§ 6101. Findings and declaration of policy

(a) Findings

Congress finds that—

(1) mushrooms are an important food that is a valuable part of the human diet;

(2) the production of mushrooms plays a significant role in the Nation's economy in that mushrooms are produced by hundreds of mushroom producers, distributed through thousands of wholesale and retail outlets, and consumed by millions of people throughout the United States and foreign countries;

(3) mushroom production benefits the environment by efficiently using agricultural by-products;

(4) mushrooms must be high quality, readily available, handled properly, and marketed efficiently to ensure that the benefits of this important product are available to the people of the United States;

(5) the maintenance and expansion of existing markets and uses, and the development of new markets and uses, for mushrooms are vital to the welfare of producers and those concerned with marketing and using mushrooms, as well as to the agricultural economy of the Nation;

(6) the cooperative development, financing, and implementation of a coordinated program of mushroom promotion, research, and consumer information are necessary to maintain and expand existing markets for mushrooms; and

(7) mushrooms move in interstate and foreign commerce, and mushrooms that do not move in such channels of commerce directly burden or affect interstate commerce in mushrooms.

(b) Policy

It is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing through adequate assessments on mushrooms produced domestically or imported into the United States, and carrying out, an effective, continuous, and coordinated program of promotion, research, and consumer and industry information designed to—

(1) strengthen the mushroom industry's position in the marketplace;

(2) maintain and expand existing markets and uses for mushrooms; and

(3) develop new markets and uses for mushrooms.

(c) Construction

Nothing in this chapter may be construed to provide for the control of production or otherwise limit the right of individual producers to produce mushrooms.

§ 6201. Findings, purposes, and limitations

(a) Findings

Congress finds that—

(1) domestically produced limes are grown by many individual producers;

(2) virtually all domestically produced limes are grown in the States of Florida and California;

(3) limes move in interstate and foreign commerce, and limes that do not move in such channels of commerce directly burden or affect interstate commerce in limes;

(4) in recent years, large quantities of limes have been imported into the United States;

(5) the maintenance and expansion of existing domestic and foreign markets for limes and the development of additional and improved markets for limes are vital to the wel-

fare of lime producers and other persons concerned with producing, marketing, or processing limes;

(6) a coordinated program of research, promotion, and consumer information regarding limes is necessary for the maintenance and development of such markets; and

(7) lime producers, lime producer-handlers, lime handlers, and lime importers are unable to implement and finance such a program without cooperative action.

(b) Purposes

The purposes of this chapter are—

(1) to authorize the establishment of an orderly procedure for the development and financing (through an adequate assessment) of an effective and coordinated program of research, promotion, and consumer information regarding limes designed—

(A) to strengthen the position of the lime industry in domestic and foreign markets, and

(B) to maintain, develop, and expand markets for limes; and

(2) to treat domestically produced and imported limes equitably.

(c) Limitations

Nothing in this chapter shall be construed to require quality standards for limes, control the production of limes, or otherwise limit the right of the individual producers to produce limes.

SHORT TITLE

Pub. L. 101-624, title XIX, §1951, Nov. 28, 1990, 104 Stat. 3870, provided that: “This subtitle [subtitle D (§§1951-1963) of title XIX of Pub. L. 101-624, enacting this chapter] may be cited as the ‘Lime Research, Promotion, and Consumer Information Act of 1990’.”

LEGISLATIVE FINDINGS AND PURPOSE OF PUB. L. 103-194

Pub. L. 103-194, §2, Dec. 14, 1993, 107 Stat. 2294, provided that:

“(a) FINDINGS.—Congress finds the following:

“(1) The Lime Research, Promotion, and Consumer Information Act of 1990 [7 U.S.C. 6201 et seq.] was enacted on November 28, 1990, for the purpose of establishing an orderly procedure for the development and financing of an effective and coordinated program of research, promotion, and consumer information to strengthen the domestic and foreign markets for limes.

“(2) The lime research, promotion, and consumer information order required by such Act became effective on January 27, 1992.

“(3) Although the intent of such Act was to cover seedless limes, the definition of the term ‘lime’ in section 1953(6) of such Act [7 U.S.C. 6202(6)] applies to seeded limes. Therefore, the Act and the order need to be revised before a research, promotion, and consumer information program on seedless limes can go into effect.

“(4) Since the enactment of the Lime Research, Promotion, and Consumer Information Act of 1990,
