§ 1304. Marking of imported articles and containers

(a) Marking of articles

Except as hereinafter provided, every article of foreign origin (or its container, as provided in subsection (b) hereof) imported into the United States shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the article (or container) will permit in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of the article. The Secretary of the Treasury may by regulations—

(1) Determine the character of words and phrases or abbreviations thereof which shall be acceptable as indicating the country of origin and prescribe any reasonable method of marking, whether by printing, stenciling, stamping, branding, labeling, or by any other reasonable method, and a conspicuous place on the article (or container) where the marking shall appear;

(2) Require the addition of any other words or symbols which may be appropriate to prevent deception or mistake as to the origin of the article or as to the origin of any other article with which such imported article is usually combined subsequent to importation but before delivery to an ultimate purchaser; and

(3) Authorize the exception of any article from the requirements of marking if—

(A) Such article is incapable of being marked;

(B) Such article cannot be marked prior to shipment to the United States without injury;

(C) Such article cannot be marked prior to shipment to the United States, except at an expense economically prohibitive of its importation;

(D) The marking of a container of such article will reasonably indicate the origin of such article;

(E) Such article is a crude substance;

(F) Such article is imported for use by the importer and not intended for sale in its imported or any other form;

(G) Such article is to be processed in the United States by the importer or for his account otherwise than for the purpose of concealing the origin of such article and in such manner that any mark contemplated by this section would necessarily be obliterated, destroyed, or permanently concealed;

(H) An ultimate purchaser, by reason of the character of such article or by reason of the circumstances of its importation, must necessarily know the country of origin of such article even though it is not marked to indicate its origin.

(I) Such article was produced more than twenty years prior to its importation into the United States;

(J) Such article is of a class or kind with respect to which the Secretary of the Treasury has given notice by publication in the weekly Treasury Decisions within two years after July 1, 1937, that articles of such class or kind were imported in substantial quantities during the five-year period immediately preceding January 1, 1937, and were not required during such period to be marked to indicate their origin: Provided, That this subdivision shall not apply after September 1, 1938, to sawed lumber and timbers, telephone, trolley, electric-light, and telegraph poles of wood, and bundles of shingles; but the President is authorized to suspend the effectiveness of this proviso if he finds such action required to carry out any trade agreement entered into under the authority of sections 1351, 1352, 1353, 1354 of this title, as extended; or

(K) Such article cannot be marked after importation except at any expense which is economically prohibitive, and the failure to mark the article before importation was not due to any purpose of the importer, producer, seller, or shipper to avoid compliance with this section.

(b) Marking of containers

Whenever an article is excepted under subdivision (3) of subsection (a) of this section from the requirements of marking, the immediate container, if any, of such article, or such other container or containers of such article as may be prescribed by the Secretary of the Treasury, shall be marked in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of such article, subject to all provisions of this section, including the same exceptions as are applicable to articles under subdivision (3) of subsection (a). If articles are excepted from marking requirements under clause (F), (G), or (H) of subdivision (3) of subsection (a) of this section, their usual containers shall not be subject to the marking requirements of this section. Usual containers in use as such at the time of importation shall in no case be required to be marked to show the country of their own origin.

(c) Marking of certain pipe and fittings

(1) Except as provided in paragraph (2), no exception may be made under subsection (a)(3) with respect to pipes of iron, steel, or stainless steel, to pipe fittings of steel, stainless steel, chrome-moly steel, or cast and malleable iron each of which shall be marked with the English name of the country of origin by means of die
stamping, cast-in-mold lettering, etching, engraving, or continuous paint stenciling.

(2) If, because of the nature of an article, it is technically or commercially infeasible to mark it by one of the five methods specified in paragraph (1), the article may be marked by an equally permanent method of marking or, in the case of small diameter pipe, tube, and fittings, by tagging the containers or bundles.

d) Marking of compressed gas cylinders

No exception may be made under subsection (a)(3) with respect to compressed gas cylinders designed to be used for the transport and storage of compressed gases whether or not certified prior to exportation to have been made in accordance with the safety requirements of sections 178.36 through 178.68 of title 49, Code of Federal Regulations, each of which shall be marked with the English name of the country of origin by means of die stamping, molding, etching, raised lettering, or an equally permanent method of marking.

(2) articles provided for in heading 5007 of the Harmonized Tariff Schedule of the United States as in effect on January 1, 1997.

(i) Additional duties for failure to mark

If at the time of importation any article (or its container, as provided in subsection (b) hereof) is not marked in accordance with the requirements of this section, and if such article is not exported or destroyed or the article (or its container, as provided in subsection (b) hereof) marked after importation in accordance with the requirements of this section (such exportation, destruction, or marking to be accomplished under customs supervision prior to the liquidation of the entry covering the article, and to be allowed whether or not the article has remained in continuous customs custody), there shall be levied, collected, and paid upon such article a duty of 10 per centum ad valorem, which shall be deemed to have accrued at the time of importation, shall not be construed to be penal, and shall not be remitted wholly or in part nor shall payment thereof be avoidable for any cause. Such duty shall be levied, collected, and paid in addition to any other duty imposed by law and whether or not the article is exempt from the payment of ordinary customs duties. The compensation and expenses of customs officers and employees assigned to supervise the exportation, destruction, or marking to exempt articles from the application of the duty provided for in this subsection shall be reimbursed to the Government by the importer.

(j) Delivery withheld until marked

No imported article held in customs custody for inspection, examination, or appraisement shall be delivered until such article and every other article of the importation (or their containers), whether or not released from customs custody, shall have been marked in accordance with the requirements of this section or until the amount of duty estimated to be payable under subsection (i) of this section has been deposited. Nothing in this section shall be construed as excepting any article (or its container) from the particular requirements of marking provided for in any other provision of law.

(k) Treatment of goods of NAFTA country

(1) Application of section

In applying this section to an article that qualifies as a good of a NAFTA country (as defined in section 3301(4) of this title) under the regulations issued by the Secretary to implement Annex 311 of the North American Free Trade Agreement—

(A) the exemption under subsection (a)(3)(H) shall be applied by substituting “reasonably know” for “necessarily know”;

(B) the Secretary shall exempt the good from the requirements for marking under subsection (a) if the good—

(i) is an original work of art, or

(2) Petition rights of NAFTA exporters and producers regarding marking determinations

(A) Definitions

For purposes of this paragraph:
(i) The term “adverse marking decision” means a determination by the Customs Service which an exporter or producer of merchandise believes to be contrary to Annex 311 of the North American Free Trade Agreement.

(ii) A person may not be treated as the exporter or producer of merchandise regarding which an adverse marking decision was made unless such person—

(1) if claiming to be the exporter, is located in a NAFTA country and is required to maintain records in that country regarding exports to NAFTA countries; or

(2) if claiming to be the producer, grows, harvests, mines, manufactures, processes, or assembles such merchandise in a NAFTA country.

(B) Intervention or petition regarding adverse marking decisions

If the Customs Service makes an adverse marking decision regarding any merchandise, the Customs Service shall, upon written request by the exporter or producer of the merchandise, provide to the exporter or producer a statement of the basis for the decision. If the exporter or producer believes that the decision is not correct, it may intervene in any protest proceeding initiated by the importer of the merchandise. If the importer does not file a protest with regard to the decision, the exporter or producer may file a petition with the Customs Service setting forth—

(i) a description of the merchandise; and

(ii) the basis for its claim that the merchandise should be marked as a good of a NAFTA country.

(C) Effect of determination regarding decision

If, after receipt and consideration of a petition filed by an exporter or producer under subparagraph (B), the Customs Service determines that the adverse marking decision—

(i) is not correct, the Customs Service shall notify the petitioner of the determination and all merchandise entered, or withdrawn from warehouse for consumption, with the determination; or

(ii) is correct, the Customs Service shall notify the petitioner that the petition is denied.

(D) Judicial review

For purposes of judicial review, the denial of a petition under subparagraph (C)(ii) shall be treated as if it were a denial of a petition of an interested party under section 1516 of this title regarding an issue arising under any of the preceding provisions of this section.

(f) Penalties

Any person who, with intent to conceal the information given thereby or contained therein, defaces, destroys, removes, alters, covers, obscures, or obliterates any mark required under the provisions of this chapter shall—

All persons are prohibited from importing into the United States from any foreign country any book, pamphlet, paper, writing, advertisement, circular, print, picture, and drawing containing any matter advocating or urging treason or insurrection against the United States, or forcible resistance to any law of the United States, or containing any threat to take the life of or inflict bodily harm upon any person in the United States, or any obscene book, pamphlet, paper, writing, advertisement, circular, print, picture, drawing, or other representation, figure, or image on or of paper or other material, or any cast, instrument, or other article which is obscene or immoral, or any drug or medicine or any article whatever for causing unlawful abortion, or any lottery ticket, or any printed paper that may be used as a lottery ticket, or any advertisement of any lottery. No such articles whether imported separately or contained in packages with other goods entitled to entry, shall be admitted to entry; and all such articles and, unless it appears to the satisfaction of the appropriate customs officer that the obscene or other prohibited articles contained in the package were inclosed therein without the knowledge or consent of the importer, owner, agent, or consignee, the entire contents of the package in which such articles are contained, shall be subject to seizure and forfeiture as hereinafter provided: Provided, That the drugs hereinafter mentioned, when imported in bulk and not put up for any of the purposes hereinafter speci-
fied, are excepted from the operation of this subdivision: Provided further, That the Secretary of the Treasury may, in his discretion, admit the so-called classics or books of recognized and established literary or scientific merit, but may, in his discretion, admit such classics or books only when imported for noncommercial purposes: Provided further, That effective January 1, 1993, this section shall not apply to any lottery ticket, printed paper that may be used as a lottery ticket, or advertisement of any lottery, that is printed in Canada for use in connection with a lottery conducted in the United States.

Upon the appearance of any such book or matter at any customs office, the same shall be seized and held by the appropriate customs officer to await the judgment of the district court as hereinafter provided; and no protest shall be taken to the United States Court of International Trade from the decision of such customs officer. Upon the seizure of such book or matter, such customs officer shall transmit information thereof to the United States attorney of the district in which is situated either—

(1) the office at which such seizure took place; or

(2) the place to which such book or matter is addressed;

and the United States attorney shall institute proceedings in the district court for the forfeiture, confiscation, and destruction of the book or matter seized. Upon the adjudication that such book or matter thus seized is of the character the entry of which is by this section prohibited, it shall be ordered destroyed and shall be destroyed. Upon adjudication that such book or matter thus seized is not of the character the entry of which is by this section prohibited, it shall not be excluded from entry under the provisions of this section.

In any such proceeding any party in interest may upon demand have the facts at issue determined by a jury and any party may have an appeal or the right of review as in the case of ordinary actions or suits.

(c) Institution of forfeiture proceedings

Notwithstanding the provisions of subsections (a) and (b), whenever a customs officer discovers any obscene material after such material has been imported or brought into the United States, or attempted to be imported or brought into the United States, he may refer the matter to the United States attorney for the institution of forfeiture proceedings under this section. Such proceedings shall begin no more than 30 days after the time the material is seized; except that no seizure shall be invalidated for delay if the claimant is responsible for extending the action beyond the allowable time limits or if proceedings are postponed pending the consideration of constitutional issues.

(d) Stay of forfeiture proceedings

Upon motion of the United States, a court shall stay such civil forfeiture proceedings commenced under this section pending the completion of any related criminal matter.

(b) Coordination of forfeiture proceedings with criminal proceedings

(1) Notwithstanding subsection (a), whenever the Customs Service is of the opinion that criminal prosecution would be appropriate or that further criminal investigation is warranted in connection with allegedly obscene material seized at the time of entry, the appropriate customs officer shall immediately transmit information concerning such seizure to the United States Attorney of the district of the addressee’s residence. No notice to the addressee or consignee concerning the seizure is required at the time of such transmission.

(2) Upon receipt of such information, such United States attorney shall promptly determine whether in such attorney’s opinion the referral of the matter for forfeiture under this section would materially affect the Government’s ability to conduct a criminal investigation with respect to such seizure.

(3) If the United States attorney is of the opinion that no prejudice to such investigation will result from such referral, such attorney shall immediately notify the Customs Service in writing. The appropriate customs officer shall immediately notify in writing the addressee or consignee of the seizure and shall transmit information concerning such seizure to the United States Attorney of the district in which is situated the office at which such seizure has taken place. The actions described in paragraphs (1) through (3) of this subsection shall take place within sufficient time to allow for the filing of a forfeiture complaint within 14 days of the seizure unless the United States Attorney of the district of the addressee’s residence certifies in writing and includes specific, articulate facts demonstrating that the determination required in paragraph (2) of this subsection could not be made in sufficient time to comply with this deadline. In such cases, the actions described in paragraphs (1) through (3) of this subsection shall take place within sufficient time to allow for the filing of a forfeiture complaint within 21 days of seizure.

(4) If the United States attorney for the district of the addressee’s residence concludes that material prejudice to such investigation will result from such referral, such United States attorney shall place on file, within 14 days of the date of seizure, a dated certification stating that it is the United States attorney’s judgment that referral of the matter for forfeiture under this section would materially affect the Government’s ability to conduct a criminal investigation with respect to the seizure. The certification shall set forth specific, articulate facts demonstrating that withholding referral for forfeiture is necessary.

(5)(A) As soon as the circumstances change so that withholding of referral for forfeiture is no longer necessary for purposes of the criminal investigation, the United States attorney shall immediately so notify the Customs Service in writing and shall furnish a copy of the certifi-

cation described in paragraph (4) above to the Customs Service.
(B) In any matter referred to a United States attorney for possible criminal prosecution wherein subparagraph (5)(A) does not apply, the United States attorney shall immediately notify the Customs Service in writing concerning the disposition of the matter, whether by institution of a prosecution or a letter of declination, and shall also furnish a copy of the certification described in paragraph (4) of this subsection to the Customs Service.
(C) Upon receipt of the notification described in subparagraph (A) or (B) of this paragraph, the appropriate customs officer shall immediately notify the addressee or consignee of the seizure and shall transmit information concerning the seizure, including a copy of the certification described in paragraph (4) above and a copy of the notification described in subparagraph (A) or (B) of this paragraph, to the United States attorney of the district in which is situated the office at which such seizure has taken place, who shall institute forfeiture proceedings in accordance with subsection (a) hereof within 14 days of the date of the notification described in subparagraph (A) or (B) above. A copy of the certification described in paragraph (4) above and a copy of the notification described in subparagraph (A) or (B) of this paragraph shall be affixed to the complaint for forfeiture.

Upon motion of the United States, a court, for good cause shown, shall stay civil forfeiture proceedings commenced under this section pending the completion of any related criminal matter whether in the same or in a different district.

IMPORTATION OF RU–486

Memorandum of President of the United States, Jan. 22, 1993, 58 F.R. 7459, provided: Memorandum for the Secretary of Health and Human Services

In Import Alert 66–47, the Food and Drug Administration ("FDA") excluded the drug Mifepriste—commonly known as RU–486—from the list of drugs that individuals can import into the United States for their personal use, although the drugs have not yet been approved for distribution by the FDA. (See FDA Regulatory Procedures Manual, Chapter 9–7.) Import Alert 66–47 effectively bans the importation into this Nation of a drug that is used in other nations as a nonsurgical means of abortion.

I am informed that in excluding RU–486 from the personal use importation exemption, the FDA appears to have based its decision on factors other than an assessment of the possible health and safety risks of the drug. Accordingly, I hereby direct that you promptly instruct the FDA to determine whether there is sufficient evidence to warrant exclusion of RU–486 from the list of drugs that qualify for the personal use importation exemption. Furthermore, if the FDA concludes that RU–486 meets the criteria for the personal use importation exemption, I direct that you immediately take steps to rescind Import Alert 66–47.

In addition, I direct that you promptly assess initiatives by which the Department of Health and Human Services can promote the testing, licensing, and manufacturing in the United States of RU–486 or other antiprogestins.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

FINDINGS AND PURPOSES
Pub. L. 106–476, title I, §1442, Nov. 9, 2000, 114 Stat. 2163, provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) An estimated 2,000,000 dogs and cats are slaughtered and sold annually as part of the international fur trade. Internationally, dog and cat fur is used in a variety of products, including fur coats and jackets, fur trimmed garments, hats, gloves, decorative accessories, stuffed animals, and other toys.

“(2) The United States represents one of the largest markets for the sale of fur and fur products in the world. Market demand for fur products in the United States has led to the introduction of dog and cat fur products into United States commerce, frequently based on deceptive or fraudulent labeling of the products to disguise the true nature of the fur and mislead United States wholesalers, retailers, and consumers.

“(3) Dog and cat fur, when dyed, is not easily distinguishable to persons who are not experts from other furs such as fox, rabbit, coyote, wolf, and mink, and synthetic materials made to resemble real fur. Dog and cat fur is generally less expensive than other types of fur and may be used as a substitute for more expensive types of furs, which provides an incentive to engage in unfair or fraudulent trade practices in the importation, exportation, distribution, or sale of fur products, including deceptive labeling and other practices designed to disguise the true contents or origin of the products.

“(4) Forensic texts have documented that dog and cat fur products are being imported into the United States subject to deceptive labels or other practices designed to conceal the use of dog or cat fur in the production of wearing apparel, toys, and other products.

“(5) Publicly available evidence reflects ongoing significant use of dogs and cats bred expressly for their fur by foreign fur producers for manufacture into wearing apparel, toys, and other products that have been introduced into United States commerce. The evidence indicates that foreign fur producers also rely on the use of stray dogs and cats and stolen pets for the manufacture of fur products destined for the world and United States markets.

“(6) The methods of housing, transporting, and slaughtering dogs and cats and fur products are generally unregulated and inhumane.

“(7) The trade of dog and cat fur products is ethically and aesthetically abhorrent to United States citizens. Consumers in the United States have a right to know if products offered for sale contain dog or cat fur and to ensure that they are not unwitting participants in this gruesome trade.

“(8) Persons who engage in the sale of dog or cat fur products, including the fraudulent trade practices identified above, gain an unfair competitive advantage over persons who engage in legitimate trade in apparel, toys, and other products, and derive an unfair benefit from consumers who buy their products.

“(9) The imposition of a ban on the sale, manufacture, offer for sale, transportation, and distribution of dog and cat fur products, regardless of their source, is consistent with the international obligations of the United States because it applies equally to domestic and foreign producers and avoids any discrimination among foreign sources of competing products. Such a ban is also consistent with provisions of international agreements to which the United States is a party that expressly allow for measures designed to protect the health and welfare of animals and to prevent the use of deceptive trade practices in international or domestic commerce.

“(b) PURPOSES.—The purposes of this chapter [chapter 3 (§§1441–1443) of subtitle B of title I of Pub. L. 106–476, see Short Title of Amendment note set out under section 1654 of this title] are to—

“(1) prohibit imports, exports, sale, manufacture, offer for sale, transportation, and distribution in the United States of dog and cat fur products, in order to ensure that United States market demand does not provide an incentive to slaughter dogs or cats for their fur;

“(2) require accurate labeling of fur species so that consumers in the United States can make informed choices and ensure that they are not unwitting contributors to this gruesome trade; and

“(3) ensure that the customs laws of the United States are not undermined by illicit international traffic in dog and cat fur products.”

§1312. Bonded smelting and refining warehouses

(a) Bond; charges against bond

Any plant engaged in smelting or refining, or both, of metal-bearing materials as defined in this section may, upon the giving of satisfactory bond, be designated a bonded smelting or refining warehouse. Metal-bearing materials may be entered into a bonded smelting or refining warehouse without the payment of duties thereon and there smelted or refined, or both, together with metal-bearing materials of domestic or foreign origin. (b) Cancellation of charges against bond

The several charges against such bond may be canceled in whole or in part—

(1) upon the exportation from the bonded warehouses which treated the metal-bearing materials, or from any other bonded smelting or refining warehouse, of a quantity of the same kind of metal contained in any product of smelting or refining of metal-bearing materials equal to the dutiable quantity contained in the imported metal-bearing materials less wastage provided for in subsection (c); except that—

(A) in the case of a withdrawal for exportation of such a product to a NAFTA country, as defined in section 3301(4) of this title, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 3332(a) of this title, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the

(subject to section 1508(b)(2)(B) of this title)

(i) the total amount of customs duties
owed on the materials on importation into
the United States, or

(ii) the total amount of customs duties
paid to the NAFTA country on the prod-

defined in section 203(a) of the United States-
Chile Free Trade Agreement Implementa-
tion Act, the duties on the materials shall be
paid, and the charges against the bond can-
celled, before the 61st day after the date of
exportation, except that the duties may be
waived or reduced by—

beginning on January 1, 2013,

Upon the convocation of a conference on the use or conservation of international fishery resources, the President shall, by all appropriate means at his disposal, seek to persuade countries whose domestic fishing practices or policies affect such resources, to engage in negotiations in good faith relating to the use or conservation of such resources. If, after such efforts by the President and by other countries which have agreed to engage in such negotiations, any other country whose conservation practices or policies affect the interests of the United States and such other countries, has, in the judgment of the President, failed or refused to engage in such negotiations in good faith, the President may, if he is satisfied that such action is likely to be effective in inducing such country to engage in such negotiations in good faith, increase the rate of duty on any fish (in any form) which is the product of such country, for such time as he deems necessary, to a rate not more than 50 percent above the rate existing on July 1, 1934.

APPOINTMENT OF COMMISSIONERS

The United States International Trade Commission (referred to in this subtitle as the “Commission”) shall be composed of six commissioners who shall be appointed by the President, by and with the advice and consent of the Senate. No person shall be eligible for appointment as a commissioner unless he is a citizen of the United States, and, in the judgment of the President, is possessed of qualifications requisite for developing expert knowledge of international trade problems and efficiency in administering the duties and functions of the Commission. A person who has served as a commissioner for more than 5 years (excluding service as a commissioner before January 3, 1975) shall not be eligible for reappointment as a commissioner.

Not more than three of the commissioners shall be members of the same political party, and in making appointments members of different political parties shall be appointed alternately as nearly as may be practicable.

(b) Terms of office

The term of office of the commissioners holding office on January 3, 1975, which (but for this sentence) would expire on June 16, 1975, June 16, 1976, June 16, 1977, June 16, 1978, June 16, 1979, and June 16, 1980, shall expire on December 16, 1976, June 16, 1978, December 16, 1979, June 16, 1981, December 16, 1982, and June 16, 1984, respectively. The term of office of each commissioner appointed after such date shall expire 9 years from the date of the expiration of the term for which his predecessor was appointed, except that—

(1) any commissioner appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term, and

(2) any commissioner may continue to serve as a commissioner after an expiration of his term of office until his successor is appointed and qualified.

(c) Chairman and vice chairman; quorum

(1) The chairman and the vice chairman of the Commission shall be designated by the President from among the members of the Commission not ineligible, under paragraph (3), for designation. The President shall notify the Congress of his designations under this paragraph. If, as of the date on which a term begins under paragraph (2), the President has not designated the chairman of the Commission for such term, the Commissioner 1 who, as of such date—

(A) is a member of a different political party than the chairman of the Commission for the immediately preceding term, and

(B) has the longest period of continuous service as a commissioner,

1 So in original. Probably should not be capitalized.
(1) In a proceeding in which the Commission is required to determine
(A) under section 2252 of this title, whether increased imports of an article are a substantial cause of serious injury, or the threat thereof, as described in subsection (b)(1) of that section (hereafter in this subsection referred to as “serious injury”), or
(B) under section 2436 of this title, whether market disruption exists,
and the commissioners voting are equally divided with respect to such determination, then the determination, agreed upon by either group of commissioners may be considered by the President as the determination of the Commission.

(2) If under section 2252(b) or 2436 of this title there is an affirmative determination of the Commission, or a determination of the Commission which the President may consider an affirmative determination under paragraph (1), that serious injury or market disruption exists, respectively, and a majority of the commissioners voting are unable to agree on a finding or recommendation described in section 2252(e)(1) of this title or the finding described in section 2436(a)(3) of this title, as the case may be (hereafter in this subsection referred to as a “remedy finding”), then—
(A) if a plurality of not less than three commissioners so voting agree on a remedy finding, such remedy finding shall, for purposes of section 2253 of this title, be treated as the remedy finding of the Commission, or
(B) if two groups, both of which include not less than 3 commissioners, each agree upon a remedy finding and the President reports under section 2254(a) of this title that—
(i) he is taking the action agreed upon by one such group, then the remedy finding agreed upon by the other group shall, for purposes of section 2253 of this title, be treated as the remedy finding of the Commission, or
(ii) he is taking action which differs from the action agreed upon by both such groups, or that he will not take any action, then the remedy finding agreed upon by either such group may be considered by the Congress as the remedy finding of the Commission and shall, for purposes of section 2253 of this title, be treated as the remedy finding of the Commission.

(3) In any proceeding to which this paragraph (1) applies in which the commissioners voting are equally divided on a determination that serious injury exists, or that market disruption exists, the Commission shall report to the President the determination of each group of commissioners. In any proceeding to which paragraph (2) applies, the Commission shall report to the President the remedy finding of each group of commissioners voting.

(4) In a case to which paragraph (2)(B)(ii) applies, for purposes of section 2253(a) of this title, notwithstanding section 2192(a)(1)(A) of this title, the second blank space in the joint resolution described in such section 2192(a)(1)(A) of this title shall be filled with the appropriate date and the following: “The action which shall take effect under section 203(a) of the Trade Act of 1974 is the finding or recommendation agreed upon by Commissioners . and . . . .” The three blank spaces shall be filled with the names of the appropriate Commissioners.

(5) Whenever, in any case in which the Commission is authorized to make an investigation upon its own motion, upon complaint, or upon application of any interested party, one-half of the number of commissioners voting agree that the investigation should be made, such investigation shall thereupon be carried out in accordance with the statutory authority covering the matter in question. Whenever the Commission is authorized to hold hearings in the course of any investigation and one-half of the number
of commissioners voting agree that hearings should be held, such hearings shall therefore be held in accordance with the statutory authority covering the matter in question.

(e) Authorization of appropriations

(1) For the fiscal year beginning October 1, 1976, and each fiscal year thereafter, there are authorized to be appropriated to the Commission for necessary expenses (including the rental of conference rooms in the District of Columbia and elsewhere) not to exceed the following:

(ii) $57,240,000 for fiscal year 2004.

(B) Not to exceed $2,500 of the amount authorized to be appropriated for any fiscal year under subparagraph (A) may be used, subject to the approval of the Chairman of the Commission, for reception and entertainment expenses.

(2) No part of any sum that is appropriated under the authority of subparagraph (A) may be used by the Commission in the making of any special study, investigation, or report that is requested by any agency of the executive branch unless that agency reimburses the Commission for the cost thereof.

(3) There are authorized to be appropriated to the Commission for each fiscal year after September 30, 1977, in addition to any other amount authorized to be appropriated for such fiscal year, such sums as may be necessary for increases authorized by law in salary, pay, retirement, and other employee benefits.

(4) By not later than the date on which the President submits to Congress the budget of the United States Government for a fiscal year, the Commission shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate the projected amount of funds for the succeeding fiscal year that will be necessary for the Commission to carry out its functions.

(f) Treatment of Commission under Paperwork Reduction Act

The Commission shall be considered to be an independent regulatory agency for purposes of chapter 35 of title 44.

**Appointment of Chairman in 1992**

(1) section 330(c)(3)(A) of the Tariff Act of 1930 (19 U.S.C. 1330(c)(3)(A)) shall not apply, and

(2) the President shall designate as chairman a Commissioner who is a member of the same political party as the chairman of the Commission serving on June 16, 1988.”

§ 1331. General powers

(a) Administration

(1)(A) Except as provided in paragraph (2), the chairman of the Commission shall—

(i) appoint and fix the compensation of such employees of the Commission as he deems necessary (other than the personal staff of each commissioner), including the secretary,

(ii) procure the services of experts and consultants in accordance with the provisions of section 3109 of title 5, and

(iii) exercise and be responsible for all other administrative functions of the Commission.

(B) The chairman of the Commission may accept, hold, administer, and utilize gifts, devises, and bequests of property, both real and personal, for the purpose of aiding or facilitating the work of the Commission.

(C) Any decision by the chairman under subparagraph (A) or (B) shall be subject to disapproval by a majority vote of all the commissioners in office.

(2) Subject to approval by a majority vote of all the commissioners in office, the chairman may—

(A) terminate the employment of any supervisory employee of the Commission whose duties involve substantial personal responsibility for Commission matters and who is compensated at a rate equal to, or in excess of, the rate for grade GS–15 of the General Schedule in section 5332 of title 5, and

(B) formulate the annual budget of the Commission.

(3) No member of the Commission, in making public statements with respect to any policy matter for which the Commission has responsibility, shall represent himself as speaking for the Commission, or his views as being the views of the Commission, with respect to such matter except to the extent that the Commission has adopted the policy being expressed.

(b) Application of civil service law

Except for employees excepted under civil service rules, all employees of the commission shall be appointed from lists of eligibles to be supplied by the Director of the Office of Personnel Management and in accordance with the civil service law.

(c) Expenses

All of the expenses of the commission, including all necessary expenses for transportation incurred by the commissioners or by their employees under their orders in making any investigation or upon official business in any other places than at their respective headquarters, shall be allowed and paid on the presentation of itemized vouchers therefor approved by the chairman (except that in the case of a commissioner, or the personal staff of any commissioner, such vouchers may be approved by that commissioner).

(d) Principal office at Washington

The principal office of the commission shall be in the city of Washington, but it may meet and exercise all its powers at any other place. (e) Office at New York

The commission is authorized to adopt an official seal, which shall be judicially noticed.

**Classification**

In subsec. (a), provisions which specified a salary of $7,500 per year for the secretary to the commission have been omitted as obsolete and superseded. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the Classification Act of 1923 and all other laws or parts of laws inconsistent with the 1949 Act. The Classification Act of 1949 was repealed by Pub. L. 89–554, Sept. 6, 1966, §8(a), 80 Stat. 632, and reenacted as chapter 51 and subchapter III of chapter 53 of Title 5, Government Organization and Employees. Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

In subsec. (b), the words “Except for employees excepted under the civil service rules” substituted for “With the exception of the secretary, a clerk to each commissioner, and such special experts as the commission may from time to time find necessary for the conduct of its work”. Appointments are now subject to the civil service laws unless specifically excepted by such laws or by laws enacted subsequent to Executive Order 8733, Apr. 23, 1941, issued by the President pursuant to the act of Nov. 26, 1940, ch. 919, title I, §1, 54 Stat. 1211, which covered most excepted positions into the classified (competitive) civil service. The Order is set out as a note under section 3301 of Title 5.
§ 1332. Investigations

(a) Investigations and reports

It shall be the duty of the commission to investigate the administration and fiscal and industrial effects of the customs laws of this country, the relations between the rates of duty on raw materials and finished or partly finished products, the effects of ad valorem and specific duties and of compound specific and ad valorem duties, all questions relative to the arrangement of schedules and classification of articles in the several schedules of the customs law, and, in general, to investigate the operation of customs laws, including their relation to the Federal revenues, their effect upon the industries and labor of the country, and to submit reports of its investigations as hereafter provided.

(b) Investigations of tariff relations

The commission shall have power to investigate the tariff relations between the United States and foreign countries, commercial treaties, preferential provisions, economic alliances, the effect of export bounties and preferential transportation rates, the volume of imports compared with domestic production and consumption, and conditions, causes, and effects relating to competition of foreign industries with those of the United States, including dumping and cost of production.

(2) Ascertain conversion costs and costs of production in the principal growing, producing, or manufacturing centers of foreign countries of articles imported into the United States, whenever in the opinion of the commission such conversion costs or costs of production are necessary for comparison with conversion costs or costs of production in the United States and can be reasonably ascertained;
(3) Select and describe articles which are representative of the classes or kinds of articles imported into the United States and which are similar to or comparable with articles of the United States; select and describe articles of the United States similar to or comparable with such imported articles; and obtain and file samples of articles so selected, whenever the commission deems it advisable;
(4) Ascertain import costs of such representative articles so selected;
(5) Ascertain the grower’s, producer’s, or manufacturer’s selling prices in the principal growing, producing, or manufacturing centers of the United States of the articles of the United States so selected; and
(6) Ascertain all other facts which will show the differences in or which affect competition between articles of the United States and imported articles in the principal markets of the United States.

(e) Definitions

When used in this subdivision and in subdivision (d)—
(1) The term “article” includes any commodity, whether grown, produced, fabricated, manipulated, or manufactured;
(2) The term “import cost” means the transaction value of the imported merchandise determined in accordance with section 1401(a) of this title plus, when not included in the transaction value, all necessary expenses, exclusive of customs duties, of bringing such merchandise to the United States.
The commission shall put at the disposal of the President of the United States, the Committee on Ways and Means of the House of Representatives, and the Committee on Finance of the Senate, whenever requested, all information at its command, and shall make such investigations and reports as may be requested by the President or by either of said committees or by either branch of the Congress. However, the Commission may not release information which the Commission considers to be confidential business information unless the party submitting the confidential business information had notice, at the time of submission, that such information would be released by the Commission, or such party subsequently consents to the release of the information. The Commission shall report to Congress on the first Monday of December of each year after June 17, 1930, a statement of the methods adopted and all expenses incurred, a summary of all reports made during the year, and a list of all votes taken by the commission during the year, showing those commissioners voting in the affirmative and the negative on each vote and those commissioners not voting on each vote and the reasons for not voting. Each such annual report shall include a list of all complaints filed under section 1337 of this title during the year for which such report is being made, the date on which each such complaint was filed, and the section taken thereunder and the status of all investigations conducted by the commission under such section during such year and the date on which each such investigation was commenced.

American Manufacturing Competitiveness
Pub. L. 114–159, May 20, 2016, 130 Stat. 396, provided that:

“SECTION 1. SHORT TITLE.
“This Act may be cited as the ‘American Manufacturing Competitiveness Act of 2016’.

“SEC. 2. SENSE OF CONGRESS ON THE NEED FOR A MISCELLANEOUS TARIFF BILL.
“(a) FINDINGS.—Congress makes the following findings:

“(1) As of the date of the enactment of this Act [May 20, 2016], the Harmonized Tariff Schedule of the United States [see Publication of Harmonized Tariff
§ 1332

Schedule note set out under section 1202 of this title] imposes duties on imported goods for which there is no domestic availability or insufficient domestic availability.

"(2) The imposition of duties on such goods creates artificial distortions in the economy of the United States that negatively affect United States manufacturers and consumers.

"(3) The manufacturing competitiveness of the United States around the world will be enhanced if Congress regularly and predictably updates the Harmonized Tariff Schedule to suspend or reduce duties on such goods.

"(4) Creating and maintaining an open and transparent process for consideration of petitions for duty suspensions and reductions builds confidence that the process is fair, open to all, and free of abuse.

"(5) Congress regularly and predictably updates the Harmonized Tariff Schedule to suspend or reduce duties on such goods.

"(6) A miscellaneous tariff bill developed under this process will not contain any—

"(A) congressional earmarks or limited tax benefits within the meaning of clause 9 of rule X XI of the Rules of the House of Representatives; or

"(B) congressionally directed spending items or limited tax benefits within the meaning of rule XLIV of the Standing Rules of the Senate.

"(7) Because any limited tariff benefits contained in any miscellaneous tariff bill following the process set forth by this Act will not have been the subject of legislation introduced by an individual Member of Congress and will be fully vetted through a transparent and fair process free of abuse, it is appropriate for Congress to consider limited tariff benefits as part of that miscellaneous tariff bill as long as—

"(A) in the case of a miscellaneous tariff bill considered in the House of Representatives, consistent with the Rules of the House of Representatives, a list of such limited tariff benefits is published in the reports of the Committee on Ways and Means of the House of Representatives accompanying the miscellaneous tariff bill, or in the Congressional Record; and

"(B) in the case of a miscellaneous tariff bill considered in the Senate, consistent with the Standing Rules of the Senate—

"(i) such limited tariff benefits have been identified through lists, charts, or other similar means; and

"(ii) the information identified in clause (i) has been available on a publicly accessible congressional website in a searchable format at least 48 hours before the vote on the motion to proceed to the miscellaneous tariff bill or the vote on the adoption of a report of a committee of conference in connection with the miscellaneous tariff bill, as the case may be.

"(8) When the process set forth under paragraph (7) is followed, it is consistent with the letter and intent of the Rules of the House of Representatives and the Senate and other related guidance.

"(b) REQUIREMENTS OF COMMISSION.—

"(1) INITIATION.—Not later than October 15, 2016, and October 15, 2019, the Commission shall publish in the Federal Register and on a publicly available Internet website of the Commission a notice requesting members of the public who can demonstrate that they are likely beneficiaries of duty suspensions or reductions to submit to the Commission during the 60-day period beginning on the date of such publication—

"(C) A certification that the petitioner is a likely beneficiary of the proposed duty suspension or reduction.

"(D) An article description for the proposed duty suspension or reduction to be included in the amendment to subchapter II of chapter 99 of the Harmonized Tariff Schedule of the United States;

"(ii) a classification ruling of U.S. Customs and Border Protection entry summary indicating where the article is classified in the Harmonized Tariff Schedule of the United States;

"(F) A brief and general description of the article.

"(G) A brief description of the industry in the United States that uses the article.

"(H) An estimate of the total value, in United States dollars, of imports of the article for each of the 5 calendar years after the calendar year in which the petition is filed, including an estimate of the total value of such imports by the person who submits the petition and by any other importers, if available.

"(I) The name of each person that imports the article, if available.

"(J) A description of any domestic production of the article, if available.

"(K) Such other information as the Commission may require.

The preliminary report shall contain the following information with respect to each petition for a duty suspension or reduction:

“(I) The heading or subheading of the Harmonized Tariff Schedule of the United States in which each article that is the subject of the petition for the duty suspension or reduction is classified, as identified by documentation supplied to the Commission, and any supporting information obtained by the Commission.

“(II) A determination of whether or not domestic production of the article that is the subject of the petition for the duty suspension or reduction exists, taking into account the report of the Secretary of Commerce under subsection (c)(1), and, if such production exists, whether or not a domestic producer of the article objects to the duty suspension or reduction.

“(III) Any technical changes to the article description of the article that is the subject of the petition for the duty suspension or reduction that are necessary for purposes of administration when the article is presented for importation, taking into account the report of the Secretary of Commerce under subsection (c)(2).

“(IV) An estimate of the amount of loss in revenue to the United States that would no longer be collected if the duty suspension or reduction takes effect.

“(V) A determination of whether or not the duty suspension or reduction is available to any person that imports the article that is the subject of the duty suspension or reduction.

“(VI) The likely beneficiaries of each duty suspension or reduction, including whether the petitioner is a likely beneficiary.

“(II) Categories of Information.—The preliminary report submitted under clause (i) shall also contain the following information:

“(I) A list of petitions for duty suspensions and reductions that meet the requirements of this Act without modifications.

“(II) A list of petitions for duty suspensions and reductions for which the Commission recommends technical corrections in order to meet the requirements of this Act, with the correction specified.

“(III) A list of petitions for duty suspensions and reductions for which the Commission recommends modifications to the amount of the duty suspension or reduction that is the subject of the petition to comply with the requirements of this Act, with the modification specified.

“(IV) A list of petitions for duty suspensions and reductions for which the Commission recommends modifications to the scope of the articles that are the subject of such petitions to address objections by domestic producers to such petitions, with the modifications specified.

“(V) A list of the following:

“(bb) Petitions for duty suspensions and reductions with respect to which the Commission has determined the petitioner is not a likely beneficiary.

“(cc) Petitions for duty suspensions and reductions which the Commission does not recommend for inclusion in a miscellaneous tariff bill, other than petitions specified in subclause (V).

“(D) Additional Information.—The Commission shall consider any information submitted by the appropriate congressional committees to the Commission relating to moving a petition that is contained in the list referred to in subclause (VI) of subparagraph (C) to a list referred to in clause (I), (II), (III), or (IV) of subparagraph (C)(ii).

“(E) Final Report.—Not later than 60 days after the date on which the preliminary report is submitted under subparagraph (C), the Commission shall submit to the appropriate congressional committees a final report on each petition for a duty suspension or reduction specified in the preliminary report. §1332a. Importation of red cedar shingles

(a) Investigation by Commission

The United States International Trade Commission is directed to conduct an investigation as soon as practicable after the close of the calendar year 1939 and each calendar year thereafter, for the purpose of ascertaining the quantities of red cedar shingles shipped by producers in the United States and the quantities of imported red cedar shingles entered for consumption, or withdrawn from warehouse for consumption, during each of the three calendar years immediately preceding any such investigation.

(b) Duty on imported shingles; amount

If the Commission finds, on the basis of an investigation under subdivision (a) of this section, that in any calendar year after 1938 the quantity of imported red cedar shingles entered for consumption, or withdrawn from warehouse for consumption, was in excess of 30 per cent of the combined total for such year of the respective quantities ascertained in such investigation, it shall so report to the President. If the President approves the report of the Commission, he shall so proclaim, and on and after the day following the filing of such proclamation with the Division of the Federal Register and so long as any trade agreement entered into under the authority of section 1351 of this title, shall be in effect with respect to the importation into the United States of red cedar shingles, there shall be a duty upon imported red cedar shingles entered for consumption, or withdrawn from warehouse for consumption, in any calendar year in excess of 30 per cent of the annual average for the preceding three calendar years of the combined total of the quantity of such shingles shipped by producers in the United States and of the quantity of such imported shingles entered for consumption, or withdrawn from warehouse for consumption. The rate of such duty shall be 25 cents per square. Any duty imposed under this section shall be treated for the purposes of all provisions of law relating to customs revenue as a duty imposed by section 1001 of this title, and shall not apply to shingles entered for consumption before the duty becomes applicable.

Any person, firm, copartnership, corporation, or association, may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the commission, as hereinafter provided.

(e) Fees and mileage of witnesses

Witnesses summoned before the commission shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and witnesses whose depositions are taken and the persons taking the same, except employees of the commission, shall severally be entitled to the same fees and mileage as are paid for like services in the courts of the United States.

(f) Statements under oath

TRANSFER OF FUNCTIONS

Executive and administrative functions of Federal Trade Commission transferred, with certain reservations, to Chairman of such Commission by Reorg. Plan No. 3 of 1950, §1, eff. May 24, 1950, 15 F.R. 3172, 64 Stat. 1264, set out in the Appendix to Title 5, Government Organization and Employees.

§ 1335. Rules and regulations

The commission is authorized to adopt such reasonable procedures and rules and regulations as it deems necessary to carry out its functions and duties.

PRIOR PROVISIONS

§ 1336. Equalization of costs of production

(a) Change of classification or duties

In order to put into force and effect the policy of Congress by this chapter intended, the commission (1) upon request of the President, or (2) upon resolution of either or both Houses of Congress, or (3) upon its own motion, or (4) when in the judgment of the commission there is good and sufficient reason therefor, upon application of any interested party, shall investigate the differences in the costs of production of any domestic article and of any like or similar foreign article. In the course of the investigation the commission shall hold hearings and give reasonable public notice thereof, and shall afford reasonable opportunity for parties interested to be present, to produce evidence, and to be heard at such hearings. The commission shall report to the President the results of the investigation and its findings with respect to such differences in costs of production. If the commission finds it shown by the investigation that the duties expressly fixed by statute do not equalize the differences in the costs of production of the domestic article and the like or similar foreign article when produced in the principal competing country, the commission shall specify in its report such increases or decreases in rates of duty expressly fixed by statute (including any necessary change in classification) as it finds shown by the investigation to be necessary to equalize such differences. In no case shall the total increase or decrease of such rates of duty exceed 50 per centum of the rates expressly fixed by statute.

(c) Proclamation by the President

The President shall by proclamation approve the rates of duty and changes in classification specified in any report of the commission under this section, if in his judgment such rates of duty and changes are shown by such investigation of the commission to be necessary to equalize such differences in costs of production.

(d) Effective date of rates and changes

Commencing thirty days after the date of any presidential proclamation of approval the increased or decreased rates of duty and changes in classification specified in the report of the commission shall take effect.

(e) Ascertainment of differences in costs of production

In ascertaining under this section the differences in costs of production, the commission shall take into consideration, in so far as it finds it practicable:

(1) In the case of a domestic article

(A) The cost of production as hereinafter in this section defined; (B) transportation costs and other costs incident to delivery to the principal market or markets of the United States for the article; and (C) other relevant factors that constitute an advantage or disadvantage in competition.

(2) In the case of a foreign article

(A) The cost of production as hereinafter in this section defined, or, if the commission
finds that such cost is not readily ascertainable, the commission may accept as evidence thereof, or as supplemental thereto, the weighted average of the invoice prices or values for a representative period and/or the average wholesale selling price for a representative period (which price shall be that at which the article is freely offered for sale to all purchasers in the principal market or markets of the principal competing country or countries in the ordinary course of trade and in the usual wholesale quantities in such market or markets); (B) transportation costs and other costs incident to delivery to the principal market or markets of the United States for the article; (C) other relevant factors that constitute an advantage or disadvantage in competition, including advantages granted to the foreign producers by a government, person, partnership, corporation, or association in a foreign country.

(f) Modification of changes in duty
Any increased or decreased rate of duty or change in classification which has taken effect as above provided may be modified or terminated in the same manner and subject to the same conditions and limitations (including time of taking effect) as is provided in this section in the case of original increases, decreases, or changes.

(g) Prohibition against transfers from the free list to the dutiable list or from the dutiable list to the free list
Nothing in this section shall be construed to authorize a transfer of an article from the dutiable list to the free list or from the free list to the dutiable list, nor a change in form of duty. Whenever it is provided in any paragraph of Subtitle I of this chapter, or in any amendatory act, that the duty or duties shall not exceed the maximum ad valorem rate upon the articles provided for in such paragraph, no rate determined under the provisions of this section upon such articles shall exceed the maximum ad valorem rate so specified.

§ 1337. Unfair practices in import trade

(a) Unlawful activities; covered industries; definitions

(1) Subject to paragraph (2), the following are unlawful, and when found by the Commission to exist shall be dealt with, in addition to any other provision of law, as provided in this section:

(A) Unfair methods of competition and unfair acts in the importation of articles (other than articles provided for in subparagraphs (B), (C), (D), and (E)) into the United States, or in the sale of such articles by the owner, importer, or consignee, the threat or effect of which is—
   (i) to destroy or substantially injure an industry in the United States;
   (ii) to prevent the establishment of such an industry; or
   (iii) to restrain or monopolize trade and commerce in the United States.

(B) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of articles that—
   (i) infringe a valid and enforceable United States patent or a valid and enforceable United States copyright registered under title 17; or
   (ii) are made, produced, processed, or mined under, or by means of, a process covered by the claims of a valid and enforceable United States patent.

(C) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of articles that—
   (i) infringe a valid United States trademark registered under the Trademark Act of 1946 [15 U.S.C. 1051 et seq.];
   (ii) are made, produced, processed, or mined under, or by means of, the claims of a valid and enforceable United States trademark.

(D) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of a semiconductor chip product in a manner that constitutes infringement of a mask work registered under chapter 9 of title 17.

(E) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of an article that constitutes infringement of the exclusive rights in a design protected under chapter 13 of title 17.

(2) Subparagraphs (B), (C), (D), and (E) of paragraph (1) apply only if an industry in the United States, relating to the articles protected by the patent, copyright, trademark, mask work, or design concerned, exists or is in the process of being established.

(3) For purposes of paragraph (2), an industry in the United States shall be considered to exist if there is in the United States, with respect to the articles protected by the patent, copyright, trademark, mask work, or design concerned—
   (A) significant investment in plant and equipment;
   (B) significant employment of labor or capital; or
   (C) substantial investment in its exploitation, including engineering, research and development, or licensing.

(4) For the purposes of this section, the phrase “owner, importer, or consignee” includes any agent of the owner, importer, or consignee.

(b) Investigation of violations by Commission

(1) The Commission shall investigate any alleged violation of this section on complaint under oath or upon its initiative. Upon commencing any such investigation, the Commission shall publish notice thereof in the Federal Register. The Commission shall, within 45 days after an investigation is initiated, establish a target date for its final determination.

(2) During the course of each investigation under this section, the Commission shall consult with, and seek advice and information from, the Department of Health and Human Services, the Department of Justice, the Federal Trade Commission, and such other departments and agencies as it considers appropriate.

(3) Whenever, in the course of an investigation under this section, the Commission has reason to believe, based on information before it, that a matter, in whole or in part, may come within the purview of part II of subtitle IV of this chapter, it shall promptly notify the Secretary of Commerce so that such action may be taken as is otherwise authorized by such part II. If the Commission has reason to believe that the matter before it (A) is based solely on alleged acts and effects which are within the purview of section 1671 or 1673 of this title, or (B) relates to an alleged copyright infringement with respect to which action is prohibited by section 1008 of title 17, the Commission shall terminate, or not institute, any investigation into the matter. If the Commission has reason to believe the matter before it is based in part on alleged acts and effects which are within the purview of section 1671 or 1673 of this title, and in part on alleged acts and effects which may, independently from or in conjunction with those within the purview
of such section, establish a basis for relief under this section, then it may institute or continue an investigation into the matter. If the Commission notifies the Secretary or the administering authority (as defined in section 1677(1) of this title) with respect to a matter under this paragraph, the Commission may suspend its investigation during the time the matter is before the Secretary or administering authority for final decision. Any final decision by the administering authority under section 1671 or 1673 of this title with respect to the matter within that section 1671 or 1673 of this title of which the Commission has notified the Secretary or administering authority shall be conclusive upon the Commission with respect to the issue of less-than-fair-value sales or subsidization and the matters necessary for such decision.

(c) Determinations; review

The Commission shall determine, with respect to each investigation conducted by it under this section, whether or not there is a violation of this section, except that the Commission may, by issuing a consent order or on the basis of an agreement between the private parties to the investigation, including an agreement to present the matter for arbitration, terminate any such investigation, in whole or in part, without making such a determination. Each determination under subsection (d) or (e) shall be made on the record after notice and opportunity for a hearing in conformity with the provisions of subchapter II of chapter 5 of title 5. All legal and equitable defenses may be presented in all cases. A respondent may raise any counterclaim in a manner prescribed by the Commission. Immediately after a counterclaim is received by the Commission, the respondent raising such counterclaim shall file a notice of removal with a United States district court in which venue for any of the counterclaims raised by the party would exist under section 1391 of title 28. Any counterclaim raised pursuant to this section shall relate back to the date of the original complaint in the proceeding before the Commission. Action on such counterclaim shall not delay or affect the proceeding under this section, including the legal and equitable defenses that may be raised under this subsection. Any person adversely affected by a final determination of the Commission under subsection (d), (e), (f), or (g) may appeal such determination, within 60 days after the determination becomes final, to the United States Court of Appeals for the Federal Circuit for review in accordance with chapter 7 of title 5. Notwithstanding the foregoing provisions of this subsection, Commission determinations under subsections (d), (e), (f), and (g) with respect to its findings on the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, the amount and nature of bond, or the appropriate remedy shall be reviewable in accordance with section 706 of title 5.

(d) Exclusion of articles from entry

(1) If the Commission determines, as a result of an investigation under this section, that there is a violation of this section, it shall direct that the articles concerned, imported by any person violating the provision of this section, be excluded from entry into the United States, unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. The Commission shall notify the Secretary of the Treasury of its action under this subsection directing such exclusion from entry, and upon receipt of such notice, the Secretary shall, through the proper officers, refuse such entry.

(2) The authority of the Commission to order an exclusion from entry of articles shall be limited to persons determined by the Commission to be violating this section unless the Commission determines that—

(A) a general exclusion from entry of articles is necessary to prevent circumvention of an exclusion order limited to products of named persons; or

(B) there is a pattern of violation of this section and it is difficult to identify the source of infringing products.

(e) Exclusion of articles from entry during investigation except under bond; procedures applicable; preliminary relief

(1) If, during the course of an investigation under this section, the Commission determines that there is reason to believe that there is a violation of this section, it may direct that the articles concerned, imported by any person with respect to whom there is reason to believe that such person is violating this section, be excluded from entry into the United States, unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. The Commission shall notify the Secretary of the Treasury of its action under this subsection directing such exclusion from entry, and upon receipt of such notice, the Secretary shall, through the proper officers, refuse such entry, except that such articles shall be entitled to entry under bond prescribed by the Secretary in an amount determined by the Commission to be sufficient to protect the complainant from any injury. If the Commission later determines that the respondent has violated the provisions of this section, the bond may be forfeited to the complainant.

(2) A complainant may petition the Commission for the issuance of an order under this subsection. The Commission shall make a determination with regard to such petition by no later than the 90th day after the date on which the Commission’s notice of investigation is published in the Federal Register. The Commission
may extend the 90-day period for an additional 60 days in a case it designates as a more complicated case. The Commission shall publish in the Federal Register its reasons why it designated the case as being more complicated. The Commission may require the complainant to post a bond as a prerequisite to the issuance of an order under this subsection. If the Commission later determines that the respondent has not violated the provisions of this section, the bond may be forfeited to the respondent.

(3) The Commission may grant preliminary relief under this subsection or subsection (f) to the same extent as preliminary injunctions and temporary restraining orders may be granted under the Federal Rules of Civil Procedure.

(4) The Commission shall prescribe the terms and conditions under which bonds may be forfeited under paragraphs (1) and (2).

(f) Cease and desist orders; civil penalty for violation of orders

(1) In addition to, or in lieu of, taking action under subsection (d) or (e), the Commission may issue and cause to be served on any person violating this section, or believed to be violating this section, as the case may be, an order directing such person to cease and desist from engaging in the unfair methods or acts involved, unless after considering the effect of such order upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such order should not be issued. The Commission may at any time, upon such notice and in such manner as it deems proper, modify or revoke any such order, and, in the case of a revocation, may take action under subsection (d) or (e), as the case may be. If a temporary cease and desist order is issued in addition to, or in lieu of, an exclusion order under subsection (e), the Commission may require the complainant to post a bond, in an amount determined by the Commission to be sufficient to protect the respondent from any injury, as a prerequisite to the issuance of an order under this subsection. If the Commission later determines that the respondent has not violated the provisions of this section, the bond may be forfeited to the respondent. The Commission shall prescribe the terms and conditions under which the bonds may be forfeited under this paragraph.

(2) Any person who violates an order issued by the Commission under paragraph (1) after it has become final shall be fined and pay to the United States a civil penalty for each day on which an importation of articles, or their sale, occurs in violation of the order of not more than the greater of $100,000 or twice the domestic value of the articles entered or sold on such day in violation of the order. Such penalty shall accrue to the United States and may be recovered for the United States in a civil action brought by the Commission in the Federal District Court for the District of Columbia or for the district in which the violation occurs. In such actions, the United States district courts may issue mandatory injunctions incorporating the relief sought by the Commission as they deem appropriate in the enforcement of such final orders of the Commission.

(h) Sanctions for abuse of discovery and abuse of process

(i) Forfeiture

(1) In addition to taking action under subsection (d), the Commission may issue an order providing that any article imported in violation of the provisions of this section be seized and forfeited to the United States if—

(A) the owner, importer, or consignee of the article previously attempted to import the article into the United States;

(B) the article was previously denied entry into the United States by reason of an order issued under subsection (d); and

(C) upon such previous denial of entry, the Secretary of the Treasury provided the owner, importer, or consignee of the article written notice of—

(i) such order, and

(ii) the seizure and forfeiture that would result from any further attempt to import the article into the United States.

(2) The Commission shall notify the Secretary of the Treasury of any order issued under this

(g) Exclusion from entry or cease and desist order; conditions and procedures applicable

(1) If—

(A) a complaint is filed against a person under this section;

(B) the complaint and a notice of investigation are served on the person;

(C) the person fails to respond to the complaint and notice or otherwise fails to appear to answer the complaint and notice;

(D) the person fails to show good cause why the person should not be found in default; and

(E) the complainant seeks relief limited solely to that person;

(B) transmit to the President a copy of such determination and the action taken under subsection (d), (e), (f), (g), or (i), with respect thereto, together with the record upon which such determination is based.

(2) If, before the close of the 60-day period beginning on the day after the day on which he receives a copy of such determination, the President, for policy reasons, disapproves such determination and notifies the Commission of his disapproval, then, effective on the date of such notice, such determination and the action taken under subsection (d), (e), (f), (g), or (i) with respect thereto shall have no force or effect.

(2) If any person who has previously been found by the Commission to be in violation of this section petitions the Commission for a determination that the petitioner is no longer in violation of this section or for a modification or rescission of an exclusion from entry or order under subsection (d), (e), (f), (g), or (i)—

(A) the burden of proof in any proceeding before the Commission regarding such petition shall be on the petitioner; and

(B) relief may be granted by the Commission with respect to such petition—

PART III—PROMOTION OF FOREIGN TRADE

§1351. Foreign trade agreements

(a) Authority of President; modification and de-
crease of duties; altering import restrictions

(1) For the purpose of expanding foreign mar-

kets for the products of the United States (as a

means of assisting in establishing and main-

taining a better relationship among various

branches of American agriculture, industry,

mining, and commerce) by regulating the admis-

sion of foreign goods into the United States in

accordance with the characteristics and needs of

various branches of American production so

that foreign markets will be made available to

those branches of American production which

require and are capable of developing such out-

lets by affording corresponding market opportu-

nities for foreign products in the United States,

the President, whenever he finds as a fact that
any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

(A) To enter into foreign trade agreements with foreign governments or instrumentalities thereof: Provided, That the enactment of the Trade Agreements Extension Act of 1955 shall not be construed to determine or indicate the approval or disapproval by the Congress of the executive agreement known as the General Agreement on Tariffs and Trade.

(B) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder.

(2) No proclamation pursuant to paragraph (1)(B) of this subsection shall be made—

(A) Increasing by more than 50 per centum any rate of duty existing on July 1, 1934; except that a specific rate of duty existing on July 1, 1934, may be converted to its ad valorem equivalent based on the value of imports of the article concerned during the calendar year 1934 (determined in the same manner as provided in subparagraph (D)(i)) and the proclamation may provide an ad valorem rate of duty not in excess of 50 per centum above such ad valorem equivalent.

(B) Transferring any article between the dutiable and free lists.

(C) In order to carry out a foreign trade agreement entered into by the President before June 12, 1955, or with respect to which notice of intention to negotiate was published in the Federal Register on November 16, 1954, decreasing by more than 50 per centum any rate of duty existing on January 1, 1955.

(D) In order to carry out a foreign trade agreement entered into by the President on or after June 12, 1955, and before July 1, 1958, decreasing any rate of duty after June 12, 1955) the President determines after June 12, 1955; or with respect to which no agreement entered into by the President be- or after July 1, 1958, or with respect to which no agreement entered into by the President be-

(3)(A) Subject to the provisions of subparagraphs (B) and (C) of this paragraph and of subparagraph (B) of paragraph (4) of this subsection, the provisions of any proclamation made under paragraph (1)(B) of this subsection, the provisions of any proclamation of suspension under paragraph (5) of this subsection, shall be in effect from and after such time as is specified in the proclamation.

(B) In the case of any decrease in duty to which paragraph (2)(D) of this subsection applies—

(i) If the total amount of the decrease under the foreign trade agreement does not exceed 15 per centum of the rate existing on January 1, 1955, the amount of such decrease becoming initially effective at one time shall not exceed 5 per centum of the rate existing on January 1, 1955;

(ii) except as provided in clause (i), not more than one-third of the total amount of the decrease under the foreign trade agreement shall become initially effective at one time; and

(iii) no part of the decrease after the first part shall become initially effective until the immediately previous part shall have been in effect for a period or periods aggregating not less than one year.

(C) No part of any decrease in duty to which the alternative specified in paragraph (2)(D)(i) of this subsection applies shall become initially effective after the expiration of the three-year period which begins on July 1, 1955. If any part of such decrease has become effective, then for purposes of this subparagraph any time thereafter during which such part of the decrease is not in effect by reason of legislation of the United States or action thereunder shall be excluded in determining when the three-year period expires.

(D) If (in order to carry out a foreign trade agreement entered into by the President on or after June 12, 1955) the President determines that such action will simplify the computation of the amount of duty imposed with respect to an article, he may exceed any limitation specified in paragraph (2)(C) or (D) or paragraph (4)(A) or (B) of this subsection or subparagraph (B) of this paragraph by not more than whichever of the following is lesser:

(i) The difference between the limitation and the next lower whole number, or

(ii) One-half of 1 per centum ad valorem.

In the case of a specific rate (or of a combination of rates which includes a specific rate), the one-half of 1 per centum specified in clause (ii) of the preceding sentence shall be determined in
the same manner as the ad valorem equivalent of rates not stated wholly in ad valorem terms is determined for the purposes of paragraph (2)(D)(ii) of this subsection.

(4)(A) No proclamation pursuant to paragraph (1)(B) of this subsection shall be made, in order to carry out a foreign trade agreement entered into by the President on or after July 1, 1958, decreasing any rate of duty below the lowest of the following rates:

(i) The rate which would result from decreasing the rate existing on July 1, 1958, by 20 per centum of such rate.

(ii) Subject to paragraph (2)(B) of this subsection, the rate 2 per centum ad valorem below the rate existing on July 1, 1958.

(iii) The rate 50 per centum ad valorem or, in the case of any article subject to a specific rate of duty or to a combination of rates including a specific rate, any rate (or combination of rates), however stated, the ad valorem equivalent of which has been determined as 50 per centum ad valorem.

The provisions of clauses (ii) and (iii) of this subparagraph and of subparagraph (B)(ii) of this paragraph shall, in the case of any article, subject to a combination of ad valorem rates of duty, apply to the aggregate of such rates; and, in the case of any article, subject to a specific rate of duty or to a combination of rates including a specific rate, such provisions shall apply on the basis of the ad valorem equivalent of such rate or rates, during a representative period (whether or not such period includes July 1, 1958), determined in the same manner as the ad valorem equivalent of rates not stated wholly in ad valorem terms is determined for the purpose of paragraph (2)(D)(ii) of this subsection.

(B)(i) In the case of any decrease in duty to which clause (i) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed 10 per centum of the rate of duty existing on July 1, 1958, or, in any case in which the rate has been increased since that date, exceed such 10 per centum or one-third of the total amount of the decrease under the foreign trade agreement, whichever is the greater.

(ii) In the case of any decrease in duty to which clause (ii) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed 1 per centum ad valorem or, in any case in which the rate has been increased since July 1, 1958, exceed such 1 per centum or one-third of the total amount of the decrease under the foreign trade agreement, whichever is the greater.

(iii) In the case of any decrease in duty to which clause (iii) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed one-third of the total amount of the decrease under the foreign trade agreement.

(C) In the case of any decrease in duty to which subparagraph (A) of this paragraph applies (i) no part of a decrease after the first part shall become initially effective until the immediately previous part shall have been in effect for a period or periods aggregating not less than one year, nor after the first part shall have been in effect for a period or periods aggregating more than three years, and (ii) no part of a decrease shall become initially effective after the expiration of the four-year period which begins on July 1, 1962. If any part of a decrease has become effective, then for the purposes of clauses (i) and (ii) of the preceding sentence any time thereafter during which such part of the decrease is not in effect by reason of legislation of the United States or action thereunder shall be excluded in determining when the three-year period or the four-year period, as the case may be, expires.

(6) The President may at any time terminate, in whole or in part, any proclamation made pursuant to this section.

(b) Cuba; preferential customs treatment; decrease of rates

Nothing in this section or the Trade Expansion Act of 1962 [19 U.S.C. 1801 et seq.] shall be construed to prevent the application, with respect to rates of duty established under this section or the Trade Expansion Act of 1962 pursuant to agreements with countries other than Cuba, of the provisions of the treaty of commercial reciprocity concluded between the United States and the Republic of Cuba on December 11, 1902, or to preclude giving effect to an agreement with Cuba concluded under this section or the Trade Expansion Act of 1962, modifying the existing preferential customs treatment of any article the growth, produce, or manufacture of Cuba. Nothing in this chapter or the Trade Expansion Act of 1962 shall be construed to preclude the application to any product of Cuba (including products preferentially free of duty) of a rate of duty not higher than the rate applicable to the like products of other foreign countries (except the Philippines), whether or not the application of such rate involves any preferential customs treatment. No rate of duty on products of Cuba shall be decreased—

(1) In order to carry out a foreign trade agreement entered into by the President before June 12, 1955, by more than 50 per centum of the rate of duty existing on January 1, 1945, with respect to products of Cuba.

(2) In order to carry out a foreign trade agreement entered into by the President on or after June 12, 1955, and before July 1, 1962, below the applicable alternative specified in subsection (a)(2)(C) or (D) or (4)(A) (subject to the applicable provisions of subsection (a)(3)(B), (C), and (D) and (4)(B) and (C)), each such alternative to be read for the purposes of this paragraph as relating to the rate of duty applicable to products of Cuba. With respect to products of Cuba, the limitation of subsection (a)(2)(D)(ii) or (4)(A)(iii) may be exceeded to such extent as may be required to maintain an absolute margin of preference to which such products are entitled.

(3) In order to carry out a foreign trade agreement entered into after June 30, 1962, and
before July 1, 1967, below the lowest rate per-
missible by applying title II of the Trade Ex-
pansion Act of 1962 [19 U.S.C. 1821 et seq.] to
the rate of duty (however established, and even
though temporarily suspended by Act of Con-
gress or otherwise) existing on July 1, 1962,
with respect to such product.

or decreased for the duration of war or an emer-

basis of the post-war or post-emergency rate
carried in such agreement or otherwise.

(2) Where under a foreign trade agreement the
United States has reserved the unqualified right
to withdraw or modify, after the termination of
war or an emergency, a rate on a specific com-
