

for the fiscal year ending September 30, 1979, not to exceed \$760,000 for the fiscal year ending September 30, 1980, and not to exceed \$876,000 for the fiscal year ending September 30, 1981 to enable the Department of the Interior to carry out such functions and responsibilities as it may have been given under this subchapter (other than sections 1379 and 1380 of this title)."

1978—Subsec. (a). Pub. L. 95-316, §3(1), added reference to sections 1379 and 1380 of this title and provisions authorizing appropriations for the fiscal years ending Sept. 30, 1979, Sept. 30, 1980, and Sept. 30, 1981.

Subsec. (b). Pub. L. 95-316, §3(2), added reference to sections 1379 and 1380 of this title and provisions authorizing appropriations for the fiscal years Sept. 30, 1979, Sept. 30, 1980, and Sept. 30, 1981.

1977—Subsec. (a). Pub. L. 95-136, §2(1), inserted “, and not to exceed \$11,500,000 for the fiscal year ending September 30, 1978,” after “fiscal years”.

Subsec. (b). Pub. L. 95-136, §2(2), inserted “, and not to exceed \$850,000 for the fiscal year ending September 30, 1978” after “thereafter”.

#### EFFECTIVE DATE

Section effective upon the expiration of the sixty-day period following Oct. 21, 1972, see section 4 of Pub. L. 92-522, set out as a note under section 1361 of this title.

### § 1385. Dolphin protection

#### (a) Short title

This section may be cited as the “Dolphin Protection Consumer Information Act”.

#### (b) Findings

The Congress finds that—

(1) dolphins and other marine mammals are frequently killed in the course of tuna fishing operations in the eastern tropical Pacific Ocean and high seas driftnet fishing in other parts of the world;

(2) it is the policy of the United States to support a worldwide ban on high seas driftnet fishing, in part because of the harmful effects that such driftnets have on marine mammals, including dolphins; and

(3) consumers would like to know if the tuna they purchase is falsely labeled as to the effect of the harvesting of the tuna on dolphins.

#### (c) Definitions

For purposes of this section—

(1) the terms “driftnet” and “driftnet fishing” have the meanings given those terms in section 4003 of the Driftnet Impact Monitoring, Assessment, and Control Act of 1987 (16 U.S.C. 1822 note);

(2) the term “eastern tropical Pacific Ocean” means the area of the Pacific Ocean bounded by 40 degrees north latitude, 40 degrees south latitude, 160 degrees west longitude, and the western coastlines of North, Central, and South America;

(3) the term “label” means a display of written, printed, or graphic matter on or affixed to the immediate container of any article;

(4) the term “Secretary” means the Secretary of Commerce; and

(5) the term “tuna product” means a food item which contains tuna and which has been processed for retail sale, except perishable sandwiches, salads, or other products with a shelf life of less than 3 days.

#### (d) Labeling standard

(1) It is a violation of section 45 of title 15 for any producer, importer, exporter, distributor, or

seller of any tuna product that is exported from or offered for sale in the United States to include on the label of that product the term “dolphin safe” or any other term or symbol that falsely claims or suggests that the tuna contained in the product were harvested using a method of fishing that is not harmful to dolphins if the product contains tuna harvested—

(A) on the high seas by a vessel engaged in driftnet fishing;

(B) outside the eastern tropical Pacific Ocean by a vessel using purse seine nets—

(i) in a fishery in which the Secretary has determined that a regular and significant association occurs between dolphins and tuna (similar to the association between dolphins and tuna in the eastern tropical Pacific Ocean), unless such product is accompanied by a written statement, executed by the captain of the vessel and an observer participating in a national or international program acceptable to the Secretary, certifying that no purse seine net was intentionally deployed on or used to encircle dolphins during the particular voyage on which the tuna were caught and no dolphins were killed or seriously injured in the sets in which the tuna were caught; or

(ii) in any other fishery (other than a fishery described in subparagraph (D)) unless the product is accompanied by a written statement executed by the captain of the vessel certifying that no purse seine net was intentionally deployed on or used to encircle dolphins during the particular voyage on which the tuna was harvested;

(C) in the eastern tropical Pacific Ocean by a vessel using a purse seine net unless the tuna meet the requirements for being considered dolphin safe under paragraph (2); or

(D) by a vessel in a fishery other than one described in subparagraph (A), (B), or (C) that is identified by the Secretary as having a regular and significant mortality or serious injury of dolphins, unless such product is accompanied by a written statement executed by the captain of the vessel and an observer participating in a national or international program acceptable to the Secretary that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught, provided that the Secretary determines that such an observer statement is necessary.

(2) For purposes of paragraph (1)(C), a tuna product that contains tuna harvested in the eastern tropical Pacific Ocean by a vessel using purse seine nets is dolphin safe if—

(A) the vessel is of a type and size that the Secretary has determined, consistent with the International Dolphin Conservation Program, is not capable of deploying its purse seine nets on or to encircle dolphins; or

(B)(i) the product is accompanied by a written statement executed by the captain providing the certification required under subsection (h);

(ii) the product is accompanied by a written statement executed by—

(I) the Secretary or the Secretary’s designee;

(II) a representative of the Inter-American Tropical Tuna Commission; or

(III) an authorized representative of a participating nation whose national program meets the requirements of the International Dolphin Conservation Program,

which states that there was an observer approved by the International Dolphin Conservation Program on board the vessel during the entire trip and that such observer provided the certification required under subsection (h); and

(iii) the statements referred to in clauses (i) and (ii) are endorsed in writing by each exporter, importer, and processor of the product; and

(C) the written statements and endorsements referred to in subparagraph (B) comply with regulations promulgated by the Secretary which provide for the verification of tuna products as dolphin safe.

(3)(A) The Secretary of Commerce shall develop an official mark that may be used to label tuna products as dolphin safe in accordance with this section.<sup>1</sup>

(B) A tuna product that bears the dolphin safe mark developed under subparagraph (A) shall not bear any other label or mark that refers to dolphins, porpoises, or marine mammals.

(C) It is a violation of section 45 of title 15 to label a tuna product with any label or mark that refers to dolphins, porpoises, or marine mammals other than the mark developed under subparagraph (A) unless—

(i) no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught;

(ii) the label is supported by a tracking and verification program which is comparable in effectiveness to the program established under subsection (f); and

(iii) the label complies with all applicable labeling, marketing, and advertising laws and regulations of the Federal Trade Commission, including any guidelines for environmental labeling.

(D) If the Secretary determines that the use of a label referred to in subparagraph (C) is substantially undermining the conservation goals of the International Dolphin Conservation Program, the Secretary shall report that determination to the United States Senate Committee on Commerce, Science, and Transportation and the United States House of Representatives Committees on Resources and on Commerce, along with recommendations to correct such problems.

(E) It is a violation of section 45 of title 15 willingly and knowingly to use a label referred to in subparagraph (C) in a campaign or effort to mislead or deceive consumers about the level of protection afforded dolphins under the International Dolphin Conservation Program.

**(e) Additional prohibitions and enforcement**

For additional prohibitions relating to this section<sup>1</sup> and enforcement of this section,<sup>1</sup> see section 1826g of this title.

<sup>1</sup> See References in Text note below.

**(f) Regulations**

The Secretary, in consultation with the Secretary of the Treasury, shall issue regulations to implement this section,<sup>1</sup> including regulations to establish a domestic tracking and verification program that provides for the effective tracking of tuna labeled under subsection (d). In the development of these regulations, the Secretary shall establish appropriate procedures for ensuring the confidentiality of proprietary information the submission of which is voluntary or mandatory. The regulations shall address each of the following items:

(1) The use of weight calculation for purposes of tracking tuna caught, landed, processed, and exported.

(2) Additional measures to enhance current observer coverage, including the establishment of criteria for training, and for improving monitoring and reporting capabilities and procedures.

(3) The designation of well location, procedures for sealing holds, procedures for monitoring and certifying both above and below deck, or through equally effective methods, the tracking and verification of tuna labeled under subsection (d).

(4) The reporting, receipt, and database storage of radio and facsimile transmittals from fishing vessels containing information related to the tracking and verification of tuna, and the definition of set.

(5) The shore-based verification and tracking throughout the fishing, transshipment, and canning process by means of Inter-American Tropical Tuna Commission trip records or otherwise.

(6) The use of periodic audits and spot checks for caught, landed, and processed tuna products labeled in accordance with subsection (d).

(7) The provision of timely access to data required under this subsection by the Secretary from harvesting nations to undertake the actions required in paragraph (6) of this paragraph.<sup>2</sup>

The Secretary may make such adjustments as may be appropriate to the regulations promulgated under this subsection to implement an international tracking and verification program that meets or exceeds the minimum requirements established by the Secretary under this subsection.

**(g) Secretarial findings**

(1) Between March 1, 1999, and March 31, 1999, the Secretary shall, on the basis of the research conducted before March 1, 1999, under section 1414a(a) of this title, information obtained under the International Dolphin Conservation Program, and any other relevant information, make an initial finding regarding whether the intentional deployment on or encirclement of dolphins with purse seine nets is having a significant adverse impact on any depleted dolphin stock in the eastern tropical Pacific Ocean. The initial finding shall be published immediately in the Federal Register and shall become effective

<sup>2</sup> So in original. Probably should be "this subsection".

upon a subsequent date determined by the Secretary.

(2) Between July 1, 2001, and December 31, 2002, the Secretary shall, on the basis of the completed study conducted under section 1414a(a) of this title, information obtained under the International Dolphin Conservation Program, and any other relevant information, make a finding regarding whether the intentional deployment on or encirclement of dolphins with purse seine nets is having a significant adverse impact on any depleted dolphin stock in the eastern tropical Pacific Ocean. The finding shall be published immediately in the Federal Register and shall become effective upon a subsequent date determined by the Secretary.

**(h) Certification by captain and observer**

(1) Unless otherwise required by paragraph (2), the certification by the captain under subsection (d)(2)(B)(i) and the certification provided by the observer as specified in subsection (d)(2)(B)(ii) shall be that no dolphins were killed or seriously injured during the sets in which the tuna were caught.

(2) The certification by the captain under subsection (d)(2)(B)(i) and the certification provided by the observer as specified under subsection (d)(2)(B)(ii) shall be that no tuna were caught on the trip in which such tuna were harvested using a purse seine net intentionally deployed on or to encircle dolphins, and that no dolphins were killed or seriously injured during the sets in which the tuna were caught, if the tuna were caught on a trip commencing—

(A) before the effective date of the initial finding by the Secretary under subsection (g)(1);

(B) after the effective date of such initial finding and before the effective date of the finding of the Secretary under subsection (g)(2), where the initial finding is that the intentional deployment on or encirclement of dolphins is having a significant adverse impact on any depleted dolphin stock; or

(C) after the effective date of the finding under subsection (g)(2), where such finding is that the intentional deployment on or encirclement of dolphins is having a significant adverse impact on any such depleted stock.

(Pub. L. 101-627, title IX, §901, Nov. 28, 1990, 104 Stat. 4465; Pub. L. 105-42, §5, Aug. 15, 1997, 111 Stat. 1125; Pub. L. 114-81, title I, §109, Nov. 5, 2015, 129 Stat. 659.)

REFERENCES IN TEXT

This section, referred to in subsecs. (d)(3)(A), (e), and (f), was in the original “this Act”, and was translated as referring to the Dolphin Protection Consumer Information Act, which is classified to this section, to reflect the probable intent of Congress.

CODIFICATION

Section was not enacted as part of the Marine Mammal Protection Act of 1972 which comprises this chapter.

AMENDMENTS

2015—Subsec. (e). Pub. L. 114-81 amended subsec. (e) generally. Prior to amendment, text read as follows: “Any person who knowingly and willfully makes a statement or endorsement described in subsection

(d)(2)(B) that is false is liable for a civil penalty of not to exceed \$100,000 assessed in an action brought in any appropriate district court of the United States on behalf of the Secretary.”

1997—Subsec. (d). Pub. L. 105-42, §5(a), amended heading and text of subsec. (d) generally. Prior to amendment, text read as follows:

“(1) It is a violation of section 45 of title 15 for any producer, importer, exporter, distributor, or seller of any tuna product that is exported from or offered for sale in the United States to include on the label of that product the term ‘Dolphin Safe’ or any other term or symbol that falsely claims or suggests that the tuna contained in the product was harvested using a method of fishing that is not harmful to dolphins if the product contains—

“(A) tuna harvested on the high seas by a vessel engaged in driftnet fishing; or

“(B) tuna harvested in the eastern tropical Pacific Ocean by a vessel using purse seine nets which do not meet the requirements for being considered dolphin safe under paragraph (2).

“(2) For purposes of paragraph (1)(B), a tuna product that contains tuna harvested in the eastern tropical Pacific Ocean by a fishing vessel using purse seine nets is dolphin safe if—

“(A) the vessel is of a type and size that the Secretary has determined is not capable of deploying its purse seine nets on or to encircle dolphin; or

“(B)(i) the product is accompanied by a written statement executed by the captain of the vessel which harvested the tuna certifying that no tuna were caught on the trip in which such tuna were harvested using a purse seine net intentionally deployed on or to encircle dolphin;

“(ii) the product is accompanied by a written statement executed by—

“(I) the Secretary or the Secretary’s designee, or

“(II) a representative of the Inter-American Tropical Tuna Commission,

which states that there was an approved observer on board the vessel during the entire trip and that purse seine nets were not intentionally deployed during the trip on or to encircle dolphin; and

“(iii) the statements referred to in clauses (i) and (ii) are endorsed in writing by each exporter, importer, and processor of the product.”

Subsec. (f). Pub. L. 105-42, §5(b), amended heading and text of subsec. (f) generally. Prior to amendment, text read as follows: “The Secretary, in consultation with the Secretary of the Treasury, shall issue regulations to implement this section not later than 6 months after November 28, 1990, including regulations establishing procedures and requirements for ensuring that tuna products are labeled in accordance with subsection (d) of this section.”

Subsec. (g). Pub. L. 105-42, §5(c), added subsec. (g) and struck out former subsec. (g), which had amended section 1371 of this title.

Subsecs. (h), (i). Pub. L. 105-42, §5(c), added subsec. (h) and struck out former subsecs. (h) and (i) which read as follows:

“(h) NEGOTIATIONS.—The Secretary of State shall immediately seek, through negotiations and discussions with appropriate foreign governments, to reduce and, as soon as possible, eliminate the practice of harvesting tuna through the use of purse seine nets intentionally deployed to encircle dolphins.

“(i) EFFECTIVE DATE.—Subsections (d) and (e) of this section shall take effect 6 months after November 28, 1990.”

CHANGE OF NAME

Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

## EFFECTIVE DATE OF 1997 AMENDMENT

For effective date of amendment by Pub. L. 105-42, see section 8 of Pub. L. 105-42, set out as a note under section 1362 of this title.

**§ 1386. Stock assessments****(a) In general**

Not later than August 1, 1994, the Secretary shall, in consultation with the appropriate regional scientific review group established under subsection (d), prepare a draft stock assessment for each marine mammal stock which occurs in waters under the jurisdiction of the United States. Each draft stock assessment, based on the best scientific information available, shall—

(1) describe the geographic range of the affected stock, including any seasonal or temporal variation in such range;

(2) provide for such stock the minimum population estimate, current and maximum net productivity rates, and current population trend, including a description of the information upon which these are based;

(3) estimate the annual human-caused mortality and serious injury of the stock by source and, for a strategic stock, other factors that may be causing a decline or impeding recovery of the stock, including effects on marine mammal habitat and prey;

(4) describe commercial fisheries that interact with the stock, including—

(A) the approximate number of vessels actively participating in each such fishery;

(B) the estimated level of incidental mortality and serious injury of the stock by each such fishery on an annual basis;

(C) seasonal or area differences in such incidental mortality or serious injury; and

(D) the rate, based on the appropriate standard unit of fishing effort, of such incidental mortality and serious injury, and an analysis stating whether such level is insignificant and is approaching a zero mortality and serious injury rate;

(5) categorize the status of the stock as one that either—

(A) has a level of human-caused mortality and serious injury that is not likely to cause the stock to be reduced below its optimum sustainable population; or

(B) is a strategic stock, with a description of the reasons therefor; and

(6) estimate the potential biological removal level for the stock, describing the information used to calculate it, including the recovery factor.

**(b) Public comment**

(1) The Secretary shall publish in the Federal Register a notice of the availability of a draft stock assessment or any revision thereof and provide an opportunity for public review and comment during a period of 90 days. Such notice shall include a summary of the assessment and a list of the sources of information or published reports upon which the assessment is based.

(2) Subsequent to the notice of availability required under paragraph (1), if requested by a person to which section 1371(b) of this title applies, the Secretary shall conduct a proceeding on the

record prior to publishing a final stock assessment or any revision thereof for any stock subject to taking under section 1371(b) of this title.

(3) After consideration of the best scientific information available, the advice of the appropriate regional scientific review group established under subsection (d), and the comments of the general public, the Secretary shall publish in the Federal Register a notice of availability and a summary of the final stock assessment or any revision thereof, not later than 90 days after—

(A) the close of the public comment period on a draft stock assessment or revision thereof; or

(B) final action on an agency proceeding pursuant to paragraph (2).

**(c) Review and revision**

(1) The Secretary shall review stock assessments in accordance with this subsection—

(A) at least annually for stocks which are specified as strategic stocks;

(B) at least annually for stocks for which significant new information is available; and

(C) at least once every 3 years for all other stocks.

(2) If the review under paragraph (1) indicates that the status of the stock has changed or can be more accurately determined, the Secretary shall revise the stock assessment in accordance with subsection (b).

**(d) Regional scientific review groups**

(1) Not later than 60 days after April 30, 1994, the Secretary of Commerce shall, in consultation with the Secretary of the Interior (with respect to marine mammals under that Secretary's jurisdiction), the Marine Mammal Commission, the Governors of affected adjacent coastal States, regional fishery and wildlife management authorities, Alaska Native organizations and Indian tribes, and environmental and fishery groups, establish three independent regional scientific review groups representing Alaska, the Pacific Coast (including Hawaii), and the Atlantic Coast (including the Gulf of Mexico), consisting of individuals with expertise in marine mammal biology and ecology, population dynamics and modeling, commercial fishing technology and practices, and stocks taken under section 1371(b) of this title. The Secretary of Commerce shall, to the maximum extent practicable, attempt to achieve a balanced representation of viewpoints among the individuals on each regional scientific review group. The regional scientific review groups shall advise the Secretary on—

(A) population estimates and the population status and trends of such stocks;

(B) uncertainties and research needed regarding stock separation, abundance, or trends, and factors affecting the distribution, size, or productivity of the stock;

(C) uncertainties and research needed regarding the species, number, ages, gender, and reproductive status of marine mammals;

(D) research needed to identify modifications in fishing gear and practices likely to reduce the incidental mortality and serious injury of marine mammals in commercial fishing operations;
