that does not have 20 or more individuals in current employment status for each working day in each of 20 or more calendar weeks in the current calendar year and the preceding calendar year; except that the exception provided in this clause shall only apply if the plan elects treatment under this clause.

(iv) Exception for individuals with end stage renal disease

Subparagraph (C) shall apply instead of clause (i) to an item or service furnished in a month to an individual if for the month the individual is, or (without regard to entitlement under section 426 of this title) would upon application be, entitled to benefits under section 426–1 of this title.

(v) “Group health plan” defined

In this subparagraph, and subparagraph (C), the term “group health plan” has the meaning given such term in section 5000(b)(1) of the Internal Revenue Code of 1986, without regard to section 5000(d) of such Code.

(i) may not take into account that an individual is, or (without regard to entitlement under section 426 of this title) would upon application be, entitled to benefits under part A under the provisions of section 426–1 of this title if the individual had filed an application for such benefits; and

(ii) may not differentiate in the benefits it provides between individuals having end stage renal disease and other individuals.
covered by such plan on the basis of the existence of end stage renal disease, the need for renal dialysis, or in any other manner;

except that clause (ii) shall not prohibit a plan from paying benefits secondary to this subchapter when an individual is entitled to or eligible for benefits under this subchapter under section 426–1 of this title after the end of the 12-month period described in clause (i). Effective for items and services furnished on or after February 1, 1991, and before August 5, 1997, and effective for such items and services furnished on or after August 5, 1997, clauses (i) and (ii) shall be applied by substituting “18-month” for “12-month” each place it appears. Effective for items and services furnished on or after August 5, 1997, clauses (i) and (ii) shall be applied by substituting “30-month” for “12-month” each place it appears.

(D) Treatment of certain members of religious orders

In this subsection, an individual shall not be considered to be employed, or an employee, with respect to the performance of services as a member of a religious order which are considered employment only by virtue of an election made by the religious order under section 3121(r) of the Internal Revenue Code of 1986.

(E) General provisions

For purposes of this subsection:

(II) All employees of the members of an affiliated service group (as defined in section 414(m) of such Code) shall be treated as employed by a single employer.

(III) Leased employees (as defined in section 414(n)(2) of such Code) shall be treated as employees of the person for whom they perform services to the extent they are so treated under section 414(n) of such Code.

In applying sections of the Internal Revenue Code of 1986 under this clause, the Secretary shall rely upon regulations and decisions of the Secretary of the Treasury respecting such sections.

(ii) “Current employment status” defined

An individual has “current employment status” with an employer if the individual is an employee, is the employer, or is associated with the employer in a business relationship.

(iii) Treatment of self-employed persons as employers

The term “employer” includes a self-employed person.

(F) Limitation on beneficiary liability

An individual who is entitled to benefits under this subchapter and is furnished an item or service for which such benefits are incorrectly paid is not liable for repayment of such benefits under this paragraph unless payment of such benefits was made to the individual.

(2) Medicare secondary payer

(A) In general

Payment under this subchapter may not be made, except as provided in subparagraph (B), with respect to any item or service to the extent that—

(i) payment has been made, or can reasonably be expected to be made, with respect to the item or service as required under paragraph (1), or

(ii) payment has been made or can reasonably be expected to be made under a workmen’s compensation law or plan of the United States or a State or under an automobile or liability insurance policy or plan (including a self-insured plan) or under no fault insurance.

In this subsection, the term “primary plan” means a group health plan or large group health plan, to the extent that clause (i) applies, and a workmen’s compensation law or plan, an automobile or liability insurance policy or plan (including a self-insured plan) or no fault insurance, to the extent that clause (ii) applies. An entity that engages in a business, trade, or profession shall be deemed to have a self-insured plan if it carries its own risk (whether by a failure to obtain insurance, or otherwise) in whole or in part.

(B) Conditional payment

(i) Authority to make conditional payment

The Secretary may make payment under this subchapter with respect to an item or service if it is demonstrated that such primary plan has or had a responsibility to make payment with respect to such item or service. A primary plan’s responsibility for such payment may be demonstrated by a judgment, a payment conditioned upon the recipi-

tent’s compromise, waiver, or release (whether or not there is a determination or admission of liability) of payment for items or services included in a claim against the primary plan or the primary plan’s insured, or by other means. If reimbursement is not made to the appropriate Trust Fund before the expiration of the 60-day period that begins on the date notice of, or information related to, a primary plan’s responsibility for such payment or other information is received, the Secretary may charge interest (beginning with the date on which the notice or other information is received) on the amount of the reimbursement until reimbursement is made (at a rate determined by the Secretary in accordance with regulations of the Secretary of the Treasury applicable to charges for late payments).

(iii) Action by United States

In order to recover payment made under this subchapter for an item or service, the United States may bring an action against any or all entities that are required or responsible (directly, as an insurer or self-insurer, as a third-party administrator, as an employer that sponsors or contributes to a group health plan, or large group health plan, or otherwise) to make payment with respect to the same item or service (or any portion thereof) under a primary plan. The United States may, in accordance with paragraph (3)(A) collect double damages against any such entity. In addition, the United States may recover under this clause from any entity that has received payment from a primary plan or from the proceeds of a primary plan’s payment to any entity. The United States may not recover from a third-party administrator under this clause in cases where the third-party administrator would not be able to recover the amount at issue from the employer or group health plan and is not employed by or under contract with the employer or group health plan at the time the action for recovery is initiated by the United States or for whom it provides administrative services due to the insolvency or bankruptcy of the employer or plan. An action may not be brought by the United States under this clause with respect to payment owed unless the complaint is filed not later than 3 years after the date of the receipt of notice of a settlement, judgment, award, or other payment made pursuant to paragraph (8) relating to such payment owed.

(iv) Subrogation rights

The United States shall be subrogated (to the extent of payment made under this subchapter for such an item or service) to any right under this subsection of an individual or any other entity to payment with respect to such item or service under a primary plan.

(v) Waiver of rights

The Secretary may waive (in whole or in part) the provisions of this subparagraph in the case of an individual claim if the Secretary determines that the waiver is in the best interests of the program established under this subchapter.

(vi) Claims-filing period

Notwithstanding any other time limits that may exist for filing a claim under an employer group health plan, the United States may seek to recover conditional payments in accordance with this subparagraph where the request for payment is submitted to the entity required or responsible under this subsection to pay with respect to the item or service (or any portion thereof) under a primary plan within the 3-year period beginning on the date on which the item or service was furnished.

(vii) Use of website to determine final conditional reimbursement amount

(I) Notice to Secretary of expected date of a settlement, judgment, etc.

In the case of a payment made by the Secretary pursuant to clause (i) for items and services provided to the claimant, the claimant or applicable plan (as defined in paragraph (8)(F)) may at any time beginning 120 days before the reasonably expected date of a settlement, judgment, award, or other payment, notify the Secretary that a payment is reasonably expected and the expected date of such payment.

(II) Secretarial providing access to claims information through a website

The Secretary shall maintain and make available to individuals to whom items and services are furnished under this subchapter (and to authorized family or other representatives recognized under regulations and to an applicable plan which has obtained the consent of the individual) access to information on the claims for such items and services (including payment amounts for such claims), including those claims that relate to a potential settlement, judgment, award, or other payment. Such access shall be provided to an individual, representative, or plan through a website that requires a password to gain access to the information. The Secretary shall update the information on claims and payments on such website in as timely a manner as possible but not later than 15 days after the date that payment is made. Information related to claims and payments subject to the notice under subclause (I) shall be maintained and made available consistent with the following:

(aa) The information shall be as complete as possible and shall include provider or supplier name, diagnosis codes (if any), dates of service, and conditional payment amounts.

(bb) The information accurately identifies those claims and payments that are related to a potential settlement, judgment, award, or other pay-
(III) Use of timely web download as basis for final conditional amount

If an individual (or other claimant or applicable plan with the consent of the individual) obtains a statement of reimbursement amount from the website during the protected period as defined in subclause (V) and the related settlement, judgment, award or other payment is made during such period, then the last statement of reimbursement amount that is downloaded during such period and within 3 business days before the date of the settlement, judgment, award, or other payment shall constitute the final conditional amount subject to recovery under clause (ii) related to such settlement, judgment, award, or other payment.

(IV) Resolution of discrepancies

If the individual (or authorized representative) believes there is a discrepancy with the statement of reimbursement amount, the Secretary shall provide a timely process to resolve the discrepancy. Under such process the individual (or representative) must provide documentation explaining the discrepancy and a proposal to resolve such discrepancy. Within 11 business days after the date of receipt of such documentation, the Secretary shall determine whether there is a reasonable basis to include or remove claims on the statement of reimbursement. If the Secretary does not make such determination within the 11 business-day period, then the proposal to resolve the discrepancy shall be accepted. If the Secretary determines within such period that there is not a reasonable basis to include or remove claims on the statement of reimbursement, the proposal shall be rejected. If the Secretary determines within such period that there is a reasonable basis to conclude there is a discrepancy, the Secretary must respond in a timely manner by agreeing to the proposal to resolve the discrepancy or by providing documentation showing with good cause why the Secretary is not agreeing to such proposal and establishing an alternate discrepancy resolution. In no case shall the process under this subclause be treated as an appeals process or as establishing a right of appeal for a statement of reimbursement amount and there shall be no administrative or judicial review of the Secretary’s determinations under this subclause.

(V) Protected period

In subclause (III), the term “protected period” means, with respect to a settlement, judgment, award or other payment relating to an injury or incident, the portion (if any) of the period beginning on the date of notice under subclause (f) with respect to such settlement, judgment, award, or other payment that is after the end of a Secretarial response period beginning on the date of such notice to the Secretary. Such Secretarial response period shall be a period of 65 days, except that such period may be extended by the Secretary for a period of an additional 30 days if the Secretary determines that additional time is required to address claims for which payment has been made. Such Secretarial response period shall be extended and shall not include any days for any part of which the Secretary determines (in accordance with regulations) that there was a failure in the claims and payment posting system and the failure was justified due to exceptional circumstances (as defined in such regulations). Such regulations shall define exceptional circumstances in a manner so that not more than 1 percent of the repayment obligations under this subclause would qualify as exceptional circumstances.

(VI) Effective date

The Secretary shall promulgate final regulations to carry out this clause not later than 9 months after January 10, 2013.

(VII) Website including successor technology

In this clause, the term “website” includes any successor technology.

(viii) Right of appeal for secondary payer determinations relating to liability insurance (including self-insurance), no fault insurance, and workers’ compensation laws and plans

The Secretary shall promulgate regulations establishing a right of appeal and appeals process, with respect to any determination under this subsection for a payment made under this subchapter for an item or service for which the Secretary is seeking to recover conditional payments from an applicable plan (as defined in paragraph (8)(F)) that is a primary plan under subsection (A)(ii), under which the

applicable plan involved, or an attorney, agent, or third party administrator on behalf of such plan, may appeal such determination. The individual furnished such an item or service shall be notified of the plan’s intent to appeal such determination.6

(C) Treatment of questionnaires

The Secretary may not fail to make payment under subparagraph (A) solely on the ground that an individual failed to complete a questionnaire concerning the existence of a primary plan.

(3) Enforcement

(A) Private cause of action

There is established a private cause of action for damages (which shall be in an amount double the amount otherwise provided) in the case of a primary plan which fails to provide for primary payment (or appropriate reimbursement) in accordance with paragraphs (1) and (2)(A).

(B) Reference to excise tax with respect to nonconforming group health plans

For provision imposing an excise tax with respect to nonconforming group health plans, see section 5000 of the Internal Revenue Code of 1986.

(C) Prohibition of financial incentives not to enroll in a group health plan

It is unlawful for an employer or other entity to offer any financial or other incentive for an individual entitled to benefits under this subchapter not to enroll (or to terminate enrollment) under a group health plan or a large group health plan which would (in the case of such enrollment) be a primary plan (as defined in paragraph (2)(A)). Any entity that violates the previous sentence is subject to a civil money penalty of not to exceed $5,000 for each such violation. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title.

(4) Coordination of benefits

Where payment for an item or service by a primary plan is less than the amount of the charge for such item or service and is not payment in full, payment may be made under this subchapter (without regard to deductibles and coinsurance under this subchapter) for the remainder of such charge, but—

(A) payment under this subchapter may not exceed an amount which would be payable under this subchapter for such item or service if paragraph (2)(A) did not apply; and

(B) payment under this subchapter, when combined with the amount payable under the primary plan, may not exceed—

(i) in the case of an item or service payment for which is determined under this subchapter on the basis of reasonable cost (or other cost-related basis) or under section 1395ww of this title, the amount which would be payable under this subchapter on such basis, and

(ii) in the case of an item or service for which payment is authorized under this subchapter on another basis—

(I) the amount which would be payable under the primary plan (without regard to deductibles and coinsurance under such plan), or

(II) the reasonable charge or other amount which would be payable under this subchapter (without regard to deductibles and coinsurance under this subchapter), whichever is greater.

(5) Identification of secondary payer situations

(A) Requesting matching information

(i) Commissioner of Social Security

The Commissioner of Social Security shall, not less often than annually, transmit to the Secretary of the Treasury a list of the names and TINs of medicare beneficiaries (as defined in section 6103(l)(12) of the Internal Revenue Code of 1986) and request the Commissioner disclose the information described in subparagraph (A) of such section.

(ii) Administrator

The Administrator of the Centers for Medicare & Medicaid Services shall request, not less often than annually, the Commissioner of the Social Security Administration to disclose to the Administrator the information described in subparagraph (B) of section 6103(l)(12) of the Internal Revenue Code of 1986.

(B) Disclosure to fiscal intermediaries and carriers

In addition to any other information provided under this subchapter to fiscal intermediaries and carriers, the Administrator shall disclose to such intermediaries and carriers (or to such a single intermediary or carrier as the Secretary may designate) the information received under subparagraph (A) for purposes of carrying out this subsection.

(C) Contacting employers

(i) In general

The annual single threshold amount for a year shall be set such that the estimated average amount to be credited to the Medicare trust funds of collections of conditional payments from such settlements, judgments, awards, or other payments arising from liability insurance (including self-insurance) and for such alleged incidents subject to this section shall equal the estimated cost of collection incurred by the United States (including payments made to contractors) for a conditional payment arising from liability insurance (including self-insurance) and for such alleged incidents subject to this section for the year. At the time of calculating, but before publishing, the single threshold amount for 2014, the Secretary shall inform, and seek review of, the Comptroller General of the United States with regard to such amount.

(D) Report to Congress

Not later than November 15 before each year, the Secretary shall submit to the Congress a report on the single threshold amount for settlements, judgments, awards, or other payments for conditional payment obligations arising from liability insurance (including self-insurance) and alleged incidents described in subparagraph (A) for that year and on the establishment and application of similar thresholds for such payments for conditional payment obligations arising from worker compensation cases and from no fault insurance cases subject to this section for the year. For each such report, the Secretary shall—

(i) calculate the threshold amount by using the methodology applicable to certain liability claims described in subparagraph (B); and

(ii) include a summary of the methodology and data used in calculating each threshold amount and the amount of estimated savings under this subchapter achieved by the Secretary implementing each such threshold.

(D) for which the Secretary has not determined there is a compelling justification for its medical need; and

(2) any other drug product—

principal diagnosis). When making such determinations with respect to such an item or service, the Secretary shall not consider the frequency with which the item or service was provided to the patient before or after the time of the admission or visit.

(e) Item or service by excluded individual or entity or at direction of excluded physician; limitation of liability of beneficiaries with respect to services furnished by excluded individuals and entities

(1) No payment may be made under this subchapter with respect to any item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished—

In each such case the Secretary shall notify the beneficiary of the exclusion of the individual or entity furnishing the items or services. Payment shall not be made for items or services furnished by an excluded individual or entity to a beneficiary after a reasonable time (as determined by the Secretary in regulations) after the Secretary has notified the beneficiary of the exclusion of that individual or entity.

“(2) In the case of a hospital which is receiving payments pursuant to a waiver under paragraph (1), payment of the adjustment for indirect costs of approved educational activities shall be made as if the hospital were receiving under part A of title XVIII of the Social Security Act all the payments which are made under part B of such title solely by reason of such waiver.

§ 1395bb. Effect of accreditation

(a) Accreditation by American Osteopathic Association or other national accreditation body

(1) If the Secretary finds that accreditation of a provider entity (as defined in paragraph (4)) by the American Osteopathic Association or any other national accreditation body demonstrates that all of the applicable conditions or requirements of this subchapter (other than the requirements of section 1395m(j) of this title or the conditions and requirements under section 1395rr(b) of this title) are met or exceeded—

(A) in the case of a provider entity not described in paragraph (3)(B), the Secretary shall treat such entity as meeting those conditions or requirements with respect to which the Secretary made such finding; or

(B) in the case of a provider entity described in paragraph (3)(B), the Secretary may treat such entity as meeting those conditions or requirements with respect to which the Secretary made such finding.

(2) In making such a finding, the Secretary shall consider, among other factors with respect to a national accreditation body, its requirements for accreditation, its survey procedures, its ability to provide adequate resources for conducting required surveys and supplying information for use in enforcement activities, its monitoring procedures for provider entities found out of compliance with the conditions or requirements, and its ability to provide the Secretary with necessary data for validation.

(3)(A) Except as provided in subparagraph (B), not later than 60 days after the date of receipt of a written request for a finding under paragraph (1) (with any documentation necessary to make a determination on the request), the Secretary shall publish a notice identifying the national accreditation body making the request, describing the nature of the request, and providing a period of at least 30 days for the public to comment on the request. Such an approval shall be effective with respect to accreditation determinations made on or after such effective date (which may not be later than the date of publication of the approval) as the Secretary specifies in the publication notice.

(B) The 210-day and 60-day deadlines specified in subparagraph (A) shall not apply in the case of any request for a finding with respect to accreditation of a provider entity to which the conditions and requirements of sections 1395i–3 and 1395x(j) of this title apply.

(b) Disclosure of accreditation survey

The Secretary may not disclose any accreditation survey (other than a survey with respect to a home health agency) made and released to the Secretary by the American Osteopathic Association or any other national accreditation body of an entity accredited by such body, except that the Secretary may disclose such a survey and information related to such a survey to the extent such survey and information relate to an enforcement action taken by the Secretary.

Notwithstanding any other provision of this subchapter, if the Secretary finds that a provider entity has significant deficiencies (as defined in regulations pertaining to health and safety), the entity shall, after the date of notice of such finding to the entity and for such period as may be prescribed in regulations, be deemed not to meet the conditions or requirements the entity has been treated as meeting pursuant to subsection (a)(1).

In the case of items and services described in section 1395l(c) of this title, clause (ii) of the preceding sentence shall be applied by substituting for 20 percent the proportion which is appropriate under such section. (C) A provider of services may in accordance with its customary practice also appropriately charge any such individual for any whole blood (or equivalent quantities of packed red blood cells, as defined under regulations) furnished him with respect to which a deductible is imposed under section 1395e(a)(2) of this title, except that (i) any excess of such charge over the cost to such provider for the blood (or equivalent quantities of packed red blood cells, as so defined) shall be deducted from any payment to such provider under this subchapter, (ii) no such charge may be imposed for the cost of administration of such blood (or equivalent quantities of packed red blood cells, as so defined), and (iii) such charge may not be made to the extent such blood (or equivalent quantities of packed red blood cells, as so defined) has been replaced on behalf of such individual or arrangements have been made for its replacement on his behalf. which payment may be made under this subchapter.

(B) For purposes of payment under this subchapter, the cost of such an agreement to the hospital, critical access hospital, facility, or agency shall be considered a cost incurred by such hospital, critical access hospital, facility, or agency in providing covered services under this subchapter and shall be paid directly by the Secretary to the quality improvement organization on behalf of such hospital, critical access hospital, facility, or agency in accordance with a schedule established by the Secretary.

(C) Such payments—

(B) has determined that the provider fails substantially to meet the applicable provisions of section 1395x of this title,

(C) has excluded the provider from participation in a program under this subchapter pursuant to section 1320a–7 of this title or section 1320a–7a of this title, or

(D) has ascertained that the provider has been convicted of a felony under Federal or State law for an offense which the Secretary determines is detrimental to the best interests of the program or program beneficiaries.

(3) A termination of an agreement or a refusal to renew an agreement under this subsection shall become effective on the same date and in the same manner as an exclusion from participation under the programs under this subchapter becomes effective under section 1320a–7(c) of this title.

(4)(A) A hospital that fails to comply with the requirement of subsection (a)(1)(V) relating to the Bloodborne Pathogens standard is subject to a civil money penalty in an amount described in subparagraph (B), but is not subject to termination of an agreement under this section.

(B) The amount referred to in subparagraph (A) is an amount that is similar to the amount of civil penalties that may be imposed under section 17 of the Occupational Safety and Health Act of 1970 [29 U.S.C. 666] for a violation of the Bloodborne Pathogens standard referred to in subsection (a)(1)(U) by a hospital that is subject to the provisions of such Act [29 U.S.C. 651 et seq.].

If the Secretary finds that there is a substantial failure to make timely review in accordance with section 1395x(k) or the Bloodborne Pathogens standard referred to in subsection (a)(1)(U) of section 1395w of this title in a hospital, he may, in lieu of terminating his agreement with such hospital, decide that, with respect to any individual admitted to such hospital after a subsequent date specified by him, no payment shall be made under this subchapter for inpatient hospital services (including inpatient psychiatric hospital services) after the 20th day of a continuous period of such services. Such decision may be made effective only after such notice to the hospital and to the public, as may be prescribed by regulations, and its effectiveness shall terminate when the Secretary finds that the reason therefor has been removed and that there is reasonable assurance that it will not recur. The Secretary shall not make any such decision except after reasonable notice and opportunity for hearing to the institution or agency affected thereby.

(i) Intermediate sanctions for psychiatric hospitals

(1) If the Secretary determines that a psychiatric hospital which has an agreement in effect under this section no longer meets the requirements for a psychiatric hospital under this subchapter and further finds that the hospital’s deficiencies—

(A) immediately jeopardize the health and safety of its patients, the Secretary shall terminate such agreement; or

(j) Enrollment process for providers of services and suppliers

(1) Enrollment process

(A) In general

The Secretary shall establish by regulation a process for the enrollment of providers of services and suppliers under this subchapter. Such process shall include screening of providers and suppliers in accordance with paragraph (2), a provisional period of enhanced oversight in accordance with paragraph (3), disclosure requirements in accordance with paragraph (5), the imposition of temporary enrollment moratoria in accordance with paragraph (7), and the establishment of compliance programs in accordance with paragraph (9).

The Secretary shall establish by regulation procedures under which there are deadlines for actions on applications for enrollment (and, if applicable, renewal of enrollment). The Secretary shall monitor the performance of medicare administrative contractors in meeting the deadlines established under this subparagraph.

The Secretary shall consult with providers of services and suppliers before making changes in the provider enrollment forms required of such providers and suppliers to be eligible to submit claims for which payment may be made under this subchapter.

(2) Provider screening

(A) Procedures

Not later than 180 days after March 23, 2010, the Secretary, in consultation with the Inspector General of the Department of Health and Human Services, shall establish procedures under which screening is conducted with respect to providers of medical or other items or services and suppliers under the program under this subchapter, the Medicaid program under subchapter XIX, and the CHIP program under subchapter XXI.

(B) Level of screening

The Secretary shall determine the level of screening conducted under this paragraph according to the risk of fraud, waste, and abuse, as determined by the Secretary, with respect to the category of provider of medical or other items or services or supplier. Such screening—

(ii) Hardship exception; waiver for certain Medicaid providers
The Secretary may, on a case-by-case basis, exempt a provider of medical or other items or services or supplier from the imposition of an application fee under this subparagraph if the Secretary determines that the imposition of the application fee would result in a hardship. The Secretary may waive the application fee under this subparagraph for providers enrolled in a State Medicaid program for whom the State demonstrates that imposition of the fee would impede beneficiary access to care.

(iii) Use of funds
Amounts collected as a result of the imposition of a fee under this subparagraph shall be used by the Secretary for program integrity efforts, including to cover the costs of conducting screening under this paragraph and to carry out this subsection and section 1320a–7k of this title.

(D) Application and enforcement
(i) New providers of services and suppliers
The screening under this paragraph shall apply, in the case of a provider of medical or other items or services or supplier who is not enrolled in the program under this subchapter, subchapter XIX, or subchapter XXI as of March 23, 2010, on or after the date that is 1 year after such date.

Effective beginning on the date that is 180 days after such date, the screening under this paragraph shall apply with respect to the revalidation of enrollment of a provider of medical or other items or services or supplier in the program under this subchapter, subchapter XIX, or subchapter XXI.

(iv) Limitation on enrollment and revalidation of enrollment
In no case may a provider of medical or other items or services or supplier who has not been screened under this paragraph be initially enrolled or reenrolled in the program under this subchapter, subchapter XIX, or subchapter XXI on or after the date that is 3 years after such date.

(E) Use of information from the Department of Treasury concerning tax debts
In reviewing the application of a provider of services or supplier to enroll or reenroll under the program under this subchapter, the Secretary shall take into account the information supplied by the Secretary of the Treasury pursuant to section 6103(i)(22) of the Internal Revenue Code of 1986, in determining whether to deny such application or to apply enhanced oversight to such provider of services or supplier pursuant to paragraph (3) if the Secretary determines such provider of services or supplier owes such a debt.

(F) Expedited rulemaking
The Secretary may promulgate an interim final rule to carry out this paragraph.

(3) Provisional period of enhanced oversight for new providers of services and suppliers

(A) In general
The Secretary shall establish procedures to provide for a provisional period of not less than 30 days and not more than 1 year during which new providers of medical or other items or services and suppliers, as the Secretary determines appropriate, including categories of providers or suppliers, would be subject to enhanced oversight, such as prepayment review and payment caps, under the program under this subchapter, the Medicaid program under subchapter XIX, and the CHIP program under subchapter XXI.

(B) Implementation
The Secretary may establish by program instruction or otherwise the procedures under this paragraph.

(4) 90-day period of enhanced oversight for initial claims of DME suppliers

rolling under such subchapter, the Secretary shall, notwithstanding sections 1395h(c), 1395u(c), and 1395ff(a)(2) of this title, withhold payment under such subchapter with respect to durable medical equipment furnished by such supplier during the 90-day period beginning on the date of the first submission of a claim under such subchapter for durable medical equipment furnished by such supplier.

(5) Increased disclosure requirements

(A) Disclosure

A provider of medical or other items or services or supplier who submits an application for enrollment or revalidation of enrollment in the program under this subchapter, subchapter XIX, or subchapter XXI on or after the date that is 1 year after March 23, 2010, shall disclose (in a form and manner and at such time as determined by the Secretary) any current or previous affiliation (directly or indirectly) with a provider of medical or other items or services or supplier that has uncollected debt, has been or is subject to a payment suspension under a Federal health care program (as defined in section 1320a-7b(f) of this title), has been excluded from participation under the program under this subchapter, the Medicaid program under subchapter XIX, or the CHIP program under subchapter XXI, or has had its billing privileges denied or revoked.
