§ 119. Limitations on exclusive rights: Secondary transmissions of distant television programming by satellite

(a) Secondary Transmissions by Satellite Carriers.—

(1) Non-network stations.—Subject to the provisions of paragraphs (3), (4), and (6) of this subsection and section 114(d), secondary transmissions of a performance or display of a work embodied in a primary transmission made by a non-network station shall be subject to statutory licensing under this section if the secondary transmission is made by a satellite carrier to the public for private home viewing or for viewing in a commercial establishment, with regard to secondary transmissions the satellite carrier is in compliance with the rules, regulations, or authorizations of the Federal Communications Commission governing the carriage of television broadcast station signals, the carrier makes a direct or indirect charge for such retransmission service to each subscriber receiving the secondary transmission, and the carrier provides local-into-local service to all DMAs. Failure to reach an agreement with a network station to retransmit the signals of the station shall not be construed to affect compliance with providing local-into-local service to all DMAs if the satellite carrier has the capability to retransmit such signals when an agreement is reached.

(2) Network stations.—

(A) In general.—Subject to the provisions of subparagraph (B) of this paragraph, a network station may be used only for purposes of monitoring compliance by the satellite carrier with this subsection.

(B) Applicability.—The submission requirements of this subparagraph shall apply to a satellite carrier only if the network station is in compliance with the rules, regulations, or authorizations of the Federal Communications Commission governing the carriage of television broadcast station signals, the carrier makes a direct or indirect charge for such retransmission service to each subscriber receiving the secondary transmission, and the carrier provides local-into-local service to all DMAs. Failure to reach an agreement with a network station to retransmit the signals of the station shall not be construed to affect compliance with providing local-into-local service to all DMAs if the satellite carrier has the capability to retransmit such signals when an agreement is reached.

(ii) Use of subscriber information.—Subscriber information submitted by a satellite carrier under this subparagraph may be used only for purposes of monitoring compliance by the satellite carrier with this subsection.

(b) Limitations.—Subject to section 114(d), secondary transmissions to unserved households.

(1) In general.—The statutory license provided for in subparagraph (A) shall be limited to secondary transmissions of the signals of no more than two network stations in a single day for each television network to persons who reside in unserved households.

(ii) Short markets.—In the case of secondary transmissions to households located in short markets, subject to clause (i), the statutory license shall be further limited to secondary transmissions of only those primary transmissions of network stations that embody the programming of networks not offered on the primary stream or the multicast stream transmitted by any network station in that market.

(c) Submission of subscriber lists to networks.—

(1) Initial lists.—A satellite carrier that makes secondary transmissions of a primary transmission made by a network station pursuant to subparagraph (A) shall, not later than 90 days after commencing such secondary transmissions, submit to the network that owns or is affiliated with the network station a list identifying (by name and address, including street or rural route number, city, State, and 9-digit zip code) all subscribers to which the satellite carrier makes secondary transmissions of that primary transmission to subscribers in unserved households.

(ii) Monthly lists.—After the submission of the initial lists under clause (i), the satellite carrier shall, not later than the 15th of each month, submit to the network a list, aggregated by designated market area, identifying (by name and address, including street or rural route number, city, State, and 9-digit zip code) any persons who have been added or dropped as subscribers under clause (i) since the last submission under this subparagraph.

(iii) Use of subscriber information.—Subject to section 114(d), secondary transmissions to unserved households.

(iv) Applicability.—The submission requirements of this subparagraph shall apply to a satellite carrier only if the network station is in compliance with the rules, regulations, or authorizations of the Federal Communications Commission governing the carriage of television broadcast station signals, the carrier makes a direct or indirect charge for such retransmission service to each subscriber receiving the secondary transmission, and the carrier provides local-into-local service to all DMAs. Failure to reach an agreement with a network station to retransmit the signals of the station shall not be construed to affect compliance with providing local-into-local service to all DMAs if the satellite carrier has the capability to retransmit such signals when an agreement is reached.
name and address of the person to whom such submissions are to be made. The Register shall maintain for public inspection a file of all such documents.

(3) NONCOMPLIANCE WITH REPORTING AND PAYMENT REQUIREMENTS.—Notwithstanding the provisions of paragraphs (1) and (2), the willful or repeated secondary transmission by the public by a satellite carrier of a primary transmission made by a non-network station or a network station and embodying a performance or display of a work is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506, where the satellite carrier has not deposited the statement of account and royalty fee required by subsection (b), or has failed to make the submissions to networks required by paragraph (2)(C).

(4) WILLFUL ALTERATIONS.—Notwithstanding the provisions of paragraphs (1) and (2), the secondary transmission to the public by a satellite carrier of a performance or display of a work embodied in a primary transmission made by a non-network station or a network station is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506, if the content of the particular program in which the performance or display is embodied, or any commercial advertising or station announcement transmitted by the primary transmitter during, or immediately before or after, the transmission of such program, is in any way willfully altered by the satellite carrier through changes, deletions, or additions, or is combined with programming from any other broadcast signal.

(5) VIOLATION OF TERRITORIAL RESTRICTIONS ON STATUTORY LICENSE FOR NETWORK STATIONS.—

(A) INDIVIDUAL VIOLATIONS.—The willful or repeated secondary transmission by a satellite carrier of a primary transmission made by a network station and embodying a performance or display of a work to a subscriber who is not eligible to receive the transmission under this section, and is fully subject to the remedies provided by sections 502 through 506, except that—

(i) no damages shall be awarded for such act of infringement if the satellite carrier took corrective action by promptly withdrawing service from the ineligible subscriber, and

(ii) any statutory damages shall not exceed $250 for such subscriber for each month during which the violation occurred.

(B) PATTERN OF VIOLATIONS.—If a satellite carrier engages in a willful or repeated pattern or practice of delivering a primary transmission made by a network station and embodying a performance or display of a work to subscribers who are not eligible to receive the transmission under this section, then in addition to the remedies set forth in subparagraph (A)—

(i) if the pattern or practice has been carried out on a substantially nationwide basis, the court shall order a permanent injunction barring the secondary transmission by the satellite carrier, for private home viewing, of the primary transmissions of any primary network station affiliated with the same network, and the court may order statutory damages of not to exceed $2,500,000 for each 3-month period during which the pattern or practice was carried out; and

(ii) if the pattern or practice has been carried out on a local or regional basis, the court shall order a permanent injunction barring the secondary transmission, for private home viewing in that locality or region, by the satellite carrier of the primary transmissions of any primary network station affiliated with the same network, and the court may order statutory damages of not to exceed $2,500,000 for each 6-month period during which the pattern or practice was carried out.

(C) PREVIOUS SUBSCRIBERS EXCLUDED.—Subparagraphs (A) and (B) do not apply to secondary transmissions by a satellite carrier to persons who subscribed to receive such secondary transmissions from the satellite carrier or a distributor before November 16, 1988.

(D) BURDEN OF PROOF.—In any action brought under this paragraph, the satellite carrier shall have the burden of proving that its secondary transmission of a primary transmission by a network station is to a subscriber who is eligible to receive the secondary transmission under this section.

The court shall direct one half of any statutory damages ordered under clause (i) to be deposited with the Register of Copyrights for distribution to copyright owners pursuant to subsection (b). The Copyright Royalty Judges shall issue regulations establishing procedures for distributing such funds, on a proportional basis, to copyright owners whose works were included in the secondary transmissions that were the subject of the statutory damages.

(6) DISCRIMINATION BY A SATELLITE CARRIER.—Notwithstanding the provisions of paragraph (1), the willful or repeated secondary transmission to the public by a satellite carrier of a performance or display of a work embodied in a primary transmission made by a non-network station or a network station is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506, if the satellite carrier unlawfully discriminates against a distributor.

(7) GEOGRAPHIC LIMITATION ON SECONDARY TRANSMISSIONS.—The statutory license created by this section shall apply only to secondary transmissions to households located in the United States.

(d) STATUTORY LICENSE CONTINGENT ON COMPLIANCE WITH FCC RULES AND REMEDIAL STEPS.—Notwithstanding any other provision of this section, the willful or repeated secondary transmission to the public by a satellite carrier of a primary transmission embodying a performance or display of a work made by a broadcast station licensed by the Federal Communications Commission is actionable as an act of infringement under section 501, and is fully subject to the remedies provided by sections 502 through 506. At the time of such transmission, the satellite carrier is not in compliance with the rules, regulations, and authorizations of the Federal Communications Commission concerning the carriage of television broadcast station signals.

(10) RESTRICTED TRANSMISSION OF OUT-OF-STATE DISTANT NETWORK SIGNALS INTO CERTAIN MARKETS.—

(A) OUT-OF-STATE NETWORK AFFILIATES.—Notwithstanding any other provision of this title, the statutory license in this subsection and subsection (b) shall not apply to any secondary transmission of the primary transmission of a network station located outside of the State of Alaska to any subscriber in that State to whom the secondary transmission of the primary transmission of a television station located in that State is made available by the satellite carrier pursuant to section 122.

(B) EXCEPTION.—The limitation in subparagraph (A) shall not apply to the secondary transmission of the primary transmission of a digital signal of a network station located outside of the State of Alaska if at the time that the secondary transmission is made, no television station licensed to a community in the State and affiliated with the same network makes primary transmissions of a digital signal.

(b) DEPOSIT OF STATEMENTS AND FEES; VERIFICATION PROCEDURES.—

(1) DEPOSITS WITH THE REGISTER OF COPYRIGHTS.—A satellite carrier whose secondary transmissions are subject to statutory licensing under subsection (a) shall, on a semi-annual basis, deposit with the Register of Copyrights, in accordance with requirements that the Register shall prescribe by regulation—

(B) DETERMINATION OF CONTROVERSY; DISTRIBUTIONS.—After the first day of August of each year, the Copyright Royalty Judges shall determine whether there exists a controversy concerning the distribution of royalty fees. If the Copyright Royalty Judges determine that no such controversy exists, the Copyright Royalty Judges shall authorize the Librarian of Congress to proceed to distribute such fees to the copyright owners entitled to receive them, or to their designated agents, subject to the deduction of reasonable administrative costs under this section. If the Copyright Royalty Judges find the existence of a controversy, the Copyright Royalty Judges shall, pursuant to chapter 8 of this title, conduct a proceeding to determine the distribution of royalty fees.

(C) NEGOTIATIONS.—Satellite carriers, distributors, and copyright owners entitled to royalty fees under this section shall negotiate in good faith in an effort to reach a voluntary agreement or agreements for the payment of royalty fees. Any such satellite carriers, distributors, and copyright owners may at any time negotiate and agree to the royalty fee, and may designate common agents to negotiate, agree to, or pay such fees. The parties to each negotiation proceeding shall bear the cost thereof.

(D) AGREEMENTS BINDING ON PARTIES; FILING OF AGREEMENTS; PUBLIC NOTICE.—

(i) VOLUNTARY AGREEMENTS; FILING.—Voluntary agreements negotiated at any time in accordance with this paragraph shall be binding upon all satellite carriers, distributors, and copyright owners that are parties thereto. obligation to pay the royalty fees established under a voluntary agreement which has been filed with the Copyright Royalty Judges in accordance with this paragraph shall become effective on the date specified in the agreement and shall remain in effect in accordance with the terms of the agreement until the subscriber for which the royalty is payable is no longer eligible to receive a secondary transmission pursuant to the license under this section.

(F) Fee set by Copyright Royalty Judges proceeding.—

(i) Notice of initiation of the proceeding.—On or before September 1, 2010, the Copyright Royalty Judges shall cause notice to be published in the Federal Register of the initiation of a proceeding for the purpose of determining the royalty fees to be paid for the secondary transmission of the primary transmissions of network stations and non-network stations under subsection (b)(1)(B) by satellite carriers and distributors—

(I) in the absence of a voluntary agreement filed in accordance with subparagraph (D) that establishes royalty fees to be paid by all satellite carriers and distributors; or

(II) if an objection to the fees from a voluntary agreement submitted for adoption by the Copyright Royalty Judges to apply to all satellite carriers, distributors, and copyright owners is received under subparagraph (D) from a party with an intent to participate in the proceeding and a significant interest in the outcome of that proceeding.

Such proceeding shall be conducted under chapter 8.

(ii) Establishment of royalty fees.—In determining royalty fees under this subparagraph, the Copyright Royalty Judges shall establish fees for the secondary transmissions of the primary transmissions of network stations and non-network stations that most clearly represent the fair market value of secondary transmissions, except that the Copyright Royalty Judges shall adjust royalty fees to account for the obligations of the parties under any applicable voluntary agreement filed with the Copyright Royalty Judges in accordance with subparagraph (D). In determining the fair market value, the Judges shall base their decision on economic, competitive, and programming information presented by the parties, including—

(I) the competitive environment in which such programming is distributed, the cost of similar signals in similar private and compulsory license marketplaces, and any special features and conditions of the retransmission marketplace;

(II) the economic impact of such fees on copyright owners and satellite carriers; and

(III) the impact on the continued availability of secondary transmissions to the public.

(iv) Persons subject to royalty fees.—The royalty fees referred to in clause (iii) shall be binding on all satellite carriers, distributors and copyright owners, who are not party to a voluntary agreement filed with the Copyright Office under subparagraph (D).

(2) Annual royalty fee adjustment.—Effective January 1 of each year, the royalty fee payable under subsection (b)(1)(B) for the secondary transmission of the primary transmissions of network stations and non-network stations shall be adjusted by the Copyright Royalty Judges to reflect any changes occurring in the cost of living as determined by the most recent Consumer Price Index (for all consumers and for all items) published by the Secretary of Labor before December 1 of the preceding year. Notification of the adjusted fees shall be published in the Federal Register at least 25 days before January 1.
