

§ 6273. Advisory committees

(a) Authority of Secretary to establish; applicability of section 17 of Federal Energy Administration Act of 1974; chairman; inclusion of representatives of public; public meetings; notice of meeting to Attorney General and Federal Trade Commission; attendance and participation of their representatives

To achieve the purposes of the international energy program with respect to international allocation of petroleum products and the information system provided in such program, the Secretary may provide for the establishment of such advisory committees as he determines are necessary. In addition to the requirements specified in this section, such advisory committees shall be subject to the provisions of section 17 of the Federal Energy Administration Act of 1974 [15 U.S.C. 776] (whether or not such Act [15 U.S.C. 761 et seq.] or any of its provisions expire or terminate before June 30, 1985); shall be chaired by a regular full-time Federal employee; and shall include representatives of the public. The meetings of such committees shall be open to the public. The Attorney General and the Federal Trade Commission shall have adequate advance notice of any meeting and may have an official representative attend and participate in any such meeting.

(b) Transcript of meetings

A verbatim transcript shall be kept of such advisory committee meetings, and shall be deposited with the Attorney General and the Federal Trade Commission. Such transcript shall be made available for public inspection and copying in accordance with section 552 of title 5, except that matter may not be withheld from disclosure under section 552(b) of such title on grounds other than the grounds specified in section 552(b)(1), (b)(3), and so much of (b)(4) as relates to trade secrets, or pursuant to a determination under subsection (c).

(c) Suspension of application of certain requirements by President

The President, after consultation with the Secretary of State, the Federal Trade Commission, the Attorney General, and the Secretary, may suspend the application of—

- (1) sections 10 and 11 of the Federal Advisory Committee Act,
- (2) subsections (b) and (c) of section 17¹ of the Federal Energy Administration Act of 1974,
- (3) the requirement under subsection (a) of this section that meetings be open to the public, and
- (4) the second sentence of subsection (b);

if the President determines with respect to a particular meeting, (A) that such suspension is essential to the developing or carrying out of the international energy program, (B) that such suspension relates solely to the purpose of international allocation of petroleum products and the information system provided in such program, and (C) that the meeting deals with matters described in section 552(b)(1) of title 5. Such

determination by the President shall be in writing, shall set forth a detailed explanation of reasons justifying the granting of such suspension, and shall be published in the Federal Register at a reasonable time prior to the effective date of any such suspension.

AMENDMENTS

1978—Subsecs. (a), (c). Pub. L. 95-619 substituted “Secretary” for “Administrator”, meaning Administrator of the Federal Energy Administration.

CLASSIFICATION OF CERTAIN INFORMATION AND MATERIAL

For provisions relating to the classification of certain information and material obtained from advisory bodies created to implement the International Energy Program, see Ex. Ord. No. 11932, eff. Aug. 4, 1976, 41 F.R. 32691, set out as a note under section 3161 of Title 50, War and National Defense.

TERMINATION OF ADVISORY COMMITTEES

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment unless in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the end of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided by law. See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 6274. Exchange of information with International Energy Agency

(a) Submission of information by Secretary to Secretary of State; transmittal to Agency; aggregation and reporting of geological or geophysical information, trade secrets, or commercial or financial information; availability of such information during international energy supply emergency; certification by President that Agency has adopted security measures; review of compliance of other nations with program; petition to President for changes in procedure

(1) Except as provided in subsections (b) and (c), the Secretary, after consultation with the Attorney General, may provide to the Secretary of State, and the Secretary of State may transmit to the International Energy Agency established by the international energy program, the

information and data related to the energy industry certified by the Secretary of State as required to be submitted under the international energy program.

(2)(A) Except as provided in subparagraph (B) of this paragraph, any such information or data which is geological or geophysical information or a trade secret or commercial or financial information to which section 552(b)(9) or (b)(4) of title 5 applies shall, prior to such transmittal, be aggregated, accumulated, or otherwise reported in such manner as to avoid, to the fullest extent feasible, identification of any person from whom the United States obtained such information or data, and in the case of geological or geophysical information, a competitive disadvantage to such person.

(B)(i) Notwithstanding subparagraph (A) of this paragraph, during an international energy supply emergency, any such information or data with respect to the international allocation of petroleum products may be made available to the International Energy Agency is otherwise authorized to be made available to such Agency by paragraph (1) of this subsection.

(ii) Subparagraph (A) shall not apply to information described in subparagraph (A) (other than geological or geophysical information) if the President certifies, after opportunity for presentation of views by interested persons, that the International Energy Agency has adopted and is implementing security measures which assure that such information will not be disclosed by such Agency or its employees to any person or foreign country without having been aggregated, accumulated, or otherwise reported in such manner as to avoid identification of any person from whom the United States obtained such information or data.

(3)(A) Within 90 days after December 22, 1975, and periodically thereafter, the President shall review the operation of this section and shall determine whether other signatory nations to the international energy program are transmitting information and data to the International Energy Agency in substantial compliance with such program. If the President determines that other nations are not so complying, paragraph (2)(B)(ii) shall not apply until he determines other nations are so complying.

(B) Any person who believes he has been or will be damaged by the transmittal of information or data pursuant to this section shall have the right to petition the President and to request changes in procedures which will protect such person from any competitive damage.

(b) Halting transmittal of information that would prejudice competition, violate antitrust laws, or be inconsistent with security interests

If the President determines that the transmittal of data or information pursuant to the authority of this section would prejudice competition, violate the antitrust laws, or be inconsistent with United States national security interests, he may require that such data or information not be transmitted.

(c) Information protected by statute

Information and data the confidentiality of which is protected by statute shall not be provided by the Secretary to the Secretary of State

under subsection (a) of this section for transmittal to the International Energy Agency, unless the Secretary has obtained the specific concurrence of the head of any department or agency which has the primary statutory authority for the collection, gathering, or obtaining of such information and data. In making a determination to concur in providing such information and data, the head of any department or agency which has the primary statutory authority for the collection, gathering, or obtaining of such information and data shall consider the purposes for which such information and data were collected, gathered, and obtained, the confidentiality provisions of such statutory authority, and the international obligations of the United States under the international energy program with respect to the transmittal of such information and data to an international organization or foreign country.

(d) Continuation of authority to collect data under Energy Supply and Environmental Coordination Act and Federal Energy Administration Act of 1974

For the purposes of carrying out the obligations of the United States under the international energy program, the authority to collect data granted by sections 11 and 13 of the Energy Supply and Environmental Coordination Act [15 U.S.C. 796] and the Federal Energy Administration Act of 1974 [15 U.S.C. 772], respectively, shall continue in full force and effect without regard to the provisions of such Acts relating to their expiration.

(e) Limitation on disclosure contained in other laws

The authority under this section to transmit information shall be subject to any limitations on disclosure contained in other laws, except that such authority may be exercised without regard to—

- (1) section 11(d) of the Energy Supply and Environmental Coordination Act of 1974 [15 U.S.C. 796(d)];
- (2) section 14(b) of the Federal Energy Administration Act of 1974 [15 U.S.C. 773(b)];
- (3) section 12¹ of the Export Administration Act of 1979;
- (4) section 9 of title 13;
- (5) section 176a of title 15; and
- (6) section 1905 of title 18.

A, title XVII, §1766(a), Aug. 13, 2018, 132 Stat. 2232.

§ 6275. Relationship between standby emergency authorities and international energy program

The purpose of the Congress in enacting this subchapter is to provide standby energy emergency authority to deal with energy shortage conditions and to minimize economic dislocations and adverse impacts on employment. While the authorities contained in this subchapter may, to the extent authorized by this subchapter, be used to carry out obligations incurred by the United States in connection with the International Energy Program, this subchapter shall not be construed in any way as advice and consent, ratification, endorsement, or other form of congressional approval of the specific terms of such program.

§ 6276. Domestic renewable energy industry and related service industries

(a) Purpose

It is the purpose of this section to implement the responsibilities of the United States under chapter VII of the international energy program with respect to development of alternative energy by facilitating the overall abilities of the domestic renewable energy industry and related service industries to create new markets.

(b) Evaluation; report to Congress

(1) Before the later of—

- (A) 6 months after July 18, 1984, and
- (B) May 31, 1985,

the Secretary of Commerce shall conduct an evaluation regarding the domestic renewable energy industry and related service industries and submit a report of his findings to the Congress.

(2) Such evaluation shall include—

(A) an assessment of the technical and commercial status of the domestic renewable energy industry and related service industries in domestic and foreign markets;

(B) an assessment of the Federal Government's activities affecting commerce in the domestic renewable energy industry and related service industries and in consolidating and coordinating such activities within the Federal Government; and

(C) an assessment of the aspects of the domestic renewable energy industry and related service industries in which improvements must be made to increase the international commercialization of such industry.

(c) Program for enhancing commerce in renewable energy technologies; funding

(1) On the basis of the evaluation under subsection (b), the Secretary of Commerce shall, consistent with existing law, establish a program for enhancing commerce in renewable energy technologies and consolidating or coordinating existing activities for such purpose.

(2) Such program shall provide for—

(A) the broadening of the participation by the domestic renewable energy industry and related service industries in such activities;

(B) the promotion of the domestic renewable energy industry and related service industries on a worldwide basis;

(C) the participation by the Federal Government and the domestic renewable energy industry and related service industries in international standard-setting activities; and

(D) the establishment of an information program under which—

(i) technical information about the domestic renewable energy industry and related service industries shall be provided to appropriate public and private officials engaged in commerce, and to potential end users, including other industry sectors in foreign countries such as health care, rural development, communications, and refrigeration, and others, and

(ii) marketing information about export and export financing opportunities shall be available to the domestic renewable energy industry and related service industries.

(3) Necessary funds required for carrying out such program shall be requested in connection with fiscal years beginning after September 30, 1984.

(d) Interagency working group

(1) Establishment

(A) There shall be established an interagency working group that, in consultation with the representative industry groups and relevant agency heads, shall make recommendations to coordinate the actions and programs of the Federal Government affecting exports of renewable energy and energy efficiency products and services. The interagency working group shall establish a program to inform foreign countries of the benefits of policies that would increase energy efficiency or would allow facilities that use renewable energy to compete effectively with producers of energy from nonrenewable sources.

(B) There shall be established an Interagency Working Subgroup on Renewable Energy and an Interagency Working Subgroup on Energy Efficiency that shall, in consultation with representative industry groups, nonprofit organizations, and relevant Federal agencies, make recommendations to coordinate the actions and programs of the Federal Government to promote the export of domestic renewable energy and energy efficiency products and services, respectively.
