

§ 480. Civil and criminal jurisdiction

The jurisdiction, both civil and criminal, over persons within national forests shall not be affected or changed by reason of their existence, except so far as the punishment of offenses against the United States therein is concerned; the intent and meaning of this provision being that the State wherein any such national forest is situated shall not, by reason of the establishment thereof, lose its jurisdiction, nor the inhabitants thereof their rights and privileges as citizens, or be absolved from their duties as citizens of the State.

(June 4, 1897, ch. 2, § 1, 30 Stat. 36; Mar. 1, 1911, ch. 186, § 12, 36 Stat. 963.)

CODIFICATION

Provisions substantially in the language of this section are contained in section 12 of act Mar. 1, 1911, applicable to national forest lands acquired on the recommendation of the National Forest Reservation Commission under sections 500, 515 to 519, 521, 552 and 563 of this title.

“National forests” and “national forest” substituted in text for “forest reservations” and “reservation”, respectively, on authority of act Mar. 4, 1907, ch. 2907, 34 Stat. 1269, which provided that forest reserves shall hereafter be known as national forests.

§ 481. Use of waters

All waters within the boundaries of national forests may be used for domestic, mining, milling, or irrigation purposes, under the laws of the State wherein such national forests are situated, or under the laws of the United States and the rules and regulations established thereunder.

(June 4, 1897, ch. 2, § 1, 30 Stat. 36.)

CODIFICATION

“National forests” substituted in text for “reservations” and “forest reservations” on authority of act Mar. 4, 1907, ch. 2907, 34 Stat. 1269, which provided that forest reserves shall hereafter be known as national forests.

§ 482. Mineral lands; restoration to public domain; location and entry

Upon the recommendation of the Secretary of the Interior, with the approval of the President, after sixty days' notice thereof, published in two papers of general circulation in the State or Territory wherein any national forest is situated, and near the said national forest, any public lands embraced within the limits of any such forest which, after due examination by personal inspection of a competent person appointed for that purpose by the Secretary of the Interior, shall be found better adapted for mining or for agricultural purposes than for forest usage, may be restored to the public domain. And any mineral lands in any national forest which have been or which may be shown to be such, and subject to entry under the existing mining laws of the United States and the rules and regulations applying thereto, shall continue to be subject to such location and entry, notwithstanding any provisions contained in sections 473 to 478, 479 to 482 and 551 of this title.

(June 4, 1897, ch. 2, § 1, 30 Stat. 36.)

CODIFICATION

“National forest” substituted in text for “forest reservation” twice and “reservation” once, on authority of act Mar. 4, 1907, ch. 2907, 34 Stat. 1269, which provided that forest reserves shall hereafter be known as national forests.

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with provisions of sections 473, 474 to 482, and 551 of this title with respect to preconstruction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas transferred to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, until first anniversary of date of initial operation of Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§102(f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees. Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102-486, set out as an Abolition of Office of Federal Inspector note under section 719e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of Title 15.

For transfer of certain functions with regard to the administration of national forests from Secretary of the Interior to Secretary of Agriculture, see section 472 of this title.

§ 482a. Mining rights in Prescott National Forest

On and after January 19, 1933, mining locations made under the United States mining laws upon lands within the municipal watershed of the city of Prescott, within the Prescott National Forest in the State of Arizona, specifically described as the west half southwest quarter section 13; south half section 14; southeast quarter, and east half southwest quarter section 15; east half, and south half southwest quarter section 22; all of section 23; west half section 24; all of sections 26 and 27; north half north half section 34; and north half north half section 35, township 13 north, range 2 west, Gila and Salt River Base and meridian, an area of three thousand six hundred acres, more or less, shall confer on the locator the right to occupy and use so much of the surface of the land covered by the location as may be reasonably necessary to carry on prospecting and mining, including the taking of mineral deposits and timber required by or in the mining operations, and no permit shall be required or charge made for such use or occupancy: *Provided, however,* That the cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the rules for timber cutting on adjoining national-forest land, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed except under the national forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of national-

forest regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral development.

On and after January 19, 1933, all patents issued under the United States mining laws affecting lands within the municipal watershed of the city of Prescott, within the Prescott National Forest, in the State of Arizona, shall convey title to the mineral deposits within the claim, together with the right to cut and remove so much of the mature timber therefrom as may be needed in extracting and removing the mineral deposits, if the timber is cut under sound principles of forest management as defined by the national-forest rules and regulations, but each patent shall reserve to the United States all title in or to the surface of the lands and products thereof, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except under the rules and regulations of the Department of Agriculture.

Valid mining claims within the municipal watershed of the city of Prescott, within the Prescott National Forest in the State of Arizona, existing on January 19, 1933, and thereafter maintained in compliance with the law under which they were initiated and the laws of the State of Arizona, may be perfected under this section, or under the laws under which they were initiated, as the claimant may desire.

(Jan. 19, 1933, ch. 12, §§ 1-3, 47 Stat. 771.)

§ 482b. Mount Hood National Forest; mining rights

On and after May 11, 1934, mining locations made under the United States mining laws upon lands within the Mount Hood National Forest in the State of Oregon shall confer on the locator the right to occupy and use so much of the surface of the land covered by the location as may be reasonably necessary to carry on prospecting and mining, including the taking of mineral deposits and timber required by or in the mining operations, and no permit shall be required or charge made for such use or occupancy: *Provided, however*, That the cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the rules for timber cutting on adjoining national-forest land, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except under the national-forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of national-forest regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral development.

(May 11, 1934, ch. 280, § 1, 48 Stat. 773.)

BULL RUN WATERSHED MANAGEMENT UNIT

Pub. L. 95-200, Nov. 23, 1977, 91 Stat. 1425, as amended by Pub. L. 104-208, div. B, title VI, §§ 601 to 604, Sept. 30, 1996, 110 Stat. 3009-541; Pub. L. 104-333, div. I, title X,

§ 1026(a), Nov. 12, 1996, 110 Stat. 4228; Pub. L. 107-30, §§ 1, 2(a), (c), Aug. 20, 2001, 115 Stat. 210, 211, provided that:

“PREAMBLE

“The Congress finds that an area of land in the State of Oregon known variously as the Bull Run National Forest and the Bull Run Forest Reserve is presently the source of the sole domestic water supply for the city of Portland, Oregon (hereinafter called the ‘city’) and other local governmental units and persons in the Portland metropolitan area, reserved for the city by a Presidential proclamation issued in 1892 and furnishing an extremely valuable resource of pure clear raw potable water, the continued production of which should be the principal management objective in the area hereinafter referred to as ‘the unit’; that the said area is now managed under terms of a Federal court decree issued pursuant to turn of the century law which does not appropriately address present and future needs and opportunities for the protection, management, and utilization of the resources contained therein.

“SECTION 1. ESTABLISHMENT OF SPECIAL RESOURCES MANAGEMENT UNIT; DEFINITION OF SECRETARY

“(a) DEFINITION OF SECRETARY.—In this Act, the term ‘Secretary’ means—

“(1) with respect to land administered by the Secretary of Agriculture, the Secretary of Agriculture; and

“(2) with respect to land administered by the Secretary of the Interior, the Secretary of the Interior.

“(b) ESTABLISHMENT.—

“(1) IN GENERAL.—There is established, subject to valid existing rights, a special resources management unit in the State of Oregon, comprising approximately 98,272 acres, as depicted on a map dated May 2000 and entitled ‘Bull Run Watershed Management Unit’.

“(2) MAP.—The map described in paragraph (1) shall be on file and available for public inspection in the offices of—

“(A) the Regional Forester-Pacific Northwest Region of the Forest Service; and

“(B) the Oregon State Director of the Bureau of Land Management.

“(3) BOUNDARY ADJUSTMENTS.—The Secretary may periodically make such minor adjustments in the boundaries of the unit as are necessary, after consulting with the city and providing for appropriate public notice and hearings.

“MANAGEMENT

“SEC. 2. (a) The unit and the renewable resources therein, shall be administered as a watershed by the Secretary in accordance with the laws, rules, and regulations applicable to land under the administrative jurisdiction of the Forest Service (in the case of land administered by the Secretary of Agriculture) or applicable to land under the administrative jurisdiction of the Bureau of Land Management (in the case of land administered by the Secretary of the Interior) except to the extent that any management plan or practice is found by the Secretary to have a significant adverse effect on compliance with the water quality standards referred to in section 2(c) hereof or on the quantity of the water produced thereon for the use of the city, and other local government units and persons using such water under agreements with the city (and the Secretary shall take into consideration the cumulative effect of individually insignificant degradations), in which case, and notwithstanding any other provision of law, the management plan and all relevant leases, permits, contracts, rights-of-way, or other rights or authorizations issued pursuant thereto shall forthwith be altered by the Secretary to eliminate such adverse effect by application of different techniques or prohibitions of one or more such practices or uses: *Provided, however*, That use of such water for the production of energy and the transmission of such energy through
