102.	Definitions.

§ 101. Postal policy

(a) The United States Postal Service shall be operated as a basic and fundamental service pro-

vided to the people by the Government of the United States, authorized by the Constitution, created by Act of Congress, and supported by the people. The Postal Service shall have as its basic function the obligation to provide postal services to bind the Nation together through the personal, educational, literary, and business correspondence of the people. It shall provide prompt, reliable, and efficient services to patrons in all areas and shall render postal services to all communities. The costs of establishing and maintaining the Postal Service shall not be apportioned to impair the overall value of such service to the people.

(b) The Postal Service shall provide a maximum degree of effective and regular postal services to rural areas, communities, and small towns where post offices are not self-sustaining. No small post office shall be closed solely for operating at a deficit, it being the specific intent of the Congress that effective postal services be insured to residents of both urban and rural communities.

(c) As an employer, the Postal Service shall achieve and maintain compensation for its officers and employees comparable to the rates and types of compensation paid in the private sector of the economy of the United States. It shall place particular emphasis upon opportunities for career advancements of all officers and employees and the achievement of worthwhile and satisfying careers in the service of the United States.

(d) Postal rates shall be established to apportion the costs of all postal operations to all users of the mail on a fair and equitable basis.

(e) In determining all policies for postal services, the Postal Service shall give the highest consideration to the requirement for the most expeditious collection, transportation, and delivery of important letter mail.

(f) In selecting modes of transportation, the Postal Service shall give highest consideration to the prompt and economical delivery of all mail. Modern methods of transporting mail by containerization and programs designed to achieve overnight transportation to the destination of important letter mail to all parts of the Nation shall be a primary goal of postal operations.

(g) In planning and building new postal facilities, the Postal Service shall emphasize the need for facilities and equipment designed to create desirable working conditions for its officers and employees, a maximum degree of convenience for efficient postal services, proper access to existing and future air and surface transportation facilities, and control of costs to the Postal Service.

### § 404. Specific powers

(a) Subject to the provisions of section 404a, but otherwise without limitation of the generality of its powers, the Postal Service shall have the following specific powers, among others:

(1) to provide for the collection, handling, transportation, delivery, forwarding, returning, and holding of mail, and for the disposition of undeliverable mail;

(2) to prescribe, in accordance with this title, the amount of postage and the manner in which it is to be paid;

(3) to determine the need for post offices, postal and training facilities and equipment, and to provide such offices, facilities, and equipment as it determines are needed;

(4) to provide and sell postage stamps and other stamped paper, cards, and envelopes and to provide such other evidences of payment of postage and fees as may be necessary or desirable;

(5) to provide philatelic services;

(6) to investigate postal offenses and civil matters relating to the Postal Service;

(7) to offer and pay rewards for information and services in connection with violation of the postal laws, and, unless a different disposal is expressly prescribed, to pay one-half of all penalties and forfeitures imposed for violations of law affecting the Postal Service, its revenues, or property, to the person informing for the same, and to pay the other one-half into the Postal Service Fund; and

(8) to authorize the issuance of a substitute check for a lost, stolen, or destroyed check of the Postal Service.

(b) Except as otherwise provided, the Governors are authorized to establish reasonable and equitable classes of mail and reasonable and equitable rates of postage and fees for postal services in accordance with the provisions of chapter 36. Postal rates and fees shall be reasonable and equitable and sufficient to enable the Postal Service, under best practices of honest, efficient, and economical management, to maintain and continue the development of postal services of the kind and quality adapted to the needs of the United States.

(c) The Postal Service shall maintain one or more classes of mail for the transmission of letters sealed against inspection. The rate for each such class shall be uniform throughout the

United States, its territories, and possessions. One such class shall provide for the most expeditious handling and transportation afforded mail matter by the Postal Service. No letter of such a class of domestic origin shall be opened except under authority of a search warrant authorized by law, or by an officer or employee of the Postal Service for the sole purpose of determining an address at which the letter can be delivered, or pursuant to the authorization of the addressee.

(d)(1) The Postal Service, prior to making a determination under subsection (a)(3) of this section as to the necessity for the closing or consolidation of any post office, shall provide adequate notice of its intention to close or consolidate such post office at least 60 days prior to the proposed date of such closing or consolidation to persons served by such post office to ensure that such persons will have an opportunity to present their views.

(2) The Postal Service, in making a determination whether or not to close or consolidate a post office—

(A) shall consider—

(i) the effect of such closing or consolidation on the community served by such post office;

(ii) the effect of such closing or consolidation on employees of the Postal Service employed at such office;

(iii) whether such closing or consolidation is consistent with the policy of the Government, as stated in section 101(b) of this title, that the Postal Service shall provide a maximum degree of effective and regular postal services to rural areas, communities, and small towns where post offices are not self-sustaining;

(iv) the economic savings to the Postal Service resulting from such closing or consolidation; and

(v) such other factors as the Postal Service determines are necessary; and

(B) may not consider compliance with any provision of the Occupational Safety and Health Act of 1970 (29 U.S.C. 651 et seq.).

(3) Any determination of the Postal Service to close or consolidate a post office shall be in writing and shall include the findings of the Postal Service with respect to the considerations required to be made under paragraph (2) of this subsection. Such determination and findings shall be made available to persons served by such post office.

(4) The Postal Service shall take no action to close or consolidate a post office until 60 days after its written determination is made available to persons served by such post office.

(5) A determination of the Postal Service to close or consolidate any post office may be appealed by any person served by such office to the Postal Regulatory Commission within 30 days after such determination is made available to such person under paragraph (3). The Commission shall review such determination on the basis of the record before the Postal Service in the making of such determination. The Commission shall make a determination based upon such review no later than 120 days after receiving any appeal under this paragraph. The Com-

mission shall set aside any determination, findings, and conclusions found to be—

- (A) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with the law;
- (B) without observance of procedure required by law; or
- (C) unsupported by substantial evidence on the record.

The Commission may affirm the determination of the Postal Service or order that the entire matter be returned for further consideration, but the Commission may not modify the determination of the Postal Service. The Commission may suspend the effectiveness of the determination of the Postal Service until the final disposition of the appeal. The provisions of section 556, section 557, and chapter 7 of title 5 shall not apply to any review carried out by the Commission under this paragraph.

(6) For purposes of paragraph (5), any appeal received by the Commission shall—

- (A) if sent to the Commission through the mails, be considered to have been received on the date of the Postal Service postmark on the envelope or other cover in which such appeal is mailed; or
- (B) if otherwise lawfully delivered to the Commission, be considered to have been received on the date determined based on any appropriate documentation or other indicia (as determined under regulations of the Commission).

(e)(1) In this subsection, the term “nonpostal service” means any service that is not a postal service defined under section 102(5).

(2) Nothing in this section shall be considered to permit or require that the Postal Service provide any nonpostal service, except that the Postal Service may provide nonpostal services which were offered as of January 1, 2006, as provided under this subsection.

(3) Not later than 2 years after the date of enactment of the Postal Accountability and Enhancement Act, the Postal Regulatory Commission shall review each nonpostal service offered by the Postal Service on the date of enactment of that Act and determine whether that nonpostal service shall continue, taking into account—

- (A) the public need for the service; and
- (B) the ability of the private sector to meet the public need for the service.

(4) Any nonpostal service not determined to be continued by the Postal Regulatory Commission under paragraph (3) shall terminate.

(5) If the Postal Regulatory Commission authorizes the Postal Service to continue a nonpostal service under this subsection, the Postal Regulatory Commission shall designate whether the service shall be regulated under this title as a market dominant product, a competitive product, or an experimental product.

#### § 407. International postal arrangements

(a) It is the policy of the United States—

(1) to promote and encourage communications between peoples by efficient operation of international postal services and other international delivery services for cultural, social, and economic purposes;

(2) to promote and encourage unrestricted and undistorted competition in the provision of international postal services and other international delivery services, except where provision of such services by private companies may be prohibited by law of the United States;

(3) to promote and encourage a clear distinction between governmental and operational responsibilities with respect to the provision of international postal services and other international delivery services by the Government of the United States and by intergovernmental organizations of which the United States is a member; and

(4) to participate in multilateral and bilateral agreements with other countries to accomplish these objectives.

(b)(1) The Secretary of State shall be responsible for formulation, coordination, and oversight of foreign policy related to international postal services and other international delivery services and shall have the power to conclude postal treaties, conventions, and amendments related to international postal services and other international delivery services, except that the Secretary may not conclude any treaty, convention, or other international agreement (including those regulating international postal services) if such treaty, convention, or agreement would, with respect to any competitive product, grant an undue or unreasonable preference to the Postal Service, a private provider of international postal or delivery services, or any other person.

(2) In carrying out the responsibilities specified in paragraph (1), the Secretary of State shall exercise primary authority for the conduct of foreign policy with respect to international postal services and international delivery services, including the determination of United States positions and the conduct of United States participation in negotiations with foreign governments and international bodies. In exercising this authority, the Secretary—

(A) shall coordinate with other agencies as appropriate, and in particular, shall give full consideration to the authority vested by law or Executive order in the Postal Regulatory Commission, the Department of Commerce, the Department of Transportation, and the Office of the United States Trade Representative in this area;

(B) shall maintain continuing liaison with other executive branch agencies concerned with postal and delivery services;

(C) shall maintain continuing liaison with the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Government Reform of the House of Representatives;

(D) shall maintain appropriate liaison with both representatives of the Postal Service and representatives of users and private providers of international postal services and other international delivery services to keep informed of their interests and problems, and to provide such assistance as may be needed to ensure that matters of concern are promptly considered by the Department of State or (if applicable, and to the extent practicable) other executive branch agencies; and

(E) shall assist in arranging meetings of such public sector advisory groups as may be established to advise the Department of State and other executive branch agencies in connection with international postal services and international delivery services.

(3) The Secretary of State shall establish an advisory committee (within the meaning of the Federal Advisory Committee Act) to perform such functions as the Secretary considers appropriate in connection with carrying out subparagraphs (A) through (D) of paragraph (2).

(c)(1) Before concluding any treaty, convention, or amendment that establishes a rate or classification for a product subject to subchapter I of chapter 36, the Secretary of State shall request the Postal Regulatory Commission to submit its views on whether such rate or classification is consistent with the standards and criteria established by the Commission under section 3622.

(2) The Secretary shall ensure that each treaty, convention, or amendment concluded under subsection (b) is consistent with the views submitted by the Commission pursuant to paragraph (1), except if, or to the extent, the Secretary determines, in writing, that it is not in the foreign policy or national security interest of the United States to ensure consistency with the Commission's views. Such written determination shall be provided to the Commission together with a full explanation of the reasons thereof, provided that the Secretary may designate which portions of the determination or

explanation shall be kept confidential for reasons of foreign policy or national security.

(d) Nothing in this section shall be considered to prevent the Postal Service from entering into such commercial or operational contracts related to providing international postal services and other international delivery services as it deems appropriate, except that—

(1) any such contract made with an agency of a foreign government (whether under authority of this subsection or otherwise) shall be solely contractual in nature and may not purport to be international law; and

(2) a copy of each such contract between the Postal Service and an agency of a foreign government shall be transmitted to the Secretary of State and the Postal Regulatory Commission not later than the effective date of such contract.

(e)(1) In this subsection, the term “private company” means a private company substantially owned or controlled by persons who are citizens of the United States.

(2) With respect to shipments of international mail that are competitive products within the meaning of section 3631 that are exported or imported by the Postal Service, the Customs Service and other appropriate Federal agencies shall apply the customs laws of the United States and all other laws relating to the importation or exportation of such shipments in the same manner to both shipments by the Postal Service and similar shipments by private companies.

(3) In exercising the authority under subsection (b) to conclude new postal treaties and conventions related to international postal services and to renegotiate such treaties and conventions, the Secretary of State shall, to the maximum extent practicable, take such measures as are within the Secretary's control to encourage the governments of other countries to make available to the Postal Service and private companies a range of nondiscriminatory customs procedures that will fully meet the needs of all types of American shippers. The Secretary of State shall consult with the United States Trade Representative and the Commissioner of U.S. Customs and Border Protection in carrying out this paragraph.

(4) The provisions of this subsection shall take effect 6 months after the date of enactment of this subsection or such earlier date as the Bureau of Customs and Border Protection of the Department of Homeland Security may determine in writing.

## MODERNIZING THE MONETARY REIMBURSEMENT MODEL FOR THE DELIVERY OF GOODS THROUGH THE INTERNATIONAL POSTAL SYSTEM AND ENHANCING THE SECURITY AND SAFETY OF INTERNATIONAL MAIL

Memorandum of President of the United States, Aug. 23, 2018, 83 F.R. 47791, provided:

Memorandum for the Secretary of State[,] the Secretary of the Treasury[,] the Secretary of Homeland Security[,] the Postmaster General[, and] the Chairman of the Postal Regulatory Commission

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Definitions.* (a) “Good” means any tangible and movable object that can be conveyed by the international postal system, excluding (i) written, drawn, printed, or digital information recorded on a tangible medium that is not an object of merchandise and (ii) money.

(b) “Non-postal operator” means a private express carrier, freight forwarder, or other provider of services for the collection, transportation, and delivery of international documents and packages, other than a postal operator.

(c) “Postal operator” means a governmental or non-governmental entity officially designated by a Universal Postal Union (UPU) member country to operate postal services and to fulfill the related obligations arising out of the Acts of the UPU on its territory.

(d) “Terminal dues” means the rates or fees determined through the UPU and paid by the postal operator in the country of origin to the postal operator in the country of destination to compensate for costs incurred in the country of destination for processing, transportation, and delivery of international “letter post” items, which may include documents or goods and generally weigh up to 4.4 pounds.

SEC. 2. *Policy.* (a) The UPU was established in 1874 by 21 countries. The United States played an integral role in the UPU’s creation and, since that time, the United States has actively participated in all phases of the UPU’s work. The United States is a party to the current Constitution of the UPU—which was adopted in 1964—and intends to continue to participate fully in and financially contribute to the UPU, as provided in Article 21 of the UPU Constitution. As a member country of the UPU, the United States recognizes the importance of this long-standing organization and is proud of the United States’ unbroken record of participation in it.

The Congress has provided that the Secretary of State (Secretary), in concluding postal treaties, conventions, or other international agreements, shall, to the maximum extent practicable, take measures to encourage governments of other countries to make available to the United States Postal Service (USPS) and private companies a range of nondiscriminatory customs procedures that will fully meet the needs of all types of American shippers (39 U.S.C. 407(e)(3)).

The Congress has likewise directed that responsible officials shall apply the customs laws of the United States and all other laws relating to importation or exportation of goods in the same manner to shipments of goods that are competitive products of the USPS and to similar shipments by private companies (39 U.S.C. 407(e)(2)).

It is the policy of the United States to promote and encourage the development of an efficient and competitive global system that provides for fair and non-discriminatory postal rates.

(b) It is in the interest of the United States to:

(i) promote and encourage communications between peoples by efficient operation of international postal services and other international delivery services for cultural, social, and economic purposes (39 U.S.C. 407(a)(1));

(ii) promote and encourage unrestricted and undistorted competition in the provision of international postal services and other international delivery services, except where provision of such services by private companies may be prohibited by the laws of the United States (39 U.S.C. 407(a)(2));

(iii) promote and encourage a clear distinction between governmental and operational responsibilities with respect to the provision of international postal services and other international delivery services by the Government of the United States and by intergovernmental organizations of which the United States is a member (39 U.S.C. 407(a)(3)); and

(iv) participate in multilateral and bilateral agreements with other countries to accomplish these objectives (39 U.S.C. 407(a)(4)).

(c) Some current international postal practices in the UPU do not align with United States economic and national security interests:

(i) UPU terminal dues, in many cases, are less than comparable domestic postage rates. As a result:

(A) the United States, along with other member countries of the UPU, is in many cases not fully reimbursed by the foreign postal operator for the cost of delivering foreign-origin letter post items, which can result in substantial preferences for foreign mailers relative to domestic mailers;

(B) the current terminal dues rates undermine the goal of unrestricted and undistorted competition in cross-border delivery services because they disadvantage non-postal operators seeking to offer competing collection and outward transportation services for goods covered by terminal dues in foreign markets; and

(C) the current system of terminal dues distorts the flow of small packages around the world by incentivizing the shipping of goods from foreign countries that benefit from artificially low reimbursement rates.

(ii) The UPU has not done enough to reorient international mail to achieve a clear distinction between documents and goods. Without such a distinction, it is difficult to achieve essential pricing reforms or to ensure that customs requirements, including provision of electronic customs data for goods, are met. Under the current system, foreign postal operators do not uniformly furnish advance electronic customs data that are needed to enhance targeting and risk management for national security and to facilitate importation and customs clearance. My Administration's Initiative to Stop Opioids Abuse and Reduce Drug Supply and Demand, launched in March of this year [2018], requires accurate advance electronic customs data for 90 percent of all international mail shipments that contain goods and consignment shipments within 3 years, so that the Department of Homeland Security can better detect and flag high-risk shipments.

(d) It shall be the policy of the executive branch to support efforts that further the policies in this memorandum, including supporting a system of unrestricted and undistorted competition between United States and foreign merchants. Such efforts include:

(i) ensuring that rates charged for delivery of foreign-origin mail containing goods do not favor foreign mailers over domestic mailers;

(ii) setting rates charged for delivery of foreign-origin mail in a manner that does not favor postal operators over non-postal operators; and

(iii) ensuring the collection of advance electronic customs data.

**SEC. 3. Relations with the UPU.** (a) The United States must seek reforms to the UPU that promote the policies outlined in this memorandum. Such reforms shall provide for:

(i) a system of fair and nondiscriminatory rates for goods that promotes unrestricted and undistorted competition; and

(ii) terminal dues rates that:

(A) fully reimburse the USPS for costs to the same extent as domestic rates for comparable services;

(B) avoid a preference for inbound foreign small packages containing goods that favors foreign mailers over domestic mailers; and

(C) avoid a preference for inbound foreign small packages containing goods that favors postal operators over private-sector entities providing transportation services.

(b) If negotiations at the UPU's September 2018 Second Extraordinary Congress in Ethiopia fail to yield reforms that satisfy the criteria set forth in subsection (a) of this section, the United States will consider taking any appropriate actions to ensure that rates for the delivery of inbound foreign packages satisfy those criteria, consistent with applicable law.

**SEC. 4. Actions by the Secretary.** (a) The Secretary shall notify the Director General of the UPU of the policies and intentions of the United States described in this memorandum.

(b) The Secretary or his designee shall, consistent with 39 U.S.C. 407(b)(1), seek agreement on future Con-

vention texts that comport with the policies of this memorandum in meetings of the UPU, including at the September 2018 Extraordinary Congress.

(c) No later than November 1, 2018, the Secretary shall submit to the President a report summarizing the steps being taken to implement this memorandum. If the Secretary determines that sufficient progress on reforms to promote compatibility of the Acts of the UPU with the policy of this memorandum is not being achieved, the Secretary shall include recommendations for future action, including the possibility of adopting self-declared rates.

**SEC. 5. General Provisions.** (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The Secretary is authorized and directed to publish this memorandum in the Federal Register.

DONALD J. TRUMP.

#### § 409. Suits by and against the Postal Service

(a) Except as otherwise provided in this title, the United States district courts shall have original but not exclusive jurisdiction over all actions brought by or against the Postal Service. Any action brought in a State court to which the Postal Service is a party may be removed to the appropriate United States district court under the provisions of chapter 89 of title 28.

(b) Unless otherwise provided in this title, the provisions of title 28 relating to service of process, venue, and limitations of time for bringing action in suits in which the United States, its officers, or employees are parties, and the rules of procedure adopted under title 28 for suits in which the United States, its officers, or employees are parties, shall apply in like manner to suits in which the Postal Service, its officers, or employees are parties.

(c) The provisions of chapter 171 and all other provisions of title 28 relating to tort claims shall apply to tort claims arising out of activities of the Postal Service.

(d)(1) For purposes of the provisions of law cited in paragraphs (2)(A) and (2)(B), respectively, the Postal Service—

(A) shall be considered to be a “person”, as used in the provisions of law involved; and

(B) shall not be immune under any other doctrine of sovereign immunity from suit in Federal court by any person for any violation of any of those provisions of law by any officer or employee of the Postal Service.

(2) This subsection applies with respect to—

(A) the Act of July 5, 1946 (commonly referred to as the “Trademark Act of 1946” (15 U.S.C. 1051 and following)); and

(B) the provisions of section 5 of the Federal Trade Commission Act to the extent that such section 5 applies to unfair or deceptive acts or practices.

(e)(1) To the extent that the Postal Service, or other Federal agency acting on behalf of or in concert with the Postal Service, engages in conduct with respect to any product which is not reserved to the United States under section 1696 of title 18, the Postal Service or other Federal agency (as the case may be)—

(A) shall not be immune under any doctrine of sovereign immunity from suit in Federal court by any person for any violation of Federal law by such agency or any officer or employee thereof; and

(B) shall be considered to be a person (as defined in subsection (a) of the first section of the Clayton Act) for purposes of—

(i) the antitrust laws (as defined in such subsection); and

(ii) section 5 of the Federal Trade Commission Act to the extent that such section 5 applies to unfair methods of competition.

For purposes of the preceding sentence, any private carriage of mail allowable by virtue of section 601 shall not be considered a service reserved to the United States under section 1696 of title 18.

(2) No damages, interest on damages, costs or attorney’s fees may be recovered, and no criminal liability may be imposed, under the antitrust laws (as so defined) from any officer or employee of the Postal Service, or other Federal agency acting on behalf of or in concert with the Postal Service, acting in an official capacity.

(3) This subsection shall not apply with respect to conduct occurring before the date of enactment of this subsection.

(f)(1) Each building constructed or altered by the Postal Service shall be constructed or altered, to the maximum extent feasible as determined by the Postal Service, in compliance with 1 of the nationally recognized model building codes and with other applicable nationally recognized codes.

(2) Each building constructed or altered by the Postal Service shall be constructed or altered only after consideration of all requirements (other than procedural requirements) of zoning laws, land use laws, and applicable environmental laws of a State or subdivision of a State which would apply to the building if it were not a building constructed or altered by an establishment of the Government of the United States.

(3) For purposes of meeting the requirements of paragraphs (1) and (2) with respect to a building, the Postal Service shall—

(A) in preparing plans for the building, consult with appropriate officials of the State or political subdivision, or both, in which the building will be located;

(B) upon request, submit such plans in a timely manner to such officials for review by such officials for a reasonable period of time not exceeding 30 days; and

(C) permit inspection by such officials during construction or alteration of the building, in accordance with the customary schedule of inspections for construction or alteration of buildings in the locality, if such officials provide to the Postal Service—

(i) a copy of such schedule before construction of the building is begun; and

(ii) reasonable notice of their intention to conduct any inspection before conducting such inspection.

Nothing in this subsection shall impose an obligation on any State or political subdivision to take any action under the preceding sentence, nor shall anything in this subsection require the Postal Service or any of its contractors to pay for any action taken by a State or political subdivision to carry out this subsection (including reviewing plans, carrying out on-site inspections, issuing building permits, and making recommendations).

(4) Appropriate officials of a State or a political subdivision of a State may make recommendations to the Postal Service concerning measures necessary to meet the requirements of paragraphs (1) and (2). Such officials may also make recommendations to the Postal Service concerning measures which should be taken in the construction or alteration of the building to take into account local conditions. The Postal Service shall give due consideration to any such recommendations.

(5) In addition to consulting with local and State officials under paragraph (3), the Postal Service shall establish procedures for soliciting, assessing, and incorporating local community input on real property and land use decisions.

(6) For purposes of this subsection, the term “State” includes the District of Columbia, the Commonwealth of Puerto Rico, and a territory or possession of the United States.

(g)(1) Notwithstanding any other provision of law, legal representation may not be furnished by the Department of Justice to the Postal Service in any action, suit, or proceeding arising, in whole or in part, under any of the following:

(C) Section 3663 (relating to appellate review).

The Postal Service may, by contract or otherwise, employ attorneys to obtain any legal representation that it is precluded from obtaining from the Department of Justice under this paragraph.

(2) In any circumstance not covered by paragraph (1), the Department of Justice shall, under section 411, furnish the Postal Service such legal representation as it may require, except that,

with the prior consent of the Attorney General, the Postal Service may, in any such circumstance, employ attorneys by contract or otherwise to conduct litigation brought by or against the Postal Service or its officers or employees in matters affecting the Postal Service.

(3)(A) In any action, suit, or proceeding in a court of the United States arising in whole or in part under any of the provisions of law referred to in subparagraph (B) or (C) of paragraph (1), and to which the Commission is not otherwise a party, the Commission shall be permitted to appear as a party on its own motion and as of right.

(B) The Department of Justice shall, under such terms and conditions as the Commission and the Attorney General shall consider appropriate, furnish the Commission such legal representation as it may require in connection with any such action, suit, or proceeding, except that, with the prior consent of the Attorney General, the Commission may employ attorneys by contract or otherwise for that purpose.

(h) A judgment against the Government of the United States arising out of activities of the Postal Service shall be paid by the Postal Service out of any funds available to the Postal Service, subject to the restriction specified in section 2011(g).

(2) of the amount under paragraph (1), how much (in the aggregate and by category) was required for the purposes described in subsection (c)(2)(B).

(g) For purposes of section 416 (including any regulation prescribed under subsection (e)(1)(C) of that section), the special postage stamp issued under this section shall not apply to any limitation relating to whether more than 1 semipostal may be offered for sale at the same time.
