Abolition of tolls on Government canals, canalized rivers, etc.; expense of operation, repairs to and reconstruction of canals, etc.; Panama Canal excepted; levies by non-Federal interest.

Free passage to harbor of Michigan City, Indiana.

Use of Government iron pier in Delaware Bay.

Toll free rivers in Alabama.

Waters in Louisiana Purchase as public highways.

Authority for compact between Middle North-West States as to jurisdiction of offenses committed on boundary waters.

Port Arthur Ship Canal.

SUBCHAPTER II—WATERS DECLARED NONNAVIGABLE: CHANGE OF NAME

Bayou Cocodrie, Louisiana.

Bayou Meto, Arkansas.

Bear Creek, Mississippi.

Big Tarkio River, Missouri.

Cache River, Arkansas.

Calumet River, Cook County, Illinois, old channel.

Additional portion of Calumet River, old channel, abandoned as navigable water.

Portion of Calumet River, Chicago, as non-navigable stream.

Chicago River at Chicago, Illinois.

Chicago River, West Fork of South Branch.

Chicago River, West arm of South Fork of South Branch.

Crum River, old channel at mouth, Delaware Bay.

Culvre River, Missouri.

East River, Wisconsin.

Grand River, Missouri, above Brunswick.

Iowa River, Iowa, above Council Bluffs.

Lake George, Mississippi.

Little River, Arkansas, from Big Lake to Marked Tree.

Mill Slough, Oregon.

Mississippi River, West Channel, opposite La Crosse, Wisconsin.

Mosquito Creek, South Carolina.

Nodaway River, Missouri.

Oklahoma River, Florida; Kyle and Young Canal and "Morrison Landing extension" substituted.

Ollala Slough, Oregon.

One Hundred and Two River, Missouri.

Osage River, Missouri.

Platte River, Missouri.

Saint Marys River, Ohio and Indiana.

Sturgeon Bay, Illinois.

Swan Creek, Toledo, Ohio.

Tchula Lake, Mississippi.

Eagle Lake, Louisiana-Mississippi.

Noxubee River, Mississippi.

Bayou Saint John in New Orleans.

Turtle Bay and Turtle Bayou, Texas.

Sciacquada Creek, New York.

Park River, Connecticut.

Benton Harbor Canal, Michigan.

Additional portion of Benton Harbor Canal, abandoned as navigable water.

Burr Creek, Bridgeport, Connecticut.

Bayou Savage (or Chantilly) in New Orleans.

Port Point Channel and South Bay, Boston, Massachusetts.

Pike Creek, Wisconsin.

Acushnet River section of New Bedford and Fairhaven Harbor, Massachusetts.

West River in West Haven, Connecticut.

Back Cove, Portland, Maine.

Bayou Terrebonne and LeCarpe, Louisiana.

East River, New York.

East and Hudson Rivers, New York.

East River, New York.

Queens County, New York.

River Raisin, Michigan.

Bayou Lafourche, Louisiana.

Additional portion of Bayou Lafourche, Louisiana.

Boston Inner Harbor and Fort Point Channel, Massachusetts.

Steele and Washington Bayous, and Lake Washington, Mississippi.

San Francisco, California, Waterfront Area.

Repealed.

Patapeco River, Maryland.

Delaware River, Philadelphia County, Pennsylvania; permanent structures.

Declaration of nonnavigability for portions of the Delaware River.

Wiocomic River, Maryland.

Nonapplicability of prohibitions and provisions for review and approval concerning wharves and piers.

Lake Oswego, Oregon; Lake Coeur d'Alene, Idaho; and Lake George, New York.

Hudson River, Hudson County, New Jersey.

Caven Point, New Jersey.

Hackensack River, Hudson County, New Jersey.

Kenduskeag Stream, Penobscot County, Maine.

Erie Basin, Buffalo Harbor, New York.

Union Canal, Outer Buffalo Harbor, New York.

Trent River, Craven County, North Carolina.

Green River, Washington.

Burnham Canal, Milwaukee, Wisconsin.

Lawyer's Ditch, Essex County, New Jersey.

Middle River, Maryland.

Norton Basin and Jamaica Bay, New York.

Exemption from General Bridge Act of 1946.

Declaration of nonnavigability for portions of Coney Island Creek and Gravesend Bay, New York.

Declaration of nonnavigability of bodies of water in Ridgefield, New Jersey.

Nonnavigability of Wisconsin River.

Declaration of nonnavigability for portions of Lake Erie.

Declaration of nonnavigability for Lake Erie, New York.

Declaration of nonnavigability of portion of Hudson River, New York.

Declaration of nonnavigability of portions of Cleveland Harbor, Ohio.

Portion of Sacramento River Barge Canal declared to not be navigable waters of United States.

Declaration of nonnavigability for portion of Sacramento Deep Water Ship Channel.

Declaration of nonnavigability for portions of Pelican Island, Texas.

Declaration of nonnavigability for portions of Cuyahoga County, Ohio.

Declaration of nonnavigability of portion of Pelican Island, Texas.

Declaration of nonnavigability of a portion of the canal known as the James River and Kanawha Canal in Richmond, Virginia.

Designation of nonnavigability for portions of Gloucester County, New Jersey.

Waterlee River.

Central Delaware River, Philadelphia, Pennsylvania.

Coalbank Slough deemed not navigable waters of the United States for certain purposes.
SUBCHAPTER I—GENERAL PROVISIONS

§ 1. Regulations by Secretary of the Army for navigation of waters generally

It shall be the duty of the Secretary of the Army to prescribe such regulations for the use, administration, and navigation of the navigable waters of the United States as in his judgment the public necessity may require for the protection of life and property, or of operations of the United States in channel improvement, covering all matters not specifically delegated by law to some other executive department. Such regulations shall be posted, in conspicuous and appropriate places, for the information of the public; and every person and every corporation which shall violate such regulations shall be deemed guilty of a misdemeanor and, on conviction thereof in any district court of the United States within whose territorial jurisdiction such offense may have been committed, shall be punished by a fine not exceeding $500, or by imprisonment (in the case of a natural person) not exceeding six months, in the discretion of the court.

Any regulations prescribed by the Secretary of the Army in pursuance of this section may be enforced as provided in section 413 of this title, the provisions whereof are made applicable to the said regulations.

Editorial Notes

Codification

The first paragraph of this section is from section 4 of act Aug. 18, 1894, popularly known as the "River and Harbor Act of 1894," as amended.

As originally enacted, said section 4 made it the duty of the Secretary of War to prescribe rules and regulations for the use, administration, and navigation of any or all canals and similar works of navigation owned, operated, or maintained by the United States, and provided for the posting of such regulations and the punishment of violations thereof.

Said section 4 was amended by section 11 of act June 13, 1902, principally by adding to the original section provisions authorizing the Secretary also to prescribe regulations to govern the speed and movement of vessels and water craft in any public navigable channel which had been improved under authority of Congress, whenever in his judgment such regulations were necessary to protect such improved channel from injury or to prevent interference with the operations of the United States in improving navigable waters or injury to any plant that might be employed in such operations.

Section 4 was also amended by section 7 of act Aug. 8, 1917, to read as set forth in the first paragraph hereof.

The last paragraph of this section is from section 6 of act June 13, 1902. Said section 6 is also the source of the last proviso in section 499 of this title.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Rules and Regulations

Administrative provisions covering definitions which the Coast Guard uses to examine waters to determine whether the Coast Guard has jurisdiction on those waters under particular laws of the United States are set out in chapter I, subchapter A, part 2, of "Title 33, Navigation and Navigable Waters," in the Code of Federal Regulations. Such part 2, consisting of sections 2.01-1 to 2.10-10, sets out definitions of jurisdictional terms and provides for the availability of jurisdictional decisions.

§ 2. Regulations for navigation of South and Southwest Passes of Mississippi River; penalties

The Secretary of the Army is authorized to make such rules and regulations for the navigation of the South and Southwest Passes of the Mississippi River as to him shall seem necessary or expedient for the purpose of preventing any obstruction to the channels through said Passes and any injury to the works therein constructed. The term "South and Southwest Passes", as employed in this section, shall be construed as embracing the entire extent of channel in each case, between the upper ends of the works at the head of the pass and the outer or sea ends of the jetties at the entrance from the Gulf of Mexico; and any willful violation of any rule or regulation made by the Secretary of the Army in pursuance of this section shall be deemed a misdemeanor, for which the owner or owners, agent or agents, master or pilot of the vessel so offending shall be separately or collectively responsible, and on conviction thereof shall be punished by a fine of not less than $100 nor exceeding $500, or by imprisonment for not exceeding three months, or by both fine and imprisonment, at the discretion of the court.

Editorial Notes

Codification

These provisions were part of section 5 of act Mar. 3, 1909, popularly known as the "River and Harbor Appropriation Act of 1909".

These provisions superseded previous similar provisions relating to the navigation of the South Pass only, contained in act Aug. 11, 1888, ch. 860, § 5, 25 Stat. 424, amended by act Sept. 19, 1890, ch. 397, § 3, 26 Stat. 452.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.
§ 3. Regulations to prevent injuries from target practice

[AUTHORITY TO ADOPT REGULATIONS.] In the interest of the national defense, and for the better protection of life and property on the navigable waters of the United States, the Secretary of the Army is authorized and empowered to prescribe such regulations as he may deem best for the use and navigation of any portion or area of the navigable waters of the United States or waters under the jurisdiction of the United States endangered or likely to be endangered by Artillery fire in target practice or otherwise, or by the proving operations of the Government ordinance proving grounds at Sandy Hook, New Jersey, or at any Government ordinance proving ground that may be established elsewhere on or near such waters, and of any portion or area of said waters occupied by submarine mines, mine fields, submarine cables, or other material and accessories pertaining to seacoast fortifications, or by any plant or facility engaged in the execution of any public project of river and harbor improvement; and the said Secretary shall have like power to regulate the transportation of explosives upon any of said waters: Provided, That the authority conferred shall be so exercised as not unreasonably to interfere with or restrict the food fishing industry, and the regulations prescribed in pursuance hereof shall provide for the use of such waters by food fishermen operating under permits granted by the Department of the Army.

[DETAIL OF VESSELS TO ENFORCE REGULATIONS.] To enforce the regulations prescribed pursuant to this section, the Secretary of the Army, may detail any public vessel in the service of the Department of the Army, or, upon the request of the Secretary of the Army, the head of any other department may enforce, and the head of any such department is authorized to enforce, such regulations by means of any public vessel of such department.

[POSTING AND VIOLATION OF REGULATIONS.] The regulations made by the Secretary of the Army pursuant to this section shall be posted in conspicuous and appropriate places, designated by him, for the information of the public; and every person who and every corporation which shall willfully violate any regulations made by the said Secretary pursuant to this section shall be deemed guilty of a misdemeanor, and upon conviction thereof in any court of competent jurisdiction shall be punished by a fine not exceeding $500, or by imprisonment (in the case of a natural person) not exceeding six months, in the discretion of the court.

[VENUE AND JURISDICTION OF OFFENSES; PROCEDURE.] Offenses against the provisions of this section, or any regulation made pursuant thereto, committed in any Territory or other place subject to the jurisdiction of the United States where there is no court having general jurisdiction of crimes against the United States, shall be cognizable in any court of such place or Territory having original jurisdiction of criminal cases in the place or Territory in which the offense has been committed, with the same right of appeal in all cases as is given in other criminal cases where imprisonment not exceeding six months forms a part of the penalty, and jurisdiction is conferred upon such courts and such courts shall exercise the same for such purposes; and in case any such offense be committed beyond the territorial jurisdiction of any court having jurisdiction thereof, the offense shall be deemed and held to have been committed within the jurisdiction in which the offender may be found or into which he is first brought, and shall be tried by the court having jurisdiction thereof.

(July 9, 1918, ch. 143, subch. XIX, §§ 1–4, 40 Stat. 892, 893; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Undesignated pars. 1 to 4 of this section are from sections 1 to 4, respectively, of act July 9, 1918, popularly known as the “Army Appropriation Act of 1919”.

Undesignated pars. 1 and 2 of this section superseded similar provisions of act Aug. 8, 1917, ch. 49, §§ 6, 49 Stat. 266.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Coast Artillery changed to Artillery under authority of section 306(a) of act June 28, 1950, ch. 383, title III, 64 Stat. 269. Section 306(a) of act June 28, 1950 was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in section 3010 continued the Artillery as a basic branch of the Army.

Executive Documents

TRANSFER OF FUNCTIONS

For transfer of certain functions insofar as they pertain to Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Air Force from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40 [App. A(55)], July 22, 1949.

§ 4. Water gauges on Mississippi River and tributaries

The Secretary of the Army is authorized and directed to have water gauges established, and daily observations made of the rise and fall of the Mississippi River and its tributaries.

For the purpose of securing the uninterrupted gauging of the waters of the Mississippi River and its tributaries, as provided for in this section, upon the application of the Chief of Engineers, the Secretary of the Army is authorized to draw his warrant or requisition, from time to time, upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of $9,600.

§ 5. Abolition of tolls on Government canals, canalized rivers, etc.; expense of operation, repairs to and reconstruction of canals, etc.; Panama Canal excepted; levies by non-Federal interest

(a) No tolls or operating charges whatever shall be levied upon or collected from any vessel, dredge, or other water craft for passing through any lock, canal, canalized river, or other work for the use and benefit of navigation, now belonging to the United States or that may be hereafter acquired or constructed; and for the purpose of preserving and continuing the use and navigation of said canals and other public works without interruption, the Secretary of the Army, upon the recommendation of the Chief of Engineers, United States Army, is authorized to draw his warrant or requisition, from time to time, upon the Secretary of the Treasury to pay the actual expenses of operating, maintaining, and keeping said works in repair, which warrants or requisitions shall be paid by the Secretary of the Treasury out of any money in the Treasury not otherwise appropriated or held to apply to the Panama Canal.

Provided further, That whenever, in the judgment of the Secretary of the Army, the conditions of the aforesaid works is such that its entire reconstruction is absolutely essential to its efficient and economical maintenance and operation as herein provided for, the reconstruction thereof may include such modifications in plan and location as may be necessary to provide adequate facilities for existing navigation:

Provided further, That the modifications are necessary to make the reconstructed work conform to similar works previously authorized by Congress and forming a part of the same improvement, and that such modifications shall be considered and approved by the Board of Engineers for Rivers and Harbors and be recommended by the Chief of Engineers before the work of reconstruction is commenced: And provided further, That nothing contained in this section shall be held to apply to the Panama Canal.

(b) No taxes, tolls, operating charges, fees, or any other impositions whatever shall be levied upon or collected from any vessel or other water craft, or from its passengers or crew, by any non-Federal interest, if the vessel or water craft is operating on any navigable waters subject to the authority of the United States, or under the right to freedom of navigation on those waters, except for—

(1) fees charged under section 2236 of this title;

(2) reasonable fees charged on a fair and equitable basis that—

(A) are used solely to pay the cost of a service to the vessel or water craft;

(B) enhance the safety and efficiency of interstate and foreign commerce; and

(C) do not impose more than a small burden on interstate or foreign commerce; or

(3) property taxes on vessels or watercraft, other than vessels or watercraft that are primarily engaged in foreign commerce if those taxes are permissible under the United States Constitution.

(July 5, 1984, ch. 229, §4, 23 Stat. 147; Mar. 3, 1909, ch. 264, §6, 35 Stat. 818; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Section 208(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 of act June 13, 1902, which was substantially the second section 6 of act Aug. 11, 1888, as amended by section 9 of act June 13, 1902, which was substantially the second paragraph of this section. As originally enacted, section 6 of act Aug. 11, 1888, provided for the gauging of the waters of the Lower Mississippi and tributaries, and limited the cost for each year to the amount appropriated in the act for such purpose.

AMENDMENTS

1954—Act Aug. 30, 1954, repealed proviso requiring that an itemized statement of expenses incurred in gauging waters of the Mississippi River and its tributaries, as provided in this section, should accompany the annual report of the Chief of Engineers.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501. Section 208(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3800 of the title, authorized to draw his warrant or requisition, from time to time, upon the Secretary of the Army, for certain works without interruption, the Secretary of War, upon the recommendation of the Chief of Engineers in charge of said works, is hereby authorized.
to draw his warrant or requisition from time to time upon the Secretary of the Treasury to pay the actual expenses of operating and keeping said works in repair, which warrants or requisitions shall be paid by the Secretary of the Treasury, out of any money in the Treasury not otherwise appropriated: Provided, however, That an itemized statement of said expenses shall accompany the annual report of the Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.

It was amended by act March 3, 1909, to read substantially as set forth above.

**AMENDMENTS**

2002—Pub. L. 107–295 designated existing provisions as subsec. (a) and added subsec. (b).

1954—Act Aug. 30, 1954, repealed last proviso requiring that an itemized statement of expenses incurred in operating, maintaining, keeping in repair, and reconstructing locks, canals, etc., other than the Panama Canal, as provided in this section, should accompany the annual report of the Chief of Engineers.

**Statutory Notes and Related Subsidiaries**

**CHANGE OF NAME**

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

**EFFECTIVE DATE OF 2003 AMENDMENT**

**TERMINATION OF BOARD OF ENGINEERS FOR RIVERS AND HARBORS AND REASSIGNMENT OF DUTIES AND RESPONSIBILITIES**

For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102–580, set out as a note under section 541 of this title.

**APPROPRIATIONS**

Section 2 of act June 26, 1934, ch. 756, 48 Stat. 1225, which was classified to section 725a of former Title 31, Money and Finance, repealed the permanent appropriation under the title “Operating and care of canals and other works of navigation (8x881)” effective July 1, 1935, and provided that such portions of any Acts as make permanent appropriations to be expended under such account are amended so as to authorize, in lieu thereof, annual appropriations from the general fund of the Treasury in identical terms and in such amounts as now provided by the laws providing such permanent appropriations.

**§6. Free passage to harbor of Michigan City, Indiana**

The passage of vessels to and from the harbor of Michigan City, in Indiana, shall be free and not subject to toll or charge.

(R.S. § 5247.)

**Editorial Notes**

**CODIFICATION**

**§7. Use of Government iron pier in Delaware Bay**

The Government iron pier in Delaware Bay near Lewes, Delaware, shall be open to public use under regulations to be prescribed by the Secretary of the Army.

**Editorial Notes**

**CODIFICATION**

Section is from act July 27, 1916, popularly known as the “Rivers and Harbors Appropriation Act of 1916”.

A further provision of act July 27, 1916, repealed act Mar. 3, 1891, ch. 542, 26 Stat. 968, which authorized a transfer of the iron pier to the Treasury Department.

**Statutory Notes and Related Subsidiaries**

**CHANGE OF NAME**

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

**§8. Toll free rivers in Alabama**

The Tennessee, Coosa, Cahawba, and Black Warrior Rivers, within the State of Alabama, shall be forever free from toll for all property belonging to the United States, and for all persons in their service, and for all citizens of the United States, except as to such tolls as may be allowed by Act of Congress.

(R.S. § 5244.)

**Editorial Notes**

**CODIFICATION**

R.S. § 5244 derived from act May 23, 1828, ch. 75, §7, 4 Stat. 250.

Another R.S. § 5244 is classified to section 43 of Title 12, Banks and Banking.

**§9. Des Moines River as toll free**

The Des Moines River shall forever remain free from any toll, or other charge whatever, for any property of the United States, or persons in their service, passing along the same.

(R.S. § 5246.)

**Editorial Notes**

**CODIFICATION**

R.S. § 5246 derived from acts Aug. 8, 1846, ch. 103, §3, 9 Stat. 78; Jan. 20, 1870, ch. 7, 16 Stat. 61.

**§10. Waters in Louisiana Purchase as public highways**

All the navigable rivers and waters in the former Territories of Orleans and Louisiana shall be and forever remain public highways.

(R.S. § 5251.)

**Editorial Notes**

**CODIFICATION**

§ 11. Authority for compact between Middle Northwest States as to jurisdiction of offenses committed on boundary waters

The consent of the Congress is given to the States of North Dakota, South Dakota, Minnesota, Wisconsin, Iowa, and Nebraska, or any two or more of them, by such agreement or compact as they may deem desirable or necessary, or as may be evidenced by legislative acts enacted by any two or more of said States, not in conflict with the Constitution of the United States or any law thereof, to determine and settle the jurisdiction to be exercised by said States, respectively, over offenses arising out of the violation of the laws of any of said States upon any of the waters forming the boundary lines between any two or more of said States, or waters through which such boundary line extends, and that the consent of the Congress be, and the same is, given to the concurrent jurisdiction agreed to by the States of Minnesota and South Dakota, as evidenced by the act of the Legislature of the State of Minnesota approved April 20, 1917, and the act of the Legislature of the State of South Dakota approved February 13, 1917.

(Mar. 4, 1921, ch. 176, 41 Stat. 1447.)

Editorial Notes

Codification

This section is from a resolution entitled a “Joint Resolution giving consent of the Congress of the United States to the States of North Dakota, South Dakota, Minnesota, Wisconsin, Iowa, and Nebraska, or any two or more of said States, to agree upon the jurisdiction to be exercised by said States over boundary waters between any two or more of said States”.

§ 12. Port Arthur Ship Canal

After there shall be conveyed to the United States, free of cost, a valid title to the line of water communication between Taylors Bayou and Sabine Pass, in the State of Texas, known as the Port Arthur Ship Canal, together with a valid title to the turning basin as existing June 19, 1906, and to the artificial slip on which the lumber dock of the Port Arthur Canal and Dock Company is built, the said waterways shall thereupon become free public waters of the United States, and be subject to the laws enacted by Congress for the maintenance, preservation, protection, and regulation of navigable waters: Provided, That the company or corporation conveying title to said canal as aforesaid shall also convey to the United States, free of cost, the fee to a strip of land one hundred and fifty feet wide along the westerly margin of the canal, except that where the right of way of the Southern Pacific Railroad Company prevents the transfer of such strip of land along the westerly margin of said canal there shall be conveyed such strip on the easterly margin thereof as may be necessary to make up such one hundred and fifty feet of width, with the reservation that until Congress shall have authorized and provided for the enlargement and widening of said canal the said company or corporation, its successors or assigns, shall have the right to control, occupy, and use the said strip of land and every part thereof in the same manner and to the same extent as before the execution and delivery of the conveyance, and also the right to transfer, lease, sell, quitclaim, or otherwise dispose of said property and every part thereof, subject to the grant made to the United States. The charges for the use of said docks and wharves shall be just and reasonable and shall not be greater than charges for similar services at other ports of the United States on the Gulf of Mexico.

(June 19, 1906, ch. 3436, § 1, 34 Stat. 302.)

Editorial Notes

Codification

This section is from a proviso following provisions establishing an additional collection district in the State of Texas to be known as the district of Sabine; the establishment of the said district being conditioned on the making of the conveyance referred to in this section. Further provisions of the said proviso authorizing the Secretary of War to accept the said waterways as the property of the United States, and directing that the Act take effect only when the requirements of the section be fully complied with to the satisfaction of the Secretary of War, have been omitted as executed and obsolete.

SUBCHAPTER II—WATERS DECLARED NONNAVIGABLE: CHANGE OF NAME

§ 21. Bayou Cocodrie, Louisiana

Bayou Cocodrie, from its source to its junction with Bayou Chicot, in the State of Louisiana, is declared to be not a navigable water of the United States within the meaning of the laws enacted by the Congress for the preservation and protection of such waters. The right to alter, amend, or repeal this section is expressly reserved.

(Feb. 25, 1921, ch. 71, §§ 1, 2, 41 Stat. 1145.)

Editorial Notes

Codification

The first sentence hereof is section 1 and the second sentence section 2 of act Feb. 25, 1921, entitled “An Act to declare Bayou Cocodrie nonnavigable from its source to its junction with Bayou Chicot”.

§ 22. Bayou Meto, Arkansas

The Bayou Meto, in the State of Arkansas, is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States.

(Aug. 8, 1917, ch. 49, § 16, 40 Stat. 268.)

§ 23. Bear Creek, Mississippi

Bear Creek in Humphreys, Leflore, and Sunflower Counties, in the State of Mississippi, is declared to be a nonnavigable stream within the meaning of the Constitution and the laws of the United States. The right of Congress to alter, amend, or repeal this section is expressly reserved.

(Mar. 3, 1923, ch. 229, §§ 1, 2, 42 Stat. 1442.)
§ 24. Big Tarkio River, Missouri

The Big Tarkio River, in the counties of Holt and Atchison, in the State of Missouri, is declared to be not a navigable water of the United States within the meaning of the laws enacted by Congress for the preservation and protection of such waters.

The right to alter, amend, or repeal this section is expressly reserved.

(Feb. 15, 1910, ch. 33, §§1, 2, 36 Stat. 194.)

§ 25. Cache River, Arkansas

The Cache River in the State of Arkansas is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States: The first sentence hereof is section 1 and the last sentence section 2 of act Feb. 15, 1910, entitled "An Act to declare Big Tarkio River, in Holt and Atchison counties, Missouri, nonnavigable".

§ 26. Calumet River, Cook County, Illinois, old channel

The portion of the old channel of the Calumet River in sections eighteen and nineteen, township thirty-seven north, range fifteen east, of the third principal meridian, in Cook County, Illinois, which lies outside of the new channel lines as established by the United States and shown on "map of the Calumet River, Illinois, from Lake Michigan to Calumet Lake, to accompany report of W. G. Ewing, United States attorney, to the Attorney General, respecting cession of right of way for improvement of said river, under Act of Congress approved July 5, 1884", is abandoned as navigable water.

(Apr. 21, 1904, ch. 1409, 33 Stat. 239, 240; Feb. 27, 1915, ch. 68, 38 Stat. 817.)

§ 26a. Additional portion of Calumet River, old channel, abandoned as navigable water

The portion of the old channel of the Calumet River in sections eighteen and nineteen, township thirty-seven north, range fifteen east, of the third principal meridian, in Cook County, Illinois, which lies outside of the new channel lines established by the United States and shown on the map referred to in section 26 of this title, and which lies outside of the exterior limits of the turning basin to be established on said Calumet River in said sections, is abandoned as navigable water of the United States from and after the time when the United States shall have secured title to the land necessary for the establishment of the turning basin at some point, to be approved by the Chief of Engineers, between One hundred and thirteenth Street and One hundred and seventeenth Street in the city of Chicago.

(Mar. 4, 1913, ch. 144, §1, 37 Stat. 816.)

§ 26b. Portion of Calumet River, Chicago, as nonnavigable stream

The portion of the Calumet River, in the city of Chicago, county of Cook, State of Illinois, lying between the intersections of this river with the two lines described below, is a nonnavigable stream within the meaning of the Constitution and laws of the United States:

Beginning at a point on the south line of the north half of section 36, township 37 north, range 14 east, of the third principal meridian, one thousand eight hundred and seventy-three and seven-hundredths feet west of the east line of said section; thence northwesterly on a straight line to a point three thousand two hundred and eighty feet west of the east line and seven hundred and eighty-five feet south of the north line of said section; and

Beginning at a point five hundred and eighty-five feet east of the west line and seven hundred
and thirty-two feet north of the south line of
section 31, township 37 north, range 15 east, of
the third principal meridian; hence north forty-
six degrees and thirty minutes east along a
straight line to the easterly water’s edge of said
river.

The right to alter, amend, or repeal this sec-
tion is expressly reserved.

(June 14, 1937, ch. 338, §§2, 3, 50 Stat. 258, 259.)

§ 27. Chicago River at Chicago, Illinois

All of that portion of the West Fork of the
South Branch of the Chicago River in the coun-
ty of Cook and State of Illinois, extending west
from the west line of the collateral channel of
the sanitary district of Chicago, in the north-
west quarter of section 36, township 39 north,
rage 13 east, of the third principal meridian,
declared to be a nonnavigable stream within the
meaning of the Constitution and laws of the
United States. The right of Congress to alter,
amend, or repeal this provision is expressly re-
served.

The Act of September 19, 1890, making appro-
priations for the construction, repair, and pres-
servation of certain public works on rivers and
harbors, and for other purposes (Twenty-sixth
Statutes, chapter 907, section 7, page 454), and
the Act of March 3, 1899, making appropriations
for the construction, repair, and preservation of
certain public works on rivers and harbors, and
for other purposes (Thirtieth Statutes, chapter
425, section 9, page 1151) [33 U.S.C. 401], and all
Acts amendatory of either thereof shall not apply
to that portion of the west arm of the South
Fork of the South Branch of the Chicago River,
yielding between the east line of Ashland
Avenue and the north line of Thirty-ninth
Street, in the city of Chicago, Illinois, as the
same now exists or may hereafter be extended.

All rights, authority, or control over that part
of the Chicago River possessed or assumed by
the United States are relinquished and aban-
donated, and all rights, authority, or control over
the same that were possessed by the State of
Illinois are fully restored to said State.

As soon as the city of Chicago, or any other
governmental agency or any corporation there-
unto duly authorized by the Secretary of the
Army, shall have constructed, after June 7, 1924,
a new channel for the South Branch of the
Chicago River between West Polk Street and West
Nineteenth Street in said city of Chicago, then,
and in that event, so much of the channel of the
South Branch of the Chicago River as shall be
superseded and replaced by said new channel in
accordance with the permit of the Secretary of
the Army shall be discontinued and abandoned.

(Jan. 24, 1923, ch. 33, §§1, 2, 42 Stat. 1171; Feb. 27,
1923, ch. 142, 42 Stat. 1323; June 7, 1924, ch. 337, 43
Stat. 646; July 26, 1947, ch. 343, title II, §205(a), 61
Stat. 501.)

Editorial Notes

References in Text

Section 7 of the Act of September 19, 1890, referred to
in text, is section 7 of act Sept. 19, 1890, ch. 907, 26 Stat.
454, as amended generally by act July 13, 1892, ch. 158,
§3, 27 Stat. 110, which prohibited construction of cer-
tain structures in the navigable waters of the United
States, with certain conditions and exceptions, and is
not classified to the Code. Provisions similar to those
in section 7 of act Sept. 19, 1890, were subsequently en-
acted by sections 9 and 10 of act Mar. 3, 1899, ch. 425, 30
Stat. 1151, which are classified, respectively, to sections
401 and 403 of this title.

Codification

The two sentences comprising the first paragraph of
this section are, respectively, sections 1 and 2 of act
Jan. 24, 1923.

The second paragraph of this section is from act Feb.
27, 1923.

The last paragraph of this section is from act June 7,
1924.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the
Army and title of Secretary of War changed to Sec-
retary of the Army by section 205(a) of act July 26, 1947,
ch. 343, title II, 61 Stat. 501. Section 205(a) of act July
26, 1947, was repealed by section 53 of act Aug. 10, 1956.

Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under ad-
ministrative supervision of Secretary of the Army.

§ 27a. Chicago River, West Fork of South Branch

That portion of the West Fork of the South
Branch of the Chicago River in Cook County, Il-
linois, lying between the west line (produced
north) of the Collateral Channel of the Sanitary
District of Chicago, in the northwest quarter of
section 36, township 39 north, range 13 east,
third principal meridian, and a line one thou-
sand three hundred feet east of and parallel to
the west line of section 30 (section line in South
Western Avenue), township 39 north, range 13
east, third principal meridian, in the city of Chi-
go, Illinois, as the same now exists or may
hereafter be extended, is declared to be a non-
navigable stream within the meaning of the
Constitution and laws of the United States.

The right to alter, amend, or repeal this sec-
tion is expressly reserved.

§ 27b. Chicago River, West arm of South Fork of
South Branch

The portion of the west arm of the South Fork
of the South Branch of the Chicago River, as es-
blished by the ordinance of the city of Chicago
on July 17, 1911, in the southwest quarter of sec-
tion 32, township 39 north, range 14 east of the
third principal meridian, in the city of Chicago,
county of Cook, State of Illinois, lying wester-
ly of a straight line drawn from a point in south
dock line of the said west arm 203.94 feet west-
erly of the point of intersection of the south
dock line of the said west arm with the west
dock line of the east arm of the South Fork of
the South Branch of the Chicago River as estab-
lished by said city of Chicago ordinance of July
17, 1911, measured along the south dock line of
said west arm, thence to a point in the north
dock line of the said west arm said point being
278 feet westerly of the intersection of the north
dock line of the said west arm with the west
dock line of the South Fork of the South Branch
of the Chicago River as established by said city of Chicago ordinance of July 17, 1916, measured along the north dock line of said west arm of the South Fork of the South Branch of the Chicago River, is declared to be and is on and after September 1, 1939 to be regarded as a nonnavigable water of the United States within the meaning of the Constitution and laws of the United States: Provided, That plans for a suitable bulkhead to retain any fill to be placed in the waterway shall be submitted to and approved by the Corps of Engineers, United States Army, prior to the placing of such fill.

§ 28. Crum River; old channel at mouth, Delaware Bay

After the channel of the Crum River where the same empties into the Delaware River has been changed, diverted, and straightened under the authority given to Alba B. Johnson and Samuel M. Vauclain and the Baldwin Locomotive Works by Act July 27, 1916, chapter 260, the said Crum River, as so straightened, shall be a public navigable stream, and the course and channel of the said river, as it existed July 27, 1916, from the right-of-way of the Philadelphia and Reading Railway Company to the low-water line in the Delaware River shall be abandoned and vacated when the above-mentioned new channel shall have been completed to a depth of four feet at mean low water, with a bottom width of sixty-two feet and width of one hundred feet at mean low-water level: Provided, That the Government shall have such right, title, and interest in and to the bed of said new channel as will assure the public the right to the perpetual use of said channel for all the purposes of navigation and commerce.

(July 27, 1916, ch. 260, § 1, 39 Stat. 393.)

Editorial Notes

REFERENCES IN TEXT

CODIFICATION

Section is from a provision of section 1 of act July 27, 1916, popularly known as the “Rivers and Harbors Appropriation Act of 1916”.

The portion of that section authorizing the changing, diverting, and straightening of the channel of the river has been omitted as temporary and executed.

§ 29. Cuivre River, Missouri

Cuivre River, in the counties of Lincoln and Saint Charles, in the State of Missouri, being the dividing line, is declared not to be a navigable stream, and shall be so treated by the Secretary of the Army and all other authorities.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 414, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 29a. East River, Wisconsin

All of that portion of the East River, in the county of Brown, State of Wisconsin, extending from Baird Street, in the city of Green Bay, east and south is declared to be a nonnavigable stream within the meaning of the Constitution and Laws of the United States of America.

The right of Congress to alter, amend or repeal this section is expressly reserved.

§ 30. Grand River, Missouri, above Brunswick

Grand River in the State of Missouri above the city of Brunswick, in the county of Chariton in said State, is declared to be not a navigable stream and shall be so treated by the Secretary of the Army and by all other authorities.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 414, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 31. Iowa River, Iowa, above Toolsboro

So much of the Iowa River within the State of Iowa, as lies north of the town of Wapello, and so much of the said river within the State of Iowa, as lies between the town of Toolsboro and the town of Wapello, in the county of Louisa, shall not be deemed a navigable river or public highway, but dams and bridges may be constructed across it.

(R.S. § 5248; Aug. 18, 1894, ch. 299, § 1, 28 Stat. 356.)

Editorial Notes

CODIFICATION

The portion of this section relating to the Iowa river north of the town of Wapello is from R.S. § 5248.

The remainder of the section, relating to so much of the river as lies between Toolsboro and Wapello, is from act Aug. 18, 1894.

§ 32. Lake George, Mississippi

Lake George, in Yazoo County, in the State of Mississippi, is declared to be not a navigable water of the United States within the meaning of the laws enacted by the Congress for the preservation and protection of such waters.

The right of Congress to alter, amend, or repeal this section is expressly reserved.
§ 33. Little River, Arkansas, from Big Lake to Marked Tree

Little River, from Big Lake in Mississippi County to Marked Tree in Poinsett County, Arkansas, is declared to be not a navigable waterway of the United States within the meaning of the laws enacted by Congress for the protection of such waterways.

(Mar. 2, 1919, ch. 95, § 4, 40 Stat. 1287.)

§ 34. Mill Slough, Oregon

Mill Slough, a tidal tributary of Coos Bay, lying within the limits of the city of Marshfield, State of Oregon, is declared to be not a navigable waterway of the United States, within the meaning of the laws enacted by Congress for the preservation and protection of such waterways, and the consent of Congress is given to the filling in of said slough by the said city of Marshfield.

(Oct. 23, 1913, ch. 33, 38 Stat. 233.)

§ 35. Mississippi River, West Channel, opposite La Crosse, Wisconsin

The branch of the Mississippi River flowing between Grand Island and the mainland opposite the city of La Crosse, State of Wisconsin, and known as the West Channel, is declared to be navigable; and the said city of La Crosse is relieved of the necessity of maintaining a draw or pontoon bridge over said West Channel.

(Feb. 23, 1901, ch. 470, 31 Stat. 804.)

§ 36. Mosquito Creek, South Carolina

Mosquito Creek, in Colleton County, South Carolina, is declared to be a navigable stream within the meaning of the Constitution and laws of the United States.

(Aug. 8, 1917, ch. 49, § 15, 40 Stat. 268.)

§ 37. Nodaway River, Missouri

Nodaway River, in the counties of Andrew, Holt, and Nodaway, in the State of Missouri, is declared to be not a navigable water of the United States within the meaning of the laws enacted by Congress for the preservation and protection of such waters.

The right to alter, amend, or repeal this section is expressly reserved.

(Feb. 15, 1910, ch. 32, §§ 1, 2, 36 Stat. 194.)

§ 38. Oklawaha River, Florida; Kyle and Young Canal and “Morrison Landing extension” substituted

Upon the conveyance to the United States, free of cost, title to the land occupied by what is known as the “Kyle and Young Canal” and the “Morrison Landing extension” of the same, on the Oklawaha River, in the State of Florida, together with title to a strip of land on the east side of said canal of such width as in the judgment of the Secretary of the Army may be required for the future widening of said canal and extension by the United States, the said canal and extension shall become a free public waterway of the United States in place of the natural bed of the river.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 39. Ollala Slough, Oregon

All of that portion of Ollala Slough in Lincoln County, Oregon, above a point where a line that is one hundred and twenty rods south and running east and west and parallel with the section line between sections 8 and 17 in township 11 south, range 10 west of the Willamette meridian, crosses said stream, is declared to be a nonnavigable stream.

(Feb. 26, 1917, ch. 119, 39 Stat. 937.)

§ 40. One Hundred and Two River, Missouri

One Hundred and Two River south of the north boundary line of Andrew County, Missouri, as now located, is declared to be not a navigable water of the United States within the meaning of the laws enacted by Congress for the preservation and protection of such waters.

The right to alter, amend, or repeal this section is expressly reserved.

(Feb. 15, 1910, ch. 31, §§ 1, 2, 36 Stat. 194.)

§ 41. Osage River, Missouri

The Osage River in the State of Missouri above the point where the south line of sections 15 and 16 in township 40 north, of range 22 west, of the fifth principal meridian, and in the county of Benton, State of Missouri, crosses said river, is declared not to be a navigable stream, and shall be so treated by the Secretary of the Army and by all other authorities.

Editorial Notes

CODIFICATION

This section superseded act June 24, 1902, ch. 1154, 32 Stat. 398, which declared that the Osage River above...
the point where the dividing line between the counties of Benton and Saint Clair crosses the river should not be a navigable stream.

§ 42. Platte River, Missouri
The Platte River in the State of Missouri is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States, and jurisdiction over said river is declared to be vested in the State of Missouri.

§ 43. Saint Marys River, Ohio and Indiana
Saint Marys River, Ohio and Indiana, is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States.

§ 44. Sturgeon Bay, Illinois
So much of the west fork of Sturgeon Bay within the county of Mercer and State of Illinois as lies west of the line between the east half and the west half of the east half of section 25, in township 14 north, range 6 west of the fourth principal meridian, and so much of the east fork of said Sturgeon Bay as lies north of the north line of section 30, in township 14 north, range 5 west of the fourth principal meridian, shall not be deemed navigable waters of the United States.

§ 45. Swan Creek, Toledo, Ohio
Swan Creek, a stream lying within the limits of the city of Toledo, State of Ohio, is declared to be not a navigable waterway of the United States within the meaning of the laws enacted by Congress for the preservation and protection of such waterways, and the consent of Congress is given for the filling in of said creek by the local authorities.

§ 46. Tchula Lake, Mississippi
Tchula Lake, in Holmes County, in the State of Mississippi, is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States.

§ 47. Eagle Lake, Louisiana-Mississippi
Eagle Lake, which lies partly within the limits of the State of Mississippi, in Warren County, and partly within the limits of the State of Louisiana, in Madison Parish, is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States.

§ 48. Noxubee River, Mississippi
That portion of the Noxubee River in Noxubee County, in the State of Mississippi is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States.

§ 49. Bayou Saint John in New Orleans
Bayou Saint John, in the city of New Orleans, Louisiana, is declared to be not a navigable water of the United States within the meaning of the laws enacted by Congress for the preservation and protection of such waters.

§ 50. Turtle Bay and Turtle Bayou, Texas
Turtle Bay and Turtle Bayou, in Chambers County, in the State of Texas, are declared to be nonnavigable waterways within the meaning of the Constitution and laws of the United States of America.

The right of Congress to alter, amend, or repeal this section is expressly reserved.

§ 46. Tchula Lake, Mississippi

The right of Congress to alter, amend, or repeal this section is expressly reserved.

§ 47. Eagle Lake, Louisiana-Mississippi

The right of Congress to alter, amend, or repeal this section is expressly reserved.

§ 48. Noxubee River, Mississippi

The right of Congress to alter, amend, or repeal this section is expressly reserved.

§ 49. Bayou Saint John in New Orleans

The right of Congress to alter, amend, or repeal this section is expressly reserved.

§ 50. Turtle Bay and Turtle Bayou, Texas

The right of Congress to alter, amend, or repeal this section is expressly reserved.

§ 51. Scajaquada Creek, New York

Scajaquada Creek, Erie County, New York, is declared to be nonnavigable east of a line one hundred and thirty feet west of the west line of Niagara Street, city of Buffalo, county of Erie, New York, within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

(May 14, 1937, ch. 183, §§1, 2, 50 Stat. 165.)

§ 52. Park River, Connecticut

The Park River, a minor tributary of the Connecticut River, located in Hartford County, Connecticut, is declared to be a nonnavigable waterway within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

(May 24, 1937, ch. 246, §§1, 2, 50 Stat. 201.)

§ 53. Benton Harbor Canal, Michigan

The Benton Harbor Canal at and above the west line of Ninth Street, in the city of Benton Harbor and State of Michigan, is declared to be not a navigable water of the United States within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

(June 2, 1937, ch. 288, §§1, 3, 50 Stat. 243.)

Editorial Notes

REFERENCES IN TEXT

This section, referred to in text, was in the original "this Act", meaning act June 2, 1937, ch. 288, 50 Stat. 243, sections 1 and 3 of which are classified to this section. Section 2 of the Act, which relates to abandonment of a portion of the Benton Harbor Canal project, is not classified to the Code.

§ 53a. Additional portion of Benton Harbor Canal, abandoned as navigable water

The Benton Harbor Canal, from the west line of Ninth Street extended northerly to the west line of Riverview Drive extended northerly in the city of Benton Harbor and State of Michigan, be, and the same is hereby, declared to be not a navigable water of the United States within the meaning of the Constitution and laws of the United States.

§ 54. Burr Creek, Bridgeport, Connecticut

That portion of Burr Creek in the city of Bridgeport, Connecticut, lying north of a line across the creek beginning at the point of intersection of the south side of Yacht Street extended and the west harbor line of the harbor lines established by the Secretary of War December 9, 1924, thence south eighty-five degrees forty-six minutes seventeen seconds east to the east harbor line of said creek, is declared to be not a navigable water of the United States within the meaning of the Constitution and laws of the United States.

Any project heretofore authorized by any Act of Congress, insofar as such project relates to the above described portion of Burr Creek in the city of Bridgeport, Connecticut, is abandoned.

The right to alter, amend, or repeal this section is expressly reserved.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1051, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 et seq. transferred all legal references in this chapter to Title 10, except as otherwise provided.

§ 55. Bayou Savage (or Chantilly) in New Orleans

Bayou Savage, also styled Bayou Chantilly, in the city of New Orleans, Louisiana, is declared to be a nonnavigable waterway within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

(Aug. 16, 1937, ch. 630, 50 Stat. 649.)

§ 56. Fort Point Channel and South Bay, Boston, Massachusetts

The portion of the tidewaters in the waterway in which is located Fort Point Channel and South Bay in the city of Boston, Massachusetts, lying above the easterly side of the highway bridge over Fort Point Channel at Dorchester Avenue in the city of Boston is declared to be a nonnavigable water of the United States within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

(May 13, 1955, ch. 37, 69 Stat. 48.)

§ 57. Pike Creek, Wisconsin

Pike Creek, in the State of Wisconsin, above the easterly side of the highway bridge at Sixth Avenue in the city of Kenosha is declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

(July 26, 1955, ch. 377, 69 Stat. 373.)

§ 58. Acushnet River section of New Bedford and Fairhaven Harbor, Massachusetts

The portion of the waterway in the city of New Bedford and the towns of Fairhaven and Acushnet lying north of the Coggeshall Street Bridge (north 41 degrees 31 minutes 00 seconds), is declared to be a nonnavigable water of the United States within the meaning of the Constitution and laws of the United States. Any project heretofore authorized by any Act of Congress, insofar as such project relates to the above-described portions of the Acushnet River section of New Bedford and Fairhaven Harbor, is hereby abandoned.
The right to alter, amend, or repeal this section is expressly reserved.

§ 59. West River in West Haven, Connecticut

The portion of the waterway in which is located the West River in the town of West Haven, Connecticut, and the city of New Haven, Connecticut, lying northerly of a line extending north 85 degrees 54 minutes 43.5 seconds east, from a point (1,158.535 feet from the most westerly corner of the existing bulkhead and pier line) whose coordinates in the Corps of Engineers Harbor Line System are north 4,616.76 and west 5,450.80, is declared to be a nonnavigable water of the United States within the meaning of the Constitution and the laws of the United States.

The line hereinafore described shall be established as a combined pierhead and bulkhead line of the West River.

Any project heretofore authorized by an Act of Congress, insofar as such project relates to the above-described portion of the West River, is hereby abandoned.

The right to alter, amend, or repeal this section is expressly reserved.

§ 59a. Back Cove, Portland, Maine

(a) Portion declared nonnavigable

That portion of Back Cove at Portland, Maine, lying southerly of a line across the twelve-foot Federal project channel in Back Cove twenty-five hundred feet upstream from the Tukey Bridge, to the head of Back Cove, is declared to be a nonnavigable water of the United States within the meaning of the Constitution and laws of the United States.

(b) Portion abandoned

That portion of the twelve-foot Federal project channel in Back Cove lying southerly of a line across the channel twenty-five hundred feet upstream from the Tukey Bridge, to the head of Back Cove, a distance of approximately thirty-five hundred feet, is abandoned.

(c) Preservation of right to alter, amend or repeal section

The right to alter, amend, or repeal this section is expressly reserved.

§ 59b. Bayous Terrebonne and LeCarpe, Louisiana

Bayou Terrebonne west of Barrow Street and Bayou LeCarpe west of the Intracoastal Waterway in the city of Houma, State of Louisiana, are declared to be not navigable waters of the United States within the meaning of the Constitution and laws of the United States.

The right to alter, amend, or repeal this section is expressly reserved.

§ 59c. East River, New York

That portion of the East River, in New York County, State of New York, lying between the south line of East Seventeenth Street, extended easterly, the United States pierhead line as it existed on July 1, 1965, and the south line of East Thirtieth Street, extended easterly, is hereby declared to be not a navigable water of the United States within the meaning of the Constitution and the laws of the United States.

§ 59c–1. East and Hudson Rivers, New York

Those portions of the East and Hudson Rivers in New York County, State of New York, lying shoreward of a line within the United States Pierhead Line as it exists on August 13, 1968, and bounded on the north by the north side of Spring Street extended westerly and the south side of Robert F. Wagner, Senior Place extended easterly, are hereby declared to be nonnavigable waters of the United States within the meaning of the laws of the United States. This declaration shall apply only to portions of the above-described area which are bulkheaded and filled. Plans for bulkheading and filling shall be approved by the Secretary of the Army, acting through the Chief of Engineers, on the basis of engineering studies to determine the location and structural stability of the bulkheading and filling in order to preserve and maintain the remaining navigable waterway. Local interests shall reimburse the Federal Government for any engineering costs incurred under this section.

§ 59c–2. East River, New York

If the Secretary of the Army, acting through the Chief of Engineers, finds that the proposed project to be erected at the location to be declared non-navigable under this section is in the public interest, on the basis of engineering studies to determine the location and structural stability of the bulkheading and filling and permanent pile-supported structures in order to preserve and maintain the remaining navigable waterway and on the basis of environmental studies conducted pursuant to the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.], then those portions of the East River in New York County, State of New York, bounded and described as follows are hereby declared to be non-navigable waters of the United States within the meaning of the laws of the United States, and the consent of Congress is hereby given to the filling in of all or any part thereof or the erection of permanent pile-supported structures thereon: That portion of the East River in New York County, State of New York, lying shoreward of a line with the United States pierhead line as it exists on March 7, 1974, bounded on the north by the south side of Rutgers Slip extended easterly, and bounded on the south by the southeastern border of Battery Park at a point adjacent to the westerly end of South Street extended south by southwest, is hereby declared to be non-navigable waters of the United States. This declaration shall apply only to portions of the above-described area which are bulkheaded and filled or occupied by permanent pile-sup-
ported structures. Plans for bulkheading and filling and permanent pile-supported structures shall be approved by the Secretary of the Army, acting through the Chief of Engineers. Local interests shall reimburse the Federal Government for engineering and all other costs incurred under this section.

Editorial Notes

§ 59e. Queens County, New York

(a) Description of nonnavigable area

Subject to subsections (b) and (c), the area of Long Island City, Queens County, New York, that—

(1) is not submerged;

(2) as of October 12, 1996, lies between the southerly high water line of Anable Basin (also known as the “11th Street Basin”) and the northerly high water line of Newtown Creek; and

(3) extends from the high water line (as of October 12, 1996) of the East River to the original high water line of the East River;

is declared to be nonnavigable waters of the United States.

(b) Requirement that area be improved

(1) In general

The declaration of nonnavigability under subsection (a) shall apply only to those portions of the area described in subsection (a) that are, or will be, bulkheaded, filled, or otherwise occupied by permanent structures or other permanent physical improvements (including parkland).

(2) Applicability of Federal law

Improvements described in paragraph (1) shall be subject to applicable Federal laws, including—

(A) sections 401 and 403 of this title;

(B) section 1344 of this title;

(C) the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(c) Expiration date

The declaration of nonnavigability under subsection (a) shall expire with respect to a portion of the area described in subsection (a), if the portion—

(1) is not bulkheaded, filled, or otherwise occupied by a permanent structure or other permanent physical improvement (including parkland) in accordance with subsection (b) by the date that is 20 years after October 12, 1996; or

(2) requires an improvement described in subsection (b)(2) that is subject to a permit under an applicable Federal law, and the improvement is not commenced by the date that is 5 years after the date of issuance of the permit.

§ 59f. River Raisin, Michigan

The old channel of the River Raisin in Monroe County, Michigan, lying between the Monroe Harbor range front light and Raisin Point, its entrance into Lake Erie, is declared to be not a navigable stream of the United States within the meaning of the Constitution and the laws of the United States, and the consent of Congress is hereby given for the filling in of the old channel by the riparian owners on such channel.

§ 59g. Bayou Lafourche, Louisiana

Bayou Lafourche, in the State of Louisiana, between Canal Boulevard, city of Thibodaux, Parish of Lafourche, State of Louisiana, and the head of the bayou at its junction with the Mississippi River levee at the city of Donaldsonville, Parish of Ascension, State of Louisiana, is hereby declared to be a nonnavigable waterway of the United States within the meaning of the laws of the United States. The existing project for Bayou Lafourche, Louisiana, authorized by the Acts of August 30, 1935 (49 Stat. 1028) and July 14, 1960 (74 Stat. 480) is hereby deauthorized in the reach of Bayou Lafourche herein declared nonnavigable.

The right to alter, amend, or repeal this section is hereby expressly reserved.

Editorial Notes

REFERENCES IN TEXT

The provisions of the Acts of August 30, 1935 (49 Stat. 1028) and July 14, 1960 (74 Stat. 480), referred to in text, authorizing the Bayou Lafourche, Louisiana, project, are not classified to the Code.

Statutory Notes and Related Subsidiaries

PONENT OF BAYOU LAFORUCHE DECLARED TO BE NAVIGABLE WATERWAY

Pub. L. 101–595, title III, §314, Nov. 16, 1990, 104 Stat. 2987, provided that: “‘Bayou Lafourche, in the State of Louisiana, between the Percy Brown Road (Hwy 648), city of Thibodaux, parish of Lafourche, and the Southern Pacific Railroad bridge crossing the bayou, city of Thibodaux, parish of Lafourche, is declared to be navigable waterway of the United States under chapter 11 of title 33, United States Code.’”
§ 59g–1. Additional portion of Bayou Lafourche, Louisiana

Bayou Lafourche, in the State of Louisiana, between Canal Boulevard, city of Thibodaux, parish of Lafourche and the Southern Pacific Railroad bridge crossing the bayou, city of Thibodaux, parish of Lafourche, is hereby declared to be a nonnavigable waterway of the United States within the meaning of the General Bridge Act of 1946 (33 U.S.C. 525 et seq.).

Editorial Notes
REFERENCES IN TEXT

The General Bridge Act of 1946, referred to in text, is title V of act Aug. 2, 1946, ch. 753, 60 Stat. 847, as amended, which is classified generally to subchapter III (§ 525 et seq.) of chapter 11 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 525 of this title and Tables.

§ 59h. San Francisco, California, Waterfront Area

(a) Area to be declared nonnavigable

The following area is declared to be nonnavigable waters of the United States: All of that portion of the City and County of San Francisco, California, lying shoreward of a line beginning at the intersection of the southerly right of way line of Earl Street prolongation with the Pierhead United States Government Pierhead line, the Pierhead line as defined in the State of California Harbor and Navigation Code Section 1770, as amended in 1961; thence northerly along said Pierhead line to its intersection with a line parallel with and distant 10 feet easterly from, the existing easterly boundary line of Pier 30–32; thence northerly along said parallel line and its northerly prolongation, to a point of intersection with a line parallel with, and distant 10 feet northerly from, the existing northerly boundary of Pier 30–32; thence westerly along last said parallel line to its intersection with said Pierhead line; thence northerly along said Pierhead line, to the intersection of the easterly right of way line of Van Ness Avenue, formerly Marlette Street, prolongation to the Pierhead line.

(b) Requirement that area be improved

The declaration of nonnavigability under subsection (a) applies only to those parts of the area described in subsection (a) that are or will be bulkheaded, filled, or otherwise occupied or covered by permanent structures and does not affect the applicability of any Federal statute or regulation that relates to filling of navigable waters or to other regulated activities within the area described in subsection (a), including sections 401 and 403 of this title, section 134 of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(c) Inclusion of Embarcadero Historic District

Congress finds and declares that the area described in subsection (a) contains the seawall, piers, and wharves that comprise the Embarcadero Historic District listed on the National Register of Historic Places on May 12, 2006.

AMENDMENTS

§ 59j. Delaware River, Pennsylvania; permanent structures

That portion of the Delaware River in Philadelphia County, Commonwealth of Pennsylvania, lying between all that certain lot or piece of ground situate in the second and fifth wards of the city of Philadelphia described as follows:

Beginning at a point on the easterly side of Delaware Avenue (variable width) said side being the bulkhead line of the Delaware River (approved by the Secretary of War on September 10, 1940), at the distance of 1,833.652 feet from an angle point on the easterly side of said Delaware Avenue south of Washington Avenue;

thence extending along the easterly side of said Delaware Avenue the following courses and distances, (1) north 0 degrees 45 minutes 33.2 seconds west 2,524.698 feet to a point; (2) north 9 degrees 36 minutes 25 seconds east, 2,108.160 feet to a point; (3) north 13 degrees 26 minutes 52.4 seconds east, 2,039.270 feet to a point; (4) north 20 degrees 12 minutes 52.4 seconds east 35.180 feet to an angle point in Delaware Avenue; thence continuing north 20 degrees 12 minutes 52.4 seconds east along the said bulkhead line, the distance of 574.970 feet to a point on the south house line of Callowhill Street produced;

thence extending along the south house line of Callowhill Street produced south 80 degrees 47 minutes 30.6 seconds east, the distance of 523.908 feet to a point on the pierhead line of the Delaware River (approved by the Secretary of War on September 10, 1940);

thence extending along the said pierhead line the following courses and distances, (1) south 17 degrees 52 minutes 48.5 seconds west, 605.262 feet to a point; (2) south 14 degrees 14 minutes 14.7 seconds west, 1,372.530 feet to a point; (3) south 10 degrees 37 minutes 35.3 seconds west, 1,252.160 feet to a point; (4) south 8 degrees 23 minutes 50.4 seconds west, 1,450.250 feet to a point; (5) south 2 degrees 22 minutes 45.9 seconds west, 1,221.670 feet to a point; (6) south 1 degree 4 minutes 36 seconds east, 1,468.775 feet to a point on the north house line of Catherine Street extended, thence extending north 76 degrees 56 minutes 29.2 seconds west, the distance of 555.911 feet to the first mentioned point and place of beginning is hereby declared not to be a navigable water of the United States within the meaning of the Constitution and laws of the United States, and the Consent of Congress is hereby given, for the filling or erection of permanent structures in all or any part of the described area.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 2 of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

PERMANENT STRUCTURES IN ABOVE-DESCRIBED AREA; APPROVAL OF PLANS

Pub. L. 92–605, §2, Oct. 31, 1972, 86 Stat. 1494, provided that: "This declaration (this section) shall apply only to portions of the above-described area which is filled or occupied by permanent structures. No such filling or erection of structures in the above-described area shall be commenced until the plans therefor have been approved by the Secretary of the Army who shall, prior to granting such approval, give consideration to all factors affecting the general public interest and the impact of the proposed work on the environment."

§ 59j–1. Declaration of nonnavigability for portions of the Delaware River

(a) Area to be declared non-navigable; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects in Pennsylvania, to be undertaken within the boundaries described below, are not in the public interest then, subject to subsections (b) and (c) of this section, those portions of the Delaware River, bounded and described as follows, are de-
clared to be non-navigable waters of the United States:

1. Liberty Landing. [Omitted]
3. Marine Trade Center—Pier 24 North. [Omitted]
4. National Sugar Company "Sugar House". [Omitted]
5. Rivercenter. [Omitted]

(b) Limits on applicability; regulatory requirements

The declaration under subsection (a) shall apply only to those parts of the areas described in subsection (a) of this section which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations, including, but not necessarily limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(c) Expiration date

If, 20 years from November 17, 1988, any area or part thereof described in subsection (a) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (b) of this section, or if work in connection with any activity permitted in subsection (b) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire. Notwithstanding the preceding sentence, the declaration of non-navigability for the area described in subsection (a)(5), or any part thereof, shall not expire.

Editorial Notes

REFERENCES IN TEXT

CODIFICATION

The text of the boundary descriptions contained in pars. (1) to (5) of subsec. (a), which is not set out in the Code, appears at 102 Stat. 4032 to 4038.

AMENDMENTS

2016—Subsec. (c). Pub. L. 114–322 struck out "(except 30 years from November 17, 1988, in the case of the area or any part thereof described in subsection (a)(5))" after "subsection (a)(5)"

2007—Subsec. (c). Pub. L. 110–114 substituted "subsection (a) (except 30 years from November 17, 1988, in the case of the area or any part thereof described in subsection (a)(5))" for "subsection (a) of this section".

Statutory Notes and Related Subsidiaries

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 100–676, set out as a note under section 2201 of this title.

§ 59k. Wicomico River, Maryland

(a) If the Secretary of the Army acting through the Chief of Engineers, finds that the proposed project in Salisbury, Maryland, to be undertaken at the locations to be declared non-navigable under this section is in the public interest, on the basis of engineering studies to determine the location and structural stability of any bulkheading and filling and permanent pile-supported structures, in order to preserve and maintain the remaining navigable waterway and on the basis of environmental studies conducted pursuant to the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.], then those portions of the South Prong of the Wicomico River in Wicomico County, State of Maryland, bounded and described as follows, are declared to be not a navigable water of the United States within the meaning of the laws of the United States, and the consent of Congress is hereby given, consistent with subsection (b) of this section, to the filling in of a part thereof or the erection of permanent pile-supported structures thereon: That portion of the South Prong of the Wicomico River in Salisbury, Maryland, bounded on the east by the west side of United States Route 13; on the west by the west side of the Mill Street Bridge; on the south by a line five feet landward from the present water's edge at high tide extending the entire length of the South Prong from the east boundary at United States Route 13 to the west boundary at Mill Street Bridge; and on the north by a line five feet landward from the present water's edge at high tide extending the entire length of the South Prong from the east boundary at United States Route 13 to the west boundary at Mill Street Bridge.

(b) This declaration shall apply only to the portions of the areas described in subsection (a) which are bulkheaded and filled or occupied by permanent pile-supported structures. Plans for bulkheading and filling and permanent pile-supported structures shall be approved by the Secretary of the Army, acting through the Chief of Engineers. Such bulkheaded and filled areas or areas occupied by permanent pile-supported structures shall not reduce the existing width of the Wicomico River to less than sixty feet and a minimum depth of five feet shall be maintained within such sixty-foot width of the Wicomico River. Local interests shall reimburse the Federal Government for engineering and all other costs incurred under this section.

§ 59m. Lake Oswego, Oregon; Lake Coeur d'Alene, Idaho; and Lake George, New York

For the purposes of section 403 of this title the following bodies of water are declared navigable: Lake Oswego, Oregon; Lake Coeur d'Alene, Idaho; and Lake George, New York.

Editorial Notes

CODIFICATION

“Section 403 of this title” substituted in text for “section 10 of the Act of March 3, 1899 (30 Stat. 1151) (33 U.S.C. 403)” as the probable intent of Congress in that section 10 of said act is set out as section 403 of this title while section 401 of this title is based on section 403 of the United States Code, see Short Title note set out under section 4321 of Title 42 and Tables.

§ 59n. Hudson River, Hudson County, New Jersey

(a) If the Secretary of the Army, acting through the Chief of Engineers, finds that the proposed project to be erected at the location to be declared nonnavigable under this section is in the public interest, on the basis of engineering studies to determine the location and structural stability of any bulkheading and filling and permanent pile-supported structure, in order to preserve and maintain the remaining navigable waterway and on the basis of environmental studies conducted pursuant to the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.], then that portion of the Hudson River in Hudson County, State of New Jersey, bounded and described as follows is hereby declared to be nonnavigable water of the United States within the meaning of the laws of the United States, and the consent of Congress is hereby given to the filling in of all or any part thereof and the erection of permanent pile-supported structures thereon:

Such portion is in the township of North Bergen in the county of Hudson and State of New Jersey, and is more particularly described as follows: At a point in the easterly right-of-way of New Jersey Shore Line Railroad (formerly New Jersey Junction Railroad) said point being located northerly, measured along said easterly right-of-way, 81.93 feet from Station 54+42.4 as shown on construction drawing dated May 23, 1931, of River Road, filed in the Office of the Hudson County Engineer, Jersey City, New Jersey:

thence (1) northerly and along said easterly right-of-way on a bearing of north 12 degrees 11 minutes 14 seconds east, a distance of 280 feet to a point;

thence (2) south 75 degrees 28 minutes 24 seconds east, a distance of 310 feet to a point;

thence (3) south 17 degrees 15 minutes 41 seconds east, a distance of 101.70 feet to a point;

thence (4) south 62 degrees 18 minutes 12 seconds east a distance of 355.64 feet to a point in the exterior solid fill line of April 7, 1903, and the bulkhead line of April 28, 1904, on the Hudson River;

thence (5) along said exterior solid fill and bulkhead lines south 28 degrees 55 minutes 51 seconds west, a distance of 523 feet to a point in the northerly line of lands now or formerly of New York State Realty and Terminal Company;

thence (6) north 61 degrees 34 minutes 29 seconds west, and along said northerly line of the New York State Realty and Terminal Company, a distance of 590.08 feet to a point in the aforementioned easterly right-of-way of the New Jersey Shore Line Railroad;

thence (7) northerly and along said easterly right-of-way of the New Jersey Shore Line Railroad on a curve to the left a radius of 995.09 feet, an arc length of 170.96 feet to a point therein;

thence (8) northerly, still along the same, on a bearing of north 12 degrees 11 minutes 14 seconds east, a distance of 81.93 feet to the point and place of beginning.

Said parcel containing 8 acres being the same or more.

(b) The declaration in subsection (a) of this section shall apply only to portions of the above-described area which are either bulkheaded and filled or occupied by permanent pile-supported structures. Plans for bulkheading and filling and permanent pile-supported structures shall be approved by the Secretary of the Army, acting through the Chief of Engineers. Local interests shall reimburse the Federal Government for engineering and all other costs incurred under this section.

§ 59n–1. Caven Point, New Jersey

That portion of the Hudson River in the New York Bay consisting of—

(1) all that piece or parcel of land, containing 120.54 acres, situate, lying and being in the city of Jersey City, Hudson County, State of New Jersey, upon or around that certain lot or piece of land known as the Caven Point Area; and

(2) all that piece or parcel of land, containing 18 acres more or less, situate on the northwesterly side of New Jersey State Highway Route 185,
§ 59o  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 20

more particularly described in the Congressional Record dated March 11, 1986, pages S2446–2447, is hereby declared to be not a navigable water of the United States within the meaning of the Constitution and the laws of the United States, except for the purposes of the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.].

Editorial Notes

REFERENCES IN TEXT

The Federal Water Pollution Control Act, referred to in text, is act June 30, 1948, ch. 758, as amended generally by Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 816, which is classified generally to chapter 26 (§ 1251 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 1251 of this title and Tables.

§ 59o. Hackensack River, Hudson County, New Jersey

(a) If the Secretary of the Army, acting through the Chief of Engineers finds that the proposed project to be erected at the location to be declared nonnavigable under this section is in the public interest, on the basis of engineering studies to determine the location and structural stability of any bulkheading and filling and permanent pile-supported structure, in order to preserve and maintain the remaining navigable waterway, and on the basis of environmental studies conducted pursuant to the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.], then those portions of the Hackensack River in Hudson County, State of New Jersey, bounded and described as follows are hereby declared to be navigable waters of the United States within the meaning of the laws of the United States, and the consent of Congress is hereby given to the filling in of all or any part thereof and the erection of permanent pile-supported structures thereon:

Beginning at a point where the southeastern shoreline (mean high water line) of the Hackensack River intersects the easterly line of the Erie Railroad said point property being 2,015.38 feet northerly along said railroad property from where it intersects the northerly line of the Meadowlands Parkway (100 feet wide) and running from:

thence north 19 degrees 20 minutes 54 seconds east 158.81 feet;
thence south 55 degrees 46 minutes 27 seconds west 134.92 feet;
thence south 34 degrees 13 minutes 33 seconds west 310 feet;

Said parcel containing 67.6 acres being the same more or less.

(b) The declaration in subsection (a) of this section shall apply only to portions of the described area which are either bulkheaded and filled or occupied by permanent pile-supported structures. Plans for bulkheading and filling and permanent pile-supported structures shall be approved by the Secretary of the Army, acting through the Chief of Engineers. Local interests shall reimburse the Federal Government for engineering and all other costs incurred under this section.

§ 59v. Middle River, Maryland

(a) Description

That portion of the waterway in which is located Dark Head Creek in the community of Middle River, Baltimore County, Maryland, lying northwest of a line extending south 68 degrees 37 minutes 56 seconds west from a point (227.50 feet from the northeast corner of the existing bulkhead and pier line) whose coordinates in the Maryland State Coordinate System are north 544967.24 and east 962701.65 (latitude north 39 degrees 19 minutes 42 seconds and longitude west 76 degrees 25 minutes 29.5 seconds) and thence south 44 degrees 48 minutes 20 seconds west, 350.12 feet to a point (at the southwest corner of the existing bulkhead and pier line) whose coordinates in the Maryland State Coordinate System are north 544635.94 and east 962292.46 (latitude north 39 degrees 19 minutes 39 seconds and longitude west 76 degrees 25 minutes 35.4 seconds), is declared to be a nonnavigable water of the United States for purposes of the navigation servitude.

(b) Pierhead and bulkhead line of Dark Head Creek

The line described in subsection (a) shall be established as a combined pierhead and bulkhead line of Dark Head Creek.

(c) Previously authorized projects

Any project heretofore authorized by any Act of Congress, insofar as such project is within the boundaries of Dark Head Creek as described in subsection (a), is not authorized after November 17, 1986.

(d) Reservation of rights

The right to alter, amend, or repeal this section is hereby expressly reserved.

§ 59x. Exemption from General Bridge Act of 1946
(a) Waters declared nonnavigable

The waters described in subsection (b) are declared to be nonnavigable waters of the United States for purposes of the General Bridge Act of 1946 (33 U.S.C. 525 et seq.).

(b) Waters described

The waters referred to in subsection (a) are a drainage canal which—

(1) is an unnamed tributary of the creek known as Newton Creek, located at block 641 (formerly designated as block 860) in the city of Camden, New Jersey;

(2) originates at the north bank of Newton Creek approximately 1,200 feet east of the confluence of Newton Creek and the Delaware River; and

(3) terminates at drainage culverts on the west side of Interstate Highway 676.

CODIFICATION

§ 59x. Declaration of nonnavigability for portions of Coney Island Creek and Gravesend Bay, New York

(a) Area to be declared non-navigable; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects to be undertaken within the boundaries in the portions of Coney Island Creek and Gravesend Bay, New York, described below, are not in the public interest then, subject to subsections (b) and (c) of this section, those portions of such Creek and Bay, bounded and described as follows, are declared to be non-navigable waters of the United States:

Beginning at the corner formed by the intersection of the Westerly Line of Cropsey Avenue, and the Northernmost United States Pierhead Line of Coney Island Creek.

Running thence south 12 degrees 41 minutes 03 seconds E and along the westerly line of Cropsey Avenue, 98.72 feet to the northerly channel line as shown on Corps of Engineers Map Numbered F. 150 and on Survey by Rogers and Giallucreno Numbered 13959 dated October 31, 1986.

Running thence in a westerly direction and along the said northerly channel line the following bearings and distances:

South 48 degrees 59 minutes 27 seconds west, 118.77 feet; south 37 degrees 07 minutes 01 seconds west, 252.00 feet; south 23 degrees 17 minutes 10 seconds west, 340.03 feet; south 31 degrees 25 minutes 46 seconds west, 210.95 feet; south 79 degrees 22 minutes 49 seconds west, 244.18 feet; north 55 degrees 00 minutes 29 seconds west, 183.10 feet; north 41 degrees 47 minutes 04 seconds west, 315.16 feet;

North 41 degrees 17 minutes 43 seconds west, 492.47 feet to the said Pierhead Line; thence north 73 degrees 58 minutes 40 seconds west and along said pierhead line, 2,665.25 feet to the intersection of the United States bulkhead line;

Thence north 0 degree 19 minutes 35 seconds west and along the United States Bulkhead line 1,138.50 feet to the intersection of the westerly prolongation of the center line of 26th Avenue;

Thence north 58 degrees 25 minutes 06 seconds east and along the center line of said 26th Avenue, 2,320.85 feet to the westerly line of Cropsey Avenue, then southeasterly and along the southerly line of Cropsey Avenue the following bearings and distances:

South 31 degrees 34 minutes 54 seconds east, 4,124.59 feet; and

South 12 degrees 41 minutes 03 seconds east, 710.74 feet to the point or place of beginning.

Coordinates and bearings are in the system as established by the United States Coast and Geodetic Survey for the Borough of Brooklyn. The Secretary shall make the public interest determination separately for each proposed project, using reasonable discretion, within 150 days after submission of appropriate plans for each proposed project.

(b) Limits on applicability; regulatory requirements

The declaration under subsection (a) shall apply only to those parts of the areas described in subsection (a) of this section which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to applicable Federal statutes and regulations, including, but not necessarily limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(c) Expiration date

If, 20 years from November 17, 1988, any area or part thereof described in subsection (a) of this section is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (b) of this section, or if work in connection with any activity permitted in subsection (b) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire.

Statutory Notes and Related Subsidaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 100–676, set out as a note under section 2201 of this title.

§ 59z. Declaration of nonnavigability of bodies of water in Ridgefield, New Jersey

The three bodies of water located at block 4004, lots 1 and 2, and block 4003, lot 1, in the Borough of Ridgefield, County of Bergen, New Jersey, which have their mouths at the Hackensack River at 40 degrees 49 minutes 58 seconds north latitude and 74 degrees 01 minute 46 seconds west longitude, 40 degrees 49 minutes 46 seconds north latitude and 74 degrees 01 minute 55 seconds west longitude, and 40 degrees 49 minutes 35 seconds north latitude and 74 degrees 02 minutes 04 seconds west longitude, respectively, and the body of water located at block 4006, lot 1, in the Borough of Ridgefield, County of Bergen, New Jersey, which has its mouth at the Hackensack River at 40 degrees 49 minutes 15 seconds north latitude and 74 degrees 01 minute 52 seconds west longitude, are declared to be nonnavigable waterways of the United States within the meaning of the General Bridge Act of 1946 (33 U.S.C. 525 et seq.) and section 401 of this title.

(Pub. L. 100–676, § 54, Nov. 17, 1988, 102 Stat. 4046.)

Editorial Notes

REFERENCES IN TEXT

The General Bridge Act of 1946, referred to in text, is title V of act Aug. 2, 1946, ch. 753, 60 Stat. 847, as amended, which is classified generally to subchapter III (§525 et seq.) of chapter 11 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 525 of this title and Tables.

§ 59aa. Nonnavigability of Wisconsin River

The portion of the Wisconsin River above the hydroelectric dam at Prairie du Sac, Wisconsin, is hereby declared to be a nonnavigable waterway of the United States for purposes of title 46, including but not limited to the provisions of such title relating to vessel inspection and vessel licensure, and the other maritime laws of the United States.

§ 59bb. Declaration of nonnavigability for portions of Lake Erie

(a) Area to be declared nonnavigable; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects to be undertaken within the boundaries of Lake Erie described in Committee Print 101–48 of the Committee on Public Works and Transportation of the House of Representatives, dated July 1990, are not in the public interest then, subject to subsections (b) and (c) of this section, those portions of Lake Erie, bounded and described in such Committee print, are declared to be nonnavigable waters of the United States.

(b) Limits on applicability; regulatory requirements

The declaration under subsection (a) shall apply only to those parts of the areas described in the Committee print referred to in subsection (a) which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations including, but not limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

So in original. Probably should be “permitted”.

(c) Expiration date

If, 20 years from November 28, 1990, any area or part thereof described in the Committee print referred to in subsection (a) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (b), or if work in connection with any activity permitting in subsection (b) is not commenced within 5 years after issuance of such permits, then the declaration of nonnavigability for such area or part thereof shall expire.

§ 59bb–1. Declaration of nonnavigability for Lake Erie, New York

(a) Area to be declared nonnavigable; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including
§ 59cc DECLARATION OF NONNAVIGABILITY OF PORTION OF HUDSON RIVER, NEW YORK

(a) Declaration of nonnavigability

Subject to subsections (c), (d), and (e), the area described in subsection (b) is declared to be nonnavigable waters of the United States.

(b) Area subject to declaration

The area described in this subsection is the portion of the Hudson River, New York, described as follows (according to coordinates and bearings in the system used on the Borough Survey, Borough President’s Office, New York, New York):

Beginning at a point in the United States Bulkhead Line approved by the Secretary of War, July 31, 1941, having a coordinate of north 1918.003 west 9806.753;

Running thence easterly, on the arc of a circle curving to the left, whose radial line bears north 3°–41′–20″ east, having a radius of 390.00 feet and a central angle of 22°–05′–50″, 150.41 feet to a point of tangency;

Thence north 71°–38′–30″ east, 42.70 feet;

Thence south 11°–05′–40″ east, 33.46 feet;

Thence south 78°–34′–20″ west, 0.50 feet;

Thence south 11°–05′–40″ east, 2.50 feet;

Thence north 78°–34′–20″ east, 0.50 feet;

Thence south 11°–05′–40″ east, 42.40 feet to a point of curvature;

Thence southerly, on the arc of a circle curving to the right, having a radius of 220.00 feet and a central angle of 18°–37′–40″, 63.85 feet to a point of compound curvature;

Thence still southerly, on the arc of a circle curving to the right, having a radius of 150.00 feet and a central angle of 38°–39′–00″, 101.19 feet to another point of compound curvature;

Thence westerly, on the arc of a circle curving to the right, having a radius of 172.05 feet and a central angle of 32°–32′–03″, 97.69 feet to a point of curve intersection;

Thence south 13°–16′–57″ east, 50.86 feet to a point of curve intersection;

Thence westerly, on the arc of a circle curving to the left, whose radial line bears north 13°–16′–57″ west, having a radius of 0.00 feet and a central angle of 180°–32′–31″, 18.91 feet to a point of curve intersection;

Thence southerly, on the arc of a circle curving to the left, whose radial line bears north 75°–37′–11″ east, having a radius of 313.40 feet and a central angle of 4°–55′–26″, 26.93 feet to a point of curve intersection;

Thence south 70°–41′–45″ west, 36.60 feet;

Thence north 13°–45′–00″ west, 42.87 feet;

Thence south 76°–15′–00″ west, 15.00 feet;

Thence south 13°–45′–00″ east, 44.33 feet;

Thence south 70°–41′–45″ west, 128.00 feet to a point in the United States Pierhead Line approved by the Secretary of War, 1936;

Thence north 63°–08′–48″ west, along the United States Pierhead Line approved by the Secretary of War, 1936, 114.45 feet to an angle point therein;

Thence north 61°–08′–00″ west, still along the United States Pierhead Line approved by the Secretary of War, 1936, 202.53 feet;

The following three courses being along the lines of George Salani Park as shown on map.
The declaration made in subsection (a) shall not take effect if the Secretary of the Army
finds, after consultation with local and regional public officials (including local and
regional planning organizations), that the proposed projects to be undertaken within the boundaries in the
portions of Cleveland Harbor, Ohio, described below, are not in the public interest then, sub-
ject to subsections (e) and (f) of this section, those portions of such Harbor, bounded and
described as follows, are declared to be nonnavigable waters of the United States:

Situated in the City of Cleveland, Cuyahoga
County and State of Ohio, TTN, R13W and
being more fully described as follows:

Beginning at an iron pin monument at the
intersection of the centerline of East 9th
Street (99 feet wide) with the centerline of
relocated Erieside Avenue, N.E., (70 feet
wide) at Cleveland Regional Geodetic Survey
Grid System, (CRGS) coordinates N92,679.734,
E86,085.955;

Thence south 56°–06′–52″ west on the cen-
terline of relocated Erieside Avenue, N.E., a
distance of 89.50 feet to a drill hole set;

Thence north 33°–53′–08″ west a distance of
35.00 feet to a drill hole set on the north-
westernly right-of-way line of relocated
Erieside Avenue, N.E., said point being the
true place of beginning of the parcel herein
described.

Thence south 56°–06′–52″ west on the north-
westernly right-of-way line of relocated
Erieside Avenue, N.E., a distance of 23.39 feet
to a % inch re-bar set;

Thence southwesterly on the northwesternly
right-of-way line of relocated Erieside Avenue, N.E., along the arc of a curve to the
left with a radius of 335.00 feet, and whose
chord bears south 42°–36′–52″ west 157.87 feet,
an arc distance of 157.87 feet to a % inch re-
bar set;

Thence south 29°–06′–52″ west on the north-
westernly right-of-way line of relocated
Erieside Avenue, N.E., along the arc of a curve to the
right with a radius of 665.00 feet, and whose
chord bears south 32°–22′–08″ west 75.50 feet,
an arc distance of 75.54 feet to a % inch re-
bar set;

Thence north 33°–53′–08″ west a distance of
279.31 feet to a drill hole set;
Thence south 56° 06′–52″ west a distance of 37.89 feet to a drill hole set;

Thence north 33° 53′–08″ west a distance of 127.28 feet to a point;

Thence north 11° 06′–52″ east a distance of 220.00 feet to a point;

Thence south 78° 53′–08″ east a distance of 150.00 feet to a drill hole set;

Thence north 11° 06′–52″ east a distance of 32.99 feet to a drill hole set;

Thence north 33° 53′–08″ east a distance of 403.96 feet to a drill hole set;

Thence north 56° 06′–52″ east a distance of 140.36 feet to a drill hole set on the southwesterly right-of-way line of East 9th Street;

Thence south 33° 53′–08″ east on the southwesterly right-of-way line of East 9th Street a distance of 368.79 feet to a drill hole set;

Thence southwesterly along the arc of a curve to the right with a radius of 40.00 feet, and whose chord bears south 11° 06′–52″ west 56.57 feet, an arc distance of 62.83 feet to the true place of beginning containing 174,764 square feet (4.012 acres) more or less.

(e) Limits on applicability; regulatory requirements

The declaration under subsection (d) shall apply only to those parts of the areas described in subsection (d) which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations, including sections 401 and 404 of this title, section 1941 of this title, and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(f) Expiration date

If 20 years from December 18, 1991, any area or part thereof described in subsection (d) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (e) of this section, or if work in connection with any activity permitted in subsection (e) is not commenced within 5 years after issuance of such permit, then the declaration of nonnavigability for such area or part thereof shall expire.

§59ee–1. Declaration of nonnavigability for portion of Sacramento Deep Water Ship Channel

All waters within such portion of the project are declared to be nonnavigable waters of the United States solely for the purposes of the General Bridge Act of 1946 (33 U.S.C. 525 et seq.) and section 401 of this title.

Editorial Notes

References in Text

The General Bridge Act of 1946, referred to in text, is title V of act Aug. 2, 1946, ch. 753, 60 Stat. 847, as amended, which is classified generally to subchapter III (§525 et seq.) of chapter 11 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 525 of this title and Tables.

Codification

Section is comprised of the last sentence of section 347(a)(2) of Pub. L. 106–541.

§59ff. Declaration of nonnavigability for portions of Pelican Island, Texas

(a) Descriptions of nonnavigable areas

Subject to the provisions of subsections (b), (c), and (d) of this section, those portions of Pelican Island, Texas, which are not submerged and which are within the following property descriptions, are declared to be nonnavigable waters of the United States:

(1) to (5) Omitted.

(b) Exceptions

Notwithstanding the declaration under subsection (a), the following portions of Pelican Is-
land, Texas, within those lands described in subsection (a) shall remain navigable waters of the United States:

(1) to (3) Omitted.

(c) Requirement that areas be improved

The declaration under subsection (a) shall apply only to those parts of the areas described in subsection (a) of this section and not described in subsection (b) of this section which are or will be bulkheaded and filled or otherwise occupied by permanent structures or other permanent physical improvements, including marina facilities. All such work is subject to applicable Federal statutes and regulations, including sections 401 and 403 of this title, section 1344 of this title and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(d) Expiration

If, 20 years from December 19, 1991, any area or part thereof described in subsection (a) of this section and not described in subsection (b) of this section is not bulkheaded or filled or occupied by permanent structures or other permanent physical improvements, including marina facilities, in accordance with the requirements set out in subsection (c) of this section, or if work is not commenced within five years after issuance of any permits required to be obtained under subsection (c), then the declaration of nonnavigability for such area or part thereof shall expire.

CODIFICATION

The text of the boundary descriptions contained in pars. (1) to (8) of subsec. (a) and pars. (1) to (3) of subsec. (b), which is not set out in the Code, appears at 105 Stat. 2228 to 2231.

§ 59gg. Declaration of nonnavigability for portions of Cuyahoga County, Ohio

(a) Area to be declared nonnavigable; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects to be undertaken within the boundaries in the portions of the county of Cuyahoga, Ohio, described as follows, are not in the public interest, the portions of such county, bounded and described as follows, are declared to be nonnavigable waters of the United States:

Situated in the city of Cleveland, county of Cuyahoga, and State of Ohio, TTN, R13W, and known as being a part of original two acre lots numbers 16, 17, 18, 19, and 20 and the northerly extensions thereof, and being more fully described as follows:

Beginning at the intersection of the centerline of East 9th Street (99 feet wide) with the centerline of Relocated Erieside Avenue, N.E., a distance of 112.89 feet to a point; thence north 33 degrees 53 minutes 08 seconds west a distance of 35.00 feet to a %-inch rebar on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E.; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the left, with a radius of 335.00 feet and whose chord bears south 42 degrees 36 minutes 52 seconds west 156.41 feet, an arc distance of 157.67 feet to a %-inch rebar; thence south 29 degrees 06 minutes 52 seconds west on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., a distance of 119.39 feet to a %-inch rebar; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the right, with a radius of 665.00 feet and whose chord bears south 39 degrees, 49 minutes 33 seconds west 247.19 feet, an arc distance of 248.64 feet to a %-inch rebar and the true place of beginning of the parcel herein described; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the right, with a radius of 665.00 feet and whose chord bears south 53 degrees, 17 minutes 33 seconds west 24.95 feet, an arc distance of 25.01 feet to a %-rebar set; thence south 50 degrees 03 minutes 30 seconds west 64.05 feet, an arc distance of 64.06 feet to a %-rebar set; thence south 50 degrees 03 minutes 30 seconds west 42 seconds west 374.09 feet, an arc distance of 415.31 feet to a drill hole set; thence north 34 degrees 08 minutes 55 seconds west 55 seconds west on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., a distance of 583.30 feet to a %-inch rebar set; thence northwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the right, with a radius of 265.00 feet and whose chord bears north 79 degrees 02 minutes 02 seconds west 64.06 feet, an arc distance of 74.85 feet to a %-rebar set; thence north 50 degrees 08 minutes 52 seconds west 24.95 feet, an arc distance of 25.01 feet to a drill hole set on the southerly right-of-way line of former Erieside Avenue, as vacated by city of Cleveland Ordinance No. 1100–87, passed June 16, 1987; thence northwesterly on the former right-of-way line along the arc of a curve to the right, with a radius of 515.00 feet and whose chord bears north 53 degrees 36 minutes 18 seconds east 136.45 feet, an arc distance of 136.85 feet to a %-inch rebar set; thence north 86 degrees 13 minutes 04 seconds west 55 seconds west on said former right-of-way line a distance of 294.57 feet to a %-inch rebar set; thence north 52 degrees 57 minutes 23 seconds east on said former right-of-way line a distance of 56.98 feet to a %-inch rebar set; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., a distance of 112.89 feet to a point; thence north 33 degrees 53 minutes 08 seconds west a distance of 35.00 feet to a %-inch rebar set; thence south 29 degrees 06 minutes 52 seconds west on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., a distance of 119.39 feet to a %-inch rebar; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the left, with a radius of 335.00 feet and whose chord bears south 42 degrees 36 minutes 52 seconds west 156.41 feet, an arc distance of 157.67 feet to a %-inch rebar; thence south 29 degrees 06 minutes 52 seconds west on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., a distance of 119.39 feet to a %-inch rebar; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the right, with a radius of 665.00 feet and whose chord bears south 39 degrees, 49 minutes 33 seconds west 247.19 feet, an arc distance of 248.64 feet to a %-inch rebar and the true place of beginning of the parcel herein described; thence southwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the right, with a radius of 665.00 feet and whose chord bears south 53 degrees, 17 minutes 33 seconds west 24.95 feet, an arc distance of 25.01 feet to a %-rebar set; thence south 50 degrees 03 minutes 30 seconds west 64.05 feet, an arc distance of 64.06 feet to a %-rebar set; thence south 50 degrees 03 minutes 30 seconds west 42 seconds west 374.09 feet, an arc distance of 415.31 feet to a drill hole set; thence north 34 degrees 08 minutes 55 seconds west 55 seconds west on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., a distance of 583.30 feet to a %-inch rebar set; thence northwesterly on the northwesterly right-of-way line of Relocated Erieside Avenue, N.E., along the arc of a curve to the right, with a radius of 265.00 feet and whose chord bears north 79 degrees 02 minutes 02 seconds west 64.06 feet, an arc distance of 74.85 feet to a %-rebar set; thence north 50 degrees 08 minutes 52 seconds west 24.95 feet, an arc distance of 25.01 feet to a drill hole set on the southerly right-of-way line of former Erieside Avenue, as vacated by city of Cleveland Ordinance No. 1100–87, passed June 16, 1987; thence northwesterly on the former right-of-way line along the arc of a curve to the right, with a radius of 515.00 feet and whose chord bears north 53 degrees 36 minutes 18 seconds east 136.45 feet, an arc distance of 136.85 feet to a %-inch rebar set; thence north 86 degrees 13 minutes 04 seconds west 55 seconds west on said former right-of-way line a distance of 294.57 feet to a %-inch rebar set; thence north 52 degrees 57 minutes 23 seconds east on said former right-of-way line a distance of 56.98 feet to a %-inch rebar set; thence south 33 degrees 53 minutes 08 seconds east a distance of 244.65 feet to a %-inch rebar set;
thence south 78 degrees 53 minutes 08 seconds east a distance of 165.04 feet to a %-inch rebar set; thence north 56 degrees 06 minutes 52 seconds east a distance of 70.75 feet to a %-inch rebar set; thence south 33 degrees 33 minutes 08 seconds east a distance of 374.74 feet to the true place of beginning containing 325,706 square feet (7.477 acres) more or less.

(b) Limits on applicability; regulatory requirements

The declaration under subsection (a) shall apply to those parts of the areas described in subsection (a) which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations, including sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(c) Expiration date

If, 20 years from October 31, 1992, any area or part thereof described in subsection (a) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set forth in subsection (b), or if work in connection with any activity permitted in subsection (b) is not commenced within 5 years after issuance of such permits, then the declaration of nonnavigability for such area or part thereof shall expire.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 3 of Pub. L. 102–580, set out as a note under section 2201 of this title.

§ 59hh. Declaration of nonnavigability for portion of Pelican Island, Texas

(a) In general

The Secretary of the Army is authorized to convey to the City1 of Galveston, Texas, fee simple absolute title to all or any part of a parcel of land containing approximately 665 acres known as the San Jacinto Disposal Area located on the east end of Galveston Island, Texas, in the W.A.A. Wallace Survey, A–647 and A–648, City1 of Galveston, Galveston County, Texas, being part of the old Fort San Jacinto site, at the fair market value of such parcel to be determined in accordance with the provisions of subsection (d). Such conveyance shall only be made by the Secretary of the Army upon the agree-ment of the Secretary and the City1 as to all compensation due herein.

(b) Compensation for conveyance

(1) In general

Upon receipt of compensation from the city of Galveston, the Secretary shall convey the parcel, or any part of the parcel, as described in subsection (a).

(2) Full parcel

If the full 605-acre parcel is conveyed, the compensation shall be:

(A) conveyance to the Department of the Army of fee simple absolute title to a parcel of land containing approximately 564 acres on Pelican Island, Texas, in the Eneas Smith Survey, A–190, Pelican Island, city of Galveston, Galveston County, Texas, adjacent to property currently owned by the United States, with the fair market value of the parcel being determined in accordance with subsection (d); and

(B) payment to the United States of an amount equal to the difference between the fair market value of the parcel to be conveyed under subsection (a) and the fair market value of the parcel to be conveyed under subparagraph (A).

(3) Partial parcel

If the conveyance is 125 acres or less, compensation shall be an amount equal to the fair market value of the parcel to be conveyed, with the fair market value of the parcel being determined in accordance with subsection (d).

(c) Disposition of spoil

Costs of maintaining the Galveston Harbor and Channel will continue to be governed by the Local Cooperation Agreement (LCA) between the United States of America and the City1 of Galveston dated October 18, 1973, as amended. Upon conveyance of the parcel, or any part of the parcel, described in subsection (a), the Department of the Army shall be compensated directly for the present value of the total costs to the Department for disposal of dredge material and site preparation pursuant to the LCA, if any,2 in excess of the present value of the total costs that would have been incurred if this conveyance had not been made.

(d) Determination of fair market value

The fair market value of the land to be conveyed pursuant to subsections (a) and (b) shall be determined by independent appraisers using the market value method.

(e) Navigational servitude

(1) Declaration of nonnavigability; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects to be undertaken within the parcel described in subsection (a) are not in the public interest, then, subject to paragraphs (2) and (3), such parcel is declared to be nonnavigable waters of the United States.

1So in original. Probably should not be capitalized.
2So in original.
(2) Limits on applicability; regulatory requirements

The declaration under paragraph (1) shall apply only to those parts of the parcel described in subsection (a) which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All work is subject to all applicable Federal statutes and regulations including, but not limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(3) Expiration date

If, 20 years after October 28, 1993, any area or part thereof described in subsection (a) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in paragraph (2), or if work in connection with any activity permitted in paragraph (2) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire.

(f) Survey and study

The 605-acre parcel and the 564-acre parcel shall be surveyed and further legally described in accordance with the requirements set out in paragraph (2), or if work in connection with any activity permitted in paragraph (2) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire.

(ii) Definitions

(1) The canal known as the James River and Kanawha Canal in Richmond, Virginia

(a) Canal declared nonnavigable

The portion of the canal known as the James River and Kanawha Canal in Richmond, Virginia, located between the Great Ship Lock on the east and the limits of the City of Richmond on the west is hereby declared to be a nonnavigable waterway of the United States for purposes of subtitle II of title 46.

(b) Ensuring public safety

The Secretary of Transportation shall provide such technical advice, information, and assistance as the City of Richmond, Virginia, or its designee may request to insure that the vessels operating on the waters declared nonnavigable by subsection (a) are built, maintained, and operated in a manner consistent with protecting public safety.

(c) Termination of declaration

(1) In general

The Secretary of Transportation may terminate the effectiveness of the declaration made by subsection (a) by publishing a determination that vessels operating on the waters declared nonnavigable by subsection (a) have not been built, maintained, and operated in a manner consistent with protecting public safety.

(2) Public input

Before making a determination under this subsection, the Secretary of Transportation shall—

(A) consult with appropriate State and local government officials regarding whether such a determination is necessary to protect public safety and will serve the public interest; and

(B) provide to persons who might be adversely affected by the determination the opportunity for comment and a hearing on whether such action is necessary to protect public safety and will serve the public interest.

Statutory Notes and Related Subsidiaries

Findings

Pub. L. 106–32, § 1, June 1, 1999, 113 Stat. 115, provided that: "The Congress finds the following:"

"(1) The canal known as the James River and Kanawha Canal played an important part in the economic development of the Commonwealth of Virginia and the City of Richmond.

"(2) The canal ceased to operate as a functioning waterway in the conduct of commerce in the late 1800s.

"(3) Portions of the canal have been found by a Federal district court to be nonnavigable.

"(4) The restored portion of the canal will be utilized to provide entertainment and education to visitors and will play an important part in the economic development of downtown Richmond.

"(5) The restored portion of the canal will not be utilized for general public boating, and will be re-
§ 59jj  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 30

Stricted to activities similar to those conducted on similar waters in San Antonio, Texas.

"(6) The continued classification of the canal as a navigable waterway based upon historic usage that ceased more than 100 years ago does not serve the public interest and is unnecessary to protect public safety.

"(7) Congressional action is required to clarify that the canal is no longer to be considered a navigable waterway for purposes of subtitle II of title 46, United States Code."

§ 59jj. Designation of nonnavigability for portions of Gloucester County, New Jersey

(a) Designation

(1) In general

The Secretary of the Army (referred to in section 1 as the "Secretary") shall designate as nonnavigable the areas described in paragraph (3) unless the Secretary, after consultation with local and regional public officials (including local and regional planning organizations), makes a determination that 1 or more projects proposed to be carried out in 1 or more areas described in paragraph (2) are not in the public interest.

(2) Description of areas

The areas referred to in paragraph (1) are certain parcels of property situated in the West Deptford Township, Gloucester County, New Jersey, as depicted on Tax Assessment Map #26, Block #328, Lots #1, 1,03, 1,08, and 1,09, more fully described as follows:

(A) Beginning at the point in the easterly line of Church Street (49.50 feet wide), said beginning point being the following 2 courses from the intersection of the centerline of Church Street with the curved northerly right-of-way line of Pennsylvania-Reading Seashore Lines Railroad (66.00 feet wide):

(i) along said centerline of Church Street N. 11°28′50″ E. 1,052.14 feet; thence (ii) crossing Church Street, N. 34°19′51″ W. 1,590.16 feet; thence

(iii) N. 27°56′37″ W. 3,674.36 feet; thence (iv) N. 35°33′54″ W. 975.59 feet; thence (v) N. 57°04′39″ W. 481.04 feet; thence (vi) N. 36°22′55″ W. 870.00 feet to a point in the Pierhead and Bulkhead Line along the Southeasterly shore of the Delaware River; thence

(vii) along the same line N. 53°37′05″ E. 1,256.19 feet; thence (viii) still along the same, N. 86°10′29″ E. 1,692.61 feet; thence, still along the same the following thirteen courses (ix) S. 67°44′20″ E. 1,090.00 feet to a point in the Pierhead and Bulkhead Line along the Southeasterly shore of Woodbury Creek; thence

(x) S. 39°44′20″ E. 507.10 feet; thence (xi) S. 31°01′38″ E. 1,062.95 feet; thence (xii) S. 34°34′20″ E. 475.00 feet; thence (xiii) S. 32°20′28″ E. 254.18 feet; thence (xiv) S. 52°55′49″ E. 964.95 feet; thence (xv) S. 56°24′40″ E. 366.60 feet; thence (xvi) S. 80°31′50″ E. 100.51 feet; thence (xvii) N. 75°30′00″ E. 120.00 feet; thence (xviii) N. 53°09′00″ E. 486.50 feet; thence (xix) N. 81°18′00″ E. 132.00 feet; thence (xx) S. 56°35′00″ E. 115.11 feet; thence (xxi) S. 42°00′00″ E. 271.00 feet; thence (xxii) S. 48°30′00″ E. 287.13 feet to a point in the Northwesterly line of Grove Avenue (59.75 feet wide); thence (xxiii) S. 22°05′50″ W. 412.49 feet; thence (xxiv) N. 66°50′10″ W. 251.78 feet; thence (xxv) S. 36°05′20″ E. 228.64 feet; thence (xxvi) S. 58°33′00″ W. 1,158.36 feet to a point in the Southwesterly line of said River Lane; thence (xxvii) S. 41°31′35″ E. 113.50 feet; thence (xxviii) S. 61°28′35″ W. 863.52 feet to the point of beginning.

(i) Except as provided in clause (i), beginning at a point in the centerline of Church Street (49.50 feet wide) where the same is intersected by the curved northerly line of Pennsylvania-Reading Seashore Lines Railroad right-of-way (66.00 feet wide), along that Railroad, on a curve to the left, having a radius of 1465.69 feet, an arc distance of 1132.14 feet—

(I) N. 88°45′47″ W. 1,104.21 feet; thence (II) S. 69°06′30″ W. 1,758.95 feet; thence (III) N. 23°04′43″ W. 660.19 feet; thence (IV) N. 19°15′32″ W. 3,004.57 feet; thence (V) N. 44°52′11″ W. 897.74 feet; thence (VI) N. 32°26′05″ W. 2,765.59 feet to a point in the Pierhead and Bulkhead Line along the Southeasterly shore of the Delaware River; thence (VII) N. 53°37′05″ E. 2,770.00 feet; thence (VIII) S. 36°22′55″ E. 870.00 feet; thence (IX) S. 57°04′39″ E. 481.04 feet; thence (X) S. 35°33′34″ E. 975.59 feet; thence (XI) S. 27°56′37″ E. 1,674.36 feet; thence (XII) crossing Church Street, S. 34°19′51″ E. 1,590.16 feet to a point in the easterly line of Church Street; thence (XIII) S. 11°28′50″ W. 1,052.14 feet; thence (XIV) S. 61°28′35″ W. 32.31 feet; thence (XV) S. 11°28′50″ W. 38.56 feet to the point of beginning.

(ii) The parcel described in clause (i) does not include the parcel beginning at the point in the centerline of Church Street (49.50 feet wide), that point being N. 11°28′50″ E. 796.36 feet, measured along the centerline, from its intersection with the curved northerly right-of-way line of Pennsylvania-Reading Seashore Lines Railroad (66.00 feet wide)—

(I) N. 76°27′40″ W. 118.47 feet; thence (II) N. 55°48′40″ W. 120.51 feet; thence (III) N. 77°53′00″ E. 189.58 feet to a point in the centerline of Church Street; thence (IV) S. 11°28′50″ W. 183.10 feet to the point of beginning.

2So in original. Probably should be paragraph “(2)”.

3So in original. Probably should be “aforementioned”. 
§ 59mm. Coalbank Slough deemed not navigable waters of the United States for certain purposes

The Coalbank Slough in Coos Bay, Oregon, is deemed not to be navigable waters of the United States for all purposes of subchapter J of chapter 1 of title 33, Code of Federal Regulations.

CHAPTER 2—INTERNATIONAL RULES FOR NAVIGATION AT SEA

Section 61, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 320; Feb. 19, 1895, ch. 102, § 1, 28 Stat. 827; June 7, 1897, ch. 4, § 1, 30 Stat. 96, related to adoption of rules for navigation on high seas. See section 1602 of this title.

Section 62, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 320, 321, defined "sailing vessel", "steam vessel", and "under way". See section 1601 of this title.

Section 63, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 321, defined "visible".

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Section 5 of act Oct. 11, 1951, provided that the repeal of these sections is effective upon the taking effect of regulations proclaimed under section 1 of act Oct. 11, 1951. Such regulations were proclaimed by Proc. No. 3030 of Aug. 1, 1953, 18 F.R. 4983, and were to be effective Jan. 1, 1954.

Section 71, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 321, provided that rules concerning lights be complied with from sunset to sunrise.

Section 72, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 321, related to lights of vessel towing another vessel or vessels.

Section 73, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 321, related to lights of vessel towing another vessel or vessels.

Section 74, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 322, related to lights and day signals of vessel not under control and of telegraph cable vessels.

Section 75, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 322, related to lights of sailing vessel under way and of vessel in tow.

Section 76, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 322, related to lights of small vessel under way in bad weather.

Section 77, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 322; May 28, 1894, ch. 83, 26 Stat. 82, related to substitute lights for small vessel and rowing boats.

Section 78, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 323; Feb. 19, 1900, ch. 22, § 1, 31 Stat. 31, related to lights of pilot vessel on and off duty, and steam pilot vessel.

Section 79, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 323; May 28, 1894, ch. 83, 26 Stat. 82; Jan. 19, 1907, ch. 300, § 1, 34 Stat. 850, related to lights and day signals of fishing vessels and boats.

Section 80, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 324, related to lights on overtaken vessel.

Section 81, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 324, related to lights on vessel at anchor or aground.

Section 82, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 325, authorized additional lights and signals when necessary.

Section 83, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 325, related to special lights for ships of war and recognition signals.

Section 84, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 325, related to day signal of steam vessel under sail.

Effective Date of Repeal

Repeal effective Jan. 1, 1954, see note set out under sections 61 to 63 of this title.

Section 101, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 326, provided suggestion for ascertainment of risk of collision.

Section 102, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 326, related to sailing vessels approaching one another.

Section 103, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 326, related to steam vessels meeting end on.

Section 104, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to steam vessels meeting.

Section 105, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to steam vessels crossing.

Section 106, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327; May 28, 1894, ch. 83, 26 Stat. 83, provided that vessel having the right-of-way keep course.

Section 107, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to crossing ahead of vessel having right-of-way.

Section 108, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to duty of steam vessel to slacken speed.

Section 109, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, provided that overtaking vessel keep out of the way of the overtaken vessel, defined "overtaken vessel".

Section 110, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to steam vessel in narrow channel.

Section 111, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to right of way of fishing vessels or boats, and obstruction of fairways.

Section 112, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 327, related to special circumstances requiring departure from rules.

Section 113, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 328, related to sound signals of steam vessel indicating course.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective Jan. 1, 1954, see note set out under sections 61 to 63 of this title.

Section, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 328, related to additional precautions.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective Jan. 1, 1954, see note set out under sections 61 to 63 of this title.

Section, act Aug. 19, 1890, ch. 802, § 1, 26 Stat. 328, related to local rules for harbors and inland waters.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective Jan. 1, 1954, see note set out under sections 61 to 63 of this title.

Section, acts Aug. 19, 1890, ch. 802, § 1, 26 Stat. 328; May 28, 1894, ch. 83, 26 Stat. 83, related to distress signals.
Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective Jan. 1, 1954, see note set out under sections 61 to 63 of this title.

Section, act Aug. 19, 1890, ch. 802, § 1, as added Aug. 21, 1935, ch. 586, § 1, 49 Stat. 688, related to orders to helmsmen.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective Jan. 1, 1954, see note set out under sections 61 to 63 of this title.

Section 143, act Oct. 11, 1951, ch. 495, § 1, 65 Stat. 406, related to adoption of rules for prevention of collisions on the high seas, and to their geographical applicability.

Section 143a, act Oct. 11, 1951, ch. 495, § 2, 65 Stat. 407, provided that Navy and Coast Guard be exempt from the requirements of the rules.

Section 143b, act Oct. 11, 1951, ch. 495, § 6, 65 Stat. 408, related to identity of regulations authorized to be proclaimed.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Executive Documents

Proclamation No. 3030

Proc. No. 3030, Aug. 19, 1953, 18 F.R. 4983, which was the enabling proclamation for adopting Regulations for Preventing Collisions at Sea, 1948, under act Oct. 11, 1951, ch. 495, § 1, 65 Stat. 406, was superseded by Proc. No. 3632, Dec. 29, 1964, 29 F.R. 19167, and set out as a note under section 1051 of this title.

Executive Order No. 1042

Section, act Oct. 11, 1951, ch. 495, § 6, Pt. A, 65 Stat. 408, related to applicability of sections 144 to 147d of this title, provided that rules concerning lights be complied with from sunset to sunrise, and defined terms used in sections 145 to 147d of this title.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Section 145a, act Oct. 11, 1951, ch. 495, § 6, Pt. B, 65 Stat. 410, related to lights of vessel or seaplane towing or pushing other vessels or seaplanes.

Section 145b, act Oct. 11, 1951, ch. 495, § 6, Pt. B, 65 Stat. 410, related to lights and day signals of vessel not under command and of vessels engaged in specified operations.

Section 145c, act Oct. 11, 1951, ch. 495, § 6, Pt. B, 65 Stat. 411, related to lights of sailing vessel under way and of vessel or seaplane in tow and of vessels being pushed ahead.

Section 145k, act Oct. 11, 1951, ch. 495, § 6, Pt. B, 65 Stat. 415, related to special lights for ships of war, for vessels sailing under convoy and for seaplanes on the water, recognition signals adopted by shipowners, and lights of naval and military vessels and seaplanes of special construction.

Section 145m, act Oct. 11, 1951, ch. 495, § 6, Pt. B, 65 Stat. 415, related to sound signals under conditions of restricted visibility.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Section 146, act Oct. 11, 1951, ch. 495, § 6, Pt. C, 65 Stat. 417, provided methods of obeying and construing sections 146 to 146k, suggestion for ascertainment of risk of collision, and advice concerning the operation of seaplanes.

Section 146b, act Oct. 11, 1951, ch. 495, § 6, Pt. C, 65 Stat. 417, related to power-driven vessels meeting end on.

Section 146c, act Oct. 11, 1951, ch. 495, § 6, Pt. C, 65 Stat. 418, related to power-driven vessels crossing.

Section 146d, act Oct. 11, 1951, ch. 495, § 6, Pt. C, 65 Stat. 418, related to vessels or seaplanes meeting.

Section 146e, act Oct. 11, 1951, ch. 495, § 6, Pt. C, 65 Stat. 418, related to the course of vessels having the right of way, and the duty in siding to avert collision.

Section 146g, act Oct. 11, 1951, ch. 495, § 6, Pt. C, 65 Stat. 418, related to duty of power-driven vessel to slacken speed.
§§ 147 to 147d

SUBCHAPTER I—PRELIMINARY

§ 151. High seas and inland waters demarcation lines

(a) Establishment and purpose

The Secretary of the department in which the Coast Guard is operating shall establish appropriate identifiable demarcation lines dividing the high seas from harbors, rivers, and other inland waters of the United States, for the purpose of determining the applicability of special navigational rules in lieu of the International Regulations for Preventing Collisions at Sea.

(b) Applicability of other statutes; limitation; position

The Secretary shall also establish appropriate identifiable lines dividing inland waters of the United States from the high seas for the purpose of determining the applicability of each statute that refers to this section or this section, as amended. These lines may not be located more than twelve nautical miles seaward of the baseline from which the territorial sea is measured. These lines may differ in position for the purposes of different statutes.

(c) "United States" defined

For the purposes of this section, the term "United States" includes the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and any other Commonwealth, territory, or possession of the United States.

Editorial Notes

REFERENCES IN TEXT

The International Regulations for Preventing Collisions at Sea, referred to in subsec. (a), came into effect pursuant to the Convention on the International Regulations for Preventing Collisions at Sea, 1972. See International Regulations for Preventing Collisions at Sea, 1972 note under section 1602 of this title.

CROSS REFERENCE

Section was not enacted as part of act June 7, 1897, ch. 4, 30 Stat. 96, which comprises a major part of this chapter.

Amendments

1980—Subsec. (a). Pub. L. 96–324 designated existing provisions as subsec. (a), substituted provision authorizing the Secretary of the Department in which the Coast Guard is operating to establish demarcation lines for provision authorizing the Secretary of the Treasury to establish demarcation lines, and inserted provision specifying the purpose of establishing demarcation lines as determining the applicability of special navigational rules in lieu of the International Regulations for Preventing Collisions at Sea.

Pub. L. 96–324 added subsec. (c).
§ 152. Regulation of length of towlines

The Commandant of the Coast Guard shall prepare regulations limiting the length of hawsers between towing vessels and seagoing barges in tow and the length of such tows within any of the inland waters of the United States designated and defined from time to time pursuant to section 151 of this title, and such regulations shall have the force of law.

Editorial Notes

Codification

Section was not enacted as part of act June 7, 1897, ch. 4, 30 Stat. 96, which comprises a major part of this chapter.

Statutory Notes and Related Subsidiaries

Transfer of Functions

“Commandant of the Coast Guard” substituted in text for provision that the Chairman of the Light House Board, the Supervising Inspector General of the Steamboat Inspection Service and the Commissioner of Navigation shall convene as a board to prepare regulations, and for approval of the regulations by the Secretary of Commerce and Labor.

Sections 4 and 6 of act June 17, 1910, established in Department of Commerce and Labor a Bureau of Lighthouses with a Commissioner of Lighthouses as its head, and transferred duties of Light House Board to such Commissioner. Said sections 4 and 6 were repealed by section 20 of act Aug. 4, 1949, section 1 of which reestablished Coast Guard by enacting Title 14, Coast Guard. Section 2(a) of Reorg. Plan No. II, of 1939, set out in the Appendix to Title 5, Government Organization and Employees, consolidated Bureau of Lighthouses with Coast Guard, the Chief of which is Commandant of the Coast Guard.

Supervising Inspector General of the Steamboat Inspection Service and Commissioner of Navigation of Bureau of Navigation were affected by Secretary’s authority to retain or dismiss officers and employees upon consolidation of bureaus under section 502(b) of act June 30, 1932.

Steamboat Inspection Service and Bureau of Navigation consolidated into Bureau of Navigation and Steamboat Inspection to be under direction of a chief of bureau by section 501 of act June 30, 1932.

Director of the Bureau of Navigation and Steamboat Inspection was designation given to chief of such Bureau by Secretary of Commerce under section 562(b) of act June 30, 1932.

Bureau of Marine Inspection and Navigation was designation given to Bureau of Navigation and Steamboat Inspection by act May 27, 1936.

Functions of Secretary of Commerce and Director of Bureau of Marine Inspection and Navigation under this section transferred to Commandant of the Coast Guard by Reorg. Plan No. 3 of 1946, §§ 101 to 104, set out in the Appendix to Title 5.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Termination of Trust Territory of the Pacific Islands

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

Executive Documents

Statutory Notes and Related Subsidiaries

Transfer of Functions

Title 33—Navigation and Navigable Waters

Chapter 1—General

Section 153. Penalty for use of unlawful towline

The master of the towing vessel shall be liable to the suspension or revocation of his license for any willful violation of regulations issued pursuant to section 152 of this title in the manner prescribed for incompetency, misconduct, or unskillfulness.

(May 28, 1908, ch. 212, § 15, 35 Stat. 429.)

Editorial Notes

Codification

Section was not enacted as part of act June 7, 1897, ch. 4, 30 Stat. 96, which comprises a major part of this chapter.

Section, acts June 7, 1897, ch. 4, § 1, 30 Stat. 96; May 21, 1948, ch. 328, § 1, 62 Stat. 249; Aug. 8, 1953, ch. 386, § 1, 67 Stat. 497, provided for adoption of rules of navigation of harbors, rivers, and inland waters.

Editorial Notes

CODIFICATION

Prior rules for preventing collision prescribed by R.S. § 2325 to be followed by vessels of the Navy and mercantile marine of the United States, applicable originally to all waters, were superseded as to navigation on the high seas and waters connected therewith by the International Rules (act Aug. 19, 1890, ch. 802 [sec. 61 et seq. of this title]) were superseded as to navigation on the Great Lakes and their connecting and tributary waters as far east as Montreal, by act Feb. 8, 1895, ch. 64 (section 241 et seq. of this title); were adopted as special rules for the navigation of harbors, rivers, and inland waters of the United States, except the Great Lakes and their connecting and tributary waters as far east as Montreal by act of Feb. 19, 1895, ch. 102 (see section 303 et seq. of this title); and were superseded by act June 7, 1897, ch. 4, as to navigation of all harbors, rivers, and inland waters of the United States except as specified in this paragraph, leaving them applicable solely to the Red River of the North and the rivers specified in this paragraph, leaving them applicable to special lights for ships of war and convoy. See section 2071 of this title.

Statutory Notes and Related Subsidiaries

SUBCHAPTER II—RULES CONCERNING LIGHTS, ETC.

Section 171, act June 7, 1897, ch. 4, § 1, 30 Stat. 96, made general provision for the application of rules regarding lights.

Section 172, act June 7, 1897, ch. 4, § 1, 30 Stat. 96, related to lights of steam vessels underway.

Section 174, acts June 7, 1897, ch. 4, § 1, 30 Stat. 97; Mar. 1, 1933, ch. 157, 47 Stat. 1417, related to lights of sailing vessels underway and vessels being towed.

Section 175, act June 7, 1897, ch. 4, § 1, 30 Stat. 97, related to lights of small vessels underway in bad weather.

Section 176, act June 7, 1897, ch. 4, § 1, 30 Stat. 98, related to lights of rowboats.

Section 177, acts June 7, 1897, ch. 4, § 1, 30 Stat. 98; Feb. 19, 1900, ch. 22, § 1, 31 Stat. 30, related to lights of pilot vessels on and off duty.

Section 181, act June 7, 1897, ch. 4, § 1, 30 Stat. 99, related to additional lights when necessary.

Section 182, act June 7, 1897, ch. 4, § 1, 30 Stat. 99, related to special lights for ships of war and convoy. See section 2071 of this title.

Section 183, act June 7, 1897, ch. 4, § 1, 30 Stat. 99, related to day signal of vessels under sail.

Statutory Notes and Related Subsidiaries

SUBCHAPTER III—SOUND SIGNALS FOR FOG, ETC.; SPEED

Section 192, act June 7, 1897, ch. 4, § 1, 30 Stat. 99, related to speed of vessels in fog, etc.

Statutory Notes and Related Subsidiaries

SUBCHAPTER IV—STEERING AND SAILING RULES AND SIGNALS

Section 201, act June 7, 1897, ch. 4, § 1, 30 Stat. 100, related to ascertaining of risk of collision.
Section 202, act June 7, 1897, ch. 4, §1, 30 Stat. 100, related to sailing vessels approaching one another.

Section 203, acts June 7, 1897, ch. 4, §1, 30 Stat. 100; Aug. 21, 1935, ch. 595, §§2, 49 Stat. 669, related to steam vessels approaching, meeting, or passing one another.

Section 204, act June 7, 1897, ch. 4, §1, 30 Stat. 101, related to steam vessels crossing.

Section 205, acts June 7, 1897, ch. 4, §1, 30 Stat. 101; Nov. 5, 1966, Pub. L. 89–764, §1, 80 Stat. 1313, related to steam and sailing vessels meeting.

Section 206, act June 7, 1897, ch. 4, §1, 30 Stat. 101, provided that vessel having the right of way was to keep course.

Section 207, act June 7, 1897, ch. 4, §1, 30 Stat. 101, related to situation when a vessel crosses ahead of a vessel having the right-of-way.

Section 208, act June 7, 1897, ch. 4, §1, 30 Stat. 101, related to duty of steam vessels to slacken speed.

Section 209, act June 7, 1897, ch. 4, §1, 30 Stat. 101, provided that an overtaking vessel keep out of the way and defined the term “overtaking vessel”.

Section 211, act June 7, 1897, ch. 4, §1, 30 Stat. 102, related to right of way of fishing vessels or boats.

Section 212, act June 7, 1897, ch. 4, §1, 30 Stat. 102, provided for departure from the rules in special circumstances.

Section 213, act June 7, 1897, ch. 4, §1, 30 Stat. 102, related to signal to be given that a vessel’s engines are going at full speed astern.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Subchapter V—No Vessel Under Any Circumstances To Neglect Proper Precautions

Section 221, act June 7, 1897, ch. 4, §1, 30 Stat. 102, related to usual additional precautions generally required.

Section 222, act June 7, 1897, ch. 4, §1, 30 Stat. 102, related to suspension of rules regarding the exhibition of lights on vessels of war or of the Coast Guard.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Subchapter VI—Distress Signals

Section, act June 7, 1897, ch. 4, §1, 30 Stat. 102, related to distress signals.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Subchapter VII—Orders

Section, act June 7, 1897, ch. 4, §1, as added Aug. 21, 1935, ch. 595, §2, 49 Stat. 669, related to orders to helm men.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Chapter 4—Navigation Rules for Great Lakes and Their Connecting and Tributary Waters

Editorial Notes

Codification

Prior rules for preventing collision prescribed by R.S. §4233 to be followed by vessels of the Navy and mercantile marine of the United States, applicable originally to all waters, were superseded as to navigation on the high seas and waters connected therewith by the International Rules (act Aug. 19, 1890, ch. 802 (sec. 61 et seq. of this title)) were superseded as to navigation on the Great Lakes and their connecting and tributary waters as far east as Montreal, by act Feb. 8, 1895, ch. 64 (section 241 et seq. of this title); were adopted as special rules for the navigation of harbors, rivers, and inland waters of the United States, except the Great Lakes and their connecting and tributary waters as far east as Montreal and the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries by act June 7, 1897, ch. 4, §1, 30 Stat. 96 (section 151 et seq. of this title), leaving them applicable solely to the Red River of the North and rivers emptying into the Gulf of Mexico.

Subchapter I—Preliminary

Section 242, acts Feb. 8, 1895, ch. 64, §1, 28 Stat. 645, defined “sailing vessel”, “steam vessel” and “under way”.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal
Repeal effective Mar. 1, 1933, pursuant to 47 F.R. 15135, Apr. 8, 1982, see section 7 of Pub. L. 96–591, set out as an Effective Date of 1980 Amendment note under section 1604 of this title.

Section 251, acts Feb. 8, 1895, ch. 64, § 1, 28 Stat. 645; May 17, 1928, ch. 600, 45 Stat. 592, related to time for lights and exclusivity of prescribed lights, and defined "visible".

Section 252, acts Feb. 8, 1895, ch. 64, § 1, 28 Stat. 645; May 17, 1928, ch. 600, 45 Stat. 592; Feb. 28, 1929, ch. 370, 45 Stat. 1405; May 9, 1932, ch. 175, § 1, 47 Stat. 152; Mar. 18, 1948, ch. 138, §§ 1–3, 62 Stat. 82, related to lights of steam vessels under way.

Section 253, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 646, related to lights of steam vessels having a tow other than a raft.

Section 254, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 646, related to lights of steam vessels having a raft in tow.

Section 255, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 646, related to lights of sailing vessels under way and vessels in tow.

Section 257, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 646, related to lights of small vessels under way in bad weather.

Section 259, acts Feb. 8, 1895, ch. 64, § 1, 28 Stat. 647; 1946 Reorg. Plan No. 3, §§ 101–104, eff. July 16, 1946, 11 F.R. 7875, 60 Stat. 1097, related to lights of produce boats, canal boats, etc., navigating by hand or horse power or by sail or by current, or at anchor.

Section 260, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 647, related to lights of open boats.

Section 261, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 647, related to use of torch by sailing vessels on approach of steamer.

Section 262, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 647, related to suspension of lights by vessels of war or Coast Guard vessels.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal
Repeal effective Mar. 1, 1983, pursuant to 47 F.R. 15135, Apr. 8, 1982, see section 7 of Pub. L. 96–591, set out as an Effective Date of 1980 Amendment note under section 1609 of this title.

SUBCHAPTER III—SOUND SIGNALS FOR FOG, ETC.; SPEED

Section 272, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 648, related to speed in fog, etc.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal
Repeal effective Mar. 1, 1983, pursuant to 47 F.R. 15135, Apr. 8, 1982, see section 7 of Pub. L. 96–591, set out as an Effective Date of 1980 Amendment note under section 1609 of this title.

SUBCHAPTER IV—STEERING AND SAILING RULES

Section 281, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to steering and sailing rules for vessels approaching one another.

Section 282, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to steam vessels meeting end on.

Section 283, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to steam vessels crossing.

Section 285, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to maintenance of course and speed by vessel having right-of-way.

Sections 286, acts Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to duty of steam vessel to slacken speed.

Section 287, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to duty of overtaking vessel to keep out of the way.

Section 288, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to whistle signals of steam vessels to indicate course.

Section 289, acts Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649; Nov. 5, 1966, Pub. L. 89–764, § 4, 80 Stat. 1313, related to right-of-way when steam vessels meet in narrow channels having current and certain rivers, etc.

Section 290, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to steam vessels passing in narrow channels and slackening speed when meeting in narrow channels.

Section 291, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to dissent to or misunderstanding of signal given and duty to reduce speed.

Section 292, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to departure from rules to avert immediate danger.

Section 293, act Feb. 8, 1895, ch. 64, § 1, 28 Stat. 649, related to usual additional precautions generally required.

SUBCHAPTER IV—STEERING AND SAILING RULES

Section 341, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 28 Stat. 672; Mar. 3, 1897, ch. 389, § 12, 29 Stat. 690; May 21, 1948, ch. 328, § 4, 62 Stat. 253, related to rate of speed in fog or bad weather conditions.

Section 341a, R.S. § 4233; May 21, 1948, ch. 328, § 4, 62 Stat. 254, related to ascertainment of risk of collision.

Section 342, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; Mar. 3, 1897, ch. 389, § 12, 29 Stat. 690; May 21, 1948, ch. 328, § 4, 62 Stat. 253, related to situation in which sailing vessels were approaching one another.

Section 343, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; May 21, 1948, ch. 328, § 4, 62 Stat. 254, related to steam vessels meeting end on.

Section 344, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; May 21, 1948, ch. 328, § 4, 62 Stat. 254, related to signals to be given in the situation where steam vessels are crossing.

Section 346, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; May 21, 1948, ch. 328, § 4, 62 Stat. 255, related to duty of steam vessels to slacken speed.

Section 347, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; May 21, 1948, ch. 328, § 4, 62 Stat. 255, related to duty of an overtaking vessel to keep out of the way.

Section 348, R.S. § 4233; Feb. 19, 1895, ch. 102, 28 Stat. 1313, related to signals.

Section 349, R.S. § 4233; Mar. 3, 1897, ch. 389, § 12, 29 Stat. 690; May 21, 1948, ch. 328, § 4, 62 Stat. 255, related to order to a vessel having the right of way to keep course.

Section 349a, R.S. § 4233, Rule 23(A), as added Pub. L. 89–764, § 5, 80 Stat. 1313, related to order to a vessel having the right of way to keep course.

Section 349b, R.S. § 4233, Rule 3(B), as added Pub. L. 89–764, § 5, 80 Stat. 1313, related to order that a vessel could not hamper safe passage of a large vessel or vessel in tow.

Section 349c, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; May 21, 1948, ch. 328, § 4, 62 Stat. 255, related to danger signals, responding signals, and additional signals.

Section 350, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; Mar. 3, 1897, ch. 389, § 11, 29 Stat. 690; May 21, 1948, ch. 328, § 4, 62 Stat. 255, related to departures from the rules to avoid collision.

Section 351, R.S. § 4233; Feb. 19, 1895, ch. 102, § 1, 26 Stat. 672; Mar. 3, 1897, ch. 389, § 11, 29 Stat. 690; May 21, 1948, ch. 328, § 4, 62 Stat. 256, related to usual additional precautions required.

SUBCHAPTER V—ORDERS

loss of vessels and provided penalty for failure to comply. See sections 6101, 6103 of Title 46.

Section 397, act Sept. 4, 1890, ch. 875, § 1, 26 Stat. 425, related to duty of master of a vessel in collision to give aid, and to give name of his vessel together with other information about his vessel. See sections 2303, 2304 of Title 46.

Section 398, act Sept. 4, 1890, ch. 875, § 2, 26 Stat. 425, set out penalties for failure to give aid as required by section 397 of this title. See sections 2303, 2304 of Title 46.

Act Sept. 4, 1890, ch. 875, § 3, 26 Stat. 425, which provided that sections 397 and 398 of this title were to take effect at a time to be fixed by President by proclamation (effective Dec. 15, 1890, by Presidential Proclamation of Nov. 18, 1890, 26 Stat. 1561), was repealed by Pub. L. 96-89, § 4(b), 97 Stat. 599.

CHAPTER 7—REGULATIONS FOR THE SUPPRESSION OF PIRACY

Sec. 381. Use of public vessels to suppress piracy.
382. Seizure of piratical vessels generally.
384. Condemnation of piratical vessels.
385. Seizure and condemnation of vessels fitted out for piracy.
386. Commissioning private vessels for seizure of piratical vessels.
387. Duties of officers of customs and marshals as to seizure.

§ 381. Use of public vessels to suppress piracy

The President is authorized to employ so many of the public armed vessels as in his judgment the service may require, with suitable instructions to the commanders thereof, in protecting the merchant vessels of the United States and their crews from piratical aggressions and depredations.

(R.S. § 4293.)

Editorial Notes

Codification

§ 382. Seizure of piratical vessels generally

The President is authorized to instruct the commanders of the public armed vessels of the United States to subdue, seize, take, and send into any port of the United States, any armed vessel or boat, or any vessel or boat, the crew whereof shall be armed, and which shall have attempted or committed any piratical aggression, search, restraint, depredation, or seizure, upon any vessel of the United States, or of the citizens thereof, or upon any other vessel; and also to retake any vessel of the United States, or its citizens, which may have been unlawfully captured upon the high seas.

(R.S. § 4294.)

Editorial Notes

Codification

§ 383. Resistance of pirates by merchant vessels

The commander and crew of any merchant vessel of the United States, owned wholly, or in part, by a citizen thereof, may oppose and defend against any aggression, search, restraint, depredation, or seizure, which shall be attempted upon such vessel, or upon any other vessel so owned, by the commander or crew of any armed vessel whatsoever, not being a public armed vessel of some nation in amity with the United States, and may subdue and capture the same; and may also retake any vessel so owned which may have been captured by the commander or crew of any such armed vessel, and send the same into any port of the United States.

(R.S. § 4295.)

Editorial Notes

Codification

§ 384. Condemnation of piratical vessels

Whenever any vessel, which shall have been built, purchased, fitted out in whole or in part, or held for the purpose of being employed in the commission of any piratical aggression, search, restraint, depredation, or seizure, or in the commission of any other act of piracy as defined by the law of nations, or from which any piratical aggression, search, restraint, depredation, or seizure shall have been first attempted or made, is captured and brought into or captured in any port of the United States, the same shall be adjudged and condemned to their use, and that of the captors after due process and trial in any court having admiralty jurisdiction, and which shall be held for the district into which such captured vessel shall be brought; and the same court shall thereupon order a sale and distribution thereof accordingly, and at its discretion.

(R.S. § 4296.)

Editorial Notes

Codification

§ 385. Seizure and condemnation of vessels fitted out for piracy

Any vessel built, purchased, fitted out in whole or in part, or held for the purpose of being employed in the commission of any piratical aggression, search, restraint, depredation, or seizure, or in the commission of any other act of piracy, as defined by the law of nations, shall be liable to be captured and brought into any port of the United States if found upon the high seas, or to be seized if found in any port or place within the United States, whether the same shall have actually sailed upon any piratical expedition or not, and whether any act of piracy shall have been committed or attempted upon or from such vessel or not; and any such vessel may be adjudged and condemned, if captured by a vessel authorized as mentioned in section 386 of this title to the use of the United States, and to that of the captors, and if seized by a collector, surveyor, or marshal, then to the use of the United States.

(R.S. § 4297.)

Editorial Notes

REFERENCES IN TEXT

Surveyor, referred to in text, is probably an obsolete office in view of act July 5, 1862, ch. 430, title I, § 1, 9 Stat. 584, which abolished the offices of surveyors of customs except at the Port of New York. Ports of delivery, except those which were made ports of entry, were abolished and the use of the term "port of delivery" was discontinued under the President's plan of reorganization of the customs service in view of act July 5, 1862, ch. 430, title I, § 1, 9 Stat. 584, which abolished the offices of surveyors of customs, except at the Port of New York. Ports of delivery, except those which were made ports of entry, were abolished and the use of the term "port of delivery" was discontinued under the President's plan of reorganization of the customs service communicated to Congress by message dated Mar. 3, 1913.

CODIFICATION

R.S. § 4297 derived from act Aug. 5, 1861, ch. 48, § 1, 12 Stat. 314.

Executive Documents

TRANSFER OF FUNCTIONS

All offices of collector of customs, comptroller of customs, surveyor of customs, and appraiser of merchandise in Bureau of Customs of Department of the Treasury to which appointments were required to be made by President with advice and consent of Senate ordered abolished with such offices to be terminated not later than December 31, 1966, by Reorg. Plan No. 1, of 1966, eff. May 25, 1965, 30 F.R. 7035, 79 Stat. 1317, set out in the Appendix to Title 5, Government Organization and Employees. All functions of offices eliminated were already vested in Secretary of the Treasury by Reorg. Plan No. 26 of 1950, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, set out in the Appendix to Title 5.

§ 386. Commissioning private vessels for seizure of piratical vessels

The President is authorized to instruct the commanders of the public-armed vessels of the United States, and to authorize the commanders of any other armed vessels sailing under the authority of any letters of marque and reprisal granted by Congress, or the commanders of any other suitable vessels, to subdue, seize, take, and, if on the high seas, to send into any port of the United States, any vessel or boat built, purchased, fitted out, or held as mentioned in section 385 of this title.

(R.S. § 4298.)

Editorial Notes

CODIFICATION

§ 387. Duties of officers of customs and marshals as to seizure

The collectors of the several ports of entry, the surveyors of the several ports of delivery, and the marshals of the several judicial districts within the United States, shall seize any vessel or boat built, purchased, fitted out, or held as mentioned in section 385 of this title, which may be found within their respective ports or districts, and to cause the same to be proceeded against and disposed of as provided by that section.

(R.S. § 4299.)

Editorial Notes

REFERENCES IN TEXT

Surveyors of the several ports of delivery, referred to in text, are probably obsolete offices in view of act July 5, 1922, ch. 430, title I, § 1, 47 Stat. 584, which abolished the offices of surveyors of customs, except at the Port of New York. Ports of delivery, except those which were made ports of entry, were abolished and the use of the term “port of delivery” was discontinued under the President’s plan of reorganization of the customs service communicated to Congress by message dated Mar. 3, 1913.

CHAPTER 8—SUMMARY TRIALS FOR CERTAIN OFFENSES AGAINST NAVIGATION LAWS

§ 391. Summary trials authorized

Whenever a complaint shall be made against any master, officer, or seaman of any vessel belonging, in whole or in part, to any citizen of the United States, of the commission of any offense, not capital or otherwise infamous, against any
law of the United States made for the protection of persons or property engaged in commerce or navigation, it shall be the duty of the United States attorney to investigate the same, and the general nature thereof, and if, in his opinion, the case is such as should be summarily tried, he shall report the same to the district judge, and the judge shall forthwith, or as soon as the ordinary business of the court will permit, proceed to try the cause, and for that purpose may, if necessary, hold a special session of the court, either in term time or vacation.

(R.S. § 4300; June 25, 1948, ch. 646, §1, 62 Stat. 909.)

§ 392. Complaint and answer; jury trial

At the summary trial of offenses against the laws for the protection of persons or property engaged in commerce or navigation, it shall not be necessary that the accused shall have been previously indicted, but a statement of complaint, verified by oath in writing, shall be presented to the court, setting out the offense in such manner as clearly to apprise the accused of the character of the offense complained of, and to enable him to answer the complaint. The complaint or statement shall be read to the accused, who may plead to or answer the same, or make a counterstatement. The trial shall therefore be proceeded with in a summary manner, and the case shall be decided by the court, unless, at the time for pleading or answering, the accused shall demand a jury, in which case the trial shall be upon the complaint and plea of not guilty.

(R.S. § 4301.)

§ 393. Amendments of complaint and adjournments

It shall be lawful for the court to allow the United States attorney to amend his statement of complaint at any stage of the proceedings, before verdict, if, in the opinion of the court, such amendment will work no injustice to the accused; and if it appears to the court that the accused is unprepared to meet the charge as amended, and that an adjournment of the cause will promote the ends of justice, such adjournment shall be made, until a further day, to be fixed by the court.

(R.S. § 4302; June 25, 1948, ch. 646, §1, 62 Stat. 909.)

Editorial Notes

Codification

Statutory Notes and Related Subsidiaries

Change of Name

Act June 25, 1948, eff. Sept. 1, 1948, substituted “United States attorney” for “district attorney”. See section 541 of Title 28, Judiciary and Judicial Procedure, and Historical and Revision Notes set out thereunder.

§ 394. Challenge to jurors

At the trial in summary cases, if by jury, the United States and the accused shall each be entitled to three peremptory challenges. Challenges for cause, in such cases, shall be tried by the court without the aid of triers.

(R.S. § 4303.)

Editorial Notes

Codification

§ 395. Limit of sentence

It shall not be lawful for the court to sentence any person convicted in such trial to any greater punishment than imprisonment in jail for one year, or to a fine exceeding $500, or both, in its discretion, in those cases where the laws of the United States authorize such imprisonment and fine.

(R.S. § 4304.)

Editorial Notes

Codification

§ 396. Recovery of penalties and forfeitures generally

All the penalties and forfeitures which may be incurred for offenses against title 48 of the Revised Statutes may be sued for, prosecuted, and recovered in such court, and be disposed of in such manner, as any penalties and forfeitures which may be incurred for offenses against the laws relating to the collection of duties, except when otherwise expressly prescribed.

(R.S. § 4305.)

Editorial Notes

References in Text

Title 48 of the Revised Statutes, referred to in text, was in the original “this Title”, meaning title 48 of the Revised Statutes, consisting of R.S. §§4131 to 4305. For complete classification of R.S. §§4131 to 4305 to the Code, see Tables.

Codification

R.S. § 4305 derived from act Dec. 31, 1792, ch. 1, §29, 1 Stat. 298.
CHAPTER 9—PROTECTION OF NAVIGABLE WATERS AND OF HARBOR AND RIVER IMPROVEMENTS GENERALLY

SUBCHAPTER I—IN GENERAL

Sec. 400. Continuing authority programs.

401. Construction of bridges, causeways, dams or dikes generally; exemptions.

402. Construction of bridges, etc., over Illinois and Mississippi Canal.

403. Obstruction of navigable waters generally; wharves, piers, etc.; excavations and filling in.

403a. Creation or continuance of obstruction of navigable waters.

403b. Lighting at docks and boat launching facilities.

404. Establishment of harbor lines; conditions to grants for extension of piers, etc.

405. Establishment and modification of harbor lines on Potomac and Anacostia Rivers.

406. Penalty for wrongful construction of bridges, piers, etc.; removal of structures.

407. Deposit of refuse in navigable waters generally.

407a. Deposit of debris of mines and stamp works.

408. Taking possession of, use of, or injury to harbor or river improvements.

408a. Expediting approval of modifications and alterations of projects by non-Federal interests.

409. Obstruction of navigable waters by vessels; floating timber; marking and removal of sunken vessels.

410. Exception as to floating loose timber, sack rafts, etc.; violation of regulations; penalty.

411. Penalty for wrongful deposit of refuse; use of or injury to harbor or river improvements.

412. Liability of masters, pilots, etc., and of vessels engaged in violations.

413. Duty of United States attorneys and other Federal officers in enforcement of provisions; arrest of offenders.

414. Removal by Secretary of the Army of sunken water craft generally; liability of owner, lessee, or operator.

415. Summary removal of water craft obstructing navigation; liability of owner, lessee, or operator.

417. Expenses of investigations by Department of the Army.

419. Regulation by Secretary governing transportation and dumping of dredgings, refuse, etc., into navigable waters; oyster lands; appropriations.

419a. Management practices to extend capacity and useful life of dredged material disposal areas.

420. Piers and cribs on Mississippi and St. Croix Rivers.

421. Deposit of refuse, etc., in Lake Michigan near Chicago.

422. Modification and extension of harbor lines at Chicago.

423. Establishment of pierhead and bulkhead lines in Wilmington Harbor, California.

424. Establishment of pierhead or bulkhead lines in Newport Harbor, California.

424a. Modification of harbor lines in Newport Harbor, California.

425. Omitted.

426. Investigations concerning erosion of shores of coastal and lake waters.

426a. Additional investigations concerning erosion of shores of coastal and lake waters; payment of costs; “shores” defined.

426b. Applicability of existing laws; projects referred to Board of Engineers for Rivers and Harbors.

426d. Payment of expenses.

426e. Federal aid in protection of shores.

426f. Shore protection projects.

426g. Clarification of munition disposal authorities.

426h. Repealed.

426i. Repealed.

426j. Repealed.

426k. Repealed.

426l. Five year demonstration program to temporarily increase diversion of water from Lake Michigan at Chicago, Illinois.

426m. Protection of Lake Ontario.

426n. Technical assistance to States and local governments; cost sharing.

426o. Great Lakes dredging levels adjustment.

426p. Great Lakes material disposal.

426q. Great Lakes dredging levels adjustment.

426r. Great Lakes navigation and protection.

426s. Corps of Engineers.

427 to 430. Repealed.

431 to 437. Repealed.

SUBCHAPTER II—OIL POLLUTION OF COASTAL WATERS

431 to 437. Repealed.

SUBCHAPTER III—NEW YORK HARBOR, HARBOR OF HAMPTON ROADS, AND HARBOR OF BALTIMORE

438 to 454. Repealed.

SUBCHAPTER IV—POTOMAC RIVER AND TRIBUTARIES IN DISTRICT OF COLUMBIA

461 to 464. Repealed.
Sec.
SUBCHAPTER V—NAVIGABLE WATERS OF MARYLAND

465. Authority to dredge; riparian rights of United States.

SUBCHAPTER VI—WATER POLLUTION CONTROL

466 to 466g. Transferred.

466g–1. Controversies involving construction or application of interstate compacts and pollution of waters.

466h to 466m. Transferred or Repealed.

SUBCHAPTER VII—DAM INSPECTION PROGRAM

467. Definitions.

467a. Inspection of dams.

467b. Investigation reports to Governors.

467c. Determination of danger to human life and property.

467d. National dam inventory.

467e. Interagency Committee on Dam Safety.

467f. National dam safety program.

467f–1. Lock and dam security.

467g. Rehabilitation of high hazard potential dams.

467g–1. Dam safety training.

467g–2. Public awareness and outreach for dam safety.

467h. Reports.

467i. Statutory construction.

467j. Authorization of appropriations.

467k to 467m. Repealed.

467n. Recovery of dam modification costs required for safety purposes.

SUBCHAPTER I—IN GENERAL

§ 400. Continuing authority programs

(1) Definition of continuing authority program project

In this section, the term “continuing authority program project” means 1 of the following authorities:

(A) Section 701a of this title.

(B) Section 426i of this title.

(C) Section 2302 of this title.

(D) Section 2309a of this title.

(E) Section 577 of this title.

(F) Section 426g of this title.

(G) Section 103 of the River and Harbor Act of 1962.

(H) Section 701r of this title.

(I) Section 2326(e) of this title.

(J) Section 701b–8a of this title.

(K) Section 610(a) of this title.

(2) Prioritization

Not later than 1 year after June 10, 2014, the Secretary shall publish in the Federal Register and on a publicly available website, the criteria the Secretary uses for prioritizing annual funding for continuing authority program projects.

(3) Annual report

Not later than 1 year after June 10, 2014, and each year thereafter, the Secretary shall publish in the Federal Register and on a publicly available website, a report on the status of each continuing authority program, which, at a minimum, shall include—

(A) the name and a short description of each active continuing authority program project;

(B) the cost estimate to complete each active project; and

(C) the funding available in that fiscal year for each continuing authority program.

(4) Congressional notification

On publication in the Federal Register under paragraphs (2) and (3), the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a copy of all information published under those paragraphs.

Editorial Notes

Section 103(a)(1)–(3) of Pub. L. 87–874 amended section 426e of this title.

Section 103(a)(4) of Pub. L. 87–874 amended sections 426f and 426g of this title. Section 103(b) of Pub. L. 87–874 is set out as a note under section 426 of this title. Section 103(c) of Pub. L. 87–874 is not classified to the Code.

Statutory Notes and Related Subsidiaries

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113–121, set out as a note under section 2201 of this title.

§ 401. Construction of bridges, causeways, dams or dikes generally; exemptions

It shall not be lawful to construct or commence the construction of any bridge, causeway, dam, or dike over or in any port, roadstead, haven, harbor, canal, navigable river, or other navigable water of the United States until the consent of Congress to the building of such structures shall have been obtained and until the plans for (1) the bridge or causeway shall have been submitted to and approved by the Secretary of the department in which the Coast Guard is operating, or (2) the dam or dike shall have been submitted to and approved by the Chief of Engineers and Secretary of the Army. However, such structures may be built under authority of the legislature of a State across rivers and other waterways the navigable portions of which lie wholly within the limits of a single State, provided the location and plans thereof are submitted to and approved by the Secretary of the department in which the Coast Guard is operating or by the Chief of Engineers and Secretary of the Army before construction is commenced. When plans for any bridge or other structure have been approved by the Secretary of the department in which the Coast Guard is operating or by the Chief of Engineers and Secretary of the Army before construction is commenced, it shall not be lawful to deviate from such plans either before or after completion of the structure unless modification of said plans has previously been submitted to and received the approval of the Secretary of the department in which the Coast Guard is operating or the Chief of Engineers and Secretary of the Army. The approval required by this section of the location and plans or any modification of plans of any bridge or causeway does not apply to any bridge or causeway over waters that are not subject to the ebb and flow of the tide and that are not used and are not susceptible to use...
in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce.

Editorial Notes

Codification

Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”, and together with section 403 of this title effectively superseded act Sept. 19, 1890, ch. 907, §7, 26 Stat. 545, as amended generally by act July 13, 1892, ch. 158, §3, 27 Stat. 88, which prohibited the erection of obstructions to navigation, and prohibited the erection of bridges over navigable waters under State legislation before the approval of the plans by the Secretary of War, and prohibited the alteration of channels unless authorized by that Secretary.

Amendments

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

1983—Pub. L. 97–449 substituted section generally to reflect transfer of certain functions, powers, and duties of Secretary of the Army under this section to Secretary of Transportation. See Transfer of Functions note below.

Statutory Notes and Related Subsidiaries

Transfer of Functions

Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102–486, set out as an Abolition of Office of Federal Inspector note under section 719e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720(d)(7) of Title 15.

Functions, powers, and duties of Secretary of the Army (formerly War) and other offices and officers of Department of the Army (formerly War) under this section to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(A), Oct. 15, 1966. 80 Stat. 941. Pub. L. 97–449 amended section to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89–670, and repealed section 6(g)(6)(A).

Executive Documents

Transfer of Functions

Enforcement functions of Secretary or other official in Department of Transportation related to compliance with permits for bridges across navigable waters issued under this section with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§102(c), 203(a), 44 F.R. 33663, 33666, 83 Stat. 1733, 1736, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

§ 402. Construction of bridges, etc., over Illinois and Mississippi Canal

The provisions of section 401 of this title are made applicable alike to the completed and uncompleted portions of the Illinois and Mississippi Canal. Whenever the Secretary of the Army shall approve plans for a bridge to be built across said canal he may, in his discretion, and subject to such terms and conditions as in his judgment are equitable, expedient, and just to the public, grant to the person or corporation building and owning such bridge a right of way across the lands of the United States on either side of and adjacent to the said canal; also the privilege of occupying so much of said lands as may be necessary for the piers, abutments, and other portions of the bridge structure and approaches.

Editorial Notes

Codification

Section is from part of act June 13, 1902, popularly known as the “Rivers and Harbors Appropriation Act of 1902”.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 33 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941. Pub. L. 97–449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89–670, and repealed section 6(g)(6)(A).

§ 403. Obstruction of navigable waters generally; wharves; piers, etc.; excavations and filling in

The creation of any obstruction not affirmatively authorized by Congress, to the navigable capacity of any of the waters of the United States is prohibited; and it shall not be lawful to build or commence the building of any wharf, pier, dolphin, boom, weir, breakwater, bulkhead, jetty, or other structures in any port, roadstead, haven, harbor, canal, navigable river, or other water of the United States, outside established harbor lines, or where no harbor lines have been established, except on plans recommended by the Chief of Engineers and authorized by the Secretary of the Army; and it shall not be lawful to excavate or fill, or in any manner to alter or modify the course, location, condition, or capacity of, any port, roadstead, haven, harbor, canal,
lake, harbor of refuge, or inclosure within the limits of any breakwater, or of the channel of any navigable water of the United States, unless the work has been recommended by the Chief of Engineers and authorized by the Secretary of the Army prior to beginning the same.

Executive Documents

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary of the Army, Chief of Engineers, or other official in Corps of Engineers of the United States Army related to compliance with permits for structures in navigable waters issued under this section with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(b), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

§ 403a. Creation or continuance of obstruction of navigable waters

The creation or continuance of obstruction of navigable waters

(1) the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.); (2) the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.); and (3) the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501. Section 206(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102–486, set out as an Abolition of Office of Federal Inspector note under section 719e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of Title 15.

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–760 § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 1242, Pub. L. 97–448 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89–760, and repealed section 6(g)(6)(A).

EXPEDITING REPAIRS AND RECOVERY FROM FLOODING

“(a) In General.—To the maximum extent practicable, during the 5-year period beginning on the date of enactment of this Act [Dec. 27, 2020], the Secretary [of the Army] shall prioritize and expedite the processing of applications for permits under section 10 of the Act of March 3, 1899 (33 U.S.C. 403), and section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1344), and permissions under section 14 of the Act of March 3, 1899 (33 U.S.C. 408), to complete repairs, reconstruction (including improvements), and upgrades to flood control infrastructure damaged by flooding events during calendar years 2017 through 2020, including flooding events caused by ice jams.

“(b) Savings Provision.—Nothing in this section affects any obligation to comply with the requirements of any Federal law, including—

References to Text

This act, referred to in text, is act Sept. 19, 1890, ch. 907, 26 Stat. 426. Sections 6 to 9 of the Act are not classified to the Code. For complete classification of this act to the Code, see Tables.

CONDICION

Text of section, which was previously omitted from the Code, was restored in view of conflicting court decisions as to whether or not section had been repealed or
superseded. See eg. United States v. Wishkah Boom Co., 136 F. 42 (9th Cir. 1905), (appeal dismissed [1906] 262 U.S. 613); United States v. Wilson, 235 F.2d 251 (2d Cir. 1956).

§ 403b. Lighting at docks and boat launching facilities

Whenever the Secretary considers a permit application for a dock or a boat launching facility under section 403 of this title, the Secretary shall consider the needs of such facility for lighting from sunset to sunrise to make such facility’s presence known within a reasonable distance.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED
Secretary means the Secretary of the Army, see section 2301 of this title.

§ 404. Establishment of harbor lines; conditions to grants for extension of piers, etc.

Where it is made manifest to the Secretary of the Army that the establishment of harbor lines is essential to the preservation and protection of harbors he may, and is, authorized to cause such lines to be established, beyond which no piers, wharves, bulkheads, or other works shall be extended or deposits made, except under such regulations as may be prescribed from time to time by him: Provided, That, whenever the Secretary of the Army grants to any person or persons permission to extend piers, wharves, bulkheads, or other works, or to make deposits in any tidal harbor or river of the United States beyond any harbor lines established under authority of the United States, he shall cause to be ascertained the amount of tidewater displaced by any such structure or by any such deposits, and he shall, if he deem it necessary, require the parties to whom the permission is given to make compensation for such displacement either by excavating in some part of the harbor, including tidewater channels between high and low water mark, to such an extent as to create a basin for as much tidewater as may be displaced by such structure or by such deposits, or in any other mode that may be satisfactory to him.

Editorial Notes

CODIFICATION
Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”.

PRIOR PROVISIONS

This section and section 406 of this title, superseded act Aug. 11, 1888, ch. 860, §12, 25 Stat. 425, as amended by act Sept. 19, 1890, ch. 907, §12, 26 Stat. 455, which authorized the establishment of harbor lines, and prescribed a penalty for a violation of the section or any rule made in pursuance of it.

Section also superseded act Aug. 18, 1894, ch. 299, §9, 28 Stat. 364, which contained provisions for compensation for tide water displaced similar to the proviso in this section.

Act Aug. 5, 1886, ch. 929, §2, 24 Stat. 329, which was probably omitted from the Code as superseded by this section, provided that: “In places where harbor-lines have not been established, and where deposits of debris of mines or stamp works can be made without injury to navigation, within lines to be established by the Secretary of War, said officer may, and is hereby authorized to, cause such lines to be established; and within such lines such deposits may be made, under regulations to be from time to time prescribed by him.”

Statutory Notes and Related Subsidiaries

CHANGE OF NAME
Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 543, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section S3 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941. Pub. L. 97-449 amended section 401 of this title to redress transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 405. Establishment and modification of harbor lines on Potomac and Anacostia Rivers

The provisions of section 404 of this title are made applicable to the Potomac and Anacostia Rivers, and after July 25, 1912, harbor lines in the District of Columbia, or elsewhere on said rivers, shall be established or modified as therein provided.

(July 25, 1912, ch. 253, §1, 37 Stat. 206.)

Editorial Notes

CODIFICATION

Section is from part of section 1 of act July 25, 1912, popularly known as the “Rivers and Harbors Appropriation Act of 1912”.

§ 406. Penalty for wrongful construction of bridges, piers, etc.; removal of structures

Every person and every corporation that shall violate any of the provisions of sections 401, 403, and 404 of this title or any rule or regulation made by the Secretary of the Army in pursuance of the provisions of section 404 of this title shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding $2,500 nor less than $500, or by imprisonment (in the case of a natural person) not exceeding one year, or by both such punishments, in the discretion of the court. And further, the removal of any structures or parts of structures erected in violation of the provisions of the said sections may be enforced by the injunction of any district court exercising jurisdiction in any district in which such structures may exist, and proper proceedings to this end may be instituted under the direction of the Attorney General of the United States.

(Mar. 3, 1899, ch. 425, §12, 30 Stat. 1151; Feb. 20, 1900, ch. 23, §2, 31 Stat. 32; Mar. 3, 1911, ch. 231,
§ 407. Deposit of refuse in navigable waters generally

It shall not be lawful to throw, discharge, or deposit, or cause, suffer, or procure to be thrown, discharged, or deposited either from or out of any ship, barge, or other floating craft of any kind, or from the shore, wharf, manufacturing establishment, or mill of any kind, any refuse matter of any kind or description whatever other than that flowing from streets and sewers and passing therefrom in a liquid state, into any navigable water of the United States, or into any tributary of any navigable water from which the same shall float or be washed into such navigable water; and it shall not be lawful to deposit, or cause, suffer, or procure to be deposited material of any kind in any place on the bank of any navigable water, or on the bank of any tributary of any navigable water, where the same shall be liable to be washed into such navigable water, either by ordinary or high tides, or by storms or floods, or otherwise, whereby navigation shall or may be impeded or obstructed: Provided, That nothing herein contained shall extend to, apply to, or prohibit the operations in connection with the improvement of navigable waters or construction of public works, considered necessary and proper by the United States officers supervising such improvement or public work: And provided further, That

the Secretary of the Army, whenever in the judgment of the Chief of Engineers anchorage and navigation will not be injured thereby, may permit the deposit of any material above mentioned in navigable waters, within limits to be defined and under conditions to be prescribed by him, provided application is made to him prior to depositing such material; and whenever any permit is so granted the conditions thereof shall be strictly complied with, and any violation thereof shall be unlawful.

Editorial Notes

Codification

Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”.

Amendments

1911—Act Mar. 3, 1911, transferred to the District Courts the enforcement powers formerly lodged in the Circuit Courts.

1900—Act Feb. 20, 1900, substituted “section eleven” for “section fourteen” where first appearing, which for codification purposes, was translated as “section 404 of this title”.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 33 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97–449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89–670, and repealed section 8(g)(6)(A).

§ 407. Deposit of refuse in navigable waters generally

It shall not be lawful to throw, discharge, or deposit, or cause, suffer, or procure to be thrown, discharged, or deposited either from or out of any ship, barge, or other floating craft of any kind, or from the shore, wharf, manufacturing establishment, or mill of any kind, any refuse matter of any kind or description whatever other than that flowing from streets and sewers and passing therefrom in a liquid state, into any navigable water of the United States, or into any tributary of any navigable water from which the same shall float or be washed into such navigable water; and it shall not be lawful to deposit, or cause, suffer, or procure to be deposited material of any kind in any place on the bank of any navigable water, or on the bank of any tributary of any navigable water, where the same shall be liable to be washed into such navigable water, either by ordinary or high tides, or by storms or floods, or otherwise, whereby navigation shall or may be impeded or obstructed: Provided, That nothing herein contained shall extend to, apply to, or prohibit the operations in connection with the improvement of navigable waters or construction of public works, considered necessary and proper by the United States officers supervising such improvement or public work: And provided further, That

the Secretary of the Army, whenever in the judgment of the Chief of Engineers anchorage and navigation will not be injured thereby, may permit the deposit of any material above mentioned in navigable waters, within limits to be defined and under conditions to be prescribed by him, provided application is made to him prior to depositing such material; and whenever any permit is so granted the conditions thereof shall be strictly complied with, and any violation thereof shall be unlawful.

Editorial Notes

Codification

Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”.

Prior Provisions

This section and sections 408, 411, and 412 of this title, superseded act Aug. 18, 1894, ch. 296, §§ 6, 7, 8, 28 Stat. 363, which prohibited the depositing of refuse in navigable waters for the improvement of which money had not been appropriated, and the injury to sea walls and other works built by the Government, and prescribed penalties for violations, including penalties against masters, etc., and vessels.

Section also superseded act Sept. 19, 1860, ch. 907, § 6, 26 Stat. 453, which prohibited obstructing navigation by deposits of refuse, etc., in navigable waters.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 33 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Short Title

This section is popularly known as the “Refuse Act of 1899”.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

Termination of Discharge Permit Program

No permits for discharges into navigable waters to be issued under this section after Oct. 18, 1972, and the discharge permit program to be carried out instead under section 1342 of this title, with applications under this section pending on Oct. 18, 1972, to be deemed applications for permits under section 1342, see section 1342 of this title.

Executive Documents

Executive Order No. 11574

Ex. Ord. No. 11574, Dec. 23, 1970, 35 F.R. 16627, which provided for administration of a permit program to reg-
ulate discharge of pollutants and other refuse matter into navigable waters or their tributaries and placement of such matter on their banks, was revoked by Ex. Ord. No. 12553, Feb. 25, 1986, 51 F.R. 7237.

§ 407a. Deposit of debris of mines and stamp works

In places where harbor-lines have not been established, and where deposits of debris of mines or stamp works can be made without injury to navigation, within lines to be established by the Secretary of the Army, said officer may, and is authorized to, cause such lines to be established; and within such lines such deposits may be made, under regulations to be from time to time prescribed by him.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

§ 408. Taking possession of, use of, or injury to harbor or river improvements

(a) Prohibitions and permissions

It shall not be lawful for any person or persons to take possession of or make use of for any purpose, or build upon, alter, deface, destroy, move, injure, obstruct by fastening vessels thereto or otherwise, or in any manner whatever impair the usefulness of any sea wall, bulkhead, jetty, dike, levee, wharf, pier, or other work built by the United States, or any piece of plant, floating or otherwise, used in the construction of such work under the control of the United States, in whole or in part, for the preservation and improvement of any of its navigable waters or to prevent floods, or as boundary marks, tide gauges, surveying stations, buoys, or other established marks, nor remove for ballast or other purposes any stone or other material composing such works: Provided, That the Secretary of the Army may, on the recommendation of the Chief of Engineers, grant permission for the alteration or permanent occupation or use of any of the aforementioned public works when in the judgment of the Secretary such occupation or use will not be injurious to the public interest and will not impair the usefulness of such work.

(b) Concurrent review

(1) NEPA review

(A) In general

In any case in which an activity subject to this section requires a review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), review and approval of the activity under this section shall, to the maximum extent practicable, occur concurrently with any review and decisions made under that Act.

(B) Corps of Engineers as a cooperating agency

If the Corps of Engineers is not the lead Federal agency for an environmental review described in subparagraph (A), the Corps of Engineers shall, to the maximum extent practicable and consistent with Federal laws—

(i) participate in the review as a cooperating agency (unless the Corps of Engineers does not intend to submit comments on the project); and

(ii) adopt and use any environmental document prepared under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) by the lead agency to the same extent that a Federal agency could adopt or use a document prepared by another Federal agency under—

(I) the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.); and

(II) parts 1500 through 1508 of title 40, Code of Federal Regulations (or successor regulations).

(2) Reviews by Secretary

In any case in which the Secretary must approve an action under this section and under another authority, including sections 401 and 403 of this title, section 1344 of this title, and section 1413 of this title, the Secretary shall—

(A) coordinate applicable reviews and, to the maximum extent practicable, carry out the reviews concurrently; and

(B) adopt and use any document prepared by the Corps of Engineers for the purpose of complying with the same law and that addresses the same types of impacts in the same geographic area if such document, as determined by the Secretary, is current and applicable.

(3) Contributed funds

The Secretary may accept and expend funds received from non-Federal public or private entities to evaluate under this section an alteration or permanent occupation or use of a work built by the United States.

(c) Timely review

(1) Complete application

On or before the date that is 30 days after the date on which the Secretary receives an
application for permission to take action affecting public projects pursuant to subsection (a), the Secretary shall inform the applicant whether the application is complete and, if it is not, what items are needed for the application to be complete.

(2) Decision
On or before the date that is 90 days after the date on which the Secretary receives a complete application for permission under subsection (a), the Secretary shall—
(A) make a decision on the application; or
(B) provide a schedule to the applicant identifying when the Secretary will make a decision on the application.

(3) Notification to Congress
In any case in which a schedule provided under paragraph (2)(B) extends beyond 120 days from the date of receipt of a complete application, the Secretary shall provide to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an explanation justifying the extended timeframe for review.

(d) Work Defined
For the purposes of this section, the term “work” shall not include unimproved real estate owned or operated by the Secretary as part of a water resources development project if the Secretary determines that modification of such real estate would not affect the function and usefulness of the project.

§ 408a. Expediting approval of modifications and alterations of projects by non-Federal interests

(a) Section 14 application defined
In this section, the term “section 14 application” means an application submitted by an applicant to the Secretary requesting permission for a temporary or permanent occupation or use of a public work, that relates generally to location and clearances of bridges and causeways in navigable waters of the United States transferred to and vested in Secretary of Transportation by Pub. L. 89–470, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

(b) Review
Not later than 1 year after June 10, 2014, the Secretary shall—
(A) establish benchmark goals for determining the amount of time it should take the Secretary to determine whether a section 14 application is complete;
(B) establish benchmark goals for determining the amount of time it should take the Secretary to approve or disapprove a section 14 application; and
(C) to the extent practicable, use such benchmark goals to make a decision on section 14 applications in a timely and consistent manner.

(c) Benchmark goals

(1) Establishment of benchmark goals
In carrying out subsection (b), the Secretary shall—
(A) establish benchmark goals for determining the amount of time it should take the Secretary to determine whether a section 14 application is complete;
(B) establish benchmark goals for determining the amount of time it should take the Secretary to approve or disapprove a section 14 application; and
(C) to the extent practicable, use such benchmark goals to make a decision on section 14 applications in a timely and consistent manner.
§ 409. Obstruction of navigable waters by vessels; floating timber; marking and removal of sunken vessels

It shall not be lawful to tie up or anchor vessels or other craft in navigable channels in such a manner as to prevent or obstruct the passage of other vessels or craft; or to sink, or permit or cause to be sunk, vessels or other craft in navigable channels; or to float loose timber and logs, or to float what is known as “sack rafts of timber and logs” in streams or channels actually navigated by steamboats in such manner as to obstruct, impede, or endanger navigation. And whenever a vessel, raft or other craft is wrecked and sunk in a navigable channel, it shall be the duty of the owner, lessee, or operator of such sunken craft to immediately mark it with a buoy or beacon during the day and, unless otherwise granted a waiver by the Commandant of the Coast Guard, a light at night, and to maintain such marks until the sunken craft is removed or abandoned, and the neglect or failure of the said owner, lessee, or operator so to do shall be unlawful; and it shall be the duty of the owner, lessee, or operator of such sunken craft to commence the immediate removal of the same, and prosecute such removal diligently, and failure to do so shall be considered as an abandonment of such craft, and subject the
same to removal by the United States as provided for in sections 411 to 416, 418, and 502 of this title. The Commandant of the Coast Guard may waive the requirement to mark a wrecked vessel, raft, or other craft with a light at night if the Commandant determines that placing a light would be impractical and granting such a waiver would not create an undue hazard to navigation.

§ 411. Penalty for wrongful deposit of refuse; use of or injury to harbor improvements, and obstruction of navigable waters generally

Every person and every corporation that shall violate, or that shall knowingly aid, abet, authorize, or instigate a violation of the provisions of sections 407, 408, 409, 414, and 415 of this title shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not exceeding $2,500 nor less than $500, or by imprisonment (in the case of a natural person) for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court: Provided, That the proper action to enforce the provisions of this section may be commenced before any magistrate judge, judge, or court of the United States, and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in the case of crimes or misdemeanors committed against the United States.

The right to alter, amend, or repeal this section at any time is reserved.

§ 410. Exception as to floating loose timber, sack rafts, etc.; violation of regulations; penalty

The prohibition contained in section 409 of this title against floating loose timber and logs, or sack rafts, so called, of timber and logs in streams or channels actually navigated by steamboats, shall not apply to any navigable river or waterway of the United States or any part thereof whereon the floating of loose timber and logs and sack rafts of timber and logs is the principal method of navigation. But such method of navigation on such river or waterway or part thereof shall be subject to the rules and regulations prescribed by the Secretary of the Army as provided in this section.

The Secretary of the Army shall have power, and he is authorized and directed to prescribe rules and regulations, which he may at any time modify, to govern and regulate the floating of loose timber and logs, and sack rafts, (so called) of timber and logs and other methods of navigation on the streams and waterways, or any thereof, of the character, as to navigation, heretofore in this section described. The said rules and regulations shall be so framed as to equitably adjust conflicting interests between the different methods or forms of navigation; and the said rules and regulations shall be published at least once in such newspaper or newspapers of general circulation as in the opinion of the Secretary of the Army shall be best adapted to give notice of said rules and regulations to persons affected thereby and locally interested therein. And all modifications of said rules and regulations shall be similarly published. And such rules and regulations when so prescribed and published as to any such stream or waterway shall have the force of law, and any violation thereof shall be a misdemeanor, and every person convicted of such violation shall be punished by a fine of not exceeding $1,000 nor less than $500, or by imprisonment (in the case of a natural person) for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court, one-half of said fine to be paid to the person or persons giving information which shall lead to conviction.
§ 412. Liability of masters, pilots, etc., and of vessels engaged in violations

Any and every master, pilot, and engineer, or person or persons acting in such capacity, respectively, on board of any boat or vessel who shall knowingly engage in towing any scow, boat, or vessel loaded with any material specified in section 407 of this title to any point or place of deposit or discharge in any harbor or navigable water, elsewhere than within the limits defined and permitted by the Secretary of the Army, or who shall willfully injure or destroy any work of the United States contemplated in section 408 of this title, or who shall willfully obstruct the channel of any waterway in the manner contemplated in section 409 of this title, shall be deemed guilty of a violation of this Act, and shall upon conviction be punished as provided in section 411 of this title, and shall also have his license revoked or suspended for a term to be fixed by the judge before whom tried and convicted. And any boat, vessel, scow, raft, or other craft used or employed in violating any of the provisions of sections 407, 408, 409, 414, and 415 of this title shall be liable for the pecuniary penalties specified in section 411 of this title, and in addition thereto for the amount of the damages done by said boat, vessel, scow, raft, or other craft, which latter sum shall be placed to the credit of the appropriation for the improvement of the harbor or waterway in which the damage occurred, and said boat, vessel, scow, raft, or other craft may be proceeded against summarily by way of libel in any district court of the United States having jurisdiction thereof.

Editorial Notes

CODIFICATION

Section is from part of section 16 of act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”. The balance of such section, relating to penalties for the wrongful deposit of refuse, is classified to section 411 of this title.

AMENDMENTS

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 443, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–45, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

§ 413. Duty of United States attorneys and other Federal officers in enforcement of provisions; arrest of offenders

The Department of Justice shall conduct the legal proceedings necessary to enforce the provisions of sections 401, 403, 404, 406, 407, 408, 409, 414, and 412 of this title; and it shall be the duty of United States attorneys to vigorously prosecute all offenders against the same whenever requested to do so by the Secretary of the Army or by any of the officials hereinafter designated, and it shall furthermore be the duty of said United States attorneys to transmit to and bring to punishment of such offenders, the officers and agents of the United States in charge of river and harbor improvements, and the assistant engineers and inspectors employed under them by authority of the Secretary of the Army, and the United States collectors of customs and other revenue officers shall have power and authority to swear out process, and to arrest and take into custody, with or without process, any person or persons who may commit any of the acts or offenses prohibited by the said sections, or who may violate any of the provisions of the same: Provided, That no person shall be arrested without process for any offense not committed in the presence of some one of the aforesaid officials: And provided further, That whenever any arrest is made under such sec-
tions, the person so arrested shall be brought forthwith before a magistrate judge, judge, or court of the United States for examination of the offenses alleged against him; and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States.

Editorial Notes
CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”.

PRIOR PROVISIONS

Act Sept. 19, 1890, ch. 907, §11, 26 Stat. 455, was probably omitted from the Code as superseded by this section, or was rendered obsolete by act March 3, 1899, different sections of which superseded provisions of the act of 1890, the enforcement of which was provided for by section 11. It read as follows: “It shall be the duty of officers and agents having the supervision, on the part of the United States, of the works in progress for the preservation and improvement of said navigable waters, and, in their absence, of the United States collectors of customs and other revenue officers to enforce the provisions of this act by giving information to the district attorney of the United States for the district in which any violation of any provision of this act shall have been committed: Provided, That the provisions of this act shall not apply to Torch Lake, Houghton County, Michigan.”

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Act June 25, 1948, eff. Sept. 1, 1948, substituted “United States attorneys” for “district attorneys” of the “United States” and “district attorneys”. See section 541 of Title 28, Judiciary and Judicial Procedure, and Historical and Revision Notes set out thereunder. Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501. Section 208(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

“Magistrate judge” substituted in text for “magistrate” pursuant to section 321 of Pub. L. 101–650, set out as a note under section 631 of Title 28, Judiciary and Judicial Procedure. Previously, “magistrate” was substituted for “commissioner” pursuant to Pub. L. 90–578. See chapter 43 (§331 et seq.) of Title 28.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearance of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–470, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Lib. L. 97–449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89–470, and repealed section 6(g)(6)(A).

Executive Documents

TRANSFER OF FUNCTIONS

All offices of collector of customs, comptroller of customs, surveyor of customs, and appraiser of merchandise in Bureau of Customs of Department of the Treasury to which appointments required to be made by President with advice and consent of Senate were ordered abolished with such offices to be terminated not later than Dec. 31, 1966, by Reorg. Plan No. 1 of 1965, eff. May 23, 1965, 30 F.R. 7035, 79 Stat. 1317, set out in the Appendix to Title 5, Government Organization and Employees. All functions of the offices eliminated were already vested in Secretary of the Treasury by Reorg. Plan No. 26 of 1950, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, set out in the Appendix to Title 5.

§ 414. Removal by Secretary of the Army of sunk
water craft generally; liability of owner, lessee, or operator

(a) Whenever the navigation of any river, lake, harbor, sound, bay, canal, or other navigable waters of the United States shall be obstructed or endangered by any sunken vessel, boat, water craft, raft, or other similar obstruction, and such obstruction has existed for a longer period than thirty days, or whenever the abandonment of such obstruction can be legally established in a less space of time, the sunken vessel, boat, water craft, raft, or other obstruction shall be subject to be broken up, removed, sold, or otherwise disposed of by the Secretary of the Army at his discretion, without liability for any damage to the owners of the same: Provided, That in his discretion, the Secretary of the Army may cause reasonable notice of such obstruction of not less than thirty days, unless the legal abandonment of the obstruction can be established in a less time, to be given by publication, addressed “To whom it may concern,” in a newspaper published nearest to the locality of the obstruction, requiring the removal thereof: And provided also, That the Secretary of the Army may, in his discretion, at or after the time of giving such notice, cause sealed proposals to be solicited by public advertisement, giving reasonable notice of not less than ten days, for the removal of such obstruction as soon as possible after the expiration of the above specified thirty days’ notice, in case it has not in the meantime been so removed, these proposals and contracts, at his discretion, to be conditioned that such vessel, boat, water craft, raft, or other obstruction shall become the property of the contractor, and the contract shall be awarded to the bidder making the proposition most advantageous to the United States: Provided, That such bidder shall give satisfactory security to execute the work: Provided further, That any money received from the sale of any such wreck, or from any contractor for the removal of wrecks, under this paragraph shall be covered into the Treasury of the United States.

(b) The owner, lessee, or operator of such vessel, boat, watercraft, raft, or other obstruction as described in this section shall be liable to the United States for the cost of removal or destruction and disposal as described which exceeds the costs recovered under subsection (a). Any amount recovered from the owner, lessee, or operator of such vessel pursuant to this subsection
§ 415. Summary removal of water craft obstructing navigation; liability of owner, lessee, or operator

(a) Removal authority

Under emergency, in the case of any vessel, boat, water craft, or raft, or other similar obstruction, sinking of grounding, or being unnecessarily delayed in any Government canal or lock, or in any navigable waters mentioned in section 414 of this title, in such manner as to stop, seriously interfere with, or specially endanger navigation, in the opinion of the Secretary of the Army, or any agent of the United States to whom the Secretary may delegate proper authority, the Secretary of the Army or any such agent shall have the right to take immediate possession of such boat, vessel, or other water craft, or raft, so far as to remove or to destroy it and to clear immediately the canal, lock, or navigable waters aforesaid of the obstruction thereby caused, using his best judgment to prevent any unnecessary injury; and no one shall interfere with or prevent such removal or destruction: Provided, That the officer or agent charged with the removal or destruction of an obstruction under this section may in his discretion give notice in writing to the owners of any such obstruction requiring them to remove it: And provided further, That the actual expense, including administrative expenses, of removing any such obstruction as aforesaid shall be a charge against such craft and cargo; and if the owners thereof fail or refuse to reimburse the United States for such expense within thirty days after notification, then the officer or agent aforesaid may sell the craft or cargo, or any part thereof that may not have been destroyed in removal, and the proceeds of such sale shall be covered into the Treasury of the United States.

(b) Removal requirement

Not later than 24 hours after the Secretary of the Department in which the Coast Guard is operating issues an order to stop or delay navigation in any navigable waters of the United States because of conditions related to the sinking or grounding of a vessel, the owner or operator of the vessel, with the approval of the Secretary of the Army, shall begin removal of the vessel using the most expeditious removal method available or, if appropriate, secure the vessel pending removal to allow navigation to resume. If the owner or operator fails to begin removal or to secure the vessel pending removal or fails to complete removal on an expedited basis, the Secretary of the Army shall remove or destroy the vessel using the summary removal procedures under subsection (a).

(c) Liability of owner, lessee, or operator

The owner, lessee, or operator of such vessel, boat, watercraft, raft, or other obstruction as described in this section shall be liable to the United States for the actual cost, including administrative costs, of removal or destruction and disposal as described which exceeds the costs recovered under subsection (a). Any amount recovered from the owner, lessee, or operator of such vessel pursuant to this subsection to recover costs in excess of the proceeds from the sale or disposition of such vessel shall be deposited in the general fund of the Treasury of the United States.

Editorial Notes

CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899".

PRIOR PROVISIONS

Section superseded act June 14, 1899, ch. 211, § 4, 21 Stat. 197, and act Aug. 2, 1882, ch. 375, 22 Stat. 206, which required the Secretary of War to give notice to the persons interested in wrecks obstructing navigation of the purpose of the Secretary to remove the same unless such parties should do so, and authorized the Secretary to remove the same on the failure of the parties interested to do so, and to sell the same to the highest bidder, and also authorized the Secretary to dispose of any sunken vessel or cargo before removal.

Section also superseded act Sept. 19, 1890, ch. 907, § 8, 26 Stat. 454, which authorized the Secretary of War to remove wrecks remaining for more than two months.

AMENDMENTS

1986—Pub. L. 99–662 designated existing provision as subsec. (a) and added subsec. (b).

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, which transferred to Secretary of the Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Army from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40 [App. A(57)], July 22, 1949.

TRANSFER OF FUNCTIONS

Functions, powers and duties of Secretary of the Army and other offices and officers of Department of the Army under § 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 97–449 amended section 401 of this title to extent that they were not previously transferred to Secretary of Transportation by Pub. L. 89–670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

Functions, powers and duties of Secretary of the Army, or any agent of the United States to whom the Secretary may delegate proper authority, the Secretary of the Army or any such agent shall have the right to take immediate possession of such boat, vessel, or other water craft, or raft, so far as to remove or to destroy it and to clear immediately the canal, lock, or navigable waters aforesaid of the obstruction thereby caused, using his best judgment to prevent any unnecessary injury; and no one shall interfere with or prevent such removal or destruction: Provided, That the officer or agent charged with the removal or destruction of an obstruction under this section may in his discretion give notice in writing to the owners of any such obstruction requiring them to remove it: And provided further, That the actual expense, including administrative expenses, of removing any such obstruction as aforesaid shall be a charge against such craft and cargo; and if the owners thereof fail or refuse to reimburse the United States for such expense within thirty days after notification, then the officer or agent aforesaid may sell the craft or cargo, or any part thereof that may not have been destroyed in removal, and the proceeds of such sale shall be covered into the Treasury of the United States.

(b) Removal requirement

Not later than 24 hours after the Secretary of the Department in which the Coast Guard is operating issues an order to stop or delay navigation in any navigable waters of the United States because of conditions related to the sinking or grounding of a vessel, the owner or operator of the vessel, with the approval of the Secretary of the Army, shall begin removal of the vessel using the most expeditious removal method available or, if appropriate, secure the vessel pending removal to allow navigation to resume. If the owner or operator fails to begin removal or to secure the vessel pending removal or fails to complete removal on an expedited basis, the Secretary of the Army shall remove or destroy the vessel using the summary removal procedures under subsection (a).

(c) Liability of owner, lessee, or operator

The owner, lessee, or operator of such vessel, boat, watercraft, raft, or other obstruction as described in this section shall be liable to the United States for the actual cost, including administrative costs, of removal or destruction and disposal as described which exceeds the costs recovered under subsection (a). Any amount recovered from the owner, lessee, or operator of such vessel pursuant to this subsection to recover costs in excess of the proceeds from the sale or disposition of such vessel shall be deposited in the general fund of the Treasury of the United States.
Section is from part of section 20 of act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899.” Another part of that section, appropriating money necessary to execute its provisions, is classified to section 416 of this title.

Section 20 of act Mar. 3, 1899, also contained a repealing clause with a proviso saving pending actions and rights of actions. It was amended by act Feb. 20, 1900, ch. 23, § 3, 31 Stat. 32, and again amended by act June 13, 1902, ch. 1079, § 12, 32 Stat. 375, by adding another clause with a proviso saving pending actions and rights of actions. It was amended by act Feb. 20, 1900, ch. 23, § 3, 31 Stat. 32, and again amended by act July 26, 1947, ch. 343, title II, 61 Stat. 501, Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Expenses incurred by the Engineer Department of the Department of the Army in all investigations, inspections, hearings, reports, service of notice, or other action incidental to examination of plans or sites of bridges or other structures built or proposed to be built in or over navigable waters, or to examinations into alleged violations of laws for the protection and preservation of navigable waters, or to the establishment or marking of harbor lines, shall be payable from any funds which may be available for the improvement, maintenance, operation, or care of the waterways or harbors affected, or if such funds are not available in sums judged by the Chief of Engineers to be adequate, then from any funds available for examinations, surveys, and contingencies of rivers and harbors.

Such sum of money as may be necessary to execute sections 414 and 415 of this title is here-by appropriated out of any money in the Treasury not otherwise appropriated, to be paid out on the requisition of the Secretary of the Army.

Section is from part of section 20(a) of act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899.” See Codification and Amendment notes set out under section 415 of this title.
§ 418. Provisions for protection of New York Harbor unaffected

Nothing contained in sections 401, 403, 404, 406, 407, 408, 409, 411 to 416, and 502 of this title shall be construed as repealing, modifying, or in any manner affecting the provisions of subchapter III of this chapter.

Editorial Notes

References in Text

Subchapter III (§411 et seq.) of this chapter, referred to in text, was in the original a reference to the Act of June 29, 1888, as amended by section 3 of the river and harbor Act of August 18, 1894.

Codification

Section is from part of section 20(a) of act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899". See Codification and Amendment notes set out under section 415 of this title.

§ 419. Regulation by Secretary governing transportation and dumping of dredgings, refuse, etc., into navigable waters; oyster lands; appropriations

The Secretary of the Army is authorized and empowered to prescribe regulations to govern the transportation and dumping into any navigable water, or waters adjacent thereto, of dredgings, earth, garbage, and other refuse materials of every kind or description, whenever in his judgment such regulations are required in the interest of navigation. Such regulations shall be posted in conspicuous and appropriate places for the information of the public; and every person or corporation which shall violate the said regulations, or any of them, shall be deemed guilty of a misdemeanor and shall be subject to the penalties prescribed in sections 411 and 412 of this title, for violation of the provisions of section 407 of this title: Provided, That any regulations made in pursuance hereof may be enforced as provided in section 412 of this title, the provisions whereof are made applicable to the said regulations: Provided further, That this section shall not apply to any waters within the jurisdictional boundaries of any State which are now or may hereafter be used for the cultivation of oysters under the laws of such State, except navigable channels which have been or may hereafter be improved by the United States, or to be designated as navigable channels by competent authority, and in making such improvements of channels, the material dredged shall not be deposited upon any ground in use in accordance with the laws of such State for the cultivation of oysters, except in compliance with said laws: And provided further, That any expense necessary in executing this section may be paid from funds available for the improvement of the harbor or waterway, for which regulations may be prescribed, and in case no such funds are available the said expense may be paid from appropriations made by Congress for examinations, surveys, and contingencies of rivers and harbors.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 206(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

§ 419a. Management practices to extend capacity and useful life of dredged material disposal areas

The Secretary of the Army, acting through the Chief of Engineers, shall utilize and encourage the utilization of such management practices as he determines appropriate to extend the capacity and useful life of dredged material disposal areas such that the need for new dredged material disposal areas is kept to a minimum. Management practices authorized by this section shall include, but not be limited to, the construction of dikes, consolidation and dewatering of dredged material, and construction of drainage and outflow facilities.

§ 420. Piers and cribs on Mississippi and St. Croix Rivers

The owners of sawmills on the Mississippi River and the Saint Croix River in the States of Wisconsin and Minnesota are authorized and empowered under the direction of the Secretary of the Army, to construct piers or cribs in front of their mill property on the banks of the river,
for the protection of their mills and rafts against damage by floods and ice: Provided, how-
however, That the piers or cribs so constructed shall not interfere with or obstruct the navigation of the river. And in case any pier or crib con-
structed under authority of this section shall at any time, and for any cause, be found to ob-
struct the navigation of the river, the Govern-
ment expressly reserves the right to remove or
direct the removal of it, at the cost and expense of the owners thereof.

(R.S. §5254; May 1, 1882, ch. 112, 22 Stat. 52; July
26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

§421. Deposit of refuse, etc., in Lake Michigan
near Chicago
It shall not be lawful to throw, discharge, dump, or deposit, or cause, suffer, or procure, to be thrown, discharged, dumped, or deposited, any refuse matter of any kind or description whatever other than that flowing from streets and sewers and passing therefrom in a liquid state into Lake Michigan, at any point opposite or in front of the county of Cook, in the State of Illinois, or the county of Lake in the State of Indiana, within eight miles from the shore of said lake, unless said material shall be placed inside of a breakwater so arranged as not to per-
mit the escape of such refuse material into the body of the lake and cause contamination there-
of; and no officer of the Government shall dump or cause or authorize to be dumped any material contrary to the provisions of this section: Pro-
vided, however, That the provisions of this sec-

§422. Modification and extension of harbor lines
at Chicago
The Secretary of the Army is authorized, in his discretion, to modify and extend harbor lines in front of the city of Chicago in such manner as to permit park extension work which may be de-
sired by the municipal authorities, including the changing and widening of the southern entrance to the Chicago Harbor.

§423. Establishment of pierhead and bulkhead
lines in Wilmington Harbor, California
The Secretary of the Army is authorized to fix and establish pierhead and bulkhead lines, either or both, in the inner harbor of San Pedro, otherwise known as Wilmington Harbor, Cali-
foria, beyond which no piers, wharves, bulk-
heads, or other works shall be extended or de-
posits made except under such regulations as shall be prescribed from time to time by the Secretary of the Army.

(Mar. 26, 1908, No. 14, 35 Stat. 569; July 26, 1947,
ch. 343, title II, §205(a), 61 Stat. 501.)

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 424. Establishment of pierhead or bulkhead lines in Newport Harbor, California

The Secretary of the Army is authorized and directed to fix and establish pierhead and bulkhead lines, either or both, at Newport Harbor, California, in accordance with plan dated United States Engineer Office, Los Angeles, California, March 25, 1913, and entitled "Newport Bay, California", showing harbor lines, beyond which no piers, wharfs, bulkheads, or other works shall be extended or deposited, except under such regulations as shall be prescribed from time to time by the Secretary of the Army.

Editorial Notes

Codification

Section is from act July 27, 1916, popularly known as the "Rivers and Harbors Appropriation Act of 1916".

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 425. Omitted

Editorial Notes

Codification

Section, act June 7, 1924, ch. 316, §9, 43 Stat. 606, directed Secretary of War to investigate depositing of polluting substances into navigable streams and report the results to Congress not later than two years from June 7, 1924.

§ 426. Investigations concerning erosion of shores of coastal and lake waters

The Chief of Engineers of the United States Army, under the direction of the Secretary of the Army, is authorized and directed to cause investigations and studies to be made in cooperation with the appropriate agencies of the various States on the Atlantic, Pacific, and gulf coasts and on the Great Lakes, and of the States of Alaska and Hawaii, the Commonwealth of Puerto Rico, and the possessions of the United States, with a view to devising effective means of preventing erosion of the shores of coastal and lake waters by waves and currents; and any expenses incident and necessary thereto may be paid from funds appropriated for General Investigations, Civil Functions, Department of the Army: Provided, That the Department of the Army may release to the appropriate cooperating agencies information obtained by these investigations and studies prior to the formal transmission of reports to Congress: Provided further, That no money shall be expended under authority of this section in any State which does not provide for cooperation with the agents.
of the United States and contribute to the project such funds or services as the Secretary of the Army may deem appropriate and require; that there shall be organized under the Chief of Engineers, United States Army, a Board of seven members, of whom four shall be officers of the Corps of Engineers and three shall be civilian engineers selected by the Chief of Engineers with regard to their special fitness in the field of beach erosion and shore protection. The Board will furnish such technical assistance as may be directed by the Chief of Engineers in the conduct of such studies as may be undertaken and will review the reports of the investigations made. In the consideration of such studies as may be referred to the Board by the Chief of Engineers, the Board shall, when it considers it necessary and with the sanction of the Chief of Engineers, make, as a board or through its members, personal examination of localities under investigation: Provided further, That the civilian members of the Board may be paid at rates not to exceed $100 a day for each day of attendance at Board meetings, not to exceed thirty days per annum, in addition to the traveling and other necessary expenses connected with their duties on the Board in accordance with the provisions of section 5703 of title 5.

Editorial Notes

REFERENCES IN TEXT
The Board, referred to in text, means the Beach Erosion Board, which was abolished by Pub. L. 88-172, §1, Nov. 7, 1963, 77 Stat. 304. See note set out below.

CODIFICATION
“Section 5703 of title 5” substituted in text for “section 5 of the Administrative Expenses Act of 1946, as amended (5 U.S.C. 73b-2),” on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted title 5, Government Organization and Employees.

AMENDMENTS
1960—Pub. L. 86-645, among other changes, substituted provisions requiring the three civilian members of the Board to be civilian engineers selected by the Chief of Engineers with regard to their special fitness in the field of beach erosion and shore protection for provisions which required the civilian members to be selected with regard to their special fitness from among the State agencies cooperating with the Department of the Army, and provisions authorizing payment of civilian members at rates not to exceed $100 a day, for not more than 30 days per annum, for provisions which required the States to pay the salaries of the civilian members.

Statutory Notes and Related Subsidiaries

ABOLITION OF BEACH EROSION BOARD
Pub. L. 88-172, §1, Nov. 7, 1963, 77 Stat. 304, provided in part: “That the Board established by section 2 of the River and Harbor Act approved July 3, 1930, as amended (33 U.S.C. 426), referred to as the Beach Erosion Board, is hereby abolished.” For the transfer of functions of the Beach Erosion Board to the Coastal Engineering Research Center and the Board of Engineers for Rivers and Harbors, see sections 426-1 and 426-3 of this title. For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102-580, set out as a note under section 541 of this title.

Great Lakes Levels Study
Pub. L. 99-662, title VII, §706, Nov. 17, 1986, 100 Stat. 4158, authorized Secretary of the Army, in cooperation with National Oceanic and Atmospheric Administration, Federal Emergency Management Agency, International Joint Commission, and other appropriate Federal, State, and local agencies and the private sector, to conduct a study of shoreline protection and beach erosion control policy and related projects of the Secretary, in view of the current situation and long-term expected increases in levels of the Great Lakes and directed Secretary, within three years after Nov. 17, 1986, to transmit the study, together with supporting documentation and recommendations to Congress.

Study of Rising Oceans
Pub. L. 99-662, title VII, §731, Nov. 17, 1986, 100 Stat. 4165, authorized Secretary of the Army, in cooperation with National Oceanic and Atmospheric Administration, Federal Emergency Management Agency, and other appropriate Federal, State, and local agencies and the private sector, to conduct a study of shoreline protection and beach erosion control policy and related projects of the Secretary, in view of the prospect for long-term increases in levels of the ocean and directed Secretary, within three years after Nov. 17, 1986, to transmit the study, together with supporting documentation and recommendations to Congress.

Application of Existing Law to Surveys Relating to Shore Protection
Pub. L. 87-374, §103(b), Oct. 23, 1962, 76 Stat. 1179, provided that: “All provisions of existing law relating to surveys of rivers and harbors shall apply to surveys relating to shore protection and section 2 of the River and Harbor Act approved July 3, 1930, as amended (33 U.S.C. 426), is modified to the extent inconsistent here-with.”

§ 426-1. Coastal Engineering Research Center; establishment; powers and functions

There shall be established under the Chief of Engineers, United States Army, a Coastal Engineering Research Center which, except as hereinafter provided in section 426-3 of this title, shall be vested with all the functions of the Beach Erosion Board, including the authority to make general investigations as provided in section 426a of this title, and such additional functions as the Chief of Engineers may assign.

Editorial Notes

CODIFICATION
Section was enacted as part of section 1 of Pub. L. 88-172. The remainder of said section 1, abolishing the Beach Erosion Board, is classified as a note under section 426 of this title.

Statutory Notes and Related Subsidiaries

ABOLITION OF BEACH EROSION BOARD
Section 1 of Pub. L. 88-172 abolished Beach Erosion Board, and is set out as a note under section 426 of this title. For the transfer of certain functions of said Board to Board of Engineers for Rivers and Harbors, see section 426-3 of this title. For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of sections of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102-580, set out as a note under section 541 of this title.
§ 426-2. Board on Coastal Engineering Research

The functions of the Coastal Engineering Research Center established by section 426–1 of this title, shall be conducted with the guidance and advice of a Board on Coastal Engineering Research, constituted by the Chief of Engineers in the same manner as the present Beach Erosion Board.

Statutory Notes and Related Subsidaries

Compensation of Board

Pub. L. 91–611, title I, § 105, Dec. 31, 1970, 84 Stat. 1819, provided that: "The civilian members of the Board on Coastal Engineering Research authorized by the Act of November 7, 1963 (33 U.S.C. 426–2) may be paid at rates not to exceed the daily equivalent of the rate for GS–18 for each day of attendance at Board meetings, not to exceed thirty days per year, in addition to the traveling and other necessary expenses connected with their duties on the Board in accordance with the provisions of 5 U.S.C. 5703(b), (d), and 5707."

(References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 [title I, § 101(c)(1)] of Pub. L. 101–509, set out in a note under section 5376 of Title 5.)

Abolition of Beach Erosion Board

Section 1 of Pub. L. 88–172 abolished Beach Erosion Board, and is set out as a note under section 426 of this title. For transfer of functions of Board to Coastal Engineering Research Center and Board of Engineers for Rivers and Harbors, see sections 426–1 and 426–3 of this title.

§ 426–3. Transfer of functions of Beach Erosion Board

All functions of the Beach Erosion Board pertaining to review of reports of investigations made concerning erosion of the shores of coastal and lake waters, and the protection of such shores, are hereby transferred to the Board established by section 541 of this title, referred to as the Board of Engineers for Rivers and Harbors.

Statutory Notes and Related Subsidaries

Termination of Board of Engineers for Rivers and Harbors and Reassignment of Duties and Responsibilities

For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102–580, set out as a note under section 541 of this title.

Abolition of Beach Erosion Board

Section 1 of Pub. L. 88–172 abolished Beach Erosion Board, and is set out as a note under section 426 of this title. For transfer of certain functions of Board to Coastal Engineering Research Center, see section 426–1 of this title.

§ 426a. Additional investigations concerning erosion of shores of coastal and lake waters; payment of costs; "shores" defined

In addition to participating in cooperative investigations and studies with agencies of the various States as authorized in section 426 of this title, it shall be the duty of the Chief of Engineers, through the Coastal Engineering Research Center, to make general investigations with a view to preventing erosion of the shores of the United States by waves and currents and determining the most suitable methods for the protection, restoration, and development of beaches; and to publish from time to time such useful data and information concerning the erosion and protection of beaches and shore lines as the Center may deem to be of value to the people of the United States. The cost of the general investigations authorized by sections 426a to 426d of this title shall be borne wholly by the United States. As used in said sections, the word "shores" includes the shore lines of the Atlantic and Pacific Oceans, the Gulf of Mexico, the Great Lakes, Lake Champlain, and estuaries and bays directly connected therewith.

Editorial Notes

Codification

Coastal Engineering Research Center has been substituted for Beach Erosion Board pursuant to Pub. L. 88–172, § 1, providing in part for the abolition of the Beach Erosion Board, which is set out as a note under section 426 of this title. For transfer of investigatory functions of the Beach Erosion Board to the Coastal Engineering Research Center, see section 426–1 of this title.

§ 426b. Applicability of existing laws; projects referred to Board of Engineers for Rivers and Harbors

All provisions of existing law relating to examinations and surveys and to works of improvement of rivers and harbors shall apply, insofar as practicable, to examinations and surveys and to works of improvement relating to shore protection; except that all projects having to do with shore protection shall be referred for consideration and recommendation to the Board of Engineers for Rivers and Harbors.

Editorial Notes

Codification

Provision for the referral of projects having to do with shore protection for consideration and recommendation to the Beach Erosion Board have been omitted as obsolete in view of the abolition of the Beach Erosion Board and the transfer of its review function to the Board of Engineers for Rivers and Harbors by Pub. L. 88–172, § 1. See section 426–3 of this title.

Statutory Notes and Related Subsidaries

Termination of Board of Engineers for Rivers and Harbors and Reassignment of Duties and Responsibilities

For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of
§ 426c. Report by Coastal Engineering Research Center

The Coastal Engineering Research Center, in making its report on any cooperative investigation and studies under the provisions of section 426 of this title, relating to shore protection work shall, in addition to any other matters upon which it may be required to report, state its opinion as to (a) the advisability of adopting the project; (b) what public interest, if any, is involved in the proposed improvement; and (c) what share of the expense, if any, should be borne by the United States.

Editorial Notes

Codification

Coastal Engineering Research Center has been substituted for Beach Erosion Board pursuant to Pub. L. 88–172, § 1, providing in part for the abolition of the Beach Erosion Board, which is set out as a note under section 426 of this title. For transfer of investigatory functions of the Beach Erosion Board to the Coastal Engineering Research Center see section 426–1 of this title.

§ 426d. Payment of expenses

Any expenses incident and necessary in the undertaking of the general investigations authorized by sections 426a to 426d of this title may be paid from funds appropriated prior to or after July 31, 1945, for examinations, surveys, and contingencies for rivers and harbors.

(July 31, 1945, ch. 334, § 4, 59 Stat. 508.)

§ 426e. Federal aid in protection of shores

(a) Declaration of policy

With the purpose of preventing damage to the shores and beaches of the United States, its Territories and possessions and promoting and encouraging the healthful recreation of the people, it is declared to be the policy of the United States, subject to sections 426e to 426h–1 of this title, to promote shore protection projects and related research that encourage the protection, restoration, and enhancement of sandy beaches, including beach restoration and periodic beach nourishment, on a comprehensive and coordinated basis by the Federal Government, States, localities, and private enterprises. In carrying out this policy, preference shall be given to areas in which there has been a Federal investment of funds and areas with respect to which the need for prevention or mitigation of damage to shores and beaches is attributable to Federal navigation projects or other Federal activities.

(b) Federal contribution; maximum amount; exceptions

The Federal contribution in the case of any project referred to in subsection (a) shall not exceed one-half of the cost of the project, and the remainder shall be paid by the State, municipality, or other political subdivision in which the project is located, except that (1) the costs allocated to the restoration and protection of Federal property shall be borne fully by the Federal Government, (2) Federal participation in the cost of a project for restoration and protection of State, county, and other publicly owned shore parks and conservation areas may be, in the discretion of the Chief of Engineers, not more than 70 per centum of the total cost exclusive of land costs, when such areas: Include a zone which excludes permanent human habitation; include but are not limited to recreational beaches; satisfy adequate criteria for conservation and development of the natural resources of the environment; extend landward a sufficient distance to include, where appropriate, protective dunes, bluffs, or other natural features which serve to protect the uplands from damage; and provide essentially full park facilities for appropriate public use, all of which shall meet with the approval of the Chief of Engineers, and (3) Federal participation in the cost of a project providing hurricane protection may be, in the discretion of the Secretary, not more than 70 per centum of the total cost exclusive of land costs.

(c) Periodic beach nourishment; “construction” defined

When in the opinion of the Chief of Engineers the most suitable and economical remedial measures would be provided by periodic beach nourishment, the term “construction” may be construed for the purposes of sections 426e to 426h–1 of this title to include the deposit of sand fill at suitable intervals of time to furnish sand supply to project shores for a length of time specified by the Chief of Engineers.

(d) Shores other than public

Shores other than public will be eligible for Federal assistance if there is benefit such as that arising from public use or from the protection of nearby public property or if the benefits to those shores are incidental to the project, and the Federal contribution to the project shall be adjusted in accordance with the degree of such benefits.

(e) Authorization of projects

(1) In general

No Federal contributions shall be made with respect to a project under sections 426e to 426h–1 of this title unless the plan therefor shall have been specifically adopted and authorized by Congress after investigation and study by the Coastal Engineering Research Center under the provisions of section 426 of this title as amended and supplemented, or, in the case of a small project under section 426g or 426h of this title, unless the plan therefor has been approved by the Chief of Engineers.

(2) Studies

(A) In general

The Secretary shall—

(i) recommend to Congress studies concerning shore protection projects that meet the criteria established under sec-
§ 426e

recommendations for shore protection projects

(A) In general
The Secretary shall construct, or cause to be constructed, any shore protection project under this paragraph, the Secretary shall—
(i) determine whether there is any other project being carried out by the Secretary or the head of another Federal agency that may be complementary to the shore protection project; and
(ii) if there is such a complementary project, describe the efforts that will be made to coordinate the projects.

(B) Agreements

(i) Requirement
After authorization by Congress, and before commencement of construction, of a shore protection project or separable element, the Secretary shall enter into a written agreement with a non-Federal interest with respect to the project or separable element.

(ii) Terms
The agreement shall—
(I) specify the life of the project; and
(II) ensure that the Federal Government and the non-Federal interest will cooperate in carrying out the project or separable element.

(C) Coordination of projects
In constructing a shore protection project or separable element under this paragraph, the Secretary shall, to the extent practicable, coordinate the project or element with any complementary project identified under paragraph (2)(C).

(Oct. 12, 1996, 110 Stat. 3698, 3703.)

Editorial Notes
References in Text
Section 426h of this title, referred to in subsec. (e)(1), was repealed by Pub. L. 110–114, title II, §2038(b), Nov. 8, 2007, 121 Stat. 1100.

Amendments
1996—Subsec. (a). Pub. L. 104–303, §227(a), inserted “and beaches” after “damage to the shores” and substituted “sections 426e to 426h–1 of this title” for “this section” in opening sentence and for “to sections 426e to 426h–1 of this title” in subsecs. (a) and (c). Pub. L. 104–303, §227(b)(3), substituted “Secretary” for “Secretary of the Army, acting through the Chief of Engineers,” and struck out second period at end.

Subsec. (b). Pub. L. 104–303, §227(b)(2)(B), inserted subsec. heading, designated existing provisions as pars. (1) and (2), and added cl. (3).

1970—Subsec. (b). Pub. L. 91–611, in section 426h, substituted “Secretary” for “Secretary of the Army, acting through the Chief of Engineers,” and struck out second period at end.

Subsec. (e). Pub. L. 87–874, §103(a)(3), required approval of plans by Chief of Engineers in case of a small project under section 426h of this title.

1956—Act July 28, 1956, extended assistance to privately owned shores, to include shores of Territories
and possessions, substituted “restoration” for “improvement”, defined “construction”, and struck out provisions which authorized Federal aid toward the repair and protection of seawalls constructed by political subdivisions to protect important public highways.

**Statutory Notes and Related Subsidiaries**

**BEACH RECREATION**

Pub. L. 106–541, title II, §220, Dec. 11, 2000, 114 Stat. 2596, provided that: “Not later than 1 year after the date of enactment of this Act [Dec. 11, 2000], the Secretary shall develop and implement procedures to ensure that all of the benefits of a beach restoration project, including those benefits attributable to recreation, hurricane and storm damage reduction, and environmental protection and restoration, are displayed in reports for such projects.”

**SHORE MANAGEMENT PROGRAM**

Pub. L. 106–541, title II, §213, Aug. 17, 1999, 113 Stat. 291, required the Secretary to review the implementation of the Corps of Engineers shore management program, with particular attention to inconsistencies in implementation among the divisions and districts of the Corps of Engineers and complaints by or potential inequities regarding property owners in the Savannah District during the 5-year period preceding Aug. 17, 1999, and directed the Secretary to submit to Congress a report of the review by Aug. 17, 1999.

**REPORT ON SHORES OF THE UNITED STATES**

Pub. L. 106–541, title II, §215(c), Aug. 17, 1999, 113 Stat. 293, required the Secretary to report to Congress, not later than 3 years after Aug. 17, 1999, on the state of the shores of the United States and specified the contents of such report and the use of specific location data.

**REPORT TO CONGRESS ON SHORELINE PROTECTION PROGRAMS**

Pub. L. 101–640, title III, §309, Nov. 28, 1990, 104 Stat. 4638, provided that not later than 1 year after Nov. 28, 1990, the Secretary was to transmit to Congress a report on the advisability of not participating in the planning, implementation, or maintenance of any beach stabilization or renourishment project involving Federal funds unless the State in which the proposed project would be located had established or committed Federal funds unless the State in which the proposed project would be located had established or committed

**§ 426e–1. Shore protection projects**

**(a) In general**

In accordance with the Act of July 3, 1930 (33 U.S.C. 426) of this title, and notwithstanding administrative actions, it is the policy of the United States to promote beach nourishment for the purposes of flood damage reduction and hurricane and storm damage reduction and related research that encourage the protection, restoration, and enhancement of sandy beaches, including beach restoration and periodic beach renourishment for a period of 50 years, on a comprehensive and coordinated basis by the Federal Government, States, localities, and private enterprises.

**(b) Preference**

In carrying out the policy under subsection (a), preference shall be given to—

(1) areas in which there has been a Federal investment of funds for the purposes described in subsection (a); and

(2) areas with respect to which the need for prevention or mitigation of damage to shores and beaches is attributable to Federal navigation projects or other Federal activities.

**(c) Applicability**

The Secretary shall apply the policy under subsection (a) to each shore protection and beach renourishment project (including shore protection and beach renourishment projects constructed before November 8, 2007).

**Editorial Notes**

**References in Text**

**Statutory Notes and Related Subsidiaries**

**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110–114, set out as a note under section 2201 of this title.

**§ 426e–2. Clarification of munition disposal authorities**

**(a) In general**

The Secretary may, at full Federal expense, implement any response action the Secretary determines to be necessary at a site where—

(1) the Secretary has carried out a project under civil works authority of the Secretary that includes placing sand on a beach; and

(2) as a result of the project described in paragraph (1), military munitions that were originally released as a result of Department of Defense activities are deposited on the beach, posing a threat to human health or the environment.

**(b) Response action funding**

A response action described in subsection (a) shall be reimbursed from amounts made available to the agency within the Department of Defense responsible for the original release of the munitions.

**Editorial Notes**

**Amendments**

Subsec. (b). Pub. L. 114–322, §1154(2), substituted “reimbursed” for “funded”.

**Statutory Notes and Related Subsidiaries**

**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110–114, set out as a note under section 2201 of this title.

**§ 426e–3. Coastal storm damage reduction contracts**

For any project for coastal storm damage reduction, the Secretary may seek input from a
non-Federal interest for a project that may be affected by the timing of the coastal storm damage reduction activities under the project, in order to minimize, to the maximum extent practicable, any negative effects resulting from the timing of those activities.

Statutory Notes and Related Subsidiaries

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

§ 426f. Reimbursements

(a) In general

The Secretary is authorized to reimburse non-Federal interests for work done by them, after initiation of the survey studies which form the basis for the project or separable element of the project, on authorized projects or separable elements which individually do not exceed $1,000,000 in cost, and projects or separable elements is approved by the Chief of Engineers as being in accordance with the authorized projects or separable elements: Provided further. That such reimbursement shall be subject to appropriations applicable thereto or funds available therefor and shall not take precedence over other pending projects or separable elements of higher priority for improvements.

(b) Agreements

(1) Requirement

After authorization of reimbursement by the Secretary under this section, and before commencement of construction, of a shore protection project, the Secretary shall enter into a written agreement with the non-Federal interest with respect to the project or separable element.

(2) Terms

The agreement shall—
(A) specify the life of the project; and
(B) ensure that the Federal Government and the non-Federal interest will cooperate in carrying out the project or separable element.

Editorial Notes

Amendments

1996—Pub. L. 104–303 inserted section catchline, designated existing provisions as subsection (a), inserted heading, substituted “Secretary” for “Secretary of the Army”, and “non-Federal interests” for “local interests”, inserted “or separable element of the project” after “project”, inserted “or separable elements” after “projects” wherever appearing, and added subsec. (b).

1962—Pub. L. 87–874 substituted provisions which authorize the Secretary of the Army to reimburse local interests for work done on authorized projects which individually do not exceed $1,000,000 in cost, and provide that such reimbursement shall be subject to applicable appropriations or available funds and not take priority over pending projects of higher priority, for provisions which authorized the Chief of Engineers to cause to be paid to the political subdivision involved the amount authorized by Congress.

1956—Act July 26, 1956, substituted “or other political subdivision involved” for “or political subdivision”.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation.

§ 426g. Storm and hurricane restoration and impact minimization program

(a) Construction of small shore and beach restoration and protection projects

(1) In general

The Secretary may carry out a program for the construction of small shore and beach restoration and protection projects not specifically authorized by Congress that otherwise comply with section 426e of this title if the Secretary determines that such construction is advisable.

(2) Local cooperation

The local cooperation requirement of section 426e of this title shall apply to a project under this section.

(3) Completeness

A project under this subsection—
(A) shall be complete; and
(B) shall not commit the United States to any additional improvement to ensure the successful operation of the project; except for participation in periodic beach nourishment in accordance with—
(i) section 426e of this title; and
(ii) the procedure for projects authorized after submission of a survey report.

(b) National shoreline erosion control development and demonstration program

(1) In general

The Secretary shall conduct under the program authorized by subsection (a) a national shoreline erosion control development and demonstration program (referred to in this section as the “demonstration program”).
(2) Requirements

(A) In general
The demonstration program shall include provisions for—
(i) projects consisting of planning, design, construction, and monitoring of prototype engineered and native and naturalized vegetative shoreline erosion control devices and methods;
(ii) monitoring of the applicable prototypes;
(iii) detailed engineering and environmental reports on the results of each project carried out under the demonstration program; and
(iv) technology transfers, as appropriate, to private property owners, State and local entities, nonprofit educational institutions, and nongovernmental organizations.

(B) Determination of feasibility
A project under the demonstration program shall not be carried out until the Secretary determines that the project is feasible.

(C) Emphasis
A project under the demonstration program shall emphasize, to the maximum extent practicable—
(i) the development and demonstration of innovative technologies;
(ii) efficient designs to prevent erosion at a shoreline site, taking into account the lifecycle cost of the design, including cleanup, maintenance, and amortization;
(iii) new and enhanced shore protection project design and project formulation tools the purposes of which are to improve the physical performance, and lower the lifecycle costs, of the projects;
(iv) natural designs, including the use of native and naturalized vegetation or temporary structures that minimize permanent structural alterations to the shoreline;
(v) the avoidance of negative impacts to adjacent shorefront communities;
(vi) in areas with substantial residential or commercial interests located adjacent to the shoreline, designs that do not impair the aesthetic appeal of the interests;
(vii) the potential for long-term protection afforded by the technology; and
(viii) recommendations developed from evaluations of the program established under the Shoreline Erosion Control Demonstration Act of 1971 (42 U.S.C. 1962–5 note).2 Including—
(I) adequate consideration of the subgrade;
(II) proper filtration;
(III) durable components;
(IV) adequate connection between units; and
(V) consideration of additional relevant information.

(D) Sites

(i) In general
Each project under the demonstration program may be carried out at—
(I) a privately owned site with substantial public access; or
(II) a publicly owned site on open coast or in tidal waters.

(ii) Selection
The Secretary shall develop criteria for the selection of sites for projects under the demonstration program, including criteria based on—
(I) a variety of geographic and climatic conditions;
(II) the size of the population that is dependent on the beaches for recreation or the protection of private property or public infrastructure;
(III) the rate of erosion;
(IV) significant natural resources or habitats and environmentally sensitive areas; and
(V) significant threatened historic structures or landmarks.

(3) Consultation
The Secretary shall carry out the demonstration program in consultation with—
(A) the Secretary of Agriculture, particularly with respect to native and naturalized vegetative means of preventing and controlling shoreline erosion;
(B) Federal, State, and local agencies;
(C) private organizations;
(D) the Coastal Engineering Research Center established by section 426–1 of this title; and
(E) applicable university research facilities.

(4) Completion of demonstration
After carrying out the initial construction and evaluation of the performance and cost of a project under the demonstration program, the Secretary may—
(A) amend, at the request of a non-Federal interest of the project, the partnership agreement for a federally authorized shore protection project in existence on the date on which initial construction of the project under the demonstration program is complete to incorporate the project constructed under the demonstration program as a feature of the shore protection project, with the future cost sharing of the project constructed under the demonstration program to be determined by the project purposes of the shore protection project; or
(B) transfer all interest in and responsibility for the completed project constructed under the demonstration program to a non-Federal interest or another Federal agency.

(5) Agreements
The Secretary may enter into a partnership agreement with the non-Federal interest or a cooperative agreement with the head of another Federal agency under the demonstration program—
(A) to share the costs of construction, operation, maintenance, and monitoring of a project under the demonstration program;
(B) to share the costs of removing the project, or element of the project if the Secretary determines that the project or element of the project is detrimental to public or private property, public infrastructure, or public safety; or

(C) to specify ownership of the completed project if the Secretary determines that the completed project will not be part of a Corps of Engineers project.

(6) Report

Not later than December 31, 2008, and every 3 years thereafter, the Secretary shall prepare and submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report describing—

(A) the activities carried out and accomplishments made under the demonstration program since the previous report under this paragraph; and

(B) any recommendations of the Secretary relating to the program.

(c) Authorization of appropriations

(1) In general

Subject to paragraph (2), the Secretary may expend, from any appropriations made available to the Secretary for the purpose of carrying out civil works, not more than $37,500,000 during any fiscal year to pay the Federal share of the costs of construction of small shore and beach restoration and protection projects or small projects under this section.

(2) Limitation

The total amount expended for a project under this section shall—

(A) be sufficient to pay the cost of Federal participation in the project (including periodic nourishment as provided for under section 426c of this title), as determined by the Secretary; and

(B) be not more than $10,000,000.

Editorial Notes

References in Text

Amendments

2016—Subsec. (c)(2)(B). Pub. L. 114–322 substituted “$10,000,000” for “$5,000,000.”

1999—Pub. L. 106–53 substituted “$3,000,000” for “$2,000,000.”

1996—Pub. L. 104–303 substituted “Secretary” for “Secretary of the Army.”

1986—Pub. L. 99–662 substituted “$30,000,000” for “$25,000,000” and “$2,000,000” for “$1,000,000.”

1970—Pub. L. 91–611 increased authorized annual allotment for Federal share of project construction costs from $10,000,000 to $25,000,000 and the limitation on allotment for any single project from $500,000 to $1,000,000.

1965—Pub. L. 89–298 increased authorized annual allotment for Federal share of project construction costs from $3,000,000 to $10,000,000 and the limitation on allotment for any single project from $400,000 to $500,000.

1962—Pub. L. 87–874 substituted provisions which authorize the Secretary of the Army to undertake small shore and beach projects not specifically authorized by Congress, which otherwise comply with section 426c of this title, and to allot from any civil works appropriations hereafter made, an amount not to exceed $3,000,000 for the Federal share of such projects in one fiscal year, provide that no such single project shall be allotted more than $600,000, including periodic nourishment, that provisions of local cooperation shall apply, and that the work shall be complete and not commit the United States to any additional improvement except for periodic beach nourishment, and as may result from procedure applying to projects authorized after submission of survey reports, for provisions which permitted the Chief of Engineers to make advance payments, not exceeding the United States portion of the value of the labor and materials actually put in, and to undertake construction of restoration and protective works under sections 426c to 426h of this title upon the request of, and contribution of funds by, the interested political subdivision.

1956—Act July 29, 1956, substituted “restoration and protective works under sections 426c to 426h of this title” for “improvement and protective works”.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War redesignated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 305(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1414, 70A Stat. 641. Section 1 of act Aug. 10, 1956, which enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Effective Date of 1986 Amendment

Pub. L. 99–662, title IX, §915(i), Nov. 17, 1986, 100 Stat. 4191, provided that: “The amendments made by this title shall not apply to any project under contract for construction on the date of enactment of this Act [Nov. 17, 1986].”

Effective Date of 1970 Amendment

Pub. L. 91–611, title I, §112(c), Dec. 31, 1970, 84 Stat. 1821, provided that: “The amendments made by this section [amending this section and sections 426c, 577, 603a, 701g, 701r, and 701s of this title] shall not apply to any project under contract for construction on the date of enactment of this Act [Dec. 31, 1970].”

Transfer of Functions

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of
§ 426i. Shore damage prevention or mitigation

(a) In general

The Secretary of the Army is authorized to investigate, study, plan, and implement structural and nonstructural measures for the prevention or mitigation of shore damages attributable to Federal navigation works and shore damage attributable to the Atlantic Intracoastal Waterway and the Gulf Intracoastal Waterway, if a non-Federal public body agrees to operate and maintain such measures, and, in the case of interests in real property acquired in conjunction with nonstructural measures, to operate and maintain the property for public purposes in accordance with regulations prescribed by the Secretary.

(b) Cost sharing

The costs of implementing measures, including a study, shall be cost-shared in the same proportion as the cost-sharing provisions applicable to construction of the project causing the shore damage.

(c) Requirement for specific authorization

No such project shall be initiated without specific authorization by Congress if the Federal first cost exceeds $25,000,000.
(d) Coordination

The Secretary shall—

(1) coordinate the implementation of the measures under this section with other Federal and non-Federal shore protection projects in the same geographic area; and

(2) to the extent practicable, combine mitigation projects with other shore protection projects in the same area into a comprehensive regional project.

(e) Reimbursement for feasibility studies

Beginning on December 16, 2016, in any case in which the Secretary implements a project under this section, the Secretary shall reimburse or credit the non-Federal interest for any amounts contributed for the study evaluating the damage in excess of the non-Federal share of the costs, as determined under subsection (b).

Sec. 426i. National coastal data bank

(1) Establishment of data bank

Not later than 2 years after August 17, 1999, the Secretary shall establish a national coastal data bank containing data on the geophysical and climatological characteristics of the shores of the United States.

(2) Content

To the extent practicable, the national coastal data bank shall include data regarding current and predicted shore positions, information on federally authorized shore protection projects, and data on the movement of sand along the shores of the United States, including impediments to such movement caused by natural and manmade features.

(3) Access

The national coastal data bank shall be made readily accessible to the public.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 106–53, set out as a note under section 2281 of this title.

Statutory Notes and Related Subsidiaries

EXISTING PROJECTS

may complete any project being carried out under section 145 of the Water Resources Development Act of 1976 [this section] on the day before the date of enactment of this Act [Nov. 8, 2007].

§ 426k. Five year demonstration program to temporarily increase diversion of water from Lake Michigan at Chicago, Illinois

(a) Authorization of Secretary of the Army; purpose; amounts of increase; incremental accomplishment; effects on Illinois Waterway; responsibilities for development, implementation, and supervision

In order to alleviate water damage on the shoreline of Lake Michigan and others of the Great Lakes during periods of abnormally high water levels in the Great Lakes, and to improve the water quality of the Illinois Waterway, the Secretary of the Army, acting through the Chief of Engineers, is authorized to carry out a five-year demonstration program to temporarily increase the diversion of water from Lake Michigan at Chicago, Illinois, for the purpose of testing the practicability of increasing the average annual diversion from the present limit of three thousand two hundred cubic feet per second to ten thousand cubic feet per second. The demonstration program will increase the controllable diversion by various amounts calculated to raise the average annual diversion above three thousand two hundred cubic feet per second up to ten thousand cubic feet per second. The increase in diversion rate will be accomplished incrementally and will take into consideration the effects of such increase on the Illinois Waterway. The program will be developed by the Chief of Engineers in cooperation with the State of Illinois and the Metropolitan Sanitary District of Greater Chicago under the supervision of the Chief of Engineers.

(b) Establishment of monthly controllable diversion rates; average annual level of Lake Michigan and total diversion for succeeding accounting year

During the demonstration program a controllable diversion rate will be established for each month to assure maximum protection of the natural environment and to hold shoreline damage to a minimum.

(c) River stages approaching bankfull conditions on Illinois Waterway or Mississippi River or further increased diversion adversely affecting St. Lawrence Seaway water levels: limitation on diversion

When river stages approach or are predicted to approach bankfull conditions at the established flood warning stations on the Illinois Waterway or the Mississippi River, or when further increased diversion of water from Lake Michigan would adversely affect water levels necessary for navigational requirements of the Saint Lawrence Seaway in its entirety throughout the Saint Lawrence River and Great Lakes-Saint Lawrence Seaway, water shall not be diverted directly from Lake Michigan at the Wilmette, O’Brien, or Chicago River control structures other than as necessary for navigational requirements.

(d) Additional study and demonstration program: determination of effects on Great Lakes levels and Illinois Waterway water quality and susceptibility to additional flooding and investigation of other adverse or beneficial impacts; report and recommendations to Congress

The Chief of Engineers shall conduct a study and a demonstration program to determine the effects of the increased diversion on the levels of the Great Lakes, on the water quality of the Illinois Waterway, and on the susceptibility of the Illinois Waterway to additional flooding. The study and demonstration program will also investigate any adverse or beneficial impacts which result from this section. The Chief of Engineers, at the end of five years after October 22, 1976, will submit to the Congress the results of this study and demonstration program including recommendations whether to continue this authority or to change the criteria stated in subsection (b) of this section.

(e) “Controllable diversion” defined

For purposes of this section, controllable diversion is defined as that diversion at Wilmette, O’Brien, and Chicago River control structures which is not attributable to leakage or which is not necessary for navigational requirements.

§ 426l. Protection of Lake Ontario

(a) Plan for shoreline protection and beach erosion control; report to Congress

The Secretary of the Army, acting through the Chief of Engineers, is directed to develop a plan for shoreline protection and beach erosion control along Lake Ontario, and report on such plan to the Congress as soon as practicable. Such report shall include recommendations on measures of protection and proposals for equitable cost sharing, together with recommendations for regulating the level of Lake Ontario to assure maximum protection of the natural environment and to hold shoreline damage to a minimum.

(b) Minimization of damage and erosion to Lake Ontario shoreline

Until the Congress receives and acts upon the report required under subsection (a) of this section, all Federal agencies having responsibilities affecting the level of Lake Ontario shall, consistent with existing authority, make every effort to discharge such responsibilities in a manner so as to minimize damage and erosion to the shoreline of Lake Ontario.

(c) Authorization of appropriations

There is authorized to be appropriated to carry out this section $2,000,000.
§ 426m. Collection and removal of drift and debris from publicly maintained commercial boat harbors and adjacent land and water areas

(a) Congressional findings

The Congress finds that drift and debris on or in publicly maintained commercial boat harbors and the land and water areas immediately adjacent thereto threaten navigational safety, public health, recreation, and the harborfront environment.

(b) Responsibility of Secretary of the Army for development of projects; project undertakings exempt from specific Congressional approval

(1) The Secretary of the Army, acting through the Chief of Engineers, shall be responsible for developing projects for the collection and removal of drift and debris from publicly maintained commercial boat harbors and from land and water areas immediately adjacent thereto.

(2) The Secretary of the Army, acting through the Chief of Engineers, is authorized to undertake projects developed under paragraph (1) of this subsection without specific congressional approval when the total Federal cost for the project is less than $400,000.

(c) Federal share of costs; responsibility of non-Federal interests in future project development to recover cost or repair sources

The Federal share of the cost of any project developed pursuant to subsection (b) of this section shall be two-thirds of the cost of the project. The remainder of such costs shall be paid by the State, municipality, or other political subdivision in which the project is to be located, except that any costs associated with the collections and removal of drift and debris from federally owned lands shall be borne by the Federal Government. Non-Federal interests in future project development under subsection (b) of this section shall be required to recover the full cost of drift or debris removal from any identified owner of piers or other potential sources of drift or debris, or to repair such sources so that they no longer create a potential source of drift or debris.

(d) Responsibility for providing lands, easements, and right-of-way necessary for projects; agreement to maintain projects and hold United States free from damages; regulation of project area following project completion; technical advice

Any State, municipality, or other political subdivision where any project developed pursuant to subsection (b) of this section is located shall provide all lands, easements, and right-of-way necessary for the project, including suitable access and disposal areas, and shall agree to maintain such projects and hold and save the United States free from any damages which may result from the non-Federal sponsor’s performance of, or failure to perform, any of its required responsibilities of cooperation for the project. Non-Federal responsibility shall agree to regulate any project area following project completion so that such area will not become a future source of drift and debris. The Chief of Engineers shall provide technical advice to non-Federal interests on the implementation of this subsection.

(e) Definitions

For the purposes of this section—

(1) the term “drift” includes any buoyant material that, when floating in the navigable waters of the United States, may cause damage to a commercial or recreational vessel; and

(2) the term “debris” includes any abandoned or dilapidated structure or any sunken vessel or other object that can reasonably be expected to collapse or otherwise enter the navigable waters of the United States as drift within a reasonable period.

(f) Authorization of appropriations

There is authorized to be appropriated to carry out this section such sums as may be necessary for fiscal years beginning after September 30, 1986.

Editorial Notes

AMENDMENTS

1986—Subsec. (f). Pub. L. 99–662 amended subsec. (f) generally, substituting “such sums as may be necessary for fiscal years beginning after Sept. 30, 1986” for “not to exceed $4,000,000 per fiscal year for fiscal years 1978 and 1979”.

§ 426n. Technical assistance to States and local governments; cost sharing

(a) Upon request of the Governor of a State, or the appropriate official of local government, the Secretary is authorized to provide designs, plans, and specifications, and such other technical assistance as he deems advisable to such State or local government for its use in carrying out—

(1) projects for removing accumulated snags and other debris, and clearing and straightening channels in navigable streams and tributaries thereof; and

(2) projects for renovating navigable streams and tributaries thereof by means of predominantly nonstructural methods judged by the Secretary to be cost effective, for the purpose of improved drainage, water quality, and habitat diversity.

(b) The non-Federal share of the cost of any designs, plans, specifications or technical assistance provided under subsection (a) shall be 50 percent.

Secretary means the Secretary of the Army, see section 2201 of this title.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

1 So in original.
§ 426o. Great Lakes material disposal

In planning and implementing any navigation project (including maintenance thereof) on the Great Lakes and adjacent waters, the Secretary shall consult and cooperate with concerned States in selecting disposal areas for dredged material which is suitable for beach nourishment.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 426o–1. Great Lakes dredging levels adjustment

(a) Definition of Great Lake

In this section, the term “Great Lake” means Lake Superior, Lake Michigan, Lake Huron (including Lake St. Clair), Lake Erie, and Lake Ontario (including the St. Lawrence River to the 45th parallel of latitude).

(b) Dredging levels

In operating and maintaining Federal channels and harbors of, and the connecting channels between, the Great Lakes, the Secretary shall conduct such dredging as is necessary to ensure minimal operation depths consistent with the original authorized depths of the channels and harbors when water levels in the Great Lakes are, or are forecast to be, below the International Great Lakes Datum of 1985.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110–114, set out as a note under section 2201 of this title.

§ 426p. Corps of Engineers

(a) Technical and other assistance

The Secretary of the Army may—

(1) provide emergency assistance to prevent or reduce damage attributable to high water levels in the Great Lakes, including provision of sandbags, sheeting, and stones and other armoring devices (taking account of flooding and erosion of other property which may be caused by such activity) but not including construction of permanent structures;

(2) provide technical assistance to individuals and local governments with respect to measures to prevent or reduce such damage; and

(3) compile and disseminate information on—

(A) water levels of the Great Lakes,

(B) techniques for prevention or reduction of such damage, and

(C) emergency relief available to persons who suffer economic injury attributable to high water levels in the Great Lakes.

(b) Issuance of permits

(1) Consideration of flooding and erosion

In issuing a permit under—

(A) section 403 of this title; or

(B) section 1344 of this title;

for any activity carried out with assistance under this title, the Secretary of the Army shall take account of flooding and erosion of other property which may be caused by such activity.

(2) Bank stabilization

(A) General rule

In issuing permits under sections 403 and 1344 of this title for a project involving dredging of any portion of the Great Lakes, the Secretary of the Army shall, if feasible, encourage for bank stabilization purposes the disposal of nonhazardous compatible sand from such project on shorelines affected by erosion.

(B) Consultation

In carrying out subparagraph (A), the Secretary of the Army shall consult affected State and local governments.

§427 to 430

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Page 74

Section 427, act June 26, 1936, ch. 489, §4, 49 Stat. 1982, related to improvement and protection of beaches and defined "beach";

Section 428, act June 26, 1936, ch. 489, §2, 49 Stat. 1982, related to investigations by Beach Erosion Board and duties of Board. See section 426-1 of this title.

Section 429, act June 26, 1936, ch. 489, §3, 49 Stat. 1983, related to investigative reports by Beach Erosion Board. See section 426-1 of this title.

Section 430, act June 26, 1936, ch. 489, §4, 49 Stat. 1983, related to payment of expenses incident to investigations by Board. See section 426-1 of this title.

SUBCHAPTER II—OIL POLLUTION OF COASTAL WATERS

Section 437, acts June 7, 1924, ch. 316, §8, 43 Stat. 606; Nov. 3, 1966, Pub. L. 89–78, title II, §211(a), 80 Stat. 1254, related to effect of this subchapter on preexisting laws for preservation and protection of navigable waters.

See section 1251 et seq. of this title.

SUBCHAPTER III—NEW YORK HARBOR, HARBOR OF HAMPTON ROADS, AND HARBOR OF BALTIMORE

§441. Deposit of refuse prohibited; penalty

The placing, discharging, or depositing, by any process or in any manner, of refuse, dirt, ashes, cinders, mud, sand, dredgings, sludge, acid, or any other matter of any kind, other than that flowing from streets, sewers, and passing therefrom in a liquid state, in the waters of any harbor subject to this subchapter, within the limits which shall be prescribed by the supervisor of the harbor, is strictly forbidden, and every such act is made a misdemeanor, and every person engaged in or who shall aid, abet, authorize, or instigate a violation of this section, shall, upon conviction, be punishable by fine or imprisonment, or both, such fine to be not less than $250 nor more than $2,500, and the imprisonment to be not less than thirty days nor more than one year, either or both united, as the judge before whom conviction is obtained shall decide, one-half of said fine to be paid to the person or persons giving information which shall lead to conviction of this misdemeanor.
§ 442. Liability of officers of towing vessel

Any and every master and engineer, or person or persons acting in such capacity, respectively, on board of any boat or vessel, who shall knowingly engage in towing any scow, boat, or vessel loaded with any such prohibited matter to any point or place elsewhere than within the limits of any harbor subject to this subchapter, or to any point or place elsewhere than within the limits defined and permitted by the supervisor of the harbor, shall be deemed guilty of a violation of section 441 of this title, and shall, upon conviction, be punishable as provided for offenses in violation of section 441 of this title, and shall also have his license revoked or suspended for a term to be fixed by the judge before whom tried and convicted.

§ 443. Permit for dumping; penalty for taking or towing boat or scow without permit

In all cases of receiving on board of any scows or boats such forbidden matter or substance as described in section 441 of this title, the owner or master, or person acting in such capacity on board of such scows or boats, before proceeding to take or tow the same to the place of deposit, shall apply for and obtain from the supervisor of the harbor appointed, as provided in section 451 of this title, a permit defining the precise limits within which the discharge of such scows or boats may be made; and it shall not be lawful for the owner or master, or person acting in such capacity, of any tug or towboat to tow or move any scow or boat so loaded with such forbidden matter until such permit shall have been obtained; and every person violating the foregoing provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than $1,000 nor less than $500, and in addition thereto the master of any tug or towboat so offending shall have his license revoked or suspended for a term to be fixed by the judge before whom tried and convicted.

The text contains legal statutes and regulations related to maritime safety and enforcement. It discusses the duties of supervisors and inspectors in enforcing the Act, the penalties for various violations, and the responsibilities of master, owners, and employees in maintaining safety and proper disposal of materials.

Specifically, it mentions:

- The supervisor of the harbor and his inspectors are authorized to prevent the discharge of prohibited materials.
- The inspector or his deputy is responsible for making an arrest when necessary on suspicion of dumping.
- The act provides for the seizure of boats and equipment involved in the dumping.
- The penalties include fines and imprisonment for violations of the Act.

The text also references other sections of the Act and related statutes, indicating a comprehensive legal framework for maritime activities and pollution control.
any kind whatsoever shall operate to release the owners and master and employees of scows and towboats from the penalties mentioned in section 441 of this title.

(June 29, 1888, ch. 496, § 3, 25 Stat. 299; Aug. 18, 1894, ch. 299, § 3, 28 Stat. 360; May 28, 1908, ch. 212, § 8, 35 Stat. 426.)

**Editorial Notes**

**References in Text**

This Act, referred to in text, is act Aug. 18, 1894, ch. 299, § 3, which enacted sections 443 to 448 of this title. For complete classification of this Act to the Code, see Tables.

**Codification**

Section was enacted as part of section 3 of act June 29, 1888. Said section 3 of act June 29, 1888, enacted sections 443 to 448 of this title. See Codification note set out under section 443 of this title.

§ 445. Equipment and marking of boats or scows

Every scow or boat engaged in the transportation of dredgings, earth, sand, mud, cellar dirt, garbage, or other offensive material of any description shall have its name or number and owner’s name painted in letters and numbers at least fourteen inches long on both sides of the scow or boat; these names and numbers shall be kept distinctly legible at all times, and no scow or boat not so marked shall be used to transport or dump any such material. Each such scow or boat shall be equipped at all times with a life line or rope extending at least the length of and three feet above the deck thereof, such rope to be attached to the coaming thereof, also with a three feet above the deck thereof, said rope to be attached to the coaming thereof, also with a life preserver and a life buoy for each person on board thereof; a list of the names of all men employed on any such scow or boat shall be kept by the owner or master thereof and the said list shall be open to the inspection of all parties. Failure to comply with any of the foregoing provisions shall render the owner of such scow or boat liable upon conviction thereof to a penalty of not more than $500: Provided, That the requirements in regard to life line or rope contained in this section shall not apply to any scow or boat the deck of which shall not exceed one foot in width: And provided further, That on any such scow or boat its name or number and owner’s name shall be painted in letters and numbers, at least fourteen inches long on both ends of such scow or boat, shall be a compliance with the provisions of this section in regard to name, number, and owner’s name.

**Editorial Notes**

**Codification**

Section was enacted as part of section 3 of act June 29, 1888. Said section 3 of act June 29, 1888, enacted sections 443 to 448 of this title. See Codification note set out under section 443 of this title.

Provisos are from act Feb. 16, 1909.

§ 446. Inspectors; appointment, powers, and duties

Each supervisor of a harbor is authorized and directed to appoint inspectors and deputy inspectors, and for the purposes of enforcing this subchapter and the Act of August 18, 1894, entitled “An Act making appropriations for the construction, repair, and preservation of certain public works on rivers and harbors, and for other purposes” (28 Stat. 338), and of detecting and bringing to punishment offenders against the same, the said supervisor of the harbor, and the inspectors and deputy inspectors so appointed by him, shall have power and authority.

First. To arrest and take into custody, with or without process, any person or persons who may commit any of the acts or offenses prohibited by this subchapter, or who may violate any of the provisions of the same: Provided, That no person shall be arrested without process for any offense not committed in the presence of the supervisor or his inspectors or deputy inspectors, or either of them: And provided further, That whenever any such arrest is made the person or persons so arrested shall be brought forthwith before a magistrate judge, judge, or court of the United States for examination of the offenses alleged against him; and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States.

Second. To go on board of any scow or towboat engaged in unlawful dumping of prohibited material, or in moving the same without a permit, as required in sections 443 to 448 of this title, or otherwise violating sections 443 to 448 of this title, and to seize and hold said boats until they are discharged by action of the magistrate judge, judge, or court of the United States before whom the offending persons are brought.

Third. To arrest and take into custody any witness or witnesses to such unlawful dumping of prohibited material, the said witnesses to be released under proper bonds.

Fourth. To go on board of any towboat having in tow scows or boats loaded with such prohibited material, and accompany the same to the place of dumping, whenever such action appears to be necessary to secure compliance with the requirements of this subchapter and of the Act aforesaid.

Fifth. To enter gas and oil works and all other manufacturing works for the purpose of discovering the disposition made of sludge, acid, or other injurious material, whenever there is good reason to believe that such sludge, acid, or other injurious material is allowed to run into tidal waters of the harbor in violation of section 441 of this title.

§ 447. Bribery of inspector; penalty

Every person who, directly or indirectly, gives any sum of money or other bribe, present, or reward, or makes any offer of the same to any inspector, deputy inspector, or other employee of the office of any supervisor of a harbor with intent to influence such inspector, deputy inspector, or other employee to permit or overlook any violation of the provisions of this subchapter, shall, on conviction thereof, be fined not less than $500 nor more than $1,000, and be imprisoned not less than six months nor more than one year.

Editorial Notes

Codification

Section was enacted as part of section 3 of act June 29, 1888. Said section 3 of act June 29, 1888, enacted sections 443 to 448 of this title. See Codification note set out under section 443 of this title.

Amendments

1888—Pub. L. 85–802 substituted “any supervisor of a harbor” for “the supervisor of the harbor”.

Statutory Notes and Related Subsidiaries

Effective Date of 1958 Amendment

Amendment by Pub. L. 85–802 effective on sixtieth day after Aug. 28, 1958, see section 2 of Pub. L. 85–802, set out as a note under section 441 of this title.

§ 448. Return of permit; penalty for failure to return

Every permit issued in accordance with the provisions of sections 443 to 448 of this title, which may not be taken up by an inspector or deputy inspector, shall be returned within four days after issuance to the office of the supervisor of the harbor; such permit shall bear an indorsement by the master of the towboat, or the person acting in such capacity, stating whether the permit has been used, and, if so, the time and place of dumping. Any person violating the provisions of this section shall be liable to a fine of not more than $500 nor less than $100.

Editorial Notes

References in Text

Sections 443 to 448 of this title, referred to in text, were in the original “this section of this Act”, meaning section 3 of act June 29, 1888, which enacted sections 443 to 448 of this title. The provision of section 3 relating to issuance of permits is classified to section 443 of this title.

Codification

Section was enacted as part of section 3 of act June 29, 1888. Said section 3 of act June 29, 1888, enacted sections 443 to 448 of this title. See Codification note set out under section 443 of this title.

§ 449. Disposition of dredged matter; persons liable; penalty

All mud, dirt, sand, dredgings, and material of every kind and description whatever taken, dredged, or excavated from any slip, basin, or shoal in any harbor subject to this subchapter, and placed on any boat, scow, or vessel for the purpose of being taken or towed upon the waters of that harbor to a place of deposit, shall be deposited and discharged at such place or within such limits as shall be defined and specified by the supervisor of the harbor, as in sections 443 to 448 of this title prescribed, and not otherwise. Every person, firm, or corporation being the owner of any slip, basin, or shoal, from which such mud, dirt, sand, dredgings, and material shall be taken, dredged, or excavated, and every person, firm, or corporation in any manner engaged in the work of dredging or excavating any such slip, basin, or shoal, or of removing such mud, dirt, sand, or dredgings therefrom, shall severally be responsible for the deposit and discharge of all such mud, dirt, sand, or dredgings at such place or within such limits so defined and prescribed by said supervisor of the harbor; and for every violation of the provisions of this section the person offending shall be guilty of an offense, and shall be punished by a fine equal to the sum of $5 for every cubic yard of mud, dirt, sand, dredgings, or material not deposited or discharged as required by this section.

Editorial Notes

References in Text

Sections 443 to 448 of this title, referred to in text, were in the original “the third section of this Act”, meaning section 3 of act June 29, 1888, which enacted sections 449 and 450 of this title. The provision of section 3 relating to specification of the limits within which to discharge is classified to section 443 of this title.

Codification

Section was enacted as part of section 4 of act June 29, 1888, which enacted sections 449 and 450 of this title.

Amendments

1958—Pub. L. 85–802 substituted “any harbor subject to this subchapter” for “the harbor of New York, or the waters adjacent or tributary thereto” and “the waters of that harbor” for “the waters of the harbor of New York”.

Statutory Notes and Related Subsidiaries

Effective Date of 1958 Amendment

Amendment by Pub. L. 85–802 effective on sixtieth day after Aug. 28, 1958, see section 2 of Pub. L. 85–802, set out as a note under section 441 of this title.

§ 450. Liability of vessel

Any boat or vessel used or employed in violating any provision of this subchapter, shall be liable to the pecuniary penalties imposed thereby, and may be proceeded against, summarily by way of libel in any district court of the United States having jurisdiction thereof.

(June 29, 1888, ch. 496, § 4, 25 Stat. 210.)

Editorial Notes

Codification

Section was enacted as part of section 4 of act June 29, 1888, which enacted sections 449 and 450 of this title.

§ 451. Supervisor of harbor; appointment and duties

An officer of the Corps of Engineers shall, for each harbor subject to this subchapter, be designated by the Secretary of the Army as supervisor of the harbor, to act under the direction of the Chief of Engineers in enforcing the provisions of this subchapter, and in detecting offenders against the same. Each such officer shall have personal charge and supervision under the Chief of Engineers, and shall direct the patrol boats and other means to detect and bring to punishment offenders against the provisions of this subchapter.

Editorial Notes

Amendments

1958—Pub. L. 85–802 inserted “for each harbor subject to this subchapter,” and substituted “Each such officer” for “This officer”.

1952—Act July 12, 1952, transferred enforcement responsibilities of this section from a Naval officer to the Army district engineer at New York.

1949—Act June 29, 1949, struck out “shall receive the sea-pay of his grade and” after “this officer”.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 691. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Effective Date of 1958 Amendment

Amendment by Pub. L. 85–802 effective on sixtieth day after Aug. 28, 1958, see section 2 of Pub. L. 85–802, set out as a note under section 441 of this title.

§ 451a. Harbors subject to this subchapter

The following harbors shall be subject to this subchapter:

(1) The harbor of New York.

(2) The harbor of Hampton Roads.

(3) The harbor of Baltimore.

Editorial Notes

Amendments

1958—Pub. L. 85–802 substituted provisions making harbors of New York, Hampton Roads, and Baltimore subject to this subchapter for appropriation provisions.

Statutory Notes and Related Subsidiaries

Effective Date of 1958 Amendment

Amendment by Pub. L. 85–802 effective on sixtieth day after Aug. 28, 1958, see section 2 of Pub. L. 85–802, set out as a note under section 441 of this title.

§ 451b. Waters included within subchapter

For the purposes of this subchapter—

(1) The term “harbor of New York” means the tidal waters of the harbor of New York, its adjacent and tributary waters, and those of Long Island Sound.

(2) The term “harbor of Hampton Roads” means the tidal waters of the harbors of Norfolk, Portsmouth, Newport News, Hampton Roads, and their adjacent and tributary waters, so much of the Chesapeake Bay and its tributaries as lies within the State of Virginia, and so much of the Atlantic Ocean and its tributaries as lies within the jurisdiction of the United States within or to the east of the State of Virginia.

(3) The term “harbor of Baltimore” means the tidal waters of the harbor of Baltimore and its adjacent and tributary waters, and so much of Chesapeake Bay and its tributaries as lies within the State of Maryland.

(June 29, 1888, ch. 496, § 7, as added Pub. L. 85–802, §1(8), Aug. 28, 1958, 72 Stat. 970.)
§ 452. Taking shellfish or otherwise interfering with navigation in New York Harbor channels; penalty; arrest and procedure

It shall be unlawful for any person or persons to engage in fishing or dredging for shellfish in any of the channels leading to and from the harbor of New York, or to interfere in any way with the safe navigation of those channels by ocean steamships and ships of deep draft.

Any person or persons violating the foregoing provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by fine or imprisonment, or both, such fine to be not more than $250 nor less than $50, and the imprisonment to be not more than six months nor less than thirty days, either or both united, as the judge before whom conviction is obtained shall decide.

It shall be the duty of the United States supervisor of the harbor to enforce this section, and the deputy inspectors of the said supervisor shall have authority to arrest and take into custody, with or without process, any person or persons, who may commit any of the acts or offenses prohibited by this section: Provided, That no person shall be arrested without process for any offense not committed in the presence of the supervisor or his inspector or deputy inspectors, or either of them: And provided further, That whenever any such arrest is made the person or persons so arrested shall be brought forthwith before a magistrate judge, judge, or court of the United States for examination of the offenses alleged against him; and such magistrate judge, judge or court shall proceed in respect thereto as authorized by law in case of crimes against the United States.

§ 454. Consent of Congress to obstruction of waters by New York City

The consent of Congress is given to the city of New York, in the State of New York, to obstruct navigation of any river or other waterway which does not form a connecting link between other navigable waters of the United States, and lying wholly within the limits of said city, by closing all or any portion of the same or by building structures in or over the same when the said city shall lawfully authorized to do so by the State of New York: Provided, however, That any such obstruction shall be unlawful unless the location and plans for the proposed work or works before the commencement thereof shall have been filed with and approved by the Secretary of the Army and Chief of Engineers; and when the plans for any such obstruction have been approved by the Chief of Engineers and by the Secretary of the Army it shall not be lawful to deviate from such plans either before or after the completion of such obstruction, unless the modification of such plans has previously been submitted to and received the approval of the Chief of Engineers and the Secretary of the Army: And provided further, That the city of New York shall be liable for any damage that may be inflicted upon private property by reason of any of the provisions of this section.

The right to alter, amend, or repeal this section is expressly reserved, and the United States shall incur no liability for the alteration, amendment, or repeal thereof to the city of New York, or to the owner or owners, or any other persons interested in any obstruction which shall have been constructed under its provisions.

Statutory Notes and Related Subsidaries

Effective Date

Section effective on sixtieth day after Aug. 28, 1958, see section 2 of Pub. L. 85–802, set out as an Effective Date of 1958 Amendment note under section 441 of this title.

§ 453. Regulations for navigation of Ambrose Channel; exclusion of tows and sailing vessels

The Secretary of the Army is authorized to make such rules and regulations for the navigation of Ambrose Channel as he may deem necessary or expedient to insure its safe use in all kinds of weather, night and day, for all vessels under control and running under their own power, and to this end he may, in his discretion, forbid its use to tows of every description and to sailing vessels.

Editorial Notes

Codification

Section was not enacted as part of act June 29, 1888, ch. 496, 25 Stat. 209, which comprises this subchapter.

Statutory Notes and Related Subsidaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 455. Regulations for commercial fishing in New York Harbor channels

The Secretary of the Army is authorized to make such rules and regulations for the commercial fishing in the channels leading to and from the harbor of New York as he may deem necessary or expedient to insure their safe use in all kinds of weather, night and day, for all vessels under control and running under their own power, and to this end he may, in his discretion, forbid its use to tows of every description and to sailing vessels.

(Act July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Section 461, act May 19, 1896, ch. 208, §1, 29 Stat. 126, prohibited deposit of ballast, dirt, ashes or oyster shells into Potomac River except for purpose of making a wharf and then only after approval. Section 462, act May 19, 1896, ch. 208, §2, 29 Stat. 127, prohibited deposit of dead fish, dead animals, fruits, vegetables, ice, snow, filth or trash of any kind into Potomac River. Section 463, act May 19, 1896, ch. 208, §3, 29 Stat. 127, related to penalties. Section 464, act May 19, 1896, ch. 208, §4, 29 Stat. 127, provided that none of these provisions be construed to interfere with any work or improvements in harbor or river area.

SUBCHAPTER V—NAVIGABLE WATERS OF MARYLAND

§ 465. Authority to dredge; riparian rights of United States

Subject to the provisions of section 403 of this title authority is granted to dredge, without cost to the United States, in the navigable waters of the United States included within the State of Maryland and outside the limits of projects for improvement of navigation facilities approved by Congress, regardless of rights accruing to the United States as riparian owner under the laws of the State of Maryland: Provided, That in the opinion of the Chief of Engineers such dredging will improve facilities for navigation.

(July 3, 1930, ch. 847, §12, 46 Stat. 949.)
§ 466g-1. Controversies involving construction or application of interstate compacts and pollution of waters

(a) Jurisdiction of actions by States

The United States district courts shall have original jurisdiction (concurrent with that of the Supreme Court of the United States, and concurrent with that of any other court of the United States or of any State of the United States in matters in which the Supreme Court, or any other court, has original jurisdiction) of any case or controversy—

(1) which involves the construction or application of an interstate compact which (A) in whole or in part relates to the pollution of the waters of an interstate river system or any portion thereof, and (B) expresses the consent of the States signatory to said compact to be sued in a district court in any case or controversy involving the application or construction thereof; and

(2) which involves pollution of the waters of such river system, or any portion thereof, alleged to be in violation of the provisions of said compact; and

(3) in which one or more of the States signatory to said compact is a plaintiff or plaintiffs; and

(4) which is within the judicial power of the United States as set forth in the Constitution of the United States.

(b) Amount in controversy; residence, situs or citizenship; nature, character, or legal status of parties

The district courts shall have original jurisdiction of a case or controversy such as is referred to in subsection (a) of this section, without any requirement, limitation, or regard as to the sum or value of the matter in controversy, or of the place of residence or situs or citizenship, or of the nature, character, or legal status, of any of the proper parties plaintiff or defendant in said case or controversy other than the signatory State or States plaintiff or plaintiffs referred to in paragraph (3) of subsection (a) of this section: Provided, That nothing in this section shall be construed as authorizing a State to sue its own citizens in said courts.

(c) Suits between States signatory to interstate compact

The original jurisdiction conferred upon the district courts by this section shall include, but not be limited to, suits between States signatory to such interstate compact: Provided, That nothing in this section shall be construed as authorizing a State to sue another State which is not a signatory to such compact in said courts.

(d) Venue

The venue of such case or controversy shall be as prescribed by law: Provided, That in addition thereto, such case or controversy may be brought in in any judicial district in which the acts of pollution complained of, or any portion thereof, occur, regardless of the place or places of residence, or situs, of any of the parties plaintiff or defendant.

Sections 466h to 466l. Transferred

Editorial Notes

CONDIFICATION

Sections 466h to 466l of this title were transferred to sections 1171 to 1175 of this title and were subsequently omitted in the general amendment of the Federal Water Pollution Control Act by Pub. L. 92–500, 86 Stat. 816. See section 1251 et seq. of this title.

Section 466h, acts June 30, 1948, ch. 758, §2, formerly §9, 62 Stat. 1187; July 9, 1956, ch. 518, §1, 70 Stat. 506; July 20, 1961, Pub. L. 87–88, §§1(a), (c)(1), (2), 31 F.R. 6857, 80 Stat. 1608, which provided for a Water Pollution Control Advisory Board, was transferred to section 1159 of this title.

Section 466g–1. Controversies involving construction or application of interstate compacts and pollution of waters

(Pub. L. 87–830, §2, Oct. 15, 1962, 76 Stat. 957, provided that: “If any part or application of this Act [this section] should be declared invalid by a court of competent jurisdiction, said invalidity shall not affect the other parts, or the other applications, of said Act.”

§§466h to 466l. Transferred

Editorial Notes

CONDIFICATION

Sections 466h to 466l of this title were transferred to sections 1171 to 1175 of this title and were subsequently omitted in the general amendment of the Federal Water Pollution Control Act by Pub. L. 92–500, 86 Stat. 816. See section 1251 et seq. of this title.

Section 466m, act June 30, 1948, ch. 758, § 17, as added Nov. 3, 1966, Pub. L. 89–753, title II, § 210, 80 Stat. 1252, authorized a study by Secretary of the Interior, and a report to Congress not later than July 1, 1967, of the extent of pollution of the navigable waters of the United States from litter and sewage deposited into such waters from watercraft.

Section 466n, act June 30, 1948, ch. 758, § 18, as added Nov. 3, 1966, Pub. L. 89–753, title II, § 210, 80 Stat. 1252, authorized a study by Secretary of the Interior, and a report to Congress not later than Jan. 30, 1968, relating to incentives, including, but not limited to, tax and other financial incentives, to assist in the construction of industrial anti-pollution facilities.

SUBCHAPTER VII—DAM INSPECTION PROGRAM

§ 467. Definitions

In this subchapter, the following definitions apply:

(1) Administrator

The term “Administrator” means the Administrator of the Federal Emergency Management Agency.

(2) Board

The term “Board” means a National Dam Safety Review Board established under section 467f(i) of this title.

(3) Dam

The term “dam”—

(A) means any artificial barrier that has the ability to impound water, wastewater, or any liquid-borne material, for the purpose of storage or control of water, that—

(i) is 25 feet or more in height from—

(I) the natural bed of the stream channel or watercourse measured at the downstream toe of the barrier; or

(II) if the barrier is not across a stream channel or watercourse, from the lowest elevation of the outside limit of the barrier;

(ii) has an impounding capacity for maximum water storage elevation; or

(B) does not include—

(i) a levee; or

(ii) a barrier described in subparagraph (A) that—

(I) is 6 feet or less in height regardless of storage capacity; or

(II) has a storage capacity at the maximum water storage elevation that is 15 acre-feet or less regardless of height;

unless the barrier, because of the location of the barrier or another physical characteristic of the barrier, is likely to pose a significant threat to human life or property if the barrier fails (as determined by the Administrator).

(4) Eligible high hazard potential dam

(A) In general

The term “eligible high hazard potential dam” means a non-Federal dam that—

(i) is located in a State with a State dam safety program;

(ii) is classified as “high hazard potential” by the State dam safety agency in the State in which the dam is located;

(iii) has an emergency action plan that—

(I) is approved by the relevant State dam safety agency; or

(II) is in conformance with State law and pending approval by the relevant State dam safety agency;

(iv) fails to meet minimum dam safety standards of the State in which the dam is located, as determined by the State; and

(v) poses an unacceptable risk to the public, as determined by the Administrator, in consultation with the Board.

(B) Exclusion

The term “eligible high hazard potential dam” does not include—

(i) a licensed hydroelectric dam under a hydropower project with an authorized installed capacity of greater than 1.5 megawatts; or

(ii) a dam built under the authority of the Secretary of Agriculture.

(5) Federal agency

The term “Federal agency” means a Federal agency that designs, finances, constructs, owns, operates, maintains, or regulates the construction, operation, or maintenance of a dam.

(6) Federal Guidelines for Dam Safety

The term “Federal Guidelines for Dam Safety” means the FEMA publication, numbered 93 and dated June 1979, that defines management practices for dam safety at all Federal agencies.

(7) FEMA

The term “FEMA” means the Federal Emergency Management Agency.

(8) Hazard reduction

The term “hazard reduction” means the reduction in the potential consequences to life and property of dam failure.

(9) ICODS

The term “ICODS” means the Interagency Committee on Dam Safety established by section 467e of this title.

(10) Eligible subrecipient

The term “eligible subrecipient”, in the case of a project receiving assistance under section 467f–2 of this title, includes—

(A) a governmental organization; and

(B) a nonprofit organization.

(11) Program

The term “Program” means the national dam safety program established under section 467f of this title.

(12) Rehabilitation

The term “rehabilitation” means the repair, replacement, reconstruction, or removal of a
§ 467  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 84

dam that is carried out to meet applicable State dam safety and security standards.

(13) State

The term “State” means each of the several States of the United States, the District of Colombia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any other territory or possession of the United States.

(14) State dam safety agency

The term “State dam safety agency” means a State agency that has regulatory authority over the safety of non-Federal dams.

(15) State dam safety program

The term “State dam safety program” means a State dam safety program approved and assisted under section 467(e) of this title.

(16) United States

The term “United States”, when used in a geographical sense, means all of the States.

Editorial Notes

Prior Provisions

A prior section 2 of Pub. L. 92–367 was renumbered section 3 by section 215(c)(3) of Pub. L. 104–303 and is classified to section 467a of this title.

Amendments

2020—Par. (4)(A)(ii), Pub. L. 116–260, §132(a)(1)(A)(i), added cl. (iii) and struck out former cl. (ii) which read as follows: “has an emergency action plan approved by the relevant State dam safety agency; and”.

Par. (4)(A)(iv), (v), Pub. L. 116–260, §132(a)(1)(A)(ii), added clss. (iv) and (v) and struck out former cl. (iv) which read as follows: “the State in which the dam is located determines—

“(I) fails to meet minimum dam safety standards of the State; and

“(II) poses an unacceptable risk to the public.”.

Par. (4)(B)(ii), Pub. L. 116–260, §132(a)(1)(B), inserted “under a hydropower project with an installed capacity of greater than 1.5 megawatts” after “dam”.

Pars. (5) to (9), Pub. L. 114–322, §5006(a)(4), redesignated pars. (4) to (8) as (5) to (9), respectively. Former par. (9) redesignated (11).

Par. (11), Pub. L. 114–322, §5006(a)(1), redesignated par. (9) as (11). Former par. (11) redesignated (14).

Pars. (13) to (16), Pub. L. 114–322, §5006(a)(1), redesignated pars. (10) to (13) as (13) to (16), respectively.

Par. (2), Pub. L. 113–121, §3001(a)(2)(B), redesignated par. (1) as (2). Former par. (2) redesignated (3).

Par. (3), Pub. L. 113–121, §3001(a)(2)(A), (B), redesignated par. (2) as (3) and struck out former par. (3). Prior to amendment, text read as follows: ‘‘The term ‘Administrator’ means the Administrator of FEMA.’’

Par. (12), Pub. L. 107–310, §3(e)(2)(B), substituted “section 467(e)” for “section 467(f)(ii)”.

Statutory Notes and Related Subsidiaries

Short Title of 2006 Amendment

Short Title of 2002 Amendment

Pub. L. 107–310, §1(a), Dec. 2, 2002, 116 Stat. 2450, provided that: “This Act [enacting section 467h of this title and amending this title and sections 467e to 467h and 467b to 467f of this title] may be cited as the ‘Dam Safety and Security Act of 2002’.”

Short Title of 1986 Amendment

Pub. L. 99–662, title XII, §1206, Nov. 17, 1986, 100 Stat. 4264, provided that: “This title [enacting sections 467f to 467n and 2311 of this title and amending this section and sections 467a and 467b of this title] may be cited as the ‘Dam Safety Act of 1986’.”

Short Title

Transfer of Functions

For transfer of all functions, personnel, assets, components, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Under Secretary for Federal Emergency Management relating thereto, to the Federal Emergency Management Agency, see section 315(a)(1) of Title 6, Domestic Security.

For transfer of functions, personnel, assets, and liabilities of the Federal Emergency Management Agency, including the functions of the Administrator of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see former section 313(1) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Congressional Statement of Purpose; National Dam Safety Program

Pub. L. 104–303, title II, §215(a), Oct. 12, 1996, 110 Stat. 3685, provided that: “The purpose of this section [enacting this section and sections 467d to 467h of this title, amending sections 467a to 467c of this title and section 3602 of Title 25, Indians, repealing former sections 467d and 467h to 467m of this title, and enacting provisions set out as notes under this section] is to reduce the risks to life and property from dam failure in the United States through the establishment and maintenance of an effective national dam safety program to bring together the expertise and resources of the Federal and non-Federal communities in achieving na-
§ 467a. Inspection of dams

(a) In general

As soon as practicable, the Secretary of the Army, acting through the Chief of Engineers, shall carry out a national program of inspection of dams for the purpose of protecting human life and property. All dams in the United States shall be inspected by the Secretary except (1) dams under the jurisdiction of the Bureau of Reclamation, the Tennessee Valley Authority, or the International Boundary and Water Commission, (2) dams which have been constructed pursuant to licenses issued under the authority of the Federal Power Act [16 U.S.C. 791a et seq.], (3) dams which have been inspected within the twelve-month period immediately prior to August 8, 1972, by a State agency and which the Governor of such State requests be excluded from inspection, and (4) dams which the Secretary of the Army determines do not pose any threat to human life or property. The Secretary may inspect dams which have been licensed under the Federal Power Act upon request of the Federal Energy Regulatory Commission and dams under the jurisdiction of the International Boundary and Water Commission upon request of such Commission.

(b) State participation

On request of a State dam safety agency, with respect to any dam the failure of which would affect the State, the head of a Federal agency shall—

(1) provide information to the State dam safety agency on the construction, operation, maintenance, condition, or provisions for emergency operations of the dam; or

(2) allow any official of the State dam safety agency to participate in the Federal inspection of the dam.

§ 467b. Investigation reports to Governors

As soon as practicable after inspection of a dam, the Secretary shall notify the Governor of the State in which such dam is located the results of such investigation. In any case in which any hazardous conditions are found during an inspection, upon request by the owner, the Secretary, acting through the Chief of Engineers, may perform detailed engineering studies to determine the structural integrity of the dam, subject to reimbursement of such expense by the owner of such dam. The Secretary shall immediately notify the Governor of any hazardous conditions found during an inspection. The Secretary shall provide advice to the Governor, upon request, relating to timely remedial measures necessary to mitigate or obviate any hazardous conditions found during an inspection.

§ 467c. Determination of danger to human life and property

For the purpose of determining whether a dam (including the waters impounded by such dam) constitutes a danger to human life or property, the Secretary shall take into consideration the possibility that the dam might be endangered by
overtopping, seepage, settlement, erosion, sediment, cracking, earth movement, earthquakes, failure of bulkheads, flashboards, gates on conduits, or other conditions which exist or which might occur in any area in the vicinity of the dam.

Editorial Notes

Prior Provisions

A prior section 5 of Pub. L. 92–367 was classified to section 467d of this title prior to repeal by Pub. L. 104–303.

Amendments

§ 467d. National dam inventory

The Secretary of the Army shall maintain and update information on the inventory of dams in the United States. Such inventory of dams shall include any available information assessing each dam based on inspections completed by either a Federal agency or a State dam safety agency.

Editorial Notes

Prior Provisions

A prior section 467d, Pub. L. 92–367, § 5, Aug. 8, 1972, 86 Stat. 507, directed Secretary report to Congress on or before July 1, 1974, on activities under this subchapter, including in report an inventory of dams in the United States, a review of each inspection made, recommendations to State Governors and implementation of those recommendations, recommendations for comprehensive national program for inspection and safety regulation, and recommendations on responsibilities which should be assumed by Federal, State, and local governments and by public and private interests, prior to repeal by Pub. L. 104–303, title II, § 215(c)(2), Oct. 12, 1996, 110 Stat. 3685. A prior section 6 of Pub. L. 92–367 was classified to section 467e of this title prior to repeal by Pub. L. 104–303.

Amendments

2006—Pub. L. 109–460 amended section generally. Prior to amendment, section read as follows: “The Secretary of the Army, acting through the Chief of Engineers, may maintain and periodically publish updated information on the inventory of dams in the United States.”

§ 467e. Interagency Committee on Dam Safety

(a) Establishment

There is established an Interagency Committee on Dam Safety—

(1) comprised of a representative of each of the Department of Agriculture, the Department of Defense, the Department of Energy, the Department of the Interior, the Department of Labor, FEMA, the Federal Energy Regulatory Commission, the Nuclear Regulatory Commission, the Tennessee Valley Authority, and the United States Section of the International Boundary Commission; and

(2) chaired by the Administrator.

(b) Duties

ICODS shall encourage the establishment and maintenance of effective Federal programs, policies, and guidelines intended to enhance dam safety for the protection of human life and property through coordination and information exchange among Federal agencies concerning implementation of the Federal Guidelines for Dam Safety.

Editorial Notes

Prior Provisions

Amendments

2002—Subsec. (b). Pub. L. 107–310 substituted “Federal programs” for “Federal and State programs” and “through coordination and information exchange among Federal agencies concerning implementation of the Federal Guidelines for Dam Safety.” for “through—(1) coordination and information exchange among Federal agencies and State dam safety agencies; and (2) coordination and information exchange among Federal agencies concerning implementation of the Federal Guidelines for Dam Safety.”

Statutory Notes and Related Subsidiaries

Transfer of Functions

For transfer of all functions, personnel, assets, components, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Under Secretary for Federal Emergency Management relating thereto, to the Federal Emergency Management Agency, see section 315(a)(1) of Title 6, Domestic Security.

For transfer of functions, personnel, assets, and liabilities of the Federal Emergency Management Agency, including the functions of the Administrator of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see former section 313(1) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 467f. National dam safety program

(a) In general

The Administrator, in consultation with ICODS and State dam safety agencies, and the Board shall establish and maintain, in accordance with this section, a coordinated national dam safety program. The Program shall—

(1) be administered by FEMA to achieve the objectives set forth in subsection (c);
§ 467f

(b) Duties

The Administrator shall prepare a strategic plan—

(1) to establish goals, priorities, performance measures, and target dates toward effectively administering this subchapter in order to improve the safety of dams in the United States; and

(2) to the extent feasible, to establish cooperation and coordination with, and assistance to, interested governmental entities in all States.

(c) Objectives

The objectives of the Program are to—

(1) ensure that new and existing dams are safe through the development of technologically and economically feasible programs and procedures for national dam safety hazard reduction;

(2) encourage acceptable engineering policies and procedures to be used for dam site investigation, design, construction, operation and maintenance, and emergency preparedness;

(3) encourage the establishment and implementation of effective dam safety programs in each State based on State standards;

(4) develop and implement a comprehensive dam safety hazard education and public awareness initiative to assist the public in preparing for, mitigating, responding to, and recovering from dam incidents;

(5) develop technical assistance materials for Federal and non-Federal dam safety programs;

(6) develop mechanisms with which to provide Federal technical assistance for dam safety to the non-Federal sector; and

(7) develop technical assistance materials, seminars, and guidelines to improve security for dams in the United States.

(d) Components

(1) In general

The Program shall consist of—

(A) a Federal element and a non-Federal element; and

(B) leadership activity, technical assistance activity, and public awareness activity.

(2) Elements

(A) Federal

The Federal element shall incorporate the activities and practices carried out by Federal agencies under section 467e of this title to implement the Federal Guidelines for Dam Safety.

(B) Non-Federal

The non-Federal element shall consist of—

(i) the activities and practices carried out by States, local governments, and the private sector to safely build, regulate, operate, and maintain dams; and

(ii) Federal activities that foster State efforts to develop and implement effective programs for the safety of dams.

(3) Functional activities

(A) Leadership

The leadership activity shall be the responsibility of FEMA and shall be exercised by chairing the Board to coordinate national efforts to improve the safety of the dams in the United States.

(B) Technical assistance

The technical assistance activity shall consist of the transfer of knowledge and technical information among the Federal and non-Federal elements described in paragraph (2).

(C) Public awareness

The public awareness activity shall provide for the education of the public, including State and local officials, in the hazards of dam failure, methods of reducing the adverse consequences of dam failure, and related matters.

(e) Assistance for State dam safety programs

(1) In general

To encourage the establishment and maintenance of effective State programs intended to ensure dam safety, to protect human life and property, and to improve State dam safety programs, the Administrator shall provide assistance with amounts made available under section 467j of this title to assist States in establishing, maintaining, and improving dam safety programs in accordance with the criteria specified in paragraph (2).

(2) Criteria and budgeting requirement

For a State to be eligible for assistance under this subsection, a State dam safety program must be working toward meeting the following criteria and budgeting requirement:

(A) Criteria

A State dam safety program must be authorized by State legislation to include, at a minimum—

(i) the authority to review and approve plans and specifications to construct, enlarge, modify, remove, and abandon dams;

(ii) the authority to perform periodic inspections during dam construction to ensure compliance with approved plans and specifications;

(iii) a requirement that, on completion of dam construction, State approval must be given before operation of the dam;

(iv) the authority to require or perform periodic evaluations of all dams and reservoirs to determine the extent of the threat to human life and property in case of failure;

(v) the authority to require or perform the inspection, at least once every 5 years, of all dams and reservoirs that would pose a significant threat to human life and property in case of failure to determine

1 See References in Text note below.
§ 467f

(2) Work plans

to ensure that the State will maintain the Administrator as the Administrator requires the State enters into such agreement with the State under this subsection for a fiscal year unless

(4) Maintenance of effort

in the agreement.

reach a level of program performance specified necessary for the State dam safety program to

aggregate expenditures of the State from all

other sources for programs to ensure dam safety for the protection of human life and property at or above a level equal to the average annual level of such expenditures for the 2 fiscal years preceding the fiscal year.

(5) Approval of programs

(A) Submission

For a State to be eligible for assistance under this subsection, a plan for a State dam safety program shall be submitted to the Administrator for approval.

(B) Approval

A State dam safety program shall be deemed to be approved 120 days after the date of receipt by the Administrator unless the Administrator determines within the 120-day period that the State dam safety program fails to meet the requirements of paragraphs (1) through (3).

(C) Notification of disapproval

If the Administrator determines that a State dam safety program does not meet the requirements for approval, the Administrator shall immediately notify the State in writing and provide the reasons for the determination and the changes that are necessary for the plan to be approved.

(6) Review of State dam safety programs

Using the expertise of the Board, the Administrator shall periodically review State dam safety programs. If the Board finds that a State dam safety program has proven inadequate to reasonably protect human life and property and the Administrator concurs, the Administrator shall revoke approval of the State dam safety program, and withhold assistance under this subsection, until the State dam safety program again meets the requirements for approval.

(f) Board

(1) Establishment

The Administrator shall establish an advisory board to be known as the National Dam Safety Review Board to monitor the safety of dams in the United States, to monitor State implementation of this section, and to advise the Administrator on national dam safety policy.

(2) Authority

The Board may use the expertise of Federal agencies and enter into contracts for necessary studies to carry out this section.

(3) Voting membership

The Board shall consist of 11 voting members selected by the Administrator for expertise in dam safety, of whom—

(A) 1 member shall represent the Department of Agriculture;

(B) 1 member shall represent the Department of Defense;

(C) 1 member shall represent the Department of the Interior;

(D) 1 member shall represent FEMA;

(E) 1 member shall represent the Federal Energy Regulatory Commission;

(F) 5 members shall be selected by the Administrator from among State dam safety officials; and

(G) 1 member shall be selected by the Administrator to represent the private sector.

(4) Nonvoting membership

The Administrator, in consultation with the Board, may invite a representative of the National Laboratories of the Department of Energy and may invite representatives from Fed-
eral or nongovernmental organizations, or dam safety experts, as needed, to participate in meetings of the Board.

(5) Duties

(A) In general

The Board shall encourage the establishment and maintenance of effective programs, policies, and guidelines to enhance dam safety for the protection of human life and property throughout the United States.

(B) Coordination and information exchange among agencies

In carrying out subparagraph (A), the Board shall encourage coordination and information exchange among Federal and State dam safety agencies that share common problems and responsibilities for dam safety, including planning, design, construction, operation, emergency action planning, inspections, maintenance, regulation or licensing, technical or financial assistance, research, and data management.

(6) Work groups

The Administrator may establish work groups under the Board to assist the Board in accomplishing its goals. The work groups shall consist of members of the Board and other individuals selected by the Administrator.

(7) Compensation of members

(A) Federal employees

Each member of the Board who is an officer or employee of the United States shall serve without compensation in addition to compensation received for the services of the member as an officer or employee of the United States.

(B) Other members

Each member of the Board who is not an officer or employee of the United States shall serve without compensation.

(8) Travel expenses

(A) Representatives of Federal agencies

To the extent amounts are made available in advance in appropriations Acts, each member of the Board who represents a Federal agency shall be reimbursed of appropriations for travel expenses by his or her agency, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, while away from home or regular place of business of the member in performance of services for the Board.

(B) Other individuals

To the extent amounts are made available in advance in appropriations Acts, each member of the Board who represents a State agency, the member of the Board who represents the private sector, and each member of a work group created under paragraph (1) shall be reimbursed for travel expenses by FEMA, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, while away from home or regular place of business of the member in performance of services for the Board.

(9) Applicability of Federal Advisory Committee Act

The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Board.

Editorial Notes

REFERENCES IN TEXT

Section 467f of this title, referred to in subsec. (e)(1), was in the original “section 13” and was translated as meaning section 13 of Pub. L. 92–367 prior to its redesignation as section 14 by Pub. L. 113–121, § 3001(d)(1).

PRIORITY PROVISIONS

An a prior section 8 of Pub. L. 92–367 was classified to section 467g of this title prior to repeal by Pub. L. 104–303.

AMENDMENTS

Subsec. (c)(4). Pub. L. 113–121, § 3001(c)(1), added par. (4) and struck out former par. (4) which read as follows: “develop and encourage public awareness projects to increase public acceptance and support of State dam safety programs:”.

Subsec. (b)(4). Pub. L. 113–121, § 3001(c)(2), inserted “representatives from nongovernmental organizations,” after “State agencies”.

2006—Subsec. (b)(1). Pub. L. 109–460, § 1(c)(1), substituted “performance measures, and target dates to forward effectively administering this subchapter in order to” for “and target dates to”.

Subsec. (e)(2)(A)(iv) to (vi). Pub. L. 109–460, § 1(c)(2)(B), (C), added cl. (iv) and redesignated former cls. (iv) and (v) as (v) and (vi), respectively. Former cl. (v) redesignated (vii).

Subsec. (e)(2)(A)(vii). Pub. L. 109–460, § 1(c)(2)(B), (D), redesignated cl. (v) as (vii) and inserted “install and monitor instrumentation,” after “remedial work,”.

Former cl. (vii) redesignated (viii).

Subsec. (e)(2)(A)(viii) to (x). Pub. L. 109–460, § 1(c)(2)(B), redesignated cls. (vii) to (x) as (vii) to (xi), respectively.

Subsec. (b). Pub. L. 107–310, § 3(b), amended heading and text of subsec. (b) generally. Prior to amendment, text read as follows: “The Director shall—

“(1) not later than 270 days after October 12, 1996, develop the implementation plan described in subsection (e) of this section;”
§ 467f–1 TITLE 33—NAVIGATION AND NAVIGABLE WATERS Page 90

“(2) not later than 300 days after October 12, 1996, submit to the appropriate authorizing committees of Congress the implementation plan described in subsection (e) of this section; and

“(3) by regulation, not later than 360 days after October 12, 1996—

“(A) develop and implement the Program;

“(B) establish goals, priorities, and target dates for implementation of the Program; and

“(C) to the extent feasible, provide a method for cooperation and coordination with, and assistance to, interested governmental entities in all States.”

Subsec. (c)(7). Pub. L. 107–310, §3(c), added par. (7).

§ 467f–1. Lock and dam security

(a) Standards

The Secretary, in consultation with the Federal Emergency Management Agency, the Tennessee Valley Authority, and the Coast Guard, shall develop standards for the security of locks and dams, including the testing and certification of vessel exclusion barriers.

(b) Site surveys

At the request of a lock or dam owner, the Secretary shall provide technical assistance, on a reimbursable basis, to improve lock or dam security.

(c) Cooperative agreement

The Secretary may enter into a cooperative agreement with a nonprofit alliance of public and private organizations that has the mission of promoting safe waterways and seaports to carry out testing and certification activities, and to perform site surveys, under this section.

(d) Authorization of appropriations

There is authorized to be appropriated $3,000,000 to carry out this section.
§ 467f–2. Rehabilitation of high hazard potential dams

(a) Establishment of program

The Administrator shall establish, within FEMA, a program to provide technical, planning, design, and construction assistance in the form of grants to States with dam safety programs for rehabilitation of eligible high hazard potential dams.

(b) Eligible activities

A grant awarded under this section to a State may be used by the State to award grants to eligible subrecipients for—

1. repair;
2. removal; or
3. any other structural or nonstructural measures to rehabilitate an eligible high hazard potential dam.

(c) Award of grants

(1) Application

A State interested in receiving a grant under this section may submit to the Administrator an application for the grant.

(2) Requirements

An application submitted to the Administrator under this section shall be submitted at such time, be in such form, and contain such information as the Administrator may prescribe by regulation.

(2) Grant

(A) In general

The Administrator may make a grant in accordance with this section for rehabilitation of eligible high hazard potential dams to a State that submits an application for the grant in accordance with the regulations prescribed by the Administrator.

(B) Grant agreement

The Administrator shall enter into a grant agreement with the State to establish the terms of the grant and the projects for which the grant is awarded, including the amount of the grant.

(C) Grant assurance

As part of a grant agreement under subparagraph (B), the Administrator shall require that each eligible subrecipient to which the State awards a grant under this section provides an assurance, with respect to the dam to be rehabilitated by the eligible subrecipient, that the dam owner will carry out a plan for maintenance of the dam during the expected life of the dam.

(D) Limitation

A State may not award a grant to an eligible subrecipient under this section that exceeds, for any 1 dam, the lesser of—

1. 12.5 percent of the total amount of funds made available to carry out this section; or
2. $7,500,000.

(d) Requirements

(1) Approval

A grant awarded under this section to an eligible subrecipient for a project shall be approved by the relevant State dam safety agency.

(2) Eligible subrecipient requirements

To receive a grant under this section, an eligible subrecipient shall, with respect to the dam to be rehabilitated by the eligible subrecipient—

1. demonstrate that the community in which the dam is located participates in, and complies with, all applicable Federal flood insurance programs, including demonstrating that such community is participating in the National Flood Insurance Program, and is not on probation, suspended, or withdrawn from such Program;
2. beginning not later than 2 years after the date on which the Administrator publishes criteria for hazard mitigation plans under paragraph (3), demonstrate that the Tribal or local government with jurisdiction over the area in which the dam is located has in place a hazard mitigation plan that—
   1. includes all dam risks; and
   2. complies with the Disaster Mitigation Act of 2000 (Public Law 106–390; 114 Stat. 1552);
3. commit to provide operation and maintenance of the project for the expected life of the dam following completion of rehabilitation;
4. comply with such minimum eligibility requirements as the Administrator may establish to ensure that each owner and operator of a dam under a participating State dam safety program and that receives assistance under this section—
   1. acts in accordance with the State dam safety program; and
   2. carries out activities relating to the public in the area around the dam in accordance with the hazard mitigation plan described in subparagraph (B); and
5. comply with section 5196(j)(9) of title 42 (as in effect on December 16, 2016) with respect to projects receiving assistance under this section in the same manner as recipients are required to comply in order to receive financial contributions from the Administrator for emergency preparedness purposes.
(3) **Hazard mitigation plan criteria**

Not later than 1 year after December 27, 2020, the Administrator, in consultation with the Board, shall publish criteria for hazard mitigation plans required under paragraph (2)(B).

(e) **Floodplain management plans**

(1) **In general**

As a condition of receipt of assistance under this section, an eligible subrecipient shall demonstrate that a floodplain management plan to reduce the impacts of future flood events in the area protected by the project—

(A) is in place; or

(B) will be—

(i) developed not later than 2 years after the date of execution of a project agreement for assistance under this section; and

(ii) implemented not later than 2 years after the date of completion of construction of the project.

(2) **Inclusions**

A plan under paragraph (1) shall address—

(A) potential measures, practices, and policies to reduce loss of life, injuries, damage to property and facilities, public expenditures, and other adverse impacts of flooding in the area protected by the project;

(B) plans for flood fighting and evacuation; and

(C) public education and awareness of flood risks.

(3) **Plan criteria and technical support**

The Administrator, in consultation with the Board, shall provide criteria, and may provide technical support, for the development and implementation of floodplain management plans prepared under this subsection.

(f) **Priority system**

The Administrator, in consultation with the Board, shall develop a risk-based priority system for use in identifying eligible high hazard potential dams for which grants may be made under this section.

(g) **Funding**

(1) **Cost sharing**

(A) In general

Any assistance provided under this section for a project shall be subject to a non-Federal cost-sharing requirement of not less than 35 percent.

(B) In-kind contributions

The non-Federal share under subparagraph (A) may be provided in the form of in-kind contributions.

(2) **Allocation of funds**

The total amount of funds made available to carry out this section for each fiscal year shall be distributed as follows:

(A) **Equal distribution**

\( \frac{1}{2} \) shall be distributed equally among the States in which the projects for which applications are submitted under subsection (c)(1) are located.

(B) **Need-based**

\( \frac{3}{4} \) shall be distributed among the States in which the projects for which applications are submitted under subsection (c)(1) are located based on the proportion that—

(i) the number of eligible high hazard potential dams in the State; bears to

(ii) the number of eligible high hazard potential dams in all such States.

(h) **Use of funds**

None of the funds provided in the form of a grant or otherwise made available under this section shall be used—

(1) to rehabilitate a Federal dam;

(2) to perform routine operation or maintenance of a dam;

(3) to modify a dam to produce hydroelectric power;

(4) to increase water supply storage capacity; or

(5) to make any other modification to a dam that does not also improve the safety of the dam.

(i) **Contractual requirements**

(1) **In general**

Subject to paragraph (2), as a condition on the receipt of a grant under this section of an amount greater than $1,000,000, an eligible subrecipient that receives the grant shall require that each contract and subcontract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, and related services entered into using funds from the grant be awarded in the same manner as a contract for architectural and engineering services is awarded under—

(A) chapter 11 of title 40; or

(B) an equivalent qualifications-based requirement prescribed by the relevant State.

(2) **No proprietary interest**

A contract awarded in accordance with paragraph (1) shall not be considered to confer a proprietary interest upon the United States.
Subsec. (b). Pub. L. 116–260, § 132(b)(2), substituted “to a State may be used by the State to award grants to eligible subrecipients for” for “a project may be used for” in introductory provisions.
Subsec. (c)(2)(B). Pub. L. 116–260, § 132(b)(3)(B)(ii), in heading, substituted “Grant” for “Project grant” and, in text, substituted “grant agreement with the State” for “project grant agreement with the non-Federal sponsor” and “projects for which the grant is awarded,” for “project.”
Subsec. (c)(2)(C). Pub. L. 116–260, § 132(b)(3)(B)(iii), amended subpar. (C) generally. Prior to amendment, text read as follows: “As part of a project grant agreement under subparagraph (B), the Administrator shall require the non-Federal sponsor to provide an assurance, with respect to the dam to be rehabilitated under the project, that the owner of the dam has developed and will carry out a plan for maintenance of the dam during the expected life of the dam.”
Subsec. (c)(2)(D). Pub. L. 116–260, § 132(b)(3)(B)(iv), substituted “State may not award a grant to an eligible subrecipient under this section that exceeds, for any 1 dam, for “A grant provided under this section shall not exceed” in introductory provisions.
Subsec. (d)(2). Pub. L. 116–260, § 132(b)(4)(B)(i), (ii), substituted “Eligible subrecipient” for “Non-Federal sponsor” in heading and “an eligible subrecipient shall, with respect to the dam to be rehabilitated by the eligible subrecipient” for “the non-Federal sponsor shall” in introductory provisions.
Subsec. (d)(2)(B). Pub. L. 116–260, § 132(b)(4)(B)(iv), substituted “beginning not later than 2 years after the date on which the Administrator publishes criteria for hazard mitigation plans under paragraph (3),” for “a project shall not be constructed, in whole or in part, by the Corps of Engineers for flood control purposes;”.
Subsec. (e)(2). Pub. L. 116–260, § 132(b)(5)(B), added par. (3) and struck out former par. (3). Prior to amendment, text read as follows: “The Administrator may provide technical support for the development and implementation of floodplain management plans prepared under this subsection.”

Statutory Notes and Related Subsidiaries

Rulemaking
Pub. L. 114–322, title IV, §5006(c), Dec. 16, 2016, 130 Stat. 1896, provided that:

“(1) Proposed rulemaking.—Not later than 90 days after the date of enactment of this Act [Dec. 16, 2016], the Administrator of the Federal Emergency Management Agency shall issue a notice of proposed rulemaking regarding applications for grants of assistance under the amendments made by subsection (b) to the National Dam Safety Program Act (33 U.S.C. 467 et seq. [enacting this section]).
“(2) Final rule.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Emergency Management Agency shall promulgate a final rule regarding the amendments described in paragraph (1).”

Rehabilitation of Corps of Engineers Constructed Dams

“(a) In general.—If the Secretary [of the Army] determines that the project is feasible, the Secretary may carry out a project for the rehabilitation of a dam described in subsection (b).
“(b) Eligible Dams.—A dam eligible for assistance under this section is a dam—
“(1) that has been constructed, in whole or in part, by the Corps of Engineers for flood control purposes;
“(2) for which construction was completed before 1940;
“(3) that is classified as ‘high hazard potential’ by the State dam safety agency of the State in which the dam is located; and
“(4) that is operated by a non-Federal entity.
“(c) Cost Sharing.—Non-Federal interests shall provide 35 percent of the cost of construction of any project carried out under this section, including provision of all land, easements, rights-of-way, and necessary relocations.
“(d) Agreements.—Construction of a project under this section shall be initiated only after a non-Federal interest has entered into a binding agreement with the Secretary [of the Army]—
“(1) to pay the non-Federal share of the costs of construction under subsection (c); and
“(2) to pay 100 percent of any operation, maintenance, and replacement and rehabilitation costs with respect to the project in accordance with regulations prescribed by the Secretary.
“(e) Cost Limitation.—The Secretary shall not expend more than $60,000,000 for a project at any single dam under this section.
“(f) Funding.—There is authorized to be appropriated to carry out this section $60,000,000 for each of fiscal years 2017 through 2026.”

§467g. Research

(a) In general
The Administrator, in cooperation with the Board, shall carry out a program of technical and archival research to develop and support—
(1) improved techniques, historical experience, and equipment for rapid and effective dam construction, rehabilitation, and inspection;
(2) devices for the continued monitoring of the safety of dams;
(3) development and maintenance of information resources systems needed to support managing the safety of dams; and
(4) initiatives to guide the formulation of effective public policy and advance improvements in dam safety engineering, security, and management.

(b) Consultation
The Administrator shall provide for State participation in research under subsection (a) and...
periodically advise all States and Congress of the results of the research.

Editorial Notes

PRIORITY PROVISIONS

A prior section 9 of Pub. L. 92–367 was classified to section 467h of this title prior to repeal by Pub. L. 104–303.

AMENDMENTS

2014—Pub. L. 113–121 substituted “Administrator” for “Director” in introductory provisions of subsec. (a) and in subsec. (b).

2002—Subsec. (a), Pub. L. 107–310, § 4(1), in introductory provisions, substituted “in cooperation with the Board” for “in cooperation with ICODS” and inserted “and support” after “develop”.

§ 467g–1. Dam safety training

The Administrator, in consultation with other Federal agencies, State and local governments, dam owners, the emergency management community, the private sector, nongovernmental organizations and associations, institutions of higher education, and any other appropriate entities shall, subject to the availability of appropriations, carry out a nationwide public awareness and outreach initiative to assist the public in preparing for, mitigating, responding to, and recovering from dam incidents.

Editorial Notes

PRIORITY PROVISIONS

A prior section 10 of Pub. L. 92–367 was renumbered section 12, and is classified to section 467h of this title.

Another prior section 10 of Pub. L. 92–367 was classified to section 467l of this title prior to repeal by Pub. L. 104–303.

AMENDMENTS

2002—Pub. L. 107–310, § 6, struck out subsec. designations and headings for subsecs. (a) and (b) and text of subsec. (a) which read as follows: “Not later than 180 days after October 12, 1996, the Director shall report to Congress on the availability of dam insurance and make recommendations concerning encouraging greater availability.”

§ 467i. Statutory construction

Nothing in this subchapter and no action or failure to act under this subchapter shall—(1) create any liability in the United States or its officers or employees for the recovery of damages caused by such action or failure to act;

(2) relieve an owner or operator of a dam of any legal duties, obligations, or liabilities incident to the ownership or operation of the dam; or

(3) preempt any other Federal or State law.

Editorial Notes

PRIORITY PROVISIONS

A prior section 11 of Pub. L. 92–367 was renumbered section 12, and is classified to section 467h of this title.

Another prior section 11 of Pub. L. 92–367 was classified to section 467l of this title prior to repeal by Pub. L. 104–303.

§ 467h. Reports

Not later than 90 days after the end of each odd-numbered fiscal year, the Administrator shall submit a report to Congress that—

(1) describes the status of the Program;

(2) describes the progress achieved by Federal agencies during the 2 preceding fiscal years in implementing the Federal Guidelines for Dam Safety;

(3) describes the progress achieved in dam safety by States participating in the Program; and

(4) includes any recommendations for legislative and other action that the Administrator considers necessary.

Editorial Notes

PRIORITY PROVISIONS

A prior section 12 of Pub. L. 92–367 was renumbered section 13, and is classified to section 467l of this title.

Another prior section 12 of Pub. L. 92–367 was classified to section 467k of this title prior to repeal by Pub. L. 104–303.

AMENDMENTS

2002—Pub. L. 107–310, § 6, struck out subsec. designations and headings for subsecs. (a) and (b) and text of subsec. (a) which read as follows: “Not later than 180 days after October 12, 1996, the Director shall report to Congress on the availability of dam insurance and make recommendations concerning encouraging greater availability.”

§ 467j. Statutory construction

Nothing in this subchapter and no action or failure to act under this subchapter shall—
§ 467j. Authorization of appropriations

(a) National dam safety program

(1) Annual amounts

There are authorized to be appropriated to FEMA to carry out sections 467e, 467f, and 467h of this title (in addition to any amounts made available for similar purposes included in any other Act) and amounts made available under subsections (b) through (e), $9,200,000 for each of fiscal years 2019 through 2023, to remain available until expended.

(2) Allocation

(A) In general

Subject to subparagraphs (B) and (C), for each fiscal year, amounts made available under this subsection to carry out section 467f of this title shall be allocated among the States as follows:

(i) One-third among States that qualify for assistance under section 467f(e) of this title.

(ii) Two-thirds among States that qualify for assistance under section 467f(e) of this title, to each such State in proportion to—

(I) the number of dams in the State that are listed as State-regulated dams on the inventory of dams maintained under section 467d of this title; as compared to

(II) the number of dams in all States that are listed as State-regulated dams on the inventory of dams maintained under section 467d of this title.

(B) Maximum amount of allocation

(i) In general

The amount of funds allocated to a State under this paragraph may not exceed 50 percent of the reasonable cost of implementing the State dam safety program.

(ii) Fiscal year 2015 and subsequent fiscal years

For fiscal year 2015 and each subsequent fiscal year, the amount of funds allocated to a State under this paragraph may not exceed the amount of funds committed by the State to implement dam safety activities.

(C) Determination

The Administrator and the Board shall determine the amount allocated to States.

(b) National dam inventory

There is authorized to be appropriated to carry out section 467d of this title $500,000 for each of fiscal years 2019 through 2023.

(c) Public awareness

There is authorized to be appropriated to carry out section 467g–2 of this title $1,000,000 for each of fiscal years 2019 through 2023.

(d) Research

There is authorized to be appropriated to carry out section 467g of this title $1,450,000 for each of fiscal years 2019 through 2023, to remain until expended.

(e) Dam safety training

There is authorized to be appropriated to carry out section 467g–1 of this title $750,000 for each of fiscal years 2019 through 2023.

(f) Staff

There is authorized to be appropriated to FEMA for the employment of such additional staff personnel as are necessary to carry out sections 467f through 467g–1 of this title $1,000,000 for each of fiscal years 2019 through 2023.

(g) Limitation on use of amounts

Amounts made available under this subchapter may not be used to construct or repair any Federal or non-Federal dam.
For transfer of functions, personnel, assets, components, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Administrator of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for transfer of related references, see sections 313(1) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as notes under section 542 of Title 6.

$467n. Recovery of dam modification costs required for safety purposes

(a) After November 17, 1986, costs incurred in the modification by the Secretary of dams and related facilities constructed or operated by the Secretary, the cause of which results from new hydrologic or seismic data or changes in state-of-the-art design or construction criteria deemed necessary for safety purposes, shall be recovered in accordance with the provisions in this subsection:

(1) Fifteen percent of the modification costs shall be assigned to project purposes in accordance with the cost allocation in effect for the project at the time the work is initiated.

Non-Federal interests shall share the costs assigned to each purpose in accord with the cost sharing in effect at the time of initial project construction: Provided, That the Secretary of the Interior shall recover costs assigned to irrigation in accordance with repayment provisions of Public Law 98–404.

(2) Repayment under this subsection, with the exception of costs assigned to irrigation, may be made, with interest, over a period of not more than thirty years from the date of completion of the work. The interest rate used shall be determined by the Secretary of the Treasury, taking into consideration average market yields on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the applicable reimbursable period during the month preceding the fiscal year in which the costs are incurred, plus a premium of not less than one-twentieth of one percentage point for transaction costs. To the extent that more than one interest rate is determined pursuant to the preceding sentence, the Secretary of the Treasury shall establish an interest rate at the weighted average of the rates so determined.

(b) Nothing in this section affects the authority of the Secretary to perform work pursuant to...
to Public Law 84–99, as amended (33 U.S.C. 701n) or cost sharing for such work.

Editorial Notes
REPRESENT IN TEXT

Codification
Section was enacted as part of the Dam Safety Act of 1986, and also as part of the Water Resources Development Act of 1986, and not as part of the National Dam Safety Program Act which comprises this subchapter.

Statutory Notes and Related Subsidiaries
DAM SAFETY REPAIR PROJECTS
"(1) on the types of circumstances under which the requirement in section 1203(a) of the Water Resources Development Act of 1986 (33 U.S.C. 467n(a)) relating to state-of-the-art design or construction criteria deemed necessary for safety purposes applies to a dam safety repair project;
"(2) to assist district offices of the Corps of Engineers in communicating with non-Federal interests when entering into and implementing cost-sharing agreements for dam safety repair projects; and
"(3) to assist the Corps of Engineers in communicating with non-Federal interests concerning the estimated and final cost-share responsibilities of the non-Federal interests under agreements for dam safety repair projects."

"SECRETARY" DEFINED
Secretary means the Secretary of the Army, see section 203 of this title.

CHAPTER 10—ANCHORAGE GROUNDS AND HARBOR REGULATIONS GENERALLY
Sec.
471. Transferred.
472. Marking anchorage grounds by Commander of the Coast Guard.
473. Repealed.
474. Anchorages and general regulations for St. Mary's River.
475. Regulations for Pearl Harbor, Hawaii.
476. Restrictions on tanker traffic in Puget Sound and adjacent waters.

§ 471. Transferred

Editorial Notes
Codification

§ 472. Marking anchorage grounds by Commander of the Coast Guard

The Commander of the Coast Guard shall provide, establish, and maintain, out of the annual appropriations for the Coast Guard, buoys or other suitable marks for marking anchorage grounds for vessels in waters of the United States, when such anchorage grounds have been defined and established by proper authority in accordance with the laws of the United States.

Statutory Notes and Related Subsidiaries
TRANSFER OF FUNCTIONS
Coast Guard transferred to Department of Transportation, and functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, §6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of the Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14, Coast Guard. See section 108 of Title 49, Transportation.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 409(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 422 of Title 6.

Executive Documents
TRANSFER OF FUNCTIONS
“Commandant of the Coast Guard” and “Coast Guard” substituted in text for “Commissioner of Lighthouses” and “Lighthouse Service”, respectively, on authority of Reorg. Plan No. II of 1939, §12(a), set out in the Appendix to Title 5, Government Organization and Employees, which transferred and consolidated the Bureau of Lighthouses (of which the Lighthouse Service was the head) and its functions with the Coast Guard (of which the Commandant was the Chief).

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4955, 64 Stat. 1380, 1281, set out in the Appendix to Title 5, Government Organization and Employees. Functions of Coast Guard, and Commandant of Coast Guard, excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Section, act Mar. 2, 1895, ch. 172, §2, 28 Stat. 740, provided that the powers and authority conferred upon the harbor master, District of Columbia, may in his absence or disability be exercised by the pilot of the harbor police boat.
§ 474. Anchorage and general regulations for St. Marys River

The Commandant of the Coast Guard is authorized and directed to adopt and prescribe suitable rules and regulations governing the movements and anchorage of vessels and rafts in Saint Marys River from Point Iroquois, on Lake Superior, to Point Detour, on Lake Huron, and for the purpose of enforcing the observance of such regulations the Secretary of Transportation is authorized to detail one or more Coast Guard vessels for duty upon the request of the Commandant of the Coast Guard on said river.

All officers of the Coast Guard who are directed to enforce the regulations prescribed by the above rules are empowered and directed, in case of necessity, or when a proper notice has been disregarded, to use the force at their command to remove from channels or stop any vessel found violating the prescribed rules.

In the event of the violation of any such rules or regulations the Commandant of the Coast Guard by the owners, master, or person in charge of such vessel, such owners, master, or person in charge shall be liable to a penalty not exceeding $200: Provided, That the Commandant of the Coast Guard may remit said fine on such terms as he may prescribe: Provided also, That nothing in this section shall be construed to amend or repeal chapter 4 of this title.

Editorial Notes

REFERENCES IN TEXT

Chapter 4 of this title, referred to in last par., was in the original "the Act entitled 'An Act to regulate navigation on the Great Lakes, and their connecting and tributary waters as far east as Montreal," approved February eighth, eighteen hundred and ninety-five, which was classified generally to chapter 4 ($241 et seq.) of this title and was repealed by Pub. L. 96–591, §§8(b), Dec. 24, 1980, 94 Stat. 3455, eff. Mar. 1, 1983, pursuant to 47 F.R. 15135, Apr. 8, 1982. See section 7 of Pub. L. 96–591, set out as an Effective Date of 1980 Amendment note under section 1604 of this title.

Statutory Notes and Executive Documents

TRANSFER OF FUNCTIONS

"Coast Guard vessels" and "Coast Guard" substituted in text for "revenue cutters" and "Revenue-Cutter Service", respectively, the Revenue Cutter Service and Life-Saving Service having been combined to form the Coast Guard by act Jan. 28, 1915, ch. 20, §1, 38 Stat. 800. That act was repealed by act Aug. 4, 1949, ch. 393, §20, 63 Stat. 561, section 1 of which reestablished the Coast Guard by enacting Title 14, Coast Guard.

Secretary of Commerce and Labor designated Secretary of Commerce by act Mar. 4, 1913, which created Department of Labor.

Functions of Secretary of Commerce under this section transferred to Commandant of Coast Guard by Reorg. Plan No. 3 of 1946, §§101–104, set out in the Appendix to Title 5, Government Organization and Employees.

See References in Text note below.

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5, Government Organization and Employees. Functions of Coast Guard, and Commandant of Coast Guard, excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Coast Guard transferred to Department of Transportation, and functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, §6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14, Coast Guard. See section 108 of Title 49, Transportation.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 475. Regulations for Pearl Harbor, Hawaii

For the proper control, protection, and defense of the naval station, harbor, and entrance channel at Pearl Harbor, Territory of Hawaii, the Secretary of the Navy is authorized, empowered, and directed to adopt and prescribe suitable rules and regulations governing the navigation, movement, and anchorage of vessels of whatsoever character in the waters of Pearl Harbor, island of Oahu, Hawaiian Islands, and in the entrance channel to said harbor, and to take all necessary measures for the proper enforcement of such rules and regulations.

(Aug. 22, 1912, ch. 335, 37 Stat. 341.)

Editorial Notes

CONCISE RESTATEMENT

Section is from the Naval Appropriation Act for 1913.

Executive Documents

ADMISSION OF HAWAII AS STATE

Admission of Hawaii into the Union was accomplished Aug. 21, 1959, on issuance of Proc. No. 3399, Aug. 21, 1959, 24 F.R. 6888, 73 Stat. c74, as required by sections 1 and 7(c) of Pub. L. 86–3, Mar. 18, 1959, 73 Stat. 4, set out as notes preceding section 491 of Title 48, Territories and Insular Possessions.

§ 476. Restrictions on tanker traffic in Puget Sound and adjacent waters

(a) The Congress finds that—

(1) the navigable waters of Puget Sound in the State of Washington, and the natural resources therein, are a fragile and important national asset;

(2) Puget Sound and the shore area immediately adjacent thereto is threatened by increased domestic and international traffic of tankers carrying crude oil in bulk which in-
creases the possibility of vessel collisions and oil spills; and

(3) it is necessary to restrict such tanker traffic in Puget Sound in order to protect the navigable waters thereof, the natural resources therein, and the shore area immediately adjacent thereto, from environmental harm.

(b) Notwithstanding any other provision of law, on and after October 18, 1977, no officer, employee, or other official of the Federal Government shall, or shall have authority to, issue, renew, grant, or otherwise approve any permit, license, or other authority for constructing, renovating, modifying, or otherwise altering a terminal, dock, or other facility in, on, or immediately adjacent to, or affecting the navigable waters of Puget Sound, or any other navigable waters in the State of Washington east of Port Angeles, which will or may result in any increase in the volume of crude oil capable of being handled at any such facility (measured as of October 18, 1977), other than oil to be refined for consumption in the State of Washington.

CHAPTER 11—BRIDGES OVER NAVIGABLE WATERS

SUBCHAPTER I—GENERAL PROVISIONS

Sec.
491. Approval of and deviation from plans; exemptions.
492. Bridge as post route; limitation as to charges against Government; telephone lines.
493. Use of railroad bridges by other railroad companies.
494. Obstruction of navigation; alterations and removals; lights and signals; draws.
494a. Study of bridges over navigable waters.
495. Violations of orders respecting bridges and accessory works.
496. Time for commencement and completion of bridge.
497. "Persons" defined.
498. Reservation of right to alter or repeal.
498a, 498b. Repealed.
499. Regulations for drawbridges.
500. Deflection of current; liability to riparian owners.
501. Omitted.
502. Alteration, removal, or repair of bridge or accessory obstructions to navigation.
503 to 507. Repealed.
508. Amount of tolls.

SUBCHAPTER II—ALTERATION OF BRIDGES

511. Definitions.
512. Obstruction of navigation.
513. Notice, hearings, and findings.
514. Submission and approval of general plans and specifications.
515. Contracts for project; guaranty of cost.
516. Apportionment of cost.
517. Payment of share of United States.
518. Authorization of appropriations.
519. Noncompliance with orders; penalties; removal of bridge.
520. Review of findings and orders.
521. Regulations and orders.
522. Repealed.
523. Relocation of bridges.
524. Applicability of administrative procedure provisions.

Sec.
492. Bridge as post route; limitation as to charges against Government; telephone lines.
500. Deflection of current; liability to riparian owners.
501. Omitted.
502. Alteration, removal, or repair of bridge or accessory obstructions to navigation.
503 to 507. Repealed.
508. Amount of tolls.

SUBCHAPTER III—GENERAL BRIDGE AUTHORITY

525. Construction and operation of bridges.
526. 526a. Repealed.
527. Acquisition of interstate bridges by public agencies; amount of damages.
528. Statement of construction costs of privately owned interstate bridges; investigation of costs; conclusiveness of findings; review.
529. Repealed.
530. Bridges included and excluded.
531. International bridges.
532. Eminent domain.
533. Penalties for violations.
534. Conveyance of right, title, and interest of United States in bridges transferred to States or political subdivisions; terms and conditions.

SUBCHAPTER IV—INTERNATIONAL BRIDGES

535. Congressional consent to construction, maintenance, and operation of international bridges; conditions of consent.
535a. Congressional consent to State agreements with Canada and Mexico; Secretary of State's approval of agreements.
535b. Presidential approval; recommendations of Federal officials.
535c. Approval of Secretary; commencement and completion requirements; extension of time limits.
535d. Repealed.
535e. Ownership.
535g. Federal navigable waters and commerce jurisdiction unaffected.
535h. Repealed.
535i. Reservation of right to alter or repeal.

Statutory Notes and Related Subsidiaries

BRIDGE PERMITS

"(a) IN GENERAL.—For the purposes of reviewing a permit application pursuant to section 9 of the Act of March 3, 1899, popularly known as the Rivers and Harbors Appropriation Act of 1899 (33 U.S.C. 401), the Act of March 23, 1906, popularly known as the Bridge Act of 1906 (33 U.S.C. 491 et seq.), the Act of June 21, 1940, popularly known as the Truman-Hobbs Act (33 U.S.C. 511 et seq.), or the General Bridge Act of 1946 (33 U.S.C. 525 et seq.), the Secretary of the department in which the Coast Guard is operating may—

"(1) accept voluntary services from one or more owners of a bridge; and

"(2) accept and credit to Coast Guard operating expenses any amounts received from one or more owners of a bridge.""
fifications and the location of such bridge and accessory works; and when the plans for any bridge to be constructed under the provisions of sections 491 to 494 and 495 to 498 of this title, have been approved by the Secretary it shall not be lawful to deviate from such plans, either before or after completion of the structure, unless the modification of such plans has previously been submitted to and received the approval of the Secretary. This section shall not apply to any bridge over waters which are not subject to the ebb and flow of the tide and which are not used and are not susceptible to use in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce.

Editorial Notes

AMENDMENTS

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation”.

1984—Pub. L. 98–557 substituted “for the Secretary’s approval, nor until the Secretary” for “and Chief of Engineers for their approval, nor until they” and struck out “by the Chief of Engineers and” after “have been approved”, “of the Chief of Engineers and” after “received the approval”, and “of Transportation” after “by the Secretary” and after “of the Secretary”.

1983—Pub. L. 97–449 substituted “Secretary of Transportation for “Secretary of War” wherever appearing. See Transfer of Functions note below.

Statutory Notes and Related Subsidiaries

SHORT TITLE

Sections 491 to 494 and 495 to 498 of this title are popularly known as the “Bridge Act of 1906” and the “General Bridge Act of 1906”.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] under this section to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(B), Oct. 15, 1966, 80 Stat. 941. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(6)(B) of Pub. L. 89–670, and repealed section 6(g)(6)(B).

§492. Bridge as post route; limitation as to charges against Government; telegraph and telephone lines

Any bridge built in accordance with the provisions of sections 491 to 494 and 495 to 498 of this title, shall be a lawful structure and shall be recognized and known as a post route, upon which no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States than the rate per mile paid for the transportation over any railroad, street railway, or public highway leading to said bridge; and the United States shall have the right to construct, maintain, and repair, without any charge therefor, telegraph and telephone lines across and upon said bridge and its approaches; and equal privileges in the use of said bridge and its approaches shall be granted to all telegraph and telephone companies.

(Mar. 23, 1906, ch. 1130, §2, 34 Stat. 85.)

§493. Use of railroad bridges by other railroad companies

All railroad companies desiring the use of any railroad bridge built in accordance with the provisions of sections 491 to 494 and 495 to 498 of this title, shall be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same and over the approaches thereto upon payment of a reasonable compensation for such use; and in case of any disagreement between the parties in regard to the terms of such use or the sums to be paid all matters at issue shall be determined by the Secretary of Transportation upon hearing the allegations and proofs submitted to him.

Editorial Notes

AMENDMENTS

1983—Pub. L. 97–449 substituted “Secretary of Transportation” for “Secretary of War”. See Transfer of Functions note below.

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] under this section to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(B), Oct. 15, 1966, 80 Stat. 941. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(6)(B) of Pub. L. 89–670, and repealed section 6(g)(6)(B).

§494. Obstruction of navigation; alterations and removals; lights and signals; draws

No bridge erected or maintained under the provisions of sections 491 to 494 and 495 to 498 of this title, shall at any time unreasonably obstruct the free navigation of the waters over which it is constructed, and if any bridge erected in accordance with the provisions of said sections, shall, in the opinion of the Secretary of the department in which the Coast Guard is operating at any time unreasonably obstruct such navigation, either on account of insufficient height, width of span, or otherwise, or if there be difficulty in passing the draw opening or the drawspan of such bridge by rafts, steamboats, or other water craft, it shall be the duty of the Secretary of the department in which the Coast Guard is operating after giving the parties interested reasonable opportunity to be heard, to notify the persons owning or controlling such
bridge to so alter the same as to render navigation through or under it reasonably free, easy, and unobstructed, stating in such notice the changes required to be made, and prescribing in each case a reasonable time in which to make such changes, and if at the end of the time so specified the changes so required have not been made, the persons owning or controlling such bridge shall be deemed guilty of a violation of said sections; and all such alterations shall be made and all such obstructions shall be removed at the expense of the persons owning or operating said bridge. The persons owning or operating any such bridge shall maintain, at their own expense, such lights and other signals thereon as the Commandant of the Coast Guard shall prescribe. If the bridge shall be constructed with a draw, then the draw shall be opened promptly by the persons owning or operating such bridge upon reasonable signal for the passage of boats and other water craft.

Acts Aug. 7, 1939, ch. 503, 53 Stat. 1234, and Apr. 24, 1946, ch. 214, 60 Stat. 122, were amended by act Aug. 9, 1955, ch. 631, 69 Stat. 552, to provide that the last sentence of this section should not be applicable to bridges constructed pursuant to acts Aug. 7, 1939 and Apr. 24, 1946.

T R A N S F E R O F F U N C T I O N S

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] relating to the reasonableness of tolls and to location and clearances of bridges and causeways in navigable waters of United States under this section transferred to and vested in Secretary of Transportation by section 6(g)(4)(A), (6)(B) of Pub. L. 89–670. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(4)(A), (6)(B) of Pub. L. 89–670, and repealed section 6(g)(4)(A), (6)(B).

Coast Guard transferred to Department of Transportation, and functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, § 6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war when the President directs as provided in former section 3 (now 103) of Title 14, Coast Guard. See section 108 of Title 49, Transportation.

Secretary of Commerce and Labor redesignated Secretary of Labor by act Mar. 4, 1913, which enacted Department of Labor.

Executive Documents

T R A N S F E R O F F U N C T I O N S

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§ 1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5, Government Organization and Employees. Functions of Coast Guard, and Commander of Coast Guard, excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

“Commandant of the Coast Guard” substituted in text for “Secretary of Commerce” on authority of Reorg. Plan No. 3 of 1946, §§ 101 to 104, set out in the Appendix to Title 5, Government Organization and Employees.

§ 494a. Study of bridges over navigable waters

The Commandant of the Coast Guard shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a comprehensive study on the construction or alteration of any bridge, drawbridge, or causeway over the navigable waters of the United States with a channel depth of 25 feet or greater that may impede or obstruct future navigation to or from port facilities and for which a permit under the Act of March 23, 1906 (33 U.S.C. 491 et seq.),
§ 495  Violations of orders respecting bridges and accessory works

(a) Criminal penalties for violation; misdemeanor; fine; new offenses; jurisdiction; suits for recovery of removal expenses, enforcement of removal, and obstruction-to-navigation causes or questions

Any person who shall willfully fail or refuse to comply with the lawful order of the Secretary of the department in which the Coast Guard is operating or the Chief of Engineers, made in accordance with the provisions of sections 493 to 494 and 495 to 498 of this title, shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished in any court of competent jurisdiction by a fine not exceeding $5,000, and every month such persons shall remain in default shall be deemed a new offense and subject such persons to additional penalties therefor; and in addition to the penalties above described the Secretary of the department in which the Coast Guard is operating and the Chief of Engineers may, upon refusal of the persons owning or controlling any such bridge and accessory works to comply with any lawful order issued by the Secretary of the department in which the Coast Guard is operating or Chief of Engineers in regard thereto, cause the removal of such bridge and accessory works at the expense of the persons owning or controlling such bridge, and suit for such expense may be brought in the name of the United States against such persons, and recovery had for such expense in any court of competent jurisdiction; and the removal of any structures erected or maintained in violation of the provisions of said sections, or the order or direction of the Secretary of the department in which the Coast Guard is operating or Chief of Engineers made in pursuance thereof may be enforced by injunction, mandamus, or other summary process, upon application to the district court in the district in which such structure may, in whole or in part, exist, and proper proceedings to this end may be instituted under the direction of the Attorney General of the United States at the request of the Secretary of the department in which the Coast Guard is operating; and in case of any litigation arising from any obstruction or alleged obstruction to navigation created by the construction of any bridge under said sections, the cause or question arising may be tried before the district court of the United States in any district which any portion of said obstruction or bridge touches.

(b) Civil penalties for violation; separate offenses; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any provision of sections 491 to 494 and 495 to 498 of this title, or any order issued under sections 491 to 494 and 495 to 498 of this title, shall be liable to a civil penalty of not more than $25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

§ 496  Powers and duties of Secretary

Whoever violates any provision of sections 491 to 494 and 495 to 498 of this title, or any order issued under sections 491 to 494 and 495 to 498 of this title, shall be liable to a civil penalty of not more than $25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

Editorial Notes

CODIFICATION

The words “district court” were substituted for “circuit court,” upon incorporation into the Code, the Circuit Courts being abolished by act Mar. 3, 1911, and their powers and duties transferred to the district courts by section 291 of that act.

AMENDMENTS

2018—Subsec. (b). Pub. L. 115–232 struck out “$5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and” after “civil penalty of not more than”.

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

2004—Subsec. (b). Pub. L. 108–293 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

1996—Subsec. (b). Pub. L. 97–449 substituted “Secretary of Transportation” for “Secretary of War” wherever appearing. See Transfer of Functions note below.
§ 496. Time for commencement and completion of bridge

Whenever Congress shall after March 23, 1906, by law authorize the construction of any bridge over or across any of the navigable waters of the United States, and no time for the commencement and completion of such bridge is named in said Act, the authority thereby granted shall cease and be null and void unless the actual construction of the bridge authorized in such Act be commenced within one year and completed within three years from the date of the passage of such Act.

(Mar. 23, 1906, ch. 1130, § 6, 34 Stat. 86.)

§ 497. "Persons" defined

The word "persons" as used in sections 491 to 494 and 495 to 498 of this title, shall be construed to import both the singular and the plural, as the case demands, and shall include municipalities, quasi-municipal corporations, corporations, companies, and associations.

(Mar. 23, 1906, ch. 1130, § 7, 34 Stat. 86.)

§ 498. Reservation of right to alter or repeal

The right to alter, amend, or repeal sections 491 to 494 and 495 to 498 of this title, is expressly reserved as to any and all bridges which may be built in accordance with the provisions of said sections, and the United States shall incur no liability for the alteration, amendment, or repeal thereof to the owner or owners or any other persons interested in any bridge which shall have been constructed in accordance with its provisions.

(Mar. 23, 1906, ch. 1130, § 8, 34 Stat. 86.)

Section, act June 10, 1930, ch. 441, § 17, 46 Stat. 552, provided that, in the case of bridges authorized prior to June 10, 1930, by Acts of Congress, where Congress has specifically reserved the right to regulate tolls, such bridges, with respect to regulation of all tolls, be subject to sections 491 to 494 and 495 to 498 of this title.
after the signal required by rules or regulations under this section has been given. The Secretary of the department in which the Coast Guard is operating shall issue rules and regulations to implement this subsection.

(e) Civil penalties for violation; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any rule or regulation issued under subsection (a) or (b), shall be liable to a civil penalty of not more than $5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and $25,000 for a violation occurring in 2008 and any year thereafter. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under subsection fails to pay that penalty, the action may be commenced in the district court of the United States for any district in which the bridge is located; and

(d) Temporary changes to drawbridge operating schedules

Notwithstanding section 553 of title 5, whenever a temporary change to the operating schedule of a drawbridge, lasting 180 days or less—

(1) is approved—

(A) the Secretary of the department in which the Coast Guard is operating shall—

(i) issue a deviation approval letter to the bridge owner; and

(ii) announce the temporary change in—

(I) the Local Notice to Mariners;

(II) a broadcast notice to mariners and through radio stations; or

(III) such other local media as the Secretary considers appropriate; and

(B) the bridge owner, except a railroad bridge owner, shall notify—

(i) the public by publishing notice of the temporary change in a newspaper of general circulation published in the place where the bridge is located;

(ii) the department, agency, or office of transportation with jurisdiction over the roadway that abuts the approaches to the bridge; and

(iii) the law enforcement organization with jurisdiction over the roadway that abuts the approaches to the bridge; or

(2) is denied, the Secretary of the department in which the Coast Guard is operating shall—

(A) not later than 10 days after the date of receipt of the request, provide the bridge owner in writing the reasons for the denial, including any supporting data and evidence used to make the determination; and

(B) provide the bridge owner a reasonable opportunity to address each reason for the denial and resubmit the request.

(f) Requirements

(1) Logbooks

An operator of a drawbridge built across a navigable river or other water of the United States—

(A) that opens the draw of such bridge for the passage of a vessel, shall record in a logbook—

(i) the bridge identification and date of each opening;

(ii) the bridge tender or operator for each opening;

(iii) each time it is opened to navigation;

(iv) each time it is closed for navigation;

(v) the number and direction of vessels passing through during each opening;

(vi) the types of vessels passing through during each opening;

(vii) an estimated or known size (height, length, and beam) of the largest vessel passing through during each opening;

(viii) for each vessel, the vessel name and registration number if easily observable; and

(ix) all maintenance openings, malfunctions, or other comments; and

(B) that remains open to navigation but closes to allow for trains to cross, shall record in a logbook—

(i) the bridge identification and date of each opening and closing;

(ii) the bridge tender or operator;

(iii) each time it is opened to navigation;

(iv) each time it is closed to navigation; and

(v) all maintenance openings, closings, malfunctions, or other comments.

(2) Maintenance of logbooks

A drawbridge operator shall maintain logbooks required under paragraph (1) for not less than 5 years.

(3) Submission of logbooks

At the request of the Secretary of the department in which the Coast Guard is operating, a drawbridge operator shall submit to the Secretary the logbook required under paragraph (1) as the Secretary considers necessary to carry out this section.

(4) Exemption

The requirements under paragraph (1) shall be exempt from sections 3501 to 3521 of title 44.
was from act Aug. 18, 1894.

from a part of section 6 of act June 13, 1902.

applicable to the said regulations."

third, eighteen hundred and ninety-nine [section 413 of section seventeen of the river and harbor Act of March 1916].

may be enforced as provided in section four as amended by section eleven of this Act.

regulations hereafter prescribed in pursuance of the aforesaid [this section and section 1 of this title], and any regula-

The last proviso of subsec. (a) of this section was from a part of section 6 of act June 13, 1902, which reads as follows: "Any regulations heretofore or hereafter prescribed by the Secretary of War in pursuance of the fourth and fifth sections of the river and harbor Act of August eighteen, eighteen hundred and ninety-four [this section and section 1 of this title], and any regulations hereafter prescribed in pursuance of the aforesaid section four as amended by section eleven of this Act [section 1 of this title], may be enforced as provided in section seventeen of the river and harbor Act of March third, eighteen hundred and ninety-nine [section 413 of this title], the provisions whereof are hereby made applicable to the said regulations."

The last paragraph of section 1 of this title is also from a part of section 6 of act June 13, 1902.

Except for the last proviso of subsec. (a), this section was from act Aug. 18, 1894.

AMENDMENTS

2018—Subsecs. (d) to (f). Pub. L. 115–282 added subsecs. (d) to (f).

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

2004—Subsec. (c). Pub. L. 108–293 substituted “$5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and $25,000 for a violation occurring in 2008 and any year there-

after” for “$1,000”.

1989—Pub. L. 101–650 inserted at end “Any rules and regulations made in pursuance of this section shall, to the extent practical and feasible, provide for regularly scheduled openings of drawbridges during seasons of the year, and during times of the day, when scheduled openings would help reduce motor vehicle traffic delays and congestion on roads and highways linked by drawbridges.”

1982—Subsec. (a). Pub. L. 97–322, §108(a)(1a)(d), designated existing provisions as subsec. (a); struck out from second sentence after “boats,” the clause “or who shall unreasonably delay the opening of said draw after reasonable signal shall have been given,”; substituted in first proviso “subsection” for “section”; and in sec-

second proviso for punishment of “willful” viola-

tion of rules and regulations.

Subsecs. (b), (c). Pub. L. 97–322, §108(a)(5), added sub-

secs. (b) and (c).

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

“Magistrate judge” substituted in text for “mag-

istrate” pursuant to section 321 of Pub. L. 101–450, out as a note under section 631 of Title 28, Judiciary and Judicial Procedure. Previously, “magistrate” subst-

uted for “commissioner” pursuant to Pub. L. 90–578.

Editorial Notes

Section was from the River and Harbor Appropriation Act of 1888.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Sec-

retary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Editorial Notes

Section was from the River and Harbor Appropriation Act of 1888.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Sec-

retary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, en-

acted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under ad-

ministrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and offices of Department of the Army under sections 491 to 494 and 495 to 498 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(B), Oct. 15, 1966, 80 Stat. 931. Pub. L. 97–449 amended sections 491 to 494 and 495 to 498 of this title to reflect transfer made by section 6(g)(6)(B) of Pub. L. 89–670, and repealed section 6(g)(6)(B).

$ 501. Omitted

Editorial Notes

Section, R.S. § 5250, gave assent of Congress to con-

struction of bridges across the Maquoketa River in Iowa.
§ 502. Alteration, removal, or repair of bridge or accessory obstructions to navigation
(a) Criminal penalties for violation; alteration or removal requirements; notice and hearing; specification of changes; time for compliance; notice to United States attorney; misdemeanor; fine; new offenses

Whenever the Secretary of the department in which the Coast Guard is operating shall have good reason to believe that any railroad or other bridge over any of the navigable waterways of the United States is an unreasonable obstruction to the free navigation of such waters on account of insufficient height, width of span, or otherwise, or where there is difficulty in passing the draw opening or the draw span of such bridge by rafts, steamboats, or other water craft, it shall be the duty of the said Secretary, first giving the parties reasonable opportunity to be heard, to give notice to the persons or corporations owning or controlling such bridge so to alter the same as to render navigation through or under it reasonably free, easy, and unobstructed; and in giving such notice he shall specify the changes that are required to be made, and shall prescribe in each case a reasonable time in which to make them. If at the end of such time the alteration has not been made, the Secretary of the department in which the Coast Guard is operating shall forthwith notify the United States attorney for the district in which such bridge is situated, to the end that the criminal proceedings hereinafter in this section mentioned may be taken. If the persons, corporation, or association owning or controlling any railroad or other bridge shall, after receiving notice to that effect, as hereinbefore required, from the Secretary of the department in which the Coast Guard is operating and within the time prescribed by him willfully fail or refuse to remove the same or to comply with the lawful order of the Secretary of the department in which the Coast Guard is operating in the premises, such persons, corporation, or association shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine not exceeding $5,000, and every month such person, corporation, or association shall remain in default in respect to the removal or alteration of such bridge shall be deemed a new offense, and subject the persons, corporation, or association so offending to the penalties above prescribed.

(b) Proper repair requirement

No owner or operator of any bridge, drawbridge, or causeway shall endanger, unreasonably obstruct, or make hazardous the free navigation of any navigable water of the United States by reason of the failure to keep the bridge, drawbridge, or causeway and any accessory works in proper repair.

(c) Civil penalties for violation; separate offenses; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any provision of this section, or any order issued under this section, shall be liable to a civil penalty of not more than $5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and $25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

Editorial Notes

CONFINEMENT

Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”.

The words “or from the existing circuit courts,” which followed “district courts” in the proviso were superseded by the abolition of the circuit courts and the transfer of their jurisdiction to the district courts, by act Mar. 3, 1911.

PRIOR PROVISIONS

This section superseded act Aug. 11, 1888, ch. 860, §§ 9, 10, 25 Stat. 424, as amended by act Sept. 19, 1890, ch. 907, §§ 4, 5, 26 Stat. 453, which required the Secretary of War to provide against obstructions to navigation by bridges, and prescribed a punishment on the owner’s default in making the required alterations.

The Secretary of War was authorized to make the required changes in bridges obstructing navigation on the owner’s failure to do so, and the Attorney General was required to institute proceedings against the owner for the recovery of the cost of such changes, by act July 5, 1884, ch. 229, § 8, 23 Stat. 148.

AMENDMENTS

2016—Subsecs. (a), (c). Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

2004—Subsec. (c). Pub. L. 108–293 substituted “$5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and $25,000 for a violation occurring in 2008 and any year thereafter” for “$1,000”.

1962—Subsec. (a). Pub. L. 97–322 designated existing provisions as subsec. (a), substituted “Secretary of Transportation” for “Secretary of War” wherever appearing, and struck out “recommended by the Chief of Engineers” after “specify the charges”.

Subsecs. (b), (c). Pub. L. 97–322 added subsecs. (b) and (c).

The General Bridge Act of 1946, referred to in text, is title V of act Aug. 2, 1946, ch. 753, 60 Stat. 847, as amended, which is classified generally to subchapter III (§525 et seq.) of this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 525 of this title and Tables.

The International Bridge Act of 1972, referred to in text, is Pub. L. 92–844, Sept. 26, 1972, 86 Stat. 731, as amended, which is classified principally to subchapter IV (§535 et seq.) of this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 535 of this title and Tables.

**SUBCHAPTER II—ALTERATION OF BRIDGES**

### §511. Definitions

When used in this subchapter, unless the context otherwise indicates—

The term “alteration” includes changes of any kind, reconstruction, or removal in whole or in part.

The term “bridge” means a lawful bridge over navigable waters of the United States, including approaches, fenders, and appurtenances thereto, which is used and operated for the purpose of carrying railroad traffic, or both railroad and highway traffic, or if a State, municipality, or other political subdivision is the owner or joint owner thereof, which is used and operated for the purpose of carrying highway traffic.

The term “bridge owner” means any State, county, municipality, or other political subdivision, or any corporation, association, partnership, or individual owning, or jointly owning, any bridge, and when any bridge shall be in the possession or under the control of any trustee, receiver, trustee in a case under title 11, or lessee, such terms shall include both the owner of the legal title and the person or the entity in possession or control of such bridge.

The term “Secretary” means the Secretary of the department in which the Coast Guard is operating.

The term “United States”, when used in a geographical sense, includes the Territories and possessions of the United States.

### Editorial Notes

#### AMENDMENTS

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation”.

1963—Pub. L. 97–449 substituted provision that the term “Secretary” means the Secretary of Transportation for provision that it meant the Secretary of War acting directly or through the Chief of Engineers.

1952—Act of July 16, 1952, redefined “bridge” and “bridge owner”.

### Statutory Notes and Related Subsidiaries

#### EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95–598 effective Oct. 1, 1979, see section 402(a) of Pub. L. 95–598, set out as an Effec-
§ 512. Obstruction of navigation

No bridge shall at any time unreasonably obstruct the free navigation of any navigable waters of the United States.

(June 21, 1940, ch. 409, § 2, 54 Stat. 498.)

§ 513. Notice, hearings, and findings

Whenever any bridge shall, in the opinion of the Secretary, at any time unreasonably obstruct such navigation, it shall be the duty of the Secretary, after notice to interested parties, to hold a hearing at which the bridge owner, those interested in water navigation thereunder or therethrough, those interested in either railroad or highway traffic thereover, and any other party or parties in interest shall have full opportunity to offer evidence and be heard as to whether any alteration of such bridge is needed, and if so what alterations are needed, having due regard to the necessity of free and unobstructed water navigation and to the necessities of the rail or highway traffic. If, upon such hearing, the Secretary determines that any alterations of such bridge are necessary in order to render navigation through or under it reasonably free, easy, and unobstructed, having due regard also for the necessities of rail or highway traffic thereover, he shall so find and shall issue and cause to be served upon interested parties an order requiring such alterations of such bridge as he finds to be reasonably necessary for the purposes of navigation.

(June 21, 1940, ch. 409, § 3, 54 Stat. 498.)

§ 514. Submission and approval of general plans and specifications

After the service of an order under this subchapter, it shall be the duty of the bridge owner to prepare and submit to the Secretary of the department in which the Coast Guard is operating, within a reasonable time as prescribed by the Secretary, general plans and specifications to provide for the alteration of such bridge in accordance with such order, and for such additional alteration of such bridge as the bridge owner may desire to meet the necessities of railroad or highway traffic, or both. The Secretary may approve or reject such general plans and specifications in whole or in part, and may require the submission of new or additional plans and specifications, but when the Secretary shall have approved general plans and specifications, they shall be final and binding upon all parties unless changes therein be afterward approved by the Secretary and the bridge owner.

Editorial Notes

AMENDMENTS

1976—Pub. L. 94–587 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation”.

1965—Pub. L. 89–670 substituted “Secretary of the Army [formerly War] and other officers and offices of Department of the Army [formerly War] relating to obstructive bridges under this subchapter to Secretary of Transportation” for “Secretary of the Army [formerly War] relating to obstructive bridges under this subchapter to Secretary of Transportation”. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(3) of Pub. L. 89–670, and repealed section 6(g)(3).

1962—Pub. L. 88–377 substituted “Secretary of Transportation” for “Secretary of the Army”.

1958—Pub. L. 85–640 struck out provisions which provided in sections 516 and 517 of this title:

a. That where funds have been appropriated for part only of a project, the bridge owner may take bids for part only of the work. In the event the bridge owner proceeds with the alteration through the taking of successive partial bids, the bridge owner shall, if required by the Secretary, submit a revised guaranty of cost after bids are accepted for successive parts of the work.

(b) That the Secretary may authorize the bridge owner to reject all bids and to take new bids, or may require the bridge owner to bid another time, or may require the bridge owner to secure bids for the work in whole or in part, and to act with respect to the bids in such manner and within such times as the Secretary shall prescribe.

Editorial Notes

AMENDMENTS

1958—Pub. L. 85–640 struck out provisions which required bridge owner to take bids within 60 days after notification of approval of general plans and specifications, and inserted provisions permitting the taking of partial bids where funds have been appropriated for
part of a project, and requiring the bridge owner, if requested, to submit a revised guaranty of cost.

§ 516. Apportionment of cost

At the time the Secretary shall authorize the bridge owner to proceed with the project, as provided in section 515 of this title, and after an opportunity to the bridge owner to be heard thereon, the Secretary shall determine and issue an order specifying the proportionate shares of the total cost of the project to be borne by the United States and by the bridge owner. Such apportionment shall be made on the following basis: The bridge owner shall bear such part of the cost as is attributable to the direct and special benefits which will accrue to the bridge owner as a result of the alteration, including the expectable savings in repair or maintenance costs; and that part of the cost attributable to the requirements of traffic by railroad or highway, or both, including any expenditure for increased carrying capacity of the bridge, and including such proportion of the actual capital cost of the old bridge or of such part of the old bridge as may be altered or changed or rebuilt, as the used service life of the whole or a part, as the case may be, bears to the total estimated service life of the whole or such part: Provided, That in the event the alteration or relocation of any bridge may be desirable for the reason that the bridge unreasonably obstructs navigation, but also for some other reason, the Secretary may require equitable contribution from any interested person, firm, association, corporation, municipality, county, or State desiring such alteration or relocation for such other reason, as a condition precedent to the making of an order for such alteration or relocation. The United States shall bear the balance of the cost, including that part attributable to the necessities of navigation: And provided further, That where the bridge owner proceeds with the alteration on a successive partial bid basis the Secretary is authorized to issue an order of apportionment and estimate of cost for the entire alteration based on the accepted bid for the first part of the alteration and an estimate of cost for the remainder of the work. The Secretary is authorized to revise the order of apportionment of cost, to the extent he deems reasonable and proper, to meet any changed conditions.

Editorial Notes

AMENDMENTS
2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.
1983—Pub. L. 97–449 substituted “Secretary of Transportation” for “Secretary of War” wherever appearing, which substitution had previously been made by Pub. L. 91–605. See also, Transfer of Functions note below.
1970—Pub. L. 91–605 substituted provision permitting Secretary of Transportation to make payments for design work performed prior to the actual commencement of the bridge alteration but after the order to alter has been issued for provision requiring Secretary of War to approve alteration plans, the cost guaranty, the fixing of proportionate shares as between the United States and bridge owner, and the commencement of the alteration, before the Chief of Engineers may make payments for bridge alteration, inserted reference to Secretary of Transportation in second sentence, and substituted “Secretary of Transportation” for “Secretary of War” in third sentence.
1968—Pub. L. 85–640 struck out provisions which required Secretary of War to furnish to Secretary of the Treasury a certified copy of his approval of the plans and specifications and guaranty, and of his order fixing the proportionate shares, and which required the Secretary of the Treasury to set aside the share of the United States for the project.

§ 517. Payment of share of United States

Following service of the order requiring alteration of the bridge, the Secretary of the department in which the Coast Guard is operating may make partial payments as the work progresses to the extent that funds have been appropriated. The total payments out of Federal funds shall not exceed the proportionate share of the United States of the total cost of the project paid or incurred by the bridge owner, and, if such total cost exceeds the cost guaranteed by the bridge owner, shall not exceed the proportionate share of the United States of such guaranteed cost, except that if the cost of the work exceeds the guaranteed cost by reason of emergencies, conditions beyond the control of the owner, or unforeseen or undetermined conditions, the Secretary of the department in which the Coast Guard is operating may, after full review of all the circumstances, provide for additional payments by the United States to help defray such excess cost to the extent he deems to be reasonable and proper, and shall certify such additional payments to the Secretary of the Treasury for payment. All payments to any bridge owner herein provided for shall be made by the Secretary of the Treasury through the Fiscal Service upon certification of the Secretary of the department in which the Coast Guard is operating.

Transfer of Functions

Section 8(g)(3) of Pub. L. 89–670 transferred functions, powers, and duties of Secretary of the Army (formerly War) and other officers and offices of Department of the Army (formerly War) relating to obstructive bridges under this subchapter to Secretary of Transpor-
§ 519. Noncompliance with orders; penalties; removal of bridge

Any bridge owner who shall willfully fail or refuse to comply with any lawful order issued by the Secretary in regard thereto, cause the removal of any such bridge and accessory works at the expense of the bridge owner; and suit for such expense may be brought in the name of the United States against such bridge owner and recovery had for such expense in any court of competent jurisdiction. The removal of any bridge erected or maintained in violation of the provisions of this subchapter or the order or direction of the Secretary made in pursuance thereof, and compliance with any order of the Secretary made with respect to any bridge in accordance with the provisions of this subchapter, may be enforced by injunction, mandamus, or other summary process upon application to the district court of any district in which such bridge may, in whole or in part, exist, and proper proceedings to this end may be instituted under the direction of the Attorney General of the United States at the request of the Secretary.

(June 21, 1940, ch. 409, § 9, 54 Stat. 500.)

§ 520. Review of findings and orders

Any order made or issued under section 516 of this title may be reviewed by the court of appeals for any judicial circuit in which the bridge in question is wholly or partly located, if a petition for such review is filed within three months after the date such order is issued. The judgment of any such court shall be final except that it shall be subject to review by the Supreme Court of the United States upon certification or certiorari, in the manner provided in section 1254 of title 28. The review by such Court shall be limited to questions of law, and the findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive. Upon such review, such Court shall have power to affirm or, if the order is not in accordance with law, to modify or to reverse the order, with or without remanding the case for a rehearing as justice may require. Proceedings under this section shall not operate as a stay of any order of the Secretary issued under provisions of this subchapter other than section 516 of this title, or relieve any bridge owner of any liability or penalty under such provisions.

Editorial Notes

Codification

“Section 1254 of title 28” substituted in text for “sections 239 and 240 of the Judicial Code, as amended” on authority of act June 25, 1948, ch. 646, 62 Stat. 869, section 1 of which enacted Title 28, Judiciary and Judicial Procedure. Prior to the enactment of Title 28, sections 239 and 240 of the Judicial Code were classified to sections 346 and 347 of Title 28.

Statutory Notes and Related Subsidiaries

Change of Name

§ 521. Regulations and orders

The Secretary is authorized to prescribe such rules and regulations, and to make and issue such orders, as may be necessary or appropriate for carrying out the provisions of this subchapter.

(June 21, 1940, ch. 409, § 11, 54 Stat. 501.)

Section, act June 21, 1940, ch. 409, § 12, 54 Stat. 501, related to applicability of certain provisions of law existing in 1940.

§ 523. Relocation of bridges

If the owner of any bridge and the Secretary shall agree that in order to remove an obstruc-
§ 525. Construction and operation of bridges

(a) Consent of Congress

The consent of Congress is granted for the construction, maintenance, and operation of bridges and approaches thereto over the navigable waters of the United States, in accordance with the provisions of this subchapter.

(b) Approval of plans

The location and plans for such bridges shall be approved by the Secretary of the department in which the Coast Guard is operating before construction is commenced, and, in approving the location and plans of any bridge, the Secretary may impose any specific conditions relating to the maintenance and operation of the structure which the Secretary may deem necessary in the interest of public navigation, and the conditions so imposed shall have the force of law. This subsection shall not apply to any bridge over waters which are not subject to the ebb and flow of the tide and which are not used and are not susceptible to use in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce.

(c) Private highway toll bridges

Notwithstanding the provisions of subsections (a) and (b), it shall be unlawful to construct or commence the construction of any privately owned highway toll bridge until the location and plans thereof shall also have been submitted to and approved by the highway department or departments of the State or States in which the bridge and its approaches are situated; and where such bridge shall be between two or more States and the highway departments thereof shall be unable to agree upon the location and plans therefor, or if they, or either of them, shall fail or refuse to act upon the location and plans submitted, such location and plans then shall be submitted to the Secretary of Transportation and, if approved by the Secretary of Transportation, approval by the highway departments shall not be required.

Editorial Notes

Amendments

1983—Pub. L. 97–449 substituted “Secretary of Transportation” for “Secretary of War”. See Transfer of Functions note below.

1952—Act July 16, 1952, struck out “used for railroad traffic” after “director of any bridge”.

Statutory Notes and Related Subsidiaries

Transfer of Functions

Section 6(g)(3) of Pub. L. 89–670 transferred functions, powers, and duties of Secretary of the Army (formerly War) and other officers and offices of Department of the Army (formerly War) relating to obstructive bridges under this subchapter to Secretary of Transportation. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(3) of Pub. L. 89–670, and repealed section 6(g)(3).

§ 524. Applicability of administrative procedure provisions

In the administration of this Act, hearings and other procedures shall be exempted from the provisions of subchapter II of chapter 5, and chapter 7, of title 5, except as to the requirements of section 552 of title 5.

(July 16, 1952, ch. 889, §3, 66 Stat. 733.)

Editorial Notes

References in Text

This Act, referred to in text, is Act July 16, 1952, ch. 889, 66 Stat. 732, which enacted this section and amended sections 511, 516, and 523 of this title. For complete classification of this Act to the Code, see Tables.

Section, acts Aug. 2, 1946, ch. 753, title V, §503, 60 Stat. 847; Jan. 12, 1983, Pub. L. 97–449, §2(d)(1), 96 Stat. 2440, provided that tolls charged for transit over any interstate bridge be just and reasonable and authorized Secretary of Transportation to prescribe the reasonable rates of toll for such transit, which rates were to be legal rates demanded and received. See section 508 of this title.

Section, act Pub. L. 93–87, title I, §133(b), Aug. 13, 1973, 87 Stat. 267, authorized Secretary of Transportation to promulgate regulations establishing guidelines governing any increase in tolls for use of any bridge constructed pursuant to either the General Bridge Act of 1906 or the General Bridge Act of 1946.

§ 527. Acquisition of interstate bridges by public agencies; amount of damages

After the completion of any interstate toll bridge constructed by an individual, firm, or corporation, as determined by the Secretary of Transportation, either of the States in which the bridge is located, or any public agency or political subdivision of either of such States, within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches, and any interest in real property for public purposes by condemnation or expropriation. If at any time after the expiration of five years after the completion of such bridge the same is acquired by condemnation or expropriation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value; (2) the actual costs of acquiring such interests in real property; (3) actual financing and promotion costs, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interests in real property; and (4) actual expenditures for necessary improvements.

§ 528. Statement of construction costs of privately owned interstate bridges; investigation of costs; conclusiveness of findings; review

Within ninety days after the completion of a privately owned interstate toll bridge, the owner shall file with the Secretary of Transportation and with the highway departments of the States in which the bridge is located, a sworn itemized statement showing the actual original cost of constructing the bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion costs. The Secretary of Transportation may, and upon request of a highway department shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge. For the purpose of such investigation the said individual, firm, or corporation, its successors and assigns, shall make available all of its records in connection with the construction, financing, and promotion thereof. The findings of the Secretary of Transportation as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in section 527 of this title subject only to review in a court of equity for fraud or gross mistake.

Editorial Notes

AMENDMENTS

1983—Pub. L. 97–449 substituted “Secretary of Transportation” for “Secretary of War” wherever appearing. See Transfer of Functions note below.

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

Section 6(g)(6)(C) of Pub. L. 89–670 transferred functions, powers, and duties of Secretary of the Army (formerly War) and other offices and officers of Department of the Army (formerly War) under this subchapter to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States to Secretary of Transportation. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89–670, and repealed section 6(g)(6)(C).

§ 530. Bridges included and excluded

The provisions of this subchapter shall apply only to bridges over navigable waters of the United States, the construction of which is approved after August 2, 1946, under the provisions of this subchapter; and the provisions of the first proviso of section 401 of this title, and the provisions of sections 491 to 494 and 495 to 498 of this title, shall not apply to such bridges.

(Aug. 2, 1946, ch. 753, title V, § 507, 60 Stat. 849.)

§ 531. International bridges

This subchapter shall not be construed to authorize the construction of any bridge which will connect the United States, or any Territory or possession of the United States, with any foreign country.

§ 532. Eminent domain

There are conferred upon any individual, his heirs, legal representatives, or assigns, any firm or corporation, its successors or assigns, or any State, political subdivision, or municipality authorized in accordance with the provisions of this subchapter to build a bridge between two or more States, all such rights and powers to enter upon lands and acquire, condemn, occupy, possess, and use real estate and other property in the respective States needed for the location, construction, operation, and maintenance of such bridge and its approaches, as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in the condemnation or expropriation of property for public purposes in such State.

§ 533. Penalties for violations

(a) Criminal penalties for violation

Any person who willfully fails or refuses to comply with any lawful order of the Secretary of the department in which the Coast Guard is...
operating or the Chief of Engineers issued under the provisions of this subchapter, or who willfully fails to comply with any specific condition imposed by the Chief of Engineers and the Secretary of the department in which the Coast Guard is operating relating to the maintenance and operation of bridges, or who willfully refuses to produce books, papers, or documents in obedience to a subpoena or other lawful requirement under this subchapter, or who otherwise willfully violates any provisions of this subchapter, shall, upon conviction thereof, be punished by a fine of not to exceed $5,000 or by imprisonment for not more than one year, or by both such fine and imprisonment.

(b) Civil penalties for violation; separate offenses; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any provision of this subchapter, or any order issued under this subchapter, shall be liable to a civil penalty of not more than $5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and $25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

Editorial Notes

Amendments

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

2004—Subsec. (b). Pub. L. 108–293 substituted “$5,000 for a violation occurring in 2004; $10,000 for a violation occurring in 2005; $15,000 for a violation occurring in 2006; $20,000 for a violation occurring in 2007; and $25,000 for a violation occurring in 2008 and any year thereafter” for “$1,000”.

1982—Pub. L. 97–322 designated existing provisions as subsec. (a), made willfulness an element of the described offenses, and added subsec. (b).

Statutory Notes and Related Subsidiaries

Transfer of Functions

Section 6(g)(6)(C) of Pub. L. 89–670 transferred functions, powers, and duties of Secretary of the Army (formerly War) and other offices and officers of Department of the Army (formerly War) under this subchapter to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States to Secretary of Transportation. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89–670, and repealed section 6(g)(6)(C).

§ 534. Conveyance of right, title, and interest in United States in bridges transferred to States or political subdivisions; terms and conditions

The Secretary of the Army is authorized to transfer or convey to State authorities or political subdivisions thereof all right, title, and interest of the United States, in and to any and all bridges heretofore or hereafter constructed or acquired in connection with the improvement of canals, rivers and harbors, or works of flood control, together with the necessary lands, easements, or rights-of-way, upon such terms and conditions and with or without consideration, as may be determined to be in the best interest of the United States by the Chief of Engineers: Provided, That such transferred bridges shall be toll-free.

(May 17, 1950, ch. 188, title I, § 109, 64 Stat. 168.)

Editorial Notes

Codification

Section was not enacted as part of the General Bridge Act of 1946 which comprises this subchapter.

SUBCHAPTER IV—INTERNATIONAL BRIDGES

§ 535. Congressional consent to construction, maintenance, and operation of international bridges; conditions of consent

The consent of Congress is hereby granted to the construction, maintenance, and operation of any bridge and approaches thereto, which will connect the United States with any foreign country (hereinafter in this subchapter referred to as an “international bridge”) and to the collection of tolls for its use, so far as the United States has jurisdiction. Such consent shall be subject to (1) the approval of the proper authorities in the foreign country concerned; (2) the provisions of sections 491 to 494 and 495 to 498 of this title, except section 496 of this title, whether or not such bridge is to be built across or over any of the navigable waters of the United States; and (3) of the provisions of this subchapter.

Statutory Notes and Related Subsidiaries

Short Title

§ 535a. Congressional consent to State agreements with Canada and Mexico; Secretary of State’s approval of agreements

The consent of Congress is hereby granted for a State or a subdivision or instrumentality thereof to enter into agreements—
§ 535b. Presidential approval; recommendations of Federal officials

No bridge may be constructed, maintained, and operated as provided in section 535 of this title unless the President has given his approval thereto. In the course of determining whether to grant such approval, the President shall secure the advice and recommendations of (1) the United States section of the International Boundary and Water Commission, United States and Mexico, in the case of a bridge connecting the United States and Mexico, for the construction, operation, and maintenance of such bridge in accordance with the applicable provisions of this subchapter. The effectiveness of such agreement shall be conditioned on its approval by the Secretary of State.

§ 535c. Approval of Secretary; commencement and completion requirements; extension of time limits

The approval of the Secretary of the department in which the Coast Guard is operating, as required by section 491 of this title, shall be given only subsequent to the President’s approval, as provided for in section 535b of this title, and shall be null and void unless the construction of the bridge is commenced within two years and completed within five years from the date of the Secretary’s approval: Provided, however, That the Secretary, for good cause shown, may extend for a reasonable time either or both of the time limits herein provided.

Editorial Notes

AMENDMENTS

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation”.

Section, Pub. L. 92–434, § 6, Sept. 26, 1972, 86 Stat. 732, directed that tolls charged for use of an international bridge constructed or acquired under this subchapter by private individual, company, or other private entity be collected for a reasonable period for amortization of construction or acquisition costs, plus interest and reasonable return, that at end of such period the United States portion of bridge become the property of the State having jurisdiction over such United States portion, and that accurate records on expenditures and tolls collected be kept and annually reported to Secretary of Transportation, with authority for Secretary to conduct audits.

§ 535e. Ownership

(a) Sale, assignment, or transfer; approval of Secretary

Nothing in this subchapter shall be deemed to prevent the individual, corporation, or other entity to which, pursuant to this subchapter, authorization has been given to construct, operate, and maintain an international bridge and the approaches thereto, from selling, assigning, or transferring the rights, powers, and privileges conferred by this subchapter: Provided, That such sale, assignment, or transfer shall be subject to approval by the Secretary of the department in which the Coast Guard is operating.

(b) State status of original applicant upon acquisition of right, title, and interest after termination of private entity licenses, contracts, or orders

Upon the acquisition by a State or States, or by a subdivision or instrumentality thereof, of the right, title, and interest of a private individual, corporation, or other private entity, in and to an international bridge, any license, contract, or order issued or entered into by the Secretary of the department in which the Coast Guard is operating, to or with such private individual, corporation, or other private entity, shall be deemed terminated forthwith. Thereafter, the State, subdivision, or instrumentality so acquiring shall operate and maintain such bridge in the same manner as if it had been the original applicant, and the provisions of section 535d of this title shall not apply.

Editorial Notes

AMENDMENTS

2016—Subsecs. (a), (b). Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation”.

§ 535f. Applicability of provisions

This subchapter shall apply to all international bridges constructed under the authority of this subchapter. Section 533a of this title and section 129(a)(3) of title 23, shall apply to all international bridges the construction of which has been heretofore approved by Congress, notwithstanding any conflicting provision in any Act authorizing the construction of such a bridge or in any agreement entered into by the Federal Government and a State.

1 See References in Text note below.
§ 535g. Federal navigable waters and commerce jurisdiction unaffected

Nothing in this subchapter shall be construed to affect, impair, or diminish any right, power, or jurisdiction of the United States over or in regard to any navigable water or any interstate or foreign commerce.

Section, Pub. L. 92–434, §11, Sept. 26, 1972, 86 Stat. 733, related to report of Secretary of Transportation’s approvals granted during fiscal year pursuant to section 535c of this title.

§ 535i. Reservation of right to alter or repeal

The right to alter, amend, or repeal this subchapter is expressly reserved.

CHAPTER 12—RIVER AND HARBOR IMPROVEMENTS GENERALLY

SUBCHAPTER I—GENERAL PROVISIONS

Sec. 540. Investigations and improvements; control by Department of the Army; wildlife conservation.

540a. Availability of appropriations for attendance by military personnel at meetings and for printing survey reports.

541. Board of Engineers for Rivers and Harbors; establishment; duties and powers generally.

542. Review by Board of Engineers of reports on examinations and surveys and special reports.

543. Employment of civil engineers on western and northwestern rivers.

544, 544a. Repealed.

544b. Employment of physicians to examine employees; fee or employment basis; validation of prior agreements.

544c. Minority group participation in construction of the Tennessee-Tombigbee Waterway project; annual report to Congress.

545. Preliminary examinations and reports; surveys; contents of report to Congress generally.

545a. Discontinuance.

546. Investigation of stream flow and watersheds; surveys in connection with dams.

546a. Information as to configuration of shore line.

547. Reports as to local benefits of improvement and recommendations as to local cooperation.

547a. Inclusion of regional economic development benefits in economic analysis for purposes of computing economic justification of project.

548, 549. Omitted or Repealed.

549a. Review of navigation, flood control, and water supply projects.

549b. Inclusion of project or facility in Corps of Engineers workplan.

551. Policy of Government as to terminal facilities for new projects.

552. Repealed.

553. Freight statistics.

554. Duty of shippers and officers to furnish information to person in local charge of improvement; penalty.

555. Duty of shippers and officers to furnish information required by Secretary of the Navy.

8 sec. Petroleum product information.

555a. Printing reports generally.

556. Payment of costs of printing.

557a. Publication of pamphlets, maps, brochures, and other material.

557b. Sale of publications, charts, or other material; deposit of proceeds.

558. Proceeds from sale or transfer of property acquired.

558a. Repealed.

558b. Exchange of land or property.

558b–1. Application to authorized works of flood control.

558d–1. Omitted or Repealed.

558d. Improvements by or under authority of State of New Jersey.

558e. Navigation and flood control improvements by Minnesota, North Dakota, and South Dakota.

558f. Flood and pollution control compacts between certain States.

558g. Pollution of Potomac drainage basin; control by State compacts.

558g–1. Amended compact.

558h. Limitation on power of committee of Congress to consider projects.

558i. Personal equipment for employees; use of funds for purpose.

558j. Temporary employment of experts or consultants; compensation.

558k. Contracts; architect and engineering services; surveying and mapping services.

558l. Services of volunteers.

558m. Safety award and promotional materials.

558n. Use of private sector resources in surveying and mapping.

558o. Debarment of persons convicted of fraudulent use of “Made in America” labels.

558p. Default in contract; disposition of amounts collected.

558q. Crediting reimbursements for lost, stolen, or damaged property.

558r. Collection and removal of drift in Baltimore Harbor.

558s. Repealed or Omitted.

558t. Training funds.

558x. Availability of appropriations for expenses incident to operation of power boats or vessels; expenses defined; certification of expenditures.

558y. Revolving fund; establishment; availability; reimbursement; transfer of funds; limitation.

558z. Purchase of passenger motor vehicles by Corps of Engineers.

559. Lease authority.

559a. Corps of Engineers operation of unmanned aircraft systems.

559b. Small river and harbor improvement projects.

559c. Small-boat navigation projects; charter fishing craft.

559d. Cost of operation and maintenance of general navigation features of small boat harbor projects; applicable projects.

559e. Disposal of surplus property for development of public port or industrial facilities.

559f. Disposition studies.
§ 540. Investigations and improvements; control by Department of the Army; wildlife conservation

Federal investigations and improvements of rivers, harbors, and other waterways shall be under the jurisdiction of and shall be prosecuted by the Department of the Army under the direction of the Secretary of the Army and the supervision of the Chief of Engineers, except as otherwise specifically provided by Act of Congress, which said investigations and improvements shall include a due regard for wildlife conservation.

(June 20, 1938, ch. 535, § 1, 52 Stat. 802; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

Prior Provisions

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.

Waterway Improvements Study and Report; Availability of Data to National Transportation Policy Commission

Pub. L. 94–587, § 158, Oct. 22, 1976, 90 Stat. 2933, directed the Secretary of the Army, acting through the Chief of Engineers, to make a comprehensive study and report on the system of waterway improvements under his jurisdiction, including a review of emergency and defense requirements and an appraisal of additional improvements necessary to optimize the system and its intermodal characteristics, and to submit a report to Congress within three years after funds were first appropriated and made available for the study, together with his recommendations. The Secretary of the Army, acting through the Chief of Engineers, was to make available to the National Transportation Policy Study Commission established by section 154 of Public Law...
§ 540a. Availability of appropriations for attendance by military personnel at meetings and for printing survey reports

Appropriations in this title or appropriations made in this title in subsequent Energy and Water Development Appropriations Acts shall, on and after October 2, 1992, be available for expenses of attendance by military personnel at meetings in the manner authorized by section 4110 of title 5, uniforms, and allowances therefor, as authorized by law (5 U.S.C. 5901–5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress.

Editorial Notes

§ 541. Board of Engineers for Rivers and Harbors; establishment; duties and powers generally

There shall be organized in the office of the Chief of Engineers, United States Army, by detail from time to time from the Corps of Engineers, a board of seven engineer officers, a majority of whom shall be of rank not less than lieutenant colonel, whose duties shall be fixed by the Chief of Engineers, and to whom shall be referred for consideration and recommendation, in addition to any other duties assigned, so far as in the opinion of the Chief of Engineers may be necessary, all reports upon examinations and surveys provided for by Congress, and all projects or changes in projects for works of river and harbor improvement prior to June 13, 1902, or thereafter provided for. And the board shall submit to the Chief of Engineers recommendations as to the desirability of commencing or continuing any and all improvements upon which reports are required. And in the consideration of such works and projects the board shall have in view the amount and character of commerce existing or reasonably prospective which will be benefited by the improvement, and the relation of the ultimate cost of such work, both as to cost of construction and maintenance, to the public commercial interests involved, and the public necessity for the work and propriety of its construction, continuance, or maintenance at the expense of the United States. And such consideration shall be given as time permits to such works as have, prior to June 13, 1902, been provided for by Congress, the same as in the case of new works proposed. The board shall, when it considers the same necessary, and with the sanction and under orders from the Chief of Engineers, make, as a board or through its members, personal examinations of localities. And all facts, information, and arguments which are presented to the board for its consideration in connection with any matter referred to it by the Chief of Engineers shall be reduced to and submitted in writing, and made a part of the records of the office of the Chief of Engineers. It shall further be the duty of said board, upon a request transmitted to the Chief of Engineers by the Committee on Public Works and Transportation of the House of Representatives, or the Committee on Environment and Public Works of the Senate, in the same manner to examine and report through the Chief of Engineers upon any projects adopted, prior to June 13, 1902, by the Government or upon which appropriations have been made, and report upon the desirability of continuing the same or upon any modifications thereof which may be deemed desirable. As used in this section the term "commerce" shall include the use of waterways by seasonal passenger craft, yachts, house boats, fishing boats, motor boats, and other similar water craft, whether or not operated for hire.

The board shall have authority, with the approval of the Chief of Engineers, to rent quarters, if necessary, for the proper transaction of its business, and to employ such civil employees as may, in the opinion of the Chief of Engineers, be required for properly transacting the business assigned to it, and the necessary expenses of the board shall be paid from allotments made by the Chief of Engineers from any appropriations made by Congress for the work or works to which the duties of the board pertain.

Editorial Notes

Codification

The original text of section 3 of act June 13, 1902, provided for "a board of five engineer officers, whose duties shall be fixed by the Chief of Engineers." The last proviso of act Mar. 4, 1913, provided "that said board shall consist of seven members, a majority of whom shall be of rank not less than lieutenant colonel." Other parts of section 4 of act Mar. 4, 1913, are set out in section 542 of this title.

Amendments

1994—Pub. L. 103–437 substituted "Committee on Public Works and Transportation of the House of Representatives, or the Committee on Environment and Public Works of the Senate" for "Committee on Rivers and Harbors of the House of Representatives, or the Committee on Commerce of the Senate".

1932—Act Feb. 10, 1932, inserted sentence defining "commerce".

See References in Text note below.
§ 542. Review by Board of Engineers of reports on examinations and surveys and special reports

All reports on examinations and surveys authorized by law shall be reviewed by the Board of Engineers for Rivers and Harbors as provided for in section 541 of this title, and all special reports ordered by Congress shall, in the discretion of the Chief of Engineers, be reviewed in like manner by said board; and the said board shall also, on request by resolution of the Committee on Environment and Public Works of the Senate or the Committee on Public Works and Transportation of the House of Representatives, submitted to the Chief of Engineers, examine and review the report of any examination or survey made pursuant to any Act or resolution of Congress, and report thereon through the Chief of Engineers, United States Army, who shall submit his conclusions thereon as in other cases: Provided, That in no case shall the board, in its report thus called for by committee resolution, extend the scope of the project contemplated in the original report upon which its examination and review has been requested, or in the provision of law authorizing the original examination or survey.

CODIFICATION

Section is from part of section 4 of act Mar. 4, 1913, popularly known as the “Rivers and Harbors Act of 1913”. The last proviso of said section 4 is set out in section 541 of this title.

Editorial Notes

AMENDMENTS

1994—Pub. L. 103–437 substituted “Committee on Environment and Public Works of the Senate or the Committee on Public Works and Transportation of the House of Representatives” for “Committee on Commerce of the Senate or the Committee on Rivers and Harbors of the House of Representatives”.

§ 543. Employment of civil engineers on western and northwestern rivers

The Chief of Engineers may, with the approval of the Secretary of the Army, employ such civil engineers, not exceeding five in number, for the purpose of executing the surveys and improvements of western and northwestern rivers, ordered by Congress, as may be necessary to the proper and diligent prosecution of the same; and the persons so employed may be allowed a reasonable compensation for their services, not to exceed the sum of $3,000 a year.

(R.S. § 5253; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

R.S. § 5253 derived from Res. Mar. 29, 1867, No. 27, 15 Stat. 28.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 206(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.
Army and Department of the Army, see Secretary of Defense Transfer Order No. 40, July 22, 1949.

Section, act June 3, 1896, ch. 314, § 7, 29 Stat. 235, relating to employment of retired officers of the Army or Navy on river and harbour improvements.

Section, act June 20, 1938, ch. 535, § 5, 52 Stat. 805, relating to employment of retired civil service employees. See section 5223 of Title 5, Government Organization and Employees.

§ 544b. Employment of physicians to examine employees; fee or employment basis; validation of prior agreements

The Chief of Engineers may authorize the employment of physicians under agreement, to make such physical examinations of employees or prospective employees as he may consider essential, on a fee or regular employment basis, and all agreements entered into prior to March 2, 1945, for such purposes are validated, and the Comptroller General is authorized and directed to allow credit in the accounts of disbursing officers for reasonable payments made prior to March 2, 1945, for such services.

(Mar. 2, 1945, ch. 19, § 5, 59 Stat. 24.)

Executive Documents

TRANSFER OF FUNCTIONS

For transfer of certain functions insofar as they pertain to Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Air Force from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40, July 22, 1949.

§ 544c. Minority group participation in construction of the Tennessee-Tombigbee Waterway project; annual report to Congress

The Secretary of the Army, acting through the Chief of Engineers, is directed to make a maximum effort to assure the full participation of members of minority groups, living in the States participating in the Tennessee-Tombigbee Waterway Development Authority, in the construction of the Tennessee-Tombigbee Waterway project, including actions to encourage the use, wherever possible, of minority owned firms.

Editorial Notes

AMENDMENTS

1996—Pub. L. 104–106 struck out at end "The Chief of Engineers is directed to report on July 1 of each year to the Congress on the implementation of this section, together with recommendation for any legislation that may be needed to assure the fuller and more equitable participation of members of minority groups in this project or others under the direction of the Secretary."

§ 545. Preliminary examinations and reports; surveys; contents of report to Congress generally

In all cases where preliminary examinations and surveys are authorized a preliminary examination of the river, harbor, or other proposed improvement mentioned shall first be made and a report as to the advisability of its improvement shall be submitted unless a survey or estimate is expressly directed. If upon such preliminary examination the proposed improvement is not deemed advisable, no further action shall be taken thereon without the further direction of Congress; but in case the report shall be favorable to such proposed improvement, or that a survey and estimate should be made to determine the advisability of improvement, the Secretary of the Army is authorized, in his discretion, to cause surveys to be made, and the cost and advisability to be reported to Congress. And such reports containing plans and estimates shall also contain a statement as to the rate at which the work should be prosecuted: Provided, That every report submitted to Congress, in addition to full information regarding the present and prospective commercial importance of the project covered by the report and the benefit to commerce likely to result from any proposed plan of improvement, shall also contain such data as it may be practicable to secure in regard to the following subjects:

(a) The existence and establishment of both private and public terminal and transfer facilities contiguous to the navigable water proposed to be improved, and, if water terminals have been constructed, the general location, description, and use made of the same, with an opinion as to their adequacy and efficiency, whether private or public. If no public terminals have been constructed, or if they are inadequate in number, there shall be included in the report an opinion in general terms as to the necessity, number, and appropriate location of the same, and also the necessary relations of such proposed terminals to the development of commerce.

(b) The development and utilization of water power for industrial and commercial purposes.

(c) Such other subjects as may be properly connected with such project: Provided, That in the investigation and study of these questions consideration shall be given only to their bearing upon the improvement of navigation, to the possibility and desirability of their being coordinated in a logical and proper manner with improvements for navigation to lessen the cost of such improvements and to compensate the Government for expenditures made in the interest of navigation, and to their relation to the development and regulation of commerce: Provided further, That the investigation and study of these questions may, upon review by the Board of Engineers for Rivers and Harbors when called for as provided by law, be extended to any work of improvement under way and to any locality the examination and survey of which has heretofore been, or may hereafter be, authorized by Congress.

This section and the second paragraph of section 556 of this title are from section 3 of act Mar. 4, 1913, popularly known as the "Rivers and Harbors Appropriation Act of 1913". That section superseded similar provisions of act June 25, 1910, ch. 382, §3, 36 Stat. 668, for reports, investigations on review by the board of Engineers and for the printing of reports.

Prior Provisions

Provision for report of examinations of river and harbor improvements appeared in R.S. §231, repealed by act Mar. 3, 1933, ch. 202, §1, 47 Stat. 1428, and read as follows: "The Secretary of War shall cause to be prepared and submitted to Congress, in connection with the reports of examinations and surveys of rivers and harbors hereafter made by order of Congress, full statements of all existing facts tending to show to what extent the general commerce of the country will be promoted by the several works of improvements contemplated by such examinations and surveys, to the end that public moneys shall not be applied excepting where such improvements shall tend to subserve the general commercial and navigation interests of the United States."

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Termination of Board of Engineers for Rivers and Harbors and Reassignment of Duties and Responsibilities

For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102–580, set out as a note under this title.

Temporary Prohibitory Provisions

Provisions prohibiting supplemental reports or estimates inhibiting the making of examination or survey for new works not designated, and providing that projects were not to be deemed entered upon until appropriations were made, appeared in various rivers and harbors appropriation acts. They are omitted from the Code as superseded or temporary.

Report on Improvements for Coastal Defense Purposes

The Secretary of War and the Secretary of the Navy were authorized and directed to report to Congress at the earliest practicable date, such specific plans for improvement of harbors, canals and connecting channels as would best provide adequate facilities for operations of the fleet for defense of the harbors on the Atlantic, Gulf, and Pacific coasts; also the feasible extensions requisite to make existing approved projects for improvement of such harbors, canals, and channels available for such purposes, and the cost of each such several improvements, calculated upon the basis of completion under contract within five years, by act Aug. 29, 1916, ch. 417, 39 Stat. 556, omitted from the Code as special and temporary.

Preliminary Examinations and Surveys of Great Lakes

The Secretary of War was directed to cause preliminary examinations and surveys to be made of the harbors and connecting waters of the Great Lakes with a view to determining what additional improvements would be necessary to permit those waterways to accommodate vessels to pass through the Welland Canal when enlarged by the Dominion of Canada, including report as to the character and draft of vessels which might be expected to use the canal when so enlarged, by a provision of the Rivers and Harbors Appropriation Act of 1916, act July 27, 1916, ch. 260, §2, 39 Stat. 411, omitted from the Code as special and temporary.

§545a. Discontinuance

For preliminary examinations and surveys authorized in previous river and harbor and flood-control Acts, the Secretary of the Army is directed to cause investigations and reports for navigation and allied purposes to be prepared under the supervision of the Chief of Engineers in the form of survey reports, and that preliminary examination reports shall no longer be required to be prepared.

Editorial Notes

References in Text

§546. Investigation of stream flow and watersheds; surveys in connection with dams

The surveys of navigable streams shall include such stream-flow measurements and other investigations of the watersheds as may be necessary for preparation of plans of improvement and a proper consideration of all uses of the stream affecting navigation, and whenever necessary similar investigations may be made in connection with all navigable streams under improvement. Whenever permission for the construction of dams in navigable streams is granted, or is under consideration by Congress, such surveys and investigations of the sections of the streams affected may be made as are necessary to secure conformity with rational plans for the improvement of the streams for navigation.

(June 25, 1910, ch. 382, §3, 36 Stat. 669.)

Editorial Notes

Codification

Section is from section 3 of act June 25, 1910, popularly known as the "Rivers and Harbors Appropriation Act of 1910". Other provisions of such section were omitted, as superseded by section 546 of this title.

Prior Provisions

General provisions regulating the construction of dams were made by the Dam Act of June 21, 1906, ch. 3508, 34 Stat. 386, as amended by act June 23, 1910, ch. 360, 36 Stat. 593, apparently omitted from the Code as superseded.

§546a. Information as to configuration of shore line

Every report submitted to Congress in pursuance of any provision of law for preliminary examination and survey looking to the improvement of the entrance at the mouth of any river
or at any inlet, in addition to other information which the Congress has directed shall be given, shall contain information concerning the configuration of the shore line and the probable effect thereon that may be expected to result from the improvement having particular reference to erosion and/or accretion for a distance of not less than ten miles on either side of the said entrance.

§ 547. Reports as to local benefits of improvement and recommendations as to local cooperation

Every report submitted to Congress in pursuance of any provision of law for a survey, in addition to other information which the Congress has directed shall be given, shall contain a statement of special or local benefit which will accrue to localities affected by such improvement and a statement of general or national benefits, with recommendations as to what local cooperation should be required, if any, on account of such special or local benefit.

(June 5, 1920, ch. 252, §2, 41 Stat. 1010.)

Editorial Notes

CODIFICATION

Section is from act June 5, 1920, popularly known as the “Rivers and Harbors Appropriation Act of 1921”.

§ 547a. Inclusion of regional economic development benefits in economic analysis for purposes of computing economic justification of project

In the case of any authorized navigation project which has been partially constructed, or is to be constructed, which is located in one or more States, and which serves regional needs, the Secretary of the Army, acting through the Chief of Engineers, may include in any economic analysis which is under preparation on October 22, 1976, such regional economic development benefits as he determines to be appropriate for purposes of computing the economic justification of the project.

§ 548. Omitted

Editorial Notes

CODIFICATION

Section, act Mar. 3, 1899, ch. 425, §7, 30 Stat. 1150, provided that Chief of Engineers, in submitting his annual reports to Congress on river and harbor improvements, report on deterioration in improvements, estimate cost of repairing or rebuilding such works, and recommend discontinuance of appropriations for any works deemed unworthy of further improvement.

§ 549a. Review of navigation, flood control, and water supply projects

The Secretary of the Army, acting through the Chief of Engineers, is authorized to review the operation of projects the construction of which has been completed and which were constructed by the Corps of Engineers in the interest of navigation, flood control, water supply, and related purposes, when found advisable due to the significantly changed physical or economic conditions, and to report thereon to Congress with recommendations on the advisability of modifying the structures or their operation, and for improving the quality of the environment in the overall public interest.

Editorial Notes

CODIFICATION

Section is from Pub. L. 91–611, popularly known as the “Flood Control Act of 1970”.

§ 549b. Inclusion of project or facility in Corps of Engineers workplan

(a) In general

The Secretary shall, to the maximum extent practicable, include in the future workplan of the Corps any authorized project or facility of the Corps of Engineers—

(1) that the Secretary has studied for disposition under an existing authority, including by carrying out a disposition study under section 549a of this title; and

(2) for which a final report by the Director of Civil Works has been completed.

(b) Notification to committees

Upon completion of a final report referred to in subsection (a), the Secretary shall transmit a copy of the report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115–270, set out as a note under section 2201 of this title.

§ 550. Report on water terminal and transfer facilities

The Chief of Engineers, United States Army, shall indicate in his annual reports the character of the terminal and transfer facilities existing on every harbor or waterway under maintenance or improvement by the United States, and state whether they are considered adequate for existing commerce. He shall also submit one or more special reports on this subject, as soon as possible after January 18, 1918, including, among other things, the following:

(a) A brief description of such water terminals, including location and the suitability of such terminals to the existing traffic conditions, and whether such terminals are publicly or privately owned, and the terms and conditions under which they may be subjected to public use.

1 So in original. Probably should be “due to”.

1
§ 551. Policy of Government as to terminal facilities for new projects

It is declared to be the policy of the Congress that water terminals are essential at all cities and towns located upon harbors or navigable waterways and that at least one public terminal should exist, constructed, owned, and regulated by the municipality or other public agency of the State and open to the use of all on equal terms. The Secretary of War, through the Chief of Engineers, shall give full publicity, as far as may be practicable, to this provision.

(July 18, 1918, ch. 155, §7, 40 Stat. 911.)

§ 552. Repealed. May 29, 1928, ch. 901, §1(28), 45 Stat. 988

§ 554. Duty of shipowners and officers to furnish information to person in local charge of improvement; penalty

Owners, agents, masters, and clerks of vessels arriving at or departing from localities where works of river and harbor improvement are carried on shall furnish, on application of the persons in local charge of the works, a comprehensive statement of vessels, passengers, freight, and tonnage.

Every person or persons offending against the provisions of this section shall, for each and every offense, be liable to a fine of $100, or imprisonment not exceeding two months, to be enforced in any district court in the United States within whose territorial jurisdiction such offense may have been committed.

(Feb. 21, 1919, ch. 252, §§1, 2, 40 Stat. 685.)

§ 555. Duty of shipowners and officers to furnish information required by Secretary of the Army

Owners, agents, masters, and clerks of vessels and other craft plying upon the navigable waters of the United States, and all individuals and corporations engaged in transporting their own goods upon the navigable waters of the United States, shall furnish such statements relative to vessels, passengers, freight, and tonnage as may be required by the Secretary of the Army: Provided, That this provision shall not apply to those rafting logs except upon a direct request upon the owner to furnish specific information.
Every person or persons offending against the provisions of this section shall, for each and every offense, be liable to a fine of not more than $5,000, or imprisonment not exceeding two months, to be enforced in any district court in the United States within whose territorial jurisdiction such offense may have been committed. In addition, the Secretary may assess a civil penalty of up to $2,500, per violation, against any person or entity that fails to provide timely, accurate statements required to be submitted pursuant to this section by the Secretary.

Editorial Notes

Codification

Section is from act Sept. 22, 1922, popularly known as the “Rivers and Harbors Appropriation Act of 1922”.

Amendments

1986—Pub. L. 99–662 substituted “not more than $5,000” for “$100” and inserted “In addition, the Secretary may assess a civil penalty of up to $2,500, per violation, against any person or entity that fails to provide timely, accurate statements required to be submitted pursuant to this section by the Secretary.”

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 555a. Petroleum product information

(a) Disclosure to States

The Secretary shall disclose petroleum product information to any State taxing agency making a request under subsection (b). Such information shall be disclosed for the purpose of, and only to the extent necessary in, the administration of State tax laws.

(b) Requests for disclosure

Disclosure of information under this section shall be permitted only upon written request by the head of the State taxing agency and only to the representatives of such agency designated in such written request as the individuals who are to inspect or to receive the information on behalf of such agency. Any such representative shall be an employee or legal representative of such agency.

(c) Modes of disclosure

(1) Requests for the disclosure of information under this section, and such disclosure, shall be made in such manner and at such time and place as shall be prescribed by the Secretary.

(2) Information disclosed to any person under this section may be provided in the form of written documents or reproductions of such documents, or by any other mode or means which the Secretary determines necessary or appropriate. A reasonable fee may be prescribed for furnishing such information.

(3) Any reproduction of any document or other matter made in accordance with this subsection shall have the same legal status as the original, and any such reproduction shall, if properly authenticated, be admissible in evidence in any judicial or administrative proceeding as if it were the original, whether or not the original is in existence.

(d) Confidentiality of disclosed information

The Secretary shall not disclose information to a State taxing agency of a State under this section unless such State has in effect provisions of law which—

(1) exempt such information from disclosure under a State law requiring agencies of the State to make information available to the public, or

(2) otherwise protect the confidentiality of the information.

Nothing in the preceding sentence shall be construed to prohibit the disclosure by an officer or employee of a State of information to another officer or employer of such State (or political subdivision of such State) to the extent necessary in the administration of State tax laws.

(e) Definitions

For purposes of this section, the term—

(1) “petroleum product information” means information relating to petroleum products transported by vessel which is received by the Secretary (A) under section 555 of this title, or (B) under any other legal authority; and

(2) “State taxing agency” means any State agency, body, or commission, or its legal representative, which is charged under the laws of such State with responsibility for the administration of State tax laws.

(f) Omitted

Editorial Notes

Codification

Subsec. (f) of this section amended section 555 of this title.

Statutory Notes and Related Subsidiaries

“Secretary” Defined

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 556. Printing reports generally

The Secretary of the Army shall cause the manuscript of the annual report of the Chief of Engineers and subordinate engineers, relating to the improvement of rivers and harbors, and the report of the Mississippi River Commission to be placed in the hands of the Director of the Government Publishing Office on or before the 15th day of October in each year, and the Director of the Government Publishing Office shall cause said reports to be printed with an accurate and
comprehensive index thereof, on or before the first Monday in December in each year, for the use of Congress.

All reports on examinations and surveys which may be made during the recess of Congress shall, in the discretion of the Secretary of the Army, be printed by the Director of the Government Publishing Office as documents of the following session of Congress.

Editorial Notes

CODIFICATION

The first paragraph of this section is from act Aug. 11, 1888, popularly known as the “Rivers and Harbors Appropriation Act.”

The Mississippi River Commission was created by act June 28, 1879, set out as sections 641, 642, 644, 646, and 647 of this title.

The words “and Missouri” which appeared in the original text after “Mississippi” were superseded by the abolition of the Missouri River Commission by act June 13, 1902, ch. 1079, § 1, 32 Stat. 367.

The second paragraph of this section is from the last paragraph of section 3 of act Mar. 4, 1913, which superseded a similar provision of act July 25, 1912, 25 Stat. 37 Stat. 231. Other parts of said section 3 are set out in section 546 of this title.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

“Director of the Government Publishing Office” substituted for “Public Printer” in text on authority of section 1301(d) of Pub. L. 113–235, set out as a note under section 301 of Title 44, Public Printing and Documents.

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

COMPILATION AND PRINTING OF LAWS

Act June 5, 1920, ch. 252, § 6, 41 Stat. 1014, as amended by act Mar. 3, 1925, ch. 467, § 4, 43 Stat. 1190, provided for compilation and printing of laws relating to improvement of rivers and harbors, passed between Mar. 4, 1913, and including laws of second session of Sixty-eighth Congress.

§ 557. Payment of costs of printing

The printing of matter relating to river and harbor works, including all reports, compilations, regulations, and so forth, whose preparation is allowable under Department of the Army regulations, shall be done and paid for out of regular annual appropriations for printing and binding for the Department of the Army.

Editorial Notes

CODIFICATION

Section is from section 1 of act July 1, 1916, repealing section 13 of act July 25, 1912.

Section 1 of that act was a provision, following an appropriation for printing for the War Department, of the Sundry Civil Appropriation Act for 1917.

The repealed section 13 of act July 25, 1912, read as follows: “The printing of matter relating to river and harbor works, including all reports, compilations, regulations, and so forth, whose preparation is allowable under War Department regulations, may, upon recommendation of the Chief of Engineers and approval by the Secretary of War, be paid for from river and harbor appropriations.”

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 557a. Publication of pamphlets, maps, brochures, and other material

The Chief of Engineers is authorized to publish information pamphlets, maps, brochures, and other material on river and harbor, flood control, and other civil works activities, including related public park and recreation facilities, under his jurisdiction, as he may deem to be of value to the general public.

(Pub. L. 85–480, § 1, July 2, 1958, 72 Stat. 279.)

§ 557b. Sale of publications, charts, or other material; deposit of proceeds

The Chief of Engineers is authorized to provide for the sale of any of the material prepared under authority of section 557a of this title; and of publications, charts, or material prepared under his direction pursuant to other legislative authorization or appropriation, and to charge therefor a sum not less than the cost of reproduction. The money received from sales authorized by this section shall be deposited into the Treasury to the credit of miscellaneous receipts, except that in any case in which the cost of reproduction has been paid from the revolving fund established pursuant to the Civil Functions Appropriation Act, 1954, the proceeds shall be deposited to the credit of such fund.

(Pub. L. 85–480, § 2, July 2, 1958, 72 Stat. 279.)

Editorial Notes

REFERENCES IN TEXT

§ 558. Proceeds from sale or transfer of property acquired

When any property which has been heretofore or may be hereafter purchased or acquired for the improvement of rivers and harbors is no longer needed, or is no longer serviceable and is transferred or sold, the proceeds thereof may be credited to the appropriation for the work for which it was acquired.

§ 558b. Exchange of land or property

In any case in which it may be necessary or advisable in the execution of an authorized work of river and harbor improvement to exchange land or other property of the Government for private lands or property required for such project, the Secretary of the Army may, upon the recommendation of the Chief of Engineers, authorize such exchange upon terms and conditions deemed appropriate by him, and any conveyance of Government land or interests therein necessary to effect such exchange may be executed by the Secretary of the Army: Provided, That the authority granted to the Secretary of the Army shall not extend to or include lands held or acquired by the Tennessee Valley Authority pursuant to the terms of the Tennessee Valley Authority Act [16 U.S.C. 831 et seq.].

This section shall apply to any exchanges herefore deemed advisable in connection with the construction of the Bonneville Dam in the Columbia River.

(June 20, 1938, ch. 535, § 2, 52 Stat. 804; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

References in Text

The Tennessee Valley Authority Act, referred to in text, is act May 18, 1933, ch. 32, 48 Stat. 58, as amended, known as the Tennessee Valley Authority Act of 1933, which is classified generally to chapter 12A (§ 831 et seq.) of Title 16, Conservation. For complete classification of this Act to the Code, see section 831 of Title 16 and Tables.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 61. Section 1 of act Aug. 10, 1956, entitled ‘Title 10, Armed Forces’ which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 558b—1. Application to authorized works of flood control

Section 558b of this title is made applicable to authorized works of flood control.

(Aug. 11, 1939, ch. 689, § 3, 53 Stat. 1414.)

§ 558c. Rights-of-way over United States land

The Secretary of the Army is authorized and empowered, under such terms and conditions as are deemed advisable by him, to grant easements for rights-of-way for public roads and streets on and across lands acquired by the United States for river and harbor and flood control improvements including, whenever necessary, the privilege of occupying so much of said lands as may be necessary for the piers, abutments, and other portions of a bridge structure: Provided, That such rights-of-way shall be granted only upon a finding by the Secretary of the Army that the same will be in the public interest and will not substantially injure the interest of the United States in the property affected thereby: Provided further, That all or any part of such rights-of-way may be annulled and forfeited by the Secretary of the Army for failure to comply with the terms or conditions of any grant hereunder or for nonuse or for abandonment of rights granted under the authority hereof: Provided further, That the authority granted to the Secretary of the Army shall not extend to or include lands held or acquired by the Tennessee Valley Authority pursuant to the terms of the Tennessee Valley Authority Act [16 U.S.C. 831 et seq.].

(June 20, 1938, ch. 535, § 10, 52 Stat. 808; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

References in Text

The Tennessee Valley Authority Act, referred to in text, is act May 18, 1933, ch. 32, 48 Stat. 58, as amended, known as the Tennessee Valley Authority Act of 1933, which is classified generally to chapter 12A (§ 831 et seq.) of Title 16, Conservation. For complete classification of this Act to the Code, see section 831 of Title 16 and Tables.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956,
§ 559. Disposition of rentals for Government plants

Amounts paid after August 8, 1917, by private parties or other agencies for rental of plant owned by the Government in connection with the prosecution of river and harbor works shall be deposited in each case to the credit of the appropriation to which the plant belongs.

(Aug. 8, 1917, ch. 49, § 13, 40 Stat. 268.)

Editorial Notes

Codification

Section is from act Aug. 8, 1917, popularly known as the “Rivers and Harbors Appropriation Act of 1917.”

§ 560. Contributions from private parties; return of excess

The Secretary of the Army is authorized to receive from private parties such funds as may be contributed by them to be expended in connection with funds appropriated by the United States for any authorized work of public improvement of rivers and harbors whenever such work and expenditure may be considered by the Chief of Engineers as advantageous to the interests of navigation: Provided, That when contributions heretofore or hereafter made by local interests for river and harbor improvements, in accordance with specific requirements or under general authority of Congress, are in excess of the actual cost of the work contemplated and properly chargeable to such contributions, such excess contributions may, with the approval of the Secretary of the Army, be returned to the proper representatives of the contributing interests, unless the provision of law under which the contribution is made requires that the entire contribution be retained by the United States.

Editorial Notes

Codification

Section is from act Mar. 4, 1915, popularly known as the “Rivers and Harbors Appropriation Act of 1915.”

Prior Provisions

Section superseded act Mar. 4, 1915, ch. 144, § 6, 37 Stat. 327, which read as follows: “The Secretary of War is hereby authorized to receive from private parties such funds as may be contributed by them to be expended in connection with funds appropriated by the United States for any authorized work of public improvement of rivers and harbors, whenever such work and expenditure may be considered by the Chief of Engineers as advantageous to the interests of navigation.”

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Section, act Mar. 3, 1925, ch. 467, § 11, 43 Stat. 1197; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501, related to advancements by and repayments to local interests for river and harbor improvement projects.

§ 561a. Contributions from local interests; reduction to meet lowered cost

When the authorization of a project of river and harbor improvement requires that local interests shall contribute a specific sum of money toward its cost, the Secretary of the Army, upon the recommendation of the Chief of Engineers, may reduce the sum to be contributed to an amount which shall be in the same ratio to the amount of the required contribution as the actual cost of the work to which said contribution is applicable bears to its original estimated cost as set forth in the project document.

Editorial Notes

Codification

A prior provision that the reduction authorized by this section was not to apply to contributions made prior to Mar. 3, 1933, was omitted as obsolete.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 562. Channel depths and dimensions defined

In the preparation of projects under this and subsequent river and harbor acts and after the project becomes operational, unless otherwise expressed, the channel depths referred to shall be understood to signify the depth at mean lower low water, as defined by the Department of Commerce for nautical charts and tidal predictions, in tidal waters tributary to the Atlantic and Gulf coasts and at mean lower low water, as defined by the Department of Commerce for nautical charts and tidal predictions, in tidal waters tributary to the Pacific coast and the mean depth for a continuous period of fifteen days of the lowest water, as defined by the Department of Commerce for nautical charts and tidal predictions, in the navigation season of any year in rivers and nontidal channels, and and after the project becomes operational the channel dimensions specified shall be understood to admit of such increase at the entrances,

1 So in original.
§ 562a. Project depths for national defense purposes; waterways for general commerce

The Chief of Engineers, under the direction of the Secretary of the Army, is hereby authorized to maintain authorized river and harbor projects in excess of authorized project depths where such excess depths have been provided by the United States for defense purposes and whenever the Chief of Engineers determines that such waterways also serve essential needs of general commerce.

§ 563. Omitted

Editorial Notes

Codification

Section is from act Mar. 4, 1913, ch. 144, § 9, 37 Stat. 827, which read as follows: “In the preparation of projects under this and subsequent river and harbor acts, unless otherwise expressed, the channel depths referred to shall be understood to signify the depth at mean lower low water in tidal waters, and the mean depth during the month of lowest water in the navigation season in rivers and nontidal channels, and the channel dimensions specified shall be understood to admit of such increase at the entrances, bends, sidings, and turning places as may be necessary to allow of the free movement of boats:’’

Amendments

1922—Pub. L. 102–580 inserted ‘‘and after the project becomes operational’’ after ‘‘harbor acts’’, ‘‘lower’’ after ‘‘depth at mean’’, ‘‘; ’’ as defined by the Department of Commerce for nautical charts and tidal predictions,’’ after ‘‘water’’ wherever appearing, and ‘‘and after the project becomes operational’’ before ‘‘the channel dimensions’’.

Section, acts June 25, 1910, ch. 382, § 4, 36 Stat. 676; June 5, 1920, ch. 252, § 9, 41 Stat. 1015, related to settlement of claims for injury to or loss of private property.

§ 565. River and harbor improvement by private or municipal enterprise

Any person or persons, corporations, municipal or private, who desire to improve any navigable river, or any part thereof, at their or its own expense and risk may do so upon the approval of the plans and specifications of said proposed improvement by the Secretary of the Army and Chief of Engineers of the Army. The plan of said improvement must conform with the general plan of the Government improvements, must not impede navigation, and no toll shall be imposed on account thereof, and said improvement shall at all times be under the control and supervision of the Secretary of the Army and Chief of Engineers.

(June 13, 1902, ch. 1079, § 1, 32 Stat. 371; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

Codification

Section is from act June 13, 1902, popularly known as the “Rivers and Harbors Appropriation Act for 1902”. The provisions of this section followed an appropriation for emergencies.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Construction of Canal

The consent of Congress was given to the construction of a ship canal along the Government right of way connecting the waters of Puget Sound with Lake Washington, said canal, when completed, to be turned over to the United States, by act June 11, 1906, ch. 3072, 34 Stat. 231.

§ 566. Improvement by or under authority of State of New Jersey

Authority is given to the State of New Jersey, or, through it, to any commission, individual, corporation, or municipality, singly or collectively, designated by the legislature of said State, or by a commission appointed or authorized by said legislature, to improve the channels on the New Jersey seacoast, or any portion of said coast, or the waters adjacent thereto, lying between thirty-eight degrees fifty-six minutes and forty degrees twenty minutes north latitude, by dredging, or by the construction of piers, jetties, or breakwaters, or other river and harbor work of any description or nature adapted to attain the ends now pursued by the United States Government for the advantage of said coast or the relief of commerce: Provided, That such operations shall not encroach upon those portions of said coast, or the channels adjacent thereto, for which the United States Government may undertake similar work according to its own plans: And provided, That the plans for said work shall be placed on file with the Chief of Engineers of the Department of the Army for thirty days, during which time he is authorized to disapprove said plans and forbid such work if, in his judgment, the improvements when completed will interfere with navigation or with any works of the United States Government com-
menced or proposed to be made: Provided further. That no tolls or other charges upon commerce shall be imposed by those making such improvements: And provided further, That this section shall not be construed as affecting in any way the jurisdiction and control of the Federal Government over any waters that may be improved in pursuance of the provisions thereof, nor as exempting such waters from the operation of the laws heretofore or hereafter enacted by Congress for the preservation and protection of navigable waters. The right to alter, amend, or repeal this section is expressly reserved.

(June 30, 1906, ch. 3923, §§1, 2, 34 Stat. 800; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 567. Navigation and flood control improvements by Minnesota, North Dakota, and South Dakota

Congress consents that the States of Minnesota, North Dakota, and South Dakota, or any two of them, may enter into any agreement or agreements with each other to aid in improving navigation and to prevent and control floods on boundary waters of said States and the waters tributary thereto. And said States, or any two of them, may agree with each other upon any project or projects for the purpose of making such improvements, and upon the amount of money to be contributed by each to carry out such projects. The Secretary of the Army is authorized and directed to make a survey of any project proposed, as aforesaid, by said States, or any two of them, to determine the feasibility and practicability thereof and the expenses of carrying the same into effect and what share of such expenses should be borne by the respective States, local interests, or by the National Government. If the Secretary of the Army approves any such projects, he may authorize the States to make such improvements at their own expense, but under his supervision.

Editorial Notes

CODIFICATION

Section is from a part of section 5 of act Aug. 8, 1917, which act was popularly known as the “Rivers and Harbors Appropriation Act for 1917”. The omitted part of such section read as follows: “That the sum of $25,000, or so much thereof as may be necessary, is hereby appropriated, out of any funds in the Treasury of the United States not otherwise appropriated, for the purpose of enabling the Secretary of War to make the surveys and estimates herein contemplated.”

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 567a. Flood and pollution control compacts between certain States

The consent of the Congress of the United States is given to the States of Maine, New York, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, Pennsylvania, West Virginia, Kentucky, Indiana, Illinois, Tennessee, and Ohio, or any two or more of them, to negotiate and enter into agreements or compacts for conserving and regulating the flow, lessening flood damage, removing sources of pollution of the waters thereof, or making other public improvements on any rivers or streams whose drainage basins lie within any two or more of the said States.

No such compact or agreement shall be binding or obligatory upon any State a party thereto unless and until it has been approved by the legislatures of each of the States whose assent is contemplated by the terms of the compact or agreement and by the Congress.

(June 8, 1936, ch. 542, §§1, 2, 49 Stat. 1490.)

Statutory Notes and Related Subsidiaries

APPROVAL OF COMPACT BY CONGRESS

Act July 11, 1940, ch. 581, 54 Stat. 752, provided in part that: “The consent and approval of Congress is hereby given to an interstate compact relating to the control and reduction of the pollution of the streams of the Ohio River drainage basin negotiated and entered into or to be entered into under authority of Public Resolution Numbered 104, Seventy-fourth Congress, approved June 8, 1936, (this section) and now ratified by the States of New York, Illinois, Kentucky, and Indiana, and by the State of Ohio (whose ratification is to go into effect at the time at which the States of New York, West Virginia, and Ohio enter into said compact as parties and signatory States), also by the State of West Virginia (whose ratification is to go into effect at the time at which the States of New York, Ohio, Virginia, and Pennsylvania enter into said compact as parties and signatory States).”

SEC. 2. Without further submission of said compact, the consent of Congress is hereby given to the State of Virginia or any other State with waters in the Ohio River drainage basin, entering into said compact as a signatory State and party in addition to the States therein named or any of them.

SEC. 3. The commissioners to represent the United States, as provided in article IV of said compact, shall be appointed by the President.

SEC. 4. Nothing contained in this Act or in the compact herein approved shall be construed as impairing or affecting the sovereignty of the United States or any of the rights or jurisdiction in and over the area or waters which are the subject of such compact.

SEC. 5. The right to alter, amend, or repeal the provisions of section 1 is hereby expressly reserved.

§ 567b. Pollution of Potomac drainage basin; control by State compacts

The consent of Congress is given to the States of Maryland and West Virginia and the Com-
monwealths of Virginia and Pennsylvania and the District of Columbia to enter into the compact to create a Potomac Valley Conservancy District and to establish an Interstate Commission on the Potomac River Basin: Provided, That nothing contained in such compact shall be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of this compact.

(July 11, 1940, ch. 579, 54 Stat. 748.)

§ 567b—1. Amended compact

The consent of Congress is hereby given to the States of Maryland and West Virginia and the Commonwealths of Virginia and Pennsylvania and the District of Columbia to adopt the aforementioned amendments and enter into the amended compact hereinbefore recited and every part and article thereof: Provided, That nothing contained in such amended compact shall be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of this compact: And provided further, That the consent herein given does not extend to section (F)(2) of article II of the amended compact.

Editorial Notes

REFERENCES IN TEXT

The amended compact, referred to in text, is set out in 84 Stat. 856 to 860.

§ 568. Limitation on power of committee of Congress to consider projects

No project shall be considered by any committee of Congress with a view to its adoption, except with a view to a survey, if five years have elapsed since a report upon a survey of such project has been submitted to Congress pursuant to law.

(Sept. 22, 1922, ch. 427, § 9, 42 Stat. 1043.)

Editorial Notes

CODIFICATION

Section is from act Sept. 22, 1922, popularly known as the “Rivers and Harbors Appropriation Act of 1918”.

§ 569. Personal equipment for employees; use of funds for purpose

Funds heretofore or hereafter appropriated for rivers and harbors to be expended under the supervision of the Secretary of the Army shall be available for expenditure in the purchase of such personal equipment for employees as in the opinion of the Chief of Engineers are essential for the efficient prosecution of the works.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 704, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Executive Documents

TRANSFER OF FUNCTIONS

For transfer of certain functions insofar as they pertain to Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Air Force from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40, July 22, 1949.

§ 569a. Temporary employment of experts or consultants; compensation

The Chief of Engineers is authorized to procure the temporary or intermittent services of experts or consultants or organizations thereof in connection with civil functions of the Corps of Engineers without regard to chapter 51 and subchapter III of chapter 53 of title 5: Provided, That individuals so engaged may be paid at rates not to exceed the daily equivalent of the rate for GS–18 for each day of their services.

Editorial Notes

CODIFICATION

“Chapter 51 and subchapter III of chapter 53 of title 5” substituted in text for “the Classification Act as amended” on authority of Pub. L. 89–554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

AMENDMENTS

1970—Pub. L. 91–611 substituted provision that compensation “may be paid at rates not to exceed the daily equivalent of the rate for GS–18 for each day of their services” for “shall not be paid in excess of $100 per day for their services”.

1960—Act May 17, 1960, amended section generally, providing for employment of experts and consultants and omitting provisions relating to stenographic assistance.

Statutory Notes and Related Subsidiaries

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES

References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 529 (title I, § 104(c)(1)) of Pub. L. 91–611, set out in a note under section 5376 of Title 5.

§ 569b. Contracts; architect and engineering services; surveying and mapping services

Contracts for architect and engineering services, and surveying and mapping services, shall be awarded by the Chief of Engineers in accordance with title IX of the Federal Property and Administrative Services Act of 1949.1

1 See References in Text note below.
§ 569d. Safety award and promotional materials

(a) Promotion of safety program

(1) Procurement of promotional materials

The Secretary is authorized to procure materials that, in the judgment of the Secretary, are necessary to promote the Corps of Engineers safety program.

(2) Distribution of materials to employees

The items purchased pursuant to this subsection shall be distributed to employees of the Corps of Engineers to advance the goals of the safety program.

(b) Employee recognition

The Secretary is authorized to incur necessary expenses for the honorary recognition of the outstanding safety performance of employees of the Corps of Engineers. Such recognition may be in the form of certificates, plaques, cash, or other forms of awards.

(c) Authorization of appropriations

There is authorized to be appropriated $350,000 for each fiscal year beginning after September 30, 1992, for carrying out the purposes of this section.

§ 569e. Use of private sector resources in surveying and mapping

To the maximum extent practicable, the Secretary shall make use of private sector resources in carrying out surveying and mapping activities in the Civil Works Program of the Corps of Engineers.

§ 569f. Debarment of persons convicted of fraudulent use of “Made in America” labels

If the Secretary determines that a person has been convicted of intentionally affixing a label bearing a “Made in America” inscription to any product sold in or shipped to the United States which is not made in the United States and which is used in a civil works project of the Secretary, the Secretary shall debar the person from contracting with the Federal Government for a period of not less than 3 years and not more than 5 years. For purposes of this section, the term “debar” has the meaning that term has under section 2393(c) of title 10.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 3 of Pub. L. 102-580, set out as a note under section 2201 of this title.

§ 570. Default in contract; disposition of amounts collected

Any amounts collected from defaulting contractors or their sureties under contracts entered into in connection with river and harbor or flood-control work prosecuted by the Engineer Department, whether collected in cash or by deduction from amounts otherwise due such contractors, hereafter shall be credited in each case to the appropriation under which the contract was made.

§ 571. Crediting reimbursements for lost, stolen, or damaged property

Any amounts collected from any person, persons, or corporations as a reimbursement for...
lost, stolen, or damaged property, purchased in connection with river and harbor or flood-control work prosecuted under the direction of the Secretary of the Army and the supervision of the Chief of Engineers, whether collected in cash or by deduction from amounts otherwise due such person, persons, or corporations, hereafter shall be credited in each case to the appropriation that bore the cost of purchase, repair, or replacement of the lost, stolen, or damaged property.

(June 20, 1938, ch. 538, § 4, 52 Stat. 805; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

Codification

Section is also set out as section 761k of this title.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 343, title II, 61 Stat. 501. Act entitled "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 572. Collection and removal of drift in Baltimore Harbor

On and after July 30, 1948, direct allotments from appropriations for the maintenance and improvement of existing river and harbor works, or from other available appropriations, may be made by the Secretary of the Army for the collection and removal of drift in Baltimore Harbor and its tributary waters, and this work shall be carried out as a separate and distinct project.

(June 30, 1948, ch. 771, title I, § 102, 62 Stat. 1173.)

§ 574. Omitted

Editorial Notes

Codification

Section, act Sept. 6, 1950, ch. 496, ch. IX, § 101, 64 Stat. 726, which related to availability of appropriation for payments to school districts, was from the Civil Functions Appropriation Act, 1951, and was not repeated in subsequent appropriation acts.

§ 574a. Training funds

(a) In general

The Secretary may include individuals not employed by the Department of the Army in training classes and courses offered by the Corps of Engineers in any case in which the Secretary determines that it is in the best interest of the Federal Government to include those individuals as participants.

(b) Expenses

(1) In general

An individual not employed by the Department of the Army attending a training class or course described in subsection (a) shall pay the full cost of the training provided to the individual.

(2) Payments

Payments made by an individual for training received under paragraph (1), up to the actual cost of the training—

(A) may be retained by the Secretary;

(B) shall be credited to an appropriations account used for paying training costs; and

(C) shall be available for use by the Secretary, without further appropriation, for training purposes.

(3) Excess amounts

Any payments received under paragraph (2) that are in excess of the actual cost of training provided shall be credited as miscellaneous receipts to the Treasury of the United States.

Statutory Notes and Related Subsidiaries

"Secretary" Defined

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110–114, set out as a note under section 2201 of this title.

§ 575. Availability of appropriations for expenses incident to operation of power boats or vessels; expenses defined; certification of expenditures

On and after July 31, 1947, no appropriation under the Corps of Engineers shall be available for any expenses incident to operating any power-driven boat or vessel on other than Government business, and that Government business shall be construed to include transportation, lodging, and subsistence on inspection trips of Federal and State officials, having a public interest in authorized or proposed improvements for river and harbor and flood control, and any expenses incurred therefor shall be chargeable to river and harbor and flood control appropriations heretofore or hereafter made under rules and regulations to be prescribed by the Chief of Engineers: Provided, That such expenditures shall be certified by the Division Engineer as necessary and proper expenditures.

(July 31, 1947, ch. 411, § 1, 61 Stat. 688.)

Editorial Notes

Codification

Section is also set out as section 701b–9 of this title. Section was formerly classified to sections 190a and 199 of Title 10 prior to the general revision and enactment of Title 10, Armed Forces, by act Aug. 10, 1956, ch. 1041, § 1, 70A Stat. 1.

§ 576. Revolving fund; establishment; availability; reimbursement; transfer of funds; limitation

(a) Revolving fund

For establishment of a revolving fund, to be available without fiscal year limitation, for ex-
expenses necessary for the maintenance and operation of the plant and equipment of the Corps of Engineers used in civil works functions, including acquisition of plant and equipment, maintenance, repair, and purchase, operation, and maintenance of not to exceed four aircraft at any one time, temporary financing of services finally chargeable to appropriations for civil works functions, and the furnishing of facilities and services for military functions of the Department of the Army and other Government agencies and private persons, as authorized by law. In addition, the Secretary of the Army is authorized to provide capital for the fund by capitalizing the present inventories, plant and equipment of the civil works functions of the Corps of Engineers. The fund shall be credited with reimbursements or advances for the cost of equipment, facilities, and services furnished, at rates which shall include charges for overhead and related expenses, depreciation of plant and equipment, and accrued leave: Provided, That on July 1, 1953, (1) the fund shall assume the assets, liabilities, and obligations of the Plant accounts, as carried on the records of the Corps of Engineers as of June 30, 1953, under the appropriations for “Maintenance and improvement of existing river and harbor works”, “Flood control, general”, and “Flood control, Mississippi River and tributaries”, and (2) there shall be transferred from said appropriations to the fund amounts equivalent to the unexpended cash balances of the Plant accounts on June 30, 1953: Provided further, That the total capital of said fund shall not exceed $140,000,000.

(b) Prohibition

(1) In general

No funds may be expended or obligated from the revolving fund described in subsection (a) to newly construct, or perform a major renovation on, a building for use by the Corps of Engineers unless specifically authorized by law.

(2) Statutory construction

Nothing in this subsection may be construed to—

(A) change any authority provided under subchapter I of chapter 169 of title 10; or

(B) change the use of funds under subsection (a) for purposes other than those described in paragraph (1).

(c) Transmission to Congress of prospectus

To secure consideration for an authorization under subsection (b), the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representatives the prospectus of the proposed construction or major renovation of a building that includes—

(1) a brief description of the building;

(2) the location of the building;

(3) an estimate of the maximum cost to be paid by the revolving fund for the building to be constructed or renovated;

(4) the total size of the building after the proposed construction or major renovation;

(5) the number of personnel proposed to be housed in the building after the construction or major renovation;

(6) a statement that other suitable space owned by the Federal Government is not available;

(7) a statement of rents and other housing costs currently being paid for the tenants proposed to be housed in the building; and

(8) the size of the building currently housing the tenants proposed to be housed in the building.

(d) Provision of building project surveys

(1) In general

If requested by resolution of the Committee on Environment and Public Works of the Senate or the Committee on Transportation and Infrastructure of the House of Representatives, the Secretary shall create a building project survey for the construction or major renovation of a building described in subsection (b).

(2) Report

Within a reasonable time after creating a building project survey under paragraph (1), the Secretary shall submit to Congress a report on the survey that includes the information required to be included in a prospectus under subsection (c).

(e) Major renovation defined

In this section, the term “major renovation” means a renovation or alteration of a building for use by the Corps of Engineers with a total expenditure of more than $20,000,000.

(70A Stat. 1. Title 10, Armed Forces, by act Aug. 10, 1956, ch. 1041, § 1, Title 10 prior to the general revision and enactment of subsec. (b)(2)(A), probably means subchapter I (§ 2801 et seq.) of chapter 169 of Title 10, Armed Forces.

Editorial Notes

REFERENCES IN TEXT

Subchapter I of chapter 169 of title 10, referred to in subsec. (b)(2)(A), probably means subchapter I (§ 2801 et seq.) of chapter 169 of Title 10, Armed Forces.

CODIFICATION

Section was formerly classified to section 190b of Title 10 prior to the general revision and enactment of Title 10, Armed Forces, by act Aug. 10, 1956, ch. 1041, § 1, 70A Stat. 1.

AMENDMENTS

2016—Pub. L. 114–322 designated existing provisions as subsec. (a), inserted heading, and added subsec. (b) to (e).

Statutory Notes and Related Subsidiaries

Headquarters Aircraft; Transfer and Reassignment of Property Accountability to Army Military Activity

Pub. L. 101–101, title I, § 105, Sept. 29, 1989, 103 Stat. 649, provided that: “Notwithstanding section 119 of the Energy and Water Development Appropriation Act, 1988, Public Law 100–202 [set out below], the Secretary of the Army is authorized to transfer and reassign property accountability for the headquarters aircraft of the Corps of Engineers, Serial Number 045, from the assets of the civil works revolving fund, to the military activity of the Army that the Secretary determines is appropriate, except that the aircraft shall be made available on a priority basis as necessary for activities in support of the Army’s civil works mission.”
§ 576a. Purchase of passenger motor vehicles by Corps of Engineers

On and after March 4, 1933, the provisions of section 1343 of title 31 shall be construed as applying to the Corps of Engineers as to the purchase of motor-propelled passenger-carrying vehicles.

(Mar. 4, 1933, ch. 281, title II, § 1, 47 Stat. 1599.)

Editorial Notes

Codification

Section was formerly classified to section 638b of Title 31 prior to the general revision and enactment of Title 31, Money Organization and Employees, by Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 377.

Section was also formerly classified to section 78a of Title 5 prior to the general revision and enactment of Title 5, Government Organization and Employees, by Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 378.

§ 576b. Lease authority

Notwithstanding any other provision of law, the Secretary may lease space available in buildings for which funding for construction or purchase was provided from the revolving fund established by the 1st section of the Civil Functions Appropriations Act, 1954 (33 U.S.C. 576; 67 Stat. 199), under such terms and conditions as are acceptable to the Secretary. The proceeds from such leases shall be credited to the revolving fund for the purposes set forth in such Act.

Editorial Notes

§ 576c. Corps of Engineers operation of unmanned aircraft systems

(a) In general

The Secretary shall designate an individual, within the headquarters office of the Corps of Engineers, who shall serve as the coordinator and principal approving official for developing the process and procedures by which the Corps of Engineers—

(1) operates and maintains small unmanned aircraft (as defined in section 331 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note)) systems in support of civil works and emergency response missions of the Corps of Engineers; and

(2) acquires, applies for, and receives any necessary Federal Aviation Administration authorizations for such operations and systems.

(b) Requirements

A small unmanned aircraft system acquired, operated, or maintained by the Corps of Engineers is excluded from use by the Department of Defense, including the Department of the Army, for any mission of the Department of Defense other than a mission specified in subsection (a).

Editorial Notes

References in Text

Section 331 of the FAA Modernization and Reform Act of 2012, referred to in subsec. (a)(1), is section 331 of Pub. L. 112–95, which was set out in a note under section 40101 of Title 49, Transportation, and was transferred and is now set out in a note under section 4802 of Title 49.

Statutory Notes and Related Subsidiaries

“Secretary” Defined

Secretary means the Secretary of the Army, see section 1002 of Pub. L. 114–322, set out as a note under section 2201 of this title.

§ 577. Small river and harbor improvement projects

(a) Allotment from appropriations for construction

The Secretary of the Army is authorized to allot from any appropriations hereafter made for rivers and harbors not to exceed $62,500,000 for any one fiscal year for the construction of small river and harbor improvement projects not specifically authorized by Congress which will result in substantial benefits to navigation and which can be operated consistently with appropriate and economic use of the waters of the Nation for other purposes, when, in the opinion of the Chief of Engineers such work is advisable, if benefits are in excess of the cost.

(b) Limitation on allotment

Not more than $10,000,000 shall be allotted for the construction of a project under this section at any single locality and the amount allotted

1 See References in Text note below.
shall be sufficient to complete the Federal participation in the project under this section.

(c) Lands, easements, and rights-of-way; indemnification; assurances of local cooperation

Local interests shall provide without cost to the United States all necessary lands, easements and rights-of-way for all projects to be constructed under the authority of this section. In addition, local interests may be required to hold and save the United States free from damages that may result from the construction and maintenance of the project and may be required to provide such additional local cooperation as the Chief of Engineers deems appropriate. A State, county, municipality or other responsible local entity shall give assurance satisfactory to the Chief of Engineers that such conditions of cooperation as are required will be accomplished.

(d) Sharing of costs by non-Federal interests

Non-Federal interests may be required to share in the cost of the project to the extent that the Chief of Engineers deems that such cost should not be borne by the Federal Government in view of the recreational or otherwise special or local nature of the project benefits.

(e) Completeness of project

Each project for which money is allotted under this section shall be complete in itself and not commit the United States to any additional improvement to insure its successful operation, other than routine maintenance, and except as may result from the normal procedure applying to projects authorized after submission of survey reports, and projects constructed under the authority of this section shall be considered as authorized projects.

(f) Low water access navigation channels from existing channel of Mississippi River

This section shall apply to, but not be limited to, the provision of low water access navigation channels from the existing channel of the Mississippi River to harbor areas heretofore or now established and located along the Mississippi River.

Statutory Notes and Related Subsidiaries

Effective Date of 1966 Amendment
Amendment by Pub. L. 99–662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(i) of Pub. L. 99–662, set out as a note under section 428g of this title.

Effective Date of 1976 Amendment
Amendment by Pub. L. 91–611 not applicable to any project under contract for construction on Dec. 31, 1970, see section 112(c) of Pub. L. 91–611, set out as a note under section 428g of this title.

§ 577a. Small-boat navigation projects; charter fishing craft

The Chief of Engineers, for the purpose of determining Federal and non-Federal cost sharing, relating to proposed construction of small-boat navigation projects, shall consider charter fishing craft as commercial vessels.

§ 577b. Cost of operation and maintenance of general navigation features of small boat harbor projects; applicable projects

The cost of operation and maintenance of the general navigation features of small boat harbor projects shall be borne by the United States. This section shall apply to any such project authorized (A) under section 201 of the Flood Control Act of 1965 [42 U.S.C. 1962d–5], (B) under section 107 of the River and Harbor Act of 1960 [33 U.S.C. 577], (C) between January 1, 1970, and December 31, 1970, under authority of this Act, and to projects heretofore authorized in accordance with the policy set forth in the preceding sentence and to such projects authorized in this Act or which are hereafter authorized.

Editorial Notes

Amendments

2018—Subsec. (a). Pub. L. 115–270 substituted "$62,500,000" for "$35,000,000".

2014—Subsec. (a). Pub. L. 113–121, § 1030(b)(1), substituted "$50,000,000" for "$35,000,000".

Subsec. (b). Pub. L. 113–121, § 1030(b)(2), substituted "$10,000,000" for "$7,000,000".

2007—Subsec. (b). Pub. L. 110–114 substituted "$7,000,000" for "$4,000,000".

1986—Subsec. (a). Pub. L. 99–662 substituted "$35,000,000" for "$25,000,000".

1976—Subsec. (b). Pub. L. 94–587 substituted "$2,000,000" for "$1,000,000".

1970—Subsec. (a). Pub. L. 91–611 substituted "$25,000,000" for "$10,000,000".

Subsec. (b). Pub. L. 91–611 substituted "$1,000,000" for "$500,000".

1965—Subsec. (a). Pub. L. 89–298, § 310(a)(1), substituted "$10,000,000" for "$2,000,000".

Subsec. (b). Pub. L. 89–298, § 310(a)(2), substituted "$500,000" for "$200,000".

§ 578. Disposal of surplus property for development of public port or industrial facilities

(a) Conveyance by Secretary of the Army

Whenever the Secretary of the Army, upon the recommendation of the Chief of Engineers, determines that notwithstanding the provisions of chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3551(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41, with respect to disposal of surplus real property, (1) the development of public port or industrial facilities on land which is part of a water resource development project under his jurisdiction will be in the public interest; (2) that such development will not interfere with the operation and maintenance of the project; and (3) that disposition of the property for these purposes under this section will serve the objectives of the project within which the land is located, he may convey the land by quitclaim deed to a State, political subdivision or body whose intended use of the land by quitclaim deed to a State, political subdivision or body whose intended use

(b) Purchase price; conditions, reservations or restrictions

Any conveyance authorized by this section shall be made at the fair market value of the property, as determined by the Secretary of the Army, upon condition that the property shall be used for one of the purposes stated in the subsection (a) of this section only, and subject to such other conditions, reservations or restrictions as the Secretary may determine to be necessary for the development, maintenance, or operation of the project or otherwise in the public interest.

(c) Notice of proposed conveyance

Prior to the conveyance of any land under the provisions of this section, the Secretary of the Army shall, in the manner he deems reasonable, give public notice of the proposed conveyance and afford an opportunity to interested eligible bodies in the general vicinity of the land to apply for its purchase.

(d) Delegation of authority

The Secretary of the Army may delegate any authority conferred upon him by this section to any officer or employee of the Department of the Army. Any such officer or employee shall exercise the authority so delegated under rules and regulations approved by the Secretary.

(e) Deposit of proceeds

The proceeds from any conveyance made under the provisions of this section shall be covered into the Treasury as miscellaneous receipts.

§ 578a. Disposition studies

(a) In general

In carrying out a disposition study for a project of the Corps of Engineers, including a disposition study under section 549a of this title or an assessment under section 6002 of the Water Resources Reform and Development Act of 2014 (Public Law 113–121; 128 Stat. 1349), the Secretary shall consider the extent to which the property concerned has economic, cultural, historic, or recreational significance or impacts at the national, State, or local level.

(b) Completion of assessment and inventory

Not later than 1 year after December 16, 2016, the Secretary shall complete the assessment and inventory required under section 6002(a) of the Water Resources Reform and Development Act of 2014 (Public Law 113–121; 128 Stat. 1349).

§ 578b. Disposition of projects

(a) In general

In carrying out a disposition study for a project of the Corps of Engineers, or a separable element of such a project, including a disposition study under section 549a of this title, the Secretary shall consider modifications that would improve the overall quality of the environment in the public interest, including removal of the project or separable element of a project.

(b) Disposition study transparency

The Secretary shall carry out disposition studies described in subsection (a) in a transparent manner, including by—
(1) providing opportunities for public input; and
(2) publishing the final disposition studies.

c) Removal of infrastructure

For disposition studies described in subsection (a) in which the Secretary determines that a Federal interest no longer exists, and makes a recommendation of removal of the project or separable element of a project, the Secretary is authorized, using existing authorities, to pursue removal of the project or separable element of a project in partnership with other Federal agencies and non-Federal entities with appropriate capabilities to undertake infrastructure removal.

Statutory Notes and Related Subsidiaries

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115–270, set out as a note under section 2201 of this title.

§ 579a. Corps budgeting; project deauthorizations; comprehensive backlog report

(a) Funds to be obligated for construction to avoid deauthorization

Any project authorized for construction by this Act shall not be authorized after the last day of the 5-year period beginning on November 17, 1986, unless during such period funds have been obligated for construction, including planning and designing, of such project.

(b) Transmission to Congress of list of unconstructed projects or separable elements authorized but not receiving obligations during 10 fiscal years preceding transmission; two-year updates of list

(1) Not later than one year after November 17, 1986, the Secretary shall transmit to Congress a list of unconstructed projects, or unconstructed separable elements of projects, which have been authorized, but have received no obligations during the 10 full fiscal years preceding the transmittal of such list. A project or separable element included in such list is not authorized after December 31, 1989, if funds have not been obligated for construction of such project or element after November 17, 1986, and before December 31, 1989.

(2) COMPREHENSIVE CONSTRUCTION BACKLOG AND OPERATION AND MAINTENANCE REPORT.—

(A) IN GENERAL.—The Secretary, once every 2 years, shall compile and publish—

(i) a complete list of all projects and separable elements of projects of the Corps of Engineers that are authorized for construction but have not been completed;

(ii) a complete list of all feasibility studies of the Corps of Engineers that Congress has authorized the Secretary to carry out for which a Report of the Chief of Engineers has not been issued;

(iii) a complete list of all environmental infrastructure projects authorized by Congress under section 219 of the Water Resources Development Act of 1992 (106 Stat. 4855); and

(iv) a list of major Federal operation and maintenance needs of projects and properties under the control of the Corps of Engineers.

(B) REQUIRED INFORMATION.—The Secretary shall include on each list developed under clause (i), (ii), or (iii) of subparagraph (A) for each feasibility study, project, or separable element on that list—

(i) the date of authorization of the feasibility study, project, or separable element, including any subsequent modifications to the original authorization;

(ii) the original budget authority for the feasibility study, project, or separable element;

(iii) a brief description of the feasibility study, project, or separable element;

(iv) the estimated date of completion of the feasibility study, project, or separable element, assuming all capability is fully funded;

(v) the estimated total cost of completion of the feasibility study, project, or separable element;

(vi) the amount of funds spent on the feasibility study, project, or separable element, including Federal and non-Federal funds;

(vii) the amount of appropriations estimated to be required in each fiscal year during the period of construction to complete the project or separable element by the date specified under clause (iv);

(viii) the location of the feasibility study, project, or separable element;

(ix) a statement from the non-Federal interest for the project or separable element indicating the non-Federal interest’s capability to provide the required local cooperation estimated to be required for the project or separable element in each fiscal year during the period of construction;

(x) the benefit-cost ratio of the project or separable element, calculated using the discount rate specified by the Office of Management and Budget for purposes of preparing the President’s budget pursuant to chapter 11 of title 31;

(xi) the benefit-cost ratio of the project or separable element, calculated using the discount rate utilized by the Corps of Engineers for water resources development project planning pursuant to section 1962d–17 of title 42; and

(xii) the last fiscal year in which the project or separable element incurred obligations.

(C) REQUIRED OPERATION AND MAINTENANCE INFORMATION.—The Secretary shall include on
the list developed under subparagraph (A)(iv), for each project and property under the control of the Corps of Engineers on that list—
(i) the authority under which the project was authorized or the property was acquired by the Corps of Engineers;
(ii) a brief description of the project or property;
(iii) an estimate of the Federal costs to meet the major operation and maintenance needs at the project or property; and
(iv) an estimate of unmet or deferred operation and maintenance needs at the project or property.

(D) PUBLICATION.—
(i) IN GENERAL.—For fiscal year 2020, and once every 2 years thereafter, in conjunction with the President’s annual budget submission to Congress under section 1105(a) of title 31, the Secretary shall submit a copy of the lists developed under subparagraph (A) to—
(I) the Committee on Environment and Public Works and the Committee on Appropriations of the Senate and the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representatives; and
(II) the Director of the Office of Management and Budget.

(ii) PUBLIC AVAILABILITY.—The Secretary shall make a copy of the lists available on a publicly accessible website in a manner that is downloadable, searchable, and sortable.

AMENDMENTS

2020—Subsec. (b)(2), (3), Pub. L. 116–260, §380(b)(1), redesignated par. (3) as (2) and struck out former par. (2) which related to project deauthorizations and notification to Congress.

Subsec. (c), Pub. L. 116–260, §360(b)(2), struck out subsec. (c). Prior to amendment, text read as follows: "The Secretary shall publish in the Federal Register a list of any projects or separable elements that are deauthorized under this section."

Subsec. (b)(3), (4), Pub. L. 115–270, §1154(a)(2), added pars. (3) and (4) and struck out former pars. (3) and (4) which related to minimum funding lists and comprehensive backlog reports, respectively.

2014—Subsec. (b)(3), (4), Pub. L. 113–121 added pars. (3) and (4).

2007—Subsec. (b)(2), Pub. L. 110–114, §2046(b), which directed the substitution of "such period" for "such 30-month period" in last sentence, was executed by making the substitution for "such 30-month period" to reflect the probable intent of Congress.

Pub. L. 110–114, §2046(a), in first sentence, substituted "the last date of the fiscal year following the fiscal year in which" for "30 months after the date of enactment of this Act to the Code, see Short Title note set out under section 2201 of this title and Tables.

Statutory Notes and Related Subsidiaries

SAVINGS CLAUSE

PROJECT DEAUTHORIZATIONS; EXTENSION OF LIMITATION ON PERIOD OF AUTHORIZATION

Pub. L. 100–676, §52(a), Nov. 17, 1988, 102 Stat. 4044, which provided that subssecs. (a) and (c) of this section applied to projects authorized for construction by Pub. L. 100–676 (see Short Title of 1988 Amendment note set out under section 2201 of this title), except that the 5-year period during which funds had to be obligated to prevent deauthorization began on Nov. 17, 1988, and were also to apply to projects authorized for construction subsequent to Pub. L. 100–676, except that for period during which funds had to be obligated to prevent deauthorization of such projects, was repealed by Pub. L. 104–303, title II, §228(b)(1), Oct. 12, 1996, 110 Stat. 3703.

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§579b. Omitted

Editorial Notes

CODIFICATION

Section, Pub. L. 113–121, title VI, §6001, June 10, 2014, 128 Stat. 1345; Pub. L. 114–322, title I, §1301(g), Dec. 15, 2016, 130 Stat. 1690, consisted of subssecs. (a) to (f) relating to deauthorization of inactive projects authorized

(a) Purposes

The purposes of this section are—

(1) to identify water resources development projects authorized by Congress that are no longer viable for construction due to—

(A) a lack of local support;

(B) a lack of available Federal or non-Federal resources; or

(C) an authorizing purpose that is no longer relevant or feasible;

(2) to create an expedited and definitive process for Congress to deauthorize water resources development projects that are no longer viable for construction; and

(3) to allow the continued authorization of water resources development projects that are viable for construction.

(b) Proposed deauthorization list

(1) Preliminary list of projects

(A) In general

The Secretary shall develop a preliminary list of each water resources development project, or separable element of a project, authorized for construction before November 8, 2007, for which—

(i) planning, design, or construction was not initiated before December 27, 2020; or

(ii) planning, design, or construction was initiated before December 27, 2020, but for which no funds, Federal or non-Federal, were obligated for planning, design, or construction of the project or separable element of the project during the current fiscal year or any of the 10 preceding fiscal years.

(B) Use of comprehensive construction backlog and operation and maintenance reports

The Secretary may develop the preliminary list from the comprehensive construction backlog and operation and maintenance reports developed pursuant to section 579a(b)(2) of this title.

(C) Exclusions

The Secretary shall not include on the preliminary list—

(i) an environmental infrastructure assistance project authorized to be carried out by the Secretary (including a project authorized pursuant to an environmental assistance program); or

(ii) a project or separable element of a project authorized as part of the Comprehensive Everglades Restoration Plan described in section 601 of the Water Resources Development Act of 2000 (114 Stat. 2980).

(2) Preparation of proposed deauthorization list

(A) Deauthorization amount

The Secretary shall prepare a proposed list of projects for deauthorization comprised of a subset of projects and separable elements identified on the preliminary list developed under paragraph (1) that have, in the aggregate, an estimated Federal cost to complete that is at least $10,000,000,000.

(B) Determination of Federal cost to complete

For purposes of subparagraph (A), the Federal cost to complete shall take into account any allowances authorized by section 2280 of this title, as applied to the most recent project schedule and cost estimate.

(C) Inclusion of deauthorization of antiquated projects

The Secretary shall reduce the amount identified for deauthorization under paragraph (2)(A) by an amount equivalent to the estimated current value of each project, or separable element of a project, that is deauthorized by subsection (f).

(3) Sequencing of projects

(A) In general

The Secretary shall identify projects and separable elements for inclusion on the proposed list of projects for deauthorization under paragraph (2) according to the order in which the projects and separable elements were authorized, beginning with the earliest authorized projects and separable elements and ending with the latest project or separable element necessary to meet the aggregate amount under paragraph (2)(A).

(B) Factors to consider

The Secretary may identify projects and separable elements in an order other than
that established by subparagraph (A) if the Secretary determines, on a case-by-case basis, that a project or separable element is critical for interests of the United States, based on the possible impact of the project or separable element on public health and safety, the national economy, or the environment.

(4) Public comment and consultation
   (A) In general
   The Secretary shall solicit comments from the public and the Governors of each applicable State on the proposed deauthorization list prepared under paragraph (2)(A).
   (B) Comment period
   The public comment period shall be 90 days.

(5) Preparation of final deauthorization list
   (A) In general
   The Secretary shall prepare a final deauthorization list by—
      (i) considering any comments received under paragraph (4); and
      (ii) revising the proposed deauthorization list prepared under paragraph (2)(A) as the Secretary determines necessary to respond to such comments.
   (B) Appendix
   The Secretary shall include as part of the final deauthorization list an appendix that—
      (i) identifies each project or separable element on the proposed deauthorization list that is not included on the final deauthorization list; and
      (ii) describes the reasons why the project or separable element is not included on the final deauthorization list.

(c) Submission of final deauthorization list to Congress for congressional review; publication
   (1) In general
   Not later than 90 days after the date of the close of the comment period under subsection (b)(4), the Secretary shall—
      (A) submit the final deauthorization list and appendix prepared under subsection (b)(5) to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate; and
      (B) publish the final deauthorization list and appendix in the Federal Register.

(2) Exclusions
   The Secretary shall not include in the final deauthorization list submitted under paragraph (1) any project or separable element with respect to which Federal funds for planning, design, or construction are obligated after the development of the preliminary list under subsection (b)(1)(A) but prior to the submission of the final deauthorization list under paragraph (1)(A) of this subsection.

(d) Deauthorization; congressional review
   (1) In general
   After the expiration of the 2-year period beginning on the date of publication of the final deauthorization list and appendix under subsection (c)(1)(B), a project or separable element of a project identified in the final deauthorization list is hereby deauthorized, unless Congress passes a joint resolution disapproving the final deauthorization list prior to the end of such period.

(2) Non-Federal contributions
   (A) In general
   A project or separable element of a project identified in the final deauthorization list under subsection (c) shall not be deauthorized under this subsection if, before the expiration of the 2-year period referred to in paragraph (1), the non-Federal interest for the project or separable element of the project provides sufficient funds to complete the project or separable element of the project.

   (B) Treatment of projects
   Notwithstanding subparagraph (A), each project and separable element of a project identified in the final deauthorization list shall be treated as deauthorized for purposes of the aggregate deauthorization amount specified in subsection (b)(2)(A).

(3) Projects identified in appendix
   A project or separable element of a project identified in the appendix to the final deauthorization list shall remain subject to future deauthorization by Congress.

(e) Special rules
   (1) Post-authorization studies
   A project or separable element of a project may not be identified on the proposed deauthorization list developed under subsection (b), or the final deauthorization list developed under subsection (c), if the project or separable element received funding for a post-authorization study during the current fiscal year or any of the 10 preceding fiscal years.

   (2) Treatment of project modifications
   For purposes of this section, if an authorized water resources development project or separable element of the project has been modified by an Act of Congress, the date of the authorization of the project or separable element shall be deemed to be the date of the most recent such modification.

(f) Deauthorization of antiquated projects
   (1) In general
   Any water resources development project, or separable element of a project, authorized for construction prior to November 17, 1986, for which construction has not been initiated prior to December 27, 2020, or for which funds have not been obligated for construction in the 10-year period prior to December 27, 2020, is hereby deauthorized.

   (2) Identification
   Not later than 60 days after December 27, 2020, the Secretary shall issue to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a report that identifies—
(A) the name of each project, or separable element of a project, deauthorized by paragraph (1); and
(B) the estimated current value of each such project or separable element of a project.

§579e. Access to real estate data
(a) In general
Using available funds, the Secretary shall make publicly available, including on a publicly accessible website, information on all Federal real estate assets in the United States that are owned, operated, or managed by, or in the custody of, the Corps of Engineers.

(b) Requirements
(1) In general
The real estate information made available under subsection (a) shall include—
(A) existing standardized real estate plat descriptions of assets described in subsection (a); and
(B) existing geographic information systems and geospatial information associated with such assets.

(2) Collaboration
In making information available under subsection (a), the Secretary shall consult with the Administrator of General Services. Such information may be made available, in whole or in part, in the Federal real property database published under section 21 of the Federal Assets Sale and Transfer Act of 2016 (Public Law 114–287), as determined appropriate by the Administrator of General Services. Nothing in this paragraph shall be construed as requiring the Administrator of General Services to add additional data elements or features to such Federal real property database if such additions are impractical or would add additional costs to such database.

(c) Limitation
Nothing in this section shall compel or authorize the disclosure of data or other information determined by the Secretary to be confidential, privileged, national security information, personal information, or information the disclosure of which is otherwise prohibited by law.

(d) Timing
The Secretary shall ensure that the implementation of subsection (a) occurs as soon as practicable.

(e) Effect on other laws
Nothing in this section shall be construed as modifying, or exempting the Corps of Engineers from, the requirements of the Federal real property database published under section 21 of the Federal Assets Sale and Transfer Act of 2016 (Public Law 114–287).

Statutory Notes and Related Subsidiaries
“SECRETARY” DEFINED
Secretary means the Secretary of the Army, see section 1303 of Title 40, Public Buildings, Property, and Works.
§ 579f. Budgetary evaluation metrics and transparency; public participation

(a) Omitted

(b) Budgetary evaluation metrics and transparency

Beginning in fiscal year 2020, in the formulation of the annual budget request for the U.S. Army Corps of Engineers (Civil Works) pursuant to section 1105(a) of title 31, the President shall ensure that such budget request—

(1) aligns the assessment of the potential benefit-cost ratio for budgeting water resources development projects with that used by the Corps of Engineers during project plan formulation and evaluation pursuant to section 1962d–17 of title 42; and

(2) demonstrates the transparent criteria and metrics utilized by the President in the evaluation and selection of water resources development projects included in such budget request.

(c) Public participation

In the development of, or any proposed major substantive modification to, a proposed budget for water resources development projects, the Secretary, through each District shall, not less frequently than annually—

(1) provide to non-Federal interests and other interested stakeholders information on the proposed budget for projects or substantive modifications to project budgets within each District’s jurisdiction;

(2) hold multiple public meetings to discuss the budget for projects within each District’s jurisdiction; and

(3) provide to non-Federal interests the opportunity to collaborate with District personnel for projects within each District’s jurisdiction—

(A) to support information sharing; and

(B) to the maximum extent practicable, to share in concept development and decision-making to achieve complementary or integrated solutions to problems.

Editorial Notes

CODIFICATION

Section is comprised of section 1154 of Pub. L. 115–270. Subsec. (a) of section 1154 of Pub. L. 115–270 amended section 579a of this title.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 162 of Pub. L. 115–270, set out as a note under section 2301 of this title.

SUBCHAPTER II—PAY AND ALLOWANCES; TRAVELING EXPENSES AND SUBSISTENCE

§ 581. Hiring special means of transportation

In their execution and inspection of river and harbor improvement work, at points beyond easy reach of ordinary regular transportation lines, Engineer officers are authorized to hire and use such transportation as they may consider desirable and advantageous to the progress of work.

(July 25, 1912, ch. 253, § 9, 37 Stat. 233.)

Editorial Notes

CODIFICATION

Section is from act July 25, 1912, popularly known as the “Rivers and Harbors Appropriation Act of 1912”.

Section, act July 18, 1918, ch. 155, § 9, 40 Stat. 912, related to subsistence allowance to persons engaged in field work.

§ 583. Payment of allowances, etc., incident to change of station of Engineer officers from appropriation for improvements

When in the opinion of the Secretary of the Army the changes of a station of an officer of the Corps of Engineers is primarily in the interest of river and harbor improvement, the mileage and other allowances to which he may be entitled incident to such change of station may be paid from appropriations for such improvements.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by Act June 10, 1940, ch. 343, title II, § 205(a), 54 Stat. 650. Department of the Army derived from the third proviso of Act June 25, 1919, ch. 467, § 5, 41 Stat. 1021. Section 3 of act June 25, 1919, was repealed by Act June 25, 1919, ch. 467, § 4, 41 Stat. 1021. Section 1 of Act June 25, 1919, was repealed by Act June 30, 1940, ch. 467, § 5, 54 Stat. 650. Section 2 of Act June 25, 1919, was repealed by Act June 30, 1940, ch. 467, § 6, 54 Stat. 650.

Section 584, act Jan. 21, 1927, ch. 47, §5(d), 44 Stat. 1021, related to expenses incident to transportation of household effects of civilian employees. Section 584a, July 3, 1930, ch. 647, §6, 46 Stat. 948, related to travel expenses of civilian employees on river and harbor works.

SUBCHAPTER III—ACQUISITION OF LAND AND MATERIALS

§ 591. Condemnation, purchase, and donation of land and materials

The Secretary of the Army may cause proceedings to be instituted, in the name of the United States, in any court having jurisdiction of such proceedings, for the acquisition by condemnation of any land, right-of-way, or material needed to enable him to maintain, operate, or prosecute works for the improvement of rivers and harbors for which provision has been made by law; such proceedings to be prosecuted in accordance with the laws relating to suits for the condemnation of property of the States wherein the proceedings may be instituted: Provided, however, That when the owner of such land, right-of-way, or material shall fix a price for the same, which in the opinion of the Secretary of the Army, shall be reasonable, he may purchase the same at such price without further delay: And provided further, That the Secretary of the Army is authorized to accept donations of lands or materials required for the maintenance or prosecution of such works.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 592. Condemnation of land in aid of person, company, corporation, municipal or private

Whenever any person, company, or corporation, municipal or private, shall undertake to secure any land or easement therein needed in connection with a work of river and harbor improvement duly authorized by Congress, for the purpose of conveying the same to the United States free of cost, or for the purpose of constructing, maintaining, and operating locks, dry docks, or other works to be conveyed to the United States free of cost, and of constructing, maintaining and operating dams for use in connection therewith, and shall be unable for any reason to obtain the same by purchase and acquire a valid title thereto, the Secretary of the Army may, in his discretion, cause proceedings to be instituted in the name of the United States for the acquisition by condemnation of said land or easement, and it shall be the duty of the Attorney General of the United States to institute and conduct such proceedings upon the request of the Secretary of the Army: Provided, That all expenses of said proceedings and any award that may be made thereunder shall be paid by the said person, company, or corporation, to secure which payment the Secretary of the Army may require the said person, company, or corporation to execute a proper bond in such amount as he may deem necessary before said proceedings are commenced.

Editorial Notes

CONFINEMENT

Act May 16, 1906, as originally enacted, provided that: “Whenever any person, company, or corporation, municipal or private, shall undertake to secure, for the purpose of conveying the same to the United States free of cost, any land or easement therein, needed in connection with a work of river and harbor improvement duly authorized by Congress, and shall be unable for any reason to obtain a valid title thereto, the Secretary of War may, in his discretion, cause proceedings to be instituted in the name of the United States for the acquisition by condemnation of said land or easement, and it shall be the duty of the Attorney General of the United States to institute and conduct such proceedings upon the request of the Secretary of War: Provided, That all expenses of said proceedings and any award that may be made thereunder shall be paid by the said person, company, or corporation, to secure which payment the Secretary of War may require the said person, company, or corporation to execute a proper bond in such amount as he may deem necessary before said proceedings are commenced.”

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 593. Condemnation of land in aid of State or State agency

Whenever any State, or any reclamation, flood control or drainage district, or other public agency created by any State, shall undertake to secure any land or easement therein, needed in connection with a work of river and harbor improvement duly authorized by Congress, for the purpose of conveying the same to the United States free of cost, and shall be unable for any reason to obtain the same by purchase and acquire a valid title thereto, the Secretary of the Army may, in his discretion, cause proceedings to be instituted in the name of the United States for the acquisition by condemnation of said land or easement, and it shall be the duty of the Attorney General of the United States to institute and conduct such proceedings upon the request of the Secretary of the Army: Provided, That all expenses of said proceedings and any award that may be made thereunder shall be
paid by such State, or reclamation, flood control or drainage district, or other public agency as aforesaid, to secure which payment the Secretary of the Army may require such State, or reclamation, flood control or drainage district, or other public agency as aforesaid, to execute a proper bond in such amount as he may deem necessary before said proceedings are commenced.

§ 594. When immediate possession of land may be taken

Whenever the Secretary of the Army, in pursuance of authority conferred on him by law, causes proceedings to be instituted in the name of the United States for the acquirement by condemnation of any lands, easements, or rights of way needed for a work of river and harbor improvements duly authorized by Congress, the United States, upon the filing of the petition in any such proceedings, shall have the right to take immediate possession of said lands, easements, or rights-of-way, to the extent of the interest to be acquired, and proceed with such public works thereon as have been authorized by Congress. Provided, That certain and adequate provision shall have been made for the payment of just compensation to the party or parties entitled thereto, either by previous appropriation by the United States or by the deposit of money or other form of security in such amount and form as shall be approved by the court in which such proceedings shall be instituted. The respondent or respondents may move at any time in the court to increase or change the amounts or securities, and the court shall make such order as shall be just in the premises and as shall adequately protect the respondents. In every case the proceedings in condemnation shall be diligently prosecuted on the part of the United States in order that such compensation may be promptly ascertained and paid.

(July 18, 1918, ch. 155, §6, 40 Stat. 911; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

§ 595. Consideration of benefits in assessing compensation

In all cases where private property shall be taken by the United States for the public use in connection with any improvement of rivers, harbors, canals, or waterways of the United States, and in all condemnation proceedings by the United States to acquire lands or easements for such improvements, where a part only of any such parcel, lot, or tract of land shall be taken, the jury or other tribunal awarding the just compensation or assessing the damages to the owner, whether for the value of the part taken or for any injury to the part not taken, shall take into consideration by way of reducing the amount of compensation or damages any special and direct benefits to the remainder arising from the improvement, and shall render their award or verdict accordingly.

(July 18, 1918, ch. 155, §6, 40 Stat. 911.)

§ 595a. Compensation for taking or condemnation of property for public improvements; fair market value; partial taking; effective date

In all cases where real property shall be taken by the United States for the public use in connection with any improvement of rivers, harbors, canals, or waterways of the United States, and in all condemnation proceedings by the United States to acquire lands or easements for such improvements, the compensation to be paid for real property taken by the United States above the normal high water mark of navigable waters of the United States shall be the fair market value of such real property based upon all uses to which such real property may reasonably be put, including its highest and best use, any of which uses may be dependent upon access to or utilization of such navigable waters. In cases of partial takings of real property, no depreciation in the value of any remaining real property shall be recognized and no compensation shall be paid for any damages to such remaining real property which result from loss of or reduction of access from such remaining real property to such navigable waters because of the taking of real property or the purposes for which such real property is taken. The compensation defined herein shall apply to all acquisitions of real property after December 31, 1970, and to the determination of just compensation in any condemnation suit pending on December 31, 1970.
Title 42, The Public Health and Welfare.

Section, Pub. L. 86–645, title III, § 301, July 14, 1960, 74 Stat. 502, declared the policy of Congress with respect to payment of just and reasonable consideration to owners and tenants whose property is acquired for public works projects and payment of a purchase price in negotiation for such property which will consider such congressional policy. See provisions of Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, classified to chapter 61 (§ 4601 et seq.) of Title 42, The Public Health and Welfare.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal not applicable to any State so long as sections 4630 and 4655 of title 42 are not applicable in such State; but such sections completely applicable to all States after July 1, 1972, but until such date applicable to a State to extent the State is able under its laws to comply with such sections, see section 221 of Pub. L. 91–646, set out as an Effective Date note under section 4601 of Title 42, The Public Health and Welfare.

Savings Provision

Any rights or liabilities existing under provisions repealed by section 306 of Pub. L. 91–646 as not affected by such repeal, see section 306 of Pub. L. 91–646, set out in part as a Savings Provision note under section 4651 of Title 42, The Public Health and Welfare.

§ 597. Acquisition of lands for water resource development projects; information as to probable timing for acquisition; public meetings; regulations

Within six months after the date that Congress authorizes construction of a water resource development project under the jurisdiction of the Secretary of the Army, the Corps of Engineers shall make reasonable effort to advise owners and occupants in and adjacent to the project area as to the probable timing for the acquisition of lands for the project and for incidental rights-of-way, relocations, and any other requirements affecting owners and occupants. Within a reasonable time after initial appropriations are made for land acquisition or construction, including relocations, the Corps of Engineers shall conduct public meetings at locations convenient to owners and tenants to be displaced by the project in order to advise them of the proposed plans for acquisition and to afford them an opportunity to comment. To carry out the provisions of this section, the Chief of Engineers shall issue regulations to provide, among other things, dissemination of the following information to those affected: (1) factors considered in making the appraisals; (2) desire to purchase property without going to court; (3) legal right to submit to condemnation proceedings; (4) payments for moving expenses or other losses not covered by appraisal market value; (5) occupancy during construction; (6) removal of improvements; (7) payments required from occupants of Government acquired land; (8) withdrawals by owners of deposits made in court by Government, and (9) use of land by owner when easement is acquired. The provisions of this section shall not subject the United States to any liability nor affect the validity of any acquisitions by purchase or condemnation and shall be exempt from the operations of subchapter II of chapter 5, and chapter 7, of title 5.

Editorial Notes

Codification

“Subchapter II of chapter 5, and chapter 7, of title 5” substituted in text for “the Administrative Procedure Act of June 11, 1946, as amended” on authority of Pub. L. 89–554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

Statutory Notes and Related Subsidiaries

Short Title

§ 598. Resettlement of displaced families, individuals, and business concerns

(a) Acquisition of land; condemnation expenses; bond

Whenever any State, or any agency or instrumentality of a State or local government, or any nonprofit incorporated body organized or chartered under the law of the State in which it is located, or any nonprofit association or combination of such bodies, agencies or instrumentality, shall undertake to secure any lands or interests therein as a site for the resettlement of families, individuals, and business concerns displaced by a river and harbor improvement, flood control or other water resource project duly authorized by Congress, and when it has been determined by the Secretary of the Army that the State is unable to acquire necessary lands or interests in lands or is unable to acquire such lands or interests in lands with sufficient promptness, the Secretary, upon the request of the Governor of the State in which such site is located, and after consultation with appropriate Federal, State, interstate, regional, and local departments and agencies, is authorized, in the name of the United States and prior to the approval of the project by the Attorney General, to acquire, enter upon, and take possession of such lands or interests in lands by purchase, donation, condemnation or otherwise in accordance with the laws of the United States (including sections 3114–3116 and 3118 of title 40). All expenses of said acquisition and any award that may be made under a condemnation proceeding, including costs of examination and abstract of title, certificate of title, appraisal, advertising, and any fees incident to acquisition, shall be paid by such State or body, agency, or instrumentality. The State, agency, instrumentality, or nonprofit body may repay such amounts from any funds made available to it for such purposes by any Federal department, agency, or instrumentality (other than the Department of the Army) having authority to make funds available for such a purpose. Pending such payment, the Secretary may expend from any funds hereafter
appropriated for the project occasioning such acquisition such sums as may be necessary to carry out this section. To secure payment, the Secretary may require any such State or agency, body, or instrumentality to execute a proper bond in such amount as he may deem necessary before acquisition is commenced. Any sums paid to the Secretary by any such State or agency, body or instrumentality shall be deposited in the Treasury to the credit of the appropriation for such project.

(b) Acquisition provisions

No acquisition shall be undertaken under the authority of this section unless the Secretary has determined, after consultation with appropriate Federal, State, and local governmental agencies that (1) the development of a site is necessary in order to alleviate hardships to displaced persons; (2) the location of the site is suitable for development in relation to present or potential sources of employment; and (3) a plan for development of the site has been approved by appropriate local governmental authorities in the area or community in which such site is located.

(c) Conveyance to State, public or private nonprofit body

The Secretary is further authorized and directed by proper deed, executed in the name of the United States, to convey any lands or interests in land acquired in any State under the provisions of this section, to the State, or such public or private nonprofit body, agency, or institution in the State as the Governor may prescribe, upon such terms and conditions as may be agreed upon by the Secretary, the Governor, and the agency to which the conveyance is to be made.

Editorial Notes

CODIFICATION

§ 598a. Property acquisition

(a) In general

In acquiring an interest in land, or requiring a non-Federal interest to acquire an interest in land, the Secretary shall, in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 [42 U.S.C. 4601 et seq.], first consider the minimum interest in real property necessary to support the water resources development project for which such interest is acquired.

(b) Determination

In determining an interest in land under subsection (a), the Secretary shall first consider a temporary easement or other interest designed to reduce the overall cost of the water resources development project for which such interest is acquired, reduce the time to complete such project, and minimize conflict with property owners related to such project.

(c) Procedures used in State

In carrying out subsection (a), the Secretary shall consider, with respect to a State, the procedures that the State uses to acquire, or require the acquisition of, interests in land, to the extent that such procedures are generally consistent with the goals of a project or action.

Statutory Notes and Related Subsidiaries

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115–270, set out as a note under section 2201 of this title.

SUBCHAPTER IV—PARTICULAR WORK OR IMPROVEMENTS

§ 601. Mississippi River; regulation of reservoirs at headwaters

It shall be the duty of the Secretary of the Army to prescribe such rules and regulations in respect to the use and administration of the reservoirs at the headwaters of the Mississippi River as in his judgment the public interest and necessity may require; which rules and regulations shall be posted in some conspicuous place or places for the information of the public. And any person knowingly and willfully violating such rules and regulations shall be liable to a fine not exceeding $500, or imprisonment, not exceeding six months, the same to be enforced by prosecution in any district court of the United States within whose territorial jurisdiction such offense may have been committed. And the Secretary of the Army shall cause such gaugings to be made at or near Saint Paul during the annual operation of said reservoirs as shall determine accurately the discharge at that point, the cost of same to be paid out of the annual appropriation for gauging the waters of the Mississippi River and its tributaries.

Editorial Notes

CODIFICATION

Section is from act Aug. 11, 1888, the River and Harbor Appropriation Act of 1888.

In the original text the words “said reservoirs” appeared instead of “reservoirs at the headwaters of the Mississippi river.” The provision from which this section is derived, however, followed an appropriation “for continuing operations upon the reservoirs at the headwaters of the Mississippi river.”
§ 602. Maintenance of channel of South Pass of Mississippi River

Upon the termination of the contract entered into with the late James B. Eads for the maintenance of the channel through the South Pass of the Mississippi River, the Secretary of the Army is directed to take charge of said channel, including the jetties, and all auxiliary works connected therewith, and thereafter to maintain with the utmost efficiency said South Pass Channel; and for that purpose he is authorized to draw his warrants from time to time on the Treasurer of the United States, until otherwise provided for by law, for such sums of money as may be necessary, not to exceed in the aggregate for any one year $100,000. For that purpose any available Government dredge may be used. For the purpose of securing the uninterrupted examinations and surveys of the South Pass of the Mississippi River, the Secretary of the Army, upon the application of the Chief of Engineers, is authorized to draw his warrant or requisition from time to time upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of $10,000.

§ 603a. Removal of snags and debris, and straightening, clearing, and protecting channels in navigable waters

The Secretary of the Army is authorized to allot not to exceed $5,000,000 from any appropriations made prior to or after March 2, 1945, for any one fiscal year for improvement of rivers and harbors, for removing accumulated snags, obstructions, and other debris located in or adjacent to a Federal channel, and for protecting, clearing, and straightening channels in navigable harbors and navigable streams and tributaries thereof, when in the opinion of the Chief of Engineers such work is advisable in the interest of navigation, flood control, or recreation.

§ 604. Removal of snags, etc., from Mississippi River

For the purpose of removing snags, wrecks, and other obstructions in the Mississippi River, the Atchafalaya and Old Rivers from the junction with the Mississippi and Red Rivers down the Atchafalaya River as far down as Melville, Louisiana, the Secretary of the Army, upon the application of the Chief of Engineers, is authorized to draw his warrant or requisition from time to time upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of $100,000.

Editorial Notes

CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1888, as affected by act Mar. 3, 1909. Act Mar. 3, 1909, made the provisions of act Aug. 11, 1888, for the removal of snags applicable to the Atchafalaya and Old Rivers from the junction with the Mississippi and Red Rivers down the Atchafalaya River as far as Melville, Louisiana.

Section 7 of act Aug. 11, 1888, provided for "securing the uninterrupted work of operating snag boats on the upper Mississippi River" as well as for the removal of snags. The provision for operating snag boats is set out as section 605 of this title.

The words "the sum of $100,000" are substituted for "the amounts appropriated in this act for such purposes." An appropriation of $100,000 for removal of snags is contained in section 1 of the act.

AMENDMENTS

1954—Act Aug. 30, 1954, repealed proviso requiring that an itemized statement of expenses incurred in the removal of snags, etc., as provided in this section, should accompany the annual report of the Chief of Engineers.
§605a. Mississippi River forecasting improvements

(1) In general
The Secretary, in consultation with the Secretary of the department in which the Coast Guard is operating, the Director of the United States Geological Survey, the Administrator of the National Oceanic and Atmospheric Administration, and the Director of the National Weather Service, as applicable, shall improve forecasting on the Mississippi River by—

(A) updating forecasting technology deployed on the Mississippi River and its tributaries through—

(i) the construction of additional automated river gages;

(ii) the rehabilitation of existing automated and manual river gages; and

(iii) the replacement of manual river gages with automated gages, as the Secretary determines to be necessary;

(B) constructing additional sedimentation ranges on the Mississippi River and its tributaries; and

(C) deploying additional automatic identification system base stations at river gage sites.

(2) Prioritization
In carrying out this section, the Secretary shall prioritize the sections of the Mississippi River on which additional and more reliable information would have the greatest impact on maintaining navigation on the Mississippi River.

(3) Report
Not later than 1 year after June 10, 2014, the Secretary shall submit to Congress and make publicly available a report on the activities carried out by the Secretary under this section.

§606. Removal of snags, and so forth, from Ohio River
For the purpose of securing the uninterrupted work of operating snag boats on the Ohio River and removing snags, wrecks, and other obstructions in said river, the Secretary of the Army, upon the application of the Chief of Engineers, is authorized to draw his warrant or requisition from time to time upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of $50,000.

lotted by the Secretary of the Army for the maintenance of these waterways by the collection and removal of drift.

Editorial Notes
Codification
Section is from act Aug. 8, 1917, the Rivers and Harbors Appropriation Act of 1917.

Statutory Notes and Related Subsidiaries
CHANGE OF NAME
Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 33 of act Aug. 10, 1956, ch. 414, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 609. Sluices and other work in dams for development of water power

In order to make possible the economical future development of water power, the Secretary of the Army, upon recommendation of the Chief of Engineers, is authorized, in his discretion, to provide in the permanent parts of any dam authorized at any time by Congress for the improvement of navigation such foundations, sluices, and other works, as may be considered desirable for the future development of its water power.

Editorial Notes
Codification
Section is from act July 25, 1912, the Rivers and Harbors Appropriation Act of 1912.

Statutory Notes and Related Subsidiaries
CHANGE OF NAME
Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 33 of act Aug. 10, 1956, ch. 414, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 610. Control of aquatic plant growths and invasive species

(a) In general

(1) In general

There is hereby authorized a comprehensive program to provide for prevention, control, and progressive eradication of noxious aquatic plant growths and aquatic invasive species from the navigable waters, tributary streams, connecting channels, and other allied waters of the United States, in the combined interest of navigation, flood control, drainage, agricultural, fish and wildlife conservation, public health, and related purposes, including continued research for development of the most effective and economic control measures, to be administered by the Chief of Engineers, under the direction of the Secretary of the Army, in cooperation with other Federal and State agencies.

(2) Local interests

Local interests shall agree to hold and save the United States free from claims that may occur from control operations and to participate to the extent of 30 per centum of the cost of such operations.

(3) Federal costs

Costs for research and planning undertaken pursuant to the authorities of this section
shall be borne fully by the Federal Government.

(b) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out this section (except for subsections (f) and (g)) $130,000,000 for each fiscal year, of which—

(A) $30,000,000 shall be made available to carry out subsection (d)(1)(A); (B) $30,000,000 shall be made available to carry out subsection (d)(1)(A)(i); (C) $30,000,000 shall be made available to carry out subsection (d)(1)(A)(ii); (D) $30,000,000 shall be made available to carry out subsection (d)(1)(A)(iv); and (E) $10,000,000 shall be made available to carry out subsection (d)(1)(A)(v).

(2) Other programs

(A) In general

There are authorized to be appropriated—

(i) $20,000,000 for each of fiscal years 2021 through 2024 to carry out subsection (f); and
(ii) $50,000,000 for each of fiscal years 2021 through 2024 to carry out subsection (g)(2).

(B) Invasive plant species pilot program

There is authorized to be appropriated to the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, $10,000,000 to carry out subsection (g)(3).

(3) Control operations

Any funds made available under paragraph (1) or (2)(A) to be used for control operations shall be allocated by the Chief of Engineers on a priority basis, based on the urgency and need of each area and the availability of local funds.

(c) Support

In carrying out the program under this section, the Secretary is encouraged to use contracts, cooperative agreements, and grants with colleges and universities and other non-Federal entities.

(d) Watercraft inspection and Decontamination stations

(1) In general

(A) Watercraft inspection and decontamination stations

In carrying out this section, the Secretary shall establish (as applicable), operate, and maintain new or existing watercraft inspection and decontamination stations—

(i) to protect the Columbia River Basin; (ii) to protect the Upper Missouri River Basin; (iii) to protect the Upper Colorado River Basin and the South Platte and Arkansas River Basins; (iv) to protect the Russian River Basin, California; and (v) to protect basins and watersheds that adjoin an international border between the United States and Canada.

(B) Locations

The Secretary shall place watercraft inspection and decontamination stations under subparagraph (A) at locations with the highest likelihood of preventing the spread of aquatic invasive species into and out of waters of the United States, as determined by the Secretary in consultation with the Governors and entities described in paragraph (3).

(C) Rapid response

The Secretary shall assist States within the areas described in subparagraph (A) with rapid response to any aquatic invasive species, including quagga or zebra mussel, infestation.

(2) Cost share

The non-Federal share of the cost of constructing, operating, and maintaining watercraft inspection and decontamination stations described in paragraph (1) (including personnel costs) shall be—

(A) 50 percent; and
(B) provided by the State or local governmental entity in which such inspection station is located.

(3) Coordination

In carrying out this subsection, the Secretary shall consult and coordinate with—

(A) the Governors of the States within the areas described in each of clauses (i) through (v) of paragraph (1)(A), as applicable; (B) Indian tribes; and (C) other Federal agencies, including—

(i) the Department of Agriculture; (ii) the Department of Energy; (iii) the Department of Homeland Security; (iv) the Department of Commerce; and (v) the Department of the Interior.

(e) Monitoring and contingency planning

In carrying out this section, the Secretary may—

(1) carry out risk assessments of water resources facilities; (2) monitor for aquatic invasive species; (3) assist States in early detection of aquatic invasive species, including quagga and zebra mussels; and (4) monitor water quality, including sediment cores and fish tissue samples.

(f) Invasive species management pilot program

(1) Definition of invasive species

In this subsection, the term “invasive species” has the meaning given the term in section 1 of Executive Order 12312 (64 Fed. Reg. 6183; relating to invasive species (February 3, 1999)) (as amended by section 2 of Executive Order 13751 (81 Fed. Reg. 88609; relating to safeguarding the Nation from the impacts of invasive species (December 5, 2016))).

(2) Development of plans

The Secretary, in coordination with the Aquatic Nuisance Species Task Force, shall carry out a pilot program under which the Secretary shall collaborate with States in the Upper Missouri River Basin in developing voluntary aquatic invasive species management plans to mitigate the effects of invasive species on public infrastructure facilities located...
§ 610

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Page 152

on reservoirs of the Corps of Engineers in those States.

(3) Management plan

(A) In general

The Secretary, in consultation with the Governor of each State in the Upper Missouri River Basin that elects to participate in the pilot program, shall prepare a management plan, or update or expand an existing plan, for each participating State that identifies public infrastructure facilities located on reservoirs of the Corps of Engineers in those States that—

(i) are affected by aquatic invasive species; and

(ii) need financial and technical assistance in order to maintain operations.

(B) Use of existing plans

In developing a management plan under subparagraph (A), the Secretary shall consider a management plan submitted by a participating State under section 4724(a) of title 16.

(4) Termination of authority

The authority provided under this subsection shall terminate on September 30, 2024.

(g) Invasive species prevention, control, and eradication

(1) Definition of invasive species

In this subsection, the term “invasive species” has the meaning given the term in section 5304 of title 25; and

(ii) Invasive plant species

The term “invasive plant species” means a plant that is nonnative to the ecosystem under consideration, the introduction of which causes or is likely to cause economic harm or harm to human health.

(B) Pilot program

The Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, shall establish a pilot program under which such Secretary shall work with eligible entities to carry out activities—

(i) to remove invasive plant species in riparian areas that contribute to drought conditions in—

(I) the Lower Colorado River Basin;

(II) the Rio Grande River Basin;

(III) the Texas Gulf Coast Basin; and

(IV) the Arkansas-White-Red Basin;

(ii) where appropriate, to replace the invasive plant species described in clause (i) with ecologically suitable native species; and

(iii) to maintain and monitor riparian areas in which activities are carried out under clauses (i) and (ii).

(C) Report to Congress

Not later than 18 months after December 27, 2020, the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report describing the implementation of the pilot program.

(D) Termination of authority

The authority provided under this paragraph shall terminate on September 30, 2024.

(4) Cost share

The Federal share of an action carried out under a partnership under paragraph (2) or an activity carried out under the pilot program under paragraph (3) shall not exceed 80 percent of the total cost of the action or activity.

and (g)(1), is set out as a note under section 4321 of Title 42, The Public Health and Welfare.

AMENDMENTS

2020—Subsec. (b)(1). Pub. L. 116–260, § 505(1)(A)(i), substituted “section (except for subsections (f) and (g)) $130,000,000” for “this section $110,000,000” in introductory provisions.

Subsec. (b)(3). Pub. L. 116–260, § 505(1)(B), (D), redesignated par. (2) as (3) and inserted “or (2)(A)” after “paragraph (1)”.

Subsec. (d)(1)(B). Pub. L. 116–260, § 505(2)(B)(ii), added subpar. (B) and struck out former subpar. (B). Prior to amendment, text read as follows: “The Secretary shall establish watercraft inspection stations under subparagraph (A) at locations with the highest likelihood of preventing the spread of aquatic invasive species at reservoirs operated and maintained by the Secretary, as determined by the Secretary in consultation with States within the areas described in subparagraph (A).”

Subsec. (f)(1)(g). Pub. L. 116–260, § 505(3), added subsecs. (f) and (g).

2018—Subsec. (b). Pub. L. 115–270, § 1170(1), amended subsec. (g) generally. Prior to amendment, text read as follows: “There are authorized to be appropriated such amounts, not in excess of $40,000,000, of which $20,000,000 shall be made available to implement subsection (d), annually, as may be necessary to carry out the provisions of this section. Any such funds employed for control operations shall be allocated by the Chief of Engineers on a priority basis, based upon the urgency and need of each area, and the availability of local funds.”

Subsec. (d)(1). Pub. L. 115–270, § 1170(2)(A), amended par. (1) generally. Prior to amendment, text read as follows: “In carrying out this section, the Secretary shall establish, operate, and maintain new or existing watercraft inspection stations to protect the Columbia River Basin to be located in the States of Idaho, Montana, Oregon, and Washington at locations, as determined by the Secretary in consultation with such States, with the highest likelihood of preventing the spread of aquatic invasive species at reservoirs operated and maintained by the Secretary. The Secretary shall also assist the States referred to in this paragraph with rapid response to any aquatic invasive species, including quagga or zebra mussel, infestation.”

2016—Subsec. (d)(1). Pub. L. 114–322, § 1178(b)(1)(A), added par. (1) and struck out former par. (1). Prior to amendment, text read as follows: “In carrying out this section, the Secretary may establish watercraft inspection stations in the Columbia River Basin to be located in the States of Idaho, Montana, Oregon, and Washington at locations, as determined by the Secretary, with the highest likelihood of preventing the spread of aquatic invasive species at reservoirs operated and maintained by the Secretary.”

Subsec. (e)(3). Pub. L. 114–322, § 1178(b)(2), added par. (3) and struck out former par. (3) which read as follows: “establish watershed-wide plans for expedited response to an infestation of aquatic invasive species; and”

Pub. L. 113–121, § 1039(d)(1)(D)(i), which directed substitution of “prevention, control, and progressive” for “control and progressive,”, was executed by making the substitution for “control and progressive” to reflect the probable intent of Congress.

Subsec. (b). Pub. L. 113–121, § 1039(d)(2), substituted “$40,000,000, of which $20,000,000 shall be made available to implement subsection (d), annually” for “$15,000,000 annually”.

Subsec. (d), (e). Pub. L. 113–121, § 1039(d)(3), added subsecs. (d) and (e).

Subsec. (b). Pub. L. 106–53, § 205(2), substituted “$15,000,000” for “$12,000,000” in first sentence.

1995—Subsec. (b). Pub. L. 99–662 substituted “$12,000,000” for “$10,000,000”.

1983—Subsec. (b). Pub. L. 96–63 substituted “$10,000,000” for “$5,000,000”.

1965—Subsec. (a). Pub. L. 89–298 designated part of existing provisions as subsec. (a), substituting “comprehensive program” and “other allied waters of the United States” for “comprehensive project” and “other rivers of the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, and Texas”, respectively, providing for control and eradication of Eurasian water milfoil, and striking out “in accordance with the report of the Chief of Engineers, published as House Document Numbered 37, Eighty-fifth Congress” after “Federal and State agencies”.

Subsec. (b). Pub. L. 89–298 designated part of existing provisions as subsec. (b), substituting the appropriations authorization of $5,000,000 annually as first sentence for former provisions which authorized “an estimated additional cost for the expanded program over that now underway of $1,350,000 annually for five years, of which 70 per centum, presently estimated at $945,000, shall be borne by the United States and 30 per centum, of which 70 per centum, presently estimated at $365,000, by local interests” and incorporating former second proviso in second sentence.

Statutory Notes and Related Subsidiaries

HARMFUL ALGAL BLOOM DEMONSTRATION PROGRAM

“(a) IN GENERAL.—The Secretary [of the Army] shall carry out a demonstration program to determine the causes of, and implement measures to effectively de-
sect, prevent, treat, and eliminate, harmful algal blooms associated with water resources development projects.

“(b) CONSULTATION; USE OF EXISTING DATA AND PROGRAM AUTHORITIES.—In carrying out the demonstration program under subsection (a), the Secretary shall—

“(1) consult with the heads of appropriate Federal and State agencies; and

“(2) make maximum use of existing Federal and State data and ongoing programs and activities of Federal and State agencies, including the activities of the Secretary carried out through the Engineer Research and Development Center pursuant to section 1109 of the Water Resources Development Act of 2018 (Pub. L. 115–270) (33 U.S.C. 610 note).

“(c) FOCUS AREAS.—In carrying out the demonstration program under subsection (a), the Secretary shall undertake program activities related to harmful algal blooms in the Great Lakes, the tidal and inland waters of the State of New Jersey, the coastal and tidal waters of the State of Louisiana, the waterways of the counties that comprise the Sacramento-San Joaquin Delta, California, the Allegheny Reservoir Watershed, New York, and Lake Okeechobee, Florida.

“(d) ADDITIONAL FOCUS AREAS.—In addition to the areas described in subsection (c), in carrying out the demonstration program under subsection (a), the Secretary shall undertake program activities related to harmful algal blooms at any Federal reservoir located in the Upper Missouri River Basin or the North Platte River Basin, at the request and expense of another Federal agency.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary $25,000,000 to carry out this section. Such sums shall remain available until expended.”

**UPDATE ON INVASIVE SPECIES POLICY GUIDANCE**

“(a) IN GENERAL.—The Secretary [of the Army] shall periodically update the Invasive Species Policy Guidance, developed under section 104 of the River and Harbor Act of 1958 (33 U.S.C. 610) and the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (16 U.S.C. 4701 et seq.), in accordance with the most recent National Invasive Species Council Management Plan developed pursuant to Executive Order 13112 (42 U.S.C. 6221 note).

“(b) INCLUSION.—The Secretary may include in the updated guidance invasive species specific efforts at federally authorized water resources development projects located in—

“(1) high-altitude lakes; and

“(2) the Tennessee and Cumberland River basins.

**TERRESTRIAL NOXIOUS WEED CONTROL PILOT PROGRAM**

“(a) IN GENERAL.—The Secretary [of the Army] shall carry out a pilot program, in consultation with the Federal Interagency Committee for the Management of Noxious and Exotic Weeds, to identify and develop new and improved strategies for terrestrial noxious weed control on Federal land under the jurisdiction of the Secretary.

“(b) PARTNERSHIPS.—In carrying out the pilot program under subsection (a), the Secretary shall act in partnership with such other individuals and entities as the Secretary determines to be appropriate.

“(c) COOPERATIVE AGREEMENTS.—The Secretary may utilize cooperative agreements with county and State agencies for the implementation of the pilot program under subsection (a).

“(d) REPORT TO CONGRESS.—Not later than 2 years after the date of enactment of this Act [Dec. 27, 2020], the Secretary shall provide to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report describing the new and improved strategies developed through the pilot program under subsection (a).”

**ASIAN CARP PREVENTION AND CONTROL PILOT PROGRAM**

Pub. L. 116–260, div. AA, title V, § 509(a), Dec. 27, 2020, 134 Stat. 2750, provided that:

“(a) CORPS OF ENGINEERS ASIAN CARP PREVENTION PILOT PROGRAM.—

“(1) IN GENERAL.—The [Secretary [of the Army]], in conjunction with the Tennessee Valley Authority and other relevant Federal agencies, shall carry out an Asian carp prevention pilot program to carry out projects to manage and prevent the spread of Asian carp using innovative technologies, methods, and measures.

“(2) PROJECT SELECTION.—

“(A) LOCATION.—Each project under the pilot program shall be carried out in a river system or reservoir in the Cumberland River Watershed or Tennessee River Watershed in which Asian carp populations are expanding or have been documented.

“(B) CONSULTATION.—In selecting projects to carry out under the pilot program, the Secretary shall consult with—

“(i) applicable Federal, State, and local agencies;

“(ii) institutions of higher education; and

“(iii) relevant private organizations, including nonprofit organizations.

“(C) LIMITATIONS.—

“(i) NUMBER OF PROJECTS.—The Secretary may select not more than 10 projects to carry out under the pilot program.

“(ii) DEADLINE.—Not later than September 30, 2024, the Secretary shall complete projects selected to be carried out under the pilot program.

“(3) BEST PRACTICES.—In carrying out the pilot program, to the maximum extent practicable, the Secretary shall consider existing best practices, such as those described in the document of the Asian Carp Working Group of the Aquatic Nuisance Species Task Force entitled ‘Management and Control Plan for Bighead, Black, Grass, and Silver Carps in the United States’ and dated November 2007.

“(4) COST-SHARE.—

“(A) IN GENERAL.—The Federal share of the costs of a project carried out under the program may not exceed 75 percent of the total costs of the project.

“(B) OPERATION, MAINTENANCE, REHABILITATION, AND REPAIR.—After the completion of a project under the pilot program, the Federal share of the costs for operation, maintenance, rehabilitation, and repair of the project shall be 100 percent.

“(5) MEMORANDUM OF AGREEMENT.—For projects carried out in reservoirs owned or managed by the Tennessee Valley Authority, the Secretary and the Tennessee Valley Authority shall execute a memorandum of agreement establishing the framework for a partnership and the terms and conditions for sharing expertise and resources.

“(6) PAYMENTS.—The Secretary is authorized to accept and expend funds from the Tennessee Valley Authority to complete any work under this section at a reservoir owned or managed by the Tennessee Valley Authority.

“(7) REPORT.—Not later than 2 years after the date of enactment of this Act [Dec. 27, 2020], and 2 years thereafter, the Secretary shall submit to Congress a report describing the results of the pilot program, including an analysis of the effectiveness of the innovative technologies, methods, and measures used in projects carried out under the pilot program at preventing the spread, or managing the eradicating of, Asian carp.

“(8) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection $25,000,000, to remain available until expended.”
HARMFUL ALGAL BLOOM TECHNOLOGY DEMONSTRATION

Pub. L. 115–270, title I, §1109, Oct. 23, 2018, 132 Stat. 3774, provided that:

“(a) IN GENERAL.—The Secretary of the Army, acting through the Engineer Research and Development Center, shall implement a 5-year harmful algal bloom technology development demonstration program under the Aquatic Nuisance Research Program. To the extent practicable, the Secretary shall support research that will identify and develop improved strategies for early detection, prevention, and management techniques and procedures to reduce the occurrence and effects of harmful algal blooms in the Nation’s water resources.

“(b) SCALABILITY REQUIREMENT.—The Secretary shall ensure that technologies identified, tested, and deployed under the harmful algal bloom technology development demonstration program have the ability to scale up to meet the needs of harmful-algal-bloom-related events.”

SUBCHAPTER V—PROSECUTION OF WORK GENERALLY

§ 621. By what methods river and harbor work may be authorized to be prosecuted

Any public work on canals, rivers, and harbors adopted by Congress may be prosecuted by direct appropriations, by continuing contracts, or by both direct appropriations and continuing contracts.

(Sept. 22, 1922, ch. 427, §10, 42 Stat. 1043.)

Editorial Notes

CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1922.

§ 622. Contracts, etc., with private industry for implementation of projects for improvements and dredging; reduction of federally owned fleet

(a) Contracts for dredging and related work

The Secretary of the Army, acting through the Chief of Engineers (hereinafter referred to as the “Secretary”), in carrying out projects for improvement of rivers and harbors (other than surveys, estimates, and gagings) shall, by contract or otherwise, carry out such work in the manner most economical and advantageous to the United States. The Secretary shall have the capability to do such work and it can be done at reasonable prices and in a timely manner. During the four-year period which begins on April 26, 1978, the Secretary may limit the application of the second sentence of this subsection for work for which the federally owned fleet is available to achieve an orderly transition to full implementation of this subsection.

(b) Reduction of federally owned fleet

As private industry reasonably demonstrates its capability under subsection (a) to perform the work done by the federally owned fleet, at reasonable prices and in a timely manner, the federally owned fleet shall be reduced in an orderly manner, as determined by the Secretary, by retirement of plant. To carry out emergency and national defense work the Secretary shall retain only the minimum federally owned fleet capable of performing such work and he may exempt from the provisions of this section such amount of work as he determines to be reasonably necessary to keep such fleet fully operational, as determined by the Secretary, after the minimum fleet requirements have been determined. Notwithstanding the preceding sentence, in carrying out the reduction of the federally owned fleet, the Secretary may retain so much of the federally owned fleet as he determines necessary, for so long as he determines necessary, to assure the capability of the Federal Government and private industry together to carry out projects for improvements of rivers and harbors. For the purpose of making the determination required by the preceding sentence the Secretary shall not exempt any work from the requirements of this section. The minimum federally owned fleet shall be maintained to technologically modern and efficient standards, including replacement as necessary. The Secretary is authorized and directed to undertake a study to determine the minimum federally owned fleet required to perform emergency and national defense work. The study, which shall be submitted to Congress within two years after April 26, 1978, shall also include preservation of employee rights of persons presently employed on the existing federally owned fleet.

(c) Program to increase use of private hopper dredges

(1) Initiation

The Secretary shall initiate a program to increase the use of private-industry hopper dredges for the construction and maintenance of Federal navigation channels.

(2) Ready reserve status for hopper dredge Wheeler

In order to carry out this subsection, the Secretary shall place the Federal hopper dredge Wheeler in a ready reserve status not later than the earlier of 90 days after the date of completion of the rehabilitation of the hopper dredge McFarland pursuant to section 563 of the Water Resources Development Act of 1996 or October 1, 1997.

(3) Testing and use of ready reserve hopper dredge

The Secretary may periodically perform routine tests of the equipment of the vessel placed in a ready reserve status under paragraph (2) to ensure the vessel’s ability to perform emergency work. The Secretary shall not assign any scheduled hopper dredging work to such vessel but shall perform any repairs needed to maintain the vessel in a fully operational condition. The Secretary may place the vessel in active status in order to perform any dredging work only if the Secretary determines that private industry has failed to submit a responsive and responsible bid for work advertised by the Secretary or to carry out the project as required pursuant to a contract with the Secretary.

(4) Repair and rehabilitation

The Secretary may undertake any repair and rehabilitation of any Federal hopper dredge, including the vessel placed in ready re-
The Secretary shall develop and implement procedures to ensure that, to the maximum extent practicable, private industry hopper dredge capacity is available to meet both routine and time-sensitive dredging needs. Such procedures shall include—

(A) scheduling of contract solicitations to effectively distribute dredging work throughout the dredging season; and

(B) use of expedited contracting procedures to allow dredges performing routine work to be made available to meet time-sensitive, urgent, or emergency dredging needs.

(6) Report

Not later than 2 years after October 12, 1996, the Secretary shall report to Congress on whether the vessel placed in ready reserve status under paragraph (2) is needed to be returned to active status or continued in a ready reserve status or whether another Federal hopper dredge should be placed in a ready reserve status.

(7) Limitations

(A) Reductions in status

The Secretary may not further reduce the readiness status of any Federal hopper dredge below a ready reserve status except any vessel placed in such status for not less than 5 years that the Secretary determines has not been used sufficiently to justify retaining the vessel in such status.

(B) Increase in assignments of dredging work

For each fiscal year beginning after October 12, 1996, the Secretary shall not assign any greater quantity of dredging work to any Federal hopper dredge in active status than was assigned to that vessel in the average of the 3 prior fiscal years. This subparagraph shall not apply to the Federal hopper dredges Essayons and Yaquina of the Corps of Engineers.

(C) Remaining dredges

In carrying out the program under this section, the Secretary shall not reduce the availability and utilization of Federal hopper dredge vessels stationed on the Pacific and Atlantic coasts below that which occurred in fiscal year 1996 to meet the navigation dredging needs of the ports on those coasts.

(8) Contracts; payment of capital costs

The Secretary may enter into a contract for the maintenance and crewing of any Federal hopper dredge retained in a ready reserve status. The capital costs (including depreciation costs) of any dredge retained in such status shall be paid for out of funds made available from the Harbor Maintenance Trust Fund and shall not be charged against the Corps of Engineers’ Revolving Fund Account or any individual project cost unless the dredge is specifically used in connection with that project.

§ 624. Limitation on improvement work by private contract

(a) Determinations respecting comparison of private contract price with estimation of cost of performance of work by Government plant or by well-equipped contractor

No works of river and harbor improvement shall be done by private contract—
(1) if the Secretary of the Army, acting through the Chief of Engineers, determines that Government plant is reasonably available to perform the work and the contract price for doing the work is more than 25 per centum in excess of the estimated comparable cost of doing the work by Government plant; or
(2) in any other circumstance where the Secretary of the Army, acting through the Chief of Engineers, determines that the contract price is more than 25 per centum in excess of what he determines to be a fair and reasonable estimated cost of a well-equipped contractor doing the work.

(b) Considerations involved in determinations of estimation of cost of performance of work by Government plant

In estimating the comparable cost of doing the work under subsection (a)(1) by Government plant the Secretary of the Army, acting through the Chief of Engineers shall, in addition to the cost of labor and materials, take into account proper charges for depreciation of plant, all supervising and overhead expenses, interest on the capital invested in the Government plant (but the rate of interest shall not exceed the maximum prevailing rate being paid by the United States on current issues of bonds or other evidences of indebtedness) and such other Government expenses and charges as the Chief of Engineers determines to be appropriate.

(c) Considerations involved in determinations of estimation of cost of performance of work by well-equipped contractor

In determining a fair and reasonable estimated cost of doing work by private contract under subsection (a)(2), the Secretary of the Army, acting through the Chief of Engineers, shall, in addition to the cost of labor and materials, take into account proper charges for depreciation of plant, all expenses for supervision, overhead, workmen’s compensation, general liability insurance, taxes (State and local), interest on capital invested in plant, and such other expenses and charges the Secretary of the Army, acting through the Chief of Engineers, determines to be appropriate.

(1919–Pub. L. 61–65, § 626, Applications of appropriation when separate works are included therein.

§ 627. Application of appropriation when separate works are included therein

Where separate works or items are consolidated in River and Harbor Acts and an aggregate amount is appropriated therefore, any balances remaining to the credit of the separate works or items may be transferred to the credit of the corresponding aggregate amounts appropriated for the consolidated items, and the amounts appropriated or transferred shall, unless otherwise expressed, be expended in securing maintenance and improvement according to the respective projects adopted by Congress, after giving due regard to the respective needs of traffic. The allotments to the respective works consolidated shall be made by the Secretary of the Army.
upon recommendations by the Chief of Engineers. In case such works or items are consolidated and separate amounts are given with each project, the amounts so named shall be expended upon such separate projects unless, in the discretion of the Secretary of War, another allotment or division should be made of the same. Any balances remaining to the credit of the consolidated items shall be carried to the credit of the respective aggregate amounts appropriated for the consolidated items.

Editorial Notes
CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1915.

Prior Provisions

Section 3 of act Mar. 4, 1915, superseded act Mar. 4, 1913, ch. 144, § 7, 37 Stat. 827, which read as follows:

"Where separate works or items are consolidated in this or subsequent river and harbor Acts and an aggregate amount is appropriated therefor the amounts appropriated shall, unless otherwise expressed, be expended in securing maintenance and improvement according to the respective projects adopted by Congress, after giving due regard to the respective needs of traffic. The allotments to the respective works consolidated shall be made by the Secretary of War upon recommendations by the Chief of Engineers. In case such works or items are consolidated and separate amounts are given with each project, the amounts so named shall be expended upon such separate projects unless, in the discretion of the Secretary of War, another allotment or division should be made of the same. Any balances remaining to the credit of the consolidated items shall be carried to the credit of the respective aggregate amounts appropriated for the consolidated items."

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

SIMILAR PROVISIONS

The Rivers and Harbors Appropriation Act, Mar. 2, 1919, ch. 95, § 2, 40 Stat. 1287, contained the following provision: "Where separate works or items are consolidated herein and an aggregate amount is appropriated therefor, the amount so appropriated shall, unless otherwise expressed, be expended in securing the maintenance and improvement according to the respective projects adopted by Congress after giving due regard to the respective needs of traffic. The allotments to the respective works so consolidated shall be made by the Chief of Engineers as authorized by the Secretary of War. In case such works or items are consolidated and separate amounts are given to individual projects the amounts so named shall be expended upon such separate projects. Any balances remaining to the credit of the consolidated items shall be carried to the credit of the respective aggregate amounts appropriated for the consolidated items."

Similar provisions were contained in act July 18, 1918, ch. 155, § 2, 40 Stat. 910.

§ 628. Expenditure for dredging within harbor lines

No money appropriated for the improvement of rivers and harbors shall be expended for dredging inside of harbor lines duly established.

(July 13, 1892, ch. 158, § 5, 27 Stat. 111.)

Editorial Notes
CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1892.

§ 629. Contract for hire of dredging plant

Whenever it shall become, in the opinion of the Secretary of the Army, necessary or desirable to hire a dredging plant or plants for the performance of any of the public work carried on under his direction the said Secretary may, in his discretion, agree for the same, either in the manner customary on March 2, 1907, or on the basis of an equitable reimbursement for deterioration of plant when in use by the Government, and a reasonable percentage of the total cost of the work.

Editorial Notes
CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1907.

The part of the original text omitted here repealed act Apr. 26, 1904, ch. 1761, § 4, 33 Stat. 452.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 630. Limitation on expenditure for purchase of dredges

No money authorized to be expended for the acquisition of any dredge or dredges shall be so expended for the purchase of any dredge or dredges from private contractors, which at the time of the proposed purchase can be manufactured at any navy yard or other government-owned factory for a sum less than it can be purchased for from such private contractor.

(Sept. 22, 1922, ch. 427, § 5, 42 Stat. 1042.)

Editorial Notes
CODIFICATION

Section is from part of section 5 of the Rivers and Harbors Appropriation Act for 1922.

The omitted portion of that section authorized the construction of six seagoing hopper dredges and limited the cost of each to $750,000.

§ 631. Transfer of property between projects

The Secretary of the Army may direct a temporary transfer of any property employed in the
improvement of rivers and harbors whenever, in his judgment, such transfer would secure efficient or economical results, and such adjustment in the way of charges and credits shall be made between the projects affected as may be equitable.

(June 13, 1902, ch. 1079, §5, 32 Stat. 373; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Editorial Notes

Codification

Section is from part of section 5 of the Rivers and Harbors Appropriation Act of 1902.

The omitted part of that section is set out as section 558 of this title.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 632. Omitted

Editorial Notes

Codification

Section, act June 25, 1910, ch. 382, §5, 36 Stat. 676, provided that the requirements of R.S. §3744, section 16 of former Title 41, Public Contracts, should not apply to the lease of certain property or hire of vessels for use in connection with river and harbor improvements where the period of the lease or hire did not exceed three months. R.S. §3744, which required contracts by the Secretaries of War, Navy, and Interior to be in writing and filed in the returns office of the Interior Department, was repealed by act Oct. 21, 1941, ch. 452, 55 Stat. 743.

§ 633. Protection, alteration, reconstruction, relocation, or replacement of structures and facilities; contract standards; reasonable costs

Whenever, during the construction or reconstruction of any navigation, flood control, or related water development project under the direction of the Secretary of the Army, the Chief of Engineers determines that any structure or facility owned by an agency of government and utilized in the performance of a governmental function should be protected, altered, reconstructed, relocated, or replaced to meet the requirements of navigation or flood control, or both; or to preserve the safety or integrity of such facility when its safety or usefulness is determined by the Chief of Engineers to be adversely affected or threatened by the project, the Chief of Engineers may, if he deems such action to be in the public interest, enter into a contract providing for (1) the payment from appropriations made for the construction or maintenance of such project, of the reasonable cost of replacing, relocating, or reconstructing such facility to such standard as he deems reasonable but not to exceed the minimum standard of the State or political subdivision for the same type of facility involved, except that if the existing facility exceeds the minimum standard of the State or political subdivision, the Chief of Engineers may provide a facility of comparable standard, or (2) the payment of a lump sum representing the estimated reasonable cost thereof. This section shall not be construed as modifying any existing or future requirement of local cooperation, or as indicating a policy that local interests shall not hereafter be required to assume costs of modifying such facilities. The provisions of this section may be applied to projects hereafter authorized and to those heretofore authorized but not completed as of July 3, 1956, and notwithstanding the navigation servitude vested in the United States, they may be applied to such structures or facilities occupying the beds of navigable waters of the United States.

Editorial Notes

Amendments

1965—Pub. L. 89–298 provided for payment of the reasonable cost of replacing, relocating, or reconstructing the facility to a reasonable standard, not exceeding minimum standard of State or political subdivision for same type of facility involved, except that if the existing facility exceeds the minimum standard of the State or political subdivision, the Chief of Engineers may provide a facility of comparable standard, in provision designated as clause (1), eliminated former provision for payment of reasonable actual cost of the remedial work, and designated existing provisions as clause (2).

§ 634. Assistance relating to water supply

The Secretary may provide assistance to municipalities the water supply of which is adversely affected by construction carried out by the Corps of Engineers.

Statutory Notes and Related Subsidiaries

“Secretary” Defined

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115–270, set out as a note under section 2201 of this title.

§ 635. Coast Guard anchorages

The Secretary may perform dredging at Federal expense within and adjacent to anchorages established by the Coast Guard pursuant to existing authorities.

Statutory Notes and Related Subsidiaries

“Secretary” Defined

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

CHAPTER 13—MISSISSIPPI RIVER COMMISSION

Sec. 641. Creation of Mississippi River Commission.
§ 641. Creation of Mississippi River Commission

A commission is created to be called “The Mississippi River Commission”, to consist of seven members.

(June 28, 1879, ch. 43, § 1, 21 Stat. 37.)

Editorial Notes

Codification

This was the first section of an act entitled “An act to provide for the appointment of a ‘Mississippi River Commission’ for the improvement of said river from the Head of the Passes near its mouth to its head-waters”.

Statutory Notes and Related Subsidiaries

Appropriation for salaries and expenses

Act June 28, 1879, ch. 43, § 7, 21 Stat. 38, omitted as temporary and executed, provided for the expenditure of an appropriation of $175,000 for salaries of the commission and necessary expenses of surveys, examinations, etc.

Missouri river commission

The Missouri River Commission was created by act July 5, 1884, ch. 229, § 1, 23 Stat. 144, and repealed by act July 13, 1902, ch. 1079, § 1, 32 Stat. 367.

§ 642. Appointment of commissioners; vacancies; chairman; tenure of office

The President of the United States shall appoint seven commissioners, three of whom shall be selected from the Engineer Corps of the Army, one from the National Ocean Survey, and three from civil life, two of whom shall be civil engineers. And any vacancy which may occur in the commission shall in like manner be filled by the President of the United States; and he shall designate one of the commissioners appointed from the Engineer Corps of the Army to be president of the commission. The commissioners appointed under sections 641 to 644, 646, and 647 of this title, except those appointed from civil life, shall remain in office subject to removal by the President of the United States. Each commissioner appointed from civil life after November 7, 1966, shall be appointed for a term of nine years.

Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 647. Mississippi River survey

[DETAIL OF ASSISTANTS; VESSELS; INSTRUMENTS.] It shall be the duty of the Mississippi River Commission to direct and complete such surveys of the Mississippi River, between the Head of the Passes near its mouth to its headwaters as may have been in progress June 28, 1879, and to make such additional surveys, examinations, and investigations, topographical, hydrographical, and hydrometrical, of said river and its tributaries, as may be deemed necessary by said commission to carry out the objects of sections 641 to 644, 646, and 647 of this title. And to enable said commission to complete such surveys, examinations, and investigations, the Secretary of the Army shall, when requested by said commission, detail from the Engineer Corps of the Army such officers and men as may be necessary, and shall place in the charge and for the use of said commission such vessel or vessels and such machinery and instruments as may be under his control and may be deemed necessary. And the Secretary of Commerce shall, when requested by said commission in like manner detail from the National Ocean Survey such officers and men as may be necessary, and shall place in the charge and for the use of said commission such vessel or vessels and such machinery and instruments as may be under his control and may be deemed necessary. And the said commission may, with the approval of the Secretary of the Army, employ such additional force and assistants, and provide, by purchase or otherwise, such vessels or boats and such instruments and means as may be deemed necessary.

[PLANS; REPORT.] It shall be the duty of said commission to take into consideration and mature such plan or plans and estimates as will correct, permanently locate, and deepen the channel and protect the banks of the Mississippi River; improve and give safety and ease to the navigation thereof; prevent destructive floods; promote and facilitate commerce, trade, and the postal service; and when so prepared and matured, to submit to the Secretary of the Army a full and detailed report of their proceedings and actions, and of such plans, with estimates of the cost thereof, for the purposes aforesaid, to be by him transmitted to Congress: Provided, That the commission shall report in full upon the practicability, feasibility, and probable cost of the various plans known as the jetty system, the levee system, and the outlet system, as well as upon such others as they deem necessary.

[PLANS FOR IMMEDIATE WORKS.] The said commission may, prior to the completion of all the surveys and examinations contemplated by sections 641 to 644, 646, and 647 of this title, prepare and submit to the Secretary of the Army, plans, specifications, and estimates of costs for such immediate works as, in the judgment of said commission, may constitute a part of the general system of works herein contemplated, to be by him transmitted to Congress.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 305(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 511. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Tributaries

Act Mar. 3, 1881, ch. 136, 21 Stat. 474, provided in part as follows: "It shall be the duty of said commission to take into consideration, and of the Secretary of War [now Secretary of the Army] to extend operations, under their supervision, to tributaries of the Mississippi River to the extent, and not further, that may be necessary in the judgment of said commission to the perfection of the general and permanent improvement of said Mississippi River."

Transfer of Functions

"Secretary of Commerce" substituted for "Secretary of the Treasury" in the first par. pursuant to sections 4 and 10 of act Feb. 14, 1903, which are classified to sections 1511, 1513, 1515, and 1516 of Title 15, Commerce and Trade, and which transferred Coast and Geodetic Survey, and powers and duties pertaining thereto, from Department of the Treasury to Department of Commerce.

Executive Documents

Transfer of Functions

Functions of all officers of Department of Commerce and functions of all officers and employees of such Department transferred, with a few exceptions, to Secretary of Commerce, with power vested in him to authorize their performance or performance of any of his functions by any of such officers, agencies, and employees, by Reorg. Plan No. 5 of 1950, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1263, set out in Appendix to Title 5, Government Organization and Employees.

§ 648. Arkansas River; levee and bank protection

The jurisdiction of the Mississippi River Commission is extended so as to include that part of the Arkansas River between its mouth and the intersection thereof with the division line between Lincoln and Jefferson Counties, and any funds which are appropriated by Congress for improving the Mississippi River between Head of Passes and the mouth of the Ohio River, and which may be allotted to levees and bank revetment, may be expended within the limits of said extended jurisdiction under the direction of the Secretary of the Army, in accordance with the plans, specifications, and recommendations of the Mississippi River Commission, as approved by the Chief of Engineers, for levees upon any part of said river between Head of Passes and Rock Island, Illinois, in such manner as, in their opinion, shall best improve navigation and promote the interest of commerce at all stages of the river.

Editorial Notes

Codification

Section is from part of section 1 of the Rivers and Harbors Appropriation Act of 1916.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 305(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 511. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 649. Vicksburg Harbor and Ohio River below Cache River

The harbor at Vicksburg, Mississippi, and the Ohio River from its mouth to the mouth of the Cache River, are transferred to and placed under the control and jurisdiction of the Mississippi River Commission: Provided, That no part of the improvement of the Ohio River, with a view to the construction of locks and dams, shall be considered as transferred to or placed under the control and jurisdiction of the Mississippi River Commission.

Editorial Notes

Codification

Section is from part of section 1 of the Rivers and Harbors Appropriation Act of 1916.

§ 650. Mississippi River below Rock Island; levee and bank protection

Any funds which are appropriated by Congress for improving the Mississippi River between Head of Passes and the mouth of the Ohio River, and which may be allotted to levees, may be expended, under the direction of the Secretary of the Army, in accordance with the plans, specifications, and recommendations of the Mississippi River Commission, as approved by the Chief of Engineers, for levees upon any part of said river between Head of Passes and Rock Island, Illinois, in such manner as, in their opinion, shall best improve navigation and promote the interest of commerce at all stages of the river.

Editorial Notes

Codification

Section is from part of section 1 of the Rivers and Harbors Appropriation Act of 1916.

Prior Provisions

This provision superseded act June 4, 1906, ch. 2572, 34 Stat. 208, which contained similar provisions.
§ 651. Tributaries of Mississippi River below Cairo; levee and bank protection

The jurisdiction of the Mississippi River Commission is extended, for the purposes of levee protection and bank protection, to the tributaries and outlets of the Mississippi River between Cairo, Illinois, and the Head of the Passes, in so far as these tributaries and outlets are affected by the flood waters of the Mississippi River.

(Sept. 22, 1922, ch. 427, §13, 42 Stat. 1047.)

Editorial Notes
CODIFICATION

Section is from the Rivers and Harbors Appropriation Act for the year 1922.

§ 652. Upper Mississippi River Management

(a) Short title; Congressional declaration of intent

(1) This section may be cited as the “Upper Mississippi River Management Act of 1986”.

(2) To ensure the coordinated development and enhancement of the Upper Mississippi River system, it is hereby declared to be the intent of Congress to recognize that system as a nationally significant ecosystem and a nationally significant commercial navigation system. Congress further recognizes that the system provides a diversity of opportunities and experiences. The system shall be administered and regulated in recognition of its several purposes.

(b) Definitions

For purposes of this section—

(1) the terms “Upper Mississippi River system” and “system” mean those river reaches having commercial navigation channels on the Mississippi River main stem north of Cairo, Illinois; the Minnesota River, Minnesota; Black River, Wisconsin; Saint Croix River, Minnesota and Wisconsin; Illinois River and Waterway, Illinois; and Kaskaskia River, Illinois;

(2) the term “Master Plan” means the comprehensive master plan for the management of the Upper Mississippi River system, dated January 1, 1982, prepared by the Upper Mississippi River Basin Commission and submitted to Congress pursuant to Public Law 95-502;

(4) the term “Upper Mississippi River Basin Association” means an association of the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, formed for the purposes of cooperative effort and united assistance in the comprehensive planning for the use, protection, growth, and development of the Upper Mississippi River System.

(c) Congressional approval of Master Plan

(1) Congress hereby approves the Master Plan as a guide for future water policy on the Upper Mississippi River system. Such approval shall not constitute authorization of any recommendation contained in the Master Plan.

(2) Omitted.

(d) Cooperative effort and mutual assistance among States

(1) The consent of the Congress is hereby given to the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, or any two or more of such States, to enter into negotiations for agreements, not in conflict with any law of the United States, for cooperative effort and mutual assistance in the comprehensive planning for the use, protection, growth, and development of the Upper Mississippi River system, and to establish such agencies, joint or otherwise, or designate an existing multi-State entity, as they may deem desirable for making effective such agreements. To the extent required by Article I, section 10 of the Constitution, such agreements shall become final only after ratification by an Act of Congress.

(2) The Secretary is authorized to enter into cooperative agreements with the Upper Mississippi River Basin Association or any other agency established under paragraph (1) of this subsection to promote and facilitate active State government participation in the river system management, development, and protection.

(3) For the purpose of ensuring the coordinated planning and implementation of programs authorized in subsections (e) and (h)(2) of this section, the Secretary shall enter into an interagency agreement with the Secretary of the Interior to provide for the direct participation of, and transfer of funds to, the Fish and Wildlife Service and any other agency or bureau of the Department of the Interior for the planning, design, implementation, and evaluation of such programs.

(4) The Upper Mississippi River Basin Association or any other agency established under paragraph (1) of this subsection is hereby designated by Congress as the caretaker of the master plan. Any changes to the master plan recommended by the Secretary shall be submitted to such association or agency for review. Such association or agency may make such comments with respect to such recommendations and offer other recommended changes to the master plan as such association or agency deems appropriate and shall transmit such comments and other recommended changes to the Secretary. The Secretary shall transmit such recommendations along with the comments and other recommended changes of such association or agen-
cy to the Congress for approval within 90 days of the receipt of such comments or recommended changes.

(e) Program authority

(1) AUTHORITY.—

(A) IN GENERAL.—The Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, may undertake, as identified in the master plan—

(i) a program for the planning, construction, and evaluation of measures for fish and wildlife habitat rehabilitation and enhancement; and

(ii) implementation of a long-term resource monitoring, computerized data inventory and analysis, and applied research program, including research on water quality issues affecting the Mississippi River (including elevated nutrient levels) and the development of remediation strategies.

(B) ADVISORY COMMITTEE.—In carrying out subparagraph (A)(i), the Secretary shall establish an independent technical advisory committee to review projects, monitoring plans, and habitat and natural resource needs assessments.

(2) REPORTS.—Not later than December 31, 2004, and not later than December 31 of every sixth year thereafter, the Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, shall submit to Congress a report that—

(A) contains an evaluation of the programs described in paragraph (1);

(B) describes the accomplishments of each of the programs;

(C) provides updates of a systemic habitat needs assessment; and

(D) identifies any needed adjustments in the authorization of the programs.

(3) For purposes of carrying out paragraph (1)(A)(i) of this subsection, there is authorized to be appropriated to the Secretary $40,000,000 for each of fiscal years 1999 and each fiscal year thereafter.

(4) For purposes of carrying out paragraph (1)(A)(ii) of this subsection, there is authorized to be appropriated to the Secretary $15,000,000 for each of fiscal years 1999 through 2009.

(5) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out paragraph (1)(B) $350,000,000 for each of fiscal years 1999 through 2009.

(6) TRANSFER OF AMOUNTS.—For fiscal year 1999 and each fiscal year thereafter, the Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, may transfer not to exceed 20 percent of the amounts appropriated to carry out clause (i) or (ii) of paragraph (1)(A) to the amounts appropriated to carry out the other of those clauses.

(7)(A) Notwithstanding the provisions of subsection (a)(2) of this section, the costs of each project carried out pursuant to paragraph (1)(A)(i) of this subsection shall be allocated between the Secretary and the appropriate non-Federal sponsor in accordance with the provisions of section 2283(e) of this title; except that the costs of operation and maintenance of projects located on Federal lands or lands owned or operated by a State or local government shall be borne by the Federal, State, or local agency that is responsible for management activities for fish and wildlife on such lands and, in the case of any project requiring non-Federal cost sharing, the non-Federal share of the cost of the project shall be 35 percent.

(B) Notwithstanding the provisions of subsection (a)(2) of this section, the cost of implementing the activities authorized by paragraph (1)(A)(ii) of this subsection shall be allocated in accordance with the provisions of section 2283 of this title, as if such activity was required to mitigate losses to fish and wildlife.

(8) None of the funds appropriated pursuant to any authorization contained in this subsection shall be considered to be chargeable to navigation.

(f) Recreational projects authority

(1) The Secretary, in consultation with any agency established under subsection (d)(1) of this section, is authorized to implement a program of recreational projects for the system substantially in accordance with the recommendations of the GREAT I, GREAT II, and GRRM studies and the master plan reports. In addition, the Secretary, in consultation with any such agency, shall, at Federal expense, conduct an assessment of the economic benefits generated by recreational activities in the system. The cost of each such project shall be allocated between the Secretary and the appropriate non-Federal sponsor in accordance with title I of this Act [33 U.S.C. 2211 et seq.].

(2) For purposes of carrying out the program of recreational projects authorized in paragraph (1) of this subsection, there is authorized to be appropriated to the Secretary not to exceed $500,000 per fiscal year for each of the first 15 fiscal years beginning after November 17, 1986.

(g) Increases in lock capacity

The Secretary shall, in his budget request, identify those measures developed by the Secretary, in consultation with the Secretary of Transportation and any agency established under subsection (d)(1) of this section, to be undertaken to increase the capacity of specific locks throughout the system by employing non-structural measures and making minor structural improvements.

(h) Monitoring of traffic movements

(1) The Secretary, in consultation with any agency established under subsection (d)(1) of this section, shall monitor traffic movements on the system for the purpose of verifying lock capacity, updating traffic projections, and refining the economic evaluation so as to verify the need for future capacity expansion of the system.

(2) DETERMINATION.—

(A) IN GENERAL.—The Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, shall determine the need for river rehabilitation and environmental enhancement and protection based on the condi-
of the environment, project developments, and projected environmental impacts from implementing any proposals resulting from recommendations made under subsection (g) and paragraph (1) of this subsection.

(j) Construction of second lock at locks and dam 26, Mississippi River, Alton, Illinois and Missouri

The Secretary is authorized to provide for the engineering, design, and construction of a second lock at locks and dam 26, Mississippi River, Alton, Illinois and Missouri, at a total cost of $220,000,000, with a first Federal cost of $220,000,000. Such second lock shall be one hundred and ten feet by six hundred feet and shall be constructed at or in the vicinity of the location of the replacement lock authorized by section 102 of Public Law 95–502. Section 2212 of this title shall apply to the project authorized by this subsection.

Codification

Subsec. (c)(2) of this section amended section 101 of Pub. L. 95–502, which is set out as a note under section 19620–3 of Title 42, The Public Health and Welfare.

Amendments

2020—Subsec. (e)(3). Pub. L. 116–260, § 307(1), substituted “$40,000,000” for “$22,750,000’’.

Subsec. (e)(4). Pub. L. 116–260, § 307(2), substituted “$15,000,000” for “$10,420,000’’.

2007—Subsec. (e)(1)(A)(ii). Pub. L. 110–114 inserted “, including research on water quality issues affecting the Mississippi River (including elevated nutrient levels) and the development of remediation strategies’’ before period at end.

1999—Subsec. (e). Pub. L. 106–53, § 509(a), inserted subsec. heading, added par. (1), and struck out former par. (1) which read as follows: “The Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, is authorized to undertake, as identified in the master plan—

‘‘(A) a program for the planning, construction, and evaluation of measures for fish and wildlife habitat rehabilitation and enhancement; and

‘‘(B) implementation of a long-term resource monitoring program; and

‘‘(C) implementation of a computerized inventory and analysis system.

Subsec. (e)(2). Pub. L. 106–53, § 509(b), added par. (2) and struck out former par. (2) which read as follows: “Each program referred to in paragraph (1) shall be carried out for 15 years. Before the last day of such 15-year period, the Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, shall conduct an evaluation of such programs and submit a report on the results of such evaluation to Congress. Such evaluation shall determine each such program’s effectiveness, strengths, and weaknesses and contain recommendations for the modification and continuation or termination of such program.’’

Subsec. (e)(3). Pub. L. 106–53, § 509(c)(1), substituted “(1)(A)(i)” for “(1)(A)” and “Secretary $22,750,000 for fiscal year 1999 and each fiscal year thereafter” for “Secretary not to exceed $8,200,000 for the first fiscal year beginning after November 17, 1986, not to exceed $12,400,000 for the second fiscal year beginning after November 17, 1986, and not to exceed $13,000,000 per fiscal year for each of the succeeding 13 fiscal years’’.

Subsec. (e)(4). Pub. L. 106–53, § 509(c)(2), substituted “(1)(A)(ii)” for “(1)(B)” and “Secretary $10,420,000 for fiscal year 1999 and each fiscal year thereafter” for “Secretary not to exceed $7,680,000 for the first fiscal year beginning after November 17, 1986, and not to exceed $5,080,000 per fiscal year for each of the succeeding 14 fiscal years’’.

Pub. L. 106–53, § 509(c)(3), added par. (5) and struck out former par. (5) which read as follows: “For purposes of carrying out paragraph (1)(C) of this subsection, there is authorized to be appropriated to the Secretary not to exceed $40,000 for the first fiscal year beginning after November 17, 1986, not to exceed $280,000 for the second fiscal year beginning after November 17, 1986, not to exceed $1,220,000 for the third fiscal year beginning after November 17, 1986, and not to exceed $875,000 per fiscal year for each of the succeeding 12 fiscal years’’.

Subsec. (e)(6). Pub. L. 106–53, § 509(d), added par. (6) and struck out former par. (6) which contained provisions limiting transfers to 20% of appropriated amounts and setting out specific maximum monetary amounts.

Subsec. (e)(7)(A). Pub. L. 106–53, § 509(e), (g)(1)(A), substituted “(1)(A)(ii)” for “(1)(A)” and inserted before period at end “and, in the case of any project requiring non-Federal cost sharing, the non-Federal share of the cost of the project shall be 35 percent’’.

Subsec. (e)(7)(B), Pub. L. 106–53, § 509(g)(1)(B), substituted “paragraph (1)(A)(ii)” for “paragraphs (1)(B) and (1)(C’’).

Subsec. (5)(2). Pub. L. 106–53, § 509(g)(2), struck out “(A)” after “(2)” and struck out subpar. (B) which read as follows: “For purposes of carrying out the assess-
ment of the economic benefits of recreational activities as authorized in paragraph (1) of this subsection, there is authorized to be appropriated to the Secretary not to exceed $300,000 per fiscal year for the first and second fiscal years beginning after the computerized inventory and analysis system implemented pursuant to subsection (e)(1)(C) of this section is fully functional and $150,000 for the third such fiscal year.

Subsec. (b)(2). Pub. L. 106–53, §509(f), inserted par. heading, designated existing provisions as subpar. (A) and inserted heading, and added subpar. (B).

Subsec. (e)(7)(A). Pub. L. 102–580, §107(b), added subpar. (A) and struck out former subpar. (A) which read as follows: “Notwithstanding the provisions of subsection (a) of this section, the costs of each project carried out pursuant to paragraph (1)(A) of this subsection shall be allocated between the Secretary and the appropriate non-Federal sponsor in accordance with the provisions of section 2260 of this title.”

Statutory Notes and Related Subsidiaries

UPPER MISSISSIPPI RIVER AND ILLINOIS WATERWAY SYSTEM

Pub. L. 110–114, title VIII, Nov. 8, 2007, 121 Stat. 1283, provided that:

“SEC. 8001. DEFINITIONS.

“Provided that:

“(A) construct mooring facilities at Locks 12, 14, 15, 20, 22, 24, and LaGrange Lock or other alternative locations that are economically and environmentally feasible;

“(B) provide switchboats at Locks 20 through 25; and

“(C) conduct development and testing of an appointment scheduling system.

“(2) AUTHORIZATION OF APPROPRIATIONS.—The total cost of projects authorized under this subsection shall be $256,000,000. Such costs are to be paid half from amounts appropriated from the general fund of the Treasury and half from amounts appropriated from the Inland Waterways Trust Fund. Such sums shall remain available until expended.

“(b) New Locks.—

“(1) In General.—The Secretary [of the Army] shall construct new 1,200-foot locks at Locks 20, 21, 22, 24, and 25 on the Upper Mississippi River and at LaGrange Lock and Peoria Lock on the Illinois Waterway.

“(2) Authorization of Appropriations.—The total cost of projects authorized under this subsection shall be $1,948,000,000. Such costs are to be paid half from amounts appropriated from the general fund of the Treasury and half from amounts appropriated from the Inland Waterways Trust Fund. Such sums shall remain available until expended.

“(c) Concurrence.—The mitigation required for the projects authorized under subsections (a) and (b), including any acquisition of lands or interests in lands, shall be undertaken or acquired concurrently with lands and interests in lands for the projects authorized under subsections (a) and (b), and physical construction required for the purposes of mitigation shall be undertaken concurrently with the physical construction of such projects.

“SEC. 8004. ECOSYSTEM RESTORATION AUTHORIZATION.

“(a) Operation.—To ensure the environmental sustainability of the existing Upper Mississippi River and Illinois Waterway System, the Secretary [of the Army] may modify, consistent with requirements to avoid adverse effects on navigation, the operation of the Upper Mississippi River and Illinois Waterway System to address the cumulative environmental impacts of operation of the system and improve the ecological integrity of the Upper Mississippi River and Illinois River.

“(b) Ecosystem Restoration Projects.—

“(1) In General.—The Secretary [of the Army] shall carry out, consistent with requirements to avoid adverse effects on navigation, ecosystem restoration projects to attain and maintain the sustainability of the ecosystem of the Upper Mississippi River and Illinois River in accordance with the general framework outlined in the Plan.

“(2) Projects Included.—Ecosystem restoration projects may include—

“(A) island building;

“(B) construction of fish passages;

“(C) floodplain restoration;

“(D) water level management (including water drawdown);

“(E) backwater restoration;

“(F) side channel restoration;

“(G) wing dam and dike restoration and modification;

“(H) island and shoreline protection;

“(I) topographical diversity;

“(J) dam control;

“(K) use of dredged material for environmental purposes;

“(L) tributary confluence restoration;

“(M) spillway, dam, and levee modification to benefit the environment; and

“(N) land and easement acquisition.

“(3) Cost sharing.—

In this title, the following definitions apply:

“SEC. 8002. NAVIGATION IMPROVEMENTS AND RESTORATION.

“Except as modified by this title, the Secretary [of the Army] shall undertake navigation improvements and restoration of the ecosystem for the Upper Mississippi River and Illinois Waterway System substantially in accordance with the Plan and subject to the conditions described therein.

“SEC. 8003. AUTHORIZATION OF CONSTRUCTION OF NAVIGATION IMPROVEMENTS.

“(a) Small Scale and Nonstructural Measures.—

“(1) In General.—The Secretary [of the Army] shall—

“(A) construct mooring facilities at Locks 12, 14, 15, 20, 22, 24, and LaGrange Lock or other alternative locations that are economically and environmentally feasible;

“(B) provide switchboats at Locks 20 through 25; and

“(C) conduct development and testing of an appointment scheduling system.

“(2) Authorization of Appropriations.—The total cost of projects authorized under this subsection shall be $256,000,000. Such costs are to be paid half from amounts appropriated from the general fund of the Treasury and half from amounts appropriated from the Inland Waterways Trust Fund. Such sums shall remain available until expended.

“(b) New Locks.—

“(1) In General.—The Secretary [of the Army] shall construct new 1,200-foot locks at Locks 20, 21, 22, 24, and 25 on the Upper Mississippi River and at LaGrange Lock and Peoria Lock on the Illinois Waterway.

“(2) Authorization of Appropriations.—The total cost of projects authorized under this subsection shall be $1,948,000,000. Such costs are to be paid half from amounts appropriated from the general fund of the Treasury and half from amounts appropriated from the Inland Waterways Trust Fund. Such sums shall remain available until expended.

“(c) Concurrence.—The mitigation required for the projects authorized under subsections (a) and (b), including any acquisition of lands or interests in lands, shall be undertaken or acquired concurrently with lands and interests in lands for the projects authorized under subsections (a) and (b), and physical construction required for the purposes of mitigation shall be undertaken concurrently with the physical construction of such projects.

“SEC. 8004. ECOSYSTEM RESTORATION AUTHORIZATION.

“(a) Operation.—To ensure the environmental sustainability of the existing Upper Mississippi River and Illinois Waterway System, the Secretary [of the Army] may modify, consistent with requirements to avoid adverse effects on navigation, the operation of the Upper Mississippi River and Illinois Waterway System to address the cumulative environmental impacts of operation of the system and improve the ecological integrity of the Upper Mississippi River and Illinois River.

“(b) Ecosystem Restoration Projects.—

“(1) In General.—The Secretary [of the Army] shall carry out, consistent with requirements to avoid adverse effects on navigation, ecosystem restoration projects to attain and maintain the sustainability of the ecosystem of the Upper Mississippi River and Illinois River in accordance with the general framework outlined in the Plan.

“(2) Projects Included.—Ecosystem restoration projects may include—

“(A) island building;

“(B) construction of fish passages;

“(C) floodplain restoration;

“(D) water level management (including water drawdown);

“(E) backwater restoration;

“(F) side channel restoration;

“(G) wing dam and dike restoration and modification;

“(H) island and shoreline protection;

“(I) topographical diversity;

“(J) dam control;

“(K) use of dredged material for environmental purposes;

“(L) tributary confluence restoration;

“(M) spillway, dam, and levee modification to benefit the environment; and

“(N) land and easement acquisition.

“(3) Cost sharing.—

In this title, the following definitions apply:
“(A) IN GENERAL.—Except as provided in subparagraphs (B) and (C), the Federal share of the cost of carrying out an ecosystem restoration project under this subsection shall be 65 percent.

“(B) EXCEPTION FOR CERTAIN RESTORATION PROJECTS.—In the case of a project under this section for ecosystem restoration, the Federal share of the cost of carrying out the project shall be 100 percent if the project—

“(i) is located below the ordinary high water mark or in a connected backwater;

“(ii) modifies the operation of structures for navigation; or

“(iii) is located on federally owned land.

“(C) SAVINGS CLAUSE.—Nothing in this subsection affects the applicability of section 906(e) of the Water Resources Development Act of 1986 (33 U.S.C. 2283(e)).

“NONGOVERNMENTAL ORGANIZATIONS.—In accordance with section 221 of the Flood Control Act of 1970 (42 U.S.C. 1962–5b), for any project carried out under this title, a non-Federal sponsor may include a nonprofit entity, with the consent of the affected local government.

“(4) LAND ACQUISITION.—The Secretary [of the Army] may acquire land or an interest in land for an ecosystem restoration project from a willing seller through conveyance of—

“(A) fee title to the land; or

“(B) a flood plain conservation easement.

“(c) MONITORING.—The Secretary [of the Army] shall carry out a long term resource monitoring, computerized data inventory and analysis, and applied research program for the Upper Mississippi River and Illinois River to determine trends in ecosystem health, to understand systemic changes, and to help identify restoration needs. The program shall consider and adopt the monitoring program established under section 1103(e) of the Water Resources Development Act of 1986 (33 U.S.C. 652(e)(1)(A)(ii)).

“(d) ECOSYSTEM RESTORATION PRECONSTRUCTION ENGINEERING AND DESIGN.—

“(1) RESTORATION DESIGN.—Before initiating the construction of any individual ecosystem restoration project, the Secretary [of the Army] shall—

“(A) establish restoration goals and identify specific performance measures designed to demonstrate ecosystem restoration;

“(B) establish the without-project condition or baseline for each performance indicator; and

“(C) for each separable element of the ecosystem restoration, identify specific target goals for each performance indicator.

“(2) OUTCOMES.—Performance measures identified under paragraph (1)(A) shall include specific measurable environmental outcomes, such as changes in water quality, hydrology, or the well-being of indicator species the population and distribution of which are representative of the abundance and diversity of ecosystem-dependent aquatic and terrestrial species.

“(3) RESTORATION DESIGN.—Restoration design carried out as part of ecosystem restoration shall include a monitoring plan for the performance measures identified under paragraph (1)(A), including—

“(A) a timeline to achieve the identified target goals; and

“(B) a timeline for the demonstration of project completion.

“(e) CONSULTATION AND FUNDING AGREEMENTS.—

“(1) IN GENERAL.—In carrying out the environmental sustainability, ecosystem restoration, and monitoring activities authorized in this section, the Secretary [of the Army] shall intend to consult with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin.

“(2) FUNDING AGREEMENTS.—The Secretary is authorized to enter into agreements with the Secretary of the Interior, the Upper Mississippi River Basin Association, and natural resource and conservation agencies of the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin to provide for the direct participation of and transfer of funds to such entities for the planning, implementation, and evaluation of projects and programs established by this section.

“(f) SPECIFIC PROJECTS AUTHORIZATION.—

“(1) IN GENERAL.—There is authorized to be appropriated to carry out this subsection $1,717,000,000, of which not more than $245,000,000 shall be available for projects described in subsection (b)(2)(B) and not more than $46,000,000 shall be available for projects described in subsection (b)(2)(D). Such sums shall remain available until expended.

“(2) LIMITATION ON AVAILABLE FUNDS.—Of the amounts made available under paragraph (1), not more than $35,000,000 in any fiscal year may be used for land acquisition under subsection (b)(4).

“(3) INDIVIDUAL PROJECT LIMIT.—Other than for projects described in subparagraphs (B) and (J) of subsection (b)(2), the total cost of any single project carried out under this subsection shall not exceed $25,000,000.

“(4) MONITORING.—In addition to amounts authorized under paragraph (1), there are authorized $10,420,000 per fiscal year to carry out the monitoring program under subsection (c) if such sums are not appropriated pursuant to section 1103(e)(4) the Water Resources Development Act of 1986 (33 U.S.C. 652(e)(4)).

“(g) IMPLEMENTATION REPORTS.—

“(1) IN GENERAL.—Not later than June 30, 2009, and every 4 years thereafter, the Secretary [of the Army] shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an implementation report that—

“(A) includes baselines, milestones, goals, and priorities for ecosystem restoration projects; and

“(B) measures the progress in meeting the goals.

“(2) ADVISORY PANEL.—

“(A) IN GENERAL.—The Secretary shall appoint and convene an advisory panel to provide independent guidance in the development of each implementation report under paragraph (1).

“(B) PANEL MEMBERS.—Panel members shall include—

“(i) one representative of each of the State resource agencies (or a designee of the Governor of the State) from each of the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin;

“(ii) one representative of the Department of Agriculture;

“(iii) one representative of the Department of Transportation;

“(iv) one representative of the United States Geological Survey;

“(v) one representative of the United States Fish and Wildlife Service;

“(vi) one representative of the Environmental Protection Agency;

“(vii) one representative of affected landowners;

“(viii) two representatives of conservation and environmental advocacy groups; and

“(ix) two representatives of agriculture and industry advocacy groups.

“(C) CHAIRPERSON.—The Secretary shall serve as chairperson of the advisory panel.

“(D) APPLICATION OF FEDERAL ADVISORY COMMITTEE ACT.—The Advisory Panel and any working group established by the Advisory Panel shall not be considered an advisory committee under the Federal Advisory Committee Act (5 U.S.C. App.).

“(E) RANKING SYSTEM.—

“(1) IN GENERAL.—The Secretary [of the Army], in consultation with the Advisory Panel, shall develop a system to rank proposed projects.

“(2) PRIORITY.—The ranking system shall give greater weight to projects that restore natural river processes, including those projects listed in subsection (b)(2).
"SEC. 8005. COMPARABLE PROGRESS.

"(a) IN GENERAL.—As the Secretary [of the Army] conducts pre-engineering, design, and construction for projects authorized under this title, the Secretary shall—

"(1) select appropriate milestones; and

"(2) determine, at the time of such selection, whether the projects are being carried out at comparable rates; and

"(3) make an annual report to Congress, beginning in fiscal year 2009, regarding whether the projects are being carried out at a comparable rate.

"(b) No COMPARABLE RATE.—If the Secretary [of the Army] or Congress determines under subsection (a)(2) that projects authorized under this title are not moving toward completion at a comparable rate, annual funding requests for the projects shall be adjusted to ensure that the projects move toward completion at a comparable rate in the future.

UPPER MISSISSIPPI RIVER BASIN SEDIMENT AND NUTRIENT STUDY

Pub. L. 106–541, title IV, § 403, Dec. 11, 2000, 114 Stat. 2634, provided that:

"(a) General.—In conjunction with the Secretary of Agriculture and the Secretary of the Interior, the Secretary [of the Army] shall conduct a study to—

"(1) identify and evaluate significant sources of sediment and nutrients in the upper Mississippi River basin;

"(2) quantify the processes affecting mobilization, transport, and fate of those sediments and nutrients on land and in water; and

"(3) quantify the transport of those sediments and nutrients to the upper Mississippi River and the tributaries of the upper Mississippi River.

"(b) STUDY COMPONENTS.—

"(1) Computer Modeling.—In carrying out the study under this section, the Secretary shall develop computer models of the upper Mississippi River basin, at the subwatershed and basin scales, to—

"(A) identify and quantify sources of sediment and nutrients; and

"(B) examine the effectiveness of alternative management measures.

"(2) Research.—In carrying out the study under this section, the Secretary shall conduct research to improve the understanding of—

"(A) fate processes and processes affecting sediment and nutrient transport, with emphasis on nitrogen and phosphorus cycling and dynamics;

"(B) the influences on sediment and nutrient losses of soil type, slope, climate, vegetation cover, and modifications to the stream drainage network; and

"(C) river hydrodynamics, in relation to sediment and nutrient transformations, retention, and transport.

"(3) Use of Information.—On request of a Federal agency, the Secretary may provide information for use in applying sediment and nutrient reduction programs associated with land-use improvements and land management practices.

"(d) REPORTS.—

"(1) Preliminary Report.—Not later than 2 years after the date of enactment of this Act [Dec. 11, 2000], the Secretary shall transmit to Congress a preliminary report that outlines work being conducted on the study components described in subsection (b).

"(2) Final Report.—Not later than 5 years after the date of enactment of this Act, the Secretary shall transmit to Congress a report describing the results of the study under this section, including any findings and recommendations of the study.

"(e) FUNDING.—

"(1) Authorization of Appropriations.—There is authorized to be appropriated to carry out this section $4,000,000 for each of fiscal years 2001 through 2005.

"(2) Federal Share.—The Federal share of the cost of carrying out this section shall be 50 percent.

UPPER MISSISSIPPI RIVER COMPREHENSIVE PLAN

"(a) DEVELOPMENT.—The Secretary [of the Army] shall develop a plan to address water resource and related land resource problems and opportunities in the upper Mississippi and Illinois River basins, from Cairo, Illinois, to the headwaters of the Mississippi River, in the interest of systemic flood damage reduction by means of—

"(1) structural and nonstructural flood control and floodplain management strategies;

"(2) continued maintenance of the navigation project;

"(3) management of bank cutting and erosion;

"(4) watershed nutrient and sediment management;

"(5) habitat management;

"(6) recreation needs; and

"(7) other related purposes.

"(b) CONTENTS.—The plan under subsection (a) shall—

"(1) contain recommendations on management plans and actions to be carried out by the responsible Federal and non-Federal entities;

"(2) specifically address recommendations to authorize construction of a systemic flood control project for the upper Mississippi River; and

"(3) include recommendations for Federal action where appropriate and recommendations for follow-on studies for problem areas for which data or current technology does not allow immediate solutions.

"(c) CONSULTATION AND USE OF EXISTING DATA.—In carrying out this section, the Secretary shall—

"(1) consult with appropriate Federal and State agencies; and

"(2) make maximum use of data in existence on the date of enactment of this Act [Aug. 17, 1999] and ongoing programs and efforts of Federal agencies and States in developing the plan under subsection (a).

"(d) COST SHARING.—

"(1) Development.—Development of the plan under subsection (a) shall be at Federal expense.

"(2) Feasibility Studies.—Feasibility studies resulting from development of the plan shall be subject to cost sharing under section 105 of the Water Resources Development Act of 1986 (33 U.S.C. 2215).

"(e) REPORT.—Not later than 3 years after the first date on which funds are appropriated to carry out this section, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a report that includes the plan under subsection (a).

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 653. Extension of jurisdiction of Mississippi River Commission

The jurisdiction of the Mississippi River Commission (established by the Act of June 29, 1879 (33 U.S.C. 641)) is extended to include—

(1) Terrebonne Parish, Louisiana; and

(2) the area bounded by the East Atchafalaya Basin Protection Levee, the Mississippi River Levee, and Bayou Lafourche and extending from Morganza, Louisiana, to the Gulf of Mexico, insofar as such area is affected by the flood waters of the Mississippi River.

1 See References in Text note below.
§ 653a. Extension of jurisdiction of Mississippi River Commission

The jurisdiction of the Mississippi River Commission, established by section 641 of this title, is extended to include—

(1) all of the area between the eastern side of the Bayou Lafourche Ridge from Donaldsonville, Louisiana, to the Gulf of Mexico and the west guide levee of the Mississippi River from Donaldsonville, Louisiana, to the Gulf of Mexico;

(2) Alexander County, Illinois; and

(3) the area in the State of Illinois from the confluence of the Mississippi and Ohio Rivers northward to the vicinity of Mississippi River mile 39.5, including the Lon Small Drainage and Levee District, insofar as such area is affected by the flood waters of the Mississippi River.

CHAPTER 14—CALIFORNIA DEBRIS COMMISSION

Sec. 661. Creation of commission; appointment of members; vacancies; powers generally

A commission is created, to be known as the California Debris Commission, consisting of three members. The President of the United States shall, by and with the advice and consent of the Senate, appoint the commission from officers of the Corps of Engineers, United States Army. Vacancies occurring therein shall be filled in like manner. It shall have the authority, and exercise the powers set forth in sections 662 to 685 of this title, under the supervision of the Chief of Engineers and direction of the Secretary of the Army.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1014, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

ABOLITION OF CALIFORNIA DEBRIS COMMISSION

Pub. L. 99–662, title XI, § 1106, Nov. 17, 1986, 100 Stat. 4229, provided that:

“(a) The California Debris Commission established by the first section of the Act of March 1, 1893 (33 U.S.C. 661) is hereby abolished.

“(b) All authorities, powers, functions, and duties of the California Debris Commission are hereby transferred to the Secretary [meaning Secretary of the Army, see 33 U.S.C. 2201].

“(c) The assets, liabilities, contracts, property, records, and the unexpended balance of appropriations, authorizations, allocations, and other funds employed, held, used arising from, available to, or to be made available in connection with the authorities, powers, functions, and duties transferred by this section, subject to section 202 of the Budget and Accounting Procedure Act of 1950 [see 31 U.S.C. 1531], are hereby transferred to the Secretary for appropriate allocation. Unexpended funds transferred pursuant to this subsection shall be used only for the purposes for which the funds were originally authorized and appropriated.

“(d) All acquired lands, and other interests therein presently under the jurisdiction of the California Debris Commission are hereby authorized to be retained, and shall be administered under the direction of the Secretary, who is hereby authorized to take such actions as are necessary to consolidate and perfect title; to exchange for other lands or interests therein which may be required for recreation or for existing or proposed projects of the United States; to transfer to other Federal agencies or dispose of as surplus property; and to release to the coextensive fee owners any easements no longer required by the United States, under such conditions or for such consideration as the Secretary shall determine to be fair and reasonable. Except as
§ 662. Organization; compensation of members;
rules and regulations of procedure; traveling expenses

Said commission shall organize by the selection
of such officers as may be required in the
performance of its duties the same to be selected
from the members thereof. The members of said
commission shall receive no greater compensa-
tion than is now allowed by law to each, respec-
tively, as an officer of said Corps of Engineers.
It shall also adopt rules and regulations, not in-
consistent with law, to govern its deliberations
and prescribe the method of procedure under the
provisions of this chapter. While traveling on
duty the officers of the commission shall receive
the mileage allowed by law.

(Mar. 1, 1893, ch. 183, §2, 27 Stat. 507; June 6, 1900,
ch. 791, §1, 31 Stat. 631.)

Editorial Notes

CONDITIFICATION

The last sentence of this section is from a provision
accompanying an appropriation for the expenses of the
Commission in the Sundry Civil Appropriation Act for
1901, which originally read as follows: "So much of the
Act of March third, eighteen hundred and ninety-nine,
as provides that the members of the California Debris
Commission shall receive only actual expenses in lieu
of mileage while traveling on duty is hereby repealed,
and should thereafter receive no mileage.

Act Mar. 3, 1899, ch. 424, §1, 30 Stat. 1109, mentioned
in said provision, provided that the officers of the Com-
mission traveling on duty might be paid their actual
traveling expenses, in lieu of mileage allowed by law,
and should thereafter receive no mileage.

§ 663. Territorial jurisdiction over hydraulic min-
ing; hydraulic mining injurious to navigation
prohibited

The jurisdiction of said commission, in so far
as the same affects mining carried on by the hy-
draulic process, shall extend to all such mining
in the territory drained by the Sacramento and
San Joaquin River systems in the State of Cali-
ifornia. Hydraulic mining, as defined in section 668
of this title, directly or indirectly injuring the
navigability of said river systems, carried on
in said territory other than as permitted under
the provisions of this chapter is prohibited and
declared unlawful.

(Mar. 1, 1893, ch. 183, §3, 27 Stat. 507.)

§ 664. General duties as to plans for protection of
navigation

It shall be the duty of said commission to ma-
ture and adopt such plan or plans, from exami-
nations and surveys made prior to March 1, 1893,
and from such additional examinations and sur-
veys as it may deem necessary, as will improve
the navigability of all the rivers comprising said
systems, deepen their channels, and protect
their banks. Such plan or plans shall be matured
with a view of making the same effective as
against the encroachment of and damage from
debris resulting from mining operations, natural
erosion, or other causes, with a view of restor-
ing, as near as practicable, and useful in de-
round commerce and navigation demand, the nava-
gibility of said rivers to the condition existing in
1860, and permitting mining by the hydraulic
process, as the term is understood in said State,
to be carried on, provided the same can be ac-
complished, without injury to the navigability of
said rivers or the lands adjacent thereto.

(Mar. 1, 1893, ch. 183, §4, 27 Stat. 507.)

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

California Debris Commission abolished and func-
tions transferred to Secretary of the Army by Pub. L.
out as a note under section 661 of this title.

§ 665. Survey for debris reservoirs; study of
methods of mines and mining

It shall further examine, survey, and deter-
mine the utility and practicability, for the pur-
poses hereinafter indicated, of storage sites in
the tributaries of said rivers and in the respec-
tive branches of said tributaries, or in the
plains, basins, sloughs, and tule and swamp
lands adjacent to or along the course of said riv-
ers, for the storage of debris or water or as set-
ting reservoirs, with the object of using the
same by either or all of these methods to aid in
the improvement and protection of said nava-
gible rivers by preventing deposits therein of
debris resulting from mining operations, natural
errosion, or other causes, or for affording relief
thereto in flood time and providing sufficient
water to maintain scouring force therein in the
summer season; and in connection therewith to
investigate such hydraulic and other mines as
are or may have been worked by methods in-
tended to restrain the debris and material
moved in operating such mines by impounding
dams, settling reservoirs, or otherwise, and in
general to make such study of and researches in
the hydraulic mining industry as science, expe-
rience, and engineering skill may suggest as
practicable and useful in devising a method or
methods whereby such mining may be carried on
as aforesaid.

(Mar. 1, 1893, ch. 183, §5, 27 Stat. 507.)

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

California Debris Commission abolished and func-
tions transferred to Secretary of the Army by Pub. L.
out as a note under section 661 of this title.
§ 666. Noting conditions of navigable channels

The said commission shall from time to time note the conditions of the navigable channels of said river systems, by cross-section surveys or otherwise, in order to ascertain the effect therein of such hydraulic mining operations as may be permitted by its orders and such as is caused by erosion, natural or otherwise.

(Mar. 1, 1893, ch. 183, § 6, 27 Stat. 508.)

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

§ 667. Annual reports

Said commission shall submit to the Chief of Engineers, for the information of the Secretary of the Army, on or before the 15th day of November of each year, a report of its labors and transactions, with plans for the construction, completion, and preservation of the public works outlined in this chapter, together with estimates of the cost thereof, stating what amounts can be profitably expended thereon each year. The Secretary of the Army shall thereupon submit same to Congress on or before the meeting thereof.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 343, title II, § 205(a), 61 Stat. 501. Section 53 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

§ 668. "Hydraulic mining" and "mining by hydraulic process" defined

For the purposes of this chapter "hydraulic mining" and "mining by the hydraulic process" are declared to have the meaning and application given to said terms in the State of California.

(Mar. 1, 1893, ch. 183, § 8, 27 Stat. 508.)

§ 669. Petition by hydraulic miners

The individual proprietor or proprietors, or in case of a corporation, its manager or agent appointed for that purpose, owning mining ground in the territory in the State of California mentioned in section 663 of this title, which it is desired to work by the hydraulic process, must file with said commission a verified petition, setting forth such facts as will comply with law and the rules prescribed by said commission.

(Mar. 1, 1893, ch. 183, § 9, 27 Stat. 508.)

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

§ 670. Surrender to United States of right to regulate debris of mine

Said petition shall be accompanied by an instrument duly executed and acknowledged, as required by the law of the said State, whereby the owner or owners of such mine or mines surrender to the United States the right to regulate by law, as provided in this chapter, or any law that may be enacted after March 1, 1893, by such rules and regulations as may be prescribed by virtue thereof, the manner and method in which the debris resulting from the working of said mine or mines shall be restrained, and what amount shall be produced therefrom; it being understood that the surrender aforesaid shall not be construed as in any way affecting the right of such owner or owners to operate said mine or mines by any other process or method in use in said State on March 1, 1893: Provided. That they shall not interfere with the navigability of the aforesaid rivers.

(Mar. 1, 1893, ch. 183, § 10, 27 Stat. 508.)

§ 671. Petition for common dumping ground, etc.

The owners of several mining claims situated so as to require a common dumping ground or dam or other restraining works for the debris issuing therefrom in one or more sites may file a joint petition setting forth such facts in addition to the requirements of section 669 of this title; and where the owner of a hydraulic mine or owners of several such mines have and use common dumping sites for impounding debris or as settling reservoirs, which sites are located below the mine of an applicant not entitled to use same, such fact shall also be stated in said petition. Thereupon the same proceedings shall be had as provided for herein.

(Mar. 1, 1893, ch. 183, § 11, 27 Stat. 508.)

Editorial Notes

REFERENCES IN TEXT

Herein, referred to in text, means act Mar. 1, 1893, which comprises this chapter.

§ 672. Notice of petition for dumping grounds, etc.; hearing

A notice specifying briefly the contents of said petition and fixing a time previous to which all proofs are to be submitted shall be published by said commission in some newspaper or newspapers of general circulation in the communities interested in the matter set forth therein. If published in a daily paper such publication shall continue for at least ten days; if in a weekly paper in at least three issues of the same. Pending publication thereof said commission, or a committee thereof, shall examine the mine and premises described in such petition. On or before
the time so fixed all parties interested, either as petitioners or contestants, whether miners or agriculturists, may file affidavits, plans, and maps in support of their respective claims. Further hearings, upon notice to all parties of record, may be granted by the commission when necessary.

(Mar. 1, 1893, ch. 183, §12, 27 Stat. 508.)

§ 673. Order by commission directing method of mining, etc.; expenses of complying with order; exemption from mining taxes

In case a majority of the members of said commission, within thirty days after the time so fixed, concur in the decision in favor of the petitioner or petitioners, the said commission shall thereupon make an order directing the methods and specifying in detail the manner in which operations shall proceed in such mine or mines; where restraining or impounding works, if any, if facilities therefor can be found, shall be built and maintained; how and of what material; where to be located; and in general set forth such further requirements and safeguards as will protect the public interests and prevent injury to the said navigable rivers and the lands adjacent thereto, an order may be made authorizing such mine owner or owners to commence mining operations, subject to the conditions of said order and the provisions of this chapter.

(Mar. 1, 1893, ch. 183, §14, 27 Stat. 509.)

§ 674. Plans for and supervision of work required by order; permit to commence mining

Such petitioner or petitioners must within a reasonable time present plans and specifications of all works required to be built in pursuance of said order for examination, correction, and approval by said commission; and thereupon work may immediately commence thereon under the supervision of said commission or representative thereof attached thereto from said Corps of Engineers, who shall inspect same from time to time. Upon completion thereof, if found in every respect to meet the requirements of the said order and said approved plans and specifications, permission shall thereupon be granted to the owner or owners of such mine or mines to commence mining operations, subject to the conditions of said order and the provisions of this chapter.

(Mar. 1, 1893, ch. 183, §12, 27 Stat. 508.)

§ 675. Conditions precedent for commencement of mining operations

No permission granted to a mine owner or owners under this chapter shall take effect, so far as regards the working of a mine, until all impounding dams or other restraining works, if any are prescribed by the order granting such permission, have been completed and until the impounding dams or other restraining works or settling reservoirs provided by said commission have reached such a stage as, in the opinion of said commission, it is safe to use the same: Provided, however, That if said commission shall be of the opinion that the restraining and other works already constructed at the mine or mines shall be sufficient to protect the navigable rivers of said systems and the work of said commission, then the owner or owners of such mine or mines may be permitted to commence operations.

(Mar. 1, 1893, ch. 183, §15, 27 Stat. 509.)

§ 676. Allotment of expenses for common dumping grounds; location of impounding works

In case the joint petition referred to in section 671 of this title is granted, the commission shall fix the respective amounts to be paid by each owner of such mines toward providing and building necessary impounding dams or other restraining works. In the event of a petition being filed after the entry of such order, or in case the impounding dam or dams or other restraining works have already been constructed and ac-
cepted by said commission, the commission shall fix such amount as may be reasonable for the privilege of dumping therein, which amount shall be divided between the original owners of such impounding dams or other restraining works in proportion to the amount respectively paid by each party owning same. The expense of maintaining and protecting such joint dam or works shall be divided among mine owners using the same in such proportion as the commission shall determine. In all cases where it is practicable, restraining and impounding works are to be provided, constructed, and maintained by mine owners near or below the mine or mines before reaching the main tributaries of said navigable waters.

(Mar. 1, 1893, ch. 183, §16, 27 Stat. 509.)

Statutory Notes and Related Subsidiaries

Transfer of Functions

§677. Limitation as to quantity of debris washed away

At no time shall any more debris be permitted to be washed away from any hydraulic mine or mines situated on the tributaries of said rivers and the respective branches of each, worked under the provisions of this chapter, than can be impounded within the restraining works erected.

(Mar. 1, 1893, ch. 183, §17, 27 Stat. 509.)

§678. Modification and revocation of permit to mine

The said commission may, at any time when the condition of the navigable rivers or when the capacities of all impounding and settling facilities erected by mine owners or such as may be provided by Government authority require same, modify the order granting the privilege to mine by the hydraulic mining process so as to reduce the amount thereof to meet the capacities of the facilities then in use; or, if actually required in order to protect the navigable rivers from damage or in case of failure to pay the tax prescribed by section 683 of this title within thirty days after same becomes due, may revoke same until the further notice of the commission.

Editorial Notes

Amendments

1934—Act June 19, 1934, inserted "or in case of failure to pay the tax prescribed by section 683 of this title within thirty days after same becomes due".

Statutory Notes and Related Subsidiaries

Transfer of Functions

§679. Violation of permit to mine; penalty

An intentional violation on the part of a mine owner or owners, company, or corporation, or the agents or employees of either, of the conditions of the order granted pursuant to section 673 of this title, or such modifications thereof as may have been made by said commission, shall work a forfeiture of the privileges thereby conferred, and upon notice being served by the order of said commission upon such owner or owners, company, or corporation, or agent in charge, work shall immediately cease. Said commission shall take necessary steps to enforce its orders in case of the failure, neglect, or refusal of such owner or owners, company, or corporation, or agents thereof, to comply therewith, or in the event of any person or persons, company, or corporation working by said process in said territory contrary to law.

(Mar. 1, 1893, ch. 183, §19, 27 Stat. 510.)

Statutory Notes and Related Subsidiaries

Transfer of Functions

§680. Examination of mines; reports

Said commission, or a committee therefrom, or officer of said corps assigned to duty under its orders, shall, whenever deemed necessary, visit said territory and all mines operating under the provisions of this chapter. A report of such examination shall be placed on file.

(Mar. 1, 1893, ch. 183, §20, 27 Stat. 510.)

Statutory Notes and Related Subsidiaries

Transfer of Functions

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Savings Provision

Repeal by Pub. L. 94-579 not to be construed as terminating any valid lease, permit, patent, etc., existing on Oct. 21, 1976, see section 701(a) of Pub. L. 94-579, set out as a note under section 1701 of Title 43, Public Lands.

§682. Malicious injury to works; injury to navigable waters by hydraulic mining; penalty

Any person or persons who willfully or maliciously injure, damage, or destroy, or attempt
§ 683. Tax on operation of hydraulic mines; “debris fund”; advances by mine owners; storage for water and use of outlet facilities

Upon the construction by the said commission of dams or other works for the detention of debris from hydraulic mines and the issuing of the order provided for by this chapter to any individual, company, or corporation to work any mine or mines by hydraulic process, the individual, company, or corporation operating thereunder working any mine or mines by hydraulic process, the debris from which flows into or is in whole or in part restrained by such dams or other works erected by said commission, shall pay for each cubic yard mined from the natural bank a tax equal to the total capital cost of the dam, reservoir, and rights-of-way divided by the total capacity of the reservoir for the restraint of debris, as determined in each case by the California Debris Commission, which tax shall be paid annually on a date fixed by said commission and in accordance with regulations to be adopted by the Secretary of the Treasury, and the Treasurer of the United States is authorized to receive the same. All sums of money paid into the Treasury under this section shall be set apart and credited to a fund to be known as the “debris fund”; and shall be expended by said commission under the supervision of the Chief of Engineers and direction of the Secretary of the Army, for repayment of any funds advanced by the Federal Government or other agency for the construction of restraining works and settling reservoirs, and for maintenance: Provided, That said commission is authorized to receive and pay into the Treasury from the owner or owners of mines worked by the hydraulic process, to whom permission may have been granted so to work under the provisions thereof, such money advances as may be offered to aid in the construction of such impounding dams, or other restraining works, or settling reservoirs, or sites thereof, as may be deemed necessary by said commission to protect the navigable channels of said river systems, on condition that all moneys so advanced shall be refunded as the said tax is paid into the said debris fund: And provided further, That in no event shall the Government of the United States be held liable to refund same except as directed by this section. The Secretary of the Army is authorized to enter into contracts to supply storage for water and use of outlet facilities from debris storage reservoirs, for domestic and irrigation purposes and power development upon such conditions of delivery, use, and payment as he may approve: Provided, That the moneys received from such contracts shall be deposited to the credit of the reservoir project from which the water is supplied, and the total capital cost of said reservoir, which is to be repaid by tax on mining operations as provided in this section, shall be reduced in the amount so received.

Editorial Notes

AMENDMENTS

1938—Act June 25, 1938, inserted provisions relating to storage for water and use of outlet facilities.

1934—Act June 19, 1934, substituted an annual tax for each cubic yard mined from the natural bank, based on total capital cost divided by total capacity, for the 3 per centum gross proceeds tax, and required money from debris fund to be expended in repayment of Government advances for construction and maintenance, instead of authorizing the expenditure of such money in addition to appropriations for construction and maintenance.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 83 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Executive Documents

TRANSFER OF FUNCTIONS PERTAINING TO AIR FORCE

For transfer of certain functions insofar as they pertain to Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Air Force from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40, July 22, 1949.

§ 684. Cooperation by commission with State authorities

For the purpose of securing harmony of action and economy in expenditures in the work to be done by the United States and the State of California, respectively, the former in its plans for the improvement and protection of the navigable streams and to prevent the depositing of mining debris or other materials within the same, and the latter in its plans authorized by law for the reclamation, drainage, and protec-
tion of its lands, or relating to the working of hydraulic mines, the said commission is empowered to consult thereon with a commission of engineers of said State, if authorized by said State for said purpose, the result of such conference to be reported to the Chief of Engineers of the United States Army, and if by him approved shall be followed by said commission.

(Mar. 1, 1899, ch. 183, § 24, 27 Stat. 511.)

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

§ 685. Construction by commission of restraining works, etc.; use of debris fund

Said commission, in order that such material as is now or may hereafter be lodged in the tributaries of the Sacramento and San Joaquin River systems resulting from mining operations, natural erosion, or other causes, shall be prevented from injuring the said navigable rivers or such of the tributaries of either as may be navigable and the land adjacent thereto, is directed and empowered, when appropriations are made therefor by law, or sufficient money is deposited for that purpose in said debris fund, to build at such points above the head of navigation in said rivers and on the main tributaries thereof, or branches of such tributaries, or any place adjacent to the same, which in the judgment of said commission, will effect said object (the same to be of such material as will insure safety and permanency), such restraining or impounding dams and settling reservoirs, with such canals, locks, or other works adapted and required to complete same. The recommendations contained in Executive Document Numbered 267, Fifty-first Congress, second session, and Executive Document Numbered 98, Forty-seventh Congress, first session, as far as they refer to impounding dams, or other restraining works, are adopted, and the same are directed to be made the basis of operations.

TRANSFER OF FUNCTIONS

§ 686. Construction of restraining works in conjunction with State

The Secretary of the Army, in expending appropriations in the preparation for and construction of works for the restraining or impounding of mining debris in the State of California, is authorized to enter into an agreement that the contractor shall look solely to the State of California for one-half of such expense, to be paid out of said State's appropriation, and the United States shall in no wise be liable for said one-half.

The Secretary of the Army, in carrying out the provisions of any Act of Congress, providing for the restraining or impounding of mining debris in California, may, in his discretion, when in his judgment the aggregate of appropriations already made by said State and Congress and available therefor are sufficient to complete the same, undertake the works necessary thereto by hired labor and by purchase of supplies and materials therefor; and may accept payments on account thereof as the work progresses under and according to the provisions of the acts of the legislature of said State for such purposes.

Editorial Notes

CONFIRMATION

Section was enacted as part of act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”, and not as part of act Mar. 1, 1893, ch. 183, 27 Stat. 507, which comprises this chapter.

As originally enacted the first paragraph read as follows: “The provisions of an Act of Congress, entitled ‘An Act making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-nine, and for other purposes,’ approved July first, eighteen hundred and ninety-eight, authorize the Secretary of War, in expending certain specified appropriations in the preparation for and construction of certain works for the restraining or impounding of mining debris in the State of California, to enter into a contract or contracts wherein the contractor or contractors shall look solely to the State for one-half of such expense, and that the United States shall in no wise be liable for said one-half, are hereby extended to any appropriations, when made, that may hereafter be made for said purposes.”

Act July 1, 1899 authorized Secretary of War, in contracting for construction of certain proposed works, to enter into an agreement that contractor should look solely to California for half of expenses.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1011, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 687. Use of State dredge and appliances in river and harbor improvements

The Secretary of the Army is authorized to accept from the State of California the use of any dredger, or appliances owned or controlled by said State, conformably to any offer thereof by said State; and the Secretary of the Army is
authorized to use any such dredger or appliances in any river or harbor improvement that may be prosecuted therein by the United States, either on the part of the United States alone or conjointly with said State: Provided, That nothing shall be paid to the State of California for the use of said dredger, and that nothing herein contained shall create any liability against the United States.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 343, title II, § 205(a), 61 Stat. 501. Act of 1899, Mar. 1, 1893, ch. 183, 27 Stat. 507, which comprises this chapter.

CHAPTER 15—FLOOD CONTROL

Sec. 701c. Acquisition of titles for certain projects and to lands, easements, rights-of-way; reimbursement of local agencies.

701c-2. Acquisition and sale of land.

701c-3. Lease receipts; payment of portion to States.

701d. Compacts between States; consent of Congress.

701e. Effect of act June 22, 1936, on provisions for Mississippi River and other projects.

701f. Authorization of appropriations.

701f-1. Additional authorization.

701f-2. Funds for specific and authorized projects merged with and accounted for under regular annual appropriations.

701f-3. Expenditure in watersheds of funds appropriated for flood prevention purposes.

701g. Removal of obstructions; clearing channels.

701h. Contributions by States, political subdivisions, and other non-Federal interests.

701h-1. Contributions by States and political subdivisions for immediate use on authorized flood-control work; repayment.

701h-2. No adverse effect on processes.

701h-3. State contribution of funds for certain operation and maintenance costs.

701h-4. Acceptance of funds for harbor dredging.

701i. Elimination from protection of areas subject to evacuation.

701j. Installation in dams of facilities for future development of hydroelectric power.

701k. Crediting reimbursements for lost, stolen, or damaged property.

701l. 701-1. Repealed.

701m. Insufficient Congressional authorization; preparations for and modification of project.

701n. Emergency response to natural disasters.

701n-1. Biennial report to Congress.

701n-3. Permanent measures to reduce emergency flood fighting needs for communities subject to repetitive flooding.

701o. Omitted.

701p. Railroad bridge alterations at Federal expense.

701q. Repair and protection of highways, railroads, and utilities damaged by operation of dams or reservoir.

701q-1. Repair and restoration of embankments.

701r. Protection of highways, bridge approaches, public works, and nonprofit public services.

701r-1. Utilization of public roads.

701s. Small flood control projects; appropriations; amount limitation for single locality; conditions.

701t. Emergency fund for flood damage; amount; commitments to be fulfilled by local interests.

701u. International engineering or scientific conferences; attendance.

702. Mississippi River.

702a. Adoption of 1927 project; execution; creation of board; scope of authority; appropriation.

702a-1. Modification of project of 1927; adoption.

702a-1a. Further modification of 1927 project; adoption; appropriation.

702a-1b. Further modification; adoption.

702a-2. Abandonment of Bœuf Floodway.

702a-3. Levees; raising and enlarging.

702a-4. Fuse-plug levees.

702a-5. Back levee north of Eudora Floodway.

702a-6. Drainage necessitated by floodway levees.

702a-7. Railroad and highway crossings over floodways.

702a-8. Additional roads; construction by United States.

702a-9. Lands, easements, and rights-of-way; acquisition by local authorities; reimbursement; protection of United States from liability for damages.
§ 701. Flood control generally

[Laws applicable to works of improvement relating to flood control] All the provisions of existing law relating to examinations and surveys and to works of improvement of rivers and harbors shall apply, so far as applicable to examinations and surveys and to works of improvement relating to flood control. And all expenditures of funds appropriated for works and projects relating to flood control shall be made in accordance with and subject to the law governing the disbursement and expenditure of funds appropriated for the improvement of rivers and harbors.

[Examinations and surveys; details from government departments; reports] All examinations and surveys of projects relating to flood control shall include a comprehensive study of the watershed or watersheds, and the report thereon in addition to any other matter upon which a report is required shall give such data as it may be practicable to secure in regard to (a) the extent and character of the area to be affected by the proposed improvement; (b) the probable effect upon any navigable water or waterway; (c) the possible economical development and utilization of water power; and (d) such other uses as may be properly related to or coordinated with the project. And the heads of the several departments of the Government may, in their discretion, and shall upon the request of the Secretary of the Army, detail representatives from their respective departments to assist the Engineers of the Army in the study and examination of such watersheds, to the end that duplication of work may be avoided and the various services of the Government economically coordinated therein: Provided, That all reports on preliminary examinations hereafter authorized, together with the report of the Board of Engineers for Rivers and Harbors thereon and the separate report of the representative of any other department, shall be submitted to the Secretary of the Army by the Chief of Engineers, with his recommendations, and shall be transmitted by the Secretary of the Army to the House of Representatives, and are ordered to be printed when so made.

[Reports by Board of Engineers for Rivers and Harbors] In the consideration of all works and projects relating to flood control which may be submitted to the Board of Engineers for Rivers and Harbors for consideration and recommendation, said board shall, in addition to any other matters upon which it may be required to report, state its opinion as to (a) what Federal interest, if any, is involved in the proposed improvement; (b) what share of the expense, if any, should be borne by the United States; and (c) the advisability of adopting the project.

Editorial Notes

Compilation

Sections 1 and 2 of act Mar. 1, 1917, are classified to sections 702 and 703 of this title. Section 4 amended section 643 of this title. See section 702h of this title.

Amendments

1994—Pub. L. 103–437 struck out par. at end which read as follows: "All examinations and reports which may now be made by the Board of Engineers for Rivers and Harbors upon request of the Committee on Rivers and Harbors relating to works or projects of navigation shall in like manner be made upon request of the Committee on Flood Control on all works and projects relating to flood control."
In connection with the exercise of jurisdiction over the rivers of the Nation through the construction of works of improvement, for navigation or flood control, as herein authorized, it is declared to be the policy of the Congress to recognize the interests and rights of the States in determining the development of the watersheds within their borders and likewise their interests and rights in water utilization and control, as herein authorized to preserve and protect to the fullest possible extent established and potential uses, for all purposes, of the waters of the Nation’s rivers; to facilitate the consideration of projects on a basis of comprehensive and coordinated development; and to limit the authorization and construction of navigation works to those in which a substantial benefit to navigation will be realized therefrom and which can be operated consistently with appropriate and economic use of the waters of such rivers by other users.

In conformity with this policy:

(a) Plans, proposals, or reports of the Chief of Engineers, Department of the Army, for any works of improvement for navigation or flood control not heretofore or herein authorized, shall be submitted to the Congress only upon compliance with the provisions of this paragraph (a). Investigations which form the basis of any such plans, proposals, or reports shall be conducted in such a manner as to give to the affected State or States, during the course of the investigations, information developed by the investigations and also opportunity for consultation regarding plans and proposals, and, to the extent deemed practicable by the Chief of Engineers, opportunity to cooperate in the investigations. If such investigations in whole or part are concerned with the use or control of waters arising west of the ninety-seventh meridian, the Chief of Engineers shall give to the Secretary of the Interior, during the course of the investigations, information developed by the investigations and also opportunity for consultation regarding plans and proposals, and to the extent deemed practicable by the Chief of Engineers, opportunity to cooperate in the investigations. The relations of the Chief of Engineers with any State under this paragraph (a) shall be with the Governor of the State or such official or agency of the State as the Governor may designate. The term “affected State or States” shall include those in which the works or any part thereof are proposed to be located; those in which whole or part are both within the drainage basin involved and situated in a State lying wholly or in part west of the ninety-eighth meridian; and such of those which are east of the ninety-eighth meridian as, in the judgment of the Chief of Engineers, will be substantially affected. Such plans, proposals, or reports and related investigations shall be made to the end, among other things, of facilitating the coordination of plans for the construction and operation of the proposed works with other plans involving the waters under section 541 of this title.

(b) The use for navigation, in connection with the operation and maintenance of such works herein authorized for construction, of waters arising in States lying wholly or partly west of the ninety-eighth meridian shall be only such use as does not conflict with any beneficial consumptive use, present or future, in States lying wholly or partly west of the ninety-eighth meridian, of such waters for domestic, municipal, stock water, irrigation, mining, or industrial purposes.

(c) The Secretary of the Interior, in making investigations of and reports on works for irri-
gation and purposes incidental thereto shall, in relation to an affected State or States (as defined in paragraph (a) of this section), and to the Secretary of the Army, be subject to the same provisions regarding investigations, plans, proposals, and reports as prescribed in paragraph (a) of this section for the Chief of Engineers and the Secretary of the Army. In the event a submission of views and recommendations, made by an affected State or by the Secretary of the Army pursuant to said provisions, sets forth objections to the plans or proposals covered by the report of the Secretary of the Interior, the proposed works shall not be deemed authorized except upon approval by an Act of Congress; and section 485(a) of title 43 and section 5902–1(a) of title 16 are amended accordingly.

Editorial Notes

Amendments

2016—Subsec. (a). Pub. L. 114–322 inserted "and shall be made publicly available" after "House or Senate document".

1996—Par. (a). Pub. L. 104–303 substituted "Within 30 days" for "Within ninety days" and "30-day period" for "ninety-day period".

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 591. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Applicability of Section to Projects Authorized by Flood Control Acts

Pub. L. 90–483, title II, §202, Aug. 13, 1968, 82 Stat. 739, provided that: "The provisions of section 1 of the Act of December 22, 1944 (Public Law Numbered 534, Seventy-eighth Congress, second session) (this section), shall govern with respect to projects authorized in this Act (Pub. L. 90–483), and the procedures therein set forth with respect to plans, proposals, or reports for works of improvement for navigation or flood control and for irrigation and purposes incidental thereto shall apply as if herein set forth in full."

Similar provisions were contained in the following prior acts:

GLENDO UNIT, WYOMING, MISSOURI RIVER BASIN PROJECT

Joint Res. July 16, 1944, ch. 322, §2, 68 Stat. 486, provided, with respect to the Glendo unit (dam and reservoir), Missouri River Basin Project, at the Glendo site on the North Platte River in Wyoming, for waiver of the provisions of subsec. (c) of this section. Section 1 of the Joint Resolution provided for the construction and operation of such unit by the Secretary of the Interior.

Section as Unaffected by Submerged Lands Act

Provisions of this section as not amended, modified or repealed by the Submerged Lands Act, see section 1993 of Title 43, Public Lands.

§701a. Declaration of policy of 1936 act

It is recognized that destructive floods upon the rivers of the United States, upsetting orderly processes and causing loss of life and property, including the erosion of lands, and impairing and obstructing navigation, highways, railroads, and other channels of commerce between the States, constitute a menace to national welfare; that it is the sense of Congress that flood control on navigable waters or their tributaries is a proper activity of the Federal Government in cooperation with States, their political subdivisions, and localities thereof; that investigations and improvements of rivers and other waterways, including watersheds thereof, for flood-control purposes are in the interest of the general welfare; that the Federal Government should improve or participate in the improvement of navigable waters or their tributaries, including watersheds thereof, for flood-control purposes if the benefits to whomsoever they may accrue are in excess of the estimated costs, and if the lives and social security of people are otherwise adversely affected.

(June 22, 1936, ch. 688, §1, 49 Stat. 1570.)

§701a–1. “Flood control” defined; jurisdiction of Federal investigations

The words “flood control” as used in section 701a of this title, shall be construed to include channel and major drainage improvements and flood prevention improvements for protection from groundwater-induced damages, and Federal investigations and improvements of rivers and other waterways for flood control and allied purposes shall be under the jurisdiction of and shall be prosecuted by the Department of the Army under the direction of the Secretary of the Army and supervision of the Chief of Engineers, and Federal investigations of watersheds and measures for run-off and water-flow retardation and soil-erosion prevention on watersheds shall be under the jurisdiction of and shall be prosecuted by the Department of Agriculture under the direction of the Secretary of Agriculture, except as otherwise provided by Act of Congress.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956,
Savings Provision

Authority of Secretary of Agriculture under this section as unaffected by repeal of Secretary's authority under section 701b of this title, see section 7 of act Aug. 4, 1954, set out as a note under section 701b of this title.

Sections as Unaffected by Submerged Lands Act.

Provisions of this section as not amended, modified or repealed by the Submerged Lands Act, see section 1303 of Title 43, Public Lands.

§ 701b. Supervision of Secretary of the Army; reclamation projects unaffected.

Federal investigations and improvements of rivers and other waterways for flood control and allied purposes shall be under the jurisdiction of and shall be prosecuted by the Department of the Army under the direction of the Secretary of the Army and supervision of the Chief of Engineers, except as otherwise provided by Act of Congress; and in his reports upon examinations and surveys, the Secretary of the Army shall be guided as to flood-control measures by the principles set forth in section 701a of this title in the determination of the Federal interests involved: Provided, That the foregoing grant of authority shall not interfere with investigations and river improvements incident to reclamation projects that may now be in progress or may be hereafter undertaken by the Bureau of Reclamation of the Interior Department pursuant to any general or specific authorization of law.

Editorial Notes

Amendments

1954—Act Aug. 4, 1954, repealed provisions conferring authority on the Department of Agriculture under the direction of the Secretary of Agriculture to make preliminary examinations and surveys and to prosecute works of improvement for runoff and water-flow retardation and soil erosion prevention on the watersheds of rivers and other waterways.

1941—Act Aug. 18, 1941, reenacted without change portion of section preceding semicolon.

1938—Act June 28, 1938, reenacted without change portion of section preceding semicolon.

Statutory Notes and Related Subsidaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 414, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Savings Provision

Act Aug. 4, 1954, ch. 666, § 7, 68 Stat. 668, which amended this section by repealing provisions relating to the Department of Agriculture, provided in part that: "(a) the authority of that Department of Agriculture, under the direction of the Secretary, to prosecute the works of improvement for runoff and water-flow retardation and soil erosion prevention authorized to be carried out by the Department by the act of December 22, 1944 (58 Stat. 897), as amended [section 701a–1 of this title], and (b) the authority of the Secretary of Agriculture to undertake emergency measures for runoff retardation and soil erosion prevention authorized to be carried out by section 7 of the act of June 28, 1938 (52 Stat. 1215), as amended by section 216 of the act of May 17, 1950 (64 Stat. 163) [section 701b–1 of this title], shall not be affected by the provisions of this section."

Risk-Based Analysis Methodology

Pub. L. 104–303, title II, § 202(h), Oct. 12, 1996, 110 Stat. 3676, required the Secretary to enter into an agreement with the National Academy of Sciences to conduct a study of the Corps of Engineers' use of risk-based analysis for the evaluation of hydrology, hydraulics, and economics in flood damage reduction studies and, not later than 18 months after Oct. 12, 1996, to submit to Congress a report on the results of the study as well as such recommendations as the Secretary considered appropriate.

§ 701b–1. Transfer of jurisdiction in certain cases to Department of Agriculture

In order to effectuate the policy declared in sections 701a and 701b of this title, and to correlate the program for the improvement of rivers and other waterways by the Department of the Army with the program for the improvement of watersheds by the Department of Agriculture, works of improvement for measures of run-off and water-flow retardation and soil-erosion prevention on the watersheds of waterways, for which works of improvement for the benefit of navigation and the control of destructive floodwaters and other provisions have been adopted and authorized to be prosecuted under the direction of the Secretary of the Army and supervision of the Chief of Engineers, are authorized to be prosecuted by the Department of Agriculture under the direction of the Secretary of Agriculture and in accordance with plans approved by him. The Secretary of Agriculture is authorized in his discretion to undertake such emergency measures for run-off retardation and soil-erosion prevention as may be needed to safeguard lives and property from floods and the products of erosion on any watershed whenever fire or any other natural element or force has caused a sudden impairment of that watershed: Provided, That not to exceed $300,000 out of any funds heretofore or hereafter appropriated for the prosecution by the Secretary of Agriculture of works of improvement or measures for run-off and water-flow retardation and soil-erosion prevention on watersheds may be expended during any one fiscal year for such emergency measures. For prosecuting said work and measures there is authorized to be appropriated the sum of $10,000,000 to be expended at the rate of $2,000,000 per annum during the five-year period ending June 30, 1944: Provided, That such works and measures which are herein authorized to be prosecuted by the Department of Agriculture may be carried out on the watersheds of the Rio Grande and Pecos Rivers subject to the proviso in section 701b of this title.

343, title II, §205(a), 61 Stat. 501; May 17, 1950, ch. 188, title II, §216, 64 Stat. 184.)

 Editorial Notes

 AMENDMENTS

 1950—Act May 17, 1950, substituted ‘‘$300,000’’ for ‘‘$100,000’’.

 1944—Act Dec. 22, 1944. Inserted provisions authorizing Secretary of Agriculture to undertake emergency work and limiting amount of annual expenditures for such work.

 Statutory Notes and Related Subsidiaries

 CHANGE OF NAME

 Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted ‘‘Title 10, Armed Forces’’ which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

 SAVING PROVISION

 Authority of Secretary of Agriculture under this section as unaffected by repeal of Secretary’s authority under section 701b of this title, see section 7 of act Aug. 4, 1954, set out as a note under section 701b of this title.

 SECTION AS UNAFFECTED BY SUBMERGED LANDS ACT

 Provisions of this section as not amended, modified or repealed by the Submerged Lands Act, see section 1903 of Title 43, Public Lands.

 § 701b–2. Cooperation by Secretaries of the Army and Agriculture; expenditures

 In carrying out the purposes of the Act of June 22, 1936 (49 Stat. 1570), as amended and supplemented, the Secretary of the Army and the Secretary of Agriculture are authorized to cooperate with institutions, organizations, and individuals, and to utilize the services of Federal, State, and other public agencies, and to pay by check to the cooperating public agency, either in advance or upon the furnishing or performance of said services, all or part of the estimated or actual cost thereof; and to make expenditures for personal services and rent in the District of Columbia and elsewhere, for purchase of reference and law books and periodicals, for printing and binding, for the purchase, exchange, operation, and maintenance of motor-propelled passenger-carrying vehicles and motorboats for official use, and for other necessary expenses. The provisions of this section shall be applicable to any funds heretofore appropriated for the prosecution by the Secretary of Agriculture of works of improvement for measures of run-off and water-flow retardation and soil-erosion prevention upon watersheds.

 Editorial Notes

 REFERENCES IN TEXT

 Act of June 22, 1936 (49 Stat. 1570), as amended and supplemented, referred to in text, is act June 22, 1936, ch. 688, 49 Stat. 1570, as amended, popularly known as the Flood Control Act of June 22, 1936, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables.

 AMENDMENTS

 1941—Act Aug. 18, 1941, changed the reference near the beginning of section and inserted sentence at end.

 Statutory Notes and Related Subsidiaries

 CHANGE OF NAME

 Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted ‘‘Title 10, Armed Forces’’ which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

 Executive Documents

 TRANSFER OF FUNCTIONS

 Functions of all officers, agencies and employees of Department of Agriculture transferred, with certain exceptions, to Secretary of Agriculture by Reorg. Plan No. 2 of 1953, §1, eff. June 4, 1953, 18 F.R. 3219, 67 Stat. 633, set out in the Appendix to Title 5, Government Organization and Employees.

 § 701b–3. Examinations and surveys; availability of appropriations

 Funds heretofore or hereafter appropriated for construction and maintenance of flood-control works by the Department of the Army shall be available for expenditure by the Department of the Army in making examinations and surveys for flood control heretofore or hereafter authorized, or in preparing reports in review thereof as authorized by law, in addition to funds here-tofore authorized to be expended for such purposes by the Department of the Army.

 Statutory Notes and Related Subsidiaries

 CHANGE OF NAME

 Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted ‘‘Title 10, Armed Forces’’ which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

 § 701b–4. Administration of surveys; number authorized; reports

 The surveys authorized to be performed under the direction of the Secretary of the Army as well as all duties performed by the Chief of Engineers under the direction of the Secretary of the Army shall be functions of the Engineer Corps, United States Army, and its head, to be administered under the direction of the Secretary of the Army and the supervision of the Chief of Engineers except as otherwise specifically provided by Congress: Provided, That the power and authority conferred by the Flood Con-
control Act of June 28, 1938, and previously conferred, upon the Federal Power Commission shall remain in full force and effect: Provided, That no preliminary examination, survey, project, or estimate for new works other than those designated in this Act or some prior Act or joint resolution shall be made: Provided further, That after the regular or formal reports made as required by law on any examination, survey, project, or work under way or proposed, are submitted, no supplemental or additional report or estimate shall be made unless authorized by law.

Editorial Notes

REFERENCES IN TEXT

The Flood Control Act of June 28, 1938, referred to in text, is act June 28, 1938, ch. 795, 52 Stat. 1215, as amended, which to the extent classified to the Code is classified to sections 701b, 701b-1, 701b-2, 701c-1, 701f-1, 701f-2, 701g, 702a-1, and 706 of this title. For complete classification of this Act to the Code, see Tables.

This Act, referred to in text, is act Aug. 11, 1939, ch. 699, 53 Stat. 1414, as amended, which to the extent classified to the Code enacted sections 558b-1, 701b-3, 701b-4, and 707 of this title and amended sections 701c-1 and 701g of this title. For complete classification of this Act to the Code, see Tables.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Federal Power Commission terminated and its functions, personnel, property, funds, etc., transferred to Secretary of Energy (except for certain functions transferred to Federal Energy Regulatory Commission) by sections 7151(b), 7171(a), 7172(a), 7291, and 7293 of Title 42, The Public Health and Welfare.

Executive Documents

TRANSFER OF FUNCTIONS

For transfer of functions of Federal Power Commission, with certain reservations, to chairman of such Commission, see Reorg. Plan No. 9 of 1956, §§1, 2, eff. May 24, 1956, 15 F.R. 3175, 64 Stat. 1265, set out in the Appendix to Title 5, Government Organization and Employees.

§ 701b-5. Omitted

Editorial Notes

CODIFICATION

Section, act Mar. 31, 1945, ch. 45, §1, 59 Stat. 41, relating to appropriations subject to priority restrictions, was from the War Department Civil Appropriation Act, 1946, and was not repeated in subsequent appropriation acts.

§ 701b-6. Examinations and surveys by Secretary of Agriculture

That, in order to further the declaration of policy and principles declared in sections 701a and 701b of this title, and to supplement the preliminary examinations and surveys which the Secretary of the Army has heretofore been, or is hereafter, authorized and directed to make of waterways with a view to the control of their floods, the Secretary of Agriculture be, and he is, authorized and directed to cause preliminary examinations and surveys to be made for run-off and water-flow retardation and soil-erosion prevention on the watersheds of said waterways, the costs thereof to be paid from appropriations heretofore or hereafter made for such purposes.

Editorial Notes

AMENDMENTS

1948—Act Jan. 19, 1948, inserted “or is hereafter” after “heretofore been” to make section applicable to future preliminary surveys and examinations.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 701b-7. Supplemental reports to Senate Environment and Public Works Committee and House Public Works Committee

After the Secretary of Agriculture has submitted to Congress a regular or formal report made on any examination or survey, pursuant to the Flood Control Act approved June 22, 1936, as amended and supplemented, a supplemental, additional, or review report or estimate may be made if authorized by law or by resolution of the Committee on Public Works and Transportation of the House of Representatives or the Committee on Environment and Public Works of the Senate.

Editorial Notes

REFERENCES IN TEXT

The Flood Control Act approved June 22, 1936, as amended and supplemented, referred to in text, is act June 22, 1936, ch. 688, 49 Stat. 1570, as amended, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables.

AMENDMENTS

1994—Pub. L. 103–437 substituted “Committee on Public Works and Transportation of the House of Representatives or the Committee on Environment and
Public Works of the Senate” for “Committee on Public Works of the House of Representatives or the Committee on Public Works of the Senate”.

Statutory Notes and Related Subsidiaries

Committee on Public Works and Transportation of House of Representatives treated as referring to Committee on Transportation and Infrastructure of House of Representatives by section 1(a) of Pub. L. 104–14, set out as a note preceding section 21 of Title 2, The Congress.

§ 701b–8. Submission of report by Chief of Engineers

It is declared to be the policy of the Congress that the following provisions shall be observed:

No project or any modification not authorized, of a project for flood control or rivers and harbors, shall be authorized by the Congress unless a report for such project or modification has been previously submitted by the Chief of Engineers, United States Army, in conformity with existing law.

Editorial Notes

CODIFICATION

Section comprises last two paragraphs of section 202 of act Sept. 3, 1954. First paragraph of section 202 is set out as a note under section 701–1 of this title.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in the following prior acts:

§ 701b–8a. Discontinuance of preliminary examination reports

For preliminary examinations and surveys authorized in previous river and harbor and flood control Acts, the Secretary of the Army is directed to cause investigations and reports for flood control and allied purposes, to be prepared under the supervision of the Chief of Engineers in the form of survey reports, and that preliminary examination reports shall no longer be prepared.

Editorial Notes

REFERENCES IN TEXT

§ 701b–9. Availability of appropriations for expenses incident to operation of power boats or vessels; expenses defined; certification of expenditures

On and after July 31, 1947, no appropriation under the Corps of Engineers shall be available for any expenses incident to operating any power-driven boat or vessel on other than Government business, and that Government business shall be construed to include transportation, lodging, and subsistence on inspection trips of Federal and State officials, having a public interest in authorized or proposed improvements for river and harbor and flood control, and any expenses incurred therefor shall be chargeable to river and harbor and flood control appropriations heretofore or hereafter made under rules and regulations to be prescribed by the Chief of Engineers: Provided, That such expenditures shall be certified by the Division Engineer as necessary and proper expenditures.

Editorial Notes

CODIFICATION

Section is set out as section 575 of this title.

§ 701b–10. Omitted

Editorial Notes

CODIFICATION

Section is set out as section 576 of this title.

§ 701b–11. Flood protection projects

(a) General considerations; nonstructural alternatives

In the survey, planning, or design by any Federal agency of any project involving flood protection, consideration shall be given to nonstructural alternatives to prevent or reduce flood damages, with a view toward formulating the most economically, socially, and environmentally acceptable means of reducing or preventing flood damage, including—

(1) floodproofing of structures, including through elevation;
(2) floodplain regulation;
(3) acquisition of floodplain land for recreational, fish and wildlife, and other public purposes;
(4) relocation; and
(5) the use of a feature described in section 2289a(a) of this title.

(b) Non-Federal participation through nonstructural alternatives; limitation

Where a nonstructural alternative is recommended, non-Federal participation shall be comparable to the value of lands, easements, and rights-of-way which would have been required of non-Federal interests under section 701c of this title, for structural protection measures, but in no event shall exceed 20 per centum of the project costs.

§ 701b–12. Floodplain management requirements

(a) Compliance with floodplain management and insurance programs

Before construction of any project for local flood protection, or any project for hurricane or storm damage reduction, that involves Federal assistance from the Secretary, the non-Federal interest shall agree to participate in and comply with applicable Federal floodplain management and flood insurance programs.

(b) Floodplain management plans

Within 1 year after the date of signing a project cooperation agreement for construction of a project to which subsection (a) applies, the non-Federal interest shall prepare a floodplain management plan designed to reduce the impacts of future flood events in the project area. Such plan shall be implemented by the non-Federal interest not later than 1 year after completion of construction of the project.

(c) Guidelines

(1) In general

The Secretary shall develop guidelines for preparation of floodplain management plans by non-Federal interests under subsection (b).

(2) Required elements

The guidelines developed under paragraph (1) shall—

(A) address potential measures, practices, and policies to be undertaken by non-Federal interests to . . . reduce loss of life, injuries, damages to property and facilities, and other adverse impacts associated with flooding and to preserve and enhance natural floodplain values; and

(B) address those measures to be undertaken by non-Federal interests to preserve the level of flood protection provided by a project to which subsection (a) applies.

(3) Limitation on statutory construction

Nothing in this subsection shall be construed to confer any regulatory authority upon the Secretary or the Administrator of the Federal Emergency Management Agency.

(d) Technical support

The Secretary may provide technical support to a non-Federal interest for a project to which subsection (a) applies for the development and implementation of plans prepared under subsection (b).

Section, Pub. L. 104–303, title II, § 211, Oct. 12, 1996, 110 Stat. 3981; Pub. L. 106–53, title II, § 223, Aug. 17, 1999, 113 Stat. 296; Pub. L. 106–60, title VI, § 606, Sept. 29, 1999, 113 Stat. 3675, provided that: "The amendment made by paragraph (1) [amending this section] shall apply to any project or separable element thereof with respect to which the Secretary and the non-Federal interest have not entered into a project cooperation agreement on or before the date of the enactment of this Act (Oct. 12, 1996)."

§ 701b-14. Structural integrity evaluations

(a) In general

Upon request of a non-Federal interest, the Secretary shall evaluate the structural integrity and effectiveness of a project for flood damage reduction and, if the Secretary determines that the project does not meet such minimum standards as the Secretary may establish and absent action by the Secretary the project will fail, the Secretary may take such action as may be necessary to restore the integrity and effectiveness of the project.

(b) Priority

The Secretary shall carry out an evaluation and take such actions as may be necessary under subsection (a) for the project for flood damage reduction, Arkansas River Levees, Arkansas.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 701b-15. Non-Federal plans to provide additional flood risk reduction

(a) In general

If requested by a non-Federal interest, the Secretary shall carry out a locally preferred plan that provides a higher level of protection than a flood risk management project authorized under this Act if the Secretary determines that-

(1) the plan is technically feasible and environmentally acceptable; and

(2) the benefits of the plan exceed the costs of the plan.

(b) Non-Federal cost share

If the Secretary carries out a locally preferred plan under subsection (a), the Federal share of the cost of the project shall be not greater than the share as provided by law for elements of the national economic development plan.

Editorial Notes

References in Text

This Act, referred to in subsec. (a), is Pub. L. 113–121, June 10, 2014, 128 Stat. 1193, known as the Water Resources Reform and Development Act of 2014. For complete classification of this Act to the Code, see Short Title note set out under section 2201 of this title and Table.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 701b-16. Management of flood risk reduction projects

(a) In general

If 2 or more flood control projects are located within the same geographic area, the Secretary shall, at the request of the non-Federal interests for the affected projects, consider those projects as a single program for budgetary or project management purposes, if the Secretary determines that doing so would not be incompatible with the authorized project purposes.

(b) Cost share

(1) In general

If any work on a project to which subsection (a) applies is required solely because of impacts to that project from a navigation project, the cost of carrying out that work shall be shared in accordance with the cost-sharing requirements for the navigation project.

(2) Use of amounts

Work described in paragraph (1) may be carried out using amounts made available under subsection (a).

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 701c. Rights-of-way, easements, etc.; acquisition by local authorities; maintenance and operation; protection of United States from liability for damages; requisites to run-off and water-flow retardation and soil erosion prevention assistance

After June 22, 1936, no money appropriated under authority of section 701f of this title shall be expended on the construction of any project until States, political subdivisions thereof, or other responsible local agencies have given assurances satisfactory to the Secretary of the
Army that they will (a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project, except as otherwise provided herein; (b) hold and save the United States free from damages due to the construction works; (c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of the Army: Provided, That the construction of any dam authorized herein, may be undertaken without delay when the dam site has been acquired and the assurances prescribed herein have been furnished, without awaiting the acquisition of the easements and rights-of-way required for the reservoir area: And provided further, That whenever expenditures for lands, easements, and rights-of-way by States, political subdivisions thereof, or responsible local agencies for any individual project or useful part thereof shall have exceeded the present estimated construction cost thereof, the local agency concerned may be reimbursed one-half of its excess expenditures over said estimated construction cost: And provided further, That when benefits of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, the Secretary of the Army with the consent of the State wherein the same are located may acquire the necessary lands, easements, and rights-of-way for said project or part thereof after he has received from the States, political subdivisions thereof, or responsible local agencies benefited by the present estimated cost of said lands, easements, and rights-of-way, less one-half the amount by which the estimated cost of these lands, easements, and rights-of-way exceeds the estimated construction cost, corresponding thereto: And provided further, That the Secretary of the Army shall determine the proportion of the present estimated cost of said lands, easements, and rights-of-way that each State, political subdivision thereof, or responsible local agency should contribute in consideration for the benefits to be received by such agencies: And provided further, That whenever not less than 75 per centum of the benefits as estimated by the Secretary of the Army of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, provision (c) of this section shall not apply thereto; nothing herein shall impair or abridge the powers now existing in the Department of the Army with respect to navigable streams: And provided further, That nothing herein shall be construed to interfere with the completion of any reservoir or flood control work authorized by the Congress and now under way. 

(d) As a condition to the extending of any benefits, in prosecuting measures for run-off and water-flow retardation and soil erosion prevention authorized by Act of Congress pursuant to the policy declared in section 701a of this title, to any lands not owned or controlled by the United States or any of its agencies, the Secretary of Agriculture may, insofar as he may deem necessary for the purposes of such Act, require—

1. The enactment and reasonable safeguards for the enforcement of State and local laws imposing suitable permanent restrictions on the use of such lands and otherwise providing for run-off and water flow retardation and soil erosion prevention; 
2. Agreements or covenants as to the permanent use of such lands; and
3. Contributions in money, services, materials, or otherwise to any operations conference such benefits.

Editorial Notes

References in Text

Herein, referred to in text, means act June 22, 1936, ch. 688, 49 Stat. 1570, as amended, popularly known as the Flood Control Act of June 22, 1936, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables. Portions of section 5 of act June 22, 1936, enumerating certain dams to be constructed, were not classified to the Code.

Amendments

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Applicability of Section to Flood Control Works Authorized by Flood Control Acts

Pub. L. 90–483, title II, §201, Aug. 13, 1968, 82 Stat. 739, provided that: "Section 3 of the Act approved June 22, 1936 (Public Law Numbered 738, Seventy-fourth Congress) (this section), as amended by section 2 of the Act approved June 28, 1938 (Public Law Numbered 761, Seventy-fifth Congress) (section 701c–1 of this title), shall apply to all works authorized in this title except that for any channel improvement or channel rectification project, provisions (a), (b), and (c) of section 3 of said Act of June 22, 1936 (this section), shall apply thereto, except as otherwise provided by law. The authorization for any flood control project herein authorized by this Act (Pub. L. 90–483) requiring local cooperation shall expire five years from the date on which local interests are notified in writing by the Secretary of the Army or his designee of the requirements of local cooperation, unless said interests shall within said time furnish assurances satisfactory to the Secretary of the Army that the required cooperation will be furnished."

Similar provisions were contained in the following prior acts:

May 17, 1950, ch. 188, title II, §201, 64 Stat. 170.

Application of Section

Act June 28, 1938, ch. 795, §2, 52 Stat. 1215, provided that this section, as theretofore amended and therein
§ 701c–1. Acquisition of titles for certain projects and to lands, easements, rights-of-way; reimbursement of local agencies

In case of any dam and reservoir project, or channel improvement or channel rectification project for flood control, herein authorized or heretofore authorized by the Act of June 22, 1938, as amended, and sections 642a, 702a, 702a–1, 702a–2 to 702d, 702e to 702h, 702i to 702m, and 704 of this title, title to all lands, easements, and rights-of-way for such project shall be acquired by the United States or by States, political subdivisions thereof or other responsible local agencies and conveyed to the United States, and provisions of clauses (a), (b), and (c) of section 701c of this title shall not apply thereto. Notwithstanding any restrictions, limitations, or requirement of prior consent provided by any other Act, the Secretary of the Army is authorized and directed to acquire in the name of the United States title to all lands, easements, and rights-of-way necessary for any dam and reservoir project or channel improvement or channel rectification project for flood control, with funds heretofore or hereafter appropriated or made available for such projects, and States, political subdivisions thereof, or other responsible local agencies, shall be granted and reimbursed, from such funds, sums equivalent to actual expenditures deemed reasonable by the Secretary of the Army and the Chief of Engineers and made by them in acquiring lands, easements, and rights-of-way for any dam and reservoir project, or any channel improvement or channel rectification project for flood control heretofore or herein authorized: Provided, That no reimbursement shall be made for any indirect or speculative damages: Provided further, That lands, easements, and rights-of-way shall include lands on which dams, reservoirs, channel improvements, and channel rectifications are located; lands or flowage rights in reservoirs and highway, railway, and utility relocation: Provided further, That in all cases of the acquisition hereunder by the United States from the Los Angeles County Flood Control District or the Muskingum Watershed Conservancy District of lands, easements, or rights-of-way, wherein the written opinion of the Attorney General in favor of the validity of the title to such lands, easements, or rights-of-way is or may be required or authorized by law, the Attorney General may, in his discretion, base such opinion upon a certificate of title of the district from which said lands, easements, or rights-of-way are to be acquired accompanied by an agreement, duly executed by the district in conformity with the constitutions and laws of the State where the district in question is situated to indemnify the United States against all claims, liabilities, loss, expenses, and attorneys’ fees of whatsoever kind or nature, resulting from or arising out of any defect or defects whatever in the title to any such lands, easements, or rights-of-way so conveyed to the United States, including all just compensation, costs, and expenses which may be incurred in any condemnation proceeding deemed necessary and instituted by the United States in order to perfect title to any such lands, easements, or rights-of-way.

Act of June 22, 1936, referred to in text, is act June 22, 1936, ch. 688, 49 Stat. 1570, as amended, popularly known as the Flood Control Act of June 22, 1936, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables.

Codification

Section comprises last paragraph of section 2 of act June 28, 1938. First paragraph of such section 2 is referred to in an Application of Section note under section 701c of this title.

Amendments

1939—Act Aug. 11, 1939, inserted last proviso.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 691. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 701c–2. Acquisition and sale of land

The provisions of sections 593 to 595 of this title relating to river and harbor improvements are made applicable to works of flood control heretofore or hereafter authorized.

(Aug. 18, 1941, ch. 377, § 6, 55 Stat. 650; Oct. 31, 1951, ch. 654, § 3(6), 65 Stat. 708.)

Editorial Notes

Amendments

1951—Act Oct. 31, 1951, struck out “§§ 58a and” in the reference to other sections.

§ 701c–3. Lease receipts; payment of portion to States

75 per centum of all moneys received and deposited in the Treasury of the United States during any fiscal year on account of the leasing of lands acquired by the United States for flood control.
control, navigation, and allied purposes, including the development of hydroelectric power, shall be paid at the end of such year by the Secretary of the Treasury to the State in which such property is situated, to be expended as the State legislature may prescribe for the benefit of public schools and public roads of the county, or counties, in which such property is situated, or for defraying any of the expenses of county government in such county or counties, including public obligations of levee and drainage districts for flood control and drainage improvements. Provided, That when such property is situated in more than one State or county, the distributive share to each from the proceeds of such property shall be proportional to its area therein. For the purposes of this section, the term "money" includes, but is not limited to, such bonuses, royalties and rentals (and any interest or other charge paid to the United States by reason of the late payment of any royalty, rent, bonus or other amount due to the United States) paid to the United States from a mineral lease issued under the authority of the Mineral Leasing Act for Acquired Lands (30 U.S.C. 351 et seq.) or paid to the United States from a mineral lease in existence at the time of the acquisition of the land by the United States.

Editorial Notes

References in Text

The Mineral Leasing Act for Acquired Lands, referred to in text, is act Aug. 7, 1947, ch. 513, 61 Stat. 913, as amended, popularly known as the Flood Control Act of June 22, 1936, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables. Provisions of section 5 and sections 6 and 7 of act June 22, 1936, enumerating certain projects and operations with regard to flood control, were not classified to the Code.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 701e. Effect of act June 22, 1936, on provisions for Mississippi River and other projects

Nothing in this Act shall be construed as repealing or amending any provision of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title. The authority conferred by this Act and any funds appropriated pursuant thereto for expenditure are supplemental to all other authority and appropriations relating to the departments or agencies concerned, and nothing in this Act shall be construed to limit or retard any department or agency in carrying out similar and related activities heretofore or hereafter authorized, or to limit the exercise of powers conferred on any department or agency by other provisions of law carrying out similar and related activities.

(June 22, 1936, ch. 688, §8, 49 Stat. 1596.)

Flood Control Act of June 22, 1936, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables.

§ 701f. Authorization of appropriations

The sum of $310,000,000 is authorized to be appropriated for carrying out the improvements herein and the sum of $10,000,000 is authorized to be appropriated and expended in equal amounts by the Department of the Army and Agriculture for carrying out any examinations and surveys provided for in this Act and other Acts of Congress.

(June 22, 1936, ch. 688, § 9, 49 Stat. 1596; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

REFERENCES IN TEXT

“Herein”, and “this Act”, referred to in text, means act June 22, 1936, ch. 688, 49 Stat. 1597, as amended, popularly known as the Flood Control Act of June 22, 1936, which to the extent classified to the Code enacted sections 701a, 701b, 701c, 701d to 701f, and 701h of this title. For complete classification of this Act to the Code, see Tables. Portions of section 5 of act June 22, 1936, ennumerating certain improvements with regard to flood control, and sections 6 and 7 of that act, relating to examinations and surveys, were not classified to the Code.

CODIFICATION

The first proviso, relating to a limitation upon the amount of expenditure during the fiscal year 1937, was deleted as executed and obsolete. The second proviso, relating to payment from funds available to the Works Progress Administration, was also omitted as executed and obsolete. The Works Progress Administration was renamed the Work Projects Administration by Reorg. Plan No. 1 of 1939, § 306, eff. July 1, 1939, 4 F.R. 2727, 53 Stat. 1423, set out in the Appendix to Title 5, Government Organization and Employees. Liquidation was ordered by President’s letter of December 4, 1942, and appropriations for it authorized by act July 12, 1943, ch. 229, title I, 57 Stat. 540.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act June 28, 1938, ch. 795, 52 Stat. 1215, as amended, popularly known as the Flood Control Act of June 28, 1938, which to the extent classified to the Code enacted sections 701b, 701b–1, 701c–1, 701f–1, 701i, 701j, 702a–1, 702a–11, and 706 of this title. For complete classification of this Act to the Code, see Tables.

ADOPTION OF IMPROVEMENTS

AUTHORIZATION OF EXAMINATIONS AND SURVEYS

CONTINUANCE OF EXAMINATIONS AND SURVEYS

Localities at which the continuance of examinations and surveys already undertaken is authorized are listed in act June 22, 1936, ch. 688, § 7, 49 Stat. 1596.

§ 701f–1. Additional authorization

The sum of $375,000,000 is hereby authorized to be appropriated for carrying out the improvements herein over the five-year period ending June 30, 1944, and the sum of $10,000,000 additional is authorized to be appropriated and expended in equal amounts by the Departments of the Army and Agriculture for carrying out any examinations and surveys provided for in this Act and any other Acts of Congress, to be prosecuted by said Departments. The sum of $1,500,000 additional is authorized to be appropriated and expended by the Secretary of Energy for carrying out any examinations and surveys provided for in this Act or any other Acts of Congress, to be prosecuted by the said Secretary of Energy.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act June 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act June 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

ADDITIONAL AUTHORIZATION

Sections 15 and 17 of act July 24, 1946, ch. 596, 60 Stat. 653, provided:

“Sec. 15. That the sum of $772,000,000 is hereby authorized to be appropriated for carrying out improvements by the War Department [now Department of the Army], the sum of $10,000,000 additional is authorized to be appropriated and expended in equal amounts by the Departments of War [now Army] and Agriculture for carrying out any examination or survey provided for in this Act and any other Acts of Congress to be prosecuted by said Departments.

“Sec. 17. That the $5,000,000 authorized to be appropriated in section 10 of the Flood Control Act approved August 16, 1941 [set out as a note under this section], is reauthorized to be appropriated, and the sum of $20,000,000 additional is authorized to be appropriated, for expenditure by the Department of Agriculture for the prosecution of the works of improvement authorized to be carried out by it, by that Department by the Flood Control Act of December 22, 1944 [act Dec. 22, 1944, ch. 665, 58 Stat. 887].”
Act Aug. 18, 1941, ch. 377, §10, 55 Stat. 651, provided as follows: "That the sum of $275,000,000 is hereby authorized to be appropriated for carrying out the improvements herein, the sum of $30,000,000 additional is authorized to be appropriated and expended in equal amounts by the Departments of War (now Army) and Agriculture for carrying out any examinations and surveys provided for in this Act and any other Acts of Congress to be prosecuted by said departments. There is also hereby authorized to be appropriated for expenditure by the Department of Agriculture in carrying on works of improvement of the character specified in section 7 of the Flood Control Act of June 28, 1938 (section 701b-1 of this title), and which the Department is not otherwise authorized to undertake, such additional sums, not to exceed $5,000,000, as may be necessary for that purpose. All appropriations necessary for operation and maintenance of flood-control works authorized by law to be operated and maintained by the United States are hereby authorized."

TRANSFER OF FUNCTIONS

Executive Documents

TRANSFER OF FUNCTIONS, FEDERAL POWER COMMISSION

For transfer of functions of Federal Power Commission, with certain reservations, to chairman of such Commission, see Reorg. Plan No. 9 of 1966, §§1, 2, eff. May 24, 1966, 15 F.R. 3175, 64 Stat. 1265, set out in the Appendix to Title 5, Government Organization and Employees.

§701f-2. Funds for specific and authorized projects merged with and accounted for under regular annual appropriation

Funds on and after May 17, 1950, appropriated for a specific and heretofore authorized project for a river, harbor, or flood-control works shall be merged with and be accounted for under the regular annual appropriation title applicable to such item.

(May 17, 1950, ch. 188, title II, §207, 64 Stat. 182.)

§701f-3. Expenditure in watersheds of funds appropriated for flood prevention purposes

On and after May 23, 1955, the funds appropriated for flood prevention purposes may be expended in watersheds heretofore authorized by section 13 of the Flood Control Act of December 22, 1944, as amended, for necessary measures for the prevention of erosion, floodwater, and sediment damages, including gully control, floodwater detention, and floodway structures, in areas other than those over which the Department of the Army has jurisdiction and responsibility, and where the Army does have jurisdiction and responsibility, may enter into agreements with the Army to carry out jointly the measures heretofore set out and in areas where the Secretary is authorized to purchase land rights for structural measures, permitted the Secretary in lieu of such acquisition, to reimburse local organizations for such proportionate share of the cost of land rights furnished as the Secretary deems equitable in consideration of the national interest.

Editorial Notes

Amendments

1997—Pub. L. 91–966 empowered the Secretary, where the Army does have jurisdiction and responsibility, to enter into agreements with the Army to carry out jointly the measures heretofore set out and in areas where the Secretary is authorized to purchase land rights for structural measures, permitted the Secretary in lieu of such acquisition, to reimburse local organizations for such proportionate share of the cost of land rights furnished as the Secretary deems equitable in consideration of the national interest.

§701g. Removal of obstructions; clearing channels

The Secretary of the Army is authorized to allot not to exceed $7,500,000 from any appropriations heretofore or hereafter made for any one fiscal year for flood control, for removing accumulated snags and other debris, and clearing and straightening the channel in navigable streams and tributaries thereof, when in the opinion of the Chief of Engineers such work is advisable in the interest of flood control: Provided, That not more than $500,000 shall be expended for this purpose for any single tributary from the appropriations for any one fiscal year.

Editorial Notes

Amendments

1986—Pub. L. 99–662 substituted "$7,500,000" for "$5,000,000" and "$500,000" for "$250,000". 1974—Pub. L. 93–251 substituted "$5,000,000" for "$2,000,000" and "$250,000" for "$100,000". 1964—Act Sept. 3, 1964, substituted "$2,000,000" for "$1,000,000" and "$100,000" for "$50,000". 1946—Act July 24, 1946, substituted "$1,000,000" for "$500,000" and "$50,000" for "$25,000". 1941—Act Aug. 18, 1941, substituted "$500,000" for "$300,000". 1939—Act Aug. 11, 1939, authorized Secretary to allot instead of to approve amount for flood control and limited amount allotted instead of expended for any single tributary.

Statutory Notes and Related Subsidaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Sec-
retary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was continued Department of the Army under administrative supervision of Secretary of the Army.

Effective Date of 1986 Amendment

Amendment by Pub. L. 99–662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(1) of Pub. L. 99–662, set out as a note under section 426g of this title.

§ 701h. Contributions by States, political subdivisions, and other non-Federal interests

The Secretary of the Army is authorized to receive from States and political subdivisions thereof and other non-Federal interests, such funds as may be contributed by them for work, which includes planning and design, to be expeditious connection with funds appropriated by the United States for any authorized water resources development study or project, including a project for navigation on the inland waterways, whenever such work and expenditure may be considered by the Secretary of the Army, on recommendation of the Chief of Engineers, advantageous in the public interest, and the initial plans for any reservoir project may, in the discretion of the Secretary of the Army, on recommendations of the Chief of Engineers, be modified to provide additional storage capacity for domestic water supply or other conservation storage, on condition that the cost of such increased storage capacity is contributed by local agencies and that the local agencies agree to utilize such additional storage capacity in a manner consistent with Federal uses and purposes: Provided, That the Secretary is authorized to receive and expend funds from a State or a political subdivision thereof, and other non-Federal interests or private entities, to operate a hurricane barrier project to support recreational activities at or in the vicinity of the project, at no cost to the Federal Government, if the Secretary determines that operation for such purpose is not inconsistent with the operation and maintenance of the project for the authorized purposes of the project: Provided further, That the Secretary is authorized to receive and expend funds from an owner of a non-Federal reservoir to formulate, review, or revise operational documents for any non-Federal reservoir for which the Secretary is authorized to prescribe regulations for the use of storage allocated for flood control or navigation pursuant to section 709 of this title: Provided further, That the term "States" means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Federally recognized Indian tribes: Provided further, That the term "non-Federal interest" has the meaning given that term in section 1962d–5b of title 42.

Editorial Notes

Codification

When originally enacted, section 5 of act June 22, 1936, which consisted of a paragraph (including a provision) authorizing works of improvement followed by numerous headings and paragraphs describing those authorized works, was not classified to the Code. Act July 19, 1937, amended section 5 of act June 22, 1936, by inserting two additional provisos at the end of the first paragraph. The provisos inserted by the 1937 Act, as amended, form the sole basis for the text appearing in this section, with minor editorial changes to the introductory language of the provisos. Subsequent amendments to section 5 of act June 22, 1936, have generally been directed to the text of section 5 as it has appeared in the Code and have not taken into account the portion of that section that has never been set out. Those amendments have been executed as directed, to reflect the probable intent of Congress, and amendments notes below reflect such execution without further comment.

Amendments

2018—Pub. L. 115–270 inserted "Provided further, That the Secretary is authorized to receive and expend funds from an owner of a non-Federal reservoir to formulate, review, or revise operational documents for any non-Federal reservoir for which the Secretary is authorized to prescribe regulations for the use of storage allocated for flood control or navigation pursuant to section 709 of this title:" after "authorized purposes of the project:

2014—Pub. L. 113–121, § 1015(a)(4), substituted "Provided further, That the term 'non-Federal interest' has the meaning given that term in section 1962d–5b of title 42," for period at end.

2011—Pub. L. 113–121, § 1015(a)(3), substituted "Provided, That the Secretary is authorized to receive and expend funds from a State or a political subdivision thereof, and other non-Federal interests or private entities, to operate a hurricane barrier project to support recreational activities at or in the vicinity of the project, at no cost to the Federal Government, if the Secretary determines that operation for such purpose is not inconsistent with the operation and maintenance of the project for the authorized purposes of the project: Provided further, That when contributions made by States and political subdivisions thereof and other non-Federal interests, are in excess of the actual cost of the work contemplated and properly chargeable to such contributions, such excess contributions may, with the approval of the Secretary of the Army, be returned to the proper representatives of the contributing interests: Provided further, That the term 'States' means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Federally recognized Indian tribes: Provided further, That the term 'non-Federal interest' has the meaning given that term in section 1962d–5b of title 42.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Sec-
Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

NOTIFICATION FOR CONTRIBUTED FUNDS

Pub. L. 113–121, title I, §1015(b), June 10, 2014, 128 Stat. 1223, provided that: “Prior to accepting funds contributed under section 5 of the Act of June 22, 1936 (33 U.S.C. 701h), the Secretary of the Army shall provide written notice of the funds to the Committee on Environment and Public Works and the Committee on Appropriations of the Senate and the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representatives.”

§701h-1. Contributions by States and political subdivisions for immediate use on authorized flood-control work; repayment

Whenever any State or political subdivision thereof shall offer to advance funds for a federally authorized water resources development project, the Secretary of the Army may in his discretion, receive such funds and expend the same in the immediate prosecution of such project. The Secretary of the Army is authorized and directed to repay without interest, if appropriations are provided by Congress for such purpose, the moneys so contributed and expended: Provided, however, That no repayment of funds which may be contributed for the purpose of meeting any conditions of local cooperation imposed by Congress, or under the authority of section 701h of this title, shall be made. For purposes of this section, the term ‘‘State’’ means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Indian tribes (as defined in section 5304(e) of title 25).

Editorial Notes

AMENDMENTS

2018—Pub. L. 115–270 substituted “a federally authorized water resources development project,” for “a flood-control project duly adopted and authorized by law”, “such project” for “such work”, and “if appropriations are provided by Congress for such purpose” for “from appropriations which may be provided by Congress for flood-control work” and inserted at end “For purposes of this Act, the term ‘State’ means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Indian tribes (as defined in section 5304(e) of title 25).”

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§701h-2. No adverse effect on processes

In implementing any provision of law that authorizes a non-Federal interest to provide, advance, or contribute funds to the Secretary for the development or implementation of a water resources development project (including sections 2231 and 2232 of this title, section 701h of this title, and section 701h–1 of this title), the Secretary shall ensure, to the maximum extent practicable, that the use by a non-Federal interest of such authorities does not adversely affect—

(1) the process or timeline for development and implementation of other water resources development projects by other non-Federal entities that do not use such authorities; or

(2) the process for including such projects in the President’s annual budget submission to Congress under section 1105(a) of title 31.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115–270, set out as a note under section 2201 of this title.

§701h-3. State contribution of funds for certain operation and maintenance costs

In carrying out eligible operations and maintenance activities within the Great Lakes Navigation System pursuant to section 2238 of this title in a State that has implemented any additional State limitation on the disposal of dredged material in the open waters of such State, the Secretary may, pursuant to section 701h of this title, receive from such State, and expend, such funds as may be contributed by the State to cover the additional costs for operations and maintenance activities for a harbor or inland harbor within such State that result from such limitation.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

§701h-4. Acceptance of funds for harbor dredging

The Secretary is authorized, in accordance with section 701h of this title, to accept and expend funds contributed by a State or other non-Federal interest—

(1) to dredge a non-Federal harbor or channel, or a marina or berthing area located adjacent to, or accessible by, such harbor or channel; or

(2) to provide technical assistance related to the planning and design of dredging activities described in paragraph (1).

§ 701i. Elimination from protection of areas subject to evacuation

In any case where the construction cost of levees or flood walls included in any authority project may be substantially reduced by the evacuation of a portion or all of the area proposed to be protected and by the elimination of that portion or all of the area from the protection to be afforded by the project, the Chief of Engineers may modify the plan of said project so as to eliminate said portion or all of the area: Provided, That a sum not substantially exceeding the amount thus saved in construction cost may be expended by the Chief of Engineers, or in his discretion may be transferred to any other appropriate Federal agency for expenditure, toward the evacuation of the locality eliminated from protection and the rehabilitation of the persons so evacuated: And provided further, That the Chief of Engineers may, if he so desires, enter into agreement with States, local agencies, or the individuals concerned for the accomplishment by them, of such evacuation and rehabilitation and for their reimbursement from said sum for expenditures actually incurred by them for this purpose.

(June 28, 1938, ch. 795, § 3, 52 Stat. 1216.)

§ 701j. Installation in dams of facilities for future development of hydroelectric power

Penstocks or other similar facilities adapted to possible future use in the development of hydroelectric power shall be installed in any dam herein authorized when approved by the Secretary of the Army and of the Secretary of Energy.

Editorial Notes

References in Text

Herein, referred to in text, means act June 28, 1938, ch. 795, 52 Stat. 1215, as amended, popularly known as the Flood Control Act of June 28, 1938, which to the extent classified to the Code enacted sections 701, 701b, 701b–1, 701b–2, 701c–1, 701f–1, 701i, 702a–1 1/2, 702a–11, and 706 of this title. For complete classification of this Act to the Code, see Tables.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3910 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Similar Provisions

Transfer of Functions

"Secretary of Energy" substituted in text for "Federal Power Commission" on authority of Pub. L. 95–91, title III, § 301(b), which is classified to section 715i(b) of Title 42, The Public Health and Welfare.

Executive Documents

Transfer of Functions

For transfer of functions of Federal Power Commission, with certain reservations, to chairman of such Commission, see Reorg. Plan No. 9 of 1950, §§ 1, 2, eff. May 24, 1950, 15 F.R. 3175, 64 Stat. 1265, set out in the Appendix to Title 5, Government Organization and Employees.

§ 701k. Crediting reimbursements for lost, stolen, or damaged property

Any amounts collected from any person, persons, or corporations as a reimbursement for lost, stolen, or damaged property, purchased in connection with river and harbor or flood control work prosecuted under the direction of the Secretary of the Army and the supervision of the Chief of Engineers, whether collected in cash or by deduction from amounts otherwise due such person, persons, or corporations, on and after June 20, 1938, shall be credited in each case to the appropriation that bore the cost of purchase, repair, or replacement of the lost, stolen, or damaged property.

Editorial Notes

Compensation

Section is also set out as section 571 of this title.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3910 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Section 701i, act June 20, 1938, ch. 535, § 5, 52 Stat. 805, related to employment of retired civil service employees. See section 3323 of Title 5, Government Organization and Employees.

Section 701i–1, act May 17, 1950, ch. 188, title II, § 214, 64 Stat. 184, provided that section 947 of former Title 5, Executive Departments and Government Officers and Employees, should not be construed to prevent employment of additional personnel.

§ 701m. Insufficient Congressional authorization; preparations for and modification of project

In any case where the total authorization for a project heretofore or hereafter authorized by
§ 701n. Emergency response to natural disasters

(a) Emergency fund

(1) There is authorized an emergency fund to be expended in preparation for emergency response to any natural disaster, in flood fighting and rescue operations, or in the repair or restoration of any flood control work threatened or destroyed by flood, including the strengthening, raising, extending, realigning, or other modifications thereof as may be necessary in the discretion of the Chief of Engineers for the adequate functioning of the work for flood control and subject to the condition that the Chief of Engineers may include modifications to the structure or project, or in implementation of nonstructural alternatives to the repair or restoration of such flood control work if requested by the non-Federal sponsor; in the emergency protection of federally authorized hurricane or shore protection being threatened when in the discretion of the Chief of Engineers such protection is warranted to protect against imminent and substantial loss to life and property; in the repair and restoration of any federally authorized hurricane or shore protective structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to either the pre-storm level or the design level of protection, whichever provides greater protection, when, in the discretion of the Chief of Engineers, such repair and restoration is warranted for the adequate functioning of the structure or project for hurricane or shore protection, subject to the condition that the Chief of Engineers may include modifications to the structure or project to address major deficiencies or implement nonstructural alternatives to the repair or restoration of the structure if requested by the non-Federal sponsor. The emergency fund may also be expended for emergency dredging for restoration of authorized project depths for Federal navigable channels and waterways made necessary by flood, drought, earthquake, or other natural disasters. In any case in which the Chief of Engineers is otherwise performing work under this section in an area for which the Governor of the affected State has requested a determination that an emergency exists or a declaration that a major disaster exists under the Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.], the Chief of Engineers is further authorized to perform on public and private lands and waters for a period of ten days following the Governor’s request any emergency work made necessary by such emergency or disaster which is essential for the preservation of life and property, including, but not limited to, channel clearance, emergency shore protection, clearance and removal of debris and wreckage endangering public health and safety, and temporary restoration of essential public facilities and services. The Chief of Engineers, in the exercise of his discretion, is further authorized to provide emergency supplies of clean water, on such terms as he determines to be advisable, to any locality which he finds is confronted with a source of contaminated water causing or likely to cause a substantial threat to the public health and welfare of the inhabitants of the locality. The appropriation of such moneys for the initial establishment of this fund and for its replenishment on an annual basis, is authorized: Provided, That pending the appropriation of sums to such emergency fund, the Secretary of the Army may allot, from existing flood-control appropriations, such sums as may be necessary for the immediate prosecution of the work herein authorized, such appropriations to be reimbursed from the appropriation herein authorized when made. The Chief of Engineers is authorized, in the prosecution of work in connection with rescue operations, or in conducting other flood emergency work, to acquire on a rental basis such motor vehicles, including passenger cars and buses, as in his discretion are deemed necessary.

(2) Cost and benefit feasibility assessment.

(A) Consideration of benefits.—In preparing a cost and benefit feasibility assessment for any emergency project described in paragraph (1), the Chief of Engineers shall consider the benefits to be gained by such project for the protection of—

(i) residential establishments;

(ii) commercial establishments, including the protection of inventory; and

(iii) agricultural establishments, including the protection of crops.

(B) Special conditions.

(i) Authority to carry out work.—The Chief of Engineers may carry out repair or restoration work described in paragraph (1) that does not produce benefits greater than the cost if—

(I) the non-Federal sponsor agrees to pay, or provide contributions equal to, an amount sufficient to make the remaining costs of the project equal to the estimated value of the benefits of the repair or restoration work; and

(II) the Secretary determines that—

(aa) the damage to the structure was not a result of negligent operation or maintenance; and

(bb) repair of the project could benefit another Corps project.
(i) Treatment of Payments and Contributions.—Non-Federal payments or contributions pursuant to clause (i) shall be in addition to any non-Federal payments or contributions required by the Chief of Engineers that are applicable to the remaining costs of the repair or restoration work.

(3) Extended Assistance.—Upon request by a locality receiving assistance under the fourth sentence of paragraph (1), the Secretary shall, subject to the availability of appropriations, enter into an agreement with the locality to provide such assistance beyond the time period otherwise provided for by the Secretary under such sentence.

(4) Nonstructural Alternatives Defined.—In this subsection, the term "nonstructural alternatives" includes efforts to restore or protect natural resources, including streams, rivers, floodplains, wetlands, or coasts, if those efforts will reduce flood risk.

(5) Feasibility Study.—

(A) Determination.—Not later than 180 days after receiving, from a non-Federal sponsor of a project to repair or rehabilitate a flood control work described in paragraph (1), a request to initiate a feasibility study to further modify the relevant flood control work to provide for an increased level of protection, the Secretary shall provide to the non-Federal sponsor a written decision on whether the Secretary has the authority under section 549a of this title to undertake the requested feasibility study.

(B) Recommendation.—If the Secretary determines under subparagraph (B) that the Secretary does not have the authority to undertake the requested feasibility study, the Secretary shall include the request for a feasibility study in the annual report submitted under section 2282d of this title.

(b) Emergency Supplies of Drinking Water; Drought; Well Construction and Water Transportation

(1) The Secretary, upon a written request for assistance under this paragraph made by any farmer, rancher, or political subdivision within a distressed area, and after a determination by the Secretary that (A) as a result of the drought such farmer, rancher, or political subdivision has an inadequate supply of water, (B) an adequate supply of water can be made available to such farmer, rancher, or political subdivision through the construction of a well, and (C) as a result of the drought such well could not be constructed by a private business, the Secretary, subject to paragraph (3) of this subsection, may enter into an agreement with such farmer, rancher, or political subdivision for the construction of such well.

(2) The Secretary, upon a written request for assistance under this paragraph made by any farmer, rancher, or political subdivision within a distressed area, and after a determination by the Secretary that as a result of the drought such farmer, rancher, or political subdivision has an inadequate supply of water and water cannot be obtained by such farmer, rancher, or political subdivision, the Secretary may transport water to such farmer, rancher, or political subdivision by methods which include, but are not limited to, small-diameter emergency water lines and tank trucks, until such time as the Secretary determines that an adequate supply of water is available to such farmer, rancher, or political subdivision.

(3)(A) Any agreement entered into by the Secretary pursuant to paragraph (1) of this subsection shall require the farmer, rancher, or political subdivision for whom the well is constructed to pay to the United States the reasonable cost of such construction, with interest, over such number of years, not to exceed thirty, as the Secretary deems appropriate. The rate of interest shall be that rate which the Secretary determines would apply if the amount to be repaid was a loan made pursuant to section 636(b)(2) of title 15.

(B) The Secretary shall not construct any well pursuant to this subsection unless the farmer, rancher, or political subdivision for whom the well is being constructed has obtained, prior to construction, all necessary State and local permits.

(4) The Federal share for the transportation of water pursuant to paragraph (2) of this subsection shall be 100 per cent.

(5) For purposes of this subsection—

(A) the term "construction" includes construction, reconstruction, or repair;

(B) the term "drought" means an area which the Secretary determines due to drought conditions has an inadequate water supply which is causing, or is likely to cause, a substantial threat to the health and welfare of the inhabitants of the area including threat of damage or loss of property;

(C) the term "political subdivision" means a city, town, borough, county, parish, district, association, or other public body created by or pursuant to State law and having jurisdiction over the water supply of such public body;

(D) the term "reasonable cost" means the lesser of (i) the cost to the Secretary of constructing a well pursuant to this subsection exclusive of the cost of transporting equipment used in the construction of wells, or (ii) the cost to a private business of constructing such well;

(E) the term "Secretary" means the Secretary of the Army, acting through the Chief of Engineers; and

(F) the term "State" means a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands.

(c) Eligibility

(1) Levee owner's manual

Not later than 1 year after October 12, 1996, in accordance with chapter 5 of title 5, the Secretary of the Army shall prepare a manual describing the maintenance and upkeep responsibilities that the Corps of Engineers requires of a non-Federal interest in order for the non-Federal interest to receive Federal assistance under this section. The Secretary shall provide a copy of the manual at no cost to each non-Federal interest that is eligible to receive Federal assistance under this section.
§ 701n
TITLE 33—NAVIGATION AND NAVIGABLE WATERS

(2) Compliance

(A) In general

Notwithstanding the status of compliance of a non-Federal interest with the requirements of a levee owner’s manual described in paragraph (1), or with any other eligibility requirement established by the Secretary related to the maintenance and upkeep responsibilities of the non-Federal interest, the Secretary shall consider the non-Federal interest to be eligible for repair and rehabilitation assistance under this section if the non-Federal interest—

(i) enters into a written agreement with the Secretary that identifies any items of deferred or inadequate maintenance and upkeep identified by the Secretary prior to the natural disaster; and

(ii) pays, during performance of the repair and rehabilitation work, all costs to address—

(I) any items of deferred or inadequate maintenance and upkeep identified by the Secretary; and

(II) any repair or rehabilitation work necessary to address damage the Secretary attributes to such deferred or inadequate maintenance or upkeep.

(B) Eligibility

The Secretary may only enter into one agreement under subparagraph (A) with any non-Federal interest.

(C) Sunset

The authority of the Secretary to enter into agreements under paragraph (2) shall terminate on the date that is 5 years after December 27, 2020.

(3) Authorization of appropriations

There is authorized to be appropriated $1,000,000 to carry out paragraph (1).

(4) Definitions

In this subsection, the following definitions apply:

(A) Maintenance and upkeep

The term “maintenance and upkeep” means all maintenance and general upkeep of a levee performed on a regular and consistent basis that is not repair and rehabilitation.

(B) Repair and rehabilitation

The term “repair and rehabilitation”—

(i) means the repair or rebuilding of a levee or other flood control structure, after the structure has been damaged by a flood, to the level of protection provided by the structure before the flood; but

(ii) does not include—

(I) any improvement to the structure; or

(II) repair or rebuilding described in clause (i) if, in the normal course of usage, the structure becomes structurally unsound and is no longer fit to provide the level of protection for which the structure was designed.

(d) Increased level of protection

In conducting repair or restoration work under subsection (a), at the request of the non-Federal sponsor, the Chief of Engineers may increase the level of protection above the level to which the system was designed, or, if the repair or restoration includes repair or restoration of a pumping station, increase the capacity of a pump, if—

(1) the Chief of Engineers determines the improvements are in the public interest, including consideration of whether—

(A) the authority under this section has been used more than once at the same location;

(B) there is an opportunity to decrease significantly the risk of loss of life and property damage; or

(C) there is an opportunity to decrease total life cycle rehabilitation costs for the project; and

(2) the non-Federal sponsor agrees to pay the difference between the cost of repair or restoration to the original design level or original capacity and the cost of achieving the higher level of protection or capacity sought by the non-Federal sponsor.

(e) Notice

The Secretary shall notify and consult with the non-Federal sponsor regarding the opportunity to request implementation of non-structural alternatives to the repair or restoration of a flood control work under subsection (a).

ments” and, in text, inserted “or contributions” after “Non-Federal payments” and after “Non-Federal payments”.

Subsec. (c)(2) to (4). Pub. L. 116–260, §120(2)(C), (D), added par. (2), redesignated former pars. (2) and (3) as (3) and (4), respectively, and substituted “paragraph (1)” for “this subsection” in par. (3).

Subsec. (a)(1). Pub. L. 115–270, §1160, in first sentence, substituted “strengthening, raising, extending, realigning, or other modification thereof” for “strengthening, raising, extending, or other modification thereof” and “structure or project damaged or destroyed by wind, wave, or other action of other than an ordinary nature to either the pre-storm level or the design level of protection, whichever provides greater protection, in the discretion of the Chief of Engineers…” for “structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to the design level of protection when, in the discretion of the Chief of Engineers…”

Subsec. (a)(2). Pub. L. 115–270, §1161(a), added par. (2) and struck out former par. (2) which read as follows: “In preparing a cost and benefit feasibility assessment for a project emergency project described in paragraph (1), the Chief of Engineers shall consider the benefits to be gained by such project for the protection of—

(A) residential establishments;

(B) commercial establishments, including the protection of inventory; and

(C) agricultural establishments, including the protection of crops.”

Subsec. (a)(3), (4). Pub. L. 115–270, §1162, added par. (3) and redesignated former par. (3) as (4).

Subsecs. (d), (e). Pub. L. 114–322, §1176(2), added subsecs. (d) and (e).

1914—Subsec. (a)(1). Pub. L. 113–121 inserted “and subject to the condition that the Chief of Engineers may include modifications to the structure or project” after “work for flood control” and substituted “structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to the design level of protection when, in the discretion of the Chief of Engineers, such repair and restoration is warranted for discarding the Army’s conclusion of the structure or project for hurricane or shore protection, subject to the condition that the Chief of Engineers may include modifications to the structure or project to address major deficiencies or implement nonstructural alternatives to the repair or restoration of the structure if requested by the non-Federal sponsor” for “structure damaged or destroyed by wind, wave, or water action of other than an ordinary nature when in the discretion of the Chief of Engineers such repair and restoration is warranted for the adequate functioning of the structure for hurricane or shore protection”.

1906—Subsec. (a)(1). Pub. L. 104–303, §202(e), in first sentence, inserted “or in implementation of nonstructural alternatives to the repair or restoration of such flood control work if requested by the non-Federal sponsor”.

1990—Subsec. (a)(1). Pub. L. 101–650 substituted “preparation for emergency response to any national disaster” for “flood emergency preparation” and inserted provision permitting the emergency fund to be used for emergency dredging for restoration of authorized depths for Federal navigable channels and waterways made necessary by flood, drought, earthquake, or other natural disasters.

1986—Subsec. (a)(1). Pub. L. 99–662 inserted provision relating to authority of the Chief of Engineers, when the Governor of an affected State requests a determination that an emergency or major disaster exists, to perform on public and private lands and waters, for a period of ten days following the Governor’s request, any emergency work made necessary by such emergency or disaster which is essential for the preservation of life and property, and substituted “clean water” for “clean drinking water” and “contaminated water” for “contaminated drinking water”.

1979—Pub. L. 95–65 designated existing provisions as subsec. (a) and added subsec. (b).

1974—Pub. L. 93–251 struck out limitation of emergency fund to $15,000,000, provided for emergency supplies of clean drinking water to localities confronted with source of contaminated drinking water, and substituted in proviso “of sums to such emergency fund” for “of said sum”.

1962—Pub. L. 87–874 authorized expenditures from the emergency fund for the protection of federally authorized hurricane or shore protection being threatened when such is warranted to protect against imminent and substantial loss to life and property, and for the repair and restoration of any such federally authorized hurricane or shore protective structure damaged or destroyed by wind or water action of an extraordinary nature when such is warranted for the adequate functioning of the structure for hurricane or shore protection.

1950—Act May 17, 1950, expanded scope of work considered under emergency repairs to flood-control structures, and substituted “$15,000,000” for “$2,000,000”.

1948—Act June 30, 1948, inserted provisions relating to the strengthening, extending, or modification of flood-control works.

1946—Act July 24, 1946, substituted “$2,000,000” for “$1,000,000”.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 502. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1014, 70A Stat. 691. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TERMINATION OF TRUST TERRITORY OF THE PACIFIC ISLANDS

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

CONTINUED ELIGIBILITY

Pub. L. 115–270, title I, §1161(b), Oct. 23, 2018, 132 Stat. 3796, as amended by Pub. L. 116–260, div. AA, title I, §121, Dec. 27, 2020, 134 Stat. 2684, provided that “Notwithstanding a non-Federal flood control work’s status in the Rehabilitation and Inspection Program carried out pursuant to section 5 of the Act of August 18, 1941 (33 U.S.C. 701n), any unconstructed emergency project for the non-Federal flood control work that was formulated during the five fiscal years preceding the fiscal year in which this Act was enacted (Oct. 23, 2018) but that was determined to not produce benefits greater than costs shall remain eligible for assistance under such section 5 until the last day of the fifth fiscal year following the fiscal year in which this Act was enacted if—

(1) the non-Federal sponsor agrees, in accordance with such section 5, as amended by this Act, to pay,
or provide contributions equal to, an amount sufficient to make the remaining costs of the project equal to the estimated value of the benefits of the repair or restoration work; and

(2) the Secretary [of the Army] determines that the damage to the structure was not as a result of negligent operation or maintenance.''

**SYSTEMWIDE IMPROVEMENT FRAMEWORK**

Pub. L. 113–121, title III, § 3013, June 10, 2014, 128 Stat. 1284, provided that: '‘A levee system shall remain eligible for rehabilitation assistance under the authority provided by section 5 of the Act of August 18, 1941 (33 U.S.C. 701n) as long as the levee system sponsor continues to make satisfactory progress, as determined by the Secretary [of the Army], on an approved systemwide improvement framework or letter of intent.’’

**VEGETATION MANAGEMENT GUIDELINES**

Pub. L. 113–121, title III, § 3013, June 10, 2014, 128 Stat. 1284, provided that:

(a) **DEFINITION OF GUIDELINES.**—In this section, the term ‘‘guidelines’’ means the Corps of Engineers policy guidelines for management of vegetation on levees, including—

(1) Engineering Technical Letter 1110–2–571 entitled ‘‘Guidelines for Landscape Planting and Vegetation Management at Levees, Floodwalls, Embankment Dams, and Appurtenant Structures’’ and adopted April 10, 2009; and

(2) the draft policy guidance letter entitled ‘‘Process for Requesting a Variance from Vegetation Standards for Levees and Floodwalls’’ (77 Fed. Reg. 6937 (Feb. 17, 2012)).

(b) **REVIEW.**—The Secretary [of the Army] shall carry out a comprehensive review of the guidelines in order to determine whether current Federal policy relating to levee vegetation is appropriate for all regions of the United States.

(c) **FACTORS.**—

(1) In general.—In carrying out the review, the Secretary shall consider—

(A) the varied interests and responsibilities in managing flood risks, including the need—

(i) to provide the greatest benefits for public safety with limited resources; and

(ii) to ensure that levee safety investments minimize environmental impacts and provide corresponding public safety benefits;

(B) the levee safety benefits that can be provided by woody vegetation;

(C) the preservation, protection, and enhancement of natural resources, including—

(i) the benefit of vegetation on levees in providing habitat for species of concern, including endangered, threatened, and candidate species; and

(ii) the impact of removing levee vegetation on compliance with other regulatory requirements;

(D) protecting the rights of Indian tribes pursuant to treaties and statutes;

(E) determining how vegetation impacts the performance of a levee or levee system during a storm or flood event;

(F) the available science and the historical record regarding the link between vegetation on levees and flood risk;

(G) the avoidance of actions requiring significant economic costs and environmental impacts; and

(H) other factors relating to the factors described in subparagraphs (A) through (F) identified in public comments that the Secretary determines to be appropriate.

(2) **VARIANCE CONSIDERATIONS.**—

(A) In general.—In carrying out the review, the Secretary shall specifically consider factors that promote and allow for consideration of variances from guidelines on a Statewide, tribal, regional, or watershed basis, including variances based on—

(1) regional or watershed soil conditions;

(2) hydrologic factors;

(3) vegetation patterns and characteristics;

(4) environmental resources, including endangered, threatened, or candidate species and related regulatory requirements;

(5) levee performance history, including historical information on original construction and subsequent operation and maintenance activities;

(6) any effects on water supply;

(7) any scientific evidence on the link between levee vegetation and levee safety;

(8) institutional considerations, including implementation challenges and conflicts with or violations of Federal or State environmental laws;

(9) the availability of limited funds for levee construction and rehabilitation;

(10) the economic and environmental costs of removing woody vegetation on levees; and

(11) other relevant factors identified in public comments that the Secretary determines to be appropriate.

(B) **SCOPE.—** The scope of a variance approved by the Secretary may include a complete exemption to guidelines, if appropriate.

(c) **RECOMMENDATIONS.**—

(1) **IN GENERAL.**—The Secretary shall carry out the review under this section in consultation with other applicable Federal agencies, representatives of State, regional, local, and tribal governments, appropriate nongovernmental organizations, and the public.

(2) **RECOMMENDATIONS.**—

(A) **REGIONAL INTEGRATION TEAMS.**—Corps of Engineers Regional Integration Teams, representing districts, divisions, and headquarters, in consultation with State and Federal resource agencies, and with participation by local agencies, shall submit to the Secretary any recommendations for vegetation management policies for levees that conform with Federal and State laws and other applicable requirements, including recommendations relating to the review of guidelines under subsection (b) and the consideration of variances under subsection (c)(2).

(B) **STATE, TRIBAL, REGIONAL, AND LOCAL ENTITIES.**—The Secretary shall consider and accept recommendations from any State, tribal, regional, or local entity for vegetation management policies for levees that conform with Federal and State laws and other applicable requirements, including recommendations relating to the review of guidelines under subsection (b) and the consideration of variances under subsection (c)(2).

(c) **INDEPENDENT CONSULTATION.**—

(1) **IN GENERAL.**—As part of the review, the Secretary shall solicit and consider the views of independent experts on the engineering, environmental, and institutional considerations underlying the guidelines, including the factors described in subsection (c) and any information obtained by the Secretary under subsection (d).

(2) **AVAILABILITY OF VIEWS.**—The views of the independent experts obtained under paragraph (1) shall be—

(A) made available to the public; and

(B) included in supporting materials issued in connection with the revised guidelines required under subsection (f).

(d) **REVISION OF GUIDELINES.**—

(1) **IN GENERAL.**—Not later than 18 months after the date of enactment of this Act [June 10, 2014], the Secretary shall—

(A) revise the guidelines based on the results of the review, including—

(i) recommendations received as part of the consultation described in subsection (d)(1); and
and local governments and the public.

consultation with interested representatives of State
cooporation with interested Federal agencies and in
under this section [subsection] shall be undertaken in
3676, provided that:

(A) In general

(B) Definitions

In this section:

(1) Affected community

The term “affected community” means a le-
gally constituted public body (as that term is
used in section 19624-5b(b) of title 42)—
(A) with jurisdiction over an area that has
been subject to flooding in two or more
events in any 10-year period; and
(B) that has received emergency flood-
fighting assistance, including construc-
tion of temporary barriers by the Secretary,
§ 701o  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 200

under section 701n of this title with respect to such flood events.

(2) Natural feature; nature-based feature
The terms "natural feature" and "nature-based feature" have the meanings given those terms in section 2289a of this title.

(b) Program
(1) In general
The Secretary is authorized to carry out a program to study, design, and construct water resources development projects through measures involving, among other things, strengthening, raising, extending, realigning, or otherwise modifying existing flood control works, designing new works, and incorporating natural features, nature-based features, or non-structural features, as appropriate to provide flood and coastal storm risk management to affected communities.

(2) Considerations
In carrying out paragraph (1), the Secretary shall, to the maximum extent practical, review and, where appropriate, incorporate natural features or nature-based features, or a combination of such features and non-structural features, that avoid or reduce at least 50 percent of flood or storm damages in one or more of the alternatives included in the final alternatives evaluated.

(3) Construction
(A) In general
The Secretary may carry out a project described in paragraph (1) without further congressional authorization if—
(i) the Secretary determines that the project—
(I) is advisable to reduce the risk of flooding for an affected community; and
(II) produces benefits that are in excess of the estimated costs; and
(ii) the Federal share of the cost of the construction does not exceed $17,500,000.

(B) Specific authorization
If the Federal share of the cost of a project described in paragraph (1) exceeds $17,500,000, the Secretary shall submit the project recommendation to Congress for authorization prior to construction, and shall include the project recommendation in the next annual report submitted under section 2282d of this title.

(C) Financing
(i) Contributions
If, based on a study carried out pursuant to paragraph (1), the Secretary determines that a project described in paragraph (1) will not produce benefits greater than cost, the Secretary shall allow the affected community to pay, or provide contributions equal to, an amount sufficient to make the remaining costs of design and construction of the project equal to the estimated value of the benefits of the project.

(ii) Effect on non-Federal share
Amounts provided by an affected community under clause (i) shall be in addition to any payments or contributions the affected community is required to provide toward the remaining costs of design and construction of the project under section 2213 of this title.

(4) Ability to pay
(A) In general
Any cost-sharing agreement for a project entered into pursuant to this section shall be subject to the ability of the affected community to pay.

(B) Determination
The ability of any affected community to pay shall be determined by the Secretary in accordance with procedures established by the Secretary.

(C) Effect of reduction
Any reduction in the non-Federal share of the cost of a project described in paragraph (1) as a result of a determination under this paragraph shall not be included in the Federal share for purposes of subparagraphs (A) and (B) of paragraph (3).

Statutory Notes and Related Subsidiaries
"Secretary" Defined
Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

§ 701o. Omitted

Editorial Notes
Codification

§ 701p. Railroad bridge alterations at Federal expense
On and after July 24, 1946, for authorized flood protection projects which include alterations of railroad bridges the Chief of Engineers is authorized to include at Federal expense the necessary alterations of railroad bridges and approaches in connection therewith.

(July 24, 1946, ch. 596, §3, 60 Stat. 642.)

§ 701q. Repair and protection of highways, railroads, and utilities damaged by operation of dams or reservoir
Whenever the Chief of Engineers shall find that any highway, railway, or utility has been or is being damaged or destroyed by reason of the operation of any dam or reservoir project under the control of the Department of the Army, he may utilize any funds available for the construction, maintenance, or operation of the project involved for the repair, relocation, restoration, or protection of such highway, railway, or utility: Provided, That this section shall not apply to highways, railways, and utilities
previously provided for by the Department of the Army, unless the Chief of Engineers determines that the actual damage has or will exceed that for which provision had previously been made.

(July 24, 1946, ch. 596, §9, 60 Stat. 643; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 701r–1. Repair and restoration of embankments

(a) In general

At the request of a non-Federal interest, the Secretary shall assess the cause of damage to, or the failure of, an embankment that is adjacent to the shoreline of a reservoir project owned and operated by the Secretary for which such damage or failure to the embankment has adversely affected a roadway that the Secretary has relocated for construction of the reservoir.

(b) Repair and restoration activities

If, based on the assessment carried out under subsection (a), the Secretary determines that the cause of damage to, or the failure of, the embankment is the direct result of the design or operation of the reservoir by the Secretary, the Secretary is authorized to participate in the repair or restoration of such embankment.

(c) Authorization of appropriations

There is authorized to be appropriated to the Secretary $10,000,000 to carry out this section.

Statutory Notes and Related Subsidiaries

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

§ 701r. Protection of highways, bridge approaches, public works, and nonprofit public services

The Secretary of the Army is authorized to allot from any appropriations heretofore or hereafter made for flood control, not to exceed $25,000,000 per year, for the construction, repair, restoration, and modification of emergency streambank and shoreline protection works to prevent damage to highways, bridge approaches, and public works, churches, hospitals, schools, and other nonprofit public services, when in the opinion of the Chief of Engineers such work is advisable: Provided, That not more than $5,000,000 shall be allotted for this purpose at any single locality from the appropriations for any one fiscal year, and if such amount is not sufficient to cover the costs included in the Federal cost share for a project, as determined by the Secretary, the non-Federal interest shall be responsible for any such costs that exceed such amount.

Editorial Notes

AMENDMENTS

2018—Pub. L. 115–270 substituted "$25,000,000" for "$20,000,000" and inserted "and if such amount is not sufficient to cover the costs included in the Federal cost share for a project, as determined by the Secretary, the non-Federal interest shall be responsible for any such costs that exceed such amount" before period at end.

2014—Pub. L. 113–121 substituted "$30,000,000" for "$15,000,000" and "$5,000,000" for "$1,500,000".

2007—Pub. L. 110–114 substituted "$1,500,000" for "$1,000,000".

1996—Pub. L. 104–303 substituted "$15,000,000" for "$12,500,000" and "$1,000,000" for "$500,000".

1986—Pub. L. 99–662 substituted "$12,500,000" for "$10,000,000" and "$500,000" for "$350,000".

1974—Pub. L. 93–251 substituted "$10,000,000" for "$1,000,000", "$250,000" for "$50,000", and "construction, repair, restoration, and modification of emergency streambank and shoreline protection works to prevent flood damages to highways, bridge approaches, and public works, churches, hospitals, schools, and other nonprofit public services," for "construction of emergency bank-protection works to prevent flood damages to highways, bridge approaches, and public works."

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

EFFECTIVE DATE OF 1986 AMENDMENT

Amendment by Pub. L. 99–662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(i) of Pub. L. 99–662, set out as a note under section 426g of this title.

§ 701r–1. Utilization of public roads

(a) Definitions

When used in this section—

(1) The term "Agency" means the Corps of Engineers, United States Army or the Bureau of Reclamation, United States Department of the Interior, whichever has jurisdiction over the project concerned.

(2) The term "head of the Agency concerned" means the Chief of Engineers or the Commissioner, Bureau of Reclamation, or their respective designees.
§701s

(3) The term "water resources projects to be constructed in the future" includes all projects not yet actually under construction, and, to the extent of work remaining to be completed, includes projects presently under construction where road relocations or identifiable components thereof are not complete as of the date of this section.

(4) The term "time of the taking" is the date of the relocation agreement, the date of the filing of a condemnation proceeding, or a date agreed upon between the parties as the date of taking.

(b) Improvement, reconstruction, and maintenance

Whenever, in connection with the construction of any authorized flood control, navigation, irrigation, or multiple purpose project for the development of water resources, the head of the Agency concerned determines it to be in the public interest to utilize existing public roads as a means of providing access to such projects during construction, such Agency may improve, reconstruct, and maintain such roads and may contract with the local authority having jurisdiction over the roads to accomplish the necessary work. The accomplishment of such work of improvement may be carried out with or without obtaining any interest in the land on which the road is located in accordance with mutual agreement between the parties: Provided, (1) That the head of the Agency concerned determines that such work would result in a saving in Federal cost as opposed to the cost of providing a new access road at Federal expense, (2) that, at the completion of construction, the head of the Agency concerned will, if necessary, restore the road to at least as good condition as prior to the beginning of utilization for access during construction, and (3) that, at the completion of construction, the responsibility of the Agency for improvement, reconstruction, and maintenance shall cease.

(c) Replacement roads; construction to higher standards

For water resources projects to be constructed in the future, when the taking by the Federal Government of an existing public road necessitates replacement, the substitute provided will, as nearly as practicable, serve in the same manner and reasonably as well as the existing road. The head of the agency concerned is authorized to construct such substitute roads to the design standards which the State or owning political division would use in constructing a new road under similar conditions of geography and under similar traffic loads (present and projected) for "to design standards comparable to those of the State, or, where applicable State standards do not exist, those of the owning political division in which the road is located, for roads of the same classification as the road being replaced. The traffic existing at the time of the taking shall be used in the determination of the classification."

Subsec. (b). Pub. L. 87–874 redesignated former subsec. (a) as (b), and among other changes, inserted "irrigation," before "or multiple-purpose project" and substituted references to head of the Agency concerned, for references to Chief of Engineers. Former subsec. (b) redesignated (c).

Subsec. (c). Pub. L. 87–874 redesignated former subsec. (b) as (c), substituted construction authority to head of the agency concerned for authority to Chief of Engineers, provided that where State standards do not exist, those of the owning political division in which the road is located shall be used, that where a State or political subdivision requests a substitute road to be constructed to a higher standard than provided in this subsection, and pays the additional costs, the Agency head is authorized to so construct the road, and that the Federal costs under this subsection shall be part of the nonreimbursable costs.

§701s. Small flood control projects; appropriations; amount limitation for single locality; conditions

The Secretary of the Army is authorized to allot from any appropriations hereafter made for flood control, not to exceed $68,750,000 for any one fiscal year, for the implementation of small structural and nonstructural projects, and projects that use natural features or nature-based features (as those terms are defined in section 2289a(a) of this title), for flood control and related purposes not specifically authorized by Congress, which come within the provisions of section 701a of this title, when in the opinion of the Chief of Engineers such work is advisable. The amount allotted for a project shall be sufficient to complete Federal participation in the project. Not more than $10,000,000 shall be allotted under this section for a project at any single locality. The provisions of local cooperation specified in section 701c of this title shall apply. The work shall be complete in itself and not commit the United States to any additional improvement to insure its successful operation, except as may result from the normal procedure applying to projects authorized after submission of preliminary examination and survey reports.

Editorial Notes

AMENDMENTS

1974—Subsec. (c). Pub. L. 93–251 lower cased "agency" in two places, and substituted "to the design standards which the State or owning political division would use in constructing a new road under similar conditions of geography and under similar traffic loads (present and projected)," for "to design standards comparable to those of the State, or, where applicable State standards do not exist, those of the owning political division in which the road is located, for roads of the same classification as the road being replaced. The traffic existing at the time of the taking shall be used in the determination of the classification."
Effective Date of 1981 Amendment

Effective Date of 1976 Amendment
Amendment by Pub. L. 94–587 not applicable to any project under contract for construction on Oct. 22, 1976, see section 33(c) of Pub. L. 94–587, set out as a note under section 577 of this title.

Ick Jam Prevention and Mitigation

“(a) IN GENERAL.—The Secretary of the Army may carry out projects under section 205 of the Flood Control Act of 1948 (33 U.S.C. 701s), including planning, design, construction, and monitoring of structural and nonstructural technologies and measures, for preventing and mitigating flood damages associated with ice jams.

“(b) INCLUSION.—The projects described in subsection (a) may include the development and demonstration of cost-effective technologies and designs developed in consultation with—

“(1) the Cold Regions Research and Engineering Laboratory of the Corps of Engineers;

“(2) universities;

“(3) Federal, State, and local agencies; and

“(4) private organizations.

“(c) PILOT PROGRAM.—

“(1) IN GENERAL.—The Secretary shall identify and carry out not fewer than 20 projects under this section to demonstrate technologies and designs developed in accordance with this section.

“(2) PROJECT SELECTION.—The Secretary shall—

“(A) ensure that the projects are selected from all cold regions of the United States, including the Upper Missouri River Basin and the Northeast; and

“(B) select not fewer than one project to be carried out on a reservation (as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452)) and carried out under the terms of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304)).”

§ 701t. Emergency fund for flood damage; amount; commitments to be fulfilled by local interests

The sum of $25,000,000 is authorized to be appropriated as an emergency fund to be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for the repair, restoration, and strengthening of levees and other flood control works which have been threatened or destroyed by recent floods, or which may be threatened or destroyed by future floods, including the raising, extending, or other modification of such works as may be necessary in the discretion of the Chief of Engineers for the adequate functioning of the works for flood control; Provided, That local interests shall provide without cost to the United States all lands, easements, and rights of way necessary for the work and shall maintain and operate all the works after completion in a manner satisfactory to the Chief of Engineers: Provided further. That pending the appropriation of said sum, the Secretary of the Army may allot from existing flood-control appropriations such sums as may be necessary for the immediate prosecution of the work authorized by this.
section, such appropriations to be reimbursed from said emergency fund when appropriated:  

**And provided further, That** funds allotted under this authority shall not be diverted from the unobligated funds from the appropriation “Flood control, general”, made available in War Department Civil Functions Appropriation Acts for specific purposes.

(June 30, 1948, ch. 771, title II, §208, 62 Stat. 1182.)

§ 701u. **International engineering or scientific conferences; attendance**

The Secretary of the Army is authorized to allot from any appropriations heretofore or hereafter made for flood control or rivers and harbors, funds for payment of expenses of representatives of the Corps of Engineers engaged on flood control and river and harbor work to international engineering or scientific conferences to be held outside the United States:  

**Provided, That** not more than ten representatives of the Corps of Engineers shall attend any one conference.

**Editorial Notes**

**AMENDMENTS**

1996—Pub. L. 104–303 substituted “outside the United States” for “outside the continental limits of the United States” and struck out before period at end “:  

**And provided further, That** not more than $25,000 shall be allotted during any one fiscal year for this purpose”.

§ 702. **Mississippi River**

[AUTHORIZATION OF FLOOD-CONTROL WORK.] For controlling the floods of the Mississippi River and continuing its improvement from the Head of the Passes to the mouth of the Ohio River the Secretary of the Army is empowered, authorized, and directed to carry on continuously, by hired labor or otherwise, the plans of the Mississippi River Commission, prior to March 3, 1917, or thereafter adopted, to be paid for as appropriations may from time to time be made by law:  

[ALLOCMENTS FOR IMPROVEMENT OF WATERCOURSES CONNECTED WITH MISSISSIPPI RIVER.] The watercourses connected with the Mississippi River to such extent as may be necessary to exclude the flood waters from the upper limits of any delta basin, together with the Ohio River from its mouth to the mouth of the Cache River, may, in the discretion of said commission, receive allotments for improvements under way March 1, 1917, or thereafter to be undertaken:  

[Maintenance of levees constructed for flood control.] Upon the completion of any levee constructed for flood control under authority of this section, said levee shall be turned over to the levee district protected thereby for maintenance thereafter; but for all other purposes the United States shall retain such control over the same as it may have the right to exercise upon such completion.

**Editorial Notes**

**Codification**

Last clause of first paragraph was originally limited to appropriations made for a period of six years beginning July 1, 1924.

The portion of the first paragraph providing “and a sum not to exceed $10,000,000 annually is hereby authorized to be appropriated for that purpose, for a period of six years beginning July 1, 1924” together with the fourth paragraph, relating to expenditures for improvements between Head of Passes and Rock Island, were from act Mar. 4, 1923, which superseded provisions on the same subjects contained in act Mar. 1, 1917, from which the rest of the section was derived, and were omitted as executed.

Sections 2 and 3 of act Mar. 1, 1917, are classified to sections 703 and 701, respectively, of this title, and section 4 of act Mar. 1, 1917, amended section 643 of this title.

**Statutory Notes and Related Subsidiaries**

**Change of Name**

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, and after such study and such further surveys as may be necessary, to recommend the project, is created; and such board is authorized and directed to consider the engineering differences between the adopted project and the plans recommended by the Mississippi River Commission in its special report dated November 28, 1927, and after such study and such further surveys as may be necessary, to recommend to the President such action as it may deem necessary to be taken in respect to such engineering differences and the decision of the President upon all recommendations or questions submitted to him by such board shall be followed in carrying out the project herein adopted.  

The board shall not have any power or authority in respect to such project except as hereinafter provided.  

Such project and the changes therein, if any, shall be executed in accordance with the provisions of section 702h of this title.
Such surveys shall be made between Baton Rouge, Louisiana, and Cape Girardeau, Missouri, as the board may deem necessary to enable it to ascertain and determine the best method of securing flood relief in addition to levees, before any flood-control works other than levees and revetments are undertaken on that portion of the river: Provided, That all diversion works and outlets constructed under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m and 704 of this title shall be built in a manner and of a character which will fully and amply protect the adjacent lands: Provided further, That pending completion of any floodway, spillway, or diversion channel, the areas within the same shall be given the same degree of protection as is afforded by levees on the west side of the river contiguous to the levee at the head of said floodway, but nothing herein shall prevent, postpone, delay, or in anywise interfere with the execution of that part of the project on the east side of the river, including raising, strengthening, and enlarging the levees on the east side of the river. The sum of $325,000,000 is authorized to be appropriated for this purpose.

All unexpended balances of appropriations prior to May 15, 1928, made for prosecuting work of flood control on the Mississippi River in accordance with the provisions of section 702 of this title, are made available for expenditure under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, and 702m of this title.

Editorial Notes

References in Text

Herein, referred to in text, means act May 15, 1928, ch. 569, 45 Stat. 534, as amended, which enacted sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, and 704 of this title. For complete classification of this Act to the Code, see Tables.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, 61 Stat. 501.

Abandonment and Repeal of Projects

For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a–12 of this title.

§ 702a–1. Modification of project of 1927; adoption

The project for the control of floods of the Mississippi River and its tributaries, adopted by section 702a of this title, is modified in accordance with the recommendations of section 43 of the report submitted by the Chief of Engineers to the Chairman of the Committee on Flood Control, dated February 12, 1935, and printed in House Committee on Flood Control Document Numbered 1, Seventy-fourth Congress, first session, as, in sections 642a, 702a–2 to 702a–12, 702c–1, 702j–1, 702j–2, 702k–1, and 702k–2 of this title, further modified and amended; and as so modified is adopted and authorized and directed to be prosecuted under the direction of the Secretary of the Army and the supervision of the Chief of Engineers.

(June 15, 1936, ch. 548, § 1, 49 Stat. 1508; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

Prior Provisions

A prior section 702a–1, act June 28, 1938, ch. 795, § 4, 52 Stat. 1220, which related to further modification of 1927 project, was transferred to section 702a–1a of this title.

A prior section 702a–1a, act Aug. 18, 1941, ch. 377, § 3, 55 Stat. 642, which related to further modification and adoption of Lower Mississippi River flood control project, was transferred to section 702a–1b of this title.

Statutory Notes and Related Subsidiaries

Change of Name

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702a–1a. Further modification of 1927 project; adoption; appropriation

In accordance with the recommendations of the Chief of Engineers, as set forth in his report of April 6, 1937, and published as Flood Control Committee Document Numbered 1, Seventy-fifth Congress, first session, paragraph 38(b), except subparagraph (1), the project for flood control of the Lower Mississippi River adopted by sections 642a, 702a–1, 702a–2 to 702a–12, 702c–1, 702f–1 to 702m, and 704 of this title, is modified and, as modified, is adopted, and there is authorized to be appropriated in addition to the sums previously authorized $40,000,000 to be applied for the purposes set forth in said document covering the said recommendations, with the exceptions mentioned, subject to the provisions made in section 702a–11 of this title.

(June 28, 1938, ch. 795, § 4, 52 Stat. 1220.)

Editorial Notes

Classification

Section was formerly classified to section 702a–1½ of this title.

§ 702a–1b. Further modification; adoption

The project for flood control of the Lower Mississippi River adopted by sections 642a, 702a to 702a–1a, 702a–2 to 702d, and 702e to 702h, 702i to 702m, and 704 of this title is modified and, as modified, is authorized and adopted.
§ 702a-2  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 206  

(Aug. 18, 1941, ch. 377, § 3, 55 Stat. 642.)

Editorial Notes

Codification
Section was formerly classified to section 702a–1 of this title.

§ 702a-2. Abandonment of Boeuf Floodway

The Boeuf Floodway, authorized by the provisions adopted in section 702a of this title, shall be abandoned as soon as the Eudora Floodway, provided for in Flood Control Committee Document Numbered 1, Seventy-fourth Congress, first session, is in operative condition and the back protection levee recommended in said document, extending north from the head of the Eudora Floodway, shall have been constructed.

(June 15, 1936, ch. 548, § 2, 49 Stat. 1509.)

Statutory Notes and Related Subsidiaries

Abandonment and Repeal of Projects
For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a–12 of this title.

§ 702a–3. Levees; raising and enlarging

The levees along the Mississippi River from the head of the Morganza Floodway to the head of the Atchafalaya River and down the east bank of the Atchafalaya River to intersection with the west protection levee of said Morganza Floodway shall be raised and enlarged to 1928 grade and section.

(June 15, 1936, ch. 548, § 3, 49 Stat. 1509.)

§ 702a–4. Fuse-plug levees

After the Eudora Floodway shall have been constructed and is ready for operation, the fuse-plug levees now at the head of the Boeuf and Tensas Basins shall be constructed to the 1914 grade and the 1928 section. The fuse-plug levees at the head of the Atchafalaya Basin on the west side shall be constructed to the 1914 grade and the 1928 section. The fuse-plug levees at the head of the Atchafalaya Basin on the east side of the Atchafalaya River shall be constructed to the 1914 grade and 1928 section, and, after the Morganza Floodway has been completed, shall be raised to the 1928 grade as provided in section 702a–3 of this title. Thereafter those stretches of said levees which are left as fuse-plug levees shall be reconstructed and maintained as herein provided, subject to the provisions of section 702a–3 of this title. Any funds appropriated under authority of sections 702g–1 and 702k–1 of this title may be expended for this purpose.

(June 15, 1936, ch. 548, § 10, 49 Stat. 1511.)

Editorial Notes

References in Text
Herein, referred to in text, means act June 15, 1936, ch. 548, 49 Stat. 1508, as amended, which enacted sections 702a, 702a–1, 702a–2 to 702a–12, 702g–1, 702k–1, 702k–2, and 702k–3 of this title. For complete classification of this Act to the Code, see Tables.

§ 702a–5. Back levee north of Eudora Floodway

The back-protection levee north of the Eudora Floodway shall be constructed to the same grade and section as the levees opposite on the east side of the Mississippi River: Provided, That this levee extending from the head of the Eudora Floodway north to the Arkansas River shall be so located as to afford adequate space for the passage of flood waters without endangering the levees opposite on the east side of the river and shall be constructed contemporaneously with the construction of the Eudora Floodway; except that, until the Eudora Floodway is in operative condition, there shall be left in this back levee north of the head of the Eudora Floodway openings which shall be sufficient, in the discretion of the Chief of Engineers, to permit the passage of all flood waters to be reasonably contemplated in the event of any break in the riverside fuse-plug levee prior to the time the Eudora Floodway shall be in operative condition.

(June 15, 1936, ch. 548, § 11, 49 Stat. 1511.)

Statutory Notes and Related Subsidiaries

Abandonment and Repeal of Projects
For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a–12 of this title.

§ 702a–6. Drainage necessitated by floodway levees

The United States shall provide the drainage made necessary by the construction of floodway levees included in the modified project.

(June 15, 1936, ch. 548, § 6, 49 Stat. 1510.)

§ 702a–7. Railroad and highway crossings over floodways

The United States shall construct, at its own cost, one railroad and one highway crossing over the Eudora Floodway and not to exceed three railway and two highway crossings over the Morganza Floodway, and not to exceed one railway crossing (together with suitable physical connections therewith) and one highway crossing over the floodway west of the Atchafalaya River provided for in the modified project: Provided, That equitable agreements can be made with the railroad and highway authorities concerned and that the appropriate railroad or highway agencies agree to accept and maintain and operate these crossings without cost to the United States; Provided further, That the railroads crossing the Morganza and West Atchafalaya Floodways agree in consideration of all flood waters to be reasonably contained in the event of any break in the riverside fuse-plug levee prior to the time the Eudora Floodway shall be in operative condition.

(June 15, 1936, ch. 548, § 7, 49 Stat. 1510.)
§ 702a–8. Additional roads; construction by United States

In addition to the construction by the United States of roads in connection with floodways as heretofore provided, the Federal Government may, in the discretion of the Chief of Engineers, and within the limits of available funds, construct additional roads to afford access to those portions of the levee lines not otherwise accessible.

(June 15, 1936, ch. 548, § 8, 49 Stat. 1510.)

§ 702a–9. Lands, easements, and rights-of-way; reimbursement of United States from liability for damages

No money appropriated under sections 702g–1 and 702k–1 of this title shall be expended on the construction of any reservoir project herein authorized until States, political subdivisions thereof, or other responsible local agencies have given assurances satisfactory to the Secretary of the Army that they will (a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project, except as otherwise provided herein; (b) hold and save the United States free from damages due to the construction works; (c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of the Army: And provided, That the construction of any dam authorized herein may be undertaken without delay when the dam site has been acquired and the assurances prescribed herein have been furnished, without awaiting the acquisition of the easements and rights-of-way required for the reservoir area: And provided further, That whenever expenditures for lands, easements, and rights-of-way by States, political subdivisions thereof, or responsible local agencies for any individual project or useful part thereof shall have exceeded the present estimated construction cost therefore, the local agency concerned may be reimbursed one-half of its excess expenditures over said estimated construction cost: And provided further, That when any project or useful part thereof is located, the Secretary of the Army may acquire the necessary lands, easements, and rights-of-way for said project or part thereof after he has received from the States, political subdivisions thereof, or responsible local agencies benefited the present estimated cost of said lands, easements, and rights-of-way, less one-half the amount by which the estimated cost of these lands, easements, and rights-of-way exceeds the estimated construction cost corresponding thereto: And provided further, That the Secretary of the Army shall determine the proportion of the present estimated cost of said lands, easements, and rights-of-way that each State, political subdivision thereof, or responsible local agency should contribute in consideration for the benefits to be received by such agencies: And provided further, That whenever not less than 75 per centum of the benefits as estimated by the Secretary of the Army of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, provision (c) of this section shall not apply thereto; nothing herein shall impair or abridge the powers now existing in the Department of the Army with respect to navigable streams: And provided further, That nothing herein shall be construed to interfere with the completion of any reservoir or flood control work authorized by the Congress and under way on June 15, 1936.

(June 15, 1936, ch. 548, § 8a, 49 Stat. 1510; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

Herein, referred to in text, means act June 15, 1936, ch. 548, 49 Stat. 1508, as amended, which enacted sections 642a, 702a–1, 702a–2 to 702a–12, 702a–1, 702k–1, 702k–2, 702l–1, and 702k–2 of this title. For complete classification of this Act to the Code, see Tables.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 33 of act Aug. 10, 1956. Section 33 of act Aug. 10, 1956, ch. 343, title II, § 205(a), 61 Stat. 501, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702a–10. Flowage rights and rights-of-way; reimbursement of local authorities; highway crossings; use of properties for national forests or wildlife refuges

In order to facilitate the United States in the acquisition of flowage rights and rights-of-way for levee foundations, the Secretary of the Army is authorized to enter into agreements with the States or with local levee districts, boards, commissions, or other agencies for the acquisition and transfer to the United States of such flowage rights and levee rights-of-way, and for the reimbursement of such States or local levee districts, boards, commissions, or other agencies for the cost thereof at prices previously agreed upon between the Secretary of the Army and the governing authority of such agencies, within the maximum limitations hereinafter prescribed: Provided, That no money appropriated under the authority of sections 702g–1 and 702k–1 of this title shall be expended upon the construction of the Eudora Floodway, the Morganza Floodway, the back protection levee extending north from the Eudora Floodway, or the levees extending from the head of the Morganza Floodway to the head of and down the east bank of the Atchafalaya River to the intersection of said Morganza Floodway until 75 per centum of the value of the flowage rights and rights-of-way for levee foundations, as estimated by the Chief of Engineers, shall have been acquired or options or assurances satisfactory to the Chief of Engineers shall have been obtained for the Eudora Floodway, the Morganza Floodway, and the area lying between said back protection levee and the present front line levees: Provided further, That easements required in said areas in connection
§ 702a-11  MORGANZA FLOODWAY; EUDORA FLOODWAY

The United States may, within the discretion of the Chief of Engineers, irrespective of other provisions of law, proceed to acquire all easements needed and of the character considered advisable in the Morganza floodway and to construct said Morganza floodway. Said Morganza floodway may, within the discretion of the Chief of Engineers, be modified as to its design and inflow.

The said Morganza floodway may be initiated and constructed without delay; and the United States may, within the discretion of the Chief of Engineers, irrespective of other provisions of law, proceed to the acquisition of flowage rights and flowage easements in the Eudora floodway, and to its construction as authorized by existing law: Provided, That the intakes of such Eudora floodway shall include an automatic masonry weir with its sill at such an elevation that it will not be overtopped by stages other than those capable of producing a stage of fifty-one feet or over on the Vicksburg gage: Provided further, That a fuseplug levee loop may be con-
constructed behind said sill to prevent flow into the floodway until the predicted flood exceeds the safe capacity of the main river leved channel, with a free-board of at least three feet, but said fuseplug levee may be artificially breached when in the opinion of the Chief of Engineers such breaching is advisable to insure the safety of the main river controlling levee line: Provided further, That the authority to acquire lands, flowage rights, and easements for floodways shall be confined to the floodways proper and to the northward extension of Eudora: Provided further, That within the discretion of the Chief of Engineers, the guide line levees of the Eudora floodway may be extended south toward Old River: Provided further, That the Chief of Engineers is authorized to construct the said Eudora floodway at such location as he may determine, in the vicinity of Eudora. The United States may, within the discretion of the Chief of Engineers irrespective of other provisions of law, proceed to acquire flowage rights and flowage easements in the northward extension of the Eudora floodway, as authorized by existing law, provided that pending the completion of such northward extension all the Riverside fuseplug levee extending south from the vicinity of Yancopin to the vicinity of Vau Cluse, Arkansas, and so as to connect with the existing levee of 1928 grade and section, shall be reconstructed to the 1914 grade and 1928 section: Provided further, That if the back protection levee is constructed prior to the construction of Eudora floodway, it shall be connected with the main Mississippi River levee and subsequently connected with the Eudora floodway when constructed: Provided further, That the Chief of Engineers is authorized, in his discretion, to negotiate options, make agreements and offers with respect to lands, flowage rights, easements, and rights-of-way involved, as provided by law, at prices deemed reasonable by him. The United States, irrespective of other provisions of law, may, within the discretion of the Chief of Engineers, acquire flowage easements over all lands not subject to frequent overflow in the Atchafalaya Basin below the latitude of Krotz Springs. Said Morganza floodway shall not be operated until the Wax Lake outlet has been put into operative condition. The fuseplug levees at the head of the Atchafalaya Basin on the east side of the Atchafalaya River shall be reconstructed to the 1928 grade and section.

The United States may, in the discretion of the Chief of Engineers, acquire all flowage rights, flowage easements, rights-of-way for levee foundations, and titles in fee simple as herein provided, either by voluntary acquisition or in accordance with the condemnation proceedings by the Secretary of the Army as provided for in section 702d of this title.

In the event the United States acquires or owns title to any lands in fee simple under the provisions of sections 702a, 720b to 702d, 702e to 702e, 702f, 702g, 702i, 702j, 702k, 702l, and 704 of this title, as amended and supplemented, the United States may retain the ownership thereof, or any part thereof instead of turning over such lands to the ownership of States or local inter-
illissippi River south of the Coahoma-Bolivar County line in said plan shall have a three foot freeboard over the project flood, and all levees shall be constructed with adequate section and foundation to conform to increased levee heights. The Boeuf Floodway in the project adopted by sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title, and the Eudora Floodway as well as the Northward Extension and the back protection levee extending from the head of the said Eudora Floodway north to the Arkansas River in the project adopted by sections 642a, 702a–1, 702a–2 to 702a–12, 702g–1, 702j–1, 702j–2, 702k–1, and 702k–2 of this title, are abandoned, and the provisions of said sections relating to the prosecution of work on said floodways and extension are repealed; except that the Ouachita River Levees, Louisiana, authorized by section 702a of this title, shall remain as a component of the Mississippi River and Tributaries Project and afforded operation and maintenance responsibilities as provided under section 702c of this title.

(b) Yazoo River project

The project for flood control of the Yazoo River shall be as authorized by sections 642a, 702a–1, 702a–2 to 702a–12, 702g–1, 702j–1, 702j–2, 702k–1, and 702k–2 of this title, except that the Chief of Engineers may, in his discretion, from time to time, substitute therefor combinations of reservoirs, levees, and channel improvements; and except that the extension of the authorized project and improvements contemplated in plan C of the report of March 7, 1941, of the Mississippi River Commission are authorized, including the extension of the levee on the east bank of the Mississippi River generally along the west bank of the Yazoo River to a connection in the vicinity of Yazoo City with the Yazoo River levee, authorized by the existing project for protection against headwater floods of the Yazoo River system, and the adjustment in the discretion of the Chief of Engineers of the grades of the existing levees in the backwater area on the east bank of the Yazoo River below Yazoo City, all at an estimated additional cost of $11,982,000: Provided, That the Chief of Engineers shall fix the grade of the extension levees along the Yazoo River, with higher levees in his discretion, so that their construction will give the maximum practical protection without jeopardizing the safety and integrity of the main Mississippi River levees: And provided further, That prior to the beginning of construction local authorities shall furnish satisfactory assurances that they will (1) maintain the levee in accordance with the provisions of section 702c of this title, and will (2) not raise the said levee above the limiting elevations established therefor by the Chief of Engineers: Provided further, That subject to the foregoing conditions of local cooperation the Chief of Engineers may in his discretion substitute other levees and appurtenant works for, or make such modifications of, the levees and improvements herein authorized for the protection of the Tensas-Cocodrie area as may be found after further investigation to afford protection to a larger area in the Red River Backwater at a total cost not to exceed $29,000,000 and without jeopardizing the safety and integrity of the main Mississippi River levees and without preventing or jeopardizing the diversions contemplated in the adopted project through the Atchafalaya River and Atchafalaya Basin.

(d) Reimbursement of local authorities for certain expenses

The Chief of Engineers, with approval of the Secretary of the Army, shall reimburse local authorities for actual expenditures found by the Chief of Engineers to be reasonable, for providing at the request of the United States, in accordance with local legal procedure or custom, rights-of-way and flowage easements required for future setbacks of main-line Mississippi River levees.

(e) Saint Francis River

The existing engineering plan for flood control of the Saint Francis River is modified so as to permit the substitution for the suspended portions of the original project below Oak Donnick, Arkansas, of the construction of a ditch in Cross County, Arkansas, beginning in the vicinity of the outlet end of the existing Oak Donnick to Saint Francis Bay floodway and terminating in Saint Francis Bay about two miles north of Riverfront, including the construction of a highway bridge at State Highway Numbered 140, necessary by the ditch construction: Provided, That local interests give assurances satisfactory to the Secretary of the Army that they will (1) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction; (2) hold and save the United States free from damages due to the construction works; and (3) maintain the works after completion in accordance with regulations prescribed by the Secretary of the Army.

(f) Bayou Rapides, Boeuf, and Cocodrie, Louisiana, improvements

In the development of the authorized project, the construction of improvements for Bayou Rapides, Boeuf, and Cocodrie, Louisiana, contemplated in the report dated March 24, 1941, of the Special Board of Officers at an estimated cost of $2,600,000 is authorized.
(g) Increased authorizations for alluvial valley, Mississippi River

The total authorizations heretofore made for the flood control project of the alluvial valley of the Mississippi River shall not be increased by reason of any provision in this Act, except for the additional amounts necessary for the Yazoo and Red River backwater improvements, and any appropriations heretofore or hereafter made or authorized for said project as herein or here- tofore modified may be expended upon any feature of the said project, notwithstanding any restrictions, limitations, or requirements of existing law.

Provided, That funds hereafter expended for maintenance shall not be considered as reducing present remaining balances of authorizations.

Editorial Notes

REFERENCES IN TEXT

Herein, referred to in subsec. (c) and (g), and this Act, referred to in subsec. (g), probably mean act June 15, 1936, ch. 548, 49 Stat. 1568, as amended, which enacted sections 625a, 625a–1, 625a–2 to 625a–12, 625b–1, 625c–1, 625d–1, 625e–1, and 625f–2 of this title. For complete classification of this Act to the Code, see Tables.

AMENDMENTS

2007—Subsec. (a). Pub. L. 110–114, in last sentence, inserted “: except that the Ouachita River Levees, Louisiana, authorized by section 702a of this title, shall remain as a component of the Mississippi River and Tributaries Project and afforded operation and maintenance responsibilities as provided under section 702b of this title” before period at end.

1950—Subsec. (c). Act May 17, 1950, substituted "$29,000,000" for "$14,000,000".

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

APPLICATION OF 1950 INCREASE IN AUTHORIZATION CONTAINED IN SUBSEC. (C) TO OLD AND ATCHAFALAYA RIVERS PROJECT

Section 203 of act Sept. 3, 1954, ch. 1264, title II, 68 Stat. 1258, in addition to authorizing an amount of $32,000,000 for control of the Old and Atchafalaya Rivers and a lock for navigation, provided in part that the $15,000,000 increase in authorization by act May 17, 1950 in amending subsec. (c) of this section (see 1950 Amendment note above), should be applied to such project.

§ 702c. Local contribution toward cost of flood control work

It is declared to be the sense of Congress that the principle of local contribution toward the cost of flood control work, which has been incor-
reason of the construction of levees on the opposite banks of the river it shall be the duty of the Secretary of the Army and the Chief of Engineers to institute proceedings on behalf of the United States Government to acquire either the absolute ownership of the lands so subjected to overflow and damage or floodage rights over such lands.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702d. Flowage rights; condemnation proceedings; benefits to property

The United States shall provide flowage rights for additional destructive flood waters that will pass by reason of diversions from the main channel of the Mississippi River. Provided, That in all cases where the execution of the flood control plan herein adopted results in benefits to property such benefits shall be taken into consideration by way of reducing the amount of compensation to be paid.

The Secretary of the Army may cause proceedings to be instituted for the acquisition by condemnation of any lands, easements, or rights of way which, in the opinion of the Secretary of the Army and the Chief of Engineers, are needed in carrying out this project, the said proceedings to be instituted in the United States district court for the district in which the land, easement, or right of way is located. In all such proceedings the practice, pleadings, forms, and modes of proceedings shall conform as near as may be to the practice, pleadings, forms, and proceedings existing at the time in like causes in the courts of record of the State within which such district court is held, any rule of the court to the contrary notwithstanding. When the owner of any land, easement, or right of way shall fix a price for the same which, in the opinion of the Secretary of the Army is reasonable, he may purchase the same at such price; and the Secretary of the Army is also authorized to accept donations of lands, easements, and rights of way required for this project. The provisions of sections 594 and 595 of this title are made applicable to the acquisition of lands, easements, or rights of way needed for works of flood control: Provided, That any land acquired under the provisions of this section shall be turned over without cost to the ownership of States or local interests.

Editorial Notes

AMENDMENTS

1945—Act Nov. 30, 1945, substituted second sentence of second par. for a sentence which read "In all such proceedings the court, for the purpose of ascertaining the value of the property and assessing the compensation to be paid, shall appoint three commissioners, whose award, when confirmed by the court, shall be final."

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702d-1. Bonnet Carre Spillway and Floodway; rights-of-way, etc., over lands

The proviso in section 702d of this title "That any land acquired under the provisions of this section shall be turned over without cost to the ownership of States or local interests," shall not apply to the lands heretofore acquired or that may be hereafter acquired in connection with the construction, maintenance, or operation of the Bonnet Carre Spillway and Floodway. The Secretary of the Army is authorized to grant to any citizen, association, railroad, or other corporation, State or public agency thereof, rights-of-way, easements, and permits, over, across in, and upon said lands for railway, highway, tele- phone, telegraph, and pipe-line crossings, and other purposes. The grants issued in pursuance of this authority shall be under such terms and conditions as the Secretary of the Army may deem advisable for the protection of the public interests, and may be perpetual or temporary in his discretion.

(Feb. 15, 1933, ch. 76, 47 Stat. 810; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702e. Maps for project; preparation

Subject to the approval of the heads of the several executive departments concerned, the Secretary of the Army, on the recommendation of the Chief of Engineers, may engage the services and assistance of the National Ocean Survey, the United States Geological Survey, or other mapping agencies of the Government, in the preparation of maps required in furtherance of this project, and funds to pay for such services may be allotted from appropriations made under authority of sections 702a and 702g of this title.
§ 702g. Appropriation for emergency fund

The sum of $5,000,000 is authorized to be appropriated as an emergency fund to be allotted by the Secretary of the Army on the recommendation of the Chief of Engineers, in rescue work or in the repair or maintenance of any flood-control work on any tributaries of the Mississippi River threatened or destroyed by flood including the flood of 1927. Provided. That the unexpended and unallotted balance of said sum, or so much thereof as may be necessary, may be allotted by the Secretary of the Army on the recommendation of the Chief of Engineers in the reimbursement of levee districts or others for expenditures heretofore incurred or made for the construction, repair, or maintenance of levee districts or others for flood-control work on any tributaries or outlets of the Mississippi River that may be threatened, impaired, or destroyed by the flood of 1927 or subsequent flood or that have been impaired, damaged, or destroyed by flood; and also in the construction, repair, or maintenance, and in the reimbursement of levee districts or others for the construction, repair, or maintenance of any flood-control work on any of the tributaries or outlets of the Mississippi River that have been impaired, damaged, or destroyed by caving banks or that may be threatened or impaired by caving banks of such tributaries, whether or not such caving has taken place during a flood stage: Provided further, That if the Chief of Engineers finds that it has been or will be necessary or advisable to change the location of any such flood-control work in order to provide the protection contemplated by this section, such change may be approved and/or authorized. (May 15, 1928, ch. 569, §7, 45 Stat. 537; June 19, 1930, ch. 542, 46 Stat. 787; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Editorial Notes

Amendments

1930—Act June 19, 1930, inserted proviso.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.

§ 702f. Expenditures for earlier projects

Funds appropriated under authority of section 702a of this title may be expended for the prosecution of such works for the control of the floods of the Mississippi River as have, prior to May 15, 1928, been authorized and are not included in the present project, including levee work on the Mississippi River between Rock Island, Illinois, and Cape Girardeau, Missouri, and on the outlets and tributaries of the Mississippi River between Rock Island and Head of Passes insofar as such outlets or tributaries are affected by the backwaters of the Mississippi: Provided, That for such work on the Mississippi River between Rock Island, Illinois, and Cape Girardeau, Missouri, and on such tributaries, the States or levee districts shall provide rights-of-way without cost to the United States, contribute 33 1/3 per centum of the costs of the works, and maintain them after completion: And provided further, That not more than $10,000,000 of the sums authorized in section 702a of this title, shall be expended under the provisions of this section. In an emergency, funds appropriated under authority of section 702a of this title may be expended for the maintenance of any levee when it is demonstrated to the satisfaction of the Secretary of the Army that the levee cannot be adequately maintained by the State or levee district. (May 15, 1928, ch. 569, §5, 45 Stat. 536; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Executive Documents

CHANGE OF NAME

TRANSFER OF FUNCTIONS

For transfer of functions of other officers, employees, and agencies of Department of the Interior, with certain exceptions, to Secretary of the Interior, with power to delegate, see Reorg. Plan No. 3 of 1950, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1262, set out in the Appendix to Title 5, Government Organization and Employees.

§ 702g. Appropriation for emergency fund

The sum of $5,000,000 is authorized to be appropriated as an emergency fund to be allotted by the Secretary of the Army on the recommendation of the Chief of Engineers, in rescue work or in the repair or maintenance of any flood-control work on any tributaries of the Mississippi River threatened or destroyed by flood including the flood of 1927: Provided. That the unexpended and unallotted balance of said sum, or so much thereof as may be necessary, may be allotted by the Secretary of the Army on the recommendation of the Chief of Engineers in the reimbursement of levee districts or others for expenditures heretofore incurred or made for the construction, repair, or maintenance of levee districts or others for the construction, repair, or maintenance of any flood-control work on any of the tributaries or outlets of the Mississippi River that may be threatened, impaired, or destroyed by the flood of 1927 or subsequent flood or that have been impaired, damaged, or destroyed by flood; and also in the construction, repair, or maintenance, and in the reimbursement of levee districts or others for the construction, repair, or maintenance of any flood-control work on any of the tributaries or outlets of the Mississippi River that have been impaired, damaged, or destroyed by caving banks or that may be threatened or impaired by caving banks of such tributaries, whether or not such caving has taken place during a flood stage: Provided further, That if the Chief of Engineers finds that it has been or will be necessary or advisable to change the location of any such flood-control work in order to provide the protection contemplated by this section, such change may be approved and/or authorized. (May 15, 1928, ch. 569, §7, 45 Stat. 537; June 19, 1930, ch. 542, 46 Stat. 787; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Editorial Notes

Amendments

1930—Act June 19, 1930, inserted proviso.
§ 702g-1. Additional appropriation for emergency fund

The sum of $15,000,000 is authorized to be appropriated as an emergency fund to be allocated by the Secretary of the Army on the recommendation of the Chief of Engineers in rescue work or in the repair or maintenance of any flood-control work on any tributary of the Mississippi River threatened or destroyed by flood heretofore or hereafter occurring: Provided, That the unexpended and unallotted balance of said sum, or so much thereof as may be necessary, may be allotted by the Secretary of the Army, on the recommendation of the Chief of Engineers, in the reimbursement of levee districts or others for expenditures incurred or made prior to June 15, 1936 for the construction, repair, or maintenance of any flood-control work on any tributaries or outlets of the Mississippi River that may be threatened, impaired, or destroyed by the flood of 1927 or subsequent flood; and also in the construction, repair, or maintenance, and in the reimbursement of levee districts or others for the construction, repair, or maintenance of any flood-control work on any of the tributaries or outlets of the Mississippi River that may have been impaired, damaged, or destroyed by caving banks, of such tributaries, whether or not such caving has taken place during a flood stage: Provided further, That if the Chief of Engineers finds that it has been or will be necessary or advisable to change the location of any such flood-control work in order to provide the protection contemplated by this section, such change may be approved and authorized.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702h. Prosecution of project by Mississippi River Commission; president of commission; salaries

The project herein authorized shall be prosecuted by the Mississippi River Commission under the direction of the Secretary of the Army and supervision of the Chief of Engineers and subject to the provisions of sections 702a, 702b, 702c to 702e, 702f, 702k, 702l, 702m, and 704 of this title. It shall perform such functions and through such agencies as they shall designate after consultation and discussion with the president of the commission. For all other purposes the existing laws governing the constitution and activities of the commission shall remain unchanged. The commission shall make inspection trips of such frequency and duration as will enable it to acquire first-hand information as to conditions and problems germane to the matter of flood control within the area of its jurisdiction; and on such trips of inspection ample opportunity for hearings and suggestions shall be afforded persons affected by or interested in such problems. The president of the commission shall be the executive officer thereof and shall have the qualifications prescribed by law.

Editorial Notes

REFERENCES IN TEXT

Herein, referred to in text, means act May 15, 1928, ch. 569, 45 Stat. 534, which enacted sections 702a, 702b to 702e, 702f, 702k, 702l, 702m, 702n, 702o, 702p, 702q, 702r, 702s, 702t, 702u, 702v, 702w, 702x, 702y, 702z, and 704 of this title. For complete classification of this Act to the Code, see Tables. The "project herein authorized" was specifically authorized by section 702a of this title.

CODIFICATION

Provisions of the second paragraph, as amended by Pub. L. 106–53, that read: "The salary of the president of the Mississippi River Commission shall hereafter be $18,000 per annum, and the salary of the other members of the commission shall hereafter be $21,500 per annum." were omitted as obsolete and superseded by the Classification Act of 1949, 63 Stat. 954, 972. The Classification Act of 1949 was repealed by Pub. L. 89–554, Sept. 6, 1966, § 8(a), 80 Stat. 632, and reenacted as chapter 51 and subchapter III of chapter 53 of Title 5, Government Organization and Employees. Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

AMENDMENTS

1999—Pub. L. 106–53 amended provisions which were omitted from the second paragraph by substituting $21,500 for $7,500. See Codification note above.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Sec-
Section has been transferred to section 642a of this title.

The provisions of sections 407, 408, 411, 412, and 413 of this title are made applicable to all lands, waters, easements, and other property and rights acquired or constructed under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title.

(May 15, 1928, ch. 569, §5, 45 Stat. 537.)

Projects relating to tributary streams; report to Congress; appropriation

It is the sense of Congress that the surveys of the Mississippi River and its tributaries, authorized pursuant to the Act of January 21, 1927 [ch. 47, 44 Stat. 1010], and House Document Numbered 308, Sixty-ninth Congress, first session, be prosecuted as speedily as practicable, and the Secretary of the Army, through the Corps of Engineers, United States Army, is directed to prepare and submit to Congress at the earliest practicable date projects for flood control on all tributary streams of the Mississippi River system subject to destructive floods which projects shall include: The Red River and tributaries, the Yazoo River and tributaries, the White River and tributaries, the Saint Francis River and tributaries, the Arkansas River and tributaries, the Ohio River and tributaries, the Missouri River and tributaries, and the Illinois River and tributaries; and the reports thereon, in addition to the surveys provided by said House Document 308, Sixty-ninth Congress, first session, shall include the effect on the subject of further flood control of the lower Mississippi River to be attained through the control of the flood waters in the drainage basins of the tributaries by the establishment of a reservoir system; the benefits that will accrue to navigation and agriculture from the prevention of erosion and siltage entering the stream; a determination of the capacity of the soils of the district to receive and hold waters from such reservoirs; the prospective income from the disposal of reserved waters; the extent to which reserved waters may be made available for public and private uses; and inquiry as to the return flow of waters placed in the soils from reservoirs, and as to their stabilizing effect on stream flow as a means of preventing erosion, siltage, and improving navigation: Provided, That before transmitting such reports to Congress the same shall be presented to the Mississippi River Commission, and its conclusions and recommendations thereon shall be transmitted to Congress by the Secretary of the Army with his report.

The sum of $5,000,000 is authorized to be used out of the appropriation authorized in section 702a of this title, in addition to amounts authorized in the River and Harbor Act of January 21, 1927 [ch. 47, 44 Stat. 1010], to be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for the preparation of the flood-control projects authorized to be submitted to Congress under this section: Provided further, That the President shall proceed to ascertain through the Secretary of Agriculture and such other agencies as he may deem proper, the extent to and manner in which the floods in the Mississippi Valley may be controlled by proper forestry practice.

satisfactory assurances that they will undertake, without cost to the United States, all alterations of highways made necessary because of the construction of the authorized reservoirs, and meet all damages because of such highway alterations, and have agreed also to furnish without cost to the United States all lands and easements necessary to the construction of levees and drainage ditches constructed under this project: Provided, That the reservoirs for control of headwater flow of the Yazoo River system may be located by the Chief of Engineers, in his discretion: And provided further, That the Chief of Engineers may, in his discretion, substitute levees, floodways, or auxiliary channels, or any or all of them, for any or all of the seven detention reservoirs recommended in his report of February 12, 1935, for the control of floods of the Yazoo River: And provided further, That the Chief of Engineers, with the approval of the Secretary of the Army, may modify the project for the flood control of the Saint Francis River as recommended in said report, to include therein the construction of a detention reservoir for the reduction of floods, and the acquisition at the cost of the United States of all lands and flowage necessary to the construction of said reservoir except flowage of highways: Provided further, That the estimated cost to the United States of the project is not increased by reason of such detention reservoir.

(2) The Chief of Engineers may, in his discretion, modify the project for the control of floods on the Yazoo River, as authorized by paragraph (1) of this section, to substitute therefor a combined reservoir floodway and levee plan: Provided, That the total cost thereof does not exceed the present authorization as estimated in House Committee on Flood Control Document Numbered 1. Seventy-fourth Congress, first session: Provided further, That the modified project shall be subject to the following conditions of local cooperation:

No work shall be undertaken until the States or other qualified agencies have furnished satisfactory assurances that they will—

(a) undertake, without cost to the United States, all alterations of highways made necessary because of the construction of reservoirs and meet all damages because of such highway alterations; and

(b) furnish, without cost to the United States, all lands and easements necessary to the construction of levees and drainage ditches.

Provided further, That no work shall be commenced on the above-mentioned project until the State, levee boards, or other responsible local interests have given assurances satisfactory to the Secretary of the Army that they will (a) provide without cost to the United States all rights-of-way necessary for the construction of said project; (b) provide drainage facilities made necessary by construction of levees; (c) acquire and provide without cost to the United States all flowage and storage rights and easements over, upon, and across the lands and properties within the protected area in the event it becomes necessary in the judgment and discretion of the Secretary of the Army or the Chief of Engineers to use said area, or any part thereof, for an emergency reservoir; (d) hold and save the United States free from liability for damages on account of the use of said area for reservoir purposes during said emergency.

Statutory Notes and Related Subsidaries

Department of War designated Department of the Army and of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702j-2. White River Levee District; rights-of-way; drainage facilities; flowage rights; acquisition by local authorities; protection of United States from liability for damages

The Chief of Engineers, under the supervision of the Secretary of the Army, shall at the expense of the United States Government construct a system of levees substantially in accordance with general plan shown on map designated as sheet numbered 1 entitled “Tributary Levee Location Survey—White River Levee District—Proposed Levee Location” accompanying report dated April 2, 1925, and filed in office of First and Second Mississippi River Commission Districts, Memphis, Tennessee. The Chief of Engineers shall have the right to alter, change, or modify said plan as to the grades and levee sections: Provided, however, That no work shall be commenced on the above-mentioned project until the State, levee boards, or other responsible local interests have given assurances satisfactory to the Secretary of the Army that they will (a) provide without cost to the United States all rights-of-way necessary for the construction of said project; (b) provide drainage facilities made necessary by construction of levees; (c) acquire and provide without cost to the United States all flowage and storage rights and easements over, upon, and across the lands and properties within the protected area in the event it becomes necessary in the judgment and discretion of the Secretary of the Army or the Chief of Engineers to use said area, or any part thereof, for an emergency reservoir; (d) hold and save the United States free from liability for damages on account of the use of said area for reservoir purposes during said emergency.

Statutory Notes and Related Subsidaries

Department of War designated Department of the Army and of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702k. Surveys below Cape Girardeau, Missouri; resurvey of levee in Tennessee

The Secretary of the Army shall cause the Mississippi River Commission to make an examination and survey of the Mississippi River below Cape Girardeau, Missouri, (a) at places where levees have prior to May 15, 1928, been constructed on one side of the river and the lands on the opposite side have been thereby subjected to greater overflow, and were, without unreasonably restricting the flood channel, levees can be constructed to reduce the extent of
this overflow, and where the construction of such levees is economically justified, and report thereon to the Congress as soon as practicable with such recommendations as the commission may deem advisable; (b) with a view to determining the estimated effects, if any, upon lands lying between the river and adjacent hills by reason of overflow of such lands caused by the construction of levees at other points along the Mississippi River, and determining the equities of the owners of such lands and the value of the same, and the commission shall report thereon to the Congress as soon as practicable with such recommendation as it may deem advisable: Provided, That inasmuch as the Mississippi River Commission made a report on the 26th day of October 1912, recommending a levee to be built from Tiptonville, Tennessee, to the Obion River in Tennessee, the said Mississippi River Commission is authorized to make a resurvey of said proposed levee and a relocation of the same if necessary, and if such levee is found feasible, and is approved by the board created in section 702a of this title, and by the President the same shall be built out of appropriations made after May 15, 1928.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME
Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702k-1. Authorization of appropriation

$272,000,000 is authorized to be appropriated for the carrying out of the modified adopted project, and all unexpended balances of appropriations heretofore made for the prosecution of said flood-control project are made available for the purposes of sections 642a, 702a–1, 702a–2 to 702a–12, 702g–1, 702j–1, 702j–2, 702k–1, and 702k–2 of this title.

(June 15, 1936, ch. 548, § 13, 49 Stat. 1513.)

§ 702k–2. Separability

If any provision of sections 642a, 702a–1, 702a–2 to 702a–12, 702g–1, 702j–1, 702j–2, and 702k–1 of this title, or the application thereof, to any person or circumstances, is held invalid, the remainder of the said sections, and the application of such provisions to other persons or circumstances, shall not be affected thereby.

(June 15, 1936, ch. 548, § 14, 49 Stat. 1513.)

§ 702l. Repeal of inconsistent laws

All laws or parts of laws inconsistent with sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, and 702k of this title, are repealed.

(May 15, 1928, ch. 569, § 12, 45 Stat. 539.)

§ 702m. Interest of Members of Congress in contracts for acquisition of land

In every contract or agreement to be made or entered into for the acquisition of land either by private sale or condemnation as in sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title the provisions contained in section 6306(a) of title 41 shall be applicable.

(May 15, 1928, ch. 569, § 14, 45 Stat. 539.)

Editorial Notes

CONCILIATION

§ 702n. Levee rights-of-way; payment or reimbursement for

The Secretary of the Army is authorized, out of any money available for carrying out the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title, to purchase from, or to reimburse States or local levee districts for the cost of, any levee rights-of-way or easements for the building of levees in the Mississippi Valley for which the United States was or is under obligation to pay under the provisions of said sections regardless of whether said States or local levee districts have furnished such rights-of-way in the past and regardless of the conditions under which such levee rights-of-way were furnished, or may be furnished in the future: Provided, That after careful investigation the prices are found to be reasonable: And provided further, That payments or reimbursements for levee rights-of-way or easements conveying the privilege of building levees may be made as soon as they have been acquired in conformity with local custom or legal procedure in such matters and to the satisfaction of the Chief of Engineers.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME
Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702o. Mississippi River and Tributaries Project
(a) In general

After any flood event requiring operation or activation of any floodway or backwater feature within the Mississippi River and Tributaries Project through natural overtopping of a Federal levee or artificial crevassing of a Federal levee to relieve pressure on the levees elsewhere in the system, the Secretary shall expeditiously reset and restore the damaged floodway’s levees.
(b) Consultation

In carrying out subsection (a), the Secretary shall provide an opportunity for consultation with affected communities.

(c) Mississippi River and Tributaries Project

The term ‘‘Mississippi River and Tributaries Project’’ means the Mississippi River and Tributaries project authorized by the Act of May 15, 1928 (Chap. 569; 45 Stat. 534).

Editorial Notes

REFERENCES IN TEXT

The act of May 15, 1928, referred to in subsec. (c), is act May 15, 1928, ch. 569, 45 Stat. 534, which enacted sections 702a, 702b to 702e, 702g to 702j, 702k, 702l, 702m, and 704 of this title. For complete classification of this Act to the Code, see Tables.

Statutory Notes and Related Subsidiaries

‘‘SECRETARY’’ DEFINED

Secretary means the Secretary of the Army, see section 162 of Pub. L. 115–270, set out as a note under section 2201 of this title.

§ 703. Sacramento River, California

[FLOOD-CONTROL WORKS AUTHORIZED.] For controlling the floods, removing the débris, and continuing the improvement of the Sacramento River, California, in accordance with the plans of the California Débris Commission, the Secretary of the Army is authorized and directed to carry on continuously, by hired labor or otherwise, the plan of said commission contained in its report submitted August 10, 1910, and printed in House Document Numbered 81, Sixty-second Congress, first session, as modified by the report of said commission submitted February 8, 1913, approved by the Chief of Engineers of the United States Army and the Board of Engineers for Rivers and Harbors, and printed in Rivers and Harbors Committee Document Numbered 5, Sixty-third Congress, first session, insofar as said plan provides for the rectification and enlargement of any river channels and the construction of weirs, to be paid for as appropriations may from time to time be made by law, not to exceed in the aggregate $5,600,000. Provided, That not more than $1,000,000 shall be expended therefor during any one fiscal year.

[LIMITATION ON EXPENDITURE OF APPROPRIATIONS GENERALLY.] (a) All money appropriated under authority of this section shall be expended under the direction of the Secretary of the Army, in accordance with the plans, specifications, and recommendations of the California Débris Commission, as approved by the Chief of Engineers, for the control of floods, removal of débris, and the general improvement of the Sacramento River: Provided, That no money shall be expended under authority of this section until assurances have been given satisfactory to the Secretary of the Army (a) that the State of California will contribute annually for such work a sum equal to such sum as may be expended annually therefor by the United States under authority of this section; (b) that such equal contributions by the State of California will continue annually until the full equal share of the cost of such work shall have been contributed by said State; and (c) that the river levees contemplated in the report of the California Débris Commission, dated August 10, 1910, will be constructed to such grade and section and within such time as may be required by said commission: Provided further, That said State shall not be required to expend for such work, for any one year, a sum larger than that expended thereon by the United States during the same year; And provided further, That the total contributions so required of the State of California shall not exceed in the aggregate $5,600,000.

EXPENDITURE OF CONTRIBUTIONS BY STATE OF CALIFORNIA; ACQUISITION OF SITES, EASEMENTS, ETC. (b) All money contributed by the State of California, as herein provided, shall be expended under the direction of the California Débris Commission and in such manner as it may require or approve, and no money appropriated under authority of this section shall be expended in the purchase of or payment for any right-of-way, easement, or land acquired for the purposes of this improvement, but all such rights-of-way, easements, and lands shall be provided free of cost to the United States: Provided, That no money paid or expense incurred therefor shall be computed as a part of the contribution of the State of California toward the work of improvement herein provided for within the meaning of paragraph (a) of this section.

[MAINTENANCE OF WORKS FOR FLOOD CONTROL BY STATE OF CALIFORNIA.] (c) Upon the completion of all works for flood control herein authorized the said works shall be turned over to the State of California for maintenance thereafter; but for all other purposes the United States shall retain such control over the same as it may have the right to exercise upon such completion.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1965, enacted ‘‘Title 10, Armed Forces’’ which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TERMINATION OF BOARD OF ENGINEERS FOR RIVERS AND HARBORS AND REASSIGNMENT OF DUTIES AND RESPONSIBILITIES

For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102–580, set out as a note under section 541 of this title.

§ 704. Modification of project

The project for the control of floods in the Sacramento River, California, adopted by section 703 of this title, is modified in accordance
with the report of the California Débris Commission submitted in Senate Document Numbered 23, Sixty-ninth Congress, first session: Provided, That the total amounts contributed by the Federal Government, including the amounts here- tofore contributed by it, shall in no event exceed in the aggregate $17,600,000.

(May 15, 1928, ch. 569, § 13, 45 Stat. 539.)

§ 705. Salmon River, Alaska; flood control work authorized

The project of prevention and control of floods in the Salmon River, Alaska, recommended in the report of the Chief of Engineers, United States Army, in House Document Numbered 228, Seventy-second Congress, is adopted and authorized and shall be prosecuted under the direction of the Secretary of the Army and the supervision of the Chief of Engineers in accordance with the plan recommended in such report and subject to the conditions set forth therein.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in turn continued Department of the Army under administrative supervision of Secretary of the Army.

§ 706. Secretary of Commerce; current precipitation information; appropriation

There is authorized an expenditure as required, from any appropriations heretofore or hereafter made for flood control, rivers and harbors, and related purposes by the United States, for the establishment, operation, and maintenance by the Secretary of Commerce of a network of recording and nonrecording precipitation stations, known as the Hydroclimatic Network, whenever in the opinion of the Chief of Engineers and the Secretary of Commerce such service is advisable in connection with either preliminary examinations and surveys or works of improvement authorized by the law for flood control, rivers and harbors, and related purposes, and the Secretary of the Army upon the recommendation of the Chief of Engineers is authorized to allot the Secretary of Commerce funds for said expenditure.

Editorial Notes

AMENDMENTS

1954—Act Sept. 3, 1954, struck out $375,000 limitation on transfers to Weather Bureau for providing basic hydrologic and climatic information; inserted references to “rivers and harbors, and related purposes” after “flood control.” in two places; and substituted “network of recording and nonrecording precipitation stations, known as the Hydroclimatic Network” for “current information service on precipitation, flood forecasts, and flood warnings”.

Statutory Notes and Related Subsidiaries

AMENDMENTS

§ 707. Sumner Dam and Lake Sumner; declaration of purpose; report to Congress; appropriation

The Sumner Dam and Lake Sumner on the Pecos River, New Mexico, is authorized and declared to be for the purposes of controlling floods, regulating the flow of the Pecos River, providing for storage and for delivery of stored waters, for the reclamation of lands, and other beneficial uses, and said dam and reservoir shall be used, first, for irrigation; second, for flood control and river regulation; and third, for other purposes. The Chief of Engineers and the Secretary of the Army are directed to report to the Congress the amount of the total cost of said Sumner Dam and Lake Sumner which is properly allocable to flood control. The appropriation and transfer of such amount from the general fund of the Treasury to the reclamation fund, for credit by reduction of the maximum obligation of the Carlsbad Irrigation District to repay the total cost thereof, is authorized.

Editorial Notes

AMENDMENTS

§ 708. Sale of surplus waters for domestic and industrial uses; disposition of moneys

The Secretary of the Army is authorized to make contracts with States, municipalities, private concerns, or individuals, at such prices and on such terms as he may deem reasonable, for domestic and industrial uses for surplus water that may be available at any reservoir under the control of the Department of the Army: Provided, That no contracts for such water shall adversely affect then existing lawful uses of such water. All moneys received from such contracts shall be deposited in the Treasury of the United States as miscellaneous receipts.

Pub. L. 93–447, Oct. 17, 1974, 88 Stat. 1363, provided: "That the Alamogordo Dam and Reservoir, New Mexico, referred to in the Act of August 11, 1939 (53 Stat. 1414) [which enacted this section], are redesignated as Sumner Dam and Lake Sumner.

§ 709. Regulations for use of storage waters; application to Tennessee Valley Authority

On and after December 22, 1944, it shall be the duty of the Secretary of the Army to prescribe regulations for the use of storage allocated for flood control or navigation at all reservoirs constructed wholly or in part with Federal funds provided on the basis of such purposes, and the operation of any such project shall be in accordance with such regulations: Provided, That this section shall not apply to the Tennessee Valley Authority, except that in case of danger from floods on the Lower Ohio and Mississippi Rivers the Tennessee Valley Authority is directed to regulate the release of water from the Tennessee River into the Ohio River in accordance with such instructions as may be issued by the Department of the Army.

Pub. L. 114–322, title I, § 1174, Dec. 16, 2016, 130 Stat. 1673, provided that: "For the purposes of section 6 of the Act of December 22, 1944 (58 Stat. 890, chapter 665; 33 U.S.C. 708), in any case in which a water supply agreement with a duration of 30 years or longer was predicated on water that was surplus to a purpose and provided for the complete payment of the actual investment costs of storage to be used, and that purpose is no longer authorized as of the date of enactment of this section (Dec. 16, 2016), the Secretary of the Army shall provide to the non-Federal entity an opportunity to convert the agreement to a permanent storage agreement in accordance with section 301 of the Water Supply Act of 1950 (33 U.S.C. 309b), with the same payment terms incorporated in the agreement."

Executive Documents

Transfer of Functions

For transfer of certain personal property and functions relating thereto, insofar as they pertain to Air Force, from Secretary of the Army and Department of the Army to Secretary of the Air Force, see Secretary of Defense Transfer Order No. 39, eff. May 18, 1949, and 40 [App. B (98)], July 22, 1949.
Federal departments and agencies may take proper cognizance of flood hazards, the Secretary of the Army, through the Chief of Engineers, is hereby authorized to compile and disseminate information on floods and flood dangers, including identification of areas subject to inundation by floods of various magnitudes and frequencies, and general criteria for guidance of Federal and non-Federal interests and agencies in the use of flood plain areas; and to provide advice to other Federal agencies and local interests for their use in planning to ameliorate the flood hazard, to avoid repetitive flooding impacts, to anticipate, prepare, and adapt to changing climatic conditions and extreme weather events, and to withstand, respond to, and recover rapidly from disruption due to the flood hazards. Surveys and guides will be made for States and political subdivisions thereof only upon the request of a State or a political subdivision thereof, and upon approval by the Chief of Engineers, and such information and advice provided them only upon such request and approval.

(b) Flood prevention coordination

The Secretary shall coordinate with the Administrator of the Federal Emergency Management Agency and the heads of other Federal agencies to ensure that flood control projects and plans are complementary and integrated to the extent practicable and appropriate.

(c) Fees

The Secretary of the Army is authorized to establish and collect fees from Federal agencies and private persons for the purpose of recovering the cost of providing services pursuant to this section. Funds collected pursuant to this section shall be deposited into the account of the Treasurer of the United States entitled “Contributions and Advances, Rivers and Harbor, Corps of Engineers (8862)” and shall be available until expended to carry out this section. No fees shall be collected from State, regional, or local governments or other non-Federal public agencies for services provided pursuant to this section, but the Secretary of the Army may accept funds voluntarily contributed by such entities for the purpose of expanding the scope of the services requested by the entities.

(d) Fiscal year limitation on expenditures

The Secretary of the Army is authorized to expend not to exceed $50,000,000 per fiscal year for the compilation and dissemination of information under this section.

Editorial Notes

AMENDMENTS

2020—Subsec. (a). Pub. L. 116–260 inserted “, to avoid repetitive flooding impacts, to anticipate, prepare, and adapt to changing climatic conditions and extreme weather events, and to withstand, respond to, and recover rapidly from disruption due to the flood hazards’’ after “in planning to ameliorate the flood hazard’’.

2014—Subsec. (d). Pub. L. 113–121 substituted “$50,000,000’’ for “$15,000,000’’.

Pub. L. 106–53, § 202, inserted before period at end of third sentence “, but the Secretary of the Army may accept funds voluntarily contributed by such entities for the purpose of expanding the scope of the services requested by the entities’’.

Subsecs. (c), (d). Pub. L. 106–53, § 216(1), redesignated subsecs. (b) and (c) as (c) and (d), respectively.

1990—Pub. L. 101–640 added subsec. (b) and redesignated former subsec. (b) as (c).

1974—Subsec. (b). Pub. L. 93–251 substituted “$15,000,000’’ for “$11,000,000’’.

1970—Subsec. (b). Pub. L. 91–611 substituted “$11,000,000’’ for “$7,000,000’’.

1966—Subsec. (a). Pub. L. 89–789, in amending subsec. (a) generally, substituted “political subdivisions thereof” for “municipalities” and “advice” for “engineering advice”, inserted provision “to assure that Federal departments and agencies may take proper cognizance of flood hazards’, provided for guidance of Federal and non-Federal interests and agencies and advice to other Federal agencies, and for surveys and guides upon request of a State or political subdivision in lieu of surveys and studies for specific localities upon request of a State or responsible local governmental agency. Subsec. (b). Pub. L. 89–789 substituted “expend not to exceed $7,000,000 per fiscal year for the compilation and dissemination of information under this section’’ for “allot, from any appropriations hereafter made for flood control, sums not to exceed $2,500,000 in any one fiscal year for the compilation and dissemination of such information”.

1965—Subsec. (b). Pub. L. 89–298 substituted “$2,500,000’’ for “$1,000,000’’.

PRIORITYING FLOOD RISK RESILIENCY TECHNICAL ASSISTANCE

Pub. L. 116–260, div. AA, title I, § 111(b), Dec. 27, 2020, 134 Stat. 3255, provided that: “In carrying out section 206 of the Flood Control Act of 1965 (33 U.S.C. 709a), the Secretary [of the Army] shall prioritize the provision of technical assistance to support flood risk resiliency planning efforts of economically disadvantaged communities or communities subject to repetitive flooding.”

[For definition of “economically disadvantaged community” as used in section 111(b) of div. AA of Pub. L. 116–260, set out above, see section 150 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.]
§ 709b. Flood hazard information

The Secretary, the Administrator of the Federal Emergency Management Agency, and the Administrator of the Soil Conservation Service shall take necessary actions, including the posting and distribution of information and the preparation and distribution of educational materials and programs, to ensure that information relating to flood hazard areas is generally available to the public.

Statutory Notes and Related Subsidiaries

Change of Name

“Secretary” Defined

Secretary means the Secretary of the Army, see section 2010 of this title.

§ 709c. Emergency communication of risk

(a) Definitions

In this section:

(1) Affected government

The term “affected government” means a State, local, or tribal government with jurisdiction over an area that will be affected by a flood.

(2) Annual operating plan

The term “annual operating plan” means a plan prepared by the Secretary that describes potential water condition scenarios for a river basin for a year.

(b) Communication

In any river basin where the Secretary carries out flood risk management activities subject to an annual operating plan, the Secretary shall establish procedures for providing the public and affected governments, including Indian tribes, in the river basin with—

(1) timely information regarding expected water levels;

(2) advice regarding appropriate preparedness actions;

(3) technical assistance; and

(4) any other information or assistance determined appropriate by the Secretary.

(c) Public availability of information

To the maximum extent practicable, the Secretary, in coordination with the Administrator of the Federal Emergency Management Agency, shall make the information required under subsection (b) available to the public through widely used and readily available means, including on the Internet.

(d) Procedures

The Secretary shall use the procedures established under subsection (b) only when precipitation or runoff exceeds those calculations considered as the lowest risk to life and property contemplated by the annual operating plan.

Statutory Notes and Related Subsidiaries

“Secretary” Defined

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113–121, set out as a note under section 2201 of this title.

CHAPTER 16—LIGHTHOUSES

Sec.

711 to 734. Omitted, Repealed, or Transferred.

735. Marking pierheads in certain lakes.

736 to 748. Repealed or Omitted.

748a. Transportation expenses for school children.

749 to 763a–1. Repealed or Omitted.

763a–2. Application to persons of Coast Guard.

763b to 764. Repealed or Omitted.

765. Retirement for disability.

766. Restoration to active duty after retirement for disability.

767 to 774. Repealed or Transferred.

775. Payments nonassignable and exempt from process.

776. Transferred.

§§ 711 to 715. Omitted

Editorial Notes

Codification

Sections related to the establishment of the Bureau of Lighthouses in the Department of Commerce. The Bureau of Lighthouses and its functions were transferred to and consolidated with the Coast Guard in the Department of the Treasury to be administered as a part thereof by Reorg. Plan No. II of 1939, §2(a), eff. July 1, 1939, 4 F.R. 2313, 53 Stat. 1432, set out in the Appendix to Title 5, Government Organization and Employees. Further provision to perfect the consolidation of the Lighthouse Service with the Coast Guard by authorizing the commissioning, appointment, and enlistment in the Coast Guard, of certain officers and employees of the Lighthouse Service, was made by act Aug. 5, 1939, ch. 477, 53 Stat. 1216.

Section 711, acts June 5, 1920, ch. 264, §2, 41 Stat. 1059, formerly classified to section 711 of this title, was repealed by Pub. L. 89–554, §8(a), Sept. 6, 1966, 80 Stat. 644.

Section 713, acts June 5, 1920, ch. 264, §2, 41 Stat. 1059, formerly classified to section 711 of this title, was repealed by Pub. L. 89–554, §8(a), Sept. 6, 1966, 80 Stat. 644.

Section 714, acts June 5, 1920, ch. 264, §2, 41 Stat. 1059, formerly classified to section 711 of this title, was repealed by Pub. L. 89–554, §8(a), Sept. 6, 1966, 80 Stat. 644.

Section 715, acts June 5, 1920, ch. 264, §2, 41 Stat. 1059, formerly classified to section 711 of this title, was repealed by Pub. L. 89–554, §8(a), Sept. 6, 1966, 80 Stat. 644.

employment of temporary draftsmen. See section 902 of Title 14, Coast Guard.

**Statutory Notes and Related Subsidiaries**

**Effective Date of Repeal**

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

Section, act June 17, 1910, ch. 301, §11, 36 Stat. 539, related to detail of Army engineers as construction aids. Section 11 of act June 17, 1910, also enacted former section 749 of this title.

Section, act Feb. 25, 1929, ch. 313, §5, 45 Stat. 1262, provided for the detail of superintendents and engineers to duty at Washington.

**Statutory Notes and Related Subsidiaries**

**Effective Date of Repeal**

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 719. Omitted

**Editorial Notes**

**Codification**

Section, R.S. §4679, provided that no additional salary should be allowed to any civil, military, or naval officer on account of his being employed in the Light-House Board, or being in any manner attached to the light-house service. The functions of the Light-House Board and all employees of or in the Light-House Board or the Light-House Establishment, except army and navy officers, were transferred to the Bureau of Lighthouses by act June 17, 1910, ch. 301, §§5, 6, 36 Stat. 537. The Bureau of Lighthouses was transferred to and consolidated in the Coast Guard by Reorg. Plan No. II of 1939, §2(a), eff. July 1, 1939, 4 F.R. 2731, 53 Stat. 1432, set out in the Appendix to Title 5, Government Organization and Employees.

Section 720, acts June 17, 1910, ch. 301, §7, 36 Stat. 538; Mar. 4, 1913, ch. 141, §1, 37 Stat. 736, related to general control by Commandant of Coast Guard. See section 541 of Title 14, Coast Guard.

Section 720a, act Aug. 16, 1937, ch. 665, §3, 50 Stat. 667, related to establishment and maintenance of aids to navigation in certain waters. See section 541 of Title 14, Coast Guard.

**Statutory Notes and Related Subsidiaries**

**Effective Date of Repeal**

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 721. Omitted

**Editorial Notes**

**Codification**

Section, acts June 17, 1910, ch. 301, §§4, 36 Stat. 537; Mar. 4, 1913, ch. 141, §1, 37 Stat. 736; Aug. 16, 1937, ch. 665, §4, 50 Stat. 667, gave Commissioner the power to settle damage claims up to $500. These duties and functions of Commissioner of Lighthouses were taken over by Commandant of Coast Guard under Reorg. Plan II of 1939, §2(a), eff. July 1, 1939, 4 F.R. 2731, 53 Stat. 1432, set out in the Appendix to Title 5, Government Organization and Employees.

Section 721a, acts Aug. 16, 1937, ch. 665, §2, 50 Stat. 667; July 11, 1941, ch. 290, §2, 55 Stat. 875, related to deposit of damage payments and disbursement. See section 561 of Title 14, Coast Guard.

Section 723, act Mar. 4, 1909, ch. 299, §1, 35 Stat. 973, related to proposals for repair of vessels and specifications.

Section 724, acts June 17, 1910, ch. 301, §§8, 36 Stat. 538; Mar. 4, 1913, ch. 141, §1, 37 Stat. 736, related to contracts for materials and necessity for public listing.

**Statutory Notes and Related Subsidiaries**

**Effective Date of Repeal**

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

Section, R.S. §4680; acts June 17, 1910, ch. 301, §§6, 13, 36 Stat. 538, 539; June 20, 1918, ch. 123, §7, 40 Stat. 698; 1939 Reorg. Plan No. II, §2(a), eff. July 1, 1939, 4 F.R. 2731, 53 Stat. 1432; Aug. 4, 1949, ch. 393, §§1, 20, 63 Stat. 496, 561, related to prohibition against officers and employees being interested in contracts for materials, etc.

**Editorial Notes**

R.S. §4680 derived from act Aug. 31, 1852, ch. 112, §17, 10 Stat. 120.

**Statutory Notes and Related Subsidiaries**

**Savings**

Pub. L. 116–283, div. G, title LVXXXV [LXXXV], §8512(b)(1), Jan. 1, 2021, 134 Stat. 4759, provided that: “Notwithstanding any repeal made by this section [repealing this section and sections 717, 727, 728, 730a, 743, 745a, 747b, 748, 754a, 754b, 783–1, 783–2, 783a–1, and 770 to 772 of this title], any individual beneficiary currently receiving payments under the authority of any provisions repealed in this section shall continue to receive such benefits.”

Section, act Mar. 4, 1913, ch. 168, 37 Stat. 1018, related to procurement of supplies and equipment for special works of Lighthouse Service. See section 940 of Title 14, Coast Guard.

Section, R.S. § 4661, related to necessity for cession by State of jurisdiction for building of lighthouses and other sites.

Editorial Notes

Codification

Section, R.S. § 4662, related to sufficiency of cession by State and service of State process in lands ceded.

Editorial Notes

Codification
R.S. § 4662 derived from act Mar. 2, 1795, ch. 40, §§ 1, 2, 1 Stat. 426.

Section 729, acts June 17, 1910, ch. 301, §§ 9, 36 Stat. 538; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to purchase by Commandant of sites for lighthouses. See sections 501(f) and 902 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal
Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

Editorial Notes

Codification
Section was based on last paragraph under heading “FOR LIFE-SAVING AND LIFE-BOAT STATIONS” of act Mar. 3, 1875, ch. 130, 18 Stat. 372, insofar as such paragraph provided for the right to use and occupy sites for pier-head beacons. Provisions of such paragraph relating to the right to use and occupy sites for Coast Guard Stations and houses of refuge were classified to section 96 of former Title 14, Coast Guard, and were repealed by act Aug. 4, 1949, ch. 393, § 20, 63 Stat. 561, and restated as section 92(f) of Title 14, Coast Guard. Section 92(f) of Title 14 was subsequently renumbered section 501(f) of Title 14.

Section 731, acts Mar. 4, 1909, ch. 299, § 1, 35 Stat. 972; June 17, 1910, ch. 301, §§ 6, 36 Stat. 538, related to lease of sites for temporary lights. See section 501 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal
Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 733. Transferred

Editorial Notes

Codification

Section, R.S. § 4678, related to coloring and numbering buoys.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal
Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 735. Marking pierheads in certain lakes

The Commandant of the Coast Guard shall properly mark all pierheads belonging to the United States situated on the northern and northwestern lakes, whenever he is duly notified by the department charged with the construction or repair of pierheads that the construction or repair of any such pierheads has been completed.

Editorial Notes

Codification

TRANSFER OF FUNCTIONS

“Commandant of the Coast Guard” substituted in text for “Light-House Board” on authority of sections 6 and 13 of act June 17, 1910, which abolished the board and transferred its powers and duties to the Commissioner of Lighthouses, who was the head of the Bureau of Lighthouses. Said sections 6 and 13 were repealed by section 20 of act Aug. 4, 1949, section 1 of which reestablished the Coast Guard by enacting Title 14, Coast Guard. Section 2(a) of Reorg. Plan No. II of 1939, set out in the Appendix to Title 5, Government Organization and Employees, consolidated the Bureau of Lighthouses with the Coast Guard, the Chief of which is the Commandant of the Coast Guard.

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§ 1, 2, which transferred and consolidated the Bureau of Lighthouses, and Commandant of the Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Coast Guard transferred to Department of Transportation, and all functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and employees of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 99-365, 103 Stat. 1820, 1821, set out in the Appendix to Title 5. Functions of Coast Guard, and Commandant of Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

For transfer of authorities, functions, personnel, and assets of the Commandant of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Section, R.S. § 4676; acts June 10, 1910, ch. 301, § 6, 36 Stat. 538; Aug. 16, 1937, ch. 666, § 1, 50 Stat. 666, related to placement of markers over sunken craft and other obstructions. See section 545 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

EDITORIAL NOTES

CODIFICATION

Section 738, act June 5, 1920, ch. 235, § 1, 41 Stat. 880, which transferred the Lighthouse Service should cooperate with the Coast Guard in marking certain anchorage grounds. The Lighthouse Service was consolidated with the Coast Guard by Reorg. Plan No. II of 1939, § 2(a), eff. July 1, 1939, 4 F.R. 2731, 53 Stat. 1432, set out in the Appendix to Title 5, Government Organization and Employees.

Section 739, R.S. § 4668, related to substitution of lighthouses for lightships.

Section 740a, act May 22, 1926, ch. 371, § 6, 44 Stat. 626, related to post-lantern lights on Allegheny and Rock Rivers.

Section 740b, acts June 23, 1874, ch. 455, § 1, 18 Stat. 220; June 17, 1910, ch. 301, § 6, 36 Stat. 538, related to lights and buoys on Mississippi, Ohio, and Missouri Rivers.

Sections covered by section 541 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

EDITORIAL NOTES

PRIORITY PROVISIONS

Prior provisions for the arrangement of the various lighthouse districts were made by R.S. § 468; act July 26, 1886, ch. 779, 24 Stat. 148, which were repealed by section 13 of act June 17, 1910.

§ 744. Omitted

EDITORIAL NOTES

CODIFICATION

Section, act June 20, 1918, ch. 103, § 7, 40 Stat. 608, related to superintendents of lighthouses and their salaries. The Bureau of Lighthouses and its functions were transferred and consolidated with the Coast Guard by Reorg. Plan No. II of 1939, § 2(a), eff. July 1, 1939, 4 F.R. 2731, 53 Stat. 1432, set out in the Appendix to Title 5, Government Organization and Employees.

Section, R.S. § 4673; act June 20, 1918, ch. 103, § 8, 40 Stat. 699, related to salaries of keepers of lighthouses.
Statutory Notes and Related Subsidiaries

**Effective Date of Repeal**

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 748a. Transportation expenses for school children

In all appropriations hereafter made for “General expenses, Coast Guard” there is authorized to be made available not exceeding $2,500 in any fiscal year, for the transportation, under regulations prescribed by the Secretary of Transportation, of children of lighthouse keepers at isolated light stations where necessary to enable such children to attend school.

Statutory Notes and Executive Documents

**Transfer of Functions**

“Coast Guard” substituted in text for “Lighthouse Service” on authority of Reorg. Plan No. II of 1939, § 2(a), set out in the Appendix to Title 5, Government Organization and Employees, which transferred and consolidated Bureau of Lighthouses, of which Lighthouse Service was a part, with Coast Guard.

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§ 1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5. Functions of Coast Guard, and Commandant of Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Coast Guard transferred to Department of Transportation, and all functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, § 6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14, Coast Guard.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Section, acts July 27, 1912, ch. 255, § 2, 37 Stat. 239; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to reimbursement of lighthouse keepers for clothing, etc., furnished shipwrecked persons. See section 2777 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

**Effective Date of Repeal**

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, related to traveling expenses incurred by lighthouse keepers at isolated stations in obtaining medical attention.
Aug. 4, 1949, set out as an Effective Date preceding chapter 1 of Title 14, Coast Guard.

Section 751, act Mar. 3, 1915, ch. 81, § 4, 38 Stat. 927, related to leave of absence to employees of Lighthouse Service. See section 6301 et seq. of Title 5, Government Organization and Employees.

Section 752a, act May 22, 1926, ch. 371, § 5, 44 Stat. 626, related to sale of equipment; disposition of receipts. See section 901 of Title 14.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF REPEAL

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 752b. Omitted

Editorial Notes

CODIFICATION

Section, act June 15, 1938, ch. 398, 52 Stat. 692, related to disposal of materials to the Boys Scouts of America. See section 901 of Title 14, Coast Guard.

Section 753, act June 20, 1918, ch. 103, § 4, 40 Stat. 608, related to sale of publications of Lighthouse Service. See sections 1705, 1706 of Title 44, Public Printing and Documents.

Section 754, acts July 27, 1912, ch. 255, § 2, 37 Stat. 239; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to sale of clothing to employees. See section 2708 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF REPEAL

Repeal effective first day of third month after approval by President [Aug. 4, 1949], see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

Section 755, act June 16, 1880, ch. 235, 21 Stat. 263, related to police powers of masters of Lighthouse Service. See section 522 of Title 14, Coast Guard.

Section 757, act Aug. 29, 1916, ch. 417, 39 Stat. 602, related to cooperation with Army and Navy Departments in time of or in preparation for war. See sections 103, 501, 504, 505, 521, 701, 704, and 706 of Title 14.

Section 758, act Aug. 29, 1916, ch. 417, 39 Stat. 602, related to transfer of vessels, equipment, etc., to Navy or Army Departments in case of vocational emergency. See sections 103, 501, 504, 505, 521, 701, 704, and 706 of Title 14.

Section 759, acts June 29, 1949. See section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

§ 760. Repealed or Omitted

Editorial Notes

CODIFICATION

Section 763 consisted mostly of provisions from section 6 of act June 20, 1918, as amended, with one additional proviso from act Nov. 4, 1918, and was restated at section 2532 of Title 14, Coast Guard. Section 6 of act June 20, 1918, was repealed by Pub. L. 116–283, div. G, title LVXXXV [LXXXV], § 8510a(a), Jan. 1, 2021, 134 Stat. 4757. Although it was not repealed, the proviso from act Nov. 4, 1918, was omitted from the Code given the repeal shall remain in effect.''

Section, act Oct. 29, 1949, ch. 786, 63 Stat. 1026, related to increase of retired pay for those retired on or before June 29, 1949.

Statutory Notes and Related Subsidiaries

CERTAIN PAY INCREASES UNAFFECTED BY REPEAL

Pub. L. 116–283, div. G, title LVXXXV [LXXXV], § 8512b(2), Jan. 1, 2021, 134 Stat. 4760, provided that: "Notwithstanding the repeals made under paragraphs (10) and (11) of subsection (a) [repealing this section and section 763a–1 of this title], any pay increases made under chapter 788 of the Act of October 29, 1949 [former 33 U.S.C. 763–1], and chapter 534 of the Act of July 9, 1956 [former 33 U.S.C. 763–2], as in effect prior to their repeal shall remain in effect."

Section, act July 9, 1956, ch. 524, 70 Stat. 510, provided for an additional increase of retired pay.

Section, act May 22, 1926, ch. 371, § 7, 44 Stat. 628, related to retirement of certain officers and employees of the Lighthouse Service.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective first day of third month after approval by President (Aug. 4, 1949), see section 19 of act Aug. 4, 1949, set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

Certain Pay Increases Unaffected by Repeal

For pay increases remaining in effect notwithstanding repeals by section 8512(a)(10) and (11) of Pub. L. 116–283, see section 8512(b)(2) of Pub. L. 116–283, set out as a note under section 763–1 of this title.

§ 763a–2. Application to persons of Coast Guard

The provisions of sections 763 and 763a–1 of this title shall not apply to persons of the Coast Guard other than officers and employees of the former Lighthouse Service who, on June 30, 1939, met the requirements for retirement (except those relating to age and period of service) of said sections.

(June 6, 1940, ch. 257, § 7, 54 Stat. 247.)

Sections 763 and 763a–1 of this title, referred to in text, was, in the original: “The provisions of section 6 of the Act approved June 20, 1918 (40 Stat. 608), as amended and supplemented (U.S.C. 1934 edition, Supp. V., title 33, secs. 763 and 763a–1)”.

Statutory Notes and Executive Documents

Transfer of Functions

Bureau of Lighthouses, of which Lighthouse Service was a part, transferred and consolidated with Coast Guard by Reorg. Plan No. II of 1939, §2(a), eff. July 1, 1939, 4 F.R. 2731, 53 Stat. 1432, set out in the Appendix to Title 5, Government Organization and Employees.

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 28 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4955, 64 Stat. 1280, 1281, set out in the Appendix to Title 5, Functions of Coast Guard, and Commandant of Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Coast Guard transferred to Department of Transportation, and all functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, §6(b)(1), Oct. 5, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14. See section 108 of Title 49, Transportation.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 763b. Repealed. July 1, 1944, ch. 373, title XIII, § 1313, 58 Stat. 714

Statutory Notes and Related Subsidiaries

Renumbering of Repealing Act

§ 764. Omitted

Editorial Notes

Codification

§ 765. Retirement for disability

Any officer or employee to whom section 763 of this title applies, who has been in the active service of the Government fifteen years or more and who is found, after examination by a medical officer of the United States, to be disabled for useful and efficient service by reason of disease or injury not due to vicious habits, intemperance, or willful misconduct on his part, shall be retired under rules to be prescribed by the Secretary of Transportation on an annuity computed in the manner provided in said section.

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 531(d), 553(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Executive Documents

TRANSFER OF FUNCTIONS

The officers or employees to be retired refer to the officers and employees of the Lighthouse Service. The Lighthouse Service was under the Secretary of Commerce prior to the transfer and consolidation of the Bureau of Lighthouses, of which the Lighthouse Service was a part, with the Coast Guard which was under the Secretary of the Treasury by Reorg. Plan No. II, §2(a), set out in the Appendix to Title 5, Government Organization and Employees. Subsequently, the functions of the Secretary of the Treasury relating to the Coast Guard were transferred to the Secretary of Transportation by section 6(b)(1) of Pub. L. 89–670. See section 108 of Title 49, Transportation.

Section 767, acts Mar. 3, 1915, ch. 81, §7, 38 Stat. 928; June 20, 1918, ch. 103, §7, 40 Stat. 608, related to administration of oaths to employees of Lighthouse Service.

Section 769, act Feb. 23, 1929, ch. 313, §3, 45 Stat. 1262, related to aids to navigation in Panama. See section 541 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF REPEAL

Repeal effective first day of third month after approval by President [Aug. 4, 1949], set out as an Effective Date note preceding chapter 1 of Title 14, Coast Guard.

Statutory Notes and Related Subsidiaries

SAVINGS

For continuation of benefit payments notwithstanding repeal made by section 8512 of Pub. L. 116–283, see section 8512(b)(1) of Pub. L. 116–283, set out as a note under section 725 of this title.

INCREASE IN WIDOWS BENEFITS AND EFFECTIVE DATE OF INCREASE

Statutory Notes and Related Subsidiaries

Section, act Aug. 19, 1950, ch. 761, § 3, 64 Stat. 466, which related to application for benefits for surviving spouses of Lighthouse Service employees and employee death benefits, was transferred to section 2534(a) of Title 14, Coast Guard.

§ 773. Transferred

Editorial Notes

CODIFICATION

Section, act Aug. 19, 1950, ch. 761, § 4, 64 Stat. 466, which related to rules and regulations necessary to carry out benefit provisions, was transferred to section 2534(b) of Title 14, Coast Guard.

§ 775. Payments nonassignable and exempt from process

No payment under sections 771 to 775 of this title shall be assignable, either in law or in equity, or be subject to execution, levy, lien, attachment, garnishment, or other legal process.

(Aug. 19, 1950, ch. 761, § 5, 64 Stat. 466.)

894f. Sexual assault defined.

Subchapter I—General Provisions

Statutory Notes and Related Subsidiaries

Co-Location Agreements

“(a) In general.—During fiscal years 2021 through 2030, and subject to the availability of appropriations, the Administrator of the National Oceanic and Atmospheric Administration may execute noncompetitive co-location agreements for real property and incidental goods and services with entities described in subsection (b) for periods of not more than 20 years, if each such agreement is supported by a price reasonableness analysis.

“(b) Entities described.—An entity described in this subsection is—

“(1) the government of any State, territory, possession, or locality of the United States;

“(2) any Tribal organization (as defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304));

“(3) any subdivision of—

“(A) a government described in paragraph (1); or

“(B) an organization described in paragraph (2); or

“(4) any organization that is—

“(A) organized under the laws of the United States or any jurisdiction within the United States; and

“(B) described in section 501(c) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)) and exempt from tax under section 501(a) of such Code.

“(c) Collaboration Agreements.—Upon the execution of an agreement authorized by subsection (a) with an entity, the Administrator may enter into agreements with the entity to collaborate or engage in projects or programs on matters of mutual interest for periods not to exceed the term of the agreement. The cost of such agreements shall be apportioned equally, as determined by the Administrator.

“(d) Savings Clause.—Nothing in this section shall be construed—

“(1) to affect the authority of the Administrator of General Services; or

“(2) to grant the Administrator of the National Oceanic and Atmospheric Administration any additional authority to enter into a lease without approval of the General Services Administration.”

§ 851. Omitted

**REORGANIZATION PLAN NO. 2 OF 1965**

Prepared by the President and transmitted to the Senate and the House of Representatives in Congress assembled, May 13, 1965, pursuant to the provisions of the Reorganization Act of 1949, 63 Stat. 203, as amended [see 5 U.S.C. 901 et seq.].

**ENVIRONMENTAL SCIENCE SERVICES ADMINISTRATION, DEPARTMENT OF COMMERCE**

**SECTION 1. TRANSFER OF FUNCTIONS**

All functions vested by law in the Weather Bureau, the Chief of the Weather Bureau, the Coast and Geodetic Survey, the Director of the Coast and Geodetic Survey, and any officer, employee, or organizational entity of that Bureau or Survey, and not heretofore transferred to the Secretary of Commerce, hereinafter referred to as the Secretary, are hereby transferred to the Secretary.

**SECTION 2. ABOLITIONS**

(a) The offices of Director of the Coast and Geodetic Survey, Deputy Director of the Coast and Geodetic Survey, and Chief of the Weather Bureau are hereby abolished. The Secretary shall make such provisions as he shall deem to be necessary respecting the winding up of any outstanding affairs of the officers whose offices are abolished. The Secretary shall make such provisions as he shall deem to be necessary respecting the winding up of any outstanding affairs of the officers whose offices are abolished by the provisions of this section.

(b) The abolitions effected by the provision of subsection (a) of this section shall exclude the abolition of rights to which the present incumbents of the abolished offices would be entitled under law upon the termination of their appointments.

**SECTION 3. ENVIRONMENTAL SCIENCE SERVICES ADMINISTRATION**

(a) The Coast and Geodetic Survey and the Weather Bureau are hereby consolidated to form a new agency in the Department of Commerce which shall be known as the Environmental Science Services Administration, hereinafter referred to as the Administration.

(b) The Secretary shall from time to time establish such constituent organizational entities of the Administration, with such names, as he shall determine.

**SECTION 4. OFFICERS OF THE ADMINISTRATION**

(a) There shall be at the head of the Administration the Administrator of the Environmental Science Services Administration, hereinafter referred to as the Administrator. The Administrator shall be appointed by the President by and with the advice and consent of the Senate. He shall perform such functions as the Secretary may from time to time direct.

(b) There shall be in the Administration a Deputy Administrator of the Environmental Science Services Administration, hereinafter referred to as the Deputy Administrator, who shall be appointed by the President by and with the advice and consent of the Senate, shall perform such functions as the Secretary may from time to time direct, and, unless he is compensated in pursuance of the provisions of paragraph (2), below, shall receive compensation in accordance with the Classification Act of 1949, as amended [chapter 51 and subchapter II of chapter 53 of Title 5, Government Organization and Employees].

(c) The office of Deputy Administrator may be filled at the discretion of the President by appointment (by and with the advice and consent of the Senate) from the active list of commissioned officers of the Administration in which case the appointment shall create a vacancy on the active list and while holding the office of Deputy Administrator the officer shall have rank, pay and allowances not exceeding those of a Vice Admiral.

(d) The Deputy Administrator of such other official of the Department of Commerce as the Secretary shall from time to time designate shall act as Administrator during the absence or disability of the Administrator or in the event of a vacancy in the office of Administrator.

(e) At any one time, one principal constituent organizational entity of the Administration may, if the Secretary so elects, be headed by a commissioned officer of the Administration, who shall be designated by the Secretary. Such designation of an officer shall create a vacancy on the active list and while serving under this paragraph the officer shall have rank, pay and allowances not exceeding those of a Rear Admiral (upper half).

(f) Any commissioned officer of the Administration who has served as Deputy Administrator or has served in a rank above that of Captain as the head of a principal constituent organizational entity of the Administration, and is retired while so serving or is retired after the completion of such service while serving in a lower rank or grade, shall be retired with the rank, pay and allowances authorized by law for the highest grade and rank held by him; but any such officer, upon termination of his appointment in a rank above that of Captain, shall, unless appointed to another position for which a higher rank or grade is provided, revert to the grade and number he would have occupied had he not served in a rank above that of Captain and such officer shall be an extra number in that grade. (As amended Pub. L. 90-83, §10(c), Sept. 11, 1967, 81 Stat. 224.)

**SECTION 5. AUTHORITY OF THE SECRETARY**

Nothing in this organization plan shall divert the Secretary of any function vested in him by law or by Reorganization Plan No. 5 of 1950 (64 Stat. 1263) [set out in the Appendix to Title 5, Government Organization and Employees] or in any manner derogate from any authority of the Secretary thereunder.

**SECTION 6. PERSONNEL, PROPERTY, RECORDS AND FUNDS**

(a) The personnel (including commissioned officers) employed in the Coast and Geodetic Survey, the personnel employed in the Weather Bureau, and the property and records held or used by the Weather Bureau or the Coast and Geodetic Survey shall be deemed to be transferred to the Administration.

(b) Unexpended balances of appropriations, allocations, and other funds available or to be made available in connection with functions now administered by the Weather Bureau or by the Coast and Geodetic Survey shall be available to the Administration hereunder in connection with those functions.

(c) Such further measures and dispositions as the Director of the Bureau of the Budget shall deem to be necessary in order to effectuate the foregoing provisions of this section shall be carried out in such manner as he shall direct and by such agencies as he shall designate.

**SECTION 7. INTERIM OFFICERS**

(a) The President may authorize any person who immediately prior to the effective date of this reorganization plan held a position in the executive branch of the Government to act as Administrator until the office of Administrator is for the first time filled pursuant to the provisions of this reorganization plan or by recess appointment, as the case may be.

(b) The President may similarly authorize any such person to act as Deputy Administrator.

(c) The President may authorize any person who serves in an acting capacity under the foregoing provisions of this section to receive the compensation attached to the office in respect to which he so serves. Such compensation, if authorized, shall be in lieu of, but not in addition to, other compensation from the United States to which such person may be entitled.

(The Environmental Science Services Administration in the Department of Commerce, including the offices of Administrator and Deputy Administrator thereof,
were abolished by Reorg. Plan No. 4 of 1970, eff. Oct. 3, 1970, 35 F.R. 15627, 84 Stat. 2090, which created the National Oceanic and Atmospheric Administration in the Department of Commerce.

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 2 of 1965, prepared in accordance with the provisions of the Reorganization Act of 1949, as amended [see now section 901 et seq. of Title 5, Government Organization and Employees], and for the reorganization of two major agencies of the Department of Commerce: The Weather Bureau and the Coast and Geodetic Survey.

The reorganization plan consolidates the Coast and Geodetic Survey and the Weather Bureau to form a new agency in the Department of Commerce to be known as the Environmental Science Services Administration. It is the intention of the Secretary of Commerce to transfer the Central Radio Propagation Laboratory of the National Bureau of Standards to the Administration when the reorganization plan takes effect. The new Administration will then provide a single national focus for our efforts to describe, understand, and predict the state of the oceans, the state of the lower and upper atmosphere, and the size and shape of the earth.

Establishment of the Administration will mark a significant and forward step in the continual search by the Federal Government for better ways to meet the needs of the Nation for environmental science services. The organizational improvements made possible by the reorganization plan will enhance our ability to develop an adequate warning system for the severe hazards of nature—for hurricanes, tornadoes, floods, earthquakes, and seismic sea waves, which have proved so disastrous to man and to his physical environment. They will mean better services to other Federal departments and agencies—to those that are concerned with the national defense, the exploitation of outer space, the management of our mineral and water resources, the protection of the public health against environmental pollution, and the preservation of our wilderness and recreation areas.

The new Administration will bring together a number of allied scientific disciplines that are concerned with the physical environment. The integration will better enable us to look at man’s physical environment as a scientific whole and to seek to understand the interactions among air, sea, and earth and between the upper and lower atmosphere. It will facilitate the development of programs dealing with the physical environment and will permit better management of these programs. It will enhance our capability to identify and solve important long-range scientific and technological problems associated with the physical environment. The new Administration will, in consequence, promote a fresh sense of scientific dedication, discovery, and challenge, which are essential if we are to attract scientists and engineers of creativity and talent to the Federal employment in this field.

The reorganization plan provides for an Administrator at the head of the Administration, and for a Deputy Administrator, each of whom will be appointed by the President by and with the advice and consent of the Senate. As authorized by the civil service and other laws and regulations, subordinate officers of the Administration will be appointed by the Secretary of Commerce or be assigned by him from among a corps of commissioned officers. The Administration will perform such functions as the Secretary of Commerce may delegate or otherwise assign to it and will be under his direction and control.

Commissioned officers of the Coast and Geodetic Survey will become commissioned officers of the Administration and may serve at the discretion of the Secretary of Commerce throughout the Administration. The reorganization plan authorizes the President at his discretion to fill the Office of Deputy Administrator by appointment, by and with the advice and consent of the Senate, from the active list of commissioned officers of the Administration.

The reorganization plan transmitted herewith abolishes—and thus excludes from the consolidation mentioned above—the offices of (1) Chief of the Weather Bureau, provided for in the act of October 1, 1905 (15 U.S.C. 312); (2) Director of the Coast and Geodetic Survey, provided for in the acts of June 1, 1920, and February 16, 1929, as amended (33 U.S.C. 852, 852a); and (3) Deputy Director of the Coast and Geodetic Survey, provided for in the act of January 19, 1942, as amended (33 U.S.C. 852b).

After investigation, I have found and hereby declare that each reorganization included in Reorganization Plan No. 2 of 1965 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended [see now section 901 of Title 5, Government Organization and Employees]. I have also found and hereby declare that by reason of the reorganizations made by the reorganization plan, it is necessary to include in the plan provisions for the appointment and compensation of the officers of the Administration set forth in section 4 of the reorganization plan. The rate of compensation fixed for each of these officers is that which I have found to prevail in respect of comparable officers in the executive branch of the Government.

In addition to permitting more effective management within the Department of Commerce, the new organization will ultimately produce economies. These economies will be of two types. The first, and probably the most significant, is the savings and avoidance of costs which will result from the sharing of complex and expensive facilities such as satellites, computers, communication systems, aircraft, and ships. These economies will increase in significance as developments in science and technology bring into being still more advanced equipment. Second, integration of the existing headquarters and field organizations will permit more efficient utilization of existing administrative staffs and thereby produce future economies. It is, however, impracticable to specify or itemize at this time the reductions of expenditures which it is probable will be brought about by the taking effect of the reorganizations included in the reorganization plan. I recommend that the Congress allow the accompanying reorganization plan to become effective.

LYNDON B. JOHNSON.

Section, act Jan. 19, 1942, ch. 6, § 1, 56 Stat. 6, related to distribution of the total number of commissioned officers in rank.

§§ 852 to 852b. Omitted

Editorial Notes

CONFINEMENT

Sections, which made provision for a Director of the Coast and Geodetic Survey and for a Deputy Director and covered their appointment, rank, pay, and allowances, have been omitted in view of 1965 Reorg. Plan No. 2, eff. July 13, 1965, 30 F.R. 8019, 79 Stat. 1318, set out as a note under section 851 of this title, which abolished such offices and transferred their functions to the Secretary of Commerce. For further details, see Trans-
§ 853m. Power to settle claims

The Secretary of Commerce is authorized to consider, ascertain, adjust, and determine all claims for damages, where the amount of the claim does not exceed $2,500, occasioned, subsequent to June 5, 1920, by acts for which the National Oceanic and Atmospheric Administration is responsible.

Section 853a, acts June 3, 1948, ch. 390, § 12, 62 Stat. 294, required passing of examinations for promotion. 

Section 853c, act June 3, 1948, ch. 390, § 4, 62 Stat. 294, related to promotion to the grade of lieutenant and lieutenant commander upon completion of seven and fourteen years of service, respectively.

Section 853d, act June 3, 1948, ch. 390, § 5, 62 Stat. 294, related to promotion to the grade of commander and captain after completion of twenty-one and thirty years of service, respectively.

Section 853f, act June 3, 1948, ch. 390, § 7, 62 Stat. 296, related to length of service for purposes of promotion. See section 3025 of this title.

A prior section 14 of act June 3, 1948, was classified to section 853m of this title prior to repeal by act Oct. 12, 1949.

Statutory Notes and Related Subsidiaries

Section 853n, act June 3, 1948, ch. 390, § 15, 62 Stat. 299, related to computation of service for retirement pur-

§ 853o–1. Credit of service as deck officer or junior engineer and certain other active service for retirement and retirement pay

Active service in the National Oceanic and Atmospheric Administration as a deck officer or junior engineer and active service counted on or after June 30, 1922, for longevity pay, shall be credited to commissioned officers as active commissioned service for purposes of retirement and retirement pay.

Editorial Notes

Codification

Section was formerly classified to section 302 of Title 37 prior to the general revision and enactment of Title 37, Pay and Allowances of the Uniformed Services, by Pub. L. 87–649, §1, Sept. 7, 1962, 76 Stat. 451.

Statutory Notes and Related Subsidiaries

Effective Date

Section effective Nov. 1, 1962, see section 15 of Pub. L. 87–649, set out as a note preceding section 101 of Title 37, Pay and Allowances of the Uniformed Services.

Executive Documents

Transfer of Functions

Section 853p, act June 3, 1948, ch. 390, §17, 62 Stat. 300, provided that retired pay be based on highest rank held. See section 3046 of this title.

Section 853q, act June 3, 1948, ch. 390, §18, 62 Stat. 300, provided that Coast and Geodetic Survey Commissioned Officers’ Act of 1948 would not affect retired rank and pay held pursuant to other laws. See section 3047 of this title.

Section 854, acts May 22, 1917, ch. 20, §16, 40 Stat. 88; June 21, 1955, ch. 172, §20(a), 69 Stat. 189, required mental and physical examination prior to appointment or promotion. See section 3027 of this title.

§ 854a. Service credit as deck officer or junior engineer for promotion purposes

For purposes of promotion which is now or may hereafter be authorized for officers appointed after June 30, 1922, there shall be counted in addition to active commissioned service, service as deck officer and junior engineer.

Section 854, acts May 22, 1917, ch. 20, §16, 40 Stat. 88; June 21, 1955, ch. 172, §20(a), 69 Stat. 189, required mental and physical examination prior to appointment or promotion. See section 3027 of this title.

Editorial Notes

Codification

Provisions similar to this section are contained in section 3092 of this title.

Amendments

1955—Act June 21, 1955, credited all service as deck officer and junior engineer.

1949—Act Oct. 12, 1949, repealed that part of section 27 of subsec. (b) relating to service credit as deck officer or junior engineer for pay, longevity pay, or retirement purposes.

1948—Act June 3, 1948, repealed subsecs. (a), (c), (d) and all of subsec. (b) except for second proviso which now comprises this section.
§ 854a–1. Temporary appointment or advancement of commissioned officers in time of war or national emergency

Personnel of the National Oceanic and Atmospheric Administration shall be subject in like manner and to the same extent as personnel of the Navy to all laws authorizing temporary appointment or advancement of commissioned officers in time of war or national emergency subject to the following limitations:

1. Commissioned officers in the service of a military department, under the provisions of sections 854, 855, 856, 857, and 858, of this title, may, upon the recommendation of the Secretary of the military department concerned, be temporarily promoted to higher ranks or grades.

2. Commissioned officers in the service of the National Oceanic and Atmospheric Administration may be temporarily promoted to fill vacancies in ranks and grades caused by the transfer of commissioned officers to the service and jurisdiction of a military department under the provisions of sections 854, 855, 856, 857, and 858 of this title.

3. Temporary appointments may be made in all grades to which original appointments in the National Oceanic and Atmospheric Administration are authorized: Provided, That the number of officers holding temporary appointments shall not exceed the number of officers transferred to a military department under the provisions of sections 854, 855, 856, 857, and 858 of this title.

Editorial Notes

References in Text

Sections 854, 855, 856, 857, and 858 of this title, referred to in text, were repealed by Pub. L. 107–372, title II, §3030 of this title.

Codification

Provisions similar to this section are contained in section 3030 of this title.

Amendments

1946—Pub. L. 79–535 struck out reference to act of July 24, 1941 (Public Numbered 188, Seventy-seventh Congress) which, for purposes of codification, has been changed to sections 350 to 350j of former title 34 and substituted Environmental Science Services Administration for Coast and Geodetic Survey, temporary advancement of commissioned officers for temporary promotions, military departments for Department of the Army or Navy Department, Secretary of the military department concerned for Secretary of the Army or Secretary of the Navy, and reference to temporary appointments to which original appointments in the Environmental Sciences Services Administration are authorized for reference to temporary appointment of regularly appointed deck officers and junior engineers to the rank and grade of ensign.

Executive Documents

Transfer of Functions

Delegation of Functions

Functions of President under pars. (1), (2), and (3) delegated to Secretary of Commerce, see section 1(b), (i) and (j) of Ex. Ord. No. 11023, May 28, 1962, 27 F.R. 5311, set out as a note under section 301 of Title 3, The President.

§ 854a–2. Pay and allowances; date of acceptance of promotion

Any commissioned officer of the National Oceanic and Atmospheric Administration promoted to a higher grade at any time after December 7, 1941, shall be deemed for all purposes to have accepted his promotion to higher grade upon the date such promotion is made by the President unless he shall expressly decline such promotion, and shall receive the pay and allowances of the higher grade from such date unless he is entitled under some other provision of law to receive the pay and allowances of the higher grade from an earlier date. No such officer who shall have subscribed to the oath of office required by section 3331 of title 5, shall be required to renew such oath or to take a new oath upon his promotion to a higher grade, if his service after the taking of such oath shall have been continuous.

Editorial Notes

Codification

“Section 3331 of title 5” substituted in text for “section 1757, Revised Statutes” on authority of Pub. L. 89–534, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees. Section 1757 of the Revised Statutes had been classified to section 16 of former Title 5, Executive Departments and Government Officers and Employees. Provisions similar to this section are contained in section 3031 of this title.

TRANSFER OF FUNCTIONS

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeals

Editorial Notes

Prior Provisions
Provisions similar to that contained in this section, which established a National Advisory Committee on Oceans and Atmosphere with a membership of twenty-
five, were contained in section 857–6 of this title prior to repeal by section 7(a) of Pub. L. 95–63.

Statutory Notes and Related Subsidiaries

Short Title

For short title of Pub. L. 95–63, see section 1 of Pub. L. 95–63, set out as a note under section 851 of this title.

Transfer of Personnel, Positions, Records, and Funds

Pub. L. 95–63, §7(b), July 5, 1977, 91 Stat. 267, provided that: "All personnel, positions, records, and unexpended balances of appropriations, allocations, and other funds employed, used, held, available, or to be made available in connection with the functions specified by the Act of August 18, 1971 (former sections 857–6 to 857–12 of this title) (establishing an advisory committee on oceans and atmosphere), are hereby transferred to the National Advisory Committee on Oceans and Atmosphere established by this Act [sections 857–13 to 857–18 of this title]. The personnel transferred under this subsection shall be so transferred without reduction in classification or compensation except, that after such transfer, such personnel shall be subject to reductions in classification or compensation in the same manner, to the same extent, and according to the same procedure as other employees of the United States classified and compensated according to the General Schedule in title 5, United States Code."

Termination of Advisory Committees

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 857–14. Membership

(a) Appointment and qualifications

The members of the Committee, who may not be full-time officers or employees of the United States, shall be appointed by the President. Members shall be appointed only from among individuals who are eminently qualified by way of knowledge and expertise in the following areas of direct concern to the Committee—

(1) one or more of the disciplines and fields included in marine science and technology, marine industry, marine-related State and local governmental functions, coastal zone management, or other fields directly appropriate for consideration of matters of ocean policy; or

(2) one or more of the disciplines and fields included in atmospheric science, atmospheric-related State and local governmental functions, or other fields directly appropriate for consideration of matters of atmospheric policy.

(b) Terms

(1) The term of office of a member of the Committee shall be 3 years; except that of the original appointees, 6 shall be appointed for a term to expire on July 1, 1979, 6 shall be appointed for a term to expire on July 1, 1980, and 6 shall be appointed for a term to expire on July 1, 1981. (2) Any individual appointed to fill a vacancy occurring before the expiration of the term for which his or her predecessor was appointed shall be appointed only for the remainder of such term. No individual may be reappointed to the Committee for more than one additional 3-year term. A member may serve after the date of the expiration of the term of office for which appointed until his or her successor has taken office. The terms of office for members first appointed after July 5, 1977, shall begin on July 1, 1977.

(c) Chairman

The President shall designate one of the members of the Committee as the Chairman and one of the members as the Vice Chairman. The Vice Chairman shall act as Chairman in the absence or incapacity of, or in the event of a vacancy in the office of, the Chairman.

(d) Duties

The Committee shall—

(1) undertake a continuing review, on a selective basis, of national ocean policy, coastal zone management, and the status of the marine and atmospheric science and service programs of the United States; and

(2) advise the Secretary of Commerce with respect to the carrying out of the programs administered by the National Oceanic and Atmospheric Administration.

§ 857–15. Reports

(a) In general

The Committee shall submit an annual report to the President and to the Congress setting

AMENDMENTS

1981—Subsec. (b)(2). Pub. L. 97–87 struck out "", or until ninety days after such date, whichever is earlier"" after ""until his or her successor has taken office"".

1979—Subsec. (b)(1). Pub. L. 95–304 substituted provisions authorizing terms of members to expire on July 1, 1979, July 1, 1980, and July 1, 1981, respectively, for provisions authorizing terms of members to be for 1 year, 2 years, and 3 years, respectively.

Statutory Notes and Related Subsidiaries

Termination of Advisory Committees

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.
§ 857–16  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 240

Editorial Notes
REFERENCES IN TEXT
Section 5703 of title 5, referred to in text, was amended generally by Pub. L. 94–22, § 4, May 19, 1975, 89 Stat. 85, and, as so amended, does not contain a subsec. (b).

PRIOR PROVISIONS
A provision similar to that contained in this section, which authorized compensation and travel expenses for members of the National Advisory Committee on Oceans and Atmosphere as originally established on Aug. 16, 1971, was contained in section 857–10 of this title prior to repeal by section 7(a) of Pub. L. 95–63.

AMENDMENTS
1981—Pub. L. 97–87 substituted “not to exceed the daily rate for a GS–18” for “of $100 per day”.

Statutory Notes and Related Subsidiaries
TERMINATION OF ADVISORY COMMITTEES
Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92–463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

REFERENCES IN OTHER LAWS TO GS–16, 17, OR 18 PAY RATES
References in laws to the rates of pay for GS–16, 17, or 18, or to maximum rates of pay under the General Schedule, to be considered references to rates payable under specified sections of Title 5, Government Organization and Employees, see section 5309 (title I, § 101(c)(1)) of Pub. L. 101–509, set out in a note under section 5376 of Title 5.

§ 857–17. Interagency cooperation and assistance
(a) Liaison
The head of each department or agency of the Federal Government concerned with marine and atmospheric matters shall designate a senior policy official to participate as observer in the work of the Committee and offer necessary assistance.

(b) Agency assistance
The Committee is authorized to request from the head of any department, agency, or independent instrumentality of the Federal Government any information and assistance it deems necessary to carry out the functions assigned under sections 857–13 to 857–18 of this title. The head of each such department, agency, or instrumentality is authorized to cooperate with the Committee, and, to the extent permitted by law, to furnish such information and assistance to the Committee upon request made by the Chairman, without reimbursement for such services and assistance.

(c) Administrative assistance
The Secretary of Commerce shall make available to the Committee such staff, information, personnel, and administrative services and assistance as may reasonably be required to carry out the provisions of sections 857–13 to 857–18 of this title.

§ 857–16. Compensation and travel expenses
Members of the Committee shall each be entitled to receive compensation not to exceed the daily rate for a GS–18 for each day (including traveltime) during which they are engaged in the actual performance of the duties of the Committee. In addition, while away from their homes or regular places of business in the performance of the duties of the Committee, each member of the Committee shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703(b) of title 5.

1 See References in Text note below.
§ 857–18. Authorization of appropriations

There are authorized to be appropriated for purposes of carrying out sections 857–13 to 857–18 of this title not to exceed $520,000 for the fiscal year ending September 30, 1978, $572,000 for the fiscal year ending September 30, 1979, $565,000 for the fiscal year ending September 30, 1980, $600,000 for the fiscal year ending September 30, 1981, and $555,000 for the fiscal year ending September 30, 1982. Such sums as may be appropriated under this section shall remain available until expended.

"SECTION 1. SHORT TITLE."

"This Act may be cited as the ‘Oceans Act of 2000’."

"SEC. 2. PURPOSE AND OBJECTIVES."

"The purpose of this Act is to establish a commission to make recommendations for coordinated and comprehensive national ocean policy that will promote—"

"(1) the protection of life and property against natural and manmade hazards;"

"(2) responsible stewardship, including use, of fishery resources and other ocean and coastal resources;"

"(3) the protection of the marine environment and prevention of marine pollution;"

"(4) the enhancement of marine-related commerce and transportation, the resolution of conflicts among users of the marine environment, and the engagement of the private sector in innovative approaches for sustainable use of living marine resources and responsible use of non-living marine resources;"

"(5) the expansion of human knowledge of the marine environment including the role of the oceans in climate and global environmental change and the advancement of education and training in fields related to ocean and coastal activities;"

"(6) the continued investment in and development and improvement of the capabilities, performance, use, and efficiency of technologies for use in ocean and coastal activities, including investments and technologies designed to promote national energy and food security;"

"(7) close cooperation among all government agencies and departments and the private sector to ensure—"

"(A) coherent and consistent regulation and management of ocean and coastal activities;"

"(B) availability and appropriate allocation of Federal funding, personnel, facilities, and equipment for such activities;"

"(C) cost-effective and efficient operation of Federal departments, agencies, and programs involved in ocean and coastal activities; and"

"(D) enhancement of partnerships with State and local governments with respect to ocean and coastal activities, including the management of ocean and coastal resources and identification of appropriate opportunities for policy-making and decision-making at the State and local level; and"

"(8) the preservation of the role of the United States as a leader in ocean and coastal activities, and, when it is in the national interest, the cooperation by the United States with other nations and international organizations in ocean and coastal activities."

"SEC. 3. COMMISSION ON OCEAN POLICY."

"(a) ESTABLISHMENT.—There is hereby established the Commission on Ocean Policy. The Federal Advisory Committee Act (5 U.S.C. App.), except for sections 3, 7, and 12, does not apply to the Commission."

"(b) MEMBERSHIP.—"

"(1) APPOINTMENT.—The Commission shall be composed of 16 members appointed by the President from
§ 857–19

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Page 242

among individuals described in paragraph (2) who are knowledgeable in ocean and coastal activities, including individuals representing State and local governments, ocean-related industries, academic and technical institutions, and public interest organizations involved with scientific, regulatory, economic, and environmental ocean and coastal activities. The membership of the Commission shall be balanced by area of expertise and balanced geographically to the extent consistent with maintaining the highest level of expertise on the Commission.

(2) NOMINATIONS.—The President shall appoint the members of the Commission, within 90 days after the effective date of this Act, including individuals nominated as follows:

(A) 4 members shall be appointed from a list of 8 individuals who shall be nominated by the Majority Leader of the Senate in consultation with the Chairman of the Senate Committee on Commerce, Science, and Transportation.

(B) 4 members shall be appointed from a list of 8 individuals who shall be nominated by the Speaker of the House of Representatives in consultation with the Chairman of the House Committees on Resources (now Natural Resources), Transportation and Infrastructure, and Science (now Science, Space, and Technology).

(C) 2 members shall be appointed from a list of 4 individuals who shall be nominated by the Minority Leader of the Senate in consultation with the Ranking Member of the Senate Committee on Commerce, Science, and Transportation.

(D) 2 members shall be appointed from a list of 4 individuals who shall be nominated by the Minority Leader of the House in consultation with the Ranking Members of the House Committees on Resources (now Natural Resources), Transportation and Infrastructure, and Science (now Science, Space, and Technology).

(3) CHAIRMAN.—The Commission shall select a Chairman from among its members. The Chairman of the Commission shall be responsible for—

(A) the assignment of duties and responsibilities among staff personnel and their continuing supervision; and

(B) the use and expenditure of funds available to the Commission.

(4) VACANCIES.—Any vacancy on the Commission shall be filled in the same manner as the original incumbent was appointed.

(c) RESOURCES.—In carrying out its functions under this section, the Commission—

(1) is authorized to secure directly from any Federal agency or department any information it deems necessary for the Commission to perform its duties. The Executive Director shall be compensated at a rate not to exceed the rate payable for Level V of the Executive Schedule under section 5529 of title 5, United States Code. The employment and termination of an Executive Director shall be subject to confirmation by a majority of the members of the Commission.

(2) MEETINGS.—The Commission shall hold its first meeting within 30 days after all 16 members have been appointed.

(3) INITIAL MEETING.—The Commission shall hold its first meeting within 30 days after all 16 members have been appointed.

(4) REQUIRED PUBLIC MEETINGS.—The Commission shall hold at least one public meeting in Alaska and each of the following regions of the United States:

(A) The Northeast (including the Great Lakes).

(B) The Southeast (including the Caribbean).

(C) The Southwest (including Hawaii and the Pacific Territories).

(D) The Northwest.

(E) The Gulf of Mexico.

(5) REPORT.—

(1) IN GENERAL.—By June 20, 2003, the Commission shall submit to Congress and the President a final report of its findings and recommendations regarding United States ocean policy.

(2) REQUIRED MATTER.—The final report of the Commission shall include the following assessment, reviews, and recommendations:

(A) An assessment of existing and planned facilities associated with ocean and coastal activities including human resources, vessels, computers, satellites, and other appropriate platforms and technologies.

(B) A review of existing and planned ocean and coastal activities of Federal entities, recommendations for changes in such activities necessary to improve efficiency and effectiveness and to reduce duplication of Federal efforts.

(C) A review of the cumulative effect of Federal laws and regulations on United States ocean and coastal activities and resources and an examination of those laws and regulations for inconsistencies and contradictions that might adversely affect those ocean and coastal activities and resources, and recommendations for resolving such inconsistencies to the extent practicable. Such review shall also consider conflicts with State ocean and coastal management regimes.

(D) A review of the known and anticipated supply of, and demand for, ocean and coastal resources of the United States.

(E) A review of and recommendations concerning the relationship between Federal, State, and local governments and the private sector in
planning and carrying out ocean and coastal activities.

"(F) A review of opportunities for the development of or investments in new products, technologies, or markets related to ocean and coastal activities.

"(G) A review of previous and ongoing State and Federal efforts to enhance the effectiveness and integration of ocean and coastal activities.

"(H) Recommendations for any modifications to United States laws, regulations, and the administrative structure of Executive agencies, necessary to improve the understanding, management, conservation, and use of, and access to, ocean and coastal resources.

"(I) A review of the effectiveness and adequacy of existing Federal interagency ocean policy coordination mechanisms, and recommendations for changing or improving the effectiveness of such mechanisms necessary to respond to or implement the recommendations of the Commission.

"(J) Consideration of factors. In making its assessment and reviews and developing its recommendations, the Commission shall give equal consideration to environmental, technical feasibility, economic, and scientific factors.

"LIMITATIONS. The recommendations of the Commission shall not be specific to the lands and waters within a single State.

"(p) Public and Coastal State Review.—

"(1) Notice.—Before submitting the final report to the Congress, the Commission shall—

"(A) publish in the Federal Register a notice that a draft report is available for public review; and

"(B) provide a copy of the draft report to the Governor of each coastal State, the Committees on Resources, and the Committee on Commerce, Science, and Transportation of the Senate.

"Inclusion of Governors’ Comments.—The Commission shall include in the final report comments received from the Governor of a coastal State regarding recommendations in the draft report.

"(q) Administrative Procedure for Report and Review.—Chapter 5 and chapter 7 of title 5, United States Code, do not apply to the preparation, review, or submission of the report required by subsection (e) or the review of that report under subsection (f).

"(r) Termination.—The Commission shall cease to exist 90 days after the date on which it submits its final report.

"(s) Authorization of Appropriations.—There are authorized to be appropriated to carry out this section a total of $8,500,000 for the 3 fiscal-year period beginning with fiscal year 2001, such sums to remain available until expended.

"SEC. 4. NATIONAL OCEAN POLICY.

"(a) National Ocean Policy.—Within 90 days after receiving and considering the report and recommendations of the Commission under section 3, the President shall submit to Congress a statement of proposals to implement or respond to the Commission’s recommendations for a coordinated, comprehensive, and long-range national policy for the responsible use and stewardship of ocean and coastal resources for the benefit of the United States. Nothing in this Act authorizes the President to take any administrative or regulatory action regarding ocean or coastal policy, or to implement a reorganization plan, not otherwise authorized by law in effect at the time of such action.

"(b) Cooperation and Consultation.—In the process of developing proposals for submission under subsection (a), the President shall consult with State and local governments and non-Federal organizations and individuals involved in ocean and coastal activities.

"SEC. 5. BIENNIAL REPORT.

"(Enacted this section.)
nology community, and other ocean stakeholders. To advance these national interests, this order recognizes and supports Federal participation in regional ocean partnerships, to the extent appropriate and consistent, with national security interests and statutory authorities.

§ 857–19

Policy. It shall be the policy of the United States to:

(a) coordinate the activities of executive departments and agencies (agencies) regarding ocean-related matters, to ensure effective management of ocean, coastal, and Great Lakes waters and to provide economic, security, and environmental benefits for present and future generations of Americans;

(b) continue to promote the lawful use of the ocean by agencies, including United States Armed Forces;

(c) exercise rights and jurisdiction and perform duties in accordance with applicable domestic law and—if consistent with applicable domestic law—international law, including customary international law;

(d) facilitate the economic growth of coastal communities and promote ocean industries, which employ millions of Americans, advance ocean science and technology, feed the American people, transport American goods, expand recreational opportunities, and enhance America’s energy security;

(e) ensure that Federal regulations and management decisions do not prevent productive and sustainable use of ocean, coastal, and Great Lakes waters;

(f) utilize the acquisition, distribution, and use of the best available ocean-related science and knowledge, in partnership with marine industries; the ocean science and technology community; State, tribal, and local governments; and other ocean stakeholders, to inform decisions and enhance entrepreneurial opportunity; and

(g) facilitate, as appropriate, coordination, consultation, and collaboration regarding ocean-related matters, consistent with applicable law, among Federal, State, tribal, and local governments, marine industries, the ocean science and technology community, other ocean stakeholders, and foreign governments and international organizations.

§ 857–19. Definitions. For the purposes of this order, the following definitions apply:

(a) “Ocean-related matters” means management, science, and technology matters involving the ocean, coastal, and Great Lakes waters of the United States (including its territories and possessions), and related seabed, subsoil, waters superadjacent to the seabed, and natural resources.

(b) “Regional ocean partnership” means a regional organization of coastal or Great Lakes States, territories, or possessions voluntarily convened by governors to address cross-jurisdictional ocean matters, or the functional equivalent of such a regional ocean organization designated by the governor or governors of a State or States.

§ 857–19. Interagency Coordination. (a) To ensure appropriate coordination by Federal agencies on ocean-related matters, there is hereby established the interagency Ocean Policy Committee (Committee).

(i) The Committee shall consist of the following:

(1) The Chairman of the Council on Environmental Quality (CEQ) and the Director of the Office of Science and Technology Policy (OSTP), who shall serve as Co-Chairs;

(2) The Secretary of State, Secretary of Defense, Attorney General, Secretary of the Interior, Secretary of Agriculture, Secretary of Commerce, Secretary of Transportation, Secretary of Energy, Secretary of Homeland Security, Administrator of the Environmental Protection Agency, Director of the Office of Management and Budget, Administrator of the National Aeronautics and Space Administration, Director of the National Science Foundation, Director of National Intelligence, Chairman of the Joint Chiefs of Staff, Under Secretary of Commerce for Oceans and Atmosphere, Assistant Secretary of the Army (Civil Works), and Commandant of the Coast Guard;

(3) The Assistants to the President for National Security Affairs, Homeland Security and Counterterrorism, Domestic Policy, and Economic Policy;

(4) A representative from the Office of the Vice President designated by the Vice President; and

(b) The Co-Chairs, in coordination with the Assistants to the President for National Security Affairs, Homeland Security and Counterterrorism, Domestic Policy, and Economic Policy, shall regularly convene and preside at meetings of the Committee, determine its agenda, and direct its work, and shall establish and direct subcommittees of the Committee as appropriate. The Committee shall, as appropriate, establish subcommittees with responsibility for advising the Committee on matters pertaining to ocean science and technology and ocean-resource management.

(i) Committee members may designate, to perform their Committee or subcommittee functions, any person who is within their department, agency, or office who is:

(1) a civilian official appointed by the President;

(2) a member of the Senior Executive Service or the Senior Intelligence Service;

(3) a general officer or flag officer; or

(4) an employee of the Office of the Vice President.

(ii) Consistent with applicable law and subject to the availability of appropriations, OSTP or CEQ shall provide the Committee with funding, including through the National Science and Technology Council pursuant to title VII, section 723 of [division E of] the Consolidated Appropriations Act, 2018 [Public Law 115–141 [132 Stat. 592]], or any successor provision, or through the Office of Environmental Quality pursuant to the Office of Environmental Quality Management Fund, 42 U.S.C. 4375. OSTP or CEQ shall, to the extent permitted by law and subject to the availability of appropriations, provide administrative support as needed to implement this order.

(iii) The Committee shall be administered by an Executive Director and such full-time staff as the Co-Chairs recommend.

§ 857–19. Functions. To implement the policy set forth in section 2 of this order, the Committee shall, to the extent permitted by law:

(a) provide advice regarding policies concerning ocean-related matters to:

(1) the President; and

(ii) the head of any agency who is a member of the Committee;

(b) engage and collaborate, under existing laws and regulations, with stakeholders, including regional ocean partnerships, to address ocean-related matters that may require interagency or intergovernmental solutions.

(c) coordinate the timely public release of unclassified data and other information related to the ocean, coasts, and Great Lakes that agencies collect, and support the common information management systems, such as the Marine Cadastre, that organize and disseminate this information;

(d) coordinate and inform the ocean policy-making process and identify priority ocean research and technology needs, to facilitate:

(i) the use of science in the establishment of policy; and

(ii) the collection, development, dissemination, and exchange of information between and among agencies on ocean-related matters;

(e) coordinate and ensure Federal participation in projects conducted under the National Oceanographic Partnership Program through the Committee’s members, as appropriate, to maximize the effectiveness of agency investments in ocean research; and

(f) obtain information and advice concerning ocean-related matters from:

(i) State, tribal, and local governments; and
shall be construed to impair or otherwise affect:

SEC. 6. Cooperation. To the extent permitted by law, agencies shall cooperate with the Committee and provide it such information as it, through the Co-Chairs, may request. The Committee shall base its decisions on the consensus of its members. With respect to those matters for which consensus cannot be reached, the Assistant to the President for National Security Affairs shall coordinate with the Co-Chairs to present the disputed issue or issues for decision by the President. Within 90 days of the date of this order [June 19, 2018], agencies shall review their regulations, guidance, and policies for consistency with this order, and shall consult with CEQ, OSTP, and the Office of Management and Budget (OMB) regarding any modifications, revisions, or rescissions of any regulations, guidance, or policies necessary to comply with this order.

SEC. 7. Revocation. Executive Order 13547 of July 19, 2010 (Stewardship of the Ocean, Our Coasts, and the Great Lakes) [formerly set out above], is hereby revoked.

SEC. 8. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof;

(ii) the functions of the Director of OMB relating to budgetary, administrative, or legislative proposals; or

(iii) functions assigned by the President to the National Security Council or Homeland Security Council (including subordinate bodies) relating to matters affecting foreign affairs, national security, homeland security, or intelligence.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

Section, Pub. L. 107–299, § 9, Nov. 26, 2002, 116 Stat. 2748, provided for coordination between the Under Secretary of Commerce for Oceans and Atmosphere and the Director of the National Science Foundation to jointly submit a report on the oceans and coastal research activities of the National Oceanic and Atmospheric Administration and of the National Science Foundation.

§ 859. Repealed. June 16, 1942, ch. 413, § 19, 56 Stat. 369, eff. June 1, 1942

Section, act May 18, 1920, ch. 190, § 11, 41 Stat. 603, made pay and allowances of naval officers applicable to Coast and Geodetic Survey generally.

§ 861. Omitted

Editorial Notes

CODIFICATION

Section, acts Mar. 2, 1923, ch. 178, title I, 42 Stat. 1385; Aug. 4, 1949, ch. 393, § 11, 63 Stat. 559, prohibited the issuance of heat or light in kind to any person in the Coast and Geodetic Survey while such person is receiving an allowance for rental of quarters.

Section, acts Mar. 4, 1909, ch. 299, § 1, 35 Stat. 974; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to leaves of absence of officers of the Coast and Geodetic Survey on duty in the Philippine Islands.

Section, act May 16, 1920, ch. 190, §§11 (proviso), 14, 41 Stat. 694, related to service credits in computing longevity pay of officers of the Coast and Geodetic Survey.

Section 864b, act Jan. 19, 1942, ch. 6, § 5, 56 Stat. 7, related to retirement of officers. See, sections 1401 et seq., 6321 et seq., and 6371 et seq. of Title 10, Armed Forces.

Section 864c, act Jan. 19, 1942, ch. 6, § 7, 56 Stat. 8, related to pay of officers retired upon recommendation of Personnel Board.

Section, acts Jan. 19, 1942, ch. 6, § 7, 56 Stat. 8; June 3, 1948, ch. 390, §21(b), formerly §21(a), 62 Stat. 300; renumbered §22(b), Sept. 14, 1961, Pub. L. 87–233, §1(1f), 75 Stat. 506, related to rank or pay of officers retired for duty incurred disability. See sections 1201 et seq., 1371 et seq., and 1401 et seq. of Title 10, Armed Forces.

Section, acts June 6, 1942, ch. 383, 56 Stat. 328; Aug. 4, 1949, ch. 383, §15, 63 Stat. 560; Oct. 12, 1949, ch. 681, title V, §522(b), 63 Stat. 836, provided that certain commissioned officers of the Coast and Geodetic Survey who have been specially commended for performance of duty in actual combat prior to Dec. 31, 1946, shall, upon retirement, be placed upon the retired list one grade higher than the grade in which they were serving at the time of retirement.

Effective Date of Repeal

Repeal effective Jan. 1, 1957, see section 603(a) of act Aug. 1, 1956.

Section, act Oct. 27, 1943, ch. 287, §6, 57 Stat. 583, provided for reimbursement for property lost or destroyed in service while serving with the Navy.

§ 872. Omitted

Editorial Notes

CODIFICATION

Section, Pub. L. 86–461, title I, §301, May 13, 1960, 74 Stat. 94, which prescribed the rate of extra compensation for recorders, instrument observers and other Federal employees while making oceanographic observations or tending seismographs, was from an appropri-
§ 873. Extra compensation for instrument observers, recorders and other Federal employees for oceanographic, seismographic and magnetic observations

The Secretary of Commerce is authorized to pay extra compensation to members of crews of vessels when assigned duties as instrument observer or recorder, and to employees of other Federal agencies while observing tides or currents, or tending seismographs or magnetographs, at such rates as may be specified from time to time by him and without regard to section 5533 of title 5.

Editorial Notes

Codification

“Section 5533 of title 5” substituted in text for “section 301 of the Dual Compensation Act” on authority of Pub. L. 89–554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted title 5, Government Organization and Employees.

Amendments

1964—Pub. L. 88–448 inserted “and without regard to section 301 of the Dual Compensation Act”.

1960—Pub. L. 86–397 substituted “Secretary of Commerce” for “Coast and Geodetic Survey” and “instrument observer or recorder” for “bombers or fathometer readers,” inserted reference to employees tending magnetographs, and authorized Secretary to establish rates of compensation.

Statutory Notes and Related Subsidiaries

Effective Date of 1964 Amendment

Amendment by Pub. L. 88–448 effective on first day of first month which begins later than the ninetieth day following Aug. 19, 1964, see section 403 of Pub. L. 88–448.

§ 875. Powers of officers as notaries

In places where the National Oceanic and Atmospheric Administration is serving which are not within the jurisdiction of any one of the States of the continental United States, excluding Alaska, commanding officers of National Oceanic and Atmospheric Administration vessels, and such other officers of the National Oceanic and Atmospheric Administration as the Secretary of Commerce may designate, may exercise the general powers of the notary public in the administration of oaths for the execution, acknowledgment, and attestation of instruments and papers, and the performance of all other notarial acts. The powers conferred shall be limited to acts performed in behalf of the personnel of the National Oceanic and Atmospheric Administration or in connection with the proper execution of the functions of that agency.

Editorial Notes

Amendments

1960—Pub. L. 86–624 substituted “the States of the continental United States, excluding Alaska” for “the several States”.

Executive Documents

Transfer of Functions

§ 876. Fees for notarial acts; prima facie evidence of authority

No fee of any kind shall be paid to any officer for the performance of any notarial act authorized by section 873 of this title. The signature without seal together with indication of grade of any officer performing any notarial act shall be prima facie evidence of his authority.

(Aug. 3, 1956, ch. 932, §2, 70 Stat. 988.)

§ 877. Appropriations; advances from

Advances of money from available appropriations may be made to the National Ocean Survey and by authority of the Director thereof to chiefs of parties and accounts arising under such advances shall be rendered through and by the disbursing officer of the National Ocean Survey to the Government Accountability Office as under advances made to chiefs of parties prior to July 1, 1918.

Editorial Notes

Codification

Section was a provision of the Sundry Civil Appropriation Act of July 1, 1918.

Section was formerly classified to section 550 of Title 31 prior to the general revision and enactment of Title
§ 878. Appropriations; purchases from

The Secretary of Commerce is authorized to purchase, from the appropriation for the National Ocean Survey, provisions, clothing, and small stores for the enlisted men, and food supplies for field parties working in remote localities, such provisions, clothing, small stores, and food supplies to be sold to the employees of said survey and the appropriation reimbursed.

Amendments

1972—Pub. L. 92–310 struck out provisions which required chiefs of parties to give bonds.

Statutory Notes and Related Subsidiaries

Transfer of Functions

“Government Accountability Office” substituted in text for “General Accounting Office” pursuant to section 878a of this title.

Executive Documents

Transfer of Functions

§ 878a. Contract for development of a major program; costs; Major Program Annual Report for satellite development program

(a) Definitions

For purposes of this section—

(1) the term “Secretary” means Under Secretary of Commerce for Oceans and Atmosphere;

(2) the term “appropriate congressional committees” means—

(A) the Committee on Appropriations and the Committee on Commerce, Science, and Transportation of the Senate; and

(B) the Committee on Appropriations and the Committee on Science, Space and Technology of the House of Representatives;

(3) the term “satellite” means the satellites proposed to be acquired for the National Oceanic and Atmospheric Administration (NOAA);

(4) the term “development” means the phase of a program following the formulation phase and beginning with the approval to proceed to implementation, as defined in NOAA Administrative Order 216–108. Department of Commerce Administrative Order 208–3, and NASA’s Procedural Requirements 7120.5c, dated March 22, 2005;

(5) the term “development cost” means the total of all costs, including construction of facilities and civil servant costs, from the period beginning with the approval to proceed to implementation through the achievement of operational readiness, without regard to funding source or management control, for the life of the program;

(6) the term “life-cycle cost” means the total of the direct, indirect, recurring, and nonrecurring costs, including the construction of facilities and civil servant costs, and other related expenses incurred or estimated to be incurred in the design, development, verification, production, operation, maintenance, support, and retirement of a program over its planned lifespan, without regard to funding source or management control;

(7) the term “major program” means an activity approved to proceed to implementation that has an estimated life-cycle cost of more than $250,000,000; and

(8) the term “baseline” means the program as set following contract award and preliminary design review of the space and ground systems.

(b) Contract requirements for major programs

(1) NOAA shall not enter into a contract for development of a major program, unless the Under Secretary determines that—

(A) the technical, cost, and schedule risks of the program are clearly identified and the program has developed a plan to manage those risks;
(B) the technologies required for the program have been demonstrated in a relevant laboratory or test environment;
(C) the program complies with all relevant policies, regulations, and directives of NOAA and the Department of Commerce;
(D) the program has demonstrated a high likelihood of accomplishing its intended goals; and
(E) the acquisition of satellites for use in the program represents a good value to accomplishing NOAA's mission.

(2) The Under Secretary shall transmit a report describing the basis for the determination required under paragraph (1) to the appropriate congressional committees at least 30 days before entering into a contract for development under a major program.

(3) The Under Secretary may not delegate the determination requirement under this subsection, except in cases in which the Under Secretary has a conflict of interest.

(c) Reports

(1) Annually, at the same time as the President's annual budget submission to the Congress, the Under Secretary shall transmit to the appropriate congressional committees a report that includes the information required by this section for the satellite development program for which NOAA proposes to expend funds in the subsequent fiscal year. The report under this paragraph shall be known as the Major Program Annual Report.

(2) The first Major Program Annual Report for NOAA's satellite development program shall include a Baseline Report that shall, at a minimum, include—
(A) the purposes of the program and key technical characteristics necessary to fulfill those purposes;
(B) an estimate of the life-cycle cost for the program, with a detailed breakout of the development cost, program reserves, and an estimate of the annual costs until development is completed;
(C) the schedule for development, including key program milestones;
(D) the plan for mitigating technical, cost, and schedule risks identified in accordance with subsection (b)(1)(A); and
(E) the name of the person responsible for making notifications under subsection (d), who shall be an individual whose primary responsibility is overseeing the program.

(3) For the major program for which a Baseline Report has been submitted, subsequent Major Program Annual Reports shall describe any changes to the information that had been provided in the Baseline Report, and the reasons for those changes.

(d) Notification to Under Secretary of excess development costs

(1) The individual identified under subsection (c)(2)(E) shall immediately notify the Under Secretary any time that individual has reasonable cause to believe that, for the major program for which he or she is responsible, the development cost of the program has exceeded the estimate provided in the Baseline Report of the program by 20 percent or more.

(2) Not later than 30 days after the notification required under paragraph (1), the individual identified under subsection (c)(2)(E) shall transmit to the Under Secretary a written notification explaining the reasons for the change in the cost of the program for which notification was provided under paragraph (1).

(3) Not later than 15 days after the Under Secretary receives a written notification under paragraph (2), the Under Secretary shall transmit the notification to the appropriate congressional committees.

(e) Determination by Under Secretary of excess development costs

Not later than 30 days after receiving a written notification under subsection (d)(2), the Under Secretary shall determine whether the development cost of the program has exceeded the estimate provided in the Baseline Report of the program by 20 percent or more. If the determination is affirmative, the Under Secretary shall—

(1) transmit to the appropriate congressional committees, not later than 15 days after making the determination, a report that includes—
(A) a description of the increase in cost and a detailed explanation for the increase;
(B) a description of actions taken or proposed to be taken in response to the cost increase; and
(C) a description of any impacts the cost increase, or the actions described under subparagraph (B), will have on any other program within NOAA; and

(2) if the Under Secretary intends to continue with the program, promptly initiate an analysis of the program, which shall include, at a minimum—
(A) the projected cost and schedule for completing the program if current requirements of the program are not modified;
(B) the projected cost and schedule for completing the program after instituting the actions described under paragraph (1)(B); and
(C) a description of, and the projected cost and schedule for, a broad range of alternatives to the program.

(f) Completion and transmittal of analysis

NOAA shall complete an analysis initiated under subsection (e)(2) not later than 6 months after the Under Secretary makes a determination under subsection (e). The Under Secretary shall transmit the analysis to the appropriate congressional committees not later than 30 days after its completion.

Editorial Notes

CODIFICATION

PRIOR PROVISIONS

Provisions similar to those in this section were contained in the following prior appropriation act:
§ 878b

Safety and health regulations for scientific and occupational diving

On and after March 11, 2009, the Secretary of Commerce is permitted to prescribe and enforce standards or regulations affecting safety and health in the context of scientific and occupational diving within the National Oceanic and Atmospheric Administration.

Editorial Notes

Codification

Similar Provisions

Provisions similar to those in this section were contained in the following prior appropriation acts:

Editorial Notes

Amendments

2013—Subsec. (f). Pub. L. 113-6 substituted “subsection (e)” for “paragraph (2)” and “subsection (e)” for “this subsection”.

Statutory Notes and Related Subsidiaries

Requirements Adopted by Reference

Similar provisions were contained in the following prior appropriation acts:

§ 883a. Surveys and other activities

To provide charts and related information for the safe navigation of marine and air commerce, and to provide basic data for engineering and scientific purposes and for other commercial and industrial needs, the Secretary of Commerce, is authorized to conduct the following activities:

(1) Hydrographic and topographic surveys;

(2) Tide and current observations;

(3) Geodetic-control surveys;

(4) Field surveys for aeronautical charts;

(5) Geomagnetic, seismological, gravity, and related geophysical measurements and investigations, and observations for the determination of variation in latitude and longitude.

Editorial Notes

Amendments

1960—Pub. L. 86–409 struck out provisions which restricted the Coast and Geodetic Survey in the conduct of its specified activities to the United States, its Territories and possessions, and which restricted hydrographic and topographic surveys to surveys of coastal water and land areas (including offlying islands, banks, shoals, and other offshore areas), and to surveys of lakes, rivers, reservoirs, and other inland waters not otherwise provided for by statute.

Statutory Notes and Related Subsidiaries

Great Lakes Environmental Sensitivity Index

Pub. L. 116-274, Dec. 31, 2020, 134 Stat. 3356, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Great Lakes Environmental Sensitivity Index Act of 2020’.

“SEC. 2. UPDATE TO ENVIRONMENTAL SENSITIVITY INDEX PRODUCTS OF NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION FOR GREAT LAKES.

“(a) UPDATE REQUIRED FOR ENVIRONMENTAL SENSITIVITY INDEX PRODUCTS FOR GREAT LAKES.—Net later than 180 days after the date of the enactment of this Act (Dec. 31, 2020), the Under Secretary for Oceans and Atmosphere shall commence updating the environmental sensitivity index products of the National Oceanic and Atmospheric Administration for each coastal area of the Great Lakes.

“(b) PERIODIC UPDATES FOR ENVIRONMENTAL SENSITIVITY INDEX PRODUCTS GENERALLY.—Subject to the availability of appropriations and the priorities set forth in subsection (c), the Under Secretary shall—

“(1) periodically update the environmental sensitivity index products of the Administration; and

“(2) endeavor to do so not less frequently than once every 7 years.

“(c) PRIORITIES.—When prioritizing geographic areas to update environmental sensitivity index products, the Under Secretary shall consider—

“(1) the age of existing environmental sensitivity index products for the areas;

“(2) the occurrence of extreme events, be it natural or man-made, which have significantly altered the shoreline or ecosystem since the last update;

“(3) the natural variability of shoreline and coastal environment; and

“(4) the volume of vessel traffic and general vulnerability to spills or pollutants.

“(d) ENVIRONMENTAL SENSITIVITY INDEX PRODUCT DEFINED.—In this section, the term ‘environmental sensit-
tivity index product’ means a map or similar tool that is utilized to identify sensitive shoreline, coastal or offshore, resources prior to an oil spill event in order to set baseline priorities for protection and plan cleanup strategies, typically including information relating to shoreline type, biological resources, and human use resources.

(g) FUNDING.—Funds to carry out the activities under this section shall be derived from amounts authorized to be appropriated for the Under Secretary that are enacted after the date of the enactment of this Act.

GREAT LAKES MAPPING

‘‘SEC. 3201. SHORT TITLE. ‘‘This subtitle may be cited as the ‘Great Lakes Shoreline Mapping Act of 1987.’ ‘

‘‘SEC. 3202. GREAT LAKES SHORELINE MAPPING PLAN. ‘‘(a) PREPARATION OF PLAN.—Not later than nine months after the date of the enactment of this subtitle [Dec. 29, 1987], the Director, in consultation with the Director of the United States Geological Survey, shall submit to the Congress a plan for preparing maps of the shoreline of the Great Lakes under section 3203. ‘‘(b) CONTENT OF PLAN.—A plan prepared under paragraph (1) shall include— ‘‘(1) a work proposal and a division of responsibilities between the National Oceanic and Atmospheric Administration and the United States Geological Survey; ‘‘(2) a time schedule for completion of maps; ‘‘(3) recommendation of funding needed for preparing the maps; and ‘‘(4) an area mapping schedule, with first priority given to shoreline areas subject to a high risk of erosion or flooding. ‘

‘‘SEC. 3203. PREPARATION OF GREAT LAKES SHORELINE MAPS. ‘‘(a) IN GENERAL.—The [sic] following completion of a shoreline mapping plan under section 3202 and subject to authorization and appropriation of funds, the Director, in consultation with the Director of the United States Geological Survey, shall prepare maps of the shoreline areas of the Great Lakes. ‘‘(b) CONTENT OF MAPS.—Maps prepared under this section— ‘‘(1) shall include— ‘‘(A) bathymetry of the nearshore area, to the extent that this area will affect coastal erosion and flooding; ‘‘(B) topography of the adjacent shoreline, to the extent that this area will affect or be affected by coastal erosion and flooding; ‘‘(C) the geological conditions of the nearshore area and shoreline to the extent that these areas will directly affect or be affected by coastal erosion and flooding; ‘‘(D) information on the recent geological past of the nearshore area and shoreline areas described in paragraph (3); and ‘‘(E) appropriate information for use in predicting and preventing damage caused by erosion and flooding in the Great Lakes; ‘‘(2) shall be of appropriate scale and detail and take into account the greater informational needs of areas subject to a high risk of erosion or flooding; and ‘‘(3) to the maximum extent practicable, shall be consistent with similar shoreline maps prepared by, or for the use of, the Government of Canada. ‘‘(c) CONSULTATION.—In preparing maps under this section, the Director shall consult with, and take into consideration, the informational needs of— ‘‘(1) the Army Corps of Engineers; ‘‘(2) the Federal Emergency Management Agency; ‘‘(3) other appropriate Federal agencies; ‘‘(4) the States of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin; ‘‘(5) appropriate local government units; and ‘‘(6) the general public. ‘‘(d) AVAILABILITY OF MAPS.—The Director shall make maps prepared under this section available to— ‘‘(1) Federal agencies; ‘‘(2) State governments; ‘‘(3) local government units; ‘‘(4) the Government of Canada; and ‘‘(5) the general public.

‘‘(e) RECOVERY OF COSTS.—The costs of reproducing and distributing maps prepared under this section may be recovered under section 9701 of title 31, United States Code, or another law.

‘‘SEC. 3204. CONTRACT AUTHORITY. ‘‘The Director may, subject to appropriations, enter into contracts and agreements on a reimbursable or cost-sharing basis with other Federal agencies, State governments, local governments, and private entities, to carry out this subtitle.

‘‘SEC. 3205. DEFINITIONS. ‘‘For purposes of this subtitle— ‘‘(1) the term ‘Director’ means the Director of Charting and Geodetic Services of the National Ocean Service, within the National Oceanic and Atmospheric Administration; ‘‘(2) the term ‘Great Lakes’ means Lake Erie, Lake Huron, Lake Michigan, Lake Ontario, Lake St. Clair, Lake Superior, the Saint Mary’s River, the Saint Clair River, the Detroit River, the Niagara River, the Saint Lawrence River to the Canadian border, to the extent such lakes and rivers are subject to the jurisdiction of the United States; ‘‘(3) the term ‘high risk of erosion’ means subject to erosion at a rate greater than 1 foot per year. ‘

‘‘SEC. 3206. AUTHORIZATION OF APPROPRIATIONS. ‘‘There are authorized to be appropriated to carry out section 3202 not more than $100,000 for fiscal year 1989. Amounts appropriated pursuant to this section shall remain available until expended. ‘

[For transfer of all functions, personnel, assets, commitments, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Under Secretary for Federal Emergency Management relating thereto, to the Federal Emergency Management Agency, see section 315(a)(1) of Title 6, Domestic Security.] [For transfer of functions, personnel, assets, and liabilities of the Federal Emergency Management Agency, including the functions of the Director of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see former section 318(b) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.]
§ 883b. Dissemination of data; further activities

In order that full public benefit may be derived from the operations of the National Ocean Survey by the dissemination of data resulting from the activities herein authorized and of related data from other sources, the Secretary of Commerce is authorized to conduct the following activities:

1. Analysis and prediction of tide and current data;
2. Processing and publication of data, information, compilations, and reports;
3. Compilation and printing of nautical charts;
4. Distribution of nautical charts and related navigational publications.

Editorial Notes

AMENDMENTS

2000—Par. (3). Pub. L. 106–181, §605(a)(1), (2), redesignated par. (4) as (3), substituted “charts” for “charts of the United States, its Territories, and possessions”, and struck out former par. (3) which read as follows: “Compilation and printing of aeronautical charts of the United States, its Territories, and possessions; and, in addition, the compilation and printing of such aeronautical charts covering international airways as are required primarily by United States Civil aviation.”

Par. (4). Pub. L. 106–181, §605(a)(1), (3), redesignated par. (6) as (4) and substituted “publications” for “publications for the United States, its Territories, and possessions”.

Par. (5). Pub. L. 106–181, §605(a)(1), struck out par. (5) which read as follows: “Distribution of aeronautical charts and related navigational publications required by United States civil aviation.”

Statutory Notes and Related Subsidiaries

EDITIVE DATE OF 2000 AMENDMENT

Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as a note under section 106 of Title 49, Transportation.

Executive Documents

TRANSFER OF FUNCTIONS

§ 883c. Geomagnetic data; collection, correlation, and dissemination

To provide for the orderly collection of geomagnetic data from domestic and foreign sources, and to assure that such data shall be readily available to Government and private agencies and individuals, the National Ocean Survey is designated as the central depository of the United States Government for geomagnetic data, and the Secretary of Commerce is authorized to collect, correlate, and disseminate such data.

Executive Documents

TRANSFER OF FUNCTIONS

§ 883d. Improvement of methods, instruments, and equipments; investigations and research

To improve the efficiency of the National Ocean Survey and to increase engineering and scientific knowledge, the Secretary of Commerce is authorized to conduct developmental work for the improvement of surveying and cartographic methods, instruments, and equipments; and to conduct investigations and research in geophysical sciences (including geodesy, oceanography, seismology, and geomagnetism).

Executive Documents

TRANSFER OF FUNCTIONS

§ 883e. Agreements for surveys and investigations; contribution of costs incurred by National Oceanic and Atmospheric Administration

(1) The Secretary of Commerce is authorized to enter into cooperative agreements, or any other agreements, with, and to receive and expend funds made available by, any State or subdivision thereof, any Federal agency, or any public or private organization, or individual, for surveys or investigations authorized herein, or for performing related surveying and mapping activities, including special-purpose maps, and for the preparation and publication of the results thereof.

(2) The Secretary of Commerce is authorized to establish the terms of any agreement entered into under this section, including the amount of funds to be received, and may contribute that portion of the costs incurred by the National Oceanic and Atmospheric Administration, including shiptime and personnel expenses, which the Secretary determines represents the amount of benefits derived by the Administration from the agreement.

Editorial Notes

AMENDMENTS

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 2000 AMENDMENT

Amendment by Pub. L. 106–181 applicable only to fiscal years beginning after Sept. 30, 1999, see section 3 of Pub. L. 106–181, set out as a note under section 106 of Title 49, Transportation.

Executive Documents

TRANSFER OF FUNCTIONS

Office of Director of Coast and Geodetic Survey abolished and Coast and Geodetic Survey consolidated with Weather Bureau to form a new agency in Department of Commerce to be known as Environmental Science Services Administration, by Reorg. Plan No. 2 of 1965, eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318, set out as a note under section 851 of this title. The Reorg. Plan also transferred to Secretary of Commerce all functions of Coast and Geodetic Survey and Director. For further details, see note set out under section 851 of this title.

§ 883f. Contracts with qualified organizations

The Secretary of Commerce is authorized to contract with qualified organizations for the performance of any part of the authorized functions of the National Ocean Survey when he deems such procedure to be in the public interest.

Executive Documents

TRANSFER OF FUNCTIONS

Section, act Aug. 6, 1947, ch. 504, §7, 61 Stat. 788, provided for acceptance of gifts or bequests and exemption from Federal taxes. See sections 1522 and 1523 of Title 15, Commerce and Trade.

§ 883h. Employment of public vessels

The President is authorized to cause to be employed such of the public vessels as he deems it expedient to employ, and to give such instructions for regulating their conduct as he deems proper in order to carry out the provisions of this subchapter.

(Aug. 6, 1947, ch. 504, §8, 61 Stat. 788.)
No. 11023, May 28, 1962, 27 F.R. 5131, as amended, set out as a note under section 301 of Title 3, The President.

§ 883i. Authorization of appropriations

There are authorized to be appropriated such funds as may be necessary to acquire, construct, maintain, and operate ships, stations, equipment, and facilities and for such other expenditures, including personal services at the seat of government and elsewhere and including the erection of temporary observatory buildings and lease of sites therefor, as may be necessary for the conduct of the activities herein authorized.

(Aug. 6, 1947, ch. 504, §9, 61 Stat. 788.)

Editorial Notes

REFERENCES IN TEXT

Herein, referred to in text, means act Aug. 6, 1947, ch. 504, 61 Stat. 787, as amended, which is classified generally to this subchapter (§§883a et seq.). For complete classification of this Act to the Code, see Tables.

§ 883j. Ocean satellite data

The Administrator of the National Oceanic and Atmospheric Administration (hereinafter referred to in this subtitle 1 as the “Administration”) shall take such actions, including the sponsorship of applied research, as may be necessary to assure the future availability and usefulness of ocean satellite data to the maritime community.

Statutory Notes and Related Subsidaries

TRANSFER OF FUNCTIONS

Functions of Secretary and other officers of Department of Commerce under this section that relate to the Office of Aeronautical Charting and Cartography to provide aeronautical charts, products, and services for safe and efficient navigation of air commerce transferred to Administrator of Federal Aviation Administration effective Oct. 1, 2000, see section 47721(c)(2) of Title 49, Transportation.

REPORT ON SATELLITE OCEANOGRAPHY

Pub. L. 102–567, title I, §116, Oct. 29, 1992, 106 Stat. 2479, directed the Federal Coordinating Council for Science, Engineering, and Technology through the Committee on Earth and Environmental Sciences, in consultation with Federal, academic, and commercial users of remotely sensed data, to consider and develop findings and recommendations regarding the most urgent current needs of oceanographic researchers for remote sensing capabilities and remotely sensed data and the major goals of satellite oceanography for the next 10 years, and, not later than one year after Oct. 29, 1992, to submit to Congress a report which described the findings and recommendations of the Committee.

1 See References in Text note below.

§ 883k. Acquisition of land for facilities

For fiscal year 1990 and hereafter funds appropriated under this heading shall be available for acquisition of land for facilities.

§ 883l. Contracts for surveying and mapping services

On and after February 20, 2003, the Secretary of Commerce may award contracts for hydrographic, geodetic, and photogrammetric surveying and mapping services in accordance with title IX of the Federal Property and Administrative Services Act of 1949.1

Editorial Notes

REFERENCES IN TEXT

The Federal Property and Administrative Services Act of 1949, referred to in text, is act June 30, 1949, ch. 288, 63 Stat. 377. Title IX of the Act, which was classified generally to subchapter VI (§§541 et seq.) of chapter 10 of former Title 40, Public Buildings, Property, and Works, was repealed and reenacted by Pub. L. 107–217, §§1, 5(b), Aug. 21, 2002, 116 Stat. 1062, 1304, as chapter 11 (§1101 et seq.) of Title 40, Public Buildings, Property, and Works. For disposition of sections of former Title 40 to revised Title 40, see Table preceding section 101 of Title 40. For complete classification of this Act to the Code, see Tables.

PRIOR PROVISIONS

Similar provisions were contained in the following prior appropriation acts:

§ 884. Power to use books, maps, etc., and to employ persons

The President is authorized, in executing the provisions of title 56 of the Revised Statutes relating to the coast survey, to use all maps, charts, books, instruments, and apparatus belonging to the United States, and to direct where the same shall be deposited, and to em-

1 See References in Text note below.
ploy all persons in the land or naval service of the United States, and such astronomers and other persons as he shall deem proper.

(R.S. § 4685.)

Editorial Notes

REFERENCES IN TEXT

Title 56 of the Revised Statutes, referred to in text, was in the original “this Title”, meaning title 56 of the Revised Statutes, consisting of R.S. §§ 4681 to 4691 of the Revised Statutes, which are classified to sections 881 to 888 of this title. For complete classification of R.S. §§ 4681 to 4691 to the Code, see Tables.

CODIFICATION

Section was not enacted as part of act Aug. 6, 1947, ch. 504, 61 Stat. 787, which comprises this subchapter.

R.S. § 4685 derived from act July 10, 1832, ch. 191, § 2, 4 Stat. 571.

Section, R.S. § 4686, related to use of public vessels on coast surveys. See section 883 of this title.

Section 886, R.S. § 4687, related to employment of officers of Army and Navy in the work of surveying the coast of the United States.

Section 887, R.S. § 4688; acts Aug. 30, 1890, ch. 837, § 1, 26 Stat. 382; June 5, 1920, ch. 235, § 1, 41 Stat. 929, provided for allowance for subsistence to officers of Army and Navy while employed on coast survey service.

Statutory Notes and Related Subsidiaries

ADDITIONAL REPEAL

Sections were also repealed by act Aug. 10, 1956, ch. 101, § 33, 70A Stat. 641. Section 49(a) of act Aug. 10, 1956, inconsistent with that act, should be considered as superseding it to the extent of the inconsistency.

§ 888. Omitted

Editorial Notes

CODIFICATION

SUBCHAPTER III—NOAA FLEET MODERNIZATION

§ 891. Definitions

In this subchapter, the term—

(1) “NOAA” means the National Oceanic and Atmospheric Administration within the Department of Commerce.

(2) “NOAA fleet” means the fleet of research vessels owned or operated by NOAA.

(3) “Plan” means the NOAA Fleet Replacement and Modernization Plan described in section 891b of this title.

(4) “Secretary” means the Secretary of Commerce.

(5) “UNOLS” means University-National Oceanographic Laboratory System.

Statutory Notes and Related Subsidiaries

SHORT TITLE

For short title of this subchapter as the “NOAA Fleet Modernization Act”, see section 801 of Pub. L. 102–567, set out as a Short Title of 1992 Amendment note under section 851 of this title.

§ 891a. Fleet replacement and modernization program

The Secretary is authorized to implement, subject to the requirements of this subchapter, a 15-year program to replace and modernize the NOAA fleet.

Editorial Notes

REFERENCES IN TEXT

This subchapter, referred to in text, was in the original “this Act”, and was translated as reading “this title”, meaning title VI of Pub. L. 102–567, which enacted this subchapter, to reflect the probable intent of Congress.

§ 891b. Fleet replacement and modernization Plan

(a) In general

To carry out the program authorized in section 891a of this title, the Secretary shall develop and submit to Congress a replacement and modernization Plan for the NOAA fleet covering the years authorized under section 891h of this title.

(b) Timing

The Plan required in subsection (a) shall be submitted to Congress within 30 days of October 29, 1992, and updated on an annual basis.

(c) Plan elements

The Plan required in subsection (a) shall include the following—

(1) the number of vessels proposed to be modernized or replaced, the schedule for their modernization or replacement, and anticipated funding requirements;

(2) the number of vessels proposed to be constructed, leased, or chartered;

(3) the number of vessels, or days at sea, that can be obtained by using the vessels of the UNOLS;

(4) the number of vessels that will be made available to NOAA by the Secretary of the Navy, or any other federal officer, and the terms and conditions for their availability;

1 So in original. Probably should be capitalized.
(5) the proposed acquisition of modern scientific instrumentation for the NOAA fleet, including acoustic systems, data transmission positioning and communication systems, physical, chemical, and meteorological oceanographic systems, and data acquisition and processing systems; and
(6) the appropriate role of the NOAA Corps in operating and maintaining the NOAA fleet.

(d) Contracting limitation

The Secretary may not enter into any contract for the construction, lease, or service life extension of a vessel of the NOAA fleet before the date of the submission to Congress of the Plan required in subsection (a).

Statutory Notes and Related Subsidiaries

§891c. Design of NOAA vessels

(a) Design requirement

Except for the vessel designs identified under subsection (b), the Secretary, working through the Office of the NOAA Corps Operations and the Systems Procurement Office, shall—
(1) prepare requirements for each class of vessel to be constructed or converted under the Plan; and
(2) contract competitively from nongovernmental entities with expertise in shipbuilding for vessel design and construction based on the requirements for each class of vessel to be acquired.

(b) Exception

The Secretary shall—
(1) report to Congress identifying any existing vessel design or design proposal that meets the requirements of the Plan within 30 days after October 29, 1992, and shall promptly advise the Congress of any modification of these designs; and
(2) submit to Congress as part of the annual update of the Plan required in section 891b of this title, any subsequent existing vessel design or design proposals that meet the requirements of the Plan.

§891d. Contract authority

(a) Multiyear contracts

(1) In general

Subject to paragraphs (2) and (3), and notwithstanding section 1341 of title 31 and subsections (a) and (b) of section 6301 of title 41, the Secretary may acquire vessels for the NOAA fleet by purchase, lease, lease-purchase, or otherwise, under one or more multiyear contracts.

(2) Required findings

The Secretary may not enter into a contract pursuant to this subsection unless the Secretary finds with respect to that contract that—
(A) there is a reasonable expectation that throughout the contemplated contract period the Secretary will request from Congress funding for the contract at the level required to avoid contract termination; and
(B) the use of the contract will promote the best interests of the United States by encouraging competition and promoting economic efficiency in the operation of the NOAA fleet.

(3) Required contract provisions

The Secretary may not enter into a contract pursuant to this subsection unless the contract includes—
(A) a provision under which the obligation of the United States to make payments under the contract for any fiscal year is subject to the availability of appropriations provided in advance for those payments;
(B) a provision that specifies the term of effectiveness of the contract; and
(C) appropriate provisions under which, in case of any termination of the contract before the end of the term specified pursuant to subparagraph (B), the United States shall only be liable for the lesser of—
(i) an amount specified in the contract for such a termination; or
§ 891e. Restriction with respect to certain shipyard subsidies

(a) In general

The Secretary of Commerce may not award a contract for the construction, repair (except emergency repairs), or alteration of any vessel of the National Oceanic and Atmospheric Administration in a shipyard, if that vessel benefits or would benefit from significant subsidies for the construction, repair, or alteration of vessels in that shipyard.

(b) “Significant subsidy” defined

In this section, the term “significant subsidy” includes, but is not limited to, any of the following:

1. Officially supported export credits.
2. Direct official operating support to the commercial shipbuilding and repair industry, or to a related entity that favors the operation of shipbuilding and repair, including but not limited to—
   (A) grants;
   (B) loans and loan guarantees other than those available on the commercial market;
   (C) forgiveness of debt;
   (D) equity infusions on terms inconsistent with commercially reasonable investment practices; and
   (E) preferential provision of goods and services.

3. Direct official support for investment in the commercial shipbuilding and repair industry, or to a related entity that favors the operation of shipbuilding and repair, including but not limited to the kinds of support listed in paragraph (2)(A) through (E), and any restructuring support, except public support for social purposes directly and effectively linked to shipyard closures.

4. Assistance in the form of grants, preferential loans, preferential tax treatment, or otherwise, that benefits or is directly related to shipbuilding and repair for purposes of research and development that is not equally open to domestic and foreign enterprises.

5. Tax policies and practices that favor the shipbuilding and repair industry, directly or indirectly, such as tax credits, deductions, exemptions, and preferences, including accelerated depreciation, if such benefits are not generally available to persons or firms not engaged in shipbuilding or repair.

6. Any official regulation or practice that authorizes or encourages persons or firms engaged in shipbuilding or repair to enter into anticompetitive arrangements.

7. Any indirect support directly related, in law or in fact, to shipbuilding and repair at national yards, including any public assistance favoring shipowners with an indirect effect on shipbuilding or repair activities, and any assistance provided to suppliers of significant inputs to shipbuilding, which results in benefits to domestic shipbuilders.

8. Any export subsidy identified in the Illustrative List of Export Subsidies in the Annex to the Agreement on Subsidies and Countervailing Measures referred to in section 351(d)(12) of title 19, or any other export subsidy prohibited by that agreement.

Editorial Notes

CODIFICATION

In subsec. (a)(1), “subsections (a) and (b) of section 6301 of title 41” substituted for “section 3732 of the Revised Statutes of the United States (41 U.S.C. 11)” on authority of Pub. L. 111-350, § 6(c), Jan. 4, 2011, 124 Stat. 6301 of title 41.”}

# Amendments

1999—Subsec. (b)(8). Pub. L. 106-36 substituted “Agreement on Subsidies and Countervailing Measures referred to in section 351(d)(12) of title 19, or any other export subsidy prohibited by that agreement” for “Agreement on Interpretation and Application of Articles VI, XVI, and XXIII of the General Agreement on Tariffs and Trade or any other export subsidy that may be prohibited as a result of the Uruguay Round of trade negotiations.”
§ 891e–1. Shipyards located outside of the United States

On and after December 26, 2007, none of the funds made available in this Act or any other Act may be used for the construction, repair (other than emergency repair), overhaul, conversion, or modernization of vessels for the National Oceanic and Atmospheric Administration in shipyards located outside of the United States.

Editorial Notes

REFERENCES IN TEXT

CODIFICATION

Section was enacted as part of the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2008, and not as part of the Consolidated Appropriations Act, 2008. For complete classification of this Act to the Code, see Tables.

§ 891f. Use of vessels

(a) Vessel agreements

In implementing the NOAA fleet replacement and modernization program, the Secretary shall use excess capacity of UNOLS vessels where appropriate and may enter into memoranda of agreement with the operators of these vessels to carry out this requirement.

(b) Report to Congress

Within one year after October 29, 1992, the Comptroller General of the United States shall provide a report to Congress, in consultation with the Secretary, comparing the cost-efficiency, accounting, and operating practices of the vessels of NOAA, UNOLS, other Federal agencies, and the United States private sector in meeting the missions of NOAA.

§ 891g. Interoperability

The Secretary shall consult with the Oceanographer of the Navy regarding appropriate measures that should be taken, on a reimbursable basis, to ensure that NOAA vessels are interoperable with vessels of the Department of the Navy, including with respect to operation, maintenance, and repair of those vessels.

§ 891h. Authorization of appropriations

(a) In general

There are authorized to be appropriated to the Secretary for carrying out this subchapter—

(1) $50,000,000 for fiscal year 1993;

(2) $100,000,000 for fiscal year 1994; and

(3) such sums as are necessary for each of the fiscal years 1995, 1996, and 1997.

(b) Limitation on fleet modernization activities

All National Oceanic and Atmospheric Administration fleet modernization shipbuilding, and conversion shall be conducted in accordance with this subchapter.

SUBCHAPTER IV—NOAA HYDROGRAPHIC SERVICES

§ 892. Definitions

In this subchapter:

(1) Administrator

The term “Administrator” means the Administrator of the National Oceanic and Atmospheric Administration.

(2) Administration

The term “Administration” means the National Oceanic and Atmospheric Administration.

(3) Hydrographic data

The term “hydrographic data” means information that—

(A) is acquired through—

(i) hydrographic, bathymetric, photogrammetric,lidar, radar, remote sensing, or shoreline and other ocean- and coastal-related surveying;

(ii) geodetic, geospatial, or geomagnetic measurements;

(iii) tide, water level, and current observations; or

(iv) other methods; and

(B) is used in providing hydrographic services.

(4) Hydrographic services

The term “hydrographic services” means—

(A) the management, maintenance, interpretation, certification, and dissemination of bathymetric, hydrographic, shoreline, geodetic, geospatial, geomagnetic, and tide, water level, and current information, including the production of nautical charts, nautical information databases, and other products derived from hydrographic data;
(B) the development of nautical information systems; and
(C) related activities.

(5) Coast and Geodetic Survey Act

The term "Coast and Geodetic Survey Act" means the Act entitled "An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes", approved August 6, 1947 (33 U.S.C. 892a et seq.).

Editorial Notes

References in Text

This subchapter, referred to in text, was in the original "this title", meaning title III of Pub. L. 105–384, Nov. 13, 1998, 112 Stat. 3454, which is classified principally to this subchapter. For complete classification of this title to the Code, see Short Title of 1998 Amendment note set out under section 851 of this title and Tables.

Act of August 6, 1947, referred to in par. (5), is act Aug. 6, 1947, ch. 504, 61 Stat. 787, as amended, which is classified generally to subchapter II of this chapter.

Amendments

2008—Pars. (3) to (5). Pub. L. 110–386, which directed the amendment of section 303 of the Hydrographic Services Improvement Act of 1998 (33 U.S.C. 892a) by adding pars. (3) to (5) and striking out former pars. (3) to (5), was executed to this section, which is section 302 of the Hydrographic Services Improvement Act of 1998, to reflect the probable intent of Congress. Prior to amendment, pars. (3) to (5) defined the terms "hydrographic data", "hydrographic services", and "Act of 1947", respectively.

Statutory Notes and Related Subsidiaries

Short Title

For short title of this subchapter as the "Hydrographic Services Improvement Act of 1998", see section 301 of Pub. L. 105–384, set out as a Short Title of 1998 Amendment note under section 851 of this title.

§ 892a. Functions of the Administrator

(a) Responsibilities

To fulfill the data gathering and dissemination duties of the Administration under the Coast and Geodetic Survey Act, promote safe, efficient and environmentally sound marine transportation, and otherwise fulfill the purposes of this subchapter, the Administrator shall—

(1) acquire and disseminate hydrographic data and provide hydrographic services;
(2) promulgate standards for hydrographic data used by the Administration in providing hydrographic services;
(3) promulgate standards for hydrographic services provided by the Administration;
(4) ensure comprehensive geographic coverage of hydrographic services, in cooperation with other appropriate Federal agencies;
(5) maintain a national database of hydrographic data, in cooperation with other appropriate Federal agencies;
(6) provide hydrographic services in uniform, easily accessible formats;
(7) participate in the development of, and implement for the United States in cooperation with other appropriate Federal agencies, international standards for hydrographic data and hydrographic services; and
(8) to the greatest extent practicable and cost-effective, fulfill the requirements of paragraphs (1) and (6) through contracts or other agreements with private sector entities.

(b) Authorities

To fulfill the data gathering and dissemination duties of the Administration under the Coast and Geodetic Survey Act, promote safe, efficient, and environmentally sound marine transportation, and otherwise fulfill the purposes of this subchapter, subject to the availability of appropriations, the Administrator—

(1) may procure, lease, evaluate, test, develop, and operate vessels, equipment, and technologies necessary to ensure safe navigation and maintain operational expertise in hydrographic data acquisition and hydrographic services;
(2) shall, subject to the availability of appropriations, design, install, maintain, and operate real-time hydrographic monitoring systems to enhance navigation safety and efficiency; and 1
(3) where appropriate and to the extent that it does not detract from the promotion of safe and efficient navigation, may acquire hydrographic data and provide hydrographic services to support the conservation and management of coastal and ocean resources;
(4) where appropriate, may acquire hydrographic data and provide hydrographic services to save and protect life and property and support the resumption of commerce in response to emergencies, natural and man-made disasters, and homeland security and maritime domain awareness needs, including obtaining mission assignments (as defined in section 741 of title 6);
(5) may create, support, and maintain such joint centers with other Federal agencies and other entities as the Administrator deems appropriate or necessary to carry out the purposes of this subchapter; and
(6) notwithstanding the existence of such joint centers, shall award contracts for the acquisition of hydrographic data in accordance with subchapter VI of chapter 10 of title 40.2

(c) Conservation and management of coastal and ocean resources

Where appropriate and to the extent that it does not detract from the promotion of safe and efficient navigation, the Secretary may use hydrographic data and services to support the conservation and management of coastal and ocean resources.

1So in original. The word "and" probably should not appear.
2See References in Text note below.
§ 892b. Quality assurance program

(a) Definition

For purposes of this section, the term "hydrographic product" means any publicly or commercially available product produced by a non-Federal entity that includes or displays hydrographic data.

(b) Program

(1) In general

The Administrator—

(A) by not later than 2 years after December 19, 2002, shall, subject to the availability of appropriations, develop and implement a quality assurance program that is equally available to all applicants, under which the Administrator may certify hydrographic products that satisfy the standards promulgated by the Administrator under section 892a(a)(3) of this title;

(B) may authorize the use of the emblem or any trademark of the Administration on a hydrographic product certified under subparagraph (A); and

(C) may charge a fee for such certification and use.

(2) Limitation on fee amount

Any fee under paragraph (1)(C) shall not exceed the costs of conducting the quality assurance testing, evaluation, or studies necessary to determine whether the hydrographic product satisfies the standards adopted under sec-
§ 892c. Hydrographic Services Review Panel

(a) Establishment

No later than 1 year after December 19, 2002, the Secretary shall establish the Hydrographic Services Review Panel.

(b) Duties

(1) In general

The panel shall advise the Administrator on matters related to the responsibilities and authorities set forth in section 892a of this title and such other appropriate matters as the Administrator refers to the panel for review and advice.

(2) Administrative resources

The Administrator shall make available to the panel such information, personnel, and administrative services and assistance as it may reasonably require to carry out its duties.

(c) Membership

(1) In general

(A) The panel shall consist of 15 voting members who shall be appointed by the Administrator. The Co-directors of the Center for Coastal and Ocean Mapping/Joint Hydrographic Center and no more than 2 employees of the National Oceanic and Atmospheric Administration appointed by the Administrator shall serve as nonvoting members of the panel. The voting members of the panel shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in 1 or more of the disciplines and fields relating to hydrographic data and hydrographic services, marine transportation, port administration, vessel pilotage, coastal and fishery management, and other disciplines as determined appropriate by the Administrator.

(B) An individual may not be appointed as a voting member of the panel if the individual is a full-time officer or employee of the United States.

(C) Any voting member of the panel who is an applicant for, or beneficiary as determined by the Secretary) of, any assistance under this subchapter shall disclose to the panel that relationship, and may not vote on any matter pertaining to that assistance.

(2) Terms

(A) The term of office of a voting member of the panel shall be 4 years, except that of the original appointees, five shall be appointed for a term of 2 years, five shall be appointed for a term of 3 years, and five shall be appointed for a term of 4 years, as specified by the Administrator at the time of appointment.

(B) Any individual appointed to a partial or full term may be reappointed for one additional full term. A voting member may serve after the date of the expiration of the term of office for which appointed until his or her successor has taken office.

(3) Nominations

At least once each year, the Secretary shall publish a notice in the Federal Register soliciting nominations for membership on the panel.

(4) Chairman and Vice Chairman

(A) The panel shall select one voting member to serve as the Chairman and another voting member to serve as the Vice Chairman.

(B) The Vice Chairman shall act as Chairman in the absence or incapacity of the Chairman.

(d) Compensation

Voting members of the panel shall—

(1) receive compensation at a rate established by the Secretary, not to exceed the maximum daily rate payable under section 19, 2002, 116 Stat. 3080.)
5376 of title 5 when actually engaged in the performance of duties for such panel; and
(2) be reimbursed for actual and reasonable expenses incurred in the performance of such duties.

(e) Meetings
The panel shall meet on a biannual basis and, at any other time, at the call of the Chairman or upon the request of a majority of the voting members or of the Secretary.

(f) Powers
The panel may exercise such powers as are reasonably necessary in order to carry out its duties under subsection (b).

Editorial Notes

REFERENCES IN TEXT
This subchapter, referred to in subsec. (c)(1)(C), was in the original “this Act”, and was translated, to reflect the probable intent of Congress, as reading “this title”, meaning title III of Pub. L. 105–384, Nov. 13, 1998, 112 Stat. 3454, known as the Hydrographic Services Improvement Act of 1998, which is classified principally to title III of this title.

AMENDMENTS
2008—Subsec. (c)(1)(A). Pub. L. 110–386 amended subpar. (A) generally. Prior to amendment, subpar. (A) read as follows: “The panel shall consist of 15 voting members who shall be appointed by the Administrator. The Director of the Joint Hydrographic Institute and no more than 2 employees of the National Oceanic and Atmospheric Administration appointed by the Administrator shall serve as nonvoting members of the panel. The voting members of the panel shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more of the disciplines and fields relating to hydrographic surveying, tide, current geodetic and geospatial measurement, marine transportation, port administration, vessel piloting, and coastal and fishery management.”

1998—Pub. L. 105–383, which directed the amendment of this section by striking out subsecs. (a) and (d), was executed by striking out subsec. (a), because no subsec. (d) has been enacted. Prior to amendment, subsec. (a) read as follows: “(a) Ports.—Not later than 6 months after November 13, 1998, the Administrator and the Commandant of the Coast Guard shall report to the Congress on—
“(1) the status of implementation of real-time tide and current data systems in United States ports; and
“(2) existing safety and efficiency needs in United States ports that could be met by increased use of those systems; and
“(3) a plan for expanding those systems to meet those needs, including an estimate of the cost of implementing those systems in priority locations.”

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1998 AMENDMENT
Pub. L. 105–383, title IV, § 432(a), Nov. 13, 1998, 112 Stat. 3444, provided that: “Subsections (b) and (c) [amending this section and section 892d of this title] shall take effect immediately after the later of—
“(2) the enactment of this Act [Nov. 13, 1998].”

§ 892d. Authorization of appropriations

(a) In general
There are authorized to be appropriated to the Administrator the following:

(1) To carry out nautical mapping and charting functions under sections 892b and 892c of this title, except for conducting hydrographic surveys, $70,814,000 for each of fiscal years 2019 through 2023.

(2) To contract for hydrographic surveys under section 892b(b)(1) of this title, including the leasing or time chartering of vessels, $25,000,000 for each of fiscal years 2019 through 2023.

(3) To operate hydrographic survey vessels owned by the United States and operated by the Administration, $29,932,000 for each of fiscal years 2019 through 2023.

(4) To carry out geodetic functions under this subchapter, $26,800,000 for each of fiscal years 2019 through 2023.

(5) To carry out tide and current measurement functions under this subchapter, $30,564,000 for each of fiscal years 2019 through 2023.

(6) To acquire a replacement hydrographic survey vessel capable of staying at sea continuously for at least 30 days $75,000,000.

(b) Arctic programs

Of the amount authorized by this section for each fiscal year—

(1) $10,000,000 is authorized for use in the Arctic—

(A) to acquire hydrographic data;

(B) to provide hydrographic services;

(C) to conduct coastal change analyses necessary to ensure safe navigation;

(D) to improve the management of coastal change; and

(E) to reduce risks of harm to subsistence and coastal communities associated with increased international maritime traffic; and

(2) $2,000,000 is authorized for use to acquire hydrographic data and provide hydrographic services in the Arctic necessary to delineate the United States extended Continental Shelf.

(c) Limitation on administrative expenses for surveys

Of amounts authorized by this section for each fiscal year for contract hydrographic surveys, not more than 5 percent is authorized for administrative costs associated with contract management.

OCEAN AND ATMOSPHERIC RESEARCH

§893. Ocean and atmospheric research and development program

(a) In general

The Administrator of the National Oceanic and Atmospheric Administration, in consultation with the Director of the National Science Foundation and the Administrator of the National Aeronautics and Space Administration, shall establish a coordinated program of ocean, coastal, Great Lakes, and atmospheric research and development, in collaboration with academic institutions and other nongovernmental entities, that shall focus on the development of advanced technologies and analytical methods that will promote United States leadership in ocean and atmospheric science and competitiveness in the applied uses of such knowledge.

(b) Oceanic and atmospheric research and development program

The Administrator shall implement programs and activities—

(1) to identify emerging and innovative research and development priorities to enhance United States competitiveness, support development of new economic opportunities based on NOAA research, observations, monitoring, modeling, and predictions that sustain ecosystem services;

(2) to promote United States leadership in oceanic and atmospheric science and competitiveness in the applied uses of such knowledge, including for the development and expansion of economic opportunities; and

(3) to advance ocean, coastal, Great Lakes, and atmospheric research and development, including potentially transformational research, in collaboration with other relevant Federal agencies, academic institutions, the private sector, and nongovernmental programs, consistent with NOAA’s mission to understand, observe, and model the Earth’s atmosphere and biosphere, including the oceans, in an integrated manner.

(c) Report

No later than 12 months after January 4, 2011, the Administrator, in consultation with the National Science Foundation or other such agencies with mature transformational research portfolios, shall develop and submit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Science and Technology that describes NOAA’s strategy for enhancing transformational research in its research and development portfolio to increase United States leadership in ocean and atmospheric science and competitiveness in the applied uses of such knowledge.
competitiveness in oceanic and atmospheric science and technology. The report shall—
(1) define “transformational research”;
(2) identify emerging and innovative areas of research and development where transformational research has the potential to make significant and revolutionary \(^1\) advancements in both understanding and U.S. science leadership;
(3) describe how transformational research priorities are identified and appropriately \(^1\) balanced in the context of NOAA’s broader research portfolio;
(4) describe NOAA’s plan for developing a competitive peer review and priority-setting \(^1\) process, funding mechanisms, performance and evaluation measures, and transition-to-operation guidelines for transformational research; and
(5) describe partnerships with other agencies involved in transformational research.

Editorial Notes

Amendments

2011—Pub. L. 111–358 redesignated existing provisions as subsec. (a), inserted heading, and added subssecs. (b) and (c).

Statutory Notes and Related Subsidiaries

Change of Name

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

§893a. NOAA ocean and atmospheric science education programs

(a) In general

The Administrator of the National Oceanic and Atmospheric Administration shall conduct, develop, support, promote, and coordinate formal and informal educational activities at all levels to enhance public awareness and understanding of ocean, coastal, Great Lakes, and atmospheric science and stewardship by the general public and other coastal stakeholders, including underrepresented groups in ocean and atmospheric science and policy careers. In conducting those activities, the Administrator shall build upon the educational programs and activities of the agency, with consideration given to the goal of promoting the participation of individuals identified in sections 1885a and 1885b of title 42 in STEM fields and in promoting the acquisition and retention of highly qualified and motivated young scientists to complement and supplement workforce needs.

(b) Educational program goals

The education programs developed by NOAA shall, to the extent applicable—
(1) carry out and support research based programs and activities designed to increase student interest and participation in STEM;
(2) improve public literacy in STEM;
(3) employ proven strategies and methods for improving student learning and teaching in STEM;
(4) provide curriculum support materials and other resources that—
(A) are designed to be integrated with comprehensive STEM education;
(B) are aligned with national science education standards;
(C) are designed considering the unique needs of underrepresented groups, translating such materials and other resources;
(D) promote the adoption and implementation of high-quality education practices that build toward college and career-readiness; and
(E) are promoted widely, especially among individuals identified in sections 1885a and 1885b of title 42; and
(5) create and support opportunities for enhanced and ongoing professional development for teachers using best practices that improves the STEM content and knowledge of the teachers, including through programs linking STEM teachers with STEM educators at the higher education level.

(c) NOAA science education plan

The Administrator, appropriate National Oceanic and Atmospheric Administration programs, ocean atmospheric science and education experts, and interested members of the public shall maintain a science education plan setting forth education goals and strategies for the Administration, as well as programmatic actions to carry out such goals and priorities over the next 20 years, and evaluate and update such plan every 5 years.

(d) Metrics

In executing the National Oceanic and Atmospheric Administration science education plan under subsection (c), the Administrator shall maintain a comprehensive system for evaluating the Administration’s educational programs and activities. In so doing, the Administrator shall ensure that such education programs have measurable objectives and milestones as well as clear, documented metrics for evaluating programs. For each such education program or portfolio of similar programs, the Administrator shall—
(1) encourage the collection of evidence as relevant to the measurable objectives and milestones; and
(2) ensure that program or portfolio evaluations focus on educational outcomes and not just inputs, activities completed, or the number of participants.

(e) Construction

Nothing in this section may be construed to affect the application of section 1232a of title 20 or sections 794 and 794d of title 29.

(f) STEM defined

In this section, the term “STEM” means the academic and professional disciplines of science, technology, engineering, and mathematics.

\(^1\)So in original.

Editorial Notes

AMENDMENTS

2017—Subsec. (a). Pub. L. 114–329, § 314(a), substituted ‘‘the agency, with consideration given to the goal of promoting the participation of individuals identified in sections 1885a and 1885b of title 42’’ for ‘‘agency, with consideration given to the goal of promoting the participation of individuals from underrepresented groups’’.

Subsec. (b) redesignated former subsec. (d) as (e).

Subsec. (c) redesignated former subsec. (e) as (f).

Subsec. (d). Pub. L. 114–329, § 314(b), added subpars. (C) and (E) and redesignated former subpar. (C) as (D).

Subsec. (e). Pub. L. 114–329, § 314(c), added subsec. (d) and redesignated former subsec. (d) as (e) and (f), respectively.

2011—Subsec. (a). Pub. L. 111–358, § 302(1), substituted ‘‘agency, with consideration given to the goal of promoting the participation of individuals from underrepresented groups in STEM fields and in promoting the acquisition and retention of highly qualified and motivated young scientists to complement and supplement workforce needs’’ for ‘‘the agency’’.

Subsec. (c). Pub. L. 111–358, § 302(4), substituted ‘‘maintain’’ for ‘‘develop’’.

Subsec. (d). Pub. L. 111–358, § 302(2), redesignated subsec. (b) as (c).

§ 893b. NOAA’s contribution to innovation

(a) Participation in interagency activities

The National Oceanic and Atmospheric Administration shall be a full participant in any interagency effort to promote innovation and economic competitiveness through near-term and long-term basic scientific research and development and the promotion of science, technology, engineering, and mathematics education, consistent with the agency mission, including authorized activities.

(b) Historic foundation

In order to carry out the participation described in subsection (a), the Administrator of the National Oceanic and Atmospheric Administration shall build on the historic role of the National Oceanic and Atmospheric Administration in stimulating excellence in the advancement of ocean and atmospheric science and engineering disciplines and in providing opportunities and incentives for the pursuit of academic studies in science, technology, engineering, and mathematics.

§ 893c. Workforce study

(a) In general

The Secretary of Commerce, in cooperation with the Secretary of Education, shall request the National Academy of Sciences to conduct a study on the scientific workforce in the areas of oceanic and atmospheric sciences who have the ability to conduct high quality scientific research in physical and chemical oceanography, meteorology, and atmospheric modeling, and related fields, for government, nonprofit, and private sector entities;

(b) Coordination

The Secretary of Commerce and the Secretary of Education shall consult with the heads of other Federal agencies and departments with oceanic and atmospheric expertise or authority in preparing the specifications for the study.

(c) Report

No later than 18 months after January 4, 2011, the Secretary of Commerce and the Secretary of Education shall transmit a joint report to each committee of Congress with jurisdiction over the programs described in section 893a(b) of this title, as amended by section 302 of this Act, detailing the findings and recommendations of the study and setting forth a prioritized plan to implement the recommendations.

(d) Program and plan

The Administrator of the National Oceanic and Atmospheric Administration shall evaluate the National Academy of Sciences study and develop a workforce program and plan to institutionalize the Administration’s Federal science career pathways and address aging workforce issues. The program and plan shall be developed in consultation with the Administration’s cooperative institutes and other academic partners to identify and implement programs and mechanisms to ensure that—

(1) sufficient highly qualified scientists are able to transition into Federal career scientist positions in the Administration’s laboratories and programs; and

(2) the technical and management experiences of senior employees are documented and transferred before leaving Federal service.

Editorial Notes

REFERENCES IN TEXT

Section 302 of this Act, referred to in subsec. (c), is section 302 of Pub. L. 111–358, which amended section 893a of this title.
§ 894. Actions to address sexual harassment at National Oceanic and Atmospheric Administration

(a) Required policy
Not later than 1 year after December 23, 2016, the Secretary of Commerce shall, acting through the Under Secretary for Oceans and Atmosphere, develop a policy on the prevention of and response to sexual harassment involving employees of the National Oceanic and Atmospheric Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(b) Matters to be specified in policy
The policy developed under subsection (a) shall include—

(1) establishment of a program to promote awareness of the incidence of sexual harassment;

(2) clear procedures an individual should follow in the case of an occurrence of sexual harassment, including—

(A) a specification of the person or persons to whom an alleged occurrence of sexual harassment should be reported by an individual and options for confidential reporting, including—

(i) options and contact information for after-hours contact; and

(ii) a procedure for obtaining assistance and reporting sexual harassment while working in a remote scientific field camp, at sea, or in another field status; and

(B) a specification of any other person whom the victim should contact;

(3) establishment of a mechanism by which—

(A) questions regarding sexual harassment can be confidentially asked and confidentially answered; and

(B) incidents of sexual harassment can be reported on a restricted or unrestricted basis; and

(4) a prohibition on retaliation and consequences for retaliatory actions.

(c) Consultation and assistance
In developing the policy required by subsection (a), the Secretary may consult or receive assistance from such State, local, and national organizations and subject matter experts as the Secretary considers appropriate.

(d) Availability of policy
The Secretary shall ensure that the policy developed under subsection (a) is available to—

(1) all employees of the Administration and members of the commissioned officer corps of the Administration, including those employees and members who conduct field work for the Administration; and

(2) the public.

(e) Geographic distribution of equal employment opportunity personnel
The Secretary shall designate out of existing staff at least 1 employee of the Administration who is tasked with handling matters relating to equal employment opportunity or sexual harassment at each marine and aviation center of the Administration.

(f) Quarterly reports

(1) In general
Not less frequently than 4 times each year, the Director of the Civil Rights Office of the Administration shall submit to the Under Secretary a report on sexual harassment in the Administration.

(2) Contents
Each report submitted under paragraph (1) shall include the following:

(A) The number of sexual harassment cases, both actionable and non-actionable, involving individuals covered by the policy developed under subsection (a).

(B) The number of open actionable sexual harassment cases and how long the cases have been open.

(C) Such trends or region-specific issues as the Director may have discovered with respect to sexual harassment in the Administration.

(D) Such recommendations as the Director may have with respect to sexual harassment in the Administration.

Editorial Notes

AMENDMENTS

2020—Subsec. (b)(3)(B). Pub. L. 116–259 substituted ‘‘can be reported on a restricted or unrestricted basis’’ for ‘‘can be confidentially reported’’.

§ 894a. Actions to address sexual assault at National Oceanic and Atmospheric Administration

(a) Comprehensive policy on prevention of and response to sexual assaults
Not later than 1 year after December 23, 2016, the Secretary of Commerce shall, acting through the Under Secretary for Oceans and Atmosphere, develop a comprehensive policy on the prevention of and response to sexual assaults involving employees of the National Oceanic and Atmospheric Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(b) Elements of comprehensive policy
The comprehensive policy developed under subsection (a) shall, at minimum, address the following matters:

(1) Prevention measures.

(2) Education and training on prevention and response.

(3) A list of support resources an individual may use in the occurrence of sexual assault, including—

(A) options and contact information for after-hours contact; and

(B) a procedure for obtaining assistance and reporting sexual assault while working
in a remote scientific field camp, at sea, or in another field status.

(4) Easy and ready availability of information described in paragraph (3).

(5) Establishing a mechanism by which—
(A) questions regarding sexual assault can be confidentially asked and confidentially answered; and
(B) incidents of sexual assault can be reported on a restricted or unrestricted basis.

(6) Protocols for the investigation of complaints by command and law enforcement personnel.

(7) Prohibiting retaliation and consequences for retaliatory actions against someone who reports a sexual assault.

(8) Oversight by the Under Secretary of administrative and disciplinary actions in response to substantiated incidents of sexual assault.

(9) Victim advocacy, including establishment of and the responsibilities and training requirements for victim advocates as described in subsection (c).

(10) Availability of resources for victims of sexual assault within other Federal agencies and State, local, and national organizations.

(c) Victim advocacy

(1) In general

The Secretary, acting through the Under Secretary, shall establish victim advocates to advocate for victims of sexual assaults involving employees of the Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(2) Victim advocates

For purposes of this subsection, a victim advocate is an existing permanent employee of the Administration who—
(A) is stationed—
(1) in the case of a member of the commissioned officer corps of the Administration; and
(2) in each region in which the Administration conducts operations; and
(B) serves as a victim advocate voluntarily and in addition to the employee’s other duties as an employee of the Administration.

Primary duties

The primary duties of a victim advocate established under paragraph (1) shall include the following:

(A) Supporting victims of sexual assault and informing them of their rights and the resources available to them as victims.

(B) Acting as a companion in navigating investigative, medical, mental and emotional health, and recovery processes relating to sexual assault.

(C) Helping to identify resources to ensure the safety of victims of sexual assault.

(4) Location

The Secretary shall ensure that at least 1 victim advocate established under paragraph (1) is stationed—
(A) in each region in which the Administration conducts operations; and
(B) in each marine and aviation center of the Administration.

(5) Hotline

(A) In general

In carrying out this subsection, the Secretary shall provide a telephone number at which a victim of a sexual assault can contact a victim advocate.

(B) 24-hour access

The Secretary shall ensure that the telephone number established under subparagraph (A) is monitored at all times.

(C) Partnership

The Secretary shall, where possible, use established hotlines for purposes of this paragraph.

(6) Formal relationships with other entities

The Secretary may enter into formal relationships with other entities to make available additional victim advocates.

(d) Availability of policy

The Secretary shall ensure that the policy developed under subsection (a) is available to—
(1) all employees of the Administration and members of the commissioned officer corps of the Administration, including those employees and members who conduct field work for the Administration; and
(2) the public.

(e) Consultation and assistance

In developing the policy required by subsection (a), the Secretary may consult or receive assistance from such State, local, and national organizations and subject matter experts as the Secretary considers appropriate.

(23, 2016, 130 Stat. 2803.)

Editorial Notes

Amendments

2020—Subsec. (b)(5)(B). Pub. L. 116–259 substituted “can be reported on a restricted or unrestricted basis” for “can be confidentially reported”.

§ 894b. Rights of the victim of a sexual assault

A victim of a sexual assault covered by the comprehensive policy developed under section 894a(a) of this title has the right to be reasonably protected from the accused.

(23, 2016, 130 Stat. 2803.)

§ 894c. Change of station

(a) Change of station, unit transfer, or change of work location of victims

(1) Timely consideration and action upon request

The Secretary of Commerce, acting through the Under Secretary for Oceans and Atmosphere, shall—
(A) in the case of a member of the commissioned officer corps of the National Oceanic and Atmospheric Administration who was a victim of a sexual assault, in order to reduce the possibility of retaliation or further sex-
§ 894d  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 268

§ 894d. Applicability of policies to crews of vessels secured by National Oceanic and Atmospheric Administration under contract

The Under Secretary for Oceans and Atmosphere shall ensure that each contract into which the Under Secretary enters for the use of a vessel by the National Oceanic and Atmospheric Administration that covers the crew of the vessel, if any, shall include as a condition of the contract a provision that subjects such crew to the policy developed under section 894(a) of this title and the comprehensive policy developed under section 894(a) of this title.

§ 894d–1. Investigation requirement

(a) Requirement to investigate

(1) In general

The Secretary of Commerce, acting through the Under Secretary for Oceans and Atmosphere, shall ensure that each allegation of sexual assault or sexual harassment reported under section 894 of this title and each allegation of sexual assault reported under section 894a of this title is investigated thoroughly and promptly.

(2) Sense of Congress on commencement of investigation

It is the sense of Congress that the Secretary should ensure that an investigation of alleged sexual harassment reported under section 894 of this title or sexual assault reported under section 894a of this title commences not later than 48 hours after the time at which the allegation was reported.

(b) Notification of delay

In any case in which the time between the reporting of an alleged sexual harassment or sexual assault under section 894 or 894a of this title, respectively, and commencement of an investigation of the allegation exceeds 48 hours, the Secretary shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Natural Resources of the House of Representatives of the delay.

Editorial Notes

Prior Provisions

A prior section 3546 of Pub. L. 114–328 was renumbered section 3548 and is classified to section 894 of this title.

§ 894d–2. Criminal referral

If the Secretary of Commerce finds, pursuant to an investigation under section 894d–1 of this title, evidence that a crime may have been committed, the Secretary shall refer the matter to the appropriate law enforcement authorities, including the appropriate United States Attorney.

§ 894e. Annual report on sexual assaults in the National Oceanic and Atmospheric Administration

(a) **In general**

Not later than January 15 of each year, the Secretary of Commerce shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Natural Resources of the House of Representatives a report on the sexual assaults involving employees of the National Oceanic and Atmospheric Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(b) **Contents**

Each report submitted under subsection (a) shall include, with respect to the previous calendar year, the following:

1. The number of alleged sexual assaults involving employees, members, and individuals described in subsection (a).
2. A synopsis of each case and the disciplinary action taken, if any, in each case.
3. The policies, procedures, and processes implemented by the Secretary, and any updates or revisions to such policies, procedures, and processes.
4. A summary of the reports received by the Under Secretary for Oceans and Atmosphere under section 894(f) of this title.

(c) **Privacy protection**

In preparing and submitting a report under subsection (a), the Secretary shall ensure that no individual involved in an alleged sexual assault can be identified by the contents of the report.

§ 894f. Sexual assault defined

In this subchapter, the term **“sexual assault”** shall have the meaning given such term in section 12291(a) of title 34.

§ 901. Short title

This chapter may be cited as ‘‘Longshore and Harbor Workers’ Compensation Act.’’

**Editorial Notes**

**AMENDMENTS**

1984—Pub. L. 98–426 substituted ‘‘Longshore’’ for ‘‘Longshoremens’’.

Statutory Notes and Related Subsidiaries

**Effective Date of 1984 Amendment**

Pub. L. 98–426, § 28(a)–(g), Sept. 28, 1984, 98 Stat. 1655, provided that:

‘‘(a) Except as otherwise provided in this section, the amendments made by this Act [enacting section 942 of this title, amending this section, sections 902 to 910, 912 to 914, 917 to 919, 921 to 923, 928 to 935, 938 to 940, 944, and 948a of this title, and section 932 of Title 30, Mineral...’’
§ 902. Definitions

When used in this chapter—
(1) The term ‘person’ means individual, partnership, corporation, or association.
(2) The term ‘injury’ means accidental injury or death arising out of and in the course of employment, and such occupational disease or infection as arises naturally out of such employment or as naturally or unavoidably results from such accidental injury, and includes an injury caused by the willful act of a third person directed against an employee because of his employment.
(3) The term ‘employee’ means any person engaged in maritime employment, including any longshoreman or other person engaged in longshoring operations, and any harbor-worker including a ship repairman, shipbuilder, and ship-breaker, but such term does not include—
(A) individuals employed exclusively to perform office clerical, secretarial, security, or data processing work;
(B) individuals employed by a club, camp, recreational operation, restaurant, museum, or retail outlet;
(C) individuals employed by a marina and who are not engaged in construction, replacement, or expansion of such marina (except for routine maintenance);
(D) individuals who (i) are employed by suppliers, transporters, or vendors, (ii) are temporarily doing business on the premises of an employer described in paragraph (4), and (iii) are not engaged in work normally performed by employees of that employer under this chapter;
(E) aquaculture workers;
(F) individuals employed to build any recreational vessel under sixty-five feet in length, or individuals employed to repair any recreational vessel, or to dismantle any part of a recreational vessel in connection with the repair of such vessel;
(G) a master or member of a crew of any vessel; or
(H) any person engaged by a master to load or unload or repair any small vessel under eighteen tons net;

If individuals described in clauses (A) through (F) are subject to coverage under a State workers’ compensation law.
(4) The term ‘employer’ means an employer any of whose employees are employed in maritime employment, in whole or in part, upon the navigable waters of the United States (including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel).
The term "Secretary" means the Secretary of Labor.

The term "deputy commissioner" means the deputy commissioner having jurisdiction in respect of an injury or death.

The term "State" includes a Territory and the District of Columbia.

The term "United States" when used in a geographical sense means the several States and Territories and the District of Columbia, including the territorial waters thereof.

"Child", "grandchild", "brother", "sister", and "stepchild" includes any person who for more than three years prior to the death of the deceased employee stood in the place of a parent to him, if dependent on him wholly or in part by reason of the death or by reason of the age of the deceased child being under eighteen years of age, or who, though not wholly dependent, are entitled to benefits under this chapter for justifiable cause or by reason of the age of the child, or by reason of the disability of any person who is the legal owner of the child.

The term "vessel" includes an owner pro hac vice, agent, operator, charter or lessee of any vessel, or any part thereof.

The term "wages" means the monetary compensation of the employee for work performed in the course of the employment, including the reasonable value of board furnished by the employer and included for purposes of any withholding of tax under subtitle C of title 26 (relating to employment taxes), and includes funeral benefits provided therein.

The term "national average weekly wage" means the national average weekly earnings of production or nonsupervisory workers on private nonagricultural payrolls.

The term "Board" shall mean the Benefits Review Board.

 Unless the context requires otherwise, the term "vessel" means any vessel upon which or in connection with which any person entitled to benefits under this chapter suffers injury or death arising out of or in the course of his employment, and said vessel's owner, owner pro hac vice, agent, operator, charter or lessee thereof, or any agent, officer, or employee thereof, is in whole or in part liable for such injury or death.

The term "Secretary" means the Secretary of Labor; and the term "claims" includes claims for benefits under this chapter.

The term "vessel" means any vessel upon which or in connection with which any person entitled to benefits under this chapter suffers injury or death arising out of or in the course of his employment, and said vessel's owner, owner pro hac vice, agent, operator, charter or lessee thereof, or any agent, officer, or employee thereof, is in whole or in part liable for such injury or death.

The term "national average weekly wage" includes the national average weekly earnings of production or nonsupervisory workers on private nonagricultural payrolls.
bare boat charterer, master, officer, or crew member. 
(22) The singular includes the plural and the masculine includes the feminine and neuter.

Editorial Notes

REFERENCES IN TEXT

The phrase ‘a student as defined in paragraph (19) of this section’, referred to in par. (14), probably means a student as defined in paragraph (18) of this section.

AMENDMENTS

2009—Par. (3)(F). Pub. L. 111-5, §803(2), substituted ‘‘or’’ for ‘‘individuals employed to repair any recreational vessel, to dismantle any part of a recreational vessel in connection with the repair of such vessel, for semicolon at end.

Pub. L. 111-5, §803(1), which directed the striking out of ‘‘repair, or dismantle’’, was executed by striking out ‘‘repair, or dismantle’’ after ‘‘build’’ to reflect the probable intent of Congress. 1984—Par. (3). Pub. L. 98-426, §2(a), amended par. (3) generally. Prior to amendment, par. (3) read as follows: ‘‘The term ‘employee’ means any person engaged in maritime employment, including any longshoreman or other person engaged in longshoring operations, and any harborworker including a ship repairman, shipbuilder, and shipbreaker, but such term does not include a master or member of a crew of any vessel, or any person engaged by the master to load or unload or repair any small vessel under eighteen tons net.’’. Par. (6). Pub. L. 98-426, §27(a)(1), substituted ‘‘The term ‘Secretary’ means the Secretary of Labor, for ‘The term ‘commission’ means the United States Employess Compensation Commission.’’. Par. (10). Pub. L. 98-426, §2(b), inserted ‘‘but such term shall mean permanent impairment, determined (to the extent covered thereby) under the guides to the evaluation of permanent impairment promulgated and modified from time to time by the American Medical Association, in the case of an individual whose claim is described in section 910(d)(2) of this title’’. Par. (12). Pub. L. 98-426, §2(c), amended par. (12) generally. Prior to amendment, par. (12) read as follows: ‘‘Wages’ means the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the injury, including the reasonable value of board, rent, housing, lodging, or similar advantage received from the employer, and gratuities received in the course of employment from others than the employer.’’. Par. (21). Pub. L. 98-426, §5(a)(2), substituted ‘‘Unless the context requires otherwise, the’’ for ‘‘The’’. 1972—Par. (3). Pub. L. 92-576, §2(a), defined ‘‘employee’’ to mean any person engaged in maritime employment, including any longshoreman or other person engaged in longshoring operations, and any harborworker including a ship repairman, shipbuilder, and shipbreaker and substituted ‘‘or’’ for ‘‘nor’’ before ‘‘any person engaged by the master’’. Par. (4). Pub. L. 92-576, §5(b), defined ‘‘employer’’ to include an employer any of whose employees are employed in maritime employment upon the navigable waters of the United States, including any adjoining pier, wharf, dry dock, terminal, building way, marine railroad, or any adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel.

Par. (14). Pub. L. 92-576, §13(b), defined ‘‘child, grandchild, brother, and sister’’ to include a student as defined in par. (19) of this section.

Par. (16). Pub. L. 92-576, §20(c)(1), consolidated provisions of former par. (16) definition of ‘‘widow’’ and former par. (17) definition of ‘‘widower’’ in one definition of ‘‘widow or widower’’, and in redefining ‘‘widower’’, substituted provision for decedent’s husband living with or dependent upon wife for support at time of her death, for prior provision for decedent’s husband living with and dependent upon wife for support at time of her death, and included decedent’s husband living apart from wife for justifiable cause or by reason of her desertion at time of her death.

Par. (19). Pub. L. 92-576, §§5(b), 20(c)(1), added par. (20) definition of ‘‘national average weekly wage’’ and redesignated such par. (20) as par. (19). Former par. (19) definition of ‘‘student’’ redesignated par. (18).

Par. (20). Pub. L. 92-576, §§15(c), 20(c)(1), added par. (21) definition of ‘‘Board’’ and redesignated such par. (21) as par. (20). Former par. (20) definition of ‘‘national average weekly wage’’ redesignated par. (19).

Par. (21). Pub. L. 92-576, §§18(b), 20(c)(1), added par. (22) definition of ‘‘vessel’’ and redesignated such par. (22) as par. (21). Former par. (21) definition of ‘‘Board’’ redesignated par. (20).

Par. (22). Pub. L. 92-576, §§5(a), 5(b), 15(c), 18(b), 20(c)(1), redesignated former par. (19) definition of ‘‘singular’’ as pars. (20), (21), (22), and (22) again. Former par. (22) definition of ‘‘vessel’’ redesignated par. (21).

1938—Par. (14). Act June 25, 1938, included within definition of child, ‘‘a child in relation to whom the deceased employee stood in loco parentis for at least one year prior to the time of injury’’ and within definition of child, grandchild, brother, and sister ‘‘persons who though eighteen years of age or over, are wholly dependent upon the deceased employee and incapable of self-support by reason of mental or physical disability’’. Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by sections 2(a) and 5(a)(2) of Pub. L. 98-426 applicable with respect to any injury after Sept. 28, 1984, amendment by section 2(b) of Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending as of such date, and amendment by sections 2(c) and 5(a)(1) of Pub. L. 98-426 effective Sept. 28, 1984, see section 28(a), (c), (e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Pub. L. 92-576, §20(c)(3), Oct. 27, 1972, 86 Stat. 1265, provided that: ‘‘The amendments made by this Act shall apply only with respect to deaths or injuries occurring after the enactment of this Act, Oct. 27, 1972.’’. Pub. L. 92-576, §22, Oct. 27, 1972, 86 Stat. 1265, provided that: ‘‘The amendments made by this Act [see Short Title note set out under section 901 of this title] shall become effective thirty days after the date of enactment of this Act (Oct. 27, 1972).’’

Executive Documents

TRANSFER OF FUNCTIONS

Prior to the amendment of this chapter by Pub. L. 98-426, the word ‘‘Secretary’’ meaning the Secretary of Labor had been substituted for the word ‘‘commission’’ meaning the United States Employees’ Compensation
§ 903. Coverage

(a) Disability or death; injuries occurring upon navigable waters of United States

Except as otherwise provided in this section, compensation shall be payable under this chapter in respect of disability or death of an employee, but only if the disability or death results from an injury occurring upon the navigable waters of the United States (including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, dismantling, or building a vessel).

(b) Governmental officers and employees

No compensation shall be payable in respect of the disability or death of an officer or employee of the United States, or any agency thereof, or of any State or foreign government, or any subdivision thereof.

(c) Intoxication; willful intention to kill

No compensation shall be payable if the injury was occasioned solely by the intoxication of the employee or by the willful intention of the employee to injure or kill himself or another.

(d) Small vessels

(1) No compensation shall be payable to an employee employed at a facility of an employer if, as certified by the Secretary, the facility is engaged in the business of building, repairing, or dismantling exclusively small vessels (as defined in paragraph (3) of this subsection), unless the injury occurs while upon the navigable waters of the United States or while upon any adjoining pier, wharf, dock, facility over land for launching vessels, or facility over land for hauling, lifting, or drydocking vessels.

(2) Notwithstanding paragraph (1), compensation shall be payable to an employee—

(A) who is employed at a facility which is used in the business of building, repairing, or dismantling exclusively small vessels (as defined in paragraph (3) of this subsection), unless the injury occurs while upon the navigable waters of the United States or while upon any adjoining pier, wharf, dock, facility over land for launching vessels, or facility over land for hauling, lifting, or drydocking vessels.

(b) if the employee is not subject to coverage under a State workers' compensation law or section 14502 of title 46, or an alternate tonnage measured under section 14302 of that title as prescribed by the Secretary under section 14104 of that title.

1945—Subsec. (a). Pub. L. 73–560, § 3(a), inserted introductory language relating to exceptions provided for elsewhere in this section, redesignated existing par. (1) as subsec. (b), and struck out existing par. (2) which had excepted from coverage masters and crew members or persons engaged by such masters or crew members to load, unload, or repair vessels under 18 tons net.

Subsec. (b). Pub. L. 73–560, § 3(a), redesignated as subsec. (b) provisions formerly set out in subsec. (a)(2). Former subsec. (b) redesignated (c).

Subsecs. (c) to (e). Pub. L. 73–560, § 3(a), redesignated former subsec. (b) as (c) and added subsecs. (d) and (e).

1972—Subsec. (a). Pub. L. 92–576, § 2(c), substituted provisions respecting coverage of injuries occurring upon navigable waters of the United States, including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel, for prior provisions respecting coverage of such injuries upon navigable waters and if recovery for the disability or death through workmen's compensation proceedings may not validly be provided by State law.

Subsec. (a)(1). Pub. L. 92–576, § 21, substituted “or” for “nor” before “any person engaged by the master”.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Amendment by section 3(a) of Pub. L. 98–426 applicable with respect to any injury after Sept. 28, 1984, and amendment by section 3(b) of Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after Sept. 28, 1984, and to claims pending on that date, see section 28(a), (c) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

District of Columbia

The Longshoremen’s and Harbor Workers’ Compensation Act [this chapter] was made applicable in respect to the injury or death of an employee of an employer carrying on any employment in the District of Columbia, by act May 17, 1928, ch. 612, 45 Stat. 600, as amended.
§ 904. Liability for compensation

(a) Every employer shall be liable for and shall secure the payment to his employees of the compensation payable under sections 907, 908, and 909 of this title. In the case of an employer who is a subcontractor, only if such subcontractor fails to secure the payment of compensation shall the contractor be liable for and be required to secure the payment of compensation. A subcontractor shall not be deemed to have failed to secure the payment of compensation if the contractor has provided insurance for such compensation for the benefit of the subcontractor.

(b) Compensation shall be payable irrespective of fault as a cause for the injury.

Editorial Notes

Amendments

1984—Subsec. (a). Pub. L. 98–426 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: "Every employer shall be liable for and shall secure the payment to his employees of the compensation payable under sections 907, 908, and 909 of this title. In the case of an employer who is a subcontractor, the contractor shall be liable for and shall secure the payment of such compensation to employees of the subcontractor unless the subcontractor has secured such payment."

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Amendment by Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after Sept. 28, 1984, and to claims pending on that date, see section 23(a) of Pub. L. 98–426, set out as a note under section 903 of this title.

§ 905. Exclusiveness of liability

(a) Employer liability; failure of employer to secure payment of compensation

The liability of an employer prescribed in section 904 of this title shall be exclusive and in place of all other liability of such employer to the employee, his legal representative, husband or wife, parents, dependents, next of kin, and anyone otherwise entitled to recover damages from such employer at law or in admiralty on account of such injury or death, except that if an employer fails to secure payment of compensation as required by this chapter, an injured employee, or his legal representative in case of his death results from the injury, may elect to claim compensation under the chapter, or to maintain an action at law or in admiralty for damages on account of such injury or death. In such action the defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, or that the employee assumed the risk of his employment, or that the injury was due to the contributory negligence of the employee. For purposes of this subsection, a contractor shall be deemed the employer of a subcontractor's employees only if the subcontractor fails to secure the payment of compensation as required by section 904 of this title.

(b) Negligence of vessel

In the event of injury to a person covered under this chapter caused by the negligence of a vessel, then such person, or anyone otherwise entitled to recover damages by reason thereof, may bring an action against such vessel as a third party in accordance with the provisions of section 933 of this title, and the employer shall not be liable to the vessel for such damages directly or indirectly and any agreements or warranties to the contrary shall be void. If such person was employed by the vessel to provide stevedoring services, no such action shall be permitted if the injury was caused by the negligence of persons engaged in providing stevedoring services to the vessel. If such person was employed to provide shipbuilding, repairing, or breaking services and such person’s employer was the owner, owner pro hac vice, agent, operator, or charterer of the vessel, no such action shall be permitted, in whole or in part or directly or indirectly, against the injured person’s employer (in any capacity, including as the vessel’s owner, owner pro hac vice, agent, operator, or charterer) or against the employees of the employer. The liability of the vessel under this subsection shall not be based upon the warranty of seaworthiness or a breach thereof at the time the injury occurred. The remedy provided in this subsection shall be exclusive of all other remedies against the vessel except remedies available under this chapter.

(c) Outer Continental Shelf

In the event that the negligence of a vessel causes injury to a person entitled to receive benefits under this Act by virtue of section 1333 of title 43, then such person, or anyone otherwise entitled to recover damages by reason thereof, may bring an action against such vessel in accordance with the provisions of subsection (b) of this section. Nothing contained in subsection (b) of this section shall preclude the enforcement according to its terms of any reciprocal indemnity provision whereby the employer of a person entitled to receive benefits under this chapter by virtue of section 1333 of title 43 and the vessel agree to defend and indemnify the other for cost of defense and loss or liability for damages arising out of or resulting from death or bodily injury to their employees.

Editorial Notes

Amendments

1984—Subsec. (a). Pub. L. 98–426, § 4(b), inserted at end "For purposes of this subsection, a contractor shall be deemed the employer of a subcontractor’s employees only if the subcontractor fails to secure the payment of compensation as required by section 904 of this title."

Subsec. (b). Pub. L. 98–426, § 5(a)(1), substituted "If such person was employed to provide shipbuilding, repairing, or breaking services and such person’s employer was the owner, owner pro hac vice, agent, operator, or charterer of the vessel, no such action shall be permitted, in whole or in part or directly or indirectly, against the injured person’s employer (in any capacity, including as the vessel’s owner, owner pro hac vice, agent, operator, or charterer) or against the employees of the employer" for "If such person was employed by the vessel to provide stevedoring services, no such action shall be permitted if the injury was caused
by the negligence of persons engaged in providing ship building or repair services to the vessel".

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Amendment by section 4(b) of Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after Sept. 28, 1984, and to claims pending on that date, and amendment by section 5(a)(1), (b) of Pub. L. 98–426 applicable with respect to any injury after Sept. 28, 1984, see section 28(a), (c) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

§ 906. Compensation

(a) Time for commencement

No compensation shall be allowed for the first three days of the disability, except the benefits provided for in section 907 of this title: Provided, however, That in case the injury results in disability of more than fourteen days the compensation shall be allowed from the date of the disability.

(b) Maximum rate of compensation

(1) Compensation for disability or death (other than compensation for death required by this chapter to be paid in a lump sum) shall not exceed an amount equal to 200 per centum of the applicable national average weekly wage, as determined by the Secretary under paragraph (3).

(2) Compensation for total disability shall not be less than 50 per centum of the applicable national average weekly wage determined by the Secretary under paragraph (3), except that if the employee's average weekly wages as computed under section 910 of this title are less than 50 per centum of such national average weekly wage, he shall receive his average weekly wages as compensation for total disability.

(3) As soon as practicable after June 30 of each year, and in any event prior to October 1 of such year, the Secretary shall determine the national average weekly wage for the three consecutive calendar quarters ending June 30. Such determination shall be the applicable national average weekly wage for the period beginning with October 1 of that year and ending with September 30 of the next year. The initial determination under this paragraph shall be made as soon as practicable after October 27, 1972.

(c) Applicability of determinations

Determinations under subsection (b)(3) with respect to a period shall apply to employees or survivors currently receiving compensation for permanent total disability or death benefits during such period, as well as those newly awarded compensation during such period.

Editorial Notes

Amendments

1984—Subsec. (b)(1). Pub. L. 98–426, § 6(a), substituted provisions setting a maximum compensation for disability on death of 200 per centum of the applicable national average weekly wage as determined by the Secretary for former provisions which had set out a schedule of progressive percentages of 125 per centum or $167, whichever is greater, during the period ending September 30, 1973, 150 per centum during the period beginning October 1, 1973, and ending September 30, 1974, 175 per centum during the period beginning October 1, 1974, and ending September 30, 1975, and 200 per centum beginning October 1, 1975.

Subsecs. (c), (d). Pub. L. 98–426, § 6(b), redesignated subsec. (d) as (c) and substituted "under subsection (b)(3)" for "under this subsection". Former subsec. (c), which had directed that the maximum rate of compensation for a nonappropriated fund instrumentality employee be equal to 66% per centum of the maximum rate of basic pay established for a Federal employee in grade GS–12 by section 5332 of title 5 and the minimum rate of compensation for such an employee be equal to 66% per centum of the minimum rate of basic pay established for a Federal employee in grade GS–2 by such section, was struck out.

1972—Subsec. (a). Pub. L. 92–576, § 4, substituted "fourteen days" for "seven days" and "twenty-eight days" for "seven days" and "twenty-eight days".

Subsecs. (b) to (d). Pub. L. 92–576, § 5(a) added subsecs. (b) to (d) and struck out former subsec. (b). Compensation for disability provisions which prescribed a $70 per week limit, a $18 per week minimum for total disability, and provided that if the employee's average weekly wages, as computed under section 910 of this title, were less than $18 per week he should receive as compensation for total disability his average weekly wages.

1961—Subsec. (b). Pub. L. 87–87 increased limitation on compensation for disability from "$34" to "$70" per week.

1956—Subsec. (a). Act July 26, 1956, substituted "three days" for "seven days" and "twenty-eight days" for "forty-nine days".

Subsec. (b). Act July 26, 1956, substituted "$54" for "$35", "$18" for "$12" in two places.

1948—Subsec. (b). Act June 24, 1948, increased maximum weekly compensation from "$25" to "$35" and the minimum from "$9" to "$12" in two places.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Amendment by section 6(a) of Pub. L. 98–426 applicable with respect to any injury, disability, or death after Sept. 28, 1984, and amendment by section 6(b) of Pub. L. 98–426 applicable with respect to any injury, disability, or death after Sept. 28, 1984, see section 28(d), (f) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

Effective Date of 1961 Amendment

Pub. L. 87–87, § 4, July 14, 1961, 75 Stat. 204, provided that: "The amendments made by the foregoing provisions of this Act (amending this section and sections 909 and 914 of this title) shall become effective as to injuries or death sustained on or after the date of enactment [July 14, 1961]."

Effective Date of 1956 Amendment

Act July 26, 1956, ch. 735, § 9, 70 Stat. 656, provided that: "The amendments made by the first section and
sections 2, 4, and 5 of this Act [amending this section and sections 908, 909, and 914 of this title] shall be applicable only with respect to injuries and death occurring on or after the date of enactment of this Act (July 26, 1956) notwithstanding the provisions of the Act of December 2, 1942, as amended (42 U.S.C. sec. 1701 et seq.)."

**Effective Date of 1948 Amendment**

Act June 24, 1948, ch. 623, §6, 62 Stat. 604, provided that: "The provisions of this Act [amending this section and sections 908, 909, 910, and 914 of this title] shall be applicable only to injuries or deaths occurring on or after the effective date hereof [June 24, 1948]."

§ 907. Medical services and supplies

**(a) General requirement**

The employer shall furnish such medical, surgical, and other attendance or treatment, nurse and hospital service, medicine, crutches, and apparatus, for such period as the nature of the injury or the process of recovery may require.

**(b) Physician selection; administrative supervision; change of physicians and hospitals**

The employee shall have the right to choose an attending physician authorized by the Secretary to provide medical care under this chapter as heretofore provided. If, due to the nature of the injury, the employee is unable to select his physician and the nature of the injury requires immediate medical treatment and care, the employer shall select a physician for him. The Secretary shall actively supervise the medical care rendered to injured employees, shall require periodic reports as to the medical care being rendered to injured employees, shall have authority to determine the necessity, character, and sufficiency of any medical aid furnished or to be furnished, and may, on his own initiative or at the request of the employer, order a change of physicians or hospitals when in his judgment such change is desirable or necessary in the interest of the employee or where the charges exceed those prevailing within the community for the same or similar services or exceed the provider's customary charges. Change of physicians at the request of employees shall be permitted in accordance with regulations of the Secretary.

**(c) Physicians and health care providers not authorized to render medical care or provide medical services**

(1)(A) The Secretary shall annually prepare a list of physicians and health care providers in each compensation district who are not authorized to render medical care or provide medical services under this chapter. The names of physicians and health care providers contained on the list required under this subparagraph shall be made available to employees and employers in each compensation district through posting and in such other forms as the Secretary may prescribe.

(B) Physicians and health care providers shall be included on the list of those not authorized to provide medical care and medical services pursuant to subparagraph (A) when the Secretary determines under this section, in accordance with the procedures provided in subsection (j), that such physician or health care provider—

(i) has knowingly and willfully made, or caused to be made, any false statement or mis-representation of a material fact for use in a claim for compensation or claim for reimbursement of medical expenses under this chapter;

(ii) has knowingly and willfully submitted, or caused to be submitted, a bill or request for payment under this chapter containing a charge which the Secretary finds to be substantially in excess of the charge for the service, appliance, or supply prevailing within the community or in excess of the provider's customary charges, unless the Secretary finds there is good cause for the bill or request containing the charge;

(iii) has knowingly and willfully furnished a service, appliance, or supply which is determined by the Secretary to be substantially in excess of the need of the recipient thereof or to be of a quality which substantially fails to meet professionally recognized standards;

(iv) has been convicted under any criminal statute (without regard to pending appeal thereof) for fraudulent activities in connection with any Federal or State program for which payments are made to physicians or providers of similar services, appliances, or supplies; or

(v) has otherwise been excluded from participation in such program.

(C) Medical services provided by physicians or health care providers who are named on the list published by the Secretary pursuant to subparagraph (A) of this section shall not be reimbursable under this chapter; except that the Secretary shall direct the reimbursement of medical claims for services rendered by such physicians or health care providers in cases where the services were rendered in an emergency.

(D) A determination under subparagraph (B) shall remain in effect for a period of not less than three years and until the Secretary finds and gives notice to the public that there is reasonable assurance that the basis for the determination will not reoccur.

(E) A provider of a service, appliance, or supply shall provide to the Secretary such information and certification as the Secretary may require to assure that this subsection is enforced.

(2) Whenever the employer or carrier acquires knowledge of the employee's injury, through written notice or otherwise as prescribed by the chapter, the employer or carrier shall forthwith authorize medical treatment and care from a physician selected by an employee pursuant to subsection (b). An employee may not select a physician who is on the list required by paragraph (1) of this subsection. An employee may not change physicians after his initial choice unless the employer, carrier, or deputy commissioner has given prior consent for such change. Such consent shall be given in cases where an employee's initial choice was not of a specialist whose services are necessary for and appropriate to the proper care and treatment of the compensable injury or disease. In all other cases, consent may be given upon a showing of good cause for change.

---

1 So in original. Probably should be "this paragraph".
(d) Request of treatment or services prerequisite to recovery of expenses; formal report of injury and treatment; suspension of compensation for refusal of treatment or examination; justification

(1) An employee shall not be entitled to recover any amount expended by him for medical or other treatment or services unless—

(A) the employer shall have refused or neglected a request to furnish such services and the employee has complied with subsections (b) and (c) and the applicable regulations; or

(B) the nature of the injury required such treatment and services and the employer or his foreman having knowledge of such injury shall have neglected to provide or authorize same.

(2) No claim for medical or surgical treatment shall be valid and enforceable against such employer unless, within ten days following the first treatment, the physician giving such treatment furnishes to the employer and the deputy commissioner a report of such injury or treatment, on a form prescribed by the Secretary. The Secretary may excuse the failure to furnish such report within the ten-day period whenever he finds it to be in the interest of justice to do so.

(3) The Secretary may, upon application by a party in interest, make an award for the reasonable value of such medical or surgical treatment so obtained by the employee.

(4) If at any time the employee unreasonably refuses to submit to medical or surgical treatment, or to an examination by a physician selected by the employer, the Secretary or administrative law judge may, by order, suspend the payment of further compensation during such time as such refusal continues, and no compensation shall be paid at any time during the period of such suspension, unless the circumstances justified the refusal.

(e) Physical examination; medical questions; report of physical impairment; review or reexamination; costs

In the event that medical questions are raised in any case, the Secretary shall have the power to cause the employee to be examined by a physician employed or selected by the Secretary and to obtain from such physician a report containing his estimate of the employee’s physical impairment and such other information as may be appropriate. Any party who is dissatisfied with such report may request a review or reexamination of the employee by one or more different physicians employed or selected by the Secretary. The Secretary shall order such review or reexamination unless he finds that it is clearly unwarranted. Such review or reexamination shall be completed within two weeks from the date ordered unless the Secretary finds that because of extraordinary circumstances a longer period is required. The Secretary shall have the power in his discretion to charge the cost of examination or review under this subsection to the employer, if he is a self-insurer, or to the insurance company which is carrying the risk, in appropriate cases, or to the special fund in section 944 of this title.

(f) Place of examination; exclusion of physicians other than examining physician of Secretary; good cause for conclusions of other physicians respecting impairment; examination by employer’s physician; suspension of proceedings and compensation for refusal of examination

An employee shall submit to a physical examination under subsection (e) at such place as the Secretary may require. The place, or places, shall be designated by the Secretary and shall be reasonably convenient for the employee. No physician selected by the employer, carrier, or self-insurer shall be present at or participate in any manner in such examination, nor shall conclusions of such physicians as to the nature or extent of impairment or the cause of impairment be available to the examining physician unless otherwise ordered, for good cause, by the Secretary. Such employer or carrier shall, upon request, be entitled to have the employee examined immediately thereafter and upon the same premises by a qualified physician or physicians in the presence of such physician as the employee may select, if any. Proceedings shall be suspended and no compensation shall be payable for any period during which the employee may refuse to submit to examination.

(g) Fees and charges for examinations, treatment, or service; limitation; regulations

All fees and other charges for medical examinations, treatment, or service shall be limited to such charges as prevail in the community for such treatment, and shall be subject to regulation by the Secretary. The Secretary shall issue regulations limiting the amount of medical expenses chargeable against the employer without authorization by the employer or the Secretary.

(h) Third party liability

The liability of an employer for medical treatment as herein provided shall not be affected by the fact that his employee was injured through the fault or negligence of a third party not in the same employ, or that suit has been brought against such third party. The employer shall, however, have a cause of action against such third party to recover any amounts paid by him for such medical treatment in like manner as provided in section 933(b) of this title.

(i) Physicians’ ineligibility for subsection (e) physical examinations and reviews because of workmen’s compensation claim employment or fee acceptance or participation

Unless the parties to the claim agree, the Secretary shall not employ or select any physician for the purpose of making examinations or reviews under subsection (e) of this section who, during such employment, or during the period of two years prior to such employment, has been employed by, or accepted or participated in any fee relating to a workmen’s compensation claim from any insurance carrier or any self-insurer.

(j) Procedure; judicial review

(1) The Secretary shall have the authority to make rules and regulations and to establish procedures, not inconsistent with the provisions of this chapter, which are necessary or appropriate
to carry out the provisions of subsection (c), including the nature and extent of the proof and evidence necessary for actions under this section and the methods of taking and furnishing such proof and evidence.

Any decision to take action with respect to a physician or health care provider under this section shall be based on specific findings of fact by the Secretary. The Secretary shall provide notice of these findings and an opportunity for a hearing pursuant to section 556 of title 5 for a provider who would be affected by a decision under this section. A request for a hearing must be filed with the Secretary within thirty days after notice of the findings is received by the provider making such request. If a hearing is held, the Secretary shall, on the basis of evidence adduced at the hearing, affirm, modify, or reverse the findings of fact and proposed action under this section.

(3) For the purpose of any hearing, investigation, or other proceeding authorized or directed under this section, the provisions of section 49 and 50 of title 15 (relating to the attendance of witnesses and the production of books, papers, and documents) shall apply to the jurisdiction, powers, and duties of the Secretary or any officer designated by him.

(4) Any physician or health care provider, after any final decision of the Secretary made after a hearing to which he was a party, irrespective of the amount in controversy, may obtain a review of such decision by a civil action commenced within sixty days after the mailing to him of notice of such decision, but the pendency of such review shall not operate as a stay upon the effect of such decision. Such action shall be brought in the court of appeals of the United States for the judicial circuit in which the plaintiff resides or has his principal place of business, or the Court of Appeals for the District of Columbia. As part of his answer, the Secretary shall file a certified copy of the transcript of the record of the hearing, including all evidence submitted in connection therewith. The findings of fact of the Secretary, if based on substantial evidence in the record as a whole, shall be conclusive.

(k) Refusal of treatment on religious grounds

(1) Nothing in this chapter prevents an employee whose injury or disability has been established under this chapter from relying in good faith on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by an accredited practitioner of such recognized church or religious denomination, and on nursing services rendered in accordance with such tenets and practice, without suffering loss or diminution of the compensation or benefits under this chapter. Nothing in this subsection shall be construed to except an employee from all physical examinations required by this chapter.

(2) If an employee refuses to submit to medical or surgical services solely because, in adherence to the tenets and practice of a recognized church or religious denomination, the employee relies upon prayer or spiritual means alone for healing, such employee shall not be considered to have unreasonably refused medical or surgical treatment under subsection (d).

Editorial Notes

Amendments

1984—Subsec. (b). Pub. L. 98–426, §7(a), inserted ‘‘or where the charges exceed those prevailing within the community for the same or similar services or exceed the provider’s customary charges’’.

Subsec. (c). Pub. L. 98–426, §7(b), substituted provisions respecting physicians and health care providers not authorized to render medical care or services under this chapter for former provision respecting physicians designated by the Secretary as authorized to render such care and whose names shall be available to employees through posting or in such other form as the Secretary may prescribe.

Subsec. (d). Pub. L. 98–426, §7(c), substituted provisions for the recovery by the employee of amounts spent on medical services which the employee failed to provide; for the procedure to be followed for recovery; and for suspension of any payments made if the employee unreasonably refuses to submit to treatment or examination for prior provisions which required a request for treatment or services and the filing of a physician’s report for recovery, and permitted the Secretary to excuse a failure to file a report when justified and to suspend payment if the employee unreasonably refuses treatment or examination.

Subsec. (b). Pub. L. 92–576, substituted provisions for employee’s choosing of an attending physician authorized by the Secretary, for prior provisions for such a choosing from a panel of physicians named by the employer and employer’s selection of a physician for an employee when nature of injury requires immediate medical treatment and care for prior provisions for employer’s selection of a physician from the panel; required Secretary’s supervision of medical care rendered and periodic reports of medical care furnished; provided for initiative of the Secretary or the request of the employer for making change of hospitals or physicians and that the change be in the interest of the employee; provided for change of physicians pursuant to regulations of the Secretary; and deleted prior provision authorizing a second choice of a physician from the panel and for selection of physicians for specialized services.

Subsec. (c). Pub. L. 92–576 substituted provisions respecting Secretary’s designation of physicians in community authorized to render medical care and posting of their names for prior provisions respecting deputy commissioner’s determination of size of panel of physicians (named by employer) following statutory criteria and approval of their qualifications, and requirement of posting of names and addresses of physicians so as to afford reasonable notice.

Subsec. (d). Pub. L. 92–576 substituted the Secretary for the deputy commissioner as the person to exercise the various authorities, struck out introductory provisions respecting employer’s failure to maintain a panel of physicians for examination purposes or to permit the employee to choose an attending physician from the panel and employee’s procurement of treatment and services and selection of a physician at expense of employer, decreased from twenty to ten days the period within which to make the formal report of injury and

\(^{2}\)So in original. Probably should be “sections”. 
treatment, and authorized suspension of compensation for refusal to submit to an examination by a physician of the employer.

Subsec. (e). Pub. L. 92–576 substituted provisions respecting physical examination to determine medical questions by a physician employed or selected by the Secretary, such physician’s report of the physical impairment, review or reexamination of the employee, and the charging of costs to an employer, who is a self-insurer, or the insurance company carrying the risk or the special fund for prior provisions respecting examination of employee by a physician selected by the deputy commissioner (who shall submit a report of the disability) whenever the deputy commissioner was of the opinion that the employer’s physician was partial in his estimate of the degree of permanent disability or the extent of temporary disability and charging cost of examination to the employer, if he was a self-insurer, or to the insurance company which was carrying the risk when the physician’s estimate was not impartial.

Subsec. (g). Pub. L. 92–576 redesignated former subsec. (f) as (g) and substituted “medical examinations, treatment, or service” for “such treatment or service”, “charges as prevail in the community for such treatment” for “charges as prevail in the same community for similar treatment of injured persons of like standard of living”, “regulation by the Secretary” for “regulation by the deputy commissioner”, and prescribed issuance of regulations respecting medical expenses chargeable against employer. Former subsec. (g) redesignated (h).

Subsec. (h). Pub. L. 92–576 redesignated former subsec. (g) as (h) and inserted “that” before “suit”.

Subsecs. (b), (c). Pub. L. 86–757 added subsecs. (b) and (c). Former subsecs. (b) and (c) redesignated (e) and (f).

Subsec. (d). Pub. L. 86–757 redesignated all but first sentence of former subsec. (a) as (d), substituting “If the employer fails to provide the medical or other treatment, services, and supplies required to be furnished by subsection (a), after request by the injured employee, or fails to maintain a panel of physicians as required by subsection (c), or fails to permit the employee to choose an attending physician from such panel, such injured employee may procure such medical or other treatment, services, and supplies and select a physician to render treatment and services at the expense of the employer” for “If the employer fails to provide the same, after request by the injured employee, such injured employee may do so at the expense of the employer.”

Subsecs. (e) to (g). Pub. L. 86–757 redesignated former subsecs. (b) to (d) as (e) to (g), striking out “unless and until notice of election to sue has been given as required by section 938(a) of this title” and “without the giving of such notice” before and after “or suit has been brought against such third party” in subsec. (g).

1934—Subsec. (a). Act May 26, 1934, authorized deputy commissioner to suspend payment of compensation for refusal, without justification, to submit to medical or surgical treatment.

Statutory Notes and Related Subsidiaries

Effective Date of 1964 Amendment

Amendment by section 7(a), (e) of Pub. L. 98–426 effective 90 days after Sept. 28, 1984, and applicable with respect to claims filed after such 90th day and to claims pending on such 90th day, and amendment by section 7(b)–(d) of Pub. L. 98–426 effective 90 days after Sept. 28, 1984, see section 28(b), (e)(2) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

Claims Filed Under Black Lung Benefits Act

§ 908. Compensation for disability

Compensation for disability shall be paid to the employee as follows:

(a) Permanent total disability: In case of total disability adjudged to be permanent 66% per centum of the average weekly wages shall be paid to the employee during the continuance of such total disability. Loss of both hands, or both feet, or both arms, or both legs, or both eyes, or of any two thereof shall, in the absence of conclusive proof to the contrary, constitute permanent total disability. In all other cases permanent total disability shall be determined in accordance with the facts.

(b) Temporary total disability: In case of disability total in character but temporary in quality 66% per centum of the average weekly wages shall be paid to the employee during the continuance thereof.

(c) Permanent partial disability: In case of disability partial in character but permanent in quality the compensation shall be 66% per centum of the average weekly wages, which shall be in addition to compensation for temporary total disability or temporary partial disability paid in accordance with subsection (b) or subsection (e) of this section, respectively, and shall be paid to the employee, as follows:

(1) Arm lost, three hundred and twelve weeks’ compensation.

(2) Leg lost, two hundred and eighty-eight weeks’ compensation.

(3) Hand lost, two hundred and forty-four weeks’ compensation.

(4) Foot lost, two hundred and five weeks’ compensation.

(5) Eye lost, one hundred and sixty weeks’ compensation.

(6) Thumb lost, seventy-five weeks’ compensation.

(7) First finger lost, forty-six weeks’ compensation.

(8) Great toe lost, thirty-eight weeks’ compensation.

(9) Second finger lost, thirty weeks’ compensation.

(10) Third finger lost, twenty-five weeks’ compensation.

(11) Toe other than great toe lost, sixteen weeks’ compensation.

(12) Fourth finger lost, fifteen weeks’ compensation.

(13) Loss of hearing:

(A) Compensation for loss of hearing in one ear, fifty-two weeks.

(B) Compensation for loss of hearing in both ears, two-hundred weeks.

U.S.C. 901 et seq.).”

EFFECTIVE DATE OF 1934 AMENDMENT

Amendment by section 2 of Act May 26, 1934, authorized deputy commissioner to suspend payment of compensation for refusal, without justification, to submit to medical or surgical treatment.

U.S.C. 901 et seq.).”
(C) An audiogram shall be presumptive evidence of the amount of hearing loss sustained of as of the date thereof, only if (i) such audiogram was administered by a licensed or certified audiologist or a physician who is certified in otolaryngology, (ii) such audiogram, with the report thereon, was provided to the employee at the time it was administered, and (iii) no contrary audiogram made at that time is produced.

(D) The time for filing a notice of injury, under section 912 of this title, or a claim for compensation, under section 913 of this title, shall not begin to run in connection with any claim for loss of hearing under this section, until the employee has received an audiogram, with the accompanying report thereon, which indicates that the employee has suffered a loss of hearing.

(E) Determinations of loss of hearing shall be made in accordance with the guides for the evaluation of permanent impairment as promulgated and modified from time to time by the American Medical Association.

(14) Phalanges: Compensation for loss of more than one phalange of a digit shall be the same as for loss of the entire digit. Compensation for loss of the first phalange shall be one-half of the compensation for loss of the entire digit.

(15) Amputated arm or leg: Compensation for an amputated arm or leg, if amputated at or above the elbow or the knee, shall be the same as for a loss of the arm or leg; but, if amputated between the elbow and the wrist or the knee and the ankle, shall be the same as for loss of a hand or foot.

(16) Binocular vision or per centum of vision: Compensation for loss of binocular vision or for 80 per centum or more of the vision of an eye shall be the same as for loss of the eye.

(17) Two or more digits: Compensation for loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the compensation for loss of a hand or foot.

(18) Total loss of use: Compensation for permanent total loss of use of a member shall be the same as for loss of the member.

(19) Partial loss or partial loss of use: Compensation for permanent partial loss or loss of use of a member may be for proportionate loss or loss of use of the member.

(20) Disfigurement: Proper and equitable compensation not to exceed $7,500 shall be awarded for serious disfigurement of the face, head, or neck, or of other normally exposed areas likely to handicap the employee in securing or maintaining employment.

(21) Other cases: In all other cases in the class of disability, the compensation shall be 66 2/3 per centum of the difference between the average weekly wages of the employee and the employee’s wage-earning capacity thereafter in the same employment or otherwise, payable during the continuance of partial disability.

(22) In any case in which there shall be a loss of, or loss of use of, more than one member or parts of more than one member set forth in paragraphs (1) to (19) of this subsection, not amounting to permanent total disability, the award of compensation shall be for the loss of, or loss of use of, each such member or part thereof, which awards shall run consecutively, except that where the injury affects only two or more digits of the same hand or foot, paragraph (17) of this subsection shall apply.

(23) Notwithstanding paragraphs (1) through (22), with respect to a claim for permanent partial disability for which the average weekly wages are determined under section 910(b)(2) of this title, the compensation shall be 66 2/3 per centum of such average weekly wages multiplied by the percentage of permanent impairment, as determined under the guides referred to in section 902(10) of this title, payable during the continuance of such impairment.

(d)(1) If an employee who is receiving compensation for permanent partial disability pursuant to subsection (c)(1)–(20) dies from causes other than the injury, the total amount of the award unpaid at the time of death shall be payable to or for the benefit of his survivors, as follows:

(A) if the employee is survived only by a widow or widower, such unpaid amount of the award shall be payable to such widow or widower,

(B) if the employee is survived only by a child or children, such unpaid amount of the award shall be paid to such child or children in equal shares,

(C) if the employee is survived by a widow or widower and a child or children, such unpaid amount of the award shall be payable to such survivors in equal shares,

(D) if there be no widow or widower and no surviving child or children, such unpaid amount of the award shall be paid to the survivors specified in section 909(d) of this title (other than a wife, husband, or child); and the amount to be paid each such survivor shall be determined by multiplying such unpaid amount of the award by the appropriate percentage specified in section 909(d) of this title, but if the aggregate amount to which all such survivors are entitled, as so determined, is less than such unpaid amount of the award, the excess amount shall be divided among such survivors pro rata according to the amount otherwise payable to each under this subparagraph.

(2) Notwithstanding any other limitation in section 909 of this title, the total amount of any award for permanent partial disability pursuant to subsection (c)(1)–(20) unpaid at time of death shall be payable in full in the appropriate distribution.

(3) An award for disability may be made after the death of the injured employee. Except where compensation is payable under subsection (c)(21) if there be no survivors as prescribed in this section, then the compensation payable under this subsection shall be paid to the special fund established under section 944(a) of this title.

(e) Temporary partial disability: In case of temporary partial disability resulting in decrease of earning capacity the compensation shall be two-thirds of the difference between the injured employee’s average weekly wages before
the injury and his wage-earning capacity after the injury in the same or another employment, to be paid during the continuance of such disability, but shall not be paid for a period exceeding five years.

(f) Injury increasing disability:

(1) In any case in which an employee having an existing permanent partial disability suffers injury, the employer shall provide compensation for such disability as is found to be attributable to that injury based upon the average weekly wages of the employee at the time of the injury. If following an injury falling within the provisions of subsection (c)(1)–(20), the employee is totally and permanently disabled, and the disability is found not to be due solely to that injury, the employer shall provide compensation for the applicable prescribed period of weeks provided for in that section for the subsequent injury, or for one hundred and four weeks, whichever is the greater, except that, in the case of an injury falling within the provisions of subsection (c)(3), the employer shall provide compensation for the lesser of such periods. In all other cases of total permanent disability or of death, found not to be due solely to that injury, of an employee having an existing permanent partial disability, the employer shall provide in addition to compensation under subsections (b) and (e) of this section, compensation payments or death benefits for one hundred and four weeks only. If following an injury falling within the provisions of subsection (c)(1)–(20), the employee has a permanent partial disability and the disability is found not to be due solely to that injury, and such disability is materially and substantially greater than that which would have resulted from the subsequent injury alone, the employer shall provide compensation for the applicable period of weeks provided for in that section for the subsequent injury, or for one hundred and four weeks, whichever is the greater, except that, in the case of an injury falling within the provisions of subsection (c)(13), the employer shall provide compensation for the lesser of such periods.

In all other cases in which the employee has a permanent partial disability, found not to be due solely to that injury, and such disability is materially and substantially greater than that which would have resulted from the subsequent injury alone, the employer shall provide in addition to compensation under subsections (b) and (e) of this section, compensation for one hundred and four weeks only.

(2) (A) After cessation of the payments for the period of weeks provided for herein, the employee or his survivor entitled to benefits shall be paid the remainder of the compensation that would be due out of the special fund established in section 944 of this title, except that the special fund shall not assume responsibility with respect to such benefits (and such payments shall not be subject to cessation) in the case of any employer who fails to comply with section 922(a) of this title.

(B) After cessation of payments for the period of weeks provided for in this subsection, the employer or carrier responsible for payment of compensation shall remain a party to the claim, retain access to all records relating to the claim, and in all other respects retain all rights granted under this chapter prior to cessation of such payments.

(3) Any request, filed after September 28, 1984, for apportionment of liability to the special fund established under section 944 of this title for the payment of compensation benefits, and a statement of the grounds therefore, shall be presented to the deputy commissioner prior to the consideration of the claim by the deputy commissioner. Failure to present such request prior to such consideration shall be an absolute defense to the special fund’s liability for the payment of any benefits in connection with such claim, unless the employer could not have reasonably anticipated the liability of the special fund prior to the issuance of a compensation order.

(g) Maintenance for employees undergoing vocational rehabilitation: An employee who as a result of injury is or may be expected to be totally or partially incapacitated for a remunerative occupation and who, under the direction of the Secretary as provided by section 939(c) of this title, is being rendered fit to engage in a remunerative occupation, shall receive additional compensation necessary for his maintenance, but such additional compensation shall not exceed $25 a week. The expense shall be paid out of the special fund established in section 944 of this title.

(h) The wage-earning capacity of an injured employee in cases of partial disability under subsection (c)(21) of this section or under subsection (e) of this section shall be determined by his actual earnings if such actual earnings fairly and reasonably represent his wage-earning capacity: Provided, however, That if the employee has no actual earnings or his actual earnings do not fairly and reasonably represent his wage-earning capacity, the deputy commissioner may, in the interest of justice, fix such wage-earning capacity as shall be reasonable, having due regard to the nature of his injury, the degree of physical impairment, his usual employment, and any other factors or circumstances in the case which may affect his capacity to earn wages in his disabled condition, including the effect of disability as it may naturally extend into the future.

(i)(1) Whenever the parties to any claim for compensation under this chapter, including survivors benefits, agree to a settlement, the deputy commissioner or administrative law judge shall approve the settlement within thirty days unless it is found to be inadequate or procured by duress. Such settlement may include future medical benefits if the parties so agree. No liability of any employer, carrier, or both for medical, disability, or death benefits shall be discharged unless the application for settlement is approved by the deputy commissioner or administrative law judge. If the parties to the settlement are represented by counsel, then agreements shall be deemed approved unless specifically disapproved within thirty days after submission for approval.

(2) If the deputy commissioner disapproves an application for settlement under paragraph (1),
the deputy commissioner shall issue a written statement within thirty days containing the reasons for disapproval. Any party to the settlement may request a hearing before an administrative law judge in the manner prescribed by this chapter. Following such hearing the administrative law judge shall enter an order approving or rejecting the settlement.

(3) A settlement approved under this section shall discharge the liability of the employer or carrier, or both. Settlements may be agreed upon at any stage of the proceeding including after entry of a final compensation order.

(4) The special fund shall not be liable for reimbursement of any sums paid or payable to an employee or any beneficiary under such settlement, or otherwise voluntarily paid prior to such settlement by the employer or carrier, or both.

(j)(1) The employer may inform a disabled employee of his obligation to report to the employer not less than semiannually any earnings from employment or self-employment, on such forms as the Secretary shall specify in regulations.

(2) An employee who—

(A) fails to report the employee's earnings under paragraph (1) when requested, or

(B) knowingly and willfully omits or understates any part of such earnings,

and who is determined by the deputy commissioner to have violated clause (A) or (B) of this paragraph, forfeits his right to compensation with respect to any period during which the employee was required to file such report.

(3) Compensation forfeited under this subsection, if already paid, shall be recovered by a deduction from the compensation payable to the employee in any amount and on such schedule as determined by the deputy commissioner.

Editorial Notes

AMENDMENTS

1984—Subsec. (c)(13). Pub. L. 98–426, § 8(a), redesignated compensation for loss of hearing in one ear as subpar. (A) and for loss in both ears as subpar. (B) and added subpars. (C), (D), and (E) respecting establishing proof of hearing loss.

Subsec. (c)(20). Pub. L. 98–426, § 8(b), substituted "$7,500" for "$3,500".

Subsec. (c)(21). Pub. L. 98–426, § 8(c)(1), substituted "the average weekly wages of the employee and the employer's" for "his average weekly wages and his"; and struck out "", but subject to reconsideration of the degree of such impairment by the deputy commissioner on his own motion or upon application of any party in interest".

Subsec. (d)(3)(A), (4), Pub. L. 98–426, § 8(d), redesignated par. (4) as par. (3). Former par. (3), which provided that if an employee who was receiving compensation for permanent partial disability pursuant to this subparagraph of this section died from causes other than the injury, his survivors would receive death benefits as provided in section 909(b)(g) of this title, except that the percentage figures therein would be applied to the weekly compensation payable to the employee at the time of his death multiplied by 1.5, rather than to his average weekly wages, was struck out.

Subsec. (f)(1). Pub. L. 98–426, §§ 8(e)(1), inserted at end of second and fourth sentences, except that, in the case of an injury falling within the provisions of subsection (c)(15), the employer shall provide compensation for the lesser of such periods.

Subsec. (f)(2)(A). Pub. L. 98–426, § 8(e)(2), designated existing provisions of par. (2) as subpar. (A). Pub. L. 98–426, § 8(e)(3), inserted "", except that the special fund shall not assume responsibility with respect to such benefits (and such payments shall be subject to cessation) in the case of any employer who fails to comply with section 932(a) of this title.

Subsec. (i)(1) to (3). Pub. L. 98–426, § 8(f)(7), substituted paragraphs (1) to (3) respecting procedures for approval of a settlement by the deputy commissioner or administrative law judge for former pars. (A) and (B) respecting settlements approved by the deputy commissioner or Secretary.

1972—Subsec. (c)(20). Pub. L. 92–576, § 7, included compensation for serious disfigurement of the neck and other normally exposed areas likely to handicap the employee in securing or maintaining employment.

Subsec. (d). Pub. L. 92–576, § 5(c), in revising provisions substituted par. (1), subpars. (A) to (D) and pars. (2) to (4) for former provisions having an introductory par. and pars. (1) to (5), making the following changes: Par. (1) incorporated former introductory par. providing for payments to survivors rather than for payments "for the benefit of the persons after"; subpar. (A) incorporated former par. (1) providing for a widower rather than dependent husband; subpar. (B) incorporated former par. (4), striking out reference to children under eighteen years, and providing for payment in equal shares; subpar. (C) incorporated former par. (2) for payment in equal shares rather than half to surviving wife or dependent husband and one half to surviving child or children, substituting reference to "widow or widower" for "surviving wife or dependent husband", and striking out reference to "surviving" before "child or children"; subpar. (D) added; pars. (2) and (3) added and former par. (3) struck out, such par. making it discretionary with the deputy commissioner to appoint a guardian for receipt of minor child's compensation; and par. (4) incorporated former par. (5), inserting provision for payment of compensation to the special fund except where payable under subsec. (c)(21) of this section.

Subsec. (f)(1). Pub. L. 92–576, § 9(a) added par. (1) and struck out former par. (1) which provided that if an employee received an injury which of itself would only cause permanent partial disability but which, combined with a previous disability did in fact cause permanent total disability, the employer should provide compensation only for the disability caused by the subsequent injury, and proviso of such former par. (1) providing that in addition to compensation for the permanent partial disability, and after the cessation of the payments for the prescribed period of weeks, the employer should be paid the remainder of the compensation that would be due for permanent total disability and provision that additional compensation should be paid out of the special fund established in section 944 of this title. See par. (2) of this subsection.

Subsec. (f)(2). Pub. L. 92–576, § 9, incorporated proviso of first sentence and second sentence of former par. (1) (
in provisions designated as par. (2) and struck out former par. (2) which stated that in all other cases in which, following a previous disability, an employee received an injury which was not covered by former par. (1), the employer should provide compensation only for the disability caused by the subsequent injury, and in determining compensation for the subsequent injury or for death resulting therefrom, the average weekly wages should be such sum as would reasonably represent the earning capacity of the employee at the time of the subsequent injury. See par. (1) of this subsection.

Subsec. (j). Pub. L. 92–576, § 510, designated existing provisions as subpar. (A), substituted “Whenever” for “In cases under subsection (c)(2) and subsection (e) of this section, whenever,” “he may approve” for “he may, with the approval of the Secretary, approve,” and “deputy commissioner” for “Secretary,” and struck out after “Provided,” where first appearing “That the sum so agreed upon shall be payable in installments as provided in section 914(b) of this title, which installments shall be subject to commutation under section 914(j) of this title; and provided further,” and added subpar. (B).

1972—Subsec. (c). Act July 26, 1956, § 2, increased periods in schedule of compensation as follows:

Par. (1) Arm lost, increased from two hundred and eighty to three hundred and twelve weeks’ compensation.

Par. (2) Leg lost, increased from two hundred and forty-eight to two hundred and eighty-eight weeks’ compensation.

Par. (3) Hand lost, increased from two hundred and twelve to two hundred and forty-four weeks’ compensation.

Par. (4) Foot lost, increased from one hundred and seventy-three weeks to two hundred and five weeks’ compensation.

Par. (5) Eye lost, increased from one hundred and forty to one hundred and sixty weeks’ compensation.

Par. (6) Thumb lost, increased from fifty to seventy-five weeks’ compensation.

Par. (7) First finger lost, increased from twenty to thirty weeks’ compensation.

Par. (8) Great toe lost, increased from twenty-six to thirty weeks’ compensation.

Par. (9) Second finger lost, increased from eighteen to thirty weeks’ compensation.

Par. (10) Third finger lost, increased from seventeen to twenty-five weeks’ compensation.

Par. (11) Toe other than great toe lost, increased from eight to sixteen weeks’ compensation.

Par. (12) Fourth finger lost, increased from seven to fifteen weeks’ compensation.

Subsec. (g). Act July 26, 1956, § 3, substituted “$25” for “$10.”

1948—Subsec. (c). Act June 24, 1948, inserted opening par. “or temporary partial disability”, “or subsection (e),” and “respectively.”

1938—Subsec. (c). Act June 25, 1938, § 4, in par. (22), inserted exception clause.

Subsecs. (h), (i). Act June 25, 1938, § 5 added subsecs. (h) and (i).

1934—Subsec. (c). Act May 26, 1934, § 2, inserted in opening par. “which shall be in addition to compensation for temporary total disability paid in accordance with subsection (b) of this section” and decreased periods in schedule of compensation of pars. (1) to (12).

Subsec. (c). Act May 26, 1934, § 3, substituted new par. (22), providing that “In any case in which there shall be a loss of, or loss of use of, more than one member or parts of more than one member set forth in paragraphs (1) to (19) of this subdivision, not amounting to permanent total disability, the award of compensation shall be for the loss of, or loss of use of, each such member or part thereof, which awards shall run consecutively...”, for former provisions, providing that “In case of temporary total disability and permanent partial disability, both resulting from the same injury, if the temporary total disability continues for a longer period than the number of weeks set forth in the following schedule, the period of temporary total disability in excess of such number of weeks shall be added to the compensation period provided in this subdivision: Arm, thirty-two weeks; leg, thirty-two weeks; hand, thirty-two weeks; foot, thirty-two weeks; eye, twenty weeks; thumb, twenty-four weeks; first finger, eighteen weeks; great toe, twelve weeks; second finger, twelve weeks; third finger, eight weeks; fourth finger, eight weeks; toe other than great toe, eight weeks.”

“In any case resulting in loss or partial loss of arm, leg, hand, foot, eye, thumb, finger, or toe, where the temporary total disability does not extend beyond the periods above mentioned for such injury, compensation shall be limited to the schedule contained in this subdivision.”

Statutory Notes and Related Subsidiaries

Effective Date of 1956 Amendment

Amendment by section 8(a), (c)(2), (e)(1), (2) of Pub. L. 98–426 effective Sept. 29, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, amendment by section 8(b) of Pub. L. 98–426 applicable with respect to any injury after Sept. 28, 1984, amendment by sections 8(c)(1), (e)(4), (5), (g), and 27(a)(2) of Pub. L. 98–426 effective Sept. 28, 1984, amendment by section 8(d) of Pub. L. 98–426 applicable with respect to any death after Sept. 28, 1984, amendment by section 8(f) of Pub. L. 98–426 effective 90 days after Sept. 28, 1984, and applicable both with respect to claims filed after such 90th day and to claims pending on such 90th day, and amendment by section 8(h) of Pub. L. 98–426 effective 90 days after Sept. 28, 1984, see section 28(a)(e) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

Effective Date of 1956 Amendment

Amendment by act July 26, 1956, applicable only with respect to injuries and death occurring on or after July 26, 1956, see section 9 of act July 26, 1956, set out as a note under section 906 of this title.

Effective Date of 1948 Amendment

Amendment by act June 24, 1948, applicable to death or injuries occurring after June 24, 1948, see section 6 of act June 24, 1948, set out as a note under section 906 of this title.

§ 909. Compensation for death

If the injury causes death, the compensation therefore shall be known as a death benefit and shall be payable in the amount and to or for the benefit of the persons following:

(a) Reasonable funeral expenses not exceeding $3,000.

(b) If there be a widow or widower and no child of the deceased, to such widow or widower 50 per centum of the average wages of the deceased, during widowhood, or dependent widowhood, with two years’ compensation in one sum upon remarriage; and if there be a surviving child or children of the deceased, the additional amount of 16% per centum of such wages for each such child; in case of the death or remarriage of such widow or widower, if there be one surviving child of the deceased employee, such child shall have his compensation increased to 50 per centum of such wages, and if there be more than one surviving child of the deceased employee, to such children, in equal parts, 50 per centum of
such wages increased by 16% per centum of such wages for each child in excess of one: *Provided*, that the total amount payable shall in no case exceed 66% per centum of such wages. The deputy commissioner having jurisdiction over the claim, in his discretion, require the appointment of a guardian for the purpose of receiving the compensation of a minor child. In the absence of such a requirement the appointment of a guardian for such purposes shall not be necessary.

(c) If there be one surviving child of the deceased, but no widow or widower, then for the support of such child 50 per centum of the wages of the deceased; and if there be more than one surviving child of the deceased, but no widow or dependent husband, then for the support of such children, in equal parts 50 per centum of such wages increased by 16% per centum of such wages for each child in excess of one: *Provided*, that the total amount payable shall in no case exceed 66% per centum of such wages.

(d) If there be no surviving wife or husband or child, or if the amount payable to a surviving wife or husband and to children shall be less in the aggregate than 66% per centum of the average wages of the deceased; then for the support of grandchildren or brothers and sisters, if dependent upon the deceased at the time of the injury, and any other persons who satisfy the definition of the term “dependent” in section 152 of title 26, but are not otherwise eligible under this section, 20 per centum of such wages for the support of each such person during such dependency and, in the support of each parent, or grandparent, of the deceased if dependent upon him at the time of the injury, 25 per centum of such wages during such dependency. But in no case shall the aggregate amount payable under this subsection exceed the difference between 66% per centum of such wages and the amount payable as hereinbefore provided to widow or widower and for the support of surviving child or children.

(e) In computing death benefits, the average weekly wages of the deceased shall not be less than the national average weekly wage as prescribed in section 906(b) of this title, but—

(1) the total weekly benefits shall not exceed the lesser of the average weekly wages of the deceased or the benefit which the deceased employee would have been eligible to receive under section 906(b)(1) of this title; and

(2) in the case of a claim based on death due to an occupational disease for which the time of injury (as determined under section 910(i) of this title) occurs after the employee has retired, the total weekly benefits shall not exceed one fifty-second part of the employee’s average annual earnings during the 52-week period preceding retirement.

(f) All questions of dependency shall be determined as of the time of the injury.

(g) Aliens: Compensation under this chapter to aliens not residents (or about to become non-residents) of the United States or Canada shall be paid as provided for residents, except that dependents in any foreign country shall be limited to surviving wife and child or children, or if there be no surviving wife or child or children, to surviving father or mother whom the employee has supported, either wholly or in part, for the period of one year prior to the date of the injury, and except that the Secretary may, at his option or upon the application of the insurance carrier shall, commute all future installments of compensation to be paid to aliens by paying or causing to be paid to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

**Editorial Notes**

**AMENDMENTS**

1961—Subsec. (e). Pub. L. 87–87 increased the maximum limitation with respect to average weekly wages from “$81” to “$105” in the computation of death benefits.

1948—Pub. L. 80–123, §5(d), struck out “if the employee was dependent on the deceased” before period preceding subsec. (a), striking out “or if the employee who sustains permanent total disability due to the injury thereafter dies from causes other than the injury,” after “injury causes death.”

1938—Pub. L. 75–542 increased the maximum limitation with respect to average weekly wages from $27 but the total weekly compensation shall not exceed the average weekly wages of the deceased to $100 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1914—Pub. L. 63–23 substituted “$1,000” for “$400”.

1912—Pub. L. 62–77 increased the maximum limitation with respect to average weekly wages from $27 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1909—Pub. L. 61–313 substituted “$1,000” for “$81” per centum for “$50” for “$15” per centum for “$15” for “$10” per centum for “$10” for “$8” for “$16” for “$32” for “$64” for “$84” for “$100”.

1899—Pub. L. 53–137 substituted “$81” per centum for “$50” per centum for “$15” per centum for “$10” per centum for “$5” per centum for “$2” per centum for “$2” per centum for “$1” per centum for “$1”.

1896—Pub. L. 54–15 increased the maximum limitation with respect to average weekly wages from $27 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1895—Pub. L. 54–15 increased the maximum limitation with respect to average weekly wages from $27 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1887—Pub. L. 53–137 decreased the maximum limitation with respect to average weekly wages from $15 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1884—Pub. L. 53–137 substituted “$1,000” for “$500” for “$250”.

1873—Pub. L. 13–71 increased the maximum limitation with respect to average weekly wages from $15 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1861—Pub. L. 11–20 substituted “$1,000” for “$500” for “$250”.

1850—Pub. L. 9–194 increased the maximum limitation with respect to average weekly wages from $15 but the total weekly compensation shall not exceed the average weekly wages of the deceased.

1844—Pub. L. 9–194 increased the maximum limitation with respect to average weekly wages from $15 but the total weekly compensation shall not exceed the average weekly wages of the deceased.
§ 910. Determination of pay

Except as otherwise provided in this chapter, the average weekly wage of the injured employee at the time of the injury shall be taken as the basis upon which to compute compensation and shall be determined as follows:

(a) If the injured employee shall have worked in the employment in which he was working at the time of the injury, whether for the same or another employer, during substantially the whole of the year immediately preceding his injury, his average annual earnings shall consist of three hundred times the average daily wage or salary for a six-day worker and two hundred and sixty times the average daily wage or salary, which an employee of the same class working substantially the whole of such immediately preceding year in the same or in similar employment in the same or a neighboring place shall have earned in such employment during the days when so employed.

(b) If the injured employee shall not have worked in such employment during substantially the whole of such year, his average annual earnings, if a six-day worker, shall consist of three hundred times the average daily wage or salary, and, if a five-day worker, two hundred and sixty times the average daily wage or salary, which an employee of the same class working substantially the whole of such immediately preceding year in the same or in similar employment in the same or a neighboring place shall have earned in such employment during the days when so employed.

(c) If either of the foregoing methods of arriving at the average annual earnings of the injured employee cannot reasonably and fairly be applied, such average annual earnings shall be such sum as, having regard to the previous earnings of the injured employee in the employment in which he was working at the time of the injury, and of other employees of the same or most similar class working in the same or most similar employment in the same or neighboring locality, or other employment of such employee, including the reasonable value of the services of the employee if engaged in self-employment, shall reasonably represent the annual earning capacity of the injured employee.

(d) (1) The average weekly wages of an employee shall be one fifty-second part of his average annual earnings.

(2) Notwithstanding paragraph (1), with respect to any claim based on a death or disability occurring after October 27, 1972, the compensation to which an employee is entitled due to total permanent disability or death shall be increased for the period of disability the fact may be considered in arriving at his average weekly wages.

(f) Effective October 1 of each year, the compensation or death benefits payable for permanent total disability or death arising out of injuries subject to this chapter shall be increased by the lesser of—

(1) a percentage equal to the percentage (if any) by which the applicable national weekly wage for the period beginning on such October 1, as determined under section 906(b) of this title, exceeds the applicable national average weekly wage, as so determined, for the period beginning with the preceding October 1; or

(2) 5 per centum.

(g) The weekly compensation after adjustment under subsection (f) shall be fixed at the nearest dollar. No adjustment of less than $1 shall be made, but in no event shall compensation or death benefits be reduced.

(h) (1) Not later than ninety days after October 27, 1972, the compensation to which an employee or his survivor is entitled due to total permanent disability or death which commenced or occurred prior to October 27, 1972, shall be ad-
justed. The amount of such adjustment shall be determined in accordance with regulations of the Secretary by designating as the employee’s average weekly wage the applicable national average weekly wage determined under section 906(b) of this title and (A) computing the compensation to which such employee or survivor would be entitled if the disabling injury or death had occurred on the day following October 27, 1972, and (B) subtracting therefrom the compensation to which such employee or survivor was entitled on October 27, 1972; except that no such employee or survivor shall receive total compensation amounting to less than that to which he was entitled on October 27, 1972. Notwithstanding the foregoing sentence, where such an employee or his survivor was awarded compensation as the result of death or permanent total disability at less than the maximum rate that was provided in this chapter at the time of the injury which resulted in the death or disability, then his average weekly wage shall be determined by increasing his average weekly wage at the time of such injury by the percentage which the applicable national average weekly wage has increased between the year in which the injury occurred and the first day of the first month following October 27, 1972. Where such injury occurred prior to 1947, the Secretary shall determine, on the basis of such economic data as he deems relevant, the amount by which the employee’s average weekly wage shall be increased for the pre-1947 period.

(2) Fifty per centum of any additional compensation or death benefit paid as a result of the adjustment required by paragraphs (1) and (3) of this subsection shall be paid out of the special fund established under section 944 of this title, and 50 per centum shall be paid from appropriations.

(3) For the purposes of subsections (f) and (g) an injury which resulted in permanent total disability or death which occurred prior to October 27, 1972, shall be considered to have occurred on the day following such date.

(i) For purposes of this section with respect to a claim for compensation for death or disability due to an occupational disease which does not immediately result in death or disability, the time the injury shall be deemed to be the date on which the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability.

§ 911. Guardian for minor or incompetent

The deputy commissioner may require the appointment by a court of competent jurisdiction, for any person who is mentally incompetent or a minor, of a guardian or other representative to receive compensation payable to such person under this chapter and to exercise the powers granted to or to perform the duties required of such person under this chapter.

§ 912. Notice of injury or death

(a) Time limitation

Notice of an injury or death in respect of which compensation is payable under this chapter shall be given within thirty days after the date of such injury or death, or thirty days after the employee or beneficiary is aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of a relationship between the injury or death and the employment, except that in the case of an occupational disease which does not immediately result in a disability or death, such notice shall be given within one year after the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability. Notice shall be given (1) to the deputy commissioner in the compensation district in which the injury or death occurred, and (2) to the employer.

(b) Form and content

Such notice shall be in writing, shall contain the name and address of the employee and a statement of the time, place, nature, and cause
of the injury or death, and shall be signed by the employee or by some person on his behalf, or in case of death, by any person claiming to be entitled to compensation for such death or by a person on his behalf.

(c) Delivery requirements

Notice shall be given to the deputy commissioner by delivering it to him or sending it by mail addressed to his office, and to the employer by delivering it to him or by sending it by mail addressed to him at his last known place of business. If the employer is a partnership, such notice may be given to any partner, or if a corporation, such notice may be given to any agent or officer thereof upon whom legal process may be served or who is in charge of the business in the place where the injury occurred. Each employer shall designate those agents or other responsible officials to receive such notice, except that the employer shall designate as its representatives individuals among first line supervisors, local plant management, and personnel office officials. Such designations shall be made in accordance with regulations prescribed by the Secretary and the employer shall notify his employees and the Secretary of such designation in a manner prescribed by the Secretary in regulations.

(d) Failure to give notice

Failure to give such notice shall not bar any claim under this chapter (1) if the employer (or his agent or agents or other responsible official or officials designated by the employer pursuant to subsection (c)) or the carrier had knowledge of the injury or death, (2) the deputy commissioner determines that the employer or carrier has not been prejudiced by failure to give such notice, or (3) if the deputy commissioner excused such failure on the ground that (i) notice, while not given to a responsible official designated by the employer pursuant to subsection (c) of this section, was given to an official of the employer or the employer's insurance carrier, and that the employer or carrier was not prejudiced due to the failure to provide notice to a responsible official designated by the employer pursuant to subsection (c), or (ii) the employer or his agent or agents or other responsible officials to receive such notice, except that the employer shall designate as its representatives individuals among first line supervisors, local plant management, and personnel office officials. Such designations shall be made in accordance with regulations prescribed by the Secretary and the employer shall notify his employees and the Secretary of such designation in a manner prescribed by the Secretary in regulations.

Subsec. (c). Pub. L. 98–426, §11(b), inserted at end “Each employer shall designate those agents or other responsible officials to receive such notice, except that the employer shall designate as its representatives individuals among first line supervisors, local plant management, and personnel office officials. Such designations shall be made in accordance with regulations prescribed by the Secretary and the employer shall notify his employees and the Secretary of such designation in a manner prescribed by the Secretary in regulations.”

Subsec. (d)(1). Pub. L. 98–426, §11(c), substituted “(or his agent or agents or other responsible official or officials designated by the employer pursuant to subsection (c))” for “(or his agent in charge of the business in the place where the injury occurred)”, substituted “injury or death, (2)” for “injury or death and”, and substituted “or (3)” for “or (2)”.

Pub. L. 98–426, §11(c)(4), inserted “(i) notice, while not given to a responsible official designated by the employer pursuant to subsection (c) of this section, was given to an official of the employer or the employer’s insurance carrier, and that the employer or carrier was not prejudiced due to the failure to provide notice to a responsible official designated by the employer pursuant to subsection (c), or (ii)”.

1972—Subsec. (a). Pub. L. 92–576 provided for notice of an injury or death within thirty days after the employee or beneficiary is aware or in the exercise of reasonable diligence should have been aware of a relationship between the injury or death and the employment.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Amendment by section 11(a) of Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, and amendment by section 11(b), (c) of Pub. L. 98–426 effective 90 days after Sept. 28, 1984, and applicable both with respect to claims filed after such 90th day and to claims pending on such 90th day, see section 28(a), (b) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

§ 913. Filing of claims

(a) Time to file

Except as otherwise provided in this section, the right to compensation for disability or death under this chapter shall be barred unless a claim therefore is filed within one year after the injury or death. If payment of compensation has been made without an award on account of such injury or death, a claim may be filed within one year after the date of the last payment. Such claim shall be filed with the deputy commissioner in the compensation district in which such injury or death occurred. The time for filing a claim shall not begin to run until the employee or beneficiary is aware, or by the exercise of reasonable diligence should have been aware, of the relationship between the injury or death and the employment.

(b) Failure to file

(1) Notwithstanding the provisions of subsection (a) failure to file a claim within the period prescribed in such subsection shall not be a bar to such right unless objection to such failure is made at the first hearing of such claim in which all parties in interest are given reasonable notice and opportunity to be heard.
§ 914. Payment of compensation

(a) Manner of payment

Compensation under this chapter shall be paid periodically, promptly, and directly to the person entitled thereto, without an award, except where liability to pay compensation is controverted by the employer.

(b) Period of installment payments

The first installment of compensation shall become due on the fourteenth day after the employer has been notified pursuant to section 912 of this title, or the employer has knowledge of the injury or death, on which date all compensation then due shall be paid. Thereafter compensation shall be paid in installments, semi-monthly, except where the deputy commissioner determines that payment in installments should be made monthly or at some other period.

(c) Notification of commencement or suspension of payment

Upon making the first payment, and upon suspension of payment for any cause, the employer shall immediately notify the deputy commissioner, in accordance with a form prescribed by the Secretary, that payment of compensation has begun or has been suspended, as the case may be.

(d) Right to compensation controverted

If the employer controverts the right to compensation he shall file with the deputy commissioner on or before the fourteenth day after he has knowledge of the alleged injury or death, a notice, in accordance with a form prescribed by the Secretary stating that the right to compensation is controverted, the name of the claimant, the name of the employer, the date of the alleged injury or death, and the grounds upon which the right to compensation is controverted.

(e) Additional compensation for overdue installment payments payable without award

If any installment of compensation payable without an award is not paid within fourteen days after it becomes due, as provided in subsection (b) of this section, there shall be added to such unpaid installment an amount equal to 10 per centum thereof, which shall be paid at the same time as, but in addition to, such installment, unless notice is filed under subsection (d) of this section, or unless such nonpayment is excused by the deputy commissioner after a showing by the employer that owing to conditions over which he had no control such installment could not be paid within the period prescribed for the payment.

(f) Additional compensation for overdue installment payments payable under terms of award

If any compensation, payable under the terms of an award, is not paid within ten days after it becomes due, there shall be added to such unpaid compensation an amount equal to 20 per centum thereof, which shall be paid at the same time as, but in addition to, such compensation, unless notice is filed under subsection (d) of this section, or unless such nonpayment is excused by the deputy commissioner after a showing by the employer that owing to conditions over which he had no control such installment could not be paid within the period prescribed for the payment.

(g) Notice of payment; penalty

Within sixteen days after final payment of compensation has been made, the employer shall

Editorial Notes

AMENDMENTS

1984—Subsec. (b). Pub. L. 98–426 designated existing provisions as par. (1) and added par. (2).
1972—Subsec. (a). Pub. L. 92–576 inserted "Except as otherwise provided in this section" and provided that the time for filing a claim shall not begin to run until the employee or beneficiary is aware, or by the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability, or within one year of the date of the last payment of compensation, whichever is later.

(c) Effect on incompetents and minors

If a person who is entitled to compensation under this chapter is mentally incompetent or a minor, the provisions of subsection (a) shall not be applicable so long as such person has no guardian or other authorized representative, but shall be applicable in the case of a person who is mentally incompetent or a minor from the date of appointment of such guardian or other representative, or in the case of a minor, if no guardian is appointed before he becomes of age, from the date he becomes of age.

(d) Tolling provision

Where recovery is denied to any person, in a suit brought at law or in admiralty to recover damages in respect of injury or death, on the ground that such person was an employee and that the defendant was an employer within the meaning of this chapter and that such employer had secured compensation to such employee under this chapter, the limitation of time prescribed in subsection (a) shall begin to run only from the date of termination of such suit.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Amendment by Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, see section 28(a) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1972 Amendment

§ 914. Payment of compensation

(a) Manner of payment

Compensation under this chapter shall be paid periodically, promptly, and directly to the per-
send to the deputy commissioner a notice, in accordance with a form prescribed by the Secretary, stating that such final payment has been made, the total amount of compensation paid, the name of the employee and of any other person to whom compensation has been paid, the date of the injury or death, and the date to which compensation has been paid. If the employer fails to so notify the deputy commissioner within such time the Secretary shall assess against such employer a civil penalty in the amount of $100.

(h) Investigations, examinations, and hearings for controverted, stopped, or suspended payments

The deputy commissioner (1) may upon his own initiative at any time in a case in which payments are being made without an award, and (2) shall in any case where right to compensation is controverted, or where payments of compensation have been stopped or suspended, upon receipt of notice from any person entitled to compensation, or from the employer, that the right to compensation is controverted, or that payments of compensation have been stopped or suspended, make such investigations, cause such medical examinations to be made, or hold such hearings, and take such further action as he considers will properly protect the rights of all parties.

(i) Deposit by employer

Whenever the deputy commissioner deems it advisable he may require any employer to make a deposit with the Treasurer of the United States to secure the prompt and convenient payment of such compensation, and payments therefrom upon any awards shall be made upon order of the deputy commissioner.

(j) Reimbursement for advance payments

If the employer has made advance payments of compensation, he shall be entitled to be reimbursed out of any unpaid installment or installments of compensation due.

(k) Receipt for payment

An injured employee, or in case of death his dependents or personal representative, shall give receipts for payment of compensation to the employer paying the same and such employer shall produce the same for inspection by the deputy commissioner, whenever required.

Editorial Notes

AMENDMENTS

1984—Subsec. (b), Pub. L. 98–426, §13(a), substituted "employer has been notified pursuant to section 912 of this title, or the employer," for "employer".

Subsecs. (c), (d), (g), Pub. L. 98–426, §27(a)(2), substituted "Secretary for "commission". See Transfer of Functions note set out under section 902 of this title.

Subsecs. (j) to (l), Pub. L. 98–426, §13(b), redesignated subsecs. (k) and (l) as (j) and (k), respectively, and struck out former subsec. (j) which provided that whenever the deputy commissioner determines that it was in the interest of justice, the liability of the employer for compensation, or any part thereof, as determined by the deputy commissioner with the approval of the Secretary, could be discharged by the payment of a lump sum equal to the present value of future compensation payments commuted, computed at 4 per centum true discount compounded annually, that the probability of the death of the injured employee or other person entitled to compensation before the expiration of the period during which he was entitled to compensation would be determined in accordance with the American Experience Table of Mortality, and that the probability of the remarriage of the surviving wife would be determined in accordance with the remarriage tables of the Dutch Royal Insurance Institution, and that the probability of the happening of any other contingency affecting the amount or duration of the compensation would be disregarded, was struck out.

1972—Subsec. (f). Pub. L. 92–576, §15(d), substituted "order staying payment has been issued by the Board or court" for "interlocutory injunction staying payments is allowed by the court as provided therein".

Subsec. (m). Pub. L. 92–576, §5(e), repealed subsec. (m) limiting aggregate money allowance for an injury under this chapter to $24,000, making the limitation inapplicable to cases of permanent total disability or death, and providing that in applying the limitation there shall not be taken into account any amount payable under section 908(g) of this title for maintenance during rehabilitation or any amount of additional compensation required to be paid under this section for delay or default in the payment of compensation or any amount accruing as interest upon defaulted compensation collectible under section 918 of this title.

1961—Subsec. (m). Pub. L. 87–87 increased limitation on total money allowance as compensation for injury from "$17,280" to "$24,000".

1956—Subsec. (m). Act July 26, 1956, provided for maximum money allowance of $17,280 in lieu of total compensation of $11,000, struck out additional former limitation of $10,000 for disabilities compensable under section 908(c)(21) of this title, and inserted provision excepting from $17,280 limitation, amounts payable under section 908(g) of this title for maintenance during rehabilitation, and amounts payable under this section for delay or default in payment of compensation or interest collectible under section 918 of this title.

1948—Subsec. (m). Act June 24, 1948, increased overall statutory maximum limitation upon compensation for disability from $7,500 to $11,000, and fixed a sublimitation of $10,000 upon that particular compensation for permanent partial disability which is payable when the case is classified as one in which compensation shall be payable under section 908(c)(21) of this title, but neither limitation shall apply for permanent total disability or death.

1938—Subsec. (j). Act May 26, 1938, substituted "and an interlocutory injunction staying payments is allowed by the court as provided therein".

1934—Subsec. (j). Act June 25, 1934, substituted "in the interest of justice" for "for the best interests of a person entitled to compensation", inserted "or any part thereof as determined by the deputy commissioner with the approval of the Commission", and inserted provision for determining probability of remarriage.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by section 13 of Pub. L. 98–426 effective 90 days after Sept. 28, 1984, and applicable both with respect to claims filed after such 90th day and to claims pending on such 90th day, and amendment by section 27(a)(2) of Pub. L. 98–426 effective Sept. 28, 1984, see section 28(b), (e)(1) of Pub. L. 98–426, set out as a note under section 901 of this title.
§ 915. Invalid agreements

(a) No agreement by an employee to pay any portion of premium paid by his employer to a carrier or to contribute to a benefit fund or department maintained by such employer for the purpose of providing compensation or medical services and supplies as required by this chapter shall be valid, and any employer who makes a deduction for such purpose from the pay of any employee entitled to the benefits of this chapter shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $1,000.

(b) No agreement by an employee to waive his right to compensation under this chapter shall be valid.

(Mar. 4, 1927, ch. 509, §15, 44 Stat. 1434.)

§ 916. Assignment and exemption from claims of creditors

No assignment, release, or commutation of compensation or benefits due or payable under this chapter, except as provided by this chapter, shall be valid, and such compensation and benefits shall be exempt from all claims of creditors and from levy, execution, and attachment or other remedy for recovery or collection of a debt, which exemption may not be waived.

(Mar. 4, 1927, ch. 509, §16, 44 Stat. 1434.)

§ 917. Lien against compensation

Where a trust fund which complies with section 186(c) of title 29 established pursuant to a collective-bargaining agreement in effect between an employer and an employee covered under this chapter has paid disability benefits to an employee which the employee is legally obligated to repay by reason of his entitlement to compensation under this chapter or under a settlement, the Secretary shall authorize a lien on such compensation in favor of the trust fund for the amount of such payments.

§ 918. Collection of defaulted payments; special fund

(a) In case of default by the employer in the payment of compensation due under any award of compensation for a period of thirty days after the compensation is due and payable, the person to whom such compensation is payable may, within one year after such default, make application to the deputy commissioner making the compensation order of a supplementary order declaring the amount of the default. After investigation, notice, and hearing, as provided in section 919 of this title, the deputy commissioner shall make a supplementary order, declaring the amount of the default, which shall be filed in the same manner as the compensation order. In case the payment in default is an installment of the award, the deputy commissioner may, in his discretion, declare the whole of the award as the amount in default. The applicant may file a certified copy of such supplementary order with the clerk of the Federal district court for the judicial district in which the employer has his principal place of business or maintains an office, or for the judicial district in which the injury occurred. In case such principal place of business or office or place where the injury occurred is in

1So in original. Probably should be “for”.

Effective Date of 1984 Amendment

Amendment by Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, see section 28(a) of Pub. L. 98–426, set out as a note under section 901 of this title.

Effective Date of 1978 Amendment

Amendment by Pub. L. 95–598 effective Oct. 1, 1979, see section 402(a) of Pub. L. 95–598, set out as an Effective Date note preceding section 101 of Title 11, Bankruptcy.

Effective Date of 1972 Amendment

Effective Date of 1961 Amendment

Amendment by act July 26, 1956, applicable only with respect to injuries and death occurring on or after July 26, 1956, see section 9 of act July 26, 1956, set out as a note under section 906 of this title.

Effective Date of 1948 Amendment

Amendment by act June 24, 1948, applicable to death or injuries occurring after June 24, 1948, see section 6 of act June 24, 1948, set out as a note under section 906 of this title.

1948—Pub. L. 98–426 struck out “(b)” before “Where a trust fund which complies”, substituted “covered under this chapter” for “entitled to compensation under this chapter”, and substituted “this chapter or under a settlement, the Secretary shall authorize” for “this chapter, the Secretary may authorize”.

1978—Subsec. (a). Pub. L. 95–598 repealed provision for lien of person entitled to compensation without limit of amount against assets of carrier or employer and for preference and priority in distribution of assets of such carrier or employer, or both upon insolvency, bankruptcy, or reorganization in bankruptcy proceedings of the carrier or employer, or both.

1972—Pub. L. 92–576 designated existing provisions as subsec. (a) and added subsec. (b).

1938—Act June 25, 1938, amended section generally. Prior to amendment, section read as follows: “Compensation shall have the same preference of lien against the assets of the carrier or employer without limit of amount as is now or may hereafter be allowed by law to the claimant for unpaid wages or otherwise”.

Effective Date of 1972 Amendment

Collection of defaulted payments; special fund

(a) In case of default by the employer in the payment of compensation due under any award of compensation for a period of thirty days after the compensation is due and payable, the person to whom such compensation is payable may, within one year after such default, make application to the deputy commissioner making the compensation order of a supplementary order declaring the amount of the default. After investigation, notice, and hearing, as provided in section 919 of this title, the deputy commissioner shall make a supplementary order, declaring the amount of the default, which shall be filed in the same manner as the compensation order. In case the payment in default is an installment of the award, the deputy commissioner may, in his discretion, declare the whole of the award as the amount in default. The applicant may file a certified copy of such supplementary order with the clerk of the Federal district court for the judicial district in which the employer has his principal place of business or maintains an office, or for the judicial district in which the injury occurred. In case such principal place of business or office or place where the injury occurred is in
the District of Columbia, a copy of such supplementary order may be filed with the clerk of the United States District Court for the District of Columbia. Such supplementary order of the deputy commissioner shall be final, and the court shall, upon the filing of the copy, enter judgment for the amount declared in default by the supplementary order if such supplementary order is in accordance with law. Review of the judgment so entered may be had as in civil suits for damages at common law. Final proceedings to execute the judgment may be had by writ of execution in the form used by the court in suits at common law in actions of assumpsit. No fee shall be required for filing the supplementary order nor for entry of judgment thereon, and the applicant shall not be liable for costs in a proceeding for review of the judgment unless the court shall otherwise direct. The court shall modify such judgment to conform to any later compensation order upon presentation of a certified copy thereof to the court.

(b) In cases where judgment cannot be satisfied by reason of the employer’s insolvency or other circumstances precluding payment, the Secretary of Labor may, in his discretion and to the extent he shall determine advisable after consideration of current commitments payable from the special fund established in section 944 of this title, make payment from such fund upon any award made under this chapter, and in addition, provide any necessary medical, surgical, and other treatment required by section 907 of this title in any case of disability where there has been a default in furnishing medical treatment by reason of the insolvency of the employer. Such an employer shall be liable for payment into such fund of the amounts paid therefrom by the Secretary of Labor under this subsection; and for the purpose of enforcing this liability, the Secretary of Labor for the benefit of the fund shall be subrogated to all the rights of the person receiving such payment or benefits as against the employer and may by a proceeding in the name of the Secretary of Labor under this section or under subsection (c) of section 921 of this title, or both, seek to recover the amount of the default or so much thereof as in the judgment of the Secretary is possible, or the Secretary may settle and compromise any such claim.

**Editorial Notes**

**Codification**

**Amendments**

1984—Subsec. (b). Pub. L. 98–426 struck out “‘including the right of lien and priority provided for by section 917 of this title,’” after “shall be subrogated to all the rights of the person receiving such payment or benefits’.”

1956—Act July 26, 1956, designated existing provisions as subsec. (a) and added subsec. (b).

**Statutory Notes and Related Subsidiaries**

**Effective Date of 1984 Amendment**

§ 919. Procedure in respect of claims

(a) Filing of claim

Subject to the provisions of section 913 of this title a claim for compensation may be filed with the deputy commissioner in accordance with regulations prescribed by the Secretary at any time after the first seven days of disability following any injury, or at any time after death, and the deputy commissioner shall have full power and authority to hear and determine all questions in respect of such claim.

(b) Notice of claim

Within ten days after such claim is filed the deputy commissioner, in accordance with regulations prescribed by the Secretary, shall notify the employer and any other person (other than the claimant), whom the deputy commissioner considers an interested party, that a claim has been filed. Such notice may be served personally upon the employer or other person, or sent to such employer or person by registered mail.

(c) Investigations; order for hearing; notice; rejection or award

The deputy commissioner shall make or cause to be made such investigations as he considers necessary in respect of the claim, and upon application of any interested party shall order a hearing thereon. If a hearing on such claim is ordered the deputy commissioner shall give the claimant and other interested parties at least ten days’ notice of such hearing, served personally upon the claimant and other interested parties or sent to such claimant and other interested parties by registered mail or by certified mail, and shall within twenty days after such hearing is had, by order, reject the claim or make an award in respect of the claim. If no hearing is ordered within twenty days after notice is given as provided in subsection (b), the deputy commissioner shall, by order, reject the claim or make an award in respect of the claim.

(d) Provisions governing conduct of hearing; administrative law judges

Notwithstanding any other provisions of this chapter, any hearing held under this chapter shall be conducted in accordance with the provisions of section 554 of title 5. Any such hearing shall be conducted by an administrative law judge qualified under section 3105 of that title. All powers, duties, and responsibilities vested by this chapter, on October 27, 1972, in the deputy judge qualified under section 3105 of that title.

1 So in original. Probably should be “an”.
§ 920  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 292

commissioners with respect to such hearings shall be vested in such administrative law judges.

(e) Filing and mailing of order rejecting claim or making award

The order rejecting the claim or making the award (referred to in this chapter as a compensation order) shall be filed in the office of the deputy commissioner, and a copy thereof shall be sent by registered mail or by certified mail to the claimant and to the employer at the last known address of each.

(f) Awards after death of employee

An award of compensation for disability may be made after the death of an injured employee.

(g) Transfer of case

At any time after a claim has been filed with him, the deputy commissioner may, with the approval of the Secretary, transfer such case to any other deputy commissioner for the purpose of making investigation, taking testimony, making physical examinations or taking such other necessary action therein as may be directed.

(h) Physical examination of injured employee

An injured employee claiming or entitled to compensation shall submit to such physical examination by a medical officer of the United States or by a duly qualified physician designated or approved by the Secretary as the deputy commissioner may require. The place or places shall be reasonably convenient for the employee. Such physician or physicians as the employee, employer, or carrier may select and pay for may participate in an examination if the employee, employer, or carrier so requests. Proceedings shall be suspended and no compensation be payable for any period during which the employee may refuse to submit to examination.

Editorial Notes

AMENDMENTS

1984—Subsecs. (a), (b), (g), (h). Pub. L. 98–426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note under section 902 of this title.

1978—Subsec. (d). Pub. L. 95–251 substituted references to administrative law judges for references to hearing examiners.

1972—Subsec. (d). Pub. L. 92–576 substituted provisions for conduct of hearings under section 554 of title 5 by a hearing examiner qualified under section 3105 of title 5 and vesting in hearing examiners the powers, duties, and responsibilities vested in deputy commissioners on Oct. 27, 1972, for former provisions authorizing claimant and employer to present evidence with respect to claims and for representation of a claimant under a written authorization.

1960—Subsecs. (c), (e). Pub. L. 86–507 inserted “or by certified mail” after “registered mail”.

1958—Subsec. (g). Act June 25, 1938, authorized transfer of cases, with administrative approval, at any time after filing of claim for the additional purposes of making investigations and taking other necessary action instead of after issuance of compensation order without anyone’s approval.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Effective Date of 1972 Amendment

§ 920. Presumptions

In any proceeding for the enforcement of a claim for compensation under this chapter it shall be presumed, in the absence of substantial evidence to the contrary—

(a) That the claim comes within the provisions of this chapter.

(b) That sufficient notice of such claim has been given.

(c) That the injury was not occasioned solely by the intoxication of the injured employee.

(d) That the injury was not occasioned by the willful intention of the injured employee to injure or kill himself or another.

(Mar. 4, 1927, ch. 509, §20, 44 Stat. 1436.)

§ 921. Review of compensation orders

(a) Effectiveness and finality of orders

A compensation order shall become effective when filed in the office of the deputy commissioner as provided in section 919 of this title, and, unless proceedings for the suspension or setting aside of such order are instituted as provided in subsection (b) of this section, shall become final at the expiration of the thirtieth day thereafter.

(b) Benefits Review Board; establishment; members; chairman; quorum; voting; questions reviewable; record; conclusiveness of findings; stay of payments; remand

(1) There is hereby established a Benefits Review Board which shall be composed of five members appointed by the Secretary from among individuals who are especially qualified to serve on such Board. The Secretary shall designate one of the members of the Board to serve as chairman. The Chairman shall have the authority, as delegated by the Secretary, to exercise all administrative functions necessary to operate the Board.

(2) For the purpose of carrying out its functions under this chapter, three members of the Board shall constitute a quorum and official action can be taken only on the affirmative vote of at least three members.

(3) The Board shall be authorized to hear and determine appeals raising a substantial question of law or fact taken by anyone in interest from decisions with respect to claims of employees under this chapter and the extensions thereof. The Board’s orders shall be based upon the hearing record. The findings of fact in the decision under review by the Board shall be conclusive if supported by substantial evidence in the
§ 921

(4) The Board may, on its own motion or at the request of the Secretary, remand a case to the administrative law judge for further appropriate action. The consent of the parties in interest shall not be a prerequisite to a remand by the Board.

(5) Notwithstanding paragraphs (1) through (4), upon application of the Chairman of the Board, the Secretary may designate up to four Department of Labor administrative law judges to serve on the Board temporarily, for not more than one year. The Board is authorized to delegate to panels of three members any or all of the powers which the Board may exercise. Each such panel shall have no more than one temporary member. Two members shall constitute a quorum of a panel. Official adjudicative action may be taken only on the affirmative vote of at least two members of a panel. Any party aggrieved by a decision of a panel of the Board may, within thirty days after the date of entry of the decision, petition the entire permanent Board for review of the panel's decision. Upon affirmative vote of the majority of the permanent members of the Board, the petition shall be granted. The Board shall amend its Rules of Practice to conform with this paragraph. Temporary members, while serving as members of the Board, shall be compensated at the same rate of compensation as regular members.

(c) Court of appeals; jurisdiction; persons entitled to review; petition; record; determination and enforcement; service of process; stay of payments

Any person adversely affected or aggrieved by a final order of the Board may obtain a review of that order in the United States court of appeals for the circuit in which the injury occurred, by filing in such court within sixty days following the issuance of such Board order a written petition praying that the order be modified or set aside. A copy of such petition shall be forthwith transmitted by the clerk of the court, to the Board, and to the other parties, and thereupon the Board shall file in the court the record in the proceedings as provided in section 2112 of title 28. Upon such filing, the court shall have jurisdiction of the proceeding and shall have the power to give a decree affirming, modifying, or setting aside, in whole or in part, the order of the Board and enforcing same to the extent that such order is affirmed or modified. The orders, writs, and processes of the court in such proceedings may run, be served, and be returnable anywhere in the United States. The payment of the amounts required by an award shall not be stayed pending final decision in any such proceeding unless ordered by the court. No stay shall be issued unless irreparable injury would otherwise ensue to the employer or carrier. The order of the court allowing any stay shall contain a specific finding, based upon evidence submitted to the court and identified by reference thereto, that irreparable damage would result to the employer, and specifying the nature of the damage.

(d) District court; jurisdiction; enforcement of orders; application of beneficiaries of awards or deputy commissioner; process for compliance with orders

If any employer or his officers or agents fails to comply with a compensation order making an award, that has become final, any beneficiary of such award or the deputy commissioner making the order, may apply for the enforcement of the order to the Federal district court for the judicial district in which the injury occurred (or to the United States District Court for the District of Columbia if the injury occurred in the District). If the court determines that the order was made and served in accordance with law, and that such employer or his officers or agents have failed to comply therewith, the court shall enforce obedience to the order by writ of injunction or by other proper process, mandatory or otherwise, to enjoin upon such person and his officers and agents compliance with the order.

(e) Institution of proceedings for suspension, setting aside, or enforcement of compensation orders

Proceedings for suspending, setting aside, or enforcing a compensation order, whether rejecting a claim or making an award, shall not be instituted otherwise than as provided in this section and section 918 of this title.

Editorial Notes

CODIFICATION

AMENDMENTS

1984—Subsec. (b)(1). Pub. L. 98–426, § 15(1), (2), substituted “five” for “three”, and inserted “‘The Chairman shall have the authority, as delegated by the Secretary, to exercise all administrative functions necessary to operate the Board.’”

(b) Former provisions of subsec. (b) for injunction proceedings to suspend or set aside a compensation order by a party in interest against a deputy commissioner in Federal district court for judicial district where injury occurred superseded by subsec. (c) of this section and former provisions of such subsec. (b) respecting service of process and stay of payments, except for the procedural requirement of an interlocutory injunction to the
court and hearing on at least three days' notice to the parties in interest and the deputy commissioner, incorporated in subsec. (c) of this section.

Subsecs. (c) to (e). Pub. L. 92–976, §15(a), (b), added subsec. (c) and redesignated former subsecs. (c) and (d) as (d) and (e), respectively.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Effective Date of 1972 Amendment

Amendment by Pub. L. 92–976 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92–976, set out as a note under section 902 of this title.

Review of Decisions Made by or Pending Before Benefits Review Board

Pub. L. 108–447, div. F, title I, Dec. 8, 2004, 118 Stat. 3121, which provided in part that no funds made available by div. F were to be used by the Solicitor of Labor or the Secretary of Labor to review certain decisions made by or pending before the Benefits Review Board under the Longshore and Harbor Workers' Compensation Act, and deemed such decisions pending review by the Board for more than 1 year to be affirmed by and the final order of the Board for purposes of obtaining review in the United States courts of appeals, was from the Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations Act, 2005, and was not repeated in subsequent appropriations acts. Similar provisions were contained in the following prior appropriation acts:

§ 921a. Appearance of attorneys for Secretary, deputy commissioner, or Board

Attorneys appointed by the Secretary shall represent the Secretary, the deputy commissioner, or the Board in any court proceedings under section 21.[33 U.S.C. 921] or other provisions of this Act, except for proceedings in the Supreme Court of the United States.

Editorial Notes

References in Text

This Act, referred to in text, probably should have been a reference to act Mar. 4, 1927, ch. 509, 44 Stat. 1424, known as the Longshore and Harbor Workers' Compensation Act, which is classified generally to this chapter. This section was not enacted as part of that Act, see Codification note below. For complete classi-

§ 922. Modification of awards

Upon his own initiative, or upon the application of any party in interest (including an employer or carrier which has been granted relief under section 906(f) of this title), on the ground of a change in conditions or because of a mistake in a determination of fact by the deputy commissioner, the deputy commissioner may, at any time prior to one year after the date of the last payment of compensation, whether or not a compensation order has been issued, or at any time prior to one year after the rejection of a claim, review a compensation case (including a case under which payments are made pursuant to section 944(i) of this title) in accordance with the procedure prescribed in respect of claims in section 919 of this title, and in accordance with such section issue a new compensation order which may terminate, continue, reinstate, increase, or decrease such compensation, or award compensation. Such new order shall not affect any compensation previously paid, except that an award increasing the compensation rate may be made effective from the date of the injury, and if any part of the compensation due or to become due is unpaid, an award decreasing the compensation rate may be made effective from the date of the injury, and any payment made prior thereto in excess of such decreased rate shall be deducted from any unpaid compensation, in such manner and by such method as may be determined by the deputy commissioner with the approval of the Secretary. This section does not authorize the modification of settlements.

§ 923. Procedure before deputy commissioner or Board

(a) In making an investigation or inquiry or conducting a hearing the deputy commissioner or Board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure, except as provided by this chapter; but may make such investigation or inquiry or conduct such hearing in such manner as to best ascertain the rights of the parties. Declarations of a deceased employee concerning the injury in respect of which the investigation or inquiry is being made or the hearing conducted shall be received in evidence and shall, if corroborated by other evidence, be sufficient to establish the injury.

(b) Hearings before a deputy commissioner or Board shall be open to the public and shall be stenographically reported, and the deputy commissioners or Board, subject to the approval of the Secretary, are authorized to contract for the reporting of such hearings. The Secretary shall by regulation provide for the preparation of a record of the hearings and other proceedings before the deputy commissioners or Board.

§ 924. Witnesses

No person shall be required to attend as a witness in any proceeding before a deputy commissioner at a place outside of the State of his residence and more than one hundred miles from his place of residence, unless his lawful mileage and fee for one day’s attendance shall be first paid or tendered to him; but the testimony of any witness may be taken by deposition or interrogatories according to the rules of practice of the Federal district court for the judicial district in which the case is pending (or of the United States District Court for the District of Columbia if the case is pending in the District).

§ 925. Witness fees

Witnesses summoned in a proceeding before a deputy commissioner or whose depositions are taken shall receive the same fees and mileage as witnesses in courts of the United States.

§ 926. Costs in proceedings brought without reasonable grounds

If the court having jurisdiction of proceedings in respect of any claim or compensation order determines that the proceedings in respect of such claim or order have been instituted or continued without reasonable ground, the costs of such proceedings shall be assessed against the party who has so instituted or continued such proceedings.

§ 927. Powers of deputy commissioners or Board

(a) The deputy commissioner or Board shall have power to preserve and enforce order during any such proceedings; to issue subpoenas for, to administer oaths to, and to compel the attendance and testimony of witnesses, or the production of books, papers, documents, and other evi-
dence, or the taking of depositions before any designated individual competent to administer oaths; to examine witnesses; and to do all things conformable to law which may be necessary to enable him effectively to discharge the duties of his office.

(b) If any person in proceedings before a deputy commissioner or Board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, having been ordered to do so, any pertinent book, paper, or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take the oath as a witness, or after having taken the oath refuses to be examined according to law, the deputy commissioner or Board shall certify the facts to the district court having jurisdiction in the place in which he is sitting (or to the United States District Court for the District of Columbia if he is sitting in such District) which shall thereupon in a summary manner hear the evidence as to the acts complained of, and if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the process of or in the presence of the court.

Editorial Notes

Codification

AMENDMENTS

1972—Subsecs. (a), (b). Pub. L. 92-576 inserted references to the Board.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 928. Fees for services

(a) Attorney’s fee; successful prosecution of claim

If the employer or carrier declines to pay any compensation on or before the thirtieth day after receiving written notice of a claim for compensation having been filed from the deputy commissioner, on the ground that there is no liability for compensation within the provisions of this chapter and the person seeking benefits shall thereafter have utilized the services of an attorney at law in the successful prosecution of his claim, there shall be awarded, in addition to the award of compensation, in a compensation order, a reasonable attorney’s fee against the employer or carrier in an amount approved by the deputy commissioner, Board, or court, as the case may be, which shall be paid directly by the employer or carrier to the attorney for the claimant in a lump sum after the compensation order becomes final.

(b) Attorney’s fee; successful prosecution for additional compensation; independent medical evaluation of disability controversy; restriction of other assessments

If the employer or carrier pays or tenders payment of compensation without an award pursuant to section 914(a) and (b) of this title, and thereafter a controversy develops over the amount of additional compensation, if any, to which the employee may be entitled, the deputy commissioner or Board shall set the matter for an informal conference and following such conference the deputy commissioner or Board shall recommend in writing a disposition of the controversy. If the employer or carrier refuse to accept such written recommendation, within fourteen days after its receipt by them, they shall pay or tender to the employee in writing the additional compensation, if any, to which they believe the employee is entitled. If the employee refuses to accept such payment or tender of compensation, and thereafter utilizes the services of an attorney at law, and if the compensation thereafter awarded is greater than the amount paid or tendered by the employer or carrier, a reasonable attorney’s fee based solely upon the difference between the amount awarded and the amount tendered or paid shall be awarded in addition to the amount of compensation. The foregoing sentence shall not apply if the controversy relates to degree or length of disability, and if the employer or carrier offers to submit the case for evaluation by physicians employed or selected by the Secretary, as authorized in section 907(e) of this title and offers to tender an amount of compensation based upon the degree or length of disability found by the independent medical report at such time as an evaluation of disability can be made. If the claimant is successful in review proceedings before the Board or court in any such case an award may be made in favor of the claimant and against the employer or carrier for a reasonable attorney’s fee for claimant’s counsel in accord with the above provisions. In all other cases any claim for legal services shall not be assessed against the employer or carrier.

(c) Approval; payment; lien

In all cases fees for attorneys representing the claimant shall be approved in the manner herein provided. If any proceedings are had before the Board or any court for review of any action, award, order, or decision, the Board or court may approve an attorney’s fee for the work done before it by the attorney for the claimant. An approved attorney’s fee, in cases in which the

1 So in original. Probably should be “effectively”.

2 So in original. Probably should be “refuses”.

obligation to pay the fee is upon the claimant, may be made a lien upon the compensation due under an award; and the deputy commissioner, Board, or court shall fix in the award approving the fee, such lien and manner of payment.

(d) Costs; witnesses’ fees and mileage; prohibition against diminution of compensation to claimant

In cases where an attorney’s fee is awarded against an employer or carrier there may be further assessed against such employer or carrier as costs, fees and mileage for necessary witnesses attending the hearing at the instance of claimant. Both the necessity for the witness and the reasonableness of the fees of expert witnesses must be approved by the hearing officer, the Board, or the court, as the case may be. The amounts awarded against an employer or carrier as attorney’s fees, costs, fees and mileage for witnesses shall not in any respect affect or diminish the compensation payable under this chapter.

(e) Unapproved fees; solicitation; penalty

A person who receives a fee, gratuity, or other consideration on account of services rendered as a representative of a claimant, unless the consideration is approved by the deputy commissioner, administrative law judge, Board, or court, or who makes it a business to solicit employment for a lawyer, or for himself, with respect to a claim or award for compensation under this chapter, shall, upon conviction thereof, for each offense be punished by a fine of not more than $1,000 or be imprisoned for not more than one year, or both.

Editorial Notes

Amendments

1984—Subsec. (e). Pub. L. 98–426 substituted “a fee, gratuity, or other consideration” for “any fees, other consideration, or any gratuity”: “with respect to” for “in respect of”; and “both” for “by both such fine and imprisonment”;

1972—Subsec. (a). Pub. L. 92–576 substituted provisions respecting payment of attorney’s fee for successful prosecution of claim for former provisions respecting approval by deputy commissioner or court of claims for legal services or for any other services rendered in respect of a claim or award for compensation and for lien upon the compensation in the manner and to the extent fixed by the deputy commissioner or the court. See subsec. (c).

Subsecs. (b) to (e). Pub. L. 92–576 added subsecs. (b) to (d), redesignated former subsec. (b) as (e), and in subsec. (e), as so redesignated, struck out item (1) and (2) designations before “who”, substituted “services rendered as a representative of a claimant” for “services so rendered”, and included approval by the Board.

Statutory Notes and Related Subsidiaries

Effective Date of 1972 Amendment

§ 929. Record of injury or death

Every employer shall keep a record in respect of any injury to an employee. Such record shall contain such information of disease, other disability, or death in respect of such injury as the Secretary may by regulation require, and shall be available to inspection by the Secretary or by any State authority at such times and under such conditions as the Secretary may by regulation prescribe.

Editorial Notes

Amendments

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

§ 930. Reports to Secretary

(a) Time for sending; contents; copy to deputy commissioner

Within ten days from the date of any injury, which causes loss of one or more shifts of work, or death or from the date that the employer has knowledge of a disease or infection in respect of such injury, the employer shall send to the Secretary a report setting forth (1) the name, address, and business of the employer; (2) the name, address, and occupation of the employee; (3) the cause and nature of the injury or death; (4) the year, month, day, and hour when and the particular locality where the injury or death occurred; and (5) such other information as the Secretary may require. A copy of such report shall be sent at the same time to the deputy commissioner in the compensation district in which the injury occurred. Notwithstanding the requirements of this subsection, each employer shall keep a record of each and every injury regardless of whether such injury results in the loss of one or more shifts of work.

(b) Additional reports

Additional reports in respect of such injury and of the condition of such employee shall be sent by the employer to the Secretary and to such deputy commissioner at such times and in such manner as the Secretary may prescribe.

(c) Use as evidence

Any report provided for in subsection (a) or (b) shall not be evidence of any fact stated in such report in any proceeding in respect of such injury or death on account of which the report is made.

(d) Compliance by mailing

The mailing of any such report and copy in a stamped envelope, within the time prescribed in
subsidiary provisions (a) or (b), to the Secretary and deputy commissioner, respectively, shall be a compliance with this section.

(e) Penalty for failure or refusal to send report

Any employer, insurance carrier, or self-insured employer who knowingly and willfully fails or refuses to send any report required by this section or knowingly or willfully makes a false statement or misrepresentation in any such report shall be subject to a civil penalty not to exceed $10,000 for each such failure, refusal, false statement, or misrepresentation.

(f) Tolling provision

Where the employer or the carrier has been given notice, or the employer (or his agent in charge of the business in the place where the injury occurred) or the carrier has knowledge, of any injury or death of an employee and fails, neglects, or refuses to file a report thereof as required by the provisions of subsection (a) of this section, the limitations in subsection (a) of section 913 of this title shall not begin to run against the claim of the injured employee or his dependents entitled to compensation, or in favor of either the employer or the carrier, until such report shall have been furnished as required by the provisions of subsection (a) of this section.

Editorial Notes

AMENDMENTS

1984—Subsec. (a). Pub. L. 98–426, § 18(a)(1), inserted “, which causes loss of one or more shifts of work,” after “Within ten days from the date of any injury”.

Pub. L. 98–426, § 18(a)(2), inserted at end “Notwithstanding the requirements of this subsection, each employer shall keep a record of each and every injury and every injury regardless of whether such injury results in the loss of one or more shifts of work.”

Pub. L. 98–426, § 18(b), amended subsec. (e) generally. Prior to amendment, subsec. (e) read as follows: “Any employer who fails or refuses to send any report required of him by this section shall be subject to a civil penalty not to exceed $500 for each such failure or refusal.”

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

§ 931. Penalty for misrepresentation

(a) Felony; fine; imprisonment

(1) Any claimant or representative of a claimant who knowingly and willfully makes a false statement or representation for the purpose of obtaining a benefit or payment under this chapter shall be guilty of a felony, and on conviction thereof shall be punished by a fine not to exceed $10,000, by imprisonment not to exceed five years, or by both.

(2) The United States attorney for the district in which the injury is alleged to have occurred shall make every reasonable effort to promptly investigate each complaint made under this subsection.

(b) List of persons disqualified from representing claimants

(1) No representation fee of a claimant’s representative shall be approved by the deputy commissioner, an administrative law judge, the Board, or a court pursuant to section 928 of this title, if the claimant’s representative is on the list of individuals who are disqualified from representing claimants under this chapter maintained by the Secretary pursuant to paragraph (2) of this subsection.

(C) Notwithstanding subparagraph (B), no individual who is on the list required to be maintained by the Secretary pursuant to this section shall be prohibited from presenting his or her own claim or from representing without fee, a claimant who is a spouse, mother, father, sister, brother, or child of such individual.

(D) A determination under subparagraph (A) shall remain in effect for a period of not less than three years and until the Secretary finds and gives notice to the public that there is reasonable assurance that the basis for the determination will not reoccur.
(3) No employee shall be liable to pay a representation fee to any representative whose fee has been disallowed by reason of the operation of this paragraph.

(4) The Secretary shall issue such rules and regulations as are necessary to carry out this section.

(c) False statements or representation to reduce, deny, or terminate benefits

A person including, but not limited to, an employer, his duly authorized agent, or an employee of an insurance carrier who knowingly and willfully makes a false statement or representation for the purpose of reducing, denying, or terminating benefits to an injured employee, or his dependents pursuant to section 909 of this title if the injury results in death, shall be punished by a fine not to exceed $10,000, by imprisonment not to exceed five years, or by both.

(§ 933. Compensation for injuries where third persons are liable)

(a) Election of remedies

If on account of a disability or death for which compensation is payable under this chapter the person entitled to such compensation determines that some person other than the employer or a person or persons in his employ is liable in damages, he need not elect whether to receive the employer’s previous record of payments, and other relevant factors, and subject to such conditions as the Secretary may prescribe, which shall include authorization to the Secretary in case of default to sell any such securities sufficient to pay compensation awards or to bring suit upon such bonds, to procure prompt payment of compensation under this chapter. Any employer securing compensation in accordance with the provisions of this paragraph shall be known as a self-insurer.

(b) In granting authorization to any carrier to insure payment of compensation under this chapter the Secretary may take into consideration the recommendation of any State authority having supervision over carriers or over workmen’s compensation, and may authorize any carrier to insure the payment of compensation under this chapter in a limited territory. Any marine protection and indemnity mutual insurance corporation or association, authorized to write insurance against liability for loss or damage from personal injury and death, and for other losses and damages, incidental to or in respect of the ownership, operation, or chartering of vessels on a mutual assessment plan, shall be deemed a qualified carrier to insure compensation under this chapter. The Secretary may suspend or revoke any such authorization for good cause shown after a hearing at which the carrier shall be entitled to be heard in person or by counsel and to present evidence. No suspension or revocation shall affect the liability of any carrier already incurred.

(§ 933. Compensation for injuries where third persons are liable)

(a) Election of remedies

If on account of a disability or death for which compensation is payable under this chapter the person entitled to such compensation determines that some person other than the employer or a person or persons in his employ is liable in damages, he need not elect whether to receive
such compensation or to recover damages against such third person.

(b) Acceptance of compensation operating as assignment

Acceptance of compensation under an award in a compensation order filed by the deputy commissioner, an administrative law judge, or the Board shall operate as an assignment to the employer of all rights of the person entitled to compensation to recover damages against such third person unless such person shall commence an action against such third person within six months after such acceptance. If the employer fails to commence an action against such third person within ninety days after the cause of action is assigned under this section, the right to bring such action shall revert to the person entitled to compensation. For the purpose of this subsection, the term “award” with respect to a compensation order means a formal order issued by the deputy commissioner, an administrative law judge, or Board.

(c) Payment into section 944 fund operating as assignment

The payment of such compensation into the fund established in section 944 of this title shall operate as an assignment to the employer of all right of the legal representative of the deceased (hereinafter referred to as “representative”) to recover damages against such third person.

(d) Institution of proceedings or compromise by assignee

Such employer on account of such assignment may either institute proceedings for the recovery of such damages or may compromise with such third person either without or after instituting such proceeding.

(e) Recoveries by assignee

Any amount recovered by such employer on account of such assignment, whether or not as the result of a compromise, shall be distributed as follows:

(1) The employer shall retain an amount equal to—

(A) the expenses incurred by him in respect to such proceedings or compromise (including a reasonable attorney’s fee as determined by the deputy commissioner or Board);

(B) the cost of all benefits actually furnished by him to the employee under section 907 of this title;

(C) all amounts paid as compensation;

(D) the present value of all amounts thereafter payable as compensation, such present value to be computed in accordance with a schedule prepared by the Secretary, and the present value of the cost of all benefits thereafter to be furnished under section 907 of this title, to be estimated by the deputy commissioner, and the amounts so computed and estimated to be retained by the employer as a trust fund to pay such compensation and the cost of such benefits as they become due, and to pay any sum finally remaining in excess thereof to the person entitled to compensation or to the representative; and

(2) The employer shall pay any excess to the person entitled to compensation or to the representative.

(f) Institution of proceedings by person entitled to compensation

If the person entitled to compensation institutes proceedings within the period prescribed in subsection (b) the employer shall be required to pay as compensation under this chapter a sum equal to the excess of the amount which the Secretary determines is payable on account of such injury or death over the net amount recovered against such third person. Such net amount shall be equal to the actual amount recovered less the expenses reasonably incurred by such person in respect to such proceedings (including reasonable attorneys’ fees).

(g) Compromise obtained by person entitled to compensation

(1) If the person entitled to compensation (or the person’s representative) enters into a settlement with a third person referred to in subsection (a) for an amount less than the compensation to which the person (or the person’s representative) would be entitled under this chapter, the employer shall be liable for compensation as determined under subsection (f) only if written approval of the settlement is obtained from the employer and the employer’s carrier, before the settlement is executed, and by the person entitled to compensation (or the person’s representative). The approval shall be made on a form provided by the Secretary and shall be filed in the office of the deputy commissioner within thirty days after the settlement is entered into.

(2) If no written approval of the settlement is obtained and filed as required by paragraph (1), or if the employee fails to notify the employer of any settlement obtained from or judgment rendered against a third person, all rights to compensation and medical benefits under this chapter shall be terminated, regardless of whether the employer or the employer’s insurer has made payments or acknowledged entitlement to benefits under this chapter.

(3) Any payments by the special fund established under section 944 of this title shall be a lien upon the proceeds of any settlement obtained from or judgment rendered against a third person referred to under subsection (a). Notwithstanding any other provision of law, such lien shall not be enforceable against such proceeds, regardless of whether the Secretary on behalf of the special fund has agreed to or has received actual notice of the settlement or judgment.

(4) Any payments by a trust fund described in section 917 of this title shall be a lien upon the proceeds of any settlement obtained from or judgment recorded against a third person referred to under subsection (a). Such lien shall have priority over a lien under paragraph (3) of this subsection.

(h) Subrogation

Where the employer is insured and the insurance carrier has assumed the payment of the compensation, the insurance carrier shall be subrogated to all the rights of the employer under this section.
Right to compensation as exclusive remedy

The right to compensation or benefits under this chapter shall be the exclusive remedy to an employee when he is injured, or to his eligible survivors or legal representatives if he is killed, by the negligence or wrong of any other person or persons in the same employ: Provided, That this provision shall not affect the liability of a person other than an officer or employee of the employer.

Editorial Notes

AMENDMENTS

1984—Subsec. (b). Pub. L. 98–426, §21(a), substituted "Acceptance of compensation under an award in a compensation order filed by the deputy commissioner, an administrative law judge, or the Board shall operate as an assignment to the employer of all rights of the person entitled to compensation to recover damages against such third person unless such person shall commence an action against such third person within six months after such acceptance" for "Acceptance of such compensation under an award in a compensation order filed by the deputy commissioner or Board shall operate as an assignment to the employer of all rights of the person entitled to compensation to recover damages against such third person unless such person shall commence an action against such third person within six months after such award" and inserted at end "If the employer fails to commence an action against such third person within ninety days after the cause of action is assigned under this section, the right to bring such action shall revert to the person entitled to compensation. For the purpose of this subsection, the term "award" with respect to a compensation order means a formal order issued by the deputy commissioner, an administrative law judge, or Board." Subsec. (e)(2). Pub. L. 98–426, §21(b), struck out "less one-fifth of such excess which shall belong to the employer" after "or to the representative".

Subsec. (f). Pub. L. 98–426, §21(c)(1), inserted "net" before "amount recovered".

Pub. L. 98–426, §21(c)(2), inserted at end "Such net amount shall be equal to the actual amount recovered less the expenses reasonably incurred by such person in respect to such proceedings (including reasonable attorneys' fees)." Subsec. (g). Pub. L. 98–426, §21(d), redesignated existing provisio ns as par. (1), substituted "If the person entitled to compensation (or the person's representative) enters into a settlement with a third person referred to in subsection (a) for an amount less than the compensation to which the person (or the person's representative) would be entitled under this chapter, the employer shall be liable for compensation as determined under subsection (f) only if written approval of the settlement is obtained from the employer and the employer's carrier, before the settlement is executed, and by the person entitled to compensation (or the person's representative) for "If compromise with such third person is made by the person entitled to compensation (or such representative of an amount less than the compensation to which such person or representative would be entitled to under this chapter the employer shall be liable for compensation as determined in subsection (f) only if the written approval of such compromise is obtained from the employer and its insurance carrier by the person entitled to compensation (or such representative at the time of or prior to such compromise on a form provided by the Secretary and filed in the office of the deputy commissioner having jurisdiction of such injury or death within thirty days after such compromise is made", inserted at end "The approval shall be made on a form provided by the Secretary and shall be filed in the office of the deputy commissioner within thirty days after the settlement is entered into.", and added pars. (2) to (4).

1972—Subsecs. (b), (c)(1)(A). Pub. L. 92–576, §15(f)(g), inserted "or Board" after "secretary".

Subsec. (g). Pub. L. 92–576, §15(h), substituted "if the written approval of such compromise is obtained from the employer and its insurance carrier by the person entitled to compensation or such representative at the time of or prior to such compromise on a form provided by the Secretary and filed in the office of the deputy commissioner having jurisdiction of such injury or death within thirty days after such compromise is made" for "if such compromise is made with his written approval".

1959—Subsec. (a). Pub. L. 86–171 inserted "or a person or persons in his employ" after "employer" and substituted "he need not elect whether" for "he may elect, by giving notice to the deputy commissioner in such manner as the Secretary may provide.

Subsec. (b). Pub. L. 86–171 inserted "unless such person shall commence an action against such third person within six months after such award".

Subsec. (c). Pub. L. 86–171 struck out "whether or not the representative has notified the deputy commissioner of his election" after "third person".

Subsec. (e). Pub. L. 86–171 substituted "Secretary" for "Commission" in par. (1)(D) and inserted in par. (2) "less one-fifth of such excess which shall belong to the employer".

Subsec. (f). Pub. L. 86–171 struck out "or the representative elects to recover damages against such third person and notifies the Secretary of his election and before "institutes" and substituted subsection (b) for "section 913 of this title" and "Secretary" for "Commission".

Subsec. (g). Pub. L. 86–171 corrected reference to subsection (e) to read "subsection (f)".

Subsecs. (h), (i). Pub. L. 86–171 redesignated subsec. (i) as (h) and struck out former subsec. (h) that permitted the deputy commissioner to make an election for a minor or to authorize the parent or guardian to make the election.

1938—Subsec. (b). Pub. L. 76–175, Act June 25, 1938, §12, inserted "under an award in a compensation order filed by the deputy commissioner" and struck out "whether or not the person entitled to compensation has notified the deputy commissioner of his election" at end of sentence.

Subsec. (e). Pub. L. 76–175, Act June 25, 1938, §12, redesignated par. (1)(c) as par. (1)(c) and (D) and included in said par. (1)(D) the present value of the cost of benefits furnished.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98–426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, see section 28(a) of Pub. L. 98–426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

§ 934. Compensation notice

Every employer who has secured compensation under the provisions of this chapter shall keep posted in a conspicuous place or places in
§ 935  Substitution of carrier for employer

In any case where the employer is not a self-insurer, in order that the liability for compensation imposed by this chapter may be most effectively discharged by the employer, and in order that the administration of this chapter in respect of such liability may be facilitated, the Secretary shall by regulation provide for the discharge, by the carrier for such employer, of such obligations and duties of the employer in respect to such liability, imposed by this chapter upon the employer, as it considers proper in order to effectuate the provisions of this chapter. For such purposes (1) notice to or knowledge of an employer of the occurrence of the injury shall be notice to or knowledge of the carrier, (2) jurisdiction of the employer by a deputy commissioner, the Board, or the Secretary, or any court under this chapter shall be jurisdiction of the carrier, and (3) any requirement by a deputy commissioner, the Board, or the Secretary, or any court under any compensation order, finding, or decision shall be binding upon the carrier in the same manner and to the same extent as upon the employer.

Editorial Notes

AMENDMENTS

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

§ 936. Insurance policies

(a) Every policy or contract of insurance issued under authority of this chapter shall contain (1) a provision to carry out the provisions of section 935 of this title, and (2) a provision that insolvency or bankruptcy of the employer and/or discharge therein shall not relieve the carrier from payment of compensation for disability or death sustained by an employee during the life of such policy or contract.

(b) No contract or policy of insurance issued by a carrier under this chapter shall be canceled prior to the date specified in such contract or policy for its expiration until at least thirty days have elapsed after a notice of cancellation has been sent to the deputy commissioner and to the employer in accordance with the provisions of subsection (c) of section 912 of this title.

(Mar. 4, 1927, ch. 509, §36, 44 Stat. 1441.)

§ 937. Certificate of compliance with chapter

No stevedoring firm shall be employed in any compensation district by a vessel or by hull owners until it presents to such vessel or hull owners a certificate issued by a deputy commissioner assigned to such district that it has complied with the provisions of this chapter requiring the securing of compensation to its employees. Any person violating the provisions of this section shall be punished by a fine of not more than $1,000, or by imprisonment for not more than one year, or by both such fine and imprisonment.

(Mar. 4, 1927, ch. 509, §37, 44 Stat. 1442.)

§ 938. Penalties

(a) Failure to secure payment of compensation

Any employer required to secure the payment of compensation under this chapter who fails to secure such compensation shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than $10,000, or by imprisonment for not more than one year, or by both such fine and imprisonment; and in any case where such employer is a corporation, the president, secretary, and treasurer thereof shall be also severally liable to such fine or imprisonment as herein provided for the failure of such corporation to secure the payment of compensation; and such president, secretary, and treasurer shall be severally personally liable, jointly with such corporation, for any compensation or other benefit which may accrue under the said chapter in respect to any injury which may occur to any employee of such corporation while such employee has been injured within the purview of
this chapter, and with intent to avoid the pay-
ment of compensation under this chapter to
such employee or his dependents, shall be guilty
of a misdemeanor and, upon conviction thereof,
shall be punished by a fine of not more than
$10,000, or by imprisonment for not more than
one year, or by both such fine and imprison-
ment; and in any case where such employer is a
corporation, the president, secretary, and treas-
urer thereof shall be also severally liable to such
penalty of imprisonment as well as jointly liable
with such corporation for such fine.

(c) Effect on other liability of employer

This section shall not affect any other liabil-
ity of the employer under this chapter.

(Mar. 4, 1927, ch. 509, § 38, 44 Stat. 1442; June 25,
1938, ch. 685, § 14, 52 Stat. 1168; Pub. L. 98–426, § 22,
Sept. 29, 1984, 98 Stat. 1653.)

Editorial Notes

AMENDMENTS

1984—Subsecs. (a), (b). Pub. L. 98–426 substituted
‘‘$10,000’’ for ‘‘$1,000’’ wherever appearing.
1938—Act June 25, 1938, amended section generally,
designating first sentence as subsec. (a) and inserting
provisions respecting liability of corporate officers,
adding subsec. (b), and designating second sentence as
subsec. (c).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98–426 effective Sept. 28, 1984,
see section 28 of Pub. L. 98–426, set out as a note
under section 901 of this title.

§ 939. Administration by Secretary

(a) Prescribing rules and regulations; appoint-
ing and fixing compensation of employees; mak-
ing expenditures

Except as otherwise specifically provided, the
Secretary shall administer the provisions of this
chapter, and for such purpose the Secretary is
authorized (1) to make such rules and regula-
tions; (2) to appoint and fix the compensation of
such temporary technical assistants and medical
advisers, and, subject to the provisions of the
civil service laws, to appoint, and, in accord-
ance with chapter 51 and subchapter III of chap-
ter 53 of title 5, to fix the compensation of such
deputy commissioners (except deputy commis-
sioners appointed under subsection (a) of section
940 of this title) and other officers and employ-
ees; and (3) to make such expenditures (includ-
ing expenditures for personal services and rent
at the seat of government and elsewhere, for law
books, books of reference, periodicals, and for
printing and binding) as may be necessary in the
administration of this chapter. All expenditures
of the Secretary in the administration of this
chapter shall be allowed and paid as provided in
section 945 of this title upon the presentation
of itemized vouchers therefor approved by the
Secretary.

(b) Establishing compensation districts

The Secretary shall establish compensation
districts, to include the high seas and the areas

within the United States to which this chapter
applies, and shall assign to each such district
one or more deputy commissioners, as the Sec-
retary deems advisable. Judicial proceedings
under sections 918 and 921 of this title in respect
of any injury occurring on the high seas shall be instituted in the district
court within whose territorial jurisdiction is located the office of the deputy commissioner having ju-
risdiction in respect of such injury or death (or
in the United States District Court for the Dis-
trict of Columbia if such office is located in such
District).

(c) Furnishing information and assistance; di-
recting vocational rehabilitation

(1) The Secretary shall, upon request, provide
persons covered by this chapter with informa-
tion and assistance relating to the chapter’s
coverage and compensation and the procedures
for obtaining such compensation and including
assistance in processing a claim. The Secretary
may, upon request, provide persons covered by
this chapter with legal assistance in processing
a claim. The Secretary shall also provide em-
ployees receiving compensation information on
medical, manpower, and vocational rehabilita-
tion services and assist such employees in ob-
taining the best such services available.

(2) The Secretary shall direct the vocational
rehabilitation of permanently disabled employ-
ees and shall arrange with the appropriate pub-
lic or private agencies in States or Territories,
possessions, or the District of Columbia for such
rehabilitation. The Secretary may in his discre-
tion furnish such prosthetic appliances or other
apparatus made necessary by an injury upon
which an award has been made under this chap-
ter to render a disabled employee fit to engage
in a remunerative occupation. Where necessary
rehabilitation services are not available other-
wise, the Secretary of Labor may, in his discre-
tion, use the fund provided for in section 944 of
this title in such amounts as may be necessary
to procure such services, including necessary
prosthetic appliance or other apparatus. This
fund shall also be available in such amounts as
may be authorized in annual appropriations for
the Department of Labor for the costs of admin-
istering this subsection.

(Mar. 4, 1927, ch. 509, § 39, 44 Stat. 1442; June 25,
1936, ch. 804, 49 Stat. 1621; June 25, 1948, ch. 646,
§ 32(b), 62 Stat. 901; May 24, 1949, ch. 139, § 127, 63
Stat. 107; Oct. 28, 1949, ch. 782, title XI, § 1106(a),

Pub. L. 98–426, § 27(a)(2), (c), Sept. 28, 1984, 98
Stat. 1654.)

Editorial Notes

REFERENCES IN TEXT

Section 945 of this title, referred to in subsec. (a), was
1654. See section 944 of this title.

CODIFICATION

In subsec. (a) “chapter 51 and subchapter III of chap-
ter 53 of title 5” substituted for “the Classification Act
of 1949, as amended” on authority of Pub. L. 89–554,
§ 1(b), Sept. 6, 1966, 80 Stat. 831, the first section of
which enacted Title 5, Government Organization and
Employees.

Former second sentence of subsec. (c), providing that the Federal Board for Vocational Education should cooperate with the Employees’ Compensation Commission in such educational work has been omitted. The functions of the Board were transferred to the Department of the Interior by Ex. Ord. No. 6166, June 10, 1933, and then to the Federal Security Agency by Reorg. Plan No. 1 of 1939, §§ 201, 204, eff. July 1, 1939, 4 F.R. 2728, 33 Stat. 1243. The Commission was abolished and its functions transferred to the Federal Security Administrator and the Federal Board for Vocational Education was abolished by Reorg. Plan No. 2 of 1946, former sections 3 and 8, respectively, set out in the Appendix to Title 5, Government Organization and Employees.

AMENDMENTS

1972—Subsec. (c). Pub. L. 92–576 added par. (1) and redesignated existing provisions as par. (2).

1956—Subsec. (c). Act July 26, 1956, substituted “rehabilitation” for “education” at end of first sentence, and substituted last two sentences, relating to use of special fund where necessary rehabilitation services are not available, and availability of fund in amounts authorized annually for the Department of Labor, for former sentence which provided that “If any surplus is left in any fiscal year in the fund provided for in section 944 of this title, such surplus may be used in subsequent fiscal years for the purposes of administration and investigation.”

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Effective Date of 1972 Amendment

Repeals
Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89–554, Sept. 6, 1966, §8, 80 Stat. 632, 655.

§ 940. Deputy commissioners

(a) Appointment; use of personnel and facilities of boards, commissions, or other agencies; expenses and salaries

The Secretary may appoint as deputy commissioners any member of any board, commission, or other agency of a State to act as deputy commissioner for any compensation district or part thereof in such State, and may make arrangements with such board, commission, or other agency for the use of the personnel and facilities thereof in the administration of this chapter. The Secretary may make such arrangements as may be deemed advisable by him for the payment of expenses of such board, commission, or other agency, incurred in the administration of this chapter pursuant to this section, and for the payment of salaries to such board, commission, or other agency, or the members thereof, and may pay any amounts agreed upon to the proper officers of the State, upon vouchers approved by the Secretary.

(b) Appointment in Territories and District of Columbia; compensation

In any Territory of the United States or in the District of Columbia a person holding an office under the United States may be appointed deputy commissioner and for services rendered as deputy commissioner may be paid compensation, in addition to that he is receiving from the United States, in an amount fixed by the Secretary in accordance with chapter 51 and subchapter III of chapter 53 of title 5.

(c) Transfers to other districts; temporary details

Deputy commissioners (except deputy commissioners appointed under subsection (a) of this section) may be transferred from one compensation district to another and may be temporarily detailed from one compensation district to service in another in the discretion of the Secretary.

(d) Maintaining offices

Each deputy commissioner shall maintain and keep open during reasonable business hours an office, at a place designated by the Secretary, for the transaction of business under this chapter, at which office he shall keep his official records and papers. Such office shall be furnished and equipped by the Secretary, who shall also furnish the deputy commissioner with all necessary clerical and other assistants, records, books, blanks, and supplies. Wherever practicable such office shall be located in a building owned or leased by the United States; otherwise the Secretary shall rent suitable quarters.

(e) Records and papers

If any deputy commissioner is removed from office, or for any reason ceases to act as such deputy commissioner, all of his official records and papers and office equipment shall be transferred to his successor in office or, if there be no successor, then to the Secretary or to a deputy commissioner designated by the Secretary.

(f) Conflict of interest

Neither a deputy commissioner or Board member nor any business associate of a deputy commissioner or Board member shall appear as attorney in any proceeding under this chapter, and no deputy commissioner or Board member shall act in any such case in which he is interested, or when he is employed by any party in interest or related to any party in interest by consanguinity or affinity within the third degree, as determined by the common law.

§ 941. Safety rules and regulations

(a) Safe place of employment; installation of safety devices and safeguards

Every employer shall furnish and maintain employment and places of employment which shall be reasonably safe for his employees in all employments covered by this chapter and shall install, furnish, maintain, and use such devices and safeguards with particular reference to equipment used by and working conditions established by such employers as the Secretary may determine by regulation or order under this section as to matters within the scope of title 52 of the Revised Statutes and Acts supplementary or amendatory thereto, the Act of June 15, 1917 (ch. 30, 40 Stat. 220), as amended, or section 1333(e) of title 43.

(b) Studies and investigations by Secretary

The Secretary, in enforcing and administering the provisions of this section, is authorized in addition to such other powers and duties as are conferred upon him—

(1) to make studies and investigations with respect to safety provisions and the causes and prevention of injuries in employments covered by this chapter, and in making such studies and investigations to cooperate with any agency of the United States or with any State agency engaged in similar work;

(2) to utilize the services of any agency of the United States or any State agency engaged in similar work (with the consent of such agency) in connection with the administration of this section;

(3) to promote uniformity in safety standards in employments covered by this chapter through cooperative action with any agency of the United States or with any State agency engaged in similar work;

(4) to provide for the establishment and supervision of programs for the education and training of employers and employees in the recognition, avoidance, and prevention of unsafe working conditions in employments covered by this chapter, and to consult with and advise employers as to the best means of preventing injuries;

(5) to hold such hearings, issue such orders, and make such decisions, based upon findings of fact, as are deemed to be necessary to enforce the provisions of this section, and for such purposes the Secretary and the district courts shall have the authority and jurisdiction provided by subsections (b) to (f) of section 6507 of title 41 and the Secretary shall be represented in any court proceedings as provided in section 921a of this title.

(c) Inspection of places and practices of employment

The Secretary or his authorized representative may inspect such places of employment, question such employees, and investigate such conditions, practices, or matters in connection with employment subject to this chapter, as he may deem appropriate to determine whether any person has violated any provision of this section, or any rule or regulation issued thereunder, or which may aid in the enforcement of the provisions of this section. No employer or other person shall refuse to admit the Secretary or his authorized representatives to any such place or shall refuse to permit any such inspection.

(d) Requests for advice; variations from safety rules and regulations

Any employer may request the advice of the Secretary or his authorized representative, in complying with the requirements of any rule or regulation adopted to carry out the provisions of this section. In case of practical difficulties or unnecessary hardships, the Secretary in his discretion may grant variations from any such rule or regulation, or particular provisions thereof, and permit the use of other or different devices if he finds that the purpose of the rule or regulation will be observed by the variation and the safety of employees will be equally secured thereby. Any person affected by such rule or regulation, or his agent, may request the Secretary to grant such variation, stating in writing the grounds on which his request is based. Any authorization by the Secretary of a variation shall be in writing, shall describe the conditions under which the variation shall be permitted, and shall be published as provided in section 552 of title 41. A properly indexed record of all variations shall be kept in the office of the Secretary and open to public inspection.
§ 941

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Page 306

(e) Jurisdiction to restrain violations

The United States district courts shall have jurisdiction for cause shown in any action brought by the Secretary, represented as provided in section 921a of this title, to restrain violations of this section or of any rule, regulation, or order of the Secretary adopted to carry out the provisions of this section.

(f) Violations and penalties

Any employer who, willfully, violates or fails or refuses to comply with the provisions of subsection (a) of this section, or with any lawful rule, regulation, or order adopted to carry out the provisions of this section, and any employer or other person who willfully interferes with, hinders, or delays the Secretary or his authorized representative in carrying out his duties under subsection (c) of this section by refusing to admit the Secretary or his authorized representative to any place, or to permit the inspection or examination of any employment or place of employment, or who willfully hinders or delays the Secretary or his authorized representative in the performance of his duties under this chapter, shall be guilty of an offense, and, upon conviction thereof, shall be punished by a fine of not less than $100 nor more than $3,000; and in any case where such employer is a corporation, the officer or other person who willfully permits any such violation to occur shall be guilty of an offense, and, upon conviction thereof, shall be punished also for each offense by a fine of not less than $100 nor more than $3,000. The liability hereunder shall not affect any other liability of the employer under this chapter.

(g) Inapplicability to certain employments

(1) The provisions of this section shall not apply to the operations for the exploration, production, or transportation by pipeline of mineral resources upon the navigable waters of the United States, nor under the authority of the Act of August 7, 1953 (ch. 509, § 41, 44 Stat. 1444; Pub. L. 104–3, 109 Stat. 250) [43 U.S.C. 1301 et seq.], nor in the case of any employment for which compensation under this chapter is provided for employees under the Act of May 22, 1953 (ch. 65, 66 Stat. 260 (ch. 237), as amended), nor in the case of any employment in connection with lands (except filled in, made or reclaimed lands) beneath the navigable waters as defined in the Act of May 22, 1922, 67 Stat. 29) [43 U.S.C. 1301 et seq.], nor in the case of any employment for which compensation in case of disability or death is provided for employees under the authority of the Act of May 17, 1928 (ch. 612, 45 Stat. 600), as amended, nor under the authority of the Act of August 16, 1941 (ch. 357, 55 Stat. 600), as amended [42 U.S.C. 1651 et seq.].

(2) The provisions of this section, with the exception of paragraph (1) of subsection (b), shall not be applied under the authority of subchapter I of chapter 81 of title 5.

Editorial Notes

References in Text

Title 52 of the Revised Statutes, referred to in subsec. (a), consisted of R.S. §§ 4399 to 4500, which were classi-
Labor to prescribe, by regulation or order, safety rules for the furnishing and maintenance of safe places of employment and for the installation, furnishing and maintenance of safety devices and safeguards, authorized the Secretary to provide for the establishment and supervision of safety programs, permitted the inspection of places of employment and investigation of employment conditions and practices, granted jurisdiction to the district courts to restrain violations of this section or of any rules, regulations or orders of the Secretary, and to prescribe penalties for violations.

Statutory Notes and Related Subsidiaries

"SECRETARY" Defined

Pub. L. 85–742, § 2, Aug. 23, 1958, 72 Stat. 837, provided that: "The term 'Secretary' as used in this Act and in amendments made by this Act [to this section] means the Secretary of Labor."

§ 942. Annual report

The Secretary shall make to Congress at the end of each fiscal year, a report of the administration of this chapter for the preceding fiscal year, including a detailed statement of receipts of and expenditures from the fund established in section 944 of this title, together with such recommendations as the Secretary deems advisable. Such report shall include the annual report required under section 936(b) of title 30 and shall be identified as the Annual Report of the Office of Workers' Compensation Programs. (Mar. 4, 1927, ch. 509, § 42, 44 Stat. 1444, related to travel and subsistence expenses. See section 5701 et seq. of Title 5, Government Organization and Employees.

Amendments

1958—Pub. L. 104–66 substituted "end of each fiscal year" for "beginning of each regular session, commencing at the beginning of the second regular session after September 29, 1984" and inserted at end "Such report shall include the annual report required under section 936(b) of title 30 and shall be identified as the Annual Report of the Office of Workers' Compensation Programs."

Statutory Notes and Related Subsidiaries

Effective Date

Section effective Sept. 28, 1984, see section 28(c)(1) of Pub. L. 98–426, set out as an Effective Date of 1984 Amendment note under section 901 of this title.

Section, act Mar. 4, 1927, ch. 509, § 43, 44 Stat. 1444, required Secretary to make a report to Congress at beginning of each regular session of the administration of this chapter for preceding fiscal year, including a detailed statement of receipts of and expenditures from funds established in sections 944 and 945 of this title.

§ 944. Special fund

(a) Establishment; administration; custody, trust

There is established in the Treasury of the United States a special fund. Such fund shall be administered by the Secretary. The Treasurer of the United States shall be the custodian of such fund, and all moneys and securities in such fund shall be held in trust by such Treasurer and shall not be money or property of the United States.

(b) Disbursements; bond of custodian

The Treasurer is authorized to disburse moneys from such fund only upon order of the Secretary. He shall be required to give bond in an amount to be fixed and with securities to be approved by the Secretary of the Treasury and the Comptroller General of the United States conditioned upon the faithful performance of his duty as custodian of such fund.

(c) Payments into fund

Payments into such fund shall be made as follows:

(1) Whenever the Secretary determines that there is no person entitled under this chapter to compensation for the death of an employee which would otherwise be compensable under this chapter, the appropriate employer shall pay $5,000 as compensation for the death of such an employee.

(2) At the beginning of each calendar year the Secretary shall estimate the probable expenses of the fund during that calendar year and the amount of payments required (and the schedule therefor) to maintain adequate reserves in the fund. Each carrier and self-insurer shall make payments into the fund on a prorated assessment by the Secretary determined by—

(A) computing the ratio (expressed as a percent) of (i) the carrier's or self-insured's workers' compensation payments under this chapter during the preceding calendar year, to (ii) the total of such payments by all carriers and self-insureds during such year;

(B) computing the ratio (expressed as a percent) of (i) the payments under section 908(f) of this title during the preceding calendar year which are attributable to the carrier or self-insured, to (ii) the total of such payments during such year attributable to all carriers and self-insureds;

(C) dividing the sum of the percentages computed under subparagraphs (A) and (B) for the carrier or self-insured by two; and

(D) multiplying the percent computed under subparagraph (C) by such probable expenses of the fund (as determined under the first sentence of this paragraph).

(3) All amounts collected as fines and penalties under the provisions of this chapter shall be paid into such fund.

(d) Investigations; records, availability; record-keeping; provisions of sections 49 and 50 of title 15 applicable to Secretary

(1) For the purpose of making rules, regulations, and determinations under this section and for providing enforcement thereof,
the Secretary may investigate and gather appropriate data from each carrier and self-insurer. For that purpose, the Secretary may enter and inspect such places and records (and make such transcriptions thereof), question such employees, and investigate such facts, conditions, practices, or matters as he may deem necessary or appropriate.

(2) Each carrier and self-insurer shall make, keep, and preserve such records, and make such reports and provide such additional information, as prescribed by regulation or order of the Secretary, as the Secretary deems necessary or appropriate to carry out his responsibilities under this section.

(3) For the purpose of any hearing or investigation related to determinations or the enforcement of the provisions of this section, the provisions of sections 49 and 50 of title 15 (relating to the attendance of witnesses and the production of books, papers, and documents) are hereby made applicable to the jurisdiction, powers, and duties of the Secretary of Labor.

(e) Depositories; investments

The Treasurer of the United States shall deposit any moneys paid into such fund into such depository banks as the Secretary may designate and may invest any portion of the funds which, in the opinion of the Secretary, is not needed for current requirements, in bonds or notes of the United States or of any Federal land bank.

(f) Limitation of liability

Neither the United States nor the Secretary shall be liable in respect of payments authorized under section 908 of this title in an amount greater than the money or property deposited in or belonging to such fund.

(g) Audit by Comptroller General; finality of payment determinations; credits of disbursing officers

The Comptroller General of the United States shall audit the account for such fund, but the action of the Secretary in making payments from such fund shall be final and not subject to review, and the Comptroller General is authorized and directed to allow credit in the accounts of any disbursing officer of the Secretary for payments made from such fund authorized by the Secretary.

(h) Civil actions for civil penalties and unpaid assessments

All civil penalties and unpaid assessments provided for in this chapter shall be collected by civil suit brought by the Secretary.

(i) Proceeds available for certain payments

The proceeds of this fund shall be available for payments:

1. Pursuant to sections 910 of this title with respect to certain initial and subsequent annual adjustments in compensation for total permanent disability or death.

2. Under section 908(b), and under section 918(b), and under section 939(b) of this title.

3. To repay the sums deposited in the fund pursuant to subsection (d).

4. To defray the expense of making examinations as provided in section 907(e) of this title.

(j) Audit to Congress

The fund shall be audited annually and the results of such audit shall be included in the annual report required by section 942 of this title.
Pu. L. 98–426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsec. (b). Pub. L. 98–426, §24(b), redesignated subsec. (1) as (b). Former subsec. (b) redesignated (g).

Pu. L. 98–426, §24(c), inserted “and unpaid assessments” after “civil penalties”.

Pu. L. 98–426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsec. (j)(1). Pub. L. 98–426, §24(d)(1), struck out “and 911” after “sections 910”, inserted “‘certain’ before “initial”, and struck out “which occurred prior to the effective date of this subsection” after “disability or death”.

Subsec. (j). Pub. L. 98–426, §24(b), redesignated (k) as (j), Former subsec. (j) redesignated (i).

Pu. L. 98–426, §24(e), substituted “The fund shall be audited annually and the results of such audit shall be included in the annual report required by section 942 of this title” for “At the close of each fiscal year the Secretary shall submit to the Congress a complete audit of the fund”.

1972—Subsec. (a). Pub. L. 92–576, §8(a), substituted “special fund” for “special fund for the purpose of making payments in accordance with the provisions of subsections (f) and (g) of section 908, of subsection (b) of section 918, and of subsection (c) of section 939 of this title”.

Subsec. (c)(1). Pub. L. 92–576, §8(b), increased compensation payment for death to $5,000 from $1,000; inserted provision for compensation which would otherwise be uncompensable under this chapter; deleted second sentence, less two provisos, now incorporated in subsec. (j)(2) of this section; deleted first such proviso for priority of payments authorized by subsec. (f) over other payments authorized from the fund; and deleted second such proviso, now incorporated in subsec. (k) of this section.

Subsec. (c)(2), (3). Pub. L. 92–576, §8(b), added par. (2) and redesignated former par. (2) as (3).

Subsec. (f) to (1). Pub. L. 92–576, §8(b), redesignated former subsec. (d) to (g) as (f) to (1), respectively.

Subsec. (j). Pub. L. 92–576, §8(d), added pars. (1), (3), and (4), and incorporated former part of first sentence of subsec. (a) and former second sentence, less provisos, of subsec. (c)(1), in provisions designated as par. (2).

1956—Subsec. (a). Act July 26, 1956, §8(a), substituted “of subsection (b) of section 918 of this title, and of subsection (c) of section 939 of this title” for “of this title.”

Subsec. (c)(1). Act July 26, 1956, §8(b), substituted provisions relating to availability of fund for payments under sections 908(f) and (g), 918(b), and 939(c) of this title, proviso that subsec. (f) payments have priority, and further proviso requiring annual audit, for former provision that fifty per centum of each payment shall be available for the payments under section 908(f) and (g) of this title.

Transfer of Functions

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1260, 1281, set out in the Appendix to Title 5, Government Organization and Employees. Functions of Coast Guard and Commandant of Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Section 945, act Mar. 4, 1927, ch. 509, §45, 44 Stat. 1445, provided for creation of a fund to provide for payment of all expenses connected with administration of this chapter. See section 944 of this title.

Section 946, act Mar. 4, 1927, ch. 509, §46, 44 Stat. 1445, appropriated $250,000 to be available for expenses of administration of this chapter for fiscal years ending June 30, 1927, and June 30, 1928.

Section 947, act Mar. 4, 1927, ch. 509, §47, 44 Stat. 1445, provided for availability of appropriations for salaries and contingent expenses in administration of this chapter.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98–426, set out as an Effective Date of 1984 Amendment note under section 901 of this title.

§948. Laws inapplicable

Nothing in sections 4283, 4284, 4285, 4286, or 4289 of the Revised Statutes, as amended, nor in section 18 of the Act entitled “An act to remove certain burdens on the American merchant marine and encourage the American foreign carrying trade, and for other purposes,” approved June 26, 1884, as amended, shall be held to limit the amount for which recovery may be had (1) in any suit at law or in admiralty where an employer has failed to secure compensation as required by this chapter, or (2) in any proceeding for compensation, any additional amount, or any civil penalty.

(Mar. 4, 1927, ch. 509, §48, 44 Stat. 1446.)

Editorial Notes

References in Text

Sections 4283, 4284, 4285, 4286, and 4289 of the Revised Statutes, referred to in text, were classified to sections 183, 184, 185, 186, and 188, respectively, of the former Appendix to Title 46, Shipping, and were repealed and restated in chapter 305 of Title 46, Shipping, by Pub. L. 109–304, §§6(c), 19, Oct. 6, 2006, 120 Stat. 1599, 1710. For disposition of sections of the former Appendix to Title 46, see Disposition Table preceding section 101 of Title 46.

Section 18 of the Act entitled “An act to remove certain burdens on the American merchant marine and encourage the American foreign carrying trade, and for other purposes,” approved June 26, 1884, as amended, re-
§ 948a. Discrimination against employees who bring proceedings; penalties; deposit of payments in special fund; civil actions; entitlement to restoration of employment and compensation, qualifications requirement; liability of employer for penalties and payments; insurance policy exemption from liability

It shall be unlawful for any employer or his duly authorized agent to discharge or in any other manner discriminate against an employee as to his employment because such employee has claimed or attempted to claim compensation from such employer, or because he has testified or is about to testify in a proceeding under this chapter. The discharge or refusal to employ a person who has been adjudicated to have filed a fraudulent claim for compensation is not a violation of this section. Any employer who violates this section shall be liable to a penalty of not less than $1,000 or more than $5,000, as may be determined by the deputy commissioner. All such penalties shall be paid to the deputy commissioner for deposit in the special fund as described in section 944 of this title, and if not paid may be recovered in a civil action brought in the appropriate United States district court. Any employee so discriminated against shall be restored to his employment and shall be compensated by his employer for any loss of wages arising out of such discrimination: Provided, That if such employee shall cease to be qualified to perform the duties of his employment, he shall not be entitled to such restoration and compensation. The employer alone and not his carrier shall be liable for such penalties and payments. Any provision in an insurance policy exemption from liability that if such employee shall cease to be qualified to perform the duties of his employment, he shall not be entitled to such restoration and compensation is not a violation of this section.

§ 949. Effect of unconstitutionality

If any part of this chapter is adjudged unconstitutional by the courts, and such adjudication has the effect of invalidating any payment of compensation under this chapter, the period intervening between the time the injury was sustained and the time of such adjudication shall not be computed as a part of the time prescribed by law for the commencement of any action against the employer in respect of such injury; but the amount of any compensation paid under this chapter on account of such injury shall be deducted from the amount of damages awarded in such action in respect of such injury.

§ 950. Separability

If any provision of this chapter is declared unconstitutional or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of the chapter and the applicability of such provision to other persons and circumstances shall not be affected thereby.

CHAPTER 19—SAINT LAWRENCE SEAWAY

There is hereby created, subject to the direction and supervision of the Secretary of Transportation, a body corporate to be known as the Great Lakes St. Lawrence Seaway Development Corporation, a public corporation created under the laws of the State of New York, to function as the ‘‘Corporation’’.

§ 981. Creation of Corporation

There is hereby created, subject to the direction and supervision of the Secretary of Transportation, a body corporate to be known as the Great Lakes St. Lawrence Seaway Development Corporation (hereinafter referred to as the ‘‘Corporation’’).

§ 984a. Amendment note under section 902 of this title.

Editorial Notes

1984—Pub. L. 98–426 inserted after first sentence ‘‘The discharge or refusal to employ a person who has been adjudicated to have filed a fraudulent claim for compensation is not a violation of this section.’’, substituted ‘‘$1,000’’ for ‘‘$100’’, and substituted ‘‘$5,000’’ for ‘‘$1,000’’.

Statutory Notes and Related Subsidiaries

Effective Date of 1984 Amendment

Effective Date

Section effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92–576, set out as an Effective Date of 1972 Amendment note under section 902 of this title.

§ 949. Effect of unconstitutionality

If any part of this chapter is adjudged unconstitutional by the courts, and such adjudication has the effect of invalidating any payment of compensation under this chapter, the period intervening between the time the injury was sustained and the time of such adjudication shall not be computed as a part of the time prescribed by law for the commencement of any action against the employer in respect of such injury; but the amount of any compensation paid under this chapter on account of such injury shall be deducted from the amount of damages awarded in such action in respect of such injury.

§ 950. Separability

If any provision of this chapter is declared unconstitutional or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of the chapter and the applicability of such provision to other persons and circumstances shall not be affected thereby.

**Effective Date of 1966 Amendment**

**Separability**

Section 11 of act May 13, 1954, provided: "If any provision of this Act [enacting this chapter and amending section 846 of Title 31, Money and Finance] or the application of such provision to any person or circumstances shall be held invalid, the remainder of the Act and the application of such provision to persons or circumstances other than those to which it is held invalid shall not be affected thereby."

**References to Saint Lawrence Seaway Development Corporation**

Pub. L. 116–260, div. AA, title V, §512(b), Dec. 27, 2020, 134 Stat. 2756, provided that: "Any reference to the Saint Lawrence Seaway Development Corporation in any law, regulation, document, record, Executive order, or other paper of the United States shall be deemed to be a reference to the Great Lakes St. Lawrence Seaway Development Corporation."

**Administrator to Report Directly to Secretary of Transportation**

Pub. L. 89–670, §8(b)(2), which provided that the Administrator of the St. Lawrence Seaway Development Corporation report directly to the Secretary notwithstanding any other provision of the Department of Transportation Act (Pub. L. 89–670), was repealed by Pub. L. 97–449, §7(b), Jan. 12, 1983, 96 Stat. 2444, except for rights and duties that matured, penalties that were applied, and proceedings that were begun before Jan. 12, 1983.

**Executive Documents**

**Executive Order No. 10534**

§ 982. Management of Corporation; appointment of Administrator; terms; vacancy; Advisory Board; establishment; membership; meetings; duties; compensation and expenses

(a) The management of the corporation shall be vested in an Administrator who shall be appointed by the President. Any Administrator appointed to fill a vacancy in that position prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term.

(b) There is established the Advisory Board of the Great Lakes St. Lawrence Seaway Development Corporation which shall be composed of five members appointed by the President, by and with the advice and consent of the Senate, not more than three of whom shall belong to the same political party. The Advisory Board shall meet at the call of the Administrator, who shall require it to meet not less often than once each ninety days; shall review the general policies of the Corporation, including its policies in connection with design and construction of facilities and the establishment of rules of measure-

ment for vessels and cargo and rates of charges or tolls; and shall advise the Administrator with respect thereto. Members of the Advisory Board shall receive for their services as members compensation of not to exceed $50 per diem when actually engaged in the performance of their duties, together with their necessary traveling expenses while going to and coming from meetings.

**Editorial Notes**

**Amendments**

2020—Subsec. (b). Pub. L. 116–260 substituted “Great Lakes St. Lawrence Seaway Development Corporation” for “Saint Lawrence Seaway Development Corporation”.

2012—Subsec. (a). Pub. L. 112–166 struck out “, by and with the advice and consent of the Senate, for a term of seven years” before period at end of first sentence.

1975—Subsec. (a). Pub. L. 93–615, §1(a), amended subsec. (a) generally, inserting provisions relating to a term of seven years and the length of the term of any Administrator appointed to fill a vacancy in the position of the Administrator prior to the expiration of the term for which his predecessor was appointed.

Subsecs. (b), (c). Pub. L. 93–615, §1(b), redesignated subsec. (c) as (b). Former subsec. (b), relating to the appointment and duties of a Deputy Administrator, was repealed.

Statutory Notes and Related Subsidiaries

**Effective Date of 2012 Amendment**

Amendment by Pub. L. 112–166 effective 60 days after Aug. 10, 2012, and applicable to appointments made on and after that effective date, including any nomination pending in the Senate on that date, see section 6(a) of Pub. L. 112–166, set out as a note under section 113 of Title 6, Domestic Security.

**Effective Date of 1975 Amendment**

Pub. L. 93–615, §2, Jan. 2, 1975, 88 Stat. 1977, provided that: “The amendments made to section 2 of the Act of May 13, 1954, by the first section of this Act [amending this section] shall (1) take effect upon the first appointment of an Administrator of the Saint Lawrence Seaway Development Corporation which is made after the date of enactment of this Act (Jan. 2, 1975), and (2) be applicable to such first appointment and to each subsequent appointment to such position.”

**Termination of Advisory Boards**

Advisory boards in existence on Jan. 5, 1973, to terminate not later than the expiration of the 2-year period following Jan. 5, 1973, unless, in the case of a board established by the President or an officer of the Federal Government, such board is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a board established by the Congress, its duration is otherwise provided by law. See sections 3(c) and 14 of Pub. L. 92–163, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 983. Functions of Corporation

(a) Construction of deep-water navigation works in Great Lakes St. Lawrence River; conditions precedent

The Corporation is authorized and directed to construct, in United States territory, deep-
water navigation works substantially in accordance with the “Controlled single stage project, 238-242” (with a controlling depth of twenty-seven feet in channels and canals and locks at least eight hundred feet long, eighty feet wide, and thirty feet over the sills), designated as “works solely for navigation” in the joint report dated January 3, 1941, of the Canadian Temporary Great Lakes-Saint Lawrence Basin Committee and the United States Saint Lawrence Advisory Committee, in the International Rapids section of the Saint Lawrence River together with necessary dredging in the Thousand Islands section; and to operate and maintain such works in coordination with the Saint Lawrence Seaway Authority of Canada, created by chapter 24 of the acts of the fifth session of the Twenty-first Parliament of Canada 15–16, George VI (assented to December 21, 1951); Provided, That the Corporation shall not proceed with the aforesaid construction unless and until—

(1) the Saint Lawrence Seaway Authority of Canada, provides assurances satisfactory to the Corporation that it will complete the Canadian portions of the navigation works authorized by section 10, chapter 24 of the acts of the fifth session of the Twenty-first Parliament of Canada 15–16, George VI, 1951, as nearly as possible concurrently with the completion of the works authorized by this section;

(2) the Corporation has received assurances satisfactory to it that the State of New York, or an entity duly designated by it, or other licensee of the Federal Energy Regulatory Commission, in conjunction with an appropriate agency in Canada, as nearly as possible concurrently with the navigation works herein authorized, will construct and complete the dams and power works approved by the International Joint Commission in its order of October 29, 1952 (docket 68) or any amendment or modification thereof.

(b) Coordination of activities regarding power projects

The Corporation shall make necessary arrangements to assure the coordination of its activities with those of the Saint Lawrence Seaway Authority of Canada and the entity designated by the State of New York, or other licensee of the Federal Energy Regulatory Commission, authorized to construct and operate the dams and power works authorized by the International Joint Commission in its order of October 29, 1952 (docket 68) or any amendment or modification thereof. (May 13, 1954, ch. 201, § 3, 68 Stat. 93; Pub. L. 95–91, title IV, § 402(a)(1)(A), Aug. 4, 1977, 91 Stat. 583.)

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

§ 984. General powers of Corporation

(a) For the purpose of carrying out its functions under this chapter the Corporation—

(1) shall have succession in its corporate name;

(2) may adopt and use a corporate seal, which shall be judicially noticed;

(3) may sue and be sued in its corporate name;

(4) may adopt, amend, and repeal bylaws, rules, and regulations governing the manner in which its business may be conducted and the powers vested in it may be exercised;

(5) may make and carry out such contracts or agreements as are necessary or advisable in the conduct of its business;

(6) shall be held to be an inhabitant and resident of the northern judicial district of New York within the meaning of the laws of the United States relating to venue of civil suits;

(7) may appoint and fix the compensation, in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of title 5, of such officers, attorneys, and employees as may be necessary for the conduct of its business, define their authority and duties, and delegate to them such of the powers vested in the Corporation as the Administrator may determine;

(8) may acquire, by purchase, lease, condemnation, or donation such real and personal property and any interest therein, and may sell, lease, or otherwise dispose of such real and personal property, as the Administrator deems necessary for the conduct of its business;

(9) shall determine the character of and the necessity for its obligations and expenditures, and the manner in which they shall be incurred, allowed and paid, subject to provisions of law specifically applicable to Government corporations;

(10) may retain toll revenues for purposes of eventual reinvestment in the Seaway,1

(11) may provide services and facilities necessary in the maintenance and operation of the seaway, including but not limited to providing, at reasonable prices, services to vessels using the seaway and to visitors to the seaway, but not to include overnight housing accommodations for visitors; (12) may participate with the Saint Lawrence Seaway Authority of Canada, or its designee, in the ownership and operation of a toll bridge company; Provided, That the United States’ portion of the revenue from the tolls charged to the users of any toll bridge operated under this section shall be applied solely to the cost of the bridge and approaches, including maintenance and operation, amortization of principal and interest, as established by the Secretary of the Treasury; and

(13)2 shall be credited with amounts received from any of the activities authorized by clauses (10) and (11)3 of this subsection.

(13)2 shall accept such amounts as may be transferred to the Corporation under section

1 So in original. The period probably should be a semicolon.
2 So in original. There are two pars. designated (13).
3 Clauses (10), (11), and (12) redesignated (11), (12), and (13) by Pub. L. 97–369.
9505(c)(1) of title 26, except that such amounts shall be available only for the purpose of operating and maintaining those works which the Corporation is obligated to operate and maintain under subsection (a) of section 983 of this title.

(b) Amounts credited under subsection (a)(12) are available to pay any obligation or expense of the Corporation under this chapter, except as specifically provided in subsection (a)(11).

Editorial Notes

Codification

In subsec. (a)(7), “chapter 51 and subchapter III of chapter 53 of title 5” substituted for “the Classification Schedule established by Classification Act of 1949” on authority of Pub. L. 89–554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

Amendments

1982—Subsec. (a)(10) to (13). Pub. L. 97–369 added par. (10) and redesignated former pars. (10) to (12) as (11) to (13), respectively.

1972—Subsec. (a)(7). Pub. L. 92–310 struck out provisions which empowered the Corporation to require bonds from such officers, attorneys, and employees as the Administrator might designate.

1957—Subsecs. (a)(10) to (12), (b). Pub. L. 85–108 added pars. (10) to (12) and subsec. (b).

Statutory Notes and Related Subsidiaries

Effective Date of 1986 Amendment

Section, act Aug. 26, 1954, ch. 935, ch. VIII, § 801, 68 Stat. 818, authorized Administrator to place not more than four positions in grades 16, 17, or 18 of General Schedule established by Classification Act of 1949.

§ 985. Bonds; issuance; maturity; redemption; interest; purchase of obligations by Secretary of the Treasury

(a) To finance its activities, the Corporation may issue revenue bonds payable from corporate revenue to the Secretary of the Treasury. The total face value of all bonds so issued shall not be greater than $140,000,000. Not more than fifty per centum of the bonds may be issued during any one year. Such obligations shall have maturities agreed upon by the Corporation and the Secretary of the Treasury, not in excess of fifty years. Such obligations may be redeemable at the option of the Corporation before maturity in such manner as may be stipulated in such obligations, but the obligations thus redeemed shall not be refinanced by the Corporation. The Secretary of the Treasury is authorized and directed to purchase any obligations of the Corporation to be issued hereunder and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which securities may be issued under chapter 31 of title 31 are extended to include any purchases of the Corporation’s obligations hereunder.

(b) Effective as of October 21, 1970, the obligations of the Corporation incurred under subsection (a) of this section shall bear no interest, and the obligation of the Corporation to pay the unpaid interest which has accrued on such obligations is terminated.

Editorial Notes

Codification

Amendments

1979—Subsec. (a). Pub. L. 91–469, § 43(a)(1), designated existing provisions as subsec. (a) and struck out fourth, fifth, and eighth sentences which provided for deferral, with approval of Secretary of the Treasury, of interest payments on bonds but required interest payments so deferred to bear interest after June 30, 1960; prohibited charging of deferred interest against debt limitation of $140,000,000; and prescribed for each obligation a rate of interest determined by the Secretary, taking into consideration the current average rate on current marketable obligations of the United States of comparable maturities as of the last day of the month preceding the issuance of the obligation of the Corporation.

1957—Pub. L. 85–108 increased Corporation’s borrowing authority from $105,000,000 to $140,000,000; omitted first year bond issue limitation, and raised limits of bond issues for any year from 40 to 50 per centum of total borrowing power; and authorized deferment of interest payments on borrowings, excluding such deferred interest charges from the debt limitation of $140,000,000.

§ 985a. Cancellation of bonds issued under section 985

Notwithstanding any other provision of law, any bond issued under section 985 of this title, is hereby canceled together with the obligation to pay such bond.

Editorial Notes

Codification

Section was enacted as part of the Department of Transportation and Related Agencies Appropriations Act, 1983, and not as part of act May 13, 1954, ch. 201, 68 Stat. 963, which comprises this chapter.

§986. Payments to States and local governments in lieu of taxes; tax exemption of Corporation

The Corporation is authorized to make payments to State and local governments in lieu of property taxes upon property which was subject to State and local taxation before acquisition by the Corporation. Such payments may be in the amounts, at the times, and upon the terms the Corporation deems appropriate, but the Corporation shall be guided by the policy of making payments not in excess of the taxes which would have been payable for such property in the condition in which it was acquired, except in cases where special burdens are placed upon the State or local government by the activities of the Corporation or its agents. The Corporation, its property, franchises, and income are expressly exempted from taxation in any manner or form by any State, county, municipality, or any subdivision thereof, but such exemption shall not extend to contractors for the Corporation.

(May 13, 1954, ch. 201, §7, 68 Stat. 95.)

§987. Services and facilities of other agencies

(a) Utilization of personnel, services, facilities, and information

The Corporation may, with the consent of the agency concerned, accept and utilize, on a reimbursable basis, the officers, employees, services, facilities, and information of any agency of the Federal Government, except that any such agency having custody of any data relating to any of the matters within the jurisdiction of the Corporation shall, upon request of the Administrator, make such data available to the Corporation without reimbursement.

(b) Contributions to retirement and disability, and employees' compensation, funds; payment of costs

The Corporation shall contribute to the civil-service retirement and disability fund, on the basis of annual billings as determined by the Director of the Office of Personnel Management, for the Government's share of the cost of the civil-service retirement system applicable to the Corporation's employees and their beneficiaries. The Corporation shall also contribute to the employee's compensation fund, on the basis of annual billings as determined by the Secretary of Labor, for the benefit payments made from such fund on account of the Corporation's employees. The annual billings shall also include a statement of the fair portion of the cost of the administration of the respective funds, which shall be paid by the Corporation into the Treasury as miscellaneous receipts.

Executive Documents

TRANSFER OF FUNCTIONS

“Director of the Office of Personnel Management” substituted for “Civil Service Commission” and “Commission” in subsec. (b) pursuant to Reorg. Plan No. 2 of 1978, §102, 43 F.R. 36037, 92 Stat. 3783, set out under section 1101 of Title 5, Government Organization and Em-

ployees, which transferred all functions vested by statute in United States Civil Service Commission to Director of Office of Personnel Management (except as otherwise specified), effective Jan. 1, 1979, as provided by section 1–102 of Ex. Ord. No. 12107, Dec. 28, 1978, 44 F.R. 1055, set out under section 1101 of Title 5.

§988. Rates of charges or tolls

(a) Negotiation with Canadian authorities; revenue sharing formula; consideration of American financing costs, including interest and debt principal; rules of measurement; hearings and rehearings; approval by President; court review

The Corporation is further authorized and directed to negotiate with the Saint Lawrence Seaway Authority of Canada, or such other agency as may be designated by the Government of Canada, an agreement as to the rules for the measurement of vessels and cargoes and the rates of charges or tolls to be levied for the use of the Saint Lawrence Seaway, and for an equitable division of the revenues of the seaway between the Corporation and the Saint Lawrence Seaway Authority of Canada. Any formula for a division of revenues which takes into consideration annual debt charges shall include the total cost, including both interest and debt principal, incurred by the United States in financing activities authorized by this chapter, whether or not reimbursable by the Corporation. Such rules for the measurement of vessels and cargoes and rates of charges or tolls shall, to the extent practicable, be established or changed only after giving due notice and holding a public hearing.

In the event that such negotiations shall not result in agreement, the Corporation is authorized and directed to establish unilaterally such rules of measurement and rates of charges or tolls for the use of the works under its administration: Provided, however, That the Corporation shall give three months' notice, by publication in the Federal Register, of any proposals to establish or change unilaterally the basic rules of measurement and of any proposals to establish or change unilaterally the rates of charges or tolls, during which period a public hearing shall be conducted. Any such establishment or changes in basic rules of measurement or rates of charges or tolls shall be subject to and shall take effect thirty days following the date of approval thereof by the President, and shall be final and conclusive, subject to review as hereinafter provided. Any person aggrieved by an order of the Corporation establishing or changing such rules or rates may, within such thirty-day period, apply to the Corporation for a rehearing of the matter upon the basis of which the order was entered. The Corporation shall have power to grant or deny the application for rehearing and upon such rehearing or without further hearing to abrogate or modify its order. The action of the Corporation in denying an application for rehearing or in abrogating or modifying its order shall be final and conclusive thirty days after its approval by the President unless within such thirty-day period a petition for review is filed by a person aggrieved by such action in the United States Court of Appeals for the circuit in which the works to which the order applies are located or in the United States.
Court of Appeals for the District of Columbia. The court in which such petition is filed shall have the same jurisdiction and powers as in the case of petitions to review orders of the Federal Energy Regulatory Commission filed under section 825j of title 16. The judgment of the court shall be final subject to review by the Supreme Court upon certiorari or certification as provided in sections 1254(1) and 1254(2) of title 28. The filing of an application for rehearing shall not, unless specifically ordered by the Corporation, operate as a stay of the Corporation’s order. The filing of a petition for review shall not, unless specifically ordered by the court, operate as a stay of the Corporation’s order.

(b) Principles governing establishment of rates

In the course of its negotiations, or in the establishment, unilaterally, of the rates of charges or tolls as provided in subsection (a), the Corporation shall be guided by the following principles:

1. That the rates shall be fair and equitable and shall give due consideration to encouragement of increased utilization of the navigation facilities, and to the special character of bulk agricultural, mineral, and other raw materials.

2. That rates shall vary according to the character of cargo with the view that each classification of cargo shall so far as practicable derive relative benefits from the use of these facilities.

3. That the rates on vessels in ballast without passengers or cargo may be less than the rates for vessels with passengers or cargo.

4. That the rates prescribed shall be calculated to cover, as nearly as practicable, all costs of operating and maintaining the works under the administration of the Corporation, including depreciation and payments in lieu of taxes.

Editorial Notes

AMENDMENTS

1982—Subsec. (b)(5). Pub. L. 97–369 struck out par. (5) which directed that the rates provide for revenues sufficient to amortize the principal of the debts and obligations of the Corporation over a period of not to exceed 50 years.

1970—Subsec. (a). Pub. L. 91–469, §43(b)(1), inserted requirement that any formula for a division of revenues which takes into consideration annual debt charges shall include the total cost, including both interest and debt principal, incurred by the United States in financing activities authorized by this chapter, whether or not reimbursable by the Corporation.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100–352 effective ninety days after June 27, 1988, except that such amendment not to apply to cases pending in Supreme Court on such effective date or affect right to review or manner of reviewing judgment or decree of court which was entered before such effective date, see section 7 of Pub. L. 100–352, set out as a note under section 1254 of Title 28, Judicial and Judicial Procedure.

TRANSFER OF FUNCTIONS

GREAT LAKES AND SAINT LAWRENCE SEAWAY

Pub. L. 101–101, title I, Sept. 29, 1989, 103 Stat. 642, provided: “That within available funds, the Secretary of the Army, acting through the Chief of Engineers, is directed to initiate and complete a reconnaissance study for the Saint Lawrence Seaway and Great Lakes Financing Navigational Improvements Study, as authorized in section 47(d) of Public Law 100–676 [set out below], in accordance with the cost sharing provisions of Public Law 99–662 [Nov. 17, 1986, 100 Stat. 4082].”

Pub. L. 100–676, §47(d), Nov. 17, 1988, 102 Stat. 4042, provided that:

“(1) STUDY OF FINANCING NAVIGATION IMPROVEMENTS.—The Secretary, in cooperation with other Federal agencies and private persons, is authorized and directed to contract with an independent party to conduct a study of cost recovery options and alternative methods of financing navigational improvements on the Great Lakes connecting channels and Saint Lawrence Seaway, including modernization of the Eisenhower and Snell Locks of the Saint Lawrence Seaway.

“(2) REPORT.—Not later than 18 months after the date of the enactment of this Act [Nov. 17, 1988], the Secretary shall transmit to Congress a report on the results of the study carried out under this subsection together with recommendations.

“(3) COST SHARING.—The non-Federal share of the cost of the study under this subsection shall be 50 percent; except that not more than 1/2 of such non-Federal share may be made by the provision of services, materials, supplies, or other in-kind services necessary to carry out the study.”

REPORT ON REDUCTION OR ELIMINATION OF TOLLS ON GREAT LAKES AND SAINT LAWRENCE SEAWAY

Pub. L. 99–662, title XIV, §406, Nov. 17, 1986, 100 Stat. 4272, provided that: “Not later than 2 years after the date of enactment of this Act [Nov. 17, 1986], the Secretary of State, in consultation with the Secretary of Transportation, shall initiate discussions with the Government of Canada with the objective of reducing or eliminating all tolls on the international Great Lakes and the Saint Lawrence Seaway, and the Secretary of Transportation shall report to the Congress on the progress of such discussions and on the economic effects upon waterborne commerce in the United States of any proposed reduction or elimination in tolls.”

§988a. Waiver of collection of charges or tolls

(a) Notwithstanding section 988 of this title or any other provision of law, the Corporation shall not collect any charge or toll established pursuant to section 988 of this title with respect to a commercial vessel (as defined in section 4622(a)(4) of title 26).

(b) The Corporation will maintain a record of the annual amount of each charge or toll that would have been collected with respect to each such commercial vessel if it were not for paragraph (a) of this section.

§ 989

SECTION 989—Special reports

(b) The Corporation, after July 17, 1957, shall submit special reports to the Congress whenever there is proposed a new feature, design, or phase of the seaway project, not heretofore included in estimates, or whenever there is proposed a new feature, design, or phase which read as follows: "The Corporation shall submit to the Secretary of the Treasury in such form and at such times as the Secretary of the Treasury shall prescribe—

"(A) the identity of any person who pays a charge or toll to the Corporation pursuant to section 988 of this title with respect to a commercial vessel (as defined in section 4462(a)(4) of title 26),

"(B) the amount of the toll or charge paid by such person with respect to such vessel.

"(2) Within 30 days of the receipt of a certification described in paragraph (1), the Secretary of the Treasury shall rebate, out of the Harbor Maintenance Trust Fund, the person described in paragraph (1) the amount of the charge or toll paid pursuant to section 988 of this title."

Statutory Notes and Related Subsidiaries

Effective Date

Section effective April 1, 1987, see section 805(b) of Pub. L. 99–662, set out as an Effective Date of 1986 Amendment note under section 984 of this title.

§ 989. Special reports

(b) The Corporation, after July 17, 1957, shall submit special reports to the Secretary of the Treasury, in such form and at such times as the Secretary of the Treasury shall prescribe—

"(A) the identity of any person who pays a charge or toll to the Corporation pursuant to section 988 of this title with respect to a commercial vessel (as defined in section 4462(a)(4) of title 26),

"(B) the amount of the toll or charge paid by such person with respect to such vessel.

"(2) Within 30 days of the receipt of a certification described in paragraph (1), the Secretary of the Treasury shall rebate, out of the Harbor Maintenance Trust Fund, to the person described in paragraph (1) the amount of the charge or toll paid pursuant to section 988 of this title."

Editorial Notes

Amendments

1994—Pub. L. 103–331 substituted "Waiver of collection for "Rebate of" in section catchline and amended text generally. Prior to amendment, text read as follows:

"(a) The Corporation shall transfer to the Harbor Maintenance Trust Fund, at such times and under such terms and conditions as the Secretary of the Treasury may prescribe, all revenues derived from the collection of charges or tolls established under section 988 of this title.

"(b)(1) The Corporation shall certify to the Secretary of the Treasury, in such form and at such times as the Secretary of the Treasury shall prescribe—

"(A) the identity of any person who pays a charge or toll to the Corporation pursuant to section 988 of this title with respect to a commercial vessel (as defined in section 4462(a)(4) of title 26),

"(B) the amount of the toll or charge paid by such person with respect to such vessel.

"(2) Within 30 days of the receipt of a certification described in paragraph (1), the Secretary of the Treasury shall rebate, out of the Harbor Maintenance Trust Fund, to the person described in paragraph (1) the amount of the charge or toll paid pursuant to section 988 of this title."

§ 989. Special reports

(b) The Corporation, after July 17, 1957, shall submit special reports to the Congress whenever there is proposed a new feature, design, or phase of the seaway project, not heretofore included in estimates, or whenever there is proposed an abandonment of any feature, design, or phase, heretofore included in estimates, involving an estimated value exceeding one million dollars, and such special reports shall include justification for the modifications.

L. 93–119, §2(3), Oct. 4, 1973, 87 Stat. 425, excepted from the prohibition of section 1002 of this title discharges relating to securing safety of ship, prevention of damage to ship or cargo, saving life, and resulting from a damaged ship or unavoidable leakage.

Section 1005, Pub. L. 87–167, §7, as added Pub. L. 93–119, §2(6), Oct. 4, 1973, 87 Stat. 425, provided construction standards for United States tankers, the subsections relating to following subject matter: subsec. (a) tank arrangement and tank size limitation pursuant to provisions of annex C to convention and building contracts placed on or after effective date; subsec. (b) building contracts placed or keel laid before effective date; subsec. (c) domestic tankers without certificate of compliance or exemption prohibited from engaging in domestic or foreign trade; subsec. (d) foreign tankers with foreign registry but without certificate of compliance or exemption prohibited from engaging in domestic or foreign trade; subsec. (e) foreign tankers with foreign registry and denial of access.

(b) civil penalties for willful or negligent and other violations and separate violations; subsec. (c) liability of vessel and venue; and subsec. (d) administrative proceedings, assessment of civil penalties, remission, mitigation, or compromise of any penalty, notice and hearing, judicial proceedings, civil actions by Attorney General for collection of penalties, and trial de novo.

Section 1008. Pub. L. 87–167, § 10, formerly § 9, Aug. 30, 1961, 75 Stat. 404; Pub. L. 89–551, § 1(6), Sept. 1, 1966, 80 Stat. 374; renumbered and amended Pub. L. 93–119, § 2(9), Oct. 4, 1973, 87 Stat. 427, provided for oil record books, the subsections relating to following subject matter: subsec. (a) printing and regulations of the Secretary; subsec. (b) supplying the books without charge and their inspection and surrender; subsec. (c) operations requiring recordation; subsec. (d) entries and signatures; and subsec. (e) rules and regulations.

Statutory Notes and Related Subsidiaries

**Effective Date of Repeal**

Repeal effective Oct. 2, 1983, see section 14(a) of Pub. L. 96–478, set out as an Effective Date note under section 1901 of this title.

**Short Title**

**Savings Provision**

Pub. L. 96–478, § 12(a), Oct. 21, 1980, 94 Stat. 2303, provided in part that any criminal or civil penalty proceeding under this chapter for a violation occurring prior to Oct. 2, 1983, may be initiated or continued to conclusion as though this chapter had not been repealed.

Any rights or liabilities existing on Oct. 2, 1983, not to be affected and any regulations or procedures promulgated or effected pursuant to this chapter to remain in effect until modified or superseded, see section 14(c) of Pub. L. 96–478, set out as a note under section 1901 of this title.

**Separability**

Section 1016, Pub. L. 93–119, § 3, Oct. 4, 1973, 87 Stat. 428, provided effective date of 1973 amendments to this chapter by Pub. L. 89–551, the subsections covering the following subject matter: subsec. (a) general effective date; subsec. (b) savings provision; and subsec. (c) effective date of section 1004(d) and (e) of this title.

Statutory Notes and Related Subsidiaries

**Effective Date of Repeal**

Repeal effective Oct. 2, 1983, see section 14(a) of Pub. L. 96–478, set out as an Effective Date note under section 1901 of this title.

**Chapter 21—International Regulations for Preventing Collisions at Sea**

**Editorial Notes**

**Prior Provisions**

For prior provisions, see note set out under section 1602 of this title.

Section 1051, Pub. L. 88–131, § 1, Sept. 24, 1963, 77 Stat. 194, authorized the President to proclaim the International Regulations for Preventing Collisions at Sea. See section 1602 of this title.

Section 1063, Pub. L. 88–131, § 4, Sept. 24, 1963, 77 Stat. 197, set the requirements for towing or pushing other vessels or seaplanes.

avoiding collisions at sea.

Section 1087, Pub. L. 88–131, § 4, Sept. 24, 1963, 77 Stat. 199, related to substitute lights for power-driven vessels towing or pushing other vessels, vessels under oars or sails, vessels being towed or pushed ahead, and rowing boats.

Statutory Notes and Related Subsidiaries

Effective Date of Repeal

Repeal effective July 15, 1977, see section 10 of Pub. L. 95–75, set out as a note under section 1601 of this title.

(a) It is hereby declared to be the policy of the United States to develop, encourage, and maintain a coordinated, comprehensive, and long-range national program in marine science for the benefit of mankind to assist in protection of
health and property, enhancement of commerce, transportation, and national security, rehabilitation of our commercial fisheries, and increased utilization of these and other resources.

(b) The marine science activities of the United States should be conducted so as to contribute to the following objectives:

1. The accelerated development of the resources of the marine environment.
2. The expansion of human knowledge of the marine environment.
3. The encouragement of private investment enterprise in exploration, technological development, marine commerce, and economic utilization of the resources of the marine environment.
4. The preservation of the role of the United States as a leader in marine science and resource development.
5. The advancement of education and training in marine science.
6. The development and improvement of the capabilities, performance, usage, and efficiency of vehicles, equipment, and instruments for use in exploration, research, survey, the recovery of resources, and the transmission of energy in the marine environment.
7. The effective utilization of the scientific and engineering resources of the Nation, with close cooperation among all interested agencies, public and private, in order to avoid unnecessary duplication of effort, facilities, and equipment, or waste.
8. The cooperation by the United States with other nations and groups of nations and international organizations in marine science activities when such cooperation is in the national interest.

§ 1102. Omitted

§ 1103. Executive responsibilities; utilization of staff, interagency, and non-Government advisory arrangements; consultation with agencies; solicitation of views of non-Federal agencies

(a) In conformity with the provisions of section 1101 of this title, it shall be the duty of the President with the advice and assistance of the Council to—

1. survey all significant marine science activities, including the policies, plans, programs, and accomplishments of all departments and agencies of the United States engaged in such activities;
2. develop a comprehensive program of marine science activities, including, but not limited to, exploration, description and prediction of the marine environment, exploitation and conservation of the resources of the marine environment, marine engineering, studies of air-sea interaction, transmission of energy, and communications, to be conducted by departments and agencies of the United States, independently or in cooperation with such non-Federal organizations as States, institutions and industry;
3. designate and fix responsibility for the conduct of the foregoing marine science activities by departments and agencies of the United States;
4. insure cooperation and resolve differences arising among departments and agencies of the United States with respect to marine science activities under this subchapter, including differences as to whether a particular project is a marine science activity;
5. undertake a comprehensive study, by contract or otherwise, of the legal problems arising out of the management, use, development, recovery, and control of the resources of the marine environment;
6. establish long-range studies of the potential benefits to the United States economy, security, health, and welfare to be gained from marine resources, engineering, and science, and the costs involved in obtaining such benefits; and
7. review annually all marine science activities conducted by departments and agencies of the United States in light of the policies, plans, programs, and priorities developed pursuant to this Act.

(b) In the planning and conduct of a coordinated Federal program the President and the Council shall utilize such staff, interagency, and non-Government advisory arrangements as they may find necessary and appropriate and shall consult with departments and agencies concerned with marine science activities and solicit the views of non-Federal organizations and individuals with capabilities in marine sciences.

CODIFICATION

Section 1105, Pub. L. 89–454, title I, §6, June 17, 1966, 80 Stat. 207, provided for the National Council on Marine Resources and Engineering Development to coordinate a program of international cooperation with respect to work done pursuant to this chapter. For expiration of the Council, see Codification note set out under section 1102 of this title.

§ 1106. Reports to Congress

(a) The President shall transmit to the Congress biennially in January a report, which shall include (1) a comprehensive description of the activities and the accomplishments of all agencies and departments of the United States in the field of marine science during the preceding fiscal year, and (2) an evaluation of such activities and accomplishments in terms of the objectives set forth pursuant to this Act:

(b) Reports made under this section shall contain such recommendations for legislation as the President may consider necessary or desirable for the attainment of the objectives of this Act, and shall contain an estimate of funding requirements of each agency and department of the United States for marine science activities during the succeeding fiscal year.

AMENDMENTS

§ 1107. Definitions

For the purposes of this subchapter, the term “marine science” shall be deemed to include oceanographic and scientific endeavors and disciplines, and engineering and technology in and with relation to the marine environment; and the term “marine environment” shall be deemed to include (a) the oceans, (b) the Continental Shelf of the United States, (c) the Great Lakes, (d) seabed and subsoil of the submarine areas adjacent to the coasts of the United States to the depth of two hundred meters, or beyond that limit, to where the depths of the superjacent waters admit of the exploitation of the natural resources of such areas, (e) the seabed and subsoil of similar submarine areas adjacent to the coasts of islands which comprise United States territory, and (f) the resources thereof.

Editorial Notes
AMENDMENTS
1966—Pub. L. 89–688 substituted “this title” for “this Act”, which, for purposes of codification, has been changed to “this subchapter”.

§ 1108. Authorization of appropriations

There are hereby authorized to be appropriated such sums as may be necessary to carry out this subchapter, but sums appropriated for any one fiscal year shall not exceed $1,200,000.

Editorial Notes

SUBCHAPTER II—NATIONAL SEA GRANT COLLEGE PROGRAM

§ 1121. Congressional declaration of policy

(a) Findings

The Congress finds and declares the following: (1) The national interest requires a strategy to—
(A) provide for the understanding and wise use of ocean, coastal, and Great Lakes resources and the environment;
(B) foster economic competitiveness;
(C) promote public stewardship and wise economic development of the coastal ocean and its margins, the Great Lakes, and the exclusive economic zone;
(D) encourage the development of preparation, forecast, analysis, mitigation, response, and recovery systems for coastal hazards;
(E) understand global environmental processes and their impacts on ocean, coastal, and Great Lakes resources; and
(F) promote domestic and international cooperative solutions to ocean, coastal, and Great Lakes issues.

(2) Investment in a strong program of integrated research, education, extension, training, technology transfer, and public service is essential for this strategy.

(3) The expanding use and development of ocean, coastal, and Great Lakes resources resulting from growing coastal area populations and the increasing pressures on the coastal and Great Lakes environment challenge the ability of the United States to manage such resources wisely.

(4) The vitality of the Nation and the quality of life of its citizens depend increasingly on the understanding, assessment, development, management, utilization, and conservation of ocean, coastal, and Great Lakes resources. These resources supply food, energy, and minerals and contribute to human health, the quality of the environment, national security, and the enhancement of commerce.

(5) The understanding, assessment, development, management, utilization, and conservation of such resources require a broad commitment and an intense involvement on the part of the Federal Government in continuing partnership with State and local governments, private industry, universities, organizations, and individuals concerned with or affected by ocean, coastal, and Great Lakes resources.

(6) The National Oceanic and Atmospheric Administration, through the national sea grant college program, offers the most suitable locus and means for such commitment and involvement through the promotion of activities that will result in greater such understanding, assessment, development, management, and utilization, and conservation of ocean, coastal, and Great Lakes resources.

The most cost-effective way to promote such activities is through continued and increased Federal support of the establishment, development, and operation of programs and projects by sea grant colleges, sea grant institutes, and other institutions, including strong collaborations between Administration scientists and research and outreach personnel at academic institutions.

(b) Objective

The objective of this subchapter is to increase the understanding, assessment, development, management, utilization, and conservation of the Nation's ocean, coastal, and Great Lakes resources by providing assistance to promote a strong educational base, responsive research and training activities, broad and prompt dissemination of knowledge and techniques, and multidisciplinary approaches to environmental problems.

(c) Purpose

It is the purpose of the Congress to achieve the objective of this subchapter by extending and strengthening the national sea grant program, initially established in 1966, to promote integrated research, education, training, and extension services and activities in fields related to ocean, coastal, and Great Lakes resources.

Editorial Notes

AMENDMENTS

Subsec. (a)(1)(D), (E). Pub. L. 110–394, § 3(a), added subpars. (D) and (E) and struck out former subpars. (D) and (E) which read as follows:

"(D) encourage the development of forecast and analysis systems for coastal hazards;

"(E) understand global environmental processes; and"

Subsec. (a)(2). Pub. L. 110–394, § 3(a)(2), substituted "program of integrated research, education, extension," for "program of research, education, ".

Subsec. (a)(6). Pub. L. 110–394, § 3(a)(6), added par. (6) and struck out former par. (6) which read as follows:

"(The National Oceanic and Atmospheric Administration, through the national sea grant college program, offers the most suitable locus and means for such commitment and involvement through the promotion of activities that will result in greater such understanding, assessment, development, utilization, and conservation. The most cost-effective way to promote such activities is through continued and increased Federal support of the establishment, development, and operation of programs and projects by sea grant colleges, sea grant institutes, and other institutions, including strong collaborations between Administration scientists and scientists at academic institutions.)"

Subsec. (b). Pub. L. 110–394, § 3(c), inserted "management," after "development,".

Subsec. (c). Pub. L. 110–394, § 3(b), substituted "to promote integrated research, education, training, and extension services and activities" for "to promote research, education, training, and advisory service activities".

1998—Subsec. (a)(1)(D) to (F). Pub. L. 105–160, § 3(a), added subpar. (D) and redesignated former subpars. (D) and (E) as (E) and (F), respectively.

Subsec. (a)(6). Pub. L. 105–160, § 3(b), substituted "The most cost-effective way to promote such activities is through continued and increased Federal support of the establishment, development, and operation of programs

1 So in original.
and projects by sea grant colleges, sea grant institutes, and other institutions." for "Continued and increased Federal support of the establishment, development, and operation of programs and projects by sea grant colleges, sea grant regional consortia, institutions of higher education, institutes, laboratories, and other appropriate public and private entities is the most cost-effective way to promote such activities." 1987—Subsec. (a). Pub. L. 100–220, §§ 3103(1), 3104(b)(1)(A), added pars. (1) to (3), redesignated former pars. (1) to (3) as (4) to (6), respectively, and substituted "ocean, coastal, and Great Lakes resources" for "ocean and coastal resources" in pars. (4) and (5). Subsec. (b). Pub. L. 100–220, § 3103(2), substituted "ocean, coastal, and Great Lakes resources by providing assistance to promote a strong educational base, responsive research and training activities, broad and prompt dissemination of knowledge and techniques, and multidisciplinary approaches to environmental problems," for "ocean and coastal resources by providing assistance to promote a strong educational base, responsive research and training activities, and broad and prompt dissemination of knowledge and techniques." Subsec. (c). Pub. L. 100–220, § 3104(b)(1)(B), substituted "ocean, coastal, and Great Lakes resources" for "ocean and coastal resources" 1978—Subsec. (a)(3). Pub. L. 95–428 substituted "national sea grant college program" for "national sea grant program" 1976—Pub. L. 94–461 completely rewrote the Congressional statement of findings, objectives, and purposes of the National Sea Grant Program Act to reflect the extension and strengthening of the national sea grant program to promote research, education, training, and advisory service activities in fields related to ocean and coastal resources through federal support to sea grant colleges, sea grant regional consortia, and other institutions through the National Oceanic and Atmospheric Administration, and to make education, training, research, and advisory services responsive to state, local, regional, or national needs and problems. Statutory Notes and Related Subsidaries

Short Title of 2020 Amendment

Pub. L. 116–221, § 1, Dec. 18, 2020, 134 Stat. 1057, provided: "That this Act [amending sections 1123, 1126, 1127, 1128, and 1131 of this title, repealing section 897–20 of this title, and enacting provisions set out as notes under sections 1123 and 1127 of this title] may be cited as the ‘National Sea Grant College Program Amendment Act of 2020’." Short Title of 2008 Amendment

Pub. L. 110–394, § 1, Oct. 13, 2008, 122 Stat. 4205, provided: "That this Act [amending this section and sections 1122 to 1124, 1126, 1127, 1128, 1129, 1130, and 1131 of this title and enacting provisions set out as notes under sections 1122 to 1124 of this title] may be cited as the ‘National Sea Grant College Program Amendment Act of 2008’." Short Title of 2002 Amendment

Pub. L. 105–160, § 1, Mar. 8, 1998, 112 Stat. 21, provided: "That this Act [enacting section 1541 of Title 15, Commerce and Trade, amending this section and sections 1122, 1123, 1126 to 1128, and 1131 of this title, repealing section 897–20 of this title, and enacting provisions set out as notes under sections 1122 and 1131 of this title] may be cited as the ‘National Sea Grant College Program Reauthorization Act of 1998’." § 1122. Definitions

As used in this subchapter—

(1) The term "Administration" means the National Oceanic and Atmospheric Administration.

(2) The term "Director" means the Director of the national sea grant college program, appointed pursuant to section 1129(b)(1) of this title.

(3) The term "director of a sea grant college" means a person designated by his or her institution to direct a sea grant college or sea grant institute.

(4) The term "field related to ocean, coastal, and Great Lakes resources" means any discipline or field, including marine affairs, resource management, technology, education, or science, which is concerned with or likely to improve the understanding, assessment, development, management, utilization, or conservation of ocean, coastal, or Great Lakes resources.

(5) The term "institution" means any public or private institution of higher education, institute, laboratory, or State or local agency.

(6) The term "includes" and variants thereof should be read as if the phrase "but is not limited to" were also set forth.

1 See References in Text note below.
2 So in original. Probably should be capitalized.

Editorial Notes

References in Text

Section 1123 of this title, referred to in par. (2), was amended generally by Pub. L. 105–160, § 5, Mar. 6, 1998, 112 Stat. 22, and, as so amended, provisions relating to appointment of the Director of the National Sea Grant College Program, which formerly appeared in subsec. (b), are contained in subsec. (d).

Amendments

1998—Par. (3). Pub. L. 105–160, § 4(a)(1), substituted “his or her” for “their university or”, and “college or sea grant institute” for “college, programs, or regional consortium”.

Par. (4). Pub. L. 105–160, § 4(a)(2), added par. (4) and struck out former par. (4) which read as follows: “The term ‘field related to ocean, coastal, and Great Lakes resources’ means any discipline or field (including marine sciences, the physical, natural, and biological sciences and engineering, including therein), marine technology, education, marine affairs and resource management, economics, sociology, communications planning, law, international affairs, and public administration) which is concerned with or likely to improve the understanding, assessment, development, utilization, or conservation of ocean, coastal, and Great Lakes resources.”

Par. (5). Pub. L. 105–174, § 10003(1), redesignated par. (6) as (5) and struck out former par. (5) which read as follows: “The term ‘Great Lakes’ includes Lake Champlain.”

Par. (7). Pub. L. 105–174, § 10003, redesignated par. (8) as (7), added subpar. (C), and redesignated former subpars. (C) to (F) as (D) to (G), respectively. Former par. (7) redesignated (6).
§ 1123  TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Pars. (8) to (10). Pub. L. 105–160, § 10003(1), redesignated pars. (9) to (11) as (8) to (10), respectively. Former par. (8) redesignated (7).

Pub. L. 105–160, § 4(a)(3), redesignated pars. (6) to (8) as (6) to (10), respectively. Former pars. (9) and (10) redesignated (11) and (12), respectively.

Pub. L. 105–160, § 4(a)(3), redesignated par. (9) as (11) and substituted “institute or other institution” for “regional consortium, consortium of higher education, institute, or laboratory”. Former par. (11) redesignated (13).

Pub. L. 105–160, § 4(a)(3), added pars. (12) to (17) and struck out former pars. (12) to (17) which defined “sea grant college”, “sea grant program”, “sea grant regional consortium”, “Secretary”, “State”, and “Under Secretary”, respectively.

Pub. L. 105–160, § 4(a)(3), redesignated pars. (10) to (15) as (12) to (17), respectively.

Pub. L. 105–231, § 307(a), which directed addition of subpar. (F) and redesignation of former subpar. (F) as (G), was repealed by section 4(b) of Pub. L. 110–359. See Effective Date of 1992 Amendment note below.

1987—Pub. L. 100–220, § 3104(a)(1), (2), added par. (3), redesignated former par. (3) as (2), and struck out former par. (2) which read as follows: “The term ‘Administrator’ means the Administrator of the National Oceanic and Atmospheric Administration.”

Par. (4). Pub. L. 100–220, § 3104(b)(1)(C), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources” in two places.

Par. (5), added par. (6) and struck out former par. (6) which read as follows: “The term ‘marine environment’ means the coastal zone, as defined in section 1453(1) of title 16; the seabed, subsoil, and water areas of the Great Lakes and the territorial sea of the United States; the waters of any zone over which the United States asserts exclusive fishery management authority; the waters of the high seas; and the seabed and subsoil of and beyond the outer Continental Shelf.”

Par. (7), Pub. L. 100–220, § 3104(a)(3), added par. (7) and struck out former par. (7) which read as follows: “The term ‘ocean and coastal resource’ means any resource (whether living, nonliving, manmade, tangible, intangible, actual, or potential) which is located in, derived from, or traceable to, the marine environment. Such term includes the habitat of any such living resource, the coastal space, the ecosystems, the nutrient-rich areas, and the other components of the marine environment which contribute to or provide (or which are capable of contributing to or providing) recreational, scenic, esthetic, biological, habitual, commercial, economic, or conservation values. Living resources include natural and cultured plant life, fish, shellfish, marine mammals, and wildlife. Nonliving resources include energy sources, minerals, and chemical substances.”

Par. (11), Pub. L. 100–220, § 3104(b)(1)(C), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

1986—Pub. L. 94–461 substituted provisions defining terms used in this subchapter for provisions designating Secretary of Commerce as administering authority for national sea grant program and authorizing appropriations through fiscal year 1976.

1973—Subsec. (a). Pub. L. 93–73, § 1(5), substituted “Secretary of Commerce” and “Secretary” for “National Science Foundation” and “Foundation”, respectively.

Subsec. (b)(1). Pub. L. 93–73, § 1(1), (5), authorized appropriations of $30,000,000; $40,000,000; and $50,000,000 for fiscal years ending June 30, 1974, 1975, and 1976, and substituted “Secretary” for “Foundation”.

1970—Subsec. (b)(1). Pub. L. 91–449 authorized appropriations for fiscal year ending June 30, 1971, not to exceed the sum of $20,000,000, for fiscal year ending June 30, 1972, not to exceed the sum of $25,000,000, and for fiscal year ending June 30, 1973, not to exceed the sum of $30,000,000.

1968—Subsec. (b)(1). Pub. L. 90–477 authorized appropriations for fiscal year ending June 30, 1969, not to exceed the sum of $6,000,000, and for fiscal year ending June 30, 1970, not to exceed the sum of $15,000,000.

**Statutory Notes and Related Subsidiaries**

**Effective Date of 1992 Amendment**

Amendment by Pub. L. 102–251 effective on date on which Agreement between the United States and the Union of Soviet Socialist Republics on the Maritime Boundary, signed June 1, 1990, enters into force for United States, with authority to prescribe implementing regulations effective Mar. 9, 1992, but with no such regulation to be effective until date on which such agreement enters into force for United States, see section 308 of Pub. L. 102–251, set out as a note under section 773 of Title 16, Conservation.

**Territorial Sea of United States**

For extension of territorial sea of United States, see Proc. No. 5928, set out as a note under section 1331 of Title 48, Public Lands.

§ 1123. National sea grant college program

(a) Program maintenance

The Secretary shall maintain within the Administration a program to be known as the national sea grant college program. The national sea grant college program shall be administered by a national sea grant office within the Administration.

(b) Program elements

The national sea grant college program shall consist of the financial assistance for research, education, extension, training, technology transfer, and public service and other activities authorized in this subchapter, and shall provide support for the following elements—

1. sea grant programs that comprise a national sea grant college program network, including international projects conducted within such programs and regional and national projects conducted among such programs;

2. administration of the national sea grant college program and this subchapter by the national sea grant office and the Administration;

3. the fellowship program under section 1127 of this title; and

4. any regional or national strategic investments in fields relating to ocean, coastal, and Great Lakes resources developed in consultation with the Board and with the approval of the national sea grant colleges and the sea grant institutes.

(c) Responsibilities of Secretary

1. The Secretary, in consultation with the Board, sea grant colleges, and sea grant insti-
tutes, shall develop at least every 4 years a strategic plan that establishes priorities for the national sea grant college program, provides an appropriately balanced response to local, regional, and national needs, and is reflective of integration with the relevant portions of the strategic plans of the Department of Commerce and of the Administration.

(2) The Secretary, in consultation with the Board, sea grant colleges, and sea grant institutes, shall establish guidelines related to the activities and responsibilities of sea grant colleges and sea grant institutes. Such guidelines shall include requirements for the conduct of merit review by the sea grant colleges and sea grant institutes of proposals for grants and contracts to be awarded under section 1124 of this title, providing, at a minimum, for standardized documentation of such proposals and peer review of all research projects.

(3) The Secretary shall by regulation prescribe the qualifications required for designation of sea grant colleges and sea grant institutes under section 1126 of this title.

(4) To carry out the provisions of this subchapter, the Secretary may—

(A) appoint, assign the duties, transfer, and fix the compensation of such personnel as may be necessary, in accordance with civil service laws;

(B) make appointments with respect to temporary and intermittent services to the extent authorized by section 3109 of title 5;

(C) publish or arrange for the publication of, and otherwise disseminate, in cooperation with other offices and programs in the Administration and without regard to section 501 of title 44, any information of research, educational, training or other value in fields related to ocean, coastal, or Great Lakes resources;

(D) enter into contracts, cooperative agreements, and other transactions without regard to section 6101 of title 41:

(E) accept donations of money and, notwithstanding section 1342 of title 31, of voluntary and uncompensated services;

(F) accept funds from other Federal departments and agencies, including agencies within the Administration, to pay for and add to grants made and contracts entered into by the Secretary; and

(G) promulgate such rules and regulations as may be necessary and appropriate.

(d) Director of National Sea Grant College Program

(1) The Secretary shall appoint, as the Director of the National Sea Grant College Program, a qualified individual who has appropriate administrative experience and knowledge or expertise in fields related to ocean, coastal, and Great Lakes resources. The Director shall be appointed and compensated, without regard to the provisions of title 5 governing appointments in the competitive service, at a rate payable under section 5370 of title 5.

(2) Subject to the supervision of the Secretary, the Director shall administer the national sea grant college program and oversee the operation of the national sea grant office. In addition to any other duty prescribed by law or assigned by the Secretary, the Director shall—

(A) facilitate and coordinate the development of a strategic plan under subsection (c)(1);

(B) advise the Secretary with respect to the expertise and capabilities which are available within or through the national sea grant college program and encourage the use of such expertise and capabilities, on a cooperative or other basis, by other offices and activities within the Administration, and other Federal departments and agencies;

(C) advise the Secretary on the designation of sea grant colleges and sea grant institutes, and, if appropriate, on the termination or suspension of any such designation; and

(D) encourage the establishment and growth of sea grant programs, and cooperation and coordination with other Federal activities in fields related to ocean, coastal, and Great Lakes resources.

(3) With respect to sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects, the Director shall—

(A) evaluate and assess the performance of the programs of sea grant colleges and sea grant institutes, using the priorities, guidelines, and qualifications established by the Secretary under subsection (c), and determine which of the programs are the best managed and carry out the highest quality research, education, extension, and training activities;

(B) subject to the availability of appropriations, allocate funding among sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects so as to—

(i) promote healthy competition among sea grant colleges and institutes;

(ii) encourage collaborations among sea grant colleges and sea grant institutes to address regional and national priorities established under subsection (c)(1);

(iii) ensure successful implementation of sea grant programs;

(iv) to the maximum extent consistent with other provisions of this subchapter, provide a stable base of funding for sea grant colleges and institutes;

(v) encourage and promote coordination and cooperation between the research, education, and outreach programs of the Administration and those of academic institutions; and

(vi) encourage cooperation with Minority Serving Institutions to enhance collaborative research opportunities and increase the number of such students graduating in NOAA science areas; and

(C) ensure compliance with the guidelines for merit review under subsection (c)(2).

Editorial Notes

REFERENCES IN TEXT

The provisions of title 5 governing appointments in the competitive service, referred to in subsec. (d)(1), are classified generally to section 3301 et seq. of Title 5, Government Organization and Employees.

This subchapter, referred to in subsec. (d)(3)(B)(iv), was in the original “this Act” and was translated as reading “this title” meaning title II of Pub. L. 89–454, which enacted this subchapter, to reflect the probable intent of Congress.

AMENDMENTS

Subsec. (c)(4)(E). Pub. L. 116–221, § 4(a), amended subpar. (E) generally. Prior to amendment, subpar. (E) read as follows: “notwithstanding section 332 of title 31, accept donations and voluntary and uncompensated services”:.

Subsec. (d). Pub. L. 116–221, § 8(c)(1)(A), substituted “With respect to sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects” for “With respect to sea grant colleges and sea grant institutes” in introductory provisions.

Subsec. (d)(3)(B). Pub. L. 116–221, § 8(c)(1)(B), substituted “funding among sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects” for “funding among sea grant colleges and sea grant institutes” in introductory provisions.

2002—Subsec. (b)(1). Pub. L. 107–299, § 5(a), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “sea grant programs which comprise a national sea grant college program network, including international projects conducted within such programs”:

Subsec. (d)(3)(B). Pub. L. 110–394, § 5(a)(2), amended par. (2) generally. Prior to amendment, par. (2) read as follows: “administration of the national sea grant college program and this subchapter by the national sea grant office, the Administration, and the panel”:

Subsec. (b)(4). Pub. L. 110–394, § 5(a)(3), amended par. (4) generally. Prior to amendment, par. (4) read as follows: “any national strategic investments in fields relating to ocean, coastal, and Great Lakes resources developed with the approval of the panel, the sea grant colleges, and the sea grant institutes.”

Subsec. (d)(2)(A). Pub. L. 110–394, § 5(c)(1), which directed the striking out of “long range” was executed by striking out “long-range” before “strategic plan” to reflect the probable intent of Congress.

Subsec. (d)(3)(A), (B). Pub. L. 110–394, § 5(c)(2), substituted “evaluate and assess” for “evaluate” and “activities” for “activities; and,” struck out cl. (i) designation before “evaluate”, and struck out cl. (ii) which read as follows: “rate the programs according to their relative performance (as determined under clause (i)) into no less than 5 categories, with each of the 2 best-performing categories containing no more than 25 percent of the programs”:

Subsec. (d)(3)(B)(iii). Pub. L. 110–394, § 5(c)(3)(A), (B), redesignated cl. (ii) as (iii) and substituted “ensure” for “encourage”.

Subsec. (d)(3)(B)(iv), (v). Pub. L. 110–394, § 5(c)(3)(A), redesignated cl. (iii) and (iv) as (iv) and (v), respectively.

2002—Subsec. (c)(1). Pub. L. 107–299, § 3(a), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “The Secretary, in consultation with the panel, sea grant colleges, and sea grant institutes, shall develop a long-range strategic plan which establishes priorities for the national sea grant college program and which provides an appropriately balanced response to local, regional, and national needs.”

Subsec. (d)(3)(A). Pub. L. 107–299, § 3(b)(1), amended subpar. (a) generally. Prior to amendment, subpar. (a) read as follows: “evaluate the programs of sea grant colleges and sea grant institutes, using the priorities, guidelines, and qualifications established by the Secretary”:

1998—Pub. L. 105–160 amended section catchline and text generally. Prior to amendment text consisted of subsec. (a) to (d) relating to maintenance within the Administration of the National Sea Grant College Program, appointment and compensation of a Director of the program, duties of the Director, and powers of the Secretary to carry out the provisions of this subchapter.

1991—Subsec. (a). Pub. L. 102–186, § 2(a), amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “The Secretary shall maintain, within the Administration, a program to be known as the national sea grant college program. The national sea grant college program shall consist of the financial assistance and other activities provided for in this subchapter. The Secretary shall establish long-range planning guidelines and priorities for, and adequately evaluate, this program.”

Subsec. (c)(6). Pub. L. 102–186, § 4(c), inserted “and add” after “to pay for”.

1987—Subsec. (b)(1)(A). Pub. L. 100–220, § 3104(b)(1)(D), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

Subsec. (c)(5). Pub. L. 100–220, § 3104(c), substituted “Under Secretary” for “Administrator” wherever appearing.

Subsec. (c)(5). Pub. L. 100–220, § 3104(b)(2), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

Subsec. (d)(3). Pub. L. 100–220, § 3104(b)(1)(D), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

Subsec. (d)(3). Pub. L. 100–220, § 3104(b)(1)(D), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources” in two places.

Subsec. (d)(6). Pub. L. 100–220, § 3105(b), struck out “under section 1124(a) of this title” after “Secretary”.

1980—Subsec. (c)(5) to (7). Pub. L. 96–289 added par. (5) and redesignated former pars. (5) and (6) as (6) and (7), respectively.

1978—Subsec. (a) to (c). Pub. L. 95–428, § 2(b), substituted “national sea grant college program” for “national sea grant program” wherever appearing.

Subsec. (d)(6). Pub. L. 95–428, § 311(b)(C), added par. (6) and redesignated former par. (6) as (7).

1976—Pub. L. 94–611 substituted provisions covering the establishment and administration of the national sea grant college program for provisions covering the marine resource development programs.
1973—Subsec. (a). Pub. L. 93–73, §1(2), (5), deleted item (1) designation for provision respecting consultation with experts and Federal agencies, deleted item (2) provision for seeking advice and counsel from the National Council on Marine Resources and Engineering Development, and substituted "Secretary" for "Foundation".

Subsec. (b). Pub. L. 93–73, §1(5), substituted "Secretary" for "Foundation" and "his authority" for "its authority".

Subsec. (d)(1). Pub. L. 93–73, §1(3), (5), authorized Federal contributions exceeding percentage limitation to programs limited to one percent of appropriations for the fiscal year when reducing or eliminating matching payments by a participant when Secretary determines it would be inequitable relevant to the benefits derived by the participant from the program to require the participant to make a one-third payment of the cost, and substituted "Secretary" for "Foundation" in last sentence.

Subsec. (d)(2). Pub. L. 93–73, §1(4), (5), made prohibitions of paragraph inapplicable to non-self-propelled habitats, buoys, platforms, or other similar devices or structures, used principally for research purposes and substituted "Secretary" for "Foundation".

Subsecs. (d)(3), (e). Pub. L. 93–73, §1(5), substituted "Secretary" for "Foundation".

Subsec. (f). Pub. L. 93–73, §1(5), substituted "Secretary" for "Foundation" and "his functions" for "its functions".

Subsec. (g). Pub. L. 93–73, §1(6), substituted provisions for exercise of powers and authority under this subchapter by the Secretary rather than the Foundation under the powers and authority of the National Science Foundation Act of 1950, as amended.

Subsec. (h). Pub. L. 93–73, §1(5), substituted "Secretary" for "Foundation" and "his authority" for "its authority".

Subsec. (i)(3). Pub. L. 93–73, §1(7), inserted "and which is so designated by the Secretary" after "marine resources".

Subsec. (i)(4)(A) to (C). Pub. L. 93–73, §1(5), substituted provisions for exercise of powers and authority by the Secretary rather than the Foundation during the period beginning immediately after Nov. 26, 1968 and ending 45 days after Nov. 26, 1973, for exercise of powers and authority under this subsection to implement the objective set forth in section 1131(b) of this title, and struck out "in any fiscal year" after "The total amount of payments" and "by any participants".

Statutory Notes and Related Subsidiaries

Construction

Pub. L. 116–221, §4(d), Dec. 18, 2020, 134 Stat. 1058, provided that: "Noticing in this section [amending this section and enacting provisions set out as a note below] shall be construed to limit or otherwise affect any other amounts available for marine policy fellowships under section 208(b) of the National Sea Grant College Program Act (33 U.S.C. 1127(b)), including amounts—

(1) accepted under section 204(c)(4)(F) of that Act (33 U.S.C. 1123(c)(4)(F)); or

(2) appropriated pursuant to the authorization of appropriations under section 212 of that Act (33 U.S.C. 1131).

Priorities

Pub. L. 116–221, §4(b), Dec. 18, 2020, 134 Stat. 1058, provided that: "The Secretary of Commerce, acting through the Under Secretary of Commerce for Oceans and Atmosphere, shall establish priorities for the use of donations accepted under section 204(c)(4)(E) of the National Sea Grant College Program Act (33 U.S.C. 1123(c)(4)(E)), and shall consider among those priorities the possibility of expanding the Dean John A. Knauss Marine Policy Fellowship’s placement of additional fellows in relevant legislative offices under section 208(b) of that Act (33 U.S.C. 1127(b)), in accordance with the recommendations under subsection (c) of this section (134 Stat. 1058)."

Review of Evaluation and Rating Process

Pub. L. 107–299, §3(b)(2), Nov. 26, 2002, 116 Stat. 2346, provided that after 3 years after Nov. 26, 2002, the Secretary of Commerce, acting through the Under Secretary of Commerce for Oceans and Atmosphere, was to contract with the National Academy of Sciences to review the effectiveness of the evaluation and rating system under this section in determining the relative performance of programs of sea grant colleges and sea grant institutes and provided that the National Academy of Sciences would submit a report to the Congress on the findings and recommendations of the panel not later than 4 years after Nov. 26, 2002.

Notice of Reorganization

Pub. L. 105–160, §9(d), Mar. 6, 1998, 112 Stat. 27, provided that: "The Secretary of Commerce shall provide notice to the Committees on Science (now Science, Space, and Technology), Resources (now Natural Resources), and Appropriations of the House of Representatives and the Committees on Commerce, Science, and Transportation and Appropriations of the Senate, not later than 45 days before any major reorganization of any program, project, or activity of the National Sea Grant College Program."

§1124. Program or project grants and contracts

(a) Authorization; purposes; limitation on amount

The Secretary may make grants and enter into contracts under this subsection to assist any sea grant program or project if the Secretary finds that such program or project will—

(1) implement the objective set forth in section 1121(b) of this title; and

(2) be responsive to the needs or problems of individual States or regions.

The total amount paid pursuant to any such grant or contract may equal 66 2/3 percent, or any lesser percent, of the total cost of the sea grant program or project involved; except that this limitation shall not apply in the case of grants or contracts paid for with funds accepted by the Secretary under section 1123(c)(4)(F) of this title or that are appropriated under section 1127(b) of this title.

(b) Special grants; maximum amount; pre-requisites

The Secretary may make special grants under this subsection to implement the objective set forth in section 1121(b) of this title. The amount of any such grant may equal 100 percent, or any lesser percent, of the total cost of the project involved. No grant may be made under this subsection unless the Secretary finds that—

(1) no reasonable means is available through which the applicant can meet the matching requirement for a grant under subsection (a); and

(2) the probable benefit of such project outweighs the public interest in such matching requirement; and

(3) the same or equivalent benefit cannot be obtained through the award of a contract or grant under subsection (a).

The total amount that may be provided for grants under this subsection during any fiscal year shall not exceed an amount equal to 5 percent of the total funds appropriated for such year under section 1131 of this title.

(c) Eligibility and procedure

Any person may apply to the Secretary for a grant or contract under this section. Application shall be made in such form and manner,
with such content and other submissions, as the Secretary shall by regulation prescribe. The Secretary shall act upon each such application within 6 months after the date on which all required information is received.

(d) Terms and conditions

(1) Any grant made, or contract entered into, under this section shall be subject to the limitations and provisions set forth in paragraphs (2), (3), and (4) and to such other terms, conditions, and requirements as the Secretary deems necessary or appropriate. Terms, conditions, and requirements imposed by the Secretary under this paragraph shall minimize any requirement of prior Federal approval.

(2) No payment under any grant or contract under this section may be applied to—

(A) the purchase or rental of any land; or

(B) the purchase, rental, construction, preservation, or repair of any building, dock, or vessel;

except that payment under any such grant or contract may be applied to the short-term rental of buildings or facilities for meetings which are in direct support of any sea grant program, or project and may, if approved by the Secretary, be applied to the purchase, rental, construction, preservation, or repair of non-self-propelled habitats, buoys, platforms, and other similar devices or structures, or to the rental of any research vessel which is used in direct support of activities under any sea grant program or project.

(3) The total amount which may be obligated for payment pursuant to grants made to, and contracts entered into with, persons under this section within any one State in any fiscal year shall not exceed an amount equal to 15 percent of the total funds appropriated for such year pursuant to section 1131 of this title.

(4) Any person who receives or utilizes any proceeds of any grant or contract under this section shall keep such records as the Secretary shall by regulation prescribe as being necessary and appropriate to facilitate effective audit and evaluation, including records which fully disclose the amount and disposition by such recipient of such proceeds, the total cost of the program or project in connection with which such proceeds were used, and the amount, if any, of such cost which was provided through other sources. Such records shall be maintained for 3 years after the completion of such a program or project. The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access, for the purpose of audit and evaluation, to any books, documents, papers, and records of receipts which, in the opinion of the Secretary or of the Comptroller General, may be related or pertinent to such grants and contracts.

2008—Subsec. (a). Pub. L. 110–299, §6(b), inserted concluding provisions and struck out former concluding provisions which read as follows: "The total amount which may be provided for grants under this subsection during any fiscal year shall not exceed an amount equal to 1 percent of the total funds appropriated for such year pursuant to section 1131 of this title."

1991—Subsec. (b)(3). Pub. L. 102–186 struck out reference to section 1125 of this title after reference to subsection (a) of this section.

1987—Subsec. (d)(1). Pub. L. 100–220 inserted at end "Terms, conditions, and requirements imposed by the Secretary under this paragraph shall minimize any requirement of prior Federal approval."

1980—Subsec. (d)(2). Pub. L. 96–289 authorized application of any payment under a grant or contract to the short-term rental of buildings or facilities for meetings which are in direct support of any sea grant project or program.

1978—Subsec. (a). Pub. L. 95–428 made the percentage limitation inapplicable to grants or contracts paid for with funds accepted by the Secretary under section 1123(d)(6) of this title.

1976—Pub. L. 94–461 substituted provisions covering grants and contracts for provisions authorizing the study of ways to share with other countries the results of marine research useful in the exploration, development, conservation, and management of marine resources.

§ 1126. Sea grant colleges and sea grant institutes

(a) Designation

(1) A sea grant college or sea grant institute shall meet the following qualifications—

(A) have an existing broad base of competence in fields related to ocean, coastal, and Great Lakes resources;
(B) make a long-term commitment to the objective in section 1121(b) of this title, as determined by the Secretary;

(C) cooperate with other sea grant colleges and institutes and other persons to solve problems which meet needs relating to ocean, coastal, and Great Lakes resources;

(D) have received financial assistance under section 1124 of this title;

(E) be recognized for excellence in fields related to ocean, coastal, and Great Lakes resources (including marine resources management and science), as determined by the Secretary; and

(F) meet such other qualifications as the Secretary, in consultation with the Board, considers necessary or appropriate.

(2) The Secretary may designate an institution, or an association or alliance of two or more such institutions, as a sea grant college if the institution, association, or alliance—

(A) meets the qualifications in paragraph (1); and

(B) maintains a program of research, extension services, training, and education in fields related to ocean, coastal, and Great Lakes resources.

(3) The Secretary may designate an institution, or an association or alliance of two or more such institutions, as a sea grant institute if the institution, association, or alliance—

(A) meets the qualifications in paragraph (1); and

(B) maintains a program which includes, at a minimum, research and extension services.

(b) Additional designations

(1) Notification to Congress of designations

(A) In general

Not less than 30 days before designating an institution, or an association or alliance of two or more such institutions, as a sea grant college or sea grant institute under subsection (a), the Secretary shall notify Congress in writing of the proposed designation.

The notification shall include an evaluation and justification for the designation.

(B) Effect of joint resolution of disapproval

The Secretary may not designate an institution, or an association or alliance of two or more such institutions, as a sea grant college or sea grant institute under subsection (a) if, before the end of the 30-day period described in subparagraph (A), a joint resolution disapproving the designation is enacted.

(2) Existing designees

Any institution, or association or alliance of two or more such institutions, designated as a sea grant college or awarded institutional program status by the Director prior to March 6, 1998, shall not have to reapply for designation as a sea grant college or sea grant institute, respectively, after March 6, 1998, if the Director determines that the institution, or association or alliance of institutions, meets the qualifications in subsection (a).

(c) Suspension or termination of designation

The Secretary may, for cause and after an opportunity for hearing, suspend or terminate any designation under subsection (a).

(d) Duties

Subject to any regulations prescribed or guidelines established by the Secretary, it shall be the responsibility of each sea grant college and sea grant institute—

(1) to develop and implement, in consultation with the Secretary and the Board, a program that is consistent with the guidelines and priorities established under section 1123(c) of this title; and

(2) to conduct a merit review of all proposals for grants and contracts to be awarded under section 1124 of this title.

Editorial Notes

AMENDMENTS

2020—Subsec. (b). Pub. L. 116–221, §7(2), added par. (1), designated existing provisions as par. (2), and inserted par. (2) heading.

Pub. L. 116–221, §7(1), substituted “Additional designations” for “Existing designees” in heading.

2014—Subsec. (e). Pub. L. 113–188, which directed amendment of section 207 of the National Sea Grant Program Act by striking subsec. (e), was executed to this section, which is section 207 of the National Sea Grant College Program Act, to reflect the probable intent of Congress. Prior to amendment, subsec. (e) related to annual reports on progress made by colleges, universities, institutions, associations, and alliances to become designated under this section as sea grant colleges or sea grant institutes.

1998—Pub. L. 105–160 amended section catchline and text generally. Prior to amendment text consisted of subsecs. (a) to (c) relating to authorization of the Secretary to designate sea grant college and sea grant regional consortia with certain prerequisites, requirement of regulations to prescribe qualifications and guidelines, and authorization of the Secretary to suspend or terminate any designation.

1987—Subsec. (a)(2)(A), (3)(A), (B). Pub. L. 100–220 substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

§1127. Fellowships

(a) In general

To carry out the educational and training objectives of this subchapter, the Secretary shall support a program of fellowships for qualified individuals at the graduate and post-graduate level. The fellowships shall be related to ocean, coastal, and Great Lakes resources and awarded pursuant to guidelines established by the Secretary. The Secretary shall strive to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection.
(b) Dean John A. Knauss Marine Policy Fellowship

(1) In general

The Secretary shall award marine policy fellowships to support the placement of individuals at the graduate level of education in fields related to ocean, coastal and Great Lakes resources in positions with the executive and legislative branches of the United States Government.

(2) Placement priorities

(A) In general

In each year in which the Secretary awards a legislative fellowship under this subsection, when considering the placement of fellows, the Secretary shall prioritize placement of fellows in the following:

(i) Positions in offices of, or with Members on, committees of Congress that have jurisdiction over the National Oceanic and Atmospheric Administration.

(ii) Positions in offices of Members of Congress that have a demonstrated interest in ocean, coastal, or Great Lakes resources.

(B) Equitable distribution

In placing fellows in offices described in subparagraph (A), the Secretary shall ensure that placements are equitably distributed among the political parties.

(3) Duration

A fellowship awarded under this subsection shall be for a period of not more than 1 year.

(c) Restriction on use of funds

Amounts available for fellowships under this section, including amounts accepted under section 1125(c)(4) of this title or appropriated under section 1131 of this title to implement this section, shall be used only for award of such fellowships and administrative costs of implementing this section.

Editorial Notes

REFERENCES IN TEXT

This subchapter, referred to in subsec. (a), was in the original “this Act” and was translated as reading “this title” meaning title II of Pub. L. 89–454, which enacted this subchapter, to reflect the probable intent of Congress.

AMENDMENTS

2020—Subsec. (b). Pub. L. 115–221 designated first sentence as par. (1) and inserted heading, substituted “shall award” for “may award”, added par. (2), and designated second sentence as par. (3) and inserted heading.

2014—Subsec. (a). Pub. L. 113–188, which directed amendment of section 208(a) of the National Sea Grant Program Act by striking the fourth sentence, was executed to this section, which is section 208(a) of the National Sea Grant College Program Act, to reflect the probable intent of Congress. Prior to amendment, fourth sentence read as follows: “Every 2 years, the Secretary shall submit a report to the Congress describing the efforts by the Secretary to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection, and the results of such efforts.”

2002—Subsec. (a). Pub. L. 107–299, §5(a), inserted at end “The Secretary shall strive to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection. Not later than 1 year after November 26, 2002, and every 2 years thereafter, the Secretary shall submit a report to the Congress describing the efforts by the Secretary to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection, and the results of such efforts.”

Subsec. (c). Pub. L. 107–299, §5(b), struck out heading and text of subsec. (c). Text read as follows: “The Secretary shall establish and administer a program of postdoctoral fellowships to accelerate research in critical subject areas. The fellowship awards—

“(1) shall be for 2 years;

“(2) may be renewed once for not more than 2 years;

“(3) shall be awarded on a nationally competitive basis;

“(4) may be used at any institution of post-secondary education involved in the national sea grant college program;

“(5) shall be for up to 100 percent of the total cost of the fellowship; and

“(6) may be made to recipients of terminal professional degrees, as well as doctoral degree recipients.”

1998—Pub. L. 106–160 substituted “Secretary” for “Under Secretary” in subsec. (a) in two places and in subsecs. (b) and (c).

1991—Subsec. (c)(5) to (7). Pub. L. 102–186 inserted “and” after semicolon at end of par. (5), redesignated par. (7) as (6), and struck out former par. (6) which read as follows: “may be made for any of the priority areas of research identified in the sea grant strategic research plan in effect under section 1125 of this title; and”.

1987—Subsec. (a). Pub. L. 100–220 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “The Secretary shall support a sea grant fellowship program to provide educational and training assistance to qualified individuals at the undergraduate and graduate levels of education in fields related to ocean and coastal resources. Such fellowships shall be awarded pursuant to guidelines established by the Secretary. Except as provided in subsection (b) of this section, sea grant fellowships may only be awarded by sea grant colleges, sea grant regional consortia, institutions of higher education, and professional associations and institutes.”

Pub. L. 100–66, §3(1), substituted “Except as provided in subsection (b) of this section, sea” for “Sea”. Subsec. (b). Pub. L. 100–220 amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows: “(1) As part of the sea grant fellowship program, the Secretary may award sea grant fellowships to support the placement of qualified individuals in positions with the executive and legislative branches of the United States Government. No fellowship may be awarded under this paragraph for a period exceeding one year.

“(2) For purposes of this subsection, the term ‘qualified individual’ means an individual at the graduate level of education in fields related to ocean and coastal resources.”

Pub. L. 100–66, §3(2), (3), added subsec. (b) and redesignated former subsec. (b) as (c).
Subsec. (c), Pub. L. 100–220 amended subsec. (c) generally. Prior to amendment, subsec. (c) read as follows: "The total amount which may be provided for grants under the sea grant fellowship program during any fiscal year shall not exceed an amount equal to 5 percent of the total funds appropriated for such year pursuant to section 1123 of this title." Pub. L. 100–66, §4(A), redesignated former subsec. (b) as (c).

Statutory Notes and Related Subsidaries

Effective Date of 2020 Amendment

Effective Date of 1987 Amendment
Pub. L. 100–66, §4, July 10, 1987, 101 Stat. 385, provided that: "The amendment made by section 3 [amending this section] shall apply with respect to the first calendar year beginning after the date of the enactment of this Act [Dec. 18, 1987]."

Direct Hire Authority; Dean John A. Knauss Marine Policy Fellowship
Pub. L. 116–221, §8, Dec. 18, 2020, 134 Stat. 1059, provided that:

"(a) IN GENERAL.—During fiscal year 2021 and any fiscal year thereafter, the head of any Federal agency may appoint, without regard to the provisions of subchapter I of chapter 33 of title 5, United States Code, or other than sections 3303 and 3328 of that title, a qualified candidate described in subsection (b) directly to a position with the Federal agency for which the candidate meets Office of Personnel Management qualification standards.

"(b) DEAN JOHN A. KNASS MARINE POLICY FELLOWSHIP.—Subsection (a) applies with respect to a former recipient of a Dean John A. Knauss Marine Policy Fellowship under section 208(b) of the National Sea Grant College Program Act (33 U.S.C. 1127(b)) who—

"(1) earned a graduate or post-graduate degree in a field related to ocean, coastal, and Great Lakes resources or policy from an accredited institution of higher education; and

"(2) successfully fulfilled the requirements of the fellowship within the executive or legislative branch of the United States Government.

"(c) LIMITATION.—The direct hire authority under this section shall be exercised with respect to a specific qualified candidate not later than 2 years after the date that the candidate completed the fellowship described in subsection (b)."

§1128. National Sea Grant Advisory Board

(a) Establishment
There shall be an independent committee to be known as the National Sea Grant Advisory Board.

(b) Duties
(1) In general
The Board shall advise the Secretary and the Director concerning—

(A) strategies for utilizing the sea grant college program to address the Nation's highest priorities regarding the understanding, assessment, development, management, utilization, and conservation of ocean, coastal, and Great Lakes resources;

(B) the designation of sea grant colleges and sea grant institutes; and

(C) such other matters as the Secretary refers to the Board for review and advice.

(2) Periodic report
The Board shall report to Congress at least once every four years on the state of the national sea grant college program and shall notify Congress of any significant changes to the state of the program not later than two years after the submission of such a report. The Board shall indicate in each such report the progress made toward meeting the priorities identified in the strategic plan in effect under section 1123(c) of this title and provide a summary of research conducted under the program.

(3) Availability of resources of Department of Commerce
The Secretary shall make available to the Board such information, personnel, and administrative services and assistance as it may reasonably require to carry out its duties under this subchapter.

(c) Membership, terms, and powers
(1) The Board shall consist of 15 voting members who shall be appointed by the Secretary. The Director and a director of a sea grant program who is elected by the various directors of sea grant programs shall serve as nonvoting members of the Board. Not less than 8 of the voting members of the Board shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more of the disciplines and fields included in marine science. The other voting members shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in, or representative of, education, marine affairs and resource management, coastal management, extension services, State government, industry, economics, planning, or any other activity which is appropriate to, and important for, any effort to enhance the understanding, assessment, development, management, utilization, or conservation of ocean, coastal, and Great Lakes resources. No individual is eligible to be a voting member of the Board if the individual is (A) the director of a sea grant college or sea grant institute; (B) an applicant for, or beneficiary (as determined by the Secretary) of, any grant or contract under section 1124 of this title; or (C) a full-time officer or employee of the United States.

(2) The term of office of a voting member of the Board shall be 3 years for a member appointed before November 26, 2002, and 4 years for a member appointed or reappointed after November 26, 2002. The Director may extend the term of office of a voting member of the Board appointed before November 26, 2002, by up to 1 year. At least once each year, the Secretary shall publish a notice in the Federal Register soliciting nominations for membership on the Board.

(3) Any individual appointed to a partial or full term may be reappointed for one additional full term. The Director may extend the term of office of a voting member of the Board once by up to 1 year.

(4) The Board shall select one voting member to serve as the Chairman and another voting member to serve as the Vice Chairman. The Vice
Chairman shall act as Chairman in the absence or incapacity of the Chairman.

(5) Voting members of the Board shall—
(A) receive compensation at a rate established by the Secretary, not to exceed the maximum daily rate rate payable under section 5376 of title 5, when actually engaged in the performance of duties for such Board; and
(B) be reimbursed for actual and reasonable expenses incurred in the performance of such duties.

(6) The Board shall meet on a biennial basis and, at any other time, at the call of the Chairman or upon the request of a majority of the voting members or of the Director.

(7) The Board may exercise such powers as are reasonably necessary in order to carry out its duties under subsection (b).

(8) The Board may establish such subcommittees as are reasonably necessary to carry out its duties under subsection (b). Such subcommittees may include individuals who are not Board members.

Editorial Notes

AMENDMENTS

2020—Subsec. (b)(2). Pub. L. 116–221, § 5, substituted “Periodic” for “Biennial” in heading, substituted “The Board shall report to Congress at least once every four years on the state of the national sea grant college program” for “such Board shall notify Congress of any significant changes to the state of the national sea grant college program,” in first sentence, and inserted “and provide a summary of research conducted under the program” after “section 1123(c) of this title” in second sentence. Former third sentence redesignated subsec. (b)(3).

Subsec. (b)(3). Pub. L. 116–221, § 11(2), designated third sentence of subsec. (b)(2) as par. (3) and inserted heading.

Subsec. (a). Pub. L. 110–394, § 8(a)(4)(A), added subsec. (a) and struck out former subsec. (a). Prior to amendment, text read as follows: “There shall be established an independent committee to be known as the sea grant review panel.”

Subsec. (b). Pub. L. 110–394, § 8(b), amended subsec. (b) generally. Prior to amendment, subsec. (b) related to duties of sea grant review panel.

Subsec. (c)(3). Pub. L. 110–394, § 8(d), substituted “The Director may extend the term of office of a voting member of the Board once by up to 1 year” for “A voting member may serve after the date of the expiration of the term of office for which appointed until his or her successor has taken office.”

2002—Subsec. (c)(8). Pub. L. 107–299 inserted first and second sentences and struck out former first sentence which read as follows: “The term of office of a voting member of the panel shall be 3 years except that of the original appointees, five shall be appointed for a term of 1 year, five shall be appointed for a term of 2 years, and five shall be appointed for a term of 3 years.”

Subsec. (b). Pub. L. 105–160, §§ 4(b)(1), 8(b)(1), inserted heading and in introductory provisions substituted “The panel” for “The Panel” and struck out “, the Under Secretary,” after “the Secretary,”.

Subsec. (c)(1)(A). Pub. L. 105–160, § 8(c)(1), substituted “college or sea grant institute” for “college, sea grant regional consortium, or sea grant program”.

Subsec. (c)(5)(A). Pub. L. 105–160, § 8(c)(2), added subpar. (A) and struck out former subpar. (A) which read as follows: “receive compensation at the daily rate for GS–18 of the General Schedule under section 5332 of title 5 when actually engaged in the performance of duties for such panel; and”.

1987—Subsec. (b). Pub. L. 100–220, § 3108(1), in introductory provisions, substituted “The Panel shall advise the Secretary, the Under Secretary, and the Director concerning—” for “The panel shall take such steps as may be necessary to review,” and struck out the Secretary, the Administrator, and the Director with respect to—”, and in par. (1), inserted “and section 1124a of this title”.

Subsec. (c)(1). Pub. L. 100–220, §§ 3108(1)(F), 3108(2)(A), (B), amended second sentence generally, substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources” in fourth sentence. Prior to amendment, second sentence read as follows: “The Director shall serve as a nonvoting member of the panel.”

Subsec. (c)(2). Pub. L. 100–220, § 3108(2)(C), inserted at end “At least once each year, the Secretary shall publish a notice in the Federal Register soliciting nominations for membership on the panel.”

Subsec. (c)(3). Pub. L. 100–220, § 3108(2)(D), struck out “, or until 90 days after such date, whichever is earlier” after “office” at end of second sentence.

1980—Subsec. (c)(3). Pub. L. 96–289 substituted authorization for reappointment for one additional full term of an appointee to a partial or full term for prior authorization for filling vacancies for remaining of an appointee’s term and prohibition against status as a voting member after service of one full term as such voting member.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

“(1) REDesignation.—The sea grant review panel established by section 209 of the National Sea Grant College Program Act (33 U.S.C. 1129), as in effect before the date of the enactment of this Act (Oct. 13, 2008), is redesignated as the National Sea Grant Advisory Board.
“(2) Membership not affected.—An individual serving as a member of the sea grant review panel immediately before date of the enactment of this Act may continue to serve as a member of the National Sea Grant Advisory Board until the expiration of such member’s term under section 209(c) of such Act (33 U.S.C. 1238(c)).

“§ 1129. Interagency cooperation

Each department, agency, or other instrumentality of the Federal Government which is engaged in or concerned with, or which has authority over, matters relating to ocean, coastal, and Great Lakes resources—

(1) may, upon a written request from the Secretary, make available, on a reimbursable basis or otherwise any personnel (with their consent and without prejudice to their position and rating), service, or facility which the Secretary deems necessary to carry out any provision of this subchapter;

(2) shall, upon a written request from the Secretary, furnish any available data or other information which the Secretary deems necessary to carry out any provision of this subchapter; and

(3) shall cooperate with the Administration and duly authorized officials thereof.

Editorial Notes

Amendments

1987—Pub. L. 100–220 substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources” in introductory provisions.

§ 1131. Authorization of appropriations

(a) Authorization

(1) In general

There are authorized to be appropriated to the Secretary to carry out this subchapter—

(A) $87,520,000 for fiscal year 2021;

(B) $91,900,000 for fiscal year 2022;

(C) $96,500,000 for fiscal year 2023;

(D) $101,325,000 for fiscal year 2024; and

(E) $105,700,000 for fiscal year 2025.

(2) Priority activities for fiscal years 2021 through 2025

In addition to the amounts authorized to be appropriated under paragraph (1), there are authorized to be appropriated $6,000,000 for each of fiscal years 2021 through 2025 for competitive grants for the following:

(A) University research on the biology, prevention, and control of aquatic nonnative species.

(B) University research on oyster diseases, oyster restoration, and oyster-related human health risks.

(C) University research on the biology, prevention, and forecasting of harmful algal blooms.

(D) University research, education, training, and extension services and activities focused on coastal resilience and United States working waterfronts and other regional or national priority issues identified in the strategic plan under section 1123(c)(1) of this title.

(E) University research and extension on sustainable aquaculture techniques and technologies.

(F) Fishery research and extension activities conducted by sea grant colleges or sea grant institutes to enhance, and not supplant, existing core program funding.

(b) Limitations

(1) Administration

(A) In general

There may not be used for administration of programs under this subchapter in a fiscal year more than 5.5 percent of the lesser of—

(i) the amount authorized to be appropriated under this subchapter for the fiscal year; or

(ii) the amount appropriated under this subchapter for the fiscal year.

(B) Critical staffing requirements

(i) In general

The Director shall use the authority under subchapter VI of chapter 33 of title 5, and under section 1129 of this title, to meet any critical staffing requirement while carrying out the activities authorized under this subchapter.

(ii) Exception from cap

For purposes of subparagraph (A), any costs incurred as a result of an exercise of authority as described in clause (i) shall not be considered an amount used for administration of programs under this subchapter in a fiscal year.

(2) Use for other offices or programs

Sums appropriated under the authority of subsection (a)(2) shall not be available for administration of this subchapter by the National Sea Grant Office, for any other Administration or department program, or for any other administrative expenses.

(c) Availability of sums

Sums appropriated pursuant to this section shall remain available until expended.

(d) Reversion of unobligated amounts

The amount of any grant, or portion of a grant, made to a person under any section of this subchapter that is not obligated by that person during the first fiscal year for which it was authorized to be obligated or during the next fiscal year thereafter shall revert to the
Secretary. The Secretary shall add that reverted amount to the funds available for grants under the section for which the reverted amount was originally made available.

Editorial Notes

REFERENCES IN TEXT

This subchapter, referred to in subsec. (e), was in the original “this Act” and was translated as reading “this title” meaning title II of Pub. L. 89–454, which enacted this subchapter, to reflect the probable intent of Congress.

AMENDMENTS

Subsec. (b)(1). Pub. L. 116–221, §9(b), amended par. (1) generally. Prior to amendment, par. (1) related to limitations on amounts for administration of programs.

Subsecs. (c) to (e). Pub. L. 116–221, §9(c)(2), redesignated subsecs. (d) and (e) as (d) and (c), respectively, and struck out former subsec. (c) which related to distribution of excess funds.

Subsec. (a)(2)(C). Pub. L. 110–394, §10(2)(C), substituted “blooms; and” for “blooms, including Pfiesteria piscicida; and”.

Subsec. (c)(2). Pub. L. 110–394, §10(4), added par. (2) and struck out former par. (2) which read as follows: “national strategic investments authorized under section 1123(b)(4) of this title”.

2002—Subsecs. (a) to (c). Pub. L. 107–299 amended subsec. (a) to (c) generally, substituting provisions relating to authorization, limitations, and distribution of funds for provisions relating to authorization, program elements, and priority oyster disease research.

1998—Subsec. (a). Pub. L. 105–160, §9(a), inserted heading and amended text of subsec. (a) generally. Prior to amendment, text read as follows: “There is authorized to be appropriated to carry out the provisions of sections 1124 and 1127 of this title, and section 1124a of this title, an amount—

“(1) for fiscal year 1991, not to exceed $44,398,000;

“(2) for fiscal year 1992, not to exceed $46,614,000;

“(3) for fiscal year 1993, not to exceed $47,695,000; and

“(4) for fiscal year 1994, not to exceed $49,443,000; and

“(5) for fiscal year 1995, not to exceed $51,261,000.”

Subsec. (b). Pub. L. 105–160, §9(b), inserted subsec. heading and amended par. (1) generally. Prior to amendment, par. (1) read as follows: “There is authorized to be appropriated for administration of this subchapter, including section 1128 of this title, by the National Sea Grant Office and the Administration, an amount—

“(A) for fiscal year 1991, not to exceed $2,500,000;

“(B) for fiscal year 1992, not to exceed $2,600,000;

“(C) for fiscal year 1993, not to exceed $2,700,000;

“(D) for fiscal year 1994, not to exceed $2,800,000; and

“(E) for fiscal year 1995, not to exceed $2,900,000.”

1991—Subsecs. (a) to (c). Pub. L. 102–186 amended subsec. (a) to (c) generally. Prior to amendment, subsec. (a) to (c) read as follows: “(a) There is authorized to be appropriated to carry out the provisions of this subchapter other than sections 1125 and 1130 of this title, an amount—

“(1) for fiscal year 1988, not to exceed $11,500,000;

“(2) for fiscal year 1989, not to exceed $5,500,000; and

“(3) for fiscal year 1990, not to exceed $51,000,000.

“(b) There is authorized to be appropriated to carry out section 1128 of this title and section 1127(c) of this title, an amount—

“(1) for fiscal year 1988, not to exceed $500,000;

“(2) for fiscal year 1989, not to exceed $5,000,000; and

“(3) for fiscal year 1990, not to exceed $10,000,000.”

Statutory Notes and Related Subsidiaries

NOTICE OF REPROGRAMMING

Pub. L. 105–160, §9(c), Mar. 6, 1998, 112 Stat. 26, provided that: “If any funds authorized by this section are subject to a reprogramming action that requires notice to be provided to the Appropriations Committees of the House of Representatives and the Senate, notice of such action shall concurrently be provided to the Committees on Science [now Science, Space, and Technology] and Resources [now Natural Resources] of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.”

SUBCHAPTER III—YOUNG FISHERMEN’S DEVELOPMENT

Editorial Notes

CODIFICATION

This subchapter was enacted as part of the Young Fishermen’s Development Act, and not as part of title I and II of Pub. L. 89–454 which comprise this chapter.

§ 1141. Definitions

In this subchapter:

(1) Sea Grant Institution

The term “Sea Grant Institution” means a sea grant college or sea grant institute, as
those terms are defined in section 1122 of this title.

(2) Tribal organization
The term "Tribal organization" has the meaning given the term "tribal organization" in section 5304 of title 25.

(3) Young fisherman
The term "young fisherman" means an individual who—
(A) desires to participate in the commercial fisheries of the United States, including the Great Lakes fisheries;
(B) has worked as a captain, crew member, or deckhand on a commercial fishing vessel for not more than 10 years of cumulative service; or
(C) is a beginning commercial fisherman.

Editorial Notes
Codification
Section was enacted as part of the Young Fishermen's Development Act, and not as part of titles I and II of Pub. L. 89–454 which comprise this chapter.

§ 1142. Establishment of program

The Secretary of Commerce, acting through the National Sea Grant Office, shall establish a program to provide training, education, outreach, and technical assistance initiatives for young fishermen, to be known as the 'Young Fishermen's Development Grant Program' (referred to in this section as the 'Program').

Editorial Notes
Codification
Section was enacted as part of the Young Fishermen's Development Act, and not as part of titles I and II of Pub. L. 89–454 which comprise this chapter.

§ 1143. Grants

(a) In general
In carrying out the Program, the Secretary shall make competitive grants to support new and established local and regional training, education, outreach, and technical assistance initiatives for young fishermen, including programs, workshops, and services relating to—
(1) seamanship, navigation, electronics, and safety;
(2) vessel and engine care, maintenance, and repair;
(3) innovative conservation fishing gear engineering and technology;
(4) sustainable fishing practices;
(5) entrepreneurship and good business practices;
(6) direct marketing, supply chain, and traceability;
(7) financial and risk management, including vessel, permit, and quota purchasing;
(8) State and Federal legal requirements for specific fisheries, including reporting, monitoring, licenses, and regulations;
(9) State and Federal fisheries policy and management;
(10) mentoring, apprenticeships, or internships; and
(11) any other activities, opportunities, or programs, as the Secretary determines appropriate.

(b) Eligibility
(1) Applicants
To be eligible to receive a grant under the Program, a recipient shall be a collaborative State, Tribal, local, or regionally based network or partnership of public or private entities, which may include—
(A) a Sea Grant Institution;
(B) a Federal or State agency or a Tribal organization;
(C) a community-based nongovernmental organization;
(D) fishermen's cooperatives or associations;
(E) an institution of higher education (including an institution awarding an associate's degree), or a foundation maintained by an institution of higher education; or
(F) any other appropriate entity, as the Secretary determines appropriate.

(2) Participants
All young fishermen seeking to participate in the commercial fisheries of the United States and the Great Lakes are eligible to participate in the activities funded through grants provided for in this section, except that participants in such activities shall be selected by each grant recipient.

(c) Maximum term and amount of grant
(1) In general
A grant under this section shall—
(A) have a term of no more than 3 fiscal years; and
(B) be in an amount that is not more than $200,000 for each fiscal year.

(2) Consecutive grants
An eligible recipient may receive consecutive grants under this section.

(d) Matching requirement
To be eligible to receive a grant under this section, a recipient shall provide a match in the form of cash or in-kind contributions from the recipient in the amount equal to or greater than 25 percent of the funds provided by the grant.

(e) Regional balance
In making grants under this section, the Secretary shall, to the maximum extent practicable, ensure geographic diversity.

(f) Cooperation and evaluation criteria
In carrying out this section and in developing criteria for evaluating grant applications, the Secretary shall consult, to the maximum extent practicable, with—
(1) Sea Grant Institutions and extension agents of such institutions;
(2) community-based nongovernmental fishing organizations;
(3) Federal and State agencies, including Regional Fishery Management Councils estab-
lished under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1851 et seq.); "1
(4) institutions of higher education with fisheries expertise and programs; and
(5) partners, as the Secretary determines.

(g) Prohibition
A grant under this section may not be used to purchase any fishing license, permit, quota, or other harvesting right.

Editorial Notes

REFERENCES IN TEXT

The Magnuson-Stevens Fishery Conservation and Management Act, referred to in subsec. (f)(3), is Pub. L. 94–265, Apr. 13, 1976, 90 Stat. 331, which is classified principally to chapter 38 (§1851 et seq.) of Title 16. For complete classification of this Act to the Code, see Short Title note set out under section 1801 of Title 16 and Tables.

§ 1144. Funding

(a) Authorizations
There are authorized to be appropriated to carry out this subchapter $2,000,000 for each of fiscal years 2022 through 2026.

(b) Derivation
Funds to carry out the activities under this subchapter shall be derived from amounts authorized to be appropriated pursuant to the preceding subsection that are enacted after January 5, 2021.

Editorial Notes

CHAPTER 23—POLLUTION CONTROL OF NAVIGABLE WATERS

§§ 1151 to 1165. Omitted

Editorial Notes

CODIFICATION

Sections 1151 to 1165 of this title were omitted as superseded by Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 816. See section 1251 et seq. of this title.

1 See References in Text note below.
§ 1201 Statement of purpose

It is the purpose of this chapter to provide a positive means whereby the operators of approaching vessels can communicate their intentions to one another through voice radio, located convenient to the operator’s navigation station. To effectively accomplish this, there is need for a specific frequency or frequencies dedicated to the exchange of navigational information, on navigable waters of the United States.

Statutory Notes and Related Subsidiaries

**Short Title**

**Effective Date**

Pub. L. 92–63, § 10, Aug. 4, 1971, 85 Stat. 165, provided that: “This Act [enacting this chapter] shall become effective May 1, 1971, or six months after the promulgation of regulations which would implement its provisions, whichever is later.” See 47 CFR 83.701 et seq.

§ 1202 Definitions

For the purpose of this chapter—

(1) “Secretary” means the Secretary of the Department in which the Coast Guard is operating;

(2) “power-driven vessel” means any vessel propelled by machinery; and

(3) “towing vessel” means any commercial vessel engaged in towing another vessel astern, alongside, or by pushing ahead.

Statutory Notes and Related Subsidiaries

**Effective Date**

Section effective May 1, 1971, or six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92–63, set out as a note under section 1201 of this title.

**Transfer of Functions**

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 1203 Radiotelephone requirement

(a) Vessel coverage; exchange of navigational information

Except as provided in section 1206 of this title—

(1) every power-driven vessel of twenty meters or over in length while navigating;

(2) every vessel of one hundred gross tons as measured under section 14502 of title 46, or an alternate tonnage measured under section 14302 of that title as prescribed by the Secretary under section 14104 of that title, and upward carrying one or more passengers for hire while navigating;

(3) every towing vessel of twenty-six feet or over in length while navigating; and

(4) every dredge and floating plant engaged in or near a channel or fairway in operations likely to restrict or affect navigation of other vessels—

shall have a radiotelephone capable of operation from its navigational bridge or, in the case of a dredge, from its main control station and capable of transmitting and receiving on the frequency or frequencies within the 156-162 Megahertz band using the classes of emissions designated by the Federal Communications Commission, after consultation with other cognizant agencies, for the exchange of navigational information.

(b) Vessels upon navigable waters of United States inside high seas lines

The radiotelephone required by subsection (a) shall be carried on board the described vessels, dredges, and floating plants upon the navigable waters of the United States, which includes all waters of the territorial sea of the United States as described in Presidential Proclamation 5928 of December 27, 1988.

Editorial Notes

**References in Text**

Presidential Proclamation 5928 of December 27, 1988, referred to in subsec. (b), is set out as a note under section 1311 of Title 43, Public Lands.

**Amendments**

2002—Subsec. (b). Pub. L. 107–295 substituted “‘United States, which includes all waters of the territorial sea of the United States as described in Presidential Proclamation 5928 of December 27, 1988’” for “‘United States inside the lines established pursuant to section 151 of this title’”.

1996—Subsec. (a)(2). Pub. L. 104–324 inserted “as measured under section 14502 of title 46, or an alternate tonnage measured under section 14302 of that title as prescribed by the Secretary under section 14104 of that title,” after “one hundred gross tons”.

Statutory Notes and Related Subsidiaries

**Effective Date**

Section effective May 1, 1971, or six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92–63, set out as a note under section 1201 of this title.

**Vessel Communication Equipment Regulations**

one year after the date of the enactment of this Act [Aug. 18, 1990], issue regulations necessary to ensure that vessels subject to the Vessel Bridge-to-Bridge Radiotelephone Act of 1971 (33 U.S.C. 1203) are also equipped as necessary to—

“(1) receive radio marine navigation safety warnings; and

“(2) engage in radio communications on designated frequencies with the Coast Guard, and such other vessels and stations as may be specified by the Secretary.”

§1204. Radiotelephone for exclusive use of master, person in charge, or pilot; frequency listening watch; portable radiotelephone equipment

The radiotelephone required by this chapter is for the exclusive use of the master or person in charge of the vessel, or the person designated by the master or person in charge to pilot or direct the movement of the vessel, who shall maintain a listening watch on the designated frequency. Nothing contained herein shall be interpreted as precluding the use of portable radiotelephone equipment to satisfy the requirements of this chapter.

Statutory Notes and Related Subsidiaries

Effective Date

Section effective May 1, 1971, or six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92–63, set out as a note under section 1201 of this title.

§1205. Radiotelephone capability; maintenance; restoration; consequences of loss: navigation of vessel

Whenever radiotelephone capability is required by this chapter, a vessel’s radiotelephone equipment shall be maintained in effective operating condition. If the radiotelephone equipment carried aboard a vessel ceases to operate, the master shall exercise due diligence to restore it or cause it to be restored to effective operating condition at the earliest practicable time. The failure of a vessel’s radiotelephone equipment shall not, in itself, constitute a violation of this chapter, nor shall it obligate the master of any vessel to moor or anchor his vessel; however, the loss of radiotelephone capability shall be given consideration in the navigation of the vessel.

Statutory Notes and Related Subsidiaries

Effective Date

Section effective May 1, 1971, or six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92–63, set out as a note under section 1201 of this title.

§1206. Exemptions; terms and conditions

The Secretary may, if he considers that marine navigational safety will not be adversely affected or where a local communication system fully complies with the intent of this concept but does not conform in detail, issue exemptions from any provisions of this chapter, on such terms and conditions as he considers appropriate.

Statutory Notes and Related Subsidiaries

Effective Date

Section effective May 1, 1971, six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92–63, set out as a note under section 1201 of this title.

§1207. Regulations

(a) Operating and technical conditions and characteristics; frequencies, emission, and power of radiotelephone equipment

The Federal Communications Commission shall, after consultation with other cognizant agencies, prescribe regulations necessary to specify operating and technical conditions and characteristics including frequencies, emission, and power of radiotelephone equipment required under this chapter.

(b) Enforcement

The Secretary shall, subject to the concurrence of the Federal Communications Commission, prescribe regulations for the enforcement of this chapter.

Statutory Notes and Related Subsidiaries

Effective Date

Section effective May 1, 1971, six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92–63, set out as a note under section 1201 of this title.

§1208. Penalties

(a) Master, person in charge, or pilot subject to penalty

Whoever, being the master or person in charge of a vessel subject to this chapter, fails to enforce or comply with this chapter or the regulations hereunder, or

Whoever, being designated by the master or person in charge of a vessel subject to this chapter to pilot or direct the movement of the vessel, fails to enforce or comply with this chapter or the regulations hereunder—

Is liable to a civil penalty of not more than $500 to be assessed by the Secretary.

(b) Vessels subject to penalty; jurisdiction

Every vessel navigating in violation of this chapter or the regulations hereunder is liable to a civil penalty of not more than $500 to be assessed by the Secretary for which the vessel may be proceeded against in any district court of the United States having jurisdiction.

(c) Remission or mitigation

Any remission assessed under this section may be remitted or mitigated by the Secretary upon such terms as he may deem proper.

Statutory Notes and Related Subsidiaries

**Effect Date**

Section effective May 1, 1971, or six months after the promulgation of regulations which would implement its provisions, whichever is later, see section 10 of Pub. L. 92-63, set out as a note under section 1201 of this title.

**CHAPTER 25—PORTS AND WATERWAYS SAFETY PROGRAM**

§ 1223. Transferred

**Editorial Notes**

**Codification**

§ 1226. Transferred

**Editorial Notes**

Section was comprised of Pub. L. 92-340, §7, as added Pub. L. 99-399, title IX, §906, Aug. 27, 1986, as amended. Subsections (a) and (b) of section 7 of Pub. L. 92-340 were redesignated and transferred to section 70106 of Title 46, Shipping, by Pub. L. 115-282, title IV, §402(b)(1), Dec. 4, 2018, 132 Stat. 2464. Subsection (c) of section 7 of Pub. L. 92-340 was redesignated subsec. (f) and transferred to section 70103 of Title 46 by Pub. L. 115-282, title IV, §402(c)(1), Dec. 4, 2018, 132 Stat. 2464. Subsection (d) of section 7 of Pub. L. 92-340 was redesignated subsec. (g) and transferred to section 70103 of Title 46 by Pub. L. 115-282, title IV, §408(a), (d)(1), Dec. 4, 2018, 132 Stat. 2468, concurrently redesignated and transferred subsections (a) and (b) of section 7 of Pub. L. 92-340 to section 70102a of Title 46 and identically redesignated subsection (c) of section 7 of Pub. L. 92-340 as subsec. (f) and transferred it to section 70103 of Title 46. However, Pub. L. 116-283, div. G, title LVXXXV [LXXXV], §407(d)(7), Jan. 1, 2021, 134 Stat. 4754, subsequently repealed section 408 of Pub. L. 115-282, effective on the date of enactment of Pub. L. 115-282 (Dec. 4, 2018), and provided that the provisions of law redesignated, transferred, or otherwise amended by such section 408 were amended to read as if that section had not been enacted.

**Prior Provisions**

Statutory Notes and Related Subsidiaries

**Effective Date of 2021 Amendment**

Pub. L. 116-283, div. G, title LVXXXV [LXXXV], §407(d)(7), Jan. 1, 2021, 134 Stat. 4754, provided that: “This section [probably means ‘subsection’] (amending this section, section 70103 of Title 46, Shipping, and section 312 of Title 49, Transportation, and repealing section 70102a of Title 46) shall take effect on the date of the enactment of the Frank LoBiondo Coast Guard Authorization Act of 2018 (Public Law 115-282) [Dec. 4, 2018] and apply as if included therein.”

Editorial Notes

CODIFICATION

Section 1233, act Apr. 28, 1908, ch. 151, § 1, 35 Stat. 69; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to regulations as to regattas or marine parades. See section 70041(a) of Title 46, Shipping.

Section 1234, act Apr. 28, 1908, ch. 151, § 2, 35 Stat. 69; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to enforcement of regulations and use of public or private vessels. See section 70041(b) of Title 46.

Section 1235, act Apr. 28, 1908, ch. 151, § 3, 35 Stat. 69; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to transfer of authority to regulate to head of other department. See section 70041(c) of Title 46.

CHAPTER 26—WATER POLLUTION PREVENTION AND CONTROL

SUBCHAPTER I—RESEARCH AND RELATED PROGRAMS

Sec.

1251. Congressional declaration of goals and policy.

1252. Comprehensive programs for water pollution control.

1252a. Reservoir projects, water storage; modification; storage for other than for water quality, opinion of Federal agency, committee resolutions of approval; provisions inapplicable to projects with certain prescribed water quality benefits in relation to total project benefits.

1253. Interstate cooperation and uniform laws.

1254. Research, investigations, training, and information.

1254a. Research on effects of pollutants.

1255. Grants for research and development.

1256. Grants for pollution control programs.

1257. Mine water pollution control demonstrations.

1257a. State demonstration programs for cleanup of abandoned mines for use as waste disposal sites; authorization of appropriations.

1258. Pollution control in the Great Lakes.

1259. Training grants and contracts.

1260. Applications; allocation.

1261. Scholarships.

1262. Definitions and authorizations.

1263. Alaska village demonstration projects.

1263a. Grants to Alaska to improve sanitation in rural and Native villages.

1264. Omitted.

1265. In-place toxic pollutants.

1266. Hudson River reclamation demonstration project.

1267. Chesapeake Bay.

1268. Great Lakes.

1268a. Great Lakes restoration activities report.

1269. Long Island Sound.

1270. Lake Champlain Basin Program.

1271. Sediment survey and monitoring.

1271a. Research and development program.

1272. Environmental dredging.

1273. Lake Pontchartrain Basin.

1274. Watershed pilot projects.

1275. Columbia River Basin Restoration.

SUBCHAPTER II—GRANTS FOR CONSTRUCTION OF TREATMENT WORKS

Sec.

1281. Congressional declaration of purpose.

1281a. Total treatment system funding.

1281b. Availability of Farmers Home Administration funds for non-Federal share.

1282. Federal share.

1283. Plans, specifications, estimates, and payments.

1284. Limitations and conditions.

1285. Allotment of grant funds.

1286. Reimbursement and advanced construction.

§ 1251  TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 342

Sec. 1288. Areawide waste treatment management.
1289. Basin planning.
1290. Annual survey.
1291. Sewage collection systems.
1292. Definitions.
1293. Loan guarantees.
1293a. Contained spoil disposal facilities.
1294. Public information and education on recycling and reuse of wastewater, use of land treatment, and reduction of wastewater volume.
1295. Requirements for American materials.
1296. Determination of priority of projects.
1298. Cost effectiveness.
1299. Determination of priority of projects.
1300. Pilot program for alternative water source projects.
1301. Sewer overflow and stormwater reuse municipal grants.

SUBCHAPTER III—STANDARDS AND ENFORCEMENT

1311. Effluent limitations.
1312. Water quality related effluent limitations.
1313. Water quality standards and implementation plans.
1313a. Revised water quality standards.
1314. Information and guidelines.
1314a. Wastewater technology clearinghouse.
1315. State reports on water quality.
1317. Toxic and pretreatment effluent standards.
1318. Records and reports; inspections.
1319. Enforcement.
1320. International pollution abatement.
1321. Oil and hazardous substance liability.
1321a. Prevention of small oil spills.
1321b. Improved coordination with tribal governments.
1321c. International efforts on enforcement.
1322. Marine sanitation devices; discharges incidental to the normal operation of vessels.
1323. Federal facilities pollution control.
1324. Clean lakes.
1325. National Study Commission.
1326. Thermal discharges.
1327. Omitted.
1328. Aquaculture.
1329. Nonpoint source management programs.
1330. National estuary program.

SUBCHAPTER IV—PERMITS AND LICENSES

1341. Certification.
1342. National pollutant discharge elimination system.
1343. Ocean discharge criteria.
1344. Permits for dredged or fill material.
1345. Disposal or use of sewage sludge.
1346. Coastal recreation water quality monitoring and notification.

SUBCHAPTER V—GENERAL PROVISIONS

1361. Administration.
1362. Definitions.
1363. Water Pollution Control Advisory Board.
1364. Emergency powers.
1365. Citizen suits.

1369. Administrative procedure and judicial review.
1370. State authority.
1371. Authority under other laws and regulations.
1372. Labor standards.
1373. Public health agency coordination.
1374. Effluent Standards and Water Quality Information Advisory Committee.
1375. Reports to Congress; detailed estimates and comprehensive study on costs; State estimates.
1376. Authorization of appropriations.
1377. Indian tribes.
1377a. Green infrastructure promotion.

SUBCHAPTER VI—STATE WATER POLLUTION CONTROL REVOLVING FUNDS

1381. Grants to States for establishment of revolving funds.
1382. Capitalization grant agreements.
1383. Water pollution control revolving loan funds.
1384. Allotment of funds.
1385. Corrective action.
1386. Audits, reports, and fiscal controls; intended use plan.
1387. Authorization of appropriations.
1388. Requirements.

Editorial Notes

Codification

SUBCHAPTER I—RESEARCH AND RELATED PROGRAMS

§ 1251. Congressional declaration of goals and policy

(a) Restoration and maintenance of chemical, physical and biological integrity of Nation’s waters; national goals for achievement of objective

The objective of this chapter is to restore and maintain the chemical, physical, and biological integrity of the Nation’s waters. In order to achieve this objective it is hereby declared that, consistent with the provisions of this chapter—

(1) it is the national goal that the discharge of pollutants into the navigable waters be eliminated by 1985;

(2) it is the national goal that wherever attainable, an interim goal of water quality which provides for the protection and propagation of fish, shellfish, and wildlife and provides for recreation in and on the water be achieved by July 1, 1983;

(3) it is the national policy that the discharge of toxic pollutants in toxic amounts be prohibited;

(4) it is the national policy that Federal financial assistance be provided to construct publicly owned waste treatment works;

(5) it is the national policy that areawide waste treatment management planning processes be developed and implemented to assure adequate control of sources of pollutants in each State;
(6) It is the national policy that a major research and demonstration effort be made to develop technology necessary to eliminate the discharge of pollutants into the navigable waters, waters of the contiguous zone, and the oceans; and

(7) It is the national policy that programs for the control of nonpoint sources of pollution be developed and implemented in an expeditious manner so as to enable the goals of this chapter to be met through the control of both point and nonpoint sources of pollution.

(b) Congressional recognition, preservation, and protection of primary responsibilities and rights of States

It is the policy of the Congress to recognize, preserve, and protect the primary responsibilities and rights of States to prevent, reduce, and eliminate pollution, to plan the development and use (including restoration, preservation, and enhancement) of land and water resources, and to consult with the Administrator in the exercise of his authority under this chapter. It is the policy of Congress that the States manage the construction grant program under this chapter and implement the permit programs under sections 1342 and 1344 of this title. It is further the policy of the Congress to support and aid research relating to the prevention, reduction, and elimination of pollution and to provide Federal technical services and financial aid to State and interstate agencies and municipalities in connection with the prevention, reduction, and elimination of pollution.

(c) Congressional policy toward Presidential activities with foreign countries

It is further the policy of Congress that the President, acting through the Secretary of State and such national and international organizations as he determines appropriate, shall take such action as may be necessary to insure that to the fullest extent possible all foreign countries shall take meaningful action for the prevention, reduction, and elimination of pollution in their waters and in international waters and for the achievement of goals regarding the elimination of discharge of pollutants and the improvement of water quality to at least the same extent as the United States does under its laws.

(d) Administrator of Environmental Protection Agency to administer chapter

Except as otherwise expressly provided in this chapter, the Administrator of the Environmental Protection Agency (hereinafter in this chapter called "Administrator") shall administer this chapter.

(e) Public participation in development, revision, and enforcement of any regulation, etc.

Public participation in the development, revision, and enforcement of any regulation, standard, effluent limitation, plan, or program established by the Administrator or any State under this chapter shall be provided for, encouraged, and assisted by the Administrator and the States. The Administrator, in cooperation with the States, shall develop and publish regulations specifying minimum guidelines for public participation in such processes.

(f) Procedures utilized for implementing chapter

It is the national policy that to the maximum extent possible the procedures utilized for implementing this chapter shall encourage the drastic minimization of paperwork and inter-agency decision procedures, and the best use of available manpower and funds, so as to prevent needless duplication and unnecessary delays at all levels of government.

(g) Authority of States over water

It is the policy of Congress that the authority of each State to allocate quantities of water within its jurisdiction shall not be superseded, abrogated or otherwise impaired by this chapter. It is the further policy of Congress that nothing in this chapter shall be construed to supersede or abrogate rights to quantities of water which have been established by any State. Federal agencies shall co-operate with State and local agencies to develop comprehensive solutions to prevent, reduce and eliminate pollution in concert with programs for managing water resources.

Editorial Notes

AMENDMENTS

1977—Subsec. (b). Pub. L. 95–217, §26(b), inserted provisions expressing Congressional policy that the States manage the construction grant program under this chapter and implement the permit program under sections 1342 and 1344 of this title.

Subsec. (g). Pub. L. 95–217, §5(a), added subsec. (g).

Statutory Notes and Related Subsidiaries

SHORT TITLE OF 2021 AMENDMENT

Pub. L. 116–337, §1, Jan. 13, 2021, 134 Stat. 5120, provided that: "This Act [enacting section 1377a of this title and section 4370 of Title 42, The Public Health and Welfare, amending sections 1319, 1342, and 1362 of this title, enacting provisions set out as a note under section 1342 of this title and section 4725 of Title 16, section 42 of Title 18, Crimes and Criminal Procedure, and section 11301 of Title 46, Shipping, repealing section 4711 of Title 16, enacting provisions set out as a note under section 1322 of this title and section 4711 of Title 16, and repealing provisions set out as a note under section 1342 of this title] may be cited as the 'Water Infrastructure Improvement Act'.”

SHORT TITLE OF 2019 AMENDMENT

Pub. L. 115–436, §1, Jan. 14, 2019, 132 Stat. 5558, provided that: "This Act [enacting section 1377a of this title and section 4370 of Title 42, The Public Health and Welfare, amending sections 1319, 1342, and 1362 of this title, enacting provisions set out as a note under section 1342 of Title 42, and renumbering provisions set out as a note under this section] may be cited as the 'Great Lakes Restoration Initiative Act of 2019' or the 'GLRI Act of 2019'.”

SHORT TITLE OF 2018 AMENDMENT

Pub. L. 115–282, title IX, §901, Dec. 4, 2018, 132 Stat. 4322, provided that: "This Act [enacting sections 4729 and 4730 of Title 16, Conservation, amending sections 1319, 1322, 1395, and 1389 of this title, sections 4712 and 4725 of Title 16, section 42 of Title 18, Crimes and Criminal Procedure, and section 11301 of Title 46, Shipping, repealing section 4711 of Title 16, enacting provisions set out as a note under section 1322 of this title and section 4711 of Title 16, and repealing provisions set out as a note under section 1342 of this title] may be cited as the 'Vessel Incidental Discharge Act of 2018'.”
of this Act [which enacted this chapter]. The court may, on its own motion or that of any party made at any time within twelve months after such taking effect, or at any time during such twelve-month period, if the same to be maintained by or against the Administrator or such officer or employee.

“(b) All rules, regulations, orders, determinations, contracts, certifications, authorizations, delegations, or other actions duly issued, made, or taken by or pursuant to the Federal Water Pollution Control Act as in effect immediately prior to the date of enactment of this Act [Oct. 18, 1972], and pertaining to any functions, powers, requirements, and duties under the Federal Water Pollution Control Act as in effect immediately prior to the date of enactment of this Act [Oct. 18, 1972] shall continue in full force and effect after the date of enactment of this Act [Oct. 18, 1972] until modified or rescinded in accordance with the Federal Water Pollution Control Act as amended by this Act [this chapter].

“(c) The Federal Water Pollution Control Act as in effect immediately prior to the date of enactment of this Act [Oct. 18, 1972] shall remain applicable to all grants made from funds authorized for the fiscal year ending June 30, 1972, and prior fiscal years, including any increases in the monetary amount of any such grant which may be paid from authorizations for fiscal years beginning after June 30, 1972, except as specifically otherwise provided in section 292 of the Federal Water Pollution Control Act as amended by this Act [section 1282 of this title] and in subsection (c) of section 3 of this Act.”

SEPARABILITY
Act June 30, 1948, ch. 758, title V, §512, as added by Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 894, provided that: “If any provision of this Act [this chapter], or the application of any provision of this Act [this chapter] to any person or circumstance, is held invalid, the application of such provision to other persons or circumstances, and the remainder of this Act [this chapter], shall not be affected thereby.”

NATIONAL SHELLFISH INDICATOR PROGRAM

“(a) Establishment of a research program.—The Secretary of Commerce, in cooperation with the Secretary of Health and Human Services and the Administrator of the Environmental Protection Agency, shall establish and administer a 5-year national shellfish research program (hereafter in this section referred to as the ‘Program’) for the purpose of improving existing classification systems for shellfish growing waters using the latest technological advancements in microbiological and epidemiological methods. Within 12 months after the date of enactment of this Act [Oct. 29, 1992], the Secretary of Commerce, in cooperation with the advisory committee established under subsection (b) and the Consortium, shall develop a comprehensive 5-year plan for the Program which shall at a minimum provide for:

“(1) an environmental assessment of commercial shellfish growing areas in the United States, including an evaluation of the relationships between indicators of fecal contamination and human enteric pathogens;

“(2) the evaluation of such relationships with respect to potential health hazards associated with human consumption of shellfish;

“(3) a comparison of the current microbiological methods used for evaluating indicator bacteria and human enteric pathogens in shellfish and shellfish growing waters with new technological methods designed for this purpose;

“(4) the evaluation of current and projected systems for human sewage treatment in eliminating viruses and other human enteric pathogens which accumulate in shellfish;

“(5) the design of epidemiological studies to relate microbiological data, sanitary survey data, and human shellfish consumption data to actual hazards to health associated with such consumption; and

“(6) recommendations for revising Federal shellfish standards and improving the capabilities of Federal and State agencies to effectively manage shellfish and ensure the safety of shellfish intended for human consumption.

“(b) Advisory committee.—(1) For the purpose of providing oversight of the Program on a continuing basis, an advisory committee (hereafter in this section referred to as the ‘Committee’) shall be established under a memorandum of understanding between the Interstate Shellfish Sanitation Conference and the National Marine Fisheries Service.

“(2) The Committee shall—

“(A) identify priorities for achieving the purpose of the Program;

“(B) review and recommend approval or disapproval of Program work plans and plans of operation;

“(C) review and comment on all subcontracts and grants to be awarded under the Program;

“(D) receive and review progress reports from the Consortium and program subcontractors and grantees; and

“(E) provide such other advice on the Program as is appropriate.

“(3) The Committee shall consist of at least ten members and shall include:

“(A) three members representing agencies having authority under State law to regulate the shellfish industry, of whom one shall represent each of the Atlantic, Pacific, and Gulf of Mexico shellfish growing regions;

“(B) three members representing persons engaged in the shellfish industry in the Atlantic, Pacific, and Gulf of Mexico shellfish growing regions (who shall be appointed from among at least six recommendations by the industry members of the Interstate Shellfish Sanitation Conference Executive Board), of whom one shall represent the shellfish industry in each region;

“(C) three members, of whom one shall represent each of the following Federal agencies: the National Oceanic and Atmospheric Administration, the Environmental Protection Agency, and the Food and Drug Administration; and

“(D) one member representing the Shellfish Institute of North America.

“(4) The Chairman of the Committee shall be selected from among the Committee members described in paragraph (3)(A).

“(5) The Committee shall establish and maintain a subcommittee of scientific experts to provide advice, assistance, and information relevant to research funded under the Program, except that no individual who is awarded, or whose application is being considered for, a grant or subcontract under the Program may serve on such subcommittee. The membership of the subcommittee shall, to the extent practicable, be regionally balanced with experts who have scientific knowledge concerning each of the Atlantic, Pacific, and Gulf of Mexico shellfish growing regions. Scientists from the National Academy of Sciences and appropriate Federal agencies (including the National Oceanic and Atmospheric Administration, Food and Drug Administration, Centers for Disease Control, National Institutes of Health, Environmental Protection Agency, and National Science Foundation) shall be considered for membership on the subcommittee.

“(6) Members of the Committee and its scientific subcommittee established under this subsection shall not be paid for serving on the Committee or subcommittee, but shall receive travel expenses as authorized by section 5703 of title 5, United States Code.

“(c) Contract with Consortium.—Within 30 days after the date of enactment of this Act [Oct. 29, 1992], the Secretary of Commerce shall seek to enter into a cooperative agreement or contract with the Consortium under which the Consortium will:

“(1) be the academic administrative organization and fiscal agent for the Program;
“(2) award and administer such grants and subcontracts as are approved by the Committee under subsection (b);”.

“(3) develop and implement a scientific peer review process for evaluating grant and subcontract applications prior to review by the Committee;

“(4) in cooperation with the Secretary of Commerce and the Committee, procure the services of a scientific project director;

“(5) develop and submit budgets, progress reports, work plans, and plans of operation for the Program to the Secretary of Commerce and the Committee; and

“(6) make available to the Committee such staff, information, and assistance as the Committee may reasonably require to carry out its activities.

“(d) AUTHORIZATION OF APPROPRIATIONS.—(1) Of the sums authorized under section 4(a) of the National Oceanic and Atmospheric Administration Marine Fisheries Program Authorization Act (Public Law 96–210; 97 Stat. 1409), there are authorized to be appropriated to the Secretary of Commerce $5,200,000 for each of the fiscal years 1993 through 1997 for carrying out the Program. Of the amounts appropriated pursuant to this authorization, not more than 5 percent of such appropriation may be used for administrative purposes by the National Oceanic and Atmospheric Administration. The remaining 95 percent of such appropriation shall be used to meet the administrative and scientific objectives of the Program.

“(2) The Interstate Shellfish Sanitation Conference shall not administer appropriations authorized under this section, but may be reimbursed from such appropriations for its expenses in arranging for travel, meetings, workshops, or conferences necessary to carry out the Program.

“(e) DEFINITIONS.—As used in this section, the term—

“(1) ‘Consortium’ means the Louisiana Universities Marine Consortium; and

“(2) ‘shellfish’ means any species of oyster, clam, or mussel that is harvested for human consumption.”

LIMITATION ON PAYMENTS
Pub. L. 100–4, § 2, Feb. 4, 1987, 101 Stat. 8, provided that: “No payments may be made under this Act [see Short Title of 1987 Amendment note above] except to the extent provided in advance in appropriation Acts.”

SEAFOOD PROCESSING STUDY; SUBMITTAL OF RESULTS TO CONGRESS NOT LATER THAN JANUARY 1, 1979
Pub. L. 95–217, §74, Dec. 27, 1977, 91 Stat. 1609, provided that the Administrator of the Environmental Protection Agency conduct a study to examine the geographical, hydrological, and biological characteristics of marine waters to determine the effects of seafood processes which dispose of untreated natural wastes into such waters and to include in this study an examination of technologies which may be used in such processes to facilitate the use of the nutrients in these wastes or to reduce the discharge of such wastes into the marine environment and to submit the result of this study to Congress not later than Jan. 1, 1979.

OBSERVATION STUDY
Pub. L. 92–500, § 5, Oct. 18, 1972, 86 Stat. 897, authorized the Comptroller General of the United States to conduct a study and review of the research, pilot, and demonstration programs related to prevention and control of water pollution conducted, supported, or assisted by any Federal agency pursuant to any Federal law or regulation and assess conflicts between these programs and their coordination and efficacy, and to report to Congress thereon by Oct. 1, 1973.

INTERNATIONAL TRADE STUDY
Pub. L. 92–500, § 6, Oct. 18, 1972, 86 Stat. 897, provided that:

“(a) The Secretary of Commerce, in cooperation with other interested Federal agencies and with representatives of industry and the public, shall undertake immediately an investigation and study to determine—

“(1) the extent to which pollution abatement and control programs will be imposed on, or voluntarily undertaken by, United States manufacturers in the near future and the probable adverse effects of the costs of such programs (computed to the greatest extent practicable on an industry-by-industry basis) on (A) the production costs of domestic manufacturers, and (B) the market prices of the goods produced by them;

“(2) the probable extent to which pollution abatement and control programs will be implemented in foreign industrial nations in the near future and the extent to which the production costs (computed to the greatest extent practicable on an industry-by-industry basis) of foreign manufacturers will be affected by the costs of such programs;

“(3) the probable competitive advantage which any article manufactured in a foreign nation will likely have in relation to a comparable article made in the United States if that foreign nation—

“(A) does not require its manufacturers to implement pollution abatement and control programs,

“(B) requires a lesser degree of pollution abatement and control in its programs, or

“(C) in any way reimburses or otherwise subsidizes its manufacturers for the costs of such program;

“(4) the probable extent to which pollution abatement and control programs will be implemented in foreign industrial nations in the near future and the probable extent to which pollution abatement and control in its programs, or

“(A) does not require its manufacturers to implement pollution abatement and control programs;

“(B) requires a lesser degree of pollution abatement and control in its programs, or

“(C) in any way reimburses or otherwise subsidizes its manufacturers for the costs of such program;

“(D) does not impose compensating tariffs or other equalizing measure that encourage the use of its manufactured goods produced by them;

“(E) makes available to the Committee such staff, information, and assistance as the Committee may reasonably require to carry out its activities.

“(6) make available to the Committee such staff, information, and assistance as the Committee may reasonably require to carry out its activities.

“(e) DETERMINATION OF COMPETITIVE ADVANTAGE.—(1) DETERMINATION OF COMPETITIVE ADVANTAGE.—(A) The Secretary shall make an initial report to the President and Congress within six months after the date of enactment of this section [Oct. 18, 1972] of the results of the study and investigation carried out pursuant to this section and shall make additional reports thereafter at such times as he deems appropriate taking into account the development of relevant data, but not less than once every twelve months.”

INTERNATIONAL AGREEMENTS
Pub. L. 92–500, § 7, Oct. 18, 1972, 86 Stat. 898, provided that: “The President shall undertake to enter into international agreement to apply uniform standards of performance for the control of the discharge and emission of pollutants from new sources, uniform controls over the discharge and emission of toxic pollutants, and uniform controls over the discharge of pollutants into the ocean. For this purpose the President shall negotiate multilateral treaties, conventions, resolutions, or other agreements, and formulate, present, or support proposals at the United Nations and other appropriate international forums.”

NATIONAL POLICIES AND GOAL STUDY
Pub. L. 92–500, § 10, Oct. 18, 1972, 86 Stat. 899, directed President to make a full and complete investigation and study of all national policies and goals established by law to determine what the relationship should be between these policies and goals, taking into account the resources of the Nation, and to report results of his investigation and study together with his recommendations to Congress not later than two years after Oct. 18, 1972.

EFFICIENCY STUDY
Pub. L. 92–500, § 11, Oct. 18, 1972, 86 Stat. 899, directed President, by utilization of the General Accounting Office, to conduct a full and complete investigation and study of ways and means of most effectively using all of the various resources, facilities, and personnel of the
§ 1252. Comprehensive programs for water pollution control

(a) Preparation and development

The Administrator shall, after careful investigation, and in cooperation with other Federal agencies, State water pollution control agencies, interstate agencies, and the municipalities and industries involved, prepare or develop comprehensive programs for preventing, reducing, or eliminating the pollution of the navigable waters and ground waters and improving the sanitary condition of surface and underground waters. In the development of such comprehensive programs due regard shall be given to the improvements which are necessary to conserve such waters for the protection and propagation of fish and aquatic life and wildlife, recreational purposes, and the withdrawal of such waters for public water supply, agricultural, industrial, and other purposes. For the purpose of this section, the Administrator is authorized to make joint investigations with any such agencies of the condition of any waters in any State or States, and of the discharges of any sewage, industrial wastes, or substance which may adversely affect such waters.

(b) Planning for reservoirs; storage for regulation of streamflow

(1) In the survey or planning of any reservoir by the Corps of Engineers, Bureau of Reclamation, or other Federal agency, consideration shall be given to inclusion of storage for regulation of streamflow, except that any such storage and water releases shall not be provided as a substitute for adequate treatment or other methods of controlling waste at the source.

(2) The need for and the value of storage for regulation of streamflow (other than for water quality) including but not limited to, navigation, salt water intrusion, recreation, esthetics, and fish and wildlife, shall be determined by the Corps of Engineers, Bureau of Reclamation, or other Federal agencies.

(3) The need for, the value of, and the impact of, storage for water quality control shall be determined by the Administrator, and his views with respect to these matters shall be set forth in any report or presentation to Congress proposing authorization or construction of any reservoir including such storage.

(4) The value of such storage shall be taken into account in determining the economic value of the entire project of which it is a part, and costs shall be allocated to the purpose of regulation of streamflow in a manner which will insure that all project purposes, share equitably in the benefit of multipurpose construction.

(5) Costs of regulation of streamflow features incorporated in any Federal reservoir or other impoundment under the provisions of this chapter shall be determined and the beneficiaries identified and if the benefits are widespread or national in scope, the costs of such features shall be nonreimbursable.

(6) No license granted by the Federal Energy Regulatory Commission for a hydroelectric power project shall include storage for regulation of streamflow for the purpose of water quality control unless the Administrator shall rec-
ommend its inclusion and such reservoir storage capacity shall not exceed such proportion of the total storage required for the water quality control plan as the drainage area of such reservoir bears to the drainage area of the river basin or portions involved in such water quality control plan.

(c) Basins; grants to State agencies

(1) The Administrator shall, at the request of the Governor of a State, or a majority of the Governors when more than one State is involved, make a grant to pay not to exceed 50 per centum of the administrative expenses of a planning agency for a period not to exceed three years, which period shall begin after October 18, 1972, if such agency provides for adequate representation of appropriate State, interstate, local, or (when appropriate) international interests in the basin or portion thereof involved and is capable of developing an effective, comprehensive water quality control plan for a basin or portion thereof.

(2) Each planning agency receiving a grant under this subsection shall develop a comprehensive pollution control plan for the basin or portion thereof which—

(A) is consistent with any applicable water quality standards, effluent and other limitations, and thermal discharge regulations established pursuant to current law within the basin;

(B) recommends such treatment works as will provide the most effective and economical means of collection, storage, treatment, and elimination of pollutants and recommends means to encourage both municipal and industrial use of such works;

(C) recommends maintenance and improvement of water quality within the basin or portion thereof and recommends methods of adequately financing those facilities as may be necessary to implement the plan; and

(D) as appropriate, is developed in cooperation with, and is consistent with any comprehensive plan prepared by the Water Resources Council, any areawide waste management plans developed pursuant to section 1288 of this title, and any State plan developed pursuant to section 1313(e) of this title.

(3) For the purposes of this subsection the term "basin" includes, but is not limited to, rivers and their tributaries, streams, coastal waters, sounds, estuaries, bays, lakes, and portions thereof as well as the lands drained thereby.

(1972—Subsec. (d). Pub. L. 95–217 added subsec. (d).)

Statutory Notes and Related Subsidiaries

Transfer of Functions

Executive Documents

EXECUTIVE ORDER NO. 10014

Ex. Ord. No. 10014, Nov. 3, 1948, 13 F.R. 6601, which related to the cooperation of Federal and State agencies to prevent pollution of surface and underground waters, was superseded by Ex. Ord. No. 11258, Nov. 17, 1965, 30 F.R. 14683.

§1252a. Reservoir projects, water storage; modification; storage for other than for water quality, opinion of Federal agency; committee resolutions of approval; provisions inapplicable to projects with certain prescribed water quality benefits in relation to total project benefits

In the case of any reservoir project authorized for construction by the Corps of Engineers, Bureau of Reclamation, or other Federal agency when the Administrator of the Environmental Protection Agency determines pursuant to section 1252(b) of this title that any storage in such project for regulation of streamflow for water quality is not needed, or is needed in a different amount, such project may be modified accordingly by the head of the appropriate agency, and any storage no longer required for water quality may be utilized for other authorized purposes of the project when, in the opinion of the head of such agency, such use is justified. Any such modification of a project where the benefits attributable to water quality are 15 per centum or more but not greater than 25 per centum of the total project benefits shall take effect only upon the adoption of resolutions approving such modification by the appropriate committees of the Senate and House of Representatives. The provisions of the section shall not apply to any project where the benefits attributable to water quality exceed 25 per centum of the total project benefits.

Editorial Notes

Codification

Section was not enacted as part of the Federal Water Pollution Control Act which comprises this chapter.

§1253. Interstate cooperation and uniform laws

(a) The Administrator shall encourage cooperative activities by the States for the prevention,
reduction, and elimination of pollution, encourage the enactment of improved and, so far as practicable, uniform State laws relating to the prevention, reduction, and elimination of pollution; and encourage compacts between States for the prevention and control of pollution.

(b) The consent of the Congress is hereby given to two or more States to negotiate and enter into agreements or compacts, not in conflict with any law or treaty of the United States, for (1) cooperative effort and mutual assistance for the prevention and control of pollution and the enforcement of their respective laws relating thereto, and (2) the establishment of such agencies, joint or otherwise, as they may deem desirable for making effective such agreements and compacts. No such agreement or compact shall be binding or obligatory upon any State a party thereto unless and until it has been approved by the Congress.

§ 1254. Research, investigations, training, and information

(a) Establishment of national programs; cooperation; investigations; water quality surveillance system; reports

The Administrator shall establish national programs for the prevention, reduction, and elimination of pollution and as part of such programs shall—

(1) in cooperation with other Federal, State, and local agencies, conduct and promote the coordination and acceleration of research, investigations, experiments, training, demonstrations, surveys, and studies relating to the causes, effects, extent, prevention, reduction, and elimination of pollution;

(2) encourage, cooperate with, and render technical services to pollution control agencies and other appropriate public or private agencies, institutions, and organizations, and individuals, including the general public, in the conduct of activities referred to in paragraph (1) of this subsection;

(3) conduct, in cooperation with State water pollution control agencies and other interested agencies, organizations and persons, public investigations concerning the pollution of any navigable waters, and report on the results of such investigations;

(4) establish advisory committees composed of recognized experts in various aspects of pollution and representatives of the public to assist in the examination and evaluation of research progress and proposals and to avoid duplication of research;

(5) in cooperation with the States, and their political subdivisions, and other Federal agencies establish, equip, and maintain a water quality surveillance system for the purpose of monitoring the quality of the navigable waters and ground waters and the contiguous zone and the oceans and the Administrator shall, to the extent practicable, conduct such surveillance by utilizing the resources of the National Aeronautics and Space Administration, the National Oceanic and Atmospheric Administration, the United States Geological Survey, and the Coast Guard, and shall report on such quality in the report required under subsection (a) of section 1375 of this title; and

(6) initiate and promote the coordination and acceleration of research designed to develop the most effective and practicable tools and techniques for measuring the social and economic costs and benefits of activities which are subject to regulation under this chapter; and shall transmit a report on the results of such research to the Congress not later than January 1, 1974.

(b) Authorized activities of Administrator

In carrying out the provisions of subsection (a) of this section the Administrator is authorized to—

(1) collect and make available, through publications and other appropriate means, the results of and other information, including appropriate recommendations by him in connection therewith, pertaining to such research and other activities referred to in paragraph (1) of subsection (a);

(2) cooperate with other Federal departments and agencies, State water pollution control agencies, interstate agencies, other public and private agencies, institutions, organizations, industries involved, and individuals, in the preparation and conduct of such research and other activities referred to in paragraph (1) of subsection (a);

(3) make grants to State water pollution control agencies, interstate agencies, other public or nonprofit private agencies, institutions, organizations, and individuals, for purposes stated in paragraph (1) of subsection (a) of this section;

(4) contract with public or private agencies, institutions, organizations, and individuals, without regard to section 332(d) and (b) of title 31 and section 6101 of title 41, referred to in paragraph (1) of subsection (a);

(5) establish and maintain research fellowships at public or nonprofit private educational institutions or research organizations;

(6) collect and disseminate, in cooperation with other Federal departments and agencies, and with other public or private agencies, institutions, and organizations having related responsibilities, basic data on chemical, physical, and biological effects of varying water quality and other information pertaining to pollution and the prevention, reduction, and elimination thereof;

(7) develop effective and practical processes, methods, and prototype devices for the prevention, reduction, and elimination of pollution; and

(8) make grants to nonprofit organizations—

(A) to provide technical assistance to rural, small, and tribal municipalities for the purpose of assisting, in consultation with the State in which the assistance is provided, such municipalities and tribal governments in the planning, developing, and acquisition of financing for eligible projects and activities described in section 1383(c) of this title;

(B) to provide technical assistance and training for rural, small, and tribal publicly
owned treatment works and decentralized wastewater treatment systems to enable such treatment works and systems to protect water quality and achieve and maintain compliance with the requirements of this chapter; and

(C) to disseminate information to rural, small, and tribal municipalities and municipalities that meet the affordability criteria established under section 1383(i)(2) of this title, in which the municipality is located with respect to planning, design, construction, and operation of publicly owned treatment works and decentralized wastewater treatment systems.

(c) Research and studies on harmful effects of pollutants; cooperation with Secretary of Health and Human Services

In carrying out the provisions of subsection (a) of this section the Administrator shall conduct research on, and survey the results of other scientific studies on, the harmful effects on the health or welfare of persons caused by pollutants. In order to avoid duplication of effort, the Administrator shall, to the extent practicable, conduct such research in cooperation with and through the facilities of the Secretary of Health and Human Services.

(d) Sewage treatment; identification and measurement of effects of pollutants; augmented streamflow

In carrying out the provisions of this section the Administrator shall develop and demonstrate under varied conditions (including conducting such basic and applied research, studies, and experiments as may be necessary):

(1) Practicable means of treating municipal sewage, and other waterborne wastes to implement the requirements of section 1291 of this title;

(2) Improved methods and procedures to identify and measure the effects of pollutants, including those pollutants created by new technological developments; and

(3) Methods and procedures for evaluating the effects on water quality of augmented streamflows to control pollution not susceptible to other means of prevention, reduction, or elimination.

(e) Field laboratory and research facilities

The Administrator shall establish, equip, and maintain field laboratory and research facilities, including, but not limited to, one to be located in the northeastern area of the United States, one in the Middle Atlantic area, one in the southeastern area, one in the midwestern area, one in the southwestern area, one in the Pacific Northwest, and one in the State of Alaska, for the conduct of research, investigations, experiments, field demonstrations and studies, and training relating to the prevention, reduction and elimination of pollution. Insofar as practicable, each such facility shall be located near institutions of higher learning in which graduate training in such research might be carried out. In conjunction with the development of criteria under section 1343 of this title, the Administrator shall construct the facilities authorized for the National Marine Water Quality Laboratory established under this subsection.

(f) Great Lakes water quality research

The Administrator shall conduct research and technical development work, and make studies, with respect to the quality of the waters of the Great Lakes, including an analysis of the present and projected future water quality of the Great Lakes under varying conditions of waste treatment and disposal, an evaluation of the water quality needs of those to be served by such waters, an evaluation of municipal, industrial, and vessel waste treatment and disposal practices with respect to such waters, and a study of alternate means of solving pollution problems (including additional waste treatment measures) with respect to such waters.

(g) Treatment works pilot training programs; employment needs forecasting; training projects and grants; research fellowships; technical training; report to the President and transmittal to Congress

(1) For the purpose of providing an adequate supply of trained personnel to operate and maintain existing and future treatment works and related activities, and for the purpose of enhancing substantially the proficiency of those engaged in such activities, the Administrator shall finance pilot programs, in cooperation with State and interstate agencies, municipalities, educational institutions, and other organizations and individuals, of manpower development and training and retraining of persons in, on entering into, the field of operation and maintenance of treatment works and related activities. Such program and any funds expended for such a program shall supplement, not supplant, other manpower and training programs and funds available for the purposes of this paragraph. The Administrator is authorized, under such terms and conditions as he deems appropriate, to enter into agreements with one or more States, acting jointly or severally, or with other public or private agencies or institutions for the development and implementation of such a program.

(2) The Administrator is authorized to enter into agreements with public and private agencies and institutions, and individuals to develop and maintain an effective system for forecasting the supply of, and demand for, various professional and other occupational categories needed for the prevention, reduction, and elimination of pollution in each region, State, or area of the United States and, from time to time, to publish the results of such forecasts.

(3) In furtherance of the purposes of this chapter, the Administrator is authorized to—

(A) make grants to public or private agencies and institutions and to individuals for training projects, and provide for the conduct of training by contract with public or private agencies and institutions and to individuals without regard to section 3324(a) and (b) of title 31 and section 6101 of title 41;

(B) establish and maintain research fellowships in the Environmental Protection Agency with such stipends and allowances, including traveling and subsistence expenses, as he may deem necessary to procure the assistance of the most promising research fellows; and

(C) provide, in addition to the program established under paragraph (1) of this sub-
section, training in technical matters relating to the causes, prevention, reduction, and elimination of pollution for personnel of public agencies and other persons with suitable qualifications.

(4) The Administrator shall submit, through the President, a report to the Congress not later than December 31, 1973, summarizing the actions taken under this subsection and the effectiveness of such actions, and setting forth the number of persons trained, the occupational categories for which training was provided, the effectiveness of other Federal, State, and local training programs in this field, together with estimates of future needs, recommendations on improving training programs, and such other information and recommendations, including legislative recommendations, as he deems appropriate.

(h) Lake pollution
The Administrator is authorized to enter into contracts with, or make grants to, public or private agencies and organizations and individuals for the purpose of developing and demonstrating new or improved methods for the prevention, removal, reduction, and elimination of pollution in lakes, including the undesirable effects of nutrients and vegetation, and the construction of publicly owned research facilities for such purpose.

(i) Oil pollution control studies
The Administrator, in cooperation with the Secretary of the Department in which the Coast Guard is operating, shall—
(1) engage in such research, studies, experiments, and demonstrations as he deems appropriate, relative to the removal of oil from any waters and to the prevention, control, and elimination of oil and hazardous substances pollution;
(2) publish from time to time the results of such activities; and
(3) from time to time, develop and publish in the Federal Register specifications and other technical information on the various chemical compounds used in the control of oil and hazardous substances spills.

In carrying out this subsection, the Administrator may enter into contracts with, or make grants to, public or private agencies and organizations and individuals.

(j) Solid waste disposal equipment for vessels
The Secretary of the department in which the Coast Guard is operating shall engage in such research, studies, experiments, and demonstrations as he deems appropriate relative to equipment which is to be installed on board a vessel and is designed to receive, retain, treat, or discharge human body wastes and the wastes from toilets and other receptacles intended to receive or retain body wastes with particular emphasis on equipment to be installed on small recreational vessels. The Secretary of the department in which the Coast Guard is operating shall report to Congress the results of such research, studies, experiments, and demonstrations prior to the effective date of any regulations established under section 1322 of this title.

In carrying out this subsection the Secretary of the department in which the Coast Guard is operating may enter into contracts with, or make grants to, public or private organizations and individuals.

(k) Land acquisition
In carrying out the provisions of this section relating to the conduct by the Administrator of demonstration projects and the development of field laboratories and research facilities, the Administrator may acquire land and interests therein by purchase, with appropriated or donated funds, by donation, or by exchange for acquired or public lands under his jurisdiction which he classifies as suitable for disposition. The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal, the values shall be equalized by the payment of cash to the grantor or to the Administrator as the circumstances require.

(l) Collection and dissemination of scientific knowledge on effects and control of pesticides in water
(1) The Administrator shall, after consultation with appropriate local, State, and Federal agencies, public and private organizations, and interested individuals, as soon as practicable but not later than January 1, 1973, develop and issue to the States for the purpose of carrying out this chapter the latest scientific knowledge available in indicating the kind and extent of effects on health and welfare which may be expected from the presence of pesticides in the water in varying quantities. He shall revise and add to such information whenever necessary to reflect developing scientific knowledge.

(2) The President shall, in consultation with appropriate local, State, and Federal agencies, public and private organizations, and interested individuals, conduct studies and investigations of methods to control the release of pesticides into the environment which study shall include examination of the persistency of pesticides in the water environment and alternatives thereto. The President shall submit reports, from time to time, on such investigations to Congress together with his recommendations for any necessary legislation.

(m) Waste oil disposal study
(1) The Administrator shall, in an effort to prevent degradation of the environment from the disposal of waste oil, conduct a study of (A) the generation of used engine, machine, cooling, and similar waste oil, including quantities generated, the nature and quality of such oil, present collecting methods and disposal practices, and alternate uses of such oil; (B) the long-term, chronic biological effects of the disposal of such waste oil; and (C) the potential market for such oils, including the economic and legal factors relating to the sale of products made from such oils, the level of subsidy, if any, needed to encourage the purchase by public and private nonprofit agencies of products from such oil, and the practicability of Federal procurement, on a priority basis, of products made from such oil. In conducting such study, the Administrator shall consult with affected industries and other persons.
(q) Sewage in rural areas; national clearinghouse for alternative treatment information; clearinghouse on small flows

(1) The Administrator shall conduct a comprehensive program of research and investigation and pilot project implementation into new and improved methods of preventing, reducing, storing, collecting, treating, or otherwise eliminating pollution from sewage in rural and other areas where collection of sewage in conventional, communitywide sewage collection systems is impractical, uneconomical, or otherwise infeasible, or where soil conditions or other factors preclude the use of septic tank and drainage field systems.

(2) The Administrator shall conduct a comprehensive program of research and investigation and pilot project implementation into new and improved methods for the collection and treatment of sewage and other liquid wastes combined with the treatment and disposal of solid wastes.

(3) The Administrator shall establish, either within the Environmental Protection Agency, or through contract with an appropriate public or private non-profit organization, a national clearinghouse which shall (A) receive reports and information resulting from research, demonstrations, and other projects funded under this chapter related to paragraph (1) of this subsection and to subsection (e)(2) of section 1255 of this title; (B) coordinate and disseminate such reports and information for use by Federal and State agencies, municipalities, institutions, and persons in developing new and improved methods pursuant to this subsection; and (C) provide for the collection and dissemination of reports and information relevant to this subsection from other Federal and State agencies, municipalities, institutions, and persons.

(4) SMALL FLOWS CLEARINGHOUSE.—Notwithstanding section 1285(d) of this title, from amounts that are set aside for a fiscal year under section 1285(i) of this title and are not ob-

(1) The Administrator shall conduct research and investigations on devices, systems, incentives, pricing policy, and other methods of reducing the total flow of sewage, including, but not limited to, unnecessary water consumption, in order to reduce the requirements for, and the costs of, sewage and waste treatment services. Such research and investigations shall be directed to develop devices, systems, policies, and methods capable of achieving the maximum reduction of unnecessary water consumption.

(2) The Administrator shall report the preliminary results of such studies and investigations to the Congress within one year after October 18, 1972, and annually thereafter in the report required under subsection (a) of section 1375 of this title. Such report shall include recommendations for any legislation that may be required to provide for the adoption and use of devices, systems, policies, or other methods of reducing water consumption and reducing the total flow of sewage. Such report shall include an estimate of the benefits to be derived from adoption and use of such devices, systems, policies, or other methods and also shall reflect estimates of any increase in private, public, or other cost that would be occasioned thereby.

(n) Comprehensive studies of effects of pollution on estuaries and estuarine zones

(1) The Administrator shall, in cooperation with the Secretary of the Army, the Secretary of Agriculture, the Water Resources Council, and with other appropriate Federal, State, interstate, or local public bodies and private organizations, institutions, and individuals, conduct and promote, and encourage contributions to, continuing comprehensive studies of the effects of pollution, including sedimentation, in the estuaries and estuarine zones of the United States on fish and wildlife, on sport and commercial fishing, on recreation, on water supply and water power, and on other beneficial purposes. Such studies shall also consider the effect of demographic trends, the exploitation of mineral resources and fossil fuels, land and industrial development, navigation, flood and erosion control, and other uses of estuaries and estuarine zones upon the pollution of the waters therein.

(2) In conducting such studies, the Administrator shall assemble, coordinate, and organize all existing pertinent information on the Nation’s estuaries and estuarine zones; carry out a program of investigations and surveys to supplement existing information in representative estuaries and estuarine zones; and identify the problems and areas where further research and study are required.

(3) The Administrator shall submit to Congress, from time to time, reports of the studies authorized by this subsection but at least one such report during any six-year period. Copies of each such report shall be made available to all interested parties, public and private.

(4) For the purpose of this subsection, the term “estuarine zones” means an environmental system consisting of an estuary and those transitional areas which are consistently influenced or affected by water from an estuary such as, but not limited to, salt marshes, coastal and intertidal areas, bays, harbors, lagoons, inshore waters, and channels, and the term “estuary” means all or part of the mouth of a river or stream or other body of water having an unimpeded natural connection with open sea and within which the sea water is measurably diluted with fresh water derived from land drainage.

(o) Methods of reducing total flow of sewage and unnecessary water consumption; reports

(1) The Administrator shall conduct research and investigations on devices, systems, incentives, pricing policy, and other methods of reducing the total flow of sewage, including, but not limited to, unnecessary water consumption, in order to reduce the requirements for, and the costs of, sewage and waste treatment services. Such research and investigations shall be directed to develop devices, systems, policies, and methods capable of achieving the maximum reduction of unnecessary water consumption.

(2) The Administrator shall report the preliminary results of such studies and investigations to the Congress within one year after October 18, 1972, and annually thereafter in the report required under subsection (a) of section 1375 of this title. Such report shall include recommendations for any legislation that may be required to provide for the adoption and use of devices, systems, policies, or other methods of reducing water consumption and reducing the total flow of sewage. Such report shall include an estimate of the benefits to be derived from adoption and use of such devices, systems, policies, or other methods and also shall reflect estimates of any increase in private, public, or other cost that would be occasioned thereby.
ligated by the end of the 24-month period of availability for such amounts under section 1285(d) of this title, the Administrator shall make available $1,000,000 or such unobligated amount, whichever is less, to support a national clearinghouse within the Environmental Protection Agency to collect and disseminate information on small flows of sewage and innovative or alternative wastewater treatment processes and techniques, consistent with paragraph (3). This paragraph shall apply with respect to amounts set aside under section 1285(i) of this title for which the 24-month period of availability referred to in the preceding sentence ends on or after September 30, 1986.

(r) Research grants to colleges and universities

The Administrator is authorized to make grants to colleges and universities to conduct basic research into the structure and function of freshwater aquatic ecosystems, and to improve understanding of the ecological characteristics necessary to the maintenance of the chemical, physical, and biological integrity of freshwater aquatic ecosystems.

(s) River Study Centers

The Administrator is authorized to make grants to one or more institutions of higher education (regionally located and to be designated as "River Study Centers") for the purpose of conducting and reporting on interdisciplinary studies on the nature of river systems, including hydrology, biology, ecology, economics, the relationship between river uses and land uses, and the effects of development within river basins on river systems and on the value of water resources and water related activities. No such grant in any fiscal year shall exceed $1,000,000.

(t) Thermal discharges

The Administrator shall, in cooperation with State and Federal agencies and public and private organizations, conduct continuing comprehensive studies of the effects and methods of control of thermal discharges. In evaluating alternative methods of control the studies shall consider (1) such data as are available on the latest available technology, economic feasibility including cost-effectiveness analysis, and (2) the total impact on the environment, considering not only water quality but also air quality, land use, and effective utilization and conservation of freshwater and other natural resources. Such studies shall consider methods of minimizing adverse effects and maximizing beneficial effects of thermal discharges. The results of these studies shall be reported by the Administrator as soon as practicable, but not later than 270 days after October 18, 1972, and shall be made available to the public and the States, and considered as they become available by the Administrator in carrying out section 1226 of this title and by the States in proposing thermal water quality standards.

(u) Authorization of appropriations

There is authorized to be appropriated (1) not to exceed $100,000,000 per fiscal year for the fiscal year ending June 30, 1973, the fiscal year ending June 30, 1974, and the fiscal year ending June 30, 1975, not to exceed $14,039,000 for the fiscal year ending September 30, 1980, not to exceed $20,697,000 for the fiscal year ending September 30, 1981, not to exceed $22,770,000 for the fiscal year ending September 30, 1982, such sums as may be necessary for fiscal years 1983 through 1985, and not to exceed $22,770,000 per fiscal year for each of the fiscal years 1986 through 1990, for carrying out the provisions of this section, other than subsections (g)(1) and (2), (p), (r), and (t), except that such authorizations are not for any research, development, or demonstration activity pursuant to such provisions; (2) not to exceed $7,500,000 for fiscal years 1973, 1974, and 1975, $2,000,000 for fiscal year 1977, $3,000,000 for fiscal year 1978, $3,000,000 for fiscal year 1979, $3,000,000 for fiscal year 1980, $3,000,000 for fiscal year 1981, $3,000,000 for fiscal year 1982, such sums as may be necessary for fiscal years 1983 through 1985, and $3,000,000 per fiscal year for each of the fiscal years 1986 through 1990, for carrying out the provisions of subsection (g)(1); (3) not to exceed $2,500,000 for fiscal years 1973, 1974, and 1975, $1,000,000 for fiscal year 1977, $1,500,000 for fiscal year 1978, $1,500,000 for fiscal year 1979, $1,500,000 for fiscal year 1980, $1,500,000 for fiscal year 1981, $1,500,000 for fiscal year 1982, such sums as may be necessary for fiscal years 1983 through 1985, and $1,500,000 per fiscal year for each of the fiscal years 1986 through 1990, for carrying out the provisions of subsection (g)(2); (4) not to exceed $10,000,000 for each of the fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975, for carrying out the provisions of subsection (p); (5) not to exceed $15,000,000 per fiscal year for the fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975, for carrying out the provisions of subsection (v); (6) not to exceed $10,000,000 per fiscal year for the fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975, for carrying out the provisions of subsection (t); and (7) not to exceed $25,000,000 for each of fiscal years 1991 through 2023 for carrying out subsections (b)(3), (b)(8), and (g).

(v) Studies concerning pathogen indicators in coastal recreation waters

Not later than 18 months after October 10, 2000, after consultation and in cooperation with appropriate Federal, State, tribal, and local officials (including local health officials), the Administrator shall initiate, and, not later than 3 years after October 10, 2000, shall complete, in cooperation with the heads of other Federal agencies, studies to provide additional information for use in developing—

(1) an assessment of potential human health risks resulting from exposure to pathogens in coastal recreation waters, including non-gastrointestinal effects;

(2) appropriate and effective indicators for improving detection in a timely manner in coastal recreation waters of the presence of pathogens that are harmful to human health;

(3) appropriate, accurate, expeditious, and cost-effective methods (including predictive models) for detecting in a timely manner in coastal recreation waters the presence of pathogens that are harmful to human health; and

(4) guidance for State application of the criteria for pathogens and pathogen indicators to
be published under section 1314(a)(9) of this title to account for the diversity of geographic and aquatic conditions.

(w) Nonprofit organization

For purposes of subsection (b)(8), the term "nonprofit organization" means a nonprofit organization that the Administrator determines, after consultation with the States regarding what small publicly owned treatment works in the State find to be most beneficial and effective, is qualified and experienced in providing on-site training and technical assistance to small publicly owned treatment works.

Section 1329 of Title 20, Education.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Secretary of Health and Human Services" substituted for "Secretary of Health, Education, and Welfare" in subsec. (c) pursuant to section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

Effective Date of 2002 Amendment

Pub. L. 107–303, title III, §302(b), Nov. 27, 2002, 116 Stat. 2361, provided that:

“(1) IN GENERAL.—Effective November 10, 1998, section 501 of the Federal Reports Elimination Act of 1998 (Public Law 105–362; 112 Stat. 3283) is amended by striking subsections (a) [amending this section and section 1330 of this title], (b) [amending section 1324 of this title], (c) [amending section 1329 of this title], and (d) [amending this section and sections 1326, 1328, 1329, and 1331 of this title].

“(2) APPLICABILITY.—The Federal Water Pollution Control Act (33 U.S.C. 1254(c)(4)(3) [33 U.S.C. 1254 et seq.] shall be applied and administered on and after the date of enactment of this Act (Nov. 27, 2002) as if the amendments made by subsections (a), (b), (c), and (d) of section 501 of the Federal Reports Elimination Act of 1998 (Public Law 105–362; 112 Stat. 3283) had not been enacted.”

Transfer of Functions

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities...
and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 469(b), 531(d), 559(d), and 555 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102–486, set out as an Abolition of Office of Federal Inspector note under section 719e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720(d) of Title 15.

COLUMBIA RIVER BASIN SYSTEM; PROTECTION FROM OIL SPILLS AND DISCHARGES; CRITERIA FOR EVALUATION AND REPORT TO CONGRESS BY COMMANDANT OF COAST GUARD IN CONSULTATION WITH FEDERAL, ETC., AGENCIES

Pub. L. 96–308, §§ 6, June 30, 1978, 92 Stat. 359, set forth Congressional findings and declarations and evaluation criteria with respect to protection from oil spills and discharges and betterment of the Columbia River Basin system, with such evaluation by the Commandant of the Coast Guard to begin within 180 days after June 30, 1978, and immediate submission of the evaluation to appropriate Congressional committees.

Executive Documents
TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with this chapter with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§102(f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

CONTIGUOUS ZONE OF UNITED STATES

For extension of contiguous zone of United States, see Proc. No. 7219, set out as a note under section 1331 of Title 43, Public Lands.

§ 1255. Grants for research and development

(a) Demonstration projects covering storm waters, advanced waste treatment and water purification methods, and joint treatment systems for municipal and industrial wastes

The Administrator is authorized to conduct in the Environmental Protection Agency, and to make grants to any State, municipal, or intermunicipal or interstate agency for the purpose of assisting in the development of—

(1) any project which will demonstrate a new or improved method of preventing, reducing, and eliminating the discharge into any waters of pollutants from sewers which carry storm water or both storm water and pollutants; or

(2) any project which will demonstrate advanced waste treatment and water purification methods (including the temporary use of new or improved chemical additives which provide substantial immediate improvements to existing treatment processes), or new or improved methods of joint treatment systems for municipal and industrial wastes;

and to include in such grants such amounts as are necessary for the purpose of reports, plans, and specifications in connection therewith.

(b) Demonstration projects for advanced treatment and environmental enhancement techniques to control pollution in river basins

The Administrator is authorized to make grants to any State or States or interstate agency to demonstrate, in river basins or portions thereof, advanced treatment and environmental enhancement techniques to control pollution from all sources, within such basins or portions thereof, including nonpoint sources, together with in stream water quality improvement techniques.

(c) Research and demonstration projects for prevention of water pollution by industry

In order to carry out the purposes of section 1311 of this title, the Administrator is authorized to (1) conduct in the Environmental Protection Agency, (2) make grants to persons, and (3) enter into contracts with persons, for research and demonstration projects for prevention of pollution of any waters by industry including, but not limited to, the prevention, reduction, and elimination of the discharge of pollutants. No grant shall be made for any project under this subsection unless the Administrator determines that such project will develop or dem-

---

1 So in original.
onstrate a new or improved method of treating industrial wastes or otherwise prevent pollution by industry, which method shall have industry-wide application.

(d) Accelerated and priority development of waste management and waste treatment methods and identification and measurement methods

In carrying out the provisions of this section, the Administrator shall conduct, on a priority basis, an accelerated effort to develop, refine, and achieve practical application of:

(1) waste management methods applicable to point and nonpoint sources of pollutants to eliminate, that is, to reduce or prevent pollution, including, but not limited to, elimination of runoff of pollutants and the effects of pollutants from inplace or accumulated sources;

(2) advanced waste treatment methods applicable to point and nonpoint sources, including inplace or accumulated sources of pollutants, and methods for reclaiming and recycling water and confining pollutants so they will not migrate to cause water or other environmental pollution; and

(3) improved methods and procedures to identify and measure the effects of pollutants on the chemical, physical, and biological integrity of water, including those pollutants created by new technological developments.

(e) Research and demonstration projects covering agricultural pollution and pollution from sewage in rural areas; dissemination of information

(1) The Administrator is authorized to (A) make, in consultation with the Secretary of Agriculture, grants to be used to demonstrate with respect to new and improved methods of preventing, reducing, and eliminating pollution from agriculture, and (B) disseminate, in cooperation with the Secretary of Agriculture, such information obtained under this subsection, section 1254(p) of this title, and section 1314 of this title as will encourage and enable the adoption of such methods in the agricultural industry.

(2) The Administrator is authorized, (A) in consultation with other interested Federal agencies, to make grants for demonstration projects with respect to new and improved methods of preventing, reducing, storing, collecting, treating, or otherwise eliminating pollution from sewage in rural areas where collection systems is impractical, uneconomical, or otherwise infeasible, or where soil conditions or other factors preclude the use of septic tank and drainage field systems, and (B) in cooperation with other interested Federal and State agencies, to disseminate such information obtained under this subsection as will encourage and enable the adoption of new and improved waste management methods developed pursuant to this subsection.

(f) Limitations

Federal grants under subsection (a) of this section shall be subject to the following limitations:

(1) No grant shall be made for any project unless such project shall have been approved by the appropriate State water pollution control agency or agencies and by the Administrator;

(2) No grant shall be made for any project in an amount exceeding 75 per centum of cost thereof as determined by the Administrator; and

(3) No grant shall be made for any project unless the Administrator determines that such project will serve as a useful demonstration for the purpose set forth in clause (1) or (2) of subsection (a).

(g) Maximum grants

Federal grants under subsections (c) and (d) of this section shall not exceed 75 per centum of the cost of the project.

(h) Authorization of appropriations

For the purpose of this section there is authorized to be appropriated $75,000,000 per fiscal year for the fiscal year ending June 30, 1973, the fiscal year ending June 30, 1974, and the fiscal year ending June 30, 1975, and from such appropriations at least 10 per centum of the funds actually appropriated in each fiscal year shall be available only for the purposes of subsection (e).

(i) Assistance for research and demonstration projects

The Administrator is authorized to make grants to a municipality to assist in the costs of operating and maintaining a project which received a grant under this section, section 1254 of this title, or section 1263 of this title prior to December 27, 1977, so as to reduce the operation and maintenance costs borne by the recipients of services from such project to costs comparable to those for projects assisted under subchapter II of this chapter.

(j) Assistance for recycle, reuse, and land treatment projects

The Administrator is authorized to make a grant to any grantee who received an increased grant pursuant to section 1282(a)(2) of this title. Such grant may pay up to 100 per centum of the costs of technical evaluation of the operation of the treatment works, costs of training of persons (other than employees of the grantee), and costs of disseminating technical information on the operation of the treatment works.

AMENDMENTS

1975—Subsecs. (i), (j). Pub. L. 95–217 added subsecs. (i) and (j).

Statutory Notes and Executive Documents

TRANSFER OF FUNCTIONS

Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Sec-
Executive Documents

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Agriculture, insofar as they involve lands and programs under jurisdiction of that Department, related to compliance with this chapter with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1977, §§102(f), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

§ 1256. Grants for pollution control programs

(a) Authorization of appropriations for State and interstate programs

There are hereby authorized to be appropriated the following sums, to remain available until expended, to carry out the purpose of this section—

(1) $60,000,000 for the fiscal year ending June 30, 1973; and
(2) $75,000,000 for the fiscal year ending June 30, 1974, and the fiscal year ending June 30, 1975, $100,000,000 per fiscal year for the fiscal years 1977, 1978, 1979, and 1980, $75,000,000 per fiscal year for the fiscal years 1981 and 1982, such sums as may be necessary for fiscal years 1983 through 1985, and $75,000,000 per fiscal year for each of the fiscal years 1986 through 1990;

for grants to States and to interstate agencies to assist them in administering programs for the prevention, reduction, and elimination of pollution, including enforcement directly or through appropriate State law enforcement officers or agencies.

(b) Allotments

From the sums appropriated in any fiscal year, the Administrator shall make allotments to the several States and interstate agencies in accordance with regulations promulgated by him on the basis of the extent of the pollution problem in the respective States.

(c) Maximum annual payments

The Administrator is authorized to pay to each State and interstate agency each fiscal year either—

(1) the allotment of such State or agency for such fiscal year under subsection (b), or
(2) the reasonable costs as determined by the Administrator of developing and carrying out a pollution program by such State or agency during such fiscal year,

which ever amount is the lesser.

(d) Limitations

No grant shall be made under this section to any State or interstate agency for any fiscal year when the expenditure of non-Federal funds by such State or interstate agency during such fiscal year for the recurrent expenses of carrying out its pollution control program are less than the expenditure by such State or interstate agency of non-Federal funds for such recurrent program expenses during the fiscal year ending June 30, 1971.

(e) Grants prohibited to States not establishing water quality monitoring procedures or adequate emergency and contingency plans

Beginning in fiscal year 1974 the Administrator shall not make any grant under this section to any State which either—

(1) the establishment and operation of appropriate devices, methods, systems, and procedures necessary to monitor, and to compile and analyze data on (including classification according to eutrophic condition), the quality of navigable waters and to the extent practicable, ground waters including biological monitoring; and provision for annually updating such data and including it in the report required under section 1315 of this title;
(2) authority comparable to that in section 1364 of this title and adequate contingency plans to implement such authority.

(f) Conditions

Grants shall be made under this section on condition that—

(1) Such State (or interstate agency) files with the Administrator within one hundred and twenty days after October 18, 1972:
(A) a summary report of the current status of the State pollution control program, including the criteria used by the State in determining priority of treatment works; and
(B) such additional information, data, and reports as the Administrator may require.
(2) No federally assumed enforcement as defined in section 1319(a)(2) of this title is in effect with respect to such State or interstate agency.

(g) Reallocation of unpaid allotments

Any sums allotted under subsection (b) in any fiscal year which are not paid shall be reallocated by the Administrator in accordance with regulations promulgated by him.

§ 1257. Mine water pollution control demonstrations

(a) Comprehensive approaches to elimination or control of mine water pollution

The Administrator in cooperation with the Appalachian Regional Commission and other Federal agencies is authorized to conduct, to make grants for, or to contract for, projects to demonstrate comprehensive approaches to the elimination or control of acid or other mine water pollution resulting from active or abandoned mining operations and other environmental pollution affecting water quality within all or part of a watershed or river basin, including siltation from surface mining. Such projects shall demonstrate the engineering and economic feasibility and practicality of various abatement techniques which will contribute substantially to effective and practical methods of acid or other mine water pollution elimination or control, and other pollution affecting water quality, including techniques that demonstrate the engineering and economic feasibility and practicality of using sewage sludge materials and other municipal wastes to diminish or prevent pollution affecting water quality from acid, sedimentation, or other pollutants and in such projects to restore affected lands to usefulness for forestry, agriculture, recreation, or other beneficial purposes.

(b) Consistency of projects with objectives of subtitle IV of title 40

Prior to undertaking any demonstration project under this section in the Appalachian region (as defined in section 14102(a)(1) and (b) of title 40), the Appalachian Regional Commission shall determine that such demonstration project is consistent with the objectives of subtitle IV of title 40.

(c) Watershed selection

The Administrator, in selecting watersheds for the purposes of this section, shall be satisfied that the project area will not be affected adversely by the influx of acid or other mine water pollution from nearby sources.

(d) Conditions upon Federal participation

Federal participation in such projects shall be subject to the conditions—

(1) that the State shall acquire any land or interests therein necessary for such project; and

(2) that the State shall provide legal and practical protection to the project area to ensure against any activities which will cause future acid or other mine water pollution.

(e) Authorization of appropriations

There is authorized to be appropriated $30,000,000 to carry out the provisions of this section, which sum shall be available until expended.

§ 1257a. State demonstration programs for cleanup of abandoned mines for use as waste disposal sites; authorization of appropriations

The Administrator of the Environmental Protection Agency is authorized to make grants to States to undertake a demonstration program for the cleanup of State-owned abandoned mines which can be used as hazardous waste disposal sites. The State shall pay 10 per centum of project costs. At a minimum, the Administrator shall undertake projects under such program in the States of Ohio, Illinois, and West Virginia. There are authorized to be appropriated $10,000,000 per fiscal year for each of the fiscal years ending September 30, 1982, September 30, 1983, and September 30, 1984, to carry out this section. Such projects shall be undertaken in accordance with all applicable laws and regulations.

§ 1258. Pollution control in the Great Lakes

(a) Demonstration projects

The Administrator, in cooperation with other Federal departments, agencies, and instrumentalities is authorized to enter into agreements with any State, political subdivision, interstate agency, or other public agency, or combination thereof, to carry out one or more projects to demonstrate new methods and techniques and to develop preliminary plans for the elimination or control of pollution, within all or any part of the watersheds of the Great Lakes. Such projects shall demonstrate the engineering and economic feasibility and practicality of removal of pollutants and prevention of any polluting matter from entering into the Great Lakes in the future and other reduction and remedial techniques which will contribute substantially to effective and practical methods of pollution prevention, reduction, or elimination.
(b) Conditions of Federal participation

Federal participation in such projects shall be subject to the condition that the State, political subdivision, interstate agency, or other public agency, or combination thereof, shall pay not less than 25 per centum of the actual project costs, which payment may be in any form, including, but not limited to, land or interests therein that is needed for the project, and personal property or services the value of which shall be determined by the Administrator.

(c) Authorization of appropriations

There is authorized to be appropriated $20,000,000 to carry out the provisions of subsections (a) and (b) of this section, which sum shall be available until expended.

(d) Lake Erie demonstration program

(1) In recognition of the serious conditions which exist in Lake Erie, the Secretary of the Army, acting through the Chief of Engineers, is directed to design and develop a demonstration waste water management program for the rehabilitation and environmental repair of Lake Erie. Prior to the initiation of detailed engineering and design, the program, along with the specific recommendations of the Chief of Engineers, and recommendations for its financing, shall be submitted to the Congress for statutory approval. This authority is in addition to, and not in lieu of, other waste water studies aimed at controlling sludge, and pollutants in Lake Erie. Prior to the initiation of detailed engineering and design, the program, along with the specific recommendations of the Chief of Engineers, and recommendations for its financing, shall be submitted to the Congress for statutory approval. This authority is in addition to, and not in lieu of, other waste water studies aimed at controlling sludge, and pollutants in Lake Erie.

(2) This program is to be developed in cooperation with the Environmental Protection Agency, other interested departments, agencies, and instrumentalities of the Federal Government, and the States and their political subdivisions. This program shall set forth alternative systems for managing waste water on a regional basis and shall provide local and State governments with a range of choice as to the type of system to be used for the treatment of waste water. These alternative systems shall include both advanced waste treatment technology and land disposal systems including spray irrigation technology and will also include provisions for the disposal of solid wastes, including sludge. Such program should include measures to control point sources of pollution, area sources of pollution, including acid-mine drainage, urban runoff and rural runoff, and in place sources of pollution, including bottom loads, sludge banks, and polluted harbor dredgings.

(e) Authorization of appropriations for Lake Erie demonstration program

There is authorized to be appropriated $5,000,000 to carry out the provisions of subsection (d) of this section, which sum shall be available until expended.

§1259. Training grants and contracts

(a) The Administrator is authorized to make grants to or contracts with institutions of higher education, or combinations of such institutions, to assist them in planning, developing, strengthening, improving, or carrying out programs or projects for the preparation of undergraduate students to enter an occupation which involves the design, operation, and maintenance of treatment works, and other facilities whose purpose is water quality control. Such grants or contracts may include payment of all or part of the cost of programs or projects such as—

(A) planning for the development or expansion of programs or projects for training persons in the operation and maintenance of treatment works;

(B) training and retraining of faculty members;

(C) conduct of short-term or regular session institutes for study by persons engaged in, or preparing to engage in, the preparation of students preparing to enter an occupation involving the operation and maintenance of treatment works;

(D) carrying out innovative and experimental programs of cooperative education involving alternate periods of full-time or part-time academic study at the institution and periods of full-time or part-time employment involving the operation and maintenance of treatment works; and

(E) research into, and development of, methods of training students or faculty, including the preparation of teaching materials and the planning of curriculum.

(b) The Administrator may pay 100 per centum of any additional cost of construction of treatment works required for a facility to train and upgrade waste treatment works operation and maintenance personnel and for the costs of other State treatment works operator training programs, including mobile training units, classroom rental, specialized instructors, and instructional material.

(2) The Administrator shall make no more than one grant for such additional construction in any State (to serve a group of States, where, in his judgment, efficient training programs require multi-State programs), and shall make such grant after consultation with and approval by the State or States on the basis of (A) the suitability of such facility for training operation and maintenance personnel for treatment works throughout such State or States; and (B) a commitment by the State agency or agencies to carry out at such facility a program of training approved by the Administrator. In any case where a grant is made to serve two or more States, the Administrator is authorized to make an additional grant for a supplemental facility in each such State.

(3) The Administrator may make such grant out of the sums allocated to a State under section 1285 of this title, except that in no event shall the Federal cost of any such training facilities exceed $500,000.

(4) The Administrator may exempt a grant under this section from any requirement under section 1284(a)(3) of this title. Any grantee who received a grant under this section prior to enactment of the Clean Water Act of 1977 shall be eligible to have its grant increased by funds made available under such Act.
§ 1260. Applications; allocation

(1) A grant or contract authorized by section 1259 of this title may be made only upon application to the Administrator at such time or times and containing such information as he may prescribe, except that no such application shall be approved unless it—

(A) sets forth programs, activities, research, or development for which a grant is authorized under section 1259 of this title and describes the relation to any prior program set forth by the applicant in an application, if any, submitted pursuant to section 1261 of this title;

(B) provides such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for Federal funds paid to the applicant under this section; and

(C) provides for making such reports, in such form and containing such information, as the Administrator may require to carry out his functions under this section, and for keeping such records and for affording such access thereto as the Administrator may find necessary to assure the correctness and verification of such reports.

(2) The Administrator shall allocate grants or contracts under section 1259 of this title in such manner as will most nearly provide an equitable distribution of the grants or contracts throughout the United States among institutions of higher education which show promise of being able to use funds effectively for the purpose of this section.

(3)(A) Payments under this section may be used in accordance with regulations of the Administrator, and subject to the terms and conditions set forth in an application approved under paragraph (1), to pay part of the compensation of students employed in connection with the operation and maintenance of treatment works, other than as an employee in connection with the operation and maintenance of treatment works or as an employee in any branch of the Government of the United States, as part of a program for which a grant has been approved pursuant to this section.

(B) Departments and agencies of the United States are encouraged, to the extent consistent with efficient administration, to enter into arrangements with institutions of higher education for the full-time, part-time, or temporary employment, whether in the competitive or excepted service, of students enrolled in programs set forth in applications approved under paragraph (1).

Editors Notes

AMENDMENTS

1977—Subsec. (b)(1). Pub. L. 95–217, § 10(c), (d), substituted “cost of construction of treatment works required for a facility to train and upgrade waste treatment works operation and maintenance personnel and for the costs of other State treatment works operator training programs, including mobile training units, classroom rental, specialized instructors, and instructional material” for “cost of construction of a treatment works required for a facility to train and upgrade waste treatment works operation and maintenance personnel”.

Subsec. (b)(2). Pub. L. 95–217, § 10(e), authorized Administrator to make an additional grant for a supplemental facility in each of the States in any case where a grant is made to serve two or more States.

Subsec. (b)(3). Pub. L. 95–217, § 10(a), substituted “$500,000” for “$250,000”.

§ 1261. Scholarships

(1) The Administrator is authorized to award scholarships in accordance with the provisions of this section for undergraduate study by persons who plan to enter an occupation involving the operation and maintenance of treatment works. Such scholarships shall be awarded for such periods as the Administrator may determine but not to exceed four academic years.

(2) The Administrator shall allocate scholarships under this section among institutions of higher education with programs approved under the provisions of this section for the use of individuals accepted into such programs in such manner and according to such plan as will insofar as practicable—

(A) provide an equitable distribution of such scholarships throughout the United States; and

(B) attract recent graduates of secondary schools to enter an occupation involving the operation and maintenance of treatment works.

(3) The Administrator shall approve a program of any institution of higher education for the purposes of this section only upon application by the institution and only upon his finding—

(A) that such program has a principal objective the education and training of persons in the operation and maintenance of treatment works;

(B) that such program is in effect and of high quality, or can be readily put into effect and may reasonably be expected to be of high quality;

(C) that the application describes the relation of such program to any program, activity, research, or development set forth by the institution a serious intent, upon completing the
program. to enter an occupation involving the operation and maintenance of treatment works, and (ii) the institution will make reasonable continuing efforts to encourage recipients of scholarships under this section, enrolled in such program, to enter occupations involving the operation and maintenance of treatment works upon completing the program.

(4)(A) The Administrator shall pay to persons awarded scholarships under this section such stipends (including such allowances for subsistence and other expenses for such persons and their dependents) as he may determine to be consistent with prevailing practices under comparable federally supported programs.

(B) The Administrator shall (in addition to the stipends paid to persons under paragraph (1)) pay to the institution of higher education at which such person is pursuing his course of study such amount as he may determine to be consistent with prevailing practices under comparable federally supported programs.

(5) A person awarded a scholarship under the provisions of this section shall continue to receive the payments provided in this section only during such periods as the Administrator finds that he is maintaining satisfactory proficiency and devoting full time to study or research in the field in which such scholarship was awarded in an institution of higher education, and is not engaging in gainful employment other than employment approved by the Administrator by or pursuant to regulation.

(6) The Administrator shall by regulation provide that any person awarded a scholarship under this section shall agree in writing to enter and remain in an occupation involving the design, operation, or maintenance of treatment works for such period after completion of his course of studies as the Administrator determines appropriate.

Editorial Notes

AMENDMENTS

1987—Subsec. (c). Pub. L. 100–4 struck out “and” after “1981.” and inserted “such sums as may be necessary for fiscal years 1983 through 1985, and $7,000,000 per fiscal year for each of the fiscal years 1986 through 1990,” after “1982.”.

Statutory Notes and Related Subsidaries

Effective Date of 1998 Amendment

§1263. Alaska village demonstration projects

(a) Central community facilities for safe water; elimination or control of pollution

The Administrator is authorized to enter into agreements with the State of Alaska to carry out one or more projects to demonstrate methods to provide for central community facilities for safe water and eliminate or control of pollution in those native villages of Alaska without such facilities. Such projects shall include provisions for community safe water supply systems, toilets, bathing and laundry facilities, sewage disposal facilities, and other similar facilities, and educational and informational facilities and programs relating to health and hygiene. Such demonstration projects shall be for the further purpose of developing preliminary plans for providing such safe water and such elimination or control of pollution for all native villages in such State.
(b) Utilization of personnel and facilities of Department of Health and Human Services

In carrying out this section the Administrator shall cooperate with the Secretary of Health and Human Services for the purpose of utilizing such of the personnel and facilities of that Department as may be appropriate.

(c) Omitted

(d) Authorization of appropriations

There is authorized to be appropriated not to exceed $2,000,000 to carry out this section. In addition, there is authorized to be appropriated to carry out this section not to exceed $200,000 for the fiscal year ending September 30, 1978, and $220,000 for the fiscal year ending September 30, 1979.

(e) Study to develop comprehensive program for achieving sanitation services; report to Congress

The Administrator is authorized to coordinate with the Secretary of the Department of Health and Human Services, the Secretary of the Department of Housing and Urban Development, the Secretary of the Department of the Interior, the Secretary of the Department of Agriculture, and the heads of any other departments or agencies he may deem appropriate to conduct a joint study with representatives of the State of Alaska and the appropriate Native organizations (as defined in Public Law 92–203) to develop a comprehensive program for achieving adequate sanitation services in Alaska villages. This study shall be coordinated with the programs and projects authorized by sections 1254(q) and 1255(e)(2) of this title. The Administrator shall submit a report of the results of the study, together with appropriate supporting data and such recommendations as he deems desirable, to the Committee on Environment and Public Works of the Senate and to the Committee on Public Works and Transportation of the House of Representatives not later than December 31, 1979. The Administrator shall also submit recommended administrative actions, procedures, and any proposed legislation necessary to implement the recommendations of the study no later than June 30, 1980.

(f) Technical, financial, and management assistance

The Administrator is authorized to provide technical, financial and management assistance for operation and maintenance of the demonstration projects constructed under this section, until such time as the recommendations of subsection (e) are implemented.

(g) “Village” and “sanitation services” defined

For the purpose of this section, the term “village” shall mean an incorporated or unincorporated community with a population of ten to six hundred people living within a two-mile radius. The term “sanitation services” shall mean water supply, sewage disposal, solid waste disposal and other services necessary to maintain generally accepted standards of personal hygiene and public health.

Public Law 92–203, referred to in subsec. (e), is Pub. L. 92–203, Dec. 18, 1971, 85 Stat. 688, as amended, known as the Alaska Native Claims Settlement Act, which is classified generally to chapter 33 (§1601 et seq.) of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1601 of Title 43 and Tables.

Codification

Subsec. (c) authorized the Administrator to report to Congress the results of the demonstration project accompanied by his recommendations for the establishment of a statewide project not later than July 1, 1973.

Amendments

1977—Subsec. (d). Pub. L. 95–217, §11(b), authorized additional appropriations of not to exceed $200,000 for the fiscal year ending Sept. 30, 1978, and $220,000 for the fiscal year ending Sept. 30, 1979, to carry out this section.

Subsecs. (e) to (g). Pub. L. 95–217, §11(a), added subsecs. (e), (f), and (g).

Statutory Notes and Related Subsidiaries

Change of Name

“Secretary of Health and Human Services” substituted for “Secretary of Health, Education, and Welfare” in subsec. (b), and “Secretary of the Department of Health and Human Services” substituted for “Secretary of the Department of Health, Education, and Welfare” in subsec. (e), pursuant to section 509(b) of Pub. L. 96–88 which is classified to section 3508(b) of Title 20, Education.

Committee on Public Works and Transportation of House of Representatives treated as referring to Committee on Transportation and Infrastructure of House of Representatives by section 1(a) of Pub. L. 104–14, set out as a note preceding section 21 of Title 2, The Congress.

Corps Capability Study, Alaska

Pub. L. 104–303, title IV, §401, Oct. 12, 1996, 110 Stat. 3740, provided that: “Not later than 18 months after the date of the enactment of this Act [Oct. 12, 1996], the Secretary shall report to Congress on the advisability and capability of the Corps of Engineers to implement rural sanitation projects for rural and Native villages in Alaska.”

§1263a. Grants to Alaska to improve sanitation in rural and Native villages

(a) In general

The Administrator of the Environmental Protection Agency may make grants to the State of Alaska for the benefit of rural and Native villages in Alaska to pay the Federal share of the cost of—

(1) the development and construction of public water systems and wastewater systems to improve the health and sanitation conditions in the villages; and

(2) training, technical assistance, and educational programs relating to the operation and management of sanitation services in rural and Native villages.

(b) Federal share

The Federal share of the cost of the activities described in subsection (a) shall be 50 percent.
(c) Administrative expenses

The State of Alaska may use an amount not to exceed 4 percent of any grant made available under this subsection for administrative expenses necessary to carry out the activities described in subsection (a).

(d) Consultation with State of Alaska

The Administrator shall consult with the State of Alaska on a method of prioritizing the allocation of grants under subsection (a) according to the needs of, and relative health and sanitation conditions in, each eligible village.

(e) Authorization of appropriations

There are authorized to be appropriated to carry out this section $40,000,000 for each of fiscal years 2001 through 2005.

Editorial Notes
CODIFICATION

Section was enacted as part of the Safe Drinking Water Act Amendments of 1996, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

AMENDMENTS

2000—Subsec. (e). Pub. L. 106–457 substituted “to carry out this section $40,000,000 for each of fiscal years 2001 through 2005” for “$15,000,000 for each of the fiscal years 1997 through 2000 to carry out this section”.

§ 1264. Omitted

Editorial Notes
CODIFICATION

Section, act June 30, 1948, ch. 758, title I, §114, as added Oct. 18, 1972, Pub. L. 92–506, §2, 86 Stat. 833, authorized the Administrator, in consultation with the Tahoe Regional Planning Agency, the Secretary of Agriculture, other Federal agencies, representatives of State and local governments, and members of the public, to conduct a thorough and complete study on the need of extending Federal oversight and control in order to preserve the fragile ecology of Lake Tahoe and to report the results of this study to Congress not later than one year after Oct. 18, 1972.

§ 1265. In-place toxic pollutants

The Administrator is directed to identify the location of in-place pollutants with emphasis on toxic pollutants in harbors and navigable waters and is authorized, acting through the Secretary of the Army, to make contracts for the removal and appropriate disposal of such materials from critical port and harbor areas. There is authorized to be appropriated $15,000,000 to carry out the provisions of this section, which sum shall be available until expended.

§ 1266. Hudson River reclamation demonstration project

(a) The Administrator is authorized to enter into contracts and other agreements with the State of New York to carry out a project to demonstrate methods for the selective removal of polychlorinated biphenyls contaminating bottom sediments of the Hudson River, treating such sediments as required, burying such sediments in secure landfills, and installing monitoring systems for such landfills. Such demonstration project shall be for the purpose of determining the feasibility of indefinite storage in secure landfills of toxic substances and of ascertaining the improvement of the rate of recovery of a toxic contaminated national waterway. No pollutants removed pursuant to this paragraph shall be placed in any landfill unless the Administrator first determines that disposal of the pollutants in such landfill would provide a higher standard of protection of the public health, safety, and welfare than disposal of such pollutants by any other method including, but not limited to, incineration or a chemical destruction process.

(b) The Administrator is authorized to make grants to the State of New York to carry out this section from funds allotted to such State under section 1285(a) of this title, except that the amount of any such grant shall be equal to 75 per centum of the cost of the project and such grant shall be made on condition that non-Federal sources provide the remainder of the cost of such project. The authority of this section shall be available until September 30, 1993. Funds allotted to the State of New York under section 1285(a) of this title shall be available under this subsection only to the extent that funds are not available, as determined by the Administrator, to the State of New York for the work authorized by this section under section 1265 or 1321 of this title or a comprehensive hazardous substance response and clean up fund. Any funds used under the authority of this subsection shall be deducted from any estimate of the needs of the State of New York prepared under section 1375(b) of this title. The Administrator may not obligate or expend more than $30,000,000 to carry out this section.

Editorial Notes
CODIFICATION

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 2002 AMENDMENT

§ 1267. Chesapeake Bay

(a) Definitions

In this section, the following definitions apply:

(1) Administrative cost

The term “administrative cost” means the cost of salaries and fringe benefits incurred in administering a grant under this section.

(2) Chesapeake Bay Agreement

The term “Chesapeake Bay Agreement” means the formal, voluntary agreements executed to achieve the goal of restoring and protecting the Chesapeake Bay ecosystem and the living resources of the Chesapeake Bay ecosystem and signed by the Chesapeake Executive Council.

(3) Chesapeake Bay ecosystem

The term “Chesapeake Bay ecosystem” means the ecosystem of the Chesapeake Bay and its watershed.

(4) Chesapeake Bay Program

The term “Chesapeake Bay Program” means the program directed by the Chesapeake Executive Council in accordance with the Chesapeake Bay Agreement.

(5) Chesapeake Executive Council

The term “Chesapeake Executive Council” means the signatories to the Chesapeake Bay Agreement.

(6) Signatory jurisdiction

The term “signatory jurisdiction” means a jurisdiction of a signatory to the Chesapeake Bay Agreement.

(b) Continuation of Chesapeake Bay Program

(1) In general

In cooperation with the Chesapeake Executive Council (and as a member of the Council), the Administrator shall continue the Chesapeake Bay Program.

(2) Program Office

(A) In general

The Administrator shall maintain in the Environmental Protection Agency a Chesapeake Bay Program Office.

(B) Function

The Chesapeake Bay Program Office shall provide support to the Chesapeake Executive Council by—

(i) implementing and coordinating science, research, modeling, support services, monitoring, data collection, and other activities that support the Chesapeake Bay Program;

(ii) developing and making available, through publications, technical assistance, and other appropriate means, information pertaining to the environmental quality and living resources of the Chesapeake Bay ecosystem;

(iii) in cooperation with appropriate Federal, State, and local authorities, assisting the signatories to the Chesapeake Bay Agreement in developing and implementing specific action plans to carry out the responsibilities of the signatories to the Chesapeake Bay Agreement;

(iv) coordinating the actions of the Environmental Protection Agency with the actions of the appropriate officials of other Federal agencies and State and local authorities in developing strategies to—

(I) improve the water quality and living resources in the Chesapeake Bay ecosystem; and

(II) obtain the support of the appropriate officials of the agencies and authorities in achieving the objectives of the Chesapeake Bay Agreement; and

(v) implementing outreach programs for public information, education, and participation to foster stewardship of the resources of the Chesapeake Bay.

(c) Interagency agreements

The Administrator may enter into an interagency agreement with a Federal agency to carry out this section.

(d) Technical assistance and assistance grants

(1) In general

In cooperation with the Chesapeake Executive Council, the Administrator may provide technical assistance, and assistance grants, to nonprofit organizations, State and local governments, colleges, universities, and interstate agencies to carry out this section, subject to such terms and conditions as the Administrator considers appropriate.

(2) Federal share

(A) In general

Except as provided in subparagraph (B), the Federal share of an assistance grant provided under paragraph (1) shall be determined by the Administrator in accordance with guidance issued by the Administrator.

(B) Small watershed grants program

The Federal share of an assistance grant provided under paragraph (1) to carry out an implementing activity under subsection (g)(2) shall not exceed 75 percent of eligible project costs, as determined by the Administrator.

(3) Non-Federal share

An assistance grant under paragraph (1) shall be provided on the condition that non-Federal sources provide the remainder of eligible project costs, as determined by the Administrator.

(4) Administrative costs

Administrative costs shall not exceed 10 percent of the annual grant award.

(e) Implementation and monitoring grants

(1) In general

If a signatory jurisdiction has approved and committed to implement all or substantially all aspects of the Chesapeake Bay Agreement, on the request of the chief executive of the jurisdiction, the Administrator—

(A) shall make a grant to the jurisdiction for the purpose of implementing the man-
management mechanisms established under the Chesapeake Bay Agreement, subject to such terms and conditions as the Administrator considers appropriate; and

(B) may make a grant to a signatory jurisdiction for the purpose of monitoring the Chesapeake Bay ecosystem.

(2) Proposals

(A) In general

A signatory jurisdiction described in paragraph (1) may apply for a grant under this subsection for a fiscal year by submitting to the Administrator a comprehensive proposal to implement management mechanisms established under the Chesapeake Bay Agreement.

(B) Contents

A proposal under subparagraph (A) shall include—

(i) a description of proposed management mechanisms that the jurisdiction commits to take within a specified time period, such as reducing or preventing pollution in the Chesapeake Bay and its watershed or meeting applicable water quality standards or established goals and objectives under the Chesapeake Bay Agreement; and

(ii) the estimated cost of the actions proposed to be taken during the fiscal year.

(3) Approval

If the Administrator finds that the proposal is consistent with the Chesapeake Bay Agreement and the national goals established under section 1251(a) of this title, the Administrator may approve the proposal for an award.

(4) Federal share

The Federal share of a grant under this subsection shall not exceed 50 percent of the cost of implementing the management mechanisms during the fiscal year.

(5) Non-Federal share

A grant under this subsection shall be made on the condition that non-Federal sources provide the remainder of the costs of implementing the management mechanisms during the fiscal year.

(6) Administrative costs

Administrative costs shall not exceed 10 percent of the annual grant award.

(7) Reporting

On or before October 1 of each fiscal year, the Administrator shall make available to the public a document that lists and describes, in the greatest practicable degree of detail—

(A) all projects and activities funded for the fiscal year;

(B) the goals and objectives of projects funded for the previous fiscal year; and

(C) the net benefits of projects funded for previous fiscal years.

(f) Federal facilities and budget coordination

(1) Subwatershed planning and restoration

A Federal agency that owns or operates a facility (as defined by the Administrator) within the Chesapeake Bay watershed shall participate in regional and subwatershed planning and restoration programs.

(2) Compliance with agreement

The head of each Federal agency that owns or occupies real property in the Chesapeake Bay watershed shall ensure that the property, and actions taken by the agency with respect to the property, comply with the Chesapeake Bay Agreement, the Federal Agencies Chesapeake Ecosystem Unified Plan, and any subsequent agreements and plans.

(3) Budget coordination

(A) In general

As part of the annual budget submission of each Federal agency with projects or grants related to restoration, planning, monitoring, or scientific investigation of the Chesapeake Bay ecosystem, the head of the agency shall submit to the President a report that describes plans for the expenditure of the funds under this section.

(B) Disclosure to the Council

The head of each agency referred to in subparagraph (A) shall disclose the report under that subparagraph with the Chesapeake Executive Council as appropriate.

(g) Chesapeake Bay Program

(1) Management strategies

The Administrator, in coordination with other members of the Chesapeake Executive Council, shall ensure that management plans are developed and implementation is begun by signatories to the Chesapeake Bay Agreement to achieve and maintain—

(A) the nutrient goals of the Chesapeake Bay Agreement for the quantity of nitrogen and phosphorus entering the Chesapeake Bay and its watershed;

(B) the water quality requirements necessary to restore living resources in the Chesapeake Bay ecosystem;

(C) the Chesapeake Bay Basinwide Toxins Reduction and Prevention Strategy goal of reducing or eliminating the input of chemical contaminants from all controllable sources to levels that result in no toxic or bioaccumulative impact on the living resources of the Chesapeake Bay ecosystem or on human health;

(D) habitat restoration, protection, creation, and enhancement goals established by Chesapeake Bay Agreement signatories for wetlands, riparian forests, and other types of habitat associated with the Chesapeake Bay ecosystem; and

(E) the restoration, protection, creation, and enhancement goals established by the Chesapeake Bay Agreement signatories for living resources associated with the Chesapeake Bay ecosystem.

(2) Small watershed grants program

The Administrator, in cooperation with the Chesapeake Executive Council, shall—

(A) establish a small watershed grants program as part of the Chesapeake Bay Program; and

(B) offer technical assistance and assistance grants under subsection (d) to local
governments and nonprofit organizations and individuals in the Chesapeake Bay region to implement—

(i) cooperative tributary basin strategies that address the water quality and living resource needs in the Chesapeake Bay ecosystem; and

(ii) locally based protection and restoration programs or projects within a watershed that complement the tributary basin strategies, including the creation, restoration, protection, or enhancement of habitat associated with the Chesapeake Bay ecosystem.

(h) Study of Chesapeake Bay Program

(1) In general

Not later than April 22, 2003, and every 5 years thereafter, the Administrator, in coordination with the Chesapeake Executive Council, shall complete a study and submit to Congress a comprehensive report on the results of the study.

(2) Requirements

The study and report shall—

(A) assess the state of the Chesapeake Bay ecosystem;

(B) compare the current state of the Chesapeake Bay ecosystem with its state in 1975, 1985, and 1995;

(C) assess the effectiveness of management strategies being implemented on November 7, 2000, and the extent to which the priority needs are being met;

(D) make recommendations for the improved management of the Chesapeake Bay Program either by strengthening strategies being implemented on November 7, 2000, or by adopting new strategies; and

(E) be presented in such a format as to be readily transferable to and usable by other watershed restoration programs.

(i) Special study of living resource response

(1) In general

Not later than 180 days after November 7, 2000, the Administrator shall commence a 5-year special study with full participation of the scientific community of the Chesapeake Bay to establish and expand understanding of the Chesapeake Bay ecosystem in response to improvements in water quality that have resulted from investments made through the Chesapeake Bay Program and establishment and maintenance in the Chesapeake Bay agreements.

(2) Requirements

The study shall—

(A) determine the current status and trends of living resources, including grasses, benthos, phytoplankton, zooplankton, fish, and shellfish;

(B) establish to the extent practicable the rates of recovery of the living resources in response to improved water quality condition;

(C) evaluate and assess interactions of species, with particular attention to the impact of changes within and among trophic levels; and

(D) recommend management actions to optimize the return of a healthy and balanced ecosystem in response to improvements in the quality and character of the waters of the Chesapeake Bay.

(3) Annual survey

The Administrator shall carry out an annual survey of sea grasses in the Chesapeake Bay.

(j) Authorization of appropriations

There are authorized to be appropriated to carry out this section—

(1) for fiscal year 2021, $90,000,000;

(2) for fiscal year 2022, $90,500,000;

(3) for fiscal year 2023, $91,000,000;

(4) for fiscal year 2024, $91,500,000; and

(5) for fiscal year 2025, $92,000,000.

Editorial Notes

Construals

November 7, 2000, referred to in subsecs. (h)(2)(C), (D), and (j)(1), was in the original “the date of enactment of this section”, which was translated as meaning the date of enactment of Pub. L. 106–457, which amended this section generally, to reflect the probable intent of Congress.

Amendments

2020—Subsec. (j). Pub. L. 116–188 added subsec. (j) and struck out former subsec. (j). Prior to amendment, text read as follows: “There is authorized to be appropriated to carry out this section $40,000,000 for each of fiscal years 2001 through 2005. Such sums shall remain available until expended.”

2000—Pub. L. 106–457 amended section generally, substituting subsecs. (a) to (j) for former subsecs. (a) to (d), which related to continuation of the Chesapeake Bay Program and establishment and maintenance in the Environmental Protection Agency of an office, division, or branch of Chesapeake Bay Programs, interstate development plan grants, progress reports from grant recipient States, and authorization of appropriations.

Statutory Notes and Related Subsidiaries

Chesapeake Watershed Investments for Landscape Defense

“(a) Definitions.—In this section:

“(1) Chesapeake Bay agreements.—The term ‘Chesapeake Bay agreements’ means the formal, voluntary agreements—

“(A) executed to achieve the goal of restoring and protecting the Chesapeake Bay watershed ecosystem and the living resources of the Chesapeake Bay watershed ecosystem; and

“(B) signed by the Chesapeake Executive Council.

“(2) Chesapeake Bay Program.—The term ‘Chesapeake Bay program’ means the program directed by the Chesapeake Executive Council in accordance with the Chesapeake Bay agreements.

“(3) Chesapeake Bay watershed.—The term ‘Chesapeake Bay watershed’ means the region that covers—

“(A) the Chesapeake Bay;

“(B) the portions of the States of Delaware, Maryland, New York, Pennsylvania, Virginia, and West Virginia that drain into the Chesapeake Bay; and
“(C) the District of Columbia.

“(4) CHESAPEAKE EXECUTIVE COUNCIL.—The term ‘Chesapeake Executive Council’ means the council composed of—

“(A) the Governors of each of the States of Delaware, Maryland, New York, Pennsylvania, Virginia, and West Virginia;

“(B) the Mayor of the District of Columbia;

“(C) the Chair of the Chesapeake Bay Commission; and

“(D) the Administrator of the Environmental Protection Agency.

“(5) CHESAPEAKE WILD PROGRAM.—The term ‘Chesapeake WILD program’ means the nonregulatory program established by the Secretary under subsection (b)(1).

“(6) GRANT PROGRAM.—The term ‘grant program’ means the Chesapeake Watershed Investments for Landscape Defense grant program established by the Secretary under subsection (c)(1).

“(7) RESTORATION AND PROTECTION ACTIVITY.—The term ‘restoration and protection activity’ means an activity carried out for the conservation, stewardship, and enhancement of habitat for fish and wildlife—

“(A) to preserve and improve ecosystems and ecological processes on which the fish and wildlife depend; and

“(B) for use and enjoyment by the public.

“(8) SECRETARY.—The term ‘Secretary’ means the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service.

“(b) PROGRAM ESTABLISHMENT.—

“(1) ESTABLISHMENT.—Not later than 180 days after the date of enactment of this Act [Oct. 30, 2020], the Secretary shall establish a nonregulatory program, to be known as the ‘Chesapeake Watershed Investments for Landscape Defense program’.

“(2) PURPOSES.—The purposes of the Chesapeake WILD program are—

“(A) coordinating restoration and protection activities among Federal, State, local, and regional entities and conservation partners throughout the Chesapeake Bay watershed;

“(B) engaging other agencies and organizations to build a broader range of partner support, capacity, and potential funding for projects in the Chesapeake Bay watershed;

“(C) carrying out coordinated restoration and protection activities, and providing for technical assistance, throughout the Chesapeake Bay watershed—

“(i) to sustain and enhance restoration and protection activities;

“(ii) to improve and maintain water quality to support fish and wildlife, habitats of fish and wildlife, and drinking water for people;

“(iii) to sustain and enhance water management for volume and flood damage mitigation improvements to benefit fish and wildlife habitat;

“(iv) to improve opportunities for public access and recreation in the Chesapeake Bay watershed consistent with the ecological needs of fish and wildlife habitat;

“(v) to facilitate strategic planning to maximize the resilience of natural ecosystems and habitats under changing watershed conditions;

“(vi) to engage the public through outreach, education, and citizen involvement to increase public support for coordinated restoration and protection activities in the Chesapeake Bay watershed;

“(vii) to sustain and enhance vulnerable communities and fish and wildlife habitat;

“(viii) to conserve and restore fish, wildlife, and plant corridors; and

“(ix) to increase scientific capacity to support the planning, monitoring, and research activities necessary to carry out coordinated restoration and protection activities.

“(3) DUTIES.—In carrying out the Chesapeake WILD program, the Secretary shall—

“(A) draw on existing plans for the Chesapeake Bay watershed, or portions of the Chesapeake Bay watershed, including the Chesapeake Bay agreements, and work in consultation with applicable management entities, including Chesapeake Bay program partners, such as the Federal Government, State and local governments, the Chesapeake Bay Commission, and other regional organizations, as appropriate, to identify, prioritize, and implement restoration and protection activities within the Chesapeake Bay watershed;

“(B) adopt a Chesapeake Bay watershed-wide strategy that—

“(i) supports the implementation of a shared set of science-based restoration and protection activities developed in accordance with subparagraph (A); and

“(ii) targets cost-effective projects with measurable results; and

“(C) establish the grant program in accordance with subsection (c).

“(4) COORDINATION.—In establishing the Chesapeake WILD program, the Secretary shall consult, as appropriate, with—

“(A) the heads of Federal agencies, including—

“(i) the Administrator of the Environmental Protection Agency;

“(ii) the Administrator of the National Oceanic and Atmospheric Administration;

“(iii) the Chief of the Natural Resources Conservation Service;

“(iv) the Chief of Engineers;

“(v) the Director of the United States Geological Survey;

“(vi) the Secretary of Transportation;

“(vii) the Chief of the Forest Service; and

“(viii) the head of any other applicable agency;

“(B) the Governors of each of the States of Delaware, Maryland, New York, Pennsylvania, Virginia, and West Virginia and the Mayor of the District of Columbia;

“(C) fish and wildlife joint venture partnerships; and

“(D) other public agencies and organizations with authority for the planning and implementation of conservation strategies in the Chesapeake Bay watershed.

“(c) GRANTS AND TECHNICAL ASSISTANCE.—

“(1) CHESAPEAKE WILD GRANT PROGRAM.—To the extent that funds are made available to carry out this subsection, the Secretary shall establish and carry out, as part of the Chesapeake WILD program, a voluntary grant and technical assistance program, to be known as the ‘Chesapeake Watershed Investments for Landscape Defense grant program’, to provide competitive matching grants of varying amounts and technical assistance to eligible entities described in paragraph (2) to carry out activities described in subsection (b)(2).

“(2) ELIGIBLE ENTITIES.—The following entities are eligible to receive a grant and technical assistance under the grant program:

“(A) A State.

“(B) The District of Columbia.

“(C) A unit of local government.

“(D) A nonprofit organization.

“(E) An institution of higher education as such term is defined in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

“(F) Any other entity that the Secretary determines to be appropriate in accordance with the criteria established under paragraph (3).

“(3) CRITERIA.—The Secretary, in consultation with officials and entities described in subsection (b)(4), shall establish criteria for the grant program to help ensure that activities funded under this subsection—

“(A) accomplish 1 or more of the purposes described in subsection (b)(2); and
“(B) advance the implementation of priority actions or needs identified in the Chesapeake Bay watershed-wide strategy adopted under subsection (a)(2)(A).

“(4) Cost sharing.—

“(A) Department of the interior share.—The Department of the Interior share of the cost of a project funded under this grant program shall not exceed 50 percent of the total cost of the project, as determined by the Secretary.

“(B) Non-department of the interior share.—Non-Department of the Interior funds may be used for not more than 25 percent of the total cost of a project funded under the grant program.

“(5) Administration.—The Secretary may enter into an agreement to manage the grant program with an organization that offers grant management services.

“(d) Reporting.—Not later than 180 days after the date of enactment of this Act [Oct. 30, 2020], and annually thereafter, the Secretary shall submit to Congress a report describing the implementation of this section, including a description of each project that has received funding under this section.

“(e) Authorization of Appropriations.—

“(1) In general.—There is authorized to be appropriated to carry out this section $15,000,000 for each of fiscal years 2021 through 2025.

“(2) Supplement, not supplant.—Funds made available under paragraph (1) shall supplement, and not supplant, funding for other activities conducted by the Secretary in the Chesapeake Bay watershed.

C H E S A P P E A K E B A Y A C C O U N T A B I L I T Y A N D R E C O V E R Y

Pub. L. 113-273, Dec. 18, 2014, 128 Stat. 2967, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Chesapeake Bay Accountability and Recovery Act of 2014’. 

“SEC. 2. DEFINITIONS.

“In this Act:

“(1) Administrator.—The term ‘Administrator’ means the Administrator of the Environmental Protection Agency.

“(2) Chesapeake Bay State.—The term ‘Chesapeake Bay State’ or ‘State’ means any of—

“(A) the States of Maryland, West Virginia, Delaware, and New York;

“(B) the Commonwealths of Virginia and Pennsylvania; and

“(C) the District of Columbia.

“(3) Chesapeake Bay Watershed.—The term ‘Chesapeake Bay watershed’ means all tributaries, backwaters, and side channels, including watersheds, draining into the Chesapeake Bay.

“(4) Chesapeake Executive Council.—The term ‘Chesapeake Executive Council’ has the meaning given the term by section 117(a) of the Federal Water Pollution Control Act (33 U.S.C. 1267(a)).

“(5) Chief Executive.—The term ‘chief executive’ means, in the case of a State or Commonwealth, the Governor of the State or Commonwealth and, in the case of the District of Columbia, the Mayor of the District of Columbia.

“(6) Director.—The term ‘Director’ means the Director of the Office of Management and Budget.

“(7) Federal Restoration Activity.—

“(A) In general.—The term ‘Federal restoration activity’ means any State program or project carried out under Federal authority in existence as of the date of enactment of this Act [Dec. 18, 2014] with the express intent to directly protect, conserve, or restore living resources, habitat, water resources, or water quality in the Chesapeake Bay watershed, including programs or projects that provide financial and technical assistance to promote responsible land use, stewardship, and community engagement in the Chesapeake Bay watershed.

“(B) Categorization.—Federal restoration activities may be categorized as follows:

“(i) Physical restoration.

“(ii) Planning.

“(iii) Feasibility studies.

“(iv) Scientific research.

“(v) Monitoring.

“(vi) Education.

“(vii) Infrastructure development.

“(B) Categorization.—State restoration activities may be categorized as follows:

“(i) Physical restoration.

“(ii) Planning.

“(iii) Feasibility studies.

“(iv) Scientific research.

“(v) Monitoring.

“(vi) Education.

“(vii) Infrastructure development.

“SEC. 3. CHESAPEAKE BAY CROSSCUT BUDGET.

“(a) In general.—The Director, in consultation with the Chesapeake Executive Council, the chief executive of each Chesapeake Bay State, and the Chesapeake Bay Commission, shall submit to Congress a financial report containing—

“(1) an interagency crosscut budget that displays, as applicable—

“(A) the proposed funding for any Federal restoration activity to be carried out in the succeeding fiscal year;

“(B) to the extent that information is available, the estimated funding for any State restoration activity to be carried out in the succeeding fiscal year;

“(C) all expenditures for Federal restoration activities from the preceding 2 fiscal years, the current fiscal year, and the succeeding fiscal year;

“(D) all expenditures, to the extent that information is available, for State restoration activities during the equivalent time period described in subparagraph (C); and

“(E) a section that identifies and evaluates, based on need and appropriateness, specific opportunities to consolidate similar programs and activities within the budget and recommendations to Congress for legislative action to streamline, consolidate, or eliminate similar programs and activities within the budget;

“(2) a detailed accounting of all funds received and obligated by each Federal agency for restoration activities during the current and preceding fiscal years, including the identification of funds that were transferred to a Chesapeake Bay State for restoration activities;

“(3) to the extent that information is available, a detailed accounting from each State of all funds received and obligated from a Federal agency for restoration activities during the current and preceding fiscal years; and

“(4) a description of each of the proposed Federal and State restoration activities to be carried out in
the succeeding fiscal year (corresponding to those activities listed in subparagraphs (A) and (B) of paragraph (1), including:

(A) the project description;

(B) the current status of the project;

(C) the Federal or State statutory or regulatory authority, program, or responsible agency;

(D) the authorization level for appropriations;

(E) the project timeline, including benchmarks;

(F) references to project documents;

(G) descriptions of risks and uncertainties of project implementation;

(H) a list of coordinating entities;

(I) a description of the funding history for the project;

(J) cost sharing; and

(K) alignment with the existing Chesapeake Bay Agreement, Chesapeake Executive Council goals and priorities, and Annual Action Plan required by section 205 of Executive Order 13508 (33 U.S.C. 1907 note; relating to Chesapeake Bay protection and restoration).

(2) MINIMUM FUNDING LEVELS.—In describing restoration activities in the report required under subsection (a), the Director shall only include—

(1) for the first 3 years that the report is required, descriptions of—

(A) Federal restoration activities that have funding amounts greater than or equal to $300,000; and

(B) State restoration activities that have funding amounts greater than or equal to $300,000; and

(2) for every year thereafter, descriptions of—

(A) Federal restoration activities that have funding amounts greater than or equal to $100,000; and

(B) State restoration activities that have funding amounts greater than or equal to $100,000.

(3) DEADLINE.—The Director shall submit to Congress the report required by subsection (a) not later than September 30 of each year.

(c) REPORT.—Copies of the report required by subsection (a) shall be submitted to the Committees on Appropriations, Natural Resources, Energy and Commerce, and Transportation and Infrastructure of the House of Representatives and the Committees on Appropriations, Environment and Public Works, and Commerce, Science, and Transportation of the Senate.

(d) EFFECTIVE DATE.—This section shall apply beginning with the first fiscal year after the date of enactment of this Act [Dec. 18, 2014].

4. INDEPENDENT EVALUATOR FOR THE CHESAPEAKE BAY PROGRAM.

(a) IN GENERAL.—There shall be an Independent Evaluator for restoration activities in the Chesapeake Bay watershed, who shall review and report on—

(1) restoration activities; and

(2) any related topics that are suggested by the Chesapeake Executive Council.

(b) APPOINTMENT.—

(1) IN GENERAL.—Not later than 30 days after the date of submission of nominees by the Chesapeake Executive Council, the Independent Evaluator shall be appointed by the Administrator from among nominees submitted by the Chesapeake Executive Council with the consultation of the scientific community.

(2) NOMINATIONS.—The Chesapeake Executive Council may nominate for consideration as Independent Evaluator a science-based institution of higher education.

(c) REQUIREMENTS.—The Administrator shall only select as Independent Evaluator a nominee that the Administrator determines demonstrates excellence in marine science, policy evaluation, or other studies relating to complex environmental restoration activities.

(d) REPORTS.—Not later than 180 days after the date of appointment and once every 2 years thereafter, the Independent Evaluator shall submit to Congress a report describing the findings and recommendations of reviews conducted under subsection (a).

2. PROHIBITION ON NEW FUNDING.

(a) FINDINGS.—Congress finds that—

(1) the Chesapeake Bay is a national treasure and a resource of worldwide significance;

(2) over many years, the productivity and water quality of the Chesapeake Bay and its watershed were diminished by pollution, excessive sedimentation, shoreline erosion, the impacts of population growth and development in the Chesapeake Bay watershed, and other factors;

(3) the Federal Government (acting through the Administrator of the Environmental Protection Agency), the Governor of the State of Maryland, the Governor of the Commonwealth of Virginia, the Governor of the Commonwealth of Pennsylvania, the Chairperson of the Chesapeake Bay Commission, and the mayor of the District of Columbia, as Chesapeake Bay Agreement signatories, have committed to a comprehensive cooperative program to achieve improved water quality and improvements in the productivity of living resources of the Bay;

(4) the cooperative program described in paragraph (3) serves as a national and international model for the management of estuaries; and

(5) there is a need to expand Federal support for monitoring, management, and restoration activities in the Chesapeake Bay and the tributaries of the Bay in order to meet and further the original and subsequent goals and commitments of the Chesapeake Bay Program.

(b) PURPOSES.—The purposes of this title [amending this section and enacting provisions set out as a note under section 1251 of this title] are—

(1) to expand and strengthen cooperative efforts to restore and protect the Chesapeake Bay; and

(2) to achieve the goals established in the Chesapeake Bay Agreement.

NUTRIENT LOADING RESULTING FROM DREDGED MATERIAL DISPOSAL

Pub. L. 106–53, title IV, § 457, Aug. 17, 1999, 113 Stat. 332, provided that:

(a) STUDY.—The Secretary shall conduct a study of nutrient loading that occurs as a result of discharges of dredged material into open-water sites in the Chesapeake Bay.

(b) REPORT.—Not later than 18 months after the date of enactment of this Act [Aug. 17, 1999], the Secretary shall submit to Congress a report on the results of the study.

Executive Documents

Ex. Ord. No. 13508, CHESAPEAKE BAY PROTECTION AND RESTORATION

Ex. Ord. No. 13508, May 12, 2009, 74 F.R. 23099, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America and in furtherance of the purposes of the Clean Water Act of 1972, as amended (33 U.S.C. 1251 et seq.), and other laws, and to protect and restore the health, heritage, natural resources, and social and economic value of the Nation’s largest estuarine ecosystem and the natural sustainability of its watershed, it is hereby ordered as follows:

PART I—PREAMBLE

The Chesapeake Bay is a national treasure constituting the largest estuary in the United States and one
of the largest and most biologically productive estuaries in the world. The Federal Government has nationally significant assets in the Chesapeake Bay and its watershed, and the protection of existing State water quality standards and the "fishable and swimmable" goals of the Clean Water Act. At the current level and scope of pollution control within the Chesapeake Bay's watershed, restoration of the Chesapeake Bay is not expected for many years. The pollutants that are largely responsible for pollution of the Chesapeake Bay are nutrients, in the form of nitrogen and phosphorus, and sediment. These pollutants come from many sources, including sewage treatment, agricultural operations, and deposition from the air onto the waters of the Chesapeake Bay and the lands of the watershed.

Restoration of the health of the Chesapeake Bay will require a renewed commitment to controlling pollution from all sources as well as protecting and restoring habitat and living resources, conserving lands, and improving management of natural resources, all of which contribute to improved water quality and ecosystem health. The Federal Government should lead this effort. Executive departments and agencies (agencies), working in collaboration, can use their expertise and resources to contribute significantly to improving the health of the Chesapeake Bay. Progress in restoring the Chesapeake Bay also will depend on the support of State and local governments, the enterprise of the private sector, and the stewardship provided to the Chesapeake Bay by all the people who make this region their home.

PART 2—SHARED FEDERAL LEADERSHIP, PLANNING, AND ACCOUNTABILITY

SEC. 201. Federal Leadership Committee. In order to begin a new era of shared Federal leadership with respect to the protection and restoration of the Chesapeake Bay, a Federal Leadership Committee (Committee) for the Chesapeake Bay is established to oversee the development and coordination of programs and activities, including data management and reporting, of agencies participating in protection and restoration of the Chesapeake Bay. The Committee shall manage the development of strategies and program plans for the watershed ecosystem of the Chesapeake Bay and oversee their implementation. The Committee shall be chaired by the Administrator of the Environmental Protection Agency (EPA), or the Administrator's designee, and include senior representatives of the Department of Agriculture (USDA), Commerce (DOC), Defense (DOD), Homeland Security (DHS), the Interior (DOI), Transportation (DOT), and such other agencies as determined by the Committee. Representatives serving on the Committee shall be officers of the United States.

SEC. 202. Reports on Key Challenges to Protecting and Restoring the Chesapeake Bay. Within 120 days from the date of this order, the agencies identified in this section as the lead agencies shall prepare and submit draft reports to the Committee making recommendations for accomplishing the following steps to protect and restore the Chesapeake Bay:

(a) define the next generation of tools and actions to restore water quality in the Chesapeake Bay and describe the changes to be made to regulations, programs, and policies to implement these actions;
(b) target resources to better protect the Chesapeake Bay and its tributary waters including resources under the Food Security Act of 1985 as amended, the Clean Water Act, and other laws;
(c) strengthen storm water management practices at Federal facilities and on Federal lands within the Chesapeake Bay watershed and develop storm water best practices guidance;
(d) assess the impacts of a changing climate on the Chesapeake Bay and develop a strategy for adapting natural resource programs and public infrastructure to reduce the impacts of a changing climate on water quality and living resources of the Chesapeake Bay watershed;
(e) expand public access to waters and open spaces of the Chesapeake Bay and its tributaries from Federal lands and conserve landscapes and ecosystems of the Chesapeake Bay watershed;
(f) strengthen scientific support for decisionmaking to restore the Chesapeake Bay and its watershed, including expanded environmental research and monitoring and observing systems; and
(g) develop focused and coordinated habitat and research activities that protect and restore living resources and water quality of the Chesapeake Bay and its watershed.

The EPA shall be the lead agency for subsection (a) of this section and the development of the storm water best practices guide under subsection (c). The USDA shall be the lead agency for subsection (b). The DOD shall lead on storm water management practices at Federal facilities and on Federal lands under subsection (c). The DOI and the DOC shall share the lead on subsections (d), (f), and (g), and the DOI shall be lead on subsection (e). The lead agencies shall provide final reports to the Committee within 180 days of the date of this order.

SEC. 203. Strategy for Protecting and Restoring the Chesapeake Bay. The Committee shall prepare and publish a strategy for coordinated implementation of existing programs and projects to guide efforts to protect and restore the Chesapeake Bay. The strategy shall, to the extent permitted by law:

(a) define environmental goals for the Chesapeake Bay and describe milestones for making progress toward attainment of these goals;
(b) identify key measureable indicators of environmental condition and changes that are critical to effective Federal leadership;
(c) describe the specific programs and strategies to be implemented, including the programs and strategies described in draft reports developed under section 202 of this order;
(d) identify the mechanisms that will assure that governmental and other activities, including data collection and distribution, are coordinated and effective, relying on existing mechanisms where appropriate; and
(e) describe a process for the implementation of adaptive management principles, including a periodic evaluation of protection and restoration activities.

The Committee shall review the draft reports submitted by lead agencies under section 202 of this order, and, in consultation with relevant State agencies, suggest appropriate revisions to the agency that provided the draft report. It shall then integrate these reports into a coordinated strategy for the restoration and protection of the Chesapeake Bay consistent with the requirements of this order. Together with the final reports prepared by the lead agencies, the draft strategy shall be published for public review and comment within 180 days of the date of this order and a final strategy shall be published within 1 year. To the extent practicable and authorized under their existing authorities, agencies may begin implementing core elements of restoration and protection programs and strategies, in consultation with the Committee, as soon as possible and prior to release of a final strategy.

SEC. 204. Collaboration with State Partners. In preparing the reports under section 202 and the strategy under section 203, the lead agencies and the Committee shall consult extensively with the States of Virginia, Maryland, Pennsylvania, West Virginia, New York, and Delaware and the District of Columbia. The goal of this consultation is to ensure that Federal actions to protect and restore the Chesapeake Bay are closely coordinated with actions by State and local agencies in the watershed and that the resources, authorities, and expertise of Federal, State, and local agencies are used as efficiently as possible for the benefit of the Chesapeake
Bay’s water quality and ecosystem and habitat health and viability.

\textbf{Sic. 255. Annual Action Plan and Progress Report.} Beginning in 2010, the Administrator shall publish an annual Chesapeake Bay Action Plan (Action Plan) describing how Federal funding proposed in the President’s Budget will be used to protect and restore the Chesapeake Bay during the upcoming fiscal year, and recommending steps to improve progress in restoring and protecting the Chesapeake Bay. The Committee shall consult with stakeholders (including relevant State agencies) and members of the public in developing the Action Plan and Annual Progress Report.

\textbf{Sic. 206. Strengthen Accountability.} The Committee, in collaboration with State agencies, shall ensure that an independent evaluator periodically reports to the Committee in progress toward meeting the goals of this order. The Committee shall ensure that all program evaluation reports, including data on practice or system implementation and maintenance funded through agency programs, as appropriate, are made available to the public by posting on a website maintained by the Chair of the Committee.

\textbf{PART 3—Restore Chesapeake Bay Water Quality}

\textbf{Sic. 301. Water Pollution Control Strategies.} In preparing the report required by subsection 202(a) of this order, the Administrator of the EPA (Administrator) shall: (i) after consulting with appropriate State agencies, examine how to make full use of its authorities under the Clean Water Act to protect and restore the Chesapeake Bay and its tributary waters and, as appropriate, shall consider revising any guidance and regulations. The Administrator shall identify pollution control strategies and actions authorized by the EPA’s existing authorities to restore the Chesapeake Bay that:

(a) establish a clear path to meeting, as expeditiously as practicable, water quality and environmental restoration goals for the Chesapeake Bay;

(b) are based on sound science and reflect adaptive management principles;

(c) are performance oriented and publicly accountable;

(d) apply innovative and cost-effective pollution control measures;

(e) can be replicated in efforts to protect other bodies of water, where appropriate; and

(f) build on the strengths and expertise of Federal, State, and local governments, the private sector, and citizen organizations.

\textbf{Sic. 302. Elements of EPA Reports.} The strategies and actions identified by the Administrator of the EPA in preparing the report under subsection 202(a) shall include, to the extent permitted by law:

(a) using Clean Water Act tools, including strengthening existing permit programs and extending coverage where appropriate;

(b) establishing new, minimum standards of performance where appropriate, including:

(i) establishing a schedule for the implementation of key actions in cooperation with States, local governments, and others;

(ii) constructing watershed-based frameworks that assign pollution reduction responsibilities to pollution sources and maximize the reliability and cost-effectiveness of pollution reduction programs; and

(iii) implementing a compliance and enforcement strategy.

\textbf{PART 4—Agricultural Practices to Protect the Chesapeake Bay}

\textbf{Sic. 401. In developing recommendations for focusing resources to protect the Chesapeake Bay in the report required by subsection 202(b) of this order, the Secretary of Agriculture shall, as appropriate, concentrate the USDA’s working lands and land retirement programs within priority watersheds in counties in the Chesapeake Bay watershed. These programs should apply priority conservation practices that most efficiently reduce nutrient and sediment loads to the Chesapeake Bay, as identified by USDA and EPA data and scientific analysis. The Secretary of Agriculture shall work with State agencies to develop conservation strategies in counties and conservation agencies in developing the report.}

\textbf{PART 5—Reduce Water Pollution from Federal Lands and Facilities}

\textbf{Sic. 501. Agencies with land, facilities, or installation management responsibilities affecting ten or more acres within the watershed of the Chesapeake Bay shall, as expeditiously as practicable and to the extent permitted by law, implement land management practices to protect the Chesapeake Bay and its tributary waters consistent with the report required by section 202 of this order and as described in guidance published by the EPA under section 502.}

\textbf{Sic. 502. The Administrator of the EPA shall, within 1 year of the date of this order and after consulting with the Committee and providing for public review and comment, publish guidance for Federal land management in the Chesapeake Bay watershed describing proven, cost-effective tools and practices that reduce water pollution, including practices that are available for use by Federal agencies.}

\textbf{PART 6—Protect Chesapeake Bay as the Climate Changes}

\textbf{Sic. 601. The Secretaries of Commerce and the Interior shall, to the extent permitted by law, organize and conduct research and scientific assessments to support development of the strategy to adapt to climate change impacts on the Chesapeake Bay watershed as required in section 202 of this order and to evaluate the impacts of climate change on the Chesapeake Bay in future years. Such research should include assessment of:}

(a) the impact of sea level rise on the aquatic ecosystem of the Chesapeake Bay, including nutrient and sediment load contributions from stream banks and shorelines;

(b) the impacts of increasing temperature, acidity, and salinity levels of waters in the Chesapeake Bay;

(c) the impacts of changing rainfall levels and changes in rainfall intensity on water quality and aquatic life;

(d) potential impacts of climate change on fish, wildlife, and their habitats in the Chesapeake Bay and its watershed; and

(e) potential impacts of more severe storms on Chesapeake Bay resources.

\textbf{PART 7—Expand Public Access to the Chesapeake Bay and Conserve Landscapes and Ecosystems}

\textbf{Sic. 701. (a) Agencies participating in the Committee shall assist the Secretary of the Interior in development of the report addressing expanded public access to the waters of the Chesapeake Bay and conservation of landscapes and ecosystems required in subsection 202(e) of this order by providing to the Secretary:}

(i) a list and description of existing sites on agency lands and facilities where public access to the Chesapeake Bay or its tributary waters is offered;

(ii) a description of options for expanding public access at these agency sites;

(iii) a description of agency sites where new opportunities for public access might be provided;

(iv) a description of safety and national security issues related to expanded public access to Department of Defense Installations;

(v) a description of landscapes and ecosystems in the Chesapeake Bay watershed that merit recognition for their historical, cultural, ecological, or scientific values; and

(vi) options for conserving these landscapes and ecosystems.
§ 1268. Great Lakes
(a) Findings, purpose, and definitions

(1) Findings

The Congress finds that—

(A) the Great Lakes are a valuable national resource, continuously serving the people of the United States and other nations as an important source of food, fresh water, recreation, beauty, and enjoyment;

(B) the United States should seek to attain the goals embodied in the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments, with particular emphasis on goals related to toxic pollutants; and

(C) the Environmental Protection Agency should take the lead in the effort to meet those goals, working with other Federal agencies and State and local authorities.

(2) Purpose

It is the purpose of this section to achieve the goals embodied in the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments, through improved organization and definition of mission on the part of the Agency, funding of State grants for pollution control in the Great Lakes area, and improved accountability for implementation of such agreement.

(3) Definitions

For purposes of this section, the term—

(A) “Agency” means the Environmental Protection Agency;

(B) “Great Lakes” means Lake Ontario, Lake Erie, Lake Huron (including Lake St. Clair), Lake Michigan, and Lake Superior, and the connecting channels (Saint Mary’s River, Saint Clair River, Detroit River, Niagara River, and Saint Lawrence River to the Canadian Border);

(C) “Great Lakes System” means all the streams, rivers, lakes, and other bodies of water within the drainage basin of the Great Lakes;

(D) “Program Office” means the Great Lakes National Program Office established by this section;

(E) “Research Office” means the Great Lakes Research Office established by subsection (d);

(F) “area of concern” means a geographic area located within the Great Lakes, in which beneficial uses are impaired and which has been officially designated as such under Annex 2 of the Great Lakes Water Quality Agreement;

(G) “Great Lakes States” means the States of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin;

(H) “Great Lakes Water Quality Agreement” means the bilateral agreement, between the United States and Canada which was signed in 1978 and amended by the Protocol of 1987;

(I) “Lakewide Management Plan” means a written document which embodies a system-
Section 1268

(c) Great Lakes management

(1) Functions

The Program Office shall—

(A) in cooperation with appropriate Federal, State, tribal, and international agencies, and in accordance with section 1251(e) of this title, develop and implement specific action plans to carry out the responsibilities of the United States under the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments; 1

(B) establish a Great Lakes system-wide surveillance network to monitor the water quality of the Great Lakes, with specific emphasis on the monitoring of toxic pollutants;

(C) serve as the liaison with, and provide information to, the Canadian members of the International Joint Commission and the Canadian counterpart to the Agency;

(D) coordinate actions of the Agency (including actions by headquarters and regional offices thereof) aimed at improving Great Lakes water quality; and

(E) coordinate actions of the Agency with the actions of other Federal agencies and State and local authorities, so as to ensure the input of those agencies and authorities in developing water quality strategies and obtain the support of those agencies and authorities in achieving the objectives of such agreement.

(2) Great Lakes water quality guidance

(A) By June 30, 1991, the Administrator, after consultation with the Program Office, shall publish in the Federal Register for public notice and comment proposed water quality guidance for the Great Lakes System. Such guidance shall conform with the objectives and provisions of the Great Lakes Water Quality Agreement, shall be no less restrictive than the provisions of this chapter and national water quality criteria and guidance, shall specify numerical limits on pollutants in ambient Great Lakes waters to protect human health, aquatic life, and wildlife, and shall provide guidance to the Great Lakes States on minimum water quality standards, antidegradation policies, and implementation procedures for the Great Lakes System.

(B) By June 30, 1992, the Administrator, in consultation with the Program Office, shall publish in the Federal Register, pursuant to this section and the Administrator’s authority under this chapter, final water quality guidance for the Great Lakes System.

(C) Within two years after such Great Lakes guidance is published, the Great Lakes States shall adopt water quality standards, antidegradation policies, and implementation procedures for waters within the Great Lakes System which are consistent with such guidance. If a Great Lakes State fails to adopt such standards, policies, and procedures, the Administrator shall promulgate them not later than the end of such two-year period. When reviewing any Great Lakes State’s water quality plan, the agency shall consider the extent to which the State has complied with the Great Lakes guidance issued pursuant to this section.

(3) Remedial Action Plans

(A) For each area of concern for which the United States has agreed to draft a Remedial Action Plan, the Program Office shall ensure that the Great Lakes State in which such area of concern is located—

(i) submits a Remedial Action Plan to the Program Office by June 30, 1991;

(ii) submits such Remedial Action Plan to the International Joint Commission by January 1, 1992; and

(iii) includes such Remedial Action Plans within the State’s water quality plan by January 1, 1993.

(B) For each area of concern for which Canada has agreed to draft a Remedial Action Plan, the Program Office shall, pursuant to subparagraph (c)(1)(C) of this section, work with Canada to assure the submission of such Remedial Action Plans to the International Joint Commission by June 30, 1991, and to finalize such Remedial Action Plans by January 1, 1993.

(C) For any area of concern designated as such subsequent to November 16, 1990, the Program Office shall (i) if the United States has agreed to draft the Remedial Action Plan, en-
sure that the Great Lakes State in which such area of concern is located submits such Plan to the Program Office within two years of the area’s designation, submits it to the International Joint Commission no later than six months after submitting it to the Program Office, and includes such Plan in the State’s water quality plan no later than one year after submitting it to the Commission; and (ii) if Canada has agreed to draft the Remedial Action Plan, work with Canada, pursuant to subparagraph (c)(1)(C) of this section, to ensure the submission of such Plan to the International Joint Commission within two years of the area’s designation and the finalization of such Plan no later than eighteen months after submitting it to such Commission.

(D) The Program Office shall compile formal comments on individual Remedial Action Plans made by the International Joint Commission pursuant to section 4(d) of Annex 2 of the Great Lakes Water Quality Agreement and, upon request by a member of the public, shall make such comments available for inspection and copying. The Program Office shall also make available, upon request, formal comments made by the Environmental Protection Agency on individual Remedial Action Plans.

(E) REPORT.—Not later than 1 year after November 27, 2002, the Administrator shall submit to Congress a report on such actions, time periods, and resources as are necessary to fulfill the duties of the Agency relating to oversight of Remedial Action Plans under—
(i) this paragraph; and
(ii) the Great Lakes Water Quality Agreement.

(4) Lakewide Management Plans

The Administrator, in consultation with the Program Office shall—

(A) by January 1, 1992, publish in the Federal Register a proposed Lakewide Management Plan for Lake Michigan and solicit public comments;
(B) by January 1, 1993, submit a proposed Lakewide Management Plan for Lake Michigan to the International Joint Commission for review; and
(C) by January 1, 1994, publish in the Federal Register a final Lakewide Management Plan for Lake Michigan and begin implementation.

Nothing in this subparagraph shall preclude the simultaneous development of Lakewide Management Plans for the other Great Lakes.

(5) Spills of oil and hazardous materials

The Program Office, in consultation with the Coast Guard, shall identify areas within the Great Lakes which are likely to experience numerous or voluminous spills of oil or other hazardous materials from land based facilities, vessels, or other sources and, in consultation with the Great Lakes States, shall identify weaknesses in Federal and State programs and systems to prevent and respond to such spills. This information shall be included on at least a biennial basis in the report required by this section.

(6) 5-year plan and program

The Program Office shall develop, in consultation with the States, a five-year plan and program for reducing the amount of nutrients introduced into the Great Lakes. Such program shall incorporate any management program for reducing nutrient runoff from nonpoint sources established under section 1329 of this title and shall include a program for monitoring nutrient runoff into, and ambient levels in, the Great Lakes.

(7) Great Lakes Restoration Initiative

(A) Establishment

There is established in the Agency a Great Lakes Restoration Initiative (referred to in this paragraph as the “Initiative”) to carry out programs and projects for Great Lakes protection and restoration.

(B) Focus areas

In carrying out the Initiative, the Administrator shall prioritize programs and projects, to be carried out in coordination with non-Federal partners, that address the priority areas described in the Initiative Action Plan, including—
(i) the remediation of toxic substances and areas of concern;
(ii) the prevention and control of invasive species and the impacts of invasive species;
(iii) the protection and restoration of nearshore health and the prevention and mitigation of nonpoint source pollution;
(iv) habitat and wildlife protection and restoration, including wetlands restoration and preservation; and
(v) accountability, monitoring, evaluation, communication, and partnership activities.

(C) Projects

(i) in general

In carrying out the Initiative, the Administrator shall collaborate with other Federal partners, including the Great Lakes Interagency Task Force established by Executive Order No. 13340 (69 Fed. Reg. 29043), to select the best combination of programs and projects for Great Lakes protection and restoration using appropriate principles and criteria, including whether a program or project provides—
(I) the ability to achieve strategic and measurable environmental outcomes that implement the Initiative Action Plan and the Great Lakes Water Quality Agreement;
(II) the feasibility of—
(aa) prompt implementation;
(bb) timely achievement of results; and
(cc) resource leveraging; and
(III) the opportunity to improve interagency, intergovernmental, and interorganizational coordination and collaboration to reduce duplication and streamline efforts.

So in original. Probably should be “paragraph”.

ccam
(ii) Outreach

In selecting the best combination of programs and projects for Great Lakes protection and restoration under clause (i), the Administrator shall consult with the Great Lakes States and Indian tribes and solicit input from other non-Federal stakeholders.

(iii) Harmful algal bloom coordinator

The Administrator shall designate a point person from an appropriate Federal partner to coordinate, with Federal partners and Great Lakes States, Indian tribes, and other non-Federal stakeholders, projects and activities under the Initiative involving harmful algal blooms in the Great Lakes.

(D) Implementation of projects

(i) In general

Subject to subparagraph (J)(ii), funds made available to carry out the Initiative shall be used to strategically implement—

(I) Federal projects;

(II) projects carried out in coordination with States, Indian tribes, municipalities, institutions of higher education, and other organizations; and

(III) operations and activities of the Program Office, including remediation of sediment contamination in areas of concern.

(ii) Transfer of funds

With amounts made available for the Initiative each fiscal year, the Administrator may—

(I) transfer not more than the total amount appropriated under subparagraph (J)(i) for the fiscal year to the head of any Federal department or agency, with the concurrence of the department or agency head, to carry out activities to support the Initiative and the Great Lakes Water Quality Agreement; and

(II) enter into an interagency agreement with the head of any Federal department or agency to carry out activities described in subclause (I).

(iii) Agreements with non-Federal entities

(I) In general

The Administrator, or the head of any other Federal department or agency receiving funds under clause (ii)(I), may make a grant to, or otherwise enter into an agreement with, a qualified non-Federal entity, as determined by the Administrator or the applicable head of the other Federal department or agency receiving funds, for planning, research, monitoring, outreach, or implementation of a project selected under subparagraph (C), to support the Initiative Action Plan or the Great Lakes Water Quality Agreement.

(II) Qualified non-Federal entity

For purposes of this clause, a qualified non-Federal entity may include a governmental entity, nonprofit organization, institution, or individual.

(E) Scope

(i) In general

Projects may be carried out under the Initiative on multiple levels, including—

(I) locally;

(II) Great Lakes-wide; or

(III) Great Lakes basin-wide.

(ii) Limitation

No funds made available to carry out the Initiative may be used for any water infrastructure activity (other than a green infrastructure project that improves habitat and other ecosystem functions in the Great Lakes) for which financial assistance is received—

(I) from a State water control revolving fund established under subchapter VI;

(II) from a State drinking water revolving loan fund established under section 306(j)–12 of title 42; or

(III) pursuant to the Water Infrastructure Finance and Innovation Act of 2014 (33 U.S.C. 3901 et seq.).

(F) Activities by other Federal agencies

Each relevant Federal department or agency shall, to the maximum extent practicable—

(i) maintain the base level of funding for the Great Lakes activities of that department or agency without regard to funding under the Initiative; and

(ii) identify new activities and projects to support the environmental goals of the Initiative.

(G) Revision of Initiative Action Plan

(i) In general

Not less often than once every 5 years, the Administrator, in conjunction with the Great Lakes Interagency Task Force, shall review, and revise as appropriate, the Initiative Action Plan to guide the activities of the Initiative in addressing the restoration and protection of the Great Lakes system.

(ii) Outreach

In reviewing and revising the Initiative Action Plan under clause (i), the Administrator shall consult with the Great Lakes States and Indian tribes and solicit input from other non-Federal stakeholders.

(H) Monitoring and reporting

The Administrator shall—

(i) establish and maintain a process for monitoring and periodically reporting to the public on the progress made in implementing the Initiative Action Plan;

(ii) make information about each project carried out under the Initiative Action Plan available on a public website; and

(iii) provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Sen-
§ 1268

(1) Initiative Action Plan defined

In this paragraph, the term "Initiative Action Plan" means the comprehensive, multiyear action plan for the restoration of the Great Lakes, first developed pursuant to the Joint Explanatory Statement of the Conference Report accompanying the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2010 (Public Law 111-88).

(2) Funding

(i) In general

There are authorized to be appropriated to carry out this paragraph—

(I) $300,000,000 for each of fiscal years 2017 through 2021;
(II) $375,000,000 for fiscal year 2022;
(III) $400,000,000 for fiscal year 2023;
(IV) $425,000,000 for fiscal year 2024;
(V) $450,000,000 for fiscal year 2025; and
(VI) $475,000,000 for fiscal year 2026.

(ii) Limitation

Nothing in this paragraph creates, expands, or amends the authority of the Administrator to implement programs or projects under—

(I) this section;
(II) the Initiative Action Plan; or
(III) the Great Lakes Water Quality Agreement.

(3) Administrator’s responsibility

The Administrator shall ensure that the Program Office enters into agreements with the various organizational elements of the Agency involved in Great Lakes activities and the appropriate State agencies specifically delineating—

(A) the duties and responsibilities of each such element in the Agency with respect to the Great Lakes;
(B) the time periods for carrying out such duties and responsibilities; and
(C) the resources to be committed to such duties and responsibilities.

(4) Budget item

The Administrator shall, in the Agency’s annual budget submission to Congress, include a funding request for the Program Office as a separate budget line item.

(5) Confined disposal facilities

(A) The Administrator, in consultation with the Assistant Secretary of the Army for Civil Works, shall develop and implement, within one year of November 16, 1990, management plans for every Great Lakes confined disposal facility.

(B) The plan shall provide for monitoring of such facilities, including—

(i) water quality at the site and in the area of the site;
(ii) sediment quality at the site and in the area of the site;
(iii) the diversity, productivity, and stability of aquatic organisms at the site and in the area of the site; and
(iv) such other conditions as the Administrator deems appropriate.

(C) The plan shall identify the anticipated use and management of the site over the following twenty-year period including the anticipated termination of dumping at the site, the anticipated need for site management, including pollution control, following the termination of the use of the site.

(D) The plan shall identify a schedule for review and revision of the plan which shall not be less frequent than five years after adoption of the plan and every five years thereafter.

(11) Remediation of sediments contamination in areas of concern

(A) In general

In accordance with this paragraph, the Administrator, acting through the Program Office, may carry out projects that meet the requirements of subparagraph (B).

(B) Eligible projects

A project meets the requirements of this subparagraph if the project is to be carried out in an area of concern located wholly or partially in the United States and the project—

(i) monitors or evaluates contaminated sediment;
(ii) subject to subparagraph (D), implements a plan to remediate contaminated sediment, including activities to restore aquatic habitat that are carried out in conjunction with a project for the remediation of contaminated sediment; or
(iii) prevents further or renewed contamination of sediment.

(C) Priority

In selecting projects to carry out under this paragraph, the Administrator shall give priority to a project that—

(i) constitutes remedial action for contaminated sediment;
(ii)(I) has been identified in a Remedial Action Plan submitted under paragraph (B); and
(II) is ready to be implemented;
(iii) will use an innovative approach, technology, or technique that may provide greater environmental benefits, or equivalent environmental benefits at a reduced cost; or
(iv) includes remediation to be commenced not later than 1 year after the date of receipt of funds for the project.

(D) Limitations

The Administrator may not carry out a project under this paragraph for remediation of contaminated sediments located in an area of concern—

(i) if an evaluation of remedial alternatives for the area of concern has not been conducted, including a review of the short-term and long-term effects of the alternatives on human health and the environment;
(ii) if the Administrator determines that the area of concern is likely to suffer significant further or renewed contamination from existing sources of pollutants causing sediment contamination following completion of the project;

(iii) unless each non-Federal sponsor for the project has entered into a written project agreement with the Administrator under which the party agrees to carry out its responsibilities and requirements for the project; or

(iv) unless the Administrator provides assurance that the Agency has conducted a reasonable inquiry to identify potentially responsible parties connected with the site.

(E) Non-Federal share

(i) In general

The non-Federal share of the cost of a project carried out under this paragraph shall be at least 35 percent.

(ii) In-kind contributions

(I) In general

The non-Federal share of the cost of a project carried out under this paragraph may include the value of an in-kind contribution provided by a non-Federal sponsor.

(II) Credit

A project agreement described in subparagraph (D)(iii) may provide, with respect to a project, that the Administrator shall credit toward the non-Federal share of the project the value of an in-kind contribution provided by the non-Federal sponsor, if the Administrator determines that the material or service provided as the in-kind contribution is integral to the project.

(III) Work performed before project agreement

In any case in which a non-Federal sponsor is to receive credit under subclause (II) for the cost of work carried out by the non-Federal sponsor and such work has not been carried out by the non-Federal sponsor as of October 8, 2008, the Administrator and the non-Federal sponsor shall enter into an agreement under which the non-Federal sponsor shall carry out such work, and only work carried out following the execution of the agreement shall be eligible for credit.

(IV) Limitation

Credit authorized under this clause for a project carried out under this paragraph—

(aa) shall not exceed the non-Federal share of the cost of the project; and

(bb) shall not exceed the actual and reasonable costs of the materials and services provided by the non-Federal sponsor, as determined by the Administrator.

(V) Inclusion of certain contributions

In this subparagraph, the term “in-kind contribution” may include the costs of planning (including data collection), design, construction, and materials that are provided by the non-Federal sponsor for implementation of a project under this paragraph.

(iii) Treatment of credit between projects

Any credit provided under this subparagraph towards the non-Federal share of the cost of a project carried out under this paragraph may be applied towards the non-Federal share of the cost of any other project carried out under this paragraph by the same non-Federal sponsor for a site within the same area of concern.

(iv) Non-Federal share

The non-Federal share of the cost of a project carried out under this paragraph—

(I) may include monies paid pursuant to, or the value of any in-kind contribution performed under, an administrative order on consent or judicial consent decree; but

(II) may not include any funds paid pursuant to, or the value of any in-kind contribution performed under, a unilateral administrative order or court order.

(v) Operation and maintenance

The non-Federal share of the cost of the operation and maintenance of a project carried out under this paragraph shall be 100 percent.

(F) Site characterization

(i) In general

The Administrator, in consultation with any affected State or unit of local government, shall carry out at Federal expense the site characterization of a project under this paragraph for the remediation of contaminated sediment.

(ii) Limitation

For purposes of clause (i), the Administrator may carry out one site assessment per discrete site within a project at Federal expense.

(G) Coordination

In carrying out projects under this paragraph, the Administrator shall coordinate with the Secretary of the Army, and with the Governors of States in which the projects are located, to ensure that Federal and State assistance for remediation in areas of concern is used as efficiently as practicable.

(H) Authorization of appropriations

(i) In general

In addition to other amounts authorized under this section, there is authorized to be appropriated to carry out this paragraph $50,000,000 for each of fiscal years 2004 through 2010.

(ii) Availability

Funds made available under clause (i) shall remain available until expended.

(iii) Allocation of funds

Not more than 20 percent of the funds appropriated pursuant to clause (i) for a
§ 1268

TITe 33—NAVIGATION AND NAVIGABLE WATERS

Page 378

(f) Interagency cooperation

The head of each department, agency, or other instrumentality of the Federal Government which is engaged in, is concerned with, or has authority over programs relating to research, monitoring, and planning to maintain, enhance, preserve, or rehabilitate the environmental quality and natural resources of the Great Lakes, including the Chief of Engineers of the Army, the Chief of the Soil Conservation Service, the Commandant of the Coast Guard, the Director of the Fish and Wildlife Service, and the Administrator of the National Oceanic and Atmospheric Administration, shall submit an annual report to the Administrator with respect to the activities of that agency or office affecting compliance with the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments.1

(g) Relationship to existing Federal and State laws and international treaties

Nothing in this section shall be construed—

(1) to affect the jurisdiction, powers, or prerogatives of any department, agency, or officer of the Federal Government or of any State

3So in original. Probably should be capitalized.
government, or of any tribe, nor any powers, jurisdiction, or prerogatives of any international body created by treaty with authority relating to the Great Lakes; or

(2) to affect any other Federal or State authority that is being used or may be used to facilitate the cleanup and protection of the Great Lakes.

(h) Authorizations of Great Lakes appropriations

There are authorized to be appropriated to the Administrator to carry out this section not to exceed—

(1) $11,000,000 per fiscal year for the fiscal years 1987, 1988, 1989, and 1990, and $25,000,000 for fiscal year 1991;

(2) such sums as are necessary for each of fiscal years 1992 through 2003; and

(3) $25,000,000 for each of fiscal years 2004 through 2008.

(June 30, 1948, ch. 758, title I, § 118, as added Pub. L. 100–4, title I, § 104, Pub. L. 101–596, title I of which enacted subsec. (c)(3), to reflect the probable intent of Congress.

Subsec. (c)(7)(E) to (J), Pub. L. 114–322, § 5005(3), added subpars. (E) to (J) and struck out former subpars. (E) to (G) which related to scope of projects, activities by other Federal agencies, and funding for fiscal year 2016.

2015—Subsec. (c)(7). Pub. L. 114–113 added par. (7) and struck out former par. (7), which required a five-year study and demonstration projects relating to the control and removal of toxic pollutants in the Great Lakes.

2014—Subsec. (c)(10) to (13). Pub. L. 113–188 redesignated pars. (11) to (13) as (10) to (12), respectively, and struck out former par. (10) which required submission of annual comprehensive reports.

Subsec. (c)(12)(B)(ii). Pub. L. 110–365, § 3(a), substituted “sediment, including activities to restore aquatic habitat that are carried out in conjunction with a project for the remediation of contaminated sediment” for “sediment”.

Subsec. (c)(12)(E)(ii). Pub. L. 110–365, § 3(c), amended cl. (ii) generally. Prior to amendment, text read as follows: “The non-Federal share of the cost of a project carried out under this paragraph may include the value of in-kind services contributed by a non-Federal sponsor.”

Subsec. (c)(12)(E)(iv). Pub. L. 110–365, § 3(d)(1), redesignated cl. (iii) as (iv) and substituted “contribution” for “service” in two places. Former cl. (iv) redesignated (v).

Subsec. (c)(12)(F). Pub. L. 110–365, § 3(e), amended subpar. (F) generally. Prior to amendment, text read as follows: “The Administrator may not carry out a project under this paragraph unless the non-Federal sponsor enters into such agreements with the Administrator as the Administrator may require to ensure that the non-Federal sponsor will maintain its aggregate expenditures from all other sources for remediation programs in the area of concern in which the project is located at or above the average level of such expenditures in the 2 fiscal years preceding the date on which the project is initiated.”

Subsec. (c)(12)(H)(i). Pub. L. 110–365, § 3(f)(1), added cl. (i) and struck out former cl. (i). Prior to amendment, text read as follows: “In addition to other amounts authorized under this section, there is authorized to be appropriated to carry out this paragraph $50,000,000 for each of fiscal years 2009 through 2008.

Subsec. (c)(12), (13). Pub. L. 107–303, § 103, added pars. (13) and (13).

Subsec. (g). Pub. L. 107–303, § 104, substituted “construed—” for “construed to affect”, inserted “(i) to affect” before “the jurisdiction”, substituted “Lakes; or” for “Lakes”, and added subpar. (E).

Subsec. (h). Pub. L. 107–303, § 105, substituted “not to exceed—” for “not to exceed $11,000,000”, inserted “(i)
$11,000,000’ before ‘per fiscal year for’; substituted ‘1991’; for ‘1991’, added pars. (2) and (3), and struck out former last sentence which read as follows: ‘Of the amounts appropriated each fiscal year—
‘(1) 40 percent shall be used by the Great Lakes National Program Office on demonstration projects on the feasibility of controlling and removing toxic pollutants;
‘(2) 7 percent shall be used by the Great Lakes National Program Office for the program of nutrient monitoring; and
‘(3) 30 percent or $3,300,000, whichever is the lesser, shall be transferred to the National Oceanic and Atmospheric Administration for use by the Great Lakes Research Office.’
Subsec. (c)(2) to (11). Pub. L. 101–596, §§101, 102, 104, added pars. (2) to (5) after par. (1) and renumbered existing paragraphs accordingly, which was executed by renumbering pars. (2) to (6) as (6) to (10), respectively, redesignated existing provisions of par. (7) as subpar. (A) and added subpars. (B) and (C), and added par. (11).

Statutory Notes and Related Subsidiaries
TRANSFER OF FUNCTIONS
For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

NOTIFICATION REQUIREMENTS
‘‘(a) DEFINITIONS.—In this section—
‘‘(1) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the Environmental Protection Agency.
‘‘(2) AFFECTED STATE.—The term ‘affected State’ means any of the Great Lakes States (as defined in section 118(a)(3) of the Federal Water Pollution Control Act (33 U.S.C. 1268(a)(3))).
‘‘(3) DISCHARGE.—The term ‘discharge’ means a discharge as defined in section 502 of the Federal Water Pollution Control Act (33 U.S.C. 1342).
‘‘(4) GREAT LAKES.—The term ‘Great Lakes’ means any of the waters as defined in section 118(a)(3) of the Federal Water Pollution Control Act (33 U.S.C. 1268(a)(3)).
‘‘(5) TREATMENT WORKS.—The term ‘treatment works’ has the meaning given the term in section 212 of the Federal Water Pollution Control Act (33 U.S.C. 1292).
‘‘(b) REQUIREMENTS.—
‘‘(1) IN GENERAL.—The Administrator shall work with affected States having publicly owned treatment works that discharge to the Great Lakes to create public notice requirements for a combined sewer overflow discharge to the Great Lakes.
‘‘(2) NOTICE REQUIREMENTS.—The notice requirements referred to in paragraph (1) shall provide for—
‘‘(i) the method of the notice;
‘‘(ii) the contents of the notice, in accordance with paragraph (3); and
‘‘(iii) requirements for public availability of the notice.
‘‘(3) MINIMUM REQUIREMENTS.—
‘‘(A) IN GENERAL.—The contents of the notice under paragraph (1) shall include—
‘‘(I) the dates and times of the applicable discharge;
‘‘(II) the volume of the discharge; and
‘‘(III) a description of any public access areas impacted by the discharge.
‘‘(B) CONSISTENCY.—The minimum requirements under this paragraph shall be consistent for all affected States.
‘‘(4) ADDITIONAL REQUIREMENTS.—The Administrator shall work with the affected States to include—
‘‘(A) follow-up notice requirements that provide a description of—
‘‘(i) each applicable discharge;
‘‘(ii) the cause of the discharge; and
‘‘(iii) plans to prevent a reoccurrence of a combined sewer overflow discharge to the Great Lakes consistent with section 482 of the Federal Water Pollution Control Act (33 U.S.C. 1342) or an administrative order or consent decree under such Act; and
‘‘(B) annual publication requirements that list each treatment works from which the Administrator or the affected State receive a follow-up notice.
‘‘(5) TIMING.—
‘‘(A) The notice and publication requirements described in this subsection shall be implemented by not later than 2 years after the date of enactment of this Act (Dec. 18, 2015).
‘‘(B) The Administrator of the EPA may extend the implementation deadline for individual communities if the Administrator determines the community needs additional time to comply in order to avoid undue economic hardship.
‘‘(6) STATE ACTION.—Nothing in this subsection prohibits an affected State from establishing a State notice requirement in the event of a discharge that is more stringent than the requirements described in this subsection.’’

Funds Contributed by a Non-Federal Sponsor
Pub. L. 108–447, div. I, title III, Dec. 8, 2004, 118 Stat. 3332, provided in part that: ‘‘The Administrator [of the Environmental Protection Agency] may hereafter receive and use funds contributed by a non-Federal sponsor as its share of the cost of a project to carry out a project under paragraph (c)(12) [now (c)(11)] of section 118 of the Federal Water Pollution Control Act [33 U.S.C. 1288(c)(11)], as amended.’’

Great Lakes Remedial Action Plans and Sediment Remediation
‘‘(a) GREAT LAKES REMEDIAL ACTION PLANS.—
‘‘(1) IN GENERAL.—The Secretary may provide technical, planning, and engineering assistance to State and local governments and nongovernmental entities designated by a State or local government in the development and implementation of remedial action plans for Areas of Concern in the Great Lakes identified under the Great Lakes Water Quality Agreement of 1978.
‘‘(2) NON-FEDERAL SHARE.—
‘‘(A) IN GENERAL.—Non-Federal interests shall contribute, in cash or by providing in-kind contributions, 35 percent of costs of activities for which assistance is provided under paragraph (1).
“(B) Contributions by entities.—Nonprofit public or private entities may contribute all or a portion of the non-Federal share.

(1) IN GENERAL.—The Secretary, in consultation with the Administrator of the Environmental Protection Agency (acting through the Great Lakes National Program Office), may conduct pilot- and full-scale projects of promising technologies to remediate contaminated sediments in freshwater coastal regions in the Great Lakes basin. The Secretary shall conduct not fewer than 3 full-scale projects under this subsection.

(2) SITE SELECTION FOR PROJECTS.—In selecting the sites for these technology projects, the Secretary shall give priority consideration to Saginaw Bay, Michigan, Sheboygan Harbor, Wisconsin, Grand Calumet River, Indiana, Ashtabula River, Ohio, Buffalo River, New York, and Duluth-Superior Harbor, Minnesota and Wisconsin.

(3) NON-FEDERAL SHARE.—Non-Federal interests shall pay their share of costs of projects under this subsection. Such costs may be paid in cash or by providing in-kind contributions.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary to carry out this section $10,000,000 for each of fiscal years 2001 through 2012.’’

Executive Documents

EX. ORD. NO. 13340, ESTABLISHMENT OF GREAT LAKES INTERAGENCY TASK FORCE AND PROMOTION OF A REGIONAL COLLABORATION OF NATIONAL SIGNIFICANCE FOR THE GREAT LAKES

Ex. Ord. No. 13340, May 18, 2004, 69 F.R. 29043, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and to help establish a regional collaboration of national significance for the Great Lakes, it is hereby ordered as follows:

SECTION 1. Policy. The Great Lakes are a national treasure constituting the largest freshwater system in the world. The United States and Canada have made great progress addressing past and current environmental impacts to the Great Lakes ecology. The Federal Government is committed to making progress on the many significant challenges that remain. Along with numerous State, tribal, and local programs, over 140 Federal programs help fund and implement environmental restoration and management activities throughout the Great Lakes system. A number of intergovernmental bodies are providing leadership in the region to address environmental and resource management issues in the Great Lakes system. These activities would benefit substantially from more systematic collaboration and better integration of effort. It is the policy of the Federal Government to support local and regional efforts to address environmental challenges and to encourage local citizen and community stewardship. To this end, the Federal Government will partner with the Great Lakes States, tribal and local government, communities, and other interests to establish a regional collaboration to address nationally significant environmental and natural resource issues involving the Great Lakes. It is the further policy of the Federal Government that its executive departments and agencies will ensure that their programs are funding effective, coordinated, and environmentally sound activities in the Great Lakes system.

SISC. 2. Definitions. For purposes of this order:

(a) “Great Lakes” means Lake Ontario, Lake Erie, Lake Huron (including Lake Saint Clair), Lake Michigan, and Lake Superior, and the connecting channels (Saint Marys River, Saint Clair River, Detroit River, Niagara River, and Saint Lawrence River to the Canadian Border).

(b) “Great Lakes system” means all the streams, rivers, lakes, and other bodies of water within the drainage basin of the Great Lakes.

(a) Task Force Purpose. To further the policy described in section 1 of this order, there is established, within the Environmental Protection Agency for administrative purposes, the “Great Lakes Interagency Task Force” (Task Force) to:

(i) Help convene and establish a process for collaboration among the members of the Task Force and the members of the Working Group that is established in paragraph (b)(iii) of this section, with the Great Lakes States, local communities, tribes, regional bodies, and other interests in the Great Lakes region regarding policies, strategies, plans, programs, projects, activities, and priorities for the Great Lakes system.

(ii) Collaborate with Canada and its provinces and with bi-national bodies involved in the Great Lakes region regarding policies, strategies, projects, and priorities for the Great Lakes system.

(iii) Coordinate the development of consistent Federal policies, strategies, projects, and priorities for addressing the restoration and protection of the Great Lakes system and assisting in the appropriate management of the Great Lakes system.

(iv) Develop outcome-based goals for the Great Lakes system relying upon, among other things, existing data and science-based indicators of water quality and related environmental factors. These goals shall focus on outcomes such as cleaner water, sustainable fisheries, and biodiversity of the Great Lakes system and ensure that Federal policies, strategies, projects, and priorities support measurable results.

(v) Exchange information regarding policies, strategies, projects, and activities of the agencies represented on the Task Force related to the Great Lakes system.

(vi) Work to coordinate government action associated with the Great Lakes system.

(vii) Ensure coordinated Federal scientific and other research associated with the Great Lakes system.

(ix) Provide assistance and support to agencies represented on the Task Force in their activities related to the Great Lakes system.

(b) Membership and Operation.

(B) Membership and Operation.

(i) The Task Force shall consist exclusively of the following officers of the United States: the Administrator of the Environmental Protection Agency (who shall chair the Task Force), the Secretary of Transportation, the Secretary of Homeland Security, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of the Interior, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Housing and Urban Development, the Secretary of Transportation, the Secretary of Homeland Security, the Secretary of the Army, and the Chairman of the Council on Environmental Quality. A member of the Task Force may designate, to perform the Task Force functions of the member, any person who is part of the member’s department, agency, or office and who is either an officer of the United States appointed by the President or a full-time employee serving in a position with pay equal to or greater than the minimum rate payable for GS-15 of the General Schedule. The Task Force shall report to the President through the Chairman of the Council on Environmental Quality.

(ii) The Task Force shall establish a “Great Lakes Regional Working Group” (Working Group) composed of the appropriate regional administrator or director with programmatic responsibility for the Great Lakes system for each agency represented on the Task Force including: the Great Lakes National Pro-
§ 1268a. Great Lakes restoration activities report

(a) For purposes of this section the following definitions apply:

(1) The terms “Great Lakes” and “Great Lakes State” have the same meanings as such terms have in section 1962d–22 of title 42.

(2) The term “Great Lakes restoration activities” means any Federal or State activity primarily or entirely within the Great Lakes watershed that seeks to improve the overall health of the Great Lakes ecosystem.

(b) Hereafter, not later than 45 days after submission of the budget of the President to Congress, the Director of the Office of Management and Budget, in coordination with the Governor of each Great Lakes State and the Great Lakes Interagency Task Force, shall submit to the appropriate authorizing and appropriating committees of the Senate and the House of Representatives a financial report, certified by the Secretary of each agency that has budget authority for Great Lakes restoration activities, containing—

(1) an interagency budget crosscut report that—

(A) displays the budget proposed, including any planned interagency or intra-agency transfer, for each of the Federal agencies that carries out Great Lakes restoration activities in the upcoming fiscal year, separately reporting the amount of funding to be provided under existing laws pertaining to the Great Lakes ecosystem; and

(B) identifies all expenditures in each of the 5 prior fiscal years by the Federal Government and State governments for Great Lakes restoration activities;

(2) a detailed accounting of all funds received and obligated by all Federal agencies and, to the extent available, State agencies using Federal funds, for Great Lakes restoration activities during the current and previous fiscal years;

(3) a budget for the proposed projects (including a description of the project, authorization level, and project status) to be carried out in the upcoming fiscal year with the Federal portion of funds for activities; and

(4) a listing of all projects to be undertaken in the upcoming fiscal year with the Federal portion of funds for activities.

(George W. Bush.

§ 1268a. Great Lakes National Program Office.
The Great Lakes National Program Office of the Environmental Protection Agency will assist the Task Force and the Working Group in the performance of their functions. The Great Lakes National Program Manager shall serve as chair of the Working Group.

§ 5. Preservation of Authority. Nothing in this order shall be construed to impair or otherwise affect the authority of any Federal agency or any bi-national agreement with Canada.

§ 6. Judicial Review. This order is intended only to improve the internal management of the Federal Government and is not intended to, and does not, create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or in equity by a party against the United States, its departments, agencies, instrumentalities or entities, its officers or employees, or any other person.

Editorial Notes

Condensation

Section was enacted as part of the Financial Services and General Government Appropriations Act, 2014, and also as part of the Consolidated Appropriations Act, 2014, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

§ 1269. Long Island Sound

(a) Office of Management Conference of the Long Island Sound Study

The Administrator shall continue the Management Conference of the Long Island Sound Study (hereinafter referred to as the “Conference”) as established pursuant to section 1330 of this title, and shall establish an office (hereinafter referred to as the “Office”) to be located on or near Long Island Sound.

(b) Administration and staffing of Office

The Office shall be headed by a Director, who shall be detailed by the Administrator, following consultation with the Administrators of EPA regions I and II, from among the employees of the Agency who are in civil service. The Administrator shall delegate to the Director such authority and detail such additional staff as may be necessary to carry out the duties of the Director under this section.

(c) Duties of Office

The Office shall assist the conference study in carrying out its goals. Specifically, the Office shall—

(1) assist and support the implementation of the Comprehensive Conservation and Management Plan for Long Island Sound developed pursuant to section 1330 of this title, including efforts to establish, within the process for granting watershed general permits, a system for promoting innovative methodologies and technologies that are cost-effective and consistent with the goals of the Plan;

(2) conduct or commission studies deemed necessary for strengthened implementation of
the Comprehensive Conservation and Management Plan including, but not limited to—
(A) population growth and the adequacy of wastewater treatment facilities;
(B) the use of biological methods for nutrient removal in sewage treatment plants;
(C) contaminated sediments, and dredging activities;
(D) nonpoint source pollution abatement and land use activities in the Long Island Sound watershed;
(E) wetland protection and restoration;
(F) atmospheric deposition of acidic and other pollutants into Long Island Sound;
(G) water quality requirements to sustain fish, shellfish, and wildlife populations, and the use of indicator species to assess environmental quality;
(H) State water quality programs, for their adequacy pursuant to implementation of the Comprehensive Conservation and Management Plan;
(I) options for long-term financing of wastewater treatment projects and water pollution control programs;
(J) environmental vulnerabilities of the Long Island Sound watershed, including—
(i) the identification and assessment of such vulnerabilities in the watershed;
(ii) the development and implementation of adaptation strategies to reduce such vulnerabilities; and
(iii) the identification and assessment of the effects of sea level rise on water quality, habitat, and infrastructure; and
(3) coordinate the grant, research and planning programs authorized under this section;
(4) develop and implement strategies to increase public education and awareness with respect to the ecological health and water quality conditions of Long Island Sound;
(5) provide administrative and technical support to the conference study;
(6) collect and make available to the public (including on a publicly accessible website) publications, and other forms of information on the conference study determines to be appropriate, relating to the environmental quality of Long Island Sound;
(7) monitor the progress made toward meeting the identified goals, actions, and schedules of the Comprehensive Conservation and Management Plan, including through the implementation and support of a monitoring system for the ecological health and water quality conditions of Long Island Sound; and
(8) convene conferences and meetings for legislators from State governments and political subdivisions thereof for the purpose of making recommendations for coordinating legislative efforts to facilitate the environmental restoration of Long Island Sound and the implementation of the Comprehensive Conservation and Management Plan.

(d) Grants

(1) The Administrator is authorized to make grants for projects and studies which will help implement the Long Island Sound Comprehensive Conservation and Management Plan. Special emphasis shall be given to implementation, research and planning, enforcement, and citizen involvement and education.

(2) State, interstate, and regional water pollution control agencies, and other public or nonprofit private agencies, institutions, and organizations held to be eligible for grants pursuant to this subsection.

(3) Citizen involvement and citizen education grants under this subsection shall not exceed 95 per centum of the costs of such work. All other grants under this subsection shall not exceed 60 percent of the research, studies, or work. All grants shall be made on the condition that the non-Federal share of such costs are provided from non-Federal sources.

(e) Assistance to distressed communities

(1) Eligible communities

For the purposes of this subsection, a distressed community is any community that meets affordability criteria established by the State in which the community is located, if such criteria are developed after public review and comment.

(2) Priority

In making assistance available under this section for the upgrading of wastewater treatment facilities, the Administrator may give priority to a distressed community.

(f) Report

(1) In general

Not later than 2 years after the date of enactment of this Act, and biennially thereafter, the Director of the Office, in consultation with the Governor of each Long Island Sound State, shall submit to Congress a report that—

(A) summarizes and assesses the progress made by the Office and the Long Island Sound States in implementing the Long Island Sound Comprehensive Conservation and Management Plan, including an assessment of the progress made toward meeting the performance goals and milestones contained in the Plan;

(B) assesses the key ecological attributes that reflect the health of the ecosystem of the Long Island Sound watershed;

(C) describes any substantive modifications to the Long Island Sound Comprehensive Conservation and Management Plan made during the 2-year period preceding the date of submission of the report;

(D) provides specific recommendations to improve progress in restoring and protecting the Long Island Sound watershed, including, as appropriate, proposed modifications to the Long Island Sound Comprehensive Conservation and Management Plan;

(E) identifies priority actions for implementation of the Long Island Sound Comprehensive Conservation and Management Plan for the 2-year period following the date of submission of the report; and

(F) describes the means by which Federal funding and actions will be coordinated with the actions of the Long Island Sound States and other entities.
(2) Public availability

The Administrator shall make the report described in paragraph (1) available to the public, including on a publicly accessible website.

(g) Federal entities

(1) Coordination

The Administrator shall coordinate the actions of all Federal departments and agencies that affect water quality in the Long Island Sound watershed in order to improve the water quality and living resources of the watershed.

(2) Methods

In carrying out this section, the Administrator, acting through the Director of the Office, may—

(A) enter into interagency agreements; and

(B) make intergovernmental personnel appointments.

(4) Consistency with comprehensive conservation and management plan

To the maximum extent practicable, the head of each Federal department or agency that owns or occupies real property, or carries out activities, within the Long Island Sound watershed shall ensure that the property and all activities carried out by the department or agency are consistent with the Long Island Sound Comprehensive Conservation and Management Plan (including any related subsequent agreements and plans).

(h) Authorization of appropriations

There is authorized to be appropriated to the Administrator to carry out this section $40,000,000 for each of fiscal years 2019 through 2023.

2000—Subsec. (c)(1). Pub. L. 106–457, § 402, inserted before semicolon at end “, including efforts to establish, within the process for granting watershed general permits, a system for promoting innovative methodologies and technologies that are cost-effective and consistent with the goals of the Plan”:

Subsec. (f). Pub. L. 106–457, §§ 403(1), 404, redesignated subsec. (e) as (f) and substituted “2001 through 2005” for “1991 through 2001” in par. (1) and “not to exceed $40,000,000 for each of fiscal years 2001 through 2005” for “not to exceed $3,000,000 for each of the fiscal years 1991 through 2001” in par. (2).

§ 1269

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Long Island Sound Stewardship Act of 2006’.

SEC. 2. FINDINGS AND PURPOSE.

“(a) FINDINGS.—Congress finds that—

“(1) Long Island Sound is a national treasure of great cultural, environmental, and ecological importance;

“(2) 8,000,000 people live within the Long Island Sound watershed and 28,000,000 people (approximately 10 percent of the population of the United States) live within 50 miles of Long Island Sound;

“(3) activities that depend on the environmental health of Long Island Sound contribute more than $5,000,000,000 each year to the regional economy;

“(4) the portion of the shoreline of Long Island Sound that is accessible to the general public (estimated at less than 20 percent of the total shoreline) is not adequate to serve the needs of the people living in the area;

“(5) existing shoreline facilities are in many cases overburdened and underfunded;

“(6) large parcels of open space already in public ownership are strained by the effort to balance the demand for recreation with the needs of sensitive natural resources;

“(7) approximately 1/3 of the tidal marshes of Long Island Sound have been filled, and much of the remaining marshes have been ditched, diked, or impounded, reducing the ecological value of the marshes; and

“(8) much of the remaining exemplary natural landscape is vulnerable to further development.

“(b) PURPOSE.—The purpose of this Act is to establish the Long Island Sound Stewardship Initiative to iden-
tify, protect, and enhance upland sites within the Long Island Sound ecosystem with significant ecological, educational, open space, public access, or recreational value through a bi-State network of sites best exemplifying these values.

“SEC. 3. DEFINITIONS.

“In this Act, the following definitions apply:

“(1) ADMINISTRATOR.—The term ‘Administrator’ means the Administrator of the Environmental Protection Agency.

“(2) ADVISORY COMMITTEE.—The term ‘Advisory Committee’ means the Long Island Sound Stewardship Advisory Committee established by section 2.

“(3) REGION.—The term ‘Region’ means the Long Island Sound Stewardship Initiative Region established by section 4(a).

“(4) STATE.—The term ‘State’ means each of the States of Connecticut and New York.

“(5) STEWARDSHIP.—The term ‘stewardship’ means land acquisition, land conservation agreements, site planning, plan implementation, land and habitat management, public access improvements, site monitoring, and other activities designed to enhance and preserve natural resource-based recreation and ecological function of upland areas.

“(6) STEWARDSHIP SITE.—The term ‘stewardship site’ means any area of State, local, or tribal government, or privately owned land within the Region that is designated by the Administrator under section 5(a).

“(7) SYSTEMATIC SITE SELECTION.—The term ‘systematic site selection’ means a process of selecting stewardship sites that—

“(A) has explicit goals, methods, and criteria;

“(B) produces feasible, repeatable, and defensible results;

“(C) provides for consideration of natural, physical, and biological patterns;

“(D) addresses replication, connectivity, species viability, location, and public recreation values;

“(E) uses geographic information systems technology and algorithms to integrate selection criteria; and

“(F) will result in achieving the goals of stewardship site selection at the lowest cost.

“(8) QUALIFIED APPLICANTS.—The term ‘qualified applicant’ means a non-Federal person that owns title to property located within the borders of the Region.

“(9) THREAT.—The term ‘threat’ means a threat that is likely to destroy or seriously degrade a conservation target or a recreation area.

“SEC. 4. LONG ISLAND SOUND STEWARDSHIP INITIATIVE REGION.

“(a) ESTABLISHMENT.—There is established in the States of Connecticut and New York the Long Island Sound Stewardship Initiative Region.

“(b) BOUNDARIES.—The Region consists of the immediate coastal upland areas along—

“(1) the Long Island Sound between mean high water and the inland boundary, as described on the map entitled ‘Long Island Sound Stewardship Region’ and dated April 21, 2004; and

“(2) the Peconic Estuary as described on the map entitled ‘Peconic Estuary Program Study Area Boundaries’ and included in the Comprehensive Conservation and Management Plan for the Peconic Estuary Program and dated November 15, 2001.

“SEC. 5. DESIGNATION OF STEWARDSHIP SITES.

“(a) IN GENERAL.—The Administrator may designate a stewardship site in accordance with this Act any area that contributes to accomplishing the purpose of this Act.

“(b) PUBLICATION OF LIST OF RECOMMENDED SITES.—The Administrator shall—

“(1) publish in the Federal Register and make available in general circulation in the States of Connecticut and New York the list of sites recommended by the Advisory Committee; and

“(2) provide a 90-day period for—

“(A) the submission of public comment on the list; and

“(B) an opportunity for owners of such sites to decline designation of such sites as stewardship sites.

“(c) OPINION REGARDING OWNER’S RESPONSIBILITIES.—The Administrator may not designate an area as a stewardship site under this Act unless the Administrator provides to the owner of the area, and the owner acknowledges to the Administrator receipt of, a comprehensive opinion in plain English setting forth expressly the responsibility of the owner that arises from such designation.

“(d) DESIGNATION OF STEWARDSHIP SITES.—Not later than 150 days after receiving from the Advisory Committee its list of recommended sites, the Administrator—

“(1) shall review the recommendations of the Advisory Committee; and

“(2) may designate as a stewardship site any site included in the list.

“SEC. 6. RECOMMENDATIONS BY ADVISORY COMMITTEE.

“(a) IN GENERAL.—The Advisory Committee shall—

“(1) in accordance with this section, evaluate applications—

“(A) for designation of areas as stewardship sites;

“(B) to develop management plans to address threats to stewardship sites; and

“(C) to act on opportunities to protect and enhance stewardship sites;

“(2) develop recommended guidelines, criteria, schedules, and due dates for the submission of applications and the evaluation by the Advisory Committee of information to recommend areas for designation as stewardship sites that fulfill terms of a multi-year management plan;

“(3) recommend to the Administrator a list of sites for designation as stewardship sites that further the purpose of this Act;

“(4) develop management plans to address threats to stewardship sites;

“(5) raise awareness of the values of and threats to stewardship sites;

“(6) recommend that the Administrator award grants to qualified applicants; and

“(7) recommend to the Administrator ways to leverage additional resources for improved stewardship of the Region.

“(b) IDENTIFICATION OF SITES.—

“(1) IN GENERAL.—Any qualified applicant may submit an application to the Advisory Committee to have a site recommended to the Administrator for designation as a stewardship site.

“(2) IDENTIFICATION.—The Advisory Committee shall review each application submitted under this subsection to determine whether the site exhibits values that promote the purpose of this Act.

“(3) NATURAL RESOURCE-BASED RECREATION AREAS.—In reviewing an application for recommendation of a recreation area for designation as a stewardship site, the Advisory Committee may use a selection technique that includes consideration of—

“(A) public access;

“(B) community support;

“(C) high population density;

“(D) environmental justice (as defined in section 385.3 of title 33, Code of Federal Regulations (or successor regulations));

“(E) open spaces; and

“(F) cultural, historic, and scenic characteristics.

“(4) NATURAL AREAS WITH ECOCLOGICAL VALUE.—In reviewing an application for recommendation of a natural area with ecological value for designation as a stewardship site, the Advisory Committee may use a selection technique that includes consideration of—

“(A) measurable conservation targets for the Region; and

“(B) prioritizing new sites using systematic site selection, which shall include consideration of—
"(i) ecological uniqueness;
(ii) species viability;
(iii) habitat heterogeneity;
(iv) size;
(v) quality;
(vi) open spaces;
(vii) land cover;
(viii) scientific, research, or educational value; and
(ix) threats.

(5) Deviation from process.—The Advisory Committee may accept an application to recommend a site other than as provided in this subsection, if the Advisory Committee—

(A) determines that the site makes significant ecological or recreational contributions to the region; and

(B) provides to the Administrator the reasons for deviating from the process otherwise described in this subsection.

(c) Submission of list of recommended sites.—

(1) In general.—After completion of the site identification process set forth in subsection (b), the Advisory Committee shall submit to the Administrator its list of sites recommended for designation as stewardship sites.

(2) Limitation.—The Advisory Committee shall not include a site in the list submitted under this subsection unless, prior to submission of the list, the owner of the site is—

(A) notified of the inclusion of the site in the list; and

(B) allowed to decline inclusion of the site in the list.

(d) Public comment.—In identifying sites for inclusion in the list, the Advisory Committee shall provide an opportunity for submission of, and consider, public comments.

(1) Establishment.—The Administrator may provide grants, subject to the availability of appropriations, and other assistance for projects to fulfill the purpose of this Act.

(b) Federal share.—The Federal share of the cost of an activity carried out using any assistance or grant under this Act shall not exceed 60 percent of the total cost of the activity.

(3) Long Island Sound Stewardship Advisory Committee.

(a) Establishment.—There is established a committee to be known as the ‘Long Island Sound Stewardship Advisory Committee’.

(b) Membership.—

(1) In general.—The Administrator may appoint the members of the Advisory Committee in accordance with this subsection and the guidance in section 320(c) of the Federal Water Pollution Control Act (33 U.S.C. 1330(c)), except that the Governor of each State may appoint 2 members of the Advisory Committee.

(2) Additional members.—In addition to the other members appointed under this subsection, the Advisory Committee may include—

(A) a representative of the Regional Plan Association;

(B) a representative of marine trade organizations; and

(C) a representative of private landowner interests.

(3) Consideration of interests.—In appointing members of the Advisory Committee, the Administrator shall consider—

(A) Federal, State, and local government interests and tribal interests;

(B) the interests of nongovernmental organizations;

(C) academic interests;

(D) private interests including land, agriculture, and business interests; and

(E) recreational and commercial fishing interests.

(4) Chairperson.—In addition to the other members appointed under this subsection, the Administrator may appoint as a member of the Advisory Committee an individual to serve as the Chairperson, who may be the Director of the Long Island Sound Office of the Environmental Protection Agency.

(5) Completion of appointments.—The Administrator shall complete the appointment of all members of the Advisory Committee by not later than 180 days after the date of enactment of this Act [Oct. 16, 2006].

(a) Vacancies.—A vacancy on the Advisory Committee—

(i) shall be filled not later than 90 days after the vacancy occurs;

(ii) shall not affect the powers of the Advisory Committee; and

(iii) shall be filled in the same manner as the original appointment was made.

(c) Term.—

(1) In general.—A member of the Advisory Committee shall be appointed for a term of 4 years.

(2) Multiple terms.—An individual may be appointed as a member of the Advisory Committee for more than 1 term.

(d) Powers.—The Advisory Committee may hold such hearings, meet and act at such times and places, take such testimony, and receive such evidence as the Advisory Committee considers advisable to carry out this Act.

(e) Meetings.—

(1) In general.—The Advisory Committee shall meet at the call of the Chairperson, but no fewer than 4 times each year.

(2) Initial meeting.—Not later than 30 days after the date on which all members of the Advisory Committee have been appointed, the Chairperson shall call the initial meeting of the Advisory Committee.

(3) Quorum.—A majority of the members of the Advisory Committee shall constitute a quorum, but a lesser number of members may hold hearings.

(f) Adaptive Management.—

(1) In general.—The Advisory Committee shall use an adaptive management framework to identify the best policy initiatives and actions through—

(A) definition of strategic goals;

(B) definition of policy options for methods to achieve strategic goals;

(C) establishment of measures of success;

(D) identification of uncertainties;

(E) development of informative models of policy implementation;

(F) separation of the landscape into geographic units;

(G) monitoring key responses at different spatial and temporal scales; and

(H) evaluation of outcomes and incorporation into management strategies.

(2) Application of adaptive management framework.—The Advisory Committee shall apply the adaptive management framework to the process for making recommendations under subsections (b) through (f) of section 8 to the Administrator regarding sites that should be designated as stewardship sites.

(3) Adaptive management.—The adaptive management framework required by this subsection shall consist of a scientific process—

(A) for—

(i) developing predictive models;

(ii) making management policy decisions based upon the model outputs;

(iii) revising the management policies as data become available with which to evaluate the policies; and

(iv) acknowledging uncertainty, complexity, and variance in the spatial and temporal aspects of natural systems; and

(B) the interests of nongovernmental organizations.

(C) academic interests;

(D) private interests including land, agriculture, and business interests; and

(E) recreational and commercial fishing interests.
“(B) that requires that management be viewed as experimental.

“(g) TERMINATION OF ADVISORY COMMITTEE.—The Advisory Committee shall terminate on December 31, 2021.

“SEC. 9. REPORTS.

“(a) ADMINISTRATOR.—The Administrator shall publish and make available to the public on the Internet and in paper form—

“(1) not later than 1 year after the date of enactment of this Act [Oct. 16, 2006], a report that—

“(A) assesses the role of this Act in protecting the Long Island Sound;

“(B) establishes in coordination with the Advisory Committee guidelines, criteria, schedules, and due dates for evaluating information to designate stewardship sites;

“(C) includes information about any grants that are available for the purchase of land or property rights to protect stewardship sites; and

“(D) accounts for funds received and expended during the previous fiscal year;

“(2) an update of such report, at least every other year; and

“(3) information on funding and any new stewardship sites more frequently than every other year.

“(b) ADVISORY COMMITTEE.—

“(1) REPORT.—For each of fiscal years 2007 through 2011, the Advisory Committee shall submit to the Administrator and the decisionmaking body of the Long Island Sound Study Management Conference established under section 320 of the Federal Water Pollution Control Act (33 U.S.C. 1330), an annual report that contains—

“(A) a detailed statement of the findings and conclusions of the Advisory Committee since the last report under this subsection;

“(B) a description of all sites recommended by the Advisory Committee to the Administrator for designation as stewardship sites;

“(C) the recommendations of the Advisory Committee for such legislation and administrative actions as the Advisory Committee considers appropriate; and

“(D) in accordance with paragraph (2), the recommendations of the Advisory Committee for the awarding of grants.

“(2) RECOMMENDATION FOR GRANTS.—

“(A) IN GENERAL.—The Advisory Committee shall recommend that the Administrator award grants to qualified applicants to help to secure and improve the open space, public access, or ecological values of stewardship sites, through—

“(i) purchase of the property of a stewardship site;

“(ii) purchase of relevant property rights to a stewardship site or

“(iii) entering into any other binding legal arrangement that ensures that the values of a stewardship site are sustained, including entering into an arrangement with a land manager or property owner to develop or implement a management plan that is necessary for the conservation of natural resources.

“(B) EQUITABLE DISTRIBUTION OF FUNDS.—The Advisory Committee shall exert due diligence to ensure that its recommendations result in an equitable distribution of funds between the States.

“SEC. 10. PRIVATE PROPERTY PROTECTION; NO REGULATORY AUTHORITY.

“(a) ACCESS TO PRIVATE PROPERTY.—Nothing in this Act—

“(1) requires any private property owner to allow public access (including Federal, State, or local government access) to the private property; or

“(2) modifies the application of any provision of Federal, State, or local law with regard to public access to or use of private property, except as entered into by voluntary agreement of the owner or custodian of the property.

“(b) LIABILITY.—Establishment of the Region does not create any liability, or have any effect on any liability under any other law, of any private property owner with respect to any person injured on the private property.

“(c) RECOGNITION OF AUTHORITY TO CONTROL LAND USE.—Nothing in this Act modifies the authority of Federal, State, or local governments to regulate land use.

“(d) PARTICIPATION OF PRIVATE PROPERTY OWNERS NOT REQUIRED.—Nothing in this Act requires the owner of any private property located within the boundaries of the Region to participate in any land conservation, financial or technical assistance, or other programs established under this Act.

“(e) PURCHASE OF LAND OR INTEREST IN LAND FROM WILLING SELLERS ONLY.—Funds appropriated to carry out this Act may be used to purchase land or interests in land only from willing sellers.

“(f) MANNER OF ACQUISITION.—All acquisitions of land under this Act shall be made in a voluntary manner and shall not be the result of forced takings.

“(g) EFFECT OF ESTABLISHMENT.—

“(1) IN GENERAL.—There is established a Lake Champlain Basin Program, and the boundaries of the Region represent the area within which Federal funds appropriated for the purpose of this Act may be expended.

“(2) REGULATORY AUTHORITY.—The establishment of the Region and the boundaries of the Region do not provide any regulatory authority not in existence immediately before the enactment of this Act [Oct. 16, 2006] on land use in the Region by any management entity, except for such property rights as may be purchased from or donated by the owner of the property (including public lands donated by a State or local government).

“SEC. 11. AUTHORIZATION OF APPROPRIATIONS.

“(a) IN GENERAL.—There is authorized to be appropriated to the Administrator $25,000,000 for each of fiscal years 2007 through 2023 to carry out this Act, including for—

“(1) acquisition of land and interests in land;

“(2) development and implementation of site management plans;

“(3) site enhancements to reduce threats or promote stewardship; and

“(4) administrative expenses of the Advisory Committee and the Administrator.

“(b) USE OF FUNDS.—Amounts made available to the Administrator under this section each fiscal year shall be used by the Administrator after reviewing the recommendations included in the annual reports of the Advisory Committee under section 9.

“(c) AUTHORIZATION OF GIFTS, DEVISES, AND REQUESTS FOR SYSTEM.—In furtherance of the purpose of this Act, the Administrator may accept and use any gift, devise, or bequest of real or personal property, proceeds therefrom, or interests therein, to carry out this Act. Such acceptance may be subject to the terms of any restrictive or affirmative covenant, or condition of servitude, if such terms are considered by the Administrator to be in accordance with law and compatible with the purpose for which acceptance is sought.

“(d) LIMITATION ON ADMINISTRATIVE COSTS.—Of the amount available each fiscal year to carry out this Act, not more than 8 percent may be used for administrative costs.”

§ 1270. Lake Champlain Basin Program

(a) Establishment

(1) In general

There is established a Lake Champlain Management Conference to develop a comprehensive pollution prevention, control, and restoration plan for Lake Champlain. The Administrator shall convene the management conference within ninety days of November 16, 1990.
§ 1270

(2) Implementation

The Administrator—
(A) may provide support to the State of Vermont, the State of New York, and the New England Interstate Water Pollution Control Commission for the implementation of the Lake Champlain Basin Program; and
(B) shall coordinate actions of the Environmental Protection Agency under subparagraph (A) with the actions of other appropriate Federal agencies.

(b) Membership

The Members of the Management Conference shall be comprised of—
(1) the Governors of the States of Vermont and New York;
(2) each interested Federal agency, not to exceed a total of five members;
(3) the Vermont and New York Chairpersons of the Vermont, New York, Quebec Citizens Advisory Committee for the Environmental Management of Lake Champlain;
(4) four representatives of the State legislature of Vermont;
(5) four representatives of the State legislature of New York;
(6) six persons representing local governments having jurisdiction over any land or water within the Lake Champlain basin, as determined appropriate by the Governors; and
(7) eight persons representing affected industries, nongovernmental organizations, public and private educational institutions, and the general public, as determined appropriate by the trigovernmental Citizens Advisory Committee for the Environmental Management of Lake Champlain, but not to be current members of the Citizens Advisory Committee.

(c) Technical Advisory Committee

(1) The Management Conference shall, not later than one hundred and twenty days after November 16, 1990, appoint a Technical Advisory Committee.
(2) Such Technical Advisory Committee shall consist of officials of appropriate departments and agencies of the Federal Government; the State governments of New York and Vermont; and governments of political subdivisions of such States; and public and private research institutions.

(d) Research program

The Management Conference shall establish a multi-disciplinary environmental research program for Lake Champlain. Such research program shall be planned and conducted jointly with the Lake Champlain Research Consortium.

(e) Pollution prevention, control, and restoration plan

(1) Not later than three years after November 16, 1990, the Management Conference shall publish a pollution prevention, control, and restoration plan for Lake Champlain.
(2) The Plan developed pursuant to this section shall—
(A) identify corrective actions and compliance schedules addressing point and nonpoint sources of pollution necessary to restore and maintain the chemical, physical, and biological integrity of water quality, a balanced, indigenous population of shellfish, fish and wildlife, recreational, and economic activities in and on the lake;
(B) incorporate environmental management concepts and programs established in State and Federal plans and programs in effect at the time of the development of such plan;
(C) clarify the duties of Federal and State agencies in pollution prevention and control activities, and to the extent allowable by law, suggest a timetable for adoption by the appropriate Federal and State agencies to accomplish such duties within a reasonable period of time;
(D) describe the methods and schedules for funding of programs, activities, and projects identified in the Plan, including the use of Federal funds and other sources of funds;
(E) include a strategy for pollution prevention and control that includes the promotion of pollution prevention and management practices to reduce the amount of pollution generated in the Lake Champlain basin; and
(F) be reviewed and revised, as necessary, at least once every 5 years, in consultation with the Administrator and other appropriate Federal agencies.

(3) The Administrator, in cooperation with the Management Conference, shall provide for public review and comment on the draft Plan. At a minimum, the Management Conference shall conduct one public meeting to hear comments on the draft plan in the State of New York and one such meeting in the State of Vermont.

(4) Not less than one hundred and twenty days after the publication of the Plan required pursuant to this section, the Administrator shall approve such plan if the plan meets the requirements of this section and the Governors of the States of New York and Vermont concur.

(5) Upon approval of the plan, such plan shall be deemed to be an approved management program for the purposes of section 1330(h) of this title and such plan shall be deemed to be an approved comprehensive conservation and management plan pursuant to section 1330 of this title.

(f) Grant assistance

(1) The Administrator may, in consultation with participants in the Lake Champlain Basin Program, make grants to State, interstate, and regional water pollution control agencies, and public or nonprofit agencies, institutions, and organizations.
(2) Grants under this subsection shall be made for assisting research, surveys, studies, and modeling and technical and supporting work necessary for the development and implementation of the Plan.

(3) The amount of grants to any person under this subsection for a fiscal year shall not exceed 75 per centum of the costs of such research, survey, study and work and shall be made available on the condition that non-Federal share of such costs are provided from non-Federal sources.

(4) The Administrator may establish such requirements for the administration of grants as he determines to be appropriate.

(g) Definitions

In this section:
(1) Lake Champlain Basin Program

The term "Lake Champlain Basin Program" means the coordinated efforts among the Federal Government, State governments, and local governments to implement the Plan.

(2) Lake Champlain drainage basin

The term "Lake Champlain drainage basin" means all or part of Clinton, Franklin, Hamilton, Warren, Essex, and Washington counties in the State of New York and all or part of Franklin, Grand Isle, Chittenden, Addison, Rutland, Bennington, Lamoille, Orange, Washington, Orleans, and Caledonia counties in Vermont, that contain all of the streams, rivers, lakes, and other bodies of water, including wetlands, that drain into Lake Champlain.

(3) Plan

The term "Plan" means the plan developed under subsection (e).

(h) No effect on certain authority

Nothing in this section—

(1) affects the jurisdiction or powers of—

(A) any department or agency of the Federal Government or any State government; or

(B) any international organization or entity related to Lake Champlain created by treaty or memorandum to which the United States is a signatory;

(2) provides new regulatory authority for the Environmental Protection Agency; or

(i) Authorization

There are authorized to be appropriated to the Environmental Protection Agency to carry out this section—

(1) $2,000,000 for each of fiscal years 1991, 1992, 1993, 1994, and 1995;

(2) such sums as are necessary for each of fiscal years 1996 through 2003; and

(3) $11,000,000 for each of fiscal years 2004 through 2008.

Editorial Notes

AMENDMENTS

Subsec. (f)(2). Pub. L. 107–303, § 202(5)(B), substituted “development and implementation of the Plan” for “development of the Plan and for retaining expert consultants in support of litigation undertaken by the State of New York and the State of Vermont to compel cleanup or obtain cleanup damage costs from persons responsible for pollution of Lake Champlain”.

Text reads as follows: “Nothing in this section shall be construed so as to affect the

“(1) any department or agency of the Federal Government or any State government; or

“(2) any international organization or entity related to Lake Champlain created by treaty or memorandum to which the United States is a signatory.”

Subsec. (i). Pub. L. 107–303, § 202(8), substituted “section—”’ for “section $2,000,000”, inserted “(1) $2,000,000 before “for each of fiscal years 1991,” substituted “1995;” for “1995,” and added pars. (2) and (3).

Statutory Notes and Related Subsidaries

FEDERAL PROGRAM COORDINATION

“(a) DESIGNATION OF LAKE CHAMPLAIN AS A PRIORITY AREA UNDER THE ENVIRONMENTAL QUALITY INCENTIVES PROGRAM.—

“(1) In general.—Notwithstanding any other provision of law, the Lake Champlain basin, as defined under section 120(h) of the Federal Water Pollution Control Act (33 U.S.C. 1270(h)), shall be designated by the Secretary of Agriculture as a priority area under the environmental quality incentives program established under subsection A of chapter 4 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3839aa et seq.).

“(2) TECHNICAL ASSISTANCE REIMBURSEMENT.—To carry out the purposes of this subsection, the technical assistance reimbursement from the Agricultural Stabilization and Conservation Service authorized under the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590a et seq.), shall be increased from 3 per centum to 10 per centum.

“(3) COMPREHENSIVE AGRICULTURAL MONITORING.—

The Secretary, in consultation with the Management Conference and appropriate State and Federal agencies, shall develop a comprehensive agricultural monitoring and evaluation network for all major drainage areas within the Lake Champlain basin.

“(4) ALLOCATION OF FUNDS.—In allocating funds under this subsection, the Secretary of Agriculture shall consult with the Management Conference established under section 120 of the Federal Water Pollution Control Act and to the extent allowable by law, allocate funds to those agricultural enterprises located at sites that the Management Conference determines to be priority sites, on the basis of a concern for ensuring implementation of nonpoint source pollution controls throughout the Lake Champlain basin.

“(b) COOPERATION OF THE UNITED STATES GEOLOGICAL SURVEY OF THE DEPARTMENT OF THE INTERIOR.—For the purpose of enhancing and expanding basic data collection and monitoring in operation in the Lake Champlain basin, as defined under section 120 of the Federal
§ 1271. Sediment survey and monitoring

(a) Survey

(1) In general

The Administrator, in consultation with the Administrator of the National Oceanic and At-
mospheric Administration and the Secretary, shall conduct a comprehensive national survey of data regarding aquatic sediment quality in the United States. The Administrator shall compile all existing information on the quantity, chemical and physical composition, and geographic location of pollutants in aquatic sediment, including the probable source of such pollutants and identification of those sediments which are contaminated pursuant to section 501(b)(4).¹

(2) Report

Not later than 24 months after October 31, 1992, the Administrator shall report to the Congress the findings, conclusions, and recommendations of such survey, including recommendations for actions necessary to prevent contamination of aquatic sediments and to control sources of contamination.

(b) Monitoring

(1) In general

The Administrator, in consultation with the Administrator of the National Oceanic and Atmospheric Administration and the Secretary, shall conduct a comprehensive and continuing program to assess aquatic sediment quality. The program conducted pursuant to this subsection shall, at a minimum—

(A) identify the location of pollutants in aquatic sediment;

(B) identify the extent of pollutants in sediment and those sediments which are contaminated pursuant to section 501(b)(4);¹

(C) establish methods and protocols for monitoring the physical, chemical, and biological effects of pollutants in aquatic sediment and of contaminated sediment;

(D) develop a system for the management, storage, and dissemination of data concerning aquatic sediment quality;

(E) provide an assessment of aquatic sediment quality trends over time;

(F) identify locations where pollutants in sediment may pose a threat to the quality of drinking water supplies, fisheries resources, and marine habitats; and

(G) establish a clearing house for information on technology, methods, and practices available for the remediation, decontamination, and control of sediment contamination.

(2) Report

The Administrator shall submit to Congress a report on the findings of the monitoring under paragraph (1) on the date that is 2 years after the date specified in subsection (a)(2) and biennially thereafter.

Editorial Notes

References in Text

Section 501(b)(4), referred to in subsecs. (a)(1) and (b)(1)(B), means section 501(b)(4) of Pub. L. 102–580, which is set out below.

¹ See References in Text note below.
Section was enacted as part of the Water Resources Development Act of 1992 and also as part of the National Contaminated Sediment Assessment and Management Act, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

Statutory Notes and Related Subsidiaries

AVAILABILITY OF CONTAMINATED SEDIMENTS INFORMATION

"SEC. 501. SHORT TITLE AND DEFINITIONS.

"(a) SHORT TITLE.—This title [enacting this section, amending sections 1412 to 1416, 1420, and 1421 of this title, and enacting provisions set out below] may be cited as the 'National Contaminated Sediment Assessment and Management Act'.

"(b) DEFINITIONS.—For the purposes of sections 502 and 503 of this title [enacting this section and provisions set out below]—

"(1) the term 'aquatic sediment' means sediment underlying the navigable waters of the United States;

"(2) the term 'navigable waters' has the same meaning as in section 1362(7) of the Water Pollution Control Act (33 U.S.C. 1362(7));

"(3) the term 'pollutant' has the same meaning as in section 1362(7) of the Water Pollution Control Act (33 U.S.C. 1362(7)); except that such term does not include dredge spoil, rock, sand, or cellar dirt;

"(4) the term 'contaminated sediment' means aquatic sediment which—

"(A) contains chemical substances in excess of appropriate geochemical, toxicological or sediment quality criteria or measures; or

"(B) is otherwise considered by the Administrator to pose a threat to human health or the environment; and

"(5) the term 'Administrator' means the Administrator of the Environmental Protection Agency.

"SEC. 502. NATIONAL CONTAMINATED SEDIMENT TASK FORCE.

"(a) ESTABLISHMENT.—There is established a National Contaminated Sediment Task Force (hereinafter referred to in this section as the ‘Task Force’). The Task Force shall—

"(1) advise the Administrator and the Secretary in the implementation of this title;

"(2) review and comment on reports concerning aquatic sediment quality and the extent and seriousness of aquatic sediment contamination throughout the Nation;

"(3) review and comment on programs for the research and development of aquatic sediment restoration methods, practices, and technologies;

"(4) review and comment on the selection of pollutants for development of aquatic sediment criteria and the schedule for the development of such criteria;

"(5) advise appropriate officials in the development of guidelines for restoration of contaminated sediments;

"(6) make recommendations to appropriate officials concerning practices and measures—

"(A) to prevent the contamination of aquatic sediments; and

"(B) to control sources of sediment contamination; and

"(7) review and assess the means and methods for locating and constructing permanent, cost-effective long-term disposal sites for the disposal of dredged material that is not suitable for ocean dumping (as determined under the Marine Protection, Research, and Sanctuaries Act of 1972 (33 U.S.C. 1401 et seq.) [also 16 U.S.C. 1431 et seq., 1447 et seq.; 33 U.S.C. 2801 et seq.]);

"(b) MEMBERSHIP.—

"(1) IN GENERAL.—The membership of the Task Force shall include 1 representative of each of the following:

"(A) The Administrator.

"(B) The Secretary.

"(C) The National Oceanic and Atmospheric Administration.

"(D) The United States Fish and Wildlife Service.

"(F) The Department of Agriculture.

"(2) ADDITIONAL MEMBERS.—Additional members of the Task Force shall be jointly selected by the Administrator and the Secretary, and shall include—

"(A) not more than 3 representatives of States;

"(B) not more than 3 representatives of ports, agriculture, and manufacturing; and

"(C) not more than 3 representatives of public interest organizations with a demonstrated interest in aquatic sediment contamination.

"(3) COCHAIRMEN.—The Administrator and the Secretary shall serve as cochairmen of the Task Force.

"(4) CLERICAL AND TECHNICAL ASSISTANCE.—Such clerical and technical assistance as may be necessary to discharge the duties of the Task Force shall be provided by the personnel of the Environmental Protection Agency and the Army Corps of Engineers.

"(5) COMPENSATION FOR ADDITIONAL MEMBERS.—The additional members of the Task Force selected under paragraph (2) shall, while attending meetings or conferences of the Task Force, be compensated at a rate to be fixed by the cochairmen, but not to exceed the daily equivalent of the base rate of pay in effect for grade GS–15 of the General Schedule under section 5302 of title 5, United States Code, for each day (including travel time) during which they are engaged in the actual performance of duties vested in the Task Force. While away from their homes or regular places of business in the performance of services for the Task Force, such members shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703(b) of title 5, United States Code.

"(c) REPORT.—Within 2 years after the date of the enactment of this Act [Oct. 31, 1992], the Task Force shall submit to Congress a report stating the findings and recommendations of the Task Force.

AUTHORIZATION OF APPROPRIATIONS

Pub. L. 102–580, title V, §§ 509(b), Oct. 31, 1992, 106 Stat. 4870, provided that: ‘‘There is authorized to be appropriated to the Administrator to carry out sections 502 and 503 [enacting this section and provisions set out above] such sums as may be necessary.’’

‘‘SECRETARY’’ DEFINED

Secretary means the Secretary of the Army, see section 3 of Pub. L. 102–580, set out as a note under section 2201 of this title.

§ 1271a. Research and development program

(a) In general

In coordination with other Federal, State, and local officials, the Administrator of the Environmental Protection Agency may conduct research on the development and use of innovative
approaches, technologies, and techniques for the remediation of sediment contamination in areas of concern that are located wholly or partially in the United States.

(b) Authorization of appropriations

(1) In general

In addition to any amounts authorized under other provisions of law, there is authorized to be appropriated to carry out this section $3,000,000 for each of fiscal years 2004 through 2010.

(2) Availability

Funds appropriated under paragraph (1) shall remain available until expended.

Editorial Notes

CODIFICATION

Section was enacted as part of the Great Lakes Legacy Act of 2002, and also as part of the Great Lakes and Lake Champlain Act of 2002, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

AMENDMENTS

2008—Subsec. (b)(1). Pub. L. 110–365 added par. (1) and struck out former par. (1). Prior to amendment, text read as follows: “In addition to amounts authorized under other laws, there is authorized to be appropriated to carry out this section $3,000,000 for each of fiscal years 2004 through 2008.”

§ 1272. Environmental dredging

(a) Operation and maintenance of navigation projects

Whenever necessary to meet the requirements of the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.], the Secretary, in consultation with the Administrator of the Environmental Protection Agency, may remove and remediate, as part of operation and maintenance of a navigation project, contaminated sediments outside the boundaries of and adjacent to the navigation channel.

(b) Nonproject specific

(1) In general

The Secretary may remove and remediate contaminated sediments from the navigable waters of the United States for the purpose of environmental enhancement and water quality improvement if such removal and remediation is requested by a non-Federal sponsor and the sponsor agrees to pay 35 percent of the cost of such removal and remediation.

(2) Maximum amount

The Secretary may not expend more than $50,000,000 in a fiscal year to carry out this subsection.

(c) Joint plan requirement

The Secretary may only remove and remediate contaminated sediments under subsection (b) in accordance with a joint plan developed by the Secretary and interested Federal, State, and local government officials. Such plan must include an opportunity for public comment, a description of the work to be undertaken, the method to be used for dredged material disposal, the roles and responsibilities of the Secretary and non-Federal sponsors, and identification of sources of funding.

(d) Disposal costs

Costs of disposal of contaminated sediments removed under this section shall be shared as a cost of construction.

(e) Limitation on statutory construction

Nothing in this section shall be construed to affect the rights and responsibilities of any person under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 [42 U.S.C. 9601 et seq.].

(f) Priority work

In carrying out this section, the Secretary shall give priority to work in the following areas:

(1) Brooklyn Waterfront, New York.
(2) Buffalo Harbor and River, New York.
(3) Ashtabula River, Ohio.
(4) Mahoning River, Ohio.
(5) Lower Fox River, Wisconsin.
(6) Passaic River and Newark Bay, New Jersey.
(7) Snake Creek, Bixby, Oklahoma.
(8) Willamette River, Oregon.

(g) Nonprofit entities

Notwithstanding section 1962d–5b of title 42, for any project carried out under this section, a non-Federal sponsor may include a nonprofit entity, with the consent of the affected local government.

Editorial Notes

REFERENCES IN TEXT

The Federal Water Pollution Control Act, referred to in subsec. (a), is act June 30, 1948, ch. 758, as amended generally by Pub. L. 92–500, § 2, Oct. 18, 1972, 86 Stat. 816, which is classified generally to this chapter (§1251 et seq.). For complete classification of this Act to the Code, see Short Title note set out under section 1251 of this title and Tables.

CODIFICATION

Section was formerly set out as a note under section 1252 of this title.

Section was enacted as part of the Water Resources Development Act of 1990, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

AMENDMENTS

§ 1273. Lake Pontchartrain Basin

(a) Establishment of restoration program

The Administrator shall establish within the Environmental Protection Agency the Lake Pontchartrain Basin Restoration Program.

(b) Purpose

The purpose of the program shall be to restore the ecological health of the Basin by developing and funding restoration projects and related scientific and public education projects.

(c) Duties

In carrying out the program, the Administrator shall—

(1) provide administrative and technical assistance to a management conference convened for the Basin under section 1330 of this title;

(2) assist and support the activities of the management conference, including the implementation of recommendations of the management conference;

(3) support environmental monitoring of the Basin and research to provide necessary technical and scientific information;

(4) develop a comprehensive research plan to address the technical needs of the program;

(5) coordinate the grant, research, and planning programs authorized under this section; and

(6) collect and make available to the public publications, and other forms of information the management conference determines to be appropriate, relating to the environmental quality of the Basin.

(d) Grants

The Administrator may make grants to pay not more than 75 percent of the costs—

(1) for restoration projects and studies recommended by a management conference convened for the Basin under section 1330 of this title; and

(2) for public education projects recommended by the management conference.

(e) Definitions

In this section, the following definitions apply:

(1) Basin

The term "Basin" means the Lake Pontchartrain Basin, a 5,000 square mile watershed encompassing 16 parishes in the State of Louisiana and 4 counties in the State of Mississippi.

(2) Program

The term "program" means the Lake Pontchartrain Basin Restoration Program established under subsection (a).

(f) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out this section $20,000,000 for each of fiscal years 2001 through 2012 and the amount appropriated for fiscal year 2009 for each of fiscal years 2013 through 2017. Such sums shall remain available until expended.

(2) Public education projects

Not more than 15 percent of the amount appropriated pursuant to paragraph (1) in a fiscal year may be expended on grants for public education projects under subsection (d)(2).

§ 1274. Watershed pilot projects

(a) In general

The Administrator, in coordination with the States, may provide technical assistance and grants to a municipality or municipal entity to carry out pilot projects relating to the following areas:

(1) Watershed management of wet weather discharges

The management of municipal combined sewer overflows, sanitary sewer overflows, and
stormwater discharges, on an integrated watershed or subwatershed basis for the purpose of demonstrating the effectiveness of a unified wet weather approach.

(2) Stormwater best management practices
The control of pollutants from municipal separate storm sewer systems for the purpose of demonstrating and determining controls that are cost-effective and that use innovative technologies to manage, reduce, treat, recapture, or reuse municipal stormwater, including techniques that utilize infiltration, evapotranspiration, and reuse of stormwater onsite.

(3) Watershed partnerships
Efforts of municipalities and property owners to demonstrate cooperative ways to address nonpoint sources of pollution to reduce adverse impacts on water quality.

(4) Integrated water resource plan
The development of an integrated water resource plan for the coordinated management and protection of surface water, ground water, and stormwater resources on a watershed or subwatershed basis to meet the objectives, goals, and policies of this chapter.

(5) Municipality-wide stormwater management planning
The development of a municipality-wide plan that identifies the most effective placement of stormwater technologies and management approaches, to reduce water quality impairments from stormwater on a municipality-wide basis.

(6) Increased resilience of treatment works
Efforts to assess future risks and vulnerabilities of publicly owned treatment works to manmade or natural disasters, including extreme weather events and sea-level rise, and to carry out measures, on a systemwide or area-wide basis, to increase the resiliency of publicly owned treatment works.

(b) Administration
The Administrator, in coordination with the States, shall provide municipalities participating in a pilot project under this section the ability to engage in innovative practices, including the ability to unify separate wet weather control efforts under a single permit.

(c) Report to Congress
Not later than October 1, 2015, the Administrator shall transmit to Congress a report on the results of the pilot projects conducted under this section and their possible application nationwide.

§ 1275. Columbia River Basin Restoration

(a) Definitions
In this section, the following definitions apply:

(1) Columbia River Basin
The term “Columbia River Basin” means the entire United States portion of the Columbia River watershed.

(2) Estuary Partnership
The term “Estuary Partnership” means the Lower Columbia Estuary Partnership, an entity created by the States of Oregon and Washington and the Environmental Protection Agency under section 1330 of this title.

(3) Estuary Plan
(A) In general
The term “Estuary Plan” includes any amendments to the plan.

(B) Inclusion
The term “Estuary Plan” includes any amendments to the plan.

(4) Lower Columbia River Estuary
The term “Lower Columbia River Estuary” means the mainstem Columbia River from the Bonneville Dam to the Pacific Ocean and tidally influenced portions of tributaries to the Columbia River in that region.

(5) Middle and Upper Columbia River Basin
The term “Middle and Upper Columbia River Basin” means the region consisting of the United States portion of the Columbia River Basin above Bonneville Dam.

(6) Program
The term “Program” means the Columbia River Basin Restoration Program established under subsection (b)(1)(A).

(b) Columbia River Basin Restoration Program

(1) Establishment
(A) In general
The Administrator shall establish within the Environmental Protection Agency a Columbia River Basin Restoration Program.

(B) Effect
(i) The establishment of the Program does not modify any legal or regulatory authority...
(1) Scope of Program
The Program shall consist of a collaborative stakeholder-based program for environmental protection and restoration activities throughout the Columbia River Basin.

(3) Duties
The Administrator shall—
(A) assess trends in water quality, including trends that affect uses of the water of the Columbia River Basin;
(B) collect, characterize, and assess data on water quality to identify possible causes of environmental problems; and
(C) provide grants in accordance with subsection (d) for projects that assist in—
(i) eliminating or reducing pollution;
(ii) cleaning up contaminated sites;
(iii) improving water quality;
(iv) monitoring to evaluate trends;
(v) reducing runoff;
(vi) protecting habitat; or
(vii) promoting citizen engagement or knowledge.

(c) Stakeholder Working Group

(1) Establishment
The Administrator shall establish a Columbia River Basin Restoration Working Group (referred to in this subsection as the “Working Group”).

(2) Membership
(A) In general
Membership in the Working Group shall be on a voluntary basis and any person invited by the Administrator under this subsection may decline membership.

(B) Invited representatives
The Administrator shall invite, at a minimum, representatives of—
(i) each State located in whole or in part in the Columbia River Basin;
(ii) the Governors of each State located in whole or in part in the Columbia River Basin;
(iii) each federally recognized Indian tribe in the Columbia River Basin;
(iv) local governments in the Columbia River Basin;
(v) industries operating in the Columbia River Basin that affect or could affect water quality;
(vi) electric, water, and wastewater utilities operating in the Columbia River Basin;
(vii) private landowners in the Columbia River Basin;
(viii) soil and water conservation districts in the Columbia River Basin;
(ix) nongovernmental organizations that have a presence in the Columbia River Basin; and
(x) the general public in the Columbia River Basin; and
(xi) the Estuary Partnership.

(3) Geographic representation
The Working Group shall include representatives from—
(A) each State located in whole or in part in the Columbia River Basin; and
(B) each of the lower, middle, and upper basins of the Columbia River.

(4) Duties and responsibilities
The Working Group shall—
(A) recommend and prioritize projects and actions; and
(B) review the progress and effectiveness of projects and actions implemented.

(5) Lower Columbia River Estuary

(A) Estuary Partnership
The Estuary Partnership shall perform the duties and fulfill the responsibilities of the Working Group described in paragraph (4) as those duties and responsibilities relate to the Lower Columbia River Estuary for such time as the Estuary Partnership is the management conference for the Lower Columbia River National Estuary Program under section 1330 of this title.

(B) Designation
If the Estuary Partnership ceases to be the management conference for the Lower Columbia River National Estuary Program under section 1330 of this title, the Administrator may designate the new management conference to assume the duties and responsibilities of the Working Group described in paragraph (4) as those duties and responsibilities relate to the Lower Columbia River Estuary.

(C) Incorporation
If the Estuary Partnership is removed from the National Estuary Program, the duties and responsibilities for the lower 146 miles of the Columbia River pursuant to this section shall be incorporated into the duties of the Working Group.

(d) Grants

(1) In general
The Administrator shall establish a voluntary, competitive Columbia River Basin program to provide grants to State governments, tribal governments, regional water pollution control agencies and entities, local government entities, nongovernmental entities, or soil and water conservation districts to develop or implement projects authorized under this section for the purpose of environmental protection and restoration activities throughout the Columbia River Basin.

(2) Federal share
(A) In general
Except as provided in subparagraph (B), the Federal share of the cost of any project or activity carried out using funds from a grant provided to any person (including a State, tribal, or local government or inter-
§ 1281. Congressional declaration of purpose

It is the purpose of this subchapter to require and to assist the development and implementation of waste treatment management plans and practices which will achieve the goals of this chapter.

(b) Application of technology: confined disposal of pollutants; consideration of advanced techniques

Waste treatment management plans and practices shall provide for the application of the best practicable waste treatment technology before any discharge into receiving waters, including reclaiming and recycling of water, and confined disposal of pollutants so they will not migrate to cause water or other environmental pollution and shall provide for consideration of advanced waste treatment techniques.

(c) Waste treatment management area and scope

To the extent practicable, waste treatment management shall be on an areawide basis and provide control or treatment of all point and nonpoint sources of pollution, including in place or accumulated pollution sources.

(d) Waste treatment management construction of revenue producing facilities

The Administrator shall encourage waste treatment management which results in the construction of revenue producing facilities providing for—

(1) the recycling of potential sewage pollutants through the production of agriculture, silviculture, or aquaculture products, or any combination thereof;

(2) the confined and contained disposal of pollutants not recycled;

(3) the reclamation of wastewater; and

(4) the ultimate disposal of sludge in a manner that will not result in environmental hazards.
(e) Waste treatment management integration of facilities

The Administrator shall encourage waste treatment management which results in integrating facilities for sewage treatment and recycling with facilities to treat, dispose of, or utilize other industrial and municipal wastes, including but not limited to solid waste and waste heat and thermal discharges. Such integrated facilities shall be designed and operated to produce revenues in excess of capital and operation and maintenance costs and such revenues shall be used by the designated regional management agency to aid in financing other environmental improvement programs.

(f) Waste treatment management “open space” and recreational considerations

The Administrator shall encourage waste treatment management which combines “open space” and recreational considerations with such management.

(g) Grants to construct publicly owned treatment works

(1) The Administrator is authorized to make grants to any State, municipality, or intermunicipal or interstate agency for the construction of publicly owned treatment works, on and after October 1, 1984, grants under this subchapter shall be made only for projects for secondary treatment or more stringent treatment, or any cost effective alternative thereto, new interceptors and appurtenances, and infiltration-in-flow correction. Notwithstanding the preceding sentences, the Administrator may make grants on and after October 1, 1984, for (A) any project within the definition set forth in section 1292(2) of this title, other than for a project referred to in the preceding sentence, and (B) any purpose for which a grant may be made under sections 1329(h) and (i) of this title (including any innovative and alternative approaches for the control of nonpoint sources of pollution), except that not more than 20 per centum (as determined by the Governor of the State) of the amount allotted to a State under section 1295 of this title for any fiscal year shall be obligated in such State under authority of this sentence.

(2) The Administrator shall not make grants from funds authorized for any fiscal year beginning after September 30, 1978, to any State, municipality, or intermunicipal or interstate agency for the erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works unless the grant applicant has satisfactorily demonstrated to the Administrator that innovative and alternative waste-water treatment processes and techniques which provide for the reclaiming and reuse of water, otherwise eliminate the discharge of pollutants, and utilize recycling techniques, land treatment, new or improved methods of waste treatment management for municipal and industrial waste (discharged into municipal systems) and the confined disposal of pollutants, so that pollutants will not migrate to cause water or other environmental pollution, have been fully studied and evaluated by the applicant taking into account subsection (d) of this section and taking into account and allowing to the extent practicable the more efficient use of energy and resources.

(3) The Administrator shall not make grants from funds authorized for any fiscal year beginning after July 1, 1973, for treatment works under this section unless the applicant shows to the satisfaction of the Administrator that each sewer collection system discharging into such treatment works is not subject to excessive infiltration.

(4) The Administrator is authorized to make grants to applicants for treatment works grants under this section for such sewer system evaluation studies as may be necessary to carry out the requirements of paragraph (3) of this subsection. Such grants shall be made in accordance with rules and regulations promulgated by the Administrator. Initial rules and regulations shall be promulgated under this paragraph not later than 120 days after October 18, 1972.

(5) The Administrator shall not make grants from funds authorized for any fiscal year beginning after September 30, 1978, to any State, municipality, or intermunicipal or interstate agency for the erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works unless the grant applicant has satisfactorily demonstrated to the Administrator that the applicant has analyzed the potential recreation and open space opportunities in the planning of the proposed treatment works.

(h) Grants to construct privately owned treatment works

A grant may be made under this section to construct a privately owned treatment works serving one or more principal residences or small commercial establishments constructed prior to, and inhabited on, December 27, 1977, where the Administrator finds that—

(1) a public body otherwise eligible for a grant under subsection (g) has applied on behalf of a number of such units and certified that public ownership of such works is not feasible;
§ 1281  TITLE 33—NAVIGATION AND NAVIGABLE WATERS Page 398

(2) such public body has entered into an agreement with the Administrator which guarantees that such treatment works will be properly operated and maintained and will comply with all other requirements of section 1284 of this title and includes a system of charges to assure that each recipient of waste treatment services under such a grant will pay its proportionate share of the cost of operation and maintenance (including replacement); and

(3) the total cost and environmental impact of providing waste treatment services to such residences or commercial establishments will be less than the cost of providing a system of collection and central treatment of such wastes.

(i) Waste treatment management methods, processes, and techniques to reduce energy requirements

The Administrator shall encourage waste treatment management methods, processes, and techniques which will reduce total energy requirements.

(j) Grants for treatment works utilizing processes and techniques of guidelines under section 1314(d)(3) of this title

The Administrator is authorized to make a grant for any treatment works utilizing processes and techniques meeting the guidelines promulgated under section 1314(d)(3) of this title, if the Administrator determines it is in the public interest and if in the cost effectiveness study made of the construction grant application for the purpose of evaluating alternative treatment works, the life cycle cost of the treatment works for which the grant is to be made does not exceed the life cycle cost of the most cost effective alternative by more than 15 per centum.

(k) Limitation on use of grants for publicly owned treatment works

No grant made after November 15, 1981, for a publicly owned treatment works, other than for facility planning and the preparation of construction plans and specifications, shall be used to treat, store, or convey the flow of any industrial user into such treatment works in excess of a flow per day equivalent to fifty thousand gallons per day of sanitary waste. This subsection shall not apply to any project proposed by a grantee which is carrying out an approved project to prepare construction plans and specifications for a facility to treat wastewater, which received its grant approval before May 15, 1980. This subsection shall not be in effect after November 15, 1981.

(l) Grants for facility plans, or plans, specifications, and estimates for proposed project for construction of treatment works; limitations, allotments, advances, etc.

(1) After December 29, 1981, Federal grants shall not be made for the purpose of providing assistance solely for facility plans, or plans, specifications, and estimates for any proposed project for the construction of treatment works. In the event that the proposed project receives a grant under this section for construction, the Administrator shall make an allowance in such grant for non-Federal funds expended during the facility planning and advanced engineering and design phase at the prevailing Federal share under section 1282(a) of this title, based on the percentage of total project costs which the Administrator determines is the general experience for such projects.

(2)(A) Each State shall use a portion of the funds allotted to such State each fiscal year, but not to exceed 10 per centum of such funds, to advance to potential grant applicants under this subchapter the costs of facility planning or the preparation of plans, specifications, and estimates.

(B) Such an advance shall be limited to the allowance for such costs which the Administrator establishes under paragraph (1) of this subsection, and shall be provided only to a potential grant applicant which is a small community and which in the judgment of the State would otherwise be unable to prepare a request for a grant for construction costs under this section.

(C) In the event a grant for construction costs is made under this section for a project for which an advance has been made under this paragraph, the Administrator shall reduce the amount of such grant by the allowance established under paragraph (1) of this subsection. In the event no such grant is made, the State is authorized to seek repayment of such advance on such terms and conditions as it may determine.

(m) Grants for State of California projects

(1) Notwithstanding any other provisions of this subchapter, the Administrator is authorized to make a grant from any funds otherwise allotted to the State of California under section 1285 of this title to the project (and in the amount) specified in Order WQG 81–1 of the California State Water Resources Control Board.

(2) Notwithstanding any other provision of this chapter, the Administrator shall make a grant from any funds otherwise allotted to the State of California to the city of Eureka, California, in connection with project numbered C–06–2772, for the purchase of one hundred and thirty-nine acres of property as environmental mitigation for siting of the proposed treatment plant.

(3) Notwithstanding any other provision of this chapter, the Administrator shall make a grant from any funds otherwise allotted to the State of California to the city of San Diego, California, in connection with that city’s aquaculture sewage process (total resources recovery system) as an innovative and alternative waste treatment process.

(n) Water quality problems; funds, scope, etc.

(1) On and after October 1, 1984, upon the request of the Governor of an affected State, the Administrator is authorized to use funds available to such State under section 1285 of this title to address water quality problems due to the impacts of discharges from combined storm water and sanitary sewer overflows, which are not otherwise eligible under this subsection, where correction of such discharges is a major priority for such State.

(2) Beginning fiscal year 1983, the Administrator shall have available $200,000,000 per fiscal year in addition to those funds authorized in
section 1287 of this title to be utilized to address water quality problems of marine bays and estuaries subject to lower levels of water quality due to the impacts of discharges from combined storm water and sanitary sewer overflows from adjacent urban complexes, not otherwise eligible under this subsection. Such sums may be used as deemed appropriate by the Administrator as provided in paragraphs (1) and (2) of this subsection, upon the request of and demonstration of water quality benefits by the Governor of an affected State.

(o) Capital financing plan

The Administrator shall encourage and assist applicants for grant assistance under this subchapter to develop and file with the Administrator a capital financing plan which, at a minimum—

(1) projects the future requirements for waste treatment services within the applicant's jurisdiction for a period of no less than ten years;

(2) projects the nature, extent, timing, and costs of future expansion and reconstruction of treatment works which will be necessary to satisfy the applicant's projected future requirements for waste treatment services; and

(3) sets forth with specificity the manner in which the applicant intends to finance such future expansion and reconstruction.

(p) Time limit on resolving certain disputes

In any case in which a dispute arises with respect to the awarding of a contract for construction of treatment works by a grantee of funds under this subchapter to develop and file with the Administrator a capital financing plan which, at a minimum—

(1) projects the future requirements for waste treatment services within the applicant's jurisdiction for a period of no less than ten years;

(2) projects the nature, extent, timing, and costs of future expansion and reconstruction of treatment works which will be necessary to satisfy the applicant's projected future requirements for waste treatment services; and

(3) sets forth with specificity the manner in which the applicant intends to finance such future expansion and reconstruction.

Statutory Notes and Related Subsidiaries

Effective Date of 1980 Amendment

Pub. L. 96–483, §2(g), Oct. 21, 1980, 94 Stat. 2361, provided that: “The amendments made by this section [amending sections 1281, 1284, and 1293 of this title, enacting provisions set out as notes under section 1284 of this title, and amending provisions set out as a note under section 1294 of this title] shall take effect on December 27, 1977.”

Environmental Protection Agency State and Tribal Assistance Grants

Pub. L. 105–174, title III, May 1, 1998, 112 Stat. 92, provided that: “Notwithstanding any other provision of law, eligible recipients of the funds appropriated to the Environmental Protection Agency in the State and Tribal Assistance Grants account since fiscal year 1997 and hereafter for multi-media or single media grants, other than Performance Partnership Grants authorized pursuant to Public Law 104–134 and Public Law 105–45 [see Grants to Indian Tribes for Pollution Prevention, Control, and Abatement notes set out below], for pollution prevention, control, and abatement and related activities have been and shall be those entities eligible for grants under the Agency’s organic statutes.”

Privatization of Infrastructure Assets

“(a) IN GENERAL.—Notwithstanding the provisions of title II of the Federal Water Pollution Control Act (33 U.S.C. 1281 et seq.), Executive Order 12803 (5 U.S.C. 601 note), or any other law or authority, an entity that received Federal grant assistance for an infrastructure asset under the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.] shall not be required to repay any portion of the grant upon the lease or concession of the asset only if—

“(1) ownership of the asset remains with the entity that received the grant; and

“(2) the Administrator of the Environmental Protection Agency determines that the lease or concession furthers the purposes of such Act and approves the lease or concession.

“(b) LIMITATION.—The Administrator shall not approve a total of more than 5 leases and concessions under this section.”

Grants to States To Administer Completion and Closeout of Construction Grants Program

Pub. L. 104–204, title III, Sept. 26, 1996, 110 Stat. 2912, provided in part: “That notwithstanding any other provision of law, beginning in fiscal year 1997 the Administrator may make grants to States, from funds available for obligation in the State under title II of the Federal Water Pollution Control Act [33 U.S.C. 1281 et seq.], as amended, for administering the completion and closeout of the State’s construction grants program, based on a budget annually negotiated with the State”.

Editorial Notes

AMENDMENTS

1987—Subsec. (g)(1). Pub. L. 100–4, §316(c), substituted “sentences, the Administrator” for “sentence, the Administrator” and inserted “(A)” after “October 1, 1984, for” and “and (B) any purpose for which a grant may be made under sections 1282(b) and (i) of this title (including any innovative and alternative approaches for the control of nonpoint sources of pollution),” before “except that”.

1981—Subsec. (g)(1). Pub. L. 97–117, §2(a), inserted provisions restricting, on or after Oct. 1, 1984, the categories of projects eligible for grants under this subchapter and providing an exception to the restriction for projects, other than specified projects, within the definition set forth in section 1292(2) of this title, but limiting such exception to not more than 20 per centum, as determined by the Governor of the State, of the amount allotted to a State under section 1285 of this title for any fiscal year.
WASTEWATER ASSISTANCE TO COLONIAS

Pub. L. 104–182, title III, § 307, Aug. 6, 1996, 110 Stat. 1688, provided that:

“(a) DEFINITIONS.—As used in this section:

“(A) The term ‘border State’ means Arizona, California, New Mexico, and Texas.

“(B) The term ‘Community’ means a low-income community with economic hardship that

“(1) is commonly referred to as a colonia;

“(2) is located along the United States-Mexico border (generally in an unincorporated area); and

“(C) lacks basic sanitation facilities such as household plumbing or a proper sewage disposal system.

“(3) TREATMENT WORKS.—The term ‘treatment works’ has the meaning provided in section 212(2) of the Federal Water Pollution Control Act (33 U.S.C. 1292(2)).

“(b) GRANTS FOR WASTEWATER ASSISTANCE.—The Administrator of the Environmental Protection Agency and the heads of other appropriate Federal agencies are authorized to award grants to a border State to provide assistance to eligible communities for the planning, design, and construction or improvement of sewers, treatment works, and appropriate connections for wastewater treatment.

“(c) USE OF FUNDS.—Each grant awarded pursuant to subsection (b) shall be used to provide assistance to one or more eligible communities with respect to which the residents are subject to a significant health risk (as determined by the Administrator or the head of the Federal agency making the grant) attributable to the lack of access to an adequate and affordable treatment works for wastewater.

“(d) COST SHARING.—The amount of a grant awarded pursuant to this section shall not exceed 50 percent of the costs of carrying out the project that is the subject of the grant.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section $25,000,000 for each of the fiscal years 1997 through 1999.

GRANTS TO INDIAN TRIBES FOR POLLUTION PREVENTION, CONTROL AND ABATEMENT

Pub. L. 105–65, title III, Oct. 27, 1997, 111 Stat. 1373, provided in part that: "$745,000,000 for grants to States, federally recognized tribes, and air pollution control agencies for multi-media or single media pollution prevention, control and abatement and related activities pursuant to the provisions set forth under this heading in Pub. L. 104–134 [see below], provided that eligible recipients of these funds and the funds made available for this purpose since fiscal year 1996 and hereafter include States, federally recognized tribes, interstate agencies, tribal consortia, and air pollution control agencies, as provided in authorizing statutes, subject to such terms and conditions as the Administrator may establish, and for making grants under section 106 of the Clean Air Act [42 U.S.C. 7406] for particular matter monitoring and data collection activities".

Pub. L. 105–65, title III, Oct. 27, 1997, 111 Stat. 1374, provided in part that: "That, hereafter, from funds appropriated under this heading (‘ENVIRONMENTAL PROTECTION AGENCY’ and ‘STATE AND TRIBAL ASSISTANCE GRANTS’), the Administrator is authorized to make grants to federally recognized Indian governments for the development of multi-media environmental programs: Provided further. That, hereafter, the funds available under this heading for grants to States, federally recognized tribes, and air pollution control agencies for multi-media or single media pollution prevention, control and abatement and related activities may also be used for the direct implementation by the Federal Government of a program required by law in the absence of an acceptable State or tribal program".

Similar provisions were contained in the following prior appropriation acts:

Pub. L. 104–134, title I, § 101(e) [title III], Apr. 26, 1996, 110 Stat. 1321–257, 1321–299; renumbered title I, Pub. L. 104–140, § 1(a), May 2, 1996, 110 Stat. 1327, provided in part: "That beginning in fiscal year 1996 and each fiscal year thereafter, and notwithstanding any other provision of law, the Administrator is authorized to make grants annually from funds appropriated under this heading (‘ENVIRONMENTAL PROTECTION AGENCY’ and ‘STATE AND TRIBAL ASSISTANCE GRANTS’), subject to such terms and conditions as the Administrator shall establish, to any State or federally recognized Indian tribe for multimedia or single media pollution prevention, control and abatement and related environmental activities at the request of the Governor or other appropriate State official or the tribe”.

STATE MANAGEMENT OF CONSTRUCTION GRANT ACTIVITIES

GRANTS TO TRUST TERRITORY OF THE PACIFIC ISLANDS, AMERICAN SAMOA, GUAM, NORTHERN MARIANA ISLANDS, AND VIRGIN ISLANDS; WAIVER OF COLLECTOR SEWERS LIMITATION

Pub. L. 99–396, § 12(b), Aug. 27, 1986, 100 Stat. 841, provided that: "In awarding grants to the Trust Territory of the Pacific Islands, American Samoa, Guam, the Northern Mariana Islands and the Virgin Islands under section 201(g)(1) of the Clean Water Act (33 U.S.C. 1251 et seq.) (subsection (g)(1) of this section), the Administrator of the Environmental Protection Agency may waive limitations regarding grant eligibility for sewerage facilities and related appurtenances, in such a determination that applying such limitations could hinder the alleviation of threats to public health and water quality. In making such a determination, the Administrator shall take into consideration the public health and water quality benefits to be derived and the availability of alternate funding sources. The Administrator shall not award grants under this section for the operation and maintenance of sewerage facilities, for construction of facilities which are not an essential component of the sewerage facilities, or any other activities or facilities which are not concerned with the management of wastewater to alleviate threats to public health and water quality.’." [For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.]

ENVIRONMENTAL FINANCING AUTHORITY

“(a) [Short Title] This section may be cited as the Environmental Financing Act of 1972.

“(b) [Establishment] There is hereby created a body corporate to be known as the Environmental Financing
Authority, which shall have succession until dissolved by Act of Congress. The Authority shall be subject to the general supervision and direction of the Secretary of the Treasury. The Authority shall be an instrumentality of the United States Government and shall maintain such offices as may be necessary or appropriate in the conduct of its business.

(3) [Marketable obligations of the Authority] The purpose of this section is to assure that inability to borrow necessary funds on reasonable terms does not prevent any State or local public body from carrying out any project for construction of waste treatment works determined eligible for assistance pursuant to subsection (e) of this section.

(4) [Board of Directors] (1) The Authority shall have a Board of Directors consisting of five persons, one of whom shall be the Secretary of the Treasury or his designee as Chairman of the Board, and four of whom shall be appointed by the President from among the officers or employees of the Authority or of any department or agency of the United States Government.

(2) The Board of Directors shall meet at the call of its Chairman. The Board shall determine the general policies which shall govern the operations of the Authority. The Chairman of the Board shall select and effect the appointment of qualified persons to fill the offices which may be provided for in the bylaws, with such executive functions, powers, and duties as may be prescribed by the bylaws or by the Board of Directors, and such persons shall be the executive officers of the Authority and shall discharge all such executive functions, powers, and duties. The members of the Board, as such, shall not receive compensation for their services.

(5) [Purchase of State and Local Obligations] (1) Until July 1, 1975, the Authority is authorized to make commitments to purchase, and to purchase on terms and conditions determined by the Authority, any obligation or participation therein which is issued by a State or local public body to finance the non-Federal share of the cost of any project for the construction of waste treatment works which the Administrator of the Environmental Protection Agency has determined to be eligible for Federal financial assistance under the Federal Water Pollution Control Act [this chapter].

(2) No commitment shall be entered into, and no purchase shall be made, unless the Administrator of the Environmental Protection Agency (A) has certified that the public body is unable to obtain on reasonable terms sufficient credit to finance its actual needs; (B) has approved the project as eligible under the Federal Water Pollution Control Act [this chapter]; and (C) has agreed to guarantee timely payment of principal and interest on the obligation. The Administrator is authorized to guarantee such timely payments and to issue regulations as he deems necessary and proper to protect such guarantees. Appropriations are hereby authorized to be made to the Administrator in such sums as are necessary to make payments under such guarantees, and such payments are authorized to be made from such appropriations.

(3) No purchase shall be made of obligations issued to finance projects, the permanent financing of which occurred prior to the enactment of this section (Oct. 18, 1972).

(4) Any purchase by the Authority shall be upon such terms and conditions as to yield a return at a rate determined by the Secretary of the Treasury taking into consideration (A) the current average yield on outstanding marketable obligations of the United States of comparable maturity or in its stead whenever the Authority has sufficient of its own long-term obligations outstanding, the current average yield on outstanding obligations of the Authority of comparable maturity; and (B) the market yields on municipal bonds.

(5) The Authority is authorized to charge fees for its commitments and other services adequate to cover all expenses and to provide for reasonable contingency reserves and such fees shall be included in the aggregate project costs.

(6) [Initial Capital] To provide initial capital to the Authority the Secretary of the Treasury is authorized to advance the funds necessary for this purpose. Each such advance shall be upon such terms and conditions as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturities. Interest payments on such advances may be deferred, at the discretion of the Secretary, but any such deferred payments shall themselves bear interest at the rate specified in this section. There is authorized to be appropriated not to exceed $100,000,000, which shall be available for the purposes of this subsection.

(2) [Issuance of Obligations] (1) The Authority is authorized, with the approval of the Secretary of the Treasury, to issue and have outstanding obligations having such maturities and bearing such rate or rates of interest as may be determined by the Authority. Such obligations may be redeemable at the option of the Authority before maturity in such manner as may be stipulated therein.

(2) As authorized in appropriation Acts, and such authorizations may be without fiscal year limitations, the Secretary of the Treasury may in his discretion purchase, or agree to purchase any obligations issued pursuant to paragraph (1) of this subsection, for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities hereafter issued under chapter 31 of title 31, as now or hereafter in force, and the purposes for which securities may be issued under chapter 31 of title 31, as now or hereafter in force, are extended to include such purchases. Each purchase of obligations by the Secretary of the Treasury under this subsection shall be upon such terms and conditions as to yield a return at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average yield on outstanding marketable obligations of the United States of comparable maturities. The Secretary of the Treasury may sell, upon such terms and conditions and at such price or prices as he shall determine, any of the obligations acquired by him under this paragraph. All purchases and sales by the Secretary of the Treasury of such obligations under this paragraph shall be treated as public debt transactions of the United States. (As amended Pub. L. 97–258, § 4(b), Sept. 13, 1982, 96 Stat. 1067.)

(3) [Interest Differential] The Secretary of the Treasury is authorized and directed to make annual payments to the Authority in such amounts as are necessary to equal the amount by which the dollar amount of interest expense accrued by the Authority on account of its obligations exceeds the dollar amount of interest income accrued by the Authority on account of obligations purchased by it pursuant to subsection (e) of this section.

(4) [Powers] The Authority shall have power—

(1) to sue and be sued, complain and defend, in its corporate name;

(2) to adopt, alter, and use a corporate seal, which shall be judicially noticed;

(3) to adopt, amend, and repeal bylaws, rules, and regulations as may be necessary for the conduct of its business;

(4) to conduct its business, carry on its operations, and have offices and exercise the powers granted by this section in any State without regard to any qualification or similar statute in any State;

(5) to lease, purchase, or otherwise acquire, own, hold, improve, use, or otherwise deal in and with any property, real, personal, or mixed, or any interest therein, wherever situated;

(6) to accept gifts or donations of services, or of property, real, personal, or mixed, tangible or intangible, in aid of any of the purposes of the Authority; to expend, engage, pay, and incur all necessary expenses for the transaction of all lawful business of the Authority;

(7) to sell, convey, pledge, lease, and otherwise dispose of its property and assets;
§ 1281a. Total treatment system funding

Notwithstanding any other provision of law, in any case where the Administrator of the Environmental Protection Agency finds that the total of all grants made under section 201 of the Federal Water Pollution Control Act [33 U.S.C. 1281] for the same treatment works exceeds the actual construction costs for such treatment works (as defined in that Act [33 U.S.C. 1251 et seq.]) such excess amount shall be a grant of the Federal share (as defined in that Act) of the cost of construction of a sewage collection system if—

(1) such sewage collection system was constructed as part of the same total treatment system as the treatment works for which such section 201 [33 U.S.C. 1281] grants were approved, and

(2) an application for assistance for the construction of such sewage collection system was filed in accordance with section 3102 of title 42 before all such section 201 grants were made and such grant under section 3102 of title 42 could not be approved due to lack of funding under such section 3102 of title 42.

The total of all grants for sewage collection systems made under this section shall not exceed $2,800,000.

Editorial Notes

References in Text

That Act, meaning the Federal Water Pollution Control Act, referred to in text, is Act June 30, 1948, ch. 735, as amended generally by Pub. L. 92–500, § 2, Oct. 16, 1972, 86 Stat. 816, which is classified generally to this chapter.

For complete classification of this Act to the Code, see Short Title note set out under section 1251 of this title and Tables.

Section 3102 of title 42, referred to in par. (2), was omitted from the Code pursuant to section 5316 of Title 42, The Public Health and Welfare, which terminated the authority to make grants or loans under that section after Jan. 1, 1975.

Codification

Section was enacted as part of the Clean Water Act of 1977, Pub. L. 95–217, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

§ 1281b. Availability of Farmers Home Administration funds for non-Federal share

Notwithstanding any other provision of law, Federal assistance made available by the Farmers Home Administration to any political subdivision of a State may be used to provide the non-Federal share of the cost of any construction project carried out under section 1281 of this title.

Editorial Notes

Codification

Section was enacted as part of the Water Quality Act of 1967, and not as part of the Federal Water Pollution Control Act which comprises this chapter.

§ 1282. Federal share

(a) Amount of grants for treatment works

(1) The amount of any grant for treatment works made under this chapter from funds authorized for any fiscal year beginning after June 30, 1971, and ending before October 1, 1984, shall be 75 per centum of the cost of construction thereof (as approved by the Administrator), and for any fiscal year beginning on or after October 1, 1984, shall be 55 per centum of the cost of construction thereof (as approved by the Administrator), unless modified to a lower percentage rate uniform throughout a State by the Governor of that State with the concurrence of the Administrator. Within ninety days after October
21, 1980, the Administrator shall issue guidelines for concurrence in any such modification, which shall provide for the consideration of the unobligated balance of sums allocated to the State under section 1285 of this title, the need for assistance under this subchapter in such State, and the availability of State grant assistance to replace the Federal share reduced by such modification. The payment of any such reduced Federal share shall not constitute an obligation on the part of the United States or a claim on the part of any State or grantee to reimbursement for the portion of the Federal share reduced in any such State. Any grant (other than for reimbursement) made prior to October 18, 1972, from any funds authorized for any fiscal year beginning after June 30, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under this section. Notwithstanding the first sentence of this paragraph, in any case where a primary, secondary, or advanced waste treatment facility or its related interceptors or a project for infiltration-in-flow correction has received a grant for erection, building, acquisition, alteration, remodeling, improvement, extension, or correction before October 1, 1984, all segments and phases of such facility, interceptors, and project for infiltration-in-flow correction shall be eligible for grants at 75 percent of the cost of construction thereof for any grant made pursuant to a State obligation which obligation occurred before October 1, 1990. Notwithstanding the first sentence of this paragraph, in the case of a project for which an application for a grant under this subchapter has been made to the Administrator before October 1, 1984, and which project is under judicial injunction on such date prohibiting its construction, such project shall be eligible for grants at 75 percent of the cost of construction thereof. Notwithstanding the first sentence of this paragraph, in the case of the Wyoming Valley Sanitary Authority project mandated by judicial order under a proceeding begun prior to October 1, 1984, and a project for wastewater treatment for Altoona, Pennsylvania, such projects shall be eligible for grants at 75 percent of the cost of construction thereof.

(2) The amount of any grant made after September 30, 1978, and before October 1, 1981, for any eligible treatment works or significant portion thereof utilizing innovative or alternative wastewater treatment processes and techniques referred to in section 1281(g)(5) of this title shall be 85 percent of the cost of construction thereof, unless modified by the Governor of the State with the concurrence of the Administrator to a percentage rate no less than 15 per centum greater than the modified uniform percentage rate in which the Administrator has concurred pursuant to paragraph (1) of this subsection. The amount of any grant made after September 30, 1981, for any eligible treatment works or unit processes and techniques thereof utilizing innovative or alternative wastewater treatment processes and techniques referred to in section 1281(g)(5) of this title shall be a percentage of the cost of construction thereof equal to 20 per centum greater than the percentage in effect under paragraph (1) of this subsection for such works or unit processes and techniques, but in no event greater than 85 per centum of the cost of construction thereof. No grant shall be made under this paragraph for construction of a treatment works in any State unless the proportion of the State contribution to the non-Federal share of construction costs for all treatment works in such State receiving a grant under this paragraph is the same as or greater than the proportion of the State contribution (if any) to the non-Federal share of construction costs for all treatment works receiving grants in such State under paragraph (1) of this subsection.

(3) In addition to any grant made pursuant to paragraph (2) of this subsection, the Administrator is authorized to make a grant to fund all of the costs of the modification or replacement of any facilities constructed with a grant made pursuant to paragraph (2) if the Administrator finds that such facilities have not met design performance specifications unless such failure is attributable to negligence on the part of any person and if such failure has significantly increased capital or operating and maintenance expenditures. The Administrator is authorized to make a grant to fund all of the costs of the modification or replacement of biodisc equipment (rotating biological contactors) in any publicly owned treatment works if the Administrator finds that such equipment has failed to meet design performance specifications, unless such failure is attributable to negligence on the part of any person, and if such failure has significantly increased capital or operating and maintenance expenditures.

(4) For the purposes of this section, the term “eligible treatment works” means those treatment works in each State which meet the requirements of section 1281(g)(5) of this title and which can be fully funded from funds available for such purpose in such State.

(b) Amount of grants for construction of treatment works not commenced prior to July 1, 1971

The amount of the grant for any project approved by the Administrator after January 1, 1971, and before July 1, 1971, for the construction of treatment works, the actual erection, building, or acquisition of which was not commenced prior to July 1, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under subsection (a) of this section for grants for treatment works from funds for fiscal years beginning after June 30, 1971, with respect to the cost of such actual erection, building, or acquisition. Such increased amount shall be paid from any funds allocated to the State in which the treatment works is located without regard to the fiscal year for which such funds were authorized. Such increased amount shall be paid for such project only if—

(1) a sewage collection system that is a part of the same total waste treatment system as the treatment works for which such grant was approved is under construction or is to be constructed for use in conjunction with such treatment works, and

(2) the State water pollution control agency or other appropriate State authority certifies

The amount of the grant for any project approved by the Administrator after January 1, 1971, and before July 1, 1971, for the construction of treatment works, the actual erection, building, or acquisition of which was not commenced prior to July 1, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under subsection (a) of this section for grants for treatment works from funds for fiscal years beginning after June 30, 1971, with respect to the cost of such actual erection, building, or acquisition. Such increased amount shall be paid from any funds allocated to the State in which the treatment works is located without regard to the fiscal year for which such funds were authorized. Such increased amount shall be paid for such project only if—

(1) a sewage collection system that is a part of the same total waste treatment system as the treatment works for which such grant was approved is under construction or is to be constructed for use in conjunction with such treatment works, and

(2) the State water pollution control agency or other appropriate State authority certifies

The amount of the grant for any project approved by the Administrator after January 1, 1971, and before July 1, 1971, for the construction of treatment works, the actual erection, building, or acquisition of which was not commenced prior to July 1, 1971, shall, upon the request of the applicant, be increased to the applicable percentage under subsection (a) of this section for grants for treatment works from funds for fiscal years beginning after June 30, 1971, with respect to the cost of such actual erection, building, or acquisition. Such increased amount shall be paid from any funds allocated to the State in which the treatment works is located without regard to the fiscal year for which such funds were authorized. Such increased amount shall be paid for such project only if—

(1) a sewage collection system that is a part of the same total waste treatment system as the treatment works for which such grant was approved is under construction or is to be constructed for use in conjunction with such treatment works, and

(2) the State water pollution control agency or other appropriate State authority certifies
§ 1283

that the quantity of available ground water will be insufficient, inadequate, or unsuitable for public use, including the ecological preservation and recreational use of surface water bodies, unless effluents from publicly-owned treatment works after adequate treatment are returned to the ground water consistent with acceptable technological standards.

(c) Availability of sums allotted to Puerto Rico

Notwithstanding any other provision of law, sums allotted to the Commonwealth of Puerto Rico under section 1285 of this title for fiscal year 1981 shall remain available for obligation for the fiscal year for which authorized and for the period of the next succeeding twenty-four months. Such sums and any unobligated funds available to Puerto Rico from allotments for fiscal years ending prior to October 1, 1981, shall be available for obligation by the Administrator of the Environmental Protection Agency only to fund the following systems: Aguadilla, Arecibo, Mayaguez, Carolina, and Camuy Hatillo. These funds may be used by the Commonwealth of Puerto Rico to fund the non-Federal share of the costs of such projects. To the extent that these funds are used to pay the non-Federal share, the Commonwealth of Puerto Rico shall repay to the Environmental Protection Agency such amounts on terms and conditions developed and approved by the Administrator in consultation with the Governor of the Commonwealth of Puerto Rico. Agreement on such terms and conditions, including the payment of interest to be determined by the Secretary of the Treasury, shall be reached prior to the use of these funds for the Commonwealth's non-Federal share. No Federal funds awarded under this provision shall be used to replace local governments' funds previously expended on these projects.

Editorial Notes

AMENDMENTS

1987—Subsec. (a)(1). Pub. L. 100–4, § 202(a), inserted "for any grant made pursuant to a State obligation which obligation occurred before October 1, 1980" before period at end of last sentence.

Pub. L. 100–4, § 202(b), inserted at end "Notwithstanding the first sentence of this paragraph, in the case of a project for which an application for a grant under this subchapter has been made to the Administrator before October 1, 1981, and which project is under judicial injunction on such date prohibiting its construction, such project shall be eligible for grants at 75 percent of the cost of construction thereof."

Pub. L. 100–4, § 202(c), inserted at end "Notwithstanding the first sentence of this paragraph, in the case of the Wyoming Valley Sanitary Authority project made subject to judicial order under a proceeding begun prior to October 1, 1984, and a project for wastewater treatment for Altoona, Pennsylvania, such projects shall be eligible for grants at 75 percent of the cost of construction thereof."

Subsec. (a)(3). Pub. L. 100–4, § 202(d), inserted at end "In addition, the Administrator is authorized to make a grant to fund all of the costs of the modification or replacement of biodisc equipment (rotating biological contactors) in any publicly owned treatment works if the Administrator finds that such equipment has failed to meet design performance specifications, unless such failure is attributable to negligence on the part of any person, and if such failure has significantly increased capital or operating and maintenance expenditures."

1981—Subsec. (a)(1). Pub. L. 97–117, §7, inserted "and ending before October 30, 1984." after "June 30, 1971, and "and for any fiscal year beginning on or after October 1, 1984, shall be 55 percent of the cost of construction thereof (as approved by the Administrator)," after "(as approved by the Administrator)," and provision that notwithstanding first sentence of this paragraph, in any case where primary, secondary, or advanced waste treatment facility or its related interceptors or a project for infiltration-in-flow correction has received a grant for building, acquisition, etc., before Oct. 1, 1984, all segments and phases be eligible for grants at 75 percent of the cost of construction.

Subsec. (a)(2). Pub. L. 97–117, §6(a), inserted provision that the amount of any grant made after Sept. 30, 1981, for any eligible treatment works or unit processes or techniques, utilizing innovative or alternative wastewater treatment processes or techniques referred to in section 1281(g)(5) of this title be a percentage of the cost of construction equal to 20 percent greater than the percentage in effect under par. (1) of this subsection, but in no event greater than 85 percent of the cost of construction.

Subsec. (a)(4). Pub. L. 97–117, §6(b), struck out "in the fiscal years ending September 30, 1979, September 30, 1980, and September 30, 1981 after "purpose in such State" and provision that excluded from term "eligible treatment works" collector sewers, interceptors, storm or sanitary sewers or the separation thereof, or major sewer rehabilitation.

1980—Subsec. (a)(1). Pub. L. 96–483, §9(a), inserted provisions relating to modification to a lower percentage rate by the Governor of the State and issuance of guidelines by the Administrator for the concurrence in any such modification.

Subsec. (a)(2). Pub. L. 96–483, §9(b), inserted provision relating to the modification by the Governor of the State to a percentage rate no less than 15 percent greater than the modified uniform rate in which the Administrator has concurred.

1977—Subsec. (a). Pub. L. 95–217 designated existing provisions as par. (1) and added pars. (2) to (4).

Statutory Notes and Related Subsidiaries

PROMULGATION OF FEDERAL SHARES

Act July 9, 1956, ch. 518, § 4, 70 Stat. 507, authorized the Surgeon General to promulgate Federal shares under the Federal Water Pollution Control Grant Program as soon as possible after July 9, 1956, in the manner specified in the Water Pollution Control Act, act June 30, 1948, ch. 758, 62 Stat. 1155, and provided that such shares were to be conclusive for the purposes of section 5 of act June 30, 1948.

§ 1283. Plans, specifications, estimates, and payments

(a) Submission; contractual nature of approval by Administrator; agreement on eligible costs; single grant

(1) Each applicant for a grant shall submit to the Administrator for his approval, plans, specifications, and estimates for each proposed project for the construction or improvement of such works for which a grant is applied for under section 1281(g)(1) of this title from funds allotted to the State under section 1285 of this title and which otherwise meets the requirements of this chap-
The Administrator shall act upon such plans, specifications, and estimates as soon as practicable after the same have been submitted, and his approval of any such plans, specifications, and estimates shall be deemed a contractual obligation of the United States for the payment of its proportional contribution to such project.

(2) AGREEMENT ON ELIGIBLE COSTS.—

(A) LIMITATION ON MODIFICATIONS.—Before taking final action on any plans, specifications, and estimates submitted under this subsection after the 60th day following February 4, 1987, the Administrator shall enter into a written agreement with the applicant which establishes and specifies which items of the proposed project are eligible for Federal payments under this section. The Administrator may not later modify such eligibility determinations unless they are found to have been made in violation of applicable Federal statutes and regulations.

(B) LIMITATION ON EFFECT.—Eligibility determinations under this paragraph shall not preclude the Administrator from auditing a project pursuant to section 1361 of this title, or other authority, or from withholding or recovering Federal funds for costs which are found to be unreasonable, unsupported by adequate documentation, or otherwise unallowable under applicable Federal cost principles, or which are incurred on a project which fails to meet the design specifications or effluent limitations contained in the grant agreement and permit pursuant to section 1342 of this title for such project.

(3) In the case of a treatment works that has an estimated total cost of $8,000,000 or less (as determined by the Administrator), and the population of the applicant municipality is twenty-five thousand or less (according to the most recent United States census), upon completion of an approved facility plan, a single grant may be awarded for the combined Federal share of the cost of preparing construction plans and specifications, and the building and erection of the treatment works.

(b) Periodic payments

The Administrator shall, from time to time as the work progresses, make payments to the recipient of a grant for costs of construction incurred on a project. These payments shall at no time exceed the Federal share of the cost of construction incurred to the date of the voucher covering such payment plus the Federal share of the value of the materials which have been stockpiled in the vicinity of such construction in conformity to plans and specifications for the project.

(c) Final payments

After completion of a project and approval of the final voucher by the Administrator, he shall pay out of the appropriate sums the unpaid balance of the Federal share payable on account of such project.

(d) Projects eligible

Nothing in this chapter shall be construed to require, or to authorize the Administrator to require, that grants under this chapter for construction of treatment works be made only for projects which are operable units usable for sewage collection, transportation, storage, waste treatment, or for similar purposes without additional construction.

(e) Technical and legal assistance in administration and enforcement of contracts; intervention in civil actions

At the request of a grantee under this subchapter, the Administrator is authorized to provide technical and legal assistance in the administration and enforcement of any contract in connection with treatment works assisted under this subchapter, and to intervene in any civil action involving the enforcement of such a contract.

(f) Design/build projects

(1) Agreement

Consistent with State law, an applicant who proposes to construct waste water treatment works may enter into an agreement with the Administrator under this subsection providing for the preparation of construction plans and specifications and the erection of such treatment works, in lieu of proceeding under the other provisions of this section.

(2) Limitation on projects

Agreements under this subsection shall be limited to projects under an approved facility plan which projects are—

(A) treatment works that have an estimated total cost of $8,000,000 or less; and

(B) any of the following types of waste water treatment systems: aerated lagoons, trickling filters, stabilization ponds, land application systems, sand filters, and subsurface disposal systems.

(3) Required terms

An agreement entered into under this subsection shall—

(A) set forth an amount agreed to as the maximum Federal contribution to the project, based upon a competitively bid document of basic design data and applicable standard construction specifications and a determination of the federally eligible costs of the project at the applicable Federal share under section 1282 of this title;

(B) set forth dates for the start and completion of construction of the treatment works by the applicant and a schedule of payments of the Federal contribution to the project;

(C) contain assurances by the applicant that (i) engineering and management assistance will be provided to manage the project; (ii) the proposed treatment works will be an operable unit and will meet all the requirements of this subchapter; and (iii) not later than 1 year after the date specified as the date of completion of construction of the treatment works, the treatment works will be operating so as to meet the requirements of any applicable permit for such treatment works under section 1342 of this title;

(D) require the applicant to obtain a bond from the contractor in an amount determined necessary by the Administrator to
§ 1284

TITLE 33—NAVIGATION AND NAVIGABLE WATERS  Page 406

protect the Federal interest in the project; and

(E) contain such other terms and conditions as are necessary to assure compliance with this subsection (except as provided in paragraph (4) of this subsection).

(4) Limitation on application

Subsections (a), (b), and (c) of this section shall not apply to grants made pursuant to this subsection.

(5) Reservation to assure compliance

The Administrator shall reserve a portion of the grant to assure contract compliance until final project approval as defined by the Administrator. If the amount agreed to under paragraph (3)(A) exceeds the cost of designing and constructing the treatment works, the Administrator shall reallocate the amount of the excess to the State in which such treatment works are located for the fiscal year in which such audit is completed.

(6) Limitation on obligations

The Administrator shall not obligate more than 20 percent of the amount allotted to a State for a fiscal year under section 1285 of this title for grants pursuant to this subsection.

(7) Allowance

The Administrator shall determine an allowance for facilities planning for projects constructed under this subsection in accordance with section 1281(l) of this title.

(8) Limitation on Federal contributions

In no event shall the Federal contribution for the cost of preparing construction plans and specifications and the building and erection of treatment works pursuant to this subsection exceed the amount agreed upon under paragraph (3).

(9) Recovery action

In any case in which the recipient of a grant made pursuant to this subsection does not comply with the terms of the agreement entered into under paragraph (3), the Administrator is authorized to take such action as may be necessary to recover the amount of the Federal contribution to the project.

(10) Prevention of double benefits

A recipient of a grant made pursuant to this subsection shall not be eligible for any other grants under this subchapter for the same project.

Editorial Notes

AMENDMENTS

1987—Subsec. (a). Pub. L. 100–4, §203, designated provision relating to submission of plans, specifications, and estimates, and provision relating to contractual nature of approval by Administrator as par. (1), designated provision relating to requirements for awarding single grant for combined Federal share of cost of preparing plans and specifications, and building and erection of treatment works as par. (3), and added par. (2).

1981—Subsec. (a). Pub. L. 97–117 substituted "$8,000,000" for "$4,000,000" and struck out provision that, if any State is found by the Administrator to have unusually high costs of construction, the Administrator may authorize a single grant where the estimated total cost of the treatment works does not exceed "$5,000,000."

1980—Subsec. (a). Pub. L. 96–483 substituted "$4,000,000" and "$5,000,000" for "$2,000,000" and "$3,000,000", respectively.

1977—Subsec. (a). Pub. L. 95–217, §18, provided that, in the case of a treatment works that has an estimated total cost of "$2,000,000 or less (as determined by the Administrator), and the population of the applicant municipality is twenty-five thousand or less according to the most recent United States census), upon completion of an approved facility plan, a single grant may be awarded for the combined Federal share of the cost of preparing construction plans and specifications, and the building and erection of the treatment works, and that, if any State is found by the Administrator to have unusually high costs of construction, the Administrator may authorize a single grant where the estimated total cost of the treatment works does not exceed "$3,000,000.

for grants for the combined Federal share of the cost of preparing construction drawings and specifications and the building and erection of any treatment works meeting the requirements of the next to the last sentence of section 1283(a) of this title which utilizes processes and techniques meeting the guidelines promulgated under section 1314(d)(3) of this title.1

(4) that the applicant proposing to construct such works agrees to pay the non-Federal costs of such works and has made adequate provisions satisfactory to the Administrator for assuring proper and efficient operation, including the employment of trained management and operations personnel, and the maintenance of such works in accordance with a plan of operation approved by the State water pollution control agency or, as appropriate, the interstate agency, after construction thereof;

(5) that the size and capacity of such works relate directly to the needs to be served by such works, including sufficient reserve capacity. The amount of reserve capacity provided shall be approved by the Administrator on the basis of a comparison of the cost of constructing such reserves as a part of the works to be funded and the anticipated cost of providing expanded capacity at a date when such capacity will be required, after taking into account, in accordance with regulations promulgated by the Administrator, efforts to reduce total flow of sewage and unnecessary water consumption. The amount of reserve capacity eligible for a grant under this subchapter shall be determined by the Administrator taking into account the projected population and associated commercial and industrial establishments within the jurisdiction of the applicant to be served by such treatment works as identified in an approved facilities plan, an areawide plan under section 1288 of this title, or an applicable municipal master plan of development. For the purpose of this paragraph, section 1288 of this title, and any such plan, projected population shall be determined on the basis of the latest information available from the United States Department of Commerce or from the States as the Administrator, by regulation, determines appropriate. Beginning October 1, 1984, no grant shall be made under this subchapter to construct that portion of any treatment works providing reserve capacity in excess of existing needs (including existing needs of residential, commercial, industrial, and other users) on the date of approval of a grant for the erection, building, acquisition, alteration, remodeling, improvement, or extension of a project for secondary treatment or more stringent treatment or new interceptors and appurtenances, except that in no event shall reserve capacity of a facility and its related interceptors to which this subsection applies be in excess of existing needs on October 1, 1990. In any case in which an applicant proposes to provide reserve capacity greater than that eligible for Federal financial assistance under this subchapter, the incre-

1 So in original. The period probably should be a semicolon.
charge system meeting the requirements of clause (A) of this paragraph if the Administrator determines that such system was adopted after public notice and hearing.

(2) The Administrator shall, within one hundred and eighty days after October 18, 1972, and after consultation with appropriate State, interstate, municipal, and intermunicipal agencies, issue guidelines applicable to payment of waste treatment costs by industrial and nonindustrial recipients of waste treatment services which shall establish (A) classes of users of such services, including categories of industrial users; (B) criteria against which to determine the adequacy of charges imposed on classes and categories of users reflecting all factors that influence the cost of waste treatment, including strength, volume, and delivery flow rate characteristics of waste; and (C) model systems and rates of user charges typical of various treatment works serving municipal-industrial communities.

(3) Approval by the Administrator of a grant to an interstate agency established by interstate compact for any treatment works shall satisfy any other requirement that such works be authorized by Act of Congress.

(4) A system of charges which meets the requirement of clause (A) of paragraph (1) of this subsection may be based on something other than metering the sewage or water supply flow of residential recipients of waste treatment services, including ad valorem taxes. If the system of charges is based on something other than metering the Administrator shall require (A) the applicant to establish a system by which the necessary funds will be available for the proper operation and maintenance of the treatment works; and (B) the applicant to establish a procedure under which the residential user will be notified as to that portion of his total payment which will be allocated to the cost of the waste treatment services.

(c) Applicability of reserve capacity restrictions to primary, secondary, or advanced waste treatment facilities or related interceptors

The next to the last sentence of paragraph (5) of subsection (a) of this section shall not apply in any case where a primary, secondary, or advanced waste treatment facility or its related interceptors has received a grant for erection, building, acquisition, alteration, remodeling, improvement, or extension before October 1, 1984, and all segments and phases of such facility and interceptors shall be funded based on a 20-year reserve capacity in the case of such facility and a 20-year reserve capacity in the case of such interceptors, except that, if a grant for such interceptors has been approved prior to December 29, 1981, such interceptors shall be funded based on the approved reserve capacity not to exceed 40 years.

(d) Engineering requirements; certification by owner and operator; contractual assurances, etc.

(1) A grant for the construction of treatment works under this subchapter shall provide that the engineer or engineering firm supervising construction or providing architect engineering services during construction shall continue its relationship to the grant applicant for a period of one year after the completion of construction and initial operation of such treatment works. During such period such engineer or engineering firm shall supervise operation of the treatment works, train operating personnel, and prepare curricula and training material for operating personnel. Costs associated with the implementation of this paragraph shall be eligible for Federal assistance in accordance with this subchapter.

(2) On the date one year after the completion of construction and initial operation of such treatment works, the owner and operator of such treatment works shall certify to the Administrator whether or not such treatment works meet the design specifications and effluent limitations contained in the grant agreement and permit pursuant to section 1342 of this title for such works. If the owner and operator of such treatment works cannot certify that such treatment works meet such design specifications and effluent limitations, any failure to meet such design specifications and effluent limitations shall be corrected in a timely manner, to allow such affirmative certification, at other than Federal expense.

(3) Nothing in this section shall be construed to prohibit a grantee under this subchapter from requiring more assurances, guarantees, or indemnity or other contractual requirements from any party to a contract pertaining to a project assisted under this subchapter, than those provided under this subsection.

ity greater than that eligible for Federal financial assistance under this subchapter, the incremental costs of the additional reserve capacity be paid by the applicant.

Subsec. (a)(6). Pub. L. 97–117, §11, struck out "", or at least two brand names or trade names of comparable quality or utility are listed and are followed by the words "brand name or equal" after "paid and equipment" and inserted provision that when in the judgment of the grantee, it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equal" description be used as a means to define performance or other salient requirements of a procurement, and in doing so the grantee need not establish the existence of any source other than the one shown.

1980—Subsec. (b)(1). Pub. L. 96–483, §2(a), redesignated cl. (C) as (B). Former cl. (B) relating to payment, as a condition of approval of a grant, to an applicant by industrial users of that portion of cost of construction allocable to the treatment of such industrial waste to the extent attributable to the Federal share of the cost of construction, was struck out.

Subsec. (b)(2) to (6). Pub. L. 96–483, §2(b), redesignated pars. (3) and (5) as (4) and (5), respectively. Former par. (3) relating to a formula determining the amount the grantee shall retain of the revenues derived from the payment of costs by industrial users of waste treatment services, to the extent costs are attributable to the Federal share of eligible project costs, and former par. (6) relating to the exemption from the requirements of par. (1)(B) of industrial users with a flow of twenty-five thousand gallons or less per day, were struck out.

1977—Subsec. (a)(3). Pub. L. 95–217, §23, provided that any priority list developed pursuant to section 1313(e)(3)(H) of this title may be modified by such State in accordance with regulations promulgated by the Administrator to give higher priority for grants for the Federal share of the cost of preparing construction drawings and specifications for any treatment works utilizing processes and techniques meeting the guidelines promulgated under section 1314(d)(3) of this title and for grants for the combined Federal share of the cost of preparing construction drawings and specifications and the building and erection of any treatment works meeting the requirements of the next to the last sentence of section 1286(a) of this title which utilizes processes and techniques meeting the guidelines promulgated under section 1314(d)(3) of this title.

Subsec. (a)(5). Pub. L. 95–217, §21, provided that efforts to reduce total flow of sewage and unnecessary water consumption be taken into account, in accordance with regulations promulgated by the Administrator, that the amount of reserve capacity eligible for a grant under this subchapter be determined by the Administrator taking into account the projected population and associated commercial and industrial establishments within the jurisdiction of the applicant to be served by such treatment works as identified in an approved facilities plan, an areawide plan under section 1288 of this title, or an applicable municipal master plan of development, and that, for the purpose of this paragraph, section 1288 of this title, and any such plan, projected population be determined on the basis of the latest information available from the United States Department of Commerce or from the States as the Administrator, by regulation, determines appropriate.

Subsec. (b)(1). Pub. L. 95–217, §§22(a)(1), (2), 24(c), inserted "(except as otherwise provided in this paragraph)" after "proportionate share in cl. (A) of" and "which such portion, in the discretion of the applicant, may be recovered from industrial users of the total waste treatment system as distinguished from the treatment works for which the grant is made)" in cl. (B) and, at end of existing provisions, inserted sentence under which a dedicated ad valorem tax system is to be deemed the user charge system meeting the requirements of cl. (A) for the residential user class and such small non-residential user classes as defined by the Administrator in cases where an applicant, as of Dec. 27, 1977, uses a system of dedicated ad valorem taxes and the Administrator determines that the applicant has a system of charges which results in the distribution of operation and maintenance costs for treatment works within the jurisdiction of the applicant, to each user class, in proportion to the contribution to the total cost of operation and maintenance of such works by each user class (taking into account total waste water loading of such works, the constituent elements of the wastes, and other appropriate factors), and such applicant is otherwise in compliance with cl. (A) of this paragraph with respect to each industrial user.

Subsec. (b)(3). Pub. L. 95–217, §§23, 24(a), substituted "necessary for the administrative costs associated with the requirement of paragraph (1)(B) of this subsection and future expansion" for "necessary for future expansion" in cl. (B) and, at end of existing provisions, inserted sentence under which, subject to the approval of the Administrator, the following: "Not a grantee that received a grant prior to Dec. 27, 1977, may reduce the amounts required to be paid to such grantee by any industrial user of waste treatment services under such paragraph, if such grantee requires such industrial user to adopt other means of reducing the demand for waste treatment services through reduction in the total flow of sewage or unnecessary water consumption, in proportion to such reduction as determined in accordance with regulations promulgated by the Administrator."
attributable to the Federal share of the cost of construction.

§ 1285. Allotment of grant funds

(a) Funds for fiscal years during period June 30, 1972, and September 30, 1977; determination of amount

Sums authorized to be appropriated pursuant to section 1287 of this title for each fiscal year beginning after June 30, 1972, and before September 30, 1977, shall be allotted by the Administrator not later than the first day immediately preceding the beginning of the fiscal year for which authorized, except that the allotment for fiscal year 1973 shall be made not later than 30 days after October 18, 1972. Such sums shall be allotted among the States by the Administrator in accordance with regulations promulgated by him, in the ratio that the estimated cost of constructing all needed publicly owned treatment works in each State bears to the estimated cost of construction of all needed publicly owned treatment works in all of the States. For the fiscal years ending June 30, 1973, and June 30, 1974, such ratio shall be determined on the basis of table III of House Public Works Committee Print No. 92-50. For the fiscal year ending June 30, 1975, such ratio shall be determined one-half on the basis of table I of House Public Works Committee Print Numbered 93-28 and one-half on the basis of table II of such print, except that no State shall receive an allotment less than that which it received for the fiscal year ending June 30, 1972, as set forth in table III of such print. Allotments for fiscal years which begin after the fiscal year ending June 30, 1975, shall be made only in accordance with a revised cost estimate made and submitted to Congress in accordance with section 1375(b) of this title and only after such revised cost estimate shall have been approved by law specifically enacted after October 18, 1972.

(b) Availability and use of funds allotted for fiscal years during period June 30, 1972, and September 30, 1977; reallocation

(1) Any sums allotted to a State under subsection (a) shall be available for obligation under section 1283 of this title on and after the date of such allotment. Such sums shall continue available for obligation in such State for a period of one year after the close of the fiscal year for which such sums are authorized. Any amounts so allotted which are not obligated by the end of such one-year period shall be immediately reallocated by the Administrator, in accordance with regulations promulgated by him, generally on the basis of the ratio used in making the last allotment of sums under this section. Such reallocated sums shall be added to the last allotments made to the States. Any sum made available to a State by reallocation under this subsection shall be in addition to any funds otherwise allotted to such State for grants under this subchapter during any fiscal year.

(2) Any sums which have been obligated under section 1283 of this title and which are released by the payment of the final voucher for the project shall be immediately credited to the State to which such sums were last allotted. Such released sums shall be added to the amounts last allotted to such State and shall be immediately available for obligation in the same manner and to the same extent as such last allotment.

(c) Funds for fiscal years during period October 1, 1977, and September 30, 1981; funds for fiscal years 1982 to 1986; determination of amount

(1) Sums authorized to be appropriated pursuant to section 1287 of this title for the fiscal years during the period beginning October 1, 1977, and ending September 30, 1981, shall be allotted for each such year by the Administrator not later than the tenth day which begins after December 27, 1977. Notwithstanding any other provision of law, sums authorized for the fiscal years ending September 30, 1978, September 30, 1979, September 30, 1980, and September 30, 1981, shall be allotted in accordance with table 3 of Committee Print Numbered 95–30 of the Committee on Public Works and Transportation of the House of Representatives.

(2) Sums authorized to be appropriated pursuant to section 1287 of this title for the fiscal years 1982, 1983, 1984, and 1985 shall be allotted for each such year by the Administrator not later than the tenth day which begins after December 29, 1981. Notwithstanding any other provision of law, sums authorized for the fiscal year ending September 30, 1982, shall be allotted in accordance with the provisions of law which are applicable to the fiscal year ending September 30, 1983, September 30, 1984, September 30, 1985, and September 30, 1986, shall be allotted in accordance with the following table:

(d) Availability and use of funds; reallocation

Sums allotted to the States for a fiscal year shall remain available for obligation for the fiscal year for which authorized and for the period of the next succeeding twelve months. The amount of any allotment not obligated by the end of such twenty-four-month period shall be immediately reallocated by the Administrator on the basis of the same ratio as applicable to sums allotted for the then current fiscal year, except that none of the funds reallocated by the Administrator for fiscal year 1978 and for fiscal years thereafter shall be allotted to any State which failed to obligate any of the funds being reallocated. Any sum made available to a State by reallocation under this subsection shall be in addition to any funds otherwise allotted to such State for grants under this subchapter during any fiscal year.

(e) Minimum allotment; additional appropriations; ratio of amount available

For the fiscal years 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, and 1990, no State shall receive less than one-half of 1 per centum of the total allotment under subsection (c) of this section, except that in the case of Guam, Virgin Islands, American Samoa, and the Trust Territories not more than thirty-three one-hundredths of 1 per centum in the aggregate shall be allotted to all four of these jurisdictions. For the purpose of carrying out this subsection there are authorized to be appropriated, subject to such amounts as are provided in appropriation Acts, not to exceed $75,000,000 for each of fiscal years 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, and 1990. If for any fiscal year the amount appropriated under authority of this subsection is less than the amount necessary to carry out this subsection, the amount each State receives under this subsection for such year shall bear the same ratio to the amount such State would have received under this subsection in such year if the amount necessary to carry it out had been appropriated as the amount appropriated for such year bears to the amount necessary to carry out this subsection for such year.
(f) Omitted

(g) Reservation of funds; State management assistance

(1) The Administrator is authorized to reserve each fiscal year not to exceed 2 per centum of the amount authorized under section 1287 of this title for purposes of the allotment made to each State under this section on or after October 1, 1977, except in the case of any fiscal year beginning on or after October 1, 1981, and ending before October 1, 1994, in which case the percentage authorized to be reserved shall not exceed 4 per centum. or $400,000 whichever amount is the greater. Sums so reserved shall be available for making grants to such State under paragraph (2) of this subsection for the same period as sums are available from such allotment under subsection (d) of this section, and any such grant shall be available for obligation only during such period. Any grant made from sums reserved under this subsection which has not been obligated by the end of the period for which available shall be added to the amount last allotted to such State under this section and shall be immediately available for obligation in the same manner and to the same extent as such last allotment. Sums authorized to be reserved by this paragraph shall be in addition to and not in lieu of any other funds which may be authorized to carry out this subsection.

(2) The Administrator is authorized to grant to any State from amounts reserved to such State under this subsection, the reasonable costs of administering any aspects of sections 1281, 1283, 1284, and 1292 of this title the responsibility for administration of which the Administrator has delegated to such State. The Administrator may increase such grant to take into account the reasonable costs of administering an approved program under section 1342 or 1344 of this title, administering a state-wide waste treatment management planning program under section 1288(b)(4) of this title, and managing waste treatment construction grants for small communities.

(h) Alternate systems for small communities

The Administrator shall set aside from funds authorized for each fiscal year beginning on or after October 1, 1978, a total (as determined by the Administrator) of not less than 7⁄4 per centum of the sums allotted to any State with a rural population of 25 per centum or more of the total population of such State, as determined by the Bureau of the Census. The Administrator may set aside no more than 75% percent of the sums allotted to any other State for which the Governor requests such action. Such sums shall be available only for alternatives to conventional sewage treatment works for municipalities having a population of three thousand five hundred or less, or for the highly dispersed sections of larger municipalities, as defined by the Administrator.

(i) Set-aside for innovative and alternative projects

Not less than 1⁄2 of 1 per cent of funds allotted to a State for each of the fiscal years ending September 30, 1979, through September 30, 1990, under subsection (c) of this section shall be expended only for increasing the Federal share of grants for construction of treatment works utilizing innovative processes and techniques pursuant to section 1282(a)(2) of this title. Including the expenditures authorized by the preceding sentence, a total of 2 percent of the funds allotted to a State for each of the fiscal years ending September 30, 1979, and September 30, 1980, and 3 percent of the funds allotted to a State for the fiscal year ending September 30, 1981, under subsection (c) of this section shall be expended only for increasing grants for construction of treatment works pursuant to section 1282(a)(2) of this title. Including the expenditures authorized by the first sentence of this subsection, a total (as determined by the Governor of the State) of not less than 4 percent nor more than 75% percent of the funds allotted to such State under subsection (c) of this section for each of the fiscal years ending September 30, 1982, through September 30, 1990, shall be expended only for increasing the Federal share of grants for construction of treatment works pursuant to section 1282(a)(2) of this title.

(j) Water quality management plan; reservation of funds for nonpoint source management

(1) The Administrator shall reserve each fiscal year not to exceed 1 per centum of the sums allotted and available for obligation to each State under this section for each fiscal year beginning on or after October 1, 1981, or $100,000, whichever amount is the greater.

(2) Such sums shall be used by the Administrator to make grants to the States to carry out water quality management planning, including, but not limited to—

(A) identifying most cost effective and locally acceptable facility and non-point measures to meet and maintain water quality standards;

(B) developing an implementation plan to obtain State and local financial and regulatory commitments to implement measures developed under subparagraph (A);

(C) determining the nature, extent, and causes of water quality problems in various areas of the State and interstate region, and reporting on these annually; and

(D) determining those publicly owned treatment works which should be constructed with assistance under this subchapter, in which areas and in what sequence, taking into account the relative degree of effluent reduction attained, the relative contributions to water quality of other point or nonpoint sources, and the consideration of alternatives to such construction, and implementing section 1313(e) of this title.

(3) In carrying out planning with grants made under paragraph (2) of this subsection, a State shall develop jointly with local, regional, and interstate entities, a plan for carrying out the program and give funding priority to such entities and designated or undesignated public comprehensive planning organizations to carry out the purposes of this subsection. In giving such priority, the State shall allocate at least 4 percent of the amount granted to such State for a
fiscal year under paragraph (2) of this subsection to regional public comprehensive planning organizations in such State and appropriate interstate organizations for the development and implementation of the plan described in this paragraph. In any fiscal year for which the Governor may determine, in consultation with such organizations and with the approval of the Administrator, determines that allocation of at least 40 percent of such amount to such organizations will not result in significant participation by such organizations in water quality management planning and not significantly assist in development and implementation of the plan described in this paragraph and achieving the goals of this chapter, the allocation to such organization may be less than 40 percent of such amount.

(4) All activities undertaken under this subsection shall be in coordination with other related provisions of this chapter.

(5) Nonpoint source reservation.—In addition to the sums reserved under paragraph (1), the Administrator shall reserve each fiscal year for each State 1 percent of the sums allotted and available for obligation to such State under this section for each fiscal year beginning on or after October 1, 1986, or $100,000, whichever is greater, for the purpose of carrying out section 1329 of this title. Sums so reserved in a State in any fiscal year for which such State does not request the use of such sums, to the extent such sums exceed $100,000, may be used by such State for other purposes under this subchapter.

(k) New York City Convention Center

The Administrator shall allot to the State of New York from sums authorized to be appropriated for the fiscal year ending September 30, 1982, an amount necessary to pay the entire cost of conveying sewage from the Convention Center of the city of New York to the Newtown sewage treatment plant in Brooklyn-Queens area, New York. The amount allotted under this subsection shall be in addition to and not in lieu of any other amounts authorized to be allotted to such State under this chapter.

(l) Marine estuary reservation

(1) Reservation of funds

(A) General rule

Prior to making allotments among the States under subsection (c) of this section, the Administrator shall reserve funds from sums appropriated pursuant to section 1287 of this title for each fiscal year beginning after September 30, 1986.

(B) Fiscal years 1987 and 1988

For each of fiscal years 1987 and 1988 the reservation shall be 1 percent of the sums appropriated pursuant to section 1287 of this title for such fiscal year.

(C) Fiscal years 1989 and 1990

For each of fiscal years 1989 and 1990 the reservation shall be 1/2 percent of the sums appropriated pursuant to section 1287 of this title for such fiscal year.

(2) Use of funds

Of the sums reserved under this subsection, two-thirds shall be available to address water quality problems of marine bays and estuaries subject to lower levels of water quality due to the impacts of discharges from combined storm water and sanitary sewer overflows from adjacent urban complexes, and one-third shall be available for the implementation of section 1330 of this title, relating to the national estuary program.

(3) Period of availability

Sums reserved under this subsection shall be subject to the period of availability for obligation established by subsection (d) of this section.

(4) Treatment of certain body of water

For purposes of this section and section 1281(n) of this title, Newark Bay, New Jersey, and the portion of the Passaic River up to Little Falls, in the vicinity of Beatties Dam, shall be treated as a marine bay and estuary.

(m) Discretionary deposits into State water pollution control revolving funds

(1) From construction grant allotments

In addition to any amounts deposited in a water pollution control revolving fund established by a State under subchapter VI, upon request of the Governor of such State, the Administrator shall make available to the State for deposit, as capitalization grants, in such fund in any fiscal year beginning after September 30, 1986, such portion of the amounts allotted to such State under this section for such fiscal year as the Governor considers appropriate; except that (A) in fiscal year 1987, such deposit may not exceed 50 percent of the amounts allotted to such State under this section for such fiscal year, and (B) in fiscal year 1988, such deposit may not exceed 75 percent of the amounts allotted to such State under this section for this fiscal year.

(2) Notice requirement

The Governor of a State may make a request under paragraph (1) for a deposit into the water pollution control revolving fund of such State—

(A) in fiscal year 1987 only if no later than 90 days after February 4, 1987, and

(B) in each fiscal year thereafter only if 90 days before the first day of such fiscal year, the State provides notice of its intent to make such deposit.

(3) Exception

Sums reserved under section 1285(j) of this title shall not be available for obligation under this subsection.

§ 1285

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Editorial Notes

CODIFICATION

AMENDMENTS

Subsec. (c)(3). Pub. L. 100–4, §206(a)(2), added par. (3).

Subsec. (g)(1). Pub. L. 100–4, §206(c), substituted “October 1, 1994” for “October 1, 1995”.

Subsec. (h). Pub. L. 100–4, §207, substituted “a total (as determined by the Governor of the State) of not less than 4 percent nor more than 7 1/2 percent” for “four per centum and 7 1/2 per centum”.

Subsec. (i). Pub. L. 100–4, §208, amended subsec. (i) generally. Prior to amendment, subsec. (i) read as follows: “Not less than one-half of one per centum of funds allotted to a State for each of the fiscal years ending September 30, 1979, September 30, 1980, September 30, 1981, September 30, 1982, September 30, 1983, September 30, 1984, and September 30, 1985, under sub-section (a) of this section shall be expended only for increasing the Federal share of grants for construction of treatment works utilizing innovative processes and techniques pursuant to section 1282(a)(2) of this title. Including the expenditures authorized by the preceding sentence, a total of two per centum of the funds allotted to a State for each of the fiscal years ending September 30, 1979, and September 30, 1980, and 3 per centum of the funds allotted to a State for the fiscal year ending September 30, 1981, under subsection (a) of this section shall be expended only for increasing grants for construction of treatment works from 75 per centum to 85 per centum pursuant to section 1282(a)(2) of this title. Including the expenditures authorized by the first sentence of this subsection, a total (as determined by the Governor of the State) of not less than 4 per centum nor more than 7 1/2 per centum of the funds allotted to a State for each fiscal year beginning after September 30, 1981, and under subsection (c) of this section shall be expended only for increasing the Federal share of grants for construction of treatment works pursuant to section 1282(a)(2) of this title.”

Subsec. (j)(3). Pub. L. 100–4, §209, inserted provision directing State to allocate at least 40 percent of amount granted under par. (2) to regional public comprehensive planning organizations and appropriate interstate organizations for development and implementation of plan, with exception for less than 40 percent allocation in certain circumstances.

Subsec. (m). Pub. L. 100–4, §213(b), added subsec. (m).

1981—Subsec. (c). Pub. L. 97–117, §13(a), designated existing provision as par. (1) and added par. (2).

Subsec. (g)(1). Pub. L. 97–117, §14, Inserted “except in the case of any fiscal year beginning on or after October 1, 1981, and ending before October 1, 1985, in which case the percentage authorized to be reserved shall not exceed 4 per centum,” after “October 1, 1977,” and provided that sums authorized to be reserved be in addition to and not in lieu of any other funds which may be authorized to carry out this subsection.

Subsec. (i). Pub. L. 97–117, §8(c), substituted “September 30, 1981, September 30, 1982, September 30, 1983, September 30, 1984, and September 30, 1985” for “and September 30, 1981,” struck out “from 75 per centum to 85 per centum” after “innovative processes and techniques”, and inserted provision that including the expenditures authorized by the first sentence of this subsection, a total, as determined by the State Governor, of not less than 4 per centum nor more than 7 1/2 per centum of the funds allotted to such State for any fiscal year beginning after Sept. 30, 1981, under subsec. (c) of this section be expended only for increasing the Federal share of grants for construction of treatment works pursuant to section 1282(a)(2) of this title.

1980—Subsec. (g)(1). Pub. L. 96–483 inserted “of the amount authorized under section 1287 of this title for purposes” after “2 per centum”.

Subsecs. (c) to (f). Pub. L. 95–217, §25(b), added subsecs. (c) to (f).

Subsecs. (g) to (i). Pub. L. 95–217, §§26(a), 27, 28, added subsecs. (g) to (i).

1974—Subsec. (a). Pub. L. 93–243 inserted provisions that for the fiscal year ending June 30, 1975, the ratio shall be determined one-half on the basis of table I of House Public Works Committee Print Numbered 89–28 and one-half on the basis of table II of such print, except that no State shall receive an allotment less than that which it received for the fiscal year ending June 30, 1972, as set forth in table III of such print and substituted “June 30, 1975” for “June 30, 1974” in sentence beginning “Allocations for fiscal years”.

AVAILABILITY OF ALLOTTED SUMS IN SUBSEQUENT YEARS; REALLOCATION OF UNOBLIGATED SUMS

Pub. L. 96–483, §7, Oct. 21, 1980, 94 Stat. 2362, provided that: “Notwithstanding section 205(d) of the Federal Water Pollution Control Act (33 U.S.C. 1285), sums allotted to the States for the fiscal year 1979 shall remain available for obligation for the fiscal year for which authorized and for the period of the next succeeding twenty-four months. The amount of any allotment not obligated by the end of such thirty-six-month period shall be immediately reallocated by the Administrator on the basis of the same ratio as applicable to sums allotted for the then current fiscal year, except that none of the funds reallocated by the Administrator for fiscal year 1979 shall be allotted to any State which failed to obligate any of the funds being reallocated. Any sum made

2
available to a State by reallocation under this section shall be in addition to any funds otherwise allotted to such State for grants under title II of the Federal Water Pollution Control Act [this subchapter] during any fiscal year. This section shall take effect on September 30, 1980.”

§ 1286. Reimbursement and advanced construction

(a) Publicly owned treatment works construction initiated after June 30, 1966, but before July 1, 1973; reimbursement formula

Any publicly owned treatment works in a State on which construction was initiated after June 30, 1966, but before July 1, 1973, which was approved by the appropriate State water pollution control agency and which the Administrator finds meets the requirements of section 1158 of this title in effect at the time of the initiation of construction shall be reimbursed a total amount equal to the difference between the amount of Federal financial assistance, if any, received under such section 1158 of this title for such project and 50 per centum of the cost of such project, or 55 per centum of the project cost where the Administrator also determines that such treatment works was constructed in conformity with a comprehensive metropolitan treatment plan as described in section 1158(f) of this title as in effect immediately prior to October 18, 1972. Nothing in this subsection shall result in any such works receiving Federal grants from all sources in excess of 80 per centum of the cost of such project.

(b) Publicly owned treatment works construction initiated between June 30, 1956, and June 30, 1966; reimbursement formula

Any publicly owned treatment works constructed with or eligible for Federal financial assistance under this Act in a State between June 30, 1956, and June 30, 1966, which was approved by the State water pollution control agency and which the Administrator finds meets the requirements of section 1158 of this title prior to October 18, 1972 but which was constructed without assistance under such section 1158 of this title or which received such assistance in an amount less than 30 per centum of the cost of such project shall qualify for payments and reimbursement of State or local funds used for such project from sums allocated to such State under this section in an amount which shall not exceed the difference between the amount of such assistance, if any, received for such project and 30 per centum of the cost of such project.

(c) Application for reimbursement

No publicly owned treatment works shall receive any payment or reimbursement under subsection (a) or (b) of this section unless an application for such assistance is filed with the Administrator within the one year period which begins on October 18, 1972. Any application filed within such one year period may be revised from time to time, as may be necessary.

(d) Allocation of funds

The Administrator shall allocate to each qualified project under subsection (a) of this section each fiscal year for which funds are appropriated under subsection (e) of this section an amount which bears the same ratio to the unpaid balance of the reimbursement due such project as the total of such funds for such year bears to the total unpaid balance of reimbursement due all such approved projects on the date of enactment of such appropriation. The Administrator shall allocate to each qualified project under subsection (b) of this section each fiscal year for which funds are appropriated under subsection (e) of this section an amount which bears the same ratio to the unpaid balance of reimbursement due such project as the total of such funds for such year bears to the total unpaid balance of reimbursement due all such approved projects on the date of enactment of such appropriation.

(e) Authorization of appropriations

There is authorized to be appropriated to carry out subsection (a) of this section not to exceed $2,600,000,000 and, to carry out subsection (b) of this section, not to exceed $750,000,000. The authorized appropriations contained in this subsection shall be the sole source of funds for reimbursements authorized by this section.

(f) Additional funds

(1) In any case where a substantial portion of the funds allotted to a State for the current fiscal year under this subchapter have been obligated under section 1281(g) of this title, or will be so obligated in a timely manner (as determined by the Administrator), and there is construction of any treatment works project without the aid of Federal funds and in accordance with all procedures and all requirements applicable to treatment works projects, except those procedures and requirements which limit construction of projects to those constructed with the aid of previously allotted Federal funds, the Administrator, upon his approval of an application made under this subsection therefor, is authorized to pay the Federal share of the cost of construction of such project when additional funds are allotted to the State under this subchapter if prior to the construction of the project the Administrator approves plans, specifications, and estimates therefor in the same manner as other treatment works projects. The Administrator may not approve an application under this subsection unless an authorization is in effect for the first fiscal year in the period for which the application requests payment and such requested payment for that fiscal year does not exceed the State’s expected allotment from such authorization. The Administrator shall not be required to make such requested payment for any fiscal year—

(A) to the extent that such payment would exceed such State’s allotment of the amount appropriated for such fiscal year; and

(B) unless such payment is for a project which, on the basis of an approved funding priority list of such State, is eligible to receive such payment based on the allotment and appropriation for such fiscal year.

To the extent that sufficient funds are not appropriated to pay the full Federal share with respect to a project for which obligations under the provisions of this subsection have been
made, the Administrator shall reduce the Federal share to such amount less than 75 percent as such appropriations do provide.

(2) In determining the allotment for any fiscal year under this subchapter, any treatment works project construction in accordance with this section and without the aid of Federal funds shall not be considered completed until an application under the provisions of this subsection with respect to such project has been approved by the Administrator, or the availability of funds from which this project is eligible for reimbursement has expired, whichever first occurs.

Editorial Notes

References in Text

Pub. L. 93-207, §3, Dec. 28, 1973, 87 Stat. 906, provided that: “Funds available for reimbursement under Public Law 92-399 (making appropriations for Agriculture-Environmental and Consumer Protection Programs for the fiscal year ending June 30, 1973) shall be allocated in accordance with subsection (d) of section 206 of the Federal Water Pollution Control Act (86 Stat. 838) (subsec. (d) of this section), pro rata among all projects eligible under subsection (a) of such section 206 (subsec. (a) of this section) for which applications have been submitted and approved by the Administrator pursuant to such Act (this chapter). Notwithstanding the provisions of subsection (d) of such section 206, (1) the Administrator is authorized to make interim payments to each such project for which an application has been approved on the basis of estimates of maximum pro rata entitlement of all applicants under section 206(a) and (2) for the purpose of determining allocation of sums available under Public Law 92-399, the unpaid balance of reimbursement due such projects shall be computed as of January 31, 1974. Upon completion by the Administrator of his audit and approval of all projects for which an application has been filed under subsection (a) of such section 206, the Administrator shall, within the limits of appropriated funds, pay to such projects the amount remaining, if any, of its total entitlement. Amounts allocated to projects which are later determined to be in excess of entitlement shall be available for reallocation, until expended, to other qualified projects under subsection (a) of such section 206. In no event, however, shall any payments exceed the Federal share of the cost of construction incurred to the date of the voucher covering such payment plus the Federal share of the value of the materials which have been stockpiled in the vicinity of such construction in conformity to plans and specifications for the project.”

§ 1287. Authorization of appropriations

There is authorized to be appropriated to carry out this subchapter, other than sections 1286(e), 1288 and 1289 of this title, for the fiscal year ending June 30, 1973, not to exceed $5,000,000,000, for the fiscal year ending June 30, 1974, not to exceed $6,000,000,000, and for the fiscal year ending June 30, 1975, not to exceed $7,000,000,000, and subject to such amounts as are provided in appropriation Acts, for the fiscal year ending September 30, 1976, $1,000,000,000 and for the fiscal year ending September 30, 1978, $4,500,000,000 and for the fiscal years ending September 30, 1979, September 30, 1980, not to exceed $5,000,000,000; for the fiscal year ending September 30, 1981, not to exceed $2,548,637,000; and for the fiscal years ending September 30, 1982, September 30, 1983, September 30, 1984, and September 30, 1985, not to exceed $2,400,000,000 per fiscal year; and for each of the fiscal years ending September 30, 1986, September 30, 1987, and September 30, 1988, not to exceed $2,400,000,000; and for each of the fiscal years ending September 30, 1989, and September 30, 1990, not to exceed $1,200,000,000.

EDITORIAL NOTES

AMENDMENTS

1987—Pub. L. 100–4 inserted ‘‘; and for each of the fiscal years ending September 30, 1986, September 30, 1987, and September 30, 1988, not to exceed $2,400,000,000; and for each of the fiscal years ending September 30, 1989, and September 30, 1990, not to exceed $1,200,000,000’’ before period at end.

1981—Pub. L. 97–117 substituted ‘‘and for the fiscal years ending September 30, 1982, September 30, 1983, September 30, 1984, and September 30, 1985, not to exceed $2,400,000,000 per fiscal year’’ for ‘‘and for the fiscal year ending September 30, 1982, not to exceed $90, unless there is enacted legislation establishing an allotment formula for fiscal year 1982 construction grant funds and otherwise reforming the municipal sewage treatment construction grant program under this subchapter, in which case the authorization for fiscal year 1982 shall be an amount not to exceed $2,400,000,000’’.

Pub. L. 97–35 substituted provisions authorizing not to exceed $2,400,000,000 for fiscal year ending Sept. 30, 1981, and not to exceed $90 for the fiscal year ending Sept. 30, 1982, unless an allotment formula is enacted, in which case the authorization is not to exceed $2,400,000,000, for provisions authorizing not to exceed $5,000,000,000 for fiscal years ending Sept. 30, 1981 and 1982.

1977—Pub. L. 95–217 inserted ‘‘and subject to such amounts as are provided in appropriation Acts, for the fiscal year ending September 30, 1977, $1,000,000,000 for the fiscal year ending September 30, 1978, $4,500,000,000 and for the fiscal years ending September 30, 1979, September 30, 1980, September 30, 1981, and September 30, 1982, not to exceed $5,000,000,000 per fiscal year’’.

Statutory Notes and Related Subsidiaries

ADDITIONAL AUTHORIZATION OF APPROPRIATIONS

Pub. L. 94–369, title III, §301, July 22, 1976, 90 Stat. 1011, provided for authorization for carry out this subchapter, other than sections 1286, 1288, and 1289, for the fiscal year ending Sept. 30, 1977, not to exceed $700,000,000, which sum (subject to amounts provided in appropriation Acts) was to be allotted to each State listed in column 1 of table IV contained in House Public Works and Transportation Committee Print numbered 94–25 in accordance with the percentages provided for such State (if any) in column 5 of such table, and such sum to be in addition to, and not in lieu of, any funds otherwise authorized and to be available until expended.

§1288. Areawide waste treatment management

(a) Identification and designation of areas having substantial water quality control problems

For the purpose of encouraging and facilitating the development and implementation of areawide waste treatment management plans—

(1) The Administrator, within ninety days after October 18, 1972, and after consultation with appropriate Federal, State, and local authorities, shall by regulation publish guidelines for the identification of those areas which, as a result of urban-industrial concentrations or other factors, have substantial water quality control problems.

(2) The Governor of each State, within sixty days after publication of the guidelines issued pursuant to paragraph (1) of this subsection, shall identify each area within the State which, as a result of urban-industrial concentrations or other factors, has substantial water quality control problems. Not later than one hundred and twenty days following such identification and after consultation with appropriate elected and other officials of local governments having jurisdiction in such areas, the Governor shall designate (A) the boundaries of each such area, and (B) a single representative organization, including elected officials from local governments or their designees, capable of developing effective areawide waste treatment management plans for such area. The Governor may in the same manner at any later time identify any additional area (or modify an existing area) for which he determines areawide waste treatment management to be appropriate, designate the boundaries of such area, and designate an organization capable of developing effective areawide waste treatment management plans for such area.

(3) With respect to any area which, pursuant to the guidelines published under paragraph (1) of this subsection, is located in two or more States, the Governors of the respective States shall consult and cooperate in carrying out the provisions of paragraph (2), with a view toward designating the boundaries of the interstate area having common water quality control problems and for which areawide waste treatment management plans would be most effective, and toward designating, within one hundred and eighty days after publication of guidelines issued pursuant to paragraph (1) of this subsection, of a single representative organization capable of developing effective areawide waste treatment management plans for such area.

(4) If a Governor does not act, either by designating or determining not to make a designation under paragraph (2) of this subsection, within the time required by such paragraph, or if, in the case of an interstate area, the Governors of the States involved do not designate a planning organization within the time required by paragraph (3) of this subsection, the chief elected officials of local governments within an area may by agreement designate (A) the boundaries for such an area, and (B) a single representative organization including elected officials from such local governments, or their designees, capable of developing an areawide waste treatment management plan for such area.

(5) Existing regional agencies may be designated under paragraphs (2), (3), and (4) of this subsection.

(6) The State shall act as a planning agency for all portions of such State which are not designated under paragraphs (2), (3), or (4) of this subsection.

(7) Designations under this subsection shall be subject to the approval of the Administrator.

(b) Planning process

(1)(A) Not later than one year after the date of designation of any organization under sub-
section (a) of this section such organization shall have in operation a continuing areawide waste treatment management planning process consistent with section 1281 of this title. Plans prepared in accordance with this process shall contain alternatives for waste treatment management, and be applicable to all wastes generated within the area involved. The initial plan prepared in accordance with such process shall be certified by the Governor and submitted to the Administrator not later than three years after the receipt of the initial grant award authorized under section (a)(6), the initial plan prepared in accordance with such process shall be certified by the Governor and submitted to the Administrator not later than three years after the receipt of the initial grant award authorized under subsection (I) of this section.

(2) Any plan prepared under such process shall include, but not be limited to—

(A) the identification of treatment works necessary to meet the anticipated municipal and industrial waste treatment needs of the area over a twenty-year period, annually updated (including an analysis of alternative waste treatment systems), including any requirements for the acquisition of land for treatment purposes; the necessary waste water collection and urban storm water runoff systems; and a program to provide the necessary financial arrangements for the development of such treatment works, and an identification of open space and recreation opportunities that can be expected to result from improved water quality, including consideration of potential use of lands associated with treatment works and increased access to water-based recreation;

(B) the establishment of construction priorities for such treatment works and time schedules for the initiation and completion of all treatment works;

(C) the establishment of a regulatory program to—

(i) implement the waste treatment management requirements of section 1221(c) of this title,

(ii) regulate the location, modification, and construction of any facilities within such area which may result in any discharge in such area, and

(iii) assure that any industrial or commercial wastes discharged into any treatment works in such area meet applicable pretreatment requirements;

(D) the identification of those agencies necessary to construct, operate, and maintain all facilities required by the plan and otherwise to carry out the plan;

(E) the identification of the measures necessary to carry out the plan (including financing), the period of time necessary to carry out the plan, the costs of carrying out the plan within such time, and the economic, social, and environmental impact of carrying out the plan within such time;

(F) a process to (i) identify, if appropriate, agriculturally and silviculturally related nonpoint sources of pollution, including return flows from irrigated agriculture, and their cumulative effects, runoff from manure disposal areas, and from land used for livestock and crop production, and (ii) set forth procedures and methods (including land use requirements) to control to the extent feasible such sources;

(G) a process to (i) identify, if appropriate, mine-related sources of pollution including new, current, and abandoned surface and underground mine runoff, and (ii) set forth procedures and methods (including land use requirements) to control to the extent feasible such sources;

(H) a process to (i) identify construction activity related sources of pollution, and (ii) set forth procedures and methods (including land use requirements) to control to the extent feasible such sources;

(I) a process to (i) identify, if appropriate, salt water intrusion into rivers, lakes, and estuaries resulting from reduction of fresh water flow from any cause, including irrigation, obstruction, ground water extraction, and diversion, and (ii) set forth procedures and methods to control such intrusion to the extent feasible where such procedures and methods are otherwise a part of the waste treatment management plan;

(J) a process to control the disposition of all residual waste generated in such area which could affect water quality; and

(K) a process to control the disposal of pollutants on land or in subsurface excavations within such area to protect ground and surface water quality.

(3) Areawide waste treatment management plans shall be certified annually by the Governor or his designee (or Governors or their designees, where more than one State is involved) as being consistent with applicable basin plans and such areawide waste treatment management plans shall be submitted to the Administrator for his approval.

4(A) Whenever the Governor of any State determines (and notifies the Administrator) that consistency with a statewide regulatory program under section 1313 of this title so requires, the requirements of clauses (F) through (K) of paragraph (2) of this subsection shall be developed and submitted by the Governor to the Administrator for approval for application to a class or category of activity throughout such State.

(B) Any program submitted under subparagraph (A) of this paragraph which, in whole or in part, is to control the discharge or other placement of dredged or fill material into the navigable waters shall include the following:

(i) A consultation process which includes the State agency with primary jurisdiction over fish and wildlife resources;

(ii) A process to identify and manage the discharge or other placement of dredged or fill material which adversely affects navigable waters, which shall complement and be coordinated with a State program under section 1344 of this title conducted pursuant to this chapter.

(iii) A process to assure that any activity conducted pursuant to a best management
practice will comply with the guidelines established under section 1344(h)(1) of this title, and sections 1317 and 1343 of this title.

(iv) A process to assure that any activity conducted pursuant to a best management practice can be terminated or modified for cause including, but not limited to, the following:

(I) violation of any condition of the best management practice;
(II) change in any activity that requires either a temporary or permanent reduction or elimination of the discharge pursuant to the best management practice.

(v) A process to assure continued coordination with Federal and Federal-State water-related planning and reviewing processes, including the National Wetlands Inventory.

(C) If the Governor of a State obtains approval from the Administrator of a statewide regulatory program which meets the requirements of subparagraph (B) of this paragraph and if such State is administering a permit program under section 1344 of this title, no person shall be required to obtain an individual permit pursuant to such section, or to comply with a general permit issued pursuant to such section, with respect to any appropriate activity within such State for which a best management practice has been approved by the Administrator under the program approved by the Administrator pursuant to this paragraph.

(D)(i) Whenever the Administrator determines after public hearing that a State is not administering a program approved under this section in accordance with the requirements of this section, the Administrator shall so notify the State, and if appropriate corrective action is not taken within a reasonable time, not to exceed ninety days, the Administrator shall withdraw approval of such program. The Administrator shall not withdraw approval of any such program unless he shall first have notified the State, and made public, in writing, the reasons for such withdrawal.

(ii) In the case of a State with a program submitted and approved under this paragraph, the Administrator shall withdraw approval of such program under this subparagraph only for a substantial failure of the State to administer its program in accordance with the requirements of this paragraph.

(c) Regional operating agencies

(1) The Governor of each State, in consultation with the planning agency designated under subsection (a) of this section, at the time a plan is submitted to the Administrator, shall designate one or more waste treatment management agencies (which may be an existing or newly created local, regional, or State agency or political subdivision) for each area designated under subsection (a) of this section and submit such designations to the Administrator.

(2) The Administrator shall accept any such designation, unless, within 120 days of such designation, he finds that the designated management agency (or agencies) does not have adequate authority—

(A) to carry out appropriate portions of an areawide waste treatment management plan developed under subsection (b) of this section;

(B) to manage effectively waste treatment works and related facilities serving such area in conformance with any plan required by subsection (b) of this section;

(C) directly or by contract, to design and construct new works, and to operate and maintain new and existing works as required by any plan developed pursuant to subsection (b) of this section;

(D) to accept and utilize grants, or other funds from any source, for waste treatment management purposes;

(E) to raise revenues, including the assessment of waste treatment charges;

(F) to incur short- and long-term indebtedness;

(G) to assure in implementation of an areawide waste treatment management plan that each participating community pays its proportionate share of treatment costs;

(H) to refuse to receive any wastes from any municipality or subdivision thereof, which does not comply with any provisions of an approved plan under this section applicable to such area; and

(I) to accept for treatment industrial wastes.

(d) Conformity of works with area plan

After a waste treatment management agency having the authority required by subsection (c) has been designated under such subsection for an area and a plan for such area has been approved under subsection (b) of this section, the Administrator shall not make any grant for construction of a publicly owned treatment works under section 1281(g)(1) of this title within such area except to such designated agency and for works in conformity with such plan.

(e) Permits not to conflict with approved plans

No permit under section 1342 of this title shall be issued for any point source which is in conflict with a plan approved pursuant to subsection (b) of this section.

(f) Grants

(1) The Administrator shall make grants to any agency designated under subsection (a) of this section for payment of the reasonable costs of developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section.

(2) For the two-year period beginning on the date the first grant is made under paragraph (1) of this subsection to an agency, if such first grant is made before October 1, 1977, the amount of each such grant to such agency shall be 100 per centum of the costs of developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section, and thereafter the amount of such grant shall not exceed 75 per centum of such costs in each succeeding one-year period. In the case of any other grant made to an agency under such paragraph (1) of this subsection, the amount of such grant shall not exceed 75 per centum of the costs of developing and operating a continuing areawide waste treatment management planning process in any year.

(3) Each applicant for a grant under this subsection shall submit to the Administrator for
his approval each proposal for which a grant is applied for under this subsection. The Administrator shall act upon such proposal as soon as practicable after it has been submitted, and his approval of that proposal shall be deemed a contractual obligation of the United States for the payment of its contribution to such proposal, subject to such amounts as are provided in appropriation Acts. There is authorized to be appropriated to carry out this subsection not to exceed $50,000,000 for the fiscal year ending June 30, 1973, not to exceed $100,000,000 for the fiscal year ending June 30, 1974, not to exceed $150,000,000 per fiscal year for the fiscal years ending June 30, 1975, September 30, 1976, September 30, 1978, September 30, 1979, and September 30, 1980, not to exceed $100,000,000 per fiscal year for the fiscal years ending September 30, 1981, and September 30, 1982, and such sums as may be necessary for fiscal years 1983 through 1990.

(g) Technical assistance by Administrator

The Administrator is authorized, upon request of the Governor or the designated planning agency, and without reimbursement, to consult with, and provide technical assistance to, any agency designated under subsection (a) of this section in the development of areawide waste treatment management plans under subsection (b) of this section.

(h) Technical assistance by Secretary of the Army

(1) The Secretary of the Army, acting through the Chief of Engineers, in cooperation with the Administrator is authorized and directed, upon request of the Governor or the designated planning agency, and without reimbursement, to consult with, and provide technical assistance to, any agency designated under subsection (a) of this section in developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section.

(2) There is authorized to be appropriated to the Secretary of the Army, to carry out this subsection, not to exceed $50,000,000 per fiscal year for the fiscal years ending June 30, 1973, and June 30, 1974.

(i) State best management practices program

(1) The Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, shall, upon request of the Governor of a State, and without reimbursement, provide technical assistance to such State in developing a statewide program for submission to the Administrator under subsection (b)(4)(B) of this section and in implementing such program after its approval.

(2) There is authorized to be appropriated to the Secretary of the Interior $6,000,000 to complete the National Wetlands Inventory of the United States, by December 31, 1981, and to provide information from such Inventory to States as it becomes available to assist such States in the development and operation of programs under this chapter.

(j) Agricultural cost sharing

(1) The Secretary of Agriculture, with the concurrence of the Administrator, and acting through the Soil Conservation Service and such other agencies of the Department of Agriculture as the Secretary may designate, is authorized and directed to establish and administer a program to enter into contracts, subject to such amounts as are provided in appropriation acts, of not less than five years nor more than ten years with owners and operators having control of rural land for the purpose of installing and maintaining measures incorporating best management practices to control nonpoint source pollution for improved water quality in those States or areas for which the Administrator has approved a plan under subsection (b) of this section where the practices to which the contracts apply are certified by the management agency designated under subsection (c)(1) of this section to be consistent with such plans and will result in improved water quality. Such contracts may be entered into during the period ending not later than September 31, 1988. Under such contracts the land owner or operator shall agree:

(i) to effectuate a plan approved by a soil conservation district, where one exists, under this section for his farm, ranch, or other land substantially in accordance with the schedule outlined therein unless any requirement thereof is waived or modified by the Secretary;

(ii) to forfeit all rights to further payments or grants under the contract and refund to the United States all payments and grants received thereunder, with interest, upon his violation of the contract at any stage during the time he has control of the land if the Secretary, after considering the recommendations of the soil conservation district, where one exists, and the Administrator, determines that such violation is of such a nature as to warrant termination of the contract, or to make refunds or accept such payment adjustments as the Secretary may deem appropriate if he determines that the violation by the owner or operator does not warrant termination of the contract;

(iii) upon transfer of his right and interest in the farm, ranch, or other land during the contract period to forfeit all rights to further payments or grants under the contract and refund to the United States all payments or grants received thereunder, with interest, unless the transferee of any such land agrees with the Secretary to assume all obligations of the contract;

(iv) not to adopt any practice specified by the Secretary on the advice of the Administrator in the contract as a practice which would tend to defeat the purposes of the contract;

(v) to such additional provisions as the Secretary determines are desirable and includes in the contract to effectuate the purposes of the program or to facilitate the practical administration of the program.

(2) In return for such agreement by the landowner or operator the Secretary shall agree to provide technical assistance and share the cost of carrying out those conservation practices and measures set forth in the contract for which he determines that cost sharing is appropriate and...
in the public interest and which are approved for cost sharing by the agency designated to implement the plan developed under subsection (b) of this section. The portion of such cost (including labor) to be shared shall be that part which the Secretary determines is necessary and appropriate to effectuate the installation of the water quality management practices and measures under the contract, but not to exceed 50 per centum of the total cost of the measures set forth in the contract; except the Secretary may increase the matching cost share where he determines that (1) the main benefits to be derived from the measures are related to improving off-site water quality, and (2) the matching share requirement would place a burden on the landowner which would probably prevent him from participating in the program.

(3) The Secretary may terminate any contract with a landowner or operator by mutual agreement with the owner or operator if the Secretary determines that such termination would be in the public interest, and may agree to such modification of contracts previously entered into as he may determine to be desirable to carry out the purposes of the program or facilitate the practical administration thereof or to accomplish equitable treatment with respect to other conservation, land use, or water quality programs.

(4) In providing assistance under this subsection the Secretary will give priority to those areas and sources that have the most significant effect upon water quality. Additional investigations or plans may be made, where necessary, to supplement approved water quality management plans, in order to determine priorities.

(5) The Secretary shall, where practicable, enter into agreements with soil conservation districts, State soil and water conservation agencies, or State water quality agencies to administer all or part of the program established in this section under regulations developed by the Secretary. Such agreements shall provide for the submission of such reports as the Secretary deems necessary, and for payment by the United States of such portion of the costs incurred in the administration of the program as the Secretary may deem appropriate.

(6) The contracts under this subsection shall be entered into only in areas where the management agency designated under subsection (c)(1) of this section assures an adequate level of participation by owners and operators having control of rural land in such areas. Within such areas the local soil conservation district, where one exists, together with the Secretary of Agriculture, will determine the priority of assistance among individual landowners and operators to assure that the most critical water quality problems are addressed.

(7) The Secretary, in consultation with the Administrator and subject to section 1314(k) of this title, shall, not later than September 30, 1978, promulgate regulations for carrying out this subsection and for support and cooperation with other Federal and non-Federal agencies for implementation of this subsection.

(8) This program shall not be used to authorize or finance projects that would otherwise be eligible for assistance under the terms of Public Law 83–566 [16 U.S.C. 1001 et seq.].

(9) There are hereby authorized to be appropriated to the Secretary of Agriculture $200,000,000 for fiscal year 1979, $400,000,000 for fiscal year 1980, $100,000,000 for fiscal year 1981, $100,000,000 for fiscal year 1982, and such sums as may be necessary for fiscal years 1983 through 1990, to carry out this subsection. The program authorized under this subsection shall be in addition to, and not in substitution of, other programs in such area authorized by this or any other public law.

Amendments

Subsec. (j)(9). Pub. L. 100–4, §101(e), struck out “and” after “1981,” and inserted “; and such sums as may be necessary for fiscal years 1990” after “1982.”

Subsec. (j)(9). Pub. L. 96–483, §1(e), inserted reference to authorization of $100,000,000 for each of fiscal years 1981 and 1982.

1977—Subsec. (b)(1). Pub. L. 95–217, §31(a), designated existing provisions as subpar. (A) and added subpar. (B).

Subsec. (b)(2)(A). Pub. L. 95–217, §32, inserted “; and” and an identification of open space and recreation opportunities that can be expected to result from improved water quality, including consideration of potential use of lands associated with treatment works and increased access to water-based recreation after “development of such treatment works”.

Subsec. (b)(2)(F). Pub. L. 95–217, §33(a), substituted “sources of pollution, including return flows from irrigated agriculture, and their cumulative effects,” for “sources of pollution, including”.

Subsec. (b)(4). Pub. L. 95–217, §34(a), designated existing provisions as subpar. (A), substituted “to the Administrator for approval for application to a class or category of activity throughout such State” for “to the Administrator for application to all regions within such State”, and added subpars. (B) to (D).

Subsec. (f)(2). Pub. L. 95–217, §31(b), substituted “For the two-year period beginning on the date the first grant is made under paragraph (1) of this subsection to an agency, if such first grant is made before October 1, 1977, the amount of each such grant to such agency shall be 100 per centum of the costs of developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section, and thereafter the amount granted to such agency shall not exceed 75 per centum of such costs in each succeeding one-year period” for “The amount granted to any agency under paragraph (1) of this sub-
section shall be 100 per centum of the costs of developing and operating a continuing areawide waste treatment management planning process under subsection (b) of this section for each of the fiscal years ending (1) June 30, 1973, June 30, 1974, and June 30, 1975, and shall not exceed 75 per centum of such costs in each succeeding fiscal year’’ and inserted ‘‘In the case of any other grant made to an agency under such paragraph (1) of this subsection, the amount of such grant shall not exceed 75 per centum of the costs of developing and operating a continuing areawide waste treatment management planning process in any year.”

Subsec. (f)(3). Pub. L. 113–54, § 501(d)(2)(D), which directed the substitution of ‘‘shall be reported to Congress not later than 90 days after the date of convening of each session of Congress’’ for ‘‘shall be included in the report required under section 1375(a) of this title’’, was repealed by Pub. L. 107–303, set out as a note under section 1254 of this title.

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS
Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102–486, set out as an Abolition of Office of Federal Inspector note under section 718e of Title 15, Commerce and Trade. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 728(f)(1) of Title 15.

§ 1289. Basin planning

(a) Preparation of Level B plans

The President, acting through the Water Resources Council, shall, as soon as practicable, prepare a Level B plan under the Water Resources Planning Act [42 U.S.C. 1961 et seq.] for all basins in the United States. All such plans shall be completed not later than January 1, 1980, except that priority in the preparation of such plans shall be given to those basins and portions thereof which are within those areas designated under paragraphs (2), (3), and (4) of subsection (a) of section 1288 of this title.

(b) Reporting requirements

The President, acting through the Water Resources Council, shall report annually to Congress on progress being made in carrying out this section. The first such report shall be submitted not later than January 31, 1973.

(c) Authorization of appropriations

There is authorized to be appropriated to carry out this section not to exceed $200,000,000.

§ 1290. Annual survey

The Administrator shall annually make a survey to determine the efficiency of the operation and maintenance of treatment works constructed with grants made under this chapter, as compared to the efficiency planned at the time the grant was made. The results of such annual survey shall be included in the report required under section 1375(a) of this title.

§ 1291. Sewage collection systems

(a) Existing and new systems

No grant shall be made for a sewage collection system under this subchapter unless such grant (1) is for replacement or major rehabilitation of an existing collection system and is necessary to the total integrity and performance of the waste treatment works servicing such community, or (2) is for a new collection system in an existing community with sufficient existing or planned capacity adequately to treat such collected sewage and is consistent with section 1281 of this title.

(b) Use of population density as test

If the Administrator uses population density as a test for determining the eligibility of a col-
lector sewer for assistance it shall be only for the purpose of evaluating alternatives and determining the needs for such system in relation to ground or surface water quality impact.

(c) Pollutant discharges from separate storm sewer systems

No grant shall be made under this subchapter from funds authorized for any fiscal year during the period beginning October 1, 1977, and ending September 30, 1990, for treatment works for control of pollutant discharges from separate storm sewer systems.

Editorial Notes

AMENDMENTS

1997—Pub. L. 95-217 designated existing provisions as subsec. (a) and added subsbs. (b) and (c).

§ 1292. Definitions

As used in this subchapter—

(1) The term ‘‘construction’’ means any one or more of the following: preliminary planning to determine the feasibility of treatment works, engineering, architectural, legal, fiscal, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures, field testing of innovative or alternative waste water treatment processes and techniques meeting guidelines promulgated under section 1314(d)(3) of this title, or other necessary actions, erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, or the inspection or supervision of any of the foregoing items.

(2)(A) The term ‘‘treatment works’’ means any devices and systems used in the storage, treatment, recycling, and reclamation of municipal sewage or industrial wastes of a liquid nature to implement section 1281 of this title, or necessary actions, building, acquisition, alteration, remodeling, improvement, or extension of treatment works, or the inspection of supervision of any of the foregoing items.

(B) In addition to the definition contained in subparagraph (A) of this paragraph, ‘‘treatment works’’ means any other method or system for

preventing, abating, reducing, storing, treating, separating, or disposing of municipal waste, including storm water runoff, or industrial waste, including waste in combined storm water and sanitary sewer systems. Any application for construction grants which includes wholly or in part such methods or systems shall, in accordance with guidelines published by the Administrator pursuant to subparagraph (C) of this paragraph, contain adequate data and analysis demonstrating such proposal to be, over the life of such works, the most cost efficient alternative to comply with sections 1311 or 1312 of this title, or the requirements of section 1281 of this title.

(C) For the purposes of subparagraph (B) of this paragraph, the Administrator shall, within one hundred and eighty days after October 16, 1972, publish and thereafter revise no less often than annually, guidelines for the evaluation of methods, including cost-effective analysis, described in subparagraph (B) of this paragraph.

(3) The term ‘‘replacement’’ as used in this subchapter means those expenditures for obtaining and installing equipment, accessories, or appurtenances during the useful life of the treatment works necessary to maintain the capacity and performance for which such works are designed and constructed.

(4) The term ‘‘extension of treatment works’’ includes expenditures for acquiring the land, including the costs of intercepting and disposing of municipal waste, in-
commitments to guarantee, the principal and interest (including interest accruing between the date of default and the date of the payment in full of the guarantee) of any loan, obligation, or participation therein of any State, municipality, or intermunicipal or interstate agency issued directly and exclusively to the Federal Financing Bank to finance that part of the cost of any grant-eligible project for the construction of publicly owned treatment works not paid for with Federal financial assistance under this subchapter (other than this section), which project the Administrator has determined to be eligible for such financial assistance under this subchapter, including, but not limited to, projects eligible for reimbursement under section 1286 of this title.

(b) Conditions for issuance

No guarantee, or commitment to make a guarantee, may be made pursuant to this section—

(1) unless the Administrator certifies that the issuing body is unable to obtain on reasonable terms sufficient credit to finance its actual needs without such guarantee; and

(2) unless the Administrator determines that there is a reasonable assurance of repayment of the loan, obligation, or participation therein.

A determination of whether financing is available at reasonable rates shall be made by the Secretary of the Treasury with relationship to the current average yield on outstanding marketable obligations of municipalities of comparable maturity.

(c) Fees for application investigation and issuance of commitment guarantee

The Administrator is authorized to charge reasonable fees for the investigation of an application for a guarantee and for the issuance of a commitment to make a guarantee.

(d) Commitment for repayment

The Administrator, in determining whether there is a reasonable assurance of repayment, may require a commitment which would apply to such repayment. Such commitment may include, but not be limited to, any funds received by such grantee from the amounts appropriated under section 1286 of this title.

Editorial Notes

Amendments

1980—Subsec. (d). Pub. L. 96–483 struck out ‘‘(1) all or any portion of the funds retained by such grantee under section 1284(b)(3) of this title, and (2)’’ after ‘‘limited to’’.

Statutory Notes and Related Subsidiaries

Effective Date of 1980 Amendment

Amendment by Pub. L. 96–483 effective Dec. 27, 1977, see section 2(g) of Pub. L. 96–483, set out as a note under section 1281 of this title.

§ 1293a. Contained spoil disposal facilities

(a) Construction, operation, and maintenance; period; conditions; requirements

The Secretary of the Army, acting through the Chief of Engineers, is authorized to construct, operate, and maintain, subject to the provisions of subsection (c), contained spoil disposal facilities of sufficient capacity for a period not to exceed ten years, to meet the requirements of this section. Before establishing each such facility, the Secretary of the Army shall obtain the concurrence of appropriate local governments and shall consider the views and recommendations of the Administrator of the Environmental Protection Agency and shall comply with requirements of section 1171 of this title, and of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.]. Section 401 of this title shall not apply to any facility authorized by this section.

(b) Time for establishment; consideration of area needs; requirements

The Secretary of the Army, acting through the Chief of Engineers, shall establish the contained spoil disposal facilities authorized in subsection (a) at the earliest practicable date, taking into consideration the views and recommendations of the Administrator of the Environmental Protection Agency as to those areas which, in the Administrator’s judgment, are most urgently in need of such facilities and pursuant to the requirements of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.] and the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.].

(c) Written agreement requirement; terms of agreement

Prior to construction of any such facility, the appropriate State or States, interstate agency, municipality, or other appropriate political subdivision of the State shall agree in writing to (1) furnish all lands, easements, and rights-of-way necessary for the construction, operation, and maintenance of the facility; (2) contribute to the United States 25 per centum of the construction costs, such amount to be payable either in cash prior to construction, in installments during construction, or in installments, with interest at a rate to be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations, which are neither due or callable for redemption for fifteen years from date of issue; (3) hold and save the United States free from damages due to construction, operation, and maintenance of the facility; and (4) except as provided in subsection (f), maintain the facility after completion of its use for disposal purposes in a manner satisfactory to the Secretary of the Army.
(d) Waiver of construction costs contribution from non-Federal interests; findings of participation in waste treatment facilities for general geographical area and compliance with water quality standards; waiver of payments in event of written agreement before occurrence of findings

The requirement for appropriate non-Federal interest or interests to furnish an agreement to contribute 25 per centum of the construction costs as set forth in subsection (c) shall be waived by the Secretary of the Army upon a finding by the Administrator of the Environmental Protection Agency that for the area to which such construction applies, the State or States involved, interstate agency, municipality, and other appropriate political subdivision of the State and industrial concerns are participating in and in compliance with an approved plan for the general geographical area of the dredging activity for construction, modification, expansion, or rehabilitation of waste treatment facilities and the Administrator has found that applicable water quality standards are not being violated. In the event such findings occur after the appropriate non-Federal interest or interests have entered into the agreement required by subsection (c), any payments due after the date of such findings as part of the required local contribution of 25 per centum of the construction costs shall be waived by the Secretary of the Army.

(e) Federal payment of costs for disposal of dredged spoil from project

Notwithstanding any other provision of law, all costs of disposal of dredged spoil from the project for the Great Lakes connecting channels, Michigan, shall be borne by the United States.

(f) Title to lands, easements, and rights-of-way; retention by non-Federal interests; conveyance of facilities; agreement of transferee

The participating non-Federal interest or interests shall retain title to all lands, easements, and rights-of-way furnished by it pursuant to subsection (c). A spoil disposal facility owned by a non-Federal interest or interests may be conveyed to another party only after completion of the facility’s use for disposal purposes and after the transferee agrees in writing to use or maintain the facility in a manner which the Secretary of the Army determines to be satisfactory.

(g) Federal licenses or permits; charges; remission of charge

Any spoil disposal facilities constructed under the provisions of this section shall be made available to Federal licensees or permittees upon payment of an appropriate charge for such use. Twenty-five per centum of such charge shall be remitted to the participating non-Federal interest or interests except for those excluded from contributing to the construction costs under subsections (d) and (e).

(h) Provisions applicable to Great Lakes and their connecting channels

This section, other than subsection (i), shall be applicable only to the Great Lakes and their connecting channels.

(i) Research, study, and experimentation program relating to dredged spoil extended to navigable waters, etc.; cooperative program; scope of program; utilization of facilities and personnel of Federal agency

The Chief of Engineers, under the direction of the Secretary of the Army, is hereby authorized to extend to all navigable waters, connecting channels, tributary streams, other waters of the United States and waters contiguous to the United States, a comprehensive program of research, study, and experimentation relating to dredged spoil. This program shall be carried out in cooperation with other Federal and State agencies, and shall include, but not be limited to, investigations on the characteristics of dredged spoil, and alternative methods of its disposal. To the extent that such study shall include the effects of such dredge spoil on water quality, the facilities and personnel of the Environmental Protection Agency shall be utilized.

(j) Period for depositing dredged materials

The Secretary of the Army, acting through the Chief of Engineers, is authorized to continue to deposit dredged materials into a contained spoil disposal facility constructed under this section until the Secretary determines that such facility is no longer needed for such purpose or that such facility is completely full.

(k) Study and monitoring program

(1) Study

The Secretary of the Army, acting through the Chief of Engineers, shall conduct a study of the materials disposed of in contained spoil disposal facilities constructed under this section for the purpose of determining whether or not toxic pollutants are present in such facilities and for the purpose of determining the concentration levels of each of such pollutants in such facilities.

(2) Report

Not later than 1 year after November 17, 1988, the Secretary shall transmit to Congress a report on the results of the study conducted under paragraph (1).

(3) Inspection and monitoring program

The Secretary shall conduct a program to inspect and monitor contained spoil disposal facilities constructed under this section for the purpose of determining whether or not toxic pollutants are leaking from such facilities.

(4) Toxic pollutant defined

For purposes of this subsection, the term "toxic pollutant" means those toxic pollutants referred to in section 1311(b)(2)(C) and 1311(b)(2)(D) of this title and such other pollutants as the Secretary, in consultation with the Administrator of the Environmental Protection Agency, determines are appropriate based on their effects on human health and the environment.

§ 1294. Public information and education on recycling and reuse of wastewater, use of land treatment, and reduction of wastewater volume

The Administrator shall develop and operate within one year of December 27, 1977, a continuing program of public information and education on recycling and reuse of wastewater (including sludge), the use of land treatment, and methods for the reduction of wastewater volume. (June 30, 1948, ch. 758, title II, §214, as added Pub. L. 95–217, §38, Dec. 27, 1977, 91 Stat. 1581.)

§ 1295. Requirements for American materials

Notwithstanding any other provision of law, no grant for which application is made after February 1, 1978, shall be made under this subchapter for any treatment works unless only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States, substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States will be used in such treatment works. This section shall not apply in any case where the Administrator determines, based upon those factors the Administrator deems relevant, including the available resources of the agency, it to be inconsistent with the public interest (including multilateral government procurement agreements) or the cost to be unreasonable, or if articles, materials, or supplies of the class or kind to be used are the articles, materials, or supplies from which they are manufactured are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality. (June 30, 1948, ch. 758, title II, §215, as added Pub. L. 95–217, §39, Dec. 27, 1977, 91 Stat. 1581.)

§ 1296. Determination of priority of projects

Notwithstanding any other provision of this chapter, the determination of the priority to be given each category of projects for construction of publicly owned treatment works within each State shall be made solely by that State, except that if the Administrator, after a public hearing, determines that a specific project will not result in compliance with the enforceable requirements of this chapter, such project shall be removed from the State’s priority list and such State shall submit a revised priority list. These categories shall include, but not be limited to (A) secondary treatment, (B) more stringent treatment, (C) infiltration-in-flow correction, (D) major sewer system rehabilitation, (E) new collector sewers and appurtenances, (F) new interceptors and appurtenances, and (G) correction of combined sewer overflows. Not less than 25 per centum of funds allocated to a State in any fiscal year under this subchapter for construction of publicly owned treatment works in such State shall be obligated for those types of projects referred to in clauses (D), (E), (F), and (G) of this section, if such projects are on such State’s priority list for that year and are otherwise eligible for funding in that fiscal year. It is the policy of Congress that projects for wastewater treatment and management undertaken with Federal financial assistance under this chapter by any State, municipality, or intermunicipal or interstate agency shall be projects which, in the estimation of the State, are designed to achieve optimum water quality management, consistent with the public health and water quality goals and requirements of this chapter. (June 30, 1948, ch. 758, title II, §216, as added Pub. L. 95–217, §40, Dec. 27, 1977, 91 Stat. 1582; amended Pub. L. 97–117, §18, Dec. 29, 1981, 95 Stat. 1630.)
§ 1297. Guidelines for cost-effectiveness analysis

Any guidelines for cost-effectiveness analysis published by the Administrator under this subchapter shall provide for the identification and selection of cost effective alternatives to comply with the objectives and goals of this chapter and sections 1281(b), 1281(d), 1281(g)(2)(A), and 1311(b)(2)(B) of this title.

§ 1298. Cost effectiveness

(a) Congressional statement of policy

It is the policy of Congress that a project for waste treatment and management undertaken with Federal financial assistance under this chapter by any State, municipality, or interstate agency shall be considered as an overall waste treatment system for waste treatment and management, and shall be that system which constitutes the most economical and cost-effective combination of devices and systems used in the storage, treatment, recycling, and reclamation of municipal sewage or industrial wastes of a liquid nature to implement section 1281 of this title, or necessary to recycle or reuse water at the most economical cost over the estimated life of the works, including intercepting sewers, outfall sewers, sewage collection systems, pumping power, and other equipment, and their appurtenances; extension, improvements, remodeling, additions, and alterations thereof; elements essential to provide a reliable recycled supply such as standby treatment units and clear well facilities; and any works, including site acquisition of the land that will be an integral part of the treatment process (including land use for the storage of treated wastewater in land treatment systems prior to land application) or which is used for ultimate disposal of residuals resulting from such treatment; water efficiency measures and devices; and any other method or system for preventing, abating, reducing, storing, treating, separating, or disposing of municipal waste, including storm water runoff, or industrial waste, including waste in combined storm water and sanitary sewer systems; to meet the requirements of this chapter.

(b) Determination by Administrator as prerequisite to approval of grant

In accordance with the policy set forth in subsection (a) of this section, before the Administrator approves any grant to any State, municipality, or intermunicipal or interstate agency for the erection, building, acquisition, alteration, remodeling, improvement, or extension of such treatment works, the Administrator shall determine that the facilities plan of which such treatment works is a part constitutes the most economical and cost-effective combination of treatment works over the life of the project to meet the requirements of this chapter, including, but not limited to, consideration of construction costs, operation, maintenance, and replacement costs.

(c) Value engineering review

In furtherance of the policy set forth in subsection (a) of this section, the Administrator shall require value engineering review in connection with any treatment works, prior to approval of any grant for the erection, building, acquisition, alteration, remodeling, improvement, or extension of such treatment works, in any case in which the cost of such erection, building, acquisition, alteration, remodeling, improvement, or extension is projected to be in excess of $10,000,000. For purposes of this subsection, the term "value engineering review" means a specialized cost control technique which uses a systematic and creative approach to identify and to focus on unnecessarily high cost in a project in order to arrive at a cost saving without sacrificing the reliability or efficiency of the project.

(d) Projects affected

This section applies to projects for waste treatment and management for which no treatment works including a facilities plan for such project have received Federal financial assistance for the preparation of construction plans and specifications under this chapter before December 29, 1981.

§ 1299. State certification of projects

Whenever the Governor of a State which has been delegated sufficient authority to administer the construction grant program under this subchapter in that State certifies to the Administrator that a grant application meets applicable requirements of Federal and State law for assistance under this subchapter, the Administrator shall approve or disapprove such application within 45 days of the date of receipt of such application. If the Administrator does not approve or disapprove such application within 45 days of receipt, the application shall be deemed approved. If the Administrator disapproves such application the Administrator shall state in writing the reasons for such disapproval. Any grant approved or deemed approved under this section shall be subject to amounts provided in appropriation Acts.

§ 1300. Pilot program for alternative water source projects

(a) Policy

Nothing in this section shall be construed to affect the application of section 1251(g) of this title and all of the provisions of this section shall be carried out in accordance with the provisions of section 1251(g) of this title.

(b) In general

The Administrator may establish a pilot program to make grants to State, interstate, and intrastate water resource development agencies (including water management districts and water supply authorities), local government agencies, private utilities, and nonprofit entities for alternative water source projects to meet critical water supply needs.

(c) Eligible entity

The Administrator may make grants under this section to an entity only if the entity has
authority under State law to develop or provide water for municipal, industrial, and agricultural uses in an area of the State that is experiencing critical water supply needs.

(d) Selection of projects

(1) Limitation

A project that has received funds under the reclamation and reuse program conducted under the Reclamation Projects Authorization and Adjustment Act of 1992 (43 U.S.C. 390h et seq.) shall not be eligible for grant assistance under this section.

(2) Additional consideration

In making grants under this section, the Administrator shall consider whether the project is located within the boundaries of a State or area referred to in section 391 of title 43, and within the geographic scope of the reclamation and reuse program conducted under the Reclamation Projects Authorization and Adjustment Act of 1992 (43 U.S.C. 390h et seq.).

(3) Geographical distribution

Alternative water source projects selected by the Administrator under this section shall reflect a variety of geographical and environmental conditions.

(e) Committee resolution procedure

(1) In general

No appropriation shall be made for any alternative water source project under this section, the total Federal cost of which exceeds $3,000,000, if such project has not been approved by a resolution adopted by the Committee on Transportation and Infrastructure of the House of Representatives or the Committee on Environment and Public Works of the Senate.

(2) Requirements for securing consideration

For purposes of securing consideration of approval under paragraph (1), the Administrator shall provide to a committee referred to in paragraph (1) such information as the committee requests and the non-Federal sponsor shall provide to the committee information on the costs and relative needs for the alternative water source project.

(f) Uses of grants

Amounts from grants received under this section may be used for engineering, design, construction, and final testing of alternative water source projects designed to meet critical water supply needs. Such amounts may not be used for planning, feasibility studies or for operation, maintenance, replacement, repair, or rehabilitation.

(g) Cost sharing

The Federal share of the eligible costs of an alternative water source project carried out using assistance made available under this section shall not exceed 50 percent.

(h) Reports

On or before September 30, 2004, the Administrator shall transmit to Congress a report on the results of the pilot program established under this section, including progress made toward meeting the critical water supply needs of the participants in the pilot program.

(i) Definitions

In this section, the following definitions apply:

(1) Alternative water source project

The term “alternative water source project” means a project designed to provide municipal, industrial, and agricultural water supplies in an environmentally sustainable manner by conserving, managing, reclaiming, or reusing water or wastewater or by treating wastewater. Such term does not include water treatment or distribution facilities.

(2) Critical water supply needs

The term “critical water supply needs” means existing or reasonably anticipated future water supply needs that cannot be met by existing water supplies, as identified in a comprehensive statewide or regional water supply plan or assessment projected over a planning period of at least 20 years.

(j) Authorization of appropriations

There is authorized to be appropriated to carry out this section a total of $75,000,000 for fiscal years 2002 through 2004. Such sums shall remain available until expended.

(3) Geographical distribution

The term “alternative water source project” approved by a resolution adopted by the Committee on Transportation and Infrastructure of the House of Representatives or the Committee on Environment and Public Works of the Senate.

(2) Requirements for securing consideration

For purposes of securing consideration of approval under paragraph (1), the Administrator shall provide to a committee referred to in paragraph (1) such information as the committee requests and the non-Federal sponsor shall provide to the committee information on the costs and relative needs for the alternative water source project.

(f) Uses of grants

Amounts from grants received under this section may be used for engineering, design, construction, and final testing of alternative water source projects designed to meet critical water supply needs. Such amounts may not be used for planning, feasibility studies or for operation, maintenance, replacement, repair, or rehabilitation.

(g) Cost sharing

The Federal share of the eligible costs of an alternative water source project carried out using assistance made available under this section shall not exceed 50 percent.

(h) Reports

On or before September 30, 2004, the Administrator shall transmit to Congress a report on the results of the pilot program established under this section, including progress made toward meeting the critical water supply needs of the participants in the pilot program.

(i) Definitions

In this section, the following definitions apply:

(1) Alternative water source project

The term “alternative water source project” means a project designed to provide municipal, industrial, and agricultural water supplies in an environmentally sustainable manner by conserving, managing, reclaiming, or reusing water or wastewater or by treating wastewater. Such term does not include water treatment or distribution facilities.

(2) Critical water supply needs

The term “critical water supply needs” means existing or reasonably anticipated future water supply needs that cannot be met by existing water supplies, as identified in a comprehensive statewide or regional water supply plan or assessment projected over a planning period of at least 20 years.

(j) Authorization of appropriations

There is authorized to be appropriated to carry out this section a total of $75,000,000 for fiscal years 2002 through 2004. Such sums shall remain available until expended.

(3) Geographical distribution

The term “alternative water source project” approved by a resolution adopted by the Committee on Transportation and Infrastructure of the House of Representatives or the Committee on Environment and Public Works of the Senate.

(2) Requirements for securing consideration

For purposes of securing consideration of approval under paragraph (1), the Administrator shall provide to a committee referred to in paragraph (1) such information as the committee requests and the non-Federal sponsor shall provide to the committee information on the costs and relative needs for the alternative water source project.

(f) Uses of grants

Amounts from grants received under this section may be used for engineering, design, construction, and final testing of alternative water source projects designed to meet critical water supply needs. Such amounts may not be used for planning, feasibility studies or for operation, maintenance, replacement, repair, or rehabilitation.

(g) Cost sharing

The Federal share of the eligible costs of an alternative water source project carried out using assistance made available under this section shall not exceed 50 percent.

(h) Reports

On or before September 30, 2004, the Administrator shall transmit to Congress a report on the results of the pilot program established under this section, including progress made toward meeting the critical water supply needs of the participants in the pilot program.

(i) Definitions

In this section, the following definitions apply:

(1) Alternative water source project

The term “alternative water source project” means a project designed to provide municipal, industrial, and agricultural water supplies in an environmentally sustainable manner by conserving, managing, reclaiming, or reusing water or wastewater or by treating wastewater. Such term does not include water treatment or distribution facilities.

(2) Critical water supply needs

The term “critical water supply needs” means existing or reasonably anticipated future water supply needs that cannot be met by existing water supplies, as identified in a comprehensive statewide or regional water supply plan or assessment projected over a planning period of at least 20 years.

(j) Authorization of appropriations

There is authorized to be appropriated to carry out this section a total of $75,000,000 for fiscal years 2002 through 2004. Such sums shall remain available until expended.

§ 1301. Sewer overflow and stormwater reuse municipal grants

(a) In general

(1) Grants to States

The Administrator may make grants to States for the purpose of providing grants to a municipality or municipal entity for planning, design, and construction of—

(A) treatment works to intercept, transport, control, treat, or reuse municipal combined sewer overflows, sanitary sewer overflows, or stormwater; and

(B) any other measures to manage, reduce, treat, or recapture stormwater or subsurface drainage water eligible for assistance under section 1383(c) of this title.

(2) Direct municipal grants

Subject to subsection (g), the Administrator may make a direct grant to a municipality or municipal entity for the purposes described in paragraph (1).

(b) Prioritization

In selecting from among municipalities applying for grants under subsection (a), a State or
the Administrator shall give priority to an applicant that—

(1) is a municipality that is a financially distressed community under subsection (c);

(2) has implemented or is complying with an implementation schedule for the nine minimum controls specified in the CSO control policy referred to in section 1342(q)(1) of this title and has begun implementing a long-term municipal combined sewer overflow control plan or a separate sanitary sewer overflow control plan;

(3) is requesting a grant for a project that is on a State’s intended use plan pursuant to section 1386(c) of this title; or

(4) is an Alaska Native Village.

(c) Financially distressed community

(1) Definition

In subsection (b), the term “financially distressed community” means a community that meets affordability criteria set forth in section 1375 of this title, if such criteria are developed after public review and comment.

(2) Consideration of impact on water and sewer rates

In determining if a community is a distressed community for the purposes of subsection (b), the State shall consider, among other factors, the extent to which the rate of growth of a community’s tax base has been historically slow such that implementing a plan described in subsection (b)(2) would result in a significant increase in any water or sewer rate charged by the community’s publicly owned wastewater treatment facility.

(3) Information to assist States

The Administrator may publish information to assist States in establishing affordability criteria under paragraph (1).

(d) Cost-sharing

The Federal share of the cost of activities carried out using amounts from a grant made under subsection (a) shall be not less than 55 percent of the cost. The non-Federal share of the cost may include, in any amount, public and private funds and in-kind services, and may include, notwithstanding section 1383(h) of this title, financial assistance, including loans, from a State water pollution control revolving fund.

(e) Administrative requirements

A project that receives assistance under this section shall be carried out subject to the same requirements as a project that receives assistance from a State water pollution control revolving fund under subchapter VI of this chapter, except to the extent that the Governor of the State in which the project is located determines that a requirement of subchapter VI of this chapter is inconsistent with the purposes of this section. For the purposes of this subsection, a Governor may not determine that the requirements of subchapter VI of this chapter relating to the application of section 1372 of this title are inconsistent with the purposes of this section.

(f) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out this section $225,000,000 for each of fiscal years 2019 through 2020.

(2) Minimum allocations

To the extent there are sufficient eligible project applications, the Administrator shall ensure that a State uses not less than 20 percent of the amount of the grants made to the State under subsection (a) in a fiscal year to carry out projects to intercept, transport, control, treat, or reuse municipal combined sewer overflows, sanitary sewer overflows, or stormwater through the use of green infrastructure, water and energy efficiency improvements, and other environmentally innovative activities.

(g) Allocation of funds

(1) Fiscal year 2019

Subject to subsection (h), the Administrator shall use the amounts appropriated to carry out this section for fiscal year 2019 for making grants to municipalities and municipal entities under subsection (a)(2) in accordance with the criteria set forth in subsection (b).

(2) Fiscal year 2020 and thereafter

Subject to subsection (h), the Administrator shall use the amounts appropriated to carry out this section for fiscal year 2020 and each fiscal year thereafter for making grants to States under subsection (a)(1) in accordance with a formula to be established by the Administrator, after providing notice and an opportunity for public comment, that allocates to each State a proportional share of such amounts based on the total needs of the State for municipal combined sewer overflow controls, sanitary sewer overflow controls, and stormwater identified in the most recent detailed estimate and comprehensive study submitted pursuant to section 1375 of this title and any other information the Administrator considers appropriate.

(h) Administrative expenses

Of the amounts appropriated to carry out this section for each fiscal year—

(1) the Administrator may retain an amount not to exceed 1 percent for the reasonable and necessary costs of administering this section; and

(2) the Administrator, or a State, may retain an amount not to exceed 4 percent of any grant made to a municipality or municipal entity under subsection (a), for the reasonable and necessary costs of administering the grant.

(i) Reports

Not later than December 31, 2003, and periodically thereafter, the Administrator shall transmit to Congress a report containing recommended funding levels for grants under this section. The recommended funding levels shall be sufficient to ensure the continued expeditious implementation of municipal combined sewer overflow and sanitary sewer overflow controls nationwide.
mental impacts due to municipal combined sewer overflows and sanitary sewer overflows, including the location of discharges causing such impacts, the volume of pollutants discharged, and the constituents discharged;

(B) the resources spent by municipalities to address these impacts; and

(C) an evaluation of the technologies used by municipalities to address these impacts.

TECHNOLOGY CLEARINGHOUSE.—After transmitting a report under paragraph (1), the Administrator shall maintain a clearinghouse of cost-effective and efficient technologies for addressing human health and environmental impacts due to municipal combined sewer overflows and sanitary sewer overflows."

SUBCHAPTER III—STANDARDS AND ENFORCEMENT
§ 1311. Effluent limitations
(a) Illegality of pollutant discharges except in compliance with law
Except as in compliance with this section and sections 1312, 1316, 1317, 1328, 1342, and 1344 of this title, the discharge of any pollutant by any person shall be unlawful.

(b) Timetable for achievement of objectives
In order to carry out the objective of this chapter there shall be achieved—

(1)(A) not later than July 1, 1977, effluent limitations for point sources, other than publicly owned treatment works, (i) which shall require the application of the best practicable control technology currently available as defined by the Administrator pursuant to section 1314(b) of this title, or (ii) in the case of a discharge into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, which shall require compliance with any applicable pretreatment requirements and any requirements under section 1317 of this title;

(B) for publicly owned treatment works in existence on July 1, 1977, or approved pursuant to section 1283 of this title prior to June 30, 1974 (for which construction must be completed within four years of approval), effluent limitations based upon secondary treatment as defined by the Administrator pursuant to section 1314(d)(1) of this title; or,

(C) not later than July 1, 1977, any more stringent limitation, including those necessary to meet water quality standards, treatment standards, or schedules of compliance, established pursuant to any State law or regulations (under authority reserved by section 1370 of this title) or any other Federal law or regulation, or required to implement any applicable water quality standard established pursuant to this chapter.

(2) (A) for pollutants identified in subparagraphs (C), (D), and (F) of this paragraph, effluent limitations for categories and classes of point sources, other than publicly owned treatment works, which (i) shall require application of the best available technology economically achievable for such category or class, which will result in reasonable further progress toward the national goal of eliminating the discharge of all pollutants, as determined in accordance with regulations issued by the Administrator pursuant to section 1314(b)(2) of this title, which such effluent limitations shall require the elimination of discharges of all pollutants if the Administrator finds, on the basis of information available to him (including information developed pursuant to section 1323 of this title), that such elimination is technologically and economically achievable for a category or class of point sources as determined in accordance with regulations issued by the Administrator pursuant to section 1314(b)(2) of this title, or

(ii) in the case of the introduction of a pollutant into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, shall require compliance with any applicable pretreatment requirements and any other requirement under section 1317 of this title;

(C) with respect to all toxic pollutants referred to in table 1 of Committee Print Number 95–50 of the Committee on Public Works and Transportation of the House of Representatives compliance with effluent limitations in accordance with subparagraph (A) of this paragraph as expeditiously as practicable but in no case later than three years after the date such
(c) Modification of timetable

The Administrator may modify the requirements of subsection (b)(2)(A) of this section with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the Administrator that such modified requirements (1) will represent the maximum use of technology within the economic capability of the owner or operator; and (2) will result in reasonable further progress toward the elimination of the discharge of pollutants.

(d) Review and revision of effluent limitations

Any effluent limitation required by paragraph (2) of subsection (b) of this section shall be reviewed at least every five years and, if appropriate, revised pursuant to the procedure established under such paragraph.

(e) All point discharge source application of effluent limitations

Effluent limitations established pursuant to this section or section 1312 of this title shall be applied to all point sources of discharge of pollutants in accordance with the provisions of this chapter.

(f) Illegality of discharge of radiological, chemical, or biological warfare agents, high-level radioactive waste, or medical waste

Notwithstanding any other provisions of this chapter it shall be unlawful to discharge any radiological, chemical, or biological warfare agent, any high-level radioactive waste, or any medical waste, into the navigable waters.

(g) Modifications for certain nonconventional pollutants

(1) General authority

The Administrator, with the concurrence of the State, may modify the requirements of subsection (b)(2)(A) of this section with respect to the discharge from any point source of ammonia, chlorine, color, iron, and total phenols (4AAP) (when determined by the Administrator to be a pollutant covered by subsection (b)(2)(F)) and any other pollutant which the Administrator lists under paragraph (4) of this subsection.

(2) Requirements for granting modifications

A modification under this subsection shall be granted only upon a showing by the owner or operator of a point source satisfactory to the Administrator that—

(A) such modified requirements will result at a minimum in compliance with the requirements of subsection (b)(1)(A) or (C) of this section, whichever is applicable;

(B) such modified requirements will not result in any additional requirements on any other point or nonpoint source; and

(C) such modification will not interfere with the attainment or maintenance of that water quality which shall assure protection of public water supplies, and the protection and propagation of a balanced population of shellfish, fish, and wildlife, and allow recreational activities, in and on the water and such modification will not result in the discharge of pollutants in quantities which may reasonably be anticipated to pose an unacceptable risk to human health or the environment because of bioaccumulation, persistency in the environment, acute toxicity, chronic toxicity (including carcinogenicity, mutagenicity or teratogenicity), or synergistic propensities.

(3) Limitation on authority to apply for subsection (c) modification

If an owner or operator of a point source applies for a modification under this subsection with respect to the discharge of any pollutant,
such owner or operator shall be eligible to apply for modification under subsection (c) of this section with respect to such pollutant only during the same time period as he is eligible to apply for a modification under this subsection.

(4) Procedures for listing additional pollutants

(A) General authority

Upon petition of any person, the Administrator may add any pollutant to the list of pollutants for which modification under this section is authorized (except for pollutants identified pursuant to section 1314(a)(4) of this title, toxic pollutants subject to section 1317(a) of this title, and the thermal component of discharges) in accordance with the provisions of this paragraph.

(B) Requirements for listing

(i) Sufficient information

The person petitioning for listing of an additional pollutant under this subsection shall submit to the Administrator sufficient information to make the determinations required by this subparagraph.

(ii) Toxic criteria determination

The Administrator shall determine whether or not the pollutant meets the criteria for listing as a toxic pollutant under section 1317(a) of this title.

(iii) Listing as toxic pollutant

If the Administrator determines that the pollutant meets the criteria for listing as a toxic pollutant under section 1317(a) of this title, the Administrator shall list the pollutant as a toxic pollutant under section 1317(a) of this title.

(iv) Nonconventional criteria determination

If the Administrator determines that the pollutant does not meet the criteria for listing as a toxic pollutant under such section and determines that adequate test methods and sufficient data are available to make the determinations required by paragraph (2) of this subsection with respect to the pollutant, the Administrator shall add the pollutant to the list of pollutants specified in paragraph (1) of this subsection for which modifications are authorized under this subsection.

(C) Requirements for filing of petitions

A petition for listing of a pollutant under this paragraph—

(i) must be filed not later than 270 days after the date of promulgation of an applicable effluent guideline under section 1314 of this title;

(ii) may be filed before promulgation of such guideline; and

(iii) may be filed with an application for a modification under paragraph (1) with respect to the discharge of such pollutant.

(D) Deadline for approval of petition

A decision to add a pollutant to the list of pollutants for which modifications under this subsection are authorized must be made within 270 days after the date of promulgation of an applicable effluent guideline under section 1314 of this title.

(E) Burden of proof

The burden of proof for making the determinations under subparagraph (B) shall be on the petitioner.

(5) Removal of pollutants

The Administrator may remove any pollutant from the list of pollutants for which modifications are authorized under this subsection if the Administrator determines that adequate test methods and sufficient data are no longer available for determining whether or not modifications may be granted with respect to such pollutant under paragraph (2) of this subsection.

(h) Modification of secondary treatment requirements

The Administrator, with the concurrence of the State, may issue a permit under section 1342 of this title which modifies the requirements of subsection (b)(1)(B) of this section with respect to the discharge of any pollutant from a publicly owned treatment works into marine waters, if the applicant demonstrates to the satisfaction of the Administrator that—

(1) there is an applicable water quality standard specific to the pollutant for which the modification is requested, which has been identified under section 1314(a)(6) of this title;

(2) the discharge of pollutants in accordance with such modified requirements will not interfere, alone or in combination with pollutants from other sources, with the attainment or maintenance of that water quality which assures protection of public water supplies and the protection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife, and allows recreational activities, in and on the water;

(3) the applicant has established a system for monitoring the impact of such discharge on a representative sample of aquatic biota, to the extent practicable, and the scope of such monitoring is limited to include only those scientific investigations which are necessary to study the effects of the proposed discharge;

(4) such modified requirements will not result in any additional requirements on any other point or nonpoint source;

(5) all applicable pretreatment requirements for sources introducing waste into such treatment works will be enforced;

(6) in the case of any treatment works serving a population of 50,000 or more, with respect to any toxic pollutant introduced into such works by an industrial discharger for which pollutant there is no applicable pretreatment requirement in effect, sources introducing waste into such works are in compliance with all applicable pretreatment requirements, the applicant will enforce such requirements, and the applicant has in effect a pretreatment program which, in combination with the treatment of discharges from such works, removes the same amount of such pollutant as would be removed if such works were to apply secondary treatment to discharges and if such
works had no pretreatment program with respect to such pollutant;
(7) to the extent practicable, the applicant has established a schedule of activities designed to eliminate the entrance of toxic pollutants from nonindustrial sources into such treatment works;
(8) there will be no new or substantially increased discharges from the point source of the pollutant to which the modification applies above that volume of discharge specified in the permit;
(9) the applicant at the time such modification becomes effective will be discharging effluent which has received at least primary or equivalent treatment and which meets the criteria established under section 1314(a)(1) of this title after initial mixing in the waters surrounding or adjacent to the point at which such effluent is discharged.

For the purposes of this subsection the phrase "the discharge of any pollutant into marine waters refers to a discharge into deep waters of the territorial sea or the waters of the contiguous zone, or into saline estuarine waters where there is strong tidal movement and other hydrological and geological characteristics which the Administrator determines necessary to allow compliance with paragraph (2) of this subsection, and section 1253(a)(2) of this title.

For the purposes of paragraph (9), "primary or equivalent treatment" means treatment by screening, sedimentation, and skimming adequate to remove at least 30 percent of the biological oxygen demanding material and of the suspended solids in the treatment works influent, and disinfection, where appropriate. A municipality which applies secondary treatment shall be eligible to receive a permit pursuant to this subsection which modifies the requirements of subsection (b)(1)(B) of this section with respect to the discharge of any pollutant from any treatment works owned by such municipality into marine waters. No permit issued under this subsection shall authorize the discharge of sewage sludge into marine waters. In order for a permit to be issued under this subsection for the discharge of a pollutant into marine waters, such marine waters must exhibit characteristics assuring that water providing dilution does not contain significant amounts of previously discharged effluent from such treatment works. No permit issued under this subsection shall authorize the discharge of any pollutant into saline estuarine waters which at the time of application do not support a balanced indigenous population of shellfish, fish and wildlife, or allow recreation in and on the waters or which exhibit ambient water quality below applicable water quality standards adopted for the protection of public water supplies, shellfish, fish and wildlife or recreational activities or such other standards necessary to assure support and protection of such uses. The prohibition contained in the preceding sentence shall apply without regard to the presence or absence of a causal relationship between such characteristics and the applicant's current or proposed discharge. Notwithstanding any other provisions of this subsection, no permit may be issued under this subsection for discharge of a pollutant into the New York Bight Apex consisting of the ocean waters of the Atlantic Ocean westward of 73 degrees 30 minutes west longitude and northward of 40 degrees 10 minutes north latitude.

(i) Municipal time extensions

(1) Where construction is required in order for a planned or existing publicly owned treatment works to achieve limitations under subsection (b)(1)(B) or (b)(1)(C) of this section, but (A) construction cannot be completed within the time required in such subsection, or (B) the United States has failed to make financial assistance under this chapter available in time to achieve such limitations by the time specified in such subsection, the owner or operator of such treatment works may request the Administrator (or if appropriate the State) to issue a permit pursuant to section 1342 of this title or to modify a permit issued pursuant to that section to extend such time for compliance. Any such request shall be filed with the Administrator (or if appropriate the State) within 180 days after February 4, 1987. The Administrator (or if appropriate the State) may grant such request and issue or modify such a permit, which shall contain a schedule of compliance for the publicly owned treatment works based on the earliest date by which such financial assistance will be available from the United States and construction can be completed, but in no event later than July 1, 1988, and shall contain such other terms and conditions, including those necessary to carry out subsections (b) through (g) of section 1281 of this title, section 1317 of this title, and such interim effluent limitations applicable to that treatment works as the Administrator determines are necessary to carry out the provisions of this chapter.

(2)(A) Where a point source (other than a publicly owned treatment works) will not achieve the requirements of subsections (b)(1)(A) and (b)(1)(C) of this section and—
(i) if a permit issued prior to July 1, 1977, to such point source is based upon a discharge into a publicly owned treatment works; or
(ii) if such point source (other than a publicly owned treatment works) had before July 1, 1977, a contract (enforceable against such point source) to discharge into a publicly owned treatment works; or
(iii) if either an application made before July 1, 1977, for a construction grant under this chapter for a publicly owned treatment works, or engineering or architectural plans or working drawings made before July 1, 1977, for a publicly owned treatment works, show that such point source was to discharge into such publicly owned treatment works,

and such publicly owned treatment works is presently unable to accept such discharge without construction, and in the case of a discharge to an existing publicly owned treatment works, such treatment works has an extension pursuant to paragraph (1) of this subsection, the owner or operator of such point source may request the Administrator (or if appropriate the State) to issue or modify such a permit pursuant to such section 1342 of this title to extend such time for compliance. Any such request shall be filed with the Administrator (or if appropriate the State)
within 180 days after December 27, 1977, or the filing of a request by the appropriate publicly owned treatment works under paragraph (1) of this subsection, whichever is later. If the Administrator (or if appropriate the State) finds that the owner or operator of such point source has acted in good faith, he may grant such re- quest and issue or modify such a permit, which shall contain a schedule of compliance for the point source to achieve the requirements of subsections (b)(1A) and (C) of this section and shall contain such other terms and conditions, including pretreatment and interim effluent limitations and water conservation require- ments applicable to that point source, as the Administrator determines are necessary to carry out the provisions of this chapter.

(B) No time modification granted by the Ad- ministrator (or if appropriate the State) pursuant to paragraph (2)(A) of this subsection shall extend beyond the earliest date practicable for compliance or beyond the date of any extension granted to the appropriate publicly owned treatment works pursuant to paragraph (1) of this subsection, but in no event shall it extend beyond July 1, 1988; and no such time modification shall be granted unless (i) the publicly owned treatment works will be in operation and avail- able to the point source before July 1, 1988, and will meet the requirements of subsections (b)(1)(B) and (C) of this section after receiving the discharge from that point source; and (ii) the point source and the publicly owned treatment works have entered into an enforceable contract requiring the point source to discharge into the publicly owned treatment works, the owner or operator of such point source to pay the costs required under section 1286 of this title, and the publicly owned treatment works to accept the discharge from the point source; and (iii) the permit for such point source re- quires that point source to meet all require- ments under section 1317(a) and (b) of this title during the period of such time modification.

(j) Modification procedures

(1) Any application filed under this section for a modification of the provisions of—

(A) subsection (b)(1)(B) under subsection (h) of this section shall be filed not later than the 365th day which begins after December 29, 1981, except that a publicly owned treatment works which prior to December 31, 1982, had a contractual arrangement to use a portion of the capacity of an ocean outfall operated by another publicly owned treatment works which has applied for or received modification under subsection (h), may apply for a modi- fication of subsection (h) in its own right not later than 30 days after February 4, 1987, and except as provided in paragraph (5);

(B) subsection (b)(2)(A), as it applies to pol- lutants identified in subsection (b)(2)(F), shall be filed not later than 270 days after the date of promulgation of an applicable effluent guideline under section 1314 of this title or not later than 270 days after December 27, 1977, whichever is later.

(2) Subject to paragraph (3) of this section, any application for a modification filed under subsection (g) of this section shall not operate to stay any requirement under this chapter, un- less in the judgment of the Administrator such a stay or the modification sought will not result in the discharge of pollutants in quantities which may reasonably be anticipated to pose an unacceptable risk to human health or the envi- ronment because of bioaccumulation, persist- ency in the environment, acute toxicity, chronic toxicity (including carcinogenicity, mutage- nicity, or teratogenicity), or synergistic propen- sities, and that there is a substantial likelihood that the applicant will succeed on the merits of such application. In the case of an application filed under subsection (g) of this section, the Ad- ministrator may condition any stay granted under this paragraph on requiring the filing of a bond or other appropriate security to assure timely compliance with the requirements from which a modification is sought.

(3) Compliance requirements under sub- section (g).

(A) Effect of filing.—An application for a modification under subsection (g) and a peti- tion for listing of a pollutant as a pollutant for which modifications are authorized under such subsection shall not stay the requirement that the person seeking such modification or listing comply with effluent limitations under this chapter for all pollutants not the subject of such application or petition.

(B) Effect of disapproval.—Disapproval of an application for a modification under sub- section (g) shall not stay the requirement that the person seeking such modification comply with all applicable effluent limitations under this chapter.

(C) Deadlines for subsection (g) decision.—An application for a modification with respect to a pollutant filed under subsection (g) must be ap- proved or disapproved not later than 365 days after the date of such filing; except that in any case in which a petition for listing such pollut- ant as a pollutant for which modifications are authorized under such subsection is approved, such application must be approved or disapproved not later than 365 days after the date of approval of such petition.

(5) Extension of application deadline.

(A) In general.—In the 180-day period begin- ning on October 31, 1984, the city of San Diego, California, may apply for a modification pursuant to subsection (h) of the requirements of subsection (b)(1)(B) with respect to biological oxygen demand and total suspended solids in the effluent discharged into marine waters.

(B) Application.—An application under this paragraph shall include a commitment by the applicant to implement a waste water recla- mation program that, at a minimum, will—

(i) achieve a system capacity of 45,000,000 gallons of reclaimed waste water per day by January 1, 2010; and

(ii) result in a reduction in the quantity of suspended solids discharged by the applicant into the marine environment during the pe- riod of the modification.

(C) Additional conditions.—The Adminis- trator may not grant a modification pursuant to an application submitted under this para-
graph unless the Administrator determines that such modification will result in removal of not less than 58 percent of the biological oxygen demand (on an annual average) and not less than 80 percent of total suspended solids (on a monthly average) in the discharge to which the application applies.

(D) PRELIMINARY DECISION DEADLINE.—The Administrator shall announce a preliminary decision on an application submitted under this paragraph not later than 1 year after the date the application is submitted.

(k) Innovative technology

In the case of any facility subject to a permit under section 1342 of this title which proposes to comply with the requirements of subsection (b)(2)(A) or (b)(2)(E) of this section by replacing existing production capacity with an innovative control technique that has a substantial likelihood for enabling the facility to comply with the applicable effluent limitation by achieving a significantly greater effluent reduction than that required by the applicable effluent limitation and moves toward the national goal of eliminating the discharge of all pollutants, or by achieving the required reduction with an innovative system that has the potential for significantly lower costs than the systems which have been determined by the Administrator to be economically achievable, the Administrator (or the State with an approved program under section 1342 of this title, in consultation with the Administrator) may establish a date for compliance under subsection (b)(2)(A) or (b)(2)(E) of this section no later than two years after the date for compliance with such effluent limitation which would otherwise be applicable under such subsection, if it is also determined that such innovative system has the potential for industrywide application.

(l) Toxic pollutants

Other than as provided in subsection (n) of this section, the Administrator may not modify any requirement of this section as it applies to any specific pollutant which is on the toxic pollutant list under section 1317(a)(1) of this title.

(m) Modification of effluent limitation requirements for point sources

(1) The Administrator, with the concurrence of the State, may issue a permit under section 1342 of this title which modifies the requirements of subsections (b)(1)(A) and (b)(2)(E) and section 1343 of this title exceed by an unreasonable amount the benefits to be obtained, including the objectives of this chapter;

(B) the energy and environmental costs of meeting such requirements of subsections (b)(1)(A) and (b)(2)(E) and section 1343 of this title exceed by an unreasonable amount the benefits to be obtained, including the objectives of this chapter;

(C) the applicant has established a system for monitoring the impact of such discharges on a representative sample of aquatic biota;

(D) such modified requirements will not result in any additional requirements on any other point or nonpoint source;

(E) there will be no new or substantially increased discharges from the point source of the pollutant to which the modification applies above that volume of discharge specified in the permit;

(F) the discharge is into waters where there is strong tidal movement and other hydrological and geological characteristics which are necessary to allow compliance with this subsection and section 1251(a)(2) of this title;

(G) the facts and circumstances present a unique situation which, if relief is granted, will not establish a precedent or the relaxation of the requirements of this chapter applicable to similarly situated discharges; and

(I) no owner or operator of a facility comparable to that of the applicant situated in the United States has demonstrated that it would be put at a competitive disadvantage to the applicant (or the parent company or any subsidiary thereof) as a result of the issuance of a permit under this subsection.

(2) The effluent limitations established under a permit issued under paragraph (1) shall be sufficient to implement the applicable State water quality standards, to assure the protection of public water supplies and protection and propagation of a balanced, indigenous population of shellfish, fish, fauna, wildlife, and other aquatic organisms, and to allow recreational activities in and on the water. In setting such limitations, the Administrator shall take into account any seasonal variations and the need for an adequate margin of safety, considering the lack of essential knowledge concerning the relationship between effluent limitations and water quality and the lack of essential knowledge of the effects of discharges on beneficial uses of the receiving waters.

(3) A permit under this subsection may be issued for a period not to exceed five years, and such a permit may be renewed for one additional period not to exceed five years upon a demonstration by the applicant and a finding by the Administrator at the time of application for any such renewal that the provisions of this subsection are met.

(4) The Administrator may terminate a permit issued under this subsection if the Adminis-
the factors that are fundamentally different for such facility; or

(D) the alternative requirement will not result in a non-water quality environmental impact which is markedly more adverse than the impact considered by the Administrator in establishing such national effluent limitation guidelines or categorical pretreatment standards specifically raising the factors that are fundamentally different for such facility; and

(C) the alternative requirement is no less stringent than justified by the fundamental difference; and

(6) Effect of submission of application

An application for an alternative requirement under this subsection to submit information and supporting data until the earlier of the date the application is approved or denied or the last day that the Administrator has to approve or deny such application.

(5) Treatment of pending applications

For the purposes of this subsection, an application for an alternative requirement based on fundamentally different factors which is pending on February 4, 1987, shall be treated as having been submitted to the Administrator on the 180th day following February 4, 1987. The applicant may amend the application to take into account the provisions of this subsection.

(6) Effect of submission of application

An application for an alternative requirement under this subsection shall not stay the applicant’s obligation to comply with the effluent limitation guideline or categorical pretreatment standard which is the subject of the application.

(7) Effect of denial

If an application for an alternative requirement which modifies the requirements of an effluent limitation or pretreatment standard under this subsection is denied by the Administrator, the applicant must comply with such limitation or standard as established or revised, as the case may be.

(8) Reports

By January 1, 1997, and January 1 of every odd-numbered year thereafter, the Administrator shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report on the status of applications for alternative requirements which modify the requirements of effluent limitations under section 1311 or 1314 of this title or any national categorical pretreatment standard under section 1317(b) of this title filed before, on, or after February 4, 1987.

(9) Application fees

The Administrator shall prescribe and collect from each applicant fees reflecting the reasonable administrative costs incurred in reviewing and processing applications for modifications submitted to the Administrator pursuant to subsections (c), (g), (j), (k), (m), and (n) of this section, section 1314(d)(4) of this title, and section 1326(a) of this title. All amounts collected by the Administrator under this subsection shall be deposited into a special fund of the Treasury entitled “Water Permits and Related Services” which shall thereafter be available for appropriation to carry out activities of the Environmental Protection Agency for which such fees were collected.

(10) Modified permit for coal mining operations

(1) In general

Subject to paragraphs (2) through (4) of this subsection, the Administrator, or the State in any case which the State has an approved permit program under section 1342(b) of this title, may issue a permit under section 1342 of this title which modifies the requirements of sub-
section (b)(2)(A) of this section with respect to the pH level of any pre-existing discharge, and with respect to pre-existing discharges of iron and manganese from the remined area of any coal remining operation or with respect to the pH level or level of iron or manganese in any pre-existing discharge affected by the remining operation. Such modified requirements shall apply the best available technology economically achievable on a case-by-case basis, using best professional judgment, to set specific numerical effluent limitations in each permit.

(2) Limitations

The Administrator or the State may only issue a permit pursuant to paragraph (1) if the applicant demonstrates to the satisfaction of the Administrator or the State, as the case may be, that the coal remining operation will result in the potential for improved water quality from the remining operation but in no event shall such a permit allow the pH level of any discharge, and in no event shall such a permit allow the discharges of iron and manganese, to exceed the levels being discharged from the remined area before the coal remining operation begins. No discharge from, or affected by, the remining operation shall exceed State water quality standards established under section 1313 of this title.

(3) Definitions

For purposes of this subsection—

(A) Coal remining operation

The term “coal remining operation” means a coal mining operation which begins after February 4, 1987 at a site on which coal mining was conducted before August 3, 1977.

(B) Remined area

The term “remined area” means only that area of any coal remining operation on which coal mining was conducted before August 3, 1977.

(C) Pre-existing discharge

The term “pre-existing discharge” means any discharge at the time of permit application under this subsection.

(4) Applicability of strip mining laws

Nothing in this subsection shall affect the application of the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1201 et seq.) to any coal remining operation, including the application of such Act to suspended solids.

Editorial Notes

References in Text

Amendments

1995—Subsec. (n)(8). Pub. L. 104-66 substituted “By January 1, 1997, and January 1 of every odd-numbered year thereafter, the Administrator shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure” for “Every 6 months after February 4, 1987, the Administrator shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Public Works and Transportation”. 1994—Subsec. (j)(1)(A). Pub. L. 103-431, §2(1), inserted before semicolon at end “, and except as provided in paragraph (5)”.

1987—Subsec. (b)(2)(C). Pub. L. 100-4, §301(a), struck out “not later than July 1, 1984,” before “with respect” and inserted “as expeditiously as practicable but in no case later than three years after the date such limitations are promulgated under section 1314(b) of this title, and in no case later than March 31, 1989” after “of this paragraph”.

Subsec. (b)(2)(D). Pub. L. 100-4, §301(b), substituted “as expeditiously as practicable, but in no case later than three years after the date such limitations are promulgated under section 1314(b) of this title, and in no case later than March 31, 1989” for “not later than three years after the date such limitations are established”.

Subsec. (b)(2)(E). Pub. L. 100-4, §301(c), substituted “as expeditiously as practicable but in no case later than three years after the date such limitations are promulgated under section 1314(b) of this title, and in no case later than March 31, 1989, compliance with” for “not later than July 1, 1984.”.

Subsec. (b)(2)(F). Pub. L. 100-4, §301(d), substituted “as expeditiously as practicable but in no case later than three years after the date such limitations are promulgated under section 1314(b) of this title, and in no case later than March 31, 1989” for “or not later than July 1, 1984, whichever is later, but in no case later than July 1, 1987”.

Subsec. (b)(3). Pub. L. 100-4, §301(e) added par. (3).

Subsec. (g)(1). Pub. L. 100-4, §302(a), substituted par. (1) for introductory provisions of former par. (1) which read as follows: “The Administrator, with the concurrence of the State, shall modify the requirements subsection (b)(2)(A) of this section with respect to the discharge of any pollutant (other than pollutants identified pursuant to section 1314(a)(4) of this title, toxic pollutants subject to section 1317(a) of this title, and the thermal component of discharges) from any point source upon a showing by the owner or operator of such point source satisfactory to the Administrator that—”.

Subpars. (A) to (C) of former par. (1) were redesignated as subpars. (A) to (C) of par. (2).

Subsec. (g)(2). Pub. L. 100-4, §302(a), (d)(2), inserted introductory provisions of par. (2), and by so doing, redesignated subpars. (A) to (C) of former par. (1) as subpars. (A) to (C) of par. (2), realigned such subpars. with subpar. (A) of par. (4), and redesignated former par. (2) as (3).

Subsec. (g)(3). Pub. L. 100-4, §302(a), (d)(1), redesignated former par. (2) as (3), inserted heading, and aligned par. (3) with par. (4).

Subsec. (g)(4). (5). Pub. L. 100-4, §302(b), added paras. (4) and (5).

Subsec. (h). Pub. L. 100-4, §303(d)(2), (e), in closing provisions, inserted provision defining “primary or
equivalent treatment'" for purposes of par. (9) and provisions placing limitations on issuance of permits for discharge of pollutant into marine waters and saline estuaries, and prohibiting issuance of permit for discharge of pollutant into New York Bight Apex.

Subsec. (h)(2). Pub. L. 100–4, §303(a), substituted "the discharge of pollutants in accordance with such modified requirements will not interfere, alone or in combination with pollutants from other sources," for "such modified requirements will not interfere."

Subsec. (h)(3). Pub. L. 100–4, §303(b)(1), inserted "and the scope of such monitoring is limited to include only those scientific investigations which are necessary to study the effects of the proposed discharge" before semicolon at end.

Subsec. (b)(6) to (9). Pub. L. 100–4, §303(c), (d)(1), added par. (6), redesignated former pars. (6) and (7) as (7) and (8), respectively, substituted semicolon for period at end of par. (8), and added par. (9).

Subsec. (j)(1)(A). Pub. L. 100–4, §303(f), inserted before semicolon at end, "except that a publicly owned treatment works which prior to December 31, 1982, had a contractual arrangement to use a portion of the capacity of an ocean outfall operated by another publicly owned treatment works which has applied for or received modification under subsection (h), may apply for a modification of subsection (h) in its right not later than 30 days after February 4, 1987.

Subsec. (j)(2). Pub. L. 100–4, §303(c)(1), substituted "Subject to paragraph (3) of this section, any" for "Any".

Subsec. (j)(3). (4). Pub. L. 100–4, §303(c)(2), added pars. (3) and (4).

Subsec. (k). Pub. L. 100–4, §305, substituted "two years after the date for compliance with such effluent limitation which would otherwise be applicable under such subsection" for "July 1, 1987" and inserted or 

Subsec. (l). Pub. L. 100–4, §306(b), substituted "Other than as provided in subsection (n) of this section, the" for "The".

Subsecs. (n) and (o). Pub. L. 100–4, §306(a), added subsecs. (n) and (o).

Subsec. (c). Pub. L. 97–440, §211(b), struck out subpar. (B) which required that, not later than July 1, 1983, compliance by all publicly owned treatment works with the requirements in section 1281(g)(2)(A) of this title or to carry out the requirements of this section with respect to the discharge of any pollutant from any treatment works owned by such municipality into marine waters and that no permit issued under this subsection authorize the discharge of sewage sludge into marine waters.

Subsec. (i)(1)(B). Pub. L. 97–117, §21(a), substituted "July 1, 1988," for "July 1, 1983," wherever appearing. Par. (2)(B) contained a reference to "July 1, 1983," which was changed to "July 1, 1988," as the probable intent of Congress in that reference to July 1, 1983, was to the outside date for compliance for a point source other than a publicly owned treatment works and subpar. (B) allows a time extension for such a point source uses the date granted in a publicly owned treatment works, which date was extended to July 1, 1988, by Pub. L. 97–117.
which modifies the requirements of subsection (b)(1)(B) of section 301 of such Act [33 U.S.C. 1311(b)(1)(B)] shall receive such permit during the one-year period which begins on the date of enactment of this Act.’’

REGULATIONS

Pub. L. 100–4, title III, §301(f), Apr. 24, 1987, 101 Stat. 30, provided that: ‘‘The Administrator shall promulgate final regulations establishing effluent limitations in accordance with sections 301(b)(2)(A) and 307(b)(1) of the Federal Water Pollution Control Act [33 U.S.C. 1311(b)(2)(A), 1317(b)(1)] for all toxic pollutants referred to in table 1 of Committee Print Numbered 95–30 of the Committee on Public Works and Transportation of the House of Representatives which are discharged from the categories of point sources in accordance with the following table:

PHOSPHATE FERTILIZER EFFLUENT LIMITATION Amendment by section 306(a), (b) of Pub. L. 100–4 not to be construed (A) to require the Administrator to permit the discharge of gypsum or gypsum waste into the navigable waters, (B) to affect the procedures and standards applicable to the Administrator in issuing permits under section 1342(a)(1)(B) of this title, and (C) to affect the authority of any State to deny or condition certification under section 1314 of this title with respect to the issuance of permits under section 1342(a)(1)(B) of this title, see section 306(c) of Pub. L. 100–4, set out as a note under section 1342 of this title.

DISCHARGES FROM POINT SOURCES IN UNITED STATES VIRGIN ISLANDS ATTRIBUTABLE TO MANUFACTURE OF RUM; EXEMPTION FROM FEDERAL WATER POLLUTION CONTROL REQUIREMENTS; CONDITIONS

(1) such discharge occurs at least one thousand five hundred feet into the territorial sea from the line of ordinary low water from that portion of the coast which is in direct contact with the sea, and

(2) the Governor of the United States Virgin Islands determines that such discharge will not interfere with the attainment or maintenance of that water quality which shall assure protection of public water supplies, and the protection and propagation of a balanced population of shellfish, fish, and wildlife, and allow recreational activities in and on the water and will not result in the discharge of pollutants in quantities which may reasonably be anticipated to pose an unacceptable risk to human health or the environment because of bioaccumulation, persistence in the environment, acute toxicity, chronic toxicity (including carcinogenicity, mutagenicity, or teratogenicity), or synergistic propensities.’’

CERTAIN MUNICIPAL COMPLIANCE DEADLINES UNAFFECTED; EXCEPTION

Pub. L. 97–147, §21(a), Dec. 29, 1981, 96 Stat. 1631, provided in part that: ‘‘[T]he amendment made by this subsection [amending this section] shall not be interpreted or applied to extend the date for compliance with sec- tion 301(b)(1)(B) or (C) of the Federal Water Pollution Control Act [33 U.S.C. 1311(b)(1)(B), (C)] beyond schedules for compliance in effect as of the date of enactment of this Act [Pub. L. 97–117, see Title of 1981 Amendment note set out under section 1251 of this title] or otherwise affect the rate of construction beyond the control of the owner or operator will make it impossible to complete construction by July 1, 1983.’’
