(ii) of less than 1 liter per minute, the payment amount recognized under subparagraph (A) shall be decreased by 50 percent.

**(D) Limit on adjustment**

When portable oxygen equipment is used and the attending physician prescribes an oxygen flow rate exceeding 4 liters per minute, there shall only be an increase under either subparagraph (B) or (C), whichever increase is larger, and not under both such subparagraphs.

**(E) Recertification for patients receiving home oxygen therapy**

In the case of a patient receiving home oxygen therapy services who, at the time such services are initiated, has an initial arterial blood gas value at or above a partial pressure of 56 or an arterial oxygen saturation at or above 89 percent (or such other values, pressures, or criteria as the Secretary may specify) no payment may be made under this part for such services after the expiration of the 90-day period that begins on the date the patient first receives such services unless the patient's attending physician certifies that, on the basis of a follow-up test of the patient's arterial blood gas value or arterial oxygen saturation conducted during the final 30 days of such 90-day period, there is a medical need for the patient to continue to receive such services.

**(F) Rental cap**

**(i) In general**

Payment for oxygen equipment (including portable oxygen equipment) under this paragraph may not extend over a period of continuous use (as determined by the Secretary) of longer than 36 months.

**(ii) Payments and rules after rental cap**

After the 36th continuous month during which payment is made for the equipment under this paragraph—

(I) the supplier furnishing such equipment under this subsection shall continue to furnish the equipment during any period of medical need for the remainder of the reasonable useful lifetime of the equipment, as determined by the Secretary;

(II) payments for oxygen shall continue to be made in the amount recognized for oxygen under paragraph (9) for the period of medical need; and

(III) maintenance and servicing payments shall, if the Secretary determines such payments are reasonable and necessary, be made (for parts and labor not covered by the supplier's or manufacturer's warranty, as determined by the Secretary to be appropriate for the equipment), and such payments shall be in an amount determined to be appropriate by the Secretary.

**(6) Payment for other covered items (other than durable medical equipment)**

Payment for other covered items (other than durable medical equipment and other covered items described in paragraph (3), (4), or (5)) shall be made in a lump-sum amount for the purchase of the item in the amount of the purchase price recognized under paragraph (8).

**(7) Payment for other items of durable medical equipment****(A) Payment**

In the case of an item of durable medical equipment not described in paragraphs (2) through (6), the following rules shall apply:

**(i) Rental****(I) In general**

Except as provided in clause (iii), payment for the item shall be made on a monthly basis for the rental of the item during the period of medical need (but payments under this clause may not extend over a period of continuous use (as determined by the Secretary) of longer than 13 months).

**(II) Payment amount**

Subject to subclause (III) and subparagraph (B), the amount recognized for the item, for each of the first 3 months of such period, is 10 percent of the purchase price recognized under paragraph (8) with respect to the item, and, for each of the remaining months of such period, is 7.5 percent of such purchase price.

**(III) Special rule for power-driven wheelchairs**

For purposes of payment for power-driven wheelchairs, subclause (II) shall be applied by substituting "15 percent" and "6 percent" for "10 percent" and "7.5 percent", respectively.

**(ii) Ownership after rental**

On the first day that begins after the 13th continuous month during which payment is made for the rental of an item under clause (i), the supplier of the item shall transfer title to the item to the individual.

**(iii) Purchase agreement option for complex, rehabilitative power-driven wheelchairs**

In the case of a complex, rehabilitative power-driven wheelchair, at the time the supplier furnishes the item, the supplier shall offer the individual the option to purchase the item, and payment for such item shall be made on a lump-sum basis if the individual exercises such option.

**(iv) Maintenance and servicing**

After the supplier transfers title to the item under clause (ii) or in the case of a power-driven wheelchair for which a purchase agreement has been entered into under clause (iii), maintenance and servicing payments shall, if the Secretary determines such payments are reasonable and necessary, be made (for parts and labor not covered by the supplier's or manufacturer's warranty, as determined by the Secretary to be appropriate for the particular type of durable medical equipment), and such payments shall be in an amount determined to be appropriate by the Secretary.

**(B) Range for rental amounts****(i) For 1989**

For items furnished during 1989, the payment amount recognized under subparagraph (A)(i) shall not be more than 115 percent, and shall not be less than 85 percent, of the prevailing charge established for rental of the item in January 1987, increased by the percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 6-month period ending with December 1987.

**(ii) For 1990**

For items furnished during 1990, clause (i) shall apply in the same manner as it applies to items furnished during 1989.

**(C) Replacement of items****(i) Establishment of reasonable useful lifetime**

In accordance with clause (iii), the Secretary shall determine and establish a reasonable useful lifetime for items of durable medical equipment for which payment may be made under this paragraph.

**(ii) Payment for replacement items**

If the reasonable lifetime of such an item, as so established, has been reached during a continuous period of medical need, or the carrier determines that the item is lost or irreparably damaged, the patient may elect to have payment for an item serving as a replacement for such item made—

(I) on a monthly basis for the rental of the replacement item in accordance with subparagraph (A); or

(II) in the case of an item for which a purchase agreement has been entered into under subparagraph (A)(iii), in a lump-sum amount for the purchase of the item.

**(iii) Length of reasonable useful lifetime**

The reasonable useful lifetime of an item of durable medical equipment under this subparagraph shall be equal to 5 years, except that, if the Secretary determines that, on the basis of prior experience in making payments for such an item under this subchapter, a reasonable useful lifetime of 5 years is not appropriate with respect to a particular item, the Secretary shall establish an alternative reasonable lifetime for such item.

**(8) Purchase price recognized for miscellaneous devices and items**

For purposes of paragraphs (6) and (7), the amount that is recognized under this paragraph as the purchase price for a covered item is the amount described in subparagraph (C) of this paragraph, determined as follows:

**(A) Computation of local purchase price**

Each carrier under section 1395u of this title shall compute a base local purchase price for the item as follows:

(i) The carrier shall compute a base local purchase price, for each item described—

(I) in paragraph (6) equal to the average reasonable charge in the locality for the purchase of the item for the 12-month period ending with June 1987, or

(II) in paragraph (7) equal to the average of the purchase prices on the claims submitted on an assignment-related basis for the unused item supplied during the 6-month period ending with December 1986.

(ii) The carrier shall compute a local purchase price, with respect to the furnishing of each particular item—

(I) in 1989 and 1990, equal to the base local purchase price computed under clause (i) increased by the percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 6-month period ending with December 1987,

(II) in 1991, equal to the local purchase price computed under this clause for the previous year, increased by the covered item update for 1991, and decreased by the percentage by which the average of the reasonable charges for claims paid for all items described in paragraph (7) is lower than the average of the purchase prices submitted for such items during the final 9 months of 1988;<sup>1</sup> or

(III) in 1992, 1993, and 1994, equal to the local purchase price computed under this clause for the previous year increased by the covered item update for the year.

**(B) Computation of national limited purchase price**

With respect to the furnishing of a particular item in a year, the Secretary shall compute a national limited purchase price—

(i) for 1991, equal to the local purchase price computed under subparagraph (A)(ii) for the item for the year, except that such national limited purchase price may not exceed 100 percent of the weighted average of all local purchase prices for the item computed under such subparagraph for the year, and may not be less than 85 percent of the weighted average of all local purchase prices for the item computed under such subparagraph for the year;

(ii) for 1992 and 1993, the amount determined under this subparagraph for the preceding year increased by the covered item update for such subsequent year;

(iii) for 1994, the local purchase price computed under subparagraph (A)(ii) for the item for the year, except that such national limited purchase price may not exceed 100 percent of the median of all local purchase prices computed for the item under such subparagraph for the year and may not be less than 85 percent of the median of all local purchase prices computed under such subparagraph for the item for the year; and

(iv) for each subsequent year, equal to the amount determined under this subparagraph for the preceding year increased

by the covered item update for such subsequent year.

**(C) Purchase price recognized**

For purposes of paragraphs (6) and (7), the amount that is recognized under this paragraph as the purchase price for each item furnished—

(i) in 1989 or 1990, is 100 percent of the local purchase price computed under subparagraph (A)(ii)(I);

(ii) in 1991, is the sum of (I) 67 percent of the local purchase price computed under subparagraph (A)(ii)(II) for 1991, and (II) 33 percent of the national limited purchase price computed under subparagraph (B) for 1991;

(iii) in 1992, is the sum of (I) 33 percent of the local purchase price computed under subparagraph (A)(ii)(III) for 1992, and (II) 67 percent of the national limited purchase price computed under subparagraph (B) for 1992; and

(iv) in 1993 or a subsequent year, is the national limited purchase price computed under subparagraph (B) for that year.

**(9) Monthly payment amount recognized with respect to oxygen and oxygen equipment**

For purposes of paragraph (5), the amount that is recognized under this paragraph for payment for oxygen and oxygen equipment is the monthly payment amount described in subparagraph (C) of this paragraph. Such amount shall be computed separately (i) for all items of oxygen and oxygen equipment (other than portable oxygen equipment) and (ii) for portable oxygen equipment (each such group referred to in this paragraph as an "item").

**(A) Computation of local monthly payment rate**

Each carrier under this section shall compute a base local payment rate for each item as follows:

(i) The carrier shall compute a base local average monthly payment rate per beneficiary as an amount equal to (I) the total reasonable charges for the item during the 12-month period ending with December 1986, divided by (II) the total number of months for all beneficiaries receiving the item in the area during the 12-month period for which the carrier made payment for the item under this subchapter.

(ii) The carrier shall compute a local average monthly payment rate for the item applicable—

(I) to 1989 and 1990, equal to 95 percent of the base local average monthly payment rate computed under clause (i) for the item increased by the percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 6-month period ending with December 1987, or

(II) to 1991, 1992, 1993, and 1994, equal to the local average monthly payment rate computed under this clause for the item for the previous year increased by the covered item increase for the year.

<sup>1</sup> So in original. The semicolon probably should be a comma.

**(B) Computation of national limited monthly payment rate**

With respect to the furnishing of an item in a year, the Secretary shall compute a national limited monthly payment rate equal to—

(i) for 1991, the local monthly payment rate computed under subparagraph (A)(ii)(II) for the item for the year, except that such national limited monthly payment rate may not exceed 100 percent of the weighted average of all local monthly payment rates computed for the item under such subparagraph for the year, and may not be less than 85 percent of the weighted average of all local monthly payment rates computed for the item under such subparagraph for the year;

(ii) for 1992 and 1993, the amount determined under this subparagraph for the preceding year increased by the covered item update for such subsequent year;

(iii) for 1994, the local monthly payment rate computed under subparagraph (A)(ii) for the item for the year, except that such national limited monthly payment rate may not exceed 100 percent of the median of all local monthly payment rates computed for the item under such subparagraph for the year and may not be less than 85 percent of the median of all local monthly payment rates computed for the item under such subparagraph for the year;

(iv) for 1995, 1996, and 1997, equal to the amount determined under this subparagraph for the preceding year increased by the covered item update for such subsequent year;

(v) for 1998, 75 percent of the amount determined under this subparagraph for 1997; and

(vi) for 1999 and each subsequent year, 70 percent of the amount determined under this subparagraph for 1997.

**(C) Monthly payment amount recognized**

For purposes of paragraph (5), the amount that is recognized under this paragraph as the base monthly payment amount for each item furnished—

(i) in 1989 and in 1990, is 100 percent of the local average monthly payment rate computed under subparagraph (A)(ii) for the item;

(ii) in 1991, is the sum of (I) 67 percent of the local average monthly payment rate computed under subparagraph (A)(ii)(II) for the item for 1991, and (II) 33 percent of the national limited monthly payment rate computed under subparagraph (B)(i) for the item for 1991;

(iii) in 1992, is the sum of (I) 33 percent of the local average monthly payment rate computed under subparagraph (A)(ii)(II) for the item for 1992, and (II) 67 percent of the national limited monthly payment rate computed under subparagraph (B)(ii) for the item for 1992; and

(iv) in a subsequent year, is the national limited monthly payment rate computed

under subparagraph (B) for the item for that year.

**(D) Authority to create classes****(i) In general**

Subject to clause (ii), the Secretary may establish separate classes for any item of oxygen and oxygen equipment and separate national limited monthly payment rates for each of such classes.

**(ii) Budget neutrality**

The Secretary may take actions under clause (i) only to the extent such actions do not result in expenditures for any year to be more or less than the expenditures which would have been made if such actions had not been taken. The requirement of the preceding sentence shall not apply beginning with the second calendar quarter beginning on or after December 27, 2020.

**(10) Exceptions and adjustments****(A) Areas outside continental United States**

Exceptions to the amounts recognized under the previous provisions of this subsection shall be made to take into account the unique circumstances of covered items furnished in Alaska, Hawaii, or Puerto Rico.

**(B) Adjustment for inherent reasonableness**

The Secretary is authorized to apply the provisions of paragraphs (8) and (9) of section 1395u(b) of this title to covered items and suppliers of such items and payments under this subsection in an area and with respect to covered items and services for which the Secretary does not make a payment amount adjustment under paragraph (1)(F).

**(C) Transcutaneous electrical nerve stimulator (TENS)**

In order to permit an attending physician time to determine whether the purchase of a transcutaneous electrical nerve stimulator is medically appropriate for a particular patient, the Secretary may determine an appropriate payment amount for the initial rental of such item for a period of not more than 2 months. If such item is subsequently purchased, the payment amount with respect to such purchase is the payment amount determined under paragraph (2).

**(11) Improper billing and requirement of physician order****(A) Improper billing for certain rental items**

Notwithstanding any other provision of this subchapter, a supplier of a covered item for which payment is made under this subsection and which is furnished on a rental basis shall continue to supply the item without charge (other than a charge provided under this subsection for the maintenance and servicing of the item) after rental payments may no longer be made under this subsection. If a supplier knowingly and willfully violates the previous sentence, the Secretary may apply sanctions against the supplier under section 1395u(j)(2) of this title in

the same manner such sanctions may apply with respect to a physician.

**(B) Requirement of physician order**

**(i) In general**

The Secretary is authorized to require, for specified covered items, that payment may be made under this subsection with respect to the item only if a physician enrolled under section 1395cc(j) of this title or an eligible professional under section 1395w-4(k)(3)(B) of this title that is enrolled under section 1395cc(j) of this title has communicated to the supplier, before delivery of the item, a written order for the item.

**(ii) Requirement for face to face encounter**

The Secretary shall require that such an order be written pursuant to a physician, a physician assistant, a nurse practitioner, or a clinical nurse specialist (as those terms are defined in section 1395x(aa)(5) of this title) documenting such physician, physician assistant, practitioner, or specialist has had a face-to-face encounter (including through use of telehealth under subsection (m) and other than with respect to encounters that are incident to services involved) with the individual involved during the 6-month period preceding such written order, or other reasonable time-frame as determined by the Secretary.

**(12) Regional carriers**

The Secretary may designate, by regulation under section 1395u of this title, one carrier for one or more entire regions to process all claims within the region for covered items under this section.

**(13) "Covered item" defined**

In this subsection, the term "covered item" means durable medical equipment (as defined in section 1395x(n) of this title), including such equipment described in section 1395x(m)(5) of this title, but not including implantable items for which payment may be made under section 1395l(t) of this title.

**(14) Covered item update**

In this subsection, the term "covered item update" means, with respect to a year—

(A) for 1991 and 1992, the percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 12-month period ending with June of the previous year reduced by 1 percentage point;

(B) for 1993, 1994, 1995, 1996, and 1997, the percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 12-month period ending with June of the previous year;

(C) for each of the years 1998 through 2000, 0 percentage points;

(i) subject to clause (ii), in the case of class III medical devices described in section 360c(a)(1)(C) of title 21, the percentage increase described in subparagraph (B) for the year involved; and

(ii) in the case of covered items not described in clause (i), 0 percentage points;

(H) for 2007—

(i) subject to clause (ii), in the case of class III medical devices described in section 360c(a)(1)(C) of title 21, the percentage change determined by the Secretary to be appropriate taking into account recommendations contained in the report of the Comptroller General of the United States under section 302(c)(1)(B) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003; and

(ii) in the case of covered items not described in clause (i), 0 percentage points;

(J) for 2009—

(i) in the case of items and services furnished in any geographic area, if such items or services were selected for competitive acquisition in any area under the competitive acquisition program under section 1395w-3(a)(1)(B)(i)(I) of this title before July 1, 2008, including related accessories but only if furnished with such items and services selected for such competition and diabetic supplies but only if furnished through mail order, - 9.5 percent; or

The application of subparagraph (L)(ii) may result in the covered item update under this paragraph being less than 0.0 for a year, and

may result in payment rates under this subsection for a year being less than such payment rates for the preceding year.

**(15) Advance determinations of coverage for certain items**

**(A) Development of lists of items by Secretary**

The Secretary may develop and periodically update a list of items for which payment may be made under this subsection that the Secretary determines, on the basis of prior payment experience, are frequently subject to unnecessary utilization throughout a carrier's entire service area or a portion of such area.

**(B) Development of lists of suppliers by Secretary**

The Secretary may develop and periodically update a list of suppliers of items for which payment may be made under this subsection with respect to whom—

(i) the Secretary has found that a substantial number of claims for payment under this part for items furnished by the supplier have been denied on the basis of the application of section 1395y(a)(1) of this title; or

(ii) the Secretary has identified a pattern of overutilization resulting from the business practice of the supplier.

**(C) Determinations of coverage in advance**

A carrier shall determine in advance of delivery of an item whether payment for the item may not be made because the item is not covered or because of the application of section 1395y(a)(1) of this title if—

(i) the item is included on the list developed by the Secretary under subparagraph (A);

(ii) the item is furnished by a supplier included on the list developed by the Secretary under subparagraph (B); or

(iii) the item is a customized item (other than inexpensive items specified by the Secretary) and the patient to whom the item is to be furnished or the supplier requests that such advance determination be made.

**(16) Disclosure of information and surety bond**

The Secretary shall not provide for the issuance (or renewal) of a provider number for a supplier of durable medical equipment, for purposes of payment under this part for durable medical equipment furnished by the supplier, unless the supplier provides the Secretary on a continuing basis—

(A) with—

(i) full and complete information as to the identity of each person with an ownership or control interest (as defined in section 1320a-3(a)(3) of this title) in the supplier or in any subcontractor (as defined by the Secretary in regulations) in which the supplier directly or indirectly has a 5 percent or more ownership interest; and

(ii) to the extent determined to be feasible under regulations of the Secretary, the name of any disclosing entity (as de-

defined in section 1320a-3(a)(2) of this title) with respect to which a person with such an ownership or control interest in the supplier is a person with such an ownership or control interest in the disclosing entity; and

(B) with a surety bond in a form specified by the Secretary and in an amount that is not less than \$50,000 that the Secretary determines is commensurate with the volume of the billing of the supplier.

The Secretary may waive the requirement of a bond under subparagraph (B) in the case of a supplier that provides a comparable surety bond under State law. The Secretary, at the Secretary's discretion, may impose the requirements of the first sentence with respect to some or all providers of items or services under part A or some or all suppliers or other persons (other than physicians or other practitioners, as defined in section 1395u(b)(18)(C) of this title) who furnish items or services under this part.

**(17) Prohibition against unsolicited telephone contacts by suppliers**

**(A) In general**

A supplier of a covered item under this subsection may not contact an individual enrolled under this part by telephone regarding the furnishing of a covered item to the individual unless 1 of the following applies:

(i) The individual has given written permission to the supplier to make contact by telephone regarding the furnishing of a covered item.

(ii) The supplier has furnished a covered item to the individual and the supplier is contacting the individual only regarding the furnishing of such covered item.

(iii) If the contact is regarding the furnishing of a covered item other than a covered item already furnished to the individual, the supplier has furnished at least 1 covered item to the individual during the 15-month period preceding the date on which the supplier makes such contact.

**(B) Prohibiting payment for items furnished subsequent to unsolicited contacts**

If a supplier knowingly contacts an individual in violation of subparagraph (A), no payment may be made under this part for any item subsequently furnished to the individual by the supplier.

**(C) Exclusion from program for suppliers engaging in pattern of unsolicited contacts**

If a supplier knowingly contacts individuals in violation of subparagraph (A) to such an extent that the supplier's conduct establishes a pattern of contacts in violation of such subparagraph, the Secretary shall exclude the supplier from participation in the programs under this chapter, in accordance with the procedures set forth in subsections (c), (f), and (g) of section 1320a-7 of this title.

**(18) Refund of amounts collected for certain disallowed items**

**(A) In general**

If a nonparticipating supplier furnishes to an individual enrolled under this part a cov-

ered item for which no payment may be made under this part by reason of paragraph (17)(B), the supplier shall refund on a timely basis to the patient (and shall be liable to the patient for) any amounts collected from the patient for the item, unless—

(i) the supplier establishes that the supplier did not know and could not reasonably have been expected to know that payment may not be made for the item by reason of paragraph (17)(B), or

(ii) before the item was furnished, the patient was informed that payment under this part may not be made for that item and the patient has agreed to pay for that item.

**(B) Sanctions**

If a supplier knowingly and willfully fails to make refunds in violation of subparagraph (A), the Secretary may apply sanctions against the supplier in accordance with section 1395u(j)(2) of this title.

**(C) Notice**

Each carrier with a contract in effect under this part with respect to suppliers of covered items shall send any notice of denial of payment for covered items by reason of paragraph (17)(B) and for which payment is not requested on an assignment-related basis to the supplier and the patient involved.

**(D) Timely basis defined**

A refund under subparagraph (A) is considered to be on a timely basis only if—

(i) in the case of a supplier who does not request reconsideration or seek appeal on a timely basis, the refund is made within 30 days after the date the supplier receives a denial notice under subparagraph (C), or

(ii) in the case in which such a reconsideration or appeal is taken, the refund is made within 15 days after the date the supplier receives notice of an adverse determination on reconsideration or appeal.

**(19) Certain upgraded items**

**(A) Individual's right to choose upgraded item**

Notwithstanding any other provision of this subchapter, the Secretary may issue regulations under which an individual may purchase or rent from a supplier an item of upgraded durable medical equipment for which payment would be made under this subsection if the item were a standard item.

**(B) Payments to supplier**

In the case of the purchase or rental of an upgraded item under subparagraph (A)—

(i) the supplier shall receive payment under this subsection with respect to such item as if such item were a standard item; and

(ii) the individual purchasing or renting the item shall pay the supplier an amount equal to the difference between the supplier's charge and the amount under clause (i).

In no event may the supplier's charge for an upgraded item exceed the applicable fee schedule amount (if any) for such item.

**(C) Consumer protection safeguards**

Any regulations under subparagraph (A) shall provide for consumer protection standards with respect to the furnishing of upgraded equipment under subparagraph (A). Such regulations shall provide for—

(i) determination of fair market prices with respect to an upgraded item;

(ii) full disclosure of the availability and price of standard items and proof of receipt of such disclosure information by the beneficiary before the furnishing of the upgraded item;

(iii) conditions of participation for suppliers in the billing arrangement;

(iv) sanctions of suppliers who are determined to engage in coercive or abusive practices, including exclusion; and

(v) such other safeguards as the Secretary determines are necessary.

**(20) Identification of quality standards**

**(A) In general**

Subject to subparagraph (C), the Secretary shall establish and implement quality standards for suppliers of items and services described in subparagraph (D) to be applied by recognized independent accreditation organizations (as designated under subparagraph (B)) and with which such suppliers shall be required to comply in order to—

(i) furnish any such item or service for which payment is made under this part; and

(ii) receive or retain a provider or supplier number used to submit claims for reimbursement for any such item or service for which payment may be made under this subchapter.

**(B) Designation of independent accreditation organizations**

Not later than the date that is 1 year after the date on which the Secretary implements the quality standards under subparagraph (A), notwithstanding section 1395bb(a) of this title, the Secretary shall designate and approve one or more independent accreditation organizations for purposes of such subparagraph.

**(C) Quality standards**

The quality standards described in subparagraph (A) may not be less stringent than the quality standards that would otherwise apply if this paragraph did not apply and shall include consumer services standards.

**(D) Items and services described**

The items and services described in this subparagraph are the following items and services, as the Secretary determines appropriate:

(i) Covered items (as defined in paragraph (13)) for which payment may otherwise be made under this subsection.

(ii) Prosthetic devices and orthotics and prosthetics described in subsection (h)(4).

(iii) Items and services described in section 1395u(s)(2) of this title.

**(E) Implementation**

The Secretary may establish by program instruction or otherwise the quality stand-

ards under this paragraph, including subparagraph (F), after consultation with representatives of relevant parties. Such standards shall be applied prospectively and shall be published on the Internet website of the Centers for Medicare & Medicaid Services.

**(F) Application of accreditation requirement**

In implementing quality standards under this paragraph—

(i) subject to clause (ii) and subparagraph (G), the Secretary shall require suppliers furnishing items and services described in subparagraph (D) on or after October 1, 2009, directly or as a subcontractor for another entity, to have submitted to the Secretary evidence of accreditation by an accreditation organization designated under subparagraph (B) as meeting applicable quality standards, except that the Secretary shall not require under this clause pharmacies to obtain such accreditation before January 1, 2010, except that the Secretary shall not require a pharmacy to have submitted to the Secretary such evidence of accreditation prior to January 1, 2011; and

(ii) in applying such standards and the accreditation requirement of clause (i) with respect to eligible professionals (as defined in section 1395w-4(k)(3)(B) of this title), and including such other persons, such as orthotists and prosthetists, as specified by the Secretary, furnishing such items and services—

(I) such standards and accreditation requirement shall not apply to such professionals and persons unless the Secretary determines that the standards being applied are designed specifically to be applied to such professionals and persons; and

(II) the Secretary may exempt such professionals and persons from such standards and requirement if the Secretary determines that licensing, accreditation, or other mandatory quality requirements apply to such professionals and persons with respect to the furnishing of such items and services.

**(G) Application of accreditation requirement to certain pharmacies**

**(i) In general**

With respect to items and services furnished on or after January 1, 2011, in implementing quality standards under this paragraph—

(I) subject to subclause (II), in applying such standards and the accreditation requirement of subparagraph (F)(i) with respect to pharmacies described in clause (ii) furnishing such items and services, such standards and accreditation requirement shall not apply to such pharmacies; and

(II) the Secretary may apply to such pharmacies an alternative accreditation requirement established by the Secretary if the Secretary determines such alternative accreditation requirement is more appropriate for such pharmacies.

**(ii) Pharmacies described**

A pharmacy described in this clause is a pharmacy that meets each of the following criteria:

(I) The total billings by the pharmacy for such items and services under this subchapter are less than 5 percent of total pharmacy sales, as determined based on the average total pharmacy sales for the previous 3 calendar years, 3 fiscal years, or other yearly period specified by the Secretary.

(II) The pharmacy has been enrolled under section 1395cc(j) of this title as a supplier of durable medical equipment, prosthetics, orthotics, and supplies, has been issued (which may include the renewal of) a provider number for at least 5 years, and for which a final adverse action (as defined in section 424.57(a) of title 42, Code of Federal Regulations) has not been imposed in the past 5 years.

Materials submitted under the preceding sentence shall include a certification by an accountant on behalf of the pharmacy or the submission of tax returns filed by the pharmacy during the relevant periods, as requested by the Secretary.

**(21) Special payment rule for specified items and supplies**

**(A) In general**

Notwithstanding the preceding provisions of this subsection, for specified items and supplies (described in subparagraph (B)) furnished during 2005, the payment amount otherwise determined under this subsection for such specified items and supplies shall be reduced by the percentage difference between—

(i) the amount of payment otherwise determined for the specified item or supply under this subsection for 2002, and

(ii) the amount of payment for the specified item or supply under chapter 89 of title 5, as identified in the column entitled “Median FEHP Price” in the table entitled “SUMMARY OF MEDICARE PRICES COMPARED TO VA, MEDICAID, RETAIL, AND FEHP PRICES FOR 16 ITEMS” included in the Testimony of the Inspector General before the Senate Committee on Appropriations, June 12, 2002, or any subsequent report by the Inspector General.

**(B) Specified item or supply described**

For purposes of subparagraph (A), a specified item or supply means oxygen and oxy-

**(C) Application of update to special payment amount**

The covered item update under paragraph (14) for specified items and supplies for 2006 and each subsequent year shall be applied to the payment amount under subparagraph (A) unless payment is made for such items and supplies under section 1395w-3 of this title.

**(22) Special payment rule for diabetic supplies**

Notwithstanding the preceding provisions of this subsection, for purposes of determining the payment amount under this subsection for diabetic supplies furnished on or after the first day of the calendar quarter during 2013 that is at least 30 days after January 2, 2013, and before the date described in paragraph (1)(H)(ii), the Secretary shall recalculate and apply the covered item update under paragraph (14) as if subparagraph (J)(i) of such paragraph was amended by striking “but only if furnished through mail order”.

**(b) Fee schedules for radiologist services**

**(1) Development**

The Secretary shall develop—

(A) a relative value scale to serve as the basis for the payment for radiologist services under this part, and

(B) using such scale and appropriate conversion factors and subject to subsection (c)(1)(A), fee schedules (on a regional, statewide, locality, or carrier service area basis) for payment for radiologist services under this part, to be implemented for such services furnished during 1989.

**(2) Consultation**

In carrying out paragraph (1), the Secretary shall regularly consult closely with the Physician Payment Review Commission, the American College of Radiology, and other organizations representing physicians or suppliers who furnish radiologist services and shall share with them the data and data analysis being used to make the determinations under paragraph (1), including data on variations in current medicare payments by geographic area, and by service and physician specialty.

**(3) Considerations**

In developing the relative value scale and fee schedules under paragraph (1), the Secretary—

(A) shall take into consideration variations in the cost of furnishing such services among geographic areas and among different sites where services are furnished, and

(B) may also take into consideration such other factors respecting the manner in which physicians in different specialties furnish such services as may be appropriate to assure that payment amounts are equitable and designed to promote effective and efficient provision of radiologist services by physicians in the different specialties.

**(4) Savings**

**(A) Budget neutral fee schedules**

The Secretary shall develop preliminary fee schedules for 1989, which are designed to result in the same amount of aggregate payments (net of any coinsurance and deductibles under sections 1395l(a)(1)(J) and 1395l(b) of this title) for radiologist services furnished in 1989 as would have been made if this subsection had not been enacted.

**(B) Initial savings**

The fee schedules established for payment purposes under this subsection for services furnished in 1989 shall be 97 percent of the amounts permitted under the preliminary fee schedules developed under subparagraph (A).

**(C) 1990 fee schedules**

For radiologist services (other than portable X-ray services) furnished under this part during 1990, after March 31 of such year, the conversion factors used under this subsection shall be 96 percent of the conversion factors that applied under this subsection as of December 31, 1989.

**(D) 1991 fee schedules**

For radiologist services (other than portable X-ray services) furnished under this part during 1991, the conversion factors used in a locality under this subsection shall, subject to clause (vii), be reduced to the adjusted conversion factor for the locality determined as follows:

**(i) National weighted average conversion factor**

The Secretary shall estimate the national weighted average of the conversion factors used under this subsection for services furnished during 1990 beginning on April 1, using the best available data.

**(ii) Reduced national weighted average**

The national weighted average estimated under clause (i) shall be reduced by 13 percent.

**(iii) Computation of 1990 locality index relative to national average**

The Secretary shall establish an index which reflects, for each locality, the ratio of the conversion factor used in the locality under this subsection to the national weighted average estimated under clause (i).

**(iv) Adjusted conversion factor**

The adjusted conversion factor for the professional or technical component of a service in a locality is the sum of  $\frac{1}{2}$  of the locally-adjusted amount determined under clause (v) and  $\frac{1}{2}$  of the GPCI-adjusted amount determined under clause (vi).

**(v) Locally-adjusted amount**

For purposes of clause (iv), the locally adjusted amount determined under this clause is the product of (I) the national weighted average conversion factor computed under clause (ii), and (II) the index

value established under clause (iii) for the locality.

**(vi) GPCI-adjusted amount**

For purposes of clause (iv), the GPCI-adjusted amount determined under this clause is the sum of—

(I) the product of (a) the portion of the reduced national weighted average conversion factor computed under clause (ii) which is attributable to physician work and (b) the geographic work index value for the locality (specified in Addendum C to the Model Fee Schedule for Physician Services (published on September 4, 1990, 55 Federal Register pp. 36238–36243)); and

(II) the product of (a) the remaining portion of the reduced national weighted average conversion factor computed under clause (ii), and (b) the geographic practice cost index value specified in section 1395u(b)(14)(C)(iv) of this title for the locality.

In applying this clause with respect to the professional component of a service, 80 percent of the conversion factor shall be considered to be attributable to physician work and with respect to the technical component of the service, 0 percent shall be considered to be attributable to physician work.

**(vii) Limits on conversion factor**

The conversion factor to be applied to a locality to the professional or technical component of a service shall not be reduced under this subparagraph by more than 9.5 percent below the conversion factor applied in the locality under subparagraph (C) to such component, but in no case shall the conversion factor be less than 60 percent of the national weighted average of the conversion factors (computed under clause (i)).

**(E) Rule for certain scanning services**

In the case of the technical components of magnetic resonance imaging (MRI) services and computer assisted tomography (CAT) services furnished after December 31, 1990, the amount otherwise payable shall be reduced by 10 percent.

**(F) Subsequent updating**

For radiologist services furnished in subsequent years, the fee schedules shall be the schedules for the previous year updated by the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) for the year.

**(G) Nonparticipating physicians and suppliers**

Each fee schedule so established shall provide that the payment rate recognized for nonparticipating physicians and suppliers is equal to the appropriate percent (as defined in section 1395u(b)(4)(A)(iv) of this title) of the payment rate recognized for participating physicians and suppliers.

**(5) Limiting charges of nonparticipating physicians and suppliers**

**(A) In general**

In the case of radiologist services furnished after January 1, 1989, for which payment is made under a fee schedule under this subsection, if a nonparticipating physician or supplier furnishes the service to an individual entitled to benefits under this part, the physician or supplier may not charge the individual more than the limiting charge (as defined in subparagraph (B)).

**(B) "Limiting charge" defined**

In subparagraph (A), the term "limiting charge" means, with respect to a service furnished—

(iii) after 1990, 115 percent of the amount specified for the service in the appropriate fee schedule established under paragraph (1).

**(C) Enforcement**

If a physician or supplier knowingly and willfully bills in violation of subparagraph (A), the Secretary may apply sanctions against such physician or supplier in accordance with section 1395u(j)(2) of this title in the same manner as such sanctions may apply to a physician.

**(6) "Radiologist services" defined**

**(G) Replacement of prosthetic devices and parts**

**(i) In general**

Payment shall be made for the replacement of prosthetic devices which are artificial limbs, or for the replacement of any part of such devices, without regard to continuous use or useful lifetime restrictions if an ordering physician determines that the provision of a replacement device, or a replacement part of such a device, is necessary because of any of the following:

(I) A change in the physiological condition of the patient.

(II) An irreparable change in the condition of the device, or in a part of the device.

(III) The condition of the device, or the part of the device, requires repairs and the cost of such repairs would be more than 60 percent of the cost of a replacement device, or, as the case may be, of the part being replaced.

**(ii) Confirmation may be required if device or part being replaced is less than 3 years old**

If a physician determines that a replacement device, or a replacement part, is necessary pursuant to clause (i)—

(I) such determination shall be controlling; and

(II) such replacement device or part shall be deemed to be reasonable and necessary for purposes of section 1395y(a)(1)(A) of this title;

**(H) Application of competitive acquisition to orthotics; limitation of inherent reasonableness authority**

In the case of orthotics described in paragraph (2)(C) of section 1395w-3(a) of this title furnished on or after January 1, 2011, subject to subsection (a)(1)(G), that are included in a competitive acquisition program in a competitive acquisition area under such section—

(i) the payment basis under this subsection for such orthotics furnished in such area shall be the payment basis determined under such competitive acquisition program; and

(ii) subject to subsection (a)(1)(G), the Secretary may use information on the payment determined under such competitive acquisition programs to adjust the payment amount otherwise recognized under subparagraph (B)(ii) for an area that is not a competitive acquisition area under section 1395w-3 of this title, and in the case of such adjustment, paragraphs (8) and (9) of section 1395u(b) of this title shall not be applied.

**(2) Purchase price recognized**

For purposes of paragraph (1), the amount that is recognized under this paragraph as the purchase price for prosthetic devices, orthotics, and prosthetics is the amount described in subparagraph (C) of this paragraph, determined as follows:

**(A) Computation of local purchase price**

Each carrier under section 1395u of this title shall compute a base local purchase price for the item as follows:

(i) The carrier shall compute a base local purchase price for each item equal to the average reasonable charge in the locality

for the purchase of the item for the 12-month period ending with June 1987.

(ii) The carrier shall compute a local purchase price, with respect to the furnishing of each particular item—

(I) in 1989 and 1990, equal to the base local purchase price computed under clause (i) increased by the percentage increase in the consumer price index for all urban consumers (United States city average) for the 6-month period ending with December 1987, or

(II) in 1991, 1992 or 1993, equal to the local purchase price computed under this clause for the previous year increased by the applicable percentage increase for the year.

With respect to the furnishing of a particular item in each region (as defined by the Secretary), the Secretary shall compute a regional purchase price—

(i) for 1992, equal to the average (weighted by relative volume of all claims among carriers) of the local purchase prices for the carriers in the region computed under subparagraph (A)(ii)(II) for the year, and

(ii) for each subsequent year, equal to the regional purchase price computed under this subparagraph for the previous year increased by the applicable percentage increase for the year.

**(C) Purchase price recognized**

For purposes of paragraph (1) and subject to subparagraph (D), the amount that is recognized under this paragraph as the purchase price for each item furnished—

(i) in 1989, 1990, or 1991, is 100 percent of the local purchase price computed under subparagraph (A)(ii);

(ii) in 1992, is the sum of (I) 75 percent of the local purchase price computed under subparagraph (A)(ii)(II) for 1992, and (II) 25 percent of the regional purchase price computed under subparagraph (B) for 1992;

(iii) in 1993, is the sum of (I) 50 percent of the local purchase price computed under subparagraph (A)(ii)(II) for 1993, and (II) 50 percent of the regional purchase price computed under subparagraph (B) for 1993; and

(i) in 1992, may not exceed 125 percent, and may not be lower than 85 percent, of the average of the purchase prices recognized under such subparagraph for all the carrier service areas in the United States in that year; and

(ii) in a subsequent year, may not exceed 120 percent, and may not be lower than 90 percent, of the average of the purchase prices recognized under such subparagraph for all the carrier service areas in the United States in that year.

**(3) Applicability of certain provisions relating to durable medical equipment**

Paragraphs (12), (15), and (17) and subparagraphs (A) and (B) of paragraph (10) and paragraph (11) of subsection (a) shall apply to prosthetic devices, orthotics, and prosthetics in the same manner as such provisions apply to covered items under such subsection.

(B) a payment amount determined in accordance with the methodology described in subparagraphs (B) and (C) of subsection (a)(2) (except that in applying such methodology, the national limited payment amount referred to in such subparagraphs shall be initially computed based on local payment amounts using average reasonable charges for the 12-month period ending December 31, 1992, increased by the covered item updates described in such subsection for 1993 and 1994).

**(2) Exceptions**

Paragraph (1) shall not apply to surgical dressings that are—

**(E) Prohibition against delegation of supplier determinations**

The Secretary may not delegate (other than by contract under section 1395u of this title) the responsibility to determine whether suppliers meet the standards necessary to obtain a supplier number.

**(2) Certificates of medical necessity**

**(A) Limitation on information provided by suppliers on certificates of medical necessity**

**(i) In general**

Effective 60 days after October 31, 1994, a supplier of medical equipment and supplies may distribute to physicians, or to individuals entitled to benefits under this part, a certificate of medical necessity for commercial purposes which contains no more than the following information completed by the supplier:

on the certificate of medical necessity the fee schedule amount and the supplier's charge for the medical equipment or supplies being furnished prior to distribution of such certificate to the physician.

**(iii) Penalty**

Any supplier of medical equipment and supplies who knowingly and willfully distributes a certificate of medical necessity in violation of clause (i) or fails to provide the information required under clause (ii) is subject to a civil money penalty in an amount not to exceed \$1,000 for each such certificate of medical necessity so distributed. The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to civil money penalties under this subparagraph in the same manner as they apply to a penalty or proceeding under section 1320a-7a(a) of this title.

**(B) "Certificate of medical necessity" defined**

For purposes of this paragraph, the term "certificate of medical necessity" means a form or other document containing information required by the carrier to be submitted to show that an item is reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member.

The Secretary shall annually review the coverage and utilization of items of medical equipment and supplies to determine whether such items should be made subject to coverage and utilization review criteria, and if appropriate, shall develop and apply such criteria to such items.

**(4) Limitation on patient liability**

If a supplier of medical equipment and supplies (as defined in paragraph (5))—

(A) furnishes an item or service to a beneficiary for which no payment may be made by reason of paragraph (1);

(B) furnishes an item or service to a beneficiary for which payment is denied in advance under subsection (a)(15); or

(C) furnishes an item or service to a beneficiary for which payment is denied under section 1395y(a)(1) of this title;

any expenses incurred for items and services furnished to an individual by such a supplier not on an assigned basis shall be the responsibility of such supplier. The individual shall have no financial responsibility for such expenses and the supplier shall refund on a timely basis to the individual (and shall be liable to the individual for) any amounts collected from the individual for such items or services. The provisions of subsection (a)(18) shall apply to refunds required under the previous sentence in the same manner as such provisions apply to refunds under such subsection.

**(k) Payment for outpatient therapy services and comprehensive outpatient rehabilitation services**

**(1) In general**

With respect to services described in section 1395l(a)(8) or 1395l(a)(9) of this title for which payment is determined under this subsection, the payment basis shall be—

(A) for services furnished during 1998, the amount determined under paragraph (2); or

(i) the actual charge for the services, or

(ii) the applicable fee schedule amount (as defined in paragraph (3)) for the services.

**(2) Payment in 1998 based upon adjusted reasonable costs**

The amount under this paragraph for services is the lesser of—

(B) the adjusted reasonable costs (as defined in paragraph (4)) for the services,

less 20 percent of the amount of the charges imposed for such services.

**(3) Applicable fee schedule amount**

In this subsection, the term "applicable fee schedule amount" means, with respect to services furnished in a year, the amount determined under the fee schedule established under section 1395w-4 of this title for such services furnished during the year or, if there is no such fee schedule established for such services, the amount determined under the fee schedule established for such comparable services as the Secretary specifies.

**(4) Adjusted reasonable costs**

In paragraph (2), the term "adjusted reasonable costs" means, with respect to any services, reasonable costs determined for such services, reduced by 10 percent. The 10-percent reduction shall not apply to services described in section 1395l(a)(8)(B) of this title (relating to services provided by hospitals).

**(5) Uniform coding**

For claims for services submitted on or after April 1, 1998, for which the amount of payment is determined under this subsection, the claim shall include a code (or codes) under a uniform coding system specified by the Secretary that identifies the services furnished.

**(6) Restraint on billing**

The provisions of subparagraphs (A) and (B) of section 1395u(b)(18) of this title shall apply to therapy services for which payment is made under this subsection in the same manner as they apply to services provided by a practitioner described in section 1395u(b)(18)(C) of this title.

**(7) Adjustment in discount for certain multiple therapy services**

In the case of therapy services furnished on or after April 1, 2013, and for which payment is made under this subsection pursuant to the applicable fee schedule amount (as defined in paragraph (3)), instead of the 25 percent multiple procedure payment reduction specified in the final rule published by the Secretary in the Federal Register on November 29, 2010, the reduction percentage shall be 50 percent.

**(I) Establishment of fee schedule for ambulance services****(1) In general**

The Secretary shall establish a fee schedule for payment for ambulance services whether provided directly by a supplier or provider or under arrangement with a provider under this part through a negotiated rulemaking process described in title 5 and in accordance with the requirements of this subsection.

**(2) Considerations**

In establishing such fee schedule, the Secretary shall—

(A) establish mechanisms to control increases in expenditures for ambulance services under this part;

(B) establish definitions for ambulance services which link payments to the type of services provided;

(C) consider appropriate regional and operational differences;

(D) consider adjustments to payment rates to account for inflation and other relevant factors; and

(E) phase in the application of the payment rates under the fee schedule in an efficient and fair manner consistent with paragraph (1), except that such phase-in shall provide for full payment of any national mileage rate for ambulance services provided by suppliers that are paid by carriers in any of the 50 States where payment by a carrier for such services for all such suppliers in such State did not, prior to the implementation of the fee schedule, include a separate amount for all mileage within the county from which the beneficiary is transported.

**(3) Savings**

In establishing such fee schedule, the Secretary shall—

(A) ensure that the aggregate amount of payments made for ambulance services under this part during 2000 does not exceed the aggregate amount of payments which would have been made for such services under this part during such year if the amendments made by section 4531(a) of the Balanced Budget Act of 1997 continued in effect, except that in making such determination the Secretary shall assume an update in such payments for 2002 equal to percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 12-month period ending with June of the previous year reduced in the case of 2002 by 1.0 percentage points;

(B) set the payment amounts provided under the fee schedule for services furnished in 2001 and each subsequent year at amounts equal to the payment amounts under the fee schedule for services furnished during the previous year, increased, subject to subparagraph (C) and the succeeding sentence of this paragraph, by the percentage increase in the consumer price index for all urban consumers (U.S. city average) for the 12-month period ending with June of the previous year reduced in the case of 2002 by 1.0 percentage points; and

(C) for 2011 and each subsequent year, after determining the percentage increase under subparagraph (B) for the year, reduce such percentage increase by the productivity adjustment described in section 1395ww(b)(3)(B)(xi)(II) of this title.

The application of subparagraph (C) may result in the percentage increase under subparagraph (B) being less than 0.0 for a year, and may result in payment rates under the fee schedule under this subsection for a year being less than such payment rates for the preceding year.

**(4) Consultation**

In establishing the fee schedule for ambulance services under this subsection, the Secretary shall consult with various national organizations representing individuals and entities who furnish and regulate ambulance services and share with such organizations relevant data in establishing such schedule.

**(5) Limitation on review**

There shall be no administrative or judicial review under section 1395ff of this title or otherwise of the amounts established under the fee schedule for ambulance services under this subsection, including matters described in paragraph (2).

**(6) Restraint on billing**

The provisions of subparagraphs (A) and (B) of section 1395u(b)(18) of this title shall apply to ambulance services for which payment is made under this subsection in the same manner as they apply to services provided by a practitioner described in section 1395u(b)(18)(C) of this title.

**(7) Coding system**

The Secretary may require the claim for any services for which the amount of payment is

determined under this subsection to include a code (or codes) under a uniform coding system specified by the Secretary that identifies the services furnished.

**(8) Services furnished by critical access hospitals**

Notwithstanding any other provision of this subsection, the Secretary shall pay 101 percent of the reasonable costs incurred in furnishing ambulance services if such services are furnished—

(A) by a critical access hospital (as defined in section 1395x(mm)(1) of this title), or

(B) by an entity that is owned and operated by a critical access hospital,

but only if the critical access hospital or entity is the only provider or supplier of ambulance services that is located within a 35-mile drive of such critical access hospital.

**(9) Transitional assistance for rural providers**

In the case of ground ambulance services furnished on or after July 1, 2001, and before January 1, 2004, for which the transportation originates in a rural area (as defined in section 1395ww(d)(2)(D) of this title) or in a rural census tract of a metropolitan statistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725)), the fee schedule established under this subsection shall provide that, with respect to the payment rate for mileage for a trip above 17 miles, and up to 50 miles, the rate otherwise established shall be increased by not less than ½ of the additional payment per mile established for the first 17 miles of such a trip originating in a rural area.

**(10) Phase-in providing floor using blend of fee schedule and regional fee schedules**

In carrying out the phase-in under paragraph (2)(E) for each level of ground service furnished in a year, the portion of the payment amount that is based on the fee schedule shall be the greater of the amount determined under such fee schedule (without regard to this paragraph) or the following blended rate of the fee schedule under paragraph (1) and of a regional fee schedule for the region involved:

(A) For 2004 (for services furnished on or after July 1, 2004), the blended rate shall be based 20 percent on the fee schedule under paragraph (1) and 80 percent on the regional fee schedule.

(B) For 2005, the blended rate shall be based 40 percent on the fee schedule under paragraph (1) and 60 percent on the regional fee schedule.

(C) For 2006, the blended rate shall be based 60 percent on the fee schedule under paragraph (1) and 40 percent on the regional fee schedule.

(D) For 2007, 2008, and 2009, the blended rate shall be based 80 percent on the fee schedule under paragraph (1) and 20 percent on the regional fee schedule.

(E) For 2010 and each succeeding year, the blended rate shall be based 100 percent on the fee schedule under paragraph (1).

For purposes of this paragraph, the Secretary shall establish a regional fee schedule for each

of the nine census divisions (referred to in section 1395ww(d)(2) of this title) using the methodology (used in establishing the fee schedule under paragraph (1)) to calculate a regional conversion factor and a regional mileage payment rate and using the same payment adjustments and the same relative value units as used in the fee schedule under such paragraph.

**(11) Adjustment in payment for certain long trips**

In the case of ground ambulance services furnished on or after July 1, 2004, and before January 1, 2009, regardless of where the transportation originates, the fee schedule established under this subsection shall provide that, with respect to the payment rate for mileage for a trip above 50 miles the per mile rate otherwise established shall be increased by ¼ of the payment per mile otherwise applicable to miles in excess of 50 miles in such trip.

**(12) Assistance for rural providers furnishing services in low population density areas**

**(A) In general**

In the case of ground ambulance services furnished on or after July 1, 2004, and before January 1, 2023, for which the transportation originates in a qualified rural area (identified under subparagraph (B)(iii)), the Secretary shall provide for a percent increase in the base rate of the fee schedule for a trip established under this subsection. In establishing such percent increase, the Secretary shall estimate the average cost per trip for such services (not taking into account mileage) in the lowest quartile as compared to the average cost per trip for such services (not taking into account mileage) in the highest quartile of all rural county populations.

**(B) Identification of qualified rural areas**

**(i) Determination of population density in area**

Based upon data from the United States decennial census for the year 2000, the Secretary shall determine, for each rural area, the population density for that area.

**(ii) Ranking of areas**

The Secretary shall rank each such area based on such population density.

**(iii) Identification of qualified rural areas**

The Secretary shall identify those areas (in subparagraph (A) referred to as “qualified rural areas”) with the lowest population densities that represent, if each such area were weighted by the population of such area (as used in computing such population densities), an aggregate total of 25 percent of the total of the population of all such areas.

**(iv) Rural area**

For purposes of this paragraph, the term “rural area” has the meaning given such term in section 1395ww(d)(2)(D) of this title. If feasible, the Secretary shall treat a rural census tract of a metropolitan sta-

tistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725) as a rural area for purposes of this paragraph.

**(v) Judicial review**

There shall be no administrative or judicial review under section 1395ff, 1395oo of this title, or otherwise, respecting the identification of an area under this subparagraph.

**(13) Temporary increase for ground ambulance services**

**(A) In general**

After computing the rates with respect to ground ambulance services under the other applicable provisions of this subsection, in the case of such services furnished on or after July 1, 2004, and before January 1, 2007, and for such services furnished on or after July 1, 2008, and before January 1, 2023,<sup>4</sup> for which the transportation originates in—

(i) a rural area described in paragraph (9) or in a rural census tract described in such paragraph, the fee schedule established under this section shall provide that the rate for the service otherwise established, after the application of any increase under paragraphs (11) and (12), shall be increased by 2 percent (or 3 percent if such service is furnished on or after July 1, 2008, and before January 1, 2023); and

(ii) an area not described in clause (i), the fee schedule established under this subsection shall provide that the rate for the service otherwise established, after the application of any increase under paragraph (11), shall be increased by 1 percent (or 2 percent if such service is furnished on or after July 1, 2008, and before January 1, 2023).

**(B) Application of increased payments after applicable period**

The increased payments under subparagraph (A) shall not be taken into account in calculating payments for services furnished after the applicable period specified in such subparagraph.

**(14) Providing appropriate coverage of rural air ambulance services**

**(A) In general**

The regulations described in section 1395x(s)(7) of this title shall provide, to the extent that any ambulance services (whether ground or air) may be covered under such section, that a rural air ambulance service (as defined in subparagraph (C)) is reimbursed under this subsection at the air ambulance rate if the air ambulance service—

(i) is reasonable and necessary based on the health condition of the individual being transported at or immediately prior to the time of the transport; and

(ii) complies with equipment and crew requirements established by the Secretary.

**(B) Satisfaction of requirement of medically necessary**

The requirement of subparagraph (A)(i) is deemed to be met for a rural air ambulance service if—

(i) subject to subparagraph (D), such service is requested by a physician or other qualified medical personnel (as specified by the Secretary) who certifies or reasonably determines that the individual's condition is such that the time needed to transport the individual by land or the instability of transportation by land poses a threat to the individual's survival or seriously endangers the individual's health; or

(ii) such service is furnished pursuant to a protocol that is established by a State or regional emergency medical service (EMS) agency and recognized or approved by the Secretary under which the use of an air ambulance is recommended, if such agency does not have an ownership interest in the entity furnishing such service.

**(C) Rural air ambulance service defined**

For purposes of this paragraph, the term "rural air ambulance service" means fixed wing and rotary wing air ambulance service in which the point of pick up of the individual occurs in a rural area (as defined in section 1395ww(d)(2)(D) of this title) or in a rural census tract of a metropolitan statistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725)).

**(D) Limitation**

**(i) In general**

Subparagraph (B)(i) shall not apply if there is a financial or employment relationship between the person requesting the rural air ambulance service and the entity furnishing the ambulance service, or an entity under common ownership with the entity furnishing the air ambulance service, or a financial relationship between an immediate family member of such requester and such an entity.

**(ii) Exception**

Where a hospital and the entity furnishing rural air ambulance services are under common ownership, clause (i) shall not apply to remuneration (through employment or other relationship) by the hospital of the requester or immediate family member if the remuneration is for provider-based physician services furnished in a hospital (as described in section 1395xx of this title) which are reimbursed under part A and the amount of the remuneration is unrelated directly or indirectly to the provision of rural air ambulance services.

**(B) Adjustment**

For each year, the Secretary shall reduce the percentage increase described in subparagraph (A) by the productivity adjustment described in section 1395ww(b)(3)(B)(xi)(II) of this title. The application of the preceding sentence may result in a percentage being less than 0.0 for a year, and may result in payment being less than such payment rates for the preceding year.

In the case where the Secretary removes an organization from the list of accreditation organizations designated under subparagraph (B), any supplier that is accredited by the organization during the period beginning on the date on which the organization is designated as an accreditation organization under subparagraph (B) and ending on the date on which the organization is removed from such list shall be considered to have been accredited by an organization designated by the Secretary under subparagraph (B) for the remaining period such accreditation is in effect.

**(12) Regulations**

Not later than June 30, 2015, the Secretary shall establish through notice and comment rulemaking parameters for data collection under this subsection.

**(b) Payment for clinical diagnostic laboratory tests**

**(1) Use of private payor rate information to determine medicare payment rates**

**(A) In general**

Subject to paragraph (3) and subsections (c) and (d), in the case of a clinical diagnostic laboratory test furnished on or after January 1, 2017, the payment amount under this section shall be equal to the weighted median determined for the test under paragraph (2) for the most recent data collection period.

**(B) Application of payment amounts to hospital laboratories**

The payment amounts established under this section shall apply to a clinical diagnostic laboratory test furnished by a hospital laboratory if such test is paid for separately, and not as part of a bundled payment under section 1395l(t) of this title.

**(2) Calculation of weighted median**

For each laboratory test with respect to which information is reported under subsection (a) for a data collection period, the Secretary shall calculate a weighted median for the test for the period, by arraying the distribution of all payment rates reported for the period for each test weighted by volume for each payor and each laboratory.

**(3) Phase-in of reductions from private payor rate implementation**

**(A) In general**

Payment amounts determined under this subsection for a clinical diagnostic laboratory test for each of 2017 through 2024 shall not result in a reduction in payments for a clinical diagnostic laboratory test for the year of greater than the applicable percent (as defined in subparagraph (B)) of the amount of payment for the test for the preceding year.

**(B) Applicable percent defined**

In this paragraph, the term “applicable percent” means—

(i) for each of 2017 through 2020, 10 percent;

(ii) for 2021, 0 percent; and

(iii) for each of 2022 through 2024, 15 percent.

**(C) No application to new tests**

This paragraph shall not apply to payment amounts determined under this section for either of the following.

(i) A new test under subsection (c).

(ii) A new advanced diagnostic test<sup>1</sup> (as defined in subsection (d)(5)) under subsection (d).

**(4) Application of market rates**

**(A) In general**

Subject to paragraph (3), once established for a year following a data collection period, the payment amounts under this subsection shall continue to apply until the year following the next data collection period.

**(B) Other adjustments not applicable**

The payment amounts under this section shall not be subject to any adjustment (including any geographic adjustment, budget neutrality adjustment, annual update, or other adjustment).

**(5) Sample collection fee**

In the case of a sample collected from an individual in a skilled nursing facility or by a laboratory on behalf of a home health agency, the nominal fee that would otherwise apply

<sup>1</sup> So in original. Probably should be preceded by “laboratory”.

under section 1395l(h)(3)(A) of this title shall be increased by \$2.

**(c) Payment for new tests that are not advanced diagnostic laboratory tests**

**(1) Payment during initial period**

In the case of a clinical diagnostic laboratory test that is assigned a new or substantially revised HCPCS code on or after April 1, 2014, and which is not an advanced diagnostic laboratory test (as defined in subsection (d)(5)), during an initial period until payment rates under subsection (b) are established for the test, payment for the test shall be determined—

(A) using cross-walking (as described in section 414.508(a) of title 42, Code of Federal Regulations, or any successor regulation) to the most appropriate existing test under the fee schedule under this section during that period; or

(B) if no existing test is comparable to the new test, according to the gapfilling process described in paragraph (2).

**(2) Gapfilling process described**

The gapfilling process described in this paragraph shall take into account the following sources of information to determine gapfill amounts, if available:

(A) Charges for the test and routine discounts to charges.

(B) Resources required to perform the test.

(C) Payment amounts determined by other payors.

(D) Charges, payment amounts, and resources required for other tests that may be comparable or otherwise relevant.

(E) Other criteria the Secretary determines appropriate.

**(3) Additional consideration**

In determining the payment amount under crosswalking or gapfilling processes under this subsection, the Secretary shall consider recommendations from the panel established under subsection (f)(1).

**(4) Explanation of payment rates**

In the case of a clinical diagnostic laboratory test for which payment is made under this subsection, the Secretary shall make available to the public an explanation of the payment rate for the test, including an explanation of how the criteria described in paragraph (2) and paragraph (3) are applied.

**(d) Payment for new advanced diagnostic laboratory tests**

**(1) Payment during initial period**

**(A) In general**

In the case of an advanced diagnostic laboratory test for which payment has not been made under the fee schedule under section 1395l(h) of this title prior to April 1, 2014, during an initial period of three quarters, the payment amount for the test for such period shall be based on the actual list charge for the laboratory test.

**(B) Actual list charge**

For purposes of subparagraph (A), the term “actual list charge”, with respect to a lab-

oratory test furnished during such period, means the publicly available rate on the first day at which the test is available for purchase by a private payor.

**(2) Special rule for timing of initial reporting**

With respect to an advanced diagnostic laboratory test described in paragraph (1)(A), an applicable laboratory shall initially be required to report under subsection (a) not later than the last day of the second quarter of the initial period under such paragraph.

**(3) Application of market rates after initial period**

Subject to paragraph (4), data reported under paragraph (2) shall be used to establish the payment amount for an advanced diagnostic laboratory test after the initial period under paragraph (1)(A) using the methodology described in subsection (b). Such payment amount shall continue to apply until the year following the next data collection period.

**(4) Recoupment if actual list charge exceeds market rate**

With respect to the initial period described in paragraph (1)(A), if, after such period, the Secretary determines that the payment amount for an advanced diagnostic laboratory test under paragraph (1)(A) that was applicable during the period was greater than 130 percent of the payment amount for the test established using the methodology described in subsection (b) that is applicable after such period, the Secretary shall recoup the difference between such payment amounts for tests furnished during such period.

**(5) Advanced diagnostic laboratory test defined**

In this subsection, the term “advanced diagnostic laboratory test” means a clinical diagnostic laboratory test covered under this part that is offered and furnished only by a single laboratory and not sold for use by a laboratory other than the original developing laboratory (or a successor owner) and meets one of the following criteria:

(A) The test is an analysis of multiple biomarkers of DNA, RNA, or proteins combined with a unique algorithm to yield a single patient-specific result.

(B) The test is cleared or approved by the Food and Drug Administration.

(C) The test meets other similar criteria established by the Secretary.

**(e) Coding**

**(1) Temporary codes for certain new tests**

**(A) In general**

The Secretary shall adopt temporary HCPCS codes to identify new advanced diagnostic laboratory tests (as defined in subsection (d)(5)) and new laboratory tests that are cleared or approved by the Food and Drug Administration.

**(B) Duration**

**(i) In general**

Subject to clause (ii), the temporary code shall be effective until a permanent

HPCPS code is established (but not to exceed 2 years).

**(ii) Exception**

The Secretary may extend the temporary code or establish a permanent HPCPS code, as the Secretary determines appropriate.

**(2) Existing tests**

Not later than January 1, 2016, for each existing advanced diagnostic laboratory test (as so defined) and each existing clinical diagnostic laboratory test that is cleared or approved by the Food and Drug Administration for which payment is made under this part as of April 1, 2014, if such test has not already been assigned a unique HPCPS code, the Secretary shall—

(A) assign a unique HPCPS code for the test; and

(B) publicly report the payment rate for the test.

**(3) Establishment of unique identifier for certain tests**

For purposes of tracking and monitoring, if a laboratory or a manufacturer requests a unique identifier for an advanced diagnostic laboratory test (as so defined) or a laboratory test that is cleared or approved by the Food and Drug Administration, the Secretary shall utilize a means to uniquely track such test through a mechanism such as a HPCPS code or modifier.

**(f) Input from clinicians and technical experts**

**(1) In general**

The Secretary shall consult with an expert outside advisory panel, established by the Secretary not later than July 1, 2015, composed of an appropriate selection of individuals with expertise, which may include molecular pathologists, researchers, and individuals with expertise in laboratory science or health economics, in issues related to clinical diagnostic laboratory tests, which may include the development, validation, performance, and application of such tests, to provide—

(A) input on—

(i) the establishment of payment rates under this section for new clinical diagnostic laboratory tests, including whether to use crosswalking or gapfilling processes to determine payment for a specific new test; and

(ii) the factors used in determining coverage and payment processes for new clinical diagnostic laboratory tests; and

(B) recommendations to the Secretary under this section.

**(2) Compliance with FACA**

The panel shall be subject to the Federal Advisory Committee Act (5 U.S.C. App.).

**(3) Continuation of annual meeting**

The Secretary shall continue to convene the annual meeting described in section 1395f(h)(8)(B)(iii) of this title after the implementation of this section for purposes of receiving comments and recommendations (and

**(g) Coverage**

**(1) Issuance of coverage policies**

**(A) In general**

A medicare administrative contractor shall only issue a coverage policy with respect to a clinical diagnostic laboratory test in accordance with the process for making a local coverage determination (as defined in section 1395ff(f)(2)(B) of this title), including the appeals and review process for local coverage determinations under part 426 of title 42, Code of Federal Regulations (or successor regulations).

**(B) No effect on national coverage determination process**

This paragraph shall not apply to the national coverage determination process (as defined in section 1395ff(f)(1)(B) of this title).

**(C) Effective date**

This paragraph shall apply to coverage policies issued on or after January 1, 2015.

**(2) Designation of one or more medicare administrative contractors for clinical diagnostic laboratory tests**

The Secretary may designate one or more (not to exceed 4) medicare administrative contractors to either establish coverage policies or establish coverage policies and process claims for payment for clinical diagnostic laboratory tests, as determined appropriate by the Secretary.

**(h) Implementation**

**(1) Implementation**

There shall be no administrative or judicial review under section 1395ff of this title, section 1395oo of this title, or otherwise, of the establishment of payment amounts under this section.

**(2) Administration**

Chapter 35 of title 44 shall not apply to information collected under this section.

**(3) Funding**

For purposes of implementing this section, the Secretary shall provide for the transfer, from the Federal Supplementary Medical Insurance Trust Fund under section 1395t of this title, to the Centers for Medicare & Medicaid Services Program Management Account, for each of fiscal years 2014 through 2018, \$4,000,000, and for each of fiscal years 2019 through 2023, \$3,000,000. Amounts transferred under the preceding sentence shall remain available until expended.

**(i) Transitional rule**

During the period beginning on April 1, 2014, and ending on December 31, 2016, with respect to advanced diagnostic laboratory tests under this part, the Secretary shall use the methodologies for pricing, coding, and coverage in effect on the day before April 1, 2014, which may include cross-walking or gapfilling methods.

**§ 1395n. Procedure for payment of claims of providers of services****(a) Conditions for payment for services described in section 1395k(a)(2) of this title**

Except as provided in subsections (b), (c), and (e), payment for services described in section 1395k(a)(2) of this title furnished an individual may be made only to providers of services which are eligible therefor under section 1395cc(a) of this title, and only if—

(2) a physician, or, in the case of services described in subparagraph (A), a physician, a

nurse practitioner or clinical nurse specialist (as those terms are defined in section 1395x(aa)(5) of this title) who is working in accordance with State law, or a physician assistant (as defined in section 1395x(aa)(5) of this title) who is working in accordance with State law, who is enrolled under section 1395cc(j) of this title, certifies (and recertifies, where such services are furnished over a period of time, in such cases, with such frequency, and accompanied by such supporting material, appropriate to the case involved, as may be provided by regulations) that—

(A) in the case of home health services (i) such services are or were required because the individual is or was confined to his home (except when receiving items and services referred to in section 1395x(m)(7) of this title) and needs or needed skilled nursing care (other than solely venipuncture for the purpose of obtaining a blood sample) on an intermittent basis or physical or speech therapy or, in the case of an individual who has been furnished home health services based on such a need and who no longer has such a need for such care or therapy, continues or continued to need occupational therapy, (ii) a plan for furnishing such services to such individual has been established and is periodically reviewed by a physician, a nurse practitioner, a clinical nurse specialist, or a physician assistant (as the case may be), (iii) such services are or were furnished while the individual is or was under the care of a physician, a nurse practitioner, a clinical nurse specialist, or a physician assistant (as the case may be), and (iv) in the case of a certification made by a physician after January 1, 2010, or by a nurse practitioner, clinical nurse specialist, or physician assistant (as the case may be) after a date specified by the Secretary (but in no case later than the date that is 6 months after March 27, 2020), prior to making such certification a physician, nurse practitioner, clinical nurse specialist, or physician assistant must document that a physician, nurse practitioner, clinical nurse specialist, certified nurse-midwife (as defined in section 1395x(gg) of this title) as authorized by State law, or physician assistant has had a face-to-face encounter (including through use of telehealth and other than with respect to encounters that are incident to services involved) with the individual during the 6-month period preceding such certification, or other reasonable timeframe as determined by the Secretary;

(B) in the case of medical and other health services, except services described in subparagraphs (B), (C), and (D) of section 1395x(s)(2) of this title, such services are or were medically required;

(C) in the case of outpatient physical therapy services or outpatient occupational therapy services, (i) such services are or were required because the individual needed physical therapy services or occupational therapy services, respectively, (ii) a plan for furnishing such services has been established by a physician or by the qualified physical

therapist or qualified occupational therapist, respectively, providing such services and is periodically reviewed by a physician, and (iii) such services are or were furnished while the individual is or was under the care of a physician;

(D) in the case of outpatient speech pathology services, (i) such services are or were required because the individual needed speech pathology services, (ii) a plan for furnishing such services has been established by a physician or by the speech pathologist providing such services and is periodically reviewed by a physician, and (iii) such services are or were furnished while the individual is or was under the care of a physician;

(E) in the case of comprehensive outpatient rehabilitation facility services, (i) such services are or were required because the individual needed skilled rehabilitation services, (ii) a plan for furnishing such services has been established and is periodically reviewed by a physician, and (iii) such services are or were furnished while the individual is or was under the care of a physician; and

(F) in the case of partial hospitalization services, (i) the individual would require inpatient psychiatric care in the absence of such services, (ii) an individualized, written plan for furnishing such services has been established by a physician and is reviewed periodically by a physician, and (iii) such services are or were furnished while the individual is or was under the care of a physician.

For purposes of this section, the term “provider of services” shall include a clinic, rehabilitation agency, or public health agency if, in the case of a clinic or rehabilitation agency, such clinic or agency meets the requirements of section 1395x(p)(4)(A) of this title (or meets the requirements of such section through the operation of subsection (g) or (l)(2) of section 1395x of this title), or if, in the case of a public health agency, such agency meets the requirements of section 1395x(p)(4)(B) of this title (or meets the requirements of such section through the operation of subsection (g) or (l)(2) of section 1395x of this title), but only with respect to the furnishing of outpatient physical therapy services (as therein defined) or (through the operation of subsection (g) or (l)(2) of section 1395x of this title) with respect to the furnishing of outpatient occupational therapy services or outpatient speech-language pathology services, respectively.

To the extent provided by regulations, the certification and recertification requirements of paragraph (2) shall be deemed satisfied where, at a later date, a physician, nurse practitioner, clinical nurse specialist, or physician assistant (as the case may be) makes a certification of the kind provided in subparagraph (A) or (B) of paragraph (2) (whichever would have applied), but only where such certification is accompanied by such medical and other evidence as may be required by such regulations. With respect to the certification required by paragraph (2) for home

health services furnished to any individual by a home health agency (other than an agency which is a governmental entity) and with respect to the establishment and review of a plan for such services, the Secretary shall prescribe regulations which shall become effective no later than July 1, 1981 (or in the case of regulations to implement the amendments made by section 3708 of the CARES Act the Secretary shall prescribe regulations which shall become effective no later than 6 months after March 27, 2020), and which prohibit a physician, nurse practitioner, clinical nurse specialist, or physician assistant who has a significant ownership interest in, or a significant financial or contractual relationship with, such home health agency from performing such certification and from establishing or reviewing such plan, except that such prohibition shall not apply with respect to a home health agency which is a sole community home health agency (as determined by the Secretary). For purposes of the preceding sentence, service by a physician, nurse practitioner, clinical nurse specialist, or physician assistant as an uncompensated officer or director of a home health agency shall not constitute having a significant ownership interest in, or a significant financial or contractual relationship with, such agency. For purposes of documentation for physician certification and recertification made under paragraph (2) on or after January 1, 2019 or no later than 6 months after March 27, 2020, for purposes of documentation for certification and recertification made under paragraph (2) by a nurse practitioner, clinical nurse specialist, or physician assistant,<sup>1</sup> and made with respect to home health services furnished by a home health agency, in addition to using documentation in the medical record of the physician, nurse practitioner, clinical nurse specialist, or physician assistant who so certifies or the medical record of the acute or post-acute care facility (in the case that home health services were furnished to an individual who was directly admitted to the home health agency from such a facility), the Secretary may use documentation in the medical record of the home health agency as supporting material, as appropriate to the case involved. For purposes of paragraph (2)(A), an individual shall be considered to be “confined to his home” if the individual has a condition, due to an illness or injury, that restricts the ability of the individual to leave his or her home except with the assistance of another individual or the aid of a supportive device (such as crutches, a cane, a wheelchair, or a walker), or if the individual has a condition such that leaving his or her home is medically contraindicated. While an individual does not have to be bedridden to be considered “confined to his home”, the condition of the individual should be such that there exists a normal inability to leave home and that leaving home requires a considerable and taxing effort by the individual. Any absence of an individual from the home attributable to the need to receive health care treatment, including regular absences for the purpose of participating in therapeutic, psychosocial, or medical treatment in an adult day-care program that is licensed or

<sup>1</sup> So in original.

certified by a State, or accredited, to furnish adult day-care services in the State shall not disqualify an individual from being considered to be “confined to his home”. Any other absence of an individual from the home shall not so disqualify an individual if the absence is of infrequent or of relatively short duration. For purposes of the preceding sentence, any absence for the purpose of attending a religious service shall be deemed to be an absence of infrequent or short duration. In applying paragraph (1), the Secretary may specify exceptions to the 1 calendar year period specified in such paragraph.

**(b) Conditions for payment for services described in section 1395x(s) of this title**

(1) Payment may also be made to any hospital for services described in section 1395x(s) of this title furnished as an outpatient service by a hospital or by others under arrangements made by it to an individual entitled to benefits under this part even though such hospital does not have an agreement in effect under this subchapter if (A) such services were emergency services, (B) the Secretary would be required to make such payment if the hospital had such an agreement in effect and otherwise met the conditions of payment hereunder, and (C) such hospital has made an election pursuant to section 1395f(d)(1)(C) of this title with respect to the calendar year in which such emergency services are provided. Such payments shall be made only in the amounts provided under section 1395l(a)(2) of this title and then only if such hospital agrees to comply, with respect to the emergency services provided, with the provisions of section 1395cc(a) of this title.

(2) Payment may also be made on the basis of an itemized bill to an individual for services described in paragraph (1) of this subsection if (A) payment cannot be made under such paragraph (1) solely because the hospital does not elect, in accordance with section 1395f(d)(1)(C) of this title, to claim such payments and (B) such individual files application (submitted within such time and in such form and manner, and containing and supported by such information as the Secretary shall by regulations prescribe) for reimbursement. The amounts payable under this paragraph shall, subject to the provisions of section 1395l of this title, be equal to 80 percent of the hospital's reasonable charges for such services.

**(c) Collection of charges from individuals for services specified in section 1395x(s) of this title**

Notwithstanding the provisions of this section and sections 1395k, 1395l, and 1395cc(a)(1)(A) of this title, a hospital or a critical access hospital may, subject to such limitations as may be prescribed by regulations, collect from an individual the customary charges for services specified in section 1395x(s) of this title and furnished to him by such hospital as an outpatient, but only if such charges for such services do not exceed the applicable supplementary medical insurance deductible, and such customary charges shall be regarded as expenses incurred by such individual with respect to which benefits are payable in accordance with section 1395l(a)(1) of this title. Payments under this subchapter to

hospitals which have elected to make collections from individuals in accordance with the preceding sentence shall be adjusted periodically to place the hospital in the same position it would have been had it instead been reimbursed in accordance with section 1395(a)(2) of this title (or, in the case of a critical access hospital, in accordance with section 1395l(a)(6) of this title).

**(d) Payment to Federal provider of services or other Federal agencies prohibited**

Subject to section 1395qq of this title, no payment may be made under this part to any Federal provider of services or other Federal agency, except a provider of services which the Secretary determines is providing services to the public generally as a community institution or agency; and no such payment may be made to any provider of services or other person for any item or service which such provider or person is obligated by a law of, or a contract with, the United States to render at public expense.

**(e) Payment to fund designated by medical staff or faculty of medical school**

For purposes of services (1) which are inpatient hospital services by reason of paragraph (7) of section 1395x(b) of this title or for which entitlement exists by reason of clause (II) of section 1395k(a)(2)(B)(i) of this title, and (2) for which the reasonable cost thereof is determined under section 1395x(v)(1)(D) of this title (or would be if section 1395ww of this title did not apply), payment under this part shall be made to such fund as may be designated by the organized medical staff of the hospital in which such services were furnished or, if such services were furnished in such hospital by the faculty of a medical school, to such fund as may be designated by such faculty, but only if—

(A) such hospital has an agreement with the Secretary under section 1395cc of this title, and

(B) the Secretary has received written assurances that (i) such payment will be used by such fund solely for the improvement of care to patients in such hospital or for educational or charitable purposes and (ii) the individuals who were furnished such services or any other persons will not be charged for such services (or if charged provision will be made for return of any moneys incorrectly collected).

**§ 1395r. Amount of premiums for individuals enrolled under this part**

**(a) Determination of monthly actuarial rates and premiums**

(1) The Secretary shall, during September of 1983 and of each year thereafter, determine the monthly actuarial rate for enrollees age 65 and over which shall be applicable for the succeeding calendar year. Subject to paragraphs (5), (6), and (7), such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such calendar year with respect to those enrollees age 65 and older will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for services performed and related administrative costs incurred in such calendar year with respect to such enrollees. In calculating the monthly actuarial rate, the Secretary shall include an appropriate amount for a contingency margin. In applying this paragraph there shall not be taken into account additional payments under section 1395w-4(o) of this title and section 1395w-23(l)(3) of this title and the Government contribution under section 1395w(a)(3) of this title.

(2) The monthly premium of each individual enrolled under this part for each month after December 1983 shall be the amount determined under paragraph (3), adjusted as required in accordance with subsections (b), (c), (f), and (i), and to reflect any credit provided under section 1395w-24(b)(1)(C)(ii)(III) of this title.

(3) The Secretary, during September of each year, shall determine and promulgate a monthly premium rate for the succeeding calendar year that (except as provided in subsection (g)) is equal to 50 percent of the monthly actuarial

rate for enrollees age 65 and over, determined according to paragraph (1), for that succeeding calendar year. Whenever the Secretary promulgates the dollar amount which shall be applicable as the monthly premium rate for any period, he shall, at the time such promulgation is announced, issue a public statement setting forth the actuarial assumptions and bases employed by him in arriving at the amount of an adequate actuarial rate for enrollees age 65 and older as provided in paragraph (1).

(4) The Secretary shall also, during September of 1983 and of each year thereafter, determine the monthly actuarial rate for disabled enrollees under age 65 which shall be applicable for the succeeding calendar year. Such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such calendar year with respect to disabled enrollees under age 65 will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for services performed and related administrative costs incurred in such calendar year with respect to such enrollees. In calculating the monthly actuarial rate under this paragraph, the Secretary shall include an appropriate amount for a contingency margin.

(5)(A) In applying this part (including subsection (i) and section 1395l(b) of this title), the monthly actuarial rate for enrollees age 65 and over for 2016 shall be determined as if subsection (f) did not apply.

(B) Subsection (f) shall continue to be applied to paragraph (6)(A) (during a repayment month, as described in paragraph (6)(B)) and without regard to the application of subparagraph (A).

(6)(A) With respect to a repayment month (as described in subparagraph (B)), the monthly premium otherwise established under paragraph (3) shall be increased by, subject to subparagraph (D), \$3.

(B) For purposes of this paragraph, a repayment month is a month during a year, beginning with 2016, for which a balance due amount is computed under subparagraph (C) as greater than zero.

(C) For purposes of this paragraph, the balance due amount computed under this subparagraph, with respect to a month, is the amount estimated by the Chief Actuary of the Centers for Medicare & Medicaid Services to be equal to—

(i) the amount transferred under subsections (d)(1) and (e)(1) of section 1395w of this title; plus

(ii) the amount that is equal to the aggregate reduction, for all individuals enrolled under this part, in the income related monthly adjustment amount as a result of the application of paragraphs (5) and (7); minus

(iii) the amounts payable under this part as a result of the application of this paragraph for preceding months.

(D) If the balance due amount computed under subparagraph (C), without regard to this subparagraph, for December of a year would be less than zero, the Chief Actuary of the Centers for Medicare & Medicaid Services shall estimate, and the Secretary shall apply, a reduction to the dollar amount increase applied under subpara-

graph (A) for each month during such year in a manner such that the balance due amount for January of the subsequent year is equal to zero.

(7)(A) In applying this part (including subsection (i) and section 1395l(b) of this title), the monthly actuarial rate for enrollees age 65 and over for 2021 shall be determined to be equal to the sum of—

(i) the monthly actuarial rate for enrollees age 65 and over for 2020; plus

(ii) 25 percent of the difference between such rate for 2020 and the preliminary monthly actuarial rate for enrollees age 65 and over for 2021 (as estimated under subparagraph (B)).

(B) For purposes of subparagraph (A)(ii), the Secretary shall estimate a preliminary monthly actuarial rate for enrollees age 65 and over for 2021 using the methodology described in paragraph (1) and as if subparagraph (A) of this paragraph did not apply. The Secretary shall make the estimate under the previous sentence as if the transfers described in section 1395w(f)(1) of this title have been made.

**(b) Increase in monthly premium**

In the case of an individual whose coverage period began pursuant to an enrollment after his initial enrollment period (determined pursuant to subsection (c) or (d) of section 1395p of this title) and not pursuant to a special enrollment period under subsection (i)(4), (l), or (m) of section 1395p of this title, the monthly premium determined under subsection (a) (without regard to any adjustment under subsection (i)) shall be increased by 10 percent of the monthly premium so determined for each full 12 months (in the same continuous period of eligibility) in which he could have been but was not enrolled. For purposes of the preceding sentence, there shall be taken into account (1) the months which elapsed between the close of his initial enrollment period and the close of the enrollment period in which he enrolled, plus (in the case of an individual who reenrolls) (2) the months which elapsed between the date of termination of a previous coverage period and the close of the enrollment period in which he reenrolled, but there shall not be taken into account months for which the individual can demonstrate that the individual was enrolled in a group health plan described in section 1395y(b)(1)(A)(v) of this title by reason of the individual's (or the individual's spouse's) current employment status or months during which the individual has not attained the age of 65 and for which the individual can demonstrate that the individual was enrolled in a large group health plan (as that term is defined in section 1395y(b)(1)(B)(iii) of this title) by reason of the individual's current employment status (or the current employment status of a family member of the individual) or months for which the individual can demonstrate that the individual was an individual described in section 1395p(k)(3) of this title. Any increase in an individual's monthly premium under the first sentence of this subsection with respect to a particular continuous period of eligibility shall not be applicable with respect to any other continuous period of eligibility which such individual may have. No increase in the premium shall be effected for a month in the case of an individual

who enrolls under this part during 2001, 2002, 2003, or 2004 and who demonstrates to the Secretary before December 31, 2004, that the individual is a covered beneficiary (as defined in section 1072(5) of title 10). The Secretary of Health and Human Services shall consult with the Secretary of Defense in identifying individuals described in the previous sentence. For purposes of determining any increase under this subsection for individuals whose enrollment occurs on or after January 1, 2023, the second sentence of this subsection shall be applied by substituting "close of the month" for "close of the enrollment period" each place it appears. No increase in the premium shall be effected for individuals who are enrolled pursuant to section 1395o(b) of this title for coverage only of immunosuppressive drugs.

**(c) Premiums rounded to nearest multiple of ten cents**

If any monthly premium determined under the foregoing provisions of this section is not a multiple of 10 cents, such premium shall be rounded to the nearest multiple of 10 cents.

**(d) "Continuous period of eligibility" defined**

For purposes of subsection (b) (and section 1395p(g)(1) of this title), an individual's "continuous period of eligibility" is the period beginning with the first day on which he is eligible to enroll under section 1395o(a) of this title and ending with his death; except that any period during all of which an individual satisfied paragraph (1) of section 1395o(a) of this title and which terminated in or before the month preceding the month in which he attained age 65 shall be a separate "continuous period of eligibility" with respect to such individual (and each such period which terminates shall be deemed not to have existed for purposes of subsequently applying this section).

**(e) State payment of part B late enrollment premium increases**

(1) Upon the request of a State (or any appropriate State or local governmental entity specified by the Secretary), the Secretary may enter into an agreement with the State (or such entity) under which the State (or such entity) agrees to pay on a quarterly or other periodic basis to the Secretary (to be deposited in the Treasury to the credit of the Federal Supplementary Medical Insurance Trust Fund) an amount equal to the amount of the part B late enrollment premium increases with respect to the premiums for eligible individuals (as defined in paragraph (3)(A)).

(2) No part B late enrollment premium increase shall apply to an eligible individual for premiums for months for which the amount of such an increase is payable under an agreement under paragraph (1).

(3) In this subsection:

(A) The term "eligible individual" means an individual who is enrolled under this part B and who is within a class of individuals specified in the agreement under paragraph (1).

(B) The term "part B late enrollment premium increase" means any increase in a premium as a result of the application of subsection (b).

**(f) Limitation on increase in monthly premium**

For any calendar year after 1988, if an individual is entitled to monthly benefits under section 402 or 423 of this title or to a monthly annuity under section 3(a), 4(a), or 4(f) of the Railroad Retirement Act of 1974 [45 U.S.C. 231b(a), 231c(a), (f)] for November and December of the preceding year, if the monthly premium of the individual under this section for December and for January is deducted from those benefits under section 1395s(a)(1) of this title or section 1395s(b)(1) of this title, and if the amount of the individual's premium is not adjusted for such January under subsection (i), the monthly premium otherwise determined under this section for an individual for that year shall not be increased, pursuant to this subsection, to the extent that such increase would reduce the amount of benefits payable to that individual for that December below the amount of benefits payable to that individual for that November (after the deduction of the premium under this section). For purposes of this subsection, retroactive adjustments or payments and deductions on account of work shall not be taken into account in determining the monthly benefits to which an individual is entitled under section 402 or 423 of this title or under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.]. Any increase in the premium for an individual who was enrolled under section 1395o(b) of this title attributable to such individual otherwise enrolling under this part shall not be taken into account in applying this subsection.

**(g) Exclusions from estimate of benefits and administrative costs**

In estimating the benefits and administrative costs which will be payable from the Federal Supplementary Medical Insurance Trust Fund for a year for purposes of determining the monthly premium rate under subsection (a)(3), the Secretary shall exclude an estimate of any benefits and administrative costs attributable to—

(1) the application of section 1395x(v)(1)(L)(viii) of this title or to the establishment under section 1395x(v)(1)(L)(i)(V) of this title of a per visit limit at 106 percent of the median (instead of 105 percent of the median), but only to the extent payment for home health services under this subchapter is not being made under section 1395fff of this title (relating to prospective payment for home health services); and

(2) the medicare prescription drug discount card and transitional assistance program under section 1395w-141 of this title.

**(h) Potential application of comparative cost adjustment in CCA areas****(1) In general**

Certain individuals who are residing in a CCA area under section 1395w-29<sup>1</sup> of this title who are not enrolled in an MA plan under part C may be subject to a premium adjustment under subsection (f) of such section for months

in which the CCA program under such section is in effect in such area.

**(2) No effect on late enrollment penalty or income-related adjustment in subsidies**

Nothing in this subsection or section 1395w-29(f)<sup>1</sup> of this title shall be construed as affecting the amount of any premium adjustment under subsection (b) or (i). Subsection (f) shall be applied without regard to any premium adjustment referred to in paragraph (1).

**(3) Implementation**

In order to carry out a premium adjustment under this subsection and section 1395w-29(f)<sup>1</sup> of this title (insofar as it is effected through the manner of collection of premiums under section 1395s(a) of this title), the Secretary shall transmit to the Commissioner of Social Security—

(A) at the beginning of each year, the name, social security account number, and the amount of the premium adjustment (if any) for each individual enrolled under this part for each month during the year; and

(B) periodically throughout the year, information to update the information previously transmitted under this paragraph for the year.

**(i) Reduction in premium subsidy based on income****(1) In general**

**(2) Threshold amount**

For purposes of this subsection, subject to paragraph (6), the threshold amount is—

(A) except as provided in subparagraph (B), \$80,000 (or, beginning with 2018, \$85,000), and

**(iii) Married individuals filing separate returns**

In the case of an individual who—  
(I) is married as of the close of the taxable year (within the meaning of section

7703 of the Internal Revenue Code of 1986) but does not file a joint return for such year, and

(II) does not live apart from such individual's spouse at all times during the taxable year,

clause (i) shall be applied by reducing each of the dollar amounts otherwise applicable under such clause for the calendar year by the threshold amount for such year applicable to an unmarried individual.

**(4) Modified adjusted gross income**

**(A) In general**

For purposes of this subsection, the term "modified adjusted gross income" means adjusted gross income (as defined in section 62 of the Internal Revenue Code of 1986)—

- (i) determined without regard to sections 135, 911, 931, and 933 of such Code; and
- (ii) increased by the amount of interest received or accrued during the taxable year which is exempt from tax under such Code.

In the case of an individual filing a joint return, any reference in this subsection to the modified adjusted gross income of such individual shall be to such return's modified adjusted gross income.

**(B) Taxable year to be used in determining modified adjusted gross income**

**(i) In general**

In applying this subsection for an individual's premiums in a month in a year, subject to clause (ii) and subparagraph (C), the individual's modified adjusted gross income shall be such income determined for the individual's last taxable year beginning in the second calendar year preceding the year involved.

**(ii) Temporary use of other data**

If, as of October 15 before a calendar year, the Secretary of the Treasury does not have adequate data for an individual in appropriate electronic form for the taxable year referred to in clause (i), the individual's modified adjusted gross income shall be determined using the data in such form from the previous taxable year. Except as provided in regulations prescribed by the Commissioner of Social Security in consultation with the Secretary, the preceding sentence shall cease to apply when adequate data in appropriate electronic form are available for the individual for the taxable year referred to in clause (i), and proper adjustments shall be made to the extent that the premium adjustments determined under the preceding sentence were inconsistent with those determined using such taxable year.

**(iii) Non-filers**

In the case of individuals with respect to whom the Secretary of the Treasury does not have adequate data in appropriate electronic form for either taxable year referred to in clause (i) or clause (ii), the Commissioner of Social Security, in con-

sultation with the Secretary, shall prescribe regulations which provide for the treatment of the premium adjustment with respect to such individual under this subsection, including regulations which provide for—

(I) the application of the highest applicable percentage under paragraph (3)(C) to such individual if the Commissioner has information which indicates that such individual's modified adjusted gross income might exceed the threshold amount for the taxable year referred to in clause (i), and

(II) proper adjustments in the case of the application of an applicable percentage under subclause (I) to such individual which is inconsistent with such individual's modified adjusted gross income for such taxable year.

**(C) Use of more recent taxable year**

**(i) In general**

The Commissioner of Social Security in consultation with the Secretary of the Treasury shall establish a procedure under which an individual's modified adjusted gross income shall, at the request of such individual, be determined under this subsection—

(I) for a more recent taxable year than the taxable year otherwise used under subparagraph (B), or

(II) by such methodology as the Commissioner, in consultation with such Secretary, determines to be appropriate, which may include a methodology for aggregating or disaggregating information from tax returns in the case of marriage or divorce.

**(ii) Standard for granting requests**

A request under clause (i)(I) to use a more recent taxable year may be granted only if—

(I) the individual furnishes to such Commissioner with respect to such year such documentation, such as a copy of a filed Federal income tax return or an equivalent document, as the Commissioner specifies for purposes of determining the premium adjustment (if any) under this subsection; and

(II) the individual's modified adjusted gross income for such year is significantly less than such income for the taxable year determined under subparagraph (B) by reason of the death of such individual's spouse, the marriage or divorce of such individual, or other major life changing events specified in regulations prescribed by the Commissioner in consultation with the Secretary.

**(5) Inflation adjustment**

**(A) In general**

Subject to subparagraph (C), in the case of any calendar year beginning after 2007 (other than 2018 and 2019), each dollar amount in paragraph (2) or (3) shall be increased by an amount equal to—

(i) such dollar amount, multiplied by  
(ii) the percentage (if any) by which the average of the Consumer Price Index for all urban consumers (United States city average) for the 12-month period ending with August of the preceding calendar year exceeds such average for the 12-month period ending with August 2006 (or, in the case of a calendar year beginning with 2020, August 2018).

**(B) Rounding**

If any dollar amount after being increased under subparagraph (A) or (C) is not a multiple of \$1,000, such dollar amount shall be rounded to the nearest multiple of \$1,000.

**(i) In general**

Subparagraph (A) shall not apply with respect to each dollar amount in paragraph (3) of \$500,000.

In the case of any calendar year beginning after 2027, each dollar amount in paragraph (3) of \$500,000 shall be increased by an amount equal to—

(I) such dollar amount, multiplied by

(II) the percentage (if any) by which the average of the Consumer Price Index for all urban consumers (United States city average) for the 12-month period ending with August of the preceding calendar year exceeds such average for the 12-month period ending with August 2026.

**(6) Temporary adjustment to income thresholds**

Notwithstanding any other provision of this subsection, during the period beginning on January 1, 2011, and ending on December 31, 2017—

(A) the threshold amount otherwise applicable under paragraph (2) shall be equal to such amount for 2010; and

(B) the dollar amounts otherwise applicable under paragraph (3)(C)(i) shall be equal to such dollar amounts for 2010.

**(j) Determination of premium for individuals only eligible for coverage of immunosuppressive drugs**

The Secretary shall, during September of each year (beginning with 2022), determine and promulgate a monthly premium rate for the succeeding calendar year for individuals enrolled only for the purpose of coverage of immunosuppressive drugs under section 1395o(b) of this title. Such premium shall be equal to 15 percent of the monthly actuarial rate for enrollees age 65 and over (as would be determined in accordance with subsection (a)(1) if the reference to "one-half" in such subsection were a reference to "100 percent") for that succeeding calendar year. The monthly premium of each individual

enrolled for coverage of immunosuppressive drugs under section 1395o(b) of this title for each month shall be the amount promulgated in this subsection. In the case of such individual not otherwise enrolled under this part, such premium shall be in lieu of any other monthly premium applicable under this section. Such amount shall be adjusted in accordance with subsections (c), (f), and (i), but shall not be adjusted under subsection (b).

(1) In the case of an individual who is entitled to monthly benefits under section 402 or 423 of this title, his monthly premiums under this part shall (except as provided in subsections (b)(1) and (c)) be collected by deducting the amount thereof from the amount of such monthly benefits. Such deduction shall be made in such manner and at such times as the Commissioner of Social Security shall by regulation prescribe.

Such regulations shall be prescribed after consultation with the Secretary.

(2) The Secretary of the Treasury shall, from time to time, transfer from the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates from benefits under section 402 or 423 of this title which are payable from such Trust Fund. Such transfer shall be made on the basis of a certification by the Commissioner of Social Security and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(1) In the case of an individual who is entitled to receive for a month an annuity under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.] (whether or not such individual is also entitled for such month to a monthly insurance benefit under section 402 of this title), his monthly premiums under this part shall (except as provided in subsection (c)) be collected by deducting the amount thereof from such annuity or pension. Such deduction shall be made in such manner and at such times as the Secretary shall by regulations prescribe. Such regulations shall be prescribed only after consultation with the Railroad Retirement Board.

(2) The Secretary of the Treasury shall, from time to time, transfer from the Railroad Retirement Account to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfers shall be made on the basis of a certification by the Railroad Retirement Board and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

#### (c) Portion of monthly premium in excess of deducted amount

If an individual to whom subsection (a) or (b) applies estimates that the amount which will be available for deduction under such subsection for any premium payment period will be less than the amount of the monthly premiums for such period, he may (under regulations) pay to the Secretary such portion of the monthly premiums for such period as he desires.

#### (d) Deductions from civil service retirement annuities

(1) In the case of an individual receiving an annuity under subchapter III of chapter 83 of title 5 or any other law administered by the Director of the Office of Personnel Management providing retirement or survivorship protection, to whom neither subsection (a) nor subsection (b) applies, his monthly premiums under this part (and the monthly premiums of the spouse of such individual under this part if neither subsection (a) nor subsection (b) applies to such spouse and if such individual agrees) shall, upon notice from the Secretary of Health and Human Services to the Director of the Office of Personnel Management, be collected by deducting the amount thereof from each installment of

such annuity. Such deduction shall be made in such manner and at such times as the Director of the Office of Personnel Management may determine. The Director of the Office of Personnel Management shall furnish such information as the Secretary of Health and Human Services may reasonably request in order to carry out his functions under this part with respect to individuals to whom this subsection applies. A plan described in section 8903 or 8903a of title 5 may reimburse each annuitant enrolled in such plan an amount equal to the premiums paid by him under this part if such reimbursement is paid entirely from funds of such plan which are derived from sources other than the contributions described in section 8906 of such title.

(2) The Secretary of the Treasury shall, from time to time, but not less often than quarterly, transfer from the Civil Service Retirement and Disability Fund, or the account (if any) applicable in the case of such other law administered by the Director of the Office of Personnel Management, to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfer shall be made on the basis of a certification by the Director of the Office of Personnel Management and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

**(e) Manner and time of payment prescribed by Secretary**

In the case of an individual who participates in the insurance program established by this part but with respect to whom none of the preceding provisions of this section applies, or with respect to whom subsection (c) applies, the premiums shall be paid to the Secretary at such times, and in such manner, as the Secretary shall by regulations prescribe.

**(f) Deposit of amounts in Treasury**

Amounts paid to the Secretary under subsection (c) or (e) shall be deposited in the Treasury to the credit of the Federal Supplementary Medical Insurance Trust Fund.

**(g) Premium payability period**

In the case of an individual who participates in the insurance program established by this part, premiums shall be payable for the period commencing with the first month of his coverage period and ending with the month in which he dies or, if earlier, in which his coverage under such program terminates.

**(h) Exempted monthly benefits**

In the case of an individual who is enrolled under the program established by this part as a member of a coverage group to which an agreement with a State entered into pursuant to section 1395v of this title is applicable, subsections (a), (b), (c), and (d) of this section shall not apply to his monthly premium for any month in his coverage period which is determined under section 1395v(d) of this title.

To the extent to which the Secretary determines that such an adjustment is appropriate, with the concurrence of any agency responsible for the administration of such benefits, such premium adjustment may be provided directly, as an adjustment to any social security, railroad retirement, or civil service retirement benefits, or, in the case of an individual who receives medical assistance under subchapter XIX for medicare costs described in section 1396d(p)(3)(A)(ii) of this title, as an adjustment to the amount otherwise owed by the State for such medical assistance.

(C) In the case of residents of nursing facilities who receive services described in clause (i) or (ii) of section 1395x(s)(2)(K) of this title performed by a member of a team, the Secretary shall instruct medicare administrative contractors to develop mechanisms which permit routine payment under this part for up to 1.5 visits per month per resident. In the previous sentence, the term "team" refers to a physician and includes a physician assistant acting under the supervision of the physician or a nurse practitioner working in collaboration with that physician, or both.

**(3) The Secretary—**

(A) shall take such action as may be necessary to assure that, where payment under this part for a service is on a cost basis, the cost is reasonable cost (as determined under section 1395x(v) of this title);

(B) shall take such action as may be necessary to assure that, where payment under this part for a service is on a charge basis, such charge will be reasonable and not higher than the charge applicable, for a comparable service and under comparable circumstances, to the policyholders and subscribers of the medicare administrative contractor, and such payment will (except as otherwise provided in section 1395gg(f) of this title) be made—

(i) on the basis of an itemized bill; or

(ii) on the basis of an assignment under the terms of which (I) the reasonable charge is the full charge for the service, (II) the physician or other person furnishing such service agrees not to charge (and to refund amounts already collected) for services for which payment under this subchapter is denied under section 1320c-3(a)(2) of this title by reason of a determination under section 1320c-3(a)(1)(B) of this title, and (III) the physician or other person furnishing such service agrees not to charge (and to refund amounts already collected) for such service if payment may not be made therefor by reason of the provisions of paragraph (1) of section 1395y(a) of this title, and if the individual to whom such service was furnished was without fault in incurring the expenses of such service, and if the Secretary's determination that payment (pursuant to such assignment) was incorrect and was made subsequent to the third year following the year in which notice of such payment was sent to such individual; except that the Secretary may reduce such three-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter (except in the case of physicians' services and ambulance service furnished as described in section 1395y(a)(4) of this title, other than for purposes of section 1395gg(f) of this title);

but (in the case of bills submitted, or requests for payment made, after March 1968) only if the bill is submitted, or a written request for payment is made in such other form as may be permitted under regulations, no later than the period ending 1 calendar year after the date of service;

(C) to (E) Repealed. Pub. L. 108-173, title IX, §911(c)(3)(C)(iv), Dec. 8, 2003, 117 Stat. 2384;

(F) shall take such action as may be necessary to assure that where payment under this part for a service rendered is on a charge basis, such payment shall be determined on the basis of the charge that is determined in accordance with this section on the basis of customary and prevailing charge levels in effect at the time the service was rendered or, in the case of services rendered more than 12 months before the year in which the bill is submitted or request for payment is made, on the basis of such levels in effect for the 12-month period preceding such year;

(G) shall, for a service that is furnished with respect to an individual enrolled under this part, that is not paid on an assignment-related basis, and that is subject to a limiting charge under section 1395w-4(g) of this title—

(i) determine, prior to making payment, whether the amount billed for such service exceeds the limiting charge applicable under section 1395w-4(g)(2) of this title;

(ii) notify the physician, supplier, or other person periodically (but not less often than once every 30 days) of determinations that amounts billed exceeded such applicable limiting charges; and

(iii) provide for prompt response to inquiries of physicians, suppliers, and other persons concerning the accuracy of such limiting charges for their services;

(H) shall implement—

(i) programs to recruit and retain physicians as participating physicians in the area served by the medicare administrative contractor, including educational and outreach activities and the use of professional relations personnel to handle billing and other problems relating to payment of claims of participating physicians; and

(ii) programs to familiarize beneficiaries with the participating physician program and to assist such beneficiaries in locating participating physicians;<sup>1</sup>

(I) Repealed. Pub. L. 108-173, title IX, §911(c)(3)(C)(vi), Dec. 8, 2003, 117 Stat. 2384;

(J), (K) Repealed. Pub. L. 101-234, title II, §201(a), Dec. 13, 1989, 103 Stat. 1981;

(L) shall monitor and profile physicians' billing patterns within each area or locality and provide comparative data to physicians whose utilization patterns vary significantly from other physicians in the same payment area or locality.

In determining the reasonable charge for services for purposes of this paragraph, there shall be taken into consideration the customary charges for similar services generally made by the physician or other person furnishing such services, as well as the prevailing charges in the locality for similar services. No charge may be determined to be reasonable in the case of bills submitted or requests for payment made under this part after December 31, 1970, if it exceeds the higher of (i) the prevailing charge recognized by the carrier and found acceptable by the Secretary for similar services in the same locality in administering this part on December 31, 1970, or (ii) the prevailing charge level that, on the basis of statistical data and methodology acceptable to the Secretary, would cover 75 percent of the customary charges made for similar services in the same locality during the 12-month period ending on the June 30 last preceding the start of the calendar year in which the service is rendered. In the case of physicians' services the prevailing charge level determined for purposes of clause (ii) of the preceding sentence for any twelve-month period (beginning after June 30, 1973) specified in clause (ii) of such sentence may not exceed (in the aggregate)

the level determined under such clause for the fiscal year ending June 30, 1973, or (with respect to physicians' services furnished in a year after 1987) the level determined under this sentence (or under any other provision of law affecting the prevailing charge level) for the previous year except to the extent that the Secretary finds, on the basis of appropriate economic index data, that such higher level is justified by year-to-year economic changes. With respect to power-operated wheelchairs for which payment may be made in accordance with section 1395x(s)(6) of this title, charges determined to be reasonable may not exceed the lowest charge at which power-operated wheelchairs are available in the locality. In the case of medical services, supplies, and equipment (including equipment servicing) that, in the judgment of the Secretary, do not generally vary significantly in quality from one supplier to another, the charges incurred after December 31, 1972, determined to be reasonable may not exceed the lowest charge levels at which such services, supplies, and equipment are widely and consistently available in a locality except to the extent and under the circumstances specified by the Secretary. The requirement in subparagraph (B) that a bill be submitted or request for payment be made by the close of the following calendar year shall not apply if (I) failure to submit the bill or request the payment by the close of such year is due to the error or misrepresentation of an officer, employee, fiscal intermediary, carrier, medicare administrative contractor, or agent of the Department of Health and Human Services performing functions under this subchapter and acting within the scope of his or its authority, and (II) the bill is submitted or the payment is requested promptly after such error or misrepresentation is eliminated or corrected. Notwithstanding the provisions of the third and fourth sentences preceding this sentence, the prevailing charge level in the case of a physician service in a particular locality determined pursuant to such third and fourth sentences for any calendar year after 1974 shall, if lower than the prevailing charge level for the fiscal year ending June 30, 1975, in the case of a similar physician service in the same locality by reason of the application of economic index data, be raised to such prevailing charge level for the fiscal year ending June 30, 1975, and shall remain at such prevailing charge level until the prevailing charge for a year (as adjusted by economic index data) equals or exceeds such prevailing charge level. The amount of any charges for outpatient services which shall be considered reasonable shall be subject to the limitations established by regulations issued by the Secretary pursuant to section 1395x(v)(1)(K) of this title, and in determining the reasonable charge for such services, the Secretary may limit such reasonable charge to a percentage of the amount of the prevailing charge for similar services furnished in a physician's office, taking into account the extent to which overhead costs associated with such outpatient services have been included in the reasonable cost or charge of the facility. In applying subparagraph (B), the Secretary may specify exceptions to the 1 calendar year period specified in such subparagraph.

<sup>1</sup> So in original. Probably should be followed by "and".

(4)(A)(i) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians' services furnished during the 15-month period beginning July 1, 1984, the Secretary shall not set any level higher than the same level as was set for the 12-month period beginning July 1, 1983.

(ii)(I) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians' services furnished during the 8-month period beginning May 1, 1986, by a physician who is not a participating physician (as defined in subsection (h)(1)) at the time of furnishing the services, the Secretary shall not set any level higher than the same level as was set for the 12-month period beginning July 1, 1983.

(II) In determining the prevailing charge levels under the fourth sentence of paragraph (3) for physicians' services furnished during the 8-month period beginning May 1, 1986, by a physician who is a participating physician (as defined in subsection (h)(1)) at the time of furnishing the services, the Secretary shall permit an additional one percentage point increase in the increase otherwise permitted under that sentence.

(iii) In determining the maximum allowable prevailing charges which may be recognized consistent with the index described in the fourth sentence of paragraph (3) for physicians' services furnished on or after January 1, 1987, by participating physicians, the Secretary shall treat the maximum allowable prevailing charges recognized as of December 31, 1986, under such sentence with respect to participating physicians as having been justified by economic changes.

(iv) The reasonable charge for physicians' services furnished on or after January 1, 1987, and before January 1, 1992, by a nonparticipating physician shall be no greater than the applicable percent of the prevailing charge levels established under the third and fourth sentences of paragraph (3) (or under any other applicable provision of law affecting the prevailing charge level). In the previous sentence, the term "applicable percent" means for services furnished (I) on or after January 1, 1987, and before April 1, 1988, 96 percent, (II) on or after April 1, 1988, and before January 1, 1989, 95.5 percent, and (III) on or after January 1, 1989, 95 percent.

(v) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians' services furnished during the 3-month period beginning January 1, 1988, the Secretary shall not set any level higher than the same level as was set for the 12-month period beginning January 1, 1987.

(vi) Before each year (beginning with 1989), the Secretary shall establish a prevailing charge floor for primary care services (as defined in subsection (i)(4)) equal to 60 percent of the estimated average prevailing charge levels based on the best available data (determined, under the third and fourth sentences of paragraph (3) and under paragraph (4), without regard to this clause and without regard to physician specialty) for such service for all localities in the United States (weighted by the relative frequency of the service in each locality) for the year.

(vii) Beginning with 1987, the percentage increase in the MEI (as defined in subsection (i)(3))

for each year shall be the same for nonparticipating physicians as for participating physicians.

(B)(i) In determining the reasonable charge under paragraph (3) for physicians' services furnished during the 15-month period beginning July 1, 1984, the customary charges shall be the same customary charges as were recognized under this section for the 12-month period beginning July 1, 1983.

(ii) In determining the reasonable charge under paragraph (3) for physicians' services furnished during the 8-month period beginning May 1, 1986, by a physician who is not a participating physician (as defined in subsection (h)(1)) at the time of furnishing the services—

(I) if the physician was not a participating physician at any time during the 12-month period beginning on October 1, 1984, the customary charges shall be the same customary charges as were recognized under this section for the 12-month period beginning July 1, 1983, and

(II) if the physician was a participating physician at any time during the 12-month period beginning on October 1, 1984, the physician's customary charges shall be determined based upon the physician's actual charges billed during the 12-month period ending on March 31, 1985.

(iii) In determining the reasonable charge under paragraph (3) for physicians' services furnished during the 3-month period beginning January 1, 1988, the customary charges shall be the same customary charges as were recognized under this section for the 12-month period beginning January 1, 1987.

(iv) In determining the reasonable charge under paragraph (3) for physicians' services (other than primary care services, as defined in subsection (i)(4)) furnished during 1991, the customary charges shall be the same customary charges as were recognized under this section for the 9-month period beginning April 1, 1990. In a case in which subparagraph (F) applies (relating to new physicians) so as to limit the customary charges of a physician during 1990 to a percent of prevailing charges, the previous sentence shall not prevent such limit on customary charges under such subparagraph from increasing in 1991 to a higher percent of such prevailing charges.

(C) In determining the prevailing charge levels under the third and fourth sentences of paragraph (3) for physicians' services furnished during periods beginning after September 30, 1985, the Secretary shall treat the level as set under subparagraph (A)(i) as having fully provided for the economic changes which would have been taken into account but for the limitations contained in subparagraph (A)(i).

(D)(i) In determining the customary charges for physicians' services furnished during the 8-month period beginning May 1, 1986, or the 12-month period beginning January 1, 1987, by a physician who was not a participating physician (as defined in subsection (h)(1)) on September 30, 1985, the Secretary shall not recognize increases in actual charges for services furnished during the 15-month period beginning on July 1, 1984, above the level of the physician's actual charges

billed in the 3-month period ending on June 30, 1984.

(ii) In determining the customary charges for physicians' services furnished during the 12-month period beginning January 1, 1987, by a physician who is not a participating physician (as defined in subsection (h)(1)) on April 30, 1986, the Secretary shall not recognize increases in actual charges for services furnished during the 7-month period beginning on October 1, 1985, above the level of the physician's actual charges billed during the 3-month period ending on June 30, 1984.

(iii) In determining the customary charges for physicians' services furnished during the 12-month period beginning January 1, 1987, or January 1, 1988, by a physician who is not a participating physician (as defined in subsection (h)(1)) on December 31, 1986, the Secretary shall not recognize increases in actual charges for services furnished during the 8-month period beginning on May 1, 1986, above the level of the physician's actual charges billed during the 3-month period ending on June 30, 1984.

(iv) In determining the customary charges for a physicians' service furnished on or after January 1, 1988, if a physician was a nonparticipating physician in a previous year (beginning with 1987), the Secretary shall not recognize any amount of such actual charges (for that service furnished during such previous year) that exceeds the maximum allowable actual charge for such service established under subsection (j)(1)(C).

(E)(i) For purposes of this part for physicians' services furnished in 1987, the percentage increase in the MEI is 3.2 percent.

(ii) For purposes of this part for physicians' services furnished in 1988, on or after April 1, the percentage increase in the MEI is—

(I) 3.6 percent for primary care services (as defined in subsection (i)(4)), and

(II) 1 percent for other physicians' services.

(iii) For purposes of this part for physicians' services furnished in 1989, the percentage increase in the MEI is—

(I) 3.0 percent for primary care services, and

(II) 1 percent for other physicians' services.

(iv) For purposes of this part for items and services furnished in 1990, after March 31, 1990, the percentage increase in the MEI is—

(I) 0 percent for radiology services, for anesthesia services, and for other services specified in the list referred to in paragraph (14)(C)(i),

(II) 2 percent for other services (other than primary care services), and

(III) such percentage increase in the MEI (as defined in subsection (i)(3)) as would be otherwise determined for primary care services (as defined in subsection (i)(4)).

(v) For purposes of this part for items and services furnished in 1991, the percentage increase in the MEI is—

(I) 0 percent for services (other than primary care services), and

(II) 2 percent for primary care services (as defined in subsection (i)(4)).

(5) Repealed. Pub. L. 108-173, title IX, §911(c)(3)(D), Dec. 8, 2003, 117 Stat. 2384.

(6) No payment under this part for a service provided to any individual shall (except as provided in section 1395gg of this title) be made to anyone other than such individual or (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) the physician or other person who provided the service, except that (A) payment may be made (i) to the employer of such physician or other person if such physician or other person is required as a condition of his employment to turn over his fee for such service to his employer, or (ii) where the service was provided under a contractual arrangement between such physician or other person and an entity, to the entity if, under the contractual arrangement, the entity submits the bill for the service and the contractual arrangement meets such program integrity and other safeguards as the Secretary may determine to be appropriate, (B) payment may be made to an entity (i) which provides coverage of the services under a health benefits plan, but only to the extent that payment is not made under this part, (ii) which has paid the person who provided the service an amount (including the amount payable under this part) which that person has accepted as payment in full for the service, and (iii) to which the individual has agreed in writing that payment may be made under this part, (C) in the case of services described in clause (i) of section 1395x(s)(2)(K) of this title, for such services furnished before January 1, 2022, payment shall be made to either (i) the employer of the physician assistant involved, or (ii) with respect to a physician assistant who was the owner of a rural health clinic (as described in section 1395x(aa)(2) of this title) for a continuous period beginning prior to August 5, 1997, and ending on the date that the Secretary determines such rural health clinic no longer meets the requirements of section 1395x(aa)(2) of this title, payment may be made directly to the physician assistant, (D) payment may be made to a physician for physicians' services (and services furnished incident to such services) furnished by a second physician to patients of the first physician if (i) the first physician is unavailable to provide the services; (ii) the services are furnished pursuant to an arrangement between the two physicians that (I) is informal and reciprocal, or (II) involves per diem or other fee-for-time compensation for such services; (iii) the services are not provided by the second physician over a continuous period of more than 60 days or are provided over a longer continuous period during all of which the first physician has been called or ordered to active duty as a member of a reserve component of the Armed Forces; and (iv) the claim form submitted to the medicare administrative contractor for such services includes the second physician's unique identifier (provided under the system established under subsection (r)) and indicates that the claim meets the requirements of this subparagraph for payment to the first physician, (E) in the case of an item or service (other than services described in section 1395yy(e)(2)(A)(ii) of this title) furnished by, or under arrangements made by, a skilled nursing facility to an individual who (at the time the item or service is furnished) is a resident of a skilled nursing facility, payment shall be made

to the facility, (F) in the case of home health services (including medical supplies described in section 1395x(m)(5) of this title, but excluding durable medical equipment to the extent provided for in such section) furnished to an individual who (at the time the item or service is furnished) is under a plan of care of a home health agency, payment shall be made to the agency (without regard to whether or not the item or service was furnished by the agency, by others under arrangement with them made by the agency, or when any other contracting or consulting arrangement, or otherwise), (G) in the case of services in a hospital or clinic to which section 1395qq(e) of this title applies, payment shall be made to such hospital or clinic, (H) in the case of services described in section 1395x(aa)(3) of this title that are furnished by a health care professional under contract with a Federally qualified health center, payment shall be made to the center. No payment which under the preceding sentence may be made directly to the physician or other person providing the service involved (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) shall be made to anyone else under a reassignment or power of attorney (except to an employer or entity as described in subparagraph (A) of such sentence); but nothing in this subsection shall be construed (i) to prevent the making of such a payment in accordance with an assignment from the individual to whom the service was provided or a reassignment from the physician or other person providing such service if such assignment or reassignment is made to a governmental agency or entity or is established by or pursuant to the order of a court of competent jurisdiction, or (ii) to preclude an agent of the physician or other person providing the service from receiving any such payment if (but only if) such agent does so pursuant to an agency agreement under which the compensation to be paid to the agent for his services for or in connection with the billing or collection of payments due such physician or other person under this subchapter is unrelated (directly or indirectly) to the amount of such payments or the billings therefor, and is not dependent upon the actual collection of any such payment. For purposes of subparagraph (C) of the first sentence of this paragraph, an employment relationship may include any independent contractor arrangement, and employer status shall be determined in accordance with the law of the State in which the services described in such clause are performed, (I) in the case of home infusion therapy, payment shall be made to the qualified home infusion therapy supplier or, in the case of items and services described in clause (i) of section 1395m(u)(7)(A) of this title furnished to an individual during the period described in clause (ii) of such section, payment shall be made to the eligible home infusion therapy supplier, and (J) in the case of outpatient physical therapy services furnished by physical therapists in a health professional shortage area (as defined in section 254e(a)(1)(A) of this title), a medically underserved area (as designated pursuant to section 254b(b)(3)(A) of this title), or a rural area (as defined in section 1395ww(d)(2)(D) of this title), subparagraph (D) of this sentence shall

apply to such services and therapists in the same manner as such subparagraph applies to physicians' services furnished by physicians.

(7)(A) In the case of physicians' services furnished to a patient in a hospital with a teaching program approved as specified in section 1395x(b)(6) of this title but which does not meet the conditions described in section 1395x(b)(7) of this title, the Secretary shall not provide (except on the basis described in subparagraph (C)) for payment for such services under this part—

(i) unless—

(I) the physician renders sufficient personal and identifiable physicians' services to the patient to exercise full, personal control over the management of the portion of the case for which the payment is sought,

(II) the services are of the same character as the services the physician furnishes to patients not entitled to benefits under this subchapter, and

(III) at least 25 percent of the hospital's patients (during a representative past period, as determined by the Secretary) who were not entitled to benefits under this subchapter and who were furnished services described in subclauses (I) and (II) paid all or a substantial part of charges (other than nominal charges) imposed for such services; and

(ii) to the extent that the payment is based upon a reasonable charge for the services in excess of the customary charge as determined in accordance with subparagraph (B).

(B) The customary charge for such services in a hospital shall be determined in accordance with regulations issued by the Secretary and taking into account the following factors:

(i) In the case of a physician who is not a teaching physician (as defined by the Secretary), the Secretary shall take into account the amounts the physician charges for similar services in the physician's practice outside the teaching setting.

(ii) In the case of a teaching physician, if the hospital, its physicians, or other appropriate billing entity has established one or more schedules of charges which are collected for medical and surgical services, the Secretary shall base payment under this subchapter on the greatest of—

(I) the charges (other than nominal charges) which are most frequently collected in full or substantial part with respect to patients who were not entitled to benefits under this subchapter and who were furnished services described in subclauses (I) and (II) of subparagraph (A)(i),

(II) the mean of the charges (other than nominal charges) which were collected in full or substantial part with respect to such patients, or

(III) 85 percent of the prevailing charges paid for similar services in the same locality.

(iii) If all the teaching physicians in a hospital agree to have payment made for all of their physicians' services under this part furnished to patients in such hospital on an assignment-related basis, the customary charge

for such services shall be equal to 90 percent of the prevailing charges paid for similar services in the same locality.

(C) In the case of physicians' services furnished to a patient in a hospital with a teaching program approved as specified in section 1395x(b)(6) of this title but which does not meet the conditions described in section 1395x(b)(7) of this title, if the conditions described in subclauses (I) and (II) of subparagraph (A)(i) are met and if the physician elects payment to be determined under this subparagraph, the Secretary shall provide for payment for such services under this part on the basis of regulations of the Secretary governing reimbursement for the services of hospital-based physicians (and not on any other basis).

(D)(i) In the case of physicians' services furnished to a patient in a hospital with a teaching program approved as specified in section 1395x(b)(6) of this title but which does not meet the conditions described in section 1395x(b)(7) of this title, no payment shall be made under this part for services of assistants at surgery with respect to a surgical procedure if such hospital has a training program relating to the medical specialty required for such surgical procedure and a qualified individual on the staff of the hospital is available to provide such services; except that payment may be made under this part for such services, to the extent that such payment is otherwise allowed under this paragraph, if such services, as determined under regulations of the Secretary—

(I) are required due to exceptional medical circumstances,

(II) are performed by team physicians needed to perform complex medical procedures, or

(III) constitute concurrent medical care relating to a medical condition which requires the presence of, and active care by, a physician of another specialty during surgery,

and under such other circumstances as the Secretary determines by regulation to be appropriate.

(ii) For purposes of this subparagraph, the term "assistant at surgery" means a physician who actively assists the physician in charge of a case in performing a surgical procedure.

(iii) The Secretary shall determine appropriate methods of reimbursement of assistants at surgery where such services are reimbursable under this part.

(8)(A)(i) The Secretary shall by regulation—

(I) describe the factors to be used in determining the cases (of particular items or services) in which the application of this subchapter to payment under this part (other than to physicians' services paid under section 1395w-4 of this title) results in the determination of an amount that, because of its being grossly excessive or grossly deficient, is not inherently reasonable, and

(II) provide in those cases for the factors to be considered in determining an amount that is realistic and equitable.

(ii) Notwithstanding the determination made in clause (i), the Secretary may not apply factors that would increase or decrease the payment under this part during any year for any

particular item or service by more than 15 percent from such payment during the preceding year except as provided in subparagraph (B).

(B) The Secretary may make a determination under this subparagraph that would result in an increase or decrease under subparagraph (A) of more than 15 percent of the payment amount for a year, but only if—

(i) the Secretary's determination takes into account the factors described in subparagraph (C) and any additional factors the Secretary determines appropriate,

(ii) the Secretary's determination takes into account the potential impacts described in subparagraph (D), and

(iii) the Secretary complies with the procedural requirements of paragraph (9).

(C) The factors described in this subparagraph are as follows:

(i) The programs established under this subchapter and subchapter XIX are the sole or primary sources of payment for an item or service.

(ii) The payment amount does not reflect changing technology, increased facility with that technology, or reductions in acquisition or production costs.

(iii) The payment amount for an item or service under this part is substantially higher or lower than the payment made for the item or service by other purchasers.

(D) The potential impacts of a determination under subparagraph (B) on quality, access, and beneficiary liability, including the likely effects on assignment rates and participation rates.

(9)(A) The Secretary shall consult with representatives of suppliers or other individuals who furnish an item or service before making a determination under paragraph (8)(B) with regard to that item or service.

(B) The Secretary shall publish notice of a proposed determination under paragraph (8)(B) in the Federal Register—

(i) specifying the payment amount proposed to be established with respect to an item or service,

(ii) explaining the factors and data that the Secretary took into account in determining the payment amount so specified, and

(iii) explaining the potential impacts described in paragraph (8)(D).

(C) After publication of the notice required by subparagraph (B), the Secretary shall allow not less than 60 days for public comment on the proposed determination.

(D)(i) Taking into consideration the comments made by the public, the Secretary shall publish in the Federal Register a final determination under paragraph (8)(B) with respect to the payment amount to be established with respect to the item or service.

(ii) A final determination published pursuant to clause (i) shall explain the factors and data that the Secretary took into consideration in making the final determination.

(10)(A)(i) In determining the reasonable charge for procedures described in subparagraph (B) and performed during the 9-month period beginning on April 1, 1988, the prevailing charge for such procedure shall be the prevailing charge otherwise recognized for such procedure for 1987—

(I) subject to clause (iii), reduced by 2.0 percent, and

(II) further reduced by the applicable percentage specified in clause (ii).

(ii) For purposes of clause (i), the applicable percentage specified in this clause is—

(I) 15 percent, in the case of a prevailing charge otherwise recognized (without regard to this paragraph and determined without regard to physician specialty) that is at least 150 percent of the weighted national average (as determined by the Secretary) of such prevailing charges for such procedure for all localities in the United States for 1987;

(II) 0 percent, in the case of a prevailing charge that does not exceed 85 percent of such weighted national average; and

(III) in the case of any other prevailing charge, a percent determined on the basis of a straight-line sliding scale, equal to  $\frac{3}{13}$  of a percentage point for each percent by which the prevailing charge exceeds 85 percent of such weighted national average.

(iii) In no case shall the reduction under clause (i) for a procedure result in a prevailing charge in a locality for 1988 which is less than 85 percent of the Secretary's estimate of the weighted national average of such prevailing charges for such procedure for all localities in the United States for 1987 (based upon the best available data and determined without regard to physician specialty) after making the reduction described in clause (i)(I).

(B) The procedures described in this subparagraph are as follows: bronchoscopy, carpal tunnel repair, cataract surgery (including subsequent insertion of an intraocular lens), coronary artery bypass surgery, diagnostic and/or therapeutic dilation and curettage, knee arthroscopy, knee arthroplasty, pacemaker implantation surgery, total hip replacement, suprapubic prostatectomy, transurethral resection of the prostate, and upper gastrointestinal endoscopy.

(C) In the case of a reduction in the reasonable charge for a physicians' service under subparagraph (A), if a nonparticipating physician furnishes the service to an individual entitled to benefits under this part, after the effective date of such reduction, the physician's actual charge is subject to a limit under subsection (j)(1)(D).

(D) There shall be no administrative or judicial review under section 1395ff of this title or otherwise of any determination under subparagraph (A) or under paragraph (11)(B)(ii).

(11)(A) In providing payment for cataract eyeglasses and cataract contact lenses, and professional services relating to them, under this part, each carrier shall—

(i) provide for separate determinations of the payment amount for the eyeglasses and lenses and of the payment amount for the professional services of a physician (as defined in section 1395x(r) of this title), and

(ii) not recognize as reasonable for such eyeglasses and lenses more than such amount as the Secretary establishes in guidelines relating to the inherent reasonableness of charges for such eyeglasses and lenses.

(B)(i) In determining the reasonable charge under paragraph (3) for a cataract surgical pro-

cedure, subject to clause (ii), the prevailing charge for such procedure otherwise recognized for participating and nonparticipating physicians shall be reduced by 10 percent with respect to procedures performed in 1987.

(ii) In no case shall the reduction under clause (i) for a surgical procedure result in a prevailing charge in a locality for a year which is less than 75 percent of the weighted national average of such prevailing charges for such procedure for all the localities in the United States for 1986.

(C)(i) The prevailing charge level determined with respect to A-mode ophthalmic ultrasound procedures may not exceed 5 percent of the prevailing charge level established with respect to extracapsular cataract removal with lens insertion.

(ii) The reasonable charge for an intraocular lens inserted during or subsequent to cataract surgery in a physician's office may not exceed the actual acquisition cost for the lens (taking into account any discount) plus a handling fee (not to exceed 5 percent of such actual acquisition cost).

(D) In the case of a reduction in the reasonable charge for a physicians' service or item under subparagraph (B) or (C), if a nonparticipating physician furnishes the service or item to an individual entitled to benefits under this part after the effective date of such reduction, the physician's actual charge is subject to a limit under subsection (j)(1)(D).

(12) Repealed. Pub. L. 105-33, title IV, § 4512(b)(2), Aug. 5, 1997, 111 Stat. 444.

(13)(A) In determining payments under section 1395(l) of this title and section 1395w-4 of this title for anesthesia services furnished on or after January 1, 1994, the methodology for determining the base and time units used shall be the same for services furnished by physicians, for medical direction by physicians of two, three, or four certified registered nurse anesthetists, or for services furnished by a certified registered nurse anesthetist (whether or not medically directed) and shall be based on the methodology in effect, for anesthesia services furnished by physicians, as of August 10, 1993.

(B) The Secretary shall require claims for physicians' services for medical direction of nurse anesthetists during the periods in which the provisions of subparagraph (A) apply to indicate the number of such anesthetists being medically directed concurrently at any time during the procedure, the name of each nurse anesthetist being directed, and the type of procedure for which the services are provided.

(14)(A)(i) In determining the reasonable charge for a physicians' service specified in subparagraph (C)(i) and furnished during the 9-month period beginning on April 1, 1990, the prevailing charge for such service shall be the prevailing charge otherwise recognized for such service for 1989 reduced by 15 percent or, if less,  $\frac{1}{2}$  of the percent (if any) by which the prevailing charge otherwise applied in the locality in 1989 exceeds the locally-adjusted reduced prevailing amount (as determined under subparagraph (B)(i)) for the service.

(ii) In determining the reasonable charge for a physicians' service specified in subparagraph (C)(i) and furnished during 1991, the prevailing

charge for such service shall be the prevailing charge otherwise recognized for such service for the period during 1990 beginning on April 1, reduced by the same amount as the amount of the reduction effected under this paragraph (as amended by the Omnibus Budget Reconciliation Act of 1990) for such service during such period.

(B) For purposes of this paragraph:

(i) The “locally-adjusted reduced prevailing amount” for a locality for a physicians’ service is equal to the product of—

(I) the reduced national weighted average prevailing charge for the service (specified under clause (ii)), and

(II) the adjustment factor (specified under clause (iii)) for the locality.

(ii) The “reduced national weighted average prevailing charge” for a physicians’ service is equal to the national weighted average prevailing charge for the service (specified in subparagraph (C)(ii)) reduced by the percentage change (specified in subparagraph (C)(iii)) for the service.

(iii) The “adjustment factor”, for a physicians’ service for a locality, is the sum of—

(I) the practice expense component (percent), divided by 100, specified in appendix A (pages 187 through 194) of the Report of the Medicare and Medicaid Health Budget Reconciliation Amendments of 1989, prepared by the Subcommittee on Health and the Environment of the Committee on Energy and Commerce, House of Representatives, (Committee Print 101-M, 101st Congress, 1st Session) for the service, multiplied by the geographic practice cost index value (specified in subparagraph (C)(iv)) for the locality, and

(II) 1 minus the practice expense component (percent), divided by 100.

(C) For purposes of this paragraph:

(i) The physicians’ services specified in this clause are the procedures specified (by code and description) in the Overvalued Procedures List for Finance Committee, Revised September 20, 1989, prepared by the Physician Payment Review Commission which specification is of physicians’ services that have been identified as overvalued by at least 10 percent based on a comparison of payments for such services under a resource-based relative value scale and of the national average prevailing charges under this part.

(ii) The “national weighted average prevailing charge” specified in this clause, for a physicians’ service specified in clause (i), is the national weighted average prevailing charge for the service in 1989 as determined by the Secretary using the best data available.

(iii) The “percentage change” specified in this clause, for a physicians’ service specified in clause (i), is the percent difference (but expressed as a positive number) specified for the service in the list referred to in clause (i).

(iv) The geographic practice cost index value specified in this clause for a locality is the Geographic Overhead Costs Index specified for the locality in table 1 of the September 1989 Supplement to the Geographic Medicare Economic Index: Alternative Approaches (prepared by the Urban Institute and the Center for Health Economics Research).

(D) In the case of a reduction in the prevailing charge for a physicians’ service under subparagraph (A), if a nonparticipating physician furnishes the service to an individual entitled to benefits under this part, after the effective date of such reduction, the physician’s actual charge is subject to a limit under subsection (j)(1)(D).

(15)(A) In determining the reasonable charge for surgery, radiology, and diagnostic physicians’ services which the Secretary shall designate (based on their high volume of expenditures under this part) and for which the prevailing charge (but for this paragraph) differs by physician specialty, the prevailing charge for such a service may not exceed the prevailing charge or fee schedule amount for that specialty of physicians that furnish the service most frequently nationally.

(B) In the case of a reduction in the prevailing charge for a physician’s service under subparagraph (A), if a nonparticipating physician furnishes the service to an individual entitled to benefits under this part, after the effective date of the reduction, the physician’s actual charge is subject to a limit under subsection (j)(1)(D).

(16)(A) In determining the reasonable charge for all physicians’ services other than physicians’ services specified in subparagraph (B) furnished during 1991, the prevailing charge for a locality shall be 6.5 percent below the prevailing charges used in the locality under this part in 1990 after March 31.

(B) For purposes of subparagraph (A), the physicians’ services specified in this subparagraph are as follows:

(i) Radiology, anesthesia and physician pathology services, the technical components of diagnostic tests specified in paragraph (17) and physicians’ services specified in paragraph (14)(C)(i).

(ii) Primary care services specified in subsection (i)(4), hospital inpatient medical services, consultations, other visits, preventive medicine visits, psychiatric services, emergency care facility services, and critical care services.

(iii) Partial mastectomy; tendon sheath injections and small joint arthrocentesis; femoral fracture and trochanteric fracture treatments; endotracheal intubation; thoracostomy; thoracotomy; aneurysm repair; cystourethroscopy; transurethral fulguration and resection; tympanoplasty with mastoidectomy; and ophthalmoscopy.

(17) With respect to payment under this part for the technical (as distinct from professional) component of diagnostic tests (other than clinical diagnostic laboratory tests, tests specified in paragraph (14)(C)(i), and radiology services, including portable x-ray services) which the Secretary shall designate (based on their high volume of expenditures under this part), the reasonable charge for such technical component (including the applicable portion of a global service) may not exceed the national median of such charges for all localities, as estimated by the Secretary using the best available data.

(18)(A) Payment for any service furnished by a practitioner described in subparagraph (C) and for which payment may be made under this part on a reasonable charge or fee schedule basis may

only be made under this part on an assignment-related basis.

(B) A practitioner described in subparagraph (C) or other person may not bill (or collect any amount from) the individual or another person for any service described in subparagraph (A), except for deductible and coinsurance amounts applicable under this part. No person is liable for payment of any amounts billed for such a service in violation of the previous sentence. If a practitioner or other person knowingly and willfully bills (or collects an amount) for such a service in violation of such sentence, the Secretary may apply sanctions against the practitioner or other person in the same manner as the Secretary may apply sanctions against a physician in accordance with subsection (j)(2) in the same manner as such section applies with respect to a physician. Paragraph (4) of subsection (j) shall apply in this subparagraph in the same manner as such paragraph applies to such section.

(C) A practitioner described in this subparagraph is any of the following:

(i) A physician assistant, nurse practitioner, or clinical nurse specialist (as defined in section 1395x(aa)(5) of this title).

(ii) A certified registered nurse anesthetist (as defined in section 1395x(bb)(2) of this title).

(iii) A certified nurse-midwife (as defined in section 1395x(gg)(2) of this title).

(iv) A clinical social worker (as defined in section 1395x(hh)(1) of this title).

(v) A clinical psychologist (as defined by the Secretary for purposes of section 1395x(ii) of this title).

(vi) A registered dietitian or nutrition professional.

(D) For purposes of this paragraph, a service furnished by a practitioner described in subparagraph (C) includes any services and supplies furnished as incident to the service as would otherwise be covered under this part if furnished by a physician or as incident to a physician's service.

(19) For purposes of section 1395/(a)(1) of this title, the reasonable charge for ambulance services (as described in section 1395x(s)(7) of this title) provided during calendar year 1998 and calendar year 1999 may not exceed the reasonable charge for such services provided during the previous calendar year (after application of this paragraph), increased by the percentage increase in the consumer price index for all urban consumers (U.S. city average) as estimated by the Secretary for the 12-month period ending with the midpoint of the year involved reduced by 1.0 percentage point.

**(c) Prompt payment of claims**

(1) Repealed. Pub. L. 108-173, title IX, §911(c)(4)(A), Dec. 8, 2003, 117 Stat. 2384.

(2)(A) Each contract under section 1395kk-1 of this title that provides for making payments under this part shall provide that payment shall be issued, mailed, or otherwise transmitted with respect to not less than 95 percent of all claims submitted under this part—

(i) which are clean claims, and

(ii) for which payment is not made on a periodic interim payment basis,

within the applicable number of calendar days after the date on which the claim is received.

(B) In this paragraph:

(i) The term “clean claim” means a claim that has no defect or impropriety (including any lack of any required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this part.

(ii) The term “applicable number of calendar days” means—

(I) with respect to claims received in the 12-month period beginning October 1, 1986, 30 calendar days,

(II) with respect to claims received in the 12-month period beginning October 1, 1987, 26 calendar days (or 19 calendar days with respect to claims submitted by participating physicians),

(III) with respect to claims received in the 12-month period beginning October 1, 1988, 25 calendar days (or 18 calendar days with respect to claims submitted by participating physicians),

(IV) with respect to claims received in the 12-month period beginning October 1, 1989, and claims received in any succeeding 12-month period ending on or before September 30, 1993, 24 calendar days (or 17 calendar days with respect to claims submitted by participating physicians), and

(V) with respect to claims received in the 12-month period beginning October 1, 1993, and claims received in any succeeding 12-month period, 30 calendar days.

(C) If payment is not issued, mailed, or otherwise transmitted within the applicable number of calendar days (as defined in clause (ii) of subparagraph (B)) after a clean claim (as defined in clause (i) of such subparagraph) is received, interest shall be paid at the rate used for purposes of section 3902(a) of title 31 (relating to interest penalties for failure to make prompt payments) for the period beginning on the day after the required payment date and ending on the date on which payment is made.

(3)(A) Each contract under this section which provides for the disbursement of funds, as described in section 1395kk-1(a)(3)(B) of this title, shall provide that no payment shall be issued, mailed, or otherwise transmitted with respect to any claim submitted under this subchapter within the applicable number of calendar days after the date on which the claim is received.

(B) In this paragraph, the term “applicable number of calendar days” means—

(i) with respect to claims submitted electronically as prescribed by the Secretary, 13 days, and

(ii) with respect to claims submitted otherwise, 28 days.

(4) Neither a medicare administrative contractor nor the Secretary may impose a fee under this subchapter—

(A) for the filing of claims related to physicians' services,

(B) for an error in filing a claim relating to physicians' services or for such a claim which is denied,

(C) for any appeal under this subchapter with respect to physicians' services,

(D) for applying for (or obtaining) a unique identifier under subsection (r), or

(E) for responding to inquiries respecting physicians' services or for providing information with respect to medical review of such services.

**(d) to (f). Repealed. Pub. L. 108-173, title IX, § 911(c)(5), Dec. 8, 2003, 117 Stat. 2384**

**(g) Authority of Railroad Retirement Board to enter into contracts with medicare administrative contractors**

The Railroad Retirement Board shall, in accordance with such regulations as the Secretary may prescribe, contract with a medicare administrative contractor or contractors to perform the functions set out in this section with respect to individuals entitled to benefits as qualified railroad retirement beneficiaries pursuant to section 426(a) of this title and section 231f(d) of title 45.

**(h) Participating physician or supplier; agreement with Secretary; publication of directories; availability; inclusion of program in explanation of benefits; payment of claims on assignment-related basis**

(1) Any physician or supplier may voluntarily enter into an agreement with the Secretary to become a participating physician or supplier. For purposes of this section, the term "participating physician or supplier" means a physician or supplier (excluding any provider of services) who, before the beginning of any year beginning with 1984, enters into an agreement with the Secretary which provides that such physician or supplier will accept payment under this part on an assignment-related basis for all items and services furnished to individuals enrolled under this part during such year. In the case of a newly licensed physician or a physician who begins a practice in a new area, or in the case of a new supplier who begins a new business, or in such similar cases as the Secretary may specify, such physician or supplier may enter into such an agreement after the beginning of a year, for items and services furnished during the remainder of the year.

(2) The Secretary shall maintain a toll-free telephone number or numbers at which individuals enrolled under this part may obtain the names, addresses, specialty, and telephone numbers of participating physicians and suppliers and may request a copy of an appropriate directory published under paragraph (4). The Secretary shall, without charge, mail a copy of such directory upon such a request.

(3)(A) In any case in which<sup>2</sup> medicare administrative contractor having a contract under section 1395kk-1 of this title that provides for making payments under this part is able to develop a system for the electronic transmission to such contractor of bills for services, such contractor shall establish direct lines for the electronic receipt of claims from participating physicians and suppliers.

(B) The Secretary shall establish a procedure whereby an individual enrolled under this part may assign, in an appropriate manner on the

form claiming a benefit under this part for an item or service furnished by a participating physician or supplier, the individual's rights of payment under a medicare supplemental policy (described in section 1395ss(g)(1) of this title) in which the individual is enrolled. In the case such an assignment is properly executed and a payment determination is made by a medicare administrative contractor with a contract under this section, the contractor shall transmit to the private entity issuing the medicare supplemental policy notice of such fact and shall include an explanation of benefits and any additional information that the Secretary may determine to be appropriate in order to enable the entity to decide whether (and the amount of) any payment is due under the policy. The Secretary may enter into agreements for the transmittal of such information to entities electronically. The Secretary shall impose user fees for the transmittal of information under this subparagraph by a medicare administrative contractor, whether electronically or otherwise, and such user fees shall be collected and retained by the contractor.

(4) At the beginning of each year the Secretary shall publish directories (for appropriate local geographic areas) containing the name, address, and specialty of all participating physicians and suppliers (as defined in paragraph (1)) for that area for that year. Each directory shall be organized to make the most useful presentation of the information (as determined by the Secretary) for individuals enrolled under this part. Each participating physician directory for an area shall provide an alphabetical listing of all participating physicians practicing in the area and an alphabetical listing by locality and specialty of such physicians.

(5)(A) The Secretary shall promptly notify individuals enrolled under this part through an annual mailing of the participation program under this subsection and the publication and availability of the directories and shall make the appropriate area directory or directories available in each district and branch office of the Social Security Administration, in the offices of medicare administrative contractors, and to senior citizen organizations.

(B) The annual notice provided under subparagraph (A) shall include—

(i) a description of the participation program,

(ii) an explanation of the advantages to beneficiaries of obtaining covered services through a participating physician or supplier,

(iii) an explanation of the assistance offered by medicare administrative contractors in obtaining the names of participating physicians and suppliers, and

(iv) the toll-free telephone number under paragraph (2)(A) for inquiries concerning the program and for requests for free copies of appropriate directories.

(6) The Secretary shall provide that the directories shall be available for purchase by the public. The Secretary shall provide that each appropriate area directory is sent to each participating physician located in that area and that an appropriate number of copies of each such directory is sent to hospitals located in the area. Such copies shall be sent free of charge.

<sup>2</sup>So in original. Probably should be followed by "a".

(7) The Secretary shall provide that each explanation of benefits provided under this part for services furnished in the United States, in conjunction with the payment of claims under section 1395l(a)(1) of this title (made other than on an assignment-related basis), shall include—

(A) a prominent reminder of the participating physician and supplier program established under this subsection (including the limitation on charges that may be imposed by such physicians and suppliers and a clear statement of any amounts charged for the particular items or services on the claim involved above the amount recognized under this part),

(B) the toll-free telephone number or numbers, maintained under paragraph (2), at which an individual enrolled under this part may obtain information on participating physicians and suppliers,

(C)(i) an offer of assistance to such an individual in obtaining the names of participating physicians of appropriate specialty and (ii) an offer to provide a free copy of the appropriate participating physician directory, and

(D) in the case of services for which the billed amount exceeds the limiting charge imposed under section 1395w-4(g) of this title, information regarding such applicable limiting charge (including information concerning the right to a refund under section 1395w-4(g)(1)(A)(iv) of this title).

(8) The Secretary may refuse to enter into an agreement with a physician or supplier under this subsection, or may terminate or refuse to renew such agreement, in the event that such physician or supplier has been convicted of a felony under Federal or State law for an offense which the Secretary determines is detrimental to the best interests of the program or program beneficiaries.

(9) The Secretary may revoke enrollment, for a period of not more than one year for each act, for a physician or supplier under section 1395cc(j) of this title if such physician or supplier fails to maintain and, upon request of the Secretary, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such physician or supplier under this subchapter, as specified by the Secretary.

**(i) Definitions**

For purposes of this subchapter:

(1) A claim is considered to be paid on an “assignment-related basis” if the claim is paid on the basis of an assignment described in subsection (b)(3)(B)(ii), in accordance with subsection (b)(6)(B), or under the procedure described in section 1395gg(f)(1) of this title.

(2) The term “participating physician” refers, with respect to the furnishing of services, to a physician who at the time of furnishing the services is a participating physician (under subsection (h)(1)); the term “nonparticipating physician” refers, with respect to the furnishing of services, to a physician who at the time of furnishing the services is not a participating physician; and the term “nonparticipating supplier or other person”

means a supplier or other person (excluding a provider of services) that is not a participating physician or supplier (as defined in subsection (h)(1)).

(3) The term “percentage increase in the MEI” means, with respect to physicians’ services furnished in a year, the percentage increase in the medicare economic index (referred to in the fourth sentence of subsection (b)(3)) applicable to such services furnished as of the first day of that year.

(4) The term “primary care services” means physicians’ services which constitute office medical services, emergency department services, home medical services, skilled nursing, intermediate care, and long-term care medical services, or nursing home, boarding home, domiciliary, or custodial care medical services.

**(j) Monitoring of charges of nonparticipating physicians; sanctions; restitution**

(1)(A) In the case of a physician who is not a participating physician for items and services furnished during a portion of the 30-month period beginning July 1, 1984, the Secretary shall monitor the physician’s actual charges to individuals enrolled under this part for physicians’ services during that portion of that period. If such physician knowingly and willfully bills individuals enrolled under this part for actual charges in excess of such physician’s actual charges for the calendar quarter beginning on April 1, 1984, the Secretary may apply sanctions against such physician in accordance with paragraph (2).

(B)(i) During any period (on or after January 1, 1987, and before the date specified in clause (ii)), during which a physician is a nonparticipating physician, the Secretary shall monitor the actual charges of each such physician for physicians’ services furnished to individuals enrolled under this part. If such physician knowingly and willfully bills on a repeated basis for such a service an actual charge in excess of the maximum allowable actual charge determined under subparagraph (C) for that service, the Secretary may apply sanctions against such physician in accordance with paragraph (2).

(ii) Clause (i) shall not apply to services furnished after December 31, 1990.

(C)(i) For a particular physicians’ service furnished by a nonparticipating physician to individuals enrolled under this part during a year, for purposes of subparagraph (B), the maximum allowable actual charge is determined as follows: If the physician’s maximum allowable actual charge for that service in the previous year was—

(I) less than 115 percent of the applicable percent (as defined in subsection (b)(4)(A)(iv)) of the prevailing charge for the year and service involved, the maximum allowable actual charge for the year involved is the greater of the maximum allowable actual charge described in subclause (II) or the charge described in clause (ii), or

(II) equal to, or greater than, 115 percent of the applicable percent (as defined in subsection (b)(4)(A)(iv)) of the prevailing charge for the year and service involved, the max-

imum allowable actual charge is 101 percent of the physician's maximum allowable actual charge for the service for the previous year.

(ii) For purposes of clause (i)(I), the charge described in this clause for a particular physicians' service furnished in a year is the maximum allowable actual charge for the service of the physician for the previous year plus the product of (I) the applicable fraction (as defined in clause (iii)) and (II) the amount by which 115 percent of the prevailing charge for the year involved for such service furnished by nonparticipating physicians, exceeds the physician's maximum allowable actual charge for the service for the previous year.

(iii) In clause (ii), the "applicable fraction" is—

- (I) for 1987,  $\frac{1}{4}$ ,
- (II) for 1988,  $\frac{1}{3}$ ,
- (III) for 1989,  $\frac{1}{2}$ , and
- (IV) for any subsequent year, 1.

(iv) For purposes of determining the maximum allowable actual charge under clauses (i) and (ii) for 1987, in the case of a physicians' service for which the physician has actual charges for the calendar quarter beginning on April 1, 1984, the "maximum allowable actual charge" for 1986 is the physician's actual charge for such service furnished during such quarter.

(v) For purposes of determining the maximum allowable actual charge under clauses (i) and (ii) for a year after 1986, in the case of a physicians' service for which the physician has no actual charges for the calendar quarter beginning on April 1, 1984, and for which a maximum allowable actual charge has not been previously established under this clause, the "maximum allowable actual charge" for the previous year shall be the 50th percentile of the customary charges for the service (weighted by frequency of the service) performed by nonparticipating physicians in the locality during the 12-month period ending June 30 of that previous year.

(vi) For purposes of this subparagraph, a "physician's actual charge" for a physicians' service furnished in a year or other period is the weighted average (or, at the option of the Secretary for a service furnished in the calendar quarter beginning April 1, 1984, the median) of the physician's charges for such service furnished in the year or other period.

(vii) In the case of a nonparticipating physician who was a participating physician during a previous period, for the purpose of computing the physician's maximum allowable actual charge during the physician's period of nonparticipation, the physician shall be deemed to have had a maximum allowable actual charge during the period of participation, and such deemed maximum allowable actual charge shall be determined according to clauses (i) through (vi).

(viii) Notwithstanding any other provision of this subparagraph, the maximum allowable actual charge for a particular physician's service furnished by a nonparticipating physician to individuals enrolled under this part during the 3-month period beginning on January 1, 1988, shall be the amount determined under this subparagraph for 1987. The maximum allowable actual

charge for any such service otherwise determined under this subparagraph for 1988 shall take effect on April 1, 1988.

(ix) If there is a reduction under subsection (b)(13) in the reasonable charge for medical direction furnished by a nonparticipating physician, the maximum allowable actual charge otherwise permitted under this subsection for such services shall be reduced in the same manner and in the same percentage as the reduction in such reasonable charge.

(D)(i) If an action described in clause (ii) results in a reduction in a reasonable charge for a physicians' service or item and a nonparticipating physician furnishes the service or item to an individual entitled to benefits under this part after the effective date of such action, the physician may not charge the individual more than 125 percent of the reduced payment allowance (as defined in clause (iii)) plus (for services or items furnished during the 12-month period (or 9-month period in the case of an action described in clause (ii)(II)) beginning on the effective date of the action)  $\frac{1}{2}$  of the amount by which the physician's maximum allowable actual charge for the service or item for the previous 12-month period exceeds such 125 percent level.

(ii) The first sentence of clause (i) shall apply to—

(I) an adjustment under subsection (b)(8)(B) (relating to inherent reasonableness),

(II) a reduction under subsection (b)(10)(A) or (b)(14)(A) (relating to certain overpriced procedures),

(III) a reduction under subsection (b)(11)(B) (relating to certain cataract procedures),

(IV) a prevailing charge limit established under subsection (b)(11)(C)(i) or (b)(15)(A),

(V) a reasonable charge limit established under subsection (b)(11)(C)(ii) of this section, and

(VI) an adjustment under section 1395(l)(3)(B) of this title (relating to physician supervision of certified registered nurse anesthetists).

(iii) In clause (i), the term "reduced payment allowance" means, with respect to an action—

(I) under subsection (b)(8)(B), the inherently reasonable charge established under subsection (b)(8);

(II) under subsection (b)(10)(A), (b)(11)(B), (b)(11)(C)(i), (b)(14)(A), or (b)(15)(A) or under section 1395(l)(3)(B) of this title, the prevailing charge for the service after the action; or

(III) under subsection (b)(11)(C)(ii), the payment allowance established under such subsection.

(iv) If a physician knowingly and willfully bills in violation of clause (i) (whether or not such charge violates subparagraph (B)), the Secretary may apply sanctions against such physician in accordance with paragraph (2).

(v) Clause (i) shall not apply to items and services furnished after December 31, 1990.

(2) Subject to paragraph (3), the sanctions which the Secretary may apply under this paragraph are—

(A) excluding a physician from participation in the programs under this chapter for a pe-

riod not to exceed 5 years, in accordance with the procedures of subsections (c), (f), and (g) of section 1320a-7 of this title, or

(B) civil monetary penalties and assessments, in the same manner as such penalties and assessments are authorized under section 1320a-7a(a) of this title,

or both. (iv) the physician has collected any amounts for such services,

the physician shall refund on a timely basis to the individual (and shall be liable to the individual for) any amounts so collected.

(B) A refund under subparagraph (A) is considered to be on a timely basis only if—

(ii) in the case in which such a reconsideration or appeal is taken, the refund is made within 15 days after the date the physician receives notice of an adverse determination on reconsideration or appeal.

(C) Subparagraph (A) shall not apply to the furnishing of a service by a physician to an individual in the case described in subparagraph (A)(iii)(I) if—

(A) If the bill or request for payment indicates that the test was performed by a supplier, identifies the supplier, and indicates the amount the supplier charged the billing physician, payment for the test (less the applicable deductible and coinsurance amounts) shall be the actual acquisition costs (net of any discounts) or, if lower, the supplier's reasonable charge (or other applicable limit) for the test.

(B) If the bill or request for payment (i) does not indicate who performed the test, or (ii) indicates that the test was performed by a supplier but does not identify the supplier or include the amount charged by the supplier, no payment shall be made under this part.

(2) If payment for a drug or biological is made to a licensed pharmacy approved to dispense drugs or biologicals under this part, the Secretary may pay a dispensing fee (less the applicable deductible and coinsurance amounts) to the pharmacy. This paragraph shall not apply in the case of payment under paragraph (1)(C).

(3)(A) Payment for a charge for any drug or biological for which payment may be made under this part may be made only on an assignment-related basis.

(B) The provisions of subsection (b)(18)(B) shall apply to charges for such drugs or biologicals in the same manner as they apply to services furnished by a practitioner described in subsection (b)(18)(C).

(4)(A) Subject to the succeeding provisions of this paragraph, the amount of payment for a drug or biological under this paragraph furnished in 2004 is equal to 85 percent of the average wholesale price (determined as of April 1, 2003) for the drug or biological.

Such payment amount may take into account any or all of the following:

- (i) The mixing (if appropriate) and delivery of factors to an individual, including special inventory management and storage requirements.

- (ii) Ancillary supplies and patient training necessary for the self-administration of such factors.

(B) In determining the separate payment amount under subparagraph (A) for blood clotting factors furnished in 2005, the Secretary shall ensure that the total amount of payments under this part (as estimated by the Secretary) for such factors under paragraph (1)(C) and such separate payments for such factors does not exceed the total amount of payments that would have been made for such factors under this part (as estimated by the Secretary) if the amendments made by section 303 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 had not been enacted.

(C) The separate payment amount under this subparagraph for blood clotting factors furnished in 2006 or a subsequent year shall be equal to the separate payment amount determined under this paragraph for the previous year increased by the percentage increase in the consumer price index for medical care for the 12-month period ending with June of the previous year.

(6) In the case of an immunosuppressive drug described in subparagraph (J) of section 1395x(s)(2) of this title and an oral drug described in subparagraph (Q) or (T) of such section, the Secretary shall pay to the pharmacy a supplying fee for such a drug determined appropriate by the Secretary (less the applicable deductible and coinsurance amounts).

(7) There shall be no administrative or judicial review under section 1395ff of this title, section 1395oo of this title, or otherwise, of determinations of payment amounts, methods, or adjustments under paragraphs (4) through (6).

**(p) Requiring submission of diagnostic information**

(1) Each request for payment, or bill submitted, for an item or service furnished by a physician or practitioner specified in subsection (b)(18)(C) for which payment may be made under this part shall include the appropriate diagnosis code (or codes) as established by the Secretary for such item or service.

(2) In the case of a request for payment for an item or service furnished by a physician or practitioner specified in subsection (b)(18)(C) on an assignment-related basis which does not include the code (or codes) required under paragraph (1), payment may be denied under this part.

(3) In the case of a request for payment for an item or service furnished by a physician not submitted on an assignment-related basis and which does not include the code (or codes) required under paragraph (1)—

(A) if the physician knowingly and willfully fails to provide the code (or codes) promptly upon request of the Secretary or a medicare administrative contractor, the physician may be subject to a civil money penalty in an amount not to exceed \$2,000, and

(B) if the physician knowingly, willfully, and in repeated cases fails, after being notified by the Secretary of the obligations and requirements of this subsection, to include the code (or codes) required under paragraph (1), the physician may be subject to the sanction described in subsection (j)(2)(A).

The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to civil money penalties under subparagraph (A) in the same manner as they apply to a penalty or proceeding under section 1320a-7a(a) of this title.

(4) In the case of an item or service defined in paragraph (3), (6), (8), or (9) of subsection 1395x(s) of this title ordered by a physician or a practitioner specified in subsection (b)(18)(C), but furnished by another entity, if the Secretary (or fiscal agent of the Secretary) requires the entity furnishing the item or service to provide diagnostic or other medical information in order for payment to be made to the entity, the physician or practitioner shall provide that information to the entity at the time that the item or service is ordered by the physician or practitioner.

**(q) Anesthesia services; counting actual time units**

(1)(A) The Secretary, in consultation with groups representing physicians who furnish anesthesia services, shall establish by regulation a relative value guide for use in all localities in making payment for physician anesthesia services furnished under this part. Such guide shall be designed so as to result in expenditures under this subchapter for such services in an amount that would not exceed the amount of such expenditures which would otherwise occur.

(B) For physician anesthesia services furnished under this part during 1991, the prevailing charge conversion factor used in a locality under this subsection shall, subject to clause (iv), be reduced to the adjusted prevailing charge conversion factor for the locality determined as follows:

(i) The Secretary shall estimate the national weighted average of the prevailing charge conversion factors used under this subsection for services furnished during 1990 after March 31, using the best available data.

(ii) The national weighted average estimated under clause (i) shall be reduced by 7 percent.

(iii) The adjusted prevailing charge conversion factor for a locality is the sum of—

(I) the product of (a) the portion of the reduced national weighted average prevailing charge conversion factor computed under clause (ii) which is attributable to physician work and (b) the geographic work index value for the locality (specified in Addendum C to the Model Fee Schedule for Physician Services (published on September 4, 1990, 55 Federal Register pp. 36238-36243)); and

(II) the product of (a) the remaining portion of the reduced national weighted average prevailing charge conversion factor computed under clause (ii) and (b) the geographic practice cost index value specified in subsection (b)(14)(C)(iv) for the locality.

In applying this clause, 70 percent of the prevailing charge conversion factor shall be considered to be attributable to physician work.

(iv) The prevailing charge conversion factor to be applied to a locality under this subparagraph shall not be reduced by more than 15 percent below the prevailing charge conversion factor applied in the locality for the period during 1990 after March 31, but in no case

shall the prevailing charge conversion factor be less than 60 percent of the national weighted average of the prevailing charge conversion factors (computed under clause (i)).

(2) For purposes of payment for anesthesia services (whether furnished by physicians or by certified registered nurse anesthetists) under this part, the time units shall be counted based on actual time rather than rounded to full time units.

**(r) Establishment of physician identification system**

The Secretary shall establish a system which provides for a unique identifier for each physician who furnishes services for which payment may be made under this subchapter. Under such system, the Secretary may impose appropriate fees on such physicians to cover the costs of investigation and recertification activities with respect to the issuance of the identifiers.

**(s) Application of fee schedule**

(1)(A) Subject to paragraph (3), the Secretary may implement a statewide or other areawide fee schedule to be used for payment of any item or service described in paragraph (2) which is paid on a reasonable charge basis.

(B) Any fee schedule established under this paragraph for such item or service shall be updated—

(i) for years before 2011—

(I) subject to subclause (II), by the percentage increase in the consumer price index for all urban consumers (United States city average) for the 12-month period ending with June of the preceding year; and

(II) for items and services described in paragraph (2)(D) for 2009, section 1395m(a)(14)(J) of this title shall apply under this paragraph instead of the percentage increase otherwise applicable; and

(ii) for 2011 and subsequent years—

(I) the percentage increase in the consumer price index for all urban consumers (United States city average) for the 12-month period ending with June of the previous year, reduced by—

(II) the productivity adjustment described in section 1395ww(b)(3)(B)(xi)(II) of this title.

The application of subparagraph (B)(ii)(II) may result in the update under this paragraph being less than 0.0 for a year, and may result in payment rates under any fee schedule established under this paragraph for a year being less than such payment rates for the preceding year.

(2) The items and services described in this paragraph are as follows:

(A) Medical supplies.

(B) Home dialysis supplies and equipment (as defined in section 1395rr(b)(8) of this title).

(C) Repealed. Pub. L. 108-173, title VI, § 627(b)(2), Dec. 8, 2003, 117 Stat. 2321.

(D) Parenteral and enteral nutrients, equipment, and supplies.

(E) Electromyogram devices.

(F) Salivation devices.

(G) Blood products.

(H) Transfusion medicine.

(3) In the case of items and services described in paragraph (2)(D) that are included in a com-

petitive acquisition program in a competitive acquisition area under section 1395w-3(a) of this title—

(A) the payment basis under this subsection for such items and services furnished in such area shall be the payment basis determined under such competitive acquisition program; and

(B) subject to section 1395m(a)(1)(G) of this title, the Secretary may use information on the payment determined under such competitive acquisition programs to adjust the payment amount otherwise applicable under paragraph (1) for an area that is not a competitive acquisition area under section 1395w-3 of this title, and in the case of such adjustment, paragraphs (8) and (9) of subsection (b) shall not be applied.

**(t) Facility provider number required on claims**

(1) Each request for payment, or bill submitted, for an item or service furnished to an individual who is a resident of a skilled nursing facility for which payment may be made under this part shall include the facility's medicare provider number.

(2) Each request for payment, or bill submitted, for therapy services described in paragraph (1) or (3) of section 1395l(g) of this title, including services described in section 1395l(a)(8)(B) of this title, furnished on or after October 1, 2012, for which payment may be made under this part shall include the national provider identifier of the physician who periodically reviews the plan for such services under section 1395x(p)(2) of this title.

**(u) Reporting of anemia quality indicators for cancer anti-anemia drugs**

Each request for payment, or bill submitted, for a drug furnished to an individual for the treatment of anemia in connection with the treatment of cancer shall include (in a form and manner specified by the Secretary) information on the hemoglobin or hematocrit levels for the individual.

#### EXECUTIVE ORDER NO. 13947

Ex. Ord. No. 13947, July 24, 2020, 85 F.R. 59171, which related to a payment model pursuant to which Medicare would pay, for certain high-cost prescription drugs and biological products covered by Medicare Part B, no more than the most-favored-nation price, was revoked by Ex. Ord. No. 13948, §5, Sept. 13, 2020, 85 F.R. 59650, set out below.

#### EX. ORD. NO. 13948. LOWERING DRUG PRICES BY PUTTING AMERICA FIRST

Ex. Ord. No. 13948, Sept. 13, 2020, 85 F.R. 59649, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Purpose.* Americans pay more per capita for prescription drugs than residents of any other developed country in the world. It is unacceptable that

Americans pay more for the exact same drugs, often made in the exact same places. Other countries' governments regulate drug prices by negotiating with drug manufacturers to secure bargain prices, leaving Americans to make up the difference—effectively subsidizing innovation and) [sic] lower-cost drugs for the rest of the world. The Council of Economic Advisers has found that Americans finance much of the biopharmaceutical innovation that the world depends on, allowing foreign governments, many of which are the sole healthcare payers in their respective countries, to enjoy bargain prices for such innovations. Americans should not bear extra burdens to compensate for the shortfalls that result from the nationalized public healthcare systems of wealthy countries abroad.

In addition to being unfair, high drug prices in the United States also have serious economic and health consequences for patients in need of treatment. High prices cause Americans to divert too much of their scarce resources to pharmaceutical treatments and away from other productive uses. High prices are also a reason many patients skip doses of their medications, take less than the recommended doses, or abandon treatment altogether. The consequences of these behaviors can be severe. For example, patients may develop acute conditions that result in poor clinical outcomes or that require drastic and expensive medical interventions.

In most markets, the largest buyers pay the lowest prices, but this has not been true for prescription drugs. The Federal Government is the largest payer for prescription drugs in the world, but it pays more than many smaller buyers, including other developed nations. When the Federal Government purchases a drug covered by Medicare—the cost of which is shared by American seniors who take the drug and American taxpayers—it should insist on, at a minimum, the lowest price at which the manufacturer sells that drug to any other developed nation.

**SEC. 2. Policy.** (a) It is the policy of the United States that the Medicare program should not pay more for costly Part B or Part D prescription drugs or biological products than the most-favored-nation price.

(b) The “most-favored-nation price” shall mean the lowest price, after adjusting for volume and differences in national gross domestic product, for a pharmaceutical product that the drug manufacturer sells in a member country of the Organisation for Economic Co-operation and Development (OECD) that has a comparable per-capita gross domestic product.

**SEC. 3. Payment Model on the Most-Favored-Nation Price in Medicare Part B.** To the extent consistent with law, the Secretary of Health and Human Services shall immediately take appropriate steps to implement his rulemaking plan to test a payment model pursuant to which Medicare would pay, for certain high-cost prescription drugs and biological products covered by Medicare Part B, no more than the most-favored-nation price. The model would test whether, for patients who require pharmaceutical treatment, paying no more than the most-favored-nation price would mitigate poor clinical outcomes and increased expenditures associated with high drug costs.

**SEC. 4. Payment Model on the Most-Favored-Nation Price in Medicare Part D.** To the extent consistent with law, the Secretary shall take appropriate steps to develop and implement a rulemaking plan, selecting for testing, consistent with section 1315a(b)(2)(A) of title 42, United States Code, a payment model pursuant to which Medicare would pay, for Part D prescription drugs or biological products where insufficient competition exists and seniors are faced with prices above those in OECD member countries that have a comparable per-capita gross domestic product to the United States, after adjusting for volume and differences in national gross domestic product, no more than the most-favored-nation price, to the extent feasible. The model should test whether, for patients who require pharmaceutical treatment, paying no more than the most-favored-nation price would mitigate poor clinical

outcomes and increased expenditures associated with high drug costs.

**SEC. 5. Revocation of Executive Order.** The Executive Order of July 24, 2020 (Lowering Drug Prices by Putting America First) [Ex. Ord. No. 13947, formerly set out above], is revoked.

**SEC. 6. General Provisions.** (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

DONALD J. TRUMP.

An agreement entered into with any State pursuant to subsection (a) may be applicable to either of the following coverage groups:

(1) individuals receiving money payments under the plan of such State approved under subchapter I or subchapter XVI; or

(2) individuals receiving money payments under all of the plans of such State approved under subchapters I, X, XIV, and XVI, and part A of subchapter IV.

Except as provided in subsection (g), there shall be excluded from any coverage group any individual who is entitled to monthly insurance benefits under subchapter II or who is entitled to receive an annuity under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.]. Effective January 1, 1974, and subject to section 1396a(f) of this title, the Secretary shall, at the request of any State not eligible to participate in the State plan program established under subchapter XVI, continue in effect the agreement entered into under this section with such State subject to such modifications as the Secretary may by regulations provide to take account of the termination of any plans of such State approved under subchapters I, X, XIV, and XVI and the establishment of the supplemental security income program under subchapter XVI.

#### (c) Eligible individuals

For purposes of this section, an individual shall be treated as an eligible individual only if he is an eligible individual (within the meaning of section 1395o of this title) on the date an agreement covering him is entered into under subsection (a) or he becomes an eligible individual (within the meaning of such section) at

any time after such date; and he shall be treated as receiving money payments described in subsection (b) if he receives such payments for the month in which the agreement is entered into or any month thereafter.

**(d) Monthly premiums; coverage periods**

In the case of any individual enrolled pursuant to this section—

(1) the monthly premium to be paid by the State shall be determined under section 1395r of this title (without any increase under subsection (b) thereof);

(2) his coverage period shall begin on whichever of the following is the latest:

(A) July 1, 1966;

(C) the first day of the first month in which he is both an eligible individual and a member of a coverage group specified in the agreement under this section; or

(D) such date as may be specified in the agreement; and

(3) his coverage period attributable to the agreement with the State under this section shall end on the last day of whichever of the following first occurs:

(A) the month in which he is determined by the State agency to have become ineligible both for money payments of a kind specified in the agreement and (if there is in effect a modification entered into under subsection (h)) for medical assistance, or

(B) the month preceding the first month for which he becomes entitled to monthly benefits under subchapter II or to an annuity or pension under the Railroad Retirement Act of 1974 [45 U.S.C. 231 et seq.].

**(e) Subsection (d)(3) terminations deemed resulting in section 1395p enrollment**

Any individual whose coverage period attributable to the State agreement is terminated pursuant to subsection (d)(3) shall be deemed for purposes of this part (including the continuation of his coverage period under this part) to have enrolled under section 1395p of this title in the initial general enrollment period provided by section 1395p(c) of this title. The coverage period under this part of any such individual who (in the last month of his coverage period attributable to the State agreement or in any of the following six months) files notice that he no longer wishes to participate in the insurance program established by this part, shall terminate at the close of the month in which the notice is filed.

**(f) "Carrier" as including State agency; provisions facilitating deductions, coinsurance, etc., and leading to economy and efficiency of operation**

With respect to eligible individuals receiving money payments under the plan of a State approved under subchapter I, X, XIV, or XVI, or part A of subchapter IV, or eligible to receive medical assistance under the plan of such State approved under subchapter XIX, if the agreement entered into under this section so provides, the term "carrier" as defined in section

1395u(f)<sup>1</sup> of this title also includes the State agency, specified in such agreement, which administers or supervises the administration of the plan of such State approved under subchapter I, XVI, or XIX. The agreement shall also contain such provisions as will facilitate the financial transactions of the State and the carrier with respect to deductions, coinsurance, and otherwise, and as will lead to economy and efficiency of operation, with respect to individuals receiving money payments under plans of the State approved under subchapters I, X, XIV, and XVI, and part A of subchapter IV, and individuals eligible to receive medical assistance under the plan of the State approved under subchapter XIX.

**(g) Subsection (b) exclusions from coverage groups**

(1) The Secretary shall, at the request of a State made before January 1, 1970, or during 1981 or after 1988, enter into a modification of an agreement entered into with such State pursuant to subsection (a) under which the second sentence of subsection (b) shall not apply with respect to such agreement.

(2) In the case of any individual who would (but for this subsection) be excluded from the applicable coverage group described in subsection (b) by the second sentence of such subsection—

(A) subsections (c) and (d)(2) shall be applied as if such subsections referred to the modification under this subsection (in lieu of the agreement under subsection (a)), and

(B) subsection (d)(3)(B) shall not apply so long as there is in effect a modification entered into by the State under this subsection.

**(h) Modifications respecting subsection (b) coverage groups**

(1) The Secretary shall, at the request of a State made before January 1, 1970, or during 1981 or after 1988, enter into a modification of an agreement entered into with such State pursuant to subsection (a) under which the coverage group described in subsection (b) and specified in such agreement is broadened to include (A) individuals who are eligible to receive medical assistance under the plan of such State approved under subchapter XIX, or (B) qualified medicare beneficiaries (as defined in section 1396d(p)(1) of this title).

(2) For purposes of this section, an individual shall be treated as eligible to receive medical assistance under the plan of the State approved under subchapter XIX if, for the month in which the modification is entered into under this subsection or for any month thereafter, he has been determined to be eligible to receive medical assistance under such plan. In the case of any individual who would (but for this subsection) be excluded from the agreement, subsections (c) and (d)(2) shall be applied as if they referred to the modification under this subsection (in lieu of the agreement under subsection (a)), and subsection (d)(2)(C) shall be applied (except in the case of qualified medicare beneficiaries, as defined in section 1396d(p)(1) of this title) by substituting "second month following the first month" for "first month".

### § 1395w-2. Intermediate sanctions for providers or suppliers of clinical diagnostic laboratory tests

(a) If the Secretary determines that any provider or clinical laboratory approved for participation under this subchapter no longer substantially meets the conditions of participation or for coverage specified under this subchapter with respect to the provision of clinical diagnostic laboratory tests under this part, the Secretary may (for a period not to exceed one year) impose intermediate sanctions developed pursuant to subsection (b), in lieu of terminating immediately the provider agreement or cancelling immediately approval of the clinical laboratory.

(b)(1) The Secretary shall develop and implement—

(A) a range of intermediate sanctions to apply to providers or clinical laboratories under the conditions described in subsection (a), and

(B) appropriate procedures for appealing determinations relating to the imposition of such sanctions.

(2)(A) The intermediate sanctions developed under paragraph (1) shall include—

- (i) directed plans of correction,
- (ii) civil money penalties in an amount not to exceed \$10,000 for each day of substantial noncompliance,
- (iii) payment for the costs of onsite monitoring by an agency responsible for conducting surveys, and
- (iv) suspension of all or part of the payments to which a provider or clinical laboratory would otherwise be entitled under this subchapter with respect to clinical diagnostic laboratory tests furnished on or after the date on which the Secretary determines that intermediate sanctions should be imposed pursuant to subsection (a).

The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under clause (ii) in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title.

(B) The sanctions specified in subparagraph (A) are in addition to sanctions otherwise available under State or Federal law.

(3) The Secretary shall develop and implement specific procedures with respect to when and

how each of the intermediate sanctions developed under paragraph (1) is to be applied, the amounts of any penalties, and the severity of each of these penalties. Such procedures shall be designed so as to minimize the time between identification of violations and imposition of these sanctions and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

**§ 1395w-3. Competitive acquisition of certain items and services**

**(a) Establishment of competitive acquisition programs**

**(1) Implementation of programs**

**(A) In general**

The Secretary shall establish and implement programs under which competitive acquisition areas are established throughout the United States for contract award purposes for the furnishing under this part of competitively priced items and services (described in paragraph (2)) for which payment is made under this part. Such areas may differ for different items and services.

**(B) Phased-in implementation**

The programs—

(i) shall be phased in among competitive acquisition areas in a manner consistent with subparagraph (D) so that the competition under the programs occurs in—

(I) 10 of the largest metropolitan statistical areas in 2007;

(II) an additional 91 of the largest metropolitan statistical areas in 2011; and

(III) additional areas after 2011 (or, in the case of national mail order for items and services, after 2010); and

(ii) may be phased in first among the highest cost and highest volume items and services or those items and services that the Secretary determines have the largest savings potential.

**(C) Waiver of certain provisions**

In carrying out the programs, the Secretary may waive such provisions of the Federal Acquisition Regulation as are necessary

for the efficient implementation of this section, other than provisions relating to confidentiality of information and such other provisions as the Secretary determines appropriate.

**(D) Changes in competitive acquisition programs**

**(i) Round 1 of competitive acquisition program**

Notwithstanding subparagraph (B)(i)(I) and in implementing the first round of the competitive acquisition programs under this section—

(I) the contracts awarded under this section before July 15, 2008, are terminated, no payment shall be made under this subchapter on or after July 15, 2008, based on such a contract, and, to the extent that any damages may be applicable as a result of the termination of such contracts, such damages shall be payable from the Federal Supplementary Medical Insurance Trust Fund under section 1395f of this title;

(II) the Secretary shall conduct the competition for such round in a manner so that it occurs in 2009 with respect to the same items and services and the same areas, except as provided in subclauses (III) and (IV);

(III) the Secretary shall exclude Puerto Rico so that such round of competition covers 9, instead of 10, of the largest metropolitan statistical areas; and

(IV) there shall be excluded negative pressure wound therapy items and services.

Nothing in subclause (I) shall be construed to provide an independent cause of action or right to administrative or judicial review with regard to the termination provided under such subclause.

**(ii) Round 2 of competitive acquisition program**

In implementing the second round of the competitive acquisition programs under this section described in subparagraph (B)(i)(II)—

(I) the metropolitan statistical areas to be included shall be those metropolitan statistical areas selected by the Secretary for such round as of June 1, 2008;

(II) the Secretary shall include the next 21 largest metropolitan statistical areas by total population (after those selected under subclause (I)) for such round; and

(III) the Secretary may subdivide metropolitan statistical areas with populations (based upon the most recent data from the Census Bureau) of at least 8,000,000 into separate areas for competitive acquisition purposes.

**(iii) Exclusion of certain areas in subsequent rounds of competitive acquisition programs**

In implementing subsequent rounds of the competitive acquisition programs

under this section, including under subparagraph (B)(i)(III), for competitions occurring before 2015, the Secretary shall exempt from the competitive acquisition program (other than national mail order) the following:

(I) Rural areas.

(II) Metropolitan statistical areas not selected under round 1 or round 2 with a population of less than 250,000.

(III) Areas with a low population density within a metropolitan statistical area that is otherwise selected, as determined for purposes of paragraph (3)(A).

**(E) Verification by OIG**

The Inspector General of the Department of Health and Human Services shall, through post-award audit, survey, or otherwise, assess the process used by the Centers for Medicare & Medicaid Services to conduct competitive bidding and subsequent pricing determinations under this section that are the basis for pivotal bid amounts and single payment amounts for items and services in competitive bidding areas under rounds 1 and 2 of the competitive acquisition programs under this section and may continue to verify such calculations for subsequent rounds of such programs.

**(F) Supplier feedback on missing financial documentation**

**(i) In general**

In the case of a bid where one or more covered documents in connection with such bid have been submitted not later than the covered document review date specified in clause (ii), the Secretary—

(I) shall provide, by not later than 45 days (in the case of the first round of the competitive acquisition programs as described in subparagraph (B)(i)(I)) or 90 days (in the case of a subsequent round of such programs) after the covered document review date, for notice to the bidder of all such documents that are missing as of the covered document review date; and

(II) may not reject the bid on the basis that any covered document is missing or has not been submitted on a timely basis, if all such missing documents identified in the notice provided to the bidder under subclause (I) are submitted to the Secretary not later than 10 business days after the date of such notice.

**(ii) Covered document review date**

The covered document review date specified in this clause with respect to a competitive acquisition program is the later of—

(I) the date that is 30 days before the final date specified by the Secretary for submission of bids under such program; or

(II) the date that is 30 days after the first date specified by the Secretary for submission of bids under such program.

**(iii) Limitations of process**

The process provided under this subparagraph—

(I) applies only to the timely submission of covered documents;

(II) does not apply to any determination as to the accuracy or completeness of covered documents submitted or whether such documents meet applicable requirements;

(III) shall not prevent the Secretary from rejecting a bid based on any basis not described in clause (i)(II); and

(IV) shall not be construed as permitting a bidder to change bidding amounts or to make other changes in a bid submission.

**(iv) Covered document defined**

In this subparagraph, the term “covered document” means a financial, tax, or other document required to be submitted by a bidder as part of an original bid submission under a competitive acquisition program in order to meet required financial standards. Such term does not include other documents, such as the bid itself or accreditation documentation.

**(G) Requiring bid bonds for bidding entities**

With respect to rounds of competitions beginning under this subsection for contracts beginning not earlier than January 1, 2017, and not later than January 1, 2019, an entity may not submit a bid for a competitive acquisition area unless, as of the deadline for bid submission, the entity has obtained (and provided the Secretary with proof of having obtained) a bid surety bond (in this paragraph referred to as a “bid bond”) in a form specified by the Secretary consistent with subparagraph (H) and in an amount that is not less than \$50,000 and not more than \$100,000 for each competitive acquisition area in which the entity submits the bid.

**(H) Treatment of bid bonds submitted**

**(i) For bidders that submit bids at or below the median and are offered but do not accept the contract**

In the case of a bidding entity that is offered a contract for any product category for a competitive acquisition area, if—

(I) the entity’s composite bid for such product category and area was at or below the median composite bid rate for all bidding entities included in the calculation of the single payment amounts for such product category and area; and

(II) the entity does not accept the contract offered for such product category and area,

the bid bond submitted by such entity for such area shall be forfeited by the entity and the Secretary shall collect on it.

**(ii) Treatment of other bidders**

In the case of a bidding entity for any product category for a competitive acquisition area, if the entity does not meet the bid forfeiture conditions in subclauses (I) and (II) of clause (i) for any product category for such area, the bid bond submitted by such entity for such area shall be returned within 90 days of the public

announcement of the contract suppliers for such area.

**(2) Items and services described**

The items and services referred to in paragraph (1) are the following:

**(A) Durable medical equipment and medical supplies**

**(3) Exception authority**

In carrying out the programs under this section, the Secretary may exempt—

(B) items and services for which the application of competitive acquisition is not likely to result in significant savings.

**(4) Special rule for certain rented items of durable medical equipment and oxygen**

In the case of a covered item for which payment is made on a rental basis under section 1395m(a) of this title and in the case of payment for oxygen under section 1395m(a)(5) of this title, the Secretary shall establish a process by which rental agreements for the covered items and supply arrangements with oxygen suppliers entered into before the application of the competitive acquisition program under this section for the item may be contin-

ued notwithstanding this section. In the case of any such continuation, the supplier involved shall provide for appropriate servicing and replacement, as required under section 1395m(a) of this title.

**(5) Physician authorization**

**(A) In general**

With respect to items or services included within a particular HCPCS code, the Secretary may establish a process for certain items and services under which a physician may prescribe a particular brand or mode of delivery of an item or service within such code if the physician determines that use of the particular item or service would avoid an adverse medical outcome on the individual, as determined by the Secretary.

**(B) No effect on payment amount**

A prescription under subparagraph (A) shall not affect the amount of payment otherwise applicable for the item or service under the code involved.

**(6) Application**

For each competitive acquisition area in which the program is implemented under this subsection with respect to items and services, the payment basis determined under the competition conducted under subsection (b) shall be substituted for the payment basis otherwise applied under section 1395m(a) of this title, section 1395m(h) of this title, or section 1395u(s) of this title, as appropriate.

**(7) Exemption from competitive acquisition**

The programs under this section shall not apply to the following:

**(A) Certain off-the-shelf orthotics**

Items and services described in paragraph (2)(C) if furnished—

(i) by a physician or other practitioner (as defined by the Secretary) to the physician's or practitioner's own patients as part of the physician's or practitioner's professional service; or

(ii) by a hospital to the hospital's own patients during an admission or on the date of discharge.

**(B) Certain durable medical equipment**

Those items and services described in paragraph (2)(A)—

(i) that are furnished by a hospital to the hospital's own patients during an admission or on the date of discharge; and

(ii) to which such programs would not apply, as specified by the Secretary, if furnished by a physician to the physician's own patients as part of the physician's professional service.

**(b) Program requirements**

**(1) In general**

The Secretary shall conduct a competition among entities supplying items and services described in subsection (a)(2) for each competitive acquisition area in which the program is implemented under subsection (a) with respect to such items and services.

**(2) Conditions for awarding contract****(A) In general**

The Secretary may not award a contract to any entity under the competition conducted in an<sup>1</sup> competitive acquisition area pursuant to paragraph (1) to furnish such items or services unless the Secretary finds all of the following:

(v) The entity meets applicable State licensure requirements.

**(B) Timely implementation of program**

Any delay in the implementation of quality standards under section 1395m(a)(20) of this title or delay in the receipt of advice from the program oversight committee established under subsection (c) shall not delay the implementation of the competitive acquisition program under this section.

**(3) Contents of contract****(A) In general**

A contract entered into with an entity under the competition conducted pursuant to paragraph (1) is subject to terms and conditions that the Secretary may specify.

**(B) Term of contracts**

The Secretary shall recompete contracts under this section not less often than once every 3 years.

**(C) Disclosure of subcontractors****(i) Initial disclosure**

Not later than 10 days after the date a supplier enters into a contract with the Secretary under this section, such supplier shall disclose to the Secretary, in a form and manner specified by the Secretary, the information on—

**(4) Limit on number of contractors****(A) In general**

The Secretary may limit the number of contractors in a competitive acquisition area to the number needed to meet projected demand for items and services covered under the contracts. In awarding contracts, the Secretary shall take into account the ability of bidding entities to furnish items or services in sufficient quantities to meet the anticipated needs of individuals for such items or services in the geographic area covered under the contract on a timely basis.

**(B) Multiple winners**

The Secretary shall award contracts to multiple entities submitting bids in each area for an item or service.

**(5) Payment****(A) In general**

Payment under this part for competitively priced items and services described in subsection (a)(2) shall be based on bids submitted and accepted under this section for such items and services. Based on such bids the Secretary shall determine a single payment amount for each item or service in each competitive acquisition area.

Payment under this section for items and services shall be in an amount equal to 80 percent of the payment basis described in subparagraph (A).

**(6) Participating contractors****(A) In general**

Except as provided in subsection (a)(4), payment shall not be made for items and services described in subsection (a)(2) furnished by a contractor and for which competition is conducted under this section unless—

**(9) Authority to contract for implementation**

The Secretary may contract with appropriate entities to implement the competitive bidding program under this section.

**(10) Special rule in case of competition for diabetic testing strips**

**(A) In general**

With respect to the competitive acquisition program for diabetic testing strips conducted after the first round of the competitive acquisition programs, if an entity does not demonstrate to the Secretary that its bid covers types of diabetic testing strip products that, in the aggregate and taking into account volume for the different products, cover 50 percent (or such higher percentage as the Secretary may specify) of all such types of products, the Secretary shall reject such bid. With respect to bids to furnish such types of products on or after January 1, 2019, the volume for such types of products shall be determined by the Secretary through the use of multiple sources of data (from mail order and non-mail order Medicare markets), including market-based data measuring sales of diabetic testing strip products that are not exclusively sold by a single retailer from such markets.

**(B) Study of types of testing strip products**

Before 2011, the Inspector General of the Department of Health and Human Services

shall conduct a study to determine the types of diabetic testing strip products by volume that could be used to make determinations pursuant to subparagraph (A) for the first competition under the competitive acquisition program described in such subparagraph and submit to the Secretary a report on the results of the study. The Inspector General shall also conduct such a study and submit such a report before the Secretary conducts a subsequent competitive acquisition<sup>2</sup> program described in subparagraph (A).

**(C) Demonstration of ability to furnish types of diabetic testing strip products**

With respect to bids to furnish diabetic testing strip products on or after January 1, 2019, an entity shall attest to the Secretary that the entity has the ability to obtain an inventory of the types and quantities of diabetic testing strip products that will allow the entity to furnish such products in a manner consistent with its bid and—

(i) demonstrate to the Secretary, through letters of intent with manufacturers, wholesalers, or other suppliers, or other evidence as the Secretary may specify, such ability; or

(ii) demonstrate to the Secretary that it made a good faith attempt to obtain such a letter of intent or such other evidence.

**(D) Use of unlisted types in calculation of percentage**

This section shall not apply in the case of a physician who elects under subsection (a)(1)(A)(ii) of section 1395w-3b of this title for that section to apply instead of this section for the payment for drugs and biologicals.

**(b) Payment amount**

**(1) In general**

Subject to paragraph (7) and subsections (d)(3)(C) and (e), the amount of payment determined under this section for the billing and payment code for a drug or biological (based on a minimum dosage unit) is, subject to applicable deductible and coinsurance—

(A) in the case of a multiple source drug (as defined in subsection (c)(6)(C)), 106 percent of the amount determined under paragraph (3) for a multiple source drug furnished before April 1, 2008, or 106 percent of the amount determined under paragraph (6) for a multiple source drug furnished on or after April 1, 2008;

(B) in the case of a single source drug or biological (as defined in subsection (c)(6)(D)), 106 percent of the amount determined under paragraph (4); or

(C) in the case of a biosimilar biological product (as defined in subsection (c)(6)(H)), the amount determined under paragraph (8).

**(2) Specification of unit**

**(A) Specification by manufacturer**

The manufacturer of a drug or biological shall specify the unit associated with each National Drug Code (including package size) as part of the submission of data under section 1396r-8(b)(3)(A)(iii) of this title or subsection (f)(2), as applicable.

**(B) Unit defined**

In this section, the term “unit” means, with respect to each National Drug Code (including package size) associated with a drug or biological, the lowest identifiable quantity (such as a capsule or tablet, milligram of molecules, or grams) of the drug or biological that is dispensed, exclusive of any diluent without reference to volume measures pertaining to liquids. For years after 2004, the Secretary may establish the unit for a manufacturer to report and methods for counting units as the Secretary determines appropriate to implement this section.

**(3) Multiple source drug**

For all drug products included within the same multiple source drug billing and pay-

ment code, the amount specified in this paragraph is the volume-weighted average of the average sales prices reported under section 1396r-8(b)(3)(A)(iii) of this title or subsection (f)(2), as applicable, determined by—

(A) computing the sum of the products (for each National Drug Code assigned to such drug products) of—

(i) the manufacturer’s average sales price (as defined in subsection (c)); and

(ii) the total number of units specified under paragraph (2) sold; and

(B) dividing the sum determined under subparagraph (A) by the sum of the total number of units under subparagraph (A)(ii) for all National Drug Codes assigned to such drug products.

**(4) Single source drug or biological**

The amount specified in this paragraph for a single source drug or biological is the lesser of the following:

**(A) Average sales price**

The average sales price as determined using the methodology applied under paragraph (3) for single source drugs and biologicals furnished before April 1, 2008, and using the methodology applied under paragraph (6) for single source drugs and biologicals furnished on or after April 1, 2008, for all National Drug Codes assigned to such drug or biological product.

**(B) Wholesale acquisition cost (WAC)**

The wholesale acquisition cost (as defined in subsection (c)(6)(B)) using the methodology applied under paragraph (3) for single source drugs and biologicals furnished before April 1, 2008, and using the methodology applied under paragraph (6) for single source drugs and biologicals furnished on or after April 1, 2008, for all National Drug Codes assigned to such drug or biological product.

**(5) Basis for payment amount**

The payment amount shall be determined under this subsection based on information reported under subsection (f) and without regard to any special packaging, labeling, or identifiers on the dosage form or product or package.

**(6) Use of volume-weighted average sales prices in calculation of average sales price**

**(A) In general**

For all drug products included within the same multiple source drug billing and payment code, the amount specified in this paragraph is the volume-weighted average of the average sales prices reported under section 1396r-8(b)(3)(A)(iii) of this title or subsection (f)(2), as applicable, determined by—

(i) computing the sum of the products (for each National Drug Code assigned to such drug products) of—

(I) the manufacturer’s average sales price (as defined in subsection (c)), determined by the Secretary without dividing such price by the total number of billing units for the National Drug Code for the billing and payment code; and

(II) the total number of units specified under paragraph (2) sold; and

(i) dividing the sum determined under clause (i) by the sum of the products (for each National Drug Code assigned to such drug products) of—

(I) the total number of units specified under paragraph (2) sold; and

(II) the total number of billing units for the National Drug Code for the billing and payment code.

**(B) Billing unit defined**

For purposes of this subsection, the term “billing unit” means the identifiable quantity associated with a billing and payment code, as established by the Secretary.

**(7) Special rule**

Beginning with April 1, 2008, the payment amount for—

(i) the payment amount that would be determined for such drug or biological applying such subsection; or

(ii) the payment amount that would have been determined for such drug or biological if such subsection were not applied; and

(B) a multiple source drug described in section 1395u(o)(1)(G) of this title (excluding a drug or biological that is treated as a multiple source drug because of the application of such subsection) is the lower of—

(i) the payment amount that would be determined for such drug or biological taking into account the application of such subsection; or

(ii) the payment amount that would have been determined for such drug or biological if such subsection were not applied.

**(8) Biosimilar biological product**

The amount specified in this paragraph for a biosimilar biological product described in paragraph (1)(C) is the sum of—

(A) the average sales price as determined using the methodology described under paragraph (6) applied to a biosimilar biological product for all National Drug Codes assigned to such product in the same manner as such paragraph is applied to drugs described in such paragraph; and

(B) 6 percent of the amount determined under paragraph (4) for the reference biological product (as defined in subsection (c)(6)(I)).

**(c) Manufacturer’s average sales price**

**(1) In general**

For purposes of this section, subject to paragraphs (2) and (3), the manufacturer’s “average sales price” means, of a drug or biological for a National Drug Code for a calendar quarter for a manufacturer for a unit—

(A) the manufacturer’s sales to all purchasers (excluding sales exempted in para-

graph (2)) in the United States for such drug or biological in the calendar quarter; divided by

(B) the total number of such units of such drug or biological sold by the manufacturer in such quarter.

**(2) Certain sales exempted from computation**

In calculating the manufacturer’s average sales price under this subsection, the following sales shall be excluded:

**(A) Sales exempt from best price**

Sales exempt from the inclusion in the determination of “best price” under section 1396r-8(c)(1)(C)(i) of this title.

**(B) Sales at nominal charge**

Such other sales as the Secretary identifies as sales to an entity that are merely nominal in amount (as applied for purposes of section 1396r-8(c)(1)(C)(ii)(III) of this title, except as the Secretary may otherwise provide).

**(3) Sale price net of discounts**

In calculating the manufacturer’s average sales price under this subsection, such price shall include volume discounts, prompt pay discounts, cash discounts, free goods that are contingent on any purchase requirement, chargebacks, and rebates (other than rebates under section 1396r-8 of this title). For years after 2004, the Secretary may include in such price other price concessions, which may be based on recommendations of the Inspector General, that would result in a reduction of the cost to the purchaser.

**(4) Payment methodology in cases where average sales price during first quarter of sales is unavailable**

In the case of a drug or biological during an initial period (not to exceed a full calendar quarter) in which data on the prices for sales for the drug or biological is not sufficiently available from the manufacturer to compute an average sales price for the drug or biological, the Secretary may determine the amount payable under this section—

(A) in the case of a drug or biological furnished prior to January 1, 2019, based on—

(i) the wholesale acquisition cost; or

(ii) the methodologies in effect under this part on November 1, 2003, to determine payment amounts for drugs or biologicals; and

(B) in the case of a drug or biological furnished on or after January 1, 2019—

(i) at an amount not to exceed 103 percent of the wholesale acquisition cost; or

(ii) based on the methodologies in effect under this part on November 1, 2003, to determine payment amounts for drugs or biologicals.

**(5) Frequency of determinations**

**(A) In general on a quarterly basis**

The manufacturer’s average sales price, for a drug or biological of a manufacturer, shall be calculated by such manufacturer under this subsection on a quarterly basis.

In making such calculation insofar as there is a lag in the reporting of the information on rebates and chargebacks under paragraph (3) so that adequate data are not available on a timely basis, the manufacturer shall apply a methodology based on a 12-month rolling average for the manufacturer to estimate costs attributable to rebates and chargebacks. For years after 2004, the Secretary may establish a uniform methodology under this subparagraph to estimate and apply such costs.

**(B) Updates in payment amounts**

The payment amounts under subsection (b) shall be updated by the Secretary on a quarterly basis and shall be applied based upon the manufacturer's average sales price calculated for the most recent calendar quarter for which data is available.

**(C) Use of contractors; implementation**

The Secretary may contract with appropriate entities to calculate the payment amount under subsection (b). Notwithstanding any other provision of law, the Secretary may implement, by program instruction or otherwise, any of the provisions of this section.

**(6) Definitions and other rules**

In this section:

**(A) Manufacturer**

The term "manufacturer" means, with respect to a drug or biological, the manufacturer (as defined in section 1396r-8(k)(5) of this title), except that, for purposes of subsection (f)(2), the Secretary may, if the Secretary determines appropriate, exclude repackagers of a drug or biological from such term.

**(B) Wholesale acquisition cost**

The term "wholesale acquisition cost" means, with respect to a drug or biological, the manufacturer's list price for the drug or biological to wholesalers or direct purchasers in the United States, not including prompt pay or other discounts, rebates or reductions in price, for the most recent month for which the information is available, as reported in wholesale price guides or other publications of drug or biological pricing data.

**(C) Multiple source drug**

**(i) In general**

The term "multiple source drug" means, for a calendar quarter, a drug for which there are 2 or more drug products which—

(I) are rated as therapeutically equivalent (under the Food and Drug Administration's most recent publication of "Approved Drug Products with Therapeutic Equivalence Evaluations"),

(II) except as provided in subparagraph (E), are pharmaceutically equivalent and bioequivalent, as determined under subparagraph (F) and as determined by the Food and Drug Administration, and

(III) are sold or marketed in the United States during the quarter.

**(ii) Exception**

With respect to single source drugs or biologicals that are within the same billing and payment code as of October 1, 2003, the Secretary shall treat such single source drugs or biologicals as if the single source drugs or biologicals were multiple source drugs.

**(D) Single source drug or biological**

The term "single source drug or biological" means—

(i) a biological; or

(ii) a drug which is not a multiple source drug and which is produced or distributed under a new drug application approved by the Food and Drug Administration, including a drug product marketed by any cross-licensed producers or distributors operating under the new drug application.

**(E) Exception from pharmaceutical equivalence and bioequivalence requirement**

Subparagraph (C)(ii) shall not apply if the Food and Drug Administration changes by regulation the requirement that, for purposes of the publication described in subparagraph (C)(i), in order for drug products to be rated as therapeutically equivalent, they must be pharmaceutically equivalent and bioequivalent, as defined in subparagraph (F).

**(F) Determination of pharmaceutical equivalence and bioequivalence**

For purposes of this paragraph—

(i) drug products are pharmaceutically equivalent if the products contain identical amounts of the same active drug ingredient in the same dosage form and meet compendial or other applicable standards of strength, quality, purity, and identity; and

(ii) drugs are bioequivalent if they do not present a known or potential bioequivalence problem, or, if they do present such a problem, they are shown to meet an appropriate standard of bioequivalence.

**(G) Inclusion of vaccines**

In applying provisions of section 1396r-8 of this title under this section, "other than a vaccine" is deemed deleted from section 1396r-8(k)(2)(B) of this title.

**(H) Biosimilar biological product**

The term "biosimilar biological product" means a biological product approved under an abbreviated application for a license of a biological product that relies in part on data or information in an application for another biological product licensed under section 262 of this title.

**(I) Reference biological product**

The term "reference biological product" means the biological product licensed under such section 262 of this title that is referred to in the application described in subparagraph (H) of the biosimilar biological product.

**(d) Monitoring of market prices****(1) In general**

The Inspector General of the Department of Health and Human Services shall conduct studies, which may include surveys, to determine the widely available market prices of drugs and biologicals to which this section applies, as the Inspector General, in consultation with the Secretary, determines to be appropriate.

**(2) Comparison of prices**

Based upon such studies and other data for drugs and biologicals, the Inspector General shall compare the average sales price under this section for drugs and biologicals with—

(A) the widely available market price for such drugs and biologicals (if any); and

(B) the average manufacturer price (as determined under section 1396r-8(k)(1) of this title) for such drugs and biologicals.

**(3) Limitation on average sales price****(A) In general**

The Secretary may disregard the average sales price for a drug or biological that exceeds the widely available market price or the average manufacturer price for such drug or biological by the applicable threshold percentage (as defined in subparagraph (B)).

**(B) Applicable threshold percentage defined**

In this paragraph, the term “applicable threshold percentage” means—

(i) in 2005, in the case of an average sales price for a drug or biological that exceeds widely available market price or the average manufacturer price, 5 percent; and

(ii) in 2006 and subsequent years, the percentage applied under this subparagraph subject to such adjustment as the Secretary may specify for the widely available market price or the average manufacturer price, or both.

**(C) Authority to adjust average sales price**

If the Inspector General finds that the average sales price for a drug or biological exceeds such widely available market price or average manufacturer price for such drug or biological by the applicable threshold percentage, the Inspector General shall inform the Secretary (at such times as the Secretary may specify to carry out this subparagraph) and the Secretary shall, effective as of the next quarter, substitute for the amount of payment otherwise determined under this section for such drug or biological the lesser of—

(i) the widely available market price for the drug or biological (if any); or

(ii) 103 percent of the average manufacturer price (as determined under section 1396r-8(k)(1) of this title) for the drug or biological.

**(4) Civil money penalty****(A) Misrepresentation**

If the Secretary determines that a manufacturer has made a misrepresentation in

the reporting of the manufacturer’s average sales price for a drug or biological, the Secretary may apply a civil money penalty in an amount of up to \$10,000 for each such price misrepresentation and for each day in which such price misrepresentation was applied.

**(B) Failure to provide timely information**

If the Secretary determines that a manufacturer described in subsection (f)(2) has failed to report on information described in section 1396r-8(b)(3)(A)(iii) of this title with respect to a drug or biological in accordance with such subsection, the Secretary shall apply a civil money penalty in an amount of \$10,000 for each day the manufacturer has failed to report such information and such amount shall be paid to the Treasury.

**(C) False information**

Any manufacturer required to submit information under subsection (f)(2) that knowingly provides false information is subject to a civil money penalty in an amount not to exceed \$100,000 for each item of false information. Such civil money penalties are in addition to other penalties as may be prescribed by law.

**(D) Increasing oversight and enforcement**

For calendar quarters beginning on or after January 1, 2022, section 1396r-8(b)(3)(C)(iv) of this title shall be applied as if—

(i) each reference to “under this subparagraph and subsection (c)(4)(B)(ii)(III)” were a reference to “under this subparagraph, subsection (c)(4)(B)(ii)(III), and subparagraphs (A), (B), and (C) of section 1395w-3a(d)(4) of this title”; and

(ii) the reference to “activities related to the oversight and enforcement of this section and agreements under this section” were a reference to “activities related to the oversight and enforcement of this section and under subsection (f)(2) of section 1395w-3a of this title and subparagraphs (A), (B), and (C) of this subsection 1395w-3a(d)(4) of this title and, if applicable, agreements under this section”.

**(E) Procedures**

The provisions of section 1320a-7a of this title (other than subsections (a) and (b)) shall apply to civil money penalties under subparagraph (A), (B), or (C) in the same manner as they apply to a penalty or proceeding under section 1320a-7a(a) of this title.

**(5) Widely available market price****(A) In general**

In this subsection, the term “widely available market price” means the price that a prudent physician or supplier would pay for the drug or biological. In determining such price, the Inspector General shall take into account the discounts, rebates, and other price concessions routinely made available to such prudent physicians or suppliers for such drugs or biologicals.

**(B) Considerations**

In determining the price under subparagraph (A), the Inspector General shall consider information from one or more of the following sources:

- (i) Manufacturers.
- (ii) Wholesalers.
- (iii) Distributors.
- (iv) Physician supply houses.
- (v) Specialty pharmacies.
- (vi) Group purchasing arrangements.
- (vii) Surveys of physicians.
- (viii) Surveys of suppliers.
- (ix) Information on such market prices from insurers.
- (x) Information on such market prices from private health plans.

**(e) Authority to use alternative payment in response to public health emergency**

In the case of a public health emergency under section 247d of this title in which there is a documented inability to access drugs and biologicals, and a concomitant increase in the price,<sup>1</sup> of a drug or biological which is not reflected in the manufacturer's average sales price for one or more quarters, the Secretary may use the wholesale acquisition cost (or other reasonable measure of drug or biological price) instead of the manufacturer's average sales price for such quarters and for subsequent quarters until the price and availability of the drug or biological has stabilized and is substantially reflected in the applicable manufacturer's average sales price.

**(f) Quarterly report on average sales price****(1) In general**

For requirements for reporting the manufacturer's average sales price (and, if required to make payment, the manufacturer's wholesale acquisition cost) for the drug or biological under this section, see section 1396r-8(b)(3) of this title.

**(2) Manufacturers without a rebate agreement under subchapter xix****(A) In general**

If the manufacturer of a drug or biological described in subparagraph (C), (E), or (G) of section 1395u(o)(1) of this title or in section 1395rr(b)(14)(B) of this title that is payable under this part has not entered into and does not have in effect a rebate agreement described in subsection (b) of section 1396r-8 of this title, for calendar quarters beginning on January 1, 2022, such manufacturer shall report to the Secretary the information described in subsection (b)(3)(A)(iii) of such section 1396r-8 of this title with respect to such drug or biological in a time and manner specified by the Secretary. For purposes of applying this paragraph, a drug or biological described in the previous sentence includes items, services, supplies, and products that are payable under this part as a drug or biological.

**(B) Audit**

Information reported under subparagraph (A) is subject to audit by the Inspector Gen-

eral of the Department of Health and Human Services.

**(C) Verification**

The Secretary may survey wholesalers and manufacturers that directly distribute drugs or biologicals described in subparagraph (A), when necessary, to verify manufacturer prices and manufacturer's average sales prices (including wholesale acquisition cost) if required to make payment reported under subparagraph (A). The Secretary may impose a civil monetary penalty in an amount not to exceed \$100,000 on a wholesaler, manufacturer, or direct seller, if the wholesaler, manufacturer, or direct seller of such a drug or biological refuses a request for information about charges or prices by the Secretary in connection with a survey under this subparagraph or knowingly provides false information. The provisions of section 1320a-7a of this title (other than subsections (a) (with respect to amounts of penalties or additional assessments) and (b)) shall apply to a civil money penalty under this subparagraph in the same manner as such provisions apply to a penalty or proceeding under section 1320a-7a(a) of this title.

**(D) Confidentiality**

Notwithstanding any other provision of law, information disclosed by manufacturers or wholesalers under this paragraph (other than the wholesale acquisition cost for purposes of carrying out this section) is confidential and shall not be disclosed by the Secretary in a form which discloses the identity of a specific manufacturer or wholesaler or prices charged for drugs or biologicals by such manufacturer or wholesaler, except—

- (i) as the Secretary determines to be necessary to carry out this section (including the determination and implementation of the payment amount), or to carry out section 1320a-7b of this title;
- (ii) to permit the Comptroller General of the United States to review the information provided;
- (iii) to permit the Director of the Congressional Budget Office to review the information provided;
- (iv) to permit the Medicare Payment Advisory Commission to review the information provided; and
- (v) to permit the Medicaid and CHIP Payment and Access Commission to review the information provided.

**(g) Payment adjustment for certain drugs for which there is a self-administered NDC****(1) OIG studies**

The Inspector General of the Department of Health and Human Services shall conduct periodic studies to identify National Drug Codes for drug or biological products that are self-administered for which payment may not be made under this part because such products are not covered pursuant to section 1395x(s)(2) of this title and which the Inspector General determines (based on the same or similar methodologies to the methodologies used in the final recommendation followup report of

<sup>1</sup> So in original. The comma probably should not appear.

the Inspector General described in paragraph (3) or in the November 2017 final report of the Inspector General entitled “Excluding Non-covered Versions When Setting Payment for Two Part B Drugs Would Have Resulted in Lower Drug Costs for Medicare and its Beneficiaries”) should be excluded from the determination of the payment amount under this section.

**(2) Payment adjustment**

If the Inspector General identifies a National Drug Code for a drug or biological product under paragraph (1), the Inspector General shall inform the Secretary (at such times as the Secretary may specify to carry out this paragraph) and the Secretary shall, to the extent the Secretary deems appropriate, apply as the amount of payment under this section for the applicable billing and payment code the lesser of—

(A) the amount of payment that would be determined under this section for such billing and payment code if such National Drug Code for such product so identified under paragraph (1) were excluded from such determination; or

(B) the amount of payment otherwise determined under this section for such billing and payment code without application of this subsection.

**(3) Application to certain identified products**

In the case of a National Drug Code for a drug or biological product that is self-administered for which payment is not made under this part because such product is not covered pursuant to section 1395x(s)(2) of this title that was identified by the Inspector General of the Department of Health and Human Services in the final recommendation followup report of the Inspector General published July 2020, entitled *Loophole in Drug Payment Rule Continues To Cost Medicare and Beneficiaries Hundreds of Millions of Dollars*, beginning July 1, 2021, the amount of payment under this section for the applicable billing and payment code shall be the lesser of—

(A) the amount of payment that would be determined under this section for such billing and payment code if such National Drug Code for such drug or biological products so identified were excluded from such determination; or

(B) the amount of payment otherwise determined under this section for such billing and payment code without application of this subsection.

**(h) Judicial review**

There shall be no administrative or judicial review under section 1395ff of this title, section 1395oo of this title, or otherwise, of—

(1) determinations of payment amounts under this section, including the assignment of National Drug Codes to billing and payment codes;

(2) the identification of units (and package size) under subsection (b)(2);

(3) the method to allocate rebates, chargebacks, and other price concessions to a quarter if specified by the Secretary;

(4) the manufacturer’s average sales price when it is used for the determination of a payment amount under this section; and

(5) the disclosure of the average manufacturer price by reason of an adjustment under subsection (d)(3)(C) or (e).

**§ 1395w-3b. Competitive acquisition of outpatient drugs and biologicals**

**(a) Implementation of competitive acquisition**

**(1) Implementation of program**

**(A) In general**

The Secretary shall establish and implement a competitive acquisition program under which—

(i) competitive acquisition areas are established for contract award purposes for acquisition of and payment for categories of competitively biddable drugs and biologicals (as defined in paragraph (2)) under this part;

(ii) each physician is given the opportunity annually to elect to obtain drugs and biologicals under the program, rather than under section 1395w-3a of this title; and

(iii) each physician who elects to obtain drugs and biologicals under the program makes an annual selection under paragraph (5) of the contractor through which drugs and biologicals within a category of drugs and biologicals will be acquired and delivered to the physician under this part.

This section shall not apply in the case of a physician who elects section 1395w-3a of this title to apply.

**(B) Implementation**

For purposes of implementing the program, the Secretary shall establish categories of competitively biddable drugs and biologicals. The Secretary shall phase in the program with respect to those categories beginning in 2006 in such manner as the Secretary determines to be appropriate.

**(C) Waiver of certain provisions**

In order to promote competition, in carrying out the program the Secretary may waive such provisions of the Federal Acquisition Regulation as are necessary for the efficient implementation of this section, other than provisions relating to confidentiality of information and such other provisions as the Secretary determines appropriate.

**(D) Exclusion authority**

The Secretary may exclude competitively biddable drugs and biologicals (including a class of such drugs and biologicals) from the competitive bidding system under this section if the application of competitive bidding to such drugs or biologicals—

(i) is not likely to result in significant savings; or

(ii) is likely to have an adverse impact on access to such drugs or biologicals.

**(2) Competitively biddable drugs and biologicals and program defined**

For purposes of this section—

**(A) Competitively biddable drugs and biologicals defined**

The term “competitively biddable drugs and biologicals” means a drug or biological described in section 1395u(o)(1)(C) of this title and furnished on or after January 1, 2006.

**(B) Program**

The term “program” means the competitive acquisition program under this section.

**(C) Competitive acquisition area; area**

The terms “competitive acquisition area” and “area” mean an appropriate geographic region established by the Secretary under the program.

**(D) Contractor**

The term “contractor” means an entity that has entered into a contract with the Secretary under this section.

**(3) Application of program payment methodology****(A) In general**

With respect to competitively biddable drugs and biologicals which are supplied under the program in an area and which are prescribed by a physician who has elected this section to apply—

(i) the claim for such drugs and biologicals shall be submitted by the contractor that supplied the drugs and biologicals;

(ii) collection of amounts of any deductible and coinsurance applicable with respect to such drugs and biologicals shall be the responsibility of such contractor and shall not be collected unless the drug or biological is administered to the individual involved; and

(iii) the payment under this section (and related amounts of any applicable deductible and coinsurance) for such drugs and biologicals shall be made only to such contractor upon receipt of a claim for a drug or biological supplied by the contractor for administration to a beneficiary.

**(D) Post-payment review process**

The Secretary shall establish (by program instruction or otherwise) a post-payment review process (which may include the use of statistical sampling) to assure that payment is made for a drug or biological under this section only if the drug or biological has been administered to a beneficiary. The Secretary shall recoup, offset, or collect any overpayments determined by the Secretary under such process.

**(4) Contract required**

Payment may not be made under this part for competitively biddable drugs and biologicals prescribed by a physician who has

elected this section to apply within a category and a competitive acquisition area with respect to which the program applies unless—

(A) the drugs or biologicals are supplied by a contractor with a contract under this section for such category of drugs and biologicals and area; and

(B) the physician has elected such contractor under paragraph (5) for such category and area.

**(5) Contractor selection process****(A) Annual selection****(i) In general**

**(ii) Timing of selection**

The selection of a contractor under clause (i) shall be made at the time of the election described in section 1395w-3a(a) of this title for this section to apply and shall be coordinated with agreements entered into under section 1395u(h) of this title.

**(B) Information on contractors**

The Secretary shall make available to physicians on an ongoing basis, through a directory posted on the Internet website of the Centers for Medicare & Medicaid Services or otherwise and upon request, a list of the contractors under this section in the different competitive acquisition areas.

Notwithstanding any other provision of this subchapter, in the case of a multiple source drug, the Secretary shall conduct such competition among entities for the acquisition of at least one competitively biddable drug and biological within each billing and payment code within each category for each competitive acquisition area.

**(2) Conditions for awarding contract****(A) In general**

The Secretary may not award a contract to any entity under the competition conducted in a competitive acquisition area pursuant to paragraph (1) with respect to the acquisition of competitively biddable drugs and biologicals within a category unless the

Secretary finds that the entity meets all of the following with respect to the contract period involved:

**(i) Capacity to supply competitively biddable drug or biological within category**

**(I) In general**

The entity has sufficient arrangements to acquire and to deliver competitively biddable drugs and biologicals within such category in the area specified in the contract.

(II) a grievance and appeals process for the resolution of disputes.

**(B) Additional considerations**

The Secretary may refuse to award a contract under this section, and may terminate such a contract, with an entity based upon—

(i) the suspension or revocation, by the Federal Government or a State government, of the entity's license for the distribution of drugs or biologicals (including controlled substances); or

(ii) the exclusion of the entity under section 1320a-7 of this title from participation under this subchapter.

**(C) Application of Medicare Provider Ombudsman**

For provision providing for a program-wide Medicare Provider Ombudsman to review complaints, see section 1395ee(b) of this title, as added by section 923 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.<sup>1</sup>

**(3) Awarding multiple contracts for a category and area**

The Secretary may limit (but not below 2) the number of qualified entities that are awarded such contracts for any category and area. The Secretary shall select among qualified entities based on the following:

(A) The bid prices for competitively biddable drugs and biologicals within the category and area.

(B) Bid price for distribution of such drugs and biologicals.

(C) Ability to ensure product integrity.

(D) Customer service.

(E) Past experience in the distribution of drugs and biologicals, including controlled substances.

(i) acquire all drug and biological products it distributes directly from the manufacturer or from a distributor that has acquired the products directly from the manufacturer; and

(ii) comply with any product integrity safeguards as may be determined to be appropriate by the Secretary.

Nothing in this subparagraph shall be construed to relieve or exempt any contractor from the provisions of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] that relate to the wholesale distribution of prescription drugs or biologicals.

**(D) Compliance with code of conduct and fraud and abuse rules**

Under the contract—

**(E) Direct delivery of drugs and biologicals to physicians**

**(2) Bid defined**

In this section, the term "bid" means an offer to furnish a competitively biddable drug or biological for a particular price and time period.

**(3) Bidding on a national or regional basis**

Nothing in this section shall be construed as precluding a bidder from bidding for contracts in all areas of the United States or as requiring a bidder to submit a bid for all areas of the United States.

**(4) Uniformity of bids within area**

The amount of the bid submitted under a contract offer for any competitively biddable drug or biological for an area shall be the same for that drug or biological for all portions of that area.

**(d) Computation of payment amounts**

**(1) In general**

Payment under this section for competitively biddable drugs or biologicals shall be based on bids submitted and accepted under this section for such drugs or biologicals in an area. Based on such bids the Secretary shall determine a single payment amount for each competitively biddable drug or biological in the area.

**(2) Special rules**

The Secretary shall establish rules regarding the use under this section of the alternative payment amount provided under section 1395w-3a of this title to the use of a price for specific competitively biddable drugs and biologicals in the following cases:

**(3) Collection**

Such coinsurance and deductible shall be collected by the contractor that supplies the drug or biological involved. Subject to subsection (a)(3)(B), such coinsurance and deductible may be collected in a manner similar to the manner in which the coinsurance and deductible are collected for durable medical equipment under this part.

**(f) Special payment rules****(1) Use in exclusion cases**

If the Secretary excludes a drug or biological (or class of drugs or biologicals) under subsection (a)(1)(D), the Secretary may provide for payment to be made under this part for such drugs and biologicals (or class) using the payment methodology under section 1395w-3a of this title.

**§ 1395w-4. Payment for physicians' services****(a) Payment based on fee schedule****(1) In general**

Effective for all physicians' services (as defined in subsection (j)(3)) furnished under this part during a year (beginning with 1992) for

which payment is otherwise made on the basis of a reasonable charge or on the basis of a fee schedule under section 1395m(b) of this title, payment under this part shall instead be based on the lesser of—

- (A) the actual charge for the service, or
- (B) subject to the succeeding provisions of this subsection, the amount determined under the fee schedule established under subsection (b) for services furnished during that year (in this subsection referred to as the “fee schedule amount”).

**(2) Transition to full fee schedule**

**(A) Limiting reductions and increases to 15 percent in 1992**

**(i) Limit on increase**

In the case of a service in a fee schedule area (as defined in subsection (j)(2)) for which the adjusted historical payment basis (as defined in subparagraph (D)) is less than 85 percent of the fee schedule amount for services furnished in 1992, there shall be substituted for the fee schedule amount an amount equal to the adjusted historical payment basis plus 15 percent of the fee schedule amount otherwise established (without regard to this paragraph).

**(ii) Limit in reduction**

In the case of a service in a fee schedule area for which the adjusted historical payment basis exceeds 115 percent of the fee schedule amount for services furnished in 1992, there shall be substituted for the fee schedule amount an amount equal to the adjusted historical payment basis minus 15 percent of the fee schedule amount otherwise established (without regard to this paragraph).

**(B) Special rule for 1993, 1994, and 1995**

If a physicians' service in a fee schedule area is subject to the provisions of subparagraph (A) in 1992, for physicians' services furnished in the area—

(i) during 1993, there shall be substituted for the fee schedule amount an amount equal to the sum of—

(I) 75 percent of the fee schedule amount determined under subparagraph (A), adjusted by the update established under subsection (d)(3) for 1993, and

(II) 25 percent of the fee schedule amount determined under paragraph (1) for 1993 without regard to this paragraph;

(ii) during 1994, there shall be substituted for the fee schedule amount an amount equal to the sum of—

(I) 67 percent of the fee schedule amount determined under clause (i), adjusted by the update established under subsection (d)(3) for 1994 and as adjusted under subsection (c)(2)(F)(ii) and under section 13515(b) of the Omnibus Budget Reconciliation Act of 1993, and

(II) 33 percent of the fee schedule amount determined under paragraph (1) for 1994 without regard to this paragraph; and

(iii) during 1995, there shall be substituted for the fee schedule amount an amount equal to the sum of—

(II) 50 percent of the fee schedule amount determined under paragraph (1) for 1995 without regard to this paragraph.

**(C) Special rule for anesthesia and radiology services**

With respect to physicians' services which are anesthesia services, the Secretary shall provide for a transition in the same manner as a transition is provided for other services under subparagraph (B). With respect to radiology services, “109 percent” and “9 percent” shall be substituted for “115 percent” and “15 percent”, respectively, in subparagraph (A)(ii).

**(D) “Adjusted historical payment basis” defined**

**(i) In general**

In this paragraph, the term “adjusted historical payment basis” means, with respect to a physicians' service furnished in a fee schedule area, the weighted average prevailing charge applied in the area for the service in 1991 (as determined by the Secretary without regard to physician specialty and as adjusted to reflect payments for services with customary charges below the prevailing charge or other payment limitations imposed by law or regulation) adjusted by the update established under subsection (d)(3) for 1992.

**(ii) Application to radiology services**

In applying clause (i) in the case of physicians' services which are radiology services (including radiologist services, as defined in section 1395m(b)(6) of this title), but excluding nuclear medicine services that are subject to section 6105(b) of the Omnibus Budget Reconciliation Act of 1989, there shall be substituted for the weighted average prevailing charge the amount provided under the fee schedule established for the service for the fee schedule area under section 1395m(b) of this title.

**(iii) Nuclear medicine services**

In applying clause (i) in the case of physicians' services which are nuclear medicine services, there shall be substituted for the weighted average prevailing charge the amount provided under section 6105(b) of the Omnibus Budget Reconciliation Act of 1989.

In applying paragraph (1)(B) in the case of a nonparticipating physician or a nonparticipating supplier or other person, the fee schedule amount shall be 95 percent of such amount otherwise applied under this subsection (with-

out regard to this paragraph). In the case of physicians' services (including services which the Secretary excludes pursuant to subsection (j)(3)) of a nonparticipating physician, supplier, or other person for which payment is made under this part on a basis other than the fee schedule amount, the payment shall be based on 95 percent of the payment basis for such services furnished by a participating physician, supplier, or other person.

**(4) Special rule for medical direction**

**(A) In general**

With respect to physicians' services furnished on or after January 1, 1994, and consisting of medical direction of two, three, or four concurrent anesthesia cases, except as provided in paragraph (5), the fee schedule amount to be applied shall be equal to one-half of the amount described in subparagraph (B).

**(B) Amount**

The amount described in this subparagraph, for a physician's medical direction of the performance of anesthesia services, is the following percentage of the fee schedule amount otherwise applicable under this section if the anesthesia services were personally performed by the physician alone:

- (i) For services furnished during 1994, 120 percent.
- (ii) For services furnished during 1995, 115 percent.
- (iii) For services furnished during 1996, 110 percent.
- (iv) For services furnished during 1997, 105 percent.
- (v) For services furnished after 1997, 100 percent.

**(5) Incentives for electronic prescribing**

**(A) Adjustment**

**(i) In general**

Subject to subparagraph (B) and subsection (m)(2)(B), with respect to covered professional services furnished by an eligible professional during 2012, 2013 or 2014, if the eligible professional is not a successful electronic prescriber for the reporting period for the year (as determined under subsection (m)(3)(B)), the fee schedule amount for such services furnished by such professional during the year (including the fee schedule amount for purposes of determining a payment based on such amount) shall be equal to the applicable percent of the fee schedule amount that would otherwise apply to such services under this subsection (determined after application of paragraph (3) but without regard to this paragraph).

**(ii) Applicable percent**

For purposes of clause (i), the term "applicable percent" means—

- (I) for 2012, 99 percent;
- (II) for 2013, 98.5 percent; and
- (III) for 2014, 98 percent.

**(B) Significant hardship exception**

The Secretary may, on a case-by-case basis, exempt an eligible professional from

the application of the payment adjustment under subparagraph (A) if the Secretary determines, subject to annual renewal, that compliance with the requirement for being a successful electronic prescriber would result in a significant hardship, such as in the case of an eligible professional who practices in a rural area without sufficient Internet access.

**(C) Application**

**(i) Physician reporting system rules**

Paragraphs (5), (6), and (8) of subsection (k) shall apply for purposes of this paragraph in the same manner as they apply for purposes of such subsection.

**(ii) Incentive payment validation rules**

Clauses (ii) and (iii) of subsection (m)(5)(D) shall apply for purposes of this paragraph in a similar manner as they apply for purposes of such subsection.

**(D) Definitions**

For purposes of this paragraph:

**(i) Eligible professional; covered professional services**

The terms "eligible professional" and "covered professional services" have the meanings given such terms in subsection (k)(3).

**(ii) Physician reporting system**

The term "physician reporting system" means the system established under subsection (k).

**(iii) Reporting period**

The term "reporting period" means, with respect to a year, a period specified by the Secretary.

**(6) Special rule for teaching anesthesiologists**

With respect to physicians' services furnished on or after January 1, 2010, in the case of teaching anesthesiologists involved in the training of physician residents in a single anesthesia case or two concurrent anesthesia cases, the fee schedule amount to be applied shall be 100 percent of the fee schedule amount otherwise applicable under this section if the anesthesia services were personally performed by the teaching anesthesiologist alone and paragraph (4) shall not apply if—

(A) the teaching anesthesiologist is present during all critical or key portions of the anesthesia service or procedure involved; and

(B) the teaching anesthesiologist (or another anesthesiologist with whom the teaching anesthesiologist has entered into an arrangement) is immediately available to furnish anesthesia services during the entire procedure.

**(7) Incentives for meaningful use of certified EHR technology**

**(A) Adjustment**

**(i) In general**

Subject to subparagraphs (B) and (D), with respect to covered professional services furnished by an eligible professional

during each of 2015 through 2018, if the eligible professional is not a meaningful EHR user (as determined under subsection (o)(2)) for an EHR reporting period for the year, the fee schedule amount for such services furnished by such professional during the year (including the fee schedule amount for purposes of determining a payment based on such amount) shall be equal to the applicable percent of the fee schedule amount that would otherwise apply to such services under this subsection (determined after application of paragraph (3) but without regard to this paragraph).

**(ii) Applicable percent**

Subject to clause (iii), for purposes of clause (i), the term “applicable percent” means—

(I) for 2015, 99 percent (or, in the case of an eligible professional who was subject to the application of the payment adjustment under subsection (a)(5) for 2014, 98 percent);

(II) for 2016, 98 percent; and

(III) for 2017 and 2018, 97 percent.

**(iii) Authority to decrease applicable percentage for 2018**

For 2018, if the Secretary finds that the proportion of eligible professionals who are meaningful EHR users (as determined under subsection (o)(2)) is less than 75 percent, the applicable percent shall be decreased by 1 percentage point from the applicable percent in the preceding year.

**(B) Significant hardship exception**

The Secretary may, on a case-by-case basis (and, with respect to the payment adjustment under subparagraph (A) for 2017, for categories of eligible professionals, as established by the Secretary and posted on the Internet website of the Centers for Medicare & Medicaid Services prior to December 15, 2015, an application for which must be submitted to the Secretary by not later than March 15, 2016), exempt an eligible professional from the application of the payment adjustment under subparagraph (A) if the Secretary determines, subject to annual renewal, that compliance with the requirement for being a meaningful EHR user would result in a significant hardship, such as in the case of an eligible professional who practices in a rural area without sufficient Internet access. The Secretary shall exempt an eligible professional from the application of the payment adjustment under subparagraph (A) with respect to a year, subject to annual renewal, if the Secretary determines that compliance with the requirement for being a meaningful EHR user is not possible because the certified EHR technology used by such professional has been decertified under a program kept or recognized pursuant to section 300jj-11(c)(5) of this title. In no case may an eligible professional be granted an exemption under this subparagraph for more than 5 years.

**(C) Application of physician reporting system rules**

Paragraphs (5), (6), and (8) of subsection (k) shall apply for purposes of this paragraph in the same manner as they apply for purposes of such subsection.

**(D) Non-application to hospital-based and ambulatory surgical center-based eligible professionals**

**(i) Hospital-based**

No payment adjustment may be made under subparagraph (A) in the case of hospital-based eligible professionals (as defined in subsection (o)(1)(C)(ii)).

**(ii) Ambulatory surgical center-based**

Subject to clause (iv), no payment adjustment may be made under subparagraph (A) for 2017 and 2018 in the case of an eligible professional with respect to whom substantially all of the covered professional services furnished by such professional are furnished in an ambulatory surgical center.

**(iii) Determination**

The determination of whether an eligible professional is an eligible professional described in clause (ii) may be made on the basis of—

(I) the site of service (as defined by the Secretary); or

(II) an attestation submitted by the eligible professional.

Determinations made under subclauses (I) and (II) shall be made without regard to any employment or billing arrangement between the eligible professional and any other supplier or provider of services.

**(iv) Sunset**

Clause (ii) shall no longer apply as of the first year that begins more than 3 years after the date on which the Secretary determines, through notice and comment rulemaking, that certified EHR technology applicable to the ambulatory surgical center setting is available.

**(E) Definitions**

For purposes of this paragraph:

**(i) Covered professional services**

The term “covered professional services” has the meaning given such term in subsection (k)(3).

**(ii) EHR reporting period**

The term “EHR reporting period” means, with respect to a year, a period (or periods) specified by the Secretary.

**(8) Incentives for quality reporting**

**(A) Adjustment**

**(i) In general**

With respect to covered professional services furnished by an eligible profes-

sional during each of 2015 through 2018, if the eligible professional does not satisfactorily submit data on quality measures for covered professional services for the quality reporting period for the year (as determined under subsection (m)(3)(A)), the fee schedule amount for such services furnished by such professional during the year (including the fee schedule amount for purposes of determining a payment based on such amount) shall be equal to the applicable percent of the fee schedule amount that would otherwise apply to such services under this subsection (determined after application of paragraphs (3), (5), and (7), but without regard to this paragraph).

**(ii) Applicable percent**

For purposes of clause (i), the term “applicable percent” means—

- (I) for 2015, 98.5 percent; and
- (II) for 2016, 2017, and 2018, 98 percent.

**(B) Application**

**(i) Physician reporting system rules**

Paragraphs (5), (6), and (8) of subsection (k) shall apply for purposes of this paragraph in the same manner as they apply for purposes of such subsection.

**(C) Definitions**

For purposes of this paragraph:

**(i) Eligible professional; covered professional services**

The terms “eligible professional” and “covered professional services” have the meanings given such terms in subsection (k)(3).

**(ii) Physician reporting system**

The term “physician reporting system” means the system established under subsection (k).

**(iii) Quality reporting period**

The term “quality reporting period” means, with respect to a year, a period specified by the Secretary.

**(9) Information reporting on services included in global surgical packages**

With respect to services for which a physician is required to report information in accordance with subsection (c)(8)(B)(i), the Secretary may through rulemaking delay payment of 5 percent of the amount that would otherwise be payable under the physician fee schedule under this section for such services until the information so required is reported.

**(b) Establishment of fee schedules**

**(1) In general**

Before November 1 of the preceding year, for each year beginning with 1998, subject to subsection (p), the Secretary shall establish, by

regulation, fee schedules that establish payment amounts for all physicians’ services furnished in all fee schedule areas (as defined in subsection (j)(2)) for the year. Except as provided in paragraph (2), each such payment amount for a service shall be equal to the product of—

(A) the relative value for the service (as determined in subsection (c)(2)),

(B) the conversion factor (established under subsection (d)) for the year, and

(C) the geographic adjustment factor (established under subsection (e)(2)) for the service for the fee schedule area.

**(2) Treatment of radiology services and anesthesia services**

**(A) Radiology services**

With respect to radiology services (including radiologist services, as defined in section 1395m(b)(6) of this title), the Secretary shall base the relative values on the relative value scale developed under section 1395m(b)(1)(A) of this title, with appropriate modifications of the relative values to assure that the relative values established for radiology services which are similar or related to other physicians’ services are consistent with the relative values established for those similar or related services.

**(B) Anesthesia services**

In establishing the fee schedule for anesthesia services for which a relative value guide has been established under section 4048(b) of the Omnibus Budget Reconciliation Act of 1987, the Secretary shall use, to the extent practicable, such relative value guide, with appropriate adjustment of the conversion factor, in a manner to assure that the fee schedule amounts for anesthesia services are consistent with the fee schedule amounts for other services determined by the Secretary to be of comparable value. In applying the previous sentence, the Secretary shall adjust the conversion factor by geographic adjustment factors in the same manner as such adjustment is made under paragraph (1)(C).

**(C) Consultation**

The Secretary shall consult with the Physician Payment Review Commission and organizations representing physicians or suppliers who furnish radiology services and anesthesia services in applying subparagraphs (A) and (B).

**(3) Treatment of interpretation of electrocardiograms**

The Secretary—

(A) shall make separate payment under this section for the interpretation of electrocardiograms performed or ordered to be performed as part of or in conjunction with a visit to or a consultation with a physician, and

(B) shall adjust the relative values established for visits and consultations under subsection (c) so as not to include relative value units for interpretations of electrocardiograms in the relative value for visits and consultations.

**(4) Special rule for imaging services****(A) In general**

In the case of imaging services described in subparagraph (B) furnished on or after January 1, 2007, if—

(i) the technical component (including the technical component portion of a global fee) of the service established for a year under the fee schedule described in paragraph (1) without application of the geographic adjustment factor described in paragraph (1)(C), exceeds

(ii) the Medicare OPD fee schedule amount established under the prospective payment system for hospital outpatient department services under paragraph (3)(D) of section 1395l(t) of this title for such service for such year, determined without regard to geographic adjustment under paragraph (2)(D) of such section,

the Secretary shall substitute the amount described in clause (ii), adjusted by the geographic adjustment factor described in paragraph (1)(C), for the fee schedule amount for such technical component for such year.

**(B) Imaging services described**

For purposes of subparagraph (A), imaging services described in this subparagraph are imaging and computer-assisted imaging services, including X-ray, ultrasound (including echocardiography), nuclear medicine (including positron emission tomography), magnetic resonance imaging, computed tomography, and fluoroscopy, but excluding diagnostic and screening mammography, and for 2010, 2011, and the first 2 months of 2012, dual-energy x-ray absorptiometry services (as described in paragraph (6)).

**(C) Adjustment in imaging utilization rate**

With respect to fee schedules established for 2011, 2012, and 2013, in the methodology for determining practice expense relative value units for expensive diagnostic imaging equipment under the final rule published by the Secretary in the Federal Register on November 25, 2009 (42 CFR 410 et al.), the Secretary shall use a 75 percent assumption instead of the utilization rates otherwise established in such final rule. With respect to fee schedules established for 2014 and subsequent years, in such methodology, the Secretary shall use a 90 percent utilization rate.

**(D) Adjustment in technical component discount on single-session imaging involving consecutive body parts**

For services furnished on or after July 1, 2010, the Secretary shall increase the reduction in payments attributable to the multiple procedure payment reduction applicable to the technical component for imaging under the final rule published by the Secretary in the Federal Register on November 21, 2005 (part 405 of title 42, Code of Federal Regulations) from 25 percent to 50 percent.

**(5) Treatment of intensive cardiac rehabilitation program****(A) In general**

In the case of an intensive cardiac rehabilitation program described in section

1395x(eee)(4) of this title, the Secretary shall substitute the Medicare OPD fee schedule amount established under the prospective payment system for hospital outpatient department service under paragraph (3)(D) of section 1395l(t) of this title for cardiac rehabilitation (under HCPCS codes 93797 and 93798 for calendar year 2007, or any succeeding HCPCS codes for cardiac rehabilitation).

Payment may be made for up to 6 sessions per day of the series of 72 one-hour sessions of intensive cardiac rehabilitation services described in section 1395x(eee)(4)(B) of this title.

**(6) Treatment of bone mass scans**

For dual-energy x-ray absorptiometry services (identified in 2006 by HCPCS codes 76075 and 76077 (and any succeeding codes)) furnished during 2010, 2011, and the first 2 months of 2012, instead of the payment amount that would otherwise be determined under this section for such years, the payment amount shall be equal to 70 percent of the product of—

(A) the relative value for the service (as determined in subsection (c)(2)) for 2006;

(B) the conversion factor (established under subsection (d)) for 2006; and

(C) the geographic adjustment factor (established under subsection (e)(2)) for the service for the fee schedule area for 2010, 2011, and the first 2 months of 2012, respectively.

**(7) Adjustment in discount for certain multiple therapy services**

In the case of therapy services furnished on or after January 1, 2011, and before April 1, 2013, and for which payment is made under fee schedules established under this section, instead of the 25 percent multiple procedure payment reduction specified in the final rule published by the Secretary in the Federal Register on November 29, 2010, the reduction percentage shall be 20 percent. In the case of such services furnished on or after April 1, 2013, and for which payment is made under such fee schedules, instead of the 25 percent multiple procedure payment reduction specified in such final rule, the reduction percentage shall be 50 percent.

**(8) Encouraging care management for individuals with chronic care needs****(A) In general**

In order to encourage the management of care for individuals with chronic care needs the Secretary shall, subject to subparagraph (B), make payment (as the Secretary determines to be appropriate) under this section for chronic care management services furnished on or after January 1, 2015, by a phy-

sician (as defined in section 1395x(r)(1) of this title), physician assistant or nurse practitioner (as defined in section 1395x(aa)(5)(A) of this title), clinical nurse specialist (as defined in section 1395x(aa)(5)(B) of this title), or certified nurse midwife (as defined in section 1395x(gg)(2) of this title).

**(B) Policies relating to payment**

In carrying out this paragraph, with respect to chronic care management services, the Secretary shall—

(i) make payment to only one applicable provider for such services furnished to an individual during a period;

(ii) not make payment under subparagraph (A) if such payment would be duplicative of payment that is otherwise made under this subchapter for such services; and

(iii) not require that an annual wellness visit (as defined in section 1395x(hhh) of this title) or an initial preventive physical examination (as defined in section 1395x(ww) of this title) be furnished as a condition of payment for such management services.

**(9) Special rule to incentivize transition from traditional X-ray imaging to digital radiography**

**(A) Limitation on payment for film X-ray imaging services**

In the case of an imaging service (including the imaging portion of a service) that is an X-ray taken using film and that is furnished during 2017 or a subsequent year, the payment amount for the technical component (including the technical component portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this section) for such year shall be reduced by 20 percent.

**(B) Phased-in limitation on payment for computed radiography imaging services**

In the case of an imaging service (including the imaging portion of a service) that is an X-ray taken using computed radiography technology—

(i) in the case of such a service furnished during 2018, 2019, 2020, 2021, or 2022, the payment amount for the technical component (including the technical component portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this section) for such year shall be reduced by 7 percent; and

(ii) in the case of such a service furnished during 2023 or a subsequent year, the payment amount for the technical component (including the technical component portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this

section) for such year shall be reduced by 10 percent.

**(C) Computed radiography technology defined**

For purposes of this paragraph, the term “computed radiography technology” means cassette-based imaging which utilizes an imaging plate to create the image involved.

**(D) Implementation**

In order to implement this paragraph, the Secretary shall adopt appropriate mechanisms which may include use of modifiers.

**(10) Reduction of discount in payment for professional component of multiple imaging services**

In the case of the professional component of imaging services furnished on or after January 1, 2017, instead of the 25 percent reduction for multiple procedures specified in the final rule published by the Secretary in the Federal Register on November 28, 2011, as amended in the final rule published by the Secretary in the Federal Register on November 16, 2012, the reduction percentage shall be 5 percent.

**(11) Special rule for certain radiation therapy services**

The code definitions, the work relative value units under subsection (c)(2)(C)(i), and the direct inputs for the practice expense relative value units under subsection (c)(2)(C)(ii) for radiation treatment delivery and related imaging services (identified in 2016 by HCPCS G-codes G6001 through G6015) for the fee schedule established under this subsection for services furnished in 2017, 2018, and 2019 shall be the same as such definitions, units, and inputs for such services for the fee schedule established for services furnished in 2016.

**(c) Determination of relative values for physicians' services**

**(1) Division of physicians' services into components**

In this section, with respect to a physicians' service:

**(A) “Work component” defined**

The term “work component” means the portion of the resources used in furnishing the service that reflects physician time and intensity in furnishing the service. Such portion shall—

(i) include activities before and after direct patient contact, and

(ii) be defined, with respect to surgical procedures, to reflect a global definition including pre-operative and post-operative physicians' services.

**(B) “Practice expense component” defined**

The term “practice expense component” means the portion of the resources used in furnishing the service that reflects the general categories of expenses (such as office rent and wages of personnel, but excluding malpractice expenses) comprising practice expenses.

**(C) “Malpractice component” defined**

The term “malpractice component” means the portion of the resources used in fur-

nishing the service that reflects malpractice expenses in furnishing the service.

**(2) Determination of relative values**

**(A) In general**

**(i) Combination of units for components**

The Secretary shall develop a methodology for combining the work, practice expense, and malpractice relative value units, determined under subparagraph (C), for each service in a manner to produce a single relative value for that service. Such relative values are subject to adjustment under subparagraph (F)(i) and section 13515(b) of the Omnibus Budget Reconciliation Act of 1993.

**(ii) Extrapolation**

The Secretary may use extrapolation and other techniques to determine the number of relative value units for physicians' services for which specific data are not available and shall take into account recommendations of the Physician Payment Review Commission and the results of consultations with organizations representing physicians who provide such services.

**(B) Periodic review and adjustments in relative values**

**(i) Periodic review**

The Secretary, not less often than every 5 years, shall review the relative values established under this paragraph for all physicians' services.

**(ii) Adjustments**

**(I) In general**

The Secretary shall, to the extent the Secretary determines to be necessary and subject to subclause (II) and paragraph (7), adjust the number of such units to take into account changes in medical practice, coding changes, new data on relative value components, or the addition of new procedures. The Secretary shall publish an explanation of the basis for such adjustments.

**(II) Limitation on annual adjustments**

Subject to clauses (iv) and (v), the adjustments under subclause (I) for a year may not cause the amount of expenditures under this part for the year to differ by more than \$20,000,000 from the amount of expenditures under this part that would have been made if such adjustments had not been made.

**(iii) Consultation**

The Secretary, in making adjustments under clause (ii), shall consult with the Medicare Payment Advisory Commission and organizations representing physicians.

**(iv) Exemption of certain additional expenditures from budget neutrality**

The additional expenditures attributable to—

(I) subparagraph (H) shall not be taken into account in applying clause (ii)(II) for 2004;

(II) subparagraph (I) insofar as it relates to a physician fee schedule for 2005 or 2006 shall not be taken into account in applying clause (ii)(II) for drug administration services under the fee schedule for such year for a specialty described in subparagraph (I)(ii)(II);

(III) subparagraph (J) insofar as it relates to a physician fee schedule for 2005 or 2006 shall not be taken into account in applying clause (ii)(II) for drug administration services under the fee schedule for such year;

(IV) subsection (b)(6) shall not be taken into account in applying clause (ii)(II) for 2010, 2011, or the first 2 months of 2012; and

(V) subsection (t) shall not be taken into account in applying clause (ii)(II) for 2021.

**(v) Exemption of certain reduced expenditures from budget-neutrality calculation**

The following reduced expenditures, as estimated by the Secretary, shall not be taken into account in applying clause (ii)(II):

**(I) Reduced payment for multiple imaging procedures**

Effective for fee schedules established beginning with 2007, reduced expenditures attributable to the multiple procedure payment reduction for imaging under the final rule published by the Secretary in the Federal Register on November 21, 2005 (42 CFR 405, et al.) insofar as it relates to the physician fee schedules for 2006 and 2007.

**(II) OPD payment cap for imaging services**

Effective for fee schedules established beginning with 2007, reduced expenditures attributable to subsection (b)(4).

**(III) Change in utilization rate for certain imaging services**

**(IV), (V) Repealed. Pub. L. 111-152, title I, § 1107(2), Mar. 30, 2010, 124 Stat. 1050**

**(VI) Additional reduced payment for multiple imaging procedures**

Effective for fee schedules established beginning with 2010 (but not applied for services furnished prior to July 1, 2010), reduced expenditures attributable to the increase in the multiple procedure payment reduction from 25 to 50 percent (as described in subsection (b)(4)(D)).

**(VII) Reduced expenditures for multiple therapy services**

Effective for fee schedules established beginning with 2011, reduced expendi-

tures attributable to the multiple procedure payment reduction for therapy services (as described in subsection (b)(7)).

**(VIII) Reduced expenditures attributable to application of quality incentives for computed tomography**

Effective for fee schedules established beginning with 2016, reduced expenditures attributable to the application of the quality incentives for computed tomography under section 1395m(p) of this title<sup>1</sup>

**(X) Reduced expenditures attributable to incentives to transition to digital radiography**

Effective for fee schedules established beginning with 2017, reduced expenditures attributable to subparagraph (A) of subsection (b)(9) and effective for fee schedules established beginning with 2018, reduced expenditures attributable to subparagraph (B) of such subsection.

**(XI) Discount in payment for professional component of imaging services**

**(vi) Alternative application of budget-neutrality adjustment**

Notwithstanding subsection (d)(9)(A), effective for fee schedules established beginning with 2009, with respect to the 5-year review of work relative value units used in fee schedules for 2007 and 2008, in lieu of continuing to apply budget-neutrality adjustments required under clause (ii) for 2007 and 2008 to work relative value units, the Secretary shall apply such budget-neutrality adjustments to the conversion factor otherwise determined for years beginning with 2009.

**(C) Computation of relative value units for components**

For purposes of this section for each physicians' service—

**(i) Work relative value units**

The Secretary shall determine a number of work relative value units for the service or group of services based on the relative resources incorporating physician time and intensity required in furnishing the service or group of services.

**(ii) Practice expense relative value units**

The Secretary shall determine a number of practice expense relative value units for the service for years before 1999 equal to the product of—

(I) the base allowed charges (as defined in subparagraph (D)) for the service, and

(II) the practice expense percentage for the service (as determined under paragraph (3)(C)(ii)),

and for years beginning with 1999 based on the relative practice expense resources involved in furnishing the service or group of services. For 1999, such number of units shall be determined based 75 percent on such product and based 25 percent on the relative practice expense resources involved in furnishing the service. For 2000, such number of units shall be determined based 50 percent on such product and based 50 percent on such relative practice expense resources. For 2001, such number of units shall be determined based 25 percent on such product and based 75 percent on such relative practice expense resources. For a subsequent year, such number of units shall be determined based entirely on such relative practice expense resources.

**(iii) Malpractice relative value units**

The Secretary shall determine a number of malpractice relative value units for the service or group of services for years before 2000 equal to the product of—

(I) the base allowed charges (as defined in subparagraph (D)) for the service or group of services, and

(II) the malpractice percentage for the service or group of services (as determined under paragraph (3)(C)(iii)),

and for years beginning with 2000 based on the malpractice expense resources involved in furnishing the service or group of services.

**(D) “Base allowed charges” defined**

In this paragraph, the term “base allowed charges” means, with respect to a physician's service, the national average allowed charges for the service under this part for services furnished during 1991, as estimated by the Secretary using the most recent data available.

**(E) Reduction in practice expense relative value units for certain services**

**(i) In general**

Subject to clause (ii), the Secretary shall reduce the practice expense relative value units applied to services described in clause (iii) furnished in—

(I) 1994, by 25 percent of the number by which the number of practice expense relative value units (determined for 1994 without regard to this subparagraph) exceeds the number of work relative value units determined for 1994,

(II) 1995, by an additional 25 percent of such excess, and

(III) 1996, by an additional 25 percent of such excess.

**(ii) Floor on reductions**

The practice expense relative value units for a physician's service shall not be re-

<sup>1</sup> So in original. Probably should be followed by a period.

duced under this subparagraph to a number less than 128 percent of the number of work relative value units.

**(iii) Services covered**

For purposes of clause (i), the services described in this clause are physicians' services that are not described in clause (iv) and for which—

(I) there are work relative value units, and

(II) the number of practice expense relative value units (determined for 1994) exceeds 128 percent of the number of work relative value units (determined for such year).

**(iv) Excluded services**

For purposes of clause (iii), the services described in this clause are services which the Secretary determines at least 75 percent of which are provided under this subchapter in an office setting.

**(F) Budget neutrality adjustments**

The Secretary—

(i) shall reduce the relative values for all services (other than anesthesia services) established under this paragraph (and, in the case of anesthesia services, the conversion factor established by the Secretary for such services) by such percentage as the Secretary determines to be necessary so that, beginning in 1996, the amendment made by section 13514(a) of the Omnibus Budget Reconciliation Act of 1993 would not result in expenditures under this section that exceed the amount of such expenditures that would have been made if such amendment had not been made, and

(ii) shall reduce the amounts determined under subsection (a)(2)(B)(ii)(I) by such percentage as the Secretary determines to be required to assure that, taking into account the reductions made under clause (i), the amendment made by section 13514(a) of the Omnibus Budget Reconciliation Act of 1993 would not result in expenditures under this section in 1994 that exceed the amount of such expenditures that would have been made if such amendment had not been made.

**(G) Adjustments in relative value units for 1998**

**(i) In general**

The Secretary shall—

(I) subject to clauses (iv) and (v), reduce the practice expense relative value units applied to any services described in clause (ii) furnished in 1998 to a number equal to 110 percent of the number of work relative value units, and

(II) increase the practice expense relative value units for office visit procedure codes during 1998 by a uniform percentage which the Secretary estimates will result in an aggregate increase in payments for such services equal to the aggregate decrease in payments by reason of subclause (I).

**(ii) Services covered**

For purposes of clause (i), the services described in this clause are physicians'

services that are not described in clause (iii) and for which—

(I) there are work relative value units, and

(II) the number of practice expense relative value units (determined for 1998) exceeds 110 percent of the number of work relative value units (determined for such year).

**(iii) Excluded services**

For purposes of clause (ii), the services described in this clause are services which the Secretary determines at least 75 percent of which are provided under this subchapter in an office setting.

**(iv) Limitation on aggregate reallocation**

If the application of clause (i)(I) would result in an aggregate amount of reductions under such clause in excess of \$390,000,000, such clause shall be applied by substituting for 110 percent such greater percentage as the Secretary estimates will result in the aggregate amount of such reductions equaling \$390,000,000.

**(v) No reduction for certain services**

Practice expense relative value units for a procedure performed in an office or in a setting out of an office shall not be reduced under clause (i) if the in-office or out-of-office practice expense relative value, respectively, for the procedure would increase under the proposed rule on resource-based practice expenses issued by the Secretary on June 18, 1997 (62 Federal Register 33158 et seq.).

**(H) Adjustments in practice expense relative value units for certain drug administration services beginning in 2004**

**(i) Use of survey data**

In establishing the physician fee schedule under subsection (b) with respect to payments for services furnished on or after January 1, 2004, the Secretary shall, in determining practice expense relative value units under this subsection, utilize a survey submitted to the Secretary as of January 1, 2003, by a physician specialty organization pursuant to section 212 of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999 if the survey—

(I) covers practice expenses for oncology drug administration services; and

(II) meets criteria established by the Secretary for acceptance of such surveys.

**(ii) Pricing of clinical oncology nurses in practice expense methodology**

If the survey described in clause (i) includes data on wages, salaries, and compensation of clinical oncology nurses, the Secretary shall utilize such data in the methodology for determining practice expense relative value units under subsection (c).

**(iii) Work relative value units for certain drug administration services**

In establishing the relative value units under this paragraph for drug administra-

tion services described in clause (iv) furnished on or after January 1, 2004, the Secretary shall establish work relative value units equal to the work relative value units for a level 1 office medical visit for an established patient.

**(iv) Drug administration services described**

The drug administration services described in this clause are physicians' services—

(I) which are classified as of October 1, 2003, within any of the following groups of procedures: therapeutic or diagnostic infusions (excluding chemotherapy); chemotherapy administration services; and therapeutic, prophylactic, or diagnostic injections;

(II) for which there are no work relative value units assigned under this subsection as of such date; and

(III) for which national relative value units have been assigned under this subsection as of such date.

**(I) Adjustments in practice expense relative value units for certain drug administration services beginning with 2005**

**(i) In general**

In establishing the physician fee schedule under subsection (b) with respect to payments for services furnished on or after January 1, 2005 or 2006, the Secretary shall adjust the practice expense relative value units for such year consistent with clause (ii).

**(ii) Use of supplemental survey data**

**(I) In general**

Subject to subclause (II), if a specialty submits to the Secretary by not later than March 1, 2004, for 2005, or March 1, 2005, for 2006, data that includes expenses for the administration of drugs and biologicals for which the payment amount is determined pursuant to section 1395u(o) of this title, the Secretary shall use such supplemental survey data in carrying out this subparagraph for the years involved insofar as they are collected and provided by entities and organizations consistent with the criteria established by the Secretary pursuant to section 212(a) of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999.

**(II) Limitation on specialty**

Subclause (I) shall apply to a specialty only insofar as not less than 40 percent of payments for the specialty under this subchapter in 2002 are attributable to the administration of drugs and biologicals, as determined by the Secretary.

**(III) Application**

This clause shall not apply with respect to a survey to which subparagraph (H)(i) applies.

**(J) Provisions for appropriate reporting and billing for physicians' services associated with the administration of covered outpatient drugs and biologicals**

**(i) Evaluation of codes**

The Secretary shall promptly evaluate existing drug administration codes for physicians' services to ensure accurate reporting and billing for such services, taking into account levels of complexity of the administration and resource consumption.

**(ii) Use of existing processes**

In carrying out clause (i), the Secretary shall use existing processes for the consideration of coding changes and, to the extent coding changes are made, shall use such processes in establishing relative values for such services.

**(iii) Implementation**

In carrying out clause (i), the Secretary shall consult with representatives of physician specialties affected by the implementation of section 1395w-3a of this title or section 1395w-3b of this title, and shall take such steps within the Secretary's authority to expedite such considerations under clause (ii).

**(iv) Subsequent, budget neutral adjustments permitted**

Nothing in subparagraph (H) or (I) or this subparagraph shall be construed as preventing the Secretary from providing for adjustments in practice expense relative value units under (and consistent with) subparagraph (B) for years after 2004, 2005, or 2006, respectively.

**(K) Potentially misvalued codes**

**(i) In general**

The Secretary shall—

(I) periodically identify services as being potentially misvalued using criteria specified in clause (ii); and

(II) review and make appropriate adjustments to the relative values established under this paragraph for services identified as being potentially misvalued under subclause (I).

**(ii) Identification of potentially misvalued codes**

For purposes of identifying potentially misvalued codes pursuant to clause (i)(I), the Secretary shall examine codes (and families of codes as appropriate) based on any or all of the following criteria:

(I) Codes that have experienced the fastest growth.

(II) Codes that have experienced substantial changes in practice expenses.

(III) Codes that describe new technologies or services within an appropriate time period (such as 3 years) after the relative values are initially established for such codes.

(IV) Codes which are multiple codes that are frequently billed in conjunction with furnishing a single service.

(V) Codes with low relative values, particularly those that are often billed multiple times for a single treatment.

(VI) Codes that have not been subject to review since implementation of the fee schedule.

(VII) Codes that account for the majority of spending under the physician fee schedule.

(VIII) Codes for services that have experienced a substantial change in the hospital length of stay or procedure time.

(IX) Codes for which there may be a change in the typical site of service since the code was last valued.

(X) Codes for which there is a significant difference in payment for the same service between different sites of service.

(XI) Codes for which there may be anomalies in relative values within a family of codes.

(XII) Codes for services where there may be efficiencies when a service is furnished at the same time as other services.

(XIII) Codes with high intra-service work per unit of time.

(XIV) Codes with high practice expense relative value units.

(XV) Codes with high cost supplies.

(XVI) Codes as determined appropriate by the Secretary.

**(iii) Review and adjustments**

(I) The Secretary may use existing processes to receive recommendations on the review and appropriate adjustment of potentially misvalued services described in clause (i)(II).

(II) The Secretary may conduct surveys, other data collection activities, studies, or other analyses as the Secretary determines to be appropriate to facilitate the review and appropriate adjustment described in clause (i)(II).

(III) The Secretary may use analytic contractors to identify and analyze services identified under clause (i)(I), conduct surveys or collect data, and make recommendations on the review and appropriate adjustment of services described in clause (i)(II).

(IV) The Secretary may coordinate the review and appropriate adjustment described in clause (i)(II) with the periodic review described in subparagraph (B).

(V) As part of the review and adjustment described in clause (i)(II), including with respect to codes with low relative values described in clause (ii), the Secretary may make appropriate coding revisions (including using existing processes for consideration of coding changes) which may include consolidation of individual services into bundled codes for payment under the fee schedule under subsection (b).

(VI) The provisions of subparagraph (B)(ii)(II) and paragraph (7) shall apply to adjustments to relative value units made pursuant to this subparagraph in the same

manner as such provisions apply to adjustments under subparagraph (B)(i)(I).

**(iv) Treatment of certain radiation therapy services**

Radiation treatment delivery and related imaging services identified under subsection (b)(11) shall not be considered as potentially misvalued services for purposes of this subparagraph and subparagraph (O) for 2017, 2018, and 2019.

**(L) Validating relative value units**

**(i) In general**

The Secretary shall establish a process to validate relative value units under the fee schedule under subsection (b).

**(ii) Components and elements of work**

The process described in clause (i) may include validation of work elements (such as time, mental effort and professional judgment, technical skill and physical effort, and stress due to risk) involved with furnishing a service and may include validation of the pre-, post-, and intra-service components of work.

**(iii) Scope of codes**

The validation of work relative value units shall include a sampling of codes for services that is the same as the codes listed under subparagraph (K)(ii).

**(iv) Methods**

The Secretary may conduct the validation under this subparagraph using methods described in subclauses (I) through (V) of subparagraph (K)(iii) as the Secretary determines to be appropriate.

**(v) Adjustments**

The Secretary shall make appropriate adjustments to the work relative value units under the fee schedule under subsection (b). The provisions of subparagraph (B)(ii)(II) shall apply to adjustments to relative value units made pursuant to this subparagraph in the same manner as such provisions apply to adjustments under subparagraph (B)(ii)(II).

**(M) Authority to collect and use information on physicians' services in the determination of relative values**

**(i) Collection of information**

Notwithstanding any other provision of law, the Secretary may collect or obtain information on the resources directly or indirectly related to furnishing services for which payment is made under the fee schedule established under subsection (b). Such information may be collected or obtained from any eligible professional or any other source.

**(ii) Use of information**

Notwithstanding any other provision of law, subject to clause (v), the Secretary may (as the Secretary determines appropriate) use information collected or obtained pursuant to clause (i) in the determination of relative values for services under this section.

**(iii) Types of information**

The types of information described in clauses (i) and (ii) may, at the Secretary's discretion, include any or all of the following:

- (I) Time involved in furnishing services.
- (II) Amounts and types of practice expense inputs involved with furnishing services.
- (III) Prices (net of any discounts) for practice expense inputs, which may include paid invoice prices or other documentation or records.
- (IV) Overhead and accounting information for practices of physicians and other suppliers.
- (V) Any other element that would improve the valuation of services under this section.

**(iv) Information collection mechanisms**

Information may be collected or obtained pursuant to this subparagraph from any or all of the following:

- (I) Surveys of physicians, other suppliers, providers of services, manufacturers, and vendors.
- (II) Surgical logs, billing systems, or other practice or facility records.
- (III) Electronic health records.
- (IV) Any other mechanism determined appropriate by the Secretary.

**(v) Transparency of use of information****(I) In general**

Subject to subclauses (II) and (III), if the Secretary uses information collected or obtained under this subparagraph in the determination of relative values under this subsection, the Secretary shall disclose the information source and discuss the use of such information in such determination of relative values through notice and comment rule-making.

**(II) Thresholds for use**

The Secretary may establish thresholds in order to use such information, including the exclusion of information collected or obtained from eligible professionals who use very high resources (as determined by the Secretary) in furnishing a service.

**(III) Disclosure of information**

The Secretary shall make aggregate information available under this subparagraph but shall not disclose information in a form or manner that identifies an eligible professional or a group practice, or information collected or obtained pursuant to a nondisclosure agreement.

**(vi) Incentive to participate**

The Secretary may provide for such payments under this part to an eligible professional that submits such solicited information under this subparagraph as the Secretary determines appropriate in order to

compensate such eligible professional for such submission. Such payments shall be provided in a form and manner specified by the Secretary.

**(vii) Administration**

Chapter 35 of title 44 shall not apply to information collected or obtained under this subparagraph.

**(viii) Definition of eligible professional**

In this subparagraph, the term "eligible professional" has the meaning given such term in subsection (k)(3)(B).

**(ix) Funding**

For purposes of carrying out this subparagraph, in addition to funds otherwise appropriated, the Secretary shall provide for the transfer, from the Federal Supplementary Medical Insurance Trust Fund under section 1395t of this title, of \$2,000,000 to the Centers for Medicare & Medicaid Services Program Management Account for each fiscal year beginning with fiscal year 2014. Amounts transferred under the preceding sentence for a fiscal year shall be available until expended.

**(N) Authority for alternative approaches to establishing practice expense relative values**

The Secretary may establish or adjust practice expense relative values under this subsection using cost, charge, or other data from suppliers or providers of services, including information collected or obtained under subparagraph (M).

**(O) Target for relative value adjustments for misvalued services**

With respect to fee schedules established for each of 2016 through 2018, the following shall apply:

**(i) Determination of net reduction in expenditures**

For each year, the Secretary shall determine the estimated net reduction in expenditures under the fee schedule under this section with respect to the year as a result of adjustments to the relative values established under this paragraph for misvalued codes.

**(ii) Budget neutral redistribution of funds if target met and counting overages towards the target for the succeeding year**

If the estimated net reduction in expenditures determined under clause (i) for the year is equal to or greater than the target for the year—

- (I) reduced expenditures attributable to such adjustments shall be redistributed for the year in a budget neutral manner in accordance with subparagraph (B)(ii)(II); and

- (II) the amount by which such reduced expenditures exceeds the target for the year shall be treated as a reduction in expenditures described in clause (i) for the succeeding year, for purposes of de-

termining whether the target has or has not been met under this subparagraph with respect to that year.

**(iii) Exemption from budget neutrality if target not met**

If the estimated net reduction in expenditures determined under clause (i) for the year is less than the target for the year, reduced expenditures in an amount equal to the target recapture amount shall not be taken into account in applying subparagraph (B)(ii)(II) with respect to fee schedules beginning with 2016.

**(iv) Target recapture amount**

For purposes of clause (iii), the target recapture amount is, with respect to a year, an amount equal to the difference between—

(I) the target for the year; and

(II) the estimated net reduction in expenditures determined under clause (i) for the year.

**(v) Target**

For purposes of this subparagraph, with respect to a year, the target is calculated as 0.5 percent (or, for 2016, 1.0 percent) of the estimated amount of expenditures under the fee schedule under this section for the year.

**(3) Component percentages**

For purposes of paragraph (2), the Secretary shall determine a work percentage, a practice expense percentage, and a malpractice percentage for each physician's service as follows:

**(A) Division of services by specialty**

For each physician's service or class of physicians' services, the Secretary shall determine the average percentage of each such service or class of services that is performed, nationwide, under this part by physicians in each of the different physician specialties (as identified by the Secretary).

**(B) Division of specialty by component**

The Secretary shall determine the average percentage division of resources, among the work component, the practice expense component, and the malpractice component, used by physicians in each of such specialties in furnishing physicians' services. Such percentages shall be based on national data that describe the elements of physician practice costs and revenues, by physician specialty. The Secretary may use extrapolation and other techniques to determine practice costs and revenues for specialties for which adequate data are not available.

**(C) Determination of component percentages**

**(i) Work percentage**

The work percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—

(I) the average percentage division for the work component for each physician specialty (determined under subparagraph (B)), multiplied by

(II) the proportion (determined under subparagraph (A)) of such service (or

services) performed by physicians in that specialty.

**(ii) Practice expense percentage**

For years before 2002, the practice expense percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—

(I) the average percentage division for the practice expense component for each physician specialty (determined under subparagraph (B)), multiplied by

(II) the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.

**(iii) Malpractice percentage**

For years before 1999, the malpractice percentage for a service (or class of services) is equal to the sum (for all physician specialties) of—

(I) the average percentage division for the malpractice component for each physician specialty (determined under subparagraph (B)), multiplied by

(II) the proportion (determined under subparagraph (A)) of such service (or services) performed by physicians in that specialty.

**(D) Periodic recomputation**

The Secretary may, from time to time, provide for the recomputation of work percentages, practice expense percentages, and malpractice percentages determined under this paragraph.

**(4) Ancillary policies**

The Secretary may establish ancillary policies (with respect to the use of modifiers, local codes, and other matters) as may be necessary to implement this section.

**(5) Coding**

The Secretary shall establish a uniform procedure coding system for the coding of all physicians' services. The Secretary shall provide for an appropriate coding structure for visits and consultations. The Secretary may incorporate the use of time in the coding for visits and consultations. The Secretary, in establishing such coding system, shall consult with the Physician Payment Review Commission and other organizations representing physicians.

**(6) No variation for specialists**

The Secretary may not vary the conversion factor or the number of relative value units for a physicians' service based on whether the physician furnishing the service is a specialist or based on the type of specialty of the physician.

**(7) Phase-in of significant relative value unit (RVU) reductions**

Effective for fee schedules established beginning with 2016, for services that are not new or revised codes, if the total relative value units for a service for a year would otherwise be decreased by an estimated amount equal to or greater than 20 percent as compared to the

total relative value units for the previous year, the applicable adjustments in work, practice expense, and malpractice relative value units shall be phased-in over a 2-year period.

**(8) Global surgical packages**

**(A) Prohibition of implementation of rule regarding global surgical packages**

**(i) In general**

The Secretary shall not implement the policy established in the final rule published on November 13, 2014 (79 Fed. Reg. 67548 et seq.), that requires the transition of all 10-day and 90-day global surgery packages to 0-day global periods.

**(ii) Construction**

Nothing in clause (i) shall be construed to prevent the Secretary from revaluing misvalued codes for specific surgical services or assigning values to new or revised codes for surgical services.

**(B) Collection of data on services included in global surgical packages**

**(i) In general**

Subject to clause (ii), the Secretary shall through rulemaking develop and implement a process to gather, from a representative sample of physicians, beginning not later than January 1, 2017, information needed to value surgical services. Such information shall include the number and level of medical visits furnished during the global period and other items and services related to the surgery and furnished during the global period, as appropriate. Such information shall be reported on claims at the end of the global period or in another manner specified by the Secretary. For purposes of carrying out this paragraph (other than clause (iii)), the Secretary shall transfer from the Federal Supplemental Medical Insurance Trust Fund under section 1395t of this title \$2,000,000 to the Center for Medicare & Medicaid Services Program Management Account for fiscal year 2015. Amounts transferred under the previous sentence shall remain available until expended.

**(ii) Reassessment and potential sunset**

Every 4 years, the Secretary shall reassess the value of the information collected pursuant to clause (i). Based on such a reassessment and by regulation, the Secretary may discontinue the requirement for collection of information under such clause if the Secretary determines that the Secretary has adequate information from other sources, such as qualified clinical data registries, surgical logs, billing systems or other practice or facility records, and electronic health records, in order to accurately value global surgical services under this section.

**(iii) Inspector general audit**

The Inspector General of the Department of Health and Human Services shall audit a sample of the information reported

under clause (i) to verify the accuracy of the information so reported.

**(C) Improving accuracy of pricing for surgical services**

For years beginning with 2019, the Secretary shall use the information reported under subparagraph (B)(i) as appropriate and other available data for the purpose of improving the accuracy of valuation of surgical services under the physician fee schedule under this section.

**(d) Conversion factors**

**(1) Establishment**

**(A) In general**

The conversion factor for each year shall be the conversion factor established under this subsection for the previous year (or, in the case of 1992, specified in subparagraph (B)) adjusted by the update (established under paragraph (3)) for the year involved (for years before 2001) and, for years beginning with 2001 and ending with 2025, multiplied by the update (established under paragraph (4) or a subsequent paragraph) for the year involved. There shall be two separate conversion factors for each year beginning with 2026, one for items and services furnished by a qualifying APM participant (as defined in section 1395(z)(2) of this title) (referred to in this subsection as the “qualifying APM conversion factor”) and the other for other items and services (referred to in this subsection as the “nonqualifying APM conversion factor”), equal to the respective conversion factor for the previous year (or, in the case of 2026, equal to the single conversion factor for 2025) multiplied by the update established under paragraph (20) for such respective conversion factor for such year.

**(B) Special provision for 1992**

For purposes of subparagraph (A), the conversion factor specified in this subparagraph is a conversion factor (determined by the Secretary) which, if this section were to apply during 1991 using such conversion factor, would result in the same aggregate amount of payments under this part for physicians’ services as the estimated aggregate amount of the payments under this part for such services in 1991.

**(C) Special rules for 1998**

Except as provided in subparagraph (D), the single conversion factor for 1998 under this subsection shall be the conversion factor for primary care services for 1997, increased by the Secretary’s estimate of the weighted average of the three separate updates that would otherwise occur were it not for the enactment of chapter 1 of subtitle F of title IV of the Balanced Budget Act of 1997.

**(D) Special rules for anesthesia services**

The separate conversion factor for anesthesia services for a year shall be equal to 46 percent of the single conversion factor (or, beginning with 2026, applicable conversion

factor) established for other physicians' services, except as adjusted for changes in work, practice expense, or malpractice relative value units.

**(E) Publication and dissemination of information**

The Secretary shall—

(i) cause to have published in the Federal Register not later than November 1 of each year (beginning with 2000) the conversion factor which will apply to physicians' services for the succeeding year, the update determined under paragraph (4) for such succeeding year, and the allowed expenditures under such paragraph for such succeeding year; and

(ii) make available to the Medicare Payment Advisory Commission and the public by March 1 of each year (beginning with 2000) an estimate of the sustainable growth rate and of the conversion factor which will apply to physicians' services for the succeeding year and data used in making such estimate.

**(2) Repealed. Pub. L. 105-33, title IV, § 4502(b), Aug. 5, 1997, 111 Stat. 433**

**(3) Update for 1999 and 2000**

**(A) In general**

Unless otherwise provided by law, subject to subparagraph (D) and the budget-neutrality factor determined by the Secretary under subsection (c)(2)(B)(ii), the update to the single conversion factor established in paragraph (1)(C) for 1999 and 2000 is equal to the product of—

(i) 1 plus the Secretary's estimate of the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) for the year (divided by 100), and

(ii) 1 plus the Secretary's estimate of the update adjustment factor for the year (divided by 100),

minus 1 and multiplied by 100.

**(B) Update adjustment factor**

For purposes of subparagraph (A)(ii), the "update adjustment factor" for a year is equal (as estimated by the Secretary) to—

(i) the difference between (I) the sum of the allowed expenditures for physicians' services (as determined under subparagraph (C)) for the period beginning April 1, 1997, and ending on March 31 of the year involved, and (II) the amount of actual expenditures for physicians' services furnished during the period beginning April 1, 1997, and ending on March 31 of the preceding year; divided by

(ii) the actual expenditures for physicians' services for the 12-month period ending on March 31 of the preceding year, increased by the sustainable growth rate under subsection (f) for the fiscal year which begins during such 12-month period.

**(C) Determination of allowed expenditures**

For purposes of this paragraph and paragraph (4), the allowed expenditures for physicians' services for the 12-month period ending with March 31 of—

(i) 1997 is equal to the actual expenditures for physicians' services furnished during such 12-month period, as estimated by the Secretary; or

(ii) a subsequent year is equal to the allowed expenditures for physicians' services for the previous year, increased by the sustainable growth rate under subsection (f) for the fiscal year which begins during such 12-month period.

**(D) Restriction on variation from medicare economic index**

Notwithstanding the amount of the update adjustment factor determined under subparagraph (B) for a year, the update in the conversion factor under this paragraph for the year may not be—

(i) greater than 100 times the following amount:  $(1.03 + (\text{MEI percentage}/100)) - 1$ ; or

(ii) less than 100 times the following amount:  $(0.93 + (\text{MEI percentage}/100)) - 1$ ,

where "MEI percentage" means the Secretary's estimate of the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) for the year involved.

**(4) Update for years beginning with 2001 and ending with 2014**

**(A) In general**

Unless otherwise provided by law, subject to the budget-neutrality factor determined by the Secretary under subsection (c)(2)(B)(ii) and subject to adjustment under subparagraph (F), the update to the single conversion factor established in paragraph (1)(C) for a year beginning with 2001 and ending with 2014 is equal to the product of—

(i) 1 plus the Secretary's estimate of the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) for the year (divided by 100); and

(ii) 1 plus the Secretary's estimate of the update adjustment factor under subparagraph (B) for the year.

**(B) Update adjustment factor**

For purposes of subparagraph (A)(ii), subject to subparagraph (D) and the succeeding paragraphs of this subsection, the "update adjustment factor" for a year is equal (as estimated by the Secretary) to the sum of the following:

**(i) Prior year adjustment component**

An amount determined by—

(I) computing the difference (which may be positive or negative) between the amount of the allowed expenditures for physicians' services for the prior year (as determined under subparagraph (C)) and the amount of the actual expenditures for such services for that year;

(II) dividing that difference by the amount of the actual expenditures for such services for that year; and

(III) multiplying that quotient by 0.75.

**(ii) Cumulative adjustment component**

An amount determined by—

(I) computing the difference (which may be positive or negative) between the

amount of the allowed expenditures for physicians' services (as determined under subparagraph (C)) from April 1, 1996, through the end of the prior year and the amount of the actual expenditures for such services during that period;

(II) dividing that difference by actual expenditures for such services for the prior year as increased by the sustainable growth rate under subsection (f) for the year for which the update adjustment factor is to be determined; and

(III) multiplying that quotient by 0.33.

**(C) Determination of allowed expenditures**

For purposes of this paragraph:

**(i) Period up to April 1, 1999**

The allowed expenditures for physicians' services for a period before April 1, 1999, shall be the amount of the allowed expenditures for such period as determined under paragraph (3)(C).

**(ii) Transition to calendar year allowed expenditures**

Subject to subparagraph (E), the allowed expenditures for—

(I) the 9-month period beginning April 1, 1999, shall be the Secretary's estimate of the amount of the allowed expenditures that would be permitted under paragraph (3)(C) for such period; and

(II) the year of 1999, shall be the Secretary's estimate of the amount of the allowed expenditures that would be permitted under paragraph (3)(C) for such year.

**(iii) Years beginning with 2000**

The allowed expenditures for a year (beginning with 2000) is equal to the allowed expenditures for physicians' services for the previous year, increased by the sustainable growth rate under subsection (f) for the year involved.

**(D) Restriction on update adjustment factor**

The update adjustment factor determined under subparagraph (B) for a year may not be less than  $-0.07$  or greater than  $0.03$ .

**(E) Recalculation of allowed expenditures for updates beginning with 2001**

For purposes of determining the update adjustment factor for a year beginning with 2001, the Secretary shall recompute the allowed expenditures for previous periods beginning on or after April 1, 1999, consistent with subsection (f)(3).

**(F) Transitional adjustment designed to provide for budget neutrality**

Under this subparagraph the Secretary shall provide for an adjustment to the update under subparagraph (A)—

**(B) No effect on computation of conversion factor for subsequent years**

The conversion factor under this subsection shall be computed under paragraph (1)(A) for 2015 and subsequent years as if subparagraph (A) had never applied.

**(16) Update for January through June of 2015**

Subject to paragraphs (7)(B), (8)(B), (9)(B), (10)(B), (11)(B), (12)(B), (13)(B), (14)(B), and (15)(B), in lieu of the update to the single conversion factor established in paragraph (1)(C) that would otherwise apply for 2015 for the period beginning on January 1, 2015, and ending on June 30, 2015, the update to the single conversion factor shall be 0.0 percent.

**(17) Update for July through December of 2015**

**(e) Geographic adjustment factors**

**(1) Establishment of geographic indices**

**(A) In general**

Subject to subparagraphs (B), (C), (E), (G), (H), and (I), the Secretary shall establish—

- (i) an index which reflects the relative costs of the mix of goods and services comprising practice expenses (other than malpractice expenses) in the different fee schedule areas compared to the national average of such costs,
- (ii) an index which reflects the relative costs of malpractice expenses in the different fee schedule areas compared to the national average of such costs, and
- (iii) an index which reflects  $\frac{1}{4}$  of the difference between the relative value of physicians' work effort in each of the different fee schedule areas and the national average of such work effort.

**(B) Class-specific geographic cost-of-practice indices**

The Secretary may establish more than one index under subparagraph (A)(i) in the

case of classes of physicians' services, if, because of differences in the mix of goods and services comprising practice expenses for the different classes of services, the application of a single index under such clause to different classes of such services would be substantially inequitable.

**(C) Periodic review and adjustments in geographic adjustment factors**

The Secretary, not less often than every 3 years, shall, in consultation with appropriate representatives of physicians, review the indices established under subparagraph (A) and the geographic index values applied under this subsection for all fee schedule areas. Based on such review, the Secretary may revise such index and adjust such index values, except that, if more than 1 year has elapsed<sup>2</sup> since the date of the last previous adjustment, the adjustment to be applied in the first year of the next adjustment shall be ½ of the adjustment that otherwise would be made.

**(D) Use of recent data**

In establishing indices and index values under this paragraph, the Secretary shall use the most recent data available relating to practice expenses, malpractice expenses, and physician work effort in different fee schedule areas.

**(E) Floor at 1.0 on work geographic index**

After calculating the work geographic index in subparagraph (A)(iii), for purposes of payment for services furnished on or after January 1, 2004, and before January 1, 2024, the Secretary shall increase the work geographic index to 1.00 for any locality for which such work geographic index is less than 1.00.

**(G)<sup>3</sup> Floor for practice expense, malpractice, and work geographic indices for services furnished in Alaska**

For purposes of payment for services furnished in Alaska on or after January 1, 2004, and before January 1, 2006, after calculating the practice expense, malpractice, and work geographic indices in clauses (i), (ii), and (iii) of subparagraph (A) and in subparagraph (B), the Secretary shall increase any such index to 1.67 if such index would otherwise be less than 1.67. For purposes of payment for services furnished in the State described in the preceding sentence on or after January 1, 2009, after calculating the work geographic index in subparagraph (A)(iii), the Secretary shall increase the work geographic index to 1.5 if such index would otherwise be less than 1.5<sup>1</sup>

**(H) Practice expense geographic adjustment for 2010 and subsequent years**

**(i) For 2010**

Subject to clause (iii), for services furnished during 2010, the employee wage and rent portions of the practice expense geo-

graphic index described in subparagraph (A)(i) shall reflect ½ of the difference between the relative costs of employee wages and rents in each of the different fee schedule areas and the national average of such employee wages and rents.

**(ii) For 2011**

Subject to clause (iii), for services furnished during 2011, the employee wage and rent portions of the practice expense geographic index described in subparagraph (A)(i) shall reflect ½ of the difference between the relative costs of employee wages and rents in each of the different fee schedule areas and the national average of such employee wages and rents.

**(iii) Hold harmless**

The practice expense portion of the geographic adjustment factor applied in a fee schedule area for services furnished in 2010 or 2011 shall not, as a result of the application of clause (i) or (ii), be reduced below the practice expense portion of the geographic adjustment factor under subparagraph (A)(i) (as calculated prior to the application of such clause (i) or (ii), respectively) for such area for such year.

**(iv) Analysis**

The Secretary shall analyze current methods of establishing practice expense geographic adjustments under subparagraph (A)(i) and evaluate data that fairly and reliably establishes distinctions in the costs of operating a medical practice in the different fee schedule areas. Such analysis shall include an evaluation of the following:

(I) The feasibility of using actual data or reliable survey data developed by medical organizations on the costs of operating a medical practice, including office rents and non-physician staff wages, in different fee schedule areas.

(II) The office expense portion of the practice expense geographic adjustment described in subparagraph (A)(i), including the extent to which types of office expenses are determined in local markets instead of national markets.

(III) The weights assigned to each of the categories within the practice expense geographic adjustment described in subparagraph (A)(i).

**(v) Revision for 2012 and subsequent years**

As a result of the analysis described in clause (iv), the Secretary shall, not later than January 1, 2012, make appropriate adjustments to the practice expense geographic adjustment described in subparagraph (A)(i) to ensure accurate geographic adjustments across fee schedule areas, including—

(I) basing the office rents component and its weight on office expenses that vary among fee schedule areas; and

(II) considering a representative range of professional and non-professional personnel employed in a medical office

<sup>2</sup>So in original. Probably should be "elapsed".

<sup>3</sup>So in original. No subpar. (F) has been enacted.

based on the use of the American Community Survey data or other reliable data for wage adjustments.

Such adjustments shall be made without regard to adjustments made pursuant to clauses (i) and (ii) and shall be made in a budget neutral manner.

**(I) Floor for practice expense index for services furnished in frontier States**

**(i) In general**

Subject to clause (ii), for purposes of payment for services furnished in a frontier State (as defined in section 1395ww(d)(3)(E)(iii)(II) of this title) on or after January 1, 2011, after calculating the practice expense index in subparagraph (A)(i), the Secretary shall increase any such index to 1.00 if such index would otherwise be less than<sup>4</sup> 1.00. The preceding sentence shall not be applied in a budget neutral manner.

**(ii) Limitation**

This subparagraph shall not apply to services furnished in a State that receives a non-labor related share adjustment under section 1395ww(d)(5)(H) of this title.

**(2) Computation of geographic adjustment factor**

For purposes of subsection (b)(1)(C), for all physicians' services for each fee schedule area the Secretary shall establish a geographic adjustment factor equal to the sum of the geographic cost-of-practice adjustment factor (specified in paragraph (3)), the geographic malpractice adjustment factor (specified in paragraph (4)), and the geographic physician work adjustment factor (specified in paragraph (5)) for the service and the area.

**(3) Geographic cost-of-practice adjustment factor**

For purposes of paragraph (2), the "geographic cost-of-practice adjustment factor", for a service for a fee schedule area, is the product of—

(A) the proportion of the total relative value for the service that reflects the relative value units for the practice expense component, and

(B) the geographic cost-of-practice index value for the area for the service, based on the index established under paragraph (1)(A)(i) or (1)(B) (as the case may be).

**(4) Geographic malpractice adjustment factor**

For purposes of paragraph (2), the "geographic malpractice adjustment factor", for a service for a fee schedule area, is the product of—

(A) the proportion of the total relative value for the service that reflects the relative value units for the malpractice component, and

(B) the geographic malpractice index value for the area, based on the index established under paragraph (1)(A)(ii).

**(5) Geographic physician work adjustment factor**

For purposes of paragraph (2), the "geographic physician work adjustment factor", for a service for a fee schedule area, is the product of—

(A) the proportion of the total relative value for the service that reflects the relative value units for the work component, and

(B) the geographic physician work index value for the area, based on the index established under paragraph (1)(A)(iii).

**(6) Use of MSAs as fee schedule areas in California**

**(A) In general**

Subject to the succeeding provisions of this paragraph and notwithstanding the previous provisions of this subsection, for services furnished on or after January 1, 2017, the fee schedule areas used for payment under this section applicable to California shall be the following:

(i) Each Metropolitan Statistical Area (each in this paragraph referred to as an "MSA"), as defined by the Director of the Office of Management and Budget as of December 31 of the previous year, shall be a fee schedule area.

(ii) All areas not included in an MSA shall be treated as a single rest-of-State fee schedule area.

**(B) Transition for MSAs previously in rest-of-state payment locality or in locality 3**

**(i) In general**

For services furnished in California during a year beginning with 2017 and ending with 2021 in an MSA in a transition area (as defined in subparagraph (D)), subject to subparagraph (C), the geographic index values to be applied under this subsection for such year shall be equal to the sum of the following:

**(I) Current law component**

The old weighting factor (described in clause (ii)) for such year multiplied by the geographic index values under this subsection for the fee schedule area that included such MSA that would have applied in such area (as estimated by the Secretary) if this paragraph did not apply.

**(II) MSA-based component**

The MSA-based weighting factor (described in clause (iii)) for such year multiplied by the geographic index values computed for the fee schedule area under subparagraph (A) for the year (determined without regard to this subparagraph).

**(ii) Old weighting factor**

The old weighting factor described in this clause—

(I) for 2017, is  $\frac{5}{6}$ ; and

(II) for each succeeding year, is the old weighting factor described in this clause for the previous year minus  $\frac{1}{6}$ .

<sup>4</sup>So in original. Probably should be "than".

**(iii) MSA-based weighting factor**

The MSA-based weighting factor described in this clause for a year is 1 minus the old weighting factor under clause (ii) for that year.

**(C) Hold harmless**

For services furnished in a transition area in California during a year beginning with 2017, the geographic index values to be applied under this subsection for such year shall not be less than the corresponding geographic index values that would have applied in such transition area (as estimated by the Secretary) if this paragraph did not apply.

**(D) Transition area defined**

In this paragraph, the term “transition area” means each of the following fee schedule areas for 2013:

- (i) The rest-of-State payment locality.
- (ii) Payment locality 3.

**(E) References to fee schedule areas**

Effective for services furnished on or after January 1, 2017, for California, any reference in this section to a fee schedule area shall be deemed a reference to a fee schedule area established in accordance with this paragraph.

**(f) Sustainable growth rate****(1) Publication**

The Secretary shall cause to have published in the Federal Register not later than—

- (A) November 1, 2000, the sustainable growth rate for 2000 and 2001; and
- (B) November 1 of each succeeding year through 2014 the sustainable growth rate for such succeeding year and each of the preceding 2 years.

**(2) Specification of growth rate**

The sustainable growth rate for all physicians’ services for a fiscal year (beginning with fiscal year 1998 and ending with fiscal year 2000) and a year beginning with 2000 and ending with 2014 shall be equal to the product of—

- (A) 1 plus the Secretary’s estimate of the weighted average percentage increase (divided by 100) in the fees for all physicians’ services in the applicable period involved,
- (B) 1 plus the Secretary’s estimate of the percentage change (divided by 100) in the average number of individuals enrolled under this part (other than Medicare+Choice plan enrollees) from the previous applicable period to the applicable period involved,
- (C) 1 plus the Secretary’s estimate of the annual average percentage growth in real gross domestic product per capita (divided by 100) during the 10-year period ending with the applicable period involved, and
- (D) 1 plus the Secretary’s estimate of the percentage change (divided by 100) in expenditures for all physicians’ services in the applicable period (compared with the previous applicable period) which will result from changes in law and regulations, determined without taking into account estimated changes in expenditures resulting from the update adjustment factor deter-

mined under subsection (d)(3)(B) or (d)(4)(B), as the case may be,

minus 1 and multiplied by 100.

**(3) Data to be used**

For purposes of determining the update adjustment factor under subsection (d)(4)(B) for a year beginning with 2001, the sustainable growth rates taken into consideration in the determination under paragraph (2) shall be determined as follows:

**(A) For 2001**

For purposes of such calculations for 2001, the sustainable growth rates for fiscal year 2000 and the years 2000 and 2001 shall be determined on the basis of the best data available to the Secretary as of September 1, 2000.

**(B) For 2002**

For purposes of such calculations for 2002, the sustainable growth rates for fiscal year 2000 and for years 2000, 2001, and 2002 shall be determined on the basis of the best data available to the Secretary as of September 1, 2001.

**(C) For 2003 and succeeding years**

For purposes of such calculations for a year after 2002—

- (i) the sustainable growth rates for that year and the preceding 2 years shall be determined on the basis of the best data available to the Secretary as of September 1 of the year preceding the year for which the calculation is made; and
- (ii) the sustainable growth rate for any year before a year described in clause (i) shall be the rate as most recently determined for that year under this subsection.

Nothing in this paragraph shall be construed as affecting the sustainable growth rates established for fiscal year 1998 or fiscal year 1999.

**(4) Definitions**

In this subsection:

**(A) Services included in physicians’ services**

The term “physicians’ services” includes other items and services (such as clinical diagnostic laboratory tests and radiology services), specified by the Secretary, that are commonly performed or furnished by a physician or in a physician’s office, but does not include services furnished to a Medicare+Choice plan enrollee.

**(B) Medicare+Choice plan enrollee**

The term “Medicare+Choice plan enrollee” means, with respect to a fiscal year, an individual enrolled under this part who has elected to receive benefits under this subchapter for the fiscal year through a Medicare+Choice plan offered under part C, and also includes an individual who is receiving benefits under this part through enrollment with an eligible organization with a risk-sharing contract under section 1395mm of this title.

**(C) Applicable period**

The term “applicable period” means—

(i) a fiscal year, in the case of fiscal year 1998, fiscal year 1999, and fiscal year 2000; or

(ii) a calendar year with respect to a year beginning with 2000;

as the case may be.

**(g) Limitation on beneficiary liability**

**(1) Limitation on actual charges**

**(A) In general**

In the case of a nonparticipating physician or nonparticipating supplier or other person (as defined in section 1395u(i)(2) of this title) who does not accept payment on an assignment-related basis for a physician's service furnished with respect to an individual enrolled under this part, the following rules apply:

**(i) Application of limiting charge**

No person may bill or collect an actual charge for the service in excess of the limiting charge described in paragraph (2) for such service.

**(ii) No liability for excess charges**

No person is liable for payment of any amounts billed for the service in excess of such limiting charge.

**(iii) Correction of excess charges**

If such a physician, supplier, or other person bills, but does not collect, an actual charge for a service in violation of clause (i), the physician, supplier, or other person shall reduce on a timely basis the actual charge billed for the service to an amount not to exceed the limiting charge for the service.

**(iv) Refund of excess collections**

If such a physician, supplier, or other person collects an actual charge for a service in violation of clause (i), the physician, supplier, or other person shall provide on a timely basis a refund to the individual charged in the amount by which the amount collected exceeded the limiting charge for the service. The amount of such a refund shall be reduced to the extent the individual has an outstanding balance owed by the individual to the physician.

**(B) Sanctions**

If a physician, supplier, or other person—

(i) knowingly and willfully bills or collects for services in violation of subparagraph (A)(i) on a repeated basis, or

(ii) fails to comply with clause (iii) or (iv) of subparagraph (A) on a timely basis,

the Secretary may apply sanctions against the physician, supplier, or other person in accordance with paragraph (2) of section 1395u(j) of this title. In applying this subparagraph, paragraph (4) of such section applies in the same manner as such paragraph applies to such section and any reference in such section to a physician is deemed also to include a reference to a supplier or other person under this subparagraph.

**(C) Timely basis**

For purposes of this paragraph, a correction of a bill for an excess charge or refund

of an amount with respect to a violation of subparagraph (A)(i) in the case of a service is considered to be provided "on a timely basis", if the reduction or refund is made not later than 30 days after the date the physician, supplier, or other person is notified by the carrier under this part of such violation and of the requirements of subparagraph (A).

**(2) "Limiting charge" defined**

**(A) For 1991**

For physicians' services of a physician furnished during 1991, other than radiologist services subject to section 1395m(b) of this title, the "limiting charge" shall be the same percentage (or, if less, 25 percent) above the recognized payment amount under this part with respect to the physician (as a nonparticipating physician) as the percentage by which—

(i) the maximum allowable actual charge (as determined under section 1395u(j)(1)(C) of this title as of December 31, 1990, or, if less, the maximum actual charge otherwise permitted for the service under this part as of such date) for the service of the physician, exceeds

(ii) the recognized payment amount for the service of the physician (as a nonparticipating physician) as of such date.

In the case of evaluation and management services (as specified in section 1395u(b)(16)(B)(ii) of this title), the preceding sentence shall be applied by substituting "40 percent" for "25 percent".

**(B) For 1992**

For physicians' services furnished during 1992, other than radiologist services subject to section 1395m(b) of this title, the "limiting charge" shall be the same percentage (or, if less, 20 percent) above the recognized payment amount under this part for nonparticipating physicians as the percentage by which—

(i) the limiting charge (as determined under subparagraph (A) as of December 31, 1991) for the service, exceeds

(ii) the recognized payment amount for the service for nonparticipating physicians as of such date.

**(C) After 1992**

For physicians' services furnished in a year after 1992, the "limiting charge" shall be 115 percent of the recognized payment amount under this part for nonparticipating physicians or for nonparticipating suppliers or other persons.

**(D) Recognized payment amount**

In this section, the term "recognized payment amount" means, for services furnished on or after January 1, 1992, the fee schedule amount determined under subsection (a) (or, if payment under this part is made on a basis other than the fee schedule under this section, 95 percent of the other payment basis), and, for services furnished during 1991, the applicable percentage (as defined in section 1395u(b)(4)(A)(iv) of this title) of the prevailing charge (or fee schedule amount)

for nonparticipating physicians for that year.

**(3) Limitation on charges for medicare beneficiaries eligible for medicaid benefits**

**(A) In general**

Payment for physicians' services furnished on or after April 1, 1990, to an individual who is enrolled under this part and eligible for any medical assistance (including as a qualified medicare beneficiary, as defined in section 1396d(p)(1) of this title) with respect to such services under a State plan approved under subchapter XIX may only be made on an assignment-related basis and the provisions of section 1396a(n)(3)(A) of this title apply to further limit permissible charges under this section.

**(B) Penalty**

A person may not bill for physicians' services subject to subparagraph (A) other than on an assignment-related basis. No person is liable for payment of any amounts billed for such a service in violation of the previous sentence. If a person knowingly and willfully bills for physicians' services in violation of the first sentence, the Secretary may apply sanctions against the person in accordance with section 1395u(j)(2) of this title.

**(4) Physician submission of claims**

**(A) In general**

For services furnished on or after September 1, 1990, within 1 year after the date of providing a service for which payment is made under this part on a reasonable charge or fee schedule basis, a physician, supplier, or other person (or an employer or facility in the cases described in section 1395u(b)(6)(A) of this title)—

(i) shall complete and submit a claim for such service on a standard claim form specified by the Secretary to the carrier on behalf of a beneficiary, and

(ii) may not impose any charge relating to completing and submitting such a form.

**(B) Penalty**

(i) With respect to an assigned claim whenever a physician, provider, supplier or other person (or an employer or facility in the cases described in section 1395u(b)(6)(A) of this title) fails to submit such a claim as required in subparagraph (A), the Secretary shall reduce by 10 percent the amount that would otherwise be paid for such claim under this part.

(ii) If a physician, supplier, or other person (or an employer or facility in the cases described in section 1395u(b)(6)(A) of this title) fails to submit a claim required to be submitted under subparagraph (A) or imposes a charge in violation of such subparagraph, the Secretary shall apply the sanction with respect to such a violation in the same manner as a sanction may be imposed under section 1395u(p)(3) of this title for a violation of section 1395u(p)(1) of this title.

**(5) Electronic billing; direct deposit**

The Secretary shall encourage and develop a system providing for expedited payment for

claims submitted electronically. The Secretary shall also encourage and provide incentives allowing for direct deposit as payments for services furnished by participating physicians. The Secretary shall provide physicians with such technical information as necessary to enable such physicians to submit claims electronically. The Secretary shall submit a plan to Congress on this paragraph by May 1, 1990.

**(6) Monitoring of charges**

**(A) In general**

The Secretary shall monitor—

(i) the actual charges of nonparticipating physicians for physicians' services furnished on or after January 1, 1991, to individuals enrolled under this part, and

(ii) changes (by specialty, type of service, and geographic area) in (I) the proportion of expenditures for physicians' services provided under this part by participating physicians, (II) the proportion of expenditures for such services for which payment is made under this part on an assignment-related basis, and (III) the amounts charged above the recognized payment amounts under this part.

**(B) Report**

The Secretary shall, by not later than April 15 of each year (beginning in 1992), report to the Congress information on the extent to which actual charges exceed limiting charges, the number and types of services involved, and the average amount of excess charges and information regarding the changes described in subparagraph (A)(ii).

**(C) Plan**

If the Secretary finds that there has been a significant decrease in the proportions described in subclauses (I) and (II) of subparagraph (A)(ii) or an increase in the amounts described in subclause (III) of that subparagraph, the Secretary shall develop a plan to address such a problem and transmit to Congress recommendations regarding the plan. The Medicare Payment Advisory Commission shall review the Secretary's plan and recommendations and transmit to Congress its comments regarding such plan and recommendations.

**(7) Monitoring of utilization and access**

**(A) In general**

The Secretary shall monitor—

(i) changes in the utilization of and access to services furnished under this part within geographic, population, and service related categories,

(ii) possible sources of inappropriate utilization of services furnished under this part which contribute to the overall level of expenditures under this part, and

(iii) factors underlying these changes and their interrelationships.

**(B) Report**

The Secretary shall by not later than April 15,<sup>5</sup> of each year (beginning with 1991)

<sup>5</sup> So in original. The comma probably should not appear.

report to the Congress on the changes described in subparagraph (A)(i) and shall include in the report an examination of the factors (including factors relating to different services and specific categories and groups of services and geographic and demographic variations in utilization) which may contribute to such changes.

**(C) Recommendations**

The Secretary shall include in each annual report under subparagraph (B) recommendations—

- (i) addressing any identified patterns of inappropriate utilization,
- (ii) on utilization review,
- (iii) on physician education or patient education,
- (iv) addressing any problems of beneficiary access to care made evident by the monitoring process, and
- (v) on such other matters as the Secretary deems appropriate.

The Medicare Payment Advisory Commission shall comment on the Secretary's recommendations and in developing its comments, the Commission shall convene and consult a panel of physician experts to evaluate the implications of medical utilization patterns for the quality of and access to patient care.

**(h) Sending information to physicians**

Before the beginning of each year (beginning with 1992), the Secretary shall send to each physician or nonparticipating supplier or other person furnishing physicians' services (as defined in subsection (j)(3)) furnishing physicians' services under this part, for services commonly performed by the physician, supplier, or other person, information on fee schedule amounts that apply for the year in the fee schedule area for participating and non-participating physicians, and the maximum amount that may be charged consistent with subsection (g)(2). Such information shall be transmitted in conjunction with notices to physicians, suppliers, and other persons under section 1395u(h) of this title (relating to the participating physician program) for a year.

**(i) Miscellaneous provisions**

**(1) Restriction on administrative and judicial review**

There shall be no administrative or judicial review under section 1395ff of this title or otherwise of—

- (A) the determination of the adjusted historical payment basis (as defined in subsection (a)(2)(D)(i)),

(F) the collection and use of information in the determination of relative values under subsection (c)(2)(M).

**(2) Assistants-at-surgery**

**(A) In general**

Subject to subparagraph (B), in the case of a surgical service furnished by a physician, if payment is made separately under this part for the services of a physician serving as an assistant-at-surgery, the fee schedule amount shall not exceed 16 percent of the fee schedule amount otherwise determined under this section for the global surgical service involved.

**(B) Denial of payment in certain cases**

If the Secretary determines, based on the most recent data available, that for a surgical procedure (or class of surgical procedures) the national average percentage of such procedure performed under this part which involve the use of a physician as an assistant at surgery is less than 5 percent, no payment may be made under this part for services of an assistant at surgery involved in the procedure.

**(3) No comparability adjustment**

For physicians' services for which payment under this part is determined under this section—

(A) a carrier may not make any adjustment in the payment amount under section 1395u(b)(3)(B) of this title on the basis that the payment amount is higher than the charge applicable, for comparable services and under comparable circumstances, to the policyholders and subscribers of the carrier,

(B) no payment adjustment may be made under section 1395u(b)(8) of this title, and

(C) section 1395u(b)(9) of this title shall not apply.

**(j) Definitions**

In this section:

**(1) Category**

For services furnished before January 1, 1998, the term "category" means, with respect to physicians' services, surgical services, and all physicians' services other than surgical services (as defined by the Secretary and including anesthesia services), primary care services (as defined in section 1395u(i)(4) of this title), and all other physicians' services. The Secretary shall define surgical services and publish such definition in the Federal Register no later than May 1, 1990, after consultation with organizations representing physicians.

Taking into account the relevant studies conducted and recommendations made in reports under section 2(d) of the Improving Medicare Post-Acute Care Transformation Act of 2014, and, as appropriate, other information, including information collected before completion of such studies and recommendations, the Secretary, on an ongoing basis, shall, as the Secretary determines appropriate and based on an individual's health status and other risk factors—

- (I) assess appropriate adjustments to quality measures, resource use measures, and other measures used under the MIPS; and
- (II) assess and implement appropriate adjustments to payment adjustments, composite performance scores, scores for performance categories, or scores for measures or activities under the MIPS.

**(2) Measures and activities under performance categories**

**(A) Performance categories**

Under the MIPS, the Secretary shall use the following performance categories (each of which is referred to in this subsection as

- (III) The subcategory of care coordination, such as timely communication of test results, timely exchange of clinical information to patients and other providers, and use of remote monitoring or telehealth.
- (IV) The subcategory of beneficiary engagement, such as the establishment of care plans for individuals with complex care needs, beneficiary self-management assessment and training, and using shared decision-making mechanisms. This subcategory shall include as an activity, for performance periods beginning on or after January 1, 2022, use of a real-time benefit tool as described in section 1395w-104(o) of this title. The Secretary

may establish this activity as a stand-alone or as a component of another activity.

(V) The subcategory of patient safety and practice assessment, such as through use of clinical or surgical checklists and practice assessments related to maintaining certification.

(VI) The subcategory of participation in an alternative payment model (as defined in section 1395f(z)(3)(C) of this title).

In establishing activities under this clause, the Secretary shall give consideration to the circumstances of small practices (consisting of 15 or fewer professionals) and practices located in rural areas and in health professional shortage areas (as designated under section 254e(a)(1)(A) of this title).

**(iv) Meaningful EHR use**

For the performance category described in subparagraph (A)(iv), the requirements established for such period under subsection (o)(2) for determining whether an eligible professional is a meaningful EHR user.

**(C) Additional provisions**

**(i) Emphasizing outcome measures under the quality performance category**

In applying subparagraph (B)(i), the Secretary shall, as feasible, emphasize the application of outcome measures.

**(ii) Application of additional system measures**

The Secretary may use measures used for a payment system other than for physicians, such as measures for inpatient hospitals, for purposes of the performance categories described in clauses (i) and (ii) of subparagraph (A). For purposes of the previous sentence, the Secretary may not use measures for hospital outpatient departments, except in the case of items and services furnished by emergency physicians, radiologists, and anesthesiologists.

**(iii) Global and population-based measures**

The Secretary may use global measures, such as global outcome measures, and population-based measures for purposes of the performance category described in subparagraph (A)(i).

**(iv) Application of measures and activities to non-patient-facing professionals**

In carrying out this paragraph, with respect to measures and activities specified in subparagraph (B) for performance categories described in subparagraph (A), the Secretary—

(I) shall give consideration to the circumstances of professional types (or subcategories of those types determined by practice characteristics) who typically furnish services that do not involve face-to-face interaction with a patient; and

(II) may, to the extent feasible and appropriate, take into account such cir-

cumstances and apply under this subsection with respect to MIPS eligible professionals of such professional types or subcategories, alternative measures or activities that fulfill the goals of the applicable performance category.

In carrying out the previous sentence, the Secretary shall consult with professionals of such professional types or subcategories.

**(v) Clinical practice improvement activities**

**(I) Request for information**

In initially applying subparagraph (B)(iii), the Secretary shall use a request for information to solicit recommendations from stakeholders to identify activities described in such subparagraph and specifying criteria for such activities.

**(II) Contract authority for clinical practice improvement activities performance category**

In applying subparagraph (B)(iii), the Secretary may contract with entities to assist the Secretary in—

(aa) identifying activities described in subparagraph (B)(iii);

(bb) specifying criteria for such activities; and

(cc) determining whether a MIPS eligible professional meets such criteria.

**(III) Clinical practice improvement activities defined**

For purposes of this subsection, the term “clinical practice improvement activity” means an activity that relevant eligible professional organizations and other relevant stakeholders identify as improving clinical practice or care delivery and that the Secretary determines, when effectively executed, is likely to result in improved outcomes.

**(D) Annual list of quality measures available for MIPS assessment**

**(i) In general**

Under the MIPS, the Secretary, through notice and comment rulemaking and subject to the succeeding clauses of this subparagraph, shall, with respect to the performance period for a year, establish an annual final list of quality measures from which MIPS eligible professionals may choose for purposes of assessment under this subsection for such performance period. Pursuant to the previous sentence, the Secretary shall—

(I) not later than November 1 of the year prior to the first day of the first performance period under the MIPS, establish and publish in the Federal Register a final list of quality measures; and

(II) not later than November 1 of the year prior to the first day of each subsequent performance period, update the final list of quality measures from the previous year (and publish such updated final list in the Federal Register), by—

(aa) removing from such list, as appropriate, quality measures, which may include the removal of measures that are no longer meaningful (such as measures that are topped out);

(bb) adding to such list, as appropriate, new quality measures; and

(cc) determining whether or not quality measures on such list that have undergone substantive changes should be included in the updated list.

**(ii) Call for quality measures**

**(I) In general**

Eligible professional organizations and other relevant stakeholders shall be requested to identify and submit quality measures to be considered for selection under this subparagraph in the annual list of quality measures published under clause (i) and to identify and submit updates to the measures on such list. For purposes of the previous sentence, measures may be submitted regardless of whether such measures were previously published in a proposed rule or endorsed by an entity with a contract under section 1395aaa(a) of this title.

**(II) Eligible professional organization defined**

In this subparagraph, the term “eligible professional organization” means a professional organization as defined by nationally recognized specialty boards of certification or equivalent certification boards.

**(iii) Requirements**

In selecting quality measures for inclusion in the annual final list under clause (i), the Secretary shall—

(I) provide that, to the extent practicable, all quality domains (as defined in subsection (s)(1)(B)) are addressed by such measures; and

(II) ensure that such selection is consistent with the process for selection of measures under subsections (k), (m), and (p)(2).

**(iv) Peer review**

Before including a new measure in the final list of measures published under clause (i) for a year, the Secretary shall submit for publication in applicable specialty-appropriate, peer-reviewed journals such measure and the method for developing and selecting such measure, including clinical and other data supporting such measure.

**(v) Measures for inclusion**

The final list of quality measures published under clause (i) shall include, as applicable, measures under subsections (k), (m), and (p)(2), including quality measures from among—

(I) measures endorsed by a consensus-based entity;

(II) measures developed under subsection (s); and

(III) measures submitted under clause (ii)(I).

Any measure selected for inclusion in such list that is not endorsed by a consensus-based entity shall have a focus that is evidence-based.

**(vi) Exception for qualified clinical data registry measures**

Measures used by a qualified clinical data registry under subsection (m)(3)(E) shall not be subject to the requirements under clauses (i), (iv), and (v). The Secretary shall publish the list of measures used by such qualified clinical data registries on the Internet website of the Centers for Medicare & Medicaid Services.

**(vii) Exception for existing quality measures**

Any quality measure specified by the Secretary under subsection (k) or (m), including under subsection (m)(3)(E), and any measure of quality of care established under subsection (p)(2) for the reporting period or performance period under the respective subsection beginning before the first performance period under the MIPS—

(I) shall not be subject to the requirements under clause (i) (except under items (aa) and (cc) of subclause (II) of such clause) or to the requirement under clause (iv); and

(II) shall be included in the final list of quality measures published under clause (i) unless removed under clause (i)(II)(aa).

**(viii) Consultation with relevant eligible professional organizations and other relevant stakeholders**

Relevant eligible professional organizations and other relevant stakeholders, including State and national medical societies, shall be consulted in carrying out this subparagraph.

**(ix) Optional application**

The process under section 1395aaa-1 of this title is not required to apply to the selection of measures under this subparagraph.

**(3) Performance standards**

**(A) Establishment**

Under the MIPS, the Secretary shall establish performance standards with respect to measures and activities specified under paragraph (2)(B) for a performance period (as established under paragraph (4)) for a year.

**(B) Considerations in establishing standards**

In establishing such performance standards with respect to measures and activities specified under paragraph (2)(B), the Secretary shall consider the following:

(i) Historical performance standards.

(ii) Improvement.

(iii) The opportunity for continued improvement.

**(4) Performance period**

The Secretary shall establish a performance period (or periods) for a year (beginning with

2019). Such performance period (or periods) shall begin and end prior to the beginning of such year and be as close as possible to such year. In this subsection, such performance period (or periods) for a year shall be referred to as the performance period for the year.

**(5) Composite performance score**

**(A) In general**

Subject to the succeeding provisions of this paragraph and taking into account, as available and applicable, paragraph (1)(G), the Secretary shall develop a methodology for assessing the total performance of each MIPS eligible professional according to performance standards under paragraph (3) with respect to applicable measures and activities specified in paragraph (2)(B) with respect to each performance category applicable to such professional for a performance period (as established under paragraph (4)) for a year. Using such methodology, the Secretary shall provide for a composite assessment (using a scoring scale of 0 to 100) for each such professional for the performance period for such year. In this subsection such a composite assessment for such a professional with respect to a performance period shall be referred to as the “composite performance score” for such professional for such performance period.

**(B) Incentive to report; encouraging use of certified EHR technology for reporting quality measures**

**(i) Incentive to report**

Under the methodology established under subparagraph (A), the Secretary shall provide that in the case of a MIPS eligible professional who fails to report on an applicable measure or activity that is required to be reported by the professional, the professional shall be treated as achieving the lowest potential score applicable to such measure or activity.

**(ii) Encouraging use of certified EHR technology and qualified clinical data registries for reporting quality measures**

Under the methodology established under subparagraph (A), the Secretary shall—

(I) encourage MIPS eligible professionals to report on applicable measures with respect to the performance category described in paragraph (2)(A)(i) through the use of certified EHR technology and qualified clinical data registries; and

(II) with respect to a performance period, with respect to a year, for which a MIPS eligible professional reports such measures through the use of such EHR technology, treat such professional as satisfying the clinical quality measures reporting requirement described in subsection (o)(2)(A)(iii) for such year.

**(C) Clinical practice improvement activities performance score**

**(i) Rule for certification**

A MIPS eligible professional who is in a practice that is certified as a patient-cen-

tered medical home or comparable specialty practice, as determined by the Secretary, with respect to a performance period shall be given the highest potential score for the performance category described in paragraph (2)(A)(iii) for such period.

**(ii) APM participation**

Participation by a MIPS eligible professional in an alternative payment model (as defined in section 1395l(z)(3)(C) of this title) with respect to a performance period shall earn such eligible professional a minimum score of one-half of the highest potential score for the performance category described in paragraph (2)(A)(iii) for such performance period.

**(iii) Subcategories**

A MIPS eligible professional shall not be required to perform activities in each subcategory under paragraph (2)(B)(iii) or participate in an alternative payment model in order to achieve the highest potential score for the performance category described in paragraph (2)(A)(iii).

**(D) Achievement and improvement**

**(i) Taking into account improvement**

Beginning with the second year to which the MIPS applies, in addition to the achievement of a MIPS eligible professional, if data sufficient to measure improvement is available, the methodology developed under subparagraph (A)—

(I) in the case of the performance score for the performance category described in clauses (i) and (ii) of paragraph (2)(A), subject to clause (iii), shall take into account the improvement of the professional; and

(II) in the case of performance scores for other performance categories, may take into account the improvement of the professional.

**(ii) Assigning higher weight for achievement**

Subject to clause (i), under the methodology developed under subparagraph (A), the Secretary may assign a higher scoring weight under subparagraph (F) with respect to the achievement of a MIPS eligible professional than with respect to any improvement of such professional applied under clause (i) with respect to a measure, activity, or category described in paragraph (2).

**(iii) Transition years**

For each of the second, third, fourth, and fifth years for which the MIPS applies to payments, the performance score for the performance category described in paragraph (2)(A)(ii) shall not take into account the improvement of the professional involved.

**(E) Weights for the performance categories**

**(i) In general**

Under the methodology developed under subparagraph (A), subject to subparagraph

(F)(i) and clause (ii), the composite performance score shall be determined as follows:

**(I) Quality**

**(aa) In general**

Subject to item (bb), thirty percent of such score shall be based on performance with respect to the category described in clause (i) of paragraph (2)(A). In applying the previous sentence, the Secretary shall, as feasible, encourage the application of outcome measures within such category.

**(bb) First 5 years**

For each of the first through fifth years for which the MIPS applies to payments, the percentage applicable under item (aa) shall be increased in a manner such that the total percentage points of the increase under this item for the respective year equals the total number of percentage points by which the percentage applied under subclause (II)(bb) for the respective year is less than 30 percent.

**(II) Resource use**

**(aa) In general**

Subject to item (bb), thirty percent of such score shall be based on performance with respect to the category described in clause (ii) of paragraph (2)(A).

**(bb) First 5 years**

For the first year for which the MIPS applies to payments, not more than 10 percent of such score shall be based on performance with respect to the category described in clause (ii) of paragraph (2)(A). For each of the second, third, fourth, and fifth years for which the MIPS applies to payments, not less than 10 percent and not more than 30 percent of such score shall be based on performance with respect to the category described in clause (ii) of paragraph (2)(A). Nothing in the previous sentence shall be construed, with respect to a performance period for a year described in the previous sentence, as preventing the Secretary from basing 30 percent of such score for such year with respect to the category described in such clause (ii), if the Secretary determines, based on information posted under subsection (r)(2)(I) that sufficient resource use measures are ready for adoption for use under the performance category under paragraph (2)(A)(ii) for such performance period.

**(III) Clinical practice improvement activities**

Fifteen percent of such score shall be based on performance with respect to the category described in clause (iii) of paragraph (2)(A).

**(IV) Meaningful use of certified EHR technology**

Twenty-five percent of such score shall be based on performance with respect to the category described in clause (iv) of paragraph (2)(A).

**(ii) Authority to adjust percentages in case of high EHR meaningful use adoption**

In any year in which the Secretary estimates that the proportion of eligible professionals (as defined in subsection (o)(5)) who are meaningful EHR users (as determined under subsection (o)(2)) is 75 percent or greater, the Secretary may reduce the percent applicable under clause (i)(IV), but not below 15 percent. If the Secretary makes such reduction for a year, subject to subclauses (I)(bb) and (II)(bb) of clause (i), the percentages applicable under one or more of subclauses (I), (II), and (III) of clause (i) for such year shall be increased in a manner such that the total percentage points of the increase under this clause for such year equals the total number of percentage points reduced under the preceding sentence for such year.

**(F) Certain flexibility for weighting performance categories, measures, and activities**

Under the methodology under subparagraph (A), if there are not sufficient measures and activities (described in paragraph (2)(B)) applicable and available to each type of eligible professional involved, the Secretary shall assign different scoring weights (including a weight of 0)—

(i) which may vary from the scoring weights specified in subparagraph (E), for each performance category based on the extent to which the category is applicable to the type of eligible professional involved; and

(ii) for each measure and activity specified under paragraph (2)(B) with respect to each such category based on the extent to which the measure or activity is applicable and available to the type of eligible professional involved.

**(G) Resource use**

Analysis of the performance category described in paragraph (2)(A)(ii) shall include results from the methodology described in subsection (r)(5), as appropriate.

**(H) Inclusion of quality measure data from other payers**

In applying subsections (k), (m), and (p) with respect to measures described in paragraph (2)(B)(i), analysis of the performance category described in paragraph (2)(A)(i) may include data submitted by MIPS eligible professionals with respect to items and services furnished to individuals who are not individuals entitled to benefits under part A or enrolled under part B.

**(I) Use of voluntary virtual groups for certain assessment purposes**

**(i) In general**

In the case of MIPS eligible professionals electing to be a virtual group under clause

(ii) with respect to a performance period for a year, for purposes of applying the methodology under subparagraph (A) with respect to the performance categories described in clauses (i) and (ii) of paragraph (2)(A)—

(I) the assessment of performance provided under such methodology with respect to such performance categories that is to be applied to each such professional in such group for such performance period shall be with respect to the combined performance of all such professionals in such group for such period; and

(II) with respect to the composite performance score provided under this paragraph for such performance period for each such MIPS eligible professional in such virtual group, the components of the composite performance score that assess performance with respect to such performance categories shall be based on the assessment of the combined performance under subclause (I) for such performance categories and performance period.

**(ii) Election of practices to be a virtual group**

The Secretary shall, in accordance with the requirements under clause (iii), establish and have in place a process to allow an individual MIPS eligible professional or a group practice consisting of not more than 10 MIPS eligible professionals to elect, with respect to a performance period for a year to be a virtual group under this subparagraph with at least one other such individual MIPS eligible professional or group practice. Such a virtual group may be based on appropriate classifications of providers, such as by geographic areas or by provider specialties defined by nationally recognized specialty boards of certification or equivalent certification boards.

**(iii) Requirements**

The requirements for the process under clause (ii) shall—

(I) provide that an election under such clause, with respect to a performance period, shall be made before the beginning of such performance period and may not be changed during such performance period;

(II) provide that an individual MIPS eligible professional and a group practice described in clause (ii) may elect to be in no more than one virtual group for a performance period and that, in the case of such a group practice that elects to be in such virtual group for such performance period, such election applies to all MIPS eligible professionals in such group practice;

(III) provide that a virtual group be a combination of tax identification numbers;

(IV) provide for formal written agreements among MIPS eligible professionals electing to be a virtual group under this subparagraph; and

(V) include such other requirements as the Secretary determines appropriate.

**(6) MIPS payments**

**(A) MIPS adjustment factor**

Taking into account paragraph (1)(G), the Secretary shall specify a MIPS adjustment factor for each MIPS eligible professional for a year. Such MIPS adjustment factor for a MIPS eligible professional for a year shall be in the form of a percent and shall be determined—

(i) by comparing the composite performance score of the eligible professional for such year to the performance threshold established under subparagraph (D)(i) for such year;

(ii) in a manner such that the adjustment factors specified under this subparagraph for a year result in differential payments under this paragraph reflecting that—

(I) MIPS eligible professionals with composite performance scores for such year at or above such performance threshold for such year receive zero or positive payment adjustment factors for such year in accordance with clause (iii), with such professionals having higher composite performance scores receiving higher adjustment factors; and

(II) MIPS eligible professionals with composite performance scores for such year below such performance threshold for such year receive negative payment adjustment factors for such year in accordance with clause (iv), with such professionals having lower composite performance scores receiving lower adjustment factors;

(iii) in a manner such that MIPS eligible professionals with composite scores described in clause (ii)(I) for such year, subject to clauses (i) and (ii) of subparagraph (F), receive a zero or positive adjustment factor on a linear sliding scale such that an adjustment factor of 0 percent is assigned for a score at the performance threshold and an adjustment factor of the applicable percent specified in subparagraph (B) is assigned for a score of 100; and

(iv) in a manner such that—

(I) subject to subclause (II), MIPS eligible professionals with composite performance scores described in clause (ii)(I) for such year receive a negative payment adjustment factor on a linear sliding scale such that an adjustment factor of 0 percent is assigned for a score at the performance threshold and an adjustment factor of the negative of the applicable percent specified in subparagraph (B) is assigned for a score of 0; and

(II) MIPS eligible professionals with composite performance scores that are equal to or greater than 0, but not greater than  $\frac{1}{4}$  of the performance threshold specified under subparagraph (D)(i) for such year, receive a negative payment adjustment factor that is equal to the negative of the applicable percent specified in subparagraph (B) for such year.

**(B) Applicable percent defined**

For purposes of this paragraph, the term “applicable percent” means—

- (i) for 2019, 4 percent;
- (ii) for 2020, 5 percent;
- (iii) for 2021, 7 percent; and
- (iv) for 2022 and subsequent years, 9 percent.

**(C) Additional MIPS adjustment factors for exceptional performance**

For 2019 and each subsequent year through 2024, in the case of a MIPS eligible professional with a composite performance score for a year at or above the additional performance threshold under subparagraph (D)(ii) for such year, in addition to the MIPS adjustment factor under subparagraph (A) for the eligible professional for such year, subject to subparagraph (F)(iv), the Secretary shall specify an additional positive MIPS adjustment factor for such professional and year. Such additional MIPS adjustment factors shall be in the form of a percent and determined by the Secretary in a manner such that professionals having higher composite performance scores above the additional performance threshold receive higher additional MIPS adjustment factors.

**(D) Establishment of performance thresholds****(i) Performance threshold**

For each year of the MIPS, the Secretary shall compute a performance threshold with respect to which the composite performance score of MIPS eligible professionals shall be compared for purposes of determining adjustment factors under subparagraph (A) that are positive, negative, and zero. Subject to clauses (iii) and (iv), such performance threshold for a year shall be the mean or median (as selected by the Secretary) of the composite performance scores for all MIPS eligible professionals with respect to a prior period specified by the Secretary. The Secretary may reassess the selection of the mean or median under the previous sentence every 3 years.

**(ii) Additional performance threshold for exceptional performance**

In addition to the performance threshold under clause (i), for each year of the MIPS (beginning with 2019 and ending with 2024), the Secretary shall compute an additional performance threshold for purposes of determining the additional MIPS adjustment factors under subparagraph (C). For each such year, subject to clause (iii), the Secretary shall apply either of the following methods for computing such additional performance threshold for such a year:

(I) The threshold shall be the score that is equal to the 25th percentile of the range of possible composite performance scores above the performance threshold determined under clause (i).

(II) The threshold shall be the score that is equal to the 25th percentile of the actual composite performance scores for

MIPS eligible professionals with composite performance scores at or above the performance threshold with respect to the prior period described in clause (i).

**(iii) Special rule for initial 5 years**

With respect to each of the first five years to which the MIPS applies, the Secretary shall, prior to the performance period for such years, establish a performance threshold for purposes of determining MIPS adjustment factors under subparagraph (A) and a threshold for purposes of determining additional MIPS adjustment factors under subparagraph (C). Each such performance threshold shall—

(I) be based on a period prior to such performance periods; and

(II) take into account—

(aa) data available with respect to performance on measures and activities that may be used under the performance categories under subparagraph (2)(B); and

(bb) other factors determined appropriate by the Secretary.

**(iv) Additional special rule for third, fourth and fifth years of MIPS**

For purposes of determining MIPS adjustment factors under subparagraph (A), in addition to the requirements specified in clause (iii), the Secretary shall increase the performance threshold with respect to each of the third, fourth, and fifth years to which the MIPS applies to ensure a gradual and incremental transition to the performance threshold described in clause (i) (as estimated by the Secretary) with respect to the sixth year to which the MIPS applies.

**(E) Application of MIPS adjustment factors**

In the case of covered professional services (as defined in subsection (k)(3)(A)) furnished by a MIPS eligible professional during a year (beginning with 2019), the amount otherwise paid under this part with respect to such covered professional services and MIPS eligible professional for such year, shall be multiplied by—

(i) 1, plus

(ii) the sum of—

(I) the MIPS adjustment factor determined under subparagraph (A) divided by 100, and

(II) as applicable, the additional MIPS adjustment factor determined under subparagraph (C) divided by 100.

**(F) Aggregate application of MIPS adjustment factors****(i) Application of scaling factor****(I) In general**

With respect to positive MIPS adjustment factors under subparagraph (A)(ii)(I) for eligible professionals whose composite performance score is above the performance threshold under subparagraph (D)(i) for such year, subject to subclause (II), the Secretary shall in-

crease or decrease such adjustment factors by a scaling factor in order to ensure that the budget neutrality requirement of clause (ii) is met.

**(II) Scaling factor limit**

In no case may the scaling factor applied under this clause exceed 3.0.

**(ii) Budget neutrality requirement**

**(I) In general**

Subject to clause (iii), the Secretary shall ensure that the estimated amount described in subclause (II) for a year is equal to the estimated amount described in subclause (III) for such year.

**(II) Aggregate increases**

The amount described in this subclause is the estimated increase in the aggregate allowed charges resulting from the application of positive MIPS adjustment factors under subparagraph (A) (after application of the scaling factor described in clause (i)) to MIPS eligible professionals whose composite performance score for a year is above the performance threshold under subparagraph (D)(i) for such year.

**(III) Aggregate decreases**

The amount described in this subclause is the estimated decrease in the aggregate allowed charges resulting from the application of negative MIPS adjustment factors under subparagraph (A) to MIPS eligible professionals whose composite performance score for a year is below the performance threshold under subparagraph (D)(i) for such year.

**(iii) Exceptions**

(I) In the case that all MIPS eligible professionals receive composite performance scores for a year that are below the performance threshold under subparagraph (D)(i) for such year, the negative MIPS adjustment factors under subparagraph (A) shall apply with respect to such MIPS eligible professionals and the budget neutrality requirement of clause (ii) and the additional adjustment factors under clause (iv) shall not apply for such year.

(II) In the case that, with respect to a year, the application of clause (i) results in a scaling factor equal to the maximum scaling factor specified in clause (i)(II), such scaling factor shall apply and the budget neutrality requirement of clause (ii) shall not apply for such year.

**(iv) Additional incentive payment adjustments**

**(I) In general**

Subject to subclause (II), in specifying the MIPS additional adjustment factors under subparagraph (C) for each applicable MIPS eligible professional for a year, the Secretary shall ensure that the estimated aggregate increase in payments under this part resulting from the application of such additional adjustment fac-

tors for MIPS eligible professionals in a year shall be equal (as estimated by the Secretary) to \$500,000,000 for each year beginning with 2019 and ending with 2024.

**(II) Limitation on additional incentive payment adjustments**

The MIPS additional adjustment factor under subparagraph (C) for a year for an applicable MIPS eligible professional whose composite performance score is above the additional performance threshold under subparagraph (D)(ii) for such year shall not exceed 10 percent. The application of the previous sentence may result in an aggregate amount of additional incentive payments that are less than the amount specified in subclause (I).

**(7) Announcement of result of adjustments**

Under the MIPS, the Secretary shall, not later than 30 days prior to January 1 of the year involved, make available to MIPS eligible professionals the MIPS adjustment factor (and, as applicable, the additional MIPS adjustment factor) under paragraph (6) applicable to the eligible professional for covered professional services (as defined in subsection (k)(3)(A)) furnished by the professional for such year. The Secretary may include such information in the confidential feedback under paragraph (12).

**(8) No effect in subsequent years**

The MIPS adjustment factors and additional MIPS adjustment factors under paragraph (6) shall apply only with respect to the year involved, and the Secretary shall not take into account such adjustment factors in making payments to a MIPS eligible professional under this part in a subsequent year.

**(9) Public reporting**

**(A) In general**

The Secretary shall, in an easily understandable format, make available on the Physician Compare Internet website of the Centers for Medicare & Medicaid Services the following:

(i) Information regarding the performance of MIPS eligible professionals under the MIPS, which—

(I) shall include the composite score for each such MIPS eligible professional and the performance of each such MIPS eligible professional with respect to each performance category; and

(II) may include the performance of each such MIPS eligible professional with respect to each measure or activity specified in paragraph (2)(B).

(ii) The names of eligible professionals in eligible alternative payment models<sup>11</sup> (as defined in section 1395l(z)(3)(D) of this title) and, to the extent feasible, the names of such eligible alternative pay-

<sup>11</sup> So in original. Section 1395l(z)(3)(D) of this title defines the term "eligible alternative payment entity".

ment models and performance of such models.

**(B) Disclosure**

The information made available under this paragraph shall indicate, where appropriate, that publicized information may not be representative of the eligible professional's entire patient population, the variety of services furnished by the eligible professional, or the health conditions of individuals treated.

**(C) Opportunity to review and submit corrections**

The Secretary shall provide for an opportunity for a professional described in subparagraph (A) to review, and submit corrections for, the information to be made public with respect to the professional under such subparagraph prior to such information being made public.

**(D) Aggregate information**

Pub. L. 113-67, div. B, §1002, Dec. 26, 2013, 127 Stat. 1195, provided that: “In order to support the provision of quality care for our nation’s seniors, Congress finds it appropriate to reform physician reimbursements under the Medicare program. SGR reform legislation provides such an opportunity, but not until next year. In order to facilitate such reform, Congress finds that the Centers for Medicare & Medicaid Services should continue to focus its efforts on the following areas:

“(1) SIMPLIFY AND REDUCE ADMINISTRATIVE BURDEN ON PHYSICIANS.—The application and assessment of measures and other activities under SGR reform should be facilitated by the Centers for Medicare and Medicaid Services (CMS) in a way that accounts for the administrative burden such measurement places on physicians. Therefore, the Congress encourages CMS to identify and implement, to the extent practicable, mechanisms to ensure that the application and assessment of measures be coordinated across programs.

“(2) TIMELY FEEDBACK FOR PHYSICIANS.—In order for measure and assessment programs to encourage the highest quality care for Medicare seniors, the Congress finds it critical that CMS provide physicians with feedback on performance in as close to real time as possible. Such timely feedback will ensure that physicians can excel under a system of meaningful measurement.

“(3) ENCOURAGE DEVELOPMENT OF NEW MODELS.—There is great need to test alternatives to Fee-For-Service reimbursement in the Medicare program. One option is the promotion and adoption of new models of care for physicians. To date, there has been significant development and testing of models for primary care. Congress supports these efforts and encourages them to continue in the future. Congress also encour-

ages the development and testing of models of specialty care.”

### § 1395w-22. Benefits and beneficiary protections

#### (a) Basic benefits

##### (1) Requirement

###### (A) In general

Except as provided in section 1395w-28(b)(3) of this title for MSA plans and except as provided in paragraph (6) for MA regional plans, each Medicare+Choice plan shall provide to members enrolled under this part, through

providers and other persons that meet the applicable requirements of this subchapter and part A of subchapter XI, benefits under the original medicare fee-for-service program option (and, for plan years before 2006, additional benefits required under section 1395w-24(f)(1)(A) of this title).

#### (B) Benefits under the original medicare fee-for-service program option defined

##### (i) In general

For purposes of this part, the term “benefits under the original medicare fee-for-service program option” means, subject to subsection (m), those items and services (other than hospice care or coverage for organ acquisitions for kidney transplants, including as covered under section 1395rr(d) of this title) for which benefits are available under parts A and B to individuals entitled to benefits under part A and enrolled under part B, with cost-sharing for those services as required under parts A and B or, subject to clause (iii), an actuarially equivalent level of cost-sharing as determined in this part.

##### (ii) Special rule for regional plans

In the case of an MA regional plan in determining an actuarially equivalent level of cost-sharing with respect to benefits under the original medicare fee-for-service program option, there shall only be taken into account, with respect to the application of section 1395w-27a(b)(2) of this title, such expenses only with respect to subparagraph (A) of such section.

##### (iii) Limitation on variation of cost sharing for certain benefits

Subject to clause (v), cost-sharing for services described in clause (iv) shall not exceed the cost-sharing required for those services under parts A and B.

##### (iv) Services described

The following services are described in this clause:

(I) Chemotherapy administration services.

(II) Renal dialysis services (as defined in section 1395rr(b)(14)(B) of this title).

(III) Skilled nursing care.

(IV) Clinical diagnostic laboratory test administered during any portion of the emergency period defined in paragraph (1)(B) of section 1320b-5(g) of this title beginning on or after March 18, 2020, for the detection of the virus that causes COVID-19 and the administration of such test.

(V) Specified COVID-19 testing-related services (as described in section 1395l(cc)(1) of this title) for which payment would be payable under a specified outpatient payment provision described in section 1395l(cc)(2) of this title.

(VI) A COVID-19 vaccine and its administration described in section 1395x(s)(10)(A) of this title.

(VII) Such other services that the Secretary determines appropriate (including

services that the Secretary determines require a high level of predictability and transparency for beneficiaries).

**(v) Exception**

In the case of services described in clause (iv), other than subclauses (IV), (V), and (VI) of such clause, for which there is no cost-sharing required under parts A and B, cost-sharing may be required for those services in accordance with clause (i).

**(vi) Prohibition of application of certain requirements for COVID-19 testing**

In the case of a product or service described in subclause (IV) or (V), respectively, of clause (iv) that is administered or furnished during any portion of the emergency period described in such subclause beginning on or after March 18, 2020, an MA plan may not impose any prior authorization or other utilization management requirements with respect to the coverage of such a product or service under such plan.

**(2) Satisfaction of requirement**

**(A) In general**

A Medicare+Choice plan (other than an MSA plan) offered by a Medicare+Choice organization satisfies paragraph (1)(A), with respect to benefits for items and services furnished other than through a provider or other person that has a contract with the organization offering the plan, if the plan provides payment in an amount so that—

(i) the sum of such payment amount and any cost sharing provided for under the plan, is equal to at least

(ii) the total dollar amount of payment for such items and services as would otherwise be authorized under parts A and B (including any balance billing permitted under such parts).

**(B) Reference to related provisions**

For provision relating to—

(i) limitations on balance billing against Medicare+Choice organizations for non-contract providers, see subsection (k) and section 1395cc(a)(1)(O) of this title, and

(ii) limiting actuarial value of enrollee liability for covered benefits, see section 1395w-24(e) of this title.

**(C) Election of uniform coverage determination**

In the case of a Medicare+Choice organization that offers a Medicare+Choice plan in an area in which more than one local coverage determination is applied with respect to different parts of the area, the organization may elect to have the local coverage determination for the part of the area that is most beneficial to Medicare+Choice enrollees (as identified by the Secretary) apply with respect to all Medicare+Choice enrollees enrolled in the plan.

**(3) Supplemental benefits**

**(A) Benefits included subject to Secretary's approval**

Subject to subparagraph (D), each Medicare+Choice organization may provide

to individuals enrolled under this part, other than under an MSA plan (without affording those individuals an option to decline the coverage), supplemental health care benefits that the Secretary may approve. The Secretary shall approve any such supplemental benefits unless the Secretary determines that including such supplemental benefits would substantially discourage enrollment by Medicare+Choice eligible individuals with the organization.

**(B) At enrollees' option**

**(i) In general**

Subject to clause (ii), a Medicare+Choice organization may provide to individuals enrolled under this part supplemental health care benefits that the individuals may elect, at their option, to have covered.

**(ii) Special rule for MSA plans**

A Medicare+Choice organization may not provide, under an MSA plan, supplemental health care benefits that cover the deductible described in section 1395w-28(b)(2)(B) of this title. In applying the previous sentence, health benefits described in section 1395ss(u)(2)(B) of this title shall not be treated as covering such deductible.

**(C) Application to Medicare+Choice private fee-for-service plans**

Nothing in this paragraph shall be construed as preventing a Medicare+Choice private fee-for-service plan from offering supplemental benefits that include payment for some or all of the balance billing amounts permitted consistent with subsection (k) and coverage of additional services that the plan finds to be medically necessary. Such benefits may include reductions in cost-sharing below the actuarial value specified in section 1395w-24(e)(4)(B) of this title.

**(D) Expanding supplemental benefits to meet the needs of chronically ill enrollees**

**(i) In general**

For plan year 2020 and subsequent plan years, in addition to any supplemental health care benefits otherwise provided under this paragraph, an MA plan, including a specialized MA plan for special needs individuals (as defined in section 1395w-28(b)(6) of this title), may provide supplemental benefits described in clause (ii) to a chronically ill enrollee (as defined in clause (iii)).

**(ii) Supplemental benefits described**

**(I) In general**

Supplemental benefits described in this clause are supplemental benefits that, with respect to a chronically ill enrollee, have a reasonable expectation of improving or maintaining the health or overall function of the chronically ill enrollee and may not be limited to being primarily health related benefits.

**(II) Authority to waive uniformity requirements**

The Secretary may, only with respect to supplemental benefits provided to a chronically ill enrollee under this subparagraph, waive the uniformity requirements under this part, as determined appropriate by the Secretary.

**(iii) Chronically ill enrollee defined**

In this subparagraph, the term “chronically ill enrollee” means an enrollee in an MA plan that the Secretary determines—

(I) has one or more comorbid and medically complex chronic conditions that is life threatening or significantly limits the overall health or function of the enrollee;

(II) has a high risk of hospitalization or other adverse health outcomes; and

(III) requires intensive care coordination.

**(4) Organization as secondary payer**

Notwithstanding any other provision of law, a Medicare+Choice organization may (in the case of the provision of items and services to an individual under a Medicare+Choice plan under circumstances in which payment under this subchapter is made secondary pursuant to section 1395y(b)(2) of this title) charge or authorize the provider of such services to charge, in accordance with the charges allowed under a law, plan, or policy described in such section—

(A) the insurance carrier, employer, or other entity which under such law, plan, or policy is to pay for the provision of such services, or

(B) such individual to the extent that the individual has been paid under such law, plan, or policy for such services.

**(5) National coverage determinations and legislative changes in benefits**

If there is a national coverage determination or legislative change in benefits required to be provided under this part made in the period beginning on the date of an announcement under section 1395w-23(b) of this title and ending on the date of the next announcement under such section and the Secretary projects that the determination will result in a significant change in the costs to a Medicare+Choice organization of providing the benefits that are the subject of such national coverage determination and that such change in costs was not incorporated in the determination of the annual Medicare+Choice capitation rate under section 1395w-23 of this title included in the announcement made at the beginning of such period, then, unless otherwise required by law—

(A) such determination or legislative change in benefits shall not apply to contracts under this part until the first contract year that begins after the end of such period, and

(B) if such coverage determination or legislative change provides for coverage of additional benefits or coverage under additional circumstances, section 1395w-21(i)(1) of this

title shall not apply to payment for such additional benefits or benefits provided under such additional circumstances until the first contract year that begins after the end of such period.

The projection under the previous sentence shall be based on an analysis by the Chief Actuary of the Centers for Medicare & Medicaid Services of the actuarial costs associated with the coverage determination or legislative change in benefits.

**(6) Special benefit rules for regional plans**

In the case of an MA plan that is an MA regional plan, benefits under the plan shall include the benefits described in paragraphs (1) and (2) of section 1395w-27a(b) of this title.

**(7) Limitation on cost-sharing for dual eligibles and qualified medicare beneficiaries**

In the case of an individual who is a full-benefit dual eligible individual (as defined in section 1396u-5(c)(6) of this title) or a qualified medicare beneficiary (as defined in section 1396d(p)(1) of this title) and who is enrolled in a specialized Medicare Advantage plan for special needs individuals described in section 1395w-28(b)(6)(B)(ii) of this title, the plan may not impose cost-sharing that exceeds the amount of cost-sharing that would be permitted with respect to the individual under subchapter XIX if the individual were not enrolled in such plan.

**(b) Antidiscrimination**

**(1) Beneficiaries**

A Medicare Advantage organization may not deny, limit, or condition the coverage or provision of benefits under this part, for individuals permitted to be enrolled with the organization under this part, based on any health status-related factor described in section 2702(a)(1) of the Public Health Service Act.<sup>1</sup> The Secretary shall not approve a plan of an organization if the Secretary determines that the design of the plan and its benefits are likely to substantially discourage enrollment by certain MA eligible individuals with the organization.

**(2) Providers**

A Medicare+Choice organization shall not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of the provider’s license or certification under applicable State law, solely on the basis of such license or certification. This paragraph shall not be construed to prohibit a plan from including providers only to the extent necessary to meet the needs of the plan’s enrollees or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the plan.

**(c) Disclosure requirements**

**(1) Detailed description of plan provisions**

A Medicare+Choice organization shall disclose, in clear, accurate, and standardized

(C) Information on the number of grievances, redeterminations, and appeals and on the disposition in the aggregate of such matters.

(D) An overall summary description as to the method of compensation of participating physicians.

**(d) Access to services**

**(1) In general**

A Medicare+Choice organization offering a Medicare+Choice plan may select the providers from whom the benefits under the plan are provided so long as—

(A) the organization makes such benefits available and accessible to each individual electing the plan within the plan service area with reasonable promptness and in a manner which assures continuity in the provision of benefits;

(B) when medically necessary the organization makes such benefits available and accessible 24 hours a day and 7 days a week;

(C) the plan provides for reimbursement with respect to services which are covered under subparagraphs (A) and (B) and which are provided to such an individual other than through the organization, if—

(i) the services were not emergency services (as defined in paragraph (3)), but (I) the services were medically necessary and immediately required because of an unforeseen illness, injury, or condition, and (II) it was not reasonable given the circumstances to obtain the services through the organization,

(ii) the services were renal dialysis services and were provided other than through the organization because the individual was temporarily out of the plan's service area, or

(iii) the services are maintenance care or post-stabilization care covered under the guidelines established under paragraph (2);

(D) the organization provides access to appropriate providers, including credentialed specialists, for medically necessary treatment and services; and

(E) coverage is provided for emergency services (as defined in paragraph (3)) without regard to prior authorization or the emergency care provider's contractual relationship with the organization.

**(2) Guidelines respecting coordination of post-stabilization care**

A Medicare+Choice plan shall comply with such guidelines as the Secretary may prescribe relating to promoting efficient and timely coordination of appropriate maintenance and post-stabilization care of an enrollee after the enrollee has been determined to be stable under section 1395dd of this title.

**(3) "Emergency services" defined**

In this subsection—

**(A) In general**

The term “emergency services” means, with respect to an individual enrolled with an organization, covered inpatient and outpatient services that—

(i) are furnished by a provider that is qualified to furnish such services under this subchapter, and

(ii) are needed to evaluate or stabilize an emergency medical condition (as defined in subparagraph (B)).

**(B) Emergency medical condition based on prudent layperson**

The term “emergency medical condition” means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in—

(i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,

(ii) serious impairment to bodily functions, or

(iii) serious dysfunction of any bodily organ or part.

**(4) Assuring access to services in Medicare+Choice private fee-for-service plans**

In addition to any other requirements under this part, in the case of a Medicare+Choice private fee-for-service plan, the organization offering the plan must demonstrate to the Secretary that the organization has sufficient number and range of health care professionals and providers willing to provide services under the terms of the plan. Subject to paragraphs (5) and (6), the Secretary shall find that an organization has met such requirement with respect to any category of health care professional or provider if, with respect to that category of provider—

(A) the plan has established payment rates for covered services furnished by that category of provider that are not less than the payment rates provided for under part A, part B, or both, for such services, or

(B) the plan has contracts or agreements (other than deemed contracts or agreements under subsection (j)(6)) with a sufficient number and range of providers within such category to meet the access standards in subparagraphs (A) through (E) of paragraph (1),

or a combination of both. The previous sentence shall not be construed as restricting the persons from whom enrollees under such a plan may obtain covered benefits, except that, if a plan entirely meets such requirement with respect to a category of health care professional or provider on the basis of subparagraph (B), it may provide for a higher beneficiary co-payment in the case of health care professionals and providers of that category who do not have contracts or agreements (other than deemed contracts or agreements under sub-

section (j)(6)) to provide covered services under the terms of the plan.

**(5) Requirement of certain nonemployer Medicare Advantage private fee-for-service plans to use contracts with providers****(A) In general**

For plan year 2011 and subsequent plan years, in the case of a Medicare Advantage private fee-for-service plan not described in paragraph (1) or (2) of section 1395w-27(i) of this title operating in a network area (as defined in subparagraph (B)), the plan shall meet the access standards under paragraph (4) in that area only through entering into written contracts as provided for under subparagraph (B) of such paragraph and not, in whole or in part, through the establishment of payment rates meeting the requirements under subparagraph (A) of such paragraph.

**(B) Network area defined**

For purposes of subparagraph (A), the term “network area” means, for a plan year, an area which the Secretary identifies (in the Secretary’s announcement of the proposed payment rates for the previous plan year under section 1395w-23(b)(1)(B) of this title) as having at least 2 network-based plans (as defined in subparagraph (C)) with enrollment under this part as of the first day of the year in which such announcement is made.

**(C) Network-based plan defined****(i) In general**

For purposes of subparagraph (B), the term “network-based plan” means—

(I) except as provided in clause (ii), a Medicare Advantage plan that is a coordinated care plan described in section 1395w-21(a)(2)(A)(i) of this title;

(II) a network-based MSA plan; and

(III) a reasonable cost reimbursement plan under section 1395mm of this title.

**(ii) Exclusion of non-network regional PPOS**

The term “network-based plan” shall not include an MA regional plan that, with respect to the area, meets access adequacy standards under this part substantially through the authority of section 422.112(a)(1)(ii) of title 42, Code of Federal Regulations, rather than through written contracts.

**(6) Requirement of all employer Medicare Advantage private fee-for-service plans to use contracts with providers**

For plan year 2011 and subsequent plan years, in the case of a Medicare Advantage private fee-for-service plan that is described in paragraph (1) or (2) of section 1395w-27(i) of this title, the plan shall meet the access standards under paragraph (4) only through entering into written contracts as provided for under subparagraph (B) of such paragraph and not, in whole or in part, through the establishment of payment rates meeting the requirements under subparagraph (A) of such paragraph.

**(e) Quality improvement program****(1) In general**

Each MA organization shall have an ongoing quality improvement program for the purpose of improving the quality of care provided to enrollees in each MA plan offered by such organization.

**(2) Chronic care improvement programs**

As part of the quality improvement program under paragraph (1), each MA organization shall have a chronic care improvement program. Each chronic care improvement program shall have a method for monitoring and identifying enrollees with multiple or sufficiently severe chronic conditions that meet criteria established by the organization for participation under the program.

**(3) Data****(A) Collection, analysis, and reporting****(i) In general**

Except as provided in clauses (ii) and (iii) with respect to plans described in such clauses and subject to subparagraph (B), as part of the quality improvement program under paragraph (1), each MA organization shall provide for the collection, analysis, and reporting of data that permits the measurement of health outcomes and other indices of quality. With respect to MA private fee-for-service plans and MSA plans, the requirements under the preceding sentence may not exceed the requirements under this subparagraph with respect to MA local plans that are preferred provider organization plans, except that, for plan year 2010, the limitation under clause (iii) shall not apply and such requirements shall apply only with respect to administrative claims data.

**(ii) Special requirements for specialized MA plans for special needs individuals**

In addition to the data required to be collected, analyzed, and reported under clause (i) and notwithstanding the limitations under subparagraph (B), as part of the quality improvement program under paragraph (1), each MA organization offering a specialized Medicare Advantage plan for special needs individuals shall provide for the collection, analysis, and reporting of data that permits the measurement of health outcomes and other indices of quality with respect to the requirements described in paragraphs (2) through (5) of subsection (f). Such data may be based on claims data and shall be at the plan level.

**(iii) Application to local preferred provider organizations and MA regional plans**

Clause (i) shall apply to MA organizations with respect to MA local plans that are preferred provider organization plans and to MA regional plans only insofar as services are furnished by providers or services, physicians, and other health care practitioners and suppliers that have contracts with such organization to furnish services under such plans.

**(iv) Definition of preferred provider organization plan**

In this subparagraph, the term “preferred provider organization plan” means an MA plan that—

(I) has a network of providers that have agreed to a contractually specified reimbursement for covered benefits with the organization offering the plan;

(II) provides for reimbursement for all covered benefits regardless of whether such benefits are provided within such network of providers; and

(III) is offered by an organization that is not licensed or organized under State law as a health maintenance organization.

**(B) Limitations****(i) Types of data**

The Secretary shall not collect under subparagraph (A) data on quality, outcomes, and beneficiary satisfaction to facilitate consumer choice and program administration other than the types of data that were collected by the Secretary as of November 1, 2003.

**(ii) Changes in types of data**

Subject to subclause (iii), the Secretary may only change the types of data that are required to be submitted under subparagraph (A) after submitting to Congress a report on the reasons for such changes that was prepared in consultation with MA organizations and private accrediting bodies.

**(iii) Construction**

Nothing in the<sup>2</sup> subsection shall be construed as restricting the ability of the Secretary to carry out the duties under section 1395w-21(d)(4)(D) of this title.

**(4) Treatment of accreditation****(A) In general**

The Secretary shall provide that a Medicare+Choice organization is deemed to meet all the requirements described in any specific clause of subparagraph (B) if the organization is accredited (and periodically re-accredited) by a private accrediting organization under a process that the Secretary has determined assures that the accrediting organization applies and enforces standards that meet or exceed the standards established under section 1395w-26 of this title to carry out the requirements in such clause.

**(B) Requirements described**

The provisions described in this subparagraph are the following:

(i) Paragraphs (1) through (3) of this subsection (relating to quality improvement programs).

(ii) Subsection (b) (relating to anti-discrimination).

(iii) Subsection (d) (relating to access to services).

(iv) Subsection (h) (relating to confidentiality and accuracy of enrollee records).

<sup>2</sup> So in original. Probably should be “this”.

(v) Subsection (i) (relating to information on advance directives).

(vi) Subsection (j) (relating to provider participation rules).

(vii) The requirements described in section 1395w-104(j) of this title, to the extent such requirements apply under section 1395w-131(c) of this title.

**(C) Timely action on applications**

The Secretary shall determine, within 210 days after the date the Secretary receives an application by a private accrediting organization and using the criteria specified in section 1395bb(a)(2) of this title, whether the process of the private accrediting organization meets the requirements with respect to any specific clause in subparagraph (B) with respect to which the application is made. The Secretary may not deny such an application on the basis that it seeks to meet the requirements with respect to only one, or more than one, such specific clause.

**(D) Construction**

Nothing in this paragraph shall be construed as limiting the authority of the Secretary under section 1395w-27 of this title, including the authority to terminate contracts with Medicare+Choice organizations under subsection (c)(2) of such section.

**(f) Grievance mechanism**

Each Medicare+Choice organization must provide meaningful procedures for hearing and resolving grievances between the organization (including any entity or individual through which the organization provides health care services) and enrollees with Medicare+Choice plans of the organization under this part.

**(g) Coverage determinations, reconsiderations, and appeals**

**(1) Determinations by organization**

**(A) In general**

A Medicare+Choice organization shall have a procedure for making determinations regarding whether an individual enrolled with the plan of the organization under this part is entitled to receive a health service under this section and the amount (if any) that the individual is required to pay with respect to such service. Subject to paragraph (3), such procedures shall provide for such determination to be made on a timely basis.

**(B) Explanation of determination**

Such a determination that denies coverage, in whole or in part, shall be in writing and shall include a statement in understandable language of the reasons for the denial and a description of the reconsideration and appeals processes.

**(2) Reconsiderations**

**(A) In general**

The organization shall provide for reconsideration of a determination described in paragraph (1)(B) upon request by the enrollee involved. The reconsideration shall be within a time period specified by the Secretary, but shall be made, subject to para-

graph (3), not later than 60 days after the date of the receipt of the request for reconsideration.

**(B) Physician decision on certain reconsiderations**

A reconsideration relating to a determination to deny coverage based on a lack of medical necessity shall be made only by a physician with appropriate expertise in the field of medicine which necessitates treatment who is other than a physician involved in the initial determination.

**(3) Expedited determinations and reconsiderations**

**(A) Receipt of requests**

**(i) Enrollee requests**

An enrollee in a Medicare+Choice plan may request, either in writing or orally, an expedited determination under paragraph (1) or an expedited reconsideration under paragraph (2) by the Medicare+Choice organization.

**(ii) Physician requests**

A physician, regardless whether the physician is affiliated with the organization or not, may request, either in writing or orally, such an expedited determination or reconsideration.

**(B) Organization procedures**

**(i) In general**

The Medicare+Choice organization shall maintain procedures for expediting organization determinations and reconsiderations when, upon request of an enrollee, the organization determines that the application of the normal time frame for making a determination (or a reconsideration involving a determination) could seriously jeopardize the life or health of the enrollee or the enrollee's ability to regain maximum function.

**(ii) Expedition required for physician requests**

In the case of a request for an expedited determination or reconsideration made under subparagraph (A)(ii), the organization shall expedite the determination or reconsideration if the request indicates that the application of the normal time frame for making a determination (or a reconsideration involving a determination) could seriously jeopardize the life or health of the enrollee or the enrollee's ability to regain maximum function.

**(iii) Timely response**

In cases described in clauses (i) and (ii), the organization shall notify the enrollee (and the physician involved, as appropriate) of the determination or reconsideration under time limitations established by the Secretary, but not later than 72 hours of the time of receipt of the request for the determination or reconsideration (or receipt of the information necessary to make the determination or reconsideration), or such longer period as the Secretary may permit in specified cases.

**(4) Independent review of certain coverage denials**

The Secretary shall contract with an independent, outside entity to review and resolve in a timely manner reconsiderations that affirm denial of coverage, in whole or in part. The provisions of section 1395ff(c)(5) of this title shall apply to independent outside entities under contract with the Secretary under this paragraph.

**(5) Appeals**

An enrollee with a Medicare+Choice plan of a Medicare+Choice organization under this part who is dissatisfied by reason of the enrollee's failure to receive any health service to which the enrollee believes the enrollee is entitled and at no greater charge than the enrollee believes the enrollee is required to pay is entitled, if the amount in controversy is \$100 or more, to a hearing before the Secretary to the same extent as is provided in section 405(b) of this title, and in any such hearing the Secretary shall make the organization a party. If the amount in controversy is \$1,000 or more, the individual or organization shall, upon notifying the other party, be entitled to judicial review of the Secretary's final decision as provided in section 405(g) of this title, and both the individual and the organization shall be entitled to be parties to that judicial review. In applying subsections (b) and (g) of section 405 of this title as provided in this paragraph, and in applying section 405(l) of this title thereto, any reference therein to the Commissioner of Social Security or the Social Security Administration shall be considered a reference to the Secretary or the Department of Health and Human Services, respectively. The provisions of section 1395ff(b)(1)(E)(iii) of this title shall apply with respect to dollar amounts specified in the first 2 sentences of this paragraph in the same manner as they apply to the dollar amounts specified in section 1395ff(b)(1)(E)(i) of this title.

**(h) Confidentiality and accuracy of enrollee records**

Insofar as a Medicare+Choice organization maintains medical records or other health information regarding enrollees under this part, the Medicare+Choice organization shall establish procedures—

- (1) to safeguard the privacy of any individually identifiable enrollee information;
- (2) to maintain such records and information in a manner that is accurate and timely; and
- (3) to assure timely access of enrollees to such records and information.

**(i) Information on advance directives**

Each Medicare+Choice organization shall meet the requirement of section 1395cc(f) of this title (relating to maintaining written policies and procedures respecting advance directives).

**(j) Rules regarding provider participation**

**(1) Procedures**

Insofar as a Medicare+Choice organization offers benefits under a Medicare+Choice plan through agreements with physicians, the organization shall establish reasonable procedures

relating to the participation (under an agreement between a physician and the organization) of physicians under such a plan. Such procedures shall include—

- (A) providing notice of the rules regarding participation,
- (B) providing written notice of participation decisions that are adverse to physicians, and
- (C) providing a process within the organization for appealing such adverse decisions, including the presentation of information and views of the physician regarding such decision.

**(2) Consultation in medical policies**

A Medicare+Choice organization shall consult with physicians who have entered into participation agreements with the organization regarding the organization's medical policy, quality, and medical management procedures.

**(3) Prohibiting interference with provider advice to enrollees**

**(A) In general**

Subject to subparagraphs (B) and (C), a Medicare+Choice organization (in relation to an individual enrolled under a Medicare+Choice plan offered by the organization under this part) shall not prohibit or otherwise restrict a covered health care professional (as defined in subparagraph (D)) from advising such an individual who is a patient of the professional about the health status of the individual or medical care or treatment for the individual's condition or disease, regardless of whether benefits for such care or treatment are provided under the plan, if the professional is acting within the lawful scope of practice.

**(B) Conscience protection**

Subparagraph (A) shall not be construed as requiring a Medicare+Choice plan to provide, reimburse for, or provide coverage of a counseling or referral service if the Medicare+Choice organization offering the plan—

- (i) objects to the provision of such service on moral or religious grounds; and
- (ii) in the manner and through the written instrumentalities such Medicare+Choice organization deems appropriate, makes available information on its policies regarding such service to prospective enrollees before or during enrollment and to enrollees within 90 days after the date that the organization or plan adopts a change in policy regarding such a counseling or referral service.

**(C) Construction**

Nothing in subparagraph (B) shall be construed to affect disclosure requirements under State law or under the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1001 et seq.].

**(D) "Health care professional" defined**

For purposes of this paragraph, the term "health care professional" means a physician (as defined in section 1395x(r) of this

title) or other health care professional if coverage for the professional's services is provided under the Medicare+Choice plan for the services of the professional. Such term includes a podiatrist, optometrist, chiropractor, psychologist, dentist, physician assistant, physical or occupational therapist and therapy assistant, speech-language pathologist, audiologist, registered or licensed practical nurse (including nurse practitioner, clinical nurse specialist, certified registered nurse anesthetist, and certified nurse-midwife), licensed certified social worker, registered respiratory therapist, and certified respiratory therapy technician.

**(4) Limitations on physician incentive plans**

**(A) In general**

No Medicare+Choice organization may operate any physician incentive plan (as defined in subparagraph (B)) unless the organization provides assurances satisfactory to the Secretary that the following requirements are met:

(i) No specific payment is made directly or indirectly under the plan to a physician or physician group as an inducement to reduce or limit medically necessary services provided with respect to a specific individual enrolled with the organization.

(ii) If the plan places a physician or physician group at substantial financial risk (as determined by the Secretary) for services not provided by the physician or physician group, the organization provides stop-loss protection for the physician or group that is adequate and appropriate, based on standards developed by the Secretary that take into account the number of physicians placed at such substantial financial risk in the group or under the plan and the number of individuals enrolled with the organization who receive services from the physician or group.

**(B) "Physician incentive plan" defined**

In this paragraph, the term "physician incentive plan" means any compensation arrangement between a Medicare+Choice organization and a physician or physician group that may directly or indirectly have the effect of reducing or limiting services provided with respect to individuals enrolled with the organization under this part.

**(5) Limitation on provider indemnification**

A Medicare+Choice organization may not provide (directly or indirectly) for a health care professional, provider of services, or other entity providing health care services (or group of such professionals, providers, or entities) to indemnify the organization against any liability resulting from a civil action brought for any damage caused to an enrollee with a Medicare+Choice plan of the organization under this part by the organization's denial of medically necessary care.

**(6) Special rules for Medicare+Choice private fee-for-service plans**

For purposes of applying this part (including subsection (k)(1)) and section 1395cc(a)(1)(O) of

this title, a hospital (or other provider of services), a physician or other health care professional, or other entity furnishing health care services is treated as having an agreement or contract in effect with a Medicare+Choice organization (with respect to an individual enrolled in a Medicare+Choice private fee-for-service plan it offers), if—

(A) the provider, professional, or other entity furnishes services that are covered under the plan to such an enrollee; and

(B) before providing such services, the provider, professional, or other entity—

(i) has been informed of the individual's enrollment under the plan, and

(ii) either—

(I) has been informed of the terms and conditions of payment for such services under the plan, or

(II) is given a reasonable opportunity to obtain information concerning such terms and conditions,

in a manner reasonably designed to effect informed agreement by a provider.

The previous sentence shall only apply in the absence of an explicit agreement between such a provider, professional, or other entity and the Medicare+Choice organization.

**(7) Promotion of e-prescribing by MA plans**

**(A) In general**

An MA-PD plan may provide for a separate payment or otherwise provide for a differential payment for a participating physician that prescribes covered part D drugs in accordance with an electronic prescription drug program that meets standards established under section 1395w-104(e) of this title.

**(B) Considerations**

Such payment may take into consideration the costs of the physician in implementing such a program and may also be increased for those participating physicians who significantly increase—

(i) formulary compliance;

(ii) lower cost, therapeutically equivalent alternatives;

(iii) reductions in adverse drug interactions; and

(iv) efficiencies in filing prescriptions through reduced administrative costs.

**(C) Structure**

Additional or increased payments under this subsection may be structured in the same manner as medication therapy management fees are structured under section 1395w-104(c)(2)(E)<sup>1</sup> of this title.

**(k) Treatment of services furnished by certain providers**

**(1) In general**

Except as provided in paragraph (2), a physician or other entity (other than a provider of services) that does not have a contract establishing payment amounts for services furnished to an individual enrolled under this part with a Medicare+Choice organization described in section 1395w-21(a)(2)(A) of this title or with an organization offering an MSA plan

shall accept as payment in full for covered services under this subchapter that are furnished to such an individual the amounts that the physician or other entity could collect if the individual were not so enrolled. Any penalty or other provision of law that applies to such a payment with respect to an individual entitled to benefits under this subchapter (but not enrolled with a Medicare+Choice organization under this part) also applies with respect to an individual so enrolled.

**(2) Application to Medicare+Choice private fee-for-service plans**

**(A) Balance billing limits under Medicare+Choice private fee-for-service plans in case of contract providers**

**(i) In general**

In the case of an individual enrolled in a Medicare+Choice private fee-for-service plan under this part, a physician, provider of services, or other entity that has a contract (including through the operation of subsection (j)(6)) establishing a payment rate for services furnished to the enrollee shall accept as payment in full for covered services under this subchapter that are furnished to such an individual an amount not to exceed (including any deductibles, coinsurance, copayments, or balance billing otherwise permitted under the plan) an amount equal to 115 percent of such payment rate.

**(ii) Procedures to enforce limits**

The Medicare+Choice organization that offers such a plan shall establish procedures, similar to the procedures described in section 1395w-4(g)(1)(A) of this title, in order to carry out the previous sentence.

**(iii) Assuring enforcement**

If the Medicare+Choice organization fails to establish and enforce procedures required under clause (ii), the organization is subject to intermediate sanctions under section 1395w-27(g) of this title.

**(B) Enrollee liability for noncontract providers**

For provision—

(i) establishing minimum payment rate in the case of noncontract providers under a Medicare+Choice private fee-for-service plan, see subsection (a)(2); or

(ii) limiting enrollee liability in the case of covered services furnished by such providers, see paragraph (1) and section 1395cc(a)(1)(O) of this title.

**(C) Information on beneficiary liability**

**(i) In general**

Each Medicare+Choice organization that offers a Medicare+Choice private fee-for-service plan shall provide that enrollees under the plan who are furnished services for which payment is sought under the plan are provided an appropriate explanation of benefits (consistent with that provided under parts A and B and, if applicable, under medicare supplemental policies) that includes a clear statement of the

amount of the enrollee's liability (including any liability for balance billing consistent with this subsection) with respect to payments for such services.

**(ii) Advance notice before receipt of inpatient hospital services and certain other services**

In addition, such organization shall, in its terms and conditions of payments to hospitals for inpatient hospital services and for other services identified by the Secretary for which the amount of the balance billing under subparagraph (A) could be substantial, require the hospital to provide to the enrollee, before furnishing such services and if the hospital imposes balance billing under subparagraph (A)—

(I) notice of the fact that balance billing is permitted under such subparagraph for such services, and

(II) a good faith estimate of the likely amount of such balance billing (if any), with respect to such services, based upon the presenting condition of the enrollee.

**(D) Return to home skilled nursing facilities for covered post-hospital extended care services**

**(1) Ensuring return to home SNF**

**(A) In general**

In providing coverage of post-hospital extended care services, a Medicare+Choice plan shall provide for such coverage through a home skilled nursing facility if the following conditions are met:

**(i) Enrollee election**

The enrollee elects to receive such coverage through such facility.

**(ii) SNF agreement**

The facility has a contract with the Medicare+Choice organization for the provision of such services, or the facility agrees to accept substantially similar payment under the same terms and conditions that apply to similarly situated skilled nursing facilities that are under contract with the Medicare+Choice organization for the provision of such services and through which the enrollee would otherwise receive such services.

**(B) Manner of payment to home SNF**

The organization shall provide payment to the home skilled nursing facility consistent with the contract or the agreement described in subparagraph (A)(ii), as the case may be.

**(2) No less favorable coverage**

The coverage provided under paragraph (1) (including scope of services, cost-sharing, and other criteria of coverage) shall be no less favorable to the enrollee than the coverage that would be provided to the enrollee with respect to a skilled nursing facility the post-hospital extended care services of which are otherwise covered under the Medicare+Choice plan.

**(3) Rule of construction**

Nothing in this subsection shall be construed to do the following:

(A) To require coverage through a skilled nursing facility that is not otherwise qualified to provide benefits under part A for Medicare beneficiaries not enrolled in a Medicare+Choice plan.

(B) To prevent a skilled nursing facility from refusing to accept, or imposing conditions upon the acceptance of, an enrollee for the receipt of post-hospital extended care services.

**(4) Definitions**

In this subsection:

**(A) Home skilled nursing facility**

The term “home skilled nursing facility” means, with respect to an enrollee who is entitled to receive post-hospital extended care services under a Medicare+Choice plan, any of the following skilled nursing facilities:

**(i) SNF residence at time of admission**

The skilled nursing facility in which the enrollee resided at the time of admission to the hospital preceding the receipt of such post-hospital extended care services.

### § 1395w-23. Payments to Medicare+Choice organizations

#### (a) Payments to organizations

##### (1) Monthly payments

##### (A) In general

Under a contract under section 1395w-27 of this title and subject to subsections (e), (g),

(i), and (l) and section 1395w-28(e)(4) of this title, the Secretary shall make monthly payments under this section in advance to each Medicare+Choice organization, with respect to coverage of an individual under this part in a Medicare+Choice payment area for a month, in an amount determined as follows:

##### (i) Payment before 2006

For years before 2006, the payment amount shall be equal to  $\frac{1}{12}$  of the annual MA capitation rate (as calculated under subsection (c)(1)) with respect to that individual for that area, adjusted under subparagraph (C) and reduced by the amount of any reduction elected under section 1395w-24(f)(1)(E) of this title.

##### (ii) Payment for original fee-for-service benefits beginning with 2006

For years beginning with 2006, the amount specified in subparagraph (B).

#### (B) Payment amount for original fee-for-service benefits beginning with 2006

##### (i) Payment of bid for plans with bids below benchmark

In the case of a plan for which there are average per capita monthly savings described in section 1395w-24(b)(3)(C) or 1395w-24(b)(4)(C) of this title, as the case may be, the amount specified in this subparagraph is equal to the unadjusted MA statutory non-drug monthly bid amount, adjusted under subparagraph (C) and (if applicable) under subparagraphs (F) and (G), plus the amount (if any) of any rebate under subparagraph (E).

##### (ii) Payment of benchmark for plans with bids at or above benchmark

In the case of a plan for which there are no average per capita monthly savings described in section 1395w-24(b)(3)(C) or 1395w-24(b)(4)(C) of this title, as the case may be, the amount specified in this subparagraph is equal to the MA area-specific non-drug monthly benchmark amount, adjusted under subparagraph (C) and (if applicable) under subparagraphs (F) and (G).

##### (iii) Payment of benchmark for MSA plans

Notwithstanding clauses (i) and (ii), in the case of an MSA plan, the amount specified in this subparagraph is equal to the MA area-specific non-drug monthly benchmark amount, adjusted under subparagraph (C).

##### (iv) Authority to apply frailty adjustment under PACE payment rules for certain specialized MA plans for special needs individuals

##### (I) In general

Notwithstanding the preceding provisions of this paragraph, for plan year 2011 and subsequent plan years, in the case of a plan described in subclause (II), the Secretary may apply the payment rules under section 1395eee(d) of this title (other than paragraph (3) of such

section) rather than the payment rules that would otherwise apply under this part, but only to the extent necessary to reflect the costs of treating high concentrations of frail individuals.

**(II) Plan described**

A plan described in this subclause is a specialized MA plan for special needs individuals described in section 1395w-28(b)(6)(B)(ii) of this title that is fully integrated with capitated contracts with States for Medicaid benefits, including long-term care, and that have similar average levels of frailty (as determined by the Secretary) as the PACE program.

**(C) Demographic adjustment, including adjustment for health status**

**(i) In general**

Subject to subparagraph (I), the Secretary shall adjust the payment amount under subparagraph (A)(i) and the amount specified under subparagraph (B)(i), (B)(ii), and (B)(iii) for such risk factors as age, disability status, gender, institutional status, and such other factors as the Secretary determines to be appropriate, including adjustment for health status under paragraph (3), so as to ensure actuarial equivalence. The Secretary may add to, modify, or substitute for such adjustment factors if such changes will improve the determination of actuarial equivalence.

**(ii) Application of coding adjustment**

For 2006 and each subsequent year:

(I) In applying the adjustment under clause (i) for health status to payment amounts, the Secretary shall ensure that such adjustment reflects changes in treatment and coding practices in the fee-for-service sector and reflects differences in coding patterns between Medicare Advantage plans and providers under part<sup>1</sup> A and B to the extent that the Secretary has identified such differences.

(II) In order to ensure payment accuracy, the Secretary shall annually conduct an analysis of the differences described in subclause (I). The Secretary shall complete such analysis by a date necessary to ensure that the results of such analysis are incorporated on a timely basis into the risk scores for 2008 and subsequent years. In conducting such analysis, the Secretary shall use data submitted with respect to 2004 and subsequent years, as available and updated as appropriate.

(III) In calculating each year's adjustment, the adjustment factor shall be for 2014, not less than the adjustment factor applied for 2010, plus 1.5 percentage points; for each of years 2015 through 2018, not less than the adjustment factor applied for the previous year, plus 0.25 percentage point; and for 2019 and each

subsequent year, not less than 5.9 percent.

(IV) Such adjustment shall be applied to risk scores until the Secretary implements risk adjustment using Medicare Advantage diagnostic, cost, and use data.

**(iii) Improvements to risk adjustment for special needs individuals with chronic health conditions**

**(I) In general**

For 2011 and subsequent years, for purposes of the adjustment under clause (i) with respect to individuals described in subclause (II), the Secretary shall use a risk score that reflects the known underlying risk profile and chronic health status of similar individuals. Such risk score shall be used instead of the default risk score for new enrollees in Medicare Advantage plans that are not specialized MA plans for special needs individuals (as defined in section 1395w-28(b)(6) of this title).

**(II) Individuals described**

An individual described in this subclause is a special needs individual described in subsection (b)(6)(B)(iii)<sup>2</sup> who enrolls in a specialized MA plan for special needs individuals on or after January 1, 2011.

**(III) Evaluation**

For 2011 and periodically thereafter, the Secretary shall evaluate and revise the risk adjustment system under this subparagraph in order to, as accurately as possible, account for higher medical and care coordination costs associated with frailty, individuals with multiple, comorbid chronic conditions, and individuals with a diagnosis of mental illness, and also to account for costs that may be associated with higher concentrations of beneficiaries with those conditions.

**(IV) Publication of evaluation and revisions**

The Secretary shall publish, as part of an announcement under subsection (b), a description of any evaluation conducted under subclause (III) during the preceding year and any revisions made under such subclause as a result of such evaluation.

**(D) Separate payment for Federal drug subsidies**

In the case of an enrollee in an MA-PD plan, the MA organization offering such plan also receives—

(i) subsidies under section 1395w-115 of this title (other than under subsection (g)); and

(ii) reimbursement for premium and cost-sharing reductions for low-income individuals under section 1395w-114(c)(1)(C) of this title.

<sup>1</sup> So in original. Probably should be "parts".

<sup>2</sup> See References in Text note below.

**(E) Payment of rebate for plans with bids below benchmark**

In the case of a plan for which there are average per capita monthly savings described in section 1395w-24(b)(3)(C) or 1395w-24(b)(4)(C) of this title, as the case may be, the amount specified in this subparagraph is the amount of the monthly rebate computed under section 1395w-24(b)(1)(C)(i) of this title for that plan and year (as reduced by the amount of any credit provided under section 1395w-24(b)(1)(C)(iv)<sup>2</sup> of this title).

**(F) Adjustment for intra-area variations****(i) Intra-regional variations**

In the case of payment with respect to an MA regional plan for an MA region, the Secretary shall also adjust the amounts specified under subparagraphs (B)(i) and (B)(ii) in a manner to take into account variations in MA local payment rates under this part among the different MA local areas included in such region.

**(ii) Intra-service area variations**

In the case of payment with respect to an MA local plan for a service area that covers more than one MA local area, the Secretary shall also adjust the amounts specified under subparagraphs (B)(i) and (B)(ii) in a manner to take into account variations in MA local payment rates under this part among the different MA local areas included in such service area.

**(G) Adjustment relating to risk adjustment**

The Secretary shall adjust payments with respect to MA plans as necessary to ensure that—

(i) the sum of—

(I) the monthly payment made under subparagraph (A)(ii); and

(II) the MA monthly basic beneficiary premium under section 1395w-24(b)(2)(A) of this title; equals

(ii) the unadjusted MA statutory non-drug monthly bid amount, adjusted in the manner described in subparagraph (C) and, for an MA regional plan, subparagraph (F).

**(H) Special rule for end-stage renal disease**

The Secretary shall establish separate rates of payment to a Medicare+Choice organization with respect to classes of individuals determined to have end-stage renal disease and enrolled in a Medicare+Choice plan of the organization. Such rates of payment shall be actuarially equivalent to rates that would have been paid with respect to other enrollees in the MA payment area (or such other area as specified by the Secretary) under the provisions of this section as in effect before December 8, 2003. In accordance with regulations, the Secretary shall provide for the application of the seventh sentence of section 1395rr(b)(7) of this title to payments under this section covering the provision of renal dialysis treatment in the same manner as such sentence applies to composite rate payments described in such sen-

tence. In establishing such rates, the Secretary shall provide for appropriate adjustments to increase each rate to reflect the demonstration rate (including the risk adjustment methodology associated with such rate) of the social health maintenance organization end-stage renal disease capitation demonstrations (established by section 2355 of the Deficit Reduction Act of 1984, as amended by section 13567(b) of the Omnibus Budget Reconciliation Act of 1993), and shall compute such rates by taking into account such factors as renal treatment modality, age, and the underlying cause of the end-stage renal disease. The Secretary may apply the competitive bidding methodology provided for in this section, with appropriate adjustments to account for the risk adjustment methodology applied to end stage renal disease payments.

**(I) Improvements to risk adjustment for 2019 and subsequent years****(i) In general**

In order to determine the appropriate adjustment for health status under subparagraph (C)(i), the following shall apply:

**(I) Taking into account total number of diseases or conditions**

The Secretary shall take into account the total number of diseases or conditions of an individual enrolled in an MA plan. The Secretary shall make an additional adjustment under such subparagraph as the number of diseases or conditions of an individual increases.

**(II) Using at least 2 years of diagnostic data**

The Secretary may use at least 2 years of diagnosis data.

**(III) Providing separate adjustments for dual eligible individuals**

With respect to individuals who are dually eligible for benefits under this subchapter and subchapter XIX, the Secretary shall make separate adjustments for each of the following:

(aa) Full-benefit dual eligible individuals (as defined in section 1396u-5(c)(6) of this title).

(bb) Such individuals not described in item (aa).

**(IV) Evaluation of mental health and substance use disorders**

The Secretary shall evaluate the impact of including additional diagnosis codes related to mental health and substance use disorders in the risk adjustment model.

**(V) Evaluation of chronic kidney disease**

The Secretary shall evaluate the impact of including the severity of chronic kidney disease in the risk adjustment model.

**(VI) Evaluation of payment rates for end-stage renal disease**

The Secretary shall evaluate whether other factors (in addition to those de-

scribed in subparagraph (H)) should be taken into consideration when computing payment rates under such subparagraph.

**(ii) Phased-in implementation**

The Secretary shall phase-in any changes to risk adjustment payment amounts under subparagraph (C)(i) under this subparagraph over a 3-year period, beginning with 2019, with such changes being fully implemented for 2022 and subsequent years.

**(iii) Opportunity for review and public comment**

The Secretary shall provide an opportunity for review of the proposed changes to such risk adjustment payment amounts under this subparagraph and a public comment period of not less than 60 days before implementing such changes.

**(2) Adjustment to reflect number of enrollees**

**(A) In general**

The amount of payment under this subsection may be retroactively adjusted to take into account any difference between the actual number of individuals enrolled with an organization under this part and the number of such individuals estimated to be so enrolled in determining the amount of the advance payment.

**(B) Special rule for certain enrollees**

**(i) In general**

Subject to clause (ii), the Secretary may make retroactive adjustments under subparagraph (A) to take into account individuals enrolled during the period beginning on the date on which the individual enrolls with a Medicare+Choice organization under a plan operated, sponsored, or contributed to by the individual's employer or former employer (or the employer or former employer of the individual's spouse) and ending on the date on which the individual is enrolled in the organization under this part, except that for purposes of making such retroactive adjustments under this subparagraph, such period may not exceed 90 days.

**(ii) Exception**

No adjustment may be made under clause (i) with respect to any individual who does not certify that the organization provided the individual with the disclosure statement described in section 1395w-22(c) of this title at the time the individual enrolled with the organization.

**(3) Establishment of risk adjustment factors**

**(A) Report**

The Secretary shall develop, and submit to Congress by not later than March 1, 1999, a report on the method of risk adjustment of payment rates under this section, to be implemented under subparagraph (C), that accounts for variations in per capita costs based on health status. Such report shall include an evaluation of such method by an

outside, independent actuary of the actuarial soundness of the proposal.

**(B) Data collection**

In order to carry out this paragraph, the Secretary shall require Medicare+Choice organizations (and eligible organizations with risk-sharing contracts under section 1395mm of this title) to submit data regarding inpatient hospital services for periods beginning on or after July 1, 1997, and data regarding other services and other information as the Secretary deems necessary for periods beginning on or after July 1, 1998. The Secretary may not require an organization to submit such data before January 1, 1998.

**(C) Initial implementation**

**(i) In general**

The Secretary shall first provide for implementation of a risk adjustment methodology that accounts for variations in per capita costs based on health status and other demographic factors for payments by no later than January 1, 2000.

**(ii) Phase-in**

Except as provided in clause (iv), such risk adjustment methodology shall be implemented in a phased-in manner so that the methodology insofar as it makes adjustments to capitation rates for health status applies to—

(I) 10 percent of  $\frac{1}{12}$  of the annual Medicare+Choice capitation rate in 2000 and each succeeding year through 2003;

(II) 30 percent of such capitation rate in 2004;

(III) 50 percent of such capitation rate in 2005;

(IV) 75 percent of such capitation rate in 2006; and

(V) 100 percent of such capitation rate in 2007 and succeeding years.

**(iii) Data for risk adjustment methodology**

Such risk adjustment methodology for 2004 and each succeeding year, shall be based on data from inpatient hospital and ambulatory settings.

**(iv) Full implementation of risk adjustment for congestive heart failure enrollees for 2001**

**(I) Exemption from phase-in**

Subject to subclause (II), the Secretary shall fully implement the risk adjustment methodology described in clause (i) with respect to each individual who has had a qualifying congestive heart failure inpatient diagnosis (as determined by the Secretary under such risk adjustment methodology) during the period beginning on July 1, 1999, and ending on June 30, 2000, and who is enrolled in a coordinated care plan that is the only coordinated care plan offered on January 1, 2001, in the service area of the individual.

**(II) Period of application**

Subclause (I) shall only apply during the 1-year period beginning on January 1, 2001.

**(D) Uniform application to all types of plans**

Subject to section 1395w-28(e)(4) of this title, the methodology shall be applied uniformly without regard to the type of plan.

**(4) Payment rule for federally qualified health center services**

If an individual who is enrolled with an MA plan under this part receives a service from a federally qualified health center that has a written agreement with the MA organization that offers such plan for providing such a service (including any agreement required under section 1395w-27(e)(3) of this title)—

(A) the Secretary shall pay the amount determined under section 1395(a)(3)(B) of this title directly to the federally qualified health center not less frequently than quarterly; and

(B) the Secretary shall not reduce the amount of the monthly payments under this subsection as a result of the application of subparagraph (A).

**(b) Annual announcement of payment rates****(1) Annual announcements****(A) For 2005**

The Secretary shall determine, and shall announce (in a manner intended to provide notice to interested parties), not later than the second Monday in May of 2004, with respect to each MA payment area, the following:

**(i) MA capitation rates**

**(ii) Regional benchmark announcement**

The Secretary shall determine, and shall announce (in a manner intended to provide notice to interested parties), on a timely basis before the calendar year concerned, with respect to each MA region and each MA regional plan for which a bid was submitted under section 1395w-24 of this title,

the MA region-specific non-drug monthly benchmark amount for that region for the year involved.

**(iii) Benchmark announcement for CCA local areas**

The Secretary shall determine, and shall announce (in a manner intended to provide notice to interested parties), on a timely basis before the calendar year concerned, with respect to each CCA area (as defined in section 1395w-29(b)(1)(A)<sup>2</sup> of this title), the CCA non-drug monthly benchmark amount under section 1395w-29(e)(1)<sup>2</sup> of this title for that area for the year involved.

**(2) Advance notice of methodological changes**

At least 45 days (or, in 2017 and each subsequent year, at least 60 days) before making the announcement under paragraph (1) for a year, the Secretary shall provide for notice to Medicare+Choice organizations of proposed changes to be made in the methodology from the methodology and assumptions used in the previous announcement and shall provide such organizations an opportunity (in 2017 and each subsequent year, of no less than 30 days) to comment on such proposed changes.

**(c) Calculation of annual Medicare+Choice capitation rates****(1) In general**

For purposes of this part, subject to paragraphs (6)(C) and (7), each annual Medicare+Choice capitation rate, for a Medicare+Choice payment area that is an MA local area for a contract year consisting of a calendar year, is equal to the largest of the amounts specified in the following subparagraph (A), (B), (C), or (D):

(iii) For 2001, 103 percent of the annual Medicare+Choice capitation rate under this paragraph for the area for 2000.

(iv) For 2002 and 2003, 102 percent of the annual Medicare+Choice capitation rate under this paragraph for the area for the previous year.

(v) For 2004 and each succeeding year, the greater of—

(I) 102 percent of the annual MA capitation rate under this paragraph for the area for the previous year; or

(II) the annual MA capitation rate under this paragraph for the area for the previous year increased by the national per capita MA growth percentage, described in paragraph (6) for that succeeding year, but not taking into account any adjustment under paragraph (6)(C) for a year before 2004.

**(D) 100 percent of fee-for-service costs****(i) In general**

For each year specified in clause (ii), the adjusted average per capita cost for the year involved, determined under section 1395mm(a)(4) of this title and adjusted as appropriate for the purpose of risk adjustment, for the MA payment area for individuals who are not enrolled in an MA plan under this part for the year, but adjusted to exclude costs attributable to payments under sections,<sup>3</sup> 1395w-4(o), and<sup>3</sup> 1395ww(n) and 1395ww(h) of this title.

**(ii) Periodic rebasing**

The provisions of clause (i) shall apply for 2004 and for subsequent years as the Secretary shall specify (but not less than once every 3 years).

**(iii) Inclusion of costs of VA and DOD military facility services to medicare-eligible beneficiaries**

In determining the adjusted average per capita cost under clause (i) for a year, such cost shall be adjusted to include the Secretary's estimate, on a per capita basis, of the amount of additional payments that would have been made in the area involved under this subchapter if individuals entitled to benefits under this subchapter had not received services from facilities of the Department of Defense or the Department of Veterans Affairs.

**(2) Area-specific and national percentages**

For purposes of paragraph (1)(A)—

(A) for 1998, the "area-specific percentage" is 90 percent and the "national percentage" is 10 percent,

(B) for 1999, the "area-specific percentage" is 82 percent and the "national percentage" is 18 percent,

(C) for 2000, the "area-specific percentage" is 74 percent and the "national percentage" is 26 percent,

(D) for 2001, the "area-specific percentage" is 66 percent and the "national percentage" is 34 percent,

(E) for 2002, the "area-specific percentage" is 58 percent and the "national percentage" is 42 percent, and

<sup>3</sup> So in original.

(F) for a year after 2002, the “area-specific percentage” is 50 percent and the “national percentage” is 50 percent.

**(3) Annual area-specific Medicare+Choice capitation rate**

**(A) In general**

For purposes of paragraph (1)(A), subject to subparagraphs (B) and (E), the annual area-specific Medicare+Choice capitation rate for a Medicare+Choice payment area—

(i) for 1998 is, subject to subparagraph (D), the annual per capita rate of payment for 1997 determined under section 1395mm(a)(1)(C) of this title for the area, increased by the national per capita Medicare+Choice growth percentage for 1998 (described in paragraph (6)(A)); or

(ii) for a subsequent year is the annual area-specific Medicare+Choice capitation rate for the previous year determined under this paragraph for the area, increased by the national per capita Medicare+Choice growth percentage for such subsequent year.

**(B) Removal of medical education from calculation of adjusted average per capita cost**

**(i) In general**

In determining the area-specific Medicare+Choice capitation rate under subparagraph (A) for a year (beginning with 1998), the annual per capita rate of payment for 1997 determined under section 1395mm(a)(1)(C) of this title shall be adjusted to exclude from the rate the applicable percent (specified in clause (ii)) of the payment adjustments described in subparagraph (C).

**(ii) Applicable percent**

For purposes of clause (i), the applicable percent for—

- (I) 1998 is 20 percent,
- (II) 1999 is 40 percent,
- (III) 2000 is 60 percent,
- (IV) 2001 is 80 percent, and
- (V) a succeeding year is 100 percent.

**(C) Payment adjustment**

**(i) In general**

Subject to clause (ii), the payment adjustments described in this subparagraph are payment adjustments which the Secretary estimates were payable during 1997—

(I) for the indirect costs of medical education under section 1395ww(d)(5)(B) of this title, and

(II) for direct graduate medical education costs under section 1395ww(h) of this title.

**(ii) Treatment of payments covered under State hospital reimbursement system**

To the extent that the Secretary estimates that an annual per capita rate of payment for 1997 described in clause (i) reflects payments to hospitals reimbursed under section 1395f(b)(3) of this title, the Secretary shall estimate a payment ad-

justment that is comparable to the payment adjustment that would have been made under clause (i) if the hospitals had not been reimbursed under such section.

**(D) Treatment of areas with highly variable payment rates**

In the case of a Medicare+Choice payment area for which the annual per capita rate of payment determined under section 1395mm(a)(1)(C) of this title for 1997 varies by more than 20 percent from such rate for 1996, for purposes of this subsection the Secretary may substitute for such rate for 1997 a rate that is more representative of the costs of the enrollees in the area.

**(E) Inclusion of costs of DOD and VA military facility services to Medicare-eligible beneficiaries**

In determining the area-specific MA capitation rate under subparagraph (A) for a year (beginning with 2004), the annual per capita rate of payment for 1997 determined under section 1395mm(a)(1)(C) of this title shall be adjusted to include in the rate the Secretary’s estimate, on a per capita basis, of the amount of additional payments that would have been made in the area involved under this subchapter if individuals entitled to benefits under this subchapter had not received services from facilities of the Department of Defense or the Department of Veterans Affairs.

**(4) Input-price-adjusted annual national Medicare+Choice capitation rate**

**(A) In general**

For purposes of paragraph (1)(A), the input-price-adjusted annual national Medicare+Choice capitation rate for a Medicare+Choice payment area for a year is equal to the sum, for all the types of Medicare services (as classified by the Secretary), of the product (for each such type of service) of—

(i) the national standardized annual Medicare+Choice capitation rate (determined under subparagraph (B)) for the year,

(ii) the proportion of such rate for the year which is attributable to such type of services, and

(iii) an index that reflects (for that year and that type of services) the relative input price of such services in the area compared to the national average input price of such services.

In applying clause (iii), the Secretary may, subject to subparagraph (C), apply those indices under this subchapter that are used in applying (or updating) national payment rates for specific areas and localities.

**(B) National standardized annual Medicare+Choice capitation rate**

In subparagraph (A)(i), the “national standardized annual Medicare+Choice capitation rate” for a year is equal to—

(i) the sum (for all Medicare+Choice payment areas) of the product of—

(I) the annual area-specific Medicare+Choice capitation rate for that year for the area under paragraph (3), and

(II) the average number of medicare beneficiaries residing in that area in the year, multiplied by the average of the risk factor weights used to adjust payments under subsection (a)(1)(A) for such beneficiaries in such area; divided by

(ii) the sum of the products described in clause (i)(II) for all areas for that year.

**(C) Special rules for 1998**

In applying this paragraph for 1998—

(i) medicare services shall be divided into 2 types of services: part A services and part B services;

(ii) the proportions described in subparagraph (A)(ii)—

(I) for part A services shall be the ratio (expressed as a percentage) of the national average annual per capita rate of payment for part A for 1997 to the total national average annual per capita rate of payment for parts A and B for 1997, and

(II) for part B services shall be 100 percent minus the ratio described in subclause (I);

(iii) for part A services, 70 percent of payments attributable to such services shall be adjusted by the index used under section 1395ww(d)(3)(E) of this title to adjust payment rates for relative hospital wage levels for hospitals located in the payment area involved;

(iv) for part B services—

(I) 66 percent of payments attributable to such services shall be adjusted by the index of the geographic area factors under section 1395w-4(e) of this title used to adjust payment rates for physicians' services furnished in the payment area, and

(II) of the remaining 34 percent of the amount of such payments, 40 percent shall be adjusted by the index described in clause (iii); and

(v) the index values shall be computed based only on the beneficiary population who are 65 years of age or older and who are not determined to have end stage renal disease.

The Secretary may continue to apply the rules described in this subparagraph (or similar rules) for 1999.

**(5) Payment adjustment budget neutrality factor**

For purposes of paragraph (1)(A), for each year (other than 2004), the Secretary shall determine a budget neutrality adjustment factor so that the aggregate of the payments under this part (other than those attributable to subsections (a)(3)(C)(iv), (a)(4), and (i)) shall equal the aggregate payments that would have been made under this part if payment were based entirely on area-specific capitation rates.

**(6) “National per capita Medicare+Choice growth percentage” defined**

**(A) In general**

In this part, the “national per capita Medicare+Choice growth percentage” for a

year is the percentage determined by the Secretary, by March 1st before the beginning of the year involved, to reflect the Secretary's estimate of the projected per capita rate of growth in expenditures under this subchapter for an individual entitled to benefits under part A and enrolled under part B, excluding expenditures attributable to subsections (a)(7) and (o) of section 1395w-4 of this title and subsections (b)(3)(B)(ix) and (n) of section 1395ww of this title, reduced by the number of percentage points specified in subparagraph (B) for the year. Separate determinations may be made for aged enrollees, disabled enrollees, and enrollees with end-stage renal disease.

**(B) Adjustment**

The number of percentage points specified in this subparagraph is—

- (i) for 1998, 0.8 percentage points,
- (ii) for 1999, 0.5 percentage points,
- (iii) for 2000, 0.5 percentage points,
- (iv) for 2001, 0.5 percentage points,
- (v) for 2002, 0.3 percentage points, and
- (vi) for a year after 2002, 0 percentage points.

**(C) Adjustment for over or under projection of national per capita Medicare+Choice growth percentage**

Beginning with rates calculated for 1999, before computing rates for a year as described in paragraph (1), the Secretary shall adjust all area-specific and national Medicare+Choice capitation rates (and beginning in 2000, the minimum amount) for the previous year for the differences between the projections of the national per capita Medicare+Choice growth percentage for that year and previous years and the current estimate of such percentage for such years, except that for purposes of paragraph (1)(C)(v)(II), no such adjustment shall be made for a year before 2004.

**(7) Adjustment for national coverage determinations and legislative changes in benefits**

If the Secretary makes a determination with respect to coverage under this subchapter or there is a change in benefits required to be provided under this part that the Secretary projects will result in a significant increase in the costs to Medicare+Choice of providing benefits under contracts under this part (for periods after any period described in section 1395w-22(a)(5) of this title), the Secretary shall adjust appropriately the payments to such organizations under this part. Such projection and adjustment shall be based on an analysis by the Chief Actuary of the Centers for Medicare & Medicaid Services of the actuarial costs associated with the new benefits.

**(d) MA payment area; MA local area; MA region defined**

**(1) MA payment area**

In this part, except as provided in this subsection, the term “MA payment area” means—

- (A) with respect to an MA local plan, an MA local area (as defined in paragraph (2)); and

(B) with respect to an MA regional plan, an MA region (as established under section 1395w-27a(a)(2) of this title).

**(2) MA local area**

The term “MA local area” means a county or equivalent area specified by the Secretary.

**(3) Rule for ESRD beneficiaries**

In the case of individuals who are determined to have end stage renal disease, the Medicare+Choice payment area shall be a State or such other payment area as the Secretary specifies.

**(4) Geographic adjustment**

**(A) In general**

Upon written request of the chief executive officer of a State for a contract year (beginning after 1998) made by not later than February 1 of the previous year, the Secretary shall make a geographic adjustment to a Medicare+Choice payment area in the State otherwise determined under paragraph (1) for MA local plans—

- (i) to a single statewide Medicare+Choice payment area,
- (ii) to the metropolitan based system described in subparagraph (C), or
- (iii) to consolidating into a single Medicare+Choice payment area noncontiguous counties (or equivalent areas described in paragraph (1)(A)) within a State.

Such adjustment shall be effective for payments for months beginning with January of the year following the year in which the request is received.

**(B) Budget neutrality adjustment**

In the case of a State requesting an adjustment under this paragraph, the Secretary shall initially (and annually thereafter) adjust the payment rates otherwise established under this section with respect to MA local plans for Medicare+Choice payment areas in the State in a manner so that the aggregate of the payments under this section for such plans in the State shall not exceed the aggregate payments that would have been made under this section for such plans for Medicare+Choice payment areas in the State in the absence of the adjustment under this paragraph.

**(C) Metropolitan based system**

The metropolitan based system described in this subparagraph is one in which—

- (i) all the portions of each metropolitan statistical area in the State or in the case of a consolidated metropolitan statistical area, all of the portions of each primary metropolitan statistical area within the consolidated area within the State, are treated as a single Medicare+Choice payment area, and
- (ii) all areas in the State that do not fall within a metropolitan statistical area are treated as a single Medicare+Choice payment area.

**(D) Areas**

In subparagraph (C), the terms “metropolitan statistical area”, “consolidated metro-

politan statistical area”, and “primary metropolitan statistical area” mean any area designated as such by the Secretary of Commerce.

**(e) Special rules for individuals electing MSA plans**

**(1) In general**

If the amount of the Medicare+Choice monthly MSA premium (as defined in section 1395w-24(b)(2)(C) of this title) for an MSA plan for a year is less than  $\frac{1}{12}$  of the annual Medicare+Choice capitation rate applied under this section for the area and year involved, the Secretary shall deposit an amount equal to 100 percent of such difference in a Medicare+Choice MSA established (and, if applicable, designated) by the individual under paragraph (2).

**(2) Establishment and designation of Medicare+Choice medical savings account as requirement for payment of contribution**

In the case of an individual who has elected coverage under an MSA plan, no payment shall be made under paragraph (1) on behalf of an individual for a month unless the individual—

(A) has established before the beginning of the month (or by such other deadline as the Secretary may specify) a Medicare+Choice MSA (as defined in section 138(b)(2) of the Internal Revenue Code of 1986), and

(B) if the individual has established more than one such Medicare+Choice MSA, has designated one of such accounts as the individual’s Medicare+Choice MSA for purposes of this part.

Under rules under this section, such an individual may change the designation of such account under subparagraph (B) for purposes of this part.

**(3) Lump-sum deposit of medical savings account contribution**

In the case of an individual electing an MSA plan effective beginning with a month in a year, the amount of the contribution to the Medicare+Choice MSA on behalf of the individual for that month and all successive months in the year shall be deposited during that first month. In the case of a termination of such an election as of a month before the end of a year, the Secretary shall provide for a procedure for the recovery of deposits attributable to the remaining months in the year.

**(f) Payments from Trust Funds**

The payment to a Medicare+Choice organization under this section for individuals enrolled under this part with the organization and for payments under subsection (l) and subsection (m) and payments to a Medicare+Choice MSA under subsection (e)(1) shall be made from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund in such proportion as the Secretary determines reflects the relative weight that benefits under part A and under part B represents of the actuarial value of the total benefits under this subchapter. Payments to MA organizations for

statutory drug benefits provided under this subchapter are made from the Medicare Prescription Drug Account in the Federal Supplementary Medical Insurance Trust Fund. Monthly payments otherwise payable under this section for October 2000 shall be paid on the first business day of such month. Monthly payments otherwise payable under this section for October 2001 shall be paid on the last business day of September 2001. Monthly payments otherwise payable under this section for October 2006 shall be paid on the first business day of October 2006.

**(g) Special rule for certain inpatient hospital stays**

In the case of an individual who is receiving inpatient hospital services from a subsection (d) hospital (as defined in section 1395ww(d)(1)(B) of this title), a rehabilitation hospital described in section 1395ww(d)(1)(B)(ii) of this title or a distinct part rehabilitation unit described in the matter following clause (v)<sup>2</sup> of section 1395ww(d)(1)(B) of this title, or a long-term care hospital (described in section 1395ww(d)(1)(B)(iv) of this title) as of the effective date of the individual's—

(1) election under this part of a Medicare+Choice plan offered by a Medicare+Choice organization—

(A) payment for such services until the date of the individual's discharge shall be made under this subchapter through the Medicare+Choice plan or the original medicare fee-for-service program option described in section 1395w-21(a)(1)(A) of this title (as the case may be) elected before the election with such organization,

(B) the elected organization shall not be financially responsible for payment for such services until the date after the date of the individual's discharge, and

(C) the organization shall nonetheless be paid the full amount otherwise payable to the organization under this part; or

(2) termination of election with respect to a Medicare+Choice organization under this part—

(A) the organization shall be financially responsible for payment for such services after such date and until the date of the individual's discharge,

(B) payment for such services during the stay shall not be made under section 1395ww(d) of this title or other payment provision under this subchapter for inpatient services for the type of facility, hospital, or unit involved, described in the matter preceding paragraph (1), as the case may be, or by any succeeding Medicare+Choice organization, and

(C) the terminated organization shall not receive any payment with respect to the individual under this part during the period the individual is not enrolled.

**(h) Special rule for hospice care**

**(1) Information**

A contract under this part shall require the Medicare+Choice organization to inform each individual enrolled under this part with a Medicare+Choice plan offered by the organization about the availability of hospice care if—

(A) a hospice program participating under this subchapter is located within the organization's service area; or

(B) it is common practice to refer patients to hospice programs outside such service area.

**(2) Payment**

If an individual who is enrolled with a Medicare+Choice organization under this part makes an election under section 1395d(d)(1) of this title to receive hospice care from a particular hospice program—

(A) payment for the hospice care furnished to the individual shall be made to the hospice program elected by the individual by the Secretary;

(B) payment for other services for which the individual is eligible notwithstanding the individual's election of hospice care under section 1395d(d)(1) of this title, including services not related to the individual's terminal illness, shall be made by the Secretary to the Medicare+Choice organization or the provider or supplier of the service instead of payments calculated under subsection (a); and

(C) the Secretary shall continue to make monthly payments to the Medicare+Choice organization in an amount equal to the value of the additional benefits required under section 1395w-24(f)(1)(A) of this title.

**(i) New entry bonus**

**(1) In general**

Subject to paragraphs (2) and (3), in the case of Medicare+Choice payment area in which a Medicare+Choice plan has not been offered since 1997 (or in which all organizations that offered a plan since such date have filed notice with the Secretary, as of October 13, 1999, that they will not be offering such a plan as of January 1, 2000, or filed notice with the Secretary as of October 3, 2000, that they will not be offering such a plan as of January 1, 2001), the amount of the monthly payment otherwise made under this section shall be increased—

(A) only for the first 12 months in which any Medicare+Choice plan is offered in the area, by 5 percent of the total monthly payment otherwise computed for such payment area; and

(B) only for the subsequent 12 months, by 3 percent of the total monthly payment otherwise computed for such payment area.

**(2) Period of application**

Paragraph (1) shall only apply to payment for Medicare+Choice plans which are first offered in a Medicare+Choice payment area during the 2-year period beginning on January 1, 2000.

**(3) Limitation to organization offering first plan in an area**

Paragraph (1) shall only apply to payment to the first Medicare+Choice organization that offers a Medicare+Choice plan in each Medicare+Choice payment area, except that if more than one such organization first offers such a plan in an area on the same date, paragraph (1) shall apply to payment for such organizations.

**(4) Construction**

Nothing in paragraph (1) shall be construed as affecting the calculation of the annual Medicare+Choice capitation rate under subsection (c) for any payment area or as applying to payment for any period not described in such paragraph and paragraph (2).

**(5) Offered defined**

In this subsection, the term “offered” means, with respect to a Medicare+Choice plan as of a date, that a Medicare+Choice eligible individual may enroll with the plan on that date, regardless of when the enrollment takes effect or when the individual obtains benefits under the plan.

**(j) Computation of benchmark amounts**

For purposes of this part, subject to subsection (o), the term “MA area-specific non-drug monthly benchmark amount” means for a month in a year—

(1) with respect to—

(A) a service area that is entirely within an MA local area, subject to section 1395w-29(d)(2)(A)<sup>2</sup> of this title, an amount equal to  $\frac{1}{12}$  of the annual MA capitation rate under subsection (c)(1) for the area for the year (or, for 2007, 2008, 2009, and 2010,  $\frac{1}{12}$  of the applicable amount determined under subsection (k)(1) for the area for the year; for 2011,  $\frac{1}{12}$  of the applicable amount determined under subsection (k)(1) for the area for 2010; and, beginning with 2012,  $\frac{1}{12}$  of the blended benchmark amount determined under subsection (n)(1) for the area for the year), adjusted as appropriate (for years before 2007) for the purpose of risk adjustment; or

(B) a service area that includes more than one MA local area, an amount equal to the average of the amounts described in subparagraph (A) for each such local MA area, weighted by the projected number of enrollees in the plan residing in the respective local MA areas (as used by the plan for purposes of the bid and disclosed to the Secretary under section 1395w-24(a)(6)(A)(iii) of this title), adjusted as appropriate (for years before 2007) for the purpose of risk adjustment; or

(2) with respect to an MA region for a month in a year, the MA region-specific non-drug monthly benchmark amount, as defined in section 1395w-27a(f) of this title for the region for the year.

**(k) Determination of applicable amount for purposes of calculating the benchmark amounts****(1) Applicable amount defined**

For purposes of subsection (j), subject to paragraphs (2), (4), and (5), the term “applicable amount” means for an area—

(A) for 2007—

(i) if such year is not specified under subsection (c)(1)(D)(ii), an amount equal to the amount specified in subsection (c)(1)(C) for the area for 2006—

(I) first adjusted by the rescaling factor for 2006 for the area (as made available by the Secretary in the announce-

ment of the rates on April 4, 2005, under subsection (b)(1), but excluding any national adjustment factors for coding intensity and risk adjustment budget neutrality that were included in such factor); and

(II) then increased by the national per capita MA growth percentage, described in subsection (c)(6) for 2007, but not taking into account any adjustment under subparagraph (C) of such subsection for a year before 2004;

(ii) if such year is specified under subsection (c)(1)(D)(ii), an amount equal to the greater of—

(I) the amount determined under clause (i) for the area for the year; or

(II) the amount specified in subsection (c)(1)(D) for the area for the year; and

(B) for a subsequent year—

(i) if such year is not specified under subsection (c)(1)(D)(ii), an amount equal to the amount determined under this paragraph for the area for the previous year (determined without regard to paragraphs (2), (4), and (5)), increased by the national per capita MA growth percentage, described in subsection (c)(6) for that succeeding year, but not taking into account any adjustment under subparagraph (C) of such subsection for a year before 2004; and

(ii) if such year is specified under subsection (c)(1)(D)(ii), an amount equal to the greater of—

(I) the amount determined under clause (i) for the area for the year; or

(II) the amount specified in subsection (c)(1)(D) for the area for the year.

**(2) Phase-out of budget neutrality factor****(A) In general**

Except as provided in subparagraph (D), in the case of 2007 through 2010, the applicable amount determined under paragraph (1) shall be multiplied by a factor equal to 1 plus the product of—

(i) the percent determined under subparagraph (B) for the year; and

(ii) the applicable phase-out factor for the year under subparagraph (C).

**(B) Percent determined****(i) In general**

For purposes of subparagraph (A)(i), subject to clause (iv), the percent determined under this subparagraph for a year is a percent equal to a fraction the numerator of which is described in clause (ii) and the denominator of which is described in clause (iii).

**(ii) Numerator based on difference between demographic rate and risk rate****(I) In general**

The numerator described in this clause is an amount equal to the amount by which the demographic rate described in subclause (II) exceeds the risk rate described in subclause (III).

**(II) Demographic rate**

The demographic rate described in this subclause is the Secretary’s estimate of

the total payments that would have been made under this part in the year if all the monthly payment amounts for all MA plans were equal to  $\frac{1}{2}$  of the annual MA capitation rate under subsection (c)(1) for the area and year, adjusted pursuant to subsection (a)(1)(C).

**(III) Risk rate**

The risk rate described in this subclause is the Secretary's estimate of the total payments that would have been made under this part in the year if all the monthly payment amounts for all MA plans were equal to the amount described in subsection (j)(1)(A) (determined as if this paragraph had not applied) under subsection (j) for the area and year, adjusted pursuant to subsection (a)(1)(C).

**(iii) Denominator based on risk rate**

The denominator described in this clause is equal to the total amount estimated for the year under clause (ii)(III).

**(iv) Requirements**

In estimating the amounts under the previous clauses, the Secretary shall—

(I) use a complete set of the most recent and representative Medicare Advantage risk scores under subsection (a)(3) that are available from the risk adjustment model announced for the year;

(II) adjust the risk scores to reflect changes in treatment and coding practices in the fee-for-service sector;

(III) adjust the risk scores for differences in coding patterns between Medicare Advantage plans and providers under the original Medicare fee-for-service program under parts A and B to the extent that the Secretary has identified such differences, as required in subsection (a)(1)(C);

(IV) as necessary, adjust the risk scores for late data submitted by Medicare Advantage organizations;

(V) as necessary, adjust the risk scores for lagged cohorts; and

(VI) as necessary, adjust the risk scores for changes in enrollment in Medicare Advantage plans during the year.

**(v) Authority**

In computing such amounts the Secretary may take into account the estimated health risk of enrollees in preferred provider organization plans (including MA regional plans) for the year.

**(C) Applicable phase-out factor**

For purposes of subparagraph (A)(ii), the term "applicable phase-out factor" means—

- (i) for 2007, 0.55;
- (ii) for 2008, 0.40;
- (iii) for 2009, 0.25; and
- (iv) for 2010, 0.05.

**(D) Termination of application**

Subparagraph (A) shall not apply in a year if the amount estimated under subparagraph

(B)(ii)(III) for the year is equal to or greater than the amount estimated under subparagraph (B)(i)(II) for the year.

**(3) No revision in percent**

**(A) In general**

The Secretary may not make any adjustment to the percent determined under paragraph (2)(B) for any year.

**(B) Rule of construction**

Nothing in this subsection shall be construed to limit the authority of the Secretary to make adjustments to the applicable amounts determined under paragraph (1) as appropriate for purposes of updating data or for purposes of adopting an improved risk adjustment methodology.

**(4) Phase-out of the indirect costs of medical education from capitation rates**

**(A) In general**

After determining the applicable amount for an area for a year under paragraph (1) (beginning with 2010), the Secretary shall adjust such applicable amount to exclude from such applicable amount the phase-in percentage (as defined in subparagraph (B)(i)) for the year of the Secretary's estimate of the standardized costs for payments under section 1395ww(d)(5)(B) of this title in the area for the year. Any adjustment under the preceding sentence shall be made prior to the application of paragraph (2).

**(B) Percentages defined**

For purposes of this paragraph:

**(i) Phase-in percentage**

The term "phase-in percentage" means, for an area for a year, the ratio (expressed as a percentage, but in no case greater than 100 percent) of—

(I) the maximum cumulative adjustment percentage for the year (as defined in clause (ii)); to

(II) the standardized IME cost percentage (as defined in clause (iii)) for the area and year.

**(ii) Maximum cumulative adjustment percentage**

The term "maximum cumulative adjustment percentage" means, for—

(I) 2010, 0.60 percent; and

(II) a subsequent year, the maximum cumulative adjustment percentage for the previous year increased by 0.60 percentage points.

**(iii) Standardized IME cost percentage**

The term "standardized IME cost percentage" means, for an area for a year, the per capita costs for payments under section 1395ww(d)(5)(B) of this title (expressed as a percentage of the fee-for-service amount specified in subparagraph (C)) for the area and the year.

**(C) Fee-for-service amount**

The fee-for-service amount specified in this subparagraph for an area for a year is the amount specified under subsection (c)(1)(D) for the area and the year.

**(5) Exclusion of costs for kidney acquisitions from capitation rates**

After determining the applicable amount for an area for a year under paragraph (1) (beginning with 2021), the Secretary shall adjust such applicable amount to exclude from such applicable amount the Secretary's estimate of the standardized costs for payments for organ acquisitions for kidney transplants covered under this subchapter (including expenses covered under section 1395rr(d) of this title) in the area for the year.

**(I) Application of eligible professional incentives for certain MA organizations for adoption and meaningful use of certified EHR technology**

**(1) In general**

Subject to paragraphs (3) and (4), in the case of a qualifying MA organization, the provisions of sections 1395w-4(o) and 1395w-4(a)(7) of this title shall apply with respect to eligible professionals described in paragraph (2) of the organization who the organization attests under paragraph (6) to be meaningful EHR users in a similar manner as they apply to eligible professionals under such sections. Incentive payments under paragraph (3) shall be made to and payment adjustments under paragraph (4) shall apply to such qualifying organizations.

**(2) Eligible professional described**

With respect to a qualifying MA organization, an eligible professional described in this paragraph is an eligible professional (as defined for purposes of section 1395w-4(o) of this title) who—

- (A)(i) is employed by the organization; or
- (ii)(I) is employed by, or is a partner of, an entity that through contract with the organization furnishes at least 80 percent of the entity's Medicare patient care services to enrollees of such organization; and
- (II) furnishes at least 80 percent of the professional services of the eligible professional covered under this subchapter to enrollees of the organization; and
- (B) furnishes, on average, at least 20 hours per week of patient care services.

**(3) Eligible professional incentive payments**

**(A) In general**

In applying section 1395w-4(o) of this title under paragraph (1), instead of the additional payment amount under section 1395w-4(o)(1)(A) of this title and subject to subparagraph (B), the Secretary may substitute an amount determined by the Secretary to the extent feasible and practical to be similar to the estimated amount in the aggregate that would be payable if payment for services furnished by such professionals was payable under part B instead of this part.

**(B) Avoiding duplication of payments**

**(i) In general**

In the case of an eligible professional described in paragraph (2)—

- (I) that is eligible for the maximum incentive payment under section

1395w-4(o)(1)(A) of this title for the same payment period, the payment incentive shall be made only under such section and not under this subsection; and

(II) that is eligible for less than such maximum incentive payment for the same payment period, the payment incentive shall be made only under this subsection and not under section 1395w-4(o)(1)(A) of this title.

**(ii) Methods**

In the case of an eligible professional described in paragraph (2) who is eligible for an incentive payment under section 1395w-4(o)(1)(A) of this title but is not described in clause (i) for the same payment period, the Secretary shall develop a process—

- (I) to ensure that duplicate payments are not made with respect to an eligible professional both under this subsection and under section 1395w-4(o)(1)(A) of this title; and
- (II) to collect data from Medicare Advantage organizations to ensure against such duplicate payments.

**(C) Fixed schedule for application of limitation on incentive payments for all eligible professionals**

In applying section 1395w-4(o)(1)(B)(ii) of this title under subparagraph (A), in accordance with rules specified by the Secretary, a qualifying MA organization shall specify a year (not earlier than 2011) that shall be treated as the first payment year for all eligible professionals with respect to such organization.

**(4) Payment adjustment**

**(A) In general**

In applying section 1395w-4(a)(7) of this title under paragraph (1), instead of the payment adjustment being an applicable percent of the fee schedule amount for a year under such section, subject to subparagraph (D), the payment adjustment under paragraph (1) shall be equal to the percent specified in subparagraph (B) for such year of the payment amount otherwise provided under this section for such year.

**(B) Specified percent**

The percent specified under this subparagraph for a year is 100 percent minus a number of percentage points equal to the product of—

- (i) the number of percentage points by which the applicable percent (under section 1395w-4(a)(7)(A)(ii) of this title) for the year is less than 100 percent; and
- (ii) the Medicare physician expenditure proportion specified in subparagraph (C) for the year.

**(C) Medicare physician expenditure proportion**

The Medicare physician expenditure proportion under this subparagraph for a year is the Secretary's estimate of the proportion, of the expenditures under parts A and B that

are not attributable to this part, that are attributable to expenditures for physicians' services.

**(D) Application of payment adjustment**

In the case that a qualifying MA organization attests that not all eligible professionals of the organization are meaningful EHR users with respect to a year, the Secretary shall apply the payment adjustment under this paragraph based on the proportion of all such eligible professionals of the organization that are not meaningful EHR users for such year.

**(5) Qualifying MA organization defined**

In this subsection and subsection (m), the term "qualifying MA organization" means a Medicare Advantage organization that is organized as a health maintenance organization (as defined in section 300gg-91(b)(3) of this title).

**(6) Meaningful EHR user attestation**

For purposes of this subsection and subsection (m), a qualifying MA organization shall submit an attestation, in a form and manner specified by the Secretary which may include the submission of such attestation as part of submission of the initial bid under section 1395w-24(a)(1)(A)(iv)<sup>4</sup> of this title, identifying—

(A) whether each eligible professional described in paragraph (2), with respect to such organization is a meaningful EHR user (as defined in section 1395w-4(o)(2) of this title) for a year specified by the Secretary; and

(B) whether each eligible hospital described in subsection (m)(1),<sup>5</sup> with respect to such organization, is a meaningful EHR user (as defined in section 1395ww(n)(3) of this title) for an applicable period specified by the Secretary.

**(7) Posting on website**

The Secretary shall post on the Internet website of the Centers for Medicare & Medicaid Services, in an easily understandable format, a list of the names, business addresses, and business phone numbers of—

(A) each qualifying MA organization receiving an incentive payment under this subsection for eligible professionals of the organization; and

(B) the eligible professionals of such organization for which such incentive payment is based.

**(8) Limitation on review**

There shall be no administrative or judicial review under section 1395ff of this title, section 1395oo of this title, or otherwise, of—

(A) the methodology and standards for determining payment amounts and payment adjustments under this subsection, including avoiding duplication of payments under paragraph (3)(B) and the specification of rules for the fixed schedule for application of limitation on incentive payments for all eligible professionals under paragraph (3)(C);

(B) the methodology and standards for determining eligible professionals under paragraph (2); and

(C) the methodology and standards for determining a meaningful EHR user under section 1395w-4(o)(2) of this title, including specification of the means of demonstrating meaningful EHR use under section 1395w-4(o)(3)(C)<sup>6</sup> of this title and selection of measures under section 1395w-4(o)(3)(B)<sup>7</sup> of this title.

**(m) Application of eligible hospital incentives for certain MA organizations for adoption and meaningful use of certified EHR technology**

**(1) Application**

Subject to paragraphs (3) and (4), in the case of a qualifying MA organization, the provisions of sections 1395ww(n) and 1395ww(b)(3)(B)(ix) of this title shall apply with respect to eligible hospitals described in paragraph (2) of the organization which the organization attests under subsection (l)(6) to be meaningful EHR users in a similar manner as they apply to eligible hospitals under such sections. Incentive payments under paragraph (3) shall be made to and payment adjustments under paragraph (4) shall apply to such qualifying organizations.

**(2) Eligible hospital described**

With respect to a qualifying MA organization, an eligible hospital described in this paragraph is an eligible hospital (as defined in section 1395ww(n)(6)(B) of this title) that is under common corporate governance with such organization and serves individuals enrolled under an MA plan offered by such organization.

**(3) Eligible hospital incentive payments**

**(A) In general**

In applying section 1395ww(n)(2) of this title under paragraph (1), instead of the additional payment amount under section 1395ww(n)(2) of this title, there shall be substituted an amount determined by the Secretary to be similar to the estimated amount in the aggregate that would be payable if payment for services furnished by such hospitals was payable under part A instead of this part. In implementing the previous sentence, the Secretary—

(i) shall, insofar as data to determine the discharge related amount under section 1395ww(n)(2)(C) of this title for an eligible hospital are not available to the Secretary, use such alternative data and methodology to estimate such discharge related amount as the Secretary determines appropriate; and

(ii) shall, insofar as data to determine the medicare share described in section 1395ww(n)(2)(D) of this title for an eligible hospital are not available to the Secretary, use such alternative data and methodology to estimate such share, which data and methodology may include

use of the inpatient-bed-days (or discharges) with respect to an eligible hospital during the appropriate period which are attributable to both individuals for whom payment may be made under part A or individuals enrolled in an MA plan under a Medicare Advantage organization under this part as a proportion of the estimated total number of patient-bed-days (or discharges) with respect to such hospital during such period.

**(B) Avoiding duplication of payments**

**(i) In general**

In the case of a hospital that for a payment year is an eligible hospital described in paragraph (2) and for which at least one-third of their discharges (or bed-days) of Medicare patients for the year are covered under part A, payment for the payment year shall be made only under section 1395ww(n) of this title and not under this subsection.

**(ii) Methods**

In the case of a hospital that is an eligible hospital described in paragraph (2) and also is eligible for an incentive payment under section 1395ww(n) of this title but is not described in clause (i) for the same payment period, the Secretary shall develop a process—

(I) to ensure that duplicate payments are not made with respect to an eligible hospital both under this subsection and under section 1395ww(n) of this title; and

(II) to collect data from Medicare Advantage organizations to ensure against such duplicate payments.

**(4) Payment adjustment**

(A) Subject to paragraph (3), in the case of a qualifying MA organization (as defined in subsection (l)(5)), if, according to the attestation of the organization submitted under subsection (l)(6) for an applicable period, one or more eligible hospitals (as defined in section 1395ww(n)(6)(B) of this title) that are under common corporate governance with such organization and that serve individuals enrolled under a plan offered by such organization are not meaningful EHR users (as defined in section 1395ww(n)(3) of this title) with respect to a period, the payment amount payable under this section for such organization for such period shall be the percent specified in subparagraph (B) for such period of the payment amount otherwise provided under this section for such period.

(B) SPECIFIED PERCENT.—The percent specified under this subparagraph for a year is 100 percent minus a number of percentage points equal to the product of—

(i) the number of the percentage point reduction effected under section 1395ww(b)(3)(B)(ix)(I) of this title for the period; and

(ii) the Medicare hospital expenditure proportion specified in subparagraph (C) for the year.

(C) MEDICARE HOSPITAL EXPENDITURE PROPORTION.—The Medicare hospital expenditure pro-

portion under this subparagraph for a year is the Secretary's estimate of the proportion, of the expenditures under parts A and B that are not attributable to this part, that are attributable to expenditures for inpatient hospital services.

(D) APPLICATION OF PAYMENT ADJUSTMENT.—In the case that a qualifying MA organization attests that not all eligible hospitals are meaningful EHR users with respect to an applicable period, the Secretary shall apply the payment adjustment under this paragraph based on a methodology specified by the Secretary, taking into account the proportion of such eligible hospitals, or discharges from such hospitals, that are not meaningful EHR users for such period.

**(5) Posting on website**

The Secretary shall post on the Internet website of the Centers for Medicare & Medicaid Services, in an easily understandable format—

(A) a list of the names, business addresses, and business phone numbers of each qualifying MA organization receiving an incentive payment under this subsection for eligible hospitals described in paragraph (2); and

(B) a list of the names of the eligible hospitals for which such incentive payment is based.

**(6) Limitations on review**

There shall be no administrative or judicial review under section 1395ff of this title, section 1395oo of this title, or otherwise, of—

(A) the methodology and standards for determining payment amounts and payment adjustments under this subsection, including avoiding duplication of payments under paragraph (3)(B);

(B) the methodology and standards for determining eligible hospitals under paragraph (2); and

(C) the methodology and standards for determining a meaningful EHR user under section 1395ww(n)(3) of this title, including specification of the means of demonstrating meaningful EHR use under subparagraph (C) of such section and selection of measures under subparagraph (B) of such section.

**(n) Determination of blended benchmark amount**

**(1) In general**

For purposes of subsection (j), subject to paragraphs (3), (4), and (5), the term “blended benchmark amount” means for an area—

(A) for 2012 the sum of—

(i) ½ of the applicable amount for the area and year; and

(ii) ½ of the amount specified in paragraph (2)(A) for the area and year; and

(B) for a subsequent year the amount specified in paragraph (2)(A) for the area and year.

**(2) Specified amount**

**(A) In general**

The amount specified in this subparagraph for an area and year is the product of—

(i) the base payment amount specified in subparagraph (E) for the area and year ad-

justed to take into account the phase-out in the indirect costs of medical education from capitation rates described in subsection (k)(4) and, for 2021 and subsequent years, the exclusion of payments for organ acquisitions for kidney transplants from the capitation rate as described in subsection (k)(5); and

(ii) the applicable percentage for the area for the year specified under subparagraph (B).

**(B) Applicable percentage**

Subject to subparagraph (D), the applicable percentage specified in this subparagraph for an area for a year in the case of an area that is ranked—

(i) in the highest quartile under subparagraph (C) for the previous year is 95 percent;

(ii) in the second highest quartile under such subparagraph for the previous year is 100 percent;

(iii) in the third highest quartile under such subparagraph for the previous year is 107.5 percent; or

(iv) in the lowest quartile under such subparagraph for the previous year is 115 percent.

**(C) Periodic ranking**

For purposes of this paragraph in the case of an area located—

(i) in 1 of the 50 States or the District of Columbia, the Secretary shall rank such area in each year specified under subsection (c)(1)(D)(ii) based upon the level of the amount specified in subparagraph (A)(i) for such areas; or

(ii) in a territory, the Secretary shall rank such areas in each such year based upon the level of the amount specified in subparagraph (A)(i) for such area relative to quartile rankings computed under clause (i).

**(D) 1-year transition for changes in applicable percentage**

If, for a year after 2012, there is a change in the quartile in which an area is ranked compared to the previous year, the applicable percentage for the area in the year shall be the average of—

(i) the applicable percentage for the area for the previous year; and

(ii) the applicable percentage that would otherwise apply for the area for the year.

**(E) Base payment amount**

Subject to subparagraphs (F) and (G), the base payment amount specified in this subparagraph—

(i) for 2012 is the amount specified in subsection (c)(1)(D) for the area for the year; or

(ii) for a subsequent year that—

(I) is not specified under subsection (c)(1)(D)(ii), is the base amount specified in this subparagraph for the area for the previous year, increased by the national per capita MA growth percentage, described in subsection (c)(6) for that suc-

ceeding year, but not taking into account any adjustment under subparagraph (C) of such subsection for a year before 2004; and

(II) is specified under subsection (c)(1)(D)(ii), is the amount specified in subsection (c)(1)(D) for the area for the year.

**(F) Application of indirect medical education phase-out**

The base payment amount specified in subparagraph (E) for a year shall be adjusted in the same manner under paragraph (4) of subsection (k) as the applicable amount is adjusted under such subsection.

**(G) Application of kidney acquisitions adjustment**

The base payment amount specified in subparagraph (E) for a year (beginning with 2021) shall be adjusted in the same manner under paragraph (5) of subsection (k) as the applicable amount is adjusted under such subsection.

**(3) Alternative phase-ins**

**(A) 4-year phase-in for certain areas**

If the difference between the applicable amount (as defined in subsection (k)) for an area for 2010 and the projected 2010 benchmark amount (as defined in subparagraph (C)) for the area is at least \$30 but less than \$50, the blended benchmark amount for the area is—

(i) for 2012 the sum of—

(I)  $\frac{3}{4}$  of the applicable amount for the area and year; and

(II)  $\frac{1}{4}$  of the amount specified in paragraph (2)(A) for the area and year;

(ii) for 2013 the sum of—

(I)  $\frac{1}{2}$  of the applicable amount for the area and year; and

(II)  $\frac{1}{2}$  of the amount specified in paragraph (2)(A) for the area and year;

(iii) for 2014 the sum of—

(I)  $\frac{1}{4}$  of the applicable amount for the area and year; and

(II)  $\frac{3}{4}$  of the amount specified in paragraph (2)(A) for the area and year; and

(iv) for a subsequent year the amount specified in paragraph (2)(A) for the area and year.

**(B) 6-year phase-in for certain areas**

If the difference between the applicable amount (as defined in subsection (k)) for an area for 2010 and the projected 2010 benchmark amount (as defined in subparagraph (C)) for the area is at least \$50, the blended benchmark amount for the area is—

(i) for 2012 the sum of—

(I)  $\frac{5}{6}$  of the applicable amount for the area and year; and

(II)  $\frac{1}{6}$  of the amount specified in paragraph (2)(A) for the area and year;

(ii) for 2013 the sum of—

(I)  $\frac{2}{3}$  of the applicable amount for the area and year; and

(II)  $\frac{1}{3}$  of the amount specified in paragraph (2)(A) for the area and year;

(iii) for 2014 the sum of—

(I)  $\frac{1}{2}$  of the applicable amount for the area and year; and

(II)  $\frac{1}{2}$  of the amount specified in paragraph (2)(A) for the area and year;

(iv) for 2015 the sum of—

(I)  $\frac{1}{3}$  of the applicable amount for the area and year; and

(II)  $\frac{2}{3}$  of the amount specified in paragraph (2)(A) for the area and year; and

(v) for 2016 the sum of—

(I)  $\frac{1}{6}$  of the applicable amount for the area and year; and

(II)  $\frac{5}{6}$  of the amount specified in paragraph (2)(A) for the area and year; and

(vi) for a subsequent year the amount specified in paragraph (2)(A) for the area and year.

**(C) Projected 2010 benchmark amount**

The projected 2010 benchmark amount described in this subparagraph for an area is equal to the sum of—

(i)  $\frac{1}{2}$  of the applicable amount (as defined in subsection (k)) for the area for 2010; and

(ii)  $\frac{1}{2}$  of the amount specified in paragraph (2)(A) for the area for 2010 but determined as if there were substituted for the applicable percentage specified in clause (ii) of such paragraph the sum of—

(I) the applicable percent that would be specified under subparagraph (B) of paragraph (2) (determined without regard to subparagraph (D) of such paragraph) for the area for 2010 if any reference in such paragraph to “the previous year” were deemed a reference to 2010; and

(II) the applicable percentage increase that would apply to a qualifying plan in the area under subsection (o) as if any reference in such subsection to 2012 were deemed a reference to 2010 and as if the determination of a qualifying county under paragraph (3)(B) of such subsection were made for 2010.

**(4) Cap on benchmark amount**

In no case shall the blended benchmark amount for an area for a year (determined taking into account subsection (o)) be greater than the applicable amount that would (but for the application of this subsection) be determined under subsection (k)(1) for the area for the year.

**(5) Non-application to PACE plans**

This subsection shall not apply to payments to a PACE program under section 1395eee of this title.

**(o) Applicable percentage quality increases**

**(1) In general**

Subject to the succeeding paragraphs, in the case of a qualifying plan with respect to a year beginning with 2012, the applicable percentage under subsection (n)(2)(B) shall be increased on a plan or contract level, as determined by the Secretary—

(A) for 2012, by 1.5 percentage points;

(B) for 2013, by 3.0 percentage points; and

(C) for 2014 or a subsequent year, by 5.0 percentage points.

**(2) Increase for qualifying plans in qualifying counties**

The increase applied under paragraph (1) for a qualifying plan located in a qualifying county for a year shall be doubled.

**(3) Qualifying plans and qualifying county defined; application of increases to low enrollment and new plans**

For purposes of this subsection:

**(A) Qualifying plan**

**(i) In general**

The term “qualifying plan” means, for a year and subject to paragraph (4), a plan that had a quality rating under paragraph (4) of 4 stars or higher based on the most recent data available for such year.

**(ii) Application of increases to low enrollment plans**

**(I) 2012**

For 2012, the term “qualifying plan” includes an MA plan that the Secretary determines is not able to have a quality rating under paragraph (4) because of low enrollment.

**(II) 2013 and subsequent years**

For 2013 and subsequent years, for purposes of determining whether an MA plan with low enrollment (as defined by the Secretary) is included as a qualifying plan, the Secretary shall establish a method to apply to MA plans with low enrollment (as defined by the Secretary) the computation of quality rating and the rating system under paragraph (4).

**(iii) Application of increases to new plans**

**(I) In general**

A new MA plan that meets criteria specified by the Secretary shall be treated as a qualifying plan, except that in applying paragraph (1), the applicable percentage under subsection (n)(2)(B) shall be increased—

(aa) for 2012, by 1.5 percentage points;

(bb) for 2013, by 2.5 percentage points;

and

(cc) for 2014 or a subsequent year, by 3.5 percentage points.

**(II) New MA plan defined**

The term “new MA plan” means, with respect to a year, a plan offered by an organization or sponsor that has not had a contract as a Medicare Advantage organization in the preceding 3-year period.

**(B) Qualifying county**

The term “qualifying county” means, for a year, a county—

(i) that has an MA capitation rate that, in 2004, was based on the amount specified in subsection (c)(1)(B) for a Metropolitan Statistical Area with a population of more than 250,000;

(ii) for which, as of December 2009, of the Medicare Advantage eligible individuals residing in the county at least 25 percent of such individuals were enrolled in Medicare Advantage plans; and

(iii) that has per capita fee-for-service spending that is lower than the national monthly per capita cost for expenditures for individuals enrolled under the original Medicare fee-for-service program for the year.

**(4) Quality determinations for application of increase**

**(A) Quality determination**

The quality rating for a plan shall be determined according to a 5-star rating system (based on the data collected under section 1395w-22(e) of this title).

**(B) Plans that failed to report**

An MA plan which does not report data that enables the Secretary to rate the plan for purposes of this paragraph shall be counted as having a rating of fewer than 3.5 stars.

**(C) Special rule for first 3 plan years for plans that were converted from a reasonable cost reimbursement contract**

For purposes of applying paragraph (1) and section 1395w-24(b)(1)(C) of this title for the first 3 plan years under this part in the case of an MA plan to which deemed enrollment applies under section 1395w-21(c)(4) of this title—

(i) such plan shall not be treated as a new MA plan (as defined in paragraph (3)(A)(iii)(II)); and

(ii) in determining the star rating of the plan under subparagraph (A), to the extent that Medicare Advantage data for such plan is not available for a measure used to determine such star rating, the Secretary shall use data from the period in which such plan was a reasonable cost reimbursement contract.

**(D) Special rule to prevent the artificial inflation of star ratings after the consolidation of Medicare Advantage plans offered by a single organization**

**(i) In general**

If—

(I) a Medicare Advantage organization has entered into more than one contract with the Secretary with respect to the offering of Medicare Advantage plans; and

(II) on or after January 1, 2019, the Secretary approves a request from the organization to consolidate the plans under one or more contract<sup>8</sup> (in this subparagraph referred to as a “closed contract”) with the plans offered under a separate contract (in this subparagraph referred to as the “continuing contract”);

with respect to the continuing contract, the Secretary shall adjust the quality rat-

ing under the 5-star rating system and any quality increase under this subsection and rebate amounts under section 1395w-24 of this title to reflect an enrollment-weighted average of scores or ratings for the continuing and closed contracts, as determined appropriate by the Secretary.

**(ii) Application**

An adjustment under clause (i) shall apply for any year for which the quality rating of the continuing contract is based primarily on a measurement period that is prior to the first year in which a closed contract is no longer offered.

**(5) Exception for PACE plans**

This subsection shall not apply to payments to a PACE program under section 1395eee of this title.

**(6) Quality measurement at the plan level for SNPs**

**(A) In general**

Subject to subparagraph (B), the Secretary may require reporting of data under section 1395w-22(e) of this title for, and apply under this subsection, quality measures at the plan level for specialized MA plans for special needs individuals instead of at the contract level.

**(B) Considerations**

Prior to applying quality measurement at the plan level under this paragraph, the Secretary shall—

(i) take into consideration the minimum number of enrollees in a specialized MA plan for special needs individuals in order to determine if a statistically significant or valid measurement of quality at the plan level is possible under this paragraph;

(ii) take into consideration the impact of such application on plans that serve a disproportionate number of individuals dually eligible for benefits under this subchapter and under subchapter XIX;

(iii) if quality measures are reported at the plan level, ensure that MA plans are not required to provide duplicative information; and

(iv) ensure that such reporting does not interfere with the collection of encounter data submitted by MA organizations or the administration of any changes to the program under this part as a result of the collection of such data.

**(C) Application**

If the Secretary applies quality measurement at the plan level under this paragraph—

(i) such quality measurement may include Medicare Health Outcomes Survey (HOS), Healthcare Effectiveness Data and Information Set (HEDIS), Consumer Assessment of Healthcare Providers and Systems (CAHPS) measures and quality measures under part D; and

(ii) the Secretary shall consider applying administrative actions, such as remedies described in section 1395w-27(g)(2) of this title, at the plan level.

<sup>8</sup>So in original. Probably should be “contracts”.

**(7) Determination of feasibility of quality measurement at the plan level for all MA plans**

**(A) Determination of feasibility**

The Secretary shall determine the feasibility of requiring reporting of data under section 1395w-22(e) of this title for, and applying under this subsection, quality measures at the plan level for all MA plans under this part.

**(B) Consideration of change**

After making a determination under subparagraph (A), the Secretary shall consider requiring such reporting and applying such quality measures at the plan level as described in such subparagraph<sup>3</sup>

#### MEDPAC STUDY AND REPORT

Pub. L. 106-113, div. B, §1000(a)(6) [title V, §511(b)], Nov. 29, 1999, 113 Stat. 1536, 1501A-380, provided that:

“(1) STUDY.—The Medicare Payment Advisory Commission shall conduct a study that evaluates the methodology used by the Secretary of Health and Human Services in developing the risk factors used in adjusting the Medicare+Choice capitation rate paid to Medicare+Choice organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w-23) and includes the issues described in paragraph (2).

“(2) ISSUES TO BE STUDIED.—The issues described in this paragraph are the following:

“(A) The ability of the average risk adjustment factor applied to a Medicare+Choice plan to explain variations in plans’ average per capita medicare costs, as reported by Medicare+Choice plans in the plans’ adjusted community rate filings.

“(B) The year-to-year stability of the risk factors applied to each Medicare+Choice plan and the potential for substantial changes in payment for small Medicare+Choice plans.

“(C) For medicare beneficiaries newly enrolled in Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from medicare fee-for-service data for those individuals from the period prior to their enrollment in a Medicare+Choice plan and the average risk factor calculated for such individuals during their initial year of enrollment in a Medicare+Choice plan.

“(D) For medicare beneficiaries disenrolling from or switching among Medicare+Choice plans in a given year, the correspondence between the average risk factor calculated from data pertaining to the period prior to their disenrollment from a Medicare+Choice plan and the average risk factor calculated from data pertaining to the period after disenrollment.

“(E) An evaluation of the exclusion of ‘discretionary’ hospitalizations from consideration in the risk adjustment methodology.

“(F) Suggestions for changes or improvements in the risk adjustment methodology.

“(3) REPORT.—Not later than December 1, 2000, the Commission shall submit a report to Congress on the study conducted under paragraph (1), together with any recommendations for legislation that the Commission determines to be appropriate as a result of such study.”

“(1) STUDY.—The Secretary of Health and Human Services shall conduct a study on how to reduce the costs and burdens on Medicare+Choice organizations of their complying with reporting requirements for encounter data imposed by the Secretary in establishing and implementing a risk adjustment methodology used in making payments to such organizations under section 1853 of the Social Security Act (42 U.S.C. 1395w-23). The Secretary shall consult with representatives of Medicare+Choice organizations in conducting the study. The study shall address the following issues:

“(A) Limiting the number and types of sites of services (that are in addition to inpatient sites) for which encounter data must be reported.

“(B) Establishing alternative risk adjustment methods that would require submission of less data.

“(C) The potential for Medicare+Choice organizations to misreport, overreport, or underreport prevalence of diagnoses in outpatient sites of care, the potential for increases in payments to Medicare+Choice organizations from changes in Medicare+Choice plan coding practices (commonly known as ‘coding creep’) and proposed methods for detecting and adjusting for such variations in diagnosis coding as part of the risk adjustment methodology using encounter data from multiple sites of care.

“(D) The impact of such requirements on the willingness of insurers to offer Medicare+Choice MSA

plans and options for modifying encounter data reporting requirements to accommodate such plans.

“(E) Differences in the ability of Medicare+Choice organizations to report encounter data, and the potential for adverse competitive impacts on group and staff model health maintenance organizations or other integrated providers of care based on data reporting capabilities.

Pub. L. 105-33, title IV, §§4011, 4012, Aug. 5, 1997, 111 Stat. 334-336, as amended by Pub. L. 106-113, div. B, §1000(a)(6) [title V, §533], Nov. 29, 1999, 113 Stat. 1536, 1501A-389, provided that:

“SEC. 4011. MEDICARE PREPAID COMPETITIVE PRICING DEMONSTRATION PROJECT.

“(a) ESTABLISHMENT OF PROJECT.—

“(1) IN GENERAL.—Subject to the succeeding provisions of this subsection, the Secretary of Health and Human Services (in this subchapter [subchapter A (§§4011-4012) of chapter 2 of subtitle A of title IV of Pub. L. 105-33] referred to as the ‘Secretary’) shall establish a demonstration project (in this subchapter referred to as the ‘project’) under which payments to Medicare+Choice organizations in medicare payment

areas in which the project is being conducted are determined in accordance with a competitive pricing methodology established under this subchapter.

“(2) DELAY IN IMPLEMENTATION.—The Secretary shall not implement the project until January 1, 2002, or, if later, 6 months after the date the Competitive Pricing Advisory Committee has submitted to Congress a report on each of the following topics:

“(A) INCORPORATION OF ORIGINAL MEDICARE FEE-FOR-SERVICE PROGRAM INTO PROJECT.—What changes would be required in the project to feasibly incorporate the original medicare fee-for-service program into the project in the areas in which the project is operational.

“(B) QUALITY ACTIVITIES.—The nature and extent of the quality reporting and monitoring activities that should be required of plans participating in the project, the estimated costs that plans will incur as a result of these requirements, and the current ability of the Health Care Financing Administration to collect and report comparable data, sufficient to support comparable quality reporting and monitoring activities with respect to beneficiaries enrolled in the original medicare fee-for-service program generally.

“(C) RURAL PROJECT.—The current viability of initiating a project site in a rural area, given the site specific budget neutrality requirements of the project under subsection (g), and insofar as the Committee decides that the addition of such a site is not viable, recommendations on how the project might best be changed so that such a site is viable.

“(D) BENEFIT STRUCTURE.—The nature and extent of the benefit structure that should be required of plans participating in the project, the rationale for such benefit structure, the potential implications that any benefit standardization requirement may have on the number of plan choices available to a beneficiary in an area designated under the project, the potential implications of requiring participating plans to offer variations on any standardized benefit package the committee might recommend, such that a beneficiary could elect to pay a higher percentage of out-of-pocket costs in exchange for a lower premium (or premium rebate as the case may be), and the potential implications of expanding the project (in conjunction with the potential inclusion of the original medicare fee-for-service program) to require medicare supplemental insurance plans operating in an area designated under the project to offer a coordinated and comparable standardized benefit package.

“(3) CONFORMING DEADLINES.—Any dates specified in the succeeding provisions of this section shall be delayed (as specified by the Secretary) in a manner consistent with the delay effected under paragraph (2).

“(b) DESIGNATION OF 7 MEDICARE PAYMENT AREAS COVERED BY PROJECT.—

“(A) IN GENERAL.—The Competitive Pricing Advisory Committee shall recommend to the Secretary, consistent with subparagraph (B), the designation of 4 specific areas as medicare payment areas to be included in the project. Such recommendations shall be made in a manner so as to ensure that payments under the project in 2 such areas will begin on January 1, 1999, and in 2 such areas will begin on January 1, 2000.

“(B) LOCATION OF DESIGNATION.—Of the 4 areas recommended under subparagraph (A), 3 shall be in urban areas and 1 shall be in a rural area.

“(3) DESIGNATION OF ADDITIONAL 3 AREAS.—Not later than December 31, 2001, the Competitive Pricing Advisory Committee may recommend to the Secretary the designation of up to 3 additional, specific medicare payment areas to be included in the project.

“(C) PROJECT IMPLEMENTATION.—

“(1) IN GENERAL.—Subject to paragraph (2), the Secretary shall for each medicare payment area designated under subsection (b)—

“(A) in accordance with the recommendations of the Competitive Pricing Advisory Committee—

“(i) establish the benefit design among plans offered in such area,

“(ii) structure the method for selecting plans offered in such area; and

“(iii) establish beneficiary premiums for plans offered in such area in a manner such that a beneficiary who enrolls in an offered plan the per capita bid for which is less than the standard per capita government contribution (as established by the competitive pricing methodology established for such area) may, at the plan’s election, be offered a rebate of some or all of the medicare part B premium that such individual must otherwise pay in order to participate in a Medicare+Choice plan under the Medicare+Choice program; and

“(B) in consultation with such Committee—

“(i) establish methods for setting the price to be paid to plans, including, if the Secretary determines appropriate, the rewarding and penalizing of Medicare+Choice plans in the area on the basis of the attainment of, or failure to attain, applicable quality standards, and

“(ii) provide for the collection of plan information (including information concerning quality and access to care), the dissemination of information, and the methods of evaluating the results of the project.

“(2) CONSULTATION.—The Secretary shall take into account the recommendations of the area advisory committee established in section 4012(b), in implementing a project design for any area, except that no modifications may be made in the project design without consultation with the Competitive Pricing Advisory Committee. In no case may the Secretary change the designation of an area based on recommendations of any area advisory committee.

“(d) MONITORING AND REPORT.—

“(1) MONITORING IMPACT.—Taking into consideration the recommendations of the Competitive Pricing Advisory Committee and the area advisory committees, the Secretary shall closely monitor and measure the impact of the project in the different areas on the price and quality of, and access to, medicare covered services, choice of health plans, changes in enrollment, and other relevant factors.

“(2) REPORT.—Not later than December 31, 2002, the Secretary shall submit to Congress a report on the progress under the project under this subchapter, including a comparison of the matters monitored under paragraph (1) among the different designated areas. The report may include any legislative recommendations for extending the project to the entire medicare population.

“(e) WAIVER AUTHORITY.—The Secretary of Health and Human Services may waive such requirements of title XVIII of the Social Security Act [this subchapter] (as amended by this Act) as may be necessary for the purposes of carrying out the project.

“(f) RELATIONSHIP TO OTHER AUTHORITY.—Except pursuant to this subchapter, the Secretary of Health and Human Services may not conduct or continue any medicare demonstration project relating to payment of health maintenance organizations, Medicare+Choice organizations, or similar prepaid managed care entities on the basis of a competitive bidding process or pricing system described in subsection (a).

“(g) NO ADDITIONAL COSTS TO MEDICARE PROGRAM.—The aggregate payments to Medicare+Choice organiza-

**(ii) Amount of reduction**

The amount of the reduction under clause (i) with respect to any enrollee in a Medicare+Choice plan—

(I) may not exceed 125 percent of the premium described under section 1395r(a)(3) of this title; and

(II) shall apply uniformly to each enrollee of the Medicare+Choice plan to which such reduction applies.

**(F) Construction**

Nothing in this subsection shall be construed as preventing a Medicare+Choice organization from providing supplemental benefits (described in section 1395w-22(a)(3) of this title) that are in addition to the health care benefits otherwise required to be provided under this paragraph and from imposing a premium for such supplemental benefits.

**(2) Stabilization fund**

A Medicare+Choice organization may provide that a part of the value of an excess amount described in paragraph (1) be withheld and reserved in the Federal Hospital Insurance Trust Fund and in the Federal Supplementary Medical Insurance Trust Fund (in such proportions as the Secretary determines to be appropriate) by the Secretary for subsequent annual contract periods, to the extent required to stabilize and prevent undue fluctuations in the additional benefits offered in those subsequent periods by the organization in accordance with such paragraph. Any of such value of the amount reserved which is not provided as additional benefits described in paragraph (1)(A) to individuals electing the Medicare+Choice plan of the organization in accordance with such paragraph prior to the end of such periods, shall revert for the use of such trust funds.

**(3) Adjusted community rate**

For purposes of this subsection, subject to paragraph (4), the term “adjusted community rate” for a service or services means, at the election of a Medicare+Choice organization, either—

(A) the rate of payment for that service or services which the Secretary annually determines would apply to an individual electing a Medicare+Choice plan under this part if the rate of payment were determined under a “community rating system” (as defined in section 300e-1(8) of this title, other than subparagraph (C)), or

(B) such portion of the weighted aggregate premium, which the Secretary annually estimates would apply to such an individual, as the Secretary annually estimates is attributable to that service or services,

but adjusted for differences between the utilization characteristics of the individuals electing coverage under this part and the utilization characteristics of the other enrollees with the plan (or, if the Secretary finds that adequate data are not available to adjust for those differences, the differences between the utilization characteristics of individuals selecting other Medicare+Choice coverage, or Medicare+Choice eligible individuals in the area, in the State, or in the United States, eligible to elect Medicare+Choice coverage under this part and the utilization characteristics of the rest of the population in the area, in the State, or in the United States, respectively).

**(4) Determination based on insufficient data**

For purposes of this subsection, if the Secretary finds that there is insufficient enrollment experience to determine an average of the capitation payments to be made under this part at the beginning of a contract period or to determine (in the case of a newly operated provider-sponsored organization or other new organization) the adjusted community rate for the organization, the Secretary may determine such an average based on the enrollment experience of other contracts entered into under this part and may determine such a rate using data in the general commercial marketplace.

**(g) Prohibition of State imposition of premium taxes**

No State may impose a premium tax or similar tax with respect to payments to Medicare+Choice organizations under section 1395w-23 of this title or premiums paid to such organizations under this part.

**(h) Permitting use of segments of service areas**

The Secretary shall permit a Medicare+Choice organization to elect to apply the provisions of this section uniformly to separate segments of a service area (rather than uniformly to an entire service area) as long as such segments are composed of one or more Medicare+Choice payment areas.

**(C) Denial of application based on discriminatory treatment**

The ground for approval of such a waiver application described in this subparagraph is that the State has denied such a licensing application and—

(i) the standards or review process imposed by the State as a condition of approval of the license imposes any material requirements, procedures, or standards (other than solvency requirements) to such organizations that are not generally applicable to other entities engaged in a substantially similar business, or

(ii) the State requires the organization, as a condition of licensure, to offer any product or plan other than a Medicare+Choice plan.

**(D) Denial of application based on application of solvency requirements**

With respect to waiver applications filed on or after the date of publication of solvency standards under section 1395w-26(a) of this title, the ground for approval of such a waiver application described in this subparagraph is that the State has denied such a li-

censing application based (in whole or in part) on the organization's failure to meet applicable solvency requirements and—

(i) such requirements are not the same as the solvency standards established under section 1395w-26(a) of this title; or

(ii) the State has imposed as a condition of approval of the license documentation or information requirements relating to solvency or other material requirements, procedures, or standards relating to solvency that are different from the requirements, procedures, and standards applied by the Secretary under subsection (d)(2).

For purposes of this paragraph, the term “solvency requirements” means requirements relating to solvency and other matters covered under the standards established under section 1395w-26(a) of this title.

**(E) Treatment of waiver**

In the case of a waiver granted under this paragraph for a provider-sponsored organization with respect to a State—

**(i) Limitation to State**

The waiver shall be effective only with respect to that State and does not apply to any other State.

**(ii) Limitation to 36-month period**

The waiver shall be effective only for a 36-month period and may not be renewed.

**(iii) Conditioned on compliance with consumer protection and quality standards**

The continuation of the waiver is conditioned upon the organization's compliance with the requirements described in subparagraph (G).

**(iv) Preemption of State law**

Any provisions of law of that State which relate to the licensing of the organization and which prohibit the organization from providing coverage pursuant to a contract under this part shall be superseded.

**(F) Prompt action on application**

The Secretary shall grant or deny such a waiver application within 60 days after the date the Secretary determines that a substantially complete waiver application has been filed. Nothing in this section shall be construed as preventing an organization which has had such a waiver application denied from submitting a subsequent waiver application.

**(G) Application and enforcement of State consumer protection and quality standards**

**(i) In general**

A waiver granted under this paragraph to an organization with respect to licensing under State law is conditioned upon the organization's compliance with all consumer protection and quality standards insofar as such standards—

(I) would apply in the State to the organization if it were licensed under State law;

(II) are generally applicable to other Medicare+Choice organizations and plans in the State; and

(III) are consistent with the standards established under this part.

Such standards shall not include any standard preempted under section 1395w-26(b)(3)(B) of this title.

**(ii) Incorporation into contract**

In the case of such a waiver granted to an organization with respect to a State, the Secretary shall incorporate the requirement that the organization (and Medicare+Choice plans it offers) comply with standards under clause (i) as part of the contract between the Secretary and the organization under section 1395w-27 of this title.

**(iii) Enforcement**

In the case of such a waiver granted to an organization with respect to a State, the Secretary may enter into an agreement with the State under which the State agrees to provide for monitoring and enforcement activities with respect to compliance of such an organization and its Medicare+Choice plans with such standards. Such monitoring and enforcement shall be conducted by the State in the same manner as the State enforces such standards with respect to other Medicare+Choice organizations and plans, without discrimination based on the type of organization to which the standards apply. Such an agreement shall specify or establish mechanisms by which compliance activities are undertaken, while not lengthening the time required to review and process applications for waivers under this paragraph.

**(H) Report**

By not later than December 31, 2001, the Secretary shall submit to the Committee on Ways and Means and the Committee on Commerce of the House of Representatives and the Committee on Finance of the Senate a report regarding whether the waiver process under this paragraph should be continued after December 31, 2002. In making such recommendation, the Secretary shall consider, among other factors, the impact of such process on beneficiaries and on the long-term solvency of the program under this subchapter.

**(3) Licensure does not substitute for or constitute certification**

The fact that an organization is licensed in accordance with paragraph (1) does not deem the organization to meet other requirements imposed under this part.

**(b) Assumption of full financial risk**

The Medicare+Choice organization shall assume full financial risk on a prospective basis for the provision of the health care services for which benefits are required to be provided under section 1395w-22(a)(1) of this title, except that the organization—

(1) may obtain insurance or make other arrangements for the cost of providing to any enrolled member such services the aggregate value of which exceeds such aggregate level as the Secretary specifies from time to time,

(2) may obtain insurance or make other arrangements for the cost of such services provided to its enrolled members other than through the organization because medical necessity required their provision before they could be secured through the organization,

(3) may obtain insurance or make other arrangements for not more than 90 percent of the amount by which its costs for any of its fiscal years exceed 115 percent of its income for such fiscal year, and

(4) may make arrangements with physicians or other health care professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians or other health professionals or through the institutions.

**(c) Certification of provision against risk of insolvency for unlicensed PSOs**

**(1) In general**

Each Medicare+Choice organization that is a provider-sponsored organization, that is not licensed by a State under subsection (a), and for which a waiver application has been approved under subsection (a)(2), shall meet standards established under section 1395w-26(a) of this title relating to the financial solvency and capital adequacy of the organization.

**(2) Certification process for solvency standards for PSOs**

The Secretary shall establish a process for the receipt and approval of applications of a provider-sponsored organization described in paragraph (1) for certification (and periodic recertification) of the organization as meeting such solvency standards. Under such process, the Secretary shall act upon such a certification application not later than 60 days after the date the application has been received.

**(d) “Provider-sponsored organization” defined**

**(1) In general**

In this part, the term “provider-sponsored organization” means a public or private entity—

(A) that is established or organized, and operated, by a health care provider, or group of affiliated health care providers,

(B) that provides a substantial proportion (as defined by the Secretary in accordance with paragraph (2)) of the health care items and services under the contract under this part directly through the provider or affiliated group of providers, and

(C) with respect to which the affiliated providers share, directly or indirectly, substantial financial risk with respect to the provision of such items and services and have at least a majority financial interest in the entity.

**(2) Substantial proportion**

In defining what is a “substantial proportion” for purposes of paragraph (1)(B), the Secretary—

(A) shall take into account the need for such an organization to assume responsibility for providing—

(i) significantly more than the majority of the items and services under the contract under this section through its own affiliated providers; and

(ii) most of the remainder of the items and services under the contract through providers with which the organization has an agreement to provide such items and services,

in order to assure financial stability and to address the practical considerations involved in integrating the delivery of a wide range of service providers;

(B) shall take into account the need for such an organization to provide a limited proportion of the items and services under the contract through providers that are neither affiliated with nor have an agreement with the organization; and

(C) may allow for variation in the definition of substantial proportion among such organizations based on relevant differences among the organizations, such as their location in an urban or rural area.

### (3) Affiliation

For purposes of this subsection, a provider is “affiliated” with another provider if, through contract, ownership, or otherwise—

(A) one provider, directly or indirectly, controls, is controlled by, or is under common control with the other,

(B) both providers are part of a controlled group of corporations under section 1563 of the Internal Revenue Code of 1986,

(C) each provider is a participant in a lawful combination under which each provider shares substantial financial risk in connection with the organization’s operations, or

(D) both providers are part of an affiliated service group under section 414 of such Code.

### (4) Control

For purposes of paragraph (3), control is presumed to exist if one party, directly or indirectly, owns, controls, or holds the power to vote, or proxies for, not less than 51 percent of the voting rights or governance rights of another.

### (5) “Health care provider” defined

In this subsection, the term “health care provider” means—

(A) any individual who is engaged in the delivery of health care services in a State and who is required by State law or regulation to be licensed or certified by the State to engage in the delivery of such services in the State, and

(B) any entity that is engaged in the delivery of health care services in a State and that, if it is required by State law or regulation to be licensed or certified by the State to engage in the delivery of such services in the State, is so licensed.

### (6) Regulations

The Secretary shall issue regulations to carry out this subsection.

### § 1395w-26. Establishment of standards

#### (a) Establishment of solvency standards for provider-sponsored organizations

##### (1) Establishment

##### (A) In general

The Secretary shall establish, on an expedited basis and using a negotiated rule-making process under subchapter III of chapter 5 of title 5, standards described in section 1395w-25(c)(1) of this title (relating to the financial solvency and capital adequacy of the organization) that entities must meet to qualify as provider-sponsored organizations under this part.

##### (B) Factors to consider for solvency standards

In establishing solvency standards under subparagraph (A) for provider-sponsored organizations, the Secretary shall consult with interested parties and shall take into account—

(i) the delivery system assets of such an organization and ability of such an organization to provide services directly to enrollees through affiliated providers,

(ii) alternative means of protecting against insolvency, including reinsurance, unrestricted surplus, letters of credit, guarantees, organizational insurance coverage, partnerships with other licensed entities, and valuation attributable to the ability of such an organization to meet its service obligations through direct delivery of care, and

(iii) any standards developed by the National Association of Insurance Commissioners specifically for risk-based health care delivery organizations.

##### (C) Enrollee protection against insolvency

Such standards shall include provisions to prevent enrollees from being held liable to any person or entity for the Medicare+Choice organization’s debts in the event of the organization’s insolvency.

##### (2) Publication of notice

In carrying out the rulemaking process under this subsection, the Secretary, after

consultation with the National Association of Insurance Commissioners, the American Academy of Actuaries, organizations representative of medicare beneficiaries, and other interested parties, shall publish the notice provided for under section 564(a) of title 5 by not later than 45 days after August 5, 1997.

**(3) Target date for publication of rule**

As part of the notice under paragraph (2), and for purposes of this subsection, the “target date for publication” (referred to in section 564(a)(5) of such title) shall be April 1, 1998.

**(4) Abbreviated period for submission of comments**

In applying section 564(c) of such title under this subsection, “15 days” shall be substituted for “30 days”.

**(5) Appointment of negotiated rulemaking committee and facilitator**

The Secretary shall provide for—

(A) the appointment of a negotiated rulemaking committee under section 565(a) of such title by not later than 30 days after the end of the comment period provided for under section 564(c) of such title (as shortened under paragraph (4)), and

(B) the nomination of a facilitator under section 566(c) of such title by not later than 10 days after the date of appointment of the committee.

**(6) Preliminary committee report**

The negotiated rulemaking committee appointed under paragraph (5) shall report to the Secretary, by not later than January 1, 1998, regarding the committee’s progress on achieving a consensus with regard to the rulemaking proceeding and whether such consensus is likely to occur before 1 month before the target date for publication of the rule. If the committee reports that the committee has failed to make significant progress towards such consensus or is unlikely to reach such consensus by the target date, the Secretary may terminate such process and provide for the publication of a rule under this subsection through such other methods as the Secretary may provide.

**(7) Final committee report**

If the committee is not terminated under paragraph (6), the rulemaking committee shall submit a report containing a proposed rule by not later than 1 month before the target date of publication.

**(8) Interim, final effect**

The Secretary shall publish a rule under this subsection in the Federal Register by not later than the target date of publication. Such rule shall be effective and final immediately on an interim basis, but is subject to change and revision after public notice and opportunity for a period (of not less than 60 days) for public comment. In connection with such rule, the Secretary shall specify the process for the timely review and approval of applications of entities to be certified as provider-sponsored organizations pursuant to such rules and consistent with this subsection.

**(9) Publication of rule after public comment**

The Secretary shall provide for consideration of such comments and republication of such rule by not later than 1 year after the target date of publication.

**(b) Establishment of other standards**

**(1) In general**

The Secretary shall establish by regulation other standards (not described in subsection (a)) for Medicare+Choice organizations and plans consistent with, and to carry out, this part. The Secretary shall publish such regulations by June 1, 1998. In order to carry out this requirement in a timely manner, the Secretary may promulgate regulations that take effect on an interim basis, after notice and pending opportunity for public comment.

**(2) Use of current standards**

Consistent with the requirements of this part, standards established under this subsection shall be based on standards established under section 1395mm of this title to carry out analogous provisions of such section.

**(3) Relation to State laws**

The standards established under this part shall supersede any State law or regulation (other than State licensing laws or State laws relating to plan solvency) with respect to MA plans which are offered by MA organizations under this part.

**(4) Prohibition of midyear implementation of significant new regulatory requirements**

The Secretary may not implement, other than at the beginning of a calendar year, regulations under this section that impose new, significant regulatory requirements on a Medicare+Choice organization or plan.

**§ 1395w-27. Contracts with Medicare+Choice organizations**

**(a) In general**

The Secretary shall not permit the election under section 1395w-21 of this title of a Medicare+Choice plan offered by a Medicare+Choice organization under this part, and no payment shall be made under section 1395w-23 of this title to an organization, unless the Secretary has entered into a contract under this section with the organization with respect to the offering of such plan. Such a contract with an organization may cover more than 1 Medicare+Choice plan. Such contract shall provide that the organization agrees to comply with the applicable requirements and standards of this part and the terms and conditions of payment as provided for in this part.

**(b) Minimum enrollment requirements**

**(1) In general**

Subject to paragraph (2), the Secretary may not enter into a contract under this section with a Medicare+Choice organization unless the organization has—

(A) at least 5,000 individuals (or 1,500 individuals in the case of an organization that is a provider-sponsored organization) who are receiving health benefits through the organization, or

(B) at least 1,500 individuals (or 500 individuals in the case of an organization that is a provider-sponsored organization) who are receiving health benefits through the organization if the organization primarily serves individuals residing outside of urbanized areas.

**(2) Application to MSA plans**

In applying paragraph (1) in the case of a Medicare+Choice organization that is offering an MSA plan, paragraph (1) shall be applied by substituting covered lives for individuals.

**(3) Allowing transition**

The Secretary may waive the requirement of paragraph (1) during the first 3 contract years with respect to an organization.

**(c) Contract period and effectiveness**

**(1) Period**

Each contract under this section shall be for a term of at least 1 year, as determined by the Secretary, and may be made automatically renewable from term to term in the absence of notice by either party of intention to terminate at the end of the current term.

**(2) Termination authority**

In accordance with procedures established under subsection (h), the Secretary may at any time terminate any such contract if the Secretary determines that the organization—

(A) has failed substantially to carry out the contract;

(B) is carrying out the contract in a manner inconsistent with the efficient and effective administration of this part; or

(C) no longer substantially meets the applicable conditions of this part.

**(3) Effective date of contracts**

The effective date of any contract executed pursuant to this section shall be specified in the contract, except that in no case shall a contract under this section which provides for coverage under an MSA plan be effective before January 1999 with respect to such coverage.

**(4) Previous terminations**

**(A) In general**

The Secretary may not enter into a contract with a Medicare+Choice organization if a previous contract with that organization under this section was terminated at the request of the organization within the preceding 2-year period, except as provided in subparagraph (B) and except in such other circumstances which warrant special consideration, as determined by the Secretary.

**(B) Earlier re-entry permitted where change in payment policy**

Subparagraph (A) shall not apply with respect to the offering by a Medicare+Choice organization of a Medicare+Choice plan in a Medicare+Choice payment area if during the 6-month period beginning on the date the organization notified the Secretary of the intention to terminate the most recent previous contract, there was a legislative change enacted (or a regulatory change adopted) that has the effect of increasing payment amounts under section 1395w-23 of this title for that Medicare+Choice payment area.

**(5) Contracting authority**

The authority vested in the Secretary by this part may be performed without regard to such provisions of law or regulations relating to the making, performance, amendment, or modification of contracts of the United States as the Secretary may determine to be inconsistent with the furtherance of the purpose of this subchapter.

**(d) Protections against fraud and beneficiary protections**

**(1) Periodic auditing**

The Secretary shall provide for the annual auditing of the financial records (including data relating to medicare utilization and costs, including allowable costs under section 1395w-27a(c) of this title) of at least one-third of the Medicare+Choice organizations offering Medicare+Choice plans under this part. The Comptroller General shall monitor auditing activities conducted under this subsection.

**(2) Inspection and audit**

Each contract under this section shall provide that the Secretary, or any person or organization designated by the Secretary—

(A) shall have the right to timely inspect or otherwise evaluate (i) the quality, appropriateness, and timeliness of services performed under the contract, and (ii) the facilities of the organization when there is reasonable evidence of some need for such inspection, and

(B) shall have the right to timely audit and inspect any books and records of the Medicare+Choice organization that pertain (i) to the ability of the organization to bear the risk of potential financial losses, or (ii) to services performed or determinations of amounts payable under the contract.

**(3) Enrollee notice at time of termination**

Each contract under this section shall require the organization to provide (and pay for) written notice in advance of the contract's termination, as well as a description of alternatives for obtaining benefits under this subchapter, to each individual enrolled with the organization under this part.

**(4) Disclosure**

**(A) In general**

Each Medicare+Choice organization shall, in accordance with regulations of the Secretary, report to the Secretary financial information which shall include the following:

(i) Such information as the Secretary may require demonstrating that the organization has a fiscally sound operation.

(ii) A copy of the report, if any, filed with the Secretary containing the information required to be reported under section 1320a-3 of this title by disclosing entities.

(I) any sale or exchange, or leasing of any property between the organization and a party in interest;

(II) any furnishing for consideration of goods, services (including management services), or facilities between the organization and a party in interest, but not including salaries paid to employees for services provided in the normal course of their employment and health services provided to members by hospitals and other providers and by staff, medical group (or groups), individual practice association (or associations), or any combination thereof; and

(III) any lending of money or other extension of credit between an organization and a party in interest.

The Secretary may require that information reported respecting an organization which controls, is controlled by, or is under common control with, another entity be in the form of a consolidated financial statement for the organization and such entity.

**(B) "Party in interest" defined**

For the purposes of this paragraph, the term "party in interest" means—

(i) any director, officer, partner, or employee responsible for management or ad-

ministration of a Medicare+Choice organization, any person who is directly or indirectly the beneficial owner of more than 5 percent of the equity of the organization, any person who is the beneficial owner of a mortgage, deed of trust, note, or other interest secured by, and valuing more than 5 percent of the organization, and, in the case of a Medicare+Choice organization organized as a nonprofit corporation, an incorporator or member of such corporation under applicable State corporation law;

(ii) any entity in which a person described in clause (i)—

(II) is a partner (if such entity is organized as a partnership);

(III) has directly or indirectly a beneficial interest of more than 5 percent of the equity; or

(IV) has a mortgage, deed of trust, note, or other interest valuing more than 5 percent of the assets of such entity;

The contract shall require the organization to notify the Secretary of loans and other special financial arrangements which are made between the organization and subcontractors, affiliates, and related parties.

**(6) Review to ensure compliance with care management requirements for specialized Medicare Advantage plans for special needs individuals**

In conjunction with the periodic audit of a specialized Medicare Advantage plan for special needs individuals under paragraph (1), the Secretary shall conduct a review to ensure that such organization offering the plan meets the requirements described in section 1395w-28(f)(5) of this title.

**(e) Additional contract terms**

**(1) In general**

The contract shall contain such other terms and conditions not inconsistent with this part (including requiring the organization to provide the Secretary with such information) as the Secretary may find necessary and appropriate.

**(2) Cost-sharing in enrollment-related costs**

**(A) In general**

A Medicare+Choice organization and a PDP sponsor under part D shall pay the fee established by the Secretary under subparagraph (B).

**(B) Authorization**

The Secretary is authorized to charge a fee to each Medicare+Choice organization with

a contract under this part and each PDP sponsor with a contract under part D that is equal to the organization's or sponsor's pro rata share (as determined by the Secretary) of the aggregate amount of fees which the Secretary is directed to collect in a fiscal year. Any amounts collected shall be available without further appropriation to the Secretary for the purpose of carrying out section 1395w-21 of this title (relating to enrollment and dissemination of information), section 1395w-101(c) of this title, and section 1395b-4 of this title (relating to the health insurance counseling and assistance program).

**(C) Authorization of appropriations**

There are authorized to be appropriated for the purposes described in subparagraph (B) for each fiscal year beginning with fiscal year 2001 and ending with fiscal year 2005 an amount equal to \$100,000,000, and for each fiscal year beginning with fiscal year 2006 an amount equal to \$200,000,000, reduced by the amount of fees authorized to be collected under this paragraph and section 1395w-112(b)(3)(D) of this title for the fiscal year.

**(D) Limitation**

In any fiscal year the fees collected by the Secretary under subparagraph (B) shall not exceed the lesser of—

- (i) the estimated costs to be incurred by the Secretary in the fiscal year in carrying out the activities described in section 1395w-21 of this title and section 1395w-101(c) of this title and section 1395b-4 of this title; or
- (ii) (I) \$200,000,000 in fiscal year 1998;
- (II) \$150,000,000 in fiscal year 1999;

**(E) Medicare+Choice portion defined**

In this paragraph, the term "Medicare+Choice portion" means, for a fiscal year, the ratio, as estimated by the Secretary, of—

- (i) the average number of individuals enrolled in Medicare+Choice plans during the fiscal year, to
- (ii) the average number of individuals entitled to benefits under part A, and enrolled under part B, during the fiscal year.

**(F) Applicable portion defined**

In this paragraph, the term "applicable portion" means, for a fiscal year—

- (i) with respect to MA organizations, the Secretary's estimate of the total proportion of expenditures under this subchapter that are attributable to expenditures made under this part (including payments under part D that are made to such organizations); or

- (ii) with respect to PDP sponsors, the Secretary's estimate of the total proportion of expenditures under this subchapter that are attributable to expenditures made to such sponsors under part D.

**(3) Agreements with federally qualified health centers**

**(A) Payment levels and amounts**

A contract under this section with an MA organization shall require the organization to provide, in any written agreement described in section 1395w-23(a)(4) of this title between the organization and a federally qualified health center, for a level and amount of payment to the federally qualified health center for services provided by such health center that is not less than the level and amount of payment that the plan would make for such services if the services had been furnished by a entity providing similar services that was not a federally qualified health center.

**(B) Cost-sharing**

Under the written agreement referred to in subparagraph (A), a federally qualified health center must accept the payment amount referred to in such subparagraph plus the Federal payment provided for in section 1395f(a)(3)(B) of this title as payment in full for services covered by the agreement, except that such a health center may collect any amount of cost-sharing permitted under the contract under this section, so long as the amounts of any deductible, coinsurance, or copayment comply with the requirements under section 1395w-24(e) of this title.

**(4) Requirement for minimum medical loss ratio**

If the Secretary determines for a contract year (beginning with 2014) that an MA plan has failed to have a medical loss ratio of at least .85—

- (A) the MA plan shall remit to the Secretary an amount equal to the product of—
  - (i) the total revenue of the MA plan under this part for the contract year; and
  - (ii) the difference between .85 and the medical loss ratio;

- (B) for 3 consecutive contract years, the Secretary shall not permit the enrollment of new enrollees under the plan for coverage during the second succeeding contract year; and

- (C) the Secretary shall terminate the plan contract if the plan fails to have such a medical loss ratio for 5 consecutive contract years.

**(5) Communicating plan corrective actions against opioids over-prescribers**

**(A) In general**

Beginning with plan years beginning on or after January 1, 2021, a contract under this section with an MA organization shall require the organization to submit to the Secretary, through the process established under subparagraph (B), information on the

investigations, credible evidence of suspicious activities of a provider of services (including a prescriber) or supplier related to fraud, and other actions taken by such plans related to inappropriate prescribing of opioids.

**(B) Process**

Not later than January 1, 2021, the Secretary shall, in consultation with stakeholders, establish a process under which MA plans and prescription drug plans shall submit to the Secretary information described in subparagraph (A).

**(C) Regulations**

For purposes of this paragraph, including as applied under section 1395w-112(b)(3)(D) of this title, the Secretary shall, pursuant to rulemaking—

A contract under this part shall require a Medicare+Choice organization to provide prompt payment (consistent with the provisions of sections 1395h(c)(2) and 1395u(c)(2) of this title) of claims submitted for services and supplies furnished to enrollees pursuant to the contract, if the services or supplies are not furnished under a contract between the organization and the provider or supplier (or in the case of a Medicare+Choice private fee-for-service plan, if a claim is submitted to such organization by an enrollee).

**(2) Secretary's option to bypass noncomplying organization**

In the case of a Medicare+Choice eligible organization which the Secretary determines, after notice and opportunity for a hearing, has failed to make payments of amounts in compliance with paragraph (1), the Secretary may provide for direct payment of the amounts owed to providers and suppliers (or, in the case of a Medicare+Choice private fee-for-service plan, amounts owed to the enrollees) for covered services and supplies furnished to individuals enrolled under this part under the contract. If the Secretary provides for the direct payments, the Secretary shall provide for an appropriate reduction in the amount of payments otherwise made to the organization under this part to reflect the amount of the Secretary's payments (and the Secretary's costs in making the payments).

**(3) Incorporation of certain prescription drug plan contract requirements**

The following provisions shall apply to contracts with a Medicare Advantage organization offering an MA-PD plan in the same manner as they apply to contracts with a PDP

**(2) Exception for imminent and serious risk to health**
