and authority with respect thereto as are now exercised by receivers of national banks appointed by the Comptroller.

(2) In any receivership proceeding ordered pursuant to this subsection (j), whenever there has been paid to each and every depositor and creditor of such foreign bank whose claim or claims shall have been proved or allowed, the full amount of such claims arising out of transactions had by them with any branch or agency of such foreign bank located in any State of the United States, except (A) claims that would not represent an enforceable legal obligation against such branch or agency if such branch or agency were a separate legal entity, and (B) amounts due and other liabilities to other offices or branches or agencies of, and wholly owned (except for a nominal number of directors' shares) subsidiaries of, such foreign bank and all expenses of the receivership, the Comptroller or the Federal Deposit Insurance Corporation, where that Corporation has been appointed receiver of the foreign bank, shall turn over the remainder, if any, of the assets and proceeds of such foreign bank to the head office of such foreign bank, or to the duly appointed domiciliary liquidator or receiver of such foreign bank.

STUDY AND REPORT ON SUBSIDIARY REQUIREMENTS FOR FOREIGN BANKS

§3103. Interstate banking by foreign banks

(a) Interstate branching and agency operations

(1) Federal branch or agency

Subject to the provisions of this chapter and with the prior written approval by the Board and the Comptroller of the Currency of an application, a foreign bank may establish and operate a Federal branch or agency in any State outside the home State of such foreign bank to the extent that the establishment and operation of such branch would be permitted under section 36(g) of this title or section 1831u of this title if the foreign bank were a national bank whose home State is the same State as the home State of the foreign bank.

(2) State branch or agency

Subject to the provisions of this chapter and with the prior written approval by the Board and the appropriate State bank supervisor of an application, a foreign bank may establish and operate a State branch or agency in any State outside the home State of such foreign bank to the extent that such establishment and operation would be permitted under section 1829(d)(4) or 1831u of this title if the foreign bank were a State bank whose home State is the same State as the home State of the foreign bank.

(3) Criteria for determination

In approving an application under paragraph (1) or (2), the Board and (in the case of an application under paragraph (1)) the Comptroller of the Currency—

(A) shall apply the standards applicable to the establishment of a foreign bank office in the United States under section 3105(d) of this title;

(B) may not approve an application unless the Board and (in the case of an application under paragraph (1)) the Comptroller of the Currency—

(i) determine that the foreign bank’s financial resources, including the capital level of the bank, are equivalent to those required for a domestic bank to be approved for branching under section 36 of this title and section 1831u of this title; and

(ii) consult with the Secretary of the Treasury regarding capital equivalency; and

(C) shall apply the same requirements and conditions to which an application for an
interstate merger transaction is subject under paragraphs (1), (3), and (4) of section 1831u(b) of this title.

(4) Operation
Subsections (c) and (d)(2) of section 1831u of this title shall apply with respect to each branch and agency of a foreign bank which is established and operated pursuant to an application approved under this subsection in the same manner and to the same extent such provisions of such section apply to a domestic branch of a national or State bank (as such terms are defined in section 1813 of this title) which resulted from a merger transaction under such section 1831u of this title.

(5) Exclusive authority for additional branches
Except as provided in this section, a foreign bank may not, directly or indirectly, acquire, establish, or operate a branch or agency in any State other than the home State of such bank.

(6) Requirement for a separate subsidiary
If the Board or the Comptroller of the Currency, taking into account differing regulatory or accounting standards, finds that adherence by a foreign bank to capital requirements equivalent to those imposed under section 36 of this title and section 1831u of this title could be verified only if the banking activities of such bank in the United States are carried out in a domestic banking subsidiary within the United States, the Board and (in the case of an application under paragraph (1)) the Comptroller of the Currency may approve an application under paragraph (1) or (2) subject to a requirement that the foreign bank or company controlling the foreign bank establish a domestic banking subsidiary in the United States.

(7) Additional authority for interstate branches and agencies of foreign banks, upgrades of certain foreign bank agencies and branches
Notwithstanding paragraphs (1) and (2), a foreign bank may—
(A) with the approval of the Board and the Comptroller of the Currency, establish and operate a Federal branch or Federal agency or, with the approval of the Board and the appropriate State bank supervisor, a State branch or State agency in any State outside the foreign bank's home State if—
(i) the establishment and operation of such branch or agency is permitted by the State in which the branch or agency is to be established; and
(ii) in the case of a Federal or State branch, the branch receives only such deposits as would be permitted for a corporation organized under section 25A of the Federal Reserve Act (12 U.S.C. 611 et seq.); or
(B) with the approval of the Board and the relevant licensing authority (the Comptroller in the case of a Federal branch or the appropriate State supervisor in the case of a State branch), upgrade an agency, or a branch of the type referred to in subparagraph (A)(ii), located in a State outside the foreign bank's home State, into a Federal or State branch if—
(i) the establishment and operation of such branch is permitted by such State; and
(ii) such agency or branch—
(I) was in operation in such State on the day before September 29, 1994; or
(II) has been in operation in such State for a period of time that meets the State's minimum age requirement permitted under section 1831u(a)(5) of this title.

(8) Continuing requirement for meeting community credit needs after initial interstate entry by acquisition
(A) In general
If a foreign bank acquires a bank or a branch of a bank, in a State in which the foreign bank does not maintain a branch, and such acquired bank is, or is part of, a regulated financial institution (as defined in section 803 of the Community Reinvestment Act of 1977 [12 U.S.C. 2902]), the Community Reinvestment Act of 1977 [12 U.S.C. 2901 et seq.] shall continue to apply to each branch of the foreign bank which results from the acquisition as if such branch were a regulated financial institution.

(B) Exception for branch that receives only deposits permissible for an Edge Act corporation
Paragraph (1) shall not apply to any branch that receives only such deposits as are permissible for a corporation organized under section 25A of the Federal Reserve Act (12 U.S.C. 611 et seq.) to receive.

(9) Home State of domestic bank defined
For purposes of this subsection, the term "home State" means—
(A) with respect to a national bank, the State in which the main office of the bank is located; and
(B) with respect to a State bank, the State by which the bank is chartered.

(b) Continuance of lawful interstate banking operations previously commenced
Unless its authority to do so is lawfully revoked otherwise than pursuant to this section, a foreign bank, notwithstanding any restriction or limitation imposed under subsection (a) of this section, may establish and operate, outside its home State, any State branch, State agency, or bank or commercial lending company subsidiary which commenced lawful operation or for which an application to commence business had been lawfully filed with the appropriate State or Federal authority, as the case may be, on or before July 27, 1978. Notwithstanding subsection (a), a foreign bank may continue to operate, after September 29, 1994, any Federal branch, State branch, Federal agency, State agency, or commercial lending company subsidiary which such bank was operating on the day before September 29, 1994, to the extent the branch, agency, or subsidiary continues, after September 29, 1994, to engage in operations which were lawful under the laws in effect on the day before September 29, 1994.
§3104. Insurance of deposits

(a) Objective

In implementing this section, the Comptroller and the Federal Deposit Insurance Corporation shall each, by affording equal competitive opportunities to foreign and United States banking organizations in their United States operations, ensure that foreign banking organizations do not receive an unfair competitive advantage over United States banking organizations.

(b) Deposits of less than amount equal to the standard maximum deposit insurance amount

No foreign bank may establish or operate a foreign branch which receives deposits of less than an amount equal to the standard maximum deposit insurance amount unless the branch is an insured branch as defined in section 3(s) of the Federal Deposit Insurance Act [12 U.S.C. 1813(s)], or unless the Comptroller determines by order or regulation that the branch is not engaged in domestic retail deposit activities requiring deposit insurance protection, taking account of the size and nature of depositors and deposit accounts.

(c) Deposits required to be insured under State law

(1) After September 17, 1978, no foreign bank may establish a branch, and after one year following such date no foreign bank may operate a branch, in any State in which the deposits of a bank organized and existing under the laws of that State would be required to be insured, unless the branch is an insured branch as defined in section 3(s) of the Federal Deposit Insurance Act [12 U.S.C. 1813(s)], or unless the Comptroller determines by order or regulation that the branch is not engaged in domestic retail deposit activities requiring deposit insurance protection, taking account of the size and nature of depositors and deposit accounts.
