CONGRESSIONAL FINDINGS

Pub. L. 104-193, title I, §101, Aug. 22, 1996, 110 Stat. 2110, provided that: “The Congress makes the following findings:

“(1) Marriage is the foundation of a successful society.

“(2) Marriage is an essential institution of a successful society which promotes the interests of children.

“(3) Promotion of responsible fatherhood and motherhood is integral to successful child rearing and the well-being of children.

“(4) In 1992, only 54 percent of single-parent families with children had a child support order established and, of that 54 percent, only about one-half received the full amount due. Of the cases enforced through the public child support enforcement system, only 18 percent of the caseload has a collection.

“(5) The number of individuals receiving aid to families with dependent children (in this section referred to as ‘AFDC’) has more than tripled since 1965. More than two-thirds of these recipients are children. Eighty-nine percent of children receiving AFDC benefits now live in homes in which no father is present.

“(A)(i) The average monthly number of children receiving AFDC benefits—

“(I) was 3,300,000 in 1965;

“(II) was 6,200,000 in 1970;

“(III) was 7,400,000 in 1980; and

“(IV) was 9,300,000 in 1992.

“(ii) While the number of children receiving AFDC benefits increased nearly threefold between 1965 and 1992, the total number of children in the United States aged 0 to 18 has declined by 5.5 percent.

“(B) The Department of Health and Human Services has estimated that 12,000,000 children will receive AFDC benefits within 10 years.

“(C) The increase in the number of children receiving public assistance is closely related to the increase in births to unmarried women. Between 1970 and 1991, the percentage of live births to unmarried women increased nearly threefold, from 10.7 percent to 29.5 percent.

“(6) The increase of out-of-wedlock pregnancies and births is well documented as follows:

“(A) It is estimated that the rate of nonmarital teen pregnancy rose 23 percent from 54 pregnancies per 1,000 unmarried teenagers in 1976 to 66.7 pregnancies in 1991. The overall rate of nonmarital pregnancy rose 14 percent from 90.8 pregnancies per 1,000 unmarried women in 1980 to 103 in both 1991

and 1992. In contrast, the overall pregnancy rate for married couples decreased 7.3 percent between 1980 and 1991, from 126.9 pregnancies per 1,000 married women in 1980 to 117.6 pregnancies in 1991.

“(B) The total of all out-of-wedlock births between 1970 and 1991 has risen from 10.7 percent to 29.5 percent and if the current trend continues, 50 percent of all births by the year 2015 will be out-of-wedlock.

“(7) An effective strategy to combat teenage pregnancy must address the issue of male responsibility, including statutory rape culpability and prevention. The increase of teenage pregnancies among the youngest girls is particularly severe and is linked to predatory sexual practices by men who are significantly older.

“(A) It is estimated that in the late 1980’s, the rate for girls age 14 and under giving birth increased 26 percent.

“(B) Data indicates that at least half of the children born to teenage mothers are fathered by adult men. Available data suggests that almost 70 percent of births to teenage girls are fathered by men over age 20.

“(C) Surveys of teen mothers have revealed that a majority of such mothers have histories of sexual and physical abuse, primarily with older adult men.

“(8) The negative consequences of an out-of-wedlock birth on the mother, the child, the family, and society are well documented as follows:

“(A) Young women 17 and under who give birth outside of marriage are more likely to go on public assistance and to spend more years on welfare once enrolled. These combined effects of ‘younger and longer’ increase total AFDC costs per household by 25 percent to 30 percent for 17-year-olds.

“(B) Children born out-of-wedlock have a substantially higher risk of being born at a very low or moderately low birth weight.

“(C) Children born out-of-wedlock are more likely to experience low verbal cognitive attainment, as well as more child abuse, and neglect.

“(D) Children born out-of-wedlock were more likely to have lower cognitive scores, lower educational aspirations, and a greater likelihood of becoming teenage parents themselves.

“(E) Being born out-of-wedlock significantly reduces the chances of the child growing up to have an intact marriage.

“(F) Children born out-of-wedlock are 3 times more likely to be on welfare when they grow up.

“(9) Currently 35 percent of children in single-parent homes were born out-of-wedlock, nearly the same percentage as that of children in single-parent homes whose parents are divorced (37 percent). While many parents find themselves, through divorce or tragic circumstances beyond their control, facing the difficult task of raising children alone, nevertheless, the negative consequences of raising children in single-parent homes are well documented as follows:

“(A) Only 9 percent of married-couple families with children under 18 years of age have income below the national poverty level. In contrast, 46 percent of female-headed households with children under 18 years of age are below the national poverty level.

“(B) Among single-parent families, nearly ½ of the mothers who never married received AFDC while only ¼ of divorced mothers received AFDC.

“(C) Children born into families receiving welfare assistance are 3 times more likely to be on welfare when they reach adulthood than children not born into families receiving welfare.

“(D) Mothers under 20 years of age are at the greatest risk of bearing low birth weight babies.

“(E) The younger the single-parent mother, the less likely she is to finish high school.

“(F) Young women who have children before finishing high school are more likely to receive welfare assistance for a longer period of time.

“(G) Between 1985 and 1990, the public cost of births to teenage mothers under the aid to families with dependent children program, the food stamp program, and the medicaid program has been estimated at \$120,000,000,000.

“(H) The absence of a father in the life of a child has a negative effect on school performance and peer adjustment.

“(I) Children of teenage single parents have lower cognitive scores, lower educational aspirations, and a greater likelihood of becoming teenage parents themselves.

“(J) Children of single-parent homes are 3 times more likely to fail and repeat a year in grade school than are children from intact 2-parent families.

“(K) Children from single-parent homes are almost 4 times more likely to be expelled or suspended from school.

“(L) Neighborhoods with larger percentages of youth aged 12 through 20 and areas with higher percentages of single-parent households have higher rates of violent crime.

“(M) Of those youth held for criminal offenses within the State juvenile justice system, only 29.8 percent lived primarily in a home with both parents. In contrast to these incarcerated youth, 73.9 percent of the 62,800,000 children in the Nation’s resident population were living with both parents.

“(10) Therefore, in light of this demonstration of the crisis in our Nation, it is the sense of the Congress that prevention of out-of-wedlock pregnancy and reduction in out-of-wedlock birth are very important Government interests and the policy contained in part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] (as amended by section 103(a) of this Act) is intended to address the crisis.”

APPROPRIATION BY STATE LEGISLATURES

Pub. L. 104-193, title IX, §901, Aug. 22, 1996, 110 Stat. 2347, provided that:

“(a) IN GENERAL.—Any funds received by a State under the provisions of law specified in subsection (b) shall be subject to appropriation by the State legislature, consistent with the terms and conditions required under such provisions of law.

“(b) PROVISIONS OF LAW.—The provisions of law specified in this subsection are the following:

“(2) The Child Care and Development Block Grant Act of 1990 [42 U.S.C. 9857 et seq.] (relating to block grants for child care).”

§ 602. Eligible States; State plan

(a) In general

As used in this part, the term “eligible State” means, with respect to a fiscal year, a State that, during the 27-month period ending with the close of the 1st quarter of the fiscal year, has submitted to the Secretary a plan that the Secretary has found includes the following:

(1) Outline of family assistance program

(A) General provisions

A written document that outlines how the State intends to do the following:

(i) Conduct a program, designed to serve all political subdivisions in the State (not necessarily in a uniform manner), that provides assistance to needy families with

(or expecting) children and provides parents with job preparation, work, and support services to enable them to leave the program and become self-sufficient.

(ii) Require a parent or caretaker receiving assistance under the program to engage in work (as defined by the State) once the State determines the parent or caretaker is ready to engage in work, or once the parent or caretaker has received assistance under the program for 24 months (whether or not consecutive), whichever is earlier, consistent with section 607(e)(2) of this title.

(iii) Ensure that parents and caretakers receiving assistance under the program engage in work activities in accordance with section 607 of this title.

(iv) Take such reasonable steps as the State deems necessary to restrict the use and disclosure of information about individuals and families receiving assistance under the program attributable to funds provided by the Federal Government.

(v) Establish goals and take action to prevent and reduce the incidence of out-of-wedlock pregnancies, with special emphasis on teenage pregnancies, and establish numerical goals for reducing the illegitimacy ratio of the State (as defined in section 603(a)(2)(C)(iii)¹ of this title) for calendar years 1996 through 2005.

(vi) Conduct a program, designed to reach State and local law enforcement officials, the education system, and relevant counseling services, that provides education and training on the problem of statutory rape so that teenage pregnancy prevention programs may be expanded in scope to include men.

(vii) Implement policies and procedures as necessary to prevent access to assistance provided under the State program funded under this part through any electronic fund transaction in an automated teller machine or point-of-sale device located in a place described in section 608(a)(12) of this title, including a plan to ensure that recipients of the assistance have adequate access to their cash assistance.

(viii) Ensure that recipients of assistance provided under the State program funded under this part have access to using or withdrawing assistance with minimal fees or charges, including an opportunity to access assistance with no fee or charges, and are provided information on applicable fees and surcharges that apply to electronic fund transactions involving the assistance, and that such information is made publicly available.

(B) Special provisions

(i) The document shall indicate whether the State intends to treat families moving into the State from another State differently than other families under the program, and if so, how the State intends to treat such families under the program.
